GM Net Profits to Pass Billion in Current Year

Earnings for 9 Months Up From \$2.19 to \$3.31 on New Common Stock

NEW YORK (AP)—General Motors Corp., the world's largest industrial firm, apparently will show net profits of over one billion dollars for 1955—a record figure never before reached by any business enterprise.

GM's net income for the first nine months of this year reached \$913,000,000, exceeding the record \$834,000,000 earned in the full year of 1950.

GM President Harlow H. Curtice and Chairman Alfred P. Sloan Jr. said that "the automobile industry is experiencing the best year in its history."

GM factories in the United States and Canada sold more cars—3,622,000—in the first nine months this year than in all of 1954.

Total dollar sales of all GM products set a new nine-month record of \$9,544,000,000. This nearly equaled the big automaker's total sales for all of last year. Sales in the first nine months of 1954 were \$7,219,000,000.

Earnings for the nine months shattered all prior records. After setting aside a whopping \$1,063,000,000 for U. S. and foreign income taxes, GM had a net profit of \$913,000,000.

This compared with \$585,000,000 in the first nine months of last year after taxes of \$614,000,000. Net profits for the third quarter came to \$259,000,000 against \$160,000,000 a year ago.

The report pointed out that GM's per share earnings are now computed on the basis of a three-for-one split of the common stock. On Sept. 30 each share of GM common was split into three new shares. Figured on that basis, earnings for the first nine months were equal to \$3.31 a share, compared to \$2.19 a share for the like year-ago period.

Earnings for the third quarter were equal to 90 cents a share vs. 59 cents a year earlier.

Sales of all General Motors products—ranging from ball bearings and kitchen appliances to aircraft engines and diesel locomotives—totalled \$3,031,000,000 in the July-August-September period of 1955. This compared with \$2,153,000,000 in the third quarter of last year.

Automobile sales paced the rise. GM sold nearly 6 per cent more cars and trucks from its U. S. and Canadian plants during the third quarter of this year (1,184,961) than in the similar '54 period. Nine-month sales of 3,622,000 cars and trucks topped the year-ago period by 1,000,000 and exceeded all of 1954 by 173,000.

4 in Family Die in Saginaw Fire

Tenement Blaze Claims Youngsters Sleeping in Basement Apartment

SAGINAW (AP)—Four children of Mr. and Mrs. Robert McGlothlin, all under six, died last night in a fire which raced through their basement apartment in a Saginaw tenement district.

Coroner Harold Cederberg said the children were asphyxiated as they lay in bed.

The victims were Shirley Ann, 5, Willie Earle, 36; Billie Ray, 2, and Debra, 14 months.

Their mother, Mrs. Estelle McGlothlin, 25, said she had put the children to bed in one large bed and sent her two other children, Gloria Jean, 8, and Robert Jr., 7, to the store.

She said she went to meet the older children and returned to find flames and smoke pouring from the basement. Smoke was so thick she was unable to enter.

Cederberg said the cause of the fire could not be determined immediately. The apartment contained both a gas heater and an oil stove.

McGlothlin, 31, a foundry worker, was not at home.

Collapses

VERONICA LAKE

Sickness Fells Veronica Lake

35-Year-Old Actress Faints in Detroit Hotel; Heart Attack Hinted

DETROIT (AP)—Veronica Lake, 35, stage and motion picture actress, collapsed in the lobby of a Detroit hotel today, apparently from a heart attack.

Dr. Norman Golston gave a preliminary diagnosis of "possible coronary occlusion." The actress was taken to a hospital and Dr. Golston said she would remain for observation "at least for several hours."

Miss Lake, who made the "peekaboo" hair-do famous in the 1940s, has been appearing in the stage play, "The Little Hut," at Detroit's Shubert Theater. The company manager said he would not know until later today whether she would be able to appear in the play tonight.

She was stricken at 2:30 a.m., having stopped at a restaurant for dinner after last night's performance. As she entered the lobby of the Barham Hotel, where she was staying, she fainted.

Carried to a sofa, she recovered consciousness quickly, but complained of severe chest pains. Police drove her to Receiving Hospital.

Miss Lake told physicians she had been working hard and felt recently that she was "nearing exhaustion."

She registered as Mrs. J. A. McCarthy of New York City. She and Joseph A. McCarthy, New York music publisher, were married in Traverse City, Mich., two months ago while Miss Lake was appearing in a summer theatre production there.

Old Car Shelters Tots as Parents Seek Home

GRAND RAPIDS (AP)—Juvenile authorities today sheltered five young children who spent seven hours in an old car yesterday while their parents sought a place to live.

Police said the parents reported to headquarters late yesterday that the father had found employment but still had no place for the family to live.

They said they had come here from Kentucky. Officers reported the five children ranging in age from eight months of 11 years, were found shoeless and hungry in the car, parked in a northeast residential section. Neighborhood residents had given the children apples, baked goods and milk before police were summoned.

Advertisers, Readers to Feel Newspaper Hike

NEW YORK (AP)—Forthcoming increases in newspaper prices leave American newspapers without any alternative except to increase advertising rates and the price to newspaper subscribers, Cranston Williams, general manager of the American Newspaper Publishers Assn. said today.

Goblins, Spooks and Witches Prepared by Big Night

Parties, Mystery Contest Planned for Halloween

This is the season when goblins, spooks, witches and other nocturnal prowlers are abroad, and Monday is their big night. It's Halloween. Activities for small fry and young folk have been planned by the city's Parks and Recreation Department. They include the Meet and Treat Hour, school parties and the city-wide mystery treat contest, sponsored by the Junior Chamber of Commerce.

The evening will get under way at 6 p.m. when costume-bedecked youngsters begin their annual rounds seeking goodies from neighbors.

Big 3 Guarantee Will Be Offered to Red Powers

To Prevent Aggression by Germany in Return for Unification

GENEVA (AP)—The Western Powers have decided to offer firm security guarantees for Russia, Poland and Czechoslovakia against any future German aggression if Russia will agree to unification of Germany on Western terms.

The twin issues of European security and German unification top the problems up for action in the Big Four foreign ministers conference opening here today.

But looming before the foreign ministers—although not taken into account in preconference planning—was the fear that Middle East tensions would flare into full-scale shooting war.

New frontier clashes between Israel and Egypt have heightened these fears, as did recent shipments of Communist arms to Egypt from Czechoslovakia.

Officials in Washington today described the Middle East as the most critical theater in the cold war. State Department spokesmen (See stories on pages 18 and 56.)

said they had new information that Soviet bloc sources have made several approaches to Israel about supplying arms to Israeli forces. Secretary of State Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay were expected to protest to Soviet Foreign Minister V. M. Molotov about the arms being sent to Egypt since they deem the Russian government responsible.

Israel Premier Moshe Saret headed here from Paris to make his own protest to Molotov, and to press for Western arms and protection for Israel. He conferred in Paris yesterday with Dulles and Macmillan.

These two and Pinay were reported to have decided against rushing arms to Israel or formally guaranteeing its security at this time. They evidently hoped to redress the situation by other means.

The Western ministers have arranged to confer regularly among themselves in order to maintain (Continued on Page 2, Col. 3)

Showers Predicted for Late Tomorrow

The U. S. Weather Bureau says that it will be increasingly cloudy and mild with showers late tomorrow or tomorrow night. The high will be near 70.

The low tonight will range from 43 to 47 degrees. The lowest temperature preceding 8 a.m. was 42. The thermometer registered 70 at 1 p.m.

Car-Truck Sales Near 7 Million in 9 Months

DETROIT (INS)—The Automobile Manufacturers Association has announced motor vehicle factory sales in the first three quarters of 1955 reached 6,908,079. The figure exceeds the full 12-month total of all but two previous years—1950 and 1953.

Sales during the record-breaking nine-month period included 5,973,920 cars and 934,159 trucks and coaches.

Goblins, Spooks and Witches Prepared by Big Night

Parties, Mystery Contest Planned for Halloween

Parties will be held for junior high school-age youngsters at the Jefferson and Washington schools and the Lakeside Homes Recreation Building.

Parties will be held in five elementary schools from 7 to 8:15 p.m. They will be at Whitler, Bagley, Hawthorne, Owen and Wilson schools.

PTAs, community clubs and the Board of Education are cooperating with the recreation department in the programs, which will feature movies, costume judging and refreshments. From 8:30 to 10 p.m., dancing

Mothers Campaign for Telegraph Road Lights

TRUCKERS, WOMEN CLASH — An unidentified policeman intervenes between a truck driver (right) and women campaigning for traffic lights and reduced speed limits on highway U. S. 24 (Telegraph Road) in Taylor Township. Truckers and police fought back against the women during the rush hour Wednesday evening, while cars and trucks backed up for miles on the highway.

Judge Will Rule on Sewer Suit

Concluding Arguments in City, Township Case Delivered Yesterday

Visiting Circuit Judge Eugene Black, of Port Huron, yesterday said he will rule soon on a suit by Pontiac attempting to stop Waterford Township from hooking a sewer line to the city's Elizabeth Lake Road sewer.

Concluding arguments were heard by Judge Black in a special courtroom set up on the fifth floor of the Oakland County Office Building.

The judge is expected to submit a written opinion in the near future.

Pontiac contends the eight-inch line from a planned shopping center at northwest corner of Elizabeth Lake and Telegraph Rds. cannot be linked with the city system without City Commission approval.

Such approval is necessary, it alleges, under a 1935 agreement between the two units allowing the section of Waterford containing the shopping center site to use city sewage facilities.

The judge rules the line is a connection. Waterford could proceed. If an enlargement, city approval would be needed.

In either case, the losing side is expected to appeal to the State Supreme Court.

The city asserts sewage from the shopping center would place a serious burden on its already heavily-taxed system.

Oh! Oh! 3 O's Missing

EAST LANSING, Mich. (AP)—Someone took the three O's from the sign "Book Store" at the Michigan State University Student Union yesterday. Union Manager Mike Dmochowski said, "I can understand someone taking his initials to hang on a bulletin board or door, but how many people around here have names like Orville Oswald Olson?"

Many Area Communities Lack Water, Report Says

Some 37 communities in the metropolitan area say they are not equipped to meet current water needs, while 100 others report they have no municipal water systems at all.

This was revealed during a survey by the Detroit Metropolitan Area Regional Planning Commission made for the Supervisors Inter-County Committee.

A water supply adequate to meet present needs was reported by 58 units.

Pontiac got through last summer with little trouble after completing a program of overhauling old wells and adding several new ones. But City Manager Walter K. Willman has said the long-range solution lies in getting water from one of the Great Lakes.

All 395 cities, villages and townships in Oakland, Wayne, Macomb, Monroe, Washtenaw and St. Clair Counties were polled by the commission. Only 10 failed to answer the queries.

T. Ledyard Blakeman, director of the Commission, refused to give names of communities reporting inadequate water supply "because we don't want to put them on the spot and lose their cooperation."

Results were presented to the six-county supervisors' committee meeting near Mt. Clemens at noon today. The committee hopes to launch a more comprehensive study of area needs.

Newspaper Ads Hit All-Time High During This Year

NEW YORK (AP)—National newspaper advertising lineage hit an all-time high in the first nine months this year, it was reported today by Media Records Inc. and the American Newspaper Publishers Assn.

Sparked by record September gains, total newspaper advertising revenue for all of 1955 should climb to three billion dollars, "by far the greatest sum ever invested in any advertising medium," the ANPA said.

Automotive advertising paced the upturn. For September it showed a whopping gain of 64.5 per cent over a year ago; for the first nine months up 29.9 per cent.

Monroe's Divorce Final

NEW YORK (AP)—Marilyn Monroe's divorce from Joe DiMaggio became final today.

Mothers' Protest Brings Results

Taylor Township Moves to Construct Overpass on Telegraph Road

TAYLOR TWP. (INS)—Taylor Township mothers have agreed to end their blockade of Telegraph Road in return for a pedestrian overpass at the highway's Cypress intersection.

The women originally began a daily traffic blockade at the crossing in hope of getting only a traffic light.

However, Township Supervisor Harold Rippe demanded the overpass last night at a meeting of blockade leaders and three state highway traffic engineers.

Engineer Keith Busnell said: "The highway department has already been working on designs for a pedestrian overpass to serve the Edgewater school at Cypress. 'I think you need one. If the plan is okayed in Lansing, we'll build it.'"

Rippe also was told that the township, by ordinance, could create lower speed zones on Telegraph. The women have been circulating petitions to lower the speed limit from 50 to 35 miles an hour.

Engineer William Marvin said he thought it "likely" the ordinance would be approved by the highway department.

The meeting ended a hectic day on Telegraph during which the militant women staged six separate demonstrations. The mothers formed an impromptu "conga" line across the highway to halt traffic several times.

Motorists who tried to run the blockade had their vehicles pelted with stones and pounded with sticks. One driver was pulled from his car and mauled. A woman trying to stop a truck nudging through the mob was caught on the bumper and slowly dragged along but was not hurt.

Turf Club Seeks Postponement on Its Licensing

Attorneys Make Request at Commission Hearing in Detroit

The Michigan Thoroughbred Turf Club today asked that action on its application for a race track in Troy Township be held up until the current controversy over land acquisition is cleared up.

Attorneys for the MTTC made the request at a hearing today before State Racing Commissioner James H. Inglis. A written statement said:

"In the opinion of the Michigan Thoroughbred Turf Club, a cloud now has arisen with respect to the approval granted by the Troy Township board to permit the operation of a race track in that township."

"This arises from the fact that Mr. Hildebrandt is a member of board and the vote of approval was 4-3, his vote being cast in favor."

Hildebrandt, Township treasurer, and Malcolm W. Heber, Township attorney, have been accused of failing to reveal their position with Enroh, a corporation which is composed of the two and Heber's law partner, Harry N. Dell.

The corporation secured options to purchase the 200 acres at John R. and 14 Mile Road, and stand to make a \$150,000 profit by selling their options to the Turf Club, if a racing license is granted.

The township officials admitted taking up the options but insisted they wanted the racetrack primarily for the sake of the township.

Inglis said: "The question is whether a township board member who stands to make a big profit from the establishment of a race track would be unbiased when the issue came up at a board meeting."

Auto Accidents Claim 2 Lives

Collision Near Howell Kills Milford Resident; Child Crushed by Car

An 11-month-old boy died under the wheels of his mother's car and a Milford man was killed in a crash with a cement truck as area accidents claimed two lives yesterday.

The victims were Highland Township infant Ernest Lemon III and Paul Williams, 33, of 211 Peters Rd.

Mrs. Ernest Lemon, of 3315 White Lake Rd., told police she had been visiting a friend, Mrs. Carl Nelson, at 5165 N. Milford Rd., yesterday afternoon. When she left, she said, she put Ernest and his seven-year-old brother, Larry, into the car, checking to make sure the door was shut.

As she backed the car to turn, she heard the door open and stopped the car. Both boys had fallen out and a wheel had passed over Ernest's chest.

A passing motorist, Charles J. Coyle of Davisburg, took Mrs. Lemon and Ernest to Holly police, who drove the boy to Dr. K. W. Saunders.

Dr. Saunders pronounced him dead on arrival at 5:10 p.m.

Williams, a sales representative for a Detroit firm, apparently lost control of his car immediately after crossing a bridge over the Shiawassee River on Mason Road, 1½ miles west of Howell.

Driving a 1956 Cadillac he purchased Tuesday, he struck the cement truck head on.

Livestock County Coroner Vernon Dibble pronounced him dead at the scene. Truck driver Harold Corser, 36, of Fowlerville, was taken to McPherson Hospital, Howell, with a broken right knee-cap.

Egypt, Arabia Agree

CAIRO, Egypt (AP)—Egypt and Saudi Arabia signed a military defense pact today. It is reported to call for a unified command of their armies.

Sylvan Passes Water Ruling

Law Becomes Effective Saturday; Governs Use, Sale, Installing Fees

At a special meeting last night the Sylvan Lake City Council passed an ordinance governing operation of the new municipal water system.

Effective this Saturday, the ordinance regulates the use and sale of water, rates for making connections plus installing meters and hydrants. City Manager Ernest Ethier said.

It provides for the city's taking a lien on property served when charges are unpaid and grants the council authority to limit the water under certain circumstances.

The fee for connecting a normal house meter on streets other than hard surfaced will be \$35. When the tearing up of pavement is involved, the home owner will also have to pay for restoring the street.

The council also approved purchasing \$7,000 worth of the bonds issued to finance the water system from paid special assessment funds. The bonds will be bought for \$6,553.11, saving the city \$446.89.

A similar \$21,000 purchase of bonds last August resulted in a \$812.63 saving.

Committees Delay Plans on Toll Road

LANSING (AP)—Two legislative committees have delayed their plans for a show-down meeting in the feud over construction of Michigan's first toll road.

The committees said they would wait until the State Supreme Court has passed on a suit brought to challenge the legality of the toll road law.

The committees previously had scheduled a session Monday with State Highway Commissioner Charles M. Ziegler and George N. Higgins, chairman of the State Turnpike Authority, in an attempt to settle the dispute between the two officials over the proposed toll road from Saginaw to Flat Rock.

Higgins has charged Ziegler with trying to block the toll road by constructing a competing freeway. He said this would prevent the sale of the toll road construction bonds.

Ziegler has replied that he has been committed to the freeway for five years, that he already has spent money on parts of it and that the toll road authority knew this when it made its plans.

Sixth Graders Earn \$110 for United Fund

BLOOMFIELD HILLS — Raking leaves, baby sitting, washing windows and raking burns out of bird dogs, the sixth graders at Vaughan Elementary School spearheaded the school's United Fund drive with a contribution of \$110.25 last week.

Wayne Francisco, sixth grade teacher, said today he had done very little to push the drive beyond explaining in class the meaning and purpose of the drive.

Graphs, he said, were kept on the blackboard to record contributions of the seven four-student groups in the class. And he said the students may have been specially encouraged by a note they received from President Eisenhower thanking them for their get-well-soon message.

One boy turned in a dollar earned the hard way — cleaning burns from the coat of a bird dog.

Leaves Real Stinker

LAWRENCEBURG, Ky. (AP)—"It was a stinking thing to do," said Robert Eubank as he told his troubles to Sheriff Ervin Leathers yesterday. He said someone threw rocks against his house during the night and left a "dead skunk" on the porch.

Bidders for Club Mushrooms

Detroit Tigers Now Owned by Briggs Family Trust

DETROIT (AP)—A family trust took over the ownership of the Detroit Tigers baseball team today but it appeared only a matter of time before the famous American League franchise would be sold outright.

The list of bidders for the property now held in trust for the five children of the late Walter P. Briggs is growing longer. High on

the list is another famous Detroit name—Henry Ford II.

Still hopeful of keeping the Briggs name on the fine stadium is W. O. (Spike) Briggs Jr., Walter's only son. But his efforts appear wrapped in legal red tape.

The ownership change to the trust fund was one of many legal technicalities surrounding the baseball franchise. The Briggs Commercial and Development Co., which held the baseball stock, was dissolved effective today under the terms of the Briggs will. And the stock went into the trust fund.

However, there is a difference of legal opinion as to whether a trust can properly own such a precarious property as a baseball team.

Another legal question is whether Spike Briggs can be a proper bidder for the club since he not only is a beneficiary of the trust, he is one of three executors of it.

Briggs, now on the Pacific coast on a trip, says he hopes to make another bid. He organized a syndicate and offered the development company three million dollars for the club six weeks ago but was turned down.

Pontiac Deaths

Joseph Percy Duncan

Graveside service will be held at Oak Hill Cemetery Saturday at 10:30 a.m. for Joseph Percy Duncan, 61, of 512 S. Hobart St., Los Angeles, Calif. The Rev. C. George Widdifield of All Saints Episcopal Church will officiate.

Mr. Duncan, a broker, was born in Denison, Iowa, Oct. 10, 1894 and married Evelyn C. Cash, a former Pontiac resident. Mr. and Mrs. Duncan have been returning to Pontiac for an annual visit for years. He died Monday in Los Angeles.

Besides his wife, he is survived by three sisters all living in Illinois.

A service was held this afternoon at 2 p.m. in Los Angeles. The body will be brought to Pontiac and friends may call at the Donelson-Johns Funeral Home after 7 p.m. Friday.

Mrs. Edward C. Hibbard

A private funeral was held this morning at 11 a.m. in the Farmer-Snowden Funeral Home for Mrs. Edward C. (Eather) Hibbard, 63, of 27 Grassmere St. Burial was in Oak View Cemetery, Royal Oak.

She was the daughter of Joseph and Harriett Amley and born in Leamington, Ont., Canada.

Mrs. Hibbard, a member of First Church of Christ Scientist, is survived by five children, Mrs. Fern Edson and Mrs. Ethel Hageman, both of Pontiac, Mrs. Arva Dickman of Inglewood, Fla., Joseph of Ann Arbor and Ernest of Wall Lake.

Also surviving are six grandchildren and eight great-grandchildren. Mrs. Hibbard died Tuesday.

Mrs. Horace Waring

Mrs. Horace (Laura M.) Waring, 68, died yesterday at her home, 51 Summit St. after a year's illness.

She was born in Phillipsburg, Pa. Oct. 3, 1887, the daughter of William and Rebecca Gulliver Cadman and was married in October 1906 in Wellston, Pa.

Mrs. Waring had been a resident of Pontiac since 1928. She was a member of the Baldwin Avenue Evangelical United Brethren Church, Dames of Malta and OES 228.

Surviving besides her husband are eight children, Mrs. Audrey Boynton of White Lake, Lloyd of Pennsylvania, Wilbur of Waterford, Joseph of Waterford Township, Robert and Frank of Williams Lake, Mrs. Jane Perkins of Pontiac, Mrs. Marion Curtis at home, 26 grandchildren and eight great-grandchildren.

A brother, Frank Cadman of Osceola Mills, Pa., also survives. The Rev. Herbert Ryan, her former pastor and the Rev. Myron Everett, pastor of her church will officiate for the service at 2 p.m. Friday in the Hutton Funeral Home. Burial will be in Oakland Hills Memorial Cemetery.

Mrs. Roland J. Young

Mrs. Roland J. (Sadie) Young, 68, of 401 First Ave. died at her home last night. She had been ill nearly two years.

Born in Coal City, Ill. Jan. 21, 1886, she was the daughter of Thomas and Wilhelmina Sharp Guiney and was married Jan. 30, 1903 in Marion, Ill.

She had lived in Pontiac since 1928, coming here from Marion. Surviving are four children, Mrs. Tony Marinovich of Detroit, Mrs. Chester Mager and William E. Young of Pontiac, Kenneth M. of Drayton Plains, six grandchildren and three great-grandchildren.

Other survivors include three sisters, Mrs. N. H. Blasius of Chicago, Mrs. Florence Peek of St. Louis, Mo., and Mrs. William Backus of Hialeah, Fla.; three brothers, Thomas Guiney of West Frankfort, Ill., James of Hillsboro, Ill. and Hugh of St. Louis, Mo.

Service will be at 1:30 p.m. Saturday in the Voorhes-Siple Chapel with the Rev. Willard Stallcup of the Emmanuel Baptist Church officiating. Burial will be in White Chapel Memorial Cemetery.

Willow Run Manager Sure of Airline Move

YPSILANTI (INS)—The man who operates the Willow Run Airport today challenged statements about the terminal by Leroy C. Smith, Wayne County road engineer.

Floyd C. Wakefield, supervisor of Willow Run for the University of Michigan, which owns the airport, said Smith's remarks were "antagonizing."

Smith said yesterday that American Airlines "definitely is going to move" to Detroit-Wayne major airport, adding that the other airlines "won't do so well stuck way out in the country."

REV. VICTOR F. HALBOTH

Rev. Victor Halboth to Speak at Service

The three Pontiac Missouri Synod Churches will hold a joint Reformation Service, Sunday in the Oakland Theater beginning at 11 a.m.

Participating in the service will be the Rev. George Mahder of St. Paul Lutheran, the Rev. Otto G. Schultz of Grace Lutheran and the Rev. Ralph Claus of St. Trinity Lutheran Church.

The Rev. Victor F. Halboth, pastor of Grace Lutheran Church, Detroit, will be guest speaker.

A graduate of Concordia College, Milwaukee, Wis. and Concordia Seminary, St. Louis, Mo., he received a Presidential Unit Citation on two occasions. Serving as group chaplain, he was with the eighth Air Force during the air offensive over the invasion of France, the battle of the Belgium Bulge, the invasion of the Rhur Valley and the air battle over Berlin.

After he returned to civilian life, the Rev. Mr. Halboth was called to act as Mission Director for the English District churches in Detroit. In 1947, he became the minister of his present pastorate.

Harrison Williams Jr. to Address Democrats

U. S. Rep. Harrison A. Williams Jr. (D-New Jersey) will be featured speaker at the Democratic 18th District Congressional Dinner at 7 p.m. today in the Northwood Inn, Berkley.

Democratic officials expected to attend include Sen. Patrick V. McNamara, Gov. G. Mennen Williams and Lt. Gov. Philip A. Hart.

Highway Bond Issue Sold to Syndicate

The largest turnpike revenue bond issue ever offered to investors—\$415,000,000—was sold out yesterday by the Illinois Toll Highway Commission to a 365-member syndicate headed by Wall Street investment bankers.

There was a wide institutional demand for the bonds, a spokesman said. The money will finance a 322-mile toll road in Illinois.

Nobel Prize for Icelander

STOCKHOLM (INS)—Icelandic novelist and playwright Kiljan Laxness today was awarded the 1955 Nobel Prize for Literature.

West Coast processors of frozen strawberries, who account for some 66 per cent of the nation's pack, expect to freeze 23 per cent more in 1955 than in 1954.

Benson Faces New Blasts; Drops Europe Farm Tour

WASHINGTON (AP)—Secretary of Agriculture Benson came under fresh fire today as he abandoned plans for a European tour in order to work on farm program recommendations to Congress next year.

Sen. Olin D. Johnston (D-SC), picturing Benson as unpopular with farmers throughout the country, said he thinks the Eisenhower administration will dismiss Benson as agriculture secretary next year in an effort "to save face" with the farmers.

"I haven't found one farmer in South Carolina who is for Benson," the senator said in an interview. A member of the Senate Agriculture Committee, he has long criticized Benson and the administration's flexible price support program for farm goods.

Johnston said that even if it cost

five billion dollars a year, it would be better to return to the Democratic-sponsored high price support system than let farmers "go under" as he said is happening to them now.

Benson announced after a White House conference yesterday that he will remain in Washington next month "to direct the continuing preparation of recommendations to Congress designed to strengthen, improve and refine the present agricultural program."

Vice President Nixon was understood to have been at the White House at the same time as Benson, leading to speculation that Nixon had a hand in Benson's change of plans. Benson had said less than two weeks ago he still expected to go on a European tour next month in an effort to promote U. S. farm exports.

The Day in Birmingham

Torch Campaign Nears Halfway Mark of Goal

BIRMINGHAM — No one has her gaze fixed more intently on the northwest corner of Maple and Woodward these days than Mrs. Lenore Quinn, who reports that the torch erected there now shows a total of \$95,230 collected during the first eight days of the 1955 Detroit Torch Fund campaign.

With 16 more days to go, this means that volunteers in the Birmingham-Bloomfield-Franklin vicinity have collected 47.3 per cent of the \$200,465 quota. Mrs. Quinn, who is campaign director, said today.

She said even the children are finding it rewarding to do something for others, in noting that teachers and parents alike have commented on the money earned this past week through raking leaves, washing dishes, or running errands. Schools have been successfully urging the earn-your-contribution method.

Highlighting the local recognition paid this week to the United Nations in celebration of its tenth anniversary, will be a civic meeting at 8 p.m. tomorrow with the Hon. Paul Martin as guest speaker. He heads the Canadian delegation to the U.N.

Speaking at the Community House, he will appraise the ten years and discuss what the world body can and cannot do. Opening

the public meeting will be Mayor Charles Renfrew, with Mrs. Eleanor Gaffill, chairman of the mayor's committee for the week-long celebration, making an activities report.

Martin is also Canadian minister of health and welfare. He previously held the positions of parliamentary assistant to the minister of labour and the secretary of state. He has been with U.N. since 1946 and was the first Canadian representative to its Economic and Social Council.

He also represents Canada on the sub-committee of the disarmament commission.

Over a month's delay hasn't dampened the spirits of the Chamber of Commerce, which will mark tomorrow night's opening of the city's first municipal parking lot with brief ribbon-cutting ceremonies at 7 o'clock. Charles Mortensen, chamber manager, said Mayor Charles Renfrew will snip the ribbon to make the 223 parking spaces official.

"And we'll furnish the parking meter tickets to all corners up until 8 p.m.," he added. City Manager Donald C. Egbert will be among other city officials in attendance; along with the off-street parking committee and officers of the chamber.

Following tonight's dinner meeting at Devon Gables, the Soroptimist International Club of Birmingham and its guests will hear Mrs. Eleanor Gaffill speak on the United Nations. A student of the U.N. since its inception, Mrs. Gaffill will conduct a discussion on the organization and its facets, with opportunity for questions following her talk.

Cop Confesses Wrong

OKLAHOMA CITY (AP)—Willard Parcham, 43, charged with going 45 miles an hour in a 35 m.p.h. zone, protested the arrest so vigorously in court that motorcycle officer A. G. Odom Jr. agreed to check his speedometer. Odom came back and told Traffic Judge James Demopoulos: "I hate to confess it publicly but it was my speedometer that was wrong. Parcham was cleared of the speeding charge."

MAKE OVER PAGES
 NORFOLK, Va. (AP)—A loan company manager was unable to persuade a traffic court judge yesterday to give him "three or four days" to raise a \$425 fine for 17 parking tickets. Jack B. Cody

Rep. Ford Considering GOP Gubernatorial Bid
 GRAND RAPIDS (AP)—Rep. Gerald R. Ford (R-Mich.) says there is "some possibility" he will seek the Republican nomination for governor next year. Ford, 42, has been mentioned

frequently as a potential GOP candidate along with Rep. Alvin M. Bentley (R-Mich.) and Mayor Albert E. Cobo of Detroit. In an interview at his home here last night, Ford said "there is some possibility" but "not a very high likelihood" that he would be a candidate.

To Hit Jackpot Twice
 COVINGTON, Ky. (AP)—Police will hit the jackpot twice today—once when they break up 666 confiscated slot machines and again when the scrap is sold to a metal dealer. Judge Joseph P. Godenough of Kenton Circuit said after

court costs are paid, money from the salvage would be placed in the police and firemen's pension fund. Pygmy tribesmen of the African Congo average 4½ feet tall, but can kill elephants with spears and poisoned arrows.

Diplomatic Gesture
 LONDON (INS)—Russia's handsome ambassador to the Court of St. James, Jacob Malik, refused a vodka and asked for a whisky and soda at a Harrogate, Yorkshire reception in his honor. "I never drink

vodka outside Russia, always the drink of the country I am in," the Kremlin emissary explained. Columbus did not run into a full-scale hurricane until his second voyage to the West Indies, says the National Geographic Society.

MAKE OVER FACTS

Special Detectives Patrol Washington Government Buildings to Thwart Thefts

WASHINGTON (NEA)—A man in working clothes carrying a small black bag strolled into the office of a government building not long ago. Several attorneys were in the room.

One of them asked him what he wanted. The man replied he had come to repair typewriters and in a professional manner promptly began to check the machines for serial numbers.

Shortly after, two secretaries came back from a coffee break and noticed their purses were missing from the desk compartments beside their typewriters. Also missing was the repair man.

The thief is still at large and pulling the same brazen stunt in the vast array of government buildings where thousands of secretaries are easy prey for a clever criminal.

HOUSE DICKS WORK

This case is now being worked on by the investigative staff of the General Services Administration, composed of six men and a woman from the Office of Compliance and Security under the direction of Baron I. Shacklette.

They are the U. S. Government's house detectives. Their job is to investigate crimes and irregularities in all federal buildings under the protection of the GSA in and around Washington.

Their day to day duties confront them with every type of crime from pocketbook thefts to immoral conduct. As William Aud, special agent supervisor of the Office of Compliance and Security, puts it, "we cover the waterfront."

SHUN PUBLICITY

All of them have had at least 15 years of police or investigating experience. They shun publicity and operate behind the scenes in a quiet, fast and efficient manner. Cases they tackle range from the serious to the ridiculous and sometimes are a combination of both.

Take the recent case of the stolen eggs. Checking out a report that food was being looted from a department's cafeteria, a GSA investigator apprehended a man with 20 eggs. When the culprit was searched, it was also discovered he possessed a bundle of numbers slips.

Gambling is illegal on federal property, and it's one of the GSA detectives' biggest headaches. At least one person a month is caught doing business in numbers with government employees. Often numbers men are nabbed in telephone booths relaying information to outside sources.

Poker games are also busted up by investigators. Sometimes this is not easy when the players get together in secret places or seldom-used rooms.

NOTHING WORKED

Thefts of all sorts are always occurring within government buildings. One of the toughest cases the GSA has had along this line lasted three years. During this time fountain pens, clothes, stamps, petty cash and other personal property kept disappearing from one building.

No precautions or protective devices seemed to work. Finally, however, a hidden camera caught a perfect picture of a charwoman in the act of a theft. Later, a vast quantity of stolen goods was found in her home including a set of china and 200 rolls of toilet paper.

In this case and others the GSA turns all information over to the U. S. Attorney and the appropriate agency or department.

A great deal of time is taken looking into small complaints. There is the case of the radio tube reported stolen by an employee who brought his radio to work to hear the newscasts. Turned out his co-workers were annoyed by the noise and thought the most diplomatic procedure was to take out the tube.

STRANGEST CASE

The strangest case of all concerns the man who stole five dictionaries from an agency. When caught, he explained he needed them to give to his Sunday school students so they could look up the meaning of words in the Bible.

Huge government parking lots are always a temptation for criminals. A rash of car thefts

took place last winter on the Pentagon's massive lots.

One GSA detective broke the case, however. Earlier he had taken down the tag number of a car he had observed driving through the parking lot lanes for no apparent reason. A day later a complaint was made of an attempted theft along with the license of the suspected car. The two numbers happened to jibe, and as a result the criminal was tracked down with the help of local police.

The one woman on the detective staff handles all cases where it is embarrassing or impossible to investigate affairs concerning women. At times she also helps the men by acting as a decoy.

PROPERTY OF GREAT BRITAIN — This island rock, 290 miles from the Scottish mainland, is now a part of Great Britain. The British annexed the rock recently because it is likely to come within a projected guided weapons range in the Hebrides. Called Rockall, the "island" sticks out of the Atlantic like a lone tooth.

One Day They'll Get a Black Budgie Bird

PRETORIA, S. Africa — One day there will be a black budgie, in the opinion of R. Margolis, judge of the budgerigar class at the recent bird show here.

"Breeders have not succeeded in producing a pink budgerigar or a black one," he said, "but I see no reason why a black one should not be bred eventually. The birds have black in their wings and it only needs long, careful selective breeding to produce 'the wonder of the bird world.'"

Unusual colors were shown by Danish pied or tricolor budgies—yellow, black and green—but the rarest of all was the yellow-faced cinnamon-winged opaline sky-blue budgie—a symphony in six colors.

Bats are the only mammals capable of sustained flight.

Health Spending Up
CHICAGO — Some 2½ billion dollars was spent by the states on

public welfare in 1954. Health and hospital spending climbed to 1.4 billion, a rise of 6.7 per cent from the year before.

Britishers Using 2 Hornblowers for Late Tooting

LONDON, Eng. — Hornblowers not being the rugged men they once were, London will have two instead of one, each receiving \$145 a year.

Every night the official hornblower blows the curfew horn in the Market Place and again at the mayor's house—seven days a week in all weather.

Now two men will take monthly turns as it was felt this is too much to expect of one. The custom survives from the days when the town's Wakeman sounded the horn at nine o'clock each evening to show he would be on the job while householders slept.

He was paid by the householders but had to make good any loss if a house were robbed — a condition that no longer applies. Chief requisite for applicants is that they can blow a good sustained blast.

Jumping Porpoises

In the Gulf of Aden schools of porpoises reach vast proportions, says the National Geographic Society. Some schools number thousands of these mammals that can leap 20 feet out of the water.

Troops Brace in Hint of New Piston Riots

NEW CASTLE, Ind. (AP)—A National Guard riot squad was on patrol here today as the result of rumors of a possible strike demonstration at the Perfect Circle Corp. foundry.

The 25 guardsmen on duty were all that were left of 1,000 who moved three weeks ago into three cities where Perfect Circle plants are located.

They were called up after eight persons were wounded in an exchange of gunfire between strike sympathizers outside the plant and non-strikers inside.

The CIO United Auto Workers went on strike at the New Castle, Hagerstown and Richmond plants of Perfect Circle in a contract dispute July 25.

Capt. William Scott, acting deputy adjutant general, said the small contingent of troops has enough tear gas and ammunition "to handle anything that might come up."

To Print Poetry Book

IONIA (AP)—The poetry society of Michigan plans to publish a book of poetry on Michigan for the dedication of the Straits of Mackinac Bridge. The society met recently to name new officers. They are: Elizabeth Hurst of Flint, president; Mary McClellan of Lansing, first vice president; Nordica Norum of Flint, secretary-treasurer. Joseph Cherwinski of Lansing continues as editor of the society's publication.

Italian Reds Bombed

ROME (AP)—A hand grenade hurled early today into the headquarters of the Communist-dominated Italian General Confederation of Labor shattered all windows of the building. One person was slightly injured.

Citizen Throws Brick, Crashes Sheriff's Window

NORWALK, Calif. (AP)—"I feel better now," said William J. Pivar, 39, after throwing a heavy ash-tray through a large plate glass window at the Norwalk sheriff's substation.

Deputies who scattered on the floor to avoid spraying glass didn't feel the same way. Pivar was immediately collared and booked on suspicion of malicious mischief.

"I just had an urge to break a window," Pivar told Deputy Roy Kundtz.

Gloria Vanderbilt to Act With Frankie

HOLLYWOOD (AP)—Frank Sinatra says Gloria Vanderbilt will make her movie debut opposite him in a Western.

The picture, "Johnny Concho," will be produced by Sinatra's Kent Productions for a United Artists release. Miss Vanderbilt, estranged wife of Leopold Stokowski, has been linked romantically with Sinatra. She has done stage and television work. Sinatra said she will appear in other films made by his company.

Father of 12 Will Pay Fine in Installments

DETROIT (INS)—A 40-year-old father of 12 children was fined \$150 for reckless driving after his automobile crashed into the rear of a Detroit police accident prevention car.

Edwin A. Tank was sentenced by Traffic Judge George T. Murphy, who granted him time to pay the fine on the installment plan.

Tank admitted consuming six or seven bottles of beer before the mishap.

State Republicans Propose Traffic Safety Program

LANSING (AP)—Six prominent Republican legislators announced a nine-point traffic safety program which they will recommend to the Nov. 1 special legislative session. Their program:

1—An unspecified increase in the state police.

2—A state speed limit of 65 miles an hour on two and three lane highways and on four or more lane highways where posted and the adoption of a 60-mile-an-hour limit at night.

3—Transfer of the central violations and license files from the secretary of state to the state police.

4—Special state police training for local law enforcement officials who issue driver licenses and the use of uniform procedures and standards.

5—The requirement that had drivers go to special drivers

training schools to be financed by the state under a committee composed of the state police, local sheriffs and prosecutors.

BACK IN THE AIR — First German-made aircraft since the end of World War II is exhibited at the Fifth Annual German Airport Day at Bremen. Called the "Motor-Raab," it's a glider-type plane powered by a Volkswagen engine. It flies for five hours on five gallons of gas.

Justices of the Peace would be allowed to use probation or suspended sentences to force drivers into the schools.

6—Establishment of an accident research bureau within the state police.

7—A requirement for special

examinations for school bus drivers.

8—A study of the possible formation of a Bureau of Motor Vehicles to include the state police, central files, the research bureau, automobile registrations and all other traffic controls and safety functions.

9—Doubling the present \$1.50 driver license fee for three years to finance the program.

The program was announced by Sens. Creighton R. Coleman (R-Battle Creek), the Republican caucus chairman; Carlton H. Morris (R-Kalamazoo), majority floor leader; Speaker of the House Wade Van Valkenburg (R-Kalamazoo) and Reps. Andrew Bolt (R-Grand Rapids), speaker pro tem of the House; Allison Green (R-Kingston), Republican floor leader and Thomas J. Whinery (R-Grand Rapids), judiciary committee chairman.

AFL-CIO Merger in 'Final Stage,' Say Union Chiefs

NEW YORK (AP)—Preparations for merging the AFL and the CIO into one big labor organization are practically completed, report labor leaders George Meany and Walter Reuther.

Meany, now president of the AFL, and slated to head the new organization, said its constitution is in the "final stages."

Reuther, president of the CIO, reported "real progress" has been made. The main outlines of the new organization are firmly drawn, he added, and he could foresee "no changes in substance" between now and the joint merger convention here Dec. 5.

Barnett's Store Came of Age With City

Sixty Birthdays Have Occurred Since Founding

Increase in Business Matched by Expansion in Family

Horses clipity-clipped down Saginaw street in the fall of 1895. Then they clipity-clipped up Saginaw street.

For even in 1895, there were parking problems.

Pontiac's way of life has changed from that of a bustling little bugle-manufacturing town to an industrial city, in the past 60 years but the parking problem remains steadfast.

And remaining with it is a downtown business institution which has weathered those same 60 years.

It was in 1895 that Joseph H. Barnett, just moved from New York City with his wife and four children, opened a small men's clothing shop on cobble-stoned North Saginaw street.

By 1900, Joe's family had increased to six. To meet the rising needs of his expanding brood, he moved into a larger store across the street.

Business increased, but so did his family. Within the next 12 years, the Barnett family had expanded to 15, counting Joe and his wife, Rachel.

Before long, his four sons, Archie, Sidney, Maurice and Marvin, joined their father in the business. Despite competition, wars and depression, the store continued to grow and thrive.

In 1932, Maurice and Marvin decided the women's apparel business might be more to their liking, and the Barnett's established Fanny's apparel shop.

The next year, Joe Barnett died. But his sons carried on. In 1937, they moved into their present, larger quarters at 19 N. Saginaw St.

Three years ago, the brothers purchased the Bloomfield Fashion Shop on Telegraph road, another women's apparel shop.

Now, Archie, 57, and Sidney, 55, operate the original Barnett's, while Maurice, 51, manages the Bloomfield shop and Marvin, 45, directs Fanny's.

Looking back over the years, Archie commented: "Stores have come and gone, but we're still here."

To what do they attribute their continued success?

"A good, honest policy of merchandising," said Archie.

"An aggressive policy coupled with dependability," added Sidney.

"Maintaining fair prices," said Archie.

"Keeping up with modern ways of doing things," asserted Sidney.

On the same basis, the brothers look forward to many more years of success.

"Too bad it's not our 64th anniversary," chuckled Sidney. "Then we could say we'll try for 128."

MARK 60 YEARS — The four sons of Joseph Barnett, who was a pioneer downtown Pontiac merchant, examine a newspaper ad in conjunction with the clothing firm's 60th anniversary. They are (l-r) Marvin, Archie, Sidney and Morris. The Barnetts have been consistent users of newspaper advertising in their business ventures.

Geneva Soviets Bring Their Own Vodka Supply

GENEVA (U)—The barman at the Hotel Metropole, headquarters of the Soviet delegation, confesses he has stocked no vodka for the Geneva conference opening today.

"Twice I've filled my shelves with it," said barman Claude, "and twice it's sat there as unwanted as another cold wave in Siberia. I've learned my lesson."

The Russians drink plenty of their national firewater at Geneva conferences—but they don't drink vodka supplied by Swiss bartenders at Swiss prices.

"They bring their own," he said, "by airplane and by the crate loads."

"Do the Russians visit the bar?" "Oh, yes, but not to drink vodka. They do that in their rooms."

"What do Russians drink at the bar?"

"Scotch and soda. They call it Shetlandski vodka. Shetlandski for Scotch, and viski for whiskey. Get it?"

As this is Claude's third Geneva conference, he considers himself one of the West's outstanding authorities on Russian drinking habits.

"They're strange," he said. "They'll start out with a cognac, order two or three Shetlandski vodkas, and then finish off the evening with a dry Martini."

Revenue Service Examines 'Tax-Free Organizations'

WASHINGTON (U)—The Internal Revenue Service is examining "at least the more controversial" cases among more than 32,000 organizations it lists as tax-free.

This was learned today from an informed source in contact with revenue service headquarters.

Revenue service officials and their Treasury superiors said they could not discuss the matter at this time.

However, it was learned tax officials are giving increasing consideration to the question of what yardstick to apply to an organization with possible political interests when it asks for tax-exempt status.

Whether this will result in wholesale review of all past exemptions is not yet decided, according to available information.

Meanwhile, it also was reported that the Justice Department has told the Treasury it should get authority from Congress before carrying out a long-rumored plan to open to public inspection documents filed by organizations to which revenue service grants tax exemption.

The federal government accords tax-free status to religious, educational and charitable organizations. A person familiar with the plan said removing the secrecy curtain from tax exemption applications and tax returns of such organizations would show their aims, backers and details of their finances.

The Internal Revenue Service recently revoked tax-free privileges involving two controversial organizations—the American Institute of Pacific Relations and For America.

The IPR was investigated by the Senate Internal Security subcommittee in 1951-1952. Afterward, the Senate group said in a report the IPR had been infiltrated by Communists and that its activities had adversely affected the interests of the United States.

This was denied by officials of the IPR, who describe their organization as a nonpartisan institution for scholarly research and discussion of Far Eastern problems.

The service also recently denied contributors to For America the right to deduct such contributions for income tax purposes. For America describes itself as a non-profit, nonpolitical and non-partisan organization dedicated to alerting public opinion to what it considers dangers to this country.

It is headed by Clarence Manion, former dean of the Notre Dame Law School, and by Gen. Robert E. Wood of Chicago.

For America lists among its purposes work for states rights and "enlightened nationalism" and opposition to communism and "super-internationalism."

Williams Wants Parity Increase

Governor Tells Grange State Farm Purchasing Power Has Dropped

LUDINGTON (U)—Gov. Williams called for 90 per cent parity price supports to help bolster sagging farm income.

In a speech to the Michigan State Grange, Williams said the 90 per cent program should be re-adopted and extended until an "optimum" program can be developed.

Williams also reiterated an earlier suggestion that direct payments be made to farmers on an experimental basis, with special attention to the dairy industry.

He said a report of his farm advisors recommended extension of the state farm marketing program and a national plan under which the government would pay farmers for land removed from production.

Attacking the Eisenhower Administration for suggesting there are "too many farmers," Williams said it is "not in our Michigan philosophy to regard our farmers as pawns on some kind of statewide chessboard, the chessmen of least value who can be sacrificed without compunction."

While Michigan farmers are not reaping the rewards of the current economic boom they are better off than their colleagues in other states, he said.

The farmer in 1950, he said, had an average weekly buying power of \$42.10, but by 1954 it had dropped to \$39.52.

PRICES DROPPED

"Prices received for farm products dropped about five per cent more on the national average this year," he said. "It is feared they may drop as much as another five per cent again next year."

Farm prices will do well to average 90 per cent of parity, compared to about 85 per cent this year, Williams told the group.

The governor said he had taken steps to find out how much better the several state farm agencies could operate if they were fused into a single group.

Meanwhile, he said, farmers "are not to be treated as though they were some kind of inhuman mass, a troublesome sore of some kind on the body politic."

He said they should not be regarded as merely producers of livestock, grain, fruit and potatoes but "great and rugged individualists, the traditional stabilizers of the life we so much have enjoyed."

Peron Rests-Nearby

ASUNCION, Paraguay (U)—Argentina's ex-dictator Juan D. Peron says he expects to remain "many months" in Paraguay. He declined to elaborate on his remark, made last night to a reporter who visited his home. There have been rumors about Peron seeking residence in other countries.

INVITATION — Marilyn Monroe has a known talent for arthritis. She's offering tickets to a benefit performance to raise funds for arthritis sufferers, in case anyone notices.

Lonardi Discloses 'Gloomy Analysis' of Economic Situation in the Argentine

BUENOS AIRES (U)—A policy of "austerity, work and sacrifice" with no promise of "pie in the sky" was before the Argentine people today as the new government called for a stringent program of economic rebuilding.

Provisional President Eduardo Lonardi said last night Argentina is confronted with the "most disastrous situation in our economic history."

He put the blame squarely on ousted President Juan D. Peron, saying the "irresponsible and corrupt" 10-year rule of the fallen dictator had left economic chaos.

HEAVY FOREIGN DEBT

Making a detailed report over a nationwide radio hookup, Lonardi said the nation's gold and dollar reserves totaled \$1,680,000 at the end of World War II. Now, he said, Argentina has an internal debt of five billion dollars, a foreign debt of 757 million dollars, and reserves are down to 450 million dollars.

Argentina piled up vast reserves during World War II by selling wheat and meat to the Allied powers. When Peron came to power at the end of the war, Argentina was at its highest pinnacle of wealth from wartime profits.

"The system of hiding the truth has ended," Lonardi said. "Ten years of irresponsibility and corruption have led us to the most disastrous situation in our economic history."

Continuing his gloomy—but expected—economic analysis, the hero of the revolt which overthrew Peron said:

"Argentina no longer is the great exporting nation of before. . . . There are no exports with which to pay for a single machine or single piece of equipment for industry or transportation, but we will take urgent measures to remedy this situation."

If Argentina tightens its belt, he continued, gives the country's farmers and ranchers a new lease on life, fosters a revived private enterprise, beckons foreign aid and slashes a top-heavy bureaucracy, it can march to a new greatness in the family of nations.

Peron's "gravest error," Lonardi asserted, was trying to industrialize the nation at the expense of agricultural production.

The new government head said there are at least 150,000 government employees who are unnecessary.

He accused Peron of negotiating a "tremendous concession" for Argentine oil.

Although he mentioned no names, his statement was an obvious reference to a contract with Standard Oil of California, giving the U.S. firm exclusive operating rights in southern Argentina. Lonardi's government let the contract lapse without final approval.

Lonardi said, "It is not true that Argentina lacks the ability to produce oil by our own effort." The nation can double its oil production within a relatively short time, he added.

Very Mean Thief

ARTESIA, N. M. (U)—There's a new nomination here for the title of meanest thief. Mrs. G. R. Gray told police that every time she placed fresh flowers on the grave of her husband, someone stole them.

ard asserted, was trying to industrialize the nation at the expense of agricultural production.

Marilyn Fits Classification of Real 'Love Goddess'

(Editor's Note: This is the second in a series on Marilyn Monroe, her career and her fight to gain casting in different roles from the swaying, open-mouthed, throaty-voiced personification of Hollywood glamour and sex appeal.)

By JIM COOK and HELEN DUDAR

Hollywood manufactures a new Dream Girl every few months, but a Love Goddess—a genuine, All-American, 37x23x34 Venus on celluloid—comes along no more than once or twice a generation.

Grandfather had only Theda Bara and Clara Bow.

Father had only Mae West and Jean Harlow.

And we have only Marilyn Monroe.

The years have shown that Love Goddesses lose their worshipers after a time. Nobody realizes this more clearly than the Venus of 1955, Marilyn Monroe.

That realization is the primary reason she has moved to New York and launched a rebellion—a war against Hollywood's stereotype of her as just a Dumb-Blonde-With-Ummm. As such, she has been the reigning Aphrodite for four years.

That is about as long as a girl can hold her place in the sun unless she takes steps to become something in addition thereto, and Marilyn's move to New York indicates that she knows it.

MUST ADD SOMETHING

There are, of course, many ladies of the cinema who have qualified for the Dream Girl category and remained many comfortable years on this second level of the Technicolor heavens.

Dietrich, Lamarr, Grable, Hay-

worth, Turner, Gardner, Russell—each has visited the dreams of the popcorn-muncher from time to time for better than a decade now.

But none has quite made it over the last cliff to Olympus.

Just why a handful of leading ladies have been able to make the ascent all the way to the top is not easy to explain. It's a subject worthy of some anthropological work by Miss Margaret Mead and some statistical studies by several teams of Kinseys.

One thing is certain, however. It is hard enough to stay even a Dream Girl. The man with the popcorn bag is a fickle fellow.

Once in his dreams were Dorothy Lamour, Marie 'The Body' McDonald, Veronica Lake and Ann 'The Oomph Girl' Sheridan. They are there no more.

But if it is difficult to remain his Dream Girl, it is even harder to remain his Venus.

CAN LOSE IT

Clara lost her 'it' and Theda could vamp no more when the talkies came and made them speak. Mae drifted from the screen to other great, but more local, success on Broadway and in Las Vegas. Death ended Jean's career while she was still in her 20s, before she had to face up to that old iconoclast, Time.

The latest Venus of 1955, fully aware of how tough it is to keep a lease on a suite in Olympus, has decided to learn some new ways to please that unpredictable landlord—the public.

Marilyn Monroe, age 28, is doing something that none of the others did. She is trying to learn to act.

For several months now, she has attended Lee Strasberg's drama classes at Actors' Studio here, the alma mater of such people of talent as Julie Harris and Marlon Brando.

All reports indicate that she is pitching into the task with great energy and dedication.

"Wise foresight it is, too," a friend said this week. "Marilyn knows better than anyone that Hollywood sees her in one light—sex appeal is a polite word for it. She knows that, as long as it can, Hollywood will exploit the biology for all it's worth."

WHEN WHISTLES STOP

"And when the males in the audience stop whistling, she'll stop working—unless she can prove she has more to offer than a beautiful chest and a wiggle."

With the formation of Marilyn Monroe Productions here recently, no doubt was left that America's Aphrodite had become a properly chartered corporation. Miss Monroe's venture into the world of artistic shout-and-mutter at Actors' Studio is simply a good business investment.

It is something more than that, too.

"You want to know what she probably dreams about—this girl who is a public daydream figure, wandering into the bedrooms of truckdrivers with unexciting wives and into the wishful imaginations of wives with unexciting figures?"

One of Marilyn's new-found literary chums posed the question and promptly gave an answer to it:

"Well, for one thing, Marilyn probably has fantasies about participating brilliantly in an intellectual discussion of the books she reads. She reads them all right; she doesn't know how to talk about them."

"For another, she probably lulls herself to sleep with a little dream about giving a performance that The New Yorker movie critic would applaud."

"She has the intelligence to recognize that what she's done so far on the screen wouldn't have made Eleanor Duse quail at the competition," he said. "This drive to make herself into an actress, in the artistic rather than the merely professional sense, has been there for a long time."

RESTLESS NOW

Marilyn has been a restless, hungry dreamer most of her life. Many of her dreams have been summoned to drive away old sadnesses.

Her youth was not a happy one. Born Norma Jean Mortenson, she never knew her father, and a long illness kept her mother away from her. Until she was 1½, she was a public ward.

She lived at 12 different foster homes in Los Angeles.

Shy, puzzled, skinny; the kids at one school called her "Norma Jean the Human Bean."

Her first foster parents told her dancing, card-playing and movies were "works of the devil."

At her next home, where she lived with a pair of movie extras, she was taken to picture shows and taught to do a little-girl "Hula" dance.

Her childhood is a memory of going to a new school alone, of sitting alone at long afternoon movies, of a foster mother who asked a teacher to take Norma

Praises Program of College Building

LANSING (U)—The State Board of Education reported today that its program of self-liquidating construction at state colleges has been a godsend.

The board said that the four colleges it supervises have built up an investment of \$21,683,000 in buildings and equipment, with an equity of \$8,538,000 in eight years. The replacement value of the buildings was estimated at 30 million dollars.

The program, the board said, has provided housing for 5,600 students out of a total enrollment of 15,000, plus student activity centers, health service buildings, dining halls and a chapel.

Walter F. Gries, board vice president, said that without permissive legislation and the appropriation of funds for utilities and similar services the problem of financing such projects would have been difficult.

Noting the estimate of the Michigan Council of College Presidents that the four colleges will expand to 27,000 students by 1970, the board said it recommended self-liquidating building programs as the "best public policy in meeting the needs of students seeking an education" in public institutions.

The board controls Central Michigan College, Michigan State Normal College, Northern Michigan College and Western Michigan College.

Circus Court Judge

FRANKFORT, Ind. (U)—Circuit Judge Fred W. Campbell is showing friends a letter addressed to "The Circus Judge."

ard asserted, was trying to industrialize the nation at the expense of agricultural production.

The new government head said there are at least 150,000 government employees who are unnecessary.

He accused Peron of negotiating a "tremendous concession" for Argentine oil.

BAZAAR PLANNED — Gathering the necessary materials together to decorate the halls and booths for the Cora Bailey School Bazaar are (left to right) Mrs. Harley Caudle of Murray street and Mrs. Charles Prasel of North Johnson, PTA president. The bazaar will be in full swing Friday evening from 5 until 8 p. m. A ham dinner is being served to which the public is invited.

Big Decrease Noted in Measles, Mumps

Recent outbreaks of measles and mumps showed a big drop last week, according to reports from city and county health departments. Measles decreased to seven cases, as against 26 the previous week. Mumps dropped to two, a decrease of 16 over the previous week. Two cases of polio, one in Birmingham and the other in Southfield Township, were both of the non-paralytic variety. Following is a breakdown of the reports, released by Dr. John D.

Monroe, city and county health director.

Mumps	0	17	7	

Cubans are expected to consume more than 176,000,000 pounds of lard during 1955, an increase of 5,000,000 pounds over 1954 and 31,000,000 pounds above 1953. Lower prices are encouraging larger domestic sales.

Actress, 17, Forced to Put 10 Pct. of Wages in Bonds

HOLLYWOOD — Natalie Wood, at 17 a veteran of 11 years as a screen actress, walked into Superior Court with her French poodle Filo yesterday and had her new Warner Bros. contract approved. The approval order by Judge John Gee Clark calls for compulsory investment of 10 per cent of the actress' earnings in savings bonds. Miss Wood earns \$400 a week now and if all option are picked up she will earn \$1,750 in seven years.

Each man aboard the new aircraft carrier Forrestal has a Pullman-type bunk with reading lamp and air-conditioning vent.

Pork Program Not Price Aid

Figy Explains Authority for Buying Meat Excess Rests With Secretary

LUDINGTON (U) — Charles Figy, assistant to Secretary of Agriculture Benson, emphasizes that the government's new \$85,000,000 pork products purchase program is not a price support program. Figy, former state director of agriculture, is attending the 82nd annual convention of the Michigan State Grange, meeting at Ludington. He said he is ready to act as a "resource person" for the Grange's committee on agriculture resolutions.

He also said he wished to clear up apparent misunderstandings about the government's new pork

buying program, announced last Monday in Washington.

Figy compared it to the government offer to buy canned cherries in West Michigan last Summer. **CAN USE FUNDS**

"In the pork buying program, the Secretary will be operating under the same authority that enabled him to offer to buy cherries and take bids here in Michigan," he declared.

The Secretary of Agriculture, by law, has the use of certain funds—such as for school lunch and others—to buy stocks of surplus foods for "relieving the market through diversion to channels outside the normal trade," Figy said.

He added these purchases may strengthen the hog market by siphoning off some of the surplus pork and lard. They should not be looked upon as a government attempt to set a price floor under these products as generally established through price support programs conducted by the commodity credit corp., Figy said.

Strobel Denies 'Tie-In' Charge

Buildings Administrator Says He Did Not Accept Job for Private Gain

WASHINGTON (AP) — Peter A. Strobel, manager of the government's billion-dollar public buildings operation, has strongly denied to House investigators that his New York engineering consultant firm ever profited from his influential official position.

Strobel was recalled for further testimony tomorrow, however, by a House judiciary subcommittee investigating possible conflict of interest between his public role and his 90 per cent partnership in the firm of Strobel & Salzman.

The subcommittee also summoned Joseph B. Moody, counsel for the Public Buildings Service which Strobel heads as \$14,500-a-year commissioner in General Services Administration, the government's housekeeping agency.

NO PRIVATE GAIN
The Public Buildings Service directs all federal building management activities and does such things as selecting architects and contractors for new buildings, negotiating contracts for government lease-purchase of privately built buildings, and supervising federal real estate.

Strobel told the subcommittee yesterday he "did not come to Washington for private gain," and that he severed his management connections with his firm when he was appointed public buildings commissioner in July 1954.

He also said he never made any secret that he retained a 90 per cent profit interest in his firm, which he declared "is about all I have."

He said he had cleared that arrangement with Edmund F. Mansure, GSA administrator.

Oil Well Blows Out Near End of Drilling

KAPLAN, La. (AP)—An oil well drilled to 11,188 feet blew out yesterday, burst into flames and created a hazard to a nearby large tank filled with butane gas. The well, about 10 miles southeast of here, was near completion; only a few hours of work remained, Drillers said tests indicated it had a large showing of oil. The derrick and other equipment were destroyed by the blaze. Fire-fighting experts were called to put out the fire.

Auto Union to Spend Funds for Primary

DETROIT (AP) — Officers of the big CIO United Auto Workers Ford local 600 have been authorized to spend union money in the 15th district special primary election Nov. 8.

The local has asked its members to support John D. Dingell Jr., a Detroit Democrat.

The local's executive council, it was disclosed yesterday, authorized political expenditures by the union despite pending federal prosecution of the UAW International Union.

A government indictment accuses the UAW of spending money in political campaigns in violation of Federal Corrupt Practices Act. No trial date has been set.

The UAW has defended what it says is its right to make political expenditures.

2 Russian Airlines Land in Indian Capital

NEW DELHI, India (AP) — Two Russian airlines have landed in India's capital on an unannounced trail blazing flight from the Soviet Union.

The planes, which are a modification of the twin-engine Russian Ilyushin 14 and similar to the U.S. Convair transport, arrived two days ago after a 500-mile nonstop flight from Tashkent in southern Russia.

It is understood the flight was made to survey a proposed Russia-India air route linking New Delhi with Moscow.

In his young manhood Christopher Columbus was a traveling salesman of woolen goods.

Ford to Expand Near Ypsilanti

New Plant Will Close Milford Unit; Workers to Be Transferred

DETROIT (AP) — Ford Motor Co. announced today plans for construction of a parts manufacturing plant near Ypsilanti.

The new plant, containing 600,000 square feet, will be known as the Rawsonville plant. It will occupy a 90-acre site at Textile and McKean roads in Ypsilanti Township.

John S. French, general manager of the Parts and Manufacturing Division, said the plant will be completed by the summer of 1957.

French said production will be halted at the Milford and Manchester plants and their activities will be transferred to Rawsonville.

The 530 employees of the Milford and Manchester plants will be transferred if they so desire, French said.

The Rawsonville plant will employ 1,500 persons by mid-1957, and by the end of 1958 that number will be increased to 3,000.

Americans are now spending about eight billion dollars a year on advertising.

Alvin Bentley Visits Republicans of Area

U.S. Rep. Alvin Bentley (R-Owosso), who has been mentioned as a possible Republican candidate for governor next year, was in Pontiac yesterday.

Bentley discussed the current political outlook with a group of local GOP leaders during a luncheon given by Pontiac attorney, John W. Bell.

Rooster Fights Alert Busy Irish Policemen

DUBLIN, Eire — Police have been alerted by a flurry of recent rumors of pre-dawn cock-fights, some of which over 2,000 Irishmen are said to have attended and thousands of dollars in bets changed hands.

The secrecy and odd hours are due to the fact that cock-fighting is illegal. Breeding of fighting cocks is not against the law, however, and they are being raised in seven

counties of Eire and three of Northern Ireland.

The birds' diet includes whiskey, eggs, rice and oats and the big event of the year is the north-versus-south contest held secretly each summer.

Attention Badge No. 49

JACKSONVILLE, Fla. — If somebody flashes Jacksonville Police badge No. 49 at you, call a cop. The badge was stolen from Patrolman Solomon Weston's car while it was parked in front of his home.

Feminine Wear Displays Shock Indian Women

NEW DELHI, India — Indian women shrink from having articles of feminine apparel displayed in show windows and a women's organization here, the Adarsh Mahila Sabha, is taking action to stop it.

Groups of women are visiting stores appealing to businessmen "not to disgrace their womenfolk

by such cheap methods." A resolution adopted at a recent meeting of the organization also demands that steps be taken to stop the advertisement of commercial articles featuring women.

Insurance Benefits Up

NEW YORK — During the first half of 1953 the nation's life-insurance companies paid out \$84,605, 000 in accident and sickness insurance benefits — nearly 30 per cent above the total paid out for such claims in the like period of 1952.

Device Keeps Auto's Speed Rate Constant

GOWANDA, N.Y. — A device for passenger cars that permits a driver to set his speed and maintain it on the highway without keeping his foot on the accelerator has been developed by a Gowanda company.

The device works by pushing a button on the dashboard when the car is traveling at the desired speed, taking the foot off the gas

pedal, and releasing the button. The control can be disengaged by a slight pressure on the accelerator pedal or by tapping the horn rim, the company says.

14,000 GIs Enrolled

WASHINGTON — Nearly 14,000 soldiers are taking advantage of the Army's information and education program to complete their grammar-school education. Some 87,000 GIs are taking high-school courses and another 60,000 are enrolled in college and postgraduate programs.

PENNEY'S

THE BERRYS

By Carl Grubert

Japanese Girl, 12, Possible A-Victim

HIROSHIMA, Japan (U-P)—A 12-year-old girl who as a baby was only a mile from the center of the Hiroshima atom bomb blast died yesterday of lymphatic leukemia which a U. S. doctor said may have been "a late effect of radiation."

Dr. Robert Holmes, director of the Atomic Bomb Casualty Commission, said records showed that Teiko Sasaki "was exposed at a distance of 1,655 meters (1,793 yards) and was shielded (from radiation effects of the bomb) only by a wooden frame building."

"It is therefore possible that this case of leukemia is a late effect of radiation."

Japanese newspapers listed it as the 14th death so far this year from wartime A-bombs. There was no confirmation from commission officials, who explained that it is technically impossible to say positively whether deaths had been caused by A-bomb effects or by other causes.

New Station Wagon for American Motors

DETROIT (INS)—American Motors Corp. today announced a new Rambler station wagon incorporating the first four-door hardtop construction to be used in station wagons.

The new car, called the cross-country hardtop convertible, will be included in the 1956 line of Ramblers.

The auto eliminates center posts between the side windows and has a rear window which rolls down into the tail gate, doing away with the upper tail gate found on most station wagons.

AMC President Romney said the model will be added to the line in January.

Killed in Tire Mishap

DETROIT (U-P)—William Balze, 33, a suburban Dearborn service station attendant, was injured fatally last night when the safety rim blew off a truck tire he was mounting on a truck and struck him in the head.

Policyholders Ordered to Pay Debts of Company

AUSTIN, Tex. (U-P)—More than 15,000 people who bought policies from an insurance firm which went broke have been ordered to help pay off the \$495,148 of debts.

Dist. Judge Charles O. Betts ordered the assessments against former policy holders of Pioneer Western Mutual Insurance Co.,

1942 Deserter Caught

FORT KNOX, Ky. (U-P)—After 13 years, the Army finally caught up with 40-year-old Ted D. Jackson, father of seven children. Military police picked up Jackson, a used car lot mechanic, at his Louisville home Monday night. He had been carried on Army records as a deserter since Feb. 23, 1942. "I'm glad it's over," police quoted Jackson as saying.

Really, He Doesn't Mean It — It Was Just Coincidence

CHICAGO (INS)—It wasn't a black cat, but it sure brought animal lover Walter Swigart of Chicago a mess of bad luck.

Swigart's tale of woe began when he found a gray and brown spotted kitten on his doorstep and decided to keep it until he could find time to take it to an animal shelter.

Then Swigart's wife phoned him at his print shop to tell him the cat had accidentally hanged itself by wedging its head between the garage wall and an overhead door track.

Unfortunately the printer left his press running while he talked to his wife and her story was interrupted by a bang and a clatter.

A stack of paper had fallen into the press. It was flung about like autumn leaves while the ink rollers shot out of the machine in all directions.

CLEANED UP MESS

Swigart cleaned up the mess and went home to bury the cat. During the after-dark interment, his spade struck and smashed a portable electric lamp.

He next got a hand lantern to finish the job, but that fell off a ledge and broke.

When the animal was finally placed in its last resting place, Swigart returned the spade to the basement and found the cat-picked bones of several of his pet angel fish strewn beside his aquarium.

Total damages: Printing press repairs, \$44, portable electric lamp \$14, hand lantern \$11.

Grisley Realism at Avon Causes Audience Collapse

By STANLEY GODFREY

LONDON (U-P)—Shakespeare's "Titus Andronicus" is laying them in the aisles at the Stratford-on-Avon Memorial Theater. Twelve persons were carried unconscious from one performance. Others left the theater because of grisley torture scenes.

Complaints are pouring in to the management, but despite that, the rarely performed play is proving the season's biggest boxoffice winner.

Sir Laurence Olivier and his wife Vivien Leigh play the leads. At one point, Olivier, as Titus, a Roman general, appears to cut off his hand to secure his son's release from captivity. A realistic

crunching of bones off stage brings moans from the audience.

EATS A PIE

At another point in the play, Maxine Audley, as Tamora, eats a pie in which the bodies of her two sons have been cooked. Miss Leigh, as Lavinia, Titus' daughter, has her tongue sliced out and her hands chopped off — all off stage, however. She says it's a most pleasant part, giving her lots of time on stage to think what she will do since she can't talk.

In the end, Titus, Lavinia, and another player are killed in succession.

Extra ambulance men have been called in to deal with the fainting cases and the theater bar reports record business.

"On stage, we often hear moans from the audience," Olivier said. Theater lore says Shakespeare wrote the play — about the revenge of a Roman general for atrocities committed against his family — after a particularly unhappy love affair.

Wholesale Food Prices Lowest Since June, 1950

The Dun & Bradstreet wholesale food price index dropped this week to its lowest level since the start of the Korean War.

At \$6.05, the Dun & Bradstreet yardstick of wholesale food costs was down 9.8 per cent from a year ago and the lowest since June 27, 1950.

The index represents the total cost at wholesale of one pound each of 31 basic food items. Last week it stood at \$6.08 and a year ago at \$6.71. It was \$6.04 at the outbreak of the Korean fighting nearly five-and-a-half years ago.

Contributing to the decline this week were lower wholesale prices for wheat, corn, beef, lard, cottonseed oil, cocoa, eggs, steers and hogs.

Higher were flour, rye, oats, barley, bellies, butter and potatoes.

PUNCH WITH ITS OWN POWER — It looks like a tank, but it isn't. It's the just-unveiled T-101, a 90-mm. self-propelled gun. A powerful antitank weapon, it is light weight, enabling it to cross muddy, marshy or sandy terrain. It can also be air-dropped. Designed for use in the assault phase of airborne operations, the T-101 carries a three-man crew. Its armament is mounted above the hull without a turret. Department of Defense photo taken in Washington, D. C.

Sheriff in Texas Enforces Ban on Barroom Pianos

WICHITA FALLS, Tex. (AP)—The tinkling of a piano in a Texas tavern may be just the thing for a western movie, but Sheriff Weldon Bailey doesn't allow any piano playing around here. In taverns, that is.

He says piano music attracts dope addicts and other undesirable.

Bailey, a rangy six-footer with sandy hair and a springy step, admits there's no law against piano playing in a tavern.

That may account for the fact some taverns were slow to respond when the sheriff passed along the word recently that there were to be no more pianos.

One beer hall operator complained to the sheriff's department that he had no place to put his piano. He just thought he would

leave it in his place of business. After all, there was no law against it.

Hearing this, Bailey sent around a couple of deputies about his size. "One of them," the tavern operator related, "told me that if I wanted to keep the piano they would send over a deputy with two big pistols to watch it for me."

The tavern keeper, figuring a big deputy with two big pistols would discourage business, took out his piano.

use of live music in Wichita Falls use of live music in Wichita Falls taverns," said Bailey. "In the past, when some of these places did have live music, we had to take dope addicts right off the piano stool."

One tavern, popular with men from Sheppard Air Force Base

here, still had its piano tinkling away last night. But the owner was uneasy. His customers were, too.

Eleven deputies visited this tavern last Saturday. The manager complained his "customers were kept uneasy by officers demanding to see identification cards and by officers shining flashlights around."

Asked about this, Bailey said he was sure sorry but "most of these places are so dark you have to use a flashlight to see an identification card."

He indicated his men will be back, with their flashlights.

Vote of Confidence?

WILLIAMSBURG, Va. (AP)—The employees at a department store here worked like beavers and piled up a sales record that won a 10-day trip to Bermuda for Manager J. B. Hickman. Relatively simple, said Hickman. He just told the employees they could get rid of him for 10 days by winning the contest.

Area Dairymen Act to Gain New MMPA Leader

Members See Change in Slate

Romeo Is Activity Hub Before Election Nov. 3 at East Lansing

ROMEO—Representatives of the Michigan Milk Producers local from 14 counties met in Romeo last night to discuss current developments in the milk marketing picture, before the annual meeting to be held Nov. 3.

Included in items under consideration, were the petitions being circulated throughout the state asking for a new board of directors in the MMPA.

The petitions also protest certain governing bylaws as being strictly undemocratic.

Harold Fritz, head of the Romeo local, whose group instigated the current move for new leadership, said today "we want members to control our own organization—how can members instruct delegates when all local meetings have been held before the slate of officers and resolutions have been made public?"

Fritz added, "There is no earthly way for members to instruct delegates on how to vote before the annual meeting."

"They (the management of MMPA) have violated the federal law. They vote for themselves, not the members," he indicated.

"For 26 years," the Romeo dairyman explained, "meetings have been conducted on the delegate system, without a vote from the membership at large."

QUOTES LAW
"Federal law," he stated, stipulates that "either two thirds or three quarters of the members shall vote on the Federal Milk Marketing program. No provision has been made for delegates to act for the membership."

He pointed out that it is not uncommon for only five or six dairymen to attend the meeting of their local to elect officers with the same slate serving year after year. "The reason," according to Fritz, "for the lack of interest is the manipulation of business by the MMPA management, which discourages the farmer to such an extent that he never attends his local meetings."

Fritz himself has been asked to speak at a number of meetings throughout the state but the MMPA management told the locals "they would provide the speakers or would underwrite expense of providing refreshments for the meetings."

To date an "adequate number" of signatures appear on petitions which, according to state law, will give members the right to vote at the annual meeting in East Lansing next week. It is expected that more will be turned in to the secretary of the Romeo local before the Nov. 3 deadline.

HEARING NOV. 29

The revelation that a Federal grand jury hearing on Detroit area milk prices will be held Nov. 29, "is one of the important outgrowths of action taken by protesting locals," according to Fritz.

In January of this year, dairy farmers in the Romeo area demanded a federal investigation of the milk prices.

Edward M. Feeney, chief of the Anti-Trust Division offices in Detroit would not state this week, whether this complaint was a direct cause of the current inquiry.

Set Halloween Party

THOMAS—Thomas School will hold their annual Halloween party, hot dog roast and masquerade party at the school yard at 7:30 p.m. Monday.

Gideon Camp to Meet

WATERFORD—Members of the Pontiac Camp of Gideon will attend a Zone One rally at 23321 Stevenson Highway, Hazel Park, at 2:30 p.m. Saturday.

'The Heiress,' Nov. 4-5

First Production Slated by Avon Theater Group

ROCHESTER—The Avon Players, Rochester's theater group, is planning its first production of the '55-56 season. Slated is "The Heiress," a two-act play by Ruth and Augustus Goetz, which was first presented in New York in 1947.

The setting takes place in 1850 and will be in full authentic costume of the period.

On stage, in "The Heiress," will be Donald and Lynette Brown, of Royal Oak, who have had several years experience in summer stock theater.

Also in the play will be Bob Wagner; Dorothy Baldwin; Bess Purdy; Betty Schaffner, last seen in "Klondike"; Kay Jerome; and George and Sally Ross who took part in "Pirates of Penzance" and "Curious Savage."

"The Heiress" is a story of Catherine Sloper, a doctor's daughter, who, in spite of intelligence, suffers a complete lack of self-confidence. This is due to her father's constant comparison of

her to his deceased wife. Catherine is continually stifled by his disappointment in the girl for not being an exact image of her mother. Morris Townsend, for a time, represents Catherine's only hope for happiness; but to her dismay turns out to be more interested in her inheritance than anything else.

The Avon Players is a theater group composed of people of many of the surrounding communities, including Rochester, Royal Oak, Birmingham, Pontiac, Troy and Lake Orion. Membership is over 200 in number and is open to all regardless of experience. Meetings are held once a month at the Avon Pavilion in Rochester, and usually consist of a potluck dinner and entertainment in the way of a one-act play or talks by theatrical experts.

Three plays are presented annually—"The Heiress" being the first this season which will be seen at 8:30 p.m. on Nov. 4 and 5 at the Rochester High School Auditorium. Tickets are available at the door or from cast members.

Vote on Charter Set for Dec. 6

Twenty-One Petitions Filed After Deadline Wednesday

MADISON HEIGHTS—Residents of Madison Heights will vote on a new charter Dec. 6.

Wednesday's deadline for filing petitions showed that there are twenty-one petitions for council, three for mayor, eight for the board of review, two for associate justice, five for constable, and two for justice of the peace.

Acting Mayor Virginia M. Solberg is running for council.

Residents last January approved incorporation in the area, and elected the present charter commission to prepare laws for the new city.

However, the first charter was defeated by only 32 votes in last June's referendum. January 1957 is the deadline to adopt a charter.

If it is not approved in the area, it will revert to township status.

Duck Lake VFW Will Give Dinner for Post Home

DUCK LAKE—The High-White Post No. 9914 and auxiliary of VFW have planned a spaghetti dinner at the Pal-O-U on Davista Drive, Duck Lake, starting at 1 p.m. Tuesday.

Tickets can be secured from any member of the post or auxiliary or at the door.

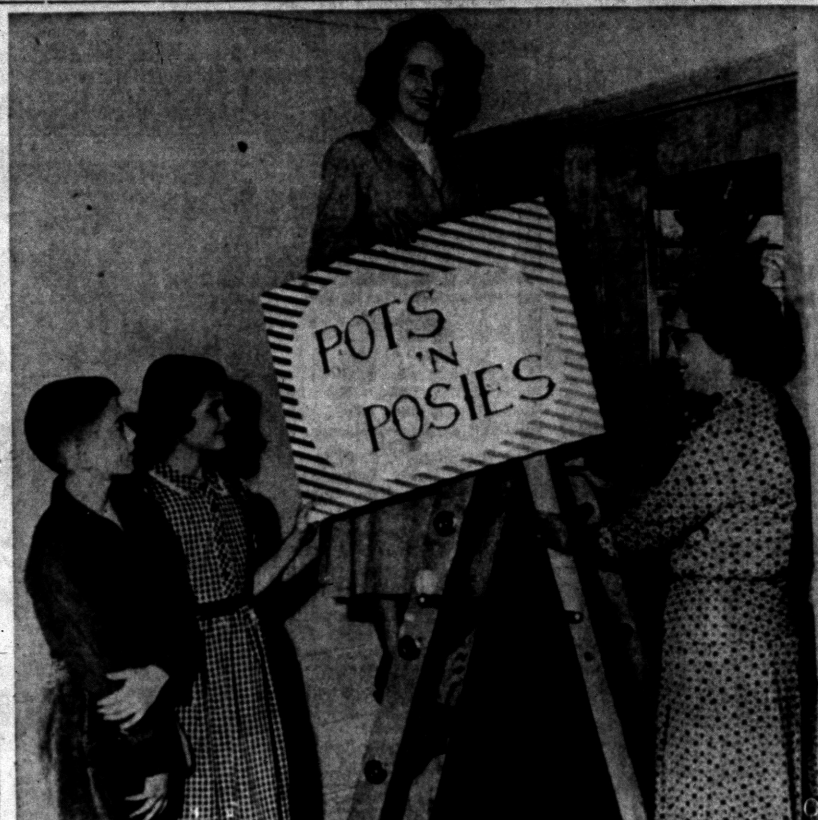

Proceeds will be used for the building fund for the post home on Duck Lake Road, which was damaged during last spring's wind storms.

Slate Cafeteria Supper

THOMAS—A cafeteria supper is slated in the Thomas Community Hall Tuesday night. Serving will begin at 5:30 p.m. and proceeds will go for the church. The public is invited.

Nov. 5 Date for Bazaar

ORCHARD LAKE—Saturday, Nov. 5 is the date for the Christmas bazaar and penny supper sponsored by the altar society of Our Lady of Refuge Church.

ANNUAL PTA FAIR—David Elcher, Walled Lake, Wayne Wilcox, 2431 Archdale, Pontiac tucks up the and Jayne Bennett of Milford watch publicity posters poster as Ethel Mugler of Milford holds the ladder. go up for the annual Union Lake PTA fair. Mrs.

\$7,000 Cost of Township Roadwork

FARMINGTON—At the meeting of the Farmington Township Board Tuesday, Floyd Cairns of the Road Committee offered for the board's consideration, a report of several localities in the township which need roadwork. These included Truck Road, North Nine Mile, and Shiawassee to Springbrook, where the new school is located. Cairns suggested this section be blacktopped in view of the heavy school bus traffic it will carry.

When questioned by E. V. Blanchard, township supervisor, he estimated the cost at about \$3,000. Several other locations throughout the township required only "ditching and graveling" at an estimated cost of approximately \$4,000.

Ward Eagle, trustee, raised the question of money for snow removal and was reminded by Cairns that \$15,000 has been allocated to Oakland County Road Commission for maintenance, scraping and snow removal.

The report was received by the board and placed on file for examination of the budget, before action is taken.

Blanchard stated that at Judge Moore's request William Gal-

agher, township tax assessor, had been employed for the past two weeks on work for the water committee. Gallagher stated that he is making a survey in an effort to ascertain the actual amount of assessment, possible to help finance

a water system for the township's dry areas.

PETITIONS BOARD

Charles Brown of the Thompson Brown Realtors, petitioned the board to take immediate action to

set up a continuing water authority. He stated that under FHA rules mortgages will not be released, and buyers cannot move into his Kendalwood subdivision until such authority is established. Last December, the board agreed to accept the Kendalwood water system upon completion.

Brown states that the project, which he estimates as worth \$250,000 to \$300,000, is now complete and ready to be put into operation. He offered the system to the township free of charge, claiming that a profit of \$25,000 annually is possible from the system. He urged that the township board accept the offer, otherwise it will be necessary for his company to establish its own public utilities corporation.

He requested an immediate answer in view of the fact that 20 to 30 families who have already bought homes in the subdivision are awaiting the release of FHA mortgages. The board agreed to hold a special meeting within the next few days to give a definite answer.

MR. AND MRS. FRANK BUELL

MARK 50 YEARS—Mr. and Mrs. Frank Buell of 328 E. Liberty, Milford, will be married 50 years, on Monday, Oct. 31. A dinner at Highland Manor for the immediate family will be held Sunday to commemorate the occasion. Mr. and Mrs. Buell have two children, Charles F. and Mrs. Norman (Josephine) Morgan; and two grandchildren, Arlene Buell and Brent Morgan, all of Milford.

Village Council Denies Request

ROCHESTER—The Village Council here turned down a request from the Jack Mason post No. 3908, VFW, asking the council to rezone lots 52 through 55 of Fairview subdivision from two family to multiple family residential. A petition presented to the council and signed by approximately 45 property owners in the neighborhood protested the rezoning.

In other business, bids were opened on Mahaffy Street sidewalk and the low bidder was Concrete Specialists Co., Hazel Park. Total cost of construction will be \$3,700. Work will start on the project within a week.

A \$362.50 assessment roll for storm drainage in Oak Bluff subdivision was confirmed. Residents will be billed upon completion of construction.

The Kiwanis Club was given a \$150 contribution from the council for their Halloween party planned for the children.

OES Installation Slated

NORTH BRANCH—The installation of the new officers of North Branch chapter, No. 149, OES, will take place Saturday evening.

Waterford Group Tells of Women's Exercise Meets

WATERFORD TOWNSHIP—A ladies weekly exercising session for all township women, 16 to 60, is scheduled to begin Thursday from 7 to 8 p.m., the Waterford Township Recreation Department announces.

The twelve sessions will be conducted by Carol Wolfe, department dance instructor.

There is room for 25 registrations only. Interested women should call the recreation department for information.

Road Fund Request Tabled by Township

PONTIAC TOWNSHIP—At the Pontiac Township Board meeting here this week, a communication from the Oakland County Road Commission stating that road funds were exhausted and asking for additional funds for the balance of this year, was tabled for the present.

A motion was passed to approve the transfer of ownership of liquor license to Nick Leone from John Carl Carnos, 3211 Auburn Road.

Also a motion was passed to allow Robert Schauer to have foundry sand dumped on his property providing he will cover it with top soil or gravel as soon as possible. In the future all foundry sand that the township permits to be delivered in the area for fill shall be "covered with at least six inches of top soil or gravel to be completed within six months" and that the owner shall be required to put up a performance bond.

Dryden Seniors in Competition

Participate in National Merit Award Program for Scholars

By MAUDE S. MARTIN Press Correspondent

METAMORA—Two outstanding seniors of Dryden Community school have the opportunity to compete in the new, multi-million dollar National Merit Scholarship Program as the result of the school's registration with the National Merit Scholarship Corp. this fall.

These high-ranking local students will be aiming at some 150 four-year college scholarships that can carry up to full tuition and living expenses, depending upon the financial need of each winner.

The winners will be chosen on the basis of their ability to profit from a higher education. The preliminary screening test will be given in the Dryden High School on Oct. 26, as the first step.

The competition is open to all secondary schools, and is the largest program of its kind in the history of American education.

The program is conducted by the National Merit Scholarship, an independent, non-profit educational organization set up by grants of \$20,500,000. Aimed at discovering and helping the most talented students in the country, the program permits the winners, known as merit scholars, to choose an accredited college or university and any course of study.

MR. AND MRS. HARRY THOMPSON

GOLDEN WEDDING—Mr. and Mrs. Harry Thompson of Davisburg are observing their golden wedding anniversary Sunday with an open house for friends and relatives, at their home, 407 Broadway in Davisburg. The open house will be held from 2 till 9 p. m. Mr. and Mrs. Thompson have lived their entire married life in Springfield Township and 45 of those years in Davisburg. Sponsors of the event are Mr. and Mrs. Mac Morgan and Mr. and Mrs. Arthur Holms of Davisburg.

Suicide Silences Shotgun Blaster

Toronto Hotel Residents
Flee Berserk Gunman
on Shooting Spree

TORONTO (U)—A young man shot up a hotel room in downtown Toronto early today and then ended his life with a single blast in the stomach from a 12 gauge shotgun.

The shotgun barrage sent terror through the Ford Hotel. The gunman was identified by police as Zarano Borg, 22-year-old Toronto laborer. Nobody else was hurt. There was no apparent reason for the shooting.

The youth was found dead in a room littered with empty shell casings. Police had set off a tear gas bomb that filled his fourth-floor room and hallways in the crowded hotel.

For nearly an hour Borg pumped shots into the walls of his room, through the door and into the ceiling. Guests in nearby rooms fled in night clothes as charge after charge was fired. Estimates on the number of shots ranged from 12 to 25.

Borg's room was in the east wing of the 150-room, 11-story hotel overlooking busy Dundas street. He didn't fire any shots through his window. The shooting started shortly before midnight as many of the 600 patrons of the hotel were preparing for bed.

John Laxton, night manager of the hotel, said Borg apparently broke down the gun and carried it in a suitcase.

"He checked in early in the evening," Laxton said. "He couldn't have been carrying it openly because the clerk would have seen it and called police."

Commerce Home Damaged by Fire

COMMERCE TOWNSHIP—A fire which caused \$1,000 damage to the home of Mr. and Mrs. Lee Whitaker of 1822 Portlock is believed to have started in the bedroom area, according to Commerce Fire Chief Ray Price.

Whitaker had just left for work and Mrs. Whitaker had gone over to a neighbor's house when the fire broke out at 2:15 p.m. yesterday.

Chief Price said that there was considerable heat and smoke damage to the home, which was covered by insurance.

County Deaths

Harold D. Latimer
MILFORD—Service for Harold Dale Latimer, 35, 615 Caroline St., who was killed in an accident on M59 Tuesday, will be held at the Richardson-Bird Chapel, Milford, at 1 p.m. Friday. Graveside services at Oakgrove Cemetery will be under the auspices of the Milford Masonic Lodge.

Besides his wife Virginia, he is survived by three daughters, Caroline, Donna and Dorothy; two sons, Harold and David, all under 13 years of age; his mother and father, Mr. and Mrs. Gursion Latimer of Mason; three brothers, Lyle of Pontiac, Leonard of Dexter and Maurice of Grass Lake and two sisters, Constance Latimer of Mason and Mrs. Eleanor Baughan of Pinkey; also his grandfather, Robert Garner of Jackson.

Mrs. Fred Boone
CLARKSTON—Service for Mrs. Fred (Zella May Boone), 73, of 79 North Holcomb St., will be held at 2 p.m. Saturday, at the Sharpe Funeral Home here, with burial in Andersonville Cemetery. Mrs. Boone died at her home yesterday. She is survived by her husband, Fred, and several nieces and nephews.

Edward Brain Hanna
AUBURN HEIGHTS—Service for Edward Brain Hanna, 69, 440 Mott Rd., will be held at 2:30 p.m. Saturday from Dudley H. Moore Funeral Home, with burial in Forest Lawn Cemetery. Mr. Hanna died yesterday.

Paul Williams
MILFORD—Service for Paul Williams, 33, of 211 Peters Rd., will be held at 1:30 p.m. Saturday from the Richardson-Bird Funeral Home with burial in Oak Grove Cemetery. Mr. Williams was killed yesterday in an auto accident.

Survivors include his wife, Ruth; one son, Conrad John at home; parents, Mr. and Mrs. Hersel Williams; one brother, Ray of Painesville, Ohio; two sisters, Mrs. Donald Conway and Mrs. Annabell Smithfield both of West Virginia.

Lower Peninsula VFW Meets This Weekend

BENTON HARBOR (U)—An estimated 1,500 post and auxiliary officers from 650 Veterans of Foreign Wars units in the Lower Peninsula will meet at Benton Harbor Saturday and Sunday for the 27th Annual Lower Peninsula Pow Wow.

The program will include con-

sideration of resolutions submitted by posts throughout the state, the fall meeting of the council of administration, VFW governing body, and schools of instruction for the post officers.

Sverre Roang of Edgerton, Wis., national VFW judge advocate, will be the principal speaker.

Michigan was the first state to develop roadside parks and picnic

Marihuana Cigarettes Bring 20 Year Term

A \$10 sale of marihuana cigarettes will yield at least a 20-year sentence to Jackson state prison for Jayward Walker, 21, of 10633 Eckley Ct., Royal Oak Township. Walker was arrested last May 18 in the township and charged with illegal sale of narcotics. An Oakland County Circuit Court jury

yesterday found him guilty of the charge which carries a minimum penalty of 20 years in prison.

He will be sentenced Nov. 7 by Judge George B. Hartick, according to assistant Prosecutor Donald A. Brown, who handled the trial.

Canadian production of refined petroleum products during 1954 climbed to 159,935,615 barrels from 146,037,096 the year before.

MSU Selected as Site for Training Center

EAST LANSING (U)—Michigan State University has been selected as a national training center for Chamber of Commerce and Trade Association executives.

The National Institute for Organizational Management notified the university that it has voted to establish its school at the MSU Kel-

loggans Center for continuing education. The center will be used by western for the past 32 years but was forced to move by space limitations.

The United States exported nearly 50,000,000 pounds of grass and legume seeds during the 1954-55 season, an increase of 87.3 per cent over the previous year.

MAKE OVER PAGES

LOS ANGELES (U)—A second honeymoon in Mexico City was on the itinerary today for Walter Winchell's daughter Walda and hotelman Hyatt Von Dehn.

The couple dropped divorce plans and headed South of the border yesterday.

Trouble Brewing in Middle East Countries

(The Middle East is regarded as the world's No. 1 powder keg. Eric Johnston, Eisenhower ambassador, recently returned from a tour of the area. Here Johnston explains the background of the difficulties and outlines a solution for at least part of the crisis.)

By ERIC JOHNSTON
WASHINGTON (INS)—Trouble is brewing in the Middle East. Communist Russia has set its expansionist sights on the ancient lands linking Europe and Asia. Soviet offers of arms, economic aid, technical assistance and other tantalizing inducements are only the beginning of a concentrated campaign to undermine Arab friendship for the West and open the door to Communist political penetration of the Arab world.

With cynical disregard of the delicate balance between peace

and war in the Near East, Soviet diplomats are playing heavily upon fears and antagonisms which could easily erupt into conflict and plunge the region into chaos. Arab bitterness against Israel is being exploited to the hilt with overt assurances of arms and covert hints that well-trained "volunteers" from Communist countries might be available to swell Arab armies in a war against Israel.

Against this background the U.S. sponsored a plan for dividing the international waters of the Jordan River between three Arab nations and Israel has become more important than ever. Quite aside from the economic

lift it will give to the states concerned, the plan stands as a symbol of constructive western policy in contrast to the destructive policy of mischief-making now being pursued in the region by Communist Russia.

CAN BE SOLVED

In the Jordan Valley Plan, the West has made clear its belief that the explosive problems of the area can be solved in a rational and orderly way with resulting social and economic progress for all concerned.

The waters of the Jordan River, rising in and flowing through three Arab states and Israel, are a vital natural re-

source in an area where water means life for crops and men. Already, they have been the subject of bitter dispute between the Arab countries and Israel; they could be the cause of open conflict.

Captured and stored, these waters can become the source of new wealth from irrigated lands, new opportunities for thousands of families, higher standards of living, new industrial potentials arising from the generation of electric power. But to make the best use of them for the benefit of the most people, the waters of the Jordan and its tributaries must be treated as a whole.

This requires the agreement of

all four states to an arrangement under which the total water supply would be divided, stored, and distributed to irrigable lands throughout the entire valley.

The Jordan Valley Plan, now very near fruition, is the product of two years' effort to evolve such an arrangement. Engineers and water experts of the Arab countries and Israel have accepted it as the fairest, most workable, and most economic way to put the waters of the Jordan to use for human betterment. Formal acceptance by the governments of the four interested countries is all that is needed now to bring the plan into being. There is reason to

believe that this political acceptance may be forthcoming in the near future.

Considering the fact that the three Arab states of the Jordan Valley are technically at war with Israel, our ability to work out a mutually satisfactory program for development of the valley is a strong argument in support of the United States' approach to the problem of the region. It indicates that there are solutions short of war if we have the patience and the will to help the peoples of the Middle East to find them.

The issue is clearly joined between the policy of the west, calculated to help the states of the Near East to remain free nations in the free world, and the policy of the east, designed to add them eventually to the galaxy of Russian Communist satellites.

Kavanagh Cites Treaty Breach

Attorney General Says Canada Violates Pact by Sewage Laxity

DETROIT (AP)—Attorney General Thomas M. Kavanagh today accused Canada of violating a 1907 treaty with the United States on water pollution control.

Kavanagh said Michigan may ask the State Department to press for compliance on the part of Canada.

The Attorney General's accusation was included in a letter

read Wednesday at a meeting of the Michigan Resources Commission.

Kavanagh said it was brought out at international joint commission conferences in Ottawa earlier this month that Ontario has not appropriated any money for sewage disposal plants for cities bordering Michigan.

As a result, he said, Canadian cities continue to pollute streams and lakes, while border Michigan cities have carried out extensive disposal control programs.

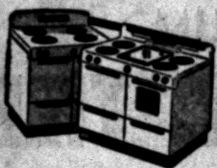

Delegates from Sault Ste. Marie said they were building their plant "with the full knowledge that it will be of no value," because Sault Ste. Marie, Ont., across the narrow St. Marys River, dumps sewage and industrial waste into the stream. They also

If Public Wants It

Rocky Offers to Fight
2nd Bout With Moore

LOS ANGELES (U)—Heavyweight champion Rocky Marciano is perfectly willing to fight Archie Moore again, provided the public wants a rematch and Archie "wants a couple of fights in the next few months."

So said the champ here today, adding (1) that Jersey Joe Walcott hit him much harder than did venerable Archie, and (2) Moore really

got under his skin with his campaign for a title fight.

"Sure I was sore," said Rocky. "He even sent me personal letters, daring me to fight him."

Due to the government's healthy bite out of his ring earnings, Rocky confided, it isn't profitable to fight more than twice a year. He figures the next defense of the crown will be in June.

Yes, he added, the winner of the coming rematch between Nino Valdes and Hurricane Jackson "would move into contention."

Marciano flew here from the East for only one reason. A close friend, Irving Berman, is retiring from the retail men's clothing business and Rocky figured he could help ballyhoo Berman's "I quit" closing out sale.

Normally such an enterprise would be worth big money to the champ.

What about Al Weill, his manager, the man who handles all of his affairs when it comes to anything from one to one million dollars?

Rocky smiled. It was left for his friend and traveling buddy, wealthy Jack West, Dayton, Ohio, gem tycoon, to explain the situation.

"Let us just say," said West, "that Rocky got a month off from Weill."

Absent Player
Back at School
After Wedding

Cravens, New Bride
Return to Kentucky
From Tucson

TUCSON, Ariz. (U)—Bob Cravens, an 18-year-old University of Kentucky football player missing since he and his coed sweetheart eloped Oct. 12, has turned up here and disclosed he'd like to get back in school.

Cravens and his 17-year-old bride, the former Jane Ayer, telephoned their parents in Owensboro, Ky., from Tucson last night. They had not been heard from since they left the campus and married the same day at Shawneetown, Ill.

Both were freshmen at Kentucky. They became the object of a search after Cravens' father became concerned.

Braves Trample
Wever 11, 27-0

Washington Wins Easy
Junior Loop Decision
for 18th Straight

JUNIOR HIGH LEAGUE	
Washington	11
Eastern	0
Lincoln	0
Wever	0
Jefferson	0

Scoring almost at will, the Washington Junior High School football team hung up an easy 27-0 victory over Wever in a Pontiac Junior High League game Wednesday afternoon at Wisner Stadium.

Coach Ed Ghilani used 44 players during the rout as the Braves scored two touchdowns in each of the 1st and 3rd quarters to extend to 18 their string of games without defeat. One tie contest dots the record.

In the 1st period, Harrison Munson galloped 40 yards for the 1st touchdown. Moments later the Braves recovered a fumble and marched to their 2nd TD, Charles Barge plunged over from the one. Barge placekicked both extra points.

Right halfback Richard Moss led Washington's 3rd touchdown to open the 3rd-quarter scoring. Moss raced 11 yards on a reverse for the six-pointer. Barge's conversion attempt went below the crossbar. Isaac Jones, left halfback, dashed 20 yards for the Braves' last touchdown and Barge converted.

Irish and Navy
Expect Another
Close Struggle

Coaches See a Repeat
of Last Year's 6 to 0
Thriller

ANNAPOLIS, Md. (U)—Navy and Notre Dame coaches are looking for another possible replay of last year's 6-0 thriller when the unbeaten Middles and the once-defeated Irish meet Saturday.

Both told reporters at Navy's weekly football news conference yesterday they regard the other as being as good of better than the 1954 teams and expect another close battle.

Coach Terry Brennan said in a telephone interview from South Bend, Ind., the site of Saturday's clash, that he thinks the oddsmakers are mistaken in making Notre Dame a 6-point favorite, the same margin they beat Navy last year.

"I don't know how they figure it," the youthful Irish mentor remarked. "I would think we would probably be rated even."

He called this year's Navy team "probably the best they've had in the last 10 or 15 years" and said "records indicate they'll probably be the best we play."

Navy has beaten its first five opponents but in the Irish expect to meet their toughest to date.

The Middles have shown the same fire in practice this week they had for the game in Baltimore's muddy stadium last year, when a fumble going into the end zone cost them at least a tie or possibly a victory over the Irish.

Notre Dame has lost only to a good Michigan State team and is plainly regarded by Coach Eddie Erdelatz as the big hurdle faced by his team this season, with the natural exception of an always-tough Army game.

"We regard them every bit as tough as last year," Erdelatz said, "but feel the same way about the game . . . our boys do a better job against a tougher team." Last year he stated he thought Navy had its best chance to beat the Irish in his five years at the academy.

Frank Foster, the Navy scout who viewed the 21-7 victory by Michigan State as well as Notre Dame's 22-7 conquest of Purdue last week, sized up the opponent this way:

"They have terrific speed and depth in the backfield. The line does not have the depth of last year's but the first line is experienced. Pat Bascaglia is the best guard I've seen all year. He's terrific on defense and we're going to have a big job handling him."

Bio Names Absent
in Quarter-Finals

PINEHURST, N.C. (U)—Big names were conspicuously absent today as quarter-final play began here in the fourth annual North and South Seniors golf championships.

The only titleholder to win his second-round match yesterday was J. W. Roberts, Southern Seniors champion from Columbus, Ohio, who downed Don L. Moore of Essex Falls, N.J., 3 and 2.

Medalist C. D. McAllister of Orlando, Fla., a retired Air Force colonel, rallied to down T. M. Belshe of Washington, 3 and 2.

Title on the Line
Maples Have Plenty of Incentive to Go
All Out Against Big Reds, on Home Lot

EASTERN MICHIGAN LEAGUE	
Birmingham	4-0
Port Huron	3-1
East Detroit	2-1
Friday's Game—Port Huron at Birmingham, Ferndale at East Detroit, Mt. Clemens at East Detroit.	

Carl Lemle, head football coach at Birmingham High School, will not be forced to think up ways and means of inspiring his grid-ders for Friday night's important clash with Port Huron's Big Reds. Lemle's undefeated Maples will have all the incentive they need when they face the invaders from Lake Huron. Victory over Port Huron will hand Birmingham its 1st Eastern Michigan League football championship in the school's history.

Birmingham, boasting a perfect 6-0 record, has never won an EML crown. The Maples' strongest bid for a title was in 1951 when All-Stater Tom Tracy, later a collegiate star at Tennessee, converted on the gridiron for area fans. The Maples finished in 2nd that year.

Lemle also has a personal interest in the impending struggle. The Birmingham mentor was formerly assistant coach at Port Huron under Bob Hayes, who still guides the Big Reds.

Ironically enough tomorrow night's foe nosed out Birmingham for the 1951 title. Port Huron, long a dominant power in the Eastern loop and a recognized strength in state prep circles, has lost some of its luster this season.

The Big Reds will carry a 3-2-1 overall mark into Birmingham. They hold decisions over Highland Park, Mt. Clemens, and Ferndale, while losing to Hamtramck and East Detroit, and dead-locking Lansing Eastern.

Big Reds will have reasons of their own for seeking triumph over Birmingham. They are currently tied with East Detroit for 2nd place in the league. A win over the Maples would present them with an excellent opportunity to share the crown, since only Hazel Park would remain.

U. of M. Scout Calls Iowa Best Team in Big Ten

ANN ARBOR (U)—When Iowa meets Michigan in a nationally televised Big Ten football game Saturday, it will also decide which of two Michigan graduates makes the better spy.

For the past couple of weeks, Iowa's assistant coach Archie Kodros has been scouting unbeaten Michigan. At the same time, Michigan's Matt Patanelli has been scouting Iowa.

Oddly enough Patanelli played for Michigan in 1934-36, and Kodros

played for the Wolverines in 1937-39.

Kodros is busy telling the Iowa team what he thinks of Michigan, but Patanelli has leveled a strong warning that Iowa "is the best team in the Big Ten."

"They may have lost to UCLA," Patanelli said, "but they pushed the Bruins all over the field in the process."

"That's right," said Michigan coach Bennie Oosterbaan, "take a look at the Big Ten statistics if

you want to see how good they are."

The Iowa Hawkeyes have won one, tied one and lost one in conference play. They have been hampered by injuries all season.

"But they should be in good shape when they meet us," Patanelli said. "They've been waiting for this one. Even their all-American guard Cal Jones should be ready. They held him out of the UCLA game."

"And that big end of theirs, Frank Gilliam, should be back, too."

What was reported as a broken leg at first was only a small broken bone in his foot."

Hawkeyes are the 3rd-rated offensive team in the Big Ten, despite the fact they have been bound by miles of adhesive tape like Michigan has.

They've gained an average of 291 yards a game and racked up an average of 16 1st downs.

"They pass about 17 per cent of the time," Patanelli said. "Of course their 1st quarterback is

Jerry Reichow and he can throw well, but he likes to run the option play, too—which makes him especially dangerous."

Reichow is the 9th-rated quarterback in the conference with 10 completions in 22 throws for 201 yards. Besides he has piled up the 4th highest total yardage by his passing and running 93 yards for a 7.1 yard average every time he's carried the ball.

Patanelli said the best Iowa passer is not Reichow however, but halfback Ken Ploen, who led the Hawkeyes in passing last year.

In veteran Jim Freeman, Gilliam and sophomore Jim Gilliam, Reichow and Ploen have ample receivers. Another Hawkeye threat, Patanelli said, is fullback Roger Weigmann, the 5th leading rusher in the Big Ten with a net 151 yards.

Besides these Patanelli grimaces, Iowa coach Forest Evaschewski can call on speedy halfbacks like Eddie Vincent and Earl Little, both now rounding into good physical shape after injuries.

Acorns Given Slight Edge
in Friday Night Grid Scrap

Sudden blows, let loose by injuries, and illness among squad members, and the added wallop of ineligibility of the top ball handler have all but knocked Pontiac High School out of all hopes for a victory at Royal Oak, Friday night.

All that, coupled with the hospitalization of Coach Ed Graybiel doesn't give the gridiron Chiefs a great deal of margin on which to work. Consequently, the Acorns, coached by Jim Manilla, are today rated favorites for the game at Royal Oak.

Assistant coach Dean Wilson, substiting for the absent Graybiel, said this morning his chief would probably stay in the hospital, at least through the weekend.

Two more injuries cropped up in last night's workout. Bill Kennedy, big end, reported with a lame back and was sent to the team doctor for examination. He may not be available Friday. Lon Humphrey, halfback, added to an ankle injury, but was expected to get some action, despite the handicap.

Big fullback Charley Spann did not dress yesterday for practice, and Arnold Larson went in at the spot. Larson probably will

have to carry the chores of the middle spot against the Acorns. After "recapping" his list of "cripples" Wilson came up with the following probable starting roster:

Ends—Bob Baxter and Marvin Cagle; tackles—Bob Kelly and either Dick Kors or Johnny Massingale; guards—Bruce Baker and Emil Firsch who did a fine job in the Arthur Hill game; center—either Bob McCarty or Gary Van Ryzin; backs—qb, Art Poe or Bob Casteel; left half, Kenzie Fusilier or Casteel; fullback, Larson; right half, Charley Robinson or Bob McDonald.

Michigan Holds
Top Conference
Defensive Mark

Gives Foes Only 7.3
Points Per Game, for
Three Tilts

CHICAGO (U)—Unbeaten Michigan will take the Big Ten's best defensive record into its homecoming game against Iowa Saturday.

Offense honors are shared by Wisconsin, Ohio State and Purdue, according to official conference statistics today.

Michigan has limited three league opponents to 7.3 points per game and an average total yardage of 196.4. Wolverine foes have made only 35 yards per game through the air and 3.20 yards per play.

All of these defensive figures are the best in the conference. Only Purdue can cut in on some of Michigan's defensive laurels. The Boilermakers are tops in limiting foes to an average 59.3 rushing.

Wisconsin Badgers, who try to bounce back from an Ohio State licking against Michigan State Saturday, have the best total offense mark with an average of 364.3 yards in three contests. Illinois, whose homecoming attraction is with Purdue Saturday, is 2nd with 335.3.

Ohio State, sharing the league lead with Michigan, is No. 1 in rushing with 303 average in two games. Purdue is ahead in passing with 135 and Wisconsin 10 tops in yards per play with 5.69.

Individual leaders include: Rushing—Harry Jefferson, Illinois, 42 carries, 342 yards, 5.7 average; passing—Len Dawson, Purdue, 20 attempts, 41 completions, 382 yards, 3 touchdowns; total offense—Dawson, minus 23 yards rushing, 382 passing, 357 total.

Holman Beats
Smith in Seventh

Right Cross Spoils
Billy's Comeback Try
in Heavyweight Go

MIAMI BEACH, Fla. (U)—John Holman, the strong but slow Chicago heavyweight, made Boardwalk Billy Smith's return to the ring wars a painful one last night. He flattened the New Jersey jockey with a right cross in the seventh round.

Smith was trying a comeback ten months after Paul Andrews belted him into temporary oblivion in Miami. For five rounds, he did all right, but the plodding Holman caught him in the sixth with a powerful left hook that laid him under the ropes for a count of nine.

Smith went down again for a four count before the end of the sixth, although Holman's punch seemed to have little behind it, and he couldn't manage to pull his wits together during the rest period.

At 1:43 of the seventh, Holman landed a right hook to the jaw that finished the nationally televised fight in the Miami Beach Auditorium.

Pontiac Cycle Club Plans
Annual Acorn Run Sunday

Pontiac Motorcycle Club's annual 100-mile-long Acorn Run will be held Sunday. The race starts and ends at the Geringville Community Hall on Baldwin Avenue. Club hopes to have 100 riders participating in the race, which

covers back roads, trails, and swamps in northern Oakland County. Riders will compete in three classes.

All drivers will start with 1,000 points, losing one point for each minute late at a check station and dropping two points for each minute early. Oakland County Radio Club will be stationed at various check spots to report via radio the points lost by each rider during the run.

First rider is scheduled to leave the starting post at 9 a.m., followed by another driver each minute thereafter. Winners will be determined by the highest overall score.

Thirteen trophies will be awarded, including a large traveling trophy. The rotating award must be won three times by a rider for permanent possession.

Geringville Women's Club will serve chicken dinner to the riders and their friends at the conclusion of the races.

Entry in the Acorn Run is open to any interested party. Spectators are welcome and well-marked vantage points will be provided.

British Women Win

LONDON (U)—England routed the United States 6-0 Tuesday night in a women's international field hockey match, the first floodlit hockey match ever held in Britain.

'Bowl Fever' Hits Auburn

AUBURN, Ala. (U)—The Auburn Tigers have clawed their way to the top of the Southeastern Conference and the altitude has caused a serious outbreak of gridiron bowl fever.

The Tigers haven't been defeated in 12 games and are ranked eighth in the nation. They have attracted the attention of the Sugar Bowl and Cotton Bowl.

Auburn has performed in the Gator Bowl for the past two years but the boys are shooting for bigger game this time. They whipped Baylor 33-13 New Year's Day to continue a winning streak that stretched to nine before Kentucky ruined it with a 14-14 tie.

Coach Ralph (Shug) Jordan says a "well rounded offense and a solid defensive game" have made Au-

burn the nation's 12th best team on offense.

Halfback Bob James, averaging 8 yards each time he carried the ball, has run up a total of 499 yards to rank fourth among the nation's leading ground gainers.

Jordan doesn't talk too much about bowl prospects since "we've got to get by Tulane and Mississippi State first." The Tigers meet

Tulane at New Orleans Saturday and Mississippi State in a Homecoming game at Auburn the following week.

Much of the credit for the Tigers' new position, Jordan says, belongs to James, fullback Joe Childress, tackles Frank D'Agostino and M.L. Brackett, center-guard Bob Scarbrough, quarterback Howell Tubbs and ends Jimmy Phillips, Jerry Elliott and Jerry Sansom—in other words, just about the whole first team.

Childress, who wasn't even noticed as a high school player, is the No. 1 All-America candidate in the SEC. The conference selection board picked him this week as the one most likely to make it.

James, D'Agostino, Brackett and Phillips also were among 22 SEC players mentioned for All-America consideration. Phillips, a 6-foot-2 sophomore who weighs 205, is rated by some sports writers as better than Jim Fyburn, who left college to play baseball for Baltimore.

Until the 14-12 victory over Georgia Tech, Auburn hadn't shown a threatening pass combination. Catching the Engineers unprepared, Tubbs completed 7 of 9 aeriels for 118 yards, opening the way for both touchdowns.

Press Pheasant
'Derby' Change
Comes Rapidly

Pontiac Hunter Grabs
Lead From Highland's
Donaldson

Earl L. Donaldson's reign as champion of the "Big Pheasant Derby" did not last long.

One day after the 18-year-old Highland hunter brought in his 3-pound 6-ounce bird to take the lead, James Greene of 3431 Lexington, Pontiac went Earl's pheasant one ounce better. He filed his entry, a 3-pound 7-ounce specimen.

Greene shot the bird, which measured 34 inches, on state property north of Clarkston early Tuesday afternoon. He brought him down with one shot from a 12-gauge shotgun. Greene was accompanied by his brother, Bernard Greene.

Hoad to Make Decision
on His Tennis Future

SYDNEY, Australia (U)—Lew Hoad, 20-year-old Australian tennis ace, was expected to give promoter Jack Kramer a definite yes or no today on whether he would accept an offer to turn professional.

Ten days ago Hoad had said no to the American's proposition, believed to have been in the neighborhood of \$50,000. But Kramer flew to Australia to make another effort to sign up the young Aussie for a world-wide tour with Tony Trabert, Wimbledon and U.S. champion from Cincinnati.

Alan Hoad, Lew's father, revealed that his son signed an agreement with Kramer in the United States to turn pro if his parents approved.

An oil well was brought in on Warren Spahn's Oklahoma ranch property during the past summer.

Major and minor league baseball games during an average season draw about \$3 million to the gate.

Total bases in a game record is held by Ty Cobb, Lou Gehrig and Chuck Klein at 16 total bases.

Arnett Leads Swink
in Scoring Battle

By THE ASSOCIATED PRESS
Southern California's Jon Arnett gained 116 yards by running against California last Saturday. The 16 were the ones that counted.

That's how far Arnett had to travel for the three touchdowns that put him ahead of Texas Christian's Jim Swink in their private duel for the major college football scoring lead. Two of Arnett's scores came from six yards out, the other from four.

These two have almost outdistanced their rivals in the scoring race and latest NCAA Service Bureau statistics record 11 touchdowns and 10 extra points for a 76-point total for Arnett with Swink a point behind on 12 touchdowns and three conversions.

Social Outcast
Alternate Entry

Vanderbilt Accepts
Invitation for Nov. 11
International Race

LAUREL, Md. (U)—Alfred G. Vanderbilt today announced a qualified acceptance of an invitation to race Social Outcast in the Washington, D. C., International here Nov. 11.

Vanderbilt notified the American Selection Board he had accepted an invitation for Social Outcast to complete "as an alternate" to Traffic Judge and Duke's Les.

He also said he is reserving the right to make a decision on Social Outcast's starting after his horse runs in the Trenton Handicap at Garden State Nov. 5.

The fifth running of the International will carry a \$65,000 prize of which the winner gets \$50,000.

At present, there are nine contenders in the field. They are Darius and Nucleus from England; Piccadilly and Mahan from France; Ataturk from Germany; Panalipper from Ireland and Prefect from Canada in addition to Traffic Judge and Duke's Les.

After Being Outweighed in 5 Previous Games,
Notre Dame Will Tip Scales Against Middles

SOUTH BEND, Ind. (U)—Notre Dame's fighting Irish, outweighed in all five previous games, will turn the scales against unbeaten Navy in their big football battle Saturday at Notre Dame Stadium.

For what it may mean, and Notre Dame itself proved it doesn't mean too much to yield bulk to a foe, the Irish will outweigh the Middles, 201 to 197 pounds in the line and 190 to 172 in the starting backfield.

Notre Dame's lone defeat, a 21-7 reversal, came at the hands of a Michigan State team which prefers a lithe, streamlined lineup, but still outweighed the Irish.

Best typifying the Middle-Irish weight difference is comparison of the two key men of each club, quarterbacks George Welsh of

Navy (168) and Paul Hornung of Notre Dame (205).

As befits his heft, Hornung likes to crash the line which he does often on the option play. The trail-apparing Welsh cracks his split T whip with a deadly throwing arm. Welsh isn't even listed as a ball carrier in Navy statistics, while Hornung is the third busiest Irish rusher with 51 thrusts for 247 yards and a 4.8 average.

But Welsh has completed 40 of 61 passes, mostly with a sudden ball, for 635 yards and 5 touchdowns.

While Welsh returns to action after resting an injured toe for two weeks, Hornung is nursing a bruised thigh. Navy is No. 4 in the AP poll this week. The Irish are in the No. 9 spot. It would appear Navy has the

better replacement at quarterback in Tom Forrestal, who was in charge of Navy's 33-0 walkover over Penn. No. 2 Irish quarterback is Larry Cooke, whose only pass of the season was intercepted and who has carried 8 times for a 2.1 average.

Biggest men in the two mobile, fast-charging rival lines are Gene Martell, 215, likely right guard starter in place of injured Bob Gaydos, for Notre Dame, and John Hopkins, 209-pound captain and left tackle, for Navy.

With the game dedicated to Knute Rockne, Irish coaching immortal, it will be "Old Notre Dame Coaches' Day." Appearing at halftime ceremonies will be Jesse Harper, Hank Anderson, Elmer Lager, Frank Leahy and Ed McCaw, all ex-Irish head coaches.

MSU, Badger Tilt Looms as Bitter Fight

EAST LANSING (AP)—Michigan State will run into a bitter bunch of Badgers at Madison Saturday. Wisconsin just isn't accustomed to being shoved around on the football field.

The Badgers now have lost two in a row to Southern California and Ohio State. Coach Ivy Williamson never has lost three running.

It's a "must" game for both teams, currently tied for 3rd, if they want to keep alive any long shot Big Ten championship hopes.

Since 1906, Wisconsin never has finished lower than 3rd in the conference. As recently as 1952, Badgers were the titlists and Rose Bowl winners. The

year after they placed 3rd and last year were runners up to Ohio State.

Guy Sundt, well-liked Wisconsin athletic director, died suddenly this week and there is talk that this game will be dedicated to his memory.

Its the homecoming at Madison, too.

So all this adds up to what looks like a rough afternoon for Michigan State.

Michigan State, with a 4-1 overall record, has to be the favorite, however, after convincing identical score 21-7 wins over Notre Dame and Illinois.

Quarterback Earl Morrall has

developed into a headline-catching power. The sophomore has been performing per early season promise with sopho accounting for all three TDs against Illinois.

Clarence Peaks, in for only one play against Illinois, has been steadily recovering from his ankle sprain and will be ready for at least part-time service.

Michigan State also must win to go anywhere in the Big Ten this year and the young 1955 MSU squad likes the winning habit.

Last year, Wisconsin won 6-0 on a touchdown by Alan Ameche made when Michigan State had only 10 men on the field. The Spartans want to even up the modern-day series.

So Wisconsin should be in for a tough afternoon also, making it one of Saturday feature Big Ten ball games.

GETTIN' READY — The Naval Academy faces Notre Dame Saturday in what may be a replay of last year's 6-0 thriller. These middle backs are shown warming up during afternoon practice at the academy. From left to right: Ed O'Leary, Cuyahoga Falls, O.; Dick Guest, Woodbury, N. J.; Chet Burchett, Baytown, Texas; and George Welsh, Condale, Pa.

Terp 'Quarter' Ends 1st Year of Stardom

Tamburello Perhaps Top Maryland Pilot in School History

COLLEGE PARK, Md. (AP)—Frank Tamburello celebrates his first anniversary on Saturday as Maryland's quarterback and perhaps its best ever.

It was on Oct. 30 last year against South Carolina, Saturday's foe, that Coach Jim Tatum turned to the sophomore Tamburello after Maryland had staggered through its first five games with two victories, two defeats and a tie quarterbacked by Charley Bond.

Tamburello directed Maryland to a decisive 20-0 victory and kept on doing the same for the next four games. Maryland hasn't been beaten in 11 games since Tamburello took charge.

In fact, he takes charge so completely that deep down you have a feeling that while Coach Tatum admires it he isn't entirely sold on it.

"He's got a lot of imagination, he likes to do his own thinking," says Tatum. "He's naturally cocky and confident he can score anytime he wants."

Needles 'Sharp' for Stakes Run

Three Other Entries Doubtful Starters in Saturday's Race

CAMDEN, N.J. (AP)—Needles, the early favorite in the Garden State Stakes at Garden State Park on Saturday, has been pronounced "sharp" by his trainer. But some of the other entries aren't in such good shape.

The Florida-bred Needles of the D & W Stables breezed five furlongs yesterday in 1:02 3/5, and his trainer said the horse was in fine fettle.

Three others, however, are doubtful starters in the race with a gross value of about \$200,000. Trainer R. E. Carroll says he isn't sure Mrs. Natalie Lynch's Nan's Mink will be in the mile and a sixteenth event for 2-year-olds. Carroll will decide tomorrow.

Mrs. Walter M. Jeffords' Slinger is also an uncertainty because Trainer Oscar White isn't pleased with the horse's condition. On the very doubtful list is Eastgate of Calumet Farms. Eastgate just hasn't built up to the race properly and Calumet feels he might ruin his career with a bad race Saturday.

Bay City, Ann Arbor Keep Top Spots in Prep Roster

By THE ASSOCIATED PRESS

For the 2nd straight week, Bay City Central, Ann Arbor and Grand Rapids Catholic Central rank 1-3 in the Associated Press Class A high school football poll.

While there was no change among the three leaders, remainder of the top 10 underwent a thorough shakeup.

East Detroit, Saginaw and Benton Harbor all fell out of the select group, and were replaced by Muskegon, Saginaw

'55 All-Star Staff Available for 1956

CHICAGO (INS)—The coaching staff which brought the 1955 college football All Stars to a 30-27 victory over the Cleveland Browns has been named to lead the collegians again in 1956.

Curley Lambeau, head coach, said yesterday he would be available to head the All-Star staff which also includes Hooty (Hunk) Anderson, Steve Owen and Hampton Pool.

Date of the annual classic was moved forward to Aug. 30 so that it would not conflict with the Democratic National convention which will be held later in the month.

Record Number Fish Permits on the Way

LANSING (AP)—The State Conservation Department began today to distribute a record 1,500,000 fishing licenses to the state's 4,200 dealers.

Licenses and fishing regulations for 1956 will be available after Dec. 1.

License fees remain the same as last year: \$1.50 for annual resident permits, \$4 for annual non-resident permits and \$3 for 15-day non-resident permits. Trout stamps will still cost \$1.

Sooners Take to Airways to Build 24-Game Streak

NORMAN, Okla. (AP)—Oklahoma's football team is famous for its devastating ground game, but this season the Sooners are cashing in on a deadly air attack which has proven a potent weapon in five victories.

Currently, the Sooners are getting a high return on their investment in this passing business. They have completed 24 of 43 aeriels for 398 yards and a percentage of 55.8 while throwing an average of 8.6 passes per game.

The most significant point about their success through the air is that only one pass has been intercepted. That was by Corky Cost of Pittsburgh and he was nailed in his tracks after hauling in one of quarterback Jim Harris' throws.

Coach Bud Wilkinson says "it's the mistakes that beat you in football," so he should be pretty proud about the way the Sooners have avoided interceptions.

Halfback Tommy McDonald has been Oklahoma's best passer as well as its rushing leader and top scorer. He has completed 10 of 13 passes for 156 yards. His completion percentage is 76.3, probably the best in the nation.

The Sooners have scored only two touchdowns on passes and both of these were thrown by Billy Sturm of Muskogee, Okla., who runs the third team. However, they have taken to the ozone to set up numerous touchdowns.

McDonald's passing record is considered all the more phenomenal because he uses the "running pass." It puts a lot of pressure on the defensive halfback. If he stays back, McDonald runs wide toward him. If he comes up, McDonald throws over him while on the run.

Young Hunter Bags 2 Geese at Lakeville

A pair of husky wild geese was bagged by a young Oakland County hunter Tuesday morning near Lakeville Lake.

George Briggs Jr., 18-year-old son of Mr. and Mrs. George Briggs, Lakeville Lake, shot the two beauties about 30 seconds apart after half an hour wait.

Geese scaled 13 1/2 and 9 1/2 pounds, respectively. Briggs, hunting alone, used a 12-gauge shot gun.

Backs Take Back Seats This Week at Ferris

BIG RAPIDS (AP)—Ferris Institute's football heroes—the backs—are voluntarily taking back seats this week, designated "football line-men recognition week" on the campus.

The Bulldog backfield and coaching staff has promoted campus decorations dedicating next Saturday's game at Adrian College to the seldom-spotted uniform numbers which signify members to let them know we appreciate their work," said Coach Sam Ketchman.

Michigan Stadium at Ann Arbor can accommodate 97,000.

2-Mile Hill, Dale Contest at Birmingham

Dozen Teams in Class A, 11 in B; Chiefs Are Defending Titlists

Next to the last big cross-country test of the fall season is near at hand for Pontiac High School's unbeaten squad.

Coach Wally Schloerke will take his distance runners to Birmingham High School athletic field Saturday morning in quest of their 8th straight victory of the year. They will also defend the Michigan High School Athletic Association crown, won in the 1954 regionals.

There will be lots of tough competition. A field of 11 other Class A schools has entered teams, and many of these runners are capable of making a real battle of it. However, the Chiefs are odds-on favorites to collect another title.

The Maples' course will also be the scene of the regional Class B harrier race, with 11 schools in the field. Walled Lake's unbeaten squad is the favorite for this event, Franklin Whitney, Birmingham athletic director and meet manager, reports.

"Pontiac's overall strength will probably give the Chiefs an edge in Class A," says Whitney. "Walled Lake beat us this fall, and has some good boys. They should be regarded as the one to beat in Class B."

Class B race starts at 10:30. Class A run will go immediately after the course is cleared of the "B" runners.

Draws for positions will be made Saturday morning. Trophies for championship teams, plus individual medals to 1st place team, and medals to the 1st 15 finishers will be given in each class.

Schloerke's squad was hit a real blow yesterday afternoon. It may be only temporary, however. Perry Williams, No. 1 Chief, usually a pretty good student, slipped a bit and was benched by failure. Perry is already hard at work and is expected to be back in time for next week's state meet. Alex Barge also felt the "study axe."

The entries:

CLASS A—Pontiac, Birmingham, De LaSalle, Catholic Central, Detroit St. Joseph's, Southfield, Hamtramck, East Park, Mt. Clemens, Waterford, Royal Oak, Detroit Redford Union, (list time in event).

CLASS B—Auburn Heights, Crosswell, Farmington, Livonia, Charnesville, Milford, St. Clair, Van Dyke, Lincoln, Walled Lake, Mt. Morris, Center Line.

Sports Briefs

The 1955 All-Star game produced 30 strikeouts.

Earl Blaik who coached Army football teams was a West Point player, too, as an end for the team in 1920.

National League's scoring mark is 6.25 runs per game, set by the St. Louis Cardinals in the 1930 season.

Major league gate prices are up to the individual clubs.

DUNLAP

"Metropolitan"
From **\$8.50**

This is our new expression of the famous Dunlap "Metropolitan"—a hat in the truly metropolitan manner of today. Its Jet-Tone felt with contrasting band is in off-beat harmony with today's apparel. Note the lower crown, narrow brim, and continental back-bow. Come in and try it on.

Other Dunlap Hats, \$9.50 to \$20.00

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning Alice Frieda, alias Brady, minor. Cause No. 14172.

To Louis Frieda—father of said child, petition having been filed in this court alleging that the present whereabouts of the father of the said minor child is unknown and that said child has violated a law of the State and that said child should be placed under the jurisdiction of this court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House in the City of Pontiac in said County, on the eighth day of November, A.D. 1955, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in the Pontiac Press a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 26th day of October, A.D. 1955.

ARTHUR E. MOORE, Judge of Probate.
GEORGIENNA R. MURPHY, Probate Registrar, Juvenile Division, Oct. 27, 1955.

News in Brief

Sentence of 40 days was suspended for Robert Brown, 24, of 794 Stanley Ave. yesterday after he paid \$75 fine and \$25 costs for driving under the influence of liquor. Brown pleaded guilty before Pontiac Township Justice Robert W. Hodge.

Max Jackson of Plymouth reported to Pontiac Police yesterday that thieves had taken articles valued at \$105 from his car while it was parked in a lot at 203 S. Saginaw St. Stolen were a clock, shells and hunting equipment.

Herman Cross, 26, of 52 Gillespie St. appeared before Waterford Township Justice Donald E. White yesterday charged with two traffic offenses. For speeding he was fined \$10 and \$10 costs, and for driving with a suspended license he was sentenced to 30 days in Oakland County Jail.

Washington resident Vernon Smith reported to Pontiac police yesterday that two chrome wheel discs, which he valued at \$28, had been stolen from his car while it was parked on the meter lot at E. Pike Street and Parke Street.

Pennsylvania Railroad Announces .50 Dividend

PHILADELPHIA (AP)—The Pennsylvania Railroad announced an extra 50 cents a common share dividend over the regular quarterly dividend of 25 cents a share, payable Dec. 12 to shareholders of record Nov. 7.

The railroad said the extra dividend brings to \$1.50 the payments with 75 cents last year and \$1.50 in per share this year, compared with 1953. The December payment will be divided over the regular quarterly total \$9,875,815 on 13,167,754 outstanding shares.

Oldsmobile Prices Advance \$45 to \$100

LANSING (INS) — Oldsmobile Division of General Motors Corp. today announced price increases on 1956 models ranging from \$45 to \$100.

New factory list prices on Oldsmobile models, which go on public display Nov. 3, range from \$2,166 for the "88" two-door sedan to \$3,380 for the Starfire "98" convertible.

Oldsmobile General Manager J. F. Wolfram said power steering, formerly optional, is included in the 1956 list prices of the "88" series. It is still optional on the Super "88" and "98" series.

The division also reported a 27 per cent decrease in the price of Oldsmobile's air-conditioning. It has been reduced in cost from \$550 to \$400.

OES Officer Hostess

NORTH BRANCH—Mrs. Harold Rose, retiring as worthy matron of North Branch chapter OES entertained officers and committee chairmen and their wives and husbands at her home on Lake Shore Drive, Barnes Lake.

Grains Show Steady Trend

CHICAGO (AP)—A steady tone prevailed in grains on the Board of Trade today even though they weren't able to make much of an extension on yesterday's gains.

Buying power appeared to have dried up. Dealings were slow in all pits. Corn, the leader yesterday, opened firm and then eased. Wheat held onto early gains. Soybeans were irregular.

Wheat near the end of the first hour was unchanged to 1/4 higher, December \$2.02; corn unchanged to 1/4 lower, December \$1.29; oats unchanged to 1/4 higher, December 63; rye 1/4 lower to 1/2 higher, December \$1.09; soybeans unchanged to 1/4 lower, November \$2.34; and hard 3 to 13 cents a hundred pounds higher, November \$10.95.
