City Moves Swiftly for Income Tax Revenue

By BOB WISLER

Despite the threat of appeals to overturn yesterday's Circuit Court decision upholding Pontiac's income tax, city officials are moving swiftly to take advantage of an estimated $1.6 million in new revenue.

Only minutes after Judge William J. Beer declared the city needn't hold a special election on the city income tax, City Manager Joseph A. Warren canceled expected budget cuts amounting to more than $500,000.

By late yesterday afternoon tax forms were mailed to some 2,500 businesses and firms in Pontiac to enable them to begin withholding income tax from their employes.

Warren said the mailing will be completed today.

The city manager said that because of the decision the tentative 1968 general fund budget unveiled to the city commission two weeks ago will be scrapped.

BUDGET

The budget — drawn up in belief that the city would not collect any income tax money at least until July — called for expenditures of $7.6 million.

Warren said he will ask the commission to cancel a scheduled Jan. 16 public hearing to review the budget and to submit a revised budget as soon as practicable.

The city manager said a budget will have to be formed before any decisions can be made on how additional tax revenue will be spent.

★ ★ ★

The news of the court decision had an electrifying quality among city employes.

'MORALE HIGH'

"Morale is as high as it has been in some time," Personnel Manager Nicholas Santiwan said.

Four different employe groups are negotiating with the city for 1968 wages and benefits, and the prospect of additional funds could make bargaining easier.

Warren said the administration will take full advantage of the tax revenue.

While city officials don't seem overly concerned about the possibility of Beer's decision being reversed, legal appeals appear likely.

DRIVE TO CONTINUE

Cecil C. Mullinix, 571 Lowell, the principal organizer of the drive to get the income tax question placed before the voters in a special election, said:

"We will use every legal means available to get a referendum election."

Mullinix's attorneys, Robert E. Cunningham and Robert D. Coon, indicated they will seek redress in the State Court of Appeals.

★ ★ ★

Another Pontiac attorney, Richard D. Kuhn, this morning also announced he would take a legal interest in the referendum question.

TELEGRAM

Kuhn, who has a lawsuit going to stop the state income tax, sent a telegram to Mayor William H. Taylor Jr. asking a special session of the City Commission to consider delaying collection of the income tax.

Kuhn said as far as he was concerned Beer's ruling would be overturned and the city would eventually have to refund any money collected.

The attorney said the case presented by the city before Judge Beer was inadequate and the city should now take steps to appeal Beer's ruling in order that a more final determination be made.

★ ★ ★

Kuhn said if it appeared that the ruling would not be appealed he would seek to enter the case. "This is far from settled," he said.

City to Advise Businesses on Tax Procedure

Some 3,000 businesses and firms will soon receive instructions from the City of Pontiac advising them how they should deduct income taxes from employe wages.

The tax was declared to be in effect as of Jan. 1 by Circuit Judge William J. Beer yesterday and city officials took immediate steps to see that collections begin as soon as possible.

All businesses and firms doing business or located in Pontiac are obliged to withhold taxes from employes.

Residents working outside of the city will submit income taxes at the end of the year.

Deductions will be allowed on income just as the federal government allows deductions. A standard $600 for the employe and $600 for each dependent is allowed.

TAX DEDUCTIONS

City income taxes paid can be deducted from state income tax and federal income tax bills at the end of the year.

Sampling of a tax schedule distributed by the city shows employes will have deducted:

To Withhold (1 per cent)

Wages (per week)	Exemptions 2	4
$80 - 82	$ .58	$ .35
$98 - 100	.76	.53
$124 - 126	1.02	.79
$150 - 152	1.28	1.05
$172 - 174	1.48	1.25
$194 - 196	1.72	1.49

Biting cold which numbed most of Michigan during the night spread eastward today. The coldest temperature reported in the state was 15 below zero in Houghton.

More of the same — partly cloudy windy, snow flurries and cold — is the forecast for Pontiac area through Sunday.

Here is the official day by day U.S. Weather Bureau forecast:

TODAY — Partly cloudy, windy and continued very cold through tonight with chance of snow flurries. High today 10 to 17. Low tonight 5 to 10 above zero.

Westerly winds at 14 to 20 miles per hour will become west to southwesterly and diminish a little tonight.

TOMORROW — Variable cloudiness and continued quite cold with possible snow flurries.

SUNDAY — Mostly sunny but continued cold.

Precipitation probabilities in per cent are: today 20, tonight 40, tomorrow 30.

U.S. Investigates Hanoi 'Peace Bid'

Another Cancer Fear for Lurleen

GOV. WALLACE

MONTGOMERY, Ala. (AP)—Alabama Gov. Lurleen Wallace says her doctors have discovered a thumbnail-size nodule in her pelvic region and it is "possibly malignant."

Gov. Wallace has had two operations for cancer in less than three years.

Her doctors say treatment should take care of the growth.

She returns to M. D. Anderson Hospital at Houston, Tex., Monday, to begin another series of radiation treatments.

With her will be her husband, former Gov. George Wallace, a near-certain third party candidate for president.

3 TO 4 WEEKS

The treatments will last from three to four weeks.

Wallace will remain with her at least part of that time, but aides say they aren't sure yet what his exact plans are.

Mrs. Wallace, 41, flew back to Montgomery yesterday afternoon from two days of tests at the cancer clinic. The latest series of checks was her second in a month.

In a statement released through an aide late yesterday, Mrs. Wallace said she expects the radiotherapy to be conducted on an outpatient basis, as it was following her second operation last July.

Car Crash Kills Area Man, 36

A 36-year-old Waterford Township man was killed last night when his car was struck broadside by another auto on Dixie Highway in Waterford Township, police reported.

Dead on arrival at Pontiac General Hospital was Bobby C. Melton of 2962 N. Williams Lake.

Police said Melton failed to yield the right of way when he pulled out of a driveway near 2675 Dixie Highway on to the highway at about 10:30 p.m.

He was struck broadside by a car driven by Gerald D. Hockey, 32, of 6315 N. Williams Lake, according to police. Hockey said he was traveling at 40 miles per hour.

Hockey was treated at the hospital and released.

Families Paying Part of Burial for GIs Killed in Viet

WASHINGTON (AP) — Many grieving American families have been forced to help pay for burying sons and husbands killed in Vietnam because government funeral allowances fall short of covering costs, a survey shows.

Families interviewed by The Associated Press reported the funerals cost them from $300 to $700 more than the government provided.

In Pontiac, Glenn Griffin of Sparks-Griffin Funeral Home, past president of the National Funeral Directors Association, commented: "The family could have a civilian burial for the government allowance of $300. This would probably involve picking up the body at the airport and having only a graveside service.

"A traditional service would probably run more than the government allotment. The survivors of the deceased veterans must decide themselves what kind of burial they want. The total burial charges will depend upon what they chose," he added.

Griffin said that charges for most plots at area cemeteries range between $85 and $150. A concrete vault would run $140 to $250 depending upon the type.

17 Killed in Fires Across the Nation

By The Associated Press

Fires have claimed at least 11 lives today, most of them children, in the frozen Northeast and plains states.

And in Simi, Calif., six members of a family died in a fire which broke out when, apparently, all were asleep.

Fireman Cliff Pate said his unit of the Ventura County Fire Department arrived within 10 minutes of the first alarm telephoned by a neighbor but the family's two-story, $28,000 home was engulfed in flames.

Flames swept a house in Coatesville, Pa., and firemen said seven children of Mr. and Mrs. Ralph Hoover were missing and presumed dead.

Hoover, his wife, Dorothy, and another child, Mary, 10, escaped the fire, which destroyed the Hoover home and four adjacent houses.

NORTH DOKOTA

A couple and their two sons died in a fire that destroyed their home in Fargo, N. D.

The couple, Mr. and Mrs. Bernard Jenkins, perished in the flames with their sons, Bruce, 10, and Steven, 12.

In Holyoke, Mass., 1,400 students and 74 faculty members at Holyoke Junior Community College were in temporary quarters today after a fire destroyed the school's main building yesterday.

Other Nations Are Interested in N. Viet 'Move'

By The Associated Press

What appears to be a peace feeler from North Vietnam is arousing interest in capitals where peace in Vietnam is a prime concern.

★ ★ ★

U.S. officials say they are trying through foreign governments to find out exactly what Foreign Minister Nguyen Duy Trinh meant when he said Saturday that his government "will" discuss "relevant questions" with the United States if the United States unconditionally stops the bombing and other acts of war against North Vietnam.

Specifically, President Johnson wants to know whether North Vietnam wants "prompt and productive" talks on ending the war if the bombing should stop.

Secretary of State Dean Rusk told a news conference yesterday Hanoi has apparently shifted policy. But he said the administration is also watching carefully what happens in the fighting itself for indications of Hanoi's real policy.

★ ★ ★

A year ago, Trinh had said cessation of acts of war against North Vietnam "could" get talks started.

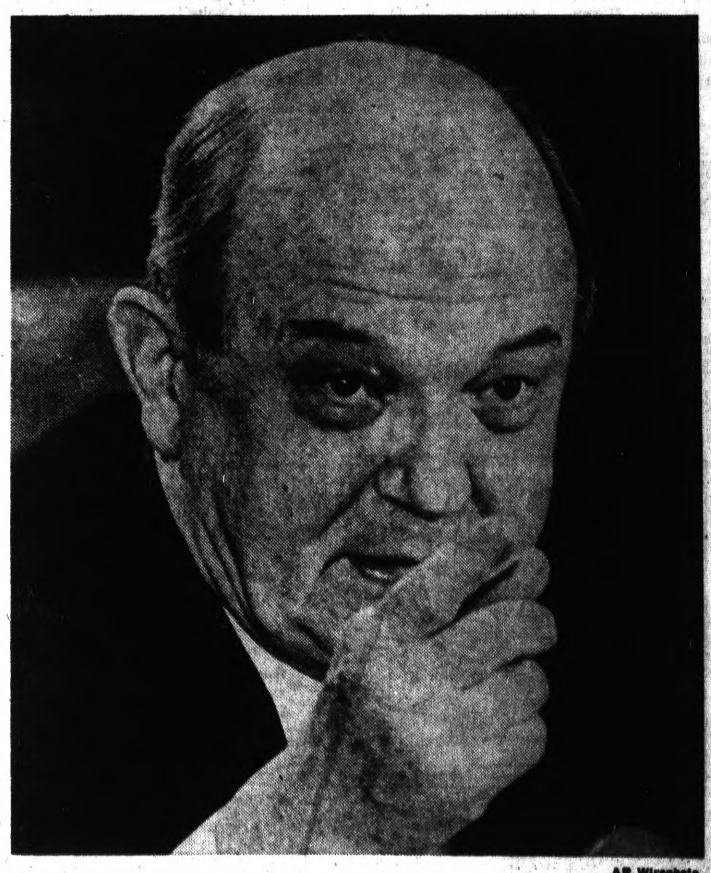

'CONDITIONS NARROWED'

Some American officials consider the difference between Washington's and Hanoi's conditions for talks have been narrowed.

Others think Trinh's statement may be part of a new propaganda effort to mobilize foreign opinion against the U.S. bombing.

They contend it leaves a good many questions unanswered.

Food Poisonings Nearing 200

The Oakland County Health Department said today that reports of cases of food poisoning from food purchased in a Birmingham store during the holidays were still trickling in. Reported incidents may reach 200, it was estimated.

The source of infection has been blamed on cooked corned beef sold at Alban's Bottle and Basket, 190 N. Hunter.

Some 3,000 pounds had been prepared and sold, much of it on a carry-out basis, prior to New Year's Eve.

The first outbreak was noted that night, and incidents increased the next few days. Today the outbreak was apparently over, but previous cases were being reported by phone to health authorities.

Health authorities urge anyone who purchased the cooked corn beef during the period to destroy it.

CULTURE TESTS

Laboratory tests, taken by county and state officials, were being completed today. The time lapse is needed for growing cultures to determine exact source of infection.

The ailment is labeled "staphylococcal food poisoning" and though distressing is not serious except in the case of heart disease or diabetic persons.

Health authorities said the infection is spread by food handlers who probably are unaware of being the source.

★ ★ ★

Tests will indicate the exact type of infection involved and which person it came from, health authorities said.

The restaurant has not been cited in any way as yet and is reportedly in operation, having destroyed any possible further source of food infection.

'Electrical' Thread May Mend Hearts

LOS ANGELES (AP) — Scientists at a New Jersey research firm believe they have discovered a thread that could be used to patch or replace a damaged heart.

The thread was described here by Dr. Leslie K. Gulton, president of Gulton Industries, Inc., of Metuchen, N.J., a pioneer company in the development of polycrystaline piezoelectric material.

The way to make the thread was discovered last week, Gulton told newsmen yesterday.

He said the thread incorporates tiny crystals that transform electrical energy into mechanical energy and may open approaches to solving the problem of building an artificial heart.

It is capable of being woven into "cloth" and thus has several potential applications for mending or replacing damaged hearts.

He said the thread is made of a polycrystalline piezoelectric material.

Dr. Gulton said the heart string may be used to sew a patch over an area of the heart that has been damaged and the patch caused to beat by passing electricity from a battery into the threads.

He also envisioned the thread being used to sew an artificial heart that could be wrapped around a heart that has stopped beating or to relieve a heart that is recovering.

★ ★ ★

Gulton Industries also makes electronic equipment for monitoring physiological reactions in patients. It has a contract with Dr. Adrian Kantrowitz of Maimonides Hospital in New York, who last month attempted a heart transplant.

'U.S. Bomb Blasts Soviet Ship'

SAIGON (AP) — U.S. pilots struck within nine miles of Red China's border Thursday and blasted bridges close to Hanoi and Haiphong, then carried the first big air offensive of the new year into the third day today.

The Soviet government claimed that a U.S. plane during a two-hour attack on Haiphong Thursday badly damaged the Soviet freighter Pereslav-Zalessky with a delayed action bomb that exploded on a barge some six feet from the Russian ship. The Soviets said none of the ship's crew of 41 was injured.

The U.S. Command in Saigon refused to comment on the Soviet charge. The communique reporting Thursday's raids told of heavy damage to two of the port city's four main bridge but said nothing of any attacks on the harbor or docks used by foreign ships. Both are still on the Pentagon's off-limits list to avoid attacks on Soviet ships that would further strain relations between Moscow and Washington.

The break in the monsoon weather over the northern part of North Vietnam continued today for the third day, and officers at U.S. headquarters cautiously predicted a brief extension at least of the good flying weather. U.S. officials had hopes of another all-out offensive similar to the week of deep-penetration raids in December, when the seasonal rains and heavy clouds lifted temporarily.

Ground fighting in the south paralleled the intensity of the air war, with today's war communiques reporting fierce battles in the sensitive northern provinces and along the Cambodian border area northwest of Saigon.

U.S. plane losses over North Vietnam rose with the return of the raiders into the nest of missiles and antiaircraft guns around Hanoi and Haiphong.

★ ★ ★

The U.S. Command announced the loss of an Air Force F105 Thunderchief and a Navy F8 Crusader, making three U.S. planes downed since the new air offensive began Wednesday and a total of 777 officially reported lost since the air war started.

The U.S. Command also announced the loss of an F100 Super Sabre to ground fire in South Vietnam, the 220th U.S. combat plane downed in the South.

U.S. Headquarters reported 135 missions against North Vietnam Thursday, as unusually large number for the rainy season.

★ ★ ★

The raids penetrated within nine miles of the Red Chinese border, where Air Force Thunderchiefs raked antiaircraft guns on the northeast rail line from Hanoi and then turned to bomb the Lang Son highway and rail bridge which had been repaired during the rainy season.

U.S. pilots reported mushroom explosions blanketed the two Haiphong bridges that Navy planes attacked.

Try to Build Support for Gov. Romney

BEDFORD, N.H. (AP)—Govs. Nelson A. Rockefeller of New York and John H. Chafee of Rhode Island had an hour-long private meeting — described by one of those on hand as a "pep talk" — with about 200 New Hampshire Republicans Thursday night.

It was aimed at trying to build support in this lead-off primary state for the presidential candidacy of Michigan Gov. George Romney.

★ ★ ★

Among those at the gathering were several who backed Rockefeller in his losing New Hampshire effort four years ago. A source among them said: "Rockefeller did not quite convert us to Romney. We still think Rockefeller is our man."

Asked by newsmen about this after the meeting, Rockefeller responded: "Well, they're old friends. The important thing is that they work for George Romney."

QUICK CORRECTION

Chafee told newsmen, at a conference, that he was in New Hampshire to "Support Rockefeller"—then immediately corrected it to Romney.

The Rhode Island governor was asked about what a newsman termed Romney's image of being "sanctimonious and inarticulate."

★ ★ ★

"I never knew that being sanctimonious — having an access to virtue—is a liability," Chafee replied.

One source at the private meeting said: "Rockefeller said one reason for Romney's inability to communicate his ideas is the fact that Romney is more experienced with politics on the state level and that he is unfamiliar with the operations of the national press."

UNITY URGED

Before the closed-door session, Rockefeller said he will urge Romney supporters to unite what he termed the party's moderates behind Romney. Chafee described Romney as a winner who has displayed leadership abilities.

Rockefeller stressed he is not a candidate and won't be one, adding he was in the state to support Romney.

The Traffic Improvement Association of Oakland County (TIA) will conduct a series of six evening meetings for county driver education instructors at its offices at 3580 W. Maple.

★ ★ ★

To be held from Jan. 9-24, the meetings are part of a county-wide program designed to elicit support for improvements in high school driver education.

PROJECT AIMS

Among aims of the project are making driver education a full semester course, providing for adult driver education programs in all schools and persuading high schools to grant credit for driver education work.

Sale of Bonds Is Authorized

Oakland Schools Intermediate District has been authorized to sell $1 million of bonds to complete and equip a $3.3-million administration building now being built.

Approval came from the State Municipal Finance Commission, headed by Atty. Gen. Frank J. Kelley.

Proceeds from the bond sale will be used to provide clinics, a library and data processing center in the five-story building under construction at Telegraph and Pontiac Lake Road in the Oakland County Service Center.

Oakland Schools Board of Education levied a quarter-mill tax more than a year ago to cover debt retirement of a previous $2½-million bond sale for the building.

★ ★ ★

Dr. Rex Wood, Oakland Schools treasurer, said he expects the tax will continue at least through 1973 when the new bond issue expires.

Heart Recipient Is Recovering, Eating

CAPE TOWN, South Africa (AP) — Heart transplant patient Philip Blaiberg ate some corn flakes and a soft-boiled egg today, the first semisolid food he has had since his operation three days ago. A hospital bulletin said his body was free of infection and showed no sign of rejecting its new heart.

The Groote Schuur Hospital bulletin made no mention of symptoms doctors said Blaiberg developed Thursday that could indicate he was reacting adversely to the new heart. The bulletin reported: "The condition of the heart is satisfactory. Dr. Blaiberg's general condition and blood circulation are good. He is still in the oxygen tent."

★ ★ ★

Dr. Christiaan Barnard, the chief of the heart transplant team, had reported Thursday that Blaiberg was exhibiting symptoms which developed in Louis Washkansky, the first human to receive a grafted heart, and which the doctors took to mean Washkansky's body was asserting its natural tendency to expel foreign tissues.

"This time we are not reacting to them (the symptoms) as rejection," said Barnard. "Perhaps we treated the last patient too early for rejection." He did not elaborate on what the symptoms were.

Barnard said earlier the intense antirejection treatment may have weakened Washkansky's natural defenses against infection and made it impossible for him to combat the pneumonia attack that killed him on Dec. 21, 18 days after receiving a young woman's heart.

Blaiberg, a 58-year-old retired dentist whose diseased heart was removed Tuesday and replaced by that of a 24-year-old man who died of a stroke, was reported by Barnard Thursday to be "progressing extremely well."

'Peace Feeler' Is Investigated

(Continued From Page One)

The statement aroused hope in New Delhi and Ottawa, and South Vietnamese Foreign Minister Tran Van Do said Hanoi could be signaling an appreciable change in its position.

DEVELOPMENTS

Here are major developments following the broadcast of Trinh's statement at a reception in Hanoi:

VIENTIANE — Informed sources in the Laotian capital said North Vietnam has asked the governments of Laos, Cambodia and Burma if their capitals are available for preliminary peace talks.

★ ★ ★

Premier Souvanna Phouma was said to have made Vientiane available, but Phnom Penh —the Cambodian capital—was believed a more likely site.

NEW DELHI — A spokesman for the Indian government termed Trinh's statement "a great advance" and expressed hope the United States would respond.

PARIS—A spokesman for the North Vietnamese diplomatic mission in the French capital affirmed Trinh's statement and said, "The next step is up to President Johnson."

OTTAWA — A foreign ministry spokesman said Canada is discussing the "potentially promising" North Vietnamese statement with the United States and Britain.

NEW YORK — U. N. Secretary General U Thant said Trinh's statement reinforced his own view that a halt in the U. S. bombing would lead to peace talks.

Families Face Burial Bill for GIs Killed in Vietnam

(Continued From Page One)

"The government furnishes a very suitable metal casket, however, and most families use it," he said.

Cost for opening and closing the grave usually runs between $125 and $150 in the Pontiac area, according to Griffin.

"Thus a plot and burial could be arranged for under $300, but the tradtiional aspects that many people want, such as having the body in state at a funeral home, death notices, flowers, and an organist are all additional costs," said Griffin.

★ ★ ★

Lance Cpl. Robert M. Carlozzi of Wheaton, Md., died in Vietnam in November. He was buried the same month at Arlington National Cemetery.

TRIPPLED AMOUNT

"I'd say I paid out three times what I got from the government," said Carlozzi's father, Salvatore. "And I don't think I did anything special or expensive for my boy."

A Virginia woman who asked not to be identifed said she had to take $650 "from our daughter's college fund to pay for my husband's funeral.

"It cost us almost $1,000 but all the government was willing to pay for a man who gave his life for his country was $300."

Some funeral home officials said in a cost sampling taken in more than a dozen areas across the nation that they voluntarily cut their charges on services for the Vietnam dead to keep the cost to the soldiers' families within the government allowance limits.

'ESSENTIAL' SERVICES

When a serviceman dies in Vietnam, his body is embalmed, placed in a flag-draped aluminum coffin and flown to his home town at government expense. His family is given an allowance for his burial.

The amount of the allowance is prescribed by military regulation based on surveys of average prices for "essential" funeral and burial services throughout the country, government sources said.

A family gets $75 if it agrees to have the military transport the body in its military coffin to a military post or national cemetery for military services and a military burial.

★ ★ ★

In such a ceremony, the family must pay only for its own transportation to and from the cemetery.

ALLOWANCE

The allowance is $150 if the body is transported to a civilian funeral home or church with a military burial later and $300 if both funeral and burial are to be civilian.

Officials at several military posts and national cemeteries, including Arlington National Cemetery, the national cemetery at Marietta, Ga., West Point and Ft. Riley, Kan., said $75 is sufficient to cover costs as long as burial is in the military casket in a plain grave with a cemetery-supplied marker.

Burial in a new coffin, erection of a monument or burial in a vault all would run considerably over the allowance.

★ ★ ★

Funeal home officials say things get much more expensive when any part of the ceremonies involve them.

'PAUPER'S FUNERAL

"It's just not possible to stay within the allowances," said James Eaton of the Joseph Gawler Sons funeral home in Washington. "If we had to bury a boy for $300 we'd have to give him a pauper's funeral."

OCC Given $500,000 for Student Area

Oakland Community College was awarded a $500,000 federal loan yesterday for construction of a $4-million student commons area at the Orchard Ridge campus in Farmington Township.

The five-story student commons, more commonly known as a student union at other colleges, is expected to be completed in May.

★ ★ ★

Considered the hub of the campus, the commons will contain a restaurant, cafeteria, book store, lounges and recreation facilities. It is one of 11 buildings in a $18-million complex which partially opened in September.

The loan was given the college by the Department of Housing and Urban Development in Washington, D.C.

Search Party Finds Bodies of Two Fliers

PORT HURON (AP)—Searchers, trekking through snowy woods in subzero weather, today found the bodies of two men in the wreckage of their plane where it crashed at the Black River in Sanilac County.

The bodies of Weslie Parker, the pilot, and Larry Bullock, both of Yale, were retrieved from their single-engine Luscombe.

★ ★ ★

The search party using a powered ski sled in 6-below-zero weather found the wreckage of the green and white plane about six miles inland from Lake Huron, 20 miles southeast of Sandusky.

The men had been missing since Wednesday night when they failed to return from a planned fishing trip to Charity Island in Saginaw Bay. Parker's daughter, Diane Moran, 17, told authorities they left Yale early Wednesday on the trip.

UNDER INVESTIGATION

Cause of the crash was under investigation.

Col. Kenneth Kirton of Detroit, director of Michigan Civil Air Patrol emergency services, said Parker had used the plane before for ice fishing.

★ ★ ★

Eight aircraft from the Coast Guard, Air Force and Civil Air Patrol hunted for the wreckage Thursday, Kirton said.

Legislator Won't Seek Senate Seat

LANSING (AP) — Republican State Rep. Melvin Destigter of Hudsonville said today he has changed his mind and will not run for the Senate seat vacated last month by the death of Harold Volkema.

"After countless hours of examining the legal details and many meetings with experts on constitutional law, I am convinced that challenging the legal precedents built up over the years would be fruitless at this time," Destigter said.

★ ★ ★

"Even more important," he added, "is the fact that I have learned that other qualified candidates might be available as soon as I made this decision."

Destigter announced last week he would seek the 23rd District seat despite an attorney general's ruling which forbids a legislator from being elected to any state office which he would assume before his legislative term expired.

★ ★ ★

The 1963 ruling was interpreted as permitting a House member to run for the Senate in a regular November election, but not in a special election for a Senate seat which the representative would assume before his House term expired.

"Even if I were successful in being nominated and winning the special election it appears that the votes for me would be voided and that my Democratic opponent would be awarded the seat by default," Destigter said.

★ ★ ★

"This would be a travesty on the popular election process and would take away the right of the people of the 23rd District to elect the senator of their choosing," he added.

NATIONAL WEATHER — Snow and snow flurries are expected tonight around the Great Lakes and in the Utah-Colorado area. Rain is forecast along the Texas Gulf Coast. It will be colder in the New England states and milder in the Ohio and Mississippi valleys.

Area Senator to Propose Anticrime, Riot Council

State Sen. George W. Kuhn of West Bloomfield Township has called for the establishment of a nine-member state internal security council to serve as a crime and riot deterrent.

The 14th District Republican legislator said yesterday he would introduce a bill to set up such a council when the Legislature convenes for its regular session next week.

Kuhn also predicted that the 1968 Legislature will pass more and tougher anticrime and riot laws than any other legislature in Michigan's history.

The riots which struck Detroit and other Michigan cities last summer point out a serious communications and intelligence gap between various civilian law enforcement and military agencies in the state, Kuhn said.

★ ★ ★

The council's objective "would be to keep abreast of all subversive activity, either planned or contemplated, which would tend to undermine the health, welfare and public safety of any citizen of the State of Michigan, regardless of race, creed or color," Kuhn said.

★ ★ ★

He proposed that the council be made up of the governor, State Police commissioner, National Guard commander, officer in charge of the FBI, state attorney general, and two members each from the Senate and House.

County Ice Activities Get Go-Ahead Signal

The green light is on for ice activities in Oakland County, according to Lt. Donald Kratt, director of the sheriff's department safety division.

He described the ice formation as "darn good," but added that "it's not yet deep enough for automobiles and it's advisable, as always, to stay off ice under bridges or on streams where currents flow."

He said there is now a six to eight-inch base on most Oakland County waters.

Kratt explained that the ice must be thicker than this to safely support the weight of a car and that currents, which are common in bridged areas, tend to weaken and break up ice formations.

★ ★ ★

With temperatures hovering around the zero mark for the past few days, more ice should be developing, he said.

FISHING HOLES

Kratt urged that ice fishermen replace the blocks they cut to make the area safe for skaters and snowmobile operators.

He added that snowmobile drivers are subject to the same safe-operating laws as boaters.

City Officials Act Swiftly on Income Tax

(Continued From Page One)

Mullinix was also critical of the hearing before Judge Beer. Although not present, Mullinix said he understood the city "didn't put up any defense."

Director of Law Sherwin M. Birnkrant said the court procedure was proper and long established in that he had presented the facts of the case and asked Judge Beer for a declaratory judgment without attempting to say whether the provisions of election laws and city charter nullified the petitions.

Judge Beer upheld a suit brought by a Pontiac police officer and a fireman which contended that the petitions requesting a referendum election were not properly certified.

★ ★ ★

Beer found, as attorney Winston L. Livingston contended, that the petitions failed to contain endorsements of three persons filing them and did not include certification by the circulator that "each signature on the petitions was signed in his presence."

STATE LAW

The provisions are called for under the state election law and the city charter.

"The procedure for referendum petitions must be strictly followed — in this case it was not," Judge Beer said in announcing his ruling.

Livingston, in his statement to the court, cited a precedence which, he said, determined that a referendum procedure was such that it allowed a minority to delay the wishes of the representatives of the majority.

★ ★ ★

Because of this power referendum procedures should be strictly followed, he said the court found.

While the legal ramifications may be argued for some time, the income tax will be moving full speed ahead.

Director of Finance Edward R. Gallagher said the income tax will easily bring in the $2.9 million that officials last year estimated it would.

Cost of collecting the money will be about $87,000, he said.

A three-mill property tax decrease, which the commission had promised would accompany any income tax, will reduce the income yield to somewhere near $1.6 million.

NEW EXPENSES

This amount would take care of expected employe pay raises and probably provide for some new services during the year, officials said.

Traffic Confab

EAST LANSING (AP) --Women safety leaders representing some 800,000 members of the National Extension Homemakers Council will gather at Michigan State University Jan. 10-12 for a conference on traffic safety problems. The delegates, from 44 states, will hear speakers from federal, state and local governments and safety organizations.

Despite Upcoming Rate Hike

Continued Postal Deficit Seen

WASHINGTON (AP) — A top postal official says that while it's still possible the new $900 million-a-year postal rate increase may not be enough, he's hopeful there won't be another rate hike for five years.

Ralph W. Nicholson, assistant postmaster general in charge of finance and administration, commented Thursday in answer to a reporter's questions.

★ ★ ★

The rate hike that becomes effective Sunday will raise the price of mailing a letter from five to six cents. Airmail letters go from eight to 10 cents, post cards from four to five cents and air postal cards from six to eight cents.

Nicholson noted that even after the rate hike the annual deficit in postal operations won't disappear. The current deficit is about $644 million.

DEFICIT PREDICTIONS

With the increase, the deficit is expected to drop to $479 million by the end of the current fiscal year next June 30. By June 30, 1969, it should be down to $415 million, but by June 30, 1970, Nicholson predicts, it will be back up to $436 million.

The rate increase was tied to a series of pay raises for the nation's 450,000 postal workers. The raises are in three steps: 6 per cent effective retroactively to last Oct. 7; 5 per cent effective next July 13 and a yet-to-be announced amount effective in July 1969.

PRIME CONSUMER

These pay hikes will consume much of what the post office gets from the increased revenue resulting from the rate rise.

The postal deficit isn't all, however, that the taxpayer pays to keep the post office operating. The post office budget for the current year is about $6.488 billion. The post office—under the old rate schedule—will have revenues estimated at $5.253 billion. The difference—or $1.235 billion—is what the taxpayer supplied to keep the post office operating beyond what it receives from its customers.

★ ★ ★

Of this amount, $591 million is considered to be the "public service" cost of operating the department — namely, the amount expected to be supplied by the taxpayers to subsidize services considered to benefit everybody, including free mail for the blind, lower rates for nonprofit organizations and reduced rates for educational materials.

★ ★ ★

The remaining $644 million—what's neither a public service cost nor covered by revenues—is the deficit.

COVER COST

In theory, revenue from all postal services as a group must cover the cost of operating the Post Office Department—with the exception of the public service cost.

★ ★ ★

Thus, revenue from the higher priorities of mail—first class and air mail, for example—will more than cover the cost of handling this mail. Revenue from lower classes—third class advertising circulars, for example—covers only part of its cost because it's handled on a lower priority basis.

★ ★ ★

Under the new postal rate schedule, rates for third class go up about 34 per cent and second class—newspapers and magazines—will go up about 24 per cent.

Fair Housing Discussed; GOP Leader Still a Foe

LANSING (AP) — Rep. William Hampton, the House Republican floor leader, discussed open occupancy with Lt. Gov. William Milliken Thursday, but said after the meeting he hadn't changed his mind about the bill.

Hampton broke step with other GOP leaders—including Milliken and Gov. George Romney—last month when he voted against the housing bill which the House defeated 47-55.

★ ★ ★

He said Thursday that if the same version of the bill comes to a vote again in the coming regular legislative session, he would vote against it again.

Milliken had pushed hard for passage of the measure during the special session last month while Romney, whose Bloomfield Hills home is in Hampton's legislative district, toured Europe and Asia.

DISCUSSION

Hampton said he and Milliken met in "a real delightful atmosphere" and discussed the housing bill and other issues expected to face the Legislature when it convenes next Wednesday.

Hampton said he emphasized to Milliken that although he voted against the measure, he had not actively opposed it or asked other Republicans to vote against it.

Court Action Likely on Troy Drain Plans

TROY — Plans for the Henry-Graham Drain are continuing through final examination and approval while officials here await possible court action by neighboring Sterling Township to halt new construction in the eastern half of this city.

The Sterling Township Board has banned new building in that township and, according to Supervisor William Valusek, directed Township Attorney Michael D. Schwartz to take "whatever action is necessary" to force neighboring Troy to do the same.

"We have a lot of water between 14 Mile and 15½ Mile roads which comes over from Troy," Valusek continued. "And, one way or another, it infiltrates into and overloads our sanitary sewage system, which then backs up into basements."

According to James Pemberton of the Oakland County Drain Commission, the Macomb Drain Commission proposed some time ago that Sterling and Troy merge their resources and build a joint drain to empty into the Red Run Drain.

★ ★ ★

"Troy retained an engineering firm, Hubbell Roth & Clark, to study the problem," Pemberton added, "and their recommendation was that it would be more economical for the city to run a north-south drain to intercept streams flowing east-west and divert them south into the Red Run Drain."

STUDIES BEGUN

Studies on the proposed interceptor, dubbed the Henry-Graham Drain, were subsequently begun by Troy and its neighbor to the south, Madison Heights.

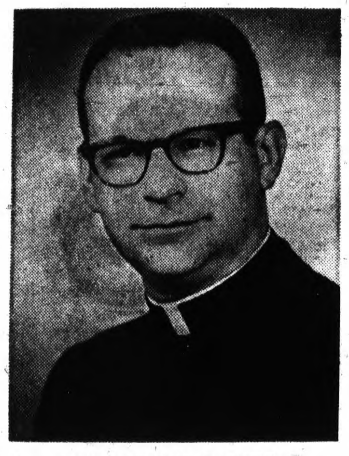

Both cities have since approved the plan and submitted it to the Red Run Drain Board. The board in turn asked for comment from the U.S. Army Corps of Engineers, which helped improve the Red Run project with federal funds in 1950 and reserved the right to approve or ban changes and additions to the drain.

Meanwhile, Sterling's basements have continued flooding. Said Valusek of the new construction ban, "We hope this action will get Troy off dead center on this matter."

★ ★ ★

Valusek added, however, that the towhship's problems have resulted in part from shortcomings in its building code. "We have checked and found that some baements do not have adequate seals," he said. "The water comes in and goes into the drains, which is exactly where we do not want it."

Troy City Manager Paul York conceded that negotiations on the Henry-Graham Drain had been somewhat lengthy, but said, "This is a $4 million project which will be going right through Madison Heights, and it took us a long time to work out the details. Now, however, we've done all that we can do. It's up to the drain commission and engineers to approve the project."

REV. WALTER J. ZIEMBA

Catholic School Exec Is Named

ORCHARD LAKE — The Very Rev. Walter J. Ziemba has been appointed chief administrative officer of the Orchard Lake Catholic Schools by Archbishop John F. Dearden of Detroit.

He succeeds Msgr. Wallace J. Filipowicz who died.

Fr. Ziemba's new duties include that of rector of SS. Cyril and Methodius Seminary, president of St. Mary's College and superintendent of St. Mary's High School.

A former student at the college, the 41-year-old administrator has done graduate work at the Catholic University of America, Washington, D.C., at the University of Notre Dame and the University of Michigan.

★ ★ ★

He was ordained June 2, 1951 by the late Edward Cardinal Mooney of Detroit and was immediately installed as associate professor of English at St. Mary's College.

Fr. Ziemba is the son of Mrs. Thomas Ziemba of Detroit.

Medical Staff Elects

ALMONT — Members of the medical staff of Community Hospital have elected a new slate of officers.

Chosen as chief of staff is Dr. William Martin of Romeo. Dr. Merle B. Haney of this village is the new vice chief, and Dr. Glenn L. Smith of Imlay City was elected secretary-treasurer.

Novi Council Names 4 to Appeals Board

NOVI — The Village Council has appointed three incumbents and one new man to the village Board of Appeals.

Filling the vacancy left by the resignation of Douglas Straith, who will be moving out of the village, is Raymond Warren of 27629 Haggerty.

★ ★ ★

Reappointed were Kenneth Bossett of 42366 12-Mile who has been board chairman since 1958 and Andre Hanson of 26955 Haggerty.

Or, What Are They?

How're Your Chilblains?

By JEAN SAILE

Chilblains?

Ask any once-upon-a-time kid past 35, and they immediately begin scratching around the heel area, that is where the memory lingers.

MRS. SAILE

Ask anybody younger, and they think you're talking about a new kind of drink.

Chilblains were the bane of winter weather. Of course, that was in the days when kids walked far enough to get exposed to some cold.

The first indication of the arrival of chilblains was a vast and unsatisfied itchiness, generally in the area of the feet.

According to my country doctor, chilblains were the next thing to a good frostbite, and once chilled a youngster could be assured of activity on any day the temperature dropped below freezing for at least a year.

The trouble with chilblains was that they began feeling bad just when they should have started feeling good.

SEARING PAIN

A youngster coming to school half frozen from laboring through snowdrifts and biting colds would prop his feet near the best source of heat. The return of feeling to the toes, a delicious sensation, was always accompanied by the most searing blast of pain on the nether regions of the foot.

The treatments ranged from "don't scratch . . . stay away from heat . . ." to the liberal application of kerosene, turpentine or pig's foot oil, or painting with oil of lavender applied with a feather.

And maybe you think that last remedy wasn't worse than the disease.

★ ★ ★

Rubbing with snow or walking barefoot on a cold floor was also recommended and the inevitable onion salted on the cut surface and rubbed on the foot was popular in some quarters.

BEST FORGOTTEN

Conversation in those days wasn't confined to the ever popular "Cold enough for you?" but rather "How're your chilblains?"

They're best forgotten. That's how they are.

Storm Sewer Plans Are Reconsidered

WALLED LAKE — A storm sewer project for part of Decker Road, abandoned five years ago because of lack of funds, is receiving renewed attention.

The City Council has requested that the city manager review the costs of the sewer and the engineering plans. The plans were drawn up five years ago for $15,000, said city manager Royce Downey.

While the original plans include about 1,900 feet of Decker Road from the Greenway Drain south of Maple north to Pontiac Trail, present intentions involve only 900 feet.

This area extends from the Greenway Drain north to the Grand Truck Railroad tracks, according to the city manager.

★ ★ ★

The 900 feet now being considered need the drain more than the remaining 1,000 feet, said Downey. The cost of the entire project was estimated at about $29,000 five years ago.

FUNCTION

The 900-foot drain, which may be financed by all residents, is planned to serve seven businesses and industries and about 400 houses, said the manager.

Downey said that he will have a report to the City Council in two weeks.

The council set Tuesday at 8 p.m. at the City Hall for consideration of the ordinance setting rates for the proposed $1.8-million citywide water system. The ordinance has already had its two public readings.

Contracts for the water mains have been signed and are awaiting approval of the County Board of Supervisors and the State Municipal Finance Commission.

FINANCING

The system's construction will be financed through revenue bonds to be paid off by water charges, said the city manager.

Downey and Councilwoman Mrs. Margaret Thibideau have reported that two of four stores selling "girlie" type magazines have complied with a city request to take the magazines off shelves and not sell them to school-age children.

Mrs. Thibideau, who initiated the anti-smut campaign, is speaking at area churches on the subject.

★ ★ ★

Both the City Council and the Walled Lake Board of Education have passed resolutions condemning the sale and display of alleged lewd and suggestive literature.

William Walters, 1374 Maple, has been appointed by the council for a three-year term to the Election Commission.

Clarkston Bethel to Install Queen

CLARKSTON — Bonnie Hess, daughter of Mr. and Mrs. Gerald Hess, 5951 Flemings Lake, will be installed at 8 p.m. Saturday as Honored Queen of Clarkston Bethel Lodge No. 25, International Order of Job's Daughters. The ceremony will take place at Davisburg Masonic Temple.

Other officers to be installed include Jill Sansom, senior princess; Sue Biddle, junior princess; Michelle Biondi, guide; and Sewell Riggs, marshal.

Utica's $7-Million School Bond Issue Receives State Approval

UTICA — The State Municipal Finance Commission has given final approval for the Board of Education's $7-million bond issue.

Second half of a $15.5-million issue voted Dec. 10, 1965, the new issue will permit the construction of a new junior high school and three elementary buildings.

The bond issue was floated in two parts, according to Frank Pichel, assistant superintendent in charge of business, because the finance commission only allows issuance of bonds for expenses through one year.

"Before you can issue more bonds," Pichel added, "you have to show that you've utilized all the previously approved funds."

Demands on the district's facilities are mounting rapidly, Pichel said, and "we've always been behind."

"We pick up anywhere from 1,600 to 2,000 students a year. With last year's bond issue we started construction on a junior high school and three elementary schools, but we still had to bring in portable classrooms and rent some church classrooms."

Other new facilities paid for by the $8.5-million issue include a district supply warehouse, seven research centers, a swimming pool for the new Adlai E. Stevenson High School and new school sites costing around $800,000.

Gifts for 1st '68 Baby

ALMONT — Merchants here and in the neighboring communities of Romeo, Capac, Armada, Dryden and Imlay City have contributed gifts to Kimberly Kay Durst, first baby born at Community Hospital in 1968.

Kimberly, weighing in at 6 pounds, 2 ounces, arrived at 12:10 a.m. Jan. 1. She is the daughter of Mrs. Edgar Durst and the late Mr. Durst of Armada.

Meeting Set Tuesday on Avon Annexation and Incorporation

ROCHESTER — The League of Women Voters of the Rochester Area will sponsor a town meeting on the issues of incorporation and annexation of Avon Township at 8 p.m. Tuesday at Rochester Senior High School.

The Avon Township Study Committee, headed by Harold Pepper, and the league will present their respective viewpoints.

★ ★ ★

Mrs. Joel Rowley of Bloomfield Hills will moderate the meeting which is open to the public.

Subjects to be discussed in conjunction with the Jan. 15 vote on incorporation for the township of Avon will include the vote's ramifications and the methods and possibilities of consolidating the two communities of Rochester and Avon.

Principal Elected Union Head

Frederick G. Forsythe, principal of Johnson Elementary School, was elected last night to head the newly formed Huron Valley Administrators Association.

The votes of the eight principals and assistant principals present were unanimous. The association includes 13 administrators in positions lower than assistant superintendent.

Kenneth R. Jones, principal of Highland Elementary, had been serving as temporary chairman and said he relinquished the post for personal reasons.

First chairman of the association was Sanford Burton, principal of the Baker Elementary.

The association recently requested recognition as a collective bargaining unit from the Huron Valley Board of Education. The association's petition has been tabled until Jan. 22 by a four-to-one vote of the board.

Concerns of the principals and assistant principals in forming the association are grievance procedures, wages, the chain of command, mileage factors, and mutual aid and benefit.

Discussion on the formation of the association began several months ago, said an association member. The petition to form the association was put in circulation about Dec. 15 and received 13 signatures.

★ ★ ★

This represents more than 50 per cent of those eligible to join the association.

New Fire Chief Appointed in W. Bloomfield

WEST BLOOMFIELD TOWNSHIP — Mel Jorits is serving as the new fire chief here.

His appointment was recommended by the township Fire Committee and approved by the township board early this week.

Jorits, with the township fire department since last June, was formerly the assistant chief.

The board also approved the committee's recommendation to retire Fire Chief Edward Heiron, who turned 65 in November. Heiron had been inactive since last April due to illness.

★ ★ ★

The appointment of Township Supervisor John Doherty as the third member of the Fire Committee was also approved. He is filling the unexpired term of the late Edward Emmett DeConick.

3 BOARD MEMBERS

The Fire Committee, according to township ordinance, consists of three township board members. It is headed by Trustee Walter J. Whitmer.

The board has also approved the special assessment roll of the New England Estates sewer district. No resident appeared at the public hearing on this matter held early this week.

A public hearing for the assessment roll for the Bel-Aire sanitary sewer improvement district was set for Jan. 22 at 7:30 p.m. at the Township Hall.

★ ★ ★

The board approved a new fee schedule for review of plats by the Township Building Department in conformance with the new plat act.

Grade Crossings Snarl Auto Traffic

What gives the Grand Trunk Railroad the right to repeatedly tie up early morning and evening rush hour traffic for extended periods at its West Huron Street crossing?

The clash between increasing vehicular traffic and railway schedules has reached the point in Pontiac where something must be done.

One obvious answer is grade separations. We need them—at West Huron, at South Saginaw, at North Johnson.

★ ★ ★

A long line of cars backed up on West Huron over the hill at Pontiac Central High School and literally out of sight has become all too common.

The latest example of this came at 7:45 on a recent Friday morning. A breakdown left a freight train sitting across the West Huron crossing for more than 35 minutes. Traffic was piled up for blocks in both directions.

After the train finally was moved, a constant procession of rail traffic—including another train that stopped at the same crossing for several minutes—kept traffic bogged down until at least 9 a.m.

★ ★ ★

We can't blame the railroad for having mechanical breakdowns. All businesses experience this problem occasionally.

But the scheduling of rail traffic at rush hours seems avoidable. It has also been suggested that freight traffic be rerouted around Pontiac, but there is little evidence on the surface that this has been attempted.

We have solved the problem of truck traffic on downdown thoroughfares in our cities by building bypasses. Why can't the railroads build a few?

★ ★ ★

It would be interesting to know how many people are late to work in a year in this city because they were hung up at a railroad crossing. How many man hours are lost by Pontiac employers? What is the loss in dollars and cents?

These crossing tie-ups are costing Grand Trunk Railroad a pretty penny, too. Consider the thousands that a railroad of this size must spend on public relations each year.

★ ★ ★

The efforts of the best public relations men are wasted when they fall on the ears of angry motorists delayed by a breakdown or one of those long freights.

Sovereignity of 'The Rock' Hard Nut to Crack

Representatives of Great Britain and Spain meet in Madrid Wednesday to open negotiations on the future status of Gibraltar, the 2.5-square-mile rock peninsula on the southern coast of Spain.

Gibraltar has been ruled by the British for 263 years. Adm. Sir GEORGE ROOKE captured the Rock from Spain in 1704, and it was formally ceded to Britain by the Treaty of Utrecht in 1713. The cession was confirmed by the treaties of Paris (1763) and Versailles (1783).

★ ★ ★

Britain's long tenure does not impress the Franco government, which regards Gibraltar as a "disruption" of Spain's territorial integrity. For the past three years, Spain has exerted heavy economic and diplomatic pressure on Gibraltar in an effort to force the British to leave.

First, military flights over Spanish territory were banned. Then, last October, the frontier between Gibraltar and Spain was closed to vehicular traffic. Restrictions on British airliners landing at Gibraltar were imposed early in 1966.

★ ★ ★

Britain's position as expressed by its delegate to the United Nations is that "We could never agree that decolonization could mean the incorporation of Gibraltar into Spain against the wishes of the people." The inhabitants of Gibraltar — mostly of Italian, Portuguese and Spanish descent — expressed their wishes in a referendum last September. They voted 12,672 to 44 to continue their ties with Britain.

Spain's ambassador to the United States said at a news conference last month that settlement of the Gibraltar dispute need not entail a victory for one side or the other. What the Spanish government seeks, he said, is an agreement satisfying "all interests involved under full international guarantees."

★ ★ ★

Unfortunately, such agreements are rare in territorial disputes.

'Reliefers' Seen Organizing for More Relief

We see frequent references to a movement to organize welfare recipients into a union to exert political pressure in pursuit of bigger unemployment checks. Undoubtedly "fringe benefits," as yet unspecified, would enter into the program.

Apart from voting against politicians who failed to further their cause, we wonder what action members of such a union would take in case of a strike.

King of Jazz Eclipsed by 'Subjects'

By DICK SAUNDERS

It was front page fare last week when Paul Whiteman died.

SAUNDERS

The stories told about the passing of the "King of Jazz."

There were many things Whiteman was, but "King of Jazz" wasn't one of them. That tag could well be the most unfortunate thing in an otherwise brilliant musical career.

Whiteman had a keen insight. He recognized jazz as something far more than a passing fad. He recognized first rate jazz musicians and gave them work in his orchestra.

He gave us recorded solos of the legendary jazz cornetist Bix Beiderbecke. The youthful Dorsey brothers recorded with him. Bing Crosby's initial recording efforts with the Rythm Boys came under Whiteman's tutelage.

The point is that, where jazz is concerned, Whiteman's great contribution was simply his ability to recognize these talents and use them. This hardly qualified him for king status.

There were others . . .many others. Take, for instance:

★ ★ ★

Sidney DeParis, Rex Stewart, Henry "Red" Allen, Francis "Muggsy" Spanier, Edmund Hall, Wilbert Tillman, Walter "Fats" Pichon, Pete Johnson, Buster Bailey, Buglin' Sam Dekemel, Herman Chittison, Ida Cox, Jimmy Archey, Keg Johnson and Henderson Chambers.

Here were kings (and a queen) of jazz and blues. They all died last year, too.

★ ★ ★

Most of them were Negroes, which is as it should be since the Negro has given us this lone original art form in American music.

With limited tools and literary scope at his command, the Negro created excitement, sadness and most of all, a thing of sincere, intense beauty.

I'm afraid I won't remember Whiteman as a king of jazz . . . or even a prince.

★ ★ ★

I'll remember Sid DeParis playing his sensitive, muted counter melody to "Brahm's Lullaby" in the murky recesses of Jimmy Ryan's in New York City.

I'll remember that night at the old Central Plaza that Buster Bailey held a note through five choruses of "St. Louis Blues."

I'll remember the marvelous, hard driving horn of Red Allen in a wild jam session at the Stuyvesant Casino.

★ ★ ★

I'll remember Muggsy's trips to Detroit and the punchy, spirited statements from his horn that never ceased to be beautiful in their simplicity.

That's a lot of royalty to lose in one year.

The ranks are growing thin.

'—But I'm Married, Still In School, Am Over 26 And I Have A Real Bad Cold!'

David Lawrence Says:

Romney Not Urging Viet Pullout

WASHINGTON—Gov. Romney of Michigan went abroad for a month to get firsthand impressions about the world situation which would help him in his campaign for the Republican presidential nomination. But he didn't come back with the recommendation that the United States get out of Vietnam.

LAWRENCE

While he made some suggestions, he did not veer from the basic principles of President Johnson's foreign policy.

This is a significant occurrence. Too many critics have jumped to the conclusion that the American people not only want to pull out of the war but are willing to do it on a "peace at any price" basis and toss aside the sacrifices made by the men in the armed services of the United States.

The Vietnam problem changes in some respects all the time, and public-opinion polls show a growing number of citizens — though by no means a majority — who would be content with any kind of a peace.

Gov. Romney acknowledges that Vietnam is "the single most consuming issue throughout the world."

★ ★ ★

He says he made it clear everywhere on his trip that "there would be no lessening of our determination to find a satisfactory settlement as a result of this year's election — there would be no abandonment of Vietnam."

PRESTIGE DECLINING

The Michigan governor verified what has been reported before — the fact that, while American prestige is still a plus among the people of other nations, it is declining in some areas.

"All of these problems, of course," he added, "are complex and difficult to solve. There are no easy answers. But it is clear that current American programs and policies are not meeting them."

Romney did not, however, explain what he would do if he had command of America's foreign policy. All he said was that the United States needs "a global foreign policy which is more cohesive and less dominated by expediency."

He was referring, to be sure, not only to American military involvements abroad but also to foreign-aid programs, as he remarked:

"We need to define and commit our resources on a more selective and less wholesale basis. We must inspire confidence rather than resentment, and we must encourage self-sufficiency rather than dependence abroad."

★ ★ ★

President Johnson would agree with every word of this, and declare that this has been and will continue to be his objective.

Bob Considine Says:

St. Pat's Claim to Fame ...Those Four Red Hats

NEW YORK — Countless thousands have streamed through St. Patrick's Cathedral here in New York and never looked at one of its claims to fame. Here's the story from correspondent Ruth Underhill:

"It is curious that every Easter Sunday for the past 30 years the most fabulous hats on Fifth Avenue have never been photographed or televised or even talked about.

CONSIDINE

"They were the three large red cartwheels hanging in the cathedral 108 feet high up over the main altar. Now there are four, the only such group of cardinals' hats in America.

"Modern designers have yet to create as dramatic a decoration as the 15 tassels which hang from either side of each hat. Pyramided from one on the top row to five on the bottom, the cord-laced tasselas reached the ankles of the wearers.

★ ★ ★

"The hats, made of broadcloth looking like the finest felt, have huge brims measuring 22 inches from edge to edge, and the rims are bound with narrow grosgrain ribbon. The rounded hat crowns are shallow.

OWNERS OF HATS

"The first of the four hats belonged to the first American cardinal, John McCloskey, born in Brooklyn March 10, 1810 and died in New York City Oct. 10, 1885.

"Near it, suspended from the faintly lighted vaulting, is the hat of John Cardinal Farley, born in Newton Hamilton, County Armagh, Ireland, April 20, 1842, died in Mamaroneck, N.Y., Sept. 17, 1918 — when his hat was hung.

"Twenty years later the hat of Patrick Cardinal Hayes was airborne, Cardinal Hayes was born in New York City on Nov. 20, 1867 and died Sept. 4, 1938, in Monticello, N.Y.

★ ★ ★

"Now the three are joined by the hat of Francis Cardinal Spellman, born in Whitman, Mass., May 4, 1889, died Dec. 2, 1967, in New York City.

"A cardinal wears his hat only once. During his elevation to the Sacred College it is placed on his head. He never wears it again. The hat remains at the cardinal's residence until it is placed on his bier. The hat belonging to Cardinal Spellman rested in a glass-topped drum with its tassels circled around its giant brim.

★ ★ ★

"According to historical legend it was a countess of Flanders who was responsible for the creation of the cardinal's hat.

"She had difficulty distinguishing between bishops and cardinals, so she took her problem to Pope Innocent IV, who soon afterward, June of 1245, presented these odd and highly recognizable hats to all the Roman cardinals."

Decision on City Taxes Prompts Many Questions

Are Mayor Taylor and the Commissioners for the people and by the people, or against them?

★ ★ ★

It seems we have completely lost all our rights to have any say as far as our City government is concerned. First they told us we will be taxed—which way do you want it? Then they said we could have a right to vote "yes" or "no." Now the Commission says it is "real happy" that one man, Judge Beer, just took that right from us.

It is my belief that all who signed petitions so we could have a fair say about this were sincere. Is this really the American way—letting one outsider like Judge Beer have so much authority over what we want or don't want to pay?

Two View Governor Romney's Activities

I'm sorry Governor Romney couldn't be with us for Christmas, or November or October. I wonder if our next Governor will sit down and do the job he is elected to do or if our State will be just another stop on his campaign tour.

K. JOHNSON
5690 OSTER

How come Michigan has to pay for two governors while one travels all over the Country and abroad? Does he tell other states how he runs this state? He always comes back with a new tax. The taxpayers should oust him on his return and demand he pay back his last two years' salary, then Michigan wouldn't need an income tax.

Taxpayers Discuss Increased Property Tax

Sixteen years ago we bought four lots in Waterford Township and built a house that we thought we would be able to live in after I retire. Our taxes were raised $274.77 over our 1966 taxes. I wrote to Elmer Johnson, Waterford Supervisor, asking him to see if they had made a mistake. As of this date he has ignored the request. I don't think many retirees will be able to live in Waterford with these high taxes.

DISGUSTED

Elderly Taxpayer Disturbed by Barking Dog

When will we get dog laws without innocent people having to suffer? I'm nearly 70 years old, yet to get rid of a dog that keeps me awake day and night I must sign a court order. The owner says there are 100 dogs barking in this neighborhood, which is true, but these aren't in 50 ft. of my bedroom window. I'm a taxpayer but no one cares if the dogs annoy me.

Question and Answer

I'm sure I saw a tombstone in the yard of a private home right here in the City. Doesn't the law say you have to be buried in a cemetery?

G. W.

REPLY

According to Mrs. Tisdale of the State Board of Mortuary Science in Lansing, there is no law against burial on private property so long as it doesn't infringe on neighbors' water rights, etc. However, she emphasized this presents obvious problems should it be necessary to sell the property.

Reviewing Other Editorial Pages

Hampered . . .

(Los Angeles Times)

Everyone professes concern over increasing crime yet efforts to cope with the problem are hampered by inertia or ideological arguments.

President Johnson's anti-crime program ran afoul of liberal-conservative disagreements and bogged down in Congress.

The major item, the Safe Streets and Crime Control Act, would have provided $50 million in "seed money" to help cities and states improve law enforcement. It passed the House loaded down with amendments opposed by the Administration, but the Senate version didn't even clear committee. Other bills in the package fared worse.

★ ★ ★

That, however, should not be used as an excuse to avoid action at the local level. Concerted effort must not be longer delayed.

Correcting failures of our society is admittedly, a long-range job. But there are other steps which can be taken if the citizenry permits itself to become more involved.

★ ★ ★

"We, the people" formed this union; and as President Lincoln observed our government is "of the people, by the people and for the people."

But when it comes to combatting crime the response is all too often: "Who, me?"

That attitude is evidenced by such things as failure to report crime, refusal to sign complaints or testify and lack of adequate support for law enforcement agencies.

★ ★ ★

It has been asserted that violent crime cannot be reduced unless there is substantial improvement in police-community relations in minority areas. We suggest that there should also be substantial improvement in community-police cooperation in all areas, because crime today is by no means confined to any particular area or group.

★ ★ ★

Use of traffic controllers at downtown intersections has freed an equal number of regular officers for patrol duty. Yet that was more than offset by the necessity for assigning 200 plainclothes officers to check violence which led to a bus strike threat. The cost of such urgent action was high, but the resultant reduction in crime paid off.

Much more money will be required in virtually all police jurisdictions, and tremendous budgetary difficulties will be created. Money alone will not solve the problem.

What is needed is a massive effort on the part of community leaders and the citizenry. There must also be acceptance of the fact that while the costs of combatting crime will be high, the costs of crime itself are infinitely higher.

Tighten Belts

Frankfurter Allgemeine

The devaluation of the pound only makes sense if England is ready to tighten its belt for a while. With the improvement of the trade and payments balance, with export surpluses, a revival of the economy will come by itself. Then even de Gaulle will have no convincing argument against the entry of England to the E.E.C. Then England will be welcomed as a partner of equal value.

2 Detroit Groups Offered Funds

DETROIT (AP) — Two rival Negro groups formed to help rehabilitate Detroit's riot-torn areas have been offered $100,000 matching grants to carry on their work—provided they keep on speaking terms.

The Ford Foundation grants were announced Thursday by Joseph L. Hudson Jr., millionaire department store magnate.

Hudson is chairman of the New Detroit Committee, a blue ribbon group established to plan and coordinate programs aimed at easing the racial tensions believed to have ignited last summer's violence.

Hudson told newsmen that the committee was not trying to decide which leaders were to be the chief spokesmen for the Negro community or to single out which group or groups should speak for Detroit's Negroes.

"Therefore, we have to insist that an interlink, an intercommunication device, be set up among the federations submitting proposals," Hudson said.

★ ★ ★

The two groups recognized by the New Detroit Committee are headed by the Rev. Albert B. Cleage Jr., an outspoken advocate of black nationalism, and the Rev. Roy Allen, who believes in an integrated approach to the city's problems.

Cleage heads the Federation of Self-Determination, while Allen is president of the Detroit Council of Organizations.

Under the Hudson committee's proposal, the $100,000 grants must be matched by an equal amount raised by the Negro groups. The money would provide support for a one-year program.

REPRESENTATIVE

Hudson said William Patrick, a business executive who was Detroit's first Negro city councilman, would represent the New Detroit Committee as an observer keeping tabs on the extent of cooperation between the Negro groups.

Both Cleage and Allen must agree that none of the grant money will be used for political purposes, Hudson added. There has been speculation that several Negroes may run for mayor in the 1969 election.

The New Detroit Committee's plan recognizing both Negro groups may have stilled a controversy which arose over a previous announcement indicating only Cleage's federation was in line for financing.

Allen's group protested the decision, which was announced in a press release and then withdrawn. He threatened a boycott of some white business firms, presumably the J. L. Hudson department store chain among others.

POLICE STUDY

At the news conference, Hudson also was critical of the decision by Mayor Jerome Cavanagh to postpone a study in depth of the Detroit Police Department as proposed by the New Detroit Committee about four months ago.

Cavanagh announced earlier in the week that the study was being deferred pending appointment of a new police commissioner and because of a reorganization of the department that has been under way for 18 months.

★ ★ ★

"This study needs to be made," Hudson said. "This is one of the most critical, urgent and important items before this community. We wish to express our deep disappointment in the delay and deferral of this study . . . we feel that much time has been lost and that this has been tragic."

The study was urged by the committee on grounds that the police image in the Negro community could undergo improvement and the department needs to review its techniques "for the world of the late 1960s and the 1970s."

400 Nurses Get Raises

DETROIT (UPI) — Nearly 400 Wayne County nurses will pocket an emergency $721 raise in an effort to ward off nurses' resignations in county hospitals.

Dr. Herschel Wells, director of Wayne County General Hospital, the hospital most severely hit by the nursing shortage, said yesterday the situation "is so acute in the county that vital health services will have to be curtailed."

A general raise for all county workers is scheduled for April 1, but the Wayne County Board of Supervisors yesterday approved $100,000 for nursing raises in order to keep them in county hospital employ.

The board also gave final approval to the establishment of a new organized crime division in the county prosecutor's office.

County Prosecutor William L. Cahalan sand the Justice Department recently listed Michigan as harboring one of the wealthiest organized crime syndicates in the nation withmost of the concentration in the Detroit area.

The board okayed $38,000 for hiring of two new assistant prosecutors, an investigator and a secretarial staff for the special division.

Junior Editors Quiz on EARTH

QUESTION: If the earth is flat outside, why does it look round from space?

★ ★ ★

ANSWER: This is an interesting question, for the earth certainly looks as flat at the flattest pancake (lower picture). Yet, in the remarkable pictures sent back to earth by space satellites (upper left), we see the earth hanging in space, fully revealed as a round sphere.

In our picture, teen-ager Charlie, who knows all the answers, is trying to convince his tough-minded little brother that the earth is actually round despite its flat look to a human eye.

The prof of its roundness—seeing only the upper part of a ship's mast over the horizon—was widely used until our days of convincnig photographs from satellites and moon probes.

The reason why the earth's surface looks so flat to us is that we are so very small in relation to it. The part of the earth we can see stretching out around us is such a very small part of the general curve that it appears to have no curve at all. As soon as astronauts begin to get really high up in their spacecraft, however, the curve of the earth is clearly seen.

Plane Checks Ordered

WASHINGTON (UPI) — The Federal Aviation Administration has ordered 59 FH227 turboprop airliners periodically inspected for possible defects in their attitude control systems.

The agency said 49 of the planes were in use by four U. S. airlines—Ozard, Mohawk, Northeast and Piedmont, nine are still at the manufacturer's plant and one is owned by the Chesapeake & Ohio railroad.

Mohawk, which has a fleet of 18 FH227s, reported yesterday it had its planes checked over immediately after receiving the FAA order Wednesday night.

No defects were found and Mohawk has been operating normally since then, a spokesman said.

★ ★ ★

Ozark said none of its planes were grounded by the FAA order.

BACK IN SERVICE

Piedmont said it planned to have all 10 of its FH227s inspected and back in service today.

★ ★ ★

A spokesman for Northeast Airlines said six of its seven FH227s were inspected Wednesday afternoon and "no problems were found."

Northeast said the FAA order stemmed from an incident Wednesday when its other FH227 made an emergency landing at Portland, Maine, after an elevator trim tab came loose on a flight from Augusta, Maine, to Boston.

THE VERY BEST SERVICE IN THE WORLD FRETTER'S

Pontiac Press Photos by Rolf Winter

Mrs. Charles E. Letts Jr. of Birmingham (left) is chairman of the committee planning a preview reception Sunday evening at Cranbrook Academy of Art Galleries. Admiring with her some of the exhibits from "Living With Wood" is Mrs. Edward Johansson, also of Birmingham, wife of the Swedish Consul. The exhibit opens to the public on Tuesday and remains until Feb. 4.

Musicale Sets Federation Day

Federation Day will be celebrated by members of Tuesday Musicale of Pontiac at 1:30 p.m. in Central Methodist Church.

★ ★ ★

Mrs. Raymond Reece, president of the Michigan Federation of Music Clubs will be the speaker. Mrs. James K. Rosenthal, chairman, will introduce Victor Hickman, violinist and accompanist, Mary Partlow.

★ ★ ★

Hickman, a Western Michigan University graduate, studied with Julius Stulbert and Dino Asciola. He is currently with the Pontiac Symphony Orchestra and teaches music in the Birmingham School System.

★ ★ ★

Miss Partlow received her BA degree from Our Lady of Lakes College and MA degree from DePaul University. She studied with Katcha Andy and is currently teaching music in the Birmingham School System.

Show Film for Women

The film "Attack" will be shown Tuesday in the gymnasium of the Pontiac Police Department for members and guests of the PBX Club of Pontiac. It will be accompanied by a judo demonstration by a group from the YMCA.

The meeting will begin promptly at 7:30 p.m.

Twelfth Night at Cranbrook

The annual Twelfth Night Gala at Cranbrook will be Saturday from 8 to 11 p.m. in Cranbrook House.

★ ★ ★

Henry S. Booth, chairman of the Cranbrook Foundation board of trustees and youngest son of Cranbrook's founders, Mr. and Mrs. George G. Booth, is heading the committee making the celebration arrangements.

★ ★ ★

He is assisted by Mrs. Robert Carr, representing Cranbrook Academy of Art; Mrs. Ronald S. Rice, of Brookside School; Robert E. Bates, of Christ Church Cranbrook; Mack C. Goodwin, of Cranbrook School; Helen V. Fisher, of Cranbrook Institute of Science and Suzanne LaCroix, of Kingswood School.

★ ★ ★

Details of the Gala are never revealed in advance. However Mr. Booth will read the Christmas Story from the Bible; Cranbrook personnel will represent Mary, Joseph and the Three Wise Men and Robert Bates will lead the carol singing.

★ ★ ★

Guests will include members of the faculty and staffs of the Cranbrook institutions, trustees and directors of the institutions, board members of the Cranbrook Music Guild and St. Dunstan's Guild and their spouses.

Two Musical Events Are Planned in This Area for Next Week

The Renaissance Quartet will appear in the final concert of the third annual Oakland Community College Contrast Series on Tuesday.

The performance will begin at 8 p.m. at Bloomfield Hills High School.

A quartet of voice and instruments, the Quartet will perform master works of the Renaissance and Middle Ages.

FOUR ARTISTS

The Quartet is comprised of four distinguished artists:

- Joseph Iadone, regarded as America's foremost lutenist, has appeared frequently on the concert series at the New York Metropolitan Museum of Art and as guest artist with the New York Pro Musica;
- Barbara Mueser, a former member of the New York Pro Musica, is one of the few masters of the viola da gamba;
- Morris Newman is a virtuoso of the recorder and has recently appeared as soloist in the Bach Brandenburg Concert at Philharmonic Hall;
- Robert White, tenor, has performed in NBC-TV opera productions, as soloist with the New York Philharmonic and the the historic Elizabethan Evening at the White House for the late President Kennedy.

For tickets, contact Contrast Series, Oakland Community College, 2480 Opdyke Road, Bloomfield Hills, Mich. 48013.

★ ★ ★

Trumpeter Al Hirt and his musical associates Pee-Wee and the Young Set will divide an evening's entertainment with the Detroit Symphony Orchestra next Friday.

Proceeds of the benefit concert in Ford Auditorium will go to the Symphony's Pension and Maintenance Funds.

Hirt will emcee his part of the program, chatting with the audience and the five-member Young Set while performing a wide variety of popular tunes.

Sixten Ehrling will conduct the 103-member Symphony in the Glinka Overture to "Russian and Ludmilla" and the Moussorgsky-Ravel "Pictures at an Exhibition."

Ticket information may be obtained from the Auditorium box office or by mail to the Detroit Symphony, Ford Auditorium, 20 East Jefferson Ave., Detroit.

Can Hide Newspapers, Not Truth

Learning Begins in the Home

By ABIGAIL VAN BUREN

DEAR ABBY: My wife and I are both college graduates, and our nine-year-old daughter, who is in the fourth grade, loves to read. Each week she goes to the library and brings home books, which she devours. She also loves to read your column in the newspaper.

ABBY

Abby, I can explain murders and riots to her, but how can I explain some of the things she reads about in your column? This week she asked me what a "homosexual" was. She also wanted to know how you get a "venereal" disease!

I told her that a homosexual was a person who had a problem getting along with the opposite sex, and a venereal disease was a serious infection.

Must I hide the newspaper from my child? Do you really receive so many letters of this kind as to justify printing them? Or was this just a bad week?

RANDOLPH, MASS., DAD

DEAR DAD: Yes, I really receive sufficient letters of "this kind" to justify printing them. You are fortunate to have a child who loves to read, and doubly fortunate that she asks you to explain things she does not understand.

Few children reach maturity without hearing a good deal about the subjects you mentioned, and what better place than home is there for them to learn the facts? You can "hide" the newspaper from your child, but you cannot hide from her the somewhat less than lovely truths of life.

★ ★ ★

DEAR ABBY: A girl I have known all through high school, and three years of college was recently married. I ran into this girl at the student's lounge, and just automatically said, "I hear you got married. Congratulations!"

She seemed annoyed and then she said, "Gosh you congratulate me as if you thought it would never happen." Since this the farthest thing from my mind, I was shocked.

My mother said that I had committed the ultimate sin—that one congratulates the groom, and to the bride she says, "Best Wishes." That sounds so corny. I would like your opinion.

FOOT IN MOUTH

DEAR FOOT: Your mother is right. However, if that is the most "ultimate sin" you ever commit, you may qualify for sainthood.

★ ★ ★

DEAR ABBY: My husband is a year away from retirement, at which time we plan to buy a trailer and live in Florida. I possess many family heirlooms. Cut glass, hand-painted dishes, etc. They have been in my family for years. My husband wants me to sell them.

I want to keep them in the family by handing them down to my daughters. (I have three.) We certainly can't take them with us, and the money would come in handy, although we aren't what you would call "hard up."

Could I ask my daughters if they would like to BUY them? They could afford it, but then, would that be right? They didn't cost me anything as I got them from my own mother. I would rather keep them in the family instead of selling them to strangers. I want to be fair. What should I do? WAITING

DEAR WAITING: Money always "comes in handy" — but since you're not "hard up" and prefer to keep your heirlooms in the family, GIVE them to your daughters.

CONFIDENTIAL TO "THE FIRST LIEUTENANT:" You weren't the first — obviously.

GORDON STAPLES.

Seventh concertmaster in the history of the Detroit Symphony Orchestra, Gordon Staples will succeed Mischa Mischakoff in the post upon retirement of the 72-year-old Mischakoff in August.

Staples Follows Mischakoff in Detroit Symphony Post

Gordon Staples, an assistant concertmaster of the Detroit Symphony Orchestra since 1956, will succeed to the post of concertmaster in August, upon the announced retirement of 72-year-old Mischa Mischakoff. Mischakoff will complete 16 years in the position.

Staples' appointment concludes an eight-month "open audition" situation advertised throughout the professional music world. All Symphony vacancies are filled through audition, with final selection made by Music Director Sixten Ehrling.

★ ★ ★

Staples was born in Los Angeles in 1930 and began studying violin at the age of 6. At age 10, he moved with his family to Vancouver and studied violin for six years with Gregori Garbovizky, a former pupil of Leopold Auer. Staples began giving concerts at the age of 13, and at 14 he was staff solo artist for the Canadian Broadcasting Company, performing weekly over the trans-Canada network.

Staples also studied further with Jami Szanto at the Philadelphia Academy of Music, from which he was graduated, and then with D. C. Dounis in New York. He made a much-acclaimed New York debut, at age 19, as soloist with the New York Little Symphony, and has concertized extensively in the United States, Canada, and Latin America.

Following tenures as concertmaster of the U.S. Navy Symphony in Washington, D.C. and as concertmaster of the New Orleans Symphony he joined the Detroit Symphony in 1955.

INSTRUMENT

Staples plays the famed "Halir" Stradivarius, which he acquired in 1965.

He has been a featured soloist with the Detroit Symphony on 17 occasions, under the batons of Paul Paray, Valter Poole, and Sixten Ehrling.

In 1966 Staples gave the Detroit premiere of Alban Berg's Violin Concerto, with Ehrling conducting the Orchestra. Staples also performed the work twice with Ehrling and the Orchestra at last summer's Meadow Brook Music Festival.

★ ★ ★

Staples will next be heard as soloist with the Detroit Symphony at the Cabaret "Pops" Concerts in April. He will play the Tschaikovsky Violin Concerto, to be conducted by Arthur Fiedler.

Group Sponsors Bridge Benefit

An annual press luncheon heralding the 12th telephone bridge party sponsored by University of Michigan Birmingham Alumnae Club was held in Mrs. Lynn Townsend's home on Island Lake Thursday.

The fund-raising gala takes place Jan. 23 in several area homes (about 45). Two sessions are slated, the first at 2 p.m. and then again at 8:30 p.m.

Proceeds will once again be used for three undergraduate scholarship funds and for a second time, the University's Office of Continuing Education for Women.

Mrs. Edwin Deer, chairman and Mrs. Harold Coon, president took reports on various committees and their progress.

★ ★ ★

Plans are still in the formative stage for an all day workshop on March 12 or 13 on "Drugs and How They Affect Youth." At this point, the session which begins at 10 a.m. (location undecided but in the Birmingham area) will feature two University of Michigan professors in law and medicine and the clergy in individual talks on the subject.

Open to the public, the workshop is being sponsored jointly by the U. of M. Alumnae Council and this Birmingham unit.

OU Supporters to Be Honored at Club Dinner

Oakland University will honor members of the Oakland University Chancellor's Club at a formal dinner tonight in Bloomfield Hills Country Club.

★ ★ ★

Formed a year and a half ago, the Chancellor's Club is made up of individuals who support the University through an annual gift of $1,000 or more, or make a gift of at least $10,000, which entitles them to life membership.

★ ★ ★

To date, more than 60 persons have joined the new organization, which was was established in 1966 by the Oakland University Foundation.

★ ★ ★

L. Clifford Goad, Bloomfield Hills, is chairman of the Chancellor's Club. He and Mrs. Goad, along with Chancellor and Mrs. D. B. Varner, will greet guests as they arrive for dinner.

★ ★ ★

Following dinner the Oakland Singers, under the direction of John Dovaras, will present a short musical program.

GUESTS

Chancellor's Club members who will be attending the dinner include: Mr. and Mrs. Charles F. Adams, Mr. and Mrs. Don E. Ahrens, the Benjamin J. Anibals, Dr. and Mrs. Howard B. Barker and Mr. and Mrs. H. Glen Bixby.

★ ★ ★

Mr. and Mrs. Warren S. Booth, Mr. and Mrs. Virgil E. Boyd, the Rinehart S. Brights, Mr. and Mrs. William H. Burgum, Mr. and Mrs. Louis H. Cole and the Robert M. Critchfields expect to attend.

★ ★ ★

Others are Mr. and Mrs. Harold A. Fitzgerald, Mr. and Mrs. David L. Gamble, the John G. Grahams, the C. Allen Harlans, Mr. and Mrs. Henry C. Johnson, Mr. and Mrs. John S. Judd, the Marvin L. Katkes, Mr. and Mrs. Semon E. Knudsen, Mr. and Mrs. Roger M. Kyes and the Norman F. Mealeys.

★ ★ ★

Concluding the list are Mr. and Mrs. John Prepolec, Mr. and Mrs. Harry N. Wieting, Jr.; Mr. and Mrs. R. Jamison Williams, the James O. Wrights, Mr. and Mrs. Theodore O. Yntema, the John M. Harlans, Mr. and Mrs. Max Fisher, Mr. and Mrs. E. Curtis Matthews, the Lynn Townsends and Mr. and Mrs. Edward N. Cole.

Religion in the Home Is Federation Program

Mrs. Maxwell Shadley will be hostess to the Pontiac Federation of Women's Clubs meeting Monday at 1 p.m. in the YWCA.

★ ★ ★

"Religion and Home Life" is the title of a program planned by Mrs. Arthur Dewey for the event where members of the Pontiac Woman's Club will serve as hospitality committee.

★ ★ ★

The Pontiac chapter of the National Negro Business and Professional Women's Club will be one of four new groups welcomed at this time.

Mr. and Mrs. Antonio E. Morales of Russell Street announce the engagement of their daughter, Noelia, to Robert N. Stubblefield Jr. He is the son of the Robert N. Stubblefields of Eames Street, Independence Township. A summer wedding is planned.

The Leonard H. Smiths of Emerson Street announce the betrothal of their daughter, Carol Marie, to Glenn Phillip Essiambre. He is the son of the Joseph P. Essiambres of LaFay Drive. Vows are slated for summer.

A late summer wedding is planned by Linda Lee Cook and Michael J. Knight. The bride elect is the daughter of Mrs. Madeline Davies of Dundee Drive and Dale E. Cook of Holmur Street. Her fiance is the son of Mr. and Mrs. Richard J. Knight of Pontiac Lake Road.

Turns Honesty Into Self-Disparagement

By MURIEL LAWRENCE

DEAR MRS. LAWRENCE: Our daughter, 19, became engaged last year. About three months ago her fiance told her that he felt he was unready for marriage and wanted to know more girls before he pledged himself to one. At the time we thought she took this jilting well.

But she has grown very listless and spends all her evenings alone in her room after work. Her friends no longer ask her out as she turns down all invitations. And this depression of hers is worrying us . . . .

ANSWER: It should disgust you. It sure would disgust me. If this young female idiot were mine, I'd walk into her room and yell:

"Shame on you for sitting there hating yourself because you could attract an honest boy! How many males do you think exist in this world who entrust us with the truth of their feelings? Not many!

"If they're uncertain about wanting to marry us, they either lie about it or sneak away. But you found yourself one who told the truth! You got a man who so trusted you that he told you the truth! Instead of sitting here brooding over how badly he treated you, you'd better start trusting him back. Or you really WILL lose him — and deserve to, you young dope!"

★ ★ ★

Tha chance would be excellent that my scorn of her view of herself as a poor, jilted thing would change that view to one of justified and increased respect for herself.

It is not to all women that men confide uncertainty about marrying them or, for that matter, uncertainty about anything else. They are hamstrung by the notion that manliness requires them to be instant deciders who are sure about everything. And so most are scared to tell us that they don't know what to do about everything.

Then along comes one strong enough to confide an honest uncertainty to us and your daughter twists that manly confidence into cause for self-disparagement.

★ ★ ★

I'm not the person to coddle such nonsense but apparently this "depression" isn't nonsense to you. You think your daughter was badly used, too. If her "depression" continues, you'd better get a psychiatrist to pull her out of this binge of self-pity.

Bride Selects Faille Gown for Wedding

A reception in the church fellowship hall followed vows recently for Diane Jean Gustafson and Robert John Tallman.

★ ★ ★

For the rite in Sharon Lutheran Church in Bessemer, the bride, daughter of Mr. and Mrs. Harding Gustafson, chose an A-line gown of white faille with Empire waist and cathedral train bordered with Rose Point lace.

★ ★ ★

Her shoulder veil of silk illusion was secured with a pearl coronet. She carried a bouquet of red roses with white carnations and ivy.

★ ★ ★

Antonina Brem of Detroit was maid of honor with the bride's sister, Terri Lynn, serving as bridesmaid.

★ ★ ★

The bride's brother, Bruce A. Gustafson, was best man with groomsman Daniel Krause of Troy, and ushers William Strom and Donald Harju of Mass.

★ ★ ★

The bridegroom's brother, James S. Tallman, was organist for the ceremony. They are the sons of Mr. and Mrs. Robert S. Tallman of Payton Street.

★ ★ ★

The newlyweds, alumni of the University of Michigan, will reside in Ann Arbor where the bridegroom is attending graduate school.

Polly's Pointers

How to Make Quilt

DEAR POLLY — I was given a large box of men's neckties to use for making a quilt. I do not know how to go about this and would like to hear from some of the readers as to the way they make quilts with ties. —MRS. M. T.

DEAR POLLY — Mrs. B. R., who wanted to revive the black sequins on her hand-knitted sweater, could touch each one with colorless nail polish. When pressing such a sweater, always put a fluffy turkish towel on a flat surface, place sweater with decorated side down, cover with a pressing cloth or lightweight towel and then press. — MRS. E. M. M.

DEAR GIRLS — Carefully test the temperature of your iron before pressing such a decorated sweater. I am advised that the newer sequins are usually made of plastic or aluminum and should clean satisfactorily. — POLLY

DEAR POLLY — I think my way of opening canned biscuits, rolls, etc., is better than the directions given on such packages. I feel this saves my new counter tops and certainly eliminates that banging that usually accompanies such opening.

Now I use the sharp end of a can opener to puncture the can at the seam of the can just past where the printing arrow usually appears. A corn holder could also be used to puncture this line. Either tool is quick, efficient and quiet. — LILLIAN

DEAR POLLY — It is generally known, and has been printed in this column, that a teaspoon placed in a cup of tea or coffee will keep it from spilling when carried from one place to another.

How many of you had thought to apply this to that ice tray filled with water? Put a spoon in one of the compartments and water will not be spilled on the floor between sink and refrigerator. Remove spoon when tray is safely in freezing section. For 40 years I splashed water on the floor before this dawned on me. — LEAH

DEAR POLLY — My kitchen is small and is short on counter space and when I have a major cooking or baking project. I get very disgusted. Yesterday I discovered that the cutting board which was built in one of the cupboards fits nicely over the top of one-half of the double sink. This gives me added work space when I need it, and I can still use the other sink to get to the water. —MRS. P. C.

Bowling Boasts Most Participants

NEW YORK (UPI) — Baseball, football and basketball all lay claim to being the national sport. But bowling has far and away the most participants.

★ ★ ★

Bowling is also one of the "most sedentary" sports, according to a report by John P. Robinson, study director in the Survey Research Center of the University of Michigan Institute for Social Research.

Line Pockets

To make children's sweaters look neater and the pockets wear longer, always line new sweater pockets before the sweaters are worn. Then their endless number of treasures they store in them will not cause the pocket to wear out so quickly, or cause them to sag as much.

Portable Buffet

Handy for entertaining but taking up little space is a portable, sliding-top buffet cabinet of white metal. Its sliding top opens to 48 inches, the cabinet has a drawer and two doors and the works is set on casters.

U.S. in Vietnam Topic at Meeting

Strikes, Construction

Groves Year Unique

By KIM SEROTA

Looking through back issues of the Groves High School "Scriptor," it seems that 1967 was a pretty unusual year.

The school year started — or didn't start — with an eight-day extension of summer vacation. Following several months of unsuccessful bargaining, Birmingham teachers were without a contract and subsequently walked out.

During the first week, the school building was deserted except for administrators and the newspaper staff. The staff worked full time to meet deadlines and have the paper ready, school or not.

Teachers returned to school Sept. 19 under a court order. Bargaining has continued since that time, but nothing has been settled. The effects have been felt all year.

Extracurricular activities, exclusive of sports, have been conspicuously absent because teachers refused to sponsor them. In several cases, such as American Field Service (AFS) and Varsity Club, administrators acted as advisers.

Retrospectively, construction may have had more effect on the student body than the teacher dispute.

Work began on several additions to the school during the summer and has contiuned throughout the year. Included in the construction are a larger library with more study space, 16 new classrooms and more office space.

Temporary firewalls were erected to protect people and the existing building.

Besides protecting, they also upset class schedules and hall traffic.

Extra time had to be allowed between classes and a traffic system set up to make it possible for 1,800 students to pass through the six-foot wide halls.

ARTISTIC STIMULI

The halls also attracted many talented (and otherwise) artistic creations. Messages, paintings and posters brightened the gray construction walls, and provided an entertainment form for those trapped between classes.

Sixty-seven was also the year Groves almost burned down. Fire broke out while two students were working in a storage room off the auxiliary gym. Custodians and faculty members tried to quell the blaze with fire extinguishers, but it was necessary to call in the Beverly Hills Fire Department.

Damage was done to football, track and wrestling equipment, the stage, the auxiliary gym and the gym roof.

★ ★ ★

The fall of 1967 brought three new AFS foreign exchange students to Groves, Bjrg Hemmingsen from Norway, Tulin Ongen from Turkey, and Albert Plata from the Philippines. In November all three were named honorary members of the Homecoming Court.

Other highlights of 1967: Groves bought a juke box, adopted an orphan in the Phillipines, didn't have homecoming floats, had a Career Day, and ran a nursery school.

Avondale Club Has Ski Outing

By JAN MALANE

The Ski Club of Avondale High School took advantage of the snow Tuesday and went to Pine Knob.

The club hopes to go each Tuesday as long as the snow holds out. Officers are Karl Rykert, president; Martha Gleghorn, vice-president; Karen Sheets, secretary; and Marsha Hall, treasurer.

Wrestling team members were guests of honor at today's pep rally. Highlight of the rally was a competition yell between the wrestling team and the basketball team.

The gymnasium of AHS has been redecorated with new school pennants. The pennants were made by the shop class and painted by the art department.

Tonight after the game with Utica a dance will be sponsored by the senior class.

Jan. 10 three students from Avondale will tape a program in the WEXL radio studios. The students are Vicki Sheldon, Larry Jones and Mark White.

The program is designed to evaluate other schools in the area. Each student will go to another school to observe the procedure and activities. The faculty adviser for the group is Allen Fensch.

Flu Hits Dominican

By ANDI BARNES

The flu bug hit Dominican Academy this week. School, scheduled to open Wednesday was postponed until Thursday on account of the illness.

Midterm exams are scheduled for the end of January.

Novi Boys, Girls Do a Turnabout

By THOM HOLMES

It's turnabout time at Novi High School as the annual exchange of classes takes place between the home economics and shop departments.

The boys spend two weeks in the kitchen and the girls learn the basics of small tools and their use in the shop.

Wilbur Pyles, industrial arts teacher, says that the "teachers enjoy the exchange as much as the students."

Pat Sumpter is the home economics teacher. Cooking a pizza is one of the boys' first projects.

In the wood shop, the girls launch their shop experience by making simple jigsaw cuttings.

METAL SHOP ADDED

This year, a metal shop was added to the industrial arts facilities.

Twenty-six students are currently taking the course.

Later, Pyles plans to have each student gain experience with sheet metal, machine lathes, heat treating and foundry work.

★ ★ ★

In addition, students are presently working on cars and motorcycles. The automotive program is slated for expansion in the future.

MEMORIES — An oil painting of sad-faced Emmett Kelley by Warren W. Simpson, a former Cranbrook student, revives memories of Mrs. DeForrest Kuhns' days as a circus performer. Mrs. Kuhns is now the special education teacher at Pontiac Northern High School.

Circus Days Are Recalled

By BETTY ATWELL

Tales of young people running away to join the circus trigger special memories for Mrs. DeForrest Kuhns, special education teacher at Pontiac Northern High School.

A former circus performer, Mrs. Kuhns was a trick rider working with both horses and elephants. She was also aerialist and baton twirler.

"My interest in the circus," reminisced Mrs. Kuhns, "began at 4 or 5 when the doctor told me to exercise on the trapeze to strengthen my arms which had been broken many times.

"Once, when a child, I dived out of a swing headfirst trying to imitate a circus trapeze artist."

During the Depression. Mrs. Kuhns began working in the Hagenback-Wallace Circus where she gained fame as a baton twirler, working her way up to drum majorette.

★ ★ ★

While in the circus, she became acquainted with many famous personalities including Hoot Gibson, the cowboy movie star, and Emmett Kelley, the clown.

Mrs. Kuhns also performed with the A. G. Kelley, Miller Brothers and Cole Brothers circuses.

Her husband introduced her to the art of magic tricks, and as a team they launched the magic act of "Deforrest and Lynn."

A son Roy and a daughter Kristy also joined the act, and the family's "Magic Circus" traveled throughout the midwestern states presenting performances at numerous schools.

Fond of children, Mrs. Kuhns decided in 1951 to become a teacher.

A member of the National Baton Twirlers' Association, the Magigals of America and the National Education Association, Mrs. Kuhns was also chosen as queen Pat Pending of the National Inventors' Congress during her circus career.

To share her knowledge of baton twirling, Mrs. Kuhns is organizing a Twirlers' Club at Pontiac Northern for teen-age girls.

Dennis McLaughlin was the recipient of the coaches' award at the fourth annual Sports Award Night held at Pontiac Northern.

The Class of '68 recently voted to go to "Gay El Rancho," a dude ranch in Gaylord, for the senior class trip in the late spring.

The seniors will spend three days and two nights at the ranch. Among the activities on the agenda are horseback riding and water skiing.

Others will include swimming in a lake or heated pool and tennis, archery and volleyball.

Seven at Pontiac Catholic Planning European Tour

By DEBBIE ROCHON

Seven students at Pontiac Catholic High School are in the midst of preparations for a summer student tour of Europe.

The tour, which will include a Mediterranean cruise, will take the students to Athens, Rhodes, Cyprus, Crete and Beirut. While they are abroad they will also tour England, France, Italy, Holland Germany and Switzerland.

The purpose of this tour, as explained by the International Education Association, which is handling travel arrangements, is "to provide students with a first-hand survey of the culture and civilization of Western Europe and the Mediterranean areas.

Seniors at PC who have registered to go on the European tour are Jane LaLone, Tom Decker and Mary McAtamney

★ ★ ★

Juniors going are Donna Bieri, Pat Pierce, Gail Barnes and Princine Petinga.

The students, who will be abroad for 36 days are trying to build up their bank accounts, as well as their wardrobes in preparation for the journey.

Pontiac Catholic students are anxiously awaiting the arrival of Jan. 20, the day scheduled for moving into the new Pontiac Catholic High School.

Skiers Sold at Oxford

By CLARA CALLAHAN

"Going! Going! Gone!" set the pace at Oxford High School today as Ski Club members were auctioned off in a slave sale.

Sold before and after school, slaves will report to their masters at the Ski Club dance, "Slope Slave Swingding," tomorrow night at 7:30.

★ ★ ★

Decorations will center around chains to remind the slaves of their position.

Proceeds will go toward the ski trip planned for the end of January at Iroquois Valley near Sault Ste. Marie.

Benefit Dance Set at WTHS Tonight

By MARY JERGOVICH

Christmas is over, but the spirit of giving remains as Waterford Township High School juniors sponsor "Silver Winter," with all proceeds going to the March of Dimes.

The dance will be held in the school gymnasium from 8 to 11 tonight with refreshments in the cafeteria.

Publicity and entertainment chairman Lance Rutledge reports entertainment will be provided by the Amboyd Dukes and the Unrelated Segments.

Sue Good will be in charge of tickets; Vickie Smith, decorations; Gary Lynn, concessions; and Colleen Farris, clean-up.

★ ★ ★

School clothes are the correct attire for the event which is open to all Township, Mott, and Our Lady of the Lakes students.

During Christmas vacation WTHS' ski team spent four days at Caber Fae.

While there, they received three and a half days of racing instruction and spent the last half day racing.

The team is now planning a February trip to Traverse City.

Any student wishing to go must have the money in to Al Cuthrell, ski coach, by Jan. 10. There is room for 40 people.

LITERARY MAGAZINE

Planning has begun for the 1968 edition of Waterford's literary arts magazine, the "Phaethon."

Senior members of the journalism classes will produce the magazine with hopes of maintaining the All-American rating presented last year's publication.

Waterford dramatic students are preparing for the presentation of "Pygmalion" which will begin next Thursday.

Acts Readied for Show

By BOB BROWNE

Already preparations are under way to make West Bloomfield's Student Council Talent Show the best ever.

One of the first groups to begin preparations for its skit is the French Club. It is currently practicing and polishing an original French version of "Snow White and the Seven Dwarfs.

The cast of the play includes, Pam Stanson, Snow White; Marty Scott, the wicked queen; Janet Neilson, the mirror; John Warren, the woodsman; Glenn Saltz, Doc; Nancy Neilson, Happy; Sue Krispen, Grumpy; Barb Treacy, Dopey; Donna Britton, Sleepy; Barb Faudman, Bashful; Cathy Dunlop, Sneezy; and Sig Anderson (WBH's foreign exchange student), the Handsome Prince.

Talent show tryouts are just around the corner and the council is urging everyone to get the acts ready.

Over the holidays the school parking lot was turned into a vast ice rink by the preholiday rains, and in many places the water under the ice was nearly waist deep.

Thursday, pictures were taken of the various WBH clubs and organizations for the yearbook, Exodus.

Tonight the Lakers will travel to Clarenceville hoping to maintain their grasp on first place in the Wayne-Oakland league.

Lake Orion Ski Club Members Elect Officers, Plan for Trip

By DIANE CHAMBERLIN

Snow means many things to many people, but to Ski Club members at Lake Orion High School, it means fun.

The recently reorganized club, under the direction of Fred Schilling and Dennis Spangler, is now in full swing. Officers have been chosen and plans for the annual ski trip are under way.

This year's ski leaders are Dan Clark, president; Tim Daigle, vice president; Pam Boyer, secretary; Kathie Grasser, treasurer.

The club will ski on Wednesday evenings at Pine Knob.

★ ★ ★

In order to ski at club rates, members must turn in their permission slips and insurance forms.

EXPENSES

Students also must pay for their tow tickets and rented equipment on Wednesday afternoons in the bookstore. The tickets may then be picked up at the ski lodge prior to the time the club skis.

"Yes, sir" and "no, sir" became familiar phrases to all new members of the O Club when the annual initiation was held prior to the holidays.

Each old member of the club was termed a "big brother" and was able to choose a prospective member for his "little brother."

Penny rolling, songs and dances in the cafeteria and air-raid dives were just a few of the acts performed by the inductees.

COSTUMES

In addition, the little brothers were colorfully attired in original costumes created by the big brothers.

Classes for Adults in Session at Holly

By MARCIA CLARK

The night adult education program is again in session at Holly High School.

This program includes many credit and noncredit courses.

The credit classes — English, office typing — have a total of 78 adults enrolled in them.

Credits earned in these classes can be applied to receiving a high school diploma.

★ ★ ★

Eighty adults are enrolled in the recreational classes — knitting, cake decorating, decoupage, dog obedience and first aid.

More credit classes and a wider range of classes are being planned for next year.

Teens Say Mom Knows Best—When It Comes to Homework

By Gilbert Youth Service

Mother knows best — as far as homework is concerned.

More than half of the 1,400 teen-agers in a survey gave an A grade to Mom's homework assists. Dads' efforts were preferred by 27 per cent of our young people. The boys were his biggest booster; 40 per cent of the fellows but only 10 per cent of the gals preferred his help.

In one out of five cases, moreover, classmates walked off with homework helping honors. Less than 2 per cent of our teens turn to tutors for help.

Actually, outside help with schoolwork is the exception rather than the rule. Sixty per cent of our teens claim that most of the time they're strictly on their own. Boys boast of their self-reliance twice as often as girls.

The young people who admit they get help with their homework regularly usually seek it out themselves. Only one out of ten parents offers help without being asked.

★ ★ ★

Since schoolwork problems rank high on our teens' problem chart, according to the many letters we receive, we were interested in whether or not our young people think that help at home improves grades. Little did we realize the hornet's nest of controversy this question would touch off.

"DO WORK YOURSELF"

"If you are going to learn, you should have to do the work yourself; too many parents try to take on the responsibilities of their children," commented Jeanne Wahl, 16, of Louisville, Ky., one of the 38 per cent who turned thumbs down to the idea that homework help could prove beneficial.

"How can you learn on your own in just a 45-minute class period," countered Robert Rosenthal, 16, of East Rockaway, N. Y.

Another speaker for the majority, (55 per cent did think outside help was beneficial), Bobbi Endter, 16, of Bainbridge Island, Wash. said, "At times parents can explain something better than the teacher. They know their child better and can explain something in terms the child can understand."

The observations of Marsha Panko, a Hamden, Conn., girl were echoed by many young do-it yourselfers. Marsha said; "Most parents today can't help their children because of the changes in subjects like math, science and even English. By the time you've explained half the book to your parents, you have helped yourself."

Some students mentioned that parental help is desirable in specific instances like studying for a test, or helping with a question and answer review.

A few teens noted that even if parents aren't really up-to-date with the material, "the fact they are interested in their child's work helps — even if the only actual help is morale boosting."

But no matter how much, if any parents help with homework, the teens in both opposing camps agreed that grades depend primarily on the student. "If the student doesn't want to study, nothing is going to help," said James McDonald, 17, of Honolulu, Hawaii.

The teens surveyed certainly must be studying! Seven out of ten report their grades are As and Bs; 10 per cent can boast of all As. Only 25 per cent owned up to a "gentleman's C" average.

Six teens — all boys — admitted they were failing but they claimed that from now on they're going to pay attention and actually do their own homework — not just copy someone else's.

Teens' Concerns Primarily Personal

By NANCY GILBERT
President, Youth Service Research, Inc.

What really troubles today's teen-agers? The threat of nuclear war? The Vietnam situation? Broad social issues such as the civil rights struggle?

Or are our young people more wrapped up in personal crises—the day to day boy-girl, school and parental difficulties that so often mean the difference between happiness and misery.

To find out, we asked readers to write us. Hundreds took up the challenge.

Analyzing their letters, we discover that about 95 per cent of all youth's problems fit into two categories: dating, etiquette and other social situations; and teen-parent-adult relations. Many times the two categories overlap.

A 15-year-old Passaic, N.J., girl C.P., one of the $10 prize winners (We had so many good letters, we couldn't choose just one—others will appear in a later column) wrote: "Issues like Vietnam don't really affect me, but going out to parties and dances means a lot.

"Even though it may seem trivial, the most important thing for a girl my age in my school is whether or not she has that Saturday night party date."

★ ★ ★

This desire for popularity creates many problems. Some are relatively easy to solve like that of the Sioux City, Iowa, boy who wanted to know how to go about getting his girl flowers for a party, or of the Corpus Christi, Tex. girl, Ellen Davies wh asks, "What is the proper curfew hour for a big dance?"

DIFFICULT PROBLEMS

But the majority of the problems could not be solved simply by consulting an etiquette book, questions like these pop up again and again:

"How far should a girl go in girl-boy situations?" "How can I keep my 'square' standards and still retain my popularity?" "Should I go along with the crowd and drink at a party?" "Should I report my friend who cheats on a test?"

Young people not only wish to be accepted by other teens—they also long for adult approval.

★ ★ ★

L.L. of Duluth, Minn., put it this way: "I worry about being accepted by adults—will I ever be considered worthy enough to step into their world?"

WILD MINORITY

Because most boys and girls really want their parents and other adults to look favorably upon them, they disapprove of the wild minority who make it hard for all teens.

Sylvia Davidson of Monroe, Wis., another $10 prize-winner, listed her main problem as "other teen-agers—the slobs" and went on to explain: "These kids, the vandals, hippies, ruin things for the rest of us.

"We can't even have a Halloween dance because the other kids invade it, and fights break out. To think that my father fought to make our country safe—for them!"

Nigerian Civil War Foes Stalled on Peace Talks

LAGOS, Nigeria (AP) — The exhausting toll of Nigeria's six months of civil war has turned both sides toward talk of negotiations they don't know how to start.

They have plenty of help. Pope Paul VI has appealed for peace in Nigeria and has sent a two-man delegation to West Africa to follow up his plea.

★ ★ ★

Four American civil rights leaders, partly to show they are as interested in Africa as they are in Vietnam, have suggested a visit to Nigeria to offer their counsel.

President William Tubman of Liberia, who disdainfully withdrew a month ago from a much-postponed Organization of African Unity mission to Lagos, has suggested former Nigerian President Nnamdi Azikiwe take the lead in bringing the federal government and secessionist Biafra together for talks.

YEAR-END MESSAGE

In a year-end message, Maj. Gen. Yakubu Gowon, 33, head of the federal military government, repeated several times the regime's willingness to negotiate with Biafran leaders "how to bring about peace and heal the wounds of the country."

Where he once called for the toppling of Biafran leader Lt. Col. C. Odumegwu Ojukwu, 34, Gowon urged "a body of men" to come out of Biafra and work for national reconciliation.

★ ★ ★

A commentary on Biafra radio welcomed the proposal of the visit of American Negro leaders. An offer last March by the same men, Dr. Martin Luther King, Roy Wilkins of the National Association for the Advancement of Colored People, Whitney Young Jr. of the Urban League and A. Philip Randolph of the AFL-CIO, was ignored for seven months by the Biafrans.

According to diplomats who have traveled in Northern Nigeria, the weariness with war has driven such men as Col. Hassan Usman Katsina into willingness to discuss the end of it with Ojukwu. Katsina, former military governor of the North before it was split into six separate states, once boasted federal forces could march to the Biafran capital, Enugu, in a few hours. It took three months, and the federals still are fighting off secessionist forces in the city.

CALLED A 'SHAM'

On the Biafran side, the secessionists own emissaries have called the secession a "sham." Such men as Sir Louis Mbanefo reportedly have been seeking a way to start talks. Sir Louis is a former World Court judge.

Both sides have refused to budge publicly from these positions: the federals want an end to secession; the Biafrans say their sovereignty is not negotiable.

★ ★ ★

The Biafrans, predominantly of the Ibo tribe victimized in three outbreaks in the North in 1966, say they will fight because surrender means extermination. Ojukwu declared Biafra, the former Eastern Nigeria, independent on May 30, and war started July 6.

★ ★ ★

Gowon has said fears of extermination are "a wicked lie." But thousands of Ibo civilians, mostly living in the federal Midwest state, have been killed. Other Ibos in Biafra have fled advancing federal troops.

BAD FOR BOTH SIDES

The war appears to be going badly for both sides.

The deeper federal armies go into Biafra, the more difficult it is to move.

The Biafrans' major aim is to hold on, and they have accomplished this so far, with the help of an arms airlift supposedly promoted via Portuguese territory.

★ ★ ★

But Biafra exists without an economy or international recognition, and can barely be said to be a country.

At Calabar, inhabited by non-Ibo Efiks, a great welcome was expected for liberating federal troops. But the federal commander, Lt. Col. Benjamin Adekunle, went on the air to tell the Efiks they would suffer if they continued their lack of cooperation.

★ ★ ★

According to one eyewitness in the town, the Efiks are disillusioned with the war, destruction in the town and the leadership of Adekunle, whom some call a martinet. He has ordered out of Calabar the last two Roman Catholic missionaries.

MRS. RUSSEL S. ROGERS

Death Claims Kin of Early Area Settler

Mrs. Russel S. (Hazel K.) Rogers, whose grandfather Isaac Voorheis was one of the first white settlers in Oakland County, died this morning at the age of 75.

Service will be 1:30 p.m. Monday at Donelson-Johns Funeral Home with burial in White Chapel Memorial Cemetery, Troy.

Surviving are two sons, Richard R. of Royal Oak and Joseph V. of Orchard Lake; a sister; and nine grandchildren.

Mrs. Rogers of 1117 James K was a member of First Methodist Church, Oakland County Pioneer and Historical Society and Order of Eastern Star 228.

★ ★ ★

She was the daughter of the late James K. and Lucinda S. Voorheis.

Her grandfather, Isaac Voorheis took up 160 acres of land in the Pontiac area from the government. Her aunt, the late Lucy Ann Voorheis was the first white child born here.

James K Boulevard was named after Mrs. Rogers' father and the streets in Pioneer Highlands after members of the Voorheis family.

North Dakota Fire Claims 4

FARGO, N.D. (AP) — A couple and their two sons died in a fire which destroyed their home early today in frigid cold.

Six persons escaped the flames, including an 8-year-old daughter who was handed out an upstairs window to a neighbor on a ladder.

★ ★ ★

"I don't want her to die, too," the father, Bernard Jenkins, 49, told his neighbor, Bill Kraft.

Jenkins perished in the flames, along with his wife, 45, and their sons, Bruce, 10, and Steven, 12, authorities said.

Evelyn, the daughter who was saved by her father and the neighbor, was hospitalized with burns on the back and head.

TREATED, RELEASED

Two other daughters, Cathy, 17, and Mrs. Dean Bienusa, 21, her husband, 25, and the couple's 6-month-old son, Dean Jr., were treated and released at a Fargo hospital.

Cause of the fire was not determined immediately. Firemen from nearby West Fargo and Fargo fought the blaze with the temperature about 10 degrees below zero.

3 FROM STATE DIE — A Detroit manufacturer, his wife and mother-in-law were killed when this small plane crashed in a field near the Talladega County Airport in Alabama. They were identified as Shelborne Pinkerton, 45, president of a Michigan firm which manufactures burglary and fire alarm systems, his wife Faye, 46, and her mother Mrs. Ethel Webster Bertrand, 70, Highland Park. The victims were on their way home from a vacation in the Bahamas. Cause of the crash is unknown.

Three State Residents Killed as Plane Crashes in Alabama

EASTABOGA, Ala. (UPI) — A Detroit manufacturer, his wife and mother-in-law died yesterday when their homeward-bound plane crashed in an open field near the Talladega County Airport.

The victims were Shelborne Pinkerton, 45, East Detroit; his wife, Faye, 46; and her mother, Mrs. Ethel Webster Bertrand, 70, Highland Park. They were on their way home from a vacation in the Bahamas.

Pinkerton was president of Pinkerton Security, Inc., a firm which manufactures burglary and fire alarm systems. The firm is not associated with the detective agency, Pinkerton's, Inc.

Federal aviation authority officials from Birmingham were investigating the crash.

★ ★ ★

They said the single-engine "Mooney-type" plane apparently made no radio contack with any Alabama airport.

The field is about two miles northeast of the airport here.

FBI's Greater Work Load Is Related to Vietnam War

WASHINGTON (AP) — The war in Vietnam kept the FBI busy last year chasing draft dodgers and investigating a rising number of thefts of government property, FBI director J. Edgar Hoover reports.

In his annual report to his boss, Atty. Gen. Ramsey Clark, Hoover said this probably is related to the increase in military expenditures resulting from the war.

DRAFT VIOLATIONS

The larger military commitments, the bureau said, also led to a greater work load in connection with draft law violation: The FBI apprehended more than 600 fugitives in connection with Selective Service Act violations in 1967.

The annual report listed these other principal FBI activities during the past year:

● Investigated about 2,500 cases of robbery, burglary and larceny involving banks and other financial institutions. The report said that of all criminal activities the FBI investigated last year "the most startling development was the meteoric rise in bank robberies."

★ ★ ★

● Supplied federal, state and local agencies fighting organized crime "some 300,000 items of criminal intelligence information, an increase of approximately 40,000 over 1966." The bureau claims this helped authorities stage 750 raids and arrest more than 3,700 persons.

● Traced Communist Party activity in connection with anti-war demonstrations. "The Party has continued its deep involvement in the anti-Vietnam war demonstrations and has given active support to their planning and execution," the report said.

★ ★ ★

● Continued investigation of extremist influences in racial matters. The report said use of the Black Power approach by Stokely Carmichael, H. Rap Brown "and others of their ilk, has created a climate of unrest and has come to mean to many Negroes the 'power' to riot, burn, loot and kill."

The FBI also spent some time probing Communist Party training programs—a three-week summer camp last June and July near Wingdale, N.Y., and a September leadership school on East 4th St. in New York City's Greenwich Village.

Assault Try Is Imaginative

REDONDO BEACH, Calif. (AP) — When Patricia McKnight happened to look odt her window early Thursday, she nonoticed someone backing a pick-up truck to the door of her apartment.

Then, she watched him add a length of pipe to run the truck's exhaust to her door and stick it inside the door.

★ ★ ★

She told police the man then sealed the crack around the door and, with the motor running, began pumping carbon monoxide inside the apartment.

Mrs. McKnight, her husband, John, their two daughters and a woman guest left by another door and notified the police.

LANDLORD ARRESTED

The family's landlord, Gerard Neal Harris, 28, who lives in another unit of the apartment house, was arrested and booked on suspicion of assault with intent to commit murder.

McCarthy Believes Kennedy Support Would Boost Challenge

WASHINGTON (AP — Sen. Eugene J. McCarthy believes a word of support from a Kennedy —almost any Kennedy—would be a big help to his challenge to President Johnson in several presidential primaries.

McCarthy is known to have voiced dissatisfaction because no such words have been forthcoming from either Sen. Robert F. Kennedy, D-N.Y., or Sen. Edward M. Kennedy, D-Mass.

★ ★ ★

Like the Minnesota Democrat, both Senators Kennedy have been critical of Johnson's policy in the Vietnam war. But neither has done anything to align himself politically with McCarthy on that issue.

Sources familiar with McCarthy's view said he feels the two Kennedys are perhaps the only congressional colleagues whose support would bolster his campaign, particularly in the New Hampshire and Massachusetts primaries.

LIKELY ALLIES SILENT

Other men who would seem to be likely allies also have been silent. But many of them are running for re-election next year—men like Sen. J. W. Fulbright, D-Ark., and Wayne Morse, D-Ore.

McCarthy, it was said, understands their position, and feels that their endorsement would be unlikely to have much impact anyhow.

The Minnesota senator also is known to be concerned about building momentum for his campaign. "You can't just fade away," he remarked to one visitor. This is believed to be a key factor in his decision to enter the year's opening primary, the New Hampshire race on March 12.

To campaign there, he dropped a planned trip to Vietnam this winter. Candidate tours of the war zone are being overdone, he feels.

On that point, McCarthy cites the experience of Michigan Gov. George Romney, a Republican candidate for the presidency, who harvested adverse publicity during a year-end trip to Vietnam.

The New Hampshire campaign offers McCarthy an opportunity to get his presidential challenge moving, although he acknowledges it will be a very tough race.

★ ★ ★

While McCarthy concedes the problem of building a national enthusiasm for his one-issue, six-state primary campaign, he sharply disagrees with critics who suggest his effort already is collapsing.

"I don't know what some people expect of me," he said at a news conference Thursday. "I really couldn't go down and tear down the fence around the White House and storm the building."

McCarthy also reported that his effort is not well-financed at the moment. But he said he is confident there will be "adequate funds to present the issue" when the primary campaign begins.

Care for Viets Better – Teddy

HOI AN, Vietnam (AP) — Sen. Edward Kennedy, D-Mass., said today there has been an improvement in care for civilian war casualties since his last visit to South Vietnam more than two years ago.

"I have seen a significant difference since 1965," said the senator, who has been critical of the treatment of civilian victims of the Vietnam war. "I think there has been a definite swing up, an improvement."

★ ★ ★

He declined to say, however, if he thought the improvement was sufficient. "I'll make a judgment after 12 days," he said.

Today was Kennedy's fourth day in the field since arriving in South Vietnam Monday for a study of the problems of refugees and civilian casualties. He spent the day in refugee camps and at civilian hospitals in the northernmost 1st Corps military area near Da Nang.

'LARGE DISCREPANCY'

Kennedy previously estimated —"conservatively," he said— that there were 150,000 civilian war casualties last year, about double the estimates of U.S. and South Vietnamese officials.

The senator reported today "a considerable discrepancy" in the refugee figures he was given for the 1st Corps area. He said U.S officials told him there were 409,000 refugees while the South Vietnamese government said 527,000.

★ ★ ★

"If you have these discrepancies to start off it's awfully hard to have a good program," Kennedy said.

Doug Roberts Learned Lessons Well as Red Wing Stickboy

Scores Twice in 9-3 Romp Over Oakland

DETROIT (AP) — As a youngster, Doug Roberts used to be a stickboy for visiting teams at Olympia Stadium.

He learned to handle hockey sticks well enough to graduate to the parent Detroit Red Wings after amateur stints in junior hockey and at Michigan State University where he was a college standout.

★ ★ ★

The rookie right winger scored two goals and added two assists—to match veteran Gordie Howe's output—as the Wings dismantled the long-suffering Oakland Seals 9-3 in a National Hockey League game Thursday night.

In other NHL games, Pittsburgh edged Los Angeles 4-3 and Boston nipped Philadelphia 3-2.

FIRST TIME

"It's the first time I've ever had two goals in an NHL game," said Roberts, whose first goal tied the score after Oakland took a short-lived 1-0 lead in the first period.

Oakland, last in the expansion Western Division, has lost 10 of its last 11 games.

"You can't underestimate a club like Oakland," said Roberts. "They get a couple of breaks and we're behind 2-0. We had to come back to get them."

The Wings did just that.

NEVER AGAIN

After Roberts' first goal, Alex Delvecchio counted his ninth of the season 45 seconds later and Detroit never trailed again.

★ ★ ★

The Seals' first tally came on a 25-foot slap shot by Alain Caron at 8:26 of the first period. It ended a scoreless string of 276 minutes, 15 seconds for Oakland, which had been blanked in its four previous games.

The last Seal goal was scored by Billy Hicke at 12:11 of the second period in a 6-3 loss at Boston Christmas night.

Howe, who assisted on Roberts' second goal and seventh of the year, counted his 17th and 18th goals of the season in the third period with Norm Ullman's 18th season tally sandwiched between.

OTHER GOALS

Ted Hampson, Doug Jarrett, and Floyd Smith added goals for the Wings in the rout. Wally Boyer scored a second period goal for Oakland and Kent Douglas scored for the Seals in the third period.

The Wings blasted Oakland goalie Gary Smith with 38 shots and kept the puck in the Seals' zone most of the game.

Smith, apparently upset at the barrage, twice stopped shots and skated to his blue line before passing off to teammates.

"He has a reputation as a wanderer," said Sid Abel, manager-coach of the Wings. "I understood he's been skating out of the goal like that since he played junior amateur hockey.

"I was hoping our boys would get behind him for an easy goal.

★ ★ ★

The victory, Detroit's fourth straight, moved the Wings into fourth place in the Eastern Division, one point ahead of idle New York.

The Wings meet the Black Hawks in Chicago Saturday and return to Detroit Sunday for a game with Montreal.

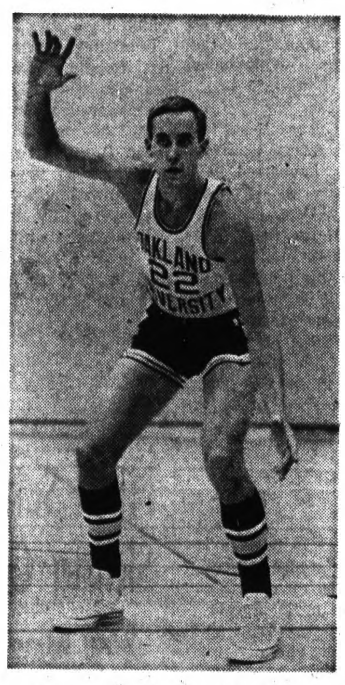

SHORT BURSTS

Goals by Billy Dea and Andy Bathgate within 28 seconds of the final period carried Pittsburgh to its victory over Los Angeles. Art Ingarfield had three assists for LA.

— **CHANGES ROLE** — Goalie Gary Smith of Oakland Seals, disgruntled with the help he was getting, moves out of the net and plays the part of a defenseman against the Detroit Red Wings last night at the Olympia. Smith skated through both teams to the blue line to shoot the puck to the Detroit end of the ice with Red Wings' Norm Ullman (7) giving chase. The Wings won the game, 9-3.

RETURNEE — Team captain Ozzie Carlson returns to the Oakland University basketball squad after being out of action most of the early season because of illness. Three other players also return to the squad this semester.

Oakland U. Cage Picture Brightens as Four Return

The return of the team captain plus three of his teammates is expected to give the Oakland University Pioneers a boost as they start a five-game road trip tonight.

★ ★ ★

The Pioneers dropped their four starts in the old year, and they'll try to get something going this evening at Wayne State University.

A bright note for the Pioneers is that team captain Oscar Carlson will be back in action after a bout with hepatitis that kept him out of the first four games.

Carlson, a 6-2 forward, sported a 19.2 scoring average last season and his efforts, both on offense and defense, could lift the sagging Pioneers.

★ ★ ★

Returning after correcting some grade deficiencies are center Tom Allan (6-7), Jon Blocher (6-0) and Bill VanBuskirk (6-0).

GOOD AVERAGE

Blocher, a product of Pontiac Central, averaged 14 points a game last season and coach Dick Robinson is hoping he'll pick up where he left off.

Also likely to see lots of action are Allan and VanBuskirk. Allan could be particularly helpful in the rebounding department, an area in which the Pioneers have taken a beating.

★ ★ ★

After the game at Wayne State, the Pioneers move to Adrain for a Saturday night game. Next weekend, (Jan. 12-13) they'll meet Alma College on Friday evening and tangle with Ferris State on Saturday.

High Scoring Tilt Is Expected for Hula Bowl Teams

HONOLULU (AP) — Everyone on the Honolulu sports scene, including the coaches, predicts a storm at the 22nd annual Hula Bowl Saturday — a storm of action and scoring.

South Coach Tommy Protho said, "You can look for an exciting game. Exciting and close, and very likely high scoring."

"It'll be wide open — can't help but be with all the talent," said Duffy Daugherty, the North coach. "There'll be a lot of points on the board."

One thing that will put the points there is "the rule." The rule says the team that is behind can choose to take the kickoff, whether or not it has just scored a touchdown.

TWO THRILLERS

The rule, loved by fans but rued by players, helped make the last two Hula Bowl contests one-point thrillers. The North won both games 28-27 and 27-26.

In Saturday's game, the South is given the edge, but it should be close.

On offense, the South will be using Gary Beban of UCLA as quarterback and Warren McVea of Houston, a lightning runner, will be back there with him. The North will use a big-back offense with Larry Csonka of Syracuse, Silas McKinnie of Iowa and Bob Apisa of Michigan State.

New Look T-Hawks Visit Loop Leaders

The "new look" Pontiac Tomahawks will test their revamped and stronger lineup Saturday night at the Lansing Civic Center in a Kiddies Night collision with the division leading Lansing Capitols.

Lansing rolled up a 164-132 victory in the club's meeting Thanksgiving night at Everett High School. Tomorrow's game was originally slated for New Year's Day there.

But Muskegon's recent withdrawal from the league left the Capitols without an opponent for their Kiddies Night tilt at the Civic Center and Pontiac officials okayed the switch in dates.

★ ★ ★

Lansing will enter the contest with a 7-3 mark and leading the North American Basketball League's eastern division. The Tomahawks are 2-7 and last in the division.

However, they upended Chicago 115-105 in their last outing to end a five-game losing streak. It was accomplished with a vastly changed lineup from the one that visited Lansing in November.

Perennial All - NABL pivotman Ed Burton — playing his first game since being picked up from the defunct Muskegon roster — sparked the Pontiac pros in their fourth quarter drive that overcame a seven-point Chicago lead.

Paul Long and "Sonny" Dove, recently optioned to the Tomahawks by the Detroit Pistons, again gave strong performances at both ends of the court.

Player-coach Bob Duffy sparkled with his playmaking and Ernie Thompson stood out with a 10-for-13 shooting effort and 10 rebounds.

None of the five started in the game at Lansing and only Thompson saw any action in that game.

Pontiac will visit Grand Rapids, the western division pacesetter, the following Saturday before returning home to meet Chicago Jan. 20. That will be a Children's Night game for the Tomahawks with all youngsters under 14 being admitted free when accompanied by parent or adult.

Players of 'Frostbite Fracas' Still Requiring Medication

DALLAS (UPI) — Three members of the Dallas Cowboys defensive unit were still feeling the effects today of frostbite suffered during the National Football League Championship game in Green Bay, Wis.

The Cowboys said Thursday George Andrie, Jethro Pugh and Mel Renfro will require daily medication for three weeks to regain normal sensitivity in their fingers. They will also take tablets daily to increase their blood circulation. Three of Andrie's fingers were frostbitten.

COLD TOES

But Dallas wasn't the only one with cold weather injuries. Green Bay linebacker Ray Nitschke was still nursing several frostbitten toes from the Sunday game. However, he said they weren't bothering him as the Packers readied for the Super Bowl contest Jan. 14 with Oakland.

All of this was a result of the extreme cold at Lambeau Field in Green Bay where the Packers defeated the Cowboys 21-17 in temperatures that fell to 20 below zero.

Two other Cowboys, Willie Townes and Dick Daniels, also were affected by the cold but their cases were not as serious as those of Andrie, Pugh and Renfro.

★ ★ ★

Cowboy trainer Don Cochren said "If some of those guys had been exposed much longer, they might have really been in trouble. A severe case of frostbite causes cellular death in the part of your body which is affected . . . in the case of these players it could have led to the loss of some fingers, particularly for George."

Dr. Martin Knight, the team physician, agreed with Cochren that the players were actually in danger.

"If they had continued to play on that frozen field with the temperature dropping steadily, it could have been very dangerous from the standpoint of frostbite and lung damage," Knight said.

Rams, Browns Ready for Runnerup Clash

MIAMI, Fla. (AP) — The Los Angeles Rams, sidetracked from the Super Bowl, and Cleveland Browns, working to block a repeat of their humiliation at the hands of the Dallas Cowboys, continued workouts for the National Football League Playoff Bowl today — with time out for lunch.

NFL Commissioner Pete Rozelle and coaches of both teams were to attend the $5 a plate luncheon that is part of the buildup for Sunday's eighth annual meeting between the runners-up of the Eastern and Western conferences.

SECOND YEAR

"We'd hoped to be here for the Super Bowl," said Rams' Coach George Allen. "It was a tremendous disappointment. But we're making progress. This was only our second year together."

To use Allen's favorite phrase, "everybody is giving 110 per cent" in workouts for the game.

Nobody around here ever heard of two-a-day practice sessions for the Playoff Bowl. It's a fun game. But two-a-day is what Allen ordered.

He sent out two extra tackling sleds and when Lamar Lundy or Deacon Jones or somebody else slammed a sled, Allen shouted: "Leroy Kelly." Kelly is a ball-carrying runner for the Browns.

MORE WORK

Defensive tackle Roger Brown said of Allen, "We work harder during the regular season than I ever did with the Detroit Lions. But Allen's a great coach to play for. You know what you're going to be doing every minute."

At the Browns' practice sessions, flanker Gary Collins was drilling on his pass receiving and musing over the 52-14 embarrassment at Dallas when the Cowboys took the Eastern Conference showdown.

"We were so humiliated at Dallas," said Collins. "We've got to stay with the Rams."

★ ★ ★

Collins has had his least productive season since he became a regular in 1963, pulling in just 32 pass receptions for seven touchdowns. His punting average was 36.5 yards, a comedown from 1965 when he led the NFL with 46.7 yards.

★ ★ ★

In 1965 Collins also grabbed 50 passes for 10 touchdowns and had 56 for 12 in 1966.

Collins at his Miami Stadium workout Thursday said, "I don't think any of us had a real great year offensively."

The playoff will be nationally televised by CBS with a 2 p.m., EST, kickoff.

Last Minute Victory

YPSILANTI (AP) — Two free throws by Harvey Marlatt with less than a minute to go put Eastern Michigan University ahead to stay as the Hurons beat Northern Arizona, 83-78, in college basketball Thursday night.

High men for the game were Earle Higgins for EMU and Jim Plump for Northern Arizona, each with 19 points.

Foul Shots Pave Way

ADRIAN (AP) — Foul shots made the difference as Adrian beat Windsor of Ontario in a college basketball game Thursday night, 95-78.

Both teams hit 30 times from the floor, but Adrian was 35 for 53 at the free throw line while Windsor dropped only 18 of 37 foul shots.

Detroit Ice Skater Leads Senior Event

GREEN BAY, Wis. (AP) — Duane Maki of Detroit, the country's fourth-ranked figure skater in 1965 and now making a comeback at the age of 20, led in the senior men's division of the Midwestern championships after Thursday's first round.

Maki, who didn't skate at all last year, held a good lead over Terry Sun of Ames, Iowa, after the first round, which consisted of compulsory figures.

The Thursday performances count for about 60 per cent of the final score. The top three finishers in each event will advance to the national championships at Philadelphia Jan. 18-21.

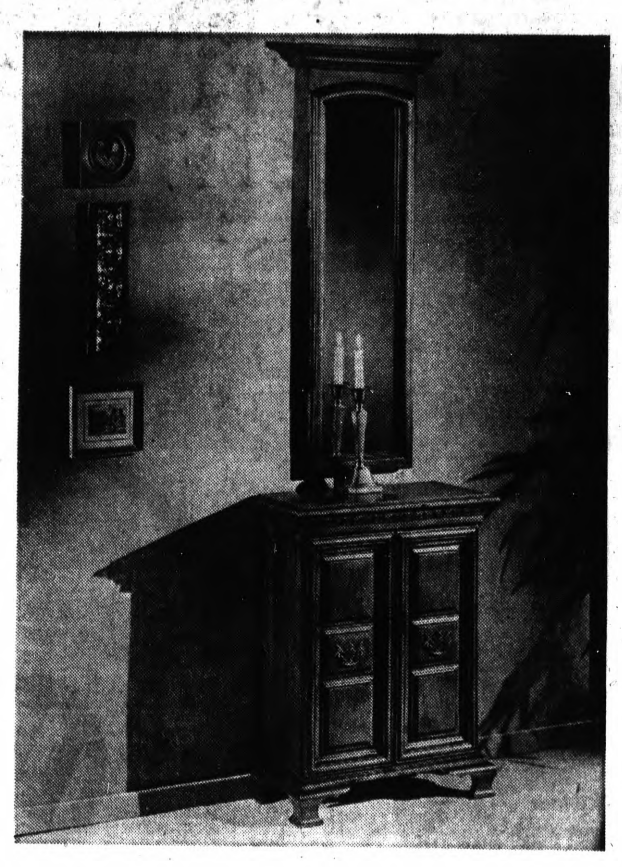

The top finishers in the senior men's, women's and pairs events at the nationals will qualify for the United States Winter Olympic team.

About 100 skaters representing 22 states are competing.

Two-Division Setup

NEW YORK (AP) — Owners of the newly-named Professional Soccer League were expected to determine today the number of teams and the cities that will be included in its two-division setup next season.

Eastern Dad Finds Reasons to Cheer

TRENTON, N.J. (AP) — Roy VanNess, Trenton State College director of athletics, had much to cheer about this fall.

The president of the New Jersey State College Athletic Conference divided his spare time cheering for the Trenton State soccer team and the Rutgers football team.

★ ★ ★

His son Dave was goalie for Trenton State's soccer team while Dave's twin brother Bruce played quarterback as a sophomore.

The soccer team compiled an 11-1-2 record while Rutgers had 4-5 football record.

IHL Goalie Gets Second Shutout in 3-0 Victory

DES MOINES (AP) — Phil Headley became the first goalie in the International Hockey League to collect two shutouts this season as the Des Moines Oak Leafs beat Toledo 3-0 Thursday night.

Headley was tending goal when the Leafs blanked Toledo 4-0 here last week.

John Annable scored the first two Des Moines goals Thursday, and Ivan Robertson made the other.

In today's games, Fort Wayne is at Toledo and Port Huron plays at Columbus.

Big Ten Loop Play to Begin Saturday

CHICAGO (AP) — After painful testing against outside foes, the Big Ten launches its 63rd conference basketball campaign Saturday with prospect of a cavalry charge throughout the title race.

★ ★ ★

The nonleague skirmishing which produced an anemic 48-41 record did nothing to alter preseason predictions of a dog-eat-dog battle for the crown Indiana and Michigan State shared last season at 10-4.

Ohio State emerged with the best outside mark, 6-2, losing to Marquette and Hawaii in the fast-paced Rainbow Classic.

Indiana and Wisconsin had 6-3 performances, but the highly-regarded Hoosiers dropped their last three starts — to Western Kentucky, Southern Methodist and Detroit.

SHOT DOWN

Purdue, led by sophomore Rick Mount, appeared the Big Ten team to beat after an opening 73-71 shading by mighty UCLA. But the Boilermakers were hit by injuries and wound up with a 5-4 tuneup mark—the same as Iowa and Northwestern.

Cochampion Michigan State wobbled to 4-4; surprising Illinois and Michigan had 4-5 each, and Minnesota had the poorest nonloop record at 3-7.

Thus Saturday's inaugural round finds as well matched a field as the conference has produced in many seasons.

Two of the openers are matinees — Michigan at Wisconsin in a regional TV match, and Michigan State at Illinois.

The three night games include Purdue at Ohio State, Minnesota at Indiana and Iowa at Northwestern.

TOP SCORER

Boilermaker Mount, one of the nation's most publicized prep players in several years, led the Big Ten's individual scoring during the rough prechampionship campaigning.

The deadly accurate Mount had a 9-game average of 25.6, followed closely by Sam Williams, Iowa kingpin, with 24.0.

Defending scoring champ, Tom Kondla of Minnesota, lagged 11th with 16.7, far behind his conference winning average of 28.3 last season.

The Big Ten especially took its lumps in Holiday tourney play, emerging with a 9-16 record. Overall, the conference did well. At home with a 27-8 mark, but proved vulnerable on the road against tough competition with a 21-33 record.

	G	F	P	Avg.

Both Expected to Rate High

Action Among Prep 5's Heavy Tonight

Rapidly establishing themselves as powers among Class B squads in southern Michigan are Romeo and West Bloomfield.

Both are currently heading their respective leagues, both are unbeaten and both return to action tonight after a long holiday break.

It's highly probable that both could roam through the season unbeaten, and should that occur, it would set the stage for a showdown between them in the district phase of the state tournament in March. Both are entered in the Pontiac Northern district along with Waterford Mott, Oxford and Avondale.

This evening, Romeo (6-0) entertains Lake Orion's (4-1) Dragons in the top Oakland A League scrap, while West Bloomfield (5-0) plays host to Clarenceville in a Wayne-Oakland League contest.

NOTHERN IDLE

While most of the area high school teams are returning to action tonight, Pontiac Northern's Huskies are idle. They swing back into play next Friday in a home contest against Waterford.

Elsewhere around the area, a full league schedule is on the calendar.

Other Oakland A games have Avondale entertaining Utica, Rochester visiting Troy and Madison at Clawson.

In the Wayne-Oakland, Northville journeys to Bloomfield Hills Andover, Milford is at Brighton and Clarkston plays host to Holly.

★ ★ ★

Pontiac Central's Chiefs, fresh from an upset victory over city rival Northern, will be trying to pull another surprise when they entertain Saginaw Valley Conference leader Midland.

OTHER SVC GAMES

Other games in the SVC have Bay City Central at Flint Central, Saginaw Arthur Hill at Flint Southwestern and Flint Northern at Saginaw. Bay City Handy is at Alpena in a conference outing.

★ ★ ★

Kettering will be trying to improve its 3-1 record in entertaining Walled Lake's Vikings. Another game in the area finds Farmington at Plymouth.

Orchard Lake St. Mary is at home against St. Rita and the home squad needs a victory to retain its lead in the Northwest Parochial League.

The Eaglets of OLSM are sporting a 5-0 mark in league play. A half game back is St. Francis de Sales, which plays host to Ferndale St. James.

★ ★ ★

Other Northwest games have Pontiac Catholic visiting Royal Oak St. Mary and Farmington Our Lady at Waterford Our Lady.

SIX LOSSES

Oxford, winless in six tries, travels to Madison to test Lamphere in a Central Suburban contest.

In the Southern Thumb, unbeaten Capac (6-0) entertains Anchor Bay, New Haven is at Memphis, Dryden at Almont and Richmond at Armada.

In other games, Roeper School goes to Lake Leelenau, Brother Rice is at Notre Dame, South Lyon at Chelsea and Ortonville Brandon travels to Genesse.

Gurney Rocker Arm Engine Spurs Interest of Racers

CHARLOTTE, N.C. (AP) — Dan Gurney is going to make good use of the 305-inch stock block, rocker arm engine that carried him to victory in the Rex Mays championship 300 at Riverside, Calif., last month.

Dan's All American Racers is building 10 of the Gurney-Westlake power plants for a long line of Indianapolis - interested customers. Max Muhlman, All American general manager, says the engines will sell for less than $15,000, which is significantly less than the 4-Cam Ford or turbo Offenhauser prices.

★ ★ ★

The new Gurney engine, equipped with special heads and twin blowers, developed about 450 horsepower at Riverside.

This may not be enough to complete with the more exotic engines at Indianapolis, but observers saw the smaller unit may turn out to be more reliable and a race-by-race threat on the seven road courses the United States Auto Club will use for championship events this season.

Muhlman says the first of the new engines will be ready about April 1.

BIG WINNER

Incidentally, by winning the Rex Mays 300, Gurney became the only driver in modern racing history to secure major victories in the four primary theaters of motor sports — Indianapolis, Grand Prix, sports cars and stock cars.

Dan currently is building three cars for his own use in 1968—an all new Indy Eagle; a new, smaller Formula 1 Eagle, and a Formula A Eagle for Sports Car Club of America's brand new, single-seater stock block division.

★ ★ ★

James Hylton, the Inman, S.C., independent who used castoff machinery to finish in second place two years in a row in NASCAR's Grand National point standings, is a prime example of the old adage that says good things come to him who waits.

★ ★ ★

Hylton, rookie of the year in 1966 when he finished second to David Pearson in the driver championships, has signed a contract with Dodge for 1968. It will be his first season with factory backing.

CHARGES AHEAD

The 29 - year - old crew cut blond plans to drive a 1967 Charger in the Jan. 21 Riverside 500, then switch to a new 1968 at Daytona Beach in February.

Hylton has fully recovered from the effects of a bad crash in the American 500 at Rockingham in October.

Team Wins After Buzzer in City Tilt

A pair of union teams, Local 653 and Local 596 split victories in Pontiac City recreation basketball play last night.

In other games POOBY defeated the Little Giants, 82-68 and Club One Spot won over Booth Homes, 74-57.

★ ★ ★

Local 596, led by Willie Peck's 22 points defeated Coulacos Ins., 52-48, as Larry Hayward had 13 for the losers.

Town and Country pulled out a 65-43 victory over Local 653 on a last second bucket by Earl Mudge.

The buzzer sounded as Mudge's shot left his hands. Eddie Deroeck had 30 points for the winners while Lionel Jordan led Local 653 with 26 points in the close contest.

A 23 point effort by William Elliot and 22 by Alvin Keel led the POOBY triumph.

Chuck Phillips with 21 and Gary Wilkoff with 17 led Booth's triumph as Harvey Rowan had 18 for the losers.

High School Skiing Opens

West Bloomfield, Rochester Win

High school skiing competition began yesterday at Mt. Holly with a triangular meet among Rochester, Southfield and West Bloomfield.

In girls competition, Rochester skiers totaled 130.3 minutes while Southfield had 156.0 and West Bloomfield 158.2.

The best times of three girls of each team is totaled . Wendy Willis of Rochester was individual winner with a time of 39.9 while Cheryl Luther of Rochester had 43.2 and April Welch of West Bloomfield with 45.3.

In boys' competition, West Bloomfield led with a four-man time of 144.8 followed by Rochester with 164.5 and Southfield with 176.6.

Tom Carter of the winners had a time of 33.2, while Ted Brackett of Southfield had 34.3 and Tim Brennan of West Bloomfield 36.0.

The prep slalom races are now daily events among the 20 teams in the high school ski league.

Pitching was one big reason why the Pittsburgh Pirates failed as pennant contenders in 1967. They ranked ninth with a team earned run mark of 3.74. Houston was at the bottom with 4.03.

Church Loop Scoring High

Three winners in the Pontiac Church League were not pressed last night.

★ ★ ★

Auburn Heights Free Methodist, paced by Tom Charleton's 31 points, downed Northeast Community Church, 73-36. Jerry Spangler's 34 triggered Stone Baptist's 95-38 decision over United Missionary.

★ ★ ★

Jack Niedrich of Pontiac Free Methodist netted 27 points, but it wasn't enough to keep his team from losing, 71-54, to Drayton Heights Free Methodist which received a 26-point effort from Randy Parsons.

Cricket Ace to Retire

SYDNEY, Australia (AP) — Bobby Simpson, 31, Australian test cricket captain, announced today he will retire from first class cricket after the current Australian season. He will not be available to tour England this year.

Athletic Group May Give Okay

PHILADELPHIA (AP) — The Pennsylvania State Athletic Commission will decide next week whether it will recognize the winner of the Joe Frazier-Buster Mathis fight as the world heavyweight champion.

Their 15-round bout is scheduled for New York's new Madison Square Garden in early March. New York and Massachusetts have declared they will recognize the winner as the champ.

Frank Wildman, chairman of the Pennsylvania athletic commission, said Thursday he will call for a vote by his fellow commissioners Tuesday.

Pennsylvania is a member of the World Boxing Association, now staging an elimination tournament to pick a successor to deposed champion Cassius Clay.

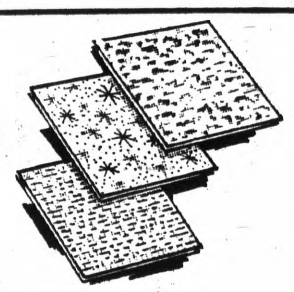

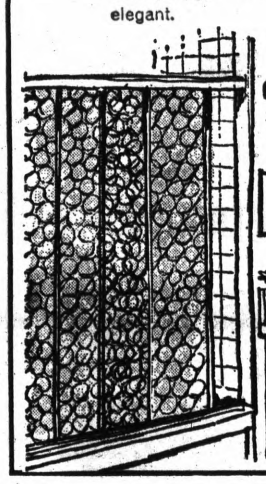

Frazier, a Philadelphian, and Mathis are not participating in the tournament, and the commission would have to turn its back on the WBA if it recognizes either of those two as champs.

Navy Rowing Coach Quits

ANNAPOLIS, Md. (AP) — Paul Quinn has stepped down as varsity crew coach at the Naval Academy and has been replaced by Lou Gellerman.

Quinn, who directed the Middies to 10 titles in seven seasons, will devote full time to his job as director of the Naval Academy Academic Computing Center. He is a 1948 graduate of the academy.

Cage Tigers Chew Up Violets

COMPETITIVE—Dartmouth's Greg Pickering (left) and Doug Brittelle (52) of Rutgers get tied up in a battle for a rebound in their game at Madison Square Garden last night. Jo Colgan (30) of Dartmouth adds to the scene on the right. Rutgers won the game, 79-52, in the first part of a double-header.

Princeton's Chris Thomforde is thinking about being a missionary, maybe in a big city, he says. Lou Rossini wishes he'd find some nice, small out-of-the way place where NYU is never likely to play basketball.

★ ★ ★

After a fairly erratic first half Thursday night, Thomforde came on strong to lead the Tigers to a 78-62 triumph over Rossini's Violets and make Princeton's return to Madison Square Garden after a three-year absence a happy one.

★ ★ ★

Thomforde, a rangy blond, said he is seriously considering a career as a missionary and probably in a large town, where he says people and their problems are. But Thursday, his 21 points and 10 rebounds made more than enough problems to last NYU for a while.

Eighth-ranked Oklahoma City, the only member of the Top Ten that played Thursday night, lost to Nevada Southern 96-92 in Las Vegas. The setback was the Chiefs' first of the season after eight victories. NSU is 9-3.

EIGHT STRAIGHT

Nevada Southern scored eight straight points in the final minute of play after trailing 90-88. Curtis Watson stole the ball from OCU's Ron Koper to tie the game and seconds later Watson came up with another steal and the go-ahead basket.

★ ★ ★

Oklahoma City overcame a 47-42 halftime deficit and led by as much as eight points—87-46 with eight minutes to play before Nevada Southern launched its comeback.

Elburt Miller topped the Rebels with 32 points and Don Lyons added 28. Ron Koper was high for the Chiefs with 24.

★ ★ ★

Long Island University, No. 3 in the small-college rankings, won its 11th straight game, disposing of Seton Hall 53-47. Cliff Culuko scored 21 points for the Blackbirds.

ROAD VICTORY

Louisville, getting 18 points from Wes Unseld and 18 from Jerry King, won its second Missouri Valley Conference game, topping Tulsa 65-59 on the road.

★ ★ ★

Coach John Dromo of Louisville was pleased by his team's showing as the Cardinals boosted their over-all record to 6-4.

★ ★ ★

"We grew up tonight—we became men," Dromo said. "They acted like they knew how to play like conference champs. Our zone was the turning point."

Play to Record Crowds

Packers Are Sellout Attraction

GREEN BAY, Wis. (AP) — The Green Bay Packers, as successful at the box office as they are on the playing field, performed before a record 1,376,288 persons in 1967.

Vince Lombardi, head coach and general manager, announced Thursday that the Packers played to 21 consecutive sellouts during the 1967 season.

The only game that was not a complete sellout was the College All-Star game.

Counted in the total, along with the preseason and regular season games, were the National Football League title game at Dallas last Jan. 1 and the first Super Bowl game lured 63,036.

OVER 100,000

Some 382,105 persons saw the Packers in six preseason games and 754,921 watched 14 regular season games. For this fall's postseason games, against the Rams for the Western Division crown and against the Cowboys, again, for the NFL title, 100,722 persons attended.

The Packers will get 1968 off to a good start by playing to a sellout crowd in the second Super Bowl at Miami, Fla., Jan. 14 against the Oakland Raiders. It was announced Thursday that all tickets for the game have been sold, guaranteeing more than 70,000 spectators.

★ ★ ★

The game could easily be played in temperatures 100 degrees higher than those that prevailed in the NFL title game at Green Bay last Sunday. It was 13 below zero at game time.

Green Bay's team worked out at home again Thursday in preparation for the Super Bowl tilt. The Packers plan another frigid drill at Green Bay today, before flying to Miami on Sunday.

FROSTY WORKOUT

After Thursday's frosty and brief workout, the Packers moved inside to view films of the Raiders in action and to hear good news from Lombardi.

He said fullback Chuck Mercein, who injured an arm in the title game against Dallas, appeared to have recovered and will be able to play in the Super Bowl.

★ ★ ★

It also was announced that exuberant fans caused more than $4,000 damage at Lambeau Field after the Packers' NFL title triumph. Some $2,000 damage was caused when the goal posts came down, and another $2,000 damage resulted when spectators carried away wooden likenesses of Packer helmets that were bolted to the stands.

Benched Twin Cost Pennant

Versalles Blames Loss of Flag on Decision

HAMPTON, Iowa (AP) — Zoilo Versalles, Cuban shortstop traded by the Minnesota Twins recently to the Los Angeles Dodgers, says he is "positive" the Twins would have won the 1967 American League pennant if he had not been benched late in the season.

★ ★ ★

Versalles was interviewed during a stop here between speaking engagements at two other Iowa towns. He said he has signed a Dodger contract for a pay raise and will report to Los Angeles Feb. 1.

"I'm sure, I'm positive, no doubt about it—I play, we would have won it," Versalles said of the 1967 pennant race.

DISAPPOINTED

He said he was benched "to scare me, but they only killed me as a player. I get so disappointed I don't know how many errors I make or what I hit."

Versalles said he will be replaced as Twins' shortstop by Jackie Hernandez, who once played with Zoilo in Cuba.

"One Cuban go, one Cuban come," Versalles added with a grin.

Pennsylvanian Early Leader in Golf Tourney

BUENA PARK, Calif. (AP)—Harry Toscano of Newcastle, Pa., after a rough beginning, carved out a 34-34—68 Thursday to grab the early lead in the Southern California Open Golf Tournament.

The second half of the 270-man field will complete first round play Friday.

Toscano, 25, played erratically over the long 7,210-yard Los Coyotes County Club course but wound up four under par. The Los Coyotes course plays to 36-36—72.

★ ★ ★

After the first 11 holes Thursday, Toscano had shot seven settled down after that to grab a one-shot lead over two Californians.

Francisco Lopez of San Francisco and J. D. Sanderson of Los Angeles each shot 69 with Sanderson getting the lowest half of the day on the back nine — a 32.

Korean Quintet Tours

SEOUL (AP) — A South Korean national basketball team, comprising candidates for the Mexico Olympics, will leave soon for a month-long tour of the United States for a series of games against American college teams, U.S. coach Jeff Gausepohl said Friday.

Dallas Lefty Has Three Shot Lead

HOLLYWOOD, Fla. (AP) — Southpaw Ross Collins fired a three-under par 69 Thursday to boost his lead to three strokes in the National Left-handers Open Golf Championship.

Collins, from Dallas, had a 140 at the midway point of the 72-hole tournament. Another Texan, Alvin Odom of Galveston, held second place after posting a 71 Thursday to go with his first-day 72.

Vic Lombardi of Fresno, Calif., who beat out Collins last year to win the tournament, was tied for third place at 144 with Gene Ferrell of Verona, Pa., and amateur Jack Butler of Atlanta.

Middie Coach Gets Contract

ANNAPOLIS, Md. (AP) — The U.S. Naval Academy has signed Bill Elias, head football coach, to a new two-year contract at an estimated salary of $19,500.

Elias, who ended his first winning season since becoming Navy's football mentor in 1965 with an upset 19-14 victory over Army, indicated he planned to retain his same team of assistant coaches. He admitted, however, one or two may leave to take better positions elsewhere.

★ ★ ★

"We're pleased to have him back," commented Capt. Alan R. Cameron, Navy's athletic director.

"We had a couple of disappointments last season, but they were more than compensated for by some outstanding winning performances against some exceptionally good teams."

The 44-year-old Elias, who has a three-season record of 13-14-3 at Navy, will have some serious rebuilding to do before the Middies launch next year's schedule, which includes such teams as Penn State, Michigan, Syracuse, Notre Dame and Army.

INTRODUCE AWARD — Mrs. Gordon Miller made the trip from Arizona recently to introduce and present the Gordon H. Miller Memorial Award which will be part of the Winter Polo program at Bloomfield Open Hunt Club. The initial match was held between the Rochester Rockets and Bloomfield All-Stars, and participating were, left to right, John Boghosian, John Mayer and Howie Miller. To the right of Mrs. Miller are the Bloomfield riders, Rich Gibson, Bob Jubelt and Wendell Smith.

Winter Polo in Walled Lake

Winter polo series continues tonight with Bloomfield Open Hunt Orchard Lake Polo Club, the Birmingham Blues and the Orchard Lake Whites will play a series of games at Centaur Farms in Walled Lake.

★ ★ ★

In a recent match between Bloomfield All-Stars, which was the 5th annual game, the Gordon Miller Memorial Award was introduced and initiated, and the winner of the winter series will be the recipient of it.

Miller, a former local polo star, died five years ago, and his widow Mrs. Miller and son Howard made the trip from Arizona to initiate the trophy award

The Rochester Rockets was the late Mr. Miller's team.

ROCKETS WIN

In the match played, Howard Miller, John Mager and John Boghosian made up the Rockets team and defeated the Bloomfield team, made up of Rich Bigson, Bob Jubelt and Wendell Smith, 11-10.

Gibson had six goals for the losers, while Miller had seven for the winning team.

Dentaur Farm Stables is located at 5600 Drake Road, Walled Lake and matches get underway at 7:00 p.m.

The indoor riding ring has adjacent dining facilities.

Tie Broken in Cage Play at Waterford

The deadlock in the American League of Waterford Township recreation basketball was broken last night when Mel's Sports Shop boosted its record to 4-0 by defeating Haskins, 64-60.

In other games, Day's Sanitary defeated Struble Realty, 69-48, and Lakeland Pharmacy scored a 60-30 win over Mattingly Realty.

Ironically, Dave Struble led Day's victory over his father's team, Struble Realty, with 23 points, while Sam Gibbons led the losers with 16 points.

Mel's and Haskins played a close contest and in the final minute. John Keating's bucket and two free throws by Jim Mathews clinched it. Chuck Seeth led the winners with 15.

Mattingly led 8-0 and 16-9 but Lakeland posted a 22-3 second period and pulled away to win with Graig Thomson hitting 24 for the winners.

Defensive end Tom Fussell, a rookie from Louisiana State injured against Buffalo Dec. 9, underwent surgery for removal of torn cartilage Thursday. Offensive tackle Jim Boudreaux of Louisiana Tech was operated on a couple of weeks ago.

Baseball Fan of Redlegs Is 107 Years Old

MIDDLETOWN, Ohio (AP) — Theophilus May, one of the oldest known fans of the Cincinnati Reds, is really a baseball turncoat.

But the 107-year-old Middletown, Ohio, man has no misgivings about his allegiance switch. He was a Cleveland Indians supporter until moving to the bailiwick of the Reds 47 years ago.

★ ★ ★

May, who celebrates his 107th birthday today listens to all the games on the radio, and he's got his Reds roster for the coming season well in memory.

The wife of his grandson says this could go on for years if you take May's side, and she said he means it when he says he plans to live forever. Two years ago he told a reporter:

"You don't read in the papers very often anyone over 105 dying, do you?"

Chiefs, Kettering Post Mat Wins

Pontiac Central, Kettering and Rochester posted wrestling victories last night to stay on the winning side of the ledger for the season.

The Chiefs boosted their dual record to 2-1 in defeating Bay City Handy, 33-10 with 10 winning events and a draw.

Heavyweight Charles Mason pinned his foe in the final event in 3:03.

Kettering handed Clarkston a 32-18 defeat to push its dual record to 4-2 and keep the Wolves winless with an 0-5 Mark.

Dennis Storrs of the losers remained unbeaten in his five matches this season.

Rochester trimmed Lake Orion 33-13 with pins by Paul Boes in 127 weight. Tom Rigdon in 138, Gary Gill in 145 pound and Alex McKinon in 180 pound weight.

Lonborg's Future Is in Question

BOSTON (AP) — Jim Lonborg, the Boston Red Sox' pitching ace, hoped to hobble out of the hospital today and place his immediate future in the hands of Buddy LeRoux, a "trainer of champions."

LeRoux, who administered to the Boston Celtics during several National Basketball Association title years before moving to the Red Sox, had an afternoon appointment to pick up Lonborg at Sancta Maria Hospital.

The Red Sox trainer showed up on schedule to take Lonborg to the LeRoux home Thursday night, but it was decided to hold the pitcher until today.

★ ★ ★

Lonborg, a 24-year-old right-hander, suffered torn ligaments in his left knee while skiing on the California-Nevada state line Dec. 23 and underwent surgery here Dec. 27.

A new cast applied Thursday failed to dry out sufficiently to permit Lonborg's discharge from the hospital later in the day.

LeRoux has been given complete charge of Lonborg's recuperation by Red Sox Manager Dick Williams.

EARLY MAY

"I spoke with Buddy and he told me that we could expect Lonnie back in early May," Williams said at his winter home in Florida. "I'm leaving it entirely up to Buddy."

LeRoux's taking Lonborg home with him is nothing new to the trainer's program. He did the same with basketball stars John Havlicek and Frank Ramsey when they suffered knee injuries with the Celtics.

★ ★ ★

"There isn't much we can do, though," LeRoux said. "We can't do anything of real significance until the cast comes off."

The Red Sox had hoped to have Lonborg ready for the opening of the season. Now they're just hoping to get him back as soon as possible. He won 22 games in pitching Boston to the pennant and then added two World Series victories.

Celtics Head Denies Rumor

BOSTON (AP) — Red Auerbach laughs at reports that he may leave the Boston Celtics as vice president and general manager to accept another National Basketball Association post.

★ ★ ★

"This is all news to me," Auerbach said Thursday, denying a report he would join the Baltimore Bullets as part-owner and general manager. "It's the first I've heard of it."

Play for Pay Game Saturday

Colorado Back Tops North Seniors

MOBILE, Ala. (AP) — The North is loaded with all-star football players, but the South has been warned to beware in particular in Saturday's Senior Bowl game of defensive back Dick Anderson of Colorado.

"You've never seen anything like him," South Coach Hank Stram of the Kansas City Chiefs was warned Thursday night by Georgia Coach Vince Dooley, who watched Anderson beat his South team in the Blue-Gray game a week ago.

★ ★ ★

"He's got more moves than anything I've ever seen," Dooley told Stram after watching Anderson return punts for 62 and 69 yards in a winning comeback.

Stram, coaching his first all-star team after sending the Chiefs into the Super Bowl a year ago, said he has been impressed by all of the players in the game which starts at 2 p.m. EST and will be televised nationally by NBC.

REACT QUICKLY

"I've been very surprised by the way the players react," Stram said. "Their attitude and their eagerness during our drills twice a day has really surprised me."

Stram said he has been trying to work in plays as rapidly as he could in the little time allowed, "but you can't expect them to pick up too much new."

The South will be counting on the passing of Florida State's Kim Hammond and Tennessee's Dewey Warren to carry Dixie to victory and snap the region out of a holiday slump in which it has won but one of nine bowl and all-star games.

"Our team has real high spirits," said Warren, "and I think we have a good ball club with great receivers."

LED NATION

Catching Hammond and Warren's passes will be Bob Goodridge of Vanderbilt, who led the nation with 79 grabs, and All-America Dennis Homan of Alabama.

The North is counting on the passing of Paul Toscano of Wyoming and John Schneider of Toledo to carry it to the Yankees' second straight victory.

Prime passing targets for the North will be Tulsa's Rick Eber, who caught 78 last fall, and Haven Moses of San Diego State.

Neither team is counting heavily on its running attack in the battle in which participants become pros.

Winners of the game will draw $1,000 each, and the losers will pocket $750 each.

The North will be out to narrow the series margin in the 19th annual game in which the South takes a 11-6-1 edge. A capacity crowd of more than 40,000 is expected.

Wilt Unanimous Choice for East Squad of NBA

NEW YORK (AP) — Philadelphia's Wilt Chamberlain was the only unanimous selection today on the Eastern squad for the National Basketball Association's All-Star game.

In announcing the 10 players voted by sports writers and sportscasters into the Jan. 23 game at New York's Madison Square Garden, Commissioner Walter Kennedy said two additional players will be named next week.

One of those players must come from Baltimore, which didn't have anyone named to the first 10.

Bill Russell of Boston joins Chamberlain as the East's centers. The Celtics have two other players on the team, forward John Havlicek and guard Sam Jones.

MOST VOTES

New York's Willis Reed was the top vote-getter among the forwards with Jerry Lucas of Cincinnati getting the other starting spot. Dave DeBusschere of Detroit also was named.

Oscar Robertson of Cincinnati received the most votes for guard and will be joined by Detroit's Dave Bing in the starting lineup. Jones and Hal Greer of Philadelphia are the other guards.

★ ★ ★

Alex Hannum, coach of Philadelphia, will lead the East team, which holds an 11-6 margin in previous All-Star contests.

Aussie Track Ace in NAIA Two-Mile

KANSAS CITY (AP) — The NAIA announced today Australia's Kerry O'Brien, who defeated famed countryman Ron Clarke last month, will run against Olympic 10,000 meters champion Billy Mills in the open two-mile at the third annual NAIA Indoor Track Championships here Jan. 19-20.

O'Brien is in top form because the outdoor season was at its peak last month. His time against Clarke was 8:04 for 3,000 meters, an Australian record. Clarke holds numerous world records.

★ ★ ★

Mills, formerly of Kansas, now lives in San Diego. He won several cross country meets last fall, and will open his indoor competition in the two-mile Saturday at San Francisco.

NBA Hawks Holding Hex Over Frisco

OAKLAND (AP) — The St. Louis Hawks continued their hex over their archrivals, San Francisco, beating the Warriors 106-98 in a National Basketball Association game Thursday night.

The victory was the Hawks' sixth in seven games between the two teams. The Warriors were playing without Jim King, out with a groin injury, and Fred Hetzel, sidelined with the flu.

PULLED AWAY

The game was tied 86-86 midway in the last period when St. Louis ran off six straight points to take a 92-86 lead. The Hawks never were headed after that.

The hotly contested game flared up at 8:22 of the fourth quarter when Nate Thurmond of San Francisco and Zelmo Beaty of St. Louis exchanged blows under the basket but the fight was quickly stopped by the referee.

Jeff Mullins of San Francisco was high scorer with 31 points. Len Wilkens and Joe Caldwell shared scoring honors for the Hawks with 24 points apiece.

COMING SOON

June in January

By JERE CRAIG

Fourteen months ago one Saturday morning in activity for an agonizing by rolling 11 strikes in a row.

16-year-old Bob Finkle November stopped all the moment at Airway Lanes

Unfortunately his 12th delivery was off his spot and he left three pins for a 297 game—at that time the second best sanctioned game ever rolled at the establishment.

Now 17, the Waterford Township high school junior once again was the center of attention along the Airway lanes last Saturday.

★ ★ ★

The bespectacled teen-ager duplicated his feat of 11 in a row; but this time Bob's first ball had left a four-pin and, after completing the spare, he rolled the 11 strikes to finish with 290 (this year's second best game at the establishment).

The game was his second one during the final 1967 outing for the Airway Mixed Majors League for preps. He leads the circuit with a 184 average, but his team is only sixth in the 10-team race.

He had a 615 series Saturday.

Airway pro Jim Rutkowski notes that Bob has refined his bowling style significantly in the past year. It could be soon that the name Finkle will be added to the list of bowlers who have put 12 strikes together.

★ ★ ★

Dick Carmichael did achieve a 300 game last month at Lakewood Lanes, and proprietor Bill Kuklinski has rewarded the veteran bowler with a $100 Savings Bond for the house's second sanctioned perfect game.

SPARE PINS

The Michigan Masters' next tournament will be Jan. 13-14 at Allen Park's Thunderbird Bowl. Contact Art Pearson or Jim Rutkowski for further details.

★ ★ ★

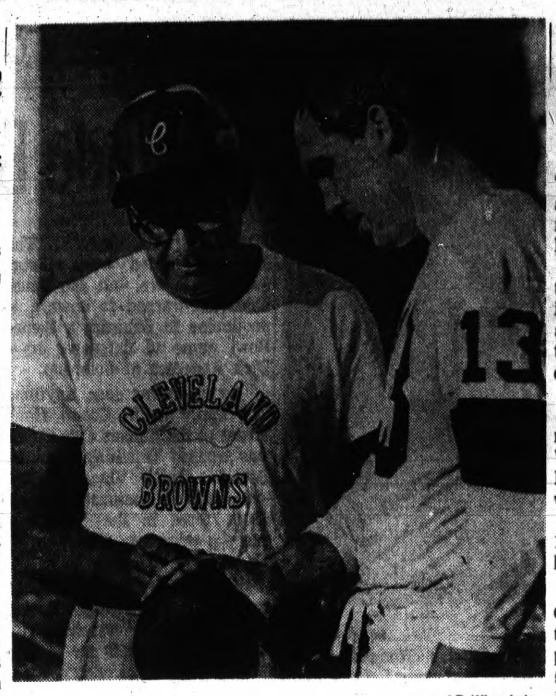

This year's State Men's Tournament in Jackson will record a five-man-team entry of 2106, surpassing last year's mark by 172. Lansing's 189 entries top this year's list.

One of pro bowling most famous units is no more. The Don Carter Glove team—who originated as the St. Louis Budweisers back in 1954—has been disbanded.

Cornerstone Don Carter will bowl with teammate Ray Bluth on the Ebonite team in the 1968 American Bowling Congress Tournament at Cincinnati.

★ ★ ★

Dick Weber, Tom Hennessey and captain Pat Patterson will be with other squads. As the Budweisers in March 1958 the team registered the ABC series record 3858, and it had a string of 105 consecutive 2000 series.

STRATEGIC HUDDLE—Cleveland Browns' quarterback Frank Ryan (right) has a short huddle with coach Blanton Colliers as the Browns work out in Miami for their Sunday game with the LA Rams in the Orange Bowl. The two teams meet in the NFL Playoff Bowl.

New Mexico Fives Brace for Collision

LAS CRUCES, N.M. (AP) — Any meeting between the Aggies and Lobos, on the gridiron or basketball court, ordinarily is enough to create a commotion.

But when New Mexico's Lobos are undefeated and nationally ranked, and New mexico State's Aggies have a season mark of 11-1, you have all the makings of a real donnybrook.

That's the situation when the Aggies and Lobos clash Saturday night in Las Cruces.

★ ★ ★

Add to the obvious the fact that the 10th-ranked Lobos, 12-0, will be out to get revenge for the one-point overtime loss in Las Cruces last year—in a game that ended in confusion because of an Aggie scoreboard and time clock malfunction.

Both coaches have had nothing but nice things to say about the opposition.

SECOND BEST

Lobo Coach Bob King, claims the Aggies are the second best team in the West, just back of top-ranked and defending champion UCLA. He didn't indicate whether he included second-ranked Houston in the West.

Aggie Coach Lou Henson scouted the Lobos in their victory over Denver and came away saying New Mexico has "probably the finest shooting team in the Southwest." and that should include Houston.

★ ★ ★

The Aggies hope to relieve the Lobos of their national ranking and at the same time use the Lobos as a springboard into the Top Ten.

A little more than 12 months ago the Lobos came to Las Cruces as the nation's No. 4-ranked team and after beating second-ranked Texas-El Paso.

BIG ODDS

The Aggies were given little chance against the powerful Lobos. The only hope was that the Lobos wouldn't humiliate Henson's midgets—as they were dubbed—who were coming off a miserable 4-22 season the year before.

The Aggies came from behind, forced the game into overtime and on two free throws after the final buzzer scored a 62-61 victory in what was definitely the wildest game ever seen in Las Cruces.

★ ★ ★

During the game, the scoreboard and time clock failed and the official timer was forced to use an ordinary stopwatch. There was a long argument as to whether the Lobo foul that sent Ernie Turner to the free throw line with a chance to tie and then win the game had been committed before or after the buzzer.

The controversy raged for weeks. The Lobos got their revenge when the teams clashed again, in Albuquerque, with a 65-57 victory. The Aggies rode their earlier win and two victories over El Paso into the NCAA playoffs where they were edged by Houston 59-58.

This then is the background for the biggest basketball attraction in New Mexico.

Kalamazoo 5 Accurate at Charity Line

KALAMAZOO (AP) — Bolstered by a hot night at the free throw line, Kalamazoo College made the last four points of the game Thursday night to defeat Manchester of Indiana, 77-74.

★ ★ ★

Kalamazoo hit 33 of 40 free throws in the non-leage contest and led at halftime 34-33.

Manchester took the lead, 74-73, for the first time since early in the game, with 1:15 remaining on a basket by Jerry Walther.

★ ★ ★

Kalamazoo regained the lead with 45 seconds remaining on Bob Trenary's basekt. Ralph Wellington added two charity tosses with 16 seconds left.

★ ★ 7/8

Dick Harris was top scorer for Manchester with 21 points. For Kalamazoo, Gene Nusbaum had 20 and Ralph Wellington 18.

Kalamazoo's record is 5-3, compared to Manchester's 6-7.

BOWLING

A veteran bowler made the 700 mark for the first time and a young pinmaster repeated in recent local classic league highlights.

George Kirn Tuesday night in the Airway Lanes Classic tore into the pins for a 221-225-257 and 703 total, his first sanctioned 700 series in a 27-year career.

★ ★ ★

The big series helped Gorman's Golf Products down Spot Welder Repair, 3-1. "Chum" Miller just missed the 700 series with his 226-267—697.

Keith's Collision team posted 1034-1121—3137 as Pat Sweeney hit 650 and "Skin" Keith 633.

In last week's Huron Bowl Classic, youthful Joe Myers of third place V-K Contracting repeated as a 700-series man this season with a 202-257-249—708. His high is 735 this campaign.

Mitch Stepp's 235-214—657 for Gallagher Music was second best last week, and teammate Bob Murphy had 643. Pontiac Janitor Supply's Tom Augello notched a 649.

League President Doug Swords of Herks Auto Supply posted a 638.

Carter Holds Lead in PBA Phoenix Open

PHOENIX, Ariz. (AP) — Don Carter, Tarzana, Calif., led 16 semifinalists into Friday's play of the Professional Bowlers Association $40,000 Phoenix Open.

Carter completed the 24-qualifying games Thursday with a 5044-total as he took a 49-pin lead into the match game competition.

Nelson Burton Jr., St. Louis, qualified in the second spot with 4995.

The 16 pros will shoot 16 games in Friday's action with the top five going for the $6,000 first prize in Saturday's finals.

MOVED UP

Carter started the opening round in fifth place and took over the lead after 18 games with the highest six-game block of the tournament, a 1369. He coasted through the last 16-game block, with a 1195-total.

Don Glover, Bakersfield, Calif., made the biggest move in Thursday's action as he moved from 23rd into third. Glover shot the highest six-game series of the night, a 1361.

High Court Ruling Asked in Draft Controversy

WASHINGTON (AP) — A University of Washington graduate student is asking the Supreme Court to bar draft boards from speeding the induction of young men who destroy their draft cards to protest the Vietnam war.

The appeal by Russell Milton Wills, 28, is the first attempt to draw the court into the controversy over reclassifying student protesters.

★ ★ ★

On October 15, 1965, Wills wrote his draft board in Berkeley, Calif., that "I have intentionally destroyed my draft card and will henceforth refuse to carry another . . ."

Reacting quickly, the board declared Wills a "delinquent," stripped him of his student classification and made him 1-A. He refused to be inducted, was tried, found guilty and sentenced to five years in prison.

'PEACEFUL ACT'

The heart of Wills' appeal to the Supreme Court is the claim that destruction of a draft card is "a peaceful act of symbolic speech" protected by the Constitution against punishment.

In a case to be heard by the high court later this month, David P. O'Brien of Framingham, Mass., is making a similar claim in challenging the 1965 federal law that makes it a crime to burn a draft card.

★ ★ ★

O'Brien's punishment was prosecution under that law and a six-year sentence. The U.S. Circuit Court in Boston ruled the law unconstitutional and now the Supreme Court will hear the Justice Department's appeal.

Wills claims that his reclassification was punishment. The court is likely to say by the time it hears the O'Brien case whether it will grant a hearing to Wills.

Last October, Lt. Gen. Lewis B. Hershey, director of Selective Service, recommended that students who throw away or tear up their draft cards be declared delinquent.

In a follow-up letter Hershey said persons who illegally interfere with the draft or military recruiting could lose their deferments.

★ ★ ★

This touched off protests—and lawsuits—that the draft was being used unconstitutionally to punish protesters of the Vietnam war.

In early December, Hershey and Atty. Gen. Ramsey Clark said draft registrants involved in "lawful protest activities" need not fear priority call-ups.

NOT FOR PUNISHMENT

And at the end of the year, Joseph A. Califano Jr., special assistant to President Johnson, told a group of concerned college presidents that the Selective Service System "is not an instrument to repress and punish unpopular views."

If the Supreme Court takes on the Wills case, the ruling may turn on whether his protest action was "lawful" and whether reclassification is punishment.

★ ★ ★

A year ago the U.S. Circuit Court in New York City ruled that draft boards could not reclassify registrants 1-A as a punishment for publicly protesting the Vietnam war.

However, the circumstances were different from the Wills case. Two students had been reclassified after attempting a sit-in at the Ann Arbor, Mich., Selective Service headquarters. They were convicted of trespassing. They and 36 other students and teachers convicted with them are appealing to the Supreme Court.

Budget Talks With LBJ Bring Shriver to Texas

SAN ANTONIO, Tex. (AP) — Poverty program Director Sargent Shriver has joined the stream of top officials coming to Texas for budget conferences with President Johnson.

Shriver's Office of Economic Opportunity and the Veterans Administration budgets got a going over Thursday by Johnson, who temporarily moved his operations to Austin, 65 miles east of the LBJ Ranch.

★ ★ ★

VA Administrator William Driver, Budget Director Charles L. Schultze and Assistant Budget Director Charles Zwick were in on a lengthy session in the President's 9th floor office in the federal building in Austin.

Johnson rarely uses this plush, stand-by office suite with a grand view of Austin. But chill, foggy and rainy weather closed down his LBJ Ranch landing strip and the plane carrying Shriver, Schultze and Zwick from Washington landed at Bergstrom Air Force Base, here, instead.

FLEW IN EARLIER

The President took the opportunity to come to Austin to meet them, bringing along Mrs. Johnson, and Driver, who flew in Wednesday and had been an overnight guest at the ranch.

Much of Thursday afternoon was spent on the two agencies' budgets. VA expenditures run in the neighborhood of $6 billion. Shriver's poverty operations were slashed by Congress to $1.7 billion for fiscal 1968.

★ ★ ★

After the work session, Shriver, Driver, Schultze and Zwick returned to Washington.

President and Mrs. Johnson stopped at an Austin hospital to pay a surprise call on the wife and daughter of newsman Victor Ostrowidski, who were injured in an auto accident on their way to a New Year's Day news conference at the LBJ Ranch. Ostrowidski, from Albany, N.Y., represents Hearst newspapers, assigned to cover the President in Texas. He was hurt in the two-car crash, too, but was not hospitalized. After the accident, Johnson invited Ostrowidski's two boys, to come to the ranch for a visit.

★ ★ ★

The President is now in the 10th day of a year-end Texas stay, filled with domestic and international business.

Camp Revamped

CHEBOYGAN (AP) — A long time summer camp for boys in northern lower Michigan is going coeducational. The 160-acre camp on Burt Lake in Cheboygan County opened 42 years ago as a boys camp but has been sold to the Ann Arbor YM-YWCA and now will be used by both boys and girls.

Social Security – 4

Another Antipoverty Weapon?

(EDITOR'S NOTE — This is the fourth of a series analyzing the changes currently being made in the Social Security and Medicare regulations.)

By BRUCE BIOSSAT
NEA Publications

WASHINGTON — In today's context of the "Anti-poverty War," it is not easy for administrators and other defenders of the massive Social Security system to keep it from being regarded as just one more very large antipoverty weapon.

★ ★ ★

Liberal U.S. senators who tried to mount a last-minute attack on the alleged inadequacies of the 1967 Social Security bill talked of it as if it were nearly a total failure.

Sen. Joseph Tydings, Maryland Democrat, said the measure which finally was enacted "guts to Social Security program of benefits vital to all older Americans . . ."

The proposals he spoke of actually provide the highest single increase in Social Security cash benefits in the system's history.

★ ★ ★

It is estimated they will lift a million more Americans out of poverty — and that the system thereafter will keep at least seven million people out of that rut.

ARGUMENT

The complainant's argument is basically simple: that Congress should have raised the minimum benefits much higher and thus made the program still more useful as an antipoverty weapon.

Beginning with March 2 checks, the minimum retirement payment will rise from $44 to $55. But the Senate version, lost in the final compromises between the two houses, would have increased that minimum to $70.

The "minimum payment" feature is clearly an antipoverty device, though it is of long standing in the program.

★ ★ ★

For that fixed low-level benefit goes to any worker at age 65, even though his yearly earnings over the years under Social Security may average only $800 or less.

NECESSITY RECOGNIZED

Analysts who argue that Social Security is a "bad insurance program" fasten on such features.

But Eugene Thore, president of the Life Insurance Association of America, wrote as follows to Wilbur Cohen, undersecretary of Health, Education and Welfare:

"The life insurance community, for the most part, recognizes the importance and necessity of the Social Security floor of protection as the base upon which American families can build their own plans of savings and security."

★ ★ ★

The minimum payment feature is not the only noninsurance element in Social Security. Some elderly folk with little or no work under Social Security have, since 1966, been able to draw limited retirement benefits.

PAYABLE AT 72

These benefits become payable when these persons become 72. Men born 1896 to 1900, and women born 1896-98, need some work under Social Security to qualify.

Anyone born before 1896, need have no work credit at all.

These special payments were $35 a person a month and $57.50 a couple, but have been raised under the new law to $40 and $60.

★ ★ ★

And, in a departure from the insurance principle, they are paid not out of Social Security trust funds but from the general U.S. Treasury.

WEIGHTED

But it is not just the minimums and these special payments which give the Social Security system its "anti-poverty" flavor.

The whole benefit formula is heavily weighted to give advantage to those with low average earnings through their working life.

Thus, under the pre-1967 law, the Social Security recipient gets in benefits about 63 per cent of the first $110 of his average earnings, but only 22 per cent of earnings above that level.

★ ★ ★

All these features notwithstanding, the administrators and supporters of Social Security regard it principally as a social insurance program which protects American citizens basicly not against old age as such —but against the risk of loss of income which may accompany old age.

Hunter Kills Rare Crane

SAN ANTONIO, Tex. (AP) — One of the 48 whooping cranes known to exist in the wild died Thursday after it was rushed here from the Aransas National Wildlife Refuge where it had been shot by a hunter.

The bird, an adult whooper, suffered numerous wounds from a shotgun blast, a source here said, and was virtually beyond help when it arrived at a veterinary hospital.

★ ★ ★

A spokesman for the Sport Fisheries and Wildlife Service of the Department of Interior said the bird was shot by one of three hunters hunting snow geese near the Aransas National Wildlife Refuge at Austwell, Tex.

The near extinct species winters each year at the Aransas refuge on the Gulf of Mexico Coast. Officials said there were 39 adult cranes and nine young ones at the refuge this year.

Biscuit Kept With Dough?

TOWSON, Md. (AP) — Talk about being sentimental. Frank C. Clark still has one of the first biscuits his wife ever baked 21 years ago.

And now he keeps it in a safe-deposit box at a bank.

★ ★ ★

It was in the early weeks of their marriage that Mrs. Clark baked her first pan of biscuits.

"Poor Frank managed to eat two of them before I took pity on him and put them out of sight," she recalls.

Clark salvaged one and later as a family joke locked it up at a bank with family valuables.

Chase Winds Police, Suspect

HICKORY, N.C. (AP) — "Did he put up any resistance?" police detective Jack Williams was asked after he and another officer chased and recaptured a man wanted for a burglary.

"No," said Williams, "we were all too winded to fight."

Theft May Give Thief Headache

BRISTOL, Va. (AP) — A thief stole 12 cases of beer from a restaurant near here Thursday.

Sheriff's officers say the loot also included a box of aspirin.

The South Should Cotton to New Bollworm Idea

By DICK WEST

WAHSINGTON (API) — The U.S. Department of Agriculture has gotten the new year off to a good start with an important scientific discovery.

WEST

Only the department doesn't seem to know it.

A couple of agricultural researchers have found that a synthetic chemical widely used in commercial insect repellants "occurs naturally in pink bollworms."

The chemists were amazed by this. They had always thought the chemical known as "deet," was strictly a man-made substance.

But when deet found in pink boolworms was tested on yellow fever mosquitoes, the insects were as effectively repelled as they are by the laboratory stuff.

POTENTIAL INDEED

Pink bollworms ruin a lot of cotton crops in this country. In fact, the two chemists were experimenting with antibollworm measures when they discovered the deet.

Armed with this information, it should now be fairly simple to eradicate bollworms.

All the chemists need do is find some way to remove the deet, release a few mosquitoes in a cotton patch, and the bollworms will come down with yllow fever.

Beyond, that, however, is an even greater benefit.

The real enemy of cotton is not the pink bookworm but synthetic fiber, which have taken over much of the market. Here is a chance for king cotton to make a comeback.

LET 'EM THRIVE

When a farmer plants a cotton crop, he shouldn't try to keep down the bollworms as in the past. He shoulud try to make it easy for bollworms to thrive, spread and proliferate.

Then, at harvest time, instead of picking the cotton, he picks the bollworms.

I'm certain insecticide companies would be delighted to have a natural supply of deet rather than have to make their own. So the bollworms should fetch a handsome price.

Thus, in one swoop, is solved both the cotton surplus and the bollworm problem.

Peyton Place Sets a TV Record

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — "Peyton Place" marks its 400th chapter next Monday night, passing what seems to be a record for filmed television series.

The ABC serial has not only appeared more times than any other show on film but also has pursued its inexorable course winter and summer with nary a rerun.

THOMAS

Thus "Peyton Place" wins honors for persistence, if not for excellence. Nobody has ever accused it of being a prestige show. But it is a well-made series, with competent if not inspired acting.

"Our ratings this season have been good enough to keep the show on the air, but not good enough to allow any further attrition," admits executive producer Paul Monash, who has guided "Peyton Place" from its very beginning. "We've done well on Monday nights, holding our own with two popular shows, 'Family Affair' and 'Dragnet.' But the movies have hurt us on Thursday night, as they have hurt all series this season."

WIDER AXIS

"We can't continue to move the same characters through the same environment," he remarked. "I plan to send one of the major characters to Boston for a story that will take place there. A young minister and his wife will be introduced, and they will be linked to the Boston story.

"The purpose is to give the show a broader geographic axis and to start new and dynamic stories. The series must get involved with new characters because frankly, some of our established characters have told their stories. Now we are forced to invent for them what we call camping scenes—scenes in which they stand around and observe the action, just so we can keep them apparent.

The series has had a solid core of performers from the start—Dorothy Malone, Ed Nelson, Ryan O'Neal, Barbara Parkins, Chris Connolly, Paul Langton. Monash admitted that it was sometimes a problem to keep them happy.

Woodcutter's Feud With Government Ends

ROUND MOUNTAIN, Calif. (AP) — The lonely battle of Virgil Gray vs. the U.S. government apparently is over.

Armed with shotguns and rifles, Gray for two months has held up completion of a $700-million, 900-mile power network feeding electricity from Bonneville Dam on the Columbia River to Southern California.

★ ★ ★

U.S. marshals and surveyors were run off the 40 acres on which the defiant woodcutter and his family of nine live 250 miles northeast of San Francisco.

Then, with federal officers ready Thursday to invade Gray's cabin en masse and take him into custody, he let his son talk about a compromise.

The decision may have been based mostly on the mumps. Two of Gray's seven children were in bed with that sickness this week. He said, "I don't want to see those little kids hurt."

His wife Jane and their eldest child, Ronald, 20, convinced the 53-year-old Gray that the demands of the federal government supercede his personal property rights.

★ ★ ★

Rodney Hamblin, deputy U.S. attorney in San Francisco assigned to the case, said Ronald agreed to be the go-between with his father.

Hamblin said the son told him the original offer of $100 an acre for the part of the 40-acre farm needed for the power line right-of-way wasn't good enough, and the path also cuts across "the only good field we have."

Hamblin said "I made him a very liberal offer" this time and asked the son to ask his father to think about it.

Virgil Gray say he probably would give in if the the government would provide enough money to give all his children the education Ronald is getting at Shasta College in Redding, a two-year public junior college.

Or, if the government would buy him a simflar piece of land, he said he probably would accept because his family would want it.

"A man can't do his work, can't get his wood cut, bothered all the time by men from the government," he said.

"I don't want the power line on my land. I don't want the government's money. All I want is to be let alone."

Lowering his head, he added, "but I can't fight them all by myself."

GOVERNMENT POWER — Virgil Gray and his wife, Jane, talk with newsmen outside their cabin in the northern California mountains yesterday after the woodcutter laid aside his guns and gave in to family demands that he end his two-month fight with the federal government over a power line the government wants to run across his 40 acres. He had been holding up completion of a $700-million power-line network.

Subzero Cold Numbs Nation West to East

By The Associated Press

Winter belted the country with subzero cold from Montana to Maine today. Temperatures tumbled to near zero as far south as Kentucky and Tennessee.

No immediate relief of consequence was in sight for Northern states numbed by nearly two weeks of arctic cold snaps sweeping out of Canada in close succession.

★ ★ ★

Blizzard warnings were posted for Montana east of the Continental Divide, and the Weather Bureau said the storm would be followed by a new cold wave later today and tonight. Hazardous driving warnings extended southward into Wyoming and east into the Plains.

The mercury slid to 21 below zero at International Falls, Minn., and to 5 below at Minneapolis-St. Paul. Readings near 20 below were expected as far south as Milwaukee.

BITTER COLD

Bitter cold temperatures settled into Kentucky and Tennessee in the wake of an ice storm which blazed both states earlier in the week. Early morning lows around 8 above were indicated at Nashville.

Ice clung to some secondary roads in Kentucky, but most highways were open and passable. Tennessee roads remained icy in spots, but most schools were able to reopen in both states after weather-extended holiday vacations.

★ ★ ★

Snow dusted parts of the Northern states, but with a few exceptions amounts were light.

A blizzard sweeping off Lake Superior dumped a foot of snow on Houghton, in Michigan's Upper Peninsula. The situation was compounded by a wildcat strike by Houghton County Road Commission employes which halted plowing operations. Snow removal crews from adjacent counties opened the county's two major highways—U.S. 41 and M26—but all secondary roads remained virtually impassable.

20 BELOW IN U. P.

Temperatures dipped to 20 below across the Upper Peninsula.

Another lake-generated storm swept off Lake Ontario into western Upstate New York and buried the Booneville area under 14 inches of snow.

Blowing and drifting snow were widespread across much of New York State, and some secondary roads were drifted shut. An elevated highway and bridge at Buffalo had to be closed four hours during the night due to blowing snow and slippery pavements.

Schools and other daily affairs continued, though on a sometimes delayed basis, in much of the zero-blocked northern region.

Cons Raise Funds for Hemophiliac

Fred Bettger Jr., 7, has a pair of Lone Ranger sixguns today and his father has $302 to help pay the medical bills from his son's hemophilia—all thanks to the inmates at Colorado State Penitentiary, Denver.

The convicts organized a "Freddy Fund" to raise money for the youngster after they learned his family was in financial straits. Contributions came in from all over the state and blood donors also came forward.

The youngster has required 60 pints of blood—at $27.50 apiece—since September according to his father, an unemployed truck driver.

Inmates on the staff of the Chronicle, a semimonthly prison newspaper, added the pair of sixguns, each complete with a "silver" bullet, when they turned the money over to the family yesterday.

Widow of Spike Jones Is Victim of Theft

Some of the sparkle was missing from singer Helen Grayco's act when she opened last night—police said she reported jewelry valued at $50,000 had been taken from her New York hotel suite.

The singer, widow of band leader Spike Jones, said she checked into the Hotel Pierre Wednesday then left for rehearsal without opening her bags.

When she returned from dinner, she said, she found 12 pieces of her most expensive jewelry were taken including a diamond-studded gold handbag valued at $10,000.

Negro Writer Is Sentenced

Convicted of Having Weapons During Riot

NEWARK, N.J. (AP) — LeRoi Jones, the Negro poet-playwright who advocates separation of the races, was sentenced to two and a half to three years in Trenton State Prison Thursday and fined $1,000 for possessing weapons during last summer's Newark riots.

Essex County Judge Leon W. Kapp handed down the sentences to Jones and two codefendants in a lengthy statement which drew several outbursts from the African-gowned Jones and several of his supporters.

At one point, Kapp directed more than two dozen court officers and police to eject about half a dozen shouting supporters of Jones from the courtroom. One youth, Alfred Scott, 17, of Newark, was arrested in an ensuing scuffle.

One of Jones' codefendants, Charles McCray, 33, was sentenced to 18 months in the Essex County Penitentiary—12 months in custody and the rest on probation—and fined $500. The other, Barry Wynn, 23, received an 18-month term—nine in custody and nine on probation—and was fined $250.

EXCERPTS OF ARTICLE

During the sentencing Kapp read excerpts of an article he said Jones wrote last month in Evergreen Review, a monthly magazine. He quoted Jones as urging Negroes to "smash windows, take what you want, take the white persons' lives—but get what you need."

He also quoted other of Jones writings and termed them a "diabolic prescription to commit murder and to steal."

Jones had been arrested along with McCray and Wynn on June 13 by police who charged the three men with possessing two pistols in their camper bus when it was halted in the middle of the riot area.

New Crime Unit OK'd in Wayne

DETROIT (AP) — The Wayne County Board of Supervisors has approved a newly organized crime division for the prosecutor's office. The Board authorized $38,000 for staffing the new division with two assistant prosecutors, an investigator and secretarial help.

In other action Thursday the Board approved $18,000 to establish a countywide riot and disaster control communications system. The system will be under control of the sheriff.

By Oswald and James Jacoby

Here is a problem hand of 1967. Cover up the East and West hands and see what you would do. You might not be in seven spades. South's jump to that spot was rather optimistic, but you are there and have to do the best you can.

JACOBY

The early play is easy enough. You take dummy's ace of clubs, lead a spade to your king and a second spade back to dummy's queen, as both opponents follow. Then you cash dummy's ace and king of diamonds. East drops the jack of diamonds on the king and the problem has developed.

We will help you out a trifle. The game was being played at the University of Michigan, and college students are perfectly apable of playing the jack while still holding another card in the suit.

We don't consider this any sign of moral decadence in the younger generation. In this spot the falsecard with the jack is automatically the correct play with just one more diamond left in your hand, and college students know the correct plays.

If the jack play is a falsecard, you make the hand by drawing the last trump and discarding all your clubs on the last four diamonds. If the jack is a forced play, you ruff a low diamond with your ace of trumps, enter dummy with the jack of trumps, cash three diamonds and eventually try the heart finesse.

South did go down because he assumed that the jack play had been a falsecard. He actually led the queen of diamonds because this gave him a slight extra chance.

If the diamond jack had been a doubleton and if West held the last spade, he could still come back to that heart finesse. But East did have that last trump. He ruffed and the hand collapsed.

We don't approve of South's bidding, but we do sympathize with him. He did take the best line of play percentage wise.

♥♣CARD Sense♠♦

Q—The bidding has been:

West	North	East	South
	1 ♠	Pass	Pass
Dble	Pass	2 ♥	Pass
Pass	2 ♠	Pass	Pass
Dble	Pass	Pass	?

You, South, hold:
♠2 ♥J4 ♦K10 9 5 4 3 ♣7 5 4 3
What do you do now?

A—Pass again. You aren't happy, but three diamonds is likely to be a worse spot.

TODAY'S QUESTION

Instead of doubling, West bids three hearts and East goes on to four hearts. What do you do now?

Astrological Forecast

By SYDNEY OMARR
For Saturday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21-Apri. 19): You get news of special assignment, added responsibility. Polential is great if you are not afraid of change. Communicate. Express thoughts and exchange ideas.

TAURUS (Apri. 20-May 20): You can make alliance which eventually brings financial gain. Key is harmony, adjustment. Make concessions. Strive for mature understanding. Romance knocks at your door.

GEMINI (May 21-June 20): Some of your desires entail heavy responsibility. Mate or partner discusses money and investment potential. You asked for certain things. If not careful you get them.

CANCER (June 21-July 22): Study GEMINI message for valid hint. Ambitions and career plans are emphasized. You get what you want — but you also pay for it. Know this and be ready. Adhere to principles.

LEO (July 23-Aug. 22): Emphasis on how matters are concluded. Could involve long-distance message or instructions. Document or manuscript could also figure prominently. Think not of the immediate. Plan ahead.

VIRGO (Aug. 23-Sept. 22): Recent endeavor begins to bring in either bills or gains. Today is good for summing up. Get rhythm going. Means pace yourself. Dig deep for information. Mate or partner is involved.

LIBRA (Sept. 23-Oct. 22): Stick to course which leads to direct source of information. Be frank. People who question you may be testing your veracity. Know this and respond accordingly.

SCORPIO (Oct. 23-Nov. 21): If you have been neglecting health, basic tasks and requirements, catch up. You find out how to best aid yourself. Through inquiry. Relative can help.

SAGITTARIUS (Nov. 22-Dec. 21): Take realistic look at desires, romantic involvements. Day when you can learn truth and grow. Be specific. Get answers. Learn difference between truth and falsehood.

CAPRICORN (Dec. 22-Jan. 19): Pressure may mount in connection with delayed decision. Concerns property, long-range plan. Your faith in time being on your side is justified. Respond accordingly.

AQUARIUS (Jan. 20-Fed. 18): Those who care the most may appear indifferent. Applies especially to family members. You want to witness a burst of enthusiasm. But responsible persons are holding off for a time.

PISCES (Feb. 19-Mar. 20): Check possessions. Don't give things away. Others appreciate what they pay for, not what is handed to them. Realize this. Be wary of deception connected with funds.

IF TOMORROW IS YOUR BIRTHDAY you have sense of destiny. Means you know where you are going and why. At times you appear to detour. This is because you are affectionate, have sympathy for those with problems. Might be wise to consider your own troubles first — then once affairs closer to home are ironed out, get to others. Be very careful with details. Temptation is to travel far and to deal with those at a distance. This is fine if you are thorough, especially where legal papers are concerned.

GENERAL TENDENCIES: Cycle high for ARIES. Special word to TAURUS: older individual who makes surprise appearance may have answer to personal dilemma.

Flying Sniper Hits 11 Homes

HUNTINGTON BEACH, Calif. (AP) — The targets of a New Year's Eve sniper pilot now are believed to have included a bank, a car and at least 11 houses, police said today.

Patrick Williams of Huntington Beach told police he found three holes in his roof while taking down Christmas decorations Thursday. Police found what they think might be a 38-caliber bullet in the shingles.

Williams was the 11th resident of Orange County, south of Los Angeles, to report unexplained bullet holes in his roof. No one was injured.

Glamor Stocks Rebound

Mart Mounts Broad Advance

NEW YORK (AP) — The stock market mounted a broad-based advance in active trading early this afternoon.

A rebound by some of the high-priced glamor stocks was accompanied by strength in steels and a selection of heavy industrials

Gains outnumbered losses by a ratio of 8 to 3 on the New York Stock Exchange.

The Dow Jones industrial average at noon was up 3.29 at 902.68.

The news about peace moves in Vietnam seemed to be much more solid this time than on many past occasions, analysts said, and the prospects of peace would be very bullish for the stock market over the long term, even if there were some temporary dislocations, analysts said.

Wall Street also was encouraged by the ability of the market to make a strong comeback late Thursday after weathering a very sharp early decline.

of 60 stocks at noon was up 1.2 at 324.2 with industrials up 1.5, rails off .1 and utilities up 1.5.

Prices advanced on the American Stock Exchange. National Industries picked up a couple of points.

Effects of Court Change Weighed

(EDITOR'S NOTE — This is the last of a two-part series on Pontiac's Municipal Court.)

By MEL NEWMAN

The Michigan Legislature is currently considering sweeping changes in the state court system.

★ ★ ★

These changes, included in the proposed Judicature Act, mostly affect municipal courts.

Involved and highly legalistic in language and construction, it would, on the local level:

- Abolish the offices of judges of municipal courts and other such lower courts.
- Transfer all duties and powers of these judges and of district court commissioners, traffic court referees and others to the judges of the district court.
- Provide for the establishment of a traffic bureau in each newly created district to accept pleas of guilty in traffic offenses and collect fines as prescribed by the judges of the district.
- Establish an original jurisdiction in the newly created districts in civil cases of suits involving up to $5,000. (The Pontiac Municipal Court previously had jurisdiction on cases involving a limit of $1,500.)

★ ★ ★

- Make the newly created district court a court of record, so that only the recorded transcript of a district court proceeding need be sent to appelate court in an appeal case, rather than having all testimony given by witnesses present.
- Provide that all fines other than for state law violations shall be divided 50 per cent to the city whose law was violated and 50 per cent to the state treasurer, while all state fines would go to the state.

★ ★ ★

- Put jury selection on a countywide basis as opposed to the present citywide basis.

Oakland County would become the second district upon passage of the act and would include several divisions. Pontiac, Sylvan Lake and Keego Harbor would comprise one such division, according to an amendment to the original bill.

The amendment would provide only two judges for Pontiac's division, an allotment criticized strongly by personnel of the present Municipal Court.

★ ★ ★

Would passage of the Judicature Act, aside from the question of the number of judges, be beneficial to Pontiac and the area?

REVENUE LOSS

Those opposed to the legislation base their argument primarily on the loss of revenue which the cities now garner via their own courts.

As it stands now, Pontiac realizes a profit in excess of $100,000 annually from the operation of Municipal Court, according to a memorandum issued by the city attorney's office concerning proposed amendments to the act.

Most of the income resulting from criminal cases comes from city ordinance procedures.

★ ★ ★

Last year, $3,384 was paid the court in fees by the state for handling state law cases.

The state pays at least $4.30 per state law case.

This income would be lost should the act be passed, but McCallum, with reservations toward the allotment of judges, favors the proposed change.

"It would make for a better court," he said, "allowing for changes we've needed but haven't gotten any other way."

He qualified his approval by adding: "The state should, in view of the removed source of revenue for the municipalities, subsidize the cities, at least in the beginning, to make up the difference."

★ ★ ★

He stated that the court has not been allocated sufficient funds to serve well enough in the past.

BEST FEATURE

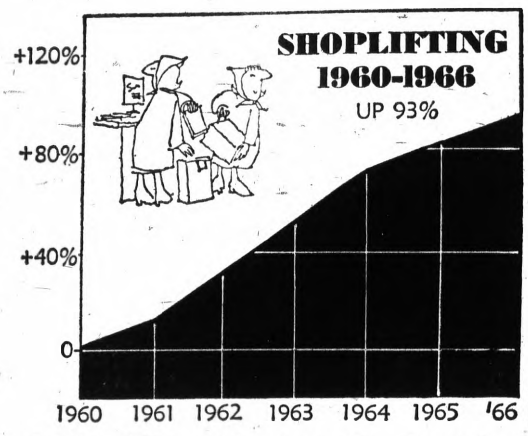

The best feature of the act, he said, is its provision for the addition of judges in the future when such additions are deemed necessary.

In fact, those favoring the act base their feelings, in essence, on the flexibility it would bring in making improvements.

The Legislature faces the task of balancing the effects on municipal revenue against this flexibility.

★ ★ ★

In any case, the object is better administration of justice in Pontiac and throughout Michigan.

The Federal Bureau of Investigation Crime Report shows that shoplifting losses have increased 93 per cent since 1960.

In Proposed District

Judge Shortage Is Threatened

An amendment to the Judicature Act, now being considered by the Michigan Legislature, would provide the court district which would include Pontiac with only two judges.

★ ★ ★

This district, created by the act to replace municipal and justice courts as part of the legislation's complete revision of the lower court system, also would include Keego Harbor and Sylvan Lake.

Municipal Judge Cecil B. McCallum, in a letter sent in November to the two state senators and four state representatives from the affected area, took the amendment to task.

"At the present time," he wrote, "the Pontiac Municipal Court covers only Pontiac cases and is unable to take care of the court load with its two judges."

★ ★ ★

He pointed out that under the proposed bill, the court would be taking over most of the work of the circuit commissioner, which alone would take most of one judge's time

"In addition," he said, "there will be some new cases from Keego Harbor and Sylvan Lake districts which we (the court) are not now hearing."

McCallum cited records showing that 14 years ago the Pontiac court was hearing an average 17,000 civil cases—8,000 more than the present annual average.

"Now," he explained, "we do not have time" to hear the other cases.

★ ★ ★

"Criminal cases are taking more and more of the court's time," he continued, "until at present, one of the two municipal judges spends his full time on criminal cases.

CASES TRANSFERED

"Attorneys cannot get their cases heard in Pontiac within a reasonable time and are taking their cases out to the justice of the peace courts in the surrounding townships.

★ ★ ★

"I would venture a guess," he said, "that there are 5,000 Pontiac city hospital cases that are taken out to the townships in spite of the statute requiring that these cases (in which plaintiff and defendant both are Pontiac residents) be heard in Pontiac Municipal Court.

"I hope," he concluded, "that you will review the Pontiac need for judges and set up four or at least three to start with."

Record Spending Planned for Consumers Construction

JACKSON (UPI) — Consumers Power Co. yesterday announced it will spend a record $187 million in new construction this year and may move its corporate domicile from the state of Maine to Michigan.

A. H. Aymond, chairman of the board, and James H. Campbell, president, said the budget tops last year's construction expenditure by 35 per cent and surpasses the record $147 million spent in 1966.

The company, which provides service for more than 1.7 million customers in Michigan's Lower Peninsula, plans to invest nearly $130 million in expansion of its electrical facilities; $42 million expanded natural gas facilities and more than $15 million in additions to office, service, transportation and warehouse facilities.

The outlay will bring electrical service to 28,000 new customers this year and gas service to 34,000.

★ ★ ★

A spokesman for the company said Consumers has asked the Michigan Public Service Commission for permission to organize as a new Michigan corporation.

'FOREIGN' CORPORATION

Consumers Power was incorporated in Maine in 1910 but has done business in Michigan since 1915 as a "foreign" corporation.

All of the company's operations and property now are located in Michigan, but it continues to pay $132,550 annually in franchise taxes to the state of Maine.

The application to the MPSC asserted that Consumers would continue, after the proposed incorporation, "without change in name, business, properties, ownership or management."

★ ★ ★

The proposal also must be approved at the annual stockholders meeting April 9.

NUCLEAR PLANT

Some $50.7 million will go toward continuing construction on the company's new Palisades Nuclear Plant, 35 miles west of Kalamazoo. The plant, to open in 1970, will have an initial capacity of 710,000 kilowatts, and eventually will exceed 800,000 kilowatts.

Engineering work to the Ludington Pumped Storage Hydroelectric Plant, will cost some $900,000 in 1968.

Actual construction commences in late 1969, with operations to begin in 1973. With a generating capacity of 1.8 million kilowatts, the plant will be used principally to meet peak demands for electric power.

★ ★ ★

A third nuclear power plant to be located near Midland will cost an estimated $267 million. Construction will begin in 1969 although some $1 million will be spent on engineering work in 1968.

The plants' two reactors, each the size of the one being installed at Palisades, will become operational in 1974 and 1975 generating 1.3 million kilowatts and also delivering up to four million pounds of process steam per hour to the Midland Industrial Plants of the Dow Chemical Co.

Other major items in expanding electric service include $17 million for additions and improvements in the transmission system, $9.4 million for construction of interconnections, $10.7 million on the distribution substations, and $24.4 million on the distribution system.

Three more Gas Turbine Peaking Units will be added and major natural gas projects will be extended.

★ ★ ★

Additional compressors are being installed to help complete major natural gas storage facilities in St. Clair and Macomb counties.

Roads Panel OKs Sales of County Land

The State Highway Commission has approved the sale of seven parcels of excess property in Oakland County and referred them to the state administrative board for final approval.

All the property is adjacent to or near I-75.

The high bidders, their bids and property descriptions are:

★ ★ ★

Brodsky Realty Co., Huntington Woods, $73,000 for 73 acres, west of I-75 and north of Mann Road in Independence Township, and $3,800 for nine acres of landlocked property, north of I-75 and a quarter mile west of the highway department weigh station at Rohr Road.

★ ★ ★

David MacGillis, Pontiac, the minimum $600 for 5,950 square feet, north of I-75 and west of the turnaround area at Rohr Road.

★ ★ ★

Boris Broder, Oak Park, $1,300 for 7,200 square feet, north of Pine Knob service road, west of Clintonville Road.

Klass Knibbe, Lake Orion, the minimum $300 for 3,000 square feet, south of I-75 and east of the turnaround area at Pine Knob Road.

★ ★ ★

Arthur E. Scribner, Birmingham, $27,200 for 22.9 acres of landlocked property south of I-75 and west of the Grand Trunk Western Railroad, north of Lake Angelus Road, in Pontiac Township.

Beating Death Charged to 2

Synagogue Caretaker Killed in Burglary

Southfield police yesterday revealed the arrest of two Detroit-area men in the Nov. 6 bludgeon slaying of an elderly caretaker of a Southfield synagogue.

Arraigned late Wednesday and yesterday, respectively, before Southfield Municipal Judge Clarence A. Reid on first-degree murder and breaking and entering charges were Edward Trudeau, 34, of Wyandotte and Paul Lehman, 25, of Detroit and Wyandotte.

Each is held without bond in Oakland County Jail pending preliminary examination before Reid Jan. 10.

They are accused of beating to death Acie Green, 62, an employe of Congregation Shaarey Zedek, I-696 near Lahser.

★ ★ ★

Green was bludgeoned with a hammer after apparently finding his assailants in the process of a break-in.

Trudeau was arrested after being sentenced yesterday in Wayne County to a maximum of 10 years in prison on a breaking and entering charge.

Lehman was arrested Wednesday at the Wyandotte Municipal Court, where he appeared in connection with a misdemeanor charge, police said.

Bureau Officers

DETROIT (AP)—Thomas R. Reid, director of civic and governmental affairs for the Ford Motor Co., has been re-elected president of the Detroit Convention Bureau. William J. Croul, assistant vice president of Detroit Bank & Trust Co., was reelected a vice president of the bureau and William G. McClintock, senior vice president of National Bank of Detroit was reelected treasurer.

Romney Turns to State's State

LANSING (UPI) — A world tour behind him, Gov. Romney today turned his attention to Michigan affairs, preparing for the opening of a new legislative session next week.

Romney's staff said the governor would be in his executive offices all day.

He hasn't been in Lansing since Dec. 5 when he left for Kansas to make a speech before starting out on his 27-day tour through 12 nations.

Romney returned to Michigan Wednesday night and spent yesterday at his Bloomfield Hills home with his wife and members of his family.

★ ★ ★

Several drafts of Romney's State of the State message to be delivered at a joint session of the Legislature Jan. 11 are ready for Romney to study. Romney also will put finishing touches on his budget message for the Legislature later this month.

Fires Damage 2 Trailers in Pontiac Twp.

Two mobile homes five lots apart in the Auburn Heights mobile village, 170 N. Opdyke, Pontiac Township, burned in separate fires last evening and this morning.

Fire Chief Carl Schingeck said he saw no link between the two blazes.

The first fire at 6:34 p.m. yesterday occurred in the unoccupied trailer of Ralph Palnode at 272 Red Mill.

Pontiac Township Fire Department Station 1 answered the call. The cause is still under investigation, Schingeck said, and no value has been placed on the loss.

★ ★ ★

The second blaze at 7:59 a.m. today was in the unoccupied trailer of Robert R. Cole, 220 Red Mill. An electric hot water heater was blamed.

DAMAGE ESTIMATE

A $5,000 estimate of damage to the trailer was reported by Schingeck who said no figure had yet been affixed to contents damage.

Township Fire Station 1 was assisted by Station 2 on this morning's fire.

FOR THE MAN
Who has everything I think this gem should be your answer. Situated on 25 acres of choice land is this 3 bedroom brick Swedish style ranch. Included is a stable to house as many as 30 horses. Many hills and valleys are located here. Excellent for skiing or tobogganing Terms or trade.

LOOKING FOR RENTALS?
Then this 3 unit on Pontiac's north side should fit your needs. Some repair needed on the inside. Each unit has individual baths, kitchens and entrances. Full price $15,950, terms or trade.

TEDS CORNER
Are you interested in income properties? If you are just starting out in this field here are a few pointers. Be prepared to make a 35 to 40 per cent down payment if you want to take out a mortgage. Due to the location of most rental units do not expect the property value to soar as many residential areas do for you are getting your profit weekly or monthly. There are fewer and fewer properties available on low down payment with land contract terms, for there are more and more people getting into this field. Make sure you receive the first and last month's rents. Have some type of written agreement between you and the tenant. For more on this subject please call we will be happy to assist you.

Earl Is 'Exposed' to Gunfire as Pilot Gunned Plane Aloft

By EARL WILSON

Phan Rang, South Vietnam

Dear Mom:

Don't you worry now because I got shot at by the Viet Cong snipers. It made the whole trip.

When a politician doesn't get shot at, in an election year, the trip's a bust. And when a columnist doesn't get fired on, it's downright humiliating.

WILSON

Now it can be told — about how unalarming it really was.

I say "it" because our pilot, Lt. Col. Bob Parker, is an honest man ("I was born in Las Vegas, roughly on the site of the Desert Inn") and though he thought were were shot at several times, we couldn't pin him down specifically to more than one. (We tried, though.)

We were strapped in our seat belts on the runway over at Cu Chi.

Raquel Welch was combing her hair and fixing her makeup. Miss World, the Peruvian beauty, Madeline Hartog Bel, my seatmate, was combing her hair and fixing her makeup. That's what they did constantly. They were doing their bit for the GIs.

★ ★ ★

Suddenly our big C-130 which had about five bullet-patches on it seemed to shoot suddenly into the air and take off for Phan Rang.

Later a note was passed to me:

"We were shot at by small arms fire on the runway on the takeoff. That's why the sudden steep rise."

The word had come from Bob Hope and writer Bill Larkin in the cockpit. The pilot told them, "The tower advises me we were shot at on the runway."

The tower had told him.

THE MIDNIGHT EARL IN N.Y. . . .

Connie Francis and fiance **Michael Caponegra** called off the engagement; they'd recently returned from a trip to Vietnam, entertaining GIs . . . **Cary Grant's** due back in town this week, hoping to help estranged wife **Dyan Cannon** celebrate her birthday . . . **Mel Ferrer's** major distraction in Europe is attractive **Joy Monroe.**

Tammy Grimes is up for **Tennessee Williams'** next show (produced by **David Merrick**) . . . **Secret Stuff:** A young screen sexpot's losing her hair (from the strong dye's she's been using) . . . At El Morocco: **Tony Martin** with the Maharajah and Maharanee of Jaipur.

★ ★ ★

TODAY'S BEST LAUGH: Restaurateur Jackie Phillips, wed 30 years, says "My wife and I have been married so long we've almost run out of things to argue about."

WISH I'D SAID THAT: A catty woman described a neighbor: "The only thing a low-cut dress does for her is show off her pearls."

REMEMBERED QUOTE: Someone recalled a Hollywood producer's remark: "You can count the half dozen people who don't like me on the fingers of one hand."

EARL'S PEARLS: Mark Cohen enjoyed the Rose Bowl Parade: "It was nice to see that many people marching without protesting something."

It's a shame the way some young wives serve nothing but frozen foods, complains Bob Orben. Why can't they open cans, like their mothers did? . . . **That's earl, brother.**

Israelis Duel Jordanians Across River

TEL AVIV (AP) — Israeli and Jordanian forces dueled across the Jordan River today for more than two hours, and an Israeli army spokesman reported three Israeli soldiers were wounded.

The Israelis claimed the Jordanians opened fire near Umm-Shart, about 25 miles south of the Sea of Galilee, and said the south of the Allenby Bridge.

Israeli troops returned the fire, a spokesman said, and the Jordanians rushed up reinforcements and opened up with artillery. But he reported the front was quiet at 11 a.m., about two hours and 15 minutes after the shooting broke out.

LEBANESE SABOTEURS

The clash began in the same area where Jordanian and Israeli troops battled furiously Nov. 21. At that time, Israeli fighter-bombers used rockets to knock out Arab tanks on the other side of the Biblical river. It was the biggest Israel-Jordan fight since the end of the June war. The army also reported that saboteurs from Lebanon blew up an irrigation installation at a settlement near the Lebanese-Israeli frontier shortly before midnight. The incident at Margaliot was the first case of infiltration from Lebanon reported since the war. No injuries were reported.

A Look at TV

What's Next for ABC?

By RICK DU BROW

HOLLYWOOD (UPI)—The recent withdrawal of the International Telephone & Telegraph Corp. from its proposed merger with the American Broadcasting Co. can be translated into terms directly affecting television watchers.

The ITT withdrawal, in the face of Justice Department opposition to what would have been the largest communications combine in history, means, in one area, that ABC-TV simply will not be getting — for a while, at least — the added money it hoped for. And this of course relates directly to programming.

As one news story put it, the proposed merger, for ABC-TV, "would have provided an infusion of new financial resources needed to strengthen its competitive position against the other two major networks," CBS-TV and NBC-TV.

ABC-TV is the smallest and youngest of the three major networks. It has fewer affiliate stations than the other two, and less muscle to force these clients to run certain shows to the advantage of the network.

★ ★ ★

This translates directly into ratings trouble — which ABC-TV has plenty of — and also into deciding which shows are likely to become popular because of audience accessibility.

LESS OPPORTUNITY

Being a financial underdog also means less opportunity to attract bigger stars on a regular basis.

★ ★ ★

The television industry, meanwhile, continues to buzz with speculation that ABC already is quite involved with talks with other business executives in attempts to strengthen its position.

★ ★ ★

The name Sears Roebuck for instance, has been mentioned in trade reports aiming to figure out which organization ABC might be interested in trying to get together with next.

'PASSES' LIE TEST — Edgar Eugene Bradley of North Hollywood, Calif., accused by New Orleans Dist. Atty. Jim Garrison of conspiring with others to kill President John F. Kennedy, demonstrates at a Beverly Hills press conference yesterday how he took a lie detector test. Leaning over him is Chris Guguas, criminologist and polygraph machine expert who gave the test and said Bradley's negative replies to questions indicated he was not involved in any plot to assassinate Kennedy. Behind them is Bradley's attorney, George J. Jensen, who arranged the test.

Adult Program Gains Cited

The increasing growth and popularity of the Waterford Township School District's community school program was related to the board of education last night in a detailed report.

The report was presented by Donald Youmans, assistant superintendent of community school services.

Youmans said the community school program in Waterford Township compares with the best in the U. S. "and in most cases, we are superior," Youmans opined.

Waterford was the 20th school district in the country to formally adopt the community school concept, according to Youmans.

★ ★ ★

Started in Flint, the program now is available in 185 districts throughout the U. S., Youmans told board members.

PROGRESS CITED

After quoting excerpts from speeches delivered by Gov. Romney and President Johnson on the importance of the community school concept, Youmans cited figures indicating how the program has progressed since its inception in the district four years ago.

He said several thousand residents use Waterford school buildings each month, participating in classes and activities sponsored by the Department of Community School Services.

The department consists of divisions in credit, non credit and basic adult education; recreation; and community school programs.

★ ★ ★

Included is a program for preschool children which has resulted in widespread participation, according to Youmans.

ENROLLMENT FIGURES

Youmans told board members that 878 of the 1,468 children who entered township kindergarten classes in September were enrolled in the preschool program.

Youmans added that more than 1,700 pupils are enrolled in 101 elementary school enrichment classes.

Since September, about 700 adults have participated in 30 high school credit classes, according to Youmans.

During the same period, 852 adults have taken part in 52 organized noncredit courses and activities.

About 400 boys are involved in basketball competition, sponsored by the department. Last year there were 22 teams; now there are 40, said Youmans.

Youmans said Bishop sewing is the most popular program offered by the department. During the winter term, which will begin the week of Jan. 15, 36 separate sewing classes will be offered under the direction of 16 teachers.

According to early indications, a record enrollment is forecast by Youmans for the winter term.

Although favorable toward the over-all program School Board Treasurer Donald W. Porter suggested that it be evaluated and that all residents be given an equal opportunity to participate in the program.

EVALUATION URGED

"In view of the current budget problems the district is facing and its related emotional effects on the community," said Porter. "I would like us to evaluate each segment of the community school program so we can prove to the taxpayers that the money is being spent where we're going to get the greatest degree of benefit."

Porter said all teen-agers should have an equal opportunity to participate in a teen club even if their school doesn't offer a program.

He indicated that students could take part in a teen program at another school such as Mason or Pierce junior high schools which have their own teen clubs.

★ ★ ★

In other business last night, the board approved contracts for two teachers and accepted two resignations.

Bus Driver Refuses to Transport Pupils

A Waterford Township school bus driver refused to take home a bus load of Pierce Junior High School students yesterday afternoon when some of the group became unruly and could not be disciplined.

The incident was disclosed at last night's meeting of the Waterford Township Board of Education.

According to a parent of one of the students, a minority of the group was frightening girls with live insects and spiders they had taken on the bus.

Because of the disturbance on the bus, the driver returned to the school and summoned a counselor who managed to quiet the students.

★ ★ ★

However, when the driver — a woman — started out the second time, the students became unruly again.

UNLOADED BUS

Consequently, the driver returned to the school, unloaded the bus and drove off on another run.

Some of the students reportedly were unable to find a ride home and had to walk.

They apparently were unaware that teachers were in the building attending a staff meeting.

★ ★ ★

School officials indicated they would investigate the incident today.

"There must be a better way to handle a disciplinary problem than this," said School Board Treasurer Donald W. Porter. "You just can't leave that many children stranded."

Consecration of Bishop Is an Ecumenical First

SAN FRANCISCO (AP) — In a ceremony involving a Jewish Rabbi and Protestant and Orthodox leaders, the Roman Catholic Church has consecrated a new bishop.

Msgr. Mark Joseph Hurley became auxiliary bishop of San Francisco Thursday in a two-hour rite which he said crystalized "what we've been doing together" since the Vatican Council's pronouncements on ecumenism.

"I think all of these gestures we make now will become models for the future," he said after Roman Catholic prelates shared the chancel with four men of other denominations.

They were Rabbi Alvin Fine, the Rt. Rev. Richard Millard, suffragan bishop of the Episcopal Diocese of California; the Most Rev. John Shahovsky, Russian Orthodox bishop of San Francisco, and Mar Esshai Shimum XXIII, Catholic patriarch of the Church of the East.

CHURCH FIRST

A Roman Catholic spokesman said it was the first time in church history that other leaders had been given a liturgical share in a church elevation of such magnitude.

The English language ceremony began with a procession down the center aisle.

City Moves Swiftly for Income Tax Revenue

By BOB WISLER

Despite the threat of appeals to overturn yesterday's Circuit Court decision upholding Pontiac's income tax, city officials are moving swiftly to take advantage of an estimated $1.6 million in new revenue.

Only minutes after Judge William J. Beer declared the city needn't hold a special election on the city income tax, City Manager Joseph A. Warren canceled expected budget cuts amounting to more than $500,000.

By late yesterday afternoon tax forms were mailed to some 2,500 businesses and firms in Pontiac to enable them to begin withholding income tax from their employes.

Warren said the mailing will be completed today.

The city manager said that because of the decision the tentative 1968 general fund budget unveiled to the city commission two weeks ago will be scrapped.

BUDGET

The budget — drawn up in belief that the city would not collect any income tax money at least until July — called for expenditures of $7.6 million.

Warren said he will ask the commission to cancel a scheduled Jan. 16 public hearing to review the budget and to submit a revised budget as soon as practicable.

The city manager said a budget will have to be formed before any decisions can be made on how additional tax revenue will be spent.

★ ★ ★

The news of the court decision had an electrifying quality among city employes.

'MORALE HIGH'

"Morale is as high as it has been in some time," Personnel Manager Nicholas Santiwan said.

Four different employe groups are negotiating with the city for 1968 wages and benefits, and the prospect of additional funds could make bargaining easier.

Warren said the administration will take full advantage of the tax revenue.

While city officials don't seem overly concerned about the possibility of Beer's decision being reversed, legal appeals appear likely.

DRIVE TO CONTINUE

Cecil C. Mullinix, 571 Lowell, the principal organizer of the drive to get the income tax question placed before the voters in a special election, said:

"We will use every legal means available to get a referendum election."

Mullinix's attorneys, Robert E. Cunningham and Robert D. Coon, indicated they will seek redress in the State Court of Appeals.

★ ★ ★

Another Pontiac attorney, Richard D. Kuhn, this morning also announced he would take a legal interest in the referendum question.

TELEGRAM

Kuhn, who has a lawsuit going to stop the state income tax, sent a telegram to Mayor William H. Taylor Jr. asking a special session of the City Commission to consider delaying collection of the income tax.

Kuhn said as far as he was concerned Beer's ruling would be overturned and the city would eventually have to refund any money collected.

The attorney said the case presented by the city before Judge Beer was inadequate and the city should now take steps to appeal Beer's ruling in order that a more final determination be made.

★ ★ ★

Kuhn said if it appeared that the ruling would not be appealed he would seek to enter the case. "This is far from settled," he said.

U.S. Investigates 'Peace Bid'

Secretary Of State Rusk Makes Point At News Conference

By The Associated Press

What appears to be a peace feeler from North Vietnam is arousing interest in capitals where peace in Vietnam is a prime concern.

U.S. officials say they are trying through foreign governments to find out exactly what Foreign Minister Nguyen Duy Trinh meant when he said Saturday that his government "will" discuss "relevant questions" with the United States if the United States unconditionally stops the bombing and other acts of war against North Vietnam.

Specifically, President Johnson wants to know whether North Vietnam wants "prompt and productive" talks on ending the war if the bombing should stop.

Secretary of State Dean Rusk told a news conference yesterday Hanoi has apparently shifted policy. But he said the administration is also watching carefully what happens in the fighting itself for indications of Hanoi's real policy.

★ ★ ★

A year ago, Trinh had said cessation of acts of war against North Vietnam "could" get talks started.

'CONDITIONS NARROWED'

Some American officials consider the difference between Washington's and Hanoi's conditions for talks have been narrowed.

Others think Trinh's statement may be part of a new propaganda effort to mobilize foreign opinion against the U.S. bombing.

They contend it leaves a good many questions unanswered.

★ ★ ★

The statement aroused hope in New Delhi and Ottawa, and South Vietnamese Foreign Minister Tran Van Do said Hanoi could be signaling an appreciable change in its position.

DEVELOPMENTS

Here are major developments following the broadcast of Trinh's statement at a reception in Hanoi:

VIENTIANE — Informed sources in the Laotian capital said North Vietnam has asked the governments of Laos, Cambodia and Burma if their capitals are available for preliminary peace talks.

★ ★ ★

Premier Souvanna Phouma was said to have made Vientiane available, but Phnom Penh — the Cambodian capital — was believed a more likely site.

NEW DELHI — A spokesman for the Indian government termed Trinh's statement "a great advance" and expressed hope the United States would respond.

'Possibly Malignant' Nodule Discovered in Mrs. Wallace

MONTGOMERY, Ala. (AP)—Alabama Gov. Lurleen Wallace says her doctors have discovered a thumbnail-size nodule in her pelvic region and it is "possibly malignant."

GOV. WALLACE

Gov. Wallace has had two operations for cancer in less than three years.

Her doctors say treatment should take care of the growth.

She returns to M. D. Anderson Hospital at Houston, Tex., Monday, to begin another series of radiation treatments.

With her will be her husband, former Gov. George Wallace, a near-certain third party candidate for president.

3 TO 4 WEEKS

The treatments will last from three to four weeks.

Wallace will remain with her at least part of that time, but aides say they aren't sure yet what his exact plans are.

Mrs. Wallace, 41, flew back to Montgomery yesterday afternoon from two days of tests at the cancer clinic. The latest series of checks was her second in a month.

In a statement released through an aide late yesterday, Mrs. Wallace said she expects the radiotherapy to be conducted on an outpatient basis, as it was following her second operation last July.

"From the beginning," said the governor, "I have asked my doctors to be honest and candid with me, and I will continue to be honest and candid with the people of Alabama."

She has not been back to her Capitol office since her return, and press secretary Ed Ewing said he doubted whether she would be before flying back to Houston.

Mrs. Wallace's history of cancer dates back to 1965, when she underwent a series of radiation treatments in Montgomery intended to kill a tumor of the uterus.

★ ★ ★

When her doctors decided the treatments weren't sufficient, she underwent a hysterectomy early in 1966, before her successful campaign for governor.

Last July, further surgery was performed at the Houston hospital for removal of another malignant growth, this one requiring removal of eight to ten inches of the colon.

Families Paying Part of Burial for GIs Killed in Viet

WASHINGTON (AP) — Many greiving American families have been forced to help pay for burying sons and husbands killed in Vietnam because government funeral allowances fall short of covering costs, a survey shows.

★ ★ ★

Families interviewed by The Associated Press reported the funerals cost them from $300 to $700 more than the government provided.

In Pontiac, Glenn Griffin of Sparks-Griffin Funeral Home past president of the National Funeral Directors Assoc., commented: "The family could have a civilian burial for the government allowance of $300. This would probably involve picking up the body at the airport and having only a graveside service.

"A traditional service would probably run more than the government allotment. The survivors of the deceased veterans must decide themselves what kind of burial they want. The total burial charges will depend upon what they chose," he added.

★ ★ ★

Griffin said that charges for most plots at area cemeteries range between $85 and $150. A concrete vault would runr $140 to $250 depending upon the type.

City to Advise Businesses on Tax Procedure

Some 3,000 businesses and firms will soon receive instructions from the City of Pontiac advising them how they should deduct income taxes from employe wages.

★ ★ ★

The tax was declared to be in effect as of Jan. 1 by Circuit Judge William J. Beer yesterday and city officials took immediate steps to see that collections begin as soon as possible.

All businesses and firms doing business or located in Pontiac are obliged to withhold taxes from employes.

Residents working outside of the city will submit income taxes at the end of the year.

★ ★ ★

Deductions will be allowed on income just as the federal government allows deductions. A standard $600 for the employe and $600 for each dependent is allowed.

TAX DEDUCTIONS

City income taxes paid can be deducted from state income tax and federal income tax bills at the end of the year.

According to a tax schedule distributed by the city employes will have deducted:

WITHHELD (1 per cent)

Wages (per week)	Exemptions 2	4
$80 - 82	$ .58	$ .35
$98 - 100	.76	.53
$124 - 126	1.02	.79
$150 - 152	1.28	1.05
$172 - 174	1.48	1.25

Car Crash Kills Area Man, 36

A 36-year-old Watedford Township man was killed last night when his car was struck broadside by another auto on Dixie Highway in Waterford Township police reported.

Dead on arrival at Pontiac General Hospital was Bobby C. Melton of 2962 N. Williams Lake.

Police said Melton failed to yield the right of way when he pulled out of a driveway near 2675 Dixie Highway on to the highway at about 10:30 p.m.

He was struck broadside by a car driven by Gerald D. Hockey, 32, of 6315 N. Williams Lake, according to police. Hockey said he was traveling at 40 miles per hour.

Hockey was treated at the hospital and released.

Food Poisonings Nearing 200 Total

The Oakland County Health Department reported this morning that cases of food poisoning from food purchased in a Birmingham store during the holidays were still trickling in. Reported incidents may reach 200, it was estimated.

The source of infection has been placed on cooked corned beef sold at Alban's Bottle and Basket, 190 N. Hunter.

Some 3,000 pounds had been prepared and sold, much of it on a carry-out basis, prior to New Year's Eve.

The first outbreak was noted that night, and incidents increased the next few days. A few cases are still being reported, probably due to the meat being kept at homes in refrigerators.

★ ★ ★

Health authorities urge anyone who purchased the cooked corn beef during the period to destroy it.

CULTURE TESTS

Laboratory tests, taken by county and state officials, were being completed today. The time lapse is needed for growing cultures to determine exact source of infection.

The ailment is labeled "staphylococcal food poisoning" and though distressing is not serious except in the case of heart disease or diabetic persons.

Health authorities said the infection is spread by food handlers who probably are unaware of being the source.

★ ★ ★

Tests will indicate the exact type of infection involved and which person it came from, health authorities said.

The restaurant has not been cited in any way as yet and is reportedly in operation, having destroyed any possible further source of food infection.

MISSISSIPPI RIVER ICE JAM — An extended visit to the East St. Louis, Ill., area by Arctic air has resulted in an ice jam on the Mississippi River and points to the north. 'U.S. Bomb Blasts Soviet Ship'

SAIGON (AP) — U.S. pilots struck within nine miles of Red China's border Thursday and blasted bridges close to Hanoi and Haiphong, then carried the first big air offensive of the new year into the third day today.

The Soviet government claimed that a U.S. plane during a two-hour attack on Haiphong Thursday badly damaged the Soviet freighter Pereslav-Zalessky with a delayed action bomb that exploded on a barge some six feet from the Russian ship. The Soviets said none of the ship's crew of 41 was injured.

The U.S. Command in Saigon refused to comment on the Soviet charge. The communique reporting Thursday's raids told of heavy damage to two of the port city's four main bridge but said nothing of any attacks on the harbor or docks used by foreign ships. Both are still on the Pentagon's off-limits list to avoid attacks on Soviet ships that would further strain relations between Moscow and Washington.

The break in the monsoon weather over the northern part of North Vietnam continued today for the third day, and officers at U.S. headquarters cautiously predicted a brief extension at least of the good flying weather. U.S. officials had hopes of another all-out offensive similar to the week of deep-penetration raids in December, when the seasonal rains and heavy clouds lifted temporarily.

FIERCE BATTLES

Ground fighting in the south paralleled the intensity of the air war, with today's war communiques reporting fierce battles in the sensitive northern provinces and along the Cambodian border area northwest of Saigon.

U.S. plane losses over North Vietnam rose with the return of the raiders into the nest of missiles and antiaircraft guns around Hanoi and Haiphong.

★ ★ ★

The U.S. Command announced the loss of an Air Force F105 Thunderchief and a Navy F8 Crusader, making three U.S. planes downed since the new air offensive began Wednesday and a total of 777 officially reported lost since the air war started.

The U.S. Command also announced the loss of an F100 Super Sabre to ground fire in South Vietnam; the 220th U.S. combat plane downed in the South.

135 MISSIONS

U.S. Headquarters reported 135 missions against North Vietnam Thursday, as unusually large number for the rainy season.

The raids penetrated within nine miles of the Red Chinese border, where Air Force Thunderchiefs raked antiaircraft guns on the northeast rail line from Hanoi and then turned to bomb the Lang Son highway and rail bridge which had been repaired during the rainy season.

★ ★ ★

U.S. pilots reported mushroom explosions blanketed the two Haiphong bridges that Navy planes attacked, and one pilot reported an American rocket burst directly on the main highway and rail bridge on the city's western limits.

'Electrical' Thread May Mend Hearts

LOS ANGELES (AP) — Scientists at a New Jersey research firm believe they have discovered a thread that could be used to patch or replace a damaged heart.

The thread was described here by Dr. Leslie K. Gulton, president of Gulton Industries, Inc., of Metuchen, N.J., a pioneer company in the development of polycrystaline piezoelectric material.

The way to make the thread was discovered last week, Gulton told newsmen yesterday.

He said the thread incorporates tiny crystals that transform electrical energy into mechanical energy and may open approaches to solving the problem of building an artificial heart.

★ ★ ★

It is capable of being woven into "cloth" and thus has several potential applications for mending or replacing damaged hearts.

TO SEW PATCH

He said the thread is made of a polycrystalline piezoelectric material.

Dr. Gulton said the heart string may be used to sew a patch over an area of the heart that has been damaged and the patch caused to beat by passing electricity from a battery into the threads.

He also envisioned the thread being used to sew an artificial heart that could be wrapped around a heart that has stopped beating or to relieve a heart that is recovering.

★ ★ ★

Gulton Industries also makes electronic equipment for monitoring physiological reactions in patients. It has a contract with Dr. Adrian Kantrowitz of Maimonides Hospital in New York, who last month attempted a heart transplant.

HEART THREAD—Dr. Leslie Gulton holds a new type of thread which he says could be used for "cloth" to patch up damaged hearts—or even be used to make a new heart.

Heart Recipient Is Recovering, Eating

CAPE TOWN, South Africa (AP) — Heart transplant patient Philip Blaiberg ate some corn flakes and a soft-boiled egg today, the first semisolid food he has had since his operation three days ago. A hospital bulletin said his body was free of infection and showed no sign of rejecting its new heart.

The Groote Schuur Hospital bulletin made no mention of symptoms doctors said Blaiberg developed Thursday that could indicate he was reacting adversely to the new heart. The bulletin reported: "The condition of the heart is satisfactory. Dr. Blaiberg's general condition and blood circulation are good. He is still in the oxygen tent."

★ ★ ★

Dr. Christiaan Barnard, the chief of the heart transplant team, had reported Thursday that Blaiberg was exhibiting symptoms which developed in Louis Washkansky, the first human to receive a grafted heart, and which the doctors took to mean Washkansky's body was asserting its natural tendency to expel foreign tissues.

"This time we are not reacting to them, (the symptoms) as rejection," said Barnard. "Perhaps we treated the last patient too early for rejection." He did not elaborate on what the symptoms were.

Barnard said earlier the intense antirejection treatment may have weakened Washkansky's natural defenses against infection and made it impossible for him to combat the pneumonia attack that killed him on Dec. 21, 18 days after receiving a young woman's heart.

Blaiberg, a 58-year-old retired dentist whose diseased heart was removed Tuesday and replaced by that of a 24-year-old man who died of a stroke, was reported by Barnard Thursday to be "progressing extremely well."

Trackers Find 4 Lost Hikers

Group Spent 3 Days in Malaysian Jungle

KUALA LUMPUR, Malaysia (AP) — Aborigine trackers found an American woman missionary teacher and three children "looking hungry and tired" today after being lost for three days in the dense jungle of central Malaysia's Cameron Highlands.

Asst. Police Commissioner U. Santokh Singh said June Laing, 35, of Altoona, Pa., and the children were found on a tea plantation about six miles from Cameron Highlands, a popular hill resort 100 miles north of Kuala Lumpur.

★ ★ ★

Singh said they were taken to a police station, fed and given fresh clothes.

A staff member at the American Dalat School, where Miss Laing teaches said police notified the staff late this afternoon that the missing persons had been found.

★ ★ ★

Miss Laing and the three children of an Indian ambulance driver—a 14-year-old girl and two boys, 12 and 11—failed to return Tuesday from what was expected to be a three-hour trek up 1,340-foot Mt. Beremban in the highlands.

Nearly 100 members of the Malaysian police field force, specialists in jungle survival tactics, had joined the search today. British Gurkha soldiers, Miss Laing's teaching colleagues and aborigine trackers had been hacking their way through dense foliage, looking for the hikers, and two helicopters crisscrossed the area, but their visibility was limited by low clouds and a light drizzle.

Families Face Burial Bill for GIs Killed in Vietnam

(Continued From Page One)

"The government furnishes a very suitable metal casket, however, and most families use it," he said.

Cost for opening and closing the grave usually runs between $125 and $150 in the Pontiac area, according to Griffin.

"Thus a plot and burial could be arranged for under $300, but the tradtiional aspects that many people want, such as having the body in state at a funeral home, death notices, flowers, and an organist are all additional costs," said Griffin.

Lance Cpl. Robert M. Carloziz of Wheaton, Md., died in Vietnam in November. He was buried the same month at Arlington National Cemetery.

TRIPPLED AMOUNT

"Id'd say I paid out three times what I got from the government," said Carlozzi's father, Salvatore. "And I don't think I did anything special or expensive for my boy."

A Virginia woman who asked not to be identifed said she had to take $650 "from our daughter's college fund to pay for my husband's funeral.

"It cost us almost $1,000 but all the government was willing to pay for a man who gave his life for his country was $300."

Some funeral home officials said in a cost sampling taken in more than a dozen areas across the nation that they voluntarily cut their charges on services for the Vietnam dead to keep the cost to the soldiers' families within the government allowance limits.

'ESSENTIAL' SERVICES

When a serviceman dies in Vietnam, his body is embalmed, placed in a flag-draped aluminum coffin and flown to his home town at government expense. His family is given an allowance for his burial.

The amount of the allowance is prescribed by military regulation based on surveys of average prices for "essential" funeral and burial services throughout the country, government sources said.

A family gets $75 if it agrees to have the military transport the body in its military coffin to a military post or national cemetery for military services and a military burial.

★ ★ ★

In such a ceremony, the family must pay only for its own transportation to and from the cemetery.

ALLOWANCE

The allowance is $150 if the body is transported to a civilian funeral home or church with a military burial later and $300 if both funeral and burial are to be civilian.

Officials at several military posts and national cemeteries, including Arlington National Cemetery, the national cemetery at Marietta, Ga., West Point and Ft. Riley, Kan., said $75 is sufficient to cover costs as long as burial is in the military casket in a plain grave with a cemetery-supplied marker.

Burial in a new coffin, erection of a monument or burial in a vault all would run considerably over the allowance.

★ ★ ★

Funeal home officials say things get much more expensive when any part of the ceremonies involve them.

'PAUPER'S FUNERAL

"It's just not possible to stay within the allowances," said James Eaton of the Joseph Gawler Sons funeral home in Washington. "If we had to bury a boy for $300 we'd have to give him a pauper's funeral."

Rocky, Chafee Confer in N.H.

Try to Build Support for Gov. Romney

BEDFORD, N.H. (AP)—Govs. Nelson A. Rockefeller of New York and John H. Chafee of Rhode Island had an hour-long private meeting — described by one of those on hand as a "pep talk" — with about 200 New Hampshire Republicans Thursday night.

It was aimed at trying to build support in this lead-off primary state for the presidential candidacy of Michigan Gov. George Romney.

★ ★ ★

Among those at the gathering were several who backed Rockefeller in his losing New Hampshire effort four years ago. A source among them said: "Rockefeller did not quite convert us to Romney. We still think Rockefeller is our man."

Asked by newsmen about this after the meeting, Rockefeller responded: "Well, they're old friends. The important thing is that they work for George Romney."

QUICK CORRECTION

Chafee told newsmen, at a conference, that he was in New Hampshire to "Support Rockefeller"—then immediately corrected it to Romney.

The Rhode Island governor was asked about what a newsman termed Romney's image of being "sanctimonious and inarticulate."

★ ★ ★

"I never knew that being sanctimonious — having an access to virtue—is a liability," Chafee replied.

One source at the private meeting said: "Rockefeller said one reason for Romney's inability to communicate his ideas is the fact that Romney is more experienced with politics on the state level and that he is unfamiliar with the operations of the national press."

UNITY URGED

Before the closed-door session, Rockefeller said he will urge Romney supporters to unite what he termed the party's moderates behind Romney. Chafee described Romney as a winner who has displayed leadership abilities.

Rockefeller stressed he is not a candidate and won't be one, adding he was in the state to support Romney.

OCC Given $500,000 for Student Area

Oakland Community College was awarded a $500,000 federal loan yesterday for construction of a $4-million student commons area at the Orchard Ridge campus in Farmington Township.

The five-story student commons, more commonly known as a student union at other colleges, is expected to be completed in May.

★ ★ ★

Considered the hub of the campus, the commons will contain a restaurant, cafeteria, book store, lounges and recreation facilities. It is one of 11 buildings in a $18-million complex which partially opened in September.

The loan was given the college by the Department of Housing and Urban Development in Washington, D.C.

Search Party Finds Bodies of Two Fliers

PORT HURON (AP)—Searchers, trekking through snowy woods in subzero weather, today found the bodies of two men in the wreckage of their plane where it crashed at the Black River in Sanilac County.

The bodies of Weslie Parker, the pilot, and Larry Bullock, both of Yale, were retrieved from their single-engine Luscombe.

★ ★ ★

The search party using a powered ski sled in 6-below-zero weather found the wreckage of the green and white plane about six miles inland from Lake Huron, 20 miles southeast of Sandusky.

The men had been missing since Wednesday night when they failed to return from a planned fishing trip to Charity Island in Saginaw Bay. Parker's daughter, Diane Moran, 17, told authorities they left Yale early Wednesday on the trip.

UNDER INVESTIGATION

Cause of the crash was under investigation.

Col. Kenneth Kirton of Detroit, director of Michigan Civil Air Patrol emergency services, said Parker had used the plane before for ice fishing.

★ ★ ★

Eight aircraft from the Coast Guard, Air Force and Civil Air Patrol hunted for the wreckage Thursday, Kirton said.

The Traffic Improvement Association of Oakland County (TIA) will conduct a series of six evening meetings for county driver education instructors at its offices at 3580 W. Maple.

★ ★ ★

To be held from Jan. 9-24, the meetings are part of a county-wide program designed to elicit support for improvements in high school driver education.

PROJECT AIMS

Among aims of the project are making driver education a full semester course, providing for adult driver education programs in all schools and persuading high schools to grant credit for driver education work.

Sale of Bonds Is Authorized

Oakland Schools Intermediate District has been authorized to sell $1 million of bonds to complete and equip a $3.3-million administration building now being built.

Approval came from the State Municipal Finance Commission, headed by Atty. Gen. Frank J. Kelley.

Proceeds from the bond sale will be used to provide clinics, a library and data processing center in the five-story building under construction at Telegraph and Pontiac Lake Road in the Oakland County Service Center.

Oakland Schools Board of Education levied a quarter-mill tax more than a year ago to cover debt retirement of a previous $2½-million bond sale for the building.

★ ★ ★

Dr. Rex Wood, Oakland Schools treasurer, said he expects the tax will continue at least through 1973 when the new bond issue expires.

JP Is Given Prison Term for Perjury

Royal Oak Township Justice of the Peace Lonnie C. Cash was sentenced yesterday to five to 15 years in the state prison at Jackson for committing perjury when he appeared before the Pratt grand jury.

★ ★ ★

Cash, who was suspended from performing his judicial duties following his indictment in May 1966, will appeal his conviction, according to his attorney, Thomas Howard.

After sentencing Cash, Circuit Judge James S. Thorburn agreed to the posting of $10,000 bond pending the outcome of the appeal.

The 43-year-old Cash, an ordained minister, was found guilty by a Circuit Court jury after a six-week trial of lying under oath on three occasions when he testified before Grand Juror Circuit Judge Philip Pratt.

★ ★ ★

Pratt charged Cash with five counts of perjury. One charge was dismissed at the outset of the trial by Judge Thorburn. The jury found him innocent of another.

★ ★ ★

The jury convicted him of falsely swearing when he said that money had never been set aside for him by numbers men; that he had never kicked back traffic fines to the then police and fire coordinator; and that he had seen a state policeman assigned to the investigation consorting with a prostitute.

★ ★ ★

Another charge of obstructing justice in the grand jury probe of Royal Oak Township is still pending against Cash, a justice of the peace since 1959.

Area Senator to Propose Anticrime, Riot Council

State Sen. George W. Kuhn of West Bloomfield Township has called for the establishment of a nine-member state internal security council to serve as a crime and riot deterrent.

The 14th District Republican legislator said yesterday he would introduce a bill to set up such a council when the Legislature convenes for its regular session next week.

Kuhn also predicted that the 1968 Legislature will pass more and tougher anticrime and riot laws than any othr legislature in Michigan's history.

The riots which struck Detroit and other Michigan cities last summer point out a serious communications and intelligence gap between various civilian law enforcement and military agencies in the state, Kuhn said.

★ ★ ★

The council's objective "would be to keep abreast of all subversive activity, either planned or contemplated, which would tend to undermine the health, welfare and public safety of any citizen of he Sate of Michigan, regardless of race, creed or color," Kuhn said.

★ ★ ★

He proposed that the council be made up of the governor, State Police commissioner, National Guard commander, officer in charge of the FBI, state attorney general, and two members each from the Senate and House.

County Ice Activities Get Go-Ahead Signal

The green light is on for ice activities in Oakland County, according to Lt. Donald Kratt, director of the sheriff's department safety division.

He described the ice formation as "darn good," but added that "it's not yet deep enough for automobiles and it's advisable, as always, to stay off ice under bridges of on streams where currents flow."

He said there is now a six to eight-inch base on most Oakland County waters.

Kratt explained that the ice must be thicker than this to safely support the weight of a car and that currents, which are common in bridged areas, tend to weaken and break up ice formations.

★ ★ ★

With temperatures hovering around the zero mark for the past few days, more ice should be developing, he said.

FISHING HOLES

Kratt urged that ice fishermen replace the blocks they cut to make the area safe for skaters and snowmobile operators.

He added that snowmobile drivers are subject to the same safe-operating laws as boaters.

Can Hide Newspapers, Not Truth

Learning Begins in the Home

By ABIGAIL VAN BUREN

DEAR ABBY: My wife and I are both college graduates, and our nine-year-old daughter, who is in the fourth grade, loves to read. Each week she goes to the library and brings home books, which she devours. She also loves to read your column in the newspaper.

ABBY

Abby, I can explain murders and riots to her, but how can I explain some of the things she reads about in your column? This week she asked me what a "homosexual" was. She also wanted to know how you get a "venereal" disease!

I told her that a homosexual was a person who had a problem getting along with the opposite sex, and a venereal disease was a serious infection.

Must I hide the newspaper from my child? Do you really receive so many letters of this kind as to justify printing them? Or was this just a bad week?

RANDOLPH, MASS., DAD

DEAR DAD: Yes, I really receive sufficient letters of "this kind" to justify printing them. You are fortunate to have a child who loves to read, and doubly fortunate that she asks you to explain things she does not understand.

Few children reach maturity without hearing a good deal about the subjects you mentioned, and what better place than home is there for them to learn the facts? You can "hide" the newspaper from your child, but you cannot hide from her the somewhat less than lovely truths of life.

★ ★ ★

DEAR ABBY: A girl I have known all through high school, and three years of college was recently married. I ran into this girl at the student's lounge, and just automatically said, "I hear you got married. Congratulations!"

She seemed annoyed and then she said, "Gosh you congratulate me as if you thought it would never happen." Since this the farthest thing from my mind, I was shocked.

My mother said that I had committed the ultimate sin—that one congratulates the groom, and to the bride she says, "Best Wishes." That sounds so corny. I would like your opinion.

FOOT IN MOUTH

DEAR FOOT: Your mother is right. However, if that is the most "ultimate sin" you ever commit, you may qualify for sainthood.

★ ★ ★

DEAR ABBY: My husband is a year away from retirement, at which time we plan to buy a trailer and live in Florida. I possess many family heirlooms. Cut glass, hand-painted dishes, etc. They have been in my family for years. My husband wants me to sell them.

I want to keep them in the family by handing them down to my daughters. (I have three.) We certainly can't take them with us, and the money would come in handy, although we aren't what you would call "hard up."

Could I ask my daughters if they would like to BUY them? They could afford it, but then, would that be right? They didn't cost me anything as I got them from my own mother. I would rather keep them in the family instead of selling them to strangers. I want to be fair. Wheat should I do?

fair. What should I do? WAITING

DEAR WAITING: Money always "comes in handy" — but since you're not "hard up" and prefer to keep your heirlooms in the family, GIVE them to your daughters.

CONFIDENTIAL TO "THE FIRST LIEUTENANT:" You weren't the first — obviously.

GORDON STAPLES

Seventh concertmaster in the history of the Detroit Symphony Orchestra, Gordon Staples will succeed Mischa Mischakoff in the post upon retirement of the 72-year-old Mischakoff in August.

Staples Follows Mischakoff in Detroit Symphony Post

Gordon Staples, an assistant concertmaster of the Detroit Symphony Orchestra since 1956, will succeed to the post of concertmaster in August, upon the announced retirement of 72-year-old Mischa Mischakoff. Micschakoff will complete 16 years in the position.

Staples' appointment concludes an eight-month "open audition" situation advertised throughout the professional music world. All Symphony vacancies are filled through audition, with final selection made by Music Director Sixten Ehrling.

★ ★ ★

Staples was born in Los Angeles in 1930 and began studying violin at the age of 6. At age 10, he moved with his family to Vancouver and studied violin for six years with Gregori Garbovizky, a former pupil of Leopold Auer. Staples began giving concerts at the age of 13, and at 14 he was staff solo artist for the Canadian Broadcasting Company, performing weekly over the trans-Canada network.

Staples also studied further with Jami Szanto at the Philadelphia Academy of Music, from which he was graduated, and then with D. C. Dounis in New York. He made a much-acclaimed New York debut, at age 19, as soloist with the New York Little Symphony, and has concertized extensively in the United States, Canada, and Latin America.

Following tenures as concertmaster of the U.S. Navy Symphony in Washington, D.C. and as concertmaster of the New Orleans Symphony he joined the Detroit Symphony in 1955.

INSTRUMENT

Staples plays the famed "Halir" Stradivarius, which he acquired in 1965.

He has been a featured soloist with the Detroit Symphony on 17 occasions, under the batons of Paul Paray, Valter Poole, and Sixten Ehrling.

In 1966 Staples gave the Detroit premiere of Alban Berg's Violin Concerto, with Ehrling conducting the Orchestra. Staples also performed the work twice with Ehrling and the Orchestra at last summer's Meadow Brook Music Festival.

★ ★ ★

Staples will next be heard as soloist with the Detroit Symphony at the Cabaret "Pops" Concerts in April. He will play the Tschaikovsky Violin Concerto, to be conducted by Arthur Fiedler.

Group Sponsors Bridge Benefit

An annual press luncheon heralding the 12th telephone bridge party sponsored by University of Michigan Birmingham Alumnae Club was held in Mrs. Lynn Townsend's home on Island Lake Thursday.

The fund-raising gala takes place Jan. 23 in several area homes (about 45). Two sessions are slated, the first at 2 p.m. and then again at 8:30 p.m.

Proceeds will once again be used for three undergraduate scholarship funds and for a second time, the University's Office of Continuing Education for Women.

Mrs. Edwin Deer, chairman and Mrs. Harold Coon, president took reports on various committees and their progress.

★ ★ ★

Plans are still in the formative stage for an all day workshop on March 12 or 13 on "Drugs and How They Affect Youth." At this point, the session which begins at 10 a.m. (location undecided but in the Birmingham area) will feature two University of Michigan professors in law and medicine and the clergy in individual talks on the subject.

Open to the public, the workshop is being sponsored jointly by the U. of M. Alumnae Council and this Birmingham unit.

Polly's Pointers

How to Make Quilt

DEAR POLLY — I was given a large box of men's neckties to use for making a quilt. I do not know how to go about this and would like to hear from some of the readers as to the way they make quilts with ties. —MRS. M. T.

DEAR POLLY — Mrs. B. R., who wanted to revive the black sequins on her hand-knitted sweater, could touch each one with colorless nail polish. When pressing such a sweater, always put a fluffy turkish towel on a flat surface, place sweater with decorated side down, cover with a pressing cloth or lightweight towel and then press. — MRS. E. M. M.

DEAR GIRLS — Carefully test the temperature of your iron before pressing such a decorated sweater. I am advised that the newer sequins are usually made of plastic or aluminum and should clean satisfactorily. — POLLY

DEAR POLLY — I think my way of opening canned biscuits, rolls, etc., is better than the directions given on such packages. I feel this saves my new counter tops and certainly eliminates that banging that usually accompanies such opening.

Now I use the sharp end of a can opener to puncture the can at the seam of the can just past where the printing arrow usually appears. A corn holder could also be used to puncture this line. Either tool is quick, efficient and quiet. — LILLIAN

DEAR POLLY — It is generally known, and has been printed in this column, that a teaspoon placed in a cup of tea or coffee will keep it from spilling when carried from one place to another.

How many of you had thought to apply this to that ice tray filled with water? Put a spoon in one of the compartments and water will not be spilled on the floor between sink and refrigerator. Remove spoon when tray is safely in freezing section. For 40 years I splashed water on the floor before this dawned on me. — LEAH

DEAR POLLY — My kitchen is small and is short on counter space and when I have a major cooking or baking project. I get very disgusted. Yesterday I discovered that the cutting board which was built in one of the cupboards fits nicely over the top of one-half of the double sink. This gives me added work space when I need it, and I can still use the other sink to get to the water. —MRS. P. C.

Literary Club Has Luncheon

The Woman's Literary Club met for luncheon Wednesday in the home of Mrs. Floyd Crawford on Starr Street.

★ ★ ★

Mrs. Robert W. Mickle was a guest.

★ ★ ★

Mrs. Wendell Green reviewed "The Interrupted Journey" by John G. Fuller.

BPW Group to Attend Jan. 28 District Meeting

Plans for members to attend the Jan. 28 winter district 10 meeting were discussed at a recent meeting of the Pontiac Business and Professional Women's Club.

Guests at the dinner event in Devon Gables were Mrs. Andrew Mitchell and Ethel Bassett.

★ ★ ★

Hostesses were Mrs. Clifton Gabler, Mrs. John Spears, Mrs. Charles Harmon, Mrs. Ralph Spadafore and Mrs. Raymond Cole.

News of a 50th anniversary banquet in the Statler Hilton Hotel, Detroit on Feb. 10, was also announced.

Bowling Boasts Most Participants

NEW YORK (UPI) — Baseball, football and basketball all lay claim to being the national sport. But bowling has far and away the most participants.

★ ★ ★

Bowling is also one of the "most sedentary" sports, according to a report by John P. Robinson, study director in the Survey Research Center of the University of Michigan Institute for Social Research.

Line Pockets

To make children's sweaters look neater and the pockets wear longer, always line new sweater pockets before the sweaters are worn. Then their endless number of treasures they store in them will not cause the pocket to wear out so quickly, or cause them to sag as much.

Portable Buffet

Handy for entertaining but taking up little space is a portable, sliding-top buffet cabinet of white metal. Its sliding top opens to 48 inches, the cabinet has a drawer and two doors and the works is set on casters.

U.S. in Vietnam Topic at Meeting

A program concerning U.S. involvement in Vietnam and the job of the corpsman and the chaplain there highlighted Wednesday's meeting of the Home and Family Study Club.

Staff Sgt. Ernie Jacobson was guest speaker for the event, hosted by Mrs. Larry Wall of Bender Street.

The club will hold its revelation dinner at the Red Fox Restaurant on Feb. 7.

Speeding Driver Forgot His Specs

CHICAGO (UPI) — A speeding motorist was stopped near Salina, Kan., by an officer. The driver told the officer that he forgot his glasses and was hurrying home to get them because he couldn't "see a thing without them."

★ ★ ★

He saw a ticket, reports "Family Safety," a publication of the National Safety Council.

Reaction to Peace Bid Bullish

Stock Market Posts Advance

NEW YORK (AP)—The stock market advanced in active trading early today.

Gains outnumbered losses by 2 to 1.

The Dow Jones Industrial Average rose .86 at 900.25.

Wall Street was encouraged by the ability of the market to stage a strong comeback late Thursday after a sharp early decline. Analysts said the latest news about Vietnam peace feelers seem to be more emphatic than any in the past and that peace has always been bullish for the stock market.

The peace hopes were reflected in continued strength by some utilities and other "money" stocks which would be in better shape if a cessation in hostilities eased interest rates, making these stocks more competitive.

American Telephone added nearly a point to its rise of 1¼ Thursday when it was third most active stock. Public Service Electric & Gas, Consolidated Edison and Consolidated Natural Gas edged higher.

Boeing, Raytheon, Control Data, Polaroid, Allis Chalmers and General Refractories gained a point or more.

General Motors dropped a point.

AT&T opened on 25,000 shares, up ⅜ at 54. International Paper was up ⅝ at 31⅜ on 22,000 shares.

Thursday the Associated Press average of 60 stocks closed unchanged at 323.0.

Record Spending Planned for Consumers Construction

JACKSON (UPI) — Consumers Power Co. yesterday announced it will spend a record $187 million in new construction this year and may move its corporate domicile from the state of Maine to Michigan.

A. H. Aymond, chairman of the board, and James H. Campbell, president, said the budget tops last year's construction expenditure by 35 per cent and surpasses the record $147 million spent in 1966.

The company, which provides service for more than 1.7 million customers in Michigan's Lower Peninsula, plans to invest nearly $130 million in expansion of its electrical facilities; $42 million expanded natural gas facilities and more than $15 million in additions to office, service, transportation and warehouse facilities.

The outlay will bring electrical service to 28,000 new customers this year and gas service to 34,000.

★ ★ ★

A spokesman for the company said Consumers has asked the Michigan Public Service Commission for permission to organize as a new Michigan corporation.

'FOREIGN' CORPORATION

Consumers Power was incorporated in Maine in 1910 but has done business in Michigan since 1915 as a "foreign" corporation.

All of the company's operations and property now are located in Michigan, but it continues to pay $132,550 annually in franchise taxes to the state of Maine.

The application to the MPSC asserted that Consumers would continue, after the proposed incorporation, "without change in name, business, properties, ownership or management."

★ ★ ★

The proposal also must be approved at the annual stockholders meeting April 9.

NUCLEAR PLANT

Some $50.7 million will go toward continuing construction on the company's new Palisades Nuclear Plant, 35 miles west of Kalamazoo. The plant, to open in 1970, will have an initial capacity of 710,000 kilowatts, and eventually will exceed 800,000 kilowatts.

Engineering work to the Ludington Pumped Storage Hydroelectric Plant, will cost some $900,000 in 1968.

Actual construction commences in late 1969, with operations to begin in 1973. With a generating capacity of 1.8 million kilowatts, the plant will be used principally to meet peak demands for electric power.

★ ★ ★

A third nuclear power plant to be located near Midland will cost an estimated $267 million. Construction will begin in 1969 although some $1 million will be spent on engineering work in 1968.

The plants' two reactors, each the size of the one being installed at Palisades, will become operational in 1974 and 1975 generating 1.3 million kilowatts and also delivering up to four million pounds of process steam per hour to the Midland Industrial Plants of the Dow Chemical Co.

Other major items in expanding electric service include $17 million for additions and improvements in the transmission system, 9.4 million for construction of interconnections, $10.7 million on the distribution substations, and 24.4 million on the distribution system.

Three more Gas Turbine Peaking Units will be added and major natural gas projects will be extended.

★ ★ ★

Additional compressors are being installed to help complete major natural gas storage facilities in St. Clair and Macomb counties.

Beating Death Charged to 2

Synagogue Caretaker Killed in Burglary

Southfield police yesterday revealed the arrest of two Detroit-area men in the Nov. 6 bludgeon slaying of an elderly caretaker of a Southfield synagogue.

Arraigned late Wednesday and yesterday, respectively, before Southfield Municipal Judge Clarence A. Reid on first-degree murder and breaking and entering charges were Edward Trudeau, 34, of Wyandotte and Paul Lehman, 25, of Detroit and Wyandotte.

Each is held without bond in Oakland County Jail pending preliminary examination before Reid Jan. 10.

They are accused of beating to death Acie Green, 62, an employe of Congregation Shaarey Zedek, I-696 near Lahser.

★ ★ ★

Green was bludgeoned with a hammer after apparently finding his assailants in the process of a break-in.

Trudeau was arrested after being sentenced yesterday in Wayne County to a maximum of 10 years in prison on a breaking and entering charge.

Lehman was arrested Wednesday at the Wyandotte Municipal Court, where he appeared in connection with a misdemeanor charge, police said.

Romney Turns to State's State

LANSING (UPI) — A world tour behind him, Gov. Romney today turned his attention to Michigan affairs, preparing for the opening of a new legislative session next week.

Romney's staff said the governor would be in his executive offices all day.

He hasn't been in Lansing since Dec. 5 when he left for Kansas to make a speech before starting out on his 27-day tour through 12 nations.

Romney returned to Michigan Wednesday night and spent yesterday at his Bloomfield Hills home with his wife and members of his family.

★ ★ ★

Several drafts of Romney's State of the State message to be delivered at a joint session of the Legislature Jan. 11 are ready for Romney to study. Romney also will put finishing touches on his budget message for the Legislature later this month.

Fires Damage 2 Trailers in Pontiac Twp.

Two mobile homes five lots apart in the Auburn Heights mobile village, 170 N. Opdyke, Pontiac Township, burned in separate fires last evening and this morning.

Fire Chief Carl Schingeck said he saw no link between the two blazes.

The first fire at 6:34 p.m. yesterday occurred in the unoccupied trailer of Ralph Palnode at 272 Red Mill.

Pontiac Township Fire Department Station 1 answered the call. The cause is still under investigation, Schingeck said, and no value has been placed on the loss.

★ ★ ★

The second blaze at 7:59 a.m. today was in the unoccupied trailer of Robert R. Cole, 220 Red Mill. An electric hot water heater was blamed.

DAMAGE ESTIMATE

A $5,000 estimate of damage to the trailer was reported by Schingeck who said no figure had yet been affixed to contents damage.

Township Fire Station 1 was assisted by Station 2 on this morning's fire.
