Six Katangans Sit in Congo Parliament

LEOPOLDVILLE, the Congo (U.P.)—Six Katanga deputies took their seats today in the national Congo Parliament. They were expected to demand revision of the Congo's provisional constitution to relax the central government over Katanga and the other provinces.

Nine more Katanga deputies

'62 Prospects Good According to Estes

E. M. (Pete) Estes, General Motors Corp. vice president and Pontiac Motor Division general manager, today looked toward 1962 as a year in which "automotive sales in general and Pontiac sales in particular could reach near-record levels."

Estes, in a year-end statement, said that Pontiac Motor is "confident that 1962 will continue the trend established in the last quarter of this year."

E. M. ESTES

News Flashes

WASHINGTON (AP) — President Kennedy will ask Congress for \$100 million to buy United Nations bonds to help pay for the U.N.'s Congo operations.

WASHINGTON (AP) — The Justice Department announced the filing of a suit in federal court in New Orleans challenging validity of Louisiana's constitutional interpretation for prospective voters.

U.S. Gives to Congo

LEOPOLDVILLE, the Congo (AP)—The United States today donated \$10,000 to the United Nations and the Congo central government for relief of victims of rising flood waters of the Congo River.

Resolve to Have Fun

Take Press NY Trip

Here's some New Year's Resolutions that should be easy to keep.

RESOLVED: I will go on The Pontiac Press Theater Tour to New York on May 8 and stay until May 13.

RESOLVED: I will fly by jet to New York and stay at the lovely Hotel Manhattan.

RESOLVED: I will see five of the best shows on Broadway including "How to Succeed in Business Without Really Trying," "Camelot," and "Shot in the Dark."

RESOLVED: I will enjoy thoroughly all the other special things planned for me on The Pontiac Press Theater Tour.

RESOLVED: I will fill out the coupon on page 2 of today's Press and mail it in right away.

ed the terms Tshombe put on his deputies' mission were at sharp variance with the agreement he reached a week ago with Congo Premier Cyrille Adoula.

Tshombe charged in Elisabethville today that U.N. troops are preparing for a new military offensive against Katanga and that the U.N. ambassador in Leopoldville, Edmund A. Gullion, is behind it.

Tshombe told a hurriedly called news conference that the United Nations is planning to renew hostilities if the Katanga National Assembly fails to meet Jan. 3 to discuss his agreement with Adoula.

PROMPTED CHARGES

His charges against Gullion were apparently prompted because the U.S. envoy, acting on President Kennedy's instructions, helped bring Tshombe and Adoula together at Kikona last week.

Tshombe said U.N. troops were digging in on all roads leading from the center of Elisabethville and this "completely changes the picture here."

He also charged U.N. troops were making widespread arrests of Katanga police and gendarmes. He presented at the news conference, Katanga Health Minister Valentin Ilunga, who said he was arrested along with four police and a chauffeur by U.N. Swedish troops Wednesday and that he was beaten and kicked.

Tshombe also said I. Kaninka, a medical assistant, was missing and was believed to have been arrested by the U.N.

He said "it is all part of a campaign to secure positions and weaken Katanga morale in case hostilities start again."

TO SEEK CHANGE

Tshombe said in his secessionist capital that the delegates were sent to bargain for a change in the Congo provisional constitution, which provides for a strong central government, and not to sit in the National Parliament.

"Our Katanga constitution is the basis of the coming Leopoldville talks," Tshombe declared. "It foresees integration in a federation or a confederation of the Congo. We still insist on a confederation."

This indicated Tshombe had sent the delegation in compliance with Article 3 of the Kikona agreement, in which he agreed "to the participation of representatives of the province of Katanga in a government commission to prepare a new constitution."

Fr-r-rightfully Cold, Br-r-ritish Trains Halt

LONDON (AP)—Britain's continuing spell of arctic weather stopped trains on London's subway system today and spread fog, snow and ice across much of the country.

Subfreezing temperatures were recorded almost everywhere in the British capital and off one section of the Kentish Coast, the sea froze as it flowed over the sands.

Four subway trains were taken out of service in London after the automatic doors froze. Many trains were delayed or canceled in the north of England.

Echo Keeps on the Go

The Echo 1 satellite will appear in Pontiac skies tomorrow morning 6:29 from the north, 61 to 65 degrees above the horizon, moving to the northeast.

Michigan State, 70 W. Byron, 72-5473.

Ex-Con Denies Slaying

Questioned in Torch Death

Retired Cleric's Car Found Near Spot of Arrest

Police Say Footprints Leading From Auto to Farmhouse Discovered

ADRIAN (U.P.)—A 28-year-old ex-convict was picked up for questioning in the human-torch slaying of a 72-year-old retired minister Tuesday.

But Sheriff Robert C. Stites said Lynn E. Houck denied any connection with the death of Rev. Roy R. Decker, who was slugged with a hammer, trussed up, doused with an inflammable fluid and left in a bedroom which his assailant set aflame.

Houck, the sheriff said, claims he was in Traverse City looking for work when the Rev. Mr. Decker was slain in a farm home outside nearby Brooklyn, apparently by someone bent on robbery.

The victim's wallet was taken and the killer made his get-away in the preacher's car.

The car was found abandoned late Wednesday in a wild Grassy Lake area of Northwestern Lenawee County and state police said footprints in the snow led from the car toward where Houck lived with his stepfather some two miles away.

Houck was arrested as a suspected murder victim about 3:30 a.m. today at the home of his stepfather, who police had requested to notify them when Houck returned.

The two were drinking coffee in the kitchen when authorities arrived at the farm home, about a quarter-mile from the slaying scene.

"HADN'T SEEN STEPSON" The stepfather, Edwin Houck, told Sheriff Stites Wednesday he hadn't seen his stepson since Dec. 18. When Stites and a deputy picked up the ex-convict today, the elder Houck said he had returned home only a short time before.

State police Sgt. Joseph Terzo emphasized the younger Houck had been picked up as a suspected parole violator and had not been charged in the slaying, adding:

"The investigation is not ended with his arrest." The Stites and state troopers questioned Houck for hours at the Lenawee County Jail. He was a parolee from Southern Michigan Prison last March 28 to the custody of his stepfather, who lives in Lenawee County.

The farm home where the minister was slain is in Jackson County.

The Rev. Mr. Decker moved from the farm to Tecumseh a month ago and has returned Tuesday to prepare the house for sale.

Authorities suspect the aged man was slain by someone he surprised in the act of burglarizing the neat frame house.

Oh, Oh, It Looks Like a Scandal

No Tarzan-Jane Rites?

By CHARLES MAHER

LOS ANGELES (AP)—While Tarzan and Jane were living together in that tree all those years, were they also living together in sin?

Related rumors of such a jungle scandal are circulating in nearby Downey, where some of the restless natives may be trying to drum Tarzan books right out of their elementary school libraries.

Their suspicion: That there is nothing to indicate Tarzan and Jane were ever legally married. And, if this is the case, that children are being exposed to tales about an ape man who was up to a little monkey business when he whisked Jane over the

threshold of his primitive penthouse and invited her to stick around for breakfast.

When the news broke, you could almost hear a young voice imploring: "Say it ain't so, Tarz." And from the jungles of Hollywood, the reassuring response: "Don't worry, they can't bend the ape man out of shape, man."

The celebrated fictional hero created by the late Edgar Rice Burroughs has been through this sort of thing before. Once, in fact, he was in effect accused of being a dupe of the Communists. Happily, it is aspectacular Tarzan's reputation is as indestructible as Tarzan himself.

Supt. Bruce Moore of the Downey Unified School District said the trouble started at the last school board meeting. Board member Robert L. Ryan said he'd been told a librarian at one of the schools removed all the Tarzan books. Ryan's informant did not tell him in which school the books had been banned but said there had been vicious gossip about Tarzan's alleged inability to produce a marriage certificate.

JANE GREY TOO

There were also complaints concerning the works of the late Western author, Jane Grey, who was accused of injecting a little scurvy prose into his tales of the purple sage. Grey's characters, said Moore, occasionally used such corrupting language as "hell" and "damn."

"I can assure you," Moore said, "that the board unanimously feels the other way—that the books should stay."

EMBARRASSED BEAU—Little Danny registers abject horror as Elizabeth displays her petticoat during a recent Brandon Guest House fashion show at San Jose, Calif. Occasion for the unusual display was the annual show during which youngsters at the Volunteers of America home modeled their holiday garments for the makers, members of the Brandon Sewing Circle.

First 'Celebrity' of 1962 Eagerly Awaited by Area

The first big celebrity of 1962, like the new year, is yet unborn. He or she will be the first baby born in the Pontiac area after midnight Sunday.

Pontiac area merchants are waiting to heap gifts on the lucky winner of 1962's

first baby of the year contest.

Eligible for entry are babies born to married parents who live in Oakland County north of 14 Mile Road. Official entry must be made by the doctor who delivers the baby.

The doctor must send by mail or in person an entry to the Pontiac Area Chamber of Commerce, 36 E. Pike St., no later than Wednesday, Jan. 3.

Each entry must contain a statement listing the exact time and date of birth, sex, weight, name

of the baby and name and address of the parents.

LEADERS TO JUDGE

All entries should be addressed to the "First Baby Contest."

The winner will be determined by a group of civic leaders acting as judges. Some 20 local merchants are offering prizes to the little celebrity.

The prizes include a \$25 U.S. Savings Bond, a season pass to a local theater, slippers and flowers for mom, a new hat for dad, baby's shoes, sweater and bonnet and stroller.

Business Expert Optimistic

Sees Better Year for City

'Editor's Note: Roger W. Babson has compiled a business forecast for the City of Pontiac. His score for 1962 has been well above 80 per cent correct. Babson is internationally known for his business activities.'

By ROGER W. BABSON
Business in Pontiac during the year just ending has been fairly well sustained, with the most encouraging gains occurring during the latest few months.

Looking across the threshold into 1962, I predict a much better year for your locality, let us first look at the prospects there. I am of the opinion that there will be in 1962 a per cent gain in automotive

units produced, from 5.5 million in 1961 to 6.5 million in the coming year.

PROFITS TO RISE

Profit margins may be expected to rise, bring about a healthy increase in earnings. As for trucks, output in 1962 should move ahead about 10-15 per cent over the 1961 total, with good profits likely in this division too. Accessories may enjoy the fourth-best twelfth of record with new and second-hand demand both heavy.

Several other local endeavors should also bring pressure on the upside in the new year: Rubber products, trailers, paint, various dairy products, iron products and electric power.

The tourist business should be much livelier than in 1961, with a consequent increase in motels, hotels, restaurants, amusements and novelties.

Wage rates will nudge a bit higher in the new year, and the working week will be somewhat

lengthened. Employment will be less of a problem in 1962, particularly in the fields demanding the highest skills and experience. Buying power, hence, will be strong, and all types of retail outlets will flourish.

Housing starts may not reflect a big jump, but construction in general will get firm support from commercial building, public construction and roadbuilding.

Weighing everything, Pontiac faces a year of heartening gains, even though profits may be somewhat difficult to come by.

FINANCIAL FORECAST

I am hopeful for 1962; it should be a better year for my readers than 1961. Industrial production will exceed that of 1961.

There will be neither a nuclear war nor total disarmament in 1962. Considerable progress may be made toward a ban on atomic weapons.

Some 30 stocks may reach (Continued on Page 2, Col. 4)

Congo to Affect Peace of Africa, Williams Claims

Says Issue in Katanga Involves the Stability of Whole Continent

DETROIT (U.P.)—Assistant Secretary of State G. Mennen Williams said Wednesday night that all of Africa will be affected by the outcome of the Congo problem.

"The United Nations has no alternative in trying to force a conciliation between Congolese Premier Cyrille Adoula and Katangese leader Moise Tshombe," Williams told Sigma Delta Chi journalists.

Williams said that although Tshombe apparently is anti-Communist, a Congo civil war would open up the area for Communist inroads.

"The Congo question is one of peace and stability for all of Africa," Williams said. He defended the United Nations' use of force in an effort to reunite secessionist Katanga Province with the rest of the Congo.

He said the military action came after a week of "harassment of U.N. forces . . . of sniping and hit-and-run raids."

He blamed the harassment on political extremists and 40 mercenaries who tried to persuade Tshombe that he could keep Katanga separate through force. Williams said the main hope for peace in the Congo was the Dec. 21 meeting between Adoula and Tshombe.

U.S. Airmen Must Peel the Pounds

LONDON (AP)—Four American airmen at two U.S. air bases in Britain have been ordered to slim down.

The order has gone out to more than 100 flight crews and about 2,000 ground crewmen to reduce to 10 pounds below the maximum permitted weight.

"If you stick to the figures in the book and take a man off a diet as soon as he reaches the permitted maximum, he'll be five pounds overweight again in a couple of weeks," said Lt. Col. James Asher, flight surgeon at Beaufort Base in Suffolk.

Personnel at the Woodbridge Base in Suffolk also are affected. The standard weight chart used at Beaufort sets 170 pounds as the permissible maximum for a man 21-25 years old and 5 feet 8 inches tall. For a 6-footer of the same age, 201 pounds is the maximum.

Asher said the reducing drive was a precaution against coronary heart disease.

To Confer With Freeman, Heller

Kennedy Works on Economic Report

PALM BEACH, Fla. (AP)—President Kennedy temporarily put aside work on his State of the Union message today and turned instead to his economic report to Congress.

He planned to meet this afternoon with the secretary of agriculture, Orville L. Freeman, due in by plane from Washington; the chairman of his economic advisory council, Dr. Walter Heller, his ailing 73-year-old father, Joseph P. Kennedy.

CONDITION UNCHANGED

The elder Kennedy's condition was reported unchanged today. He spent a "satisfactory night," Dr. Marco Johansson, one of his physicians, said.

The President, meanwhile, was spending his working hours in conference on the economic reports he will make to Congress after it reconvenes Jan. 10.

Nehru Denies Telling Soviets of Goa Plans

By HENRY S. BRADSHIRE
NEW DELHI, India (AP)—Prime Minister Nehru said today he did not discuss India's invasion of Goa and two other Portuguese enclaves with the Soviet Union before and had no advance indication of Moscow's support.

He told a news conference "We tried to find some way of escape" from military attack. But he rejected any suggestion that India

Secretary Freeman came in today to discuss some of the farm program aspects of the economic message, Salinger said.

Both Freeman and Heller plan to return to Washington tonight.

The other advisers, including Budget Director Douglas E. Bell, White House Special Counsel Theodore Sorensen and Assistant Counsel Myer Feldman, are expected to remain here through Saturday to continue talks with the President.

Holds Suspect in City Robbery

New Hampshire Court Orders Extradition of Man to Pontiac

Authorities at Keene, N. H., today were holding a prime suspect in a Dec. 6, 1960 armed robbery at a Pontiac market, waiting to turn him over to Pontiac police.

The New Hampshire Supreme Court yesterday ordered the extradition of Paul H. Loulakis, 31, formerly of Pontiac, to face charges here.

Frigid Weather Grips Midwest

Deep Cold Spreads Over Much of Nation's Eastern Third

By The Associated Press

Deep cold clamped on the Midwest today and spread its breath over much of the eastern third of the nation.

The Arctic front precipitated snow, sleet and rain in the East and Southeast, reviving highway dangers of icy pavements and snow slides.

HOLIDAY TRAFFIC JAM

New York police report that city's streets reached the complete saturation point at midmorning Wednesday and stayed that way until late afternoon. This picture shows Ninth Avenue north from 41st Street in Manhattan—and this is before a subway and bus strike which has been called for New Year's Eve.

Plane Hits Home: 10 Hurt

PADUA, Italy (AP)—An Italian fighter plane crashed into a farm house 20 miles south of here today, injuring 10 persons.

AP Photo

The Day in Birmingham

City Has Started Search for Civil Defense Aide

BIRMINGHAM — A search for a civil defense administrator has been started here following City Commission approval of the activities and functions of such a position.

The job, however, will carry the duties of administrative aide rather than civil defense director in order that the city manager's office be responsible for directing the activities of the \$5,500-a-year post.

The city manager will be civil defense director, in name only, however.

Amiel, City Manager Robert Keating, who has been civil defense director the last three years in addition to his regular administrative duties, will probably give direction to the aide because he has experience in the field, according to City Manager L. R. Gare.

Plane Hits Home: 10 Hurt

PADUA, Italy (AP)—An Italian fighter plane crashed into a farm house 20 miles south of here today, injuring 10 persons.

Better Year Predicted for Pontiac

(Continued From Page One)

years ahead. Schoolhouses will be about the same in 1962 as in 1961, but the parents are at work. New schoolhouses will be built so not to be over one story high, with lots of sunning.

With all the above changes, plus increased public improvements and longer vacation periods, families must save somewhere and cut somewhere. I think it will be in 1962 with clothing. This will gradually become cheaper and more attention will be paid to color.

Auto-Bus Collision Kills One, Hurts 31

PACIFIC, Mo. (AP)—A chartered bus and a car collided head-on three miles east of Pacific on U.S. 66 today. The driver of the bus was killed and 31 bus passengers injured, 10 seriously.

The crash occurred on a small bridge over Fox Creek. The bus continued west 264 feet from the impact where it crossed the two-lane highway and 30 feet down an embankment, stopping tilted against an embankment for Missouri Pacific Railroad tracks which parallels the highway.

Democrats Set Dinner Tonight

Fund-Raising Event to Benefit Members of Administrative Board

LANSING (U) — Democratic faithfuls will gather in Lansing tonight to pay \$50 a couple for a buffet dinner, the funds to go to party leaders.

The Forward Michigan Committee, headed by Donald L. Gamache, Manistee banker, described it as a nonpartisan affair.

All money above expenses, however, will go to Gov. Swainson, Lt. Gov. T. John Lesinski and the six other Democratic members of the State Administrative Board.

Between \$50 and 1,000 are expected to attend the affair at the Lansing Civic Center. Ticket sales are expected to reach about 1,400.

NETTED \$25,000

A similar reception last year netted nearly \$25,000, the Democratic State Central Committee reported. The money is split among the party leaders for use as they desire — such as Christmas cards, extra office help or other expenses not covered by state salaries.

Cards, termed invitations, were issued to all interested. They were asked to donate \$50 a couple. There will be cocktails first and then a buffet of ham, turkey and beef.

All the top elective officers will be in the reception line.

As a special added attraction planners said they hoped former Gov. G. Mennen Williams and his wife, Nancy, will be able to attend.

Williams, assistant secretary of state for African affairs, had a speaking engagement in Detroit Wednesday and was expected to make the affair.

Says NAACP Violated Order

Alabama Alleges Unit in Contempt of Court; Eyes Permanent Ban

MONTGOMERY, Ala. (AP) — Attorneys for the state of Alabama contend that the National Association for the Advancement of Colored People has been operating in Alabama in contempt of court.

The state took that position in Wednesday's opening session of a hearing in state court on whether the organization should be barred permanently from operating in Alabama.

The hearing is before Circuit Judge Walter B. Jones, who issued a temporary injunction against the NAACP 5½ years ago.

LIST PHONE CALLS

A long list of telephone calls from the phone of an NAACP official was read into the record at the opening session. Jones has not yet ruled on whether the list will be admitted as evidence. State attorneys read the list as part of their attempt to link former NAACP officers with what they called continued activity of the group. The three-hour reading included the date, place and person called in each long-distance call charged to the Birmingham number of W. C. Patterson, former NAACP state president, from June 6, 1956, to the present.

NAACP attorneys objected that there was no proof that Patton made the calls and that nothing in the records tied them in with present litigation. If the state succeeds in proving continued NAACP Alabama operations, the state could contend that the organization was in contempt of court and as such should be prohibited from seeking further relief until it purged itself of contempt.

West Side Lanes Opening; Rebuilt After Big Fire

Grand opening of the new West Side Lanes, a bowling alley at 199 Orchard Lake Ave., is set for tonight, Friday and Saturday.

Formerly known as Westside Recreation, the reconstructed Lanes features new automatic pin setters, new telescopic and acoustics arranged to control sound reflection.

Fire gutted the building July 27. Among the facilities destroyed were automatic pinsetting machines installed in the 16-lane bowling alley at a cost of \$165,000. The cause was never determined.

For reconstruction, \$200,000 was spent on equipment and \$45,000 on the building.

The recreation center features a snack bar, a new entrance and a large free parking area.

In fiscal 1960, the federal government paid out \$5,300 million in grants-in-aid to state and local governments, about triple the 1950 total.

EAST GOES WEST—Miss Fawcett Essequia demonstrates that although Moroccan women cling to the veil and the coverall djellaba, they do adopt some western ways. Here, she commutes to Casablanca on her new motor scooter.

He Climbs Fence to Escape, Then Gets Cold Feet

BELLEFONTE, Pa. (AP)—Prison Supt. A. C. Cavell said Michael Thompson, 31, of Philadelphia broke out of Rockview State Correctional Institution Wednesday by climbing over a fence near the cinder block where he worked.

He gave himself up four hours later at the home of Mrs. Earl Yearick.

Said Cavell: "I was forced to wade through Spring Creek and I guess he realized it was just too cold to be walking around outside with wet clothes on."

Thompson is serving a 2-to-6-year term for burglary and larceny.

1st U.S. Retraining Plan Starts Sluggishly

Editor's Note: How is the nation's first depressed retraining program going? Not so good, reports show, despite the incentive of a "earn-as-you-learn" provision. Officials in Huntington, W. Va., pilot site of the retraining program, are puzzled and a bit disappointed.

HUNTINGTON, W. Va. (AP)—The nation's first federal retraining program for the jobless has gotten off to a slow start because of — of all things — lack of wide spread response from the people it was designed to help.

Only about 750 of the estimated

7,000 to 8,000 unemployed in West Virginia's Cabell and Wayne counties—rail, coal mining and industrial areas—have applied for retraining, even though pay is offered to those learning new jobs.

Officials connected with the program designed as a federal pilot project to aid areas of chronic unemployment—are puzzled and disturbed by the relatively small number of applications.

"I'm concerned," says Clark D. Todd, a coal company executive who devoted considerable time working with the Cabell-Wayne redevelopment commission to help start the program here. "I thought

we'd get more than a token response."

MUST CHANGE VACATIONS
"Some of our unemployed people are just going to have to face facts and change their vacations to get jobs," says D. W. Fox Jr. He is coordinator of the Huntington East Trade School, where some of the retraining classes are held.

The program, set up under the U.S. Area Redevelopment Act, is financed by \$15,000 in federal money. It is designed to retrain 25 jobless by June 30, end of the fiscal year. So far, only 200 un-

employed have been certified for nine extra people for its Huntington office. The extra staff has been cut to four for lack of applicants.

George Gunnee, manager of the Huntington employment office, wasn't completely surprised that jobless workers didn't knock down doors to enroll.

"People are slow to act," he explains. "Besides, many in the area are skilled people expecting to be called back to work in plants or in the construction field."

6,542 JOBLESS LISTED
The Huntington office lists 6,542 unemployed in its active file.

These are people in the two-county area who have filed or renewed their unemployment pay claims. Many draw the maximum of \$32 a week for as long as 19 weeks.

Gunnee's staff contacted 1,015 of the likeliest prospects for retraining. Of these, 640 came in for interviews and information, with 479 interested enough to take aptitude tests.

started earlier this month. Another, in automatic transmission repair, is set to start the first of the year. But the courses in typing, route salesmanship and table waiting are held up for lack of certified trainees.

Gunnee thinks the fields offered picked by the employment people on the basis of jobs needing workers—may be part of the problem.

"It's been our experience that people wanting typing also want shorthand," he says. "So they can enroll for stenography, where they get both."

NEEDS BORN SALESMAN
"Route salesmanship needs a man who is a born salesman. He can't be trained as a salesman. People don't think they need training to become waitresses and waiters. In fact, many of the

waitresses are taking courses in nursing aid because of higher pay in that field."

The employment office staff generally get one of three answers from the unemployed prospects contacted about the retraining program.

1. I'm just not interested.
2. I expect to be called back to work soon.
3. I'm too old to be starting all over again.

But Gunnee, who has been manager of the employment office here for 24 years, isn't discouraged.

"This is strictly an experimental program," he says. "After all, we're the first in the nation with this on the federal level. It's just like a laboratory, and we're learning from the ground up."

Sen. Dirksen, Republican, Thinks There Is

Sen. Mansfield, Dem, Sees No Conservative Trend

By JACK BELL
WASHINGTON (AP) — Sen. Mike Mansfield, D-Mont., disputed today Republican contention that a wave of conservatism threatens administration programs in Congress.

Mansfield, the Senate Democratic leader, said in an interview his travels during the recess of Congress have convinced him the country "is still on the middle road," politically, and is going neither to the extreme right nor the extreme left.

"There is a need and a place for conservatives in our scheme

of political things," he said. "But I would separate the real conservatives from the extreme right-wingers who feel that they have the only answers to our problems—those who insist on dealing in black and white when all the world's problems are gray."

AGREES WITH HALLECK
Senate Republican Leader Everett M. Dirksen of Illinois told a news conference Wednesday he agrees with House Republican Leader Charles A. Halleck of Indiana that there is a revival of conservatism which could affect

Democratic control of Congress in next year's election.

Halleck previously had said a "wave of conservatism" apparent throughout the country might sweep the GOP into control of the House.

Halleck predicted that as a result of this trend toward "conservative thinking" some of what he called "the wild-eyed ideas" of the Kennedy administration would have rough sledding in Congress.

Dirksen was a little more cautious in his political estimates. While he said he has found in his travels a "definite conserva-

tive trend," Dirksen added that it was "no wildfire" sweeping the prairies.

But he agreed with Halleck's contention that younger people are becoming more interested in Republican policies than they have in the recent past.

Asked why this was, he replied: "The young people have been watching all of these spending programs and they are getting concerned about the debt they are going to have to pay. There is an amazing interest among them in politics."

Dirksen made it clear that Re-

publicans will bear down in the new session on efforts to balance the budget. He said he would be ready to vote for higher taxes if that is necessary to bring about a balance. But he added that Republicans will want to concentrate first on cutting non-essential spending.

In a lengthy discussion of Kennedy's projected request for broad authority to negotiate tariff reductions, Dirksen indicated he would support only a one-year trial program. He left little doubt he thinks Republicans will insist on inserting escape clauses to protect threatened industries.

DeWitt Clinton, governor of New York and father of the Erie Canal, was instrumental in founding the state's first savings bank in 1813.

The Republican leader called it a tougher U.S. line in the United Nations. Expressing disappointment with the U.N.'s course in the Congo, he said American contributions to the international organization are going to have to be examined closely.

Dirksen hinted that India's grab of Goa and other Portuguese colonies may generate some GOP opposition to foreign aid funds for that country.

DeWitt Clinton, governor of New York and father of the Erie Canal, was instrumental in founding the state's first savings bank in 1813.

Follow Suggested Rules for Safe Winter Driving

"American" roulette, a deadly game played by reckless automobile drivers, is a losing gamble any time—especially in the winter when motorists face the added hazards of snow and ice.

One safety expert says, "A driver who ignores simple precautions is as dangerous as a hunter who never checks the safety catch on his gun."

Too many of us think accidents always happen to the other people—to friends, celebrities and neighbors. Accidents, however, don't play favorites. All of us are potential victims.

Motor vehicle accidents last year killed 38,200 Americans, disabled 1.4 million others and cost us \$6.5 billion in personal injuries, insurance claims and property damages. Records show that about 1 out of 10 of these accidents happened on ice covered streets.

Listed below are some recommended safety steps during the snowball and sledding season:

1. Have good tires and use reinforced tire chains when traveling on very slippery roads. Snow tires are ideal under these conditions especially since slower speeds are necessary on snow and ice.
2. Snow and ice must be removed from windshield and windows. Wiper blades, heater and defroster should be in working order. It's important that others see you turn on your headlights during daytime snowstorms.
3. Adjust your speed to the slickness of the ice and snow so you can control the car at all times. Thin sheets of sleet or glare-ice are doubly dangerous.
4. Stay a good distance behind the vehicle ahead so you will have enough room to stop. A car takes 3 to 13 times more distance to stop on snow and ice than on dry pavement.
5. Reduce your speed well before you come into a turn, icy intersection or slippery grade. This prevents front end skids on turns, rear end skids on curves, slides at intersections, and loss of control on hills.
6. Pump your brakes to maintain best steering control when braking on ice or slippery snow.

Cultural Exchanges Help Russians and Americans

Although we firmly believe that the U.S.S.R. is dedicated to supplanting our form of government with its brand of slavery, we feel there is value in cultural exchanges between our nations.

The more Russian people see what we have accomplished, and how our people live and think, the more chance they will become dissatisfied with the minimal existence they have, physically and mentally.

The converse is also true. When Americans learn more of Russia, our own lot here seems much better than we ever thought it was. For these reasons, it is disappointing to see the formal agreement this Nation has with Russia expire in the next few days, without renewal or plans for renewal.

Apparently some exchanges will continue, arranged through travel and transport channels and diplomatic discussions, until a new agreement is reached, if the Rus-

sians are willing to renew the plan.

New Yorkers, Experts Agree on News Stories

As the year closes, we see many retrospective newspaper stories reviewing the past 12 months.

They're selected by experts. And they're very readable.

The Inquiring Reporter of The New York Daily News stopped passersby on the street and their ideas were thoughtful and worth repeating:

- A—The Berlin situation
- B—Shepard's space flight
- C—Russia's flagrant violation of the nuclear test plan
- D—Hammarskjöld's death
- E—Laos and Cuba

All of these are important and inextricably wound up in existence today. Often those insular New Yorkers miss the boat by half the width of the river, lake or ocean. This time they clicked.

The Man About Town

From Our Readers

They Send Items Which Make Interesting News

Necktie: A hangman's noose; also what just now most men have too many of.

An air mail letter from former Pontiac resident

Bruce Hinchley, now located at Silver Springs, Fla., says: "Better come down and bring your sled, sleigh, skis, skates, skis and anything else that the seasonal that begins with 's' or any other letter in the alphabet."

Former Pontiac merchant, Jake Subinski, now retired and living at Amarillo, Texas, writes that the stores there now stock all toggers.

With the characteristic Chamber of Commerce spirit of the northwest, Harry Stollman, formerly of Rochester, now located at Seattle, writes from his World's Fair of next year will "rival anything of the kind in world history." It opens on May 1.

The same pair of robins have spent several winters near the feeding board of Waterford. She knows it is the same pair because one of them has only one foot.

A clever belated Christmas card comes from August Prior of Lansing, formerly of Pontiac. It is printed to fit the occasion: "Not mailed until after Christmas because we knew nobody would take the time to read it before P.S.: Happy New Year."

Nomination for news item of the week that everybody already knew is that Governor

John B. Swainson will be a candidate for the office again.

Most of our readers will agree with Mrs. Harold Sotkay of Birmingham, who phones that the newspapermen covering the con-con at Lansing are evidently having a difficult time to get out a story every day, judging by the stories; also that the delegates should make New Year's resolutions to get down to business.

Recently returned from a few weeks in England, Martin Honold of Bloomfield Hills reports that business concerns there are bothered but little by coffee breaks. But they're having plenty of trouble with tea breaks.

Verbal Orchids to—

Mr. and Mrs. Dan Hastings

of 180 East Huron St.; 52nd wedding anniversary.

George Winterman of Waterford; 32nd birthday.

Mr. and Mrs. Joseph B. Myers of Atlas; golden wedding.

Jack Pot

David Lawrence Insists:

Throw Out Classification by 'Wing'

WASHINGTON—President Kennedy says he favors a balanced budget for next year. Does this make him a "right winger"? A few years ago, it was vigorously asserted that each individual should be judged on the merits of what he himself said or did and that there must be no "guilt by association."

Unfortunately, today some of the writers of booklets who attack "right wing" doctrine tend to equate those who happen to be conservative on the matter of government spending with persons who, in their misguided way, make a fetish of attacking religious groups.

It's a far cry from conservatism as such to the views of those who fan the flames of religious bigotry. To see them all lumped together and called "right wingers" with an educational foundation financing the publication of such tommyrot—though disclaiming responsibility for the views expressed—is disheartening.

Indeed, many persons who profess to be true conservatives are bound to resent being put into the same category with those groups that happen to be exponents of some conservative issues and yet associate themselves with movements which are basically anti-Catholic or anti-Semitic. Similarly, persons who are truly liberal resent being called "leftists" because it is a word, often applied to Communists.

Conservatism is said to be on the rise in America today, and it may well be that some of the persons who dislike to see this happen are seeking to discredit the movement by calling it all kinds of names.

A letter which this correspondent received the other day from a reader said he finds it hard to determine what is meant by "left wing" or "right wing." He declared that anticommunism, for instance, is either "right or wrong." It appears in press association dispatches from abroad in frequent references to "right wingers" and "left wingers."

Fascism in the 1930s in Italy and Germany was called "rightist" and still is, whereas communism is most frequently referred to today as "leftist." Yet there isn't any essential difference in the operation of the two ideologies—both are totalitarian and undemocratic.

This writer has read with interest the various characterizations of his own writings by SEEN ABROAD, TOO.

The mishandling of such classifications is not confined to this country. It appears in press association dispatches from abroad in frequent references to "right wingers" and "left wingers."

Voice of the People:

'Color Page Honoring Birth Refreshing, Reassuring'

I wish to express appreciation to you for your splendid production of the Dec. 23 edition of The Pontiac Press, devoting the entire front page, honoring the birth of our Savior, The Lord Jesus Christ.

Amid the stress of global confusion, threatening situations of every sort, and bad news in general, it is certainly refreshing and reassuring when a great daily newspaper such as The Pontiac Press will give the whole front page in colors, to repeat the true Christmas story in the language of the Bible, that, "Unto us a child is born!"

And true it is, because He came, "life can never be the same again!"

Rev. A. J. Baughy, Pastor
Evangelistic Tabernacle

'Curricular Study Much Too Rigid'

Our universities always have been geared to the average student—youngsters who want better lives but do not aspire to be geniuses. They want to be good teachers and business and professional men. Above all they want to be good citizens.

Stepped-up programs make it virtually impossible for students to acquire culture because of the study requirements. Such a rigid does more harm than good. It is scaring away students who possibly might become brilliant.

I maintain that 70 hours a week spent in curricular study might make a student an expert in bug anatomy or placing commas in a sentence, but it educates no one.

M. W. Bach

'Is Our Foreign Aid Actually Helping?'

The foreign aid theory says money will bring about self-sustaining economic growth and reduce the danger of conflict caused by aggressive minor powers. This theory failed miserably in Laos as it pays no attention to such important factors as: Are the recipients worthy? Can the aid be used to help them? Can subversion be controlled? Can outside forces be neutralized? Do we plan aid intelligently and execute it efficiently?

In Laos, foreign aid brought war instead of peace.

Portraits

BY JOHN C. METCALFE
I listened to some troubadours... Who played and sang as they came by... And with their tender songs of love... The melodies of older days... So softly strung on their guitars... Recalled to me the distant dreams... I used to see in stars... And when they sang in harmony... About the moonlight like a pearl... I felt a pain of loneliness... In thoughts about a girl... Each song they gently played and sang... Was sweeter than the one before... And if they had not wandered from me, I would have stayed for more... I tossed to them my silver coins... And others all around gave too... But mine were mine and mine memories... And all my love for you.

Case Records of a Psychologist:

Adopt These Seven Crucial Ideas

By DR. GEORGE W. CRANE

CASE K-48. Jerry W., aged 28, is a brilliant attorney. "For a time," he began, "I used your textbook 'Psychology Applied' in college."

"So I wish you'd repeat your remarks about applying some efficiency engineering to our government, for that's how to prevent our grandchildren's living under communism."

"The looming tax rates already have forced us into partial socialism!"

It is now time to minimize party labels, such as Democratic vs. Republican, and vote for "Statesmen vs. 'Pinks' Politicians."

Here are some of the items that students in over 1,000 college classrooms are studying from my textbook:

(1) People on relief, plus salaried workers of our government should be disfranchised meanwhile.

For there are now millions on perpetual relief, plus 2,377,684 civilian employees of Uncle Sam.

At present, they tend to perpetuate their own financial drain on the rest of us taxpayers.

The Dunn Survey thus showed that every federal officeholder controls on the average four votes for the party in power!

Multiply 2,377,684 by 4 and you get \$9,510,736 votes for a self-perpetuating tax burden.

(2) It takes ratification by three-fourths of the states to amend our Constitution by legislation, so the Constitution by law is like the U.S. Supreme Court should like.

(3) Uncle Sam should stop competing with private business.

At present we have over 70 government corporations that are rivals of our honest, tax-paying private firms.

If these 700 were sold to private enterprise, they'd immediately start paying taxes.

And their sale price would, at 25 per cent of face value, reduce the federal debt by at least \$65 billion. Some economists believe it would wipe out our entire national debt!

(4) U.S. Senators should be limited to two terms, as the President now is with a maximum of 12 years in the Senate.

(5) U.S. Representatives should have 4-year terms, with a maximum of 12 years in the House.

(6) Our National Capital should be moved westward to some centrally located city as Denver, Kansas City or Omaha. For our founding fathers intended the Capital to be as centrally situated as possible, which was true of Washington, D.C., back in George Washington's day.

(7) Mediums of public education should be entirely free from government by the central government.

TV and radio, after their original right to broadcast is established, should not have to be licensed.

Magazines and newspapers should also get more breaks from the post office.

We offer foreign governments billions in aid but grumble about helping education via printed mediums.

Always write to Dr. George W. Crane, Director of The Pontiac Press, Pontiac, Michigan. Enclosed are two copies of our new book, "Psychology Applied," which contains the psychological secrets and formulas of the world's greatest minds.

Pioneer Pilot Recalls First Air Mail Flight

OAKLAND, Calif. (UPI) — One day a year and a month before Charles Lindbergh's epic Atlantic crossing, Leon Cuddeback eased his open-cockpit Swallow biplane off the ground in Pasco, Wash., and pointed his nose south.

About 4½ hours later Cuddeback arrived in Elko, Nev., and commercial air transportation in the United States was born.

Cuddeback's flight launched Varney Air Lines in the mail-carrying business.

Varney was bought by Boeing Aircraft Co. in 1929, and subsequently evolved into United Air Lines.

Today, Leon Cuddeback is white-haired and 63 years old. He is head of the Regional Safety Bureau of the Civil Aeronautics Board here.

"Flying was less complicated in those days," Cuddeback reminisced recently. "But it was also a lot less certain. A pilot knew his terrain. You had to, in order to know where you were."

"The only way you could navigate was to get down and follow a road."

In rough weather, the pioneer pilots usually had only one recourse. "You'd just pick out a field and come on down," he said. Cuddeback learned to fly in nearby San Mateo, Calif., in 1921.

Tourists Sing About Bangkok

Get Look at Old, New Asia at Same Time; Better Take Tour

BANGKOK, Thailand (UPI) — This is one of those far away places with the strange sounding names they sing about — and once seen, you'll be singing about it, too.

Bangkok is the perfect vantage point from which to get a glimpse of old and new Asia at the same time.

They still buy and sell fresh fruits and vegetables and have you from little boats on the river — or offer some of the finest examples of auto age traffic jams you can find anywhere in the world.

The dazzling under the sun colors both inside and outside the buildings of the Grand Palace (pick out any color in the rainbow and you'll find it there) is a picture from another and more royal age.

But the road widening by filling in the brackish water klungs (or canals) that lace through this city of 1.5 million people is a page from the new and building Asia.

PART OF TOUR

Once in Bangkok, as in practically any Asian city, the smartest way to see it is as part of a tour group.

It saves getting lost in a confusion of streets that tend to curve and twist, rather than run true.

A tour is the most practical way of getting inside the grounds of the Grand Palace, because it leaves getting permission from the Royal Household Bureau up to the tour agency.

The palace is a "must see" on any visit to Bangkok. The ornate colors of the gold-trimmed, Funeral Hall, and the 7,500 handpainted figures on the wall (representing angels with their hands folded in welcome) is typical of Siamese architecture and art going back to the late 18th century.

HOWARD JOHNSON'S

is a happy choice for a really fine family meal because we have.

NO JUKE BOX

Music blaring in your ear and making conversation an impossibility. What we do have is soft background designed to relax you and make dining more pleasant. We have.

NO BAR, EITHER

What you will find at the white restaurant with the orange roof is a relaxing atmosphere, excellent service and.

JUST GOOD FOOD AT SENSIBLE PRICES

Treat yourself and your family soon to a delicious meal at Howard Johnson's where everything is planned to make eating an adventure in pleasure.

3650
DIXIE HIGHWAY
AT DRAYTON PLAINS

HOWARD JOHNSON'S

"I had been working on a ranch in Nevada, pitching hay. I used to see the mail planes flying over the ranch. It looked a lot nicer up there than it was where I was."

DID STUNT FLYING

He joined barnstorming troupes in California, doing stunt flying and aerial acrobatics. Then in 1926 he and three other pilots became the first commercial fliers

when they joined the newly formed Varney company.

On his inaugural mail flight April 6, 1926, Cuddeback arrived at his destination on schedule. But fellow pilot Frank Rose was not so lucky.

Rose took off from Elko, heading for Pasco, 15 minutes after Cuddeback landed in Elko. "I ran into storms pretty

quick," said Rose, a retired Air Force brigadier general now living in Oakland. "I got as far as Northern Nevada, when I ran out of gas."

"I was 30 miles from the nearest ranch, so I started walking after I landed. Finally I hitched a ride with a cowboy. I finally made it to Boise — three days later."

Rose, 62, and Miss Matthews, 42, have set no definite date for the marriage.

American Airlines Ready for 100 Millionth Passenger

By ROBERT J. SERLING
UPI Aviation Editor

WASHINGTON—American Airlines, whose first president hated flying so much he always took trains, today becomes the world's first airline to have carried 100 million passengers.

American said a check of statistical records going back 35 years revealed that the 100 millionth passenger will board one of its 850 flights sometime today.

It was a considerable achievement for a carrier that in its first year of operation—1936—carried only 190 passengers. It took a full decade for American to fly its first million customers. But the second million figure was reached in only two and a half years. And by 1955, the airline had landed 50 million people.

American traces its beginnings to April 15, 1936, when a predecessor company, Robertson Aircraft Corp., operated a DH4 biplane on a Chicago-St. Louis flight under a new government mail contract. The pilot's name was Charles A. Lindbergh.

Robertson disappeared in a succession of mergers and acquisitions that eventually wound up in the 1950 formation of a \$35-million holding company known as the Aviation Corp. One of its subsidiaries was American Airways, itself a combination of four small carriers.

HODGE-PODGE

American's early equipment was a hodge-podge of various aircraft, most of them single-engine planes including one the pilots dubbed "The Flying Brick." It landed with the effortless grace of a large boulder. Queen of the early fleet was the Ford tri-motor.

The pilots themselves occupied an airman's social strata several rungs below that of other airline crews. In its early days, American was not regarded as a model of aviation efficiency. Its crews seldom wore matching uniforms, and the company's reputation was not enhanced by its president's open fear of flying.

"In those days," one now-re-

Hospital Ripples With Excitement When JFK Arrives

WEST PALM BEACH, Fla. (AP) — The excitement began when a Secret Service agent sides up to an elevator. The word

spreads quickly through St. Mary's Hospital. The President is coming. Patients, visitors, newsmen,

nurses, amateur photographers and the just plain curious scramble for vantage points to see Kennedy and members of his family.

The agent's job is to secure an elevator for the President, so that he won't have to wait in the lobby. He tries to do the job unob-

trusively, but his action is like the blare of a trumpet—a tipoff for what dozens of people have been waiting for all day.

The President and his wife have visited his father, Joseph P. Kennedy, partially paralyzed by a stroke he suffered Dec. 19, every day and some times twice a day. The visits have caused more excitement than the hospital has ever known.

PRESIDENT OBLIGING
Amateur photographers wait for hours to get a picture of the President and his wife.

One, who had her camera upside down, asked the President to wait while she righted it. He did. Another said: "Mr. President, would you mind standing in the sun so I can get a better picture?" The President again obliged.

Nurses on the third floor where the elder Kennedy is confined have a new hobby—cup collecting. The First Lady has stopped on occasion to chat with them and drink a cup of coffee. The nurses have been saving her cups, replacing them with cups from their homes.

Some of the young nurses have been noticeably interested in another member of the family—actor Peter Lawford, husband of Patricia, one of the President's sisters.

One nurse asked newsmen several times when Lawford would visit the hospital. Then, one day she watched wide-eyed as the President left. She dashed across the hall to tell a friend: "That's the second time the President has spoken to me."

She almost ran into, but failed to notice, the man behind Kennedy—Peter Lawford.

Divers Break Ice in Search of Stolen Jewelry

DETROIT (AP)—Police skin divers plunged through the mighty cold ice Wednesday in search of some "hot ice."

"Hot ice," in case you haven't been watching the gangster TV programs, is stolen jewelry, especially diamonds.

State Police said Paul D'Amato, 24, and his brother, Alexander, 22, said they dumped \$1,000 worth of stolen diamonds and jewelry into a boat canal after they decided they couldn't sell it.

So that's where the police skin divers searched.

The temperature was 27 degrees.

U.S. Agrees to Sell Food to Yugoslavia

BELGRADE, Yugoslavia (AP)—The United States signed an agreement today to sell Yugoslavia \$45 million worth of surplus foodstuffs on long-term credit.

The United States will ship 500,000 tons of wheat and 50,000 tons of edible oil to Yugoslavia. Payment will be made in Yugoslav dinars. Yugoslavia purchased 500,000 tons of wheat from the United States earlier this year and asked for another 500,000 tons because of a bad drought.

The U.S. response was delayed by a reconsideration of U.S. policy toward Yugoslavia as a result of pro-Soviet positions taken by Yugoslavia at the September conference of 25 nonaligned nations in Belgrade. In November the United States said it was ready to meet the Yugoslav request.

1,502 Die on State Roads

EAST LANSING (AP)—There have been 1,502 persons killed in traffic accidents in Michigan so far this year, provisional figures compiled by the state police showed today. The toll at this date last year was 1,384.

Eichman's Lawyer Flies to Confer With Client

COLOGNE, Germany (AP)—Dr. Robert Servatius, defense counsel for Adolf Eichmann, flew to Israel today to seek more time to prepare an appeal against the former SS colonel's death sentence.

The lawyer also plans to confer with Eichmann on details of his appeal.

Ambassador to Prexy

MANILA (AP)—Carlos P. Romulo, outgoing Philippine ambassador to the United States, today accepted the presidency of the University of the Philippines.

AWAIT RESCUE — Crew of the dredge Carthage stand on deck as they drop a life raft overboard in preparation for rescue by the Coast Guard Cutter Acushnet 250 miles east of Cape Cod.

The dredge was being towed from Quebec to Baltimore when the tow line parted.

Edison Reveals Building Plans

Expects Outlay of \$38.5 Million in 1962 for Expansion

DETROIT (AP)—A construction program of \$38.5 million for 1962 was announced today by Detroit Edison Co. Detroit Edison's president, Walker L. Clater, said the program is for expansion of the company's electric power system and related facilities.

The company spent approximately \$42 million for expansion this year. Clater estimated the company's current investment at \$12 billion.

Next year's program is part of a long-range construction plan that has been projected through 1966. Clater said the budgets are large adjustable to fluctuations in growth requirements.

A major part of the 1962 outlay will be to expand and strengthen transmission and distribution facilities.

Work will be started on three large transformer-switching stations and nine new industrial and area substations to meet increasing demands for electric power. Thirteen existing stations will be expanded and 700 miles of transmission, subtransmission and distribution lines built.

Set Exam in Theft 'for Nice Christmas'

An unemployed Farmington man who allegedly took \$100 in an armed robbery so his wife would "have a nice Christmas" will be examined Jan. 9 in Farmington Township Justice Court.

Richard Byrne, 21, 20812 Fluk St., demanded examination on the armed robbery charge in his appearance Tuesday before Township Justice of the Peace Allen C. Ingle.

Byrne is charged with holding up Roney's Market at 22300 Middle Bell Road at gunpoint Saturday. Before he was arrested, Redford state police said Byrne spent the stolen money to buy Christmas presents for his wife.

A group of Pontiac housewives, meanwhile, has attempted to raise the \$100 so the gifts won't have to be returned.

Heading the group are Mrs. Wiley Harris, 58 Wall St., and Mrs. William Murray, 490 S. Pad-dock St.

Mrs. FDR Wins 'Most Admired' Title for 13th Time

PRINCETON, N. J. (UPI)—Mrs. Eleanor Roosevelt has been named the world's most admired living woman for the 13th time in 14 years, according to a Gallup poll released here Wednesday.

Second was Mrs. Jacqueline Kennedy. She was seventh last year.

Others among the top 10 in order of preference were Queen Elizabeth II, Mrs. Mammie Eisenhower, Mrs. Clare Booth Luce, Miss Helen Keller, Madame Chiang Kai-Shek, Sen. Margaret Chase Smith, R-Maine, Miss Pauline Frederick and Mrs. Patricia Nixon.

The poll was conducted this month by representatives of the American Institute of Public Opinion, of which George H. Gallup is president. Interviews were conducted among a 1,600-person cross section of the adult civilian U.S. population.

Noneconomic Factors Often Involved

Unveil Study of Plant Movements

NEW YORK (AP)—When an industrial firm decides to pull up stakes and find a new location, the reasons given are usually economic.

But noneconomic factors—such as an historical tie to the community—are often behind a company's decision to stay put, even in the face of unfavorable economic circumstances, a study says.

These points were stressed today by two University of Michigan economists who reported to the American Economic Association meeting here on a university survey of U.S. industrial mobility.

Dr. Eva Mueller and Dr. James N. Morgan said companies planning to relocate find it hard to judge potential sites on a simple "dollars and cents" basis.

Another important consideration is often the "historical accident" which caused a firm to be located

originally in a certain place, they said.

The Michigan study showed that out-of-state expansion plans are most often developed by firms with regional or national markets, or which have plants in more than one state.

Smaller companies, the study indicated, tended to remain more often in their original location and usually relocate only because of a serious decline in sales or profits.

Holiday safety note: Be careful of drunk drivers this time of year—especially if you're walking.

A salary is just something you can't bank on nowadays. . . . A newlywed is a guy who hasn't brought a friend home for dinner yet. — Earl Wilson.

Even when the difference in costs between two industrial loca-

F. C. Matthaei Gives Estate to U. of M.

ANN ARBOR (AP)—Regent Frederick C. Matthaei has given his Radrick Farms estate, a 450-acre tract of rolling farm land east of here, to the University of Michigan.

The deed was to be recorded today, giving the university title to the property. Matthaei, a Detroit industrialist, will continue to live in one of the residences on the property.

The university, in announcing acceptance of the gift, said it will use Radrick Farms to expand its botanical gardens and perhaps to establish faculty residences, classrooms and recreational facilities.

Norwegians Freezing as Storm Cuts Lines

KRISTIANSUND, Norway (U)—A blustery snowstorm that knocked down power lines left thousands without heat or lights in freezing Arctic temperatures today in this area of the Central Norwegian Coast.

The storm, with winds approaching hurricane force, knocked out electrical power for more than 24 hours in this West Norwegian town of 15,000 and three rural communities where 12,000 live. Electricity is used extensively for heating in the area.

To Change Policy on Mailman Munchers

Post Office Loaded With Dog-Bite Suggestions

WASHINGTON (AP)—Unless you have one that's really sure-fire, don't bother to send the Post Office Department any ideas for solving its dog-bite problem.

They've been streaming in ever since the department announced last month that it would change its policy on dogs with a yelp for mailman's shank.

The present policy of warning the offending dog's owner-by mail—was adopted three years ago after more than 5,000 carriers reported canine attacks in 1957.

TO PHONE OWNERS

The Post Office said today its new policy, under which the owner or will be telephoned to pick up his own mail, will become effective Jan. 13.

But the mailman's plight caught the imagination of many concerned and inventive citizens and of many who apparently don't much care for dogs. They came up with hatches of suggestions, most of them urging the use of special equipment ranging from bats to cats.

"The carrier should be furnished with a walking stick constructed along the lines of a baseball bat," suggested one writer, "and be given permission to remove the offending dog's head right out from between his ears."

He added, "I am not a dog-hater."

A Valier, Mont., man preferred the subtle approach. Give the carrier a cat, he suggested. When the dog attacks, turn the cat loose and "while the dog is chasing the cat, the mailman can get his work done."

Others proposed less dramatic equipment—a water pistol, filled with ammonia, a tear gas gun, which is painful but harmless, used by livestock auctioneers, dogbite-proof leather boots or even dogbite-proof pants made of aluminum thread.

But a Highland Park, Mich., man would shun these purely de-

fensive measures in favor of the tooth-for-a-tooth philosophy. The Post Office should set up centers for dogs of its own, he said, and these should "be trained to attack any dog attacking a postman."

DEFENSIVE MEASURE

Others proposed less dramatic equipment—a water pistol, filled with ammonia, a tear gas gun, which is painful but harmless, used by livestock auctioneers, dogbite-proof leather boots or even dogbite-proof pants made of aluminum thread.

But a Highland Park, Mich., man would shun these purely de-

fensive measures in favor of the tooth-for-a-tooth philosophy. The Post Office should set up centers for dogs of its own, he said, and these should "be trained to attack any dog attacking a postman."

CANINE PSYCHOLOGY

One correspondent from Biload, Miss., delved into canine psychology. He's noticed that "a perfect gentle animal is aroused by the sight of a man carrying a load on his back," he said.

His theory: "An instinct has been instilled in animals dating back to prehistoric times, when man brought his kill in from the forest."

As in any great public debate, even the experts clashed.

A Suitland, Md., mail carrier said he's licked the problem by carrying dog biscuits on his reel and making friends of four-legged foes.

But a carrier in Jamaica, N.Y., rebelled in rhyme:

"There was a mailman in Frankfort
"Who fed dogs more than he
"He tendered a strudel
"To a friendly postie,
"And now he is three fingers short."

Plant Explosion Wrecks Village

Fire Sets Off 5 Bombs; Every House in Virginia Town Feels Effect

NORTON, Va. (AP)—A series of explosions wrecked a powder plant and destroyed or damaged every home in the tiny mountain village of Sutherland Wednesday. Twenty-six persons were injured.

Five explosions were touched off by a fire in the Whitaker Atlas Supply Co. The company sells blasting powder for mining operations.

5 HOUSES DESTROYED

The first explosion—which shook buildings and broke glass as far away as 10 miles—knocked down five nearby houses and heavily damaged the remaining 15 in Sutherland.

Twenty-one persons were treated and released at Norton Hospital. Five others were admitted with serious injuries.

SHATTERED WINDOWS

At Norton, six miles away, the explosion shattered plate glass windows along the city's main street.

Houses surrounding the burning building were hastily evacuated, a move authorities credit with saving many persons from serious injury.

Every emergency vehicle in this southwest Virginia area was dispatched to the scene, but a heavy snow which began falling at about the time of the explosions slowed traffic.

Precautions were taken by police to prevent looting of windowless stores in Norton.

Guatemala Makes Bid for British Honduras

TEGUCIGALPA, Honduras (U)—President Miguel Ydigoras here on a visit, told Guatemala says his government will sever diplomatic relations with Britain by the end of February unless British delivers British Honduras to his country.

Ydigoras, here on a visit, told President Miguel Ydigoras here on a visit, told Guatemala says his government will sever diplomatic relations with Britain by the end of February unless British delivers British Honduras to his country.

Pontiac Area Deaths

JOHN R. DOWNING

Service for former Pontiac resident John R. Downing, 75, of 2419 Mitchell Lake Road, Lumb will be held 2 p.m. Friday at the Smith Wolfe Funeral Home, 126 N. Almont St., Inlay City. Burial will be in the cemetery at Lumb.

A retired employee of Pontiac Motor Division, he leaves his wife, Mary J.; four daughters, Mrs. Catherine Hale, Mrs. Lucette Campbell and Mrs. Maxine Struckman, all of Pontiac, and Mrs. Grace Hershey of Marshall; seven grandchildren, two great-grandchildren; and a brother.

Mr. Downing died Tuesday after a brief illness.

WALTER GULDA

Service for Walter Gulda, 38, of 237 Bloomfield Drive, Bloomfield Township will be held at 11 a.m. Friday at the Purdy Funeral Home, 8141 1st St. in Perry Mount Park Cemetery.

Mr. Gulda died Tuesday at Pontiac General Hospital after an illness of three years.

MRS. ROBERT HALLENBECK
Mrs. Robert (Nettie P.) Hallenbeck of 51 Harriett St. died yesterday of a heart ailment at Pontiac Osteopathic Hospital. She was 72.

Mrs. Hallenbeck was a member of the First Baptist Church. Surviving are her husband; three sons, Charles Parker of Pontiac, Marvin L. Parker in California and Edgar of Birmingham; six grandchildren; one great-grandchild; and a sister.

Service will be held at 3 p.m. Friday at the Hudson Chapel with burial in Ottawa Park Cemetery.

RAPHAEL METTETAL
Service for Raphael Mettetal, founder of Mettetal Greenhouses in Plymouth and a resident of Waterford Township, will be held 3 p.m. Friday at the Schrader Funeral Home, Plymouth.

The Masonic Lodge will conduct the graveside service in Riverside Cemetery, Plymouth.

Mr. Mettetal, 72, was in the wholesale flower business for 46 years. Several sons assisted him with the work.

In 1951 the Mettetal moved to their Lake Oakland home at 3501 Clintonville Road, Waterford Township.

For many years Mr. Mettetal served as an elder in the Presbyterian Church in Plymouth. He gave the land for the church which he attended, Church of the Atonement, constructed a few years ago in Waterford Township.

Mr. Mettetal was a life member of Masonic Lodge in Redford and an honorary member of Brotherhood Lodge of Pontiac, Northville, and South Lyon.

Surviving are his wife, Stella; five sons, Raphael A. of Pontiac, Eli L. of Detroit, Robert J. Lewis and Marvin L., all of Plymouth; four daughters, Mrs. Mary Ladd

of Chicago; Mrs. Edith Ryan of Wayne, Miss Nelda M. Mettetal of Pontiac and Mrs. Esther Schepole of Plymouth; 31 grandchildren, three great-grandchildren, a brother and a sister.

Mr. Mettetal died Tuesday in Pontiac General Hospital after a brief illness.

A retired employee of Pontiac Motor Division, he leaves his wife, Mary J.; four daughters, Mrs. Catherine Hale, Mrs. Lucette Campbell and Mrs. Maxine Struckman, all of Pontiac, and Mrs. Grace Hershey of Marshall; seven grandchildren, two great-grandchildren; and a brother.

Survivors include two daughters, Mrs. Irene Carter of Pontiac and Mrs. Dorothy Nave in Missouri; and a brother.

Service will be held at 3 p.m. Friday at the Purdy Funeral Home with burial following in Perry Mount Park Cemetery.

ENOR J. NICHOLS
LAPEER—Service for Enor J. Nichols, 72, of 1400 Groesbeck Road, will be 1 p.m. Saturday at the Baird Funeral Home, Burial will be in Franklin Hills Cemetery, Franklin Hills.

A farmer in the area since 1938, Mr. Nichols died this morning at Lapeer County General Hospital following a heart attack.

Surviving are a daughter, Mrs. Wayne Will of Union Lake; three sons, Robert and Harry of Lapeer and Donald of Lumb; a brother and 13 grandchildren.

Sees Forecasting Gains
LOS ANGELES (U) — Dr. Thomas F. Malone, president of the American Geophysical Union, predicts spectacular progress within a decade in weather forecasting and control — if the world's nations cooperate.

The average U.S. family spends \$338 a year in grocery stores. To tell consumers about the products on their shelves, supermarkets invest 86 per cent of their advertising budgets in daily newspapers. Independent grocers usually invest 80 per cent.

Charges Cambodia Raid
BANGKOK, Thailand (U) — Cambodian troops entered Thai territory and kidnapped five villagers earlier this week. Interior Minister Phrasas Chanasathien reported today.

The battle to stem storm flooding in Southeastern Oakland County finally has moved into the ditches.

Construction has begun on the long-disputed 12-Towns Storm Relief Drain—the largest single sewer project in Oakland County's history.

The first dirt was turned Tuesday at Ardmore and Woods Streets in Ferndale.

The \$29.3-million project is slated for completion in 23 months.

The 41 miles of sewer pipe will carry off storm water during heavy rains and dump it into the Red Run Drain which empties into Lake St. Clair.

In dry periods the 12-Town Drain will carry sanitary flow into the Detroit Sewer System for treatment.

More than 40 per cent of the drain will be built as tunnels under Royal Oak, Ferndale, Berkley, Huntington Woods and Oak Park. These tunnels will be up to 16 feet in diameter.

Part of the project is a huge gate to be built in Royal Oak. The gate will retain up to 4 million cubic feet of water and will spill into the Red Run Drain.

Each municipality in turn will decide how to charge its residents—either from general funds, special assessments or regular sewerage treatment charges.

The cost of the Red Run project is being borne jointly by Oakland and Macomb counties since it is an intercounty drain.

PLEADS GUILTY — Samuel Rubin, 49, appears at criminal court in New York Wednesday where he pleaded guilty to three counts of grand larceny. Charges involved \$319,801 which Rubin is said to have obtained on forged promissory notes.

'SUFFERED LONG ENOUGH' — "She has suffered long enough," said the governor in announcing the commutation.

Swainson also noted that Mrs. Dewey had an excellent prison record during her years at the Detroit House of Correction and had worked faithfully at nearly every type of assignment.

She has been confined to the prison hospital in recent years, he said.

In her application for commutation, Mrs. Dewey said she had no visitors during the past 24 years.

Thailand Tells Plans
BANGKOK, Thailand (U) — The government announced today that it will launch a 330-million five-year development plan next year in Thailand's Communist-infiltrated

Governor Opens Way for Parole

Woman to Leave Prison After 49 Years So She Can 'Die Free'

LANSING (U) — Gov. Swainson today commuted the life sentence of Mrs. Frances Dewey, 84, who has served more than 49 years in prison for first-degree murder.

The commutation makes her eligible for immediate parole.

Mrs. Dewey, the state's oldest woman prisoner, had said in her plea for release that she wanted "to die free."

She was sentenced to a life term from Ypsilanti in 1912 after being found guilty of heading to death a 1-year-old adopted son.

Swainson said arrangements have been made by the Detroit Athena Business and Professional Club for Mrs. Dewey to live at the Hammond Lodge in Romeo, a home for the aged.

Mrs. Dewey had an excellent prison record during her years at the Detroit House of Correction and had worked faithfully at nearly every type of assignment.

She has been confined to the prison hospital in recent years, he said.

In her application for commutation, Mrs. Dewey said she had no visitors during the past 24 years.

Frank J. Kelley Appointed Attorney General

NEW ATTORNEY GENERAL — Frank J. Kelley, Alpena city attorney receives congratulations from Gov. Swainson after being named Michigan's new attorney general yesterday. An

Naming of Alpena Lawyer Follows Kennedy Pattern

LANSING (AP)—Frank J. Kelley, Alpena city attorney and a young Irishman who has worked hard for the Democratic party, has been appointed state attorney general by Gov. Swainson.

The appointment follows a pattern set by President Kennedy. Kelley is 37. His grandparents came from County Mayo in Ireland. He's campaigned for both Kennedy and Swainson.

Father of 3 Is Killed in Area Crash

A 26-year-old father of three children was killed early today in Farmington Township when he lost control of his car on the Grand River Avenue cutoff near the east end of the Detroit-Brighton expressway.

Fatally injured was William H. Plater of Dearborn Township when he was thrown from his car when it ran off the road. He was dead on arrival at St. Mary's Hospital in Livonia.

Farmington Township policeman Norman Stainbrook said Plater and his brother Eric, 23, in another car, sped past him side by side at a high rate of speed about a quarter-mile from the accident scene.

According to the patrolman, he had just started to give chase after turning around when the accident occurred. He said he saw Plater's car skidding.

Plater's car, a 1959 Chevrolet, was dead on arrival at St. Mary's Hospital in Livonia.

The victim apparently lost control of his vehicle, according to Stainbrook, after hitting a small hump in the road near the end of the cutoff.

The younger brother admitted to police the two cars had been speeding but they were not racing.

Eric, of Clairview Street, Farmington Township, said they were on their way home from work in Wixom when the accident occurred about 2:45 a.m.

Plater's car was found on the side of the road near the end of the cutoff.

MAUREEN E. SHABAS

A Feb. 3 wedding is planned by Maureen E. Shabas and William K. Lockwood, announce the bride-elect's parents Mr. and Mrs. Peter Shabas of 3534 Sanborn Road, West Bloomfield Township. The prospective bridegroom is the son of Mr. and Mrs. Arthur O. Goss of 4173 Fieldview Road, West Bloomfield Township.

Kelley, born in Detroit, received his law degree from the University of Detroit in 1951. He has a general practice there until he moved to Alpena in 1954. He became Alpena city attorney in 1957.

Kelley, an earnest, soft-spoken man with curly black hair slightly turning grey, said he first knew of the appointment when the governor told him at a luncheon meeting Wednesday.

Kelley and Swainson first met while both were ambitious young attorneys in Detroit some 10 years ago.

"I have known Frank Kelley for some time and believe that his background and the high respect he has won from other attorneys and the judges makes him eminently qualified for the post," Swainson said.

Kelley said he humbly accepted the appointment.

"I shall endeavor to exert every effort to promote the administration of justice for the best interests of the people of Michigan," he said.

Kelley said he would run as a Democratic candidate for the post in the election next November.

Kelley said he has never personally pleaded a case before the State Supreme Court but had prepared for it for six or seven years.

Asked his won and lost record, Kelley said he thought he had a winning average.

Kelley will be formally sworn in by the governor on Jan. 2.

He said he planned an informal visit to the State Supreme Court today. The court is meeting today and Friday and is expected to hand down opinions on more than 40 cases. Immediate attention will be given by the court to the cases handled by Edwards, because of his resignation.

Kelley and his slim, attractive wife have three children. She is the former Joie Palmsano of Detroit. They married in 1945.

Their children are Karen Anne, 15; Frank E. II, 12, and Jane Frances, 9.

Asked how soon he would move from Alpena to Lansing, Kelley tossed the question to his wife.

She said they would try to locate a home in Lansing and would move as soon as it was practical to take the children out of school, possibly some time late in January.

Age Still Undetermined

State Employee Faces Delayed Retirement

LANSING (AP)—How old is Lester French? Nobody seems to know for sure — not even French. But no matter how old he is, he feels young and wants to continue working.

But the state figures it's time he retired anyway. So, he retires Jan. 1 from the Capitol Service staff. State law requires retirement at 70 and the only official document around with French's birth date on it is an army record that says he was born Aug. 3, 1881.

But French said he lied about his age when he enlisted in 1915. He was 20 then and had to be 21. So, he bumped his age four years.

Or was it six? He now has affidavits from a cousin and a family friend which place his birth date in 1887. He was born in Mc Kenzie, Tenn., at a time when no birth records were kept.

An Ingham County Probate Court set his birth date in 1888 —

Lake Orion: Mondays; Romeo: Tuesday

Candidates Face Deadline

Candidates for elected positions in the villages of Lake Orion and Romeo will have to file their nominating petitions by Monday and Tuesday respectively.

Lake Orion hopefuls must present their petitions with the names of at least eight registered voters to the village clerk, 37 E. Flint St., by 4 p.m. Monday.

Deadline for filing by Romeo candidates, who require signatures of at least 16 registered voters, is 4 p.m. Tuesday.

Points open on the Lake Orion village council will be three trustees seats, the presidency and the offices of clerk, treasurer and assessor.

Incumbent trustees Dr. Richard McNeil, Thomas Arthur and Hugh Galloway are completing their two-year terms of office. McNeil and Arthur have held their posts for one term. Galloway has served four terms as trustee.

Mrs. Mary Parkinson, village clerk since 1944, Mrs. Geraldine Camp, treasurer since 1955, and Mrs. Geraldine Storey, completing her third one-year term as assessor, will seek re-election.

Village President Irvine J. Tupper has announced he will run again for the post he has held for two one-year terms.

The village primary election, if it is necessary, will be held Feb. 13. The general election will be March 12.

Nine Romeo village posts will be filled in the March 12 election. Three councilmen, clerk, treasurer, assessor and two library trustees.

Incumbent councilmen whose terms are expiring are Jack McFadden, Tony P. Galan and Don Payne. McFadden and Galan have each served one two-year term. Galan has filed for re-election.

Payne has held his post for two terms.

NEWS OF THE AREA

To Pick Walled Lake Miss for State Title Competition

A senior high school girl will be selected tomorrow night to represent Walled Lake in the Michigan Junior Miss contest to be staged Feb. 3 in Pontiac.

The winner of the Michigan contest will compete against 49 other girls for the national crown in March at Mobile, Ala.

The judging tomorrow, under the auspices of the Walled Lake Junior Chamber of Commerce, will be held 8 p.m. in the Walled Lake High School. The public is invited.

Six candidates have entered the local competition.

One of the most recent local entries into the Michigan finals is Sarah Smith, 17, daughter of Mr. and Mrs. Bartlett Smith of 525 Canal St., Milford.

Annual Service Slated by Church in Davisburg

DAVISBURG—The annual Watch Night service of the First Baptist Church here will be held Sunday, beginning with the 7:30 p.m. worship hour.

Rev. and Mrs. Derwood McIntosh, home on furlough, from a mission in Bolivia, will be the guest of honor during the evening of worship and fellowship.

Following the evening service, the Women's Missionary Guild will hold a reception for the McIntoshes in the church basement.

At 9:30 p.m. the "Teens for Christ" youth fellowship has planned a social hour under the direction of Mary Jean Schoenhals and John Pierce.

A special hour of worship under the direction of the pastor, Rev. Jack A. McCurry, will be held at 10:30 p.m. Special music will be provided by the McIntoshes.

MLRB Says Lapeer Products Had Illegal Agreement With Union

WASHINGTON (AP)—Lapeer Metal Products Co., an auto parts manufacturing firm near Flint, Mich., has been ordered to repay to more than 100 employees dues found to have been illegally deducted from their pay for the Teamsters Union.

A three-man panel of the National Labor-Relations Board yesterday said the company and Teamsters Local 614 entered into an illegal contract after a new plant was built and only a handful of employees hired. The contract provided that all workers must join and pay dues to the local.

The board ordered reimbursement by the company of all dues and fees collected for the union since Aug. 5, 1960, the date the labor contract became effective.

The company also was ordered to cancel the contract and not have any further dealings with the Teamsters Union until such time as the Teamsters formally win bargaining rights for the employees.

The case was brought on charges by the United Auto Workers Union. The board ordered the company not to interfere with worker effort to become members of the auto workers. Five employees found to have been discharged for activities in behalf of the auto workers were ordered reinstated.

The board ordered reimbursement by the company of all dues and fees collected for the union since Aug. 5, 1960, the date the labor contract became effective.

Hercules Powder Co. Sets Plant Addition

HARBOR BEACH (AP)—Hercules Powder Co. announced plans for a multimillion-dollar addition to its plant in this Northwestern Michigan community on the shores of Lake Huron.

Plant Manager S. J. Bouchard said construction would start in 1962 and would be completed in 1964. Sweden's population is equal to that of Norway and Denmark combined, he said the firm would hire additional employees at the new facilities. Hercules Powder, with headquarters at Wilmington, Del., makes ingredients "to enhance food flavor," he said. The addition to the existing plant, where 325 are employed, would be used to manufacture a new, low-cost fermentation process, Bouchard said.

A FRIEND IN NEED — A Baluba boy, bandages across his eyes and on his chin, is escorted by a friend past a queue of Baluba tribesmen and their families to a food line at a refugee camp near Elisabethville, Katanga. A lone Swedish United Nations soldier stands guard.

ON SOUTHERN INVASION—Dragging his Christmas toy cannon, Bobby Shriver, 7, leads his sister, Maria, 6, to a plane at Andrews Air Force Base, Md., Tuesday as they head for Palm Beach, Fla., to spend the balance of the holidays at the Kennedy home. Their parents are Peace Corps Sargent Shriver and Eunice Kennedy Shriver. The children rode in a plane carrying Kennedy aides to a conference with the President on the federal budget.

Carillon Surprises Visitors to Shrine in Northern Woods

INDIAN RIVER (U)—You expect cathedral bells to resound, as series of projects initiated at the shrine since the arrival of the 37-year-old priest as pastor, whose impressive 220-pound frame has gained him the nickname Big Jim.

Father Jendrasiak decided that thousands of visitors need rest-room accommodations and, by late August, there was an \$18,000 provision for the need.

The answer lies with Rev. James L. Jendrasiak, 6-foot-4 pastor of the shrine's little chapel.

"We needed something that would serve the shrine and provide the community with a little service too," he says.

His flair for presenting a convincing argument led an anonymous donor to provide an \$8,000 electronic device that amplifies the pure tone of the bells more than a million times.

The outlets are two amplifiers previously used for religious music background on the grounds of the shrine where thousands of tourists come annually to see the towering 55-foot crucifix.

One of the electronic carillon's community service is to chime the hour. Its voice is heard readily in the village two miles distant and serves as the village clock.

"Visitors," says Father Jendrasiak, "think they're at Notre Dame... they can't believe that way up here in the north woods there's such an installation."

The increasing divorce rate indicates this is becoming the land of the free — and the marriage rate suggests it's still the home of the brave... By the time today's youngster is five years old he knows enough aerodynamics to realize Santa couldn't get a team of reindeer off the launching pad using only hay for fuel. Earl Wilson.

Highway Dept. Gives Advice

Helps Drivers Avoid Deer

LANSING (U)—The State Highway Department has drawn up a few rules to help cut down on the number of deer-car collisions on Michigan's highways.

The department said motorists can avoid accidents when a deer runs across the road ahead of them by slowing down and dimming the headlights.

Bright lights will blind a deer and keep him standing still, the department said.

Slowing down also will give motorists a chance to see if more deer are crossing the road.

Safety experts estimate that

as many as 4,000 deer are hit by cars each year in Michigan, resulting in thousands of dollars in damage.

An extra wide median strip along much of U. 27 freeway from Lansing to Mackinaw City may help cut down the number of deer accidents.

The timber stands on the medians, said the department, gives frightened animals additional refuge from traffic.

The surface of the earth consists of an estimated 139 million square miles of water and an estimated 57 million square miles of land.

Prince Charles Joins Men for Pheasant Shoot

NORFOLK, England (UPI)—Thirteen-year-old Prince Charles joined the men Wednesday at the first big pheasant hunt of the Christmas season at Sandringham, the royal country house near here.

The party got 330 brace (700 birds) and the prince contributed his share," said a gamekeeper who watched the shoot. "He is coming along nicely."

Of the 56 men who signed the Declaration of Independence, only two were bachelors. Sixteen married twice. The signers were family men and had an average of more than five children apiece. They fathered a grand total of 325 children.

Stage First Anti-U.S. Play Since Stalin

BY HENRY SHAPIRO

MOSCOW (UPI)—"Game Without Rules," the first anti-American play seen on the Soviet stage since the death of Premier Josef Stalin in 1953, opened at the Kremlin Theater Wednesday.

It combines anti-Americanism with sneers at Stalin and his henchmen in a story about anti-Soviet methods allegedly used by U.S. agents in Germany.

Author Lev Stepanov, a former detective, portrays American Army agents working with former members of the Nazi Gestapo in an effort to recruit a famed Soviet rocket designer.

According to Stepanov, the Americans in 1945 were desperate to overcome a rocket inferiority because "Wernher von Braun and the other Germans working in the United States were not as good as Soviet rocketeers."

TRIED DISCREDIT MAN

Accordingly, he says, the Americans tried first to discredit the rocket man in Soviet eyes by framing his brother, commander of the Soviet garrison in Germany, to make him appear as an American agent and have him arrested by the Russians as a spy.

The Americans then planned to plant the scientist's long-lost

brother, a displaced person, in his home in Moscow where he would blackmail him into disclosing Soviet rocket secrets.

The American intrigues, according to the playwright, were facilitated by the corruption and gullibility of the Beria-Stalinist type Soviet intelligence officer who was ready to arrest any Soviet citizen on the basis of flimsy evidence planted by U.S. agents.

"The more the Russians distrust one another the better," says one "American" character in "Game Without Rules."

In Stalin's day, nothing was easier, the play indicates.

Although the "criminality" of American agents is the play's major theme, the author also portrays injustices and cruelties against decent Soviet citizens who at the risk of their lives, prevailed over a Stalinist officer, exposed the American plot and exonerated the suspect scientist.

More than a dozen plays and movies attacking various aspects of American life were shown simultaneously in Moscow at the height of Stalin's anti-American campaign in the late 1940s.

Among them was an attack on President Harry S. Truman called "The Mad Haberdasher."

Rocky Is Willing —if GOP Eager

Would Run for Top Job in '64 Election, but Still After Governorship

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller is keeping a door open for a possible bid for the Republican nomination for president in 1964.

At the same time, he is beginning a formal campaign with a declaration that his sole object is "re-election as governor of the state."

From what he said at a news conference Wednesday, Rockefeller is entering his campaign for re-election on the premise that:

1. Voters will re-name him governor on the basis of his record.

2. They would have no objection and would even encourage him if he later had an opportunity to win the presidential nomination.

3. A pledge to serve a full, four-year term is therefore unnecessary to win next year.

The governor discussed his political future at a news conference with several other Republican leaders after a six-hour meeting at which they began planning the 1962 campaign.

Top state and legislative officials, leaders of the Republican state organization and Rockefeller aides participated.

The governor, with the other GOP leaders surrounding him in his office, told reporters that he and other Republicans would run next year on the party's record and program of the last three years.

Moving Stairs Halted by Girl's 1350 Pennies

TAMPA, Fla. (AP)—Carol Sue Ramey, 11, stopped by the courthouse on her way to the bank to make a deposit. While riding a moving stairway, she dropped her piggy bank. It shattered and 1,350 pennies scattered.

The stairway was out of operation two hours while repairmen extricated pennies from the machinery. Most of the pennies were recovered and Carol completed her trip to the bank with a shoe box.

Says U.A.R. Will Take Land From Foreigners

CAIRO (AP)—The newspaper Al-Ahram reported today the U.A.R. government will issue a law within a few days taking over arable land owned by foreigners.

The paper said the law will give foreign landowners one month to present declarations of their land property. It said the law will provide rules and compensation for those whose land will be taken over.

Al-Ahram said Monday a census showed 141,151 acres in Egypt owned by 2,614 foreigners.

Congressmen were paid \$6 per day in the period from 1789 to 1815.

Beacon Streeters Get Autos Back After City Goo!

BOSTON (AP)—Some 32 irate Beacon street residents had their cars back today, and without paying the towing fees, because somebody goofed.

Boston has a law which restricts parking to one side of a street when a snow storm is expected, so most of the street will be clear for plowing.

A snow removal foreman ordered the 32 cars towed away when he saw them on the left side of the street, which he assumed to be the even numbered side. The law allows parking on odd-numbered sides in snow storms.

But on a section of Beacon street, the numbers are odd on the left. So the parking was legal, and the city picked up the tab for \$192 for the 32 tow jobs.

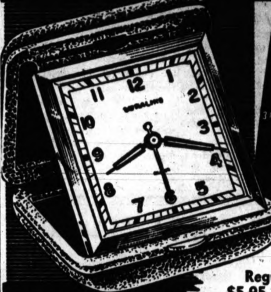

U.S. Navy Landing Ship Given to S. Viet Nam

SAIGON, South Viet Nam (AP)—The 200-foot U.S. Navy landing ship *Oceanic* arrived here today and was transferred to the South Vietnamese navy.

In a dockside ceremony, the ship was renamed the *Huong Giang*. It was the fifth vessel transferred from the U.S. Navy to South Viet Nam's navy.

'Watch for Blind People' Evangelicals Give Millions

NEW YORK (UPI)—There are traffic signs across America that warn "deer crossing" or "children at play," but scarcely anything has been offered to safeguard persons who are blind.

The estimated 355,000 sightless Americans have to take their chances along with other pedestrians, and sometimes the chances are slim.

Together with the American Foundation for the Blind, the American Automobile Assoc-

tion has issued an appeal to motorists to be on the lookout for blind pedestrians and take special precautions.

"There are some spots on the highways where special signs help the motorist," an official of the Foundation said.

"Blind people in some places seem to merit the same attention as deer. While our fleet four-footed friends who occasionally like to jump into windshields are protected by 'deer crossing' signs, so

schools for the blind or places where blind people congregate should have special signs.

"But the vast majority of blind people do not congregate in any one spot. They move about freely with their sighted brethren."

The association recommended that blind persons be trained to walk across streets. It also asked that public campaigns promoting the use of white canes be abandoned. They are a disservice to persons who are blind, the association said, because they create a false picture of inadequacy and helplessness.

The AAA appealed for safe driving. The cautious motorist is not likely to hit any pedestrian, blind or sighted.

Here are some rules suggested by the AAA:

—Do not expect all blind people to carry white canes.

—Do not make fast starts when traffic lights turn to green—look carefully before proceeding. This protects all pedestrians.

—Do not be impatient and thus lose good driving judgment.

—Look carefully before proceeding. This protects all pedestrians.

—Remember that blind persons are not helpless. They ask only equal consideration with other pedestrians.

Urges More Priests for South America

The 41 million Roman Catholics in the United States currently are served by 200,000 priests, brothers and sisters. Their 180 million co-religionists in Latin America are served by considerably fewer clergy and members of religious orders.

At a fall meeting at Notre Dame University, a Vatican representative for Latin America urged U.S. Roman Catholic leaders to "tittle" some of their clergymen and members of religious orders in order to provide 20,000 priests, brothers and sisters whose services are sorely needed in Central America and under the Southern Cross.

Ratio Grows Greater

SANTIAGO, Chile (AP)—In Santiago 100 years ago, there was one priest for every 385 Catholics. Today there is one for every 2,565 Catholics.

Members Increase Gifts During Past Four Years 12 Per Cent

ST. LOUIS — "More than \$800 million has been given during the past 20 years by members of the Evangelical and Reformed Church for benevolences including World Service, congregational expenses and capital funds." It was announced this week by the general secretary of the Department of United Promotion of the denomination.

In reviewing the record of giving of the Evangelical and Reformed Church from 1941 through 1960, Rev. Carl W. Klein, St. Louis, pointed out that "the free-will gifts increased 12 per cent during the past four years over the previous quadrennial."

"It was in 1957," said Dr. Klein, "that the Allied Eastment Program was initiated to build a stronger Stewardship program for local churches with greater member participation and increased financial support."

"Through this program small groups of church 'allied' themselves for a series of 4 training sessions of local church leaders to study the mission of the Church, to learn how to plan programs and budgets for local churches and to enlist time and talents of local church members."

The final training session stressed ways and means for an effective financial campaign to meet the annual budget of the local church," according to Dr. Klein.

"Guidance materials for 1962 have been prepared by men and women of the Evangelical and Reformed Church and the Congregational Christian Churches," said Dr. Klein, "for 'Our Christian Eastment' in the United Church of Christ."

The United Church of Christ, which declared its constitution in force last July in Philadelphia, is a union of the Evangelical and Reformed Church with the Congregational Christian Churches.

Dr. Klein, who has been identified with the Department of United Promotion for 20 years, will serve as a regional field secretary in the Stewardship Council of the United Church of Christ with his headquarters in this city.

Kathryn Olmstead Speaks Vows

Kathryn Ilene Olmstead exchanged mid-afternoon nuptial vows with Rudolf E. Radocy Saturday in the Orchard Lake Community Church. Dr. Alfred D. Grey of Pine Hill Congregational Church, Birmingham, officiated.

Before leaving on a motor trip to Ohio and Pennsylvania, the newlyweds received guests in the church parlors with their parents Dr. and Mrs. Lester E. Olmstead of Orchard Lake and the Rudolf Radocys of Connelville, Pa.

Pearl-crested Alencon lace accented the bride's gown of off-white delustrated satin, worn with waist-length illusion veil and jeweled diadem. The bridesmaid carried into a full gathered skirt and chapel train. She carried white carnations and holly.

In scarlet velvet were Elizabeth Olmstead, her sister's maid of honor, with bridesmaids Mrs. David Webb, Orchard Lake, and Sheila Murphy, Keep Harbor. They wore heart-shaped velvet demicaes and held variegated red and white carnations.

AUNT'S FLOWER GIRLS
Eileen and Shirley Jean Rose of Grass Valley, Calif., attended their aunt as flower girls; their

Mrs. Olmstead's blue and green silk brocade dress and to a beige and gold embroidered silk organza outfit worn by the bridegroom's mother.

The bride toured Europe with the University of Michigan Choral in 1959 and is a secretary for the Institute of Social Research at U. of M. Her husband holds a degree in education from Ohio State University and is a graduate music student at U. of M. where he is a teaching fellow. He was abroad with the University symphony last spring.

MRS. RUDOLF E. RADOCY

brothers, Stanley and John were ring bearers.

On the square side were best man Richard Ruben, Lima, Ohio, and ushers Charles Smith of Detroit and David Webb, Gardena, were pinned to

It's Wise to Pay Your Own Way

By the Emily Post Institute

Q: My boy friend and his family have invited me to spend a week with them at their house. They live several hundred miles from here. My boy friend suggested that I fly both ways to save time but now I have discovered that I can ride down with relatives and would need only to fly back.

I would like to know if I should pay for my plane ticket back home or if he should take care of it? From his letters it sounds as though he is planning to pay the ticket since he has been calling the airlines about schedules and reservations.

However, I want to make sure it is correct that he do so. Should I offer to pay for it, or to contribute toward the price of the ticket?

A: Unless it was definitely understood when his parents invited you for the visit that they would pay your plane ticket, you should pay for it yourself. What is especially important is not to let your boy friend pay for your transportation.

Q: I have no home of my own, so what do you suggest as the nicest way to return dinner invitations and weekend invitations of my friends? The expense of taking these people to good restaurants would be beyond my means.

A: It is not necessary to return invitations in kind, even sometimes not even necessary to return them at all. If you feel really indebted to certain friends you could, on occasion, invite these to a movie or possibly to lunch. To others you might send flowers, take candy for the family or amusing toys for the children.

Q: Will you please tell me the correct way to address a minister? Should it be The Rev. or just Rev. Smith?

A: The Rev. John Smith is correct.

Q: It is necessary, in order to be polite, to send Christmas cards to all those who send me cards? Last year I received quite a few cards from new acquaintances to whom I did not send cards. I would like to know if I should send them cards in return this year.

My list is very long as it is and I certainly don't wish to add more names to it if I can possibly help it, but neither do I wish to be thought ungrateful.

A: An ever-growing Christmas card list can become burdensome. If you do wish to add to your already long list, my advice is not to send cards in return for those you received from new acquaintances last year because if you do, it will be almost impossible to do to continue exchanging cards with them in perpetuity.

JUDITH HARRELL

Never Abandon Grooming Aids Begun in Teens

(NEA) — Your habits of good grooming should be formed in your teens and then, once formed, never abandoned. This is the time for you to learn that a bad skin is almost always a neglected skin, that poor hair is abused hair, and that you must watch what you eat.

This is the time for you to learn that your face will mirror not so much the passing years as the fits of temper and emotion. Oh, a good boiling over now and then never did any harm. In fact, it may harm you to exercise a steady control over anger. But don't make a habit of temper tantrums; your face will pay you back.

Cherishing your teeth, setting your lips in a thin line and frowning habitually are habits that all will leave their marks upon your face eventually. If you don't understand exactly how this works, study the faces of older women.

Bridge Club Has Tourney

Wednesday Duplicate Bridge Club's weekly tournament was at Hotel Waldron this week. Winners were Mrs. Lester Hamilton and Mrs. Dan MacPherson, Dr. Lorraine Willis and Mrs. Gordon Longstreth, Mrs. Martha Covert and Mrs. Earl James, John Kraus and Joseph Nouse.

After Jan. 1 the club will meet at 1 p.m. weekly in Elks Temple.

Wilson's Announce Birth of Baby Girl

The birth of a daughter, Christine Jane, Dec. 17 in St. Joseph Mercy Hospital is announced by Mr. and Mrs. Donald B. Wilson (John Harner) of Milford, formerly of Pontiac.

Grandparents of the infant are Mr. and Mrs. Harry C. Horner of Commerce Lake and Mrs. Edith Wilson, South Commerce Road.

Keep Flying, Abby Says

April vows are planned by Judith Harrell, daughter of the Joseph H. Harrells of Saginaw to Christopher M. Valentine, son of the Michael Valentines of Drayton Plains. Both attend Michigan State University.

BY ABIGAIL VAN BUREN
DEAR ABBY: I recently completed my training and am now an airline hostess. My boy friend keeps threatening to break off with me if I stick with this job.

He thinks it offers too many opportunities to meet other men. I love my boy friend, but I also love my job and I'm tired of fighting with him about it.

How can I convince my boy friend that flying is no threat to our love? So far, all I've met

ABBY
on this job are tired old married men.

IN THE AIR
DEAR IN: If you need my help in persuading your boy friend that not all airline hostesses are high flyers, you'd better forget him. A jealous "earth man" is no match for a girl with wings.

DEAR ABBY: I read with interest the letter in your column from the little girl who claimed to be only seven years old. I am not doubting your word or the little girl's, but this is the first time I ever heard of a seven-year-old who could write. Even if she can, I wonder what she is doing reading an advice column.

DOUBTING THOMAS

DEAR ABBY: I suppose this is a rather silly question, but I want to know how soon a person should go dancing after his mother's or father's death.

TO INDUSTRY ADVISERS
That every toy no matter for what age group — should have what the sociologists call "play value." It also should have a reason.

"Until a child is about six months old, he can't play, so toys for him are chosen on the basis of what amuses or comforts him, but does not require his participation," said an expert at a leading toy store.

He advised that whatever is bought for an infant should be bright and colorful, appealing to his sense of sight, which develops in the early months. Babies, once the exclusive product of the world of art, have been adapted to the crib, with flights of circling birds or the legendary cow jumping over the moon.

NOISE IS NICE
Floating toys are fine for the baby's bath and anything that makes a "noiseless noise" is greeted with gurgles of joy.

This noisy group includes objects that squeak, squawk, honk, toot or beep.

Rattles were among the first toys devised for babies, and they remain at or near the top of the popularity list. One of the more recent rattle models contains three mechanical pieces, each of which produces a "noiseless noise" when blown into.

Suction rattles that anchor to high chairs have been found useful in keeping babies diverted.

'Nonsense Noises' Keep Babies Happy

By CLAIR COX

NEW YORK (UPI) — What do you do after the announcement arrives proclaiming the delivery of a... pound... ounce, (boy) (girl) to the Jones?

The answer in many cases is that you wonder what in the world to buy as a gift for the new arrival.

Toy manufacturers have provided a variety of choices, but the uninitiated still needs advice.

There is a relatively short list of items for the infant under six months. He is able to do very little but notice the world around him. After six months, he is likely to seize upon anything his little hands can clutch.

He advised that whatever is bought for an infant should be bright and colorful, appealing to his sense of sight, which develops in the early months. Babies, once the exclusive product of the world of art, have been adapted to the crib, with flights of circling birds or the legendary cow jumping over the moon.

Area Couple Repeats Vows at Palm Beach

Elise Ashbrook Baldwin, Orchard Lake, exchanged vows with William V. Voss of Birmingham this morning in Palm Beach, Fla.

Rev. Samuel Lindsay officiated for the ceremony at the little chapel of the Royal Poinciana Chapel in the presence of the immediate families and friends.

A breakfast at Palm Beach's Salsith Club followed the rite.

Alumnae Unit Sets Meeting
Kappa Delta alumnae, South Oakland County, will meet at 8 p.m. Jan. 9 in the home of Mrs. Gerald D. Stone on Rosewood Road, Royal Oak.

A talk and demonstration of oil painting by Mrs. Nora Luce of Royal Oak is planned. Hostesses will be Mrs. George Miller, Mrs. Paul Peck and Mrs. E. J. Meurer.

Kathryn Anne Higgins, William L. Shanks Wed

In a setting of Christmas greens and poinsettias, Kathryn Anne Higgins exchanged vows with William L. Shanks Wednesday evening in Dryden Avenue Presbyterian Church, Ferndale. A reception in the Women's City Club, Detroit, followed the ceremony performed by Dr. H. Paul Sloan.

Dr. and Mrs. Kenneth F. Higgins of Pleasant Ridge and Mr. and Mrs. Leslie T. Shanks of Ferndale, formerly of Pontiac, are parents of the newlyweds. The bridegroom is the grandson of the William A. Windlades of Union Lake.

A deep yoke and sleeve detail of Brussels lace accented the white peau silk bridal gown styled with controlled skirt fullness and chapel train. Bouffant illusion veiling was attached to a lace Juliet cap. Phalaenopsis orchids, stephanotis and ivy comprised the bridal cascade.

Carol Higgins attended her sister as honor maid and bridesmaids included the bride's sister-in-law Mrs. Christopher C. Higgins of Midland, Anne St. Clair of Birmingham, Mrs. Chris Wilbail of Royal Oak and Diane Payne, Denver, Colo.

BLUE DRESSES
Garnet roses and Louisa carnations in smilax rings and velvet Dior head bows complemented their blue taffeta dresses styled with sapphire blue velvet bodices.

Gary Robertson of Clarkson was best man. Ushers were the bride's brother Dr. Christopher C. Higgins, Harry Freeman, Daniel Valmassel, Grand Rapids; Robert Bowman, Battle Creek; Harold Wilson, Ypsilanti, and the bridegroom's brother-in-law, Dr. John Kennedy of Ann Arbor.

Returning from a honeymoon in Chicago, the couple will live in Royal Oak. Both are graduates of Michigan State University.

Miniature pink roses complemented Mrs. Higgins' emerald green silk brocade and Mrs. Shanks' dress of green faille.

Get Together for Christmas After 13 Years

First Christmas together in 13 years was celebrated at the Hamilton Court home of the Ernest P. Filippou when their son-in-law and daughter, Major and Mrs. Ernest P. Filippou Jr. of Alexandria, Va., joined the family.

Also attending the get-together were the Junior Mrs. Filippou's mother, Mrs. Marie W. Kowalski, and the senior Filippou's son and daughter-in-law, Mr. and Mrs. Bill J. Filippou with daughter Rhonda.

Major and Mrs. Filippou left for Virginia Wednesday morning.

Among Women
Baldness Is Increasing

By ALICIA HART
Newspaper Enterprise Assn.
Baldness is on the increase among women in this country. And to the woman with dry, lifeless hair, the prospect is no joke.

The truth is that hair can stand just so much abuse before it gives up. Tearing, hair sprays, hot dryers, brush and metal rollers all contribute to turning your crowning glory into a mop if you use them regularly.

To bring your hair back to health, equip yourself with several good hairbrushes and use them daily for 100 strokes. Brush with your head down, from the scalp to the ends.

Switch to an olive oil shampoo. Be careful not to brush your hair when it's wet. For this, use a comb but choose a heavy one. The heavier the comb, the more easily it glides through your hair without breaking the strands.

Try to set your hair at some time during the day, rather than leaving rollers in your hair all night.

DON'T SET WET
Never set your hair while it's dripping wet. After a shampoo, comb it, then let it dry.

Just Watch Weight
Have Babies, Figure Too

By JOSEPHINE LOWMAN
The following letter may inspire other women to watch their weight during pregnancy.

"Yesterday I read your article about overeating during and after pregnancy. Like so many women, I thought I would probably have to lose my figure with my first child.

"My weight was 137 pounds at the beginning of my first pregnancy. My doctor said that was all right for my height but he warned me that the pounds would add up if I did not watch myself.

"After the third month, when the nausea had ceased, my doctor ordered me on a diet of skim milk, broiled meats, eggs, plenty of fruit, green vegetables, some bread, and vitamins which he prescribed.

"I must admit it was a temptation to eat other foods because I cook rich foods for my husband. BUT I was determined! You see my sisters gained about 30 pounds each during their pregnancies and they kept every pound.

"Between meals, if I felt hungry, I would eat celery and raw carrots. Everyone told me that the baby would not be well because I didn't eat enough for two. How wrong they were! My baby weighed seven pounds, thirteen ounces. I weighed 137 pounds after she was born.

"My doctor told me that the foods I ate were not calorie high and that the baby took as much as it needed. I got what was left.

"My first child is four years old now and I have another little girl, twelve months old. My weight is just what it was before.

"My prayers for healthy children were answered and I am thankful. I am also glad that I did not have to lose my figure."

No woman has to let the will use some self-discipline and follow her doctor's direction concerning diet.

If you would like to have my leaflet, "Care During Pregnancy" and "Reconditioning After Childbirth," send a stamped, self-addressed envelope with your request for them to Josephine Lowman in care of The Pontiac Press.

Some dark midnight is no time to add spare light bulbs to your shopping list. Do it now.

Quality Qualifies
Good quality interfacing for clothes feels springy when it is crushed in the hand and recovers quickly without wrinkles when it is released, says Bernetta Kahabka, clothing specialist at Michigan State University.

Keep Your Manners Up While Letting Hair Down

By GAY PAULEY
NEW YORK (UPI) — Do your manners show at their worst when you're working to look your best?

Several beauticians have commented to me that customers let their manners drop along with their hair; that customers treat them as servants instead of as professionals trained in the art of enhancing a woman's looks.

Granted, you're paying for that shampoo, set, manicure and perhaps a facial, permanent or hair-coloring job. And granted, you'll probably leave a generous tip for the beautician.

But do the size of the bill and the size of the tip entitle you to rage at the beautician for some annoyance? Remember, he or she too is a human being.

I know of one elegant salon which finally asked a customer to take her hair somewhere else, she said it was difficult. I know of another shop where one customer is so consistently a complainer that she is fielded to a different hairdresser each week so that the others will get a break.

Perhaps the matter of slipping manners is peculiar to New York. For the National Association of Hairdressers and Cosmetologists disagrees with my observations and complaints I've heard.

'ARE POLITE'
Says the association's president, Evelyn E. Bunge, "Women who visit salons are as polite and considerate as you could find among any group of women... possibly even more so.

"If your experience has found a lack of courtesy, it is not that this was particularly noticeable simply because it was so rare and unexpected."

Miss Bunge, however, listed some suggestions on how to make the most of your beauty shop appointment.

First order of business—an ancient rule of etiquette. Be on time. You're a hairdresser's hours are scheduled carefully, she said. If you are late for your appointment, your hairdresser has only two choices. Either to hurry your appointment or be hurried with his or her next client.

Other suggestions:

★
Feel free to speak up. If you don't like your hair parted on the left, say so. Don't wait until the final comb-out, to say you wish it had been parted differently.

★
Feel free to ask questions. Your hairdresser knows a great deal about hair condition. If you've been noticing a difference in the way your hair looks or behaves,

Aren't you absolutely flabbergasted at all the gadgets you can buy these days to keep you from using even the thinnest bit of elbow grease? I am.

No more turning a hand crank to open a can. Just invest in an electric can opener and push a button and zip — the lid is off.

No more effort needed to dole out a long-winded talker gets you on the telephone. Just use the new mechanical doorman and all you have to do is turn knobs to create either straight or curved lines.

No more need to get up and walk to the TV set to tune it down when the commercial starts blaring. Just use your remote control switch — and keep your seat.

No more twisting a pepper mill by hand. Now you can get one that works on flashlight batteries so all you have to do is push a button.

No longer need you wear yourself out turning a pencil sharpener. You can do that electrically. You can even brush your teeth without effort if you care to invest in a new cordless, electric toothbrush.

ELECTRIC SHOE SHINE
And you can invest in an electric shoe shiner if you find polishing your shoes too fatiguing.

Try Using Foundation on Eyelids

Feminine eyes will appear more beautiful if foundation make-up is always applied over the eyelids. Many women, according to beauty authority, neglect to follow this important make-up procedure with the result that their eyes do not match the rest of their facial make-up.

RAISE BROW
When applying foundation make-up to this strategic area, raise the eyebrows so that it can be blended smoothly and evenly. Next, apply eye shadow, raise the eyebrows again, and puff on a small amount of finishing powder over the lids to set the eye shadow application.

Complete making up your eyes by lining them with fluid eye-liner, arching your brows with eyebrow pencil, adding mascara to your upper and lower lashes, and see how much more glamorous you appear.

Not only will the addition of eyelids give your appearance an even, more natural look, but a foundation base facilitates the blending of eye shadow color and permits you to apply the rest of your eye make-up in an easier, more flawless manner.

Novel Arts Program is for Teens

Utica, N. Y. — A multifaceted program in the arts is absorbing the interests of hundreds of teen-agers in this upstate New York city, and the results are spilling over into the youngsters' homes.

From a casual beginning in art study afternoons after school, the offerings of the Munson-Williams Proctor Institute have now mushroomed so that high school students are making the art center their evening headquarters.

On Wednesday nights, students study painting, ceramics, and sculpture. The musically-minded play in a youth orchestra sponsored by the Institute, and the specially-talented have an opportunity to give recitals.

For a dollar a year membership, students under 18 may become junior associate members of the Institute, and borrow art reproductions and record albums for home enjoyment.

When the Institute sponsors its great artists series of six concerts, balcony seats are reserved for students at a very low ticket charge.

In the summer thousands of young people are in the audience of the Utica Arts Festival, where the nine-day program offers folk dances, jazz concerts, serious drama, and art demonstrations. The Festival is held on the Institute's grounds, with the programs presented on an outdoor stage.

Identify Criminal by Eyes' Irises?

Berlition, the fingerprint expert, suggested that the irises of the eyes be used in identifying criminals; no two irises have quite the same pattern. Ask your eye specialist about it when you have your eyes examined.

You should have a complete professional examination every year or two, says the Better Vision Institute, because there's no other way to find out for sure how well you really see, or how much you may be missing.

Hippocrates, the Father of Medicine (5th Century B.C.), suggested eating an entire raw ox liver to cure night-blindness. But even that, along with carrots and other such foods, won't help your vision if you already have enough vitamin A in your system.

The only way to be sure of good vision is a complete professional eye examination every year or two, says the Better Vision Institute, and the right glasses if and when you need them.

If you have 20/20 vision, it merely means you can see clearly at 20 feet or more. Only a complete professional eye examination, says the Better Vision Institute, can tell you if you're straining your eyes when you watch TV or drive, to mention only a few visual tasks.

In other words, if you have 20/20 vision, you can be fairly sure your eyes are good enough for mouse hunting, but that's about all.

48 Per Cent Want Complete Ban

By EUGENE GILBERT
President, Gilbert Youth Research
Company

One of the world's toughest and most frustrating assignments is that of chief United States delegate to the United Nations, a post currently held by Adlai Stevenson.

In addition to dealing daily with skillful and often hostile fellow diplomats, he must feel at times as if every action of his stirs up a wasp's nest of controversy among fellow countrymen.

How would you handle his job if you were a delegate to the U.N.? What stands would you recommend on the current critical questions: Nuclear testing? The admission of Red China? Continuation of the office of secretary general? The very value of the U.N. itself?

We put those questions to America's young people in our most recent survey and came up with some answers that prove, if nothing else, that teen-agers do their own thinking. They're against nuclear testing, for the U.N.

OPPOSE TESTING

A plurality (48 per cent) but not a majority of the youngsters told us they would recommend that nuclear testing be halted. A small number (13 per cent) said they favor continued testing. The others felt it is all right to continue under some sort of controls.

"All nuclear tests and weapons should be banned," said Irving Greenberg, 17, of Miami Beach. "A research team composed of scientists from all countries should carry on peaceful nuclear research."

"I would try to stop all nuclear testing but I would keep the nuclear weapons just in case," advocated Frances Leake, 14, of Charleston, S. C.

Jean Soroko, 17, of Hibbing, Minn.: "The U.N. should set up a committee to control nuclear devices in all countries and set up open inspection in all countries."

Joyce Martin, 16, of Flatwoods, Ky.: "We should secretly test ours and not let everyone know what we had until it was necessary."

Some of the teen-agers took a dim view of the U.N.'s ability to control nuclear testing. And some-

took a dim view of the U.N. itself.

"The U.N. does not have enough power to do anything about it," said Robert Kuhl, 17, of Miami.

"I would recommend," added 16-year-old Gene Shipman of Lincoln, Neb., in the heart of what used to be known as isolationist territory, "that the U.N. be dissolved and the U.S. back out and keep its money."

Yet 53 per cent figured that the U.N. can keep the peace.

The majority of the youngsters appear to go along with prevailing opinion on the admission of Red China to the U.N. Three out of four are opposed; one in five favors it.

"The Red Chinese have violated all the principles the U.N. stands for," ruled Ronald Kaplan, 15, of Charleston.

"They are a child of Russia and not really a country," added Pat Seudert, 17, of New Orleans.

"The more Communists you have, the more trouble you get," opined 13-year-old Harold Malin of Miami.

On the other hand: "You can't ignore 600 million people," warned Norman Zau, 18, of Coral Gables, Fla.

Should the late Dag Hammarskjöld and the acting secretary general, U Thant, be succeeded by one man or should the U.N. administration be headed by more than one man, as the Russians suggest in their "trika" plan?

Four out of five youngsters told us they favor continuation of one man as secretary general. The others thought a committee-type leadership could do a better job.

"A group of more than one would create a stalemate in the U.N. and nothing would be accomplished," said Alan Banov, 15, of Charleston, speaking for the one man faction.

"Too many cooks spoil the soup," answered Carol Heller, 17, of Lincoln, Neb., leaning on an old proverb.

A much closer division of opinion came when we asked the youngsters if they think the U.N. is capable of keeping the peace.

While 53 per cent said yes, a large minority (42 per cent) answered no.

"As long as there is some place

solved and the U.S. back out and keep its money."

A much closer division of opinion came when we asked the youngsters if they think the U.N. is capable of keeping the peace.

While 53 per cent said yes, a large minority (42 per cent) answered no.

"As long as there is some place

where men can discuss their problems the peace can be preserved," said Richard Lapin, 15, of Charleston hopefully.

"The U.N. is the main reason why war hasn't broken out already," maintained Mac Zachem, 17, of Greenup, Ky.

Backbone Must for Developing Fashion Sense

ALICIA HART
Newspaper Enterprise Assn.
NEA — If you don't look absolutely smashing in slacks or stretch pants, stay out of them. Remember, there is only one reason for wearing any fashion: it enhances your good looks.

It takes a certain amount of backbone to develop a sense of fashion individuality, true—but the rewards are great.

You'll never look ludicrous or out of place. You'll get lots of compliments. You'll always look like a lady.

You must train your eye to be critical of every single thing you contemplate buying. You must be far more harsh with yourself than you would dream of being with others. You must take your age, whatever it may be, into practical consideration. You must learn to be tough on yourself.

And since few women can ever bring themselves to do this, you possess one advantage right here. Be your own severe critic and gather bouquets for your performance.

And since few women can ever bring themselves to do this, you possess one advantage right here. Be your own severe critic and gather bouquets for your performance.

And since few women can ever bring themselves to do this, you possess one advantage right here. Be your own severe critic and gather bouquets for your performance.

The arm should continue on out in front of you to at least shoulder level in the bowling follow through. This is a perfectly natural windup to the delivery.

For Fun and Figure

Bowling's a Real Ball

By SHARON KAY RITCHIE
Newspaper Enterprise Assn.

The follow through in the act of letting the arm continue outward and upward as though you were reaching for the ceiling.

It is a perfectly natural windup to the delivery. Unless you deliberately stop it, or unconsciously freeze up, it will take care of itself.

Mary Hoyt, of the AMF Staff of Champions, has simple points to remember about it.

"The arm should continue on out in front of you to at least shoulder level," says Mary. "The shoulders

should be squared at the four line. Follow through on every ball."

What about body English — those sometimes painfully funny gyrations with which bowlers attempt to influence the ball after the release?

Mary Hoyt says not to worry about these individual trademarks as long as they don't ruin the follow through and throw you off balance.

NEXT: Straight ball.

(Miss Ritchie, a former Miss America, is Director of Women's Activities for American Machine & Foundry Co.)

by Anne Adams

The new slenderness... subtly accented by curved yoke detail, curved hip pockets. Perfect for work, P.T.A. meetings, anywhere in bright, washable blendings of cotton or rayon and Dacron.

Printed Pattern 4919: Misses' Sizes 12, 14, 16, 18, 20, 22. Size 16 takes 2 1/2 yards 65-inch fabric. Send Fifty Cents in coins for this pattern — add 10 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of The Pontiac Press, 137 Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address, with zone, size and style number. Fall's 100 Best Fashions — separates, dresses, suits, ensembles, all sizes, all in our new Pattern Catalog, in color. Sew for your self, family; 35 cents.

Saves Hose

(UPI) — Rinse nylons in a quart of warm water. It will keep stockings soft and run-resistant without making them stiff and shiny.

AMBASSADOR — Anatoly Fedorovich Dobrynin, 42, is to succeed Mikhail A. Menshikov as Soviet ambassador to the United States. Menshikov is due to be reassigned next week. The State Department announced Wednesday it had given a positive answer to a Soviet query on Dobrynin's acceptability.

Census Tallies Negro Migration

Nearly 1 1/2 Million Left South in Past Decade; Most Went North

WASHINGTON (AP) — Nearly 1.5 million Negroes left the South for other parts of the country during the 1950s, the Census Bureau said Wednesday.

The bureau said the net migration of nonwhites from the South, amounting to 1,457,000, was a record for any decade and compared with 1,245,000 during the 1940s.

Most of the nonwhites who left the South moved to the North. The total was about 1.1 million. The number moving to the West was 332,000.

More nonwhites left Mississippi than any other state. The states with the largest out-migration of nonwhites were Mississippi 322,000, Alabama 234,000, North Carolina 218,000, Georgia 204,000, Arkansas 150,000, Louisiana 92,000, Virginia 70,000, Tennessee 57,000, Hawaii 52,000, West Virginia 40,000, Texas 27,000, Oklahoma 26,000 and Kentucky 15,000.

Couple Claims Rooster Just a Hoarse Chicken

NEWARK, N.J. (AP)—Magistrate Samuel H. Lohman Wednesday gave Mr. and Mrs. Anthony Iuzzolino until Sunday to dispose of a rooster which the Health Department said the couple were keeping in their back yard. The department told the court it has several complaints about the rooster's crowing early in the morning.

Iuzzolino, 30, insisted that the bird was just a rooster, but a pet chicken suffering from a cold. "It's just a little hoarse," he told Lohman.

A Potpourri of Recipes to End the Year

By JANET ODELL
Pontiac Press Home Editor

This is drawer-cleaning time for me. First of all, I have to gather up all the holiday material we didn't have room to use and file it away for the future. Then I simply have to go through my middle desk drawer and use or throw out half the pictures and recipes. There's no room for any new ones. As I'm doing this, I'll pass along some vital — I hope — information to you readers.

Did you get a gift of cheese for Christmas? You'll want to keep it in perfect condition as long as it lasts. Wrap natural cheese tightly in aluminum foil, waxed paper or self-sealing plastic film and refrigerate. Processed cheese should be kept in the refrigerator in aluminum foil after opening. Don't use a vinegar-soaked cloth. Do you like creamed dishes and yet hesitate to fix them because of the high calorie count? Here's the solution to your problem.

Cream vegetables with instant nondairy milk for low calorie good eating. To make 1 1/2 cups medium sauce: blend 2 tablespoons flour, 1/2 teaspoon salt and dash of white pepper; add 2 tablespoons melted butter. Gradually add 1 cup water, stock or bouillon and 1/2 cup instant nondairy milk; cook, stirring constantly until sauce thickens.

Way last summer we got the following sandwich recipe. It sounds so good that we couldn't bring to throw it out. High in protein and long on flavor, it should taste good at any season.

Constal Club
1/4 cup shrimp, chopped (one 1-ounce can)
1/4 cup chopped celery
2 tablespoons chopped green pepper
1 teaspoon caraway seed

Homemade Candy Never Loses Appeal to Guests
Homemade candies are always particularly welcome during the holiday season. They add a "homey" feeling to family parties and of course make very welcome gifts.

Pecan Divinity Fudge
3 cups granulated sugar
2 1/2 cups white corn syrup
1/2 cup water
2 egg whites, beaten until stiff
Dash salt
1 teaspoon vanilla
1/4 cup broken pecans
Pecan halves

Pecan Pralines
2 cups brown sugar
1 cup white sugar
1 cup water
1 cup cream or evaporated milk
3 cups pecans

Combine sugar, cream and water in a saucepan and cook at 230 degrees F. or until a few drops of the mixture form a soft ball. Greased cookie sheets to cool, when tested in very cold water. Press pecan halves on top of Remove from heat and beat until peaks.

2 tablespoons mayonnaise or salad dressing
1 cup small-curd cottage cheese
1 tablespoon chopped pimiento
1 tablespoon chopped ripe olives
1 teaspoon minced onion
1 slice whole wheat bread
Butter or margarine, softened
Carrot curls, radish roses, potato chips (optional)

Mix together shrimp, 2 tablespoons celery, green pepper, caraway and mayonnaise or salad dressing. In separate bowl, combine cottage cheese, remaining celery, pimiento, olives and minced onion. Spread bread with butter or margarine.

Spread six slices of buttered bread with shrimp mixture. Cover with six more slices of bread, buttered side up, and spread with cottage cheese mixture. Top with remaining ingredients, buttered side down. Cut and serve with garnish of carrot curls, radish roses and potato chips, if desired. Makes 6 sandwiches.

Did you know that you will save sugar and cut down on calories if you sweeten your cold drinks with sugar syrup? Cook the sugar syrup with a tablespoon of lemon juice per cup of syrup to "invert" the sugar. Even though it tastes sweeter, the calorie value is the same.

If French Toast is a favorite at your house, you may be happy to have a new version of it. How about trying it for brunch on New Year's Day?

CEREAL CRUNCH FRENCH TOASTIES
Topping and Sauce

1 can (1 pound 4 ounce) sliced pineapple
1 can (6 ounce) frozen orange juice concentrate, defrosted
1/2 cup pineapple syrup (drained from canned pineapple)
1/4 cup light corn syrup
1/2 cup sugar
1 teaspoon salt

Toast
2 eggs
1/4 cup milk
1 teaspoon sugar
1 to 1 1/2 teaspoons ginger, as desired
1/4 teaspoon salt
3 cups oven-toasted rice cereal, crushed to make 1 1/2 cups crumbs

Drain pineapple slices, save syrup. Make sauce. Combine undiluted orange juice concentrate, pineapple syrup, corn syrup, sugar, and salt; mix. Place over low heat and bring to a full boil, stirring until sugar is dissolved. Cook slowly 4 to 5 minutes or until thickened slightly, stirring occasionally. Keep warm.

Make toast. Combine eggs, milk, sugar, ginger, and salt; beat. Dip bread in egg mixture, then into cereal crumbs, coating both sides well. Place on ungreased baking sheet. Broil 4 to 5 inches from heat source until browned on one side, about 5 minutes; turn and brown on remaining side.

To serve, top with drained pineapple slices and Orange Sauce. Yield: 6 servings.
Speaking of New Year's Day — are you having Open House? Tomato soup mix is the base of an interesting new dip. Make smooth with sour cream. This will take you only a few minutes to whip up and put into the refrigerator to chill.

"Devlilous" New Chip Dip
1 1/2-ounce can deviled ham
1/2 package instant tomato-soup mix
1 cup sour cream
Green pepper garnish

Combine ham, tomato mix and sour cream. Chill well. Garnish and serve with potato chips.

No pecans or walnuts in the house and the children are asking for Brownies. Get out the peanut butter and some whole peanuts and while warm,

beat up a batch of Peanut Brownies. They'll make a hit.
Peanut Brownies
1/4 cup butter or margarine
1/2 cup creamy peanut butter
2 squares (2 oz.) unsweetened chocolate
2 eggs
1 cup sugar
1 cup sifted cake flour
1/4 teaspoon baking powder
1 cup coarsely chopped peanuts
1 teaspoon vanilla
Combine butter, peanut butter and chocolate in top of double boiler. Cook over hot water until chocolate melts, stirring to blend. Beat eggs. Add sugar gradually, while beating. Add chocolate mixture; beat hard 1 minute.

Mix and sift flour, baking powder and salt; stir in. Add peanuts and vanilla. Pour into greased 8-inch square pan. Bake in moderate oven, 350 degrees, 40 minutes or until done. Cut into squares while warm.

Orange Blends Well With Chocolate

Make brownies from a mix, if you are short on time, and then add a quickly-prepared frosting.
Orange-Frosted Brownies
1/4 cup frozen orange juice concentrate (thawed)
1/4 cup butter or margarine (melted)
3/4 cups sifted confectioners' sugar
Blend orange juice concentrate with melted butter. Stir in confectioners' sugar, about 1 cup at a time, beating until smooth. Makes enough frosting for two 8-inch square pans of brownies.

Perfection Every Time

A candy thermometer will take the guess-work out of Christmas candy making. The thermometer will quickly pay for itself by turning out perfect batches of candy every time.

BRAZIL NUT PARFAIT — Sweet thought for after dinner is Brazil Nut Parfait. Make it easily from the recipe provided and scatter Brazil nuts throughout. The Brazil nut armor isn't as formidable as it looks—as our story will tell.

Give Children a Special Party

Children will enjoy a New Year's party as much as any adult. So, plan a "gala" afternoon party for them — complete with fancy hats, favors and noisemakers.

A private party of their own may well discourage unwelcome intrusions at mother and dad's party later on. A special supper late in the afternoon will serve as both a party treat and evening meal, freeing mother to prepare for her own gala evening.

Feature a pretty soup served in a fancy enamel pot or in a cookie jar, as well as other easy-to-prepare foods that please a youngster's eye and palate. Happy New Year Soup, made of canned condensed tomato and cream of mushroom soups takes only minutes from shelf to table and always are popular with children.

Follow the soup with a bright red molded salad, plus some carrot and celery sticks. And for dessert, surprise the youngsters with gaily leek cupcakes.

Happy New Year Soup
1 can (10 1/2 ounces) condensed tomato soup
1 can (10 1/2 ounces) condensed cream of mushroom soup
1/2 cup cans milk
Toasted sliced almonds
In saucepan, blend soups and milk. Heat, but do not boil. Garnish with sliced almonds. Makes 4 to 6 servings.

Midnight Gumbo Soup
1 can (10 1/2 ounces) condensed cream of asparagus soup
1 1/2 cups cans milk
1 can (10 1/2 ounces) condensed chicken gumbo soup
Chopped pimiento
In saucepan, blend cream of asparagus soup with milk; stir until smooth. Add chicken gumbo soup, heat, but do not boil. Garnish with pimiento and parsley. Makes 4 to 6 servings.

Quick Super Dish
Salt 1 small chopped onion and 1/4 pound chopped meat in 2 tablespoons Spanish olive oil until onion is golden. Add 1 can (8 oz.) tomato sauce. Divide into six individual baking dishes which have been brushed with olive oil. Break an egg carefully into each, top each with a spoonful of grated cheese, place in 350 degree oven until eggs are just set.

New Way With Spuds
Peel three large potatoes, cut in slices 1/4-inch thick. Soak in 2 tablespoons Spanish olive oil until lightly browned; add 1/4 cup general purpose barbecue sauce, 1/2 teaspoon salt, 1/2 bay leaf, crushed, and 6 chopped pitted black olives. Add water just to cover potatoes. Cover tightly, cook over low heat until potatoes are tender, turning once or twice to avoid sticking.

We Spend Less
Most people of the world spend half of their disposable income for food; we spent about a fifth — 20 per cent — in 1960. If we had bought, in 1960, the same kinds and quantities of food we ate in 1935-39, we would have spent only 14 per cent of our 1960 income.

Surprise Flavor
Use a favorite table wine as part of the liquid in making cranberry sauce. A few tablespoons of dessert port give surprise flavor in sauce to be served with poultry. Grated or sliced orange rind is an extra dividend.

Put It in Strainer
Rice won't stick to the bottom of the pan if you boil it in an aluminum strainer. The rice will be fluffier cooked this way, and the pan more easily cleaned.

Finely Ground Brazil Nuts Flavor Creamy Parfait

Deep down in each and every one of us there is still a trace of the youngster for whom dessert is the real point of the meal. It is the big treat — the happy moment anticipated with delight. You can make this moment easy to achieve for your family — and end meals with a flourish, with this newcomer to the dessert field: Brazil Nut Parfait.

The homemaker who looks on the Brazil nut shell as an "immovable object" will be happy to know that there are two easy ways to make the nut shed its armor. Choose whichever is easiest for you.

Either pop the Brazil nuts into the freezer compartment of your refrigerator for a few hours, after which the shell can be easily cracked without damaging the nut meat, or place the Brazil nuts in a pot of water and bring slowly to a boil. Let simmer for about five minutes, and once again, the shells will crack without resistance.

To make the delightful creamy-crunchy blend of the Brazil Nut Parfait pictured, simply put shelled Brazil nutmeats through your food grinder — or into your electric blender should you possess one. They will emerge as finely chopped particles ready to sprinkle their unique flavor throughout your dessert.

Brazil Nut Parfait
1 1/2 cups Brazil nuts
1/2 cup sugar
1 cup milk
1 teaspoon vanilla
2 small eggs, beaten
1 cup heavy cream, whipped

Put Brazil nuts through food grinder or blend in electric blender. Mix with sugar in saucepan; add milk and vanilla. Cook over medium heat, stirring occasionally, 20 minutes, or until mixture pulls away from side of pan. Add eggs, stirring rapidly. Cook, stirring constantly, until mixture thickens, about 3 minutes. Remove from heat; fold in whipped cream. Spoon into parfait glasses. Yield: 6 to 8 servings.

If desired, top with additional whipped cream.

Put Brazil nuts through food grinder or blend in electric blender. Mix with sugar in saucepan; add milk and vanilla. Cook over medium heat, stirring occasionally, 20 minutes, or until mixture pulls away from side of pan. Add eggs, stirring rapidly. Cook, stirring constantly, until mixture thickens, about 3 minutes. 'Operation Bean Soup' Stars Michigan Product

Sailors aboard the S. S. McGinty, destroyer escort of the Pacific Fleet, eat the best navy bean soup in the whole U. S. Navy! And naturally, Michigan Navy Beans star as the main ingredient.

In the annual competition co-sponsored by the Naval Air Station at Memphis, Tennessee and the Memphis Commercial-Appeal, hundreds of recipes poured in from ships at sea and naval shore bases around the world. The winner was awarded \$100 by the Michigan Bean Shippers Association and will hold the grand title until "Operation Bean Soup" rolls around again next year.

Here's the winning recipe that's bound to please every last land lubber at your house! As a bonus here too is the runner-up that proved to be a mighty close second in the prize winning lineup.

S. S. MCGINTY NAVY BEAN SOUP — 1st PRIZE.

J. T. Ventura

Commissaryman, Second Class

Destroyer Escort, U. S. Navy, Portland, Oregon

1 1/2 cup Michigan Navy Beans

5 1/2 cups water

4 oz. dried pork sausage

3 tablespoons grated fresh carrots

3 tablespoons chopped green onions

1 beef bouillon cube

1/2 cup undrained tomato soup

1/2 teaspoon salt

1/2 teaspoon pepper

1 tablespoon dehydrated potato

1 cup water

1 teaspoon monosodium glutamate

Combine beans, water, sausage, carrots, onions and bouillon cube.

Bring to boiling, cover reduce heat

and simmer on low heat 2 hours.

Let cool 1 hour and then drain,

saving liquid. Grind or mash

beans and pork, add to bean

liquid with tomato soup, salt,

pepper, potato granules mixed

with the cup of water, and mg.

Cook over low heat 30 minutes,

stirring occasionally.

ALAMEDA NAVY BEAN SOUP—

2nd PRIZE.

W. C. Shirley

Chief Commissaryman

Naval Air Station,

Alameda, California

1 cup Michigan Navy Beans

4 cups water

Split ham bone

1/2 cup chopped onion

2 medium carrots, chopped

Combine beans, water, sausage,

carrots, onions and bouillon cube.

Bring to boiling, cover reduce heat

and simmer on low heat 2 hours.

Let cool 1 hour and then drain,

saving liquid. Grind or mash

beans and pork, add to bean

liquid with tomato soup, salt,

pepper, potato granules mixed

with the cup of water, and mg.

Cook over low heat 30 minutes,

stirring occasionally.

ALAMEDA NAVY BEAN SOUP—

2nd PRIZE.

W. C. Shirley

Chief Commissaryman

Naval Air Station,

ALAMEDA NAVY BEAN SOUP—

2nd PRIZE.

W. C. Shirley

Chief Commissaryman

GOURMET DESSERT—Any one of the three popular varieties of fresh pears, the green-yellow skinned Anjou—russet colored Bosc—or plum juicy Comice—is resilient and attention demanding for this world famous gourmet dessert.

The small lattice-weave baskets in which tomatoes and strawberries are packed can be turned upside down and used as holders in deep flower vases.

Raisin Cocktail Snacks

Blend together one 3-ounce package cream cheese with one-third cup chopped dark or golden raisins, 1/4 teaspoon curry powder, and 1 tablespoon table cream. A little pack of raisins will be just the right amount — as each one cup chopped dark or golden raisins measures one third cup.

Ragout and Stew Rhyme Likeness Ends There

Unfortunately, ragout rhymes with stew. Sad, because this has caused the two words to become much too closely associated.

"Ragout" actually comes from a French verb, "ragouter," which means to revive the appetite of.

The only resemblance between a French ragout and a stew is that the method of cooking involves simmering slowly over low heat.

So, here is a true ragout. It is designed to revive not only the appetites of those who taste it, but your appetite for planning a buffet entertainment — or just for trying a new dish.

The recipe is, as a matter of fact, basically French. This ragout of South African rock lobster tails might be used in that country as a filling for pastry cases, timbales, or vol-au-vent in pastry shell with a lid! Here it is served simply over toast rounds and turns out to be an extremely easy delicacy.

South African Ragout

6 South African rock lobster tails

2 carrots, sliced

1 bay leaf

2 cloves garlic

1 large onion, sliced

1/2 teaspoon thyme

1 tablespoon salt

6 peppercorns

3 tablespoons butter

1-4 oz. can sliced mushrooms, drained

2 tablespoons flour

1 cup tomato juice

1 cup rock lobster broth (strained)

1/2 teaspoon Angostura aromatic bitters

In large kettle of boiling water, place frozen South African rock lobster tails, carrots, bay leaf, garlic, onion, thyme, salt and peppercorns. When water boils, cook rock lobster tails for 5 minutes and remove. Let broth simmer for 20 minutes more, and strain 1 cup for sauce.

Rinse tails with cold water, remove meat from shells and slice. In skillet, melt butter and add mushrooms. Stir in flour and gradually add tomato juice and rock lobster broth. Add rock lobster pieces and cook, stirring constantly, until thickened. Stir in Angostura bitters.

Serve over toasted bread rounds. Yield: 6-8 servings.

Start With Can of Beans

Get ready for a holiday bean pot for family, for friends. Into an earthenware bean pot or casserole (1 1/2-quart size), empty two 1-pound cans of pork and beans with tomato sauce; add 1/4 cup ketchup, 2 tablespoons brown sugar, 1 tablespoon minced onion, and 1 1/2 teaspoons prepared mustard. Mix lightly. Bake in a moderate oven (350 degrees F.) 1 hour. Makes 4 generous servings.

Cornflake Crumbs Are Inexpensive Topping

For a treat guaranteed to start table chatter, serve crunchy apple-sauce bars. Combine 1 cup each sugar and unsweetened applesauce, add 1/2 cup shortening, blend. Sift together 2 cups flour, 1 teaspoon soda, 1/4 teaspoons cinnamon, 1 teaspoon nutmeg, dash of cloves and 1/2 teaspoon salt. Add to first mixture.

Spread batter in greased 13x9x2 inch pan. Combine 1/4 cup sugar, 1/2 cup chopped nuts, 2/3 cup crushed cornflakes and 2 tablespoons soft butter. Sprinkle on top. Bake at 350 degrees F. for 30 minutes. Cut into bars when cool.

Herbs and Olive Oil

Here's a tip from Spain: A few petals of dried rosemary added to olive oil when frying creates a delightful scent. The Spanish also often add a generous amount of minced parsley to olive oil which helps to prevent spluttering besides adding to the flavor of the fried foods.

Tennessee Newsboy's Gift Returned Many Times

KINGSPORT, Tenn. (AP) — Gary, one of five children in a family of five moderate means, was the guest of the Exchange Club. He was given a bicycle and a savings account. That was only the beginning. Newspapers and radio stations throughout the nation used an Associated Press story telling of Gary's heart-warming contributions.

Good wishes and contributions for his savings account and Christmas presents for him and his family have been sent to him from throughout the United States. They were addressed to the newspaper, the Exchange Club, the Salvation Army, the Chamber of Commerce, and some bore only the address: "Gary, the newsboy, Kingsport, Tenn."

The fund for him now totals \$275.

CHECK FOR FAMILY

A Colorado resident sent a \$50 check for the youngster's savings account and another check for \$25 for his family "for having brought up a boy with such high thoughts."

A man in Fargo, N.D., sent this message, accompanied by a check: "One of the most touching human stories I've ever heard of. Please accept this check to be added to the fund building up for this unusual, remarkable boy."

"THRILLED WITH BOY"

From Abilene, Kan.: "We were indeed stirred and thrilled with Gary and his idea of Christmas. He truly exemplified what Christmas should be."

From Knoxville: "Please add this 'widow's mite' to Gary's savings account."

From Santa Barbara, Calif.: "I came a dollar enclosed 'in a Christmas card signed: 'From an

Teacher Union Looks Ahead

Sees School at New Highs Under System of Bargaining

CHICAGO (AP) — The head of the teachers union predicted today that in the next five years public schools will attain new, higher standards under collective bargaining.

Carl J. Megel, Chicago, president of the AFL-CIO American Federation of Teachers, made the forecast at the annual midyear meeting of the federation's executive council.

A national pattern was set, he said, when New York City teachers elected by a nearly 2-1 vote the United Federation of Teachers, Local 2 of the AFT, as their bargaining agent.

"It is only logical now that other large and small American federations of teachers' locals will take similar steps," Megel said. "The public will find that teachers who walk upgrader in their own behalf are better teachers."

Dorothy Matheny of Toledo, Ohio, English teacher and manager of the city's school radio station, told the meeting that education should be given cabinet status in the national government to cure the schools' chronic ills.

She said years of neglect of the schools are responsible for the current deficiencies in American education.

Mystery Trip Led by Dad Winds Up in Fed, Morocco

BOSTON (AP) — Remember the Harvard professor who started out with his family on a two-week mystery vacation?

Well, the secret is out. Prof. Oscar Handlin cabled the Boston Globe from Fez, Morocco, the family is there after plane stops in New York, Paris, Casablanca and Marrakech. They're going back to Paris for a longer visit before returning home at the end of two weeks.

The trip stemmed from the Harvard professor's offer to take his wife and three children on a vacation trip. They left it to him to choose the destination.

They flew from Boston Dec. 20 — and only Prof. Handlin knew the itinerary.

AF Probing Reports of Irregularities

VANDENBERG AIR FORCE BASE, Calif. (AP) — The Air Force says investigators are checking reports of alleged purchasing irregularities at this West Coast missile center.

A spokesman disclosed the probe Wednesday and added that the allegations — if established — are not expected to exceed \$2,500.

The nature of the irregularities was not made public. Neither was the number of persons involved.

The best way for a woman to get her husband to take her out to dinner is to suggest a new idea for rearranging the furniture. . . . You can't please some people — a doctor mentioned that one of his patients complained because he got well before all his medicine was used up — Earl Wilson.

Things Had to Get Better for Auto Industry in '61--They Did

By BEN PHILGAM
AP Automotive Writer

DETROIT—Throughout 1961 the auto industry clung to the theory that things had to get better—and they did.

In February sales were the lowest for the month since the Korean War. In October and early November sales were at record highs for the period.

Layoffs and short work weeks were the rule in the first part of the year. Added manpower and overtime kept assembly lines humming in the closing months.

The manufacturers were talking in glowing terms of 1962 prospects with optimistic forecasts calling for sales of 7 1/2 million cars, or about the equal of record 1955.

LABOR PEACE LIKELY

With the signing of three year contracts, labor peace seemed assured. One of the rare dark spots on the horizon was the possibility of a steel strike after June 30.

Ford and General Motors were closed two weeks by strikes prior

to final agreements with the United Auto Workers Union.

Despite this, production of 1962 model cars between the model changeover dates in August and Dec. 31 was expected to hit a record 5.3 million.

Total production for the calendar year of roughly 5.5 million cars will be about 1.2 million under the 1960 figure. During the 1961 model year 5,408,625 cars were built.

This was the year of the bucket seat. Following the spectacular success of the Corvair Monza, every manufacturer introduced one or more bucket seat models, mostly in the compact car line.

Compacts accounted for about 25 per cent of all sales. A new size classification emerged with the 1962 model year — the intermediate.

Plymouth and Dodge chopped their size and fitted into this category where they were joined by two new Ford products, the Ford Fairlane and Mercury Meteor.

The other new car line for 1962 was the Chevy II, a com-

pet only slightly larger than the Chevrolet Corvair but with

a conventionally mounted front engine.

The Chevy II became the second new car to offer a four-cylinder engine.

Six-cylinder engines continued to increase in popularity, being fitted into 45.4 per cent of all 1961 models. This compared with 43.4 per cent in 1960 and only 28 per cent of the 1959 models.

CHEVY, FALCON TOPS

Chevrolet was the biggest selling standard car by a wide margin over Ford while the Ford Falcon was the No. 1 selling compact.

For the third straight year average prices of new cars remained unchanged.

The trend in the new cars was to longer intervals between maintenance, especially chassis lubrication.

Profits were down with Chrysler reporting losses in the first and third quarters and Studebaker-Packard in the first three quarters.

American Motors became the first auto manufacturer to in-

clude a profit-sharing plan in its union contract.

Imported cars continued to lose ground in the American market through much of the year with only Volkswagen among the volume sellers, showing improvement over its 1960 performance.

Total import sales apparently dropped below 400,000 after topping 600,000 only two years ago.

Most domestic manufacturers predicted the imports would level off at about 400,000 for 1962.

All five of the automakers made top-level executive changes during the year.

At Chrysler the long-tumored resignation of L. L. Colbert as president and chairman became fact in August.

He stepped down to become board chairman of Chrysler of Canada, Ltd., and was replaced as president by Lynn A. Townsend.

George Love, a Chrysler director, moved in as chairman of the board and head of an executive committee of which Townsend was made a member.

At Ford, John Dykstra took over the presidency from Henry

Ford II. Ford had acted as both president and chairman after Robert S. McNamara left to become secretary of defense.

Sherwood Egbert became president of Studebaker-Packard.

Roy Abernathy became general manager as well as executive vice president of American Motors, establishing him definitely as the No. 2 man to George Romney.

At General Motors Sherrod Skinner retired as executive vice president and was succeeded by James Goodman.

Ed Cole was promoted from

general manager of Chevrolet to a group vice presidency and S. E. Kinsden moved into Cole's job after running the Pontiac Division since 1958. Kinsden was succeeded by E. M. (Pete) Estes.

Ford expanded by buying the spark plug and battery operations of Autolite for \$28 million and then acquired Philco Corp. in an exchange of stock valued near \$145 million.

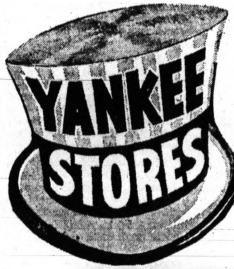

Chrysler reduced its automotive divisions to two by combining Chrysler-Imperial with Plymouth Valiant under C. E. Briggs.

Economists Exhibit Art Efforts

NEW YORK (AP) — College economists, dealing with the hard facts of monetary life, must relax too. Some of them go about it through art mediums — such as painting, wire and wood sculpting, and drawing.

An exhibition, in which a dozen economists are taking part, opened Wednesday at the Commodore Hotel, presented by the American Economic Association.

Prof. Abba P. Lerner of Michigan State University, in his spare time works in aluminum wire mobiles and other wire and tube sculptures.

One of his most enthusiastic fans is his wife, Daliah, who noted: "What you see (in the sculptures) is not even half of it. You must see the fantastic shadows the shapes create."

Another exhibitor is Prof. William J. Baumol, chairman of economic study at Princeton University. He specializes in free-form sculptures from wood blocks "as I whittled with a knife when a boy."

Baumol's economics' colleagues regard him as a "ringer," since he has studied for years at the

Girl, 4, Badly Burned in Kitchen Mishap

DETROIT (UP) — Four-year-old Mary Hamblin was listed in critical condition today at Children's Hospital from burns over a third of her body.

The child's clothing caught fire Wednesday when she stood on a chair and turned on a gas burner in the kitchen of her East Side home. She is the daughter of Mr. and Mrs. Floyd Hamblin.

Arts Student League here. Baumol also is showing some of his paintings.

Prof. Harry G. Johnson of the University of Chicago is a "whittier" who turns out wood carvatures.

One of Johnson's efforts is an air-caster with his "soul" high in the air. He named it "Eager Student."

Prof. Abba P. Lerner of Michigan State University, in his spare time works in aluminum wire mobiles and other wire and tube sculptures.

One of his most enthusiastic fans is his wife, Daliah, who noted: "What you see (in the sculptures) is not even half of it. You must see the fantastic shadows the shapes create."

Khrushchev Nosed Out by Wide Margin

Top News Personalities of '61 Led by JFK

Editor's Note: The Newsmaker of the Year selections are made in strict accordance with ballots returned by the news editors of Associated Press member newspapers and radio stations. News editors are asked annually to vote for the top news personalities of the year. The selection does not necessarily indicate support of policies or actions of the person chosen.

By TOM HENSHAW
AP Newsfeature Writer

John Fitzgerald Kennedy was chosen "Newsmaker of 1961" by the news editors of Associated Press newspapers and radio stations.

Kennedy was selected for the second straight year by a wide margin over the runner-up, Soviet Premier Nikita Khrushchev, a two-time choice himself. During the year, Kennedy:

—Was inaugurated as the youngest elected President of the United States; the first Roman Catholic to occupy that office in history; and the first Democrat in the White House in eight years.

—Traveled to an informal summit meeting with Khrushchev in Vienna in which both

world leaders shared the headlines with Kennedy's beautiful and fashionable wife, Jacqueline. —Assumed what has been called the most difficult job in the world with all its plaudits and barbs as new problems boiled in civil rights, education, health, security and world affairs.

Khrushchev, who is able to precipitate crises in most any part of the world with the turn of his hand, was the editors' choice as newsmaker of the year in foreign affairs. He has been named in that category for the past three years and four times in the last five years.

In 1961, Khrushchev: 1. Kept the Berlin crisis at a boiling point; 2. Exploded a 50-plus nuclear bomb; 3. Employed all his diplomatic wiles to keep a widening breach with his old ally, Red China, from becoming an open break.

Khrushchev, whom some Westerners call the world's No. 1 troublemaker, retained his title in foreign affairs by a slim margin over the world's No. 1 peacemaker, Dag Hammarskjöld, who died in a plane crash while on a peace mission in the turbulent Congo.

SOME RUNNERS-UP
Other winners in The Associated

Press poll of its newspaper, radio, and television members were: Religion, Dr. Eugene Carson Blake; business and industry, George Romney; science, Yuri Gagarin; labor, James Hoffa; literature, the late Ernest Hemingway; entertainment, Newton Minow; sports, Roger Maris; and women, Jackie Kennedy.

Dr. Blake, stated clerk of the Presbyterian Church, campaigned for a merger of Presbyterian, Episcopal, Methodist and other churches. He barely nosed out Pope John XXIII, the winner in the last three years.

Romney, president of American Motors, continued to dominate the business and industry category by negotiating and defending the first profit-sharing plan among the major motor companies. It was his fourth selection.

Gagarin, a Soviet spaceman, first man to orbit the earth in a space craft, the top scientific feat of the year, American rocketeer Werner von Braun won in the last four years.

Hoffa was named in the labor category for the second straight year by continuing his feud with the government and other labor

leaders and being re-elected, with new powers, as president of the Teamsters Union. A strong second: Labor Secretary Arthur Goldberg.

Hemingway, a Nobel Prize winner a few years ago, made his last big headlines in 1961 when he died of self-inflicted gunshot wounds at his home in Idaho. Hemingway had been newsmaker of the year in literature previously in 1952 and 1954.

HIT 'CULTURAL WASTELAND'
Minow, chairman of the Federal Communications Commission, which holds power over television licenses, crashed the entertainment scene with a strongly critical speech in which he referred to TV's "cultural wasteland." He won narrowly over TV entertainer Jack Paar.

Maris, the New York Yankee outfielder who surpassed Babe Ruth's magic home run record —although it took 169 games to do it — was virtually the only nominee of the editors for newsmaker of the year in sports.

And Jackie Kennedy captured the revived woman newsmaker title by being the President's wife — and showed she deserved it by all but overshadowing her husband and Khrushchev in headlines during the summit meeting in Vienna.

Belts Could Have Cut Yule Toll

LANSING (UPI) — Michigan's Christmas weekend traffic fatality toll might have been cut by 16 if all the automobiles involved in the fatal had been equipped with seat belts, a state safety expert said today.

"The Cornell Crash Study showed that fatalities were reduced at least 70 per cent if both parties wore seat belts," said Gerry Shipman, secretary to the State Safety Commission. "Perhaps 100 per cent would have survived in Michigan depending on the type of accident."

Sixteen of the 28 Christmas traffic deaths were caused by collisions in which safety belts could have been a factor, he said. The remaining 12 were pedestrians.

Heartened by the studies showing the potential of seat belts in reducing deaths, state educational agencies and associations planned to step up their campaigns urging motorists to install the belts.

The department of public instruction and the Michigan Driver Education Teachers Association are pursuing the "grass roots" approach — teaching high school students the habit of using the belts.

"Driver education is trying to give the students good habits," said Robert Gutshall, president of the Driver Training Association.

"After using belts in classes the students feel a little naked and insecure without them. Then they'll want to use them when they drive outside of class."

Gutshall, who teaches handicapped drivers at Lansing Everett High School, said the students often put pressure on parents to install belts in the family automobile.

30 PCT. WITHOUT

Nearly 20 per cent of the 1,228 automobiles used by schools do not have seat belts, so the department of public instruction and the driver education teachers are aiming their efforts at the 542 school districts which teach the course.

Superintendent of Public Instruction Dr. Lynn M. Bartlett, a member of the State Safety Commission, said his department would send letters to district superintendents asking them to equip all their instructional cars with the belts.

School-owned cars make up the greatest portion of the 30 per cent which do not have

belts, a department spokesman said. "When cars are leased or loaned through dealers the belts usually

come as standard equipment," said Malcolm D. Whale, driver education consultant. Gutshall said the Driver Education Association campaigned for also recommend in 1962 that all education cars and would continue to fight for it. The association will equipment, he said.

GREETINGS

The trumpeting in of the holiday season means a time of parties, family gatherings and general rejoicing. But people usually take time from their gala doings to give thanks for their blessings. At this time we would like to wish you and yours the best for the coming year and to our many customers and friends may we continue to be of service to you for the new year ahead.

Twin Sisters Have Babies on Same Day

DETROIT (UP) — Identical twin sisters gave birth to daughters in separate Michigan cities Wednesday.

Mrs. Shirley Wiles, 22, of Harrison, had her daughter at 2:30 p.m. at a Clare hospital. Her twin, Mrs. Charlotte Byrd of Detroit, gave birth at 6:30 p.m. to a daughter at a Detroit hospital.

It was the third child for Mrs. Wiles; the first for Mrs. Byrd.

WILD AND WOOLLY — Prof. Abba P. Lerner, Michigan State University economist, ponders his wire sculpture, "Jacob's Ladder," at an exhibition in New York Wednesday by the American Economic Association. The show presented art work by some of the country's leading economists. Prof. Lerner is currently doing research at Stanford University.

Blue-Gray Practice Ends Differently; Gator Foes Prep Daily

SAN FRANCISCO (AP) — The lineups for the 37th Shrine East-West football game Saturday are set except for the quarterbacks.

Both head coaches, Joe Kuharich of the East and Jim Owens of the West, still were trying to decide today between a pair of outstanding quarterbacks on each squad.

Kuharich said he probably wouldn't decide until game time whether the East quarterback would be rifle-armed Roman Gabriel of North Carolina State or Ron Miller of Wisconsin.

Owens had a similar problem, trying to choose between John Hadl of Kansas and Mel Melin of Washington State.

The West loaded its biggest men into its defensive line in hopes of halting East smashers Ernie Davis of Syracuse and Bob Ferguson of Ohio State, a sensational pair of All-American runners.

The East stacked up what might be an all Big Ten line for its defensive unit, with six Big Ten linemen and Nick Baumgartner of Notre Dame.

BALLMAN MAY START — Kuharich still was undecided too on whether he would use Angelo Dabiero of Notre Dame or Gary Ballman of Michigan State as the smallest man on either squad at 5-foot-8 and 165 pounds but the little guy from Donora, Pa., is rugged.

The contest, to be televised nationally from San Francisco's Kezar Stadium Saturday, figures as a test between the East power as personified by Ferguson and Davis and the West's speed and deception.

MONTGOMERY, Ala. (AP) — Blue-Gray coaches planned to work today on smoothing out the rough edges and moulding half a hundred college football stars into units for Saturday's game.

Heavy contact work was to be completed today, with Friday's drills eased up to preserve peak condition for the 23rd annual clash the next day.

FAST GROUP — South head coach Ray Graves of Florida and associates Earle Edwards of North Carolina State and Dutch Meyer of Texas Christian have assembled a speedy group, but its backfield averages only 185 pounds, or 15 pounds under the Yankees.

North coach Ben Schwartzwalder, coach of Syracuse, admits respect for the Southern speed merchants. He plans to counter with an offensive backfield including Bill Tennille of Michigan, a driving 220-pound fullback, and 200-pound Jim Dillard of Oklahoma State, who gained 627 yards in 218 plays this year.

JACKSONVILLE, Fla. (AP) — You can't beat success in the college football coaching business. That's why more eyeballs haven't been raised over coach Bobby Dodd's program of preparing his Georgia Tech team to meet Penn State in the 17th annual Gator Bowl game Saturday.

The past two days coach Rip Engle has had his 46-man Penn State squad practicing long hours on a high school field at St. Augustine.

Where have Georgia Tech's players been? Still enjoying the Christmas Holiday season at their homes.

Joe Brown Gets Date — TAMPA, Fla. (AP) — Light-champion Joe Brown will make a record 12th defense of his title against No. 1 contender Carlos Ortiz at Las Vegas on Feb. 24, manager Lou Vicari announced Wednesday.

Competition 3 Days, Dec. 30-Jan. 1 — Nearly 300 roller skaters from 12 states will compete in the 34th annual Rolladium Invitational this weekend, December 30-January 1, at the M-50 rink.

The Pontiac team, which has the largest entry in the National's for several years, will have 65 entries.

National seniors figure champion Phil Skel, 18 year old star from Chicago, will be among the entries.

Interesting competition locally should take place in the senior ladies figures event which will have three past champions from the area competing against each other.

Sue Welch, considered the finest skater in the Pontiac area, Cecilia Darmond and Viria Landon will vie for honors in the event.

Miss Welch has won the American championship in all fields of ice skating, her latest being a member of the American Senior Four championship team. She will compete in four events.

Miss Darmond is the American intermediate figures champion and Miss Landon was also a winner in the event. All three will now compete in the senior ladies division.

Eight year old Scott Hartley, who was former champion in the junior division, will compete against each other for the first time in the 3-day Rolladium Invitational which starts Saturday. Left to right, Sue Welch, Cecilia Darmond and Viria Landon will compete in the senior ladies figures event.

From Our Wire Services

The New York Giants and Green Bay Packers appear to be conquering their physical problems as they headed into the final days of preparations today for the National Football League championship game set for Sunday at the Packer stadium.

Giant coach Alvin Sherman feels now will be in the best shape of the season with injured veterans Alex Webster, halfback, offensive tackle Rosey Brown and defensive tackle Jiff Katsavarakis ready to go.

Packer running ace Jim Taylor was running well yesterday for the last time since he suffered a painful back injury in the last regular season game although not up to normal speed. He had his greatest day against the Giants.

The weather could have a great deal to say on the final outcome. Green Bay worked in three above zero temperature Wednesday overclouded with warm clothing. New York has had mild weather in practice in but will be prepared for a frigid afternoon.

Odds makers still rule the Packers a 3 1/2 point edge largely to the strong combination of Taylor and Paul Hornung. The latter has been moving well and catching passes after having problems with his timing since entering the Army.

Another reason the experts lean to Green Bay is the fact that the West champions downed the best of the East twice this season—50-17 early this month and during the exhibition season.

They are actually about as close as matched as possible. The Packers won 11 and lost 3 scoring 391 points while allowing 223. New York was 10-3-1 with a 368-220 score; team had won 15 and two have been ties in their last 32 loop games.

Green Bay led the NFL in regular season points scored and New York was runnerup. The Giants permitted the fewest points when Packer defender Jess Whitenton stole the ball from a run season records show that eaching Webster.

team had won 15 and two have been ties in their last 32 loop games.

Their Dec. 3 battle at Milwaukee was a nip-and-tuck affair with the deciding touchdown finally set up when Packer defender Jess Whitenton stole the ball from a run season records show that eaching Webster.

HEADS UP — With the ball posed in mid-air, members of the Detroit Pistons and Chicago Packers appear frozen as they wait for it to come down. Detroit players are Bob Ferry (16) and Jackie Moreland (15). Walt Bellamy (8) and Charlie Tyra (14) are the Chicago players. Detroit won, 121-83.

After 3 Tries, Pistons Finally Defeat Packers

DETROIT (AP) — It took three tries, but the Detroit Pistons finally whipped the Chicago Packers. The victory came last night, 121-83, in the third meeting of the teams in three nights.

The Packers owned the National Basketball Association's Western Division cellar, but had the Detroiters riding a two-game losing streak.

Keys to the Pistons triumph were Gene Shue's 26 points, Ray Scott's 19 rebounds and a defense that held Chicago's rookie center Ralph Bellamy to 16 points.

Bellamy became a problem for Detroit when he scored 65 points the previous two nights.

Chicago held a three-point edge in the first four minutes before the Pistons got an attack organized. But Detroit held a 20-22 first quarter lead and led 53-44 at halftime.

Shue poured in 11 points in leading a third quarter drive that gave the Pistons an 84-67 edge and allowed them to coast the rest of the way.

Coach Dick McGuire emphasized the Pistons' team hit the Detroit bench. They emptied the 41 clip from the floor, connecting on 45 of 102 shots. The Packers scored on 40 of 116 shots for a 34 per cent average.

The victory was the third in 11 games for the Pistons and left them in third place in the Western Division.

In another NBA action, Los Angeles defeated Syracuse 119-111.

Dupos Wins Over Akins — MIAMI BEACH, Fla. (AP) — Ralph Dupos, weight's second-ranked wrestler, hooked and legged jabbed to a 10-round unanimous Black Hawk playoff to a 0-0 decision over former champion Virgil Akins Wednesday night.

Pontiac Northern and Pontiac Central will move in to steal the spotlight away from the various area holiday basketball tournaments when they clash at the PCH gym tomorrow night.

The Chiefs are 4-0 and should have no trouble finishing the 1961 part of the season unbeaten. They will have the advantage in every way.

Overconfidence may be the only problem facing host coach Art Van Ryzin in this one.

Northern's usual strong spirit and the fact that anything can happen when such rivals are the best things Dick Hall has going for him in preparing the Huskies for the 1st of two meetings.

Central started out with romps over Grosse Pointe and Flint Central, both rebuilding this year, and then whipped Bay City Central's annual hapless aggregation. The 1st real test came at Saginaw Arthur Hill and the locals came through with a big overtime triumph.

PNH has struggled to a 3-2 record beating Lake Orion and West Bloomfield and suffering wallpings at Rochester and Farmington.

The Chiefs will have their usual big height edge led by 6-6 Otto Kennedy. The rebound specialist is averaging 12 points per game yet is only 3rd on the team. Rudy Ransom leads with a 17.5 mark and Clarence Douglas has 16.

Gary Hayward tops The Huskies at 11.5 with Rick Fisher close be-

hind at 11. Ed Wasik has 23 points in the two games he has played.

The North Suburban Invitational resumes at Farmington today with Waikiki Lake in an afternoon game. Farmington and Southfield tangle at 7 p.m. and Royal Oak at Highland Park in the nightcap.

Berkeley edged Monroe 60-57 and Royal Oak Dondero handed Riv-

erview its initial setback, 61-49, in the opening round at the River Rouge Invitational yesterday. Berkeley faces Rouge and Dondero plays Lincoln Park tonight. Rouge's famed press featured a 66-39 slaughter of Romulus and the Parkers took Ann Arbor.

Sub Ken Scheffer stole a pass and made the winning basket with 40 seconds to play for Berkeley. Dondero had it easy after a 22-7

start. Tom Goodman and Jack Dobson scored 19 each. Imlay City showed no mercy to fellow South Central school Millington in a 72-33 battering at the Caro Invitational. It was 41-30 at halftime. Doug Perkins led the spree with 17. Chuck Sawyer tallied 14 in defeat. Imlay meets Bay City St. James tonight. The Cards continue in the loser's bracket.

Cage Tourneys at Strong Pace

By The Associated Press

Memo to Woody Hayes: Hey coach, Ohio State is going to play UCLA after all. But don't pull back those Christmas cards with the drooping roses. The game isn't in your sport.

The Ohio State Buckeyes, held back by a faculty committee from accepting a Rose Bowl football invitation to play the Bruins at Pasadena, will bring it off in basketball instead tonight—in the semifinals of the power-packed Los Angeles Classic.

The Bucks, unanimous choices as No. 1 among the college hoops again this season, made it right in a row with a hard-earned 59-49 first round victory over Washington at the Los Angeles Arena Wednesday night. Jerry Lucas, the two-time All-American, led with 20 points and a bundle of rebounds for the Bucks, who'll meet a UCLA team that toyed with Army 86-72 in its tournament opener.

The other semifinal matches fourth-ranked Southern California, an 80-63 winner over Purdue, and unranked Utah, which whipped seventh-ranked West Virginia, 84-53, in a tournament that has the strongest field of the bunch of holiday happiness now underway from coast to coast.

TEN OTHERS
Ten other major tournaments will be in action tonight, including such choice airings as defending NCAA champ Cincinnati vs. La-

Salle and unbeaten Dayton vs. Wisconsin in the Holiday Festival at New York; and Villanova vs. third-ranked Duquesne in a semifinal battle of unbeatens in the Quaker City Tournament at Philadelphia.

There's also Florida vs. Navy and Virginia Tech against Wake Forest in the opening of the Gator Bowl Tourney in Jacksonville, Fla.; Oklahoma vs. Kansas and Colorado vs. Iowa State in the second group of first round games of the Big Eight Tournament in Kansas City; first round matches in the Far West Classic at Portland, Ore.; and South Classic at

Bowling League to Stay Alive With 7 Teams

DALLAS, Tex. (AP)—The National Bowling League decided Wednesday night it would continue with seven teams.

The decision was made at an emergency meeting of the franchise owners called when Kansas City withdrew from the league. The meeting, which lasted from 8 a.m. to 8 p.m., did not wind up all business, commissioner Dick Charles said, and it will be resumed Thursday morning but he said it was found that "all franchises are still very much alive" and determined to finish the season.

DOUBLE TROUBLE—Hoping to spell double trouble for Pontiac Central tomorrow night are Northern's Hayward twins, Larry (40) and Gary (50). Their brother, Bill, formerly starred for PCH. Gary is the top scorer thus far for the Huskies.

Reichow Added to List of Pro Bowl Gridders

LOS ANGELES (AP)—Versatile halfback Dick James of the Washington Redskins and Jerry Reichow of the Minnesota Vikings were chosen Wednesday as bonus players for the East and West in the Pro Bowl football game here Jan. 14.

Coach Norman Van Brocklin of the West selected his own all-purpose back from the Vikings and James was the choice of the East's coach, Al Sherman of the New York Giants.

Rotators of the two squads were announced last week.

MSU lcers After Title

BOSTON (AP)—Michigan State and Queen's University of Kingston, Ont., meet tonight in the championship game of the 18th annual Boston Arena Invitational Christmas Hockey Tournament.

Queen's qualified for the title playoff last night by defeating Boston University 5-3, while the Spartans had a night off.

Ike, Kennedy Inherited Different Worlds as President

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON—The biggest difference in the first White House year of Presidents Kennedy and Eisenhower was in the kind of world they inherited.

Eisenhower's first year had more day-to-day headaches; Kennedy's a more frightening core of danger.

At home Eisenhower had to contend with Sen. Joseph McCarthy and, overseas, with the Korean War. As a result of both the country was frustrated, torn apart, full of suspicion.

That whole year was a badly troubled one for the new President.

Kennedy, in his first year, has had comparatively little of a mid time of it at home. The extreme right-wingers were his only McCarthy-like problem. And so far they've been just a petty annoyance.

But overseas, while he had no Korean War to settle, he had to face a situation far more subtly perilous than Eisenhower encountered.

BIG CHANGE

When the latter became President in 1953 the United States, with its hydrogen bomb, was still the most powerful nation. The Russians made trouble but not enough to risk a war.

They didn't have their first hydrogen blast until August 1953. By the time Kennedy moved in this year, they not only had hydrogen bombs but the missiles to deliver them.

Thus the whole American-Russian relationship was different for Kennedy. War, death and annihilation now had an immediacy only imagined when Eisenhower took over the White House.

Eisenhower even got a temporary relief from Russian pressure—when the Kremlin leaders became more concerned with themselves than with the American President.

It was the opposite for Kennedy, as a result of Stalin's death. By the time he took office Premier Khrushchev was the new, unchallenged, and extremely self-confident Russian boss.

There was another difference, too.

The old-fashioned Stalin, while he lived, relied more on muscle than he did on propaganda or persuasiveness. He pushed only where he thought he had a quick

chance for gain, as in Korea and the Berlin blockade.

So the heat from communism was limited for Eisenhower. Its real effort at the time, aside from the fighting against the French in Indo-China, was concentrated in Korea.

K MORE CONFIDENT
The more imaginative Khrushchev, able to feel more confident than Stalin because of his bombs and missiles, is poking at Kennedy around the world with propaganda, trade, aid, militant local Communists.

Through all this both Kennedy and Eisenhower have exhibited one trait in common: A well-controlled restraint, a non-belligerency, in dealing with their adversaries at home and overseas. Thus, instead of starting fires or adding to them through emotion, lack of self-discipline or immaturity, they have tried to keep the ones created for them under control.

Of the two men Kennedy seems more the master in his own house. The outstanding example is in the conduct of foreign affairs.

Kennedy does the important

B52 Bomber Crashes After Crew Escapes

COLE CAMP, Mo. (AP)—A supersonic B52 jet bomber crashed Wednesday night after the three crewmen bailed out.

Escaping with bruises were Capt. C. L. Montgomery, plane commander; Capt. J. M. Roddy Jr., and Capt. L. V. Hughes, all stationed at Carswell Air Force Base, Fort Worth, Tex.

The men ejected after the jet developed mechanical trouble. The bomber, capable of carrying nuclear weapons at 1,200 miles an hour, wasn't armed, the Air Force said.

The plane exploded on impact on the Amos Bahrenberg farm, blasting a crater 22 feet deep and 35 feet wide four miles east of Cole Camp.

The Air Force didn't disclose the cause of the crash.

Texas Match Cattle in Population Figures

AUSTIN, Tex. (UPI)—Texas' cattle population is about the same size as the human population, the University of Texas Bureau of Research reports.

The bureau said there are 9.5 million head of cattle and about the same number of people. However, the cattle population in 1900 was about what it is today, but the human population has risen sharply in the past 60 years.

Edwards Cites State High Court

Jurist, Named to Head Detroit Police, Lauds Work of Bench

LANSING (AP) — State Supreme Court Justice George Edwards is moving to Detroit well satisfied with the court setup he's leaving behind.

Edwards, appointed to the high court in 1956, takes over Jan. 2 as Detroit police commissioner.

Michigan's Supreme Court has "worked very well over the years, with reasonable satisfaction to the people," he said. Edwards last month recommended to the constitutional convention judicial committee an intermediate court of appeals to lessen the work load on the high court.

Despite a long-lived drive to build a supreme court building in Lansing, Edwards has been satisfied with present facilities. But the state should build the new structure, he said — "as befits Michigan's stature."

The new facility "would be a great boon to the Legislature," he added. The lawmakers, cramped for working space, could put the third floor of the Capitol, now used by the court, to good use, Edwards explained.

"The only complaint I have about physical facilities," he said, "is that in the Capitol there are two temperatures — too hot and too cold."

Gypsy Writer Is Dead

NEW YORK (AP) — Konrad Beronovic, 80, writer, musician and chronicler of gypsy lore, died Wednesday. Beronovic, a newspaper and magazine writer, also wrote as a writer in Hollywood and wrote some 40 books, many volume.

of them about gypsies. He was born in Romania of gypsy parents.

There is about twice as much gypsy in the earth's crust as copper, zinc and lead combined in the world.

Wife Alleges Rifleman 'Bad Guy'; Asks Divorce

LOS ANGELES (AP) — The wife of Chuck Connors, star of television's "The Rifleman" series, has sued him for divorce.

Mrs. Elizabeth Connors accused the 40-year-old baseball player-turned-actor of extreme cruelty and "disregarding the solemnity of his marriage vows."

Her complaint alleged Wednesday Connors "has wrongfully inflicted upon her great and grievous mental suffering and anguish." She asked custody of their four sons.

SHOVELER'S BLUES — An employee of a Des Moines business piles snow back on the sidewalk after losing out to the law. This policeman discovered an employee clearing the snow into the street at the same time the city was plowing the snow from the street onto the edge of the sidewalk. Police said the business establishment had violated a city ordinance. As a result, Police Lt. Anthony Andreano supervises the return of the snow to the sidewalk.

Retired Newsmen Dies

SIoux CITY, Iowa (AP) — Harry Whitted, 70, former news editor of the Sioux City Journal-Tribune, died Wednesday of a heart attack. Whitted had been in magazine and newspaper work for 51 years before he retired last January.

Quake in New Zealand

AUCKLAND, New Zealand (AP) — An earthquake rocked the Wellington area of New Zealand for more than 30 seconds today and caused minor damage near Masterton, about 60 miles to the northeast.

I Don't Really Hate People

Groucho Flails Away, but He Isn't Angry

By PHYLIS BATTLE
NEW YORK — Groucho Marx is in town for the holidays and he's served with jaundiced eyes, of course — one interviewer a day. Over lunch, at a different restaurant each time, I drew Groucho at "21."

He was sitting stiffly, patiently, by the fireplace in the lounge. "Come warm up, you'll need it," I said, "but I'll be back in 15 minutes." "I went to a cocktail party in my honor last night. A cocktail party is an abomination, but this

Follow Michigan on Park Fees

Wisconsin to Charge Motorists at State Recreational Areas

MADISON, Wis. (UPI) — Wisconsin will follow Michigan's lead next year in charging a fee to persons driving their autos into state parks and forests.

The law just signed by Gov. Gaylord Nelson goes into effect April 1, 1962. Its provisions will apply to 28 state parks and developed picnic and camping areas of state forests.

Five Historical Parks—Ashland, Oshkosh, Menasha, Appleton, and Kaukauna—Are Exempt From the Sticker Law

As in Michigan, which instituted the sticker fee in 1961, and Minnesota, another Midwest state with a similar law, Wisconsin will charge \$2 for an annual sticker or 50 cents for a one-day visit to a park.

Conservation authorities predicted the law would net between \$400,000 and \$500,000 during its first 15 months of operation, which will carry it through the end of the state's current fiscal biennium.

State Advises to Watch Your Road Language

LANSING (AP) — The Michigan State Highway Department, trying to keep up with the modern trends of roadbuilding, also is keeping up with new additions to the dictionary.

A few years ago Michigan was proud of its expressway network. Freeways have taken the place of expressways, reports the department, because crossroads are completely nonexistent.

According to the latest dictionary definition, a freeway is the same as a toll free expressway.

The terminology used to describe highways, highways and expressways has been changing since the 1940s.

The Highway Department said there have been shifts from motorways, parkways, surfaceways and crossroads to expressways and freeways.

A home swimming pool of the in-the-ground type requires about 22,000 gallons of water. Once the pool has been filled, the water need never be changed. Modern filtering systems are capable of filtering water down to 5 microns, or taking matter out of the water that is smaller than a granule of face powder.

PUBLIC SALE
At 9:00 a.m. on January 4th, 1962, a 1959 Mercury 4-door Sedan, serial number 1001421, will be sold at public sale at Woodward and Ardmore Service Station, 23300 Woodward Avenue, Ferndale, Michigan. That address being where the vehicle is stored and may be inspected.

Dec. 28 and 29, 1961

PUBLIC SALE
At 9:00 a.m. on January 4th, 1962, a 1957 Chevrolet N.Y. 4-door, serial number 1001421, will be sold at public sale at Woodward and Ardmore Service Station, 23300 Woodward Avenue, Ferndale, Michigan. That address being where the vehicle is stored and may be inspected.

Dec. 28 and 29, 1961

ADVERTISEMENT FOR BIDS
The Board of Education of Bloomfield Hills, Michigan, will receive sealed bids for the construction and completion of a new elementary school, Wing Lake Road, Bloomfield Hills, Michigan, until 9:00 a.m. E.T. Tuesday, January 16, 1962, at the office of the Board of Education, Bloomfield Hills, Michigan, at which time and place all bids will be publicly opened and read aloud.

Because proposals to be received as follows:
Base Bid A—General Construction
Base Bid B—Mechanical Work
Base Bid C—Electrical Work
Base Bid D—Kitchen Equipment
Proposals must be on forms furnished by the architect and accompanied by a bid bond or certified check in the amount of the bid price, 10% of the proposed amount.
The use and specifications may be obtained on and after Tuesday, January 2, 1962, at the office of the architect, Terence MacMahon Associates, Inc., Architects and Engineers, 380 Woodward Avenue, Bloomfield Hills, Michigan. A check in the amount of \$25.00 must be submitted with the proposal. Plans and specifications, same to be submitted to the Board of Education. Bids in good condition within ten days of opening of bids.
Approved bidders will be required to furnish satisfactory proof of bonding and labor and material bond, each in the amount of 10% of the contract, the total cost of which shall be paid by the approved bidder.
All proposals submitted shall remain firm for a period of thirty (30) days after opening of bids.
The Board of Education reserves the right to reject any or all bids, and to waive any informalities.

BOARD OF EDUCATION
Bloomfield Hills, Michigan
WILLIAM B. BACHMAN, JR.
Dec. 28, 1961 and Jan. 8, 1962

"like stealing money." There is no preparation for his shows. He goes to a studio every other Wednesday and tapes two programs. "Compared with the old days, it's a walk in the park."

The "old days," when Groucho performed with his Marx Brothers in 14 movies and several Broadway shows, are recalled affectionately. He says he and his brothers get together a couple of times a year with oldtime friends like Jack Benny or George Burns, and reminisce.

"We're all tough laughers, but we all laugh the year's worth when we're reminiscing like that. They're the only real, hysterical laughs I ever have. And the reason is," reflected Groucho, "those days were mostly hard knocks and hard work."

"There's nothing funny about good times. But when you're successful, the hard times you had in the funniest thing in the world."

CAN'T STAND TO LOOK
The maître d' bowed and scraped up to a table banked against the wall. Groucho chose to sit facing the wall. "I can't stand to look at people," he said, leering.

The waiter asked if he'd like a cocktail. "No thanks," said Groucho. "I've had a drink here before." The waiter and captain departed chuckling. "That's the trouble with people, I have a flair for alienating them but they think I'm kidding," Groucho grunted.

At this cocktail party I insulted Roy Cohn. I said, "You know, I've hated you ever since the McCarthy days." He sent me home in his Cadillac.

He conceded that nobody took him seriously because his professional style is a straight-faced growl. "Bedpan, it's called, isn't it?"

"Yes, that's my trouble all right—I flail away and people say oh, he's a funny old juggle-head. But around me, I don't really hate people, and I don't get angry."

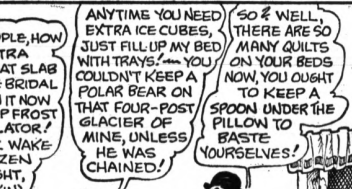

"I don't get angry because there's nothing important enough to get angry about. I mean, my life is pretty good. I have enough money to live on. If I die next week."

HAS NEW SERIES
One of the reasons Groucho has enough to live on is his almost record-breaking 14-year success in television. Next month he starts a new half-hour series called "Tell It to Groucho" and, since this was the reason he is consenting to be interviewed, (I'll don't mind interview; they're better than going to the dentist!), I asked him about it.

"Oh, forget it. Just mention it starts Jan. 11 on CBS and then write about the troubles in Eurasia," he said. "And I'm sure you will."

Groucho refers to his TV career

Iraq Says British Creating Tension

BAGHDAD, Iraq (AP)—Iraq told the U.N. Security Council today that British military activity is causing a tense and grave situation in the Middle East.

Referring to the movement of British armed forces toward oil-rich Kuwait, Premier Abdel Karim Kassam's government asked that the council's members be informed of the situation.

Iraq lodged a claim last June to sovereignty over Kuwait.

Two Men Sentenced in Muskegon Slaying

MUSKEGON (AP)—Two Chicago men were sentenced by Circuit Judge Noel P. Fox to 10 to 100 years each on charges of second degree murder in a July 5 slaying at Muskegon.

Arthur C. Hartman, 29, and Gaylord Stanton Jr., 33, were cited for the fatal slaying of Peter M. Markucki, 67, at his home.

The sentence vacated a conviction of first-degree murder against Hartman as the triggerman.

A motion earlier by prosecutor Harry Knudsen asked that the conviction be set aside on grounds that Stanton instigated an attempted robbery which resulted in the shooting at Markucki's home.

Auto Output Seen 103,479 This Week

DETROIT (AP)—U.S. auto plants, which were idle Christmas and also will be closed Friday, will build an estimated 103,479 passenger cars this week, Automotive News reported today.

This compares with an output of 86,573 cars in the comparable week a year ago and 149,285 in the week ending Dec. 23.

The trade paper estimated total car production for the 1961 calendar year at 5,518,597, a drop of 17.6 per cent from last year's 6,701,367.

Automotive News estimated the 12-month truck total at 1,128,280, a decrease of 6 per cent from the previous year total of 1,199,868.

Truck production at U.S. plants this week was estimated at 21,016 compared with 15,460 in the same week a year ago and 25,546 last week.

Soviet Teachers Said Faking Pupils' Grades

MOSCOW (AP)—A leading Soviet editor today accused Soviet teachers of faking good grades for many of their pupils.

U. P. Voronov, editor of the official youth newspaper Kommunist, said Pravda, said teachers were doing this to make their own records look good. Voronov's remarks were made at a nationwide conference of propaganda workers in the Kremlin and published today by Pravda.

"Some education workers appraise the activities of a teacher according to the percentage of children who score high marks," said Voronov.

U.N. Money Crisis Taken to the Hague

THE HAGUE, Netherlands (AP)—A.T.E.U. Secretary-General U. P. Voronov has asked the International Court at the Hague for an advisory opinion on how to resolve the U.N. financial crisis, the court announced today. He did so in conformity with a resolution adopted recently by the U.N. assembly.

The president of the World Court last filed, Feb. 20, 1962, the time limit for submission of written statements by the 104 member states of the United Nations. The question of the court is whether the U.N. charter puts a binding legal obligation on members for financial support of military operations ordered by a majority of U.N. members.

Caroline Kennedy Pays a Visit to Her Grandfather

WEST PALM BEACH, Fla. (AP)—Four-year-old Caroline Kennedy visited her sick grandfather for the first time today at St. Mary's Hospital.

Mother Josephine Marie, administrator of the hospital, told newsmen that Caroline was in the sick room for a couple of minutes.

There was no word whether 73-year-old Joseph P. Kennedy, interned by a stroke Dec. 15, was able to take recognition of her visit.

Caroline went to the hospital in the forenoon with her mother, Mrs. Jacqueline Kennedy. They remained in the hospital building for about 45 minutes.

Raises Hopes of Laos Pact

Souvanha 'May Have Surprise' After Work Toward Agreement

VIENTIANE, Laos (AP)—Neutralist Prince Souvanha Phouma smiled and told reporters Thursday: "Let me work on this three or four days. Maybe you will have quite a nice surprise."

That was Souvanha's summary of a day of behind-the-scenes talks among Laotians—watched over by U.S., British and Soviet ambassadors—to check prospects for revival of the Laotian three-prince's abortive summit conference.

Premier Prince Boun Oun, a leftist, persisted in his refusal to sit with Phouma and Phouma's half-brother, Prince Souphanouvong, who is pro-Communist, to complete negotiations for a coalition government.

But Gen. Phoumi Nosavan, defense minister and strong man of Boun Oun's administration, paid a courtesy call on Souvanha at the latter's guarded villa, and Souvanha's expression of apparent optimism was issued after that meeting.

The general had called to sit with Phouma and Phouma's half-brother, Prince Souphanouvong, who angrily rejected a dinner invitation from Boun Oun after the breakfast Wednesday, have dinner and discussion at the general's residence.

A spokesman for Souphanouvong, however, promptly announced that the prince was too busy to attend.

Souvanha, the premier-designate of the proposed new government, and his half-brother had separate audiences with King Savang Vatthana. Results were not announced.

Souvanha warned earlier in a talk with newsmen that collapse of the negotiations could plunge Laos into an East-West war as well as revive the revolution technically halted by a cease fire last May.

Scientist Predicts Instruments on Moon Next Year

MANCHESTER, England (AP)—A leading British space scientist predicted today that both the United States and the Soviet Union will probably land instruments on the moon in 1962.

"There will be something fairly big happening before long, either a man going around the moon and back or an animal circling the moon," Sir Bernard Lovell added in an interview. "I anticipate some startling developments in this line."

Lovell, director of the radio-astronomy station at Jodrell Bank, correctly forecast a year ago that man would make his first space flight in 1961.

Health Dept. Slates New Diabetics Class

A new series of classes for diabetics will begin Jan. 10 and will meet every Wednesday until Feb. 7 at the Oakland County Health Department building, 1070 N. Telegraph.

Meeting time is 7 to 9 p.m. A record 34 families and individuals have signed up for the course so far, according to Health Department nutritionist Mrs. Katherine Claus, who will be instructor. A second instructor will be Health Department nurse Mrs. Clare Konak.

Each will teach her specialty in the five classes entitled, "Introduction to Diabetes," "Dietary Diet," "Insulin Technique and Oral Agents," and "Tests in Diabetes and Personal Hygiene."

News of Service Personnel

Midshipman 4.C. Robert Lee McDonald, son of Mr. and Mrs. Robert H. Clark of 65 Summit St. is now on holiday leave from the United States Naval Academy, Annapolis, Md.

Midshipman McDonald attended Pontiac-Northern High, graduating in January, 1957, and attended Flint Junior College in Flint prior to his appointment to the naval academy by Congressman William Bromfield.

Airman 3. C. Robert W. Barton, son of Mr. and Mrs. Robert B. Barton, 3044 Marshall St., Southfield, is being assigned to Lincoln Air Force Base, Neb., for training as a food service specialist.

Airman Barton recently completed United States Air Force basic military training at Lackland Air Force Base, Tex. He attended Birmingham High School prior to entering service.

A graduate of the University of Detroit, Captain Bradshaw will serve as a navigator in the new C-130 "Stratolift" unit of the Military Air Transport Service.

He and his wife, the former Eunice N. Zollner of Toledo, Ohio, have one child, Brett.

Pvt. Robert B. Brown is now stationed with motor transportation assignment at Camp Pendleton, Calif.

The brother of Rosemary Brauer of 7673 Tull Court, Private Brown is a graduate of Pontiac Northern High School.

Marine Pvt. Russell E. Long, son of Mr. and Mrs. Charles E. Long, 4807 Cedar St., Birmingham, has completed recruit training at the Recruit Depot, San Diego, Calif.

Daniel F. Mobley, son of the Herman E. Mobleys of 3046 Van Dant, Drayton Plains, has been promoted to specialist four in Germany, where he is serving with the 5th Infantry.

Spec. 4 Mobley, a mechanic in the Infantry's Company A in Wildflecken, entered the U.S. Army in April 1960, completed basic training at Fort Benning, Ky., and arrived overseas the following September.

He attended Waterford Township High School.

Pfc. Carl T. Ritchie, son of Mr. and Mrs. Carl T. Ritchie of 7003 Elizabeth Lake Road, is stationed at Camp Pendleton, Calif., as an infantry rifleman.

Says Newborn Daughter Child of George Jessel

HOLLYWOOD (AP)—A baby girl has been born to actress Joan Tyler, Miss Tyler said the baby was named after her father, George Jessel.

The 19-year-old girl was born Wednesday and will be named "Charis Carla." Miss Tyler said the first name was taken from Greek mythology. The baby "looks like George when he's angry," Miss Tyler said.

"The Dutch have set up a puppet Papan state, hoisted a separate Papan flag, and made a separate Papan national anthem. Facing these realities, it is impossible for us to sit idle."

Manila (AP)—The health department said today 885 people have died of cholera in the Philippines since Sept. 22 in the Philippines.

Indonesia Eyes Status for Irian

Official Says Country Set to Discuss Autonomy for W. New Guinea

JAKARTA, Indonesia (AP)—Foreign Minister Subandrio said today Indonesia is prepared to discuss the possibility of giving the people of Dutch West New Guinea "a great measure of autonomy" if the territory is transferred to Indonesia.

Subandrio's statement, made in an exclusive interview, was the first suggestion from a top Indonesian official that West New Guinea might get some special status under the flag of President Sukarno's island republic.

Subandrio insisted that it is imperative for Indonesia to get a definite assurance from the Netherlands of its readiness to negotiate.

"We must be given assurances about the transfer of the administration, about its manner and timing, and about an intermediate body to assist in talks," he said.

After this is accomplished, Subandrio said, any other problems can be discussed including what he termed "a great measure of autonomy" for the West Irian-Papuan-people.

The Netherlands wants to give the people of New Guinea self-determination and has received wide Western support for the plan.

"We really are preparing ourselves for a military confrontation with the Dutch. There is no other alternative left to us, and it has been imposed on us," Subandrio said.

"The Dutch have set up a puppet Papan state, hoisted a separate Papan flag, and made a separate Papan national anthem. Facing these realities, it is impossible for us to sit idle."

By United Press International
REAL MCLEANS, 8:30 p.m. (7). "The Handsome McLeans," Kate (Kathy Nolan) falls victim to a slick sales talk and buys more beauty aids than the family can use.
DR. KILDARE, 8:30 p.m. (4). "Johnny Temple," A teen-age boy who is being treated for knife wounds by Dr. Kildare (Richard Chamberlain) puts a knife on the doctor.
MY THREE SONS, 9 p.m. (7). "Damon and Pythias," Robbie (Don Grady) ignores a solemn promise to his friend Hank (Peter Brooks) when he receives a bid from a snobbish school club.
HAZEL, 9:30 p.m. (4). "Dorothy's Obsession," Hazel (Shirley Booth) must see to it that Dorothy Baxter (Whitney Blake) doesn't overstay at an auction sale.
"YEARS OF CRISIS", 10 a.m. (7). For the first time, this year-end review and preview of world events by CBS newsmen will originate before a live audience. Participating in the discussion before the Chicago Council on Foreign Relations will be Eric Sevareid, Marvin Kalb, Peter Ralschke, Alexander Kendrick, David Schenckman, Daniel Schorr, Elaine Litch, Charles Kuralt and Richard C. Hottelet. Charles Collingwood is the moderator.
BENG ALONG WITH MITCH, 10 p.m. (4). Musical visits to Coney Island, a Caribbean island, an art gallery and a college club are featured. (Color)

Answer to Previous Puzzle
ACROSS

VIEWS FIRE DAMAGE—Mrs. Ruth Eaton, a resident at the 17-story Hotel Mayflower in New York City, views damage Wednesday night. Two residents and a fireman died in the fire. Mrs. Eaton lives on the floor below. The woman in the background are ninth floor residents and were unharmed in the blaze.

Modern Merchandising Began 100 Years Ago

PHILADELPHIA (UPI) — A hundred years ago a 22-year-old delivery boy put men's wear under a roof, and modern merchandising was on its way.

John Wanamaker took in \$24.67 on his first day of business, spent \$24 of it for advertising and held out 67 cents for change for his next day's customers.

Twenty-seven years later he was to buy space for what is believed to be the first full-page newspaper advertisement by a department store.

Before that, however, he'd "invented" the department store itself, and used enough direct and stunt advertising to set off a century of retail bullying.

At least one stunt backfired. A Chinese gong set at the doorway to herald the arrival of each customer, for instance, scared some of them into a wild dash in the other direction.

The clothing store was itself no pioneer, but in it Wanamaker initiated a one-price system eliminating the barter and haggling over price tags which had gone on for generations.

And he guaranteed satisfaction, promising to refund the money on return of the goods "if they don't please the folks at home."

In 1876, Wanamaker gathered

under one roof — an old Philadelphia freight station — goods which had previously been sold only in small specialized shops.

He called the store the Grand Depot, describing it as "a composite store" and advertising it as "the store of a thousand sur-prises."

More than 70,000 persons gathered to wonder, and buy, on its opening day.

Wanamaker went abroad to buy, in France, the home of his ancestors, and elsewhere, offering large quantities and varieties of imported goods for the first time in America. He also invited local home craftsmen to set up concessions in the Grand Depot.

The Grand Depot's wares were advertised with 100-foot posters. One summer Wanamaker floated balloons over Philadelphia and offered a free suit of clothes to anyone who brought one back to the store.

A mail order business began with the department store, and was handling 1,000 orders daily by 1881.

A New York store was opened in 1896 with John Wanamaker's name on it. The Grand Depot was re-christened to match.

Police Question Ex-Con Held in Cleric's Death

6 From Katanga Sit in Parliament

LEOPOLDVILLE, the Congo (AP) — Six Katanga deputies took their seats today in the national Congo Parliament. They were expected to demand revision of the Congo's provisional constitution to relax the control the basic law gives the central government over Katanga and the other provinces.

Nine more Katanga deputies were also due from Elisabethville today.

Seeing the first group off from Elisabethville, Katanga President Moise Tshombe said they would hold out for a Congo confederation that would give his rich province considerable independence despite the Kitona unity pact.

The central government contended the terms Tshombe put on his deputies' mission were of sharp variance with the agreement he reached a week ago with Congo Premier Cyrille Adoula.

Tshombe charged in Elisabethville today that U.N. troops are preparing for a new military offensive against Katanga and that the U.S. ambassador in Leopoldville, Edmund A. Gullion, is behind it.

Tshombe told a hurriedly called news conference that the United Nations is planning to renew hostilities if the Katanga National Assembly fails to meet Jan. 3 to discuss his agreement with Adoula.

"The Congo question is not a peace and stability for all of Africa," Tshombe said.

He defended the United Nations' use of force in an effort to reunite secessionist Katanga Province with the rest of the Congo.

He said the military action came after a week of "harassment of U.N. forces... of sniping and hit-and-run raids."

He blamed the harassment on political extremists and 400 mercenaries who tried to persuade Tshombe that he could keep Katanga separate through force.

Soviet Teachers Said Faking Pupils' Grades

MOSCOW (AP) — A leading Soviet editor today accused Soviet teachers of faking good grades for many of their pupils.

U. P. Voronov, editor of the official youth newspaper Komsomolskaya Pravda, said teachers were doing this to make their own records look good. Voronov's remarks were made at a nationwide conference of propaganda workers in the Kremlin and published today by Pravda.

"Some education workers appreciate the activities of a teacher according to the percentage of children who score high marks," said Voronov.

Echo Keeps on the Go

The Echo I satellite will appear in Pontiac skies tomorrow morning at 6:29 from the north, 61 to 65 degrees above the horizon, moving to the northeast.

Resolve to Have Fun

Take Press NY Trip

Here's some New Year's Resolutions that should be easy to keep.

RESOLVED: I will go on the Pontiac Press Theater Tour to New York on May 8 and stay until May 13.

RESOLVED: I will fly by jet to New York and stay at the lovely Hotel Manhattan.

RESOLVED: I will see five of the best shows on Broadway including "How to Succeed in Business Without Really Trying," "Camelot," and "Shot in the Dark."

RESOLVED: I will enjoy thoroughly all the other special things planned for me on the Pontiac Press Theater Tour.

RESOLVED: I will fill out the coupon on page 2 of today's Press and mail it in right away.

Has a Reason to Blush

EMBARRASSED BEAU — Little Danny registers abject horror as Elizabeth displays her petticoat during a recent Brandon Guest House fashion show at San Jose, Calif. Occasion for the unusual display was the annual show during which youngsters at the Volunteers of America home modeled their holiday garments for the makers, members of the Brandon Sewing Circle.

'62 Prospects Good According to Estes

E. M. (Pete) Estes, General Motors Corp. vice president and Pontiac Motor Division general manager, today looked toward 1962 as a year in which "automotive sales in general and Pontiac sales in particular could reach near-record levels."

Estes, in a year-end statement, said that Pontiac Motor is "confident that 1962 will continue the trend established in the last quarter of this year."

"All economic signposts point to an exceptionally good automotive sales year in 1962," he said, pointing out that increased sales have already necessitated an increase of Pontiac and Tempest production schedules.

The pickup which started with the introduction of our current models," he said, "appears to be gathering momentum and, so far as Pontiac Motor Division is concerned, our immediate problem is to build enough automobiles to stock our dealers with an adequate inventory to meet the needs of our customers."

"The reception of our 1962 line, as indicated by thousands of yet unfilled dealer orders, augurs a high level of sales as our ability to produce increases. All the factors that have made this year a good automotive sales year are still in effect — and I might add, some of them are intensified."

"Economic reports on retail business are bright and there seems to be a strong upward in consumer confidence, indicating a heavy movement of goods and materials."

PACIFIC, Mo. (AP) — A chartered bus and a car collided head-on, three miles east of Pacific, Mo. today. The driver of the car was killed and 31 bus passengers injured, 10 seriously.

The crash occurred on a small bridge over Fox Creek. The bus continued west 264 feet from the impact, swerving across the two-lane highway and 50 feet down an embankment, stopping tilted against an embankment for Missouri Pacific Railroad tracks which parallels the highway.

The driver of the car, Joseph F. McNamee, 32, of Pacific, died en route to St. Louis County Hospital. His car was wedged crosswise on the bridge and he was pinned inside the wreckage for 45 minutes.

News Flash

WASHINGTON (AP) — A hearing examiner has recommended that the International Union of Mine, Mill and Smelter Workers be declared a Communist-infiltrated organization. Atty. Gen. Robert F. Kennedy announced today.

Minister's Car Abandoned in Wilderness Area

Lynn E. Houck, 28, Taken While Drinking Coffee With Stepfather

ADRIAN (AP) — A 28-year-old ex-convict was picked up for questioning in the human-torch slaying of a 72-year-old retired minister Tuesday.

But Sheriff Robert C. Stites said Lynn E. Houck denied any connection with the death of the Rev. Roy R. Decker, who was slugged with a hammer, trussed up, doused with an inflammable fluid and left in a bedroom which his assailant set afire.

Houck, the sheriff said, claims he was in Traverse City looking for work when the Rev. Mr. Decker was slain in a farm home outside nearby Brooklyn, apparently by someone bent on robbery.

The victim's wallet was taken and the killer made his get-away in the preacher's car.

The car was found abandoned late Wednesday in a wild Grassy Lake area of Northwestern Leelanau County and state police said footprints in the snow led from the car toward where Houck lived with his stepfather some two miles away.

Houck was arrested as a suspected parole violator about 3:30 p.m. today at the home of his stepfather, who police had requested to notify them when Houck returned.

The two were drinking coffee in the kitchen when authorities arrived at the farm home, about a quarter-mile from the slaying scene.

HADN'T SEEN STEPSON The stepfather, Edwin Houck, told Sheriff Stites Wednesday he hadn't seen his stepson since Dec. 18. When Stites, a deputy picked up the ex-convict today, the elder Houck said he had returned home only a short time before.

State police Sgt. Joseph Terne emphasized the younger Houck had been picked up as a suspected parole violator and had not been charged in the slaying, adding:

"The investigation is not ended with his arrest."

Snow and sleet troopers questioned Houck for hours at the Leelanau County jail here. He was paroled from Southern Michigan Prison last March 28 to the custody of his stepfather, who lives in Leelanau County.

The farm home where the minister was slain is in Jackson County, Mr. Decker moved from the farm to Tecumseh a month ago and had returned Tuesday to prepare for the long drive home.

Authorities suspect the aged man was slain by someone he surprised in the act of burglarizing the neat frame house.

MILLPOND GLEE — With the Christmas holiday vacation for youngsters just about over, this group is taking advantage of the frozen millpond in the heart of Clarkston. Constructed by Henry Ford years ago, the old pond provides fun for young and old in both winter and summer seasons. At night the ice skating area is lighted for those who cannot skate during the day.

No Tarzan-Jane Rites?

By CHARLES MAHER LOS ANGELES (AP) — While Tarzan and Jane were living together in that tree all these years, were they also living together in sin?

Belated rumors of such a jungle scandal are circulating in nearby Downey, where some of the restless natives may be trying to drum Tarzan books right out of their elementary school libraries.

Their suspicion: That there is nothing to indicate Tarzan and Jane were ever legally married. And, if this is the case, that Tarzan and Jane were living together in that tree all these years, were they also living together in sin?

The celebrated fictional hero created by the late Edgar Rice Burroughs has been through this sort of thing before. Once, in fact, he was in effect accused of being a dupe of the Communists. Happily, it appears Tarzan's reputation is as indestructible as Tarzan himself.

Supt. Bruce Moore of the Downey Unified School District said the trustees started at the last school board meeting. Board

member Robert L. Ryan said he'd been told a librarian at one of the schools removed all the Tarzan books. Ryan's informant did not tell him in which school the books had been banned but said there had been vicious gossip about Tarzan's alleged inability to produce a marriage certificate.

ZANE GREY TOO There were also complaints concerning the works of the late Western author, Zane Grey, who was accused of injecting a little scarlet prose into his tales of the purple sage. Grey's characters, said Moore, occasionally used such corrupting language as "hell" and "damn."

"I can assure you," Moore said, "that the board unanimously feels the other way—that the books should stay."

First 'Celebrity' of 1962 Eagerly Awaited by Area

The first big celebrity of 1962, like the new year, is yet unborn. He or she will be the first baby born in the Pontiac area after midnight Sunday.

Pontiac area merchants are waiting to heap gifts on the lucky winner of 1962's first baby of the year contest.

Eligible for entry are babies born to married parents who live in Oakland County north of 14-Mile Road. Official entry must be made by the doctor who delivers the baby.

The doctor must send by mail or in person an entry to the Pontiac Area Chamber of Commerce, 24 E. Pike St., no later than noon Wednesday, Jan. 3.

Each entry must contain a statement listing the exact time and date of birth, sex, weight, name of the baby and name and address of the parents.

LEADERS TO JUDGE All entries should be addressed to the "First Baby Contest."

The winner will be determined by a group of civic leaders acting as judges. Some leaders are offering prizes to the little celebrity.

The prizes include a \$25 U.S. Savings Bond, a season pass to a local theater, slippers and flowers for mom, a new hat for dad, baby's shoes, sweater and bonnet and a stroller.

U.S. Gives to Congo

LEOPOLDVILLE, the Congo (AP) — The United States today donated \$10,000 to the United Nations and the Congo central government for relief of victims of rising flood waters of the Congo River.

U.S. Airmen Must Peel the Pounds

LONDON (AP) — Fat American airmen at two U.S. air bases in Britain have been ordered to slim down.

The order has gone out to more than 100 flight crews and about 2,000 ground crewmen to reduce to 10 pounds below the maximum permitted weight.

"If you stick to the figures in the book and take a man off a diet as soon as he reaches the permitted maximum, he'll be five pounds overweight again in a couple of weeks," said Lt. Col. James Asher, flight surgeon at Bentwaters Base in Suffolk.

Personnel at the Woodbridge Base in Suffolk also are affected. The standard weight chart used at Bentwaters sets 170 pounds as the permissible maximum for a man 21-25 years old and 5 feet 8 inches tall. For a 6-footer of the same age, 201 pounds is the maximum.

Asher said the reducing drive was a precaution against coronary heart disease.

JK Puts State of Union Speech First

PALM BEACH, Fla. (AP)—President Kennedy gave priority today to work on his State of the Union Message, with Secretary of Agriculture Orville L. Freeman joining the conference sessions. The President, banking in the warm sun of his seaside White House, continued a holiday schedule of relaxation, conferences and

Denies Informing Reds of Goa Invasion Plans

By HENRY S. BRADSHAW
NEW DELHI, India (AP)—Prime Minister Nehru said today he did not discuss India's invasion of Goa and two other Portuguese enclaves with the Soviet Union before and had no advance indication of Moscow's support.

He told a news conference "We tried to find some way of escape" from military attack. But he rejected any suggestion that India

Holds Suspect in City Robbery

New Hampshire Court Orders Extradition of Man to Pontiac
Authorities at Keene, N. H., today were holding a prime suspect in a Dec. 5, 1960 armed robbery at a Pontiac market, waiting to turn him over to Pontiac police.

The New Hampshire Supreme Court yesterday ordered the extradition of Paul H. Loulakis, 31, formerly of Pontiac, to face charges here.

Loulakis evaded earlier efforts to extradite him when his attorney took the question into the Supreme Court last March.

He was wanted here in connection with the holdup of Mazza's Market, 663 Jody Ave., in which storekeeper Frank Mazza, 58, was shot to death, leaving \$764 to a masked gunman.

Loulakis was implicated two weeks after the holdup by Robert W. Flath Jr., 25, who is now serving a 20 years in Jackson Prison for his part in the crime.

Flath told Pontiac police he drove the getaway car for Loulakis.

A former technician at Pontiac General Hospital, Flath at first denied any part in the crime. Several days later he called police and said he had lied, and that he was going to take his own life.

Detectives found Flath at the hospital clutching a scalpel with which he had stabbed himself several times.

Oakland County Prosecutor George Taylor is waiting for official word from the New Hampshire Court before dispatching officers to return Loulakis.

hospital visits to his ailing 73-year-old father.

CONDITIONED UNCHANGED
Joseph P. Kennedy's condition remains virtually unchanged, according to his physicians. He is suffering from the paralytic after-effects of a stroke and pneumonia. However, he was reported in

proved from the pneumonia attack.

DR. MARCO JOHANNSEN, one of the doctors attending the President's father, reported this morning that the former ambassador had a satisfactory night.

Advisers here let it be known Wednesday that work has been concluded on the 1962 budget, that Kennedy has approved it and that it is balanced. It is expected to be in the neighborhood of \$92 billion, about \$3 billion above this year.

Today, the President turned to the important State of the Union Message which he personally will deliver to Congress shortly after it convenes on Jan. 19.

TO SPEND WEEKEND
Pierre Salinger, White House press secretary, said Kennedy probably will spend the rest of the week working on this review of the nation's progress in the past year, both foreign and domestic. It also traditionally includes a prediction of what may lie ahead.

Five top-level advisers have been sitting in on the daily sessions with Kennedy. The latest was Secretary of the Treasury Douglas Dillon, who drove here Wednesday from his winter home at nearby Hobe Sound.

Freeman flies from Washington to join them today.

HOLIDAY TRAFFIC JAM — New York police report that city's streets reached the complete saturation point at midmorning Wednesday and stayed that way until late afternoon. This

picture shows Ninth Avenue north from 41st Street in Manhattan—and this is before a subway and bus strike which has been called for New Year's Eve.

Tug Fights Sea for Ship in Gale
Skipper Will Try to Lasso Dredge in Bad Atlantic Storm

BOSTON (UPI)—The skipper of a Canadian tugboat fought the sea today for a \$4-million prize—drifting dredge Carriaga abandoned by her crew in a fierce Atlantic gale.

Capt. James Shear of the 800-ton tug Foundation Vigilant vowed to stand by the powerless dredge, wallowing in huge swells, until "it sinks or I put across a line."

Shear had his job cut out—something like trying to lasso a whale. The Carriaga is 179 feet long and 45 feet wide, and has an 80-ton crane on its deck. The crane swings dangerously in the wind, threatening to crash down and split the ship.

The Coast Guard reported early today that winds at the scene, 200 miles east of Nantucket Island, led to a severe storm, the blowing from alternate directions.

The effect of this, the Coast Guard explained, was to calm the sea a bit, giving Shear a better chance to reach the giant dredge.

In Halifax, Nova Scotia, a spokesman for Foundation Maritime Ltd., owner of the tug, said the attempt to put a line aboard the dredge would be made at daylight.

Good real estate must rise in price as the population increases. Elementary mathematics determines the price of suburban real estate, which is first occupied. A possible exception would be attractive ranches housed in color.

While the land on which your house now stands should increase in value during 1962, the building itself depreciates from the moment it is first occupied. A possible exception would be attractive ranches housed in color.

That was Souvanna's summary of a day of behind-the-scenes action. Led by the tug, said U.S., British and Soviet ambassadors—to check prospects for reviving the Laotian three-principles common.

RAISES HOPES OF LAOS PACT
Souvanna 'May Have Surprise' After Work Toward Agreement

VIENTIANE, Laos (AP)—Neutralist Prince Souvanna Phouma smiled and told reporters Thursday "Let me work on this three or four days. Maybe you will have quite a nice surprise."

That was Souvanna's summary of a day of behind-the-scenes action. Led by the tug, said U.S., British and Soviet ambassadors—to check prospects for reviving the Laotian three-principles common.

Premier Prince Boum Oun, a rightist, persisted in his refusal to sit with Souvanna and Phouma's half-brother, Prince Souphavong, who is pro-Communist, to complete negotiations for a coalition government.

CALLS ON SOUVANNA
But Gen. Phoum Nosavan, defense minister and strong man of Boum's administration, called on a courtesy call on Souvanna at the latter's guarded villa, and Souvanna's expression of apparent optimism was issued after that meeting.

The general said he had called to insist that Souvanna and Souphavong, who angrily rejected a dinner invitation from Boum after the breakfast Wednesday, have dinner and discussion at the general's residence.

A spokesman for Souphavong, however, promptly announced that the prince was too busy to attend.

Souvanna, the premier-designate of the proposed new government, and his half-brother had separate audiences with King Savang Vatthana. Results were not announced.

Souvanna's ministerial duties in a talk with newsmen that collapse of the negotiations could plunge Laos into an East-West war as well as revive the revolution last May.

Public education will gradually be reorganized during the

years ahead. Schoolhouses will be built as places to "park the kids" while the parents are at work. New schoolhouses will be built so as to be over one story high, with lots of sunshine.

Owing to the lack of airport facilities and to inadequate equipment, there will be increasing air plane accidents during 1962.

With all the above changes, plus increased public improvements and longer vacation periods, families must save somehow and cut somewhere. I think it will be in 1962 with clothing. This will gradually become cheaper and more attention will be paid to color.

The time is approaching when the weaving of cloth will be greatly curtailed. Clothes will be made like paper. Plastic coats are already on the market. These are produced by feeding the cellulose into a machine which cuts to desired sizes and bonds (not sews) the material into beautifully finished goods of different colors.

Automation slow
We will hear more about automation during 1962. But the cost of building automatic factories is so great that the change is coming slowly. Even electronics has been overemphasized.

There will be no unemployment among steel workers during 1962. But government unemployment figures will remain high. Foreign competition, due to low wages abroad, will be an important factor. Women will prefer to work in air-conditioned factories and have their home parties filled with pre-cooked foods.

There will be enough money for mortgages insured by the Federal Housing Administration in 1962. Plenty of money will be available for mortgages guaranteed by the

GOOD TAX NEWS
Taxes, as a whole, will continue to increase in 1962 for every family. Business net taxes, however, will decrease in 1962 through the granting of depreciation refunds which can be done by executive order. The manufacturer may greatly increase his deductions for past investments and new machinery, plant, and equipment.

Douglas Dillon feels that such tax reductions will increase the purchase of new equipment, develop greater efficiency, and result in a net improvement in the employment situation. This is good news for 1962.

The Day in Birmingham

City Has Started Search for Civil Defense Director

BIRMINGHAM — A search for a civil defense administrator has been started here following City Commission approval of the duties and functions of such a position.

The job, however, will carry the title of administrative aide rather than civil defense director in the field, according to City Manager J. R. Gare.

The city manager will be civil defense director, in name only, however.

Asst. City Manager Robert Kennig, who has been civil defense director the last three years in addition to his regular administrative duties, will probably give direction to the aide because he has experience in the field, according to City Manager J. R. Gare.

Gare noted that the aide also would be responsible for other matters related to civil defense.

It had been suggested by one commissioner that Kennig be named full time civil defense director with an administrative aide but Gare and other commissioners felt that the assistant city manager would be more valuable as a public administrator.

The manager said it probably would be difficult to find a qualified person for the job, because there are so few experienced civil defense directors available.

Plane Hits Home; 10 Hurt
PADUA, Italy (U)—An Italian fighter plane crashed into a farm house 20 miles south of here today, injuring 10 persons.

South and Central America also have great natural resources, but most of their countries are ruled by selfish dictators. I believe most of our Southern neighbors will make a move to the United States in 1962 and become a great power for the United States.

Although the countries of Europe could be the greatest sufferers in case of World War III, the people I meet in Europe fail to realize this. I forecast that they will look at the situation more realistically during 1962.

West Germany is very prosperous; East Germany is in a terrible condition. Much unemployment exists in Italy, France and even Great Britain. I advise you who are interested in keeping in touch with Africa may secure free of charge the Standard Bank Monthly Review by writing the Standard Bank of South Africa, 10 Clement Lane, London, EC 4. The banking of Northern Africa is controlled by the French. I would advise against putting money into Northern Africa during 1962.

The final result of 1962—whether it will make us a stronger or a weaker nation—spiritually, physically and mentally—depends upon our parents, teachers, preachers and newspaper publishers. These, and not Russia, hold the future of the United States in their hands.

BULLISH ON CANADA
I am bullish on Canada for safe investments during 1962. Canada has a small population of only about 18 million but it is rich in

Reservation Application
Press Theater Tour:
Please make the following reservation for me on The Pontiac Press Theater Tour to New York City, departing Tuesday morning, May 8 and returning May 13.

.....Mrs.
.....Miss
.....Mr.
Address.....
City..... Phone.....

I understand that the \$199 I have enclosed includes transportation, hotel, theater tickets, plus other extra features mentioned in Press articles.

I also understand that if I have any preferences for a room companion or am going with a small group that this information will accompany this reservation.

(Single Room \$19 Extra)
I agree to participate in The Pontiac Press Theater Tour under the following conditions:

I have included the full payment with this reservation. If I am unable to make the tour I understand that I shall be given a full refund providing I give notice by April 1. I understand that reservations will be made in order of the receipt of applications and that my name will be placed upon a waiting list if I am not included among the first 80. I understand that I may participate in all of the scheduled events except for the "Big Business" program, which is necessary by some event beyond control of The Pontiac Press.

The Weather

PONTIAC AND VICINITY — Variable cloudiness and quite cold with occasional snow flurries today and Friday. High today 18 to 24. Low tonight 10 to 14. High Friday 18 to 26. Wind to northwest winds 12 to 20 miles. Outlook for Saturday clearing and not so cold.

NATIONAL WEATHER — Scattered snow flurries are expected tonight in the northeast quarter of the nation as far south as Virginia and as far west as Eastern Minnesota. There will be occasional snow on the Northern Pacific coast and scattered snow in Idaho. It will be warmer from the Central and Northern Rockies to the Western Plains. Colder weather is expected in the eastern half of the nation.

DECIDE TO REMARRY — Billy Rose, the former Broadway showman, and Joyce Matthews, former showgirl whose marriage to Rose ended in divorce, pose at Rose's New York apartment Wednesday after they obtained a marriage license to wed. Rose, 62, and Miss Matthews, 42, have set no definite date for the marriage.

American Airlines Ready for 100 Millionth Passenger

By ROBERT J. SERLING
UPI Aviation Editor

WASHINGTON — American Airlines, whose first president hated flying so much he always took trains, today becomes the world's first airline to have carried 100 million passengers.

American said a check of statistical records going back 35 years revealed that the 100 million passenger "will board one of its 850 flights sometime today."

It was a considerable achievement for a carrier that in its first year of operation—1926—carried only 190 passengers. It took a full decade for American to fly its first million customers. But the second million figure was reached in only two and a half years. And by 1955, the airline had hauled 50 million people.

American traces its beginnings to April 15, 1926, when a predecessor company, Robertson Aircraft Corp., operated a D4A biplane on a Chicago-St. Louis flight under a new government mail contract. The pilot's name was Charles A. Lindbergh.

Robertson disappeared in a succession of mergers and acquisitions that eventually wound up in the 1930 formation of a \$35-million holding company known as the Aviation Corp. One of its subsidiaries was American Airways, itself a combination of four small carriers.

HODGE-PODGE
American's early equipment was a hodge-podge of various aircraft, most of them single-engine planes including one the pilots dubbed "The Flying Brick." It landed with the effortless grace of a large boulder. Queen of the early fleet was the Ford trimotor.

The pilots themselves operated an airman's social strata several rungs below that of other airline crews. In its early days, American was not regarded as a model of aviation efficiency. Its crews seldom wore matching uniforms, and the company's reputation was not enhanced by its president's open fear of flying.

"In those days," one now-re-

tired American captain recalls, "when an American pilot came into an airport coffee shop, he was lucky to get even a brief nod from other crews. Some times, they'd even laugh out loud."

But the fledgling airline literally pulled itself up by its own bootstraps with a succession of aviation innovations such as the first air travel credit card. In 1934 it introduced the first sleeper service — in a twin-engine biplane, called the Condor. And it was an American Airlines aeronautical engineer, William Littlewood, who laid down the specifications for history's most famous airliner, the DC3.

American started out with about \$700,000 capital. It now has more than \$150 million invested in its operations and ranks second only to United in size.

The airline named veteran flier James H. Doolittle as the "national symbol" of its 100 millionth passenger. Doolittle, honored for his numerous contributions to commercial aviation, received a crystal bowl. In addition, American is selecting an individual passenger at each of the major cities it serves to receive appropriate gifts in special ceremonies.

Kathryn Olmstead Speaks Vows

Kathryn Ilene Olmstead exchanged mid-afternoon nuptial vows with Rudolph E. Radocy Saturday in the Orchard Lake Community Church. Dr. Alfred D. Grey of Pine Hill Congregational Church, Birmingham, officiated.

Before leaving on a motor trip to Ohio and Pennsylvania, the newlyweds received guests in the church parlors with their parents Dr. and Mrs. Lester E. Olmstead of Orchard Lake and the Rudolph Radocys of Connelville, Pa.

Pearl-frosted Alencon lace accented the bride's gown of off-white delustrated satin, worn with waist-length illusion veil and jeweled diadem. The basque bodice extended into a full gathered skirt and chapel train. She carried white carnations and holly.

In scarlet velvet were Elizabeth Olmstead, her sister's maid of honor, with bridesmaids Mrs. David Webb, Orchard Lake, and Sheila Murphy, Keego Harbor. They wore heart-shaped velvet demisecs and held variegated red and white carnations.

Flower girls were Eileen and Shirley Jean Rose of Grass Valley, Calif., attended their aunt as flower girls; their

MRS. RUDOLPH E. RADOCY

brothers, Stanley and John were ring bearers. On the usque side were best man Richard Ruhlen, L. M. Ohio, and ushers Charles Mills of Detroit and David Webb, Gardenville were pinned to

Mrs. Olmstead's blue and green silk brocade dress and to a beige and gold embroidered silk organza outfit worn by the bridegroom's mother.

The bride toured Europe with the University of Michigan Chorus in 1959 and is a secretary for the Institute of Social Research at U. of M. Her husband holds a degree in education from Ohio State University and is a graduate music student at U. of M. where he is a teaching fellow. He was abroad with the university symphony last spring.

It's Wise to Pay Your Own Way

By the Emily Post Institute
Q: My boy friend and his family have invited me to spend a week with them at their house. They live several hundred miles from here. My boy friend suggested that I fly both ways to save time, but I can't afford to fly. Should I pay for my own travel?

A: Unless it was definitely understood when your parents invited you for the visit that they would pay your plane ticket, you should pay for it yourself. What is especially important is not to let your boy friend pay for your transportation.

Q: I have no home of my own, so what do you suggest as the nicest way to return dinner invitations and weekend invitations of my friends? The expense of taking these people to good restaurants would be beyond my means.

A: It is not necessary to return invitations in kind, even—sometimes not even necessary to return them at all. If you really intend to return friends you could, on occasion, invite these to a movie or possibly to lunch. To others you might send flowers, take candy for the family or amusing toys for the children.

Q: Will you please tell me the correct way to address a minister? Should I be The Rev. or Just Rev. Smith?

A: The Rev. John Smith is correct.

JUDITH HARRELL

Never Abandon Grooming Aids Begun in Teens

(NEA) — Your habits of good grooming should be formed in your teens and then, once formed, never abandoned. This is the time for you to learn that a bad skin is almost always a neglected skin, that poor hair is abused hair, that you must watch what you eat.

This is the time for you to learn that your face will mirror not so much the passing years as the fits of temper and emotion. Oh, a good boiling over now and then never did any girl harm. In fact, it may harm you to exercise a steady control over anger. But don't make a habit of temper tantrums; your face will pay you back.

Cleaving your teeth, setting your lips in a thin line and frowning habitually are habits that all will leave their marks upon your face eventually. If you don't understand exactly how this works, study the faces of older women.

Bridge Club Has Tourney

Wednesday Duplicate Bridge Club's weekly tournament was at Hotel Waldron this week. Winners were Mrs. Lester Hamilton and Mrs. Dan MacPherson, Dr. Lorraine Wilson and Mrs. Gordon Longstreth, Mrs. Martha Cove and Mrs. Earl James, John Kraus and Joseph Nouse.

After Jan. 1 the club will meet at 1 p.m. weekly in Elks Temple.

Wilsons Announce Birth of Baby Girl

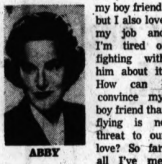

The birth of a daughter, Christine Jane, Dec. 17 in St. Joseph Mercy Hospital is announced by Mr. and Mrs. Donald B. Wilson (Jean Horner) of Midford, formerly of Pontiac.

Grandparents of the infant are Mr. and Mrs. Harry C. Horner of Commerce Lake and Mrs. Edith Wilson, South Commerce Road.

Keep Flying, Abby Says

Forget Jealous 'Earth Man'

By ABIGAIL VAN BUREN
DEAR ABBY: I recently completed my training and am now an airline hostess. My boy friend keeps threatening to break off with me if I stick with this job. He thinks it offers too many opportunities to meet other men. I love my friend, but I also love my job and I'm tired of fighting with him about it. How can I convince my boy friend that flying is no threat to our love? So far, all I've met

ABBY

on this job are tired old married men.

IN THE AIR
DEAR IN: If you need my help in persuading your boy friend that not all airline hostesses are high flyers, you'd better forget him. A jealous "earth man" is no match for a girl with wings.

DEAR ABBY: I read with interest the letter in your column from the little girl who claimed to be only seven years old. I am not doubting your word or the little girl's, but this is the first time I ever heard of a seven-year-old who could write. Even if she can, I wonder what she is doing reading an advice column.

DOUBTING THOMAS
DEAR TOM: The seven-year-old printed her letter. Nor is she my youngest correspondent. I have received letters from a few six-year-olds.

DEAR ABBY: I suppose this is a rather silly question, but I want to know how soon a person should go dancing after his mother's or father's death.

Some say you should wait three months. Others say it doesn't make any difference.

JUST CURIOUS

DEAR CURIOUS: Go dancing when you "feel like it." (But most people don't feel like it for quite a while.)

DEAR ABBY: I had the same problem as "MUST KNOW." I was dating a man who claimed to be single, but I became suspicious when he wouldn't give me his phone number or address. He saw me two nights a week, but he was never available on weekends. I made a note of his license plates and had a tag check

run on him. In this way I found out that his home address was from that I learned that he was married, had two children and his wife was expecting another. It was a terrible mess, but I was glad I found out. Pass this on to those who believe everything they're told and call it "truth."

ALMOST A DOPE

Are things rugged? For a personal reply, write to Abby, Box 385, Beverly Hills, Calif., and don't forget a stamped, self-addressed envelope.

For Abby's booklet, "How To Have a Lovely Wedding," send 50¢ to Abby, The Pontiac Press.

'Nonsense Noises' Keep Babies Happy

By CLAIR COX
NEW YORK (UPI) — What do you do after the announcement arrives proclaiming the delivery of a... pound... ounce, (boy) (girl) to the Jones?

The answer in many cases is that you wonder what in the world to buy as a gift for the new arrival. Toy manufacturers have provided a variety of choices, but the uninitiated still needs advice.

There is a relatively short list of items for the infant under six months. He is able to do very little but notice the world around him. After six months, he is likely to seize upon anything his little hands can clutch.

"PLAY VALUE"
Toy industry advisers say that every toy — no matter for what age group — should have the sociologists call "play value." It also should have a reason.

"Until a child is about six months old, he can't play, so toys for him are chosen on the basis of what amuses or comforts but does not require his participation," said an expert at a leading toy store.

He advised that whatever is bought for an infant should be bright and colorful, appealing to his sense of sight, which develops in the early months. Noises, once the exclusive product of the world of art, have been adapted to the crib, with flights of circling birds or the legendary cow jumping over the moon.

NOISE IS NICE
Floating toys are fine for the baby's bath and anything that makes a "nonsense noise" is greeted with gurgles of joy. This noisy group includes objects that squeak, squawk, honk, toot or beep.

Rattles were among the first toys devised for babies, and they remain at or near the top of the popularity list. One of the more recent rattle models contains three mouthpieces, each of which produces a "nonsense noise" when blown into. Suction rattles that anchor to high chairs have been found useful in keeping babies diverted.

Military Families Visit for Holidays

Christmas week house guests of the Philip Aspinwalls of North Geneva Avenue were there on Saturday and daughter Capt. and Mrs. William R. Kester, and their children Kathy and Phillip of Knoxville, Tenn. Capt. Kester is doing graduate work at the University of Tennessee.

CPO and Mrs. Carleton Reynolds of Oxford Road were hosts at an open house on Christmas Day. He has returned for duty on the USS Randolph at Norfolk, Va.

Fragrance Is an Aid to Beauty

The proper use of cologne and perfume can be as important to your grooming as your make-up techniques. Often overlooked as an essential aid to beauty, a lovely fragrance can boost your appearance and personality from ordinary to intriguingly glamorous.

A leading beauty authority, who is also one of the world's foremost perfumers, points out that the world's most fashionable women are well aware of this fact and always wear some fragrance even at home or during working hours, as it is never out of place.

PROPER SCENT
However, one cosmetician stresses the importance of choosing the proper scent for each occasion. During the morning or daytime working hours, wear a gay, light floral fragrance.

For evening time and informal social gatherings, a sophisticated, modern fragrance is most appropriate. And, for special affairs, when the height of glamour is desired, choose an intriguing magnetic blend to enhance the beauty of your make-up and wardrobe.

Area Couple Repeats Vows at Palm Beach

Elise Ashbrook Baldwin, Orchard Lake, exchanged vows with William L. Shanks of Birmingham this morning in Palm Beach, Fla.

Rev. Samuel Lindsay officiated for the ceremony at the little chapel of the Royal Palm ciana Chapel in the presence of the immediate families and friends.

A breakfast at Palm Beach's Salish Club followed the rite.

Alumnae Unit Sets Meeting

Kappa Delta alumnae, South Calhoun County, will meet at 8 p.m. Jan. 9 in the home of Mrs. Jerald D. Stone on Rosewood Road, Royal Oak.

A talk and demonstration of china painting will be given by Mrs. Nora Luce of Royal Oak is planned. Hostesses will be Mrs. George Miller, Mrs. Paul Peck and Mrs. R. J. Mager.

Kathryn Anne Higgins, William L. Shanks Wed

In a setting of Christmas greens and poinsettias, Kathryn Anne Higgins exchanged vows with William L. Shanks Wednesday evening in Drayton Avenue Presbyterian Church, Ferndale. A reception in the Women's City Club, Detroit, followed the ceremony performed by Dr. H. Paul Sloan.

Dr. and Mrs. Kenneth F. Higgins of Ferndale and Mr. and Mrs. Leslie T. Shanks of Ferndale, formerly of Pontiac, are parents of the newlyweds. The bridegroom is the grandson of the William A. Windsters of Union Lake.

BRIDE'S GOWN

A deep yoke and sleeve detail of Brussels lace accented the white peau silk beaded gown styled with controlled skirt fullness and chapel train. Bouffant illusion veiling was attached to a lace Juliet cap. Phalaenopsis orchids, stephanotis and lily comprised the bridal cascade.

Carol Higgins attended her sister as honor maid and bridesmaids included the bride's sister-in-law Mrs. Christopher C. Higgins of Midland, Anne St. Clair of Birmingham, Mrs. Chris Wilhoit of Royal Oak, and Diane Payne, Denver, Colo.

BLUE DRESSES

Garnet roses and Louisa carnations in smilax rings and velvet Dior head bows complemented their blue tulle dresses styled with sapphire blue velvet bodices.

Gary Robertson of Clarkston was best man. Ushers were the bride's brother Dr. Christopher C. Higgins, Harry Freeman, Daniel Valmasini, Grand Rapids; Robert Bowman, Battle Creek; Harold Wilson, Ypsilanti, and the bridegroom's brother-in-law, Dr. John Kennedy of Ann Arbor.

Returning from a honeymoon in Chicago, the couple will live in Royal Oak. Both are graduates of Michigan State University.

Miniature pink roses complemented Mrs. Higgins' emerald green silk brocade and Mrs. Shanks' dress of green faille.

MRS. WILLIAM L. SHANKS

Get Together for Christmas After 13 Years

First Christmas together in 13 years was celebrated at the Hamilton Court home of the Ernest P. Filippos when their son-in-law and daughter, Major and Mrs. Ernest P. Filipp Jr. of Alexandria, Va., joined the family.

Also attending the get-together were the Junior Mrs. Filippos' mother, Mrs. Marie W. Kowalski, and the senior Filippos' son and daughter-in-law, Mr. and Mrs. Bill J. Filipp with daughter Rhonda, Mark Avenue, and son-in-law and daughter, the James W. Moores of Dixie Highway with children Anna, Linda, Joell and Randy.

Major and Mrs. Filipp left for Virginia Wednesday morning.

Fashions for spring by American designers are soft in silhouette and fabric as these two recently presented in New York indicate. At left a floral patterned chiffon print by Count Sarni gathers at the neckline and drapes side ways over a slim skirt. Velvet bands the midriff. Jacket of the James Galanos creation at the right is fashioned of blue lace with skirt of white crepe.

Big, All Star Teams Set for Big Weekends

Giants, Packers Near Top Shape for Sunday

Shrine Coaches Not Sure Yet on Quarterbacks

Rose Rivals Like Progress in Latest Drills

Mississippi Favorite in Cotton Title; Defense Big in Others

Blue-Gray Practice Ends Friday; Gator Foes Prep Differently

SAN FRANCISCO (AP) — The lineups for the 37th Shrine East-West football game Saturday are expected for the quarterbacks. Both head coaches, Joe Kuharich of the East and Jim Owens of the West, still were trying to decide today between a pair of outstanding quarterbacks on each side.

Kuharich said he probably wouldn't decide until game time whether the East quarterback would be rifle-armed Roman Gabriel of North Carolina State or Ron Miller of Wisconsin.

Owens had a similar problem, trying to choose between John Hadl of Kansas and Mel Mellin of Washington State.

The West loaded its biggest men into its defensive line in hopes of halting East smasher Ernie Davis of Syracuse and Bob Ferguson of Ohio State, a sensational pair of All-America runners.

The East stacked up what might be an all Big Ten line for its defensive unit, with six Big Ten linemen and Nick Boniccontini of Notre Dame.

RAILMAN MAY START — Kuharich still was undecided too on whether he would use Angelo Dabiero of Notre Dame or Gary Ballman of Michigan State as the East flanker back. Dabiero is the smallest man on either squad at 5-foot-8 and 165 pounds but is the light guy from Donora, Pa., is rugged.

The contest, to be televised nationally from San Francisco's Kezar Stadium Saturday, figures as a test between the East power as represented by Ferguson and Davis and the West's speed and deception.

MONTGOMERY, Ala. (AP) — Blue-Gray coaches planned to work today on smoothing off the rough edges and mounding half a hundred college football stars into the Shrine East-West game.

Heavy contact work was to be completed today, with Friday's drills eased up to preserve peak condition for the third annual clash the next day.

FAST GROUP — South head coach Ray Graves of Florida and associates Earle Edwards of North Carolina State and Dutch Meyer of Texas Christian have assembled a speedy group, but its backfield averages only about 185 pounds, or 15 pounds under the Yankees.

North coach Ben Schwartzwalder of Syracuse admits respect for the Southern speed merchants. He plans to counter with an offensive backfield including Bill Tumbull of Michigan, a driving 230-pound fullback, and 200-pound Jim Dillard of Oklahoma State, who gained 627 yards in 218 plays this year.

JACKSONVILLE, Fla. (AP) — You can't beat success in the college football coaching business. That's why more eyebrows haven't been raised over coach Bobby Dodd's program of preparing his Georgia Tech team to meet Penn State in the 17th annual Gator Bowl game Saturday.

The past two days coach Ritz Engle has had his 46-man Penn State squad practicing long hours on a high school field at St. Augustine.

Where have Georgia Tech's players been enjoying the Christmas holiday season at their homes. Dodd will see them for the first time in four years.

MIAMI BEACH, Fla. (AP) — In the only other game of the night, the second place Toronto Maple Leafs and the Chicago Black Hawks played to a 0-0 tie, the first scoreless deadlock in the NHL in four years.

DUPAS WINS OVER AKINS — Miami Beach, Fla. (AP) — Ralph Dupas, owner's second-ranked welterweight, looked and jabbed to a 10-round unanimous decision over former champion Virgil Akins Wednesday night.

From Our Wire Service

The New York Giants and Green Bay Packers appear to be conquering their physical problems as they headed into the final days of preparations today for the National Football League championship game set for Sunday at the Packer stadium.

Giant coach Alie Sherman feels now will be in the best shape of the season with injured veterans Alex Webster, halfback, offensive tackle Roney Brown and defensive tackle Jim Katcavage ready to go.

Packer running ace Jim Taylor was running well yesterday for the first time since he suffered a painful back injury in the last regular season game although not up to normal speed. He had his greatest day against the Giants.

The West loaded its biggest men into its defensive line in hopes of halting East smasher Ernie Davis of Syracuse and Bob Ferguson of Ohio State, a sensational pair of All-America runners.

The East stacked up what might be an all Big Ten line for its defensive unit, with six Big Ten linemen and Nick Boniccontini of Notre Dame.

From Our Wire Service

The New York Giants and Green Bay Packers appear to be conquering their physical problems as they headed into the final days of preparations today for the National Football League championship game set for Sunday at the Packer stadium.

Giant coach Alie Sherman feels now will be in the best shape of the season with injured veterans Alex Webster, halfback, offensive tackle Roney Brown and defensive tackle Jim Katcavage ready to go.

Packer running ace Jim Taylor was running well yesterday for the first time since he suffered a painful back injury in the last regular season game although not up to normal speed. He had his greatest day against the Giants.

The West loaded its biggest men into its defensive line in hopes of halting East smasher Ernie Davis of Syracuse and Bob Ferguson of Ohio State, a sensational pair of All-America runners.

The East stacked up what might be an all Big Ten line for its defensive unit, with six Big Ten

Miss Wilson's Return Long Overdue

Look Who's Back--Marie!

By BOB THOMAS
AP Photo-Tony Stone
HOLLYWOOD—It's nice to see Marie Wilson back in movies—and so much of her!

When it was known that Marie would be taking a shower in "Mr. Hobbs Takes His Vacation," your reporter was in hand.

Hobbs Takes His Vacation," your reporter was in hand. The scene had to be reshot several times. As Koster commented, "We see too much of Marie."

It is the third nude scene I have covered this month, the previous participants having been Julia Meade-Tom Poston and Elsa Martinelli-Charlton Heston. This one had Marie and Jimmy Stewart caught in the steamy shower room.

Marie was wearing the traditional uniform for such scenes: the flesh-colored, leotard director Henry Koster sometimes referred to as a leopard. Normally such an outfit would satisfy all censorial objections, but on Marie it could get a theater raised. Koster had to admonish her repeatedly to hold the shower curtain where it would do the most good.

The scene has Stewart stum-

bling into the shower room late at night in a report hotel. He encounters Marie, supposedly a decorous bird-watcher but actually a late-night tippler who is steaming out her hiccup. Stewart struggles to escape, but the door knob comes off in his hand.

"Mr. Hobbs Takes His Vacation" is making up for an oversight. The films haven't been seen enough of Marie in recent years. Her last role was as Marie Antoinette ("I lost my head") in "The Story of Mankind," an epic-movie marvel made in 1957 and apparently seen by no one.

Before that it was "Marry Me Again," a merry romp with Robert Cummings in 1953.

What has she been doing all this time? "Oh, I've been busy," she said. "I guess we've played 50-60 weeks in Las Vegas in the past few years. And everywhere else, too."

"We" consists of herself and Ken Murray, her longtime sparring mate of "Blackouts."

If anything, Marie's figure is

better than before—a supple 38-35-37½. Her waist is three inches smaller than when she ruled as queen of the "Blackouts."

OK A-Material for Soviet Use

AEC Approves Export of Radioactive Steroids for Medical Research

WASHINGTON (AP)—The Atomic Energy Commission has approved the export to the Soviet Union of a small quantity of radioactive steroids for use in medical research.

Steroids are a group of chemicals which include such compounds as cholesterol, the sex hormones and cortisone. Those in the approved shipment, the AEC said Wednesday, are made radioactive with Carbon 14. This will permit the movement of the compounds to be traced through the bodies of experimental animals.

The substances are used in studies of metabolism.

The export license was granted by the Atomic Energy Commission. The steroids are a group of chemicals which include such compounds as cholesterol, the sex hormones and cortisone. Those in the approved shipment, the AEC said Wednesday, are made radioactive with Carbon 14. This will permit the movement of the compounds to be traced through the bodies of experimental animals.

The AEC emphasized that the material to be exported has no military value.

KUWAIT TENSION—The map locates key spots in new British moves to send arms to the Persian Gulf sheikdom of Kuwait.

British Admiralty said at least six warships have sailed from East African base of Mombasa. Troops were reported standing by to be flown from Malindi, Kenya, if needed. In another Middle East development, Egypt broke ties with the Arab kingdom of Yemen.
