LBJ Dismisses 'Advice' on Viet

WASHINGTON (AP)—President Johnson has dismissed an appeal by 16 Democratic senators for further consultation on whether to resume air strikes on North Vietnamese targets.

He said "it is increasingly clear that we have had only a hostile response to the present pause in in bombing North Viet Nam."

But he pledged "unflagging pursuit of peace" and gave no indication when a decision on resuming the air strikes would be made.

Johnson's reply yesterday cited a 1964 congressional resolution which gave him broad powers to "repel armed attacks on U.S. forces and to repel armed aggression."

"I continue to be guided in these matters by the resolution of Congress approved on Aug. 10, 1964," Johnson said in a letter to Sen. Vance Hartke, D-Ind., a principal author of the letter to Johnson Thursday in which the 16 senators said, "We believe you should have our collective judgment before you when you make your judgment" on resuming the bombing.

★ ★ ★

The senators also endorsed statements opposing resumption of bombing which have been made during the past two weeks by Sens. J. W. Fulbright, D-Ark., chairman of the foreign relations committee; Mike Mansfield, D-Mont., the Democratic leader; and George D. Aiken, R-Vt.

DISAPPOINTED BY REPLY

Hartke indicated he was disappointed with Johnson's reply. But he said he would have no comment until he had "discussed the note with the other senators who signed our letter" and with Fulbright.

★ ★ ★

Sen. George S. McGovern, D-S.D., who also signed the letter, said he believed the senators "made our point in our letter."

He said he did not consider the 1964 resolution "as a general endorsement of our Viet Nam policy."

Educators Hit Aid Allotment

Say Romney Figures Far From Sufficient

By the Associated Press

The presidents of Michigan's three largest universities were quicker to criticize Gov. George Romney's proposed 1966-67 budget than were his political opponents in the House and Senate.

Romney's proposed $944.9 million spending plan, presented to the Legislature Thursday, drew a unanimous reaction from the three: "not enough."

Legislators, meanwhile, qualified their statements by saying that until the budget detail book reaches them in mid-February, they will not be able to give a detailed evaluation.

Democrats generally endorsed the size of Romney's spending program, but hinted at changes.

★ ★ ★

"I am delighted the governor's budget appears to endorse the 1966 Democratic legislative theme of progressive reform," said House Speaker Joseph Kowalski, D-Detroit.

STATE SURPLUS

One Democratic leader admitted Romney was clever enough to propose spending more of the state surplus than Democrats had expected.

This would give the Democrats less room for political maneuvering in adding entirely new programs of their own.

The presidents of the University of Michigan, Michigan State and Wayne State universities, meanwhile, expressed the hope they would be able to talk the controlling Democrats into more money for their operations.

"The recommendation falls short by at least $2 million of the absolute minimum requirements for maintaining the quality of our education program at East Lansing at the present level, and makes no provision for improvement," said MSU President John Hannah.

MSU, for instance, is committed to providing services for 3,000 additional students already admitted for next fall, he said.

"The budget recommends additional faculty positions at the ratio of one professor for each 16 of these additional students, but recommends nothing to improve the exist-

Nine Killed as Blast Rips Boston Hotel; Scores Hurt

BOSTON (AP) — A thundering below - ground explosion ripped through a 10-story downtown hotel last night, turning it into a roaring inferno.

At least nine persons were killed and 60 others injured.

The blast tore apart a bar on the street floor of the Paramount Hotel, sending patrons plunging to the basement amid tangled, burning beams.

Eight of about 60 persons taken to hospitals were admitted, and three were on the danger list.

Among them was fireman William Shea, 37, who reportedly leaped through a wall of flame to rescue a woman.

BADLY MUTILATED

Most of the dead were so badly mutilated officials had great difficulty establishing identities.

In some cases they had only a battered handbag, scraps of personal papers, or clothing to help them in their grim task.

A fire department pumper this morning began pumping out some eight feet of water in the hotel cellar.

Officials said other bodies might be trapped beneath the water-drenched rubble.

PATRONS FLEE

Authorities said about 150 patrons fled without assistance.

Several others were feared trapped and firemen worked into the morning hours searching the ice-laden debris for them.

The explosion also rocked the adjacent Plymouth Hotel, a nine-story building with a first-floor night club. Authorities said the flames did not spread to the structure.

★ ★ ★

The blast blew out a 60-foot section of the street, and left a pile of concrete, glass from shattered windows and ice from water used to fight the flames.

HIGH FLAMES

Craters torn open along Boylston Street belched 30-foot flames and manhole covers turned white-hot.

Rescuers staggered amidst debris that was quickly coated with ice in 15-degree temperature.

The explosion took place in Boston's so - called "Combat Zone," an area off the Boston Common studded with rock 'n' roll bars, small restaurants and two theaters showing "adults only" movies.

All of Boston's emergency and disaster equipment was mobilized.

Transit Strike Leader Dies

Heart Attack Claims NY Labor Chieftain

NEW YORK (UPI) — Michael J. Quill, the fiery union leader who called the transit strike which disrupted the life of the city and its eight million people, died in his bed yesterday of a heart attack. He was 60.

Quill had a 10-year history of heart trouble. Just three days after the transit strike began Jan. 1, when he was ordered to civil jail for contempt of court, the Irish - born labor leader collapsed of what his doctor called "congestive heart failure."

He was hospitalized through the remainder of the 12-day strike and released only Monday. He was his usually fiery, sharp-tongued self at a news conference the next day.

The fatal attack came while Quill napped at his Manhattan apartment. He had been conducting union business from his home during the day.

★ ★ ★

Police, who were guarding Quill because of recent threats against him, said that about 5:20 p.m., Quill's wife, Shirley, went to his room. Suddenly, she screamed that something was wrong. A doctor arrived and pronounced him dead.

FUNERAL HOME

The body of the labor leader will go on view at a funeral home tonight for the next two days.

Quill's death came when he was at the height of popularity among the Transit Authority's 36,000 employes, members of the Transport Workers Union, which Quill founded 30 years ago.

He had just won for those workers a new contract estimated to cost the city $60 million, regarded one of the best settlements the union ever reached.

State Woman Dies as Fire Sweeps Home

Authorities said Mrs. Riplow apparently was trying to build a fire for warmth when she was overcome by the flames which spread across the home.

Pontiac, State Locked in the Deep Freeze

Forecaster No Help: Sees Little Relief Until After Monday

Pontiac, Michigan and wide portions of the nation remained locked in a deep freeze today, with little hope that the weatherman will open the door until after Monday.

Local residents got no relief today from the intense cold which has gripped the area since Thursday, when week-long near - zero temperatures gave up and plunged to minus 8 for a low of the season.

Engine-starting techniques remain prime conversation, along with swapping tales of how long it took for the swamped road aid agencies to answer the call for rescue.

Across the nation, millions of Americans shivered and suffered today in record-shattering cold.

Temperatures, will toboggan to lows of 5 below to 15 below tonight, and edge up to a bonechilling zero to 5 above tomorrow. There's a chance of a few snow flurries.

★ ★ ★

The arctic air broke the low for the date that had stood for 72 years.

BIG AND WIDE

The Weather Bureau called it "one of the most widespread cold spells in years."

A storm dumped up to a foot of snow in the South.

The mercury shriveled below the zero mark in 27 states.

★ ★ ★

It plunged to —40 in Wilfiston, N.D., the coldest of the cold spots in the midwinter chill that covered almost all of the territory east of the Rockies.

SNOW DRIFTS

Winds of 40 m.p.h. piled snow into drifts in Arkansas, northern Mississippi and Tennessee.

Jackson, Tenn., had five inches of snow in six hours. Muscle Shoals, Ala., had five

tured 50 more, mostly wounded.

The head-on collision was reminiscent of the Ia Drang Valley battle with the North Vietnamese regulars in which the Cavalry distinguished itself in November and since which the Hanoi troops have managed to keep their whereabouts largely secret.

★ ★ ★

One trooper, who held a Communist bugle captured at Ia Drang, reminded the insurgents of it after B Company of the 2nd Battalion, 7th Regiment, charged out of the landing zone. He blew the captured bugle.

MASSIVE DRIVE

The attack was part of a multiprong drive by the American forces to search out and destroy the insurgents in the central coast and highlands while Washington debates whether to resume bombing the North or refrain from it to give Hanoi a further chance to talk peace terms.

Further south, in Phu Yen Province, the 101st Airborne Brigade, which experienced heavy contact yesterday, encountered only sporadic and scattered small arms fire.

The paratroopers counted eight Viet Cong killed but a spokesman said there may have been many more.

★ ★ ★

"They (the enemy) apparently retain the ability to drag their dead away, "the army officer said.

SMALL GROUPS

The multiple-company Viet Cong units known to be in the neighborhood appear to have broken up into small groups trying to escape entrapment.

The daily battle of attrition added seven more Viet Cong killed and five captured since yesterday morning.

Gunmen Rob Waterford Bar

Three gunmen held up a Waterford Township bar early this morning and escaped with more than $1,000.

State Police said the bandits took $304 from the cash register in the White Rock Tavern, 2542 Pontiac Lake, and about $725 from 16 patrons.

★ ★ ★

Witnesses told police the men entered the bar posing as customers shortly before 1 a.m. and ordered drinks. Moments later each produced a revolver and ordered the patrons to hand over their wallets.

They were believed to have made their escape in a white car, according to police.

Big Issue Is Settled at Euromart Session

LUXEMBOURG (AP) — France and its five Common Market partners agreed today on one of the two major points in the dispute between France and the community's other members — what powers should the community executive committee have.

Disagreement remained at the end of a morning session, however, on the main point in dispute, whether a veto right can be retained by individual members on decisions of vital national interest. A new French proposal on this is being considered.

★ ★ ★

Before final agreement on the executive committee's powers, a joint discussion between ministers and the executive committee will be held in Brussels.

France has fought to keep the veto, but the other five members of Eurmart want to go ahead with plans to replace it with majority rule.

FRENCH IDEA

The new French idea is this: there would be no formal veto but if a member nation said a proposal threatened its national interest, France would refuse to take part in the voting or to recognize the result if there were a vote.

The hope is that with this threat clearly stated, no such situation would ever arise. Under this arrangement, a compromise would always be found before the situation developed into a showdown vote.

★ ★ ★

To back up their position, the French say they would like to see a joint statement by the six member nations that all of them want to settle problems by unanimous vote, and that none of them wants to see the others' national interests threatened.

The debate was due to go on all day today in the Luxembourg City Hall. It might last into Sunday.

SINGLE UNIT

The Common Market, known formally as the European Economic Community, groups France, West Germany, Italy, Belgium, Holland and Luxembourg. Their object is to seek greater economic cooperation and ultimately create a single economic unit.

So far the most important decisions of the Council of Ministers, the ruling body, have always been taken by unanimous vote, with each member having a veto — even little Luxembourg.

★ ★ ★

But the treaty that set up the organization in 1957 provided that beginning Jan. 1 of this year, the veto would be scrapped and many important decisions could be taken by a majority vote. The vote would be weighted according to each country's importance.

President Charles de Gaulle of France has virtually paralyzed the organization for nearly seven months in an effort to avoid losing the veto.

★ ★ ★

After nearly three hours of talks Friday the ministers expressed mild optimism but no accord on the basic issue.

Crime Prober Strikes Again; 18 Arrested

DETROIT (AP) — Wayne County's one-man grand jury ordered another raid on a Detroit night spot today. Eighteen men were arrested on gambling and other charges.

Detroit police, State Police, Internal Revenue Service agents and grand jury investigators raided the Cavalier Club on Detroit's near west side at 3 a.m.

★ ★ ★

A week ago, two reputed Mafia figures were arrested in another raid on a restaurant in the city's "Greektown" section. They were charged with attempted bribery of a police officer.

Today's raiders were armed with warrants issued by Circuit Judge Edward Piggins who is conducting a one-man investigation of crime in Wayne County.

★ ★ ★

Seven men were charged with gambling conspiracy and 11 for loitering in an illegal place. Officers said cash and gambling equipment were confiscated.

'Fall Possible in Boy's Death'

MONROE (AP) — Two-year-old Eddie Montalvo, whose body was found on an abandoned farm, could have died from a fall down a flight of stairs, Monroe County Coroner Eli Allore said Friday.

★ ★ ★

Second - degree murder charges have been filed against Alberto Sanchez, 22, of Toledo in the boy's death.

Sanchez, who gave himself up Thursday in San Antonio, Tex., has been quoted by police as saying the boy was injured when he was knocked down a flight of stairs and died later.

Sanchez was quoted by police as saying he was scuffling with the boy's mother, Carolina Montalvo, when the child fell down the stairs.

Hedy's Arrest Rapped by Son

Actress Denies Theft From Hollywood Store

LOS ANGELES (AP) — Actress Hedy Lamarr's son says his mother's arrest on suspicion of petty theft is "a slap in the face."

And Miss Lamarr, 51, says it's all "a big misunderstanding. I'm willing to forgegt it."

★ ★ ★

Miss Lamarr, looking poised and chic, called a news conference Friday in the swank Bistro Restaurant in Beverly Hills.

She denied stealing $86 in merchandise she is accused of taking Thursday night from a Wilshire Boulevard department store. A store detective arrested her in the parking lot.

SHOWS CHECKS

Holding up checks for $9,000 and $5,000 she had in her purse when arrested, she asked the newsmen: "How can I shoplift with these in my bag?"

She was formally charged Friday and ordered to appear for arraignment next Wednesday.

★ ★ ★

"I'm still mystified and surprised," the actress told newsmen. "I don't know what happened."

The actress said her experience in jail was "very interesting" and the police were "very nice."

JAIL FASCINATING

"I've never been in jail before," she added. "It was so fascinating, since I'm writing a book about my life."

She said she didn't know how a dress and other items police said were found in her bag got there.

★ ★ ★

Earlier, the actress' son, Tony Loder, 19, told a newsman at the Lamarr home:

"For the past 30 years, my mother has been doing a great deal for the United States and the people in it and in return she has received a slap in the face — for nothing.

GAVE A LOT

"I mean, she has given a lot to everyone even when she was above everyone in fame and recognition."

Tony, child of the actress' third marriage, to actor John Loder, said his mother had received awards for her countless appearances on behalf of charities over the years.

Chrysler Says Strike May Idle 100,000

DETROIT (UPI) — A strike at the world's largest auto stamping factory may idle some 100,000 workers across the country if not settled by next weekend, a Chrysler Corp. spokesman said yesterday.

More than 2,300 members of United Auto Workers Union Local 64 walked out yesterday morning after a 24-hour negotiating session failed to reach agreement on a list of grievances.

Negotiations were scheduled to resume this afternoon.

A Chrysler spokesman said as many as 30,000 workers in three Detroit area assembly plants will be thrown out of work by next Tuesday if the strike is not settled.

★ ★ ★

The forced plant shutdowns would continue to spread progressively through the week and by next weekend, the spokesman said, workers in assembly plants and component plants throughout the country will be idled by the strike.

"Our supply lines are virtually exhausted. As a result, this unnecessary strike will cause the shutdown of our car assembly plants," the spokesman said.

Strike Halts Projects in 3 Counties

DETROIT (UPI)—A laborers' union strike in the populous tri-county area in Southeastern Michigan has halted an estimated $180 million worth of construction projects in the area.

The strike was called yesterday by Local 334 and Local 1076 of the International Laborers Union of North America against the Associated Underground Contractors, Inc. in Wayne, Oakland and Macomb counties.

Union officials called the strike against the 65 firms in the contractors' association after contract talks broke off Thursday night.

Federal and state mediators had been participating in the negotiations to replace the contract which expired Dec. 31.

★ ★ ★

Andrew S. McFarlane, president of Local 334 and chairman of the union negotiating team, said the contract had been extended on a day-to-day basis since the end of the year.

STRIKE OVER WAGES

Gilbert A. Rice, executive secretary of the association, said wages were the main issue in the strike.

He said the union requested 49 cents an hour in raises between now and May 1.

The association offered a three-year contract to the union worth 60 additional cents an hour by the third year.

The union request for the immediate raise reportedly was to put it on the same wage level as employes of the Associated General Contractors.

$10 MILLION

Glenn C. Richards, Detroit Public Works Commissioner, said about $10 million worth of DPW projects have been halted by the strike.

No new negotiations have been scheduled.

ing ratio of one professor to 22 students," he added.

Romney recommended $53.3 million for MSU—including its Oakland branch—nearly $10 million less than the school requested.

★ ★ ★

The recommended $56.8 million for U-M was $9 million short of the request. Said President Harlan Hatcher:

"Our request was based on a very careful calculation of enrollment increases, of the costs involved in a year-round, rather than a two-semester operation, and of the additional numbers of teachers, support staff, and equipment needed to handle the bigger work load."

WSU President William Keast called Wayne's 17 per cent hike to $31.2 million "substantial," but added the school still needs more funds.

"Our enrollments are up," he said. "And the school has been relatively far behind in funds over the years. We still have a lot of catching up to do."

46 Are Killed in Germany Plane Crash

BREMEN, Germany (AP) — Search teams worked through the night probing the wreckage of a Lufthansa airliner that overshot the Bremen airport runway Friday night and crashed, killing all 46 aboard.

Among the victims were seven Italian swimmers, their coach and an Italian television reporter on their way to an international swimming meet in Bremen.

★ ★ ★

The plane, a Convair metropolitan, was attempting to land. The pilot apparently decided he was too far down the runway, gunned the motors to take off for another try, and seconds later the plane crashed and exploded in a field a few hundred yards beyond the airport.

The plane, on a domestic run from Frankfurt to Hamburg, carried 42 passengers and a crew of 4. Except for the Italians, all aboard were believed German.

Chicago's official —16 tied a mark for Jan. 29 that has been on the books since 1873. The city's Department of Buuldings was deluged yesterday by 370 complaints of unheated or insufficiently heated apartments. That, too, was a record.

Both Lansing and Grand Rapids reported record lows for this date—16 below zero. Lansing's previous record for Jan. 29 was 12 below and Grand Rapids' old mark was 8 below in 1899.

The frigid weather was believed at least partly responsible for a power failure which blacked out a section of Kent County, including part of Grand Rapids at about 5 a.m. Consumers Power Co. repairmen began rerouting power over different lines.

The Automobile Club of Michigan said thousands of motorists placed calls for emergency service, mainly because of battery failure. Some 9,000 calls were expected for the 24-hour period ending midnight tonight.

It was colder along the state's midsection this morning than in the Upper Peninsula. Sault Ste. Marie reported a 13-below reading. Houghton was 9 below and Marquette 2 below.

★ ★ ★

Pellston, sometimes called Michigan's icebox, reported a low reading of 4 above. Detroit thermometers dipped to 1 below officially, while Flint had 11 below, Jackson 12 below and the Bay City-Saginaw area 8 below.

TRAIN STUCK

Near Calumet, north of Houghton, the Milwaukee Road's Copper Country Limited was stuck in six-foot snowdrifts for several hours yesterday. Passengers had been removed at Houghton before the train headed north, but mail, express and baggage still was aboard.

★ ★ ★

Much of the state was colder than Hell, a tiny community north of Ann Arbor. Dewey Steffen, proprietor of the general store there, said the thermometer out back read 10 below when he got up at 8 a.m.

Says State Doctor

'Can Save Women's Looks'

ATLANTIC CITY, N. J. (AP) — A Michigan doctor contended Friday that women could remain "young looking and lovely" for a longer time with proper dosages of estrogen, a female sex hormone.

★ ★ ★

Dr. Francis F. Rhoades of Detroit said the women's menopause period of natural cessation of menstruation usually occuring between the ages of 45 and 50 is caused by a deficiency of estrogen.

★ ★ ★

Rhoades, president of the Wayne County Medical Society, said that with the use of synthetic estrogen administered into the bloodstream in proper dosage, a woman would not get what is known as "Dowager's Hump," brittle bones, or any of anxiety and depressions which frequently accompany menopause.

★ ★ ★

He addressed the New Jersey Academy of General Practice, an organization of family doctors, at the academy's meeting here. His topic was "Feminity Forever."

BETTER HEALTH

Rhoades said that with estrogen replacement treatments women also would have a lower cholesterol count and fewer heart attacks.

He recommended that the estrogen treatments be begun by women who are in their 40s before the advent of menopause symptoms.

★ ★ ★

Rhoades accused doctors of being the greatest impediments to keeping women "young and lovely."

He said many are reluctant to give the treatments because of the fear of cancer from the hormones. "Doctors must be sure on examination that there is no malignancy present before administering the hormone," he said. But research shows that with ostrogen, cancer is usually prevented, he added.

Jury Finds U-M Viet Protesters Guilty

ANN ARBOR (AP — Twenty-nine persons remained free on bond today following a Circuit Court jury conviction on charges of trespassing at a draft board.

The 29, most of them University of Michigan students or faculty members, were among demonstrators at a sit-in Oct. 15 at the Ann Arbor draft board. They were protesting U.S. policy in Viet Nam.

★ ★ ★

The jury reached a verdict within 30 minutes Friday after a three-day trial. The 20 had appealed Municipal Court convictions in which they received 10-day jail sentences and $65 fines.

★ ★ ★

Circuit Judge James R. Breakey Jr. set sentencing for Tuesday and ordered a check to determine whether any of the 29 have previous records. He could send them to jail for 90 days and fine them up to $100 each.

WILL APPEAL

The defense said it will appeal Tuesday to the State Court of Appeals.

Thirty-nine were arrested originally. Four pleaded guilty and were fined $50. Five others pleaded no contest later and will be sentenced Feb. 3 in Municipal Court.

★ ★ ★

A sixth withdrew a no contest plea and has appealed.

Thirteen of the defendants lost their student draft deferments and have been reclassified 1-A, or eligible for immediate induction into the armed forces.

All have appealed or plan to appeal their reclassifications.

LAW VIOLATION

The Selective Service authorities said the sit-in interferred with the operation of the local board, a violation of regulations.

Defense attorney Ernest Goodman of Detroit said in his arguments here that the 29 had a moral duty to protest what he called "illegal actions of the U.S. government in Viet Nam."

Civil Service Bill 'No' Urged

The legislative committee of the Oakland County Board of Supervisors yesterday recommended opposition to a pending bill in the State Legislature that would make civil service mandatory in counties with over 400,000 population.

★ ★ ★

Opposition to the bill previously had been expressed by a special committee of the board of supervisors studying the feasibility of a county merit system, or civil service program.

In other business yesterday the legislative committee opposed legislation calling for filing of automobile lien statements in Lansing rather than with county clerks.

A switch to centralized filing of statements would result in an annual revenue loss of $112,000 to the county, according to County Clerk-register John D. Murphy.

★ ★ ★

Committee members recommended legislation that would raise salaries of cooperative extension service employes.

★ ★ ★

But the committee opposed consolidation of the county extension service program into a three-unit agency with Wayne and Macomb.

Court Awaits Briefs on Barred Rep.-Elect

AP Photofax

ARRIVES FOR HEARING — Rep.-elect Julian Bond (right) is questioned by reporters yesterday just before entering a federal building in Atlanta, Ga. where a three-judge court started sifting evidence in denial of a seat in the Georgia House. The 26-year-old Bond was refused his seat because of his endorsing a statement by the Student Nonviolent Coordinating Committee which accused the United States of being the aggressor in Viet Nam.

ATLANTA, Ga. (AP) — A three-judge federal court has given attorneys until Wednesday to file briefs on issues raised by Rep.-elect Julian Bond's suit for an order seating him in the Georgia House.

★ ★ ★

The court withheld Friday an immediate ruling on whether the House had the right to bar an elected member because of his endorsement of statements on the war in Viet Nam and the military draft.

★ ★ ★

At the same time, the court dismissed the contention that Bond was denied his seat because of his race.

"There's nothing that would cause this court to give weight to the basic contention that he was denied his seat because he is a Negro," said Chief Judge Elbert P. Tuttle of the 5th U.S. Circuit Court of Appeals.

OPENING DAY

Bond, 26, was barred from his House seat on the opening day of the legislative session. His loyalty was challenged.

★ ★ ★

Bond, publicity director of the Student Nonviolent Coordinating Committee, had endorsed a committee statement which described the United States as an aggressor in Viet Nam and urged men to seek alternatives to military service. He also said he admired the courage of draft card burners but would not burn his own card.

Tuttle, who presided over the panel, said he thought the court must decide whether the U.S. Supreme Court would let stand Bond's conviction "under the strongest anti sedition law we could imagine."

Another point at issue was whether the House violated Bond's right of free speech as guaranteed by the First Amendment of the U.S. Constitution.

Tuttle said speech is protected by the Bill of Rights even when repugnant to others "unless it gets to the point of clear and present danger to the security of the country."

State Franchise Fee Bill Gaining Backers in House

LANSING (AP) — A bill that would, in effect, reduce the corporation franchise for many Michigan firms, gained strength in the House Friday.

Opponents called it a $3 million to $12 million tax giveway. Backers called it an attempt to correct an injustice in state tax laws.

★ ★ ★

In debate that split majority Democratic ranks, an amendment allowing many firms to write off so called accelerated depreciation reserve funds was defeated. But it picked up votes on each of three ballots.

It was scheduled to come up for final debate and an attempt to restore the amendment on Monday.

EXPANSION SPUR

As a spur to expansion, the federal government allows business to depreciate its property of an accelerated schedule—meaning lower income taxes in the early life of a new facility. This leaves more money in the company till for more expansions.

Theoretically, the firm's taxes would go up when there was no more depreciation to write off. Most firms keep a reserve fund to meet these possible future liabilities.

★ ★ ★

Whether these funds are to be regarded as part of a firm's wealth or part of its debt is now being tested in court. The state has been taxing them as assets.

As amended, the bill would allow them to be deducted before figuring up a firm's assets to be taxed.

Many opponents called for eliminating any inequity in the law as part of a total fiscal reform program.

This session of the Legislature, however, has shown no inclination to enact fiscal reform.

★ ★ ★

Rep. Dale Kildee, D-Flint, called it a giveway, adding "in the whole field of tax reform there are areas more worthy of our support than this one....I want to know what good this is doing for the people."

Rep. J. Bob Traxler, D-Bay City, majority floor leader, said: equity, we will be glad to repeal some of our present taxes—taking care of this problem—and replacing them with a corporate profits tax. I am opposed to raiding the state treasury—either through excessive spending or piecemeal tax reform."

Krebiozen Trial Jury Is Still Out

CHICAGO (AP) — The trial of Dr. Andrew C. Ivy and three other backers of the drug Krebiozen entered its tenth month today with the jury deliberating its verdict.

★ ★ ★

The seven women and five men who have considered for nearly 36 hours since Tuesday night have given no sign that they expect to reach a decision soon.

★ ★ ★

As they filed into an elevator to go to dinner Friday night one jurors joked to a marshal: "You better be careful or we'll go on strike."

Other than orders for meals, no sounds came from the jury room. But the 15-year debate over the merits of Krebiozen as an anticancer drug raged on in the courthouse corridors.

★ ★ ★

The debaters were Krebiozen partisans, many of them cancer patients, and agents of the Food and Drug Administration who conducted the long investigation into the nature of the drug and the activities of its promoters.

Nest Egg Is Cracked by State Budget Hike

January is budget time, and Gov. GEORGE ROMNEY submitted a humdinger for the 1967 fiscal year beginning July 1.

ROMNEY

At $944.9 million, it is $126.6 million greater (15.4 per cent) than the current budget.

It appears inevitable that costs of the State's government should spiral in keeping with a rapidly growing population and a surging economy that bids fair to double projected rates for the 1966 and 1967 fiscal years.

★ ★ ★

But with half the $134-million surplus foreseen by June 30 earmarked to implement the 1967 budget and no safe-guarding tax-reform program in sight, fiscal 1968 could be the year of truth for Michigan's financial well-being.

One cannot repress a shudder at the recollection of the $100-million surplus dissipated and the $80-million deficit accrued that marked the 14-year span of state government prior to 1962.

★ ★ ★

An insidious thing about government finances is the rise of built-in expenses from the institution of new services and upgrading of old. Thus, $96 million of budgetary increase is needed just to keep pace with rising costs of existing programs while new projects will reach for an additional $30.6 million.

Although the 1967 budget reflects a substantial boost in the State's support of education, there was disappointment at fast-growing Oakland University over its allocation. The $3.7 million awarded for operating expenses is about half the increase requested by the university.

★ ★ ★

The governor characterizes his administration's budget as "progressive and prudent." There can be no doubt that it is progressive. Its prudence will be affected by time and events and the continuation of Michigan's economy at its present breath-taking level.

Edward B. Hodges

Though saddened by the death of EDWARD B. HODGES in San Benito, Tex., where he lived for the past 15 years, a wide circle of friends and business intimates of the senior generation will recall the many delightful and eventful happenings that centered around him during his quarter-century's residence in Pontiac.

★ ★ ★

Mr. HODGES operated automobile dealerships for Hudson Motor Car Co. and Oakland Motor Car Co. (now Pontiac Motor Division) before entering the real estate business in 1939.

★ ★ ★

During his years here, Ed was an active participant in civic and fraternal affairs and gave liberally of time and purse in support of any worthy cause.

As it finds sanctuary in another realm, the spirit of ED HODGES will find lasting serenity in the fine fulfillment of his mortal mission.

New Year Resolution for Viet Nam: Peace

New Year in the Orient is traditionally the time when old debts are forgiven and hopeful enterprises are undertaken.

Now that Tet, the Vietnamese New Year's celebration is over, is it too much to hope that it may be followed by a tete-a-tete between Hanoi and Washington?

"PUBLIC opinion polls show that the public isn't very well sold on Vice President HUMPHREY." This well could be due to his trying too hard to sell himself.

ONE of the most difficult lines of demarcation to locate is that between being good to children and being too good to them.

LBJ Espousal Fanned Issue

By JOHN BECKLER

WASHINGTON (AP) — President Johnson may not have helped the cause of longer terms for House members by urging it so strongly.

A determined backstage effort to extend the present two-year terms to four years was nearing success in the House without much interest being shown in it until Johnson spoke out.

But ever since he plugged the four-year term in his State of the Union address on Jan. 12, the issue has been caught in the glare of controversy and its fate is now in doubt.

To win congressional approval, the proposed amendment must win passage in both the House and Senate by at least a two-thirds favorable vote—not just a simple majority.

★ ★ ★

Then three-fourths of the state legislatures—38—would have to ratify it for the proposal to become law.

MAIL COMING

For the first time, mail is coming to Congress on the subject, much of it opposing the longer terms.

Newspapers and magazines are taking editorial stands. Voters are discussing it.

All this was much different last year when Rep. Frank Chelf, D-Ky., was quietly, but effectively lining up support for a four-year term constitutional amendment.

★ ★ ★

By his own count, Chelf wrote more than 8,000 letters to his 534 colleagues in the House and Senate with arguments in support of longer terms.

GOT SUPPORT

He talked about it at every opportunity, got dozens to introduce amendments.

Working through his fellow members of the House Judiciary Committee, he finally pressured Chairman Emanuel Celler, D-N.Y., an unyielding opponent of the amendment, to hold hearings.

Celler couldn't find anyone who would testify against it and he was finally forced to move the amendment to the top of the committee calendar, ready for almost certain approval at the start of this session.

★ ★ ★

Then the President spoke out.

WITNESSES

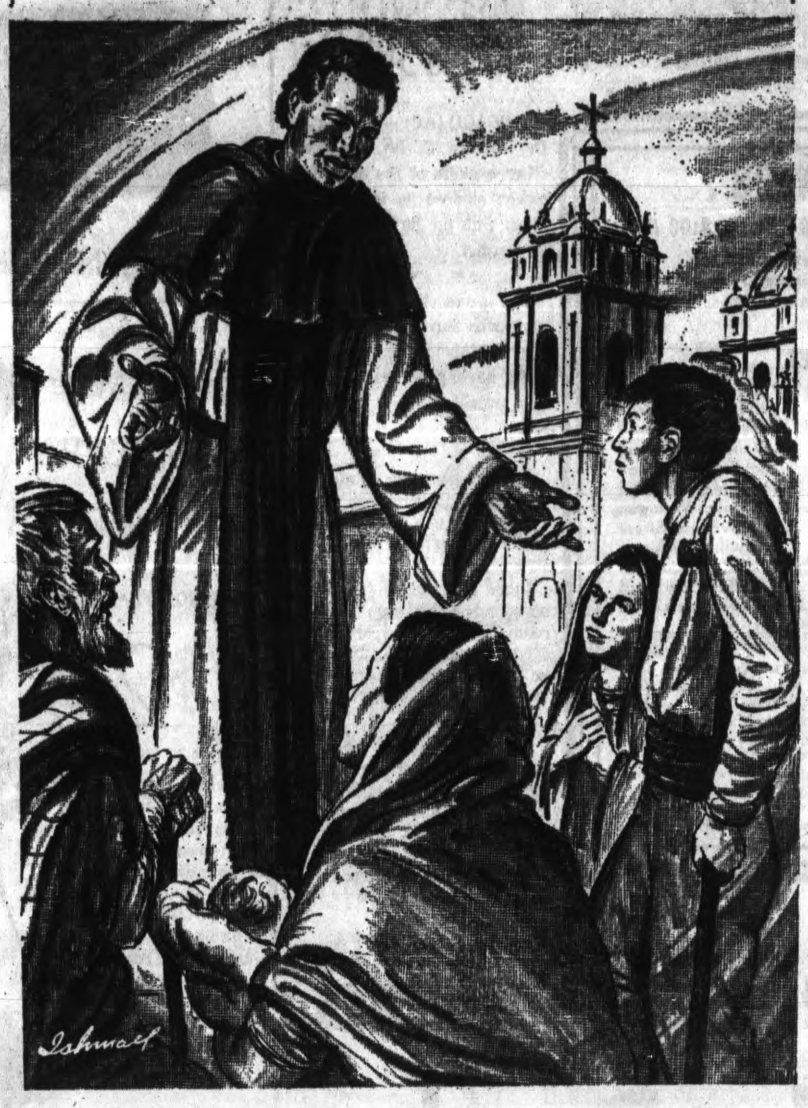

Celler has no lack of members and outside witnesses who now want to testify against the amendment and he is preparing to renew the hearings.

The awakened interest in the four-year term also has caused members who thought they favored it to look more closely at what is at stake.

They don't like Johnson's proposal that the four-year terms coincide with the President's fearing loss of independence to the executive branch.

Those who favor dividing the House and staggering the terms so half the members run every two years don't have the answer to the technical problem of how to deal with automatic reapportionment of the House after the national census every 10 years.

The POWER of FAITH By WOODI ISHMAEL

St. Martin de Porres had a beginning that has dragged many men down in despair, and yet his faith and works were such that he was canonized by Pope John XXIII in 1962.

Martin was born December 9, 1578 in Lima, Peru, the illegitimate son of a Spanish nobleman and a Negro woman from Panama. After his sister was born the father deserted mother and children. Rejected because of racially mixed blood, and living in squalid poverty, Martin could have found little basis for faith. Yet from an early age his love of people and love of service sustained him.

At the age of 12 he was apprenticed to a surgeon; his life ambition was to heal. At 15 he received the Holy habit of a Dominican tertiary or helper. Later he became a lay Brother of the First Order of St. Dominic and spent the rest of his life healing the sick, both physical and spiritual. No one called on him in vain, rich or poor, learned or ignorant, convict or citizen—red, black or white. They were all alike to him. His great pity of the ill and underprivileged and his passion for social justice has become known throughout the world. In 1939 on the Third Centenary of his death, the president of Peru decreed: "That Blessed Martin de Porres be considered Patron . . . of all works of social justice in Peru." He has been called "the Saint of Universal Brotherhood."

Finding the Way:

Our Weather Affects Everyone

By RALPH W. LOEW, D. D.

Our weatherman is retiring and we are aware how much we've taken this public servant for granted. Our city has weather which some might call colorful; at least it's not monotonous. It was 60 degrees on Christmas eve and still we had a white Christmas.

DR. LOEW

Our weatherman has skillfully shared technical information in such a way that our residents who wanted to know about the roads to a neighboring city or the condition of the ski runs could understand.

Some years ago Dr. Halford Luccock commented on the irritation that some residents have concerning these weather reports. The weatherman tells about isobars running from Denver to Santa Fe or high pressure areas over Galveston when the local traveler simply wanted to know whether it was going to rain.

Personally, I enjoy hearing the Canadian broadcasters tell of conditions at Pickle Lake but, I agree, if you're in a hurry it's somewhat irrelevant information.

★ ★ ★

Nonetheless, I applaud Dr. Luccock's applause for the weatherman. "He preaches the gospel of interdependence and that is a gospel much needed. His eye, swinging from Wyoming to Maine, enforces truth that no man, no city, no state, lives to him or itself. We are members one of another when it comes to weather.

"The country, to a large extent, is tied together in one bundle of life, for better or for worse. The lecture on meterology becomes a symbol of larger truth that whatever happens to one group in the nation has its effect on others.

If there is a low pressure area in buying power, it will have its disastrous effect in other areas. If full citizenship is denied to one group all citizenship is insecure. We rise and fall together.

★ ★ ★

"What happens in the world is as near as our front door,

and it soon comes up at every front door of the land. There is not an East that is far. The Far East and the Near East are as near to every home as is every 18-year-old boy in that home.

"Christopher Morley summed it up: "The man about town must become the man about the planet'."

I wish our weatherman well as he retires to just watch the skies, and I welcome his successor. Meanwhile, there is another climate that each of us helps to create.

We've learned to live in the climate of our diversities of this planet; we have to learn that we create a climate, determining pressure areas that affect others as well as ourselves.

Jesus observed, "When it is evening, you say it will be fair weather, for the sky is red. And in the morning, it will be stormy today, for the sky is red and threatening. You know how to interpret the appearance of the sky, but you cannot interpret the signs of the times.

A wicked and adulterous generation seeks after a sign, and there shall be no sign but the sign of the prophet Jonah."

It's relevant to the weather map of our own time. There are low pressure areas, and they affect all of us. And we have something to do with this moral meteorology. For your weather and my weather are really our weather!

Sentences for Crimes Are Puzzling to Reader

Are there others as bewildered and puzzled by our laws as I am? I have just read where a man may get a sentence of from 5 to 15 years for telling a lie in court and yet another man who killed a woman with his car in a head-on collision may get the maximum penalty of two years. What is the value of a human life? Is the new trend to kill but don't lie or steal?

★ ★ ★

Along with all the neighbors and friends of the Talbots and their misfortune, we are anxiously awaiting the sentence the Pearson boy will get for his crime.

Readers Discuss Representation of Latins

Mr. Chavez may not have the qualifications that some others have and may not represent Bill Garcia or Mr. Martinez, but he does represent hundreds of Latin Americans. He uses his "qualifications" to the benefit of his people. Many people that Mr. Chavez represents will not speak up for him because they can hardly speak English, let alone write letters.

★ ★ ★

It is now possible for those Latins who cannot speak or write English well to pass a test for drivers' licenses in Spanish — thanks to Mr. Chavez. There are English classes for Latin Americans, conducted by qualified teachers from the board of education. Those courses were organized by Mr. Chavez and are free of charge. He has managed to get jobs for those poor Latins who could not find a job and has contributed largely to the improvement of the conditions in migratory farm labor camps which are inhabited by a large number of Latins.

Mr. Chavez has done and accomplished more for the Latin American community of Pontiac in the short time he has been here than Mr. Garcia and Mr. Martinez have in their combined residence of 70 years. We should apply our qualifications and energy to helping the people. I am also a veteran of World War II and one of the founders of the American G. I. Forum, Pontiac.

EUGENE W. BEREZNICKI
WATERFORD

I am a Mexican-American businessman in Pontiac and speak to hundreds of Latins every day. I believe the gentlemen who are criticizing Mr. Chavez are men who have been here for years and have never been concerned about the poor, unfortunate Latin who has been helped by Mr. Chavez. They sound like men whose egos have been hurt and are jealous because they have been doing nothing for many years.

★ ★ ★

Mr. Chavez is not a big war hero nor a big wheel. He is an ordinary Christian man who did not isolate himself and thinks in terms of others. Mr. Chavez, keep up the good work you are doing.

'Candidates Who Have Lost May Run Again'

Ralph Hudson's letter about Richard Kuhn laments the fact that although Mr. Kuhn has lost some elections he has the tenacity of strength of character to get up and fight again for the ideals of free enterprise and individual responsibility in which he so strongly believes. It is too bad that we do not have more people in both parties who stand up and fight for their ideals.

A WEST BLOOMFIELD RESIDENT

In answer to Ralph Hudson, this is still a free country where any person may run for any office as many times as he likes, win or lose. This is Mr. Richard Kuhn's privilege. Keep in mind that Abraham Lincoln lost eleven times before he became our president.

'Several R's Important to Successful Life'

During one great American's early years, a strong and lasting impression was made on him by a schoolteacher who told her class in order to receive passing grades each would have to master the "three R's" and to achieve true happiness and success they would have to master additional R's: "Reason, Respect and Responsibility." Then she added, "You will also find there is a fourth 'R' which is sacred to America. It is Religion."

That great American is J. Edgar Hoover.

Comments on Sewer Program in Lake Orion

I am amazed that the Village attorney of Lake Orion is crowing about the six-month delay in the sewer program he was supposed to have won. Most people in Lake Orion know that if they had not formed the Homeowners Association they would have paid around $150 as of July 1965 for sewer cost and continued paying for 33 years. If there is any crowing to be done, let it be by the members of the association who fought for eighteen months to keep this expense from the taxpayers of Lake Orion.

FRIENDSHIP

You think you're friendly. Most persons do. But much that passes as friendship is no more than veneer. To be effective and lasting, friendliness must go deep. You must be sincere about it.

The effort necessary to develop the habit of becoming a thoroughly friendly person is well worth it, not only from the warmth of personal satisfaction that you obtain but also from the reputation that you construct. Friendliness springs from many little acts of courtesy and helpfulness. They represent little trouble, and lots of fun.

M. E. SIPLE

Don't discriminate. Men, women, children, stock boys, superiors, associates, cab drivers, all should be friends of yours. Get on a friendship train. It goes faster and is so much more pleasant.

Enemies of Civil Rights Actually Aid the Cause

By WHITNEY M. YOUNG, JR.
Executive Director
National Urban League

One of the more interesting—and perhaps more difficult — questions asked frequently of leaders of established civil rights organizations is: "How can you honestly be against riots, or the Muslims, or even violence when these have played such a major role in dramatizing the tragic plight of Negro citizens in this country?

YOUNG

The questioner invariably points out — and rightfully so — that inevitably these have helped to create a climate of concern, and that this climate is largely responsible for the passage of the civil rights legislation and the initiation of significant remedial programs.

* * *

It is indeed a difficult question. For if one were to be completely honest and objective, the picture of the police dogs in Birmingham attacking human beings, which came into every home by television or by the front pages of our daily papers, probably did as much as anything else to shock individuals and institutions into support of the Civil Rights Bill.

So confrontation between the state troopers and the civil rights marchers on the Selma Bridge influenced the passage of the voting rights bill and spurred a Senate investigation of the Ku Klux Klan.

Ironic as it may be, history may some day have to give credit for much of this to a Governor Wallace, whose brutal repressive measures and overt encouragement of violence created a national sense of shame and made possible the very legislation of which we boast today.

* * *

If he had not existed, the civil rights movement might have had to create someone like him to help highlight the historic injustices and thereby arouse the American conscience.

IN SAME VEIN

In the same vein, even now those of us who may deplore the Student Non-Violent Coordinating Committee (NCC) statement about involvement in the Viet Nam conflict are forced out of conscience and respect for constitutional rights, to support the organization's Public Information Director, Julian Bond, who was denied his duly elected seat in the Georgia Legislature.

In this case, SNCC, the very organization which so many of the members of the Legislature fear and abhor, has been given new life — and by many who in the past unhesitatingly approved known members of the Ku Klux Klan, the White Citizens Council and others who openly defied the U. S. Constitution and the 1954 Supreme Court decision on desegregation of public schools.

Once again the civil rights movement has been strengthened by some who claim to be its greatest enemies.

* * *

But this phenomenon is not restricted to the South. One is also reminded that it was only after the riots in New York, Rochester and Philadelphia that meaningful, tangible programs of retraining, employment and education came into being.

WATTS EXPLOSION

Watts was an ignored community, populated by faceless people — until it exploded! Now all the resources of local, state and national government, and private agencies as well, are competing to reach this community and its residents.

It is this history, and this reality, which makes it difficult to answer the question of whether or not tragedy must, in fact, be a prelude to constructive change.

One could even argue that this has been the history of social reform in America and in other parts of the world.

* * *

Not before we are faced with a record of serious accidents at an intersection, or the collapse of a bridge, causing the death of many people, or perhaps the horror of a devastating flood do we erect the necessary stop-light or build the new bridge, or construct the required flood-wall.

SAD COMMENTARY

If it is true, then, as it appears to be, that Americans can only respond after a crisis has affected their own selfish interests, then not only is it a sad commentary on our society, but it poses a difficult decision for responsible Negro leadership in civil rights and literally invites future tension, discord and even violence.

* * *

Yet, I would hope that as a country and as individuals we have reached that point in maturity, compassion and empathy — if not in intelligence — where it is unnecessary for tragedy to precede change.

Conversation Wall Above Living Room Dado Features Family Heirlooms And Treasures Collected By The George Deans Of Waterford Township On Their World Travels

background for LIVING

Home Offers Thumbnail World Tour

By JODY HEADLEE
Home Editor, The Pontiac Press

Visitors to the George Dean home on Windiate Park Drive, Waterford Township, are treated to a thumbnail tour of the world as they walk from room to room.

Each room has memorabilia collected from the four corners of the earth blended into its color and decoration theme.

In the formal living room, overlooking the snow polished ice of Lotus Lake, a fire chorties merrily drawing attention to the brick fireplace wall.

On the quarter hour, the cuckoo in the antique German clock adds his call to the background noises that make a house a home.

A portrait of the Deans' son Richard and his family of Colorado is mounted on the fireplace wall.

On the tile hearth are a hand-hammered copper teakettle from Sweden and a sugar-pine cone which was given to the Deans by their youngest son Robert, a forester in California.

In the French Provincial side cabinets are displayed Danish porcelain, Swedish crystal, Swiss wood carvings, German Dresden and Chinese silver craft.

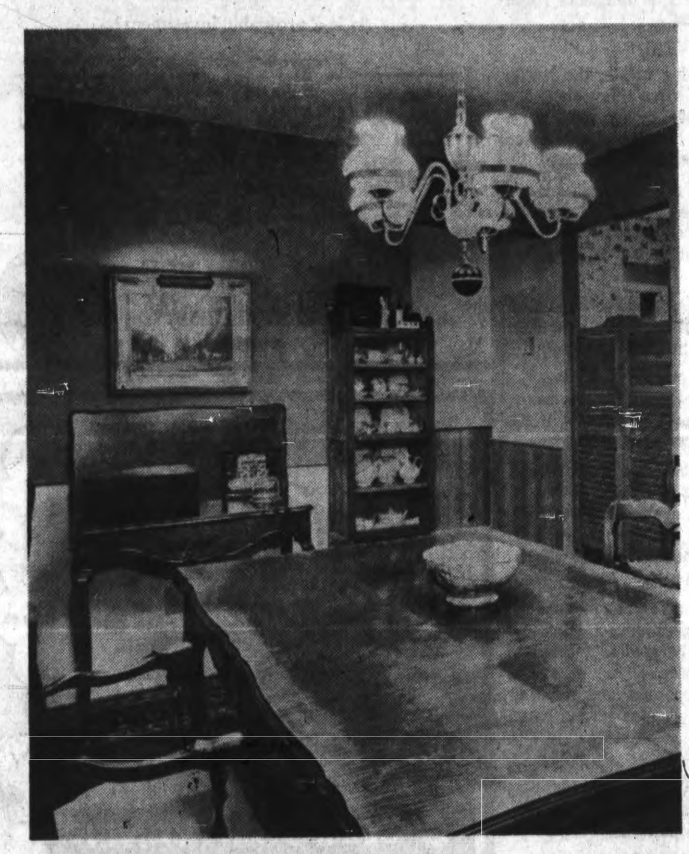

Before the picture window, draped in a print fabric of shades-of-lavender and green on white, are grouped three chairs and a hand-carved walnut table topped in pink marble.

The shell-back chair is upholstered in royal purple linen, the cogswell chair in turquoise linen and the French Provincial arm chair in a turquoise needlepoint centered by a floral petit point.

Lavender candles flicker in the Dresden candelabrum on the coffee table before the pale turquoise brocade sofa.

Mementoes tastefully arranged with family heirlooms on the living room's end wall keep the memories of past travel adventures as alive as if they had happened only yesterday.

"Traveling is such fun," said Mrs. Dean, "and the memories of the places you've been and the people you've met are the nicest part of all."

G-15 STATISTICS

Design G-15 has a living room, dining room, foyer and large dinette-kitchen on one level; three bedrooms, a foyer and two baths on a second level; a family room, a den or fourth bedroom, a sewing room, a bath and a laundry alcove on still another level. Total habitable area is 2,332 square feet, which does not include a two-car garage with a storage section and room for a workshop. Over-all dimensions, including the garage, are 76'2" by 31'4".

PLEASING SPLIT LEVEL: Three similarly-styled hip roofs, overhanging second floor and excellent combination of brick veneer and wood siding give this split level the appearance of a pleasant place to look at as well as live in.

Functional Splitlevel Designed to Please

Many of the advantages of a splitlevel relate in some way to the effective utilization of space inside the structure.

But part of its popularity lies in its exterior design, which can be distinctive and somewhat different without conflicting with traditional residential style.

The lines of the newest House of the Week are long, low and sleek — truly contemporary — yet of such subdued taste they can blend well anywhere.

Design G-15 definitely is an eye-pleaser.

Note the large attractive windows, with broad, protecting roof overhangs to keep out the hot noonday sun; the full, brick veneer ground floor surmounted by any overhanging second floor sheathed in wood siding; and the three harmonious hip roofs.

On the inside, architect Samuel Paul has seen to it that the pleasant feeling generated by the exterior appearance is not lost.

Immediately upon opening the front door, the visitor can look right through the long, paneled reception foyer past a partial screen divider and the dinette to a rear window—a vista of 25'.

A glance to the right takes the eyes along the living room to a stone-faced fireplace in the end wall.

★ ★ ★

The immediate view to the left is of a paneled wall, a planter and an open stair leading up to the bedroom foyer.

The living and dining rooms are in an L-shape, high-lighted by large windows at the front and rear.

The dinette-kitchen, more than 17' long, can be reached from the dining room or the foyer.

★ ★ ★

In the kitchen are a built-in wall oven, a double-bowl sink and an undercounter dishwasher, as well as the other usual appliances.

STEP-SAVER

In serving meals, the housewife can move a few steps one way to the dining room or a few steps the other way to place the food on the dinette table.

There are two bath rooms on the bedroom level, one for the master bedroom, the other an unusually large main bath.

All three bedrooms have good closet space, with a walk-in closet in the master bedroom.

★ ★ ★

The real bonus of this home, as with most split levels, is the ground floor area.

Here there is a family room nearly 22' long with a wall of windows overlooking the rear patio, a laundry alcove and two additional rooms with a third full bath.

The two extra rooms can serve a multitude of purposes: they can be used as fourth and fifth bedrooms if necessary, as a fourth bedroom and a den, or as a study and a sewing room.

★ ★ ★

And, of course, the owner can use them for different purposes at different times to suit changing family patterns.

CLOSET SPACE

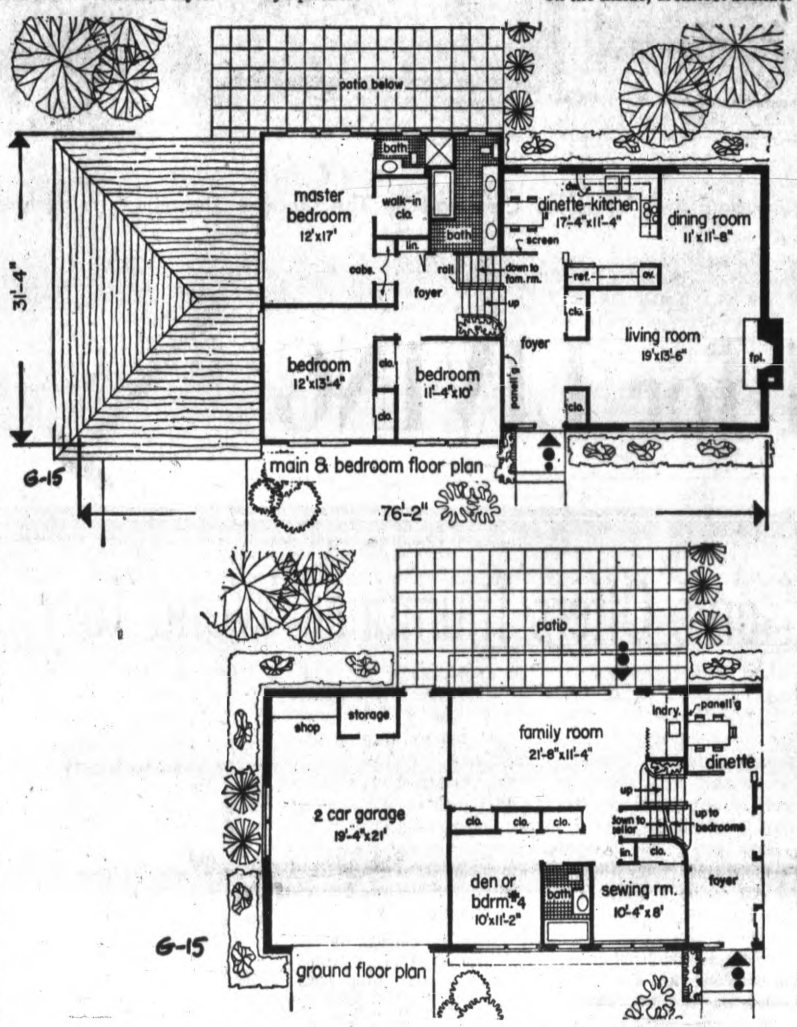

There is plenty of extra closet space here to serve these rooms, in addition to a storage closet and space for a workshop to the rear of the two-car garage.

Dimensions of the basic house are 56' 10" by 31' 4" with the garage adding 19' 4" to the over-all length.

The total habitable area, which naturally doesnt include the garage or rear patio, is 2,332 square feet.

★ ★ ★

That's a lot of living space in a house this size, one more bit of evidence of why a well-designed split level is favored by those who do not want all their rooms on a single floor.

FLOOR PLANS: Main and bedroom levels of this split level comprise a full living area for almost any family; ground floor, a few steps below the main foyer, is a bonus area of three rooms and bath as well as a laundry alcove.

Dorm Construction Sparks Employment

Money spent on college housing stimulates more employment than other types of construction, the U.S. Labor Department reports.

That's because it requires much more off-site work as well as on-site labor — about 144 off-site man hours and 94 on-site hours for every $1000 in contract costs.

Colorful Polka Dots Add Exterior Accent

The home of Mr. and Mrs. Ted R. Gibson is attracting plenty of attention.

★ ★ ★

Gibson put hundreds of "polka dots" in beige and coral paint against the white background of his house.

Home Office Must Be Quiet

With today's rising young executive taking more and more of his work home, a place in the house where the breadwinner can retreat to for quiet concentration is becoming a must.

If you plan to convert a spare room or den into an office, for full-time, after hours or weekend work, you'll be interested in this advice from a home furnishings specialist.

- The room should be designed according to the taste of the user with plenty of good lighting, filing space and good writing surfaces.
- Venetians should be custom fitted to permit maximum privacy from curious neighbors and precision control of the amount of daylight entering the room.
- The office should be located away from the home's big traffic areas and should be strictly "off limits" to small fry.
- Lighting fixtures should be located over work surfaces to provide maximum eye comfort.

Send Relief to Vietnam

To Recruit Trained Volunteer Personnel

Church World Service of the National Council of Churches is one of three major church relief organizations which have formed Vietnam Christian Service, a new agency to funnel funds and personnel into that strife-torn country.

★ ★ ★

With Lutheran World Relief and the Mennonite Central Committee, CWS will recruit trained volunteer personnel and seek to raise $250,000 from its supporting denominations to cope with the massive refugee problem in Vietnam.

The announcement this week reported that Dr. Atlee Beechy, former dean of Goshen College, Goshen, Indiana, has been named to direct the agency's field staff in Saigon.

At least 50 doctors, nurses, nutritionists, public health and other specialists are needed now and if the fighting continues, said the report, it is predicted that the number of refugees in South Vietnam will reach the million mark this year.

★ ★ ★

This was based on surveys made in 1965 which showed that the total of 300,000 refugees reported last June had increased to 600,000 by September.

Church World Service also announced that William C. Luken, a United Presbyterian layman, has just undertaken his duties in Saigon to serve on the CWS staff there.

He succeeds the Rev. Robert McFarland, former Episcopal rector of St. Michaels and All Angels Church, Issaquah, Wash. who is now the CWS representative in West Pakistan, where Mr. Luken had served for three years.

The announcements were made by the Rev. Frank L. Hutchison, director of CWS programs in South and Southeast Asia, who, with Robert W. Miller, director of the MCC Overseas Service, recently completed an extensive survey of needs in the area.

Lakeland Speaker Will Show Slides

He will talk with the youth group at 6:30 p.m. prior to the evening worship service.

"Two-Way Traffic" will be the theme of the Rev. Roy F. Lambert's sermon tomorrow morning. Elder Leland Johnson will assist the pastor in the service. The Senior Choir will sing "Christ of the Upward Way."

Youth Day and Christian Education Sunday will be observed at the 11 a.m. service tomorrow in Trinity Baptist Church. Pastor Lee A. Gragg will preach on "Develop Your God Given Gift."

With U. S. Travelers

Paperback New Testament Best Seller

NEW YORK—If what is happening in California and Arizona hotels is any indication, the paperback Illustrated New Testament with contemporary photographs published by the American Bible Society is becoming a best seller with America's traveling public.

First placed in rooms of San Francisco's Del Webb Towne House, the volumes so interested guests that within a month 217 Testaments were sold at the hotel gift shop.

Mrs. Donna Hofsas, owner of Hofsas House, Carmel-by-the-Sea, Calif., asked the Bible Society for copies for her hotel and gift shop. There the story was the same — a best seller.

M. J. Frankpton, vice president and general manager of the Del E. Webb Hotel Management Co., Phoenix, Ariz., has approved placement of the Illustrated New Testament in each of the more than 500 rooms involved in the two Del Webb installations in Phoenix, the Towne House and the Mountain Shadows.

The Illustrated New Testament will also be sold in the lobby gift shops of these hotels.

ONE DOLLAR

The new one dollar price for this volume makes it even more attractive. The hard-cover edition is available at $2.50. Orders may be placed through the American Bible Society, 450 Park Avenue, New York, N. Y. 10022.

The Bible Society, celebrating its 150th anniversary in 1966 as "The Year of the Bible," is the largest nonprofit organization in the United States dedicated to translating, publishing and distributing the Bible without note of comment.

Member of St. John at Messiah Baptist

The Rev. Mrs. Fannie Potter, a member of St. John Methodist Church, will be guest speaker at the green tea from 4 to 6 tomorrow afternoon at Messiah Missionary Baptist Church, 168 Prospect.

Mrs. Potter is also president of the City Wide Choir Union.

A talent program will be presented at 7:30 p.m. with members of the Messiah and other churches participating. The public is invited.

WOMEN'S SECTION

"Now listen for your cue and then take it from there," instructs Joel Goldberg of James K Boulevard (left) to Bonnie Britton of Farmington. William Dean of Forest Street looks on at the Junior Miss Pageant rehearsals Friday in Pontiac Northern High School.

Pontiac Press Photos by Ed Vanderwerp

Cathy Eads of Stevensville (right) puts a few finishing touches to the hairdo of Linda Shumaker of Detroit before the latter goes on stage. Linda showed her knitting ability in a wardrobe of sweaters and dresses for the talent part of the pageant.

"It's good to take a break," Mary Jo Strauss of St. Joseph, at right, tells Cathy. Both girls competed in Friday's talent show for the pageant. Rehearsals were all day yesterday.

At Junior Miss Pageant

Friendship Prevails

With squeals of "Really, you do look perfect," and "Honestly, you're great on stage," Michigan's Junior Miss Pageant unfolded once again at Pontiac Northern High School.

★ ★ ★

The Press photographer caught some informal pictures of contestants backstage during Friday's rehearsals.

Props were everywhere, and the air was filled with excitement. However, orderliness prevailed.

FLASHING CAMERAS

One thing is certain, these young ladies never will forget one another. Most of the girls remembered to bring cameras, and one after another posed for pictures.

Friendships form easily here, and it was a joy to see how much support the girls gave each other.

★ ★ ★

During stage rehearsals, hardly a sound could be heard in the auditorium. When each finished, applause and cheers of encouragement from the rest of the girls showed the fine sportmanship of these youngsters.

Teen appetites were appeased backstage where tables were set up with a lunch of hearty sandwiches, homemade cupcakes and plenty of milk and soft drinks.

NO 'BUTTERFLIES'

Naturally the girls had to eat in shifts, but not a one showed any sign of "nervous stomach."

★ ★ ★

Thursday evening a reception was held for contestants at the Community National Bank. There the girls first met one another; but by Friday, all were familiar with each other's school and family life.

Preparing to do her original dance and skit as Eliza Doolittle from "My Fair Lady" is Debbie Reese of Clio. She is staying with host family, the William Deans of Forest Street.

Tour Group of College to be Here

The Bennington College 1966 Dance Tour Group, offering a repertoire of students' original works, will be in the Pontiac area in February.

★ ★ ★

The group will appear at Oakland University's Little Theatre at 3:30 p.m. Feb. 6, with tickets at $3. and $1.75, and at Wayne State University's Community Arts Auditorium, 8:30 p.m., Feb. 7. Tickets for the latter performance are $2.50 and $1.50.

★ ★ ★

The Vermont college's dance troops have toured biennially since 1945. The company currently is on a tour of 16 states.

At its opening in 1932 Bennington elevated its dance division, and it quickly became a major center of modern dance.

★ ★ ★

Leslie V. Berg of Detroit, whose mother, Mrs. Irving Berg teaches dance at Wayne State, is one of the company's ten members. The program will include settings to music by Eliot Carter, Malcolm Arnold, Igor Stravinsky and Arthur Honneger.

Mrs. Eliot Robinson of Linden Road, Birmingham, area chairman, has tickets for the performances. A few tickets at $3. are available at OU's Festival Office.

CONSIDERED OUTSTANDING

Mrs. Robinson reports, "This is a very remarkable group of dancers consisting of eight women and two men. They have the respect of professional dance groups and audiences all over the country."

★ ★ ★

Area Bennington alumnae housing and transporting the dance students are: Mrs. Roy Leitch, Mrs. Weldon MacDonald Mrs. Archibald Doty, Mrs. Robinson, Mrs. James Chabot and Mrs. Harry L. Winston.

The Robinsons will entertain the dancers and alumnae after the Sunday Oakland performance.

Concert

Mendelssohn's "Overture to Ruy Blas" will open the Pontiac Symphony Orchestra concert, Tuesday, at 8:30 p.m. in Pontiac Northern High School.

★ ★ ★

"Composition for Two Horns, Oboe and Strings" by Mozart will feature French hornists Edward Sauve and Mrs. Ernestine Barnes, also R. A. Coward, oboeist.

★ ★ ★

Lyell Lindsey will be soloist in the "Composition for the Bassoon" by Phillips.

★ ★ ★

Following intermission, "Prelude and Quadruple Fugue" by Hovaness; a cello sonata by Vivaldi, featuring cellist Edward Korkigian, and "Les Preludes" by Liszt will be heard.

Meeting Monday

The YWCA's International Group will meet for coffee at 1 p.m. Monday. A nursery will be available for children, and guests will be welcome.

Margaret Johnson Is Bride of John Douglas

The John Andrew Douglases (Margaret Marie Johnson) left by plane for New York City after their wedding reception Friday in the Detroit Athletic Club.

★ ★ ★

Vows were spoken before Rev. Gerald Flanigan in a seven o'clock ceremony in St. Hugo of the Hills Catholic Church.

Parents of the couple are the Roy W. Johnsons of Lake Angelus and Mr. and Mrs. Charles Douglas of Douglaston, N.Y.

★ ★ ★

Over a sleeveless Empire sheath gown of ivory peau de soie and hand-corded Alencon lace, the bride wore a fitted jacket of ivory English net and lace which held her court train.

She held a colonial bouquet of white roses, rosebuds and cascading greens.

Attending their sister were Patricia Johnson of Washington, D.C., as honor maid, and Pamela Johnson, flower girl.

With Charles Douglas Jr. his brother's best man, were the ushers Peter Johnson, Thomas Stabile of Douglaston and William Kuhn of Detroit.

★ ★ ★

The couple will reside in White Plains, N.Y. She is a senior at Manhattanville College of the Sacred Heart in Purchase, N.Y. Her husband is a graduate student at St. John's University.

Newlywed Bahls Are Off for Dutch West Indies

A flight from Miami will take the newlywed Rolf D. Bahls (Susan R. Trubey of Walled Lake) to Curacao in the Dutch West Indies for their honeymoon.

★ ★ ★

Vows were exchanged today in St. William's Catholic Church, Walled Lake and a luncheon for the immediate families followed in K-Falls Lounge on Hiller Road.

Business Burns, Son Fumes ---Dad Can Retire With Loot

By ABIGAIL VAN BUREN

DEAR ABBY: My husband worked in his father's business for 25 years as a salaried employe. He was an only son, and his father always told him that when he (Pop) retired, the business would be my husband's.

ABBY

Five weeks before Pop's 65th birthday, which was to be his retirement date, the business burned down, leaving my husband unemployed at the age of 43.

When the fire sale was completed and the property disposed of, my husband held out his hand for his "share." His father asked, "Did you put any money into the business?"

Of course, the answer was no. But, Abby, my husband put 25 years into it! And this is the same business that was going to be his in five weeks. What do you think of a deal like this?

FORT DODGE, IOWA

DEAR FORT DODGE: I think your husband "got the business."

★ ★ ★

DEAR ABBY: My wife reads your column religiously, and I read it when she makes me. She has a 51-year-old brother we think should be married.

He is good-looking, dresses well, drives an expensive car, has a secure job, money in the bank and a pleasing personality.

There is nothing wrong with him, Abby. We have fixed him up with lots of dates. He always enjoys himself, but unless someone arranges a date for him he is just as happy being without one.

I thought maybe you had a list of Lonely Hearts' Clubs we could draw from. We don't know any more eligible ladies he hasn't taken out. Thank you.

WANTING TO HELP

DEAR WANTING: Show me a good-looking, 51-year-old bachelor with a secure job, pleasing personality, money in the bank, who dresses well and drives an expensive car, and I'll show you a man who can find his own wife. If he wants one, that is.

★ ★ ★

CONFIDENTIAL TO "WONDERING IN SAVANNAH: Yes, it is possible that he has forgotten that you owe him the money, but I would attribute his "never mentioning it" to his good taste rather than his bad memory.

Emerson said, "Pay every bill like God wrote the bill." And I say, "Wise man, that Emerson."

June vows are being planned by Carolyn Tersigni, daughter of Mr. and Mrs. N. A. Tersigni of Hadley Road, Independence Township and Richard A. Meyers, son of Mr. and Mrs. Howard L. Meyers of Curwood Drive.

South won the first trick with dummy's ace of spades and took stock of the hand. He had one spade loser, one trump loser, no diamond losers and one or two club losers depending how the suit developed.

JACOBY

He decided to postpone the club play as long as he possibly could and to attempt to gather information along the way.

Therefore he led a diamond to his ace, returned to dummy's king and ruffed a diamond in his own hand.

Then he led a low spade toward dummy. Lew Mathe who sat East overtook his partner's eight with the nine in order to lead a trump. Bob Hamman sitting West rose with his ace and led another trump back.

★ ★ ★

South won in dummy, ruffed dummy's last diamond in his hand and then ruffed his last spade in dummy.

Now South was down to the all-important club play. He led a club from dummy and Lew Mathe played low. This didn't help South a bit. Lew was sure to play a low club if he had one and irrespective of what higher ones he might hold.

However, South had acquired a lot of information from the play. Bob Hamman, West, had already shown up with the queen of spades, ace of hearts and queen of diamonds. That gave him a total of eight high card points outside the club suit. If Bob also held the club ace he would have 12 points.

Bob is known as a man who likes to open the bidding and Bob had dealt and passed. It looked almost certain that Bob would not have that ace of clubs. South played the king and down he went.

Inter-Lakes Now Two-Team Race; WOLL Defeats St. Michael

Falcons Thump Skippers; PNH Beats Vikings

Huskies Remain Tied With Farmington 5, Entertain Ann Arbor

By JERE CRAIG

Farmington's Falcons established themselves as the team to beat in the Inter-Lakes League cage chase Friday night although remaining deadlocked with Pontiac Northern.

The Falcons pushed their loop record to 3-1 (8-4 over-all) by impressively dumping Waterford, 78-53, to avenge an earlier loss at the Township court.

PNH looked good for one half, then had to outscrap a determined Walled Lake team for an 83-76 conquest that left the Huskies 3-1, also.

Northern will attempt to square its over-all mark at 5-5 against highly regarded Ann Arbor (a 91-38 winner over Lansing Eastern Friday) tonight on the PNH floor.

Farmington took a 10-point first-quarter lead over the visiting Skippers and withstood a second-period rally by WTHS for a 34-31 intermission lead.

The Falcons' balanced attack produced 44 points in the second half, enabling them to pull away. Waterford's Rick Ziem netted 10 field goals and took game scoring honors with 25 markers.

The winners, paced by Mike Wilson's nine baskets, had 10 more field goals than the Skippers (2-2 in league, 4-6 over-all).

10 IN ROW

Walled Lake, loser of 10 straight now, tallied 49 points in the closing half at PNH but couldn't draw closer than three points.

Northern, taking an 18-13 edge after one quarter, ran up 11 straight points at the start of the second period for a 29-15 lead. Following a Viking field goal, the Huskies added eight more for a 20-point margin, 37-17.

Sophomore Don Hayward had 11 points when PNH went to the lockerroom ahead, 43-27. He teamed with Tom Webb and Jim Hester to control the backboards in the first half.

Walled Lake quickly cut the lead following the intermission. It drew within three points, 53-50, after six minutes. PNH could only muster eight free throw points in the first five minutes.

John Huebler had 10 points and center Mike Harland six while dominating the backboards. The pivotman's four-point effort made the deficit three.

Bobby Harris and substitute Archie Powell then took over for PNH. Harris drove for a three-point play to start a spell of 13 points the two accounted for while Walled Lake kept the pressure on.

The losers' Jack Ashby had fouled out early in the third period after hitting eight field goals and missing only his last shot.

Gus Maragos' playmaking and the shooting of Huebler and Harland carried the Vikings. Finally, though, with the home team up by six, Harris stole the ball and hit another three-pointer for a safe 75-66 lead with three minutes to play.

Powell had all 10 of his points and Harris 15 of his 22 in the last half.

UNIMPRESSED BY FOE?—Pontiac Northern's Dana Coin (52) seems to show disdain for Walled Lake's high-scoring John Huebler while holding the ball on offense early in last night's game at PNH. A strong rally led by Huebler almost overcame the Huskies' big early lead but they held on for an 83-76 win.

Jack Ashby (41), Terry Lehman (35) and Bill Grun are the Walled Lake players behind Hester. His teammates are Don Hayward (20), Dana Coin (behind 31) and Bob Harris.

League May End in Tie by 3 Teams

By DON VOGEL

Waterford Our Lady of the Lakes' basketball team not only shot holes in St. Michael's defense last night, but the Lakers also opened several interesting possibilities in the tight Macomb Catholic League race.

Sparked by Doug Springer's 23 points, the Lakers defeated St. Michael, 63-55, before an overflow crowd at WOLL to pull within a game of the front-running Mikemen.

★ ★ ★

St. Michael (9-2) has clinched a share of the title, but with one game left in league play for each team there is the possibility of a three-way tie for the championship.

Should this happen, WOLL would be the league's representative in the Catholic League's second division playoffs.

The Lakers (8-3) host Richmond St. Augustine next Friday while St. Michael is playing on St. Frederick's (8-3) home court. The following possibilities could result:

1. Victories by WOLL and St. Fred would result in a three-way tie with the Lakers going to the playoffs.

2. A St. Michael win would give the Shamrocks the outright crown and the playoff berth.

3. A WOLL loss and a St. Frederick victory by more than 14 points would leave the Rams and Mikemen tied and St. Fred would advance to the playoffs. A St. Fred win by less than 14 would send the Shamrocks on.

TOTAL POINTS

The league rule states that in the event of a tie, playoff berths are determined by the team scoring the most points in two meetings between the tied quintets.

WOLL holds the upper hand over St. Fred and the Mikemen in this respect and the Shamrocks whipped St. Fred, 69-55, in an earlier game. The Lakers lost to St. Fred, 74-71, then beat the Rams, 88-70.

St. Michael tripped the Lakers, 58-52, thus making WOLL's eight-point margin last night highly significant.

When St. Mike's 6-4 Bill French, who had scored 21 points and taken 15 rebounds, fouled out with 1:26 to play and the Lakers holding a 10-point lead, WOLL's series point-edge looked safe.

Springer hit his first six shots and made eight of 10 for 16 points as the Lakers pulled to a 39-27 halftime lead. Domination of the backboards by Sirbaugh, who had 17 rebounds, and Carl Matzelle in first half made the big difference.

Romeo Five Avenges Loss to Wildcats

Romeo avenged an early season loss by handing Oxford a 56-44 setback yesterday.

It was a close game for one period and after a 13-13 tie, Romeo moved ahead 14-13 and then 27-20 at halftime and never fell behind.

Both teams substituted freely, each having eight of nine players in the scoring column, to spread out the points.

Romeo's Jim Boggs and Rick Schapman each had 13, while big Roger Miller led the scorers for the night with 18.

The victory was the first for Romeo in the Tri-County League and the Bulldogs now have Oxford as co-holder of the cellar with 1-4 marks.

L'Anse scored a 61-60 victory over Lapeer as Mike Davenport hit 25 points for the winners.

This hurt Lapeer's bid against leader Kettering, now two games ahead with a 4-0 mark. Lapeer and L'Anse are each 3-2 in the league.

Dondero Wins on Last Shot

Mickey Westmoreland canned a 20-foot jump shot with six seconds remaining last night to give Royal Oak Dondero a 44-43 victory over Monroe.

The win raised Dondero's record for the season to 4-6.

Westmoreland wound up with 16 points to pace the attack. Alvin Jugutis tossed in 16 for the losers.

Graduation Taints Parkers' Title Hopes

Graduation is coming at the wrong time for Hazel Park's basketball squad.

The Parkers, sharing the lead in the Southeastern Michigan Association with Ferndale, will be minus three of their starters when they take the floor next Friday against Royal Oak Kimball.

The three starters — Jeff Gifford, Lloyd Welch and Dave Ernatt — are midterm graduates at Hazel Park and they wound up their prep career last night as the Parkers dumped Berkley, 60-50.

The win ran the team's SEMA mark to 4-1, the same as Ferndale which romped past Birmingham (0-6), Seaholm (75-48).

In another game, Royal Oak Kimball (4-2) stayed in third place with a 72-71 victory over Southfield (2-4).

John Canine tossed in 22 points, Harold Reiser 14 and Ernatt picked up 10 in pacing the Parkers' attack. Steve Cowell led Berkley with 16.

★ ★ ★

Ferndale, ahead only 35-26 at halftime, outscored Seaholm 40-22 in the second half to run its over-all record to 7-2.

Rick Bloodworth and Dwight Dunlap provided the one-two punch with 23 points apiece. Rich Slater topped Seaholm with 15.

Roger Peltz canned 39 points to break his own school scoring record of 35 he set against Mount Clemens earlier this season.

Kimball led all the way, although Southfield kept the pressure on during the final few minutes. Ted Simmons picked up 20 points to spark the winners.

Big Order Okay; How Many Bags?

CINCINNATI (NEA)—After a game in Dayton, the Cincinnati Royals were returning home by bus.

Midway, the bus stopped at a roadside diner.

General manager Pepper Wilson went in and gave the waitress the order: 40 hamburgers, 40 cokes and 40 Danish pastries.

The waitress calmly marked the order and then asked Pepper, "Would you like to take these out, sir?"

'Slow' Victory for E. Detroit

Shamrocks Triumph Despite Stall

The Bathers of Mount Clemens slowed down the state's top-ranked Class A team last night — East Detroit — but still came away on the short end of a 36-22 score.

Mount Clemens (6-5) played ball control in the first half, taking only one shot, but East Detroit swiped the ball often enough to gain a 13-3 lead at halftime.

It was 19-12 after three quarters and Mount Clemens tried to outscore the Shamrocks in the final frame, but the effort was useless as the winners tossed in 17 points.

Leading East Detroit was George O'Hara with 14 points.

★ ★ ★

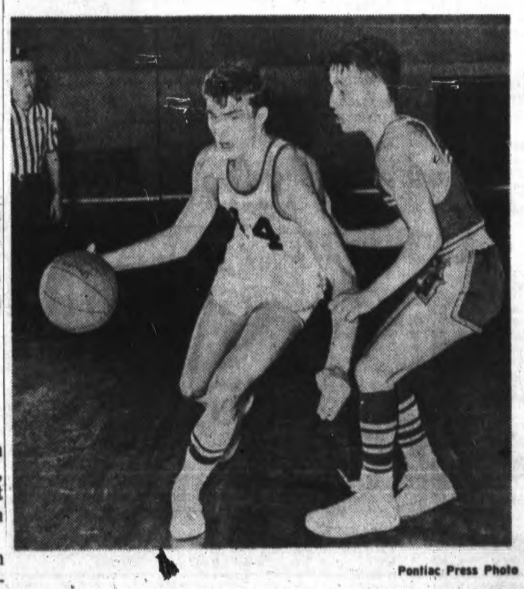

The win left East Detroit with a 5-0 record in Eastern Michigan League play and a 10-0 record over-all.

In another league game, Roseville (3-2) downed Port Huron (0-5), 63-54.

North Branch Loser from Charity Line

North Branch and Birch Run matched field goals at 29 each, but the tale of the game was at the free throw line as Birch Run won 77-67.

North Branch had four men in double figures led by Don McLaughlin's 20, Mike Campbell's 15, Terry Ostrander 14 and Frank Baldwin 12. Ken Hobson had 21 for the winners.

Scoring Mark for Clarkston Sharpshooter

Fife Hits 43 in Win Over W. Bloomfield

Wolves Share Lead With Northville in W-O Race

By FLETCHER SPEARS

If Clarkston's Wolves wind up with the Wayne-Oakland League basketball championship, officials may have a difficult time deciding whether the team or Dan Fife should have the trophy.

★ ★ ★

Fife is a junior at Clarkston. He excels in all sports, and at the moment the sport is basketball.

Playing the best game of his career, the 6-2 sharpshooter poured in 43 points last night to establish a school scoring record as the Wolves downed West Bloomfield, 65-62.

Fife's total wiped out the old mark of 38 held by Clark Rouse (1951-52) and Ken Miskin (1963-64).

★ ★ ★

With the victory, Clarkston (7-2) held onto a share of the lead in the W-O along with Northville (7-2) a 66-45 winner over Clarenceville.

OTHER GAMES

In other W-O action, a layup by center Bruce Hall with six seconds remaining gave Bloomfield Hills (6-3) a 58-56 win over Milford (1-8), and Holly (5-4) turned back Brighton (4-5), 63-49.

★ ★ ★

Fife, leading scorer in Oakland County with a 30-plus average scored all of his team's points in the first quarter — 12 — and he added six more in the second frame as Clarkston trailed at intermission, 29-26.

He found the range early in the third quarter and hit five shots in a row from the field and shoved the figure to 10 in a row in the fourth stanza as he pulled the wolfes from behind to victory. For the game, Fife connected on 18 of 23 shots from the field.

The performance by Fife overshadowed a sharp effort by West Bloomfield's (5-4) Tim Moller, who rebounded well and wound up with 21 points.

★ ★ ★

Trailing, 56-53, Milford tied the score with 45 seconds left on a field goal and free throw by Mike Yeager, but the Hills' quintet stalled away most of remaining seconds.

WINNING BASKET

A Hills shot with eight seconds left missed its mark but Hall pulled down the rebound and stuffed the ball in the basket for the winning markers. Yeager paced the losers with 24 points while Dave Robillard pushed in 18 for the winners.

★ ★ ★

Mark Cushing collected 20 points and Jim Zayti added 16 in Northville's lopsided win over Clarenceville. Chris Hawkins tossed in 20 points for the losers.

Bill Taylor had his best night of the season as he poured in 29 points to spark Holly's attack.

The winners led 14-11 after one quarter and upped the lead to 28-23 at intermission.

Rochester Falls to Madison 5

One of the doormats in the Oakland A League came off the floor last night to hand Rochester a 78-77 loss in double overtime, a loss that dealt nearly a death blow to the Falcons' hopes for a title.

★ ★ ★

Pulling the upset was Madison (2-7) and both of the Eagles' league wins this season have come at the expense of Rochester.

The loss snapped Rochester's (5-4 in the league) six-game winning streak, and it left the team a full three games behind Warren Cousino (8-1) with only six games to go.

In other results last night, Cousino downed Troy (3-6), 60-52, Avondale (5-4) routed Lake Orion (8-1), 65-42, and Fitzgerald (7-2) rolled to an 80-62 triumph over Clawson (5-4).

★ ★ ★

Rochester, trailing by as much as 16 points in the second half, wiped out the deficit and went ahead in the fourth quarter, 66-65, and Madison tied it at 66-all with 1:13 left and it remained that way through regulation play.

TIED AGAIN

Both tossed in five points each in the first overtime, with Jim Combs tying it for Madison with a bucket at the buzzer, and Madison jumped in front 78-73 in the second overtime with 30 seconds left.

★ ★ ★

Baskets by Jim Burton and Dick Thompson cut the deficit to one point, 78-77, but Madison stalled the final 10 seconds.

Combs led all scorers with 41 points and Blach finished with 11. Bob Mills tossed in 22 to pace Rochester.

Dave Erwin and Bob Burt collected 18 points apiece to spark Avondale, while Dave Dewey and Dennis Brophy pushed in 11 each for Lake Orion.

OUT IN FRONT

Troy jumped in front of Cousino at halftime, 25-24, but the league leaders took control in the second half to pickup the win.

Paul Papak tossed in 25 points for Cousino and Bruce Baas led Troy with 18.

Dave Dubowski and John Pahoski collected 24 points apiece to spark the Fitzgerald attack. Tom Miner picked up 21 for Clawson.

Maples, Fitzgerald Win Swim Meets

Birmingham Seaholm, a two-time loser in swimming this season, a rarity in itself, pushed its record to 6-2 for the campaign by routing Ferndale, 84-21 last night.

In other swim meets, Warren Fitzgerald trimmed Birmingham Groves, 60-45 and Hazel Park swamped the two new swim entries from Port Huron, Northern and Central, 92 to 29 to 19.

The Maples won all 11 events without a double winner. Tobin Rote Jr., posted a 23.9 in the 50 freestyle and Bill Kennedy won the 200 freestyle in 1:59.5. Both then took part in the winning 200 freestyle relay.

Fitzgerald pushed its season mark to 7-4 by winning all but four first places. George Rzepka, Dave Gagnon and Les McCormick were double winners for Fitzgerald with McCormick setting a pool record in the 200 individual medley with 2:12.9.

Groves won both team relay events.

Season Mark Reaches, 9-0

Fraser Quint Latest Chieftain Victim

The last season may turn out to be the best one for coach Carlo Muzi of Utica.

Muzi, who says he's leaving the basketball coaching ranks after this season, guided the Chieftains to an easy 78-60 victory over Fraser last night and the win upped the team's season record to 9-0.

"It's a game for the younger men," insists the 38-year-old Muzi, who led the Chieftains to two Bi-County titles in 1959 (12-3) and 1962 (13-2).

He's never had a unbeaten season in 13 years of basketball coaching, so this could be the one.

★ ★ ★

In beating Fraser for the second time this season, the Chieftains placed four players in double figures and had little trouble with the visitors.

PACE ATTACK

Pacing the attack were Jim Jilek and Dan Drca with 18 points. Drca, held in check for most of the game, broke through with 14 in the fourth period.

John Perry picked up game-scoring honors by tossing in 30 markers for the losers.

Ortonville 5 Dumps Linden for 7th Win

Ortonville won its 7th game in 10 starts for the season by whipping Linden, 96-79.

Four double figure scorers helped the Black Hawks, paced by Merv McDowell's 20 points and Wayne Brosseau's 19.

Also in the double column were Jim Munsel with 17 and Bob Perry with 11.

Ortonville held a slim 43-40 lead at halftime but poured through 32 points in the third quarter while Linden managed only 12 and the lead was extended to 20 points.

Utica Swimmers 57-48 Victims in Tight Meet

The clock favored the home team Friday night as Utica's swimmers dropped a 57-48 verdict at Warren by less than a second.

The Chieftains lost the opening medley relay by one-tenth of a second and later lost the backstroke by five-tenths of a second.

They did gain first place points with Larry Merritt, 200 freestyle; Bill Frye, 200 individual medley; Jim Keats, 100 butterfly; and Jim Kennedy, 100 breaststroke.

★ ★ ★

The Utica 400 freestyle relay team of John Waltz, John Sloan, Bill Martin and Mike Newman also won but couldn't prevent the Chieftains' fourth loss in nine meets. Warren freestyle sprinter Jim Sieradski was the only double winner.

Montreal Vets Defeat Wings

Old Timers Contest Draws Full House

DETROIT (AP) — Dickie Moore, just out of hockey, and Kenny Mosdell led the Montreal Canadiens Old Timers to a 5-2 victory Friday night over the Detroit Red Wing Old Timers in a charity game before a sellout crowd of 12,394 at Olympia Stadium.

Moore scored the opening goal and assisted on markers by Floyd Curry and Butch Bouchard, while Mosdell assisted on all three of those goals.

★ ★ ★

The victory gave Montreal a sweep of a home-and-home series, the first between the alumni of the two national Hockey League teams.

Referee Red Storey, himself a NHL retiree, had to caution both clubs about rough play in the middle of the second period.

★ ★ ★

The most combative, was Detroiter Ted Lindsay, now 40, who would be playing in the NHL if his comeback hadn't been vetoed by the New York Rangers.

LUMLEY BEAT

Moore and Marcel Bonin scored in the first period against Normie Smith, a mid-1930s Detroit goalie; Dollar St. Laurent beat Harry Lumely in the second period and Curry made it 4-0 against Wing Trainer Lefty Wilson before Hal Jackson scored for Detroit.

Houston Dome Has First Polo Match

HOUSTON (AP) — The Texas All-Stars meet the National All-Stars Saturday night in the first polo match in the Harris County domed stadium.

Charles Smith, who will be in the lineup of the Texas All-Stars, is the son of Cecil Smith, the only polo player in the Texas Sports Hall of Fame.

Last year Smith won the U.S. Open championship for the second straight year at Oakbrook, Ill. He also won the national 20-goal championship the past two years.

The Texans carry a 21-goal outdoor handicap compared to 23 for the Nationals. In as much as indoor polo is new in Texas, the players do not have indoor ratings. Handicap ratings are figured by the U.S. Polo Association.

Country Day Streak at 7

Unbeaten Country Day remained that way last night by knocking off Warren Mott, 60-30.

It was the seventh straight win for the Country Day squad, which was scheduled to take on Cranbrook this afternoon.

After a 11-11 deadlock at the end of the first quarter, Country Day outscored the losers 18-5 in the second to take a 29-16 halftime lead.

Tim Baughman led the winners with 18 points.

Softball Head Picked

JACKSONVILLE, Fla. (AP) — Ralph Guynes of Oregon City, Ore., was elected president of the Amateur Softball Association of America Friday and Oklahoma City was selected for next year's convention.

Gary Player Assists Rescue

JOHANNESBURG, South Africa (AP) — U. S. Open golf championship Gary Player of South Africa helped rescue one of five children trapped Friday in a deep monsoon drain at the Parkview course.

Player was at the 12th hole in the second round of the Transvaal Province Open Championship when word reached him that five boys were being carried away in a torrent sweeping through the 15-foot wide, 10-foot drain.

★ ★ ★

A violent tropical thunderstorm was sweeping the course and holding up play.

With Bob Williams, a top South African amateur, Player grabbed one of the guide ropes used to control the crowds and tossed it to the struggling children. One of the boys hitched onto the rope and was pulled to safety by Player.

★ ★ ★

New Zealander Bob Charles, the former British Open Winner, and other golfers and officials helped rescue the other four.

When the storm abated, Player continued the round.

He shot a second round two-under-par 69 for a total of 134 and a six-stroke lead.

Baseball Throws Down Gauntlet

Draw Milwaukee Battle Line

MILWAUKEE, Wis. (AP) — Baseball has thrown down the gauntlet and lawyers for Wisconsin are digging in for battle after the state's antitrust suit against the Braves and the National League entered the no quarter stage.

"At least now we know where we stand," said one state lawyer Friday after National League President Warren P. Giles announced that the league would ignore a temporary order by Wisconsin Circuit Court Judge Elmer Roller.

★ ★ ★

The decision dimmed hopes for an advance settlement of the case which Roller ruled Friday must go to trial March 7.

Roller had ordered the league Thursday to make preparations to place a team in Milwaukee this season.

NO COMMENT

The judge refused comment Friday on the decision by the league. Lawyers for the state were almost restrained. They indicated they would confer, probably this weekend, to decide on a next step.

★ ★ ★

"All I can say is that the state intends to try its lawsuit in the courts, not in the news media," said Atty. Gen. Bronson Lafollette. He said he was not surprised by the league's position.

★ ★ ★

"I've come to expect the unexpected in this case," he said.

Willard Stafford and Steven Keane, special counsels for the state and Milwaukee County in the case, said they did not yet know how they would reply to the league's action, nor would they discuss what moves were open to Roller.

"I don't know," Stafford said. "I have no comment to make on it whatsoever."

OTHER PEOPLE

"There have been other people who decided to disregard orders of courts before," Keane said. "Sometimes it has turned out good for them, and sometimes it has turned out badly. Let's see what happens here."

One state official had expected baseball to react just as it did.

"They are brahmin-minded men," he said of the owners. "They are men who have lived all these years without any regulation at all and they are certain to live that way until one of them gets plastered. And I'll tell you, it wouldn't surprise me if they're halfway across the street right now."

Earlier in the day, Roller set the new trial date, pushing it back a little more than a month. The trial originally was scheduled to begin Tuesday.

The new date satisfied neither the state nor the defense, which had sought a delay until June 1 or later. The state wanted the case to begin as scheduled.

Pistons Down Celts, 108-105

By The Associated Press

Detroit is losing out in the National Basketball Association's Western Division race, but the Pistons' Joe Strawder has muscled his way into the wide-open Eastern scramble.

Strawder, a 6-foot-10 rookie who has been in and out of the Detroit lineup, poured in 29 points as the lowly Pistons edged the Celtics 108-105 at Boston Friday night. The Celts' third loss in their last four starts, coupled with Philadelphia's 125-103 romp over Cincinnati, left the three Eastern contenders only 13 percentage points apart.

★ ★ ★

The Royals, staggered by Wilt Chamberlain's 43-point, 24-rebound binge, have a six-point, edge on Boston while the 76ers trail the Celtics by seven points.

Rick Barry's 38 points paced San Francisco to a 114-104 victory over St. Louis and Los Angeles topped Baltimore 138-123 in Friday night's other games.

POOREST RECORD

The Pistons, buried in last place — with the poorest record in the nine-team league — beat Boston for the third time in seven meetings as Strawder, originally drafted by the Celtics, collected the highest point total of his brief career.

The former Bradley University pivot sparked a second quarter rally that gave the Pistons a (61-56 halftime margin. They held on in the second half and Ray Scott clinched it with a pair of free throws in the closing seconds. Scott scored 21 points and Dave DeBusschere 20 for the Pistons while Sam Jones topped Boston with 26.

It was only the third home court loss in 20 games for the Celtics, who have been crippled by injuries to John Havlicek, Willie Naulls and Tom Sanders. Havlicek was not in uniform, and Naulls and Sanders played only briefly.

Philadelphia steamed to its seventh straight victory and cooled off the Royals, who had won 10 of their previous 11 starts, as Chamberlain connected on 19 of 28 field goal attempts and ruled the boards.

Defending Champ Leads All-Star Bowling Tourney

LANSING, Mich. (AP) —Defending champion Dick Weber and Nelson Burton Jr., both of St. Louis, Mo., held commanding leads in the men's section of the All-Star Bowling Tournament going into today's final day of match play.

Weber, a three time champion of the event, boosted his advantage to 254 pins over Bob Strampe of Detroit in six matches Friday. Weber started the day only 14 points ahead of Strampe, early preliminary champion.

★ ★ ★

The 23-year-old Burton added 82 pins to his lead over Bill Johnson of New Orleans, La. The young St. Louis bowler, whose father is in the Bowling Hall of Fame, carried a 298-point advantage into the final day of qualifying.

The women's section was much closer than the men's Friday.

Joy Abel of Chicago continued to lead the American Division and Helen Duval of Berkeley, Calif., paced the National.

Miss Abel was 27 pins ahead of Loa Boxberger of Russell, Kan., and Mrs. Duval held a 33 point advantage over Joan Winsch of South Bend, Ind.

The men's field of 16 also is split into two divisions, American and National. Division standings are figured on total pins plus a bonus of 50 for each game won.

★ ★ ★

When the 22nd round of head-to-head competition is completed Saturday night the two division leaders will qualify for Sunday's champiship series.

All previous scores will be dropped and the $15,000 first prize will go to the winner of one three-game set.

The women use the same format but will be shooting for a $5,000 first prize.

Taking the lead in the American Division late Thursday, Weber strengthened his advantage by opening with a 733 series to win two games from Johnson. He turned in a 721 set later to sweep three games from Bill Allen of Orlando, Fla., and finished with a 693 to take two from Roy Lown of El Paso, Tex.

The leads in the women's section changed hands several times Mrs. Duval started the day ahead, lost the lead to Miss Winsch in the early evening and then turned in a 235-200 effort against Norma Rittelmeyer of Dallas, Tex., to regain it at the end of the day.

Putting Puts Beard Ahead

133-Total Takes Lead in Lucky Tourney

SAN FRANCISCO (AP) — Frank Beard, from the Blue Grass country, found San Francisco greens to his liking again Friday when fine putting brought him a four-under-par 67 and a 133 total to lead the $57,000 Lucky International Open golf tournament at the mid-way point.

The 26-year-old pro from Louisville, Ky., who held a one stroke advantage at the end of the first day, increased the lead to three with his second great round — one which included birdie putts on the 16th and 17th holes.

Deadlocked in second place going into Saturday's third round were five pros, including Ken Venturi, the 1964 U.S. Open champion now on a comeback. He learned much of his game at this Harding Park Municipal Golf Course, where his dad runs the pro shop.

Scientist Says Farms to Use More Fertilizer

EAST LANSING (AP) — A soil scientist says farmers probably will need to use 17 times as much fertilizer by the year 2,000 to make their lands produce enough food. Dr. Ray Cook of Michigan State said the world probably will use 85 million tons of fertilizer for a population of about 6 billion.

HOW IT'S DONE — Cleo, a descendant of the sad-eyed basset hound on "The People's Choice" television show, reenacts its role for a dog food commercial. Cleo's demonstrating how easy it is for the pooch to open the can. The dog was trained for the bit by Frank Inn, one of Hollywood's top animal trainers, on his ranch at Sun Valley, Calif. Inn, who started out on his own 12 years ago with the original Cleo, and now has an animal farm inhabited by some 600 creatures.

Car Insurance Cancellation Bill in Works

State Sen. Carl W. O'Brien, D-Pontiac, announced yesterday that he is preparing a bill that would require automobile insurance companies to state in writing the reasons for every cancellation.

★ ★ ★

It would also provide for an appeal board for policyholders.

"Under our present law, the auto insurance firms can and do cancel policies without informing the policyholder of the reasons," the Pontiac Democrat said. "And once this happens the driver has no place to turn."

O'Brien has compiled extensive information on automobile insurance cancellations from public hearings held throughout the state and in Pontiac last year.

★ ★ ★

He said the bill he has asked to be drafted would outline the following procedures in auto insurance cancellation cases:

★ ★ ★

- The insurance carrier would have to inform the policyholder in writing of the reasons.
- If the policyholder felt the cancellation was unjustified, he would take the letter to the appeal board, to be set up under the State Department of Insurance.
- After a hearing, if the board felt that the cancellation was without good cause, it would be empowered to direct the insurance company to reinstate the policyholder.

★ ★ ★

"This kind of legislation is long overdue," O'Brien noted, "and I think the bill — particularly including the appeal board approach — will prevent the wholesale cancelling of insurance policies without justificationn."

California has a law similar to O'Brien's proposal.

Watch Out, Batman

Comic Strip Invasion Seen

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — Reflections on the tube:

Is "Batman" sowing the seeds of his own destruction? Will the comic strips take over television?

THOMAS

The television industry will be tuning in to hear the results of the "Batman" invasion, which has helped enliven what has been a dreadfully dull season. Whether the influence will be for good or bad remains to be seen. But certainly the affect of the far-out ABC adventure series will be felt in future programming.

Daily Variety reports that producers are scrambling to line up rights to other comic strips. William Dozier, producer of "Batman," corraled "Green Hornet" and "Wonder Woman." Other film makers seem prepared to hop off the bandwagon and get with the comics.

LOOK FIRST

They might do well to look before they leap. The first chapters of "Batman" offered amusement with their outrageous corn. But how long can audiences remain interested in pasteboard characters who utter such comments as "Holy popcorn!" and "Splendid thinking, Robin' "?

★ ★ ★

Most long-run series have survived because they offered characters that possessed a range of human interest. "Batman" will no doubt continue to flourish as a national joke. But the copycats should proceed warily.

★ ★ ★

The 1966-67 season may well bring the biggest crop of new series in recent history. Lucille Ball is one of the latest to announce she won't be returning next year, and other veteran series leaving the nextworks include Jackie Gleason, Donna Reed, Ben Casey, Perry Mason and Dick Van Dyke. These absences, plus the high fatality of this season's new shows, promise a huge turnover.

★ ★ ★

The recent Roger Miller special impressed this viewer with the notion that musical shows would be more palatable in half-hour rather than hour form.

Science Quiz

By BOB BROWN

PROBLEM: The skating glasses.

NEEDED: A piece of smooth glass, a drinking glass, cool water and very hot water.

DO THIS: Place the glass on a level surface and cover it with cool water. The water should be in an unbroken layer. Heat a drinking glass as hot as possible under the hot water, and stand it inverted on the cool water film.

It will be seen to glide over the smooth glass as if skating on ice.

HERE'S WHY: The hot water warms the air inside the glass. This air expands and presses down on the water film so that the glass itself is actually held up on water and air.

There is little friction, so the glass glides around. A little air escaping on one side can act as a jet and push the glass in the other direction.

This can be performed in a sink with a flat bottom, or on another flat and fairly level surface.

NEXT WEEK: Reflection of Heat and Cold.

A collection of the "Science for You" experiments is in book form under the name "Science Circus." It is on sale in bookstores or may be ordered from Bob Brown, the author, care of The Pontiac Press.

'China Not Set to Intervene'

U.S. Experts Report No War Preparations

WASHINGTON (AP) — U.S. officials discount the possibility that Communist China is preparing to intervene in the Viet Nam war, despite Peking's harsh anti-U.S. line.

★ ★ ★

Experts keeping watch on the situation report, for example, that they have seen no evacuation of a major Chinese city and no substantial troop movements.

They said people returning to Hong Kong from China have not brought back any "war scare" stories, but do report that preparedness is a watchword.

The Chinese Communist army's top commissar, Hsiao Hua, in a recent report publicized by the Peking radio stressed a need for the Red Chinese army to "put politics first."

WORDS TO ARMY

In what appeared to be an effort to stir up revolutionary zeal Hsiao said in part: "Our army is a victorious army. Victory tends to make one conceited and complacent, to seek ease and to divorce oneself from the masses. A long period of peace tends to induce a relaxation of vigilance. We should not be afraid of any strong enemy or powerful weapon.

★ ★ ★

"What we must really be afraid of is becoming slack to the point of losing the will to fight."

★ ★ ★

The Chinese Communists claim they are helping North Viet Nam in their struggle against the United States, but U.S. officials say there is no evidence of Chinese warplanes having been sent to Viet Nam.

There is evidence of a few MIG jet fighters of Soviet origin.

★ ★ ★

The Chinese have supplied ammunition in volume, officials said, but have not sent rice or other food, as sometimes reported.

Seek Revision of Ordinance

Subdivision Plan on Waterford Agenda

The Waterford Township Board Monday night will hear a recommendation to revise a township ordinance dealing with subdivision regulations.

★ ★ ★

Township Planning Director Vern Wiggins and Attorney Paul Mandel are proposing the amendment, apparently due to recent complications in interpreting the ordinance.

In other business, the board will reconsider an agreement with the board of education regarding operation of the recreation department and community school programs.

The agreement, which places responsibility of the two programs with the board of education, was tabled last week after a rewording change was questioned.

★ ★ ★

Clerk Elmer Fangboner will give a report on a study, regarding purchase and installation of street sings on Arapahoe at Oregon and Muskingum.

★ ★ ★

Cost of the project would be assessed to residents. Each sign would cost $25. However, the Oakland County Road Commission would erect and maintain the signs, according to township officials.

Pope Seeks U.N. Move for Viet Peace

VATICAN CITY (AP) — Pope Paul VI today suggested United Nations arbitration, through neutral nations, for ending the Viet Nam war. He also endorsed President Johnson's peace offensive.

★ ★ ★

"This 'peace offensive' deserves to be written in history," he said concerning Johnson's dispatch of ambassadors around the globe to explain the U.S. attitude on Viet Nam.

★ ★ ★

He said he had "reliable and authoritative testimony" for believing that Johnson's campaign was aimed at reasonable and honorable negotiations. The Pope said he regretted that so far it has not had a positive reception.

Claim Fumes Killed In-Law of Hirohito

TOKYO (AP) — An autopsy showed that Emperor Hirohito's son-in-law and the proprietress of a Ginza bar were killed by poisonous fumes from a defective gas stove in her two-room flat, police said today.

The bodies of Toshimichi Takatsukasa, 42, husband of the emperor's third daughter Kazuko, and Miss Michiko Maeda, 40, were found last night.

Police said there was no suspicion of foul play. The apartment manager said Miss Maeda was stricken by gas fumes from the stove about a week ago and was treated in a hospital.

The bodies were found in separate rooms.

★ ★ ★

Takatsukasa was wearing the business suit he had on when he disappeared Wednesday. Miss Maeda wore a gown.

Takatsukasa was assistant manager of the National Transportation Museum and author of several books on railways.

Mother Maintaining Hope Stricken Baby Will Live

LOS ANGELES (AP) — Alone, thousands of miles from home in her native Tahiti, Ephy Bourcart hopes for the best for her infant son, and is prepared for the worst.

"I have done all I can — more than I thought," Miss Bourcart, 30, told a newsman.

★ ★ ★

"Now I have the strength. If my Michael is going to live, he will. If he is going to die, he will die. I just pray."

★ ★ ★

Michael, her 7-month-old son, is a patient at White Memorial Medical Center. A hospital spokesman says the baby has a jaundice condition that has caused severe liver damage. The spokesman says the mother has been told there is only one chance in a thousand he will live.

TRAVEL AGENCY

At home in Tahiti, Miss Bourcart is an employe of a travel agency. Her desperate journey with her son to seek medical aid has been aided by a Riverside, Calif., dentist, Dr. Robert Peshek, who made a vacation trip to the Pacific island last December.

★ ★ ★

Returning home, he wrote a thank-you note to the agency that said, as so many such notes say: "If there's ever anything I can do . . ."

★ ★ ★

A week later came a letter from Miss Bourcart. She told him her child was sick — "The baby will die and go into the earth and I can't let this happen."

CHILD ADMITTED

Peshek replied, offering to pay the plane fare to bring the child to the United States for help. But the day his letter was mailed he received another note from Miss Bourcart: "I am arriving in Los Angeles Airport on the same plane you took."

★ ★ ★

Peshek arranged to have the child admitted to the hospital. He described Miss Bourcart as she stepped from the plane late Tuesday:

"There was a Tahitian girl in sandals, no socks. It was cold that day. The baby was in her arms. His eyes weren't open and his stomach was enlarged.

★ ★ ★

"She looked up at me and said: 'It is not true.' Then she said: "Yes, my prayer was answered. I prayed 'Oh God, there be someone meet me.' "

She said she had been able to borrow only enough money for the plane trip, Peshek said. "I told her I'd help with the hospital bills and the hospital is going to do what they can too."

PLACE TO STAY

Miss Bourcart is staying with Miss Margaret Norton, assistant director of public relations at the hospital, while her child is being treated. She said she knows no one in Los Angeles.

★ ★ ★

She fumbled with a string of sea shells woven into a necklace as she told a newsman: "The people I knew in this country to ask for help did not answer. But Dr. Peshek, who I only meet once, helped. I ask everyone.

"Sometimes I think maybe this is all a bad dream when I see my sick baby."

Power Cut Tied to Cold Pole

GRAND RAPIDS (AP) — A utility pole, made brittle by a record cold, snapped and cut off power today to 3,000 homes near Ada and Lowell east of Grand Rapids.

★ ★ ★

Consumers Power Co. spokesmen said when the pole cracked and fell, it shorted out 14,000 and 4,800 volt transmission lines.

★ ★ ★

Power was rerouted within two hours to 2,500 homes, but 500 homes remained without electricity for some time after that.

★ ★ ★

Temperatures plunged to a record low for this date of nearly 20 below zero in the area during the night.

★ ★ ★

Moisture in the pole, plus the tautness of the power lines which contract in cold weather, probably caused the break of the pole located off M21 near Ada, the spokesman said.

Driver Is Sued in Auto Crash

A $75,000 damage suit was filed yesterday in Oakland Circuit Court against Mrs. Kenneth A. Ostin, the driver of a car that fatally injured two sisters earlier this month.

The suit was filed by Eddie Lundy, father of Patricia Lundy, 15, one of four girls who were standing near the Carroll Lake and Wise roads intersection Jan. 3 when Mrs. Ostin's car went out of control and hit them.

★ ★ ★

Mary Ann Wilson, 14, and her sister Lynette, 13, were killed in the accident. Patricia Lundy is recovering at home from injuries she sustained in the accident.

Lundy, 5237 Carroll Lake, Commerce Township, has charged Mrs. Ostin with gross negligence and recklessness.

ICY FORMATION—Children romp around the base of a huge ice formation at Detroit's Belle Isle Park, formed in subzero temperatures when water was allowed to trickle from a fountain. The current cold wave helped heap up the formation that may not melt until summer.

Junior Editors Quiz on PIANOS

QUESTION: Why do pianos have three wires for each string?

★ ★ ★

ANSWER: This is a good question, although a little off in regard to facts. About 10 of the deepest tones are produced by long single strings, wrapped in wire to make them heavier and get a lower pitch.

A group of 18 of the next higher notes (as in a baby grand piano) have two strings each to produce them.

The number increases to three for the balance of the 60 notes found in the middle to high range.

This last group of strings, being shorter, produce less sound—and this is why three strings to each note are needed to make the sound loud enough. Lower notes with strong sound can be produced with fewer strings to the note.

Pianos evolved from clavichords and harpsichords, which, although having keyboards, produced only thin, feeble sounds.

Harpsichords added several strings to the note in a search for greater strength, but since the sound was given by the plicking of a quill, a full strong tone was impossible to produce.

In 1701, Barolommeo Christofori invented leather-tipped hammers which struck the strings from below and instantly fell back, this being the principle of the modern piano.

A richness, sonority and flexibility of tone was achieved which outmoded both the clavichord and the harpsichord. Hammers on modern pianos are covered with felt.

★ ★ ★

FOR YOU TO DO: Press down a piano key and release it the instant after. You will produce a short, sharp note, this being because a damper drops down on the string after you take your finger off the key. Now press down the key and hold it. You are holding the damper off the string; the result is a long, singing tone (legato).

Jury Chosen in Mossler Trial in Miami

MIAMI, Fla. (AP) — After 10 days of interviewing prospective jurors, the defense and prosecuting attorneys have agreed on a 12-man panel to hear the murder trial of Candace Mossler and her nephew, Melvin Lane Powers.

But the defense attorneys are in open disagreement with each other. Each accuses the other of damaging his case.

★ ★ ★

"It is impossible for my client to receive a fair trial," Percy Foreman, Powers' attorney, told the court Friday.

"The tenor and implication of questions propounded by Mr. Woody (Clyde Woody, Mrs. Mossler's lawyer) are tantamount to an admission of guilt for Powers," Foreman said.

REPEATED QUESTIONING

Foreman repeatedly asked prospective jurors if they would convict the defendants if it were proved that Mrs. Mossler and Powers had engaged in "adultery, fornication and incestuous relationships."

Both lawyers asked for a mistrial and for separate trials.

Three alternate jurors remain to be chosen, but it is possible that the first testimony will be heard Monday.

Powers, 29, and Mrs. Mossler, who says she is 39, are charged with plotting the death of her wealthy husband Jacques, 69.

YPSILANTI (AP) — A lone gunman held up the Ypsilanti Feleral Credit Union Friday. He fled with $1,500.

Got False Driving Licenses for Others

HAMTRAMCK (AP) — Rudolph Crawford, 45, a Hamtramck auto worker, was fined $50 Friday for obtaining drivers licenses for unqualified persons.

★ ★ ★

Crawford pleaded guilty to violating the state's Motor Vehicle Code.

The Wayne County Prosecutor's Office said Crawford and two other men, one a suspended policeman, obtained the licenses.

Community College Eyed for 3 Counties

MANISTEE (AP) — Plans for a possible community college to serve Manistee, Mason and Lake counties will be discussed Feb. 3 in Ludington by intermediate school district officials from all three areas. Maurice Goodreau, Manistee Intermediate District superintendent, said the State Community College Board considered a college for Manistee County but has delayed action in favor of a possible three-county facility.

Young Married Stars Apart Bound by Telegraph Wires

By EARL WILSON

NEW YORK—It's sort of like a telegram conversation that Peter and I carry on between us," Britt Eklund, the beautiful blonde 23-year-old, 2-year bride of Pete Sellers, remarked to me at the Regency the other day when she was having a straight vodka with tomato juice on the side with her scrambled eggs.

"Peter's very good and sends three or four telegrams some days. The hotel must think I'm the most popular person here!"

"You are," I said . . . and maybe she is.

★ ★ ★

Britt's been taping a 2-part Peter Falk "Trials of O'Brien" color TV show to be seen Feb. 18 and 25 . . . while Peter Sellers is off in London filming "Casino Royale."

WILSON

"It's so close to London and still you can't reach out and touch each other," Britt said. "So we send telegrams. We make them short by leaving words out and you have to decode them like a game. The only thing, they call me at 6 in the morning and they say, 'Would you like us to read your cablegram . . .?' "

Britt "tempted" Peter to come to New York for New Year's to be with her and their daughter . . . but he was forced back to London to start "Casino Royale."

★ ★ ★

"Then I got a telegram telling about the glamorous day of a film star. Another telegram—this long!" (very long from the way she held out her hands)—"said he has found us a marvelous flat in London.

"I sent back a cable 'How much is the rent?' At 6:30 in the morning I get one back saying how much is the rent."

Peter is sending his cables mostly from their temporary home, the famous Harlequin Suite at the Hotel Dorchester. He was living in that hotel, in the luxurious Oliver Messel suite, where the met.

THE WEEKEND WINDUP . . .

Robert Mitchum's son **Jim** filmed "The Tramplers" in Rome for Joe Levine, and **Mitchum Sr.** told **Joe:** "You spoiled the kid. Since he went to Rome he'll go out only with countesses!" . . . **Sergio Franchi's** pretty sister, **Dana Valery,** 21, comes here in March with "Wait a Minim," a mad musical revue that was a London hit.

Xavier Cugat told an aide here he wanted tickets to a B'way show: "It's called 'The Zulu and the Zsa Zsa,' or something" . . . Duo: **Tony Perkins** and **Millie Perkins,** no kin, sharing a ham omelette at the Brassierie . . . "Our Man Flint" will be up for an Academy Award—special effects.

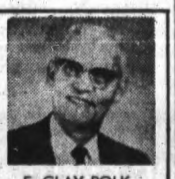

REMEMBERED QUOTE: "One may go wrong in many directions, but right in only one."—Aristotle.

EARL'S PEARLS: Some teen-agers discover very soon that homework was easier than housework.—Catholic Digest.

Veteran comic Jack Waldron recalled that he worked in Chicago cafes long ago, when the customers included famous gangsters: "In those days they were doing 'The Untouchables' —live." . . . **that's earl, brother.**

State Junior Miss Finale Will Be Tonight at PNH

Michigan's Junior Miss will be crowned this evening in Pontiac.

The regal affair will take place at Pontiac Northern High School beginning at 7:30 p.m.

Twenty-nine senior high school girls from throughout the state are competing for the title, a $1,000 college scholarship and $525 in U.S. Savings Bonds.

The field will be narrowed down to 10 finalists before the selection of the winner and four runners-up is made by the panel of six judges.

The judging began last night with the girls performing talent specialties.

Mayor William H. Taylor Jr. presented the key to the city to Patrice Gaunder of Stevensville, Mich., America's 1965 Junior Miss.

"I understand that during your two years in office you

haven't had an opportunity to kiss any babies," Miss Gaunder told the Mayor.

Then she kissed him.

This afternoon the contestants were to be judged on their physical fitness, poise and appearance.

The crowning of the 1966 Michigan Junior Miss will be done by Miss Gaunder.

The competition is sponsored by the Pontiac Junior Chamber of Commerce, headed by Joel Goldberg.

The title winner will compete in the National Junior Miss Pageant in Mobile, Ala., this spring.

Mayor Vetoes Ruling

WARREN (AP) — Mayor William Shaw Friday vetoed a city council decision to abolish the position of industrial coordinator in this Detroit suburb. The council made the move in a 5-4 vote Tuesday, saying it was dissatisfied with the performance of coordinator William Lloyd.

LBJ Dismisses 'Advice' on Viet

WASHINGTON (AP)—President Johnson has dismissed an appeal by 16 Democratic senators for further consultation on whether to resume air strikes on North Vietnamese targets.

He said "it is increasingly clear that we have had only a hostile response to the present pause in in bombing North Viet Nam."

But he pledged "unflagging pursuit of peace" and gave no indication when a decision on resuming the air strikes would be made.

Johnson's reply yesterday cited a 1964 congressional resolution which gave him broad powers to "repel armed attacks on U.S. forces and to repel armed aggression."

"I continue to be guided in these matters by the resolution of Congress approved on Aug. 10, 1964," Johnson said in a letter to Sen. Vance Hartke, D-Ind., a principal author of the letter to Johnson Thursday in which the 16 senators said, "We believe you should have our collective judgment before you when you make your judgment" on resuming the bombing.

★ ★ ★

The senators also endorsed statements opposing resumption of bombing which have been made during the past two weeks by Sens. J. W. Fulbright, D-Ark., chairman of the foreign relations committee; Mike Mansfield, D-Mont., the Democratic leader; and George D. Aiken, R-Vt.

DISAPPOINTED BY REPLY

Hartke indicated he was disappointed with Johnson's reply. But he said he would have no comment until he had "discussed the note with the other senators who signed our letter" and with Fulbright.

★ ★ ★

Sen. George S. McGovern, D-S.D., who also signed the letter, said he believed the senators "made our point in our letter."

★ ★ ★

He said he did not consider the 1964 resolution "as a general endorsement of our Viet Nam policy."

Educators Hit Aid Allotment

Say Romney Figures Far From Sufficient

By the Associated Press

The presidents of Michigan's three largest universities were quicker to criticize Gov. George Romney's proposed 1966-67 budget than were his political opponents in the House and Senate.

Romney's proposed $944.9 million spending plan, presented to the Legislature Thursday, drew a unanimous reaction from the three: "not enough."

Legislators, meanwhile, qualified their statements by saying that until the budget detail book reaches them in mid-February, they will not be able to give a detailed evaluation.

Democrats generally endorsed the size of Romney's spending program, but hinted at changes.

★ ★ ★

"I am delighted the governor's budget appears to endorse the 1966 Democratic legislative theme of progressive reform," said House Speaker Joseph Kowalski, D-Detroit.

STATE SURPLUS

One Democratic leader admitted Romney was clever enough to propose spending more of the state surplus than Democrats had expected.

This would give the Democrats less room for political maneuvering in adding entirely new programs of their own.

The presidents of the University of Michigan, Michigan State and Wayne State universities, meanwhile, expressed the hope they would be able to talk the controlling Democrats into more money for their operations.

★ ★ ★

"The recommendation falls short by at least $2 million of the absolute minimum requirements for maintaining the quality of our education program at East Lansing at the present level, and makes no provision for improvement," said MSU President John Hannah.

3,000 MORE

MSU, for instance, is committed to providing services for 3,000 additional students already admitted for next fall, he said.

"The budget recommends additional faculty positions at the ratio of one professor for each 16 of these additional students, but recommends nothing to improve the exist-

U.S. Squeeze Used Against Cong Forces

SAIGON, South Viet Nam (AP) — Three big American squeeze plays against the Viet Cong in the central plains, mountain ridges and paddies moved forward today in the face of heavy small arms fire but apparently failed to trap any sizeable units.

The tripleplay, however, has cleared areas in the past 24 hours, killed dozens of Viet Cong and compelled the enemy to wilt before slow, steady pressure.

The airmobile cavalry, working around Bong Son on the coast, stirred up stiff sniper and small arms fire this morning, a repeat performance of yesterday's heavy engage-

SCENE OF TRADEGY—At least nine persons died and 60 others were injured last night in Boston, Mass., when an explosion ripped a hotel in the downtown section. The blast apparently came from the basement and went up through the bar of the Paramount Hotel.

Nine Killed as Blast Rips Boston Hotel; Scores Hurt

BOSTON (AP) — A thundering below - ground explosion ripped through a 10-story downtown hotel last night, turning it into a roaring inferno.

At least nine persons were killed and 60 others injured.

The blast tore apart a bar on the street floor of the Paramount Hotel, sending patrons plunging to the basement amid tangled, burning beams.

Eight of about 60 persons taken to hospitals were admitted, and three were on the danger list.

Among them was fireman William Shea, 37, who reportedly leaped through a wall of flame to rescue a woman.

BADLY MUTILATED

Most of the dead were so badly mutilated officials had great difficulty establishing identities.

In some cases they had only a battered handbag, scraps of personal papers, or clothing to help them in their grim task.

A fire department pumper this morning began pumping out some eight feet of water in the hotel cellar.

Officials said other bodies might be trapped beneath the water-drenched rubble.

PATRONS FLEE

Authorities said about 150 patrons fled without assistance.

Several others were feared trapped and firemen worked into the morning hours searching the ice-laden debris for them.

The explosion also rocked the adjacent Plymouth Hotel, a nine-story building with a first-floor night club. Authorities said the flames did not spread to the structure.

★ ★ ★

The blast blew out a 60-foot section of the street, and left a pile of concrete, glass from shattered windows and ice from water used to fight the flames.

HIGH FLAMES

Craters torn open along Boylston Street belched 30-foot flames and manhole covers turned white-hot.

Rescuers staggered amidst debris that was quickly coated with ice in 15-degree temperature.

The explosion took place in Boston's so - called "Combat Zone," an area off the Boston Common studded with rock 'n' roll bars, small restaurants and two theaters showing "adults only" movies.

All of Boston's emergency and disaster equipment was mobilized.

Transit Strike Leader Dies

Heart Attack Claims NY Labor Chieftain

NEW YORK (UPI) — Michael J. Quill, the fiery union leader who called the transit strike which disrupted the life of the city and its eight million people, died in his bed yesterday of a heart attack. He was 60.

Quill had a 10-year history of heart trouble. Just three days after the transit strike began Jan. 1, when he was ordered to civil jail for contempt of court, the Irish - born labor leader collapsed of what his doctor called "congestive heart failure."

He was hospitalized through the remainder of the 12-day strike and released only Monday. He was his usually fiery, sharp-tongued self at a news conference the next day.

The fatal attack came while Quill napped at his Manhattan apartment. He had been conducting union business from his home during the day.

★ ★ ★

Police, who were guarding Quill because of recent threats against him, said that about 5:20 p.m., Quill's wife, Shirley, went to his room. Suddenly, she screamed that something was wrong. A doctor arrived and pronounced him dead.

FUNERAL HOME

The body of the labor leader will go on view at a funeral home tonight for the next two days.

Quill's death came when he was at the height of popularity among the Transit Authority's 36,000 employes, members of the Transport Workers Union, which Quill founded 30 years ago.

He had just won for those workers a new contract estimated to cost the city $60 million, regarded one of the best settlements the union ever reached.

State Woman Dies as Fire Sweeps Home

CADILLAC (UPI) — Mrs. Mary Riplow, 60, died yesterday after fire swept her farm home in Greenwood Township near here.

Authorities said Mrs. Riplow apparently was trying to build a fire for warmth when she was overcome by the flames which spread across the home.

Pontiac, Michigan and wide portions of the nation remained locked in a deep freeze today, with little hope that the weatherman will open the door until after Monday.

Local residents got no relief today from the intense cold which has gripped the area since Thursday, when week-long near - zero temperatures gave up and plunged to minus 8 for a low of the season.

Engine-starting techniques remain prime conversation, along with swapping tales of how long it took for the swamped road aid agencies to answer the call for rescue.

An immense arctic air mass overspread the nation, except for the far West and Florida.

Temperatures will toboggan to lows of zero to 12 below tonight, and edge up to a bonechilling 3 to 12 above tomorrow. There's a chance of a few snow flurries.

Record cold gripped the north central region. Bismarck, N.D., had 39 degrees below zero before midnight, a record for Jan. 28.

Sioux City, Iowa, with -17 had a new Jan. 29 record. Grand Island, Neb., had a record -13. It was -20 in Milwaukee, -17 at Rockford, Ill., -25 at Minneapolis - St. Paul. —13 at Chicago where O'Hare Airport registered 19 below, -1 at St. Louis and -2 at Kansas City.

The southern snowstorm, pushed by 35-mile winds across Arkansas, dropped 12 inches on Pine Bluff, 6 in one hour and Little Rock had a half-foot.

State police said all roads in Arkansas were hazardous, most of them ice-coated from freezing rain which preceded the heavy snow.

Oklahoma's southeastern sections were iced and overlaid with up to 4 inches of snow. North of Ardmore, some 250

Two companies of an element of battalion size were engaged as they lifted to a new landing zone and one helicopter was shot down. It was extracted safely.

In the past 24 hours, 13 Viet Cong were killed and 5 captured, bringing the total for Operation Masher to 50 killed, 11 captured and 134 suspects detained.

LIGHT LOSSES

U.S. casualties were recorded as light.

Further south, in Phu Yen Province, the 101st Airborne Brigade, which experienced heavy contact yesterday, encountered only sporadic and scattered small arms fire.

The paratroopers counted eight Viet Cong killed but a spokesman said there may have been many more.

★ ★ ★

"They (the enemy) apparently retain the ability to drag their dead away, "the army officer said.

SMALL GROUPS

The multiple-company Viet Cong units known to be in the neighborhood appear to have broken up into small groups trying to escape entrapment.

Together with South Korean marines, the airborne brigade has killed 47, 10 by air assaults, in three days.

U.S. Marines scouring outside Da Nang used tanks, searchlights, platoon patrols of about 30 men, helicopters and firepower to flush out small bands of Viet Cong.

★ ★ ★

The daily battle of attrition added seven more Viet Cong killed and five captured since yesterday morning.

Gunmen Rob Waterford Bar

Three gunmen held up a Waterford Township bar early this morning and escaped with more than $1,000.

State Police said the bandits took $304 from the cash register in the White Rock Tavern, 2542 Pontiac Lake, and about $725 from 16 patrons.

★ ★ ★

Witnesses told police the men entered the bar posing as customers shortly before 1 a.m. and ordered drinks. Moments later each produced a revolver and ordered the patrons to hand over their wallets.

They were believed to have made their escape in a white car, according to police.

Petitions Filed by Incumbent

Commission Member Seeks Second Term

District 1 incumbent T. Warren Fowler Sr. announced today that he will seek his district's nomination for the City Commission in the March 7 primary.

★ ★ ★

Fowler, 59, a local electrical and heating contractor, currently is finishing out his first term on the commission.

He is the first person in District 1 to file nominating petitions. He filed yesterday afternoon.

Active in city affairs, Fowler, of 59 Lake, was appointed to the police trial board in 1956. He resigned the post when elected to the commission in 1964.

★ ★ ★

He received a police department citation for his eight years of "distinguished service,"

WAS HONORED

A former director of the Pontiac Area Urban League, he was cited in 1963 for work done in connection with the National Association for the Advancement of Colored People.

Fowler serves as a trustee of Newman A.M.E. Church. He has been a Pontiac resident for 38 years.

Fowler is president and founder of the Warren Fowler Electric Co. and founder of Fowler Heating and Cooling Co., both firms located at 377 Orchard Lake.

★ ★ ★

Fowler is married and has three children.

He said he is seeking a second commission term to complete plans and programs, including urban renewal and manpower problems in the police and fire departments, already under way.

★ ★ ★

In addition, Fowler said he hopes to see plans completed to move a junk yard in the district.

Big Issue Is Settled at Euromart Session

LUXEMBOURG (AP) — France and its five Common Market partners agreed today on one of the two major points in the dispute between France and the community's other members — what powers should the community executive committee have.

Disagreement remained at the end of a morning session, however, on the main point in dispute, whether a veto right can be retained by individual members on decisions of vital national interest. A new French proposal on this is being considered.

★ ★ ★

Before final agreement on the executive committee's powers, a joint discussion between ministers and the executive committee will be held in Brussels.

France has fought to keep the veto, but the other five members of Eurmart want to go ahead with plans to replace it with majority rule.

FRENCH IDEA

The new French idea is this: there would be no formal veto but if a member nation said a proposal threatened its national interest, France would refuse to take part in the voting or to recognize the result if there were a vote.

The hope is that with this threat clearly stated, no such situation would ever arise. Under this arrangement, a compromise would always be found before the situation developed into a showdown vote.

★ ★ ★

To back up their position, the French say they would like to see a joint statement by the six member nations that all of them want to settle problems by unanimous vote, and that none of them wants to see the others' national interests threatened.

The debate was due to go on all day today in the Luxembourg City Hall. It might last into Sunday.

SINGLE UNIT

The Common Market, known formally as the European Economic Community, groups France, West Germany, Italy, Belgium, Holland and Luxembourg. Their object is to seek greater economic cooperation and ultimately create a single economic unit.

So far the most important decisions of the Council of Ministers, the ruling body, have always been taken by unanimous vote, with each member having a veto — even little Luxembourg.

★ ★ ★

But the treaty that set up the organization in 1957 provided that beginning Jan. 1 of this year, the veto would be scrapped and many important decisions could be taken by a majority vote. The vote would be weighted according to each country's importance.

President Charles de Gaulle of France has virtually paralyzed the organization for nearly seven months in an effort to avoid losing the veto.

★ ★ ★

After nearly three hours of talks Friday the ministers expressed mild optimism but no accord on the basic issue.

Hedy's Arrest Rapped by Son

Actress Denies Theft From Hollywood Store

LOS ANGELES (AP) — Actress Hedy Lamarr's son says his mother's arrest on suspicion of petty theft is "a slap in the face."

And Miss Lamarr, 51, says it's all "a big misunderstanding. I'm willing to forgegt it."

★ ★ ★

Miss Lamarr, looking poised and chic, called a news conference Friday in the swank Bistro Restaurant in Beverly Hills.

She denied stealing $86 in merchandise she is accused of taking Thursday night from a Wilshire Boulevard department store. A store detective arrested her in the parking lot.

SHOWS CHECKS

Holding up checks for $9,000 and $5,000 she had in her purse when arrested, she asked the newsmen: "How can I shoplift with these in my bag?"

She was formally charged Friday and ordered to appear for arraignment next Wednesday.

★ ★ ★

"I'm still mystified and surprised," the actress told newsmen. "I don't know what happened."

The actress said her experience in jail was "very interesting" and the police were "very nice."

JAIL FASCINATING

"I've never been in jail before," she added. "It was so fascinating, since I'm writing a book about my life."

She said she didn't know how a dress and other items police said were found in her bag got there.

★ ★ ★

Earlier, the actress' son, Tony Loder, 19, told a newsman at the Lamarr home:

"For the past 30 years, my mother has been doing a great deal for the United States and the people in it and in return she has received a slap in the face — for nothing.

GAVE A LOT

"I mean, she has given a lot to everyone even when she was above everyone in fame and recognition."

Tony, child of the actress' third marriage, to actor John Loder, said his mother had received awards for her countless appearances on behalf of charities over the years.

Romney Will Continue His 'Waiting Act'

LANSING (AP) — Gov. George Romney told Michigan newspaper executives Friday he'll continue delaying his announcement of whether he'll run for senator or governor in 1966.

Without specifically mentioning either office, Romney observed that it is an election year and declared at the Michigan Press Association convention:

"Right now and for a while, we'll continue to play the usual waiting game while political columnists tire rapidly of making predictions.

"And while this would be an excellent forum to break the ice, I'm personally not ready to as yet shed any specific light on the situation."

URBAN PROBLEM

He touched on issues covered earlier in his State of the State and budget messages, concentrating on urban problems and traffic safety.

★ ★ ★

"The need of urban Michigan should receive special attention. This growth has brought new problems and we need to start dealing with them more effectively," he said.

Romney repeated his Thursday proposal to auto makers that a private traffic safety association be formed to support public safety efforts.

Budget Sum Is Anticipated

Gov. George Romney's recommended new budget appropriations for Pontiac State Hospital and Oakland Community College were about what the two institutions expected.

Dr. Donald W. Martin, medical superintendent at Pontiac State Hospital, said yesterday that the proposal for capital outlay compared with $1.9 million requested by the hospital.

"A year ago, we requested $2.5 million and received about $1.5 million in the current budget," Dr. Martin said.

Officials of Oakland Community College had expected an increase of the present $275 in state aid per student to $300 which was recommended in the governor's budget.

The added $25 per student would mean some $100,000 to OCC next year in added income based on an anticipated average enrollment of about 4,000.

AMC Stock Buyer Ends the Mystery

DETROIT (AP) — Millionaire industrialist and sportsman Robert D. Evans of Detroit disclosed Friday he was the mystery buyer who acquired "more than 200,000 shares" of American Motors stock in recent weeks.

The heavy buying, which some Detroit financial circles estimated at 280,000 shares, made the 59-year-old Evans the biggest single stockholder in the nation's fourth largest auto company.

★ ★ ★

Evans' disclosure came only a few days before AMC's annual stockholders meeting on Feb. 2.

All indications were that the stockholders' session would be a lively one as some minority stockholders have asked why AMC passed on its last dividend at a time when Ford, General Motors and Chrysler were selling cars at a rapid pace and paying sizeable dividends.

BUZZING FOR WEEKS

Detroit automotive circles had been buzzing for several weeks with reports that someone was buying big in AMC stock. Various rumors had attributed the buying to Chrysler or General Motors officials but all proved to be false.

AMC Board Chairman Richard E. Cross and President Roy Abernethy issued a statement within moments after Evans sent out a press release announcing the purchase.

★ ★ ★

They said:

"A number of American Motors executives have known Evans as a competent and successful industrialist for years and we are pleased at his statement of interest and confidence in our company. We are glad that he shares our opinion of the company's outstanding opportunities in the automotive and appliance fields."

Chrysler Says Strike May Idle 100,000

DETROIT (UPI) — A strike at the world's largest auto stamping factory may idle some 100,000 workers across the country if not settled by next weekend, a Chrysler Corp. spokesman said yesterday.

More than 2,300 members of United Auto Workers Union Local 64 walked out yesterday morning after a 24-hour negotiating session failed to reach agreement on a list of grievances.

Negotiations were scheduled to resume this afternoon.

A Chrysler spokesman said as many as 30,000 workers in three Detroit area assembly plants will be thrown out of work by next Tuesday if the strike is not settled.

★ ★ ★

The forced plant shutdowns would continue to spread progressively through the week and by next weekend, the spokesman said, workers in assembly plants and component plants throughout the country will be idled by the strike.

"Our supply lines are virtually exhausted. As a result, this unnecessary strike will cause the shutdown of our car assembly plants," the spokesman said.

ing ratio of one professor to 22 students," he added.

Romney recommended $53.3 million for MSU—including its Oakland branch—nearly $10 million less than the school requested.

★ ★ ★

The recommended $56.8 million for U-M was $9 million short of the request. Said President Harlan Hatcher:

CALCULATIONS

"Our request was based on a very careful calculation of enrollment increases, of the costs involved in a year-round, rather than a two-semester operation, and of the additional numbers of teachers, support staff, and equipment needed to handle the bigger work load."

WSU President William Keast called Wayne's 17 per cent hike to $31.2 million "substantial," but added the school still needs more funds.

"Our enrollments are up," he said. "And the school has been relatively far behind in funds over the years. We still have a lot of catching up to do."

BIRMINGHAM—Richard Purvis, nationally known organist of Grace Cathedral in San Francisco, will present a concert at St. James Episcopal Church Tuesday.

The performance is scheduled for 8:30 p. m. at the church, 355 W. Maple.

Purvis, who debuted in San Francisco's Exposition Auditorium at the age of 13, was rated in a recent survey as one of the top 10 concert organists in the United States.

Along with Leo Sowerby, he has been classified as the most-played American composer of organ music.

★ ★ ★

He has demonstrated his versatility by performances with the Philadelphia Symphony Orchestra under the baton of Arturo Toscanini and with English musical comedy star Gracie Fields.

COMPOSED WORKS

Among his works as a composer are "The Ballad of Judas Iscariot," "The Mass of the Holy Nativity," "The Mass of St. Nicholas," "Five Pieces on Gregorian Themes," "Seven Preludes on American Hymns," "Four Prayers in Tone" and "Partita on 'Christ ist Erstanden'."

Purvis is rated as one of the foremost improvisers of his generation, and a feature of every concert is an impromptu extemporization on themes submitted by the audience.

Tickets can be purchased at the church in advance or at the door.

RESIDENTS WARNED

The Weather Bureau warned residents of northern Mississippi and the Tennessee Valley of impending near-blizzard conditions as the storm pressed northeastward.

South of the snowbelt, heavy rains soaked southern sections of Louisiana and Mississippi.

Both Lansing and Grand Rapids reported record lows for this date—16 below zero. Lansing's previous record for Jan. 29 was 12 below and Grand Rapids' old mark was 8 below in 1899.

The frigid weather was believed at least partly responsible for a power failure which blacked out a section of Kent County, including part of Grand Rapids at about 5 a.m. Consumers Power Co. repairmen began rerouting power over different lines.

The Automobile Club of Michigan said thousands of motorists placed calls for emergency service, mainly because of battery failure. Some 9,000 calls were expected for the 24-hour period ending midnight tonight.

It was colder along the state's midsection this morning than in the Upper Peninsula. Sault Ste. Marie reported a 13-below reading. Houghton was 9 below and Marquette 2 below.

★ ★ ★

Pellston, sometimes called Michigan's icebox, reported a low reading of 4 above. Detroit thermometers dipped to 1 below officially, while Flint had 11 below, Jackson 12 below and the Bay City-Saginaw area 8 below.

TRAIN STUCK

Near Calumet, north of Houghton, the Milwaukee Road's Copper Country Limited was stuck in six-foot snowdrifts for several hours yesterday. Passengers had been removed at Houghton before the train headed north, but mail, express and baggage still was aboard.

Much of the state was colder than Hell, a tiny community north of Ann Arbor. Dewey Steffen, proprietor of the general store there, said the thermometer out back read 10 below when he got up at 8 a.m.

46 Are Killed in Germany Plane Crash

BREMEN, Germany (AP) — Search teams worked through the night probing the wreckage of a Lufthansa airliner that overshot the Bremen airport runway Friday night and crashed, killing all 46 aboard.

Among the victims were seven Italian swimmers, their coach and an Italian television reporter on their way to an international swimming meet in Bremen.

★ ★ ★

The plane, a Convair metropolitan, was attempting to land. The pilot apparently decided he was too far down the runway, gunned the motors to take off for another try, and seconds later the plane crashed and exploded in a field a few hundred yards beyond the airport.

The plane, on a domestic run from Frankfurt to Hamburg, carried 42 passengers and a crew of 4. Except for the Italians, all aboard were believed German.

On College Deferments

Draft Boards Due New Guide

WASHINGTON (AP) — The Selective Service System is moving to tighten up on college student deferments next fall by providing local draft boards with guidelines based on both testing and class standing.

The national director, Lt. Gen. Lewis B. Hershey, announced Friday that details will be announced soon.

★ ★ ★

He said the criteria will be similar to those employed during the Korean conflict, which included test score and class standing. The draft law specifies, however, that the guidelines are not binding on the local boards.

Under the system used from 1951-63, some 600,000 youths were given a Selective Service college qualification test. The passing score on the test was 70 to be consilered by the local draft goard for deferment as a regular college student and 80 for a graduate student, except that 70 was acceptable for graduate students in the healing arts.

CLASS CRITERIA

The class standing criteria were that, at the end of a college year, a freshman had to be in the upper one-half of his class, a sophomore in the upper two-thirds, and a junior in the upper three-fourths.

Monthly draft calls during the Korean conflict rose to a peak of 80,000 a month. The build-up in the nation's military forces in recent months to meet demands arising from the war in Viet Nam has brought calls ranging as high as 45,229 for December. The January call was for 38,280, the February call is for 29,400 and the March levy is for 32,900.

★ ★ ★

Hershey said negotiations have begun with testing agencies. He said also that the student certificate which schools now submit to reflect student standing is being revised to obtain class standing.

A spokesman said the current requirements that a youth must be taking a full-time course and must have satisfactory standing as determined by the institution will continue in effect.

TESTS IN 1966

With some 1.8 million college students holding II-S student deferments now, Hershey said last week that if he returned to use of the testing, he hoped there could be one or two tests this school year and possibly two more this fall and winter. He said he had to reach his decision by around Feb. 1 in order to allow time for preparing for tests before summer.

Emphasizing he had no idea what the draft calls will be next fall, Hershey said he felt that "30,000 a month as a diet is too great for us" when asked when he thought he might be forced to draft college students.

Enemies of Civil Rights Actually Aid the Cause

By WHITNEY M. YOUNG, JR.
Executive Director
National Urban League

One of the more interesting—and perhaps more difficult — questions asked frequently of leaders of established civil rights organizations is: "How can you honestly be against riots, or the Muslims, or even violence when these have played such a major role in dramatizing the tragic plight of Negro citizens in this country?

YOUNG

The questioner invariably points out — and rightfully so — that inevitably these have helped to create a climate of concern, and that this climate is largely responsible for the passage of the civil rights legislation and the initiation of significant remedial programs.

It is indeed a difficult question. For if one were to be completely honest and objective, the picture of the police dogs in Birmingham attacking human beings, which came into every home by television or by the front pages of our daily papers, probably did as much as anything else to shock individuals and institutions into support of the Civil Rights Bill.

So confrontation between the state troopers and the civil rights marchers on the Selma Bridge influenced the passage of the voting rights bill and spurred a Senate investigation of the Ku Klux Klan.

Ironic as it may be, history may some day have to give credit for much of this to a Governor Wallace, whose brutal repressive measures and overt encouragement of violence created a national sense of shame and made possible the very legislation of which we boast today.

★ ★ ★

If he had not existed, the civil rights movement might have had to create someone like him to help highlight the historic injustices and thereby arouse the American conscience.

IN SAME VEIN

In the same vein, even now those of us who may deplore the Student Non-Violent Coordinating Committee (NCC) statement about involvement in the Viet Nam conflict are forced out of conscience and respect for constitutional rights, to support the organization's Public Information Director, Julian Bond, who was denied his duly elected seat in the Georgia Legislature.

In this case, SNCC, the very organization which so many of the members of the Legislature fear and abhor, has been given new life — and by many who in the past unhesitatingly approved known members of the Ku Klux Klan, the White Citizens Council and others who openly defied the U. S. Constitution and the 1954 Supreme Court decision on desegregation of public schools.

Once again the civil rights movement has been strengthened by some who claim to be its greatest enemies.

★ ★ ★

But this phenomenon is not restricted to the South. One is also reminded that it was only after the riots in New York, Rochester and Philadelphia that meaningful, tangible programs of retraining, employment and education came into being.

WATTS EXPLOSION

Watts was an ignored community, populated by faceless people — until it exploded! Now all the resources of local, state and national government, and private agencies as well, are competing to reach this community and its residents.

It is this history, and this reality, which makes it difficult to answer the question of whether or not tragedy must, in fact, be a prelude to constructive change.

One could even argue that this has been the history of social reform in America and in other parts of the world.

★ ★ ★

Not before we are faced with a record of serious accidents at an intersection, or the collapse of a bridge, causing the death of many people, or perhaps the horror of a devastating flood do we erect the necessary stop-light or build the new bridge, or construct the required flood-wall.

SAD COMMENTARY

If it is true, then, as it appears to be, that Americans can only respond after a crisis has affected their own selfish interests, then not only is it a sad commentary on our society, but it poses a difficult decision for responsible Negro leadership in civil rights and literally invites future tension, discord and even violence.

★ ★ ★

Yet, I would hope that as a country and as individuals we have reached that point in maturity, compassion and empathy — if not in intelligence — where it is unnecessary for tragedy to precede change.

Cathy Eads of Stevensville (right) puts a few finishing touches to the hairdo of Linda Shumaker of Detroit before the latter goes on stage. Linda showed her knitting ability in a wardrobe of sweaters and dresses for the talent part of the pageant.

"It's good to take a break," Mary Jo Strauss of St. Joseph, at right, tells Cathy. Both girls competed in Friday's talent show for the pageant. Rehearsals were all day yesterday.

Friendship Prevails

With squeals of "Really, you do look perfect," and "Honestly, you're great on stage," Michigan's Junior Miss Pageant unfolded once again at Pontiac Northern High School.

★ ★ ★

The Press photographer caught some informal pictures of contestants backstage during Friday's rehearsals.

Props were everywhere, and the air was filled with excitement. However, orderliness prevailed.

FLASHING CAMERAS

One thing is certain, these young ladies never will forget one another. Most of the girls remembered to bring cameras, and one after another posed for pictures.

Friendships form easily here, and it was a joy to see how much support the girls gave each other.

★ ★ ★

During stage rehearsals, hardly a sound could be heard in the auditorium. When each finished, applause and cheers of encouragement from the rest of the girls showed the fine sportmanship of these youngsters.

Teen appetites were appeased backstage where tables were set up with a lunch of hearty sandwiches, homemade cupcakes and plenty of milk and soft drinks.

NO 'BUTTERFLIES'

Naturally the girls had to eat in shifts, but not a one showed any sign of "nervous stomach."

★ ★ ★

Thursday evening a reception was held for contestants at the Community National Bank. There the girls first met one another; but by Friday, all were familiar with each other's school and family life.

Preparing to do her original dance and skit as Eliza Doolittle from "My Fair Lady" is Debbie Reese of Clio. She is staying with host family, the William Deans of Forest Street.

Mr. and Mrs. William Herrala of Walled Lake attended the couple at the morning ceremony.

★ ★ ★

The bride was graduated from Bowling Green State University and her husband is attending Lawrence Institute of Technology.

'China Not Set to Intervene'

U.S. Experts Report No War Preparations

WASHINGTON (AP) — U.S. officials discount the possibility that Communist China is preparing to intervene in the Viet Nam war, despite Peking's harsh anti-U.S. line.

★ ★ ★

Experts keeping watch on the situation report, for example, that they have seen no evacuation of a major Chinese city and no substantial troop movements.

They said people returning to Hong Kong from China have not brought back any "war scare" stories, but do report that preparedness is a watchword.

The Chinese Communist army's top commissar, Hsiao Hua, in a recent report publicized by the Peking radio stressed a need for the Red Chinese army to "put politics first."

WORDS TO ARMY

In what appeared to be an effort to stir up revolutionary zeal Hsiao said in part: "Our army is a victorious army. Victory tends to make one conceited and complacent, to seek ease and to divorce oneself from the masses. A long period of peace tends to induce a relaxation of vigilance. We should not be afraid of any strong enemy or powerful weapon.

★ ★ ★

"What we must really be afraid of is becoming slack to the point of losing the will to fight."

★ ★ ★

The Chinese Communists claim they are helping North Viet Nam in their struggle against the United States, but U.S. officials say there is no evidence of Chinese warplanes having been sent to Viet Nam.

There is evidence of a few MIG jet fighters of Soviet origin.

★ ★ ★

The Chinese have supplied ammunition in volume, officials said, but have not sent rice or other food, as sometimes reported.

RARE BEAR — The zoo at Syracuse, N.Y., is proud to announce an addition to their animal family of a seven-ounce kinkajou born yesterday. Weighing in the new member is Charles Clift, zoo keeper and Patricia Gray, a veterinary nurse. Births of a kinkajou, known as a honey bear, are rare in captivity.

Power Cut Tied to Cold Pole

GRAND RAPIDS (AP) — A utility pole, made brittle by a record cold, snapped and cut off power today to 3,000 homes near Ada and Lowell east of Grand Rapids.

★ ★ ★

Consumers Power Co. spokesmen said when the pole cracked and fell, it shorted out 14,000 and 4,800 volt transmission lines.

★ ★ ★

Power was rerouted within two hours to 2,500 homes, but 500 homes remained without electricity for some time after that.

★ ★ ★

Temperatures plunged to a record low for this date of nearly 20 below zero in the area during the night.

★ ★ ★

Moisture in the pole, plus the tautness of the power lines which contract in cold weather, probably caused the break of the pole located off M21 near Ada, the spokesman said.

Claim Fumes Killed In-Law of Hirohito

TOKYO (AP) — An autopsy showed that Emperor Hirohito's son-in-law and the proprietress of a Ginza bar were killed by poisonous fumes from a defective gas stove in her two-room flat, police said today.

The bodies of Toshimichi Takatsukasa, 42, husband of the emperor's third daughter Kazuko, and Miss Michiko Maeda, 40, were found last night.

Police said there was no suspicion of foul play. The apartment manager said Miss Maeda was stricken by gas fumes from the stove about a week ago and was treated in a hospital.

The bodies were found in separate rooms.

★ ★ ★

Takatsukasa was wearing the business suit he had on when he disappeared Wednesday. Miss Maeda wore a gown.

Takatsukasa was assistant manager of the National Transportation Museum and author of several books on railways.

Driver Is Sued in Girls' Death

A $75,000 damage suit was filed yesterday in Oakland Circuit Court against Mrs. Kenneth A. Ostin, the driver of a car that fatally injured two sisters earlier this month.

The suit was filed by Eddie Lundy, father of Patricia Lundy, 15, one of four girls who were standing near the Carroll Lake and Wise roads intersection Jan. 3 when Mrs. Ostin's car went out of control and hit them.

★ ★ ★

Mary Ann Wilson, 14, and her sister Lynette, 13, were killed in the accident. Patricia Lundy is recovering at home from injuries she sustained in the accident.

Lundy, 5237 Carroll Lake, Commerce Township, has charged Mrs. Ostin with gross negligence and recklessness.

Mother Maintaining Hope Stricken Baby Will Live

LOS ANGELES (AP) — Alone, thousands of miles from home in her native Tahiti, Ephy Bourcart hopes for the best for her infant son, and is prepared for the worst.

"I have done all I can — more than I thought," Miss Bourcart, 30, told a newsman.

★ ★ ★

"Now I have the strength. If my Michael is going to live, he will. If he is going to die, he will die. I just pray."

★ ★ ★

Michael, her 7-month-old son, is a patient at White Memorial Medical Center. A hospital spokesman says the baby has a jaundice condition that has caused severe liver damage. The spokesman says the mother has been told there is only one chance in a thousand he will live.

TRAVEL AGENCY

At home in Tahiti, Miss Bourcart is an employe of a travel agency. Her desperate journey with her son to seek medical aid has been aided by a Riverside, Calif., dentist, Dr. Robert Peshek, who made a vacation trip to the Pacific island last December.

★ ★ ★

Returning home, he wrote a thank-you note to the agency that said, as so many such notes say: "If there's ever anything I can do . . ."

★ ★ ★

A week later came a letter from Miss Bourcart. She told him her child was sick — "The baby will die and go into the earth and I can't let this happen."

CHILD ADMITTED

Peshek replied, offering to pay the plane fare to bring the child to the United States for help. But the day his letter was mailed he received another note from Miss Bourcart: "I am arriving in Los Angeles Airport on the same plane you took."

★ ★ ★

Peshek arranged to have the child admitted to the hospital. He described Miss Bourcart as she stepped from the plane late Tuesday:

"There was a Tahitian girl in sandals, no socks. It was cold that day. The baby was in her arms. His eyes weren't open and his stomach was enlarged.

★ ★ ★

"She looked up at me and said: 'It is not true.' Then she said: "Yes, my prayer was answered. I prayed 'Oh God, there be someone meet me.' "

She said she had been able to borrow only enough money for the plane trip, Peshek said. "I told her I'd help with the hospital bills and the hospital is going to do what they can too."

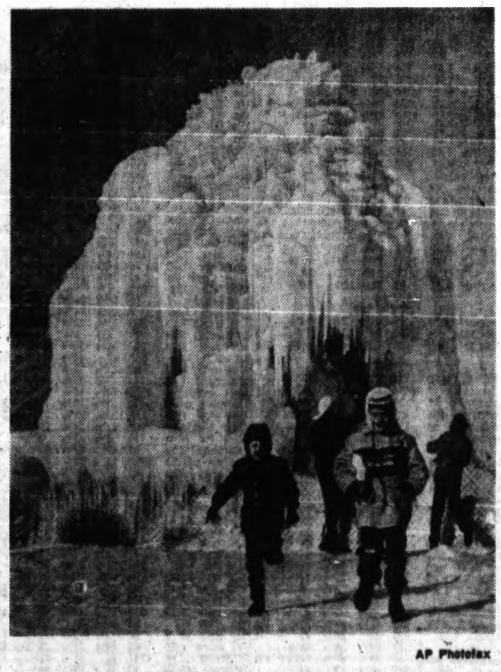

PLACE TO STAY

Miss Bourcart is staying with Miss Margaret Norton, assistant director of public relations at the hospital, while her child is being treated. She said she knows no one in Los Angeles.

★ ★ ★

She fumbled with a string of sea shells woven into a necklace as she told a newsman: "The people I knew in this country to ask for help did not answer. But Dr. Peshek, who I only meet once, helped. I ask everyone.

"Sometimes I think maybe this is all a bad dream when I see my sick baby."

Seek Revision of Ordinance

Subdivision Plan on Waterford Agenda

The Waterford Township Board Monday night will hear a recommendation to revise a township ordinance dealing with subdivision regulations.

★ ★ ★

Township Planning Director Vern Wiggins and Attorney Paul Mandel are proposing the amendment, apparently due to recent complications in interpreting the ordinance.

In other business, the board will reconsider an agreement with the board of education regarding operation of the recreation department and community school programs.

The agreement, which places responsibility of the two programs with the board of education, was tabled last week after a rewording change was questioned.

★ ★ ★

Clerk Elmer Fangboner will give a report on a study, regarding purchase and installation of street sings on Arapahoe at Oregon and Muskingum.

★ ★ ★

Cost of the project would be assessed to residents. Each sign would cost $25. However, the Oakland County Road Commission would erect and maintain the signs, according to township officials.

Pope Seeks U.N. Move for Viet Peace

VATICAN CITY (AP) — Pope Paul VI today suggested United Nations arbitration, through neutral nations, for ending the Viet Nam war. He also endorsed President Johnson's peace offensive.

★ ★ ★

"This 'peace offensive' deserves to be written in history," he said concerning Johnson's dispatch of ambassadors around the globe to explain the U.S. attitude on Viet Nam.

★ ★ ★

He said he had "reliable and authoritative testimony" for believing that Johnson's campaign was aimed at reasonable and honorable negotiations. The Pope said he regretted that so far it has not had a positive reception.

Junior Editors Quiz on PIANOS

QUESTION: Why do pianos have three wires for each string?

★ ★ ★

ANSWER: This is a good question, although a little off in regard to facts. About 10 of the deepest tones are produced by long single strings, wrapped in wire to make them heavier and get a lower pitch.

A group of 18 of the next higher notes (as in a baby grand piano) have two strings each to produce them.

The number increases to three for the balance of the 60 notes found in the middle to high range.

This last group of strings, being shorter, produce less sound—and this is why three strings to each note are needed to make the sound loud enough. Lower notes with strong sound can be produced with fewer strings to the note.

Pianos evolved from clavichords and harpsichords, which, although having keyboards, produced only thin, feeble sounds.

Harpsichords added several strings to the note in a search for greater strength, but since the sound was given by the plicking of a quill, a full strong tone was impossible to produce.

In 1701, Barolommeo Christofori invented leather-tipped hammers which struck the strings from below and instantly fell back, this being the principle of the modern piano.

A richness, sonority and flexibility of tone was achieved which outmoded both the clavichord and the harpsichord. Hammers on modern pianos are covered with felt.

FOR YOU TO DO: Press down a piano key and release it the instant after. You will produce a short, sharp note, this being because a damper drops down on the string after you take your finger off the key. Now press down the key and hold it. You are holding the damper off the string; the result is a long, singing tone (legato).
