THE PONTIAC PRESS

Home Edition

117th YEAR ★★★ PONTIAC, MICHIGAN, WEDNESDAY, SEPTEMBER 30, 1959—52 PAGES UNITED PRESS INTERNATIONAL ASSOCIATED PRESS 8c

Scheduled Airline in Year Is Virtually Assured

By PETE LOCHBILER

Pontiac will begin its new airport terminal and tower today with virtual assurance that because of it there will be regularly scheduled commercial airline service here within a year.

★ ★ ★

A proposal by North Central Airlines that Pontiac be linked in a new air route between Detroit and Sault Ste. Marie was recommended today for approval in Washington, D.C.

The recommendation was one of several made by a Civil Aeronautics Board examiner for the Great Lakes region.

The service would give Pontiac direct air connections with Detroit, Flint, Midland-Saginaw-Bay City, Cheboygan and Sault Ste. Marie.

'WONDERFUL' NEWS

It would give the city indirect connections with most other major Michigan cities which North Central already serves or proposes to serve.

City Manager Walter K. Willman, greeting the news as "wonderful," said the service was virtually assured of approval by the CAB, if no objections against it are filed within 20 days.

North Central has in mind not only passenger flights, but also air freight and air express service for business and industry, he noted.

★ ★ ★

A representative of the company in Detroit this morning said it was expected the home office in Minneapolis would make public within a few hours details of the service planned.

North Central, an independent airline, has existing routes criss-crossing Minnesota, Wisconsin and the Upper Peninsula, linking them with important cities in the Dakotas, Nebraska, Iowa, northern Illinois (including Chicago) and northern Indiana.

Other Great Lakes routes, especially over Michigan, were recommended today for North Central and another airline, Lake Central, by the CAB examiner, Barron Fredericks, for an initial three-year period.

The recommendations were in a 365-page report on the CAB's Great Lakes local service investigation. The CAB must take final action.

★ ★ ★

It was proposed that Michigan be criss-crossed with a number of new short-haul routes, including the one affecting Pontiac. For North Central, five routes were recommended:

Between Detroit and Sault Ste. Marie; Sault Ste. Marie and Chicago; Green Bay, Wis., and Grand Rapids; Milwaukee, Wis., and Muskegon; Oshkosh, Wis., and Chicago; and Escanaba and Saginaw.

★ ★ ★

Each route would have one or more intermediate stops.

The Lake Central routes would connect Detroit and Grand Rapids with cities in Ohio.

The recommendations were expected to add an air or jubilation at gound-breaking ceremonies for the $435,000 airport project at 4:30 p.m. today.

The public is invited to attend. The site can be reached by means of Paulsen road north of 59, a half-mile west of Airport road.

★ ★ ★

Willman, Mayor Philip E. Rowston and Homer D. Hoskins, airport manager, are scheduled to take part.

Last night, city commissioners wrapped up their application for $176,830 in federal aid to finance the building and Rowston signed construction contracts. The state is paying $122,332 and the city $131,785.

The contracts are with Paul H. Johnson Co. of Detroit, the general contractors, $187,000; H & W Plumbing & Heating Co. of Waterford Township, the mechanical contractors, $103,300; Fred W. Moote Electrical Inc. of Pontiac, the electrical contractors, $27,942; and Shingledecker General Contractors of West Bloomfield Township, $71,221. The last named firm contracted for the entranceway, parking lot, service drive and other outside development.

Break Ground for Building

Pontiac Press Photo

A HISTORIC MOMENT — Mayor Philip E. Rowston pushes the first shovel into the ground at the Civic Center site for the new Pontiac Public Library. With him during groundbreaking ceremonies yesterday are (from left) City Manager Walter K. Willman; Miss Phyllis Pope, city librarian, and D. B. Varner, Michigan State University Oakland chancellor, who called the library project "a great cultural development."

Varner Sees City Library as Cultural Turning Point

Durward B. Varner told Pontiac yesterday that it's time to wake up and live.

★ ★ ★

Stepping for the first time into the role of active community leader, the Michigan State University Oakland chancellor said 1959 could be "the turning point in a cultural renaissance here."

Two new developments — the university and the forthcoming Pontiac Public Library — could make the difference, said Varner, speaking at groundbreaking ceremonies for the $500,000 library in the Civic Center.

So far, the spark has been lacking, although Pontiac has great potential, said the educator.

Varner spoke candidly as a citizen of the Pontiac community, new to it but part of it.

He said, frankly, that to an outsider Pontiac looks awful.

"The image others hold is of an industrial hodge-podge, a heterogeneous spillover from Detroit — a faceless community without a heart of its own."

Varner said he, too, once held this image of Pontiac, until he became acquainted with the area and its people.

"I find there is a strong progressive spirit here and a great potential for progress.

"This community has a youthful aggressiveness and an enthusiasm for worthwhile projects."

Citing some Pontiac achievements, Varner praised the public schools here as "second to none in the state, with superb leadership." City government is "sound," he said, and the county "one of the largest and most beautiful in the state."

Varner had further praise for the "strength" of the city's daily newspaper (The Pontiac Press).

But Pontiac lacks cultural development on a big scale, he noted.

"This year may be the turning point," however, he said.

"You are building a library — you could not be adding a more important aspect to the city. A library brings knowledge, learning, truth and beauty—these Pontiac as a community apparently has lacked."

Pontiac can take on the cultural aspects of a university town with ease if it wants to, now the MSUO is a next door neighbor, Varner said.

"You are now a partner in this promising development," the educator assured his audience.

"It's time Pontiac citizens joined hands in making their community known not only for its wonderful industry, but also for its people, homes, schools and culture," Varner urged.

Also speaking at the half-hour ceremony were Mayor Philip E. Rowston, City Commissioner William W. Donaldson and Miss Phyllis Pope, city librarian.

"After years in the old library," said Miss Pope, "the library staff

Chrysler Strike to Affect 45,000

Some Detroiters to Be Laid Off Tonight After Ohio Plant Trouble

DETROIT (UPI) — Production of 1960 model Chrysler Corp. cars will be "substantially" halted and approximately 45,000 workers will be idled by late Friday due to a strike at the firm's Twinsburg, Ohio stamping plant.

Chrysler Vice President John D. Leary said today about 25,000 of the affected workers will be in the Detroit area while the others will be scattered over six states. He said many would be laid off as of the end of their shifts tonight.

Leary explained that about 3,500 members of Local 122 of the United Auto Workers Union went on strike yesterday at Twinsburg where certain parts for all Chrysler cars are made.

A wildcat strike at the Ohio plant three weeks ago dried up supplies and the latest labor trouble was sending a monkey wrench almost immediately into the firm's production lines.

★ ★ ★

Unsettled grievances, including the firing of 12 workers involved in the earlier wildcat strike, were blamed for the strike yesterday which had International UAW authorization.

Gas Price Hikes 1.1 Cent Gallon Midnight Tonight

DETROIT (AP) — The federal gasoline tax goes up a cent a gallon at midnight tonight all over the country — but Michigan motorists will have to pay 1.1 cents a gallon more.

★ ★ ★

The state's four per cent sales tax is collectable on top of the total price — including the federal tax.

★ ★ ★

The federal gasoline tax will go from three to four cents a gallon. The state already gets six cents plus sales tax. Gasoline costs 16.5 cents a gallon wholesale. The new combined tax will equal 11.1 cents a gallon.

News Flash

CORPUS CHRISTI, Tex. (AP)— Sid Richardson, one of the world's richest men, died at his island lodge near Corpus Christi today of an apparent heart attack. He was 68.

So, Who Else?

WASHINGTON (UPI) — The door prize at a birthday party yesterday for cartoonist Al Capp was a caricature of the winner done by Capp. The winner was Mrs. Helen Door.

Ike Gets Action in Steel Talks

All 34 Aboard Braniff Electra Killed in Texas

Houston-to-New York Airliner Blows Up in Sky, Falls on Farm

WACO, Tex. (AP) — A big Houston-to-New York airliner exploded in the air Tuesday night, streaked across the sky like a comet, and crashed. Thirty-four persons died as it struck on a central Texas farm.

The ship was a 75-passenger Braniff Airways turboprop Electra. It carried 28 passengers and a crew of six. It had scheduled stops at Dallas and Washington.

There was no immediate explanation for the crash. A member of the traffic control tower at the Houston International Airport said the plane departed 29 minutes behind schedule at 10:44 p.m. A Braniff spokesman at Houston acknowledged the plane was late in departing but said he did not know why.

Bruce Chambers of the Federal Aviation Agency's control office in Fort Worth said the ship was flying on an instrument plan at 15,000 feet. It made its last report about 11:05 p.m. when east of Waco, Chambers said. He described the report as a routine filing on the plane's speed and altitude.

The pilot gave no indication of trouble at the time he added.

★ ★ ★

Broken clouds hovered over this area then. There was thunderstorm activity about 75 miles to the northwest but none in the immediate vicinity, the Weather Bureau said.

The airliner crashed on the R. E. White farm, five miles southeast of Buffalo, a town of 1,200 population. Buffalo is 68 miles southeast of Waco.

E. H. Pickens, 45, feed store owner in Buffalo, was one of the first to reach the crash scene.

The Civil Aeronautics Board announced an immediate investigation of the crash.

In Colorado and on East Coast

Mop Up After Storms

By The Associated Press

Cleanup operations in two widely separated sections of the country hit by costly bad weather moved into high gear today.

Hurricane Gracie, now softened down to a tropical storm, moved northeastward from the Carolinas and Georgia, leaving in her wake millions of dollars in damages.

An unseasonably early storm that dumped up to 12 inches of snow in a 250-mile area from Pueblo, Colo., to Cheyenne, Wyo., skipped off to Canada. In Denver alone, where more than 10 inches of snow fell, city officials estimated damages at seven million dollars.

Three persons died in South Carolina in traffic accidents attributed to the hurricane. One died in Georgia.

Two persons died in Denver in heart attack cases attributed to the snowstorm.

Four youths on a camping trip some 30 miles southwest of Denver were still missing.

A young married couple drowned at Miami Beach, Fla., in a 15-foot wave rolling in from the hurricane's wake.

The hurricane hit near Charleston, S.C., and traveled a path about 100 miles wide, bringing torrential rain, raging winds and high tidewaters.

Countless homes, farm buildings and acres of crop lands were damaged by the storm which carried winds at 140 miles per hour.

Downed utility lines left entire communities without service for a time.

A new Hurricane Hannah carrying 100-mile winds, today slowed its advance along a path weathermen say may send it crashing into the mainland on the heels of Hurricane Gracie.

★ ★ ★

The latest fix placed the Atlantic season's eighth tropical storm about 970 miles east of Palm Beach, Fla.

The rainfall in the Carolinas-Georgia section ranged from 1 to nearly 4 inches. Charleston, S. C., had 3.65 inches of rain.

Water Authority Fights for Life

Seeks Roles as Selling Agent Between Detroit and Two Counties

Confronted with criticism from two potentially big buyers, the Southeastern Michigan Water Authority now wants a part in a Detroit plan to pipe Lake Huron water to Oakland and Macomb counties on a metropolitan basis.

At a meeting held yesterday in Mount Clemens, the authority suggested it act as selling agent between Detroit and the two counties.

The proposal followed a meeting in Pontiac last Friday at which Pontiac City Manager Walter K. Willman and Harold K. Schone, director of the Oakland Department of Public Works, went on record favoring the Detroit plan as opposed to the Authority's similar proposal to bring Huron water to the two counties.

Having both plans would be infeasible, Schone said.

Willman declared the SMWA a "dead duck."

At the conclusion of yesterday's meeting, called to see how Macomb County felt about the metropolitan approach to a new and needed source of water, it was decided that Oakland and Macomb representatives work with the Authority to try and work out a contract with Detroit.

At the same time, Gerald

(Continued on Page 2, Col. 7)

Sox, Dodger$ Set to Start Big Serie$

CHICAGO (AP)—The Los Angeles Dodgers and the Chicago White Sox, two clubs who have to scrap for what they get, open what might be the richest World Series in history here Thursday at Comiskey Park.

★ ★ ★

Manager Walt Alston said his first game pitcher will be Roger Craig (11-5).

White Sox Manager Al Lopez is expected to name Early Wynn, at 39 the old man righthander who topped the majors with 22 victories.

★ ★ ★

The first two games will be played in Comiskey Park, with the best-of-seven championship then shifting to the Coliseum in Los Angeles for the third, fourth and, if necessary, fifth games. If needed, the sixth and seventh games will be played in Chicago.

All games will start at 1 p.m. local time and will be telecast and broadcast nationally by NBC.

It'll Stay Cool for Next 5 Days, With Little Rain

Pontiac's sunny skies this morning will become partly cloudy tonight and tomorrow, the weatherman said. There will be little change in temperature.

Tonight's low will drop to 50 with Thursday's high reaching near 65.

For the next five days temperatures will average five to 10 degrees below the normal high of 65-69 and normal low of 44-48 with only minor day to day changes. Precipitation will total one-tenth to six-tenths inches in showers mostly Sunday or Monday.

Light northerly winds eight miles an hour at 1:15 p.m. will become north to northeasterly at 12-18 miles later today and tonight.

The lowest recording in downtown Pontiac preceding 8 a.m. was 54 degrees. At 2 p.m. the thermometer reading was 64.

Set Negotiations Today Following Deadline Edict

McDonald, Blough Get Prod From President on Impasse

From Our News Wires

WASHINGTON (AP) — Renewed talks in the steel strike were set up for this afternoon in a downtown hotel after President Eisenhower in personal conferences with both sides prodded them to get to work on a settlement.

Eisenhower met separately, first with industry leaders and then with representatives of the striking steel workers union.

David J. McDonald, union president, then called for renewed negotiations this afternoon in the 78-day strike.

Roger M. Blough, U.S. Steel chairman, had said at the close of the management session with the President that the industry was willing to resume talks at any time. The two sides had not yet met since Friday. McDonald had refused to hold further meetings in New York.

A few minutes after the union delegation left the executive offices, McDonald telephoned the White House that the talks had been arranged.

Just before that word came out

(Continued on Page 2, Col. 2)

UF Advanced Gifts Drive Passes Half-Way Point

More than 50 per cent of the $78,795 advanced gifts goal of the 1959 Pontiac Area United Fund Campaign already has been reached, it was announced today on the eve of the drive.

In addition, more than $3,000 has been collected over the amount received from the same calls at this time last year, according to Glenn Griffin, advanced gifts chairman.

★ ★ ★

A Saginaw street parade, starting at 7 p.m. tomorrow will herald the campaign kickoff. A torch lighting ceremony will follow at Oakland avenue and Saginaw street.

The Community National Bank has increased its donation by 17 per cent and the Michigan Bell Telephone Co. has raised its gift $800 to a total $4,400 to lead the way.

The Advanced Gifts Division is comprised of community leaders who solicit funds prior to the general campaign from individuals and businesses that historically give substantial amounts to the Fund.

★ ★ ★

Griffin said the advanced gifts are always a measuring stick of the success of the campaign.

Pontiac State Bank upped its contribution 13 per cent and The

(Continued on Page 2, Col. 3)

GOING ON WARPATH FOR UF — Limbering up for their appearance in the Pontiac Area United Fund kickoff parade tomorrow evening are these young warriors of Grace Lutheran Church Boy Scout Troop 244. They are (from left) Tom Beauchamp, 175 Chippewa Rd., Art Van Dyke, 143 E. Iroquois Rd., Tom McGrath, 33 Niagara Rd., Ray Winkelman, 4996 Sherbourne Dr., Bill Eames, 43 Cherokee Rd., and Michael McCoy, 372 W. Iroquois Rd. Directing them is Dr. J. W. Bell, troop scoutmaster, 351 Dick Ave.

Attached to Constrictor

NEW YORK (UPI) — William Hayden was indignant today because police made him turn over a five-foot boa constrictor he found yesterday perched on an ash can near his apartment. "Some creep called the cops and they wouldn't let me keep it," Hayden said. No one seemed to know where the snake came from.

Fire Parade Will Be Kickoff for Field Day

The gala Fire Prevention Week parade Saturady at 1 p.m. will be followed by a firefighting demonstration and field day at the General Motors Athletic Field, Opdyke road and South boulevard.

★ ★ ★

The demonstration will begin immediately after the parade at 2 p.m., announced Sherwin M. Birnkrant, chairman of the Fire Safety Committee of the Pontiac Area Chamber of Commerce.

A highlight of the program will be the rescue of a victim from an electric pole. A Pontiac Fire Dept. inhalator squad will come screaming on to the field to give the proceedings an air of reality.

The event is being staged by the Industrial Fire Safety Committee.

Competition among about 20 Oakland County fire departments will be another highlight of the field day events.

★ ★ ★

One contest involves racing against the clock to assemble a fire hose and carry it over a seven-foot slippery barricade; the other is a race to see which department can most quickly raise a 26-foot ladder by ropes and scramble to the top.

The concluding attraction of the afternoon will be a water battle between the champion Waterford Fire Dept. and the challengers of the Avondale Fire Dept.

The public will also see a large liquid pit fire extinguished by chemicals.

★ ★ ★

The field day program has been moved this year from the Northside Field to the GM athletic field for more parking and spectator space.

Six high school bands and about 20 county fire departments will march in the 1 p.m. parade from Oakland to Auburn avenues down Saginaw street.

It will be the kickoff for the city's observance of Fire Prevention Week beginning next Sunday.

See Port Strike in East, Gulf

Talks Recessed With Midnight Deadline, No Settlement Expected

NEW YORK (AP) — East and Gulf Coast shipping firms and longshoremen recessed another negotiating session early today—still far from reaching a settlement to avert a crippling strike at midnight tonight.

★ ★ ★

Federal, state and city mediators agreed there was no indication of a settlement before expiration of the current contract. The International Longshoremen's Assn. says no contract, no work.

★ ★ ★

A strike could tie up shipping and idle more than 81,000 longshoremen from Maine to Texas. Indirectly, it would throw many other workers off their jobs.

It would hamper the operators of passenger liners, but would not cut them off.

It would also cut off the trickle of steel coming to East and Gulf ports from abroad in the midst of a lengthening nationwide steel strike.

★ ★ ★

The ILA has said it would accept a three-year contract providing for a 50-cent-an-hour package increase, including wages and benefits.

The New York Shipping Assn., an employer group representing 170 steamship lines and stevedoring firms, has offered a 30-cent-an-hour increase, with 20 cents the first year and 5 cents in each of the next two years.

★ ★ ★

The 25,000 longshoremen in the port of New York earn an average of $107.76 weekly; the 56,700 who work in the other ports make an average of $2.80 an hour.

In addition to wages, the problem of automation is a key issue. The union says that automated or mechanized loading and unloading processes throw men out of work. It seeks financial compensation. Management wants to cut operating costs.

Medical Office Goes to Doctor of Birmingham

Dr. Robert J. Mason, 654 Overhill Rd., Birmingham, has been elected a regional council member with a seat on the governing board of the Michigan State Medical Society.

A member of the Oakland County Medical Society, Mason will serve a five-year term as councilor of the 15th District, comprised of Oakland and Macomb counties.

Mason was elected yesterday at the 94th convention of the House of Delegates of the state organization in Grand Rapids.

★ ★ ★

The new president of the state medical society is Dr. Kenneth H. Johnson of Lansing. Dr. James Lightbody of Detroit was elected Speaker of the House, while Dr. Harold F. Falls of Ann Arbor was chosen vice speaker.

CHEVROLET FOR 1960 — Again in 1960, Chevrolet will offer four series of conventional-size passenger cars, each individualized by trim and equipment. The tail lamp ensemble is mounted beneath modified wings, and the grill extends full-car width. Profile embellishments lend distinction between the Impala, Bel Air and the Biscayne series. The new Chevrolet line will be on display at Matthews-Hargreaves Inc., 631 Oakland Ave. Above is the four-door Impala model, and below is the two-door Bel Air.

7 on School Bus Die in Collision

Tank Truck Rams Into Load of Children and Teachers; 23 Hurt

COOPER, Tex. (AP) — A bus filled with school children and teachers en route to a junior high school football game collided head-on Tuesday night with a huge tank truck. The violent crash killed seven persons — five students and two teachers — and injured 23 others including 22 children.

★ ★ ★

The bus from Mt. Vernon, Tex., and the diesel truck collided at a highway intersection on the eastern edge of this east Texas town. There was no fire. The impact hurled some children to the highway, demolished the bus and smashed the truck's cab.

"The bus made a signal to turn left and then for some reason swerved. I just couldn't miss him. It was horrible," said J. M. Warrington, 39, of Grand Saline, Tex., the truck driver.

Warrington was injured and taken to a Paris, Tex., hospital. He was en route home from Pryor, Tex., where he had delivered a load of salt.

★ ★ ★

Killed in the crash were Jack Henry, 45, principal of the Mt. Vernon Junior High School and driver of the bus; his son, Billy Max, 12; Melba Meeks, a teacher; Kenneth Hightower, 12, and Rex Weatherford, 12. Two other students, Zach Taylor and Audrey Sue Turner, 13, died in a hospital from their injuries.

Going to Start War?

London (UPI) — An unidentified person today advertised in the personal column of the London Times for a "Spitfire or Hurricane fighter plane, condition immaterial."

Ike Prods Negotiators in Steel Impasse

(Continued From Page One)

Eisenhower issued a statement saying that in view of the mounting impact of the 78-day-old strike on the nation's economy and the consequent unemployment "I sincerely hope that an agreement can be initiated before my return to Washington next week." This is looked upon as, in effect, a presidential deadline for settlement.

The President was due to leave later today for a rest at Palm Springs, Calif. He is due back Oct. 8, a week from tomorrow.

The President's statement said the purpose of his talks today was to help "to bring about a voluntary settlement of the steel strike which will be fair and just to all parties involved, including the public."

WHAT PEOPLE WANT

"I am persuaded," he said, "that this is the kind of settlement that the American people want. It is the only kind that would be good for all Americans and for our whole economy."

Eisenhower thus brought the full power of his office to bear directly on the responsible parties to spur efforts to negotiate a settlement.

Eisenhower was reported on good authority to have used blunt, powerful language both to the management and union delegations —about as strong language as at Monday's news conference when he said he and the American people are "sick and tired" of the apparent impasse.

★ ★ ★

As a result of what amounted to a definite if figurative knocking of heads together, some highly placed government authorities were hopeful of some concrete effects.

But so far as public statements were concerned, the principal opponents showed no signs of shifting position or of confidently expecting quick results.

There was no mention by the President, to either the industry or the union, of the possibility that, without a voluntary settlement soon, Eisenhower may invoke the national emergency provisions of the Taft-Hartley Act. This calls for an 80-day court injunction stopping the strike for that length of time.

Detroit Judge Stern With Gang Youths

DETROIT (AP) — "This kind of conduct must be stopped."

Recorder's Judge John P. Scallen spoke sternly yesterday in setting bond at $25,000 each for three Negro youths accused of assault with intent to murder in the knifing and beating of three white youths.

The high bonds meant the youths will stay in jail until their examining trial Oct. 9.

Stephen Harrison, 18, James Alston, 20, and David Marbley, 18, pleaded innocent to the charge which, upon conviction, carries a maximum penalty of life imprisonment.

Judge Scallen applauded Wayne County Prosecutor Samuel H. Olsen's declaration of "all-out war against youth gangs" in Detroit.

Nationalize Resources

More than half of Czechoslovakia's natural resources are now nationalized.

Public to See 19 New Models

Chevrolet Unveils '60s Friday

Nineteen models, including the economy Corvair and the Corvette, will be displayed to the public by Chevrolet dealers beginning Friday.

★ ★ ★

A distinctive new appearance, increased economy in the V8 engine and added comfort are among features of the new line.

All car series have been completely restyled, with the most notable design changes in the frontal and rear areas.

An oval-shaped grille spans the hood and encloses widely spaced twin headlamps. The concave "swallowtail" effect at the rear has been revamped and emerges with straight line styling.

TRUNK WIDER, LOWER

The latter change permits a wider trunk opening and a lower loading sill. An ensemble of circular taillamps replaces the former tear-drop configuration.

The front seat transmission tunnel has been reduced in width and height.

In addition to new economy in the Turbo-Fire V8, power packages include a six and six other V8 choices.

★ ★ ★

To improve overall economy and engine performance in normal driving ranges, a low-lift camshaft with reduced valve overlap and recalibrated carburetor are featured on the new economy Turbo-Fire V8.

New tires are more durable. Tread life has been increased 12 per cent by new synthetic rubber and a change in the proportion of synthetic and natural rubber.

The higher energy-absorbing tread material also promises less impact on bumps, reduced tire squeal on turns and surer traction.

BRAKES IMPROVED

Brakes have been improved and require less pedal pressure. The parking brake now carries a pop-out release lever.

★ ★ ★

Color choices in the 1960 conventional passenger car line include 13 solids and 10 two-tone combinations.

Body types in the Impala, Bel Air and Biscayne series combined include a total of three four-door sedans; two two-doors; two sport coupes; two sport sedans; a convertible and a utility sedan. The Corvette sports car and five station wagons round out the 1960 Chevrolet passenger car line.

★ ★ ★

The Corvair, product of a nine-year research and development program, offers a compact car specially designed to meet Americence, safety and performance at lower initial cost and greater economy of operation.

Special features include a flat, air cooled engine mounted at the rear, unitized body with virtually flat passenger compartment floor, swing-type rear axle with independent springing at all four wheels.

The Corvair will be offered in two models, the standard and the deluxe Corvair 700, both six-passenger four-door sedans.

MANY NEW FEATURES

The Corvair offers many features which are new to American-made automobiles. Designed specifically for the compact car market, it has these dimensions:

Wheel base, 108 inches. Overall length, 180 inches. Height, four feet, three inches. Width, 66.9 inches. Weight, 2,340 pounds.

Chevrolet has announced for its 1960 models a list-price range of $2,056 for the two-door, six cylinder sedan to $2,739 for the four-door eight cylinder sedan compared with a range of $2,056 to $2,757 for 1959 models.

Dance Hall Stint Gets Debbie Into 2 Entanglements

NEW YORK (AP) — Debbie Reynolds wound up a whirl today as a dime-a-dance girl.

"I never had such tired feet in my life!" the film actress commented.

★ ★ ★

Miss Reynolds spent the past two evenings as a Broadway dance hall hostess, absorbing atmosphere for a movie role.

★ ★ ★

Debbie said only one of her partners guessed her identity, but the incognito starlet fibbed her way out. Another bit her (lightly) on the shoulder, she reported, a third submitted a romantic proposition.

2 West Michigan Areas OK Major Bond Issues

By The Associate Press

Voters reversed earlier decisions and approved major bond issues Tuesday in two West Michigan communities.

★ ★ ★

A proposed $1,865,000 bond issue to finance construction of a new high school at Greenville and remodel present facilities passed by a vote of 1,389 to 780.

★ ★ ★

A light turnout among Benton Harbor's 9,000 registered voters approved a $600,000 bond issue for capital improvements and a requested five-mill levy for operating costs over a three-year period.

Arrest Dutch Sailor in Kauffman Death

BOSTON (UPI) — Police announced today that a Dutch radio officer was under arrest in Brooklyn, N. Y. on suspicion of murder in the mysterious Boston Harbor death of pretty 23-year-old Lynn Kauffman.

Deputy Police Supt. Francis Tiernan said he would ask Boston Municipal Court for a murder warrant against Willem Marie Louis Van Rye of Holland.

Tiernan said that Van Rye admitted after all-night questioning by New York and Boston police that he had "an affair" with the Chicago divorcee.

Volunteer Leader's Role Is Discussed at MSUO

What is the volunteer leader's role in today's changing society?

Four specialists probed this question at the Volunteer Leadership Institute yesterday at Michigan State University Oakland.

On hand to listen and join in the discussion were 100 social agency volunteer leaders, board members and professional staff, clergy and church volunteer leaders from Macomb and Oakland counties.

Acting as moderator and one of the speakers was Dr. Melvin J. Ravitz of Wayne State University. He stressed the fact that volunteers should be motivated by a sense of responsibility for the well-being of their community.

Other panelists were Dr. Noland Heiden of the Oakland County Planning Commission, Dr. Christopher Sower of Michigan State University and Richard F. Huegli, managing director of the United Community Services of Metropolitan Detroit.

★ ★ ★

Based on the premise that the community of today is a very complex structure, the purpose of the seminar was to familiarize the citizen with the social, economic and physical factors in a modern community.

Each speaker enlarged upon one of these aspects during the morning session.

Dr. Heiden set the scene in terms of physical structure pointing out that the mushrooming population outside the City of Detroit is centered in the fast-growing areas of Macomb and Oakland counties.

He added that 67 per cent of the area is either vacant or agricultural land. He went on to analyze the growth problems on the bases of traffic, school enrollments, population settlements from outstate and out-of-state and other physical factors.

Dr. Sower's prime concern was the community as a social system. He said that the definition of a community is an area of inter-relationships or more positively "an area of collective sentiment."

He added that he sees a multiplicity of organizations inherited from a rural, agricultural past with others added and no coordination among them.

Dr. Sower stressed that the organizations must evaluate their functions and document the needs of the people in the community to justify their existence.

"If we don't do it, outsiders will," he warned.

Huegli traced the history of volunteer and social welfare agencies from their inception to the present day.

He said the factors needed to set up a program to meet the needs of the community are responsibility, motivation, flexibility, participation, ingenuity and leadership.

In summing up, Dr. Ravitz asked the volunteer leaders to consider themselves as active "communitarians," persons dedicated to the well-being and development of the community.

He and his colleagues said social agencies are now ready for "major experimentation" to make use of new knowledge of today's complexities of society and adjust accordingly.

After luncheon in the new cafeteria, the group was divided into smaller units to draft questions to ask the panel when it reconvened in the afternoon.

★ ★ ★

The day-long program was planned in cooperation with the continued education department at MSUO.

Pontiac Press Photo

MSUO PANELISTS—These four specialists in modern community development were the principal speakers at yesterday's "Volunteer Leadership Institute" at Michigan State University Oakland. They are, (from left), Richard F. Huegli, managing director of the United Community Services of Metropolitan Detroit; Dr. Melvin J. Ravitz of Wayne State University; Dr. Noland Heiden of the Oakland County Planning Commission, and Dr. Christopher Sower of MSU. One hundred leaders attended the day-long seminar.

The Day in Birmingham

Baldwin Library Addition Work Will Start Monday

BIRMINGHAM — Construction of the addition to Birmingham's Baldwin Public Library will begin Monday, the architectural firm of Linn Smith and Associates, Inc., announced today.

★ ★ ★

Over-all cost of the library addition will be $182,000.

Construction is being done by low bidder, Lockwood and McCutcheon contracting firm, on the contract let Monday for $150,910 by the city commission.

An $11,038 contract to equip the library addition was awarded to Art Metal Construction Co.

The remainder of the $182,000 programmed for the job will be used for landscaping, architectural fees and furniture.

A closet fire in the office of Restrick Lumber Co., 425 Eton Rd., last night was put out within 40 minutes by the Chesterfield Fire Station.

An employe turned in the alarm at 8:30 p.m.

Damage was estimated at $500.

Dr. John S. Lambie of 280 Aspen St. was honored yesterday at the Michigan State Medical Society's annual convention at Grand Rapids.

The House of Delegates of the medical society presented Dr. Lambie with a pin for more than 50 years service in medical practice.

Twenty-three of the pins were awarded during the society's 94th annual convention this year.

Exotic jungle trails will be explored by members of the Senior Men's Club when they meet Friday at Community House.

A sound movie, "Travel in Africa," will be shown.

Following the entertainment, the Discussion Group of the club will tackle "International Senior Citizens Organization" as its topic.

John W. Johnson Jr. of 1539 Cole St. has been appointed a team captain of the Detroit Chapter, National Assn. of Accountants, for the 1959-60 season.

★ ★ ★

Johnson is director of accounting for Atomic Power Development Association, Inc., of Detroit, and a member of the American Institute of Certified Public Accountants and the Michigan Assn. of CPAs.

Water Authority Fighting for Life

(Continued From Page One)

Remus, general manager of the Detroit Water Dept., told the Detroit Metropolitan Regional Planning Commission that Lake Huron water should be flowing through Detroit mains by 1966.

Remus said a $172,000,000 expansion of Detroit's plant, including a new intake at Port Huron, would serve Pontiac, the rest of Oakland County and Macomb County by 1979.

As yet the Oakland County Board of Supervisors has not been asked to pass on which of the two proposals—the Authority's or Detroit's—it favors.

LITTLE FIRMER

Fred L. Yockey, chairman of the board's Special Water Committee, said today he didn't believe this necessary until details of a proposed contract were worked out.

Yockey said the Authority's life "is a little firmer" after Tuesday's meeting, considering Schone's recommendation Friday that the Authority be dissolved.

Yockey said Authority members came to the meeting "annoyed" at Schone's proposal. Schone was not at yesterday's session.

Yockey also said he still had "personal misgivings" about the Authority serving as selling agent.

"Although the Authority's position is a little firmer after yesterday's meeting," Yockey said, "ultimately I feel it will be have to be disbanded but only after contracts with Detroit are arrived at."

★ ★ ★

"Its ultimate doom is still there," the Huntington Woods supervisor said.

He said he questioned possible legal entanglements and differences in bonding procedures between the two counties in having the SMWA as selling agency.

THROUGH AUTHORITY

Bernard A. Kalahar, chairman of the Macomb County Board of Supervisors, feels negotiating with Detroit still should be done through the Authority, created three years ago to bring Huron water to the two counties, which have seen their ground supply slowly dropping due to increased population and industrial users.

Willman said he favored the Detroit plan as he believed the Authority could not get enough buyers to make its $150,000,000 pipeline feasible because many southern Oakland municipalities are already under 30-year contracts with Detroit.

Schone said one of the reasons he favored the Detroit proposal was that it could bring water to "critical areas" of Oakland County by late next year, while he predicted it would take many years for the SMWA to do the same.

With the Authority proposal to serve as selling agency, a damper would be put on Schone's suggestion that his DPW be the seller in Oakland County to its cities and townships, which in turn would sell to their residents.

Yockey said he planned another meeting with his committee to explore the different proposals further.

Farms Have Forests

WASHINGTON — One-third of the commercial forests in the U.S. are located on farms.

Driver Charged in Death of Two

Eddie Lee Bowman, 27, Arrested, Released on $100 Personal Bond

A Pontiac man was arrested yesterday by Pontiac police and charged with negligent homicide in the traffic death of two men at W. Wilson avenue and Motor street last week.

★ ★ ★

Eddie Lee Bowman Jr., 27, of 184 Cedardale St., demanded examination before Municipal Court Judge Maurice E. Finnegan.

He was released on a $100 personal bond, pending his hearing before Finnegan at 10 a.m. Oct. 7.

Bowman was one of the drivers involved in a two-car collision Sept. 22. Police said he failed to heed a yield-right-of-way sign at the intersection.

★ ★ ★

The other driver, McKinley Price, 35, of 490 Nevada Ave., and John Rogers, 59, of 328 W. Wilson Ave., a passenger in Price's car, were killed. A third person and Bowman suffered minor injuries.

Library Cultural Turning Point

(Continued From Page One)

feels like Cinderella at the happy ending, about to step into a beautiful palace."

★ ★ ★

"Those of us who grew up in Pontiac and know the old library well can easily appreciate the need for this new building," said Rowston.

Donaldson, who once championed a drive to raise funds to build a civic auditorium for dedication during Pontiac's 1961 Centennial year, acted as master of ceremonies and said he was glad a library was being built instead.

★ ★ ★

"A cultural achievement like this is very appropriate," he said. The library should be completed next fall, in time for the Centennial observance.

PAY-AS-YOU-GO FINANCING

The library is being financed on a pay-as-you-go basis, as were the other two buildings in the Civic Center—City Hall and the Public Safety Building.

The City Commission has already earmarked $400,000 out of 1958 and 1959 capital improvement funds for the building and last night began setting aside another $200,000 in unappropriated surpluses as reserve.

The final $200,000 will eventually come out of 1960 capital improvement funds, said City Manager Walter K. Willman. Half of the $200,000 will go into library furnishings.

He Takes No Chances

LONDON (UPI) — Sir Edmund Stockdale, 53, newly elected lord mayor of London, said today he has two speeches ready for his inauguration next November. One in case the Conservative Party wins next month's election and the other in case the Labor Party wins.

Trades Council Asks to Get Back in UAW

DETROIT (AP) — The Greater Detroit Skilled Trades Council, liquidated early this year by the United Auto Workers, has asked to be restored in the Union's organizational structure.

★ ★ ★

The UAW executive board abolished the council in a general reorganization of the Union's collective bargaining system. The Detroit council claimed 22,000 members when it was put out of business along with 42 similar councils across the nation.

The council Monday asked the UAW's public review board to reactivate it, claiming the executive board's action violated the Union's constitution.

★ ★ ★

The review board was told by Ernest Goodman and Patrick J. O'Neill, attorneys for the council, that the council was dissolved without a hearing.

Step Up Control of Mosquitoes

South Jersey Area Hit With Encephalitis; 12 Victims Are Tolled

TRENTON, N. J. (AP)—Anxious public officials in South New Jersey stepped up mosquito control efforts today, with the knowledge that encephalitis has probably claimed 12 lives.

One area proclaimed itself in a state of emergency Monday. That was sprawling Bass River Township in southern Burlington County, where Mayor Walter Loveland of New Gretna asked county officials to help in the war against disease-carrying mosquitoes.

★ ★ ★

The total number of suspected encephalitis cases has risen to 22 in an area covering the counties of Atlantic, Burlington, Cape May, Cumberland and Ocean.

Dr. Richard L. Hayes, a U. S. Public Health Service entomologist, is in South Jersey collecting mosquitoes and examining them to detect possible carriers.

★ ★ ★

State Health Department officials are trying to determine where suspected victims were when they were struck.

Mosquitoes give the disease to both horses and humans. Not all mosquitoes are carriers.

Encephalitis is a form of sleeping sickness.

Spraying is continuing throughout the area of danger.

U.S. and Canadian families are expected to spend more than $8,000,000,000 for new appliances this year — 10 per cent more than in 1958. To reach these buyers, manufacturers of housing equipment and supplies spent more than $28,297,000 in daily newspapers last year.

Detroit Mayor Plans Youth Crime Battle

DETROIT (UPI) — Mayor Louis Miriani has disclosed plans to organize a "task force" of experts to study, battle and prevent juvenile crime.

★ ★ ★

The mayor said the "study committee on crime and crime prevention" will be created within two weeks. It will use the "experience and expert knowledge of professionals in the youth field to evaluate the many aspects of Detroit's many youth programs."

Task force committeemen were to include church and civic leaders, educators, probation officers, phychiatrists, psychologists, court officials, police and social workers.

Miriani explained they will have three main jobs:

—Inventory community services and facilities.

—Evaluate community problems that might contribute to juvenile crime and delinquency and,

—Determine what can be done about juvenile delinquency.

Name Saginaw Negro Outstanding Physician

Recent news stories have proclaimed Dr. ARCHER A. CLAYTOR as Michigan's foremost family physician.

★ ★ ★

The honor bestowed on this 65-year-old Saginaw Negro doctor is well deserved. In making this selection, the Michigan State Medical Society demonstrated that race prejudice plays no part in its association.

This is as it should be.

★ ★ ★

In selecting outstanding candidates in any field of endeavor, complete impartiality should be shown as in this case. Race or color should never be considered.

★ ★ ★

Dr. CLAYTOR is a credit to his race as well as the medical profession. We hope that Dr. CLAYTOR'S fine work will be an inspiration to others.

Michigan Drivers Set Ghastly New Record

Michigan just set a new record: a death rate of 23 over last weekend. The previous high for traffic deaths during 1959 was the weekend before when 22 were killed on our highways.

★ ★ ★

This ghastly record exceeds major holiday weekends. Why must our motorists continue to slaughter themselves?

What causes all these traffic accidents? Studies show that it is not bad weather, brake failure or fatigue. According to the National Safety Council, the No. 1 killer is the man behind the wheel.

That's clear from recent Council studies which show that there were 77 violations for every 100 drivers in fatal traffic accidents. Many of the drivers violated more than one law.

★ ★ ★

The violations that occurred most often: speeding, failure to keep right of center line, not having right-of-way, and driving under the influence of alcohol.

Other minor violations (but just as costly): following too closely, improper passing, improper turning, failing to signal, disregarding stop signs and improper parking.

Modern cars and specially designed superhighways are fine, of course, but our key to the traffic accident problem lies with the driver himself.

★ ★ ★

Whatever the cause may be, we steadfastly hope that everyone, young and old alike, will show more caution when behind the wheel of a car.

Let's Give It the Credit It Deserves

Most of us do a lot of crabbing about the weather.

And during the last few months we've been crabbing in high gear.

★ ★ ★

However the 1959 planting and growing seasons have been better than average in the Pontiac area.

Excessive drought seemed at one time to be bordering on a knockout blow.

But crops recovered when the rains came and, as usual, things were not as bad as we feared. Candidly, are they ever?

★ ★ ★

Wheat and corn were up to average or better. Oats and other grains not far below average. Forage crops were good; pastures generally excellent.

Potatoes and other root crops promise to run better than average.

And, just to bring everything up to an even keel, our farmers never saw better conditions for sowing their wheat than they have this autumn.

★ ★ ★

Instead of sowing it in a cloud of dust and hoping for a rain that would cause the seed to germinate, it is being planted in an ideal moist soil that should give it the proper start before the ground freezes up.

★ ★ ★

When the farmers of Oakland and surrounding counties strike a balance on 1959, they find that it has largely been a victim of weather gossips.

"CREATURES assumed to be extinct for 300 million years are found living in the Pacific ocean depths."—Science note. The assumption was made by some creature or creatures other than the ones referred to, of course — probably by man, who is the assumingest creature on earth.

IF YOU think governments are the only agencies that can stay in business while almost constantly running deficits, you are mistaken, as the railroads have been doing this for years.

"They Even Gave Me Plans for It"

David Lawrence Says:

People Should Know Steel Facts

WASHINGTON—President Eisenhower says that he is "getting sick and tired of the apparent impasse" in the settlement of the steel strike, and that "so are the American people."

LAWRENCE

But, while quick to add that he is "not going to try to assess any blame," the President goes on to say that free collective bargaining has "apparently broken down."

This is rather a sensational appraisal, and the public is entitled to know the facts on which it is based. Federal law makes collective bargaining compulsory, and the National Labor Relations Board has in its files a pile of cases that say both sides must "bargain in good faith."

Why have collective bargaining negotiations "broken down"? What has actually happened?

Of course, when Khrushchev doesn't agree with Eisenhower, there is no way of making either give in. Likewise, the two sides in the steel controversy can refuse to agree, and there's no way of making them do so unless the government in Washington becomes a sort of dictatorship. Then the word "free" would have to be omitted hereafter—and also the phrase "collective bargaining."

★ ★ ★

Maybe while the Khrushchev trip was in the offing, it wasn't a very good idea for Congress to be enacting a law authorizing government seizure of an industry because this might tend to prove that our free American system isn't effective after all and that, when an organized economic group demands its way, it gets what it wants.

It does so by inflicting considerable damage on the public. In other words, if the American people are injured enough, the government intervenes and immediately engineers the surrender by one side to the other—and thereby the unions usually win because they have the potential votes at the polls. Also, plenty of people outside the unions who are affected don't care who is appeased as long as a strike is ended.

AFFECTS FUTURE

The present steel strike happens to be a dispute that affects not only the steel industry but the whole economic future of the nation. It is related to the purchasing power of the dollar and whether millions of Americans on fixed incomes shall be robbed.

The dollar has already declined by 38 cents since the end of World War II, and much of the decline is due to the tendency of every industry, whether or not under government compulsion, to seek the easiest way out in labor-management disputes, which means granting the wage increases and then boosting prices.

Not long ago the public was demanding the "facts" in the steel dispute. But the kind of facts disclosed were technical and related only in a general way to what each side was asking. The American people have never been told what is really involved. The biggest issue in the steel controversy is whether union members shall be paid for work not done.

★ ★ ★

The steel companies owe it to the American people to tell in detail all the facts—just what they desire by way of changes in "working rules" and what they then would be able to do about wage increases based on economies that can be achieved.

The only thing that has "broken down" is the custom whereby industry every year gives in to the unions, and what has been interrupted is the process of disclosing publicly what the issues really are.

The President on Monday asked the leaders of both sides to come to the White House on Wednesday of this week to start talking again. But talk in secrecy will not accomplish much—at least, not until the American people know why, despite virtually the highest wages in all industry, the steelworkers are demanding even more.

Is there no limit to or restraint upon "organized greed," even in the public interest?

(Copyright 1959)

The Country Parson

"A man's conscience, like a coastal tree, can be pushed into weird shapes by prevailing forces around him."

Dr. William Brady Says:

Hardening of Arteries Isn't Caused by Calcium

In regard to the nature, cause and prevention of hardening of the arteries, I beg to render my favorite ditty: They're all out of step but Brady. Well, most of them are. Particularly those who ascribe CVD (Heart and blood vessel degeneration), arteriosclerosis or premature aging or senility to too much calcium, calcium "deposits" or calcification of the arteries.

★ ★ ★

Our present knowledge of nutrition, physiology and pathology does not support any such concept of CVD. On the contrary newer knowledge indicates that calcification of the artery wall is the consequence and not the cause of arteriosclerosis. It is a late stage of the degeneration process. It is nature's attempt to repair the wear and tear with a kind of plaster of Paris when she can no longer replace worn out tissue cells with new cells. This is the pathology of arteriosclerosis (hardening of the arteries). If you imagine too much calcium or "deposit" of calcium is a factor you betray childish ignorance of pathology.

DR. BRADY

In view of the pathology of arteriosclerosis it is silly to imagine that any medicine, no matter how rare and expensive, will retard, arrest or reverse the degeneration process.

I shall respect as confidential and print here unaltered the statement of any physician of standing who does not countenance this view of the pathology of arteriosclerosis.

It is my belief, only my belief, that calcium deficiency is an important predisposing factor of cardio-vascular degeneration. An adequate daily ration of calcium and vitamin D (which is essential for normal utilization of calcium) is tonic to the heart muscle, tends to prevent spasm or contraction of coronary and other arterioles and tends to keep blood pressure normal.

★ ★ ★

The easiest way to get an adequate daily ration of calcium and vitamin D is by following a high calcium diet and exposing your skin to sunshine whenever it is possible. The ultraviolet rays of sunlight produce or generate vitamin D. in the skin.

Main item of a high calcium diet is milk — whole milk, skim milk or buttermilk — not less than 1½ pints, better a quart a day. Other healthful high calcium foods are cheese, any kind, green leafy vegetables, peas, beans, nuts and peanuts.

I believe the best prophylactic against hardening of the arteries and premature aging is: (1) High calcium diet or supplementing the ordinary diet with a good daily ration of calcium and D; (2) walking briskly three to six miles ever day or other moderate general exercise, work or play equivalent to walking; and (3) total abstinence.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

Nelse Knudsen Praises Press for Theater Tour

I had the pleasure of being one of the 83 persons who had such a beautiful time in New York on The Pontiac Press tour and in all my travels, I've never had a better time than that week. Never have I seen as much detail taken care of as on this trip. You are to be commended for having such a splendid organization, including John Riley, who never overlooked any of the comfort of the people in his group.

I was appointed trustee by the Federal Court last October to reorganize the Ludman Corporation of Miami, and may I say I've been very busy for a retired man of 12 years, but I am enjoying it, and my advice to those who anticipate retirement in the near future is that it is wise to look forward to having something to take care of, at least part of the time.

Nelse S. Knudsen

Nikita's Departure Spurs Afterthoughts

You published two items of national news interest which I consider to be at variance with your avowed intention of reporting news without bias.

The first is the caption under AP Wirephoto showing Khrushchev going through the cafeteria line with Tom Watson Jr., of IBM. The caption ends, "Of course, he ignored picking up the check."

★ ★ ★

This remark is a personal slur at Khrushchev. Even if meant as a poor attempt at humor, it is certainly in the poorest of taste.

The second item is the headline "Nikita Bull in Supermarket." This is a total misrepresentation of the facts. It's an old and shoddy method of misleading the public, depending on the fact that many people glance no further than the headlines.

★ ★ ★

Nothing can be accomplished by belittling Khrushchev. Mr. Eisenhower is to be a guest of the Russian government. I hope he doesn't receive the type of news coverage illustrated in The Pontiac Press.

William R. Graff
2680 Middle Belt

Whatever the outcome of the red carpet treatment for Big Killer, let's never invite any more men here for public receptions when their hands drip with blood.

S. J. H.

One visit of Khrushchev should last the Republican Party forever.

A. J. Glantly

Does the GOP want to put Khrushchev's name on the ballot along with Nixon?

Disgusted Democrat

From his photos, Khrushchev is a fine looking man and I don't believe anyone as gentle looking as he is ever killed anyone.

J. S. S.

Peace is more important than Eisenhower, Khrushchev, Republicans, Democrats or all of them combined. Peace is worth any effort any time.

Justine S.

We blow up our missile in 10 seconds and Russia hits the moon. Maybe it's time we listened to Khrushchev and his scientists and paid close attention to all they have to say on this and other subjects.

Johanna Brickley

Now that we're rid of Mr. K. let's don't ever make a mistake that bad again.

Linkly S.

Everyone should write a letter of congratulation to Walter Reuther for standing up to that Russian beast and telling him off. Khrushchev must have a new respect for labor leaders and labor unions in the United States.

New Member

I commend the person who spoke against the bad manners that have been all too evident in our newspaper coverage of the Khrushchev visit.

★ ★ ★

The bear-baiting tactics of people who would be expected to have some knowledge of elementary courtesies, even if they lacked Christian spirit, have been encouraged by disparaging and insulting treatment by the American Press.

★ ★ ★

I was under the impression the newspapers were behind President Eisenhower to a fuller degree than they have shown.

F. Wilson
Birmingham

Seconds Sentiments on Harry Truman

Enjoyed The Press editorial on Truman. So long as he stays out of office, his good-natured frankness is, to use your word, "refreshing."

S. H.

Portraits

By JAMES J. METCALFE

I need not tell you, darling, I . . .
Am sorry in my heart . . . That
you decided it was best . . . For
you and me to part . . . I cannot
criticize you or . . Declare that
you are wrong . . But, oh, the
time I spent with you . . . Was
such a happy song . . . The moonlight dancing on the waves . .
The twinkling stars above . . . And
gentle breezes nudging us . . To
fall and stay in love . . . You said
you loved me, darling, and . . .
You were so sweet and kind . .
Then, with no explanation, you . . .
just simply changed your mind
. . . You broke my heart, but as
I am . . . So much in love with
you . . I wish you everything
you want . . To make your
dreams come true.

Case Records of a Psychologist:

Beware Addiction to 'Big Words'

Joan came home in tears, accusing her teacher of telling fibs. But educators are notorious for their failure to put their ideas across. That's partly because they are addicted to the "big words" complex. But if they'd imitate Dr. Goddard, their students wouldn't sleep in class so often. Send for the "Test for Teachers" and quickly weed out the unfit profs.

By GEORGE W. CRANE

Case C - 457: Joan S., aged 6, started to school for the first time last term.

★ ★ ★

When she reached home that afternoon, she was in tears and told her mother she wasn't going back any more.

DR. CRANE

"Why, Honey, what's the matter?" asked her mamma.

"My teacher tells fibs," stated the child.

But her mother came to the teacher's defense and said surely Joan must be mistaken.

"No, I'm not!" exclaimed Joan, "For I heard her. The room was so full of boys and girls they didn't all have seats.

"So the teacher told me to sit down on the front seat for the present.

★ ★ ★

"But I waited all day and she never gave me the present! So she tells fibs!"

SPEAK THEIR LANGUAGE

That case was given to me by Dr. Henry H. Goddard, as we had dinner in Columbus, Ohio, prior to an address I was to make there a few years ago.

Dr. Goddard employed "horse **William James as a titan in American psychology, for Dr. Goddard was the first to translate the famous Binet-Simon Intelligence Scale into English.**

And he likewise coined the word "moron" to refer to the highest level of the feebleminded. The other subheads are "imbecile" and "idiot."

★ ★ ★

Dr. Goddard employed "horse sense" in his own teaching and thus tried to use language the students could understand.

During our dinner conversation, moreover, he stressed the importance of using scientists to use 2-syllable words.

"Young Ph.D.'s in phychology often get the 'big head'," said Dr. Goddard, "so they try to impress the public by using long words that aren't understood.

"They seem to feel it creates more prestige for the young professor if he thus mystifies his students with complex terms."

REAL TEACHERS

Then Dr. Goddard told me that when he first started teaching, he felt embarrassed about discussing such topics as "catching attention" and "holding the audience's interest," lest he might not be able to practice what he preached.

★ ★ ★

So he invested some of his meager salary in sleight-of-hand eqiupment, and practiced diligently at home till he was sure he could occasionally demonstrate a relevant stunt before the class.

Naturally, the students relished his lectures and kept wide awake, for students at high school and college level can rate a good teacher very accurately.

A lot of college teachers (and preachers) still try to get by with outmoded lectures that put the audience to sleep. And many profs try to make their pupils take elaborate notes!

That's outmoded teaching! In the classroom, a good teacher is supposed to clarify points by cases or experiments and keep the students awake, as well as enthusiastic.

★ ★ ★

Mimeograph your erudite lectures! Sell them to the kids at 50 cents or $1.00 per month, but don't slow down education by having students act as longhand secretaries for a monotonous parroting of involved data!

Teaching is supposed to be salesmanship. Dr. Goddard shows how a real salesman should perform in the classroom.

And if you teachers don't know how to sell, then take a summer job for even six weeks as a mag-

azine or brush salesman and learn the fundamentals.

Private business would fire probably 50 per cent of all teachers if they were operating the schools nowadays, for 50 per cent would flunk the "Tests for Good Teachers."

★ ★ ★

Send a long, stamped self-addressed envelope, plus 20c and rate yourselves thereon.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Not Hopeless, Though

Food Report — From Tragic to Worse

ROME (UPI)—Man in the last 12 months produced more food, paid a higher price for it but did not necessarily eat more than he did the previous year.

★ ★ ★

The number of mouths to feed the world over in two years grew nearly as fast as the output of food. Malnutrition and proverty continued in wide areas of the globe and surplus stocks piled up still higher in the U. S. and elsewhere.

The housewife in the city paid more for her food and the farmer earned less. International trade in agricultural commodities decreased.

The United States retained its position as a leading food producing country, but the output in Russia increased more sharply. In the far East and Latin America, per capita production was still below pre-war level.

These were some elements of the still unpleasant but far from hopeless picture drawn by the United Nations Food and Agriculture Organization (FAO) in its annual report.

FAO director general Binay Ranjan Sen of India in a foreword described it as a challenge to the world to help underdeveloped nations "build up their own agricultures" and overcome a poverty "scarcely imaginable by the people of more-developed countries."

★ ★ ★

The report showed that world agricultural production, which remained stationary in 1957-58, increasede four per cent in 1958-59. It noted that the world's population increases by about 1.6 per cent every year, meaning that the rise in the amount of food available for each person is very small.

★ ★ ★

It also noted that the increased in production "does not necessarily mean that more food is eaten per person, because of the continued accumulation of surplus stocks in some countries, nor that the buying power of people in less-developed areas has increased."

This meant that the old problem of too much and too little food was still there.

Surplus stocks, at high levels but fairly stable for the past few years, started rising again and during the past 12 months were up about 10 per cent. North America accounted for about 80 per cent of the total stocks.

The stocks were not an entirely negative factor. In his foreword to the report, director General Sen said that "in emergencies" these surplus supplies had provided "invaluable help" for underdeveloped countries.

★ ★ ★

"But welcome though such aid has been, in the long run the twin problem of rural poverty and inadequate food supplies in less-developed countries can be overcome only by building up their own agricultures," Sen said.

Race Track Tiff Brings Profit to Highway Dept.

LANSING (UPI) — Grand River Amusement Enterprises Inc. successfully bid $30,000 for a 4.6-acre piece of land near Fenton, the State Highway Department announced yesterday.

The land had been subject of a controversy ever since plans were revealed by the company to build a race track there. Paul Tiepka Jr., of Jewett Realty Co., Flint, was outbid for the land.

"We are quite pleased with the appetite for this land," said Floyd Waugh, director of the highway Department's procurement division. "We want to get some of the land we own off the shelf and back on the tax rolls."

Waugh said it appeared the land became more valuable when the race track plans were revealed. Fenton area residents have opposed the track on grounds it would attract undesirable persons and detract from the community.

Duplicate Bridge Clubs Will Start Season Oct. 7

The Land 'O Lakes Duplicate Bridge Club of Waterford Township will begin its fall-winter games when it meets at 7:30 p.m. Oct. 7 at the Community Activities Buiding on Williams Lake road.

Any area residents interested in duplicate bridge may contact the CAI offices for further information.

San Francisco is the world's chief whaling port.

Work Critical: Pay Small

Swainson Running State

LANSING (UPI)—Seldom in the Williams' rule has there been anything quite like it.

Someone else is getting a chance to run Michigan for a month at a time when important matters are pending.

★ ★ ★

"The pay isn't much but the fringe benefits are something," said Acting Gov. John B. Swainson yesterday as he sat in the rustic pine chair behind Williams' desk holding a news conference.

Other lieutenant governors have had prolonged periods as acting governor. But the chances were rare and the circumstances were never as they are today.

Swainson, a crew-cut, 34-year-old double-amputee war veteran, has found his first week on the job a busy one.

HAS BUSY WEEK

He found himself in the middle of: A period of uncertainty about Michigan's tax program, part of which faces a Supreme Court test; an intra-party feud among Democrats about patronage in the 14th Congressional District; planning for the possible use of State Police in event of violence at the Cross strike in Fraser, and the remote possibility of a special session because of a mixup over effective dates of bills to reorganize state government.

Williams, a $22,500-a-year office holder, is traveling in Europe. But Swainson, a $8,500-a-year office holder, said he will not try to collect the extra pay, even though state attorneys have ruled in the past that the acting governor can collect extra pay.

Swainson, a possible candidate for governor himself someday, said he thought the job was good experience.

The experience can be confusing. Swainson yesterday signed a letter as acting governor that was addressed to the president of the Senate, a job he holds as lieutenant governor.

fresh point of view ...from Pontiac!

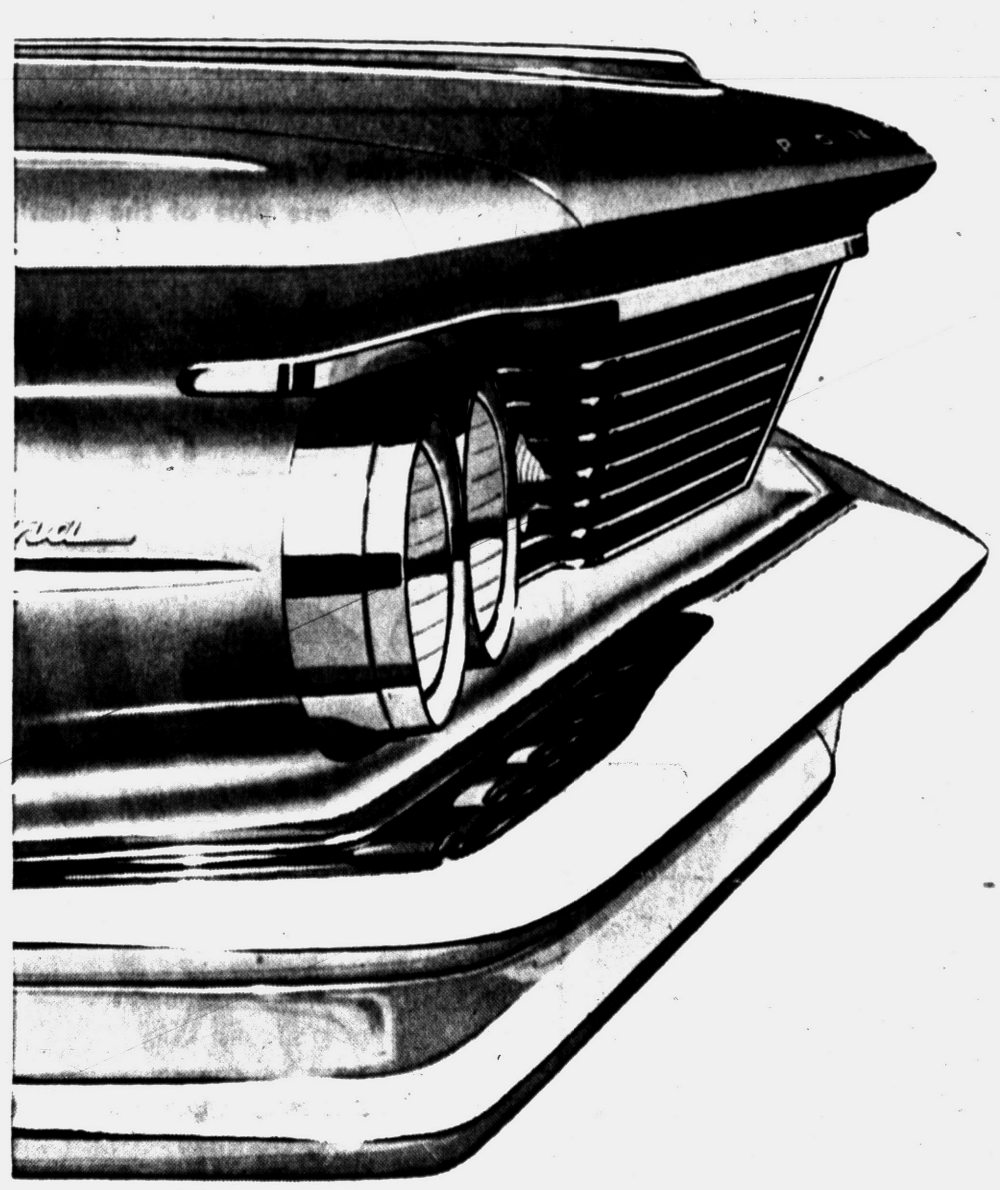

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design!

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

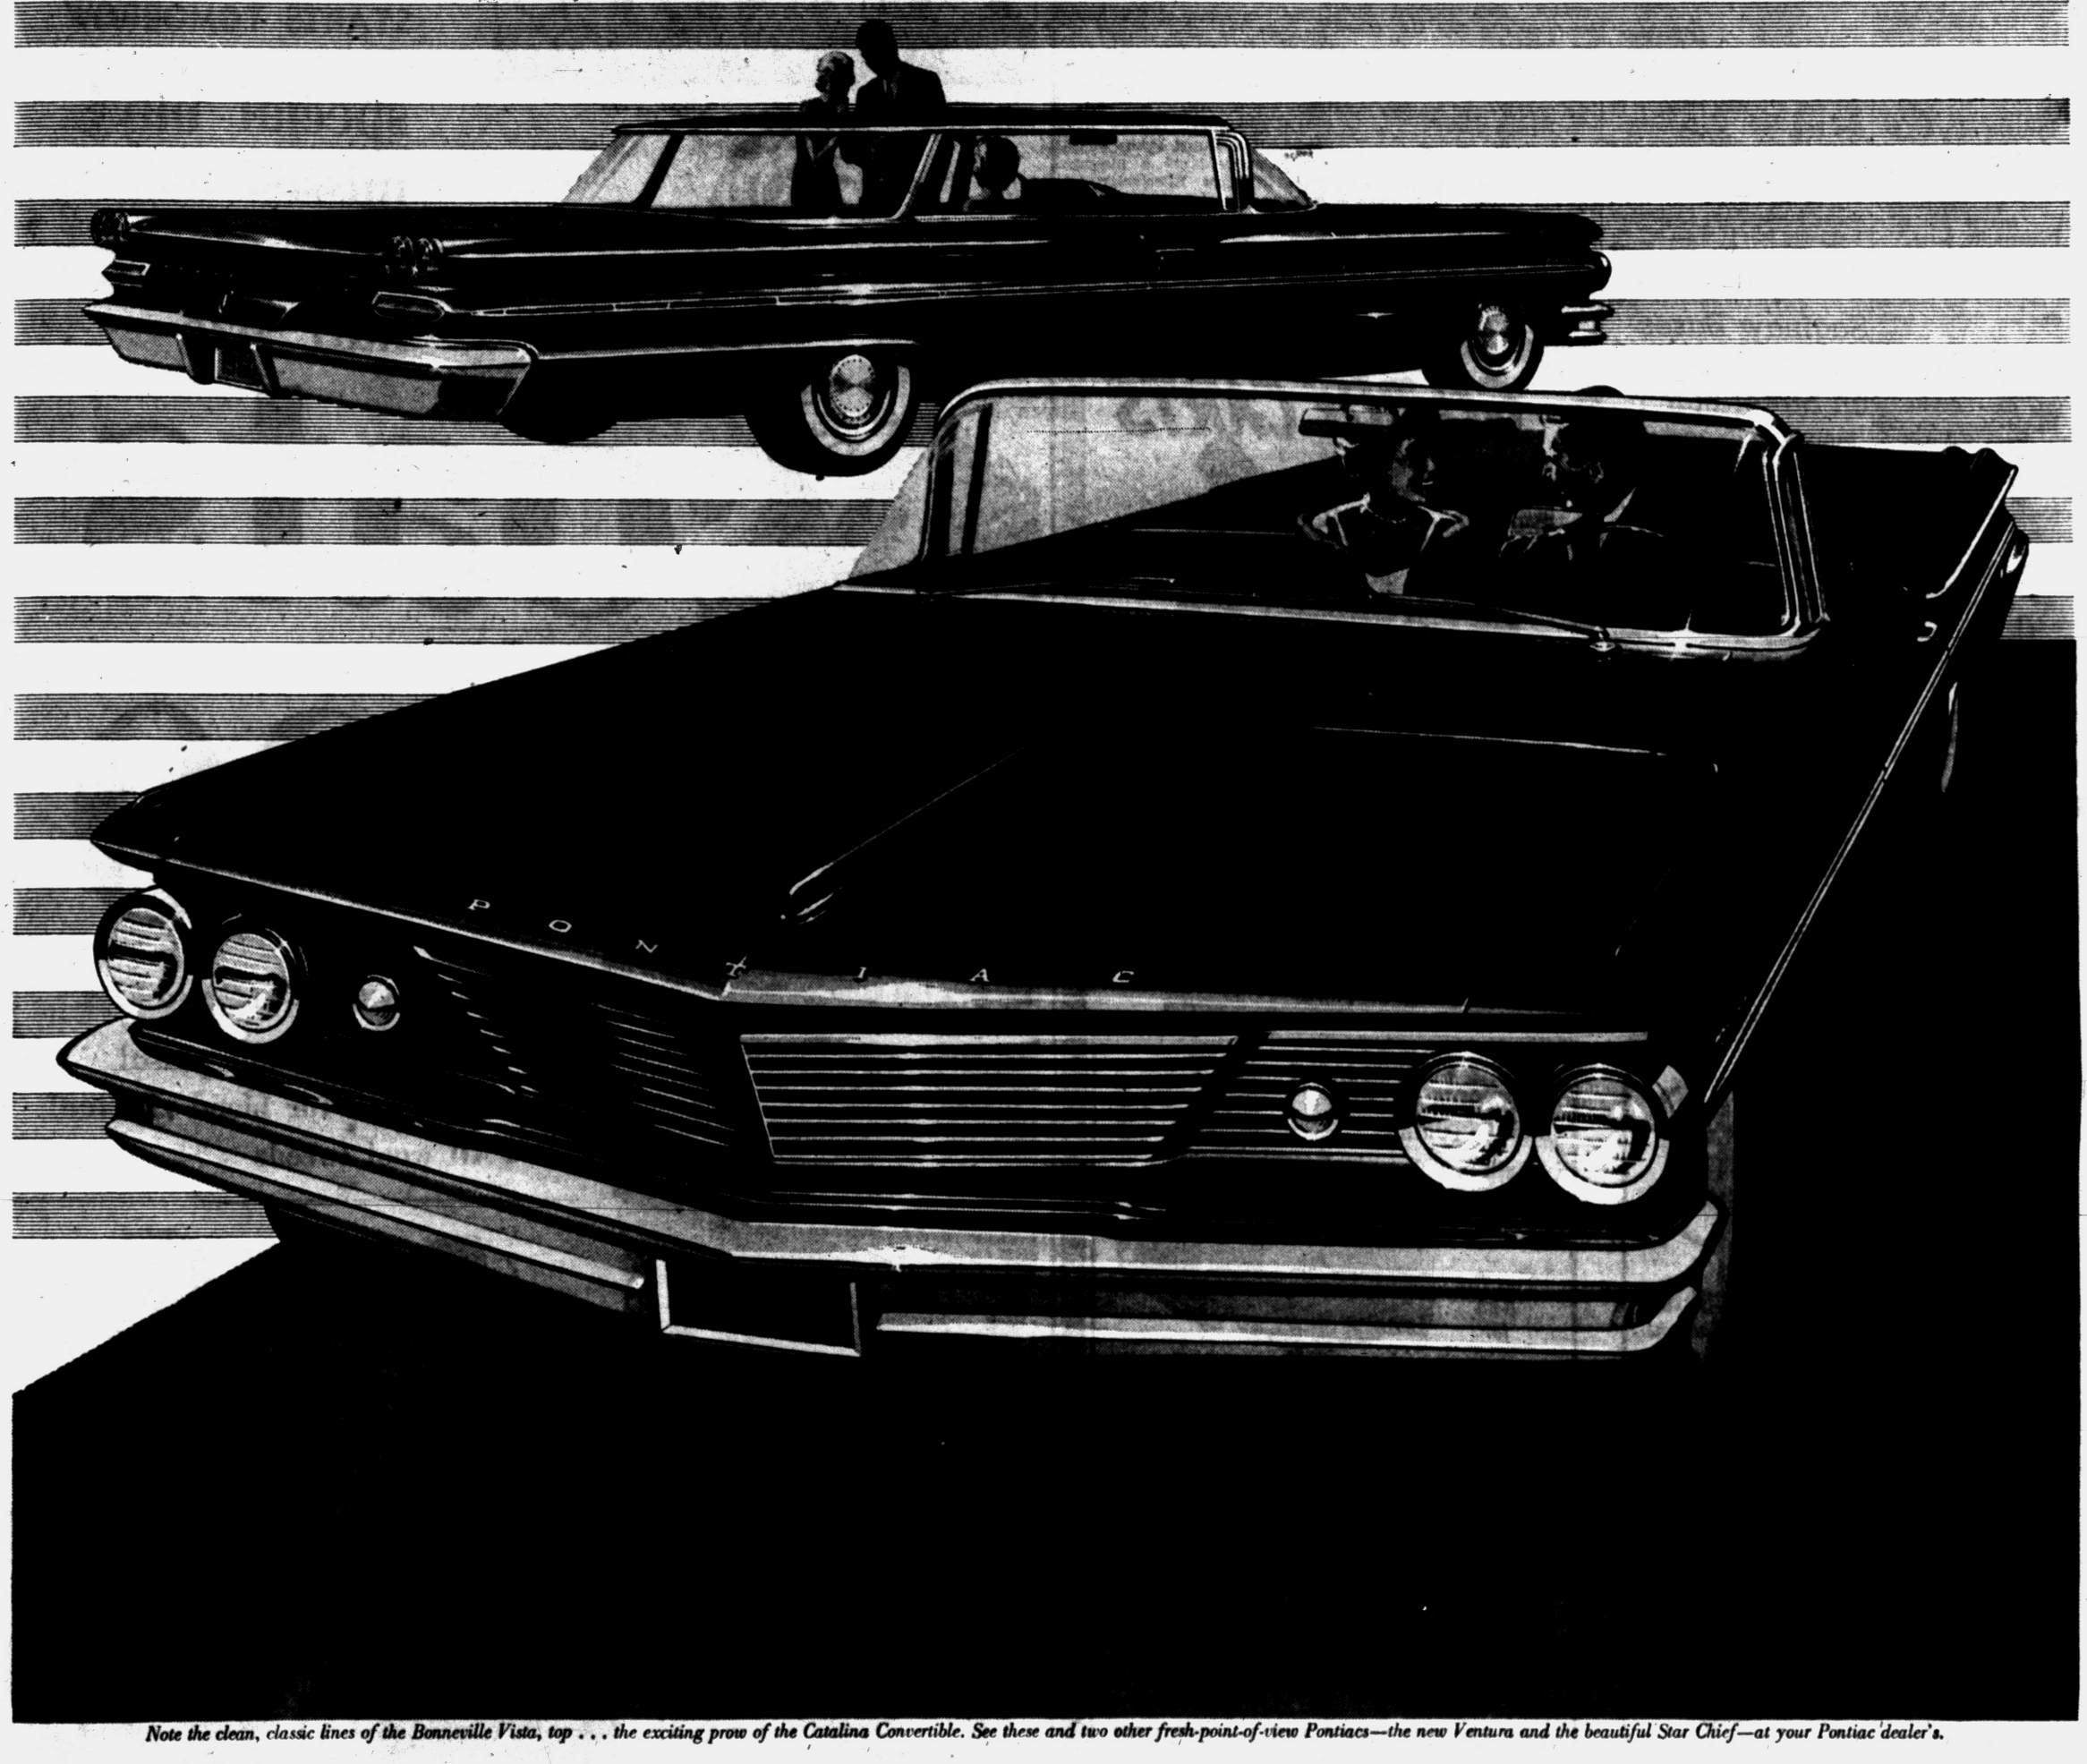

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Be Prepared, Churchill Says

Still Campaigning, the 84-Year-Old Warrior Fears Complacency

LONDON (AP) — Sir Winston Churchill, 84, feeble in body but as assertive as ever, says the signs of a thaw in the cold war must not mislead the West into hasty disarmament agreements with the Soviet Union.

The aging statesman, addressing a political rally at nearby Woodford Tuesday night, urged caution despite indications "that the long period of suspicion and abuse may be ending."

★ ★ ★

Although his voice was shaky at the start, Churchill read a 2,300-word speech without glasses. He asked his constituents to return him to the House of Commons — where he has sat continuously since 1924 — and to join in a sweeping Conservative party victory in the general election Oct. 8.

★ ★ ★

Churchill displayed his familiar stuck-out chin and cherubic smile and drew a standing ovation from the 600 in the hall and 2,000 listening outside.

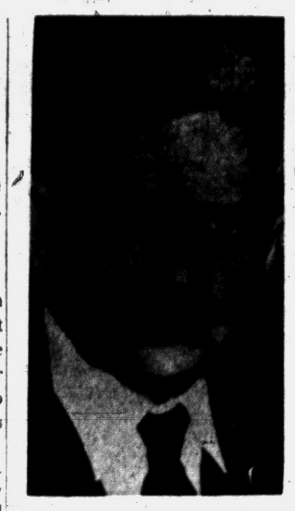

He declared at the end of his address: "My firm conviction is that Mr. Harold Macmillan (the Conservative prime minister) is today the man whose policies are most likely to achieve high hopes and aims."

Churchill said Soviet Premier Nikita Khrushchev's total disarmament proposal to the United Nations represented a step in the right direction.

★ ★ ★

He warned, however, that "we must above all resist any temptation to rush into agreements which do not provide a workable system of inspection and control."

Most all of the trade of Haiti — logwood, cotton, cacao — is with the United States.

AP Wirephoto

ECONOMIST DIES—Dr. Sumner H. Slichter, 67, professor of economics at Harvard University and a leading authority in the field, died in Cambridge, Mass. Monday night after a long illness. He was well-known for 'The Slichter Law' which dealt with state governments intervening in cases where collective bargaining fails to attain any results. The doctor also wrote many books.

Saginaw Eases Blow of Parking on Street Ban

SAGINAW (AP) — City Council has backed up, at least a little, in its ban against parking on any Saginaw streets between 3 a.m. and 6 a.m.

It created a board of parking appeals to hear hardship cases and authorize residents who can't find off-street parking elsewhere to pave a strip between the curb and sidewalk in front of their homes for parking.

Council agreed the new strips wouldn't take care of everybody, but estimated it would solve the problems of 90 per cent of those who have protested they can't find off-street parking.

Damages at $261 Million

Worst Japanese Storm: 3,174 Die; 1,776 Missing

TOKYO (AP)—Typhoon Vera today was classed officially as the worst storm disaster in Japan's history.

The official toll of known dead reached 3,174. The previous high — 3,066 killed — was recorded after Typhoon Muroto in 1934.

In addition, 1,776 persons are still missing, and police said all casualty figures might be increased when full communications are restored with devastated areas.

So far, 9,419 injured have been reported. They included three Americans, the only U.S. casualties reported.

★ ★ ★

Vera smashed into thickly populated central Japan Saturday night with 160-mile winds.

★ ★ ★

Damage estimates so far have reached 261 million dollars and are still climbing. Vast areas of crops were ruined. Sea walls were breached, rivers flooded from the torrential rans, ships beached, houses smashed and communications seriously damaged.

Nagoya, Japan's third largest city, was left in wreckage. Officials there feared outbreaks of dysentery and typhoid and appealed for more medicine, doctors and nurses. There was a serious food shortage.

★ ★ ★

Despite heroic rescue efforts by police and Japanese and U.S. troops, thousands were still marooned on Nagoya rooftops. Bodies still floated in flooded districts. Throngs of refugees were without food or adequate shelter.

★ ★ ★

The commander of U.S. forces in Japan, Lt. Gen. Robert W. Burns, ordered all available U.S. servicemen to join in the relief work. The aircraft carrier Kearsage was ordered to Nagoya.

U.S. Ambassador Douglas MacArthur II delivered Prime Minister Nobusuke Kishi a message from President Eisenhower expressing the American people's deepest sympathy.

The 55 certified airlines in the United States serve more than 1,000 cities in the U.S. and abroad.

City of London Chooses Its 632nd Lord Mayor

LONDON (AP) — The old City of London Tuesday elected a new lord mayor — its 632nd — at historic Guildhall.

The city's new first citizen is Sir Edmund Stockdale, 56-year-old partner in a firm of stockbrokers. His wife is a great granddaughter of Gen. John Breckenridge, one-time vice president of the United States.

Stockdale will take office in November and reign for one year over the City of London, the financial district of the metropolis.

The retiring lord mayor is Sir Harold Gillett.

End Patronage, Hare Requests

Says Civil Service Is Answer to Variations in Branch Efficiency

LANSING (AP)— Secretary of State James M. Hare says there "are a thousand logical arguments for letting competent Civil Service personnel" run his department's 250 branch offices.

★ ★ ★

Hare elaborated on his plea for the end of the patronage system one day after a former branch manager at Saginaw stood mute on forgery and embezzlement charges and a bitter factional dispute broke out involving the branch office in Detroit's 14th District.

All but 13 of the branches are run on a patronage basis.

In calling for Civil Service coverage of all offices, Hare noted that the average cost of each financial error in a branch transaction is $11.14.

The secretary reported that one of his more dependable branch offices averages 32 errors per year and, by the $11.14 yardstick, costs the department $356.48 annually.

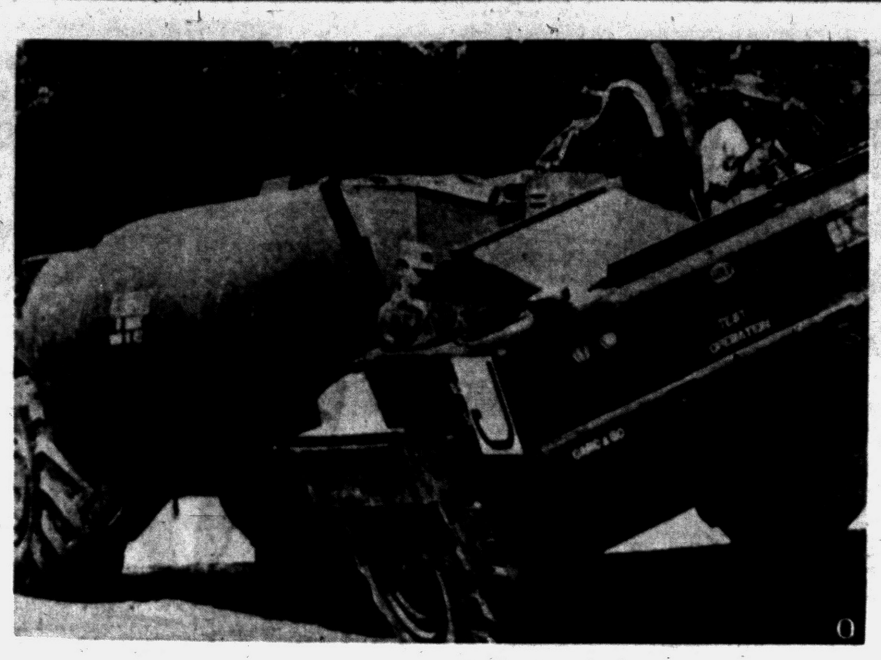

Another small office, he continued, averages 170 errors per year. This figures out to $1,893.80 a year in follow-up work or $1,537.32 more than the more dependable branch.

★ ★ ★

"When you know we have this much variation in our 200 small offices alone, you'll understand why I'd like to see all 250 offices, large and small, go Civil Service," Hare said.

The secretary said his recommendation "shocks some politicians" and disturbs a few Civil Service technicians who "can't reconcile the idea of fee payments with Civil Service protection and maintenance of high governmental standards."

Italy's post office handled a little more than 2½ billion pieces of mail in 1939 and more than four billion pieces in 1958.

UPI Telephoto

THIS GOER SOME GOER — This is the Army's new GOER vehicle. Offering agility, mobility and floatability, the GOER has exoskeletal construction, positive-powered wagon steer and uses large diameter, low pressure tires. It is primarily an off-road vehicle and is equally at home on dry, rocky land, in mud or on water.

'Never Again a '29 Break,' Asserts Dean

SEATTLE, Wash. (AP) — A former member of President Eisenhower's Council of Economic Advisers says, "The U.S. economy now is depression proof."

Never again will the U.S. suffer a collapse such as it did in 1929-1932, Dr. Neil H. Jacoby told the convention of the National Consumer Finance Assn. Tuesday.

★ ★ ★

Dr. Jacoby, now dean of the graduate business school at the University of California at Los Angeles, said: "Not only is the U.S. economy free from the serious weaknesses it had in 1929 but it has gained structural elements of resistancee against deep recession.

★ ★ ★

"We have a mechahism of stabilization that works."

Jackson Prison Has Empty Cells for First Time

LANSING (AP)— For the first time since the world's largest walled prison was built, there are empty cells at the State Prison of Southern Michigan.

The inmate count at the Jackson Institution now stands at 5,260.

"This is the first time since the prison was completed in the early 1930's that we haven't been over the 5,300 capacity," said Gus Harrison, state corrections director.

★ ★ ★

Michigan's total prisoner count now stands at 9,654 — 941 below the 10,595 persons behind bars at this time last year.

He attributed it mostly to a stepped-up program of releasing prisoners on parole.

Auto Heir's Wife Fights Customs Over Jewelry

DETROIT (AP) — Gregg Sherwood Dodge, showgirl wife of automotive heir Horace E. Dodge Jr., plans to fight the government for the $16,000 worth of jewelry that customs officers charge she brought into the country illegally.

Her attorney, Douglas L. Paterson, filed an answer in U.S. District Court here Monday to a suit brought by Asst. U.S. Atty. John R. Jones to obtain ownership of the jewels.

Paterson said Mrs. Dodge had not intended to defraud the government but did not believe she was required to declare the jewerly because the Dodges maintain two homes in Europe.

PROVED AT DETROIT'S PROVING GROUNDS...

YOU'RE MILES AHEAD WITH

THE NEW Mobil CAR GASOLINE

UNDER DETROIT'S TOUGHEST TEST CONDITIONS! Mobil's 1960 New Car Gasoline was put through its paces on Detroit's rugged proving grounds. On the same proving grounds used to test the 1960 models, Mobil's New Car Gasoline demonstrated its ability to deliver outstanding power and acceleration.

NEW ADDITIVE COMBINATION. Mobil's 1960 New Car Gasoline has been improved with the newest and most complete gasoline additive —PREPTANE. New Preptane keeps engines cleaner, smoother running and helps eliminate stalling due to carburetor icing. Try Mobil in your new or late model car—

• **Mobilgas Special**—Developed to satisfy today's modern cars, it's a must for the highest powered, highest compression engines. Mobilgas Special provides smoothest knock-free power for any car.

• **Mobilgas Regular**—Here's the perfect power and economy answer for any car that performs efficiently on a regular fuel. Mobilgas can set a new high in miles per dollar for you.

Airliner Blast Third of Year

With 34 Killed, It is Worse Than Those in Mexico and Baltimore

By THE ASSOCIATED PRESS

The explosion of a Braniff Airways plane in Texas late Tuesday night was the third time this year an airliner in commercial service has blown up in flight. It was the most costly in human lives of three crashes.

★ ★ ★

All 34 persons aboard the Electra turboprop were killed, as were the 31 aboard a Viscount turboprop when it exploded in flight near Baltimore last May 12.

The Capital Airlines New York-to-Atlanta Viscount blew up in a flash of fire in squally weather, spewing bits of wreckage over more than a mile area. An official report has not yet been issued on the cause.

★ ★ ★

The other mid-flight explosion occurred in a conventional propeller plane in Mexico. A baby was born aboard the C46 liner about half an hour before the explosion. The baby was killed with 26 other passengers. The Tigres Voladores (Flying Tigers) lines plane was on a flight from Mexicali to Mexico City.

★ ★ ★

The highest death toll this year in the crash of a plane of any type was last June 26 when a TWA Constellation went down with 68 aboard in a violent thunderstorm near Milan, Italy.

Ladies Take Over at Junior High in New York

PEEKSKILL, N.Y. (AP)—It's a woman's world at Drum Junior High School.

The student body president is a girl. So is the vice president — and the secretary, treasurer, tax collector, court clerk and police chief.

★ ★ ★

The reason? The girls' superior leadership qualities, says Principal Joe Donly.

Private School Folds Up After Year in Little Rock

LITTLE ROCK, Ark. (AP) — All-white Raney High School here officially died but officials pledged liquidation funds to the support of other white, segregated schools.

★ ★ ★

The school opened last fall when Little Rock's public high schools were closed by Gov. Orval E. Faubus in an attempt to head off integration. It operated on $300,000 in donations.

★ ★ ★

Late this summer officials said it would not have enough money to operate this year. Tuesday the board of directors of the Little Rock Private School Corp., which operated Raney, voted itself out of existence.

The first radio signal was sent and received across the Atlantic in 1901.

SOMERSAULTS IN PARADE — Practicing a full 1¼ somersault on the trampoline is Bill Ratliff, 16, of 34 Stowell St. Watching him are Maxine King (left), 15, of 173 Perkins St., and Sydney Swindells, 15, 29 Taylor St. This will be one of many attractions in the downtown parade at 7 p.m. tomorrow which launches this year's Pontiac Area United Fund campaign. The three teenagers are students of Arthur Mann, YMCA physical education director.

Dies Unaware Her Son, Tyrone Power, Was Dead

CANTERBURY, N.H. (AP)—Patia Power, 77, died Tuesday, unaware her son, movie star Tyrone Power had died 11 months ago.

A doctor said Mrs. Power died of double pneumonia but she had had several strokes and was an invalid for 10 years. She never was told her actor-son died on Nov. 15, 1958, while filming a movie scene in Spain.

Teen Drivers See Films on Drinking

The Pontiac Alcoholism Information Center is showing films to about 500 high school students in 20 driver training classes at Northern High School and Central High School.

It is part of the Center's "Teenage Drinking and Driving" education program.

★ ★ ★

The three films, shown Monday, yesterday and today, are entitled "None for the Road," "To Your Health," and "What About Drinking?"

The classes also will see an exhibit, "Effects of Alcohol on the Brain."

Processed Goods May Be Cheapest

Food Prices Deceptive

By FAYE HENLE
NEA Feature Writer

If you've spent a decade hurrying food from the supermarket through the kitchen and onto the dinner table, you are apt to consider yourself a pro on the subject. You may concede you'll never win a blue ribbon, but you'll contest any challenge to your knowledge of prices. If this is so—beware.

In the current issue of the First National City Bank's monthly letter, along with observation and comment on business conditions and matters of deep economic import, are messages to the housewife, her husband and to the taxpayer. I'd like to share these with you.

To the housewife who has just defrosted a delicacy and received a lecture on spendthrifts who buy frozen food, here is your ammunition:

The letter reports that the Department of Agriculture surveyed 52 unserviced and 52 serviced foods only to discover that 28 highly processed items cost more, six items cost the same and 18 foods cost less. For example, shelled and frozen shrimp, chopped and frozen spinach, concentrated orange juice and instant tea cost less than the unprocessed.

The explanation: "Processing in some cases gives food longer life, shrinks bulk, prevents waste, cuts costs of shipping, handling and storage . . . Moreover, servicing increases demand for some foods and the greater volume permits lower prices."

★ ★ ★

To the husband: I trust you are satisfied now that the use of processed and prepared foods is no longer a major factor in the increase in the family food bill. Specifically, for every $100 spent for groceries only 61 cents goes for "built-in-maid service."

What then has pushed retail food prices up 20 per cent between 1947-49 and 1958, while farm prices declined by 8 per cent?

The traditional answer has been "middlemen's profiteering."

With cold statistics, the bankers disprove this. They report that except for meat packing, which is unchanged, every category of middleman showed a smaller profit margin in 1948 than in 1949.

For retail grocery chains the profit-per-dollar of sales dropped drom 1.6 to 1.4. For dairy products it slipped to 2.6 pennies per dollar of sales from 3.2. For bakers the decline was more drastic, from 5.2 to 3.2 per cent and for other food products, the drop reported was from 4.8 to 4.2 cent.

Away with the "middleman" theory.

Instead, Agriculture Department figures prove that it is the cost of moving crops from the farm to your home that has caused the major portion of food price increases. The annual cost of a family's typical market basket rose from $940 in 1947-49 to $1065 last year, a $125 increase.

Yet, the farm-retail spread in the period rose by $164, with $84 going to higher labor costs, $44 for larger business expenses, $27 for increased costs of rail and truck transportation and $8 to steeper corporate taxes, with $1, the after-tax profit of processors and distributors.

Sums up the astute bank letter:

"In any consideration of food prices, the cost of federal farm programs must be noted. For these the citizen pays in two ways. He pays in higher prices for food. He pays again in federal taxes. These are a real part of the grocery bill even through they don't show upon the tape at the supermarket."

The Black Hills, in South Dakota and Wyoming, are neither hills, nor are they black. They are greenly wooded and are mountains.

Heat of the Sun Is Astronomical

Its Atmosphere Hits 180 Million Degrees, Research Project Finds

WASHINGTON (UPI)—Scientists Tuesday reported rocket findings indicating that temperatures in the sun's atmosphere sometimes go as high as 180 million degrees fahrenheit.

★ ★ ★

This is 10 times higher than had been assumed on the basis of previous findings. The researchers also reported extremely powerful X-rays which penetrated the earth's upper atmosphere after solar flares.

The new information came from Project Sunflare II recently completed by Dr. Herbert Friedman and associates of the Naval Research Laboratory.

The scientists fired 12 NIKE-ASP rockets equipped with 55 pounds of instruments each. Eight of the rockets were successful, reaching altitudes of 130 to 150 miles. Three were launched during flares and five during periods of solar quiet or minor activity.

★ ★ ★ ★

X-rays with energies as high as 80,000 volts appeared above the absorbing layers of the earth's atmosphere after large flares. Previous to Sunflare II the most energetic flare radiations ever detected ranged between 6,000 and 7,000 volts.

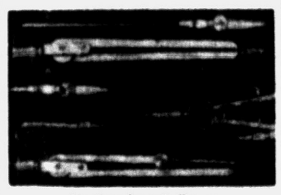

The solar atmospheric temperatures during flares were calculated from the X-ray energies.

Transportation adverisers invested $42,700,000 in daily newspapers in 1958. Of this amount, $25,876,000 was spent by airlines; $5,772,000 by railroads; $4,639,000 by steamships; $3,100,000 by tours; $2,157,000 by bus lines and $1,156,000 by miscellaneous advertisers.

PTA Seeking New Members

Pontiac Press Photo

Mrs. Earl Oltesvig, left, an enthusiastic worker in local PTA activities, chats with two equally busy members of the association, Mrs. Cora Scott and Mrs. Robert L. Johnson, seated. Owen School PTA members, the three are assisting the Pontiac PTA Council in its October membership drive with the theme, "Let's Call on All."

Council Sets Goal at 10,000

October is the month during which parent-teacher association members invite their friends and neighbors to enroll and become a participant in the PTA. Parents are welcome to join this group at anytime during the year, but this month the local PTA's are extending a special invitation to membership.

Pontiac PTA Council has adopted the national slogan "Let's Call on All" this year and has set a goal of 10,000 members.

★ ★ ★

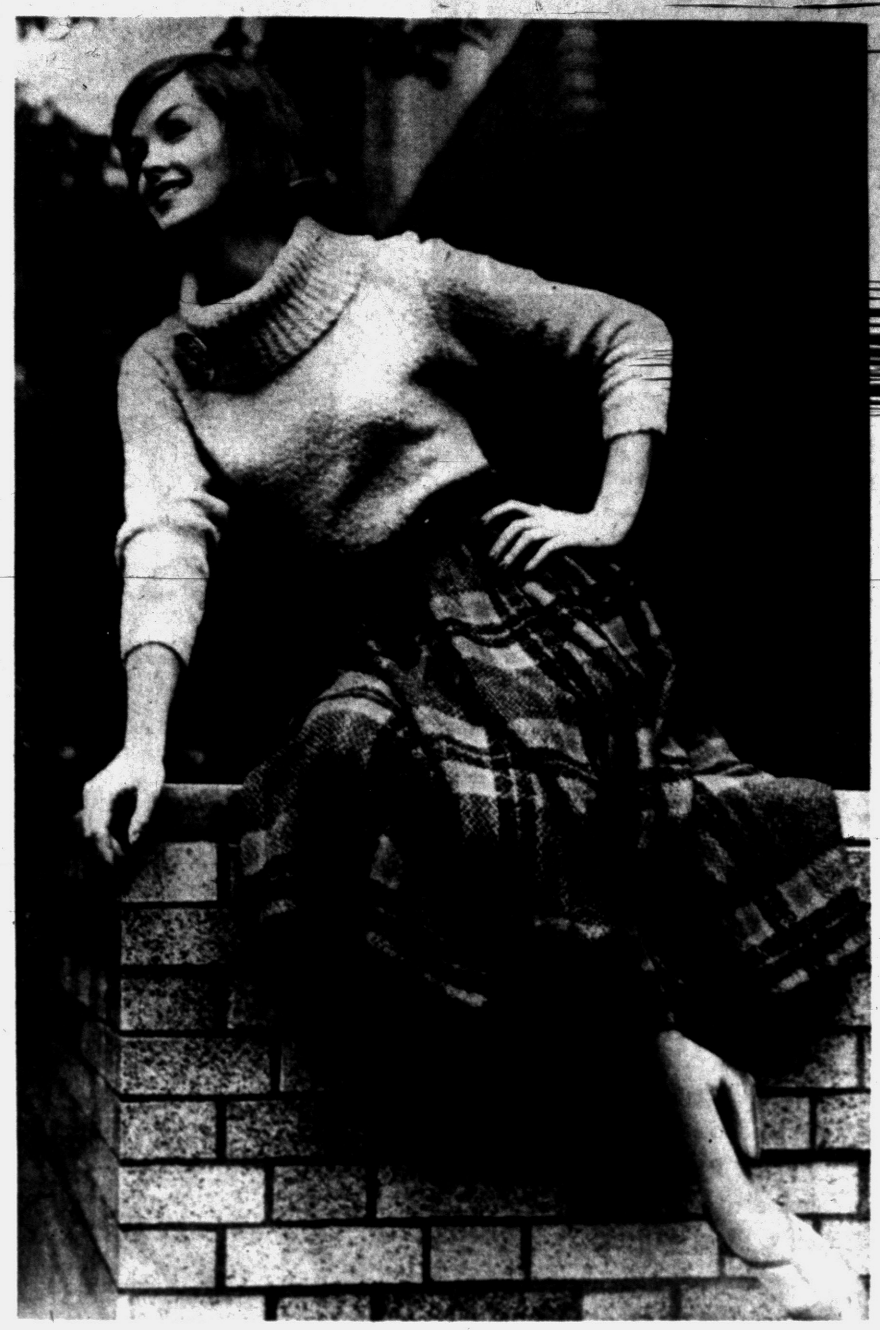

PTA work offers adults opportunities to perform useful service. Through educational programs and study groups the association paves the way for knowledge and understanding for those in the role of a parent, teacher, or citizen. With greater enrollment in PTA more opportunities for service to the adult community will be available.

★ ★ ★

Mrs. George Gray of East Yale avenue and Mrs. Lyle Dusenbury of Elmwood avenue are comembership chairmen for Pontiac PTA Council and may be consulted for advice and suggestions to aid any local PTA membership chairmen desiring their services.

★ ★ ★

The national membership for PTA in 1959 was 11,516,905. This year the National PTA Council is aiming at a membership of 12 million throughout the country.

What clever coed could resist the fashionable, fresh young look of a wonderful wool skirt? Patterned in an unpressed pleated plaid, it can be mixed or matched. This campus charmer boasts a figure-flattering double buckled belt. Styled by Century.

Area News of Personal Interest

Mr. and Mrs. Norman O'Brien Jr. of Ross drive entertained David C. Pruett III, executive vice president of America's Junior Miss Pageant, this weekend. Mr. Pruett was their house guest on Friday. Saturday night he was the guest of Mr. and Mrs. Tommy Hutchison of Lakeward lane. The Hutchisons are the parents of last year's Junior Miss.

Friday night Mr. Pruett was entertained at Oakland Hills Country Club by the Hutchisons, the O'Briens, Mr. and Mrs. Irving Merkovitz, Mr. and Mrs. Richard Jorgenson and Mr. and Mrs. Clyle Haskill.

Mr. and Mrs. Robert Wilson of Preston street celebrated their 52nd wedding anniversary Sunday afternoon at an open house.

Among those present were the couple's sons and daughters-in-law, Mr. and Mrs. Donald Wilson and family of Preston street, Mr. and Mrs. Harold Wilson and family of East Detroit, Mr. and Mrs. Clare Wilson and family of Watkins Lake road, and a daughter and son - in - law, Mr. and Mrs. George Drittler of Dwight avenue.

★ ★ ★

Mr. and Mrs. Robert Momany (nee Shirley Sanford) of Circle lane, Drayton Plains, announce the birth of a son, Ronald Lee, Sept. 17 at Pontiac General Hospital.

Mrs. Thelma Momany of Clintonville road is the paternal grandmother.

★ ★ ★

Mr. and Mrs. Delbert Acton of Detroit, Mrs. Hazel Britton of Tasmania street, and Mrs. Katherine Gassic of Portage street were Sunday dinner guests of Mrs. Albert Schaar of North Edith street.

★ ★ ★

Among area young people returning to studies at Olivet Nazarene College, Kankakee, Ill., this fall are Donna Larrance Britton, daughter of Mr. and Mrs. Benjamin Larrance of Northrup street in Waterford; James Erwin, son of Mr. and Mrs. James Erwin of Seminole avenue; Joan Kissock, daughter of Mr. and Mrs. Leonard Kissock of Summit avenue; Mary Rivers, daughter of Mr. and Mrs. D. E. Rivers of Island Park drive, Drayton Plains, and Kenneth Roth, son of Mr. and Mrs. George Roth of Hatchery road.

Others are Sharon Roth and Charles Stalions, daughter and son of Mr. and Mrs. Harold Stalions of North Jessie street; James Treece, son of Mr. and Mrs. Daniel Treece of Parkdale street; James McGuire, son of Dr. and Mrs. W. M. McGuire of Eileen drive; Ronald Davis, son of the Rev. and Mrs. E. H. Davis of Mann road, and William Verhey, son of Mr. and Mrs. Anthony Verhey of Lamont street, Drayton Plains.

A son, William Richard, was born Sept. 25 at William Beaumont Hospital to Mr. and Mrs. Richard J. Valuet (nee Ruth Keen) of Garland avenue.

Grandparents of the child are Mr. and Mrs. Alfred Keen of Royal Oak and Mrs. Charles A. Valuet of Tampa, Fla., and the late Mr. Valuet.

Patricia Guibord of Pontiac has been elected secretary of the Student Council and Student Association at Madonna College in Livonia where she is a junior.

Receiving congratulations on the birth of a son, Charles Robert, Sept. 25 at St. Joseph Mercy Hospital are Mr. and Mrs. Robert C. Borst (nee Mary Elizabeth Girardot) of Kettering street.

The infant's grandparents are Mr. and Mrs. Robert Girardot and Mr. and Mrs. Cyril Borst of Rochester. Great-grandparents are Mrs. Charles J. Grimbleby of Rochester, Mrs. Bertha Hart of Thomas and Mr. and Mrs. Charles Borst of Nelson street.

Margaret Ann Proctor, daughter of Dr. and Mrs. Bruce Proctor of Baldwin avenue has enrolled as a senior at Wheaton College. A music education major, she formerly attended Wheaton Academy in Wheaton, Ill.

★ ★ ★

Mr. and Mrs. Bradley L. Scott of Maceday Lake announce the arrival of a son, Terry Wayne, Sept. 24 at Pontiac General Hospital.

The grandparents are Mrs. and Mrs. Bradley D. Scott of North Genesee avenue, Mrs. R. O. Patterson of Pompano Beach, Fla., and James E. Remington of Detroit.

MRS. W. HENRY SINK

The Organ May Be Idle, but Mrs. Sink Sure Isn't

Not only is Mrs. W. Henry Sink the organist at Central Methodist Church and active in the Barbara Norris group there, she is also an official in the PEO organization.

★ ★ ★

This group is a sisterhood of women dedicated to educational and charitable purposes.

She left Sunday to attend the supreme convention of the PEO organization is Milwaukee.

★ ★ ★

Mrs. Sink is a past president of the CL chapter of PEO in Pontiac, the Pontiac Tuesday Musicale and the Oakland County Cooperative which includes PEO chapters in Birmingham, Pontiac, Ferndale and Royal Oak.

Mrs. Sink was a delegate to the state PEO convention previously, a requirement for being eligible for the supreme convention.

★ ★ ★

Members of PEO started the International Peace Scholarship program in 1946.

Their voluntary contributions provide scholarships for selected women from other countries for study in American and Canadian colleges.

★ ★ ★

Cottey College in Nevada, Mo., is owned by this group. A junior college for women, it was established in 1884.

Music Guild Sets Groups

The Pontiac Music Guild met Tuesday morning at First Congregational Church with Charles Wilson as host, assisted by Mrs. Claud Kimler.

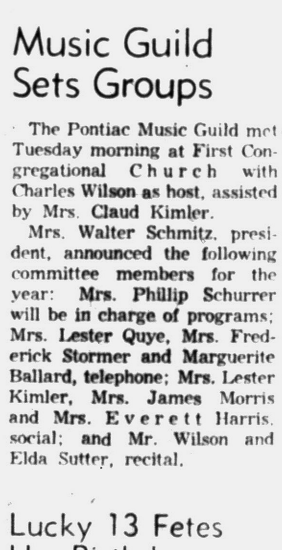

Mrs. Walter Schmitz, president, announced the following committee members for the year: Mrs. Phillip Schurrer will be in charge of programs; Mrs. Lester Quye, Mrs. Frederick Stormer and Marguerite Ballard, telephone; Mrs. Lester Kimler, Mrs. James Morris and Mrs. Everett Harris, social; and Mr. Wilson and Elda Sutter, recital.

Lucky 13 Fetes Her Birthday

The Lucky 13 Club met Monday evening at the home of Mrs. Anderson Bee on Stirling avenue. Mrs. Ralph Diem was hostess.

Mrs. Phil Orencia's birthday was observed and prizes were won by Mrs. Eva Gibson, Mrs. John Bee, Mrs. Stephen Sapelak and Mrs. Diem.

Next meeting will be a Halloween party at the home of Mrs. Nettie Buss at Sylvan Lake.

DIANNE JONES

Mr. and Mrs. Robert J. Jones of Berkley announce the engagement of their daughter, Dianne Elizabeth, to Ross Donald Moody, son of Mrs. Corenna Moody of Oak Knoll street. A Nov. 14 wedding is planned.

Ever Think of Trying Mosaics?

If you're wondering what you'll do with all your time while the children are at school you might plan to expand your artistic interests with a creative handcraft. There are different types of handcrafts and schools and newspapers carry notices of instruction courses to get you started.

★ ★ ★

One that is enjoying a boom in popularity for several reasons is mosaic work. Creating a tiled mosaic offers a chance to stretch a latent artistic talent, to sharpen one's sense of colors and to make something of lasting personal value. Besides, you don't need to invest in a lot of material nor do you need much space to try your hand.

★ ★ ★

There are mosaic kits with ready-made designs to be tiled but if you prefer to be more creative, here's a run-down on the handcraft by artist Patricia Schwartz, who is noted throughout the midwest for her stunning mosaic murals and sand-casting in commercial buildings and residences.

★ ★ ★

Besides her professional commissions, this young and attractive artist teaches her craft to eager amateurs in an adult education night school.

Although you can do mosaics in different types of materials, ceramic tile is a well-liked medium. There are small square tiles commonly used for mosaics and there are also larger tiles four and a quarter inches square scored on the back into 36 smaller squares, which are readily broken into vari-sized pieces.

★ ★ ★

Mrs. Schwartz often uses these latter tiles in her classes because they are not expensive, they come in a range of colors and textures and they offer greater ease in planning design shapes. They would be the easiest to work with although tiles can be coaxed into circles and curves with the nippers.

You can tile many things—flat surfaces, lamp bases, ash trays and bowls. But the beginner will probably find a flat wood surface the most satisfactory on which to work.

★ ★ ★

Tiled pieces can be framed, as Mrs. Schwartz has done, in simple wood moldings and used as wall decorations, as decorative trays or hot plates, as centers of tables or bases for flower arrangements. Or use a flat-tiled piece as a table top. Use tiled pieces outdoors or indoors.

If you're going to tile a piece of wood, Mrs. Schwartz advises using ⅛- to ¼-inch plywood for most purposes except table tops where ½-inch is better.

Dr. Lamsa Is Native of Assyria

Bible Scholar to Speak at Tea

Dr. George M. Lamsa, Bible scholar, author and lecturer, will speak at a tea Sunday afternoon at the home of Mrs. Fritzi Stoddard on Ottawa drive. The tea, given by the Business and Professional Women's Association, is a benefit to obtain funds toward furnishing a room at Pontiac General Hospital.

★ ★ ★

Assisting Mrs. Stoddard will be Mrs. Ann Stapp, Mrs. Eva Dyer, Jane Danton, Vera Bassett and Mrs. Iva Campbell.

★ ★ ★

Frances Capucelle will open the program by singing, accompanied by Charles Wilson on the organ. The tea will be held from 2 until 4 p.m.

Dr. Lamsa, a native of Assyria, was born into a civilization with customs and language almost identical to those in the time of Jesus.

★ ★ ★

His formal studies began under the priests and deacons of the ancient Church of the East. He attended two English colleges in Turkey and Iran.

Later Dr. Lamsa attended Episcopal Theological Seminary in Alexandria, Va., and Dropsie College in Philadelphia.

DR. GEORGE M. LAMSA

He speaks seven languages and preaches in Spanish, Turkish, English, Assyrian and Aramaic.

★ ★ ★

For more than 30 years he has worked on the translation of the Eastern Bible into the English version. He has already completed 2,500 comments explaining ancient customs, idioms and obscure passages which, he said, have been mistranslated.

Business Women Picnic

Hold 1st Meeting at Watkins Lake Home of Member

The first meeting of the year of the Pontiac Branch of the American Association of Business Women was held Monday at the Watkins Lake home of Mrs. John Bills. A picnic supper was served to 50 members.

As a special project, the group voted to present the MSUO library with a set of the "Oxford English Dictionary."

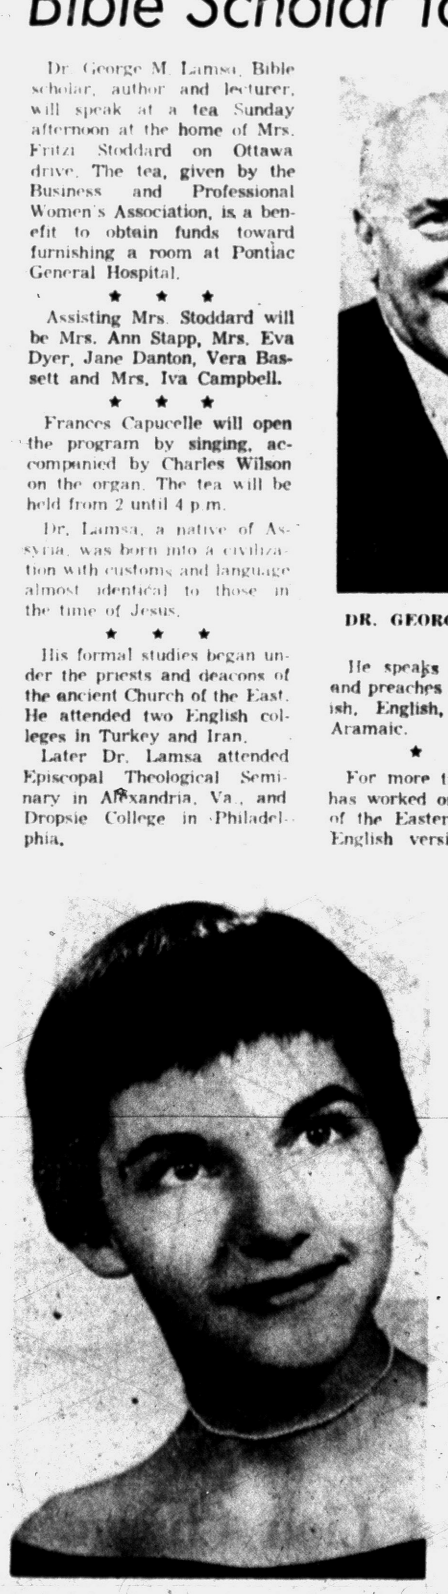

An orientation program was held following songs by Margaret Harths who was accompanied by Rosamond Haeberle. Bonnie Davidson led the group singing.

★ ★ ★

Mrs. Caroline Muecke reported on the AAUW area workshop held at Meadow Brook Hall in July. Mrs. Tom Reese reported on the area meeting held in Grosse Pointe Sept. 23 and plans were completed for a rummage sale to be held Oct. 31.

New members introduced were Mrs. Robert Slingerland, Mrs. Mickeal Mannino, Mrs. Donald LaVire, Mrs. Roy Alexander, Mrs. Chester Arnold, Mrs. Charles Kolb, Mrs. Paul Furlong and Mrs. Harold Gillow.

Members of the board who assisted the hostess included Mrs. Kenneth Ollis, Mrs. Don McMillen, Clara Gaylord, Aldene French, Mrs. S. M. Velkoff, Mrs. Duane Miller and Mrs. Thomas Hillis.

DOLORES JEAN LUTZKIW

Mr. and Mrs. John Lutzkiw of Willard street announce the engagement of their daughter, Dolores Jean, to Loren E. Schruba, son of the William Schrubas of Lakeland avenue. She is a Ferris Institute graduate. Her fiance attended Lawrence Institute of Technology.

Engaged

Mr. and Mrs. Frank Jones of Utica announce the engagement of their daughter, Nita Fern McGuire, to Lyman F. Treadway. He is the son of Mr. and Mrs. Thurman Treadway of Stirling avenue.

The couple will exchange vows Oct. 10.

Never Too Old

They Did It—You Can Too

By JOSEPHINE LOWMAN

I have just received a refreshing letter from a reader. She says "I am a woman 69 years old having reared several children. I never had time for music but always had wanted to play so very much. Now all the children are married and I ound that I had a lot of time.

"So a year or more ago I decided I would try a chord organ. You can learn the easy way, but cannot command a very big selection. So my teacher asked me if I really wanted to learn to play. She said if I did I would have to learn the notes. I didn't know a single one. I told her that I wanted to play more than anything I'd ever done.

"I began to try and it almost made me sick at first. It made me very nervous. I asked the Lord to help me and it was easier from then on. Now I never have lonesome hours. I play for my husband and children and friends. I joined the Chord Organ club. We meet once a month and all play, and have refreshments. So, as the old saying goes, 'You're never too old to learn.'"

In the same mail a letter came from a swimming instructor who had read a recent column of mine about learning to swim. In this column I urged middle-aged women to learn, not only because swimming is wonderful exercise but because it will add a new interest to their lives. The instructor who wrote me told me about a 64-year-old woman she had instructed who learned in four lessons. She had wanted to swim all of her life but thought she could not.

NEVER TOO OLD

You're never too old unless you think you are. When we are busy with our young families we look forward to more time to do things we want to do, more leisure for self-investment. However, when that day comes many women do not recognize it as the real bonus it is.

Instead of grasping sudden leisure with zest and thinging if as an opportunity to create new interests, new adventures in personal living, to develop long neglected talents and skills, the hours may weigh heavily, saturated with boredom and loneliness. What a waste!

★ ★ ★

Tomorrow: "Do Your Eyes Have it—Lines, Strain, Irritation?"

"You're never too old to learn," so says a reader who got the idea to take organ lessons from one of Josephine Lowman's columns.

Working Wives May Envy Homemakers

By RUTH MILLETT

Are working wives becoming a closed group who look down their noses at the wife who gives up her job to become a full-time homemaker?

A working wife who quit her job a year ago writes:

"In a year of being a full-time homemaker I've lost a number of friends. The moment I quit my job these friends started asking, 'How in the world do you ever expect to be able to get along on one pay check?'

"They also kept needling me with such remarks as, 'Don't you get bored with just a little housework to do to keep you busy?' and 'I can't imagine giving up a job to sit at home all day.'

"Finally, I guess, they just figured they no longer had anything in common with me and dropped me.

"Actually, I don't miss my job at all. I've been taking some courses, doing a lot of reading and working in the yard. I'm learning to be a really good cook (which pleases my husband). But I do afraid that if I don't go back to work I'll always feel 'left out' as I do now."

Has it ever occurred to you that there might be more than a little envy in the attitude of your working friends? You stepped off the treadmill — and they probably don't dare. If you're happy with your life don't worry about your former friends. Make new friends among stay-at-home wives, who won't look down their noses at you.

Join a woman's club or two to get started. Get acquainted in your own neighborhood. Do some volunteer work. In short, make a new place for yourself and new friends to replace the old ones.

For a woman who has worked for years, staying home is a completely new way of life. It's almost like moving to a new place to live. Accept that fact and make a new beginning and you'll be all right.

Look, Mom, No Pins Necessary in New Diapers

The latest thing in diapers makes it simple even for Dad to change the baby without danger of pin pricks. The new diaper, available soon in stores throughout the country, fastens with velcro nylon tabs at each side—you simply press them together and they stay.

★ ★ ★

This is the new touch-and-close fastener introduced last year and now used widely on many garments. In consists of two nylon strips, one faced with thousands of minute loops, the other with tiny loops. When pressed together the hooks mesh with the loops and stick together until peeled apart.

★ ★ ★

The new diapers are prefolded, with four extra layers in the middle, and adjust to fit any baby from birth to toddler age.

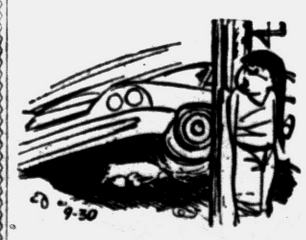

CLAUDIA MITCHELL

Mr. and Mrs. Lawrence Mitchell of Dixie highway announce the engagement of their daughter, Claudia Ann, to Petty Officer Third Class Ronald K. Siebert. He is the son of Mr. and Mrs. Kenneth Siebert of New Britain, Conn. A December wedding is planned.

Valuable Aid

A miniature auto-trouble light is a valuable aid in changing tires at night and making other on-the-spot repairs, for locating right change at toll stations, for reading maps and loading and unloading the car trunk at night. It comes equipped with a 12-foot cord and plugs right into the car's cigarette lighter.

Back seat drivers are bad, but they don't irritate as many people as some front seat drivers.

The best buy for back-to-school! Superb cotton flannels in gay prints, bright colors and styles that young fellows really clamor for. Every inch Kaynee quality to assure him a full season of washing and wearing. Sizes 4 to 12.

LEG WORK

It is not "cute" to be pigeon-toed and wobbly ankles are not a sign of feminine fragility.

A well-turned ankle is to be admired. But not an ankle that turns over! They not only spoil a graceful walk but the looks of your legs as well. With shorter skirts for 1959 this is even more important.

Flighty footgear is not necessarily the cause, the real culprit is muscle control. Exercise will remedy this: work daily to strengthen your ankle muscles and you will not wobble . . . even on needle heels!

Have You Tried This?

Cook Chocolate Filling for Baked Pie Shell

By JANET ODELL
Pontiac Press Home Editor

Do you have a good recipe for chocolate pie? Here is one that you make in a double boiler, then pour into a baked pie shell.

Mrs. Carl Bolton is today's cook. She got this recipe when she lived in Texas. Mrs. Bolton's interests include PTA and United Fund work. She is a member of the Mary Lyon group of her church.

CHOCOLATE PIE
By Mrs. Carl Bolton

1 cup sugar
4 rounded tablespoons flour
2 rounded tablespoons cocoa
2 cups milk
2 eggs
1 teaspoon vanilla
1 teaspoon butter or margarine
1 baked pie shell

Mix sugar, flour and cocoa together. Add a little milk and stir until smooth. Add rest of milk and beat well. Add eggs.

Cook in double boiler until thick. Add vanilla and butter. Beat until cool and pour into baked pie shell.

Hold Open House at Cranbrook Church

Episcopal Churchwomen of Christ Church Cranbrook held annual Open House Tuesday to welcome new members and conduct tours of the various projects and workshop set up in Guild Hall.

Mrs. Charles R. Dengler, leader in state and national groups of the Episcopal Church, spoke on "Is It Enough" at the noon luncheon.

In the learning process, Mrs. Dengler said "We go from exposure to repetition, to conviction, to action and we haven't truly learned anything until we are in action.

"And what a Christian woman has learned marks her action in the world. It is not enough to be merely a woman in the church. She must go out to sit on boards and join secular organizations, assume responsibility, and speak out 'with the grace of boldness' when the occasion demans."

She concluded with "Build a Better You."

★ ★ ★

Mrs. Howard B. Barker, chairman of the day, was assisted by Mrs. Richard M. Thorburn, Mrs. Malcolm Welty, Mrs. Neil C. McMath, Mrs. Godfrey Strelinger, Mrs. A. Dale Kirk and Mrs. H. C. Dumville.

★ ★ ★

Mrs. Edward A. Proctor has been named president of the group; Mrs. William A. McNamee, first vice president; Mrs. James B. Bragaw, second vice president, and Mrs. George R. Squibb, treasurer.

Other officers include Mrs. Joseph C. Cook Jr., assistant treasurer; Mrs. R. W. Muhlitner, recording secretary; Mrs. George S. Hodges, coresponding secretary, and Mrs. Robert A. Windler, United Thank Offering treasurer.

Wake Up Sad? Then Put on Gayest Dress

If you awaken feeling depressed, dress to match a happy mood and you will soon find that you and the world look brighter and more beautiful, says a world-famed beauty authority. Choose one of the loveliest and brightest frocks in your wardrobe, for its color will help you to regain your naturally cheerful disposition.

Add to this therapy by choosing brighter makeup colors than usual and taking more time in the application. By putting all your makeup techniques into practice, you will not only become more glamorous but this distraction may be just the trick your spirits need.

Then, you will see that the beautiful woman in your mirror is just the medicine you need.

Abby Advises:

You Married the Man...Stick Around

By ABIGAIL VAN BUREN

DEAR ABBY: What do you do when you find you have fallen out of love with your husband?

ABBY

We were very much in love when we got married nine years ago, but now it has all worn off. We have three children, ages 8, 6 and 5.

I have no grounds for divorce because he has never hit me or refused to support me. I just don't love him any more.

I am young and considered pretty and I don't see why I should spend the rest of my life living with a man who doesn't appeal to me. Should I leave him while I am still young enough to find romance? Or should I wait until the children are on their own?

WANTING ROMANCE

DEAR WANTING: It's too bad your mother never told you that marriage is not one endless honeymoon. If the "romance" has gone out of your marriage, it is as much your fault as it is your husband's. There are marriage counselors, doctors and good books to help put the zing back into your marriage. Preserve this marriage, Lady. It's probably the best one you'll ever have.

★ ★ ★

DEAR ABBY: I am a boy of 18. While I am asleep my mother goes through my wallet. I have nothing to hide and dislike this very much. I have caught her red-handed many times. She says she has a right to know what is going on in my life. Do you think this is right of her?

ANNOYED SON

DEAR SON: A boy of 18 is entitled to privacy. Your mother has no business in your wallet, but she is your mother. So be careful how you tell her.

DEAR ABBY: My husband is in a sanitarium with a nervous breakdown. He tells the doctors and nurses that the reason he is there is because of me. He tells the other patients that I had him put in there so I could run around. This is not true! We have always gotten along fine together and I wouldn't look at another man.

I just hate to visit him because of what all those people at the hospital must think of me. Should I stay away or not?

TALKED ABOUT

DEAR TALKED: Your husband is a sick man or he wouldn't be where he is. The doctors and nurses know that he is not responsible for the statements he makes, so don't worry about them. Continue to visit him. He needs your support and understanding more than ever now. Good luck!

★ ★ ★

CONFIDENTIAL TO "BEWILDERED": For goodness sake, wear white, but pin a little black bow on your slip.

★ ★ ★

For ABBY's pamphlet, "What Every Teenager Wants To Know," send 25c and a large, self-addressed, stamped envelope to this paper.

From Rome comes the solution for women drivers. This novelty shoe features a removable high heel. It is said to give women drivers more control over auto foot pedals as well as more comfort.
UPI Photo

Florist Is Lifesaver Sometimes

CHICAGO — The wary florist goes to the church armed with transparent plastic tape for the bride's veil, sandpaper for the bridesmaids' shoes, and a change of clothing for the six-year-old flower girl.

It's the unexpected developments that produce ulcers, said florists attending the 75th annual convention of the Society of American Florists.

CLIPPED CURL

The junior member of one wedding party, annoyed by long weeks of preparation for her aunt's marriage, whacked off one of the curls intended to frame her face. Mrs. Tommy Bright, a Chicago florist, whipped together a garland of daisies and trailing ivy while the bride waited with tapping foot. "And no one knew a curl was missing."

★ ★ ★

Mrs. Marie Gould said she learned to carry plastic tape to mend the bride's veil, and sandpaper for the bridesmaids' shoes so they would not slip as they marched down the aisle. But she was stymied by the five-year-old ringbearer who retreated to a corner at the opening strains of "Here Comes the Bride," and could not be coaxed out.

BRAVE LAD

His courage returned after the party set off without him, and he followed behind on hands and white satin-clad knees, scooping up the flower petals strewn by the flower girl. These he presented to the bride as she reached the altar.

★ ★ ★

Mrs. Bright counted among her most romantic customers the swain who ordered one gardenia sent to the object of his affections at precisely 8 o'clock every morning.

"Not one minute earlier and not a second later," she said. "The delivery boy had to sit on the front steps with a watch in his hand."

★ ★ ★

After four months of this floral tribute, the young lady succumbed, and Mrs. Bright was called on to provide flowers for the wedding.

For small touch-ups to a painting job, use a cotton swab instead of a small brush. The swab will leave no overlap, which usually dries a shade lighter or darker than the original coat.

Children Want Parents With Strong Wills

Mrs. Muriel Lawrence is on vacation. This is the fifth of six articles that will appear during her absence, reprinted by permission of Random House, Inc., from "The Happy Child," by Irene M. Josselyn, M.D. Copyright, 1955, by Irene Milliken Josselyn.

★ ★ ★

Even the wisest parents make mistakes.

Parents are not, as the result of magical powers invested in them, always right. In the past this was denied: parents were always right—regardless. Life was much simpler when parents could say with conviction that something was right because they said so.

Today, with awareness of their fallibility, parents face the problem of dealing with their own mistakes. There is no reason why they should not acknowledge them. If parents have said "no" to a child when "yes" was just as valid and more satisfactory to the youngster, they should say so and reverse their stand.

This reversal is sound, however, only when the motives for reversal are sound.

Many parents say "no" because it's easier to deny than to consider the effects of permission. They are deaf to the child's sound arguments. Finally the child gets angry. This awakens the parents to all the good arguments the child has presented.

★ ★ ★

Belatedly they agree, not as the result of the child's arguments but as a reward for a temper tantrum. In this situation, of course, the child is impressed, not by his parent's honesty but by the power of his own anger.

Some parents consider it important to keep reminding the child of their own fallibility. Every time they get angry at him they apologize.

Actually they may have been justified in their anger. If they make a decision the child doesn't like they change it. Maybe the first decision was correct. All this is justified by the idea, "I want Johnny to realize parents can make mistakes too."

That is a lesson a child learns easily by himself. He doesn't have to be constantly reminded of it. Other parents explain this self-apologetic attitude as a means of teaching "democracy." This does not, however, teach democracy at all. It merely teaches the child to claim the rights of a tyrant!

★ ★ ★

Parents do make mistakes. When they do, they should acknowledge they have. But if they make mistakes repeatedly, it's time to discover why. They are expected to have better judgment than the child. Why aren't they using it?

Parents who distrust their own judgment give a very confused picture of acceptable behavior to a child.

by Anne Adams

What a perfect pair! Together, they have the smooth look of a dress—separately, skirt and blouse combine with other partners. Note collar that curves away from neck, slim skirt. Tomorrow's pattern: Half-sizer.

Printed Pattern 4607: Misses' Sizes 10, 12, 14, 16, 18. Size 16 takes 2⅝ yards 54-inch fabric.

Printed directions on each pattern part. Easier, accurate.

Send 50 cents in coins for this pattern—add 10 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of Pontiac Press, 137 Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly name, address with zone, size and style number.

Tell Parents Jumpers Annoy You

By EMILY POST

"Dear Mrs. Post: I think the tenants overhead must be raising future Olympic champions in jumping. We really can't stand the loss of several hours sleep in the morning. But how, in your opinion, is the best way to register a complaint?

"We asked our superintendent to tell them, but he refused saying that he can't take sides with any of us. He has, however, confirmed what we suspected, that their children's room is directly over our bedroom. The Overheads are complete strangers."

Answer: I think it best to try to keep discussion of the situation between you and the "Overheads." My suggestion would be to telephone, or write. Mrs. Overhead would have no cause to resent this, provided your request is reasonable and made without rancor.

You might say that after talking it over, you and your husband have decided it best to tell her about the early morning jumping in her children's room, evidently just over your bedroom, which makes it impossible for either you or your husband to sleep after six o'clock, and that you would be most grateful for whatever she could do to improve the situation.

"Dear Mrs. Post: When inviting several guests to dinner, is it necessary for the hostess to advise each of her guests that there will be others present? I would very much appreciate your answer to this question as there has been much discussion about it."

Answer: It is not necessary, but it would be kind to warn anyone who is accustomed to dining with you and your husband alone, that "this time it's a dinner party."

"Dear Mrs. Post: If the salt cellar is not convenient to one's plate, may one put salt on the tablecloth and pinch it between the fingers to season the food?"

Answer: Yes: to do so is quite correct.

"Dear Mrs. Post: Will you please give me the proper wording for a formal third person acceptance. I have received an invitation to a large reception which has to be acknowledged and I am at a loss as to how to word it."

Answer: Simply write on your note paper:

Miss Mary Smith
accepts with pleasure
Mr. and Mrs. Brown's
kind invitation for
(date)

Designing Woman Adds Color to Race Tracks

By DOROTHY ROE
AP Women's Editor

For a designing woman, no doors are closed.

Take Alyne Whalen, for instance. She's a designer, but she wouldn't be caught dead choosing ash tray and bibelots for somebody's apartment.

Alyne works on a big scale. Her specialty is race tracks.

★ ★ ★

This smart, attractive, well-dressed blonde doesn't feel really comfortable unless she's working with quantities such as 50,000 gallons of paint—the amount she used on New York's fabulous new Aqueduct race track. She orders carpets by the acre and identifies colors by number.

Alyne worked two years on the designs for Aqueduct. She planned all the color and exterior and interior design. She works from the architectural plans, uses a slide rule more often than a fabric swatch, figures her effects in king-size terms.

★ ★ ★

"I started out in retailing," she says, "studied it in college and worked five years before I decided this was not for me. Then I went back to college and took architecture and engineering, at Columbia University in New York, N. Y. U. and U. C. L. A. When I was through I opened my own firm in Los Angeles, and have been happy as a clam ever since."

In addition to Aqueduct, Miss Whalen has designed the Hollywood Park track in California, Roosevelt Raceway on Long Island and the Hippodrome Nacional track at Caracas, Venezuela.

Despite her preoccupation with race tracks, Alyne is no horse player.

★ ★ ★

"I'm too busy to go to the races, after I get the tracks finished. And when I do go, I always lose. I like the color and the spectacle, but when it comes to figuring odds, I'm just a square."

At Aqueduct Miss Whalen has used bright color in bold masses, both outside and inside, giving a look of light and gaiety to the grandstands, the clubhouse, the dining rooms and the parimutuel halls.

★ ★ ★

"Color has a lot of effect on the way people feel," she says. "When they go to the races they should feel gay and festive. There's enough gloom around when they lose on their bets. So I have used bright colors to lift the spirits of the crowd. It works, too."

ALYNE WHALEN

Her next job? Well, if there isn't another race track around that needs doing, she might tackle a supermarket. That's big, too.

Drama Student Gives Recital

Mary Jane Hoisington, daughter of Mr. and Mrs. Eugene Hoisington of Giddings road, was presented in a dramatic recital Tuesday evening at the Joslyn Avenue United Presbyterian Church.

★ ★ ★

A program of monologues, musical readings, songs, dialect and character readings was given before an audience which included guests from Berkley, Lapeer, Fenton and Holly.

The Rev. Edmund Watkins gave the invocation. Ushering were Dorothy Dow and Patricia Stewart.

Gloria Giddings presided at the punch bowl for the social hour which follwed the program.

Miss Hoisington is a pupil of Oscar Schmidt who was accompanist for the musical numbers.

Softened cream cheese and dark corn syrup are a tasty topping for frozen waffles.

It Can Be a Pleasure to Mend

Even mending can be glamorous, if you do it with artistry.

Take foundation garments, for instance. It pays to take the time to repair these important underpinnings, and to do it with care. It's just as easy to use dainty ribbons as prosaic cotton tape, and when the mending job is done, the bra or girdle can look better than when it was new.

Here are some professional tips no refurbishing worn foundation garments, worked out by local sewing center experts.

★ ★ ★

First, examine bra straps for frayed edges or torn ends. Next check elastic parts and decide whether they have enough life left to justify repairs. The small elastic band at the back of some bras can be replaced, but elastic sections of a girdle are better left alone; when they have lost should be replaced.

It's easy, however, to repair a bra so that it looks fresh and dainty. Worn straps should be cut off and replaced with dainty new ones. A woven-edge ribbon is an ideal choice. Use nylon ribbon if the bra is nylon. Zigzag stitching is useful for attaching the new straps, making a strong stitching line flexible enough to hold under strain. If you like, you may add a matching ribbon bow, just for fun.

Ribbon also may be used for rebinding worn edges on a girdle or corselette.

★ ★ ★

Worn slips also may be refurbished with new ribbon straps and trimmings, in matching or contrasting colors. Some young girls like to use candy-striped grosgrain ribbon or pastel velvet ribbon for strap replacements—all washable, of course.

Shoe Size Is Apt to Change Later

We all hate to admit it but our feet do grow with the years. Actually, it is the arch stretching that makes them longer. For this reason it is wise to have your feet measured before buying a new pair of shoes. And remember your size requirements may vary according to the type of shoe you choose.

Wash and Wax Front Door

Be careful of how your front door looks. It doesn't take long to wash and wax it and the wax is a protection against weather elements.

While you are at it wash and iron the curtain. It takes very little time for a curtain for a door to dry and while it is doing so you can shine the glass part of your door.

New Copperware?

Remove the protective coating of lacquer from new copperware by immersing in water, adding three tablespoons of baking soda, and boiling for a few minutes.

Birthday Party in Honor of Four

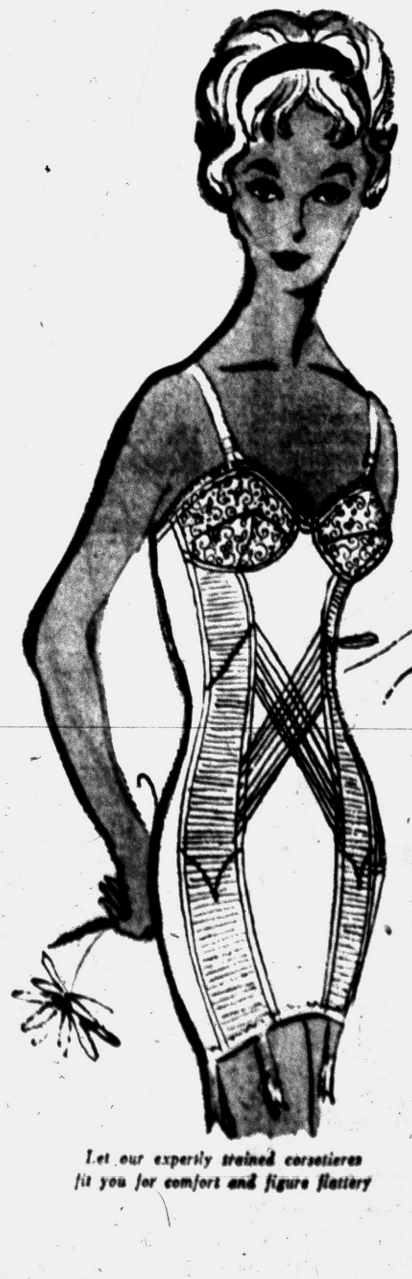

Mrs. Kay Nuremberg, her son Arthur Haney, Carl Fisher and Don Shiel, who celebrated birthdays within a few days of each other this month, were honored at a birthday party Saturday night. Some 25 guests attended the party and buffet dinner held at Mrs. Nuremberg's home on Lexington drive.

Mrs. Arthur Haney, daughter-in-law of Mrs. Nuremberg, planned the affair.

Well, It's True, They Say

What's That About Women Drivers?

By MARY PRIME

NEW YORK (UPI) — Well! There may be some truth to the old saw about women drivers, after all.

A study of women's role on the highway shows that after age 29, female drivers tend to be more accident prone than men. Last year, nearly 13,800 women died in auto accidents, and women's involvement in highway fatalities is increasing.

For this reason, the nation's largest stock insurer of automobiles conducted a survey of 40,000 policies over a three-year period.

The survey showed that although men drive many more miles than women and are more apt to be on the road during the hours when most accidents occur, their accident frequency rate for all ages is less than 3 per cent higher than that of women. Figures show an accident rate of 29.8 per cent for men, compared with 27 per cent for women.

★ ★ ★

In the teens and early 20s, the woman, who matures earlier than man, is by far the safest driver. But at 29, the male accident frequency rate decreases steadily. The female rate increases until, between the ages of 35 and 44, it leads by more than 6 per cent.

Why? That's what the company wanted to know, so it consulted Margaret Johnson, director of driver education at a suburban Chicago school.

Basically, Miss Johnson said, women's physical and psychological makeup presents her with driving problems that men do not have and do not understand.

A woman is plagued by a conflict about her role in society. As a career woman, she demands full equality with men. Yet she wants to retain the tradition of chivalry.

★ ★ ★

When a woman carries this conflict into her driving, the results can be serious, Miss Johnson said. The woman who whips into an intersection expecting a male driver to give her the right of way may find out drastically that chivalry died when the horseless carriage was born.

Women also are subject to emotional stresses that create tensions and depressions. At such times, noise and other distractions can upset a female driver.

This may explain why single women between the ages of 35 and 44 have a higher accident rate than married women, Miss Johnson said.

★ ★ ★

At this age, a single woman's life is filled with doubts and worries, but the single man settles comfortably into bachelorhood without worries of the future.

However, married men do better than single men.

The accident rate for single women between 40 and 44 is 39.5 per cent, compared with 26 per cent for single men and 19.2 per cent for married persons of both sexes.

Single women also are involved in more accidents while driving to and from work, indicating fatigue and stress.

Children can distract homemakers and interfere physically with the safe operation of a vehicle. A combination of children, groceries and fatigue is a hazard few men encounter, Miss Johnson said.

★ ★ ★

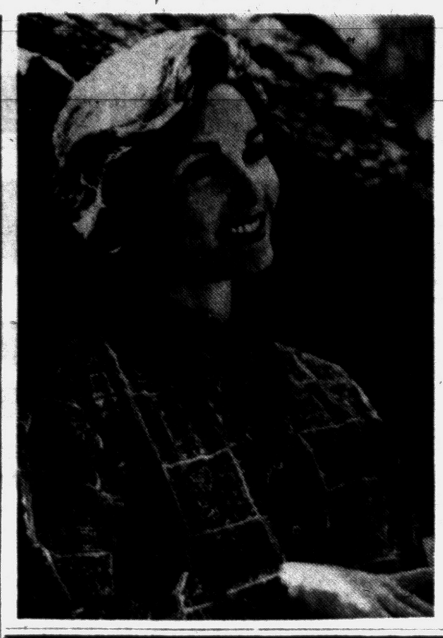

Finally—don't let the men hear this—are dangers caused by feminine vanity, the educator added.

Spike heels catch under brake and accelerator pedals and prevent necessary pressure. Face veils and floppy hats interefere with vision. Putting on lipstick at traffic lights can snarl traffic and cause accidents. And perhaps the worst offenders are window shopping from the car and turning around to talk.

To pan-fry meat without fat, sprinkle a little salt on a sizzling skillet before putting in the meat. The salt will keep the meat from sticking to the pan.

Town and country living are reflected in this Mutone novelty rib bulky cardigan of 80 per cent lambswool and 20 per cent alpaca by Catalina. Companion piece is the plaid classic skirt woven in spice colors to emphasize every tone of the sweater.

Ancient madder print is the latest fashion news. This "pop-on" blouse in deep earth tones features a button down collar and has long barrel cuffed sleeves.

Parents' Anniversary Is Her Wedding Day

Constance Marie Haaseth chose the 25th wedding anniversary of her parents, the Einar Martin Haaseths of West Bloomfield Township, for her marriage Saturday to Vernon Robert Christensen. Vernon is the son of Mr. and Mrs. Robert H. Christensen of Arlington, S. D.

The Rev. Ralph C. Claus officiated at the double ring candlelight ceremony at St. Trinity Evangelical Lutheran Church in the presence of 175 guests.

★ ★ ★

The bride wore a gown of white silk organza featuring a rounded neckline accented with embroidered lace, pearls and sequins. The gown had short sleeves and she wore gauntlets.

The bouffant skirt and overskirt of embroidered trimmed organza featured a bustle back falling into a chapel length train. Her French embroidered illusion fingertip veil was held by a crown of sequins and pearls and she wore a pearl necklace with matching earrings, a gift of the bridegroom.

★ ★ ★

The bride carried a semi-cascade bouquet of white roses and pink miniature roses centered by a white orchid.

Mrs. John Such of Lansing, matron of honor, wore a waltz length dress of toast colored nylon organdy over iridescent taffeta with a V neckline. A

MRS. VERNON CHRISTENSEN

lace medallion and three tiny bows set off the bodice. The gown featured a cummerbund of Chantilly lace and there were lace medallions on the bouffant skirt. Her headpiece was a crown of borealis sequins and pearls with a capucine veil.

★ ★ ★

She carried a cascade bouquet of bronze chrysanthemums, butterscotch pompons and Mary Jo roses with pompons tied to streamers.

Bridesmaids Delores Gustavson of Pontiac, Mrs. Leroy Kelley of Detroit and Mrs. George Ralich of Pontiac wore identical dresses of toast colored nylon organdy over capucine iridescent taffeta with Swedish crowns of capucine. They carried cascade bouquets of bronze chrysanthemums of bronze and talisman roses.

★ ★ ★

Following a buffet dinner and dancing at the Amvets Hall, the bride changed to a pink knit suit with a white Angora stole and black and white accessories. She wore the white orchid from her bridal bouquet. After a trip to Washington, D. C., and Virginia, the couple will live on Voorheis road.

Out-of-town guests were from Miami, Fla., Herscher, Ill., Arlington, S. D., Garden City and Detroit.

OES Unit 228 Observes Yearly Memorial Rites

Pontiac Chapter No. 228 OES members held their annual memorial Monday evening service for members who died during the past year.

★ ★ ★

Ninety members attended the meeting. Guests were Mr. and Mrs. Kenneth Love, Mr. and Mrs. Ralph Teall of Ovid, Mrs. Byron Angevine of Echo Chapter No. 147 in Evergreen, Colo., Mrs. Mary Walker of Metamora, Mrs. Virginia Maeryens of Nashville, and Mrs. Theron Taylor of Areme Chapter No. 503 in Pontiac.

★ ★ ★

Mrs. Grady Shearer, Mrs. George Rugenstin, John Fox and Clyde Stephens received the degree of the order at the close of the program.

★ ★ ★

Refreshments were served by Mrs. Sylvan Clark, chairman, assisted by Mrs. Lyndon Salathiel, Mrs. Walter Drake, Mrs. Fred Klines, Mrs. Josephine Hoskins, Mrs. Blanche Woodman and Mrs. Hazel Anderson.

Frozen lobster and crab meat should not be kept in a freezer for more than two months.

Alpha Betas Consider Evaluation of Education

Alpha Beta Chapter of Delta Kappa Gamma Society gathered at the Hotel Waldron Monday evening to hear four educators present a program on "Evaluation of our Educational Product."

The symposium included Mrs. P. J. Kinsella, hospital teacher for Oakland County who spoke on the orthopedic program, and Jean Lucens, consultant for the mentally handicapped of the county who informed members about services available for retarded children. Also on the panel, Mrs. William Sax, speech correctionist for Waterford Township Schools, talked on the speech and hearing program conducted in the Waterford Township Schools, and George Yansen, principal of Madison Junior High School, presented the Rapid Learner Program as offered in the Pontiac School curriculum.

Cochairmen for the evening were Mrs. George Yansen and Margaret Snyder, assisted by Pat Knudsen and Mrs. Mildred Dodson.

Following a brief business meeting conducted by Mrs. Dodson, the president's pin was presented to her by Mrs. Irene Albright, a past president.

Mrs. Theodore Wiersema led in group singing, accompanied by Mrs. Harold Northon.

★ ★ ★

Mrs. Clare Hubbell, chairman of the Educational Awards Committee, announced that Sophia Skinner of South Edith street has been chosen to receive the Dorothy Selle Award given to high school girls sponsored by the Alpha Beta Chapter.

Navy Mothers Are Shown Color Slides of Japan

Mrs. Loren Palen showed color slides of Japan when the Pontiac Navy Mothers Club met at her home on South Shirley avenue. The pictures, taken by Mrs. Palen's son who recently returned from Japan, showed recreational facilities for servicemen.

Mrs. Alma Cowley was appointed to order samples of Christmas and all-occasion cards members will sell to be presented at the next business meeting.

Announcement was made by Mrs. Vidal Gonzales that the group's turkey dinner will be held Nov. 6 at the Pontiac Federal Savings and Loan Building. Committees for this dinner will be appointed at the next meeting to be held Oct. 1 at the Pontiac Naval Training Center.

★ ★ ★

Mrs. Gonzales and Mrs. Palen served a birthday cake in honor of members with September birthdays at the Friday meeting.

PLUMS ARE DIFFERENT — Purple plum pretty is this table set for a morning "Coffee" to introduce the new neighbor to the "girls" or to get the "committee" off to a good start. In centerpiece for pleasant munching, in a made-yesterday orange-y Plum Nut Loaf for intriguing thin-sliced sandwiches, in quaint plum jam jar as preserves — each is so different that you'll want to present these fresh purple plums all three ways!

Fresh Dusky Plums Dot Wonderful Bread

Fresh Purple Plums—known too as "Italian prunes," "blue plum," "sweet plums," "prune plums"—are coming into our markets from Idaho for all too brief a stay, September into early October.

Large, firm, tangy-sweet, versatile, and good to eat, this unusual plum with its silver-dusted purple skin provides something different for snacking through the day; as breakfast fruit or simple dessert—sliced and dusted with powdered sugar or given a drizzle of warmed honey and pour-on cream.

But once you've tried these freestone plums in your favorite quick and yeast bread recipes; in cobblers, shortcake, upside-down and coffee cakes; as whips, souffles—hot and cold; frozen desserts, salads too, you'll buy them by the basket instead of a bag so you can stow some away in canning cupboard or freezer for winter enjoyment.

Do try them in this quick nut bread, made yesterday, to be thin-sliced for morning "Coffee," salad luncheon, tea or late snack, or served on a dessert cheese tray along with the fresh plums and a variety of cheeses. Good too, toasted under the broiler for a special breakfast treat. P.S. This bread freezes well.

Purple Plum Nut Bread

3 cups sifted all-purpose flour
4 teaspoons baking powder
1 teaspoon salt
1 cup granulated sugar
1 cup coarsely-chopped walnuts or pecans
1 and ½ cups coarsely-cut pitted fresh purple plums
1 egg, well-beaten
¾ cup milk
½ cup orange juice
3 teaspoons grated orange rind
3 tablespoons oil or cooled melted shortening

Sift together into mixing bowl all the dry ingredients. Carefully stir in the nuts and the coarsely-cut pitted fresh purple plums. (The bread will look nicer if plums are cut with scissors instead of chopped.) Beat egg until thick and lemon-colored. Add milk, orange juice, rind, oil or melted shortening. Add to flour mixture, stirring just until blended. Turn into well-greased 9x5x3-inch loaf bread pan, spreading batter into corners and leaving slight hollow in center.

Cover with same size pan, lightly-greased, or with double thickness of aluminum foil, shaped like a covered wagon over top of filed pan. Allow to stand for 20 minutes. Place in oven heated to 350 degrees F. moderate). After 20 minutes, remove pan or foil. Continue to bake for about 50 minutes or until toothpick stuck in center comes out clean.

Crack in top of quick loaf breads is characteristic but this treatment makes for a more even surface. Remove from pan onto rack to cool. Wrap loosely in waxed paper or foil and place in refrigerator until ready to use, or wrap tightly in foil or freezer paper, and place in freezer. Allow to stand at refrigerator or room temperature before slicing.

Creamed butter or whipped cream cheese makes a good spread for this bread, thinly sliced. Or, for breakfast, spread with butter, sprinkle with sugar and cinnamon, and toast under broiler until surface is bubbly and brown.

Note: to "gild the lily," after turning out Purple Plum Nut bread, place on cookie sheet. Spread surface of loaf with orange marmalade. Place low under broiler for a minute or two. Allow to cool. This makes a beautiful tasty glaze.

Variations: for the liquid, 1 and ¼ cups of milk may be used in place of orange juice and milk. Omit orange rind. Add to dry ingredients 1 teaspoon cinnamon and ¼ teaspoon mace. This loaf is good spread with Purple Plum Preserves.

Like Turnips?

Turnips do not always have to be mashed! For a change cut them in 1-inch pieces and cook them in a small amount of salted water; drain and add lots of butter and freshly-ground pepper.

Lowly Cabbage Rich in Needed Vitamin C

"The time has come," Alice in Wonderland's walrus said, "to think of many things." Especially, he feels, it is time for cabbages and kings.

Kings — and queens — have already had their day this year, so now it is the turn of the poor cabbage. For cabbage season is here, and the solid leafy green vegetable that is so rich in Vitamin C is one of your grocer's best buys.

But we can call it "poor cabbage" no longer. For dressed up with this honey sour cream dressing, cabbage turns from a common vegetable into a stately one.

Select a firm, fresh head of cabbage and do not shred it until the last minute. Vitamin C escapes into the air when cabbage is shredded, so cabbage salad should be eaten immediately.

The honey sour cream dressing can be made early in the afternoon, however, and will keep well in your refrigerator. Honey adds an air of festivity to the dressing, and makes a remarkably good bond with the sour cream and cabbage. Use these ingredients:

Dressing

1 cup chilled sour cream
⅓ cup vinegar
⅓ cup honey
1 teaspoon salt
¼ teaspoon paprika
¼ teaspoon celery salt
½ teaspoon salt
3 cups finely-shredded cabbage

Beat cream until thick. Add vinegar, honey and salt slowly. Beat again for 3 to 4 minutes. Add paprika, celery salt and salt to cabbage. Add sour cream dressing. Mix lightly.

★ ★ ★

Honey Sour Cream Dressing for Mixed Vegetables

1 cup sour cream
1 tablespoon honey
⅓ cup vinegar or lemon juice
1 teaspoon salt

Method: Blend all ingredients. Makes 1⅓ cups.

Bad Ones Float

When in doubt about the freshness of eggs, here's a simple test: Add two teaspoonfuls of salt to a cup filled with water. A fresh egg will sink to the bottom of the cup, but a doubtful egg will float.

Prolong Prime of Life With Good Nutrition

"There are five words to remember about diet, if you want to prolong your prime of life: Nutrition, to be good, must be early, enough, complete, continuous and prolonged."—Dr. Robert Goodhart.

There are three simple rules which will help achieve better nutrition. First, cut down on your intake of sugar and increase fruits and vegetables to compensate. Second, be sure that each meal includes an animal protein—fish, meat (special emphasis on organ meats), eggs, cheese or fowl. Third, serve no more than two foods rich in starch or sugar at any single meal.

Put a small piece of butter in each mushroom cap when you are broiling them.

Nikita Visit Cost Plenty

WASHINGTON (AP) — The bill for Nikita Khrushchev's 13-day American visit: about $150,000. Who pays? John Q. Taxpayer.

★ ★ ★

The figures aren't completely added up yet, but officials responsible for such things are sure the Soviet Premier's state visit was the costliest yet.

The usual state visit, complete with nationwide tour, costs the government well under $100,000.

★ ★ ★

But Khrushchev's trek set a number of records. His party included 71 persons, larger than average. He was protected by the most elaborate security forces ever provided a foreign guest in this country. They included federal men, military units, and state and local police.

The government paid expenses too for about 40 Americans who traveled with the party or ahead of it to smooth the way. Cities and private groups paid the tab for some of the dinners and ceremonies.

★ ★ ★

The State Department declined to furnish any cost figures during the tour, on the ground that you don't invite a guest to a banquet and then tell him what it is costing you.

Elderly Couple Hurt as Tire Blows Out

Two elderly Pontiac people were injured at midnight last night when a rear tire blew out and their car hit a stone culvert at Edgefield street near Scott Lake road, Waterford Township.

Taken to Pontiac General Hospital were Everett Hilliker, 75, with arm injuries, and his wife Ella, 74, who suffered facial cuts. The couple lives at 358 East Blvd.

Hilliker was treated and released. His wife was admitted and is reported in satisfactory condition today.

Pontiac Realtor John Q. Waddell Hospital Trustee

A Pontiac realtor has been named to the Pontiac General Hospital Board of Trustees.

John Q. Waddell was appointed by the City Commission to fill the unexpired term of T. W. Bradford, former Pontiac Motor Division executive, who retired earlier this month for business reasons.

Waddell's term last until June 30, 1962.

★ ★ ★

Waddell, a director of the Pontiac Board of Realtors, was a member this year of the city Board of (Tax) Review. Married, with two children, he lives at 60 Cherokee Rd.

Russia Lowers Goal in Agriculture Plan

ROME (AP) — Soviet Russia has sharply lowered its sights on target increases in agriculture for the next seven years. Abandoned is its promise to surpass the United States in per capita production of meat, milk and butter.

The abruptly lowered aims in agricultural increases were reported today in the Food and Agriculture Organization's (FAO) annual world survey.

Even with the lowered targets, FAO experts said the Soviet Union may have considerable difficulty meeting the new seven-year schedule for increased food production.

Despite that, the FAO report showed Soviet Russia's increase in agricultural output the past year was more than double the world average. Average increase in world food output last year was 4 per cent. Russia's increase was 9 per cent.

Sons of the Legion Plans Initiation Ceremony

An initiation ceremony of the Sons of the Legion, Chief Pontiac Post 377, will be held at 7 tonight at the post in Waterford Township.

Boys to be sworn into the group by Past Commander Lyle Brown include James Chayne, L. D. McLauchlin, William Tunningley and Emil Deaton.

Others are Howard Bliss, Donald Richmond and Richard West. The public is invited.

Should They Staff Office Here?

Bicker Over Civil Service

The Secretary of State's branch office in Pontiac could be operated efficiently with civil service employes, it was stated today.

So could branches in Birmingham, Berkley, Ferndale and 25 other Michigan cities, declared Arthur G. Rasch, state civil service director.

In a battle in which political patronage is an underlying issue, Rasch traded volleys with Secy. of State James M. Hare.

Rasch said Hare was trying to make the commission "the goat" for unfavorable publicity about branch offices operated by patronage holders.

★ ★ ★

Hare said he wants all 250 branch offices put under civil service. Rasch said Hare was told last March that only 30 qualify. The rest don't have enough business to keep a civil servant busy fulltime, he said.

Hare, prompted by "threats and counter-threats among factional elements in the 14th district," announced Monday he would put the East Detroit Branch on Mack Avenue under civil service.

But he said he would hold out for civil service status on all 250 branches rather than do it piecemeal with the other 29. He said he would go to the Legislature directly if he does not get satisfaction from the commission.

Willis M. Brewer, manager of the Pontiac branch, was not immediately available for comment.

Two New Precincts Get Polling Places

Two new polling places were established by the City Commission last night as a result of the recent reorganization of the city's precinct boundaries.

Newly-designated Precinct 7 will vote in Herrington School and the new Precinct 44 will ballot at Mark Twain School.

The polling places were recommended by City Clerk Ada R. Evans.

Ford on Overtime for Next 2-3 Weeks

DETROIT (AP) — The Ford Motor Co. said today it will run at overtime capacity for at least another two or three weeks despite what might happen in the current steel strike.

Ford officials said there would be no production loss whatsoever until the end of November or early December. They said the company presently is spending 5 to 10 million dollars weekly in overtime payments on 1960 model production.

Henry Ford II, president, said further that he has every intention to hold prices which were announced late yesterday regardless of price-wage patterns that may result from the steel strike.

OTTAWA — Four-fifths of Canada's newsprint output is exported to the U.S. annually.

Don't Understand Product

U. S. Agriculture Department scientists spent more than five years and tested about 15,000 formulas before coming up with "N N Diethyl-toluamide," the basic chemical ingredient of a new insect repellent. Now they are trying to determine why its works—whether it is the smell, taste, touch, or whatever that insects don't like about it.

Raindrops are rarely larger than one-tenth inch diameter.

Signs Yielding Right to City

Traffic Markers Will Be Removed 'Gradually' After Commission Acts

"Yield right-of-way" signs are on their way out in Pontiac.

City Manager Walter K. Willman said he would have the signs removed "gradually," after city commissioners last night expressed unanimous disapproval of them.

Dissatisfaction with the signs was heightened a week ago by a double-fatal traffic accident at a corner marked by them.

City Commissioner Milton R. Henry, in whose district the accident occurred, sought to have the signs replaced with regular stop signs or traffic lights.

The city has had "yield" signs about four years and there are 124 of them at present, said Traffic Engineer Theodore M. Vanderstempel in a written report to City Manager Walter K. Willman.

Vanderstempel said he never liked the signs and Willman said, "I have had no use for them either."

Vanderstempel said the signs were put up on order of former Police Chief Herbert W. Straley.

"The Legislature made a mistake when it legalized the signs for Michigan in 1955," Vanderstempel said. "The signs were installed here soon after."

Yield signs are still in the experimental stage, Vanderstempel said. They were first suggested several years ago by several national traffic groups interested in more efficient traffic restrictions on side streets.

Chief among complaints against "yield" signs is that many motorists do not know what they mean. "They give a false sense of security to many drivers," said Willman.

Willman said it would take time to determine the manner in which each "yield" sign is to be replaced.

Vanderstempel's report was one of his last official duties. He leaves Pontiac today to become traffic engineer in Bay City.

Willman said that the position probably won't be filled until next year, at the earliest. He said other department heads would jointly shoulder the department's responsibilities.

"There's not much traffic engineering in the winter time anyway," Willman said.

Madison Heights Objects to Its Share

New Drain Plan Delay?

After years of legal delays, the 47 million dollar Twelve Town storm drain project appears headed for another one—this time caused by the city of Madison Heights which today objected to its new share of the long-awaited drain.

Through its attorney, H. Eugene Field, the city gave notice of a possible suit, which would again stall the project. Field claimed the city should be given more credit for the necessary adjustments in the city's present drain setup to attach to the Twelve Town drain.

However, Claude H. Stevens, Detroit bond attorney representing the Oakland County Drainage Board, predicted Madison Heights probably won't get far if it does file suit.

"They've already had their day in court," Stevens said. "They didn't object then to the manner of assessing for the drain, which is the same now as it was before, despite apportionments being higher."

Field countered by saying the city could legally be heard in court because "the assessments were not made official until today."

★ ★ ★

Three members of the Drainage Board, which since 1952 has envisioned the huge drain project, designed to relieve seasonal flooding conditions in the southern Oakland communities, today approved new costs for 14 communities, the county and the state.

Southfield, Troy and Royal Oak Townships were the first to block the project when they filed suit in 1956 opposing what they said were unfair apportionments.

At today's half-hour meeting—delayed for an hour while Robert W. Moore, county auditor and drainage board member, arrived from Pontiac—only Madison Heights objected to the new costs. All communities to be served by the drain were present at the hearing in Royal Oak.

Drain Commissioner Daniel W. Barry was able to fix new costs after the State Supreme Court this year upheld a lower court decision of Oakland Circuit Judge H. Russel Holland.

Holland, in his opinion handed down in March of last year, declared the special legislation for the project was constitutional and the project could proceed. Appeals to the high court followed.

★ ★ ★

Field's objection this morning prompted Paul D. Foxworthy, Pleasant Ridge city manager, to urge that should a new suit be started any resulting increased costs should be borne by the litigants.

Most of the city and township officials at the hearing were content to see the project finally move ahead, despite having to pay more money. Total cost has jumped to $47,102,000 from an original cost of $44,092,000 because of the legal delays.

Barry answered Field's objection: "The board has nothing to do with the way you put in your own internal system."

Stevens supplemented the opinion, saying credit was being given for only 10 existing drains in the drainage district which the Twelve Towns drain will relieve.

Madison Heights will pay $2,848,803, after receiving $302,429 credit for existing drains.

In an attempt to escape another lawsuit, Fred L. Yockey, Huntington Woods city manager, urged Stevens and Barry to meet with Madison Heights officials "to try and iron out these differences out of court."

★ ★ ★

"Let's see if we can't do something fast and get this thing going," Yockey pleaded.

At the conclusion of the hearing, Stevens was seeking such a joint conference. He said Field has 20 days from today to initiate a suit.

Asked if he would, Field replied: "I was instructed Monday night by the City Council to do so. And I will, especially since the board paid no attention to our objections."

U.S. Softens on Russ Trade

K Reportedly Is Told to Pay Lend-Lease Bill as a Preliminary

WASHINGTON (AP) — Premier Nikita Khrushchev was told on his visit here that if the Soviet Union settled its lend - lease debt, the United States would find it easier to wipe out trade barriers between the two countries.

★ ★ ★

Undersecretary of State Douglas Dillon reported this today in reply to reporters' questions. He also said that Khrushchev registered strong objections during the Camp David talks to what the Premier considered discrimination against the Soviet Union in American trade polices.

Dillon said the only agreement reached was one to negotiate on a lend-lease settlement. This negotiation probably will be started in a month or two.

The United States has asked 800 million dollars in final settlement of Soviet obligations for war-time lend - lease aid which totaled around 2½ billion dollars.

★ ★ ★

The Soviet government, in prolonged negotiations begun soon after the end of World War II, offered 300 million dollars. Negotiations have been inactive for several years.

Dillon discussed at a news conference several actions which the United States might take if there is a lend-lease settlement.

This government, he indicated, may lift its embargo against crab meat from the Soviet Union, may ask Congress to remove the ban on Soviet furs, and may seek legislation permitting the Soviets to obtain credits here from private sources.

Pliers Are Sufficient for Minor Operation

FORT WAYNE, Ind. (AP) — When 3-year-old Ricky Loy got his finger caught in the end gate of a truck, his parents had to take both the boy and the truck to a hospital to get them separated.

★ ★ ★

Luckily it was only a toy truck, and a pair of pliers did the job.

Deaths in Pontiac and Nearby Areas

BRUCE M. DAVIS

Word has been received of the death of Bruce M. Davis, 64, of 131 W. Howry Ave., DeLand, Fla. He died unexpectedly Monday of a heart attack.

A former resident of Pontiac, Mr. Davis moved to Florida two years ago.

He had been a member of the First General Baptist Church here.

Surviving besides his wife, Pearl; are three sons, James of Boston, Mass., Martin and Bruce, both of Pontiac; and nine grandchildren.

Service will be held at 10 a.m. Friday at the Summerfield Funeral Home in DeLand with burial there.

WILLIAM F. DIENER

Service for William F. Diener, 55, of 2831 Watkins Lake Rd., Waterford Township, will be held at 1:30 p.m. Thursday at the Huntoon Funeral Home with burial in the Waterford Cemetery.

Mr. Diener died early yesterday morning of a heart ailment after an illness of several months.

HENRY P. HARDY

Service for Henry P. Hardy, 83, of 731 Portland St., will be held at 7:30 tonight at the Melvin A. Schutt Funeral Home. His body will be taken to the Shoemach Cemetery at Clarkton, Mo. for burial.

A former employe of Fisher Body Division, Mr. Hardy died yesterday morning at Pontiac General Hospital after a brief illness.

HELEN M. McHUGH

Word has been received of the death of Helen M. McHugh, eight-year-old daughter of Mr. and Mrs. John L. McHugh, of 406 Ruth St., Moore Park, Calif., former Pontiac residents.

The girl, who was fatally injured while playing on a trampoline in her home yesterday, is survived by her parents, two brothers and six sisters.

Service will be held Thursday morning at the San Fernando Mission in San Fernando, Calif.

MRS. THOMAS H. RAPSON

Mrs. Thomas H. (Rose) Rapson of 414 E. Tennyson St. died yesterday morning at Pontiac General Hospital following a five year illness. She was 96.

Mrs. Rapson leaves two daughters, Mrs. Kenneth Altiman of Pontiac and Mrs. James Bennett of Los Angeles, Calif.; three sons, Thomas of Holly, Fred and Harry, both of Pontica; nine grandchildren; and 16 great-grandchildren.

Service will be held at 1:30 p.m. Thursday at the Voorhees-Siple Chapel, with burial in Oak Hill Cemetery.

MRS. LEE EARLE

LAKE ORION—Service for Mrs. Lee (Flora M.) Earle, 75, formerly of Lake Orion, will be held at 2 p.m. tomorrow at Flumerfelt Funeral Home here. Burial will be in Evergreen Cemetery.

Mrs. Earle died Monday in a Fenton convalescent home after an illness of six months.

Eastern Star service will be conducted at 8 p.m. today at the funeral home by the Lake Orion Chapter, OES, of which she was a life member.

Surviving are two nieces, Mrs. Virginia Chamberlain of Oxford and Mrs. Flora Walsh of Fenton; and two nephews, Frank E. Price of Flint and Leo S. Price of Alden, N.Y.

YANKU MUTU

ALMONT — Service for Yanku Mutu, 82, of 4167 Van Dyke, will be held at 2 p.m. Saturday at Muir Brothers Funeral Home here. Burial will follow in Ferguson Cemetery.

Mr. Mutu died yesterday at the home of his son in Troy, after a brief illness.

Surviving are a daughter, Mrs. Anna Sunda of Almont; two sons, Yanku Jr. of Troy and Adam of Hazel Park; seven grandchildren and eight great-grandchildren.

MRS. LEE PERRY

HOLLY — Service for Mrs. Lee (Mertie M.) Perry, 78, of 816 S. Broad St. will be held at 1:30 p.m. Friday at Dryer Funeral Home. Burial will follow in Lakeside Cemetery.

Mrs. Perry died unexpectedly of a heart attack at Hurley Hospital, Flint, last night.

Surviving are a daughter, Mrs. Vina Chamberlain of Carleton; a son, Donald of Holly; four grandchildren and four great-grandchildren. Four sisters, Mrs. Mina Gibson of Detroit, Mrs. Lulu Mercier of Fenton, and Mrs. Emma Finch and Mrs. Ida Almond, both of Holly; and a brother, Edward De Forest of Detroit, also survive.

JOHN J. TEGGERDINE

CLARKSTON — Service for John J. Teggerdine, 89, of 6214 Waldon Rd. will be held at 2 p.m. Friday at Sharpe-Goyette Funeral Home, Clarkston. Burial will be at Oxbow Lake Cemetery.

Mr. Teggerdine died Tuesday at the Sunset View Nursing Home after a four-month illness.

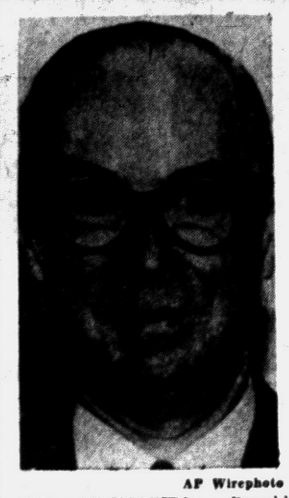

He was a member of the Cedar Lodge 60 F&AM in Commerce.

Surviving are four nieces and one nephew.

Former Bell Officer Dies in Detroit

DETROIT (UPI) — Frank L. Curtis, 72, retired director of customer relations for Michigan Bell Telephone Co., died Monday in a Detroit nursing home.

He was a native of Monroeville, Ohio, and came to Michigan Bell as assistant secretary and assistant treasurer in 1920. He retired in 1951.

AP Wirephoto

DIES IN HOSPITAL —Donald M. Nelson, above, World War II production boss, died at Good Samaritan Hospital in Los Angeles yesterday. He was 70. Nelson had been hospitalized a month following a stroke. The late President Roosevelt appointed Nelson head of the War Production Board, a post which he held for three years.

Judge Sharp Services Will Be Tomorrow

DETROIT (UPI)—Funeral service will be held tomorrow afternoon for common pleas Judge L. Eugene Sharp, 75, who died yesterday after suffering a heart seizure during his sleep.

He was a veteran jurist, starting as a justice of the peace in 1921. He served three years as a Wayne County circuit judge and in 1935 was elected a common pleas court judge. He had served continuously since that time.

British World War I Cartoonist Dies at Home

NORTON, England (AP)—Capt. Bruce Bairnsfather, 71, whose front-line cartoon character "Old Bill" kept Britain laughing during the dark days of World War I, died Tuesday night at his home.

Bairnsfather was a soldier with the Warwickshire Regiment when he sent a bundle of his cartoons from the Flanders front to a London magazine.

★ ★ ★

"I suddenly saw the ridiculous side of being miserable in such surroundings," he said years later.

Killed Driving Tractor

HOWELL (UPI) — Robert P. Scott, 49, Howell, was killed yesterday when a homemade farm tractor he was driving on highway U. S. 16 near here was struck from behind by a truck.

White Gold Has Nickel

White gold is pure gold whitened and hardened by adding nickel.

Judge Defends Oldsters

Man, 71, Back on Job

LIGONIER, Ind. (UPI) — A mayor who fired a veteran police officer because of his age insisted today a man "over 65 can't take care of himself, let alone a town."

Mayor Roy J. Jorg forced Elmer Bole, Ligonier police chief, into retirement because he was 71 years old. On Bole's appeal, the Indiana Appellate Court reversed Jorg's order.

A state's second highest court yesterday delivered a stirring defense of persons in late life.

An opinion written by Judge Walter Myers Jr., noted that "many lawyers and jurists die with their boots on in their 80s."

"Professional men and women are known to be at their best upon reaching the age of 70," the court said. "Age itself does not constitute incapacity."

Myers noted that Sen. Theodore Green (D-RI) will be 92 years old Friday.

Jorg, however, stuck fast to his contention that Bole was too old to handle the job of police chief.

Here's Switch! Manville Will Be a Best Man!

NEW YORK (UPI) — Often a bridegroom, but never a best man.

★ ★ ★

Madcap millionaire Tommy Manville is going to take care of that on Friday when he will serve as best man at the wedding of his attorney, James Dempsey, and Mrs. Marian F. Williams.

The 65-year-old asbestos heir, who has been married 10 times, said he has no further matrimonial plans for himself at present.

★ ★ ★

"But I may find a prospect at Jim's wedding," he said.

Lies in Two States

Great Smoky Mountains National Park is half in North Carolina, half in Tennessee.

Teamsters to Lay Off Raiding in the States

WASHINGTON (UPI)—The Teamsters Union reports it has no plans to start an organizing war with AFL-CIO affiliates for members in the United States.

★ ★ ★

Teamsters Vice President Harold J. Gibbons, right-hand man to Teamster President James R. Hoffa, made this clear at a news conference yesterday after a meeting of the Teamsters' general executive board.

"We have a policy of avoiding raiding and no reason to change that policy now," Gibbons said.

★ ★ ★

The question arose when he reported "excellent" progress in the Teamsters' year-long fight against the AFL-CIO in Puerto Rico. He was asked if this battle might spread to the mainland.

"I do not anticipate any such development," Gibbons replied.

My Bob says...
"Our oil heat furnace is one of the smartest investments we've ever made."
"I don't know a British Thermal Unit from a gyrocompass. All I know is that our oil heat is clean and economical.
"Bob says the best thing about our oil heat is that it's safe—and it's completely automatic too. Did you know that our oil furnace doesn't even have a pilot light? Bob says that's because it's fired by an electrical ignition system that's practically foolproof and with our fuel dealer filling our storage tank automatically, we never have to worry about a thing, especially pressure drops, when the weather gets cold. My Bob knows just everything."
Your Oakland Oil Heat Council doesn't know everything, but they do know everything about heating a home with fuel oil. If you're planning to install a new furnace this season, it will pay you to contact a member of the Oakland Oil Heat Council, you will see his symbol everywhere. He will advise you as to the many advantages of heating your home with fuel oil.

Hal Boyle Sees Major Problems

Parenthood Pops Up So Suddenlike

NEW YORK (AP) — Every minor's parent has a major problem.

Parenthood is so sudden — at least from the father's viewpoint.

One moment life is just a wild, wild shared sniff of the rosebud or lilac bush, a whisper together in summer under a tawny moon. So it is to him.

BOYLE

Then—Bingo! A husband is a father. There is posterity. This is what comes from marriage.

It is bad enough when the nurse calls you to a hospital window and points at a bundle of blob and says, "you belong to it!"

The blob grows older—in public—and squirms. It is yours and you cannot ask for a new deal.

★ ★ ★

You try to be blase about it. It haunts you like a bright shadow. You know you have to feed it, but every time you feed it, it gets even bigger. It begins to nuzzle your hand, and makes you feel vaguely uncomfortable.

It is wet in front and behind.

By the time you get used to calling it by its first name, it quits crawling and starts lolly-gagging around the place on its own two feet as if it owned the place.

Then it goes to nursery school, and when you ask it what you're getting for your money it sucks its thumb, which it did before it went to nursery school.

Next it goes to kindergarten and is the class of the crowd. If you just say "Hello" to it, well it starts declaiming:

"The little toy dog is covered with dust

"But sturdy and staunch it stands."

Well, at this point the kid starts to clabber up and cry, your wife clabbers up and begins to cry, and you start to weep out of general sympathy. You never do find out how the little toy dog shakes off all that dust.

THE BIG MISTAKE

Until now it—your offspring—is only going by memory. Then you send it to the first grade. That is the big mistake.

★ ★ ★

A child starts going to first grade at midnight before the opening day. It dreams nightmares. At dawn it is like a tiger. You cannot hold it back.

The second day and every day after that it is like a pretzel. It has to be bent into its pants, its sweater and each shoe, one after the other. It is like pouring glue into a sloth's nostril, or herding molasses uphill in February.

Meanwhile, the thing claims it has learned to read.

★ ★ ★

"The cat saw the rat," it leers. "And the dog saw the cat."

Then it hands you a copy of "War and Peace" by Tolstoi and demands, "Tell me the rest of the story."

Triumphantly it lolls back in your arms like so much melted butter, as you try to stuff it into its clothing so that it can face new victories in the first grade.

And it has to get there on time, though all else in the world end. This is the desperate major problem of a parent of a minor in our time.

"The cat saw the rat," it leers again. "And the dog saw the cat."

The echoing bus bears it away. And it's on a round trip.

Insurance Office May Become a City Hall

HASTINGS (AP)—Property owners will vote Nov. 24 on a $70,000 bond issue to finance purchase of an insurance firm's home office building at Hastings for use as a city hall.

Hastings Mutual Insurance Co. offered its building for $65,000 plus a bid to purchase the entire bond issue at less than current interest rates. The firm plans to build a larger home office in Hastings.

State Schools Need Not Hire Traffic Officers

LANSING (AP) — School districts are under no obligation to hire "traffic officers" to conduct school children across streets and highways, Atty. Gen. Paul L. Adams held Tuesday.

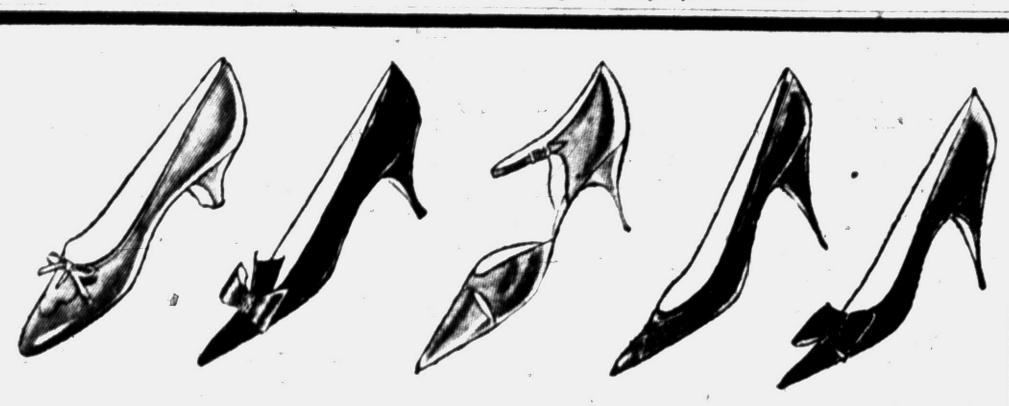

Hiring of such personnel is within the discretion of individual districts, Adams said in an opinion sought by Dr. Lynn M. Bartlett, State Superintendent of Public Instruction.

Adams said a school traffic officer's authority extends only to school children.

"His raised hand is only a bid for cooperation from vehicular traffic," he said. "It carries no power to compel obedience of the motorist."

Thursday, Friday, Saturday
OCTOBER 1, 2 and 3

See dramatic new design concepts, accentuating an overall appearance of classic sophistication which distinguish Pontiac styling for 1960.

Wide Selection
for
Immediate Delivery
16 Salesmen to Serve You!

NEW VENTURA SERIES
has been added for 1960!

Pontiac in 1960 further enhances its reputation as America's No. 1 Road Car with a parade of sixteen models in its Catalina, Ventura, Star Chief and Bonneville series with 47 new engineering features including all new bodies, advanced engines and components, reduced tunnel height and width, and improved ride and handling.

The Catalina series offers seven body styles, a two-door and four-door sedan, a two and four-door hardtop, a six and nine-passenger four-door Safari and a convertible.

The new Ventura series has two bodies — a two and four-door hardtop.

The Star Chief series features a two and four-door sedan and a four-door hardtop.

The Bonneville series presents four glamorous models — a two and four-door hardtop, a custom convertible and a custom Safari.

In addition, Pontiac retains wide track wheels, enlarged glass area, rigid center tubular X-frame, True Contour air cooled brakes, Tempest 425-E economy engine, and other popular features which elevated the Division to medium price class leadership in 1959.

the New Point of View . . . Still With Wide Track Safety

CLASSIC SOPHISTICATION is dramatized by Pontiac's new 1960 Bonneville convertible. Sculptured side styling presents a subtle wing appearance extending along both fenders into the door areas. Tailored, straight line mouldings enhance the car's low sweeping design. A crest on the front fender and narrow, horizontal ports on the rear, distinguish this series which also includes two-door sport coupe, four-door Vista hardtop, and Safari station wagon models. A four-barrel carburetor, special interior trim, customized instrument panel with padding, passenger assist rail, courtesy lamps, electric clock, and two-speed electric windshield wipers are but a few of the extras offered as standard equipment with Pontiac's top-of-the-line series.

Michigan Bell Hike? No, Drop---Economist

LANSING (AP) — A state expert takes the position that Michigan Bell Telephone Co. should get a rate reduction instead of the sizable increase it is seeking from the State Public Service Commission.

★ ★ ★

Tom Hancock, PSC staff economist, testified Michigan Bell's present rate structure yields an annual excess of revenues of $3,985,000 or $4,550,000, depending on the yardstick used.

A transcript of hearings showed that Hancock differed from company witnesses on their data relating to income, what is a fair rate of return on investment and on determination of a proper rate base.

In its rate application filed last March, Michigan Bell mentioned no specific amount of increase. However, witnesses before the commission indicated an incrase up to 23 million dollars could be justified.

NOT BINDING INFLUENCE

Hearings in the case, now in recess, will be resumed Oct. 19. commission staff members will be cross-examined on presentations made last week.

The commissioners are in no way bound to accept the conclusions of the staff, and take no direct part in their formulation.

Hancock elaborated yesterday to newsmen on testimony given Thursday.

★ ★ ★

On the questions of rate base—the company's input into its intrastate operations in the form of plant for rate-making purposes—Hancock argued for a calculation of 543 million dollars as against the utility's $588,390,534.

Hancock relied on the measure of capital obtained through sale of common stock to American Telephone and Telegraph Co., the parent concern, plus money raised through sale of debt paper (debentures).

Michigan Bell witnesses used as a yardstick depreciated plant plus an allowance for working capital.

OWN RATE DATA

Using his own rate base data, Hancock said a return of about 6.5 per cent would meet the company's income requirements, producing about $35,400,000 a year.

Michigan Bell calculates present income at $36,043,000, whereas Hancock said a more proper computation is $37,311,530.

The difference, he said, traces to a commission staff assumption on debt ratio which gives the company more interest that may be charged as a deduction against federal income tax, thereby reducing tax liability and increasing actual income.

★ ★ ★

If his fair rate of return figure were applied against Michigan Bell's higher rate base, it would come out 6.02 per cent, Hancock said.

This compares with a 6.6 per cent rate of return established by the commission in an order granting the utility its most recent rate increase last year.

A Michigan Bell witness testified a fair rate of return on the larger rate base would be 8 per cent, which would boost income to just over 47 million dollars a year.

In order to net this much income after allowance for federal income, a rate increase of $22,975,000 would be required.

New Jersey Has Them

Chicken Bone, Bivalve, Ong Hat, Timbuctoo, Hi-Nella, Brass Castle and Double Trouble are all names of communities in New Jersey.

Ford '60 Prices Holding '59 Line

Follow GM's Pattern; Falcon Tag Due to Be Announced Soon

DETROIT (AP) — Ford Motor Co's suggested list prices for 1960 model cars will average about the same as those for 1959 models.

Ford prices, announced yesterday, follow a pattern set earlier this month by General Motors in a hold-the-line policy.

★ ★ ★

Chrysler Corp. indicated it would not increase prices when the Chrysler - Amperial division yesterday announced figures on the 1960 Imperials. The only Imperial increases covered added equipment.

Here are the Ford Co. prices, except for the new, smaller Falcon whose price is due to be announced later this week:

FORD — From $1,970 for a Fairlane business two - door coupe (up $6.10) to $2,711 for a nine passenger Country Squire station wagon (up $9). Ford is dropping its custom 300 line and replacing it with the Fairlane in the same price bracket.

THUNDERBIRD — $3,426 for the hardtop (up $30.70) and $3,860 for the convertible (up $201.70).

MERCURY — From $2,389 for a Monterey two-door sedan (down $156.70) to $3,681 for a Park Lane Convertible (down $142).

EDSEL — From $2,412 for a two-door sedan (up $14) to $2,741.50 for a convertible (down $65).

LINCOLN — From $4,982 for a four-door sedan (up 70 cents) to $5,451 for a premiere four-door hardtop (up 10 cents).

CONTINENTAL — From $6,267 for a four-door sedan (down 30 cents) to $9,386 for a limosine (unchanged).

Suggested factory list prices do not include any taxes, transportation charges or dealer handling charges.

★ ★ ★

Ford prices are for six cylinder models. A V-8 engine costs $105 extra. Last year it cost $110 extra. All other prices are for eight cylinder models. Edsels, except the convertible, are available in six cylinder models at a reduced price of $77.80.

The biggest price cuts are in the Mercury line.

Ford has added a cigar lighter, horn ring, front arm rests and right sun visor as standard equipment to the Fairlane series. These cost extra in 1959.

Fords go on sale Oct. 8 and the M-E-L division cars Oct. 15.

Saw This Buried Treasure in 1941

Ex-GI Digging for Gold

FT. HUACHUCA, Ariz. (AP) — An ex-GI from Dallas, Tex., aided by the U.S. Army, is digging for buried treasure at this southern Arizona post.

Robert Jones, 55, an unemployed stone mason, swears there's enough gold buried in a canyon on the reservation "to buy Ft. Worth and Dallas, too."

If the Army isn't sold on Jones story, it at least is willing to lend him a huge power shovel, a drill and a five-man crew to help with the digging.

Jones, a 265-pound Negro who can't read or write, says he discovered more than 200 bars of gold when he accidentally fell down a hidden shaft while hiking in the canyon in 1941.

Army authorities wouldn't believe his story at the time, Jones says, and he was shipped overseas with the 25th Infantry Division before he could exploit the discovery.

Wounded in the South Pacific, Jones was in and out of veterans hospitals for several years after his discharge in 1944.

Jones returned to Ft. Huachuca last January and found what he said was the site of his earlier discovery. The shaft, however, was covered.

Barbecue Ribs on 117th Birthday Requested by Vet

HOUSTON, Tex. (AP)—Walter W. Williams wants barbecue ribs for his 117th birthday.

The last surviving veteran of the Civil War chatted with a daughter today about plans for the Nov. 14 birthday.

★ ★ ★

"He wanted to know if we were going to have a big party," said Mrs. Willie Mae Bowles. "I told him that remained to be seen. He said he wanted a big party and barbecue pork ribs. Of course he couldn't do anything but chew on the ribs, but if he continues to surprise us all we'll have them for him."

The Confederate veteran was critically ill in July and August after a seige of pneumonia. He began to show improvement early this month, however, and Mrs. Bowles said last week he had recovered completely.

★ ★ ★

"He hasn't asked as yet for chewing tobacco, his favorite, but he is listening to his hillbilly music regularly," she said.

Dedication Ceremonies Not Held by Dam Site

PLATTSMOUTH, Neb. (AP) — When dedication ceremonies of a new flood control dam had to be shifted to town where it could be held indoors because of rain, the Plattsmouth Journal topped the story with this headline:

'Hill City' Project Dedicated Friday . . . Not by a Dam Site

Says Disputed Indian Area Well Populated

NEW DEHLI, Indio (AP)—The government said today nearly one million persons live in 40,000 square miles of northern India claimed by Communist China.

★ ★ ★

A foreign ministry spokesman said Red China's claims include the entire Himalyan region of the Northeast Frontier Agency, 6,000 square miles of Ladakh province in disputed Kashmir state and an area along the 300-mile border of Kashmir occupied by Pakistan.

The Red Chinese occupy Khurnak Fort and Spangguar in Ladakh and Lonju in the Northeast Frontier Agency, he said.

Oxygen was discovered by English Dr. Priestley in 1774.

This African's Reply Was Greek to Her

BALTIMORE (AP) — For more than a year, Miss Odette Achain has received what appeared to her to be love letters from a gentleman in Tunisia, Africa.

★ ★ ★

The Tunisian hired a secretary to write his letters in what he thought was French. But Miss Achain reads French like a Frenchwoman — which she is —, and knew the man was unaware of exactly what his secretary was writing.

★ ★ ★

Miss Achin explained the letters were coming in Petit Negre, which is elementary French as it is spoken in the colonies by the natives. So she asked her pen pal to forward some of his sentiments in his own hand.

He did. The letter came the other day, written in Arabic.

U.S. to Pay for Exchange With U.A.R. Students

CAIRO (UPI) — The United States will provide $1,100,000 to finance the exchange of students and professors with the United Arab Republic.

U.S. Ambassador Raymond Hare and U.A.R. Education Minister Hamal Eddin Hussein signed the agreement which replaces the Fulbright exchange program here.

Japanese is spoken by about 97 million people.

AP Wirephoto

EARLY VISITOR — Denver is shrouded in the grip of a four-inch September snow storm. The unseasonable blizzard smashed tree limbs and power lines yesterday, damaging many parked cars. Sections of the city lost power service while broken, live lines dangled dangerously.

Have Most Cattle

WASHINGTON — Texas, Iowa, Minnesota and Wisconsin lead all of the states in the total number of their cattle.

Claim They Can Spot Potential Delinquents

CAMBRIDGE, Mass. (UPI)—A well-tested system for spotting potential delinquents in early childhood has been developed by Harvard Law School's famed husband-and-wife team of criminologists.

Prof. Sheldon Glueck and Dr. Eleanor T. Glueck announced they have perfected a series of "prediction tables" that can spot:

—Children who are likely to get into trouble with the police.

—Criminals who are likely to be trouble-makers in prison.

Must Show Benefits if You Deduct Costs

WASHINGTON (UPI) — The Internal Revenue Service (IRS) has ruled that a taxpayer is not entitled automatically to deduct his expenses in attending a business or professional convention.

★ ★ ★

The Revenue Service said such expenses are tax-deductible only if the taxpayer in attending "is benefiting or advancing the interests of his trade or business."

One way to determine whether this is to compare his job or line of work with the purpose of the convention as shown by a program or agenda, the service said.

YOU MAY HAVE PIN-WORMS AND NOT KNOW IT!

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms . . . ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for *genuine* Jayne's P-W Vermifuge . . . the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

Ike Endorses Week to Study America

WASHINGTON (UPI)—President Eisenhower today endorsed "Know Your America Week" as a chance to revitalize this country's determination to "study and apply the principles on which our nation was founded."

★ ★ ★

The Commemorative week, scheduled for Nov. 22-28, is sponsored by the All American Conference to Combat Communism, and by 50 affiliated groups.

The President's statement said the strength of America is centered in the concept of freedom—"the most powerful and creative force on earth."

Hope College Reports Record 1,311 This Fall

HOLLAND (AP)—Hope College reports a record number of 1,311 students enrolled for the current term. The figure is boosted slightly by 34 special students.

New York with 171 and New Jersey with 123 lead in registrants from 28 states outside Michigan. A total of 37 students represent 15 foreign countries.

UPI Telephoto

NO BUBBLE TROUBLE — Popping up out of her "bubble car" is Mrs. Patricia Llewelyn Davies, Labor Party candidate for England's Wadsworth Central area. Mrs. Davies finds the midget auto, equipped with Labor Party Posters and a loudspeaker, just the thing for slipping down narrow streets in her campaign for the Oct. 8 elections.

Callas Quits in Berlin; Fans Angry

BERLIN (AP)—Soprano Maria Callas today postponed a Berlin concert indefinitely bringing angry Berliners to the box office to demand their money back.

The fiery American-born opera star, whose Italian husband is suing for a legal separation, announced through her local agents that she couldn't sing Saturday night because her personal American conductor, Nicola Rescigno, is sick in London.

★ ★ ★

"Can't she sing with another conductor?" asked some of the fans who had paid $5 to $25 for tickets.

"She won't," agents for the concert replied.

★ ★ ★

The firm said it is trying to arrange another concert in three weeks.

Miss Callas, 35, also blamed Rescigno's illness for her failure to appear in London Tuesday to film a television appearance. Britain's commercial TV network has threatened to sue the singer.

The soprano was reported in either Milan or London but wasn't available to the press wherever she was.

Planning U.N. Library for International File

UNITED NATIONS, N.Y. (AP)—Plans for a modernistic new library to house the U.N.'s growing collection on international affairs were announced Tuesday by Secretary General Dag Hammarskjold. The $6,200,000 estimated cost will be paid by the Ford Foundation.

The three-story, marble and glass building, topped by a penthouse lounge, will be located in front of the U.N.'s skyscraper headquarters on the site of the present library, originally designed as an office building and now crammed with books and documents.

★ ★ ★

Target date for completion is late in 1961. During construction the U.N.'s collection of 200,000 books will be housed in the secretariat building.

Built Before Revolution

The Gen. Nathanael Greene Homestead, in Anthony, R. I., was built in 1770. Green was second in command to George Washington of American troops during the Revolution.

The barometer, which judges changes of weather, was invented by Italian scientist Torricelli in 1643.

Bond Fate Up to Tax Vote

Seeking Funds for Troy Schools

Hike in Levy Would Let Board Go Ahead With $2,300,000 Issue

TROY — The fate of a proposed $2,300,000 bond issue for expansion of educational facilities in this city will be decided in a special school election Oct. 10.

The school board is asking voters to approve a hike in school taxes. This would raise taxes to $4.50 per thousand dollars of assessed property valuation for the first year, $4.40 the second year and less for the third year and on a continuing diminishing scale until the bond issue is paid off in 25 to 30 years.

If the bond issue passes, the school board proposes the following improvements in the city's school system:

A new elementary school for the north central area of the city to relieve overcrowding at Niles, Troy Union and Colerain schools.

★ ★ ★

An addition to Morse School of 10 new classrooms, a multipurpose room, library, clinic and office to relieve a problem of overcrowding there.

An addition of two classrooms to balance music and special education classes at Poppleton School and improved storage and sewage treatment facilities.

At Big Beaver School, sewage treatment and heating plant alterations in the old section of the building.

Niles School, heating plant alterations in the old section of the school.

SEEK MORE ROOM

Building repairs at Troy High School.

Additions to the high school to house 600 more students, including the 9th grade from the junior high school, thus to relieve overcrowding of both senior and junior highs.

The present proposals would cost $500,000 less than those which appeared on a ballot last year.

The building program is for five years based mainly on the number of children now living in the district, with allowance being made for population growth patterns similar to those of the past five years.

Enrollment of students in Troy schools is expected to increase from 3,500 today to 4,500 by 1964 based on a school census taken last May.

Troy residents are invited to visit the schools to see that the additional space is really needed, according to a statement issued by the school board.

An open discussion of detailed building plans will be held at 8 p.m. Monday in the high school gym. Architects will present their plans and drawings at that time.

Application for absentee ballots must be completed before 2 p.m. Saturday at the Board of Education Office in the Troy High School, Superintendent of Schools Rex Smith said.

County Confab for City, Rural Youth Scheduled

The Oakland County Extension Service has invited all local residents between the ages of 17 and 30 to attend a city-rural youth conference Oct. 10-11 at Clear Lake Camp near Dowling.

The weekend conference is sponsored by six national and international youth organizations.

Lyall Abel, director of the County Extension Service, says those interested should preregister by Oct. 5. Arrangements can be made by contacting his office.

"Those attending will discuss differences in customs and beliefs between urban and rural young America," says Abel.

★ ★ ★

Guest speaker for the event will be Dr. Paul A. Miller, provost of Michigan State University.

Walled Lake Parents Go Back to School Thursday

WALLED LAKE—"Parents Back to School Night" will be held at both junior high schools here tomorrow and not tonight as reported in yesterday's paper.

Parents will meet at Clifford H. Smith Junior High at 7:30 p.m. in the cafeteria, and at Walled Lake Junior High at 8 p.m., also in the school cafeteria.

Heir to Schlitz Fortune Must Take Mental Test

OCONOMOWOC, Wis. (UPI) — Walter Tallmadge, heir to the Schlitz brewery fortune, pleaded guilty yesterday to two morals offenses involving a 13-year-old girl.

Tallmadge, 27, was ordered to undergo a 60-day psychiatric examination before sentencing.

Marshall Retires, Rail Service Ends

Clarkston Loses Oldsters

By REBA HEINTZELMAN

When George Marshall walks out of his beloved Grand Trunk railroad station today after 54 years of faithful service, he not only closes the door on a full career, but his leaving signifies the end of Clarkston rail transportation.

★ ★ ★

Only once in all those years was Marshall away from the old station, with its reliable pot-bellied wood stove still standing in the middle of the waiting room.

That was the time 30 years ago when an influenza epidemic swept the country and Marshall was bed-ridden for two weeks.

Since then, he hasn't missed a single day of work—building the fire and cleaning up the two-roomed railroad station on White Lake road each morning.

STARTED AS DISPATCHER

Born in Walled Lake more than 70 years ago, Marshall married a home-town girl and settled down to the life of a railroad man.

He started as a dispatcher and later studied the "newest means of communication—telegraphy."

That was when the telegraph operator was the very heart of the entire railroad system, Marshall said.

★ ★ ★

The operator directed the engineer in time schedules, rate of speed going through towns and when and where to make siding waits for oncoming trains, he explained. "Now all this is done by telephone and radio," he added sadly.

There was also a time when it took 12 big coach cars to haul gay Deer Lake vacationists from Detroit, Pontiac and Flint and back.

It was a regular Sunday evening pass time then for villagers to come down to the station and watch the black smoke billow from the big locomotive stacks and spit white steam from around the wheels as it chugged out of the station area.

RECALLS 1ST MISHAP

Just three months after he started with the Grand Trunk, Marshall had his first experience with a bad train accident.

One mile from his station, on Christmas Eve 1905, five men were killed crossing the railroad track. Although Marshall has assisted in other train accidents, the horror of the first never has been forgotten.

Another outstanding experience came in 1922 when a spark from a passing locomotive set fire to the station.

Marshall had gone home to eat his lunch, when a neighbor came in and told him his station was on fire.

In those days there was no fire-fighting equipment available, so "there was nothing we could do but just stand there and let 'er burn," Marshall said.

However, the company immediately built the present station on the foundation of the old, and Marshall continued to pile up railroading years.

HONORED FOR 50 YEARS

Four years ago, company officials honored the gentleman for his 50 years of service.

There was a time when closing the Clarkston railroad station would have created havoc with towns people. It was their only means of transportation besides horse and buggy, and regular commuting passengers would have been stranded.

Today there is little fuss about the closing of the station. The rooms are empty but for the antiquated telegraph equipment on the old desk in front of the windows.

★ ★ ★

A couple of well-worn captain's chairs are pulled up near the old stove and the floorboards creak from hard wear and tear of former years.

Marshall now plans to putter around in his garden and when the days grow cold, he and his wife Ruth will head for the South to visit their daughter for five months.

The quiet-spoken gentleman thinks it may be hard for awhile not to open the station by 7 a.m. and that he may feel a little blue when he hears an old-time train whistle.

But, he added, "When you reach the end of the line, it's high time to get off."

Pontiac Press Photo

END OF THE LINE—Station Master George Marshall and the pot-bellied stove, his faithful friend on many a cold night, are retiring together today after 54 years of service with the Grand Trunk Railroad. The line serving Clarkston is being discontinued with their retirement.

2 Men Wounded in Holdup of Store

An Oak Park man and his brother were seriously wounded during a holdup of their loan office—clothing store in Detroit yesterday.

Joseph Weinman, 38, of 22110 Cloverlawn St. is in Receiving Hospital in Detroit with a bullet wound in his stomach. His brother, Hyman, 36, of Detroit is in Harper Hospital with a skull fracture.

Hyman told Detroit Police that he was in the rear of the store at 4159 Hastings St. showing jackets to a customer when he heard a shot near the front door.

He ran up front to find his brother lying on the floor and a youth standing over him with a gun in his hand.

Hyman said he fought with the intruder who hit him over the head with the gun.

Before he passed out, Hyman said he heard the youth tell the customer to take the money from the till.

Joseph was unable to make a statement to police.

Hyman said $50 was missing from the till and $6 from his brother's pocket.

Police are holding the customer, William Floyd, 23, of Detroit for questioning.

A .38 caliber pistol was found by police in a field near the store.

PTA Boss Calls for Cooperation

County School Officials Join Members to Hear Mrs. Neldrett Speak

Superintendents from five Oakland County school districts and the county school superintendent joined PTA members from the area to hear Mrs. Charles Neldrett, president of the Michigan PTA Congress, speak yesterday at the Troy Presbyterian Church.

The topic of her talk was "School Policy." She said that PTAs "must work with the schools, cooperating with them and not interfering."

Also, "PTAs must remember that they are basically educational groups and their policies carry this through, although many of them appear to be only money-making groups."

"We as parents must spend more time learning what are the real community and school issues," said Mrs. Neldrett.

★ ★ ★

The five superintendents who attended the talk, along with Dr. William J. Emerson, county school superintendent, were LeRoy R. Watt of Avondale District, Paul A. Schalm of Clawson, A. A. Reed of Lake Orion, R. A. Ambrose of Oxford and Rex B. Smith of Troy.

Workshops were held in the afternoon following the talk.

Stiles PTA Meets Tonight at Eight

AVON TOWNSHIP — A "buzz session" between parents and members will highlight tomorrow night's meeting of the Stiles School PTA to be held at 8 p.m. in the multi-purpose room of the school.

Subject of the discussion will be kinds of programs to offer during the present school year that will attract more attendance at the PTA meetings.

Speaker of the evening will be Mrs. William Porter, president of the East Oakland Area PTA Council. Her topic will be "The Goals and Objectives of PTA."

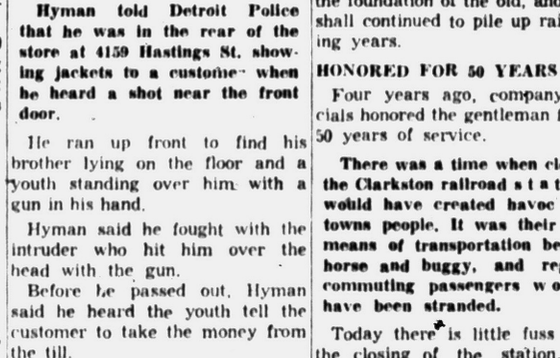

A barbershop quartet, the "Knights of Note" will sing several selections, and refreshments will be served.

Clarkston Eastern Star to Elect Officers Monday

CLARKSTON — The Joseph C. Bird Chapter of the Eastern Star will hold an election of officers at its annual meeting at 6:30 p.m. Monday.

Members and guests have been asked to bring a "dish to pass," at the pot-luck dinner. The business meeting will follow at 8 p.m.

Is "iron-hungry blood" making you only "half" a woman?

Are You So Run-Down You Can't Give Your Husband Real Companionship? Then Discover The Wonderful Blood-Strengthening Action of This Special Iron Tonic for Women!

How tragic when a woman feels so tired, so run-down, she can't be a real companion! This can turn marriage into misery! Luckily, it's often due to "Iron-Hungry Blood" (simple iron deficiency anemia). Then it's needless for women to suffer this awful weariness. Now, a wonderful iron tonic can help relieve this condition...thus renew your vigor and vitality. It's Lydia E. Pinkham's Tablets, *only* blood enriching iron tonic made especially for women!

Rich in iron, Pinkham's Tablets start to strengthen "Iron-Hungry Blood" *within one day!* Thus quickly help build rich, red blood...to restore your strength and energy . . . so you feel fine again fast . . . able to enjoy life!

Pinkham's unique formula can also bring blessed relief from functionally-caused "female distress". Even torturous monthly cramps and "Hot Flashes" of change-of-life were relieved in doctors' tests! No wonder so many women use Pinkham's Tablets *all through their lives!*

If you're tired, weak and run-down due to "Iron-Hungry Blood", get Pinkham's Tablets from druggists. See if you don't soon feel "all" woman again!

FOR FEMALE AILMENTS! Doctors' tests prove famous Lydia E. Pinkham's Vegetable Compound (liquid) also brings quick relief from discomforts of monthly pain and change-of-life.

Zoning Case Will Be Heard

Plea for Dismissal of Laxity Charges Denied by Circuit Judge

WASHINGTON TOWNSHIP — Township Atty. Percy G. Horler's request that court action against the Township Board and Zoning Administrator for alleged laxity of zoning law enforcement be dropped has been denied.

Horler argued that since stop-orders had been issued recently against two gravel companies for operating during hours other than those specified in the ordinance that the township was enforcing the zoning law.

J. Gerald McLean, representing the plaintiffs, Mr. and Mrs. Robert Fettig, said there are other provisions in the ordinance which have not been enforced since the law was adopted almost a year ago.

Macomb Circuit Judge Alton H. Noe ruled that he would start to take testimony around the first of November.

Horler pointed out that stop-orders had been issued against Hi-Grade and Maertens sand and gravel companies, said to be operating at times other than those set forth in the ordinance. No further action was taken when the two companies began to comply with the provisions, and they are no longer in violation, Horler reported.

The Fettigs charge that "lack of enforcement has resulted in chaotic conditions throughout the western portion of the township, endangering the public health, safety and welfare of all inhabitants."

An earlier test case initiated by the township last month against Western Contracting Co. for alleged failure to follow the hours provision of the ordinance was dismissed.

2 Businesses Under 1 Roof for Man, Wife

A Highland Township couple has gone into business separately, but under the same roof.

Fred Violett and his wife, Dorothea, bought a large old white frame home at 3135 E. Highland Rd. recently and have since completely remodeled it.

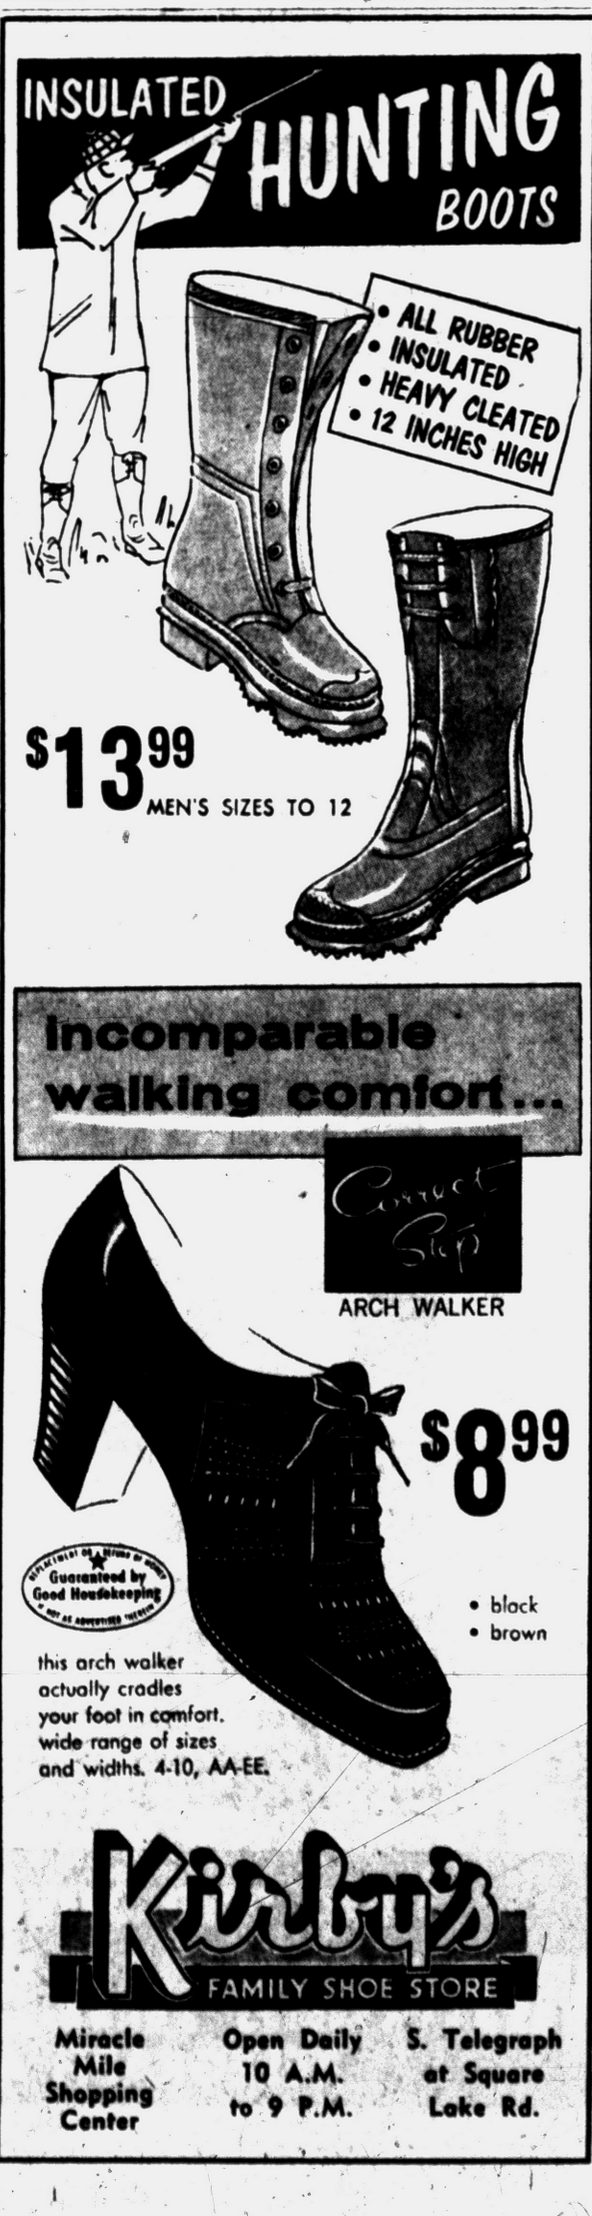

Half of the building will be the new location for the Home Upholstering and Furniture Company, owned by Violette, and formerly located at 3005 Highland Rd.

His wife has been named manager of the East Highland Branch of Steele Real Estate. The new branch will be housed in the remaining half of the building.

Pontiac Press Photo

HONORED AT RECEPTION—Guests of honor at a reception held last night at Avondale High School were, from left, the Finnish Consul, Harri M. Virjo, the Netherlands Consul, William K. VonWeiler, foreign exchange student Marjatta Eskelinen of Kuopio, Finland, and Ervin Gingrich of Avon Township, who was an exchange student in the The Netherlands this past summer. The affair was sponsored by the American Field Service Committee in the Avondale school community. Highlights of the program were selections by the high school glee club; a film of his homeland shown by VonWeiler, remarks from the Finnish student and a report of his trip by Gingrich. Both Ervin and Marjatta are seniors at Avondale High School this year. While in Avon Township, Marjatta is a guest in the home of Mr. and Mrs. Alvin J. Tallman, of 950 Francis St.

AUCTION SALE

of

PUBLIC OWNED PROPERTIES

In pursuance of the provisions contained in Miscellaneous Resolutions Nos. 3546, 3554, 3566, 3571 and 3572 as adopted by the Oakland County Board of Supervisors at its meetings held on June 22, 1959; August 5, 1959; September 14, 1959, and September 21, 1959, respectively, the following described county-owned properties will be offered for sale. (Entire Parcel)

The above described properties are offered for sale subject to all governing restrictions and easements of record.

Signs will be placed on all properties so that each item can be identified.

Prospective purchasers may make appointments for inspection of the interior of the houses by contacting this Board. (Telephone FEderal 3-7861, Extension 81.)

TERMS AND CONDITIONS

The opening bid on each parcel shall not be acceptable if less than the amount shown opposite each description under the heading of "Minimum Acceptable Bid." All successive bids shall not be less than in multiples of $50.00. Successful bidders shall be required to make a good faith deposit of not less than 15% of the total bid immediately upon completion of sale of each parcel. Such deposits to be in cash or certified check made payable to the Oakland County Board of Auditors who will issue a proper receipt for the same. Balance of full bid price to be paid within the 90 day period following date of auction.

Failure to complete full payment within said 90 day period shall result in the retention of the property and deposit by the County of Oakland as liquidated damages.

TIME AND PLACE OF AUCTION

Said auction will be held in the Supervisors' Room located on 4th Floor of Oakland County Office Building, No. 1 Lafayette St., Pontiac, Michigan, commencing promptly at 10:00 A.M., E.S.T., WEDNESDAY, OCTOBER 7, 1959.

This Board, acting as the agent for the Buildings and Grounds Committee of the Oakland County Board of Supervisors, reserves the right to withdraw any of the above described properties from the sale prior to the date scheduled for the auction, or reject any and all bids and to waive defects in the bidding and all sales shall be subject to final approval by said Buildings and Grounds Committee and/or Oakland County Board of Supervisors.

OAKLAND COUNTY BOARD OF AUDITORS
County Office Building
No. 1 Lafayette St.
Pontiac, Michigan
FEderal 3-7861, Extension 81

Clara Barton, first American president of the Red Cross, was a school teacher who, it is believed, was the first woman to be employed in a United States government department.

Italian Premier's Plane Can't Land in New York

BOSTON (UPI) — An overseas plane carrying Italian Premier Antonio Segni was diverted to Boston today because of poor landing weather in New York.

★ ★ ★

A Military Air Transport Service plane was immediately dispatched from New York to pick up the Italian leader and fly him to Washington.

Aboard the MATS plane were Italian Ambassador Manlio Brosio and State Department protocol Chief Wiley T. Buchanan.

★ ★ ★

Segni, who arrived on an Alitalia Airlines flight from Italy, waited at the U.S. immigration terminal for the arrival of the military plane.

Waterford Village School Polio Clinic Tomorrow

A polio clinic will be held from 7:30 to 9:30 p.m. Thursday at the Waterford Village School, sponsored by the Parent-Teacher Assn.

All children must be accompanied by an adult. Dr. William Crommett and three trained nurses will be in charge of the clinic.

Geoffrey Shurlock Is the Boss

Johnson Office OK's Racy Bits

(Third of four articles on morality in movies.)

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — In "It Started With a Kiss," Debbie Reynolds hops in bed nude with an Air Force general (Fred Clark) thinking he is her sergeant-husband Glenn Ford.

THOMAS

The scene evokes guffaws at every performance, as well as some raised eyebrows. Such ribaldry could never have been shown in a Hollywood movie until the last year or two.

"I think sex is all right when it's shown in an amusing manner and not done sensationally," argues Ford.

Apparently the production code office agreed, for it okayed the scene. It has been approving a lot of things that never would have been passed in the time of the

DEBBIE REYNOLDS

good, gray Will Hays. Even such words as bitch ("Anatomy of a Murder") and whore ("A Farewell to Arms") and subjects like dope ("Hatful of Rain") and abortion ("Blue Denim").

★ ★ ★

But though moral attitudes change, the code office still functions the way it did when movie czar Hays handed Joseph Breen censorial reins over Hollywood. Breen's successor, Geoffrey Shurlock, has virtually the final say-so on what can and cannot appear in films.

Shurlock and his aides have been likened to Supreme Court justices. The code is their constitution. They interpret it in keeping with the times, steering between sensation - seekers and prudes.

★ ★ ★

"I think Shurlock might have let us use the word 'abortion' in 'Blue Denim.'" says Frank McCarthy, 20th-Fox contact with the code office. "It is certainly seen in newspapers and the front covers of family magazines like the Saturday Evening Post and Reader's Digest. But because the word was specifically banned by the code, Shurlock had no choice but to make us use "illegal operation instead."

TWO SCENES TRIED

Shurlock's advice is available from start to end of a film project, and even those who oppose any censorship praise his help.

Producers generally send drafts or shooting scripts to the code office. If objections are raised, producers may submit, or else shoot the scene two ways, hoping the more daring one will win approval.

The actual product is the final test. A racy scene may have been saved by the good taste of the director. In it stays. The neckline of the leading lady may plunge too perilously. Out it goes.

The Shurlock office word is final, unless the producer wants to appeal to the presidents of all the companies. But that cumbersome process is seldom used.

(Thursday: The new frankness in films. Will it lead to the "adults only" tag?)

1,000 at MSU Will Get Equalizing Rent Refund

EAST LANSING (UPI) — About 1,000 students at Michigan State University will get a 20-dollar cut because of MSU's record 1959 fall enrollment of nearly 21,000.

★ ★ ★

Philip J. May, MSU vice president for business affairs, said many students were living in two-student quarters but because of high enrollments, three were in the rooms.

★ ★ ★

"We feel that it is no more than fair to make rent concession to those who must live in quarters more crowded than those other students enjoy," May said. "In general, students have accepted the situation cheerfully, taking it for the emergency it is."

Actor's Wife Pulls Raid, Faces Slander Charge

ISLE OF CAPRI, Italy (UPI) — Mrs. Norma Clark formally charged the wife of British Actor Edmund Purdom with housebreaking and slander in a complaint filed with police here last night.

The charges grew out of a raid by Mrs. Barbara Purdom, known by the stage name Alicia Darr, on Mrs. Clark's villa last Sept. 20.

Mrs. Purdom said she "found what I had expected to find" and brought penal charges of concubinage, insult and battery against her husband and Mrs. Clark, an American resident here.

MAY BRITT

His Law Books Left No Time for May Britt

SANTA MONICA, Calif. (AP)—Swedis actress May Britt, charging her husband's dedication to his law studies excluded marriage, obtained a divorce Tuesday from Edward Gregson.

Gregson, 21, wealthy onetime actor, is a student at Stanford University. Miss Britt, 24, accused him of mental cruelty.

The slender actress testified she made every effort to help the marriage succeed.

"I offered to give up my career," she said. "He suggested the divorce."

The couple, married 18 months ago in Tijuana, Mexico, separated Sept. 8.

Scientists to Experiment With Suspended Life

ATLANTIC CITY, N. J. (UPI)—A scientific team today anticipated putting animals into a state of suspended animation for indefinite periods and then restore them to full activity.

★ ★ ★

It's a staggering idea and its farthest extension would mean a man could be brought back to life after years or decades of a "living death." Don't think it is going to happen soon or is even possible. A man may be too complicated a "whole animal."

"Heart banks" are now possible, meaning that sound human hearts would be kept on shelves in a cold room against the time when they would be transplanted into people suffering from defective hearts.

However, that isn't likely to happen soon because there is a barrier to it which is no less formidable than those barring the preservation of "whole animals" in death-appearing life.

★ ★ ★

The team's experiments thus far have been restricted to puppies hearts. Taken from the puppy bodies, the hearts were kept alive while appearing dead for up to 24 hours. The hearts resumed beating when transplanted into the necks of adult dogs.

★ ★ ★

This was done by first taking much of the natural water out of the heart and then subjecting them to a continuous cold well below the freezing point.

The hearts did not freeze, however, since this would have killed them. They were kept bathed in a solution of glycerol which is an anti-freeze like those now going into car radiators.

Body cells and even slices of body tissues are preserved in suspended life by deep-freezing. This is the first time a "whole organ" has been kept in that state, and the scientific team which accomplished the feat refused to put any limitation on the possible developments.

IT'S ALWAYS FAIR WEATHER — New, tent-for-two, provides fair weather and cozy quarters, whether it's raining, snowing or blowing during the football game. Hunters and other outdoor types may find use for the creation, to. Made of an opaque plastic with clear viewing window, it folds into a lightweight carrying ease, and is manufactured by a Bound Brook, N. J., firm.

Hoodlums Taking Over Greenwich Village Park

NEW YORK (UPI)—Greenwich Village, a favorite resort for the out-of-town tourist, has become a battlefield for young hoodlums, police reported today.

"The situation is very explosive," said Deputy Police Commissioner Walter Arn. "The police are trying to control the situation before there is an outburst of major violence."

Police have closed the fountain area of Washington Square after 6 p.m. to eliminate trouble there. Until recently, this area provided the tourist with a pleasantly bizarre spectacle of bearded beatnik guitarists and bongo drummers.

Spy's Wife Can't Live With Him in Prison

WASHINGTON (UPI) — The Justice Department has turned down a petition by Mrs. Morton Sobell, wife of the convicted atom spy, to live with her husband in Alcatraz Prison long enough to conceive a child.

The department said Tuesday that Mrs. Sobell sent her petition to Federal Prison Director James V. Bennett last April. Bennett replied that such an arrangement was against prison policy and regulations.

Sobell has a 10-year-old son and a 20-yearold stepdaughter.

Earliest settlers in Delaware were by Dutch Swedes.

Pope John Asks Rosary Be Recited 'for Peace'

VATICAN CITY (UPI) — Pope John XXIII today issued an encyclical calling for recitation of the Rosary during October for "peace and concord among nations."

The Pope's third encyclical since he ascended the throne of St. Peter nearly a year ago said prayer was necessary "so that the men responsible for the destinies of great and small groups, whose rights and whose immense spiritual richnesses must be scrupulously conserved intact, can evaluate attentively the grave task of the present hour."

The area of Africa is 11,710,424 square miles.

Will Get Home Lab in Experiment

Bright Boy Is Encouraged

SAN LUIS OBISPO, Calif. (UPI) — A farm boy who amazed his one-room country school teacher with his knowledge of science, and mathematics is the basis for an experiment in home learning for the exceptionally talented student.

The boy, who was not identified, showed unusual proficiency in calculus problems when he was 12. His teacher called the attention of California Polytechnic Institute at San Luis Obispo to the boy when she felt his interest and range in math and the sciences were "too much for her."

The college, in conjunction with the Leach Corp. of Los Angeles, will establish a laboratory at his farm home and administer the boy's study program through a four-man steering committee.

College officials said the experiment is to "lend maximum assistance and encouragement to the specially gifted boy or girl without taking them away from character-building and normalizing home environment."

★ ★ ★

The school said identity would be withheld to "spare the boy and his family from idle curiosity and help give him normal upbringing."

U.N. Group Sees Weapons in Laos

VIENTIANE, Laos (AP)—The U.N. fact-finding mission on Laos today inspected captured rebel weapons that reportedly included Chinese Communist hand grenades and North Vietnamese uniforms.

The weapons were offered by Laos to support charges of aggression by Communist North Viet Nam.

Ban on Red China Visa Upheld by U.S. Court

WASHINGTON (UPI) — The State Department's authority to bar Rep. Charles O. Porter (D-Ore.) from traveling to Red China has been upheld in Federal district court here.

Porter sued Secretary of State Christian A. Herter to compel him to validate his passport after the department denied him a visa. The United States has barred travel to the Red Chinese mainland.

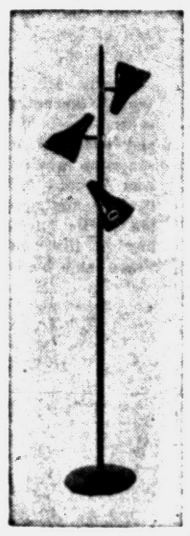

U. of M. Enrolls 326 at Dearborn Center

DEARBORN (UPI) — University of Michigan's Dearborn Center opened Monday with an enrollment of 326 in 11 different extension courses.

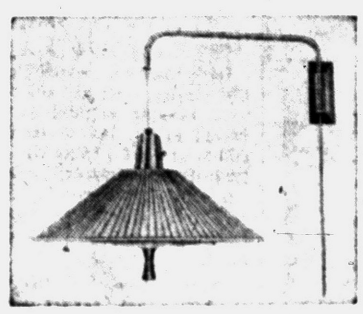

The first year of operation of the Center, which was donated to the university by the Ford family, will be mainly a pilot program designed to pave the way for fuller operations next year.

The first year program will include only 33 full-time students of junior standing. They were selected from among more than 100 applicants.

1959 World Series May Be Richest in Baseball History

Comiskey Park Scene of First Game Tomorrow

Roger Craig to Hurl for Dodgers, Chisox Rely on Early Wynn

CHICAGO (AP) — The Los Angeles Dodgers and the Chicago White Sox, two clubs that have to scrap for what they get, finally open what might be baseball's richest World Series tomorrow at Comiskey Park.

Manager Walt Alston, his Dodgers riding high after beating Milwaukee in the National League pennant playoff, said his first game pitcher probably will be Roger Craig (11-5), an almost forgotten right-hander who became an ace in the drive for the flag.

White Sox manager Al Lopez is expected to name Early Wynn, at 39 the Old Man right-hander who topped the majors with 22 victories and was the American League's only 20-game winner.

The oddsmakers favor the White Sox, playing in a World Series for the first time in 40 years, at 11-10 for both the entire series and the first game.

★ ★ ★

The first two games will be played in Comiskey Park with the best-of-seven championship then shifting to the Coliseum in Los Angeles for the third, fourth and, if necessary, fifth games. If needed, the sixth and seventh games will be played in Chicago, with a day of travel interrupting play when the clubs shift parks.

It's the massive Coliseum, seating some 94,000 for baseball, which could make this the richest series. Comiskey Park seats 46,550.

All games will start at 1 p.m. local time (1 p.m., EST, in Chicago, 4 p.m., EST in Los Angeles) and will be telecast and broadcast nationally (NBC).

★ ★ ★

The bookmakers have made the White Sox favorites because of their three days of rest since Sunday's close of the American League season. That layoff, however, may have cooled off the Sox, while the Dodgers could still be riding the kick of having won eight of their last 10 games.

The Dodgers, first club ever to win an NL pennant after finishing seventh the year before, jumped into Comiskey Park for a workout today. They boarded a flight from Los Angeles a few hours after eliminating the defending champion Braves two straight in the best of three playoff with yesterday's 6-5, 12-inning victory.

Lopez, meanwhile, sent his White Sox through an intra-squad game yesterday, hoping to keep 'em sharp.

★ ★ ★

The one-day delay in the Series opener caused by the NL playoff probably did the Sox' walking wounded — outfielder Jim Landis (injured leg) and catcher Sherm Lollar (bruised hand)—some good. But it may not prove a benefit for Wynn. The Old Man, top winner among major league pitchers still at it (271), has worked best with three days rest. He'll have four days of rest for the opening assignment.

While the Dodgers, also in good physical shape, number quite a few holdovers from previous Series squads, the White Sox have but four — first baseman Earl Torgeson, with the 1948 Braves; outfielder Al Smith and Wynn, with the 1954 Cleveland Indians; and Lollar, with the 1947 New York Yankees.

Only Lollar was with a winner, and it was the Dodgers whom the Yankees beat, in seven games.

★ ★ ★

Lopez, resigned for 1960 by the Sox at $50,000, managed the Indians of '54 — and lost the Series in four straight games to the Giants.

This is the fifth White Sox team to win a pennant, but only the fourth to play in a World Series. The 1901 club won the first AL race, but the World Series wasn't born until 1903. The hitless wonders of 1906 won the Series from Chicago's Cubs and the 1917 team beat the New York Giants.

Then came the infamous Black Sox and the rigged 1919 Series with Cincinnati.

★ ★ ★

The Sox, with 35 of their 94 victories by one run, put away their first pennant since then with a 4-2 victory, behind Wynn, over Cleveland a week ago yesterday. Like the Dodgers, the White Sox gathered in the pennant by beating the only club that could take it from them.

The Dodgers, winning a pennant with the fewest victories (88) in National League history, put away their ninth title — first as a West Coast club — after being tied with Milwaukee for second, two games behind San Francisco, on the next to last Friday of the season.

Dream House Grows Some for Stan Williams After Fancy Relief Chore

Start Putting On Those Shingles, Men!

(Stan Williams stopped the Braves without a hit over the final three innings to pitch the Dodgers to a 12-inning, 6-5 victory and the National League pennant. In the following dispatch, he gives his impressions of the game.)

CHICAGO (UPI) — "I can see my dream house now." This was Dodger pitcher Stan Williams talking.

Maybe you don't know what I'm talking about, so I'll let you in on a big private joke between me and my Dodger teammates.

They all know that I'm planning to build a new home, either here in California or in Denver.

Every time I go out to the mound and get racked, the fellows come back in the clubhouse and needle me with something like:

"That foundation sank a bit today."

Not yesterday, though. I'm going to call the builder and tell him he can start putting on the shingles.

★ ★ ★

I can't remember the last time I won a game this year. I know it was against Pittsburgh and I'd have to guess it was about 2 or 2½ months ago. (Editor's note: It was July 28.)

When our club made a pitching change in the ninth, I thought I would get a chance to work. I was kind of disappointed when the skipper didn't call me.

But I was tickled when he did in the 10th. I didn't feel any pressure. People get the wrong idea about pressure on a ball player. In my own case, the only time I feel any pressure is when I'm sitting around doing nothing. I almost get an ulcer that way. But I feel perfectly relaxed whenever I get the call to pitch.

★ ★ ★

That's how it was yesterday. I know it sounds trite, but it seemed just like any other ball game, except perhaps in the 11th when the Braves filled the bases on me.

At a time like that, you begin to realize how important the game actually is. I was extra careful pitching to Joe Adcock with three men on. Luckily, I got him to hit into a forceout that ended the inning.

I got him on a fast ball. As a matter of fact, I got everyone the same way.

I threw only one curve during the three innings I was out there and I missed with it. So I decided to stay with my best pitch —the fast ball.

An infield single by veteran Carl Furilla and a throwing error by Felix Mantilla let in the run that broke up the tense 4-hour and 6-minute struggle and catapulted the Dodgers into the World Series with the Chicago White Sox opening Thursday in Chicago's Comiskey Park.

Each team had the bases loaded in the 11th but it remained for the 12th inning to touch off a wild explosion by the disappointing crowd of 36,528 at the uncovered Coliseum.

Dark shadows covered the entire playing area and the lights were burning brightly as they moved to the last of the 12th, still locked at 5-5. Stan Williams, sixth Dodger pitcher, and Bob Rush, the fifth Milwaukee pitcher, were chugging along as though they expected to stay all night.

Wally Moon, the Dodgers' lead-off hitter, popped out to Bobby Avila and Williams, who threw three hitless and scoreless relief innings, flied out.

Gil Hodges, one of the Dodgers' old pros of previous World Series, took the count of 3-1 before he walked. Joe Pignatano, the second string catcher from the Dodgers' old Brooklyn home, singled sharply past Eddie Mathews into left field.

★ ★ ★

Now it was Furillo's turn. The 37-year-old outfielder, the only active Dodger who played in both of the club's previous playoff defeats, took a called strike. Then he looked at a ball. Then a foul back.

Furillo hit the next pitch sharply through the box toward second base. Mantilla, the second baseman who moved to shortstop when Johnny Logan was injured in the seventh, raced behind second to make a play. His hurried throw was low to first baseman Frank Torre and bounced away. Hodges, who had held up at third, raced home with the biggest run the Los Angeles club ever scored.

The Dodgers mobbed Hodges as he came rolling home for it meant their 13th pennant—first on the West Coast—and a chance at perhaps the richest World Series pot of all.

★ ★ ★

It was a cruel defeat for the Braves who appeared to have the game sewed up with a 5-2 lead and Burdette moving along smoothly going into the last of the ninth. To lose the pennant you were favored to win on an infield single and an error was the toughest blow of all.

But to the Dodgers this was a glorious Cinderella victory. They are the first club in National League history that ever moved from seventh place at the close of one season to win the pennant the next year.

THE BIG WIN — Jubilant Los Angeles Dodgers crowd around Gil Hodges (14) after he scored the run which beat the Milwaukee Braves yesterday in the 12th inning. He scored all the way from second base as Felix Mantilla made a low throw to first on a grounder. The Dodgers beat the Braves 6-5 after scoring three runs in the bottom of the 9th to tie the game. Tomorrow the World Series starts in Chicago.

Al's Ready for Series, Likes Sox' Chances

Lopez Waves Fat Contract at LA

CHICAGO (AP) — The Chicago White Sox, eyeing what will be the biggest World Series melon in history, are ready to take on the Los Angeles Dodgers.

Armed with a new contract calling for the highest salary ever paid a White Sox player or manager, Al Lopez feels his team has a great chance for the title.

"I scouted all of those teams," said Lopez. "Some days they were impressive and other days not so impressive."

Lopez called Los Angeles "a pretty good ball club with a few guys who can run." He wouldn't say if he thought the Dodgers were faster than his "Go Go" Sox but said "their catcher John Roseboro can run. I saw him steal a base against the Cubs."

Lopez signed a one-year contract calling for an estimated $50,000. The highest paid Sox player is believed to be Nellie Fox who is supposedly receiving around $40,000.

When White Sox President Bill Veeck unveiled a replica of Lopez' contract — a giant sized board with the terms printed clearly — he was sprayed with questions as to why it was for one year.

Veeck said Lopez could have had any tenure he wanted but insisted on only one year.

"They might get tired of me after a year," laughed Lopez. Then he added:

"I believe that for all concerned, it is best now to have an extended contract. It's more amicable this way."

Veeck tried to rehire Lopez last Aug. 20, Lopez's 51st birthday, but the former catcher refused saying he wanted to wait for the end of the season. Under Lopez, the White Sox finished second in 1957 and 1958.

Lopez is the only manager who has cracked Casey Stengel's monopoly of Yankee pennants. Lopez won with Cleveland in 1954 but lost four straight in the World Series to the New York Giants.

With Los Angeles winning the pannant, Lopez called off plans for an intrasquad game today.

"We'll just take a little batting practice," he said.

Lopez was mum on his opening pitcher but it is expected that sometime today he'll announce it will be Early Wynn, his veteran 22-game winner.

With Los Angeles as the opponent, southpaw Billy Pierce could be a likely starter in the second game. That would give Bob Shaw, the young right-hander who carved an 18-6 record, the assignment in the third game which will be played in Los Angeles.

Pierce has not been in form much of this season and it is understandable that Lopez would rather pitch him in Comiskey Park rather than Los Angeles with its short screen.

Anderson Hits Second Record

PCH Ace Paces 17-42 Win Over Jays; W.L. Edges Milford

Pontiac Central High's hill-and-dale squad yesterday rolled to its season's 2nd victory. The victory was also the 2nd for ace harrier Joe Anderson, and Joe made it another record win.

The No. 1 PCH jogger turned in a fast 10:19 for the rugged two-mile Southfield course, as Chiefs defeated Southfield's Bluejays 17-42. Pontiac Jayvees won their 2nd straight "perfect" test, 15-50 at the same time.

In a non-loop meet at Milford, Walled Lake's George Beeman also set a course mark at 10:53, over the Kensington Park circuit. Vikings won 22-35 for their 3rd straight victory of the fall.

Chiefs took the top four places, also the 7-9-10 positions.

Anderson's record was an easy one, the smooth-running Chief finishing far in front of 2d place Maurice Johnson, Jim Nelson, and Ken R. Byrd. Jays' Spear and LaBenne were 5-6. Bill Campbell was 7th, Lawton of Southfield 8th and PCH's Larry Mattingly and Jimmie Keel, 9-10.

Ernie Johnson (12:09) paced the Jayvees win.

Behind Beeman, Walled Lake finished Mike Cosgrove (2) Ron Berby (WL, 3), Ken Wentzel (4), with Jack Hobbs, Dave Parrish, Jim Balkwell also in the top 10. Milford's Ken Nelson (5), Dennis Munson (6), were other top placements.

Aaron Nets 2nd NL Batting Title

Milwaukee Outfielder Finishes 1959 Season With .355 Average

NEW YORK (AP) — Hank Aaron of Milwaukee won the 1959 National League batting championship with a .355 average Tuesday. It was his second batting title. He won it with a .328 average in 1956.

Aaron who paced the senior circuit batsmen from the opening week of the season, collected two hits in four official tries Tuesday as the Braves bowed to Los Angeles in the second and final playoff game for the pennant. Aaron wound up with 223 hits and a 10-point lead over Joe Cunningham of St. Louis.

Eddie Mathews' sixth inning homer in Tuesday's game gave the Braves' third baseman the home run championship with 46. He ended the regular season in a deadlock with Ernie Banks of Chicago. Banks captured the runs batted in crown with 143.

The American League batting title was taken by Detroit's Harvey Kuenn. He hit .353.

Little World Series Resumes at Havana

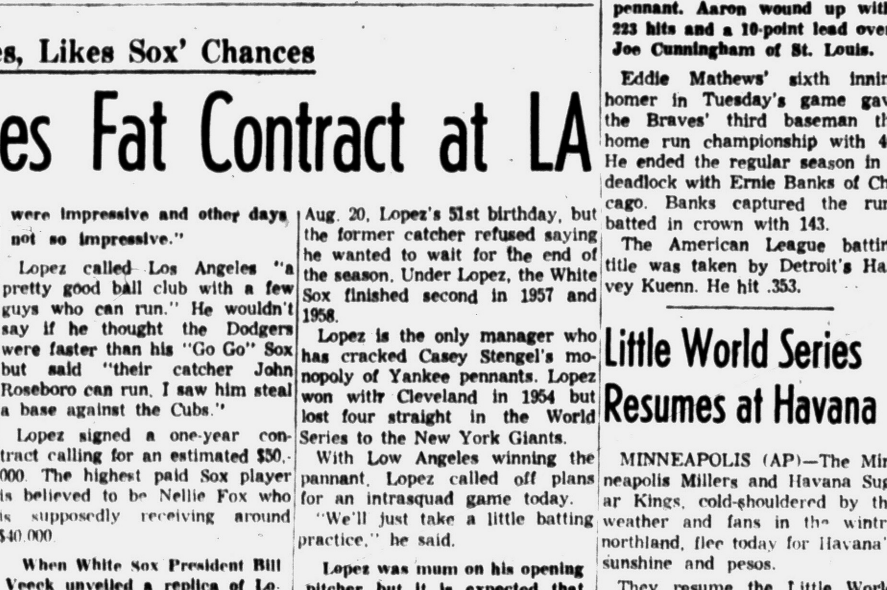

MINNEAPOLIS (AP)—The Minneapolis Millers and Havana Sugar Kings, cold-shouldered by the weather and fans in the wintry northland, flee today for Havana's sunshine and pesos.

They resume the Little World Series tomorrow night in the Cuban capital after top minor league brass decided two games were enough in the cold, wind and rain of Minneapolis. The teams are tied 1-1.

Last night's scheduled windup game of the Minneapolis section of the series was shifted to Havana, where crowds up to 20,000 a game have been forecast.

The teams drew only 3,548 in two games here.

The series will stay in Havana for as long as it takes to decide a winner in the best-of-seven playoff.

American League of Professional Baseball Clubs
UNIFORM EMPLOYEE'S CONTRACT

AP Wirephoto

BIG MAN, BIG CONTRACT — Manager Al Lopez, who piloted the White Sox to the American League pennant, is dwarfed by the size of his 1960 contract which was said to be highest salary in history of the club. Club manager Bill Veeck watches as Lopez affixes his signature to the giant-sized contract.

AP Wirephoto

LOSES ARGUMENT — Umpire Augie Donatelli uses a finger to emphasize a point as he gets an argument from Charlie Neal of the Los Angeles Dodgers in the first inning of the game yesterday. The Dodgers protested when the umpire called Hank Aaron of the Braves safe at second on a double to the left field screen.

TV Misses Clarification of Action

Fans Left 'Up in Air' About Vital Last Play

NEW YORK (AP)—Television missed a chance to clarify the vital last play of yesterday's Los Angeles-Milwaukee playoff game by not running it on video tape.

With two on and two out in the last of the 12th, things happened fast when Carl Furillo hit an infield grounder near second. It seemed an easy out, but in the next second the game was over. Shortstop Felix Mantilla threw the ball low to first base and Gil Hodges scored from second.

★ ★ ★

The unexpected ending to the 12-inning drama probably caught many viewers by surprise. The ABC cameras in Los Angeles caught the low throw that bounced past first baseman Frank Torre and Hodges crossing the plate. But everything happened so fast that this viewer found it a bit confusing.

Did Hodges stop at third and start running only when Mantilla threw low? Why, didn't Mantilla just hold the ball, leaving the bases loaded?

Accustomed as this viewer is to watching video tape reruns of televised horse races we looked for the same thing on this vital last play. Nothing happened.

Dressing room stories later disclosed that Mantilla felt he had a force play at second base but "the ball took a crazy bounce . . . I was off balance when I grabbed the ball. It was the only play (the throw to first) I had. I had to get rid of it."

If Mantilla had held the ball, recovered his balance, and thrown to the plate could he have caught Hodges? "No" said Milwaukee Manager Fred Haney.

★ ★ ★

But Hodges said he had had no idea of scoring. "I actually stopped after rounding third base when Reese (Coach Pee Wee Reese) yelled to go on. I took one look and just was able to see the ball bounce past Torre."

All-Star Pin Points

TOGETHER — Ed Lubanski's left foot and right arm reach the foul line simultaneously.

FOOT AND ARM TOGETHER
By ED LUBANSKI

In any approach, the movement should be made with one objective —to have the left foot and right arm reach the foul line together.

If the foot arrives ahead of the ball or the ball is there first the body will be completely off balance and the delivery cannot possible be smooth.

Faults here can stem from practically everything you've done before this final gliding step. If the pushaway has been done correctly, then perhaps you are holding the ball too long at the height of the backswing. Or, not bringing it back far enough and coming forward ahead of your steps.

If you find your delivery is poor check on this. They both have to be there together, the left foot and the right arm.

The left foot should be the brake at the foul line, so this foot-arm alignment shouldn't be hard to accomplish. You're not trying to keep up with anything moving.

It's a flaw, if you're breaking it, you're not helping your scores.

From The PRESS BOX

The Detroit Lions finished their season ticket sale with 41,629 books which is 529 less than last year, but the total is still the highest in pro football.

High Cost of Fishing

WASHINGTON — Government estimates indicate that about two million dollars is spent annually on fishing in the United States.

Rival 'M'-MSU Coaches Shed Tears for Each Other

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Northern Host to Farmington, Walled Lake at Waterford

I-L Grid War Starts Friday

The Inter-Lakes Conference, Michigan's fastest-growing Class A high school athletic league, now has dispensed with all preliminaries in the 1959 football season and the main event is a hand.

Every member of the six-team loop has two non-conference games under the belt and the drive for the championship is about to begin. In short, league play starts Friday.

A full three-game schedule is on the docket this Friday night and it's very doubtful that any loop could offer a more attractive opening round.

★ ★ ★

Defending champion Farmington at Pontiac Northern, Walled Lake at Waterford and Berkley at Southfield — that's the Friday evening slate in the I-L circuit.

Farmington, unbeaten in its last 10 starts, will be a strong favorite to down Northern in their 8 o'clock duel at Pontiac's Wisner Stadium.

The Huskies, winners over Lake Orion in their season opener and victims of a heartbreaking 14-12 decision at Hazel Park last week, look outgunned and outmanned for this encounter.

But this will be the home opener for the Huskies and a team often reaches great heights on such an occasion. The Ed Heikkinen-coached Northern squad may lose, but the Falcons are certain to have a fight on their hands.

Harvey Chapman, a versatile performer who switched from halfback to quarterback this fall, is the key figure in the Farmington attack and the big man the Huskies must stop if they hope to make a battle of it.

Walled Lake, pre-season title favorite in the I-L, renews its bitter feud with the Skippers on the Waterford gridiron.

The Skippers have not beaten Walled Lake in football since 1955 when a young fellow named Lindy Salathiel carried the Waterford mail. In 1956 the Skippers lost the I-L title to Walled Lake in a showdown fight and they have seen nothing but misery since that time.

Waterford bounced into the winning column last week with an 18-6 conquest of Lapeer and may be working up a full head of steam for the Vikings of Dave Smith. Walled Lake will be a top-heavy choice, but Dave Freeman's gridders could easily spring a surprise when they line up for the 8 p.m. kickoff.

Southfield has yet to taste victory in two starts, but the Jays will be favorites to whip Berkley, which also hasn't won a verdict in two tries.

Several other top-notch games are carded Friday, both league and non-league variety.

The Wayne-Oakland slate finds Holly at Brighton, Bloomfield Hills at Northville, Clarkston at Fitzgerald and Madison at Avondale.

Birmingham resumes its bid for the Eastern Michigan crown by playing host to Hazel Park while Royal Oak Kimball entertains Mt. Clemens and East Detroit goes to Ferndale to round out the league program.

Leading non-conference attractions Friday will be Romeo at Oxford and Troy at Rochester. Pontiac Central, undefeated in two games, clashes with River Rouge on Saturday night at 8 o'clock in Wisner Stadium.

Cadet Offense Back in Form

By The Associated Press

Army's unique Lonely Eend offense proved such a potent passing formation last season that the Cadets, long known as a running team, won the major college football passing championship. They started the 1959 season in the same style.

The first major college team statistics of the season, released today by the National Collegiate A.A. Service Bureau, list Army as No. 1 in passing and total offense.

Tigers, Denver Complete Working Pact for 1960

DENVER (AP) — Bob Howsam, president of the Denver Bears, said Tuesday the club will have a working agreement with the Detroit Tigers for the 1960 baseball season in the American Assn.

Next season will be Denver's last in the association if the proposed Continental League begins operations in 1961 as a third major circuit. Denver is a charter member of the new league.

Buzz Fazio Places 7th

NASHVILLE, Tenn. (AP)— Buzz Fazio of Detroit accumulated 159.32 Peterson points and wound up seventh in the Southern Match Games bowling championships yesterday. Tom Hennessey of St. Louis successfully defended his title, ending up with 172.11 Peterson points.

Warriors Meet Hawks

LOS ANGELES (AP)—The Philadelphia Warriors of the National Basketball Assn. launch a 14-game exhibition schedule tonight against the St. Louis Hawks in Los Angeles' new sports arena.

WL Ace Has 39, Stott 30

Christian Keeps Scoring

Walled Lake's Bob Christian rolled up 12 more points last Friday to boost his total to 39 and continue as Oakland County individual leader but several others have served notice they will give him a battle.

Big Doug Stott of Oxford had a three-touchdown night to take over 2nd place with 30 followed by Jim Kennedy, St. Fred, Ted Barszczewski of Orchard Lake St. Mary and Bob LeZotte of Royal Oak Dondero follow with 24.

Eight others have tallied at least three TDs in an impressive start.

Farmington star Harvey Chapman, a strong scorer last fall, came up with 14 points Friday to move into the top group. He will go against Pontiac Northern here Friday.

★ ★ ★

St. Michael's 54-point splurge Sunday enabled two Shamrocks to become contenders. Pat Campbell has 19 and Mike Ganje 18.

Don Kurkowski counted 20 for St. Rita to take over the area lead from teammate Larry Latra. Terry Wills of Armada moved into the No. 2 slot with 25. Kurkowski now has 32.

After Consoling Words They Turn to Battle

Elliott and Daugherty Both Get Ready for Saturday Clash

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

ANN ARBOR — Rival Michigan and Michigan State coaches first expressed sympathies toward each other as result of last week's misfortunes and then heaped all kind of praises on the other's team as they prepared for their big game Saturday.

★ ★ ★

At the weekly football writer's meeting yesterday in Ann Arbor, young Bump Elliott said, "We three putted our first game, but like in golf we have eight more holes to play and we will try to do it in regulation two putts."

Elliott and Duffy Daugherty of MSU both praised the sophomores they used in their opening games and pointed out that "the big break" could spell the difference in their meeting Saturday.

"We had seven sophomores play last week," said Elliott "and we plan no shakeup this week."

★ ★ ★

"Before the season started I said Michigan State has as good a chance to win the conference title as anyone and regardless of what happened last week against Texas A&M I still think Duffy could walk off with it," said Elliott.

Michigan State hurt itself last week, just as our mistakes hurt us," he added.

Daugherty lauded sophs Gary Ballman of East Detroit, Bob Suci of Grand Blanc and Art Brandstatter of East Lansing, but said he was disappointed in some veteran like Blanche Martin.

★ ★ ★

"Blanche had too much on his mind. There have been family problems and I know it affected him somewhat," said Daugherty.

"Dean Look's absence really did not hurt us and Tom Wilson did a real good job," he added, "our linemen just missed too many assignments."

"Our biggest injury was our hurt feelings," Daugherty commented.

★ ★ ★

"We know Michigan's problem was similar to ours and our scouting reports were quite impressed with the speed of couple of Bump's backs and his defense on the line."

"After next Saturday I wish him the best of luck and hope he goes all the way," Daugherty made special comment to Elliott.

The game has been sold out and 101,000 will watch the annual rivalry.

★ ★ ★

Asked if the collegiate substitution rule handicapped him last week, Elliott first looked at Fritz Crisler sitting along side and then said with a smile, "What do you want me to say."

New State 'B' Champ Certain in 1959 Poll

By The Associated Press

A handful of students—just enough to put East Lansing High School over the 899 mark—will create a new champion in the state Class B football ranks.

East Lansing High will have about 915 students enrolled this fall. The Class B limit is 899, so the Trojans cannot defend their 1958 mythical Class B title.

The first weekly Associated Press poll, voted today by sports writers and editors from all parts of Michigan's Lower Peninsula, was a wild scramble for position.

Here's the way the Associated Press panel of experts picks the top 10 in Class B:

Team	Poll Pts.
1. Monroe Catholic	45
2. Cadillac	44
3. Grandville	39
4. South Haven	38
5. Sturgis	30
5. Dowagiac	30
7. Grand Blanc	25
8. Ionia	22
8. Warren-Fitzgerald	22
10. Northville	19
10. Kalamazoo University	19
10. Eaton Rapids	19
10. Jackson St. John	19

OTHERS: West Bloomfield, River Rouge, Cass City, Arenac Central, Flint Redeemer, Holt, Avondale, Marysville, Big Rapids, St. Joseph, Ello, Tecumseh, Airport, Flushing, Mason, Grand Rapids Lowell, Cheboygan and Albion

Progressive Show Set for This Week

Annual fall benched show and obedience trial for the Progressive Dog club of Wayne county is set for this weekend, at the State Fair Grounds.

Judging begins at 9 a.m., Sunday. There are 800 or more entries, including many from this area, show official reports.

Several national specialty shows will be held in connection with the Progressive affair.

He Shows His Muscles

WARSAW (AP)—Vladimir Stogow, a small but mighty man from the Soviet Union, Tuesday night won the world bantam weightlifting championship for the fourth year in a row.

SAVE WITH RETREADS
Here's why it pays to save with retreads. 2/3 of the initial cost of a tire is in the casing. Casings almost always outlast tread—if undamaged, the casing can be retreaded with complete safety. Retreading means replacing the rubber and the mileage you wear off your tire—*at a fraction of what you'd pay for a new tire!* To get *premium* retreads, look for the TRI Emblem on the tire—proof that we retread to rigid "National Standards" of the Tire Retreading Institute as inspected and certified by the United States Testing Company.
SO SAFE, WE GUARANTEE 'EM COAST TO COAST
*Full Road Hazard Guarantee based on tread depth used

1st Move as Cub Boss

Grimm Fires 3 Coaches

CHICAGO (AP) — Charlie Grimm Tuesday made his first move as new manager of the Chicago Cubs — he fired coaches Fred Fitzsimmons, Rogers Hornsby and Myatt.

Pitching coach Fitzsimmons, manager of the Philadelphia Phillies from 1943 to 1945, and infield and base-running coach, Myatt, former coach of the Washington Senators and Chicago White Sox, came to the Cubs in 1957 when Bob Scheffing was named manager.

Hornsby, hailed as the greatest right-handed hitter in Baseball's Hall of Fame, has been the Cubs' batting coach since 1958. Four seasons of his fabulous career 1929-1932 were spent with the Cubs as player and manager.

Grimm who returned to the Cubs managerial role for the third time Monday when he replaced Scheffing, succeeded Hornsby as Cub pilot in 1932.

All three coaches were offered jobs in the Cub minor league system, but have hot yet said if they will remain with the organization.

The only coach remaining is Elvin Tappe, bullpen coach.

TUESDAY'S FIGHTS

MIAMI BEACH, Fla.—Pete Rademacher, 196½, Columbus, Ga., outpointed Calvin Butler, 197½, Cleveland, 10.

RICHMOND, Calif.—Clarence Williams, 190, Hayward, Calif., outpointed Joe Sullivan, 180, San Francisco, 10.

FRESNO, Calif.—Ben Medina, 140½, Fresno, stopped Eddie Pace, 142¾, Los Angeles, 6.

Midnight Tonight First Qualifying Deadline

3rd Bowlerama Starts Sunday for 1st Squad

Other Qualifiers Roll Oct. 11-18 With Finals at Huron, Oct. 25

Midnight tonight is the deadline for the opening round of the 3rd annual Pontiac Press Bowlerama.

The first qualifying squad will take the alleys Sunday afternoon. All entries turned in at the respective alleys tonight or in to the Press sports desk by mail by early Thursday morning.

The Sunday squad will probably be the smallest of the three qualifying days. Many of the entries thus far have designated Oct. 11 or Oct. 18 as thei rchoice for qualifying.

However, it should be noted that under ABC rules, a bowler who fails in his first attempt may reenter in subsequent qualifying rounds.

★ ★ ★

All women will roll their qualifying rounds at Lakewood Lanes, Sunday, Oct. 18th.

Westside Recreation, Rochester Lanes and Maple Lanes will be the men's qualifying sites.

Finalists will all gather at the new Huron Bowl on Oct. 25 to decide the county men and women's champions.

The prizes will likely easily top any tourney to be held this year. They include $500, $250 and $150 for the top three men and $300, $150 and $100 for the best women.

Other awards will graduate down the line with one for every 10 bowlers.

★ ★ ★

The handicap tourney is open to all Oakland County keglers who are sanctioned. Scoring is based on a 70 per cent handicap, 200 scratch system.

Bowlerama officials are expecting the biggest turnout yet, especially for women. The ladies will be paying $1 less to enter despite an increase in prize money.

Entry blanks are available at any county bowling house or at The Press. They may be mailed in or brought in to The Press or a keg establishment.

Sunday's starting times will be printed in Friday's Press.

Pontiac Press Photo

READY FOR ACTION—Bowling proprietors who will be the 1959 hosts of The Pontiac Press Bowlerama gathered to iron final details for the 3rd annual tourney which starts Sunday. Proprietors of the qualifying alleys are standing, Bill Kuklinski of Lakewood Lanes, Sam Perna of Westside, Harold Hintz of Rochester Lanes, Ben Bondo of Maple Lanes and Art Rosner of Sylvan Lanes, which is an alternate site this year. Joe Bonfiglio, seated, is proprietor of the new Huron Bowl which hosts the finals October 25th.

Steelers Peddle Glick for 1960 Draft Choice

PITTSBURGH (AP)—The Pittsburgh Steelers Tuesday traded veteran defensive halfback Gary Glick to the Washington Redskins for a high draft choice next year.

Glick, the Steelers' bonus pick in 1956, was a regular member of the lineup last season and saw considerable offensive action in exhibition games this season.

Steeler Coach Buddy Parker said he has signed Jack Call, a 205-pound halfback who was declared a free agent a few weeks ago by the Baltimore Colts.

Quite a Day for Shoemaker and Trainer

By The Associated Press

Jockey Willie Shoemaker, trainer Hirsch Jacobs and his wife, Mrs. Ethel D. Jacobs of New York had themselves quite an afternoon at Aqueduct Race Course yesterday.

★ ★ ★

Shoemaker rode five winners in seven attempts, while Jacobs saddled three winners in nine races on the program. Horses owned by Mrs. Jacobs, who had the famous Stymie, won two races and finished second in another pair to collect $7,425 for the afternoon.

★ ★ ★

Willie the Shoe, the nation's leading jockey, missed out on a chance to equal the New York record of 6-for-7 when he finished second aboard Mrs. Jacobs' Roscoe Maney in the last race. Jockey Albert Robertson set the mark Oct. 9, 1941 at Jamaica.

But Ease Surprises Him

Winning Batting Title Kuenn's Biggest Thrill

DETROIT (UPI)—Harvey Kuenn makes no bones about it—winning the 1959 American League batting title was the biggest thrill of his baseball career.

But the hard-hitting right fielder of the Detroit Tigers was surprised by the ease with which he captured the batting crown.

Kuenn banged out 198 hits in 561 trips to the plate for a .353 average. His closest rival was teammate Al Kaline who wound up with a .327 mark.

"I said before the season it would take an average of .340 to win the batting championship," Kuenn recalled. "The thing that mystifies me is that no one else came close to .340 except for Al (Kaline)."

★ ★ ★

Kuenn, who has batted higher than .300 in all but one of his seven full seasons with the Tigers, expected Mickey Mantle, Nellie Fox and Vic Power to be in the thick of the batting race.

But Mantle failed to finish in the first 10, Fox was fourth at .303 and Power was ninth at .290.

"If anyone had told me before the season that those three guys would bat as low as they did, I would have said they were crazy," Kuenn said.

Harvey, who will be 29 in December, finished 22 percentage points above his best previous average, which was .332 in 1956. He batted .319 last season.

Harvey has been named to the American League All-Star squad each year since 1953 but he figures winning the batting crown was a bigger accomplishment than playing in seven straight All-Star games.

"They name about 25 players to the All-Star squad," he reasoned. "But there is only one batting champion."

Pvt. Steelsmith—Fore

FORT MEADE, Md. (AP) — Pvt. John S. Steelsmith from Glendale, Calif., stationed at Hawaii, shot a 2-under-par 70 Tuesday to win the All-Army Golf Tournament.

The former Glendale College student's 288 for the 72-hold tournament over the 6,680-yard Applewood course was one stroke better than Monday's leader, Lt. Charles W. Fawcett Jr.

AAA
37 Years of Saving GOOD DRIVERS MONEY*
Our operation for all of our 37 years has been to use all of our effort to insure only the good driving members of the Auto Club. We believed, and now know, that as a group they have fewer losses. And we have based our rates upon the record of this selected AAA group, and have returned to the policyholders that part of the premium not used in paying claims and carrying on the business.
This return of premium has been a saving in addition to the saving on rates.
It is the good driver selection that has worked. It has saved the insured members of the Club tens of millions of dollars.

Conservation Men Find Hunter Courtesy Pays

By The Press Outdoors Editor

Whenever a new hunting season approaches devotees of the shotgun and rifle sports are reminded, pointedly, of certain well-understood, but not always closely-followed rules. One which can do perhaps more for enjoyable bird hunting particularly, but which applies to any kind of outdoors activities, is the question of owner-hunter relations.

"Ask the farmer first" is not just a catch-phrase. It is something that represents a vital cog in good sportsmanship. State conservation officers have proved it. It's a good thing to remember, with start of archery deer season, tomorrow, the duck season on Oct. 7 and pheasant season Oct. 20.

FOUND MOST OWNERS HOSPITABLE

Wearing hunting clothes, teams of state game biologists last fall sought permission to hunt on more than 250 farms in the first week of the pheasant season. They reported that despite the heavy hunting pressure at the time, four of five owners were hospitable enough to permit total strangers use of their lands.

Safety and respect for the farmer's property are absolute requirements. Those who disregard them, the department points out, blemish the reputation of all hunters, and often bar the door to future hunting.

There might be an interesting story behind the banded racing pigeon that met an untimely death on the highway, at the intersection of Jackson boulevard and Duck Lake road. The bird was struck by an automobile.

Two small boys found the pigeon, and White Lake realtor Harry Giddings buried it in his yard. It bore the inscribed band, GRM—4568 AU, 59, which identifies the bird as owned by John Koepke, 212 Comstock boulevard. NE, Grand Rapids, who belongs to the American Racing Pigeon Union (AU).

★ ★ ★

More confirmation of the area's good fishing, is a note from Lakeville lake, at Leonard, in which Pop's Boat and Bait Livery reported an unusually exciting weekend. Carl Herrman (Detroit) took four big pike (3½ to 7½ pounds) in five hours. Then along came R. J. Palmiere (Harper Woods) with a 7¾ pounder, and R. Schultz (Royal Oak) with a 5-pound, 2-ounce bass, plus Mrs. Jay Gilmore's, 3½-pound walleye.

GIRLS QUALIFY AS DUCK CALLERS!

Two young Sylvan Lake youngsters, a few days ago, tried out some impromptu duck-calling techniques — with surprising results. While wading at dusk, along the lake shore, Monica Benson, 11 (Mr. and Mrs. John Benson, 321 S. Tilden) and 11-year-old Nancy Tripp (neighbors Mr. and Mrs. George Tripp) saw some wild mallards out on the water. "Quack-quack, quack-quack" the girls sounded off, then tried it again.

It worked! An interested, pert duck paddled close, was grabbed by the thrilled girls. They placed it in an impromptu chicken-wire pen, but it escaped during the night.

These gals might give some lessons to neighborhood duck hunters who plan field trips come Oct. 7.

POINTER OUTGROWS INJURY, BECOMES WINNER

Four years ago when Dave Grubb's one-year-old English pointer broke a hind leg, he was told Rab The Hunter would never be much good as a field dog. That diagnosis was proved very wrong, last weekend, when Rab won the amateur gundog event at the Greater Detroit Bird Dog trial at Highland area. "He's outgrown the injury, works beautifully" says Dave, who has two other pointers in training near Regina, Sask.

★ ★ ★

Development of a greater appreciation of sportsmanship among the country's youth, takes on added importance these days with juvenile delinquency a growing problem, says J. D. Mitchell, executive of a big arms company, who suggests a way to aid this cause.

"There is no better way for a father to bring to his son a better understanding of the finer things in life than to acquaint him with the everyday 'mysteries' of nature to be encountered on any free-and-easy jaunt into the woods, fields, or along the waterfront," Mitchell says.

INAUGURAL RACE SITE — Here's the 1½-mile black-topped course over which a big field of sports cars will try conclusions in a big two-day Waterford Hills Inaugural race meet, Oct. 10-11, at Oakland County Sportsmen's Club. The course track is 24-feet wide, swings around half a dozen corners, up and down hills. Races are expected to draw many top drivers, politicos and persons prominent in the automotive field.

Five Events to Attract Top Drivers

Sports Cars Race at OCSC, Oct. 10-11

Waterford Hills Inaugural sports car races, a two-day series of road racing contests, Oct. 10-11, will bring to this section, accordingly to race officials, one of the fastest and most extensive fields of sports cars and drivers ever to appear in this area.

Program calls for five events, including two novice competitions.

The event will also attract some prominent personalities from the political and automotive fields, the Oakland County Sportsmen's Road Race Club committee announces.

Races will be run over the newly widened blacktop track at Oakland County Sportsmen's club, at Waterford.

Starting times were set for 8 a.m. Saturday, Oct. 10 (for registration and safety inspection). First of three novice races that day starts at 2:30 p.m. with others at 3:10 and 3:45 p.m., the final being a race for feminine drivers.

Second day's racing is set for 11 a.m., 11:45 a.m., 1:15 p.m. and at 1:45, 2:15, 2:45, followed by the Edwin P. Lawrence Memorial race at 4 p.m.

Plans have been completed for a victory banquet at the clubhouse, when trophies will be presented.

★ ★ ★

Members of the race committee include:

Cochairmen, J. J. Holcomb and R. W. Moody
Chief steward, Robert Gubbins
Registration, Les Smith
Technical inspectors, Art Novak, Bill Corliss
Circuit marshal, Ed Fischer
Publicity, Warren Ross
Chief timer, Dick Norton
Safety officer, Phil VanZandt
Communications, flag officer, Judd Holcolmbe
Programs, Marguerite Buckley
Announcer, Chuck Lewis

40,000 Go After Deer Tomorrow

Bowhunter Army All Set

CURRAN, Mich. (UPI)—A record-size band of some 40,000 bow and arrow armed deer hunters start out at 6 a.m. tomorrow for 36 days of the fastest growing sport in the nation.

Hunters in this area of northeastern Lower Michigan will find heavy cover and temperatures above normal for deer hunting, even in the Robin Hood fashion.

Warm weather of recent weeks was expected to continue at least through the first part of the bowhunting season and hunters will find plenty of leaves still on the trees. They'll also have a problem of keeping their trophy from spoiling.

Despite last winter's severe weather and deep snows, on-the-spot reports showed a "terrific number" of well-trained bucks and a normal amount of does and fawns. "Normal" for this area means an overabundance of game.

Considered a "fad" not too long ago, the silent sport of bowhunting is now considered the fastest growing outdoor sport today, ranking with skin-diving and boating.

Talk about growing in popularity!! In 1937, Michigan sold licenses to only 184 resident bowhunters and two non-residents. In 1955, there were 34,365 resident and 3,558 non-resident archers.

"Bucks only" hunting areas include Emmet, Chippewa, excluding Drummond Island, and Menominee counties. Everywhere else, any deer is legal.

Hunting regulations are relatively unchanged from last year. The Michigan Bow Hunters Association urges all hunters to remember the rules.

Bows must be unstrung and encased whenever in or on a motor vehicle, except when inside the trunk of your car.

No firearms are allowed in possession while bow hunting, except a shotgun loaded with birdshot.

Hunting from trees, scaffolds or raised platforms is illegal as is the use of salt, artificial lights or a crossbow in taking deer.

Fox Hunters Meet for Trial, Show

Thirteenth annual Fox hunters field trial and bench show will take place at Lapeer Sportsmans club, this weekend, starting Friday Oct. 2.

★ ★ ★

The event is sponsored by the Michigan Fox Hunters Assn., of which Clifford Hicks of Pontiac is the president.

First cast for the dogs is set for 5:30 a.m. Friday.

★ ★ ★

Pairings of entries will be set Thursday at 7 p.m. at the club.

★ ★ ★

The bench show for fox hounds takes place at 8:30 p.m. on Saturday. The public is invited to all activities.

Big Fish Catch the Fishermen

TEXAS CITY, Tex. — "You don't catch a monster fish — he catches you."

Speaking was Elmer Higgs, who ought to know, for he spends most of his fishing hours trying for the ugly monsters that haunt the holes off Galveston jetties — big sharks, stingaree or sawfish.

"He catches you simply because once you tie into one, all he does is pull you — and sometimes your boat — around until the pressure wears him down," Higgs warned.

Lures From Deer Tails

ATLANTIC CITY, N.J. (AP)—Bill and Morris Upperman, fishermen for more than 30 years, have a special lure. They make theirs out of hair from the tails of deer. They have started mass production.

Rochester Holds Final Obedience Demonstration

Only one dog obedience training demonstration is left in the area before regular classes are under way all-around. John McNary will present an exhibition at 8 p.m. today at Rochester's Woodward School. Any person interested in training a pet dog may attend and register for the first regular class next Wednesday.

"These classes," says Daniel Whitfield School class director Reg Armstrong, "not only train the dog, but teach the owner how to make the most of the training." Classes began at Whitfield last week, but there is room for more dogs (20 now in class). Call Armstrong at FE 2-7749.

Classes run 10 weeks, cost $10 There's additional room at Waterford CAI's class, and those interested should call Jim Richmond at OR 3-3810.

★ ★ ★

Henry Thornton's class at Bloomfield Hills is already under way with 40 "pupils."

'Tex' Steps Out to Win With Lazarus, Tiny

While kennel-mates Sugarfoot and Suzie were taking it easy at home, Sunday, at Raven Hills big Tex, Lazarus and Tiny went out and won a few more dog show awards for their owners, Hank and Mary Jane Roberts.

Tex, now registered as Raven Hills Copper Casanova, went best puppy in his class at the Tri-County Dog Breeders' show at Ann Arbor. RH's Rebel Yell (Lazarus, so named because he was more dead than alive when born) won the open dog class and RH's Thunderbird (Tiny) went best of breed after winning open bitch class.

They're all great Danes.

UPI Photo

PLAYING HOOKY! — This 11-year-old Norfolk, Va., angler doesn't monkey with small fry fish, as shown by the big blue marlin he landed off Hatteras Pt., N. C. Fish is more than twice his size and he is the youngest ever to land a marlin off this coast. It took an hour to boat the marlin, which was attacked by a big shark that took a chunk out of its back.

Sighting 'Em In?

Deer hunters of the Pontiac area who wish to get their rifles sighted-in for the coming Michigan hunting season may make use of the range at Pontiac Lake Recreation Area, area supervisors say.

★ ★ ★

Quite a number of hunters have been testing their gun sights there this week.

Shooters have been using the 100-yard targets.

You're the Skipper

By JOHN BOHANNAN
Syndicated Boating Writer

The boatman who finds it difficult to tell exactly where he is on the surface of the water often can do better by checking the bottom. Next time a fog closes in, try making soundings at intervals along a steady course and you'll have the key to the situation.

Just as a key depends on a series of irregular notches to open a lock, the series of soundings laid out in a straight line will fit only in one place on your chart and you can pin-point your position at the last sounding with a high degree of accuracy.

If under power, you'll need a good marine speedometer or speed curve showing how fast you are going at a certain number of engine revolutions per minute. Then, by making a note of the time for each sounding, this can be translated into distance along the course line on the chart.

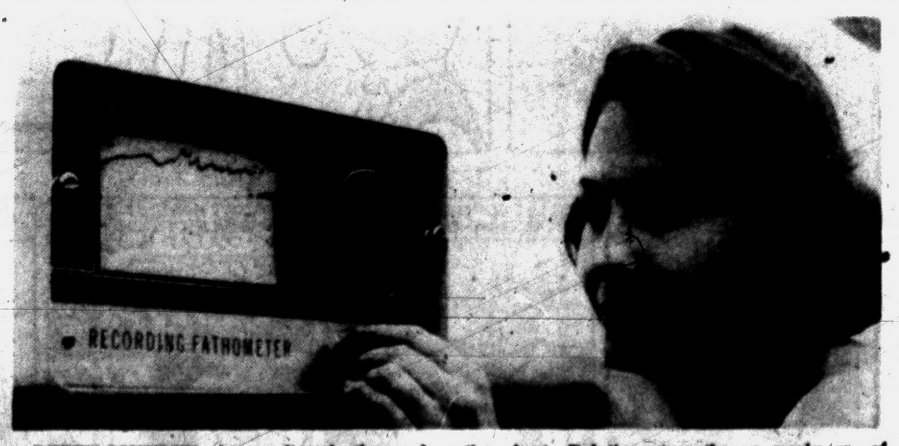

The skipper who is under sail can stream a taffrail log and take soundings at distance intervals.

An ordinary lead line can be used for measuring the depth of the water. Slow down, put a man on the starboard rail well forward and let him swing the lead ahead so the line will be perpendicular when he calls the depth.

Use of an electronic depth sounder eliminates the need for slowing down. Just hold the speed constant and take readings at regular time intervals.

The problem is even more simplified by using a recording depth sounder which traces a precise contour of the bottom on calibrated chart paper. Merely take note of the time when the instrument is turned on and off.

Although the electronic sounder can't bring up samples like the armed lead, it will indicate the nature of the bottom by the type of signal on the dial. A rocky bottom gives multiple signals from echoes. The shallowest depth shown should be taken as the true reading, or else you can turn down the gain control to eliminate the echoes. A muddy bottom is indicated by a broad signal, the shallow edge being the top of the mud and the lower edge a reflection of hard material underneath.

DEPTH SOUNDER—A recording depth sounder, like one shown in the photo, eases the task of making a series of soundings for comparison with the chart. Relative strength, or weakness, of the trace indicates whether the bottom is hard or soft.

Maybe That's Why K Looks West

Red China May Sometime Rule Asia

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Chiang Kai-shek was too much for them once. And back in the early 1930s a little band of indestructible Chinese Communists made a long march to the northwest to escape him.

They survived. They waited. They were determined to win. And they did, helped along after World War II by the corruption in Chiang's government. In 1949 they finally overcame Chiang's armies. He fled to Formosa.

★ ★ ★

Now in Peiping the Communists, masters of China, are celebrating the 10th anniversary of their victory. Chiang is an old man now, 73, still head of a government, but this time on the island of Formosa, 100 miles from the mainland.

RED CHINA STRONG

In those 10 years Red China has become one of the strong powers. Its "volunteer" armies fought the United States to a standstill in Korea. It is pushing against the frontiers of its neighbors. It is an ally of the Soviet Union.

The Chinese Communists, in consolidating their power, sent uncounted thousands to graves in Red purges. But they have organized their country, its efforts and its people in a way never seen before so fast.

They are trying to bring China abreast of the 20th century in a rush while giving their people a sense of direction and destiny. They have disrupted family life and reduced the people to labor battalions. But they are moving.

Soviet Premier Nikita Khrushchev, who flew to Peiping Tuesday to help celebrate the 10th anniversary of victory over Chiang, boasts the Soviet Union will surpass the United States.

HEADING FOR TOP?

In time Red China may surpass both of them. It has more people than both put together. Its population is exploding at a frightening rate. More than 13 million Chinese are born every year.

In the end, through arrogance, ambition and the need for room, Red China may turn on its Soviet friend whose largely uninhabited eastern provinces skirt Red China and extend to the Pacific.

It is possible that Khrushchev, looking far ahead, fears this and would like to have friends in the West as a future bulwark against his present ally.

★ ★ ★

It does not require much imagination, if you are willing to look at the crusading spirit of communism, to believe that Red China will never stop trying to communize all Asia and may well do so. It doesn't have to use direct military force. Various pressures — economic, political, internal subversion — are excellent weapons.

IN BACKWARD AREA

Red China is surrounded by backward Asian nations. The more it prospers the more effective it will be against its neighbors, particularly where there are wide gaps between rich and poor and there is drift instead of progress.

★ ★ ★

Such a conquest of Asia can't occur overnight. But it could increase as Red China grows in power, both economic and military. This would mean grief in time for the United States which is up to its neck in trying to keep the rest of Asia non-Communist.

Only a Tomato Menaced Nikita During His Visit

WASHINGTON (AP) — A betting man would never have wagered, even at long odds, that Nikita S. Khrushchev could go through a crosscountry trip and have nothing thrown at him but a tomato.

And it didn't come near its pudgy target.

★ ★ ★

Security officials are still congratulating themselves today over what many thought would be an impossible job.

★ ★ ★

It's almost incredible, with all the people in this country who hold greivances against Mr. K., that there wasn't an incident that could easily have turned into a disaster.

Rockefeller's Bride Likes College Course

NEW YORK (AP)—Mrs. Steven Rockefeller, the Norwegian bride of the New York governor's son, is studying English at Columbia University.

"I am enjoying the course very much," Mrs. Rockefeller said Tuesday.

The former Anne Marie Rasmussen came to the United States two years ago to learn English. She met her husband while working as a maid in the Rockefeller home in New York.

Her Columbia course is an intermediate course for foreign students.

U.S. Dedicates Stamp Honoring Ernst Reuter

WASHINGTON (UPI) — Postmaster General Arthur E. Summerfield dedicated Tuesday the fifth "Champion of Liberty" postage stamp honoring the late Ernst Reuter, former Mayor of Berlin.

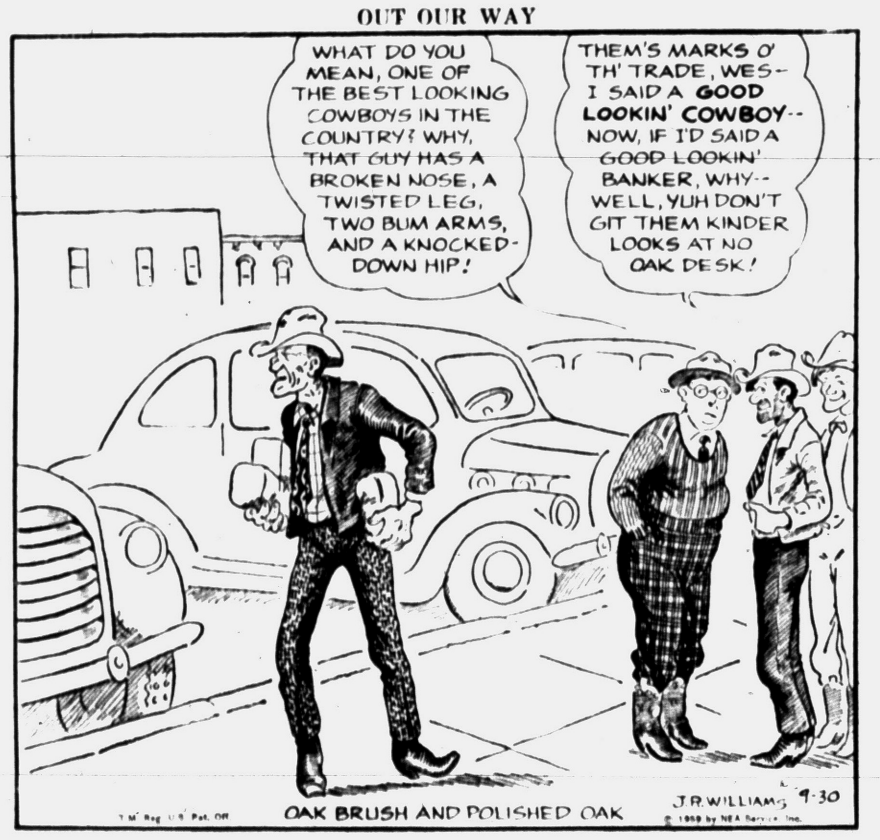

Summerfield said Reuter led the people of Berlin "in an epic demonstration, of courage, determination and resistence to tyranny."

German Ambassador Wilhelm G. Grewe and Undersecretary of State Robert Murphy attended the ceremony at the Post Office Department. The occasion also marked the sixth anniversary of Reuter's death.

Some Grains Show Strength

CHICAGO (UP) — Wheat, rye and soybeans demonstrated some strength in early dealings on the Board of Trade today. Corn and oats showed little tendency to move away from previous closes.

Wheat futures moved up fractionally shortly after the opening on short-covering and what was believed to be investment buying. Expected foreign demand for the bread grain failed to materialize early in the session and demand slackened.

Short-covering was apparent also in the soybean market and prices moved up fractions. Rye followed action in wheat. There was nothing in the news to affect the feed grains and trading was mostly a local affair.

★ ★ ★

Near the end of the first hour wheat was ⅛ to ¼ higher, December $1.95½; corn unchanged to ⅛ higher, December $1.09⅝; oats ⅛ higher to ⅛ lower, December 70¾; rye ⅛ to ½ higher, December $1.33⅛; and soybeans ⅜ to ½ higher, November $2.11⅛.

Grain Prices

CHICAGO GRAIN

Judge Will End Link Between GM, DuPont

CHICAGO (UP) — Judge Walter J. Labuy said today he will rule Friday on a plan to end the close business association between the DuPont Co. and General Motors Corp.

The U.S. District Court judge will make his finding at 3:01 p.m. EST. After the close of trading on the New York Stock Exchange.

The ruling will be in the government's long antitrust proceedings against E. I. du Pont de Nemours and Co., General Motors and others.

Renault to Try Pacing Volkswagen Produciton

CLEON, France (UPI) — Pierre Dreyfus, director general of Renault Auto Co., said yesterday Renault will produce 3,000 cars daily next year in a bid to keep pace with Germany's Volkswagen.

News in Brief

Thieves broke into Marie's Lunch, at 1672 E. Auburn Rd., Avon Township, Tuesday and stole $35 from vending machines, according to Oakland County sheriff's deputies.

An estimated $250 worth of lumber was reported stolen yesterday from a home under construction on Hilltop Lane near Dutton road in Oakland Township, sheriff's deputies reported.

Dorothy Bell, of 87 Clovese St., told Pontiac police Tuesday that someone stole a $500 diamond ring and a costume jewelry ring worth $10 from her home.

Livestock

DETROIT LIVESTOCK

DETROIT, Sept. 29 (AP)—(USDA)—Cattle—Salable 600. Receipts increased by around 700 head carried from Monday, these mostly cutter, utility and standard offerings; only limited supply good and choice steers and heifers in early run; opening trade on small supply good and choice steers and heifers slow, few sales steady to weak; lower grades very slow, demand rather narrow, most early sales 25-50 cents lower, or fully 1.00 lower for two days; cows opening steady. Scattering choice steers mostly in small lots 1,000-1,100 lbs. 26.75-28.00; 8 head high choice to prime 1,100 lb. steers 28.25; good to low choice steers 25.00-26.75; few early sales utility and standard mixed offerings 18.50-22.50; one load mixed utility and low standard heifers 21.75; utility cows 17.00-18.00; canners and cutters 13.50-17.00.

Hogs—Salable 700. Butchers steady to weak, sows steady, most mixed No. 2 and 3 190-240 lbs. 12.25-13.50; mixed No. 1 and 2 and few lots No. 1 190-230 lbs. 13.75-14.00; No. 2 and 3 240-270 lbs. 12.75-13.00; No. 3 270-300 lbs. 12.50-12.75; mixed grades sows 300-400 lbs. 11.00-12.50; No. 2 and 3 400-600 lbs. 9.75-10.50.

Vealers—Salable 175. Fully steady; choice to prime 36.00-41.00; standard and good 26.00-36.00; cull and utility 16.00-26.00.

Sheep—Salable 800. Slaughter lambs not fully established; slaughter ewes and feeder lambs steady; few load high choice to prime wooled slaughter lambs 22.00; cull to choice slaughter ewes 3.00-5.50; few up to 6.00; most good and choice native feeding lambs 17.00-19.00; several loads choice western feeding lambs 19.50.

Poultry and Eggs

DETROIT POULTRY

DETROIT, Sept. 29 (AP)—Prices per pound f. o. b. Detroit for No. 1 quality live poultry:

Heavy type hens 16-17; light type hens 8-10; heavy type broilers and fryers 3-4 lbs. whites 18½-20; Barred Rocks 22; caponettes over 5 lbs. 27-28; under 5 lbs. 21-23; turkeys, heavy young hens 25-26; heavy type young toms 24.

DETROIT EGGS

DETROIT, Sept. 29 (AP)—Eggs f. o. b. Detroit in case lots federal-state grades:

Whites—Grade A jumbo 55; extra large 52; large 49-50; medium 36-40; small 23-25; grade B large 46-47; no browns reported. Checks 20.

Commercially graded:

Whites—Grade A extra large 45; large 44-45; medium 33-35; small 18; browns—grade A extra large 44; large 42-42½; medium 34-35; small 17-18; grade B large 30.

Two Firemen Hurt by 'Exploding' Radio

Two Avondale volunteer firemen were injured Tuesday when a radio they were testing "exploded" in their faces at the Avondale Fire Hall, 117 E. Fourth St., Rochester.

William B. Richards, 45, of 2809 Dearborn St., Rochester, and Harold F. Miller, 43, of 2137 Auburn Rd., Pontiac Township, were both treated for facial cuts at St. Joseph Mercy Hospital and released.

The men told sheriff's deputies they were testing a radio and mike set run by a wet cell battery when it "blew up" in their faces.

No Turning Back Now

SAN FRANCISCO (UPI)—One-year-old Susan Hollingsworth took a big step towards womanhood yesterday. She had her first permanent.

Market Moving Unevenly Today

NEW YORK (UP) — Some recent leaders took losses as the stock market moved unevenly in moderately active early trading today.

Gains and losses of fractions to about a point prevailed among pivotal stocks. A slight tendency toward the downside was apparent.

★ ★ ★

The market had five days of recovery behind it and was encountering technical resistance to a further rise.

Steels drifted off fractionally as President Eisenhower held his White House conferences with both sides in the labor dispute.

Both Studebaker-Packard and American Motors, recent leaders, declined.

Rails eased back from their strong rally of yesterday, several taking fractional losses or trading about unchanged. New York Central was an exception, gaining about a point in brisk dealings.

Utilities displayed a string of small gains. Drugs and an assortment of selected issues were higher. Nonferrous metals, chemicals and oils were mixed.

Small gainers included Allied Chemical, Radio Corp., Johns-Manville, Merck, Pfizer, Consolidated Natural Gas and Southern California Edison.

U. S. Steel and Ford were unchanged.

Dodge Salesroom Will Open Oct. 9

John J. Smith of Birmingham opened a new Dodge dealership at 211 S. Saginaw St.

The "Grand Opening" is scheduled for Oct. 9 when Smith will "announce" the 1960 models.

The dealership, known as John J. Smith Dodge, Inc., will handle the Dodge, Dodge Dart, Simca and Dodge trucks. Paul Riemenschneider is sales manager. The firm has a staff of 18.

PERSONAL CUPS FULL — Proudly claiming that his town of Arcola, Ill. consumes more coffee per capita than any other city in the U. S., Bob Arrol checks the stock of personal mugs in his drugstore. Ten years ago, he started serving coffee to his special customers in cups bearing their names. Now Bob has 162 name mugs and a long waiting list of people who want to get into his coffee club. No one can join who hasn't drunk at least five gallons of coffee, and even a prospective member has to wait until someone dies or moves out of the 2,000-population town. You see, Bob has only 162 cubbyholes in his rack. He knows each of his coffee customers by his first name and never reaches for a wrong cup.

Paves Someone Else's by Mistake

City Takes Wrong Road

One of the city's new roads has been mistakenly paved across private, not public property, it was disclosed last night to the City Commission.

Taking the news in stride, commissioners immediately gave administrative officials authority to initiate condemnation proceedings to cover their embarrassment.

James Carlisle, assistant city engineer, said about 140 feet of last year's extension to Glenwood avenue is involved.

"We thought we owned all the right-of-way, but it turns out we don't," he admitted to the Commission.

Since the right-of-way is 90 feet wide, the city finds itself illegally using about 12,300 feet of private property, Carlisle said.

★ ★ ★

"If we don't sue to condemn the land, we may be sued ourselves to remove the road," said City Attorney William A. Ewart.

The extension, linking Glenwood with Paddock, relieves traffic jams along Perry street. It was constructed in connection with the Perry widening project.

How the slip-up occurred was a mystery to City Manager Walter K. Willman. He put the blame on City Engineer Lewis M. Wrenn and the Engineering Department.

Carlisle said he had nothing to do with right-of-way on this particular project. Ewart, whose job it is to check the legality of the city's actions, said he noticed nothing wrong.

Wrenn, vacationing in Hawaii, was happily removed from any immediate controversy.

★ ★ ★

The parcel in question is "L" shaped, with one leg of the "L" fronting on Perry. That portion is leased to a super market.

The other leg swing southeast of Perry, and it is this strip that the Glenwood extension crossed.

It was noted that the city probably won't lose any money because of the mistake, only its dignity.

★ ★ ★

"If the land isn't ours we should buy it and prices set by condemnation juries are usually fair," said Ewart.

Mailers Can't Picket Till NLRB Decision

DETROIT (UP) — U.S. District Judge Frank A. Picard enjoined Mailers Union Local 40 of the International Typographical Union today from picketing Detroit's three daily newspapers until the National Labor Relations Board can rule on an unfair labor practices complaint against the union.

An NLRB spokesman predicted it would take three to four months for the board to reach a decision. The order, in effect, prolonged one granted Friday.

Picketing by Local 40 halted publication of the morning Free Press and the afternoon Times and the News for three days last week when printer members of the parent ITU refused to cross picket lines.

The Detroit Newspapers Publishers Assn., which represents all three papers in mechanical craft bargaining, has a contract with Local 4 of the International Mailers Union which won certification over the ITU two years ago. The contract expires Nov. 30.

Family Loses Clothes in Laundromat Theft

An Orion Township housewife is wondering today how she will keep her family clothed this fall and winter.

Mrs. Lawrence Reuter of 306 Waldon Rd. told Oakland County sheriff's deputies yesterday she had taken seven loads of clothes to a laundromat at the Judah Lake Shopping Center on Joslyn road in Orion Township.

"I put them all in the washers and then left to visit friends around the corner on Candlewick street," she said.

"When I returned a short while later, all my clothes were gone."

She estimated their total value at $115.

Republic of San Marino Okays Anti-Red Cabinet

REPUBLIC OF SAN MARINO (UPI) — The newly-chosen grand and general council of this tiny enclave surrounded by Italian soil last night confirmed an anti-Communist cabinet, with the Communists and Socialists abstaining in the final vote.

The council, dominated by anti-Communist groups, was elected Sept. 13 in the first democratic victory at the polls since World War II. That election crushed Communist hopes of regaining power lost in a bloodless civil war two years ago.

Lakeland Players Set Oct. 19 for Drama Tryouts

Tryouts for the Lakeland Players first production "Arsenic and Old Lace" have been set for Oct. 19 at the Community Activities Center on Williams Lake road.

The new group is sponsored by the Waterford Recreation Department.

"Although the club's membership is now 36, more people are needed to help make the anticipated productions successful," said Robert Bauer, assistant recreation director.

Duke Chaffee will direct the first play scheduled to be presented Dec. 1.

Officers of the organization are Mrs. Arlene Laly, president; Mrs. William Aebersold, vice president; Mrs. Agnes Levigne, secretary, and Mrs. Kenneth Mathews, treasurer.

Edward L. Lape in GM Parts Post

Edward L. Lape today was named assistant director of the service section of General Motors, in charge of parts distribution, by William F. Hufstader, GM vice president in charge of distribution staff.

Lape succeeds Walter G. Morris who died Sept. 8.

Lape had been with the United Motors Service Division of General Motors since May 1, 1952, serving as operations director, general sales manager, assistant general sales manager and general merchandising manager.

He joined GM as a messenger-stock clerk with Chevrolet in Cincinnati June 15, 1920. He was with Chevrolet from 1920 until October 1946, when he was assigned to GM's central office in Detroit.

Dow Employes Can Buy Stock Lower

MIDLAND (UPI) — Dow Chemical Co. today announced a stock purchase plan under which its employes could buy common stock in the firm far below current market price.

A Dow spokesman said the program would affect Dow employes and employes of its subsidiaries and certain associated firms.

The plan offered common stock at $68 per share. The closing price on the New York stock market yesterday was 80⅛.

Dow said employes on the payroll as of yesterday may subscribe up to 10 per cent of their annual wage. Subscriptions will be accepted from Oct. 12-30 and will be paid under a payroll deduction plan.

The spokesman said the plan made about 29,500 employes eligible to purchase the stock.

Acting Governor Fixes Error in Business Tax

LANSING (UP) — A bill correcting a five million dollar error in the business activities tax has been signed into law by acting Gov. John B. Swainson.

★ ★ ★

The Legislature last week completed the repair job to the tax bill it approved Aug. 29.

In its original form, the bill would have allowed tax credits to profitable business firms as well as those showing a loss. No revenue loss to the state was expected to result from the delay in getting the bill in correct form.

25 Windows, Floodlights Smashed by Vandals

Sometime yesterday vandals smashed 25 windows and four floodlights at the rear of Tripp Excavating Company, 3240 Elizabeth Lake Rd., according at Waterford Township police.

Owner of the building Martin Tripp told police that pieces of steel pipe had been thrown through the windows.

Police said they had recently received several complaints of vandalism in the area.

Ypsilanti Woman on TV

LANSING (UPI) — Mrs. Maxine Virtue, assistant state attorney general from Ypsilanti, will appear Nov. 9 on "Woman," a CBS television program on marital problems and family life.

Laud New Way of Fingerprinting

Aerosol Can Is Used by a Gotham Lawman on Big Cases

NEW YORK (UPI) — A young detective's revolutionary method of getting at-the-scene fingerprints received enthusiastic backing from the world's police chiefs today as one of the greatest developments in crime investigation in 20 years.

Nassau (N.Y.) County Detective Matthew Bonora, 31, who has worked on such famous cases as the Peter Weinberger kidnaping and the abduction of Stephen Damman, said that he has received orders from police departments in almost every state for his fingerprint taking development.

"The response is terrific and we think it's really going to help law enforcement a lot. This little thing will help fight crime throughout the world," he said.

Bonora's idea was simple—to a housewife. It's an aerosol can that sprays fingerprint powder, much like the cans used in every household for shaving cream, insecticide or whipped cream. To help him overcome technical difficulties, Bonora brought in two partners—William Golden, 39, a fingerprint technician for the Nassau Police, and George Hartz, 51, his next-door neighbor and an aerosal chemist.

The old method, he explained, involved using a brush to apply fingerprint powder carried in a can onto the surface of suspected fingerprint areas.

"It was a tremendous problem," he said. "A little two inch brush. It was like the old Army gag about trying to scrub a drill field with a toothbrush."

Wayne Auditors Suggest Higher Budget for 1960

DETROIT (UP) — Wayne County Board of Auditors Tuesday recommended a budget of $84,036,660, for the county's 1959-60 fiscal year.

The budget is more than 1½ million dollars more than current year appropriations. It falls $580,000 short of the record 1957-58 budget. The new budget recommends major cuts in welfare and hospitalization accounts and a $600,000 reduction in the annual appropriation to the employes' pension fund.

1,271 Die in 1959 at Crossings

3,099 Collisions During Year, With California and Texas Worst

WASHINGTON (UPI) — The Interstate Commerce Commission (ICC) reported today that 1,271 persons were killed in a total of 3,099 collisions at railroad highway crossings last year.

★ ★ ★

The ICC said 3,160 persons also were injured in various types of accidents, including pedestrians as well as motor vehicles and trains, at rail-highway intersections in 1958.

It said these figures represented a continuation of the 10-year downward trend in such accidents. In 1957, there were 3,569 collisions at rail crossings, with a death toll of 1,371 and 3,767 injured.

California had more accidents at grade-crossings than any other state last year, with 255 or 8.9 per cent of the national total. Texas came second with 246 or 8.6 per cent.

Russian Scientists More Cooperative

Professor A. C. B. Lovell, builder and director of the world's largest radiotel scope at Jodrell Bank, England, today said Russian scientists apparently have embarked on a new era of friendship.

The astronomer told a news conference the Soviet scientists telegramed the Jordell Bank telescope the Lunik II satellite position so they could track it.

"We had good, straightforward cooperation on Lunik II," Lovell said. "It appeared to be a new gesture of friendship."

Lovell said there was "not the slightest possibility" that the moon shot was a fake. He said however, the large payload that struck the moon earlier this month "probably got less scientific data than the Americans got on Explorer VI."

Act of Kindness Cost Her More Than She Knew

CINCINNATI (UPI) — A sedan stopped in front of Mrs. Herbert E. Keller's home Sunday and a blonde woman asked for something to aid a child with an upset stomach.

Mrs. Keller fetched a half empty box of tissues from the house and said, "Take them along if you like." The car drove off.

But when she told her husband of the incident that night, he said, "Do you know what you gave away?"

"Just a few tissues," she said. "What do you mean?"

"Oh, something like $200 or $210," he said, "I hid the money in the bottom of the tissue box when I emptied my wallet last night."

Mrs. Keller has placed a lost-and-found advertisment in the Cincinnati Enquirer asking the blonde to return the box and its contents.

Detroit Police Catch Youth; He Stabs Self

DETROIT (UPI) — Police captured a 19-year-old car thief early today following a 10-mile chase at speeds up to 70 miles per hour through the city's northeast section.

Four officers were hurt slightly in the chase, punctuated by a half dozen shots at the fleeing car driven by Floyd R. Kehn of Detroit.

When police finally caught up to Kehn after he rammed a parked parked car, he plunged a small pocket knife into his chest three times saying: "I'd rather die than go back to prison."

Kehn, in fair condition at Receiving Hospital, escaped from the Ionia Reformatory Sept. 13.

Benson Arrives in Russia for Agricultural Visit

MOSCOW (UPI)—U.S. Secretary of Agriculture Ezra Taft Benson today began a Russian visit at the invitation of Agriculture Minister Vladimir Matskevich.

Matskevich met Benson at the airport yesterday. Benson said he hoped that "the friendship born of mutual contacts in the field of agriculture will be a valuable contribution to the increasingly friendly relations between our countries."

Rebuilt Road to Open

LANSING (UP) — Fourteen miles of reconstructed M-94 in Alger County will be opened to traffic Thursday, a month ahead of schedule, the State Highway Department announced. The $566,887 stretch of highway extends from Munising to Shingleton.

Death Notices

DIENER, SEPT. 29, 1959, WILLIAM F., 2831 Watkins Lake Rd., age 86; dear father of Mrs. Lester Smith, Kenneth, Herman and Frank Diener. Funeral service will be held Thursday, Oct. 1, at 1:30 p.m. from Huntoon Funeral Home with Rev. P. Somers officiating. Interment in Waterford Cemetery. Mr. Diener will lie in state at the Huntoon Funeral Home.

EARLE, SEPT. 26, 1959, FLORA M., Fenton, Mich.; age 75; dear aunt of Frank E. Price, Leo E. Price, Mrs. Virginia Chamberlain and Mrs. Flora Walsh. Funeral service will be held Thursday, Oct. 1, at 2 p.m. from Plumerfelt Funeral Home, Lake Orion, with Rev. Albert Johns officiating. Interment in Evergreen Cemetery. Mrs. Earle will lie in state at the Graham Funeral Home, Fenton, until 10 a.m. Wednesday, then be taken to Plumerfelt Funeral Home, Lake Orion.

HARDY, SEPT. 29, 1959, HENRY Paul, 731 Portland St.; age 82; beloved husband of Cora Hardy; dear father of Floyd Hardy, Mrs. Maybelle Handcock, Cecil Hardy, Randell Hardy, Arl Hardy, Mrs. Rudy Hampton, Henry P. Hardy, Thomas Hardy, Donald J. Hardy, Jewell Pickard, J. T. Pickard, Mrs. Marie Baker, Paul Pickard, Aubrey Pickard, Edward Adkins, Virgie Adkins, Mrs. Louis Shelton and Mrs. Daisy Crabtree. Funeral service will be held at 7:30 this evening from Melvin A. Schutt Funeral Home with Tom Malone officiating. Interment in Shoemach Cemetery, Clarkston, Mo. Mr. Hardy will be taken to Malden, Mo., for service.

RAPSON, SEPT. 29, 1959, ROSE, 414 E. Tennyson Ave.; age 96; dear mother of Mrs. Kenneth Altiman, Mrs. James Bennett, Fred, Thomas and Harry Rapson; also survived by nine grandchildren and 16 great-grandchildren. Funeral service will be held Thursday, Oct. 1, at 1:30 p.m. from the Voorhees-Siple Chapel with Rev. William E. Hakes officiating. Interment in Oak Hill Cemetery. Mrs. Rapson will lie in state at the Voorhees-Siple Funeral Home.

TREGGERDINE, SEPT. 29, 1959, John J., 6214 Waldon Rd., Clarkston, age 89; survived by four nieces, one nephew and several cousins. Funeral service will be held Friday, Oct. 2, at 2 p.m. from the Sharpe-Goyette Funeral Home, Clarkston, with Rev. David Dee officiating. Interment in Oxbow Lake Cemetery. Mr. Treggerdine will lie in state at the Sharpe-Goyette Funeral Home, Clarkston.

Card of Thanks 1

WE WISH TO EXTEND OUR SINcerest thanks to all who helped in any way to lighten the load of sorrow at the loss of our loved one, George R. Conklin & to Rev. Laloue who gave us spiritual comfort. Wife & Family.

In Memoriam 2

I WISH TO THANK OUR MANY friends, neighbors and relatives for their many acts of kindness, sympathy and floral offerings during the last illness and the death of my beloved husband. A special thanks to Dr. Neil Sullenberger and the Rev. Arvid Anderson and the Voorhees-Siple Funeral Home. His loving wife, Merle Field.

Missile Interception Attempt Is Failure

WASHINGTON (UPI)—The Air Force has disclosed it tried unsuccessfully to intercept the Discoverer V satellite with a ballistic missile launched from a supersonic B58 jet bomber a week ago.

The missile failed to send back any radio information and the Air Force said "test objectives were not accomplished." It was launched over the Gulf Coast test range from Eglin Air Force Base, Fla.

The Air Force had disclosed previously that it canceled an attempt to put an air-launched ballistic missile across the path of the Explorer VI satellite.

Sees Less Strain in Formosa Straits

TAIPEI, Formosa (AP)—U. S. Defense Secretary Neil H. McElroy said today conditions in the Formosa Strait appear "less strained" than they were a year ago.

McElroy and his wife arrived here for a three-day visit with President Chiang Kai-shek, other Chinese Nationalist leaders and American officials.

He leaves Saturday for Hong Kong, continuing a 30-day Far East swing.

Mrs. Smothers and Daughter, 7, Hurt in Crash

A seven-year-old Pontiac girl and her mother were injured late Tuesday afternoon in a two-car collision at Cottage and O'Riley streets.

Mary Ann Smothers and her mother, Mrs. Maude Smothers, 41, of 195 W. Cornell St. were treated at St. Joseph Mercy Hospital and released.

They were riding in their car, driven by the girl's father, Victor, 40.

The other driver was Clara E. S. Smith, 43, of 128 Cottage St.

Neither driver was injured, police said.

The daily newspaper is the favorite advertising medium of the people. Every year, U.S. newspapers publish more than 300 million classified ads — roughly two for every man, woman and child in the nation.

NEW TV COMEDY—Dwayne Hickman, as a teenager, discovers—of all things—girls, in "The Many Lives of Dobie Gillis," a situation comedy about the youthful set. The miss is Tuesday Weld. "The Many Lives of Dobie Gillis" is based upon a book by Max Schulman, who also is producer of the CBS-TV series which started Tuesday evening.

Shifting From 7:30 P.M. to 10

Later Show for Benny

By VERNON SCOTT

HOLLYWOOD (UPI) — Jack Benny is emigrating from his familiar Sunday night time slot (CBS 7:30 p.m.) for the first time in his 25 years on the air.

The blue-eyed 39-year-old, like Steve Allen, found the going too rough against "Maverick," and moved to the 10 p.m. hour. Allen bugged out entirely, switching to Monday nights, leaving Ed Sullivan to battle it out with the popular western series.

★ ★ ★

Benny, a genuine expert on the viewing and listening habits of American audiences, believes the change will be for the better.

"I'll find out Oct. 4 when our first show goes on the air," he said. "Actually I've wanted the change for five years.

"We may find an entirely new audience — people who never saw me at the earlier hours. We'll lose some of the youngsters, but they were watching 'Maverick' anyhow.

"Sure, we will lose some viewers who don't stay up late, but at least our audience won't be in the middle of eating dinner."

★ ★ ★

Jack said Sunday and Monday nights are the best TV times available, explaining that most people stay home on Monday as evidenced by poor theater and restaurant business.

★ ★ ★

"Sunday is a good day because of its importance. It affords a definite break in the living pattern of the public," he said.

Benny refused to comment on ratings, saying, "I never pan the ratings unless I'm first or second on the list. If a performer is any lower than that everyone thinks it's sour grapes. I don't think they're accurate because viewers may have their sets on and not be watching."

The new time slot will not affect the content of Jack's regular half-hour shows.

"I've always tried to keep the show sophisticated," he said. "Probably the studio audience will be of a higher caliber, but the show won't be any dirtier just because it goes on after most kids are in bed."

★ ★ ★

The comedian refutes the notion of overexposure and lack of material. He maintains his program would be easier if he were on every week instead of bi-weekly.

"The more often you do a show the simpler it becomes. You get into a groove. And if overexposure hurts comedians I wouldn't be on the air at all."

Grisly Sight Before College Initiation Death

LOS ANGELES (AP)—"There was a table covered with a sheet. On it was a tray of raw liver. There was another tray with raw brains. In between the trays was a pig's head we call 'Charlie.' Candles burned at either end."

This was the grisly scene in a fraternity house just before a student choked to death trying to swallow a piece of the liver during initiation.

★ ★ ★

Fellow University of Southern California students told a coroner's jury Tuesday what happened the night of Sept. 17 when Richard Swanson, 21, died. The jury decided that death was accidental and no one was criminally responsible.

14 Epidemic Victims Die in New Jersey

TRENTON, N.J. (UPI)—An 80-year-old woman died in a hospital last night, the 14th victim of a suspected epidemic encephalitis which has hit southern New Jersey.

★ ★ ★

Dr. Roscoe P. Kandle, state health commissioner, said today laboratory tests on the woman, Mrs. Emma Cramer, were not completed, but she had been counted among about 23 persons suspected to have been afflicted with the disease. She was admitted to the hospital Sept. 21.

The state health commissioner predicted encephalitis will kill more New Jerseyans before cold weather kills the mosquitoes that carry the virus.

Waterford Area School Plans PTA Thursday

The only Parent-Teacher Assn. meeting scheduled this week in Waterford Township will be held at 8 tomorrow night at the William Austin Burt School.

Preceding the regular business meeting, teachers will be in their rooms for a brief consultation period with parents.

Special entertainment and games will be under the direction of Mrs. Dodge Melkonian, and there will be a community-sing.

All residents in the Burt School area have been invited to attend this first meeting of the new school year. Refreshments will be served by members of the executive board.

Big Anniversary Held for L'il Abner's Daddy

WASHINGTON (UPI) — Washington admen created a Dogpatch atmosphere yesterday to honor cartoonist Al Capp on his 50th birthday and the 25th anniversary of his L'il Abner comic strip.

★ ★ ★

The Advertising Club of Washington converted a plush hotel dining room into a backwoods backdrop for the ceremony, attended by government officials and other cartoonists.

Nikita Preaches Peace to Mao

Lectures China Chief at Airport on Need to End Cold War

TOKYO (AP) — The Soviet Union's tireless Nikita Khrushchev bounced into Peiping today from his historic talks with President Eisenhower and immediately lectured Mao Tze-tung on the need for ending the cold war.

★ ★ ★

"We must do everything in order to ease the situation and to create conditions for friendliness between all nations," the leader of the Communist world told Mao and Red Satellite chieftains gathered in the Chinese capital for the Peiping regime's 10th anniversary celebrations.

"We must make all efforts to create condiditions for establishment of world peace," Khrushchev added.

Delivered against the background of Peiping's crushing of the Tiet rebellion, its border dispute with India and the Red revolt in Laos, the planeside talk sounded like a pointed suggestion to Mao to keep the peace in Asia.

★ ★ ★

Khrushchev's big TU114 turboprop airliner landed in Peiping less than 48 hours after his return from Washington. He said he had literally "transferred from airplane to airplane."

★ ★ ★

Peiping radio said the Soviet Premier got a rousing welcome from Communist China's top officials, bands, a guard of honor and youth delegations who presented him with bouquets of flowers.

Gracie Won't Let Navy Take Picture

CAPE CANAVERAL, Fla. (UPI) — Camera-shy hurricane Gracie evaded the Navy's efforts to take her picture after all.

Yesterday, for the second time in five days, the camera that was hurled aloft by a rocket in an attempt to photograph the hurricane was lost in Gracie's rough seas.

A recovery ship gave up the search after combing the rough Atlantic Ocean for five hours. Last Friday, a similar attempt to get a "big picture" of the tropical terror failed when the cameras also were lost.

Prohibition Mobster Seeks Prison Release

SPRINGFIELD, Ill. (UPI)—Roger (The Terrible) Touhy, prohibition-era gang lord, will ask the Illinois Parole and Pardon Board for freedom today.

If his plea is successful, the 61-year-old former rumrunner and robber can expect his release in November. Touhy has spent the last 25 years in Statevill Prison in Joliet, Ill.

He was sentenced to 99 years in prison in 1934 for the kidnaping of confidence man John (Jake the Barber) Factor, now a wealthy Los Angeles realtor.

DOGGED RESISTANCE PAYS — Actress Audrey Hepburn, shown holding her Yorkshire terrier "Famous," won permission of customs officials in Stockholm Monday night to allow the dog to enter Sweden. Customs officials at first said she would have to leave "Famous" in quarantine, but after almost an hour of her tears, with pleas from her husband, actor Mel Ferrer, the law relented. Miss Hepburn was in Stockholm for the first Swedish showing of her new picture, "The Nun's Story."

TV News and Reviews

Garry Moore and Cohorts Return in Big League Style

By FRED DANZIG

NEW YORK (UPI)—That friendly, proddingly pleasant winter replacement for Andy Williams, the Garry Moore Show, returned to CBS-TV last night.

★ ★ ★

While Moore isn't going to match the inventiveness and excitement generated by the Williams gang during the summer, it is obvious that Moore can match anyone around when it comes to a knowing, professional, big league production.

This was evident in the premiere, which I saw at a screening because of the show's conflict with Bing Crosby's special.

Garry's cohorts, Marion Lorne and Durward Kirby, had more to do than in past shows and were on-target with their material.

Special guests were Gertrude Berg, Vic Damone and Jane Powell, all of whom were entertaining in their special ways, but I was sorry that Miss Lorne and Miss Berg didn't have a tete-a-tete.

A notable summit meeting occurred on ABC-TV last night in a show called "The Bing Crosby Show."

It was a ring-a-ding-dong-dandy hour.

All stood and performed their songs with overpowering style, feeling and happy tones. It was enjoyable and refreshing.

Although an effort was made to give the entertainers an imaginative decor of glass knick-knacks, the music was what made the show.

★ ★ ★

If I had to pick pet numbers, I'd choose Frank Sinatra's "Willow Weep for Me," Louis Armstrong's "Mack the Knife," all of Peggy Lee's numbers, and a few numbers that Bing performed.

Of course, a meeting of Bing and Frank also serves to advise use of the latest "in" conversational devices.

Unfortunately, their chit-chat last night produced no new fetishes, only a sordid plug for a chain of health clubs and poorly timed Sinatraisms about motel living.

The lad does seem to be enjoying his bachelor status.

THE CHANNEL SWIM: Person to Person, which returns to CBS-TV on Friday, Oct. 16, with visits to Jack Webb and Mae West, is moving its entire production staff from New York to Hollywood in order to visit more than one screen star a month, as it did under its old budget. . . . NBC-TV's Jack Paar will be Jack Benny's guest star on Sunday, Nov. 29, over CBS-TV. . . . George Bernard Shaw's "Misalliance," starring Robert Morley and Kenneth Haigh, is CBS-TV's Playhouse 90 production for Thursday, Oct. 29.

Reorganization Bills Up Against Deadline

LANSING (AP) — Lawmakers have been advised that eight bills scheduled to take effect Jan. 1 won't meet the deadline unless the Legislature comes back to finally adjourn Thursday.

The bills, mostly dealing with government reorganization, all have Jan. 1 effective dates. But the constitution provides no bill shall become law until 90 days after final adjournment unless given immediate effect.

Acting Gov. John B. Swainson said he has called the timing problem to the attention of key lawmakers. No decision has been made as yet, Swainson said.

"To attempt to put these acts into effect any time other than the first of the calendar year would create a lot of problems," Swainson said. "But state government would still go on."

State Police Reassigned

LANSING (AP)— A switch in assignments of two officers has been announced by State Police. Corp. David J. Feldkamp has been transferred from Detroit to Manistee and Corp. Francis J. Zenotti from Manistee to Detroit.

Conrad Hilton Makes Big Hit With Wilsons

By EARL WILSON

NEW YORK — Conrad Hilton, America's Host, opening a luxurious new room at the Savoy-Hilton, made a hit with me—and the B.W.—When he remembered without prompting that the B.W.'s name is "Rosemary." (He probably does it by associating her with his sister, Rosemary Carpenter, but who cares how he does it, as long as he does it?)

WILSON

The new room's called "The Columns" and Dorothy Streisin thought it was very nice "that he named the room after the newspaper columns." Hildegarde sang enchantingly for the opening and in one lyric propounded quite an interesting philosophy of life: "It's my considered opinion that the place to be is where I'm at." Hilton's next foreign opening: Pittsburgh.

I phoned Diane Varsi in North Bennington, Vt., on the rumor she's returning to Hollywood — and she denied it emphatically. "You're feeling good now?" I asked. "Well," she said a bit hesitantly, "I'm all right."

The rumor that Brigitte Bardot's given up her bridegroom and returned to Sacha Distal is a lotta you know-whatta, claims Raoul Levy, her producer, who's here.

Faye Emerson's date was young socialite Peter Howard . . . Diana Barrymore arrived from the Virgin Islands and rushed to Goldie's in pedal-pushers. She's so-o-o slender now.

DIANE

THE MIDNIGHT EARL . . .

Ava Gardner requested a special screening of "On the Beach," and sat through it alone . . . Sammy Davis Jr.'s coming to the N.Y. Apollo theater—but won't work Oct. 10 and 11, the Jewish holidays . . .

★ ★ ★

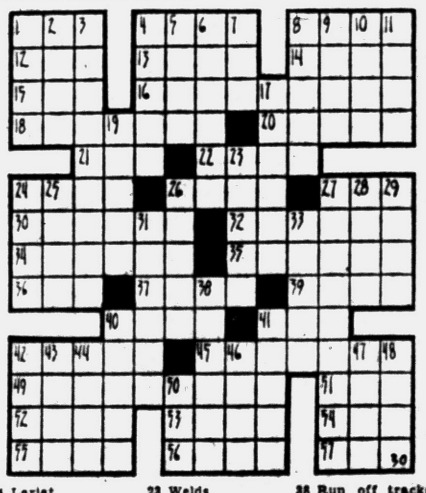

EARL'S PEARLS: When something doesn't turn out as you expected, you can bet it's being driven by a woman.

TODAY'S BEST LAUGH: Someone has suggested that Khrushchev will now be at peace with the U.S., but declare war on Disneyland . . . **That's earl, brother.**

Road Death Toll Showing Break

August First Month to Hold Own With '58 but Sad Total Far Ahead

CHICAGO (AP) — The rising trend in the nation's traffic death toll has been halted—temporarily, at least.

The National Safety Council reported today a seven-month climb ended in August. This was the first month of 1959 that did not show an increase in deaths over the corresponding month of 1958.

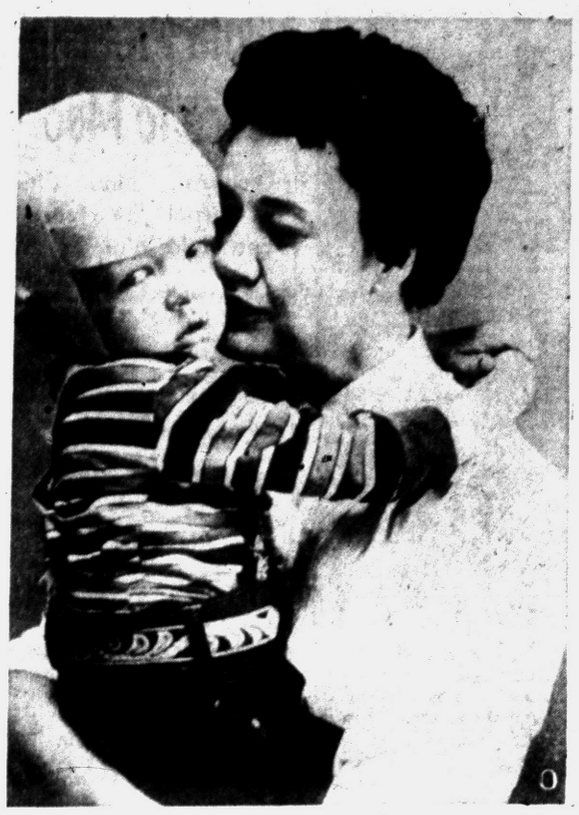

The August fatality total—3,450—was the same as in August last year.

But the toll for the first eight months of this year—23,810—was well ahead of the count of 22,940 for the first eight months of 1958.

NSC estimated that disabling injuries through the first eight months of this year total 800,000.

It credited the break in the steady rise in fatalities to improved driver behavior and law enforcement caused by alarm over the zooming toll.

The council said that, while motor vehicle deaths rose 4 per cent in the first 8 months of this year, travel increased 6 per cent. That made the mileage death rate for the period—deaths per 100 million miles of motoring—5.1—the lowest on record for the period covered.

WHERE'S MOMMY? — The pavement near Nashville, Tenn., was wet. The Greyhound bus driver fought with the slick road and lost. His vehicle skidded into a power pole. James Travis Eaton, 3, of Dallas, lost his mother Mrs. Marcella Burton Eaton, 24, in the crash. The boy and 11 other persons were injured. A nurse comforts him.

Recluse Now Back at U. of M.

ANN ARBOR (AP)—Cheng Guan Lim, who hid in the rafters of a church for four years because he failed in college, has returned to the classroom with the wish to be "just a student again."

The 28-year-old Chinese student from Singapore, who elected to turn himself into a living dead man when he failed in engineering at University of Michigan in 1955, has charted a new course which he hopes will lead to a career in international law or diplomacy.

★ ★ ★

As a history major, Lim is carrying 18 credit hours in American Literature, French, Philosophy, Political Science and History. He also seeks to find anonymity among the university's nearly 24,000 students.

After failing in engineering, a course he took to comply with his father's wishes, Lim disappeared and was not seen again until four weeks ago. City police, checking out reports of a prowler, found him huddled in the corner of makeshift quarters under the eaves of the First Methodist Church.

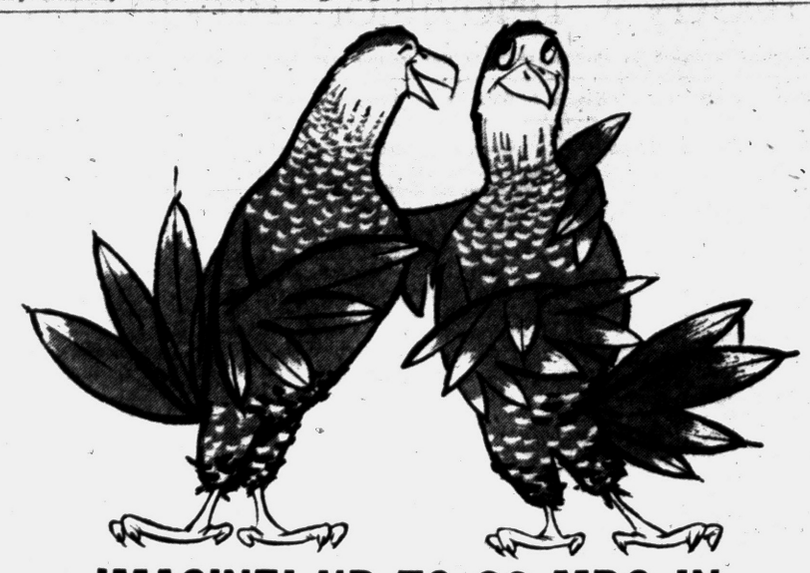

Maine has an annual snowfall of about 44 inches.

Superintendents of West Point Military Academy were confined to the Corps of Engineers from its beginning in 1802 until 1866 when it was opened to the entire Army.
