Marriage License Wait Cut 2 Days

27 Other Bills Signed Into Law by Gov. Williams

Auto Insurance Upped, Set New Deadline on Tax Appeals

LANSING (AP)—Gov. Williams today approved 28 legislative bills, including one shortening the marriage license waiting period.

The new law, which becomes effective next October 14, requires applicants for marriage licenses to wait three, instead of five, days.

Williams also signed a bill increasing the amount of automobile insurance which must be carried under the financial responsibility act.

The law boosts requirements from $5,000 to $10,000 for bodily injury or death of one person in any one accident, from $10,000 to $20,000 for death or injury to two or more persons in accident and from $1,000 to $5,000 for collision property damage.

Other bills signed:

Require appeals to the State Tax Commission on assessments to be filled by July 1, instead of Dec. 1.

Let the state collect gasoline and diesel fuel taxes on fuel bought outside of Michigan but used inside the state for vehicles with fuel tanks of 25 gallons or more capacity.

Give county road commission employes authority to stop and check trucks believed to be violating weight limits, and free truck drivers for liability for overweight trucks.

TRACTOR LAW

Allow vehicles hauling hay, straw, outboard motor and row boats to be 13½ feet high, now 12½, and allow farm tractors to haul wagons or trailers 55 feet long at not more than 15 miles an hour.

Require all butter with a graded score under 90 to be labeled "undergrade."

Raise the salary of the director of the State Waterways Commission from $6,800 to $8,400.

Permit securities to be sold before approval by the State Corporations and Securities Commission.

REGULATES AUCTIONS

Regulate public auctions of new merchandise outside of municipalities or inside those without local ordinances.

Require pasteurized milk to have 3.5 per cent butterfat, instead of 3 per cent.

Remove old and unused authority of the State Welfare Department over soldiers' relief commissions.

Require written examinations for

Summer Makes Debut Tonight at 11:32 P.M.

Spring said a rather violent farewell to Pontiac this morning when an electric storm in the wee hours ushered in the longest day of the year.

By 7 a. m., however, all had cleared and old Sol was getting down to the business of warming things up.

Summer begins officially at 11:32 tonight when the sun reaches its northernmost point, 23½ degrees from the equator and the northern hemisphere is farthest from the sun in its orbit.

Since we are closer to the sun in the winter than we are in the summer, it makes our seasons more mild than those of the southern hemisphere where just the opposite is true.

This month will see the famous Northern Cross, one of the most magnificent constellations, rising on its side in the northeastern sky just after dark.

The weatherman says we are in for a warm week with the temperatures averaging between a high of 82 and a low of 58.

Where's That Uranium?

NEW ATOM LAB AT MICHIGAN — This is the University of Michigan's Phoenix laboratory, dedicated to research into the peaceful uses of the atom. The deadly cobalt and uranium have not arrived as yet. When delivered to the lab, the radioactive material will be buried deep in the ground under a shield of water. The four stacks, top, left, are part of the ventilation system.

Lucero Continues to Lead Peace Drive in Argentina

BUENOS AIRES, Argentina (AP)—With President Juan Peron keeping to the background, Maj. Gen. Franklin Lucero continued today to direct the campaign to restore full peace to this nation left tense by revolt.

The balding, square-jawed army minister, holding the top role in the post-revolutionary period, said again in a communique early today that the situation is "steadily normalizing without any inconvenience."

As head of the nation's armed forces, Lucero spread his control over all activities of the country, which is still under a state of siege.

Despite the strict army checks, most of Buenos Aires had the appearance of normalcy.

Despite Lucero's protestations of returning normalcy, his communique for the second successive day warned the public against rumors of continuing conflict.

As he had before, he termed these "completely false" but admitted that they had "increased considerably."

The communique reported that 18 planes used by the rebels in bombing government sites had been flown back from Uruguay, where the insurgent pilots fled for refuge. Fourteen junior officers returned with the planes, declaring that they had not taken any voluntary part in the rebellion.

ARMY PUBLICIZED

Lucero and the military reaped a growing publicity harvest in the nation's press as Peron's long-time prominence on front pages slipped.

None of Buenos Aires' afternoon newspapers published a picture of the President yesterday, previously a rare occurrence in the Argentine capital.

Peron also was absent from yesterday's observance of Argentine Flag Day in Buenos Aires—an occasion which he almost never missed in the past.

Army officers held the center of the stage at the ceremonies honoring Gen. Manuel Belgrano, who created the nation's blue and white banner.

There also were no more of the bitter attacks on the Roman Catholic Church that the progovernment press has carried on since the feud between Peron and the church broke into the open seven months ago.

OWOSSO (AP) — More than 2,000 young turkeys were destroyed Monday in a fire on a farm near Owosso. Lee Janssen, co-owner, estimated the loss at $6,000.

'Vital' Reserve Bill Delayed

Armed Services Group Rejects Plan 16-14; Wants Greater Study

WASHINGTON (AP) — Rebellious members of the House Armed Services Committee today blocked quick action on a new military reserve bill and sent it back to a subcommittee for further study.

By a 16-14 vote the committee decided to give the subcommittee five days to work on the new version of President Eisenhower's "vital" reserve program. The vote came after subcommittee Chairman Brooks (D-La) complained his group was being bypassed.

Chairman Vinson (D-Ga) had urged the full committee to act today on a compromise measure he is sponsoring. He said House leaders wanted to get it to the floor by Thursday.

Eisenhower has called for public support for a strengthened reserve which he said is necessary for the country's defense.

Vinson called the committee together for action on his compromise, shorn of an antisegregation feature and other controversial elements.

Ike's Reciprocal Trade Bill Gets Signature Today

Includes Tariff Cuts Asked by President Plus Safeguards

WASHINGTON (AP)—President Eisenhower today arranged to sign into law the bill giving him the new tariff-cutting power he asked—one of the top measures of his 1955 legislative program.

The bill extends the 21-year-old reciprocal trade agreements law for three years, to June 30, 1958, and permits the President to cut tariffs up to 5 per cent in each of those years in negotiating for similar concessions from other countries.

It is the first new grant of power to reduce import duties since 1945, and also is the longest extension of the law in a decade.

In its basic essentials, the bill contains the authority which Eisenhower originally asked last year. However, when his proposals ran into resistance in the Republican-controlled Congress, he sent word he would settle then for a simple one-year extension without new powers to cut tariffs. That is what Congress voted last year.

The State Department is expected to begin at once to plan for an international conference at which 30-odd nations will negotiate new agreements involving tariff reductions or other concessions. The United States must use up the first 5 per cent reduction authority in the year starting July 1, or it will lapse. The same is true in each of the two succeeding years.

In addition, the measure permits the President to reduce to 50 per cent of value all tariffs now above that figure.

These were the principal safeguards written into the extension bill by the Senate over the opposition of some Democratic supporters of the reciprocal trade program.

1. New power for the President to curb imports by quotas or higher tariffs if he finds an industry essential to national defense is being harmed or threatened.

2. Revision of the "escape clause" procedure to make it easier for an industry to show it has been damaged by imports.

3. A requirement that the Tariff Commission must recommend that a concession in a trade agreement be withdrawn or modified.

Strike in Los Angeles Causes Traffic Jams

LOS ANGELES (AP)—A transit strike forced additional thousands of Los Angeles workers into cars today for a hectic trip into the logjam of downtown traffic.

Extra police were again assigned to try to ease the mass of cars off jammed-up freeways and into city streets. Police estimated 100,000 additional cars surged into the downtown area yesterday, the first day of the strike of 2,600 workers.

Some motorists began organizing car pools and others hitchhiked when Los Angeles Transit Line buses and streetcars stopped running yesterday morning. They normally carry 900,000 riders a day.

Cows Aren't Contented When Mercury Hits 80

EAST LANSING (AP)—Hot? Consider the cow: She can't even sweat.

Dr. Samual Brody of the University of Missouri told a group of dairymen today that cows release their body heat only through vaporization or through breathing.

When the thermometer hits 80 degrees, Dr. Brody said, the rate with which a cow's body loses heat does not increase.

People on the other hand, start sweating at 80 degrees, and perspiration makes them cooler.

Dr. Brody said Indian cattle have it all over American stock. They can sweat.

Flyboys Will Don Bermuda Shorts

AIR FORCE TO SPORT SHORT PANTS — The Air Force has approved a new silver-tan summer uniform to take place of the khakis worn since 1947. Three officers (unidentified) model the different items which make up the uniform — choice of shorts or long trousers, a sleeveless shirt which can be worn with or without necktie, knee length stockings, and bush jacket and pith helmets which will be authorized by local commanders for tropical areas. The new uniform will not be available this year and does not become mandatory until July 1, 1959.

Reverse Slash in Marine Corps

Senate Overrules Ike in Dem Challenge of Requested Cut

WASHINGTON (AP) — Democrats took a step yesterday toward open attack on President Eisenhower with the 40-39 Senate vote aimed at canceling his cut in Marine Corps strength.

It was the first successful major challenge in Congress of Eisenhower as a military man and demonstrated to some Democrats that on this score the President is not invulnerable.

It might signal a shift in strategy, supplanting what has become the general Democratic theme that the President is a man of stature but can't lead a divided Republican party.

Sen. Symington (D-Mo) wrote the amendment to give the Marines 46 million dollars more than the President asked and thus nullify the cut of 22,000 men ordered by Eisenhower within the coming year. The Senate action is still subject to a conference with the House.

Sen. McNamara (D-Mich) voted in favor of the amendment.

The measure was adopted by a 40-39 vote. Sen. Potter (R-Mich) was absent and did not vote.

Don't Pin High Hopes on Big 4—Churchill

LONDON (AP) — Sir Winston Churchill said today "we must not count upon complete and immediate success" in the forthcoming Big Four conference at Geneva.

"A period of relaxation of tension may well be all that is now within our grasp," said the retired prime minister.

"Even so, such a phase would not be sterile. On the contrary, it would give time for science to show the magnitude of her blessings rather than all her terrors."

Sir Winston spoke in the ancient Guildhall of the City of London, where a bronze statue of him was unveiled.

Churchill, who has long plumped for a meeting of the Big Four heads of state, said:

"Whatever is the outcome, we must persevere in the maintenance of peace through strength."

Fire Head Moran Guilty

NEW YORK (AP)—James J. Moran, former first deputy fire commissioner, has been convicted of evading $131,307 in federal income taxes.

Power Failures Reported

Severe Electrical Storm Hits County Early Today

A severe thunder-and-lightning storm which rocked Oakland County for the second time in three days this morning left 7,300 Birmingham and Royal Oak families without electricity after lightning knocked out a key Detroit Edison Co. substation.

Lightning also caused two home fires in Avon Township, sparked numerous small blazes in cellars and attics around the county and split trees.

Because the struck Edison substation in Royal Oak could not be put back into service, crews switched lines to the Bloomfield Hills substation and restored power to affected homes by 8:15 a.m. Power had been cut off at 6:30.

A similar storm hit the area Sunday afternoon.

Birmingham police were forced to use the Pontiac Police Dept. radio after the electricity blackout put theirs out of commission. Traffic lights along heavily-traveled Woodward Avenue were out and extra policemen were called out to unsnarl traffic jams at intersections.

Fire damage estimated at $5,000 was done at the C. O. Larson residence, 1303 E. Avon Circle, Avon Township, after a lightning bolt came through the roof and set the interior afire. The blaze was brought under control by the Rochester Fire Dept.

A davenport was set ablaze in a nearby home. The Eugene Shaw family, of 1595 E. Avon Circle, carried the davenport out into the rain before firemen arrived and the downpour extinguished the flames.

LIGHTNING HITS TREE

In Pontiac, a lightning bolt struck a large elm tree at 704 Melrose St., tearing up chunks of sod and vibrating the floor of the William A. Dafoe home. Other tree damage reports were received by the Parks and Recreation Dept.

The Pontiac Fire Dept. attributed two minor fires to the storm.

The forecast for tonight and tomorrow is fair and cooler, with a low tonight of 60 degrees and a high tomorrow of 76-80.

Yesterday's high was 84, low 66. More than one-half inch of rain fell between 8 a.m. Monday and 8 a.m. today. At 8 a.m. today, the mercury in downtown Pontiac stood at 69.

Pontiac Man, 67, Dies of Burns

Victim Apparently Fell Asleep While Smoking, Police Say

A 67-year-old Pontiac man died of burns early today after he apparently fell asleep while smoking, Pontiac Police said.

The victim, Charles Wilderson, of 1290 Pontiac Rd., was found by his brother, Lamont, 56, at about 8:30 p.m. yesterday on the kitchen floor of their farm home near the eastern city limits.

Lamont told Sgt. William Nesbitt and Detective Fred Wirth that he found his brother collapsed on the kitchen floor with his clothing ablaze.

Police said the victim apparently staggered to the kitchen from his adjoining bedroom.

Lamont said he extinguished the blazing clothing and smouldering bedclothes. Charles refused medical aid, Lamont stated, and asked to be put back in bed.

At about 1:45 a.m., Lamont said he got out of bed to check on the victim and saw that he had died.

Acting Oakland Coroner Dr. Isaac C. Prevette said Charles died of second degree burns and suffocation.

Lamont was scheduled to make a statement at the prosecutor's office today.

The two brothers lived on the small farm with another brother, Grant, 65, who was at work at the time. The victim was taken to Voorhees-Siple Funeral Home where funeral arrangements are pending.

President Sees Atoms Serving Man Peacefully

Ike Lauded for Speech Opening U.N. Birthday Meeting in Frisco

FROM OUR WIRE SERVICES

SAN FRANCISCO — Russia and the Western Powers were reported to have reached virtual agreement early today on arrangements for the top-level talks in Geneva next month.

Informed quarters said Soviet Foreign Minister V. M. Molotov told the Western diplomats at the end of a four-hour meeting that at first sight he saw no reason to object to a series of proposals they had agreed on in New York last week.

He was understood to have told them he would study the proposals more carefully and give his reply in a day or two. The Western foreign ministers apparently were so certain of his acceptance that no further meeting was arranged.

President Eisenhower's address opening the U.N.'s 10th birthday celebration yesterday was praised by other delegates as excellent and inspirational.

The President pledged that he would uphold the principles of the U. N. Charter at the Geneva conference. He declared this is a "season of high hope" for world peace.

★ ★ ★

"The United States will leave no stone unturned to work for peace," he said. "We shall reject no method, however novel, that holds out any hope however faint."

NO PREDICTIONS

Although he promised that the United States would do its best to make the Geneva talks a success, he declined to make any predictions. He said:

"Whether or not we shall then reach the initial decisions that will start dismantling the terrible apparatus of fear and distrust and weapons erected since the end of World War II, I do not know."

The President declared:

"Who can doubt that in the next 10 years world science can so beat down the ravages of disease and the pangs of poverty that human kind will experience a new expansion of living standards and of cultural and spiritual horizons."

He added, paraphrasing words used by Abraham Lincoln in the Civil War: "The object of our second decade is still peace—but peace of such new kind that all

Say Air Funds to Bolster U.S.

See Huge Appropriation Aiding in Plane Race With Russians

WASHINGTON (AP)—Senators Byrd (D-Va) and Symington (D-Mo) said today a $31,882,000,000 defense money bill will help keep America ahead of Russia in long-range aerial striking power.

The Senate passed the bill 80-0 yesterday and sent it back to the House, where a somewhat different version was approved some time ago.

Despite Symington's contention that the Russians may be outstripping this country in missiles development, Byrd said he believes the United States "certainly is on a basis of equality" in that field.

Before it acted on the bill, the Senate approved unanimously an amendment by Sen. O'Mahoney (D-Wyo) to put Congress on record as favoring the spending of available aircraft funds "as speedily as possible, consistent with proven technological developments to the end that the United States shall not fall behind any nation in the world in air power."

The $31,882,000,000 total for the bookkeeping year starting July 1 was about 350 million dollars under Eisenhower's estimates. But it is $3,082,000,000 more than was appropriated for the current fiscal year. And it was 394 million higher than the House had allowed.

Strict Peddlers' Ordinance Due

City to Take Action on Revised, 'Get-Tough' Law Tonight

City Commission action is slated tonight on a revised, "get-tough" food peddler's ordinance on which the Commission last week postponed adoption.

The new measure, drafted after the Oakland County Circuit Court invalidated the city ordinance which banned street sales of ice cream, is designed to regulate vendors so strictly they will be reluctant to sell in Pontiac.

At last week's meeting, Commissioner John E. Carry (District 6) requested the week's delay to add even more stringent restrictions.

In other action, the Commission is slated to consider a resolution establishing official colors for the city, and a request from the Oakland County 4-H Club for permission to have a festival at the 4-H grounds Aug. 9 through 13.

Also on the agenda are a communication from the Pontiac Housing Commission, a bid for purchase of lot 2, assessor's plat 7, and an ordinance to rezone to commercial 2 classification three lots in Ferry Farm Addition.

REPORT ON BIDS

Finance Director Oscar Eckman is scheduled to report on bids received for insurance on city-owned vehicles and compensation insurance for waste collection and disposal employes.

A public hearing is set on intention to construct a water main in Durant street from Inglewood to Pershing. Also scheduled is a resolution to receive a special assessment roll for curb, gutter and drainage on Blaine avenue from Oakland to Montcalm.

Special assessment rolls for the following blacktopping projects are to be confirmed:

First street from Joslyn to Barkell.
Beverly avenue from Joslyn to Fuller.
LeBaron avenue from Joslyn to east end of street.
Barkell street from Raskob to Columbia.
First avenue from Barkell to Fuller.
Second avenue from Joslyn to Barkell.
Second avenue from Barkell to Fuller.

A special assessment roll for curb, gutter and drainage on Elm street from Sanford to Jessie is also set for confirmation.

Search in 13th Day for Orion Auto Dealer

The search for a former Lake Orion auto dealer, charged with embezzlement, entered its 13th day today.

A nationwide teletype has been sent out by the Oakland County Sheriff's Department with the description of David P. Dawson, 31, who operated Dave Dawson Inc., a Ford sales agency at 51 N. Broadway, Lake Orion.

Dawson is charged with embezzling $28,862 from the Universal CIT Credit Corp. The company claims Dawson failed to return to them the wholesale price of cars which the firm bought from the plant for sale by the dealer.

ATOMIC SERVANT

"It cannot be a mere stilling of the guns—it must be a glorious way of life. In that life, the atom, dedicated once as man's layer, will become his most productive servant."

British Foreign Secretary Harold Macmillan said the President's speech "gave a very fine start to the conference." Belgian Foreign Minister Paul-Henri Spaak called the speech inspirational.

There was no comment from Molotov, who later met the President at a reception and exchanged pleasantries.

Eisenhower left for Washington in his private plane last night, approximately 24 hours after his arrival.

DR. JOHN M. STEVENS

State Hospital Official Ends Duties August 1

Pontiac State Hospital today announced the resignation of Dr. John M. Stevens, assistant medical superintendent of the hospital.

The resignation becomes effective Aug. 1 when Dr. Stevens begins duties as director of the mental hygiene clinic at University of Pennsylvania.

Dr. Stevens joined the staff at Pontiac State Hospital in June, 1950 as a psychiatrist and was appointed to the position of assistant medical superintendent of the 3,000 patient institution in Oct., 1953. The appointment was made by Dr. Ivan A. LaCore, medical superintendent.

Prior to this appointment Dr. Stevens had been assistant clinical director for a year.

In the new position Dr. Stevens will be in the department of psychiatry at the university medical school. His first duties will be in the organization of the clinic.

Dr. and Mrs. Stevens will make their home near Media, Pa., with their four children, Suzanne 8, John Alan 5, Sally Jean 3 and Constance Ruth seven months.

Pontiac Girl Struck by Car, Hospitalized

Seven-year-old Gwendolyn Thompson, of 20 Beaudette St., was admitted at Pontiac General Hospital yesterday afternoon after she ran into the path of a car on Bagley Street near Jackson street, Pontiac Police said.

The girl, reported in good condition with a broken right leg and head cuts, was struck by a car driven by Sylvester Kyles, 46, of 830 Orton St.

Kyles, headed south on Bagley, said the girl ran from behind a northbound auto.

Gets 3-Year Probation

Stephen Enos Jr., 27, of 416 Albany, Ferndale, was placed on three-year probation and assessed $200 court costs by Oakland County Circuit Judge H. Russel Holland yesterday.

Enos pleaded guilty June 6 to passing two bad checks totaling $245 in Royal Oak last Jan. 22.

Driver Given 2 Days

Jay M. Lint, 24, of 21524 Roosevelt, Farmington, was sentenced to two days in Oakland County Jail and assessed $100 court costs by Circuit Judge Frank L. Doty yesterday. Lint pleaded guilty June 13 to a second offense of driving with a suspended license.

City Parks Official Leaves Staff July 15

Resignation of Raymond C. Keller, 31, as city parks supervisor was announced today by David R. Ewalt, Parks and Recreation Dept. director.

Keller will leave the system officially July 15 to assume the post of assistant parks superintendent at Madison, Wis.

William Aho, city forester, will replace Keller as parks supervisor, Ewalt said.

Keller joined the Pontiac department as forester in September 1951 and was promoted to his present post in December 1952. Aho, 33, was hired as forester in June, 1953. He was formerly with the Detroit Parks and Recreation Dept.

Three teen-age youths, charged with illegal possession of liquor, were fined $15 and $10 costs yesterday after they pleaded guilty before Springfield Township Justice Emmett J. Leib.

The trio, Richard Stiff, 19, of Holly, Donald Stewell, 18, and Harold Chittick, 19, both of Grand Blanc, was arrested over the weekend by Oakland County Sheriff's deputies.

The Day in Birmingham

City Calls for Plan to Cut Proposed Ice Rink Costs

BIRMINGHAM — With preliminary architectural studies showing that Birmingham's artificial ice-skating rink will cost approximately $25,000 in excess of the $125,000 bond issue passed for that purpose, the city commission took steps to remedy the situation last night.

Rather than pare from incomplete plans, lawmakers authorized the firm of O'Dell, Hewlett and Luckenbach to prepare complete plans before changes are made to bring costs into line.

An increase in the size of a proposed shelter at the rink would necessitate the additional cost, officials said.

In studying the matter last night, commissioners saw an $8,000 shortcut in relocation of a pipe-trench, and other alterations.

Between the bond issue and other monies from the park improvement fund, approximately $129,000 is available for construction of the rink, plans for which were spearheaded by the Recreation board.

Another recreational topic, the city-owned Springdale Park, was up for discussion, in a letter commending park operations, but requesting that the tennis court be moved so as not to interfere with the first golf tee.

City Manager Donald C. Egbert pointed out that long range plans call for erection of a new clubhouse, thus allowing for a relocation of the number one tee.

A major portion of tonight's Planning Board meeting will revolve around a problem which has been pushed by the city since 1947: that of extending 14 Mile road from Southfield to Cranbrook roads.

Property owners have fought any such move but the City Commission considers the need for another east-west arterial highway as urgent.

A report on current parking in the business district is included in the agenda and will be tied into discussions on the need for parking in the northeast business quadrant.

The board also will discuss the steps needed to add a professional zoning category to the city's present residential, commercial and industrial restrictions.

Assistant city manager Jack Walker, a city employe since 1950, will work his last day in that capacity on Friday. Walker, who came here as assistant building inspector, moved up to head that department in 1952. Since 1953 he has been assistant to City Manager Donald C. Egbert. He will join a Southfield Township construction firm.

Nine-Power Pact of Neutrality Assures Lasting Peace in Tangiers

TANGIERS (INS)—Tangiers today is a peaceful island in a sea of North African political turmoil.

Diplomatic problems and political undercurrents plague the international city, but outright terrorism so prevalent in nearby Morocco, has not yet made its sinister appearance.

* * *

Tangiers' serenity is assured by a nine-government pact. France, Spain, Great Britain, Belgium, Holland, Portugal, Sweden, Italy, the United States and Soviet Russia guarantees its neutrality. Local influence, however, is predominantly French and Spanish.

The city of Tangiers is built on green hills that roll down into a natural bay. Almost every building in the city commands an excellent view of the hills and bay, and the strategic Straits of Gibraltar in the distance.

Like most important, Moroccan cities, Tangiers is expanding rapidly.

Striking contrasts between the old and the new are evident throughout the city. Twenty-five feet from a new administration building, cows and sheep are still grazing in vacant lots. Directly opposite the sweeping expanse of the administration building's front steps is a typical shepherd's thatched hut, surrounded by a thick cactus barrier.

KASBAH 5 & 10

A modern five-and-ten-cent store is planted firmly in the center of the Kasbah, the native city. Many of the small shops in the Kasbah sell such familiar items as facial tissue, American nylons and powdered coffee.

Tangiers is an international free port and there are no trade restrictions. A 12½ per cent duty is applied on all imported goods.

* * *

The "internationalism" of the city is evidenced not only by its shop windows, but by the people themselves. No one who lives in Tangiers can escape learning other languages than his own. It is not at all uncommon to hear conversations in Spanish, French, Arabic, German, Swedish and English within a block's walking distance.

Currency exchange presents no problem. Hundreds of small booths on street corners will change any currency to another.

Houses or apartments are easy to rent, servants easy to hire. The climate is surprisingly moderate despite Tangiers' geographical location cool ocean breezes continually "air-condition" the city.

BEACHES FINE

Fine beaches are plentiful, for swimming either in the Atlantic Ocean or the Mediterranean Sea.

The French have constructed a swimming pool for fresh water fans. The pool is surrounded by a large park, a favorite spot for picnics.

There is an English golf course constructed on hills of an incredibly vivid green. Polo and tennis are also popular sports.

Market day is a colorful sight. The farmers and their families come in from the country by foot and by donkey. Of all the Moroccan women, the farmers' wives are the most colorfully clothed. Their skirts are red and white striped, their blouses of a violent chartreuse color. These women are unveiled but wear large white scarves over their heads. Pulled down over the scarves are straw sombreros, heavily decorated with braid.

Flowers, bananas and oranges contribute their share of color to the market place.

Heavily bearded Jews, veiled Moslem women and Europeans wander about bargaining for the farm products. Bargaining is a favorite occupation in the city. Seemingly furious arguments over a few pesetas develop from time to time, but end abruptly when the bargain is struck and the money changes hands.

Although it is a small city, Tangiers offers a number of excursions and interesting walks. Night life is gay and restaurants plentiful.

Selecting Mayor in Runoff Election

DENVER (AP)—An estimated 90,000 Denver voters will choose between Republican State Sen. Will F. Nicholson and Dist. Atty. Bert Keating today in this city's first runoff mayoral election in history.

The winner will succeed Quigg Newton, who is not seeking a third four-year term. Newton last week was named director of public relations for the Ford Foundation in New York. He will take the position shortly after he leaves office June 30.

The election is billed as nonpartisan, but Keating has been lauded by Gov. Ed C. Johnson, a Democrat, and the state Republican organization has spoken favorably of Nicholson.

Keating and Nicholson each received about 46 per cent of votes cast in the regular election May 17. Four other candidates got the rest.

Bad Axe Bad Off

BAD AXE, Mich. (AP)—Bad Axe (pop. 3,000) was without water for two hours yesterday after city construction workers accidentally backed a truck into a fire hydrant. The city water supply had to be shut off to fix the hydrant.

Was It Worth Effort?

SIDNEY, Neb. (UP) — It cost Cheyenne County $378 to extradite Floyd Barton, a transient, from Los Angeles on a bad check charge. The check was for $100.

new safe All-in-One capsule discovery for

EASY REDUCING

Science now helps you take off your fat while you eat the foods you choose

Do you like sweets, candy, cake, butter, gravy potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat? Well, be as skeptical as you like, but NOW, right NOW, there's a wonderful new kind of capsule that helps you take off pounds and inches of ugly fat safely, quickly and so much easier you hardly know what's happening. You don't suffer starvation dieting hunger, you take no drugs, you don't exercise. In fact, you don't even diet one bit more than you want to, because you automatically eat less and here's why...

counteracts hunger

Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories yet expands when it absorbs water thereby helping give the feeling of a full, contented stomach. In fact these tiny capsules are so packed with vitamins and minerals, protein and non-caloric filling food, they actually equal and exceed many a meal.

fat goes fast

You'll be surprised at the fat you lose the first week, the inches that disappear the first month. No hunger, no strict dieting, no drugs, no exercise. And the cost is absolutely nothing unless you grow slim, more youthful looking, more active and enjoy better health.

We certify that ALL-IN-ONE CAPSULES are entirely safe for human consumption

"Daddy, Daddy! Here we are!"

Robert Selmo | Mrs. Selmo | Penny | Margaret Mary | Marjorie Phelan, the operator

It was 4 A.M. Operator Marjorie Phelan of Iron River heard the cries of the children as she answered the switchboard signal.

Fortunately their father, Robert Selmo, had knocked his telephone off the hook as he gasped his way through the smoke to the children.

From the sounds she heard, the operator knew it was a fire and immediately summoned help. Police and firemen sped to the Selmo home from Gaastra, a distance of five miles.

But happily, the pulmotors and first aid equipment which they brought with them were not needed. For Mr. Selmo had managed to lead his daughters, Penny, 12, and Margaret Mary, 4, and his wife Margaret to safety.

Incidents such as this, which might happen any day, show how much your telephone can mean to you. They also show that "the voice with the smile" is often the voice of assistance in time of emergency.

Blind Typist Lauded for Proficiency and Teaching in Welfare Department

LANSING (AP)—For the past 10 years now a devout, friendly man has sat in a pitch dark room and typed page after page of official state correspondence with near-perfect accurancy.

Workers who surround Charles G. Love, Jr. find the room bright and cheerful, but for Love, totally blind since 1942, the doors have been closed and the lights turned off.

The concept of a blind typist might at first seem startling in a world where eyes and machines are so heavily inteddependent.

Love thinks otherwise, and so do the people he works for.

"Charlie is one of the best typists in the Welfare Department's stenographic pool," says Paul G. Conlan, supervisor of the services for the blind division.

Conlan likes to tell about the time another state official, surveying some of Love's work, asked "Where can I get typists like that?"

Whatever hazards you may see to typing dozens of pages with your eyes closed, mistakes are not a problem, Love says.

SUPPORTS FAMILY

Most of this typing, of course, is stenographic transcription from recording machines. some of it is done from braille, but this is only in work connected with the office of the blind.

"I spell every word mentally," Love says. "When my fingers don't end up right, I know it."

Love supports a wife and two children on his $3,612 annual pay as a typist.

Back in 1942, when darkness closed around him, the chances that he could earn a living without weaving baskets or making brooms seemed remote to Love.

A victim of retinal hemorrhages caused by diabetes, Love was manager of the Western Union branch office in East Lansing when he lost his sight.

* * *

"It was depressing when the doctor told me he didn't have much hope," he says. "I was clinging to the hope that a miracle would happen."

If short of a miracle, Love's progress was a major achievement.

After two and a half years in a sanatarium, he began the long, slow process on rehabilitation.

Encouraged by the blind service division, he enrolled in a business school where he took a seven month course.

In June of 1945, he started in-service training with the Civil Service commission. Fully expecting to sit around the office wrapped in a feeling of uselessness, he was surprised when the superintendent of the stenographic pool asked him if he would like to do some typing.

He's been at it ever since. In addition to his regular typing duties, he has the responsibility of putting the polish on other blind typists trained in the office, and judging whether they are prepared to take a job.

"We rely entirely on Charlie's judgment as to whether our blind typists are ready to go," Conlan says.

* * *

During the past five years, the office has sent some 30 sightless persons into typing jobs. About 15 of them work in state offices.

"We place three quarters of the typists we train there," Conlan says.

"Our biggest problem is with misspelling. A blind person can't look at a word and see that it's misspelled."

When he's not earning bread and butter with his fingertips, Love is likely to be helping out in religious work.

A lay leader of the Bethel Methodist Church, he expects to receive a local preachers' license next spring. This will allow him to preach in his own church and other areas when special permission is given.

Asked if he had a seeing-eye dog, Love replied: "No. I don't want to become dependent on a dog. I've fallen down one manhole already. That happens once in the lifetime of every blind man."

Cyprus Rioters Hurl Bombs at Britishers

NICOSIA, Cyprus (AP) — Violence flared on this British-ruled Mediterranean island again last night. Terrorists seeking union with Greece launched a series of bomb attacks, injuring two persons.

A bomb hurled at a police station in a Nicosia suburb injured a policeman and caused considerable damage. Another slightly wounded a British corporal at Famagusta, where a blast in the British armed forces club started a large fire.

Six other bomb bursts were reported in Famagusta, Kyrenia and Paphos but no one was injured by them.

Dutch-Style Book in Dutch With Mayor

ALMELO, Netherlands (AP)—The mayor of this thriving textile center was glad to give his picture to a business magazine to illustrate an article on his town.

* * *

Now Burgomaster J. M. Ravesloot is considering legal action. For the picture, after helping publicize the town as originally planned, found its way to other hands.

* * *

Ravesloot opened a men's fashion magazine the other day to find himself beneath a caption drawing attention to lack of harmony between the tie, shirt and suit he wore that day.

Said the caption: "Not fashionable."

Godfrey Leaves Navy by Passing Up Physical

WASHINGTON (AP) — A Navy spokesman says Arthur Godfrey has resigned his Navy commander's commission because he feels he can serve all the armed forces better by having no official tie with any of them.

The spokesman said yesterday that was the reason given by the radio-television personality Godfrey lost his Navy flying rating when he passed up the required periodical physical examination.

Victim Saves Gunman

FALL RIVER, Mass. (AP)—James Costa, 27, escaped a prison term because the man he was accused of shooting in the leg during a night club brawl "didn't want to see an old friend go behind bars." Counsel for Ernest P. Medeiros, 50, told the court yesterday his client would be satisfied if Costa paid the medical expenses. Judge Charles A. Rome gave Costa a suspended 3 to 5 year prison sentence and placed him on probation.

Ike's Revised Atom Plan

As he outlined it at Pennsylvania State University, President Eisenhower's revised "atoms for peace" plan appears most likely to benefit nations now short of fuel and power.

Afer inspecting the atomic reactor built at PSU, the President said he soon would send his new program to Congress. Briefly, he proposes that the U. S. offer friendly free nations research atomic reactors at half their cost and provide the necessary nuclear fuels.

★ ★ ★

For nations able to invest their own funds, the President wants to supply them with needed construction and operational know-how "within prudent security considerations."

It is estimated that atomic reactors can be built for $1,500,000 to $2,000,000 each. As for nuclear fuel, our Government already has pledged 220 pounds of nonmilitary grade material for international use.

★ ★ ★

More than the underdeveloped countries would benefit from this program. It should be a boon to those highly industrialized nations whose progress is hampered by shortages of fuel and power. Among these are France, Switzerland, Italy, the Scandinavian countries and Japan.

★ ★ ★

Our abundant supplies of coal and oil and hydroelectric power are a strong argument for the President's program. As John Jay Hopkins of General Dynamics Corp. builders of the atomic submarine Nautilus, has pointed out, this abundance means that atomic electricity won't be competitive here for a long time. He therefore has suggested a lend-lease program to supply friendly nations with reactors.

Certainly, the President's proposals could do much to put the peaceful benefits of atomic energy within the reach of our power short allies.

Trade Act Sent to Ike

With acceptance by the House and Senate of the conferees' report, legislation extending the Reciprocal Trade Agreements Act was assured of becoming law.

That the President would sign the bill which started out as H.R. 1 there never has been any doubt. It sailed through the House in virtually the exact form desired by him.

★ ★ ★

In the Senate, however, it ran into considerably stronger protectionist sentiment. The result was that the Administration had to accept certain modifications of the escape clause which would tend to make it easier for industries seeking tariff relief to make out a case for themselves.

★ ★ ★

Nonetheless, as it reached the White House the bill extends for three years the President's authority to negotiate Reciprocal Trade agreements. It also empowers him to lower tariffs up to five per cent in each of three years.

Final enactment of this key instrument of the President's foreign economic policy was a major victory not only for him and the Nation but for the whole free world.

Ericson's Statue

At the risk of antagonizing all those firmly convinced that Columbus discovered America, Sen. Magnuson is demanding due recognition of Leif Ericson.

★ ★ ★

In fact the Washington Democrat and 11 other Senators are asking appropriation of $53,000 for a site and pedestal for a statue of the Norse discoverer, which now is in storage.

★ ★ ★

Back of this request is the irritation felt by Magnuson and his Scandinavian constituents over the absence of an Ericson statue in the national capital. As the Senator explained, his supporters are disturbed when they reach Washington to find a huge statue of Columbus in Union Station Plaza, but none of Ericson.

★ ★ ★

The Senator appears to be on both sound political and historical ground in claiming that Ericson discovered the North American Continent in 1002 A. D. It long has been accepted as historical fact that this son of Eric the Red, Norse colonizer of Greenland, reached our New England coast around 1000 A. D. or about 490 years ahead of Columbus.

Because of the grapes he found there, he is reputed to have named the area Vinland, or Wineland. The settlement is believed to have existed for 10 years.

★ ★ ★

There also are records indicating that Bjarni Herjulfson visited America in 986 A. D. from Iceland and that Henry Sinclair, first Prince or Orkney reached Nova Scotia in 1398.

In view of these facts it seems to us that Congress is morally obligated to give the Norsemen due recognition by providing a place for the Ericson statue.

The Hat and the Ring

David Lawrence Says:

President Tells Russians What U. N. Means to West

SAN FRANCISCO — There is here an atmosphere of hope for the peace of the world. An opportunity to express that hope is the main reason why they are celebrating the tenth anniversary of the founding of the United Nations.

To say over and over again that the world wants peace is not a futile gesture, because moral force — which is the sum total of the currents of public opinion everywhere — does manage to penetrate the most difficult barriers.

When, therefore, the President of the United States stands before the representatives of 60 nations and articulates the moral code which the American people stand for, it is a distinct gain.

Bearing in mind that Foreign Minister Molotov of the Soviet Union and the other envoys from the satellite states are here, it is thrilling to hear the President saying to them face to face the truths that the Western world considers paramount as a basis for peace.

CHARTER PRAISED

"Justice, decency and liberty," says Eisenhower, are imbedded in the United Nations charter — if all nations would only observe them.

* * *

"The right to select in full freedom" the individuals who conduct government, no matter what its form, is the President's second concept.

"Free access to historial and current facts and information" as indispensable to the maintenance and operation of "a system of self-government" is the third point emphasized.

"No nation has a right to employ force aggressively against any other," proclaims the President as he carries further the theme that it is "the first responsibility of every nation to provide for its own defense" and that it has "the clear right to associate itself with other like-minded peoples for the promotion of their common security."

NO PUNCHES PULLED

The President was naturally compelled to express his thoughts in implicit phrases. For at this gathering it would have been in bad taste to have done otherwise. But, reading the speech carefully, it will be observed that Eisenhower didn't really pull any punches. He reiterated the fundamentals of international morality for which the Western nations fought in the last war and which they still hold to be prerequisite to a firmly established peace.

* * *

Eisenhower has left it to Secretary of State John Foster Dulles to make an explicit pronouncement on American foreign policy later in the week. But already those who may have doubts as to the wisdom of this celebration can be assured that the reaffirmation of basic ideals has in itself given a tone to the United Nations conference which must inevitably overflow into the other conference being held here concurrently at which arrangements are to be made with Soviet Foreign Minister Molotov for the meeting "at the summit" in Geneva next month. The only clue to Eisenhower's thoughts on this was a noncommittal paragraph in his speech, which read as follows:

"Within a month there will be a four power conference of heads of government. Whether or not we shall then reach the initial decisions that will start dismantling the terrible apparatus of fear and mistrust and weapons erected since the end of World War II, I do not know."

The whole world echoes the anxiety in that phrase, "I do not know." But one thing is clear — the burden of proof is on the Communists who have made necessary the building up of a terrible apparatus of military power. If, as is sometimes hinted, there is now a change in the Soviet attitude, the United States government indicates its readiness to listen with an open mind to any of their proposals.

RAPS SUBVERSION

But the key to it all is contained in another paragraph of President Eisenhower's address in which he said:

"We and a majority of all nations, I believe, are united in another hope. That every government will abstain from itself attempting or aiding others to attempt, the subversion, coercion, infiltration or destruction of other governments in order to gain political or material advantage or because of differences in philosophies, religions or ideologies."

* * *

Undoubtedly, in the drafting of the President's address, there were many minds in our government which worked long and carefully over those phrases. For they say, in effect, that there can be no peace in the world till all governments are free and only when Soviet Russia gives up her strategy of international communism, with its objective of world conquest.

Back in 1933 the Soviet Union pledged itself in writing to abandon those objectives, and diplomatic recognition was granted by the United States on that specific condition. Is the Soviet Union ready to make another pledge, and will it keep that pledge this time?

Reader Says All Human Beings Need Help but Sympathy Must Precede Actions

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

All of us basically want to help others because we feel a deep need for other people's help as well. Sympathy must precede helpfulness for there we find understanding.

Are we truly helping those about us when we take over their personal responsibilities? Nature has a pattern for true helpfulness. Once, a man observing a butterfly emerging from its cocoon noticed its intense struggle and decided to help by slashing the protective covering. He found to his dismay that the butterfly's wings were too weak and that the struggle had been meant to help strengthen them.

Actually we can only help another by an encouraging word or smile, while we indirectly point the way from our own experience. The one needing help can therefore draw his own conclusion.

Hal Boyle Says:

Now It's Man-Watching That's Delaying Stenos

NEW YORK (AP) — What really does the most to lower efficiency in the average business office—girl watching or man watching?

Would you get more work done if every white collar man were forced to wear overalls and a halloween mask on the job?

I raise these questions only because my earlier campaign to put the American working girl in bloomers has fallen flat.

Why the campaign? Well, a survey showed that on an average day American men were wasting 20 million hours of company time doing nothing but daydreaming over the charms of their pretty girl coworkers.

* * *

My theory was that if all working girls were compelled to wear the same drab uniform they would become so repulsive nobody would waste time looking at 'em. The suggested uniform: Black cotton stockings, old-fashioned black bloomers, and a blue middy or high-necked blouse.

But it looks as if I got off on the wrong blooming foot.

You'd think it would be the office girls who'd raise a howl against being compelled to wear bloomers. Not at all. Many of them were quite attracted to the thought. It was the men who yelped.

Typical complaint from a boss: "Why don't you shut your big mouth, Boyle?" It has taken me 20 years to work up to a place where I can have an office of my own and a good-looking secretary. Quit talking like a wife, will you? Let well enough alone."

* * *

An office supervisor remarked: "You're putting the cart before the horse, son. There are more women than men in the average office today, and believe me most of them are man-crazy.

"If men are wasting 20 million hours a day girl watching, then the girls themselves must be wasting 30 million working hours staring at the men in their offices. The real problem is how to make the white collar man less attractive."

I checked into this and—by golly—the supervisor was right. America's white collar men are getting downright irresistible. Every stenographer and secretary I talked to admitted—off the record, of course—that there was at least one man in her office she couldn't keep her mind and eyes from.

* * *

"There is a junior executive in our place who has been promoted to a desk with two telephones," said one. "And he's as happy as a baby with a new rattle. Every time I pass his desk it's all I can do to keep from reaching over and pinching his little fat merry cheeks."

* * *

What about a standard uniform for men office workers then—overalls or Bermuda shorts, plus blinders or Halloween masks?

"In my opinion it wouldn't work," said a middle-aged secretary acidly. "To me most men look like they are wearing Halloween masks anyway, but in this civilization there is nothing you can do to make men repulsive—heels that they are—simply because there aren't enough of them to go around."

* * *

The case against putting office girls in bloomers was expressed most forcibly by Don Sauers, president of something called the American Society of Girl Watchers Inc. Sauers says girl watching may reduce office efficiency but boosts office morale.

"I recommend that each American working girl be given a special income tax deduction of $100 per year for cosmetics," he wrote. "And I suggest the hiring of one beautiful girl—for every 10 male employes—who has no talent for shorthand and who doesn't know a typewriter key from a piano key. Her sole assignment would be to stroll around the office adjusting venetian blinds and tidying up desk tops.

"Is anybody against this whole idea?"

Not me. Who am I to fight progress—in any form?

Case Records of a Psychologist

Jilted Woman Is Told to Grit Her Teeth and Go Out and Find Another Boyfriend

God will help Mildred change "1" into "2," but God does not try to aid you when you simply ask him to make a little "o" into a bigger "O." So use the two rules below for rebuilding happiness and success. They produce results if you will force yourself to follow that recipe.

By DR. GEORGE W. CRANE

Case 0-362: Mildred Q., aged 21, is the jilted girl who tried to commit suicide because of her humiliation and wounded pride.

"Dr. Crane, I cry myself to sleep every night thinking about Jack," she said and the tears started afresh.

"Then I re-read his love letters to me. Oh, I feel so miserable that I simply cannot go on living any longer."

REGAIN PERSPECTIVE

Everybody feels dejected and drained of emotions at the bottom of a serious loss, like death of a loved one or a business crash.

But whenever we are overcome with grief, we are thinking about self.

We are indulging in a form of self-pity. Our ego is the center of our thinking.

To regain normal perspective, we must resolutely make our brain the captain and force our unruly emotions into their proper role as the "crew." Never permit your emotions to mutiny against your brain.

SHOCKS SURVIVED

For Mildred realizes, at the mental level, that tremendous shocks have occurred to most people, yet they have finally survived them and are now happy, re-adjusted adults.

* * *

In fact, if you readers will look back, you may remember several previous "jolts" that you yourself have survived sucessfully.

So widen your horizon by thinking of other people who are not as fortunate as yourself.

"I was crying because daddy wouldn't buy me a new pair of red shoes for our senior prom," said one high school girl, "when I saw a veteran returning home without any feet."

You can also observe many smiling, jolly people walking along the streets with white canes and seeing-eye dogs.

It would likewise be helpful in widening your perspective if you could visit our Veterans' Hospitals and see the boys therein who have lost hands or feet, or all four extremities, and who must try to write letters home by holding a pencil in their teeth!

HAPPINESS RECIPE

The recipe for happiness therefore has two parts. First, look around yourself at people who have far fewer advantages than your own. Then you will not overly magnify your temporary grief.

* * *

Second, look ahead to a new goal and resolutely keep driving

toward it. If you feel weak at times and the tears tend to start afresh, grit your teeth.

Ask God to help you keep moving in the right direction.

But keep moving, even as you pray, for God doesn't help immobility. If you are doing nothing, God can't help you do more of that "nothing."

God never makes big zeroes out of little zeroes. He will help change one single person into two engaged folks.

He will help two married people have a family of three or four youngsters.

But God doesn't help a little "o" become a bigger "O."

KEEP CHIN UP

If you have been jilted, keep your chin up and start dating other desirable members of the opposite sex at once. Their conversations will divert your attention from your dead romance of yesterday.

Meanwhile, by going through the motions of gay conversation and dancing, attending parties, art museums and church together, you will soon begin to feel the corresponding emotions.

"If you go through the proper motions you will soon begin to experience the corresponding emotions," runs an axiom of pyschology.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Reader Finds Calcium Relieves Sinus Trouble

By DR. WILLIAM BRADY, M.D.

It is absurd to label ache, pain or other sensation "neuritis" if it is here today and gone tomorrow, no matter what pain-killer or sense-deadening drug or physical therapy the poor soul may be persuaded to take for the "neuritis." Oh, yes, indeed, neuritis happens but not nearly so commonly as your trick specialist or "clinic" racketeer would have you believe.

* * *

Sinus trouble, chronic sinusitis, so-called, is genuine inflammation infection of suppuration of one or more of the air-spaces in the skull, all of which are lined with mucous membrane continuous with the lining of the nasal passages.

In a great many instances of chronic sinus trouble the conditions seems to be a manifestation of allergy, or at least allergy is the chief contributing factor.

If you are subject to chronic sinus trouble, the following report should interest you:

CALCIUM HELPS

Dear Dr. Brady:

For three years I have been going to doctors for sinus trouble. They give me penicillin shots. In '52 had operation on both mastoids . . . I was going for heat treatments twice a week . . . saw your recommendation of calcim and D, began taking six a day . . haven't been to the doctor now for over two months . . .

(Signed)

* * *

Now of course I don't know whether the mastoid operation and the "heat treatments" (whatever they may be) or high calcium diet and calcium feeding brought about the great improvement or recovery, but I believe correcting calcium deficiency will bring such relief in many cases of real or spurious sinusitis.

Send stamped, self-addressed envelope and twenty-five cents for Little Lesson No. 26 The Calcium Shortage. Lest you suspect I'm getting rich in this racket I'll send with the booklet, free, a pamphlet titled Relief from Allergy, if you ask for it.

I hope you'll send for the booklet and pamphlet before it occurs to you that I adyise booping the calcium intake for everything from asthma to eczema. However, if the realization of this fact worries you, let me remind you that no medical authority to date has negated the dictum of Sherman that—

DIETS DEFICIENT

"The ordinary mixed diet of Americans and Europeans, at least among dwellers in cities and towns" (where they don't get enough milk and milk products) "is probably more often deficient in calcium than in any other chemical element."

* * *

Oh, you're allergic to milk, eh? We'll talk about that later, right now I'll say it would be as sensible to say you're allergic to people.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

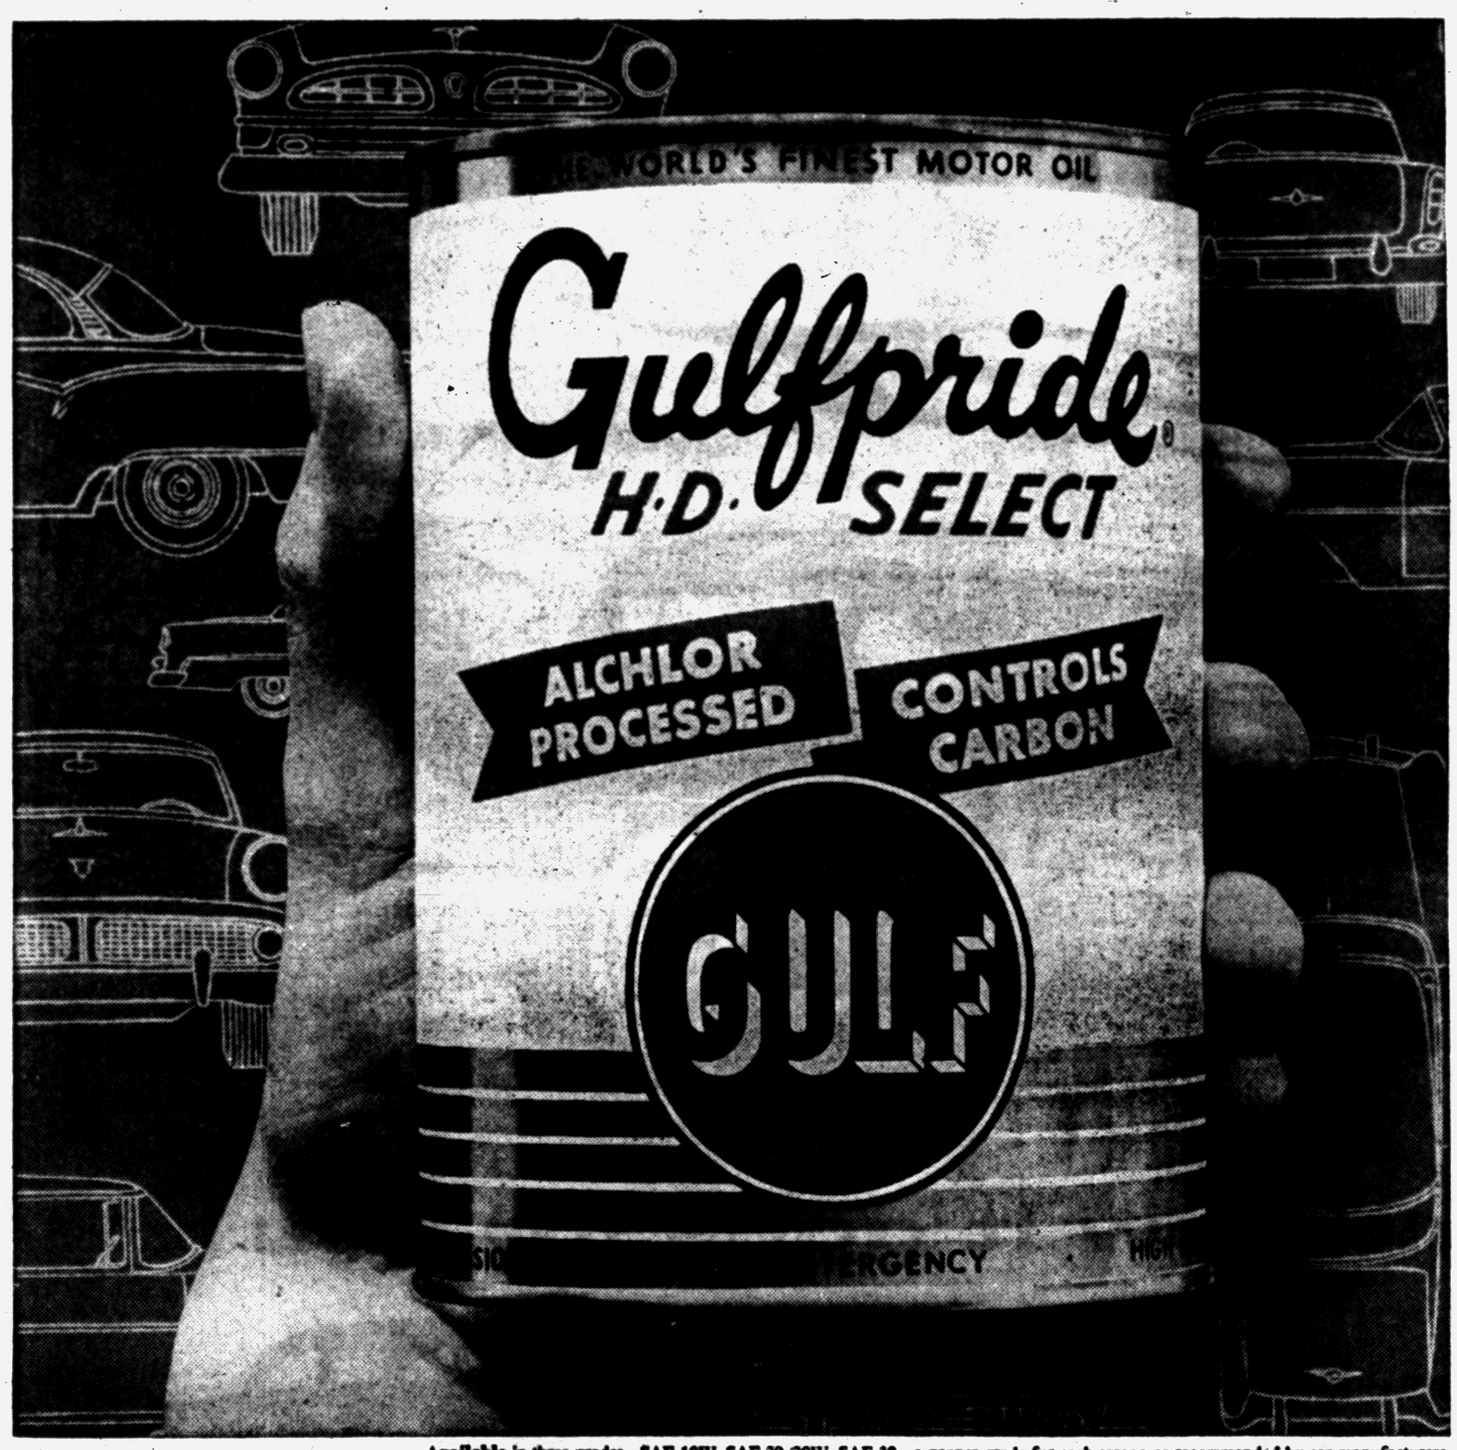
A special message to the men who build, sell and service America's motor cars...

Gulf announces a new **super-refined** motor oil:

New Gulfpride H.D. Select

...the **only** motor oil in the world **super-refined** by the Alchlor Process for modern high-compression engines.



Available in three grades—SAE 10W, SAE 20/20W, SAE 30—a proper grade for each season as recommended by car manufacturers.

Here is the biggest motor oil news since the introduction of Gulfpride Oil 27 years ago! A completely new motor oil with natural viscosity—contains no artificial thickeners that break down in service.

An oil that controls carbon—maintains full working octane performance in engines. New Gulfpride H.D. Select—made possible by Gulf's exclusive Alchlor Process—is available in three grades . . . to give today's high-compression engines the finest protection, lowest oil consumption in every season.

EVERY automotive engineer, car dealer and service manager should know these facts about today's motor oils—and about new Gulfpride H.D. Select.

The big problem in today's high-compression engines, as you know, is the build-up of deposits in the combustion chambers, which causes *octane requirement increase* and *pre-ignition*.

And to many, the only solution to this problem has seemed to be the use of multi-viscosity oils. But Gulf's own research clearly indicates that this is not a solution, but the beginning of a new set of problems.

Exhaustive tests of most of the best known multi-vis oils on the market have shown that the thickener, used to bolster the viscosity of these oils, starts to break down within as few as 25 miles after the oil is put in service. This is especially true when cars are driven hard.

As a result, an SAE 10W-30 oil rapidly breaks down, thins out and loses body and efficiency—while oil consumption increases. *Furthermore, all of the multi-vis oils tested showed a heavy build-up of coke-like deposits on the underside of intake valves.*

Gulf scientists made test after test, even developed an improved type of multi-viscosity oil. But, like the others, it wasn't good enough—did not solve the problems of viscosity loss and objectionable valve deposits.

So what is the solution?

Gulf chose to go the "single-range" oil route with a new *super-refined* motor oil—an oil for today's high-compression engines that will outperform any multi-vis oil on the market.

The secret is in *super-refining* by GULF's exclusive Alchlor Process. Gulf goes one big step further in the refining of new Gulfpride H.D. Select. The Alchlor Process refines out unstable hydrocarbons commonly present in motor oil—approximately 15% of its volume—the part that causes sludge, carbon and other objectionable deposits.

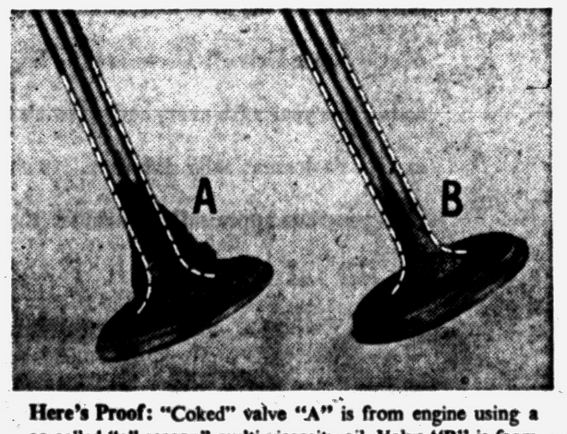
Here, specifically, is what new Gulfpride H.D. Select Motor Oil does for high-compression engines, and we invite you to prove it to yourself:

- **Controls carbon**—cause of knock, pre-ignition, valve failure and loss of power in high-compression engines.
- **Combats corrosive acids,** rust and deposits that build up on engine parts. Keeps hydraulic valve lifters quiet and free-acting.
- **Assures lower oil consumption** than the multi-viscosity "all-season" motor oils because it has natural viscosity and contains no artificial thickeners that break down in the engine.
- **Provides the toughest protective film** ever developed in a motor oil . . . assures better engine protection for all cars under all driving conditions.

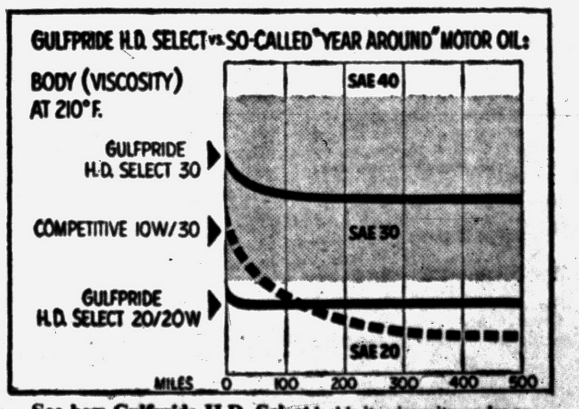
GULF

Let Gulf's Super-Refined gas-oil team take care of the cars you build and sell ...

New Super-Refined Gulf No-Nox Gasoline
New Gulfpride H.D. Select Motor Oil



Here's Proof: "Coked" valve "A" is from engine using a so-called "all-season" multi-viscosity oil. Valve "B" is from engine using new Gulfpride H.D. Select. Both engines were run the same number of hours under the same conditions. Note how remarkably clean Gulf's new oil left valve "B."



See how Gulfpride H.D. Select holds its viscosity under engine heat and pressure as compared with a typical "all-season" multi-viscosity oil. None of the three grades of Gulfpride H.D. Select contains artificial thickeners which break down in service.

Death Has 3 Lives

by Brett Halliday

Distributed by NEA Service, Inc.

THE STORY: Private Detective Michael Shayne, through is frightened secretary, Lucy Hamilton, has unwittingly aided Jack Bristow, wanted for murder, escape arrest. Investigating, Shayne meets a young woman who says she is Mrs. Pete Smith, obviously not her real name, who may know something. He finds "Mrs. Smith's" lodgings at a motel.

VIII

LUCY HAMILTON was blinking and rubbing sleep out of her eyes when she met Shayne at the door. She looked worried and nervous and caught him by the arm to demand beseechingly, "Did you find out anything, Michael?"

* * *

"Not much." He closed the door with a frown. "I didn't want to make myself too conspicuous asking questions about him. All they actually seem to have is that a taxi picked him up outside with a gunshot wound just about the time the girl must have been strangled. I'll get all the dope from Tim Rourke as soon as I can locate him. In the meantime, Lucy, Was Jack Bristow married?"

"I don't think so. Not when knew him, I'm sure."

He told her swiftly about the girl who had accosted him at the scene.

"So I've got her stashed there for the night," he concluded. Might be one of Jack's girls, huh?"

"He was the sort to have one in every port," she concluded. "What do we do now?"

He was saved from having to answer by the ring of her buzzer from downstairs. Shayne motioned her back and hurried to the speaking tube to ask who it was.

He said, "Sure. Come up," and pressed the button. He opened the door wide and turned to warn Lucy: "Chief gentry and twin Rourke. Let me do the talking until we find out what it's all about.

CHIEF CURIOUS

She nodded her head.

Will Gentry, Chief of the Miami police force, was a big stolid man with a beefy face and curiously rumpled eyelids which habitually drooped low over wearied and cynical eyes. He wheezed as he pulled himself up the last step to Lucy's landing, and nodded briefly to Shayne who lounged in the doorway.

Shayne shrugged and moved aside to let Gentry enter. He raise bushy red eyebrows enquiringly at Timothy Rourke, his second oldest friend in Miami and long-time reporter. Rourke was lean and hard-muscled as a greyhound, and carried himself with the same springy ease. He shook his head and put a finger to his lips in reponse to Shayne's unspoken question, indicating that he had tagged along on sufferance and his promise not to talk out of turn.

* * *

CHIEF WILL GENTRY stood flat-footed in the center of the rug with an unlit black cigar in his blunt fingers. Moving in from the door, Shayne saw him put the cigar carefully in his mouth and then fumble inside his right vest pocket. Instead of producing a match, he drew out a small slip of paper, folded once, and held it out to Lucy.

"Is that your handwriting?"

Lucy took the paper timidly, glancing up imploringly at Shayne but getting no response from him. Her fingers shook as she unfolded the paper and saw her name and street address written on it in ink. She shook her head and frowned in perplexity. "No. I didn't wirte it."

She held the paper out to Shayne for confirmation.

He glanced at the slip and shook his head at once. "Of course not. What is this hocus-pocus, Will?"

"Do you have any idea who might have written it, Lucy?" persisted the chief.

"If you mean do I recognize the writing . . . no. Any one of lots of people might have written down my name and address."

Will Gentry shrugged burly shoulders and looked around for a comfortable chair. He lowered himself into one carefully and began to serach his pockets for a match. Timothy Rourke moved past Shayne toward a seat on the divan beside Lucy, tilting a hand toward his mouth expressively and lifting black eyebrows.

Shayne nodde and started toward the kitchenette, asking Gentry, "Want a drink while you're being mysterious, Will."

* * *

"Beer," sighed Gentry.

He was placidly emitting clouds of noxious cigar smoke when Shayne returned with an uncapped bottle for him, bourbon and water for Rourke. The reporter was sitting upright beside Lucy, his gaze fixed on the trailing end of the loose telephone cord behind the chief's back. Been trying to date some gal right here in front of Lucy?"

SHAYNE glared at him for silence and disgarded the question. "Ready to tell us what it's all about, Will?"

Gentry approvingly drank half his bottle of beer. "That slip of paper with Lucy's name and address on it was found on the floor beside a Miami telephone book open at the H's."

"I had her change to an unlisted phone six months ago," explained Shayne. "Too many cranks know she works for me. So you found this on the floor. Where?"

"In a rooming house on 18th Street." Chief Gentry drank more beer from the bottle.

"That's interesting," said Shayne in exasperation.

"The most interesting thing of all," said Gentry placidly, "was that the body of a dead girl lay on the floor, too. She'd been strangled."

7 Oil Companies Must Pay $240,000

SEATTLE (AP)—A federal court jury last night awarded a former service station operator $240,000 in damages against seven of the nation's largest oil companies.

George F. Moore had charged in the civil action that the companies ruined his business in 1952 by agreeing to refuse to sell him gasoline because he cut his prices.

The suit, filed under federal antitrust laws which provide for treble damages, had asked damages totaling $275,000. The jury found Moore had suffered actual damages of $80,000 and gave him three times that amount.

Named in the suit were Standard Oil of California, Tidewater-Associated, Union, General Petroleum, Richfield, Texaco and Shell.

The companies contended throughout the three-month trial that there had never been an illegal agreement among them as Moore charged. An oil company attorney said there will be an appeal.

Count, 75, Married to 14-Year-Old Girl

PONTRESINA, Switzerland (AP) — Count Aubry William Tealdi, wealthy 75-year-old Italian, has arrived in this mountain resort with his 14-year-old bride Princess Lidia Maria Antonia Caracciolo di Torello.

The couple were married in a secret night ceremony at Lucca, Italy, last week. The aged groom declined to discuss his marriage when reached by telephone at his hotel here.

It could not be learned how long the couple planned to remain at this quiet resort, only a few miles from the glittering international resort of St. Moritz.

New Lion for Winnie

CHICAGO (AP) — A 2½-month-old lion cub is being flown from Chicago to London today to be given to former Prime Minister Churchill. It is a gift of the suburban Park Forest Lions Club and will replace Churchill's pet lion Rota, which was destroyed Saturday because of old age.

AMERICANS MAKE THINGS THEMSELVES—2
Rug Weaving

The American Indians are known far and wide for their fine rugs and blankets.

When the early discoverers met the Indians of the southwest they were making blankets of home-grown cotton which they had dyed. The Spanish explorers brought sheep with them and soon the Indians made their blankets from wool. The Navajos are considered the best of the Indian weavers.

The picture here shows a Navajo woman weaving a blanket. The loom hangs from the branches of a tree. Between the sticks at the top and bottom, long strings are strung. These are known as the warp. Through them other threads are woven to form the design of the blanket. No two blankets are alike.

Use as many colors as you wish in coloring this picture.

Philly Communists Given Prison Terms

PHILADELPHIA (AP)—U. S. District Judge J. Cullen Ganey yesterday sentenced nine Philadelphia area Communists to two to three years in jail for violation of the Smith Act. This law makes it a crime to teach or advocate the overthrow of the government.

Judge Ganey, after listening to impassioned pleas by three of the defendants, ordered them jailed immediately, rejecting defense attorneys' pleas that they be free in bail pending an appeal to a higher court.

* * *

Sentenced to three years were Joseph Kuzma, 31; David Dubensky, 46 (also known as Dave Davis); Thomas Nabried, 51, all of Philadelphia, and Sam Gobeloff, 44, (also known as Joseph Roberts) Camden, N.J.

Sherman H. Labovitz, 29; Walter Lowenfels, 56; Irving Katz, 35; Robert Klonsky, 35, and Benjamin Weiss, 39, all of Philadelphia, were given two year sentences.

Police Casualty Rate Runs High; 3 Hospitalized

GALVESTON, Tex. (AP)—This is the situation in the Police Department here:

Chief of Detectives W. H. Whitburn fell down a dozen steps yesterday as he walked up a flight that leads into the station. He was hospitalized with bruises.

A car driven by officer C. J. Fontenot collided with a city pickup truck yesterday. Fontenot was released after treatment, but his wife and 10-year-old brother-in-law were still hospitalized.

Officer Patrick Doherty Jr. was hospitalized, recovering from injuries received Sunday when his motorcycle cracked up as he chased a speeder.

Otherwise, things are just fine.

France Replaces Morocco General

PARIS (AP)—France replaced her top man in rebellious Morocco last night, on the eve of a National Assembly session at which the continuing violence in North Africa will get much attention.

The Assembly was scheduled to reconvene this afternoon after a three-week vacation. In the interim the killing of a pro-Moroccan French publisher in Casablanca, apparently by French "counter-terrorists," has aroused widespread criticism in Paris of the government's North African policy.

The Cabinet named Gilbert Grandval, former high commissioner to the Saar, to replace Francis Lacoste as resident general in the North African protectorate.

Ike Returns to Capital After U.N. Ceremonies

WASHINGTON (AP)—President Eisenhower flew back to the capital today from the U. N. anniversary ceremonies in San Francisco.

The nonstop flight from the West Coast took 8 hours 7 minutes.

Eisenhower, who delivered the opening address yesterday at the U. N. 10th anniversary session, drove directly to the White House.

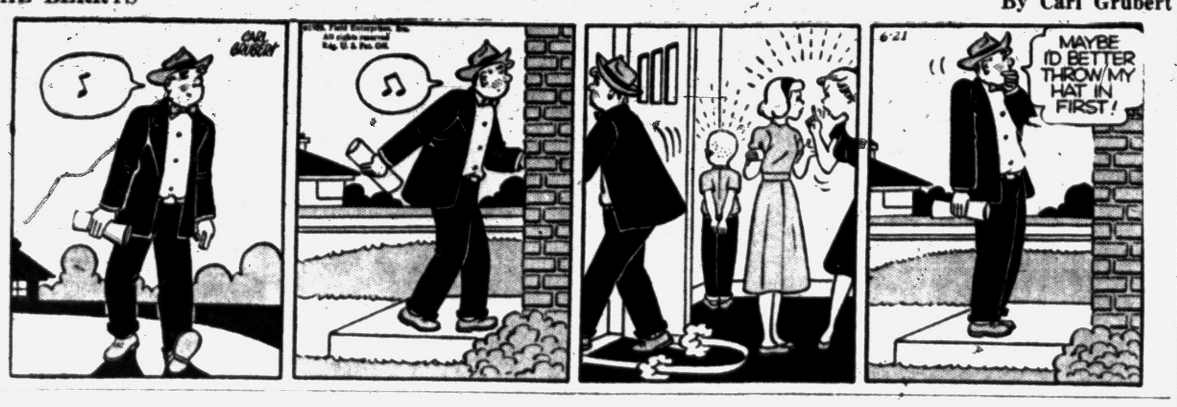
THE BERRYS By Carl Grubert



Mailman, 42, Dies of Polio in Dallas

DALLAS, Tex. (AP)—A 42-year-old man became Dallas's first polio death victim of the year yesterday as a second child treated with the Salk polio vaccine was stricken.

George Harold Lemmons, a postal clerk, died about four hours after hospitalization with the disease. He became ill yesterday after laying brick for a patio at his home.

Physicians said the 7-year-old child, a girl was in good condition with "only a light case" of the disease. The first "Salk case" was an 8-year-old boy. Doctors at Parkland Hospital agreed neither case could be attributed to the vaccine shots.

The second president of the United States was inaugurated at Philadelphia, Pa.

Boy, 12, Inherits $8 Million After Family Tragedy

NEW YORK (AP)—Young William Anthony Burton's fortune, which he inherits through a family tragedy, has been figured at nearly eight million dollars.

William, now 12, used to be known as Wayne William Lonergan. His name was changed after his father Wayne Longergan killed the boy's mother in her fashionable Beekman Place apartment in 1943.

The father was convicted of second - degree murder of his estranged wife Patricia. He is serving 35 years to life.

Through the death of his mother, the boy became the only living heir of her grandfather, wealthy brewer Max E. Bernheimer, who died in 1913 and whose widow died last year.

An accounting of the estate filed yesterday in Surrogate's Court showed the boy will inherit $7,809,918 as soon as the accounts are approved. He has already received $3,059,198 of this sum, the record showed.

William now lives with his maternal grandmother Mrs. Lucille Wolfe Burton, who has been his guardian since shortly after his father was imprisoned.

Astrologer's Prediction Blamed for 5 Deaths

NEW DELHI, India (AP)—Police today blamed an astrologer's prediction for the death of a family of five.

They said a soothsayer told Maden Mohan Lal, 45-year - old government cashier, that he would die by his own hand before June 30, after bringing great distress to his family.

Lal worried about the prediction so much that he stabbed his wife and three children to death, then threw himself under a speeding train.

Millionaire's Collection of Trash to Be Auctioned

WEST POINT, Miss (AP) — The accumulation of personal effects and household goods left by an eccentric millionaire come up for public auction July 5-7.

It was gathered by wealthy recluse Clifton Rose, who died four months ago. He couldn't bear to throw anything away.

The collection ranges from a 1928 Cadillac to silver hip flasks, from old paintings to barrels of books, crystal, linen and old lace, from ornate bronze clocks to antique furniture.

• • •

Before an evaluation could be made, dump trucks and wagons hauled away tons of yellowing papers, letters and photographs.

Rose, while struggling with an irritating plumbing job, was felled by a stroke at the age of 62. He died a week later, Feb. 21. He left no will and about $1,500,000.

The lonely millionaire suddenly withdrew from his normal social circles in the 1940s—no one seems to know why. He conducted his extensive investment business with postcards.

The decision to sell Rose's accumulation was made by the five heirs, the youngest 65.

"We're heartbroken that Clifton could have enjoyed all these things and didn't," sighed Mrs. Rose Woodward of Pulaski, Tenn., a first cousin.

The other heirs, all cousins, are Mrs. Elizabeth Owings of Pulaski, Meredith Flautt of Nashville, Tenn., J. H. Flautt Sr., of Mentone, Ala., and Stacy Rose of Detroit.

Life Insurance Hits $15 Billion in State

DETROIT (AP) — The Institute of Life Insurance reported today that 9,623,000 Michigan families owned $15,451,000,000 worth of life insurance at the beginning of 1955.

This compared with $14,419,000,000 in protection owned in Michigan 1954 and $6,599,000,000 at the start of 1946.

Of the total Michigan life insurance in force at the beginning of the year, the institute reported $5,571,000,000 was in group policies covering 2,318,000 individuals.

Another $8,409,000,000 was in 3,296,000 ordinary life policies.

5 Youths Killed in Jersey Crash

Car Smashes Pipe Truck Headon, Somersaults Both Down Embankment

SOMERVILLE, N.J. (AP)—Four youths and a girl were killed last night in a head-on truck-car collision. A sixth youth was critically injured.

The victims, returning from a church league softball game, crossed the center line of Route 206 to pass another car and smashed into the trailer truck loaded with 10-inch cement sewer pipe.

* * *

The truck jackknifed. Both car and truck rolled into an embankment, the pipes spilling on the road.

State police identified the dead, all of Bradley Gardens, as Ralph Horton, 19, driver of the car; Francis Trout, 26; Stephen Chonko, 17; Robert Lawyer, 15; and Lawanda Serofino, 17.

Still in critical condition at Somerset Hospital was James Cordick, 18.

The driver of the truck, Herman Walsh, 30, of Rosendale, N.Y. was treated for knee injury and shock and released.

An eyewitness, William Daughaday, Martinsville insurance man, told police the youths passed him and several other cars minutes before smashing into the truck. He said he saw the lights of the truck, then heard a scream, saw a cloud of dust and pipes flying everywhere.

'Liberated' Temple Bell Going Back to Tokyo

PASADENA, Calif. (AP)—A Japanese Temple bell—hung in the Pasadena City Hall after U. S. sailors "liberated" it in 1946—is going back to its homeland.

The 700-pound bell was taken from the 1,120-year-old Gochizan Soji temple in Tokyo by Buddhist priests, who donated it to their nation's war effort. Sailors on the cruiser Pasadena found it in a Japanese shipyard after VJ-Day.

Yesterday the Board of City Directors announced that the bell is being shipped back to the temple "in the interests of international good will."

Four Area Clubs to Sponsor Event in CAI Building

Four area garden clubs detailed plans yesterday for a late-summer flower and garden show to be held in the Waterford Township Community Activities Building on Williams Lake road.

Under the general chairmanship of Mrs. Vivian Tubbs, representatives of Better Home and Garden Club, Dirt Gardeners Club, Sylvan Lake Garden Club and the Waterford Branch of the Women's National Farm and Garden Association met in committees to discuss the Aug. 27-28 event.

The show will be divided into four parts and those submitting entries may have only one to a division.

The Sylvan Garden Club is in charge of artistic arrangements; the Waterford group, horticulture exhibits, and Dirt Gardeners, conservation and education.

Better Home and Garden Club is handling the junior gardeners' exhibit which is open to all school-age green-thumbers who would like to display the results of their efforts. They may submit flowers, vegefables, bird houses or bird feeders.

THOSE ASSISTING

Refreshments will be served in the afternoon and evening of both days. Heading this committee are Mrs. J. A. Rammes and Mrs. Albert Flowers. Their assistants are Mrs. Albert Kohn, Mrs. Julius Halda and Mrs. Donald Hoyt.

Mrs. Shirley Stamp is chairman of the budget and finance committee and with her are Mrs. Fred Collins, Mrs. J. L. Slaybaugh and Mrs. John Greenlee.

Mrs. Fred Bohlman is handling publicity and on her committee are Mrs. Leon Schelly, Mrs. Glen Arthur and Mrs. E. L. Windeler.

Find Three Heads Better Than One

By ANNE HEYWOOD

There's a mistaken notion among some groups, that all women are natural born enemies and that they are more apt to knife each other in the back than help each other.

IT'S NOT TRUE

It may have been true years and years ago, but it certainly is not true now.

Take, for example, this letter from a fifty-year-old woman in the midwest.

"Two years ago," she writes, "I lost my husband. It was a terrible period.

"I lived through it only because my two best, lifelong friends, who had also been through it, were a tremendous help and comfort to me.

"We began to see each other three times a week, to compare notes and cheer each other up. All of us have enough to live on, but none of us has a penny left over for extras.

"So, a few months ago, at our regular Wednesday dinner, we got talking about getting part-time jobs.

"We had all given it a try but had been turned down because of age, lack of business experience, or lack of business skills.

"We all had the 'I'm-just-a-housewife-I-never-worked' point of view, but it was helpful to be able to talk over our failures with each other.

MAKE FRIENDS

"Finally," she continues, "we decided to do something about it; and the first thing was to take up typing.

"Funny, but if I had had to go alone to the typing school, with all the bright young things around me, it would have been awful. But having Ruth and Lila with me made it easy.

"The three of us always went together and found that we were not too old to learn to type. We did well and even made friends with some of the young people, which was fun.

POOL LEADS

"We're now almost finished with the typing course. All of us can hit thirty words a minute; but of course, we'll have to get more speed than that.

"Meantime, we're answering box number ads, calling on possible employers and pooling our leads.

"We have a few interesting possibilities coming up and it's fun exchanging notes and ideas.

"I'll bet that in another couple of months, we'll all have jobs!"

Freeze Fruit in Sherbet on Hot Days

By JANET ODELL
Pontiac Press Food Editor

This is the time of year for frozen desserts. Homemade ice cream and sherbet still rate high on the list of good food.

Mrs. Clarence T. Starker has an interesting recipe for a fruit sherbet that she has used and liked for years. You may vary it by substituting strawberries or any fresh fruit for the pineapple called for in the recipe.

A devoted homemaker and good neighbor, Mrs. Starker confines her energies to her home. A longtime resident of Pontiac, she is a member of Guild Seven of her church.

FRUIT SHERBET
By Mrs. Clarence T. Starker

Juice of 2 oranges
Juice of 1 lemon
2 slices of pineapple, diced
¾ cup granulated sugar
1⅛ cups milk

Mix all ingredients together, adding milk at the last, very slowly. Put into an ice tray and stir frequently. Make about 2 hours before serving.

MR. and MRS. LEE C. MAY

First Methodist Church was the setting for the Saturday marriage of Nancy Ann Jilbert and Lee C. May. Their parents are the George D. Jilberts of North Anderson street, and the Edwin Mays of North Marshall street.

Nancy A. Jilbert Speaks Vows in Candlelight Rite

Nancy Ann Jilbert became the bride of Lee C. May Saturday evening at a candlelight service in First Methodist Church. The Rev. Paul R. Havens officiated at the 7 o'clock ceremony.

* * *

The bride is the daughter of Mr. and Mrs. George D. Jilbert of North Anderson street and Lee is the son of Mr. and Mrs. Edwin P. May of North Marshall street.

The bodice of the princess-style bridal gown was Chantilly lace over satin. It featured a scalloped neckline and puffed sleeves. The bouffant skirt of net over satin blended into a chapel-length train.

A tiara of seed pearls held her fingertip veil of illusion. She carried an arrangement of white carnations, stephanotis and ivy, centered with pink rosebuds.

ATTENDS THE BRIDE

Mrs. Claude Andress of Detroit attended the bride as matron of honor. She wore a strapless gown of coral crystallette fashioned with bouffant skirt and matching sleeveless jacket.

She wore matching shoes and headpiece and carried a shalimar bouquet of Nile green carnations centered with coral rosebuds.

* * *

Mrs. Eugene Page of Detroit and Barbara Knisley were other attendants. They wore ensembles like the matron of honor's in Nile green crystallette. Their shalimar bouquets were composed of tinted coral carnations centered with green carnations.

Harry Gardner of Lansing was best man, and seating the guests were John Dart and John Landmesser.

The bride's mother wore a gown of aqua lace and net over taffeta. Her accessories were white.

* * *

The bridegroom's mother wore a gown of blue lace over taffeta with white accessories. Both mothers chose pink rosebud corsages.

PAIR TRAVELS NORTH

A reception was held at the Pontiac Boys' Club. When the couple left on a wedding trip to the Upper Peninsula the new Mrs. May was wearing a black linen dress with black and white check duster coat. Her accessories were pink and she wore the pink rose corsage from her bridal bouquet.

Upon their return the newlyweds will reside on South Marshall street.

Bob Considine Says:

Father's Day Presents Surprise Kids, Too

NEW YORK (INS) — Looking back on it, Father's Day wasn't too tough. Expensive, certainly, but not overly gruelling. Along about Sept. 15, when I've finished paying for the presents the kids were kind enough to give me, it will likely seem quite pleasant in retrospect.

I'd like to leave one suggestion for Father's Day, 1956. Mothers should brief the moppets on what the kids are giving to their sires. It's a little unnerving, especially with a hangover, when a clear-eyed child comes to you too early on the morning of Father's Day, presses a prettily wrapped package in your numb paws and sings (off-key):

Happy Father's Day to You,
Happy Father's Day to you,
Happy Father's Day to yoo-hoo,
Happy Father's Day to you.

Obviously, the little jerk has forgotton your name and is vamping while he searches his memory. But before you can confront him with this he says:

"Okay, pop, open it. I want to see what I gave you."

It's always a big surprise to the donor. This time one of the kids, to her complete astonishment and mine, gave me a jewel-studded mouse trap.

* * *

If anything, she was more bewildered than I, due mainly to certain difficulties she has been having with spelling. She looked at the box the extraordinary device came in (it's a paper-clip, actually) and read, with slow amazement:

"Moose trap. How could you catch a moose with this little old thing?"

Two kids gave me presents with cards which read:

Guess I was sure
One lucky kid
To get the
Darned swell dad
I did.

And:

Happy Father's Day to my pop
(Who's a saint)
From his offspring
(Who ain't).

Pretty touching, but somewhat marred by the fact that neither of them was speaking to me at the time.

Another child, who gave me a 5-gallon tin of aromatic spirits of ammonia (he had been led to believe it was ambergris), signed his most affectionate Father's Day card "Dennis Considine."

He is a child who wants no confusion about the home, no indecision. No sense getting his preent mixed up with that Dennis Day, Dennis O'Keefe, Dennis McAvoy, Dennis Darcel and the Dennis Hotel of Atlantic City gave me.

There was a piece in Reader's Digest last fall that should be of comfort to fathers who felt the least bit put out about Father's Day. The male seahorse (it said) carries the eggs and supplies the young with oxygen through his blood stream.

* * *

The Emperor penguin holds the egg off the ice for weeks. The New Zealand kiwi sits on the egg for 80 days, and wastes away to half his weight—the lucky bum. A fish named the tilapia carries the eggs around in his mouth until they hatch. The midwife toad, a male curiously enough, wraps the eggs around his legs until hatching time.

We just get moose traps.

Soviet Guards Turn Suburban Mansion in San Francisco Into Little Kremlin

HILLSBOROUGH, Calif. (INS)—Grim armed guards of the Russian MVD, charged with protection of Soviet Foreign Minister V. M. Molotov, have turned a $100,000 mansioin in this exclusive suburban community into a "Little Kremlin."

The sinister Russian police lurk in the shade of trees and hedges surrounding the palatial residence rented by the Russians for the duration of the tenth anniversary meeting of the United Nations in San Francisco.

One scowling guard stands in deep shade of trees just behind the main gate. Sometimes from the street he can be seen peering out, other times only tips of his shoes are visible.

Hillsborough police say he carries a .45 automatic in a holster under his left armpit. He speaks no English, never smiles.

Within reach on a tree is an electric button with wires leading into the mansion. Should the guard push the button other grim men will appear as though by magic.

THE HARD WAY

This was learned "the hard way" by Frank J. MacDonald, head of a car rental service the Russions use. MacDonald got a letter from the Russians about a car mixup and set out with Mrs. MacDonald to visit the house and settle the complaint.

The local police passed him through from the street. He tromped on the gas pedal and went through the gate.

Within seconds the burly Russian guard leaped to the car, broke off the radio aerial, bent the rear vision side mirror and tried to lunge through the driver's window to grab and turn the wheel.

MacDonald and his wife were curtly escorted to the street and forced to transact their business there.

San Francisco Police Inspectors Frank Baroni and Jack Tompkins, whose job is to plan for safety of Molotov on all his trips outside the grounds, have been the only persons to get through the "Iron Curtain."

RED DINNER

The inspectors were invited to dinner by the Russians Saturday night and ate a meal of hamburger meatballs, lamb roast, pressed ham, potatoes—and vodka.

"Those boys are just plain scared," said Inspector Tompkins. "They act scared all the time. They're afraid bombs will be dropped on the house from the air.

"They say they have reports that someone is going to throw tomatoes or worse, at Molotov. They think someone is going to sideswipe Molotov's car on the highway."

The officers said they tried to reassure the guards that Molotov will be in no danger.

Curious sightseers outside the gate enjoyed a laugh yesterday when a little black and white fox terrier walked in to visit the Russians.

The small dog stalked up to the grim guard, examined his left pant leg intently for about 30 seconds and then, with his nose upturned distastefully walked away.

Molotov spent most of his spare time during the weekend basking in the sunshine beside the swimming pool on the estate.

12 Rockets Fired From Parked Jet

PORTLAND, Ore. (AP) — Twelve rockets were fired from a parked jet fighter plane at the Portland Air Force Base yesterday, causing two million dollars damage.

The practice rockets, which did not carry live warheads, smashed into a row of parked jets. Two were destroyed by fire, two others were damaged and a C46 transport plane also was hit.

No one was injured although one of the 3½-foot missiles bounced off the roof of a house a mile away.

Col. Elmer McTaggart, acting commander of the base, said a man is being held for investigation. He was identified only as "an authorized individual."

Parson Bans Necking Bouts Near Church

LLANDYSILIO, Wales (AP) — The Rev. Noel Williams told his young parishioners today to cut out the necking in church.

The church stands on an island just off the north coast of Wales. A seventh century causeway linking it to the mainland is a favorite lover's lane.

Said the vicar, writing in his parish magazine: "The church was not built for necking. Couples have been found there courting. They should have more respect for the house of God."

Ford Proposes Industry-Wide Pact With UAW

DETROIT (AP)—Henry Ford, II says it would be a good idea for the auto makers to get together in the future and seek an industry-wide contract with the CIO United Auto Workers.

The 37-year-old president of Ford Motor Co. said in an interview yesterday that he had had "informal talks" with other industry executives on the idea. He said indications were General Motors Corp. would be against it, while Chrysler Corp. "might" be for it.

* * *

Neither the union nor the other companies would comment.

Asked what effect he thought industrywide bargaining might have on smaller auto producers, Ford said he thought that problem "could be worked out."

American Motors Corp., which resumes contract negotiations with the UAW today, has said it is against "pattern settlements" in the industry and that each should be tailored to the firm it covers.

* * *

Ford said industrywide bargaining has ben pretty well established in the steel and glass and some other industries, and added:

"After all, inustries like steel and glass have a lot of plants, with special problems, and there are big producers and small producers. I think it could work out in the auto industry."

* * *

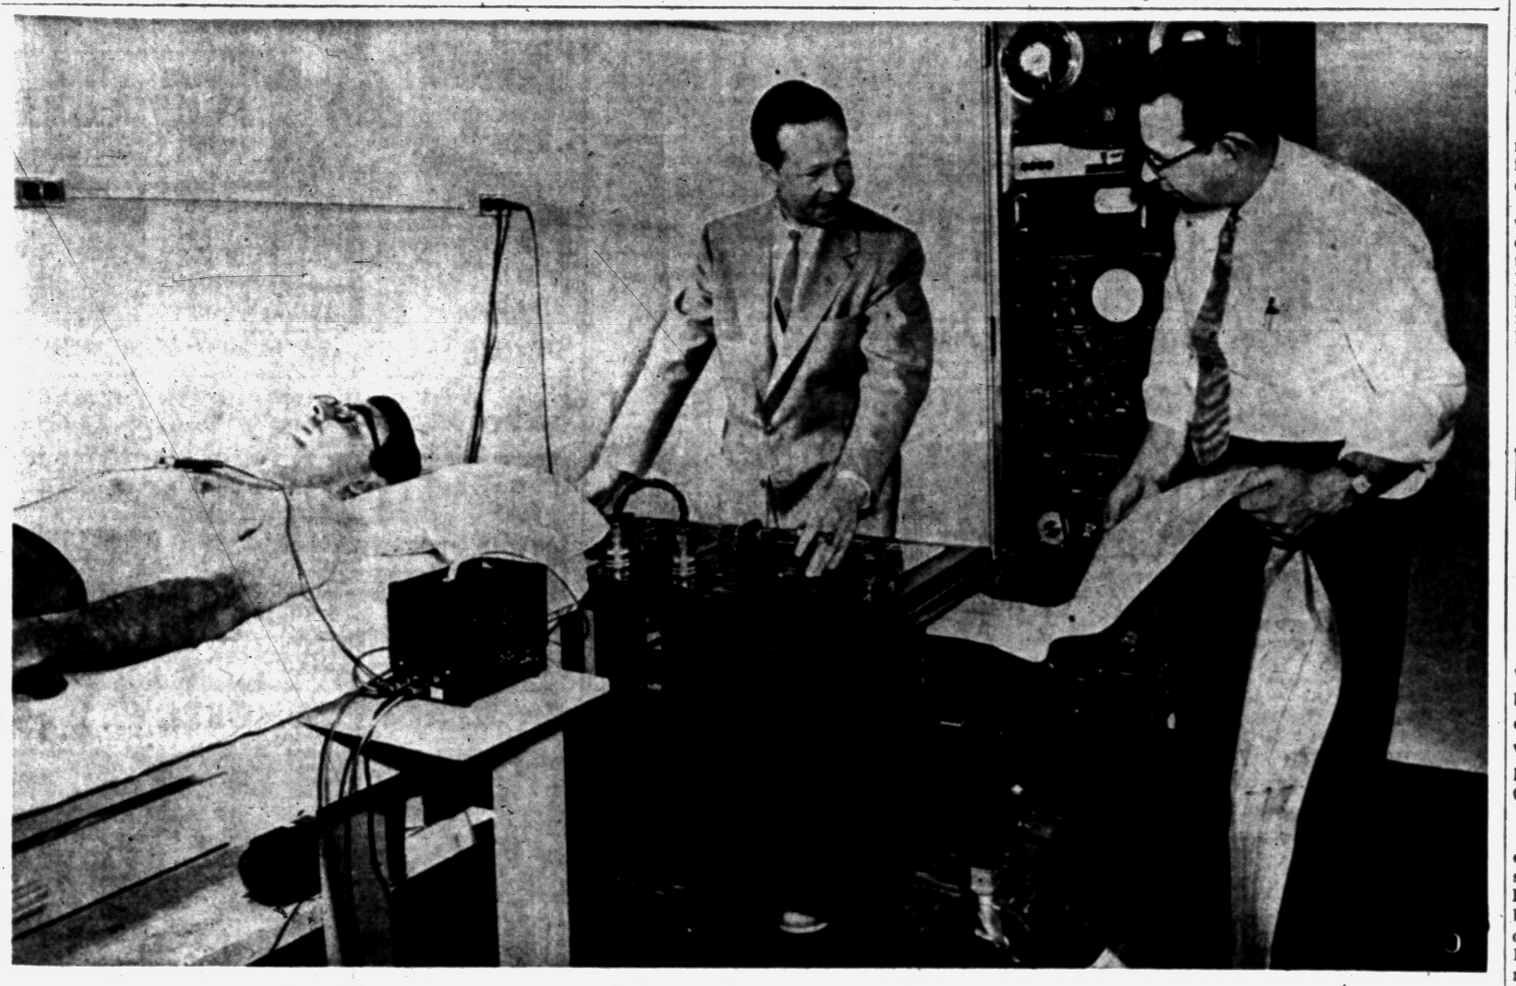
While he has discussed industry-wide bargaining informally with other industry executives, Ford said: "We never have sat down for a formal session on the matter . . . I know some say it won't work in the auto industry. But how can they say that when it's never been tried. I think everything should be tried before we say that it can't work."

Ford and the UAW recently reached agreement on a guaranteed wage plan providing benefits for laid-off workers to supplement unemployment compensation. GM and the union agreed on a similar one a week later.

* * *

Some critics have labeled the new three-year contracts "creeping socialism," which brought this comment from Ford:

"A lot of people call everything we do creeping socialism. They called social security that and they called pensions that. . . . Every time we do something new, people cry that it's either communism or socialism. We have to keep up with the times."



TO AID HEART STUDIES — Some of the heart's inaudible sounds, which physicians cannot hear through their stethoscopes, now can be seen with a device developed cooperatively by Dr. Dale Groom (center), of the Medical College of South Carolina, and General Motors Research Laboratories. A sensitive pickup on a patient's chest (left) detects these low-frequency sounds so they can be recorded on a direct writing unit which Joseph B. Bidwell, of GM, is checking at right. Called the Electro Stethograph, the device, it is believed, will be of value in research on heart defects and diseases.

Law Explained by Mrs. Hobby

Says Scheele Bears Responsibility for Salk Vaccine Program

WASHINGTON (AP)—Secretary of Welfare Hobby said last night she bears no responsibility for the government's actions in the Salk polio vaccine situation. She said the law places that burden on Surgeon General Leonard A. Scheele.

* * *

In a radio interview, Mrs. Hobby emphasized that she was not dissatisfied with Scheele's actions. But she made repeated distinctions between the responsibilities of her department and those of the Public Health Service, a Welfare Department agency headed by Scheele.

Asked if she had any apologies for the way the vaccine program has been handled, or would with hindsight have acted differently, she said:

"There is nothing I could have done differently. The law (on control of biologicals such as the Salk vaccine) charged the Public Health Service and not the secretary."

* * *

At another point, she said she would be legally powerless to overrule Scheele if she thought he had made a mistake.

She said she did not think it would be known "whether or if" the health service had been negligent until a final report is made on vaccine produced by Cutter Laboratories, Berkeley, Calif.

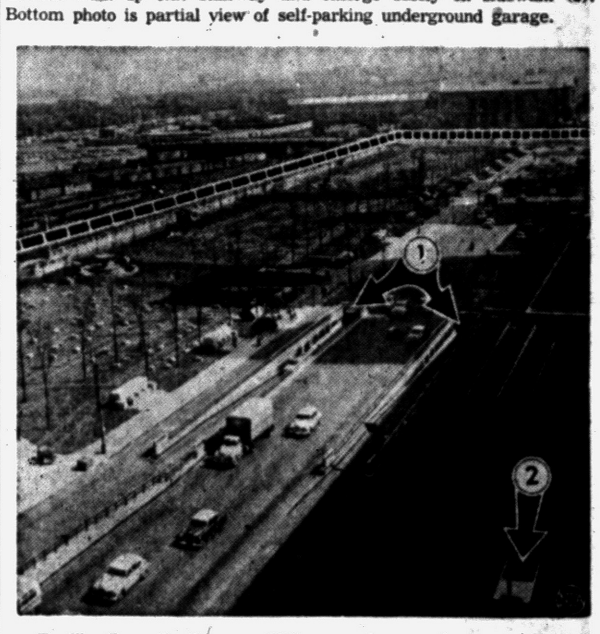
* * *

Cutter-made vaccine was withdrawn from public use after a number of children developed polio after receiving it. Scheele has suggested some of the Cutter product may have been unsafe. The question still is being studied.

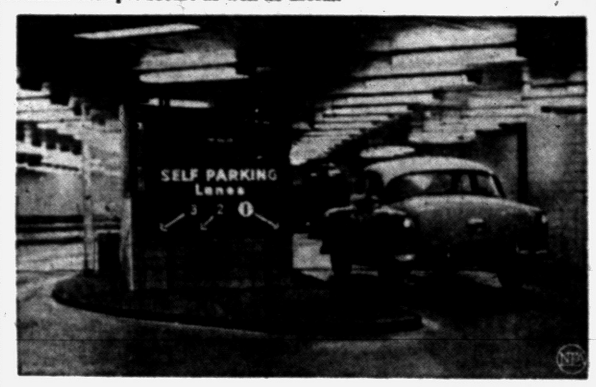
After the broadcast, Mrs. Hobby issued a statement in which she said her remarks about health service responsibilities "should not be interpreted in any way as criticism of the U.S. surgeon general or the Public Health Service. They are serving the public with all the scientific knowledge at their command."

Chicago 'Buries' Parking Problem

You'd never guess there were 2359 cars parked in the area covered by the top photo. But there are, and Chicago is proud of this answer to the parking problem of a large metropolis. For beneath Chicago's Grant Park and Michigan Boulevard is a huge parking station. Only evidence of it is the entrance and exit openings. The photo shows (1) entrance and exit, which allow cars to enter or leave parallel to traffic, without delay or confusion. After parking cars, drivers walk up exit stairway and emerge safely on sidewalk (2). Bottom photo is partial view of self-parking underground garage.



Traffic flows freely over 2359-car underground garage, outlined by dotted line. Trees have been planted and ground is being seeded to make the spot scenic as well as useful.



Eighty-eight per cent of drivers prefer to park their own cars and lock them. Parking in the well-lighted garage is no harder task than parking in a surface lot.

PRESSing Questions:

Teachers Pursue Varied Vacation-Time Activities

What do teachers do during the summer holidays? A number of teachers were interviewed this week and offered a wide variety of answers.

A few are fortunate enough to have won scholarships, some will be traveling on their own to various parts of the world, a great many will be continuing their education by taking summer courses and others will find work at teaching or in an interesting variety of occupations.

Kenneth Healy, Pontiac High: "I own some property over on Scott Lake and I also have three husky sons—Donald and William, attending Michigan State, and Alan, who is a draftsman in Detroit. Last year we started a cottage and this summer I hope to complete it. In order to send Don to college, we pitched in and built a house and sold it. I intend to live in this one permenantly."

HEALY

Lucy K. Hayden, Pontiac High: "I am going to spend the entire summer in Europe. I have been most fortunate in securing a scholarship to study for eight weeks this summer at the University of London. The scholarship is sponsored by Institute of International Education with funds provided by the Universities of Oxford, Edinborough, Birmingham and London. My course will be in art, music and literature, all of 17th century England. After the course is over, I will have two weeks before coming home and I intend to visit Holland, Germany and Italy. Next year, I will be teaching at Highland Park High School."

MISS HAYDEN

William Coffing, Wever School: "This summer I am going to work for the board of education. I will be in the stock room at the board office. Every year during the summer months, the board employs quite a few teachers at painting and repairing and doing various maintenance and repair jobs around the city. Last summer, I worked for the City Recreation Commission."

COFFING

Miss Treva Sanderson, Wever School: "This summer, I am going to fulfill one of the greatest ambitions of my life. I am going to tour Europe with a Youth Hostel Group of 25 or 30 young people from all over the state. We are going to leave from Quebec City on the Neptunia. We will spend nine days on the ocean and will arrive in Southampton from where we will go to Stratford-on-Avon to visit the birthplace of Shakespeare. We intend to cover London pretty thoroughly and then cross over to Calais from which we will visit Belgium, Germany, Austria, Switzerland and possibly Vienna. We will spend the last four days in France. All the traveling will be done by bike and the entire trip will only cost $650. We should be back in Quebec by August 30."

SANDERSON

William J. Lacy, Pontiac High: "From July 3-17 I am going to be on two weeks active service with the Army Reserve. I hold the rank of major and am commanding officer of the 307th Ordnance Battalion (the local unit with headquarters at 37 W. Lawrence.) We will be training in Camp McCoy, Wis. After that I have no definite plans although the Army Reserve will take up some of my time. We train one night per week and spend quite a bit of additional time working there."

American Airman Saves Girls in British Blaze

CLACTON, England (AP) — An American airman broke into a blazing building here last night to rescue two girls trapped in their smoke filled bedroom.

Airman 3C James De Witt, 22, of Bangor, Maine, on leave from the air base at Bentwaters, was riding past a staff dormitory at a holiday camp when he saw the flames.

He jumped off his motorcycle and smashed a window to get the girls out. They were unharmed. De Witt cut his hand on the jagged glass.

U.N. Successful Despite Many Failings

By J. M. ROBERTS
Associated Press News Analyst

There is an illogical tendency to criticize the United Nations because, established to maintain peace, it has not made peace.

When the nations met at San Francisco 10 years ago to form a post-war organization, the Japanese were still fighting, nobody knew what would be found beneath the ruptured Nazi crust of Germany, and Russia was an ally of Britain, France and the United States.

Peace was to come through unity of the great powers. The cold war was in the already-written Russian books, but the West had not read them.

Once the peace was made by the great powers, the U. N. was to have a police force to see that it was kept. That was a dream which died aborning.

FOCUS OPINION

Nevertheless, the U. N. has on several occasions exerted great influence for peace. Its earliest triumph was to focus public opinion on Russia's efforts to continue her occupation of Iran after the war, causing her withdrawal from a position which contained an immediate threat of war.

The reports of U. N. teams likewise had their influence on Russia's abandonment of her objectives in Greece, and U. N. mediators ultimately produced an armistice, even though a shaky one, in Palestine.

The most momentous U. N. deed, of course, was the demonstration that free nations will not stand idly by while one of their number is conquered. For the first time in history an important number of nations — 15 — pooled their arms to defend a nation — South Korea — in which none of them had any great selfish interest.

NO WITHDRAWALS

Yet perhaps the most important thing the U. N. has done is merely to exist amid all the pressures which might have torn it down. Not one single nation has shown any sign of withdrawal, although some of them, such as Russia and South Africa, have been sorely vexed by expressions of international opinion through the forum.

The U. N. stands as a symbol of something for which man is searching. It gives him a target for his dreams. It is the burning glass which focuses the heat of his desires, providing a fire by which he may warm himself during the cold night of search. It gives him a sense of unity against terror. If he did not have it, he would have to have something else like it.

As the President says, without the United Nations the points where it has failed would still have been written down in history as failures; and victories have been achieved which could not have been won without it.

Atoms, Automation Seen Making Kitchen Job Easier

By SAM DAWSON

NEW YORK (AP)—The food industry plans to take still more of the drudgery out of kitchen work. It counts on using the atom to make better food and automation to provide cheaper food.

Americans will spend for food about 65 billion dollars this year—four times as much as before the war. Even allowing for dollar devaluation, that's still twice as much as fifteen years ago.

Leaders of the Grocery Manufacturers of America say these things are in store for us:

Lower prices can be achieved through greater production. They believe new machinery and new methods should boost production by cutting present high costs.

The revolution in the kitchen is to continue and may be speeded up in the near future. What the industry calls convenience foods have brought about the revolution. Packaged foods that eliminate the kitchen drudgery by preparing vegetables and fruit and even meats ahead of time are to be increased in number and volume.

Atomic radiation is expected to play a double role. First, it's believed that in the years ahead radio activity will show the farmer how to produce better foodstuffs, and more cheaply. It is also counted upon to combat the insects and disease that plague the farmer now. Second, atomic science is expected to have a major impact on food processing.

Three Detroiters Given Two-Year Probations

Three Detroiters were placed on two-year probation and assessed $300 court costs by Oakland County Circuit Judge H. Russel Holland yesterday after they pleaded guilty to taking indecent liberties June 3.

The three, who admitted improper advances to a 15-year-old girl, are Frederick J. Katz, 18, of 19595 Canterbury; James Sherman, 18, of 17349 Northlawn, and Stanton R. Moss, 18, of 18617 Santa Barbara.

Two North Korean Pilots Escape to South in Plane

SEOUL (AP)—Two young North Korean fliers buzzed the Seoul Airport today in an old, Russian-built Yak fighter, then landed and gave themselves up to cheering South Korean airmen.

The two were marked to ROK air force headquarters for questioning. It was presumed they sought political asylum.

They were identified as Capt. Lee Un Yong and Lt. Lee Eun Song, each 24, South Korean officers said one was trained in Russia and the other in Red China.

* * *

They were the first Korean Communist fliers to flee from the Reds since Lt. Noh Kum Suk landed a MIG jet fighter at nearby Kimpo Airfield Sept. 21, 1953. He received a $100,000 reward for delivering the MIG and asylum in the United States.

ROK air force officers said the two North Koreans left at 11 a.m. from Munsunri Airfield near Pyongyang, North Korean capital, in their Yak 18. The Yak is a single-engine propeller driven fighter-bomber.

The Communists used the Yak in early stages of the Korean War. Now it is used as an advanced trainer.

It was not disclosed how the Yak penetrated without interception the 30 miles from the armistice line to Seoul.

The Yak began buzzing Seoul Airport about 1 p.m. South Korean air force officers gave a "come in" signal. A big crowd of Americans and Koreans gathered at the landing apron.

The North Korean pilots stepped from the Yak, bowed several times and raised their hands. The South Koreans applauded and cheered. The dark green plane was impounded.

Rail Union Wants Short Work Week

DETROIT (AP) — The President of the AFL Brotherhood of Maintenance of Way employes says 40 hours pay for 30 hours work will do more to stabilize employment than the guaranteed annual wage.

And the shorter work week is what the Brotherhood will press for "If we cannot bring the railroads around to our way of thinking," Thomas C. Carroll told delegates to the union's convention yesterday.

Carroll said that since 1950 the Brotherhood has urged employers to schedule maintenance work on a yearly basis instead of month-by-month.

The convention continues through Friday. Sen. Kefauver (D-Tenn) will speak at the convention banquet Thursday night.

Turks Pass On Nuggets of Wisdom to Travelers

By EARL WILSON

ISTANBUL—Had your thinking today?

The Turkish patriarchs have composed many nuggets of wisdom, which the Tourism Dept. has handed us in a neat booklet titled "Turkish Proverbs."

★ ★ ★ ★

"Big head, big headache," is good—and useful—though I don't know about one reading, "One does not burn a blanket to get rid of a flea."

I haven't burned a blanket to get rid of a flea in I don't know how long.

"Kind words will unlock an iron door" is another goodie—but the B.W. and I were a little mystified by one that reads, "It is easy for a bachelor to divorce a wife."

Maybe so in Turkey, but I remember a Hollywood bachelor rebuking me for mentioning him dating a N.Y. girl on a visit.

★ ★ ★ ★

"But you're not married," I pointed out.

"I've got a girl out there and a girl's harder to handle than a wife about having other dates," he said. "A wife can't do anything about it."

SONJA

Speaking of girls, we went to a club, the Blue Wagon, where the B-girls—the dancing girls—sat off to one side of a club in a place that looked like a dining car. It's labeled "the Turkish Express."

Men wishing companionship walk along outside the dining car, pick their girl, go inside, and buy her a drink, also one for themselves. And on the drink she gets a commission.

"Dig that crazy Diners' Club!" somebody remarked.

"The Bull Pen" is another name for it.

I don't know how anything about B-girls sneaked into this serious piece about proverbs—but I wanted to tell you about another club, the Karavanserie, where the Viennese-type violinists played such romantic old Viennese waltzes as "Oh, Susanna."

★ ★ ★ ★

And Nicky Hilton and Sonja Henie, among others, felt right at home, especially as one of the violinists looked like comedian Jan Murray and another like Harvey Stone.

Another practice is to drive out to the country, wake up some gypsies, and ask them to do their native dances.

Ann Miller did it—and some others did it—but worrying exactly where the gypsies were, a Turkish girl coined herself a little proverb when she said, "If you just shout 'Dollar,' they'll wake up and come running to you."

★ ★ ★ ★

Henny Youngman, who's been doing free guest shots on Jackie Gleason's TV'er, found a $1,000 check from JG in his dressing room . . . Grace Kelly wouldn't let her pooch, Oliver, "endorse" a dog food . . . If she has no TV work this summer, 90-year-old Georgianna Carhart (of "Life Begins at 80") may do a night club act.

KIM NOVAK

Mickey Rooney's hit at The Riviera in Vegas brought an offer for a B'way show, "Kaleidoscope" . . . Patti Page drove her honey, Charles O'Curran to the airport; she'll join him in L.A. soon.

Kim Novak's work in "Five Against the House" got her the lead in "Picnic."

Noel Coward's contract at the Desert Inn specified no table service during his act . . . Garbo and George Schlee dined at the Hotel Ambassador . . . Joan Crawford will do a bathtub scene in "Queen Bee"—her first since "The Women" . . . French singer Robert Clary is becoming a U.S. citizen.

TODAY'S BEST LAUGH: Morty Gunty suggests the ideal gift for rich kids — air-conditioned Davy Crockett hats.

"I wish I were still back in public school," sighs Jan Bart. "Where else can you get a ten-week vacation every summer?" . . . That's earl, brother.

Bevan Plans to Run for Treasurer Post

LONDON (AP) — Aneurin Bevan, fiery left-wing Socialist, announced today he will run for treasurer of the Labor party at the party convention this fall.

The move sets the stage for yet another tussle between the 57-year-old Bevan and Hugh Gaitskell, who now holds the job. Both men are leading candidates for the post of party leader when 72-year-old Clement Attlee retires.

Gaitskell, 49-year-old former chancellor of the exchequer, defeated Bevan in the treasurer's race last year.

Harriman Flying Abroad for European Tour

ALBANY, N. Y. (AP)—Gov. Averell Harriman of New York and his wife plan to make a three-week trip abroad next month, including visits to London, Paris, Rome and Israel.

The governor's office announced today that the Harriman's would fly from New York City to London July 7 and return to the United States, also by air, July 30.

Antarctic Explorer, 64, Succumbs in England

SOUTHPORT, England (AP)—Frederick John Hooper, antarctic explorer who found the body of Capt. Robert Scott near the South Pole, died yesterday at his home here. He was 64.

Hooper sailed around the world three times before joining Scott's last expedition in 1912, at the age of 18. When Scott failed to return from an advance exploratory trip, Hooper went out with a search party. Spotting a small bamboo pole sticking out of the snow, he unearthed Scott's last camp.

Gets Death Sentence for Shooting In-Laws

DENVER (AP)—Francesco (Frank) Archina, 22, was sentenced yesterday to die in the Colorado State Prison gas chamber during the week of Oct. 2 for the shotgun slaying of his mother-in-law Mrs. Elizabeth Macri, 60.

Dist. Judge Edward J. Keating imposed the penalty after denying him a new trial.

Archina, an Italian immigrant, was convicted March 17. Dist. Atty. Bert M. Keating also accused Archina of killing three other in-laws at a north Denver home Jan. 24, 1954.

Haymes Renews Career With Vegas Singing Date

By BOB THOMAS

HOLLYWOOD (AP) — This week Dick Haymes begins picking up the pieces of his career.

The past two years he has been largely inactive for reasons well known. Now the Argentine-born crooner has won his battle to avoid deportation.

* * *

He opened a three-week singing date at the Dunes in Las Vegas. The salary: $15,000 a week.

* * *

"I'm very excited about this engagement," he said between rehearsals. "It's the first time I've felt like singing since the whole trouble began. If I succeed in this, I think other good things will follow. I believe the recording companies and film producers are waiting to see how my voice is. Then we can start making deals."

But he does not intend to return full-time to the crooning business.

"I'm not going out to play 39 weeks in night clubs, the way I used to," he emphasized. "I would like to pick three or four top spots and play them every year.

* * *

"The rest of the time I'll devote to picture work, both as an actor and a producer. Producing is my great interest. I've been wanting to do it as far back as 1946."

His plans for film production are no idle dream. He and spouse Rita Hayworth have set up their own company to release a series of movies through United Artists. The first one, he said, would feature himself and would be made this summer.

"We've got two important stories we're considering for Rita," he added. Unfortunately, we can't go ahead with them yet, because she isn't free. But that will only be a matter of time. She's in the right."

* * *

Columbia Pictures doesn't see it that way. The studio placed her on suspension for failing to report for "Joseph and His Brethren" and warned that she could work for no other producer. She claimed the studio broke the contract by not starting the picture on the stipulated date. The courts will decide who is right.

Haymes said Rita will accompany him to Las Vegas, but daughters Rebecca and Yasmin will remain at their Malibu home.

What about his financial shape?

"I'm getting it under control," he declared.

Italian Police Seek U.S. Bank Robbers

NAPLES, Italy (AP)—Naples police were on the lookout today for four men and a woman wanted for questioning in connection with the record $305,000 robbery of a Chase Manhattan Bank branch in New York last April.

The International Police Organization (Interpol), in a message to police headquarters throughout Italy, said the quintet may have crossed into Italy from Switzerland trying to reach a small south Italian port.

* * *

The message identified the five as John Timothy O'Connell, 35; Daniel William MacGuire, 28; and John Michael di Tacco, 37, all believed to be from New York City; Peter Jerome Kidam, 34, of Manchester, England; and Jeanette Forest, 27, of Montreal.

One officer said if the five were in Italy, they probably were trying to get aboard a ship bound for Africa.

Tells Horrors of Germ Attack

Army Chemical Chief Describes Threat of Biological Warfare

HOUSTON, Tex. (AP)—The Army's top chemical officer said today the potential threat from germ and chemical warfare is as great as the danger from atomic weapons.

Maj. Gen. William M. Creasy, chief Army chemical officer, said that in an all-out war an enemy would want to save the productive facilities of this nation and therefore might concentrate his assaults on people rather than on machines.

"The hazard is insidious," Creasy declared in a speech prepared for the Texas Chemical Council, because "chemical and biological munitions are generally invisible in action, while the physical destruction weapons can be seen."

The general also spoke of the possible use by an enemy of chemical or biological agents that would affect people's brains and leave victims unable to do anything constructive toward a defense effort.

He said it is "questionable" that anyone has yet discovered the secret of how to use such mental derangement processes on a large scale, but he said that "we must assume that any potential enemy would, in order not to overlook any factor in planning our defenses."

Oak Park Builder Gets Prison Term

Ben Bayer, 43, of 6815 Linwood, Oak Park, received from 1½ to 5 years in Jackson state prison when he appeared before visiting Circuit Judge Michael Carland, of Owosso, in Oakland County Circuit Court yesterday.

Bayer is free on $2,000 bond today pending outcome of an appeal attempt. He was found guilty of larceny by conversion June 2 by a jury.

Bayer, a builder, was charged with failure to produce clear title to a home he sold and not returning the down payment.

Cold Not So Bad; It's Those Lions That Really Hurt

EDINBURGH, Scotland (AP) — A cold horse is a happy horse, a court decided yesterday.

The Scottish Society for the Prevention of Cruelty to Animals director of Edinburgh Zoo, caused unnecessary suffering to five old horses by keeping them out in the snow last January.

But the Earl of Roseberry, president of Scotland's Royal Zoological Society and one of Britain's best known race horse owners, testified that horses like being out in the snow.

* * *

"Cold weather is much better for them than warm weather," he said. "They are not so worried by flies and insects."

The earl, twice owner of the Epsom Derby winner, said he keeps his hunters and thoroughbreds out all the year.

The sheriff's court dismissed the case.

Why keep old horses at a zoo? They are slaughtered and fed to the lions.

Sharp Drop Noted in Scarlet Fever

Sharp drops in reported cases of scarlet fever in Pontiac last week appeared today in the communicable disease reports, released by Dr. John D. Monroe, health director for Pontiac and Oakland county.

Placed on Probation

Robert J. Braid, 63, of 110 Eagen Dr., Lake Orion, was placed on three-year probation by Oakland County Circuit Judge H. Russel Holland yesterday.

Braid admitted June 9 to making an improper advance to a 9-year-old Lake Orion girl.

Draws Year Probation

Clayton Peters, 25, of Howard City, was placed on one-year probation and assessed $150 court costs by Oakland County Circuit Judge H. Russel Holland yesterday.

Peters pleaded guilty May 24 to assaulting a Royal Oak man last Dec. 24.

Raiding, Riots Strike Fear in Malaya as Unrest Grows

SINGAPORE (AP)—Malaya's Communists are driving hard to upset law and order in this rich British crown colony.

Strikes are spreading. Rioting is being fomented. Communist-inspired Chinese high school students are openly defying the police.

Businessmen in this great Far Eastern port city—one of the world's busiest—face the future with undisguised fear and skepticism.

* * *

The 17,000 whites on Singapore Island are beginning to fear for their lives.

A storm of protest is rising swiftly against the new Labor Front government headed by David Marshall, a Singapore attorney. Civic organizations and individuals are demanding that industrial unrest and lawbreaking be curbed lest this rubber and tin metropolis becomes "a lawless city."

Of the city's 1,167,000 people, 910,000 are Chinese. Marshall, with an eye to elections four years hence, is reluctant to hit troublemakers hard—and most of them are Chinese. He says now is the time for "nursing" rather than whipping the students who, siding with strikers, have spearheaded rioting the hostile demonstrations against the government.

* * *

Sparking the threatened violence is the most intensive subversive campaign the Red Chinese underground has waged on the island colony since it unleased guerrilla warfare in the jungles upcountry in the spring of 1948. The Communists apparently feel that Marshall's "go easy" policy leaves the door wide open to a determined effort against law and order.

On the Malayan mainland, the Communists have slackened direct armed attacks on villages, towns, highway convoys and communications. But in Singapore they appear set upon getting the upper hand by wile and subversive tactics. They are infiltration labor unions and student groups.

* * *

About 7,000 of the 80,000 students in private Chinese high schools form the hard core of resistance to the government. They lead the open defiance of police orders, march in picket lines, urge strikers to fight on until their demands are met. When the government threatened to expel ringleaders and close three of their schools, the students threatened "serious trouble" and the authorities backed down.

* * *

Police finally did arrest 127 pickets for obstructing them. But big gatherings of students and strikers still go on.

The students say they want no interference with the Red Chinese doctrines they are being taught in many of their classes. They have forced teachers to quit when they tried to teach courses prescribed by the government. They have staged "sit-in" strikes or refused to attend classes.

* * *

The government, which pays for part of the instruction, feels English and principles of democracy must be taught. But Marshall and his ministers haven't found a way to see that it is.

Marshall's young regime also is being plagued by spreading industrial unrest which at times threatens to paralyze the city's transport and commercial life. As fast as one walkout appears settled, another is started. A general strike last week brought out less than a seventh of the colony's labor force. But the unions made clear they would try again.

Quick Action by Police Nabs Burglar in Act

Quick action by Pontiac Police minutes after a phone tip last night resulted in the arrest of a Chicago man who officers say was nabbed in the act of burglarizing a used car lot office.

John V. Muscia, 24, who said he lives in Chicago, Ill., this morning was charged with breaking and entering in the nighttime.

He was arrested at about 11 p.m. by Sgt. Donny Ashley and Patrolman Orville Johnson in the office of the lot at 22 Auburn Ave. Owner Tony Grimaldi said nothing was missing.

Muscia, who apparently cut his arm when he broke a window to gain entry, was treated at Pontiac General Hospital.

Information on the reported breakin from an anonymous phone tipster was relayed to police cruisers near the scene, resulting in the quick arrest.

Parties Pick Slates for Canvasser Board

LANSING (AP) — Wheels began turning today to put into effect Michigan's new bipartisan board of state canvassers.

The Republican State Central Committee was called to meet in Lansing Saturday afternoon to nominate six persons from whom Gov. Williams will pick two for the Republican portion of the four-man board.

Neil Staebler, Democratic state chairman, asked all members of the Democratic State Central Committee to submit names for their nominations.

Williams notified both parties that he will sign the new legislative bill into law tomorrow.

Under the law the two major parties have five days in which to nominate their members and the governor has another 10 days in which to make the selections.

Traffic Engineers Meeting at Rotunda

Monthly meeting of the Michigan Chapter of the Institute of Traffic Engineers was set for today and tonight at Rotunda Inn, Pine Lake, according to T. A. Vanderstempel, Pontiac traffic engineer.

Howard Gandelot, vehicle safety director for General Motors' Research Laboratories, will speak on "Horsepower and Motor Vehicle Safety."

Vanderstempel said 60 to 80 traffic engineers from all over the state are expected to attend. Pontiac merchants have donated door prizes for the affair, he added.

Lightning Kills Boy, 15, Fishing on Tawas Lake

EAST TAWAS, Mich. (AP)—Lightning struck and killed a 15-year-old Ohio boy while he was fishing from a rowboat in Tawas Lake yesterday.

Bruce Lee Clemons, of Lancaster, Ohio, was casting when the bolt knocked him into the lake. His companion, Fred Radar, of Columbus, Ohio, was uninjured.

Fined $100 for Theft

Theodore Trosst, 38, of Northville, was placed on three-year probation and fined $100 by Oakland County Circuit Judge Frank L. Doty yesterday. Trosst pleaded guilty June 13 to taking $21 from a Walled Lake real estate office.

Placed on Probation

Robert W. Stevens, 24, of 32317 W. Eleven Mile Rd., Farmington, was placed on three-year probation by visiting Circuit Judge Michael Carland of Owosso, yesterday.

Stevens was found guilty of arson by a jury June 3. He was charged with setting fire to his car last March 21.

Citizen League Seeking Election

Ask New Commission for Creating Bylaws of Township Area

MADISON HEIGHTS.— Petitions have been filed asking for election of a new charter commission in Royal Oak Township's Madison Heights.

After two unsuccessful attempts to file the petition with acting mayor Mrs. Virginia M. Solberg, John Archambault, president of the Madison Citizens League, filed the petition with Oakland County Clerk Lynn D. Allen.

Under state law, the petition should be filed with the acting mayor. Allen said the petitions were photostated, with the originals kept by him and the photostats to be served on Mrs. Solberg.

Voters in the area turned down a city charter at the polls June 7, by the narrow margin of 1,758 to 1,676.

In January, residents had approved incorporation of the area, and elected a charter commission to prepare laws for the new city.

If a charter is not approved in two years, the area reverts back to township status.

A petition also has been filed for a recount of the charter election. This recount will begin at 9 a.m. Saturday.

The photostats of the petition were a soggy mass in the front yard of the Solberg residence this morning.

Mr. and Mrs. Solbert and Archambault differ on versions of how they got there, but apparently Archambault gave them to Solberg, who refused them.

If no petition for a new charter commission is filed by the deadline Saturday, the present charter commission would begin again on a new charter.

Theodore Roosevelt at 42 was the youngest ever inaugurated as President.

Figure-Slimming Group to Meet

Waterford Club to Hold Summer Sessions at Home of Member

WATERFORD TOWNSHIP—The Fashion Your Figure Club of Waterford Township will continue its Wednesday night meetings throughout the summer, but at a new location, Gladys Alexander, president of the club, announced today.

Meetings will be held from 7 to 9 p.m. at the home of Mrs. James Dinkel, 5485 Elizabeth Lake Rd. All women in the community interested in losing weight have been invited to attend the weekly sessions.

Currently the club is divided into two groups—the Buxom Beauties and the Robust Rascals. The two teams compete against each other in weight-shedding.

Winners of the match will be the losers, weight-wise. They will be treated to a picnic at Crescent Lake by the opposing team.

Trophy for losing the most weight last week was taken by Rita Thompson.

Two Area Ministers Will Exchange Pulpits

WATERFORD TOWNSHIP—The Rev. Ralph Davidson of Andersonville Community Church will exchange pulpits Sunday with the Rev. Henry Wrobbel of Calvary Baptist Church, for the 11 a.m. service.

Both pastors will leave Monday to attend a Pastor's Bible Conference at Camp Maranatha, near Muskegon.

Moore, Olson Meet for 'Unwanted Title'

NEW YORK (AP)—Anybody want a slightly used light-heavyweight crown?

Archie Moore owns it and middle, weight champion Bobo Olson is challenging for it Wednesday night.

But nobody really wants it.

Ancient Archie, spry at 38, wants to fight Rocky Marciano for the heavyweight title in September. Olson talks of (1) Marciano, (2) middleweights.

* * *

Jim Norris, president of the International Boxing Club, tossed a little wood on the fire yesterday when he discussed Marciano's September plans.

"I will talk with Al Weill (Marciano's manager) after the fight," he said. "A Moore match would be very desirable if he wins. But it all depends on how he wins it.

"If Olson should win and look real good, I'd like to match him with Marciano. I never talked to Weill about the match but I have talked to Sid Flaherty (Olson's manager)."

Moore eats, drinks and sleeps Marciano as he goes through his final training for his 15-round defense against Olson at the Polo Grounds. He carried on a winter-long campaign to convince fans and sports writers that he deserved the shot. When Don Cockell was given the chance, Archie picked up a little change beating Nino Valdes, the No. 1 heavy contender, and signed for Olson. But Rocky is what he wants.

Flaherty has told the press at the Asbury Park, N.J., training camp that balding Bobo will risk his middleweight title against the winner of the July 15 San Francisco match between Ray Robinson and Rocky Castellani. He ignores the possibility that his 160-pound title will be declared vacated if he beats Moore under New York and National Boxing Assn. rules.

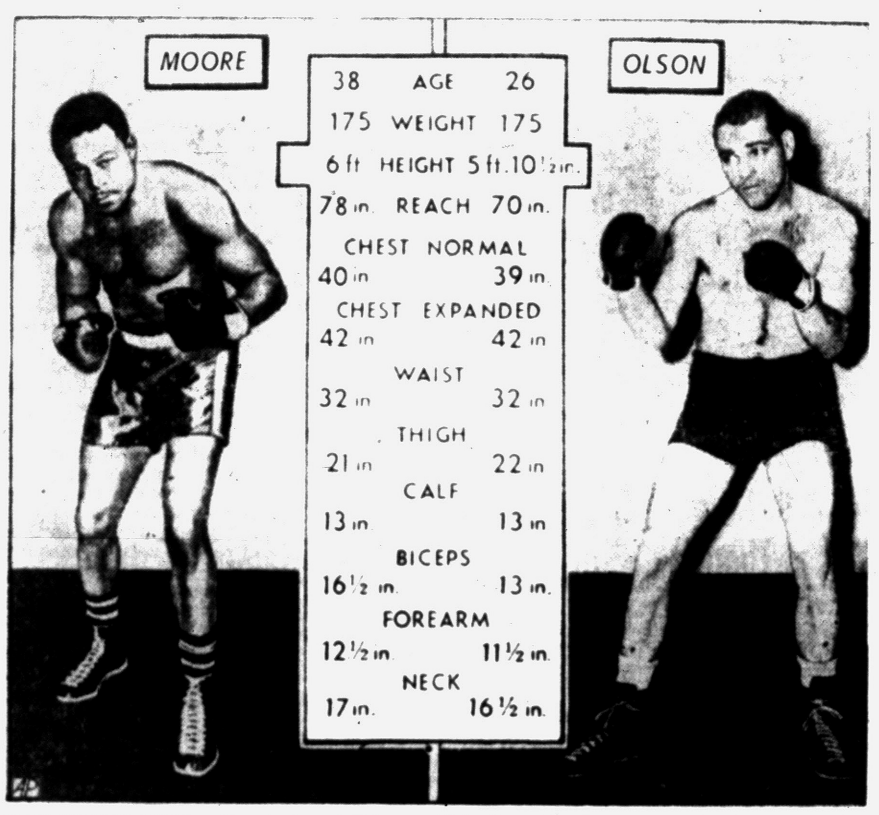
* * *

Marciano, incidentally, is back from Mexico but he has other business in New England. He won't see the fight, unless he takes a peek at the television (ABC with New York blacked out) or listens to the radio (ABC).

The odds favoring Moore lengthened to 2 to 1 today when it was generally accepted that he was down to the weight limit at about 175 pounds. Always the gag man, Archie told the press he expected to weigh "174¾ pounds" at the weigh-in in Madison Square Garden Lobby Wednesday noon.

Moore boxed two rounds yesterday at his Summit, N.J. camp with Clint Bacon and may box a couple more today. Olson shadow boxed and worked on the light bag yesterday. He will do nothing more strenuous than taking a walk tomorrow.

The advance sale is "about $100,000" with Norris predicting 25,000 fans will pay $250,000 or more" to see the fight. With a break from the weatherman, who predicts "fair and warm," the last day sale should be substantial.



TALE OF THE TAPE — Here is how light-heavyweight champion Archie Moore and middleweight champion Carl (Bobo) Olson compare for their 15-round title bout Wednesday night in New York's Polo Grounds. Moore's championship is at stake as well as his anticipated shot at heavyweight champion Rocky Marciano.

Cross Medalist in Pontiac JC Golf Tournament

PHS Linkster Paces 5-Man Delegation to State With 73

Tom Cross won the Pontiac Junior Chamber of Commerce junior golf tournament Monday at the Pontiac Country Club with a one-under-par 73.

Cross, Pontiac High School's hottest golfer at the close of the school year, was just as hot as the weather yesterday afternoon. He fired rounds of 34-39 over the 37-37 par 74 layout to lead four others into the Jaycee state tourney at Walnut Hills Country Club in Lansing July 18-19.

Mike Conroy of Birmingham posted 39-36—75 for runnerup position. Norm Dierkes from Walled Lake finished 3rd with 41-37—78.

A three-way battle for 4th and 5th places developed among Wally Sherock of Wayne, Larry Parker of Berkley, and John Duncan of Birmingham. All ended the regulation 18 with 79's, necessitating a sudden-death playoff to determine the remaining two qualifiers for the state test.

Duncan bogied the 1st extra hole while Sherock and Parker were matching pars to settle the issue quickly.

Sherock then parred the 11th hole to win 4th spot as Parker had to be content with a bogie five. Sherock and Parker will enter the state tournament, along with Cross, Conroy, and Dierkes.

Three of last year's state qualifiers failed to make the grade this time. Birmingham's Warren Sumner shot 81, which was equalled by Pete Green of Franklin Hills. Pontiac's Jack Morriss shot 47 going out, but did not turn in a card on the back nine.

Trophies were awarded to the five state qualifiers. A field of 43 competed in the event.

Fleck's Open Victory Not Complete Fluke

DAVENPORT, Iowa (AP) — Jack Fleck, virtually unknown outside his native Iowa until last week, stood beside the greats of golf today.

But his fiery rise to claim the U. S. Open Golf Championship last week is not as surprising as it first appears.

* * *

The 32-year-old professional never won a major tournament until Sunday. But until this past year he limited himself to just the winter circuit.

Making the full winter-summer swing this year, he was a money winner in 12 of the 15 important tournaments he entered and averaged 71.21 strokes per round.

Fleck was 17 when he came in golf and his career was cut short by 3½ years Navy service during World War II. He served his apprenticeship in the club professionals' category.

"I'm from 5 to 10,000 rounds behind the others," he says.

It was a new Jack Fleck who won the open at San Francisco's Olympic Club in a stirring playoff with his idol Ben Hogan. Fleck and Hogan could be golfing brothers.

Their cool, calculating mannerisms are similar. Jack admits he modeled some of his game after Ben's.

"I have idolized Ben Hogan ever since my caddie days," he says.

"He loves golf and the competition and I love golf and the competition."

Fleck and his pretty wife, Lynn, made a decision shortly after their marriage in 1950 that Jack would give the professional tour a try to see if he could make it.

"It cost us $8 for every $1 Jack had won that season," Lynn confides. The Flecks still were in the red as late as 1953.

"I didn't think he would make it," she adds. But he learned to control his "temperament" and "I've every confidence in him now."

That confidence is shared by other Iowans who know him.

Joe Brown, pro at the Des Moines Golf and Country Club who started Fleck out as a $5 a week club cleaner in 1939, says:

"I had a hunch he'd win the Open. I thought so because in the past few meets Jack has had a nice closing round."

Emsley, Elks Pull Upset on GMC in Softball Loop

Elks No. 810 pulled the 1st major upset of the season with a 5-1 victory over GMC Monday night at North Side Park in men's city league softball action.

* * *

Al Emsley silenced the Coachers' bats, effectively scattering five hits. Emsley did not issue a single pass and struck out six.

Elks collected only six hits, but made better use of them. A single, double and error accounted for a pair of runs in the 3rd, followed by two more runs in the 4th on two singles and a two-bagger.

A walk, stolen base and single scored the other in the 6th.

Knights of Columbus scored a minor upset by thrashing Riteway Softwater, 10-2, in North Side's opening game.

KC lashed 13 hits off two Riteway pitchers, including a two-run homer by Bob McManus in the 2nd inning. Pete Mihay hurled for the winners, permitting five safeties.

Franklin Products crushed Mike's Used Cars, 17-2, in the 5-inning nightcap at Beaudette. The winners scored nine times in the 2d inning, with the big blow of the stanza a grand-slam home run by Blake.

In Girls' league action last night, GMC overcame a 4-1 deficit to defeat Avondale, 7-5. Wasik hurled for the Coachers and allowed just two hits.

Shutout Marks Junior's Start

One shutout among the 3 games that were played featured the opening of junior baseball activity in Pontiac Monday.

All morning games in Class F and 4 in the Knothole league were rained out, but Class E and D played in the afternoon.

In Class E, Lunsford Market downed Keego, 11-1, and Boys Club banking St. George, 13-0. In "D," Clarkston Merchants tripped the Mets, 7-6.

Boys Club's Waterfield hurled 4-hit ball in stopping St. George and struck out 12 batters along the way. In the "D" game, Clarkston went into the last inning trailing by 3 runs, but came up with a 4-run rally to turn the tide.

* * *

With one out, 2 walks and a single by Roger Johnson sent in one run and after the 2nd out was made, Dick Johnston and George Lang singled to break up the game. Johnson had 3 for 3.

Miller Expects Dixie

DETROIT (UP) — Southpaw Bob Miller today expected to be assigned to Augusta (Ga.) in the South Atlantic League. Signed for $60,000 in 1953, Miller completed his mandatory two-year stay with the Tigers yesterday. Manager Bucky Harris said the 19-year-old pitcher would be farmed out to acquire "more seasoning."

Fox Is Closing In on Kaline, Kuenn in Hitting

Chisox Infielder Adds 28 Points, but Tigers Cling to Lead

NEW YORK (AP)—Nellie Fox of the Chicago White Sox who has hit safely in his last 16 games, boosted his average 28 points during the week to move into third place in the American League batting race behind Detroit's Al Kaline and Harvey Kuenn.

The Sox' second baseman, in advancing from seventh place, went 16-for-31 and is hitting .322. Kaline continues to set the pace with a .379 average and Kuenn is runner-up at .343.

Kaline lost four points in going 8-for-23, while Kuenn gained two points with seven hits in 19 at bats.

Philadelphia's Richie Ashburn, boasting a 12-game hitting streak, maintains his National League batting supremacy with a .350 mark. The speedy outfielder collected 11 hits in 32 trips, but lost one point.

Don Mueller of the New York Giants climbed into second place with .338 by raising his average 16 points. Mueller, seventh a week ago, had 14 hits in 32 at bats. Pittsburgh's Dale Long remains third at .335.

Mickey Mantle of the New York Yanks is the American League pace-setter in home runs with 16 and shares the runs batted in lead with Boston's Jackie Jensen. Each has 47.

Williams Lake Dog Rated Best in Match

Three champions were crowned in Detroit's German Shepherd Dog Club show Sunday afternoon. Fifty puppies were entered in the event at R. W. Buchmann's Woodland Shores Kennels at Square Lake off Telegraph Rd.

Tuan, of the Forjan Kennels at Williams Lake, was determined the best in match. The son of champion Tor Von Liebstraum is now owned by Mike Voulgaris of Perry. He was judged best of breed two weeks ago at Jackson.

Gylie of Arrowhead, owned by Harry Carnahan of Flint, was selected as best of opposite sex. Derrick Von Rommel won the obedience trial with 199½ out of a possible 200 points. Hoover and Maxine Brown of Wyandotte are owners.

Texan Favored as College Net Test Continues

CHAPEL HILL, N.C. (AP)—Sure-stroking Sammy Giammalva of the University of Texas appeared the man to beat as the National Collegiate Tennis Tournament entered its third round at the University of North Carolina today.

Giammalva, undefeated sophomore sensation of the Southwestern Conference, faced Gary Peterson of Arizona after breezing through the opening rounds yesterday of the NCAA's 71st annual tournament. Giammalva, the Southwestern champion, is seeded first.

Only two of the top-seeded players were upset yesterday. Richard Doss of UCLA, the No. 6 seed, and William Cranston of Yale, No. 9.

Drayton Softball Tilt Results in Forfeit

Drayton Drug won another game in the Waterford Recreation Softball league at Drayton Plains Monday night. The game was forfeited to Drug in the 5th inning, but Drug held a 6-3 advantage over Day's Sanitary Service at the time.

With Drug batting in the 5th and 2 out, with 2 runs already across, Day's manager protested too vehemently on umpire Jim Cary's decision. When the verbal barrage continued, the manager was ordered from the park. He failed to comply so umpire Cary ruled the game forfeited to Drug.

Doris Hart Hopeful of Winning Title in Wimbledon Finale; U. S. Men Bow

WIMBLEDON, England (AP)—Doris Hart of Jacksonville, Fla., the sentimental favorite with British fans, opened her bid today to win the Wimbledon women's tennis crown in what she says will be her last appearance in this famed old tournament.

* * *

Except for a few men's doubles matches, the girls were involved in all the action in the second day of the two-week grind.

Miss Hart won the title here in 1951 and is just about as well-known on British courts as she is in the United States. She is the favorite of the spectators as well as being No. 1 seed now that Maureen Connolly has quit the tournament circuit.

* * *

Miss Connolly — now Mrs. Norman Brinker — is on the scene, but she's following the action from the press box.

Miss Hart and her opponent, Mrs. Nell Hopman, wife of Australian Davis Cup Captain Harry Hopman, will play on the center court.

Tennis-wise, the strongest challenger to Miss Hart appears to be her Wightman Cup mate, Louise Brough of Beverly Hills, Calif., who plays Rosemary Walsh of England. Third-ranked Mrs. Beverly Fleitz of Santa Monica, Calif., goes against Mrs. Inge Pohmann of Germany.

Already, two American men have been relegated to the sidelines. Hamilton Richardson, a Davis Cupper from Baton Rouge, La., dropped a 4-6, 6-3, 6-4, 4-6, 8-6 decision to Sven Davidson of Sweden and Gardnar Mulloy of Miami lost to Tony Mottram of Britain, 6-1, 6-4, 6-1 in the first round yesterday.

The eight seeded men, led by defending champion Tony Trabert of Cincinnati, all sailed through their first-round tests.

Tigers Face Chummy Left Field Wall---and Williams

BOSTON (AP) — Detroit's pitchers are faced with a "double dilemma" as the Tigers open a 3-game series against the Boston Red Sox tonight in Fenway Park.

On one hand, they have to be wary of the chummy left field wall — a favorite target for Boston's righthand swingers.

Then, on the other, they have to be careful of a fellow named Ted Williams, who has been socking home runs at a pace of about one every other game.

Left field in Fenway Park long has been a bugaboo for American League pitchers. It is only 315 feet away from the plate — and seems even closer.

At times Red Sox batters bounce their drives off the wall as though they are playing handball.

But Williams, the 36-year-old slugger who recently came out of semi-retirement, offers just as big an obstacle. He has been in only 18 games this season, but already has cracked eight home runs and has driven in 19 runs.

Manager Bucky Harris has named Ned Garver to pitch the first game of the series against the Red Sox, and it must be termed an important series for both teams.

Detroit in 4th place is trying to hold its position against the surging Sox. Boston, meanwhile, 3½ games behind the Tigers, is trying to overcome that deficit.

The two teams will play day games tomorrow and Thursday. If Harris follows his regular rotation, Billy Hoeft will follow Garver with Frank Lary hurling the finale. But it's possible that Harris will pass up Hoeft in this series, for few lefthanders have success in Fenway Park.

Bone Sub-Par in State Open Qualifying Test

Joe Kocsis Among 14 Making Grade for U. S. Publinx Tourney

Gene Bone and Joe Kocsis of Pontiac were among the standout players who gained berths in two different tournaments during Monday's qualifying rounds.

Bone, 24-year-old assistant pro at Tam O'Shanter Country Club, shot a 1-under par 71 to finish as runnerup for medalist honors in the qualifying for the Michigan Open at Washtenaw Country Club.

Jim Briegel, Ann Arbor amateur, was low with a 5-under 67. The qualifiers included 25 pros and 36 amateurs. In addition, 15 amateurs also qualified for the Open while playing in the National Public Links trials at Franklin Hills.

Joe Kocsis shot rounds of 75-76 for 151, which tied him with ex-Detroit Tiger Roy Cullenbine for 5th place. John Law and Wally Smith paced the 14 qualifiers at Franklin Hills with 4-over par 148s.

The others making the grade for the national tourney at Indianapolis, July 9-16 were George Eluck of Windsor, Bill Heyn of Roseville and Detroiters Jack Gregory, Dick Allison, Jay Law, Sam Lima, Hans Schultz, Dick Preston, Sam Kocsis and Sherry Wellons.

Mike Andonian of Pontiac gained one of 3 alternate spots for the Publinx. Among the non-qualifiers were Roy Iceberg, Tex Ellison, Charlie Barker, Butler Cooper and Dick Dewling.

Law, Cullenbine and Cooper were among those who qualified for the Open, while playing at Franklin Hills.

Pita Wins 8-Round TKO Over Poirier

NEW YORK (AP)—Oscar Pita, the latest Argentine import, and Gene Poirier, an ex-platoon sergeant from Niagara Falls, N.Y., probably fought the "Fight of the Year" last night at St. Nicholas Arena.

Pita won on an eighth-round knockout when Poirier had to be dragged back to his corner at the end of the round. Using his discretionary power, Referee Ray Miller called it a knockout although the bell had rung. He said he could have counted to 10 if the bell hadn't sounded.

Auburn Nine Victor in 'A'

Hud Johnson Sets CIO Club Down on 3-Hitter at Wisner Field

Auburn's Merchants pounded out 10 hits and crossed the plate in four of their six times at bat Monday night at Wisner Field to trounce CIO, 9-1, in a Class A city league baseball game.

Merchants tallied in the 1st, 2nd, 4th and 6th innings. Latter was the most productive inning, yielding three, as Union hurler Jack Hruska was touched for two singles while walking one, plus an infield error.

Eight men batted in the 4th stanza, although only two of them scored. Hruska walked four and gave up two singles. The only extra base blow was garnered by shortstop Wade Stallions, who led Auburn with 3 for 4.

Meanwhile, Hud Johnson was limiting CIO's squad to three hits. Two of them were combined with a walk for the Union's lone run in the 1st frame. Johnson struck out nine batters.

Fullmer Scores Upset Over Gil Turner

WEST JORDAN, Utah (INS)—A heavily-favored Gil Turner lost an upset decision last night at West Jordan, Utah, to determined Gene Fullmer, "the Utah cyclone."

A crowd of 11,000 at the West Jordan Arena watched Fullmer start banging away at Turner in the 1st round with a steady barrage of head punches that never stopped until the 10-rounder ended.

Referee and sole judge Jimmy Braddock, heavyweight champion of the mid-thirties, scored it five for Fullmer, three for Turner and two even.

Six National Champs Run in Big 10-PCC Test

Coast Favored Due to Strength in Field and Middle Distances

BERKELEY, Calif. (AP)—Six national collegiate champions in seven events head a star-studded field in tonight's 14th renewal of the Pacific Coast Big Ten inter-conference track meet.

The six won their crowns last weekend in the NCAA test at Los Angeles, with sprinter Jim Golliday of Northwestern notching twin triumphs in both dashes.

* * *

Despite the presence of Golliday, the West Coast stars were favored heavily to rack up their ninth triumph in the series, primarily because of overwhelming strength in the field events and an apparent wealth of middle distance stars.

* * *

Ernie Shelton and Des Koch, teammates on this year's Southern California powerhouse, were considered virtual shoo-ins in the high jump and discus. Shelton went 6 feet, 11⅛ inches in his pet event at Los Angeles, while Koch flipped the discus 176 feet, ⅜ inch for his victory.

A pair of Oregon teammates, Jim Bailey and Ken Reiser in the mile and 2-mile, respectively, round out the PCC's roster of champions.

Aside from Golliday, the only Big Ten national titlist is Milt Campbell of Indiana in the high hurdles.

* * *

One of the top races on the menu was expected to be in the 880 between Michigan's Pete Gray and Oregon's Bailey. Gray chased Fordham's Tom Courtney to a new NCAA half-mile record last Saturday, while Bailey knocked off Oregon teammate Bill Dellinger in the mile.

Former U-M, Rice Stars Join Lions

DETROIT (UP)—Ted Topor, former star quarterback at the University of Michigan, and end Lamoine Holland of Rice Institute, have signed contracts for the 1955 season with the Detroit Lions.

General manager Nick Kerbawy said Topor had returned his signed contract from Ft. Leonard Wood, Mo., where he is winding up two years of military service. Holland, the Lions' 8th round draft choice last year, lives in San Antonio, Tex.

Lutheran, 1st Winners

ST. Paul Lutheran eeked out an 8-7 win over Marimont Baptist Monday night at LeBaron in a Pontiac Church Softball League game. First Baptist clobbered Oakland Avenue United Presbyterian by the football score of 36-7.

Confusion Reigns in NL Flag Race; Only Few Games Separate 2nd Place Cubs, 6th Place Phils, Cards

By THE ASSOCIATED PRESS

Manager Leo Durocher may have diagnosed the whole National League pennant race when he explained why he benched Willie Mays, the darling of the New York Giants a year ago.

* * *

"Confused," is the way Leo pegged Willie's trouble. And if that doesn't describe the way the National League is behaving, it'll do until something better comes along.

* * *

This was supposed to be one of those "dream" races, with everybody getting into the act. Trouble is, the Brooklyn Dodgers rocketed away out front and have shown no signs of faltering while the other seven clubs grope around looking for a way out. Confusion in profusion, you might say.

* * *

It is a pretty dandy race at that, if you exclude the Dodgers—who are 11 games out front with a 46-16 record. That's two games ahead of the blistering pace set by the 1954 Cleveland Indians en route to an American League record of 111 victories. (The National League mark is 116 by the 1906 Chicago Cubs.)

Once you forget about the Dodgers, the race is pretty tight. The second-place Cubs are just 2½ games up on Milwaukee. The Giants are another two games back and two games ahead of fifth-place Cincinnati. Philadelphia and St. Louis are in a virtual tie for sixth, another game back. Only Pittsburgh, 25 games behind the Dodgers, is solid in the cellar.

* * *

Milwaukee moved up on the Cubs as Gene Conley won his ninth decision last night, 2-1 over Pittsburgh. Cincinnati, meanwhile, made it five straight defeats for the Mayseless Giants 5-3, and St. Louis topped Philadelphia 4-1 with rookie Luis Arroyo winning his eighth.

Brooklyn and the Cubs were idle. So was the entire American League—the circuit with the contest for a pennant.

The Braves made it four straight behind Conley's four-hitter, although getting just four hits themselves off loser Vern Law and Bob Purkey. Billy Bruton singled and stole second to score on Johnny Logan's double in the fourth inning, then got all the way to third on an error in the sixth to score the other run on Logan's sacrifice fly.

* * *

Only one of the runs scored at St. Louis was earned. It came in the first for the Cards, who put away the game with three tainted tallies in the fourth. Arroyo, beaten only twice, dropped his earned run average to 1.91 and batted in two runs with a single after becoming the father of a baby boy earlier in the day.

Cincinnati pulled into fifth place, as the Phils fell to within two percentage points of the Cards, breaking Jim Hearn's hitless spell in a four-run fifth inning.

320 Entries Expected for BOH Horse Show

Horses by the hundreds, along with exhibitors, riders, grooms, trainers, judges, officials, and other horse show enthusiasts are pouring into Bloomfield Hills for the 38th annual Detroit Horse Show. The event will be held both day and night, Thursday through Sunday, at the Bloomfield Open Hunt Club on East Long Lake Road.

* * *

Detroit's show is the largest outdoor horse extravaganza in the United States and draws top stables and riders. Upwards of 320 entries numbering some 1,200 horses are expected for the 4-day program. Extensive work has been completed on two outdoor show rings, a new schooling ring, and the outside hunter course.

This year's show will have three major divisions—Hunters, Jumpers, and Western horses. Competition will be in 11 events, consisting of 82 classes. They range from the Lead Line for riders 6 years old and under to the $1,000 Jumper Stake. Prizes include $10,000, 358 ribbons, and 32 trophies.

* * *

Some of the nation's best stables will be represented. Among them are Rimrock Farms of Milford, Kansas; Mr. and Mrs. Andrew Shinkle of St. Louis, Missouri; Charles Dennehy of Lake Forest, Illinois; and Mr. and Mrs. D. R. Motch of Keene, Virginia. Outstanding Michigan exhibitors will also be present.

Six of the country's highest - ranked horses, according to American Horse Show Association ratings, are entered. They are "Spanish Mint," owned by Mrs. J. D. Rucker of Detroit; "Count to Ten," owned by the Cummins-Chicago Corp.; "Seveven," owned by Mr. and Mrs. Shinkle; "Red Bird," owned by Mrs. August Busch, Jr., of St. Louis; "Borealis," owned by Mr. and Mrs. Motch; and "Miss Budweiser," owned by August Busch, Jr.

Among the entries at the Detroit show are three members of the U. S. Equestrian team, who are considered top prospects for the 1956 U. S. Olympic squad.

They include J. E. B. Wofford of Milford, Kansas; Major Robert J. Borg of Dailes, Oregon; and Frank Duffy of Bloomfield Hills. A 4th excellent Olympic candidate, Charles Dennehy, is also an entrant.

* * *

Thursday's events start at 9 a.m., 1 p.m., and 7:30 p.m.; Friday's at 8:30 a.m., 1 p.m. and 7:30 p.m.; Saturday's at 9 a.m., 12:30 p.m., and 6 p.m.; and Sunday's events at 1 p.m. and 6:30 p.m.

Ticket sales are being handled by the Disabled American Veterans, who will receive a share of the receipts.

APPEAR IN HORSE SHOW — Three top riders who have represented the U. S. in international competition will be among the entries in the Detroit Horse Show which opens a 4-day run Thursday at the Bloomfield Open Hunt Club. From the left are J. E. B. Wofford, Milford, Kan.; Maj. Robert J. Borg, Dallas, Oregon; and Frank Duffy of Bloomfield Hills. All competed in the recent Pan-American Games in Mexico.

Horse Show Slated to Be Seen on Video

The 38th annual Detroit Horse Show, scheduled Thursday through Sunday at the Bloomfield Open Hunt Club in Bloomfield Hills, will again be telvised by station WJBK-TV, channel 2, Detroit.

Budd Lynch, well-known hocky telecaster, and G. Fred Morris will give the running commentary. Three cameras will be used, picking up action both in the show ring and on the outside course.

Telecast may be seen at 4 p.m. on Thursday and Friday, 6 p.m. Saturday and 3 p.m. Sunday.

Pontiac's Harris on MC Boxing Schedule

Buddy Harris of Pontiac will meet Jesse Coulter of Detroit in one of the preliminary bouts on the Motor City Arena fight card tonight.

Harris, the former Pontiac High School football and track star as well as state Golden Gloves champion, recently fought Coulter to a draw. Their bout tonight is a 5-rounder.

The feature Motor City match sends Pat Lowry of Toledo against Bob Rossi in a 10-rounder that may earn the winner a summer shot at either Al Andrews or Chuck Davey.

Iowa Linkster Shoots 66 in NCAA Golf Test

Collegians Bid for 64 Spots for Match Play at Knoxville

KNOXVILLE, Tenn. (UP)—The second 18-hole qualifying round of the National Collegiate (NCAA) Golf Tournament got under way here today with hopefuls taking aim at the amazing six-under-par 66 set yesterday by University of Iowa sophomore John Marschall.

* * *

The collegians are shooting for 64 berths for match play starting Wednesday. Thirty-six hole finals are scheduled Saturday.

Team championship will be decided today. Louisiana State's four-man team holds the first-day lead with an aggregate score of 284. Team championship is based on the total score compiled by team members during the 36 holes of qualifying play.

* * *

John Pott fired a 69 for LSU. Jim Mangum and Cecil Calhoun both 71, and Scotty Fraser 73.

Other team scores include North Texas State 288, Purdue 290, Florida and Oklahoma A&M 291, and North Carolina 294.

Marschall's sizzling 66 came from five consecutive birdies on the front nine and one bogey and three more birdies on the back nine for 32-34-66. Par for the 6,993-yard Holston Hills Country Club course is 36-36-72.

* * *

Purdue sophomore Joe Campbell, with six birdies and two bogies was two strokes behind Marschall with a 34-34-68 card.

Avondale's Recreation Program Is Under Way

Avondale's summer recreation program, directed by Lawrence Scharer, got under way last week. A total of 230 boys and girls reported for swimming and 175 boys turned out for baseball.

Teams are being organized and anyone wishing to schedule games should call FEderal 7-9423. Archery classes will start as soon as enough participants are entered.

Harrison Through With Golf Tour After 20 Years

ST. LOUIS (UP)—E. J. (Dutch) Harrison is about to settle down after 20 years of touring the professional golf circuit as one of the game's leading money winners.

The big, raw-boned Arkansas native, the oldest pro on the circuit last year, left no doubt today that travel has lost its glamour and he finds it harder at the age of 45 to "keep up the ol' desire."

* * *

"I'd sure like to stay in St. Louis from here on out," the veteran "soft shot" master declared as he relaxed after a lesson at Old Warson Country Club, where he became head pro last March.

The galleries haven't seen the last of Dutch, though. He'll still enter a few tournaments a year when his duties allow.

Look for him at the Tam O'Shanter in Chicago this August and on the winter circuit, December through February—all slow months here.

"I can get keyed up once in a while and my game is as good as it's ever been," he said. The record bears him out.

Harrison won the coveted Vardon Trophy last year with an average of 70.41 strokes per round for 67 competitive rounds.

In his only tournament since coming here, Harrison won the Greenbrier Open last month at White Sulphur Springs, W. Va., with a sizzling 269. He beat Sam Snead on his home course, plus Ben Hogan, Ed Oliver, Jackie Burke, Mike Souchak, Jimmy Demaret and others.

He's been a consistent 1-2-3-4 finisher in tournament play since 1939, but the National Open, Augusta Masters and PGA titles always eluded him, and he "lost more playoffs than any of 'em."

Watson Leaves Washington Jr.

Veteran Teacher-Coach Retires After 27 Years in City School System

Pontiac is losing one of the real veterans from the local athletic scene with the announcement of the retirement of Ernie Watson from the Pontiac school system.

Watson has spent 31 years in the profession and was active in coaching until 1949. He was in Pontiac for 27 years, following head coaching jobs at Newberry and Owosso High Schools.

He was athletic director and teacher in physical education and social studies at Washington Junior High School.

A graduate of Pontiac High School, where he lettered in all sports, Watson attended Olivet College, where he also lettered in all sports and was a student coach.

He served 2 years with the A.E.F. in the 2nd Marine Division during World War I.

Mr. and Mrs. Watson plan to move to Bakersfield, Calif., where their daughter resides. They will leave Pontiac in August.

Berlien Victor, 'Ramblin' Rascal' Wins Easily

Jack Berlien skippered "Ramblin' Rascal" to victory Sunday afternoon at Watkins Lake in the feature Lightning sailboat race. Berlien won by a wide margin, followed by newcomer Bob Connolly and Glen Fries, respectively.

Don Zannoth, piloting "Sea Weed," came from behind to win the Thistle division. Close behind was Leaman Hunt, with Karl Kreitz taking 3rd. Mark Duffield repeated as winner in the Snipe class.

Sunday's races marked the largest fleet turnout for the new season. Variable winds caused frequent changes of position during the 6-mile route.

Hardtop Drivers Meet

There will be a general membership meeting of the Land O' Lakes Racing Association Thursday night at 8:30 p.m. at Butch's Collision Shop, 2528 Elizabeth Lake Road, according to LLRA secretary John McComb. Refreshments will be served.

Dee Fondy, first baseman for the Chicago Cubs, accepted 310 fielding chances before he made his first error this season.

Snider, Kaline Top Sluggers

Brook Star Is Belting Ball at .698; Tiger Ace Swatting .603

NEW YORK (UP)—Brooklyn's Duke Snider, seeking to regain the National League slugging championship he lost to Willie Mays of the New York Giants last season, led the circuit in slugging today with a sizzling .698 average.

Figures compiled by The Associated Press revealed that Snider has banged out 162 total bases in 232 official at bats. The Dodgers' center fielder has collected 74 hits, including 15 doubles, 2 triples and 23 homers. His home run total tops the majors.

Al Kaline, Detroit's sensational sophomore, is the American League pace-setter with a slugging mark of .603. He numbers 9 doubles, 5 triples and 11 homers among his 88 safeties for 140 total bases.

Legion Nines Resume Play Wednesday

AMERICAN LEGION LEAGUE

	W	L		W	L
Birmingham	3	1	Huron Valley	1	1
Rochester	2	1	Berkley	1	2
Waterford	1	1	Clawson	0	2

Action resumes Wednesday night in the 18th District American Legion junior baseball league.

League-leading Birmingham (3-1), which suffered its 1st defeat of the season Sunday against Berkley, will journey to the Huron Valley Boys Club, while Rochester (2-1) will entertain Waterford. Berkley is at Clawson to round out the schedule.

Berkley was slow organizing and forfeited its 1st 2 games to Huron Valley and Rochester, but the south Oakland County nine proved it will be a title factor by virtue of its 10-4 win over Birmingham.

Waterford, which dropped its opener to Birmingham, 3-2, and had 2 other games postponed, bounced back Sunday by routing Clawson, 17-0. Clawson also has 2 rained-out games to make up as does Huron Valley, while Rochester and Berkley each have 1 game to make up.

Noises Frighten Fish

Banging of an oar on the gunwale of a boat, the scraping of a metal tackle box on the floor boards, will cause enough vibrations to frighten all the fish away.

French Heard More Often in Parliament

OTTAWA, Ont. (AP)—Canada is officially a two-language country, and nowadays French is being heard frequently in Parliament.

Only 10 years ago, the chief stenographer of the House of Commons recalls, a month might pass without a word in French. Now there's daily use of Canada's second language.

* * *

Prime Minister Louis St. Laurent, fully bilingual, replies in French when legislators ask him questions in the language. George Drew, leader of the opposition, learned to speak French only a few years ago; now he uses it in formally introducing newly elected French speakers of his Progressive Conservative party.

* * *

Chief Stenographer Paul Frenette recalls that all members before 1949 were called "mister." Today both "mister" and "monsieur" are in order. Speaker Rene Beaudoin greets official visitors in both languages and makes rulings in the language used by the member he addresses. When addressing the House as a whole he uses English, the language of the majority of members.

Aussie Actor to Wed

HOLLYWOOD (AP)—Australian actor Ron Randell says that he and British actress Hildegarde Christial will be married within the year. He said the ceremony won't be held until after he gets his final decree from Marie Keith Randell, who recently divorced him.

Grains Recover Night's Losses

CHICAGO (AP) — Losses of major fractions on overnight sales orders were quickly recovered on the Board of Trade today.

A variety of minor news items considered to be slightly on the bearish side caused the opening easiness.

But once the rally was well-footed the market quieted to hold closing prices.

Near the end of the first hour wheat was unchanged to ⅝ higher, July $1.97½; corn was unchanged to ⅜ higher, July $1.47⅞; oats were ⅛ to ¼ lower, July 65⅝, and rye was unchanged to ½ lower, July 1.02½.

Soybeans were ¼ lower to ¼ higher, July $2.43¾, and lard was 2 to 8 cents a hundred pounds lower, July $12.32.

Caro Phone Magnate Will Be Buried Today

CARO (AP) — Funeral service was held today for colorful William J. Moore, retired founder of the Moore Telephone Co., who died Sunday. He was 84.

At one time Moore's home in Caro had 20 telephones in it. He kept a 1914 Cadillac in good running order equipped with a double bed, a refrigerator and a telephone. His swimming pool had a motor driven trapeze bar extended over it from a second floor of the house.

Moore organized his telephone company in 1896. Its chief service centers are Caro and Marlette.

Stock Market Inches Upward

NEW YORK (AP) — The stock market inched upward in early trading today.

* * *

Railroads, rubbers, farm equipments, oils and airlines were generally higher. Steels, motors, radio-television and copper mining issues tended to ease. But changes were mostly minor fractions.

Trading began slowly with few large blocks changing hands during the first half hour. The selective tone continued to prevail through the morning.

Here were some opening blocks: Radio Corp., 52 off ⅛ on 1,500 shares, Sinclair Oil 59½ up ⅜ on 2,100 shares, Pennsylvania Railroad 29¾ unchanged on 2,000 shares and International Harvester 40 up ⅜ on 2,000 shares.

Among the gainers were Chrysler, U. S. Rubber, Douglas Aircraft, Distillers Corp., American Telephone, Air Reduction, General Electric, New York Central, Southern Pacific and United Airlines.

Lower were U. S. Steel, General Motors, Goodrich, Philco, Phelps Dodge, Allied Chemical, Westinghouse and Public Service Electric.

DAVID L. PEPPLE

Youth Is Appointed to Service Academy

Recently granted an appointment to the United States Coast Guard Academy was David L. Pepple, son of Mr. and Mrs. Lamar Pepple, 224 Cherokee Rd.

David, a graduate of Pontiac High School, will report June 28 to the Academy, in New London, Conn.

The academy offers a four-year course leading to a bachelor of science degree in engineering and a commission in the United States Coast Guard.

News in Brief

Robert Dennison, of 31 Lois St., told Pontiac Police yesterday that someone smashed the windshield of his car with a rock. Damage to the auto was placed at $25.

After pleading guilty to reckless driving yesterday, Daves Sutherland, 28, of Detroit was fined $10 and assessed $10 costs by Sylvan Lake Justice Joseph J. Leavy.

Freddie Williams, of 250 Harrison St., was arrested yesterday by Pontiac Police on four unanswered traffic warrants. The warrants list the following violations: Excessive noise, no driver's license, speeding and running a red light.

Driving under the influence of liquor cost William Earle, 52, of Waterford Township a $100 fine and $25 costs yesterday after he pleaded guilty before Sylvan Lake Justice Joseph J. Leavy.

M. D. Douglas Estate Is Left to Widow

Morgan D. Douglas, 63, a former general manager of GMC Truck and Coach Division who died May 3, left his entire estate to his widow, Marda G., according to a will filed in Oakland County Probate Court.

Mrs. Douglas of Bloomfield Hills receives half of the estate outright and the other half is to be set aside in a trust fund for her.

She will receive compensation from the fund during her lifetime, after which Douglas' sons Morgan Jr., and, William E., will benefit from it. The estate is estimated to total more than $100,000.

Results of Bar Exam Include Area Men

Successful applicants who passed the April bar examination in the Oakland County area are Leon F. Austin, Donald E. Miller, Cay A. Newhouse Jr., Bernard Gottfried, Robert E. Tornow, and William E. Buchanan, all of Royal Oak.

Others are Donald F. Stubbs of Berkley, and Phillip M. Ambrose of Capac.

Gets Probation Term

Alphie Lavoie, 29, of 33642 Grand River, Farmington, was placed on three-year probation and assessed $200 court costs by Oakland County Circuit Judge Frank L. Doty yesterday.

Lavoie admitted June 13, taking indecent liberties May 21 with an 11-year-old Farmington Township girl.

Manx Miser's Millions Go Mostly for Charities

DOUGLAS, Isle of Man (AP) — Ellen Cubbin was a rich recluse. People called her a miser.

She died at 80, leaving an estate worth 850,000 pounds ($21,380,000). And this is how she distributed the money:

40,000 pounds ($112,000), four houses and a small castle to her nurse, Jimima Campbell.

10,000 pounds ($56,000) to John Symonds, skipper of her 800-ton yacht.

* * *

The yacht itself to an orphanage along with 70,000 pounds ($196,000) to help train boys for the sea.

Her 15-room mansion to the city of Liverpool along with 80,000 pounds ($224,000) to make it a holiday home for children.

100,000 pounds ($280,000), to buy four lifeboats and a fire engine for the Isle of Man.

* * *

The rest will be split among friends and more than a score of charities—churches, museums and societies protecting children and animals.

All the bequests carry one condition: they must commemorate the name of her son Robert Colby Cubbin. He died two years ago at 47.

* * *

"A lot of unkind things were said about her," said nurse Campbell today. "People called her a miser. But she was one of the most generous women in the world. She gave away thousands of pounds before her death. And she always gave it anonymously."

Detroiter Killed in Argentina

Graham Tune, Engineer for Kaiser, Identified After Revolt

DETROIT (AP)—Graham M. Tune, 49, a Detroit industrial engineer, was killed Thursday in Argentina's brief but bloody revolt.

His wife, Marjorie, and son James, 18, were informed last night of his death.

Tune was the first American casualty reported from last Thursday's fighting.

Officials of Tune's employer, the Kaiser Motor Corp.'s new Argentine subsidiary, said last night they found and identified his body in a city morgue in Buenos Aires.

Tune went to Argentina last April to be chief engineer of Kaiser operations in Buenos Aires. Previously he had been chief industrial engineer of the company's engine division in Detroit.

Kaiser officials in Buenos Aires did not realize Tune was missing until he failed to report for work yesterday. The company's American personnel had been living in the City Hotel, near the central Plaza de Mayo on which Thursday's aerial attack centered. When the bombing began, they were moved to the American embassy.

The company said it had received a report that Tune, like the others, had gone to a private home after the bombings ended.

The Kaiser men had no idea last night exactly how Tune died or where his body was picked up. However, they said what appeared to be flash burns indicated a bomb had dropped near him.

The company planned a funeral service in Buenos Aires before sending his body to Detroit for burial.

The company sent word of Tune's death to his family by an old friend of Tune, Howard Stutzke, who had worked with him in the former Continental Motors Corp.

Stutzke found Mrs. Tune and her son all packed to fly to Buenos Aires to join Tune.

James said he had received word Friday that his father was safe. He said the State Department assured his mother that Tune had left his quarters at the hotel and together with other Americans taken shelter at the embassy.

Tune was a native of Brantford, Ont., and a resident of the Detroit area for 30 years. He was a graduate of the Brantford College Institute. He was with General Motors Corp. and Continental Motors before joining Kaiser in 1947. The family lived in Harper Woods.

Business Briefs

DETROIT — Addition of William J. DeGrace to the public relations staff of Clark & Bobertz, Inc., is announced by L. A. Clark, president of the national advertising agency, with headquarters in the Fox Building.

DeGrace lives at 63 Bloomfield Terrace, Pontiac.

Raymond A. Eick, 102 Bloomfield Terrace, a salesman for Lederle Laboratories Division, American Cyanamid Company, was one of the winners of the 1954 Lederle Gold Cup award for outstanding sales achievement.

L. C. Duncan, general manager of Lederle, presented the award to Eick at the annual Gold Cup meeting, held recently at Absecon, N.J.

Edward Malloy, 3003 Connecticut, Royal Oak, has been named assistant manager of the Wrigley's store at Tel-Huron Center. He joined Wrigley's three years ago as student manager.

Three Pontiac men and their wives will attend the 50th anniversary four-day sales conference of the Lincoln National Life Insurance Company in Chicago and Fort Wayne later this month.

They are: General Agent Frank Antrobus and Mrs. Antrobus, District Agent D. H. Pritt and Mrs. Pritt, and Special Agent David H. Speer and Mrs. Speer.

Judge Passes Sentence

Willie McCree, 37, of 4061 Thirtieth St., Detroit, was sentenced to six months in Oakland County Jail by Circuit Judge H. Russel Holland yesterday. McCree admitted June 6 possessing marihuana cigarettes when arrested May 22 in Royal Oak Township.

Pontiac Deaths

Mrs. Roy C. Gerard

Funeral for Mrs. Roy C. Gerard, 63, of 167 S. Parke St. will be Thursday at 9 a. m. from St. Vincent de Paul Catholic Church. Burial will follow in Mt. Hope Cemetery.

The body is at the Kirkby Funeral Home where the saying of the rosary will take place Wednesday at 8 p. m.

Born in Plymouth, Wis. June 6, 1892, she was the daughter of Edward and Margaret Gaynor O'Connell. She married Mr. Gerard there Oct. 16, 1926 and came to Pontiac 24 years ago from Milwaukee, Wis.

A member of St. Vincent's, she also was a member of the Altar Society and the League of Catholic Women.

Besides her husband, she is survived by a brother George O'Connell of Munich, Germany.

Gregory Alan Juckno

Funeral for Gregory Alan Juckno, 9, of 790 Hillcliff, who died yesterday after being struck by a car, will be Thursday at 1 p.m. from Grace Lutheran Church. The Rev. Otto G. Schultz, his pastor, will officiate and burial will be in Glen Eden Cemetery in Livonia Township. The body will be at the Farmer-Snover Funeral Home until noon Thursday when it will be taken to the church.

Born in Denver, Colo., Aug. 30, 1945, he was the son of Chester J. and Gertrude L. Cremer Juckno. He came to Pontiac from Dearborn four years ago and attended Hudson Covert School.

Gregory, who was a member of Grace Lutheran Church also was a member of the Children's Choir.

Besides his parents, he is survived by his grandparents, Joseph Juckno of Detroit, Sam Cremer in Wyoming and Mrs. Edna Cremer who lives in Michigan.

Mrs. Francis C. McMath

Word has been received here of the death of Mrs. Francis C. (Madeline King) McMath, mother of Robert R. and Neil C. McMath of Bloomfield Hills. Mrs. McMath, who lived at 114 Merriweather Rd., Grosse Pointe, died Sunday.

Also surviving are a daughter, Mrs. Harold Edwards of Syracuse, N.Y., a sister, Mrs. Thomas P. Howell of Cleveland and a brother Charles Brady King of Larchmont, N. Y.

Funeral was held today from the Grosse Pointe Memorial Church.

Pontiac Station Wagon Production Shows Leap

"Pontiac produced 4,668 station wagons during May, three and a half times more than its station wagon production in May, 1954, and almost equal to Pontiac station wagon production during the entire 1949 model year," R. M. Critchfield, General Manager, said today.

Pointing out the steady rise in popularity of station wagons since the end of World War II, Critchfield said total production of 1949 model station wagons amounted to 4,729 or about 1% of all 1949 Pontiacs built. May of 1955 saw about 8% of total production at Pontiac devoted to station wagons.

Further evidence of increased demand for station wagons can be seen in the wide range of station wagon styles, Critchfield noted.

Sears, Roebuck Issuing Biggest Postwar Book

CHICAGO (AP) — Sears, Roebuck & Co. announced today it is issuing its largest postwar catalogue this week for fall and winter merchandise.

The book runs to 1,446 pages, the company said. Prices are "slightly lower" than a year ago and substantially the same as in the current spring general catalogue, it was added.

Leaflets Fall on Reds

TAIPEI, Formosa (AP) — A Nationalist plane dropped 100,000 leaflets today in a flight over China's Fukien province. Air Force headquarters said the leaflets reported on progress in free China.

Both Mother, Husband Dead

Plan Emergency Films Used in Star's Absence Due to Family Loss

By JACK O'BRIAN

NEW YORK (INS)—Now It Can Be Told, Dept. . . . When Imogene Coca's mother died suddenly a few weeks ago, a kinescope was right at hand because it had been made ready in anticipation of the death of Imogene's ailing husband Bob Burton . . . Burton died Friday. . . . Another kinnie will be used tonight . . . He was a nice gent who went through all the toughest days with Imogene, who never failed him.

Top TV writers now are up to $5,000 per script. CBS signed several to annual retainers at $25,000 for five . . . when we talked to Reginald Rose (author of last Monday's puzzling Studio One fantasy and the exceptionally fine "12 Angry Men") a bedlam in his background was explained: "I'm surrounded by a tribe of Davy Crocketts." Meaning his two tiny heirs. "Now I know how the Alamo felt," he said in amused resignation . . . He beats that rap by writing his scripts—in longhand—mornings when his kids are at school. "And pay my wife a buck a page for typing them," said Reg. Meaning about $65 pin money per manuscript.

Sid Caesar's summer-sub show about a swing band on tour with Phil Foster as comic, Bobby Sherwood as bandleader, purportedly needs a girl singer. We hereby suggest Jill Corey.

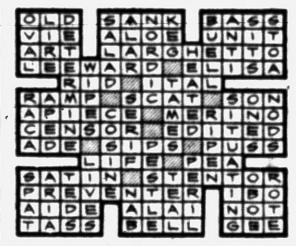
Max Liebman sailed yesterday for Europe and talent-scouting for next fall's NBC spectaculars: Please bring back another Jeannie Carson, or better yet, just bring back Jeannie Carson.

Gleason's "Away We Go" gal, Betty Ellen, will be saying it to Stanislavsky next fall: She's learning better acting in summer stock, opening June 27 in "Tender Trap" at Somerset, Mass. . . . Loretta Young is down to 84 pounds and can't start her Fall TV films on time so Roz Russell, Van Johnson, Groucho, Barbara Stanwyck, Lucille & Desi are warming up to make films for their friend until she beats the anemia rap.

Anyone wondering why Sir A. Korda sold his upcoming Rex Harrison film "Constant Husband" (that's funny by itself) to NBC-TV for a fall spectacular the reason is simple enough: Korda got more than $200,000 for the one can of film, which is more than it possibly could net even if the U.S. theatrical run turned out to be bigger than Alec Guiness. . . .

TV scripter Robt. C. Denis howled in H'wood that TV producers there "butcher" teledramas and says that's why N.Y.-based "live" dramas are better than L.A.'s.

Answer to Previous Puzzle



SOUPY'S ON — "Soupy Sales" will replace Kukla, Fran and Ollie on WXYZ and the ABC network for the summer, Monday through Friday, beginning July 4. Here, Soupy is shown with "Black Tooth," cousin of "White Fang," one of the Soupy Sales helpers.

Wildcat Oilman Has 3rd Fortune Now in Bolivia

HOUSTON (AP) — Oilman Glenn McCarthy, still trying after losing most of two fortunes, believes the third is just about in the bag.

Speaking of his Bolivian oil explorations yesterday, he said, "In two years we will have enough production to make up for anything I ever had in the States."

His U.S. production, he said, at one time amounted to 13,000 barrels daily but at present he owns "only several Oklahoma wells."

The old wildcatter made his optimistic predictions yesterday in announcing that a New York and Denver syndicate had invested $4,160,000 in the Bolivian venture. The money, for which the syndicate gets a 50 per cent operating interest in the Bolivian concession, will be used to buy drilling and production equipment.

Don't Let 'Em Tell You That It's All Mental

By PHYLLIS BATTELLE

NEW YORK (INS)—The credo of this decade — which may go down in history as the "Blame the Brain Era" or the "Age of the Idiotic Id" — are the three little words, "It's all mental."

You get ulcers, it's mental. Lose your girl, and it was all in your mind that she was your girl.

Decide against buying the house in the country on account of you cannot afford a house in the country, and right away you have a mental block against suburban life.

Furthermore, there are no such things as bacilli, virii and simple, unaffected heartburns anymore. If you are fighting for your life in an oxygen tent, do your friends say, "We are sorry you contracted pneumonia, Charlie"?

No, they say, "Listen, Charlie, I advised you a long time ago to tell off your boss but you wouldn't listen and now look at you. Eaten up by frustrations and repressions. That's where they get you first—in the lungs.

"Now I'm gonna do you a favor, Charlie. I'm gonna tell your boss off for you, and that'll solve all your problems."

HE DOES, IT DOES

He does, too. And it does.

Will, so far, I had managed to remain comparatively untouched by this entire neurotic affair.

* * *

Then one time last week I slipped. After a hard day at the typewriter, and a hard night at the nighteries, I mentioned in passing, "Boy, I could sleep for a week."

The man to whom this was addressed eyed me thoughtfully? "Tired?" he said.

It was already too late. "A careless remark," I snapped. "Take it any way you see fit."

I am now in receipt of a 348-page book on "How Never to be Tired." Subtitled "Two Lifetimes in One." It is an exhaustive study on exhaustion, and why it is not really exhaustion at all but a state of mind, and was written by Marie Benyon Ray.

She is also the author of "Doctors of the Mind" and "How to Conquer Your Handicaps," so you can see where she stands in this picture.

JUST IMPOSSIBLE

The gist of Miss Ray's philosophy is that if you get tired you are not doing "the thing you really came into this world to do." She says that it is absolutely impossible to be mentally tired or emotionally tired (two forms of weariness I always rather liked, only to find out I never had).

* * *

Listing and anecdoting hundreds of cases of persons who don't know what it feels like to be tired, she concludes that we may all "open and draw on a teeming treasure house of stored-up energies . . . quickly, easily—now!"

The book left me limp which is, of course, all mental.

I feel, however, that there must be other persons like myself who do not want to teem with stored-up energy, who want to feel that their stomach aches are the result of something they ate, rather than something they thought, and who—just on general principles — want to have their minds left alone.

For the sake of these simple folk, here are some rules of behavior aimed at keeping people from saying to you, "It's all mental."

(1) Never show signs of faintness, nausea or ennui in the presence of persons other than fully accredited medical doctors.

(2) Never sneeze, sniffle or blow, as these are invariably symptoms of allergies which are inevitably linked to mental processes by the "it's all mental" people.

SHUN OPPOSITE SEX

(3) Show neither marked interest nor disinterest in the opposite sex, including spouses. This is the safe way.

(4) Smile often, and never discuss anything of importance.

(5) Above all, never give the impression, through manner, speech or innuendo, that you have been doing any thinking lately. Or you will be sure as your lovin' libido, a lost soul!

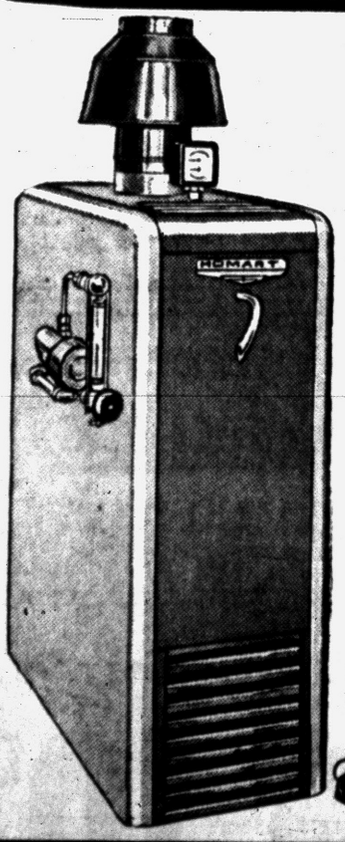
Plumbing & Heating Dept. Perry St. Basement

Here's the Story Behind the Heat!

The boiler heats the water which is pumped into the baseboards. Gentle radiation changes it into fingers of heat that reach in to every corner. A return pipe carries the water back to the boiler for re-heating!

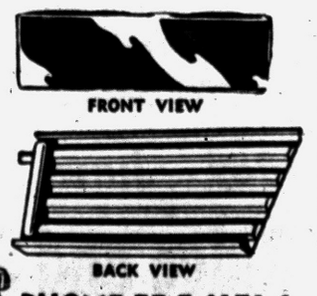
here's what you get...



Homart Automatic Gas HOT WATER BOILER

Here's the heart of this outstanding system . . . it's the Homart boiler that gives you "take-it-easy" heating . . . you'll never have to build a fire . . . haul ashes . . . just turn it on in the fall and leave it—the rest is automatic! Cast iron raised drill port-type burner gives maximum efficiency . . . complete with all gas controls including a silent type gas valve and thermocouple type safety pilot. Completely installed. A.G.A. approved!

RADIANT PANEL BASEBOARDS



Smooth . . . flat panels resemble ordinary baseboards . . . emit heat rays similar to the sun's. Help keep floors warm and free of drafts. These panels can be painted to match room decor. New louvered design directs air away from walls . . . practically eliminates dirt streaks. Easy to install, available in four popular lengths.
