

Testifies \$10,000 Bribe Paid to Dan Keating

Virginia PW Leaves Reds

Corporal First of 23 Holdouts to Rejoin Allies

GI Had Enough of Life Under Commies, Says Others May Return

PANMUNJOM (A P)—A corporal from Virginia's mountain country—the first of 23 unrepatriated American war prisoners to quit communism—said today "I had enough" of life under the Reds.

Cpl. Edward S. Dickenson, a 25-year-old former farmer from Big Stone Gap, Va., said it was "more than likely" some of the other Americans who spurned a chance to return home would change their minds. "Communism is not my belief," he told a news conference. "I have my own beliefs."

Dickenson, whose parents live in a remote cabin high in the Allegheny Mountains, returned to the Allies of his own free will. Rushed to a hospital near Seoul, he told newsmen he had contemplated returning for quite a while.

The young soldier flatly refused to answer questions that would have shed light on why he or the other Americans chose to remain with the Reds.

"I can't answer that... I don't know what they (the 22 others) want to do..."

Dickenson, appearing slightly bewildered and choosing his words carefully, asked after about 10 minutes that the interview be halted. Then he agreed to a brief appearance before newsreel and television cameras.

He said he had not been briefed by Army officers before meeting with newsmen... the decision not to answer questions was his own.

In contrast to his appearance before the newsmen, Dickenson was smiling and seemed in good spirits when he was transferred to Allied control earlier today at Panmunjom.

"It sure feels great to be back in the hands of the Americans," Dickenson grinned to newsmen at the short transfer ceremony. His parents, Mr. and Mrs. Van Buren Dickenson, were joyful. His mother told a newsmen, "Well, thank God... I knew he was coming home if they let him."

Dickenson was one of 23 Americans, 1 Briton and 335 South Koreans the Reds said refused repatriation to remain under Communist rule.

Dickenson changed his mind with no coaxing. The U. N. Command has not started efforts to persuade balking former Allied soldiers to return.

4th Oakland Circuit Judge to Be Asked by Broomfield

Bills providing for a fourth circuit court judge for Oakland County and an increase of county municipal court jurisdiction from \$500 to \$1,500 will be presented by Rep. William Broomfield (R-Royal Oak) before the Michigan Legislature in January.

Broomfield said the bills are aimed at relieving the county's three "definitely overworked" circuit court judges.

He pointed out that there is now a backlog of 825 cases on circuit court dockets that would take anywhere from 9 to 10 months to catch up on.

Broomfield said he would file a bill with the Legislature in Lansing this week raising the municipal court jurisdiction.

The measure would come up for consideration at the January session.

The representative said that jurisdiction of Wayne County municipal courts recently has been boosted from \$1,500 to \$3,000.

Broomfield plans to meet with Oakland County Board of Supervisors in January to present his case for a fourth circuit judge.

He said that in 1951 (the only recent year for which figures are available) Wayne County, with 18 circuit judges, tried a total of 1,463 cases, Oakland County, with

Stricken Boy Beats Polio

TYPES WITH TONGUE—R. Gregg Hiles, 16, a Buffalo, N. Y., polio patient paralyzed from the neck down, uses his tongue to guide a stick and answer his mail on a special electric typewriter. The typing outfit was devised for Gregg by a typewriter firm. Stricken two years ago while attending Port Washington, L. I., High School, the youth is now under treatment at home. He requires a respirator for use while sleeping, but breathes under his own power during the day.

3 Hunters Die, 26 Injured on Opening Day of Season

By THE ASSOCIATED PRESS
Michigan's hunting season opened on a grim note Tuesday. Two hunters were killed by gunfire on the first day and a third died of a heart attack while hunting in Lenawee County.

Twenty-six others suffered gunshot wounds.

Roger Davis, 27, of Grand Rapids was killed by his own gun as he attempted to beat a wounded pheasant to death with the butt. The shotgun went off hitting him in the chest, Rockford State Police said.

George Auensen, 37, of South Haven, was fatally wounded by a shotgun blast

County Man Injured

Bobby Melton, 22, of 2810 Marlington Rd., Drayton Plains, suffered a hand cut and face scratches Tuesday morning when his old-model 12-gauge shotgun exploded while he was hunting near Davison. Melton was treated by a Clarkston physician.

accidentally discharged from a companion's weapon, according to State Police.

Nicholas Waselewski, 54, of Detroit, was found dead by a search group after his companions (Continued on Page 2, Col. 4)

Benson Working for Fair Policy, Says President

Rallies to Support of Agriculture Secretary; Sees Long Range Plan

WASHINGTON (A P)—President Eisenhower rallied to the support of his secretary of agriculture today.

He said Ezra Taft Benson is a dedicated man who is anxious that consumers and producers both get fair treatment.

The President told his news conference he is not going to be critical of the secretary for failing to produce a miraculous cure for farm problems.

Anyway, Eisenhower said, he believes farmers and cattlemen are taking their troubles in stride and are not as upset about them as some politicians are.

Sen. Young (R-ND), and some others, have said Benson should be dropped from the cabinet. Young contended Benson has lost the confidence of the farmers.

Eisenhower commented that it is up to the President to decide who his principal advisors should be.

Benson was in Chicago today, with a speech saying he expects to lay before Congress next January "certain specific suggestions" for improving the farm programs.

He told the National Retail Farm Equipment Association he was not interested "in pleasing or replying to rabble rousers and demagogues" but was concerned only with "what is good for agriculture."

Eisenhower, at some length, saying however, that he thought the extent of dissatisfaction in the farm belt, plagued with drought and falling prices, was not as great as some people indicated.

He added that the farmers don't minimize the situation and are hoping that a long range program will be developed which will protect them against future calamities.

Furthermore, the President said there isn't going to be any special and specific answer to one farm problem at the expense of another.

He said cattlemen agree that basically there are just too many cattle in the United States. They realize that we have got a problem and it is not easy to solve, he said, but they hope that at least a semi-permanent solution will be found.

In this connection Eisenhower said he was pleased that governors of the drought-stricken states who met with him in Kansas City have laid the groundwork for a long term cooperation between the states and the federal government to meet distress.

What he and the governors want, the President said, is a long range program that will be ready to provide instant relief on a logical basis in any national disaster.

Turpin, Olson Ready for Title Bout

NEW YORK (A P)—Britain's Randy Turpin weighed 157 and Carl (Bobo) Olson 159½ for their 15-round World Middleweight Championship Bout tonight at Madison Square Garden.

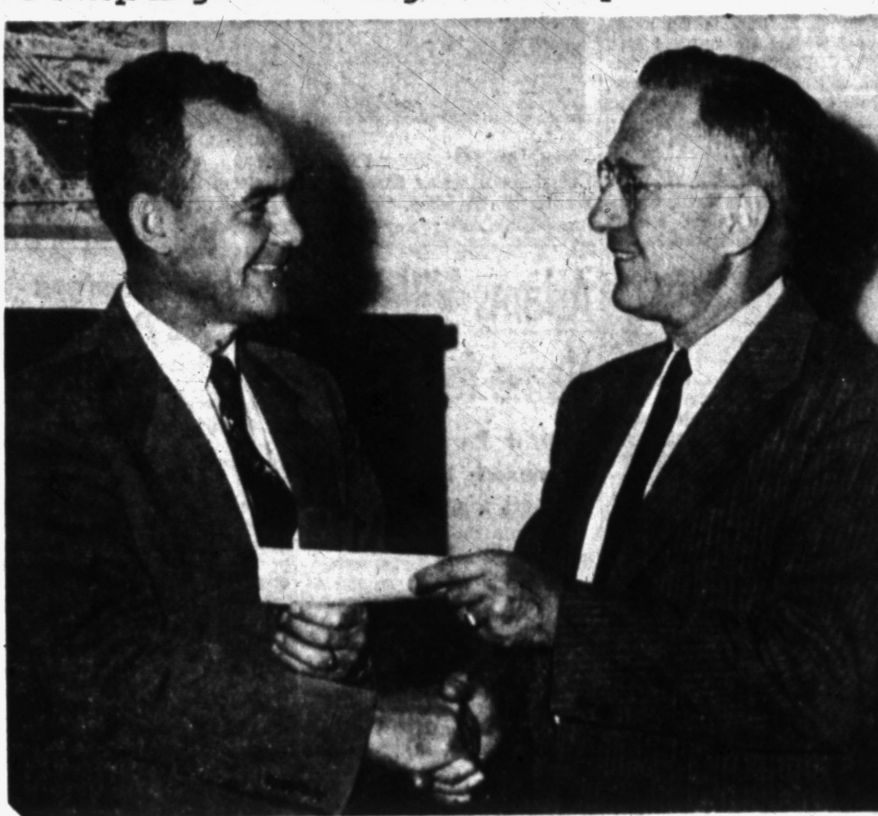

There was unusual interest in the weigh-in at the Garden lobby because the British Negro had trouble making the 160-pound limit when he fought France's Charles Humez, June 9.

The two 25-year-old fighters will battle for the title vacated last December by Sugar Ray Robinson. Turpin held the crown for 64 days in 1951.

Campaign Manager Accepts GM Gift

GIFT FROM GM—Pontiac Area United Fund's 1953 campaign got an early boost this week when General Motors Corp. presented it with a check for \$90,000. Mayor Arthur J. Law (left), United Fund campaign chairman, accepted the contribution check from Robert M. Critchfield (right) who represented the three GM plants in Pontiac.

United Fund Given \$90,000 by Three GM Plants in City

General Motors Corp. gave Pontiac Area United Fund's 1953 campaign a hefty send-off this week with a gift of \$90,000.

Mayor Arthur J. Law, campaign chairman, accepted the check from Robert M. Critchfield, general manager of Pontiac Motor Division and chairman of the General Motors Plant City Committee.

The United Fund drive opened its appeal for \$487,200 for 53 local, state and national social agencies with a kickoff breakfast Tuesday morning.

Volunteers have until Nov. 6 to raise the goal.

The check for \$90,000, a substantial increase over the amount that GM contributed to the fund drive last year, was presented in behalf of Fisher Body, GMC Truck and Coach, and Pontiac Motor Divisions.

In addition to the initial gift to the United Fund by the GM, higher goals have been set for contributions from the employees of each of the three GM plants in Pontiac.

Pontiac Motor Division employees are attempting to raise \$91,083. GMC Truck & Coach Division employees set \$55,819 as their goal and Fisher Body Division workers are aiming at \$27,098.

If the three GM plants meet their quotas, the total contribution to the GM corporation and its employees to the Pontiac Area United Fund will amount to \$263,129. The plants expect to exceed their quotas.

State Senator Dies at Capital

Felix Flynn Succumbs to Heart Condition This Morning

LANSING (A P)—Sen. Felix H. Flynn of Cadillac died at St. Lawrence Hospital at 4:40 o'clock this morning of a heart condition. He was 66.

Flynn, an automobile dealer, complained of feeling ill during a visit to the Capitol last week and was taken to the hospital.

He was a former member and chairman of the state Liquor Control Commission and was acting Lieut. Gov. during the administration of the late Gov. Lurea D. Dickinson. As president pro tem of the Senate he succeeded to the presiding officer's post when Dickinson became governor after the death of the late Gov. Frank D. Fitzgerald.

A native of Ionia, Flynn attended Cadillac public schools. He was a former mayor of Cadillac, clerk of Wexford County, member of the Cadillac Board of Education and supervisor of Wexford County. First elected to the state Senate in 1932, he was re-elected in 1934, 1936, and 1938.

Contractor Says Money Used to Avoid Trouble

President of Local AFL Teamsters Union and 5 Others in Court Today

DETROIT (AP)—A Farmington contractor testified today that he paid half of a \$10,000 bribe to a Pontiac teamsters official to prevent possible suits for overtime pay by his workers.

Edgar S. Mather Jr., the contractor, said the bribe was paid to Daniel J. Keating, president of Pontiac Local 614 of the AFL Teamsters Union.

Mather was the first witness as the examination of six officers and business agents of the union began before Recorder's Judge Martha W. Griffiths.

He testified that he and Hector DeTavernier, another Farmington contractor, split the \$10,000 bribe payment. The money was paid in installments on a regular schedule starting in October, 1950, he said.

The indictments, returned Sept. 9 by Circuit Judge Miles N. Culehan's one-man grand jury, accuse the six of soliciting and accepting payments from truckers, contractors and road builders under threats of injury to person and property.

Named in the indictments are Mike E. Nicoletti of Detroit, president and business agent of Local 247; Daniel J. Marone of Ulica, business agent of Local 247; Anthony J. Lissas of Detroit, business agent of Local 247; Frank E. Fitzsimmons of Milford, vice president of Local 259, Keating, and Louis C. Lintean, 615 E. Tennyson Ave., Pontiac, secretary-treasurer of Local 614.

Defense counsel have challenged the constitutionality of the one-man grand jury law and argued their clients are being included in the charge in a form of guilt by association.

Mather said that Keating and Mike E. Nicoletti, present business agent of local 247, began negotiations for a new contract for their truckers in October, 1950, demanding hourly instead of trip pay.

Mather said the contractors feared this because, under the wage and hour law, it would make them liable for two years back overtime pay, and because a state mediation board had ruled for the trip pay.

"DeTavernier said Keating could fix it up but it would cost money," Mather testified.

Then he testified he and DeTavernier each paid Keating \$5,000 in a series of six installments.

The next Keating demand came, he said, in April, 1951, when Keating began negotiations for a 10-cent hourly wage increase for the truckers.

But Mather said, Keating agreed, "this could be forgotten," for a payment of \$2,500.

Mather said he paid it in two installments in cash, left on the front seat of Keating's car. "He wouldn't take checks, he liked the green stuff," Mather testified.

In April, 1952 Mather testified, Keating wanted a general 18-cent raise but in the meetings at the Fort Shelby Hotel and a Milford bar said that "you can have anything you want."

"I said, yes, but it would cost me money," Mather testified. "He said 'yes, the same as before,' and on June 11, I gave him the first installment, \$1,250."

But Keating soon said he did not know if he could "buffalo" his members longer about retroactive pay, Mather testified, although he said the "wage stabilization board will do what I want."

Mather said he was upset, "decided I was double crossed and did not pay the other \$1,250."

Mountain Folks Happy Their PW Rejects Reds

BIG STONE GAP, Va. (A P)—Folks around this community in mountainous southwest Virginia have a message for Cpl. Edward S. Dickenson:

"Tell him nobody hereabouts thinks hard of him for what he done, and we will all give him a big welcome home. Ain't no hard feelings on our part."

Those were the words last night of a grateful mother, Mrs. Bessie C. Dickenson, after receiving news that her son had changed his mind and wanted to come home after first refusing repatriation in Korea.

The Dickensons—the father is 72 the mother in her 40s—live in a remote cabin "straight up" a mountainside about three miles from the nearest village. The home is about six miles from the nearest telephone.

Mr. and Mrs. Pete Morris, who live two miles down the mountain, drove to the Dickenson cabin to tell the family about their son.

"But we weren't exactly surprised," Mrs. Dickenson told a reporter later from a party-line telephone at Cracker's Neck, a community six miles from here. "We had done heard on our radio earlier tonight that one of the boys had decided to come home. They didn't say what his name was, but my husband said to me: 'Bessie, I just feel like that's Ed.' Well, I tell you, I felt like that too."

Mail Theft Suspect Arraigned in East

DONALD R. MITCHELL, 24, accused of stealing a registered letter from a Pontiac postal sub-station Oct. 9, was ordered held in \$500 bail when arraigned in Boston yesterday.

He appeared before U. S. Commissioner Francis H. Farrell as being a fugitive from justice. Mitchell, whose case was continued to Oct. 27, is charged with larceny of a registered letter containing \$350 in cash and \$250 in payroll checks.

Mitchell, employed recently with the Pontiac Post Office for less than a year, was arrested Tuesday while applying for work at a Quincy, Mass., plant.

Postal Inspector H. W. Loch of 74 Bloomfield Tr. said Mitchell posed as a regular pick-up man when he went to the sub-station for the registered mail.

Bulletin

Eugene Gillo pleaded guilty to first degree murder and his wife, Roberta, to second degree murder, in the Aug. 2 slaying of John Caruso, a Detroit restaurant operator, in circuit court this afternoon. Caruso was slain in Oak Park.

Low Bids on the Addition to Franklin School Total \$250,066; Estimate Less

From Our Birmingham Bureau
BIRMINGHAM — Low bids taken on the addition to Franklin School last night totaled \$250,066, well over the estimate of \$195,000.

Board of Education members received the bids and referred them to architects Swanson and Associates for review and analysis.

The board has been asked by the city if access to Terry School through the Forthright property on Adams road would be desired, and the idea was approved.

Bids were also taken on a bus maintenance garage, and the low figure submitted was \$10,822. This contract will also be let in the near future.

Two assessment bills for paving streets along school property in West Bloomfield Township, totaling \$300, were approved for payment.

Supt. of Schools Dr. Dwight B. Ireland revealed that Oakland County Circuit Court Judge Frank L. Doty has ordered the examination of Royal Oak dentist Maurice Richards, who is suing the school district for \$200,000 in damages following a 1948 bleacher collapse.

Ladies Missionary Society of Redeemer Lutheran Church will hold their annual fall rummage sale tomorrow and Friday from 9 a.m. to 5 p.m., in the basement of the church. The sale will feature a variety of household items and clothing.

John P. St. Clair, 1045 Fairfax, had to attend so many luncheons, dinners and meetings on Monday that Detroit Police Commissioner Donald Leonard gave him a fast squad car escort.

St. Clair is suburban chairman of the United Foundation Torch Drive which opened officially yesterday.

Birmingham Y's Men's Club will sponsor monthly square dances at the local YMCA the fourth Saturday of each month from 8:30 p. m. to midnight. Chairman Walter Allison will have on his committee Wayne Mortimer and Ernie Robinson.

Cost of the ticket includes instruction and refreshments. Only 30 couples can be accommodated and reservations will be taken by telephone at the Y, Mark Smith will call and instruct.

Circle I of the Women's Fellowship of the Congregational Church will meet at 12:30 p. m. tomorrow at the home of Mrs. Robert Trumpfeller, on Bembridge in Royal Oak.

Sister Kenny Anniversary Club met recently to elect a new recording secretary and board member at large, replacing the former officers because of business pressure.

Miss Helen Anderson will serve as recording secretary and Mrs. Harry Perkins as board member.

Altar Society of Our Lady Queen of Martyrs Church is meeting at 10 a. m. tomorrow in the social hall. The women will sew cancer pads and coffee will be served.

Children's Theater will give a repeat performance of "The Steadfast Tin Soldier" at 7:30 tonight at the Pontiac State Hospital. The Hans Christian Andersen tale of toys coming to life, was presented for Birmingham children last week.

A total of 76 youngsters attended the overnight camp-out at Camp Olympe last week, enjoying two days of boating, canoeing, sports

Birmingham Blood Drive Scheduled Tomorrow

BIRMINGHAM — The Red Cross Blood Bank, sponsored by the Birmingham Council of Church Women, will be at the Birmingham Community House from 2-9 p. m. tomorrow.

Contributions channeled into the Community House Blood Bank, available to all residents in the area, will be sent to Korea, and will aid in the processing of gamma globulin, used to ward off polio.

Mrs. Carl Binkle is chairman of the drive.

FLAG DETAIL—Busy putting flags on poles for Linda Mickelson, Troop 301. The eighth birthday of the U. N. will be celebrated by meeting attended by Clark M. Eichelberger, Director of the American Association for the United Nations, Inc.

Adams Village Name for Area

Porritt Property to Be Annexed; Duplex Units Sited for Spring

BIRMINGHAM — Adams Village will be the name of the 240 residential units to be built on the 40-acre Porritt property, and work will begin immediately, it was announced today.

City commissioners Monday agreed to the zoning for the Troy Township land within the city when it is annexed, and the owners W. E. Reid Development Co., will appear at the next Troy Township meeting to start the process of switching political identities.

Hamilton H. Paterson of the Reid Co. said engineering work will begin at once, but construction of the first duplex units, along the southeast corner of the plot will probably be delayed until spring, assuming the annexation goes through.

Price of the project when conceived several years ago was pegged at \$5,000,000. It will contain approximately 20 single family residences, along the north side of the property, and 220 duplex units, plus business frontage of about 700 feet along Adams road.

Paterson said both the single residences and duplexes would be sold, and added that nothing definite was settled on the business area until tenants are acquired.

Boys' Club Gymnast Will Be on TV Show

Seventy-year-old Harry Short of 125 Calvert will stand on his head, walk on his hands and perform on the horizontal bar before a television audience tomorrow at 1:30 p. m. on WJ-TV, according to his wife Jessie.

Short, maintenance engineer of Pontiac Boys' Club, has been doing stunts for youths for the past two years. His antics came to light in a Pontiac Press story Oct. 8.

Mrs. Short, who obtained tomorrow's contract for her husband, said he will appear on the "Good Cooking" show and is scheduled to appear on some future evening show.

Book Everybody Knows

PASADENA, Calif. (UP)—Tourment of Roses officials, who have selected "famous books" as the theme of the 1954 parade, today were informed the city of Portland, Ore., will enter a float depicting "the family checkbook."

Y Toastmasters Discuss Penalty for Kidnaping

Paul Gadosian won the "Oscar" for his table topic comments when Pontiac "Y" Toastmasters Club met Tuesday night at Pontiac YMCA.

The table topic, presented by Arthur Cannon, dealt with whether kidnaping should carry a death penalty, regardless of whether the victim is returned unharmed.

Leonard Day was toastmaster for the evening. Speakers included William Knudsen on "Help the Kids With Kiwanis Support"; Robert Pote, "That's for Me"; Don Rofe, "It's the Little Things That Count"; and Gerald McLeod, "My New Baby Daughter."

Three Hunters Killed First Day of Season

(Continued From Page One)

reported him missing. He was felled by a heart attack, according to the Lenawee county coroner.

Among the wounded were: Chester Couch, 44, of Ypsilanti was shot while hunting between Ypsilanti and Ann Arbor.

Gary Blanchard, 16, of St. Clair was wounded, hunting in East China Township.

James Manne, 55, of Lansing was hit in the face, arms and hands by pellets from a companion's shotgun.

George Uhlan, 41, of Inskut was treated and released at Lynn Hospital, after being treated for wounds received while hunting in Exeter Township.

Earl Langston, 22, of Dearborn was hurt near North Whitaker.

Joe Erola, 34, of Detroit was injured near Armada and treated at Marygrove Medical Center.

Delmo Loll, 31, of Detroit was shot and wounded just north of the city.

Jack Pershing, 46, of Detroit, was wounded in the left thigh while hunting near Monroe.

Richard Harris, 14, of Flint was struck in the face and shoulder by shotgun pellets while hunting with his father.

160 Attend Cub Scout Father-Son Picnic

About 160 persons attended a father-son picnic held recently by Cub Scout Pack 9 of Webster School.

The picnic and game contests were supervised by David H. Sidwell and Scoutmaster Kimball at Camp Agawam.

N. W. Peterson Rite Thursday at 2 P. M.

The body of N. William Peterson, executive vice president of Community National Bank, will be taken from Sparks-Griffin Funeral Home Thursday noon to First Presbyterian Church, where the funeral will be held at 2 p. m.

Dr. William H. Marbach, his pastor, will officiate and burial will be in White Chapel Memorial Cemetery.

Mr. Peterson died suddenly Sunday night of a heart attack while on a visit at his daughter's home in Kansas City, Mo.

Bereavers will be members of Kiwanis Club of which he was a member. They will include Phillip M. Hubbard, Robert B. Oliver, Arthur C. Compton, A. G. Nicholise, John P. Niggeman and Carroll L. Osmon.

Mrs. Anna Alena Johnson

After a prolonged illness, Mrs. Anna Alena Johnson, 62, former Pontiac resident, died in Laurium (Mich.) Memorial Hospital Tuesday noon. She had resided in Pontiac 28 years, moving to Chassell, Mich., five months ago.

Born at Boston, Mich., March 24, 1891, she was the daughter of Heikki and Kaisa Reeta Ruokola. She married Richard H. Johnson there March 23 1908, and came to Pontiac from Calumet.

She was a member of Blue Star Mothers.

Besides her husband, she is survived by two daughters and two sons, Mrs. Michael McKullin and Doris M. and Harry P. Johnson of Pontiac, and Edwin L. of Ft. Lauderdale, Fla. Also surviving are two brothers, John Ruokola of Calumet and Henry of Pontiac.

The body is expected to arrive late Thursday afternoon at the Voorhes-Siple Funeral Home.

Mrs. Cora M. Whiting

Word has been received here of the death of Mrs. Cora M. Whiting, 80, of 321 11th Ave., in Flint. Mrs. Whiting lived in Pontiac for several years before moving to Flint.

Born Feb. 23, 1873, she was the daughter of Orlando and Harriet Rhoads, and the widow of George H. Whiting.

Surviving are two daughters, Mrs. Marvel Bindley of Flint and Mrs. Mildred Westbrook of Detroit. Three grandchildren and seven great-grandchildren also survive.

Funeral will be Saturday at 11 a. m. from the Rose Chapel, Algonquin-Gundry Funeral Home in Flint. Burial will be in Roseland Park Memorial Cemetery at Royal Oak.

Talk on Kinsey Report Heard at Beth Jacob

More than 100 persons heard an address on the Kinsey report on the Human Female by Dr. Stephen Cappinari, professor of anthropology and sociology at Wayne University, last night at the Temple Beth Jacob on Orchard Lake Avenue.

The lecture was sponsored by the Temple's men's club.

Argentine Plane Crashes

BUENOS AIRES, Argentina (U)—An Argentine air force bomber crashed in the River Plate here yesterday and three of the five aboard were killed. The other two were picked up unharmed.

Sheriff Radios 'Emergency'—Car Out of Gas

MOBERLY, Mo. (U)—Sheriff Amos Magruder and Deputy Joe Moore, cruising northwest of Moberly, ran out of gas.

They tried to radio Moberly police for help, but reception was bad and all the dispatcher heard was, "This is an emergency."

That brought other deputies and state patrolmen racing to the area from as far as 20 miles away.

The emergency call really wasn't much help after all, though, because no one took the sheriff

Drive to Prune Obsolete Arms

New Weapons Program Gains Support of High Pentagon Officials

WASHINGTON (AP)—The Pentagon, in its drive to outfit the military with modern arms, faces the problem of persuading old-line officers that cherished but outmoded weapons and systems must be pruned away.

Overnight, the Defense Department's new weapons program, framed by Secretary of Defense Wilson and his deputy, Roger M. Kyes, gained support from a powerful administration source.

Secretary of the Treasury Humphrey, in an address at San Francisco last night, said that in an age of revolution in scientific and production techniques "the surest formula for defeat would be static defense—committed to old-fashioned defense, served by obsolete weapons."

Wilson said on Tuesday a current reappraisal of strategy and arms includes "all kinds of weapons"—supersonic planes, atomic weapons, guided missiles, and he told a news conference:

"In another area we are facing a change in the military situation, like when the cavalry was replaced by the armored division, a fundamental new thing that has to be given recognition, and should be."

Defense chiefs haven't pointed a finger to the precise areas in which they think changes are coming. However, there are indications one may be the Army's anti-aircraft weapons and units. Wilson recently commented that the new missile named the Nike is a form of anti-aircraft weapon. That missile is intended to supplant some present conventional anti-aircraft

artillery.

The Army said last March some Nike installations would be ready by this summer but Wilson told reporters Tuesday that he thought none had been completed so far. He indicated he thought the March announcement was overoptimistic.

Another area where the move to discard obsolete weapons may be felt is in the Navy. The continued use of battleships has been questioned before now.

Along with the problem of getting rid of old weapons is another involving decisions on the type, scope and use of new weapons systems. In this field, the Defense Department is confronted with the problem of continental defense against the possibility of Russian atomic attack.

Japan-ROK Peace Talk Breaks Off 3rd Time

TOKYO (AP)—The Japan-Republic of Korea peace treaty talks broke down today for the third time.

Kim Yong Shik, head of the South Korean mission in Japan, told the meeting it was useless to carry on further talks. He said the Japanese refused to retract statements contending that Japanese property claims in Korea are legally justified, and that Korea's status before the peace treaty was not illegal but "exceptional."

State Department Hit in Trieste Affair

SAVANNAH, Ga. (AP)—Sen. Richard B. Russell (D-Ga.) terms the State Department's timing of the announcement of the withdrawal from Trieste a blunder which would not have happened under the Democrats.

He said in an interview yesterday that officials should have been prepared for Yugoslavian opposition and should have worked out a solution before the announcement.

The 112-mile stretch between Indianapolis and Dayton, Ohio, was the first in the U. S. to have painted rooftops and highway markers to guide air transportation.

Musk oxen have provided a vital source of food for Arctic explorers and twice saved the life of Rear Admiral Robert E. Peary, North Pole discoverer. Brought to bay by dogs, the big animals are easily taken.

DSR Gets First of 100 Buses

GMC Truck Delivers 5 on \$2,000,000 Order Here Tuesday

Leo J. Nowicki, general manager of Detroit Street Railways, personally accepted delivery on the first five of 100 new 51-passenger buses for the DSR during a visit to the GMC Coach Division plant in Pontiac yesterday.

Nowicki, who was accompanied by William Fitzgerald, secretary of the DSR commission, said the buses will be the largest ever used in Detroit and should give passengers a better ride for their money.

He added that they will be used chiefly on industrial routes, replacing smaller 40-passenger coaches.

Nowicki and Fitzgerald toured the plant with E. P. Greshaw, general sales manager of the coach division, and watched final assembly on 20 additional buses slated for delivery in Detroit next week.

The remainder of the \$2,000,000 order will be delivered by the end of January.

The new buses, featuring air-suspension ride, a six inch wider aisle and improved heating and ventilating, will be on display in front of the Detroit City Hall until they are put into service on Sunday.

10 Cub Scouts Receive Badges During Meeting

Cubmaster Bob Rogers presented badges to 10 boys Tuesday night at the regular meeting of Cub Scout Pack No. 4, of Baldwin School.

Badge winners included Billy Ramsey, Larry Rogers, Michael Dooley, R. L. Penland, Lawrence Warrilow, Lawrence Nichols, Douglas Cameron, Lawrence Mitchell, Jerry Cunningham and Billy Cunningham.

Harrelson Examination Postponed Until Nov. 4

The examination of Leann W. Harrelson Jr., 18, on a charge of negligent homicide was postponed to Nov. 4 today by Pontiac Municipal Judge Maurice E. Finnegan. Harrelson, of 26 Delaware Dr., is free on \$2,500 bond after demanding examination Oct. 13 in the death of Mrs. Veda N. Coon, 37, of 49 Dwight Ave., who was struck by his auto Oct. 9.

State OKs 9,600 New Customers for Gas Heating

LANSING (AP)—The State Public Service Commission authorized the Michigan Consolidated Gas Co. today to add 9,600 more space-heating customers.

Chairman John H. McCarthy said the new installations are subject to the following provisions:

1—No installation shall have an input rating of more than 250 cubic feet an hour.

2—The number of new installations in each district must be divided equally between existing buildings and new single family residences, but in each case the application must be made by the occupant rather than the owner.

3—The new installations are allocated among the company's various districts on the basis of the number of residential and commercial customers not now equipped with gas heat.

4—A chronological list of requests for gas service maintained by the company since May 22, 1950, will establish the priority of the new installations.

Plea Entered in Shooting

Youth Pleads Guilty to Second Degree Murder Charge

The second of two youths pleaded guilty to second degree murder today in the fatal shooting April 8 of 16-year-old James Holland of 38 Elizabeth St.

Arthur Smith, 19, of 85 Gillespie St., appeared before Oakland County Circuit Court Judge Frank L. Doty who set sentence for Nov. 6. Smith's companion, George Lee Parker, 18, of 289 W. South Blvd., pleaded guilty to a similar charge Monday and will be sentenced at the same time.

The two were charged with first degree murder in the fatal shooting and stood mute when arraigned before Circuit Judge H. Russell Holland June 8.

First Assistant Prosecutor James G. Hartwick explained today that persons charged with first degree murder may plead guilty to the lesser charge since it is an included offense.

Holland was shot in the stomach while walking with two companions on Howard McNeill St. and died five days later in Pontiac General Hospital.

Dock Union Cleanup Called 'Dangerous'

WASHINGTON (AP)—Dave Beck, president of the AFL Teamsters Union, says that "men may be killed" cleaning up the New York waterfront.

Beck is one of five AFL officials setting up a new longshoremen's union rivaling the one expelled by the federation on grounds of failing to rid itself of racketeers.

He referred to the danger of the

job yesterday in a talk to the National Press Club.

Beck also said the influence of labor unions with the Eisenhower administration is weak in comparison with that of business and farmers, and that organized labor may be "driven" into a political party of its own if "the present trend of conditions continues."

The Old Chisholm Trail, over which cattle were once driven from Texas to Abilene, Kan., originated in Brownsville and is marked by the Texas highway department.

'U.N. Had Better Get Set for More Tricks in Korea'

By PHIL NEWSOM

UP Foreign News Editor

The United Nations had better be ready for another Communist trick in Korea.

And the truly neutral members of the Neutral Nations Repatriation Commission, Sweden and Switzerland in particular, had better be ready for a lot of abuse. Underlying reason is paragraph No. 3 of the Korean truce dealing with prisoners of war. It says: "No force or threat of force shall be used against the prisoners of war . . . to prevent or effect their repatriation, and no violence to their persons or affront to their dignity or self-respect shall be per-

mitted in any manner for any purpose whatsoever."

The Communists have suffered considerable loss of face so far in the prisoner "explanations," and a change of tactics is indicated.

Of anti-Red prisoners so far interviewed, the Reds have been able to persuade less than two percent to return to the Communist limbo behind the Bamboo Curtain.

Tip-off to a switch in Red strategy came Monday. Polish and Czech members of the commission stamped out of a commission meeting which—with Sweden, Switzerland and India agreeing—refused to call up balking North Koreans who were next in line to submit to the Reds' counter "brain washing."

The Koreans had pledged to die rather than return to communism and they threatened a mass break-out should their Indian guards attempt to force them to submit to Red "explanations."

The Swiss have said their representative will not "tolerate" use of force on the prisoners.

The Swedes have agreed, pointing to the clear-cut language of the afore-stated paragraph 3.

Which, with India voting with Switzerland and Sweden, seems to leave the Reds on a limb.

So that Red walk-out seemed another obvious Communist stall.

If only for the loss of face, the Reds do not want to lose some 23,500 anti-Reds to the U. N. The result of the present stalemate could be a renewal of the war. But there are more immediate alternatives.

To be expected is a redoubling of charges that the anti-Red prisoners have been intimidated by the United Nations.

A possibility is the charge that the neutrals, particularly the Indians who hold the balance of power in the commission, have sold out.

Certainly the Reds will redouble their efforts to see to it that as few as possible of the 330 "pro-Communist" American, British and South Korean POWs change their minds.

Finally, the Reds may attempt to reopen the whole question of the truce in the Oct. 26 meeting at Panmunjom, to which the Unit-

ed States has agreed and which is to be a preliminary of the political conference on Korea's future. But, whatever else, it should be an eye-opener to the neutrals.

To Vote on Tax Increase

SPRING LAKE (U) — Voters in this Ottawa County community will ballot Nov. 24 in a special election on a proposal to increase taxes \$4 per thousand assessed valuation to give school teachers pay increases that would total \$12,000.

Gate-Crashers Start Fracas at Bullfight

GUATEMALA, Guatemala (U) — Gate-crashers fought with ticket holders for seats yesterday at the bullfight here which was part of the opening program for Guatemala's annual October national fair. Eight persons were injured and the bullring was considerably damaged. The government-controlled na-

tional radio state the gate-crashers were "reactionaries" trying to sabotage the state-sponsored exposition. About 2,500 persons crashed the bullring gates and the scramble for seats led to the riot with ticket holders. An undisclosed number of arrests were made.

Nixons in Jakarta

JAKARTA, Indonesia (U) — U. S. Vice President and Mrs. Richard Nixon arrived here from Darwin, Australia, today for a three-day visit.

Dust-Sprinkling Truck Gets Stuck in New Mud

ALBUQUERQUE, N. M. (U) — A city water truck crew stuck to its schedule and drove out yesterday to sprinkle dirt streets in north-west Albuquerque. But it didn't get the job done. The truck got stuck in mud from the heaviest rain the city has had in six months.

An estimated 23,000 persons in the United States go blind every year.

The making of advance arrangements is becoming more popular each year; more and more people are realizing what a considerate act this is. If you would like to make such arrangements, we'll help you without charge or obligation.

Something really Special

We picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflo.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil

-in power, room,

ride, price

springs on all four wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't you like to see, sit in and drive one of these great-powered Buicks—look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

McCarthy Gets OK on Quizzing of Greenglass

WASHINGTON (U-P)—Sen. McCarthy (R-Wis.) said today the Justice Department has agreed to let him question the confessed atomic spy, David Greenglass, in the federal penitentiary at Lewisburg, Pa.

Greenglass is the man whose testimony helped to send his sister, Ethel Rosenberg, and her husband Julius to the electric chair last summer as spies. He is serving a 15-year sentence for espionage.

McCarthy had asked permission to question him in connection with a new investigation of what he has called security leaks at the Army Signal Corps' Ft. Monmouth, N. J., radar laboratories.

McCarthy contends he has evi-

dence that a spy ring headed by Rosenberg was able some years ago to extract secret documents from the laboratories "almost at will" and that some of the documents are now in Communist Eastern Germany. The Army said it knows of no unauthorized documents in Red hands there.

McCarthy, after an inspection trip to Ft. Monmouth yesterday, said he was "very, very favorably impressed by the very aggressive steps" taken to improve security there.

McCarthy said 12 persons had been suspended as a result of the security investigation but Secretary of the Army Robert T. Stevens, who accompanied the senator, interposed, "That figure is too low."

About 98 per cent of the world's fish catch comes from the waters within the northern hemisphere.

Hal Boyle Says:

The Old Gambling Urge May Be Gripping Hubby

NEW YORK (U-P)—Health hint to wives:

About this time of year does that favorite brute in your life begin to turn pale, thin and languid?

Does your husband bolt his supper as if he hadn't seen food since breakfast, and then look absent-minded the rest of the evening or make mysterious remarks such as, "A guy simply has to win sometime?"

Well, ladies, don't get too worried. Check and see if he tosses in his sleep and mutters:

"Why did I have to pick Adeline? What good is No. 38? Should I ride with Michigan State or Michigan?"

Then, even if your name is Esmeralda, don't get jealous and jump to the conclusion he is hot-footing it after some gal called Adeline. And don't start buying him blood-building tonics or encourage him to visit a psychiatrist.

All his symptoms indicate he merely is suffering from a seasonal form of malnutrition, common in office and factory. Instead of spending his lunch money on food he is investing it in betting on a football pool or buying chances on some kind of a raffle.

These raffles and pools go on all year round in offices and factories, but somehow they seem to reach a peak when the birds wheel south in autumn. The heady urge to take a big chance on a mild gamble overcomes everybody from straw boss to head bookkeeper to office boy.

As a matter of fact, these particular three individuals have to buy at least one chance — as they are probably running the raffle.

"My wealthy grandfather gave me this \$250 wrist watch for my high school graduation," says the office boy, "and my hope of getting through law school depends upon my success in selling 3,000 chances at \$1 each."

Well, of course he only buys one ticket himself, but somehow he wins three years in a row.

One year a friend of mine won the watch and when he took it to a jeweler, the man replied when he questioned a \$25 repair bill: "The only honest thing about this watch is the crystal. It shows the wrong time clearly."

WARM TOGS FOR GIRLS!

Girls' extra-warm all-wool fleece zip coats

Sizes 8-14 **21⁹⁵**
2.50 down 5.00 month

Soft all-wool fleece coats with a wonderful warm lining that zips out in a flash for mild days. The smart storm tab collar assures added warmth on chilly days, too! Fashion-full cut, cuff detailing. Red, royal blue, cotton blue. Sizes 8-14. Hurry!

Little girls' fleece, tweed, check coat sets

Sizes 4-6x **18⁹⁵**
Easy Terms

Winter-time charm for the pigtail set in warmly practical coats sure to please you, Mom! Fluffy wool fleeces and checks, 100% wool nubby tweeds, all interlined! Some with mouton dyed processed lamb trim. Brown, green, blue, red. Sizes 4 to 6x.

Teens' wool fleece, warm check coats

Sizes 10-14 **24⁹⁵**
2.50 down 5.00 month

Really "grown-up" styles like dating sister's. It's the fashion detailing that will endear your little lady's heart to these delectable wool fleece and smart check coats! Extra warm interlining. In red, blue, pink, natural, tan. Sizes 10-14. Shop early!

Wool fleece, poodle, soft cashmere blends

Sizes 10-14 **29⁹⁵**
3.00 down 5.00 month

Teen-fashion coats to take Miss Subteen gaily through her busy schedule! Styled in luxurious fleece, poodle curl or cashmere blends! Swing-back styling... handsome cuff, collar detailing. Luscious winter colors to delight any young miss! 10 to 14.

Now about Adeline. The book-keeper's pitch was this:

"My late wife left me this glorious diamond ring, which naturally belongs on the finger of your wife. I paid \$465 wholesale for it 30 years ago."

"As a sporting gesture I am offering you a chance to grab it for \$1. There are only 1,500 chances, on this punch board, which is based on girls' names. I know your own wife's name is Esmeralda, but how are you going to print a name like that on a punch board?"

"So your grandmother's name was Dorothy? Dorothy is gone. How about taking Adeline?" So you plunk a buck on Adeline.

Let us leave out what happens to the diamond ring, or the bookkeeper's raffle profit. Why do you think he is a bookkeeper? And what do you think that old-fashioned diamond is really worth?

The real lure is that \$1 a week the straw boss gets your old man to gamble out of his lunch money on whom the sports tycoons will pick as the national football team of the year Notre Dame or Michigan State (as of now, and they don't play each other this season.)

Oh, well, here we go. I picked the Dodgers in six games, and all the Yankees won in six was the World Series and all I lost was my reputation.

But, I still say, dear wife, if your husband is peaked and undernourished send him to work with a sandwich, and let him put his office lunch money on Notre Dame, Michigan State can't go on winning forever — or can it?

Egg Prices May Set Record This Year

WASHINGTON (U-P)—Egg prices may set a record this year but should dip slightly in 1954, the Agriculture Department said today.

A spokesman for the department said average prices for all of 1953, which cannot be computed until the end of the year, will either surpass or approach the previous high of 1951.

A special "outlook" report by the department also had this to say:

1. Production of eggs and of broilers for 1953 are likely to be new records. But egg production next year probably will top the 1953 total. This, coupled with about the same demand, is expected to drop egg prices slightly.

Map Building Plans

HART (U-P)—The Oceana Fair Association plans to erect a \$15,000 recreation hall and auditorium on the fair grounds for exhibits during fair week and for use of granges, 4-H clubs and other rural organizations during the remainder of the year.

Confused Toad

BENTON HARBOR (U-P)—A horned toad, whose normal habitat is the western United States and Mexico, was discovered in a garden here by Robert Plumley.

Bob Considine Says:

Industry Missing Good Bet by Firing Heart-Sufferers

NEW YORK (INS)—Dr. Irving Sherwood Wright, one of the world's foremost heart specialists, told a convention of top marketing executives last weekend that industry is needlessly depriving itself of countless thousands of heart disease sufferers who are willing and able to work.

"It's time that industry as a whole followed the lead of a few mature companies, and the pattern set by the Army during the war, and reclaimed hundreds of thousands of fine workers now forcibly idle because ancient taboos discriminate against heart cases," Dr. Wright told the marketing executives society meeting at the Greenbrier, White Sulphur Springs, W. Va.

"Industry must survey its job and decide how many must be filled only by fully able-bodied people and how many could be filled by people sitting quietly at a desk.

"The Army did a good job along these lines during the war. There is no reason why industry cannot do it now. Ten million persons suffer from heart disease in the United States today. About a third of these are, or were, in industry.

"A majority of these have been forced out of their jobs. Many have become public or semi-public charges. The loss they represent in man hours runs into the billions. There is a corresponding loss to the federal and state governments in taxes they no longer pay."

It is Dr. Wright's belief that most of these men and women could return to work. The "benched" heart sufferer, if he is the father of a family, represents the beginning of a disastrous chain reaction.

His family's buying power is sharply curtailed. Its standard of living falls off. The children are not properly educated, fed, clothed and housed.

"But a mature company could find a job for such a man, a job wherein he could render many additional years of good service to the firm at no risk to his health," Dr. Wright emphatically told his listeners.

The past president of the New York Heart Association, and consultant to the surgeon general of the Army, told the top executives that American industry was especially blind about the way it handled heart cases among the top echelon.

"One big company lost 27 key men to heart disease last year," he said. "Most of them are on the sidelines today. A majority could be back at work more than earning their incomes. It took that company as many as 20 years to train some of these men.

"Relieved of details and execu-

tive pressure, these men have years of good work left in them. Many could be even more productive in a quiet job than in the jobs that brought about their condition."

Dr. Wright called for a complete reevaluation of the American working man's physical limitations, his retirement age, and other critical problems rising out of a steady increase in longevity.

"It won't be too long before the life expectancy nears the 100 mark," he said. "Obviously, we've got to do something about the practice of retiring people at 65. The world has already seen enough examples of the shortsightedness and intolerance of such a practice.

"Suppose Churchill had been forcibly retired at 65; could England have survived the war? Edison was vastly productive after 65, so are Bernard Baruch, Toscanini, MacArthur, Herbert Hoover and so many others.

"The world moves on and man keeps pace. In the time of the Medics a man who survived to the age of 30 considered himself blessed. In George Washington's age the life expectancy of an American was 35, and by 1900 only 42. We've increased it to just under 70 years, and it gets better every year.

"The longer people live, the more heart trouble there will be," concluded the brilliant specialist. "We must cope with this, extend the work of the New York Heart Association—which was the first to make a study of what kind of job a heart sufferer could successfully handle. For the good of the nation, we've got to put a stop to this wanton waste of experienced manpower."

National Income Up in First Half of 1953

WASHINGTON (U)—National income continued to expand during the first half of 1953, the government said today, with a big gain in non-farm income more than making up for a decline in farm receipts.

A report in the Commerce Department's monthly publication, Survey of Current Business, said net farm income appears to be headed downward this year to a level of about 12½ billion dollars, about the same as the postwar

low of 1949 and 31 billion dollars under the level of 1951.

In contrast, wage and salary earners' income in the second quarter of this year reached an annual rate, after seasonal adjustments, of 208 billion dollars, or 7 per cent more than last year.

REHEARSE FOR PLAY—Rehearsing for tonight's presentation, "The Story of Interdependence," sponsored by the Pontiac Council on United Nations, are (left to right) Mariano Basco, 52 Park Pl.; Richard and May F. Han, of 3358 Auburn Rd., Auburn Heights, and Cecil Dumberg, 3288 Loon Lake Shores, Drayton Plains. The play will begin at 8:30 tonight in Pontiac High School auditorium.

Jerry McSafety Teaching Caution in Local Schools

Pontiac school children today are learning safety lessons from ventriloquist Wayne Fernelius, former Detroit policeman.

The program is being sponsored by the Earl R. Millman Co. of Pontiac. Star of the show is Fernelius' dummy, Jerry McSafety.

Pontiac Sgt. George Scott, in charge of school safety in the police department, said Fernelius will perform at the Wilson and Baldwin Schools today. He has already appeared at the Owen and Mallik Schools. Scott will furnish the students with safety lessons in a brief talk.

Commission Adopts Icebox Law Here

An ordinance to protect Pontiac children from becoming trapped in abandoned iceboxes was adopted Tuesday night by Pontiac City Commission. It goes into effect Oct. 30.

The ordinance makes it a misdemeanor to leave outside of buildings or homes any icebox, refrigerator or other container which can't be opened from the inside.

Offenders can be fined \$100 and given 90 days in jail for every day the container remains outside. The ordinance was proposed after a rash of icebox deaths across the nation.

Gold is profitably mined in all except two Canada provinces. The Dominion's output is second only to South Africa.

There were 282 producing oil wells in Nebraska in 1952, 100 of them added last year.

Moves Altering Method Beaten

City Commission Denies Proposals to Change License Award Process

Two motions to change the procedure for allotting Class C liquor licenses were defeated at last night's Pontiac City Commission meeting.

Commissioner Paul A. Kern moved that licenses be granted in order of application if petitioners met other requirements and were approved by all departments with no objection from the commissioner in their district.

The vote was five to one against Kern's motion. He contended that if applications weren't considered in order, preferential treatment could be claimed.

Mayor Arthur J. Law said in the past acceptance had been up to the district commissioner and felt applicants could not be judged solely on a first come, first served basis.

Kern then moved that every application for a Class C license not acted on favorably by the present Commission be taken from the record to clear the way for es-

tablishment of definite system for considering applications.

Commissioners also defeated this motion. Kern and Dr. Roy V. Cooley supported it, with Benjamin M. Gates, J. H. Patrick Glynn, Ronald C. Hallenbeck and Law opposed. Commissioner Harold W. Dudley was excused from the meeting due to illness.

Debate started after a second request for a Class C license from Lottie Brannan on behalf of the Majestic Cafe was received and filed.

To Talk at Donelson PTA

WATERFORD TOWNSHIP—William Shunk, superintendent of Waterford Township Schools, will speak on the present school situation at a meeting of Donelson School PTA tomorrow at 8 p.m. Fifth grade room mothers will serve refreshments.

A cubic foot of platinum, two iron, weighs about two-thirds of

and one-half times as heavy as a ton.

Herbs Relieve Arthritis and High Blood Pressure

Grand Rapids Man Praises Golden Herb Tonic

William F. Kozlowski, 124 LeMay St., S.E., Grand Rapids, Michigan, reports amazing relief from arthritis and high blood pressure. "I was a railroad foreman for 26 years, but I had to retire. I had high blood pressure so bad I thought my head would split, and painful arthritis. Finally, I tried Rings Golden Herb Tonic. Now my arthritis is gone and I haven't had trouble with high blood pressure for months. I feel like a new person and want to go back to work."

Thousands of Michigan folks here, like Mr. Kozlowski, praise the benefits of taking Golden Herb Tonic. You see, Golden Herb Tonic is a scientific blend of 18 of Nature's own powerful herbs, which have long been recognized for their therapeutic value in relieving arthritis, high blood pressure, gullbladder attacks, constipation, jittery nerves and other complaints. Try Golden Herb Tonic today. Ask your druggist for full details. Only \$1.50. Money-back guarantee.

Flame Doesn't Go Out
in Big Sawdust Pile

CHILLICOTHE, Mo. (AP)—Chillicothe has a fire they can't put out.

It started in a big sawdust pile behind an old rake factory. It's been smoldering for years and probably will continue for years to come.

Fire Chief Virgil Lindsey says it won't do any harm if surface debris is kept away.

Kentucky Town
Dreads Rain—
It Can Be Killer

HORSE CAVE, Ky. (AP)—This area is gripped in one of the worst droughts in its history, but nobody prays for rain here. It could turn the community's biggest problem into a killer.

Officials have been seeking a solution for four years, but who wants 45,000 gallons of arsenic trichloride?

The chemicals, stored in large tanks along the Louisville & Nashville Railroad, were left behind after the Shaw Oil Co. closed its offices.

There were no complaints until last summer when leakage from one tank killed vegetation in an

area almost a mile wide. Starved residents in this community of 1,545 were told that moisture reacts on the chemicals by producing hydrochloric acid fumes and a worse byproduct, arsenic oxide.

The city tried to get rid of it but could find no agency to do the job. It even tried the Defense Department.

Only July 9, the County Health Board issued an ultimatum to the railroad and the oil company to get rid of the chemicals within six days. Nothing happened.

Both were indicted later on charges of maintaining a common nuisance but that was no help since the case is yet to be tried.

"We don't know what to do," says Mayor L. H. Vensel. "We've been safe enough in this dry weather, but we don't know what will happen if it ever rains."

To Ask Advice
in Trade Study

Ike's Group Calling In
Adlai and Hoover Over
Foreign Goods Plan

WASHINGTON (AP)—President Eisenhower's 17-member study commission has decided to ask the advice of Adlai E. Stevenson and former President Herbert Hoover in a search for a nonpartisan solution of the foreign trade problem.

The commission, headed by Clarence Randall of Chicago, president of the Inland Steel Corp., scheduled hearings behind closed doors today and tomorrow. It asked for testimony during the two days by Republican Paul G. Hoffman and Democrat W. Averell Harriman, former foreign aid administrators in the Truman administration.

Sen. Bush (R-Conn.), a member of the group, said the commission will open its doors next week for public testimony by Hoover and Stevenson, the 1952 Democratic presidential nominee.

Bush said in an interview he was impressed with an evident determination within the group to reach some sort of agreement on a new foreign trade program that might remove the issue from politics.

"It's going to be difficult to find a formula which will step up our imports and still not threaten individual American industries," he said. "But if there is an answer, I am confident the commission will find it."

Randall wrote interested national organizations yesterday inviting them to submit written statements on their views.

"The commission is anxious to have before it the views of all segments of American industry, agriculture, labor and the general public with respect to the problems which it is studying," Randall said.

Because the commission hopes to report to Congress early next year, he said, it will be impossible to hear witnesses from all affected groups.

Bush said he doubts the commission can finish its work in time for a January report. Recommendations should be ready by March, he said, before Congress is called to act on the Reciprocal Trade Agreements Act.

Congress this year extended the act for one year without major changes.

In setting up the study commission, Eisenhower told members he wanted them to take a "realistic and bold attitude" toward correcting the situation under which the United States annually exports about four billion dollars more than it imports.

Ike's Spending Just Tops Comparative Truman Total

(Editor's Note: The following dispatch gives a progress report on the Eisenhower administration's drive to balance the federal budget. Two subsequent dispatches will tell how the coming tax cuts and possible new taxes fit into the budget picture.)

By LYLE C. WILSON
WASHINGTON (UP) — The Treasury's books showed today the new Republican administration has slightly topped former President Truman's corresponding spending record in the first three and one-half months of the current fiscal year.

The Republicans have collected a bit less in taxes than Truman exacted. And they are further in the red for the 1954 fiscal year so far than was Truman in the corresponding period of fiscal 1953.

The national debt still is rising, and stands today only \$2,000,000,000 below the statutory limit which is \$375,000,000,000.

The Republicans inherited a free-spending, big-deficit budget from Mr. Truman last January. They are having trouble with their spending brakes.

Here are the fiscal year comparison figures from July 1, as of mid-October:

This Year (Rep.)

Expenses \$20,847,000,000

Receipts \$15,094,000,000

Last Year (Dem.)

Expenses \$20,772,000,000

Receipts \$15,247,000,000

Less than a month before leaving office last January, Truman sent to Congress his last budget. It proposed \$78,587,000,000 to be spent in the 1954 fiscal year. The deficit was estimated at about \$10,000,000,000.

Republicans have revised those figures downward to spend about

\$72,000,000,000 for a deficit under \$4,000,000,000.

But the first budget cuts are the easiest. Each additional \$1,000,000,000 squeezed now from government spending will require increasingly greater pressure and inspire increasingly greater protest.

Some recent administration statements sounded like a hint of budget balancing delay beyond the current 1954 fiscal year, maybe in fiscal 1955 or '56.

Political pressure, however, assures some tax reduction of the various taxes scheduled by law to expire in 1954, two will surely go off the books. They are the excess profits tax on corporations and the 10 per cent personal income levy imposed as a Korean War emergency measure.

This missing revenue will further hinder budget balancing and, probably, require imposition of other taxes to make up some or all of the loss.

(Tomorrow's Spending taxes will offset savings so far made toward budget-balancing.)

New Standard Premium does what no other gasoline will do!

*Prevents stalling with a remarkable **DE-ICER** additive.*

Prove it with one tankful!

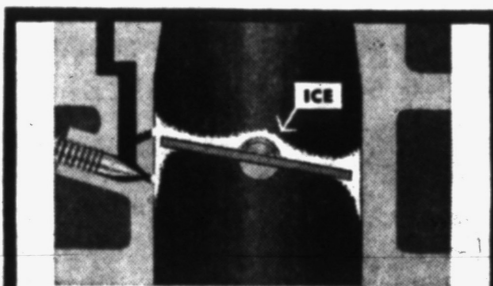

Believe it or not, when your engine quits in traffic at this time of the year, chances are that ice does it. Yes, ice causes cold-motor stalling even on Indian Summer mornings! Carburetor ice! And this amazing fast-freeze is likely to occur when the temperature registers between 58° and 28° above zero!

For years motorists have mistakenly blamed their cars for this cold-motor stalling. Actually no mechanical carburetor adjustment can cure it. But now Standard scientists have solved it. Now New STANDARD WHITE CROWN Premium

Gasoline contains a costly DE-ICER additive. This DE-ICER additive is a built-in anti-freeze that prevents the formation of a thin ice film. Ice that can cripple the action of your carburetor!

Here is fresh proof that you can expect more from Standard and get it. In addition to anti-stalling, Standard brings you a premium gas that is at the highest octane level in its history. And you can't buy a more powerful gasoline!

Your neighborly Standard Oil dealer, who is a member of the finest service team in the country, invites you to stop in

**A THIN FILM OF ICE—
a major cause of engine stalling
from 58 to 28 degrees**

When you press the starter, the gasoline needed for starting and warm-up is vaporized. These vapors are drawn rapidly through the carburetor. This evaporation chills the carburetor below freezing. Chilled metal causes moisture in air to condense and freeze on carburetor parts. A thin film of ice forms on the carburetor throttle plate. Ice shuts off the flow of fuel during idling. Then, when you make a stop, your fuel-starved engine sputters and dies. New STANDARD WHITE CROWN Premium Gasoline contains a costly DE-ICER additive which prevents carburetor ice from forming.

today to get your car ready for Winter, to fill up with New STANDARD Premium. Now you can get the gasoline that does what no other gas will do—PREVENTS STALLING due to carburetor ice.

*You expect more from **STANDARD** and get it!*

Babs on Life of Riley Is Popular Girl on College Campus

-- Today's Television Programs --

Lugene Sanders Has Two Goals

Wants Career on TV, Also Usual Fun, Study at University

HOLLYWOOD—Television starlet by day, college student at night and popular girl-about-campus in her spare time is the program followed by Lugene Sanders, who plays daughter Babs on TV's Life of Riley Friday evenings.

The 18-year-old Lugene, who had always dreamed of two goals—a career as an actress and the fun of going to college—couldn't bear to give up either dream, so she found a way of accomplishing both.

Afraid that living at home with her family in the San Fernando Valley and commuting to the TV studio, and to college would cheat her of a normal teenager's social life, Lugene decided to try the double existence.

Only one thing worried her, and that was the possibility that she might not be accepted as an ordinary college student by the other undergraduates.

"If I were singled out, it would have ruined the whole thing," she says now. "I wanted to be a girl going to college, not an actress playing at going to college." Fortunately, this proved to be no problem.

Lugene's program duties—studying scripts, late rehearsals and other TV procedures—make no difference in her college routine.

She is expected to keep up her grades and to conform to dormitory rules insofar as getting in on time is concerned.

For instance, all freshmen must be in the dorm by 10:15 p.m. on week nights, and in Lugene's case late television rehearsals are no excuse. Her date nights are limited

STAR BRIGHT—With hopes set high, two young starlets, Joyce Holden (left) and Amanda Blake have invaded TV-land. Already scoring as new movie actresses, the two girls have appeared on Ford Theater presentations. They plan to delve more deeply into the dramatic possibilities of television.

also to Friday, Saturday and Sunday nights.

"Babs Riley" is definitely an average college student with one exception. She may be a theater arts major, but she never participates in school plays.

"If I had one more script to memorize, I'd go off the beam," she says.

Snow Piles in Colorado

DENVER—Heavy falls of snow covered the high areas of western and southern Colorado yesterday. Wolf Creek Pass in southwestern Colorado had up to 6 inches.

Canada imported 20,951,288 tons of soft coal from the U. S. in 1952.

How About a Recount?

MINISINK, N. Y. —This is a rather sparsely populated town. Four polling inspectors presided at a recent primary election, and six voters were cast—those of the inspectors and two other persons

who showed up. The counting, which didn't take long, showed three Republicans and three Democratic votes.

Florida's Myakka River state park has 27,000 acres.

PERTUSSIN's fast-acting formula works internally to relieve coughs of colds and loosen sticky phlegm. It's so safe and effective thousands of doctors have prescribed PERTUSSIN.

Dulles Says Three Leaders Worked on Unified Policy

NEW YORK (U-P)—Secretary of State Dulles says the recent foreign ministers meeting in London "sought unifying principles which might relax tension" in the world but "avoided platitudes without practical relevancy."

Dulles adds that what the meeting did not do is as important as what it did do, asserting: "We did not undermine the moral strength of the free world by resort to measures of short-range expediency."

The secretary of state, in a speech last night at the 22nd annual New York Herald Tribune Forum, gave a panoramic view of the talks he had at London with British Foreign Secretary Eden and French Foreign Minister Bidault. Dulles returned Monday from the meeting.

One of the chief results of the London sessions was the sending to Russia of a proposal for a meeting of foreign ministers at Lugano, Switzerland, Nov. 9.

"This proposal," Dulles said last night, "will provide an answer to whether the Soviet government is willing to have a meeting on terms which will provide an actual testing of its intentions in terms sufficiently concrete to be significant."

Indians Await Official; Tired From Own Trips

FLAGSTAFF, Ariz. (U-P)—Glenn L. Emmons, U. S. commissioner of Indian affairs, can see the Hopi Indians on his Western tour next month, but he'll have to go to them.

"We have worn out our shoes running to see officials," said Andrew Hermeguetewa, a spokesman for the tribe's traditional leaders. "Now they can come to see us in our villages."

Emmons had announced he would stop in Keams Canyon on the Navajo reservation to see Navajo and Hopi leaders.

A-Blast in Australia

CAMBERRA, Australia (U-P)—An authoritative Australian source says the British will set off another atomic explosion—their third—at Woomera rocket range within a few days. No observers will be present.

Thursday Is Baked
CHICKEN PLATE LUNCH

"That is the single project now before the Soviets. Their decision in relation to that is what we now await. We hope that the answer will be affirmative. In any event it will be revealing."

Dulles said a meeting on the foreign ministers level was proposed since "it is our view that few things would be more dangerous than a meeting which produced illusion of agreement without the reality of agreement."

British Prime Minister Winston Churchill has suggested a meeting of heads of state of Britain, France the United States and Russia.

The secretary of state made these comments on other decisions reached at London:

Trieste—"A new concept is in the making which could bury these bitteresses. It would draw Yugoslavia together with Italy and the other NATO allies in a common strategy designed to ensure the safety and well-being of south Europe. Yugoslavia cannot be sure as an independent nation without association with its NATO neighbors."

The Western ministers believe their decision to relinquish the administration of Zone A of Trieste to Italy "will pave the way to a final peaceful solution."

Korea—"The division of Korea is wrong and, unhappily, there are similar wrongs elsewhere, as in Germany, but new war is not the way to right such wrongs. They should be made to respond to peaceful treatment applied with

Banana Oil Working for Pair on Credit

By BILLY ROSE

Some years back I did a column in which I orated that society would come to a dead stop without a little banana oil to grease the wheels.

Well, yesterday at lunch I heard a story which backs up this two-for-a-nickel observation. It came about this way . . .

I was finishing my coffee at Sardi's when an old-time actor I'm going to call Ernie Harrison stopped by to say hello.

"How's tricks?" I said.

Can't complain, said Ernie. "I'm on TV BILLY ROSE

two or three times a month and I'm talking to the Theater Guild about a play they're planning to do. In the meantime, my wife and I are taking it easy up in Westport."

"Isn't it pretty expensive up there?" I said.

"Not really," said the actor. "We own the house we live in and Effie is an awfully good manager. As for keeping up with the Jones, we've worked out a little system which makes the neighbors think we're rolling in money."

"What system is that?" "It's an innocent enough bluff," said Ernie. "Several times a month one of the big Fifth Avenue stores sends a truck up to the house and drops off a bunch of fancy packages."

"In a town like Westport where women spend a good part of the day at their windows, that kind of show makes a big impression."

"How about the bills at the end of the month?"

"Well, as you know," said Ernie, "a department store only bills you for the stuff you keep. So, before the month's up, we return most of the packages."

"Our system is to keep the little ones and send back the big ones. The neighbors, of course, never pay any attention to what goes out of the house."

"Don't the stores kick about so many returns?"

"Very seldom," said the actor. "With the exception of one case call our system has worked like a charm."

"Tell me the case," I said, wiggling the waiter for more coffee.

"It happened last winter," said Ernie, "when the missus bought herself a \$3.50 mink coat."

"Using The System?"

"Naturally," said the actor. "The coat was a beauty and for several days, Effie had a lot of fun showing it off to her friends."

"The close call came a week later when she refused to send it back. Said she was crazy about the coat and, besides, there'd be a lot of talk if she stopped wearing it. I tried to argue, but you know how it is when a woman meets up with a mink."

"You might have sneaked it back when she wasn't looking," I said.

"That's what I was planning to do," said the actor, "but the way it turned out, it wasn't necessary."

"Santa Claus come down the chimney?"

"In a manner of speaking," said Ernie. "A couple of nights after the argument, Effie wore the coat to a party out on Long Island, and during the evening a burglar

got into the clothes closet and stole all the furs."

"How did that help?" I asked.

"Fortunately," said the actor, "our host carried plenty of burglary insurance, and when I presented the bill and proved it was a new coat, the company gave me a check for the full amount."

"And everybody lived happily ever after," I said.

"That's about it," said Ernie. "My wife was happy—she didn't have to do any explaining because the neighbors knew the coat had been stolen. The store was happy—I paid them the \$3.50. And I was happy—my credit rating was better than ever."

"Nice going," I said. "Glad to hear the old banana oil is still working."

"Don't know what I'd do without it," said the actor. "Matter of fact, I'm meeting Effie over on Fifth Avenue later, and we're having the same store send out a grand piano."

(Copyright, 1953)

Dozen Diseases in County Report

Number of Cases for Area Relatively Small, Report Shows

An even dozen diseases struck Oakland County last week, according to Oakland County Health Department—but numbers of cases were comparatively small.

The weekly report, released by Dr. John D. Monroe, shows nine new cases of measles compared with one the week before.

Six cases of polio were reported, as against eight the preceding week; bringing 1953's total to 182 cases.

The department's complete report, which covers all county areas except Pontiac, reads as follows:

Disease	Week Ending Oct. 10, 1953	Week Ending Oct. 3, 1953
Chickenspox	1	0
Measles	9	1
Polio	6	8
Scarlet fever	0	0
Tuberculosis	0	0
Whooping cough	0	0
Mumps	0	0
Scarlet fever	0	0
Diarrhea	0	0
Shingles	0	0
Rheumatic fever	0	0
Bacterial dysentery	0	0
Shingles	0	0

Few cases of most diseases were reported to Pontiac City Health Department last week.

The weekly report, also released by Dr. Monroe, lists two cases of polio—the same as the week before—and one case of chicken pox, the first in two weeks.

The listings follow in full:

Disease	Week Ending Oct. 10, 1953	Week Ending Oct. 3, 1953
Chickenspox	1	0
Measles	9	1
Polio	6	8
Scarlet fever	0	0
Tuberculosis	0	0
Whooping cough	0	0
Mumps	0	0
Scarlet fever	0	0
Diarrhea	0	0
Shingles	0	0
Rheumatic fever	0	0
Bacterial dysentery	0	0
Shingles	0	0

3 Iranians Executed

KHORRAMSHAHR, Iran (AP)—A firing squad executed three Iranian navy enlisted men at dawn yesterday on conviction of having tried to set fire to the warship Babr, on which they were assigned.

Turkish Troops Appear Strong

Late Maneuvers Show They're No Pushover in Any Red Attack

GALLIOLI, Turkish Thrace (AP)—Allied observers who watched the Turkish army go through its paces in recent maneuvers here are convinced: the Turks won't be a pushover for anybody if war comes.

Turkey has a 450,000-man army, ample reserves and a growing air force that now numbers 20,000 men. Forty per cent of the Turkish budget goes for defense.

The swarthy Turk is a rugged soldier, well-trained, well-equipped and disciplined. He's quickly learning how to get the most out of his American fighting tools.

More important, the Turks hate the Russians. It's a traditional hatred, dating back centuries in the time of the czars, and Turk soldiers are not allowed to forget it.

The Turks have a 1,000-mile land and sea frontier with Soviet Russia and Bulgaria. The "imaginary enemy" used the same routes in recent maneuvers that Russia has used for centuries to invade Turkey.

The maneuvers, dubbed Operation Weldfast, were aimed at testing Turkish and Greek defenses along these routes and the speed with which their NATO allies could bring aid in event of an invasion.

Weldfast also underlined the tough job facing Turkey and Greece in defending Thrace against a Soviet attack at southeastern Europe.

The treeless rolling plains of Turkish Thrace are ideal for tank warfare, and Allied military leaders don't think the Kremlin would be stupid enough to attempt an invasion without superior mechanized forces.

To protect the Bosphorus and the area around the Golden Horn, the Turks have built up the Chataldagi Line, which cuts across a narrow isthmus from the Sea of Marmara to the Black Sea, 40 miles northeast of Istanbul.

If Russia struck, the Turks probably would fall back on this line, leaving Thrace to the invaders.

Add 21 New Books to Pontiac Library

Twenty-one recent books have been received by Pontiac City Library, according to Librarian Adah E. Shelly. The books, including fiction and non-fiction works, are:

Adult Fiction
Apple on a Pear Tree, John Burrell
Five Windows, D. E. Stevenson
The Four Lives of Mundy Tolliver, B. L. Burman
Goodbye, Summer, Ailsa McKay
Home to Kentucky, A. L. Crabbe
A Mirror, M. E. Smith
Intruder from the Sea, Gordon McDonald
Lord Vanity, Samuel Shellaharger
Mara Daughter of the Nile, E. J. McCarroll
No Vacation for Mairgret, George Simenon, pseud.
A Place to Stand, Ann Bridge, pseud.
The Splendor Falls, Norah Burke
Vanishing Point, Patricia Wentworth, pseud.

Adult Non-Fiction

Mischievous to Pay Window Artists

Kiwanians, City Offer Prizes for Halloween Artistry

Halloween window painters in Pontiac are getting a chance to collect cold cash for their mischief this year.

The Kiwanis Club and the city's Parks and Recreation Department are sponsoring a "window painting contest" for all junior and senior high school students in the city from Oct. 26 to 30.

Saginaw street merchants are co-operating in the project by donating window space to the Halloween artists, according to David R. Ewalt, parks and recreation director.

The contest is being incorporated into the city's annual Halloween program.

Cash prizes of \$20, \$15, \$10 and \$5 will be awarded the first four winners in both the junior and senior high divisions, Ewalt said. Contestants may complete either individually or in groups, he added.

Participants must register with Parks and Recreation Department office, 35 Hill St., he explained, and be assigned definite window space for painting. Contestants should register immediately to be sure of obtaining space.

According to Ewalt, picture content can be related to Halloween, Thanksgiving, Christmas and other appropriate fall and winter themes.

Contestants must provide their own painting material (powder water colors mixed with a cleaning powder and water). Pictures will not be larger than 3x5 or 4x4 feet, said Ewalt.

Additional information is available upon registration. Present plans call for paintings to be judged Oct. 31, with winners announced Nov. 2, Ewalt explained.

JIM AND FRIENDS—Jim Williams is shown at his drawing board, surrounded by some of his famous "Out Our Way" characters—the mother of Why Mothers Get Grey; Curley, the cowboy; a group of his kids; the Worry Wart; the Bull of the Woods. The popular personages appear in The Pontiac Press in Williams' daily comic panel.

Homespun Philosophy

Picture of American Life Gives Key to Popularity of Jim Williams' Cartoons

America's best loved comic artist, J. R. Williams, is the subject of a current magazine article, which discusses his popular characters and his method of creating his popular product.

Williams is the man who created "Out Our Way" one of the most widely-read comic panels of all time and a regular feature in The Pontiac Press. He has been drawing this comic for 31 years and often has been called the Will Rogers of the comic pages.

The article appears in the Oct. 24 issue of the "Saturday Evening Post" and is by Richard Thruelsen, associate editor of the post.

NEA Service (Newspaper Enterprise Association) back in 1922, fresh from a machinist's job in Alliance, O. His drawings now appear in approximately 750 daily newspapers and 325 Sunday papers.

Writes Thruelsen, who interviewed Williams in his home just

outside Pasadena, Calif.: "What makes Jim Williams' cartooning unique is not its longevity or its popularity . . . but its apparent simplicity."

For three decades Williams has been entertaining a constantly growing audience with his observations on the commonplaces of American life—the joys of boyhood in a small town, the exuberance of middle-class family living, the earthy humor which lightens the routine of a working ranch, and the lunch-pail philosophy which animates our factories and machine shops.

Williams has never employed the suspense of a running narrative to hold his audience and he has always avoided the sexy heroines, the space ships and the slapstick situations which characterize many strips.

"The typical Williams panel is a compound of gentle caricature, homespun philosophy and nostalgia for the days before this century came of age."

Before he began his career as a cartoonist, Jim Williams' life had been an almost unbelievable record of adventure and excitement. He has been railroad fireman, cowboy, mule-skinner, cavalryman, prize fighter, policeman, machinist.

All this is still a part of him. It informs the philosophy and background without which there probably never would have been an "Out Our Way."

Many a writer has taken a fling at "doing a piece" about Williams, but the cartoonist's friends say Thruelsen has written by all odds the best one.

In commenting on a remark Jim made to him during one of his interviews (Jim had said, "I was a good all-around machinist"), Thruelsen writes:

"For a man who exhibits an almost oppressive sense of modesty, this admission comes as a shock. 'Though Williams is aware of the fame his cartooning has brought him, he shrugs it off as embarrassing evidence that people are wont to make too much of too little.'"

"On the subject of his other achievements and experiences, Jim is constantly depreciative—he was just another ranch hand, a troubleshooter, a typical preliminary boy, and, in later years, a failure as a rancher. But a good machinist."

"The Facts—Talk in the U. N. has:

"1.—Got Russian troops out of Northern Iran.

"2.—Helped Indonesia bring her struggle for independence to a peaceful and successful conclusion.

"3.—Ended a shooting war in Palestine.

"4.—Is keeping peace between India and Pakistan.

"The U. N. is a place to help people talk out their problems, not shoot them out."

Donors Sought by Red Cross

Bloodmobile Will Stop in Pontiac for Two Days Next Week

An appeal went out to Pontiac area people today to turn out for the first community-wide American Red Cross bloodmobile visit here in two months.

The mobile unit will roll up to Pontiac Elks' Temple, 114 Orchard Lake Ave., next Monday to take blood donations from 2 until 8 p.m. Oct. 26-27. Needed are 250 donors a day.

"The need for blood is urgent," Mrs. N. E. Durocher, North Oakland blood donor recruitment chairman for Oakland County Chapter, American Red Cross, said today.

"Thousands of servicemen are in hospitals trying to recover the health they lost in combat. We need a backlog of blood for defense, for gamma globulin to stave off the paralysis of polio, for the day-by-day needs of local hospitals caring for our sick or injured neighbors."

Anyone who can give blood is urged to call the Red Cross office, Federal 4-3575, between 8:30 a.m. and 5 p.m. today through Friday to make appointments for the visit. Mrs. Durocher appealed to chairmen of local blood banks to contact as many donors as possible.

Super Jet Test Shatters 33 Plate Windows

PALMDALE, Calif. (AP)—The airport's plate glass windows, as well as the sonic barrier, were shattered during the first public demonstration of the Air Force F100 super Sabre fighter plane.

The successor of the F86 Sabre jet, which won fame in Korea, traveled more than 12 miles a minute yesterday before an audience of nearly 100 persons.

Test pilot George Welch boomed through the atmosphere and the sonic barrier at a speed exceeding 720 miles per hour in North American aviation's new supersonic jet.

Pressure waves reverberated with explosive force as Welch pulled out of his supersonic dives. A wooden upright, 4x4 inches, was cracked and six big plate glass windows flew apart in the airport administration buildings. Twenty-seven smaller windows also were broken, but no one was injured.

In this community, four miles from the airport, the sonic explosions rattled dishes as Welch put the super Sabre through four power dives from 15,000 feet to 1,000 feet, where he pulled out to streak across the field about 100 feet above ground. His top speed was not announced.

Fastest announced speed of the super Sabre is 760.1 miles per hour, established recently at Salton Sea.

Home Front Trouble

ELK CITY, Okla. (AP)—Glenn Whitley was being razed for being late to a stag party. His explanation: "I have one car and one daughter. And I have one wife and one bathroom. I'm lucky to be here at all."

\$60,000 Costs Set by Willman

Location to Be Corner Glenwood and Rundell, \$48,000 on Hand

Pontiac City Commission last night decided to receive bids for a new northside branch library Nov. 12, after hearing a plan and cost estimate presented by City Manager Walter K. Willman.

Including the architect's fee, Willman set construction costs at \$60,000. He said \$48,000 was available now and the additional \$12,000 could come from the 1954 budget.

The new library facilities would be located at Glenwood Ave. and Rundell St., according to Willman.

A community room and workshop should be included in the basement and the site will provide ample parking space, he said.

The building would be the first library construction undertaken by the city.

The Commission held public hearings and confirmed special assessment rolls for the following construction projects:

Straight curb, curb and gutter and related work on Deland court from Oakland to Murray.

Two inch blacktop on Nebraska from Franklin road to Howard.

Storm drain on Center from Osun to north of Park Place.

Storm drain on Center from Auburn to south of Judson.

The Commission also confirmed the special assessment roll for construction of curb and gutter on Monterey from Omar to Mt. Clemens.

Public hearings were held and confirmation deferred on special assessment rolls for construction of:

Curb, gutter and related work on Center from Osun to Cottage.

Curb, gutter and related work on Center from Auburn to Whittemore.

The engineer's estimate was accepted and Oct. 27 set for the public hearing on intention to construct sidewalk on the west side of Joslyn from Columbia to Walton.

A public hearing was held on intention to construct and special assessment rolls authorized for Oct. 27 on construction of a sanitary sewer, pumping station and related work in:

Brooklyn from Stanley to POHN Railroad.

Chicago from Carlisle to POHN Railroad.

The special assessment roll was accepted and set for public hearing Oct. 27 on construction of a water main in Crescent from Mt. Clemens to Belvidere.

The Commission set Nov. 17 for public hearing and final action after first reading to the following rezoning ordinances:

To rezone outlot "A" of Washington Park subdivision to commercial 1, with provision for a 20-foot alley dead.

To rezone to commercial 1, the rear portion of lots 1 and 2 of assessor's plat 47 with land provided for a future alley.

To rezone to manufacturing 1, part of section 13, bounded on the west by the eastern line of Belt Line Railway; on the north by northern line of Perry; east by the western line of Oldlands and north by the centerline of section 15.

To rezone to commercial 1, lot 159 of assessor's plat 133 providing a 20 foot alley is dead.

To rezone to commercial 1, lots 1 and 2 of assessor's plat 103 providing a 20 foot alley is dead.

The Commission held public hearings and approved the following rezoning ordinances:

Rezone to commercial 1, lots 11 through 49 of Dupont Heights subdivision.

Rezone to residential 2, lots 13 through 18 and 11 through 16 of Perry addition.

No action was taken following a public hearing on an ordinance to rezone to residential 3, lots 60 through 106 of Linda Vista subdivision.

Commissioners approved transfer of an SDM license at 10 Center St., from Joe H. Gibson to Ethel and Donna Stottelmyer, and approved dropping of a partner, Charles J. Rumohr, from SDM license at 340 Osun St.

The Commission rejected an offer of \$1,100 from Chauncey Costello for purchase of property on LeGrande avenue as insufficient.

A request for approval to operate a small drop-off and pick-up laundry at 63-65 E. Howard St. was referred to City Manager Willman.

Following a request from the Hawthorne School Parent Teacher Assoc. public necessity was declared for 700 feet of sidewalk at the new Hawthorne School at Telegraph Road extension and West Walton.

Commissioners unanimously approved a resolution to the family of the late Clare Seery, honoring his memory.

Freighters in Dry Dock

CLEVELAND (AP)—Thirty vessels from the Great Lakes are carrying fleet already have been laid up for the winter and 10 more probably will be taken out of service in the next two weeks.

A heavy schedule of ship repairs is partly responsible for the early layups. Another reason is lack of storage space on lower lake docks.

October Is U. N. Month

Mayor Proclaims United Nations Day; Council Gives Program Tonight

The month of October has been designated as United Nations Month, when special educational programs on the goals and work of the U. N. will be presented in various cities and towns.

Mayor Arthur J. Law has proclaimed Oct. 24 as United Nations Day in Pontiac. A United Nations Family Night program will be given in the Pontiac High School tonight.

In making his proclamation, Mayor Law said:

"I believe in the principles of the United Nations and have faith in its ability to bring about peace in the world. We hope all Pontiac citizens will join in prayers for the success of this organization."

Mrs. Fred L. Haushalter, chairman of the Pontiac United Nations Council, which is sponsoring the program here tonight, has called attention to a recent release by the Church Peace Union (170 E. 64th St., New York) which lists frequently-heard criticisms of the U. N., and gives replies to the criticisms.

A number of the quotations follow:

"The Fallacy—The United Na-

tions designated to destroy U. S. sovereignty.

"The Facts—The U. N. is based on the principle of the sovereign equality of all its members.

"Nothing contained in the present charter shall authorize the matters which are essentially within the domestic jurisdiction (authority or sovereign power) of any state. . . U. N. Charter, Chapter I, Article 2)

"The U. N. is made up of independent sovereign states, and cannot make our country do anything it does not wish to do.

"The Fallacy—The U. N. Charter threatens the destruction of our constitution.

"The Facts—The U. N. charter is a treaty that was ratified by a Senate vote of 89 to 2.

"The Supreme Court of the United States ruled: 'The (treaty) power does not extend as far as to authorize what the Constitution forbids' (Askura vs. the City of Seattle).

"Any treaty, whether drafted into the U. N. or not, needs a two-thirds vote of the Senate to ratify it as well as the signature of the President.

"The Fallacy—The U. N. is a nest of Communist spies.

"The Facts—There is nothing to 'spy' on in the U. N. All its debates and decisions are open to every member. Nothing in the United States' U. N. headquarters agreement prevents the U. S. from prosecuting for espionage or subversion any of its own citizens employed by the U. N.

"The Fallacy—The U. N. is controlled by Soviet Russia and Communists.

"The Facts—No major Russian proposal in the U. N. has ever been able to overcome the opposition of the U. S. and the free world. Russia can rarely count on more than 5 supporting votes out of the 60 in the General Assembly of the U. N.

"The Fallacy—The U. N. dragged the U. S. into the Korean struggle.

"The Facts—When North Korea crossed the 38th parallel, the United States asked the U. N. to take action. June 25, 1950: The U. N. declared North Korea the aggressor. June 26: The United States ordered its armed forces into action to aid South Korea. June 27: The U. N. passed a reso-

lution introduced by the U. S. calling for collective action against North Korea by U. N. members.

"Sixteen U. N. member states supported this action with armed forces; two-thirds of the men under arms in the U. N. forces were South Koreans.

"The Fallacy—The U. N. can send American boys to fight anywhere any time.

"The Facts—The U. N. has no power to force any nation to send armed forces anywhere. Armed forces in Korea were sent by their own governments.

"The Fallacy—The U. N. does not name God in its Charter, does not open its meetings with prayer, and is therefore atheistic.

The Facts—The Constitution of the United States does not name God. Does that make the United States atheistic? The U. N. General Assembly opens its meetings with a moment of silence, so that each member may offer silently his own prayer. A prayer room for delegates and employees is open at all times for meditation or prayer.

"The Fallacy—The U. N. costs too much. It is a heavy burden for the U. S. taxpayer.

The Facts—The cost of the United Nations to the American taxpayers was actually 62 cents a person for the fiscal year of 1952. The dollar cost was just under 98 millions. Almost 60 per cent of this was in voluntary contributions for relief work in Korea and the Middle East.

The regular program of the U. N. and its agencies cost is about 16 cents a person, as compared to our military budget of \$60 billion, or \$400 a person for the same period.

Growers Told to Keep Eye on Women

RALEIGH, N. C. (INS) — Produce growers are being pictured as men whose livelihood depends upon understanding that perennial enigma, woman.

John H. Harris, self-styled "Tar Heel Gardener" maintains that the housewife's purchases determine which variety of potatoes, apples, grapes and flowers are grown.

The opinion of the produce dealer, he warns, may not be worth a cent. His business depends upon understanding what women want.

Harris pointed to a report at a recent meeting of the Brushy Mountains fruit growers to prove his point.

"Produce buyers there said 'give us deep red apples. Color is the thing with the housewife!'"

The gardener recalled that he once grew white gladioli for sale because they were his favorite variety.

But the housewife demanded reds and pinks primarily.

"Take sweet potatoes," he continued. "The housewife wants a medium size (cooks quickly) smooth, clean and usually a deep copper skin colored potato. If you are smart, that's what you'll grow. So it goes through the list of fruits and vegetables."

Harris observed that few housewives know varieties, but buy mostly by size, shape, color and general attractiveness.

Last, but not least, the product must taste good.

Mary Margaret McBride Says:

Mirth Dissolves Gloom; Tomorrow Looks Bright

It was one of those days. I knew it the minute I opened my eyes to the gray morning. It was Monday and in the park across the way I could see late fall banana skins and scattered newspapers, part of a municipal picture that has caused at least two important women in the past year to call New York the dirtiest city in the world.

Like the idiot I am, I stepped on the bathroom scales first thing. The news was worse even than I expected, until in a great burst of enlightenment I remembered the two helpings of Paula's luscious almond soufflé night before last (it takes two days for such derelictions to reveal themselves).

I proceeded to my meager tea-and-one-piece-of-toast breakfast and the headlines. No balm there—discord, dishonesty, tragedy all over.

The telephone rang. A reproachful voice reminded me that I'd failed to keep my promise to appear there. I ate humble pie and murmured maledictions against secretaries.

I turned again to my newspaper only to find that my reading glasses had simply walked away. One minute they'd been right there in plain sight. The next they'd hidden themselves in the malign manner that inanimate objects have on such days.

Grimly, I made do with my extra pair of glasses, though the frame always digs into my nose, leaving red marks that last for days.

Dismally, I began to dress. An important zipper stuck—why do I ever wear zippers? Then a button popped off—buttons are as bad as zippers. This one rolled under the dresser and may be there yet for all I know.

Next it seemed some imbecile had carefully rolled together a pair of stockings presumably ready for wearing and both had enormous runs down the front. Dressed, I realized that my feet hurt even that early. It was all of a piece with the way the world was treating me.

All day long everybody and everything seemed to be conspiring against me. Typewriters stuck, pencils snapped their points, pens ran dry, people were not only late for appointments but behaved stubbornly and boorishly when they did turn up. My feet kept on hurting.

An unbearably cocky messenger delivered an artfully involved letter, the gist of which was that I was not going to get something I wanted very much. And I answered three wrong numbers on the telephone while I was trying to read between the lines.

All the while I seemed to myself to be behaving with admirable calm and poise, only every few minutes or so breaking into rages and/or tears.

Well, the philosophers are right—everything passes. Even one of my eyes. A small boy with a large box arrived—a wonderful, sweet-smelling mass of yellow roses. I accepted these with a stony-faced dignity indicating that I felt it was a poor enough recompense for my tribulations.

Besides, my feet were really

Long Call on Relatives Not Proper

Houseguests Rude in Leaving Hosts' Home for an Hour

By EMILY POST

Today a letter explains: "Last week my husband and I spent the weekend with friends who live in the suburbs. My husband has relatives who live not too far from these friends.

"As we hadn't seen these relatives for a long time and we don't get out that way often, we thought it would be a good idea to pay them a visit while we were in that vicinity, so Sunday after lunch we drove over to see them.

"We told our hosts where we were going and said we wouldn't be long. We were gone about an hour and when we returned our hosts seemed rather cool, and I'm very much afraid she thinks we were rude for leaving while we were her guests. Were we wrong, Mrs. Post?"

Answer: Explaining to the hostess, "I think we really ought to go to say hello to Aunt Mary," going and coming back quickly would be quite all right. But staying an hour was not very courteous to your hosts.

Dear Mrs. Post: We are a group of six young married women who meet once a week at each other's houses. Sometimes we play cards, sometimes we sew or just sit around and talk.

One of the members told me the other day that her sister-in-law mentioned that she would like to join the group and that she was thinking of asking her to the next meeting.

Several of us know the sister-in-law, but only slightly, and do not think she would fit in with the group as she is several years older than most of us and is very stand-offish.

How can we tell this member that we do not want her sister-in-law in the group without offending her, or the sister-in-law? Your help will be appreciated.

Answer: The thing to do is to invite her occasionally and see how you like her. Then if you find you like her very much, invite her to join. If not, stop asking her.

Dear Mrs. Post: A friend of mine has just adopted a baby which is only a few days old. Would it be proper to send her a printed card of congratulation such as the ones sent to new parents on the birth of a baby?

Answer: Certainly, why not?

Lanolin is the new ingredient in this wave lotion. Formulated to help give the hair body, it makes it soft, lustrous and easy to comb. The new lotion dries quickly and will not dull or flake hair.

UM Women Hold Tea on Tuesday

Mrs. Collis Scott Opens Her Home for 75 Guests

Seventy-five guests attended the get-acquainted tea for University of Michigan women held Tuesday at the home of Mrs. Collis A. Scott on Franklin boulevard.

The affair was held from 2 until 5 o'clock.

Mrs. Vernon C. Abbott was in charge of the tea table which was centered with a low bowl of lavender chrysanthemums flanked by orchid candles in silver candelabra.

Presiding at the table during the afternoon were Mrs. Cecil McCallum, Mrs. Robert H. Baker, Mrs. Conrad N. Church, Mrs. Frank Steere, Mrs. Harry J. Richards and Janet Heitsch.

Others assisting the hostess were Mrs. Carroll Braid, Mrs. William Gordon, Grace Heitsch, Iva Price, Mrs. W. O. Roeser, Mrs. Norman Roth, Mrs. Robert B. Tarr, Mrs. Paul Taylor and Mrs. Martin Wager.

President Mrs. Abbott announced that the first meeting of the University of Michigan Alumnae Club of Pontiac will be held at the home of Mrs. Tarr on West Iroquois road Oct. 27.

MR. and MRS. WILLIAM D. ROWE

Etta Faye Floyd Married

Honeymooning in the Eastern states are Mr. and Mrs. William D. Rowe, who were married Saturday evening in Silvercrest Baptist Church. On their return they will reside on Whittemore street.

The bride, the former Etta Faye Floyd, is the daughter of Mr. and Mrs. John T. Floyd of Cameron avenue and the Thomas S. Rows of Baldwin road are the bridegroom's parents.

For the 7:30 candlelight ceremony the bride chose a gown of white Chantilly-type lace over satin with a basque bodice, long fitted sleeves, and scalloped lace outlining the illusion neckline.

A peplum of tulle accented the full tulle skirt, which ended in a cathedral train. A seed pearl and lace headpiece held her nylon veil, and she carried a white bouquet of an orchid, chrysanthemums and roses.

Mrs. James A. Slankard was matron of honor in Nile green lace and chiffon over satin, and bridesmaids Maxine Verwey, Mary Jo Brannon and Euline Morgan wore similar gowns in pastel shades of pink aqua and yellow with matching bouquets.

Flower girl Theresa Turner wore yellow net over taffeta and carried a basket of rose petals.

Spencer Rowe Jr. was best man for his brother, and ushers included

Gene Hawkins, James Slankard and Elmer Wassmiller.

Eugene Slankard was ringbearer for the double-ring ceremony. Receiving guests in the church parlors following the ceremony, the bride's mother was dressed in navy blue with white accessories and Mrs. Rowe wore gray with black accessories.

The bride later donned a brown suit with brown accessories and the orchid from her bouquet, for the wedding trip.

MAYNARD J. KLEIN

UM Professor to Direct at PHS

Guest conductor for the seventh annual fall vocal clinic of the Pontiac High School Vocal Department will be Maynard J. Klein, associate professor of choral music and director of university choirs at the University of Michigan.

The concert will be held Nov. 2 in the high school gymnasium. Prof. Klein first came to the university in 1924 as a lecturer on choral music, and has since been director of the school of music for the summer session. He has been director of choirs at Interlochen since 1943. He returned to Ann Arbor in 1948 as associate professor of choral music.

He has acted as guest conductor and lecturer in choral music in several universities throughout the country and has conducted music festivals in several states. Taking part in the program will be the six Girls' Glee Clubs, the Boys' Glee Club of 130 voices, the A Cappella Choir, the Senior Girls Ensemble and the massed chorus.

Group Entertained by Mrs. John Main

Mrs. John Main was hostess to the January-March Group of the First Presbyterian Church Tuesday at her home on West Iroquois road.

Assisting the hostess were Mrs. E. H. Vogel, Mrs. C. H. Tompkins and Mrs. Albin Anderson. Devotions were given by Mrs. Lois McCann. Several money-making projects were outlined and announcement was made of the Nov. 17 meeting.

Cranbrook Alumni Plan Homecoming

Sports events, campus decorations and a reception will highlight annual homecoming festivities for Cranbrook alumni Saturday.

Centering around soccer and football games with Shadyside Academy of Pittsburgh, the day's program will begin at 10 a. m. with a luncheon before the football game.

French Room to Be New Feature

Christ Church Arranging Oct. 29 Sale

By RUTH SAUNDERS
BLOOMFIELD HILLS — Mrs. J. Thomas Smith and Mrs. James B. Bragaw are co-chairmen of the semi-annual rummage sale at Christ Church Cranbrook Oct. 29. An innovation this year is a French Room and for the first time there will be no preview of articles to be sold.

Assisting the chairmen are Mrs. Fred Sanders, Mrs. J. O. Wright, Mrs. Max Fruhauf, Mrs. Roy E. Stringer, Mrs. Richard Wagner, Mrs. Thomas Evans, Mrs. Beverly Boud, Mrs. Ormond Wessels, Mrs. J. W. Beal and Mrs. Robert Pease.

Mrs. Edward T. Bennett, Mrs. Thomas H. Adams, Mrs. C. E. Weir, Mrs. Raymond P. Fohey, Mrs. Frank Dalton, Mrs. Myron E. Snyder, Mrs. Carl W. Meyer, Mrs. Aaron Webster, Mrs. David Burton, Mrs. Milton F. Coulson Jr., Mrs. Hugh Ralston and Mrs. Robert C. Frick are other helpers.

Mrs. William L. Mahon will be hostess for luncheon Saturday at Orchard Lake Country Club honoring her niece and namesake, Eloise Day. Eloise will be married Nov. 28 to Nelson B. Noland of St. Clair Shores.

Guests will include Mrs. Vance H. Day, mother of the bride-elect, Margaret Barton, Mrs. Carl O. Barton, Anne Bennett, Mrs. Clark Bennett, Mrs. Horace C. Ford, Mrs. Warren S. Booth, Mrs. T. Norville Hubbard and Susan Hubbard.

Mary Stringer, Mrs. Roy C. Stringer, Mrs. Muir K. Lind, Mrs. Richard J. Jones, Mrs. George T. Trumbull Jr., Mrs. John G. Wood, Mrs. Vera Eisenhart, Mrs. Melvin J. Kates, Mrs. Thomas H. Wilson and Mrs. O. L. Beaudette also are invited.

Mr. and Mrs. Edwin J. Anderson flew to California Tuesday for a two-week stay. They will be joined there Sunday by Mr. and Mrs. William D. Downey and their son, Bill, of Birmingham and Mr. and Mrs. Arthur R. Hoffman, Mr. and Mrs. Ray Whyte, Mr. and Mrs. Oscar Olsen and Mr. and Mrs. Hascall Bliss of Detroit.

The group will attend the Detroit Lions football games in San Francisco and Los Angeles.

Mrs. William T. Gossett and Mrs. R. Jamison Williams were hostesses at a luncheon in the Gossett home on Tuesday.

Mr. and Mrs. Charles C. Otto will entertain at a cocktail party Sunday afternoon following the christening of their small son.

C. C. Otto III. The ceremony will take place in St. Hugo of the Hills Church.

Mrs. Ralph L. Polk will open her home "High Gate" next Wednesday for a musical tea to benefit St. Joseph Mercy Hospital's clinic.

Mrs. Dorothy K. Roosevelt has arranged the musical program and Mrs. Walter Williams is in charge of the tea. Her assistants are Mrs. H. Guy Moats, Mrs. James Q. Goodie, Mrs. John A. Reid, Mrs. George E. Baldwin, Mrs. L. J. Heenan and Mrs. E. A. Christie.

Mrs. S. Gordon Saunders Jr., cellist, and her accompanist, Mrs. Alta Magor, and Mrs. Temko Yamasaki, pianist, will present the program.

Mr. and Mrs. Lee Waltes will leave Friday to make their home in Florida.

Mr. and Mrs. Percy K. Loud have issued invitations for an open house Nov. 1 in their Lone Pine court home.

Mr. and Mrs. H. G. Little will give a Sunday morning breakfast Nov. 8 at Bloomfield Hills Country Club.

Mr. and Mrs. John B. Poole expect Mr. and Mrs. Frank Tyson as their houseguests over the weekend of the Michigan-Pennsylvania football game in Ann Arbor.

Mr. and Mrs. George T. Trumbull returned to their home, "Springwood," on Dunstan road

Monday after a motor trip East. They stopped off in Granville, Ohio, to visit their son, Elliott, at Denison University and went on to the Greenbrier at White Sulphur Springs, W. Va., for 18 days. They also spent some time at

Williamsburg Inn, Williamsburg, Va.

Mr. and Mrs. C. Thorne Murphy of Franklin will spend this weekend at Black River Ranch with Mr. and Mrs. Alvan Macanley Jr. of Grosse Pointe.

Science Discovers NATURE'S SECRET OF BETTER HEALTH, LONGER LIFE?

How is it that some older folks seem to enjoy more years of active, healthy, and happy life than others? They know what scientists now say is the secret—the natural way to live. You can enjoy more health, more energy, and longer life. It can do two big things for you, too: help to prevent and relieve many diseases that come from poor health. It can build you up mentally and physically for many years of happy, successful living!

What's the secret? Good nutrition—that you are sure to include a PLENTIFUL DAILY SUPPLY OF "C." It's a fact that doctors now believe "C" to be the key to much more than ever dreamed of. And you can depend on pure C-TONE, the natural vitamin C tonic, to bring you all the rich, natural "C" your body needs—as nature made it! Not a synthetic, not a debilitated powder, not a tablet. C-TONE is a liquid—pure natural extract—so concentrated that one tablespoonful supplies twice your minimum daily "C" requirements. You also benefit from other natural vitamins and ACTIVATED ENZYMES—Nature's "spark plugs" so vital to life itself. Be sure you take it every day—because "C" is the vitamin your body needs to stay up! Take a bottle of C-TONE today and you will be amazed at the rich, potent, natural way it works to keep you healthy and happy.

C-TONE
the only natural Vitamin C tonic

Natural Health Food
36 Wayne St., Pontiac
Send me at once "C-TONE." I enclose \$5.00 plus the postage and the Mich. Sales Tax.

Auburn Guild Unit Plans Ingathering

Mrs. Lester Snell, sectional president of the Auburn Heights Branch of the Pontiac Needlework Guild, was hostess recently to the directors of the Auburn Heights branch at her home on Auburn road.

Plans were discussed for the fall ingathering to be held Nov. 3. Directors of the branch are Mrs. Ernest Howell, Mrs. Lewis Naugle, Mrs. Edward Miller, Mrs. George Granger, Mrs. Walter Meiburg,

Mrs. Wilbert Lewis, Mrs. Russell Mehlberg and Mrs. Gladys Williams.

Mrs. Williams Brooks, Mrs. Harold Jolliffe, Mrs. Snell and Mrs. H. H. Thatcher, honorary president, complete the list.

Tape Light Cords

Protect your baby from electric light cords by taping them to the back of table legs with transparent tape. What he doesn't see will not tempt him.

Displaying fancywork to be sold at the Willis School Fair are Mrs. Clarence Klock (left) of Joyce road, Mrs. Chester Dombroski (center) of Opdyke road and Mrs. Bernard Giroux of Walnut street. The fair will be held at the school Friday from 5 until 9 o'clock. Other booths will be for baked goods, white elephants and makeup.

Mrs. Dombroski and Mrs. Bates Are Cochairmen

Willis PTA Will Sponsor Fall Fair, Dinner Friday

A baked ham or fish dinner will be served at Willis School from 5 o'clock on Friday evening, when PTA members hold their autumn fair.

Cochairmen for the fall event are Mrs. Chester Dombroski and Mrs. Duane Bates.

In charge of the kitchen are Mrs. Carroll Porritt, Mrs. William Hinderley, Mrs. Dennis Burch, Mrs. Lloyd Lady and Mrs. Lawrence Ferman, while dining room is under the direction of Mrs. Reynolds Hutchinson with Mrs. Val Murrish, Mrs. Wesley Hubbard, Mrs. Raymond Rupperecht and Mrs. George Case as her committee.

Others on the fair committee include Mrs. Wilburn Williamson, Mrs. Lester Avis, Mrs. Bernard Giroux, Mrs. David Sherman and Mrs. William Williams.

Pony rides will be offered under the direction of Mrs. Vida Walker, assisted by committee members Mrs. Theodore Lampi, Mrs. Carmen Collins and Mrs. William Cox.

The makeup booth is headed by Mrs. Robert Hanley, with Mrs. Keith Pierce, Mrs. Thomas McWethy and Mrs. Leonard Rupperecht.

Mrs. Truman Jewell, Mrs. Lloyd Stechow and Mrs. F. H. Hillborn will help Virginia Fowler with a snack room, and hot dogs, popcorn and pop will be provided by Mrs. Orville Foster and Mrs. Ralph Dodge.

Two fish ponds are being offered. The boys' fish pond, under the supervision of Mabel Smith, is

being organized by Mrs. Clare Titworth, Mrs. Cletus Ryan and Mrs. Marvin Vincent.

The fish pond for girls is under the general direction of Mrs. Fred Furr with Mrs. C. H. Bane, Mrs. W. H. Williams and Mrs. Howard Johnston assisting.

A silhouette booth is being set up by Mrs. Jean James, Mrs. Don-

ald Allison, Mrs. Richard Slusser, Mrs. Fred Feekart, Barbara Cullin, Mrs. Harold Bishop, Mrs. John Admontitis and Mrs. Raymond Rupperecht.

After movies, arranged for by Mrs. Lawrence Coolman and her committee of Mrs. Floyd Rowden, Mrs. Stanley Strong, Mrs. Earl Pruett and Mrs. Donald Robinson, guests may take advantage of Mrs.

Robert Foust's snack bar, or baked goods booth, which she is running with the assistance of Mrs. Billy Jackson and Mrs. Kenneth Thompson.

Balloons and ice cream will be sold by Mrs. Charles Hampshire with Mrs. Cecil Crews, Mrs. Floyd Parker and Mrs. Frederick Strassburg assisting, and a white elephant booth is under the direction of Marjorie Smith.

The white elephant booth, which is taking shape with the assistance of Mrs. Alvin Moses, Mrs. Joseph Pocchiola, Mrs. Howard Barnes, Mrs. Frank Bouck, Mrs. James Davis and Mrs. Cecil Rich, will feature comics, all-occasion cards, handwork and old toys as well as white elephants.

HELEN V. PATRICK

At a recent dinner party Mrs. W. H. Bryan of South Parke street announced the engagement of her daughter, Helen V. Patrick, to Herbert G. Glenn of South Parke street. Feb. 14 was revealed as the wedding date.

Policeman to Give Gun Demonstration

A firearms demonstration by Sgt. Lester Coykendall of the State Police will be presented at the Thursday evening meeting of the Washington Junior High School Community Club.

Sgt. Coykendall will provide a program of plain and fancy shooting with various types of firearms and will instruct the audience in safety measure and the proper use of guns.

The executive board, under the direction of the hospitality chairman, Mrs. Howard Powers, will welcome the guests.

Following the meeting, refreshments will be served by Mrs. Ivah Baker, Mrs. Harry Arterburn, Mrs. David Livingston, Mrs. Leslie Huntwork, Mrs. Howard Looney and Mrs. Sol Newhouse.

Called to Tennessee

Dr. and Mrs. Peter Hoogerhyde and daughter, Judy, of Chippewa road were called out of town due to the illness of her mother, Mrs. S. L. Peak of Chattanooga, Tenn.

Campanella Top Vote-Getter on AP All-Star Team

By JOE REICHLER
NEW YORK (AP)—Roy Campanella, Brooklyn's slugging catcher, leads the 1953 major league All-Star Team, one of the strongest ever put together.

Campanella, whose 41 home runs and 142 runs batted in are the high and low marks in the league, drew all but five of the 178 votes returned by the Baseball Writers' Association of America in response to the Associated Press' eighth annual All-Star poll.

The team boasts seven 300-hitters, including the two league batting champions, the RBI and slugging kings, a home run leader, four players who have hit 30 or more homers and five who have pounded home 100 or more runs.

In the pitching department, the

team presents Robin Roberts of the Philadelphia Phillies and Warren Spahn of the Milwaukee Braves. Each won 23 games to tie for the most in the majors. Roberts, in beating Washington's Bob Porterfield for right-handed honors, received 132 votes to Porterfield's 30. Spahn easily topped Chicago's Billy Pierce for left-handed honors, 126 to 40.

Six of the 10 players are brand new. The four holdovers from the 1952 team include Phil Rizzuto, shortstop; Al Rosen, third base; Stan Musial, left field, and Roberto Clement, right field, who was named to the team for the seventh time, missing only once since the All-Star Team was inaugurated in 1946.

Surprisingly, the world champion Yankees placed only one man

—Rizzuto—on the team, while the Brooklyn Dodgers, whom they defeated in the World Series, placed three men. They are outfielders Duke Snider and Carl Furillo in addition to Campanella.

The St. Louis Cardinals were the only other club to have more than one representative of the National League - dominated squad. Red Schoendienst walked off with second base honors with 163 votes, and Musial topped all outfielders with 142 votes. Schoendienst's total was second only to that of Campanella. The National placed seven men to the American's three.

The All-Star Team:
First base—Mickey Vernon, Senators (.337) Second base—Red Schoendienst, Cardinals (.342)

Third base—Al Rosen, Indians (.336) Shortstop—Phil Rizzuto, Yankees (.271) Left field—Stan Musial, Cardinals (.337) Center field—Duke Snider, Dodgers (.336) Right field—Carl Furillo, Dodgers (.344) Catcher—Roy Campanella, Dodgers (.312) Pitcher (right-handed)—Robin Roberts, Phillies (.23-16) Pitcher (left-handed)—Warren Spahn, Braves (.23-7)

The vote of the writers follows:
First base—Vernon, Senators, 73; Rodgers, Dodgers, 57; Kluszcwski, Redlegs, 44; Fain, White Sox, 3; Robinson, Athletics, 1, and Lockman, Giants, 1.
Second base—Schoendienst, Cardinals (142); Snider, Dodgers, 141; Furillo, Dodgers, 93; Mantle, Yankees, 29; Minoza, White Sox, 28; Williams, Red Sox, 23; Bauer, Yankees, 16; Piersall, Red Sox, 12; Ashburn, Phillies, 10; Robinson, Dodgers, 9.

Cardinals, 163; Goodman, Red Sox, 6; Fox, White Sox, 3; Martin, Yankees, 2; Hammer, Phillies, 1, and Gilliam, Dodgers, 1.
Third base—Rosen, Indians, 116; Matthews, Braves, 59; Kell, Red Sox, 3, and Cox, Dodgers, 1.
Shortstop—Rizzuto, Yankees, 60; Reese, Dodgers, 58; Kuenn, Tigers, 34; Carrasquel, White Sox, 13; Dark, Giants, 6; Strickland and Rosen, Indians, and Logan, Braves, 2 each; Hammer, Phillies, and Mo-Millan, Redlegs, 1 each.
Outfield—Musial, Cardinals, 142; Snider, Dodgers, 141; Furillo, Dodgers, 93; Mantle, Yankees, 29; Minoza, White Sox, 28; Williams, Red Sox, 23; Bauer, Yankees, 16; Piersall, Red Sox, 12; Ashburn, Phillies, 10; Robinson, Dodgers, 9.

Woodling, Yankees, 7; Irvin, Giants, 6; Matthews, Braves, 4; Zernial, Athletics, 3; Doby, Indians, Bell, Redlegs, and Busby, Senators, 2 each; Kiner, Cubs, Paffio, Braves, Mueller, Giants, Delsing, Tigers, and Goodman, Red Sox, 1 each.
Catcher—Campanella, Dodgers, 174, and Serra, Yankees, 5.
Pitcher (right-handed)—Roberts, Phillies, 132; Porterfield, Senators, 30; Erskine, Dodgers, 5; Lemon, Indians, and Trucks, White Sox, 4 each; Reynolds, Yankees, 2; Wynn and Garcia, Indians, 1 each.
Pitcher (left-handed)—Spahn, Braves, 116; Pierce, White Sox, 40; Parnell, Red Sox, 11; Ford and Lopat, Yankees, 6 each.

WL, Birmingham Hosts Inter-Lakes and EML Harriers Run Thursday

Inter-Lakes and Eastern Michigan League cross country meets are scheduled Thursday at Hickory Hills Golf Club, near Walled Lake, and Birmingham High School, respectively.

Each meet has a strong individual favorite, but the team title chase in the EML should be a wide open affair.

Hazel Park's Ernie Bennetts, state Class A half-mile champion, is a heavy choice to win the Eastern Michigan individual title, while Walled Lake's Don Pounds is expected to trot home in front in the Inter-Lakes meet.

Walled Lake also ranks as the team favorite in a field of five teams, best turnout in the six-year history of the league meet. Also running will be defending champion Farmington, Van Dyke, Waterford and Southfield.

Latter three schools took up cross country for the first time this fall. Rounding out the well-balanced Walled Lake squad are Gerald Avery, Dave Harrington, Phil Hunter, Charles Nedeau, Charles Agne and Calvin Ward.

Four teams will compete for the EML championship over a wooded course on the Birmingham High campus. Port Huron is not rated a threat, while Mt. Clemens, Hazel

Stanford's Bob Garrett Named 'Back of Week'

Pro Football Career Is Eyed by Passer Whose Work Upset Uclans

PALO ALTO, Calif. (AP)—Bob Garrett, Stanford T-quarterback whose spectacular passing to an upset win over strong UCLA last week earned him the Associated Press back of the week rating, would like to have a crack at professional football.

Off last week's performance, when Bob completed 18 of 27 passes for 196 yards, with 13 of 17 coming in three touchdown drives, it looks as though he could make the grade in the pro draft next winter.

One thing worries the 21-year-old, 190-pound senior. . . Uncle Sam may draft him before the pros. Bob has been a member of the Stanford air force ROTC unit.

Being named back of the week had its greatest satisfaction for Garrett in that it proved he wasn't washed out when he was injured near the end of last season.

He underwent surgery for a shoulder separation on his left side and to have bone chips removed from his right passing arm. Results were demonstrated Saturday when he literally passed the favored UCLA team silly 21-20.

Garrett is a son of Mr. and Mrs. Joseph Garrett of San Marino, Calif. There are four boys and one girl in the family.

Bob's only regret about Saturday's thriller is that his dad could not see it. The elder Garrett has been Bob's staunchest fan, attending every game he ever played, even to traveling back to Ann Arbor, when Stanford played Michigan last season, until this fall.

But the father, a Los Angeles sub-aquarist, broke his last summer stay in both weeks, as he couldn't since the opponents would be throwing fresh specialists against them.

1-Platoon Rule Good for Terps

Tatum Says His Team Would Be Weakened in Specialized Play

COLLEGE PARK, Md. (AP)—Maryland is a better football team today because of the limited substitution rule, says Coach Jim Tatum.

Asked if he thought Maryland, undefeated and ranked third by The Associated Press, might have been stronger with free substitution, he replied:

"By golly, I hadn't thought of it until now. I do believe we're better this way."

"In fact, if I were on the rules committee at the end of this season I would vote to continue restricted substitution. And before the season started I voted for unlimited."

Coach Tatum said the main reason is that he wouldn't have the first-class backs to play only defense. "Quarterback Bernie Falcone and halfback Dick Nolan would have had to play offense and defense and we'd have to sacrifice them on offense," he said.

He couldn't have afforded to let them stay in both weeks, as he couldn't since the opponents would be throwing fresh specialists against them.

Records Offer Little Bearing on ND, Tech Tilt

Irish Heavy Favorite on Poll Result, Others See Close Battle

By TOM BRANAGAN
CHICAGO (AP)—If you take a look at the records the late Al Smith used to suggest, Georgia Tech should be a cinch to take Notre Dame in Saturday's big football game.

And if political maxims had any bearing on the outcome of sports events, the score should be Georgia Tech 31, Notre Dame 6.

That's the number of games each team has been able to string together without defeat. Tech's streak stretches through four seasons—including five 1953 games. Notre Dame's started at the tail end of last season and includes three 1953 victories.

Fortunately, or unfortunately, the record—at least these records, seem to have little influence on the way the experts figure Saturday's game will end.

If the Associated Press poll to determine the nation's top teams is any indication, Notre Dame should be a heavy favorite. The Irish received 1,153 points in again leading the weekly vote of sports writers and sportscasters. The Ramblin' Wrecks ranked fourth with 769 points.

Notre Dame received 57 first-place ballots, Tech only 3.

Through some mathematical process this might be construed to mean that Notre Dame should win 57-3, or even 1153 to 769, but the midweek consensus around Chicago was that the Irish would do well to escape seven points to the good.

It doesn't mean much, as the contest at nearby South Bend, Ind., home of Notre Dame, and at Atlanta, Georgia Tech's home city, you'd have to come away with the impression that neither team could possibly win.

Twelve states have pari-mutuel harness racing.

Irish Lineman Tops for Week

Varrichione Is Cited for Tackling Pitt Back for Safety

NEW YORK (AP)—Frank Varrichione, a husky 205-pound tackle for Notre Dame, was named a key player in the Irish triumph over Pitt Saturday, was picked to day as the Lineman of the Week by The Associated Press.

The play that earned him the coveted weekly honor came in the third period. Pitt held a surprising 14-7 lead. After the kickoff a penalty pushed the Panthers back to their 2. Bobby Epps tried to run the ball from behind his own goal line, but big Frank broke through and smeared the Pitt player for a safety.

That gave Notre Dame two points and put the Irish in a position where a touchdown would put them ahead instead of merely tying. It was acknowledged as a key play as the Irish went on to a 23-14 victory.

Howell Harriers Win Clarenceville Meet

Howell High School's cross country team ran off with the team trophy at the second annual Clarenceville Invitational meet Tuesday, edging Milford by one point. Howell's total was 41 to 42 for the Redskin harriers.

Remainder of the five-team field finished: Clarenceville 90, Keego Harbor 92, and Avondale 105.

Milford's Dick Jackman was the individual winner in 10 minutes, 22 seconds. He finished 20 yards ahead of Leland Wilcox of Clarenceville.

Rounding out the first eight (who received medals) were Jack Young, Howell; Jim Knapp, Keego; Clarence Voelm, Howell; Larry McCurdy and Larry O'Dell, Milford; and Ron Wood, Howell.

Lives Up to Name

JACKSON (AP)—"Hecanwin," who hasn't in his last six starts, lived up to his name in the second race at Jackson Raceway last night.

He paired with Roger M., winner of the first, to make a \$117.20 daily double. Hecanwin is owned by Mrs. Douglas Yerke of Grand Blanc and Roger M. is owned by E. A. Barkdull of Ionia.

'Shoe' Boosts Record

ALBANY, Calif. (AP)—Jockey Bill Shoemaker boosted his world record victories for one year to 394 yesterday with two at Golden Gate Fields.

Wins aboard Secco (\$3.50) and Daily Record (\$8) in the fifth and sixth races broke a 16-race losing streak begun Saturday.

Regional Video Control Wanted

Big Ten Is Perturbed by NCAA's Exceptions to TV Setup

CHICAGO (UP)—Big Ten athletic officials are seeking a weapon from the National Collegiate Athletic Association to adopt a policy of regional control of college football television, it was learned today.

Officials of virtually every conference school are perturbed over the current NCAA program permitting a game nationally every Saturday, with exceptions in local areas on sell-out contests.

"All we've had since the policy was adopted is exceptions," one official said. "We were the first conference in the country to approve control of television, and we favor either rigid control or more liberal controls."

"We don't want a policy set up and then riddled with exceptions." Big Ten believes that the NCAA program has worked unfairly against conference schools, in that Big Ten schools have been the featured performers in most games.

'Tear-Away' Grid Jersey Big Success

MSC's Bolden Stripped to Waist in Saturday's Homecoming Game

By ROBERT E. YOGES
EAST LANSING (AP)—You could call Michigan State's first experiment with tear-away football jerseys this season a ripping success.

Because of the 85-degree heat, coach Biggie Munn decided to use the tear-away jerseys against Indiana Saturday.

In previous games, Munn had seen some of his best runners stopped when a tackler managed to grab a handful of jersey.

The shirts are made of light, cheap material and have no hem at the wrist or neck.

That's why Flint's Leroy Bolden was stripped to the waist before the homecoming crowd after one of the pileups.

Saginaw's Jim Ellis has been another tough luck kid with the MSC squad.

Last year Ellis had touchdowns repeatedly called back because he barely stepped on the chalk mark while skirting the sidelines.

On Saturday, Ellis had another score nullified. He carried over the goal line from six yards out but the touchdown was wiped out by an offside penalty.

FIVE YEARS AGO—Frank Stranahan's 60 won medalist honors in the Mexican amateur golf tournament.

Many County Players on College Elevens

By JACK SAYLOR
Oakland County and the area is becoming fertile territory for harvesting college football material. More than 50 ex-county grid-ders are members of college squads this fall, including at least a half dozen on the varsity rosters at "major" schools.

Tom Tracy, former all-state star at Birmingham, is bidding for the regular fullback spot at Tennessee. Dubbed "Tom the Bomb," he has been slowed by injuries, but saw service in last Saturday's TV game against Alabama.

Bob Hardy, also of Birmingham, is 1st string quarterback and linebacker at Harvard. Another ex-Mapple, Ron Rolph, is a sophomore guard at Central Michigan.

Jim Bates of Farmington is a highly-regarded end-center at University of Michigan, but has been plagued by injuries for two years. He is a junior. Edgar Meads, soph tackle from Oxford, has seen limited action for the Wolverines this season.

Doug Maison of Imlay City followed his uncle, Al Dorow, to Michigan State, where he is a reserve quarterback. Jerry Ganzel of Milford sees action as 2nd string signal caller at Western Michigan.

Dave Kline, former Pontiac St. Fred's, is 1st string quarterback at University of Detroit.

He directed the Titan's 27-0 upset of Villanova last Friday and scored a touchdown on a 68-yard punt return.

Another ex-Pontiac parochial, Dave Stuk of St. Mike's, is a sophomore end at Adrian.

List of freshmen grid-ders is lengthy. Hillsdale's varsity has been supplied with John Moffat and Bud Temple of Pontiac, Nelson O'Shaughnessy of Keego, Bob Steinhoff of Walled Lake and Bob Sulkowski of Romeo.

Pat Wilson of Lapeer is quarterbacking Michigan State's yearling team, while his high school backfield mate, Don Russell, is at Alma. Rochester's all-stater, Ed Church, is a Central Michigan frosh.

Another ex-Rochester griddier, Bob Williams, is a linebacker on the freshman team at Bowling Green, in Ohio.

Freshmen listed on Wayne's roster include Maurice Stack of Pontiac and Francis Angell, Don Ziegler and Jim Kraft of Utica.

Jim Hawisher, Chuck Twitty, Len Compton and Cliff Officer of Pontiac and Fred Harbrueger of Keego are freshmen at Olivet along with sophomore Don Card of Waterford and senior Dick Powell of Pontiac.

Members of the freshman team at Western Michigan are Bob Shores of Walled Lake and Ron Kopke of Waterford. George

Probert Scores Twice as Skipper JV Wins

Waterford High School's JV football team scored its third victory in four games by blanking Farmington's reserves, 20-0, Tuesday at Waterford.

Norman Probert, six-foot, 170-pound fullback, paced the Skippers with two touchdowns, his sixth and seventh of the season.

Jack Traxler scored for Waterford in the first quarter from six yards out, while Probert tallied in the third and fourth periods on plunges of 2 and 5 yards.

season, open since Oct. 1, the conservation department reports. The state police headquarters post here reveals that William Perry, 25, Jackson, was fatally wounded while hunting ducks near Jackson on Oct. 3. Also, Thomas Mayotte, 25, of Sault Ste. Marie, was killed while hunting ducks in Chippewa county on Oct. 8.

The other gunshot wounds were of less consequence, except for that of one hunter, Frank Kolodziej of Detroit. He was mistaken for a bear and seriously wounded near McMillan early in the season. St. Luke's Hospital at Marquette, however, has since reported him "much improved."

Brown scored four times in the last 7½ minutes in a football game played against Colgate in the 1949 season.

Pontiac Press Photo

'DERBY' LEADER—A teen-age Aimrod set the pace Tuesday among early entries in the Pontiac Press' 1953 big pheasant contest. He is Paul Emerson (above), 17-year-old son of Mr. and Mrs. J. W. Emerson. Paul shot a 3-pound 9-ounce bird while hunting with his father and brother, Frank, near Wanser, Mich. He was using a double-barreled 16-gauge shotgun and hunting with a Dalmatian.

Fires Damage 75 Acres of State Woods

LANSING—Fifteen fires were reported in Michigan last week, with a total of about 75 acres of forests and grasslands being damaged, the conservation department notes.

The two largest fires occurred in southwestern Michigan and burned a total of 55 acres.

The smallest loss occurred in the upper peninsula, where five fires burned a total of only about half an acre of land.

Hunters have increased the forest fire fighters' problems since October 1, the opening of the hunting season, and department workers have urged extreme caution when using fire in tinder dry woodlands this fall.

Pontiac Driver Eyes 1st Win at Jackson

JACKSON (Special) — Spencer Brooke, with owner Ed Stepnell of Pontiac driving, will seek his first victory of the year at Jackson Raceway in the first race C trot tonight.

Pastime Clare, popular chestnut pacer owned by Mr. and Mrs. Henry Lobeck, goes in the fifth race, Clare won at Jackson on Oct. 7 in 2:08 2-5 and has a season's mark of 2:07 2-5.

A Wallied Lake entry, Junnor K., owned by Harry and Clinton Vreeland, a winner on Oct. 14, will attempt to repeat in the ninth race today.

Oberlin Swimming Team Is Stymied—No Water

OBERLIN, Ohio (U)—Coach Ralph Bibler has a swimming team ready to represent Oberlin College—but no water.

Because of the city water shortage, the 119,000-gallon college pool has not been filled.

Bibler plans to work his club out on dry land until winter, when rain and snow are expected to boost water supplies.

Yale has played 60 football games with other colleges from Connecticut and never has been beaten by any of them.

Boasts Biggest Percentage of Opening Day Limit Kills

By JACK PATTERSON

For the most part yesterday's pheasant hunters found birds in numbers consistent with pre-season estimates. Mid-summer temperatures and most unseasonable dryness hindered dog work to the point of ineffectiveness in many areas, so far as the pointing breeds were concerned. The same climatic conditions made it rough for hunters, too, but there were birds, so what more could one ask.

Among the hottest areas reporting (and there is no pun intended here) were Cass City, Bad Axe and, of course, Marlette, with the Cass City area recording the best percentage of limit kills of hunters interviewed.

Fred Walker and Earl Barker of Pontiac got their limits near Sandusky, but advise that an exasperating number of hens came within an ace of being fired upon before they could get any roosters.

Near Caseville, Pontiacers Earl Von Tassel, Gerald Blaylock and Al Benter reported excellent shooting, insofar, at least, as the offering of good possibilities were concerned.

We hadn't planned to go out but at the last minute allowed ourselves to get talked into a nearby quickie by a couple of our Alcona county playmates. In company with these two plus Waterford Township's John Bell we got some shooting but had the unfortunate experience of losing two downed birds to the heavy, dry cover.

Wearily dragged what was left of us after a Saturday night dance up into the jack pine country for a little weekend research into the grouse problem. Along with brother Bob we covered a substantial amount of territory in Alcona, Oscoda and Crawford counties. Evidence is mounting that some sort of decline is in progress in this region. However—in one test area we'd worked on opening day that had proved barren, we put up a respectable number of birds during Monday's rain. So hope yet remains that some dampness and cool weather will bring this type

PATTERSON

of shooting up to what we've come to think of in the last few seasons as par.

An observer on the Au Sable's North Branch Monday would have been treated to the rather bizarre sight of your reporter wading that river clad in naught but shirt and undershorts. The primary purpose was to retrieve a mallard that, when shot, elected to fall on the far bank.

But in addition to collecting the duck, we gained, via our bare feet, an intimate knowledge of the stream bed that years of wading in conventional gear would fail to provide.

All the ducks are not along the rivers, according to Noyce Strait, who advises that what appears to be the principal flight of redheads is now using Wildfowl Bay.

We do get some corroborating evidence, though, from Earl Billingsley and Dick Palmer who got easy limits of ducks, mostly redheads, off Rose Island a few days ago. So they're there for the taking, apparently, so long as you give Sand Point—fish duck heaven—a wide berth.

Wisconsin Experiments Produce Better Angling

By MORT NEFF

Among Michigan's 11,000 inland lakes are many ranging from 10 to 50 acres which are rarely of much consequence for fishing. Some are privately owned—many more are within public fishing areas—and all are good prospects for excellent fishing, if we are to judge from Wisconsin experiments.

How fishing can be extremely poor because there are too many fish, and then become phenomenally good when fish are given more room and food has been clearly proven by the fish management division in Wisconsin. One pond chosen for the test had an area of 27 acres. It was loaded with carp and stunted panfish, and the water was extremely murky.

All fish were removed by poisoning. The water cleared quickly, and the lake was stocked with 15 pairs of largemouth bass, 15 pairs of northern pike and just two pairs of bluegills.

There was a tremendous hatch of bass and in the middle of the second growing season these fish were about 30 inches long, a growth rate of about twice normal.

A second lake under observation was very muddy, and overpopulated with under-sized panfish and carp. Fishing had been poor for many years. Again the Wisconsin Fish Division moved into the picture. The lake was poisoned out, all fish killed, and again the water cleared shortly thereafter.

Once the poison had been dissipated this particular lake was also stocked with bass and pike in small quantities—30 pairs of each. Big hatches followed in the next season, with the fish staging rapid growth in water where there was plenty of room and plenty of food.

Here in Michigan similar experiments have concurred with these results—pointing to the possibility of tapping a huge new reservoir of fishing waters in the future.

Obviously, the problem of poisoning out large lakes is a difficult one. For the time being the project will probably have to be restricted to the smaller bodies of water. Private owners should contact the Fish Division of the Conservation Department relative to the approach of the problem.

Organized sportsmen's clubs can get back of recommendations where public lakes are involved.

PHS Boy Holds Early Lead in Pheasant Derby

Paul Emerson's Bird Tips Scales at Three Pounds 9 Ounces

Many of Pontiac hunters met with success on the opening day of pheasant season Tuesday.

Biggest bird reported, and the early leader in the Pontiac Press 1953 Pheasant Derby, was a 3-pound 9-ounce entry shot by 17-year-old Pontiac High senior Paul Emerson. Paul, using a double-barreled 16-gauge shotgun and hunting with a Dalmatian, bagged the big bird near Wanser just a half-hour after the season opened.

The youthful hunter is the son of Mr. and Mrs. J. W. Emerson of 236 W. Chicago street.

Four other city hunters bagged pheasants weighing over three pounds. Edward Conway, 354 Fourth Ave., got a 3-pound 4-ounce near Kingston; L. E. Smith, 86 Cherokee, downed a 3-pound 1½-ounce bird on state land near Teple Hill; Larry White of 2743 Mott Street bagged a 3-pound 4-ounce on Pontiac Lake Road; and Albert Spadafore, 1302 W. Huron, shot a 3-pound 1-ounce ringneck and a rabbit off Cooley Lake Road.

Spadafore's rabbit was "blistered" and he disposed of it. Hunters should be wary of rabbits bearing possible signs of the dread tularemia disease.

David Mallett, 18-year-old son of Mr. and Mrs. Albert Mallett of 355 Mt. Clemens street, bagged a 2-pound 10-ounce and Jack Lloyd, 17, son of Mr. and Mrs. John Lloyd of 53 S. Roselawn killed a 2-pound 9-ounce.

One of the quickest kills of the day was reported by Jack Great-house, who downed two birds within 10 minutes of the opening time. Jack's pointer flushed a bird as soon as they left the car, and he shot another a short distance away. Jack St. John had to do little

Hunting Dog Gets His Birds, Suffers Stroke

One of the most unusual occurrences of the young upland game season was reported today by an Oakland County hunter.

Ray Upchurch and Fred Baucum, Pontiac Press employees hunting near Lapeer Tuesday afternoon got their limits of pheasants quickly. But the successful trip was dalled by an unexpected incident.

On the way home, Upchurch's dog, Duke, suddenly lay down and his owner had to carry him the rest of the way. Taken to a veterinarian, his illness was diagnosed as sunstroke. The animal was reported showing some improvement today.

One of Upchurch's birds bore a band. It was one of a number of roosters released by Baucum early in the fall.

Oil Progress Week Observed in State

LANSING — A number of parades, exhibits and other demonstrations took place in Michigan as part of the national observance of Oil Progress Week, Oct. 11-17, the conservation department reports.

Conservation was the theme of this 6th annual Progress Week, and special state activities were slated at Detroit, Traverse City, Flint, Lansing, St. Louis, Mt. Pleasant, Alma, West Branch and Saginaw.

Tartars Meet Brandeis

DETROIT (U)—The Brandeis football team, nation's newest eleven, moves into Detroit Saturday night for its game with Wayne university at McCabe field. It is the first time in the history of Brandeis' three-year-old team that it has seniors in the lineup. They beat the Tartars last year 31-19.

more than leave his front door to down a 3-pounder. He shot the bird near the Clinton river across the road from his house at 1267 Muskingum Road.

Michigan State Not Taking Purdue Eleven Too Lightly

By ROBERT E. VOGES
EAST LANSING (AP) — Michigan State isn't down-rating Purdue as any pushover.

From the tempo of practice this week, you'd think that the Rose Bowl trip was going to be decided in the football meeting with Purdue at Lafayette, Ind., Saturday.

Michigan State has won 23 in a row and Purdue has lost four

Chief Harriers Given Edge for Valley's Meet

Thursday's Test 7th in SVC for Pontiac Squad Since 1947

Pontiac High's cross country team, boasting the state's longest undefeated dual meet streak, travels to Flint Thursday for the annual Saginaw Valley Conference test.

Meet is set for 4 p. m. at the Flint City Park Board property adjacent to Michigan School for the Deaf on Miller Road. A reserve meet will be held immediately following the varsity run.

Chiefs, who have won five straight dual meets this year to make 28 consecutive triumphs over a 5-year stretch, will go into the meet rated slight favorites over once-beaten defending champion Bay City Central. Pontiac has beaten Wyandotte, Highland Park, Royal Oak, Flint Central and Flint Northern. Bay City's lone loss in five starts was to Midland.

Wolves' Paul Budnik, who set a course record of 10 minutes flat over the Flint layout last week, will be favored to take individual honors. Pontiac's top runner is Shelley Ford, who has been beaten only once in five meets.

Thursday's SVC run will be the 7th in which the Chiefs have competed since the sport was started at Pontiac High School in 1947. They have won once, tied for 1st place once, finished 2nd twice and 4th twice.

It's Time Out!

"Lucky stiff! That rookie gets to play the whole game while we just sit on the bench!"

CHIEF HANDYMAN—Halfback Walt Poe (above) has proved one of the most versatile performers on the Pontiac High School football squad this season. The 5-foot 10-inch 165-pound junior ranks 2nd on the team in rushing, passing and pass receiving. He has a 5.7-yard net average in 23 tries, has completed four of eight passes for 61 yards and one touchdown and has caught three aeriels for 38 yards. A standout on defense, Poe has intercepted two passes this year, returning them for 57 yards and one touchdown. He will start at right half for PHS against Saginaw Arthur Hill here Friday night.

3 White Players Sidelined for Exhibition in Memphis

MEMPHIS, Tenn. (UP)—Detroit Tiger Ralph Branca and two other white players on the Jackie Robinson All-Stars, will be sidelined tonight during a Negro exhibition baseball game.

The game's promoter, Ted Worner, said he asked Memphis officials if there was a city ordinance that would prohibit the white players from taking the field.

"There was no talk of an ordinance," Worner said. "It was merely suggested that it would be better if the matter were not pressed."

He said he was treated "cordially and with understanding," but that "naturally, I'm disappointed."

"These are expensive men just to be watching the game," Worner said.

He said Branca, Brooklyn's Gil Hodges and Baltimore's Bobby Young will be introduced from the

Women Use Picnic Table Top for 'Mumbly-Peg'

LANSING — Why managers of Michigan's state park system turn gray early in life:

Two middle-aged women were stopped from further damaging a picnic table recently when the park manager found them busily engaged in a mild sort of mayhem; playing mumbly-peg with a pocketknife on the table's top.

Sugar Ray Picks Bobo to Beat Briton Tonight

Gate Expected to Hit \$175,000 for Middle Title Bout

By MURRAY ROSE

NEW YORK (AP)—Carl (Bobo) Olson, the hustling Hawaiian from San Francisco, today held firmly as the 11-5 favorite to whip England's moody Randy Turpin in their 15-round middleweight title fight at Madison Square Garden tonight.

Although his strange training methods have been as unorthodox as his awkward fighting style, the 25-year-old British Negro said flatly: "I'll prove I was right. I'll win and bring back the championship to England."

Olson, poker-faced and quiet, said calmly as usual, "I'll take the title." Then he left the rest of the talking, as usual, to Manager Sid Flaherty.

"Olson will win," was the studied comment of Ray Robinson, who fought them both twice. The two will battle for the crown the great Sugar Ray abdicated nine months ago.

Despite Turpin's peculiar tactics and the big odds against him, the Briton's name is still magic at the box office.

The International Boxing Club opened its windows today with more than \$110,000 in the till. IBC Managing Director Harry Markson said the scrap will lure about 17,000 fans and about \$175,000. Radio-television receipts will add another \$60,000 to the pot. Each fighter will collect 30 per cent or about \$57,000.

The bout will be broadcast and telecast coast to coast by CBS, starting at 10 p. m., EST, New York, and a 75-mile area around the metropolis, will be blacked out of the telecast.

Deafness Fails to Halt Rhode Island Gridder

KINGSTON, R. I. (AP)—Deafness is no handicap to husky Henry Brenner, who has missed only 17 seconds of action in the University of Rhode Island's four football games this season.

And he only missed that brief time because he left the game in favor of a player who was trying to kick a field goal.

Although he can't hear the signals called by his quarterback, he has been offside only once all season.

He reads the quarterback's lips and watches the ball as it is centered.

Writer Picks Olson

Randy Turpin's Attitude Puzzles Boxing Observers, but He Is Proven Fighter

By GAYLE TALBOT

NEW YORK (AP)—Anyone who knows even approximately what Randy Turpin of England will do in the Madison Square Garden ring tonight is in a swell position to stump the experts of two continents.

The mahogany-colored Briton has a chance to win the world's undisputed 160-pound championship for the second time in his career. This is a very valuable chattel, and yet nobody outside the visitor's own tight little group knows for certain whether he even is in shape to travel 15 rounds, much less whip such a rugged opponent as Bobo Olson.

In the three weeks since he landed here, Turpin scarcely has pulled on a boxing glove by normal standards of training. He has

studiously avoided boxing at all in public and has, so far as possible, shunned any contact with the human race.

If Turpin never had shown in this country before, tonight's bout probably would be an "out" proposition with the bookies—meaning they wouldn't accept Olson money at any odds.

But that's exactly what makes it the more puzzling. A great many persons in this country, including the 61,000 who were in the Polo Grounds on the autumn night two years ago when he lost the title back to Sugar Ray Robinson, know that Turpin can fight a whole lot and is as game as they come.

It is somewhat inconceivable that a man who was capable of beating the Sugar Boy in London and fighting him to a virtual standstill for

nearly 10 rounds here two months later could have gone back to the extent some observers think he has in only two years. He's but 25 now, same as Olson. It seems equally incredible that he would not have himself in top condition for this one.

But the pick here has to be Olson by a decision. Bobo is a busy fighter with a fine left jab who gains zip as the rounds go along. If he doesn't stun a man he beats him black and blue. That should prove sufficient to make him the new champion.

Facts, Figures on Title Bout

NEW YORK (AP)—Facts and figures on tonight's Randy Turpin-Bobo Olson boxing bout at Madison Square Garden.

STYLING—Madison Square Garden.

PRINCIPALS—Randy Turpin, Britain, vs. Carl (Bobo) Olson, San Francisco.

Many Fine Backs Performing This Fall; Lattner, Cameron, Giel, Parker, Clasby, Illini Pair Tops

By GRANTLAND RICE
NEW YORK—This may be a spotty football year, but it has just as many star backs as any season we recall. First of all there is Johnny Lattner. Notre Dame's offensive and defensive star last fall. He has been the same Johnny Lattner so far.

Then there are two other bounding phenoms who again are reappearing as stars. They are Paul Giel of Minnesota and Peerless Paul Cameron of UCLA.

Giel is rated the best back Minnesota ever had. He can hold that rating unless he slips. Cameron would have made everybody's All-America last fall, except for too many injuries and too few hours of action.

This season George Byrnes writes—"Cameron is proving to be a dominating leader. Paul is showing himself to be a real All-America star. His running has been hard, powerful and shifty."

This description of his ability was given by Len

Casanova after the Oregon game: "Cameron gives you the creeps every time he gets his hands on the ball. Whether he is running from scrimmage, catching a punt or making a pass interception. Two men are not enough to stop him."

Then, there are two brilliant sophomore backs from Illinois. They are Mickey Bates and J. C. Caroline. They ran roughshod over Ohio State's supposed power, scoring six touchdowns.

Then there is Jack Parker of Mississippi State, another citizen who can pass and run and do almost anything else wanted. It is generally taken for granted today that a Harvard or Yale man is automatically barred from any All-America mention.

How about Dick Clasby of Harvard? The Crimson star has shown all of the ability any of the others have shown. He can pass and run. He is a fine kicker and is what you might call a natural leader.

Dublin Gridders Fall to LO on Dad's Night

Tuesday night was Father's Night as dads of Dublin School's football players were guests at the Dublin-Lake Orion JV game at Orion. The occasion failed to inspire Dublin to victory, however, as Orion took a 7-6 decision.

Dragon Jayvees tallied its touchdown in the 1st quarter and added

the vital point. Burl Lee Gullett scored on a 12-yard run after taking a pitchout from John Walker in the 2nd period, but the point attempt failed.

"NEVER LET ME GO"

Shirley Booth About Faces in New Role

By BOB THOMAS

HOLLYWOOD (AP) — Shirley Booth, the incumbent Oscar winner, is before the cameras for her second picture—but not as the sloppy housewife of "Come Back, Little Sheba."

When I saw her on the set of "About Mrs. Leslie," she was dolled up in a handsome suit and fancy hairdo. She plays a Beverly Hills boarding house operator who has a lengthy affair with a government official (Robert Ryan).

"A little of his class rubs off on her," Miss Booth remarked. "She starts out as a fairly brassy woman, then acquires some taste. I have some really fancy outfits."

"It's quite a change from 'Sheba.' I used to come on the set, do my own hair and wrap a kimono around myself."

"Now I have to come in early, put on these fancy clothes and have a big makeup and hair session. People are always fixing my curls so they're just right."

I'm not so sure I didn't like it the other way."

She gets the full glamor treatment in the film, with 33 costume changes, including negligee. Also a bathing suit scene!

"I've never been the cheese-cake type," she grinned. But she recalled one play in which she was to appear onstage in a filmy gown. The director assured her she would have no worries, since the scene would be dimly lighted.

She took no chances. She dyed some underthings a dark color and wore them underneath. When she walked onstage, the lights were full up. She reports the stagehands were bitterly disappointed.

Winning the Oscar in her first picture has put her on a spot, Miss Booth commented.

"Will the public want to see me in a different sort of a role?" she asked, admitting that she herself didn't know. But she added that she thinks the success of "Sheba" was a healthy sign.

"I had never entertained the notion of doing pictures," she said. "Because I was only interested in doing character roles. They have never seemed to worry much about character parts in the movies, although that is what make the English and French pictures so great."

"I have heard that 'Sheba' was a big success in Europe. I met Anna Magnani at a party in New York, and she said everyone over there was surprised that Hollywood could do such a good job of portraying characters. I think that's all to the good."

Miss Booth is under contract to Hal Wallis for two more pictures, but they are to be made when she approves the scripts and arranges free time.

She won't have much of the latter, since she leaves for New York as soon as she is finished here. She goes right into a musical show about Coney Island in the 1920s.

Obviously favoring the stage, she indicated she wouldn't settle down to a movie career exclusively.

"I like California when I'm out here," she reported, "but I just bought a new home on Cape"

General Says Morale of GIs in Europe Good

SAN DIEGO, Calif. (AP)—Gen. Charles L. Bolte, Army vice chief of staff, says America's forces in Europe are in fine shape and ready for any emergency.

Here to address the 75th anniversary conference of the National Guard Assn., he told newsmen yesterday that the morale of American troops in Europe is "excellent."

"They are compiling a record"

that the country can be proud of," he said. "There is less absence without leave in Europe than in the United States."

The U. S. bank deposits in 1952 amounted to about \$170 billion.

1953 Fire Loss Billowing High

1952 Figure for Nation Is Near Billion Dollars; This Year Worse

BOSTON (U)—The nation's fire losses during 1952 crept toward the billion-dollar mark and increased for the fourth successive year, the National Fire Protection Assn. estimated today.

And the outlook for 1953 is even worse. Preliminary estimates by the National Board of Fire Underwriters for the first eight months of this year indicate an increase of about 17.9 per cent over the same period of 1952.

The NFPA in its quarterly report estimates there were 2,014,600 fires of all types in the United States during 1952, causing a loss of \$942,650,000. It says further:

"It is interesting to note that the number of building fires for 1952 has increased 12.5 per cent over 1951 figures, while the loss for 1952 is 7.3 per cent more than the previous year."

Here are some notable changes estimated for 1952 compared with 1951:

An 18 per cent increase in the number of dwelling fires, a 20 per

cent boost in the number of school and college fires, a 15 per cent jump in forest fires, and a 20 per cent increase in fires caused by lightning.

The NFPA estimates building fires in 1952 totaled 705,000 and caused a loss of \$33,200,000. Motor vehicles, forest, ships, rubbish and grass fires.

Children and matches caused 22,500 fires and \$8,200,000 damage. Smoking and matches caused 116,000 fires with a loss of 61 million dollars.

Lightning touched off 39,000 fires with the loss of \$33,200,000, while \$2,870,000 damage resulted from 2,000 fires that followed attempts to thaw out frozen pipes.

There were about 6,300 incendiary or suspicious fires causing damage of 18 million dollars. Misuse of flammable liquids, including vapor, tar, grease, started 33,000 fires that caused a loss of 45 million dollars.

Votes to Buy Insurance

GRAND HAVEN (U)—Ottawa County Board of Supervisors has decided its casualty and compensation fund of \$16,000, which grows at the rate of \$500 a year, is too small. The board voted to discontinue carrying its own risk and buy insurance instead.

Elect Fire Chief

CUSTER (U)—Firemen have elected Marshall Smith as chief of the department of this Mason County community.

U. N. Postpones Trieste Debate

Security Council Ready to Take Up Explosive Palestine Situation

UNITED NATIONS, N. Y. (U)—

The U. N. Security Council voted over Soviet opposition last night to hold off debate on the Trieste issue and cleared its decks for an exhaustive probe into the explosive Palestine situation.

The 11-nation council faces its next Palestine debate tomorrow when it takes up Syria's plaint that Israel is endangering Middle East peace by diverting the waters of the historic River Jordan.

During two wrangling sessions yesterday the council pushed through a U. S. call for a full-dress inquiry into the alleged border incidents between Israel and her Arab neighbors, including the recent Israeli attack on the Jordan village of Kibya in which Jordan

claims 66 persons were killed and the village flattened.

Gen. Vaghi Bennike, chief of staff of the truce supervision organization in Palestine, has been summoned to report on the general Palestine situation. He left Jerusalem by plane last night and is expected to arrive here later this week.

The tense Middle East issue was further complicated last night when Israel fired off a counter-complaint, demanding the council take up a charge that the Arab states violated the 1949 armistice agreements, engaged in illegal blockade measures and refused to negotiate a peace.

In Jerusalem, the Israeli radio reported a fresh incident last night claiming troops of Jordan's Arab Legion fired across the border at a group of Jewish railway workers near the Holy City. No casualties were reported.

At the close of its double-header last night the Security Council overrode Soviet Delegate Andrei Vishinsky's demands for immediate action to internationalize Trieste. It decided to postpone the issue until Nov. 2. This would give the Big Three time to try to settle Trieste's future through diplomatic moves.

St. Louis Police Continue Probe

Quiz Witnesses About Handling of Greenlease Kidnap-Murder

ST. LOUIS (AP)—Top police officials called witnesses ranging "from a police clerk on up" today in the third day of their closed-door investigation of possible irregularities in police handling of the Greenlease kidnap-slaying.

Police Chief Jeremiah O'Connell, heading the panel of police officials holding the inquiry into the arrest of the kidnapers here and the recovery of half of the \$600,000 ransom, indicated, however, the key witness, Lt. Louis Shoulders, may again postpone his appearance.

It was Shoulders, acting on a tip from taxi driver John Hager, who arrested Carl Austin Hall and Mrs. Bonnie Brown Heady, the confessed kidnap-killers of 6-year-old Bobby Greenlease, and recovered about \$293,000 of the ransom.

Hager was questioned for six hours by the panel yesterday. O'Connell said he talked to Shoulders yesterday and found him "still emotionally upset." Shoulders' physician told newsmen the officer suffered a nervous condition after overworking himself on the case.

The physician, Dr. Charles M. Bauman, said he believed Shoulders should not be questioned at this time because of his health.

O'Connell also said the inquiry might move to Kansas City to question Mrs. Sandra June O'Day, "if the FBI will let us talk to her." Mrs. O'Day, held as a material witness, has admitted staying with Hall in a St. Louis County motel the night before his arrest Oct. 6.

The police inquiry here was ordered Sunday after published reports that FBI agents were investigating possible discrepancies in the police reports in their search for the missing \$300,000 ransom.

Acoma Pueblo Refuses to Sell Liquor to Indians

ALBUQUERQUE, N. M. (AP)—Tribesmen of Acoma pueblo, the "sky city" built atop a cliff-ringed mesa west of here, turned thumbs down on sale and use of liquor on their land.

Last month, New Mexico voters approved a proposed amendment to the State Constitution doing away with the ban on selling liquor to Indians.

But the resolution-made public yesterday by pueblo leaders says the Acomas will retain prohibition on their reservation.

A tribal official, Merle Garcia, said, "Repeal of the law does not automatically teach people to drink moderately."

Elsie, the Lion, Teeters Near Death After Fall

TUCSON, Ariz. (AP)—Elsie, the mountain lion who loves children, tottered today between life and death.

The playful cub slipped while performing for some children last

night and hit her head on a wall in the home of Floyd Miller, curator of a Tucson museum. She was paralyzed.

Elsie, probably the most-loved animal in the Tucson area, has appeared on television shows and as guest at civic luncheons.

Recently her picture, taken as

she stepped softly on a small sleeping boy's back, was published in more than 500 U. S. newspapers.

Nebraska harvested 97,665,000 bushels of wheat in 1952, marking the greatest single year harvest in its history. The corn harvest, however, showed a slight drop.

Crippled Lad Recovers and Then Takes to Air

WARWICK, R. I. (UP)—Robert Davis of Warwick, a cripple for seven of his 16 years, threw his crutches away last spring and now is learning to fly.

Bob suffered a hip injury play-

ing basketball. It retarded the growth of his left leg. But by this year treatment had erased all effects of the injury except a slight limp.

After only six months of walking, Bob joined the Civil Air Patrol.

Two Running for Mayor

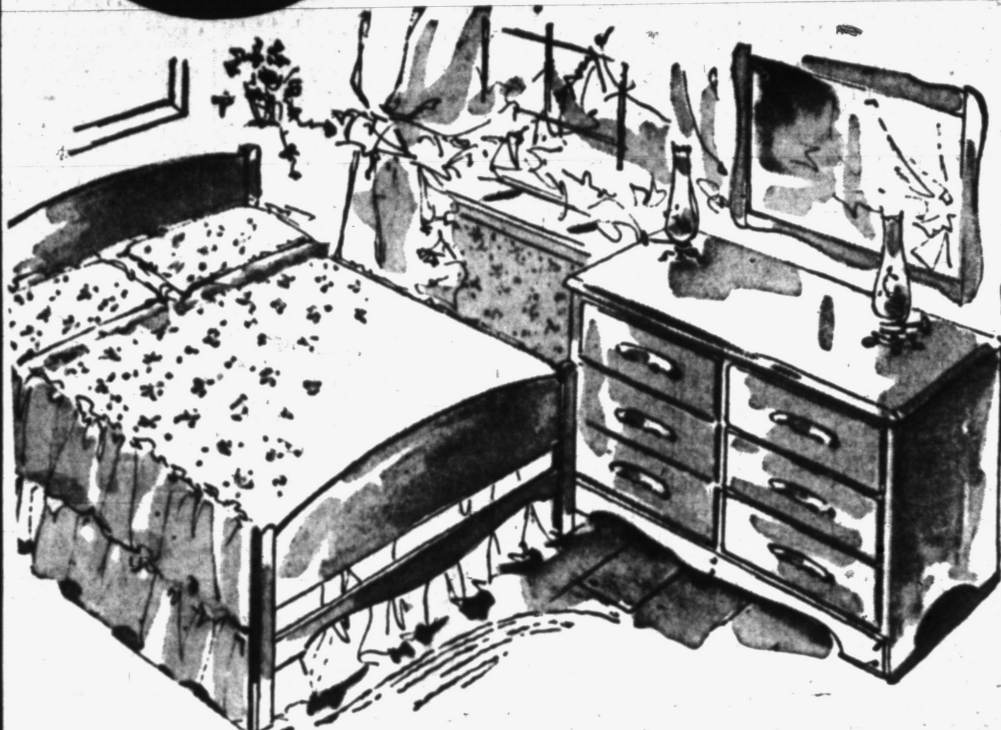

CADILLAC (AP)—William Fellows, a fourth ward commissioner, and Robert Kendall, a former commissioner, will be the candidates for mayor Nov. 3 to succeed T. W. Kelley who is not running for reelection.

Chafed Skin

Smarting misery, amazingly relieved when medicated Resinol—rich in lanolin—is applied to chafed skin. Lubricates, medicates, helps to heal. Bathe tender skin with mild Resinol Soap. **RESINOL OINTMENT and SOAP**
