Hollywood's Newest Oscar Owners

BEST FOR '53—Smiling William Holden and his wife, actress Brenda Marshall, leave Pantages theater in Hollywood last night, Holden carrying the Oscar he won at the Academy Awards as the best actor of 1953. He was honored for his per-

formance in "Stalag 17." Right, Audrey Hepburn clutches the Oscar awarded her as top actress. Honor was for her first starring role, as princess in "Roman Holiday."

\$1 Million Blaze, Aided by Wind, Ruins Building

Stores on Ground Floor, Many Offices on Second Are Destroyed

MIDLAND (AP) — Wind-fanned flames burned out a two-story downtown business building today, collapsing a front wall before firemen brought the blaze under control.

The fire in the nearly block-long Reinhart Building was discovered between 1 and 2 a. m. It was controlled but still burning at 7 a. m. Fire officials, who estimated damage at up to \$1,000,000, sought the origin of the blaze.

The front wall of the corner building at Main and Ashman, largest business structure in downtown Midland, collapsed shortly before 7 o'clock. No one was injured.

Police defused the heavy plant traffic to the Dow Chemical Co. around the fire scene.

Police used a derrick to push in the building's other wall when it threatened to collapse outward onto two 600-volt high tension lines.

Power in the downtown section was cut off for a half hour while the work was done.

High winds hampered firemen in controlling the blaze, but also blew the flames outward from the building instead of toward adjacent structures.

Fire Chief Earl Englis said he believed the blaze could be confined to the Reinhart Building.

Fire companies from Midland, the Dow Chemical Co., Saginaw and Bay City joined in fighting the flames. Some 40 to 50 firemen were at the scene.

The blaze swept through the J. C. Penny Department Store, a jewelry store, gift shop and real estate office on the ground floor and professional offices on the second floor.

Stock from some of the stores was carried out to the street.

The Penny store is scheduled to move into new quarters across the street and had eight more days in the old store. The S. S. Kresge had planned to take over the Penny premises in the Reinhart Building.

Bill Undermines Public Housing

Committee Cuts Funds, All but Scuttling Ike's 140,000-Unit Plan

WASHINGTON (AP) — President Eisenhower's plans for a four-year, 140,000-unit public housing program were all but scuttled today by a House Appropriations Committee recommendation.

The GOP-dominated committee asked the House to cut the program to an estimated 35,000 units and to terminate it in two years.

Its recommendation was contained in a \$5,566,118,763 omnibus appropriation bill sent to the House floor for debate next week. The total amount in the bill is \$363,604,637 less than the President wanted—a cut of 6.2 per cent.

It is \$375,168,000 below what the same agencies received this year. The bill carries funds for the fiscal year starting July 1.

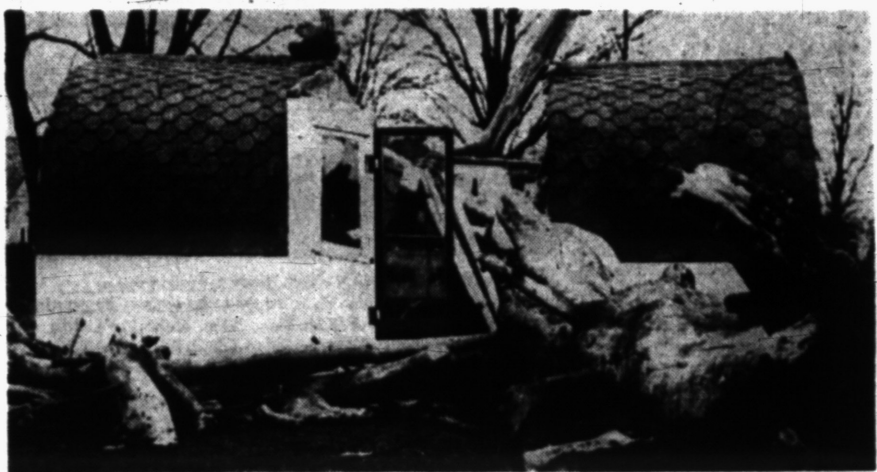

A deep cut was made in funds recommended for the Atomic Energy Commission, but Rep. Phillips (R-Calif.) said no reductions in the AEC's construction and weapons programs are involved. Phillips is chairman of the subcommittee which wrote the bill.

A big reduction was recommended for the Veterans Administration too, plus new restrictions on the Tennessee Valley Authority's activities.

These were overshadowed by the committee recommendations for public housing. No formal explanation was given.

Occupants Unhurt in Wrecked Home

DAMAGE AT LOWELL—Worst damage reported in a storm that swept western Michigan was this house belonging to Mr. and Mrs. Paul Murray on Pleasant street, Lowell. A 100-foot poplar tree, dead eight years, crushed the center of the home. The Murrays and their daughter Alice, 8, were home at the time but were uninjured.

Howling Winds Lash State, Toppling Trees and People

By THE UNITED PRESS

Shrieking winds up to 76 miles an hour lashed Michigan during the night, felling trees and poles and bowling over pedestrians. Heavy rain and sleet in the Midland area preceded the storm.

The windstorm was caused by a storm center moving northeast over Lake Superior. Snow fell in the eastern half of the Upper Peninsula.

Grand Rapids reported the highest gusts. Cadillac was just short of that mark with 75-mile-an-hour gusts.

Flint and Lansing recorded 70-mile-an-hour gusts, while Detroit, Saginaw, Battle Creek and Jackson reported gusts up to 65 m.p.h.

The 40-foot radio antenna for the Flint Police Department crumpled. Fallen trees were reported through the state. Outside TV antennas on private homes littered the ground.

A large billboard collapsed on a parked car at Schoolcraft and Southfield in Detroit. Many windows were knocked out.

Thursday's heavy rain caused flooding in many parts of the Motor City and its environs. Basements filled and ash cans floated in Chapoton Woods in St. Clair Shores. At Berkley, one man gave children rides up Royal Street in his aluminum boat.

The winds following the rain subsided during the night bringing sharply lower temperatures. Lows from 20 to 32 were forecast for tonight.

Without Russian troops in East Germany, the State Department said, "the entire puppet regime would collapse under the weight of the hatred and hostility of the populace which it has the effrontery to claim it represents."

U. S. experts said the primary Russian objective was to create a phony issue of "recognition," so that East Germans would switch their resentment to the Western nations who refuse to recognize their government.

AF Experiment May Doom KP for Servicemen

ENID Okla. (AP)—Tough old mess sergeants and KP, scourge of rookie servicemen, are on their way out at the Vance Air Force Base.

The Air Force announced it was using Vance for an experiment, putting the mess halls under the jurisdiction of paid civilian personnel.

The civilians will be responsible for catering, serving, and best of all, policing the mess halls.

The Air Force said it feels the new routine should save money and at the same time provide better meals. It said rookie morale should improve with the elimination of KP.

Special Pages Tell Garden Time Is Near

This is the season of the year when homeowners polish up their garden tools, dream of the bumper crops and amazing flowers they plan to grow, and summer, and keep their eye on the thermometer. Garden time will soon be here. To assist our readers in their planning, the Press today includes three farm and garden pages (23, 24, and 25). Additional material will appear each Friday with ideas and suggestions appropriate to the changing seasons. Our advertisers, too, will have suggestions you will not want to miss.

Bountiful Wind Loads Truck With Free Wood

The high winds gave local auto dealer Mike Spak an unexpected load of wood yesterday, according to his salesman Orville Cummings.

At 5:30 p.m. Spak parked his pickup truck in front of 68 Oakland Ave. where he visited friends.

When he returned to the truck Spak found the wind had neatly loaded a medium-sized tree in it.

Spak hauled the tree away, but now the question, he says, is whether to pay for the wood or charge a trucking fee.

Mexican Plane Crash Kills 18

PASSENGER LIST BEARS FIVE NORTH AMERICAN NAMES

MEXICO CITY (AP)—A Mexican airliner crashed about 16 miles north of Monterrey early today. All 18 persons aboard—15 passengers and three crewmen—were believed killed.

The passenger list included five persons with North American names. The plane, on the Torreon-Monterrey run in north central Mexico, had not been heard from since last night. It was operated by the Mexican-owned Aero Naves Line.

The airline gave the names of the five passengers with North American names as George, Donald and James McCormick, Farmer Burton and James A. Johnson, (hometowns not given). The first four boarded the plane at the Pacific coast resort of Mazatlan. Johnson boarded it at Torreon.

The burned out wreckage was sighted from the air at daybreak in an isolated mountain area near the village of Puente de Morales. The mountains are in the Sierra de Salinas range, which lies athwart the approach to Monterrey airport.

Parents to Glean Dividend From Son's Trip to Korea

By PATRICIA A. WOOD

Mr. and Mrs. Louis Biles, of 836 Sarasota Ave., sent one son to Korea a while ago—and they are getting two back.

Their son, Sgt. Robert Holman, arrived home Wednesday and told his parents that he has cleared the way for an 8-year-old Korean boy, Kim Jung Nam, to come to Pontiac this year. Sgt. Holman plans to adopt the boy.

"He'll stay here with my mother and stepfather," Holman said. "I've another three years to spend in the Army, and if I'm moving around a lot, it might not be easy for Kim to settle down in school."

The sergeant's parents, who feel there is always room for one more, nodded happily.

For Holman and Kim, the trip to America will include a two-year friendship that started shortly after Holman arrived in Korea in March 1952.

Near-Hurricane Winds Topple Trees, Lines

May Subside Tonight to 15 to 20 M.P.H.; Lower Temperature Forecast

Yesterday's storm was believed responsible for the death of Mrs. Eleanor Woods, 42, of 8165 Leonard Dr., Tippecanoe Lake. The Rose Township woman was killed when an outdoor fuel oil tank fell on her. Authorities believe the heavy rains undermined the tank and strong winds knocked it over.

Winds of 70-miles an hour Thursday blacked out Lake Orion and Goodison and sent trees crashing down across local roads.

The howling gale of near-hurricane strength slammed into Pontiac late Thursday afternoon and kept road and power line crews busy until after midnight.

The U. S. Weather Bureau says tonight's winds will run only 15 to 20 miles an hour. Lowest temperature should be 26 to 29, with a high of 43 to 46 Saturday.

For the Pontiac area Thursday was a day of double trouble.

Almost an inch and a half of rain flooded streets and washed out unpaved roads. This spring's warmest temperatures—65 degrees after a low of 35—helped soften the rain-soaked earth even more.

But Thursday's winds, which neared hurricane speed (15 miles an hour), were still dropping today. Mercury sank to 37 at 9 a.m. today—the lowest overnight reading—but climbed back to 41 at 1 p.m.

Thursday's winds took down Detroit Edison Co.'s main power line to Lake Orion and Goodison, leaving 1,400 homes in the area without lights or power from 6 p.m. until almost 7:30. The company called in 50 linemen—about five times the usual night crew—who worked until midnight as limbs and trees knocked out other smaller lines.

Consumers Power Co. said wind-blown trees and branches broke lines to about 100 Pontiac homes. One power line pole was broken.

Some 65 telephones were cut off by high winds, 40 of them (Continued on Page 2, Col. 1)

Passing Car Scares Roadside Yeggs

Thieves trying to smash into a 200-pound safe with an ax were only one whack away from success this morning when they were scared off by a passing motorist.

An unidentified motorist saw two yeggs pounding the safe along lightly-traveled Cedar Island road west of Boyce Lake road. He summoned Oakland County Sheriff's deputies.

Deputies said the safe was punctured and the \$33 in bills and coins could be seen through the hole. They speculated that another blow would have opened it.

The safe was stolen last night from a wedding supply company in Marysville, a suburb of Port Huron.

House Bill OKs Higher Benefits

GOP Representatives Support More Liberal Jobless Pay

LANSING (AP) — The House Republican caucus opened the gates today for its version of increased unemployment benefits. They are higher than the Senate approved or appears willing to accept.

The Republican caucus, however, instructed the House Ways and Means Committee to report out the more liberal bill, putting it in position for debate Monday night.

The House bill provides a top benefit payment of \$43 a week, compared with \$41 in the Senate-approved Teahen bill and \$35 at present.

The House maximum is only one dollar short of Gov. Williams' demands for a \$44 top, but he made it plain he was not abandoning plans to back a constitutional amendment to take the problem out of the Legislature's hands.

In addition to increasing the maximum, the House version provides a \$3 raise in the present \$27 a week benefit for a single man and comparable increases in the lower brackets. The Teahen bill made no increases in these classes.

The House version also strikes several restrictive provisions of the Teahen bill which organized labor has strongly opposed.

Williams, meanwhile, wired Clark J. Adams of Pontiac to ignore claims that drafting of a constitutional amendment will be wasted effort.

Adams, former Supreme Court Justice, is chairman of a committee of attorneys appointed by Williams to draft the amendment.

See Billion-Dollar Tax Cut Assured in Senate Action

WASHINGTON (AP) — A cut of about a billion dollars yearly on a wide range of federal excise or sales taxes seemed assured today with Senate passage of a \$1,034,000,000 reduction bill.

The cuts will take effect next Thursday. The Senate approved the bill last night 76-8 after two days of lively debate filled with political overtones in a congressional election year.

It was sent to a Senate-House conference, which cannot take place before next Monday afternoon, since both branches are in recess until then.

But Sen. Millikin (R-Colo.), head of the Senate negotiators, said in an interview today he is confident the conferees will act speedily and rush the measure to President Eisenhower. The deadline for the President's signature is next Wednesday midnight.

Both branches voted identical cuts on many items, so they are certain to be in the final compromise version.

They include fares, jewelry, handbags and luggage, com-

Holden, Hepburn, Eternity Receive Academy Awards

HOLLYWOOD (AP) — William Holden, the movies' favorite average guy, and Audrey Hepburn, its favorite princess, won Hollywood's top acting Oscars last night.

The movie, "From Here to Eternity," tying the all-time record of eight awards, was named the best picture of 1953 at the 26th annual Academy Awards presentation.

Holden, who played a semi-heel in the movie "Stalag 17," was both happy and upset about his first Oscar. He was happy, of course, for winning the top honor but said he was "very upset" for having to hurry his acceptance speech due to the television time commitments.

"They told me to say 'Thank you' and get off," he said. "I wanted to give credit to Billy Wilder (the director of 'Stalag 17') for having so much faith in me. I think they could have held off the closing commercial just a little longer so that everyone could know how much Wilder was responsible."

Holden, a youthful 36, said he "was pretty leery" before the presentation of the award.

"I thought Burt Lancaster would get it."

Miss Hepburn, in stage makeup for her Broadway role of a water nymph in the play "Ondine," received her award in the New York portion of the show. Her first movie starring role was that of a princess on the loose in "Roman Holiday."

Visibly touched, the 24-year-old ex-ballerina said, "I am truly, truly grateful." She said it like she really meant it.

"It's too much," she said. "It's like being given something to wear that you have to grow into. Something that you have to work toward."

The sex- and violence-filled "Eternity," a story of the pre-Pearl Harbor regular Army, captured awards for sound recording, film editing, cinematography, screenplay, direction and supporting actress and supporting actor in addition to best picture. The eight Oscars tied the former record held by "Gone With the Wind."

Donna Reed, as the prostitute of the James Jones best seller, changed to a painted hostess in the movie, was her first Oscar in the supporting category. The role was a drastic change from the goodie-goodie roles which the Denison, Iowa, native had played (Continued on Page 2, Col. 3)

Millikin and other Republican leaders predicted the President will sign the bill, although the administration urged against the excise cuts.

The billion-dollar loss in revenue will add that much to the \$2,500,000,000 deficit already forecast for 1954.

Two Sprays of 8,000 Trees Begins in Battle Against City's Dutch Elm Disease

From Our Birmingham Bureau
BIRMINGHAM—Spraying of the 8,000 elm trees on city property was begun this week as the third year of the campaign against the tree-killing Dutch Elm disease got under way.

City Forester William Lebold says this is the first of two sprays this year designed to kill the beetle which spreads the elm disease.

To date the toll stands: one case in 1952; 36 cases in 1953. Forester Lebold urged city residents to contact tree experts to have trees on private property sprayed.

"We recently surveyed the entire city for dead and decaying elm wood, in which the beetle breeds," Lebold said, "and the 60

residents discovered with the wood have been notified they must burn it within 30 days, under the city ordinance and state law.

City trucks will make a curb pickup of elm wood on April 12, Lebold said.

Paul Webb will explain the Explorer program of the Boy Scouts at tomorrow's 8 a. m. Civitan Club breakfast at Colonial Manor. The local club has been making plans to sponsor an Explorer troop.

Couples Club of Our Shepherd Lutheran Church will meet at 7:30 tonight. A program of games will follow the service.

Approximately 10 Venture Club members will take off at 7:30 tonight on a Greyhound Mystery Trip. The bus will leave from the downtown Detroit station for parts unknown to all, including the driver.

Separate hearings were scheduled by city commissioners this week for April 19, on the necessity of pavement construction on Derby road from Elton road and Coolidge highway, and from Pembroke to Derby on both St. Andrews and Edenborough.

Officials at Pontiac Municipal Airport said yesterday's big blow was the worst in several years. One gust of wind knocked a cup off the airport anemometer, a wind-recording device.

In Pontiac, a tree fell against electric wires at 36 Fairgrove St.; another crashed into a home at Edison and Gladston Sts.; a third fell across North Perry Street. Limbs blocked traffic at 48 Augusta Ave. and crashed onto the roof of the Chief Pontiac Bar.

County road commission reported falling trees completely blocked Mann road off Clintonville road and Oxbow Lake road north of Cooley Lake road.

Other trees partly blocked Fourteen Mile Road between Inkster and Middlebelt; Drake road north of Pontiac Trail in Walled Lake; Lakeview street off Telegraph and Tienken road at Squirrel. Fallen limbs and branches made driving difficult throughout the county.

Pontiac Police department found that local people haven't forgotten last summer's tornadoes. Harry Duby and Donald H. Thorpe, police and fire department switchboard operators, said calls asking about tornado warnings flooded their switchboards most of the afternoon.

Meeting to Consider Need for Prisons

LANSING—The continuing problem of housing Michigan's large prison population will be considered at an April 7 meeting of the State Corrections Commission, corrections director Gus Harrison said today.

Harrison said more than 9,200 persons now are housed in Michigan prisons. The State Prison of Southern Michigan had 6,367 inmates at the last count and outside prison camps had 731 inmates—a new high for the camps. The commission also will consider a request for \$300,000 to construct two new dormitories at the Detroit House of Correction.

A report from an outside group of prison officials on security measures in Michigan prisons will be presented at the April meeting.

The new financial year starting July 1.

The bill also extends for a year, to April 4, 1955, a series of 1951 increases in major excises. These will bring in \$1,677,000,000 in added revenue. But the President had counted on this in figuring his next year's budget. Involved are automobiles and trucks, gasoline, tobacco, liquor and beer.

As the House passed the measure, it cut a variety of excises by 912 million dollars. The Senate eliminated a few House reductions, but made other big ones of its own.

The House voted reductions for admissions to horse and dog tracks and to night clubs and other cabarets, and for club dues, safety deposit boxes and pistols.

The Senate rejected these. They will have to be threshed out in conference.

The two biggest items in dispute will be a 100-million-dollar slash voted by the Senate on such household appliances as refrigerators, stoves and electric irons and a 65-million-dollar cut through wiping out of the admissions tax on movie tickets and others costing less than 60 cents. The House voted to cut the admissions levy from 20 to 10 per cent.

Boy, 9, Dies From Burns Caused by Chemistry Set

DETROIT (UP)—Billy Don Jr., 9, burned when his amateur chemistry set exploded, died Thursday at St. John Hospital.

The boy was burned last Thursday while playing with the chemistry set at the home of a friend, Dale Johnson. He spilled alcohol on a Bunsen burner, setting off the explosion.

2-Year-Old Girl Drowns in Stream in Backyard

KALAMAZOO (UP)—Joy Annette Love, 2, daughter of Mr. and Mrs. Robert Love, of Kalamazoo, drowned Thursday afternoon in a creek near her home.

Authorities said the creek, which was swollen by Wednesday's rain, traverses the back yard of the Love home and apparently the child fell down an embankment into the water.

Met Audience Unaware of Police Bomb Search

NEW YORK (AP)—Police made a bomb search at the Metropolitan Opera House last night during most of the opera "Fledermaus" without patrons being aware of the fact. An anonymous telephone caller had told a telephone operator: "The Metropolitan Opera House is going to be blown up."

Skirt Takes High Fly; Owner Can't Be Found

CHICAGO (AP)—In the Windy City, this happened yesterday:

A black taffeta skirt sailed down Michigan avenue and was fielded by a Conrad Hilton hotel doorman. Its owner was nowhere in sight.

Guests of 84 miles an hour were recorded at Midway airport and steady winds of 43 miles an hour.

Safecrackers Steal \$16 at Milk Producers Office

The Michigan Milk Producers Assn. building at 136 N. Ortonville Rd., Ortonville, was broken into early yesterday and \$16 in change taken from an office safe, according to Michigan State Police of the Pontiac post.

Thieves entered the building through a rear door and then broke glass in an office door to get at the three-foot-high safe which they smashed open, according to troopers.

Discuss Sylvan Water System

200 Property Owners
Give General Support
to \$225,000 Project

A plan to construct a \$225,000 municipal water system at Sylvan Lake gained general approval from some 200 property owners attending a special City Council meeting last night, according to City Manager Ernest Ethier.

The group, which met at the Daniel Whitfield School, discussed possible means of financing the project, Ethier stated.

Either said a special election may be called to decide on one of two most favored financing methods. They are:

1. Issuance of \$125,000 in general obligation bonds plus \$100,000 of revenue or special assessment-general obligation bonds.

2. A \$125,000 general obligation bond issue, with the balance to be paid at the rate of \$100 per lot by property owners.

A three-fifths vote of Sylvan Lake electors at a regular or special election would be needed to authorize a bond issue, said Ethier.

The plan is to build two 12-inch wells, pumps, pumping stations and main sufficient for present and expected future needs, the city manager explained.

All water now comes from private wells, Ethier stated. Benefits from a municipal system would include a constant source of water for home and industry, lower insurance rates, better fire protection and increased property value, he added.

tion was offered, other than that slum clearance is the only justification for the program, Phillips said the public housing program has not worked out satisfactorily.

"In many instances," he said, "the people for whom these houses were intended haven't been able to occupy them. In some cases, political qualifications, rather than economic qualifications, appear to have been the yardstick."

Eisenhower on Jan. 25 sent Congress a message asking that the present public housing program be continued "at a reasonable level." He asked approval of a four-year construction program at the rate of 35,000 units a year.

ROK Coast Guard Nabs 2 Chinese Red Junks

PUSAN, Korea (UP)—The South Korean coast guard said today it seized two Chinese Red Junks with 17 crewmen aboard yesterday about 100 miles south of Korea.

It was the first time the South Koreans have seized Chinese ships for violating the Rhee line—extending about 60 miles around Korea. The Reds seized a Korean fishing boat with 11 men aboard last week.

Automatic Fire Device Saves Stutson Home

A serious fire at the home of Mr. and Mrs. Otto M. Stutson, 465 Montana Ave., was averted Thursday when an automatic fire device sounded an alarm, according to Pontiac Fire and Police Depts.

Patrolman William Bailey, summoned by the Stutson's neighbors, said he crawled through a window and found the stove flaming. Bailey called firemen who immediately brought the fire under control.

Parolee Eludes Local Turnkey

Suspect Slips From
Phone Booth, Vanishes
in Crowd at County Jail

An Ionia prison parolee, wanted for questioning by Flint Police about robberies there, slipped from a telephone booth in Oakland County Jail into a crowd of visitors yesterday and escaped.

Hugh T. Cox, 21, of 88 W. Mansfield Ave., lost himself in a crowd of weekly visitors during an unguarded moment when a turnkey was busy checking in another prisoner.

Convicted of breaking and entering in 1951 and sentenced to 6 months to 15 years at Ionia, Cox has been free on parole for almost two years, according to due to end April 21.

The escapee had been booked and \$170 taken into custody along with his other property before he slipped out of the jail, carrying about \$10 in change.

Start 4th Week of TB X-Rays

Units Move to Highland and Oak Park Monday in County Check

Two X-ray trucks will move into Highland and Oak Park Monday as they start their fourth week of checking Oakland County people for signs of tuberculosis.

Two units, owned by Michigan Health Department, hope at least 180,000 people will come in for the free chest X-ray before they leave this county July 2.

Miss Evelyn Kibbe, nursing director for Oakland County, said 15,841 men and women had been X-rayed through Tuesday, March 25. The figure is expected to top 14,000 when reports for the rest of this week are in.

"We're getting twice as many people in as we did when the units were here in 1951," Miss Kibbe said. "And we're very happy to see it."

Next week's schedule for the first X-ray unit puts it at Oak Park Hall Monday through Friday. Hours will be noon until 8 p. m. Monday and Tuesday; 1 until 9 p. m. Wednesday; noon until 8 p. m. Thursday and 10 a. m. to 6 p. m. Friday.

The unit will move into Southfield Township April 5, taking X-rays from noon until 8 p. m. at Southfield Fire Hall April 5-7, Thursday and Friday 8-9, the X-ray van will stop at Southfield's Lathrup School. Hours will be noon until 8 p. m. April 8 and 10 a. m. until 6 p. m. April 9.

The second unit, moving into Highland, will spend Monday and Tuesday at Highland Township Hall taking X-rays from noon until 8 p. m.

Milford residents are urged to get X-rays Wednesday and Thursday, when the X-ray clinic will stop at Milford's Detroit Edison Co. office from 2 until 8 p. m.

The mobile unit will move to South Lyon's Detroit Edison office Friday, taking X-rays from 10 a. m. until 6 p. m. It will stay there April 6 from noon until 8 p. m.

Monday through Thursday, April 6-8, will find the unit at Taylor's Garage, 142 E. Walled Lake Dr. from noon until 8 p. m. Commerce folks will use the unit March 9 from 10 a. m. until 6 p. m. Location there will be Carpenter's Garage.

Rock formations on Bikini Island showed no signs of radioactivity from the 1946 atomic explosions when new explosions were arranged there in 1954.

West Bloomfield Teachers Given \$400 Salary Raise

WEST BLOOMFIELD TOWNSHIP — A request for a \$400 raise in salary signed by 39 members of West Bloomfield School District's faculty was granted by the Board of Education at a special meeting Wednesday night.

The increase, effective next fall, brings the starting salary for beginning teachers with bachelor degrees up to \$3,600, and those with master degrees up to \$3,800.

Yearly increases of \$120 up to a maximum of \$5,000 for bachelor degree holders, and \$5,200 for those with master degrees, are also provided under the new salary schedule.

Custodians of the schools will receive a \$200 raise in pay.

Included in the request for raises was the recommendation by West Bloomfield Educational Association (Teachers' Club) that a special election be held to seek necessary additional funds for the new salary schedule.

The request was tabled because of the annual election June 14.

A tentative budget of \$389,225 for the 1954-55 school year was

Drafts Program to Spur Voting

Romeo Schools Club Acts to Get Out Voters for Special Election

ROME—Members of the Elementary Schools Club here this week drafted a program to get the voters out for the special school election slated for April 3. Before the voters will be a \$450,000 school bond proposal for the Romeo Community School District to finance construction of 18 classrooms in Romeo and Washington, plus a vocational agriculture shop and a bus repair depot in Romeo.

Another proposal will request a four-mill raise in taxes to meet costs of operation.

Under the club's "get out the vote" plan, room mothers from each grade in North and South Schools and Maple School will appoint assistants to contact voters on election day.

Transportation to the polls and baby sitters will also be offered to voters.

The club will also furnish cars and drivers to assist Student Council members of Romeo High School in distributing pamphlets in the outlying areas of the district dealing with the need of additional school facilities.

Royal Oaker Injured in Car-Train Crash

MUSKEGON (UP — One man was killed and a Royal Oaker man was seriously injured Thursday afternoon when their auto struck a Grand Trunk Western Railroad passenger engine near here.

Dead was William J. Sheerin, about 40, of Kenmore, N. Y. Injured was Samuel E. Steele, 48, of Royal Oak. Sheerin was identified as a sales representative for the A. P. Parts Co., of Toledo.

Authorities said it appeared that the car skidded into the side of the locomotive. Officers said the car brakes were applied 105 feet from the point of impact. The impact threw the vehicle 50 feet into a ditch.

Students Celebrate Spring's Arrival at Weekend Festivities

By JUNE GRANSTROM

ANN ARBOR — A hint of spring is in the air at the University of Michigan, and with vacations beckoning, Pontiac area students have called time out from travel plans to relax at week end parties and dances.

Members of Pi Beta Phi will usher in the new season with their annual spring formal dance and dinner, held at the sorority house this evening.

Attending the dance with their escorts will be Beverly Warwick of Sylvan Lake and Sue Roach, Lynne Davison and Jeanne MacGregor, all of Birmingham.

Edward Leland of Gene court will see the fruits of his activities as publicity chairman for Military Ball when the annual dance presented by ROTC units on campus attracts many students to the Michigan Union Ballroom tonight to dance to the music of Fred Netting and his orchestra. Cadets will attend the dance in full dress uniform.

Delta Tau Delta fraternity members and their dates will dance to recorded music from 9 until midnight Saturday at the fraternity house. Among those attending will be Bob and Kenneth Cutler of Mark avenue, Richard St. John of West Iroquois road and Richard Zimmerman of Ottawa drive.

Several students from Birmingham will leave next Friday for various destinations in Florida. Joining the crowd driving to Fort Lauderdale, where many Michigan students congregate every year, will be Mary Robertson and Bill Wilkinson.

Barbara Stauffer will take an airlines flight to Sarasota, and Gail Burlingame plans to fly to Fort Lauderdale where she will meet her parents, Mr. and Mrs. William H. Burlingame.

Dick Zeder of Bloomfield Hills will drive to Miami via Washington, D. C. Also heading for Miami is Arthur Fairbanks.

A Bermuda holiday awaits Ann Tunnickliffe of Birmingham. Miss Tunnickliffe will fly to Bermuda to meet her fiancé, Dick Shalberg, also of Birmingham.

New Carpets Near

Soil resistant carpets are just around the corner for general use in U. S. homes.

Specially-treated woven floor-covering fibers are highly resistant to dust and dirt—and any grime just rolls off when the carpet is vacuumed. Those soil resistant carpets are now being tested by home use.

Vacationing at Fort Lauderdale, Fla., are the Benjamin Jeromes of Dow Ridge, who were photographed at a scenic spot there.

Practical Nurse Group Formed at City Hospital

Practical nurses at Pontiac General Hospital gathered Wednesday at the hospital to form an Oakland County District of Michigan State Practical Nurses Association.

President of the group, which is the 31st district organization to be formed, is Mrs. Bethel Macauley. Mrs. Warren W. Wilson is first vice president; Bernice Lilleyman, second vice president, and Mary Graham, recording secretary.

Mrs. Merrick T. Conroy is corresponding secretary; Margery Dodes, treasurer, and Mrs. William Beske, adviser. Mrs. Beske is director of nursing service at the hospital. The club is designed to band practical nurses together on a professional basis.

Speechcraft Class Meets on Thursday

Audible Expression Is Topic Discussed at Hotel Gathering

Hotel Waldron was the setting for the Thursday evening meeting of Speechcraft Class of Tipacorn Chapter, American Business Women's Association.

John Hirlinger introduced Mrs. Gertrude Nethercott, Mrs. Frank Brusha and Mrs. W. Arthur Vernon who spoke on the subject, "Audible Expression."

The subject was broken down into three divisions: You speak words, voice gestures and how to speak words.

Lillian Laska, toastmistress, introduced Julie O'Brien, who talked on juvenile delinquency, and Mrs. Howard Hess, who spoke on music. The table topic, "Yourself," was assigned by Mrs. Frank A. Anderson for a brief expression by each member.

Mrs. Ossie Gates was the general critic for the evening. Mrs. Nethercott and Mrs. Vernon were special guests of the evening from the Pontiac Toastmistress Club.

ACE Chooses New Leaders

Josephine Stilwell was elected president of Pontiac Branch of the Association for Childhood Education at a recent meeting.

Mrs. Thomas Dodson is vice president; Nancy Prevette, recording secretary, and Geraldine Gibbs, corresponding secretary. Mrs. Alton Madden is treasurer and Mrs. Melvin Johnson is adviser.

New directors are Mrs. Everett Peterson, Mrs. Alfred Rothweiler and Mrs. Florence Pappert.

Mrs. Dodson will have charge of the program committee; Elizabeth Halsey, legislative; Anna Thors, UNESCO; Mrs. Elsie Welch, publications, and Mrs. Gibbs, publicity.

WCTU Secretary Will Visit Pontiac

Mrs. W. B. O'Neal of Champaign, Ill., will arrive here Saturday to begin a month's organizational work for the National WCTU, for which she is field secretary.

Saturday morning she will be a guest speaker at the Seventh Day Adventist Church on Mt. Clemens street. Bookings for other speaking engagements may be made with Mrs. L. G. Rowley.

Corn Following Lower Market

CHICAGO (U)—Grains dipped a little in routine dealings on the board of trade today. Even corn, which had showed independent strength yesterday, followed the general market lower today.

Wheat got off to quite a firm start, largely because of accumulated buying orders on hand at the opening. But once these were filled the bread cereal quickly gave up its gains. Soybeans had an easier trend from the opening and oats displayed considerable weakness.

Wheat near the end of the first hour was 1/4 to 1/2 lower, May \$2.21 1/2, corn 1/4 to 1/2 lower, May \$1.54 1/2, oats 1/4 to 1/2 lower, May \$1.09, soybeans 1/4 to 1/2 lower, May \$1.65 1/2 and lard 12 to 22 cents a hundred pounds lower, May \$22.65.
