\$100,000 Fire Destroys Barn in Holly Area

Three Fire Departments Take 2 Hours to Bring Blaze Under Control

A fire caused by spontaneous combustion levelled a large dairy barn yesterday, causing an estimated \$100,000 damage.

Matthew Sathkowiak, owner of the farm near Holly, said part of the loss was covered by insurance.

A valuable dairy herd was saved before the 60 by 110-foot barn burned to the ground. It had been recently filled with 7,000 bales of hay and 4,000 bales of straw.

Firemen from Holly, Grand Blanc and Fenton fought the blaze for two hours.

Two silos full of winter fodder attached to the barn were saved by the firemen.

A tractor, manure spreader, five-unit milking machine and 60 modern, self-feeding cow stanchions were destroyed.

One calf in the barn at the time of the fire, was burned to death. A giant pile of smoldering bales continued to smoke today, marking the location of the completely destroyed barn.

Three other out-buildings were not damaged because the wind blew the flames away from them, but Sathkowiak's house was endangered at the peak of the blaze, and firemen sprayed it with water as a precautionary measure.

Jet Pilots Set for Bendix Race

10 AF Thunderstreaks to Tear Through Skies From California to Ohio

EDWARDS AIR FORCE BASE, Calif. (AP)—Ground crews may provide the winning margin as 10 Air Force pilots take off tomorrow flying jet F4F Thunderstreaks in a 10-mile-a-minute dash to Dayton, Ohio.

It's the Bendix Trophy Race of 1,900 miles, a competition first won by Jimmy Doolittle in 1931 with an average speed of 223 m.p.h.

The Air Force pilots tomorrow will be streaking almost seven miles above the earth to break the mark of 603.547 set last year by Maj. William Whisner Jr., when the pilots all flew Sabre jets.

The first plane will take off at 8 a.m. (EST) and the other nine will follow at 10-minute intervals. The planes today are impounded pending start of the race, but yesterday crews worked to wax the Thunderstreaks to make them fly with the least possible friction.

All the planes are standard models and a refueling stop will be necessary. It is estimated the refueling can be done in as little as four minutes or it may take seven. Last year there was a 4.8 second difference between the first and second place winners.

The USAF Air Weather Service will help the pilots map the best route according to the weather conditions.

The pilots will be at stratospheric altitudes of 35,000 to 40,000 feet.

Single Kerosene Lamp Lights Storm-Battered Home

Editor's Note: The following story by John Ward tells of one family in a Rhode Island shore community and how it is faring three days after the hurricane.)

By JOHN WARD
of the Providence Journal-Bulletin

For The Associated Press
WAKEFIELD, R. I. (AP)—Mr. and Mrs. Malcolm Jenne and their four children go to bed at 9 p.m. by the light of a single kerosene lamp that their family physician gave them.

That's all the light they have. They didn't have any light Tuesday night and had to go to bed at dusk. The hurricane had carried away power lines in this little village on Narragansett Bay, 18 miles south of Providence.

That storm had left them with their home but with a cellar full of water, a yard covered with puddles of salt water, no lights, no heat, no facilities for storing food and none for cooking it.

The Jenne, whose children

Thrifty Legion Disillusioning to Washington

WASHINGTON (INS)—Merchants, restaurant owners and taxi-cab drivers all complained today about the lack of business from American Legion visitors.

Businessmen in the nation's capital, host to the Legion for the first time, had hoped for free-spenders during the convention which ended yesterday.

Their disillusionment was summed up by one cab driver who put it this way: "The Army sure taught 'em how to walk."

Dulles Arrives for Manila Talks

Emphasizes Importance of Forthcoming Asian Conference

MANILA (AP)—U.S. Secretary of State John Foster Dulles arrived today for an eight-nation Southeast Asia security conference he called "one of the most important international conferences of our time."

An 18-gun salute boomed as his plane landed. Two military bands began playing and a host of dignitaries crowded forward as he walked smiling from the big airliner.

Tomorrow U. S. and Philippine officials will meet in advance of the foreign ministers' conference opening Monday to discuss ways and means of strengthening the mutual defense pact linking the two nations.

"Next Monday Manila will become the seat of one of the most important international conferences of our time. The representatives of eight free nations will meet here to discuss how to protect Southeast Asia and the southwest Pacific from aggression," Dulles said.

Immediately after reading his statement he drove to the residence of U.S. Ambassador Raymond Spruance.

The United States already has indicated it is not anxious to go along with Philippine and Thailand demands for a pact binding members to instant retaliation in the event of an attack against any one of them.

Washington is reported to prefer an agreement under which member nations would react to an attack against another member within the framework of their constitutional processes.

McCarthy Hearings in Vacuum Today

WASHINGTON (AP)—The McCarthy hearings, so far almost entirely a rehearsal of old records and testimony, hit a week-end dead spot today.

Possibly the inquiry may be over by late next week.

The mass of evidence on five major charges of accusations against Sen. McCarthy (R-Wis) has been spread on the record in three days of drab but fast-moving public sessions. There was nothing new in it, no surprises.

Where the hearings go when they start up again Tuesday is uncertain. The six-man special committee may have a bit more evidence to offer and briefs to file.

M.D.s to Visit Soviet

LONDON (AP)—Nineteen British doctors left London by air today for a three-week visit to Russia. The trip is sponsored by the British Society for Cultural Relations with the U.S.S.R.

range from 3 to 22, are typical of hundreds of families braving it out in many of the flood areas of Rhode Island, leading a bare existence in their water-soaked homes, struggling along with makeshift meals, sleeping in makeshift beds, wearing what clothes the storm has left them.

Son of Unemployed Man Finds Cash

SHOWS WHERE—Russell Jimenez, 9-year-old Muskegon boy, shows his mother, Mrs. Antonio Jimenez where he and playmate found a metal box containing \$1,000 in bills, apparently concealed by a former occupant of their house. The Jimenez family, which includes five children, bought the place two years ago. Mr. Jimenez, without steady work for two years, reported the find to Muskegon Heights police who are endeavoring to establish ownership.

U.S. Confident in EDC Crisis

Believes Formula Will Be Found for Arming West Germany

WASHINGTON (AP)—After a week of worry and soul searching, U.S. officials are fairly confident today that a formula will be found in a reasonable time for arming West Germany as a partner in the anti-Communist defense of Western Europe.

But there is far less confidence that this formula will promote European unity. Some other device may have to be found for that.

As Washington views the situation, the tragedy of French destruction of the proposal for a European Defense Community is that EDC would have served both designs.

Diplomatic authorities say privately the first dangers of the EDC defeat apparently have been weathered successfully.

The ways still open in a practical sense appear to embrace only two possibilities.

First, the American and British governments now favor solving the German rearmament problem by making West Germany a member of the 14-nation North Atlantic Treaty Organization.

Second, should the NATO plan fail, London and Washington appear to have an understanding that they must then try to rearm Germany directly. They would prefer to do whatever they do with the approval and cooperation of France.

Warning Issued After 7 Grass Fires in Day

Pontiac Fire Chief John F. Schroeder today cautioned residents to be careful throwing away cigarettes and matches after firemen fought seven grass fires in the city yesterday.

"Grass and foliage are drying out at this time of the year and extra precautions must be taken," the chief said.

Mr. and Mrs. Jenne were working at the Quonset Point Naval Air Station and their son Robert at a bank in Providence when the storm hit.

The Jenne family was reunited late Tuesday afternoon to find the floodwaters had virtually destroyed all their first-floor furnishings, including everything in two bedrooms.

Last night, Mrs. Jenne, who perhaps typifies all the housewives and mothers in the area, said, "Oh, we're living."

"We have been cleaning up and cleaning up. We get food as we need it for each meal from a store four miles away."

"We finally got our gas man to hook up our bottled gas stove yesterday afternoon. Before that we had to eat cold food like frankfurters although Wednesday we had steaks cooked on our outdoor grill."

"We just threw out all the children's shoes—10 pairs—and bed slippers. When we get paid tomorrow, we've got to buy new shoes for everybody. We've got most of our spare clothes hanging on the line to dry."

"My husband has carried four trailer loads of stuff, including our studio couch and rug, to the town dump and there's a lot more down the cellar to go."

OCSC Member Elected New President of NSSA

Biggest news of the day to come out of the 15th annual National Skeet Shooting Association championships at Oakland County Sportsmen's Club was announcement of the election of OCSC member Chet Crites, a Detroit, to the NSSA presidency for 1955.

Crites has been a long-time member of the OCSC, active in all its work, and now is one of the leading Michigan shooters in this championship.

Vice-presidency was given to Leon Mandel of Chicago.

Election of these two officials took place last night at a meeting of the NSSA board of directors at the clubhouse.

On the shooting front, the big news was the manner in which the Puerto Rican team continues to set high marks on the skeet fields.

Leaders at noon today were two members of the San Juan team, all of whom were in the 90-or-better bracket, were Capt. Alberto Guerrero, 96; Jaime Loy (Continued on Page 2, Col. 4)

Ford Says Foundation May Sell Some Stock

LONDON (AP)—Henry Ford II said today the Ford Foundation is studying the possibility of offering some of the Ford Motor Co. stock it holds to the public, perhaps in about a year.

He denied, however, that the company itself planned to offer stock for sale to the public.

(The foundation, a philanthropic tax-exempt organization, owns three million shares—94.1 per cent—of the non-voting class A stock. The remainder is owned by the family and the company. The family also holds all of the class B voting stock.)

Two Enter Pleas in Fraud Probe

Madison and Althouse in Federal Court in Discount Conspiracy

Joseph J. Madison, 50, ousted as Pontiac branch manager of National Discount Corp. in September, 1952, pleaded no contest to 2 of 13 counts in Detroit Federal Court Thursday charging him with using the mails to defraud and conspiracy.

Another defendant, Ami Althouse, a Clarkston television sales company owner, pleaded guilty to 2 of the 13 counts against him.

The pair entered their change of pleas before visiting Federal Judge George H. Boldt, of Tacoma, Wash. They have been charged with several others in the used car business of obtaining auto loans fraudulently.

Auditors from the company's main office in South Bend, Ind., claim they discovered about a \$1,000,000 fraud during a routine check of the local office.

Madison claimed being "as much a victim of the fraud as the company." In a statement issued by his attorney two years ago.

Fred Holzhaugh, Detroit used car dealer, and Earl T. Butterly, former Farmhaven used car dealer, previously pleaded no contest.

Robert Althouse, brother of Ami and president of the former Twentieth Century Lincoln-Mercury Sales Co. in Mount Clemens; John N. Lewis, brother-in-law of the Althouses and bookkeeper for Holzhaugh & Althouse, and Joseph Foltz, Holzhaugh's secretary, still await trial.

'Accident' Death of Wife Labeled Murder, Arson

Southern Officials Say Man's Story of Wreck Not Substantiated

RALEIGH, Miss. (AP)—A 59-year-old filling station operator of Polkville, Miss., is in jail at Jackson charged with murder and arson in connection with the death of his wife and the burning of his car Aug. 22.

Sheriff A. E. Bounds of Smith County said last night the charges were filed after Ross Hawkins' story of an auto accident that killed his wife "fell flat."

After Hawkins' arrest, Sheriff R. E. Harp of Morehouse Parish (county) in Louisiana reopened an investigation of the hunting death of Hawkins' 17-year-old son in 1945. Officers said the boy was shot through the head while hunting with his father near Bastrop, La.

The death was reported as an accident and Hawkins collected \$13,500 insurance.

Bounds said Hawkins had 10 or 12 insurance policies on his wife, one of which was taken out about two weeks before her death. Most of the policies carried double indemnity for accidental death, the sheriff said.

A month ago, Bounds added, Hawkins' filling station burned and he accepted a settlement on a fire insurance policy on the station.

"He told me in all he had collected \$18,000 in insurance in recent years," Bounds said. "He's never been in trouble before so far as I know, but he has been collecting insurance for as long as I can remember."

Bounds said a reported auto accident 12 miles south of Morton, Miss., led to the investigation. Hawkins' version of the accident was that his car hit a tree; his wife, Jessie, about 51, was killed and he was injured, and he dragged her out of the car before it caught fire.

The sheriff said the windshield of the car was not broken, the tree and the car bore no evidence of impact, and there was no blood in the car.

About 12 or 15 feet from the burned car, where Mrs. Hawkins lay, the trees were splattered with blood, the officer said. Mrs. Hawkins (Continued on Page 2, Col. 5)

Pontiac Ready for Changeover

Hopes to Keep 75 Pct. Working Force During New Car Transition

Pontiac Motor Division is shutting down its assembly and certain manufacturing operations today for model change and annual inventory, it was announced by R. M. Critchfield, general manager.

Pontiac's assembly lines and some fabricating plants will be down for various periods during the month of September.

Except for the inventory period, less than 4,000 of Pontiac's 16,000 employees will be idled during this period. Employment is expected to increase during the coming fall and winter.

Clear Skies Seen for Long Weekend

The Labor Day weekend will have clear skies and pleasant temperatures.

A storm which felled trees and injured several persons in the Detroit area swept across the state yesterday on a cool mass of air.

The U.S. Weather Bureau says the cool air mass should insure pleasant weather today and possibly through the weekend.

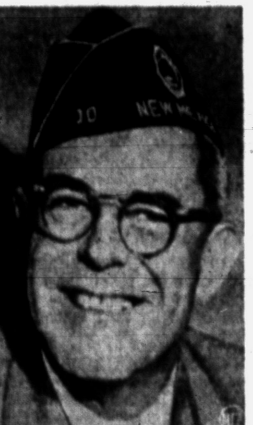

Low tonight will be 55-59, high Saturday 74-82.

Yesterday's temperatures ranged from 62 to 89. At 8 a.m. today the temperature was 63, and rose to 78 at 1 p.m.

Wind Heads Northeast

HALIFAX, N. S. (AP)—Hurricane Dolly passed 60 miles south of Cape Race, Nfld., early today. It was heading east-northeast at 30 miles an hour.

Legion Officers

SEABORN COLLINS

MRS. PERCY A. LAINSON

Elected national commander of the American Legion is Seaborn P. Collins Jr. of Las Cruces, N. M., a businessman who flew the hump of the Himalaya mountains in World War II. The American Legion Auxiliary elected Mrs. Percy A. Lainsan, of Fort Madison, Ia., president.

Conventions of the Legion and its auxiliary have been in session in Washington this week.

Legion Chieftain Will Push UMT

Training Plan Is Main Goal for New National Commander

WASHINGTON (UP)—Seaborn P. Collins started his new duties as national commander of the American Legion today with the establishment of a Universal Military Training program as his main goal.

Collins, 41-year-old Las Cruces, N. Mex., building contractor and World War II air transport pilot, was elected unanimously at the close of the Legion's 36th Annual Convention here late Thursday.

He pledged his best efforts to carry out a convention resolution making UMT the No. 1 item on the Legion's national legislative program.

"I have become increasingly convinced that UMT is the only fair and effective way of providing (Continued on Page 2, Col. 2)

County Farm Crops Suffer From Year's 2nd Drouth

By JOE HAAS

Our farmers are getting quite fed up on the "mostly fair" weather predictions which have been quite in order for several weeks.

They are watching their corn sear up, curl and wilt, their potato vines droop right in their blossoming stage, their pastures turn brown and the current alfalfa cuttings fall short.

It is the second drouth of this growing season, both of which have shortened production. The early summer dry spell was broken only after it had a serious effect on all growing crops.

Wheat is about the only grain crop that escaped "any material drouth damage. Most of the wheat fields had matured before the first drouth, and the yields ran above average.

But oats yields were shortened, pastures dried up, and all growing vegetation delayed in that July drouth. Then copious rains brought a respite, and the farmers were happy.

This happiness, however, was short lived. The August sun generally was not conducive to plant growth, especially when that growth was struggling under an absence of moisture, and another drouth ensued.

Silo filling already has started

with many farmers who have found that their corn was at a standstill in its growth and the grain showed little prospect of proper development.

In most potato fields the tubers are quite undersized, but this crop can yet be saved should rain come soon, and the first killing frosts be delayed. This is particularly true of the late varieties.

Shortage of proper forage also is curtailing the dairy production, and the owners of many herds have been obliged to start furnishing outside feed such as they do in winter.

The peach, apple and other fruit crops also feel the effects of the drouth which affects them from both quantity and quality standpoints. Many gardens all ready are quite dependent on hand watering.

The few farmers who have fields equipped for irrigation are finding that it is a profitable investment.

HOLLY PRESIDENT FIRES HUSTVEDT

Orders Village Manager Out After Resignation of Police Chief

HOLLY — Worth Hitchcock, village president, yesterday fired Village Manager Anders Hustvedt for "among other things, failure to follow directions given him and for failure to get along with village department heads and other employees."

The firing of Hustvedt came just one day after Harry Jones resigned as police chief, stating that he took the job April 1 with the understanding that he would run the police force, "on a sound, nonpolitical basis." He added that Manager Hustvedt had blocked him in efforts to this end.

"As far as I am concerned, I am still manager," Hustvedt said last night. "I take my orders from the village council."

This is the second time this year that Hustvedt has been ordered to resign by Hitchcock. The first firing was rescinded by Hitchcock after a special council meeting.

Incorporation Subject of Talk Stated by Group

WATERFORD TOWNSHIP — The pros and cons of incorporation will be reviewed by Dr. S. L. Friedman of Wayne University at 7 p. m. Sept. 3 at Decker's Cafeteria.

The meeting is being planned by the Junior Chamber of Commerce. Representatives of civic organizations, township subdivisions, and township board members have been invited along with the police and fire chiefs.

After the meeting, the Jaycees will determine the advisability of launching an incorporation campaign, according to Gerald DeWees, of the group.

55 Elementary Teachers Slate Pontiac Conference

Fifty-five teachers from ten rural school districts will convene in Pontiac on Sept. 8 for the annual elementary rural faculty meeting.

To be held in the supervisors' room of the Oakland County building, it will be an all-day conference with special emphasis on the language arts. Specialists in this field from Michigan State Normal College will be featured.

Opening the morning's session, William J. Emerson, Oakland County superintendent of schools, will extend greetings to the group. Kenneth Brown, deputy superintendent and Claude Elmore, assistant superintendent in charge of instruction, will also speak.

Howard Morgan, child account director for the county school office, is scheduled to talk to the group.

Also on the morning's program is Dr. Kathleen Hesler, member of the staff for MSNC who will tell of the importance of the language arts. Following this, Mrs. Laura Williams, special lecturer from MSNC, will address the group on "Growth and Development."

During the afternoon, the group will be divided with earlier elementary discussions led by Dr. Hesler and the later elementary by Mrs. Williams.

School Bus Routes, Times, Established

WATERFORD — Bus schedules are now being written to transport approximately 7,000 students of the school district for the year. Twenty-eight buses will be employed.

Grades 9-12 will be picked up at the same time and place as grades 10-12 were last year.

Grades up to the sixth will be picked up approximately 15 minutes earlier this year than last. The routes will be practically the same.

A schedule for pickup of seventh and eighth grade students will be announced later. On Sept. 8, grades 1-6 will be picked up at the regular time, and returned at 10:30 a. m.

Questions regarding the transportation of school children should be addressed to the principal of the school he will attend.

Kiwanians Get Up Early for Breakfast in Detroit

ROCHESTER — Fifteen Kiwanians "got up before breakfast" this week for an early trip to Detroit. The group toured the Eastern Market there, had breakfast, and were back home by 8:30 a. m. Darrell Bordin had charge of the tour.

A get-together meeting of Kiwanis, Lions and Rotary Clubs is scheduled for next Wednesday at Brooklands Golf Club. William Crossin, acting chairman reports. Golf in the afternoon will be followed by dinner.

County Births

Byron Lake — On and Mrs. Charles Sempere of Jackson, Mich., are the parents of two sons, James William and Thomas Paul, born Aug. 31, at Pontiac General Hospital.

Ferndale Girl Killed in Crash

Driver Runs Red Light; Four Teenage Youths, Detroiters Injured

FERNDALE — A fifteen-year-old girl died last night following a collision at Eight Mile Road and Livernis when the car she was riding in ran a red light, and was struck by another teenage driver.

Catherine Nagy, of 739 La Prairie, was dead on arrival at Mt. Carmel Mercy Hospital. James A. Maylene, 16, of 604 Ardmore, Ferndale, with whom she was riding, told police he ran a red light. He was uninjured.

Four other Ferndale passengers in Maylene's car, Roland Alexander, 16, Shirley Conlon, 15, Jeanne Harnett, 15, Melvin Randall, 18, were hospitalized.

A passenger in the other car, Mrs. Banaf Easa, 51, of Detroit, suffered head and chest injuries. Her son, Joseph, 15, who was driving was uninjured.

Waterford Area Building Permits Hit All-Year High

WATERFORD TOWNSHIP — Building in the Waterford area hit an all-year high during August with 250 permits valued at \$1,177,717.

In June 213 permits were issued at a valuation of \$1,239,322. July showed a drop to 159, at \$684,650.

Included in August permits were 128 homes at \$1,054,100 and three commercial buildings at \$28,500. Permits were given for 46 garages and breezeways and 60 for additions and remodeling.

Walled Lake PTA to Fete Teachers

WALLED LAKE — The combined PTAs of Walled Lake district are planning to welcome all teachers with a breakfast in the junior high school cafeteria Tuesday morning.

The committee, planning the affair is composed of representatives from each of the PTA groups from the district's seven schools, with Mrs. J. E. Butters as chairman.

New teachers will be introduced and school administrators will make brief speeches. The Walled Lake chapter of the Michigan Education Association will also have a part in the program, as well as the Employees Credit Union.

MRS. DONALD BRIGGS

Mr. and Mrs. Edward M. Skelton, of 634 Andersonville Road, Waterford, have announced the marriage of their daughter, Hazel, to Donald Briggs, of Clarkston. He is the son of Mr. and Mrs. Luther Briggs.

Jaycee Flag Sale Starts Tomorrow in Waterford

WATERFORD TOWNSHIP — "A Flag in Every Home" will be the slogan in Waterford tomorrow when the Junior Chamber of Commerce begins its flag sale. The drive was organized to encourage a wider display of the National emblem.

Flags with outdoor brackets will be available at the bank in Drayton Plains, in Huron Gardens and at the Waterford Post Office, as well as in some stores.

County Calendar

Auburn Heights — The Mary Martha Society of the United Presbyterian Church will meet Tuesday evening at the home of Opal Leonard, 231 N. Squirrel Rd., Clarkston.

Regular meeting of the Joseph C. Bird Club, 284 Oak St., will be Sept. 7 at 8 p. m. in the Clarkston Masonic Temple.

Bake Sale at the East Highland Improvement Assn. building 10 a. m. to 2 p. m. Saturday, with proceeds going to "Boy Scout Troop No. 42."

New Public Safety System Set to Start at Oak Park

OAK PARK — The new Department of Public Safety, which integrates police and fire departments under one protective force, will go into effect here Monday.

The system, adopted last February after over two years of study, abolishes the title of police and firemen and classes members of the former departments as public safety officers.

Under the new plan, 24-hour duty has been abolished. Safety officers will work an 8-hour shift, with starting salaries set at \$4,420 and maximum salaries at \$5,300. An engineer in charge of each piece of fire equipment will be on duty at all times, both at the station and at fires.

Petitions Urge Incorporation

Request Action to Form City of Keego Harbor, Seek Election Date

KEEGO HARBOR — Petitions requesting action to incorporate this area as a city are being circulated by Charles Leaf, Mrs. William Billingsley, Paul Miller, Clayton Bozong, and Russell Gregg.

Others are William Hollibaugh, Mrs. Lylia Ross, Lewis Doyle, Ralph Odell, and Mrs. Albert Barnett.

The petitions, addressed to the Oakland County Board of Supervisors request an election date.

The proposed city area is bounded by Waterford Township and Sylvan Lake on the north, City of Sylvan Lake on the east, Grand Trunk Railway to the south, and the Village of Orchard Lake and Cass Lake shoreline on the west.

Petitions addressed to the county clerk call for a census of the proposed city area. Signatures are sought on it along with the petitions for incorporation.

A new 357-mile railroad links iron ore operations on the Quebec-Labrador border with the St. Lawrence River.

Don't Burn Up!

Do not let your lawn burn up because it is too much trouble to water it. Dispense with the hose and install an underground sprinkling system at a price within the reach of everyone. An area of 1500 sq. ft. can be sprinkled for as little as \$25.00.

We carry the famous RAIN BIRD lawn sprinkling equipment. Portable sprinklers, spray heads, valves and pop-sprinkles.

Ask for demonstration at our place of business. We can quote you on large areas as well as small. Large jobs can be financed with no down payment and 36 months to pay.

CARLON plastic pipe and fittings. The pipe with the stripe HOSE for all requirements of builders. The old established Quaker line at reasonable prices.

Steel scaffolding and rolling trestles for every need. Also wheelbarrows, chain saws, rotary tillers, garden tractors, centrifugal pumps, concrete mixers, Skilaws, electric hammers, power post hole digger.

Two Are Killed in Lapeer Area

Man Walks Into Path of Train; Girl Dies as Car Hits Tree

Two persons were killed in separate accidents in the Lapeer area yesterday.

William F. Carter, 74, of 828 State St., was struck and killed by a Grand Trunk eastbound freight train at the Bentley street crossing in downtown Lapeer. Outside the city, a 15-year-old Flint girl was killed and her brother and sister injured when their car struck a tree.

In the train accident, witnesses confirmed train conductor W. T. Seely's statement that William Carter walked into the path of the train. He was carried 80 feet down the track, and death was instant.

Elizabeth Couteur, 15, of Flint was killed when the car driven by her sister, Cletus Ann Couteur, 16, went out of control on Bowers road a half mile west of Meyers road. The driver and a brother, Thomas, are in Lapeer County General Hospital, in serious condition. Cletus had had her driver's license just two weeks when the accident occurred.

Waterford Area Board Cancels Sept. 6 Meeting

WATERFORD TOWNSHIP — The Waterford Township Board has canceled its Sept. 6 meeting because of the holiday, clerk Louis Barry announced today.

The board will retain its summer office hours throughout the year. They are: 9 a. m. to 8 p. m. Mondays; 9 a. m. to 5 p. m. Tuesday through Friday.

Teachers Reception Set by Almont PTA Group

ALMONT — The traditional teacher's reception will highlight the first meeting of the Almont PTA, scheduled for 8 p. m. Thursday at the High School. The program will be under the direction of Mrs. Doris Pittenger, with Mrs. Eva Bowman in charge of the refreshment committee.

Two new teachers have been engaged at Almont for the coming year. Bruce Farber of Detroit will instruct Spanish and history classes. George Stein of Maryland will be the new sixth and seventh grades teacher.

Eileen McMahon Wed in Drayton Church Rite

DRAYTON PLAINS — Eileen McMahon became the bride of Charles Lennon recently in the United Presbyterian Church. The bride is the daughter of Mr. and Mrs. A. McMahon of Glasgow, Scotland. Mr. Lennon lives at 2909 Sunshine Terrace, Williams Lake road.

COSMETIC COURSE—Cosmetic students Siegrid Loew, left, and Ilse Gruber, both blindfolded, smell perfume-scented papers in an attempt to identify different brands. It's all part of the examination required for graduation from the Frankfurt (Germany) Institute of Cosmetics.

Bourns-Williams Wedding Vows Spoken Saturday

SOUTH LYON — In a candlelight ceremony Saturday, Carol Jean Williams and Richard Thomas Bourns spoke their wedding vows.

The bride is the daughter of Mrs. W. J. Williams of South Lyon and the late Mr. Williams. Mr. and Mrs. E. C. Bourns of South Lyon are the parents of the bridegroom.

A white nylon, Swiss organdy dress with a fitted bodice, Queen Ann collar and long pointed sleeves was the bride's choice for the ceremony. Her fingertip net veil fell in a small crown.

Mrs. Davis Renner was matron of honor, with Mrs. Stanley Patros, Nancy Bourns and Judith Ann Williams as bridesmaids. Brother of the bride, David Williams, was the best man, and Edward Hock, David Bourns and Dewey Lyke were ushers.

The couple is taking a trip to New York City.

County Deaths

Ronald D. Headley
THOMAS — Service for Ronald D. Headley, infant son of Mr. and Mrs. Leon H. Headley, of 360 D. St., will be held at 2 p. m. Saturday at the Flumerfelt Funeral Home, with burial in Oakwood Cemetery. He died yesterday.

Surviving besides his parents are three brothers, James, Frederick, and Philip.

Student Back From Tour

SOUTHFIELD TOWNSHIP — Albert Fleming Jr., son of Mr. and Mrs. Albert Fleming, Glenwood boulevard, has returned from a two-month tour of Europe with 24 students from the University of Detroit High School, under the sponsorship of the Rev. John Sullivan, school principal.

Permits Total \$53,000

ROCHESTER — Residence and garage permits with a total valuation of \$53,000 were issued at Rochester during July and August, village clerk Lillian Easterle reported today.

Waterford Area Camera Club to Meet Tuesday

WATERFORD TOWNSHIP — An illustrated lecture, "How to Improve Color Slides," will be the feature of the first fall meeting of the Waterford Township Camera Club, scheduled for 8 p. m. Sept. 7.

The forty members are collecting summer snapshots and dusting off their cameras in preparation for the gathering at the Community Activities Center. The Waterford Township Recreation Board sponsors the club.

Contests will begin at the second meeting of the year, Sept. 21, club president Charles Griffith has announced.

Milford Girl Honored

MILFORD — Sharon Fournier has been awarded a first place prize for her three spiked Snapdragons at the State 4-H Club Show at Michigan State College.

Bentleys Hold Reunion

LUM — Four generations were present when the William Bentley family held a reunion Sunday at the Bentley home on Mitchell Lake road. Members of the family were present from South Carolina, Detroit, St. Clair, Mt. Clemens and Dryden.

75 Pints Blood Collected

NORTH BRANCH — Seventy-five pints of blood was the recorded donation to the Lapeer County Red Cross Bloodmobile unit, which operated at American Legion hall here Tuesday. Dr. Cornell Graevue of this village was assisted by five registered nurses.

Annual Fall Fair Oct. 7

ROCHESTER — St. Paul Methodist Church annual fall fair will be held on Oct. 7. The Women's Society of Christian Service announced today.

GG Effect on Polio Disclosed

Study Indicates Blood Derivatives Help Fight Polio Outbreak

CHICAGO (AP) — A new study indicating that gamma globulin offers some protection against polio was detailed today in the Journal of the American Medical Association.

The report is the third by a team of investigators who studied the results of field tests in 1951-52 and of mass inoculations last year.

The original evaluation was that gamma globulin, a protective substance derived from blood, offered significant protection. The second study concluded there was no evi-

MAKE

substance gave... involved lab... to re-analyze the value of GG given in the 1951-52 field tests.

Because of the latest study public health officers have recommended gamma globulin for family groups — to protect other members of a family in which one or more have been stricken.

The chief "big gun" now in use is the vaccine under widespread trial developed by Dr. Jonas E. Salk, of the University of Pittsburgh.

The latest report said evidence from the new laboratory analysis of the 1951-52 field tests suggests protection by GG "began" to have a noticeable effect late in the incubation period, was most effective when given at about the time of exposure or one week before, and continued with slowly diminishing effect for six to eight weeks.

Find Bath House Mirror Intact in Wake of Storm

MATTAPOISETT, Mass. (AP) — Battered Mattapoisett, clearing up the hurricane debris, found one item intact.

A two-foot high mirror from a public bath house, at flattened Crescent Beach was blown 500 yards down the shore line. It was found upright against a tree—unbroken.

Reckless Driver Is Given Jail Sentence and Fine

After pleading guilty to a reckless driving charge before Farmington Township Justice Allen C. Ingle, Floyd C. DeFrain, 20, of 25918 Novi, was assessed \$25 fine and 10 days in the Oakland County Jail.

An additional 50 days will be added to the sentence if he fails to pay the fine and costs.

SPILLED MILK—A milk delivery truck lies upside-down in the Vermilion River near Pontiac, Ill., after plunging through an embankment fence. Garage employees were familiar with the removal procedure as they dealt with a similar accident previously.

Blind 34 Years, Sight Returning to Blast Victim

LOUISA (AP) — A darkened world has turned gray for Ernest Compton. Soon it may turn as bright as day.

Compton, a 49-year-old newsstand owner, has been blinded since 1920, when a dynamite cap exploded and destroyed his sight. The blast also tore off his right arm.

"I have never seen his wife or his 18-year-old son, Ben."

An operation May 18 in New York has brought bright new hopes to Compton and his family, however.

Gray outlines of persons and objects come before his eyes now but he cannot recognize individuals. The encouraging aspect, though, is that he is "seeing some and improving each day."

ident her husband, some day, will be able to see her clearly. In the meantime, she is operating the newsstand 15 hours a day while Compton is back in New York for more treatments.

TERRIBLE TOMATO — Its color is red, it has a horn on its head and resembles Satan. Actually it's a tomato grown by Tennyson Freck, of Asheville, N. C.

Charged With Murder, Woman Relies on God

WEST UNION, Ohio (AP) — Maintaining her confidence that "God will take care of me," 50-year-old Mrs. Dora Litter yesterday was charged with first-degree murder in the death of her daughter-in-law. The daughter-in-law, Edith, 27, died sometime in April, authorities said. Her body was found in Mrs. Litter's home July 5.

Sheriff Eugene Fulton said cause of death has not been determined. Authorities did not explain why they believed Mrs. Litter was responsible.

When officers asked why she didn't report the death, she was quoted as saying:

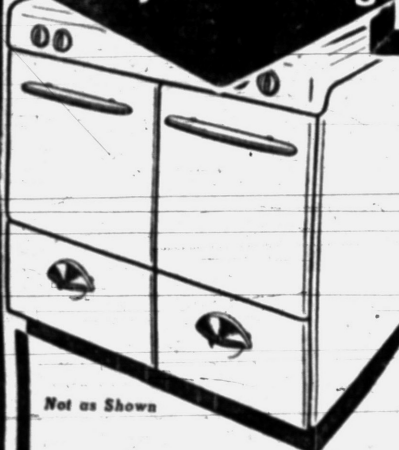

"I reported to the Lord. That is all that is necessary. No one ever dies."

Puerto Rico's capital, San Juan Bautista, was named for St. John the Baptist.

Don't Neglect Baby Teeth, UM Dentist Tells Parents

ANN ARBOR — "Somebody in the dental profession ought to put in a good word for primary teeth," says University of Michigan Professor of Dentistry Dr. Robert E. Moyers.

"And," he adds, "the great importance of taking care of them."

Dr. Moyers is chairman of the School of Dentistry's Orthodontics Department. This is the branch of dentistry devoted to preventing and correcting irregularities of teeth.

Seeing literally hundreds of thousands of poorly arranged children's teeth each week, Dr. Moyers is strongly convinced that the child's first teeth need an aggressive public relations counsel.

(Dentists dislike referring to primary teeth as "baby teeth," because, as they rightly pointed out, these teeth often last the child until he is 12 years old.)

Nevertheless, Dr. Moyers de-

clares, "Parents, even some dentists in general practice, tend to ignore the child's first teeth. The attitude is understandable," he added, "because they are temporary teeth."

Yet, the U-M specialist says, a properly-treated first tooth may save the parent hundreds of dollars worth of corrective work in the child's later years.

Furthermore, even if the child's first teeth appear to be perfect, they could be concealing a potential orthodontic problem, necessitating years of treatment, complicated appliances, and a huge drain on the family income.

"It is my firm conviction," Dr. Moyers says, "that the field of dentistry known as orthodontics has had an unfortunate public appraisal. People tend to think of corrective work as the sole property of the upper classes."

In fact, if a child were braces on her teeth, it was a foregone conclusion that her father was in the higher income brackets.

Dr. Moyers reports that he has had parents come to his clinic from hundreds of miles away, literally begging him to straighten their children's teeth. Such people cannot afford extensive corrective work.

"The high cost of orthodontic work is largely due to delays and oversights earlier in the game," declared the U-M dentist.

"Parents do not realize that by the treatment of a single primary tooth, or by the application of a simple plastic appliance, we often can guide the whole course and structure of a child's mouth."

Dr. Moyers estimates that two-thirds of the malformations and irregularities of children's teeth can be intercepted, even prevented.

"If a child is seen early enough, what might have been years of corrective work turns out to be a mere matter of months," he says. "Nothing," he concludes, "is more costly in dental work than hindsight."

Moral: Don't ignore first teeth, even if they look to you to be perfect.

Washington State Police Test Auto Safety Belts

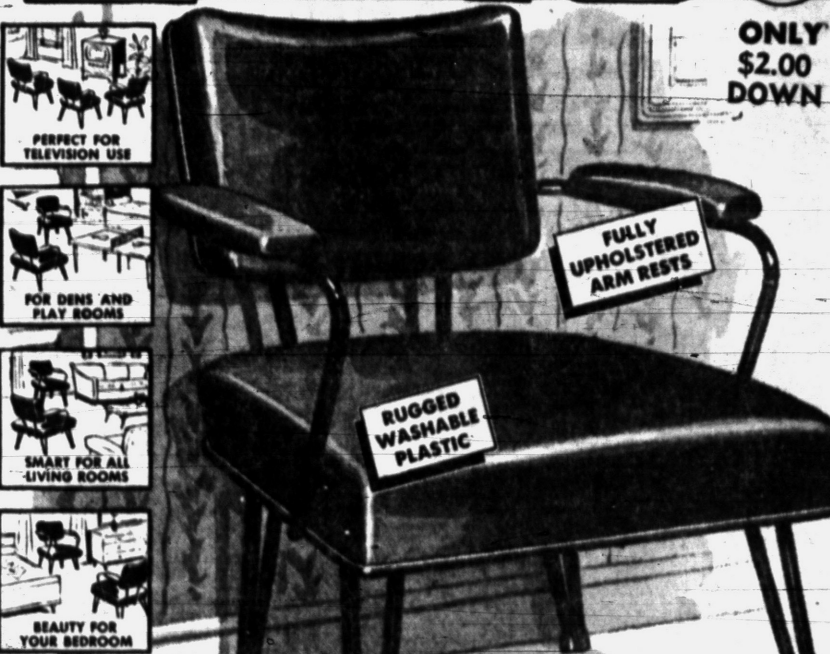

OLYMPIA, Wash. (UP) — The State Patrol is experimenting with automobile safety seat belts, similar to those used in airplanes.

The police unit has one of its cars equipped with safety belts, and users of the car report satisfactory results.

The officers believe the belts should be attached to the frame of the car as well as to the seat. In many accidents, the seat is torn loose by the impact of the collision.

Each cabinet becomes a bookcase or cupboard when the sliding doors are removed... so wherever and whatever your problem — we know that this group is THE ANSWER.

Carola Mandel 1st Woman to Hold Men's Title

By H. GUY MOATS
A slight, dark haired Chicago woman yesterday afternoon invaded a man's field to become the first of her sex to hold a man's championship in the National Skeet Shooting Assn.

Despite the handicap of an injured foot, Mrs. Leon (Carola) Mandel of Chicago, hobbled down the fields of "Skeet Alley" to compile a perfect 100 in the 20 gauge championships, and then for good measure outshoot four good male opponents in a shoot-off for the title. She settled the

5-way tie quickly with her 50 straight.

Immediately after Mrs. Mandel finished her 50 straight, members of her squad crowded round with congratulatory kisses.

Tall, 17-year-old George Hodges of Jacksonville, Fla., was runner-up for the 20 gauge event. He also took the junior 20 gauge title event

with his "century." The Chicago feminine sharpshooter was a 2-time winner, too. She captured the women's division of the "20" on her perfect round with the medium gun.

Others in the 20 gauge shootoff were Jaime Loyola, Puerto Rico; Joe Lee Braun, San Mateo, Calif.; George Morin, Fairchild, Wash.

and Hodges. Hodges wound up in 2nd place after the shootoff.

Mrs. Mandel outshot Mrs. Ethel Balch of Tulsa, Okla., for the feminine honors, while the youthful Hodges became the junior champion, over Ed Harris of Galveston, Mrs. Balch fired 95x100 and Harris had 94.

Other champions named Thursday were:

Industry—Jack V. Eliot of Newport Beach, Calif., 100x100.

Sub-seniors—(50 years and older)—Paul Baker, Bakersfield, Calif., 97x100, one to get ahead of Fred Alford of Dallas, Tex.

Seniors—(60 years and older)—Andy Clausen, Berkeley, Calif., and C. L. Barnard, New Orleans, La., were tied. The championship will be decided early today.

The 2-man team honors were won by Mickey Michaelis of Galveston and George Morin of

Fairfield, Wash., with 199x200. The runnerup were Mrs. Mandel and Harry Allice of Chicago with 197x200.

High-over-all leader at this half-way mark in the championships is Ben Dilorio of Utica, N.Y., who has 289x300. Final 250 target all-gauge championship race starts today with 100 targets. Last 150 round will take place Saturday and Sunday.

Michigan shooters had a good day with some 50 taking part, and many effecting a good showing.

Because of inability to get the 10-way tie champion of champions shootoff under way Thursday, that event will be run off today, the 10 "centuries" shooting concurrently with the National All-Gauge championships.

Today's field for the All-Gauge Championships is expected to reach approximately 250. It was augmented yesterday afternoon by the arrival of several fine U.S. Army and Navy service teams from the east, west and south.

NSSA Champs; Top Scorers

Here are the new champions and the Michigan scores in the National Skeet Shooting Championships at OCSC, Waterford:

20-Gauge Champion: Mrs. Carola Mandel, Chicago (shootoff 100 plus 50 straight).

20-Gauge Junior—George Hodges Jr., Jacksonville, Fla. (100x100).

20 gauge sub-seniors—Paul Baker, Bakersfield, Calif. (97x100).

20-gauge women—Mrs. Mandel (100x100).

20-gauge 2-man team—Mickey Michaelis, Galveston, Tex., and George Morin, Fairfield, Wash. 99x100 for 199x200.

Michigan scores:

Henry B. Joy III, Detroit, 95; Norman West, Royal Oak, 94; Lawrence Schmidt, Highland Park, 87; Jules D'Astasio, Royal Oak, 86; Ronald D'Agostino, 73; Don Davis, Detroit, 74; Matt Haskins, Detroit, 68; Don Freeman, Detroit, 66; Ben Schwab, Bay City, 65; E. A. Gibbs, Grand Rapids, 60; Frank Parah, Flint, 59; Edward Brown, 58; Sam Schmidt, Hazel Park, 51; W. A. Brown Jr., 49; W. A. Brown Sr., 48; 47—Leeland Brown, 46; 45—Bob Wagner, Detroit, 44; H. H. Gentry, Jackson, 42; Stan Warner, Grand Rapids, 41; Oliver Waggoner, Grand Rapids, 40; G. L. Yaiter, Grand Rapids, 37.

Dr. Paul S. Crane, Detroit, 90x100; Dick Becker, Muskegon, 81x100; Harry Platte, Grand Rapids, 81x100; John W. Smith, Birmingham, 81x100; Keith Van Kirk, Birmingham, 81x100; Joseph P. Regina, Detroit, 81x100; Robert Thielke, Pontiac, 81x100; Dr. Leon Wessel, Detroit, 80x100; Jack Thomas, Bay City, 80x100; Ascher Heik, Saginaw, 80x100; Roy Williams, Davison, 80x100; Murray McCullum, Caro, 80x100; John T. Baisson, Grand Rapids, 79x100; Francis Kellogg, Ithaca, 78x100; Bob Kellogg, Ithaca, 78x100; Claire Purdy, Ithaca, 72x100; Ray Peters, Saginaw, 72x100; Edwin C. Kitching, Detroit, 61x100; Ted Hanniford, Highland Park, 61x100; John S. Jenkins, Detroit, 61x100; H. J. Curry, Caro, 61x100; Howard Conner, Detroit, 61x100; Elmer E. Gilmore, Dearborn, 61x100; Chet Critch, Detroit, 60x100; W. R. Campbell, Detroit, 58x100; Tom Cress, Detroit, 58x100; Robert Jewell, Ann Arbor, 57x100; Morris Daltis, Ann Arbor, 55x100; Abe Perri, Detroit, 55x100.

Wins 6th Title Pistol Champ Derides Old West's Badmen

CAMP PERRY, Ohio (AP)—Harry Reeves, Detroit policeman who won his sixth National Pistol championship here yesterday, isn't overly impressed by the prowess of the gun-toting badmen of the old West.

"They all used the heavy, long-barreled six-shooters—the clumsiest gun in the world to get out

"I can pull two 45-caliber automatics from their holsters and pour 16 shots into a man-sized dummy at 15 feet in around three seconds. And a lot of other fellows can do it, too. I can pull one gun and hit the dummy three times in one second, including the draw.

Reeves' 2,587 out of a possible 2,700 yesterday enabled him to retain the championship he won last year. He previously had won the pistol title in 1940-41-46-48. In second place was Joseph C. White of New Orleans with 2,572.

M. Sgt. Hulet Benner, West Point Academy pistol coach and winner of the .38 caliber firing Wednesday and yesterday's 45-caliber firing, was third.

The new women's pistol champion is pretty Lucille Chambliss of Winterhaven, Fla., who scored 2,441 out of 2,700. Mrs. Gertrude Backstrom of Hoquiam, Wash. was second with 2,439, and Mrs. Margaret Culbertson of Sierre Madre, Calif., defending champ, was third with 2,395.

Field of 150 Is Expected in Publinx Tourney

A field of 150 of Michigan's top public course golfers is expected to compete in the annual state Publinx Tournament at Shore Acres Golf Club in Fenton this weekend.

An 18-hole qualifying round is set for Saturday, with the low 60 finishers advancing to Sunday's 36-hole finals.

Non-qualifiers will participate in a consolation best-all tournament Sunday's 18-hole round.

Defending champion in the event is Jack Gregory of Sylvan Glen Golf Course.

Michigan Squad Not Yet Ready for Scrimmage

Bennie Says He'll Hold Off Contact Work for Another Day

ANN ARBOR (AP)—"They've got a lot to learn."

Michigan coach Bennie Oosterbaan gives that as a reason his sophomore-heavy Wolverines won't be ready to scrimmage until Saturday.

But yesterday when Oosterbaan broke off the fundamentals drill to start some signal calling, the 1st play cracked off with snap and precision.

The squad, bulging with sophomores, worked on plays from a "T" and single wing.

Oosterbaan has shifted John Greenwood of Bay City from left half to quarterback.

He says he made the change to let Greenwood back up Duncan McDonald and Jim Maddock. Greenwood and Maddock are both sophomores.

Lou Baldacci still works at the signal calling post, but he has also been sharing fullback duties with Fred Baer.

Oosterbaan began the signal calling with a batch of running

plays. Then he called pass lays to limber up the quarterback arms.

Finally Oosterbaan called on the single wing pass plays that feature the left halfback. He had five of them working.

Detroit's Tom Hendricks, Terry Barr of Grand Rapids, and Dave Hill of Ypsilanti, looked like the class of the pack.

Besides, Oosterbaan had the capable passing arm of Dan Cline, who saw limited experience last year, and an untested sophomore Ed Shannon. Barr also is a sophomore.

At least one sophomore worked out with the first squad. He was Detroit's Ron Kramer, sure-handed, fleet sophomore end who took the spring trophy.

He teamed with Jerry Williams. There were four other ends including sophomores Charley Brooks of Marshall and Dave Ward of Midland.

Machine Age Triumphs Over Horse at Track

HALLANDALE, Fla. (AP)—The machine age, aided and abetted by jockeys, has triumphed over the horse.

It happened the other day when Gulfstream Park discontinued its seven-furlong chute. The jockeys didn't like it because there was a dangerous sharp bend.

So the decision of the jockeys was accepted, and the seven-furlong chute is being converted into a parking lot for 1,000 cars. Horses will now have to be content with the six-furlong route.

The St. Louis Cardinals operate 22 minor league clubs in 15 states, Canada and Mexico.

Spahn Riding 9-Game Streak

By CHRIS EDMONDS

MILWAUKEE (AP)—Warren Spahn's knee snapped two months ago—and the sound is getting louder every day in the National League.

The Milwaukee Braves' stylish southpaw, only three victories away from becoming the fourth man in league history to be a 20-game winner for six seasons, was riding a nine-game winning streak as the Braves left for Cincinnati. His record for the season was 17-10

and, with 25 games to go, seemed a cinch to win three more.

It didn't look that good, though, back in July. Spahn's won-lost record then was below .500 and the word was going around that he'd lost the zooming fast ball which had cut down 1,148 batters, tops in the league, during his nine-year career. An operation last October to remove what he referred to as some "chewed-up cartilage under the kneecap" was blamed.

"My leg was bothering me in spring training and during the early part of the season," the 33-year-old veteran said. "It wouldn't hold up at all. Then one day, a few weeks before the All-Star Game, we were fooling around in the outfield and something snapped. It's been fine ever since. I can do knee bends now for the first time in two years."

The pitching effectiveness didn't come back quite as easily, though. "I still didn't have complete coordination, like you must have to be a pitcher," explained Spahn, a student of the art by which he earns his living. "I thought I was doing everything like I always had, but they were getting around on my fast ball."

"It was one of those things. You know, you do something all the time and it becomes automatic

and when it goes wrong you can't tell exactly why. I was worried, but then Bucky Walters and Johnny Cooney (Braves' coaches) suggested I shorten my stride and that did it."

Spahn led the league with a 2.10 earned run average a year ago, when he had a 23-7 record. His ERA was 2.86 today, on 75 earned runs in 236 innings.

The hawk-nosed southpaw, who won a battlefield commission with the combat engineers during World War II, is the only active Brave remaining from the 1948 championship team.

"But this club is the best team I ever played on," he said. "The boys on the bench come in when someone's hurt and do darned good as good a job as the regulars. We're still in the race and don't forget it."

Two City League Squads Entered in State Tests

Two Pontiac City League teams are in action at state baseball and softball tournaments over the Labor Day weekend.

Pontiac Jets, City Class A Baseball League regular-season and playoffs champions, are in

Battle Creek today to compete in the American Baseball Congress state meet.

Jets were scheduled to meet Ypsilanti at 4 p.m. at Battle Creek's Bailey Park in their opening game. Teams are representing Wyandotte, Dearborn, Detroit, Ann Arbor, Lansing, Saginaw, Battle Creek, Bay City, Sault Ste. Marie, Muskegon, Grand Rapids, Jackson, Ypsilanti and Monroe in the test.

Giles Realty, undefeated City Softball League girls' titlists, go to Coldwater tomorrow for the Michigan Softball Association finals. Pontiac girls drew a 1st-round bye and will meet the winner of the Saturday afternoon Zealand-Jackson game at 6 p.m. Saturday evening.

Nears Homer Record

ROSSELL, N.M. (AP)—Joe Bauman, first baseman of the Class C Roswell Rockets of the Longhorn League, has four more games in which to write his name in the record books as the greatest home-run hitter of them all.

The huge slugger last night slammed his 69th round tripper of the season to tie the existing record.

Leading Racing Owner Andy Crevolin Suspended Because of 'Over-Candid' Remarks in Interview

LOS ANGELES (AP)—Andy Crevolin, whose horses lead the nation in turf winnings this year, stands suspended from racing today because he talked too much.

The California Horse Racing Board set "Lucy Andy" down for what it called conduct detrimental to racing as a result of over-candid remarks in an interview published in Blood Horse, a breeders' magazine.

Crevolin, an Alhambra, Calif., automobile dealer whose stable has won \$636,000 this year, topped by his Kentucky Derby winner. Determine, told one racing writer: "I have no comment at this time and

don't know what I'll do until I hear it officially."

Determine has brought in \$302,400 and Crevolin's Imbros, \$208,225, to run one-two as the winningest horses of 1954.

Results of the suspension were immediate. The Del Mar track stewards ordered Crevolin's Insensata scratched from yesterday's eighth race. Crevolin has a stable of 10 horses at Del Mar.

The racing board set a hearing for Sept. 27 in Los Angeles. William V. O'Connor, chief deputy state attorney general, said the board could continue the suspension to some future date, revoke Crevolin's license, reprimand him or exonerate him.

The suspension is effective nationwide through the California board membership in the National Assn. of State Racing Commissioners. If Crevolin's license should be revoked he would have to dispose of his stable.

In the article published Aug. 14 he was quoted as saying his stable didn't always try to win the first, second or third time with young horses and that he had seen a race at Arlington Park, Chicago, where fillies were being pulled and "I mean the boys weren't trying."

Michigan Squad Not Yet Ready for Scrimmage

Bennie Says He'll Hold Off Contact Work for Another Day

ANN ARBOR (AP)—"They've got a lot to learn."

Michigan coach Bennie Oosterbaan gives that as a reason his sophomore-heavy Wolverines won't be ready to scrimmage until Saturday.

But yesterday when Oosterbaan broke off the fundamentals drill to start some signal calling, the 1st play cracked off with snap and precision.

The squad, bulging with sophomores, worked on plays from a "T" and single wing.

Oosterbaan has shifted John Greenwood of Bay City from left half to quarterback.

He says he made the change to let Greenwood back up Duncan McDonald and Jim Maddock. Greenwood and Maddock are both sophomores.

Lou Baldacci still works at the signal calling post, but he has also been sharing fullback duties with Fred Baer.

Oosterbaan began the signal calling with a batch of running

plays. Then he called pass lays to limber up the quarterback arms.

Finally Oosterbaan called on the single wing pass plays that feature the left halfback. He had five of them working.

Detroit's Tom Hendricks, Terry Barr of Grand Rapids, and Dave Hill of Ypsilanti, looked like the class of the pack.

Besides, Oosterbaan had the capable passing arm of Dan Cline, who saw limited experience last year, and an untested sophomore Ed Shannon. Barr also is a sophomore.

At least one sophomore worked out with the first squad. He was Detroit's Ron Kramer, sure-handed, fleet sophomore end who took the spring trophy.

He teamed with Jerry Williams. There were four other ends including sophomores Charley Brooks of Marshall and Dave Ward of Midland.

Machine Age Triumphs Over Horse at Track

HALLANDALE, Fla. (AP)—The machine age, aided and abetted by jockeys, has triumphed over the horse.

It happened the other day when Gulfstream Park discontinued its seven-furlong chute. The jockeys didn't like it because there was a dangerous sharp bend.

So the decision of the jockeys was accepted, and the seven-furlong chute is being converted into a parking lot for 1,000 cars. Horses will now have to be content with the six-furlong route.

The St. Louis Cardinals operate 22 minor league clubs in 15 states, Canada and Mexico.

Wins 6th Title Pistol Champ Derides Old West's Badmen

CAMP PERRY, Ohio (AP)—Harry Reeves, Detroit policeman who won his sixth National Pistol championship here yesterday, isn't overly impressed by the prowess of the gun-toting badmen of the old West.

"They all used the heavy, long-barreled six-shooters—the clumsiest gun in the world to get out

"I can pull two 45-caliber automatics from their holsters and pour 16 shots into a man-sized dummy at 15 feet in around three seconds. And a lot of other fellows can do it, too. I can pull one gun and hit the dummy three times in one second, including the draw.

Reeves' 2,587 out of a possible 2,700 yesterday enabled him to retain the championship he won last year. He previously had won the pistol title in 1940-41-46-48. In second place was Joseph C. White of New Orleans with 2,572.

M. Sgt. Hulet Benner, West Point Academy pistol coach and winner of the .38 caliber firing Wednesday and yesterday's 45-caliber firing, was third.

The new women's pistol champion is pretty Lucille Chambliss of Winterhaven, Fla., who scored 2,441 out of 2,700. Mrs. Gertrude Backstrom of Hoquiam, Wash. was second with 2,439, and Mrs. Margaret Culbertson of Sierre Madre, Calif., defending champ, was third with 2,395.

Field of 150 Is Expected in Publinx Tourney

A field of 150 of Michigan's top public course golfers is expected to compete in the annual state Publinx Tournament at Shore Acres Golf Club in Fenton this weekend.

An 18-hole qualifying round is set for Saturday, with the low 60 finishers advancing to Sunday's 36-hole finals.

Non-qualifiers will participate in a consolation best-all tournament Sunday's 18-hole round.

Defending champion in the event is Jack Gregory of Sylvan Glen Golf Course.

Soy Weakens as Grains Gain

CHICAGO (U)—Soybeans weakened but all other grains advanced in active dealings on the Board of Trade today.

Selling in soybeans was pegged on a private crop forecast sharply boosting estimated production from a month ago. Other grains were easy at the start but rallied quite briskly as the session progressed.

Wheat near the end of the first hour was 1/4 to 1/4 higher, September \$2.17, corn 4 to 1/2 higher, September \$1.64, oats unchanged to 1/4 higher, September 75 1/2, rye 1 to 1 1/2 higher, September \$1.34, soybeans 2 1/4 to 3/4 lower, September \$2.96, and hard unchanged to 25 cents a hundred pounds lower, September \$16.75.
