PREPS IN PRESS TOURNEY — Pete Green (right), who led Birmingham to the state Class A high school golf title over the weekend, was one of the early starters in the annual Pontiac Press Invitational Prep tourney which is being played at the Municipal course here today. Bud Badger (left) of Bloomfield Hills, who was medalist in state B ranks, was also among entries in the Press event.

Pontiac's Whitmer Fires 33 to Lead Press Meet

State champions were featured today as the 7th annual Pontiac Press Invitational Prep tournament got underway at the Pontiac Municipal Golf Course.

Newly crowned Birmingham High School, winner of the state Class A title was favored to defend the Press title for the second straight year. The Maples have won the crown four times in the last five years.

Pete Green leads the Birmingham linksters. Another top prep golfer entered is Bud Badger of Bloomfield Hills High School who took medalist honors in the state Class B tournament by firing a two under par 70.

Pontiac Central ace Dick Whitmer was the 1st round leader with the scoring still incomplete with his sparkling one under par 33 on the north nine. Badger fired a 35 on the south nine, Gary Mouw and Green of Birmingham got the state champions off to a fast start with 36 and 37 respectively.

Auto Crash Kills Two Area Men

Gilbert Behrends, 52, Jack Taylor, 27, Dead in Waterford Collision

Two area men were killed when their cars collided at Crescent Lake and Pontiac Lake roads last night.

The dead were listed by Waterford Township Police, as Jack W. Taylor, 27, of 4660 Meigs Rd., Drayton Plains; and Gilbert J. Behrends, 52, of 4872 Pontiac Lake Rd., Waterford Township.

★ ★ ★

Two passengers in Taylor's car were injured.

George Emmans, 31, of 4095 Meigs, Drayton Plains, a teacher in the Pontiac school system was admitted to St. Joseph Mercy Hospital and is reported in fair condition today.

Highway Toll Oakland in '58 35

Donald Donner, 26, of 3760 Meinrad Rd., Drayton Plains, was treated for minor injuries and released.

Taylor, an employe at Fisher Body, was pronounced dead on arrival at St. Joseph Mercy Hospital at 11 p.m. by Oakland County Deputy Corner Dr. Isaac Prevette.

★ ★ ★

Behrends was dead on arrival at Pontiac General Hospital. Witnesses told police that Taylor, going north on Crescent Lake road, failed to stop for a stop sign and plowed into the side of Behrends' car.

Behrends was only two doors from home when the accident occurred. Both drivers were thrown from their cars.

Tangled Fenders Bring Couple to Wedding Altar

ATLANTA (AP) — It wasn't exactly love at first sight for Julo Neilson and Walter Sheffield.

They met more than a year ago when their cars tangled fenders.

★ ★ ★

Miss Neilson was slightly injured and Sheffield called her up to see how she was getting along.

"Walter had hit me, but he had the right-of-way—so I had to go to traffic school," said Miss Neilson, a slim, cheerful brunette.

"My car had been repaired and hers hadn't, so I asked if she would like a ride to school," said Sheffield, an assistant city tax collector.

★ ★ ★

"I accepted and we had our first date at the traffic school," said Miss Neilson.

They were married Saturday and left on a honeymoon trip to Mexico—by plane.

Cloudy, Warmer With Showers Due Tomorrow

The weather outlook for Pontiac and vicinity tonight is partly cloudy and warmer with a low of around 54 degrees.

Chilliest spot in the state last night was Pellston, where the low reached 25 degrees. Heavy frost was reported in the northern part of Michigan and in some low-lying areas of the southern portion.

Mostly cloudy with scattered showers is the forecast for tomorrow. The mercury is expected to reach a high of near 74. Tomorrow night will be partly cloudy and cool with a low of around 45.

A 5-day forecast from the U.S. Weather Bureau predicts temperatures will average about three degrees below the normal 73 high and normal 52 low. Wednesday will be cooler with warmer temperatures expected Thursday and cooler mercury readings due Friday. Showers are expected again Thursday night or Friday.

The lowest temperature recorded in downtown Pontiac preceding 8 a.m. was 39. At 2 p.m. the temperature was 70.

Train Kills Boy on Rail Trestle

Highland Park Youth on Fishing Jaunt Hit in Avon Township

A Highland Park youth was killed yesterday afternoon in Avon Township when struck by a Detroit-bound New York Central commuter train, according to Oakland County Sheriff's Deputies.

★ ★ ★

Lawrence Gene Mitchell, 14, of 41 Brighton St., was fishing from a railroad trestle bridging the Clinton River near Avon and Dequindre roads.

When the train sounded its warning, he and several other fishermen scampered off the structure to safety, deputies learned.

The Mitchell boy apparently had left something on the trestle and ran back to get it. He was hit by the train and knocked from the trestle to the river bank below.

★ ★ ★

Oakland County Deputy Coroner Dr. H. L. Riggs pronounced him dead at the scene.

The train was traveling from Bay City to Detroit. The youth was the son of Eldren and Gladys Mitchell.

GM, Ford to Get Reduced UAW Demands Today

Ford Not Thinking of Introducing Any New Offers, Bugas Says

From OUR NEWS WIRES

DETROIT — The United Auto Workers Union, with six days left to work out contracts for a half-million auto workers, will deliver its reduced demands on General Motors and Ford today.

The UAW's contract with General Motors expires Thursday midnight. The contracts with Ford and Chrysler — where negotiations resume tomorrow — expire at midnight Sunday.

Ford is not thinking of making any new offers at this time, John S. Bugas, Ford's vice president for industrial relations, told newsmen.

Bugas entered the bargaining room for the first time since May 5.

★ ★ ★

Ken Bannon, the UAW's top negotiator in the Ford talks, said Reuther was standing by at UAW headquarters ready to take personal charge of bargaining.

No major break appeared in sight as the deadlocked contract negotiations entered showdown week.

The Big Three are standing pat on proposals to extend for two years the wage formula of the present contracts.

Apparently the companies are waiting for Reuther to specify in more exact figures just how much the union is willing to scale down its wage and fringe benefit demands.

Unless new contracts are agreed upon this week, some 500,000 Ford, General Motors and Chrysler hourly employes will face the unprecedented situation of working without a contract. They have been ordered by

Paris in a Troubled Springtime

AP Wirephoto

DIFFERENT LOOK — The usually gay and bright streets of Paris in the springtime have a different look this year. Here on Champs Elysees empty tables and chairs are prominent at the sidewalk cafe. Heavy detachments of police keep watch for any possible disorder. Demonstrations have been forbidden in the French capital since the National Assembly voted the "state of emergency" asked by Premier Pflimlin.

French Fleet Steams Way to Algeria

But Defense Ministry Denies Navy Defecting to Rebel Cause

PARIS (UPI) — Reliable government sources today reported Gen. Charles de Gaulle has offered to meet Premier Pierre Pflimlin for secret talks on France's steadily worsening crisis.

They said Pflimlin had not yet decided whether to accept.

De Gaulle nonetheless was expected to come to Paris tonight from his country home at Colombey-les-Deux-Eglises.

In a day of major developments on other fronts, De Gaulle remained the key figure. These were the developments:

—The Paris Defense Ministry denied rumors that France's powerful Mediterranean fleet was defecting to the Algiers rebels. If this is so, Pflimlin would be able to cut sea communications of the insurrectionists in Algeria and Corsica.

★ ★ ★

—But the fleet was headed to Bone, Algeria, to pay "routine calls." Rebel Chief Jacques Soustelle also was at Bone. In a rally there he delivered a ringing defense of the rebels' aims.

—The Communist General Confederation of Labor (CGT) ordered its powerful unions to halt work across the nation after lunch tomorrow.

— The right-wing conservatives (independents) in parliament decided to ask President Rene Coty to call in De Gaulle and mid-road party leaders for a round-table, stop-the-crisis meeting.

★ ★ ★

—The Chamber of Deputies' judiciary committee rejected a Pflimlin bill to strip parliamentary immunity from rebellious deputies. It was watered down to cover only the immunity of Pascal Arrighi, leader of the Corsican insurrection. The committee passed this 27-6 and it went immediately to the floor for consideration.

French fleet sources in Algiers were careful to underscore that the visit of 17 warships to the Algerian ports of Bone, Philippeville and Bougie was "a routine movement."

But observers noted that no such calls had been announced previously. They also noted that the ships were not planning a call at Algiers, center of the military-civilian insurgent moves against Paris, on their way back to the southern France Toulon naval base.

Seven Persons Drown in Texas Beach Tragedy

ROCKPORT, Tex. (AP)—Struggles of a drowning child drew 10 rescuers off a sunny beach late yesterday and seven persons perished, including the little girl the others tried to save.

Other victims were an Air Force chaplain, the little girl's mother and four other children.

The tragic sequence started after Janice Bailey, 9, stepped into a deep hole off the small public beach opposite this Texas port on the Gulf of Mexico.

★ ★ ★

Leonard Berry, 40, an Air Force priest from Syracuse, N. Y., dived in.

The father of another child, who also drowned, and Janice's mother Mrs. Mary Bailey, 26, followed. Efforts to help were made by seven other children, including the four who went down.

Wayne Bailey, an airman from Foster Air Force Base at neighboring Victoria, Tex., was in the crowd of more than 3,000 persons who saw the bodies of his wife and daughter pulled from the water.

"That's my wife!" he cried out as Mrs. Bailey was brought ashore dead. "That's Father Berry! Oh, my God — there comes my daughter!"

Fire Chief Dick Fox, who also heads the Arkansas County emergency corps, said most of the surf bathers knew what was happening but there was no panic.

★ ★ ★

He identified these other dead: David Curby, 7, Aransas Pass, Tex.; and Margarita Torres, 11; Susanna, 8, and Aurelia Tomas, 10, all of Rockport.

Joining in the vain rescue attempt was Concepcion Tomas, who saw a little girl threshing in the water and dashed from his parked car. He arrived too late to reach Janice or his own daughter.

The seven bodies were recovered within an hour and a half. Resuscitation efforts were unsuccessful.

"Some signs warning people about that deep hole are going to be put up," the fire chief said.

★ ★ ★

He estimated the sandy bottom drops into a hole eight feet deep at that point.

Newsman Jack Baughman said the overflow of surf bathers had sent the drowning victims to a little-used north stretch of beach.

For Burial in Arlington

Navy Will Select Another 'Unknown'

By BOB CONSIDINE

ABOARD USS CANBERRA—(UPI)—At least 13 years after he was killed and buried with honors in World War II, an unknown American soldier will be reburied in the Atlantic today off Hampton Roads, Va.

He will be the "runner up" in a final selection between two flag-draped coffins culled from a dozen graveyards stretching from North Africa to Tokyo.

The "winner," in a contest which the Navy must play like an embarrassed shell game hustler, will be put aboard the destroyer Blandy, named for one of its grander men, and sent to Washington for formal burial at Arlington National Cemetery on Memorial Day. The Blandy has been selected because this missile-loaded cruiser Canberra draws too much water to negotiate the shallow Potomac.

Chaplains of four faiths will pray over the "runner up" as his coffin slips into the water. Photographers will not be permitted to take shots of the bier as it hits the sea.

It's a melancholy chore for the grand old nautical arm of the service, put upon it by a curious series of congressional and executive orders dating back to 1948, when Congress decreed that there should be a companion to the classic Unknown Soldier of World War I.

★ ★ ★

The original plan was to bring home six scattered bodies of the fighting in World War II, display their boxes at Independent Hall in Philadelphia, select one, and distribute the remaining five to such cities as wanted to be honored by the interred presence of men who died deaths of such explosiveness that not only their "dog tags" but fingerprints were obliterated.

The Korean War intervened. Am-

It's France's Worry, Says Dulles of Crisis

WASHINGTON (AP) — Secretary of State Dulles said today that France's political upheavals are a problem for the French.

★ ★ ★

Dulles conferred with President Eisenhower for an hour. He told reporters they had talked about quite a few things.

★ ★ ★

Reporters inquired whether the topics included France.

"Yes, we mentioned France," Dulles said. But when a reporter asked what he could say about France, he replied: "Nothing."

Two Cardinals Sinking Closer to Death Today

ROME (AP)—Samuel Cardinal Stritch sank closer to death today.

A medical bulletin said the condition of the 70-year-old Roman Catholic Archbishop of Chicago was increasingly grave. Doctors said he was unable to take nourishment and could swallow only a few sips of water.

★ ★ ★

The physicians added that the prelate was conscious and could still raise his left hand but could not speak.

Msgr. James Hardiman, the cardinal's private secretary, said he spent a very restless night.

Doctors said it was not possible to give the cardinal intravenous nourishment because of the poor condition of his veins. A few drops of water were placed on the cardinal's lips from time to time. He was unable to drink.

★ ★ ★

Stritch was summoned to Rome by the Pope to help Cardinal Fumasoni Biondi run the Church's worldwide missionary work.

"He came to help me," said Cardinal Fumasoni Biondi. "Now, I am here and he is going to paradise."

BELGRADE (AP) — Aloysius Cardinal Stepinac, spiritual leader of the Roman Catholic Church in Yugoslavia, was reported in extremely critical condition today. He has a blood disease and clotting has developed somewhat similar to that which afflicted Samuel Cardinal Stritch in Rome.

A spokesman for the archdiocese at Zagreb said hope to save his life has been lost but Cardinal Stepinac's physician, Prof. Branislav Bogicevic, said he is still hopeful.

The 60-year-old prelate is suffering from polycythemia, a blood disease characterized by an excessive increase of red corpuscles.

Bogicevic said a blood clot had developed in the right leg and the condition was aggravated by a weakened heart and bronchial complications in the right lung.

Cardinal Stepinac was operated on in 1952 for a leg condition resulting from a blood clot.

Navy to Make Choice for Arlington Rite

vets, the veterans organization, put pressure on Congress to do something about the dead of the "police action."

In the confusion, the whole job was turned over to the Navy, which has very few cemeteries of its own. The reason behind this is that the Navy might be able to tend to the selection chores at sea, away from partisanship.

The Unknown Soldier of Korea has already been selected, and though he will be present today beneath his red, white and blue shroud, on the aft deck of Canberra, he will play no role in the curiously macabre contest.

Three selection teams, each consisting of three men, will move the unknown dead of the Pacific and European Theaters hither and yon, so as to make the selection by Congressional medal of honor man, Navy Hospitalman First Class William Richard Charlette, USN, of Ludington, Mich., without partisan taint.

★ ★ ★

Charette won his ultimate award "for conspicuous gallantry and intrepedity at the risk of his life above and beyond the call of duty" as a medical corpsman, serving with a Marine rifle company in action against enemy aggressor forces in Korea on March 27, 1953.

The Navy has received some communications from others of World War II dead, and also of the Korean War, professing relationship to the about-to-be-entombed.

One mother of a dead Navy veteran asked Adm. Jerauld Wright to permit another veteran son to read a long poem she had composed to her lost son — at today's touching ceremony.

The navy's program is so crammed that the request had to be turned down.

★ ★ ★

The "winner" among the unknown dead of World War II will have been selected among 8,494 bodies beyond recognition. The Unknown Soldier of the Korean War is one of 824 bodies not identifiable after that conflict.

DeGaulle Seeking Meet With Pflimlin

(Continued From Page One)

fleet units' visit to the Algerian ports was not immediately clear, but it could mean a show of force by the Paris regime.

In any event, fleet sources in Algiers obviously wanted to make clear that the move should not be construed as an indication the ships were going to Algeria to bolster the insurgent cause.

★ ★ ★

France remained taut with tension waiting for De Gaulle to take a step.

De Gaulle was said to have proposed a meeting with Pflimlin on "neutral" ground—neither in the premier's office nor in his own office.

The offer was said to have been made last night through members of his staff who have been in touch with Pflimlin's office and several middle-of-the-road party leaders in Paris.

★ ★ ★

It leaked out soon after the right-wing independents (conservatives) some of whom belong to the Pflimlin cabinet, demanded today that De Gaulle should be called in to help before France is plunged into civil war.

The independents named one of their leaders, ex-premier Antoine Pinay, and their executive committee to urge President Rene Coty to call a round-table conference of all middle-line party chiefs, in which De Gaulle also would be invited to participate.

The assembly, meeting in an atmosphere of deepest gloom for a Pentecost holiday emergency session, heard Pflimlin warn that France faces "the threat of civil war."

Beirut Bombing Kills at Least 6

BEIRUT, Lebanon (UPI) — A time bomb exploded in a streetcar crowded with lunch-hour passengers in Beirut today.

First unofficial reports said at least six persons were killed and a dozen more injured in the blast, which shook buildings and broke windows in a surrounding two-block area.

The explosion and accompanying fire twisted the red trolley car sideways off its tracks, gutted the front half of the car, and peeled its metal sides backwards like skin being stripped from a banana.

A flash fire shot through the front half of the trolley after the bomb exploded.

Police said the bomb was concealed in a package left on the floor of the trolley. It exploded two seats behind the motorman.

★ ★ ★

The force of the bomb, one of the most powerful yet exploded in Beirut, showered the crowded street with glass from apartment windows for 100 yards on either side of the trolley.

Two American embassy chauffeurs were driving embassy vehicles 15 yards from the trolley when the blast occurred.

They said dazed passengers, screaming and wiping blood from their faces, staggered out of the burning trolley. They said they saw parts of bodies in the wreckage.

Police said "many persons" lost limbs as the bomb exploded on the floor of the trolley, its force ripping at passengers' legs dangling below their wooden benches or arms hanging from straps in the crowded aisle.

One piece of the trolley's roof was blown halfway up an adjacent street by the blast.

The explosion occurred in a middle class mixed Moslem-Christian quarter on the Damascus road in the eastern section of the city.

Police on the scene said the bomber apparently got on the trolley, placed the bomb in a package under his seat, and then got off.

Eased UAW Demands Go to GM, Ford

(Continued From Page One)

Reuther to do so in event contracts expire without a settlement.

★ ★ ★

General Motors negotiations can continue to Monday without affecting the work schedule because of the Memorial Day holiday.

The three companies have offered to renew present contracts for two years. This would give workers an average nine-cent hourly pay boost immediately and another seven cents—plus or minus cost-of-living adjustments—in one year.

But UAW President Walter P. Reuther and the union's national bargaining councils declared Friday this offer "will never be accepted."

Reuther said there are "basic human problems which must be dealt with now." He listed 11 such matters, headed by better employment benefits pensions and job transfer security. This was the new bargaining program prepared for introduction at the bargaining tables today.

The companies do not want contract extensions. They know the union has ruled out a strike now because the companies have a two-month supply of unsold new cars on hand. They know Reuther would like to "extend" bargaining until late summer when the companies must bring out 1959 models.

So both sides have laid plans for whatever may happen next week if there is no contract.

General Motors Saturday held a meeting of 300 plant managers and personnel heads. Ford Motor Co. yesterday held a similar meeting of 250 managers from across the nation. Ford Vice President John S. Bugas said, "The company is preparing to handle any situation that may arise."

★ ★ ★

Bugas said the possibilities "range all the way from a new contract to operating without a contract with the UAW."

The companies legally could lock up their plants next week and would not have to pay unemployment benefits or meet other employe obligations. But the union is betting the companies will not flirt with future employe trouble by doing this.

★ ★ ★

The union, its members already struggling through the recession layoffs and its treasury low, wants all the work it can get and wants workers eligible for unemployment benefits if laid off.

Cool Air Moves to East Coast, Ending Storms

By THE ASSOCIATED PRESS

Rain diminished in the Atlantic Coast states today but it was showery weather in wide areas in the Western half of the country.

Cool dry air from the Great Lakes region and Ohio Valley moved into the north and mid Atlantic Coast states, ending the general rains and thunderstorms which hit the area yesterday and last night. Showers continued near coastal areas.

It was cool in the northern Great Lakes, with temperatures in the mid 20s. But readings were mostly in the 40s from Wisconsin to New York, with 50s southward in the Ohio Valley and mid Atlantic Coast states.

Farm Bill Gets New Approach

Senate Group Seems to Accept Ike's Veto as Final Now

WASHINGTON (AP)—Apparently accepting as final President Eisenhower's two-month-old veto of a price support freeze, the Senate Agriculture Committee starts work today on a new approach to farm legislation.

★ ★ ★

Chairman Allen J. Ellender (D-La) asked leaders of two large farm organizations to open the two weeks of hearings at which the committee will try to develop a workable program.

Eisenhower vetoed on March 31 a bill which would have fixed support prices on major crops at not less than their levels last year. Acreage restrictions also would have been held up to this year's levels. He called such action ill-advised both for farmers and for the nation.

★ ★ ★

Senate Majority Leader Lyndon B. Johnson (D-Tex) asked senators to give a careful review to the Eisenhower veto before deciding whether to try to override or start anew.

Ellender's moves indicate the Senate will not attempt to upset the veto. This would require a two-thirds vote, a larger margin than the 48-32 margin that sent the farm freeze to the White House.

Numerous proposals are pending before the committee, but there were no firm indications what type of measure may emerge.

The Day in Birmingham

Schedule Four Hearings on Special Assessments

BIRMINGHAM — Four hearings on special assessment rolls and four on the necessity of paving, sewers and water will be held during the Birmingham City Commission meeting tonight.

Up for confirmation are 5,600 feet of oil mat and seal coating, 3,840 feet of light oil and 46,390 feet of seal coating.

Hearings on necessity will include the paving of Commerce street and a one-block portion of Cole avenue, plus water and sewer line installation on Cole.

Work will be started on an additional 2-units of the Colonial Terraces within the next few days, according to Samuel Frankel, owner.

The apartments will be at the southwest corner of Redding road and Woodward avenue.

Members unable to attend tomorrow's 1 p.m. luncheon and business meeting of the Past Matron's Club of Birmingham Chapter 220, Order of the Eastern Star, have been asked to notify the hostess, Mrs. Helen Upplegger, 847 Emmons St., Birmingham.

Mrs. Alma Kidd will be cohostess.

Birmingham Village Players have approved a $15,000 expenditure for improvement for their playhouse on Chestnut street.

The work will include the widening and reflooring of the stage, an addition to the rear of the building, a new light switchboard and installation of new chairs.

The group has named Herbert F. Royal president. New board members are Mrs. Thomas H. Adams, Mrs. William L. Martin, Stanley Gillen and William McCall.

Floyd Starr, founder of Starr Commonwealth for Boys, will speak at the 12:15 p.m. luncheon and annual meeting of the South Oakland Auxiliary to the home on Thursday.

The group is celebrating its 45th anniversary this year.

Mrs. Otto Baur will present a check to Starr for the purchase of athletic equipment and the administration of a new athletic program which will be set up this summer.

Birmingham Planning Board will sponsor a public meeting at 8 p.m. Tuesday in the Community House. The purpose of the meeting is to discuss plans for future growth and development of the city. Speakers will be David Geer, a planning consultant for several southeastern communities; Paul Moffett, architect who drew up a plan for Royal Oak, and Harold B. Euler, secretary of the Downtown Pontiac Assn.

PAUL E. CARRICK

Service for Paul E. Carrick, of 1001 Fairfax Rd., president of Carrick Products Co., will be at 11 a.m. Thursday from the Vasu Funeral Home, 4375 N. Woodward Ave. Burial will be in the Maple Hill Cemetery at Charlotte.

Mr. Carrick's body will be at the funeral home after 6 p.m. Tuesday.

A member of the Recess Club, he also belonged to the Red Run Golf Club, the Oakland Hills and Orchard Lake Country clubs.

Surviving are his wife, Madeleine; two sons, Charles W. of Bloomfield Hills and Paul E. Jr., a student; two grandchildren, and a sister.

Mr. Carrick died Saturday unexpectedly at his winter home in Fort Lauderdale, Fla.

Pay Increase Revealed for 94,000; Non-Union Hourly Pay Also Up

DETROIT — Salary increases for approximately 94,000 General Motors salaried employes and wage increases for some 10,000 hourly rate employes not represented by unions, were announced by Harlow H. Curtice, president of General Motors. The salary increases will be effective June 1 and the wage increases on May 29.

★ ★ ★

Salary increases will apply to all employes earning less than $684 per month. In general, employes will receive increases of $10.50 per month or 2½ per cent, whichever is higher. Employes earning more than $667 per month will be raised to $684.

Non-represented hourly rate employes will receive an increase of 6 cents per hour or 2½ per cent, whichever is higher.

In addition, salaried employes with base salaries less than $684 per month will continue to receive cost-of-living allowance payments on the basis of the schedule in effect since June 1, 1955. They will receive an upward adjustment of $10 in their allowance, effective June 1 based on the latest BLS consumer price index.

Non-represented hourly rate employes will also continue to receive cost-of-living allowance payments, an additional 2 cents per hour starting the first pay period after June 1.

Sullenberger May Get Action Tonight

Action on Dr. Neil H. Sullenberger's request for a hearing to get back on the Pontiac General Hospital medical staff may be taken by the hospital's Board of Trustees at a special meeting tonight.

Ready for the board is a recommendation from City Attorney William A. Ewart that the request be granted and a final hearing on the ousted staff surgeon's Nov. 13 suspension be scheduled.

Dr. Sullenberger brought suit to reverse the suspension but it was tossed out of Circuit Court on grounds the doctor filed it prematurely, without having first attended a final hearing by the board.

'Should Lift in Autumn'

Sees Decline Slowing Up

WASHINGTON (AP)—Dr. Gabriel Hauge, White House economic adviser, predicts the recession will have about lost its steam by the end of June.

"We should begin to see some lift evident in the autumn," he added in a filmed television interview.

During the last half of the year, he said, some of the federal programs designed to combat the recession will begin to produce results.

"In the housing field," he said, "some of these effects are already evident."

Meanwhile, automobile manufacturers were urged to "resist to the bitter end" anything that will boost car prices.

★ ★ ★

The plea came from the National Assn. of Automobile Dealers. In a letter to the major car makers, Association President Dean Chaffin said: "From the dealer's viewpoint, automobiles are priced too high right now. In fact, many of us believe we have in the first four months of 1958, short-term business debt declined and consumers repaid old debts faster than they acquired new ones.

Still another government report said the after-tax profits of commercial banks climbed by 13 per cent last year to a record high of $1,374,000,000. The 1956 figure was $1,217,000,000.

The Federal Deposit Insurance Corp. credited last year's tight money and higher interest rates for the big profit increase.

market."

★ ★ ★

On another economic front, the Commerce Department said Americans applied the brake last year on adding to their debts. The report said net public and private debt increased during 1957 by 26 billion dollars to a total of 726 billion. The increase was down slightly from 1956 and less than half that for 1955.

The trend has continued this year, the report said, noting that

Deplores News Merger

WASHINGTON (AP) — Chairman Emanuel Cellar (D-NY) of the House Judiciary Committee said today the merger of United Press and International News Service has substantially cut down the public's opportunity to get news.

Bituminous coal-production in one year was about 392 million tons, or about 2.5 tons for every man, woman and child in the United States.

Traffic Kills Three, Six Drown in State

By THE ASSOCIATED PRESS

Michigan counted three traffic deaths over the weekend—one of the lowest tolls in months.

Police said the highway death count was unusually low for a spring weekend. It came as law enforcement agencies gave motorists advance warning to drive with care over next weekend's three-day Memorial Day holiday.

The Associated Press reports weekend deaths from 6 p.m. Friday to midnight Sunday.

Jack W. Taylor, 27, of Drayton Plains, and Gilbert J. Behrands, 52, of Waterford Township, were killed Sunday in an auto collision.

A hit-run victim Saturday was identified as Mrs. Robert Blossie, 35, of Grand Rapids. She was killed when a car knocked her down on U.S. 23 north of Bay City.

Drowning claimed six lives in Michigan over the weekend. Five of the victims died in fishing mishaps.

Gordon Allen, 2½, of Wakefield in the Upper Peninsula, went along with an older brother and sister on a fishing trip in the Little Black River Sunday. He slipped off a bank into three feet of water.

★ ★ ★

Theodore Jumikis Jr., 18, of Kalamazoo, fell into Lake Michigan while fishing from a pier at South Haven Sunday. Skin drivers recovered the body, which had been caught in rocks at the bottom.

Six-year-old Michael Winegar drowned Saturday when he toppled off a dock at his Scram Lake home in Oakfield Township of Kent County. His body was found by Virgil Fountain, the boy's stepfather.

Three Detroit men were lost in Saginaw Bay on a fishing trip off Caseville Saturday. Their overturned boat was found two miles offshore. The men were Peter Steier, 49, Dick Hughes, 45, and Arthur Smith, 45.

U.N. Head Cancels Trip to Minneapolis

UNITED NATIONS, N. Y. (UPI) — Secretary-General Dag Hammarskjold today canceled a trip to Minneapolis to address a meeting of the World Health Organization because of the international situation.

★ ★ ★

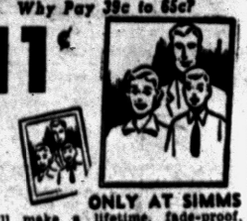

Informed U. N. sources said Hammarskjold called off the trip in order to "stand by to await developments" in the French and North African crises. U. N. Undersecretary Philippe de Seynes will leave for Minneapolis later today to represent Hammarskjold.

Trumans Sail Today for Mediterranean

NEW YORK (AP) — Former President Harry Truman and his wife sail today for a Mediterranean cruise aboard the liner Independence.

Because of the unrest in Mediterranean areas, there had been some doubt that the Trumans would go through with plans for the trip.

Asked what countries he would visit, Truman said, "I'm just taking a ride."

Presidential Nominees Still Remain Uncertain

By WILLIAM THEIS

MIAMI BEACH, Fla. (UPI)—As a presidential nominating preview, this year's 50th annual Governor's Conference was a political flop.

Too many possible nominess of either party are not in the ranks of the governors to begin with. And two of the Republicans who have been mentioned for at least a second place on that party's ticket did not attend this week's conference.

And the ready-to-cut presidential timber available at Miami Beach was two-to-one Democratic.

Thus for the first time in years, politics attracted secondary attention at the governors' annual conference.

Democratic hopefuls were almost unanimous in saying that 1958 is "too early" to tell what will happen in 1960. Their cautious statements underlined the fact that their party's presidential race is "wide open."

The reticence of GOP governors to talk politics underscored the contrasting fact that many Republicans regard their race as "closed" with Vice President Richard M. Nixon in the commanding position.

But Nixon notwithstanding, the roll of GOP governors comes off a poor second in terms of prospective White House candidates when compared with the list of Democrats.

★ ★ ★

Two Republicans with national ambitions—California's Goodwin J. Knight and Maryland's Theodore F. McKeldin—did not attend the conference. Knight had a legislature in session and McKeldin was in Europe. The only other Republicans mentioned seriously in the past who were present were Gov. William G. Stratton of Illinois, the outgoing conference chairman, and Gov. Harold W. Handley of Indiana. Ohio's C. William O'Neill has not been talked about strongly since his recent heart attack.

★ ★ ★

The roster of Democratic governors available for 1960 is impressive in length and in the vigor of the principals.

Topping the list seems to be New Jersey's Gov. Robert B. Meyner. Now beginning his second four-year term, Meyner has run well in all general polls of presidential prospects. But at Miami Beach he carefully explained he is not now a candidate.

Most politicians rule out New York's Gov. Averell Harriman for reason of age, but he is the only Democratic governor with this handicap. The others prospects include: Gov. G. Mennen Williams of Michigan, Gov. George M. Leader of Pennsylvania, Gov. Frank Clement of Tennessee, Gov. Leroy Collins of Florida and Gov. Edmund S. Muskie of Maine.

Historic Event at Little Rock

1st Negro to Graduate Tomorrow at Guarded High School

LITTLE ROCK, Ark. (AP)—An historic baccalaureate was held at Central High School last night against a backdrop that resembled an armed camp. There was at least one racial incident.

About 120 armed National Guardsmen and some 100 policemen rolled into the school area shortly before the first racially integrated baccalaureate began.

★ ★ ★

The service went smoothly on the floodlit field. But before it started seven Negroes were arrested in a car a few blocks away. And afterwards a white youth was arrested for spitting at a Negro visitor.

Among the 600 seniors to be graduated tomorrow is Ernest Green, an 16-year-old Negro. He is the first of his race to get a diploma from Central High, the scene of rioting last September when Green and eight other Negroes entered the school.

★ ★ ★

Green stood calmly outside the stadium before services. Asked if he were nervous, he said: "Sure I'm nervous. It's baccalaureate."

No one molested Green. He waited outside the stadium awhile after the ceremony, apparently for relatives. Then three detectives escorted him to a gate.

As some 1,500 persons, including 25 Negro visitors, filed outside the stadium, a white youth spat at one of the Negroes. He was arrested by city police, charged with disturbing the peace and released on $200 bond.

★ ★ ★

A photographer for the Arkansas Democrat who tried to take pictures of the incident was almost slugged with a board by a white woman. Officers took him away from other hostile whites.

Chess Fans Can Now Play With Electronic Brain

NEW YORK (AP)—Now chess fans can live alone and like it. All they have to do is get a newly devised electronic brain, which can put up a fairly good game.

The computer was taught to play by four experts chess players, employes of the International Business Machines Corp.

★ ★ ★

Alex Bernstein, who helped set up the machine, can beat it every time. He knows that the machine can see only two moves ahead. If your brain can see three moves ahead, you're in.

The computer takes about eight minutes a move, and prints its move on a piece of paper which it arranges like a chess board. Playing against it isn't like solitaire — you can't cheat. At any attempt at chicanery, out comes a slip: "Please check last move."

☆ ☆ ☆

It's also a good loser. When the jig is up, it comes out with "Thank you for an interesting game."

Split Siamese Kittens

WINDSOR, Ont. (AP)—Kittens born as Siamese triplets attached at their stomachs now are scampering around individually. Dr. C. R. Laforet separated them under anaesthesia and says they would have died if he hadn't. Their mother, Tibs, apparently was not shaken by the unusual sight. She has six claws on each paw instead of the usual five.

Outstanding Building

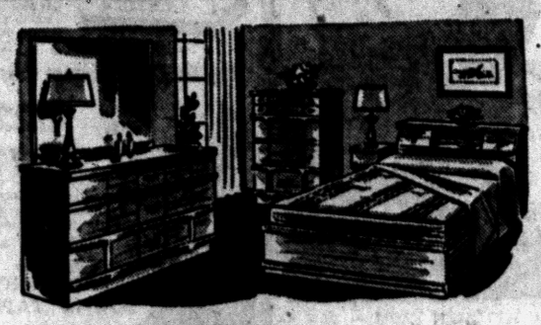

MEXICO CITY (AP)—The 44-story Latin American Tower withstood an earthquake last summer without a broken glass and now has been named the outstanding building of 1957. The U. S. Chamber of Steel Construction presented a plaque to the owners.

A young midwesterner, asked if he'd ever done any public speaking, said, yes, he had — he'd proposed to his girl over a party line phone . . . About the only thing that'll give you more for your money now than ten years ago is the penny scale at the drugstore. —Earl Wilson.

Everyone Has His Own Argument

Who's to Blame for Rising Living Costs?

By SAM DAWSON

NEW YORK (AP)—Who's to blame for the rise in the cost of living? Could it be you?

Management tells you it's the steady rise in labor wage scales that has brought about inevitable increases in the price of consumer goods.

★ ★ ★

Labor leaders tell you that it's management's zeal to turn in each year to the stockholders a report showing higher earnings, and in most cases, higher dividends.

Merchants say it's the customer's demand for more service, for more prepared and prepackaged goods to cut down work at home.

★ ★ ★

Economists with long memories and few political connections have argued that the price rise is pure classical inflation — the government has pumped too much money into the economy from the war years on, and prices and wages have taken the normal course: up.

A few stockholders have wondered if all the bonuses paid to top executives haven't played a part in the high cost of business operation.

But most of the time the lowly white collar worker has escaped notice.

★ ★ ★

Now some Federal Reserve Board figures raise doubts about an old theory: that the blue collar worker's wages have been soaring and the white collar salary has been lagging. Of late the effect of all this increasingly expensive paper work on total operating costs is getting a closer look in many companies.

An analysis of Federal Reserve figures by Fortune magazine, which aims largely at management readership, says that total salary payments to white collar workers has increased at a much faster pace than the more publicized ones to blue collar production workers.

The figures cited show that non production personnel — engineers, scientists, draftsmen, administrative workers — have increased 60 per cent in the last ten years and their salaries have gone from one fourth of the total manufacturing labor costs then to one third now.

The cited figures record their salary payments as rising 37 per cent in the last four years while wage payments to the blue collar workers have averaged seven per cent.

Productivity, or unit cost, is the measure of goods produced per man hour of labor. On the basis of production worker man hours, productivity has risen at an annual rate of 3.7 per cent in the last 10 years. But add in the salaries of non-production workers and productivity has risen at the annual rate of 2.9 per cent.

★ ★ ★

The white collar worker has some ready answers for this. Technical advances in industry make his role ever more important. Rising living costs make salary boosts essential to maintain his standard of living. High taxes take an increasing slice of any pay raise he may have had.

And getting out of the squirrel cage — salary, prices, taxes — without lasting scars isn't easy either, as retired white collar workers know.

A small herd of Barary sheep, imported from Africa, thrive in the Canadian River section of New Mexico.

'Pedersen' to Star

OSLO, Norway (AP)—Murals by "Pedersen" probably will be the main attractions in the new 15-story Norwegian government building to be completed next fall. "Pedersen" is a cover-up name used by 76-year-old Pablo Picasso, who for more than a year has secretly cooperated with Norway to decorate the building.

Why the Lump in Your Throat?

Doctor Reports Muscle Has Connection With Emotions

By RENNIE TAYLOR
A. P. Science Reporter

SAN FRANCISCO (AP) — A Yale doctor reports that he has found what actually happens when during emtion you get a lump in your throat.

It's due to the stiffening of a ring-shaped muscle at the top of the esophagus and this muscle turns out to have a heretofore unrecognized connection with the emotions, he said.

★ ★ ★

Emotional lumps in the throat can be frequent and troublesome for some people, Dr. John A. Kirchner told the American Laryngological, Rhinological and Otological Society.

Dr. Kirchner, a Yale ear and throat specialist, received the Harris P. Mosher award for his discovery about the involuntary activities of this muscle. The award is conferred annually by the society for outstanding research in the field of ear, nose and throat.

★ ★ ★

Now that the emotional factor has come to light, medical science may be able to do something for people who get these lumps too often, Dr. Kirchner said. Some kind of tranquilizing drug may be the answer, he added.

Women get emotional lumps oftener than men. They come suddenly during emotions such as sorrow or frustration or during some thrilling experience. They do not last long ordinarily.

★ ★ ★

The muscle in question has a jawbreaking name — crycopharyngeus. Normally its job is to keep the gullet closed except during swallowing. It was long supposed to be only a voluntary muscle — operated at will for swallowing.

How many ways does a father show his love?

TWO WAYS: "today" ways and "tomorrow" ways.

Everybody knows about the "today" ways. Things like trips to the zoo and a doll under the tree at Christmas. The tender hugs at bedtime. The new tricycle. The hands always ready to wipe away tears.

Few persons ever see the "tomorrow" ways. They're mostly in solemn papers, carefully put away. For example—papers that will help pay for college some day. Papers that will mean protection for her and Mother, if Daddy shouldn't always be there.

Life insurance papers. The other way a father shows his love.

Cyrus Eaton Asked to Explain

In Washington, the House Committee on Un-American Activities has directed CYRUS S. EATON to appear and discuss his current sympathetic statements in regard to the Russians.

★ ★ ★

The Committee also wants to understand a little more fully why the Cleveland businessman is spanking J. Edgar Hoover for his continued activities in tracking down Russian spies, whether these be of home origin or the pure quill from the land of the Reds.

This is a fitting move.

Middle West Prosperity Boosting Our Economy

There is at least one section of the Nation where business is better than it was last year, the Midwest agricultural area. Farm markets in seven states — Minnesota, Iowa, Missouri, Nebraska, South Dakota and North Dakota—with more than 15 million people, have not yet been hurt by the recession and don't expect to be unless unemployment reaches six million.

★ ★ ★

For several years the prairie states suffered from drought, crops were blown away and cattle died on the range. Now they are doing better than other parts of the country and rain has made that difference. Business in communities outside the large industrial areas is very good.

A bumper crop of wheat is expected and an ample supply of corn and other grains is on hand to feed hogs and cattle, says U. S. *News and World Report*. The cash price for wheat is off five per cent and for corn 27 per cent but these crops are being fed to livestock for which prices are high.

★ ★ ★

Prices for hogs and cattle are at their peak with supplies low. But the picture will change somewhat when livestock becomes plentiful again as a result of ample supplies of corn and feed grains.

Farm credit is loosening up, eight of 12 Federal Land Banks have reduced interest rates. Both FHA and REA loan authorities for the new fiscal year are being increased by Congress above amounts asked by the Department of Agriculture.

Since last September Midwest economy has been picking up momentum. The agricultural west is leading the Nation in coming out of the recession.

Designated by the Michigan Historical Commission as the site for one of its historical markers is the public fishing site on the south shore of Orchard Lake. This will mark a spot steeped in Indian lore and other facts and traditions incidental to the early history of the Pontiac area.

It is on Pontiac Trail, and near Apple Island where Chief Pontiac held his war councils with his warriors. An inscription covering the details will be engraved on the marker, the dedication date of which will be given in this column.

The Main Course

David Lawrence Says:

Treason Can Occur in 'Cold War'

WASHINGTON — Does a nation wait till subversive individuals complete their conspiracy against their own country before trying them for treason?

LAWRENCE

Too many followers of the so-called "liberal" school of thought are arguing, in effect, that it is better to let the horse be stolen before trying to lock the barn and that even if the nation's safety may be jeopardized, individual rights come ahead of the right of the state.

But a subcommittee of the United States Senate has come forth with a recommendation that something drastic be done before treasonable purposes are accomplished. Here is the latest proposal in a report from the Senate's Subcommittee on Internal Security:

"The Congress should enact legislation to provide for the proper punishment of acts performed during a time of 'cold war' which, if a state of declared war existed, would be treasonable."

This is the first time that a committee of Congress has formally recognized that treason can occur when there is no state of "declared war" and that it can be so damaging to the United States as to affect the nation's capacity successfully to fight a "hot war."

★ ★ ★

The "cold war" currently is costing the taxpayers of the United States billions of dollars a year. America is trying to win friends throughout the world and to thwart the malicious purposes of Communist imperialism. Already one "hot war" has resulted from the tensions of the "cold war." This occurred in Korea from 1950 to 1953. More than 136,000 American boys were casualties in that war. Those killed numbered 33,629.

Today the Communists are stirring up trouble throughout the world. They are active in North Africa, the Middle East, Southeast Asia and Latin America. They are fighting against American policies and programs, and dangerous situations are being created that could bring on a "hot war."

Under such circumstances, should any American citizen be assisting the Communists — giving them "aid and comfort"? The exact wording of the Constitution on the subject is as follows:

"Treason against the United States shall consist only in levying war against them, or in adhering to their enemies, giving them aid and comfort."

★ ★ ★

This issue, it will be noted, is presented in two forms. While treason consists of "levying war," equally important is the statement that separately it also may consist of "adhering" to the "enemies" of the United States by "giving them aid and comfort."

What does the word "enemy" mean in this connection? The word "enemy" is often used in referring to our adversaries in the "cold war." But if the word is to be literally or technically used, there is, for example, at the moment an armistice in Korea but not a treaty of peace between the Communist enemy — Red China — and the United Nations, of whose troops the United States is still the military agent.

Our Armed Forces guard the armistice line 24 hours a day. The United Nations in a formal resolution, moreover, is on record as having denounced Communist China as an "aggressor." Red China is the ally of the Moscow government, which has publicly admitted that it has been supplying arms and ammunition to Red China's forces in Korea. In international law, this makes the Soviet government also an "enemy."

What's behind this demand for new legislation against treasonable and subversive activities? Mostly the misbehavior of those Americans who are consorting with organizations directed by the Communist governments in Moscow and Peiping in order to defeat the American government's policies.

This is not a question of "freedom of speech" or of the Bill of Rights, as is argued by some of the critics who unwittingly put up a smokescreen for the Communists by crying "hysteria" whenever anything is proposed that would nip treason in the bud. It's simply a question of protecting the nation against acts of subversion which, though committed during a "cold war," can have consequences parallel to those that would be punished as treasonable in a "hot war."

The Country Parson

"Turn the right animals loose in each and they'll founder on both green alfalfa and money."

Dr. William Brady Says:

Poor Teeth of Americans Can't Be Blamed on War

"America is more tooth conscious than England, and we cannot fall back altogether on the excuses you give, but I should like to point out that we have lived through two wars, and those of my generation, the 40s, were deprived of meat, eggs and other things necessary for good nutrition and good health. (Signed) "Cockney Sparrow."

DR. BRADY

Prolonged rationing and austerity probably account for much of the faulty nutrition and poor health in England today. The same thing may be said of the faulty nutrition and poor health in America. In England it was and is so by necessity. In America it is so by choice.

Here instead of health beverages such as milk, skim milk, buttermilk, lemonade, orange juice, tomato juice and mixed vegetable juice, youngsters guzzle pop and from that too many of them graduate to cocktails in their 'teens.

Aside from the steadily increasing portion of the adult population who are drinkers before they are grown up, it seems as though steadily decreasing number of young adults have the courage to be teetotal abstainers. So many who would not drink of their own volition break down and indulge on occasions "when everybody does" or "as all the kids do."

★ ★ ★

Mohammedans, Mormons and Adventists are total abstainers. Followers of other sects may have a quick one now and then.

And finally there are the spineless creatures who abstain because, well, say they enjoy reality and do not need a narcotic to transport them to a dream world for an hour. They arm themselves with a glass nearly full of pop and circulate at the cocktail party without fear of being obliged to have a refill.

In itself this trick is harmless, but nevertheless a sorry exhibition of weak character. Imagine the rabbi welcoming the guests with a ham sandwich in his fist or a priest doing so at a Friday luncheon.

There is something of this same defect of personality, I think, accountable for the fact that 99 out of 100 who would like to restore to their diet the staff of life are actually afraid to do so. I invite these timid souls to send me a stamped, self-addressed envelope and ask for the free pamphlet Wheat to Eat. It may help them to improve their nutrition and health without making the butcher, the baker or the candlestick maker mad.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Tells Why College Education Pays

Lola's questions should be of vital interest to all teenagers, as well as their parents. Many fathers still think it is a waste of money to send daughters to college. Scrapbook this case or mail it to such dads. And discuss this case in high school for many kids are as short-sighted as Esau and sell out their future wife and children for a cheap jalopy.

By DR. GEORGE W. CRANE

Case Y-319: Lola B., aged 17, is a high school senior.

"Dr. Crane, you urge us to go on to college," she began with a smile.

★ ★ ★

"And you offer figures to prove that one year of college adds $25,000 to a person's future earnings.

DR. CRANE

"Would you be more specific and show just why that is true? For my father thinks it is foolish to send girls to college."

Dr. Paul C. Glick, of our Census Bureau, examined the lifetime earnings of people with various amounts of education.

He found that a high school graduate earns $49,000 more than a grade school graduate. That means each year at high school is worth $12,250.

And every year of college adds an extra $25,000. So the cash value of education is very important.

But college also widens your mental horizons and permits you to enjoy this world so much more.

★ ★ ★

For example, you become better acquainted with literature and music and art and science. You generally feel more confident thereafter when asked to make a speech.

This extra poise and self-confidence actually account for much of the cash value of college.

For many non-college men know as much as college folks. But they don't realiase that fact!

Therefore, they may timidly hang back when surrounded by college folks whereas the latter boldly march ahead.

★ ★ ★

Furthermore, although a smart non-college man may have far more practical gumption or "horse sense," in the long run, the college man will generally prove his superiority.

WHERE EDUCATION PAYS

The story is told about a large turbine which was ordered for a southern plant. It was shipped and installed.

But it wouldn't work. The local staff tried everything they could think of to get it running, but in vain.

Finally, the head of the firm called the home office of the company where the turbine had been purchased.

In due time, a college engineer arrived. He looked wise and surveyed the turbine. Then he asked for a small hammer, and tapped on the turbine a couple of times. It now started and worked perfectly.

Later, the home office sent a bill for $1,000 for the services of this engineer who had been sent down as the trouble shooter.

The firm that had bought the turbine and had finally requested the help of the trouble shooter, felt that $1,000 was a steep price.

"Your engineer spent only five minutes on the turbine," ran its letter, "so will you please itemize your bill?"

Soon a reply arrived with the itemized statement, as follows:

"For tapping with hammer, $100.

"For knowing where to tap, $900.

"Total bill, $1,000."

That is a somewhat humorous way of explaining where college education benefits a boy or girl.

Sooner or later in life, the college educated person may be

able to step into a crisis and solve a serious dilemma. The time required may not be over five minutes.

But, like the engineer mentioned above, it is the "know how" that makes the difference.

And that is one big reason why a year of college adds an average of $25,000 to your lifetime income.

So send for my "Vocational Guidance Booklet," enclosing a stamped return envelope, plus 20 cents (non-profit). It offers tests to show if you are of college caliber.

★ ★ ★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

'Author of All About Men Has Rocks in His Head'

I've been reading Joseph H. Beck's article, "All About Men," and up until now I thought it was very interesting. Now I think he has nothing but rocks in his head. We have a son eight weeks old and I've changed his diaper a few times, gotten up with him in the early morning and fed him. I don't mind doing it one bit. In fact, a husband should do these things once in a while.

As for a wife being lazy because she doesn't nurse her baby, nuts. My wife starts her day at 5:30 a. m. getting my breakfast and throughout the day she has little items to do like washing bottles, fixing formula, cleaning house, making beds, doing baby's washing, ironing and just about two dozen other odds and ends. After that she just lies around scrubbing floors.

What did this Dr. Beck do — go on a vacation when his wife had her kids so he didn't have to see her work so hard?

Seconds Free Golf for Retired People

I note with much interest that The Pontiac Press is encouraging the city to give retired folks the privilege of playing golf on the Pontiac course free of charge. As Detroit has such a program in force, I don't see why Pontiac can't grant the same privilege.

The course would have to be restricted so established leagues wouldn't encounter interference, but this would be a simple matter. Let's not wait until summer is over before deciding.

Observer

About going to church. You can get a good education without going to school, but the normal way is a lot better, a lot easier and sets a lot better example to borderline people who are wondering which to do. You might be able to win the high jump without training, but you'd jump a lot higher and a lot easier if you did.

'Let's Act Now to Save Tots'

As I write I'm watching two small boys from my window playing in the very spot my baby boy drowned May 12. Just one step and the lake will swallow them. There's a 40-foot dropoff a couple of feet from shore and children have nothing to protect them. Why isn't action taken now to fence this treacherous lake? Mothers will think "it can't happen to mine," just as I did, but it can. In the 20 years I've lived here, five mothers have lost boys in this lake. There will be more if something isn't done.

Many communities have become so rat infested they have to have concerted drives to eradicate the pests. When the number gets bigger, rats get bolder and bolder. By JAMES J. METCALFE

Your measure of accomplishment . . . Is solely up to you . . . It is not what you wish or hope . . . But what you strive to do . . . Desire is commendable . . . And dreaming plays its part . . . Yet nothing can be meaningful . . . Unless you make a start . . . Unless your thoughts and promises . . . And all your reveries . . . Are backed up by endeavor, and . . . Become realities . . . You have to carry out your plan . . . And never once give in . . . Until at last with all your might . . . You either lose or win . . . And then the final measure and . . . The true and lasting guide . . . Will be not your ambition but . . . How earnestly you tried.

THOUGHTS FOR TODAY

For who knoweth what is good for man in this life, all the days of his vain life which he spendeth as a shadow? for who can tell a man what shall be after him under the sun?—Eccl. 6:12.

No man can live happily who regards himself alone, who turns everything to his own advantage. Thou must live for another, if thou wishest to live for thyself.—Seneca.

Hal Boyle Says:

Really Does Take Money to Make Money

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

* * *

That it really does take money to make more money ... Right now it costs the federal government a dime to make 100 pennies and six dollars to make $500 worth of 50-cent pieces.

That a spoonful of diesel fuel oil in a locomotive will carry a ton of freight one mile ... Well, downhill anyway.

That some Canadian cinemas now are thoughtfully providing double seats ... for courting couples.

* * *

That the sparrow hawk is misnamed ... It actually eats far more grasshoppers than it does sparrows.

That there is still plenty of big game hunting left in crowded America ... in the last 10 years more than 600,000 buck deer were killed in California alone.

That although machines don't lay eggs, some two million dollars worth of hen fruit is now sold by U.S. vending machines each year.

That people in Chicago and St. Paul consume more fresh pork per capita than the residents of any other major American cities.

That one man can tend 40 milking cows on a typical U.S. dairy farm ... But in Russia, where the farms are less mechanized, a husky milkmaid can care for only 10 to 12 animals.

That U.S. newspapers publish more than 300 million individual classified ads each year ... and news-hungry Americans now spend a billion dollars annually to read their daily free press.

* * *

That you'd probably flunk a TV quiz if you were asked to name a half dozen of the most important vegetable diseases ... Here they are: Cucumber mosaic, lettuce yellows, tomato early blight, tomato blossom end rot, cabbage club root and bean blight.

That the teeth of elephants continue to grow throughout their lifetime ... But isn't this true of rabbits and squirrels, too?

That Bob Bobo of Black Springs, Ark., spells his name with only two letters.

That the Inner Circle Bar here displays this sign: "Be on the square and the world will treat you level."

* * *

That Sinclair Lewis gave this insight into human nature. "There are two insults which no human will endure: The assertion that he hasn't a sense of humor, and the doubly impertinent assertion that he has never known trouble."

That one way to keep a small child from dawdling over his meals is this: Light a small birthday candle and bet him he can't finish what's on his plate before the candle goes out.

That the porpoise does have a purpose ... Its oil is used to lubricate delicate precision instruments.

That it was President Woodrow Wilson who observed: "A few people who achieve fame grow—most of them swell."

Upjohn Company Planning Expansion

KALAMAZOO (AP) — Upjohn Co. plans to kick off a multimillion dollar expansion program this fall that calls for building new facilities in Kalamazoo, Canada, Mexico and Australia.

Donald S. Gilmore, chairman of the pharmaceutical firm's board of directors, said the cost of the projects in Kalamazoo alone would be over 12 million dollars.

Gilmore said plans call for a 286,000 square foot office building here; new manufacturing plants in Australia and Mexico; expansion of the San Francisco facilities, and expansion of the Canadian plant. The plan also calls for construction of a new assembly building near Augusta, Mich.

Sees Covey of Sputniks

MOSCOW (AP)—The Moscow evening News envisions a covey of Sputniks traveling almost two miles per second thousands of miles out in space, relaying TV all over the earth. It's possible, the paper says, if the great powers can get together on it.

About one-third of all trucks in the U. S. are owned and used by farmers.

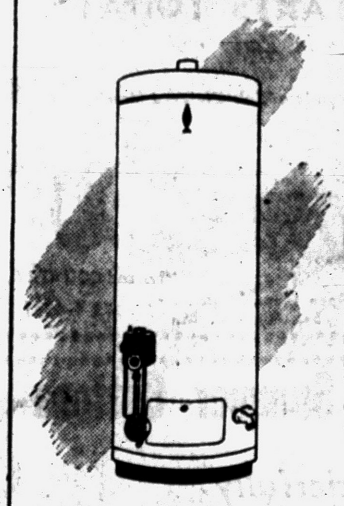

Tourism is one of Michigan's biggest businesses, grossing more that $600 million annually.

Three Graves Desecrated in Michigan

EVART (UPI) — A man went to visit the grave of his brother, a soldier killed in World War I, and found vandals had broken into it.

"I was terribly shocked at what I saw," said Ambrose Sullivan, who was 66 today. "My son and I were going to tidy up the ground and found someone had tried to smash the vault."

His brother, William J. Sullivan, was killed in action Sept. 29, 1918, in France. He was buried near here in a small Catholic cemetery, now seldom-used.

A number of tombstones had been overturned and two other graves dug into.

One grave was empty — that of Mary Prieur, who died Aug. 19, 1881, at the age of 10 months. Vandals also dug two feet into the grave of her brother, Frankie Prieur, 10 months, who died in November, 1880.

★ ★ ★

Sullivan said, "I didn't think anything like that could happen here. There are so many good people in this neighborhood."

Phone, Wire Lines Cut

LOWELL (UPI) — An excavating crew sliced through an underground cable of the American Telephone and Telegraph Co. near Lowell Saturday. Telephone and leased wire service of the Associated Press was disrupted for more than an hour and a half until alternate cables went into operation.

TOP TEEN DRIVER — Thomas Broders, 16, of 1021 Iroquois St., Waterford Township receives congratulations and the first-prize trophy in the annual Pontiac Area Junior Chamber of Commerce Teenage Road-E-O contest Sunday. A tenth-grader at Waterford Township High School, Thomas will compete in a state-wide, safe-driving tourney next month, according to E. W. Watchpocket (right), contest chairman. Second place was taken by Michael Boyer, 18, of 625 Joslyn Ave. and third by Carol P. Code, 17, of 2205 Dexter Rd., Pontiac Township.

Ike Names Adm. Felt to Command Pacific

WASHINGTON (UPI)—President Eisenhower today named Adm. Harry D. Felt commander-in-chief of U. S. forces in the Pacific and Far East.

★ ★ ★

Felt 55, is now vice chief of naval operations. He will succeed Adm. Felix B. Stump, who will retire Aug. 1.

★ ★ ★

As commander-in-chief Pacific, Felt will direct U. S. Army Navy and Air Forces from headquarters at Pearl Harbor.

★ ★ ★

The largely American United Nations Command in Korea continues to report directly to Washington, however, and is not a part of the Pacific Command.

Least Active Foghorn

DULUTH, Minn. — The least active foghorn on the Great Lakes is at Ontonagon Harbor, on Lake Superior's south shore. It operates an average of 52 hours a year.

Third Nuclear Blast Fired at Eniwetok

WASHINGTON (UPI) — The government announced today that a nuclear test was conducted at Eniwetok Atoll in the Pacific at 10 p.m. EDT last night.

There was no immediate indication of the type of test involved.

It was the third nuclear blast in the current series in the Pacific. The first took place May 11 and the second on the following day.

'Cool' Music Sends Nine Overboard in New York

NEW YORK (AP)—Nine happy jazz enthusiasts went overboard for Dixieland music over the weekend.

They strutted right into the Hudson River from a chartered Hudson River Day Line excursion boat and then into unchartered Coast Guard cutters.

★ ★ ★

George McLaughlin, 21, was first to part company with the cool cats aboard the good ship Knickerbocker late Saturday night. He swooned with joy right off the main deck of the excursion boat into the river 20 feet below.

★ ★ ★

Instantly, Eugene Cahill, 21, and Joseph Barry, 19, jumped in after him. The bands stopped. Some of the 450 passengers started throwing over floatables.

★ ★ ★

Six quick throwing passengers lowered a lifeboat. The captain of the Knickerbocker radioed the Coast Guard. The six men in the lifeboat rescued the three men in the water and the guardsmen rescued all nine.

★ ★ ★

Two harbor police patrol boats joined the party. Among those on the pier when the police and military escort brought the Knickerbocker in early yesterday was Police Commissioner Stephen P. Kennedy.

★ ★ ★

There were no arrests although Kennedy took a dim view of the goings-on.

"This sort of shenanigans must stop," he said. "Otherwise, we'll have a serious disorder."

★ ★ ★

The evening of pleasure was organized by Andrew McCaw, director of the Dixieland Admiration Society, for fellow Dixieland devotees. He had promised music "until time comes marching in" on the round-Manhattan sail.

Atomic Power Ready for Pittsburgh Area

SHIPPINGPORT, Pa. (UPI) — The Shippingport Atomic Power Station officially becomes a "working giant for peace" today.

President Eisenhower, in the White House at Washington, will activate a remote control circuit to start electricity—manufactured by nuclear reaction—flowing into thousands of homes and industries in the Pittsburgh area.

Elizabeth Ratliff Marries in Pontiac

WEST BLOOMFIELD TOWNSHIP — Elizabeth N. Ratliff and Kenneth D. Sandefur exchanged their nuptial vows Saturday evening at the Central Methodist Church in Pontiac. Dr. Milton H. Bank peerformed the double ring rite.

★ ★ ★

The bride is the daughter of Mr. and Mrs. James F. Ratliff of 2664 Penna Dr. Parents of the bridegroom are Mr. and Mrs. Jack Sandefur of 1732 Beechmont, Keego Harbor.

Given in marriage by her father, the bride wore a gown of white taffeta with French lace trim and chapel train. A crown held her fingertip illusion veil in place.

Maid of honor was the bride's sister, Patricia. Nancy Clevers of Orchard Lake and Mrs. Rexine Dutcher of Charlevoix were attendants.

Ronald Brewer of Southfield Township was the best man. Ushers were Kenneth White of Pontiac and Robert Barriger of Keego Harbor.

MRS. KENNETH D. SANDEFUR

★ ★ ★

The Arme Chapter, Order of the Eastern Star, served the reception dinner at the Roosevelt Masonic Temple in Pontiac.

After returning from a honeymoon to northern Michigan, the newlyweds will make their home in Oxford.

Vows Spoken by Imlay City Couple Sunday

IMLAY CITY — Muriel Clarkson, daughter of Mr. and Mrs. Cyril Clarkson of Imlay City, became the bride of Roger McKee, son of Mr. and Mrs. Robert McKee, also of Imlay City, at a ceremony performed in Bethany Mennonite Church Saturday evening. The bride's uncle, the Rev. Eldon Winters of Sandusky performed the rite.

The bride chose a waltz length gown of dotted white over blue taffeta. She wore a matching headpiece and orchid corsage.

Her sister, Alma, was maid of honor. Larry Dorow was the best man.

★ ★ ★

The reception was held for relatives and friends at the Masonic Hall in Attica.

Orion Sets Date to Air Proposed Zone Change

ORION TOWNSHIP — The Orion Township Zoning Board will hold a public hearing at 8 this evening at the Township Hall on the proposed zoning change, from residential to commercial use, of property owned by Charles R. Belton.

The land involved is a 15½-acre site between the Artco Manufacturing Co. plant and Joslyn road.

Americans spend about $1.1 billion per year for refrigerators, most of them for domestic purposes.

The Crown Jewels of Denmark, a glittering array of tiaras, necklaces and priceless gems, are on display at Rosenborg Castle in Copenhagen. Queen Ingrid of Denmark often wears the jewels on state occasions. Since no one but the Queen is allowed to open the showcases where the gems are kept, tourists exploring Rosenborg Castle frequently glimpse the Queen fetching her jewels.

Can of Ham, Three Eggs Go Long Way in Fordue

There's often a bit of a let down in planning Sunday night suppers after the big dinner of the day. Sometimes we have just left-overs from dinner. But it is more fun when we have a light meal completely different from the earlier main dinner and save the left-overs for "dressing up" on the next day's menu. That's when our American Ham Fondue comes in for special favor.

Pantry shelf items — instant nonfat dry milk powder and deviled ham — share the spotlight with eggs for the American Ham Fondue. It's a most economical recipe for the cost is only about 75 cents for approximately four servings.

AMERICAN HAM FONDUE

1 cup water
⅓ cup instant nonfat dry milk powder
2 tablespoons flour
½ teaspoon salt
¼ teaspoon dry mustard
1 (4½-ounce) can deviled ham
1 cup (¼-inch) cubes day old bread
3 egg yolks, slightly beaten
3 egg whites

Pour water into top of double boiler. Sprinkle instant nonfat dry milk powder, flour, salt and dry mustard over surface of water; beat with rotary beater until blended. Cook over boiling water, stirring constantly, until mixture thickens (about 8 to 10 minutes).

Blend in deviled ham; add bread cubes. Continue to cook, stirring constantly, until heated throughout (about 5 minutes). Remove from heat; cool slightly. Stir a small amount into egg yolks, then blend egg yolks into remaining hot mixture. Beat egg whites until stiff but not dry.

Carefully fold into milk-ham mixture. Pour into greased 1½ quart casserole. Bake in slow oven (325 degrees) about 45 to 50 minutes or until puffy and golden brown. Serve immediately.

Herbed Corn Chowder

Combine a 17-ounce can cream style corn with an equal volume milk and ¾ teaspoon poultry seasoning. Heat thoroughly. Stir in ½ cup sliced mushrooms sauteed in butter or margarine and ½ cup diced fresh tomatoes. Season to taste and serve to four.

Vegetable Peeler Curls Carrots, Nuts, Chocolate

A swivel-blade vegetable peeler is an inexpensive and wonderfully handy kitchen aid. Use it to cut flat lengthwise slices from carrots for "curls"; to remove the fibrous outer covering from broccoli and asparagus stalks; to make "curls" from room-temperature chocolate for a pie or cake garnish; and to make petals from Brazil nuts that have been covered with boiling water for five minutes and drained.

Bananas Are Good Buy During Spring Season

If price is important, bananas are one of your fresh fruit buys this spring.

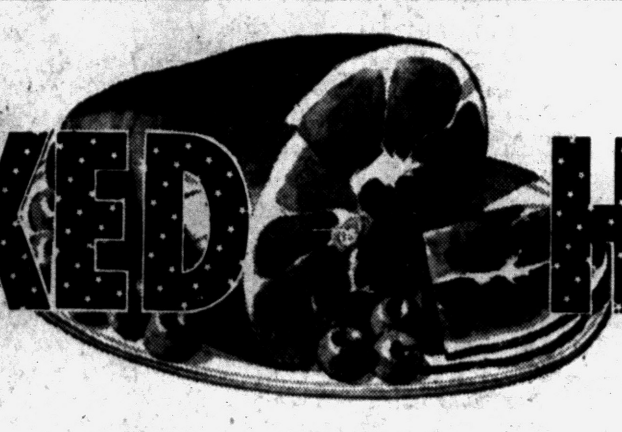

Just because you have a full, satisfied feeling after you have eaten a banana is no reason to label them high in calories. One medium sized banana contains only 88 calories relates the Market Information Agent.

Bananas are good served alone. Are better in fruit cup. Combine bananas with fresh pineapple, and top with a few fresh strawberries. Easy dessert that is easy on the purse.

Crack the shells of hard-cooked eggs the moment they are cooked; place the eggs in cold water. This helps in removing the shell.

Pat Nixon's Courage Based on Faith in God

(When Vice President Nixon came under a hail of stones in Latin America, his wife was at his side as she has been through many adventures. Following is the first of four articles by a famed reporter who has known Mrs. Nixon for many years, describing Pat Nixon's travels, her life and romance with the vice president and her role as wife and mother.)

By RUTH MONTGOMERY

WASHINGTON (NS) — An Irish slip-of-a-girl named Patricia Ryan Nixon is winning America more friends and enchanting more underprivileged millions than any diplomat of our times.

In doing so, the far-traveling, home-loving second lady has been hand-kissed by foreign potentates, spat upon by Venezuelan Communists and hugged by African orphans.

★ ★ ★

She has kept to pace-killing, 17-hour-a-day schedules in steaming jungles, dusty native villages and germ-ridden outposts of humanity. She has lived out of suitcases for weeks at a time, averaging only five or six hours sleep at night.

ALWAYS POISED

Throughout it all, Pat Nixon has emerged unfailingly serene, crisply dressed and immaculately groomed. More important, she has yet to say the wrong word or perform a single act that could subject her to the slightest criticism — even from her husband's more voracious political critics.

★ ★ ★

The definition for Pat is "incredible." The 110-pound dynamo seems not even to know the meaning of the words "fear" or "exhaustion."

During the frightful, Red-inspired demonstration at Caracas Airport which shocked the free world, a lesser woman would have surprised no one by sprinting for cover. Instead, the second lady walked calmly beside her husband to a waiting limousine and stood unflinching for at least 60 seconds while venomous spit rained on their unbowed heads.

Then she stepped daintily into the car and joined the official procession which howling Venezuelan mobs promptly set upon with stones, gravel and flying glass.

★ ★ ★

A rumor that Pat wept as she saw the windows of her husband's car smashed is false.

'SHOWED RARE COURAGE'

Maj. Don Hughes, the Air Force aide who rode beside her during the horrendous ordeal, said feelingly: "She's braver than any guy I ever met. Not once did she even cringe. She just sat there looking straight ahead without batting an eye."

This gentle, unassuming mother of two young daughters seems never to think of herself. Throughout the Nixons' torturous Latin American tour, just as on the earlier trips to Africa and the Far East, Pat left the limelight to her husband while she spent most of her days visiting orphanages, schools and hospitals.

★ ★ ★

In Lima, Peru, returning to the hotel shortly before the vice president, she stood at the window watching him bravely walk a gantlet of hurled garbage. Later, describing the horrifying scene to a friend, she exclaimed: "I was so proud of Dick I could have burst."

For the insults and the outrages Pat bears no malice. To friends she has explained simply: "The majority of the people in every country were courteous, gracious and friendly. The attackers were not even citizens. They tore up their own flags, and that shows they were not patriots."

HUGS DAUGHTERS

Delriously eager to enfold her two little daughters, on her return to Washington last weekend, she had only a few hours with them before donning evening dress for an official appearance with her husband at a Women's National Press Club reception.

Instead of moaning about her own loss, she merely commented on how disappointed little Tricia and Julie were to see the party dress come off the hanger.

★ ★ ★

That evening, the vice president paid glowing tribute to his gallant spouse when, discussing the violent outbreaks, he declared:

"Long after the incidents are forgotten in Latin America, hundreds of little children in orphanages, the sick and afflicted in hospitals and women who work with the poor and suffering will remember the wife of the vice president who came to see them, shook their hands, sometimes brought them a little candy, and always a word of cheer."

Pat Nixon, during her six years as second lady, has shaken thousands of hands of every color and condition. Some of these hands belonged to lepers in the Orient.

HAS FAITH IN GOD

Once asked whether she hesitated to risk such intimate contact with lepers, she replied with affectation: "No, because I honestly feel that when you do what you know to be right, God will take care of you. I was not afraid."

No missionary could better express his faith.

In like manner, no trained diplomat nor born-to-the-purple queen could better represent her homeland than this 45-year-old daughter of a humble gold miner, orphaned in her teens, who clerked behind counters to help pay her way through college.

Horatio Alger heroes had nothing on Pat Nixon.

Heavenly Days! No! Don't Ask!

By EMILY POST

"Dear Mrs. Post: I have just discovered that I sent the wrong present to the wrong person. I don't know how it happened, but it has and I am in a dither over it. One present was of considerable value and the other one a very trifling one.

"The person who was to have received the trifling present was sent the expensive one. I would like to know if I could properly write to this person and explain what happened and ask her please to return it?"

Answer: I am sorry but you can't ask for the return of the expensive present. You can, and probably should, explain your mistake to the person who received the trifling present and buy her a better one in exchange for it.

"Dear Mrs. Post: My daughter's future in-laws, who live in another city, are coming here several days before the wedding. They are complete strangers to me and I would like to know what my obligations are toward them. Is it necessary that I give a party to introduce them to my friends and relatives"

Answer: You invite them to your house for a meal or at least for te, and in addition you do whatever you can to make their stay in your city as pleasant as possible.

"Dear Mrs. Post: I am to graduate from college shortly and expect to receive my college ring in the not too distant future. Up to the present time I have been wearing my high-school ring. I would like to know if I should discard this ring when I receive my college ring, or would it be proper to wear both of them?"

Answer: I do not think you should wear both at the same time, and suggest that you wear the one that means the most to you.

Mrs. Lear Speaker at Breakfast

Mrs. Huber Lear of Detroit gave a "Tourist Eye View" of her recent world trip when Alpha Sigma Nu Sorority met at Devon Gables Sunday for a May breakfast.

Taking a lead role in "Room Service," the third and final dramatic production of the year presented Thursday and Friday at Eureka College was Tom Vaughn, son of Mr. and Mrs. J. R. Vaughn of Ascot road. He is a pledge of Lambda Chi Alpha Fraternity and has been active in forensics.

Mary Joan Fairbairn, daughter of the Donald W. Fairbairns, and Richard B. Madden, son of Mr. and Mrs. James L. Madden were married Saturday morning in St. Anthony Chapel, Duns Scotus College.

MRS. RICHARD B. MADDEN

Mary J. Fairbairn Weds Richard Blaine Madden

On a 10-day trip to the Coral Beach Club, Bermuda, after their 11 a.m. marriage Saturday in St. Anthony Chapel, Duns Scotus College, are Mr. and Mrs. Richard Blaine Madden.

Before her wedding, the bride was Mary Joan Fairbairn, daughter of Mr. and Mrs. Donald William Fairbairn of Birmingham. Parents of the bridegroom are the James L. Maddens of Short Hills, N.J.

★ ★ ★

The bride chose a white full-length Italian taffeta gown featuring a long bodice appliqued with seed pearls, short sleeves and a chapel train. Her veil was of silk illusion and she carried a white prayer book covered with lilies of the valley and butterfly orchids.

ATTEND BRIDE

Patricia Ann Skelly as maid of honor, was gowned in a princess style frock of shell pink organza with a scoop neckline and dome skirt with back fullness. She carried an arrangement of delphinium and demure roses.

Bridesmaids Judith Louise Averill and Mrs. Robert Lee Isaacson were gowned like the honor attendant.

★ ★ ★

James L. Madden acted as his son's best man while James E. Madden, brother of the bridegroom, John M. Fairbairn, brother of the bride and John A. Zeigler seated the guests.

To receive guests at a wedding breakfast in Oakland Hills Country Club, Mrs. Fairbairn wore a champagne silk organza gown and pinned bronze cymbidium orchids to her purse. The bridegroom's mother chose a pearl gray silk suit with a corsage of white orchids.

Mistake to Spurn Rhubarb Pie

By ABIGAIL VAN BUREN

"DEAR ABBY: Just read the letter from Rhubarb Pie Maker and am greatly surprised that her husband yelled at her for making rhubarb pie. I've just returned from an annual checkup at Mayo Clinic and a very famous physician told me that rhubarb was God's gift to humanity. He said it's the first edible plant to grow in the spring and one of the finest tonics a person can take.

ABBY

"My father lived to be 85 and my mother 89 and they never had any indigestion, constipation or stomach trouble. I know it was because we had rhubarb at our table daily."

A. J. T.

DEAR A. J. T.: I always thought rhubarb was just celery with high blood pressure, but after reading your commercial have much more respect for it. Thanks for the tip.

★ ★ ★

"DEAR ABBY: In a recent column you referred to a person who has been twice married and twice divorced as a "TWO-TIME-LOSER." I am in that category and resent it. Have been twice married and twice divorced and consider myself a "TWO-TIME-WINNER." When one WINS a divorce decree, she can hardly be called a "loser." I would appreciate a retraction."

A TWO-TIME WINNER

DEAR TWO-TIME: In MY book when a person wins a divorce—EVERYBODY loses.

★ ★ ★

"DEAR ABBY: I was and still am very much in love with a girl. She said she loved me too, but I found out she had lied to me about many things. I tore up her picture, but I can't tear up the picture I have of her in my heart. Please tell me how to get over loving her?"

BROKEN-HEARTED

DEAR BROKEN: Quit brooding—get interested in somebody (or something) else. Time is a marvelous healer.

★ ★ ★

"DEAR ABBY: I have a daughter just out of high school who would give a lot for a job in our local dime store. But do you think they would put her on? Oh, no! They have a bunch of old, grey-haired clerks who I am sure must have husbands who can support them. That's the reason so many young people can't get work. Do you think this is right?"

UP IN ARMS

DEAR UP: Most "old-grey-haired ladies" who work in dime stores work there because they HAVE to, not because they WANT to. You never know what's cooking in the other person's kettle til you lift the lid.

★ ★ ★

Two hundred and ninety-eight teachers attended the opening banquet and heard Ola Hiller, former state president, speak. Her topic was "Our Faith Shall Triumph Over Fear."

"The challenge of teachers in these times," said Miss Hiller, is to "move ahead by meeting each new day with faith that we can make a difference in the destiny of mankind."

Wise to Get Out of Black

Color Important to Senior Citizen

By JOSEPHINE LOWMAN

On May first there was a most interesting meeting in New York City. This was sponsored by The Federation of Protestant Welfare Agencies.

The object of this session was to inaugurate Senior Citizens Month and to bring together experts in different fields who could give help and bring stimulation to the older man and woman. The theme of the event was "Color in Your Life."

★ ★ ★

My readers know that this strikes a responsive chord in this writer's mind. For years I have been crusading against the habit of wearing only black, navy blue and dark brown from mid life on. Many women adopt black almost as a uniform after their fortieth birthday. There is sound psychiatric evidence that this is unwise.

It is depressing not only to the spirit but to latent beauty. I like what Kingsley Kunhardt, chairman of the federation's executive committee said: "Color enhances the twinkle and modifies the wrinkle. Color and personality are one."

Color can give your mood a lift as well as bring out the color of your eyes and complexion. It also gives you a change of pace which is stimulating and refreshing.

Every woman is many women. The range of personalities in one woman is amazing. Sometimes she is gay, sometimes sad, hectic, fascinating. Sometimes she takes nothing seriously while at others she seems to have the weight of the world on her shoulders. Every woman is commonplace with a pail of mop water in her hand or when in a dentist's chair. The mood, the setting and the background of the day, make the difference.

WE'RE INDIVIDUALS

Regardless of the variety of personalities latent in each person we all have our typical characteristics which make us stand out as 'individuals, which set us apart from the crowd. Every woman has an unforgettable self, that inner you which has been brought to the surface by some special mood or set of circumstances, that passing moment which created a facet in your personality that never will be forgotten by those who love you.

We would all do well to highlight our most attractive selves and hold the unattractive ones down with self-discipline. However, variety is one of the most magnetic things about a person. The feeling that there are unknown qualities to be discovered about another makes him or her eternally intriguing. A change of pace in personality is always refreshing.

Perhaps getting into a rut is the thing we women have to fight. We are responsible for so much daily routine that we are likely to allow our many selves to become buried in one outlook, and often it is a hectic outlook.

It is difficult to avoid triteness in personality and to keep the large, exciting view when we are involved in doing the same things day after day and in seeing the same people day after day. It takes real thought and effort if we are to succeed in highlighting our most attractive selves.

If you would like to have my leaflet "Grace and Charm" send a stamped, self-addressed envelope with your request for leaflet No. 57. Address Josephine Lowman in care of this newspaper.

Tomorrow: "A Lovely Back is an Asset; Keep it Straight for Beauty."

It is wise for the woman over forty to remember that her clothes should have color and pattern and not be exclusively black.

Congregational Women Meet for Luncheon

Rich Cookie Bars Have Three Separate Layers

By JANET ODELL
Pontiac Press Home Editor

We had to trace this recipe down through several cooks. It is very rich, but delicious. For dessert cut it into 2-inch squares. For a tea party make tiny bars.

Mrs. John Kotchian of Birmingham, a former food editor, got the recipe from her mother, who lives in Canada.

NANA IMO BARS

By Mrs. John Kotchian

½ cup butter or margarine
¼ cup sugar
5 tablespoons cocoa
1 teaspoon vanilla
1 egg
2 cups graham cracker crumbs
1 cup coconut
1 cup chopped nuts

Put softened butter or margarine, sugar, cocoa, vanilla and egg in a bowl. Set bowl in bowling water. Stir well until butter melts and the mixture looks like custard. It will be shiny.

Mix cracker crumbs, coconut and nuts. Add to custard mixture. Pack evenly in a 9x9 pan. Spread with the following icing.

Cream ¼ cup butter or margarine with 3 tablespoons of milk previously mixed with 2 tablespoons vanilla custard instant pudding powder. Blend in 2 cups sifted confectioners sugar. Spread over chocolate base. Allow to harden for about 15 minutes.

Melt 4 squares semisweet chocolate (or ⅔ small package chocolate bits) with 1 tablespoon butter or margarine. Spread over hardened icing. Cut into squares or bars when frosting has set.

Spadea's american designer pattern

High flying fashion is definitely on the trapeze, the silhouette that has caused talk, changed style thoughts and is certainly headline material. Harvey Berin's aerial act, charmingly carefree has a double set of grosgrain bands to underscore the bosom, focus on the waistline.

Fitted into the sides, the back swing flows from carefully cut fullness that starts from the shoulders, is gently increased. Make it in novelty cottons, shantung, linen, pique, sharkskin, rayon weaves and again later in the season in woolen mixtures or very sheer wools. From this chart select the one size best for you.

1,200 Play in Concert at State Fair

More than 1,200 children and adults, all clad in white, performed in a mass piano and organ concert at the State Fair Coliseum, Detroit on Sunday.

The concert was the 15th annual Michigan Music Festival sponsored by the Festival Teacher's Association and Grinnell Brothers. Director F. W. Smith conducted.

Piano students in a 50-mile radius of Detroit appear annually in the concert, considered the largest event of its kind in the world.

Grinnell Brothers underwrote all expenses and furnished the pianos and organs used in the festival.

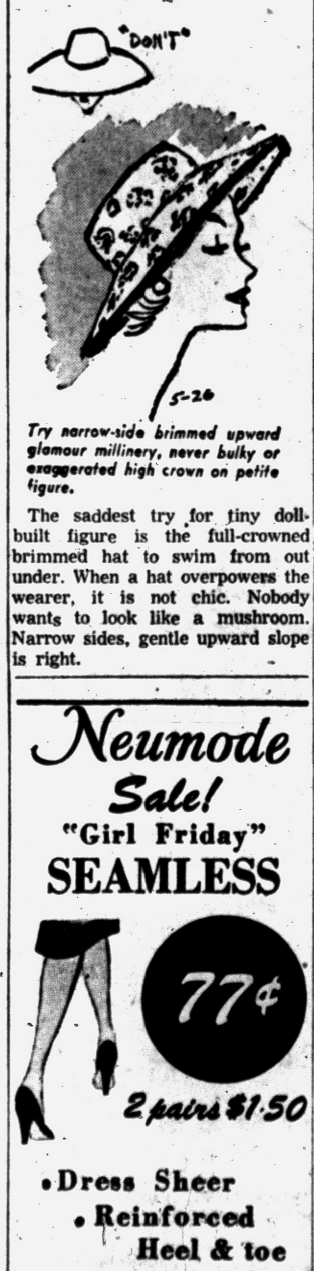

Grand Officers Are Guests of Esther Court

Friday night was the official visit of the grand officers of Esther Court, Order of the Amaranth at Roosevelt Masonic Temple.

Attending from Jackson was Mrs. Albion Hall, grand royal matron, and Pierre Shaver, grand royal patron.

Also attending were Mrs. Arthur Reek of Grand Blanc, grand associate matron, and Abraham Speigle of Kalamazoo, grand associate patron.

Initiated was Mrs. Virginia Rise. Mrs. Gretta Scott assisted by Mrs. May Worth, was in charge of refreshments. Pouring were Mrs. George Symons and Mrs. Frank Schultz.

Try narrow-side brimmed upward glamour millinery, never bulky or exaggerated high crown on petite figure.

The saddest try for tiny doll-built figure is the full-crowned brimmed hat to swim from out under. When a hat overpowers the wearer, it is not chic. Nobody wants to look like a mushroom. Narrow sides, gentle upward slope is right.

Hot Dog Not So Hot in Overseas Role

By RUTH MILLETT

The fact that hot dogs aren't selling like hot cakes at the Brussels World's Fair may be disappointing to Americans who hoped the hot dog would win friends among visitors from other lands.

New stories said high prices in the U. S. pavilion were to blame. But maybe there is a deeper reason.

The hot dog isn't just a sandwich. It's not because it tastes so good that Americans have a weakness for it.

To an American the unmistakable aroma of a hot dog doused with mustard brings back memories of happy times.

It is all tied up with football and baseball games, with carnivals and county fairs, with picnics and barbecues.

It smells of the great outdoors—because that is where it is usually eaten.

It is associated with youth, with crisp Fall days and moonlit nights.

But unless you are an American born and bred the hot dog doesn't have those happy associations. It has no association at all for the foreigner who knows the hot dog only by reputation.

For the foreigner, then, the hot dog is just a frankfurter — not too well seasoned — sitting in an elongated bun.

That's why we can send the hot dog to Brussels and expect it to win friends for us. Bring the foreigner to America and let him meet the hot dog on its own home grounds, and that might be a different story.

When we talk about something being as "American as the hot dog" we mean as American as the hot dog at a ball game or race track or back-yard barbecue.

We don't mean as "American as a hot dog sent to a fair in Brussels as a good-will ambassador." That's too high falutin' a mission for the lowly dog.

Resin Lenses Won't Break

Resin eyeglass lenses which are practically unbreakable, should be thrifty investments for young children, even though the initial price is higher than for glass lenses. And they are safer because the resin does not splinter if broken.

Resin lenses are also easier to keep clean since they only require washing with soap or detergent suds. In fact, authorities warn against the silicone-treated papers often used to clean glass—for the reason that they scratch and damage resin.

No Good Comes From Pushing Shy Child

By MURIEL LAWRENCE

Mrs. C.'s 10-year-old is timid with other children. When her mother invites them over, she hangs back until they ask her to play.

Mrs. C. writes, "She is acutely conscious of a mole on her arm and says the other children dislike her because of it. A friend tells me I am too anxious to have her popular. Do you agree?"

Mrs. C., it doesn't matter a whoop whether I think you're too anxious for your daughter's popularity. What matters is that YOU think you are—or your friend's opinion wouldn't be disturbing you.

Why are you so anxious for it?

Well, we usually experience great anxiety when we cannot do things we believe we ought to be able to do.

You, Mrs. C., obviously believe that you should be able to make your child the life of the party as readily as you whip up a cake mix.

The fact that popularity is not essential to her happiness has probably never occurred to you. The fact that shy people require time to develop self-assurance probably hasn't occurred to you, either.

For it's the peculiar hell of over-anxious people to ignore any facts that limit their power to pass miracles.

So when they have a shy child they can't turn into an overnight social sensation, they have tantrums. They start tormenting themselves with anxiety for their failure to do what they can't do just as a frustrated toddler will bang his head against his crib because he can't climb out of it.

Unfortunately, they will torment their shy child with the same cruel and unrealistic demands they make upon themselves.

They will push and pry at her to be properly aggressive, not because they are concerned with the child, but because her aggressiveness may produce the popularity that will enable them to tolerate themselves.

They'll invite neighbors' children over, not because they enjoy having them around, but because the children's presence may pass that miracle — and the shy child will suddenly stop being shy.

It doesn't work like that. Mrs. C.'s daughter will develop self-acceptance as she sees her mother accept herself as she is — guilty and innocent, good and bad, not needing any miracles.

If she's given this example she'll soon start liking herself as she is, including that mole, that fault, that imperfection on her arm.

Called Best of Them All

Using Biblical Technique for Artificial Respiration

NEW YORK (AP)—A biblical technique for artificial respiration, largely discarded in favor of other methods, now is being advocated once more as the best, after all.

Under the age-old means of resuscitation, the rescuer simply breathes mouth to mouth directly into the lungs of an unconscious victim.

"It's as simple as blowing up a balloon," says Dr. Vincent J. Collins, president of the New York State Society of Anesthesiologists.

★ ★ ★

At Collins' urging, the New York State Medical Society has officially adopted the method as most effective. He hopes the American Medical Assn. will follow suit at a San Francisco meeting next month.

Countless lives can be saved if people will acquaint themselves with the technique, Collins said.

He considers it three to four times as effective as other systems taught in years past, such as the back pressure-arm lift and Schaefer plans.

★ ★ ★

It is so simple that a 9-year-old child can successfully revive an unconscious man weighing 250 pounds or more, Collins said.

Others describe it as "unequivocally superior" to manual techniques in all age groups, and the only one which assures that an adequate volume of air will enter the victim's lungs.

Collins said the Red Cross already has recommended the mouth-to-mouth system in cases involving children and infants, and that some police and firemen have been given training.

He said the essential thing before applying it on any one is that the rescuer should be certain the victim's mouth and throat are clear of foreign objects.

The Bible relates this account of its use in II Kings, 4:32-34:

"And when Elisha was come into the house, behold, the child was dead, and laid upon his bed.

"He went in therefore, and shut the door upon them twain, and prayed unto the Lord.

"And he went up, and lay upon the child, and put his mouth upon his hands: and he stretched himself upon the child; and the flesh of the child waxed warm.

★ ★ ★

"Then he returned, and walked in the house to and fro; and went upon him: and the child sneezed several times, and the child opened his eyes."

Tax 'Equalization' Needn't Baffle

By HAROLD S. COHEN

One of the major stumbling blocks for laymen who are trying to understand their tax bill or discuss county and school property taxes is a thing called "equalization."

This word often heard as "equalization factor" is simple when understood, but can complicate any discussion on taxes when misunderstood.

What is equalization? Actually it is just what its name implies, an attempt to equalize assessments between various units of government.

Throughout Michigan, assessments of real and personal property are made locally. And assessors vary from city to city and township to township as to what standards of value they apply to property.

If these locally set valuations were left alone, it would work an injustice on property owners living in a city, township or village where the assessor used a higher standard of values than others did.

★ ★ ★

To minimize the differences, the county equalization board multiplies the local assessments by a number called an equalization factor before the county taxes are levied.

Hence a house valued at $5,000 for city taxes might be valued at $10,000 for county taxes if an equalization factor of 2 is applied to the city.

For the same reasons and in the same manner, the state equalizes between counties for its purposes. This state equalized value is then used by local school boards as the base on which they levy school taxes.

The result is that our $5,000 locally valued home, might be valued at $13,000 for school taxes.

★ ★ ★

The equalization factors used for each county by the state vary according to how much under an arbitrarily final valuation the State Equalization Board thinks the county valuation is.

The county factor is likewise determined by how much under the county-wide standard, the County Equalization Committee thinks a given community's valuation is.

So when you are talking tax rates and millages, it always is necessary to say whether the rate is levied on local valuation (as in city or village taxes), on county equalized valuation (county taxes) or state equalized valuation (school taxes).

WARM WEATHER FROLIC—Even Michael, the Kerry Blue terrier, feels a little happier when the warm breezes bring out the many blossoms on Oakland County trees. Here he gambols with Eleanor Doub, 5, of 1699 W. Square Lake Rd. in front of a flowering crab apple tree.

Arbiters Meet Success Here

Solve Dozens of Cases in Pontiac Between Debtors, Creditors

In its first six weeks, Pontiac's volunteer Unemployment Arbitration Committee has solved dozens of cases, although it lists only 14 official successes to its credit.

These fourteen were reported to the City Commission in a roundup of the committee's activities to date by its chairman, Fred V. Haggard.

"The committee has had continuous success and very good cooperation with all of our contracts," reported Haggard, president of the Oakland County CIO Council. "The creditors of our complainants have cooperated to the fullest extent."

Not only has cooperation been found in the fourteen cases brought before the full committee by formal application through the City Clerk's Office, Haggard said, but informal results have been found equally satisfactory.

"Many persons facing debts without financial resources have got in touch with committee members individually, or been referred to them by their union or social agencies," Haggard said.

"The majority of times, these are cleared up simply by getting the debtor and creditor together. In fact, usually there would have been no threat of foreclosure, had the debtor got in touch with his creditor in the first place."

As for the fourteen applicants, a satisfactory solution has been or is being worked out for everyone concerned, Haggard said.

The committee meets at 9 a.m. Fridays at City Hall. Others on it are James Spence, Rev. H. C. Shankle, Mrs. Mildred Bennett, Ralph Becker, Merle Voss and Wayne Gabert.

Delegates Endorse Stellato to Congress

DETROIT (UPI) — Carl Stellato, Democratic candidate for Congress, today had the endorsement of the 16th Congressional CIO Precinct delegates.

The delegates endorsed Stellato by a vote of 97 to six for incumbent John Lesinski Jo., in a meeting at the Moose Club in Dearborn.

The delegates unanimously endorsed Stellato's demand that excise taxes on automobiles be eliminated and that an immediate 25 per cent reduction on the 1957 income tax should be made.

WORKING FOR SMOOTH RIDE—Ronald J. Leighton, standing, Pontiac Motor Division Advanced Engineering Dept. employe, works with computer operator Harold Bergstrom at the GM Technical Center on an IBM computer used to solve complex engineering problems.

GM Engineers Seek 'Robot' Car

Perhaps within a few years Mr. Traveling Salesman will pull into his driveway after a long, 12-hour stint behind the wheel of his auto, hurry into his home, and suggest an evening of dancing to the little woman. Fatigued? "Not the least bit."

If this scene becomes a reality, the credit might very well go to one of America's new guard of engineers—maybe to a forward-thinking youth such as Ronald J. Leighton, General Motors Institute grad and current employe of Pontiac Motor Division's Advanced Engineering Department.

Leighton, who makes his home at 560 E. Montcalm St., recently completed his GMI fifth year project—development of an analytical analysis of car motions, using the GM Technical Center's IBM 704 digital computer.

Although the modest, 24-year-old Leighton is quick to admit that his findings were not "earth-shaking," he believes that further car motion development work with the IBM "Robot" might eventually bring the motorist and his passengers a near-perfect ride similar to that experienced by the jet pilot.

"Using the 704 we intend to pass a mathematical car model over simulated adverse road conditions, testing various designs and modifications of suspension systems with speed and ease," Leighton pointed out.

"If successful," he continued, "this process will eliminate immediately those suspension systems not conforming to good ride characteristics before a nickel is spent on parts for actual road test applications."

The IBM, which executes instructions at 40,000 per second and multiplies eight-digit numbers, reduces to a matter of minutes the calculating time on an anlysis previously requiring weeks and even months by one or more engineers using the slide rule. Thorough mathematical analysis of a complete suspension system was thus impractical prior to development of the digital computer.

Leighton, who devoted a month's study to the Tech Center's 704 before tackling his project, emphasizes that "the 'Robot' is a mathematical machine which can only prove or disprove mathematical information —it can't think for you nor can it anticipate the changing tastes of the car driving public."

The youthful Pontiac engineer currently divides his time between the Company and the University of Michigan where he will soon complete his master's degree of Science and Mechanical Engineering.

He is one of three Leightons employed by the Division — father, Fred L., is supervisor of the Billing Department, and uncle, Myron L., is General Manufacturing Superintendent. Leighton is married to the former Verna Lee Woszczak of Inkster.

First 30 Men Get Relief Jobs

County Expects 350 or More Hired by June Under New Program

Thirty men today became the first group of Oakland County unemployed residents to go to work under the county's new work relief program.

George H. Burt, director of the social welfare department which has set up the program, said he expected "350 men, if not more, to be working" under the program by next month.

It has the approval of the Oakland County Board of Supervisors and the Michigan Social Welfare Commission.

Work is assigned to those unemployed subsisting on county welfare purchase orders for necessary commodities such as food and fuel.

"Their pay of $1.50 an hour takes the place of these orders," explained Burt.

The work is of a type which otherwise would not be accomplished by cities, townships or county departments. "Persons employed under the work relief program will not replace any regular employes," Burt said.

He said there were 1,269 unemployed persons on relief rolls qualified for the new program.

To date, Burt's department has received requests which would put 350 men back to work on 26 various projects scattered throughout the county.

"Many of these men are very anxious to get to work after being without it for so long," the director said. He added that the program will continue "as long as economic conditions like those today prevail."

Those men that started work today have been employed mostly in township road clearing projects.

New Goliath Born in News Agencies

NEW YORK (UPI)—The appearance of a new credit line—UPI—in newspapers and on the air throughout the world last weekend marked the birth of United Press International.

It was formed when United Press and International News Service joined forces.

United Press International now sends news and pictures to more newspaper and radio clients than were ever served by an independently operated news and picture agency.

It is estimated that UPI has more than 6,000 correspondents around the world and delivers its news and picture services over a leased wire system of approximately 500,000 miles.

★ ★ ★

Prior to the consolidation the United Press had 2,494 newspaper and 2,398 radio and television clients. International News Service served, directly and indirectly, approximately 3,000 newspapers, radio and television stations, magazine and special service clients.

The logotype of the new global news and picture network began appearing in newspapers shortly after 10:30 a.m. (EST) Saturday when the services were physically amalgamated. Actually, the consolidation took place on May 16, but the announcement was delayed to allow time for working out technical details.

Frank H. Bartholomew, who was president of UP, is president of UPI. J. Kingsbury Smith, who was general manager of INS, is vice president and associate general manager.

"The consolidation of the two services," Bartholomew said, "will assure a stronger competitive news and pictorial-news report to newspapers, radio and television stations throughout the civilized world.

"Like the newspapers dependent upon us for news, ours will be a business organization, collecting and distributing one of the world's most perishable products, news. We believe private enterprise with a profit incentive is the best guarantee of objective coverage of the world news, exactly as it is for the subsequent publishing of that news in the great independent newspapers of the world."

★ ★ ★

The former INP picture network was installed in the UP newspicture bureau in New York and the UPI telephoto desk took control. The best pictures from the new pool were fed into the joint system with all clients immediately receiving the benefit of the consolidation of the services.

Among those joining UPI immediately was Paul R. Allerup, former managing editor of INS. He became features editor of UPI in charge of developing special news projects.

United Press Movietone News (for TV stations) is a part of UPI. Telenews, a newsreel film television service, continues to be operated by the Hearst interests.

★ ★ ★

United Feature Syndicate and King Features Syndicate were not included in the consolidation and will continue to operate independently.

Changes Sought in Travel Bans

U.S. Would Open More Areas to Soviets if Russia Does Same

WASHINGTON (AP)—If the Russians will let Americans visit Omsk, Russians can sample the sights of Seattle . . . or Louisville, Ky, if Americans can go to Tomsk . . .

Seattle and Louisville, both off limits to Russians, are among the places the United States is offering anew to open to Soviet visits if the Kremlin will abolish its barriers restricting foreign travel in the Soviet Union.

★ ★ ★

Altogether, 25 U. S. cities and 13 different groupings of U. S. territory have been closed to the Russians in retaliation for Soviet closure of cities and areas of comparable size to foreign visitors.

In a new appeal to Moscow, the State Department offered to open any or all the U. S. closed zones if the Soviets will reciprocate.

★ ★ ★

In a note to the Soviets, the latest appeal over a period of several years, the United States called once again for elimination of all travel restrictions. But the note said that since the Soviet Union had not even replied to a similar proposal last November, this country is offering a new and more limited deal in hopes some parts, at least, would be accepted.

★ ★ ★

Under the U. S. proposal, this country would match opening for opening—like Louisville for Tomsk or the state of Maryland for the Soviet provinces of Moscow, Kaluga and Vladimir.

In addition, the United States offered to open three different groupings of highways in return for removal of Soviet travel curbs on certain of its highways.

Nurse Charged With Murder

Body of Baby, Dead for 11 Years, Found in Her Steel Trunk

NEW BOSTON, Tex. (AP)—A former Army nurse was held for murder today in the death of a baby whose body was said to have been kept in a trunk for 11 years.

★ ★ ★

Sheriff W. J. Watlington of neighboring Texarkana, Tex., lodged a murder charge late yesterday against auburn-haired Mrs. Rose Powers, 46.

★ ★ ★

The sheriff quoted the tall, comely nurse as telling officers she bore the child illegitimately 11 years ago while living alone in a house trailer near Augusta, Ga.

He said her only explanation for keeping the body was: "I just couldn't bear to get rid of it."

Watlington said her husband Elburn Powers, 42, called officers after discovering the body in his wife's steel foot locker Saturday night.

★ ★ ★

"She was charged with murder because she had a dead body in her possession and no satisfactory explanation as far as we were concerned," the sheriff told newsmen.

He said the partly decomposed body, packed amid clothing with a preservative powder, was surprisingly well preserved. A physician told investigators, however, that he could not determine the cause of death nor the sex of the baby.

★ ★ ★

Watlington said Mrs. Powers came here from Nashville, Tenn., three weeks ago to work as a registered nurse in the county hospital of this northeast Texas town.

Has Kim Novak Given Trujillo His Car Back?

HOLLYWOOD (AP) — Has Kim Novak given that $8,500 sports car back to Lt. Gen. Rafael Trujillo Jr., who gave it to her? Or hasn't she?

★ ★ ★

The actress said two weeks ago she was going to return it to the 29-year-old son of the Dominican Republic leader. That was when she learned young Trujillo has a wife and six children back home, a wife he has since said he is divorcing.

Then, Friday night at a Hollywood party, Miss Novak said she had given the car back. But in Kansas City, Mo., where Trujillo is staying while attending the Army Command and General Staff School, an aide of his said she hadn't.

In Hollywood, the agency that sold the auto said it was in the shop for a 300-mile checkup and that Miss Novak had given instructions to return it to her.

★ ★ ★

Since then the actress has been no help at clearing up the mystery. She instructed whoever answers the phone at her home to say that at this time she would make no further comment about the car.

City Man Slightly Hurt Losing Control of Car

A driver whose car went out of control Sunday evening suffered minor injuries when he sheared off a utility pole and knocked down a parking sign.

★ ★ ★

Francisco Vasquez, 37, of 268 S. Shirley St., told officers he was driving north on Bagley, between Fisher and Rockwell, when he lost control of his car.

Vasquez was treated at St. Joseph Mercy Hospital for lacerations of the eye.

$3,000 Stolen at Pharmacy

Burglars Enter Through Ventilator on Roof of Pontiac Store

Some $3,000 in cash and checks were stolen from Perry Pharmacy, 689 East Blvd. by burglars who forced open a small office safe and looted cash registers.

The thieves entered the store through a roof ventilator Friday night and took about $294 from three unlocked cash registers.

They then broke open a wooden cash drawer and took another $200. The safe, from which they pried the door, held a bank deposit bag containing $1,600 in cash and $600 in checks.

They also took about $300 in small bills from the safe along with six watches valued at $60 and $25 in costume jewelry.

Saturday night burglars also attempted to open a safe at the Detroit Creamery, 370 Orchard Lake Ave.

They moved a 2,200 pound safe about three feet from the wall but were unable to open it and left without taking anything.

Applications Due for AF Academy

Candidates for appointment to the Air Force Academy next year must submit their applications to Congressman William S. Broomfield (R-Oakland County) by June 12 at Room 1422, New House Office Bldg., Washington 25, D. C.

Broomfield said 11 applicants will be chosen from Oakland County to compete in examinations for his one nomination to a four-year course.

The candidate must be a citizen of the United States; of good moral character; at least 17 years old and not yet 22 by July 1, 1949; unmarried, and must never have been married; and medically qualified for flight training.

Cement Workers Back on Job With Wage Hike

ALPENA (AP) — Work has resumed at the Huron Portland Cement Co plant after a two-week strike by 1,500 members of Local 352, United Cement, Lime and Gypsum Workers Union.

Negotiators reached agreement Saturday on a new contract providing hourly wage boosts of 6 to 13 cents.

On Friday a U. S. District Court order had been issued at Detroit barring pickets from blocking Detroit and Mackinac railway equipment from entering the plant.

Lifetime Desire Filled for 7 Residents

Serve as Extra Policemen in Waterford

By REBA HEINTZELMAN

There are seven residents in Waterford Township who devote most of their spare time serving on the police force without pay, simply because — "they always wanted to be a policeman."

★ ★ ★

These unsung heroes travel with the regular patrol day and night, answering calls, aiding accident victims and checking business establishments — strictly on their own time.

Selected by Waterford Township officials for their excellent qualifications from 42 volunteer applicants, the men have had a rigid 10-weeks training course in police and first aid work.

They have been deputized by the Oakland County Sheriff to carry licensed guns and have the same authority to maintain law and order as a full-time patrolman.

As a reserve unit, the men are on 24-hour call duty, and all are under the jurisdiction of Police Chief Millard J. Pender.

Recently, all of the policemen chipped in and purchased $500 worth of bullet reloading equipment to save money on target-practice ammunition.

Although each man in the reserve has always yearned to be a real police officer, other elements are also responsible for their unselfish contribution to society.

★ ★ ★

Thirty-eight year old David Putnum, a technician at General Motors Truck and Coach knew that the department needed men after the cutback last June. His secret desire to be like his policeman-father never quite left him and he said, "I know now that this is the type of work that I should have made my life's occupation."

Clayton Hall, 36, said that he has been "in and out of uniforms ever since he was as high as a grasshopper." He served for six years in the Army Military police.

High school teacher Steve Hubbell, 26, was formerly a Waterford Township policeman, and has worked in the sheriff's department. He keeps "in touch," by working as a reserve officer.

★ ★ ★

Former detective Charles Griffith, 29, felt that his experience and training would help benefit the community. When he isn't patroling, he is helping to build the new Our Lady of the Lakes School on Dixie Highway.

Because David Roberts decided that he was too old at 36 to start thinking of police work as his career, he is now satisfying a lifetime ambition, by being a member of the reserves.

G. M. Truck and Coach Projects engineer Harvey Gilchrist, 42, is also giving his time because of the "ever since little-boy" desire.

★ ★ ★

On Memorial Day, each man will be paired with the regular Waterford Township patrolmen — taking calls from lake residents, as well as controlling the anticipated thousands of tourists on Waterford Township highways, according to Chief Pender.

Provides More Accurate Map

Measure Earth With Gravity

COLUMBUS, Ohio (AP)—Scientists are using gravity to get their first real, unclouded look at the gnarled, wrinkled face of old Mother Earth.

★ ★ ★

A seven-year research study based on hundreds of thousands of gravity measurements throughout the world is leading for the first time to accurate mapping of the bumps and dips in the earth's surface.

But that's only half the result of the years of massive computation by electronic calculators. The scientists also are getting more accurate measurement of distances.

The renowned Finnish scientist, Dr. Weikko A. Heiskanen, has headed the big Air Force-sponsored study at Ohio State University since it started in 1952.

He points out that the study already has shown, for instance, a correction of several hundred feet in the distance between Europe and North America.

Who cares? An Air Force missileman aiming a rocket at a point several thousand miles away cares very much.

How can measuring gravity determine the shape of the earth?

The force of gravity becomes less the farther away an object is from the center of the earth. Thus a person standing on a mountain weights an infinitesimal fraction less than when he is standing in a valley.

By comparing changes of gravity scientists can arrive at a picture of the shape and size of the earth.

The shape of the earth has been computed in Columbus at about 6,000 points.

Scientists of 35 nations have helped the Ohio State Laboratory assemble all of the world's available gravity data. The data includes important observations taken from submarines by Dr. F. A. Vening Meinesz, a Dutch scientist, and a Columbia University group headed by Drs. Maurice Ewing and J. Lamar Worzel.

★ ★ ★

Traveling by air under another Air Force research contract, a group led by Dr. G. P. Wollard of the University of Wisconsin has aided the Ohio State project by connecting all continents and many islands to the world gravimetric system.

2 Firemen Are Killed in New Jersey Blaze

HIGHLAND PARK, N. J. (AP)—Two volunteer firemen plunged through a burning roof and burned to death today.

The victims were identified as Russell Molimock, about 39, father of five children; and William Graff, about 37, father of two.

They were fighting a fire at Ten Broeck Motors, Inc.

To Seek Potter's Seat in Senate This August

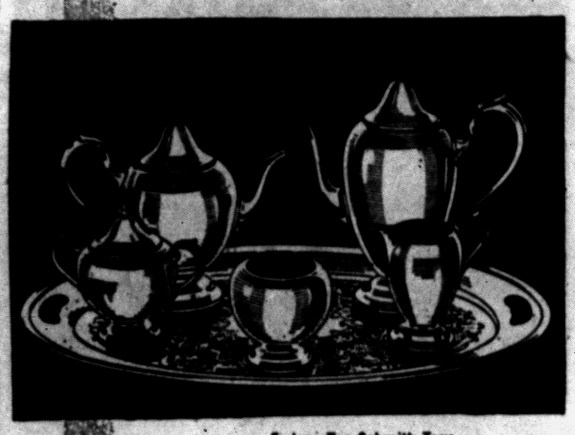

Joseph Kadans, 45, a Detroit attorney, has announced he would seek a seat this August in the United States Senate now held by Michigan Sen. Charles E. Potter, a Republican. Kadans is a Democrat.

A part-time teacher at Great Lakes College in Detroit, Kadans in 1954 was secretary of the Wayne County Assn. of Benevolent Organizations which sought to legalize charity bingo.

Area Fruit Growers Eye Frost Damage

Oakland County area fruit growers today are assessing frost damages estimated in the thousands of dollars following last night's severe frost.

Carl Bailey, district horticultural agent for southeastern Michigan, said some growers reported temperatures as low as 24 degrees. Temperatures haven't dropped this much at this late a date in the past 100 years, he said.

Pears, plums and cherries affected by frost at this stage would be a complete loss, Bailey said. Apples and peaches would not be so seriously damages.

Catholic War Veterans Elect New Officers

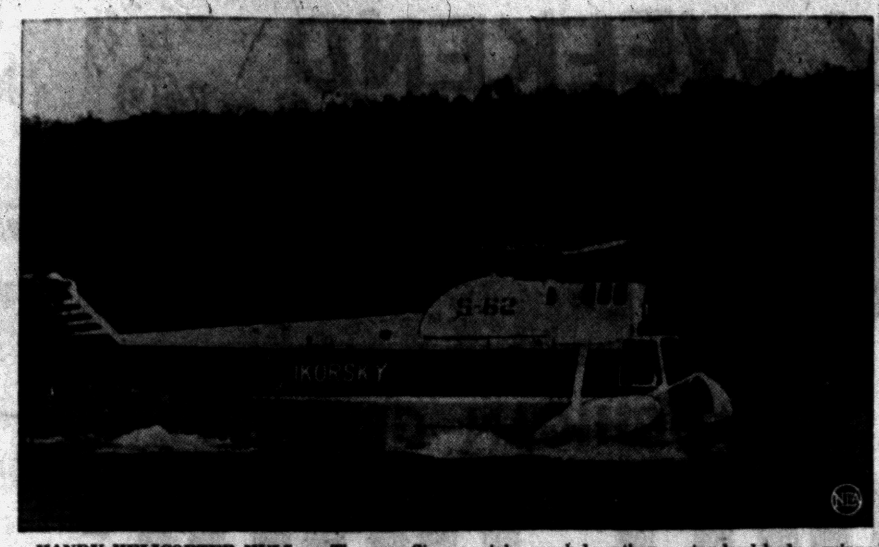

GRAND RAPIDS (AP) — Chester Kotecki of Grand Rapids is new commander of the Michigan Catholic War Veterans.

★ ★ ★

He was elected yesterday as the organization concluded its annual convention in Grand Rapids. Other new officers are Edward Keblaitis, Detroit, first vice commander; Wayne Clawson, Allegan, second vice commander; William A. Karpowicz, Grand Rapids, third vice commander and John F. Kamsickas, Grand Rapids, treasurer.

★ ★ ★

Mrs. Anna Cunningham of Detroit was elected president of the organization's auxiliary.

HANDY HELICOPTER HULL — The new Sikorsky S-62, shown at Stratford, Conn., is the first amphibious helicopter built with a flying boat-type hull. The hull makes the craft suitable for operation from water, land, ice, snow or swamp. It weighs much less than a standard body equipped with inflated pontoons for amphibious landings. It also eliminates much of the drag connected with pontoons.

Dem Leaders Hear Delegates

'Issues Day' Conference at Lansing Draws 200 Eager Spokesmen

LANSING (AP) — Tax reform, aid to education, constitutional revision — those should be in the Democratic party platform this year, say spokesmen for nearly 50 nonpolitical groups.

★ ★ ★

Michigan Democratic leaders held their second annual "Issues Day" Conference here Saturday and drew more than 200 delegates eager to give advice on how to win votes in the November election.

Republicans plan a similar session to sound out public opinion in advance of platform-drafting at the August state conventions.

Spokesmen for retail gasoline dealers, druggists and tavern keepers said the business activities tax is unfair to small business and complained that big retailers get preferential price treatment from manufacturers.

The Michigan League of Women Voters urged Democrats to abandon their opposition to the way delegates will be chosen if a state constitutional convention is approved in November. It said such a convention "works for the public as a whole, not special interests."

Educators urged a bonding program for college construction. Other groups represented included the AFL-CIO; the Michigan Good Roads Federation; Michigan Architectural Society and Crippled Childrens Commission.

Youth, 19, Confesses to Burglaries Here

Four Pontiac burglaries are believed solved with the confession of a 19-year-old youth arrested by Clinton Post state troopers Thursday night.

Thomas Postell of 24 Walnut St. was among four persons held by the troopers after a routine check of their car disclosed a number of rifles and shotguns and a revolver.

Postell was turned over to Pontiac officers and admitted the burglary of Travis Hardware, 456 Orchard Lake Ave., on May 7 in which the guns were stolen.

According to Detectives James Bale and Alan Noble, Postell also admitted breaking into the Woodward-Earlmore Service Station on April 24 and stealing the revolver; Oman's Sunoco Station, 180 Orchard Lake April 19, and Don's Service, 415 Orchard Lake, on May 5.

Michigan Elks Elect Club President for '59

CADILLAC (AP) — V. W. Rouse, Battle Creek trucking executive, will become president of the Michigan Elks Assn. in 1959, succeeding Nelson H. VanDongen of Grand Rapids.

He was named yesterday in elections at Cadillac where about 2,300 persons attended the organization's 54th annual convention, a three-day event which had opened last Friday.

Members voted Port Huron the 1959 convention city.

Bob Considine Says:

Father Regards Son on Sixteenth Birthday

NEW YORK (UPI)—A son of ours is 16 today. We look up at him—on a parade grounds at his military school — and know the muteness of all parents who pause to regard their handiwork.

We think of him as he was the day he came, now that he looms there in uniform privately hoping we won't embarrass him by showing him that we like him. He weighed seven pounds and seven ounces, was bald as an egg and had rosy jaws. He was a big, bawling male, sure enough. We wondered who we'd give the accumulated girl clothes to. We were that sure, what with our first one having been a boy.

★ ★ ★

At the christening, godmother Inez Robb and godfather Joe Connolly alternated in holding him. It was a struggle. He yelled bloody murder—his voice echoing through St. Patrick's Cathedral.

"A genius," Bugs Baer said. "Only four weeks old and he's already joined the choir." Inez kissed her godson on his dear egg head, further anointing him with lipstick marks. The kid quit the choir.

We took a deep breath that day and rented a suite at the Waldorf and with the help of a friend named Toots we bought some "tiffany," as Joe Jacobs called champagne.

Launch the kid right, we said. The picture we remembered most—looking at him on his birthday—was one in which I held him in the center of a group of sports people: Dan Parker, Henry McLemore, Grantland Rice, Cappy Wells, Mike Jacobs and Frank Stevens. "Can't miss being a sportswriter," we all agreed.

But when he got old enough he said to hell with it. Yet he, the product of a couple hardly able to distinguish the white from the black keys on a piano, can make fine music — and pick up almost any other instrument and play it. And speak algebra, and strange languages like that.

What do you tell a kid at 16? Come in out of the rain? Be good? Prepare yourself for the golden age of the atom? Money doesn't grow on trees? Study hard?

There must be something to be said at this particular milestone—but we couldn't remember what was said to us, years ago, and then we knew he wouldn't remember what was said to him today, either. But he had a message for us, the faltering, the uncertain.

★ ★ ★

"Tell Sandy (his girl) that I'll see her this summer," he said. The band boomed and he marched away.

Nice bloke named Arthur Maisel, who names his New York restaurants after states, usually, started out just 15 years ago with a borrowed $3,000 and a ham and eggery. Last year he grossed $10,000,000. He has given restaurant management courses at several universities, and something else: Working closely with parole boards he has put more than 200 former prisoners to work in his places or in other jobs, spreading his own luck among men and women who had none themselves.

New York is filled with colorful figures, but few have the dash and virtuosity of my friend Michael Alexander Werboff, the artist.

Mike, who has painted just about all of the world's great men and women, was born in the Ukraine, studied in Petrograd under the great Kardovsky, fought the Bolsheviks, escaped, lived the Bohemian life of the Left Bank, made the Salon des Tuileries.

His works hang in museums from the Metropolitan to the palaces of Spain. Not long ago he turned down a chance to sing the Emile de Becque role in a touring "South Pacific," so fine is his voice, so virile his manner.

Lousy golfer, though.

If the Brothers Minsky put on Francoise Sagan's arty ballet "The Broken Date," they'd be not only arrested but deported.

Seats Taken for Martian Flight

Reds All Booked Up

TOKYO (AP) — "Sorry, all booked up for Mars," Moscow radio said this weekend.

★ ★ ★

It was the reply of Russia's Sputnik project chief to four Japanese interplanetary travel volunteers.

"We don't have plans yet to launch a manned space ship," the broadcast said.

★ ★ ★

"But even if we were to send a space ship with men aboard to Mars, it may be difficult to accommodate so many candidates," Moscow added.

Dramatic Finish Wins 4th State Track Title for Chiefs

Final Victory in 880 Relay Clinches Crown

Manning Wins 2 Races, Coats Takes 880; Vault Record for Alcorn

By H. GUY MOATS

FERRY FIELD, ANN ARBOR—Pontiac Central High's defending Class A state prep track champions Saturday afternoon proved to one of the strongest fields in many years in this event that they are real champions — by winning their 4th straight MHSAA crown in as dramatic a finale as the most rabid fan could desire. Chiefs edged Flint Northern 43½ to 41 and a fifth points.

★ ★ ★

The band of 17 Chiefs had to battle two other Saginaw Valley opponents all the way. And, as the events started to run out in the afternoon, Northern's fine squad set up a lead that made it necessary for Pontiac to win the finale — the 880 relay.

The lineup had the finest — and the fastest sprinters in the big meet running for Northern, Flint Central, Lansing Sexton, besides Pontiac.

That was the competition, and for the first three "legs" it looked rough for the Chiefs. Dickie Keller led off, trailed Northern and Central's runners at the exchange. Jim Hawkins and Danny Sowell ran their legs off, but couldn't cut down the Flint Schools' lead.

The dramatics began when Manning grabbed the baton, shot out to go even with Vikings' Phil Gaines, caught Ron Watkins in the stretch, drove ahead to win by a foot or two, and assure the championship for the Chiefs. Watkins edged Gaines by inches for 2nd place.

★ ★ ★

Manning's efforts were outstanding in a day of fine performances, despite the fact that only three records were set, one by Birmingham's brilliant vaulter, Bill Alcorn, who erased Forest Naveaux's 12 foot-7¼ inch mark of 16 years standing. The Maples' junior sailed over 12 feet-11 and ¾ inches, missed a try for 13 feet.

★ ★ ★

Rem Purdy, Grosse Pte. junior, clocked a dazzling 4:21.8 mile, seven seconds under the former mark. The slim Pointer's time is the best ever run by a Michigan prep. Purdy forced Chiefs' fine miler, Larry Beamer to a 3rd place finish, behind Lincoln Park's Jerry Bashaw. Both probably would have been under or close to the record.

Farmington's great hurdler, Warren Cawley, took both highs and lows, hitting a record 19 seconds flat in the low sticks. Sowell was a close second in the latter race.

A former Pontiac boy spoiled another high jump win for Arzo Carson, surprise winner in the recent regional. Jim Lawson now of Highland Park, won at 6 feet 3 and ¾ inches. Carson tied for 2nd.

Chiefs and Flint Northern each turned in four winners. But Dean Wilson's hard pressed crew came through with cluth victory. Chiefs' Manning took the century and furlong, ran the "winning leg" of the 880 relay, while Roger Coats grabbed a fine half mile triumph.

★ ★ ★

Norb Bader's Vikings' victories were Phil Gaines' and Wright's 440 wins, Wright hitting a 49.9 time, only 2-tenths of a second off the record; Harvey Martin's win the 2nd 880 and Gillard's win in the broad jump. Northern was 3rd in the all-important 880 relay.

One of the day's tragedies for an area athlete was the unexpected injury that robbed Walled Lake's Frank Fink of a chance at 2nd place in the pole vault, and wound up his activities for the season. Fink had just cleared 12 feet four inches. As he landed in the sawdust pit his right leg was cramped beneath him and he suffered a bad muscle sprain in the ankle area.

★ ★ ★

Class B titlist is East Grand Rapids; Boyne City in Class C and Brethren in Class D. Three area athletes were winners in B and C. Jim Drake of Orion won the 100 in 10.1, at MSU. Cranbrook's Tom Noteware took a 51.7 victory in the "B" 449, and OL St. Mary had a champion in "C" on husky Joe Waluk's 52-8½ shot toss.

Chiefs' final action is on Saturday, in the University of Detroit relays.

Saginaw Valley undergrad meet takes place Tuesday in Flint.

You can't blame Willie Shoemaker if he considers the $100,000 added Californian at Hollywood Park a jinx race.

Last Saturday Shoemaker was aboard Round Table, the 1 to 9 choice. He was beaten 4½ lenghts by Neil S. McCarthy's Seaneen, lightly regarded at $17.10 for $2.

MEDAL PLAY CHAMP — Chuck Kocsis, the dominant figure in Michigan amateur golf circles for many years, stands behind the John J. Pomeroy Memorial Trophy, emblematic of supremacy in the Detroit Medal Play Championship. Kocsis won the 4th annual tournament last weekend at Indianwood Country Club with a 72-hole total of 296, eight strokes over par. Chuck's victory, his 2nd in this event, broke the two-year reign of Bob Babbish from Detroit Golf Club.

Chuck Kocsis Champion of Indianwood Tourney

Chuck Kocsis, who won the first Detroit Medal Play Golf Championship ever held four years ago at Red Run, methodically shot his way to another Sunday afternoon at Indianwood Country Club.

Despite his claim that he was playing badly, the veteran amateur star from Red Run hit them well enough to finish two strokes ahead of his nearest contenders, Bob Babbish of Detroit Golf Club and Nick Weslock from Essex in Windsor.

Entering yesterday's final 18-hole round with a two-stroke lead over Ben Smith of DGC and Harold Brink of Blythefield, Kocsis fired a three-over-par 75 for a winning 72-hole total of 296, eight strokes above regulation.

Although Kocsis failed to match par on any round, steadiness paid off. His previous rounds were 74-73-74.

Smith pulled even with Chuck on the 10th hole yesterday, but fell behind for keeps on No. 12 when he scrambled to a bogey six. He carded 78 and wound up in 4th place with 301.

Brink birdied the 12th hole to tie Kocsis, then lost out for good with a bogey on the 14th. He posted 76 for a 299 total and a 3rd place tie with Indianwood's Sam Kocsis, Chuck's brother.

Sam shot the greatest single round of the tournament yesterday, a one-under-par 71, and preceded it with a 72 on Saturday for a powerful finish after shooting earlier scores of 75 and 81.

Babbish and Weslock ended in a deadlock for 2nd with 298 totals. Babbish, who won the title two years ago at Red Run and again last year at DGC, fashioned a closing 74 while Weslock finished with 73.

Indianwood's rolling 6,929-yard layout played long and hard for the talented amateur field and Sunday's brisk winds made it even tougher.

Final scores:

Chuck Kocsis, Red Run	74-73-74-75—296
Bob Babbish, DGC	75-75-74-74—298
Nick Weslock, Essex	75-72-77-72—298
Sam Kocsis, Indianwood	75-81-72-71—299
Harold Brink, Blythefield	76-75-72-76—299
Ben Smith, DGC	77-73-73-78—301
Chick Hendrickson, Edgewood	74-78-75-75—302
Tom Draper, Red Run	76-75-80-73—304
Glenn Johnson, Grosse Ile	74-78-76-78—306
Bob Whiting, Red Run	82-74-78-77—311
Jerry Berles, Grand Rapids	78-77-79-77—312
Jim Funston, Plum Hollow	80-78-80-75—313

Tigers Give Nats Cellar

Aguirre Comes Through to Win Nightcap, 6-3

Kaline Gets Four Hits in Twinbill Including a Home Run

DETROIT (AP) — A 20-game winner who had not pitched in two weeks, a bullpen worker making his first start of the season and the inefficiency of the Washington Senators — all these added up to a pair of Detroit Tiger victories Sunday.

It was an unusual day all around. Despite the Tigers' recent woes, including a nine-game losing streak, 19,145 spectators turned out for a doubleheader at Briggs Stadium Sunday. The Tigers responded with 7-2 and 6-3 triumphs over the Senators.

That enabled the Bengals to unload last place upon the Senators, who now occupy the basement, three percentage points under the Tigers.

★ ★ ★

Today Detroit had a day off and manager Jack Tighe went to his home in Spring Lake for a visit with his ailing wife.

Jim Bunning got credit for the first game victory although he required assistance from Bill Hoeft, who was making his first relief appearance of the season. Out since May 11 with a pulled muscle below the ribs, Bunning yielded single runs in the first and third innings but pitched creditably.

The Tigers scored twice off starter Russ Kemmerer in the fourth as Harvey Kuenn doubled and Al Kaline, Reno Bertoia and Red Wilson singled. Kuenn doubled home a run in the fifth after three Washington players allowed Frank Bolling's pop fly to drop safely for a two-base hit.

★ ★ ★

Three walks and a base hit produced another Detroit run in the seventh and the Tigers got to Dick Hyde for three in the eighth for insurance. Bolling tripled home two runners who were on via a single and a base on balls, then Billy Martin flied out, scoring Bolling.

Hank Aguirre drew the second-game pitching assignment, partly on the strength of his relief success and partly because the Tigers had no one else available to start. This was the lean southpaw's first start since September 1956 when he defeated the Tigers while with Cleveland.

Though he tired in the sixth inning — Aguirre said "I had to force myself to throw hard after that" — the veteran bullpen pitcher stuck it out until there were two out in the ninth. When the Senators scored their third run on Bridges' second hit of the contest, the Tigers summoned Vito Valentinetti to face Jim Lemon.

TITLE WINNERS — Here are the first place winners for PCH in Saturday's great state track title winning effort, their 4th straight. The quartet at top is the 880 relay team that nipped Flint Central and Northern at the finish line, for a dramatic last event victory, 43½-41 and 1/5 (Northern) and 31 and 1/5 for Central. Bob Manning, left, holding the coveted title trophy ran a terrific come-from-behind final "leg" to assure the victory. Jim Hawkins ran 2nd leg, Jim (Dickie) Keller (2nd from right) 1st leg, and Danny Sowell, right, 3rd leg. Keller holds the relay trophy. Kneeling is Roger Coats who won the first 880 race. Manning also won the 100 and 220.

Castoffs Star Against Old Mates in NL Play

By THE ASSOCIATED PRESS

Four National League clubs—Milwaukee, Chicago, Cincinnati and St. Louis—learned yesterday just how vicious can be the vengeance of a castoff.

★ ★ ★

Taylor Phillips, Sammy Taylor, Bob Rush, Bill Wight, Curtis Flood, Harvey Haddix and Steve Bilko were the men who gained sweet revenge from teams which had traded or cast them adrift.

Phillips, dealt by Milwaukee to Chicago last December, pitched the Cubs to a 1-0 victory over the Braves in the first game of a doubleheader. Catcher Taylor involved in the deal that brought Rush from Chicago to Milwaukee, scored the only run of the game. Then Rush softened the pain by pitching the Braves to a 5-2 victory over the Cubs in the nightcap.

★ ★ ★

Flood, traded by Cincinnati to St. Louis last winter, singled in the two runs that gave the Cardinals a 4-2 first game triumph over the Redlegs. Wight, released by the Reds, quenched a bases-loaded, one-out threat in the seventh and went on to hurl hitless ball for 2 2-3 relief innings.

Harvey Haddix, traded away by St. Louis two years ago, pitched the Redlegs to a 7-4 second game victory. Bilko, another ex-Card, ignited the Reds' four-run fourth inning with a home run.

★ ★ ★

In the only other league action, the San Francisco Giants continued their amazing winning ways, sweeping a doubleheader from Pittsburgh, 5-2 and 6-1. The twin triumphs increased the Giants' first place margin to 2½ games over runner-up Milwaukee.

The scheduled single game between Los Angeles and the Phillies in Philadelphia was rained out.

★ ★ ★

A 15-minute rhubarb in the fifth inning of the opener featured the Giant-Pirate twin bill. The fracas started when Pittsburgh pitcher Vernon Law sent Ruben Gomez, his rival pitcher, sprawling with a high pitch.

Plate umpire gFrank Dascoli warned Law and Pirate Manager Danny Martaugh dashed from the bench to intercede. He exchanged words with Gomez. The pitcher swung his bat, the manager swung his fists. Neither one connected.

Murtaugh was ejected but not before both benches had emptied to the delight of the sellout crowd of 35,797.

★ ★ ★

A seventh inning double by Jim Davenport and a scoring single by Willie Kirkland snapped a 2-2 tie in the first game. Bob Speake's two-run homer helped Ramon Monzant beat rookie Curt Raydon in the second.

Lane Faces Dupas in Bout Tonight

DALLAS, Tex. (AP)—Kenny Lane, top contender for the world's lightweight championship, will be a strong favorite tonight to beat Davey Dupas of New Orleans in the feature event of a Dallas boxing card.

With a shot at champion Joe Brown in the offing, Lane, 26, predicted he would win. The 20-year-old New Orleans battler said the same.

Yanks Win Pair to Lead by 9

AL Wide Open-for Second

By THE ASSOCIATED PRESS

There's a whale of a race going on in the American League—for second place.

Forgetting the New York Yankees—and how those other seven clubs wish they could—the teams are so closely congregated that only three games separate the second place Boston and eighth place Washington teams.

Alas, the runner-up Red Sox are nine games behind the runaway Yankees who swept a doubleheader from Cleveland yesterday 6-1 and 6-3. Boston beat Chicago 6-3 in the first game but the White Sox gained a split with a 4-3 decision in the nightcap.

Detroit vacated the cellar for Washington, defeating the Senators twice 7-2 and 6-3, and Kansas City stopped Baltimore 4-0.

★ ★ ★

Boston with a 19-18 mark is the only American League club other than the Yankees with a better than .500 won-lost percentage. The Red Sox got that in the first game against Chicago on Ted Lepcio's three-run homer and Frank Baumann's six-hit pitching.

Luis Aparicio's only hit—a ninth inning single—drove in Jim Landis with the run that gave Billy Pierce and the White Sox the second game triumph.

★ ★ ★

Home runs did it for the Yankees against Cleveland. Yogi Berra's three-run homer in the first game was enough for Whitey Ford who pitched a six-hitter for his fifth victory. Three-run homers by Elston Howard and Enos Slaughter in the sixth inning of the nightcap gave Johnny Kucks his third victory.

Dick Tomanek had struck out eight Yankees and did not walk a man until two were out in the sixth. Mickey Mantle hit safely in both games to run his batting streak to 14 games.

★ ★ ★

Ned Garver continued his fine comeback, pitching a two-hitter for the Athletics against the Orioles. It was the veteran right-hander's third shutout and sixth victory against one defeat. The A's sewed up the game in the first inning with a three-run attack against young Milt Pappas. After Bob Cerv singled home his 32nd run of the season, Bill Tuttle and Whitey Herzog followed with run-scoring singles.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Combination Pull and Hook.

DIAGNOSIS: Moving Off the Ball with Backward Sway.

Treatment: The treatment any professional would prescribe here is the old standard, "Keep Your Head Still." But let's go further into the matter than that and see just why those bad shots go so far to the left of target.

As you can see from the illustration, when the body sways back off the ball on the backswing, you are, in effect, lined up with the ball far differently than you were at address — you're really aiming in another direction. This is itself is bad enough.

But you've also increased the distance that the hands must travel before the clubhead contacts the ball. Thus the hands have that much more time in which to start rolling over and shutting the clubface.

The body being behind the ball at impact causes the big pull, and the rolling hands add the hook to the pull. The result is generally disastrous.

Teeing Off

By BILL CORNWELL

Carl Rubelman, president of the Indianwood Country Club, is justifiably proud of his magnificent layout and he can't understand why the course rating should be as low as 69.

There are nearly 40 of Michigan's finest amateur golfers who played there over the weekend who are perfectly willing to agree with Rubelman that 69 is too low—much too low.

Indianwood, which measures 6,929 yards from the championship tees, was host to the 4th annual Detroit Medal Play tournament Friday through Sunday and par was just as elusive as a leaf in a strong wind.

The boys used the back tees during the 72-hole tourney and that, coupled with recurrent stiff breezes, made Indianwood's par 35-37 — 72 course play long and hard for all, including champion Chuck Kocsis.

Par was almost a superhuman opponent. Kocsis himself was unable to equal or better regulation figures in four 18-hole attempts.

It was Chuck's brother Sam who furnished the par-busting heroics with a one-under 71 in Sunday's closing round, the only sub-par effort in the entire event.

Only two even par rounds were accomplished and Sam got into the act once again as he and Harold Brink turned the trick with 72's on Saturday.

Chuck's winning total of 296 actually provides the best example of par's evasiveness. He was eight strokes above the standard.

The toughest single hole on the course was the 190-yard par three 17th. Out of 115 rounds played, there were three birdies, 40 pars and 22 double bogies on the 17th hole.

Glenn Johnson, Gene Woodard and John Driver shared the distinction of shooting the three "birds." Johnson played the hole like he owned it, getting three pars in addition to his birdie.

SHORT PUTTS

Jim Pilz from Detroit Golf Club was a hero for one hole Saturday when he aced the 218-yard par three 5th with his No. 4 wood. He hit a perfectly straight shot dead to the pin and the ball rolled into the cup for a hole-in-one.

Pilz, 30-year-old sales engineer, fired the oddest golf of the tournament. He opened with 91, chopped off 10 strokes for 81, cut eight more during his "ace" round for 73, then jumped up to 85 at the finish.

In contrast to the inconsistency of Pilz was Indianwood's Leo Daigle, who had three consecutive 78's before ending with 82.

Balding Chuck Kocsis may be 45 years old, but as far as his competitors are concerned, his game hasn't slipped a bit. He proved it over the weekend.

Bowler Sets 8-Game Record With 1,769

SYRACUSE, N.Y. (AP) — The local boy made good Sunday in the American Bowling Congress Masters Tournament. Martin Piraino of Syracuse won the eight-game qualifying test with a record 1,769.

Piraino, 34 and a left-hander, rolled games of 236, 181, 245, and 214 for an 876 aggregate on top of an 893 in the opening block Saturday. He averaged 221 for his two-day outing and rolled 200 or better in five of his eight games.

Illinois Spotlights Big 10 Meets

By THE ASSOCIATED PRESS

Four Big Ten schools won conference spring sports championships over the weekend with Illinois' victory in track taking main billing.

The Illini, who took the indoor crown last March, edged defending outdoor champion Indiana 46-41 in the 58th annual meet at Purdue. The sharp competition produced five conference records and matched another as well as a world mark.

Purdue won the golf crown for the fourth time in six years with a best five-man 72-hole aggregate of 1,522 strokes over the Ohio State course. Indiana was runner-up with 1,544.

Purdue's 18-year-old John Konsek took the individual title with a 293 for the four rounds. John Liechty of Iowa was next with 295.

★ ★ ★

The tennis championship went to Iowa for the first time in history. Iowa led the competition on Northwestern's courts with 57½ points to Illinois' 46½ for second place. The Hawkeyes' Art Andrews won the singles crown, defeating Indiana's Gerry Parchute 6-0, 6-1 in the showdown.

Andrews teamed with Bob Potthast for doubles honors.

Minnesota gave home fans a thrill by sweeping a doubleheader from Michigan State 3-2 and 2-1 to capture the baseball pennant for the second time in three years. The Gophers ended the regular season with an 11-3 league mark and MSU took second with 10-5.

The highlight of the spring season came in track. Ohio State's Glenn Davis tied the world record for the 440-yard dash in :45.8. Other conference marks hoisted were:

Shot put—Bob Henry, Minnesota, 56 feet 11½ inches; 880—Dave Lean, MSU, 1:50.1; two miles—Len Edelen, Minnesota, 9:03.2 and mile relay—Indiana (Berry Williams, Mike Smith, Reggie Laconi and Harold Caffey), 3:11.7.

Willie May of Indiana equalled the Big Ten 120-yard high hurdles mark of :14.0.

In gaining the team title Illinois scored in 10 of 13 individual events and was fourth in the mile relay. The Illini's only firsts were scored by Ernie Haisler in the high jump (6-6½) and Bob Mitchell in the 220-yard dash (:21.3).

OTHER CHAMPIONS: Mile — Deacon Jones, Iowa, 4:09.2; 100—Wilmer Fowler, Northwestern, :09.6; 220 low hurdles—Pete Stranger, Michigan, :23.9; broad jump—Greg Bell, Indiana, 25-6¼; pole vault—Bill Jones, Purdue, and Stan Lyons, Ohio State, tied at 14-3¾; discus—Jim Marshall, Ohio State, 172-1.

THE TABLE OF POINTS
TRACK—Illinois 46, Indiana 41, Ohio State 35, MSU 23½, Minnesota 16, Iowa 15, Purdue 13, Michigan 11½, Wisconsin 8, Northwestern 7.
GOLF—Purdue 1,522 strokes), Indiana 1,544, Minnesota 1,551, Ohio State 1,554, Iowa 1,558, MSU 1,572, Illinois 1,575, Wisconsin 1,577, Michigan 1,580, Northwestern 1,604.
TENNIS—Iowa 57½, Illinois 46½, Michigan 44½, Northwestern 32, Indiana 25½, MSU 14½, Minnesota 11½, Wisconsin 9½, OSU 4½, Purdue 2½.

In Carmen Basilio's first Madison Square Garden appearance he broke his hand in 1950 against Vic Cardell.

Archie Can Set KO Mark Tonight

By THE ASSOCIATED PRESS

The next time Archie Moore knocks out an opponent he will become the KO champ of all time. Charlie Norkus, the Port Washington, N.Y., veteran could be the unwilling victim tonight in San Francisco.

★ ★ ★

Moore, who admits 41 although the record books claim he is 44, has 126 knockouts according to a fight-by-fight count of his record dating back to 1936. That puts him in a tie with the late Young Stribling who stopped 126 from 1921 to 1933.

Campy Offered Ring Job

NEW YORK (AP)—A new life dawned for Roy Campanella today.

The ex-Dodger catcher and three-time most valuable player in the National League was lifted out of bed and placed in a wheel chair for the first time since his tragic automobile accident on Jan. 28 left him paralyzed from the waist down.

His playing days over, Campy not only found himself off his back, but all set to take up a new job offered to him by Gov. Averell Harriman.

The state's chief executive looked in on Campanella yesterday and told him that an $8,000-a-year post as deputy boxing commissioner was his for the asking.

★ ★ ★

"His face lit up and he said he had always been interested in boxing and would be glad to take on the job," reported Gov. Harriman.

The governor said Campy can start the job right now while undergoing treatment at the New York University-Bellevue Medical Center if he desires.

Roy and former batterymate Carl Erskine held a happy reunion yesterday when the Dodgers were rained out at Philadelphia.

"I never spent three more pleasurable hours. "He's got the same round face and he always is smiling," commented Erskine after the meeting. He said Campy asked about the team the troubles Duke Snider and Don Newcombe are having, Willie Mays and the Giant rookies and-of-course-about the short fence at LA. "Boy, I would like just one crack at that screen," Carl said Campy chuckled.

EML Baseball Tournament Set

Play Starts Tomorrow in 2-Game Elimination Event

League champion Ferndale will be the strong favorite in the 1st Eastern Michigan baseball tournament which starts Tuesday.

Birmingham, Royal Oak Kimball, Hazel Park, Port Huron, Mt. Clemens and East Detroit will compete in the three-day event.

The new event will hold 2nd round games Thursday with the championship and consolation games set for June 3 as a night doubleheader at Memorial Field in Royal Oak.

The tourney will be played on a two-game knockout basis. First game losers will remain in competition in a losers' bracket leaving the victorious teams to battle for top honors.

Tigers Sign Collegian

DETROIT (AP) — The Detroit Tigers signed University of Wisconsin pitcher George Schmidt to a minor league contract Sunday.

3,263 Pounds of Tuna Caught in Five Days

CAT CAY, Bahamas (AP)—William K. Carpenter of Montchanin, Del., won the Cat Cay tuna tournament Sunday with a five-day catch of seven fish aggregating 3,263 pounds.

★ ★ ★

Carpenter caught his seventh trophy, a 429-pounder, Sunday in the windup of the tournament.

Maples Take Class A Golf Title

Single Stroke Is Birmingham Margin of Win

Champs Entered Today in Press Tournament on City Course

Birmingham, the newly crowned state class A golf champion, was back in action today as defending titlist of Pontiac Press Invitational which is taking place today at the Pontiac Municipal Course.

The Maples, who have won the Press tourney four times in the past five years, are favored to do it again today.

At Battle Creek over the weekend, coach Carl Lemle's linksters edged out Flint Central, 314-315, in a field of 16 teams, which saw Pete Green lead the Maples with a 38-38—76. The meet was very close and four putts by Flint Central's Wayne Kramer on the 18th was a deciding factor.

Joe Belfore, Jr. of Grosse Pointe was "A" medalist with a 35-36—71. The Pointers finished 10th as a team.

Other Maple scores showed Dick Taylor with 78, Gary Mouw with 80 and Warren Sumner with 80.

In class B ranks, Hillsdale and Tecumseh tied for honors at Kalamazoo with 326 totals. East Lansing was third and Royal Oak Shrine and Kazoo State High tied with 331 for fourth places.

Medalist honors however went to Bud Badger of Bloomfield Hills who shot a two under-par 70. The Barons finished in 8th place, West Bloomfield was 12th with a 368 total.

Badger's 70 was six strokes ahead of second place Albert Lefere who had 76.

Colin Campbell shot an 80 for Shrine followed by John Howting with 82, Frank Syron with 84 and Ed Dupke with 85.

Keego's low man was Terry Kelly with 88.

Play in the Press tourney started at 8:30 a.m. this morning with 15 teams participating.

8 Newcomers Among Qualifiers

33 Ready for '500'

INIANAPOLIS (AP) — Thirty-three fastest drivers in the Indianapolis Motor Speedway's long history will wheel their glittering racers onto the old brick and asphalt track Friday when the Purdue band plays "Back Home in Indiana" for the start of the 42nd 500-mile auto race.

★ ★ ★

The 33 drivers' average qualifying speed was 143.272 miles an hour. It beat the 1956 record of 142.507 set when rules permitted engines almost 10 per cent bigger than the present limit of 256 cubic inches of piston displacement.

Eight newcomers made the lineup in two weekends of time trials that ended yesterday — but veterans will fill the first three of the three-car rows and defy the rookies to pass them.

★ ★ ★

Dempsey Wilson, a 31-year-old veteran of 12 years' experience on other tracks, had to make trial runs in two cars before he got one fast enough to stay in the lineup. He made it in the last hour with a Sorenson Special.

The only other driver who finished his 10-mile trial run Sunday as one of the best 33 was big Bill Cheesbourg of Tucson, Ariz., who qualified for his second start in a powerful Novi V-8.

★ ★ ★

Cheesbourg's car is a twin to the Novi which grandpa Paul Russo, oldest man in the field at 44, qualified last weekend for his 12th start. He has been second twice but never has won.

Johnnie Parsons of Van Nuys, Calif., winner of the rain-shortened 1950 race, was the only former Memorial Day champion in the field. He'll start from the second row in a Gerhardt flat-engine job that was the sixth-fastest qualifier.

★ ★ ★

A. J. Foyt of Tucson, 23, is the youngest driver in this year's field. His 12th place start is the highest for a rookie. He will be a definite contender in the rebuilt Dean Special, winner of the 500-mile race at Monza, Italy, last year with Jimmy Bryan at the wheel.

Other veteran contenders will include Tony Bettenhausen, who has been in the big race 11 times; Jim Rathmann, runner-up last year, a starter eight times; Rodger Ward, seven times; and Jimmy Reece, Don Freeland and Eddie Johnson, five times.

880 CHAMPION — Chiefs' lanky co-captain, Roger Coats, Saturday added a half-mile state prep title to his 1957 mile championship, in the state Class A section at University of Michigan's Ferry Field. Coats (at finish, above) hit 2:01.0 for the 1st 880. Wylie Rogers (Flint Central) turned a 2:00.1 win in the second 880 event. Chiefs won their 4th straight MHSAA title.

All-Stars Go on Hit Spree

Blast Seven Home Runs for Easy 20-1 Triumph in Women's Softball

All-Stars of the Women's City Softball League went on a hitting rampage to feature Sunday night's two-game program at North Side Park.

Seven home runs, two by Marlene Sternberger, came off All-Star bats as they clubbed a total of 20 hits for a 20-1 rout of Costello's Trucking & Excavating.

Supporting Sternberger's two homers were single round-trippers by Bernice Dennis, Ronnie Oldham, Mary Lou Carrothers, Connie Reaver and Katy Boykins.

Commerce Drive-In Theater collected a dozen safeties during a 14-3 conquest of Michigan Bell in the other scheduled women's contest. Elaine Jones homered for Commerce while Gerry Brown hit a circuit clout in defeat.

In men's exhibition play at Beaudette Park, Elks No. 810 gained a 6-1 verdict over Drayton Drug of the Waterford League and Carl Rose slammed a two-run homer for Shaw's as the Jewelers defeated the Southfield Sports Mart, 8-2.

Class B Baseball in Debut Today

Class B City League baseball will make its debut today in Pontiac when Talbott Lumber meets Varden's on the aycee Park No. 1 diamond at 5:30 p.m.

Four teams make up the "B" loop—Kuhlman Electric, Boys Club, Talbott and Varden's.

The Class B circuit, organized and sponsored by the Pontiac Parks and Recreation Department, is designed to serve as a stepping-stone to city Class A baseball.

Under the previous set-up, players were forced to make the jump from Class D to the "A" ranks.

All games will be played on the Jaycee field starting at 5:30 p.m.

Pontiac Duo Bows in Semifinals

Cranbrook 1st, Maples 2nd in Net Regionals

Cranbrook won its own Class B regional in easy fashion Saturday and Mt. Clemens and Birmingham were set to finish 1-2 in today's Class A windup at the Crane courts.

The host team upset 1957 state champion Hamtramck by one-half a point in a dramatic "A" finish at Dearborn while defending state titlist Grosse Pointe University School breezed to the C-D crown.

Cranbrook, which had all the finalists, completely dominated the "B" action piling up 22¾ points to 6¾ for runnerup St. Clair. Fitzgerald finished with 4, Lakeview had 3, St. Stephen 2½ and Bloomfield Hills 1.

Tom Bray won the singles title by whipping teammate Ed Sun 6-2, 6-0. The doubles team of Pete King-Bob Klein trounced fellow Cranes Ossie Jacobson and Bill McQuilkin 6-2, 6-1.

★ ★ ★

Both "A" singles finalists are Mt. Clemens netters. Battling for doubles honors will be the Tom Watson-Jeff Crawford duo of Birmingham and Henry Parkinson-John Bucholz of Mt. Clemens.

Watson - Crawford eliminated Pontiac's Henry Von Matre and Dick Mallory in the semifinals after an impressive showing by the Chief duo.

Class A team scoring going into the finals had Mt. Clemens with 13¼, Birmingham 9¼, Ferndale 4½, Southfield 4¼, Pontiac 3½, Royal Oak Dondero 3¼, Port Huron 3, Berkley 1¾ and Royal Oak Kimball ¾.

★ ★ ★

At Dearborn, Dearborn finished with 13½ points, Hamtramck and Grosse Pointe 11¾ in a three-team battle. Far behind were Edsel Ford 3¼, Livonia and Allen Park 2¾, Fordson 2, East Detroit 1¼ and Highland Park 1. Hamtramck had won the regional six straight years.

The C-D scores had the winners with 17½, Ypsilanti Roosevelt 6½, Ann Arbor University High 5½, Almont and Pontiac St. Michael 1 each, Marine City ¾ and Armada 0.

Bob Mineweaser of St. Michael and Almont's Dave Bishop scored the only points for their teams with singles victories Friday.

Marlene Bauer Wins Tournament

ASHEVILLE, N.C., (AP)—Marlene Bauer Hagge is $831 richer today because she didn't let the pressure bother her in the final round of the 54-hole Land of the Sky women's open golf tournament.

In the sudden death playoff, Marlene's second shot was a fine 6-iron to four feet from the pin, and she sank her putt for a birdie 3. Jo Ann had a par 4 that earned her second money of $641 of the $5,000 purse.

Rosewall Replaces Hoad, Loses Opener

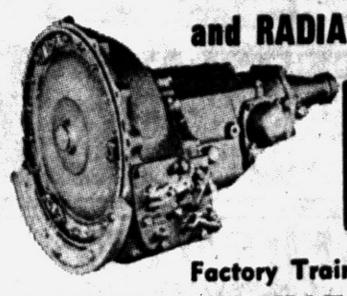

SALT LAKE CITY (AP)—Ken Rosewall made his first 1958 appearance on the professional tennis circuit Sunday but lost the singles championship to Pancho Gonzales, 10-8, at the Salt Lake City Tennis Club.

In the doubles, Gonzales teamed with Tony Trabert to defeat promoter Jack Kramer and Pancho Segura, 8-3.

Rosewall replaced Lew Hoad, his Davis Cup teammate from Australia who was forced to quit the tour Friday because of a leg injury.

Wimbledon tennis officials said they have returned $448,000 in tickets requests for the tournament which will be played June 23 — July 5. It has long been sold out.

Ups and Downs of the French Republics

Political crises are nothing new in France. Sketched above is succession of governments that have ruled the country since the revolution of 1792.

★ ★ ★

The guillotining of King Louis XVI in 1793, ended the feudal system in France. It made way for the First Republic. Disorganization and lack of leadership paved the way for Napoleon Bonaparte to march from military leader to First Consul of the Republic to Emperor as Napoleon I in 1804.

A disastrous campaign in Russia and finally complete defeat forced Napoleon into exile on Elba in 1814.

The feeble rule of the restored Bourbons made his return easy. But, following the famous "Hundred Days" (March-June, 1815), and the crushing defeat at Waterloo, Napoleon was exiled for good.

Following the bloody political revolution of 1848, Louis Napoleon, nephew of the first Emperor, was elected president of the Second Republic. Later, heading the Second Empire as Napoleon III, his armies were beaten by Bismarck in the Franco-Prussian War of 1870.

★ ★ ★

Humiliating concessions to the Germans forced him from power. The Third Republic was formed in 1871 with Louis Thiers as its first president. This unstable government (99 cabinets in its first 65 years) lasted until World War II.

Following the war, General de Gaulle, leader of the Free French, took control of a provisional government which was replaced in 1947, with the Fourth Republic. Its first president was Vincent Auriol.

Knowland Gets Nod From Nixon in Bid

RIVERSIDE, Calif. (AP)—Vice President Nixon sent a telegram yesterday endorsing Sen. William F. Knowland (R-Calif), who seeks the California Republican nomination for governor.

★ ★ ★

The message from Washington, D. C., was to a Republican rally in Riverside that Knowland attended. The senator was in California for a weekend of campaigning.

★ ★ ★

"As a Californian," Nixon said, "I am proud to be able to work and vote for a man who in every respect will be worthy to lead our state into the exciting era in which it will become the first state in the nation." Californians predict their state's population will exceed New York's in a few years.

Many Nassers Born

CAIRO (INS)—Great confusion is anticipated within a few years when mothers call their children in the Middle East. Since 1956, 3,300 male infants in Syria alone have been named after United Arab Republic President Gamal Abdel Nasser.

Mother Knows Best

CUENCA, Spain (INS)—Asked why he had waited so long to end his bachelorhood, 83-year-old Miguel Sanchez Aristas replied on the eve of his wedding: "My mother always advised me against getting married too young."

Offering Kim Novak Bit in 'Mrs. Casey Jones'

By LOUELLA O. PARSONS

HOLLYWOOD (UPI) — "Beach Boy," based on a book and which will star Kim Novak, will in all likelihood be preceded by one day of work for Kim in Doris Day's picture, "Mrs. Casey Jones." There is a scene in "Casey" with a guest panelist who is one of the top stars in the country, and Sam Briskin sees Kim in that role and Richard Quine, the director, agrees.

I have always been very fond of Kim and I hope for her sake she doesn't accept any more expensive cars and jewels. She's a girl who likes a good time but doesn't always use her head. And since she loves her career and has so much at stake, I am hoping she'll go back to being the Kim I first knew when she came to our town.

Judging by past performances of of the hits written by Leon Uris, I can't say that Otto Preminger, Arthur Krim and United Artists are taking any financial risks in buying the up-coming Uris novel, "Exodus."

From the Orient where he is traveling, Otto sends word to me that he's acquired this dramatic novel dealing with the refugees who fled to Israel to escape Nazi persecution. Under the executive supervision of Krim, Otto will produce and direct Uris' story starting in September. If it makes the money "Battle Cry" rang up (also written by the same author) it would be a smash.

Second purchase made is Pierre Boulle's "Ways of Salvation." Need I remind you of the millions also chalked up by Boulle's "Bridge on the River Kwai"?

A personal request from Clifton Webb is responsible for Dorothy McGuire agreeing to co-star with him in "The Remarkable Mr. Pennypacker" for 20th Century-Fox. Ever since Dorothy played in "Three Coins in the Fountain" with Clifton, he has felt she is good luck for him. I might add she is also a mighty fine actress.

Dorothy is now in Spain and she has cabled she will return to play Clifton's wife and the mother of eight children. This is the second "Dorothy" for "Pennypacker." The other is Dorothy Stickney who was signed last week.

A happy Olivia De Havilland called long distance from Washington, D.C. This time her husband, Pierre Galante, and little daughter, Gisele, came with her from France, and Livvy said:

"I've just come back to the hotel from the Women's National Press Club Luncheon. Pierre had fully intended to go with me but Gisele had a nervous reaction from the long plane trip from Paris. Our nurse speaks only French so Pierre thought he should remain with her."

Olivia remains in Washington for her appearance on the Cerebral Palsy broadcast then takes to the road on a P.A. tour with "Proud Rebel."

Snapshots of Hollywood collected at random: Jerry Lewis telephoned that the deal for Marie McDonald to play opposite him is all signed. I know that makes her happy.

John Beck's 19-year-old daughter, Ann Louisa, is marrying John Owens, son of Jack Owens, on June 7 at St. Theresa's Church in Phoenix. John will be there to give his daughter away, and he's very happy over the marriage.

It's a seven-pound, 11-ounce boy for the Al Corfinos. Papa is head of casting at MGM.

Mrs. Paul Muni has done a great job of recovering from her heart attack and is getting around again. Paul will sing in the musical version of "Grand Hotel."

All About Men . . . Chapter Thirteen

There's Still Fire in the Furnace

By JOSEPH H. PECK, M.D.

When an old plough horse tries cutting coltish capers he usually winds up panting, and the same thing happens to husbands of fifty or so who get mixed up with other women.

Just because there's snow on the roof, these vintage Casanovas say, "Don't think there's no fire in the furnace."

★ ★ ★

This immature attitude explains the saying, "There's no fool like an old fool."

At about this time man discovers that his mate is becoming less responsive to his demonstrations of affection, and performs her marital duties with about the same enthusiasm she shows when she is washing dishes.

The husband is prepared for her mood swings, fits of unprovoked crying, and hot flashes. He is most helpful with advice.

"Why don't you go down and have Doc give you a shot?" he says.

★ ★ ★

But he cannot accept the idea that any female could ever grow tired of his love-making.

Besides, from the moment he is born, he has felt complete only when some woman's arms were entwined about him. His romantic life is still near its peak, so just what is the poor devil going to do?

Since the time of his marriage, he has scarcely looked at another woman with anything more than the friendly interest inherent in all males, and has never dreamed of breaking his marriage vows. But now brutish Nature asserts herself.

THE WOMAN KNOWS

Every man has to meet this problem, and it is to the glory of the race that so many conquer their impulses and continue down the straight and narrow road.

But there are those who feel that once they are away attending a convention, one little lapse won't be found out, nor will it hurt anyone.

Predatory females seem to know within the minute when old John is most susceptible to their charms.

It may all begin with some giddy little creature who would not for the world think of having an affair with him. She is merely trying out her technique, sharpening her claws.

★ ★ ★

She straightens out his tie, even if she has to yank it out of line to do so, and brushes an imaginary speck of dust from his collar. Later she tells a friend at the water-cooler that she has the boss' blood pressure on the rise.

Then along comes a dame whose chances of getting a mink coat legitimately are fading fast. She picks up the scent.

Pretty soon he is barreling down a strange trail, fearful of the precipices, but unable to check his speed, since his brakes aren't nearly so powerful as his engine.

Every doctor gets involved in these husband-wife wrangles. Mrs. Jones comes in and says old John has gone off his rocker, and she wants the doc to check his sanity. He is stepping out with some little chick after dark, and it's the doc's business to stop it.

Being a man first and a doctor afterward, I would inquire does she try as hard as she once did to satisfy his needs?

SEPARATING THE WOMEN

She shrugs and reminds us that we saw her through the "change" years ago, and naturally she isn't the passionate creature she once was.

If you know your patient, now is the time to pound the desk and ask why she didn't put the marriage contract on a term basis if she intended to void it when she was 48 or 50.

This separates the girls from the women. Either she tears out of your office determined to win her man back, or she bursts into tears and calls all men brutes, you included.

Of course, there are some understanding dames who have their own little ways of bringing heels to heel.

★ ★ ★

One gal came into my office and told me she knew her husband was fooling around with another woman, and she feared he was about to confess his transgressions to her.

I advised her to throw him off balance. He would expect tears and recriminations, and probably pictured himself with his head in her lap while he promised to sin no more, as they do in the movies. I also assured her that if he did make any promises, he would keep them for a week at the most, so the forgiving wasn't worth the results.

★ ★ ★

I learned the sequel from the errant husband years later.

"Well," he said, "my wife cured me once when I got out of the home pasture. I felt it only fair to confess my sins to her, and she looked at me in a funny way and began to cry.

"I tried to tell her how sorry I was, whereupon she said she wasn't crying because I had been unfaithful, but because I had found it necessary to take up with such a hideous old bag. She even suggested that I come to see you and get some of those new sex hormones. She looked me over every time I left the house, suggesting things I might do to improve my appearance. And, damn it all, I knew all the time that she was laughing at me. I have never looked at another woman since."

★ ★ ★

Never forget that old wives are like old shoes. New ones look attractive in the store window, but think how they will make your feet hurt.

Grain Futures Prices Steady

CHICAGO (AP)—Prices of all grain futures were steady in light to moderate activity today on the Board of Trade.

★ ★ ★

Dealers said there was some scattered buying by interests which had liquidated their positions over the weekend because of uncertain weather conditions.

They said wheat which now is nearing maturity in some sections, is at a stage of growth where widespread damage can be caused in a short time and that heavy futures commitments must be protected.

★ ★ ★

Nearly all prices had firmed up well toward the end of the first hour. At that time wheat was ¾ to ⅞ cent a bushel higher, July 1.86⅝¼; corn ⅜ to ⅞ higher July $1.28⅜; oats unchanged to ⅛ higher, July 60¾; rye ½ to 1 cent higher July $1.20; soybeans 1 to 1¼ higher, July $2.27¾; lard unchanged to 3 cents a hundred pounds higher July $12.42.

'Give Us Arms' Is Cry in Tunis

5,000 Course Through Streets in Anti-French Demonstrations

TUNIS (UPI) — More than 5,000 anti-French demonstrators marched through the streets of Tunis today shouting "Give us arms" and demanding the evacuation of all French troops still in Tunisia.

★ ★ ★

The demonstration was staged as President Habib Bourguiba announced he would deliver a radio address to the nation this evening.

Unofficial reports circulated here that the Paris government had told Bourguiba it was ready to order the 20,000 French troops still in Tunisia to regroup and concentrate at Bizerte, France's big naval base stronghold on the Mediterranean.

The reports were widely believed, but they did not ease the tension which has been building up here after repeated bloody clashes between French and Tunisian forces in the southern part of the country over the weekend. At least five men were killed and the dispute threatened to spill over into the United Nations despite U. S. and British efforts to localize it.

★ ★ ★

Furthermore, the Tunisians remained deeply skeptical that the French forces in the field would obey any order to regroup at Bizerte which comes from the present government in Paris.

Austria Produces First Small Car

GRAZ, Austria — Austria's first postwar small passenger car, the Steyr-Puch Fiat 500, recently rolled off the assembly line at Graz.

The new car is a 16-horsepower, 2 cylinder rear engine 4-seater with top speed of about 60 miles an hour. Except for the body, imported from Italy, it was manufactured locally. The factory price is 23,800 Austrian schillings or $915. It can operate 50 miles on a gallon of gasoline.

Output is to be increased from the present 15-unit daily production to 60 units a day. Annual output is scheduled to reach 15,000 cars, eventually.

Just Cruising Along

CLEARFIELD, Utah (AP) — An agitated woman excitedly called Police Chief Alf Padgett and reported a mysterious white sedan was gliding by her house at regular intervals. The investigation was short-lived. The sedan turned out to be the police department's shiny new patrol car.

Water System Near for Venice of Lakes

Waterford Township Board members are expected to approve a new ordinance concerning a water system hookup for the Venice Of The Lakes Subdivision at tonight's regular meeting according to clerk James Seeterlin.

★ ★ ★

At a special board meeting held Friday members discussed a proposed ordinance with residents and completed the details.

If approved, Waterford Township will sell a $35,000 bond issue and residents will be charged a $200 privilege fee plus a $30 meter charge for connections.

A new half-mile water main down Cass Lake Rd. will be installed from Lincolnshire Rd. to the subdivision.

★ ★ ★

In other business bids will be opened on three insurance policies at 8 p.m. for township equipment and personnel.

Put Prince Charles on Maps of World

LONDON — Britain's Prince Charles seems destined to have world maps, London observers say.

The Queen consented to the name "Prince Charles Mountains" being given to a range in Australian Antarctic territory, there already is a Prince Charles Strait in the South Shedlands and a Prince Charles Island in Canada's Arctic was named after the young prince.

There is also a Prince Charles School in Ontario, it is pointed out, and a number of institutions in Britain are likely to be named after Prince Charles in due course.

Crippled Society Gives Fellowship to City Man

Albert Covert, of 177 Summit Ave., has been awarded with a fellowship from the National Society of Crippled Children and Adults and financed by Alpha Gamma Delta, international women's fraternity.

Covert, a supervisor at the Detroit office of the Michigan Employment Security Commission, will attend a special four-week training course at the Institute of Physical Medicine and Rehabilitation, New York University-Bellevue Medical Center, from June 16 through July 11.

Steels Advance in Active Trade

NEW YORK (AP)—Steels advanced in a generally higher Stock Market early this afternoon. Dealings were fairly active.

Key stocks rose from fractions to more than a point. An assortment of small losers peppered the list.

★ ★ ★

Youngstown Sheet rose around 2, making the best showing of the leading steel shares. U. S. Steel was about a point to the good. Bethlehem added a major fraction.

Financial sources reported an increasingly brighter outlook for steel production and orders. The price of steel scrap was higher.

★ ★ ★

Although the market was concerned about the French crisis, the general economic background included some encouraging factors, including fairly good demand for copper at the newly-raised smelter prices.

★ ★ ★

The market was narrowly mixed at the start but moved ahead moderately under the leadership of steels.

Takes Traffic Ticket but Signs Up One Eye

OKLAHOMA CITY (AP)— F. H. Eischen is an enthusiastic supporter for the Lions Club eyebank, which gathers pledges for the donation of corneas after death.

★ ★ ★

An Oklahoma City policeman stopped Eischen for a traffic violation. While the officer was writing out a ticket, the booster signed up the policeman to donate his eyes.

FIREFIGHTERS' FROLIC — Several hundred Pontiac sixth-graders who studied fire prevention as junior fire inspectors were treated to a picnic Saturday at the John F. Ivory ranch in White Lake Township. A ride on the ranch's fire truck, above, was in keeping with the spirit of the day.

Italy Chalking Up Record Turnout in Voting Today

ROME (AP) — A record turnout seemed in prospect today as late voters hurried to cast their ballots for deputies in Italy's third post-war Parliament.

The Interior Ministry said more than 77 per cent of the eligible voters—about 25 million cast ballots yesterday.

★ ★ ★

At stake were five-year terms for all 596 seats in the Chamber of Deputies and six-year terms for the 246 Senate places. Voting is compulsory.

Two hundred thousand police and soldiers patrolled the booths but there were few incidents.

★ ★ ★

The generally apathetic, six-week campaign pitted a dozen major parties ranging from the Communists to the Fascists. In the center are the ruling Christian Democrats trying to retrieve the absolute majority they lost in 1953. They got 40 per cent of the vote then and had to form a coalition with other center parties.

The Reds and their fellow-traveling Socialists collected about 34 per cent of the popular vote in the last election five years ago.

Three County Men Get Promotions

Three Oakland County residents and a Detroit man have been appointed to the executive committee of the Plymouth Division of the Chrysler Corp., according to an announcement made by Harry E. Chesebrough, division general manager.

★ ★ ★

Appointed were Jack W. Minor, of 1536 Dorchester Rd., John C. Guenther, of 1141 Lake Park Dr., both of Birmingham, Jack E. Charipar, of 2333 Benjamin Rd., Royal Oak, and Everett G. Bliss, of 17581 Granville St., Detroit.

★ ★ ★

Minor was named assistant general manager of the division, Guenther, executive assistant to Chesebrough, Charipar, chief engineer and director of product, while Bliss was appointed divisional comptroller.

More People to Bring Boom

Michigan Growing Fast

TRAVERSE CITY (AP) — Michigan's people are the state's most important asset for a bright industrial future, says an economic research expert.

Dr. Paul Herbert, chief of research for the State Department of Economic Development, told the Michigan State Employes Assn. Convention Saturday that Michigan's population is increasing faster than that of any other state except California.

★ ★ ★

He also noted that Michigan is in the heart of the nation's fast growing north-central market.

Herbert, expressing belief of an industrial boom in Michigan, pointed to its wealth of natural resources, high productivity and abundant water supply.

As for charges that Michigan taxes are too high, Herbert said: "Taxes support government and you get what you pay for. Eventually more service will be required in low tax areas and taxes will be raised accordingly."

Cyprus Threatened With Civil War

NICOSIA, Cyprus (AP) — Tension rose today as 35,000 left - wing trade unionists struck to protest the murder of two of their members by the EOKA terrorist underground.

★ ★ ★

An EOKA pamphlet admitted the killings and appealed to members of the Pan-Cyprian Federation of Labor to ignore the strike call. EOKA claimed the murdered men were traitors to the movement to end British rule and unite Cyprus with Greece.

★ ★ ★

In Famagusta, a Greek Cypriot sandwich vendor was shot to death this morning outside the municipal market. He was the sixth man killed in Cyprus since Friday night.

★ ★ ★

The labor federation council protested to exiled Archbishop Makarios in Athens that the EOKA attacks were directed against the trade union movement and asked him to intervene because the situation might lead to civil war.

Industrial Company Buys Grand Rapids Firm

NEW YORK (AP)—Pennant Corp. of Grand Rapids, Mich., has been purchased by Industrial Enterprises Inc. in a stock exchange deal.

★ ★ ★

The Grand Rapids firm manufacturers upholstered summer and juvenile furniture.

Auto Big Three Leads National Newspaper Ads

NEW YORK (AP) — The Auto industry's big three topped the field in national advertising in newspapers in 1957, according to the Bureau of Advertising, American Newspapers Publishers Assn.

It was the fifth straight year in which General Motors, Ford and Chrysler ranked in that order as national advertisers and the 11th year in which General Motors led the parade.

GM spent better than $53 million, Ford $31 million and Chrysler $36 million.

Total national advertising in newspapers in 1957 was $757,401,000. With production costs added, the figure amounted to $810,000,000, up 2.6 per cent from 1956.

Upset Detroit Man Kills Wife, Himself

DETROIT (AP) — A Detroit man shot his wife to death and then turned the gun on himself yesterday in what police ruled a murder-suicide.

★ ★ ★

The victims were Clifford Hanlon, 50, and his wife Pauline, 45. Police said neighbors told them Hanlon had been despondent since the recent death of his father. Hanlon himself recently had been discharged from a hospital.

Mrs. Hanlon's body was found in a hallway in the couple's home. He was found in a bedroom with a shotgun nearby.

Bomb Tests Include Both 'Dirty, Clean'

WASHINGTON (AP) — Both dirty and clean bombs are being tested during the current U. S. nuclear tests in the Pacific, says Chairman Lewis L. Strauss of the Atomic Energy Commission.

He reiterated yesterday in a TV interview that the danger of radioactive fallout from the tests is relatively small.

TIME TO SACRIFICE—Actor Dewey Martin has always shunned regular television appearances, but now, for the sake of security, he is working on a forthcoming TV series. Martin feels he has to sacrifice his independence for his wife, singer Peggy Lee, and to meet his obligations to Uncle Sam.

Actor Working on TV Series

Changes Way of Life for Wife Peggy Lee — and for Uncle Sam

By CHARLES DENTON

HOLLYWOOD (INS) — There comes a time in the life of almost every man when he must sacrifice a measure of his independence to expediency and security.

★ ★ ★

Depending upon the individual, this usually reluctant assumption of mental and-or physical shackles means many things. To young Dewey Martin, for example, it means getting involved with a television series.

Until a very short time ago, the intense, darkly handsome Martin wanted nothing to do with television series. And until a very short time ago, Martin simply did not do what he did not wish to do.

So jealous was he of his independence, in fact, that he once took a $25-a-week job wrapping packages in a department store rather than play in a picture he didn't like for $750 per week.

★ ★ ★

But now things are different. For one thing, he is married to "the most wonderful wife in the world," singer Peggy Lee. For another, he is slightly in hock to Uncle Sam in the tax department.

READS SCRIPTS

"I'll bet I read 500 scripts for TV series before I decided to give one a try—I can't talk much about the one I'm trying yet," the self-educated, deadly serious young actor explains.

★ ★ ★

"I always said I didn't want to kill my career. I've worked too hard to build it up.

"But I finally realized that you can't make money in this business working on salary, and I'm not a big enough name to get a piece of the pictures I make. I will have a piece of this series, though."

This realization, coupled with the responsibilities of being a husband, has made changes in the Martin personality that amaze even its owner.

★ ★ ★

"I never cared for security. It was the last thing I would think about. I was always sort of a world traveler. If I felt like going to the Orient, I just went—and stayed for a year or two if I wanted to.

"But now that I'm married, for the first time in my life I feel obligated. For the first time I feel tied down. And the truth is I want to be. I suppose I had wanted to be for many years. I'm as happy today as I ever expect to be—or ever really want to be."

Betty Hutton Discovers Religion Can Be Fun

By EARL WILSON

NEW YORK — Betty Hutton recently was baptized a Lutheran, is in a Hollywood church choir and is saying a little prayer in her Broadway dressingroom these nights.

WILSON

"You don't have to be a square to be religious — I'm havin' a ball!" Betty exclaimed to me. "I told my minister I thought you had to be sitting around looking sad and he said, 'Oh, no, Betty, it's a ball!' "

Betty says she prays conversationally.

"When I go on stage I speak to God. I say, 'You're on now, it's up to you!' I get goose bumps thinking of it.

"Sure, I think about it all the time. You can't just go to church Sundays and sleep through the sermon. At one of the choir meetings I sang jazz. Brought the house down! They tell jokes, too. You know there are some clean jokes — I found out lately."

Betty now reads her Bible daily and has her minister reading "The Hollywood Reporter and "Variety." She says her pastor has told her, "Betty, I'm begining to dig your conversation."

BETTY

Jane Wyman gave a birthday party for Mrs. Dave Chasen and told how bored she got being photographed on a trip to Europe. At the Rome airport she was really tired of it but fixed her face and went out to pose for the many photogs. They greeted her warmly — but rushed right past her to take pictures of a family of 16 all flying to Africa.

"The American Wild West and Radio Show," featuring Casey Tibbs, champion cowboy, leaves L.A. soon to appear in Brussels near the fair. Buffalo and Indians will be in the mass movement—also George Murphy, Ike's helper, as managing director.

THE MIDNIGHT EARL . . .

Alan Dale's offering $500 for information about the guy who shoved him through a window . . . **Lana Turner** quietly dating actor **Mike Dante** again . . . **Vice President Nixon** will ask that 21 State Department personnel in Latin and South America be replaced . . . **Elizabeth Taylor's** looking for a Westport, Conn. home.

Aly Khan's spending quiet weekends away from the cafes, riding at a dude ranch. If "Jamaica" tours, **Della Reese** has the inside track for the Lena Horne role . . . The "Vertigo" premiere party will have the typical **Alfred Hitchcock** touch—the guests will pose for pictures in coffins.

EARL'S PEARLS . . . Instead of two cars in every garage, what we need nowadays is two garages for every car.

TODAY'S BEST LAUGH: President Eisenhower says the recession's slowing, and Henny Youngman asks if that means he can return all the stuff he bought last week at the President's suggestion . . . **That's earl, brother.**

Youth Survives 150-Foot Plunge in Mountains

LONGMONT, Colo. (AP) — A mountain climber, his companion desperately gripping his ankles, swung suspended headdown over a 150-foot cliff yesterday. Then he dropped—and lived.

★ ★ ★

Albert O. Haulcomb, 19, Depew, Okla., fell while walking along a mountain trail with six other climbers.

As Haulcomb tumbled, Bobby W. Scott, 17, San Diego, Calif., dived and caught his ankles, but an instant later lost his grip. Haulcomb fell and rolled to the bottom.

★ ★ ★

He suffered head injuries, and possible fractures of the leg and arm.

Scott was also hospitalized for shock. Both are airmen students at Lowry Air Force Base in Denver.

Chickenleggers on Scene

LONDON (AP)—British farmers are complaining about American chickenleggers. One breed of chicken that has turned up in Britain, American white rocks, just is not imported. The National Farmers' Union thinks white rock eggs may have arrived in lunch boxes and later hatched out. The new breeds are fine, the Farmers' Union says, but official hatching

Would Paint All Planes Bright Red to Cut Peril

WASHINGTON (AP)—Sen. Charles E. Potter (R-Mich) suggests painting civilian and military aircraft with bright red paint to cut down the danger of aerial collisions.

In a letter to Civil Aeronautics Administrator James T. Pyle, Potter said: "Obviously, whatever we can do to prevent loss of life from air collisions, even if it requires painting planes in candy stripes, polka dots or unesthetic combinations, should be done at once."

Cursing Ends Marriage

NOTTINGHAM, Eng. (INS)—A Nottingham woman put up with her husband's cursing as long as she could but finally got a divorce after he spent 10 whole minutes blistering the paint off a doorstep because he tripped over it.

Wins Drill Competition

MADISON, Wis. (AP)—A Civil Air Patrol team from Romulus, Mich., won its third straight drill competition title in the Great Lakes regional championship at Truax Air Force Base Saturday. The team will compete next fall in an international drill meet at New York.

Khrushchev Now Plays Sweetly in Tito's Ear

By BORIS BOSKOVIC

BELGRADE, Yugoslavia (AP) —Changing his tune, Soviet Premier Nikita Khrushchev has sent warm birthday greetings to Yugoslav President Tito.

★ ★ ★

It did not seem, however, that the Soviet Communist leader was calling off his campaign to force Tito to follow Moscow's dictates.

★ ★ ★

Khrushchev's statement, which expressed hope that the "disagreements" would be speedily settled, was published in Moscow today on the front page of Pravda, the Soviet Communist party paper. Inside, Pravda carried a report of a Chinese Communist congress in which a Chinese leader called the Yugoslav Communist party program an "example of the absurdities of modern revisionism and anti-Marxist, anti-Leninist from beginning to end."

U.S. Launching Swiftest Sub

Deadly Atomic Craft Expected to Surpass All Others

GROTON, Conn. (AP) — The United States continues its push for underwater military supremacy today with the launching of the world's fastest and deadliest submarine, the Skipjack.

The 250-foot sharklike atomic craft is expected to outperform all existing submarines and set new standards for the Navy's growing nuclear undersea fleet. She is named for a quick, sly, tough fish of the mackerel family. Her nonstop range is 60,000 miles.

★ ★ ★

Adm. Arleigh Burke, chief of naval operations, will give the address at the launching ceremonies. The submarine will be christened by Mrs. George H. Mahon, wife of Rep. Mahon (D-Tex).

The Electric Boat Division of General Dynamics Corp., builder of the vessel, says the craft's blimp-shaped hull and other innovations should enable her easily to smash records set by the first three atomic subs, Nautilus, Seawolf and Skate.

★ ★ ★

The Navy lists the Skipjack's top speed only as in excess of 20 knots, but it is believed to be considerably higher.

Six additional subs of her class have been ordered by the Navy. Three subs capable of firing Polaris missiles also will use her basic hull design.

★ ★ ★

As the prototype of a new class, the Skipjack costs an estimated 60 million dollars. Subsequent models will be less expensive.

Son Dozes at Wheel, Three in Family Die

AUGUSTA, Ga. (AP)—A father, mother and son were killed when another son fell asleep at the wheel of the family car and it slammed into a freight train.

Three other members of the family were injured.

★ ★ ★

The accident occurred yesterday at McBean, 15 miles south of Augusta.

Dead are Budd Anders, 67; his wife Norma, 53; and their son, Coy, 18. A daughter, Lois, 15, and another son, Harold, 11, underwent brain surgery after the accident.

★ ★ ★

The sheriff's office quoted the driver and third son, Alvoid, 23, as saying he went to sleep just before the collision. He suffered minor injuries.

If you can't see why a girl wears a strapless gown — then she shouldn't . . . Middle age is when your memory is shorter, your experience longer, your stamina lower and your forehead higher. —Earl Wilson.

Honor 'Man of Year' in Great Lakes Service

SAULT STE. MARIE (AP) — The Great Lakes "Man of the year" was honored at a civil banquet Saturday. He is Alexander T. Wood, president of the Wilson Marine Transit Co. of Cleveland.

Six other lakes shipping leaders were presented with citations for "outstanding service." Among them was Capt. M. J. Bishop of St. Ignace, fleet captain of the Mackinac Transportation Co.

Rescued Second Time

SAN FRANCISCO (AP) — For the second time in five years the Coast Guard rescued two San Francisco youths from San Francisco Bay when their outboard runabout overturned. Five years ago it towed their leaky boat to shore and saved Sam Cuschieri, then 14, and Frank Bertoni, then 13.

'Hire Now' Gets Results

DETROIT (AP)—The "Hire Now" campaign of the Michigan Employment Security Commission is getting happy results, reports MESC director Max Horton. He said 300 new jobs have been offered since the campaign opened Wednesday.

Council Chief Succumbs

DETROIT (AP) — Funeral services were held today for Loren B. Miller, 51, director of the Citizens Research Council of Michigan. Miller, a native of Menominee, died of a heart attack Friday.

Automatic Car Driver Long Way Off

By FRANK SNYDER

DETROIT (INS)—Don't hold off buying a new automobile while waiting for one that is electronically controlled and driven. If you do, you have a long, long wait ahead of you.

This advice comes from Joseph B. Bidwell of General Motors Research Staff and is based on tests conducted with two GM experimental vehicles.

They are a unicontrol car that is steered, accelerated and braked by a single "stick" control, and a car that is steered automatically by an electrical or "magnetic" path produced by a cable in the pavement.

Electronic chauffeurs may drive your car of the future, but Bidwell says human drivers still can do a better job.

"Although the general impression is that drivers are relatively unreliable," the researcher said, "even simple electroncis devices are at present much more fallible."

★ ★ ★

The writer particularly appreciates this admission, because at the demonstration of the electronically-steered car a couple months ago it failed to work—at least while the writer was among the passengers.

The demonstration was successful for most other automotive writers, but when our group got into the car it just failed to operate "electronically." At one juncture it not only refused to follow the magnetic guide line, but it veered to the right and was stopped just short of plowing into a steel guard rail.

Bidwell said automatic control systems have been suggested to reduce the percentage of fatal and non-fatal auto accidents, 96 per cent of which result from driver error.

★ ★ ★

However, he explained, National Safety Council records show that only one accident fatality occurs for each 16 million miles of vehicle travel or approximately every 400,000 hours.

"Therefore," he said, "if failure of an automatic control system might be expected to cause one fatality, system failures must not occur more frequently than one per 16 million miles or 400,000 hours to maintain a safety record as good as at present."

Although these statistics give today's electronic chauffeur a subhuman rating from a safety standpoint, Bidwell said improvements in electronic techniques and component developments undoubtedly will strengthen its future reliability in performing perception, decision and motor (response) functions of a human driver.

But even when the electronic and automatic aids are perfected, Bidwell said they should not conflict with basic advantages that privately owned cars now hold over other forms of transportation, such as "convenience, flexibility and comfort."

2 Die When Bomber Burns in Illinois

CHAMPAIGN, Ill. (UP) — An Air Force B57 twin-jet bomber crashed in a field shortly after taking off from Chanute Air Force Base yesterday, killing the two crewmen aboard.

The plane disintegrated on impact and there was some fire, witnesses told Lt. George Ogles, public information officer at Chanute.

Ogles said a witness reported a canopy was ejected when the plane was at an altitude of about 3,000 feet. One of the crewmen apparently got out partially, but he was so low the wind did not catch his chute.

The victims were identified as 1st Lt. J. T. Flynn, pilot, of Indianapolis, and Capt. B. H. Griggs, navigator, of Philadelphia, both stationed at Langley Air Force Base, Va.

Members of The Salvation Army leagues of Mercy visited more than 2,500,000 individuals in hospitals, prisons and homes for the needy in this country last year. Christmas visits to institutions with distribution of gifts are a traditional activity of the League of Mercy.
