Guatemalan Chief Resigns

Leftist Arbenz Yields Power to Army Junta

Military Reverses Help Force His Resignation to Col. Diaz

GUATEMALA (AP) — Leftist President Jacobo Arbenz Guzman resigned under the pressure of the army and military reverses last night. He handed over the government reins to a military junta headed by Col. Carlos Enrique Diaz, 39-year-old army chief of staff.

Diaz in a broadcast pledged the army to continue the war against the invading exiles led by Col. Carlos Castillo Armas, but the switch in government appeared to signal the end of the Communists' strong influence on the regime Arbenz had led. Army leaders are known to have become increasingly opposed recently to the Reds' strong influence on the government.

The ouster of the 41-year-old Arbenz followed reports of a big rebel victory at Zacapa, key railroad center 75 miles northeast of the capital. Army forces, particularly their artillery, were reported shattered there.

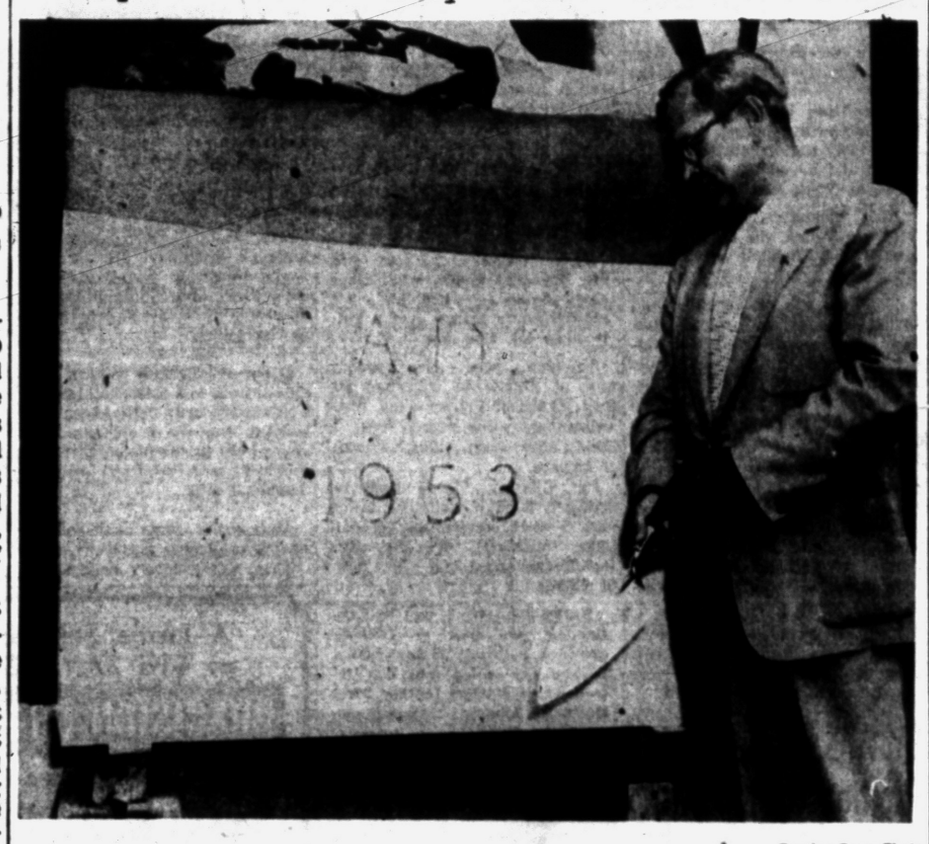
News of the army reverses was followed by a rising tide of popular support for the rebels, whose "Radio Liberation" had called Saturday for the armed forces to revolt, jail Arbenz and form a military junta to negotiate a ceasefire.

With the rebels reported last night some 70 miles from the capital and moving on it, the battle for Guatemala was expected here to end within 48 hours. The Communists, backed by hastily armed and trained labor groups, were expected to try to keep up the fight, however.

(Diplomats in Washington speculated that the army takeover was a maneuver to give the military a chance to negotiate the best terms it could from Castillo Armas and his rebel forces. In Tegucigalpa, capital of neighboring Honduras, U.S. Ambassador Whiting Willauer said the change looked to him like "a maneuver to get themselves into a position where it will not be an unconditional surrender.

(Luis Coronado, secretary general of the rebel provisional government proclaimed by Castillo Armas, said in Tegucigalpa that the rebel fight would continue "with redoubled impetus unless the resignation of Arbenz means the acceptance of our ultimatum and (Continued on Page 2, Col. 2)

Mayor Views City Hall Cornerstone



Pontiac Press Photo

TROWEL JOB — Pontiac Mayor William W. Donaldson inspects the cornerstone of the new $1,000,000 city hall Saturday, prior to spreading the mortar and bonding it to the building. Mayor Donaldson called for the assistance of several former mayors to help him with the traditional duty. More than 150 residents and local officials witnessed the cornerstone ritual in perfect weather Saturday.

At City Hall Ceremony

Local Government Bulwark of Republic, Oakman Says

"The bulwark of the Republic is local government, because it is the closest to the people, serving them 24 hours a day," Congressman Charles G. Oakman told a cornerstone-laying ceremony crowd of 150 Saturday.

Those assembled heard Mayor William W. Donaldson call for the assistance of former mayors present to help spread the mortar to receive the cornerstone of Pontiac's new $1,000,000 city hall.

When completed in six months the structure will be completely paid for.

Rep. Oakman was serving as substitute speaker for Sen. Homer Ferguson, who was called to Washington to participate in talks between British Prime Minister Winston Churchill and President Eisenhower.

"Prosperity is not just nylon hose and steaks, but better commercial buildings, more parks, bigger playgrounds, and buildings like this great edifice which has brought increased convenience to the public, foresight and planning in one of the auto capitals of the state," Oakman said.

Mayor Donaldson traced the history of the present city hall, constructed in 1908 to serve a population of 10,000, and detailed the steps which made the new building possible.

The building will bring under one roof city administrative and operational offices now housed in five separate buildings.

Speaking of additional construction in the future, Mayor Donaldson said, "The former debt service millage which you allowed us to transfer into a capital improvement fund by your vote of confidence in April, will soon result in other additions to our plan of a Civic Center Development.

"On the north I can visualize a new central fire station, and a new public safety building, which (Continued on Page 2, Col. 8)

Overcast Skies Due for Pontiac Tuesday

Cloudy skies, warmer weather and a chance of scattered showers or thunderstorms late in the day are foreast for Tuesday in the Pontiac area.

The U. S. Weather Bureau predicts mostly fair weather tonight and a low of 56 to 60 degrees. A high of 84 to 88 is due Tuesday.

The mercury ranged from 59 to 75 degrees Sunday.

In downtown Pontiac today, the temperature rose from 60 degrees at 8 a.m. to 79 at 2 p.m.

With Crack Infantry Division

Pontiac's Tank Battalion Training at Camp McCoy

Highly praised by top Army brass in last year's maneuvers, members of Pontiac's 703rd Tank Battalion today started summer field training in Camp McCoy, Wis., stressing "the proficiency of the individual soldier."

Pontiac's 45-man contingent left here early Sunday morning, joining other segments of the 70th Infantry Division of the Organized Reserve Corps.

Maj. Franklin D. Thompson, executive officer of Pontiac, said this year's two-week training will emphasize the use of small unit tactics and firing of various military weapons.

Combined unit tactics will include operations of 30 tanks manned by Pontiac's "Minutemen." The local group this year also is training 25 recruits with no previous military experience.

Commanding the battalion is Col. Lloyd A. Gabler of Royal Oak who left with an advance party last week to complete final preparations for the arrival and encampment of the division. Capt. Charles D. Clement of Keego Harbor, is in charge of plans and operations.

The division, which won fame during World War II while fighting in Europe, is part of the "national security plan to defend the United States in case of emergency," said Thompson.

The intensified training session will end July 11 when division personnel will disband and return home.

Most of the reserves of the 70th Trailblazer Division are veterans from the Korea conflict and World War II. Many are former members of the Michigan Reserves 21st Armored Division, de-activated in 1952.

The 70th, with headquarters in Detroit, is commanded by Brigadier Gen. Clyde E. Dougherty, assisted by Col. Louis H. Charbonneau, assistant division commander, and Lt. Colonel Clarence P. Heath, chief of staff.

Part of the division's history cites the capture of Saarbrucken, engaging the enemy in the Colmar Pocket area in 1944.

Heat Expands Drawbridge Into Immobility

JACKSONVILLE, Fla. (AP)—The temperature was so high hereabouts yesterday the Doctors Inlet drawbridge span expanded in an open position and would not close for 45 minutes.

Traffic lined up in both directions over the St. Johns River about 15 miles from here while bridge tender James Tyre went underneath with a hammer and chisel to knock loose concrete. Then scores of volunteers helped push it shut.

The thermometer registered 101 here.

Sixteen Killed in Plane Crashes

AF Tanker Hits Peak Killing 14; 2 Navy Men Die in Air Collision

By UNITED PRESS

Sixteen persons died Sunday in two air crashes near Columbus, Ohio, and Riverside, Calif., and 36 others escaped in the crash-landing of a DC-4 passenger liner at New York.

An American Airlines Convair and a Navy Twin Beech plane crashed in the air at Columbus, Sunday night. Two men aboard the Navy plane were killed, but the 34 passengers and crewmen aboard the Convair escaped with minor injuries. The passenger plane was briught down safely to earth on a damaged landing gear.

Fourteen were killed at Riverside when a huge Air Force gasoline tanker smashed into a mountain peak in a heavy fog Sunday morning. Residents of the area said the crash shook the ground like an earthquake. Flaming debris was hurled over a wide area setting fire to brush.

The New York crash landing occurred when the nose landing gear of a Colonial Airlines plane locked on a takeoff. The pilot brought the big ship down safely at La Guardia Airport by moving his passengers to the rear. This lifted the damaged landing gear above the runway as the plane landed. Thou- (Continued on Page 2, Col. 4)

U-M Operates New Electronic Snooker Shark

ANN ARBOR (UP) — Two electronic computers which can even play pocket billiards, shoot craps and engage in tic-tac-toe were in operation today at the University of Michigan's Willow Run Research center.

The "pool playing" machine is the fastest of its kind in the nation. It has a capacity of 25,000 additions or 11,370 multiplications a second.

When a certain code is fed into the computer, the outline of a pool table appears electronically on a small television screen. An arrow represents a cue and circles on the screen serve as billiard balls.

The machine performs 14,000 separate arithmetic operations a second as the cue ball directs an object ball into the pockets outlined on the screen.

Two Men Rob Trenton Bank

$11,000 Taken Today; Police Fix Road Blocks to Nab Gunmen

DETROIT (AP) — Two masked gunmen held up the West Road branch of the suburban Trenton State Bank today, trussed three employes and escaped with an estimated $11,000, police said.

Police set up roadblocks in the area to trap the men who fled in a gunmetal gray Ford sedan.

The manager and two women tellers were tied with clothesline, but struggled free and notified police a few minutes after the robbery.

Fred W. Pluskat, the manager, said he was in the bank lobby when the men, brandishing guns, forced him back into the bank proper.

"One man then leveled his gun at the girls and told them to lie on the floor," Pluskat said.

"He tied them with clothesline, while the other forced me to open the safe. Then I was made to lie on the floor, and was tied also. 'Stay there and keep quiet,' one said, 'and you won't get hurt.' We kept still until they left."

Pluskat said he could not determine immediately how much money was taken. "I would say about $11,000 but it might be more," he added.

State Police at Lansing immediately set up a blockade of Southeast Michigan roads with Detroit police and sheriff's deputies of area counties.

The two men escaped in a grey 1953 or 1954 Ford, State Police said. One was wearing an Army fatigue cap and jacket. No description of his companion was available.

The bank is located at 2033 West Road in Trenton. The robbery occurred shortly after the bank opened at 10 a.m. (EST).

Pluskat and the tellers, Mrs. Olga Barker and Mrs. Agnes Morrison, described the men as between 25 and 30.

Weekend Death Toll Reaches 33 in Michigan

Nineteen Are Killed in Highway Crashes; Seven Drown

By THE ASSOCIATED PRESS

The bright Michigan weekend was tarnished by at least 33 accidental deaths. Highway crashes claimed 19 victims despite the observance of "Michigan Highway Safety Sunday" in churches across the state.

The traffic toll, 11 drownings and three miscellaneous accidents compiled the grim total.

Michael W. Garrery, 16 months, of Detroit, drowned early Sunday when he wandered off from his parents at an outing at Base Lake in Livingston County northwest of Ann Arbor. The child apparently walked out into the water.

The body of Mario Caporossi, 33, was recovered Sunday afternoon from the Soo rapids. Coastguardsmen said he fell from a pier below the international bridge where he attempted to net a fish caught by Edward Perrone, a companion.

Willie Simmons, 47, and Luke Declouet, 35, both formerly of Chicago, drowned near Three Rivers Sunday when they tumbled from a boat. Police said Declouet attempted to swim ashore but failed when he became entangled in some weeds. Simmons' body was recovered in deep water.

Three persons were killed Sunday night in a two-car crash at a rural intersection about 15 miles south of Battle Creek. The victims were Dale Geark, 2, and his sister, Michelle, 10 months, and Mrs. Harold Dibble, 26, of Route 3, South Haven.

Mrs. Dibble was a passenger in a car driven by her husband.

The children were riding with their parents, Mr. and Mrs. Melvin Geark, of Battle Creek.

A fishing accident claimed the life of Joseph Sutryk, 57, of Chicago, who drowned Sunday night in Muskrat Lake northwest of Kalamazoo.

A two car crash near Omer claimed the lives of four persons Saturday. Two others were injured. State Police identified the victims as Claude Holder, 64, of Laingsburg; his wife, Leah, 63; Lyle Hickie, 61, of Mikado, and his wife, Edith, 48.

Mrs. Helen Robinson, 22, of Roscommon, died Sunday in Muskegon Mercy Hospital from injuries suffered in a two - car crash that also claimed the life (Continued on Page 2, Col. 6)

Rhee's Appointment OK'd

SEOUL (AP)—The South Korean National Assembly today confirmed 157-7 President Syngman Rhee's appointment of Foreign Minister Pyun Yung Tai as prime minister.

Minister Dies

DR. ANDREW S. CRESWELL

Pontiac Pastor Dies at Age 63

Dr. A. S. Creswell Spent 34 Years at Oakland Presbyterian Church

Dr. Andrew S. Creswell 63, of 25 Wisner St., pastor of the Oakland Avenue Presbyterian Church, died at St. Joseph Mercy Hospital early this morning, after being hospitalized four weeks with a heart ailment.

He was born on March 26, 1891 in Cedarville, Ohio, the son of William H., and Flora Sterrett Creswell.

Dr. Creswell attended public school and high school in Cedarville and was graduated from the Cedarville College in 1910 with an A.B. degree. He also was a graduate of Pittsburgh - Xenia Theological Seminary, in 1916.

He married Eleanor Wilson on Aug. 10, 1916, in Columbus, Ohio.

Dr. Creswell was the pastor of the Oakland Avenue Presbyterian Church since his arrival in Pontiac from Coulterville, Ill. in 1920.

His previous positions included the post as principal of the Darlington, Pa., High School in 1912-1913, and he served as pastor of the Reformed Presbyterian Church in Coulterville from 1916-1920.

Dr. Creswell was president of the Pontiac Council of Churches in 1921-1923, and also headed the Pontiac Pastor's Union in 1923.

He served as moderator for the General Synod of the Reformed Presbyterian Church in 1918, and (Continued on Page 2, Col. 5)

UM Regents Will Open Meetings for Trial Year

ANN ARBOR (UP)—The University of Michigan regents announced today their meetings will be opened to the press for a trial period of one year, starting in September.

A joint announcement that the meetings would be opened was made by the regents and the Michigan Press Assn., whose committee on freedom of information had been pressing for such action.

Also Warn Reds Not to Get Tough Over Indochina

Communique Is Vague on Way to Accomplish Their Collective Aims

WASHINGTON (AP)—President Eisenhower and Prime Minister Churchill declared today they will "press forward with plans for collective defense" of Southeast Asia.

And they warned the Communists that "the international situation will be seriously aggravated" if the Reds make unreasonable demands for a settlement in Indochina.

In a communique of their four days of talks, the President and Prime Minister did not say how or when they intended to push the collective defense project.

On other major points:

1. They prodded France to get on quickly with approval of the proposed European Defense Community.

They also said they are determined to make West Germany "an equal partner" in the Western world and put German soldiers in the Western defenses, in any case.

Again, however, they did not say how they would go about this in case the EDC fails. Instead they threw their whole weight behind an effort to get French approval of EDC.

2. They said they are "agreed that both our countries would benefit" from technical cooperation on atomic energy "to the fullest extent allowed" by United States law.

The communique ran only about 400 words brief as such documents go and the wording was relatively vague.

However, Eisenhower and Churchill also announced:

". . . We discussed the basic principles underlying the policy of our two countries. An agreed de- (Continued on Page 2, Col. 7)

Drobny, Budge Patty Reach Semi-Finals

WIMBLEDON, England (AP)—Jaroslaw Drobny, the self - exiled Czech, and Budge Patty, the traveling Californian, scored major upsets today to reach the semifinals of the all - England lawn tennis championships.

The 33-year old Drobny walloped second - seeded Lewis Hoad of Australia, 6-4, 6-3, 6-3 and Patty, the 1950 Wimbledon winner, defeated defending titleholder Vic Seixas of Philadelphia, 7-5, 4-6, 6-3, 6-2.

The other two semifinalists are topseeded Tony Trabert of Cincinnati, and third-seeded Ken Rosewall of Australia. Trabert, the tourney favorite, trounced Australia's Mervyn Rose, 6-2, 6-2, 7-5. Rosewall beat another Aussie, eighth-seeded Rex Hartwig, 6-3, 3-6, 3-6, 6-3, 6-1.

Reservists Off for Summer Training

Pontiac Press Photo

LEAVE FOR CAMP — Pvt. Ronald C. Eshleman (left), of 2556 Williams Lake Rd., and Pvt. Richard N. Lundgren of 82 Moreland Ave. put a foot locker aboard the train prior to leaving Pontiac Saturday night for summer training at Camp McCoy, Wis. Both are members of Pontiac's 703rd Reserve Tank Battalion. The reservists will be in camp about two weeks.

Birmingham Commission Meets Tonight on Redraft of Parking Lot Ordinance

From Our Birmingham Bureau

BIRMINGHAM—Changes in the city's proposed open parking station licensing ordinance will be taken up at tonight's City Commission meeting.

Included on the agenda is a letter from George Devlin, vice president of National Garages, Inc. listing recommended changes for the controversial off-street parking ordinance.

The re-drafted licensing ordinance, following some of Devlin's suggestions as well as the commission's, will be submitted by city planning director Robert Boatman.

In connection with the sale of six city-owned lots in the block bounded by Coolidge, Maple, St. Andrews and Yorkshire, which will be voted on in the August election, City Manager Donald C. Egbert will make recommendations on the ultimate use of the property.

Two hearings are also scheduled. One is on the rezoning of 35 lots on the north side of 14-Mile road between Mansfield and the eastern city limits from terrace to single-family residence classification.

The other would vacate the alley in the block bounded by Bradford, Melton, 14-Mile and Mansfield.

* * *

Esther Howarth, coloratura soprano, will be presented in a recital in Fellowship Hall of the First Methodist Church at 8 p.m. tomorrow.

Sponsored by the Keystone Fellowship and combined youth groups of the church, Miss Howarth will include in her program selections of Bach, Handel and Schubert.

Tickets are available through the church office, with proceeds going to the church missionary effort.

* * *

Installation of new officers and initiation of five new members will highlight tonight's 5:45 dinner meeting of Altrusa at the Community House. Annual reports will also be made at the final regular meeting until fall.

* * *

At their last luncheon meeting of the season at noon tomorrow, at the Community House, Exchange Club members will take up the matter of club policies and future projects. One last get-together, a picnic, is still in the planning stages, under the chairmanship of Carleton Scott.

* * *

Six-and-one-half hours of swimming, crafts and singing have been planned for youngsters taking part in tomorrow's YMCA Day program. The group will leave the Y at 9:30 a.m., returning about 4 p.m.

* * *

"The accident toll for the month of May, 1954, was one of the lightest months we have had this year to date," Police Chief Ralph W. Moxley stated in his monthly report.

"There was a slight reduction from the May, 1953 totals and a definite improvement over April of this year," he said.

A total of 15 violations were indicated in the report, with a monthly total of 19 accidents.

* * *

Kiwanis Club members will hear a representative of Theater Enterprises, Inc. at their dinner meeting at 6:30 p.m. tomorrow at the Community House, who will explain a musical production.

This is one of the club's possible future projects. Local talent would be used, but scenery, sets, etc., would be supplied by the firm.

Additional Birmingham social news on pages 10 and 11.

600-New Home Project Started

To Spend $20 Million Over Next Six Years in Birmingham Area

BIRMINGHAM — A $20,000,000 home building project on the outskirts of Birmingham will give this community over 600 new homes within six years.

Developed by Garling Construction Co. and Sullivan-Smith, Inc., the 323 acres of land is bounded by Lahser, West Maple, Cranbrook and Lincoln roads.

To be known as Westchester Village, the home sites will be a half-acre in size with the houses to be colonial ranch styles in the $25,000 and up classification.

Eugnar Arneso of Ann Arbor, nationally known designer, has been retained to draft plans for the model homes, three of which are now under construction and will be open for public inspection Sept. 10.

Dolores Withdraws From Beauty Contest

BLOOMFIELD HILLS (INS) — Dolores Susin, the 22-year-old blond picked as Miss Michigan in a disputed contest, today withdrew from a second beauty competition at Muskegon.

Her mother, Mrs. John J. Susin, called the re-run contest a "farce and disgraceful" and asked officials to clean up the first competition, which Dolores won last Wednesday.

"It's no contest now," Mrs. Susin said. "It's just a cheapening show between Dolores and Janice Somers. The other poor girls have simply been forgotten."

In Wednesday's contest, Dolores topped Miss Somers in the judges' balloting, but lost out to spectators who challenged the results.

Officials later decided to hold a second contest.

Arbenz Yields Post to Military Junta

(Continued From Page One)

the turning over of the government to insurgent leader Castillo Armas.)

Arbenz' resignation climaxed a day of mass defections from his cause by leading Cabinet ministers, army officers and others who fled to the Salvadorean Embassy in Guatemala City for refuge.

Throughout the day the capital was tense, its streets empty and its stores with their iron shutters closed as the populace stayed indoors and listened intently to their radios.

Anti-United States reaction spread through the city during the day as the Communist-dominated labor unions sent their members circling through the city in jeeps, shouting "Go home, Yanks." They also fired several shots.

U.S. families kept close to their homes, but the sentiment appeared to subside after Arbenz' broadcast last night. Later Diaz told newsmen he would protect U.S. interests.

He and other army leaders decided that Arbenz must go at an all-day meeting yesterday. Then Diaz; Lt. Col. Carlos Sarti, head of the National Superior Council of Defense; and Col. Enrique Parinello communicated their decision to the President.

Arbenz was reported extremely angry at their decision but finally agreed to get out after the army guaranteed the safety of himself and his family.

Arbenz announced his resignation personally in a broadcast at 9 p.m. on the government radio.

He said he was stepping down "with bitter pain but with the firm conviction that the people will retain what has cost so much in this struggle of tears and blood."

Arbenz bitterly attacked the United Fruit Co. of Boston, which he has accused of backing the rebel invasion in revenge for his government's expropriation of part of the company's vast holdings in Guatemala.

He also accused "Mercenary North American aviators" of bombing and sinking the 2,036-ton British-owned merchant ship Springfjord in the harbor of San Jose, Guatemala, yesterday. Officials said the ship was bombed at anchor in the Pacific port by an unidentified plane and was set afire.

Speaking after him, Diaz said, "The struggle against mercenary invaders of Guatemala will not abate."

"Col. Arbenz has done what he thought his duty," he continued. "I shall carry on. I am deeply grateful for the trust he placed in me. Conquests gained by Guatemalans in the last 10 years will not be lost. . . . We face great sacrifices. . . . I also have ample faith in the future."

W. M. Dillon, Detroit Firm Official, Dies

William M. Dillon, 72-year-old senior vice president and treasurer of Scotten-Dillon Co., a Detroit tobacco firm, died Saturday in Detroit after a lengthy illness.

Mr. Dillon was a member of the firm since 1905. A native Detroiter, he was president of Bloomfield Hills Country Club in 1938, and was a past president of the Detroit Athletic Club and the Recess Club.

Surviving are two daughters, Mrs. Jerome Kelly and Mrs. Healy Sharkey, two brothers and two sisters.

Service will be at 10 a. m. Wednesday in Visitation Church, 1966 Webb. Burial will be in Mt. Olivet Cemetery.

Predicts Hike in Milk Prices

Strike Settlement May Bring 1½ Cents Quart Increase

DETROIT (AP) — A "compromise settlement" of Detroit's three-day milk strike Saturday may result in a hike in the price of delivered milk, a Detroit dairy spokesman believes.

The spokesman said yesterday that the return of milk deliveries today might be followed by an increase in price of 1½ cents a quart resulting from the granting of the strikers' demands.

The increase would raise the delivered price of regular milk to 22½ cents a quart, and Jersey and homogenized to 23½ cents.

The strike ended when 3,300 members of Local 83 CIO United Dairy Workers voted in favor of accepting what a union official termed a "compromise settlement."

The dairy workers staged the walkout at midnight Wednesday to support demands for a reduction in working hours without a pay loss.

According to the terms of the settlement, a pay increase will be in force for both inside workers and hourly rated employes at least until the first of the year.

The union also voted to set up a fact finding commission. The seven-man panel will study six-day and alternate-day deliveries in other areas, making a final report Dec. 1.

Thomas J. Phelan Dies Suddenly at 68

Thomas J. Phelan, 68, of 71 N. Telegraph died sudednly at St. Joseph Mercy Hospital yesterday.

He was born in Gagetown, on March 8, 1886, the son of John and Mary O'Donnell Phelan. He married Marjorie Midwinter in Pontiac on May 1, 1920.

Mr. Phelan, a resident of the city for 40 years, was a member of St. Michael Catholic Church.

Mr. Phelan was the owner of the West Side Canteen.

He was an Honorary Life Member of BPOE No. 810, and the 8-10 Hunting Club.

Besides his widow he is survived by a son and daughter, James Phelan and Mrs. Mary McDonald both of Gagetown.

Funeral will be Wednesday at 10 a.m. from St. Michael Catholic Church with burial in Mt. Hope Cemetery. Rosary service will be conducted Tuesday at 8 p.m. at the DeWitt C. Davis Funeral Home, followed by Lodge of Sorrow, BPOE No. 810.

Mrs. Edith Chidester

Mrs. Edith Chidester, 60, of 61 E. Rutgers Ave., died at her residence yesterday.

She was born in Avery, Ia., on Nov. 18, 1893, the daughter of Andrew and Adolthena Johnson.

Mrs. Chidester, a resident of the city for 25 years, was last employed as a medical receptionist.

Surviving are a daughter and three sons, Mrs. Lucille Beasley and Robert, both of Pontiac, Donald of Detroit, and Gene of Drayton Plains.

Also surviving are four sisters, Fannie Ryan of Pontiac, Helma Anderson of California, Nellie Nichols of Trenton and Mrs. Anna Randall of Quarry, Ia.

Funeral will be Wednesday at 1:30 p. m. from the Huntoon Funeral Home with burial in Perry Mount Park Cemetery.

Louis Liebeskind

Funeral service was held Sunday for Louis Liebeskind, 64, of 905 Argyle St., from the Ira Kaufman Funeral Chapel, Detroit. Burial was in Cloverhill Park Cemetery, Birmingham. Mr. Liebeskind died in Lake Orion Saturday.

He was born on Sept. 25, 1889 in Germany, the son of Abraham and Matilda Liebeskind. He married Helen G. Hershovitz.

Mr. Liebeskind was a member of Congregtion B'nai Israel and B'nai Brith.

Surviving are his widow and son, Seymour, at home.

Christine M. Moriarty

Christine M. Moriarty, two week old daughter of Charles M., and Dorothy Stephens Moriarty of 78 McKinley St., died Saturday at the Pontiac General Hospital. The baby had been ill a day.

The parents are the only survivors.

Funeral will be Tuesday at 3:30 p.m. from the Pursley Funeral Home with burial in Oak Hill Cemetery. The Rev. G. H. Rapelje of the Memorial Baptist Church will officiate.

Harold H. Prosser

Word has been received here of the death of Harold Hayes Prosser of Phoenix, Ariz., formerly of Pontiac. Mr. Prosser died there Saturday.

He is survived by his widow, Susan, a son and two daughters, Robert and Alice, both of Phoenix and Mrs. Myrtle Walter of Detroit.

Two sisters also survive, Mrs. Glen Crittenden of Caro and Mrs. Jeffery Hooper of Pontiac.

Funeral service and burial will be in Phoenix Thursday.

Eighteen Persons Involved in Near Water Tragedies

By THE ASSOCIATED PRESS

Eighteen persons were involved in near tragedies yesterday on the Detroit River and nearby waters of the Great Lakes. Seven in one party suffered minor injuries.

The seven, four men and three women, were injured early yesterday when a blast and an ensuing fire on a cabin cruiser halted their moonlight cruise on the Detroit River. All are from Detroit or the surrounding area.

Harvey Wills, 24, the Detroit owner and operator of the 38-foot cruiser, said the boat was about 100 feet off shore when the engine exploded and started a fire. The cause of the blast has not been determined.

Wills said he pulled a small dinghy off the cabin roof and shoved it into the water as the wind-fanned flames spread over the boat.

He and four other passengers —including Vincent Stone, 23, of 21173 Avon, Southfield Township —dived overboard and clung to the dinghy while paddling safely to shore.

Two others also jumped into the water but clung to the cruiser's tow lines until they were rescued by an unidentified man in a rowboat.

Six others were rescued yesterday after spending the night afloat on Lake Erie in a gasless motorboat.

Another Southfield Township man, James T. Moore, 29, of 29675 Bristol Ln., and his wife, Marjorie, 27, were boating Saturday night with two Detroit couples when the boat ran out of gas.

Moore, the owner, said the boat then began to drift out into the lake.

Eight hours later, the freighter T. J. McCarthy spotted the small craft, took the exhausted people aboard and towed the boat to the docks at Wyandotte.

Five Canadians gave Royal Mounted Police, the U. S. Coast Guard and Michigan officials a busy day.

The five, all of Sarnia, Ont., turned up safe and sound after they had been feared lost Saturday night on a reported 40-mile boat trip on choppy Lake Huron.

Police said the group contacted them after learning they had been the subject of an extensive air and water search yesterday.

Canadian officials said the boat was owned and operated by Jerry McCaw, 26, of Sarnia. He and four others were reported to have left in his open speedboat for a trip to Grand Bend, Ont., a Canadian resort area.

When they failed to arrive a search was begun. The Coast Guard and Michigan officials were asked to join in on the hunt.

Plane Crashes Kill 16 Over Weekend

(Continued From Page One)

sands of spectators cheered as the ship came in safely.

The Columbus crash occurred as the Navy plane and the passenger plane approached the runway for a landing. Authorities said both planes had been cleared to land.

The Navy plane apparently smashed into the underside of the passenger plane. The Navy plane crashed killing John R. Hoerath, 25, Westerville, O., the pilot, and Donald Gavin Edgar, 48, Columbus, a flight observer. Both were Naval air reservists.

J. C. Pollard, Nashville, Tenn., pilot of the Convair brought his ship down in a skid landing east of the Columbus airport. The big plane skidded about 1,000 feet before it was brought to a stop.

The Convair carried 31 passengers and a crew of three. Fourteen escaped without injury. About 20 were treated for minor injuries, suffered when they slid down a rope from the tail of the craft after it had landed.

A 16-month-old girl, the daughter of Mrs. Arthur Hermmann, was dramatically rescued from the damaged plane after it had landed. Nick Ciambro, 34, Youngstown, O., said he kicked a window out of the plane and dropped the baby uninjured into the arms of rescuers.

The Convair was en route from Memphis, Tenn., to Cleveland, O. The Navy plane was on a training mission and was returning to Purdue University airport at Lafayette, Ind. It had stopped at Vandalia airport in Dayton before attempting the landing at Columbus.

The Riverside, Calif., crash was blamed on a heavy overcast. The plane, an Air Force gasoline tanker, was prevented from landing at March Air Force Base as scheduled because of the weather and instructed to proceed to Norton Air Force Base, about 10 miles northeast.

It hit Big Springs Mountain with a deafening roar just below the 3,000 foot summit. The ship was en route from its home field at Altus Air Force Base in Oklahoma.

Dr. A. S. Creswell, 63, Pontiac Pastor Dies

(Continued From Page One)

was the state clerk of the Detroit Presbytery of the United Presbyterian Church since 1925. He was 1936-1937 moderator of the Synod of Ohio of the United Presbyterian Church, and a member of the United Presbyterian Board of Administration.

Dr. Creswell wrote the History of the Presbytery of Detroit of the United Presbyterian Church in 1932.

Surviving besides his widow are a son and two daughters, Andrew W., of Miniola, Kans., Mrs. Alfred Spotts of Sterling, Kans., and Mrs. Peter van Lierop who is engaged in missionary service.

Other survivors include a brother and a sister, Howard C. Creswell of Cedarville, Ohio, and Mrs. Howard Stewart of Sparta, Ill., and ten grandchildren.

Funeral service will be Wednesday at 2:30 p.m. from the Oakland Avenue United Presbyterian Church. Burial will take place in Perry Mount Park Cemetery with the Rev. J. Harvey McCann officiating. The body is at the Huntoon Funeral Home.

Weekend Accidents Claim Lives of 27

(Continued From Page One)

of Lynn Marble, 34, of Grand Rapids.

Amadeo Romero, 35, of Port Huron, was killed Saturday when his car rammed a bridge abutment on M52, near Ruth.

An 18-months-old baby, Dorothy Crisp, of Detroit, died in Detroit's Receiving Hospital Sunday morning of injuries suffered Saturday night when a car driven by her father, James, 34, ran into a ditch on M56, about five miles north of Monroe.

Albert B. Schwab, 45, of Huron Township, was fatally burned Friday night when lightning started a fire in his home.

Irene Phillipp, 17, of Detroit, was killed Friday night when a car in which she was a passenger struck another at a Detroit intersection where a traffic light had been knocked out by a thunderstorm.

Fred Mohler, 67, of near Manton, died Friday night when his car plowed into the side of a freight train in Manton during a severe rainstorm.

James Weber, a 22-year-old Mt. Pleasant youth, was killed early Saturday when his car plowed into a bridge over a gully near Mt. Pleasant.

Nineteen-year-old Dann Evans, of Ecorse in suburban Detroit, drowned Friday night while swimming with companions in Twin Lakes, seven miles northwest of Monroe.

Pat Glidden, 14, of Oshtemo, drowned Sunday while swimming with a party of young people in Lake Michigan off Lakewood Beach, two and a half miles north of Glenn.

Kathy Johnson, 3, and William Bender, 49, both of Detroit, drowned Saturday night when a parked car rolled into the Detroit River. Kathy's mother, Mrs. Henrietta Johnson, 27, and a second child, Billy, 5, were rescued.

Arthur Manoli, 64, of Detroit, died Sunday night in Mt. Carmel Hospital of burns and smoke inhalation suffered in a fire in his room Saturday.

Mrs. Alice Parker, 28, of Goodrich, and Virginia Herron, 14, of Detroit, were killed Sunday night in a collision on M15 near Goodrich.

Mrs. Arlene Fuller, 43, of Route 3, Williamston, was killed Sunday night in a two-car collision at a rural intersection five miles east of Shepherd in Midland County.

Sixteen-year-old Marguerite Scully, of Chicago, drowned Sunday in Lake Michigan at Grand Beach, just north of the Indiana state line.

Lyle Howard, 20, of Kalamazoo, was fatally injured Sunday night near Otsego when a car driven by Edward Averill, 25, of route 2, Otsego, missed a curve and overturned.

Eight-year-old Norman Essad, of Detroit, drowned Sunday in the Grosse Pointe Woods Municipal Pool at suburban St. Clair Shores.

Brenda Mae Knapp, the nine months old daughter of Mr. and Mrs. Carroll Knapp, of Muskegon, died Sunday of injuries suffered Saturday when she fell from a second story window of the family home.

Ike, Churchill Push, South Asia Defense

(Continued From Page One)

claration setting forth certain of these will be made available tomorrow."

The wording of the communique statement on Southeast Asia was in line with advance information that Churchill and Eisenhower had not succeeded in composing their sharp differences over the timing of an international conference to negotiate a defense treaty.

The British reportedly held to their insistence that the Mendes-France government at Paris must be given until its July 20 deadline to seek peace in Indochina in negotiations with the Reds. Eisenhower and Secretary of State Dulles reportedly argued that action without delay was necessary.

The communique revealed little of the substance of the many conferences which have been held between American and British officials since Churchill and Foreign Secretary Eden arrived here Friday morning.

* * *

It did not disclose what possible alternatives to a European Defense Community may have been considered. Nor did it indicate what was meant by the pledge to "press forward" with security plans for Southeast Asia.

* * *

Most of the words dealt with the European defense issue.

They were clearly designed to reassure the Germans about eventual sovereignty and rearmament and to prod the French to get going on ratification of the EDC treaty.

"We are agreed," Eisenhower and Churchill said, "that the German Federal Republic should take its place as an equal partner in the community of Western nations, where it can make its proper contribution to the defense of the free world."

The Western Powers want about 12 German divisions formed to strengthen Western Europe's security against Communist forces.

* * *

Eisenhower and Churchill said they were "determined to achieve" the goal of a German contribution to defense, "convinced that the Bonn and Paris treaties provide the best way."

* * *

These treaties would give West Germany self rule, set up a six-nation European army including French and German forces, and tie the whole to the North Atlantic Treaty Organization.

Oakman Speaker at City Hall Rite

(Continued From Page One)

will house police and fire headquarters and our municipal courts.

"To the west, I can see a new main library and eventually a civic auditorium to inspire the cultural development of this community. The long neglected Clinton River will be landscaped and beautified," he stated.

Former Mayor Arthur J. Law was master of ceremonies, introducing the present city commission, present city department heads, the city manager, and also former mayors, commissioners, city managers, city department heads, state and county officials, visiting mayors and village presidents, and Pontiac organization heads.

Dearborn Policeman Hurt in Gang Fight

MONROE (INS) — An off-duty Dearborn policeman suffered a broken nose and cuts and bruises or his face and body after he attempted to break up a fight by a gang of hoodlums yesteday.

Patrolman Richard A. Caven, 23, was beaten when he identified himself and attempted to arrest a man engaged in a gang fight in Frenchtown Township, four miles north of Monroe.

Monroe County sheriff's deputies arrested four men on the charge of disorderly conduct. Held at the Monroe city jail are: Barton J. Frisbee, 28, of Wyandotte; George M. Deros, 18, of Gibralter; William Bryne, 18, of Trenton; and Sam Sclafani, 23, of Lincoln Park.

Caven said he will sign a complaint of assault and battery today.

Large Tar Pit Causes Dunking for Three Persons

BOSTON (AP) — Five persons suffered dunkings in a tar pit yesterday but none of them was the worse for it today.

Four-year-old John Sullivan fell in while playing at the brink of the tar pit, eight feet in diameter and about five feet deep, which had been left behind by a construction gang.

His brother Francis, 7, tried to help and also fell in.

Their mother Geraldine heard their cries and boldly stepped in and began sweeping the tar away with her hands.

Herbert Foreman, a passer-by, spotted the trio and stepped in to rescue Francis. Patrolman Louis Spina then waded in and pulled out John and his mother.

Feathers correspond to the scales of reptiles rather than to the hair of mammals.

Saqqara Tomb Proves Empty, Search Continues

CAIRO, Egypt (AP)—The recently uncovered Saqqara Sarcophagus proved to be empty yesterday but its discoverer thinks he will find the real tomb of an ancient Pharaoh deeper within the pyramid.

Archeologist Zakaria Goneim, who found the sarcophagus May 31 beneath a step pyramid he had discovered last December said last night it was a "symbolic tomb" and he expects "to find the real one somewhere else in the pyramid."

* * *

"Any possibility that the tomb had been robbed should be ruled out," he said.

* * *

The tomb was opened amid great secrecy yesterday, but a communique from the Education Ministry said it was empty. The ministry said work in the area, some 20 miles south of Cairo, would be suspended until late fall.

After Goneim found the seven-ton sarcophagus, he told newsmen he hoped to find inside "a royal mummy inside a wooden coffin ornated with gold." He believed it the last resting place of Sankhet, a 3rd Dynasty monarch who reigned over Egypt about 2,750 years before Christ.

Physician Still Busy on 90th Anniversary

HAWLEY, Pa. (AP)—Dr. George T. Rodman, a practicing physician for 60 years, celebrated his 90th birthday here today.

The doctor gave up active surgery 20 years ago and quit delivering babies in 1940 but still maintains an office and frequently is called in for consultations.

VIEW OF ESQUIPULAS—This is an elevated view looking down the main street of rebel-held Esquipulas. In the background, center, is the Church of the Black Christ, in which refugees took shelter during the Liberation army's advance.

U.S.-Russia Controversy Extended to 2 New Areas

By CHARLES M. McCANN
United Press Staff Correspondent

The revolt in Guatemala and the seizure of a Soviet tanker by the Chinese Nationalists have extended the cold war between the United States and Russia to two new areas.

In both instances, the issue is a direct one between the United States and Russia. America's allies, for that matter Guatemala and the Chinese Nationalists, are only incidentally concerned.

The Guatemalan revolt, which the Kremlin has seized upon as a valuable propaganda weapon, could be a source of embarrassment to the United States in its relations with other countries for months.

The situation in the waters around Formosa, where the Soviet tanker was seized, could easily become dangerous.

The Russians insist, though they must know better, that the Soviet tanker was seized by American warships.

There is an implied threat in Russian protests against the seizure that warships of the Soviet Far Eastern fleet may be detailed to protect Red merchantmen bound for Chinese Communist ports.

That would be a most serious development. The United States Seventh fleet is stationed in the waters off Communist China to protect Formosa against invasion.

Any Russian warships put on patrol duty undoubtedly would be submarines. The danger of a serious incident would be ever-present.

When Guatemala appealed to the United Nations against alleged foreign intervention in the revolt against the Communist - supported regime of President Jacobo Arbenz Guzman, Russia moved in promptly.

Soviet Delegate Seymon K. Tsarapkin took charge of the situation, on Guatemala's behalf, in the Security Council.

Guatemalan Foreign Minister Guillermo Toriello appealed direct to Soviet Foreign Minister Yvacheslav M. Molotov to use the "good offices" of "your esteemed government, which has always come forward against aggression," in Guatemala's behalf in the U.N.

Molotov replied that he had instructed Tsarapkin to "take measures within his power" to aid the Arbenz government.

The Moscow radio, and the official Soviet news agency Tass, have been pouring out a stream of anti-American propaganda for days about Guatemala. Anti - American demonstrations undoubtedly Communist - inspired, have reached as far as Rangoon, Burma, after starting in Latin American capitals.

Just why the Kremlin reacted so sharply to the Nationalist seizure of the tanker Tuapse — and blamed the United States Navy for it — is not clear. But the statement that the Soviet government "will be forced to take appropriate measures for safeguarding the security of Soviet merchant ships" is a distinct threat to the United States.

Hendrix, Stack Leave for 2 Month Honeymoon

HOLLYWOOD (AP) — Actress Wanda Hendrix, 25, and wealthy sportsman James Langford Stack Jr., 38, left yesterday for a two-month honeymoon at his family's Lake Tahoe lodge. They were married Saturday in a garden ceremony at the home of Stack's mother.

Japs Slash Haircuts

TOKYO (AP)—Barbers are doing a rush business in Toyokawa, 200 miles south of here. A price war has slashed haircuts from 50 to 5 cents.

Motorists: here's how to

Make your own test of New Blue Sunoco over "The Fourth"

① FILL YOUR TANK AT YOUR SUNOCO DEALER'S

FOR BEST RESULTS, don't dilute New High-Test Blue Sunoco with any other gasoline. Wait until your tank is nearly empty, then fill up with New Blue Sunoco. You'll feel the difference.

② TEST BLUE SUNOCO'S HIGH ANTI-KNOCK POWER

CLIMB ANY HILL and test New Blue Sunoco's anti-knock performance. It's been stepped up to a *new high* in anti-knock power for *all cars*, including those with highest compression engines.

③ TEST BLUE SUNOCO'S ALL-AROUND PERFORMANCE

THE PROOF of any gasoline is how it performs in your car. Test New Blue Sunoco's fast getaway, smooth power, long mileage. We're sure you'll agree — it's America's greatest gasoline value.

④ TEST BLUE SUNOCO FOR MORE MILES PER DOLLAR

ON THE OPEN ROAD, test it against any premium-priced gasoline. At Indianapolis, Blue Sunoco gave up to 14.9% more miles per dollar (average: 10.4%) than 16 premium-priced brands.

Make your own test over "The Fourth" —get Hi-Test Blue Sunoco at regular gas price!

NEW HI-TEST
BLUE SUNOCO

Long List of Frustrations Caused by Phone-Phonys

By LAURA Z. HOBSON

Squatter's rights were never intended for people in public phone boots, and folks who practice them give me a ringing in my ears.

Especially in a railroad station, with my train due to leave, this verbal staking out a claim raises my blood pressure as high as a telephone pole, and sets my pulse going buzz-buzz-buzz like a busy signal.

You've surely had some dire experience yourself outside the closed doors of the one booth in sight, watching helplessly while the gabber inside flips another coin in the slot every three minutes.

Maybe we should all beg the phone company to take some big ads in the newspapers and magazines, and start an educational campaign against these modern homesteaders, to shame them right out of the booths to new frontiers.

The slogan might be "Is This Flip Necessary?" And it's just possible that some long-distance talkers would take the hint.

Phone alibis are another evil. The telephone has turned into a great instrument of excuse. "I tried to phone to say I'd be late, but your number was busy for so long, I'm even later."

Another telephone misery arises when you call an office or department store, are greeted with "One moment please" — and then are left holding a faintly mururous line.

To keep on saying "Hello?" and "Am I cut off?" to the mouthpiece is one of the greatest frustrations of modern life.

The whose-boss-gets-on-first technique is another ailment of our bell-ringing civilization; wall-writing of phone numbers is another; business people who let others race across a room to answer the phone while they're standing right next to it—these and many others are in my little list of phone phonies.

The severest tribulation I myself happen to have, however, in the world of the dial, arises from so small a thing as the number assigned to me when I moved to my present address four years ago. With malice toward none, I'm sure, the phone company gave me a number that had previously belonged to a doctor, nay a whole office-full of doctors.

Even at this late date, hardly a day goes by when a voice in my receiver doesn't ask, "Is Dr. So-and-So in?" it can be one of four different so-and-so's.

Queries and appeals to the company bring forth soothing explanations that the calls must be from patients with the doctors' old number still written down somewhere, and though I congratulate them all on being so healthy for four solid years they never discovered the change, it simply makes me sick to be waked up so often at 2 a.m.

It could be worse, I do suppose. Suppose I'd inherited the old number of an all night drugstore

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to stop bleeding—without surgery.

In case after case, pain was relieved promptly. And, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

Now this new healing substance is offered in ointment form under the name of *Preparation H.*® Ask for it at all drug stores—money back guarantee. *Trade Mark.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

MONDAY, JUNE 28, 1954

George N. Higgins

Oakland County's own Senator George N. Higgins announces that he will be a candidate for the office of Secretary of State. Senator Higgins just withdrew from the Gubernatorial race at the behest of close friends and Republican soothsayers who believe the field there is overcrowded.

Certainly Oakland County will rally around the Senator's current move with enthusiasm and vigor. He would make a splendid Secretary, bolstered as he is by a decade and a half of leadership in the State Senate. Throughout this period the Oakland County man has been one of the wheel horses in the Upper House and his capabilities have served the people of Michigan frequently and intelligently.

★ ★ ★

Senator Higgins is a business man of long standing and marked success. Michigan has profited enormously in the past through his willingness to take time off from private affairs and serve the commonwealth. Thus he would bring a wonderful background to the new position.

★ ★ ★

Unquestionably the Ferndale man stands as the legislature's Number One Man on tax matters. He has long held the position of Wolverine financial authority and his competent guidance and hard headed tactics have saved tremendous sums for the taxpayers of this state. When Michigan's Governor has sighted at the tax moon and thrown prudence to the winds, it has always been Senator Higgins who righted the Ship of State and pursued a more conservative and cautious policy.

★ ★ ★

Taxpayers throughout the length and breadth of the land need tax SAVERS instead of tax spenders in public office. Senator George N. Higgins bears that label.

Instead of glorying in greater and more prolific grabs from the taxpayers, he has fought to reduce the tax bills and struggled in season and out to cut the costs of government. He has been highly successful.

Michigan taxpayers have saved untold sums through his ministrations in Lansing. The Secretary of State spot would be a fine place for Mr. Higgins. His voice in state administrative and policy matters would be invaluable.

We're for Higgins.

The Four-Minute Mile

Charles Darwin is the name everyone associates with the theory of evolution. Yet in 1856, the year Darwin first published his theory, Alfred Russell Wallace likewise published a paper in which the identical theory was set forth. No one remembers Wallace today.

★ ★ ★

In somewhat the same fashion, England's Roger Bannister last month crashed the barrier of the four-minute mile. On May 6 he ran a mile in 3 minutes, 59.4 seconds. It was the first time any athlete had traveled a mile by legpower in less than four minutes.

This week John Landy of Australia not only broke the four-minute barrier again, but clipped 1.4 seconds off Bannister's brand-new world record.

★ ★ ★

Years ago there was a similar barrier of the ten-second hundred-yard dash. Once it had been crashed, the athlete who could not run a hundred yards in less than 10 seconds was hardly regarded as a competitor. Today the world record is 9.3 seconds.

John Landy will probably suffer the fate of Wallace in science. The world remembers only the firsts — the men who break the barriers, whether in athletics or science or invention.

But the theory of evolution and the four-minute mile prove also once more that once a barrier is broken, it remains broken. An advance, an achievement, is never lost. It spurs mankind on to new goals.

A Break for Investors

Some American corporations are paying no dividends in July. In letters to stockholders they explain the reason. If the new Revenue Act, already passed by the House, is approved by the Senate, a new system of dividend taxes will take effect July 31.

★ ★ ★

Under the old, punitive, Democratic Revenue Act, people who invested their savings in the plant where they worked, or bought stock in sound enterprises, paid through the nose. The company that earned a dividend paid a huge chunk of its earnings in corporate income tax. Then the investor who received the dividend had to pay again as a part of his regular income.

The new tax law, if it passes the Senate, gives the investor a break. If he is an employe whose stock pays up to $50 a year, he will pay no tax on dividends. If an invsetor gets more than $50 a year in dividends, five per cent of his earnings are tax exempt.

★ ★ ★

And as one company points out, "it will create more jobs and eventually yield more taxes." It is a long overdue tax reform.

"Mind can control matter, provided it is a strong mind," says a parapsychologist. If so, the average golfer must be deplorably weak-minded.

The Man About Town

Hills Are Going

Are Being Wiped Out by the Production of Gravel

Daffynition

Nervous breakdown: A condition brought on by doing today's work and tomorrow's worrying today.

The gravel operations are removing Oakland County's hills. Several in the Oxford and Clarkston areas have been completely excavated, some of them even succeeding by lakes. Bald Mountain, just northeast of Pontiac, is going the same way. Similar operations are under way in at least a dozen other locations in the county.

Although he may have taken a rather rough course, it is the opinion of

L. Harvey Lodge

that the best job of exposing Communism has been done by

Senator Joe McCarthy

in spite of the abuse that has been heaped upon him.

Just to keep posted on the election laws and their various ramifications, according to

Harry J. Merritt,

Oakland County Corporation Counsel, is a job that keeps a man on his toes.

Credited with being a good spokesman for his party,

Willis M. Brewer

states that the Democrats will put up a strong fight for every office in next fall's election. He says they are better organized than for many years.

Chairman of the Oakland County Welfare Commission,

Jack McDonald

says that human nature is so constituted that no matter how good times may be we'll always have a welfare and unemployment problem with us.

The court records show that 15 per cent of the automobile drivers are responsible for 90 per cent of the accidents.

The crows are feasting on the strawberries, according to

Jack Ambruster,

a Bloomfield Township grower, and are raiding the cherry trees in a more vigorous manner than the robins.

This area will produce a good 1954 crop of wheat, according to

Edmond W. Alchin,

Oakland County Agricultural Agent, although the farmers may have some trouble in harvesting it on account of the lodged and tangled condition of many fields, caused by the recent rains and heavy winds.

A former well known Pontiac baseball player,

Rube Merrifield,

now living in Detroit, urges Tiger fans to have patience until their young players learn how to stretch the hits they're now getting off the old pitchers.

Voice of the People

Let's Put a Smile on the Mailman's Face by Increasing His Annual Pay Envelope

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature.)

An item long overdue in the making of modern America is an annual pay increase for the mailmen.

The postal system is very important to all in more ways than one.

Let us give the mailman a good reason for smiling.

I hope Congress acts now to right this injustice in an integral part of our government.

Adoption Is Accepting Responsibility for Child

During the seven years since we started adopting our children we have been asked this question many times, "How much does the state pay you for taking care of them?"

The answer is "nothing." We took the children because we wanted them and not because of any pay involved.

When you adopt a child you take him for better or worse, medical bills, clothing, food, music lessons etc. included.

I hope this letter answers the question for the many who ask.

Case Records of a Psychologist

Let's Use Public Schools as Youth Centers Rather Than Spend Money for New Ones

Logan has raised one of the "hottest" subjects in America right now. It involves better use of the billions already invested in school gymnasiums and swimming pools, which are usually kept dark every night, thus driving our children to roam the streets and become delinquent.

By DR. GEORGE W. CRANE

Case L-343: Logan M., aged 41, is a prominent attorney with a great interest in the Boy Scouts.

"Dr. Crane, I know you are a loyal rooter for the Boy Scouts," he began, "for I heard your address last year before one of our big meetings.

"But don't you think it would be well if more parents put their shoulder behind the Boy and Girl Scouts, as well as the Camp Fire Girls groups?

"Right now a lot of fanfare is going on about raising money to build recreational centers to help combat juvenile delinquency.

"The Boy Scouts are already doing that and we have plenty of youth center equipment relatively unused in our churches.

"So why try to build new centers when we aren't using what we have?"

Logan has a good point. In fact, for several years I have argued in this column and from the lecture platform that we should not let our public schools stand idle and darkened at night.

We have already invested billions of dollars in the finest type of youth centers, namely, the schools. Most of them have gymnasiums and many of the newer high schools also have swimming pools.

So why let them gather dust at night? And why try to launch new fund - raising campaigns for the

YMCA or new recreational centers, when the latter would simply offer our youth gymnasiums and swimming pools to compete with those already constructed but unused at night?

We taxpayers already have invested the capital in those schools. So why not get better dividends on that money by opening them up at night?

This is the "lighted" school idea, which is now beginning to be tried in Chicago and elsewhere.

It is far cheaper to pay a small nightly fee for light and heat and janitor service, but use the schools, than to pay the same money for light and heat and janitor service to a YMCA which would cost us maybe an extra $1,000,000 to build.

As an educator and parent, I believe heartily in the YMCA and CYO and Boy Scout movements, but I don't see any sense in being asked to donate money to erect competing buildings with unnecessary swimming pools, when via my taxes I have already helped build school recreational and athletic centers that are closed from 4 to 10 p.m.

From now on, our contributions to youth organizations should be primarily for salaries for YMCA secretaries. One small building could thus house all their office quarters needed even for a big city like Chicago.

But we should then have hundreds of trained youth leaders supervising night activities for YMCA secretaries. One small building could thus house all their office quarters needed even for a big city like Chicago.

But we should then have hundreds of trained youth leaders supervising night activities in all our school buildings for 6 hours each afternoon (4 to 10 p.m.).

Churches now furnish the usual meeting places for the Boy Scouts on Friday night, but most churches even yet haven't adequate gymnasiums for basketball.

So the Boy and Girl Scouts should likewise have access to school gymnasiums, at least for a modest rental fee.

(Always write to Dr. Crane in care of this newspaper, enclosing a long 3c stamped, addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.)

Aunt Het

Ella and Bill won't ever have anything; He makes plenty, but a man won't try to save and build unless he can feel that everything is part his.

Russians Defying Monroe Doctrine in Guatemala

By DAVID LAWRENCE

WASHINGTON — The Soviet Union has taken the dangerous step of setting up a base in Guatemala from which it would be possible for her to carry on airplane attacks of a sniping nature against the United States as well as the Panama Canal through the medium of a Communist - controlled government.

It could mean in wartime, an important diversion of American air strength for a defensive task, thus weakening our offensive power.

Defying the Monroe Doctrine, which for more than 130 years has warned European governments against attempting to set up any new colonies or controls of territory in the Western Hemisphere, Soviet Russia has converted Guatemala into an operating headquarters from which to direct all her subversive efforts in Central and South America.

The Revolution — recently begun by patriots in Guatemala who see in the Communist maneuver a menace to the future independence of the republic — is a significant development in a chain of events which ultimately may produce for the United States its biggest crisis since the close of World War II.

When the Imperial Government of Germany was caught in the act of attempting to set up a base in Mexico in 1917 — revealed through the interception of the famous note to Herr Zimmerman, the German minister in Mexico City — the end result was an aroused public opinion, and within a few weeks America had entered World War I on the side of the Allies.

Today the official evidence, while of a different character, is none the less conclusive. It can be summarized as follows:

1. The United States government has long been satisfied, through a well-documented series of circumstances, that the international Communist organization has been developing Guatemala as its primary base in the Western Hemisphere for subversion and for the undermining of various governments.

The pattern of overt and covert activity has already been used for penetrating nearby areas.

2. The Guatemalan government, under Communist guidance, has been responsible for well - organized strikes which have paralyzed Honduras and nearly caused the fall of the government there.

3. The names of the individuals who are the primary operators in the conspiracy are well known to the Washington government, and there is a record of an exceptionally heavy flow of Guatemalan leaders and semi - overt agents who have been traveling between Guatemala and Moscow and certain other capitals of iron curtain countries, particularly Prague, which now has become the main center for the infiltration of Latin-American countries.

4. There is also a familiar pattern of movements of individual members of the conspiracy who travel between Guatemala and Mexico City, where embassies and legations of the Communist satellite countries can use their speedy means of communication to the Communist strategists overseas.

5. There is an international labor circuit operating through the Communist leader, Vincente Lombardo Toledano, who is based in Mexico City and pulls the strings for the strikes and propaganda demonstrations throughout Latin America.

Copies of the instructions he has sent out are in the hands of the United States government. On the eve of the Caracas conference, the so-called "Guatemalan friendship societies" were organized in various Latin - American countries. These were Communist inspired.

6. Protest meetings against alleged instigation by the United States of a revolution in Guatemala have been set up by Communist mechanisms and, of course, the propaganda has been aided by certain press correspondents who have been duped into believing the United States initiated the Guatemalan revolt.

Actually Gatemalans in exile in Central America needed no inspiration to try to regain independence for their homeland.

7. Radio Moscow has been transmitting to Latin America copies of propaganda statements allegedly issued in Latin - American countries but somebody blundered, because the local Communist organizations had not yet issued them when the broadcasts were released over the Moscow or Prague radio.

There is no doubt about the synchronized behavior of the Moscow government and the Guatemalan government, especially in the field of diplomacy.

Foreign Minister Molotov has been on the job in the Security Council of the U.N. to respond promptly to the requests of the Guatemalan government for moves designed to smear the United States.

So far as the American people are concerned, it is important for them to know that the infiltration of Guatemala by the Communists is not a minor matter.

The Soviet Union has really put its first team into action in that country and is engaged in a crucial fight to combat the influence which the United States has exerted in the Western Hemisphere countries against Communist imperialism. The U.S. Senate, by a virtually unanimous vote, has just condemned the action by Soviet Russia. This is an indication that the Guatemalan trouble will not become a partisan affair inside Congress.

Baering Down

By ARTHUR "BUGS" BAER
International News Service

The switch from Berlin to Geneva was supposed to green-light negotiations in the tournament of happy talk.

Up until here it got no more results than fanning moonbeams with your hat. The Geneva Convention had already been held at Dien Bien Phu.

Molotov is the same in any town. In Geneva he kept ribbing Bidault like an umbrella maker.

Like the nineteenth Cantonese Route Army buying time with distance Molotov purchases results with evasions.

Laniel's crack-up in the squawk of confidence left Bidault with no more talking point than a bent phonograph needle.

In March our Mr. Dulles whipped up massive retaliation as a counter-irritant for Commie infiltration in Indochina. He was charming a stuffed snake.

Six powerful French parties are the Socialists, Popular Republicans, Commies, Radicals, Independents and Gaullists. The more the subject changes the more they are the same.

They all charge America with forcing them to fight in Indochina. Let's Al Smith the record.

Indochina is as large as Texas without the Stetsons. The French possessions in Asia started with their Indian Company in 1674. After eight changes in ownership it finally landed permanently with the French in 1814. Tonkin became a French protectorate in 1884. Hanoi became its capital in 1902. Laos has been a French protectorate since 1893.

The United States didn't have any more to do with that than you had with the shape of Napleon's three-cornered hat.

THOUGHT FOR TODAY

Add thou not unto his words, lest he reprove thee, and thou be found a liar.—Prov. 30:6.

Every lie, great or small, is the brink of a precipice, the depth of which nothing but omniscience can fathom.—Reade.

Serious Attention Given to Diet of Infants but Tots Soon Gorge on Candy and Pop

By WILLIAM BRADY, M. D.

It is my intention to present a series of talks on physical degeneration and regeneration, but I labor under a handicap that readers will not understand what I'm trying to tell them and they'll decide I'm nutty.

Physical degeneration is a "retrogressive pathological change in cells and tissues in consequence of which functioning power is lost" (Stedman) I would strike out the word lost and substitute the word impaired, for after all in most cases of physical degeneration the subject is still alive.

Fifty years ago three score and ten was the span of life, not the average age but the age a man who lived right might reasonably hope to attain. Today it is 80 years.

Even the average duration of life has increased greatly in the first half of this century, due largely to lowered infant mortality and the prevention of diphtheria and typhoid fever.

* * *

It is a national characteristic of ours that we give serious attention to the feeding and the nutritional condition of infants and very young children, but forget all about it as soon as the children get old enough to demand candy, pop, namby - pamby "breakfast food" and cheat-foods in general.

* * *

That's what I mean when I say the chief cause of physical degeneration is nutritional deficiency from childhood up to and including breakfast this morning.

Although it is now thoroughly established that the daily consumption of not less than 1½ pints (three glasses) of milk or the equivalent in skim milk, buttermilk, cultured milk (such as Bulgarian, Acidophilus, Yoghourt), evaporated milk, dry milk, cheese, is essential to insure good nutrition, most growing children do not get it.

And not just because their parents can't afford it, but more often because their parents haven't sufficient knowledge of health and nutrition.

Milk and milk products are the best source of calcium in the everyday diet. The diet of Americans is more often deficient in calcium than in any other element.

How many American children in these days of cheat-food in pretty packages ever learn how good the staff of life is — plain wheat?

Plain wheat is the richest food source of vitamin B complex. Inadequate daily intake of vitamin B complex accounts for the lack of vigor in many growing children.

In the pamphlet Wheat to Eat I give good reasons why every family should use plain wheat in the daily diet in place of at least part of the cheat - foods made of white flour. For the pamphlet send a stamped, self - addressed envelope. It contains some tried recipes for things made of plain wheat.

In a booklet The Calcium Shortage, I mention a half dozen common complaints which are manifestations of calcium deficiency and tell you how to correct the trouble. Send 25 cents and stamped, self-addressed envelope for a copy.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

School Board Picks Official

William Bawden Named Assistant to Waterford Superintendent

WATERFORD TOWNSHIP—At a special meeting of the township Board of Education Friday night William Bawden was named administrative assistant to School Supt. William Shunck and Paul O'Neill was appointed junior high school assistant principal.

Bawden will have charge of all aspects of the school district's transportation system. He will also have over-all responsibility for school building maintenance and operation.

He has served as principal of the Drayton Plains School for the past four years. No replacement has been named for him at the school.

O'Neill was a seventh grade teacher at the township high school last year. Prior to that, he taught the sixth grade at the Covert School for two years.

In other action, the Board established salary increases for custodial and maintenance personnel, averaging approximately $150 a year.

Reports on sites were given by the building committee, but no action was taken by the board.

Justices of the Peace Attend Convention

The annual convention of Michigan Association of Justices of the Peace held at Petoskey this weekend had one of the largest delgations from Oakland County.

In addition to Association president Donald E. Adams of Drayton Plains, present were L. C. Green, of Rochester; C. F. Rose, of Walled Lake; M. J. Renwick, of South Lyon; J. J. Schulte, of Farmington; A. C. Ingle, of Farmington; S. C. Belyea, of Troy; C. H. Mason, of Birmingham; W. D. Lefurgy, of Pontiac; E. Dieterle, of Keego Harbor; Donald White, of Waterford.

County Deaths

Mrs. Philip Chappel

MARLETTE — Service was held at the Marsh Funeral Home Saturday for Mrs. Philip (Bernice) Chappel, 52, of Burlington Township who died Thursday in her farm home. Burial was in Marlette Cemetery.

Besides her husband, Mrs. Chappel is survived by two sons, Harold of Freesoil and Wary of Marlette; two daughters, Mrs. Jule Gorsline of Pontiac and Lynn, at home; three sisters, Mrs. Mildred Henderson of North Branch, Mrs. Alfred Chappel of Marlette and Mrs. Lawrence Buckner of Clifford, and 12 grandchildren.

Mrs. Bernardas Kodatis

HAZEL PARK — Requiem Mass was sung this morning at St. Anthony Church, Detroit, for Mrs. Bernardas (Victoria) Kodatis, 72, of 39 W. Chestnut St. She died Friday from injuries sustained in a traffic accident June 20.

Surviving besides her husband is a son, Keistutis, of Highland Park.

William Henry Hiley

ARMADA — Service for William Henry Hiley, 81, of 27690 32-Mile Rd. was held Saturday at the A. M. Tiffany Chapel, with burial in Richards Cemetery. He died suddenly at his home Thursday.

He is survived by three daughters, Grace of Armada, Mrs. Jean Mitchell of Richmond and Mrs. Beth Evans of Berville, three sisters and three grandchildren.

Mrs. Margaret Mary Quinn

ROYAL OAK — Rosary service for Mrs. Margaret Mary Quinn of 1525 Ferris will be said at 8 p.m. today and prayer service at 9 a.m. tomorrow at Sullivan and Son Funeral Home. Requiem Mass will be sung at 9:30 a.m. at Guardian Angel Church, Clawson.

Surviving are several nephews and nieces.

Samuel A. Gibson

HOLLY—Service for Samuel A. Gibson, 73, of 204 N. Saginaw was held today at the Dryer Funeral Home, with burial in Hadley Cemetery. He was found dead in his home Saturday.

A life-long area resident, Mr. Gibson is survived by three sisters, Mrs. Anna Bigelow and Mrs. George Wiles, both of Holly, and Mrs. Grace Wright of Fenton, and a brother, McKinley, of Holly.

Mrs. Grace Smith

ROMEO — Service for Mrs. Grace Smith, 83, of 139 W. St. Clair, who died in Mount Clemens June 26, will be held at 2 p.m. tomorrow at the First Congregational Church, with burial in Romeo Cemetery.

18 Piano Pupils Present Recital on Wednesday

NORTH BRANCH — Eighteen piano pupils of Eva Belle Pitcher will be presented in a recital at the Methodist Church Wednesday night. the program will feature solos, duets and eight-hand ensembles.

Participating will be Carolyn and LeRoy Mayberry, Carol Dodds, Bonnie Burkett, Nancy Rossman, Betty Denoff, Charlene Cumper and Marjean Beadle.

Others are Emily Hall, Lee Stevens, Joyce Ferrier, Yvonne Fuller, Betty and Barbara Tatar, Leatta Butterfield Rita Carter, Mary Jo Wilson and Ernestine McCready.

Mr. and Mrs. John B. Auten of Ortonville announce the engagement of their daughter Helen Marie, to Don L. Fitsworth, son of Mr. and Mrs. Murray Fitsworth of Ortonville. The wedding date has not been revealed.

Couple Married in Lawn Service at Cass City

CASS CITY — In a lawn ceremony at the Copland farm southeast of town Doris Aldene Copland became the bride of Norman Peck. The bride is the daughter of Mrs. Vera Copland and the late Laurence Coplang.

The bridegroom's parents are Mr. and Mrs. Russell Peck of Deford.

Attending the pair were Janet Rose of Detroit and Donald Kaatz of Gagetown.

The bride wore a street-length dress of white nylon over taffeta. She carried white gladiolis and red roses on a white Bible.

Following the ceremony, a reception was held in the Copland home. The newlyweds will make their home in Flint.

Area Man Receives Wayne Law Degree

CLARKSTON — Recently receiving his law degree from Wayne University's Law School was kenneth H. Hempstead of Pontiac, son of Mr. and Mrs. K. G. Hempstead of S. Main street.

HEMPSTEAD

Hempstead received his bachelor's degree from Wayne in 1951. He was salutatorian of the Clarkston High School senior class in 1947.

Hempstead, who is married, is planning to take the State bar examination in the fall.

Lists Drive Funds

WALLED LAKE — A total of $40,105 has been subscribed to St. William Church's expansion fund campaign, the Rev. Lawrence F. Graven announced today. The total represents two weeks solicitation by 43 volunteer workers.

County Births

Lum

Mr. and Mrs. John Pratt announce the birth of a son, Charles Leo, June 21.

North Branch

Mr. and Mrs. William Currell announce the birth of a daughter, Judy Marie.

Mr. and Mrs. Arthur Schlaud announce the birth of a daughter, Monalisa Ann.

Norway Sells Dairy Products to Russia

WASHINGTON (INS) — Norway — which was self-sufficient in dairy products last year — may have to import butter this year because of large export shipments to the Societ bloc of nations.

The foreign agricultural service reports that Norway has shipped large quantities of butter and cheese to the Soviet nation.

The imports into Norway probably will be from nearby Denmark rather than the United States.

Church Honors Minister Returning for 5th Year

LUM—Marking his return to the Methodist Church for the fifth consecutive year, a reception was given in honor of the Rev. Arthur Tinglan recently.

Rev. Tinglan this fall will begin his 45th year as a preacher.

Buys Schoolhouse

METAMORA — Gerald Schribner of Lapeer has purchased the school house in the Blood School District for $201. Long closed as a school its students are now sent to Dryden by bus.

Sales of dog food in the United States topped 200 million dollars in 1953, twice the amount spent in 1947.

Hal Boyle Says:

Mickey Spillane Forecasts End of Hero in Next Novel

By HAL BOYLE

NEW YORK (AP)—Mickey Spillane, the literary gore-shedder, is feeling the gentle touch of time.

At 36 the Brooklyn-born author is mellowing himself, and feels the public also is so weary of the post-war cycle of violence that he is considering making Mike Hammer, his famous mythical private detective, turn in his brass knucks forever.

Back in 1946 in "I, The Jury," Mike startled and fascinated the world of mice-men by drilling an amorous blonde through the stomach and telling her "it was easy."

Sherlock Holmes would have dismissed Mike Hammer as a dastard and a cad, but the public went crazy over a guy who could win a verdict over a blonde, even with a gun. Spilane says the seven thrillers he has written about Muscle Mike have sold 60 million copies, been reprinted in 11 languages.

"I have the distinct honor of even having been translated into English for the British market," dryly remarked Spillane, a stocky former war flier.

* * *

"I have another book ready to go called, 'Tonight I Die,' and I feel it will be the last one about Mike.

"You have to change. You have to go with the market. I've used hatred as a motivitation up to now. But we're over the war. Hate and violence are worn thin. People want books now built around subtle moods and character."

Mickey hinted he had another reason—that he was weary of taking the personal risks of more underworld researches for Mike's exploits.

"Fifty per cent of the situations I write about are true," he said. "But you can get clobbered once too often getting your background material.

"From now on I think I'll write nothing but fiction."

Mickey and his friend Jack Stang a Newburgh, N.Y., cop, returned recently from Hollywood, where they acted with Clyde Beatty in "Ring of Fear," the story of a psychopathic killer in a circus.

* * *

Over a dinner of steak and beer (contrary to reports, Spillane doesn't sip plasma through a straw), Mickey discussed the way Hollywood murders plots.

"I like Hollywood," he said, "but I don't think much of some of the Hollywood writers. Put them in front of a typewriter and they're helpless. They have to drool into a microphone.

"If you give them a good story, all they keep is the title. They don't know what to do with a good story. They have to try to make it an epic.

* * *

"When I have a story to write, I sit down and write it. I wrote 'I, The Jury' for $1,000 in 19 days while I was living in a tent. I never took more than three weeks to write a book in my life. I can write 10,000 words in a day."

Mickey, who dwells in a black-and-white world where a guy is either your pal or probably a bum, clings to his old friends, has a morbid fear success might go to his crew-cut head.

"I don't like people who get famous and something happens to their minds," he said. "That doesn't happen to the good ones."

* * *

He and his wife, Baby, live in a house they built themselves on a 28-acre estate "of grass and weeds" near Newburgh with their two young children and a dog.

Mickey, who yearns to be an acrobat, spends his days now practicing back flips in his front yard. If he doesn't break his neck, he plans a brief tour this summer with a circus.

His other hobbies are collecting classical records — "I can't stand jive"—and stock motor car racing.

"I've got six cars—cars are good for you," he said earnestly. "They keep you out of trouble."

His favorite is a souped up 1951 stock model in which he can keep out of trouble at 150 miles an hour.

Sometimes Spillane's father, a former bartender, comes over to shake his head at his son's antics.

"He can't understand," said Mickey, "why I don't go out and get a steady job like other men."

Claims Leisure No Death Threat

But Search for New Activity May Cause Worry for Retired

ANN ARBOR (AP) — Retirement does not hasten death Mark Tibbetts, chairman of the committee on aging and geriatrics of the U. S. Dept. of Health, Education and Welfare said at the University of Michigan Monday.

As opening speaker at the three-day seventh annual conference on aging, he declared that retirement means only that the person is switching from one job to another.

"However, finding this new activity, whether it be in the enjoyment of travel, adult education, or in public service, often is what causes difficulty for there is not one shred of scientific evidence that retirement itsef hastens death.

"Our present senior citizens have grown up in a social climate focused on work and they feel guilty when not working.

"As a consequence, these persons, uncertain why the added years have been handed them, often become confused, depressed, withdrawn and bitter towards society. It is this attitude which may hasten some mental and physical deterioration.

"It is a paradox that when we get this leisure time in later years, something no other culture has had, we don't know what to do with it."

Predicting a further extension of life past the average age of 70, Tibbetts said older persons were going to continue to become increasingly important and valuable members of society "if we can develop a social climate of leisure."

Hirohito, Empress Entertain Envoys

TOKYO (AP)—The Emperor and Empress entertained one outgoing and three newly accredited foreign envoys at lunch today at the Imperial Palace.

Prime Minister Shigeru Yoshida and Foreign Minister and Mrs. Katsuo Okazaki also attended.

The diplomats included Canadian Ambassador Robert W. Mayhew, who will return to Canada shortly for a new assignment, and his wife. Others were Yugoslav Minister Makso Bace and his wife, Thailand Ambassador Luagn Phinit-Akson and his wife and Cambodian Minister Prince Norodom Kantol.

Old Lady, 81, Primps for 1st Trip to Capital

RALEIGH, N.C. (AP) — Mrs. Polly Caudle doesn't get to this capital city very often. In fact, although she lives only 35 miles away, the 81-year-old woman never visited here until last weekend.

Her nephew brought her to town wearing a bright print apron and a big, fluffy sunbonnet. Why had she never come to Raleigh before?

"I was just never asked," she explained.

Lake Wales Reports Mild Polio Outbreak

LAKE WALES, Fla. (AP) — Lake Wales doctors have asked that summer recreational programs be suspended temporarily because of a mild outbreak of polio. Five cases have been diagnosed here in the last two weeks.

Physicians also called on the National Foundation for Infanile Paraylysis to provide gamma globulin.

Mt. Whitney in California is rated as the highest peak on the U. S. mainland at 14,495 feet with Mt. Elbert in Colorado 14 feet lower.

Connecticut officials say their birth records are the most complete of those kept by the 48 states.

The General Sherman tree in California is 3,500 years old, stands 272 feet high and is more than 101 feet around the base.

Americas Latest... **EYE GLASS Sensation!**

100 STYLES, SHAPES AND COLORS!

- For Men
- For Women
- For Children

$1,000.00 Reward

We will pay $1,000.00 to anyone who can purchase glasses here for more than the price quoted in this advertisement.

Reward offer guaranteed by two leading London, England, Insurance Companies.

"THE NANETTE"

Our Former Price $20-$25, Now Only . . .

EYEGLASS SENSATION!

Once again King brings you the latest in eye fashion styling. The Nanette with its two-tone shades available in many colors and highlighted with filigreed 12K Gold Filled Trim is the latest creation of top-flight designers. Best of all, complete with the lenses you may require, they are yours for the amazing low price of $8.98.

NO MORE, NO LESS YOU CAN'T PAY MORE!

Elsewhere the price of glasses depends on the variance and strength of your lenses and upon the frame of your choice. At King you know IN ADVANCE what your glasses will cost. One single $8.98 price regardless of your lens requirements, or the frame of your choosing (bifocals, if desired, $4.98 additional).

$8.98 COMPLETE WITH FRAMES AND LENSES

You Just Can't Pay More!

PRESCRIPTION SUNGLASSES at SAME Low Price!

WHY PAY MORE?

Though the price is low, the quality of our glasses is beyond compare. If we wanted to make glasses to sell for $35.00, we couldn't use finer materials or better workmanship than that which goes into these glasses.

Are You Wasting Money On "Expensive" Eyeglasses?

Just because glasses may have cost you a lot of money doesn't make them better and, in many cases, not even as good. Stop paying for fancy locations and high overhead. Be thrifty. Buy direct from the manufacturer and save. Remember, ALL glasses at King complete with lenses you need are only $8.98!

No Glasses Need Cost More than $8.98

Why can King sell for only $8.98? Because when you buy from King, you buy from the largest optical laboratory-to-you firm in the world. Our huge VOLUME purchases and our factory-to-you policy, saves middleman's profit and many dollars, which saving is passed on to you—the customer.

REPAIRS

Broken lenses duplicated. Frames repaired and replaced. Lowest prices.

Oculists' Prescriptions

We also fill Oculists' Prescriptions at the same price. Your prescription promptly filled.

Housing Prober Names DuPonts

Charges 3 From Family Received Windfall Profit on U. S.-Insured Project

WASHINGTON (AP)—Three members of the DuPont family were named at a Senate hearing today as among stockholders who received a "windfall" profit of $549,375 in connection with three Delaware apartment projects built with government-insured loans.

William F. McKenna, special investigator for the Housing and Home Finance Agency also testified to the Senate Banking Committee that a group of British citizens profited heavily from Long Island projects.

McKenna was the leadoff witness as the committee launched hearings on alleged housing scandals.

McKenna listed 27 large-scale apartment projects, along with stockholders, which he said outlined the "pattern" for apartment building operations estimated by Sen. Capehart (R-Ind), Banking Committee chairman, to have reaped as much as half a billion dollars of "windfall" profit for builders or project sponsors.

The three members of the DuPont family, one of the nation's wealthiest, listed by McKenna were: Pierre S. DuPont III, Nicholas Z. DuPont and Lammot DuPont Copeland.

McKenna said they were three of 11 stockholders who made a total capital investment of $7,325 in three projects known as Clifton Park Manor in New Castle, Del. Total FHA-insured loans on the three projects was $5,980,000.

The dividend payment, which McKenna said came from that part of the insured mortgage which exceeded actual costs of construction, was made Oct. 31, 1951, 45 days after completion of the projects.

During the year 1952, McKenna said, fixed assets "were written up $1,580,708," apparently to make the assets of the corporation look in better shape than they were.

Writer Pegler Loses Libel Suit

Judge Tells Jury That Quentin Reynolds Can Get Damages

NEW YORK (AP)—Federal Judge Edward Weinfeld told a jury today that columnist Westbrook Pegler clearly had libeled Author Quentin Reynolds in a 1949 column. He said Reynolds was entitled to damages.

It will be up to the jury to determine the amount.

The judge made the statement in a 90-minute charge to the jury in Reynolds' $550,000 libel action against Pegler, the Hearst Corp. and Hearst Consolidated Publications, Inc.

"That column read in its entirety, is as a matter of law; I tell you, defamatory," said Weinfeld in winding up a seven-week trial.

Earlier he had explained that anything was defamatory and libelous in itself if it tended to expose a person to public contempt and ridicule.

The judge added that there was "no competent evidence" to sustain two specific allegations made in the disputed column, Reynolds therefore being entitled to damages for these points alone.

Thus the no-holds-barred battle between the Pulitzer prize winning columnist and the author and foreign correspondent went to the jury. It is the first libel case against the outspoken Pegler ever to be fought out in a courtroom.

Youth in Good Condition After Being Hit by Car

A seven-year-old Keego Harbor boy who was struck when he darted in front of an auto last night was reported in good condition in Pontiac General Hospital today.

Larry Michael Templeton of 2129 Stout St., was hospitalized with possible head injuries after being hit by a car driven by Carl E. La Gassa, 43, of 130 S. Connecticut, Royal Oak, on Cass Lake road, just north of Orchard Lake road. LaGassa was not held.

Man Pleads Not Guilty on Charge of Robbery

A plea of not guilty was entered for Gordon Yontz, 31, of Detroit, yesterday when he stood mute upon arraignment before Oakland County Circuit Court Judge George B. Hartrick on a charge of armed robbery.

He allegedly held up the Quonset Bar in Oak Park June 11, and took $5,300. Bond of $10,000 was continued.

Gets 3 Years Probation

Willie Lee Powell, 26, of 27 Orton St., received three years probation and was ordered to pay $300 costs by Oakland County Circuit Judge George B. Hartrick today, for breaking and entering in the nighttime. Powell had pleaded guilty to entering the Gee Coal Co., 91 Lake St.

Connecticut officials estimate that the state will need new public schools costing 243 million dollars by 1960.

Boy Treated for Bruises After Being Hit by Auto

Jerry Carney, 6, of 111 Gladstone Pl., was treated for bruises at Pontiac General Hospital after being struck Saturday by an auto in front of 349 N. Perry St.

Driver John F. Snyder, 56, of 845 Boyd St., and a witness told Pontiac Police the child ran in front of the car from between parked autos.

Man Pleads Guilty to Fleeing Accident

Samuel Spencer, 20, of Cabin 200, Willow Camp, Walled Lake, pleaded guilty to leaving the scene of a personal injury accident when arraigned today before Oakland County Circuit Court Judge George B. Hartrick.

Sentencing was set for July 6. Buddy Lynch, 3, son of Mr. and Mrs. Charles Lynch, 936 Amenia, Walled Lake, received a fractured arm when he was struck by Spencer's car June 24, and dragged 75 feet.

Neighbor Allen Willis, of 974 Amenia, followed Spencer's car for six miles, he said, before he was able to force it to a stop.

Believe Insect Spray Harmless to Fish

Investigation of a reported kill of fish in canals leading into Pontiac Lake has shown, according to conservation men, that the use of a spray insecticide apparently was not entirely to blame. It was found that most of the dead fish were noticed in the canals where there was stagnant back water. Such fish kills are not unusual in areas where little movement of water occurs, it is pointed out.

Court Raises Funds for One-Way Ticket

CHARLESTON, S.C. (AP) — They really wanted Edward Francis Dwyer of Washington to leave town. He was charged with non-support and abandonment.

When Dwyer told Judge William H. Grimball he hadn't obeyed the judge's order to leave the state because of lack of money, Judge Grimball went into action.

Between himself, the sheriff, clerk of court and a solicitor, the judge raised $16.

Dwyer was placed on a bus to Washington.

Summer-Formula Gulf No-Nox

The Gasoline with Evaporation Control!

Remember: the part of any gasoline that evaporates first is *extra-high octane* . . . a part you need for smooth, thrifty performance in modern engines. Guard that vital power part—get Summer-Formula Gulf NO-NOX . . . specially made to resist evaporation.

Hill-Test PROOF

All gasolines seem pretty much the same, when the going is easy—but just notice the difference this hill test reveals!

As shown to millions on TV (on Gulf's popular "Life of Riley" show), the twin test cars in this demonstration were expertly tuned—one for best performance on Summer-Formula Gulf NO-NOX; the other for best possible performance on a regular grade of gasoline.

They hit the starting line at the same speed, and then—at *full throttle*—started up this steep grade. The speedometer pictures give you the results at a glance.

With a cameraman hovering above in a helicopter, Gulf test cars are tuned for a showdown test of acceleration.

Acceleration PROOF

This dramatic picture—shot from a helicopter—shows again how much extra safety you get with Summer-Formula Gulf NO-NOX.

As in the hill test, both cars were tuned to get maximum performance from their fuels. One car was tuned for Summer-Formula Gulf NO-NOX, the other for a regular grade of gasoline. Both cars hit the starting line at the same speed, then *—full throttle!* Same make of car—same engine—but what a difference Gulf NO-NOX made!

Play it safe...stop at the Gulf sign for the one and only

Couple Were Married in Mesa, Arizona

Introduce Daughter-in-law

A garden reception and buffet supper Sunday afternoon was the occasion chosen by the J. Chester Reynolds of Elizabeth Lake road to introduce their new daughter-in-law, Mrs. Thomas B. Reynolds, to friends and relatives.

Mrs. Reynolds is the former Maxine Melcher, daughter of the Joseph H. Melchers of Mesa, Arizona. She became the bride of Thomas Reynolds in a ceremony performed June 14 in Queen of Peace Church at Mesa.

The bride chose a white pique street length dress trimmed with lace medallions and rhinestones. She wore a matching hat and a corsage of white orchids.

A lawn reception at the home of the bride's parents followed the ceremony.

Mrs. Reynolds was a pre-medical student at Arizona State College. The couple is residing on Stowell street.

MRS. THOMAS B. REYNOLDS

The J. Chester Reynolds of Elizabeth Lake road introduced their daughter-in-law, Mrs. Thomas B. Reynolds, at a garden reception Sunday. She is the former Maxine Melcher of Mesa, Arizona.

MRS. FRANK ALEXANDER

A wedding at Congregation B'nai Israel Sunday united Shirley Blumeno and Frank Alexander. She is the daughter of the Morris Blumenos of Ottawa drive and he is the son of Mrs. Lena Alexander of Flint and the late Leopold Alexander.

B'nai Israel Sunday Rite Unites Pair

Couple Honeymoon in Northern Part of Michigan

Shirley Rita Blumeno spoke her wedding vows with Frank Alexander of Flint Sunday in a ceremony at Congregation B'nai Israel.

The daughter of the Morris Blumenos of Ottawa drive, the bride approached the altar wearing a gown of pure silk Italian taffeta featuring an off-the-shoulder neckline embroidered with seed pearls.

Her fingertip veil of silk illusion fell from the sweetheart shaped cap of lace and seed pearls. White orchids surrounding a pearl Bible composed the bridal bouquet.

Mrs. Edward Blumeno, sister-in-law of the bride wore gray lace over pink for her duties as matron of honor. Other attendants were Mrs. Harold Blumeno of Santa Monica, Calif., another sister-in-law; Mrs. Roy Alexander of Flint, sister-in-law of the bridegroom; and Carmen Culiner of Flint.

Flower girl was Sharon Ruth Blumeno, the bride's niece who wore pink imported French organdie for the occasion. Michael Alexander, the bridegroom's nephew, was ring bearer.

Performing the duties of best man was Norman Blumeno, the bride's brother. Edward L. Blumeno, Harold Blumeno of Santa Monica, Calif., Sydney Rockwal, Stanley Kampner and Paul Kampner seated the guests.

Roy Alexander, the bridegroom's brother, and his mother, Mrs. Alexander escorted the bridegroom to the altar, while Mr. and Mrs. Morris Blumeno escorted their daughter to the altar.

For her daughter's wedding Mrs. Blumeno chose a waltz-length dress of French blue Chantilly lace with mauve gloves and hat. Her corsage was of white orchids.

Mrs. Alexander's choice was a waltz-length navy silk organza gown trimmed in light blue. She wore white orchids.

Following a reception for 175 at the synagogue, the new Mrs. Alexander changed to a pure silk suit of charcoal with which she wore black velvet accessories and a corsage of two white orchids.

The couple will tour Northern Michigan and upon their return will make their home in Flint.

The bride is a graduate of Highland Manor School, West Long Branch, N. J., and the bridegroom attended Flint Junior College.

Wrought Iron Still Champ Among Metallic Materials

By OLGA CURTIS

CHICAGO (INS) — Wrought iron, which has been counted out as a home decoration trend as often as a punchy prize-fighter, remains the 1954 champion in metallic materials for the home.

Before the current International Homefurnishings Market in Chicago got underway, there were a lot of predictions about the passing of wrought iron. Brass was going to be the thing, and silver metals were supposed to come zooming up in popularity.

But the expected flash of silver turned out to be merely a dull gleam. Brass continued to glitter, and wrought iron turned up once again as the chief homefurnishings metal.

Wrought iron appeared not only in its familiar black version but in every color from chartreuse to pink. It made lamps, table legs, the tables themselves, chair and sofa underpinnings and trim, bedsteads and accessories.

In at least one type of furniture, the high-styled dinette, wrought iron practically replaced chrome as the legs and base material.

Brass, which was last year's high-style metal trim, kept its position. But brass continued to be used primarily as an accent to furniture rather than as part of the furniture.

There were a few tea tables and small serving pieces made entirely of brass, but mostly brass was seen just as a thin line trim around the edge of cocktail tables, fronting traditional cabinet drawers, and tipping the legs of modern case goods.

Many designers favored brass as decoration alone, using it as little gleaming collars around chair and table legs, or as hardware for panels and drawers. Lamps, however, made a great use of brass as both trim and design material.

The supposed upsurge of silver-toned metals didn't materialize, although there were many pieces using stainless steel, aluminum and pewter. These were almost without exception in the higher-priced furniture showrooms on designer-styled custom pieces. In cheaper furniture, "silver" was the same old chrome it has been for years.

Two other metal finishes made their appearance in limited quantity —"Antiqued" copper and shiny, polished copper. The "antiqued" copper was seen chiefly in kitchen displays—both as a cabinet and stove finish and as the hardware trim to the popular wooden kitchen cabinet.

Polished copper was shown not only in the kitchen, where copper pots seem natural, but as an occasional living room accent. It was not used on furniture, but added as pure trim in the form of planter bases and decorative bowls and trays.

Remove Linen Stain

Should spinach stain your linen, moisten the spot, rub it well with soap and bleach it in the sun. Then wash as usual with hot soapsuds.

Scrub Dirty Gloves

White fabric gloves, whether of cotton or nylon, generally are sturdy enough to be laundered in a machine. If you do not have a machine, don't be afraid to tackle particularly soiled finger tips with a brush. Use a well-lathered nail brush.

Coming Events

First Philathea Class of First Baptist Church will hold picnic Tuesday with Mrs. R. Fosdick, Union Lake. Cars leave church 10 a. m.

Sally Allen Marries F. K. Baker Jr.

Sally Marel Allen, daughter of Mrs. Mildred H. Allen of Del Ray Beach, Fla., and Dwight Porter Allen of Walnut Lake road and Farnsworth Keith Baker Jr. of Falmouth, Mass., were married in a ceremony performed Saturday in the garden of the Dwight Allen home.

The bridegroom's parents are Mr. and Mrs. Farnsworth K. Baker of Falmouth, Mass.

For her wedding Sally chose a waltz-length gown of antique Italian silk with a portrait neckline edged in standup lace.

Heirloom lace formed a princess cap which held the finger tip veil of illusion. White orchids and stephanotis formed the bridal bouquet.

Joyce Ann Connor of Marblehead, Mass., was maid of honor wearing a waltz-length gown of ice-blue lace; she carried shaded delphinium.

Best man was John M. Mixon, and Richard Morse sang the bridal recital. Mrs. Dwight P. Allen wore beige organza and bronze orchids for the ceremony, and Mrs. Baker wore champagne shantung and cymbidium orchids.

Following a garden reception the bride changed to a navy and white corded suit with matching accessories. They will live in Falmouth for the summer.

MRS. FARNSWORTH K. BAKER JR.

In a garden ceremony performed Saturday at the bride's home, Sally Allen and Farnsworth Keith Baker Jr. were married. She is the daughter of Mrs. Mildred H. Allen of Del Ray Beach, Fla., and Dwight P. Allen of Walnut Lake road. His parents are the Farnsworth K. Bakers of Falmouth, Mass.

Poised Posture Attention-Getter

RALEIGH, N. C. (INS)—What makes a person turn around and take a second look at a passer-by?

It isn't naturally curly hair, or big blue eyes, says nutritionist Virginia Wilson of Raleigh.

The stopper is — good posture. Maintained Miss Wilson:

"People actually get a first impression of you from your posture before they notice what you're wearing or how you speak. Posture tells others just how you feel—physically and mentally."

And posture, she added, is the way you hold yourself — walking, sitting or standing.

The nutritionist stressed that good posture is a habit that can be cultivated.

Plans Made for Dance

A semi-formal dinner dance Saturday evening will start the Fourth of July celebration planned by members of Forest Lake Country Club.

The whole family will take part in Sunday's activities and Monday the youngsters will enjoy movies and "live" entertainment. Baby sitters will be on hand to care for the tiny ones so parents can enjoy a cocktail party and buffet dinner.

A gigantic display of fireworks will climax the activities arranged by Stanley M. Brown, entertainment committee chairman.

* * *

Mr. and Mrs. Ruel Boynton of Georgia drive will hold an open house July 3 from 7 until 9 o'clock. The Boyntons will observe their 25th wedding anniversary Tuesday.

* * *

Arriving today for a two week visit with the Gil Everys and daughter Libby of Maceday Lake is Mrs. Every's mother, Mrs. William J. Maclam of Mason.

NEA President Speaks at National Convention

Instructors Warned Education Faces Threat Due to Lack of Teachers

By ELIZABETH TOOMEY

NEW YORK, June 28.—(UP)—The biggest convention of teachers in history got under way here today with a warning from the president of the National Education Association that, "Unless something drastic happens to provide more teachers in the next three or four years public education in some parts of the country is going to collapse."

• • •

More than 20,000 educators registered yesterday for the six-day program of the 93rd annual NEA convention, which will feature daily sessions at the United Nations General Assembly.

Most critical of the problems in the wide range of educational topics to be discussed in scores of meeting rooms scattered over the city is the acute shortage of teachers and classrooms.

"By next September we will be short 300,000 teachers," William A. Early, president of the association and superintendent of the Savannah and Chatham County Schools in Georgia, said in an interview. "I hope from this convention will come a further realization of our problem on the part of school people and parents.

• • •

"We now have 30,000,000 students in public schools, and by 1960 we will have 36,000,000. The way it looks now we will have no more teachers. We're not adding more teachers than we lose each year."

Early pointed out that the problem was not one that could be solved by teachers, but by the public.

This convention, first to be held in New York City since 1938 and the first unlimited attendance convention since World War II, has attracted more than 100 educators from foreign countries and one delegation of 1,200 teachers from Puerto Rico.

• • •

All phases of modern education, including television teaching and discussions of non-segregation in classrooms, are included in discussions by 99 separate groups and at 25 association department meetings which will continue through Friday.

The first of the series of meetings on "Education and the United Nations" was scheduled for 3 p. m. (EDT) this afternoon, with Dag Hammerskjold, secretary-general of the United Nations; Ambassador Henri Hoppenot of France, permanent representative to the U. N. and William G. Carr, Executive Secretary of the NEA, were chosen as speakers for the first U. N. program.

• • •

Mrs. Eleanor Roosevelt and U. N. delegates from various countries will address the teachers at six other U. N. programs this week.

Secretary of State John Foster Dulles called off a scheduled address at the first General Assembly in Madison Square Garden tonight, unable to leave Washington during the visit of Prime Minister Winston Churchill.

• • •

Displays that include a model "self-contained" classroom of the future are open in Madison Square Garden for the visiting teachers. The classroom, designed so a high school class stays in the same room for all classes, contains a television set, movie projector, dark room, observers' lounge, project area, discussion area and a private office for the teacher.

Avoid Extra Steps

Running up and down stairs can be thoroughly exhausting for the mother of a new-born baby. If this problem confronts you, you might consider moving downstairs for the first couple of months.

Keep all baby's things in dining-room sideboard or living-room chest. Let him sleep in the carriage during the day; bathe him in kitchen sink. At night, then, you'll make only one trip upstairs at bedtime.

Cranbrook Ceremony Unites Pair

William B. Saunders Claims His Bride, Salome Selover

BLOOMFIELD HILLS — Christ Church Cranbrook was the setting Saturday afternoon at four-thirty for the wedding of Salome Britton Selover, daughter of Mr. and Mrs. Robert Willis Budd, and Lt. William Bradford Saunders whose parents are Mr. and Mrs. Robert N. Woodruff.

The bride, who was given in marriage by her father, J. Britton Selover of Coudersport, Pa., wore a gown of antique Kative satin. The bodice was fashioned with a V neckline and yoke of pearl embroidered lace and short sleeves.

The princess skirt was draped in back to form a bustle bow falling into a train over a tiered skirt of pleated illusion.

An open lace cap, embroidered in seed pearls held a full illusion fingertip veil and she carried white roses and stephanotis.

Nancy DeWeese of New York was maid of honor and bridesmaids included Mary Grindley, Julie Otter, Mrs. Ronald Ballantyne, Millicent McIntyre, Jean Davenport of Jackson and Janet Reinstein of Chicago.

They all wore gowns of blush pink chiffon, folds of the material forming a square neckline and crossing at the back to fall in waist-length streamers. They wore pink horsehair straw hats with short veils and carried cascades of pink Bountiful roses.

Little Virginia Budd was her sister's flower girl and wore white organdy sprigged in pink. She carried a bouquet of Carol Amling roses and wore a small wreath of them in her hair.

Robert N. Woodruff Jr. was best man and ushers included David Hastings of Wilmington, Del., Allen E. Bagg of Old Greenwich, Conn., Richard Beglin of Elizabeth, N. J. Fredrick Oversch of Grosse Ile and John and Ronald Ballantyne.

Mrs. Budd wore moonstone blue taffeta with a pink flowered hat and carnations on her purse.

Mrs. Woodruff's gown was of champagne organza, her matching straw hat was trimmed with pale pink flowers, and her corsage was of tea roses.

A garden reception was given in the Budd home on Vaughan road.

For traveling the bride wore a black and white checked gingham dress and jacket with bands of black velvet and white ruching at the neck and sleeves.

The couple will spend a month in Fort Lauderdale and live in North Miami for the duration of Lt. Saunders' service in the Marine Corps.

MRS. WILLIAM B. SAUNDERS

Married Saturday in Christ Church Cranbrook were Salome Selover and Lieut. William B. Saunders. She is the daughter of the Robert W. Budds of Birmingham and his parents are the Robert N. Woodruffs of Birmingham.

Newlyweds to Honeymoon in Mexico and California

Grace Lutheran Church was the setting Saturday for the 4 o'clock ceremony which united Ruth Elaine Talmage and Elgan Roy Wood.

Mrs. Clarence J. Shaul of Winding Drive and Mr. Floyd Talmage of Drayton Plains are the bride's parents. He is the son of Mrs. Avery Triplett of Detroit and the late Everett Wood.

The Rev. Otto Schultz performed the ceremony before members of the immediate families.

The bride approached the altar wearing a ballerina length gown of candlelight lace over silk taffeta. She wore a shoulder length veil of tulle and carried a white satin prayer book with white glamellias and feathered carnations. Her jewelry was a strand of pearls.

Ella Hetherington attended the bride as maid of honor wearing a mauve tulle ballerina length gown. She carried a colonial bouquet of pink roses, feathered carnations and blue moline tuffs.

Norman F. Travis attended the bridegroom as best man.

The bride's mother chose a gown of dusty blue lace over crepe with navy accessories. Dusty rose lace over silk taffeta with powder blue accessories was worn by Mrs. Triplett.

Following a reception at Hotel Waldron the couple left for a wedding trip to California, Catalina Island and Mexico. Upon their return they will reside in Pontiac.

Rawleys Entertain Booster Members

Mr. and Mrs. John Rawley of Elizabeth Lake road entertained 40 members of the Booster Class of First Methodist Church at a picnic supper Saturday evening.

Assisting the hostess were Mrs. Pete Jensen and Mrs. Ethel Proffitt.

The Rev. Paul R. Havens told the group about his trip to the Holy Land.

Mrs. J. Cowe Entertains 40

Mrs. John Cowe entertained 40 guests at her Illinois avenue home Friday evening in honor of Mrs. Lenna Doyle.

Mrs. Doyle will become the bride of Ray Baker of Clearwater, Fla., on August 7.

Mrs. Earl Campbell was in charge of entertainment during the evening. Out of town guests were Mrs. H. G. Smith of Detroit and Mrs. Chester Armstrong of Walled Lake, nieces of Mrs. Doyle. Another niece, Mrs. LaVaughn Braddock was also present.

Like Eleanor Parker, Keep Pounds Within Limit

Don't Let Your Weight Overpower You

What's Hollywood's most distressing beauty problem? Precisely the problem that disturbs the rest of womankind in America—weight.

Three out of every four stars put on pounds unless they follow rather rigid diets. Consequently every new "miracle" diet that comes out draws a good deal of celebrity trade.

Stars have lived on bananas, wheat germ, steak, cream of tomato soup—in fact, every food fad known. Eventually they all reach the same melancholy conclusion—there is no quick, easy way to take off weight or to stay slim.

If your body chemistry is such that you gain weight easily, only a permanent diet will keep you slender. And few women (also few stars) have the will power to maintain a permanent diet.

Hollywood's stars, therefore, make an intelligent compromise about their weight that many women would do well to consider. Eleanor Parker is a good example of the Hollywood approach. Off screen, her normal weight is around 122, and she can eat cream puffs forever and never go above it.

However, the unhappy alchemy of the camera adds a good ten pounds to any girl who appears before it. So Eleanor looks heavy at 122 on screen. Her best working weight is 112, and Eleanor is professional enough to begin every picture at her most becoming (to the camera) weight.

Eleanor doesn't starve the year round, though. When she completes a picture she abandons her diet entirely—until she reaches 119. That's her margin for hot fudge sundaes—seven pounds. She has learned that she can take off seven pounds in two weeks without difficulty, but more than seven pounds is a severe and lengthy diet problem. So when she reaches 119, she immediately begins to skip desserts and potatoes.

Last month, for example, Eleanor knew that she was going to pose for advertisements for her favorite shampoo. Those color photographs of her would blanket the United States, and Eleanor was eager that she look as well as possible.

In the week before the pictures were taken, she took off three pounds—without starving — and posed, as she planned, at 112 pounds. The lovely results are in all the magazines now.

The point of Eleanor's plan, of course, is that she never lets her weight get away from her. There's a lot of difference between taking off twenty pounds and taking off three.

Taking off twenty pounds is so difficult that few women have the strength to do it. The stars simply never gain that much so that they never have a major diet problem to face.

Gift Presented to Mrs. West

Twenty-one members of the July-August group of the First Presbyterian Church met Friday at the home of Mrs. Robert B. Oliver on Elizabeth Lake to honor Mrs. Louis West who is leaving with Mr. West to make her home in California.

A gift from the group was presented to Mrs. West in appreciation for her work as treasurer over a period of several years.

A former member, Mrs. Frank Vincent of Melbourne, Fla., was a guest.

EDWARD A. BRYANT

Edward A. Bryant was among 140 seniors who recently received degrees at the commencement exercises of Lake Forest College, Ill.

High-chair Guard Permits Movement

A new high-chair guard is a safety device made of one piece of natural muslin, designed on a combination slip-cover and diaper principle.

The muslin slips over the back of the chair, goes between baby's legs, around his middle and ties in back. It permits ample freedom of movement without buttons to pull off or pins to scratch.

Wrap Frayed Cord

As soon as the cord on your iron shows signs of fraying, wrap it securely with friction tape. Be sure to begin well beyond the worn part and wrap the tape tightly in a spiral with each fold of the tape overlapping the last. Let the tape extend well past the frayed section, too.

Most Adults Seem to Derive Pleasure From Working With Their Hands

Is That Floor in Basement Damp, Cold?

First Thing to Do Is Put Treated 2 x 4s Over Concrete

By HUBBARD COBB

There are lots of basements in this world that would be just fine to remodel into something worthwhile if it were not for the fact that the concrete floors become damp in summer from condensation and cold in winter.

The way this problem can be solved is to cover the concrete over with a wood floor.

The first thing to do is to set down 2x4s over the concrete. These should be spaced about 16 inches apart and should be treated with a wood preservative to prevent them being damaged by decay or insect.

They should be placed face down. It's not absolutely necessary to fasten them to the concrete for they will be held the required distance apart by the flooring. After the 2x4s are in place, cover them with waterproof building paper. This will prevent any dampness that might be in the concrete from reaching your wood floor.

Over the concrete goes your rough sub-floring which is laid, naturally, at right angles to the 2x4s and should be nailed into the 2x4s.

What goes next depends pretty much on what you'd like and how much money you want to spend.

If the sub-flooring is of pretty good wood it can be painted and let go as is. If you wish to cover it with linoleum or tile, then you should cover it with sheets of hardboard and apply the linoleum or tile over this.

You should not apply any sort of composition flooring directly over the subflooring for it will not stand up very well.

Pack these 3—you're all set for a weekend of fun! Halter, shorts, skirt mix and match endlessly with other separates—take you out day or evening—keep you cool, active, comfortable! Sewing? Easy!

Pattern 4745: Misses' sizes 12, 14, 16, 18, 20. Size 16 bra and skirt, 3⅝ yards 35 inch; shorts, 1¼ yards.

Mary Margaret McBride Says:

Men Hammer and Whittle 'Cause It's So Much Fun

If only that teacher in grade school who complained that I was lacking in manual dexterity had taken steps! Then perhaps I'd not now be almost the only adult I know who isn't doing something with his hands.

All my life, if I so much as pick up a can opener, somebody flies to take it away from me and do the job instead.

I'm thus spared a good many boresome chores, but in time you get sensitive and begin to practice secretly with crowbar and paint brush.

A suburban friend, with whom I was discussing the do-it-yourself trend, checked off the extra-vocational interests of men and women in her block.

Miss McBride

Bill, at the corner, a teacher, spent many weekends waterproofing his cellar, a job which involved making special concrete blocks.

Andy, a salesman, who used to be a devout fisherman, is now an equally dedicated cabinetmaker, always busy with power tools in the basement. This started two winters ago when he decided to make a dry-fly box.

After months of painstaking carving the box turned out to be a treasure of rare, inlaid wood fastened with a gold and silver replica of the Andy, an extraordinarily attractive fish lure of his own invention. Andy hasn't fished much lately — no time — but his wife is wildly debating how she'll fit all his output into their house.

Jim's leisure time interest is his landscaping — but it has spread in several directions until now he is an expert on the innards of power mowers and high pressure sprayers.

His garage looks like the workshop of a tree surgeon but his grounds are the pride of the neighborhood and he's almost rid of the ulcer his high - tension career in a big advertising agency presented him with.

Ask these men and others like them why they are building shelves, finishing attics, hanging paper and most of them will murmur that it saves money. Pin them down and you find that if you include the value of their time plus cost of materials, they haven't really saved a cent.

Then maybe you can get them to admit that they hammer and saw and whittle because nothing in their lives before has been so much fun.

Such work satisfies a human need for creative accomplishment and eases modern life with its muscle - saving devices that call more and more for human beings to act as superintendents to the machine.

Speaking of whittling, the mailman just brought a package which turns out to contain a block of wood marked with patterns and a penknife with three blades. Betty, the friend who sent it, says I'll have a ball in a box when I finish carving.

I was reflecting happily that at least one person trusts my manual dexterity — and then I read further. For one whole page there was nothing but warnings from Betty on how not to hurt myself, ending with: "Be sure and don't cut toward yourself."

Quick Meal Contains Tuna, Soup

Easy to Fix Dinner Enjoyed by Man of the House

By JANET ODELL
Pontiac Press Food Editor

A fairly new resident of Pontiac is today's recipe contributor. Mrs. Arnold Wilson has lived here only since last fall when her husband came to teach at the High School. Mrs. Arnold has been a teacher in rural schools for several years herself. Her hobbies are in the creative field: she is enjoying learning to sew; and she likes to sketch and paint.

This Quick Meal is one of her husband's favorites, Mrs. Wilson told us. As a beginning cook she found it easy to fix.

QUICK MEAL
By Mrs. Arnold Wilson

1 large onion
2 tablespoons margarine
1 can chunk tuna
1 can condensed tomato soup
¼ teaspoon paprika
¼ teaspoon chili powder
Salt and pepper
Cooked spaghetti

Brown the onion in the margarine. Add the can of tuna fish, oil and all. Mix in the tomato soup and rinse the can with water, adding about a third of a canful to the other mixture. Add seasonings and simmer 15 minutes. Serve over cooked spaghetti. Serves 4.

Quiet Meals Best for Baby's Feeding

Baby will enjoy his mealtime more if it is quiet. It is not necessary to entertain him while he is eating.

Eating itself should be sufficiently interesting to him. So try to keep the family activity out of the kitchen during feedings, and don't feed him in front of the television.

Wearing Red in Europe 'Depends'

Probably Alright if One Avoids Acting Loud and Bold

By EMILY POST

A reader tells me: "I am going to Europe this summer with a friend who has traveled a good deal. I bought a red hat, shoes and purse which I had intended to wear with a suit while traveling abroad.

"When I showed my friend what I bought she told me that I could not possibly wear red abroad as the people in foreign countries consider a woman in red to be a person of questionable character.

"I can't believe such a thing is true, and certainly smart women do wear red even in Europe. It is important that you clear this matter up for me."

I would say it depends upon the amount of brightness of the red, and the conspicuosness of your own appearance and behavior. I personally have worn the brightest of very small hats and worn red shoes and carried hand-bags in red everywhere in Europe and caused no comment even from outstandingly conservative relatives.

* * *

Dear Mrs. Post: We recently had our name legally changed and would like to inform our friends of this fact. Will you please tell me the correct way of notifying them of this change?

Answer: Send out cards reading:

Mr. and Mrs. John Oldname announce that by permission of the Court they have taken the family name of Brown

* * *

Dear Mrs. Post: My daughter is marrying a man from another state. His parents are coming here for the wedding. As we live in a small apartment, it will be impossible for us to put them up.

Is it up to us to make the reservations for them at the hotel and also to pay the hotel bill? Will you please tell us what is customary under these circumstances?

Answer: There is no fixed rule for this situation. If the bride's family are well-to-do, they do perhaps take a number of rooms in a nearby hotel for members of his family, but this is not an obligation, and more often than not the groom's family pay their own expenses.

Your vacation wardrobe should include some easy-to-wash, easy-to-pack nighties for warm summer evenings. Left is a shortie with a little girl look achieved by a Peter Pan collar and ruffle at the hem. Right is a flared gown pyramiding from brief cool lace shoulder straps to a graceful flare. Both indicate cool sleeping for nights ahead.

Service Builds Dressmaking Clientele

By ANNE HEYWOOD

"I like to sew," a woman writes, "and in my home town I did some dressmaking. But now my husband and I have been transferred to a big city, and I don't know how to go about it. I want work I can do at home, and I am skilled in every aspect of sewing and dressmaking.

"Can you suggest a few possibilities for me?"

It is sometimes difficult for the newcomer to build up a good dressmaking business, because, in the beginning, you know nobody who will start the word-of-mouth chain which is so necessary for success in that field.

However, you might insert an ad in your city's leading newspapers and see what answers come in. You may find that good dressmakers are scarce, and get plenty of customers.

If not, here are a few suggestions from Marjorie O'Shaughnessy's excellent book, "Make Money at Home."

"Within the field of dressmaking, there are several subdivisions, sewing services which have proved profitable for others. One of these is altering clothes, either for individual customers or for a dress shop in your vicinity.

"Related to this is remodeling garments, or such skilled refurbishing as relining coats and jackets.

"There are also many services you can offer to women who make their own clothes. Among these are cutting and fitting their garments for them, putting in hems and waistbands, or making covered buttons, buttonholes, belts, pockets or plackets.

"Many women who sew adequately lack the skill or the patience to perform these tasks. You can become the professional troubleshooter for all the amateur needlewomen in your town."

Then, in addition to your local newspaper ads contact the woman's club, and see if they will announce your service to their members.

Also, a visit to some of the good fabric shops, or fabric departments of the department stores might prove fruitful. If you can interest the clerks, they may refer your services to women who come in for dress materials.

This merry doll is designed to protect your toaster. That's how she earns her keep in your kitchen.

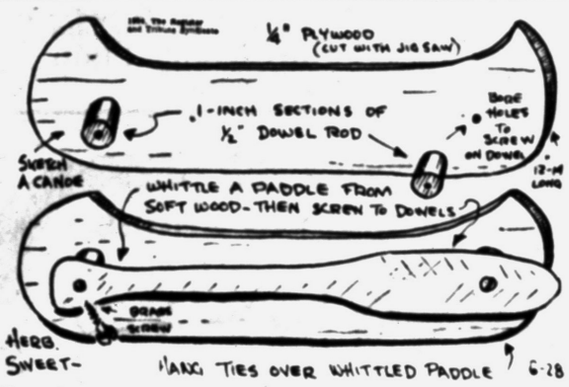
Send 25 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to 124 Pontiac Press Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York 11, N.Y. Print plainly pattern number, your name, address and zone.



Try It

A Place for Those Ties

Here is a Try It which you boys will like for it will help you find a place to hang your ties. It will be good looking too, and you may want to keep it out in your room instead of hiding it on your closet door.

Sketch a canoe on a piece of scrap plywood.

Ask your lumber dealer if he has any scrap pieces. Most dealers like to help boys make things and will be pleased to give you scrap sections.

After the outline suits you, cut the canoe out with a jig saw.

You will need a paddle, too, and this can be cut out or whittled from some soft wood.

Your tie rack is now ready to put together. You will need two pieces of one-inch dowel, bore a hole through them and screw the paddle to the canoe. Sand and stain your rack and add a design if you like.

Perhaps you may want to make one of these holders for dad, too. You can make your rack about 12 to 14 inches long, but you may want to make his a little longer.

In Broken Homes

It's Really Self-Accusation

By MURIEL LAWRENCE

Now that school's over, Mrs. P. is again preparing to send her two children to her divorced husband for the summer.

She dreads their goings and comings. For the children always return from these annual vacations to their father and his second wife very critical of their mother.

"These people find fault with everything I have given the children from their table manners to their clothes," writes Mrs. P.

"I know the youngsters simply re-echo what they hear. Yet if I attack their father and his wife, they get upset. What do I do? Just go on taking these second-hand attacks?"

An attack on us is the attacker's problem, not ours.

To know that is one thing; to practice it, another. I hope Mrs. P. can practice it, for it will represent her victory over self-accusation.

Accusation between divorced parents usually represents self-accution in them both.

This is understandable. No parent enjoys the responsibility of depriving his children of the other one. Though we may be sure we have had the best reasons for divorcing him, our feelings still tell us that we have failed in an important human relationship.

Unless we are strong enough to acknowledge our failure without self-reproach, we may try to rid ourselves of it by turning it on the other fellow.

We resentfully accuse him of doing badly by the children because we're so ashamed we've not done better by them ourselves.

We want to call their attention to every fault we can find in our ex-spouse in order to convince our youngsters that our failure is not our fault.

If Mrs. P. isn't afraid to acknowledge her own part in her marital mistake, Mr. P's exaggerated accusations should not disturb her.

I am not minimizing the gravity of marital failure. But we are not broken by one failure into unrelenting self-condemnation unless other, less serious failures have left us in a morally weakened state.

If we do suffer from such self-condemnation, as Mrs. P. seems to, it's time for self-exploration. We may lack the power to see our marital failure in perspective because it climaxes years of secret fear that we're not much good to anybody.

Traveling with baby is easy when you pack things into a hat box that can be hung over your arm. This leaves both hands free for the baby. The off-round shape of this one keeps it from rolling when you set it down, yet it holds enough clothes for a weekend.

Modesty is the art of encouraging people to find out for themselves how important you are.

Boy Just Likes to Bluster

By ELIZABETH WOODWARD

After a breakup, things are different. You can't expect a boy to act as though nothing had happened.

Of course, if you never bump into each other again, it's easy. Each of you has memories of a friendly parting, a miserable fight, a gentle goodbye or bitter words.

It's harder to know exactly how to act when you see each other every day. There's bound to be some tension when two people who have agreed to disagree are constantly being tossed together.

Can they ignore each other? Should they be indifferently polite? Should they act as friendly as though the ax had never fallen?

That's the puzzle that has this girl churning. Her own attitude and feelings are clear enough to her. What she wants to do is make her ex-boy friend act more human. Here's what she writes:

"Dear Miss Woodward: I just recently broke up with a boy, but I would still like to be friends with him. When I see him alone, he's very nice to me. But when anyone else is around us, he always has to fight with me. How can I keep him from fighting when others are there to see and hear it?"

Your blustering boy friend is, I suspect, putting on an act for the benefit of your audience. He's supposed to have broken off with you. He's not supposed to like you any more. Everybody knows that you aren't going together any longer—and they assume it must be because he can't stand the sight of you. So he fights with you. He thinks he's living up to what other people expect of him.

You act as though you still like him, and want to go on being friends. And you've undoubtedly told enough of your girl friends for the news to get around. That puts the blame for the breakup on him. And he knows it.

It's enough to make your meetings bristle with resentment and bitterness. He's probably shy with you when other people are around. He fidgets with nervousness. He doesn't feel calm and collected, so he doesn't act that way. He needles you instead.

And though you can't help him much in his dilemma, you can remember that it takes two to make a fight. There's no point to his baiting you if you just won't rise to it.

Perhaps you're expecting too much of him. Expecting him to behave as though you were the best of friends. From this point on don't be so aware of him.

Give him friendly indifference, and concentrate your real attention on the audience. Be gentle with him, and pay no heed to his cracks. He'll stop fighting when he realizes that nobody expects it of him.

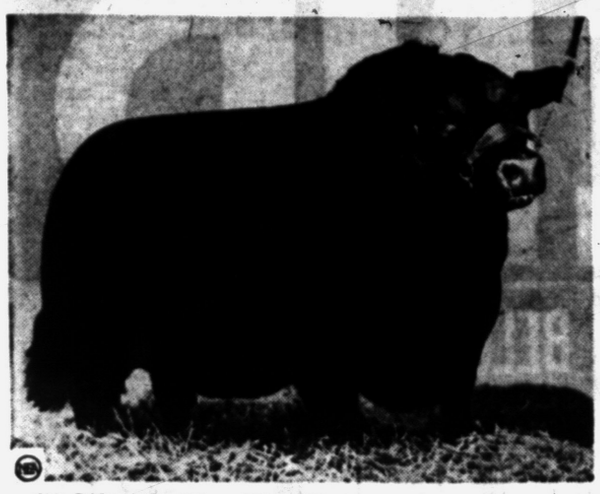
Highest-Priced Texas Bull Outshone by First National



NO BALONEY—Prince 105 of TT draws crowds as the world's highest priced bull, but the crowds go away talking about First National.

KAUFMAN, Tex. (NEA)—At the 4-Wynne Angus farm, nestled on rolling grazing lands of East Texas between Kaufman and Tyler, there lives, for six months of the year, the highest-priced bull in the world, Prince 105 of TT.

The other six months the Prince takes over at the Simon Angus farm near Wichita, Kans. The ranching Wynnes and Billy Byars of Tyler paid $115,000 just for a half-interest in the gold-plated critter.

The Prince, born May 5, 1949, has rolled up one of the biggest breeding records since being retried from the show ring to become a herd bull. Young prospective herd sires by the Prince have averaged $26,120.

Big things have been done for the Prince. He's been flown around the country and has been put up in air-conditioned hotel rooms. He draws big crowds to the Wynne farm but, strange as it may seem, they go away talking about another big fellow, First National.

First National is the pride and joy of Angus Wynne, who with his wife and sons, Angus, Jr., and Bedford, own the farm. He is an almost seven-foot-high cross-breed steer (three-eights White Face and five-eighths Brahman) and at present is down to a measly 2,795 pounds.

Ranch foreman Joe Ellis Jr. says, "The big boy is still a youngster—only six—and he's still growing. He usually weighs around 3,000 pounds, but he's been running around in the pasture since last September and has lost a little weight. He'll keep on growing until he's eight and will finally weight about 3,500 pounds."

He's so big and eats so much that Wynne started calling him First National "because," he kept telling his friends at the first National Bank in Longview, "it wil ltake the combined efforts of the Yynnes and the bank to to keep him in feed, and the name sorta stuck."

Each year when Longview has its show, Wynne takes First National down and always prepares an appropriate sign informing the crowds how the bank played a "very big part" in the raising of the giant steer.

Wynne, a Dallas attorney, became interested in cattle some 20 years go, and has developed some fine herds and show bulls since then.

He started cross-breeding White Face and Short Horns with Brahman a few years aback, keeping the biggest from the experiments. First National is the result. The Wynnes keep him round to show what they have been able to accomplish with commercial cattle on the blacklands of Kaufman County.

On the 7,000-acre spread of the Wynne farm, about 100 registered Angus and a commercial herd of around 500 roam the grasslands. A full-time crew of 15 men tend the big farm.

"There's nothing on this farm that is dangerous," says foreman Ellis. "Most of the herd is gentle, especially the Prince and First National; they wouldn't hurt anything or anybody."

A LA PAUL BUNYON—First National, who may be the world's biggest bull, dwarfs two-year-old Joan Ellis and steals the show from high-priced Prince. First National probably approximates Paul Bunyon's famous blue ox, Babe.

Golden Rule Class Helps Pair Mark Anniversary

CASS CITY — A celebration of the silver wedding anniversary of Mr. and Mrs. Lawrence Buehrly highlighted the June meeting of the Golden Rule class of the Evangelical Church Friday night.

The July meeting will be held at the Leonard Damm cottage at Oak Beach.

School Building Started

MARLETTE — Construction of Marlette's new elementary school was launched last week by the Volmer Construction Co.

Farm Export Increase Cited

April Sales Reported Up as Plan Develops to Hike Shipments

WASHINGTON (INS)—The Agriculture Department reported an upturn in farm exports during April today as Agriculture Secretary Ezra Taft Benson prepared to outline plans for increasing foreign shipments of U. S. farm commodities.

The latest report of the Foreign Agricultural Service shows that exports of American farm products in April were valued at 258 million dollars. This was a rise of six per cent from thw 244 million dollar evaluation of exports for March.

In addition, it marked an increase of 15 per cent from last April, when shipments of farm products abroad were valued at 234 million dollars.

Meanwhile, Benson will discuss the export issue late today when he meets with newsmen.

The secretary will use a report made by trade missions to Europe, Asia and South America as the basis for his remarks, and may even announce some recommendations to Congress.

Leaders of the trade missions already have told newsmen they believe there is need for a loosening of restrictions on trade—particularly in the tariff field.

They have pointed out that people abroad are unable to buy U. S. farm commodities because they are unable to earn dollars by selling their own products to America.

Service in Bride's Home Joins Couple in Marriage

METAMORA — United in marriage in the bride's home last week were Mrs. Harry Frances of Lapeer and Lloyd Copeman of Metamora.

Attendants were the bride's daughter and son-in-law, Mr. and Mrs. John I. Pittwood of Detroit.

Guests were present from Detroit, Laper and Metamora.

When summer begins late in June, the sun appears to end a northward movement and remain in one place for several days before starting south; hence "summer solstice" from a Latin phrase meaning "when the sun stands still."

House to Debate Foreign Aid Bill

Whole World Relations Field Will Have Effect on Decision

WASHINGTON (AP)—The House today starts considering the 3½-billion-dollar foreign aid program amid signs the debate will range over the whole foreign policy field.

The measure, always controversial, comes up at a time when many congressmen are irked at British proposals for a Far Eastern nonaggression pact and French efforts to obtain an early Indochina truce.

* * *

Twelve members of the House Foreign Affairs Committee have advised President Eisenhower that, unless he repudiates in "unmistakably clear" terms any American support for a nonaggression treaty with Asian Communists, the entire foreign aid program "must be reexamined."

At the same time, strong election-year attempts to prune down the measure are anticipated, despite the President's declaration that any cuts would be "unjustified and unsafe."

The president seemed assured of considerable Democratic support in efforts to beat off major slices.

* * *

The House Foreign Affairs Committee, with unprecedented tenderness, snipped only seven million dollars from administration requests and approved $3,470,208,000 for the year beginning July 1. This is only a ceiling for new funds. The actual appropriations must be voted later.

These are main provisions in the bill which the House debates today, with a final decision later in the week:

Global military aid — a total of $1,430,000,000 or 39 per cent of the total. Funds of $617,500,000 for Europe, a third of last year's total, contain a ban on shipping arms to France and Italy until they join an international army. Spain is earmarked, for the first time openly, for $73,700,000. The Far Eastern total, $583,600,000, is little more than half of last year's allotment and covers Indochina. The Philippines, Formosa, Thailand and prospective new aid to Japan.

* * *

Special military aid — a total of 800 million dollars earmarked for Indochina with authority for the President to use that sum anywhere in Asia. An additional 145 million is earmarked for the direct support of military forces.

Defense support — a total of $464,580,000 has been earmarked to help the economies of nations strained by rearmament programs, including $241,300,000 for Korean rehabilitation.

Development assistance — a total of 224 million to help underdeveloped areas. Half of this must be in repayable loans.

Technical (Point Four) aid — $131,528,000, including a disputed 85 million to India.

Playgrounds Open

DETROIT (UP) — The 40th Department of Parks and Recreation playground season opened today with 614 supervisors watching over children at 373 play areas totaling 5,732 acres.

Tot Tired but Undaunted After 40 Hours in Woods

MARKLEEVILLE, Calif. (AP)—Little Kathy Paxton, who survived more than 40 hours without food or shelter in the High Sierra wilderness with no more serious consequences than a couple of bumps, is going back to Woods Lake to finish her vacation today.

The red-clad 5-year-old was located up the granite cliffs 1½ miles from Woods Lake yesterday by Alvin Van Dell, 30, a timber cruiser. He joined the search "because I knew the country around there."

Van Dell and a friend, Louis Avery, started to work the high country because they thought others among the 500 looking for Kathy had thoroughly worked lower lands. Woods Lake is at the 8,500-foot elevation near Kit Carson Pass on the ridge of the High Sierra.

* * *

They found Kathy's footprints—but lost them. After circling fruitlessly, Van Dell called, "Lou, Lou" to Avery.

But it was Kathy who answered.

"Why don't you call me?" she piped from a nearby ledge. She had been sleeping in a crevice when Van Dell called from only a few feet away.

Hardly daring to believe it was she, the tall lumberman asked: "Are you Kathy?"

"Yes," she replied with a tiny smile, "and I'm tired."

* * *

So Van Dell carried her, chattering about her experiences all the way, half a mile back to a road where a California highway patrol car was waiting with her stepfather, Stewart Crandall of Cupertino.

She was rushed to search headquarters, where a doctor from Stead Air Force Base near Reno was waiting. Aside from a bruised eye and a chipped tooth suffered in a fall, plus not having eaten for more than a day and a half, Kathy was declared all right.

But to mke sure, an Air Force ambulance took her and her mother to Carson City, Nev., for a more thorough check. Kathy smiled and waved at everyone, and only cried when she learned that the ambulance wasn't to take her back to the camp at Woods Lake.

* * *

After it was all over, Mrs. Crandall said:

"If that's what she wants, to go back to the camp, we'll do it. Perhaps the fun there will make her forget the happening. But it'll not make me forget. I feel like 93 instead of 33."

Then she added, "And I'll never forget those wonderful men who hunted and hunted almost without rest while Kathy was lost. I'm just grateful to everyone and everything."

* * *

Kathy disappeared Friday evening. She said she drank water from a hole but had nothing to eat.

"At night I lay down on some pine needles," she said. "It was awfully cold."

It was — 34 degrees each night.

Proudly, she added:

"I was never scared."

Keyes Dampens Harmony Rally

Avoids Unity Pledge to Support Candidates If He Is Defeated

LANSING (AP) — Into each life a little rain must fall. So Dr. Eugene C. Keyes acted as rainmaker at the Republican Party's unprecedented harmony rally Saturday.

Three candidates for the Republican nomination for governor stood up loyally and each promised that if he were defeated in the Aug. 3 primary he would support the winner.

But the fourth candidate, Keyes, former Lieutenant Governor, avoided the unity pledge and declared to newsmen: "I consider it my duty to inform the voters of the shortcomings of the other candidates."

Keyes had this to say about the other three Republican candidates:

Of Donald S. Leonard, former State and Detroit Police Commissioner: "A cop who for years was a protege of the notorious Harry Bennett (former head of the Ford Motor Co. plant protection department.)"

Of Sec. of State Owen J. Cleary: "A wishy-washy nincompoop."

Of State Treas. D. Hale Brake: "Not too bad."

Five hundred hot but enthusiastic Republicans paid little attention to Keyes at the Saturday afternoon meeting called by the State Central Committee to pledge each candidate to party unity and to forestall any post-primary feuds which might harm the Republican nominee in November.

Leonard, Brake and Cleary each pledged full support for the other. They were given 10 minutes to discuss their candidacies at the meeting.

Brake offered a "two year plan for building party cohesion without boss control."

Cleary reiterated his pledge to produce a "Michigan plan" to develop the state and take advantage of the growth expected from construction of the St. Lawrence Seaway.

Leonard promised to find places in state government for Cleary and Brake if he were elected.

Rotary Clubs Grow in West Germany

MARBURG, Germany (AP) — Rotary International, which the Soviet Union forbids in the Communist bloc, is growing fast along the Iron Curtain. Wet Germany's 66th Rotary Club has just received its charter in Marburg.

This American-conceived movement for friendship among nations was introduced in Germany in 1927. Adolf Hitler banned it and dissolved 40 clubs in 1934 after he had assumed dictatorial power. When the West German Republic was set up in 1949, Rotary came back.

Total German membership now exceeds 2,200. Five or six new clubs are being chartered in this country yearly.

Ring Dropped in Lake Found 23 Years Later

CLINTON, N.C. (UP) — Dr. J. M. Chestnutt didn't really expect to get back the ring he lost while bathing in White Lake near here.

But while diving for sand, 11-year-old Claudia Herring brought up the ring in a handful.

Dr. Chestnutt's name was on the ring, so, of course, he got it back — after 23 years.

HAIR WE COME—Tip to tip, 19-year-old Henriette Van Elzen's pigtails measure a good three feet, as displayed by Gillian M. Steed, of South Africa. Henriette, from The Netherlands, arrived in New York with Gillian and 30 Girl Guides from eight countries aboard the liner United States to be summer guests of the Girl Scouts of America. Program is sponsored by the Juliette Low World Friendship Fund.

Tunisia Now Without Any Government

TUNIS, Tunisia (UP) — Nationalist torn Tunisia lacked even a caretaker government today to handle its troubled affairs.

Mohamed Salah M'Zali's cabinet, which resigned 12 days ago, served notice yesterday it would not attend to any more administrative business for this French North African protectorate. The French administrative government was handling the protectorate's business on a stop-gap basis.

When the ministers resigned June 16, they cited as the reason "the return to methods of violence and the incomprehension of certain groups."

The day before three pro-French leaders were assassinated. The act was blamed on Nationalist terrorists.

Campaign Head Says Joe Will Be Asset

NEW YORK (UP)—The chairman of the GOP Congressional Campaign Committee says communism will definitely be an election issue this year and Sen. Joseph R. McCarthy (R-Wis) "will prove to be an asset" to the Republican party.

Rep. Richard Simpson (R-Pa) said yesterday. "We can elect more Republicans if we use McCarthy" throughout the country. He said on a television program he will "urge" McCarthy to campaign for GOP candidates who ask his help.

Bus Driver Gives Change

NEW HAVEN, Conn. (UP) — A former bus driver, William F. Landy, willed $10,000 to his company and cut off his brother and two sisters with $5 each.

Consider Ethics of TV Coverage

Senate Group Studies Possible Curbs Over Live Telecasts

WASHINGTON (INS) — Sen. Prescott Bush (R-Conn), called today for swift adoption of a code of ethics which would insure "justice and fair play" in Senate investigations.

His proposal came on the heels of a suggestion by Vice President Richard M. Nixon that televised coverage of congressional hearings be curbed because it "tends to create a circus atmosphere."

Bush was scheduled to be one of the lead-off witnesses at hearings which start this afternoon on recommendations for revising rules governing Senate investigating committees.

Nixon is expected to climax the three-day opening round by testifying Wednesday before the special rules subcommittee headed by Sen. William E. Jenner (R-Ind.).

The hearings are an outgrowth of a drive by GOP leaders, inspired by President Eisenhower, to change Senate rules and meet objections which have been raised to methods used by Sen. Joseph R. McCarthy and other investigators.

In testimony prepared for the initial session, Bush asserted: "An investigating committee working in the field of subversion need not cast aside standards of fairness in order to obtain results."

Riled Over Recipe Heist

CLEVELAND, O. (UP) — Mrs. Viola Bannerman is put out at a burglar. It wasn't the $4 in grocery money he stole, but her recipe collection which she had assembled over a decade.

Trooper Pages Man to Make an Arrest

SHELTON, Conn. (UP) — Lionel Adams, 23, of Southbury was paged at a movie theater here last night.

He left his seat and went to the lobby, where he was met by state policeman Glen Thomas.

Thomas took him to the state police barracks and booked him on a charge of stealing a rowboat. He was released in $100 bail.

The battleship Missouri has 9½ acres of deck space.

If you want to be sure your family gets needed hospital care... without financial risk to you...

Get protection that pays HOSPITAL SERVICES rather than limited cash!

BED
BOARD
OPERATING ROOM
OXYGEN
DRUGS
MEDICINES
and all other basic services!

Unlike plans that give you limited cash to pay your hospital bill *(with no assurance that you'll get enough cash!)*, BLUE CROSS pays in hospital services themselves!

WITH ONE IN THREE FAMILIES facing hospital bills each year, the importance of having hospital bill protection can't be overemphasized.

But important as it is to have protection, it is equally important that you have *enough* protection. And what kind provides enough?

Is it the kind that pays you *limited* dollars . . . with *no guarantee* that the dollars you get will cover the cost of hospital services you need? (And no matter how hard you try, you can't tell in advance which services you'll need . . . or how much they'll cost!)

Or is enough protection the kind that pays in hospital *services* themselves?

This kind of protection . . . hospital *service* protection . . . is the whole idea of BLUE CROSS! And it is this *hospital service* feature that sets Blue Cross apart from cash-limit plans. Because the prime purpose of Blue Cross is to *provide you with the hospital care you need* . . . not just dollars.

How Blue Cross protects you with hospital services

All you do when you have to go to the hospital is present your Blue Cross - Blue Shield identification card. It's an A-1 credit rating at any Blue Cross participating hospital, good for all the basic hospital services you need . . . including essential services such as operating room, laboratory tests, drugs and medicines, and all other *basic* services you need. And every enrolled member in your family is protected this same way . . . at over 200 Blue Cross participating hospitals in Michigan *alone*, with 99% of the general hospital beds in the state.

No wonder over 3,000,000 Michigan people *have* Blue Cross. Chances are, your neighbor has it. Why not talk it over with him . . . and see if he doesn't agree that there is no finer protection at *any* price!

How Blue Shield protects you on doctor bills

Rarely would you have a hospital bill without having a doctor bill. But paying a doctor bill is different from paying a hospital bill. Ask your doctor ahead of time what his charge will be. Almost always he can tell you. Still, protection against doctor bills is an important safeguard for your savings . . . *and here is where Blue Shield comes in!*

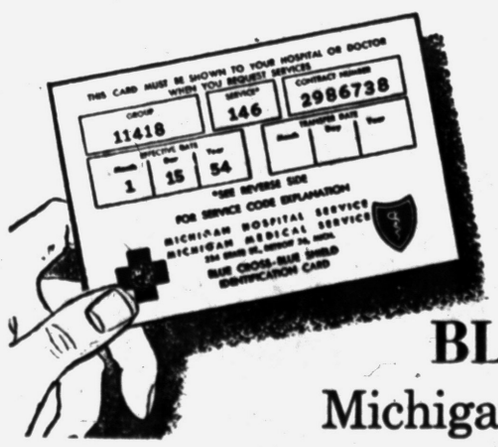
Blue Shield offers two basic plans—one, a straight surgical plan, the other, a medical-surgical plan. Under either plan, Blue Shield pays generous, specific amounts directly to your doctor for thousands of surgical procedures, including maternity care. And in non-surgical cases, under the medical-surgical plan, Blue Shield also pays liberal amounts for your doctor's visits to you in the hospital. Often the doctor's full bill is covered.

The cost is low

For only pennies per day, you and your entire family can enjoy the wonderful peace of mind that comes with having Blue Cross - Blue Shield. To *keep* cost low, Blue Cross - Blue Shield do not pay for purely diagnostic procedures, including physical examinations, or for procedures which can be handled properly in a doctor's office. You, too, can help keep costs low . . . by using Blue Cross - Blue Shield only when necessary.

How to get Blue Cross - Blue Shield

Ask your employer, your union representative, your Farm Bureau or Grange how you can protect your family with low-cost Blue Cross - Blue Shield group enrollment. A company with as few as five employees may qualify as a group. *And small groups can have just as much protection as large groups . . . at the same low cost!* Write or phone your nearest Blue Cross - Blue Shield office.



Your ticket to worry-free recovery! Remember . . . chances are 1 in 3 that your family will need protection this year!

BLUE CROSS—BLUE SHIELD

SKETCH OF NEW OFFICE—Here is an artist's sketch of the new home office of Pontiac Federal Savings & Loan Assn. The $225,000 building will be built on the south side of West Huron street, east of Genesee avenue. Preliminary plans for the office have been approved by the association's directors.

Pontiac Savings and Loan Association Approves Plans for New Home Office

Preliminary plans for a new home office for the Pontiac Federal Savings & Loan Assn. have been approved by the directors. It will be built on the south side of West Huron Street, shortly to the east of Genessee avenue. Cost will be approximately $225,000, according to R. C. Cummings, president.

The structure will be one story and basement, built of brick, with stone trim. It will have 94 feet of frontage of Huron, with a depth of 70 feet.

The main floor will house the lobby, tellers' windows, bookkeeping equipment, conference and closing rooms, offices and a drive-in window.

The basement will provide a room for group meetings, storage vault, heating equipment and rest rooms.

The association owns 122 feet of frontage on Huron street, which will afford ample room for a double driveway leading to a large parking area at the rear. Leo J. Heenan, architect, is preparing plans on which bids will be asked.

The association's present quarters at 16 East Lawrence street will be retained as a downtown branch after the new home office is occupied. Another office is maintained at 407 Main St., Rochester.

The association was incorporated in 1934. Its growth for many years was gradual, but since 1950 its footings have doubled and now total more than five million dollars.

Need for additional space has been caused by the rapid growth of the association, according to President Cummings.

"Our footings reached the five million dollar mark in May," he said. "By midyear they will top five and a quarter million dollars. Our present home office is becoming inadequate.

"The new building not only will provide us with the needed space but will add a substantial and attractive building to Pontiac's expanding business area. And it will have ample parking area for customers."

Secretary Sees Full Recovery for Blair Moody

HANCOCK (UP)—Former Senator Blair Moody's press secretary said today that doctors at St. Joseph health center here expect the 53-year-old Democrat to be back on his feet this week.

Ron Linton said doctors told him Moody is "much improved" from an attack of virus pneumonia suffered last Thursday and that "exhaustive examination" has established that Moody "did not suffer a heart atatck."

The illness is virus pneumonia," Linton said. "It produced some symptons which at first appeared to have the same effects as a heart attack."

The one-time Detroit newspaperman, who was appointed to the unexpired term of the late Sen. Arthur H. Vandenberg in 1951 by Gov. G. Mennen Williams, was making a swing through the Upper Peninsula in his campaign for the Democratic senatorial nomination in the Aug. 3 primaries when he was stricken.

Kidney Ailment Fails to Halt Billy Graham

FRANKFURT, Germany, (UP) — American evangelist Billy Graham, who got up from a sickbed to preach to 75,000 Germans in Berlin, entered the U.S. Army Hospital here today for a medical checkup and treatment.

The 35-year-old North Carolinian flew to Frankfurt from Berlin this morning.

Graham's press spokesman said, "He's getting along fine and it's nothing serious. We hope to be able to fly to Paris tomorrow."

Graham is scheduled to conclude his European tour there Wednesday.

Graham was first stricken with a kidney ailment in Dusseldorf last Thursday night. He rested Friday, then flew to Berlin Saturday morning to preach there Sunday.

GOP Fights Dem This Campaign With String Ties

LANSING (UP) — The 1954 election campaigns in Michigan looks like the battle of the bow ties.

For years, Gov. Williams' green and white bow ties have been the political trademark of the Democrats.

But now at Republican rallies the faithful are flaunting old-fashioned string bow ties in many colors, each marked "1954" on each pendant string.

The ties are a build-up for the celebration of the 100th anniversary of the founding of the Republican Party at Jackson.

500 Unionists Accept Pay Cut

To Help Their Employer Out of Money Difficulty and to Keep Jobs

MARYSVILLE — UP — A CIO United Auto Workers official said today 500 unionists have agreed to accept a pay cut to help their employer out of financial difficulty.

"We are willing to make whatever rate adjustments are necessary to tide the company over its present financial crisis," said Harold C. Davis, president of UAW Local 689.

John D. Leighton, president of Pressed Metals of America Inc., said his firm's financial troubles began when Ford and Chevrolet stopped buying front - end automobile suspensions. Both now are buying re-designed units from another company.

Pressed Metals and Local 689 have been involved in a new contract dispute since last February. The local's membership voted recently to strike to support contract demands.

Two days ago, Leighton disclosed the company's financial plight and told the union the firm would be "liquidated" unless the union stopped pressing its demands.

Davis said the union did not know of the company's money troubles when the strike vote was taken.

"We are certainly willing," he said, "to take whatever adjustment in pay that is necessary to keep the company operating and our men at work."

Davis said Leighton informed the union that the company was designing a new front - end suspension in hopes of recovering lost business. Company and union officials scheduled a meeting for today to discuss details of the wage adjustment.

Police Quiz Suspect in Woman Slaying

WILMINGTON, Del. (UP)—John H. Benson, 41, was held by authorities today for questioning in the slaying of a 36-year-old Detroit woman last June 14.

Benson was arrested here yesterday by two city police detectives.

Police said Benson had waived extradition. He is wanted for questioning in the slaying of Elizabeth Ponders. Her body was found last June 14 in the basement of her Detroit home.

The victim's mother, Mrs. Laura Collins, told police the last time she saw her daughter alive was on June 13 when Benson called to take her to a show.

Boy, 7, Is Severely Cut by Fall Into Storm Door

Thomas Boulan, 7, suffered a deep cut on the right arm Sunday when he tripped and crashed into the glass of a storm door at his home at 3655 Crooks Rd. He was treated at St. Joseph Mercy Hospital.

The boy's father, Herbert, applied a tourniquet to the arm before summoning police. Chief David Gratopp of Troy Township rushed the boy to the hospital.

Ike, Lincoln to Head GOP Election Ballot

LANSING (UP) — President Eisenhower takes his place along side Abraham Lincoln now.

The Republican State Central Committee voted Saturday to change the party's vignette (emblem) which heads the Republican column on the November election ballot.

The new vignette carries the word "Republican" at the top. Drawings of Lincoln and Eisenhower are superimposed on an unfurled flag, with their names beneath.

The old vignette had Lincoln's head on an unfurled flag with the words "Republican Ticket" framing the picture at top and bottom.

McCarthy Aide May Resign

Report Carr to Accept Private Post Because 'Unjustly Smeared'

WASHINGTON (INS) — Francis P. Carr was reliably reported ready to hand Sen. Joseph R. McCarthy his resignation as an aide to the Wisconsin Republican because feels he was "unjustly smeared" in the explosive McCarthy-Army hearings.

Carr, a key figure in the controversy, is staff director of McCarthy's Senate investigations subcommittee. It was reported by a close friend that he is giving up his post to take a job with private industry.

McCarthy, who left for a vacation at a secret site as soon as the televised hearings ended nearly 10 days ago, is expected to return to Washington either today or Tuesday.

Carr, enroute by auto Sunday night from Newport, R. I., to Washington, was said to be prepared to hand in his resignation as soon as the senator returns.

A confidant of Carr's reported that the 37-year-old, ex-FBI agent decided to quit his post with the McCarthy committee because "he got tired of the harassments and felt he was unjustly smeared even though he was cleared by the special subcommittee."

Youth Hurt as Car Flips

Terry E. Kelley, 18, of 3461 Mill St., suffered face cuts last night when his car skidded on loose gravel and rolled over on Coolidge road about a fourth mile south of South boulevard, according to Troy Township Police Chief David Gratopp.

Ex-Red Describes Soviet Genocide

Former Expert Tells of Methods

One-Time MVD Officer Recalls Deportations, Wholesale Murder

MUNICH (INS) — A former high-ranking officer in the MVD — the dread Soviet secret police — told a U. S. congressional committee in Munich today that mass deportation and wholesale murder is the "routine way" in which the Communists enforce their rule.

Gregori Stephanovich Burlitski—described as an expert in genocide—told the fact - finding committee headed by Rep. Charles J. Kersten (R-Wisc), of his career before he fled to the West.

("Genocide" has been defined before the United Nations as the mass destruction of racial or national groups.)

The former lieutenant colonel in the MVD told the Kersten committee:

"Mass deportation, genocide and similar brutalities are no more than the routine way of operation in the Soviet's book of enforcing their overlordship, regardless of whether it is over their own people or others."

The Kersten committee is investigating Russia's seizure in 1940 of the Baltic republics of Latvia, Lithuania and Estonia.

The 36 - year - old ex-secret police agent told how he once helped to supervise the huge, mass deportation of almost a million people from the autonomous Soviet republic of Checheningush, located next to Georgia in Southern Russia.

The deportation, Burlitski said, occurred in 1944 when he was a captain in charge of a detachment of MVD troops on a special assignment.

While the hushed audience listened the one-time MVD officer told how thousands of helpless people were herded into cattle trucks and sealed railroad carriages in bitterly cold weather during a 24-hour period.

40,000 Die Yearly of Snake Bites, U.N. Agency Says

GENEVA (UP)—Thirty to forty thousand people die each year from snakebite.

That's the conclusion reached by a United Nations agency, the World Health Organization (WHO), after the first attempted worldwide survey of snakebite mortality.

* * *

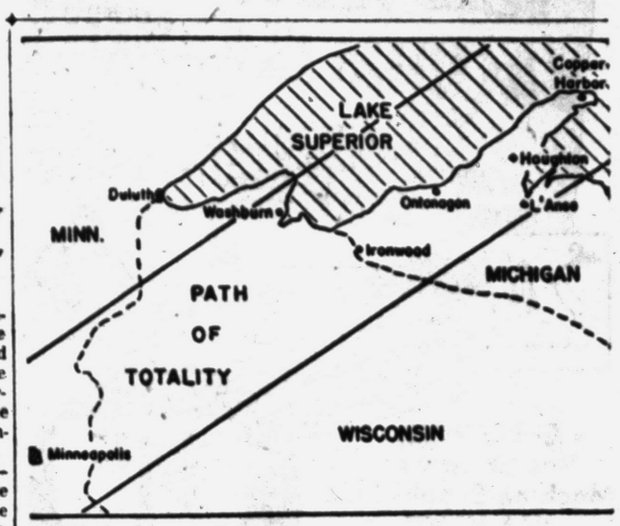
The survey was conducted in order to estimate the need for international standardization of serum against snake venoms.

The compilers consider their estimate of fatalaties "extremely conservative" since according to them only a fraction of snakebite deaths ever are recorded.

Asia suffers most from deadly snakes. From 25,000 to 35,000 persons a year perish from this cause there. The estimate for South America is from 3,000 to 4,000; for North America (including Mexico) from 300 to 500, and for Eruope 50. In the United States there are some 10 to 20 snakebite deaths a year. The figures include no estimates from behind the Iron Curtain.

* * *

There are 2,500 different kinds of snakes, says the study, but only 200 are dangerous to man. Burma is the nation most plagued with poisonous serpents. There 15 people out of every 100,000 die each year from their bites.



PATH OF TOTAL ECLIPSE—A total eclipse of the sun will occur Wednesday over Michigan's Upper Peninsula between the two black lines on the map, University of Michigan astronomers say. For southern Michigan viewers, the eclipse will be about 87 per cent. But in the area shown above, the sun will be completely covered for a minute and 22 seconds about 6:09 a. m. The path is about 70 miles wide.

Pontiac Astronomers Head North to Try to Film Eclipse

Armed with a movie camera, two Pontiac astronomers hope to "shoot" a total eclipse of the sun Wednesday from the wilds of the Keweenaw Peninsula.

They believe their quarry will be elusive.

Dr. A. Keith Pierce and Clifford Bennett, staff members of McMath - Hulbert Observatory, Lake Angelus, plan to head for the north woods

"This isn't a scientifically sponsored expedition," Dr. Pierce said. "It is primarily for our own edification."

The astronomers seek pictures of a phenomenon so rare that it has occurred only once before in Michigan in this century and won't occur again, in Michigan, until the year 2114.

Their chances of seeing it are slim.

"We've only got about one chance in five of succeeding, for mist and clouds probably will obscure the eclipse," Dr. Pierce said. "We plan to get on a hill so we won't be bothered by mist."

The pair is traveling to the Keweenaw Peninsula because that area is directly underneath the path of the eclipse. Although Pontiac residents could see a partial eclipse if weather conditions are favorable, they are too far south to see the total eclipse.

The full eclipse—caused by the moon blotting out the sun—will be confined to a relatively narrow belt in Michigan through the Upper Peninsula.

Dr. Pierce said they hope to film the phenomenon during totality, roughly at 6:09 a.m. Pontiac time. Partial eclipse stages will last about two hours.

Dr. Pierce and Bennett would become famous if they were the only ones to film the eclipse.

This is unlikely, however, as the eclipse will occur over other sections of the world and many expeditions to eclipse areas are being planned in countries where observation conditions are more favorable.

PHS Graduate Gets $500 Scholarship

Frederick D. Smith, a 1954 graduate of Pontiac High School, has won the first annual $500 scholarship of the Urban League Guild of Pontiac. He will enter the University of Michigan in the fall.

SMITH

Smith, the son of Mr. and Mrs. L. C. Smith of 219 Rapid St., was selected from four candidates, announced the guild's trustees of the scholarship fund. Fund trustees are Willard V. Johnson, Mrs. William B. Dean, Mrs. Arthur J. Selden, Dr. Howard H. McNeill, Judge H. Russel Holland and Lucy Hayden.

Shriners Throng Boardwalk City at Annual Confab

ATLANTIC CITY, N. J. (UP)—This resort city braced itself today for a week of capering and clowning by fun-loving Shriners.

Thousands of members of the Ancient Order Nobles of the Mystic Shrine began pouring into town by train, plane, bus and yacht yesterday for the opening of their annual imperial council session.

Thousands more arrived today for the six-day convention which will be highlighted by at least four big parades and a stage show — with proceeds going to the 17 Shrine hospitals for crippled children.

The famed boardwalk was jammed with Shriner strollers, each wearing the brilliant red fez with a long black tassel.

On tap tonight is a Mardi Gras on the boardwalk, complete with band and chanter serenaders. About 50,000 Shriners in all are expected for the convention.

A 15-car train hit town yesterday, carrying members of the Ararat Temple of Kansas City, Mo.—which is the home temple of Frank S. Land, who succeeds Remmie L. Arnold of Petersburg, Va., as imperial potentate next Thursday.

Yachts from Baltimore dock here today, bearing Shriners from Buoni Temple in that city.

Bon Mots Abound

President's Chief Aides Fascinated by Churchill

By MARRIMAN SMITH

WASHINGTON (UP)—Backstairs at the White House:

Prime Minister Sir Winston Churchill may be 79 years old and walking a bit more slowly, but he has lost none of his charm.

Cigar, zippered boots and a rhetorical gift for fashioning bon mots, Sir Winston captured the top White House staff members when they met him in the President's office last Friday.

The upper echelon of Eisenhower advisers stood around the President's desk and listened like bobby-soxers before a Perry Como as the Prime Minister rumbled in his best style and flipped off one Churchillian phrase after another.

"What did he say?" one staff member was asked.

"I don't know," he answered, "but it was superb."

Two of the more beauteous members of the White House distaff peered at the Prime Minister through a door to the President's office.

"He's a doll," said one.

"No, he isn't," said the other. "He's a kewpie."

Because Mr. Eisenhower plainly doesn't go to the airport to meet anybody, he waited on the north portico of the White House for Sir Winston.

Meantime, the President's top secret service driver, Richard Flohr, took a custom built convertible to the air strip to pick up the distinguished visitor. Vice President Richard M. Nixon, chief of the airport welcome party, was in the back seat.

A voluble photographer spotted Flohr as the car rolled onto the concrete apron of the Military Air Transport service and shouted to Flohr, "attaboy, Dick."

Whereupon, the vice president rose from his seat and waved enthusiastically.

ADVANCE ON VILLAGE—A small rebel force is shown advancing down the main street of a small village north of Esquipulas, Guatemala, headquarters of anti-Communist rebels. The soldiers carry modern weapons as well as ancient rifles. At right is map of strife-torn Guatemala.

Education Since 1787

ALBANY, N. Y. (UP)—The first institution to be chartered by the New York State Board of Regents was Erasmus Hall Academy, Flatbush, Brooklyn, N. Y., in 1787. The Dutch Colonial building is still used for school purposes by the same school.

Group to Fight Balking Boards

Schools Ignoring Ruling Outlawing Segregation May Be Taken to Court

DALLAS (UP) — The leader of the Negroes' antisegregation battle has indicated his organization will stand for no trifling with the Supreme Court's school decision.

Thurgood Marshall says the National Assn. for the Advancement of Colored People (NAACP) will go to court against local school boards which balk.

Marshall arrived yesterday for the annual national convention of the NAACP in this segregated city. As special counsel for the NAACP, he was a powerful factor in the May 17 decision of the Supreme Court which outlawed segregation in public schools.

• • •

"While the governors want to circumvent the Supreme Court," he said, "we are going to circumvent the governors . . .

"Since the Supreme Court spoke, there is no use listening to any body else.

"In suits, if they have to be filed, the school boards will be the defendants.' "

However, he would not deny pro-segregation governors the right to speak out against the court's ruling. And he said he favors court action to compel admission of Negro students to schools only as a final resort.

• • •

Today, Marshall was discussing with other Negro lawyers how to handle any possible suits. The lawyers will confer with state NAACP presidents tomorrow, opening day of the six-day convention. About 700 delegates are expected.

The lawyer said the convention will consider other fields in which it will fight segregation. He mentioned transportation, housing, recreation and employment. But, he added, "schools are most important to me."

Burke Succeeds Semler

GRAND CANYON, Ariz. (UP)—Sam Burke, Thomaston, Ga., succeeded C. A. Semler of Benton Harbor, Mich., today as president of the National Federation of State High School Athletic Associations. Burke was elected during the week end at the organization's 35th annual meeting here.

Grant to Bolivia Has Increased U. S. Popularity

By FRED L. STROZIER

LA PAZ, Bolivia (UP) — This is a Latin-American country where the United States is popular. Newspapers of the ruling National Revolutionary Movement (MNR) vie with each other to print material favorable to Uncle Sam. Hardly a newspaper appears without a page 1 picture of President Eisenhower.

This is the background:

A revolution two years ago threw the army conservatives out of office and brought the MNR of President Victor Paz Estenssoro to office. The MNR had always been unfriendly to the owners of the tin mines — Patino, Hochschild and Aramayo. It proceeded to nationalize their holdings.

• • •

Today there is little demand for Bolivia's tin. The price is about 90 cents a pound, in many cases less than tin costs to mine. That figure is less than half the wartime price and compares with the $1.30 of 1938.

• • •

Bolivia must import much of the flour, meat, lard and rice that feed its three million people. There is no money to pay for them, under present conditions. The United States stepped in to save the situation this year with an outright gift of 12 million dollars in food. The Bolivian government sells the food for local money and uses the resulting funds to rebuild the country — under U.S. supervision.

The results in good will have been enormous.

2 Newsmen Unhurt in Guatemala Crash

TEGUCIGALPA, Honduras (UP)—Two U.S. correspondents for Time and Life magazines were reported to have escaped unhurt yesterday from the crash of a small plane at Esquipulas, Guatemala.

The newsmen were Robert Lubar, chief of the magazines' Mexico City bureau, and George Silk, photographer.

U.S. Ambassador to Honduras Whiting Willauer said he had cabled U.S. Air Force headquarters in Panama, asking for an air rescue team to get the two men out.

Their plane reportedly crashed at the airstrip in Esquipulas, the first Guatemalan town taken by Col. Carlos Castillo Armas' rebel invaders and the rebel headquarters for a time last week.

This bird means business!

(He makes 11,000 calls every day— delivers 4,000,000 babies a year!)

These days, the stork is working overtime.

He established the all-time record last year when he delivered almost four million babies in the U.S.A. *Four million* – that's about 11,000 new customers *every single day!*

Our population is growing so fast that *every month* we add enough people to make a city the size of Richmond, Va.

What does this astonishing population increase mean to American business?

Simply this: an ever-increasing need for everything America makes, everything America eats, everything America wears. *Everythi*

And this is just one reason why you are living in the age of America's greatest opportunities. Here's just a small sample of the big changes that are taking place:

1. **We have more jobs** – Even though employment in some areas has fallen off, we still have twenty *million* more jobs than we had in 1939. *Nine times* more Americans are in the $5,000-plus income bracket than in 1941!

2. **We have more money** – In spite of inflation and higher prices, the American people have over *twice* as much spending power now as they had in 1940.

3. **We have more savings** – Individual savings in America rose from $68.5 billion in 1940 to about $250 billion in 1953.

4. **We have more farm output** – 52% more per man-hour than we had in 1940 – and this in spite of a net shift of almost six million *away* from farms since that year!

5. **We have more leisure time** – Forty million Americans now get paid vacations – a great boon to the hotel and transportation business, to the sports, entertainment and hobby fields.

6. **We'll soon have atomic energy** driving locomotives, planes, power plants. Barring war, the atomic age should be America's *greatest* age!

7. **We have a $500 billion backlog of needs** that must be filled. We need $40 billion for schools . . . $60 billion for highways . . . $100 billion for housing . . . $300 billion for durable equipment. All this we need and more – much more!

It's plain to see that every businessman, housewife, laborer, white-collar worker, farmer – every one of us – is living on the threshold of America's greatest age of opportunity!

The better you know America, the better the future looks!

FREE! Send for this booklet, "THE FUTURE OF AMERICA." Never before has America had such tremendous potentials. Read the story of the huge developments now taking place, almost invisibly. Every American should know these facts. For FREE, 24-page illustrated booklet, drop a postcard to: The Advertising Council, "Future of America," 25 W. 45th St., New York, N. Y.

UAW-CIO Offers $10,000 for Housing

DETROIT (INS)—The UAW-CIO today offered $10,000 to help finance a community housing and redevelopment committee with the suggestion that it give first attention to the Gratiot redevelopment area.

UAW-CIO President Walter P. Reuther proposed the commitee be coposed of top level leaders of industry and business, church, civic and labor groups.

In a telegram to Mayor Cobo and Common Council, Reuther said:

"The UAW-CIO is vitally concerned with the elimination of Detroit's slums and in the redevelopment of blighted areas."

Also proposed for committee consideration were a study of problems in skid row and other blighted areas.

Point Barrow, Alaska, is 300 miles north of the Arctic Circle.

Blind Veteran Rescues Three

Prevents Companions From Drowning as He Swims 600 Yards

LUCEDALE, Miss. (AP)—A blind Korean War veteran rescued three companions from drowning last night in the swift waters of the Pascagoula River.

Danger was old hat to 22-year-old Charles Vines: he had served with the famed 1st Marine Division on the Western Front in Korea, where he was blinded by a mortar shell.

• • •

Last night he plunged into the dark river at the first cry from two teen-age girls who were swept toward mid-stream after they stepped into deep water while wading near the bank.

James Peacock, also 22, went to the aid of the young girls, but a recent illness left him no match for the strong current.

Vines sam toward the girls' cry of distress. He reached Anne Louise Ball, 18, and grabed her by the arm, then swam with her in tow until he found the other, Barbara Wood, 15.

He told Barbara to hold on to both of them, and the three began their way shoreward.

About 40 feet from the bank Barbara said she could swim the rest of the way, and struck out alone.

Vines reached land with Anne Louise — and heard Barbara cry out again as se was swept back into the swirling central current. He leapt back into the water and headed toward the sound of Barbara's voice.

This time there were about 200 yards to go. Witnesses said the young girl was going under the hird time when Vines got to her. Once more he began the long haul back.

He made it, then turned and pulled the faltering Peacock from the river.

In all, Vines swam about 600 yards.

• • •

"Only God could have given him the strength to swim that distance," said Barbara's mother, Mrs. James A. Wood.

All were taken from this southeast Mississippi town to their homes in nearby Mobile, Ala.

"I was just about ready to give up when I heard Barbara holler," said Vines, who was treated for shock and exposure. "But when I heard that holler I just kept going in the direction of her voice."

Woman Dies Trying to Save 3 Children

PHILLIPSBURG, N.J. (AP) — A young mother dashed into her burning home yesterday in answer to the screams of her two sons and a niece. She and the three children were burned to death.

The victims were Mrs. Thelma Baker, 25; her sons, Ronald Sebring, 5, and Robert Earl Baker, 2; and the niece, 10yearold Claudia Ludwig of East Strouds burg, Pa. Ronald was Brs. Baker's son by a previous marriage.

Mrs. Baker had fled from the house before she heard the children's screams.

Emergency Key Used by Tot, 8, for Car Joyride

DETROIT (UP)—George Jolly's "emergency key" system backfired Sunday when his young son used it to take the family car for a little joyride.

The result wasn't so joyous, however, when 8-year-old Ronnie Jolly wheeled the auto into the rear of a parked truck.

"I won't ever drive again," Ronnie said when policemen finished lecturing him.

Jolly, 30, had wired an ignition key under his rear bumper for emergency use. No one knew Ronnie had found it until he was spotted driving the auto away from the house.

With his parents chasing him on foot, he drove one block and made a left turn, then drove two more blocks before meeting the truck.

No one was hurt. Not yet, anyway.

"The boy faces a spanking to make sure the lesson sticks," the father said.

Victory Is Seen on Ike's Tax Bill

Dems Split in Senate on Revision Expected to Guarantee Measure

WASHINGTON (AP)—A three-way split among Senate Democrats over the big tax revision bill appeared likely today to give President Eisenhower a clear-cut victory on the measure — one of the biggest items on his 1954 program.

Floor debate opens in the Senate today with the leaders hopeful of pushing the huge measure through by Friday night. The House has okayed the bill, which would not change major taxes but would cut taxes receipts $1,400,000,000 in its first year of operation.

• • •

Majority Leader Knowland of California has announced extra-long sessions for the week. He is holding out the promise of a three-way holiday over the Fourth of July if the bill is passed by Friday.

Both Knowland and Sen. Milliken (R-Colo), chairman of the Finance Committee and floor manager for the measure, are predicting that the measure will be passed as the administration wants it.

What shape the measure takes is expected to have a bearing on another bill soon to be asked for Congress: a proposal to raise the 275-billion-dollar national debt ceiling.

Secretary of the Treasury Humphrey said on an NBC-TV-radio show last night he will request a hike in the debt ceiling, but won't decide the amount until the legislators finish work on the money bills that determine how much is likely to go into and out of Treasury coffers.

• • •

Sen. George (D-Ga), senior Democrat on the finance group, said in an interview today that members of his party were not unanimous on the tax bill. It would take a fairly solid bloc of Democrats to upset GOP ranks on this measure, especially since the Republicans regain a 48-47 edge for the first time in a year today with the swearing in of E. D. Crippa, Wyoming Republican named to succeed the late Sen. Hunt (D-Wyo).

George declined to predict the outcome of any Democratic move but said he thought there would be some Republican support for a tax reduction on individuals. Republican leaders, however, were conceding only the loss of Sen. Langer (R-ND), who has announced he favors such an amendment.

Stuffs the Ballot Box

NEW BRITAIN, Conn. (UP)—A retired teacher, Leonard R. Nixon, on being elected to office by an unprecedented margin, was asked for the key to his success. "I always passed the kids when I was teaching," he said.

LOVE STORY—Barbara Rush and Gregg Palmer are sweethearts and later man and wife in the Lloyd C. Douglas love story "Magnificent Obsession." Principal stars in the film are Jane Wyman and Rock Hudson. Barbara was billed in feature role, but proved so good that she was given star-billing with the Wyman-Hudson duet.

'Sons, Lovers' Rights Bought by Jerry Wold

—BY LOUELLA O. PARSONS
(International News Service)

HOLLYWOOD—After trying for two years to buy D. H. Lawrence's "Sons and Lovers," Jerry Wald finally realized his dream. He bought the screen rights from Lawrence's widow, Mrs. Frieda Lawrence, who lives in Taos, New Mexico, for Columbia.

In "Sons and Lovers," there are three women battling for the affections of Paul, the youngest son. They are his mother, a married woman, and a young girl named Miriam. The role of the father is important, too, and Jerry is aiming high to get the best in the business for these roles.

I couldn't help kidding Jerry by saying that he was lucky he didn't get "Lady Chatterly's Lover." All the soap in the world couldn't clean up this Lawrence novel.

Strangely enough, D. H. Lawrence, who was one of Britain's greats, received more publicity on "Lady Chatterly's Lover" than on any of his fine books.

• • •

Japan's top motion picture producer, Masaichi Nagata, head of the Daiei Production Company and president of the Federation of Films of Pacific South Asia, arrived in town last night. He will receive the press at the Samuel Goldwyn studio this morning.

Nagata won an award at the Cannes Film Festival two years ago with "Roshomon," believed by many to be best Japanese picture ever filmed. He also won an award this year at Cannes for "Jigo-Ku-Mon" ("Hell's Gate"). Now he is bringing with him a third picture called "Ugetsu."

While here, Nagata, who has long been a friend of the American film industry, will arrange for the showings of Japanese films in this country.

• • •

Whether the talk that Rita Hayworth is expecting a baby is true or not, she's had an addition to the family this past week in Las Vegas. Dick Haymes, Jr., age 11, traveling all by himself, arrived at the Sands Hotel, and he's been with Rita and her children all the time Dick Haymes has been in Los Angeles for his hearings.

Rita, Dick and Rebecca and Princess Yasmin leave for Lake Tahoe next week where they've rented a house for the remainder of the summer.

There will be a lot of glamor at Tahoe that with Rita, Ava Gardner, Eleanor Holm, and the bride, Mrs. James Stack (Wanda Hendrix) in residence.

Plane Lands Safely Skidding on Its Tail

NEW YORK (AP)—A Colonial Airlines DC4 plane skidded in safely on its tail at LaGuardia Field yesterday despite a damaged nose wheel. Emergency equipment raced along the runway as the craft landed.

Capt. Lou Orton of Pawling, N.Y. ordered his 33 passengers to the rear of the plane as it approached landing. The plane landed in a shower of sparks and was practically stopped before its weight shifted to the nose wheel.

The 43-year-old aviator said he noticed the damage shortly after the plane took off from Glens Falls, N.Y.

Cease Fire Talks Put Off Till Tuesday

HANOI, Indochina (AP) — The French high command announced today French Union-Vietminh cease-fire talks have been postponed until Tuesday. The two sides were scheduled to meet today on technical details of a possible Indochina armistice.

The terse announcement gave no reason for the last-minute delay. The command said yesterday the first talks in Indochina between military representatives of the two sides would be held at a village 25 miles north of Hanoi.

Six officers of the Communist-led rebels were to meet with three French and three Vietnamese officers to examine technical details that would have to accompany a cease-fire.

Four-Fifths Perfect

BOSTON (UP) — Eighty per cent of the corneal transplant operations performed in New England since the Boston eye bank was established eight years ago have been successful.

Premier Wants Peace Alliance

Chou En-lai Suggests 'Asia for the Asians' Program

NEW DELHI, India (AP) — Red China's Chou En-lai flew to Burma today for the second phase of his campaign to enlist south Asian neutrals into a Peiping-organized "alliance for peace."

The Chinese Premier plans to spend two days in Rangoon for talks with Prime Minister Nehru before pushing on to Peiping.

His three-day visit to India left stern-faced Chou well entrenched with Prime Minister Nehru's government.

• • •

Chou climaxed his stay here by suggesting that Asian chiefs of state get together periodically to work for peace and to evolve "mutual respect" pacts similar to the one India had signed with China April 29 to govern relations with Communist-occupied Tibet.

Chou's proposal for an Asian get-together drew no distinctions between Communist and non-Communist nations. He said it applied to the "principal Asian countries."

He told newsmen in a press conference statement: "It is my view that, in order to seek common measures for the maintenance of peace and security in Asia, it is desirable for the appropriate persons of the principal Asian countries to meet occasionally and to consult with one another."

• • •

Both Chou and Nehru intimated that their declarations of mutual friendship and cooperation were only a beginning in closer relations.

Sources close to Chou's tight-mouthed delegation arrived at this estimate of the Chinese leader's plan:

Chou hopes with India's active assistance to build a stout Asian wall both politically and economically and thus oust Western interests.

• • •

The keystone of his program is "Asia for the Asians" and its aim is to combat so-called colonialism.

Economic cooperation will play an equal part with political understanding, because Chou is under orders to find through Asian sources a substitute for China's needs blocked by Western embargoes.

The informants said that was why Chou brought a group of economic experts here to sound out the possibilities of expended economic relations between the two countries.

Doublecrossed by Zolf

DETROIT (UP)—Zeke Zzzpt, a named used by a group of young bachelors who live in the same house, no longer is the last listing in the Detroit telephone directory. Some one did "Zeke" one better and pushed him into the second-to-last place. The final listing now is Zolf Zzzpt.

A temperature of 189 degrees in the shade has been recorded in Libya, North Africa.

For Whom?—Farmers

CORINTH, Miss. (UP)—Farmers living as far out as 6 miles check their clocks and watches by a courthose tower bell here that has toiled the hours for 72 years. Weighing almost 1,000 pounds, the present bell was installed 35 years ago after a fire destroyed the original bell which went into the tower in 1882.

Five Teams Eye League Leadership by July 4

By JOE REICHLER
Associated Press Sports Writer

Five teams are waging a bitter battle to gain first place by the fourth of July—the date that tradition has marked as "championship day."

With only a week to go, no team is assured of the top spot on the mid-season holiday. The New York Giants lead Brooklyn by one game today but the National League pace-setters face a "crucial" three-game series with the Dodgers at the Polo Grounds starting tomorrow.

* * *

Cleveland sports a game-and-a-half advantage over Chicago in the American League but the White Sox can dislodge the Indians with a sweep of their four-game series in Cleveland next weekend. A letdown by each can pave the way for the New York Yankees to move into the lead.

* * *

The Indians widened their lead to a game-and-a-half yesterday by salvaging the last of a three-game series from the Yankees 4-3 while Chicago was held to a split by Boston's Red Sox. Beaten 2-1 in the opener, the White Sox bounced back to trounce Boston 9-1 in the second game of their doubleheader. The loss widened the Yankees' deficit to three games.

New York's sizzling Giants maintained their one-game advantage over the Dodgers with an uphill 3-2 victory over the Chicago Cubs in 10 innings. Blanked by Warren Hackerwith two hits through eight innings, the Giants tied the score at 2-2 when Whitey Lockman hit a two-run homer with two out in the ninth and won in the 10th when Willie Mays doubled, stole third and scored on pinch hitter Bobby Hofman's single off loser Hal Jeffcoat. It was the Giants' 21st victory in their last 25 games and the Cubs' 10th straight defeat.

The Dodgers equalled a team record by blasting five home runs to polish off the St. Louis Cardinals 8-6 for a sweep of their three-game series. Gil Hodges drove in four runs with his 19th and 20th homers and Jackie Robinson, Roy Campanella and Junior Gilliam each had one.

Granny Hamner was the offensive star as the Philadelphia Phillies swept a twin bill from Milwaukee 4-3 and 2-1. The leading second base candidate for the All-Star team banged a three-run homer to give Curt Simmons his seventh victory in the opener. Hamner tripled with one out in the ninth to drive in both runs in the nightcap.

Frank Thomas' ninth inning single gave Pittsburgh a 4-3 victory after the Cincinnati Reds had won the opener 9-0 behind Corky Valentine's five-hit pitching.

* * *

First baseman Dick Kryhoski drove in the winning run in each game as the Baltimore Orioles defeated the Philadelphia Athletics twice 4-3 and 3-2 to climb into sixth place.

* * *

Homers by Dave Philley and Wally Westlake and four-hit relief pitching by Hal Newhouser through six innings gave the Indians their hard-fought triumph over Whitey Ford and the Yankees.

* * *

Held to five hits by young Tom Brewer in the Opener, the White Sox pounded three Boston pitchers for 13 hits in the nightcap to give rookie Jack Harshman his fourth victory in seven decisions.

Pontiac Press Photo

JUMPER CHAMPION—One of the smartest looking horses and eventually judged the top performer over hunt course fences and obstacles, in the annual Bloomfield Open Hunt club's big horse show, is Miss Budweiser. The pet of the August Busch family of St. Louis, the capable Miss walked off with the jumper title Sunday night in the concluding portion of the big show. Above, with the champion are Bob Egan, the rider, Mrs. Rocco DiMarco and Fred Hammond of the Bloomfield Hunt Club, who made the presentation of the trophy.

* * * * * * * * *

Pontiac Press Photo

HUNTER CHAMPION—One of the big championships determined Sunday in the 37th annual Detroit Horse Show at Bloomfield Open Hunt Club was that for the hunters, those sturdy, capable horses that can go as well as cover the usual jumps in cross-country going. This year's champion is Copperfield, owned by Mr. and Mrs. Hugh Gentry. Above, with the champion is the girl who rode him, Sally Gentry.

All-Time Attendance Mark for Hunt Show

By H. GUY MOATS

Fine weather has helped the Detroit Horse Show, at Bloomfield Open Hunt Club to come up with an all-time attendance record. Coupling Saturday and Sunday's big crowds with those of the two preceding days, the show played before a record total of more than 31,000 fans, officials reported.

Sunday's overall ticket sales reached above the 6,000 figure.

Final day of the four-day exhibition, now rated as one of the biggest in the nation was highlighted by the determination of the big championships—show hunter and show jumper titles, and by an unexpected bit of "horse trading."

The 1954 "big" championships went to Miss Budweiser and Copperfield. Copperfield a grand hunter who Sunday evening won the overall hunter crown with a clear-cut victory in the hunter stake, a $1,000 event. Sally Gentry was the rider and the bay gelding is owned by the Hugh Gentrys.

Miss Budweiser, the fine white Olympic mare owned by the St. Louis, Mo., August Busch family, took the coveted jumper championship from a very strong field that included The Lemon Drop Kid, which won the jumper stakes, and then figured in half of the big "trading." deal.

Bob Egan rode the Missouri Miss to her title all during the show.

Paul Jones of Wilmette, Ill., bought Count to Ten, winner of the Sunday afternoon Corinthian hunter class, shortly after the event and paid some $15,000 for the smart jumper and hunter. Then as the jumper stake event concluded at night, Jones sprung the second half of the surprise deal when he bought The Kid, price of which was not announced. D. R. Motch, son-in-law of the Busch's, was former owner of The Kid as well as Count To Ten.

A jumpoff was necessary in the hunter stake Sunday to determine the other than first place, although Copperfield had the top spot won clearly.

Final results:

$1,000 WORKING HUNTER STAKE—Grey Knight, ridden by Clinton Williams, Mar-Nest Farms.
PHA OPEN JUMP TROPHY—Golden Chance, Bertram Firestone.
$500 GREEN HUNTER STAKE—Evening Pink, ridden by Stuart Lanham, entered by Mr. and Mrs. D. R. Motch.
JUNIOR HUNTER CHAMPIONSHIP—Potato Chips, ridden by Wilson Dennehy.
JUNIOR JUMPER CHAMPIONSHIP—Supreme Lady, ridden by Patty Bugas.
CORINTHIAN HUNTERS—Count To Ten, ridden by Nancy Aitken, entered by Mrs. August A. Busch, Jr.
JUNIOR FIVE-GAITED — Rippling Sand, ridden by Taft Johnson, North Branch Stables.
$500 GREEN WORKING HUNTER STAKE—Mountaineer, ridden by Susie Creach.
GREEN WORKING HUNTER (preliminary)—Sixth Sense, ridden by Stuart Lanham.
GREEN HUNTER (preliminary) — Sixth Sense, riden by Stuart Lanham.
GREEN HUNTER (final) — Evening Pink, ridden by Stuart Lanham.
LADIES HUNTERS—Copperfield, entered by Mr. and Mrs. Hugh Gentry.
$1,000 HUNTER STAKE — Copperfield, ridden by Sally Gentry.
$500 THREE-GAITED CHAMPIONSHIP — Alexandrite, Mrs. A. E. Knowlton's Emerald Farms.
REGULAR WORKING HUNTER CHAMPIONSHIP — Kinnmount, ridden by Charlotte Ni[illegible].

$500 SINGLE HACKNEY PONY — Cupid's Beau, Dodge Stables.
REGULAR HUNTER CHAMPIONship — Copperfield, ridden by Sally Gentry, entered by Mr. and Mrs. Hugh Gentry.
$500 FIVE-GAITED CHAMPIONSHIP STAKE — Society Leader, Buth's Greenvale Farm.

SATURDAY'S FIGHTS

SYRACUSE, N.Y.—Carmen Basilio, 148¼, Canastota, N.Y., outpointed Al Andrews, 149¼, Superior, Wis. 10.
WATERVILLE, Maine—Barry Allison, 146, Washington, outpointed Tony Percy, 151, Drummondville, Quebec, 10.
HOLLYWOOD, Calif. — Jesse Mongia, 124, Denver, outpointed Vic (Kid) Ponce, 124½, Los Angeles, 10.
ST. NAZAIRE, France — Charles Colin outpointed Serge Barthelemy, 15 (for French lightheavyweight title).
SAO PAULO, Brazil—Rinaldo Ansalone, Argentina, stopped Vicente Dos Santos, Brazil, 3, (heavyweights, but exact weights not available).

Remember?

This big right-hander was the ace of the Pontiac High School baseball team's pitching staff in 1941. He later went into professional ranks, advancing as far as Class AAA ranks with Buffalo of the International League. You'll find his name on the final sports page today.

Jewelers Sweep Twin Bill With Port Huron Squads

Shaw's Jewelers swept a pair of exhibition softball games with Port Huron teams last night at Beaudette Park.

Glen "Wimpy" Johnson fired a 2-hitter in the opener as the Jewelers won a 5-0 triumph, over Mueller Brass. Only four Mueller players gained base and none advaned past 1st. Johnson struck out seven and issued no bases on balls.

Jewelers eked out a 3-2 victory over Twin Acres in the nightcap. Howard Willis gave Shaw's a 1-0 lead with a home run in the 2nd inning.

Port Huron pushed across two runs in the top of the 7th, but the Jewelers came back with two runs on a walk, an error and a hit in their half of the frame to win.

CIO No. 594 whitewashed Louie's Tavern 7-0 in a playoff of an earlier rained out City Men's League game at Northside Park. Pitcher Keith Cripps set the Tavernmen down with one hit—A 3rd inning singled by Les O'Shaughnessy — struck out three and walked two.

Enraged Jap Fans Riot at Ball Game

TOKYO, June 28 (AP)—Japanese baseball fans, enraged over decisions by umpires, threw bottles and fists, tore up seats and broke stadium windows yesterday at two professional games in Osaka. Four hundred police were called out to quell one riot that did not let up until midnight. A controversial decision that kept alive a rally and led to a 3-0 defeat of the home team sparked one demonstration. Police finally arrested three. A pop bottle barrage that injured a young boy held up another game. The fans threw until they ran out of bottles.

Detroiter Sets Record

LOS ANGELES (AP) — Norbert Schemansky of Detroit established a world record in the National AAU weightlifting championships last night by hoisting 417 pounds in the clean and jerk. It was the greatest weight ever lifted by a man of his own strength. Schemansky held the previous record, 412½ pounds.

Wallace Takes Hardtop Crown in Sunday Race

Johnny Wallace of Detroit won the 50-lap state hardtop racing championship at Pontiac M-59 Speedway in a stirring finish before 3,000 fans Sunday night.

Wallace, who never led until the final 150 yards, forced Chuck Shaughnessy of Roseville to go high on the final turn and nipped him at the finish line.

It was a heart-breaking loss for Shaughnessy, who had led nearly all the way.

He lost the lead to Joy Fair on the 25th lap, but 3 laps later the Pontiac speedster blew a tire and was forced out of competition.

Bill Kourt of Brighton was 3rd. Trophies were presented to Wallace and his car owner, Harman Willcutt of Hazel Park; Shaughnessy; George Rogers of Pontiac, 2nd in the semi-final; and Don Lemarbe of Pontiac, who won the "hooligan."

Willcutt, also won the semi-final and Fair took the 4-lap trophy race.

Chuck Partello of Rochester won the pursuit.

It's Time Out!

"If you guys had got me 14 runs, like his team did, we coulda had a pitching duel!"

Birmingham in First Place Alone as Berkley 9 Bows

Birmingham Reds squeezed out a 5-4 victory over Waterford Sunday to claim undisputed possession of 1st place in the 18th District American Legion baseball league standings as Berkley went down to its 1st defeat.

Huron Valley Boys Club blanked Berkley, 5-0, on the 3-hit pitching of Jim Huber. In the day's 3rd game, Birmingham Blues routed Clawson, 14-4.

Larry Milford racked up his 3rd win of the season by staving off a Waterford rally in the 9th inning. Birmingham scored 5 unearned runs off Jerry Kruskie in the 1st 3 innings.

Milford struck out and walked 3, while Kruskie fanned 9 and walked one.

Huber turned in the best mound job as he whiffed 11 and walked 2. Boys Club got a run without benefit of a hit in the 6th, but jumped on Bob Blackwell, who had hurled hitless ball, in the 8th.

A double by Lee Averill broke Blackwell's spell and Huber, Paul Shoemaker and John Sherwood added singles and Fred Baker another double for 4 runs.

Bobby Bell led the Blues to their easy win with a brilliant 6-for-6 batting performance. He had 2 doubles and 4 singles to help lefty Don Picmann to a victory in his 1st pitching start.

Kiner Supplants Jackie Robinson

CHICAGO (AP)—Ralph Kiner of the Chicago Cubs regained the lead for the National League's starting left-field position in All-Star baseball voting today.

The former league home run champ replaced Brooklyn's Jackie Robinson with a total of 288,619 votes to 284,101.

The poll, which opened June 11, ends at midnight Saturday. Final returns, naming the starting lineups selected by fans for the annual interleague game in Cleveland July 13, will be announced next Monday.

Stan Musial, St. Louis Cardinal right fielder, continued to lead the individual voteg etters with 298,06. Minnie Minoso, Chicago White Sox left fielder, is second with 296,042.

Washingtonian Named World's Champ 'Birler'

Jimmy Herron Emerges as Best of 33 Expert Log Rollers

PRIEST RIVER, Idaho, (AP)—A new world log rolling champion was crowned here today as Jimmy Herron, Longview, Wash., took the title in a 15 minute, two-straight fall duel with Gerald Cooper, of Kelso, Wash.

* * *

Jim Running, Eau Claire, Wis., who took the championship five times running, failed to reach the semifinals.

* * *

Some thirty-three birlers—the formal name for log rollers—including nine women from the United States and Canada were entered in the contest which offered $5,000 in prizes.

The women's birling title went to Charlotte Hansen, Toutle, Wash., after she bested her sister Virginia, the defending champ.

Two world champions of the 1920s battled it out for the old-timers crown with Elmer Swanson, San Fernando, Calif., dumping Bill Girade of Gladstone, Mich., for the title.

Girade later teamed up with his son Adolph to win the trick-and-fancy birling event. Betty King, Seattle, and Arbustus Lamouraux, Ladysmith, Wis., came in second.

Defeat Knocks Auto Nine Out of League Lead

Buick Club Is Beaten 6-3 by Jerome Sunday in Class A Play

CITY BASEBALL LEAGUE
Class A Standings

Auburn	4	4	.500	2
Jerome	4	4	.500	2
CIO	3	6	.333	3½
Elks	1	8	.111	5½

Sunday's Results — GMC 7, CIO 0. Jerome 6, Oliver 2.
Saturday's results — Jerome forfeited to Auburn Merchants.

Oliver Buick was out of 1st place in City Class A Baseball League standings today for the 1st time this season after bowing to Ben Jerome 6-3 yesterday in the 2nd game of a doubleheader at Wisner Field.

First baseman Earl Mudge won the game for Jerome when he poled a grand slam home run in the 8th inning. Jerome was trailing 3-2 when Mudge delivered the deciding blow.

Oliver's loss dropped the team into a 2nd-place tie with General Motors and left Pontiac Jets all alone in 1st place.

GMC blanked CIO No. 594, 7-0, in the opening game of the twin bill. Ex-Pontiac High hurler Marv Caswell went all the way for GMC, striking out 16, walking five and giving up three hits. Ernie Zubalik and Wes Roberts slammed consecutive homers for the winners in the 6th inning.

Jerome forfeited its scheduled Saturday game to Auburn Merchants.

Uclans Clinch Net Title for Collegians

SEATTLE (AP)—The University of California at Los Angeles ranked first in American Collegiate tennis for the third straight year today after Bob Perry and Ron Livingston won the doubles crown yesterday to close out the 1954 NCAA net tournament.

The team title actually was decided earlier in the week by the potent Uclans but the four-set victory of Livingston and Perry over Jacque Grigry and Allen Cleveland of the University of Southern California gave UCLA permanent possession of the Penick Bowl.

The UCLA pair whipped the Trojan duo, 6-4, 6-0, 3-6, 8-6.

Texans Clash Today in Golf Meet Playoff

Tommy Bolt, Stewart Tie After 72 Holes in Insurance City Test

By LOU BLACK

WETHERSFIELD, Conn. (AP) — Colorful Tommy Bolt and red-haired Earl Stewart Jr., meet today in a battle of Texans for top money in the $15,000 Insurance City Open golf tournament at the Wethersfield Country Club.

* * *

They tied yesterday at 21 in the 2-hole tourney, one of New England's major sports events, and were scheduled to start an 18-hole playoff at 12:30 p.m. (EST). The low score at the end of the round will be worth $2,500, with $1,800 going to the loser.

* * *

The 32-year-old Stewart, who combines a steady golf game with his ready wit, picked up five strokes on Bolt in a dramatic final round windup yesterday. While Bolt was having trouble with his putter and touring the 6,551-yard par 35-36—71 course in regulation figures, Stewart posted a 66, which included five birdies.

Julius Boros, Southern Pines, N. C., and former National Open champion, finished third with 273 for $1,400 to bring him within some $500 of Bob Toski, Livingston, N. J. the top money winner so far. Toski, victor here a year ago, finished with 28, picked up $245 which brought his earnings this year to $11,433.5.

* * *

Breaks and drama played prominent roles in yesterday's exciting finish before some 10,000 customers. Playing in front of the 36-year-old Bolt, Stewart, former National Intercollegiate champion from Dallas, barely missed an eagle on the par-5 second when the ball hung on the cup and refused to drop.

* * *

On the same hole, shortly afterward, Bolt's putt hung on the cup for two minutes while he hovered over it, finally dropping in, apparently powered by a strong wind blowing at the time.

As it turned out those were important strokes.

Lima-Thornton Win Best-Ball

Post 67 to Win Silver Lake Event by Single Stroke

Sam Lima of Brooklands and Chuck Thornton of Sunnybrook led a field of 40 best-ball teams in Saturday's Silver Lake Best-Ball golf tournament with an 18-hole score of 34-33-67.

The Lima - Thornton combine nosed out 3 other teams by a single stroke. Sharing the runnerup spot were Chuck Nicolai and Tom Lock, Mike Andonian and Paul Bada, and Max Richardson and Don Vershure, who won the Pontiac best-ball tournament the same day.

Another stroke back at 69 were Paul Barnum and Jim Brafford.

An unusual finish was recorded by Chet Charlesworth and J. Partain. Each shot an individual 70, yet their best ball was only 70.

Don Mead and Jim Funston of Plum Hollow finished well back in the field, while Roy Iceberg, who had a course record 66 in the previous Silver Lake event, and his partner Tex Ellison, shot a 71.

AAU Athlete Dies

ST. LOUIS (AP)—Austin Scott of New York, who collapsed after finishing fourth in the six-mile run at the AAU track and field meet here June 18, died yesterday at Barnes Hospital, The attending physician said the 29-year-old Scott, member of the New York Pioneer Club, had a liver infection and that this and the strain of the race resulted "in complete liver and kidney failure."

American Grid Fans Offered Big Diet This Year; Canadian Game Added to Already Heavy Slate

By GRANTLAND RICE

NEW YORK—You may not know it but, if you look behind you, you can see the 1954 football season approaching fast. The new season will be here before you realize it. It will also be the biggest you have ever looked at with the invasion of Canadian football into your homes this fall.

Canadian football will be here to challenge American football. There will be a slight difference in play, including a more open Canadian game. There will also be an abundance of United States' football. We dispatched a swift courier by the name of Johnny Kieran Jr., into Canada to find out how many U.S. stars were playing with Canadian teams.

* * *

From four of the leading Canadian teams, which will be seen in action in U.S. homes on TV, Mr. Kieran discovered there are exactly 73 U.S. college stars. They will be playing with the Montreal Alouettes Toronto Argonauts, Hamilton Tiger Cats and the Ottawa Rough Riders.

This means you will look at 73 American players of high caliber.

The list includes such well known stars as Tex Coulter, Ray Poole, Chuck Hunsinger, Howard McCants, Ed Bradley, Keith Carpenter, Jack Carpenter, Travis Tidwell, Merle Hapes, Lou Kusserow, Gene Roberts and many others.

* * *

There are well over 100 American football players in the Canadian circuit, including such stars as Arnie Weinmeister and Billy Vessels, two of the greatest.

It might be noted there is room enough for all. I just ran into Tim Mara, one of the Giant directors.

* * *

"We have a strong enough league in this country to keep a few of us steamed up," he said. "This should be the greatest flag race we ever had in both sections." Tim said. "I won't say much about the Giants—except this—we are very much strengthened this fall.

* * *

"Of course there are the Detroit Lions, Chicago Bears, Los Angeles Rams, San Francisco Forty-Niners, the Cleveland Browns, Pittsburg and Philadelphia teams to handle.

Unbeaten Andrade Meets Digilio in St. Nicholas Ring

NEW YORK (AP)—Cisco Andrade, a rising star in the lightweight division, takes an unbeaten string of 24 fights into tonight's 10-round match with Johnny Digilio of Bayonne, N.J., at New York's St. Nicholas Arena.

Only a draw with Freddie (Babe) Herman last Oct. mars the perfect record of Andrade, known as the Compton (Calif.) Comet. Digilio, another youngster with only 27 pro fights, whipped Herman in a prelim at Madison Square Garden March 19.

The match will be carried on television (Du Mont).

Walter Cartier, 30-year-old New York middleweight who defeated Bobby Dykes in his last start, boxes Tuzo Portuguez, the rough man from Costa Rica, in the 10-round feature at Brooklyn's Eastern Parkway.

The fight will be carried by ABC-TV.

Improve on Fumbles

Texas' Red Raiders lost 31 fumbles in the 1952 football season, but came back in 1953 to recover 32 from their opponents to set a record.

Pontiac Jaycee Trial Tuesday

Pontiac Junior Chamber of Commerce golf tournament will be played Tuesday at the Municipal course.

A large field is expected to compete for 5 available positions in the state meet at Jackson next month. A number of caddies from Orchard Lake Country Club have filed entries and groups from other area clubs are anticipated.

Tee-off time is 9 a.m. Tuesday and post entries will be accepted. Co-chairmen of the event from the Pontiac Jaycees are Bud Misfieldt and Bill Whitlow.

The tourney, an 18-hole medal play event, will be the 3rd of its type in the Pontiac area. Waterford Jaycees held their tourney last week at Pontiac Country Club and the Detroit Metropolitan chapter has planned their meet for Forest Lake Country Club Monday.

Ted Makes Difference

Williams Inspires Sox to Two Straight Wins

By TOM BRANAGAN

CHICAGO (AP)—As far as the Boston Red Sox are concerned, Ted Williams could strike out every time he came to bat and still be the difference between a good team and just another ball club.

* * *

"It's hard to explain," said a Red Sox authority during Boston's four-game series with the White Sox in Chicago over the weekend. "But without him we're bums. When he's in the lineup we kind of play up to him."

* * *

Williams, beset by injury and illness through most of the season, backed this theory against Chicago when he returned to the Red Sox starting lineup for the first time since June 5.

The Red Sox won both games he started—Saturday by a score of 3-1 and the first game of Sunday's doubleheader 2-1.

Williams got only one single in each game. His hit Saturday drove in one run and he later drew a walk and scored another. In his appearance Sunday, his sixth-inning blow drove in the tying run.

On Friday, he came to the plate in the ninth inning and bashed a pinch two-run homer in a 6-4 losing cause.

But it was in Sunday's second game—won 9-1 by the White Sox—that Williams' value to the Red Sox seemed to be most evident even though he didn't play a second.

* * *

The Red Sox defense fell completely apart, committing five errors and permitting four unearned runs to cross the plate.

Manager Lou Boudreau rested Williams during that game, afraid the lanky outfielder might overwork himself.

With Williams in the lineup the Red Sox won two straight games—the longest victory streak they'd been able to muster since he left.

Par Is Riddled in 4-Ball Test

Collard - Person And Cherry - Morey Teams Win Matches

INDIANAPOLIS (AP)—Par golf had won only one match in the Western Golf Assn.'s first international four-ball tournament, going into today's second round.

Long driving Dick Collard of New Orleans and Curtis Person of Memphis had a best-ball card of six-under-par Sunday in a 5 and 4 victory over a Pollard Simmons of Dallas and Clayton Nichols of Indianapolis. Collard sank four birdie putts with a borrowed putter.

Crooner Don Cherry of Garden City, N.Y., the 1953 Canadian amateur champion, and Dale Morey of Martinsville, Ind., last year's U.S. amateur runnerup, clipped five strokes off par in eliminating Sam O'Neall of Crawfordsville, Ind., and Richard Perk, Indianapolis, 3 and 2.

The field was 22 teams short of filling the 64-team match play card, and the WGA decided to let everybody play Sunday. There are only five morning second-round matches. Other teams drew byes into third-round contests this afternoon.

Senators Slam 3 Homers Off Hoeft, Marlowe

Win Puts Washington Within Single Game of Fourth Place

By JOE FALLS

DETROIT (AP)—Baseball's glamor hit—the home run—is killing the Detroit Tigers.

In the first 65 games, Tiger hurlers have given up an alarming 62 home runs—almost one a game. And Detroit batters have found the range only 42 times.

Aside from Ray Boone, no Tiger has more than six home runs. Boone, with 13, is in the race for the league home run lead but certainly his one-man efforts aren't enough against powerhouses like New York, Cleveland and Chicago.

The Tiger staff gave up three home runs to Washington Sunday and it helped the Senators to an easy 8-2 victory.

Mickey Vernon hit a two-runner off starter Billy Hoeft while Hoeft's replacement Dick Marlowe, yielded solo honors to Ed Yost and Pete Runnels, a pair of hitters who are not particularly associated with the long ball.

The win was a good one for Washington—and a bad one for Detroit and Hoeft. It moved the Senators to within a single game of the fourth-place Tigers. And for Hoeft it was the 8th straight time he had failed to finish in Briggs Stadium, which is becoming a nightmare for Tiger hurlers. It was Hoeft's 5th loss at home and made his overall record 3-7.

Yesterday Hutch called in three to follow Hoeft — Dick Marlowe, Ralph Branca and Dick Weik. None distinguished himself, although Branca escaped without being scored upon.

Bill Tuttle knocked in Detroit's 1st run with his 4th homer and the 2nd crossed in the 9th on Jim Delsing's double and a pinch single by Al Kaline. But these were nothing more than annoyances for Washington ace Bob Porterfield, who coasted to his 9th win behind a solid 12-hit attack.

'Sudden-Death' Play Decides City Best-Ball

Richardson-Vershure Nip Andonian-Hudson on 5th Extra Hole

After 5 holes of "sudden-death" overtime play, Max Richardson and Don Vershure captured the City best-ball golf tournament at Municipal course Saturday by nipping Mike Andonian and Chuck Hudson.

The 2 teams tied with 67s at the end of 18 holes and stayed even for 4 extra holes. Then on the 190-yard 5th hole, the Richardson-Vershure tandem came up with a par to a bogie for their opposition.

Charley Barker and John Cordner took 3rd place with a 68, while Paul Bada and Bob Hausman and Jack Kelly-Ed Urfells had 69s to tie for 4th.

A total of 64 players competed in the annual parks and recreation department-sponsored event.

The leaders

*Richardson-Vershure	33-34—67
Andonian-Hudson	34-33—67
Barker-Cordner	35-33—68
Bada-Hausman	39-30—69
Kelly-Urfells	35-34—69
Savage-Boles	35-35—70
Hyatt-Pitman	35-35—70
Wasik-Latozas	34-36—70
Woodward-Mathews	36-35—71
Thumb-Harding	35-36—71
Moreau-Gorhams	34-37—71
Rogers-Pinho	36-35—71
Berson-Marshall	37-34—71

*Won playoff.

Today's Identity

A fine major league prospect until suffering an arm injury in 1946, today's personality still possesses enough stuff to be one of this area's finest pitchers. After regaining his amateur status, he won Pontiac's Class most valuable player award last year and is top man of GMC's mound crops this summer. He's Herman Bishop.

Ivory Club Wins

Ivory Rangers scored 4 times in the last 2 chukkers to whip the San Antonio Polo Club 11-6, in Milwauke Sunday. Lew Smith scored 7 goals for the Rangers. Fred Lutzow had 3 goals for the Ivory team.

Grid Bears Sue Canadians for Swiping Player

CHICAGO (AP)—The Chicago Bears are sizzling, not in the wake of 100-degree weather but from a Canadian pirating wave.

The Bears yesterday filed their second damage suit in two weeks against a Canadian professional football team for allegedly swiping a player.

The suit, filed in Federal Court at Miami, Fla., asked $150,000 from the Hamilton, Ont., Tiger-Cats for inducing linebacker Jim Dempsey to quit the Bears.

It was coupled with a $25,000 breach of contract suit against Dempsey.

The Bears last week, in Stockton, Calif., filed a $100,000 suit against the Calgary club of the Canadian Football League for coaxing halfback Eddie Macon to jump his Bear contract.

Record Field in Sight for Motor City Test

Middlecoff Expected to Be Here in Defense of Last Title, in '52

DETROIT (UP) — A surge of last-minute entries indicated today the $17,500 Motor City Open golf tournament starting Thursday at Meadowbrook Country Club may have the largest field in the five-year history of the event.

Most of the nation's leading pros, including defending champion Dr. Cary Middlecoff of Memphis, Tenn., will battle for the top prize money of $3,000 in the 72-hole, four-day match over the 6,701-yard Meadowbrook course.

Club officials said the entry list is rapidly approaching the record number of 165 competitors who battled for the 1952 Motor City Open title. No tournament was held last year since Detroit was host to the PGA championship.

This year's Motor City Open is the richest ever with a $2,500 increase over the purse offered two years ago. Consequently, the money-minded pros have been easy to attract.

A few "name" golfers will be missing like Ben Hogan, who plays in only select events these days, and Ed Furgol, recently-crowned National Open King who must attend a civic celebration in his honor at Clayton, Mo. later this week.

Lloyd Mangrum, Motor City Open co-champion with Middlecoff in 1949 and the outright titlist a year later, and Slammin' Sammy Snead also are doubtful starters. Both have submitted entries in the British Open and would have to withdraw in order to compete here.

Mangrum has been the No. 1 money winner in the four previous Motor City Opens—two at Meadowbrook and two at Red Run—with earnings of $7,200. Middlecoff is not far behind with $6,020 to his credit.

BIG ONE — Almon R. Austin (above) of 641 W. Huron street Saturday took over the lead in the bass section of the Pontiac Press Big Fish Derby with a 5-pound 9-ounce smallmouth. He used a black jitterbug to land the fish Friday night in Watkins Lake.

Delay Turning Wrists for Correct Follow-Through

By SAM SNEAD

Wrists in Follow-through.

It's true that nothing you do in your follow-through can effect the flight of the ball. But don't let this fool you into thinking the follow-through isn't important. The fact is that you can't have a correct shot without it resulting in proper follow-through so the backswing, downswing and follow-through do have to work together.

Among the features of a correct follow-through is non-pronation of the wrists for as long as possible. Pronation is a fancy

word for turn—so if you "non-pronate" you merely don't turn your wrists over.

Today's player is almost halfway through his follow-through, and his wrists (A) are just beginning to turn over. By keeping your wrists in the same relative position that they are at impact (back of left hand "facing" intended line of flight) as long as possible you automatically keep the clubface square to the hole.

If you concentrate on this part of your follow-through, it will help you complete the other parts of your swing correctly

Mueller Aiming for NL's Title

Giants' Fielder Boasts Mark of .365 After He Swore Off Home Runs

NEW YORK (AP)—Since Don Mueller swore off home runs, he has become a candidate for the National League batting title.

The New York Giants' right fielder used to swing for the fences. In 1951, he hit five homers in two days against the Brooklyn Dodgers. In 68 games this season he hasn't hit any.

* * *

"Sure I'd rather be a guy swinging for the stands," he said yesterday. "But I make more headway just trying to meet the ball.

"I watch the ball a little longer, study how the infielders play me and cut down on the swing. So far, it's been working great.

Mueller wound up at .333 last season, fifth in the league. He gave Carl Furillo a battle for the title right down to the final weeks. After yesterday's game with Chicago, he was hitting .365 with 9 hits.

Inquiry Ordered Into Violence at Soccer Title Tilt

BERN, Switzerland (AP)—The organizing committee of the World Soccer championships called an emergency meeting today to investigate violence at the Hungary-Brazil quarter-final game.

Hungary defeated Brazil 4-2 yesterday, in one of the roughest international games on record, during which one Hungarian and two Brazilians were ordered off the field by Referee Arthur Ellis of England.

The two teams continued their battle in the dressing room with broken bottles and football boots and had to be forced apart by Swiss police. Three Brazilian, two Hungarian players, three policemen and two Hungarian officials were injured and taken to a hospital.

Hungarian team Manager Istvan Krajcsovitz announced that the Hungarian team's tour to Brazil has been cancelled.

The Cleveland baseball club back in 1890 was known as the Spiders.

Favored Tony Trabert Faces Australia's Rose

Second-Seeded Hoad Meets Drobny, Seixas Opposes Patty

By JOHN FARROW

WIMBLEDON, England (AP)—The world's eight top amateur tennis players were pitted today in Wimbledon's quarter-finals—and experts still were jittery about naming the future champion.

It is the most open All-England tennis tournament since World War II. Most of the excited fans were not at all sure that No. 1 seeded Tony Trabert of Cincinnati would make the final round.

* * *

Trabert tackles Mervyn Rose, Aussie lefthander, who shines at doubles, but is over-shadowed by countrymen Ken Rosewall and Lewis Hoad in the singles.

* * *

Second-seeded Hoad, 19-year-old Aussie star with a booming service, takes on Czech-born veteran Jaroslav Drobny, who now lives in Egypt.

Defending champion Vic Seixas of Philadelphia, seeded fourth, had a hard battle against Belgium's Jackie Brichant before making the quarter-finals. Seixas won 6-8, 7-5, 6-2, 5-7, 6-2—and so avenged his defeat to Brichant in the inter-zonal Davis Cup finals last year.

Seixas goes against Budge Patty of Los Angeles and Paris. Patty is in top form and is capable of upsetting the champion.

The final seeded match is between Rosewall, the other end of Australia's 19-year-old "terrible twins" act, and Rex Hartwig, a fellow countryman.

In the women's singles, champion and top-seeded Maureen (Little Mo) Connolly, San Diego, Calif. meets Britain's 19-year-old Angela Buxton.

* * *

Second-seeded Doris Hart of Coral Gables, Fla., plays Mrs. Nicla Migliori, second-ranked women's tennis player in Italy. Third-seeded Shirley Fry of Akron, Ohio meets Pat Ward of Britain.

* * *

Louise Brough, Beverly Hills, Calif., ranked fourth, takes on Barbara Bradley, Reno, Nev. Mrs. Margaret du Pont, Wilmington, Del., seeded fifth will face Christiane Marcelis, Belgium.

Britain's sixth-seeded Angele Mortimer plays Melita Ramirez, Mexico's champion and Mrs. Betty Pratt, South Orange, N. J., faces Joan Curry, Britain.

Three Races May Unsnarl Tangled Filly, Mare Titles

By ORLO ROBERTSON

NEW YORK (AP)—Two races today and one 8 days hence should do much to unsnarl the tangled fillies and mares championship situation on the American turf.

So far no filly or mare has a clean-cut claim to the titles won last year by Grecian Queen as the No. 1 3-year-old filly and Sickle's Image as the best of the distaff members of the handicap division.

Aqueduct and Delaware Park bring together many of the leading candidates today and on July 5 the best of them match strides in the $100,000 added Newcastle Handicap at Delaware. And, unless an outsider pops up in the winner's circle, the three races should be helpful in clearing up the situation.

Four recent stake winners head today's Aqueduct field. They are: Meyer J. Kaplan's Sunshine Nell, winner of the Top Flight Handicap at Belmont Park and probable favorite; the King Ranch's On Your Own, victorious in the Gazelle Stakes; Mrs. Samuel M. Pistorio's Brazen Brat, first home in the Regret Stakes at Monmouth Park, and The Maine Chance Farm's Fascinator, winner of the Kentucky Oaks.

Parlo, a rank outside from William du Pont's Foxcatcher Farm, put in a bid for the 3-year-old filly title last Saturday by winning the Delaware Oaks. Cherokee Rose,

Musial Holds Lead in All-Star Voting

CHICAGO, (AP)—Stan Musial, who appears headed toward his 11th All-Star game, still is the individual leader in the baseball poll as the 23-day contest goes into its stretch run today.

Musial, St. Louis Cardinals' right fielder, piled up 184,626 votes in the latest tabulation of returns. Musial holds a .324 batting average for 10 inter-league contests.

The voting, which opened on June 11 to determine 16 starters for the 21st game in Cleveland July 13, will end at midnight next Saturday. The winners will be announced on July 5. The complete American and National League teams will be named July 6.

Stadium, Drug 9s Split

Stadium Inn and Drayton Drug split an exhibition softball double header at Township Park, Drayton Plains, Sunday night. The Pontiac team racked Drug's Gary Boe, 7-2, in the opener, but Boe came back to pitch a 2-hit, 1-0 shutout in the nightcap. Ed Miller won the 1st game for the Stadium club.

Hank Bauer failed to score a run during the 13 world series games he played for the Yankees in 1949-50-51.

CUT... OPERATING—MAINTENANCE—SPOILAGE COSTS!
on your tapping jobs!

NEW "TRU-GRIP" Tap Holder
Procunier Tappers are the last word in economical, accurate, high speed tapping. They provide many unique construction features that permit inexperienced operators to tap like experts—and experts become more efficient. Procunier Tappers provide many extra hours of continuous accurate tapping without frequent "down-time" interruptions and they produce more with fewer rejections, fewer spoiled pieces and a minimum of broken taps.
Check these features:
1. New sensitive double cone cork-faced friction clutch;
2. Soft, cushioned action driving pressure;
3. Ball bearing equipped;
4. Heat treated gears;
5. Special balanced gear reversing mechanism;
6. Unique tap holding spindle support;
7. Smaller, lighter more accurate Tru-Grip tap holder; plus many other features.

Bob Considine Says:

Bishop Describes China Since Reds Have Come

NEW YORK (INS) — Then there was the clever Chinese farmer who found a way to outwit his cruel new masters, Episcopal Bishop Quentin Huang told the Overseas Press Club luncheon.

"He took his surplus rice, ground it into a fine powder, mixed it with water and plastered the room of his little home," the bishop related. "The Communists searched his place for days but could not find hidden rice and at last went away. And then the hungry family could, in safety, eat its walls."

The bishop, author of "Now I Can Tell," (Morehouse - Gorham) an account of his experience while a prisoner of his Communist fellow countrymen, had only this one story to tell us wherein right prevailed over might in present - day China. The remainder was a sobering eye-witness account of what is going on behind the Bamboo Curtain.

"When they came to my city," said Bishop Huang, part of whose education was gained at the University of Pennsylvania, "the worst weapon they carried was a wooden box. This box, and four others like it, were placed in as many sections of the city — in public places. 'Secret boxes,' they were called.

"The people were told that if they knew of anything derogatory about someone else in that city they should write that man or woman's name on a slip of paper, and the nature of the charge, and place it in the 'secret box.' The accusers did not have to sign their own names.

"The boxes were filled almost immediately, and all whose names appeared therein were arrested. The enemy feels it is better to punish ten thousand innocent rather than let one guilty person go free."

The bishop dwelt at some length on why a nation of more than 400,000,000 normally independent humans bowed so quickly to Communist rule. He spoke of the shattered morale of the land after years of war with Japan and suspicion of Chiang Kai-shek's rule. ("It was far from ideal, but the best we had.") He did not except failures of the ministry, in his list of factors leading to the fall of China.

He said the great strength of the Communists was their ability to make the Chinese people believe steadfastly in one prime promise: land reform. Every man was to have land enough to feed him and his family; the great estates were to be broken up and distributed among the poor. A tenant farmer no longer would have to give 50 per cent of the rice to the rich man on the hill. Instead, he could keep 85 per cent for himself and pay only 15 per cent to the new government.

"The 15 per cent lien became 20 per cent and was expanded to embrace all of the farmer's goods, not just his rice but even the firewood he collected in the hills and the water he drew from the well.

"Guard your freedom," Bishop Huang exhorted his listeners. "We never knew what a precious thing it is until we lost it."

Bath House Tragedy

TOKYO (AP)—Down a main street of suburban Asakusa yesterday paraded a line of men draped only in towels. They were walking home from the public bath house, where someone had stolen their clothes.

Soldier Has Plot to Call His Own

CAMP GORDON, Ga. (UP) — Every springtime there stirs within the heart of man the desire to work a plot of land all his own. This holds true for a man even when he's in the Army Signal Corps.

Pfc. William Dries, a former mechanical engineer from Milwaukee, Wis., began to have visions of things green and growing. Staking out a 2x5-foot piece of land near his barracks at the Signal Corps Training center here, Dries put 50 morning glory seeds into the sandy soil and left the rest up to nature.

Next morning he found the area trampled over. Undaunted, Dries planted again, this time putting up a small fence around his garden. This time his labor was rewarded — 25 morning glories sprouted.

Lake Erie is 240 miles long and 57 miles wide.

Wheat Leading Drop for Grains

CHICAGO (AP) — Grains headed lower on the board of trade today under the leadership of wheat, which was subjected to considerable hedging pressure.

Only new crop soybeans showed any early resistance to the selling and their gains were very small. There apparently was some buying in these months against sales of July beans, which became very weak and dropped seven cents at one time.

Wheat near the end of the first hour was ½ to 1⅜ lower, July $1.89⅝, corn ⅛ to ¾ lower, July $1.57⅝, oats ⅝ to ⅞ lower, July 72⅝, rye ¼ to ¾ lower, July 99¾, soybeans 6 cents lower to ¾ higher, July $3.64¾ and lard 13 to 25 cents a hundred pounds lower, July $15.25.

ORDINANCE NO. 18
AN ORDINANCE RELATIVE TO THE LICENSING AND OPERATION OF POWER-DRIVEN BOATS

The Village of Lake Angelus ordains:

Section 1.—That no boat powered by internal combustion engine shall be operated on any waters within the Village of Lake Angelus unless the owner thereof shall have first obtained a license signed by the Village Clerk.

Section 2.—That the license shall be valid for the period of ownership of the craft by the licensee and shall not be transferrable.

Section 3.—That the license shall be carried by the operator of the boat and shall be produced for inspection upon demand of any official of the Village. The license shall bear upon it the name and address of the owner; the kind and serial number of the motor and any other information necessary to identify the boat.

Section 4.—That application for license shall be made in writing to the Village Clerk upon forms to be supplied by the Village; and the inspection of the craft and approval of a license therefor in writing by the Chief of Police may be required before issuance of the license.

Section 5.—That all licensed power boats shall be numbered and the license number shall be painted or affixed on both sides of the bow and either the number or the registered name of the boat shall be painted or affixed on the transom of the boat. All such markings shall be in figures or letters at least four (4) inches high.

Section 6.—That no license shall be issued for a boat whose engine operates with excessive or objectionable noise, or the condition of whose engine is such as to result in a smoky or oily exhaust.

Section 7.—That outboard internal-combustion engines are hereby prohibited, being hereby declared to be nuisances.

Section 8.—That no racing-type boats shall be licensed or permitted upon the waters within the Village.

Section 9.—That the license for any power boat may be revoked and cancelled by the Chief of Police at any time if the said boat is not being operated quietly, or if it is operated in such manner as to be a public nuisance, or in such manner as to cause offense to the residents of the Village, or in violation of this Ordinance or of any other Ordinance or State law, or if such boat is being used for commercial purposes. If a license is revoked or cancelled by the Chief of Police it shall not thereafter be reissued.

Section 10.—That appeal may be had from the rulings and decisions of the Chief of Police pertaining to the licensing of any boat to the Commission of the Village, whose decision shall be final.

Section 11.—That no power-driven boat shall be operated in a manner to endanger the safety of swimmers, or the safety of the occupants of canoes, row boats, sail boats or of other power-driven boats; and the operator of any power-driven boat shall at all times yield the right of way to the operators of canoes, row boats and sail boats.

Section 12.—That racing of power-driven boats is hereby forbidden.

Section 13.—That all power-driven boats operating on waters within the Village of Lake Angelus between sunset and sunrise shall carry regulation port and starboard lights and a white stern light.

Section 14.—That no power-driven boat shall be operated on any of the waters within the Village between one hour before sunset and one hour after sunrise at a speed in excess of ten (10) miles per hour.

Section 15.—That conviction of the violation of any of the terms of this Ordinance shall be punishable by a fine not exceeding one hundred dollars ($100.00), or ninety (90) days imprisonment in the county jail, or both such fine and imprisonment, in the discretion of the court.

Section 16.—That this Ordinance repeals Ordinance No. 10.

Section 17.—That the various parts, sections, sub-sections, sentences, phrases and clauses of this Ordinance are hereby declared to be severable; and that, if any part, section, sub-section, sentence, paragraph, phrase or clause is adjudged unconstitutional or invalid, it is hereby provided that the remainder of this Ordinance shall not be affected thereby. The Village Commission hereby declares that it would have made and passed this Ordinance, and each section, sub-section, paragraph, sentence, phrase and clause thereof irrespective of the fact that any one or more sections, sub-sections, paragraphs, sentences, phrases or clauses might be declared invalid.

Section 18.—That this Ordinance affects the health, safety and welfare of the residents of the Village and shall be effective immediately upon publication in any newspaper circulating within the Village of Lake Angelus.

Section 19.—That this Ordinance shall be submitted to a referendum to the electors of the Village of Lake Angelus at the Regular Election to be held on Saturday, the 4th day of September, A.D. 1954; and that the publication of this Ordinance is notice of such Election and referendum.

Made and passed by the Commission of the Village of Lake Angelus at the adjourned Regular Meeting of the Commission held on the 17th day of June, 1954.

Yeas: Commissioners Evans, Tuttle, Dodge; President Walton.

Nays: None.

Absent: Commissioner Foren.

ROBERT W. HODGE,
Clerk of the Village of Lake Angelus.

H. L. WALTON,
President of the Village of Lake Angelus.

June 28, 1954

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning Patricia and Ruby Jean Holland, minors. Cause No. 13532.

To William and Geraldine Holland, parents of said children.

Petition having been filed in this Court alleging that the present whereabouts of the parents of the said minor children are unknown and the said children are dependent upon the public for support and that said children should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House in the City of Pontiac in said County, on the 7th day of July A.D. 1954 at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in the Pontiac Press a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 25th day of June A.D. 1954.

Eggs: Large, 13.00-14.00 30-doz. case; medium, 10.00-11.00; small, 8.00-9.00.

CHICAGO POTATOES

CHICAGO (AP) — Potatoes: Arrivals 300; on track 41; total U.S. shipments for Friday 984; Saturday 571; Sunday 19; supplies moderate; demand fair; market rather dull; California Long Whites 4.10-70; Kansas Cobblers 2.25.

DETROIT EGGS

DETROIT (AP)—Eggs, f.o.b. Detroit, cases included, federal-state grades:

Whites—Grade A, jumbo 48-52, weighted average 48; large 43-46, wtd. av. 44½; medium 34-38, wtd. avg. 37½; small 29; grade B, large 34-39, wtd. avg. 38.

Browns—Grade A, jumbo 45-50, wtd. avg. 47½; large 42-44, wtd. avg. 42; medium 35½-37, wtd. avg. 37; small 29; grade B, large 38; grade C, large 26.

Checks 24.

Comment: Market about steady. Undertone nervous. Supplies moderate reflecting sharp declines in local production. Overall trading just fair. Offerings of large barely ample. Medium and peewees more than ample to the light demand. Undergrades barely clearing.

CHICAGO BUTTER AND EGGS

CHICAGO (AP)—Butter steady; receipts 1,788,568; wholesale buying prices unchanged; 93 score 56.5; 92 A 56.5; 90 B 54; 89 C 48; cars 90 B 54.5; 89 C 48.

Eggs very weak; receipts 20,650; wholesale buying prices unchanged to 2 cents lower; U. S. large 32.5-33.5; U.S. mediums 29.5; U.S. standards 29; current receipts 26; dirties 24.5; checks 23.

Livestock

DETROIT LIVESTOCK

DETROIT (AP)—Hogs salable 1,000. No early sales, undertone 25 cents or more lower.

Cattle salable 3,200. Receipts include around 850 stockers and feeders; about 25 per cent receipts cows; market opening active for slaughter steers and heifers, 25-50 cents higher; cows slow, weak, some bids lower; no early sales bulls; stockers and feeders active, firm; early bulk mostly choice fed steers and yearlings 23.00-24.50; numerous lots high choice and prime 24.75-25.00; some good to low choice steers 20.00-23.00; several lots choice and prime fed heifers 22.00-23.00; lower grades steers and heifers mostly unsold; early sales utility and commercial cows 11.50-14.00; canners and cutters 9.50-12.00; numerous sales good and choice 450-525 lb stock steer calves 20.00-22.00; small lots choice up to 23.00.

Calves salable 600. Market opening moderately active, fully steady; most early sales choice vealers 21.00-24.00, high choice and prime 25.00-26.00; commercial and good grades 15.00-20.00; light culls down to 5.00.

Sheep salable 300. Undertone around steady for slaughter sheep and lambs; choice and prime native spring lambs held above 24.50.

CHICAGO LIVESTOCK

CHICAGO (AP)—Salable hogs 9,000; general market uneven; butchers as well as sows 25-50 lower than Friday's average; light weight butchers active; otherwise market rather slow; most sales choice 180-230 lb butchers 24.75-25.25; few sales choice No 1 and 2's around 215 lb down 25.35; top 25.45 sparingly; some 240-270 lb 23.50-24.50; instances slightly more on choice No 1 and 2s around 240 lb; 280-315 lb 21.75-23.25; choice 330-400 lb sows 18.75-21.00; choice lighter weights 21.25-21.75 or slightly above; 425-600 lb sows 16.00-19.00; clearance incomplete.

Salable cattle 19,000; calves 500; slow; steers steady to 50 lower; heifers mostly steady to weak; cows 25-50 lower; bulls and vealers fully steady; few loads prime 1175-1230 lb steers 26.25-26.75; most high choice and prime steers 24.25-26.00; good to average choice 20.00-24.00; a short load commercial 975 lb Holsteins 18.00; a load of prime heavy heifers 25.00; good and choice heifers 17.50-23.25; utility and commercial cows 11.00-14.00; canner and cutters 9.00-11.50; utility and commercial bulls 14.50-17.00; good and choice vealers 15.00-19.00; cull to commercial 8.00-15.00.

Salable sheep 1,000; general trade moderately active; largely steady with late last week on spring's old crop lambs and slaughter sheep; good to prime spring lambs 21.50-24.00; top 24.25 sparingly; cull to low good grades 12.00-21.00; around a deck good and choice 106 lb yearlings 16.50; a few cull to mostly good slaughter ewes 4.50-5.50.

Poultry

DETROIT POULTRY

DETROIT (AP)—Prices paid per pound f.o.b. Detroit for No. 1 quality live poultry up to 10 a.m.

Heavy hens 18-20; light type 15-16; heavy broilers or fryers (3-4 lbs), whites 26-26½; gray crosses 27; caponettes (4-6 lbs) 30-31½.

Comment: market quiet. Dealers curbing Monday receipts to meet the light demand. Weekend clearances fair. Undertone easy on hens and steady on young stock.

CHICAGO POULTRY

CHICAGO (AP)—Live poultry weak on hens; barely steady on young stock; receipts 1,126 coops; f.o.b. paying prices unchanged to 1 higher; heavy hens 16-19; light hens 14.5-15; fryers or broilers 24-28; old roosters 14.5-15; caponettes 27-28.

Gets 2 Years Probation

James L. Smith, 33, of 341 Howard McNeill St., received two years probation and was ordered to pay $200 by Oakland County Circuit Judge George B. Hartrick today. Smith pleaded guilty to taking four cartons of cigarettes from the store at 724 E. Maple Ave., Birmingham, April 27.

Stocks Streaky, Some Go Up $2

NEW YORK (AP) — The stock market was slightly higher in early afternoon trading to a few stocks scored wide gains.

Trading was at a good pace. On Friday, when 2,060,000 shares changed hands, the market hit a new high since Oct. 23, 1929.

A handful of stocks in widely varied industries moved up around two points or more at one time. They included United Fruit, which has large holdings in Guatemala, Du Pont, Outboard Marine, U. S. Gypsum, International Business Machines, and Eastman Kodak.

On the other hand, a weakening of prices for gasoline and fuel oil sent most petroleum shares lower. Off around a point in early afternoon were Cities Service, Amerada, Phillips, Lion Oil, Sinclair, and Seaboard Oil.

Once again, the electrical equipment issues were active and strong. Both General Electric and Westinghouse gained good-sized fractions.

The motors were generally higher and Chrysler was active. Kennecott was under pressure among the coppers. Several rail shares dipped on poor earnings reports.

Local Woman Given 1 to 14-Year Sentence

Miss Virginia Stevens, 27, of 79 Poplar St., was sentenced to from 1 to 14 years in the Detroit House of Correction today by Oakland County Circuit Court Judge George B. Hartrick.

She pleaded guilty June 21 to forging a Pontiac Motors payroll check for $69.16, and another $67 check in a local bar.

Israelis Cross Border

JERUSALEM (AP) — A Jordan broadcast heard here today said a "great force" of Israeli soldiers armed with mortars crossed the Israeli-Jordan border near Kalkilyeh last night and attacked an Arab Legion base. It said four legionnaires were killed and several injured.

DAVID H. GERHARD

Business Notes:

Area Man Head of Gas Group

D. H. Gerhard, Manager of Consumers Power Co. Named at Convention

David H. Gerhard, manager of Consumers Power Co.'s Southeast Division, with headquarters in Pontiac, was named president of the Michigan Gas Assn., today at the group's annual convention at Mackinac Island. Roland R. Paulin, vice president and general manager of Michigan Consolidated Gas Co., was elected vice president.

George Ludwig, general manager of the Muskegon District of Michigan Consolidated, was elected to the board of directors of the Association. Re-elected secretary and treasurer was Milton G. Kendrick, sales manager for Michigan Consolidated in Ann Arbor.

Gerhard, who lives at 1548 Northlawn, Birmingham, has been with Consumers since 1925. He was manager of the Saginaw division from 1946 until 1953 when he was appointed to his present post which covers Oakland and Macomb County.

Six Pontiac realtors attended the Michigan Real Estate Assn. Convention last Wednesday through Friday in Detroit including Bruce J. Annett who was elected 1955 association president.

Others attending were William H. Knudsen, president of the Pontiac Real Estate Board and a director of the state group, John K. Irwin, John Kinzler, Floyd Kent, and B. D. Charles.

News in Brief

Pontiac Police today reported the breakin of a filling station, 669 Orchard Lake Ave., where thieves rifled vending machines and stole $3 worth of pennies from the cash register. Entry was gained by breaking a rear window.

An undetermined amount of money was taken from two vending machines in a restaurant, 891 Baldwin ave., Sunday night when thieves entered by forcing a rear door, according to Pontiac Police.

Pontiac Firemen blamed a blaze in an apartment building, 86 Cottage St., on careless smoking Sunday when an $100 damage was caused after the fire started in a mattress.

Three Youths Hurt as Car Hits Tree

Three teenagers were injured, one seriously, Sunday when their auto hit a tree while negotiating a curve on Cedar Island Lake road near Round Lake road.

Driver Robert Curtis, 16, of 3232 Avalon, Auburn Heights, is reported in satisfactory condition at Pontiac General Hospital. He suffered a skull fracture.

Betty Martin, 16, of 872 Oakland, Milford, and Lloyd Stead Jr., 17, Box 212, also of Auburn Heights both were treated for cuts and bruises.

State Police of the Pontiac Post quoted the youths as saying Curtis lost control of the auto and "didn't know what happened after that."

County Deaths

George William Lowther

MILFORD — Service for George William Lowther, 60, of 1825 Moore Rd. will be held at 1 p.m. Tuesday at the Richardson-Bird Chapel, vith burial in Oak Grove Cemetery. He died at his home today.

Mr. Lowther is survived by his widow, Verlie; a son, George Jr. of Milford, three sisters, a brother and two grandchildren.

Mrs. Albanie Aymes

MILFORD — Service for Mrs. Albanie Aymes, 70, of Hartland, will be held at 3 p.m. Tuesday at the Richardson-Bird Chapel with burial in Highland Cemetery. She died Sunday.

Mrs. Aymes is survived by two daughters, Mrs. Frank Remsing of Milford and Rene of Paris, France, two brothers, a sister and five grandchildren.

Man Charged in Auto Death

June Accident Brings Citation of Negligent Homicide

William F. Vorce 37, of 180 S. Paddock St., involved in a June 19 accident after which his father died, was arrested by Pontiac Police on a negligent homicide charge Saturday.

The warrant, approved by Oakland County Prosecutor's office, followed questioning of four witnesses riding in a car struck by Vorce's auto, said police.

Vorce's father Ora F., 63, of 1230½ Baldwin Ave., sitting next to his son at time of the accident, died in Pontiac General Hospital two days after the mishap. He suffered neck injuries a broken collar bone and a leg fracture.

Police said Vorce is scheduled for arraignment today in Pontiac Municipal Court where he also has a drunk driving charge pending against him from the same accident.

Driver of the other car, Donovan E. Kidd, 26, of 722 W. Flint St., Davison, and his three passengers, told police and the prosecutor's office that Vorce made an improper left turn in front of their auto. Police also quoted the witnesses as saying Vorce failed to signal when making the turn at Telegraph Rd. and Orchard Lake Ave.

Vorce, who refused to make a statement to the prosecutor's office, pleaded guilty recently to the drunk driving charge and was released on a $150 bond by Pontiac Judge Maurice E. Finnegan. Sentencing was set for June 29.

Chief Assistant Prosecutor George F. Taylor said that Vorce was driving on a revoked operator's license.

Man Sent to Prison After Wife's Death

Oakland County Circuit Judge George B. Hartrick sentenced Garlian Jackson, 38, of Detroit, to between 2 and 15 years in prison for the Thanksgiving Day, 1953, death of his wife, Annabelle.

Jackson stated that his wife fell on a knife he held during a struggle. The charge was previously reduced to manslaughter from second degree murder by Pontiac Judge Maurice E. Finnegan, who said proof of premeditation and malice aforethought was lacking.

Two persons testified that there had been a quarrel and struggle.

Sentenced for Breakin

Gerald L. J. Hubble Jr., of Davisburg was sentenced to between 1½ and 15 years in prison by Oakland County Circuit Court Judge George B. Hartrick today for the confessed break-in Jan. 15, 1953, of a Royal Oak gas station.

Joy Ride Costly to Pair

Frank R. Brown, 17, of 14 E. Canal St., and Rodney E. Pickering, 18, of Detroit were placed on two years probation and ordered to pay $200 costs each by Oakland County Circuit Judge George B. Hartrick today for taking a car to joy-ride on June 17.

Thieves Don't Get Drop of Milk at Local Dairy

The milk strike last week may have served as an added disappointment to thieves who broke into the Shamrock Dairy Bar at 931 Baldwin Ave., Saturday, according to Pontiac Detective Thomas Mitchell.

"There wasn't a drop of milk in the place," said Mitchell as he submitted his report of the break-in.

The thieves, who entered by breaking a rear window, broke into the music box and cigarette machine instead.

"It must have been disgusting," added Mitchell.

County Buys 4-Acres Land

Plans to Publicize Need for Courthouse, Gives Fence Contract

Oakland County Board of Supervisors set aside money for a new jail elevator, a fence between its "county center" and Pontiac State Hospital, and bought four acres of land today.

The board also heard reports on the condition of the county's buildings and preparations for the Aug. 3 vote on a new $4,500,000 courthouse.

Supervisors voted to buy about four acres of land at the county center along Pontiac's West boulevard boundary for $1,000. The triangular piece of land gives the county complete frontage along the section of Grand Trunk Railroad that runs through the center.

Haughton Elevator Co. was awarded a $13,600 contract to repair the elevator at the county jail. The contract for 3,600 feet of fence went to Union Construction and Supply Co., second lowest of three bidders, for $2,148.40. The lowest bidder's estimate didn't meet details set up for the fencing job.

Supervisors reassured Pontiac City Commission that the county will pay for any city services, such as sewers or water mains, that it needs if Pontiac will annex a 111-acre piece of land between West boulevard and Telegraph road. This is the site for the proposed courthouse.

Supervisors also promised to dispose of the county's downtown buildings as soon as a new courthouse is built—if it's built. The city commission last week voted to annex the land if the county agreed to these two conditions.

An advertising appropriation of $5,500 for publicizing the campaign for a new county courthouse was granted by supervisors. The fund will be used to tell the public about the county's building needs.

Most of the county's buildings and grounds were found in better shape this year than last, Harry W. Horton, buildings and grounds chairman, reported. The committee made its annual inspection of buildings this month.

A cubic mile of ocean water contains gold worth 93 million dollars, but cost of extraction would be greater than the worth of the gold.

Man, 22, Pleads Guilty to Passing Bad Checks

Eugene Risinger, 22, of 819½ Oakland Ave., was placed on three years probation and ordered to pay $250 in costs by Oakland County Circuit Judge George B. Hartrick today, after he pleaded guilty to uttering and publishing. Bad checks passed by Risinger totaled $495.

Detroiter Sentenced for Fatal Knifing

Jim Woods, 26, of Detroit, was sentenced by Oakland County Circuit Court Judge George B. Hartrick today to between 2½ and 15 years in prison for the fatal parking lot knifing of Arthur Moran, 21, of Clarkston, Jan. 7, 1953.

Woods was sought for more than a year in the case, before giving himself up to police Feb. 8. He said he didn't know that Moran was hurt seriously when he returned to Detroit, and that he stabbed Moran in self defense.

Woods arranged a meeting with Pontiac Detective Allen Noble, to surrender after consulting a Detroit attorney.

Woods' charge was reduced from second degree murder to manslaughter.

Detroiter Hospitalized After Collision Sunday

Reported in good condition today in Pontiac General Hospital was August J. Werth, 32, of 190 Morell, Detroit, after suffering back injuries when his car collided with another at U.S.10 and White Lake Rd. Sunday.

Werth's wife, Charlotte, 27, was treated for bruises, the hospital said. Werth told Oakland County sheriff's deputies he hit a car driven by Mrs. Helen A. Pintamo, 34, of 9405 Tuxedo, Detroit, when she made a left turn in front of him. Mrs. Pintamo was uninjured.

Man in Good Condition After His Car Hit Pole

Ivan W. Smith, 26, of 8769 DeSoto, Detroit, was reported in good condition today in Pontiac General Hospital after his car hit an electric pole Saturday in front of 3951 Joslyn Rd., Pontiac Township.

A passenger, Frederick Cronenwett, 22, of 14887 Muirland, Detroit, was treated for face cuts. The two were unable to make statements, according to Oakland County sheriff's deputies.

Social Action Council Backed

Congregationalist Foes of Church Body Ready New Move

NEW HAVEN, Conn. (AP)—Foes of the Social Action Council of the Congregational Christian Churches today readied a new thrust to try to tone down convention action strongly supporting the council.

Robert C. C. Heaney, of Grand Rapids, Mich., said he will offer a new resolution for adoption of a review board's report, which in part criticized the council's conduct.

Likelihood of its approval, however, seemed dim, in view of the delegates' previous thumping vote of confidence in the council —the denomination's agency to sound a Christian approach to modern issues.

It has been the target of a long campaign by a deeply conservative minority in congregationalism which claims the council has been a political pressure organ plugging for left-wing causes.

Representatives of the country's 6,000 Congregational Christian Churches Saturday acted overwhelmingly to endorse the council, by tentatively voting approval of recommendations backed by the council itself.

The council is an 18-member body elected by convention representatives from the churches. Among the new recommendations set for its operation were these:

1. That it shall devote most of its work to educating church members "on the Christian viewpoints in social issues."

2. That on issues on which Christians may hold

Death Notices

AYMES, JUNE 27, 1954, MRS. Alhante, 1737 Maxfield Rd., Hartland, Mich., age 70; beloved mother of Mrs. Frank Remsing and Miss Rene Aymes; one sister and two brothers also survive. In Memoriam 2

IN LOVING MEMORY OF STAFF Sgt. Harry F. McGinnis who passed away June 27, 1950.
Do not ask me if I miss him,
For there's such a vacant place,
Oft I think I hear his footsteps,
Or I see his smiling face.
For he left me broken-hearted
Friends may think the wound is healed,
But they so little know, the sorrow
That is in my heart concealed.
Sadly missed by his mother, stepfather, wife and sons.

Extends Hand of 'Welcome'

Worked Up From Job of Barking Like Dog to Star TV Post

NEW YORK — Tommy Bartlett, an Air Transport pilot in World War II, still likes to move around. But his flights to far off places these days are in large part accomplished vicariously — through listening to the tales of the guests who appear on his human interest interview TV program, Welcome Travelers.

Bartlett was born July 11, 1914, in Milwaukee, Wis. He attended public schools there, then decided to try his hand at radio.

His first assignment was imitating a barking dog. He took every role offered until he worked his way up to his own interview program in 1932.

Several years later he went to Chicago, where he was heard on many programs, including Adam and Eve, Jingle Jackpot and Mr. and Mrs.

Then came World War II and his Air Transport Command assignment. After the war, Bartlett flew for an airline until he left for his current star - host post on Welcome Travelers.

He still has a private pilot's license and flies his own plane nearly every weekend — as far north as upper Canada and as far south as Florida.

Bachelor Bartlett is tall (six feet, two) and husky, has sandy-red hair, blue eyes and an infectious grin.

Adenauer Party Suffers Setback

BONN (INS) — Final unofficial returns in the important North Rhine - Westphalia elections indicated today that Chancellor Konrad Adenauer's pro-American Christian Democrats suffered a setback, although they remained the strongest party.

The loss of several seats by the Christian Democrats and their allies, the Catholic Center party, apparently put an end to the Adenauer majority in the parliament of the heavily-populated state.

However, Communist representation was wiped out as the Reds lost all of their 12 seats. The North Rhine Westphalia area includes the vital, heavily-industrialized Ruhr.

There were no deaths from plague in the United States between 1949 and 1954.

PRINCIPALS IN HEART DRAMA—Five-year-old Pamela Schmidt of Minneapolis and her father, Edward, figured in a revolutionary heart operation shown coast-to-coast on Television's "March of Medicine" program. The father's blood stream was connected to his daughter's so she could "borrow" his lungs while doctors at the University of Minnesota Hospital corrected her heart condition.

Parties Watch Maryland Vote

Greatest Interest Shown in 3 of 7 Congressional Primary Fights

BALTIMORE (AP)—National party officials showed special interest in three of the seven congressional fights and state political leaders kept close watch on the Democratic primary for governor today as Marylanders named their candidates for the November elections.

Despite this high-level attention and an exceptionally bitter campaign by Dr. H. C. Byrd and paving contractor George P. Mahoney for the Democratic governor nomination, the primary stirred little apparent interest among the voters.

• • •

Election supervisors predicted about one third of the 1,065,180 eligibles would turn out.

An even smaller showing was expected on the Republican side, where Gov. Theodore R. McKeldin sought renomination to a second term in a state where his party is outnumbered 2-1 by the Democrats.

The GOP campaign had produced few fireworks. McKeldin practically ignored his three opponents, Baltimore used car dealer Temus R. Bright, retired Marine Lt. Gen. Pedro A. del Valle and James W. Gum, Montgomery County farmer and lawyer.

Also on the ballot were aspirants to attorney general, the State Court of Appeals, four circuit benches, the Legislature and county offices.

• • •

There was no major opposition from either party to Democratic Comptroller J. Millard Tawes, close friend and distant cousin to the 65-year-old Byrd.

With the GOP holding a bare majority of the seven Maryland congressional seats, national chieftains of both parties looked for sore spots and possible November breakthroughs.

Scientists think that the ancestors of modern Eskimos lived near Lake Superior about 2,000 years ago and moved north about that time.

Nibbling Miss Topping Dubbed "Marshmallow"

SAN DIEGO, Calif. (AP)— A contestant in the Miss San Diego beauty contest was munching on some marshmallows "to settle the butterflies" in her tummy during a tryout.

Several rivals who knew her last neme dubbed her "Marshmallow," a name she's likely not to forget.

Marshmallow's last name: Topping.

Lake Michigan Searched for 3

Believed Drowned as Giant Wave Smashed Chicago Shoreline

CHICAGO (INS) — Four divers using "frogman" equipment and U. S. Coastguardsmen employing grappling hooks renewed a search in Lake Michigan today for the bodies of three fishermen believed drowned when a giant wave smashed into 30 miles of Chicago's shoreline.

The bodies of three other men and the mother of 11 children have been recovered since the wall of water suddenly crashed over piers, jetties, and sea walls and swept scores of fishermen and bathers into the lake Saturday.

Eleven men and a woman earlier reported missing subsequently returned to their homes.

The wave, technically known as a "seiche," is a rare natural occurrence caused when two conflicting pressure areas collide ver water.

The Chicago weather bureau explained that the collision causes air to press down on the water and pushes out "tidal wave-like disturbances."

The first U. S. government entomologist was appointed June 14, 1854.

In planning the battleship Missouri, draftsmen used 175 tons of blueprint paper.

Hypnotist and His New Subject Both Have Plenty of Confidence

By BILLY ROSE

Recently at Lindy's lox emporium, I had a cup of coffee with Ralph Slater who bills himself as "The World's Foremost Hypnotist." He was as full of yarns as a mince pie is of raisins.

Here's one of them . . .

Some years ago, Slater did a special show in New York for a convention of plumbing fixture manufacturers, and after the performance one of the delegates came around to his dressing room. He introduced himself as Eddie Burdett and said he had a problem.

BILLY ROSE

His trouble was that he was knockkneed with a fear about a speech he was scheduled to make at the convention the next day. He had never done any public speaking and was certain he would fluff and fluster and make a show of himself.

The occasion was an important one: The senior members of his firm would be out front, and he had been tipped off that if he handled himself well, he was in line to be elected to the board of directors.

When Slater inquired how he could be of help, Eddie asked if he couldn't be hypnotized just before the meeting, made to memorize his lines and then, through post-hypnotic suggestions, directed to remain calm and speak forcefully. He was prepared to pay Slater well for his time and trouble.

Next day, shortly before speechmaking time, Slater put the young executive in a trance and said, "Eddie, I'm going to read your speech to you and you're going to remember every word.

"I'll sit down front, and when you get up to speak I shall snap my fingers. At this signal you will square your shoulders and deliver your talk with confidence and complete ease.

Half an hour later, according to Slater, Eddie walked up to the speakers' platform, wearing his confidence like a boutonniere and, as the saying goes, knocked 'em dead . . .

The following week the young man showed up at the hypnotist's apartment. He told him that, thanks to the speech, he had been appointed to the board of directors and was slated to make an even more important address before the New York Board of Trade.

He was again worried and wanted to know what Slater would charge him for another hypnotic treatment.

The hypnotist told him that, in good conscience, he couldn't take his money, and then went on to explain that he was in no way responsible for Eddie's initial success.

"All I did last week," he told him, "was put you in sort of a daze and try to get you to believe that you had it in you to make a good speech. I tried to put you in a complete trance, but it didn't work. Some people don't respond to hypnotism and you're one of them.

"When you spoke as well as you did at the convention, you were strictly on your own, and I had nothing to do with your success . . ."

"When Eddie walked out of my apartment," Slater told me, "he was grinning all over his face. His second speech was a bigger hit than the first. Today he's vice president of his company and in great demand as a public speaker."

"Nice story," I said, "and it was a lucky thing for Eddie he was dealing with an honest hypnotist. You could have taken him for plenty by pretending you were hypnotizing him."

"You miss the point," said Slater. "When I put Eddie in a trance the first time, I hypnotized him as I've never hypnotized anybody before. His talk, if I may say so, was a triumph of post-hypnotic suggestion."

"How come then," I said, "that Eddie didn't blow up in his second speech?"

"Simple," said Slater. "He had the makings of a good speaker all along and all he needed was confidence. My little white lie about his not responding to hypnotism gave him that."

"Suppose Eddie meets another hypnotist and finds out he is susceptible," I said. "Won't he lose his self-confidence?"

"Couldn't happen in a million years," said Slater. "Eddie was a most difficult subject, and I doubt whether any practitioner would be able to put him under."

"You put him under," I said.

"Quite so," said Ralph Slater, "but you forget one thing. I am the world's foremost hypnotist."

(Copywright 1954)

Robbers Rout Dice Play; 'Win' $9,000

ATWOOD, Tenn. (AP)—Three robbers, armed with a sawed-off shotgun and pistols, broke up a 20-man dice game in a corn field near here yesterday and drove off with about $9,000, the state patrol reported.

Cpl. Hal L. Smith and Patrolman Chester Bullington Jr. said the robbers made the dice shooters remove their shoes and then chased them into a nearby woods by firing shots over their heads.

"When the gunmen left," Smith reported, "two or three of the men got into their car to chase them."

The pursuers caught up with the robbers but after an exchange of shots the robbers got away, the officer said.

Half the Eskimos of the world never have seen a snow house.

Kiss Proves Tragic

MARSHALL, Minn. (AP)—Sgt. John H. Martin leaned over to kiss his bride, and thus ended their honeymoon plans. The Martins' car skidded into a curb and she was hospitalized. Martin paid $10 fine and costs for careless driving.

House to Consider Isle Royale Funds

WASHINGTON (AP) — The House was expected today to discuss a finance measure which would provide $175,000 for park construction at Michigan's Isle Royale.

A House Senate conference committee agreed on the sum Saturday as part of a $404,936,149 measure to finance the Interior Department for the fiscal year beginning July 1.

The measure must be adopted by both the House and Senate before going to the White House.

AF Men to Start Language Study in Europe, Africa

WIESBADEN, Germany (AP) — Most U.S. Air Force officers and enlisted personnel in Germany, France, Italy and North Africa will have to start compulsory foreign language courses next month.

Air Force headquarters here said they would be required to take a 30-hour course in the language of the country in which they are stationed.

The compulsory courses began two weeks ago for key supervisory personnel. Others will start during the latter part of July, the Air Force said. With the exception of those already familiar with the language, those taking voluntary courses and those returning to the United States within six months.

The instruction was ordered by Lt. Gen. William H. Tunner, commander of the U.S. Air Force in Europe.

He said the language courses were ordered to "break down the barriers between people."

FACTS

EXPANDED POPULATION of Oakland County DEMANDS

The Expanded Facilities of a NEW Court House

What's Wrong With Present Court House and Office Building?

1. Too small now
2. Too noisy
3. No elevators
4. Occupying valuable business property
5. Inadequate parking facilities
6. Remodeling expense not justified
7. Cannot accommodate many of the county offices

What Advantages Will the NEW Court House and Office Building Have . . . IF . . . You Vote "YES" August 3rd?

1. Large enough for the present
2. Expandable so as to allow for future growth.
3. Will house all administrative departments
4. Readily accessible to entire county population
5. Unlimited parking space
6. Administrative offices concentrated for public convenience
7. Eliminate future renting costs

You Can't Expect to Conduct 20th Century Business in Oakland County With 19th Century Facilities!

VOTE AUGUST 3rd
