

Jet Down in Sea; 66 Feared Dead

NICOSIA, Cyprus (AP) — A British-Cypriot Comet jetliner crashed into the Mediterranean off the southwest coast of Turkey today and all 66 persons aboard are presumed killed, a spokesman for the British Royal Air Force announced.

Operated by British European Airways for Cyprus Airways, the Comet 4 jet was on a flight from London and

Athens to Nicosia with 59 passengers and a crew of seven.

The plane left London last night and stopped briefly before dawn in Athens. It crashed into the sea about an hour later near the Dodecanese island of Kastellorizon, a spokesman for BEA said.

The RAF spokesman said an Air Force rescue launch and other ships

were alongside wreckage of the plane and no survivors were found.

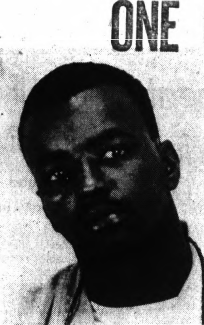

The ships began pulling bodies from the sea and picking up wreckage.

A spokesman for the airline said there was no indication yet of the cause of the crash.

A BEA spokesman in London said most of the passengers were businessmen or vacationers and that some chil-

dren were aboard. The three-man flying crew was British. The spokesman said 32 passengers boarded the plane at London and 27 in Athens.

It was the second crash in five months of a passenger plane bound for Cyprus. A chartered Swiss Britannia turbo-prop crashed in April as it was landing on the island in a thunderstorm, killing 126 persons.

ONE COLOR City Man, 25, Held in Probe of Counterfeiting

A 25-year-old Pontiac man accused of passing a counterfeit \$20 bill in Birmingham last week was arrested yesterday by city police and Secret Service agents.

Taken into custody at his home about 5 p.m. was Ralph Williams of 95 Clovese, according to police.

A spokesman for the U.S. attorney general's office in Detroit said Williams will appear in U.S. District Court there today for the purpose of stating the charge — possession of counterfeit money with intent to defraud — and the setting of bond.

He is now in federal custody.

Investigators said Williams was arrested on an identification made by a Birmingham merchant who received one of many bogus bills passed in the area during the past several weeks.

IDENTIFIED BY PHOTOS

The identification was made from police photographs and an automobile license number, they said.

Federal agents refused to speculate what charges in addition to possession might be brought against Williams when he is actually arraigned.

An influx of counterfeit \$10 and \$20 bills was first discovered in the area late in September at the Miracle Mile Shopping Center and the Pontiac Mall.

Thieu Will Write to Ho, Offering Bombing Pause

SAIGON (AP) — President-elect Nguyen Van Thieu will send a letter to North Vietnamese President Ho Chi Minh offering a one-week pause in the bombing of the North if Ho's government agrees to talk with Saigon about peace, a spokesman for Thieu said today.

The letter will be sent through diplomatic channels shortly after Thieu is

inaugurated Oct. 30, the spokesman said.

"The letter will propose a meeting between Saigon and Hanoi at a time and place agreeable to both," he said. "If Hanoi agrees to meet, Thieu will offer a bombing pause of the North of one week."

The spokesman said even if Hanoi did not agree to a meeting, the bombing pause would go into effect if the North Vietnamese "show their good will by stopping the infiltration of the South or stop making trouble in the South."

However, the bombing pause would

last only one week and no longer unless some type of meeting is arranged, the spokesman said.

FIRST TIME

This is the first time the government has announced that a letter actually will be sent to Ho Chi Minh offering the bombing pause.

U.S. officials were unaware of Thieu's plans to write to Ho and it is known that many of them, especially on the military side, are not too happy about the possibility of a bombing pause.

Hanoi took advantage of pauses in the past to increase movement of men and supplies south, they say.

They also feel a pause might be taken as an indication of allied weakness.

However, most observers think that Hanoi will reject Saigon's offer of a bombing pause since the North Vietnamese seem convinced that political events in the United States, and especially the 1968 presidential election, will have a greater effect on American participation in the war than events in Vietnam.

News in Brief

LANSING (UPI) — Gov. George Romney and Atty. Gen. Frank J. Kelley said today they will ask for a grand jury investigation of alleged wrongdoing in the Michigan Highway Department.

Open Housing Law Urged

LANSING (AP) — The State Board of Education has followed the release of Michigan's first school racial census with an appeal for statewide open housing legislation. The census, released yesterday showed that almost three-fourths of all Negro pupils in Michigan attend predominantly Negro schools and that almost three-fifths of all white pupils in Michigan attend schools where no Negro pupils are present.

Fulbright Statement Denied

WASHINGTON (AP) — Secretary of State Dean Rusk today denied a statement by Sen. J. W. Fulbright, D-Ark., that the United States is more responsible than the Soviet Union for United Nations inaction in the Vietnamese war. Fulbright told the Senate yesterday that the United Nations at present "is deterred from action by the opposition of the Soviet Union but even more, I think, by the failure of the principal belligerent, the United States, to encourage it to act."

Federal Debt Hits Record

WASHINGTON (AP) — The federal debt soared above \$390 billion this week for the first time in history, the Treasury Department reported today.

December Draft Call 18,200

WASHINGTON (AP) — The Pentagon today issued a call for the drafting of 18,200 men for the army in December.

base; Cepeda grounded to second. No runs, one hit, one left.

RED SOX — Foy walked on five pitches; Andrews sacrificed Foy to second; Yastrzemski popped to shortstop; Harrelson took third strike. No runs, no hits, one left.

SECOND INNING
CARDINALS — McCarver popped to short; Shannon struck out; Javier singled to left, retired trying to steal second. No runs, one hit, none left.

RED SOX — Scott took third strike; Smith grounded to second; Petrocelli struck out. No runs, no hits, none left.

THIRD INNING

CARDINALS — Maxvill tripled off center field wall; Gibson smashed liner to third; Brock popped to short; Flood singled to center, scoring Maxvill; Maris singled to right, Flood moving to third; Lonberg wild pitched Flood home and Maris to second; Cepeda grounded to second. Two runs, three hits, one left.

RED SOX — Howard popped to first; Lonberg took third strike; Foy took third strike. No runs, no hits.

FOURTH INNING

CARDINALS — McCarver grounded to second; Shannon grounded to third; Javier took third strike. No runs, no hits.

RED SOX — No runs.

FIFTH INNING

CARDINALS — Maxvill grounded to third; Gibson lofted home run to left center; Brock singled to left; Brock stole second; Flood walked as Brock stole third; Maris lined to right, scoring Brock. Cepeda flied to left. Two runs, two hits, one left.

SIXTH INNING

CARDINALS — McCarver doubled off Harrelson's glove in right; Foy fumbled Shannon hard grounder for an error, McCarver staying at second; Javier hit home run to left, scoring McCarver and Shannon; Maxvill flied to right; Gibson grounded to third; Brock doubled to left; Flood fanned. Three runs, three hits, one left.

RED SOX — Tartabull batted for Lonberg and struck out; Foy fouled to the catcher; Andrews grounded to short. No runs, no hits, none left.

SEVENTH INNING

CARDINALS — No runs.

And Away She Goes . . .

Wild Blue Yonder Beckons for Reporter

(EDITOR'S NOTE — Jean Saile, a Pontiac Press reporter and mother of six children, is learning to fly a plane. This is the first in a series of her impressions.)

By JEAN SAILE

Today I am Amelia Earhart. Jackie Cochran, the famed woman pilot, has nothing on me but a few years' experience.

I am going to take flying lessons!

"We want a series of articles about how easy it is to learn to fly," said my boss, "and we'd like you to do them."

Learning to fly is as easy as baking a cake.

Okay—I'm no Betty Crocker, and THIS Amelia Earhart has butterflies, but my pioneering stock is showing.

Family acceptance has convinced me that a middle-aged housewife and mother of six CAN find adventure.

The sky is the limit!
"Come on out and we'll take you for a ride while you decide," said the man.

It was a trim white and red four-seater that awaited us — and a check list as long as my arm before we ever got to leave the ground.

There were explanations of tachometers, altimeters, verniers, foot pedals, flaps up, flaps down, radio contact and direction finders.

The mechanical process of takeoff seemed akin to diapering the baby and talking on the phone at the same time while the potatoes boiled over in the kitchen.

But the emotional experience—aaahh! The surging "let's go" power of the propeller and the exhilaration of that long rush down the runway — the breaking free — that's something!

And the view — my first air look at Oakland County — the water — the pine-needle fields — even the dumps — the works of a Lilliputian aseptic society. So much water!

The tracts of undeveloped lands — the Mickey Mouse cars — the bewilderment of an air speed that seems slow but hurtles you out of familiar territory in no time at all.

School Enrollment in Pontiac District 300 Over Last Year

Official "fourth Friday" public school enrollment figures for the Pontiac district show an increase of more than 300 students over last year. The figures were released last night.

As of Sept. 29—the date used to compute state aid to school districts—the district had 23,729 students compared to last year's 23,425. A total of 23,906 had been forecast.

Related Stories, Page C-10

A school census report showed that there are 170 more children under 1 year old through 19 in the district than last year. Children total 37,942.

Parochial school enrollments in Pontiac for grades 1 through 12 total 966, a drop of 179 from last year.

Talabutions show Pontiac has 14,443 elementary pupils in grades kindergarten through sixth and 9,286 secondary students, both an increase of over 150.

INCREASE FIGURES

There are 5,084 junior high students, an increase of 19 and 4,202 senior high students, a rise of 133.

The 27 elementary schools had mixed increases and decreases in enrollments. Fourteen showed increases and 13 decreases.

Students at three junior high schools increased while three decreased. Both Central and Northern high schools increased in enrollments.

Central has 2,179, an increase of 38, and Northern 2,023, an

Joint UF Start for 2 Divisions

EMU Head Discusses Spirit at Luncheon

"Permeate the community with the spirit of unionism," the president of Eastern Michigan University urged listeners at yesterday's joint kickoff of the Pontiac Area United Fund Commercial and Manufacturing divisions.

Approximately 175 persons heard Dr. Harold Sponberg talk about the spirit of the United Fund after the noon luncheon at the Elks Lodge.

"The United Fund is an investment in the community to help make the profile of Pontiac as attractive as possible," he pointed out.

This year's commercial division goal is \$281,307. The manufacturing division's share is \$42,662.

The total United Fund goal is \$1.13 million. The campaign starts with a torch-lighting ceremony Monday evening.

VISITS SLATED

Commercial division volunteers will visit area retailers to help make the profile of Pontiac as attractive as possible, a community leaders for donation.

Small manufacturing firms companies will be contacted by manufacturing division volunteers.

Frederick J. Poole, campaign chairman, told listening volunteers: "You're working for your fellow man and yourselves. For your friends, neighbors, and your family. Remember you're not soliciting, you're selling."

Neil Kimler and the Kimtons provided background music.

Haulers Irked by Attempts to Alter Pact

PITTSBURGH (AP)—Striking steel truck drivers expressed anger today over attempts to change a proposed settlement plan. "Our men are really upset about it," commented one source.

Scattered reports of violence came in during the night, as 10,000 to 20,000 drivers remained on strike in seven states for an eighth week.

A dynamite blast damaged a freight haulers' office in Ohio, and two shooting incidents were reported in New Jersey and Pennsylvania, but nobody was hurt.

A member of the National Steel Carriers Association said Wednesday night his group will reject a proposed settlement worked out by a seven-state mediation panel. Another group of trucking companies wants to change a key provision of the settlement plan.

When the proposal was announced Tuesday night, a strike leader said he was pleased and said he would recommend that the drivers vote for it.

But after the trucking companies said they wanted a change, a driver spokesman remarked angrily, "If they take this stand, we're not even going to take a vote on it."

Reuther Joins Talks; Ford Strike Ending?

DETROIT (AP)—A broadly smiling Walter P. Reuther re-joined new contract maneuvering at strikebound Ford Motor Co. today amidst reports that a major break in the 36-day-old strike was near.

Reuther waved to newsmen and chatted affably with his fellow United Auto Workers Union negotiators as he arrived at Ford headquarters in suburban Dearborn.

The demeanor of the UAW president was that of a happy man—like that of a labor leader who had just won a sweetened contract offer from the company. It was in sharp contrast with his appearance the last few days when he had a stern, unsmiling countenance.

Reuther's cheerfulness led some observers to speculate that a strike-ending agreement of the Ford Board of Directors, might come as early as late today, perhaps coincidentally—hours after the blackout was ended.

Reuther joined Ken Bannan, director of the UAW's Ford department, in a top level bargaining session, indicating

Birmingham Area News

School Lunch Boycott at Barnum Continues

BIRMINGHAM—Barnum Junior High School students have been boycotting their hot lunches in the cafeteria since Monday, complaining of long lines and a lack of variety of foods.

Monday was the worst day with only five of 800 students reportedly ordering the 40-cent hot lunch, according to Principal Roy Vanette.

Similar but smaller-scale incidents were reported in two other Birmingham schools—Groves Junior High School and Berkshire Junior High School.

Vanette confirmed the incidents at his school and said he was working with student council representatives in trying to work out a solution.

"I have felt the meals to be well balanced in the past, and the students have 40 minutes to eat which should be sufficient," he said.

PERIODS CONSOLIDATED Vanette explained that last year the school had three lunch periods but consolidated these to two slightly longer periods to allow better supervision and to shorten the school day to permit an improved bus schedule.

"The boycott was informally organized and spurred by some printed circulars passed around to students," said the principal.

One student is reported to have said that lines often lasted from 18-22 minutes of the 40-minute lunch period.

The situation seems to be tapering off, said Vanette, but yesterday was not a typical day because the entire eighth grade was on a field trip.

Figure in Raid Pleads Guilty

Lesser Charge OK'd; Sentencing Is Nov. 1

An alleged Mafia leader, convicted last year of bribing a policeman, yesterday pleaded guilty to maintaining a gambling establishment in Pontiac.

Oakland County Circuit Judge Farrell E. Roberts accepted the plea from Angelo (Barrels) Lombardi just before he was to stand trial on gambling charges.

Lombardi now faces a maximum two-year prison term on the high misdemeanor, rather than 10 had he been convicted on both felony charges.

The 38-year-old Detroit, once described in a U.S. Senate subcommittee hearing as a section leader of the Mafia, will be sentenced Nov. 1.

All the charges against Lombardi stemmed from a police raid on the Seaway Civic & Social Club he operated at Padlock and Auburn after a cleaning establishment.

PROVIDED INFORMATION Police were able to break up the operation after being provided information by Pontiac police Capt. Raymond E. Meggitt.

Meggitt, working as an undercover agent for the department, received more than \$2,000 in bribe money from Lombardi to keep him informed of any pending raids.

The bribery conviction of June 1966 is being appealed by Lombardi's attorney, Carlton Roesser of Pontiac.

Lombardi was sentenced to 2 to 5 years for bribing Meggitt, but is free on \$1,000 bond pending his appeal.

The trial on the two gambling charges has been rescheduled on several occasions while Lombardi was recuperating from a heart attack he suffered last December.

Fund Advance Approved for County Road Group

The Michigan Highway Commission has approved an advance payment of \$300,000 from the Motor Vehicle Highway Fund to the Oakland County Road Commission.

The County road commission requested the advance to pay contractors for a number of projects, according to Frank Staman, chairman of the county unit.

On Tuesday, the road commission received a \$500,000 loan from the county for the same reason.

Staman noted that the money from the county has to be repaid, while the funds from the state are only a portion of the quarterly allocation it will receive Nov. 15 and does not have to be returned.

"The highway commission has advanced us funds many times in the past, but this time it is different only because it is still subject to the review of the state administrative board," said Staman.

TO BE DEDUCTED

The \$300,000 advance will be deducted from the more than \$1 million received by the Road Commission next month, he said.

Mrs. Frank Pratt, At 101, Still Bakes In A Wood Oven

Deficit Budget for Schools Prods Workers for Millage

WALLED LAKE — Adoption of a deficit budget has given a purpose to campaigners promoting approval of a millage increase at the Nov. 8 election.

The Board of Education recently approved a \$5,398,584 budget for 1967-68 carrying a minimum deficit of \$145,644.

Also, the board has taken steps to borrow \$600,000 to pay operating expenses until tax receipts come in January.

The millage election is for renewal of seven mills and an additional three mills, each for five years. School district residents are now taxed 27.2 mills.

"The schools are asking the additional millage to offset the budget and handle school operating costs which are increasing rather drastically," said Schools Supt. George Garver.

NEEDS CITED

Other prime reasons for the millage are to maintain the present educational programs and provide funds to operate the new Loon Lake Elementary School to open next fall.

The ten mills represent 20 per cent of this year's budget, according to a campaign flyer.

The unanimously approved budget includes \$50,000 of operational monies from Dublin School District taken over this year by the Walled Lake district.

The Dublin money is revenue only this year because it represents what was left on the books of the former district, explained Garver.

The \$600,000 loan is necessary because the school "won't have enough money until taxes come in this January," said the superintendent. As it is, the school must use some of the operational capital to maintain the budget, Garver said.

SEWER FACT LET

In other action, the board awarded a \$54,227 bid to Prescott Excavating Co., Warren, for extending the sewer line from Wixom to the new Loon Lake Elementary School on Loon Lake Road.

The cost of the extension will be shared by Douglas Colwell, developer who owns property next to the school.

Garver said he expects construction of the extension to begin soon.

Also awarded were bids for \$32,330 in stage equipment for the projected Walled Lake Western High School on Beck at Pontiac Trail, scheduled to open September 1969.

FLOOR PURCHASE OK'D

The board approved the purchase of a \$6,200 tartan floor for the high school gym.

"The rubber-like flooring "will reduce injuries, improve acoustics and provide for more versatility of the gym," said Garver.

The board also decided to rent a third room for \$100 from the Cedar Crest Lutheran School. The room will house a kindergarten class from Dublin Elementary School.

Holly Group Seeks Bond OK

HOLLY — A citizens committee headed by the board of education has begun campaigning for approval of a \$5.2-million school construction bond issue in the Oct. 30 election.

The \$5.2 million would require approximately a 4½-mill increase.

The committee is called the "Bonds for Better Schools Committee" and will meet again tonight at 8 at the High School Library.

Financial consultants Kenower-MacArthur Co. of Detroit recommended a 4½-mill increase above the present millage (3½) assessed for construction purposes if voters approve the bond issue.

This is entirely separate from the 7 mills the voters renewed on Aug. 31 for operational funds.

FACILITIES PLANNED

Construction plans include a new junior high school, major additions to the high school, and additional parking space.

The campaign committee, made up of citizens from the district, will schedule speakers throughout the community during the next few weeks preceding the election.

Aunt Duana: 101 Years Is a Long Time

By BETTY ANN SCHULTZ
COMMERCE TOWNSHIP — A woman who says she was sick often in her life has made it to 101.

Four years ago, Aunt Duana, as friends call Mrs. Frank W. L. Pratt, had pneumonia which she said led to total blindness from cataracts for a year.

But, an operation last year, financed mostly by Medicare, returned her eyesight.

Although Aunt Duana's hearing is lacking somewhat, she declares she wouldn't trade better hearing for worse eyesight.

Aunt Duana, of 1705 Oakley Park, admits that her 101 years is living a long time. At a dinner this evening at United Missionary Church, 2800 Fisher, her friends will belatedly celebrate her Monday birthday.

"I don't know why I'm still here. But

the Lord must have a purpose," she avers confidently.

She has always done and is still doing a lot of living. Despite the expected slowdown of pace, she aims on "going as long as I can go."

"This gal is a real pusher," affirmed a long-time visitor of Mrs. Pratt. She doesn't intend to "give up" as she observes many older people do.

Even though she can't scurry around the kitchen, Mrs. Pratt still bakes bread and cookies about every week. The baker keeps her wood oven dustless, too.

'ADOPTED' TEACHER

An electric stove sitting out in the garage is for Elsie, who Aunt Duana "adopted" many years ago. Elsie, a special education teacher at Keith Elementary, and her husband, James

Brooks, owner of the Huron Valley Furniture Store in Milford, live with her.

Mrs. Pratt and her husband, who died 20 years ago at about age 80, had no children. She, however, is the only one of eight brothers and sisters still living.

The old dance hall on the south shore of Walled Lake represents childhood and early adulthood to Aunt Duana. She and her husband rebuilt the structure after buying it from her parents.

The Pratts later moved to the Oakley Park Road home.

TOURED MANY STATES

Although a lifetime resident of the area, Mrs. Pratt has toured many states and Mexico. Most of her trips have been with Mr. and Mrs. Brooks, she said.

Even around the area, Aunt Duana has frequently traveled. She recalls she used

to sell hosiery and California perfumes door-to-door.

Religion is a focal point in Aunt Duana's life. She helped carpet and paint the Walled Lake First Baptist Church. Just recently, she shined up the stove at the United Missionary Church.

The church's Missionary Society had its monthly meeting at Aunt Duana's home this week. Its oldest member rolled bandages and enjoyed the company of a dozen ladies.

TEENS, ROBBERIES

When Aunt Duana reads, it's the Bible or the newspaper. Stories of teen-agers and robberies, she says, attract her attention in the papers.

Her conclusions are that "teen-agers break hearts" and "robberies are a terrible thing."

Trailer Rec Site OK Is Delayed

OXFORD TOWNSHIP — Action to permit a seasonal trailer recreation area in the southwest corner of the township has been delayed pending an evaluation of all township land.

Approval of such zoning was asked of the township planning commission by Billy Van Arsdel, who owns approximately 100 acres around French's Lake. Van Arsdel is the Addison Township supervisor.

Harold Campbell, chairman of the commission, said the board voted to delay action until a study now under way is complete. The study is expected to result in a new zoning map and revised rural zoning ordinance.

In other business the commission has recommended approval for a residential subdivision on nearly 14 acres to the east of the community of Oakwood on Oakwood Road. The land is currently zoned suburban farms.

An incorrect description of land owned by Royal Oak developer Herbert Schneidt has held up rezoning of 64 acres on Lakeville Road east of Oxford.

Schneidt has asked that the front 600 feet of the property be zoned commercial and that the remainder allow residential building. The land is currently zoned for agriculture.

Public Invited to Join Holly Kiwanis Club's Fall Color Motorcade

HOLLY — Area residents are invited to participate in the Holly Kiwanis Club's third annual fall color tour on Sunday.

The tour, a public service project of the club, this year will lead motorists through colorful rural countryside near Holly in the northwestern corner of Oakland County.

The tour will begin at Johnson's Motor Sales at the corner of North Saginaw and Airport Drive at 8 a.m. and end at Diehl's Cider Mill southeast of Holly, where free donuts and cider will be passed out.

Kiwanis members will furnish free brochures and maps and be on hand to give out information at the start.

Discussion of Cityhood Scheduled in Avon

AVON TOWNSHIP — A public meeting to discuss incorporation of the City of Avon will be held at 9:30 a.m. Saturday at Avon Township Park Pavilion.

Harold Pepper, chairman of the Avon Study Group, said such items as public service, taxes, schools, sewers and water will be discussed at the meeting.

Avon Township Crowd Gets The Word On Impending 90-Minute Executive Session

Faith Conquers 'Mountainous' Obstacle

By JEAN SAILE

AVON TOWNSHIP — Parishioners of the new St. Irenaeus Church on Old Perch Road may not have positive proof that faith can move mountains.

But last night they learned that a show of strength and tenacity can completely remove a driveway hump as an obstacle to getting building permission for their rectory.

Some 100 people in attendance at the Township Board meeting were allowed to cool their heels for an hour-and-a-half while the board and three church spokesmen met in executive session.

About 75 of the audience stuck to the end of what appeared to be the final round of the game "Permit, Permit, Who's Got the Permit?"

Attorney Carlton Roeser, representing the church, told parishioners that since last June the church had been engaged in negotiations to win permission to build its rectory.

PERMIT REFUSED

Building Inspector John Marmon, he said, had refused to grant one because of the driveway hump and because the church had been unable to file final development plans for its 11-acre site.

"We can't tell what we'll be needing in 10 or 12 years," said Roeser.

The attorney continued, "Apparently Marmon met with Supervisor Cyril Miller Thursday and Miller prevailed upon him to issue the permit. Marmon felt it still to be in violation of township ordinances and withdrew it Tuesday to await a full hearing by the township board."

The decision by the board last night was unanimously in favor of allowing construction to proceed.

LONG AGENDA

The church matter and executive session were the final items on a long agenda which saw the board overrule by a split vote recommendations of its planning commission and the county planning and coordinating committee.

Allowed was zoning for a gas station across Nawakwa from a presently zoned freeway service district. The land in question had previously been zoned residential, and according to Trustee Philip Trimble who with Earl Borden were the dissenters to the motion, the property is in a primarily residential district.

The Nawakwa-Rochester Road inter-

section, according to State Highway Department plans, will become an exit for the new M59 expressway.

Some 53 families signed a petition requesting investigation and better control of "noise, nuisances, littering and disturbances" along M59 between John R and Dequindre which was presented to the board.

LIGHTING IMPROVEMENT

Action to provide better lighting in the area was a first step made by the board.

A request from Mrs. Vada Nix, 2707 Gravelridge, to stop the use by teen-agers of property near her home brought a motion to study the possibility of erecting barriers at the end of Gravelridge.

The subsidization of Fleet Ambulance Service in the Rochester, Avon, Oakland Township areas will be studied by the board. Miller reported that it costs the service \$3,600 a month to maintain its Rochester station and that up until now it has been a losing proposition.

Interior Dept. Okays \$234,600 for Expanding Stony Creek Park

UTICA — Approval of a \$234,600 federal grant by the Department of Interior will make possible the expansion of Stony Creek Metropolitan Park to nearly 4,000 acres.

This is the second federal grant this year for the park. Earlier the park received \$45,000 for interior improvements which are now 75 per cent complete, said Kenneth Hallenbeck, director of the Huron-Clinton Metropolitan Authority which operates the park.

The newest grant will be used for the purchase of 467 acres Stony Creek river bottom land between Inwood and 31 Mile roads. The wooded swampy land increasing size by ½ will mainly be used for nature study purposes and to preserve the quality of water entering Stony Creek, said the director.

Improvements within the park, which started this summer, are almost complete, said Hallenbeck. These include the Ridgewood picnic grounds expansion, boat launching facilities on the south-east shore, a second swimming beach, and the dredging and draining of Bay-point Beach.

"The work is being accomplished under a long-range plan for development of the park as one of the nation's finest," he said. It opened just two years ago

PTO Open House Set

The first meeting of the Scotch School Parent-Teacher Organization will be an open house tonight from 6 to 9. Teachers will be at the school, 5810 Commerce, West Bloomfield Township. A general meeting will follow the open house.

and has had over a million visitors each year.

"What most people don't know," added Hallenbeck, "is that the money for these federal grants to purchase land come from entrance fees by visitors to our national parks. In Michigan this money is administered by the Michigan Department of Conservation."

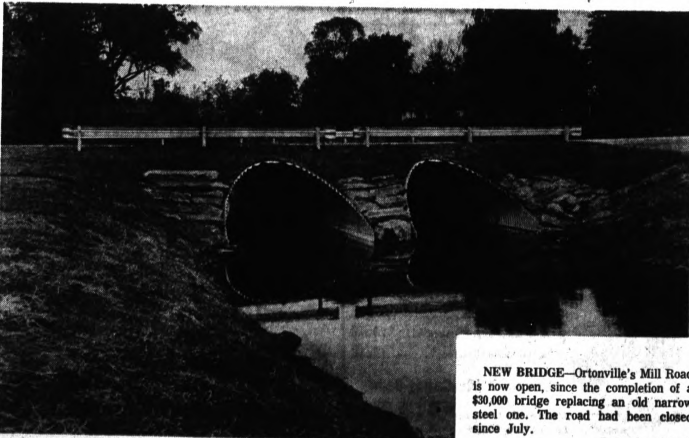

Short Enrollment Will Cut Troy's State School Aid

TROY — Troy schools will lose approximately \$90,000 in state aid since anticipated enrollment fell short by 200 students, announced Supt. Dr. Rex Smith in a recent report to the district's school board.

"Our total enrollment this year is 5,000 — 200 less than expected," he said.

The administrative secretaries' new contract has been ratified by the board. It included an across-the-board increase per hour of 15 per cent an increase of \$3,000 to \$4,000 in life insurance, increased Blue Cross coverage, and the addition of several holidays during the year.

Also approved at the board meeting was an average hike of 10 per cent for principals in the school district. The superintendent and assistant superintendent's pay scales were frozen at a previous meeting.

NEW BRIDGE—Orionville's Mill Road is now open, since the completion of a \$30,000 bridge replacing an old narrow steel one. The road had been closed since July.

Pontiac Press Photo

Panel Urges Family Drinking

NEW YORK (AP)—A federal panel, also recommends that the aimed at inducing deliberate. Their findings are contained in the 224-page report published today.

Financed by a \$1 million grant from the National Institute of Mental Health, the study was made by a 21-member panel of the National Council of Churches has strongly endorsed the proposals which are part of the "total alcohol program" last five years.

The report, titled "Alcohol Problems—A Report to the Na-

Truck Damaged

MONROE (AP)—Steel truck driver Charles Hollingsworth of Detroit Beach found two air hoses cut on his tractor-trailer rig Wednesday when he prepared to drive the vehicle loaded with rolled steel. There have been continuing incidents of vandalism and violence in a strike by rebel Teamsters Union drivers.

D.C. JC Unit Is Really a Go-Go Group

WASHINGTON (UPI)—The local chapter of the Junior Chamber of Commerce has taken to using topless go-go girls and nudist movies to attract more members to its Thursday luncheon.

"It's kind of a little extra," said Frank Paulson, president of the District of Columbia Jaycee. "I feel it's acceptable if members don't lose sight of why they are there."

But a national official of the Jaycees today condemned the girlie entertainment and said he hoped "America's not so sick that this kind of thing" is needed to draw members.

"I think it's disgraceful," Executive Vice President Robert Cronk said in Tulsa, Okla. "This kind of degradation is not acceptable."

Cronk said he "found out a couple of days ago there may have been one membership promotion using topless go-go girls in Washington. He said the D.C. chapter was told to cease this practice at once."

Antisubversive Unit Looks Safe

WASHINGTON (AP) — Sen. Dirksen's bill who maintain the state Republican leader Everett J. Dirksen apparently will win his fight to keep alive the Subversive Activities Control Board despite one setback.

Sens. Robert F. Kennedy, D-N.Y., a former attorney general, and William Proxmire, D-Wis., are among opponents of President Johnson appointed Si-

mon F. McHugh, a 29-year-old accountant who had married a Johnson secretary, as a board member at \$26,000 a year.

Proxmire put in a bill to abolish the board, saying it had been left with nothing to do because of court rulings holding that organization identified by the board as Communist could ure.

OEO Aid Backed

WASHINGTON (AP) — Twenty-one Republican mayors, including Dearborn's Orville Hubbard urged the GOP leaders in Congress Wednesday to continue or expand programs offered by the Office of Economic Opportunity by voting for the necessary funds.

Two-thirds of the nation's 2,173 colleges and universities are private.

Judge Has 'Proof' Columbus First

PITTSBURGH (AP) — Pennsylvania Supreme Court Justice Michael A. Musmanno says he has new evidence that it was the Italians, not the Vikings, who discovered America.

"I have traveled up and down the Atlantic seaboard and never did I find any evidence of smorgasbords being established here until the latter half of the 19th century," he said yesterday on the eve of Columbus Day in a ceremony on the Monongahela River. A group of college students dressed as Vikings paddled down the river and surrendered all claims of being founders of the new world.

The national average grocery bill was \$38 per person last year, Musmanno said. The highest bills were in Hawaii, and the lowest in New York.

Elmer H. Reynolds

A highly respected citizen and for more than half a century a leading Pontiac businessman is lost to the community in the death of ELMER H. REYNOLDS.

Born in White Lake Township, he founded the Pontiac Glass Co. in 1900, the original glass and glazing enterprise in the city.

REYNOLDS Of quiet demeanor Mr. REYNOLDS nonetheless possessed a warm and engaging personality that attracted a wide circle of friends and business acquaintances.

His devotion to the conduct of business interests left little time for indulgence in recreational pursuits, but few were more active in the civic and fraternal affairs of the area than Mr. Reynolds.

His particular interests found outlet in service to the Salvation Army, on whose board of directors he served for 42 years, and as a trustee of the Clinton Valley Council of Boy Scouts.

ELMER REYNOLDS amply fulfilled his mortal mission and goes to his spiritual reward deeply mourned by all who were privileged to know him.

Medal of Honor Holders Form Exclusive Club

The next American serviceman awarded the Medal of Honor will be the 20th to receive the Nation's highest military decoration since the start of the war in Vietnam. Of the more than 32 million who have served the armed forces since 1861, only 3,188 have been Medal of Honor recipients. The 271 living members of the Congressional Medal of Honor Society thus comprise one of the country's most exclusive and distinguished organizations.

Michigan is represented in this select company by eight Medal holders, one of whom is a Pontiac resident — Dr. Harold A. Furlong.

Criteria for awarding the medal to members of the four branches of military service and Coast Guard are identical. The deed of the recipient must be proved by incontrovertible evidence of at least two eyewitnesses, it must be so outstanding that it clearly distinguishes his gallantry beyond the call of duty; it must involve the risk of

his life; and it must be the type of deed which, if he had not done it, would not subject him to any justified criticism.

The foregoing conditions were not always so strict. In 1863, for example, President Lincoln awarded Medals of Honor to all 864 members of the 27th Maine Volunteer Infantry; he did so to induce the regiment to stay on active duty during a critical period of the Civil War. These 864 recipients, plus 47 others, were stricken from the Medal of Honor rolls in 1917 by a special military board. Among the group of 47 who lost their medals were William F. Cody (Buffalo Bill) and Mary Walker, a Civil War surgeon and the only woman ever to receive the honor.

Indicative of the reverence held for the coveted badge of courage is President Truman's observation that he would "far rather have one Medal of Honor than to have been President of the United States."

Can 'Petroleum' Pour Oil on Troubled Waters?

Five to 10 years from now, hindsight may reveal with stark clarity the mistakes that are sowing the seeds of a trouble crop — trouble that a little foresight could have avoided. Foresight as a rule is simply a matter of reckoning with existing facts.

Existing facts currently indicate that we are heading for a possible petroleum shortage, which hindsight will show could have been avoided.

The Independent Petroleum Association of America has issued a pamphlet showing that by 21 tests the price of petroleum products are too low to stimulate required production in the years to come. For example, declining crude oil prices, rising costs and inadequate economic incentive have been reflected in curtailment of exploration and drilling activities.

Keep Fingers Crossed Tomorrow

By JERRY ROBBINS
City Editor

Get out the rabbit's foot and shine up the old horseshoe for tomorrow's the day when everything's expected to go haywire. In case it has slipped your mind, tomorrow is Friday the 13th, the first one since January.

Superstitious individuals expect only misfortune if they ROBBINS walk under a ladder, step on a crack, break a mirror or have a black cat cross their path.

It's also considered unlucky to open an umbrella indoors, leave your hat on a bed, postpone your wedding, turn back from a journey, stub a toe,

wear clothes inside out, wear a peacock feather, leave a house through a window or sit on a table.

Thirteen is considered unlucky by so many persons that many hotels and steamships avoid the number on rooms.

You should also beware if you have cold shivers . . . they indicate someone is walking over the spot that will be your grave. And someone is talking about you if your ears burn.

There are some good omens, too. It's considered lucky to see a falling star or to blow out all the candles on your birthday cake with one breath.

Sneezing is thought of as an omen nearly everywhere.

Some believe that a spirit leaves the body in a sneeze. To turn it to a good omen, Germans say "Gesundheit" (your health) and many of us say "God bless you."

Although most of us aren't firm believers in most of these, it's surprising how many persons conform with these superstitions because of a feeling that possibly it is safer to do so.

Which brings us to tomorrow.

I'm not superstitious but it's rather comforting to know the next Friday the 13th isn't until next September.

So tonight I'll fluff up my rabbit's foot, press my lucky tie, hunt for a four-leaf clover and start knocking on wood. I'm not superstitious, but why take a chance?

'I Hear Those Gentle Voices Calling—'

David Lawrence Says:

Soviet Defense Fund Indicative

WASHINGTON — To those Americans inside and outside of Congress who minimize the Soviet Union's ambitions and the menace of Communism, the latest information from Moscow about the defense budget for 1968, just approved by the Soviet rubber-stamp parliament, provides a realistic answer.

Based on what the cost of the Soviet defense program would be at American prices, \$50 billion is to be spent by the Russians. This is \$20 billion less than the defense budget of the United States, but it nevertheless represents a substantial expenditure for a nation whose domestic needs are far more acute than those of the United States.

The men in the Kremlin evidently feel an urgent necessity to spend large sums on armament. They declare that the purpose is to protect themselves against the danger of "aggressive war," but much of it goes to help North Vietnam. A UPI dispatch from Moscow says:

"The arms appropriation is expected not only to provide major Soviet cities with anti-missile rockets, but also to pay for increased shipments of anti-aircraft rockets for use against U.S. planes in Vietnam and for tanks and planes for the Arab states to make up for losses inflicted by Israel last June."

This is tantamount to saying that the Soviet Union considers itself virtually in a state of war with the United States and is planning to reinforce the North Vietnamese in the Southeast Asia.

EVENTUAL SETBACK The Communists feel that they have the means of forcing the United States to spend more money and lose more lives, and that this eventually will bring a setback which will damage the prestige of this country throughout the world.

Even greater reliance is placed by Moscow and Peking on the outcome of the bickering within the United States, particularly in Congress.

Many countries abroad are getting the impression that the United States is vacillating and eventually will give way to those who are advocating "Peace at any price."

The dangerous situation that confronts the United States is not yet realized by those ele-

ments which are urging an end to the war in Vietnam by any means.

The American government today is trying to convince the Russians and the Red Chinese that it means to stay in Vietnam until there is a peaceful

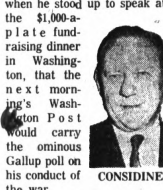

solution which will guarantee the independence of the people of South Vietnam and assure the other peoples of Southeast Asia, too, that they will be protected against any aggression.

(Copyright 1967, Publishers-Hall Syndicate)

Bob Considine Says:

Unfavorable Poll Fails to Intimidate Johnson

NEW YORK, — President Johnson must have known, when he stood up to speak at

the \$1,000-a-plate fund-raising dinner in Washington, that the next morning's Washington Post would carry the ominous Gallup poll on his conduct of the war.

It showed that twice as many Americans now condemn as condone his handling of the crisis in Vietnam.

He was not intimidated, however. If anything, he spelled out more clearly than ever his determination to continue to keep the pressure on North Vietnam and the Vietnamese along the new familiar lines.

UNLIKELY TO CHANGE It is inconceivable that LBJ will "do something before the election," as the expression goes, that would reverse the stand he has taken in Vietnam.

He talked very much like a man who is prepared to go along as he has in the past, without fear of possible political consequences.

His audience of 3,000, who had paid perhaps \$2 million for their meat and potatoes, applauded warmly as the President dropped the other shoe.

LBJ is not known for his light touch, but he brought down the house with two of his thrusts at polls in general and Republicans in particular.

"FAVORABLE POLL" "Most of the polls say I'm slipping," he said, "but I found one recently that shows I would do very well running against certain prominent Republican figures."

"It said I would win by 73 per cent to the 27 per cent which would be attracted to my opponent — William E. Miller. And the ticket of Johnson and Humphrey would enjoy a 71 per cent rating over another well-known team of

Republicans — Harold Stassen and Ezra Taft Benson.

"I have circulated these findings among the top magazines of the nation and have had one response. It reads, 'congratulations from the editors of the Literary Digest.'"

Smiles

If we ever want the piano moved, we're going to tell the 3-year-old neighbor lad not to touch it.

For most folk, cereals pop, snap and crackle; for us, they just lie in the bowl and go soggy.

The days are growing short in much of the nation for girl watchers to visit the seashore.

In Washington:

Youth Problems Sound Familiar

By RAY CROMLEY

WASHINGTON (NEA) The Russians are having their own problems with delinquent youth.

These problems, of course, have led to intensive official studies.

The Soviet investigators looked into "capitalistic influences," but were unable to place the blame there.

Instead, they found 80 per cent of the delinquency cases they looked into were connected with "parental neglect."

These men concluded that a major cause of juvenile delinquency in the Soviet Union today is parental indulgence. They placed heavy blame on parents who accustomed their children to "unjustified gratification" of their desires.

The Russian investigators found that as income goes up, the parents are more indulgent.

The overindulgence of some children, the investigators

Voice of the People:

Englishwoman's Letter Brings Readers' Replies

Mrs. Sandlin, this will answer your question "can anyone in America really appreciate what war is like?" Millions of mothers like myself can. Our sons are in Vietnam and many of them have given their lives. You must not have anyone close to you in Vietnam or you wouldn't write that they have "steak and ice cream" in Vietnam. My son has often written that he would give anything for a cold glass of milk. If you know what company gets steak and ice cream in their K ration cans on the fields and swamps, please let me know and I'll write that news to my son.

Also, Mrs. Sandlin, if our boys are lucky to get steak and ice cream, who deserves it more? You stated "the only people losing in this war are the Vietnamese." How about our 101,034 American casualties and 13,645 boys who have lost their lives over there? Don't they mean anything to you now that you're living in our country?

MRS. K. ABARE
5194 FARM

Our boys are not enjoying their stay in Vietnam or any other foreign country. We Americans can always be thankful for knowing we will always have protection. It disturbs me when someone says how easy our boys have it. How many would trade places with our boys. Mothers are proud of their sons and I hope some day soon our boys will not have to go to foreign countries to protect America.

MRS. EMERY PENCE
4921 BALDWIN

Expresses Sentiments on Tigers' Loss

I can't figure out all the tears being shed because the Tigers didn't win the pennant. With only one man hitting 300, plus the many times the regular pitchers on the team were knocked out of the box during the season, they were lucky to finish in the first division. If they were playing in the National League they would be lucky to finish in the cellar. Just be thankful they don't have to face the Cardinals in the world series.

LON BROWN
69 DWIGHT

Asks Explanation of Expenses for Trip

Would Mayor Taylor explain why it takes seven men to go to Chicago to find out why Sears will build a store in downtown Pontiac? Who is paying for this trip? I'm sure it isn't coming out of their pockets. That new tax will help a lot for a few people who like to take trips. One or two men could bring back the answer.

MRS. JACK GUARD
3462 S. ADAMS

Servicemen Enjoyed The Press in Vietnam

I am overseas in Vietnam and have been receiving The Pontiac Press since January of this year. My 13 months here are about completed and in 14 days I'll be returning to Pontiac for a 20-day leave.

I enjoyed having The Press to keep me up on what's been happening back there in civilian life and I am thankful I was able to receive your paper. When I'm "back in the world," I won't be needing the paper as my parents receive The Press.

JERRY L. CHARETTE
CPL., U.S.M.C.

Question and Answer

How long would I have to stay in Canada to bring back goods without paying duty?

MRS. K.

REPLY

If you stay less than 48 hours, you can bring back \$10 worth of duty-free merchandise per person, but no liquor. If you stay 48 hours or more, you can bring back \$100 of duty-free goods, and that can include liquor. You are allowed to do this once a month.

Illness. Families in which both the father and mother worked were also "incomplete."

The research men decided the reason for this high percentage of lawbreakers from "incomplete" homes was because in these families youngsters were not watched over adequately.

Other findings: • A fourth to a third of the delinquents were children of parents who drank heavily.

• Only 10 per cent of the employed youngsters who committed crimes while intoxicated had learned to drink after they had begun work. Ninety per cent had learned drinking habit at home from their parents.

• Constant family quarreling and fighting exist in half of the homes which produce juvenile delinquents.

• Most juvenile delinquents neither worked nor went to school. Most of those in school were two to three years behind. Less than a seventh were at the proper grade level.

Do these findings sound familiar? They give us comfort to those who argue that the cause of juvenile delinquency is in the social system, in poverty or in a lack of opportunity.

Clues to Oily Beaches Sought

CHICAGO (UPI) — The U.S. Army Corps of Engineers yesterday was doing detective work trying to solve the mystery of Lake Michigan oil pollution.

★ ★ ★

It began last summer when oil clogged Chicago beaches. Besides staining the toes of beach-goers, the oil posed a threat to Chicago's water supply.

"We are doing our best to find out where the oil came from," said Col. Robert A. Barnes, acting chief of the engineers' Chicago district operations.

"We have had many samples analyzed," Barnes told

United Press International. "We haven't any clues that would point to the origin of the oil."

There has been speculation that the oil slick may have resulted from dredgings off the Indiana shore.

NOT SO

"Our tests indicate this is not the case," Barnes said. "The oil that hit the Chicago beaches was not the same kind that has been dredged from the lake bottom."

★ ★ ★

Barnes said the oil that floated on the beaches could have come from a tanker sunk years ago in another part of the lake. Currents could have sent the oil here after a journey of hundreds of miles, he said.

MYTH TO MOON

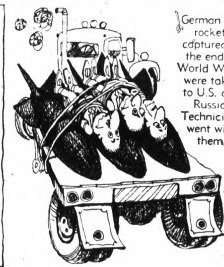

Man's dream of Space Flight (9)

Goddard's early rocket experiments were called a fire hazard by his neighbors.

While America scoffed at Goddard, Germany, England and Russia followed up his experiments. The buzz-bomb was a result.

German V-2 rockets captured at the end of World War II were taken to U.S. and Russia. Technicians went with them.

WAITING FOR BATTLE—These Marines wait for representatives from their units to assign them to positions after their arrival at the U.S. camp at Con Thien. The outpost,

two-and-a-half miles south of Vietnam's demilitarized zone, has been the constant target of enemy rockets and artillery fired from within the DMZ.

Wealthy Pay Healthy Income Tax Share

WASHINGTON (AP) — It takes a lot of capital gains and dividends to make a millionaire, the Internal Revenue Service can attest.

And although millionaires do get tax breaks, IRS records show they still pay a goodly share of their incomes in taxes.

The service said the average tax paid by 624 persons who made \$1 million or more during 1965—the latest data available—was \$966,838. Twenty-two other million-dollar earners paid no tax, however.

Although IRS is barred by law from revealing details of a person's tax return, officials said the millionaire who pays no tax can usually trace his good fortune to foreign tax credits and charitable or other large deductions.

TRUE PICTURE

Data compiled by IRS doesn't reflect the true picture of the millionaire, however, since interest from tax-free municipal bonds need not be reported as income.

IRS figures are also based on adjusted gross income—which doesn't show what depletion allowances may have been claimed for gas, oil or mineral holdings.

Most of the income of the 646

million-dollar earners in 1965 came from sales of capital assets—\$845.1 million of the \$1.4 billion they reported in total adjusted gross income. The adjusted gross averaged nearly \$2.2 million each.

The second leading source was dividends at \$483.3 million. Long-term capital gains are taxed at a maximum 25 per cent rate, thus giving not only millionaires but also other taxpayers a break if they hold their capital assets—such as stocks and bonds—more than six months.

Even with this allowance, 1965's average million-dollar earner paid nearly 45 per cent of his adjusted gross income in taxes.

IRS said 645 millionaires itemized a total of \$334.2 million in deductions during 1965 while one took the standard deductions.

This latter taxpayer—the only one who can be traced in the IRS tables—had adjusted gross income of \$1,345,000 which included capital gains of \$1,296,000 and dividends of \$45,000.

TAX CREDITS

The report also showed that 365 millionaires claimed invest-

ment tax credits exceeding \$1 million while 225 took foreign tax credits totaling \$1.53 million.

Under some circumstances, taxpayers can claim unlimited charitable deductions for income tax purposes. Normally, a person is limited to charitable deductions of not more than 30 per cent of adjusted gross income and in some cases up to 30 per cent.

But unlimited charitable deductions are allowed if a person's tax and charitable contributions total 90 per cent of income during eight of the previous 10 years.

Fluoridation Move Delayed

LANSING (AP)—The joint Administrative Rules Committee Wednesday deferred until next week action on a State Health Department order that Michigan communities or more than 1,000 fluoridate their water.

The chairman, Sen. Robert Huber, R-Troy, said the committee planned to take up the matter again next Wednesday after conferring with the acting State Health Department director, R. Gerald Rice, and Atty. Gen. Frank Kelley's office.

The committee can, if it sees fit, temporarily suspend the administrative rule-making power and recommend that the Legislature disapprove it by concurrent resolution.

The committee is seeking to clarify whether the state health director has the power to issue such an order, Huber said, adding that "I personally don't think he does."

EFFECTIVE DATE

It also wants to clarify when such an order would take effect, Huber said.

Former State Health Director Dr. Albert E. Heustis invoked

the department said Heustis took the action on the basis of legislation going back to 1913 which gives the director the authority to make sure public water supplies are pure and wholesome.

At the time Heustis said the order would take effect when printed in the next quarterly Michigan Administrative Code—expected about mid-February.

Hit-Run Victim

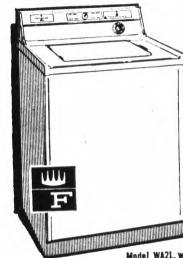

THREE RIVERS (AP) — Robert W. Conadoll, 19, of near Three Rivers, was injured fatally Wednesday when struck by a hit-run vehicle while standing near his car parked along a road five miles north of Three Rivers.

Rules on Size, Eyesight for Military Duty Viewed

By JERRY T. BAULCH
Associated Press Newswriters

WASHINGTON — A lot of letter writers ask me when is a man too little or too big to get into military service. And what's acceptable eyesight?

For draftees or those who enlist, the standards are the same for all services. The Army does the checkup for all.

The basic minimum height is 60 inches, the maximum 78. The weight limits are charted by height and age. For instance, the lightest acceptable weight for a 5 footer is 100 pounds.

The Marines figure a short man's arms should be long enough to hold a rifle properly.

The eyesight rules boil down to having at least one good eye correctable with glasses. For instance, one eye can be 20/70 if the other is 20/40.

And glasses won't keep you out of combat, especially in these days when there's no real line between combat and noncombat.

ONE BIG DIFFERENCE

There is one big difference between draftees and volunteers. If a draftee thinks he has some ailment that would rule him out and the examiners disagree, it's up to the draftee to prove his case. But if a volunteer is ruled unfit by an examiner it's up to the man to convince the doctors he's physically qualified.

Like most things there are exceptions. Under waiver of the rules, for instance, two men considerably shorter than 5 foot tall recently graduated from airborne training at Ft. Benning, Ga.

And there are tougher rules for officers and specialists such as pilots and divers.

Mail Call

The Pentagon and the Post Office have announced deadlines for mailing to servicemen overseas if you expect them to get their presents and "Happy Yule" cards on time.

If the parcel weighs more than five pounds and you use regular postage rates, don't mail later than Nov. 11.

Parcels weighing less than five pounds and measuring no more than 48 inches in girth — measuring around the package in two directions — should be mailed by Dec. 1, if regular postage is used. So should greeting cards.

If you use airmail postage, packages and greeting cards mailed by Dec. 11 are expected to arrive on time.

In any case, be sure to use the man's unit, his five digit APO or FPO number and the port of exit.

Incidentally, men who are hospitalized in the United States as a result of service in Vietnam may now mail letters, post cards and recorded tapes free — just as the men in Vietnam do. This includes mailing overseas.

Europe Need: Setup to Aid Suddenly Ill

By Science Service
GENEVA — European nations could save up to 20,000 lives a year simply and cheaply by organizing in each city an emergency service for heart attack and stroke victims, according to a team of World Health Organization experts.

Almost 40 per cent of these unfortunate cases die in the hospital because of late arrival, the doctors find. Usually they are men in the prime of life, brought in with excruciating chest pain.

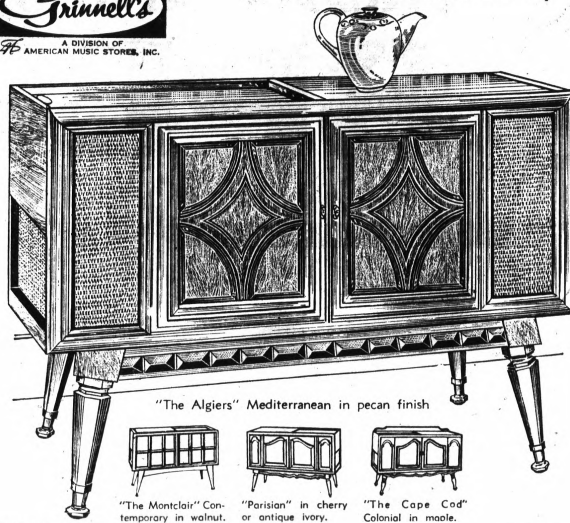

The reception period itself is often fatal, concludes an expert panel report to the United Nations' medical agency. The mental strain is terrific if a victim is left alone or with an amateur or aide for even a few minutes.

In one study of sudden death due to heart failure, 22 of 171 fatalities happened on the stretcher, or in the corridor or waiting room.

A good city setup could also be a lifesaver for victims of road accidents, drowning, or electric shock, the consultants suggest.

ASTRO-SONIC STEREO by Magnavox

B-1

Pontiac Press Photos

Mrs. S. V. Sekles of Ottawa Drive, president of Pontiac-Oakland Town Hall, Inc. this year, arrives at the Huron Theatre with Bennett Cerf, prior to his speaking engagement before the group Wednesday morning.

"Huron Theatre" was sold out last March, a record the group has never known before.

Junior Goodwill Group Slates Annual November Antique 'Do'

By SIGNE KARLSTROM

The Junior Group of Goodwill Industries will hold its annual antiques market sale Nov. 11-15 in the Goodwill plant on Brush Street, Detroit.

It is the major fund raising project of the Junior Group which organized 35 years ago as a service group to Goodwill Industries of Greater Detroit.

It is gratifying to note that these volunteers have donated over \$400,000 to the cause to assist in providing facilities and rehabilitation services to handicapped men and women.

General chairmen of the Antique Show and Sale are Mesdames: John S. Hart and George H. Gotshall of this community. President, Mrs. Paul D. Richmond divides her time between her home in Pontiac and Grosse Pointe.

PREVIEW

On Nov. 11 there will be a preview which anyone can attend by giving a \$10 donation. Mrs. Donald Borgeson of Birmingham and Mrs. George Martin of Palmer Woods are cochairmen.

So many of our area women are active on the project. A former president is Mrs. Richard Wagner with Mrs. John F. Cole Jr. heads the patrons committee.

In the ice cream parlor Mrs. Robert A. Radtke with cochairman Mrs. A. P. Fuchs of Grosse Pointe is in charge.

In the dining room which is famous for its service you will meet Mesdames: James E. Clark, James Cahill, Warren F. Boos, Maurice B. Allen and Thomas T. Restrict.

Wednesday at Oakland Hills Country Club members of the Women's Association for the Detroit Symphony Orchestra had their fall luncheon meeting.

Mrs. Cecil Akroyd, a former president of the association, was in charge of the arrangements at the club. Mrs. Harold G. Warner was one of the hostesses.

Howard Harrington, general manager of the orchestra spoke especially about the new Kresge concerts which will begin on Oct. 17.

Among those attending the meeting were: Mesdames: Edward Welock, Herman Scarney, J. Steven Bauer, Judge Bearden, Phillip Flanders, Donald Elise, Marcus Front and Vernon L. Venman.

Dirt Gardeners Club Sets Exhibit at Mall

Decorative articles created from natural materials will be exhibited at the Pontiac Mall next week by members of the Dirt Gardeners Club.

Cornucop and husk dolls, driftwood plaques, gourds and fungi animals, a thistle table tree, Della Robbia and cornhusk rosette wreaths, plus many other items, will be on view Monday through Wednesday.

The members will hold a bazaar Oct. 28 at Oakland County Farmers' Market.

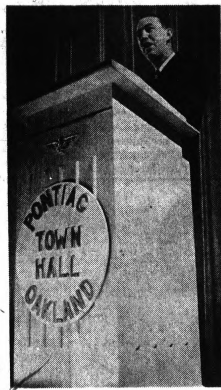

Art Teacher Will Talk

Richard W. Jones, Dearborn art teacher, will be the speaker at the Friday meeting of Pontiac Society of Artists.

"You Think You Are a Painter" is the subject of his talk at the 8 p.m. event in the Community Services Building on Franklin Boulevard.

Jones holds degrees from Ohio State and Columbia Universities. He also has had three one-man shows and exhibited at the Rooks Gallery.

Cerf: Laughter Is Needed in Depressing Times

A quick wit doesn't belong exclusively to Bennett Cerf as Harry Reed, managing editor of The Pontiac Press, illustrated in his introductory speech.

Checking on their tickets before lecture time are (from left) Mrs. Fred Webber and Mrs. Spencer Prout, both of Upper Straits Boulevard, West Bloomfield Township.

'Father Time' Is Answer to Teen and Her Overprotective Parent

By ABIGAIL VAN BUREN

DEAR ABBY: I am a 17-year-old girl with a big problem. My father! My mother has been dead for six years, and my father has some very old-fashioned ideas about how to raise a daughter.

For instance, I wasn't allowed to date until I was 16. I went to the Junior-Senior prom with a really great guy. My father and I picked up my date and he had him home by 12. My father not only drove us both ways, he took us to dinner and chaperoned us the entire evening. I had a perfectly miserable time.

ABBY

On another date, my father accompanied us to a Fourth of July picnic, and he had to leave early because he had a headache, so he instructed the boy to have me home by 9 p.m. He did, but the boy gave me a simple little goodnight kiss on the porch, which my father must have seen, because he called us both in, sat us down and gave us a long talk on "the facts of life."

"What am I going to do? If the word gets around, no boy will want to come near me with a father like mine."

BIG PROBLEM
DEAR B. P.: I think your father is holding the reins a little tight. But he has a "big problem," too — that of raising a teen-age daughter without a mother. Time and circumstances will add to your freedom before too long.

Be patient and help your father with his problem, and "Father Time" will soon solve yours.

DEAR ABBY: I have an older sister who is 63, and she is my problem. If I call her and tell her that someone is sick or in pain, she is hurting twice as bad. She is always complaining. Many times she tells me on the phone that she is about to collapse, and I go over to her house only to find her dressing to go some place.

She has spent a fortune running to doctors, and they all tell her there is nothing wrong with her, and she should see a head doctor. She says THEY should see a head doctor. Can you tell me what's the matter with my sister, and how can I help her?

KVETCH'S SISTER
DEAR SISTER: Your sister likes to complain, and you help her a lot by just listening. That's why she complains. To that extent, you are her "head doctor." So let it go at that.

DEAR ABBY: This is my first time to write to a newspaper, but I couldn't remain silent after reading the letter signed PUZZLED, whose husband was fired from the garage because he was "too energetic, and showed the other mechanics up." My husband is 56 years old and has been a plumber since the age of 16.

Recently he lost a day's work when he went to his brother's funeral, but when he got his pay envelope it showed no deduction, so he handed it back to the boss explaining the mistake. He was told to keep it and keep his mouth shut.

Hereafter, if it rains and he doesn't work, he still gets paid. This is his first experience in 40 years of plumbing that he gets money for no work.

We are Christians, Abby, and it leaves us unhappy. I think most people really want to be honest. But it's either this way or get fired.

PLUMBER'S WIFE

DEAR ABBY: I just finished reading the letter from the 17-year-old girl who signed herself "FAT AND LONELY." She had had only two dates in her life because she was fat. She met a popular guy at a party, but he only wanted

to take advantage of her. He told her to "get wise, that any fat girl can be popular if she will just give in a little."

Abby, to think that this girl was actually considering it, makes me sick. Being "popular" is a sickness among teen-agers today. That girl wouldn't become "popular" if she gave in—she would become "known." And who would want to be known for such un-Christian acts?

Somehow, I think this girl will make the right decision. She wouldn't have asked for your help unless she knew that what she was considering was wrong. I am only 16, and I know it's wrong. I know many other things in this world that are wrong, too, but it's really a wonderful place to live if you live for the right things.

THINKS TWICE

DEAR ABBY: You covered the subject of why a man will usually choose

a divorcee over a widow very well, but you could have mentioned another reason.

When a man takes a widow out, she usually spends the entire evening telling him what a great guy her husband was.

But when a man takes out a divorcee, she's not about to rave about what a great guy her ex-husband was, because if he was all that great she'd still be married to him.

PREFERS DIVORCEES

Problems? Write to Abby, in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056. For a personal reply, inclose a stamped, self-addressed envelope.

FOR ABBY'S NEW BOOKLET "WHAT TEEN-AGERS WANT TO KNOW," SEND \$1.00 TO ABBY, in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056.

By JEANNE NELSON

"We aren't laughing anymore and at the very time when we need laughter the most." These are the words of Bennett Cerf, noted publisher, wit and television personality.

Cerf, lecturing at Pontiac-Oakland Town Hall, Inc. Wednesday told his audience today, more than ever before, the American people must temper their gloom about world and domestic affairs with a sense of humor.

The depressing headlines, foreboding news commentaries and distasteful literature we live with today must be balanced with proper amounts of optimism and laughter, he comments.

"It's a new time, things are not as they were before and we must recognize this as it is indeed evidenced in youth today. College kids protesting are the surest signs of change.

"These same kids who object may well be the nation's leaders tomorrow. Who says it's a bad thing to disagree? Where did people get the idea they HAD to "Yes, me too" in situations appalling to their own good reasoning?"

COMPUTERIZED SCHOOLS

Within 10 years, the children of this country will be seated at desks that resemble small computers. Simultaneously, they will take tests which will be fed into a central state computer and have their corrected work back within minutes. Not only will they know which answers are wrong but will be told in what manner they had erred.

So with this kind of instruction children were before and we must recognize this as it is indeed evidenced in youth today. College kids protesting are the surest signs of change.

"The Vietnam war. Is it just one of many "small wars" to come? Again, if we are to survive, we must face things as they come, tempered with good spirit.

(Continued on Page B-3)

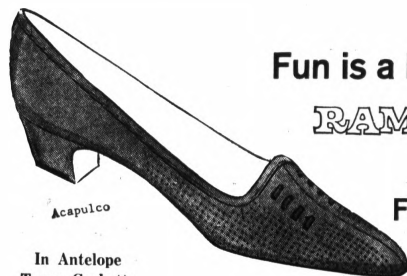

Mary L. Beresford Wed in the East

Mr. and Mrs. James A. Beresford of Bloomfield Hills announce the recent marriage of their daughter, Mary Louise, to Robert George Matthews of New York City.

He is the son of Mr. and Mrs. Lester G. Matthews of Freehold, N.J.

The couple will live in New York City where the ceremony was performed in the Unitarian Church of All Souls.

Lots of Love but Not Enough Money

By MARY FEELEY
Consultant in
Money Management

The following letter from a young Wisconsin wife tells a heartbreaking story. It's one that too often comes true in marriage: Lots of love and very little money aren't sufficient armor to take on the realism of life.

MARY FEELEY

Debt is an insidious adversary. And the desperate effort to lick it, once it's taken hold, must come in the young couple's early years when discipline and sacrifice are unaccustomed weapons.

So let this letter say to young people planning to get married: you can really enjoy only what you can afford.

Dear Miss Feeley:
My husband and I were married at 16 and 17, and we had four children in four years. In those four years, my husband's "bring home" pay was between \$55 and \$60.

Then we more or less woke up one day and found we were in debt about \$6,500.

The car we had went back and was sold. This left about \$4,500 in debts, \$1,000 of which was our furniture. The rest was small bills of car repairs, groceries, fuel and stove gas, plus about \$700 hospital bills.

My husband's father was a going to help us get a consolidation loan, but in the end he never did. We have worked and paid off, on our own, all

but \$1,415. We had to get a used car, on which we owe \$1,392. So now we owe a total of about \$2,800.

However, my husband has a job now which gives him a take home pay of between \$130 and \$160 a week. He has worked at this job for one year, which has helped us considerably.

We're now 22 and 23, and these are the things that concern us: What will our credit rating be when this is all paid? When our debts of \$2,800 are reduced to half that, would you recommend a consolidation loan which would relieve us of continued calls from our creditors?

We realize now that it's easy to buy on credit, but the pay-

ments don't come as easy. This was the hard way to learn.

Our oldest child is in kindergarten and one will be starting every year for the next three years. Some weeks it seems like there's hardly anything left. Do you have a better suggestion of how to handle our situation, if not through a loan?

We hope to have all our debts paid up in seven months, but it's so slow we sometimes get very discouraged.

If we had asked you, would you have recommended bankruptcy two years ago? Wisconsin Reader.

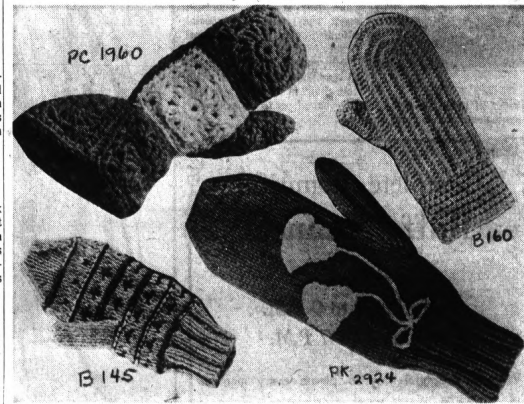

I think you both deserve credit for a lot of grit and considerable accomplishment.

And aren't you glad now that you didn't ask me two years ago if you should file bankruptcy?

I don't think I would have gone along with it at that time — filing bankruptcy at 20 and 21 — but anyway, having made your own decision and your own sacrifices, you're wiser and stronger now. And your patient creditors are at least getting more this way than they otherwise would have.

As for taking out a loan in the near future — that depends.

If as you say, you see a way of paying off your entire debt in seven months — and if your creditors can stand the waiting — you're better off not getting back into debt of any kind.

It's time to be thinking about warm mittens. Here are two that are crocheted, two that are crocheted. Free instructions are available for all by sending a self-addressed,

stamped envelope to the Needlework Editor, Dept. E-600, The Pontiac Press, PO Box 9, Pontiac, Mich. 48056. Ask for patterns by number.

Prices Vary on Groceries, Claim Gals

WASHINGTON (UPI) — Congressional investigators opened an inquiry today into charges that certain supermarket chains practice — price discrimination against the poor.

The leadoff witnesses at the hearing, Mrs. Lisa Schlossberg and Mrs. Janie Boyd of Washington, D.C., accused Safeway stores of charging higher prices in supermarkets serving poor areas of the city.

They also said Safeway raised prices on daily welfare checks were issued.

Spokesmen for Safeway "categorically and unequivocally" denied the charges. They also were to testify.

But Rep. Benjamin S. Rosenthal, D-N.Y., chairman of the House consumer subcommittee conducting the investigation, said there was evidence to support such charges, not only in Washington, but elsewhere in the nation.

Rosenthal said he had a letter from Timothy W. Costello, deputy mayor of New York City and head of its council on consumer affairs, reporting "some evidence that in certain low income neighborhoods food prices are higher."

Costello said there was "further some evidence that price levels may change around the first of the month."

Carol Frayer Speaks Vows

Late afternoon vows in the First Congregational Church were spoken Saturday by the Michael George Kassarian (Nee Carol Lynn Frayer). The bride is the daughter of the Donald R. Frayers of Beverly Island Drive.

Parents of the bridegroom are Mr. and Mrs. George Kassarian of Royal Oak.

Carrying a bouquet of white carnations with rosebuds and Stephanotis, the new Mrs. Kassarian was gown in white taffeta trimmed with Alencon lace. Matching lace inserts accented her chapel length train.

Her fingertip veil was held with a seed pearl and lace headpiece.

The bride's sister, Cathy Sue, was maid of honor, with bridesmaids Patricia Davis, Tammy Luke and Marilyn Kipina.

Best man was Ronald Anderson.

Other members of the wedding party were ushers George Kassarian Jr., Douglas Forbes, Keith Smith and Richard Cronk.

Following a reception in the church parlors, the newlyweds left for a honeymoon in Niagara Falls.

The engagement is announced of Jean Rae McArthur to John William Tom. Their parents are Mrs. Marlene McArthur of Culbertson Street and the Harry Toms of Hamlin Street. A March, 1968, wedding is planned.

Mr. and Mrs. Jesse Prieto of Riverview Street, Independence Township, announce the betrothal of their daughter, Shari Yoonie, to Gerald Lee Warden. He is the son of the Harrison Wardens of Andersonville Road. Miss Prieto is a student at Pontiac Business Institute.

Pilot Members Honor Officer

Mrs. Clifford E. Lighthart of Muncie, Ind. was a guest at the Wednesday evening meeting of Pilot Club of Pontiac, Inc.

Mrs. Edgar Arnold introduced the lieutenant governor of District 15 of the national organization, at the dinner meeting in Holiday Inn.

Mrs. Lighthart spoke on the Oct. 21-22 workshop at Notre Dame University in Indiana.

A rubber spatula is perfect for frosting a cake. It does a smooth, fast job and scrapes the bowl clean at the same time.

Soldier Takes His Bride
Back to West Germany

Spec. 4 James Vincent Conroy, USA and his bride, the former Sharon Lynn Bradshaw, are honeymooning in West Berlin, Germany, following vows here Saturday.

The newlyweds will make their home in Germany while the bridegroom finishes his tour of duty.

For the afternoon ceremony

Clean Sprayer

After using a weed killer in a garden sprayer, clean the sprayer with a solution of one pint of water to four tablespoons of baking soda. Shake the jar as you spray the solution to clear suction tube, jar and internal parts.

A button sewn on the corner of your dishcloth makes a wonderful pot and pan scrubber.

MRS. JAMES V. CONROY

in Our Lady of Refuge Catholic Church, the bride chose an Empire satin gown trimmed with Alençon lace, seed pearls and crystals. A chapel length train accented her ensemble.

Her silk illusion veil was secured with a veiled cap frosted with crystals and seed pearls. She carried gardenias.

Following the nuptials, the bridal couple their parents and the attendants, Mrs. Thomas G. Shier and the bridegroom's brother, Gerald, greeted guests at the Holiday Inn.

Other members of the wedding party were bridesmaids Susan and Katherine Kesler and Sandra Michaelson with W. C. Blanton, Ralph Faust and Stuart Jones ushers.

Parents of the newlyweds are the William D. Bradshaws of Long Point Drive and the John Conroys of Chicago.

Remove Scorch by Repressing

You can remove scorch from towels, then press the scorched area with a hot iron. You will find that the stain will go into the dampened towel where it can be washed out.

The special wonderment of children is caught in this original painting chosen for use as the Children's Hospital 1967 Christmas card. Proceeds from its sale will be used to purchase equipment for the New Children's Hospital of Michigan. The price is \$3 per box of 25 cards. Imprinting is available if desired. Contact Mrs. John A. Thompson, Women's Auxiliary Christmas card chairman, 10034 Talbot Avenue, Huntington Woods, Mich., 48070.

Card Party Set for Chi Omegas

A card party-luncheon will replace the regular business meeting Oct. 19 for the North Suburban Chi Omega Alumnae.

All Chi Omegas and their guests may attend the 12:30 p.m. event in the Clawson Shopping Center Community Room. Mrs. John Stanley of Ramblin Way is taking reservations.

Other upcoming events for this group include the Nov. 19 meeting with Rev. Ray Fenner of the Birmingham Congregational Church as speaker.

On Dec. 2, Mrs. Stanley will host a Christmas cocktail party. All area Chi Omegas may attend these functions. For further information contact Mrs. T. E. Treadwell of Southfield.

Elect Two as Delegates

Mrs. Richard Paschke and Taimae Surola were elected delegates to attend the fall district meeting of the Midwestern Region, Soroptimist Club at Monday's Pontiac chapter meeting.

A donation to the Pontiac Symphony Orchestra, Inc. was approved at the dinner gathering in the Elk's Temple. A Pontiac chapter representative will attend the Oct. 29 brunch at Camp Oakland.

Other plans for this group include a white elephant booth at the bazaar on Nov. 14 in the YWCA being sponsored by the Pontiac Area Federation of Women's Clubs.

SEW SIMPLE

By Eunice Farmer

Dear Eunice Farmer:

I have never thought of corduroy as being used for anything except sportswear. Today, it seems to be used in many expensive clothes as well. Since this is the case, I can see that I will have to spend more time and care with it. Would you please give us some pointers?

Mrs. Pat M.

Dear Mrs. Pat M.:

You are so very right, corduroy has jumped from play clothes right into the costume room! You will find the wide wale cords used by all top designers. One long military evening coat was priced at several hundred dollars.

First, remember to cut all the pieces of your pattern in the same direction, unless you are using a yoke or other trim as a contrast. The usual direction is against the nap, in other words, as you run your hand from top to bottom, it should be rough.

If you desire a more silvery look for the lighter colors, use in the opposite direction. Corduroy may also be cut on the bias. Because of the sturdy construction of the fabric, it keeps its shape beautifully.

You may pin your seams together before stitching, however, be sure to remove each pin as you come to it. Do not sew over the pins as they will leave a crushed mark on the corduroy or velvet.

If you have difficulty fitting, make a muslin garment first for all the changes that must be made. You must never try to rip corduroy or velvet, the marks are almost impossible to remove.

Last, but not least, is the pressing. Be very careful not to mash or crush the nap. Seams should be opened by pressing on the wrong side of the fabric, over a needle board. If you don't have a needle board, press carefully over a folded turkish towel.

It is also possible to steam press the seams and smooth them open with your fingers while damp. If the nap becomes crushed after wearing, steam well and brush with a stiff brush. This is a very youthful fabric, fun to work on and fun to wear. This is definitely the year to try it.

TAILOR TRIX WINNER

Mrs. Jean Petrie, Ogdensburg, N.Y., is this week's Tailor Trix pressing board winner for her following suggestion.

When working with synthetic knits, I often find that when I stitch more than one thickness of the fabric, my machine seems to be skipping stitches. I have found that if I lower the needle in my machine just a very little bit, it will make the perfect locked stitch every time!

(Thanks for sharing this very helpful tip with all of us. I have tried it, and it does work beautifully.)

For illustrated instructions on making button loops send for Eunice Farmer's booklet "Spaghetti Straps and Rope Belts." To obtain your copy send 10 cents and a long, stamped, self-addressed envelope with your request for it to Eunice Farmer in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48066.

Rainproof Books

When it is necessary for children to carry their books to school in stormy weather, keep them dry and unharmed by slipping them into plastic food bags to protect them. A neat, waterproof package can be made by folding down the bag top and holding it in place with a rubber band.

every Rose diamond has a certain woman in mind

Every diamond, like every woman who wears one, is unique. And the diamond you select to pledge your love should capture the special qualities that make her rare and wonderful. That's why our diamond buyers travel from the Far East to Europe to Africa in search of diamonds of distinctive "personality."

Each of these diamonds is then set in its own specially designed mounting to achieve further originality. Then, Rose separates these rings into five distinct collections, to provide you with the most extensive—and understandable—choice of diamonds anyone could hope to see. And you'll see them exclusively at Rose.

HALO OF LIGHT

Blue-white* diamonds with unusual sparkle and radiance, because the "girdle" portion (the outer rim of the stone, which is usually grasped by the setting) is polished; and the setting itself is open.

Halo of Light diamonds are priced from \$175 to \$2,000.

SCULPTURA

Exquisite diamonds set in dramatically sculptured 18 Karat gold mountings: each one created especially for the stone it holds. There are many different designs, and many sizes of stones, to choose from. Sculptura diamonds are priced from \$139.50 to \$1,500.

FOREVER PERFECT

Only the most perfect diamonds are chosen for this collection:

diamonds which are flawless and have remarkable brilliance.

The settings are unusual, and are designed to show the stone's beauty at its fullest.

Forever Perfect diamonds are priced from \$150 to \$2,500.

SUPREME

A collection designed for the woman who never dreamed she would own a diamond of such size and brilliance—at so modest a price. There are many carat weights to choose from; and each Supreme diamond comes with a pair of matching wedding bands. The price range is from \$100 to \$1,500.

FASHION FANTASY

Marquis, pear-shaped, and emerald cut diamonds mounted in original, dramatic, contemporary settings (all 14 Karat gold).

Stones for this collection are chosen for unusual brilliance, dazzling size, or both.

Fashion Fantasy diamonds are priced from \$125 to \$3,000.

WHEN YOU PURCHASE A ROSE DIAMOND, YOU BECOME A MEMBER OF OUR EXCLUSIVE DIAMOND INVESTMENT CLUB. IT OFFERS SINGULAR ADVANTAGES.

FIVE-YEAR DIVIDEND GUARANTEE. On the anniversary date of your purchase, for five consecutive years, your diamond increases in value 3% each year. After five years, your diamond will be worth 15% more than you paid, which may be applied to the purchase of a larger diamond at Rose.

10% DIVIDEND BONUS. If, within one year of purchase, you desire to exchange your original diamond for a larger stone, you will be credited with 10% more than the original full purchase price (less tax) toward the payment price.

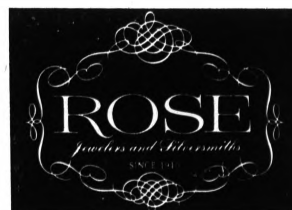

LIFETIME TRADE-IN GUARANTEE. You may trade in your original diamond any time after the fifth anniversary of your purchase (provided you have brought it in for annual inspection) and receive a full 15% more than the original price toward the purchase of a larger diamond.

FREE DIAMOND INSURANCE. At the time of purchase, you will receive, paid-in-full, a one-year full insurance policy protecting your diamond against loss from fire, theft, or loss of stone from the mounting.

FREE DIAMOND CARE. You are entitled to two diamond inspections and professional polishings a year, at no charge.

*A blue-white diamond, as required by U.S. Federal Trade Commission, appears blue or bluish in the north light or its equivalent.

A full-color brochure illustrating and explaining our diamond collections is available at no charge, at any Rose store.

Prospects Dimming for U.S.-Oriented Peace in Viet

By JOHN T. WHEELER
Associated Press Writer

SAIGON — The feeling in some high official circles here is that during the past 18 months the prospects have dimmed considerably for an early negotiated peace that would bar the Communists from eventually taking over South Vietnam.

Some of the key factors behind this belief are the hard-

pressed allied military position in the northern provinces, what Hanoi believes is growing anti-war sentiment in America, and pressure from foreign governments for a halt in the air war against North Vietnam.

One senior allied source said: "Let's face it. If we negotiated today, at best we could expect half a melon. It would have to be something like Laos."

The 1962 Geneva accords

brought Communists into the Laotian government and left the Communist field army intact together with a large North Vietnamese military force in the country. U.S. troops were pulled out.

Many diplomats believe the Communists have stopped short of a full-scale invasion in hopes of pushing the United States into a similar agreement in Vietnam.

It is generally accepted here that North Vietnam could easily force the allies into peace negotiations today with the anti-Communist side at a decided disadvantage. All Hanoi would have to do is agree to talk. American officials say. Why Hanoi has failed to do this is the subject of much debate and conjecture.

ence during the Korean peace talks, the U.S. Embassy here once advised President Johnson to step up the pressure in North Vietnam at the first sign the Communists were prepared to talk.

"The only way to negotiate with these people is to hurt them so badly they have to stop. This hasn't happened here yet," said an American who was at Panmunjom during the Korean negotiations.

Another factor behind the thinking here is the belief that Ho Chi Minh or whoever is in control at Hanoi will wait until after the 1968 presidential election in the United States to talk peace.

Judge Helps Ex-Airman Shed Murder Conviction

WASHINGTON (AP) — Ten court-martial in December 1957, years ago, Clifford W. Edmond, the psychiatrist, Maj. Summer was convicted of killing a. Cheeseman, testified he was fellow airman in Labrador, sen- changed his mind because he was "honorable" dis- among other things, he had charge and in prison. He looked over the Air Force manual explaining legal standards denied a petition for review.

Because a federal judge took an interest in his case, Edmond now today checks voluntarily into a Veterans Administration premeditated murder and the patient—no longer a convicted murderer. And the armed services are completely reworking their manual on psychiatry in military law.

Court-martial records show that June 23, 1957, Edmondson walked into the supply office at Goose Air Force Base, picked up a 45-caliber pistol he found there, loaded it, and killed Airman 2C, David L. Waters with a single shot.

Edmondson was examined by a psychiatrist who found him unable to tell the difference between right and wrong and to adhere to right. But at the trial,

State Capitol News in Brief

By the Associated Press

THE GOVERNOR
Said he is turning his advisory committee on public employee relations back to for another look at the controversial appointment of Dr. R. Gerald Rice as acting director of the State Department of Public Health.

THE SENATE
Approved a bill to provide for a four-year term for the State Commissioner of Insurance.

THE HOUSE
Met briefly.

THE SENATE
Approved a bill to provide for a four-year term for the State Commissioner of Insurance.

PEKING INFLUENCE
One argument is that Hanoi increasingly has fallen under the influence of pro-Peking hawks who are pressing for a clear military victory before negotiations. Another is that Hanoi believes it has been cheated in past negotiations and does not believe the United States would live up to its side of any bargain.

A third explanation offered by a senior U.S. diplomat is that the Communists may fear they cannot hold their organization together in the South for the long political pull after the frenzy and crisis atmosphere of war ends.

A senior American said Hanoi and Washington both face the same dilemma on another

News Analysis
level—how to explain at home a pullout that could even vaguely be assailed as backing down after so much blood has been spent.

EMBASSY OPPOSED
The U.S. Embassy is just as opposed to a halt in the bombing against the North as the American military command.

Officials see it this way: Besides allowing the North Vietnamese to reinforce and resupply their troops in the South easily, any halt would be interpreted as a sign of weakness and faltering by Hanoi and probably many other Asian countries where face is important.

One compromise plan sometimes mentioned here is for a bombing halt with the clear threat to escalate the air war vastly if Hanoi refused to bargain in good faith.

Daily Paper Is Crammed With 'Goodies'

(EDITOR'S NOTE — In the following article, I. William Hill, managing editor of the Washington Star and president of the Associated Press Managing Editors Association, outlines some of the services performed by your daily newspaper. His article was written to mark observance of National Newspaper Week this week.)

By I. WILLIAM HILL.

A wife or a husband is great to have but — let's face it — on any given day your daily newspaper can do a lot more things for you.

For instance, I can't imagine my wife, on a day picked entirely at random, being able to tell me...

- Details of the 12.5 percent Social Security increase approved by Congress.
- Where I can dine out tonight and have hot biscuits.
- A way to breathe for a moment to overcome drowsiness.

- How to convert two rooms into a country-size kitchen.
- Where I can go tonight and see a production of Shakespeare's "Hamlet" free of charge.

How a woman can keep from losing the earring she takes off to talk on the telephone.

And so on and so on — and all this is only a mite of the personal service any days newspaper may render a reader.

It therefore seems fitting that — just as a wedding anniversary may be a time to consider what a spouse has done for us — Newspaper Week is a time to evaluate the daily newspaper we may be taking for granted.

The Bureau of Advertising of the American Newspaper Publishers Association recently surveyed 2,470 individuals to find an answer to the question:

"When people want to know where do they go to find out...?"

BEST WAY

The newspaper was judged the best way to find out in six out of 10 cases; television was second with three out of 10 cases.

Analysis of this survey shows that innate characteristics of the two media account for the relative popularity of each and implies that it's unlikely television can achieve any relatively greater popularity as compared to the newspaper.

Two categories of news matter the public prefers on television are (1) material whose essence can best be captured by action pictures and (2) material that gains an element of human interest when shown in a moving picture...

Examples of the first category would be disasters, riots, war, or a space shot; of the second, news of figures in either national or foreign politics, where seeing people in action gives one far more sense of personality than can be produced by words supported by nonmoving pictures.

On the other hand, as the

Bureau of Advertising survey makes clear, the public much prefers a newspaper for its local news, for news which requires explanation, or for news that isn't particularly enhanced by visualization.

You want a newspaper to tell you about your county board meeting, why debt consolidation is a bad practice or how and why the White House is seeking to increase the taxes we have to pay.

In the Bureau of Advertising survey, news was broken into 177 categories. Of these, those surveyed preferred to get their information from a newspaper in 13 categories, from television in only four.

I. WILLIAM HILL, 177 categories. Of these, those surveyed preferred to get their information from a newspaper in 13 categories, from television in only four.

So far as radio or magazines were concerned, as news purveyors they trailed both newspapers and television in every category.

YOU GET THE NEWS

One of the 1967 Continuing Study reports of the Associated Press Managing Editors Association recommends that newspapers try reminding people that "you get the headlines on television and the news in the newspapers."

It's also true that, when you twist your television knob, you are going to have to look and listen at what the station chooses to give you at that moment. You have no chance for selectivity other than to turn it on or off. Further, you have no chance for a second look; if you didn't get it the first time, it's lost.

On the other hand, as Madison Avenue might put it, a newspaper "gives you the steering wheel."

Any newspaper editor you talk to has had letters and conversations that begin with such words as "Your paper has been a member of my family for umpty-um years, and..."

IT'S EERIE

It's eerie, how often this theme is repeated. And why? Because in or out of the household, there's no daily source giving as much aid, counsel and public service as you find in your hometown newspaper.

You take a newspaper into your home and it gives you — not only the day's news — but also:

- Help in battling city hall or cutting bureaucratic red tape.

- Tips on saving time and money in your household.
- Tips on getting a child into college.
- Recipes.
- Television and radio program listings. (Can you imagine television telling what you'd find in that day's newspaper?)
- Tips on dining out.
- Reviews of theater, movies, music, books and night clubs.
- Stock listings.
- Advice on how to get along with your wife (or husband).

Public Job Strikes Review Due

LANSING (AP)—Pointing to stricter laws against teachers' strikes, Gov. George Romney plans to revive his advisory committee on public employe to consider whether it would like to make any "further or different recommendations" in light of this fall's school troubles. He asked for a report by the

first of the year. The panel's February report recommended binding arbitration of disputes involving police men and firemen, but rejected that procedure for other public employes. It said automatic penalties and sanctions against teachers "could be unduly punitive or binding."

practical or damaging to the collective bargaining process. The committee instead recommended mediation and fact finding if collective bargaining failed, with the fact finder having authority to make his recommendations public. His findings, however, would not be

Insurance Chief

LANSING (AP)—Gov. George Romney today announced reappointment of David J. Dykhouse of Charlotte as state commissioner of insurance for a four-year term.

The lumber and forest products industry operates 30 per cent of all industrial establishments in the South, with total payrolls of close to \$2 billion a year.

'Inheritance Racket' Probe Is Sought

LANSING (AP)—State Sen. Coleman Young, D-Detroit, has asked Atty. Gen. Frank Kelley to look into what he described as "an inheritance racket operating in Michigan."

Young said Wednesday he has received complaints from citizens who say they have received letters asking them to send money to estate claims companies.

"These companies lead people to believe they may be heirs to a fortune left by some distant relative who died in an eastern state," Young said. "The letter always asks you to send a check supposedly to cover the expense of documents."

The letters usually imply that the person being solicited might be an heir to \$20,000 or more if they will just send a check for the arrival of the white man.

want an elegant
silk-and-wool sharkskin
2-trouser suit?

we've got it

Lustrous, luxurious
(and surprisingly long-wearing)
sharkskin, blended of
fine wool and silk. It's tailored in a
sophisticated two-button model
with side vents and
plain-front trousers, \$98.50.

want a 2-trouser suit
in fine wool worsted
for just \$75?

we've got it

Take a look at one of the
best values anywhere: our famous
Van Carr 2-trouser suits.
They're tailored in a fine
wool worsted in two- and
three-button models, \$75.

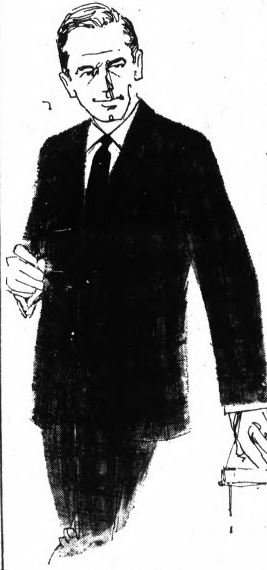

want a 2-trouser suit
in one of the season's
important new patterns?

we've got it

Crisp checks, muted plaids,
self-toned stripes—they're all
included in our large
selection of 2-trouser suits
by Frost & Frost. All in
fine wool worsteds,
in several styles, \$115.

want a
2-trouser suit
in Glen plaid?

we've got it

One of the freshest looks in
fashion for this fall—Glen
plaid—is applied to the
two-trouser suit in many
dimensions and colors.
Styled in two- and
three-button models, \$75.

want a vested
natural shoulder
2-trouser suit?

we've got it

Traditionally minded? You'll
find 2-trouser suits in
classic natural shoulder styles—
like this three-button
Charter Club, with a matching
vest. Pure wool sharkskin,
authentically detailed, \$95.

want an
all-wool herringbone
2-trouser suit?

we've got it

Here's all wool herringbone
in two smart versions: the
two-button model with side vents
and plain trousers; or the
three-button model with center
vent and pleated trousers, \$79.50.

want a conventional
2-trouser suit
with pleated trousers?

we've got it

The style is conventional, but
the look is anything but
commonplace. Tailored of fine
all wool sharkskin, in a
three-button model with center
vent and pleated trousers, \$74.50

want a two-button
Hart Schaffner & Marx
2-trouser suit?

we've got it

From one of the most
illustrious makers in the country:
a beautifully tailored two-button
suit in handsome Glen plaid
or multicolored tick weaves,
\$139.50 to \$145.

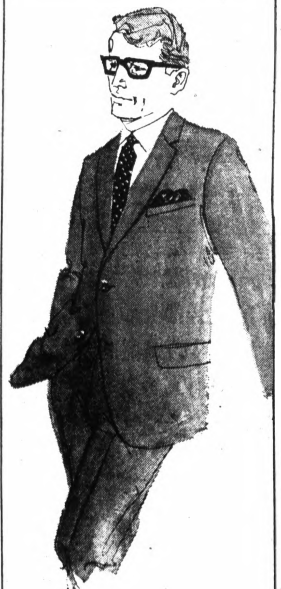

want a luxurious
2-trouser suit in an
imported fabric by Eagle?

we've got it

Eagle is a master at
combining fine fabrics and
imaginative tailoring. This
two-button model has demi-peak
lapels and side vents; in Glen plaids,
checks, self-stripes, \$139.50.

want a 2-trouser suit
in an exceptionally
long-wearing fabric?

we've got it

It's our Leatherneck 2-trouser
suit, and it's really made
to take it. The yarns are long-
fiber pure virgin wool, twisted
like a cable for extra
strength and resilience.
Handsome, too, \$98.50.

what's new in 2-trouser suits? what's new period.

Law Student Rates All A's in Business

SALEM, Ore. (AP) — At first glance, Bob Ladum doesn't seem any different from any other freshman law student at Willamette University.

But Bob is at least a half-millionaire, and he made it all himself.

At 22, he claims to run the third biggest mail order coin business in the United States, owns a gas station, a resort motel, several tracts of land and several homes, including an \$82,000 estate in Portland which he rents.

He also has become an impresario, booking silent film shows at a Portland theater.

STARTED AT 16

Ladum got into business at age 16, after a summer working as a bean picker. "I got to thinking out there in the field one day that I didn't want to

work for somebody else," he said. That fall, Bob's father brought home a copy of Coin World magazine. Ladum, then a Portland high school junior, noticed that dealers on the East Coast were buying coins at higher prices than West Coast dealers were selling them.

"I couldn't package and ship coins fast enough," he recalled. Today his mail order coin business has an advertising budget of \$30,000 a year, considerably more than Bob Ladum spends on any form of luxury.

He owns two suits and one pair of shoes, and his car has 80,000 miles on the speedometer. "I really don't have any taste for clothes or for fine foods and fine restaurants," he said.

WAY TO FREEDOM
Why does he keep making

himself richer? "Money is the way to personal freedom," he said. When Bob was an undergrad at Willamette he bought two resort properties on the Oregon coast, one of which he named the No-Tel Motel.

He ran an ad in the student newspaper showing a comely coed being carried over the threshold of the No-Tel.

Parents of Willamette students squawked, and finally police raided the No-Tel. They broke into the room of a married couple from Seattle.

Ladum sold the motel after being hauled before a student disciplinary committee, but kept the name. "I've got a patent pending," he said. Now Ladum is in law school, but not because he wants to practice law.

"I just don't want to have to call a lawyer when I need advice," he said. "In the heat of a deal, you often don't have time to call your lawyer. And knowing your legal rights can sometimes make the difference between \$10,000-\$20,000 in profits."

Husbands Read Signals of Wives Loud and Clear

By DICK WEST

WASHINGTON (UPI) — It's really amazing how some scholarly people can study a certain subject for years and years, and then get it all wrong.

Makes you wonder whether a formal education is actually as beneficial as it is reputed to be.

I wouldn't say this unless I had an example to give you. It's a magazine article written by a university professor who holds a doctorate in sociology.

The author is writing about the problems that married people have in communicating. Especially if they happen to be married to each other.

The article says that women are better than men at "reading signals" — the mystical medium that enables married couples to "predict" each other's preferences and actions. "It says women are better at this "because for millenniums their main weapon in the battle of sexes has been their ability to outguess and outmaneuver men."

Now you would think a person holding a doctorate in sociology would know better than that.

Any man who has been married as long as a week knows it is not "reading signals" at

which women excel. It is sending signals.

Wives have a system of signals — eyebrow lifting, finger wagging, foot tapping, darting looks and so forth — that is far more effective than the Boy Scout semaphore.

And husbands excel at reading these signals.

I mind the time not long after we were married when my wife and I were attending a party. I was sitting at the piano entertaining a group of ladies with a bawdy song I had learned in the Army.

I'll admit I sang the second verse pretty loud.

I had to. After the first verse, the ladies had all moved to the other end of the room.

During the third verse, my wife came over and poured a glass of beer over my head. It was her way of signaling me to skip the encore.

Luxurious!

The Cashmere Topcoat by Varsity-Town

No status symbol, but a sure sign of success and good taste — the topcoat of 100% Cashmere tailored by Varsity-Town. Soft to the touch, handsome to the eye, it is the topcoat to judge all others by. Leave it to Varsity-Town to tailor the rich fabric with all the care and imagination it deserves. \$115

11 Americans Listed as Dead in Viet War

WASHINGTON (AP)—Eleven servicemen killed in action in Vietnam war have been listed by the Defense Department. One other died of wounds.

Killed in action:
ARMY
ARIZONA — Pfc. Mark A. Bateman, 21, Fort Huachuca, Calif.
CALIFORNIA — Staff Sgt. Fred C. Johnson, 21, Fort Ord, Calif.
FLORIDA — Staff Sgt. Craig A. Johnson, 21, Fort Ord, Calif.
ILLINOIS — W. William W. McCarrick, 21, Fort Ord, Calif.
MICHIGAN — Staff Sgt. Ivan C. King, 21, Fort Ord, Calif.
MINNESOTA — Staff Sgt. Charles P. Bailey, 21, Fort Ord, Calif.
MISSOURI — Staff Sgt. William W. Hopkins, 21, Fort Ord, Calif.
NEVADA — Staff Sgt. Wallace W. Hopkins, 21, Fort Ord, Calif.
NEW JERSEY — Staff Sgt. Raymond W. Fritz, 21, Fort Ord, Calif.
TEXAS — Capt. Howard M. Gerstel, 21, Fort Ord, Calif.
VIRGINIA — Sgt. L.C. David B. Owen, 21, Fort Ord, Calif.

Died of wounds:
ARMY
MARYLAND — Pfc. John W. Yeager, 21, Fort Ord, Calif.
Changed from missing to dead — hostile.

ARMY
ALABAMA — Staff Sgt. Jessie S. Brewer, 21, Fort Ord, Calif.
CALIFORNIA — Capt. James A. Neises, 21, Fort Ord, Calif.
Changed from dead to missing.

NAVY
Engineer 2, Joseph T. Musetti Jr., 21, Fort Ord, Calif.
Missing as a result of hostile action.

MARINE CORPS
1st Lt. Patrick L. Orr, 21, Fort Ord, Calif.
1st Lt. Morris L. McDaniel Jr., 21, Fort Ord, Calif.
1st Lt. David H. Zook Jr., 21, Fort Ord, Calif.
1st Lt. William A. Lillard, 21, Fort Ord, Calif.
Capt. Conrad W. Trautman, 21, Fort Ord, Calif.

So-Called Enlightened Approach Blamed

Abuse Is Often Frustrated Discipline

(EDITOR'S NOTE—This is the last in a three-part series on child abuse.)

By L. GARY THORNE
Asst. City Editor-Suburban

Child abuse triggers strong emotions in our child-oriented society. There is natural abhorrence and antagonism. The general inclination is to want vengeance.

To a protective public, perpetrating harm on a defenseless child is both unforgivable and beyond belief. There is a basic human reaction to deny that such acts can happen.

"Who would do such a thing? They must be crazy," is the common response to reported abuse.

Mental illness, to be sure, is one obvious cause of cruelty to children. But, it does not necessarily require a deranged mind to view child rearing slightly out of focus.

"I'm afraid social scientists are much to blame with their so-called enlightened approach to child rearing," commented Dr. Andrew T. Yang, a 13-year veteran of Oakland County's juvenile court and children's services unit.

The director of research, training and clinical services, Dr. Yang (pronounced Young) is a psychologist, who, he ad-

mits, is occasionally depressed by the steady flow of cases across his desk depicting the misery of children.

When there is an indiscriminate dislike of discipline, the traditional rules and regulations are taken away from parents, according to Dr. Yang.

"Parents are left with a vague theory without knowing the practical application. Parents don't know what to do," he explained.

"This is an era of rapid social change," he added. "Child rearing is definitely made more difficult."

Dr. Yang said that in sessions he's had with parents, it is quite common for a parent to actually apologize for spanking his children.

"I usually say 'good for you,'" said Dr. Yang, emphasizing that today there is a parental helplessness, too.

Why are children beaten? The causes are many, some are obvious — marital problems, mental illness, alcoholism, etc. said the veteran psychologist.

"I think the original intent behind discipline becomes lost, perverted," explained Dr. Yang.

He continued: "I believe people generally are basically lov-

ing and have a concern for their children, but are confronted by a nonconforming child. The parent is frustrated and soon everything negative is 'acted out' against the child."

Child abuse, its causes and effects, is an area needing more research, according to Dr. Yang. "Our facts are fragmented, we need a main body of knowledge. We lack even statistics."

He cited one example where current incomplete knowledge may be responsible for the mislabeling of some offenses against children.

Sexual assaults on children may more properly be characterized as a form of child crimes, according to Dr. Yang. Still another area to be studied is the violence resulting from the impulsive striking of a child (temper) as opposed to lengthy periods of inflicting harm, perhaps resulting from sadism.

Also needing research, according to Dr. Yang, is the matter of emotional abuse, an area yet unexplored by most American medical and legal authorities.

"We know it's there," he said, "but no one yet has been able to even define it."

Probed in the courtroom and

the clinic, child abuse insidiously crosses socioeconomic lines, although reported instances are relatively rare in Oakland County among the so-called upper economic class.

Most medical and legal authorities appear to agree that, at least in this county, child abuse is a middle class Caucasian offense.

Research, however, is a luxury. Thus, this observation may not be true nationwide, according to local opinion.

Nevertheless, authorities locally have isolated one redeeming factor from the county's abuse cases.

Regardless, it seems, of how drastic the physical torture — beatings, scaldings and depravity of every sort — is, the family tie is tremendously strong.

"It's human nature to rationalize," explained Dr. Yang, "and children do it, too."

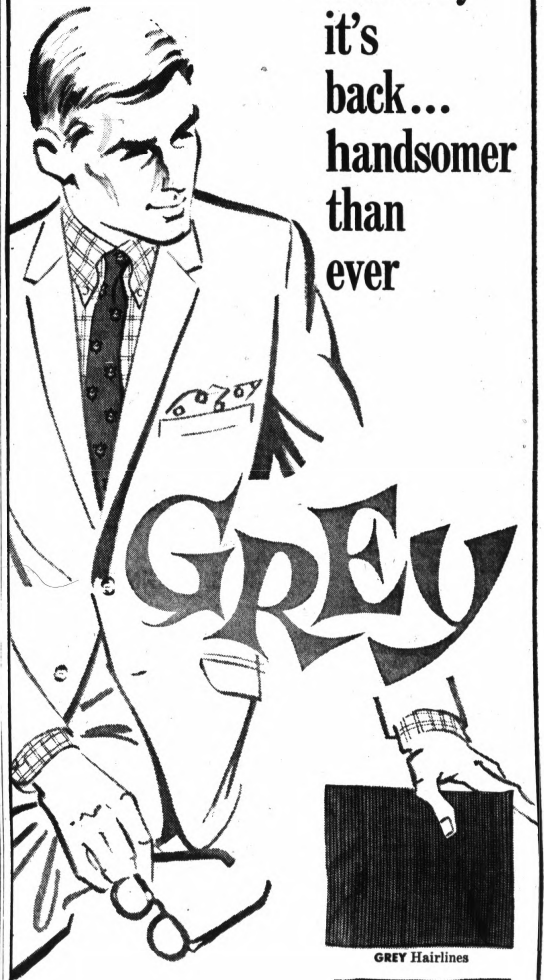

Consequently, nearly every child at some time during an official inquiry will ask: "Well, when can I go home?"

This happens more the younger the individual is, but it nearly always occurs.

And the eventual family reunion with the abuse problem resolved, if it can be accomplished, is the best possible solution.

U.N. Stepchildren: Israel, S. Africa, Nationalist China

UNITED NATIONS, N.Y. (AP) — In the debates of the United Nations, where invective is routine, three veteran members have received a lion's share of the brickbats.

Over the years, South Africa, Israel and Nationalist China have accumulated a host of enemies that is impressive even by U.N. standards. A goodly portion of each General Assembly session might do a proposal before it reached the floor.

About 10 years ago, the assembly sought unanimous sponsorship for an innocuous disavowal of the Communist Party of the United States. To everyone's amazement, the Arab states voted solidly against the proposal on the heels of U.S. and Soviet speeches hailing the solid response. The reason? Israel's name was on the sponsors' roll.

When delegates are not homing in on these targets, they are apt to occupy themselves with the U.N. status of Nationalist China, a topic which crops up at the outset of the general debate each year and mounts in intensity until the assembly votes whether to give Peking or Taipei the Chinese seat. What force of circumstances has cast these three nations in the role of stepchild?

On the surface, the three members have arrived at their position for unrelated reasons, but the underlying cause seems to be the same. Israel, South Africa and China have all incurred the enmity of their neighbors, largely because they have attained affluence in alien areas where they are not wanted.

Despite hundreds of debates aimed at solving the problem and millions of dollars poured into peacekeeping efforts, resentment has mounted over Israel's determination to carve out a state on soil the Arabs claim is theirs. This conflict of interest has resulted in three wars climaxed by the bloody struggle of last June which wrecked the vaunted Arab war machine.

South Africa has alienated itself from most of the world by following a policy of apartheid or race segregation that is generally abhorred. But the mere fact that the South Africans are maintaining a flourishing white government on a continent of awakening black nationalism has been enough to bring down the wrath of other nations on the Dark Continent.

DRASTIC STEP
This antipathy became evident last year when the General Assembly voted by a landslide 114-2 that South Africa no longer had the right to govern its big mandate, known as South-West Africa. For the first time in its history, the United Nations had decided to take over a country. The fact is, however, that the United Nations could never enforce such a drastic step by any means short of war.

Nationalist China undergoes the ordeal each year of waiting in suspense while the Assembly ponders whether to let it keep the seat it has held since the United Nations was founded.

General uncertainty over the meaning of the upheaval now disrupting the Chinese mainland and Peking's new policy of lashing out at its staunchest supporters has put a noticeable chill on the campaign to seat the Communists. The question has been placed on the agenda again, however, and the Soviet bloc and many Asian-African nations are expected to hew to the Peking line, even if perfunctorily.

EITHER WAY
Representation has been the sticking point on China, but it is generally felt that the Nationalists would be just about as unpopular with their neighbors even if Red China got the seat and they stayed on in the downgraded role of Formosan representatives.

Holding fast in an area of the world dominated by the influence of Peking, the Nationalists are shunned by their Asian neighbors who are unwilling, or afraid, to have any dealings with such an outspoken foe of the Red giant.

Israel, South Africa and Nationalist China have little in common politically or culturally and often take opposing sides on U.N. issues. But years of isolation have forced them into a similar existence.

Rarely are any of the three asked to inscribe their names as cosponsors of a resolution. Delegates realize that such endorsement might doom a proposal before it reached the floor.

About 10 years ago, the assembly sought unanimous sponsorship for an innocuous disavowal of the Communist Party of the United States. To everyone's amazement, the Arab states voted solidly against the proposal on the heels of U.S. and Soviet speeches hailing the solid response. The reason? Israel's name was on the sponsors' roll.

Israel and South Africa are not under the perennial threat of expulsion that hangs over Nationalist China, but hard-core African members have often demanded that South Africa be thrown out, and the Arabs challenge Israel's right to exist as a nation, let alone as a member.

The walkout, favorite expression of disapproval in the United Nations, is a familiar story with all three.

The Arab group staged one of the early walkouts when the United Nations voted in 1948 to partition Palestine and make room for an Israeli nation. And whenever a Nationalist Chinese addresses the assembly, the Communist bloc stalks out of the hall.

BIG WALKOUTS
The most spectacular walkouts, however, are reserved for South Africa whose envoys often find themselves addressing an almost empty chamber.

These campaigns of exclusion have caused the three stepchildren some discomfort but little else.

South Africa carries on a flourishing world trade despite calls for a worldwide economic boycott from the Africans and Communists.

GRIEVING GORILLA — Kribi Kate, a gorilla at the Swope Park Zoo in Kansas City, Mo., sits in a corner of her cage and yawns from a heavy dosage of tranquilizer administered when she became distraught over the death of a 9-day-old daughter who died with pneumonia. Kate has lost three other babies. Zoo officials said there are only eight living gorillas born in captivity.

40 Years of Sound: a Film Revolution

By GENE HANSAKER
Associated Press Writer

HOLLYWOOD — Forty years ago last Friday, talking pictures arrived when Al Jolson said from the screen of a New York theater: "Come on, Ma Listen to this!"

Some producers said talkies were a fad that couldn't last, but Warner Bros.' "The Jazz Singer" touched off a movie-making revolution: within two years weekly theater attendance jumped from 57 million to 95 million.

Careers faded, among them John Gilbert's and Tom Mix's, because their shallow voices didn't match their virile looks. Foreign actors suddenly had to learn English. Not all succeeded.

UNINTENDED LAUGHS
Early sound was recorded on 16-inch wax discs. Despite a common gear, sound and picture often got out of synchronization in the theater, providing laughs where they weren't intended.

Now up to six tracks of stereophonic sound are recorded, right on the film, on strips of iron oxide like a home recorder's tape.

MGM has just spent nearly two years rephotographing and rerecording all 345,000 frames of four-hour "Gone With the Wind" for the big screen. Billboards exaggerate the result as "full stereophonic sound" although some noises were eliminated and fire and battle sounds added to the Atlanta scenes.

EARLY IMPROVISATIONS
Early sound men improvised at hiding their microphones—behind vases, in light fixtures, furniture, telephones and actors' clothing.

The early 15-pound carbon microphones picked up extraneous noises from all sides. Now there are directional devices maneuvered by a man on the platform of a long, movable boom.

A newer refinement is the radio microphone, concealed under an actor's clothing with a wire down his trousers leg as an antenna. For "Point Blank," Lee Marvin smashed up a speeding car under a freeway.

The door flew open and his passenger, Michael Strong, fell out—all action called for in the script. Padded radio mikes in their clothes carried their dialogue to recording gear 200 feet away.

In early days, the whirr of cameras was muffled by operating them inside stuffy, six-foot-square booths rolled about the stage on wheels. Then covers called blimps were devised to silence the cameras.

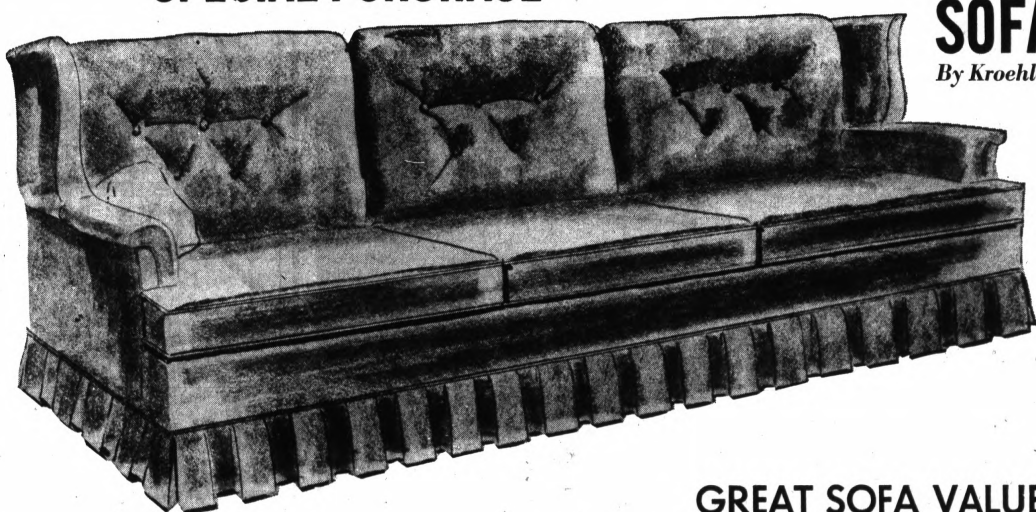

The future? Transistors are replacing tubes, which total 1,500 in a typical studio recording complex. Recording with laser light for cleaner sound is said to be on the way.

And maybe it's a good time to buy ear-plug stock. Instead of the present five speakers behind theater screens, MGM's veteran sound chief, Franklin E. Milton, foresees 20 to 30. "This," he says, "will give an even distribution of sound."

Teamster Local Is Simmering

PHILADELPHIA (UPI)—Giant Teamsters Local 107 is no stranger to violence, but an explosive power struggle threatens a new chapter in its bloody history.

National officers hope placing the local under trusteeship will avert full-scale war.

The fight has involved two factions, each backed by brute force, seeking control of the 11,000-member union, long wracked by mayhem and murder.

One faction, on the outside looking in, was more restless and active than the other.

Headed by Charles Amoroso, a 107 business agent, it campaigned to oust the administration of Secretary-Treasurer Edward Battifore in elections which had been scheduled for December.

BLAZING SHOOT-OUT
Unlike others before it, this fight transcended vocal fury, torrid tempers and punches.

It reached a climax Aug. 17 in a blazing shoot-out among several union members across the street from Local 107's headquarters building, a short walk from the Delaware River waterfront.

As a result, one Teamster participant died on the eve of his 33rd birthday, raising the murder toll involving 107 members to three in the past 14 months.

AMONG DISSIDENTS
Robert A. DeGeorge, father of four children, was among the Amoroso faction.

The following morning, shortly after 8 a.m., DeGeorge drove up in his Cadillac for the meeting. Riding with him were James W. Cheri, 36, and a man known as "Johnson."

The testimony of participants and eyewitnesses told what happened:

As DeGeorge parked across the street from the union hall, a group of men approached his car. Cheri said DeGeorge took two pistols from the arm rest of the front seat, keeping one weapon and giving the other to Cheri, remarking, "Take this— we are going to need it."

Another witness said DeGeorge got out of his car and "there was some pushing and all of a sudden shots started to fire."

FIRED TWICE
Cheri said he got out of the car and saw "Bobby (DeGeorge) fading. On the way down, he fired twice. I then fired at three men on my side of the car."

Police said 25 to 40 shots were fired. Four men fled the scene and were believed to have gone to a nearby gasoline station to wash up, leaving behind two bloodstained undershirts.

Shortly after the shooting, Joseph Ciancaglini, 33, was admitted to Methodist Hospital with a gunshot wound of the stomach. He refused to tell police how he suffered the wound.

DeGeorge, shot in the chest and stomach, died in the street. At home, his wife, Joan, had baked a cake for his 33rd birthday anniversary the next day.

HELD WITHOUT BAIL
Ciancaglini and four other men have been held without bail on murder and conspiracy charges.

The DeGeorge slaying prompted the executive board

to ask the International union trusteeship.

John Greeley, 56-year-old Boston-born national director of the Teamsters Warehouse Division, was named trustee of Local 107 on Aug. 30 with absolute control over its affairs.

Greeley canceled the December elections and indicated to

shop stewards that full cooperation from the rank and file could result in a cleanup of the union in six months.

LATEST CHAPTER

The DeGeorge slaying was the latest chapter in the notorious history of Local 107.

On June 17, 1966, John Gorey, 45, a Local 107 business agent,

and his blonde companion, Mrs. Rita Janda, 35, were found shot to death in the union hall.

John J. Sullivan, 34, a collector of delinquent accounts for the local's health and welfare fund, was convicted of first-degree murder in the slayings and sentenced to life imprisonment. Two other suspects are awaiting trial.

Clean Lakes Plea

CHICAGO (UPI)—Mayor Richard J. Daley yesterday called for uniform federal water standards to protect the Great Lakes from further pollution.

In a letter sent to Stewart L. Udall, secretary of the interior, Daley said further delay in adoption of uniform harbor pollution regulations "is a luxury we can no longer afford if we intend to win the battle to save the lakes."

Looks Can Be Deceiving, Says 'M' Duo

To judge a man's honesty and integrity, shut your eyes and listen—even if you are on a jury.

The old saw that appearances can be deceiving has a basis in fact, according to a team of University of Michigan psychologists who tested 200 college students on their ability to judge honesty.

Voice and language carried

more truth than demeanor and physical appearance.

Dr. Norman Maier and research assistant James Thurner staged interviews between four "suspects," accused of cheating on an exam, and their "professors." Two of the students tried to distinguish between them after either watching the interviews, listening to tapes or reading transcripts.

The listeners and readers were better judges, by a significant margin, than those who had both seen and heard the interviews.

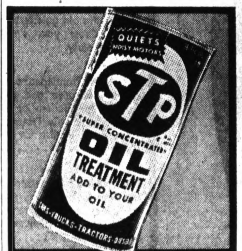

Owls differ from most birds, in that both their eyes face forward, giving them binocular vision. Other birds must scrutinize an object with only one eye at a time.

Students Plan Camping Trip

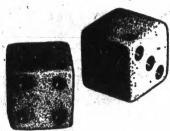

Sixty eighth graders from Madison Junior High will leave Sunday on an outdoor education trip to Sleeper State Park near Caseville.

The 30 boys and 30 girls will be under the guidance of 10 adult counselors, according to Camp Director Dennis Beach of 3729 Warringham, Waterford Township.

Beach who is head of Madison's science department said the campers will take part in conservation, nature, compass and map reading projects during the week-long stay.

Another group of Madison pupils are scheduled to visit Sleeper State Park later in the school year. The outdoor education program is in its 10th year at the school.

PANTRY SHELF MEATS—The makings of party food are as close as a can of meat on your shelf. Sandwiches, a spread for

crackers or filled muffins are easy to fix, delicious to sample.

Party Fixings as Close as Your Food Shelf

What to serve company is forever a problem to most homemakers. Often you needn't go further than an old family favorite for your ideas, however. Something as simple as a sandwich filling that the youngsters and Dad like for lunch box specials can be turned into a very elegant looking molded spread.

Or giant-sized muffins that go well with a simple soup and salad meal can be dished up in daintier proportions for a fancy ladies' day luncheon.

You might begin right at your pantry shelf door, for these two pretty party specials, because convenience meats in cans are the base for both. Canned deviled ham adds a bright and tasty new note to corn meal muffins (made from a packaged mix, of course). For a family-only meal, bake them up big as you wish; but for company, reach for your small-muffin pans.

The sandwich filling boasts canned potted meat mixed with shredded Cheddar cheese, celery and sweet pickle relish.

The lunch box set will think it's delicious but just wait until your guests see the filling molded high and handsome on an attractive snack tray. You'll get raves and compliments.

Peppy Pickle Spread
2 small cans (3-ounce) potted meat
1/2 cup well drained sweet pickle relish
1/2 cup grated Cheddar cheese
1/4 cup finely chopped celery

Be Creative—Try Lasagne the Latin Way

Creative cooking can be defined as a blending of skill, courage and inventiveness. And when the cook has to economize on time and money, all these qualities are especially important.

This recipe for Mexican Lasagne is a good example of inspired cooking; it combines spicy chili with bland pasta and is quick and easy to boot.

Mexican Lasagne
1 envelope (1 1/2-oz.) chili-mix
1 pound ground beef
1 tablespoon oil
1 can (1-lb.) tomatoes
1 can (1-lb.) kidney beans
1/2 cup water
1/2 pound lasagne noodles
2 cups cottage cheese
1 1/2 cups grated Cheddar cheese

Prepare chili-mix according to package directions using ground beef, oil, tomatoes, kidney beans and water. Cook lasagne noodles according to package directions. Alternate noodles, meat sauce, cottage cheese, and grated cheese in shallow 3 quart baking pan, making three layers ending with sauce and grated cheese.

Bake in 375 degrees oven 30 minutes. Let stand 15 minutes to set before serving. 6 servings.

Stuff Celery

Chop anchovy fillets and mix with cream cheese; use this as a stuffing for small wedges of celery. Serve as a before-dinner appetizer with tomato juice.

Nuts, Cereal Go Into Candy

We think "Almond Corn Flake Crunch" is one of the best and easiest home-made candies you are likely to come across in many a day. Restraining yourself, if you can, and wait until the second or third day after making before you taste it.

The flavor needs time to develop. This is a confection for people who don't like things too sweet.

Almond Cornflake Crunch
1/4 cup whole blanched almonds
1/4 cup honey
1 tablespoon butter or margarine
few dashes salt
1 teaspoon grated orange rind
1 1/2 cups corn flakes
Chop almonds medium-fine. Combine in skillet with honey, butter and salt. Cook, stirring, over low heat until almonds are golden brown.

Remove from heat, add orange rind and corn flakes, tossing until flakes are coated and crumbled.

Turn onto wax paper in thin layer. When cool, break into pieces. Best if you let it "mellow" at least one day. Makes about 1/2 lb.

Flavorful Dip

For a flavorful dip to use with crackers or potato chips, make Blue Cottage Cheese Dip. In a mixing bowl combine 1/2 cup crumbled blue cheese, 2 cups cottage cheese and 2 teaspoons grated onion; beat until fairly smooth. Makes 2 cups.

Pop Corn Plus Nuts

Like to pop corn over the campfire? Next time for a strictly "adult" taste add a generous amount of walnuts to the buttered, hot corn.

Plump Them First

Raisins to be used in cakes, cookies, or bread will be plump and juicy and much tastier if they are soaked in warm water, five to ten minutes before being added to the batter or dough.

Aluminum Ice Trays Divide Fudge

You can save yourself extra hassle have been well buttered. Pour in work, and at the same time turn a thin layer so that the candy is out fudge in pieces of uniform not too thick. It hardens quicker size, by pouring your fudge into these individual pieces and aluminum ice cube trays that requires no cutting.

Use and Discard

A cut clove of garlic added to oil-and-vinegar salad dressing gives robust flavor. Allow the garlic to stand in the dressing overnight, then remove it—it will have done its best!

Cool Souffle Hides Crab Under Froth

This is the time of year when chicken broth. (May be canned a piece of crab into the jelly, or make your own). Season to taste with salt, pepper, tabasco and form "spokes" all the must be fail proof, easy, and just plain good to eat. When you dip into the froth and find all the surprises in the bottom, you'll decide it's no refrigerator until it makes soft before your party.

And do serve big bowls of pretzels for a delightful contrast of texture and flavor, besides being so low in calories. Soak 4 tablespoons gelatin in 4 tablespoons cold water and freeze King Crab into a marinade, or French dressing. Press pretty to you.

When ready to serve decorate on top with more crab bits, avocado, raw mushrooms, strips of pimiento — or what makes it pretty to you.

AWARDED TROPHY — Management suggestions made to GMC Truck & Coach Division for improvements in methods and operations have earned for J. Robert Gallagher (right), 2196 Oakdale, Waterford Township, the first award of a rotating trophy. Presenting the Management Improvement Proposal trophy are Martin J. Caserio, vice president of General Motors and divisional general manager, and Stanley B. Sherwood (left), quality assurance manager for whom Gallagher works. Gallagher's suggestions in the past year have generated \$227,000 in savings.

'80 Pct. of Egypt's War Losses Replaced'

NEW YORK (AP) — Premier Levi Eshkol of Israel says the Soviet Union has replaced 80 per cent of the planes, tanks, ships and artillery Egypt lost in the Middle East war, the New York Times reported today.

Interviewed in Jerusalem by Times correspondent Terence Smith, Eshkol said Syria's arsenal also is nearly at its prewar level.

"This influx of Soviet weapons has again upset the balance of power in the Middle East," Eshkol said. "It has made our position more precarious and made the Arab-Israeli standoff, filled."

He said the U.N. should serve as a matchmaker, to bring the two sides together.

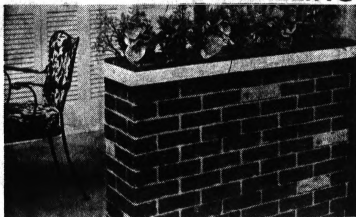

Smith said Eshkol objected vehemently to British efforts to promote a "compromise" settlement and pounded his desk as he declared: "The British must understand that this time Israel will not retreat in exchange for vague promises that are not fulfilled."

DETACH THIS UPPER PORTION AND RETURN WITH YOUR REMITTANCE

SOLICITATIONS — These are the two basic forms employed by Southern Classified Directory Co. recently found guilty of defrauding businessmen. The company solicited

listings from more than one million businessmen and others listed in telephone directory Yellow Pages in the Southeastern states.

'Yellow Pages' Billing Cited

Fraud Conviction Is Hailed

The conviction of Southern Classified Directory Co. of Atlanta, Ga., was an "important break in our drive to protect businessmen from solicitations sent through the mails by fraudulent business directory companies," Postmaster General Lawrence F. O'Brien said recently.

A Pontiac Area Chamber of Commerce spokesman added:

"The breakthrough by the postal authorities in obtaining a conviction of this classified directory firm is rewarding and is evidence of what can be done when business communities will unite in their efforts with the proper authorities."

Found guilty on Sept. 22 of defrauding businessmen and others listed in the Yellow Pages of telephone directories were Southern Directory's two promoters, William O. Hodgins, 40, and Mrs. Marion E. Bishop, 55, both of Azusa, Calif.

O'Brien said their operation is similar to those conducted by a number of other so-called directory companies operating in the United States.

Postal inspectors have 34 such companies under investigation with the findings in four of these cases already in the hands of U.S. attorneys.

NUMEROUS PROPOSALS

The greater Pontiac area has been flooded with numerous proposals from various directory companies.

The Pontiac C. of C. encourages businessmen to notify local postal authorities and the Pontiac Area Chamber of Commerce in writing upon receipt of these "billing" forms, voicing their objections to these misleading mailings.

Postal inspectors found that Southern Directory, whose local office consisted only of a post office box in Atlanta, mailed approximately one million solicitations in 1964, its first year of operation, to business, churches, doctors, and others listed in the Yellow Pages of the telephone directories. While a directory was actually printed, only 3,971 copies were distributed, one to each businessman paying \$45 for a listing.

LITTLE OR NO VALUE

The directory had little or no advertising value, according to the indictment upon which they were tried.

The fraudulent directory companies appear to flourish if snaring only a few listings per 1,000 solicitation, according to the Postal Department.

"The overworked or careless businessman is usually tricked into thinking such an invoice must be paid. In a series of 400 interviews with business and professional men an inspector found that in every instance payment had been made in the belief that it was for listings previously ordered in Yellow Pages or similar legitimate directories," a post office spokesman said.

FASHION SEMINAR for Sew at Homes! WEDNESDAY, OCTOBER 18

At The
Golden Thimble

Barbara Tucker will be in the Golden Thimble, October 18 to conduct a Fashion Seminar for women who want the Couture Look to their home sewn creations. She will specifically advise on the use of underlinings, linings, interfacing, and interlinings, and show you many of the famous Armo Company fabrics—SIBONNE, SUPER SIRI, FORMITE, AKRO, ARMO HAIR CANVAS, WARMO-LAMBSWOOL, FINO and FINOLITE. She will also help you with any other phase of sewing and discuss personally your particular problems.

Mrs. Tucker has a wide background in the fashion industry. She graduated from Iowa State University in Textiles and Art, studied further at Traphagen, New York University, and Academy Nvart in Detroit. In addition to being in her own business as a Millinery Designer, she has worked for such famous firms as Lord and Taylor, Best and Company, John Robert Powers, and W. T. Grant. In Detroit she has also been a part of the Adult Education Program.

The News in Focus

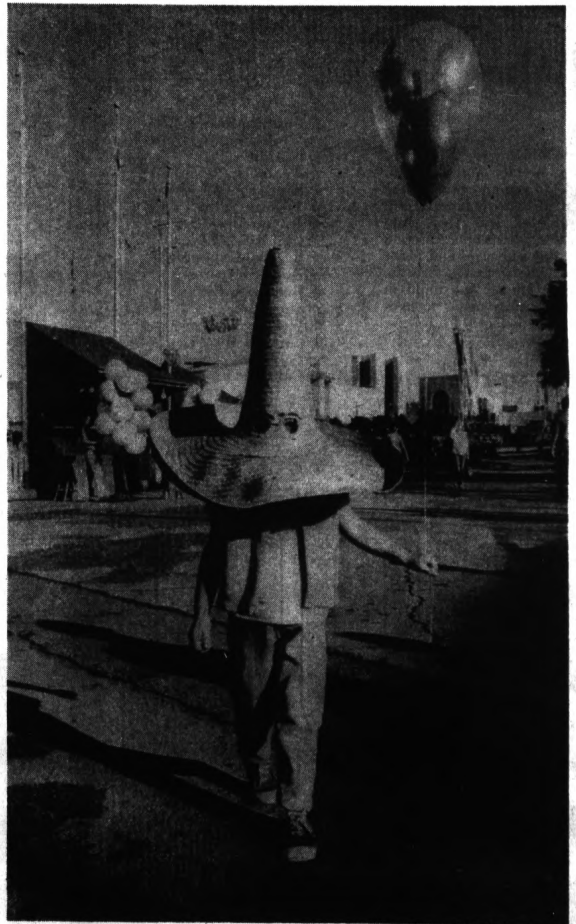

ARGENTINE FLOOD RESCUE — An Argentine air force helicopter lowers a sling to hoist a woman stranded on her house roof by a flood near Buenos Aires yesterday. The flood, following three

days of torrential rain, has caused 12 deaths, and forced 40,000 persons in the suburban areas of Buenos Aires to leave their homes.

KLAN INFORMER—Sgt. Wallace Miller of the Meridian, Miss., Police Department waves to newsmen after leaving federal court in that city yesterday and testifying that he was a former member of the Ku Klux Klan who sold information

about the slaying of three civil rights workers to FBI for \$2,400. Miller was one of several witnesses called by the government in the trial of 18 white men charged in the conspiracy case yesterday.

PORTABLE SHADE — Belinda Williams, 4, beats the heat at the Texas State Fair in Dallas with an oversized sombrero that gives shade and

sight at the same time. She is the daughter of Mrs. Beverly Williamson of Wilmer, Tex.

VISITOR IN S. CAROLINA — Sir David Ormsby-Gore — in Charleston, S.C., for a lecture at the College of Charleston — yesterday denied rumors linking him and Mrs. John F. Kennedy.

SPAT ENDS TRIP — July Garland arrives at Kennedy International Airport in New York yesterday after a spat with her traveling companions on the London-bound leg of a planned 10-day vacation prompted her to take the next plane back to the U.S. The incident began, Miss Garland said,

with a gin rummy game with Raymond Filiberti, an official of the production company for which she works, and Filiberti's wife, Miss Garland said the tiff ended with a glass of brandy being thrown in her face.

CINCINNATI DISTURBANCE—About 25 policemen were called out yesterday to quell a racial disturbance at Hughes High School in Cincinnati where Negroes attacked and beat several white stu-

dents. Large crowds milled outside and around the school chanting "Black Power." Fourteen students were injured during the outbreak. Most of the pupils at the school are Negroes.

Epidemic Season Ahead

Antimeasles Campaign Is On

WASHINGTON (UPI) — With the epidemic season of late winter and spring still to come, there are six million American children under 10 who have not been vaccinated against measles.

In spite of an extremely effective measles vaccine and a government campaign to immunize all children, the disease kills close to 20 times more Americans each year than polio, which was virtually conquered by a government-backed vaccination program in the 1950s.

Once considered just another disease that every child must endure, measles is now recognized as one of the more vicious of the viruses.

It can cause birth defects if women contract it in the first weeks of pregnancy. Complications can result in death from a rare brain disease as long as 17 years after infection.

Surgeon General William H. Stewart is pushing an intensive campaign this fall to provide shots for all children under 10 — especially those of kindergarten age and at first and second-grade levels. If all children were vaccinated, he said, it could mean "an end to this crippling and killing disease."

DECREASE NOTED

There were 203,010 cases of measles in the United States last year, down from 261,904 in 1965.

This year, the Federal Communicable Disease Center in Atlanta anticipates another drop due to the Public Health

Service's campaign to get mothers to see that their children get measles shots. Yet, the winter season when incidence is the highest will find six million youngsters still unprotected against attack.

In 1965, the last year for which statistics have been completed, there were 276 deaths attributed to measles in the nation. Polio deaths for the same year were only 16. The Communicable Disease Center said 1966 figures are expected to be about the same.

The antimeasles vaccine has been available nearly four years. It will immunize against rubella, known as two-week measles, red measles or just plain measles.

DISCOVERED IN 1954

It took from 1954, when the measles virus was discovered, until 1963 for the vaccine to be developed, tested and approved for use on humans.

The government decided last fall to campaign against the measles virus in much the same way polio, smallpox and diphtheria were eradicated.

The campaign so far has resulted in 19 million children receiving lifetime immunization against measles. The number of measles cases has dropped sharply since the vaccine became widely available in 1964. There were about four million measles cases a year before then.

The death toll formerly averaged 500 per year, with hundreds more suffering hearing disorders, mental retardation and other handicaps as a result of measles.

Last Step Taken to Clear Way for Planning Council

A last step was taken last night to clear the way for the Pontiac Area Planning Council (PAPC), a jointly-sponsored effort of the school board and City Commission to rejuvenate Pontiac.

The Pontiac City Commission okayed the council Tuesday and the Pontiac School District Board of Education put its stamp of approval on the idea last night.

It passed the school trustees by a 6 to 0 vote, but Mrs. Lucille D. Marshall said she nearly voted against it. She objected to the wording of the following paragraph of the board's resolution:

Pontiac School Affairs

"Be it further resolved, that in order to provide for substantial involvement of interested citizens in the work and plans of the council, citizen task forces may be created and/or called upon . . ."

Citing the fact that citizen participation is a major intention of PAPC, she claimed that it should be made more definite that citizens will be involved rather than using the word "may."

After a long hesitation when called upon to vote, Mrs. Marshall finally voted yes but on the condition that appointments to the council and action concerning it be presented to the school board for discussion.

She was assured by Schools Supt. Dr. Dana P. Whitmer and other board members that citizens would play an important part in PAPC.

The chain of command for the council, from top to bottom, is organized this way: the people of the school district, then the commission and school board, board of governors, administrative committee, project director, consultants and task forces of citizens.

Included among a maximum of 23 governors will be five appointees of the president of the board of education and five appointees of the mayor of Pontiac.

Board President Monroe M. Osburn assured Mrs. Marshall that his appointments would be sanctioned by the rest of the

board. Osburn said he assumed Mayor William H. Taylor Jr. would do the same with the City Commission.

Plans now call for the heads of both bodies to make their appointments to the board of governors.

Major functions of the planning council, a recent innovation for citywide planning, are:

- To develop long-range plans for the Greater Pontiac area with particular emphasis on a Human Resources Center.
- To plan for development of the Pontiac area as an attractive place within which to

live, work, conduct business and as a natural center of area activity.

- To coordinate planning and development by municipal, school and social service organizations.
- To coordinate planning among municipalities and governmental agencies whose plans and programs affect the Pontiac area.
- To initiate studies and plans to solve problems.
- To communicate with the community and develop a two-way flow of ideas and information with all segments of the community.

- To point out areas that are in need of further development or where problems exist or could exist in the future.
- To simulate appropriate organizations to develop and implement plans to resolve such problems.

- To give a high priority to area needs for housing, jobs and job security and the efficient use of public funds by governmental bodies.
- And to absorb the functions of existing ad hoc citizens' committees which have been created to attempt to resolve specific local problems.

Loan Limit Is Reached

Pontiac's last sale of school bonds for school construction without voter approval was held last night.

Lowest among five bidders for more than \$3.8 million in bonds was First of Michigan Corporation of Detroit whose interest rate was 4.3 per cent.

In borrowing the \$3.8 million from the lowest bidder, the school district will have to pay \$1.4 million of interest over a 16-year period until the notes mature.

School districts are permitted to borrow up to 2 per cent of their assessed valuation without getting citizens' approval.

Pontiac has now reached its limit—\$9.1 million—and school officials say it is likely they will have to go to the voters in March for additional issues of bonds to pay for new school facilities.

The school district's \$3.8 million will be used to:

- Build the first unit of a Human Resources Center, which would include a gymnasium, little theater, arts and crafts and shop rooms and general classrooms to house about 700 students.
- Construct an elementary school at the

Lincoln Junior High School site and one near Twain and Emerson Schools.

- Purchase sites for one of the elementary schools and the Human Resources Center complex.
- Remodel the existing Eastern Junior High School.
- Put on a five-room addition at Madison Junior High School.

The school board last night awarded a contract for alterations to Eastern Junior High to the Bundy Construction Co. of Pontiac for their low bid of \$110,586.

It includes a separate price of \$1,500 for removal of brick work and demonstration panels erected by bricklaying classes. Work is scheduled for completion next April.

In other business, the board:

- Approved a new salary schedule for adult education instructors, junking a flat rate scale by terms for one based on years of experience and training levels. It cost the school district about \$7,000 in increases for this year.
- Appointed the following new community school directors: William McKinney, Bagley; Joseph P. Ford, Bethune; Clifford Coit, Franklin; Jimmie Keel, McConnell; and Harold Rose, Whittier.

Sailor Who Stabbed 11 Is Still Missing

LONG BEACH, Calif. (AP) — A sailor who stabbed 11 men Wednesday aboard a U.S. Navy destroyer 10 miles off Long Beach and then jumped off the ship was still missing today, the Navy said.

A spokesman said he doubted the body of machinist mate first class Roy A. Sattiewhite of San Diego would be found.

The Navy declined to give Sattiewhite's age or any details of the mass attack.

None of the 11 sailors stabbed aboard the USS Mullany was seriously injured. Seven were in good condition today at Long Beach Naval Hospital.

Three others were treated and released for duty and one was treated aboard the San Diego-based vessel.

Open Housing Law Gets Endorsement by Board

Pontiac's board of education, long, or ethnic background, formally endorsed last night a city open housing ordinance which is being drafted by the city's director of law.

The school board thus joined more than a dozen Pontiac organizations and many unaffiliated individuals who urged adoption of an ordinance at the City Commission meeting Tuesday.

Commissioners there ordered Director of Law Sherwin M. Birnkrant to draft an open housing ordinance based on what are reputedly are the two strongest in the state — those of Ann Arbor and Ypsilanti.

The school board resolution stated:

"The board of education supports the principle that all people, regardless of their race, re-

SUPPORT OF EFFORTS

"The board of education supports the efforts of public bodies at all levels of government to insure this right for all people."

"The board of education believes that its efforts to attract and maintain a top quality integrated teaching staff will be greatly enhanced and the elimination of de facto segregation can be accelerated as progress is made toward the goal of equal access to housing for all."

All six members of the school board approved the resolution, which also was praised by Tom Everitt, president of the teachers' Pontiac Education Association.

By OSWALD & JAMES JACOBY

Deal ten of the match gave Keyela and Murray their third chance to bid a slam and they proceeded to do so.

The other two required considerable bidding skill to reach. This one was a cinch with the Murray-Keyela methods.

They use what are known as Acol two clubs shows hands with a lot of high cards while other two bids may be made with strong distributional hands and very few high cards.

Most American players would shudder at the idea of an opening two with 11 high card points and a broken suit. Some might open with four hearts, there are others who would open with one heart, a few might even pass. We belong to the one heart opening group ourselves.

The Acol two heart bid made it easy for Murray to get to the slam. He temporized with two spades and went right into Blackwood after Kehela rebid his suit. He was a trifle disappointed to find that an ace was missing but the slam was there. There wasn't any swing to America because the Italians also reached six hearts. In fact, we believe that anyone who started with a one bid or four bid would also get to this slam and maybe even a man who passed might work up to it.

We gave the hand merely to show that the American team's slam bidding was clicking beautifully. Any team that can get to the right slam contract three times in succession is pretty good.

CARD Sense

Q.—The bidding has been:
West North East South
Pass 2 ♠ 1 ♠ Dble
3 ♠ 3 ♠ 2 ♠
You, South, hold:
♠ 3 ♣ K Q 10 8 ♦ A Q J 5 4 ♣ K 6 5
What do you do now?
A.—Pass. You have bid your full values. You could bid four diamonds with an ultra-conservative partner.

TODAY'S QUESTION
You pass. West bids four spades. North and East pass. What do you do now?
Answer Tomorrow

Dam Opening Plans Lead to Hearing

BENZONIA (AP)—A public hearing is scheduled Oct. 26 on the proposed opening or removal of Homestead Dam on the Betise River, opening 38 miles of spawning and fishing water for salmon and Steelhead trout.

The hearing will be at the Bendle-Central High School auditorium.

Several upstream property owners object to plans of the State Conservation Department, which owns the dam, to remove it and open the water for spring and fall spawning runs.

Deadly Insects

Wasps, bees, hornets and other winged insects cause more fatalities in the United States than any other wild creatures, including rattlesnakes.

ORNAMENTAL RADIO — This portable radio leaves hands free when it is worn as a diamond-studded pendant with matching earrings as speakers. A prototype of utilitarian jewelry, it was shown at the Retail Jewelers of America trade show in New York. It was designed by Bulova.

Flying W. Berlin Wall Patrol Grim Experience

BERLIN (AP) — James Stewart called the sight "unbelievable." For the crews of the U.S. Army helicopters who fly border patrols around West Berlin, it remains a grim experience.

Stewart, movie actor and Air Force reserve general, made his remark after flying with a wall patrol during a visit to West Berlin.

What he saw was a city — completely fenced in by a Communist-built wall, barbed wire, guards, dogs, vehicle patrols and a cleared "death strip" where anyone caught without permission runs the risk of being shot.

It is a primary duty of the aviation detachment of the U.S. Army's Berlin Brigade to fly endlessly around the 100 miles of border with surrounding East Berlin and East Germany.

FLY OVER W. BERLIN

To do their job, the eight pilots and 14 enlisted men have six 9-seat UH1B helicopters, an L19 spotter plane, and a twin-engine UH delta low-wing aircraft. The unit is based at the midcity Tempelhof air field.

The helicopters fly only over West Berlin territory. The two

quarters were alarmed by overflights by East German army helicopters. They are not allowed inside the 20-mile Berlin ring, under the same agreement giving the Allies and Russians access.

Limitations to flights over the city make helicopter rides a much sought-after experience in West Berlin. The mobile air platforms provide a rare opportunity for a good look at the isolated city from above. The U.S. choppers are the only ones regularly stationed here among the forces of the three Western allies.

Those who get to fly with the detachment, over and above military personnel, are usually visiting VIPs or news media representatives.

Such old Berlin symbols as

the Brandenburg Gate, just inside West Berlin, and the Reichstag (Parliament building) just inside West Berlin, offer contrasts in architectural elegance.

AP Wirephoto

Gas Bags Eyed as Venus Life

NEW YORK (UPI) Drs. Harold Morowitz and Carl Sagan ask you to imagine life can and does exist in the form of a gas bag. Not here on earth, of course, despite the opinion of some people have of other people, but in the clouds surrounding the planet Venus.

Morowitz, a Yale biophysicist, and Sagan, a Harvard astrophysicist, agreed with the prevailing scientific view that the existence of life on the surface of Venus is highly unlikely. Too hot and too dry — among other reasons. But the Venus clouds could support life, they said.

Those clouds which mask earth's nearest planetary neighbor from earth's telescopes provide the conditions for photosynthesis which is the chemical means by which earth's planets convert light into energy. If it is done on earth, then why not in Venus' clouds?

Junior Editors Quiz on
CHAIRS

QUESTION: Who invented the chair?

* * *

ANSWER: This is a question which is impossible to answer because no historian was on hand to record the name of the first man who found it more comfortable to sit on something which rested his back and legs than to squat on his haunches.

However, our artist has given us his conception of the first chair and the chair idea may have resulted from some combination of stone and tree.

Chairs were one of the refinements introduced in the great Egyptian civilization. We show a chair (A) used by Pharaoh Tutankhamen and a smaller one (B) on which one of the king's servants sits plucking a goose.

Comfortable chairs in those days were reserved for the nobility and other high-born people.

As time went by, however, the comfort of a good chair came to be regarded as everyone's right and so we had (C) the soothing rocking chair in which the old folks liked to sit and (D) the overstuffed chairs of our time, preferred by young and old alike.

Discovery of Red Sniper-Rifles Elates Colonel

SAIGON (AP) — Col. Donald A. Seibert, College Point, N.Y., said today: "We're delighted to see these sniper rifles."

He referred to 200 brand-new bolt-action Russian SKS rifles uncovered by American troops in a Vietcong tunnel complex

30 miles east of Saigon. Twelve telescopic sights also were found.

Seibert explained he was glad to have the rifles out of enemy hands because his command, the 1st Brigade of the U.S. 9th Infantry Division, had lost about

25 men killed by Vietcong snipers over the last four months.

He said the Russian rifles were 1944 models similar to the old 1903 Springfield, but were believed to have been manufactured as recently as 1965. Never fired, they were found wrapped

in plastic. The rifles were described as extremely accurate up to 500 yards.

Such single shot rifles have generally been supplanted by automatic weapons which have a far higher rate of fire, though

often without their range or accuracy.

Seibert told newsmen in Saigon that troops from his brigade have found 675 weapons and 20,000 rounds of ammunition so far from the five-level Vietcong tunnel complex beneath the jungle.

Socialist Not in the Red

By HAL BOYLE
NEW YORK (AP) — "It's as easy to make money today,

mate, as at any time in history," boomed the confident voice of the world's highest paid Socialist.

"There is plenty of opportunity," continued Leonard J. Matchan, sitting in shirt-sleeved ease in a Fifth Avenue hotel suite as he contentedly absorbed a dry martini.

"But some can see opportunity and some can't. Some have the guts to follow up on opportunities—to have a go at it—and others don't. That's why you have bank clerks and screwballs like me."

At 56 Matchan has a carnival touch but is certainly no screwball.

In Britain as board chairman of the Allman International Ltd., a gigantic holding company, he runs a firm that operates in 74 countries, has 164 subsidiaries, 15,000 employees

and does an annual business in the \$175-to \$200-million range.

He himself now has a tidy personal income varying between \$550,000 and \$600,000 yearly.

PHYSICAL EXPANSE. As expansive physically as he is financially, the industrialist stands 6 feet 1½ and weighs over 250 pounds. He owns an airplane and a helicopter and a 120-acre island, flies 200,000 miles a year, has no hobby and wants none.

"The only exercise I take is two sauna baths a day," he said. "For relaxation I sometimes play chess with a hotel headwaiter."

"I don't work for work's sake but for the interests it gives me."

"People who do that, I find, are bloody miserable and consipated."

In 1965 there were 14 victims of serious crime per 1,000 inhabitants in the U.S.

Rochester in Key Loop Tilt

Redskin on Warpath Reaps 'TD Wampum'

A speedy little halfback from Milford has moved in front in the Oakland County football scoring race.

He's Bob McFarland, 5-8 and 148 pounds and coplain of the Milford Redskins who are in the thick of things in the Wayne-Oakland League race.

Two touchdowns against Bloomfield Hills Andover last week boosted McFarland's points total to 49, a point ahead of Gar Thomas of Birmingham Sea-

Last week's pacesetters, Doug Meadows of Madison and Mike Phillips of Rochester, managed only one point apiece in Friday night games and they dropped to 44 and 43 points, respectively.

In a crowd at 36 points is Pontiac Northern's Dana Coin, who swelled his total by eight points with a pair of field goals and a couple of PATs against Walled Lake.

William Wallace, whose Flint Northern teammates were idle last week, continues to stay way out in front in the Saginaw Valley Conference scoring race with 46 points.

Falcons Dueling League Leader

West Bloomfield 11, Clarkston on Road

The Oakland A League title could very well be decided Friday night but Rochester's Falcons are planning to lose the race into a free-for-all.

Unbeaten Clarkston and West Bloomfield, meanwhile, are favored to extend their Wayne-Oakland League lead for another two weeks.

Rochester will visit Madison in what may be the key O-A game in this year's grid title chase.

Avondale will invade Lake Orion and Troy will be at Utica for Homecoming contests. Madison will risk its chances at Clawson in the other Oakland A encounter.

Clarkston will travel to Northville and West Bloomfield has a road date at Holly in the W-O meetings. Milford at Brighton and Bloomfield Hills Andover at Livonia Clarenceville complete the card.

Rochester's Falcons were the pre-season pick in the Oakland A, but they stumbled at Clawson while Madison has overpowered four straight opponents this season.

The game will pair the county's third and fourth leading scorers. The Eagles' Doug Meadows has seven six-pointers among his 44 points, while Mike Phillips has 43 points while tallying seven touchdowns.

Troy and Clawson also have one defeat in the league race and would benefit from a Rochester win if Utica and Romeo will submit to defeats. Orion's Dragons are seeking their initial win in 19 starts.

Only three Wayne-Oakland eleven have winning records, and this week undefeated Clarkston appears to have the easiest path of the three.

The Wolves will meet Northville who has only one win in four outings. Their strong defense has contained the opposition repeatedly this season.

West Bloomfield's Lakers are paired with an up-and-down Holly outfit (1-2-1) that almost upset Clarkston last week.

Milford's Redskins may have the hardest job. They will be flanked by Brighton's improving Bulldogs (2-3). Milford boasts the county's top scorer (178), Greg Ballard (185), Brian in Bob McFarland, who has eight touchdowns and 49 points. The Redskins are 3-1 and can't afford another loss in the W-O (210). Bill Foley (180), Terry Crawford (165) and Steve Lohf (150), will handle the end slots.

UP, UP AND OVER—Oakland fullback Don Schultz practices hurling over the line behind the blocking of Wildcat teammates Paul Trask (left) and Bob Segla. Burdened with a 1-3 record, Oxford nonetheless can give its

Waterford 11 Dueling PNH in Loop Tilt

(Continued from Page D-1)

Halback Steve Golt, a 5-10, 175-pounder, suffered a kidney bruise against Utica two weeks ago and saw limited action last week, but he's running at full speed and will gain a starting assignment against PNH.

Moffat will be using a senior line and a junior backfield as the game opens. Working with Golt will be quarterback Brad Potter, fullback Larry Hemmerly and halfback Mike Sheldon.

It will be Sheldon's first start, and the 5-8, 145-pounder earned it last week with three dazzling touchdowns runs against Farmington. "He'll play a lot, he's one of the best we have," says Moffat.

LINEMEN APLENTY
Moffat has a wealth of talent on the line and he's likely to shuffle a lot of players in and out along the line on both of offense and defense.

On offense, center Bruce Clark (200) will be flanked by George Pizza (170), James Main (178), Greg Ballard (185), Brian in Bob McFarland, who has eight touchdowns and 49 points. The Redskins are 3-1 and can't afford another loss in the W-O (210). Bill Foley (180), Terry Crawford (165) and Steve Lohf (150), will handle the end slots.

On defense, center Bruce Clark (200) will be flanked by George Pizza (170), James Main (178), Greg Ballard (185), Brian in Bob McFarland, who has eight touchdowns and 49 points. The Redskins are 3-1 and can't afford another loss in the W-O (210). Bill Foley (180), Terry Crawford (165) and Steve Lohf (150), will handle the end slots.

Central Suburban League title hopes a boost with an upset victory over Chippewa Valley tomorrow night on the Wildcats' grid. The Big Reds are 2-0 and the hosts even 1-1 in the league.

DEFENSIVE ACE — Former Walled Lake star Rick Trudeau (left) has figured prominently in coach Bill Doolittle's football plans at Western Michigan this fall. Trudeau, a defensive halfback, and his teammates entertain Ken State Saturday.

Broncos After Third Loop Win

Western Entertaining Kent State

KALAMAZOO (AP)—Western the strangest in the 17-year carries for 194 yards and three touchdowns.

Michigan, leading the Mid-rivalry. Western won the game, American Conference with a 2-0 23-20, while Kent State held a record, seeks its third league 397-to-145 statistical edge in victory Saturday in a home-yardage. The Broncos scored on coming game with Kent State a three-yard plunge, a 72-yard pass interception, a 36-yard field goal and a 66-yard touch-down pass.

"They are a team we have to greatly respect," Western Coach Bill Doolittle said today.

"At the beginning of the season they were considered the team with the most experience and I felt they were the strongest team in the league."

In three years, Doolittle has yet to lose to Kent State.

NEED VICTORY

Coach Leo Strang's Golden Flashes need the victory Saturday to stay alive in the conference race. Kent State brings a found out Wednesday.

Returning is Don Fitzgerald, dubbed the Human Hammer, who was second in the nation in rushing last year with 1,245 yards on 296 carries. Others returning are defensive end Don Abbott, linebacker Bill Landis and defensive back Lou Harris.

Last year's game was one of

Spartans, Wolverines Plot Tactics

ANN ARBOR — Michigan's Wolverines may be trying to un-

settled Michigan State's only

punter when the two Big Ten

squads meet Saturday in Michi-

gan Stadium.

Coach Bump Elliott worked

the Wolverines against Michi-

gan State plays yesterday, put-

ting some special attention on a

10-man rush against punts.

At East Lansing, coach Duffy

Daugherty had his squad work-

ing on the punting game with

junior Dick Berlinski doing the

kicking.

The Spartans were reduced

to one punter when sophomore

Jack Pitts suffered a neck in-

jury last Saturday against Wis-

consin. Pitts, who had aver-

aged 42.3 on five kicks, is out

for the season.

That leaves only Berlinski,

whose average is 36.6 for 11

kicks.

One change in the Michigan

lineup may find Jim Kramer re-

placing Phil Seymour at de-

fensive end. Seymour had been

playing the position for injured

Tom Stuncic.

EMPHASIS

"It's our most important

football game and we know

we'll need our best game in

order to win," says Daugherty.

"No intra-state game in the

nation is supported like this

one," Daugherty continued.

"It's always a fine, hard-fought

game, and we mean it as a

sincere compliment to Michigan

that we want to win this one

more than any other game we

play."

All tickets for the game have

been gone for months, marking

the 50th year in a row it's been

sold out. Kickoff before the

crowd of 101,001 is 1:30 p.m.

Both teams will enter the

game with 1-3 records, with

Michigan coming in after a loss

to Navy (27-21) and the Spar-

tans following a win over Wis-

consin (35-7).

The game will also bring to-

gether two flashy runners,

U-M's junior Ron Johnson and

MSU's sophomore LaMarr

Thomas.

The fleet Johnson rushed for

270 yards against Navy for a

Michigan record. Thomas, a

powerful 165-pounder, is the top

ground gainer on the Spartan

squad and he's filling a post

left vacant by the graduation of

All-America Clinton Jones.

Hoopie Sees Scramble Among Top 10 Ratings

By MAJOR AMOS B. HOOPLE
Pigskin Genius

Egad, friends, you are in for some thrilling football this weekend.

Several of the nation's collegiate powerhouse elevens will collide head-on and something will have to give.

The headline battle of the day pits Southern California currently rated No. 1, against high-scoring Notre Dame.

I predict that when the sun sets over Notre Dame Stadium the Irish will be ahead of the Trojans 28-22—bar-rump!

In a very important Big Ten meeting, undefeated Purdue, the nation's No. 3 team, will clash with rugged Ohio State.

The Hoopie System—kaff-kaff—foresees the Buckeyes propelling the Boilermakers from the undefeated ranks, 17-14.

SOUTHERN BRAWL

In the Oklahoma-Texas engagement it was impossible for even the highly technical Hoopie System to separate the contestants.

All signs indicate these evenly matched opponents will have to settle for a 10-10 stand-off—um-kumph!

In other top-rated games, watch for well-regarded UCLA to take the measure of neighboring California, 17-14, Syracuse.

Loop Owners Hold Key to Finley Move

CHICAGO (AP)—It's Westward Ho! to Oakland, Calif., for Charles O. Finley and his Kansas City Athletics baseball franchise—if he can collect six votes from other American League owners to make the shift next year.

Finley announced Wednesday that he has decided on Oakland for his A's, who were shifted to Kansas City from Philadelphia in 1955.

F-Birds Play 'Road' Game at Wisner

Pontiac MFL Entry Gains in Momentum

The Pontiac Firebirds, back in the Midwest Football League race after successive victories over the Dayton Colts, will be playing a "road" game Saturday night at Wisner Stadium.

The Firebirds, now only one game behind league leading Mt. Clemens, and half game behind second place Ypsilanti, meet the Detroit Downriver Steelers in their bid to make it three straight wins.

The game was originally scheduled to be played in Detroit, but the Steelers, now in the process of merging their franchise with a team in another league, have lost their use of the field in Detroit and thus agreed to move the contest to Pontiac.

This game is thereby not part of the season ticket plan for Pontiac fans holding tickets. All seats for the game will be general admission at \$1 per student, \$2 per adult.

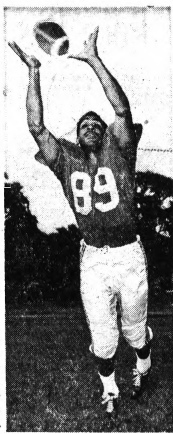

The Firebirds have picked up offensive momentum with the addition of Tim Jones, Lions' taxi quarterback, but the defensive unit continued to sparkle in throttling Pistol Pete Mikolajewski of Dayton in two games.

The secondary led by captain Mike Pryor, a 6-year veteran of the MFL, intercepted five passes in the Dayton series.

Pryor, a cornerback from Detroit, had one in each game. Former Pontiac prep gridders, George Tanner, Chuck Stein and Chris Payne are also part of the secondary, along with little Bob Lulek a sturdy built back from Detroit's St. Benedictine where he was an all-city star.

The F-Bird secondary is small in size, but speedy and hard hitting. Their assignment at Wisner Saturday night will be to stop the passing of former Wayne Stater Ken Mapp who starts at quarterback for the Steelers.

Kickoff is 7:30 p.m.

Pontiac Press Photo

PASS STEALER—One of the veterans of the Midwest Football League, playing the corner spot for the Pontiac Firebirds is defensive captain Mike Pryor, whose pass interceptions in two games against Dayton helped Pontiac in two key victories. The Firebirds play Detroit Steelers at Wisner Saturday.

Wilt in Action, but 76ers Fall

ALLENTOWN, Pa. (AP)—There must be a special affection between Wilt Chamberlain and this southeastern Pennsylvania city of 100,000.

For the second straight year the 7-foot-1 center ended his pre-season holdout here and joined the Philadelphia 76ers for an exhibition game.

Admitting his timing was off, Chamberlain played 36 minutes, scored 12 points and had a dozen rebounds, but the National Basketball Association champions lost to the New York Knicks 117-109 Wednesday night.

Cutdown Near for Local Pro '5'

Coach Bob Duffy of the Pontiac Tomahawks will set aside his pen and take up an ax Saturday afternoon at Northern High School as he will trim the NABL 6-6 veteran Dick Dukk each and every one of the Tomahawks.

Duffy, former Colgate University All-America and coach, will cut the North American Basketball League squad to the basic nucleus during the 2:30-5:30 p.m. session.

After the initial cutdown, 17 candidates remained bidding for spots and the handsome 6-3 ex-National Basketball Association performer has indicated another four or five will be let loose this weekend.

Last week Duffy and Tomahawk officials came to agreement on a playing contract with former Niagara University front liner Joe Maddy, a 6-5 jumpingjack who played with the NABL champion Muskegon Panthers last season.

Maddy's 1966 contract was purchased from the Panthers Team Golf Club at the when the Pontiac Football Club.

U. S. Seniors Triumph

CLEMENTON, N.J. (AP)—The United States scored 16½ points in Wednesday's match against 12 for Great Britain and 7½ for Canada in winning the International Senior

Pine Valley Golf Club.

Jean Beliveau Nets 400th Historic Goal Aids Montreal

Rangers Top Hawks; Seals Win in Debut

By the Associated Press
Jean Beliveau's 400th career goal has gotten the new-look National Hockey League off to a familiar start.

Beliveau, Montreal's rangy center and longtime captain, became the third player in NHL history to reach the 400-goal plateau when he scored the winner in the Canadiens' 2-1 victory over the new Penguins at Pittsburgh Wednesday night.

It was one of five games which kicked off the expanded NHL's 1967-68 season. Elsewhere, Jean Ratelle scored two goals and assisted on two others as New York ripped Chicago 6-3. Detroit rallied for a 4-4 tie against Boston.

Among the new teams, St. Louis and Minnesota battled to a 2-2 tie and California ripped Philadelphia 5-1.

The first inter-division game matching new clubs with old ones was a moral victory for the newcomers. The Penguins, members of the expansion division, played the Canadiens on almost even terms.

JOINS CLUB
Beliveau, who joined Detroit's great Gord Howe and Montreal's immortal Maurice Richard in the NHL's 400-club, scored his historic goal in the second period, giving the Canadiens a 2-0 edge.

Gilles Tremblay, out killing a penalty, broke away and scored Montreal's first goal in the opening period. Andy Bathgate hit for Pittsburgh in the final 2 minutes.

At Chicago, Bobby Hull opened with a characteristic two goals but the Hawks, hampered by a rash of injuries and holdouts, couldn't keep up with the Rangers.

Ratelle, who missed most of last season because of back surgery, scored both his goals late in the second period, wiping out a 2-1 Chicago edge. Then, after Hull's second goal had tied it to the final period, Ratelle set up goals by Reg Fleming and Red Herndon that helped New York put it away.

Dave Dryden was Chicago's 15 sports writers and broadcast-ers, replacing Denis DeJordy. A week ago, Wayneburg who ended a six-week holdout was 43 points behind San Diego Wednesday.

Wayne Rivers gave host St. Louis its tie with Minnesota by scoring with less than 1½ minutes left to play. That ballanced a goal scored by Minnesota's Dave Balon with less than four minutes gone in the third period.

Supercity Is Invisioned

County Planners Get Look at Future

By ED BLUNDEN

A somewhat fantastic look into the future of Oakland County was presented yesterday by three urban planning firms in separate studies for the County Planning Commission.

At a meeting with the commission, ideas from the firms' reports, made with the aid of a federal grant, were taken for incorporation into a master plan for the county to be drawn up by the planners as a guide line for development.

All three firms were in general agreement that in the year 2000 the county population would be about 1.5 million, that the county should begin now to obtain recreation lands for the coming masses and that a metropolitan rapid transit system was imperative.

Doing the studies were Driker Associates of Birmingham, Villan-Leman & Associates of Southfield and Kyle Benker Associates of Chicago.

The firms presented projections of how the county could be expected to look in the years 1980, 1990 and 2000.

In general they agreed that reaching out from Detroit would come the "megapolis" that would eventually turn the county into a "supercity" encompassing Toledo and Chicago and containing some 60 million people.

The three firms were asked to present both a "practical" plan that would outline what probably will happen and a "far-out" look on what could possibly happen.

Some of their observations were as follows:

Driker: Three new towns will form — northwest of Rochester, in Lyon Township and near Clarkston. Two large new airports will be needed — one near Lake Orion and New Hudson.

Shopping centers will continue to flourish with no dominant

"downtown" centers. Increasingly dense subdivisions will continue to grow.

The Driker firm urged the county to form a "land bank" for future urban renewal projects, and to keep the Holly and Groveland townships area for conservation purposes.

Villan-Leman: The Woodward route to Flint will become a dense "artery." A monstrous structure coming out from Detroit is envisioned. A single, solid building or complex of buildings is their outlook with high-rise apartments directly in the rear.

The rest of county could well revert to a "wilderness" recreation area, it was theorized.

Kyle Benker: The firm sees the possibility of the Bloomfield Hills area being "erased" as it presently exists and pointed out that the large-lot homes could be replaced by apartments with little difficulty because so much open space exists.

Storm Drain Bid Accepted in Sylvan Lake

A low bid of \$4,075 was accepted for installation of the Sherwood storm drain at last night's Sylvan Lake City Council meeting.

The G. and H. Construction Co. of W. Michigan will install about 600 feet pipe down Sherwood Street which will empty into Garland Street.

The council also approved purchase of a police car from low bidder, Keego Sales and Service, a Pontiac dealer in Keego Harbor. Price is \$392.53 plus the old police car.

Other business included authorizing the city engineer to make a report on a street improvement program for 1968.

There will be an election Nov. 7 for two city council positions.

Antidraft Group Asks Schools for Equal Time

SEATTLE (AP) — A group
calling itself mothers and fa-
thers against the draft asked
the Seattle School Board
Wednesday to make information
on conscientious objection to
military service available to
students through school coun-
sellers.
"If the schools must have an
armed forces day, then they
should give equal time to the
legal alternatives to military
service," a statement by the
parents said.
Dr. Robert Tidwell, board
president, assured the group its
request would be considered fol-
lowing recommendations of the
administration.
"We have a strong policy on
controversial subjects in the
schools, that both sides be fully
covered," he said.
Postal inspectors arrested a
record number of 13,734 people
including 996 postal employees
in the year ended June 30, 1967.

Dr. Robert Tidwell, board
president, assured the group its
request would be considered fol-
lowing recommendations of the
administration.
"We have a strong policy on
controversial subjects in the
schools, that both sides be fully
covered," he said.
Postal inspectors arrested a
record number of 13,734 people
including 996 postal employees
in the year ended June 30, 1967.

Postal inspectors arrested a
record number of 13,734 people
including 996 postal employees

Jet Down in Sea; 66 Feared Dead

NICOSIA, Cyprus (AP) — A British-Cypriot Comet jetliner crashed into the Mediterranean off the southwest coast of Turkey today and all 66 persons aboard are presumed killed, a spokesman for the British Royal Air Force announced.

Operated by British European Airways for Cyprus Airways, the Comet-4 jet was on a flight from London and Athens to Nicosia with 59 passengers and a crew of seven.

The plane left London last night and stopped briefly before dawn in Athens. It crashed into the sea about an hour later near the Dodecanese island of Kastellorizon, a spokesman for BEA said.

The RAF spokesman said an Air Force rescue launch and other ships were alongside wreckage of the plane and no survivors were found.

The ships began pulling bodies from the sea and picking up wreckage.

A spokesman for the airline said there was no indication yet of the cause of the crash.

A BEA spokesman in London said most of the passengers were businessmen or vacationers and that some children were aboard. The three-man flying crew was British. The spokesman said 32 passengers boarded the plane at London and 27 in Athens.

It was the second crash in five months of a passenger plane bound for Cyprus. A chartered Swiss Britannia turbo-prop crashed in April as it was landing on the island in a thunderstorm, killing 126 persons.

STARTING WITH A BANG — Pontiac Area United Fund Commercial Division Chairman Daniel T. Murphy (left) and Manufacturing Division Chairman Wallace B. Schroth (center) lead off their portion of this year's UP drive with a beat. Thieu Will Write to Ho, Offering Bombing Pause

SAIGON (AP) — President-elect Nguyen Van Thieu will send a letter to North Vietnamese President Ho Chi Minh offering a one-week pause in the bombing of the North if Ho's government agrees to talk with Saigon about peace, a spokesman for Thieu said today.

The letter will be sent through diplomatic channels shortly after Thieu is inaugurated Oct. 30, the spokesman said.

"The letter will propose a meeting between Saigon and Hanoi at a time and place agreeable to both," he said. "If Hanoi agrees to meet, Thieu will offer a bombing pause of the North of one week."

U. S. officials were unaware of Thieu's plans to write to Ho and it is known that many of them, especially on the military side, are not too happy about the possibility of a bombing pause.

Hanoi took advantage of pauses in the past to increase movement of men and supplies south, they say.

They also feel a pause might be taken as an indication of allied weakness.

The spokesman said even if Hanoi did not agree to a meeting, the bombing pause would go into effect if the North Vietnamese "show their good will by stopping the infiltration of the South or stop making trouble in the South."

However, the bombing pause would last only one week and no longer unless some type of meeting is arranged, the spokesman said.

FIRST TIME
This is the first time the government has announced that a letter actually will be sent to Ho Chi Minh offering the bombing pause.

Press Reporter Jean Saile Meets Musketeer

Wild Blue Yonder Beckons Press Reporter, Mother of 6

(EDITOR'S NOTE — Jean Saile, a Pontiac Press Reporter and mother of six children, is learning to fly a plane. This is the first in a series of her impressions.)

Okay—I'm no Betty Crocker, and this Amelia Earhart has butterflies, but my pioneering stock is showing.

Family acceptance has convinced me that a middle-aged housewife and mother of six CAN find adventure.

The sky is the limit!
"Come on out and we'll take you for a ride while you decide," said the man.

It was a trim white and red four-seater that awaited us — and a check list as long as my arm before we ever got to leave the ground.

There were explanations of tachometers, altimeters, verniers, foot pedals, flaps up, flaps down, radio contact and direction finders.

The mechanical process of takeoff seemed akin to diapering the baby and talking on the phone at the same time while the potatoes boiled over in the kitchen.

But the emotional experience—aaahh! The surging "let's go" power of the propeller and the exhilaration of that long rush down the runway — the breaking free — that's something!

And the view — my first air look at Oakland County — the water — the pine-tree fields — even the dumps — the works of a Lilliputian aseptic society. So much water!

The tracts of undeveloped lands — the Mickey Mouse cars — the bewilderment of an air speed that seems slow but hurtles you out of familiar territory with every whirr of the engine.

Pontiac Man, 25, Arrested in Counterfeiting Probe

A 25-year-old Pontiac man accused of passing a counterfeit \$20 bill in Birmingham last week was arrested yesterday by city police and Secret Service agents.

Taken into custody at his home about 5 p.m. was Ralph Williams of 95 Clovese, according to police.

A spokesman for the U.S. attorney general's office in Detroit said Williams will appear in U.S. District Court there today for the purpose of stating the charge — possession of counterfeit money with intent to defraud — and the setting of bond.

He is now in federal custody.

Investigators said Williams was arrested on an identification made by a Birmingham merchant who received one of many bogus bills passed in the area during the past several weeks.

IDENTIFIED BY PHOTOS
The identification was made from police photographs and an automobile license number, they said.

Federal agents refused to speculate what charges in addition to possession

might be brought against Williams when he is actually arraigned.

An influx of counterfeit \$10 and \$20 bills was first discovered in the area late in September at the Miracle Mile Shopping Center and the Pontiac Mall.

RALPH WILLIAMS

Federal Pay Hike Passed by House

WASHINGTON (AP) — The House, while pressuring President Johnson to cut spending if he wants a tax hike, passed a federal pay raise bill which two key members say involves too much spending.

Postal rate increases would finance some of the raises.

The bill would give postal employees a 6 per cent raise and all other federal workers a 4.5 per cent hike. The President has recommended a 4.5 per cent raise for all civilian employees. Under the bill, there would be additional raises in the following two fiscal years.

Rep. Gerald R. Ford of Michigan, the House Republican leader; and Rep. Wilbur D. Mills, D-Ark., chairman of the tax-writing Ways and Means Committee, urged rejection of the provision for second and third-year increases. But 166 Democrats and 45 Republicans combined against 64 Democrats and 135 Republicans to defeat the GOP-led move to strip this provision, 211 to 199.

The cost of the pay hike is estimated at \$1.9 billion for next year and \$2.6 billion the following year.

ALL CLASSES INCLUDED
The bill's postal rate increases affect all classes of service and include one-cent boosts on first class letters and two-cent jumps for air mail.

President Johnson, meanwhile, renewed his plea for passage of his 10 per cent income tax surcharge "before it is too late."

During a White House ceremony at which he signed amendments to the Small Business Act, Johnson said the business community is imperiled by "the threat of tight money."

He said most businessmen "would rather pay a little more in taxes than expose themselves to the uncertain and uneven effects of tight money and spiraling interest rates."

But House Republicans met and reaffirmed their opposition to the tax hike

until there is solid evidence the President will cut spending by about \$5 billion.

"We know the game the administration is playing," said Rep. Melvin R. Laird of Wisconsin, chairman of the House Republican Conference. "They are talking about things that have nothing to do with the budget deficit. The White House has fuzzed up this issue."

Laird apparently alluded to the administration's recent announcement of a freeze on military construction and its survey of the 50 governors to find what the effects would be if federal highway funds were frozen. Neither move would mean reduction in spending in the current fiscal year, as demanded by the House.

Tomorrow Looks on Sunny Side

Today's variable winds at seven to 14 miles will brush away the occasional light clouds leaving the sky fair tonight and mostly sunny tomorrow.

The official U.S. Weather Bureau report through Saturday looks like this:

TODAY—Variable cloudiness and a little warmer. High 52 to 58. Fair and cool tonight, low 35 to 41.

TOMORROW—Mostly sunny and a little warmer.

SATURDAY—Chance of showers.

The low temperature in downtown Pontiac preceding 8 a.m. was 42. By 1 p.m. the mercury had climbed to 50.

Red Sox Fans Ready to Erupt

BOSTON (AP) — The fire department was poised and ready today to lead Bostonians anxious to celebrate their Red Sox victory for their Red Sox since 1918.

Fire Commissioner William J. Fitzgerald said a Red Sox win over the St. Louis Cardinals would be his signal to order firemen to move all fire engines in the city onto aprons in front of their

stations, and then sound their sirens, bells and horns.

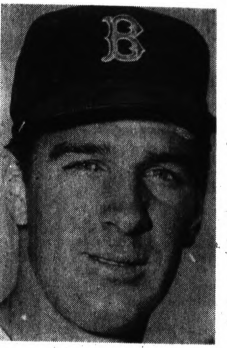

The U.S. Weather Bureau predicted variable cloudiness with some sunshine and temperatures in the upper 50s by game time, with only a 20 per cent chance of rain.

Asked to name his starting battery for the seventh and deciding game of the classic, Boston Manager Dick Williams said, "Lomborg and Champagne."

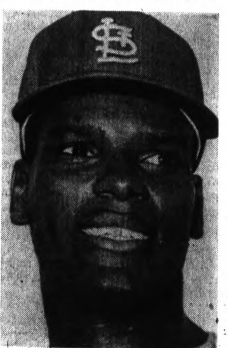

Jim Lomborg, 22-9 during the regular season and winner of two World Series games for the Red Sox, was set to be opposed on the mound by Bob Gibson, winner of two World Series games for St. Louis and 13-7 during the season despite being out for almost two months with a broken leg.

Soviets to Train Teens

MOSCOW (AP) — Accusing the United States of increasing threatening military preparations, Soviet Defense Minister Andrei A. Grechko announced today a program of part-time military training for all Soviet boys beginning at the age of 16.

School Enrollment in Pontiac District 300 Over Last Year

Official "fourth Friday" public school enrollment figures for the Pontiac district show 2,729 students more than 300 students over last year. The figures were released last night.

As of Sept. 29—the date used to compile state aid to school districts—the district had 27,729 students compared to last year's 23,425. A total of 23,906 had been forecast.

Related Stories, Page C-10

A school census report showed that there are 170 more children under 1 year old through 19 in the district than last year. Children total 37,942.

Parochial school enrollments in Pontiac for grades 1 through 12 total 966, a drop of 179 from last year.

Tabulations show Pontiac has 14,483 elementary pupils in grades kindergarten through sixth and 9,286 secondary students, both an increase of over 150.

INCREASE FIGURES

There are 5,084 junior high students, an increase of 19 and 4,202 senior high students, a rise of 133.

The 27 elementary schools had mixed increases and decreases in enrollments. Fourteen showed increases and 13 decreases.

Students at three junior high schools increased while three decreased. Both Central and Northern high schools increased in enrollments.

Central has 2,179, an increase of 38, and Northern 2,023, an increase of 13.

Fund Advance Approved for County Road Group

The Michigan Highway Commission has approved an advance payment of \$500,000 from the Motor Vehicle Highway Fund to the Oakland County Road Commission.

The County road commission requested the advance to pay contractors for a number of projects, according to Frazier Staman, chairman of the county unit.

On Tuesday, the road commission received a \$500,000 loan from the county for the same reason.

Staman noted that the money from the county has to be repaid, while the funds from the state are only a portion of the quarterly allocation it will receive Nov. 15 and does not have to be returned.

"The highway commission has advanced us funds many times in the past, but this time it is different only because it is still subject to the review of the state administrative board," said Staman.

TO BE DEDUCTED

The \$500,000 advance will be deducted from the more than \$1 million received by the Road Commission next month, he said.

STRIKERS SATISFIED

Strike leaders said they were satisfied with the proposal hammered out in two days of meetings and would return to the highways under its terms—if approved by the carriers.

Mantho said, "The strikers will have to come to work under the present contract."

There are many points in the agreement that just cannot be arrived at legally," he said. "We will meet Friday to make a decision, but I'm sure it will not be accepted."

Joint UF Start for 2 Divisions

EMU Head Discusses Spirit at Luncheon

"Permeate the community with the spirit of volunteerism," the president of Eastern Michigan University urged listeners at yesterday's joint kickoff of the Pontiac Area United Fund Commercial and Manufacturing division.

Approximately 175 persons heard Dr. Harold Sponberg talk about the spirit of the United Fund after the noon luncheon at the Elks Lodge.

"The United Fund is an investment in the community to help make the profile of Pontiac as attractive as possible," he pointed out.

This year's commercial division goal is \$281,307. The manufacturing division's share is \$42,662.

The total United Fund goal is \$1.13 million. The campaign starts with a torch-lighting ceremony Monday evening.

VISITS SLATED

Commercial division volunteers will visit area retailers, educational, professional and community leaders for donation.

Small manufacturing firms and companies will be contacted by manufacturing division volunteers.

Frederick J. Poole, campaign chairman, told listening volunteers:

"You're working for your fellowman and yourselves. For your friends, neighbors, and your family. Remember you're not soliciting, you're selling."

Neil Kimler and the Kintones provided background music.

Hauler Pact Rejection Predicted

PITTSBURGH (AP)—A spokesman for the National Steel Carriers Association says his group will reject a proposal hoping to end the eight-week steel haulers' strike, an action the union-marked walking.

"We will not accept it," Walter Mantho was quoted by the Detroit Free Press as saying.

Mantho said Wednesday the agreement, drafted by a delegation of governors' representatives from seven states, "is not worth the paper it's written on."

There are many points in the agreement that just cannot be arrived at legally," he said. "We will meet Friday to make a decision, but I'm sure it will not be accepted."

Birmingham Area News

School Lunch Boycott at Barnum Continues

BIRMINGHAM—Barnum Junior High School students have been boycotting their hot lunches in the cafeteria since Monday, complaining of long lines and a lack of variety of foods.

Monday was the worst day with only five of 800 students reportedly ordering the 40-cent hot lunch, according to Principal Roy Vanette.

Similar but smaller-scale incidents were reported in two other Birmingham schools—Groves High School and Berkshire Junior High School.

Vanette confirmed the incidents at his school and said he was working with student council representatives in trying to work out a solution.

"I have felt the meals to be well balanced in the past, and the students have 40 minutes to eat which should be sufficient," he said.

PERIODS CONSOLIDATED

Vanette explained that last year the school had three lunch periods but consolidated these to two slightly longer periods to allow better supervision and to shorten the school day to permit an improved bus schedule.

"The boycott was informally organized and spurred by some printed circulars passed around to students," said the principal.

One student is reported to have said that lines often lasted from 18-22 minutes of the 40-minute lunch period.

The situation seems to be tapering off, said Vanette, but yesterday was not a typical day because the entire eighth grade was on a field trip.

Figure in Raid Pleads Guilty

Lesser Charge OK'd; Sentencing Is Nov. 1

They are Nicholas J. Gueli Jr., 41, of Hazel Park, and Patrick R. McNamara, 22, of Highland Park.

Gueli, owner of Nick's Gun Shop in Hazel Park, set up the plot, according to police.

Police said that financial gain was not the motive behind the conspiracy, but that Mrs. Wright and McNamara were having a romance and wanted Wright out of the way.

Mrs. Wright was working at a southwest Detroit bar at the time of her arrest.

She is free on \$5,000 bond pending her sentencing.

Countywide Phone Setup a Possibility

The Oakland County Board of Auditors is investigating the possibility of having a countywide telephone dialing system for use of offices and citizens having business with the county courthouse.

Telephone officials outlined possible setups between the ways and means committee which requested the study. Such a system would save money on calls from areas that are currently toll calls, telephone officials pointed out.

The bribery conviction of June 1966 is being appealed by Lombardi's attorney, Carlton Roesser of Pontiac.

Lombardi was sentenced to 5 to 5 years for bribing Meggitt, but is free on \$1,000 bond pending his appeal.

NATIONAL WEATHER — Rain tonight will be limited to the Pacific Northwest states and northern Rocky Mountains. It will be cool along the Atlantic Coast. Slightly warmer temperatures are expected in the Midwestern states up to the Great Lakes.

Panel Urges Family Drinking

Truck Damaged

D.C. JC Unit Is Really a Go-Go Group

NEW YORK (AP) — A federal study also recommends that the aimed at inducing deliberate "changes in American drinking patterns."

Financed by a \$1 million grant from the National Institute of Mental Health, the study was made by a 21-member Cooperative Commission on the Study of Alcoholism over the last five years.

MONROE (AP)—Steel truck driver Charles Hollingsworth of Detroit Beach found two air hoses cut on his tractor-trailer rig Wednesday when he prepared to drive the vehicle loaded with rolled steel. There have been continuing incidents of vandalism and violence in a strike by rebel Teamsters Union drivers.

WASHINGTON (UPI) — The local chapter of the Junior Chamber of Commerce has taken to using topless go-go girls and nudist movies to attract more members to its Thursday luncheon.

"It's kind of a little extra," said Frank Paulson, president of the District of Columbia Jaycees. "I feel it's acceptable if members don't lose sight of why they are there."

But a national official of the Jaycees today condemned the girlie entertainment and said he hoped "America's not so sick that this kind of thing" is needed to draw members.

"I think it's disgraceful," Executive Vice President Robert Cronk said in Tulsa, Okla. "This kind of degradation is not acceptable."

Cronk said he "found out a couple of days ago there may have been one membership promotion using topless go-go girls in Washington. He said the D.C. chapter was told to cease this practice at once."

THE PONTIAC PRESS
THURSDAY, OCTOBER 12, 1967 B-1

Pontiac Press Photos

Mrs. S. V. Sekles of Ottawa Drive, president of Pontiac-Oakland Town Hall, Inc. this year, arrives at the Huron Theatre with Bennett Cerf, prior to his speaking engagement before the group Wednesday morning.

"Town Hall" was sold out last March, a record the group has never known before.

Junior Goodwill Group Slates Annual November 'Do'

By SIGNE KARLSTROM

The Junior Group of Goodwill Industries will hold its annual antiques market sale Nov. 11-12 in the Goodwill plant on Brush Street, Detroit.

It is the major fund raising project of the Junior Group which organized 35 years ago as a service group to Goodwill Industries of Greater Detroit.

It is gratifying to note that these volunteers have donated over \$400,000 to the cause to assist in providing facilities and rehabilitation services to handicapped men and women.

General cochairmen of the Antiques Show and Sale are Mesdames: John S. Hart and George H. Gotshall of this community. President, Mrs. Paul D. Richmond divides her time between her home in Pontiac and Grosse Pointe.

PREVIEW

On Nov. 11 there will be a preview which anyone can attend by giving a \$10 donation. Mrs. Donald Borgeson of Birmingham and Mrs. George Martin of Palmer Woods are cochairmen.

So many of our area women are active on the project. A former president is Mrs. Richard Wagner who with Mrs. John F. Cole Jr. heads the patrons committee.

In the ice cream parlor Mrs. Robert A. Radtke with cochairman Mrs. A. P. Fuchs of Grosse Pointe is in charge.

In the dining room which is famous for its service you will meet Mesdames: James E. Clark, James Cahill, Warren F. Boos, Maurice B. Allen and Thomas T. Restrict.

Wednesday at Oakland Hills Country Club members of the Women's Association for the Detroit Symphony Orchestra had their fall luncheon meeting.

Mrs. Cecil Akroyd, a former president of the association, was in charge of the arrangements at the club. Mrs. Harold G. Warner was one of the hostesses.

Howard Harrington, general manager of the orchestra spoke especially about the new Kresge concerts which will begin on Oct. 17.

Among those attending the meeting were: Mesdames: Edward Wellock, Herman Searcy, J. Steven Bauer, Judge Bearden, Phillip Flanders, Donald Elise, Marcus Fron and Vernon L. Venman.

Dirt Gardeners Club Sets Exhibit at Mall

Decorative articles created from natural materials will be exhibited at the Pontiac Mall next week by members of the Dirt Gardeners' Club.

Cornucob and husk dolls, driftwood plaques, gourds and fungi animals, a thistle table tree, Della Robbia and cornhusk rosette wreaths, plus many other items, will be on view Monday through Wednesday.

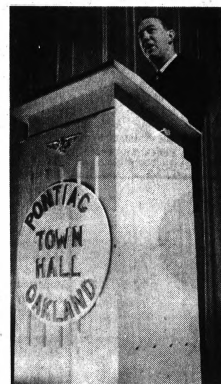

The members will hold a bazaar Oct. 28 at Oakland County Farmers' Market.

Art Teacher Will Talk

Richard W. Jones, Dearborn art teacher, will be the speaker at the Friday meeting of Pontiac Society of Artists.

"You Think You Are a Painter" is the subject of his talk at the 8 p.m. event in the Community Services Building on Franklin Boulevard.

Jones holds degrees from Ohio State and Columbia Universities. He also has had three one-man shows and exhibited at the Rooks Gallery.

A quick wit doesn't belong exclusively to Bennett Cerf as Harry Reed, managing editor of The Pontiac Press, illustrated in his introductory speech.

Checking on their tickets before lecture time are (from left) Mrs. Fred Webbere and Mrs. Spencer Prout, both of Upper Straits Boulevard, West Bloomfield Township.

'Father Time' Is Answer to Teen and Her Overprotective Parent

By ABIGAIL VAN BUREN

DEAR ABBY: I am a 17-year-old girl with a big problem. My father! My mother has been dead for six years, and my father has some very old fashioned ideas about how to raise a daughter.

For instance, I wasn't allowed to date until I was 16. I went to the Junior-Senior prom with a really great guy. My father and I picked up my date and we had him home by 12. My father not only drove us both ways, he took us to dinner and chaperoned us the entire evening. I had a perfectly miserable time.

ABBY

On another date, my father accompanied us to a Fourth of July picnic, and he had to leave early because he had a headache, so he instructed the boy to have me home by 9 p.m. He did, but the boy gave me a simple little goodnight kiss on the porch, which my father must have seen, because he called us both in, sat us down and gave us a long talk on "the facts of life."

"What am I going to do? If the world gets around, no boy will want to come near me with a father like mine."

BIG PROBLEM

DEAR B. P.: I think your father is holding the reins a little tight. But he has a "big problem," too — that of raising a teen-age daughter without a mother. Time and circumstances will add to your freedom before too long.

Be patient and help your father with his problem, and "Father Time" will soon solve yours.

DEAR ABBY: I have an older sister who is 63, and she is my problem. If I call her and tell her that someone is sick or in pain, she is hurting twice as bad. She is always complaining. Many times she tells me on the phone that she is about to collapse, and I go over to her house only to find her dressing to go some place.

She has spent a fortune running to doctors, and they all tell her there is nothing wrong with her, and she should see a head doctor. She says "They should see a head doctor. Can you tell me what's the matter with my sister, and how can I help her?"

KVETCH'S SISTER

DEAR SISTER: Your sister likes to complain, and you help her a lot by just listening. That's why she complains. To that extent, you are her "head doctor." So let it go at that.

DEAR ABBY: This is my first time to write to a newspaper, but I couldn't remain silent after reading the letter signed PUZZLED, whose husband was fired from the garage because he was "too energetic," and showed the other mechanics up. My husband is 56 years old and has been a plumber since the age of 16.

Recently he lost a day's work when he went to his brother's funeral, but when he got his pay envelope it showed no deduction, so he handed it back to the boss explaining the mistake. He was told to keep it and keep his mouth shut.

Hereafter, if it rains and he doesn't work, he still gets paid. This is his first experience in 40 years of plumbing that he gets money for no work.

We are Christians, Abby, and it leaves us unhappy. I think most people really want to be honest. But it's either this way or get fired.

PLUMBER'S WIFE

DEAR ABBY: I just finished reading the letter from the 17-year-old girl who signed herself "FAT AND LONELY." She had had only two dates in her life because she was fat. She met a popular guy at a party, but he only wanted

to take advantage of her. He told her to "get wise, that any fat girl can be popular if she will just give in a little."

Abby, to think that this girl was actually considering it, makes me sick. Being "popular" is a sickness among teen-agers today. That girl wouldn't become "popular" if she gave in—she would become "known." And who would want to be known for such un-Christian acts?

Somehow, I think this girl will make the right decision. She wouldn't have asked for your help unless she knew that what she was considering was wrong. I am only 16, and I know it's wrong. I know many other things in this world that are wrong, too, but it's really a wonderful place to live if you live for the right things.

THINKS TWICE

DEAR 'ABBY: You covered the subject of why a man will usually choose

a divorcee over a widow very well, but you could have mentioned another reason.

When a man takes a widow out, she usually spends the entire evening telling him what a great guy her husband was.

But when a man takes out a divorcee, she's not about to rave about what a great guy her ex-husband was, because if he was all that great she'd still be married to him.

PREFERS DIVORCEES

Problems? Write to Abby, in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056. For a personal reply, inclose a stamped, self-addressed envelope.

FOR ABBY'S NEW BOOKLET "WHAT TEEN-AGERS WANT TO KNOW," SEND \$1.00 TO ABBY, in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056.

By JEANNE NELSON

"We aren't laughing anymore and at the very time when we need laughter the most." These are the words of Bennett Cerf, noted publisher, wit and television personality.

Cerf, lecturing at Pontiac-Oakland Town Hall, Inc. Wednesday told his audience today, more than ever before, the American people must temper their gloom about world and domestic affairs with a sense of humor.

The depressing headlines, foreboding news commentaries and distasteful literature we live with today must be balanced with proper amounts of optimism and laughter, he comments.

"It's a new time, things are not as they were before and we must recognize this as it is indeed evidenced in youth today. College kids protesting are the surest signs of change.

"These same kids who object may well be the nation's leaders tomorrow. Who says it's a bad thing to disagree? Where did people get the idea they HAD to "Yes, me too" in situations appealing to their own good reasoning?"

COMPUTERIZED SCHOOLS

Within 10 years, the children of this country will be seated at desks that resemble small computers. Simultaneously, they will take tests which will be fed into a central state computer and have their corrected work back within minutes. Not only will they know which answers are wrong but will be told in what manner they had erred.

So with this kind of instruction children are going to have a more sophisticated education. With the sophistication come the complications. And if you aren't able to laugh at the complexities, you're in trouble.

The Vietnam war. Is it just one of many "small wars" to come? Again, if we are to survive, we must face things as they come, tempered with good spirit.

(Continued on Page B-3)

Mary L. Beresford Wed in the East

Mr. and Mrs. James A. Beresford of Bloomfield Hills announce the recent marriage of their daughter, Mary Louise, to Robert George Matthews of New York City.

He is the son of Mr. and Mrs. Lester G. Matthews of Freehold, N.J. The couple will live in New York City where the ceremony was performed in the Unitarian Church of All Souls.

Soldier Takes His Bride Back to West Germany

Spec. 4 James Vincent Conroy, USA and his bride, the former Sharon Lynn Bradshaw, are honeymooning in West Berlin, Germany, following vows exchanged here Saturday.

The newlyweds will make their home in Germany while the bridegroom finishes his tour of duty.

For the afternoon ceremony

Following the nuptials, the bride couple their parents and the attendants, Mrs. Thomas G. Shier and the bridegroom's brother, Gerald, greeted guests at the Holiday Inn.

Other members of the wedding party were bridesmaids Susan and Katherine Kesler and Sandra Michaelson with W. C. Blanton, Ralph Faust and Stuart Jones ushers.

Parents of the newlyweds are the William D. Bradshaws of Long Point Drive and the John Conroys of Chicago.

MRS. JAMES V. CONROY

YMCA Courses Open to Women

The YMCA is still accepting enrollments in two courses for women. Both are on Saturdays. Self-defense meets from 4 to 5 p.m. and Judo from 5 to 6 p.m.

To enroll in the Judo class, a woman must have completed a self-defense course at some time.

Both courses are of ten weeks' duration. Further information may be obtained from the "Y."

Fall Social Set

The Carl Sandberg Community School Association will hold a social Tues., Oct. 17 from 7 to 8 p.m.

Co chairmen for the event, which will include "community singing and refreshments, are Mesdames Lester and Robert Houston.

Remove Scorch by Repressing

You can remove scorch from towels, then press the scorched area with a hot iron. You will find that the stain will go into the dampened towel where it can be washed out.

The special wonderment of children is caught in this original painting chosen for use as the Children's Hospital 1967 Christmas card. Proceeds from its sale will be used to purchase equipment for the New Children's Hospital of Michigan. The price is \$3 per box of 25 cards. Imprinting is available if desired. Contact Mrs. John A. Thompson, Women's Auxiliary Christmas card chairman, 10034 Talbot Avenue, Huntington Woods, Mich., 48070.

MAKE OVER PAGES

every Rose diamond has a certain woman in mind

Every diamond, like every woman who wears one, is unique. And the diamond you select to pledge your love should capture the special qualities that make her rare and wonderful. That's why our diamond buyers travel from the Far East to Europe to Africa in search of diamonds of distinctive "personality."

Each of these diamonds is then set in its own specially designed mounting to achieve further originality. Then, Rose separates these rings into five distinct collections, to provide you with the most extensive—and understandable—choice of diamonds anyone could hope to see. And you'll see them exclusively at Rose.

HALO OF LIGHT

Blue-white* diamonds with unusual sparkle and radiance, because the "girdle" portion (the outer rim of the stone, which is usually grasped by the setting) is polished; and the setting itself is open. Halo of Light diamonds are priced from \$175 to \$2,000.

FOREVER PERFECT

Only the most perfect diamonds are chosen for this collection: diamonds which are flawless and have remarkable brilliance. The settings are unusual, and are designed to show the stone's beauty at its fullest. Forever Perfect diamonds are priced from \$150 to \$2,500.

FASHION FANTASY

Marquis, pear-shaped, and emerald cut diamonds mounted in original, dramatic, contemporary settings (all 14 Karat gold). Stones for this collection are chosen for unusual brilliance, dazzling size, or both. Fashion Fantasy diamonds are priced from \$125 to \$3,000.

SCULPTURA

Exquisite diamonds set in dramatically sculptured 18 Karat gold mountings: each one created especially for the stone it holds. There are many different designs, and many sizes of stones, to choose from. Sculptura diamonds are priced from \$139.50 to \$1,500.

SUPREME

A collection designed for the woman who never dreamed she would own a diamond of such size and brilliance—at so modest a price. There are many carat weights to choose from; and each Supreme diamond comes with a pair of matching wedding bands. The price range is from \$100 to \$1,500.

WHEN YOU PURCHASE A ROSE DIAMOND, YOU BECOME A MEMBER OF OUR EXCLUSIVE DIAMOND INVESTMENT CLUB. IT OFFERS SINGULAR ADVANTAGES.

FIVE-YEAR DIVIDEND GUARANTEE. On the anniversary date of your purchase, for five consecutive years, your diamond increases in value 3% each year. After five years, your diamond will be worth 15% more than you paid, which may be applied to the purchase of a larger diamond at Rose.

10% DIVIDEND BONUS. If, within one year of purchase, you desire to exchange your original diamond for a larger stone, you will be credited with 10% more than the original full purchase price (less tax) toward the payment price.

LIFETIME TRADE-IN GUARANTEE. You may trade in your original diamond any time after the fifth anniversary of your purchase (provided you have brought it in for annual inspection) and receive a full 15% more than the original price toward the purchase of a larger diamond.

FREE DIAMOND INSURANCE. At the time of purchase, you will receive, paid-in-full, a one-year full insurance policy protecting your diamond against loss from fire, theft, or loss of stone from the mounting.

FREE DIAMOND CARE. You are entitled to two diamond inspections and professional polishings a year, at no charge.

*A blue-white diamond, as required by U.S. Federal Trade Commission, appears blue or bluish in the north light or its equivalent.

A full-color brochure illustrating and explaining our diamond collections is available at no charge, at any Rose store.

DEFENSIVE ACE—Former Walled Lake star Rick Trudeau (left) has figured prominently in coach Bill Doolittle's football plans at Western Michigan this fall. Trudeau, a defensive halfback, and his teammates entertain Ken State Saturday.

Broncos After Third Loop Win

Western Entertaining Kent State

KALAMAZOO (AP)—Western the strangest in the 17-year Michigan... leading the Mid-rivalry. Western won the game, American Conference with a 2-0 23-20, while Kent State held a record, seeks its third league 397-to-145 statistical edge in 8-7-1 but Western has won two and tied one in the past three years.

At East Lansing, coach Duffy Daugherty had his squad working on the punting game with junior Dick Berinski doing the kicking.

The Spartans were reduced to one punter when sophomore Jack Pitts suffered a neck injury last Saturday against Wisconsin. Pitts, who had averaged 42.2 on five kicks, is out for the season.

That leaves only Berinski, whose average is 36.6 for 11 kicks.

One change in the Michigan lineup may find Jon Kramer replacing Phil Seymour at defensive end. Seymour had been playing the position for injured Tom Stincic.

EMPHASIS

"It's our most important football game and we know we'll need our best game in order to win," says Daugherty. "No intra-state game in the nation is supported like this one." Daugherty continued, "It's always a fine, hard-fought game, and we mean it as a sincere compliment to Michigan that we want to win this one."

Spartans, Wolverines Plot Tactics

ANN ARBOR — Michigan's Spartans may be trying to unsettle Michigan State's only punter when the two Big Ten squads meet Saturday in Michigan Stadium.

Coach Bump Elliott worked the Wolverines against Michigan State plays yesterday, putting some special attention on a 10-man rush against punts.

At East Lansing, coach Duffy Daugherty had his squad working on the punting game with junior Dick Berinski doing the kicking.

The Spartans were reduced to one punter when sophomore Jack Pitts suffered a neck injury last Saturday against Wisconsin. Pitts, who had averaged 42.2 on five kicks, is out for the season.

That leaves only Berinski, whose average is 36.6 for 11 kicks.

One change in the Michigan lineup may find Jon Kramer replacing Phil Seymour at defensive end. Seymour had been playing the position for injured Tom Stincic.

EMPHASIS

"It's our most important football game and we know we'll need our best game in order to win," says Daugherty. "No intra-state game in the nation is supported like this one." Daugherty continued, "It's always a fine, hard-fought game, and we mean it as a sincere compliment to Michigan that we want to win this one."

Lahser Jolts Mott's Hopes in 44-20 Tilt

Unbeaten Bloomfield Hills Lahser rudely ended Waterford Mott's perfect season hopes with a 44-20 victory Tuesday at Vaughn School in a battle of new school underclassmen.

Both teams are competing with only junior and sophomore players preparatory to their first varsity seasons next fall.

Lahser scored early, taking a 28-0 lead in the first half, as Jeff Kezarian ran for two touchdowns, plus one each by Jim Coe and Eric Terrell. Coe also had two PAT's in the outburst.

Jim Clarkson put Mott on the scoreboard with a 45-yard run. But Lahser's Knights retaliated after intermission as Coe ran 61 yards, Bernie McPhee 19 and Steve Stoffer posted a safety.

Mott quarterback Jerry McNair teamed with end Bob Schuchman for 35 and 17-yard scoring passes in the final period. Lahser is now 4-0 and Mott 4-1.

The Knights will play Pontiac Central's sophomores Wednesday afternoon, and Mott will visit Southfield Lathrup Tuesday.

Hoople Sees Scramble Among Top 10 Ratings

By MAJOR AMOS B. HOOPLE
Pigskin Genius

Egad, friends, you are in for some thrilling football this weekend.

Several of the nation's collegiate powerhouse eleven will collide head-on and something will have to give.

The headline battle of the day pits Southern California currently rated No. 1, against high-scoring Notre Dame.

I predict that when the sun sets on Notre Dame Stadium the Irish will be ahead of the Trojans 28-22—har-rump!

In a very important Big Ten meeting, undefeated Purdue, the nation's No. 3 team, will clash with rugged Ohio State.

The Hoople System—kaff-kaff—foresees the Buckeyes propelling the Boilermakers from the undefeated ranks, 17-14.

SOUTHERN BRAWL
In the Oklahoma-Texas engagement it was impossible for even the highly technical Hoople System to separate the contestants.

All signs indicate these evenly matched opponents will have to settle for a 10-10 stand off—um-kumpli!

In other top-rated games, watch for well-regarded UCLA to take the measure of neighboring California, 17-14. Syria

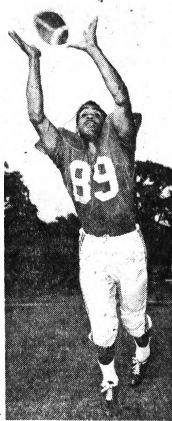

Loop Owners Hold Key to Finley Move

CHICAGO (AP) — It's Westward Ho! to Oakland, Calif., for Charles O. Finley and his Kansas City Athletics baseball franchise—if he can collect six votes from other American League owners to make the shift next year.

Finley announced Wednesday that he has decided on Oakland for his A's, who were shifted to Kansas City from Philadelphia in 1955.

F-Birds Play 'Road' Game at Wisner

Pontiac MFL Entry Gains in Momentum

Pontiac Press Photo

The Pontiac Firebirds, back in the Midwest Football League race after successive victories over the Dayton Colts, will be playing a "road" game Saturday night at Wisner Stadium.

The Firebirds, now only one game behind league leading M. Clemens, and half game behind second place Ypsilanti, meet the Detroit-Dowriver Steelers in their bid to make it three straight wins.

The game was originally scheduled to be played in Detroit, but the Steelers, now in the process of merging their franchise with a team in another league, have lost their use of the field in Detroit and thus agreed to move the contest to Pontiac.

This game is thereby not part of the season ticket plan for Pontiac fans holding tickets. All seats for the game will be general admission at \$1 per student and \$2 per adults.

The Firebirds have picked up offensive momentum with the addition of Tim Jones, Lions' taxi quarterback, but the defensive unit continued to sparkle in throttling Pistol Pete Mikolajewski of Dayton in two games.

The secondary led by captain Mike Pryor, a 6-year veteran of the MFL, intercepted five passes in the Dayton series. Pryor, a corner back from Detroit, had one in each game. Former Pontiac prep gridders, George Tanner, Chuck Stein and Chris Payne are also part of the secondary, along with little Bob Lulek a sturdy built back from Detroit's St. Benedictine where he was an all-city star.

The F-Bird secondary is small in size, but speedy and hard hitting. Their assignment at Wisner Saturday night will be Chamberlain played 36 minutes, to stop the passing of former scored 12 punts and had a doz. Wayne Stater Ken Mapp who en rebounds, but the National starts at quarterback for the Basketball Association champions lost to the New York Knicks 117-109 Wednesday night.

Kickoff is 7:30 p.m.

PASS STEALER — One of the veterans of the Midwest Football League, playing the corner spot for the Pontiac Firebirds is defensive captain Mike Pryor, whose pass interceptions in two games against Dayton helped Pontiac in two key victories. The Firebirds play Detroit Steelers at Wisner Saturday.

Wilt in Action, but 76ers Fall

ALLENTOWN, Pa. (AP) — There must be a special affection between Wilt Chamberlain and this southeastern Pennsylvania city of 108,000.

For the second straight year the 7-foot-1 center ended his pre-season holdout here and joined the Philadelphia 76ers for an exhibition game.

Admitting his timing was off, Chamberlain's timing was off. Wayne Stater Ken Mapp who en rebounds, but the National starts at quarterback for the Basketball Association champions lost to the New York Knicks 117-109 Wednesday night.

Cutdown Near for Local Pro '5'

Coach Bob Duffy of the Pontiac Tomahawks will set aside his pen and take up an ax Saturday afternoon at Northern High School as he will trim the and a close-in scoring threat for the Tomahawks.

Duffy, former Colgate University All-America and coach, will cut the North American Basketball League squad to the basic nucleus during the 2:30-5:30 p.m. session.

After the initial cutdown, 17 candidates remained bidding for spots and the handsome 6-3 ex-National Basketball Association performer has indicated another four or five will be let loose this weekend.

Last week Duffy and Tomahawk officials came to agreement on a playing contract with former Niagara University front liner Joe Madfrey, a 6-5 jumpjack who played with the NABL champion Muskegon Panthers last season.

PURCHASED
Madfrey's 1966 contract was purchased from the Panthers Team Golf Championship at the when the Pontiac Football Com-

pany acquired its NABL franchise in May.

Madfrey is expected to provide vital backboard strength and a close-in scoring threat for the Tomahawks.

The coach also is looking closely at 6-7 Jim Patterson from Miami of Ohio, plus NABL 6-6 veteran Dick Dziki (University of Detroit) who is the property of Lansing.

Detroit Pistons' mentor Donnis Butcher recommended Patterson to the Tomahawks and has indicated possible additional player talent will be directed to Pontiac.

The Tomahawks will begin their 21-game regular season

U. S. Seniors Triumph

CLEMONTON, N.J. (AP) — The United States scored 16½ points in Wednesday's match play singles against 12 for Great Britain and 7½ for Canada in winning the International Senior Pine Valley Golf Club.

schedule Nov. 11 in Holland, and the first of their 12 home games Rapids at Northern's gym.

Season ticket orders are now being taken by the company at 398 S. Saginaw. Griff's Grill and Osmon's downtown Men's store. Adult season tickets are \$15 each and students are \$7.50.

RANGERS APPLY PRESSURE — New York Ranger captain Bob Nevin (8) tries to center the puck in front of the Chicago net last night despite the defensive efforts of the Black Hawks' Doug Jarrett. Goaltender Dave

AP Wirephoto Dryden (right) watches the first-period center through his protective face mask. The Rangers romped to a 6-3 win in the National Hockey League opener for both teams.

Jean Beliveau Nets 400th

Historic Goal Aids Montreal

Rangers Top Hawks; Seals Win in Debut

By the Associated Press
Jean Beliveau's 400th career goal has gotten the new-look National Hockey League off to a familiar start.
Beliveau, Montreal's rangy center and longtime captain, became the third player in NHL history to reach the 400-goal plateau when he scored the winner in the Canadiens' 2-1 victory over the new Penguins at Pittsburgh Wednesday night. It was one of five games which kicked off the expanded NHL's 1967-68 season. Elsewhere, Jean Ratelle scored two goals and assisted on two others as New York rapped Chicago 6-3, Detroit rallied for a 4-1 tie against Boston.

Among the new teams, St. Louis and Minnesota battled to a 2-2 tie and California ripped Philadelphia 5-1.

The first inter-division game matching new clubs with old ones was a moral victory for the newcomers. The Penguins, members of the expansion division, defeated the Canadiens on almost even terms.

Beliveau, who joined Detroit's great Gordie Howe and Montreal's immortal Maurice Richard in the NHL's 400-club, scored his historic goal in the second period, giving the Canadiens a 2-0 edge.
Gilles Tremblay, out killing a penalty, broke away and scored Montreal's first goal in the opening period. Andy Bathgate hit for Pittsburgh in the final 2 minutes.

At Chicago, Bobby Hull opened with a characteristic two goals but the Hawks, hampered by a rash of injuries and holdouts, couldn't keep up with the Rangers.

Ratelle, who missed most of last season because of back surgery, scored both his goals late in the second period, wiping out a 2-1 Chicago edge. Then, after Hull's second goal had tied it for Chicago in the first minute of the final period, Ratelle set up goals by Reg Fleming and Red Berenson that helped New York put it away.

Dave Dryden was Chicago's goalie, replacing Denis DeJordy who ended a six-week holdout Wednesday.
Wayne Rivers gave host St. Louis its tie with Minnesota by scoring with less than 1½ minutes left to play. That balanced a goal scored by Minnesota's Dave Balon with less than four minutes gone in the third period.

Paced Rout of Miami

Chiefs' Dawson Honored

By HAL BOCK
Associated Press Sports Writer
There was nothing worth with Len Dawson's scoring touch that three days of rain couldn't cure.

Dawson, forced into a passing game by steady rains which left the field muddy, hurled five Bandits as Gary Heaton and Bob Castee scored six points.

Eastern Eleven Gains in Poll

By The Associated Press
The Waynesburg, Pa. Yellow Jackets have closed in on San Diego State, leader in The Associated Press' small-college football poll, on the strength of their 61-6 victory over California, Pa. last weekend.

The Jackets trail the Aztecs by only 24 points in the latest balloting by a national panel of 15 sports writers and broadcasters. A week ago, Waynesburg was 43 points behind San Diego State.

The Top Ten, with first place votes in parentheses, season records and total points on 10-0-7-5-4-3-2-1 basis:
1. San Diego State (11) 44-125
2. Waynesburg (10) 44-125
3. North Dakota State (11) 44-125
4. Northwestern Louisiana (11) 44-125

Oxford Host to Runners

Oxford's Wildcats tuned up for their invitational Saturday by turning back Chippewa Valley in a cross-country match yesterday, 16-47.
The Wildcats will entertain nine other teams Saturday morning in their invitational which will be run at Oxford Hills Golf Club. The race starts at 10:30.

Detroit St. Anthony and Clawson are picked as the teams to beat in the race. Other squads on hand along with Oxford will be Howell, Hilly, Chippewa Valley, Orchard Lake, St. Mary, Marysville, Romeo and Rochester.

Oxford's Dennis Clack and Doug Bass, who ran one-two in the victory yesterday, are among those picked to battle for individual honors.

Other candidates for individual honors include Jerry Sinkel

Share Golfing Lead

ALBUQUERQUE, N.M. (AP) — Defending champion Doug Olson of Houston and Bill Musselman of Colorado share a one-stroke lead going into today's second round of the 13th annual William H. Tucker Invitational Collegiate Golf Tournament.

Open Net Policy of Britain Gains Okay by Aussie

MELBOURNE, Australia (UPI) — The vice president of the Victorian Lawn Tennis Association today expressed support for Britain's proposal to establish open tennis tournaments.

Wayne Reid, who also is an Australian representative on the International Federation, said a mature player themselves "could force a showdown on the issue." A motion to hold experimental open tournaments was turned down at an international meeting in Luxembourg last July.

U. S. Gains Top Aussie Racehorse

MELBOURNE, Australia (AP) — The South Australian mare, Farmers Daughter, one of Australia's best racehorses, has been sold to American owner-breeder Nelson B. Hunt.

The price paid for the mare has not been disclosed but the owner of Farmers Daughter, J. O'Connor of Adelaide, South Australia, described the offer as "too good to refuse."
