'Colonialism' Charge Stymies Bandung Talks

General Motors' Profits, Wages Set New Record

Workers Average $103 Weekly; Quarter Sales Top $3 Billion

BOSTON (AP)—General Motors Corp. earned a record 309 million dollars in the first quarter of this year.

Harlow H. Curtice, GM president, said yesterday the giant automotive firm, also set quarterly records in net and unit sales, total employment and average weekly worker earnings.

Curtice said the record quarterly earnings were on unprecedented sales of $3,101,000,000.

Unit sales of passenger cars in the United States and Canada for the first three months of this year numbered 1,147,094 topping any previous quarter in GM history, Curtice said.

Total employment in GM plants in the United States, he said, reached a new peak of 550,000 by the end of March.

Weekly pay of GM wage earners averaged a record $103.79 on average work hours of 44.2 per week during the period.

This quarter's sales volume, covering all GM products, tops the previous record set in the second quarter of 1953 when net sales hit $2,894,000,000.

The record net income, equal to $3.43 per common share, compared with a net of 189 million dollars or $2.13 a share in last year's first quarter.

Curtice, in Boston for the opening of GM Motorama Show, said 1955 could be "the biggest passenger car year in history. He said the corporation's several divisions expect to build 1,630,000 cars and trucks during the first four months of the year.

With continued labor peace in the industry, Curtice said, the auto factories "may well produce and the domestic market absorb approximately 7½ million cars and trucks in 1955."

The reference to labor peace was interpreted as an indication of the uncertainty of the outcome of current negotiations between the

Steel Body Planned for GM Dream Truck

Harlow H. Curtice, GM president, revealed in Boston, that the GM dream truck L'Universelle, to be built by GMC Truck and Coach Division here, will be of steel. The Motorama model is of fiberglas. First units will be off the assembly line in about 12 months, he said.

Weather's Right for Spring Chores

Pontiac Press Photo

THAT TIME IS HERE AGAIN — With clear, sparkling days here, the time for annual paint-up and clean-up jobs around the home has arrived. Above, Mr. and Mrs. James Boyic, of 53 Norton Ave., set a good example. Other hints of spring home work will be found at the Greater Pontiac Home and Builders' Show being held at the Armory on Water Street. (For builders' show story and pictures see page 25.)

Big Three OKs Vienna Talks

Proposes Meeting on May 2 to Make Plans for Austria's Freedom

WASHINGTON (AP)—The United States, Britain and France today accepted Russia's proposal for a foreign ministers' meeting at "the earliest practicable date" to restore Austria's independence.

The Western powers, however, put in a proviso that ambassadors of the four powers meet with Austrian officials in Vienna May 2 to complete preliminaries for the higher level meeting later.

The State Department released the text of a 200-word note which it said was delivered at Moscow today by the Western Big Three ambassadors.

Emphasizing the speed with which the Western Allies are moving on the issue, U.S. officials said a three-power working party will begin studying procedures in Vienna next Monday.

Two U.S. officials expect to leave Washington tonight for Vienna to help in this task.

The identical notes from the United States, Britain and France are in response to Russia's proposal last Tuesday. The Russians, acting after their agreement with Austrian officials last week at a meeting in Moscow, called for an early foreign ministers' session to sign a treaty restoring Austria's independence. This appeared to end 10 years of Soviet stalling.

Ward Foes Face to Face in Battle for Stock Control

CHICAGO (AP)—Sewell L. Avery, who never has backed away from anything—including the U. S. Army—faces up to a new foe, Louis E. Wolfson, today.

The annual meeting of Montgomery Ward & Co. stockholders gave Avery and Wolfson an opportunity to confront each other in person for the first time.

Avery, 81, gray, erect and a rugged individual, is chairman of the company. Wolfson, 43, tall, dark and handsome, is trying to take control of the firm—the oldest and second largest mail order house in the country.

The battle arena for these men with the multimillion dollar muscles was the Medinah Temple on Chicago's near North Side. There was room for 6,200 in the theater-style auditorium and basement. It could prove to be the largest gathering of its kind in American corporate history.

One of the spectators was Earl Ward, a former vice president. He resigned from Ward's seven years ago and is now with the Ford Motor Co.

Asked how he had cast his votes, Ward said, "Against Wolfson, but not necessarily for Avery."

Avery arrived about 10 minutes before the meeting was to open. He waited outside on a fire escape.

Avery, as chairman, enjoyed the prerogative of presiding on the stage. Wolfson and his associates were assigned to spectator seats on the right side of the main floor near the stage.

The main event was the vote by stockholders. At stake were all nine positions on the Ward board of directors. Each side offered a full slate of nine candidates—one headed by Avery and the other by Wolfson.

The side which wins a majority—five or more—of the director posts will control the 721 million dollar company.

The counting of the votes may require three weeks.

Wolfson, Florida and New York financier, has been campaigning to take command of Ward's for eight months.

He contended that Avery has been dragging his feet during a high-speed economic cycle. Wolfson stated that he aims to expand the company and increase sales and profits.

Avery has declared that the company is in excellent shape. He asserted that Wolfson is attracted by Ward's liquid assets—327 million dollars in cash and government bonds.

$600 Just Waiting for This Answer

Here's your $600 Bonanzagram answer, folks!

If you're a good detective perhaps you deciphered the tip-off note correctly, as did the law officer working on the case. If you submitted a correct answer $600 is waiting for you.

PAYDAY METHODS NEVER VARY ENOUGH. A ROBBER CAN ENTER BANK WITH CASE, AT SIGNAL GO TO REAR WINDOW WHERE PROXY CASHIER HANDS OUT STUFF. OFFICERS ALWAYS AT LUNCH. CATCH STENOG RECENTLY FIRED SHE MADE PLAY FOR CASHIER, MET HIM OFTEN AT SAFE IS VERY FOND OF MOBSTER AND STEALS. OUT OF LOVE FOR HIM SHE WORKED DODGE WITH LUCK SHE SLIPPED IN CAGE. THING THAT HAPPENED LAST WEEK WAS COOKED UP WITH AID FROM OUTSIDE. CERTAIN CHARTS WERE WANGLED BEFORE CASHIER GOT WISE ENOUGH OR REALLY AWAKE. SEEMS TOO BAD ABOUT HER FATE, TELLING ON HER UNDER PRESSURE. SHE'S A LONELY GIRL.
I.N. TORMENT

Details of how the detective solved the tip-off are found on page 10. You'll find Bonanzagram No. 7 there also.

Weather Outlook Is Fair and Warm

Weekend weather will remain fair and warm with temperatures averaging about normal for the next few days.

Although some rain is expected Tuesday or Wednesday, there will be little change until then. Tonight's low is expected to be near 50 rising to a high of 75 to 79 tomorrow.

In downtown Pontiac Thursday, the mercury ranged from a low of 51 to high of 74. At 8 o'clock this morning, the thermometer registered 52 degrees, rising to 63 by 2 p.m.

Summer Highway Improvement Projects Proposed by County Road Commission

Some 13 highway improvement projects on federal aid and county primary roads are proposed for construction this summer by the Oakland County Road Commission.

Local road projects, the majority planned and financed by townships, will be added to the program later, the commission explained.

Projects planned on a 50-50 basis with five cities will see the following roads widened to 44 feet with cement. They are:

Nine Mile from Greenfield to Ridge.

Livernois from Fourteen Mile to Crooks.

Ridge road from Eight Mile to Nine Mile.

John R. widened from 9½ Mile to Ten Mile plus resurfacing from Eight Mile to Ten Mile.

Other county primary road projects planned include: Widening W. Long Lake Rd. from Orchard Lake road to U.S. 24.

Blacktop surfacing on Hickory Ridge and Stobart roads from the west county line to General Motors road.

Widening from 20 to 22 feet plus blacktop resurfacing on Ten Mile road from Ridge road to Southfield road.

Blacktop resurfacing plus widening from 20 to 22 feet of Livernois road from East Long Lake road to M59.

Federal aid projects, with the government paying half, include:

Widening to 22 feet and blacktop resurfacing on Twelve Mile road from U.S. 16 to Haggerty road, West Maple road from Orchard Lake road to M218, and General Motors road from the Milford west limits to Hickory Grove road.

Formosa Won't Give Up Islands, Officials Claim

Taipei Sources Warn Chiang Will Turn Down Any Surrender Plan

TAIPEI, Formosa (AP)—High Nationalist Chinese officials rejected beforehand today any proposal that might be made for Chiang Kai-shek's forces to abandon the coastal island group of Quemoy and Matsu.

"Absurd — ridiculous — unthinkable — impossible," these officials said of Washington reports that the United States may seek a cease-fire which would mean giving up the islands to the Communists.

The officials declined to be named.

They said the question was a hypothetical one. They insisted that the United States had at no time suggested, directly or indirectly, that those offshore islands be yielded to the Reds, as were the Tachens.

There was no doubt, however, that there were forebodings even in top quarters as to the possible mission here of Asst. Secretary of State Walter Robertson and Adm. Arthur Radford, chairman of the U.S. Joint Chiefs of Staff.

Chiang was informed of their projected visit two days before it was announced.

Both Nationalist and American officials here said their only information on the visit was that it was being made under Article 4 of the Mutual Defense Pact. This article says: "The parties, through their foreign ministers or their deputies, will consult together from time to time regarding the implementation of this treaty."

The big agonizing question in Taipei is whether the United States might consider Quemoy and Matsu expendable.

One official, asking anonymity, said of Chiang:

"He cannot—and will not—agree to abandon those islands.

"Any such suggestion would be preposterous—its execution disastrous."

In Washington, Sen. Morse (D-Ore) said today the Eisenhower administration is "trying to save face" in the Formosa Strait situation by "eliminating its implied commitment" to defend the Quemoy and Matsu Islands.

Morse said he will seek a vote in the Foreign Relations Committee next week on his resolution to limit to Formosa and the nearby Pescadores authority given President Eisenhower in the defend-Formosa resolution passed overwhelmingly by Congress in January.

The committee appeared certain to reject the Morse limitation.

Heads Fair

HARRY GARLING

A Lake Orion cattle farmer, Harry Garling, 57, yesterday was elected president of the Michigan State Fair Board of Managers, succeeding Mark Crawford of Coldwater. Garling, a former Oakland County supervisor, also is secretary-treasurer of the Monitor Mutual Insurance Company of Pontiac.

Modern & Old Time Dance. Fri., April 22, 9 p.m. Oxbow Dance Pavilion. Pontiac Shrine Club.

Greater Pontiac Home & Builder's Show. Thurs., April 21st through Sun. 24th. Pontiac Armory. The 39th-ever.

BULLETIN

Two youths from suburban Detroit drowned this afternoon when their boat capsized in Lakeville Lake in Addison Township.

A third member of the fishing party, Kenneth Carneal, 18, of Hamtramck, managed to swim to shore.

Dead were George Hunt, 16, of East Detroit, and Robert Gobelski, 20, of Hamtramck. Hunt's body was recovered in 40 feet of water. Boats manned by Oakland County Sheriff's deputies and State Police from the Romeo post still were attempting to find Gobelski's body this afternoon.

At Capital Conference

Editors Sharply Disagree on U.S. Defense of Islands

WASHINGTON (INS)—U. S. editors sharply disagreed today whether America should help defend the Nationalist offshore islands of Quemoy and Matsu at the risk of all-out war with Red China.

But the nation's newspaper executives were virtually unanimous in their opinion that the U. S. might fight for Formosa if the Nationalist stronghold is attacked.

Other delegates to the annual meeting of the American Society of Newspaper Editors in Washington said President Eisenhower is confronted with the "toughest" decision of his administration in ruling whether defense of the offshore islands is essential to U. S. security.

Robert W. Lucas, of the Denver Post, said the U. S. is "on the horns of a dilemma in the Pacific."

Irving Dilliard, of the St. Louis Post-Dispatch, said his newspaper opposes getting "into a war over the defense of these postage-stamp islands," adding:

"We on the Post-Dispatch have felt that the country had to back up the President, but we have drawn a sharp distinction between the defense of Formosa and the defense of these islands.

George Benson, Toledo Times, declared the U. S. must defend the offshore islands. He said: "I hope the President does exactly what he said he would do if necessary, and does not pay any attention to the challenge laid down by Stevenson and Truman.

"A line has to be drawn, and so far as I can determine a line has been drawn on Matsu and Quemoy. There is no basis for rejection of that policy. These islands have got to be defended. The minute the Chinese Communists got them, they would begin to use them to prepare for an attack on Formosa."

Tom C. Harris, of the St. Petersburg, Fla., Times said the U.S. cannot pull out of the islands "and keep our self-respect."

Robert M. White II, Mexico, Mo. Ledger:

"I think there's been a deliberate effort to keep Red China guessing. There's been an equal confusion among Americans. I shudder at the possibility of another moral defeat such as in Korea and Indochina.

Pontiac Dog Law Before Senate

Measure Would Force Vaccination of Animals Owned in City

Amendments to a state law which would force Pontiac to require vaccination of city dogs today went to the Senate.

While not able to prevent the bill from passing the House yesterday, Pontiac's State Rep. Leslie H. Hudson (D) secured two amendments which he said may overcome major objections raised by local residents.

The measure is sponsored by South Oakland County Representatives Vernald Horne and Theodore Hughes, both Republicans.

The Oakland County Board of Supervisors adopted the rabies vaccination law May 5, 1952, under a state act allowing the move.

Pontiac opposed the plan saying the law applied only to a governmental unit adopting a dog licensing ordinance after passage of the act. Oakland Circuit Judge Frank L. Doty ruled in the city's favor and Pontiac became the only county unit not requiring the shots.

One amendment approved yesterday changes the act's wording to bring in any city, such as Pontiac, which adopted a dog licensing law before the measure's original passage.

One Hudson amendment would require that a vaccine be used which does not produce paralysing effects and gives protection for three years.

"I understand that a major local objection was that the vaccine to be used was only good for six months and did produce crippling effects in some dogs," he explained.

Turnpike Route Photos Now on Display Here

The Oakland County Plan Commission now has detailed aerial photos of the proposed toll-road route through the county on display in their offices at 1 Lafayette St.

"The photos show the right-of-way in relation to all homes from Seven Mile road to the north county line," said Commission Director George N. Skrubb. Any interested person is welcome to examine the photos supplied by the Michigan Turnpike Authority, he added.

We Keep Our Time

Non-Reds Ask Condemnation of Subversion

Deadlock Arises in Spite of Communist Appeal for Harmony

BANDUNG, Indonesia (AP)—The Asian-African conference ran into its first deadlock today in bitter argument over charges of "Communist colonialism."

A subcommittee, after arguing on the Communist issue more than two hours, finally adjourned until tomorrow. The issue at stake was a move by non-Communist powers to put the conference on record as condemning "subversion" as well as old style colonialism.

Red Chinese Premier Chou En-lai earlier had answered a Ceylonese anti-Communist blast with an appeal for harmony at the 29 nation conference. His tactic, ordinarily preferred among Asians to a spirited answer, failed to halt the developing deadlock.

The meeting of the nine-member subcommittee was closed to the public but delegates said the deadlock came over the resolution proposed by a group of nations headed by Iran, which wanted condemnation of colonialism "in any form."

Chou reportedly opposed any mention which might be interpreted as an attack on communism. His stand was backed by India.

"It looks very much like we may have to pass over the resolution on colonialism," one delegate said. "That will put us on the spot—because the big issue of this conference is colonialism."

The resolution, proposed by Iran, Iraq, Lebanon, Libya, Sudan, Liberia, Pakistan, Turkey and the Philippines, did not mention communism by name.

Chou and V. K. Krishna Menon of India objected particularly to a clause which said the conference "condemns all types of colonialism including international doctrines resorting to methods of force, infiltration and subversion."

Chou also was reported to have proposed that the conference go on record as favoring independence for all colonial territories within 15 years.

The Political Committee turned to consider world peace and cooperation.

Japan's chief delegate submitted his country's proposal, a two-part declaration rejecting force as an international means of policy and advocating cooperation in all fields of human endeavor.

College Is Renamed

LANSING (AP)—The House today unanimously passed a bill changing the name of Michigan State Normal College at Ypsilanti to Eastern Michigan College.

Returns to Native Norway

AP Wirephoto

HOPES TO COME BACK — Mona Stornes, Miss Norway in last year's Miss Universe contest, says goodbye to her husband of six months, TV-Producer Sandy Young, as she leaves Los Angeles for Norway. A hearing for her deportation was set for next Monday but Miss Stornes left voluntarily for Oslo where she will apply for a permanent visa to live with her husband in Beverly Hills. She has been living in this country on a temporary visa that expired last October.

Senate Passes Supervisors Bill

Move to Reapportion City Board Members Sent to House

A bill providing for reapportionment of city members on the Oakland County Board of Supervisors was halfway along the road to passage in the State Legislature today.

The measure, approved by the Senate this morning, now goes to the House. It would provide for seven supervisors from Pontiac.

Pontiac now has 10 supervisors but would stand to drop to three under present Michigan law when the total number of city supervisors reaches 75. Current regulations call for a 60 per cent cut when the 75-mark is reached.

There are now 64 city supervisors and 25 township supervisors on the board.

Areas planning to incorporate are expected to bring the city total to 75. The legislative change will block the large cut.

Under the new bill, cities under 4,000 population would be given one supervisor. It would give two supervisors to cities between 4,000 and 9,000, three supervisors to cities between 9,000 and 15,000, four supervisors to those between 15,000 and 25,000, five supervisors to those between 25,000 and 40,000.

One additional supervisor would be given for each additional 25,000, or fraction thereof.

The formula was devised and submitted to the Legislature by a joint committee of city and township supervisors. Under it, city representation will drop to about 43 seats.

Suggested Polio Fee Service Charge Only

The $2 fee suggested by the Michigan State Medical Society for polio shots is intended to cover the service of the physician when the shot is administered in his office, according to Dr. Robert H. Baker, president of the society.

"While it is hoped free vaccine may be available to physicians from the state," Dr. Baker said, "there may be an additional charge for the vaccine if physicians are obliged to purchase a supply to care for their patients," he added.

Newly-Elected Amvet Officers to Be Installed

Newly-elected officers of Bemis-Olsen Amvet Post 113 will be installed during ceremonies Saturday night at the organization's new building at 570 Oakland Ave.

Slated for installation are:

Virgil D. Roberts, Commander; Gerald G. White, senior vice commander; Charles E. Crocker, junior vice commander; Guy E. Harrell, finance officer; Albert H. Olsen, adjutant; Charles E. Butler, judge advocate; and Robert Adsit, provost marshall.

Acting as installing officer will be Edwin Numbers, senior vice commander of the Michigan Amvets. The North American Indian Amvet Post of Detroit will supply their installing team for the ceremony.

Following the installation, the Detroit group will be guests with authentic Indian dances. Refreshments will be served and the 8 p.m. meeting is open to the public.

Landlocked Cops Can't Chase Hot Rod Boats

BENTON HARBOR (UP) — Police today wondered how to enforce an ordered crackdown on hot rod motorboat enthusiasts roaring along the St. Joseph River.

Civil officials decided their budget wouldn't allow purchase of a police boat. So police will have to patrol the river bank in cars and wait for offenders to dock before issuing tickets.

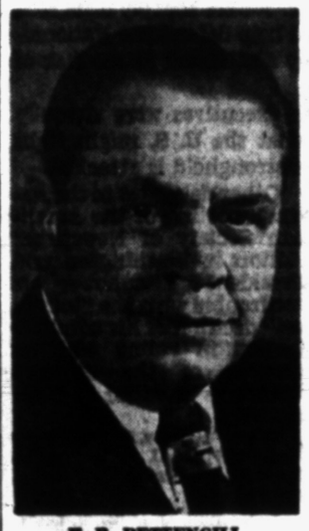
NEW PROPERTY — Gelston V. Poole, outgoing YMCA president, left, accepts the deed for a lot adjoining the "Y" building on Mount Clemens from Milo J. Cross, treasurer. Ted N. Slosson, secretary, looks on. The group plans to build a dormitory on the property. Plans for a fund drive were announced at last night's annual meeting.

YMCA Elects Officers; Pettengill New President



E. R. PETTENGILL

E. R. Pettengill, Pontiac Motors executive, was elected president of Pontiac YMCA last night, succeeding Gelston V. Poole.

The new president has served on the board of the organization for the past 10 years, and has been active in civic affairs here.

Howard Huttenlocher was elected vice president, and Milo J. Cross, Mac T. Whitfield and C. J. Nephler Jr. were retained as treasurer, secretary and trust officer, respectively.

Named to 3-year terms on the board of directors were John Cowe, Harold Euler, Richard Fisher, Tom Horwitz, E. A. Maxwell, Berkeley Voss, Walter K. Willman and Whitfield.

Horowitz reported membership now stands at 3,231, almost double the 1950 figure of 1,825.

Ted N. Slosson, executive secretary, presented his report, showing 69,098 youths and 28,446 adults participated in Pontiac YMCA programs during the past year.

A motion authorizing the new president to appoint a committee to plan construction of a dormitory next door to the "Y" building on Mount Clemens was approved.

The nation's economic future was discussed by guest speaker John Nuveen, Chicago investment banker. Entertainment was provided by the senior girls ensemble of Pontiac High School Vocal Department.

Pontiac Deaths

Amos Huey Dunigan

Amos Huey Dunigan, 74, of Cardwell, Mo. who was taken ill six weeks ago while visiting his children here in Pontiac, died yesterday afternoon at St. Joseph Mercy Hospital.

Born May 21, 1880 in West Plains, Mo., he was the son of James and Jane Davis Dunigan.

Married to the former Sarah Belle Johnson, he was a member of the Church of Christ of Cardwell and had retired from farming.

Besides his wife, he is survived by seven children, Mrs. Don Jackson of Cardwell, Mrs. Virgil Harper of Paragould, Ark., Mrs. Clifford Tucker of Lansing, Mrs. George Phelps, William E., Harry, and L. C. Dunigan, all of Pontiac, 20 grandchildren and three great-grandchildren.

Mr. Dunigan has been taken from the Voorhees-Siple Funeral Home to the Howard Funeral Home in Leachville, Ark. for service Monday. Burial will be in Percell Cemetery at Cardwell.

Elsie Ann Marshall

Elsie Ann Marshall, 53, of 607 Wesbrook Ave. died early this morning at St. Joseph Mercy Hospital. She had been ill one year.

Born July 6, 1901 in Stacy, Minn., she was the daughter of John and Katherine Domire Marshall. Coming here 15 years ago from Harrisville, she was a member of St. Vincent de Paul Catholic Church and had been employed at the Pontiac Laundry.

Surviving besides her mother are two brothers, Frank of Rhinelander, Wis. and Fred Marshall of Pontiac; seven sisters, Mrs. Loris Dagostine of Detroit, Mrs. Edward Bensinger of Ionia, Mrs. James LaBram and Helen Marshall, both of Royal Oak, Mrs. Walter Walsh, Mrs. Severin Hylla and Mrs. Lloyd O'Rourke, all of Pontiac.

The Rosary will be said at 8:30 Sunday evening at the Voorheis-Siple Funeral Home. Service will be held Monday from the St. Vincent de Paul Catholic Church with burial in St. Mary's Cemetery, Milford.

Russian Troops Getting Ready to Leave Austria

VIENNA (INS) — Soviet army troops and their families appear today to be preparing already to leave Austria.

Shopkeepers in Vienna report a tremendous rush on the part of the Russians to buy textiles, shoes, kitchen equipment and cheap watches — all expensive items in relatively short supply in the Soviet Union.

Under the terms of the Soviet-Austrian agreement on proposed terms for an Austrian state treaty, the four-power occupation forces would be withdrawn as soon as the final treaty was signed, and no later than the end of this year.

GM Profits, Wages Reach New Record

(Continued From Page One)

CIO United Auto Workers and the auto makers on a guaranteed annual wage proposal. (Separate talks between union and GM and Ford resumed in Detroit today.)

GM currently is bargaining with the UAW on a new contract the union has pledged will provide for the guaranteed annual wage, at least in principle.

Curtice said GM's first quarter "reflects the accelerating strength of the entire national economy."

He said the gross national product for this year's first quarter was at an anuual rate of 369 billions—the highest first quarter in history.

"There is every indication," Curtice said, "that the economy will reach a new peak in 1955—in the area of 370 billion dollars."

Solon Finally Decides to Pay Traffic Ticket

State Rep. Joseph A. Cavanaugh (R-Midland), who had staunchly held he would not pay a $10 traffic ticket, today weighed the fine philosophically and promised to pay the sum imposed by Farmington Justice Allen C. Ingle.

Cavanaugh was fined two weeks ago by Ingle after the legislator was charged with driving in the center lane of U.S. 16 in Farmington Township.

Retorted Cavanaugh after he was ordered to pay the $10:

"This sort of business is a racket and I'm not going to pay—even if it costs me $100 to defend myself. Besides, a senator or representative can't be arrested while the legislature is in session, except for treason, felony or breach of the peace."

Ingle had said he would issue a warrant for Cavanaugh's arrest if the fine wasn't paid by next Friday.

But Cavanaugh decided, "Life is too short to get in a ruckus for ten bucks. I'll send the money down this weekend. I hope he's satisfied."

Justice Ingle said he was.

Pontiac Driver Killed

Willam E. Dunigan, 46, of 604 East Blvd., was killed early today when his car ran off a U.S. 24 curve at the south edge of Wolcott, Ind., hit a stone fence and overturned.

He was on his way to Caldwell, Mo., to make funeral arrangements for his father, Amos Huey Dunigan, who died here yesterday.

Kin of Detroit Lebanese Greet Williams in Beirut

BEIRUT, Lebanon (AP) — Relatives of Detroit's Lebanese turned out in force last night to welcome Michigan's Gov. G. Mennen Williams on his arrival here.

"I'm only on a goodwill trip, visiting people," said Williams. He came here from Turkey with officials of the Willys-Overland Export Corp., which is considering locating an automobile plant in the Middle East.

St. Clair to Form Water Study Body

The St. Clair County Board of Supervisors has set up a three-member water and sewage study committee to work with similar groups being formed by Oakland and Macomb Counties.

The move was taken one day after Oakland supervisors approved a seven-member committee last Monday, County Plan Commission Director George N. Skrubb learned today.

St. Clair's inclusion is the first step toward studying chances of developing a long-range water supply from Lake Huron which borders that county, Skrubb pointed out. It is expected the three groups will begin meetings in early May.

The Oakland plan group has stressed the importance of adequate water in assuring future growth and prosperity.

City Manager Will Witness A-Bomb Blast

City Manager Walter K. Willman left late yesterday for Nevada, where he will witness an atomic bomb blast next Tuesday.

Willman, who is the city's civil defense director, will witness the explosion at Yucca Flat with hundreds of other CD officials and newsmen from across the nation. Briefing sessions will be held at Las Vegas prior to the test.

Purpose of the test is to show the effects of a nuclear explosion on homes, home furnishings and utilities. Willman is expected to return next Thursday.

Another city official, Finance Director Oscar Eckman, leaves this afternoon for a two-week southern trip. The journey will be part business and part vacation.

May 1 through 5, he will attend the Municipal Finance Officers convention in New Orleans. The remainder of the time, he will vacation in Mobile, Ala.

When llamas are angry they often spit at their tormentors.

Struck Sperry Plant Quiet After Bloodshed Yesterday

NEW YORK (AP)—Quiet returned to the strike-embattled big Sperry Gyroscope Co. plant at nearby Lake Success today after two days of brawling between hordes of pickets and nonstrikers.

The company, fearful of further bloodshed, cautioned employes not on strike to stay home until a court move against the mass picketing can be completed.

As a result, the usual morning work hour came and passed today without incident. Masses of pickets ringed the premises again but nonstriking employes kept away.

* * *

Production at the company's three plants on Long Island was halted after more violence yesterday at the company's mile-long Sperry plant at Lake Success. Some 16,000 workers were made idle, including 9,000 striking members of the CIO International Union of Electrical Workers. They struck midnight Monday in a dispute over wages.

There have been minor disturbances at the company's other Long Island plants at Mineola and Lake Ronkonkoma. The company is a chief supplier of electronics equipment to the U.S. armed forces.

* * *

The striking union is seeking 18 cents an hour increase in wages. The company has offered 12 cents spread over three years. The average wage now is $2 an hour.

Federal mediators reported no progress in attempts to settle the dispute.

Nor was there any progress in efforts to settle three other major strikes. They are the Louisville & Nashville Railroad walkout involving some 25,000 workers; the Southern Bell Telephone Co. work stoppage affecting an estimated 50,000 employes, and the strike by some 23,000 CIO textile workers against 24 mills in four New England states.

* * *

The rail and telephone strikes, both marked by violence, are 40 days old. The textile walkout started last Saturday and stemmed from a dispute over wages in a new contract.

Some 3,000 members of four craft unions quit work yesterday at 24 companies in the Bedford-Bloomington, Ind., limestone belt in a dispute over new contract negotiations. The unions are seeking pay hikes of 7 to 37 cents an hour.

At Miami Beach, Fla., an eighth hotel, the Algiers, was struck yesterday as the American Federation of Labor continued efforts to organize the city's 20,000 hotel workers.

The Day in Birmingham

Change Dates for Giving Salk Polio Inoculations

BIRMINGHAM — Changes in dates for Salk polio injections for children in grades one and two, and for those who participated in last year's field trial and received placebo instead of vaccine, have been announced.

Injections will be given May 7 and June 4 at two clinics, one at the high school and one at Pierce School. Schedules of times involving the different groups are being assigned. Parents will transport their children.

The public health department, school health department and the county polio committee have set up the procedure.

* * *

"My Troop Day" for Girl Scouts will be held from 12-5 p.m. at the Community House Tuesday. About 40 troops will participate in displaying work done during the last year in handicraft and other skills. The day is being arranged by Mrs. William J. deBeaubien.

Also on the program is a showing of the local Day Camp film. In addition the occasion will serve as the Junior Needlework Guild Ingathering for Scouts.

* * *

The annual Walther League Variety show will be held at 7:30 p. m. Sunday in the main church basement of Lutheran Church of the Redeemer.

* * *

At St. James Episcopal Church the Women's United Thank Offering will be taken up Sunday at all three services. The offering will be presented with other such funds at the Triennial Convention.

* * *

George Singers

Service for George Singers, 75, of 528 Park St. will be held at 3 p. m. Monday at the Manley Bailey Funeral Home, with burial in White Chapel Memorial Cemetery. He died early today in St. Joseph Mercy Hospital, Pontiac, after a short illness.

Born in 1879 in Aberdeen, Scotland, he was a graduate of Aberdeen College. An architect, he retired last November after 15 years with Federal Housing Administration's Detroit office.

Previously he had been with the firm of Albert Kahn. A Birmingham resident for 33 years, he was a member of the Royal Arcanum of Detroit.

Surviving are his widow, the former Harriet Johnson, a daughter, Winona, and a sister, Helen, who lives in Scotland.

* * *

Mrs. Emma Gertrude Young

A former resident of Birmingham for 45 years, Mrs. Emma Gertrude Young, 74, died today at her home at 7068 Pickering St., Waterford Township, where she had lived for the past five years.

Born in Ontario, she was the widow of Joseph C. Young. Service will be held at 1 p. m. Monday at the Manley Bailey Funeral Home, with burial in Greenwood Cemetery.

Surviving are three sons, William L. of Birmingham, Joseph E. of Williams Lake, and Charles D. of Southfield Township; and nine grandchildren.

Resolution Requests Researchers' Fund

Pontiac's State Rep. Leslie H. Hudson (D) has introduced a resolution asking the Legislature to request that the U. S. Congress provide an annual sum for continued medical research by Dr. Jonas E. Salk.

The scientist, who played the major role in developing an effective polio vaccine, should receive an annual income sufficient to enable his "invaluable research" to continue, the resolution states.

It also would ask Congress to consider setting up funds to finance other outstanding researchers.

"Many scientists are forced to undergo a certain amount of economical hardship while working on projects beneficial to every citizen," said Hudson.

Grand Trunk Announces Changes in Train Times

DETROIT — So that suburban commuters may be assured of arriving at their offices in Detroit on time, the Grand Trunk Western Railroad is revising the schedules of two of its trains, J. L. Bickley, passenger traffic manager, announced here today.

Effective Monday, April 25, train No. 72, which operates daily except Sunday, will leave Pontiac five minutes earlier, at 7:10 a.m. instead of 7:15 a.m. Arrival time at Brush Street Station, Detroit, will be 8:10 a.m.

Train No. 22, which also operates daily except Sunday, will leave Pontiac 10 minutes earlier, at 6:55 a.m. instead of 7:05 a.m., and will arrive in Brush Street Station at 7:45 a.m. instead of 7:50 a.m.

Twelve U.S. states have towns called Hamburg, says the National Geographic Society.

Thugs Ignore Pleas of Widowed Mother

NEW YORK (AP)—Two robbers, disregarding the pleas of a recently widowed Brooklyn woman, last night looted her home of $1,500 in jewelry and $26 in cash.

The armed thugs pushed their way into the home of Mrs. Shirley Stark whose husband, Dr. Julius Stark, was killed April 7 in a five-car collision.

One robber stood guard over the woman's two children, Allen, 15, and Tobey, 10. The other gathered up the gems and cash.

Mrs. Stark pleaded: "I'm a widow. I've just lost my husband. Can't you leave us alone?"

She pointed to the mourning candles burning on a sideboard.

The bandits ignored her plea and fled with the loot.

Roads Follow Trails

Overland trails of the Indians, worn deep long before white men came to America, were remarkable for following the shortest and easiest way possible between various points. Most of the modern transportation lines east of the Mississippi are based on them.

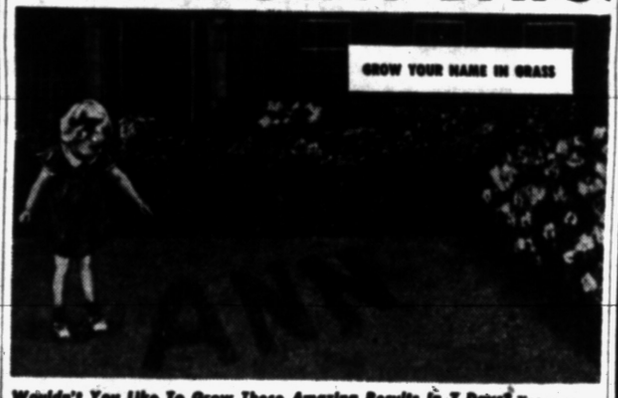
LAWN NEEDS —2nd Floor

GROW A LAWN LIKE THIS IN 7 DAYS!



Wouldn't You Like To Grow These Amazing Results in 7 Days? You can . . . and all you need is a sprinkle can. Here's how. Dissolve one tablespoon of RX-15 in a gallon of water and write the letters of your name right on your lawn. In 7 days you'll see that RX-15 treated grass growing so much thicker, greener, faster than your untreated section you'll actually be able to read your name in the grass. And if you don't get these amazing results, RX-15 doesn't cost you one cent!

Scientists Discover How to Shoot Fantastic Growing Power Into Lawns, Plants and Vegetables!

Perhaps you have read in your newspaper or favorite magazine of the amazing garden formula recently developed at New Jersey's Garden Research Laboratories called "RX-15". Perhaps you have read how just normal garden care and a few sprinkles of this "growing power" formula brings dying trees back to life . . . makes plants grow twice the size in just 12 days . . . makes lawns grow lush and thick as a golf-green in just 7 days! And perhaps your magazine or newspaper told you that even if you never planted a seed before in your life . . . with RX-15 you can now grow the garden showplace of your neighborhood THIS SEASON . . . and that to use this wonderful formula you don't need expensive tools or fancy equipment . . . only normal garden care and A SPRINKLE CAN!

Well, thanks to RX-15 formula we can make the astounding promises in this ad. In fact thanks to RX-15 here is our promise to you.

Thousands of Flowers For Only a Few Minutes Work!

We promise you that today you can go out with a sprinkling can and in a few minutes shoot new life into your whole garden . . . grow results in your lawn you never deamed possible IN JUST 7 DAYS!

We promise you that whether you're an expert gardener or the greenest beginner now with normal garden care and one sprinkle of RX-15 each month you can grow masses of beautiful roses, dahlias, phlox, gladiolus and chrysanthemums. That no matter how starved your soil may be now, you can grow a thick, green lawn the very first time you try . . . and it will only cost you a few pennies thanks to RX-15.

We promise you that if you use RX-15 on your vegetables they'll grow up to twice as big . . . that if you use it on undernourished, mineral starved soil you can grow roses up to 3 times as big and produce up to 10 times more roses. Produce thicker, greener, bigger leaves and flowers even in the most mineral-starved soil possible!

We'll Back Every Promise With This Money-Back Guarantee

We want you to try RX-15 on your lawn and garden for 7 days. Test it on flowering plants, seedlings. Test it on fruit trees, shrubs, hedges, vegetables . . . on anything that grows—on anything that's hard-to-grow. And if in 7 days your lawn isn't richer, greener, thicker . . . if this season you don't see more buds, sprouts, flowers shooting out on your RX-15 treated plants than you've ever dreamed possible . . . then send back the unused portion and get every cent back!

Anglers Miss Floating Island

Fisherman's Paradise Was One of Hurricane Casualties

CLINTON, Mass. (UP)—Fishermen are bemoaning the disappearance of ancient Floating Island at Clinton's Mossy Pond.

Before Hurricanes Carol and Edna dashed it to pieces last year, the wandering little island offered topnotch angling.

Hornpout fishermen in particular found the 50-by-30 foot island a godsend. They would cut holes in it—much like an ice fisherman would—and drop their lines into the dark waters underneath.

This was murder on the hornpout, who like their southern cousins, the catfish, are addicted to darkness. Floating Island offered them a perfect umbrella to shut out the sun.

It was a feasting ground for many varieties of fish that would nose about the base of the island for worms and insects that had dug down too far.

The island varied in thickness from 2 to 5 feet. In the dry season, it would sit about 2 feet above water level. But when the rains came, it would grow heavy and drop about a foot.

Its surface was covered with small trees and bushes on a base of earth and moss, and the walking was treacherous. The swampy bottom on a number of occasions had collapsed beneath careless sportsmen.

Local records mention the island as existing as far back as 1876. But legend dates it as at least a century old.

"For that matter," said one oldtimer, "it may have been there a couple of hundred years."

The island's location changed without any special pattern. It usually rested near the southern end of the pond.

But an especially windy winter would find it driven far to the northern corner. However, it often meandered about with no justifiable reason.

Pick Alabama Girl, 18, as Future Homemaker

PHILADELPHIA (AP) — Deloris Arnette, 18, of Enterprise, Ala., was selected "American homemaker of tomorrow" in a contest yesterday conducted by General Mills.

Anne Marie Anthony of Bay City, Mich., was named Michigan winner.

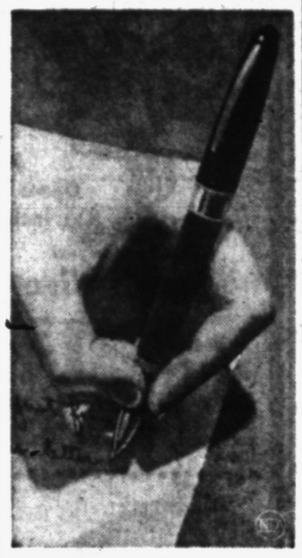
There are 25,000 U.S. communities that depend entirely on highways for transportation.

Purchase Planned

City Hospital to Get New Emergency Device

It took a long time, but Pontiac General Hospital finally is going to get a defibrillator.

A defibrillator, if you don't know, is an emergency device which sends electrical impulses coursing into a patient's heart when the heart stops functioning by itself—during an operation, for instance.



AT LAST—The lefties have won their point. This lefthanded pen point is ground from the right side to the left to accommodate writers who twist their hands as shown above. Now let's wait for the proverbial left-handed monkey wrench to hit the market.

One defibrillator reportedly kept a man alive 103 hours until his heart again started beating normally by itself.

Last summer, at the request of the medical staff, the trustees looked into the possibility of buying one of the life-saving devices.

Learning one model could be bought for $75, they decided to purchase two units, one for the emergency section and one for the operating rooms.

Investigation prior to purchase proved said $75 defibrillator was not the world's safest machine, however. It was possible, the trustees learned, that the patient, the doctor, or both, could be electrocuted.

Last night, after carefully searching the market, the board agreed to purchase a completely safe combination cardiac defibrillator and cardiac "Pacemaker" for $660.

The Pacemaker, also an emergency heart stimulator but of a different operation, can be used with, or separate from, the defibrillator.

A-Test Theme Song

CAMP DESERT ROCK, Nev. (UP)—Military personnel who participate in atomic tests at the Nevada Proving Grounds have picked their favorite song—"Shake, Rattle and Roll."

Loan Shark Fined for Bilking Veterans

BAY CITY (AP) — William Claude Gill, 50, president of Gill Associates Inc. of Toledo, was fined $40,000 and given a three-year suspended sentence by Federal Judge Frank A. Picard yesterday for bilking veterans on home loans.

Gill had pleaded no contest to the charges at his arraignment in Detroit last January. Guilty pleas were entered by the company and a dummy firm, M. G. H. Realty Co.

The government charged Gill and the two companies withheld overcharges demanded from veterans when processing GI loans through the Veterans Administration.

Similar charges are pending against William C. Howard and Kenneth E. Prang, both of Toledo and officers in the Gill company.

Parks in Area Set for Summer

Huron - Clinton Group Dolls Up Playgrounds for Beach Season

DETROIT (UP) — Southeastern Michigan residents will have more summer playground facilities than ever when the beach season begins Memorial Day weekend.

The Huron-Clinton Metropolitan Authority says it has expanded facilities in all five of its public parks. They include Metropolitan Beach, Kensington Lower Huron, Dexter-Huron and Marshbanks Parks.

New construction at Metropolitan beach, near Mt. Clemens, includes a 15-acre pitch-putt golf course; a 27,500 square foot roller rink; a new building housing a food bar, restrooms and dressing rooms; an archery range; a hard-surfaced games area; and an exhibition softball diamond with bleachers for 1,000.

Kensington Park, on U.S. 16, two miles north of New Hudson, will host a new boat launching site and rental dock for 55 boats; and a new beachhouse similar to Metropolitan's.

The 25-acre Delhi unit near Huron-Dexter, six miles northwest of Ann Arbor, will provide picnic shelters, a softball diamond and new parking space.

A new road loops, playfields and wooded areas have been added to lower Huron Metropolitan Park in Belleville. Marshbank Metropolitan Park, on M218 southwest of Pontiac, has a new paved road leading to it.

Seniors Present Annual Comedy at St. Frederick

Highlighting activities at St. Fredericks this week and next will be the production of their annual senior play "The Little Dog Laughed." A single cast of fifteen characters is under the direction of Miss Natalie Sayers.

A matinee for the grade school was held Thursday, and one for the Sisters and their guests will be Saturday. Reguar performances will be given Sunday, Monday, and Tuesday.

Those making up the cast are:

Laurie Huntington	Dorothy Bergin
Wally Huntington	Mike Wells
Mrs Huntington	Gail Dean
Mr Huntington	Ross Moody
The housekeeper—Gus	Carolyn Robichaud
Laurie's Dreamboat— Mark Bradford	Don Cox
Wally's One-and-only—Joan Wood	Marlene Green
Mrs Wood	Barbara Johnson
Mr Wood	Mary Peck
Gus' heart throb—Horatio P Honeywell	James Russell
The neighborhood gossips:	
Tessie	Judy Dean
Whalola	Ida Jane Arcand
Grace	Nenfa Paramo*
Amelia	Elinor Schutt
Caroline	Pat Nicholson

Match Trick Still Works

BOSTON (UP)—Two men asked John Burgess, 25, of Lowell, Mass., for a match at the North Station concouruse. Burgess obliged and the men thanked him with lusty back slaps and departed. Several minutes later, Burgess discovered his wallet containing $100 was missing from his pocket.

Popularity Outside of Maine Surprises Dem Governor After 8 Months in Office

AUGUSTA, Maine (UP) — After eight months after his election as governor of Maine, Ed Muskie is still a little surprised at the importance of human relations in the job.

He is also startled to find he has by no means been forgotten outside the state.

The 41-year-old Waterville lawyer upset Maine tradition to win election last September as the first Democratic governor in 20 years. As expected, he was much in demand for the next two months until the November elections, stumping the Eastern half of the country for the Democratic party.

He had expected out-of-state speaking invitations to slack off after November. They haven't, although their character has changed.

* * *

At first he was asked to speak primarily at political rallies. Now he is receiving more bids from trade associations and schools, and Polish - American organizations since he is of Polish ancestry.

Dealing with legislators and their problems is a big part of the governor's job, but his capacity for human relations has been put to other tests.

Through his intercession and that of members of his executive council, private financing was found for the little northern Maine border town of Ste. Agatha where schools had been closed for temporary lack of funds. The loan extension enabled the town to reopen the schools and tax payments finally put the town back on firm financial ground.

In a more complicated matter Muskie got together the warring factions in the Bates Mfg. Co.—the out-of-state majority stockholder and the management of the big cotton textile firm. The management had had legislation introduced to restrict sale or loans to, or merger with, an out-of-state corporation. They claimed they feared Bates and its 6,00 jobs would be moved away unless prevented by law.

That dispute still hasn't been settled, although the majority owners, Lester Martin and his Consolidated Textile Co., Inc. of New York, have reported offering a five-year contract extension to the Bates president, Herman D Ruhm Jr.

Shipwrecks, Butterflies Given Museum Space

WASHINGTON (UP)—The Smithsonian Institution has opened two new special exhibitions on underwater shipwreck exploration and butterflies.

Objects from wreck sites of England and Spanish ships of colonial times, underwater photographs of diving operations and maps are included in the exploration exhibit, entitled "History Under the Sea."

The butterfly display features seven common types of the large swallowtail butterfly.

Paris to Deposit Treaties May 5

Britain Is Expected to Take Same Step to Put Agreements Into Effect

PARIS (UP) — Foreign Minister Antoine Pinay announced today that France will deposit its ratification of the Paris agreements on West German rearmament on May 5 in Bonn, Brussels and Washington.

Depositing of the ratification instruments by all the signatory powers will put the treaties into effect. Britain is expected to take this step at the same time France does, although a British Foreign Office spokesman said yesterday his government had not yet fixed a date.

West Germany and the United States both deposited their instruments yesterday. The United States is a party to all the accords except the treaty creating a seven-nation West European Union and a French-German agreeemnt on the Saar.

A West German spokesman in Bonn said today his government expects to receive sovereignty in 14 days.

Officials of the North Atlantic alliance expect that all the 15 signers of the NATO treaty will have deposited their ratifications in Washington in time for West Germany to be received into the alliance at a NATO Council meeting in Paris May 9.

Crayfish can grow new eyes if their old ones are destroyed.

Big 4 Parley on Austria Asked Early in May

Latest information from Washington is that our Government is sympathetic to Russian proposals for a Big Four conference on an Austrian peace treaty.

Moscow reports already have suggested that such a gathering would be held in Vienna in May. Our own Government has joined a Western Big Three proposal to meet with Russian and Austrian representatives in Vienna on May 2.

★ ★ ★

This willingness to attend a conference doesn't mean our State Department isn't aware of the reason behind Russia's sudden shift of its Austrian policy. The change came after 10 years of refusals to give Austria a peace treaty and 250 futile meetings between Russia and the West.

Stated briefly, Russia's new policy is the result of the West's agreement to rearm Germany. Having failed to prevent this by threats, the Russians are trying to tempt the Germans into neutrality by playing on their urge for a reunited fatherland.

★ ★ ★

By offering Austria independence, Russia is saying to the Germans that they too could be independent if they'll accept the neutrality Austria is being asked to accept.

No greater mistake could be made than to think that Russia has abandoned its aim of dominating the Continent. The fact that it is now willing to compromise on Austria is an involuntary tribute to the West's policy of strength.

Odds Favor Conservatives in Britain's May 26 Vote

When Prime Minister Eden chose May 26 as the date for Britain's national election, he was acting logically.

Information from London is that the political situation never was more favorable for the Conservatives. In fact, the experts believe Sir Anthony's party has a chance to win the first really comfortable working majority in the House of Commons since the postwar Attlee cabinet.

★ ★ ★

Deaths and by-elections have given the Conservatives a more or less steady majority of 30 seats. This is far from adequate in a chamber of 625 members. But the lack of real issues with Labor Leader Attlee frequently supporting the government has contributed to Britain's political stability.

★ ★ ★

Increased strength of the Tories as a result of continued prosperity and weakness of the Labor Party makes this a strategic time for a national election. Attlee and his fellow Laborites are entering the contest more seriously divided than ever as a result of the party's backdown on expulsion of Leftist Aneurin Bevan.

Certainly the situation justifies Sir Anthony's decision to try for a Commons that will reflect present British political opinion more accurately.

Peiping's Vicious Charge

Peiping's reputation for skillful propaganda has suffered a serious blow.

The setback came from Red China's charge that a plane bound for the Afro-Asian conference at Bandung was sabotaged by "American Imperialists" at Hong Kong with resulting loss of some Chinese lives. That such a charge should be made without a shred of evidence or even without pretense of an investigation was both stupid and vicious.

★ ★ ★

It was stupid because if the Reds hoped the charge would cast Peiping in the role of martyr and the U. S. in the role of villain, they were completely mistaken. It was vicious because it was meant to be vicious. Authors of the charge obviously hoped it would spread the "Hate America" campaign in Asia.

★ ★ ★

The facts show that while it was at Hong Kong the Air India plane was under heavy guard and couldn't have been tampered with by anybody. Fuel and baggage loading were handled by the Communists and the Indian crew. No one else went aboard and no item of cargo was taken on that was not checked by the Reds and the crew.

There is, however, a bright side to this incident. Such a propaganda excess may help a lot of Asians and Africans to see the sham of Communism before they ever think seriously of embracing it.

PHS Band Wins Again

Once again Pontiac High School's Band, under the direction of Dale C. Harris, has won top honors in State competition.

Besides achieving first division rating at the Michigan High School Band and Orchestra Festival at the University of Michigan, the band set a 22 year record.

Not once since the school first competed statewide in 1933 has a PHS band failed to win this highest recognition. Muskegon's High School Band was the only other one awarded a similar rating in this year's festival.

We congratulate the young musicians and Mr. Harris on the band's magnificent showing at Ann Arbor.

The Man About Town

Stamp, Coin Show

Pontiac and Royal Oak Clubs Unite in Annual Exhibition

Troubles: Among the most difficult things to remember to forget.

Did you ever know a stamp or coin collector who wasn't a good scout? Well, you can contact a lot of them by attending the annual show of the joint

Pontiac and Royal Oak Coin Clubs

Sunday at the Bemis-Olson Amvets Hall at 570 Oakland Ave., one-quarter mile northwest of Wisner school and stadium, in Pontiac. According to

Chairman Bert Hotchkiss,

it will be open from 10 to 10 o'clock, and admission is free. There will be exhibits of old and rare U. S. and foreign coins and paper money, and

President Kenneth McLain

of the Pontiac club says many outside collectors will be present. According to

President Robert Spitler

of the Royal Oak club, 3,000 people visited the show when it was held in his city last year.

There's been a change among the top batters in the American League. The leaders on Friday morning are:

		AB	R	H	Pct.
Kaline,	Det.	39	7	15	517
Nieman,	Chi.	14	3	7	500
Fox,	Chi.	27	4	13	481
Skowron,	N.Y.	34	11	16	471
Power,	K.C.	38	6	17	439

Few of us ever saw a tree with a square hole in it that had been done by a woodpecker. Neither had

Don McDonald or Bill Kalwitz

until they found some square holes in trees near Traverse City. The natives claimed they were the work of woodpeckers. But, knowing the woodpeckers around Pontiac specialized in round holes exclusively, they were doubtful of the Northern Michigan brand of truth and veracity. But now

Professor Walter P. Nickell

of Cranbrook, says the pileated woodpecker always cuts square holes.

Again coming back home is

Circuit Judge Archie D. McDonald

of Hastings. He spent his boyhood days in Oakland County, and graduated from high school at Holly. He has been on his present job for many years and comes to Pontiac next month to help out in the overflow cases in the Circuit Court, a capacity in which he has previously done good service here.

"Hurrah for the Pontiac Press puzzle features," writes

Fitzmaurice Quinn

of Rochester. "The rest of the family follow your Bonanzagram and Baseball Contest, my grandchildren are crazy about your Junior Editors, but I get the biggest kick out of your 'What's My Line?'"

Writing over the signature of

"Lover of Good Sport,"

somebody at Oxford avers that calf scramble wasn't good for either the calves, the boys or the town's reputation.

Verbal Orchids to—

James Marlow Says:

Radford-Robertson Trip Causes More Confusion

WASHINGTON (AP) — The American people and the Red Chinese have one thing in common: Both are left guessing whether the Eisenhower administration intends to defend the Matsu and Quemoy Islands, close to the Red China coast.

The administration itself is guessing, so far as is publicly known. All it has said is vague. Meanwhile, the American public gets repeated jolts from developing events, as if bumping into a short-circuit.

There have been several jolts in recent weeks. They were startling when they happened. The net effect was confusion.

* * *

Chiang Kai-shek, the American ally, claims Matsu and Quemoy and has troops on them. His main forces are on Formosa. The United States, by treaty with Chiang, is pledged to defend Formosa but not Matsu and Quemoy.

In a special message to Congress Jan. 24 President Eisenhower asked Congress for specific authority to defend Formosa and closely related "localities." Those localities could mean Matsu and Quemoy. But Eisenhower didn't say so.

He said such authority from Congress—which Congress gave him quickly—would reduce the possibility that the Red Chinese might misjudge the U.S. "purpose" and "precipitate a major crisis."

What he intended to do about Quemoy and Matsu, being vague in the message, could only leave the Chinese guessing. **The President still hasn't said anything definite about the islands.**

* * *

If all that the administration has said about them could be boiled down it would be this: The President will decide on fighting for Quemoy and Matsu if the Reds attack them and he thinks then Formosa is endangered.

A few weeks ago Adm. Robert B. Carney was quoted by some newsmen, after an off-the-record dinner with him, as expecting an attack on Quemoy and Matsu by April 15. A short time later the President said he had no such information.

To add to the confusion, Carney said he hadn't been quoted correctly. And newsmen who had been at the dinner didn't agree on just what he said.

* * *

Last Sunday, after a visit with Eisenhower, Secretary of State Dulles told newsmen that "only during the last few days" this government had learned of an "intense" Chinese airpower buildup opposite Formosa.

On Wednesday the Defense Department announced, "in view of the tense situation" in the Formosa area, Adm. Arthur W. Radford and Walter S. Robertson, assistant secretary of state, would fly to Formosa. They left within two hours.

At almost the same time Dulles told newsmen "no crisis is involved" and that the two men were going to Formosa for the "normal maintenance of contact in a situation that is admittedly serious."

* * *

Yesterday Sen. George (D-Ga), chairman of the Foreign Relations Committee, the one man outside the administration most likely to know the purpose of the Radford-Robertson trip, said he thought the men were going to Formosa to get a first-hand view of the situation.

The President, if he has made up his mind about Matsu and Quemoy, may be keeping it quiet so he can negotiate with the Red Chinese for the islands in return for a cease-fire in the Formosa area. But it's not certain he's made up his mind.

Portraits

By JAMES J. METCALFE

What makes a birthday special? . . . Why do you send a card? . . . It is not just remembrance or . . . Your personal regard . . . It is the fact that you are glad . . . That he or she is here . . . Because that someone has become . . . A person very dear . . . You do not celebrate the dawn . . . Of one more birthday morn . . . But you are grateful unto God . . . That such a soul was born . . . So keep this little thought in mind . . . The next time that you send . . . A happy birthday greeting to . . . A relative or friend . . . That you are joyful in your heart . . . For someone very dear . . . And joyful for yourself because . . . That one is really here.

'Property Owner' Charges Crowded Homes in Waterford Township Cut Valuation

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Out here in Waterford Township a building code has been enacted, supposedly to improve general construction and to protect future buyers in this area.

We are getting row upon row of houses, each identical in pattern but in conformity to the building code.

We are destroying the value of our own property by permitting it to be surrounded by myriads of these small crackerboxes being thrown together in every section of this area.

Lest I be accused of bigotry, let me state that future houses can be built with sufficient individuality without prohibitive extra cost. This certainly can be done in fairness to the older property owners who have striven through the years to maintain a reasonable standard.

No house should be built on a fifty foot lot in this area and we should never have allowed construction of rows of houses from one or two blueprints.

Property Owner

Writers' Views Differ on Capital Punishment

Everytime a sex crime is committed we begin to talk of killing off the offender. It is but wishful thinking that this would cure the cause of the crime. I have no desire to start an argument in your paper again but by now we ought to be past the "kill and bury" method of treating ailments.

To cure alcoholism we take the alcohol from the man. To cure sex crimes we will have to reclothe the female of the species and return to a pattern of less nakedness in all kinds of advertising and reading as well as the movies, TV, and the rotten "cheap" books which are, in reality, but adult level comics salable on any age level.

Stop putting all the blame on the offender and start ridding the nation of the sources of such filthy thinking and living.

Rev. H. E. Ryan

210 Baldwin Avenue

Everytime a sex murderer hits the headlines, people rally to his defense with the usual alibis such as capital punishment breaks the fifth commandment and the murderer needs psychiatry.

God gave us this commandment to protect the Abels from the Cains and not to circumvent lawful authority. Psychiatry is needed by the masses more than the criminal, otherwise we could not have produced the brats and criminals of today.

No affront to our wonderful kids, who too have inherited an era of utter confusion, complete disregard for moral and civil codes, money-mad, pleasure seeking, parents with nerves too frayed to evaluate the temporal and spiritual welfare of their children.

In executing murderers and rapists we accomplish four very important things. First the one executed never kills again; secondly the Soul can be cleansed and returned to God; thirdly, the deterring effect of an execution is real; fourth, the life and virginity of little girls are preserved for the glorious motherhood of tomorrow.

Daniel M. Scott

46 E. Rutgers Avenue

Defend Calf Scramble Held at Oxford

Please permit me to say a few words in defense of the lad who lost the calf by strangulation at the Oxford Calf Scramble. I have known his father for 30 years and the boy all his life.

If he is the type of lad Charlotte W. Taylor pictures him to be then I pray God's help for my own sons, I find many folks who have the ability and time to criticize others, but not the time to help them to do better.

The officials of the Animal Welfare Society had ample time to know what was planned by the folks at Oxford. Is not foresight much better than hindsight?

Let's please give our young farmers a break.

Roger T. Riley

329 Central
Lake Orion

I think a word in defense of the Chamber of Commerce of Oxford on that "Calf Scramble" is in order. They ordered small calves instead of a calf so large. No boy could possibly pull or push one to the stake after being caught.

I saw a "Calf Scramble" at Rochester once. The calf did not run two rods and was not exhausted or hurt in any way.

A. R. Culver

Oxford, Michigan

Asks Why Newspapers Print Sex Crimes

I would like to know what is trying to be achieved by so many stories on sex crimes and torture of animals of late. Honestly, I'm to the place where I hate to pick up the paper anymore, and it's such big news it takes the headlines.

Maybe it's to make people want capital punishment or is it to just plain sell newspapers? I'm afraid, in my opinion, newspapers have ceased to be newspapers as it seems the old, old story every day.

I know I have been critical, but I would like to know why? What really is the good that is to come from this news?

Mrs. H. W. Keith

3615 Covert Road

(Editor's Note—Will society be able to guard itself against crime and the deranged sex-offender if newspapers do not inform the public on what is happening? Unpleasant news does not fade away by ignoring it.)

Baering Down

By ARTHUR "BUGS" BAER
(International News Service)

Looks like our high security risks are spilling more stuff than a drunken waiter.

Everybody's on the Erie in Washington when the portfolios leak like do-it-yourself rowboats.

I went through that stage down there in 1914 when they had an information booth in the White House. Instead of Union Station.

They filed secret documents on a slanting roof in windy weather.

But it wasn't until Roosevelt's administrations that they turned the top level formula stashaway into a lending library.

I remember in 1915 there was a telephone leak in the White House that would have made Noah drop another anchor.

What did they do about it? They decided the way to discourage crime was to make it expensive. So they put in a pay telephone booth.

Might be a good idea to stop making all documents in triplicate. There's been too much indoor kite-flying in the departments. If you had only one copy of the secret you'd miss it quicker. If you have to have blueprints of atomic details make 'em of the mushroom clouds.

There's too much fall-out both outdoors and in.

Lot of the high-angle laryngeal filtration occured at banquets. A toast to the nation, the right and to victory topped by three rousing hiccups loosens the chinstrap.

This seems to be one time the top brass flipped its top. From now all questions will be referred to the committee of tabled talk.

The English do much better with their after-dinner forums. Their conversation is like sparkling champagne. They swallow ninety per cent of it and the other ten per cent goes up their noses.

Smiles

Laughed

"Why were you kept in school this morning, John?"

"Because I laughed when the teacher said: 'Never use a preposition to end a sentence with.'"

No Rest

Prisoner—"The judge sent me here for the rest of my life."

Prison Guard—"Got any complaints?"

Prisoner—"Do you call breaking rock with a hammer a rest?"

Case Records of a Psychologist

Parents, Not Babies, Are Illegitimate, So Don't Blame Children for Mistakes

Bob's case is one of the most cruel tragedies that I have ever mentioned in 20 years of writing this psychology column. You fathers, please take note: If you are jealous, demand the lie detector test. But never take out a grudge on a child, for children are never to blame for their ancestry.

By DR. GEORGE W. CRANE

Case O-311: Bob J., aged 13, is an alert 8th grader.

"Dr. Crane, Bob does not know what to make of his father's constant cruelty to him," his mother nervously informed me, "and I dare not tell him.

"We have three children, all boys. My husband makes over the younger two sons.

"But he is always caustic and belittling to Bob, although Bob is an honor student in school.

"My husband makes Bob earn his own spending money, which would be all right, except that he gives money freely to the other children.

"Bob won a scholarship to a summer camp last year but his Dad never praised him. In fact, he refused to give him a cent of money to pay his carfare.

"Bob can't understand why his father is against him in everything. Yet I know but can't very well tell Bob.

"For I was pregnant before we got married. And Bob was born the 8th month after our wedding day. He doesn't know this fact.

"Meanwhile, my mother-in-law poisoned my husband's mind by telling him that Bob wasn't his child.

That's untrue, Dr. Crane, for I have never been with any other man in my whole life.

"But my husband has been spiteful to Bob ever since and literally makes Bob lead a dog's life. Bob has cried and wondered why his Dad is so mean to him.

"Dr. Crane, please write this problem in your column so maybe my husband will change before it is too late."

Here is a case that shows the dire evil of a poison tongue. Poor Bob is miserable and unhappy for his father holds a constant grudge against him.

That is doubly unkind for the father is entirely wrong in his belief that Bob is not his child. A lie detector test would soon vindicate the mother's story and set the father right.

But even if Bob were a stepchild or not the son of his mother's husband, why take the spite out on the innocent.

Babies had no control over the situations that led to their procreation!

It is thus eminently unfair to label any child an "illegitimate" for all babies are born according to natural medical laws and hence are always legitimate.

Parents may be "illegitimate" but don't stigmatize babies by trying to blame them for the errors of their ancestors.

Here in America we especially stress fair play on our athletic fields. We are the greatest athletic enthusiasts in the world.

So our spirit of fair play should make every grown man feel ashamed to blame any boy or girl for something they had nothing to do with.

If you must scold and criticize, then bawl out the guilty parent but never subject any child to the unfairness of carrying a grudge against him due to his ancestry.

Millions of jealous husbands, however, show such grudges at least at times, though most of them know they are wrong.

You wives could insist on a "lie-detector" test, which would easily vindicate the truth inside of an hour's time.

But a lot of such husbands can be cured simply by greater ardor and enthusiasm by you wives. For this "illegitimacy" charge is often a symptom of a male who fears he is declining sexually and who is angry because his wife fails to pick up her cues and make him feel sure that he is king of her heart.

Send for my "Test of Parents" enclosing a stamped, return envelope plus a dime, so you never are guilty of the cruelty that Bob's jealous father is inflicting on his own son.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Dr. Brady Is Nominated for 'Man of the Year' Title

By WILLIAM BRADY, M. D.

From Hamilton, Ontario came this letter to brighten my day:

Dear Dr. Brady:

Your articles contain enough humor that even those not interested in good health could enjoy them.

As there is nothing in life outside of our faith in God that means so much to our happiness as good health, I earnestly feel that no one person in America has done so much for his fellow man as you.

I have read your articles for years, at first with tongue in cheek but now with a prayer in my heart wishing you long life and happiness and your readers common sense.

I have a set of your little books, which I call my second Bible, and an overstuffed box of your writings. For well over ten years we have laid aside all laxatives, CRI cures, aspirins, acetanilids, also our backaches, headaches, indigestion, constipation, and all respiratory infections worth doctoring or even mentioning. We consider that something of which you may be proud.

Now do not bring your sense of humor too much into evidence over this, as I am serious. I have given much thought to what procedure would be necessary to start a campaign to have you made "Man of the Year" . . .

If it would mean anything to you I would be glad to send a copy of this letter to the editors of all the papers that have your personal health service.

Very sincerely,
(Signed).....

If my judgment needed confirmation this letter would do it. But since the day as intern I first lamped the lovely auburn-haired, brown-eyed, pink and white head nurse on the surgical ward and decided she'd make an ideal wife and mother—which she did — I have known that Canucks are fine people.

I confess the nice kind lady's letter gives me a tremendous lift, makes me a little proud, in fact especially so, coming from a Canuck. Not just because I married one, but from all the associations I have had with them, Canucks, in my book, have a general I. Q. at least equal to that of the Scandinavians in the three States to the west of Ontario, and there's probably nothing higher in North America.

But there's just one thing. I'm a little disturbed by that tongue-in-cheek remark. Does it mean, heaven forfend, that some readers think I am not serious and sincere in my health teachings? If that were true I'd tear my hair if I had any to tear.

You ought to know, knuckleheads, that I just can't recommend anything unless I believe it is good, and by the same token you must have noticed that I do not hesitate to tell you if I think anything is n. g.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

(Copyright 1955)

High Schools Return to Full Swing

Vacations Over, Activity Begins

Magazine Drive, Play and Wild West Show Fill Spring Schedules

With Lent over for parochial students and spring vacation at an end for all three high schools, activities have once again resumed at full schedule.

ST. FREDERICK

Warm breezes and blue skies brought the girls back from Easter vacation in summer prints and plaids and the boys in various light colored jackets.

Seniors burned the midnight oil until almost early morning this week as their last days for practicing their play drew to a close. So if one brushed you by without a word, don't be offended, because the production of "The Little Dog Laughed" is absorbing all their free time and attention these days.

Combining its hopes with seniors for a successful production is the rest of the high school. Things start swinging this week as sale and distribution of tickets start.

Seniors are giving a vote of thanks to all who have made and will make the play a success.

Juniors gathered their wits about them early Monday and assembled in the senior homeroom for an hour-long intelligence test. The results will go on their permanent records.

So as not to interfere with the play this week, Rams' baseball game with Centerline was moved from Thursday to Wednesday.

David Doyan, captain of safety patrol boys, is making necessary preparations these days for his trip to Washington, D.C., along with the city's patrol boys. The trip is sponsored by the AAA.

Many of the enthusiastic Junior Achievement workers and their friends were busy this week making plans for the J.A. formal at Masonic Temple in Detroit tonight.

A party was given for the play cast Wednesday night by Director Natalie Sayers. Everybody had a wonderful time.

Thursday students took a free day while their teachers went to Detroit to learn new and better techniques of teaching at the annual Teacher's Institute.

Invitations and name cards arrived for seniors early this week. All seniors will have them ready to send out by the second of May.

Honorary mentions were given to winners of the A.D.F. Essay Contest this week. Rosaries will be awarded these people after the judging for the $25 cash prize takes place in Detroit.

PONTIAC HIGH

PHS students this week were right in the midst of their annual magazie drive and planned to do some heavy selling over the weekend as the campaign ends Monday.

In connection with the drive, a talent assembly was held Thursday for all students selling $3 or more worth of magazines. Students hope to have their goal of $1200 and more by the final day.

Once again PHS Band walked off with first division ratings at the Band and Orchestra Festival Finals, and the student body was justly proud. Glee Clubs are making their last minute plans for their annual Spring Concert May 5 and 6, with 700 girls in the girls' glee clubs and 180 boys and various ensembles, soloists participating.

Next Wednesday the annual Publications Banquet will be held in the high school cafeteria, with students from Tomahawk, Quiver, Epistolae Scholae and Print Shop attending. Karl Zeisler, associate professor of journalism at U of M will be featured speaker. He will speak on "It's Earlier Tahn you Think." Fall staffs will be named at this time.

Beverly Barkeley will speak for Quiver, Dave Tarr and Karen Hoff for Tomahawk with Beverly making introductions of guests and presentation of honorary Quill and Scroll awards.

Robert Keavy will be toastmaster and Garth Johnston will give the invocation. Entertainment will be provided by the Senior Boys' Ensemble, Judy Dickstein with a piano solo and Anton Simson giving a cello solo.

Following on the heels of the J-Hop next Saturday will be the Senior Prom, this year called "Aqualantis." Co-chairmen are Jim Spring and Barbara Snover. Other chairmen are Connie Mapes on publicity; Bernice McLean handling refreshments, music is under the direction of Barbara Wilkinson; Joan McLean is heading decorations; ticket chairman is Marijane Vollmar; and Barbara Schwalm heads the patrons committee. Elma Waterman is faculty adviser.

Local retailers attended their eighth annual convention Tuesday and now are making plans for their banquet to be held early in May. It will be in the Waldron Hotel and will be an employer-employe affair. Businessmen throughout the city will attend.

Student Union manager Bill Hampton recently awarded SU pins to members of the staff. They are Janet Tweit, Dela Gieger, Carolyn Prosch, Janet Carlisle, Joan Richards, and Freeman Watkins for two semesters of service. Pins and guards showing year of graduation were awarded to Sharon Janter, Marilyn Carlson, Violet Reid, Douglas McColl and Eleanor Lindesman, with Dick Beyer and Karen Hoff receiving guards.

Playcrafters initiated new members on April 13, honoring them for work in the spring play or on play committees.

Projectionists club viewed colored movies of Mexico at their monthly meeting April 5, and they also discussed problems they were having with movie cameras.

Retailers heard a Flint Junior College speaker Wednesday at their regular meeting.

Future Teacher's Club attended a tea Friday given by Alpha Beta Chapter of Delta Kappa Gamma where a panel of five teachers discussed problems about boys and girls. They plan to take a trip to Wayne University Tuesday.

St. Michael

With the end of Lenton season, Michaelites have returned to school full of enthusiasm for all coming events.

Tuesday night found students and parishioners gathered in Parish Hall to bid farewell to Fr. Narkun, who has been transferred to the parish of St. Louis the King in Detroit.

With the coming of the annual athletic banquet, tickets were distributed to all athletes and plans for the big event began to take form. Decorations co-chairman Gwen Herald and Marcee Hill have been hard at work planning the sports theme under the supervision of Coach Mineweaser and Pat Latandre.

With the opening of the track season near, St. Mike's thinclads have been working out every night after school. Shamrock baseball fans are also glad to hear that the team looks very good this year and promises to give all comers a run for the money.

Announcement was made this week of newly elected captains of basketball and football teams. John Keller with 266 points last season will lead the basketball quintet and Jim Fitzgerald, outstanding center of the St. Mike eleven will captain the football squad.

Father Immel and his CYO'ers have been industriously working almost every night perfecting the many acts for the "Wild West Show." After Monday's performance, a square-dance in the Parish Hall will be given for all who have ticket-stubs from Sunday's or Monday's performance.

Spying in the Junior classroom found them busily at work planning decorations for the forthcoming Prom. Juniors, however, have kept their secret so well that one one could learn much, except that a memorable evening is planned.

With the arrival of senior photos and cards, seniors classroom has been a frenzy of excitement with the exchanging of the treasures.

Michaelites enjoyed a free day Thursday giving the sisters an opportunity to attend a student-free Teacher's Institute at Immaculate High School.

Club-wise, "Throbs," a junior organization, held a meeting and coke-and-chip session at Judy Marintette's recently when Pat Hayden announced her plans for a Coke and camera party preceding the Junior Achievement Ball tonight.

Easter Week found Michaelites taking trips out of Michigan. Washington, D.C., was the destination of William Bookie and Mary Ann Lane while Jacqueline Lambert went to Oklahoma, and Elaine, Jane, and Pearl Neussendorfer visited in Ohio.

PLAY'S UNDER WAY — Watching and enjoying the flabbergasted expression of Mrs. Wood at the news her husband has been outdone in a business deal are members of the St. Fred's senior play. Ross Moody, Mike Wells, Dorothy Bergen and Barbara Johnson (left to right) will be seen Sunday, Monday and Tuesday in "The Little Dog Laughed."

Pontiac Press Photo

Big Names Wanted

PROVIDENCE, R.I. (UP) — Brown University students complained they hear fewer big-name speakers than other Ivy League colleges. An editorial in the student newspaper: The Brown Daily Herald, said: "The campus is anxious to hear great people . . . from (Robert) Frost to Grandma Moses."

Door locks were very large in the Middle Ages, sometimes more than 17 inches long with keys around 8 inches long.

They Ignored Omen

GUILFORD, Conn. (UP) — William Turner and Edward Mitchell drove their car past a funeral procession because they were in a hurry to keep a date. The car hit a tree and both were killed.

No. 1 Dog Lover Doesn't Own One

By MICHAEL GOLDSMITH

LANGENTHAL, Switzerland (AP)—Does your poodle wear a classical or a modern haircut?

If you spurn tradition and shave off all his hair except for "cuffs" on his legs, a tuft on his tail and a "corset" round the middle, then both you and your dog are suspect in the eyes of Fritz Ruef, recently elected president of the International Cynological Federation.

Cyno comes from the Greek for dog, and Mr. Ruef probably knows more about the etiquette and society gossip of the dog world than anyone else alive.

Differences over such important matters as a poodle's haircut have led to a great schism among the world's dog lovers, and Ruef is the undisputed leader of the traditionalists.

• • •

There can be no argument about a poodle's hair, according to Reuf. "To be a poodle," he says, "a poodle must have lots of hair in front and a crew cut behind. This standard was fixed long ago by the Paris Poodle Club and accepted as binding by all self-respecting owners. It is obvious that a poodle owner who insists on dressing up his dog like a clown cannot claim equal rights in an association such as ours."

• • •

One of the main causes of the schism among the world's dog lovers was a dispute over the social register of boxers—the four-legged variety. Traditionally, a boxer's litter is limited to four puppies, and any puppies born after the fourth are destroyed to preserve the quality of the breed.

Unfortunately, Ruef said, base profit motives led to a refusal by certain "fraudulent elements" to kill off the excess puppies. "They even wanted us to enroll this illegal offspring in our official register," Mr. Ruef exclaimed with indignation. "When we naturally refused, all those who were violating the rules became dissatisfied, and that is how the trouble started."

• • •

For a time, the split remained limited to Switzerland, but the rebels soon organized themselves in other countries and Mr. Ruef's International Cynological Federation is now at war with the rebel International Cynological Union in most countries of the eastern hemisphere. Only the United States, Russia and some relatively dogless countries are not yet involved, Ruef said.

• • •

Recognized "federation" dogs—says Ruef—are a distinct social cut above the upstart "union" dogs—not to mention the untouchable class of dogs who don't belong to any organization. "Federation" dogs are rigorously forbidden to have any social contacts with "union" or unorganized dogs. Misalliances do occur, Mr. Ruef admitted, but the offspring doesn't have a dog's chance of inclusion in any social register recognized by the federation.

• • •

In Switzerland alone, the dogs' social register, Hundstammbuch, lists more than 53,000 blue-blooded dogs born since 1900. The annual supplements to the register are handsomely printed by the printing works Ruef runs in Langenthal.

The federation is recognized as the ruling body of the dog world by dog lovers' associations in nearly every non-Communist country of the eastern hemisphere. American dogs have a separate organization.

Asked whether this meant that American or Russian dogs are not allowed to associate with European dogs, Mr. Ruef said: "Such unions are very uncommon. I cannot remember that such a case was ever inscribed on our register, but, of course, there may have been liaisons of which we were not informed."

Mr. Ruef, a round, balding little man of 68, is proud of his position as the world's No. 1 dog lover.

But his career contains a hidden tragedy. He does not have a single dog of his own.

"As a young man, I bred Irish terriers and dachshunds," he said. "But now I have to devote every spare minute to my organizational work, and have no time left for dogs of my own."

Tax Evader to Keep Physician's License

ANNAPOLIS, Md. (AP) — The Maryland Court of Appeals has refused to even consider the attempt of the state Board of Medical Examiners to revoke the license of a physician convicted of income tax evasion.

The court ruled yesterday there was no appeal from the circuit court decision that income tax evasion does not justify revocation of a medical license.

The board had lifted the license of Dr. Napoleon B. Steward, a member of the Maryland House of Delegates from 1942 to 1950. The Prince Georges County physician was convicted of evading more than $15,000 in income taxes for 1944 through 1946.

Judge Charles C. Marbury refused to allow the revocation after Dr. Steward appealed.

The expectation of life for white females in the United States exceeds that of males by about six years at birth.

Pupils Match Pictures to Catch the Right Bus

KANSAS CITY, Mo. (UP) — If pupils of the first three grades of the rural Rock Creek School can match pictures, they can catch the right school bus. It works like this:

Each pupil wears a big, shiny button upon which is a bright picture of a tiger or a dog or some other animal. Buses serving the district also bear the pictures. Match the two and you've got a bus that will take you home.

Two Runaways Found Walking

Police Pick Up Livonia Youngsters at 5 A. M. 4 Miles From Home

DETROIT (AP)—Two school children missing in suburban Livonia since yesterday afternoon were found today walking along a highway about four miles from their home.

Eugene (Budd) Clements Jr., 8, and his sister, Sandra, 9, were unharmed, but they were tired out from their overnight walking.

Asked why they hadn't returned home after school, the children merely told police they had set out "to make some friends."

Their disappearance had set off an intensive search all night with hundreds of volunteers joining police and sheriff's officers.

Sheriff's officers found the children at 5:10 a.m. at the Wayne-Ford Road intersection in the Livonia area.

The search had centered around the Middle River Rouge and nearby swamp lands. Police feared the children had fallen into water.

Joseph Hamilton of Livonia, was fishing with his four small children in the Nankin Mill area near Ann Arbor Trail. He told police that a boy and girl joined his children last evening and admired his catch. He said the youngsters lingered in the area for some time.

The brother and sister were last seen at 3:45 p.m. when they left Rosedale School, four blocks from home.

Their mother immediately became worried when they did not return home promptly. She said they had been trained to go straight home from school and always did so.

Mrs. Clements called her husband, Eugene Sr., a mechanic employed in a garage in Detroit.

The father searched the Sheldon Shopping Center, five blocks from their home, but found no trace of the children.

Then police were alerted at 5 p.m.

The community quickly organized a search. Special police and Boy Scouts were mobilized. Soon hundreds of searchers were deployed in an intensive search.

Asks Probe of Prices Charged for Fuel Oils

LANSING (UP) — Rep. Joseph O'Connor (D-Detroit) asked the State Legislature today to investigate the "soaring" cost of fuel oil for home furnaces.

"Prices have been going up too fast and there's no effective way of regulating them," O'Connor said.

"It's not right for the Public Service Commission to regulate the price of gas for home heating and yet ignore the price of oil," he said.

The Detroit Democrat wants a committee to investigate the price of fuel and report its findings to the Legislature.

British Doctors Okay Hypnotism Treatment

LONDON (INS)—A special committee of the British Medical Assn. issued a report today recommending hypnotism for treating deep-seated worries, stammering, facial twitches, severe headaches and sleeplessness.

The report said hypnotism has succeeded in some cases "as a pain easer in some surgical and dental operations."

It added that in "suitable subjects, it has proved an effective method for relieving pain in childbirth without altering the normal course of labor."

Wage Hikes Are Discussed by City Hospital Board

The treasurer of the Pontiac General Hospital Board of Trustees last night urged the board "to consider paying good salaries to keep good people here."

"I'm concerned because I don't like to see us lose employes all the time and think we should do something about it," said Charles E. Yeager.

"If we keep bringing people in and letting them go, we'll never get this place organized," he said.

Yeager's remarks followed the reading of a letter from the former hospital business manager who remained on the job for about a month.

The letter explained that the manager left because of a better opportunity elsewhere.

Lauretta Paul, hospital director, was instructed to obtain salary schedules from other hospitals for comparative purposes.

The board appointed three new doctors to the hospital staff. They are Drs. James Henderson and Alan Cline, of Pontiac, and Dr. Francis Bloise, of Beckley, W. Va.

The property committee reported the architect and consultant for the new $3,000,000 addition were continuing work on preliminary sketches of the wing.

Turns Music With Feet

PARIS (UP)—Emile Ipcar won an inventtors' contest with a gadget to allow pianists to turn the pages of their music with their feet. A press on a pedal flips the pages.

About 15 million people live in the West Indies.

Michigan Troopers Help Thwart Chicago Suicide

EAST LANSING (UP)—Michigan State Police were credited yesterday with an assist in preventing a suicide in Chicago.

Mrs. Bartley Chapman, East Lansing, notified the Michigan State Police Headquarters she had received a long distance telephone call from her father, Ralph Purcell in Chicago, who threatened to kill himself by turning on the gas in his apartment.

The Michigan officers notified Chicago police who hurried to Chapman's apartment. The gas had been turned on, but Chapman was still alive.

Arctic Has Word for It

MADISON, Wis. (UP)—The local weather man reported the weather has been "Azba Selia Mukroorok." That's Eskimo language for "Oh, my! The weather is fine."

'Expectant' Pays $17.50 for Maternity Hospital

PROVIDENCE, R. I. (AP) — Mrs. Donald E. Jackson Jr., a division commander in the Lying-in Hospital's building fund drive, went out to Lincoln Downs and played a horse "strictly on a hunch."

The horse paid $17.40. Mrs. Jackson yesterday turned the money over to the maternity hospital campaign fund.

The name of the horse: "Expectant."

Here Is Way Detective Solved Message; If You Did the Same You May Win $600

Detective Conn figured out the tip-off message in this way:

Here is the way he deciphered it:

PAYDAY METHODS NEVER VARY ENOUGH. We were told that the robbery took place during the Friday midday rush, which indicated that various businesses were picking up their weekly pay rolls, and which pointed not to MAY SAY or any other opening combination but directly at PAYDAY. VARY is better than WARY; people could be WARY, and words, but WARY would not usually be applied to methods. The writer is obviously pointing out that routine methods make it easy to plan robberies, and it would be better to VARY them.

A ROBBER (more to the point here than JOBBER) CAN ENTER BANK WITH CASE—we were told that the robber got away with a bag of bills, hence the CASE, probably a brief CASE; and anyone can enter a bank with EASE. The robber did not enter RANK, that is, line of customers; for we are told what he did. AT SIGNAL GO TO REAR WINDOW—not NEAR WINDOW, although it might be near the exit; REAR is better because presumably there would be fewer people coming and going in the back part of the bank; and the PROXY CASHIER (that is, the stenog who let herself into the cashier's compartment to act as his PROXY or substitute for the crucial minute) HANDS OUT STUFF.

PROXY is more in character than PHONY because the writer later admits he is TELLING ON HER UNDER PRESSURE, and therefore he is led to use a kinder word than PHONY in regard to her.

HANGS OUT is not tenable here, for HANGS OUT means "resides" or "loiters idly" and indicates a rather long space of time, whereas the impersonating cashier would get the job over in as few seconds as possible. STUFF is colloquialism for the money, and STAFF OFFICERS would sound more like the military than like officers of a bank.

CATCH STENOG RECENTLY FIRED is more in accord with given information than WATCH STENOG RECENTLY HIRED; we might suspect that the stenog wouldn't stick around long after the robbery had been pulled off. She'd be afraid of the ensuing investigation, aware that someone might have noticed her flirtation with the cashier and would report it to the detective; and so she would get herself fired—not too precipitantly, but within the ten days that it took the informant to get around to telling.

PAYDAY METHODS NEVER VARY ENOUGH. A ROBBER CAN ENTER BANK WITH CASE, AT SIGNAL GO TO REAR WINDOW WHERE PROXY CASHIER HANDS OUT STUFF. OFFICERS ALWAYS AT LUNCH. CATCH STENOG RECENTLY FIRED SHE MADE PLAY FOR CASHIER, MET HIM OFTEN AT SAFE IS VERY FOND OF MOBSTER AND STEALS. OUT OF LOVE FOR HIM SHE WORKED DODGE. WITH LUCK SHE SLIPPED IN CAGE. THINGS THAT HAPPENED LAST WEEK WAS COOKED UP WITH AID FROM OUTSIDE. CERTAIN CHARTS WERE WANGLED BEFORE CASHIER GOT WISE ENOUGH OR REALLY AWAKE. SEEMS TOO BAD ABOUT HER FATE. TELLING ON HER UNDER PRESSURE, SHE'S A LONELY GIRL.
I. N. TORMENT

SHE MADE PLAY FOR CASHIER is fairly obvious — she wouldn't be apt to MAKE PLAN for him. MET HIM OFTEN AT SAFE; the gambit of CAFE—LOBSTER—STEAKS will not hold here because the whole scene of action is a bank, where she could meet her boy friend in the course of the day's work while using the SAFE.

And now comes the information about the stenog who is VERY FOND OF MOBSTER (clue is the outside help mentioned later in the message) AND STEALS OUT OF LOVE FOR HIM. SHE WORKED DODGE. WITH LUCK SHE SLIPPED IN CAGE—the message writer knew she used some kind of dodge, but he couldn't be sure just what. He knew she had LUCK, but not whether she tampered with the LOCK; but she certainly SLIPPED IN CAGE at exactly the right time, when the payroll was ready at hand and the robber awaiting the signal.

THING THAT HAPPENED is more logical than THINK THAT HAPPENED because the informant knows the THING (i. e. the robbery) happened as he describes it, and doesn't just THINK it happened. WAS COOKED UP WITH AID FROM OUTSIDE is better than WAS HOOKED UP WITH BID (or KID). The stenog would have needed plenty of outside help in planning and timing that would need to be COOKED UP, that is, concocted or devised.

We already know that the stenog MADE PLAY FOR CASHIER, so that CERTAIN CHARTS WERE WANGLED is new information, and better than CERTAIN CHARMS WERE DANGLED before the lovesick cashier. The CHARTS of the bank's methods that do not VARY enough were probably turned over to the MOBSTER for use in planning the timing and execution of the robbery. BEFORE THE CASHIER GOT WISE ENOUGH OR REALLY AWAKE—AWAKE is more cogent than AWARE here, for it is obvious that he has been in a dreamy state until the shock of finding his cash drawer empty. SEEMS TOO BAD ABOUT HER FATE—this comment tells us that the writer is also under her spell. LATE TELLING ON HER would be too obviously a comment. And if she's such a charmer, we can be sure she's LOVELY, but the writer feels for her because she is a LONELY girl, as any mobster's girl is apt to be.

The signature is not the cut-and dried pseudonym I. N. FORMANT, but a name that indicates the writer is really UNDER PRESSURE. He signs himself I. N. TORMENT.

Catches Wrong Cab

SACRAMENTO, Calif. (UP)—An unidentified man complained to police that when he dashed across a rain-swept street and hopped into what he thought was a taxi, I urned out to be a police squad car and he officer gave him a ticket for jaywalking.

Another New One!

"Bonanzagram"

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press April 29.

Claim Check

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 7 is published Friday, April 29. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 7

Mrs. King liked to spend her holidays doing a round of the antique shops. One summer she purchased a beautiful old cherry desk. On getting it home, she discovered, clinging to the back of one of the drawers, a small sheet of paper, yellowed with age and covered with neat but spidery scrawls. It was hard to read, but by filling in the gaps Mrs. King got a dramatic glimpse of a time in the lives of the original owners of the desk. Can you, too, decipher the message?

I'M NOT GOOD AT W__ITING MUST PEN THIS WITH __UILT UPON ME AND SHA__L IN HASTE FOR __IGHT IS FA__LING SINCE MY __EALTH IS OF __UCH CONCER__ TO ALL KNOW THAT I AM __ETTING __ETTER READY TO ARRANGE FOR LEA__ING __ILL SO YOU NEED NOT __ORROW ALL PR__MISES TO BE KEPT AND __IELDS SHA__ED AS SETTLED BY MY F__RMER FRIEND WHO PLAN__ED THE __EEDS MY __ARD __ARNED STO__K EXPECTED SOON IT WILL BE BO__N TO __EAR __AME WORTH SOMETHING FOR EVERY GRA__EFUL GESTURE I TH__NK YOU __ESERVE BON__S BLESSINGS HAN__Y __AN__Y

How To Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message. Clues may also be found in the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation as well as words must be correct for a winning solution.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit Entries

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p. m. Tuesday, April 26. Mail entries must be postmarked before midnight Tuesday, April 26 for Bonanzagram No. 7. Address "Bonanzagram, %, Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and, if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p. m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person, he should mail his solution to "Bonanzagram Editor." Postmark on this letter must be not later than 5 p. m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly "Bonanzagram." If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a $20 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

CHILDREN WHO DARED—5

John James Audubon—the Boy Who Painted Birds

Even as a little boy, young John loved birds. He spent many hours in the woods and fields drawing and painting the birds. He was so good, his parents sent him to Paris to study art.

Audubon was born in Haiti in April, 1785 and lived in Louisiana, then Philadelphia, and finally New York where he died at 66.

He spent his life studying and painting birds of America. Against all tradition, his drawings showed birds in their natural poses for the first time. He became very famous in this country and England and was called the "American woodsman." Audubon's great collection contains 435 colored plates showing 1,065 birds.

Many of the bird pictures Audubon painted have been reproduced and you may find some of them in your library. The Audubon society of bird lovers is named after him.

You can color the picture of young Audubon any way you wish and keep it for your own collection of American pioneers.

Tomorrow: The story of Johnny Appleseed.

Rescue Boy on Raft Trying to Save Dog

LOWELL, Mass. (AP)—Paul Kiah, 14, tried to save his pet dog from the swollen Merrimack River yesterday, and might have drowned if it weren't for three policemen.

The boy boarded a raft when he saw the dog being carried down stream. Passersby saw the danger into which the boy was floating and called policemen.

Capt. Francis M. O'Loughlin shouted to the boy to grab the branch of a tree overhanging the river. As the boy did so, he fell into the swirling water.

O'Loughlin waded shoulder deep and snatched the boy. The other two officers helped them ashore.

The dog apparently drowned.

Car Ornament Kills Man

TOKYO (AP) — A futuristic metal ornament on the hood of a 1955 Prince car became the end of the road yesterday for a pedestrian. Stabbed in the abdomen by the ornament, he died in a hospital.

Committees Named for Guidance Clinic

Committee appointments for the Pontiac Child Guidance Clinic for the year 1955, made yesterday by Dr. Robert J. Mason, board chairman, were announced today.

New chairmen, followed by their committee members are:

Dr. Sherwood Nye, Fred Smith, William Treanor and Noel Buckner, finance; Mrs. Eugene Hunter, Mrs. Charles Cox and Mrs. Campbell Harvey, house.

Mary Reed, Dr. Robert H. Baker and Martha Johnson, nominating; Mrs. Edwin V. Clarke, Dr. William Gordon, Mrs. Frederick Ward, Roy Hatcher, Charles Coggins and Mrs. Edward A. Proctor, education and publicity.

The appointments were made at the regular monthly meeting at the Child Guidance Clinic, 113 Franklin Blvd.

Plans were also made for the open house to be held at the clinic May 5, during National Mental Health Week.

Army Digs Up Dead Dog Boy Thought Was His

BATTLE CREEK, Mich. (AP) — To satisfy a grieving 11-year-old boy, the Army yesterday exhumed the body of a mongrel dog.

The boy, Johnny Green had believed that one of the half-dozen so-called "wild dogs" killed on the Ft. Custer Reservation was his brown and white pet.

Army officers failed to convince him they hadnt destroyed his pet. He wouldn't believe them. They exhumed the body of the dog he thought was his.

It wasn't his.

Johnny walked away, satisfied and hopeful.

Coal Dealer Sells Out to Take Long Vacation

EASTHAMPTON, Mass. (AP) — George H. Halford, 68, a coal dealer in Easthampton 43 years, put an advertisement in the local paper yesterday, saying:

"I have waited a long time for a vacation. I wanted it before the rocking chair days got me."

He sold his business and then he left for a long vacation.

In 43 years, he said, he has taken only two one-week vacations.

The Sierra mountains have given water to Los Angeles since 1907.

Family Alma Mater

BOSTON (UP)—A survey taken at Boston University indicates that more students are choosing the alma maters of their parents, brothers and sisters. Of the 2,444 freshmen last year, 138 were offspring of old grads as compared with 68 the previous year. The ratio of brothers and sisters of grads was 207 to 180.

An average family bound for a Florida vacation travels 700 or more miles in two or more days and plans to stay an average of nine or more days.

Tricks Hide Our Faults

By MARGARET LATROBE

Next to telling a man he has no sense of humor, the worst thing you can say is, "Say—getting a little bald, aren't you?"

Why this should be so is a puzzling sidelight on man's vanities and vexations. What is so great about being a fuzzy-top, forced to struggle with errant curls spilling over a low forehead? What makes bald-domed gentlemen shrink from their morning mirrors, cursing the luck which makes beards grow and bangs fall out?

It seems to me that a man, brave enough to face the world without a layer of powder, rouge and lipstick—which mighty few women have the courage to do—shouldn't be so super-sensitive about a smooth scalp. But to most men, baldness is a plague necessitating the sternest curative measures.

Goodness knows, we all have our little masquerades, our pretenses, which are set up with the care of a skilled stage designer. Where men resort to toupees, shoulder padding and heel-lifters, women kid themselves with tight shoes, touched up hair, and "over 25" written in on the line inviting age information.

Anybody in his right mind knows that no woman of 40 can possibly still be a natural blonde. Yet there are gals who keep midnight seances with the peroxide jug, insisting with straight face that these flaxen locks are just the way providence gilded them.

And few ladies are so careless as to be trapped into a reference to the First World War. "But my dear, I wasn't even born in 1918. Do tell me about it—." Selfsame damsel personally sang "When You Wore a Tulip and I Wore a Big Red Rose" at the Armistice Day celebration. As a teen-ager, at that!

No feminine fakery, though, is quite so transparently funny as the bald boys who save one long strand, combing it from left ear and over the top and down again. Imagining that this wallpapered hairband improves the situation is another example of wishful thinking. And man! In a high wind, anything can happen.

Still smarting from their predicament, they have even found a way to blame it on women—some of them declare that baldness is inherited from maternal grandparents.

Forget the subterfuge, fellows. We think you are tops—whether it be waved or paved.

(Kathryn—are you SURE I'm the type to wear sequins on my eyelashes? More youthful, eh?)

(Copyright 1955)

Strange Fish Live in Illinois Swamp

WOLF LAKE, Ill. (UP) — The Pine Lake swamp near here is a biological wonderland that includes among its oddities fish which are 1 to 3 inches long when mature.

A study of the swamp's fish population has been made by William M. Lewis, assistant professor of zoology at Southern Illinois University, and his assistant, Gerald Gunning.

One of the rare species is the spring cavefish which reaches maturity at 3 inches and spends much of its time in subterranean passages from which spring water flows into the swamp.

Also found were pigmy sunfish 1 inch long at maturity and a "small sunfish" that grows to 3 inches.

There are about 2,500 known species of lizard.

German Soldiers' Return to Paris Will Be Quieter

PARIS (AP)—The last time German soldiers entered Paris they goosestepped in legions behind Hitler's swastikas. Next time, they will move in slowly, singly and almost humbly.

They came as conquerors in 1940 to begin four long years of Nazi occupation following the collapse of French defenses. Now they will be fellow members of a defense system designed to protect the Western world.

• • •

For a long time there won't be many German soldiers in the French capital. They will scarcely be noticed outside military and political circles. But their presence will be the first impact on the Paris scene of West German rearmament—an issue which has aroused and divided this nation more than two years.

Present plans call for the Bonn government to be admitted into the North Atlantic Treaty Organization as its 15th member by May 12 at the latest. The foreign ministers of NATO are to assemble here the second week of May to welcome West Germany into the organization.

• • •

When West German Chancellor Konrad Adenauer takes his seat at the NATO table, his government will be brought officially into all NATO plans and projects.

Hearing Is Today on Lugosi's Plea for Commitment

LOS ANGELES (AP)—Bela Lugosi, who won fame in the role of "Dracula" on the stage and screen, was scheduled for a hearing today in Psychopathic Court on his application for commitment to a state hospital.

The 71-year-old Hungarian actor, who ranked with Boris Karloff as the foremost purveyor of horror in movies, voluntarily signed himself into Los Angeles General Hospital yesterday as a drug user.

Psychiatrists said Lugosi is not a narcotic addict, however, and that he has been using a narcotic off and on over a period of perhaps 20 years as medication.

Lugosi, if his papers are approved today, can be committed to a state hospital, ostensibly for the purpose of breaking the drug habit.

Lugosi began his movie career in Hollywood in 1931.

Lugosi's fourth wife divorced him in 1953, charging he was cruel to her. She said their only assets were an automobile, a few lots at Lake Elsinore, and a $15,000 insurance policy on the actor's life.

Says College Boom Lowering Standards

BURLINGTON, Vt. (AP)—Ernest Van Den Hahg, professor of philosophy at New York University, says "the dispensing of knowledge becomes entirely wrong when we address ourselves to the great masses whose intellect is low."

He said last night that educating the large masses "destroys reverence" because "there is conflict between knowledge and the myth upon which society rests."

He said also that the rise in the number of college students since the war is creating "a decline in the quality of both the students and the faculty."

Prof. Van Den Hahg spoke at the fourth annual Vermont conference at the University of Vermont.

Uranium Fever Grows in Idaho's Pay Dirt Country

BOISE, Idaho (AP)—The scramble for uranium is surging north from Utah and Colorado into Idaho, where miners for almost a century have been finding pay dirt in deposits of gold and silver, copper, lead and zinc.

More than 2,000 claims have been staked in recent weeks in one small area alone. Since early April the state has leased almost 150,000 acres of public land to uranium prospectors, and other applications are filing up by the score.

Sales of Geiger counters, "scintillators" and "snoopers" are soaring in Boise and other towns across the state. Hotel rooms are at a premium in towns like Salmon, Challis and Hailey.

Not a single deposit of proven commercial value has yet been dug in the state.

Grow Generations of Cells on Glass

BERKELEY, Calif. (UP) — History's first successful cultivation of generation after generation of normal human cells on glass—a development that is expected to provide a new tool for polio and cancer research—has been achieved by a team of scientists at the University of California.

The research was reported by Mrs. Elsa M. Zitcer, principal laboratory technician in biochemistry; Dr. Relda Cailleau, bacteriologist, and Dr. Paul L. Kirk, professor of biochemistry. It was supported by federal and state grants.

Formerly it had been possible to cultivate single generations of living cells on glass, but they are unsatisfactory for most experiments.

Salk Distribution System Is Sought

WASHINGTON (AP) — A government-sponsored conference seeks today the best way that the Salk polio vaccine can be made available on an equal-to-everybody basis.

Invited to take part were representatives of government agencies, the medical and public health professions, the drug industry, congressional committees concerned and others.

Dr. Jonas E. Salk of the University of Pittsburgh, developer of the vaccine, arrived last night to attend the conference and to receive a citation from President Eisenhower. "I've just come to listen," Salk said of the conference.

He and Basil O'Connor, head of the National Foundation for Infantile Paralysis, had a White House appointment to receive special presidential citations.

FBI reports show an 80 per cent increase in major crime since 1950.

700,000 U.S. Families Now Living in Trailers

CLEVELAND, O. (UP) — More than 700,000 families live in house trailers, according to the Mobilhome Dealers National Association.

The association said the families have an average annual income of nearly $5,000, which is above the national average. It says most of the family heads are craftsmen and industrial workers who move about the country with their trailers to wherever they can find the best jobs.

City in West Texas Gives Men's Names to Its 'Masculine' Sandstorms

MIDLAND, Tex. (AP)—This west Texas city's official sandstorm advisory board, composed 1 to 2 of women, already is getting sentimental over sandstorms which they swear are thoroughly masculine.

Seven official sandstorms—good, clean sand—already have swept the area. Don't dare call 'em dirty dusters.

The sandstorm advisory board was created here Jan. 7 after women protested the U. S. Weather Bureau's policy of giving feminine names to hurricanes. West Texas sandstorms, the board said, would be given masculine names. The board is composed of three persons, Chamber of Commerce Manager Delbert Downing and U. S. Weather Bureau forecaster Bill Percy, hopelessly outnumbered by attorney Barbara Culver.

* * *

They hardly had time to frame their certificates of appointment when the first sandstorm struck Jan. 20.

Sandstorm Adam responded to his name like a gentleman, whistled along at 29 miles per hour, stayed a couple of hours, and was careful not to overstay his welcome.

The next was Benson, named after the Agriculture secretary, Ezra Taft Benson. He deposited an extra half-inch of new surface to the vicinity's grazing lands. Local Republicans swaggered.

* * *

Sandstorm Casanova danced in, took a look at things where men are men and departed hastily. But the next sandy fellow was a real devil. El Diablo, the board named him. He was a real man, towering 12,000 feet and roaring for hours all over West Texas.

Ely was a hit-and-run fellow. Some folks didn't know he was even around. Then came Farouk, who turned out to be fast but not so potent.

But Gus was different. He stuck a chip on his shoulder and hung around for days. Strictly no gentleman, said Mrs. Culver.

The next sandstorm's name is secret but Democrats are betting his name will be Harry. And rayburn-conscious Texans dread the day sandstorm Sam arrives.

"He's bound to stay a long, long time," they say.

Dallas School Fire Work of Arsonist

DALLAS, Tex. (AP)—The $125,000 fire which virtually destroyed the old William B. Travis Elementary School here yesterday "definitely was set on purpose," Fire Marshall W. G. Burns said.

Fire Chief C. N. Penn earlier said that bricks and burning street flares apparently were thrown through windows of the school to set the blaze. It threatened a large residential area for a time.

"We have every confidence of breaking the case," Burns said last night. Salk polio vaccine, due for Travis students yesterday, was not harmed by the flames. It was stored in a basement refrigerator.

Home Accidents Apt to Result From Emotions

ST. LOUIS, Mo. (UP) — The National Safety Council has ruled our carelessness as the main cause of accidents in the home in favor of common emotions—such as joy, sorrow and surprise.

Miss Madeline Pershing, government health consultant, told the Missouri Nurses Association that various emotions can result in the individual "not being alert to present circumstances."

She said researchers, seeking to find a common denominator, decided that the "human element" is an important factor in mishaps in the home.

Fatigue and worry are the most frequent human causes of accidents, she said.

Another denominator was termed "environmental defects" such as leaving cleaning fluid and matches together in a cupboard where small children could reach them.

Junius Scales Found Guilty

Convicted of Planning Government Overthrow in Federal Court

GREENSBORO, N.C. (AP)—Communist Junius I. Scales was convicted last night for advocating overthrow of the U.S. government by force and violence.

Scales will be sentenced today in Federal Court. The maximum sentence under the Smith Act is 10 years' imprisonment, a $10,000 fine or both.

Scales, 35-year-old Communist party chairman in the Carolinas, was the second person convicted as an individual under the Smith Act. The other was Claude Lightfoot, also an admitted Communist. Lightfoot was convicted in Chicago last January and given five years and a $5,000 fine.

* * *

For nine days a jury of nine men and three women heard testimony and arguments on charges that:

The Communist party advocates overthrow of the government by force and violence; Scales was a member knowing this to be the party goal; and he worked to bring it about.

Scales, grand-nephew of a former North Carolina governor, maintained the calm manner he had throughout the trial as the jury filed in after 1⅛ hours' deliberation and announced its verdict. His lawyer said immediately that it will be appealed.

Child Doctor Raps Delinquency Idea

DALLAS, Tex. (AP)—Dr. Manuel M. Escudero says that blaming mom and dad for all juvenile delinquency is fantastic.

"It used to be said that some children are just born bad," he told a reporter. "Then we went to the other extreme and decided that environment was everything. Now too much reproach has been unfairly poured onto mothers and fathers."

Escudero added the trend has gone so far as to "become silly." He is a child psychiatrist at the Menninger Foundation in Topeka, Kan.

Dad, Bank Locate Girl

TOKYO (AP)—Her father reported Naoko Seki, 22, Tokyo bank clerk, missing about the same time the bank reported $3,000 missing. Police found the girl and money yesterday in northern Japan.

73 Estimated Missing in Japanese Landslide

SASEBO, Japan (AP)—Police today increased to 73 their estimate of dead and missing in Saturday's giant landslide.

All were miners and their families.

From airplane take-off came the tip-off that's making this the Hottest Buick in History

VARIABLE Pitch Propellers do wonders for Dynaflow.*

That, in a nutshell, wraps up the biggest reason for the phenomenal success of the 1955 Buicks.

For the action that comes from Buick's new Variable Pitch Dynaflow is completely new to earth-bound vehicles—and it's thrilling beyond all previous experience.

It started when Buick engineers took a leaf from aviation.

They knew that the pilot of a modern plane can vary the pitch of his propellers—one way for fast take-off and climb—another way for top fuel economy when cruising aloft.

Since Dynaflow has propeller-like blades that swirl in oil, Buick engineers designed them to swivel a full 75°—just by the way you press the gas pedal.

Now you get better gas mileage in all normal driving and cruising—because the Dynaflow blades are normally in high economy "pitch."

But when you merely press the pedal all the way down, you switch the pitch for emergency action—*and split-second quick you get full-power acceleration for instant getaway, or for a sudden safety-surge when you need it on the road.*

Buick Sales are Soaring as Never Before

It's this spectacular performance—backed by record-high power, by a still finer ride, by luxurious room and comfort—and by "great buy" prices that cannot be denied—that is sending Buick sales soaring to all-time highs.

It's what is making the '55 Buick the hottest performer *and* the hottest seller in Buick history.

And it's what's making folks flock in to join the "Buick Test Pilot Club"—which you join just by driving a new Buick.

Why don't you drop in on us this week and test-pilot the hottest Buick in history? You have nothing to lose—and the year's most thrilling experience to gain.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

MILTON BERLE STARS FOR BUICK
See the Buick-Berle Show Alternate Tuesday Evenings

Local Delivered Price of the 1955 Buick SPECIAL 2-Door, 6-Passenger Sedan, Model 48 (Illustrated) is $2267.88

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster—$81.78; Radio & Antenna—$92.50.

Thrill of the year is Buick

Said a young airline pilot named Ty:
"I just love to streak through the sky.
But on landing, I switch
To that Variable Pitch—
When I drive, pal, I'm still flying high!"
(Why don't you try a Buick?)

CAN'T KEEP A GOOD WOMAN DOWN — Not daunted by her close brush with death last year, Pat McCormick fights her first bull since Sept. 6, 1954, when she was seriously gored. Her "comeback" fight took place in the ring at Nuevo Laredo, Mex.

Tides Vary in Panama

Although the Atlantic and Pacific Oceans are only 50 miles apart at the two channel entrances of the Panama Canal, there is a remarkable difference in the height of their tides. The Atlantic tide rises and falls an average of about 1 foot; the Pacific, about 12½ feet.

Air densities at 79,000 feet are only 4 per cent of those found at sea level.

Fisherman's Bonus

MADISON, Wis. (UP) — Rodney Davis found a woman's wrist watch in the stomach of a 1-pound perch he caught on Lake Mendota here recently.

and is a well-built "easy-to-live-in" one floor full basement brick home. Front and rear center hall entrances eliminate the disadvantage found in most houses now being built of having to "traipse" through the dining room or living room each time you want to go into the kitchen, bath, or bedroom area.The living room and kitchen are at the left of the center hall, the bedrooms and baths at the right. Dad can come home from work and will find it easier to put his hat and coat in the closet than to drop them on the nearest chair! Junior can come in the rear door and find himself practically in the bathroom. And best of all ,mother has an "easy-do" kitchen with no lost cabinet corners, plenty of work space, an out-of-the-way breakfast nook and easy access to the dining room, bedrooms, and baths. Her NU-TONE hooded exhaust fan will quickly remove cooking odors and grease and will eliminate the drudgery of washing walls every few weeks. The counter between the range and refrigerator will do away with the age-old problem of juggling pots and pans, milk bottles and butter, lettuce and lunchmeat all over the place trying to find a spot to work in! The well lighted full basement has plenty of room for all the family activities, laundry, recreation, and hobbies. The forced air perimeter heating system will guard you against cold exterior walls and drafty floors in the coldest of weather.

Furnishings by MILFORD WAREHOUSE, Milford
Appliances by LARRY GILLIAM, Walled Lake
Carpeting by COURTESY FLOOR COVERING, Walled Lk.
Draperies by CADILLAC DRAPERIES, Plymouth

As For Rooms -

You will be pleasantly surprised to see the large living room with well balanced wall space for furniture and TV, Separate dining room, breakfast space off the kitchen, two bathrooms, three good size bedrooms and more closet space than you've seen in a long while. One bathroom is ceramic tiled and the other is tastefully decorated.

And Your Lot - 100 Feet Wide, Or More

will be large and well-drained and will have a paved driveway from the curving paved street. You will neither be sitting on your next door neighbor nor upon the back fence.

And Last But Not Least, The Subdivision

is far removed from the heavy-traffic highways and is located within easy access to schools (there are four new elementary schools, one new high school and a new parochial school in the area) and a new and complete shopping center, as well as being located in the heart of the lakes recreation area.

Bob Considine Says:

Woman Going on Polar Expedition

NEW YORK (INS) How's the sand on the bottom of the ocean at the top of the world? Personally, I wouldn't know. But a new search of such knowledge — a project more ambitious in some respects than that of Adm. Robert E. Peary's trip there in 1909.

The American Polar Basin Expedition, to give it its full name, is a $500,000 project two years in the making and under the guidance of Lt. Col. John F. Stanwell-Fletcher, who once trekked the uppermost northern world for the Royal Canadian Mounted Police.

With our Air Force during the big war he established a number of Arctic bases, won the DFC with a parachute rescue of three marooned Canadians and a hundred Eskimos, and developing a number of emergency rescue devices. He is the author of "Pattern of the Tiger" (Little, Brown and Co.) harvested from experiences in Tibet, India, Kaskmir and Pakistan

If that doesn't sound like a frappe'd Hemingway, I'll eat walrus blubber right through the summer. And to make the new and exciting expedition even newer and more exciting, Mrs. Stanwell-Fletcher is going along. She is Peggy Keenan, California concert pianist, explorer, writer. She'll be the first woman ever to reach the Pole on the surface.

When a ski-equipped DC3 deposits the expedition of 11 men and Mrs. Stanwell-Fletcher at the Pole, plus all their equipment and gear, a small group will attempt (via dog teams) to drive southward along the 60th meridian, carrying out oceanographic and other observations suggested by Dr. Albert P. Crary of the Cambridge Research Center.

The DC3 will pick up the others after about 10 days on the ice, during which they hope to have made a host of tests of ice, water and the bottom of the Arctic, plus marine life.

Among these experts will be Hugo Neuburg, research assistant with New Yorlo University who specializes in cosmic ray studies: Dr. Alexander D. Bajkov, physicist and marine biologist, and Dr. Wilson A. Swanker, another famed explorer whose impressive list of credentials neglects to mention that he once was parachuted on to Clyde Inlet on Baffin Island's northeast coast to perform an emergency appendectomy. My pal, Fred Fordham, one of the top men in the hardy business of newsreel and TV photography, will be along, too.

Why is anybody interested in the Arctic's sand, or mud, or whatever it is at the bottom? Well, that's what is going to help pay for the expedition. More than 40 firms have contributed to this work and will get something in return.

The bottom scrapings are wanted by Chas. Pfizer and Co., Inc., of Brooklyn, world's largest maker of antibiotics. It is taking soil specimens from all over the world, thanks to volunteers among travelers, missionaries and explorers. One such sample produced terramycin in 1950. Who knows what's at the top? It's an arresting thought, this expedition. There's still a lot of adventure in the souls of men. And in that of Miss Keenan, too.

Attention all anglophobes in the house. Here's a letter from a British lady named Dolores Gilbert, 27 Winchester Court, Kensington, London, W. 8:

"I was in Florida for three months recently and I want to say, again, that I love American people and their way of life. How your pioneers worked and slaved and fought for freedom — and produced such great progress and wonderful conditions under which to live!

"I found the Floridans wonderful people, kind and helpful, sincere and giving. I could write pages about how I experienced friendship and warmth — me a mere tourist. You are lovely people. I love New York, too, the wonderful avenues and skyscrapers, shops; they are indescribable. When there in Febrary I stood at Rockefeller Center watching the skaters, and looking up and up, and the height of those masterpieces and the mood of the people made me think of them as human mountains. May they stand forever."

Bit of all right, right?

Macfadden, 86, Does Irish Jig on Jail Release

JERSEY CITY, N.J. (UP)—Bernarr Macfadden, 86-year-old physical culturist, kicked up his heels and did an Irish jig last night on his release after three days in Hudson County Jail.

The former publisher finally managed to raise the $10,000 bond for his freedom. He had been in the jail since Monday in connection with alimony difficulties.

Being in jail was "damned unpleasant," Macfadden said.

Macfadden left with his attorneys for the Earle Hotel here, where he lived until his arrest on Monday.

It was his third wife, Jonnie Lee, 49, of New York, who brought the proceedings against Macfadden. She claims he owes her $9,000 in back alimony.

His arrest Monday was on a writ issued to keep him within New Jersey until settlement of the alimony proceedings.

Girl of 7 Learns to Walk 3 Times

ELDORADO, Kan. (UP) —Not yet 7 years old, Shonda Cook has just learned to walk for the third time.

The child was stricken with polio at the age of 18 months, just when she had become fairly surefooted. A bone operation shortly after her fifth birthday made it possible for her to learn to walk again.

But another operation became necessary later, and it resulted in her legs being in casts for six weeks. When that ordeal was over, she had to learn for a third time to use her legs.

Mongrel Repays Family for Giving Him a Home

ROXBURY, Mass. (UP)—Members of the family of Dennis Freeman owe their lives to a mongrel dog nobody wanted.

Freeman, who works for the Animal Rescue League, brought Squirt home in 1944. Recently, the dog was given the opportunity to repay the Freemans for their kindness.

When the oxygen in the Freeman apartment was all but exhausted from a heater, Squirt managed to awaken the Freemans in time for them to call for help. Though father, mother, son and daughter collapsed shortly after placing the call, firemen were able to revive them.

Siamese Twins Reported Good

Doctors Are Optimistic Both Girls Will Survive Separation

CHICAGO (UP) — The head-joined Andrews Siamese twin girls were separated last night and surgeons are "guardedly optimistic" both will survive.

Mercy Hospital described the girls' conditions as "good" early today.

Never have two similarly linked Siamese twins survived separation.

* * *

Dr. Harold Voris, who headed the team of 14 doctors performing the operation, said it was completed in the relatively fast time of 4½ hours. This compared to 12 hours, 40 minutes required for separation of the famed Brodie twins in 1952. Rodney Brodie, now 3½, survived; Roger died 34 days after the separation.

Unlike the Brodies, the Andrews girls, Deborah Marie and Christine Mary, now nearly 7 months old, had separate sagittal sinuses, the veins which drain blood from the brain.

* * *

In addition to separate sagittal sinuses, Dr. Voris said, each Andrews twin had a separate dura, the membranous covering of the brain beneath the skull cap. This, he added, helped reduce brain damage to a minimum in the operation.

He said skin from the babies' abdominal sections was used to cover exposed areas of their heads. Christine Mary, said to be the weaker of the two, was given a complete covering; Deborah Marie, an 80 per cent covering.

Ice-Free Windshield Created for Planes

CHICAGO (UP)—Ice-free windshields that will never shatter have been perfected by the Armour Research Foundation of Illinois Institute of Technology.

The 4½-year project was sponsored by the Wright Air Development Center and was aimed at creating failure-proof windshields that would do no more than crack under the worst military and climatic conditions.

To test the toughness of the new windshield, research engineers simulated flight conditions at extremely low temperatures, subjected it to thermal shocks such as might be encountered in flying into a super-cooled cloud and generally put it through every imaginable endurance test.

One of the most violent earthquakes ever known, at New Madrid, Mo., resulted not in destruction, but in the creation of Reelfoot Lae kwhich abounds with what has ben called one of the most teeming collections of wild life and vegetation in the world.

Approximately one-third of the sugar consumed in the world is produced from sugar beets, and two thirds from sugar cane.

Judge Who Gave Life Term Wants Battle Vet Freed by Parole Board

HARRISBURG, Pa., (AP)—A judge who sentenced William Kay to life imprisonment for murder pleaded before the state pardons board yesterday for Kay's release.

Judge L. Stauffer Oliver said that Kay, 30, and the winner of five battle stars in World War II, deserved "a lesser sentence" than that required by law.

Kay confessed the prewar slaying, which occurred during a robbery attempt, after he returned from service. He told Judge Oliver that he hoped he (Kay) would be killed in the war because his conscience bothered him.

An accomplice has since been released from prison and Oliver told the pardons board "it didn't seem fair to me that two men should get such differing terms for the same crime."

Tunisian Peace Plan Under Study in Paris

PARIS (AP)—France's government and Tunisian nationalists laid down a six-point plan today to bring eventual home rule and possible peace to the troubled North African protectorate.

The agreement in principle, reached after midnight by French Premier Edgar Faure and Tunisian Premier Tahar Ben Ammar, must still be worked out in detail before a final text is drawn up.

Then it must be approved by the aged Bey of Tunis — Tunisia's nominal ruler — and the balky French Assembly.

The Bey's approval is considered certain. But in the Assembly the agreement is certain to encounter opposition from members sympathetic to the French colonists who constitute a powerful minority in Tunisia.

About three-fourths of American farm homes have radios and sewing machines.

Church Boards Are Waking Up to Fact That Pastors' Pay Is Below Standard

NEW YORK (AP)—There appears to be a slow movement under way to do something about low clerical salaries.

Dr. Benson Y. Landis, a religious research expert and editor of the Yearbook of American Churches, says the ministry "is among the lowest paid of all professions."

On the average, he says, ministers are in debt $500 apiece. But he says there has been a stir in many denominations to give ministers a financial boost.

"The most hopeful sign is an awakening among laymen as to just what the lot of their pastor is," Dr. Landis said. "As a result, there has been some improvement since 1950."

Board members of one church, hitting on a novel way to adjust the situation, simply listed all their own salaries anonymously, then took an average, and upped the pastor's pay to that figure.

Since the incentive of the ministry is service—rather than profit—pastors are at a psychological disadvantage in doing much themselves to get a reasonable wage even when the need is genuine.

"As a national group, ministers stand lower (in pay) than blacksmiths, bookkeepers and bus drivers," said the Rev. Dr. Fred S. Buschmeyer, director of the Congregational Christian Churches Department of Ministry.

However, in a report of a survey released today, he said national averages don't mean much in determining what a local church should pay its pastor because of differences in rural and urban areas and other factors.

While nearly all the country's 187,000 Protestant pastors and 15,164 Roman Catholic resident pastors are in the lower pay brackets, (less than 1 per cent get over $10,000 a year), there are wide variations even in the limited zone.

For instances, Catholic pastors in metropolitan New York generally get $1,400 annually, plus food and rectory accommodations, while in some southern dioceses, the allowance is only $730.

Pay for Protestants usually is higher, since they must provision their own tables. Many have wives and children. Some pay their own house rent. Others do not. A few get transportation allowances.

Latest figures, from various Protestant denominations, indicate a national cash average of about $3,700 a year—or about $70 a week.

"Their pay seems to follow that of factory workers," Dr. Landis said. "Barbers, longshoremen and clerks do better. Because of the long preparation required for ministers, they're under a professional handicap."

'Tombstone' Admiral Cracking Books at 51

DES MOINES (UP) — Eugene T. Seaward, 51, who retired from the Navy last July 1 as a "tombstone rear admiral," now is working for a law degree at Drake University.

Seaward spent 30 years in the Navy, most of the time at sea, and commanded the destroyer Farenholt in support of the aircraft carrier Wasp in the invasion of Guadalcanal in World War II.

"I like the study of law, and I wanted to get my law degree, so after I retired I started in here at Drake last September," he said.

Seaward calls himself a "tombstone rear admrial" because "that's what they call those promoted in retirement." He was a captain and professor of naval science at Iowa State College when he retired.

Rookie Officer Catches Superior Breaking Law

RICHLANDS, N. C. (UP) — A rookie state highway patrolman, W. L. Murphy, listened attentively as Secretary of State Thad Eure addressed the patrol school on highway safety and the importance of curbing speeders. Then Eure administered the oath to Murphy, who swore to uphold North Carolina's traffic laws.

A few days later Murphy halted a motorist on a highway near here and wrote out a ticket. The motorist admitted driving too fast and paid $23.05 in fines. He was Eure.

Americans spend about three billion dollars a year for research, but only about 5 per cent of that is basic research as compared to applied research, says Dr. Glen T. Seaborg, chemist.

Speed Spending Slowly

SPEED, Kan. (UP) — City spending has slowed down in Speed. The city council reported it will not need to levy any taxes during the coming year because of an ample balance in the town treasury.

Famous Trichologist Tells Truth About Saving and Improving Hair

This new method of home treatment for saving and growing thicker hair will be demonstrated in Pontiac, Michigan, Sunday ONLY, April 24, 1955. Private demonstrations will be held at the Pontiac Hotel on Sunday ONLY, April 24, 2 P. M. till 9 P. M.

CHICAGO (Special)—In an interview here today Mr. E. V. Safranski, internationally famous trichologist and director of the Millard Hair and Scalp Specialists said "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

GUARANTEED

"The Millard firm, recognizing that most people are skeptical of claims that hair can be grown on balding scalps, offer a guarantee," Safranski said.

Once a person avails himself to the Millard treatment his skepticism immediately disappears. To insure this we offer this guarantee: "If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

HOPELESS CASES DISCOURAGED

First the Millard specialists are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin, or colorless, the Millard people can perform wonders.

Every one is given a complete, private examination to determine the condition of his scalp, and cause for his hair trouble.

FREE EXAMINATIONS

This examination is very thorough and highly technical, it requires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Millard firm in Chicago, and a trichologist will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Millard firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL

"We have no cure-all for slick, shiny baldness," Safranski emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Safranski wants to be certain every man and woman knows, if a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Safranski said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR?

If it worries you call Trichologist F. Laderman at the Pontiac Hotel in Pontiac, Michigan on Sunday ONLY, April 24, 2 p. m. to 9 p. m. The public is invited. You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way.

Ruth Shain Class Slates Breakfast

BIRMINGHAM—Philippine and Indonesian themes will be used in decoration for the thirty-fifth annual May breakfast and reunion of the Ruth Shain Class in international relations the morning of May 10 at the Community House.

Mrs. Waldemar A. P. John, one of the original class members, and Mrs. Carson Bingham are co-chairmen of the decorating committee assisted by Mrs. M. S. Charlton and Mrs. Harold R. Roehm.

Mrs. Shain with Mrs. John, Mrs. Fred D. Farrar and Mrs. E. W. Shattuck started her study group in 1920. There have been 1,100 meetings held since.

The class has benefited by the leader's attendance at outstanding forums, conventions and trips abroad and is sponsored by the American Association of University Women.

Mrs. R. S. Plexico is chairman of arrangements, and Mrs. George F. Green is secretary and treasurer of the class.

Mrs. Wilbur Johnstone, Mrs. Harry M. Landis and Mrs. Clarence Lee are in charge of the breakfast, and hostesses will be Mrs. Charles Layman, Mrs. William Williams, Mrs. John T. Jans, Mrs. John W. Turner, Mrs. Roy E. Robinson, Mrs. J. N. Hadjisky and Mrs. Robert Kelso.

Mrs. B. T. Lourim and Mrs. R. S. MacFarland are selling tickets and Mrs. Joel Warren is in charge of publicity. Also on the ticket committee are Mrs. M. F. Doty, Mrs. H. M. Foley, Mrs. Lee M. Hogan and Winifred Scott.

John C. Caldwell will be the speaker and Thomas Tipton of Ann Arbor will be the soloist, accompanied by Kent McDonald of Birmingham.

* * *

Mr. and Mrs. Edward S. Reid Jr. of Clifton road have just returned from a trip to Pennsylvania.

While there they attended the announcement dinner given by Mrs. Reid's brother-in-law and sister, Mr. and Mrs. Edgar Jones of Haverford, telling of the engagement of their son, William Overington Reid, to Ute Cornelia Busemann of Hampton, Va.

She is the daughter of Dr. and Mrs. Adolph Busemann of Hampton, formerly of Lubeck, Germany, and a graduate of the University of Virginia. She is studying for her master's degree at the University of Pennsylvania.

Bill was graduated from the Hotchkiss School and Swarthmore College. He is in his second year of medical school at the University of Pennsylvania.

Dr. and Mrs. Busemann came for the dinner from Virginia and Bill's brother and sister-in-law the E. S. Reids came from their home in Cambridge, Mass.

* * *

Martha Dieterle of Detroit will entertain at a shower April 30 for bride-elect Barbara Gibson. Barbara will be married in June to Frank Scott Perkin II.

DELLA MAE WOLFE

The engagement of his daughter, Della Mae, has been announced by Delbert Wolfe of Coldwater. Miss Wolfe has set a June wedding date for her marriage to Robert Hollerback, who is the son of Mrs. Helen Hollerback of Elizabeth Lake road, and Jack Hollerback of Baldwin avenue.

Interested in the Dobbs Ferry Alumnae luncheon in Detroit May 5 are several Birmingham residents. Included are Mrs. Richard VanDusen, Mrs. Harry D. Wise Jr., Mrs. W. Thomson Tamblee and Mrs. Gordon Getsinger.

* * *

Starring in the Village Players production of "Sabrina Fair" by Sam Taylor will be Mrs. George S. Dix and Dr. John B. Hassberger. The show will be given April 29, 30 and May 6 and 7 in the Playhouse and Mrs. Robert Tillotson is the director. She is assisted by Mrs. Edward S. Reid Jr.

Also in the cast are Mrs. Thomas H. Adams, Ruth Richardson, Harriett Fox, Mrs. A. S. McCall, Barbara Oglesbee, Mrs. John K. Kleene, Walter S. Skinner, Stephen Manhard, Douglas Brown and Earl Wilson.

* * *

Mrs. Wherry Martin has invited guests to a Sunday morning breakfast April 24 in her new home on Townsend street. Guests will include Mr. and Mrs. Victor Armstrong, Mr. and Mrs. Albert T. Hapke, A. Carl Horton, June Stockwell, and Mr. and Mrs Henry M. Jackson.

Others are Mr. and Mrs. W Ogden Vogt, Mr. and Mrs. Donald S. Hutton, Frederick K. Graef, Mr. and Mrs. Marshall S. Fredericks, Inez Lock and Mr. and Mrs. Thomas F. Neal.

* * *

The George Murphy family has returned home from a visit in Pekin, Ill. with Mr. and Mrs. George Jahns.

Soap Kills Bacteria

It may be disappointing to a baby learning to feel grown up through minor scratches, but soap and water are the bitterest enemies of bacteria. If he scrapes himself, suds it off quickly, rather than applying tears and bandage.

Mrs. J. E. Horak of Washington, D. C. was a guest at the bridge party which Mrs. Harold A. Fitzgerald of Ottawa drive gave Wednesday. Mrs. Horak is visiting at the Green Lake home of her daughter, Mrs. Gordon VanCamp. The parties which were held throughout the city were sponsored by the Pontiac Branch of the National Farm and Garden Association.

Zonta Club Hears Talk on Thursday

Miss Jones Tells What Happens in the "Middle Years"

The subject of a recent symposium at Michigan State College was chosen by Sarah Van Hoosen Jones for her topic as she addressed the Zonta Club Thursday afternoon.

Miss Jones divided life into three periods as she addressed members gathering for a luncheon at Hotel Waldron, on "What Happens to Women in the Middle Years."

She categorized the three as discipline, imprisonment and freedom. Beginning with school and family disciplines and then the ties of marriage or a career, Miss Jones dealt chiefly with the free period.

This begins when the children leave home or one retires, she said, and is an important era in one's life. There are "mights" or "musts" and a must for Miss Jones is working for better government on a local, state and national level.

Some of the mights include travel, gardening and various is working for better government

Miss Van Hoosen was introduced by Mrs. Florence Doty who paid tribute to her many activities.

Guests included Ora Hinckley, Phyllis Schroeder, Mrs. Pete Martin, Mrs. Ray Herrington and Alma Lair.

Several to Attend District Parley in Ann Arbor

Several Birmingham women will attend the Alpha Omicron Pi sorority district conference to be held at the Michigan League in Ann Arbor Saturday.

Featured speaker at the all-day affair will be Mrs. Philip Wolfe of Chicago.

Included in the day's activities will be three workshops, a memorial service, founders' luncheon and tea, and a bazaar at the chapter house there.

Birmingham alumni who will be in attendance include Mrs. T. M. Mordaunt, Mrs. F. Gordon Davis, Mrs. Leroy G. Vandeveer and Mrs. James Sterling.

Others will be Mrs. S. Eugene Bychinsky, Mrs. Hollister Mabley and Mrs. William R. Kamerer.

Mrs. Robert Knight Entertains Group

Final preparations for a square dance to be held Saturday evening have been made by Mary Lyon group of the Congregational Church.

Hostess for the recent meeting wa Mrs. Robert Knight of Spokane drive.

The May meeting will be held at the Drayton Plains residence of Mrs. Norman Cheal.

Willis School Has Mother-Son Banquet

At the mother and son banquet at Willis School, Mrs. Reon Baldwin gave the welcoming speech, while Ronnie St. Amant, student Council president, welcomed mothers.

Guest speaker was James Hunt, Oakland County director of juvenile services

General chairman was Mrs. John Adomitis.

Rebecca Circle Meets in Member's Home

Thirteen members of the Rebecca Circle of Oakland Park Methodist Church met at the Melrose avenue home of Mrs. Edward Tutty this week.

Devotions were given by Mrs. Betty Hunt, who used as her topic, "Who Wove the Robe?"

The May meeting will be held with Mrs. Irl Williams of Dover road.

Pontiac Press Photo

Making plans for a 25th reunion of the Pontiac High School graduating class of 1930 are Mrs. Ralph E. Price of Rochester (seated, left) and Mrs. Harmon E. Williams of North Adams road. Standing (left) is Gordon E. Reynolds of Illinois avenue with Norman W. Todd (right) of South Johnson avenue. The banquet will be held June 4 in the school cafeteria.

Trip to Israel Inspires City Women

By JUDITH L. CLEMENCE
Pontiac Press Women's Editor

If you've ever longed for a trip to a certain spot and then one day you actually are there, you'll appreciate what the recent trip to Israel has meant to Mrs. Herman Stenbuck and Mrs. Sol Newhouse.

They are home now filled with many thoughts and very much inspired.

What will probably remain longest with them it the faith and courage manifested by these people living in this very new state.

And they will remember the zeal, the selflessness of these people and their determination to give their children a happy, healthy and cultured life.

They will never forget the real democracy they found evident in Israel, its verve and spirit, its teeming with life and its desire for peace.

The travelers were impressed with the intelligence of these people, with their colleges and universities, their art centers, cultural activities and with their music which is so much a part of their lives.

The children are happy and gay and seem very much like youngsters in this country, the visitors agreed. Their experience with a Hebrew "Cowboy" proved quite exciting. When they approached him with a friendly "Hello," they were met with a barrage of words. Unable to appreciate his message, they called upon an interpreter.

In short order they found that he had been "to Tiberius and had bought a gun" with which he was about to "shoot them dead" in real western fashion!

As they journeyed along on those roads which represent the past, the present and the future, they found a great deal more of the American ideals and philosophies upon which this country was built.

They looked into the city of Bethlehem where Christ was born, the hills from which he preached; saw the Tomb of David and the trees which marked the spot where Rachel had been buried—all those things which are basic to Judaism.

Then as they turned to the other side of the Mount they saw the Mosque from which Mohammed was said to have ascended into Heaven.

They stood with awe as they thought that from this little spot they could see clearly the foundations of the three major faiths.

In Bahai (considered the most beautiful city in the world by many) they visited the Bahai Temple which is surrounded by beautiful Persian gardens. This faith which incorporates all the major faiths believes in the brotherhood of man. There are no sermons, and no ministers, but the followers read the Bible assiduously.

When they entered Tel-Aviv, they traveled down the road known as Corridor. "As we went down this road, we were told that there were no monuments to those who lost their lives in the fight for liberation.

"There were just tanks, and you felt the courage of these people in fighting for this country which did not yet have a million population," Mrs. Newhouse said.

And then they saw what this country, not yet seven years old has done in the way of education, health, science and culture.

Everywhere throughout, Israel the impact of Hadassah is felt. Hadassah is the American and Canadian Women's Zionist organization which is dedicated to the health, welfare and rehabilitation of the people of Israel.

"In America," Mrs. Stenbuck related, "Hadassah's purpose is to keep a well informed citizenry so that we may continue to keep America the democracy it is."

And it is felt in this country which thrills visitors with the beauty of its magnificent hills and rugged terrain.

Before leaving this state, the visitors breathed a prayer for those who had dedicated themselves to others, who had taken in people when they had no place to go and who had built a country filled with love and inspired by its desire for peace and freedom.

Yes, these Pontiac residents will long remember their trip to Israel and the Holy Land, and as Mrs. Stenbuck said, "It has inspired us to read our Bible with even deeper meaning."

SHIRLEY ANN WESTFALL

Mr. and Mrs. Forrest Westfall of Rochester announce the engagement of their daughter, Shirley Ann, to Rev. Burton Artz, son of Rev. and Mrs. Howard Artz of Dwight street. The young couple attended Spring Arbor College. No date has been set for the wedding.

Garden Club Has Program on Flowers

"Important Things to Remember for a Flower Show" was the topic selected by Kenneth Stephens, representing a local florist shop, who spoke before the Better Home and Garden Club Thursday afternoon at the YMCA.

Stephens also discussed flowers for a fall flower show.

It was decided by the club to continue the project of beautifying Woodward avenue. To date $1,200 has been spent for plantings and other materials.

Campfire Girls are working with the group to make residents of the area conscious of the current "Litterbug" or clean-up campaign now being sponsored by local organizations. Posters to this effect will soon be in evidence throughout this vicinity.

Chairman of the day was Mrs. Harry Armstrong, assisted by Mrs. Ray Field and Mrs. Clyde Anderson.

Fairway League Slates First Golf Date May 5

Women of the Fairway League will be teeing off for the first time this golf season on May 5.

That was decided upon as the official opening date when members gathered for their spring meeting Thursday afternoon at the Pontiac Country Club.

The club will again be home course for the league's weekly golf play each Thursday morning.

Inactive members reinstated into membership were Mrs. O. L. Burke and Mrs. John Steinhalper. Mrs. Robert Bradley and Mrs. Herbert Barnhart will also join the league's roster of playing members.

Conducting club affairs for the coming season will be Mrs. Glen Hickson, president; Mrs. John Heitsch, vice president; Mrs. Ray Hoover, secretary; and rMs. Philip Sauer, treasurer.

Mrs. Craighead Entertains Group

Queen Mary Section of the Needlework Guild met Thursday afternoon at the Calgary road home of Mrs. Charles Craighead.

Mrs. Charles Clarke, guild president, gave a detailed report of all garments given to needy families. Mrs. Alex Joss reported on the knitting which has been completed by members.

The hostess served tea to the group on the lawn at her home. Mrs. David Bickerstaff invited members to her home for the May 5 meeting.

Called to Texas

Mr. and Mrs. Paul A. Kern Sr. of Henry Clay avenue have been unexpectedly called to San Antonio, Texas, due to the illness of her father, E. G. Olivarri Sr.

Open House Slated May 5 by Clinic

A film, "Preface to a Life," produced for the National Institute of Mental Health, will be shown at the Pontiac Child Guidance Open House, May 5, at the clinic on Franklin Blvd.

The open house is in conjunction with Mental Health Week, May 1-7, and the hours for showing of the picture are 3:30 and 7:30 p.m.

Comments the institute on the presentation: "The main point of the film is to let a child grow in his own way, at his own pace. Give help when he needs it, encourage him to seek new experiences, to learn for himself and to accept discipline."

Association Will Gather on Monday

The Women's Association of the Pontiac Symphony will meet Monday afternoon at the home of Mrs. L. R. Sampson of South Shore drive, Watkins Lake.

A brief business meeting will be conducted by Mrs D. B. Hogue, president.

Mrs. T. E. Nelson will be heard in organ selections and Mrs. Francesco De Blasi, wife of the symphony conductor, will give a preview of the music to be presented next season.

Mrs. Sampson will be assisted by Mrs. J. C. Walker, Mrs. Vernon Abbott, Mrs. Frank Bonner, Mrs. Herman Dickstein and Mrs. Robert Tarr.

All women in this area interested in the perpetuation of the Pontiac Symphony are invited to join the association.

Pontiac Press Photos

Among those attending a bridge party at the Harold A. Fitzgerald home on Ottawa drive were (left to right) Mrs. William C. Ormiston, Mrs. Walter A. Eis and Mrs. Bliss Bowman, all of Birmingham. At right is Mrs. Noyce Strait of West Iroquois road. The parties held Wednesday were sponsored by the Pontiac Branch of the National Farm and Garden Association.

Another group of women who gathered at the party Wednesday were (left to right) Mrs. Robert Castell of East Iroquois road, Mrs. Donald Stearns of Waldo street, Mrs. Donald Nicholie of Washington street and Mrs. William Isgrigg of Cherokee road.

Fredericks Will Appear on Tuesday

Famous Sculptor to Address Circle at Kirk in Hills

Over nine years has elapsed since Michigan's prominent sculptor, Marshall Fredericks, was named to submit a design for the Cleveland War Memorial on the Mall.

Since that time he has produced the scale model and been commissioned to do the work which will stand as permanent tribute to those who gave their lives for their country.

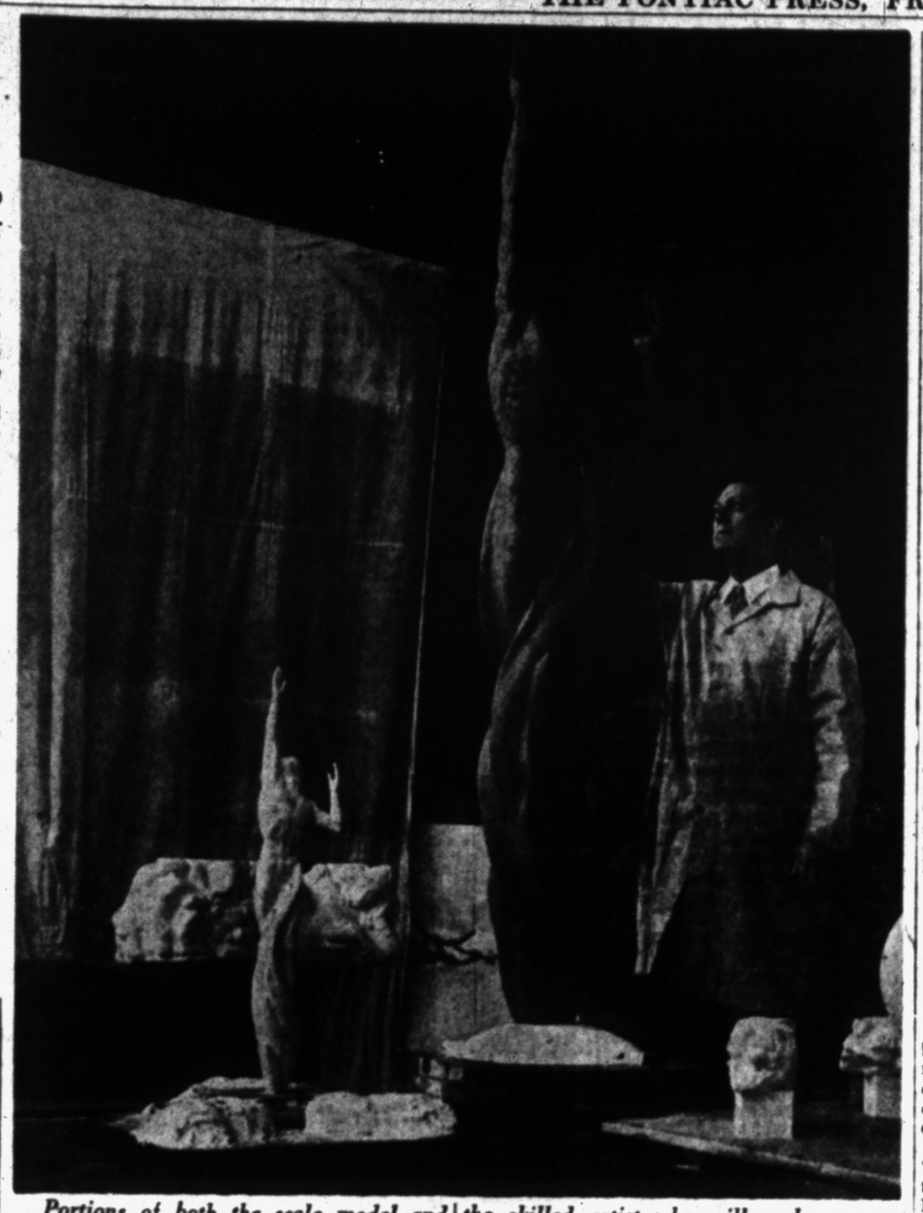
It is this and his many other projects that the nationally known artist will develop in a guest appearance before the Martha-Mary Circle of Kirk in the Hills Presbyterian Church at 8 p.m. next Tuesday.

Fredericks is famous for his fountains. One of them, the Levi Barbour Memorial Fountain, graces the Rose Garden at Belle Isle.

Detroit may claim several other sculptures of Fredericks, who endeavors to adapt his designs to the setting for which they are being created.

His relief figures stand at the Rackham Memorial Building and William Beaumont Hospital.

The former Cranbrook instructor was an associate of Carl Milles. Fredericks has his studio just south of Birmingham.



Portions of both the scale model and the actual Cleveland War Memorial being created by the deft hands of Marshall Fredericks, nationally known sculptor, are shown above. Also pictured in his studio is the skilled artist who will make a guest appearance before the Mary Martha Circle of Kirk in the Hills Presbyterian Church on Tuesday evening.

Modern Room Very Suitable for Junior Set

NEW YORK (INS)—There's no room more suitable for modern furniture than that devoted to the modern generation.

The modern mood is usually right—light and airy, and the functional design makes it easier for your junior miss or mister to keep a room neat.

Take a look at some of the newest items by top decorators. They include daybeds with interesting backs making them attractive as room dividers; simple chests with roomy drawers, plastic-topped tables with tube or wire legs and wire chairs.

One room setting, containing Charles Eames and George Nelson designs, features a thin-mattressed birch bed with fitted cover, natural cane headboard and angled legs.

Topping the bed are scatter pillows in gay colors shaped to look like a slice of watermelon, the man in the moon and a pocket watch.

Two chairs, one a lemon yellow tub-rocker and one a black wire desk number with orange-red upholstery, provide further seating.

A table, placed at the foot of the bed, is black plastic-topped with birch legs. A corner desk is in comb grain oak.

Beads for Summer

Bunchy beads will carry into summer for wear in the cooler evenings, if there are any. To set off these bulky favorites, a black camisole top of the high-rising sort.

ELIZABETH N. KROHN

Mr. and Mrs. Russell Krohn of Lake Orion are announcing the engagement of their daughter, Elizabeth N., to Edward J. Ruthenberg. He is the son of Mrs. Julia Ruthenberg of Harrison street. The couple are planning a September wedding.

Some Pick Jobs to Please Parents

By ANNE HEYWOOD

When young people are making a career decision, the wise parent will spend a little time examining the motive.

For example, two girls decide, after high school graduation, that they want to be airline hostesses.

One has had a happy time in high school, gets along well with people, is high-spirited with a good love of adventure, and thinks flying is the most exciting thing in the world.

The other, who assures you just as heartily that she wants to be an airline hostess, has always been self-conscious and shy, has been unhappy at school, and is crazy to travel and get away from home.

Obviously, the first one is choosing the field for the right reasons—love of the field itself, and proven ability at the duties it will entail.

The second girl is choosing it for the wrong reasons—as an escape to "show" people, to get prestige, and quite possibly, to snare a husband. Jeanne L. is the second type, and her story is heartbreaking.

Jeanne is an introvert, and had she been left to her own devices, I'm sure she would have entered research, probably in one of the sciences.

But Jeanne was brought up by parents who put all the emphasis on "social adjustment."

They didn't want any wallflowers around, and they made it clear in many subtle ways. They pushed Jeanne, and made her feel that marriage was a badge of success.

She had to have a date every Saturday when she was in school, or the family made her feel miserable. They gave her all kinds of advice on husband-snaring, and of course, the harder she tried, the more unattractive she got.

Finally, in desperation, Jeanne went after a job as an airline hostess. She was pretty, and she put on a good act, and she got the training.

Because her mind was good, she passed her training period and got her job. But there was a tense, over-eager look about her.

Finally, after three years of it, she finally managed to marry somebody—not for the right reasons, obviously, but in order to have the ring on the right finger.

Well Jeanne's marriage has busted up and her career is gone. She'll have to start all over again.

And all this tragedy could have been prevented if her parents had really taken the trouble to look at her as she really was!

(Copyright,1955)

Mrs. Hammett Hostess to Club

Mrs. Delbert Hammett opened her home Thursday evening for a meeting of the Loyal Neighbors Club of Going street.

Mrs. Homer Harless celebrated her birthday during the afternoon. Assisting the hostess were Mrs. Esther Seaton, Mrs. Bristol Lucas and Mrs. Harold Mills.

Compiling Cookbook Proves to Be Disappointing

By MARY MARGARET McBRIDE

If I'd dreamed it would be like this, not even courtly Mr. Melville Minton, who heads an important publishing house, could have talked me into it. It was Stella Karn, of course, who had the idea first.

Then Mr. Minton and Virginia Carrick, who's seeing the enterprise through the presses, enthusiastically joined her. And here I am, doing a cookbook.

It all began years ago, it seems now—well, a year anyway. I must have 20,000 recipes that I've collected and of course I realized I might have to pick and choose a little among them since 20,000 is a lot for a single volume.

But on one point I was absolutely adamant: I meant to have in my cookbook all the rules for the wonderful, luscious dishes of my childhood that I had wangled from the best cooks in Monroe County, Mo.—the women of my own family.

That was my first disappointment. Gloria, our level-measurement, oven - temperature home economist in charge of checking, read my mother's recipe for Charlotte Russe (Remember I said it had to be made in a brown crock?) and said with a hint of hysteria:

"A brown crock! You'd have letters from all over asking what kind of brown crock, what size . . .and where do you get a brown crock anyway? See, right here your recipe says a brown crock is very important. . ."

It is important, and rather than have that lovely rich fluff of my memory reduced to scientific accuracy, I am putting it, brown crock and all, in the history part of the book.

Then there's my grandmother's "receipt" for spoonbread that says to take an iron spoonful of lard. I thought everybody had a big iron spoon in the kitchen, but Gloria says no, hardly anybody has anymore.

Gloria also says you no longer have to pound in flour for a Swiss steak . . . and that searing meat is old - fashioned. As for salt-rising bread—the way my great grandmother made it—to hear Gloria talk, you'd think it would fail to rise everytime instead of just now and then, as it actually did.

Gloria said, "Imagine — it says ABOUT one-third cup of cornmeal and a BOWL of flour. . .how much is a bowl of flour?"

So Grandma's salt-rising, too, will appear in my cookbook only as history, not as something a modern cook can make without fear of failure.

Nor is the rejection of my most cherished recipes the end. Seems you have to furnish a dictionary with your modern cookbook. Janice Devine says that's very important.

When she was first married, her cookbook told her to baste a turkey every half-hour but not how to do it and Janice claims she thought baste meant to sew, and kept sewing at the poor bird until he was mostly thread.

And how, she further inquires, would anybody who's never cooked before know what a recipe means by "cream the sugar and butter"? She thought it meant add cream.

It looks now as if my cookbook may end up the size of Webster's Unabridged. In addition to the glossary and all those recipes, it tells the entire history of our country through food. Maybe we'll throw in a metal stand to hold it up. I'll let you know when it's ready.

Sylvan Shores Women's Club Has Style Show

The summer season made its debut for Sylvan Shores Women's Club Wednesday evening, when a parade of summer cottons was viewed by the group.

Members turned models for the fashion show sponsored by Bloomfield Fashion Shop, included Mrs. John P. Nicolls Jr., Mrs. Edward F. Collins and Mrs. Ann Kinkade.

The Sylvan Shores drive home of Mrs. Felix Ballard was the setting for the style promenade.

Assisting the hostess were Mrs. John Kinzler, Mrs. James Hampton, Mrs. Frank Holcomb and Mrs. Edward Battien.

The May meeting will be held with Mrs. Joseph Zeleznick on Sylvan Shores drive.

Group Hears Mr. Ticton

Modern techniques of piano playing by Jason H. Ticton presented a pleasant afternoon for members of Sisterhood of Temple Beth Jacob who gathered this week at the temple.

Mr. Ticton, an associate professor of music at Wayne University and music director and organist at Temple Beth El in Detroit, demonstrated how to broaden the scope of the piano.

He spoke of the music of Henry Cowell, the use of the fore arms, wrists, elbows and the strings of the instrument itself. The piano can parallel modern art.

Rabbi Sanford Saperstein led a musical invocation before the luncheonette.

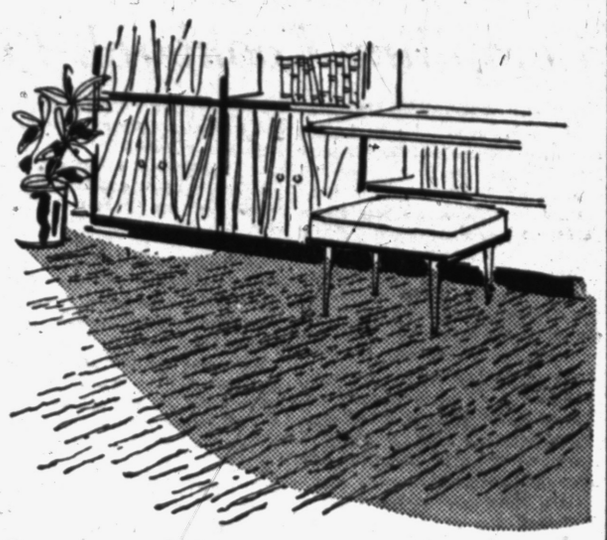
Mrs. Herman Dickstein appointed a nominating committee consisting of Mrs. Isadore Goode, Mrs. Malcolm Kahn, Mrs. Irving Steinman, Mrs. Abe Cohen, Mrs. Julian Levine, Mrs. Sol Kantor and Mrs. Harry Ackerman.

It was announced that a money making project will be held Thursday at the old temple on Orchard Lake avenue.

The closing prayer was given by Mrs. Levine.

Some people are so superior that they don't admit making any mistakes—except the intelligent kind.

The average length of life for Americans has increased by 30 years since 1850.



Smart Textured Carpets Don't Clash With Patterns

By ELIZABETH HILLYER

Today's fashionable textured carpets and rugs are especially easy to design into a room.

They have a pattern of a sort, but it's gentle and doesn't conflict with more distinct pattern used elsewhere.

And, while it has the practical advantage of not showing traffic wear and tear marks as a plain carpet does, the pattern isn't the kind that must be used only with furnishings of a certain style.

Other furnishings and the mood of a room can be changed greatly while the carpet or rug stays just as it is. But what pattern these textures do have can be used to advantage.

Here, for example, a handsome texture has a striped effect to make a narrow room look wider.

The long, softened close-spaced lines still do not hamer the use of other pattern in the room, but do seem to widen the floor area.

This texturing is achieved by alternating furrows of full loops with strips of high cut pile.

Room Mothers Have Exchange Program, Party

Webster School room mothers were in charge of the "exchange" program which took place Thursday afternoon when the third grade class of Mrs. Eta Cook was paid a visit by third graders from Holly.

Webster youngsters presented a program for their visitors and then the group showed its talents with arithmetic and spelling contests.

The 34 Holly students finished the day eating ice cream and cookies with their new-found friends.

Hostesses were Mrs. C. A. Mitchell and Mrs. Jack Gilbert.

Contrast Textures

Don't forget texture contrast for hot weather. Here's a nice combination: Smooth silk dress, jersey duster, shiny plastic handbag, matte leather gloves.

PETUNIA!

When it's window-Washing day, Don't forget This easy way!

Good reminder, Petunia! If you take horizontal swipes on one side, vertical on the other, it's simple to see where you've missed.

Girl Warned Not to Get Too Serious

Beau Informs Her He's All Mixed Up About Romance

By ELIZABETH WOODWARD

"Dear Miss Woodward: I'm 20, and I've been going with a boy who is 25 since last summer. I love him very much. Lately he has told me that I shouldn't take him too seriously because he is all mixed up!

"We enjoy being together, and he has told me many nice things when we were together, which isn't too often because we are apart so much of the time.

"I'm away at college, and I'll be graduating this year and would like to settle down.

"How can I get him to realize how much I love him?"

This young man has gently but firmly served notice on you that he doesn't take his romance with you seriously. He warns you not to let your emotions carry you away. He says he's all mixed up.

His turmoil may be just cold feet. The very cold feet of a young man who realizes that his relationship with a girl he likes very much can't stand still as it is, but must move forward. And the thought scares him.

His job may not be enough to support a marriage. He may have doubts that you're the only girl for him. He may wonder if he loves you enough to take the big chance. So he's torn between wanting to be serious and fear of letting himself go.

Under those conditions it would be useless right now to tell him how deeply you feel, and how eagerly you want to get married. In fact such a declaration of your dreams might be highly embarrassing—not to say devastating.

You, it is clear, want to make some definite plans for next year when you've finished college. You'd adore to announce your engagement right now so you could add its excitement to the last few months before graduation. You'd like to be sure of what you are going to do next.

But it wouldn't be wise to force the issue. It isn't safe to go along dreaming as you've been doing without more encouragement from him.

Why not give him time to get his thinking straightened out? Plan to stay around him next year so you can be together often in easy, comfortable companionship.

Why not get a job and learn something about the independence of your own money earned and spent? Why not spend some time learning to cook and sew so you'll be better equipped to make a home?

Why not volunteer your services to various charitable organizations so you can enlarge your contacts and list of acquaintances while serving others?

Such plans would keep you well occupied when you're not busy cementing your relationship with your young man.

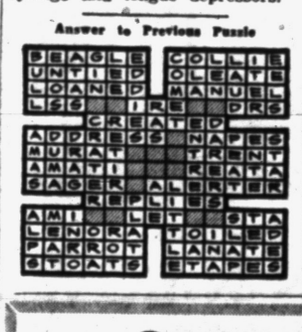
Medicine Cabinet Supply Checklist

NEW YORK (INS) — Accidents will hapen — so be sure you have sickroom and emergency supplies handy in your home.

Here's a checklist, compiled by the makers of Lysol, noting the necessities for the medicine cabinet:

Absorbent cotton, adhesive tape, fever thermometer, hot water bottle, ice bag, medicated ointment, sterile gauze pads, disinfectant, syringe and tongue depressors.

Answer to Previous Puzzle



The look of spring is in gleaming white. Shown above are chalk-white and gold colored metal combined in an adjustable necklace, bracelets and earrings to brighten darker shades of early spring and also to flatter a summer tan. Her unusual ring is a cultured pearl set on a "shell" of onyx.

Mother-Daughter Breakfast Slated

Plans were discussed for an ESA Ball to be sponsored June 4 by Alpha Alpha chapter of Epsilon Sigma Apha sorority when members met Thursday evening at the YMCA.

Mrs. Anthony Grand is chairman of the affair to be held at Westacres Community House. Maxine Miller, decorations chairman, announced that her committee will meet Thursday in her home on South East boulevard.

A mother and daughter breakfast will be held May 1 at Devon Gables with Mrs. Benjamin Sweeney serving as chairman. Mrs. L. L. Schiefler will give the invocation and Mrs. Howard Wheatley will speak to the group on coming fashions and fabrics.

Mrs. Frank Jalosky, Jr., program chairman, introduced Mary Eddy, a representative of the Michigan Bell Telephone Company who spoke on the "Emphasis of the Natural Speaking Voice."

She told how people associate the sound of the voice with people and she gave some interesting examples, voice recordings and cartoons.

Members of the chapter recorded their voices and listened to them being played back.

Mrs. Edward Hummel Jr. read a letter explaining the purpose and plans for an ESA national home for members. It was agreed by the group to make a donation now and pledge the same amount yearly for the next five years.

Mrs. Ralph L. Wilson, chairman of the nominating committee, presented a slate of officers to be voted on at the May 5 meeting, which will be held at the YMCA.

It is embarrassing to a wife to have her husband jump to perform small courtesies for other women that he never thinks of doing for her.

A real gentleman is every bit as courteous to his wife as he is to other women.

Prefer Hotel to Visiting Relatives

Couple Asks How to Refuse Invitaton Without Offending

By EMILY POST

Today's first letter tells me: "My husband and I will soon be visiting in a distant city for a week, and a relative of mine has asked us to stay at her house.

"They have a good-sized house and could easily accommodate us. However, I would much prefer to stay at a hotel. We spent some time with them last year and it was very unsatisfactory.

"Their habits are entirely different from ours and we would be much happier at a hotel. Could I possibly refuse her invitation without hurting her feelings?"

Answer: You can perhaps explain to your relative that your husbands and your own schedule will be very full and unpredictable, and that as a result you feel that you will really have to go to a hotel.

Dear Mrs. Post: Is it wrong of me, a young woman soon to be married, to help my fiance make the monthly payments on the furniture? We are both employed and each of us has a fairly good income.

My mother says that in her day this was not done; that the furniture was the entire responsibility of the man, and that it is incorrect for me to share the cost. Your views on this matter will be appreciated.

Answer: Times have changed, and today it is entirely correct for a bride-to-be to help her fiance pay for the furniture, when she is able to do so.

Dear Mrs. Post: My uncle died two years ago and his wife has recently remarried. I have always been fond of his "aunt" and still call her Aunt Mary. However, my problems concerns her new husband.

What do I call him? It seems incongruous to call her Aunt Mary and him Mr. Jones, and, on the other hand, I can't see calling a perfect stranger uncle. What is the solution?

Answer: I think the best thing for you to do is to start calling him Mr. Jones and then as you get to know him, and like him, ask him if he wouldn't rather have you call him "Uncle Harry."

Don't Let Kitchen Outshine Laundry

The home laundry, whether upstairs or down, should be as attractive, comfortable and efficient as any ultra-modern kitchen.

It should have a damp-proof floor that's easy to stand on; good lighting and ventilation; built-in storage space for soaps, detergents, bluing, starches and bleaches; ample counter space for sorting and folding clothes; a bin for soiled clothes near the washer and another for clothes-to-be-ironed near the clothes dryer; and sturdy racks for freshly ironed flatwear, as minimum requirements.

Cure Scratches

To cure scratches on red-finished mahogany, use new iodine.

Coming Events

Oakland County Association. OBS will sponsor a brunch, card party and style show at the Waterford CAI Building, Thursday at 11:30 a.m. Worthy matrons in county are taking reservations.

MARGIE JO GOODING

Dr. and Mrs. W. J. Gooding of Wenonah drive are announcing the engagement of their daughter, Margie Jo, to Cpl. Robert Ernsberger Jr. He is the son of Mr. and Mrs. Robert Ernsberger of Defiance, Ohio. The couple plans a fall wedding.

Opti-Mrs. Elect Officers

Members of the Opti-Mrs. Club were taken to the "Land of Make Believe" Thursday evening—the world of puppets.

Puppeteering was the subject of Mrs. C. A. Dennison and Mrs. John Brooks, who presented the program at the meeting held at the home of Mrs. Franklin Crawford of Commerce road.

Another highlight included election of officers. The new slate includes Mrs. Roy Lewis, president; Mrs. Tom Hruska, first vice president; Mrs. H. A. Miller, second vice president; Mrs. G. L. Herrington, secretary; and Mrs. Dave Ewalt, treasurer.

The group decided on a donation making it possible for underprivileged children to attend camp this summer. Another donation will be made to the club's project, the Michigan Children's Aid Society.

IF plump curves—

4/22

Avoid covered-up, too-formal look. Gown keyed to gay personality, taffeta rather than stiff satin, short, not trailing veil.

Miss P. C. — Neckline prettily low, sleeves brief, crisp nylon with reembroidered lace, give an almost casual air to your bridal gown. Choose the simple and fine rather than profuse ornamentation for your pretty youthful plumpness.

City PTAs Meet Thursday

Parents and teachers of three schools met Thursday for meetings of the PTA.

Central

Central PTA met during the afternoon and members were entertained by a chorus of boys and girls singing three selections under the direction of Mrs. John Zell.

The students represented the rooms of Mrs. Charles Mitchell, Mrs. Ray Meiser and Mrs. Oral Pelissier. A movie was shown describing the needs of children, and the way in which parents meet them entitled "A Preface to Life."

The movie depicted the many emotional trends children must go through in the process of growing up.

The movie pointed out how ideas of discipline have changed and that parents must be more thoughtful and be able to guide their child in wise action which will be good for the child and the society in which he lives.

Mrs. Sam Hale led the group in a discussion of the movie. Mrs. Thomas Nickols and Mrs. William Smith presided at the tea table.

Wisner

Clark Adams' message as he spoke before the Wisner PTA during the evening was on "The Community Makes Its Contribution."

Mr. Adams pointed out that the one real control we have of our government is our right to vote and that by so exercising this right and privilege you have the kind of government you want.

The meeting was directed by Loy Bennett, father vice-president, assisted by Howard Morgan. It was the last night session of the year.

The group voted to buy a Michigan flag for the students of the school.

First Methodist Church will be the scene of an annual district workshop to be held May 17. Any member wishing to attend may make reservations with Mrs. Fred Froede.

Musical selections were presented by the Wisner string instrument group and by a group of students from Washington Junior High School directed by Robert Peterson.

The social hour was planned by Mrs. Irving Cocking and Mrs. Ariel Davis homeroom representatives. They were assisted by Mrs. Ephram Wiley, Mrs. LeRoy Koch and Mrs. George Wade.

Mrs. Lester Lyons' fifth grade room won the prize for the highest parent attendance.

Baldwin

James Hunt, director of Juvenile Services for Oakland County was speaker at the evening meeting of Baldwin School PTA.

During his talk on juvenile delinquency he pointed out that causes for delinquency can be broken down into five groups.

Some children find it hard to learn in school and they withdraw from other youngsters.

Other causes are broken homes, a child who is easily led astray, parental rejection and mental deficiency.

One way to combat juvenile delinquency is for the parents to use common sense and love their child sincerely. If more money was spent on prevention there wouldn't be so many prisons.

Citizens should support any program that will help treat and detect the emotionally upset youngster. Some youngsters can be detected by the time they are 7 or 8.

Mrs. Cyril Davis president announced that Mrs. Roland Curtis will be the mother in charge of the Salk vaccinations to be given in May.

Refreshments were served with Mrs. Forest Glennie and Mrs. Everett Monroe presiding at the tea table.

Cooky Sheet Used to Bake Chip Goodies

By JANET ODELL
Pontiac Press Food Editor

Ever since the advent of the little chocolate bits, cookies made with these sweets have been prime favorites with both cooks and eaters alike. Mrs. Earl Hensel of Oxbow Lake has an excellent recipe for making these cookies in a quick and easy manner.

Mrs. Hensel substitutes several days each week as a school teacher. She belongs to St. Mary's Guild of her church and to a card club.

CHOCOLATE CHIP COOKIES
By Mrs. Earl Hensel

1¾ cups sifted flour
½ pound margarine (1 stick)
½ cup light brown sugar
½ cup white sugar
1 package chocolate chips
1 egg, unbeaten
½ teaspoon vanilla
½ teaspoon soda dissolved in 1 tablespoon hot water
¼ cup nuts

Soften shortening, add sugar, vanilla, egg and cream. Then add the dissolved soda. Mix thoroughly. Add sifted flour.

Grease large cookie sheet. Spread dough out evenly as possible using finger dipped in flour. Lastly dot chocolate bits and nuts over top of the dough. Gently press them in. Bake at 375 degrees until a light even brown, about 15 minutes. Cut in squares immediately.

Urges Atom Power Plants for Underdeveloped Areas

LOS ANGELES (AP) — John Jay Hopkins, president of the company that made the world's first atomic powered submarine, has urged that the United States make atomic industrial power available first to underdeveloped areas of the world.

Hopkins, president of General Dynamics Corp. of New York, told a founders' day gathering at Occidental College yesterday that oil, coal and hydroelectric power are still cheaper in this country than atomic power.

But, he said, costs for conventional power run much higher in many parts of the world than they do in the United States. Hopkins, whose company built the atomic-powered USS Nautilus, added:

"I think now that those who have studied this evolving atomic situation are pretty well agreed that the time has come when it is practical for private enterprise to develop atomic power for peaceful purposes. The present question is, what is the best way to get started?

"It seems to me that the answer to that question lies in what I call the 'paradox of world markets.' By this I mean that the quickest way to make atomic power generally available in our own country, in my opinion, is to make it available first abroad, and particularly in the so-called 'underdeveloped areas.'"

"Though atomic power in the United States," said Hopkins, "is not yet competitive price-wise with mineral fuels or water power, it is definitely competitive in many other countries."

"Industrialization by atom will sharply raise the income of these countries, and will make them major markets for American crops and goods through mutually beneficial trade," he said.

"The experience gained by installing atomic reactors abroad, with the cost reductions and technological improvements that are bound to result, will speed the day when it is feasible to make general use of atomic power here at home."

He said that he considered the atomic submarine built by General Dynamics to be on the "bright side" of the atomic situation. The Nautilus is far more than a weapon, he said.

"If the Nautilus were to tie up tomorrow at the dock at Groton, Conn., and connect her atomic engines to that city's power system, she could keep its lights burning and its electric engines running possibly for weeks on end—without refueling."

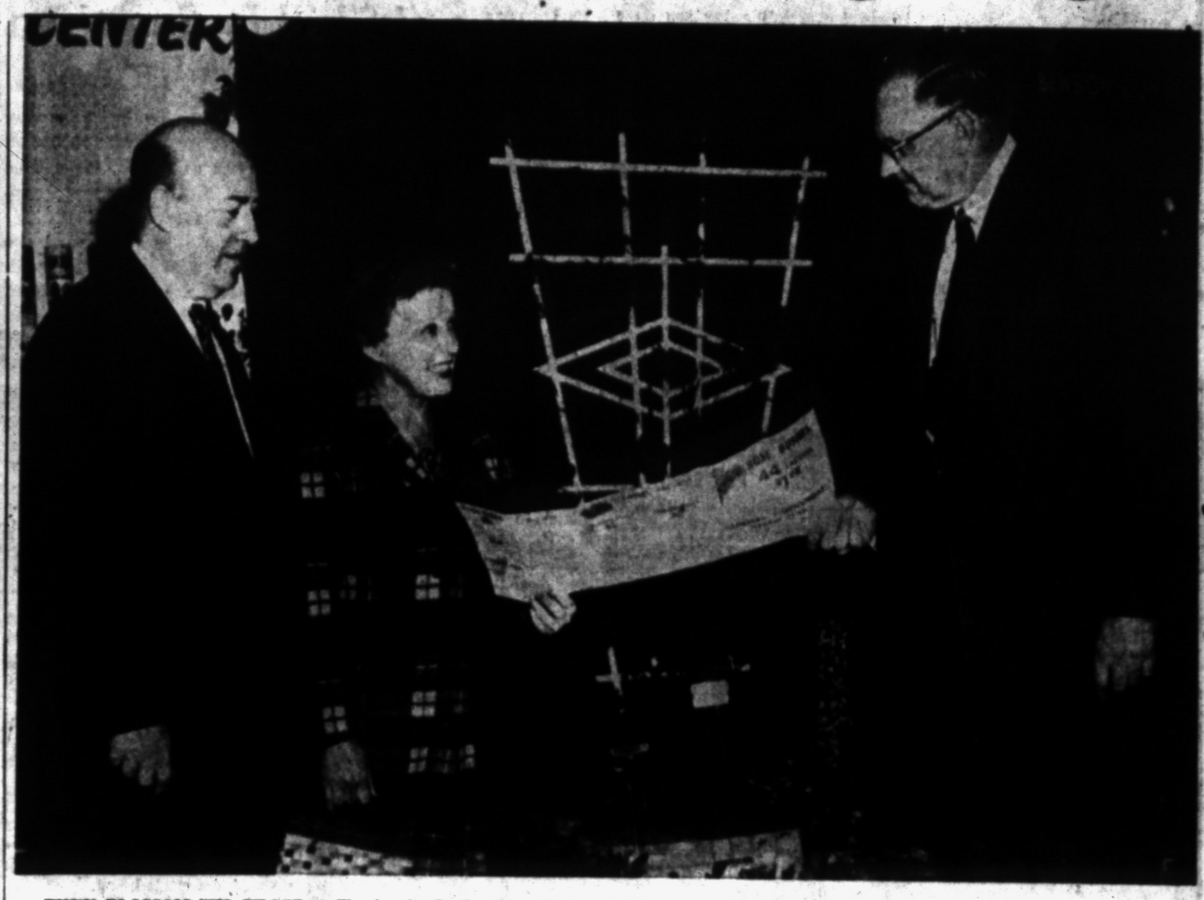
Builders' Show Attracts Hundreds Opening Night

FIRST NIGHTERS — Attending the opening night of the four-day Greater Pontiac Home and Builders' Show a record crowd viewed the 51 booths on display in the Pontiac Armory. This photo was taken at 9 p. m. Thursday night. Sponsored by the Pontiac Junior Chamber of Commerce, the show continues through Sunday at 6 p. m.

Pontiac Press Photos



THEY BLOSSOM 'TIL FROST — The lovely floribundas, climbers and the hybrid teas, blushing geraniums and borders of many-colored pansies along with many different types of evergreens are on display in a miniature garden display at the Builders' Show. Shown discussing the growth of roses are, left to right; Mr. and Mrs. J. E. Ressler of Toledo, Ohio, and Harold S. Jacobsen whose florist firm is exhibiting at the show.

Visitors Exclaim Over Home and Builders' Wares

"Home is surely where the heart is——."

House-interested-hundreds of Pontiac area folk visited the opening night of the second annual Greater Pontiac Home and Builders' Show Thursday night in the Pontiac Armory to oh and ah over:

1—Pastel steel kitchen units and natural wood-finish facilities complete with built-in ovens and counter-top stoves, double-sinks and garbage disposals.

2—Decorative sliding frosted-glass doors for the pastel bath tubs or the tiled stall shower.

3—Walls of mellow cedar, pine and maple in strips of paneling ready for the home handyman to apply himself to that new recreation room wall, the breakfast room or the den.

4—One-coat texture paints in imaginative colors and offering a variety of design possibilities.

5—Wallpapers with everything from the deep-toned backgrounds to the small documentary prints on ivory and white grounds.

6—Lush new carpeting in every type of fiber from the wool of the sturdy sheep to the new synthetics offering economy, practicality and beauty in new hues.

7—The latest in modern furnaces—many with attached air-conditioning units.

8—Building materials—running the gamut from the newest in masonry blocks to the fine-lined cedar shake.

9—Complete home workshops with every tool from the T-square to the fully equipped lathe ready for the man-with-a-hobby or the woman who wants to make her own coffee table.

10—Kitchen stoves (some in color), refrigerators, disposals, dish washers, combination washers and dryers and every other type of home appliance including radios, television sets and home pianos and organs.

Sponsored by the Pontiac Junior Chamber of Commerce, this year's show offers exhibits for the do-it-yourself enthusiast as well as those who hire-it-done.

Aluminum windows, jalousies and the louvered type, fancy screen doors which are easily converted to storm doors are also on display and then there is an exhibit which tells the home owner what to do for a leaking basement.

Another exhibit shows a complete wall of drapery fabrics with accessory pieces in furniture and wall decor to give the housewife new ideas for choosing just the right thing to change that room this spring.

And then there is the exhibit displaying the latest in fine crystal, silver and china; another for popular outdoor furnishings and patio accessories.

The most contemporary in small appliances, irons, waffle irons, coffee makers, toasters, etc., is shown in an exhibit along with an especially contrived unit displaying the difference between adequate and inadequate wiring.

What to do for the problem yard, that little garden the homeowner has been fussing with—these questions are answered in a flower and garden booth where grass seeds and fertilizers are also being shown.

For the prospective home buyer or the home owner who would like to do some improving this spring, the local banks have set up booths to explain home loans and home improvement applications.

DO IT THIS WAY — One of the new texture paints on exhibit is being demonstrated by Don Stinson for the Pontiac Paint Manufacturing Co. Watching the application process is Martin Benjamin of 468 S. Telegraph Rd.

FINE CHINA — Mrs. Charles Mason of Pontiac examines an exquisite piece of china from the exhibit of crystal, china and silver being shown by Connolly's Jewelers of Pontiac. On display is the most contemporary in new china design and many of the traditional patterns which have remained favorites over the years.

PLASTER VERSUS DRY WALL — John Benson of the Mahlon Benson Lumber Co. points out the difference between dry wall construction and the conventional plaster in the Builders' show house on display directly across from the Pontiac Armory. Built by Bensons and the F. J. Poole Lumber and Builders Supply Co., the house exhibits an exposed trussed roof construction type along with a variety of interior and exterior finishes. Different ceiling tile is shown here and the 24 by 36 structure has its partition plan marked off on the sub-floor to enable the home buyer to see what type of material and design is going into contemporary housing.

WE'D LIKE TO MODERNIZE — Mr. and Mrs. W. D. Flint of Novi came to the opening day of the Builders' Show to inspect new kitchen units being shown by the Pontiac Millwork Co. Examining the natural maple modern kitchen facility, Mrs. Flint pointed out the difference between the old-fashioned kitchen cupboard and these new units with their built-in ovens, countertop stoves and double sinks. Showing the units to the Flints is Don Dodman of Pontiac Millwork.

OUT OF A TEST TUBE — Man-made fibers are producing floor coverings in nylon and rayon and in combinations of the two which are vieing with the popular wools and cottons for top spots on the nation's floors, explains Vern Barker of Lewis Furniture Co. Showing the new synthetic carpeting to two people attending the Greater Pontiac Home and Builders' Show, Mr. Barker is at the left with Janice Fosmoen and Stan Deyo examining the sample.

Plenty of Skill Is Required for Starting Seed Indoors

Many home gardeners like to start their vegetable and flower plants indoors for later transplanting. In general garden specialists discourage this practice.

The average home lacks the space in which the plants can be successfully grown to transplanting size. The air in many homes is too dry and care of the young seedlings is too exacting. Poor quality plants are a common result.

For the person who enjoys the practice, however, Lyle Abel, Oakland County Agricultural Agent, has these suggestions to offer:

Seed to be used should be of the highest quality. Insist that they have been treated with such seed protectors as Arason, Phygon, or Ceresan. This helps prevent damping-off diseases.

Vermiculite or clean sand are commonly used for starting seedlings which are later transplanted to flats, bands, or pots. Soil used in flats should be disinfected by steaming it or heating it to 180 degrees. Formaldehyde can be used for this purpose also.

Seedlings are started in flats or shallow boxes, 2½ inches deep of a size to fit the greenhouse bench, hotbed, or coldframe. These flats should be well drained by openings in the bottom. Disinfect old flats with formaldehyde before seeding.

After filling the flats with disinfected soil or vermiculite, the seeds should be sown (6 or 8 to the inch) in shallow furrows about 2 inches apart across the flat.

Cover the seed lightly, 1½ inches deep or less, and protect the surface with burlap, newspaper or glass until the seed sprouts.

Plants which cannot readily be transplanted, such as melons, squash and cucumbers, should be seeded directly into bands or pots of composted soil.

Seedlings are ready to transplant from the seed flats as soon as the true leaves appear, usually 2 to 3 weeks after sowing. Space them in flats no closer than two by two inches. Bands or pots are also excellent to grow good quality transplants.

Water the plants carefully and thoroughly during the morning on clear bright days that will dry the foliage and soil surface quickly.

Extremes of temperature will injure the plants and should be avoided. Ventilation is necessary if hotbeds or coldframes are used. Poor growth and light green or yellowish color may be due to a need for plant food water with a solution of soluble plant food.

Ten days before they are to be set into the garden or field, the plants should be hardened by withholding water and exposing them gradually to outdoor conditions.

For more detailed instructions for growing vegetable plants, call the Oakland County Extension Office and ask for a free folder, F-141.

PLAN IT—Dream up a plan before you start to work. It will pay off in a lovelier garden.

Gardening Gives Better Results With Sound Plan

This is a good time for the home owner to sit down with a few of the gaily illustrated nursery catalogues and let his dreams have full sway.

We, of course, would like to order almost everything listed. But we must be practical.

Since most of us live on a 50-foot, or less, lot and our budget is rather limited, we have to be especially choosy and economical with both plants and space in order to get the most out of the land we live on.

Where space is limited we can use the lower-growing shade trees, dwarf fruit trees, low-growing delicious and evergreen shrubs, as well as roses, perennials, annuals and a vegetable patch where conditions permit.

So, when you sit down with those catalogues, lay out a plan on paper for the space you have available and a definite goal to be reached in a specific number of years.

Flowering Shrubs Good Garden Buy

Gardeners who are doing their spring planting will find that hardy flowering shrubs are a good buy. It's not necessary to buy full-size the small ones quickly grow into large shrubs.

Forsythias are cheerful golden rays of spring sunshine on even the grayest days. Flowering quinces are early spring choices for northern gardens and the upper Mississippi valley.

Lilacs are a perpetual favorite; a few white flowered varieties should be mixed with colored plants.

Joe McTrowell Speaks His Mind

Typewriter Gardening Easy, Slack Citizen Tells Editor

Dear Garden Editor:

For some time now I have been reading where it is so easy to have a nice garden, and about all the things you can grow without hardly any trouble.

Since you probably do all your gardening with a typewriter anyhow, I am writing this letter to set you straight about how it isn't such a snap to raise stuff in my back yard.

Every year about this time, I make up my mind to have a garden in the back yard, mostly because the little woman keeps hollering at me to get up off that chair and do something to make the place look like somebody lives here.

Well, you know how it is, when you have a wife and she says, "Get up off that chair." You get up off the chair, because it is no pleasure sitting there listening to her snarl and groan while you try to read the paper.

So I go out back and look at what I figured was safely out of the way for a while, only now it is spring again and it starts all over.

Now maybe you got a back yard someplace kids don't play and stuff doesn't get put while you're figuring out what to do with it. Me, I got cans, bottles, a busted bicycle and other items too numerous to mention cluttering up the landscape.

And let me tell you, it is no fun picking up all that junk and carrying it back to where the trash can is already overflowing. After all, I work all day, and when a guy comes home he likes to rest, but then the little woman starts hollering again, and so I pick up more junk.

By this time, I have slogged back and forth, back and forth across that lot so many times I am beginning to know every old, dead stick like my own mother, or maybe my mother-in-law. What a grouch, but that is another story, and not very amusing anyway.

So after everything movable is moved away, then I still got to pull up all the little stumps from last year's garden.

This is even harder work but my smiling bride of 16, these many years is staring out the kitchen window everytime I stop to straighten up my aching back, and there is no escape.

It is practically dark by the time I get all the dead plants pulled up, and they are scattered here and there, then I remember how Harry, the guy next door, borrowed my rake last fall or rake up his leaves, only he never got it done, because he moved away, and took my rake with him.

So I report this to the little woman, who looks at me like I was a communist or something, and she says, why didn't you think of this until just now, it is just another excuse to get out of making a garden. All the other husbands on this street can make gardens, and their wives have flowers around the house, but you, you let somebody walk off with your rake so you don't have to make a garden.

There was a lot more, but you probably wouldn't be interested, and anyhow my wife talks a lot but she keeps saying the same things over and over again like I am dumb or something.

So next week on my day off I am going down town and buy a rake, and I will write you again soon and let you know how I am making out.

So long,

Joe McTrowel

P.S. Why don't you ever write something about how much nicer it is just to have your yard kind of natural, like it was out in the woods, or something, and then it wouldn't have to be any work.

J. McT.

Apiary Fees Help Control Bee Diseases

"Bees are valuable in pollination of some 50 Michigan Agricultural crops, Lee VanAllen, state apiary supervisor, said.

"In order for our bees to do this important work, it is necessary to inspect constantly to keep bee diseases under control.

"The apiary registration fee is a small price to pay for the service given, since it means healthy bees."

The Michigan apiary registration fee, ranging from 75 cents up, is used primarily to help pay for inspection of bees to prevent disease.

Bugleweed Good Bet to Cover Bad Spots

Bugleweed, or ajuga genevensis, is one of the best and loveliest ground covers, suiting itself to shade, semishade, or full sun.

It even endures drought, increases rapidly and seems to be able to grow and thrive in the shade of trees and shrubs.

Most petroleum deposits originate in material which builds up on sea bottoms.

Act Now to Put Lawn in Shape for Summer

Challenges Fair Sex

Garden Is Man's Domain Says Male Club Leader

Garden-minded women had better look to their domain.

A rebellion is in progress. Man is taking to the hoe in increasing numbers.

And he is not content with working the garden on a 50-50 basis with women.

Take the word of Herbert Kahlert, a retired public utility sales engineer of Minneapolis. He is the new president of the Men's Garden Clubs of America, parent body of the nation's 185 men's garden clubs in 35 states.

"Men are primarily growers, women are—or should be—strictly arrangers," Kahlert said.

Men like the big flowers, women the smaller varieties, Kahlert said. The redder the flower and the bigger, the higher masculine rating it will get. The large saucer dahlia, the big-flowered chrysanthemum, the tall-spiked gladioli and delphinium all belong to the man's world.

Mother wants pastels and the smaller flowers.

Kahlert estimates there are 30 million home gardeners in the nation and about 25 per cent of them are men. And they're not all old men.

The new leader of the garden revolution said many "youngsters" under 40 from the ranks of bankers, doctors, lawyers, merchants and scientists are joining the movement daily.

Kahlert is a robust 70 himself but his springy step, erect bearing, twinkling eyes and outdoor complexion belie his age. He credits it all to the quiet of his 125 by 150-foot home garden.

"A man finds peace, and contentment, and a philosophy of life in the garden," he said. "He finds, too, a challenge, and a better understanding of the laws of nature.

"And besides," he quipped, "the little women knows where he is."

Keep Old Faithfuls

In ordering seeds, try to remember that the garden is no where as large as it seems at this time of the year. Try out a few new things, but don't neglect the old faithfuls which you know do well in your garden.

SCENES TO WATCH FOR — Remember these pictures? They are a few taken at random from last year's Pontiac Press garden pages. Whether it's digging a garden plot, planting seeds, spraying trees, setting in flowering shrubs, or gardening the easy way with a bottle garden, scenes like the above will be repeated in the coming weeks. And if the gardening bug has bit you, watch the Press Garden Section each Friday for informative or entertaining articles to help you grow a better garden. If you need information, just write the Garden Editor and look for the answer in our "Quizzing the Gardener" column.

Emerald Turf Will Be Reward

Supervisor of Parks Offers Tips to Bring Lush Grass

By RAYMOND C. KELLER
Pontiac Parks & Recreation Dept.

It isn't too late to give your lawn a thorough once-over to put into top shape for the summer. A little thought and care now will save time later on and help give you that lush emerald-green grass that denotes a well kept lawn.

A good cleanup is always first on the list, to rake away all the debris that has collected over winter and give the grass underneath a breather.

A light rolling will firm the grass roots back into the soil; but don't make the mistake of rolling with a heavy roller. This will just compact your soil and make it dry and hard all summer.

There are many aeriators on the market to punch holes in your lawn giving it a beneficial cultivation and allowing air, water and fertilizer to reach the roots. Many old lawns have shown new life through cultivating the soil in this way.

Use a good grade of fertilizer, high in nitrogen, as a spring tonic to encourage lush growth now so the plant will be able to store up a food supply for the dry months ahead. Normal agricultural fertilizers are suitable; however, one of an organic base is preferred.

If there is danger of burning the foliage, then try one of the non-burning fertilizers available. Normal applications are approximately 2 to 3 pounds per 100 square feet of lawn area.

Seed the new lawn, or the bare spots in the old—one, plenty early to give the young grass a chance to grow while it is still cool and damp. Cultivate the soil well before seeding, apply your fertilizer, and use a good grade of seed

Blue grass, especially the new is still the best for sunny lawns on good soils. In the shade or on sandy soils try the fescues such as Chewings or creeping red.

About 2 to 3 pounds of seed per 1,000 square feet of lawn is sufficient and both seed and fertilizer should be cross-sown for more uniform application.

Quizzing the Gardener

Q—A Chinese azalea has not blossomed since we planted it three years ago, although it has received plenty of water and fertilizer. The foliage has turned yellow—not the green of a healthy plant. It is growing in the back of the house, facing north. Does it require sunshine?

A—All plants require a fair amount of sunshine if they are to remain healthy and produce blooms. The foliage failure is undoubtedly due to improper soil, probably too alkaline and lacking in iron.

Azaleas must have an acid soil composed of equal parts humus, gravel and good garden loam soil.

To insure acidity mix one-half pound of aluminum sulfate and two pounds of cottonseed meal with the soil about the plant.

Dig up the plant now and move it to a sunnier location and replant in the recommended soil. Be sure drainage is adequate and do not overwater or plant deeper than the azalea grew originally.

Q—Are glazed pots better for house plants? I have heard it said that plants will do much better in them than in the ordinary clay pots.

A—In the usual home, the air is very dry and evaporation through ordinary clay pots is rapid.

Therefore, the glazed pots may be better during the winter months. However, if clay pots are set in a saucer and watered from below, that trouble may be largely overcome.

When plants are watered every day, the danger of the roots drying due to evaporation through the clay pot is also overcome. Water young plants whenever the soil appears dry, which in some cases may be every day, in other cases not quite so often.

Q—When should seed of annuals such as zinnia and marigold be sown indoors? We plan to use fluorescent lights to hasten germination.

A—Seed shown indoors the latter part of March or in early April should produce seedlings for transplanting in the garden in early May. Strange but true—seed sown out-of-doors in late April will produce summer bloom equal to that of seed sown indoors six weeks earlier.

Gardening Indoors

Try growing a sweet potato vine or sprouting an avacado seed by setting the base of tuber or seed in a container of water. A hyacinth glass, specially shaped to force bulbs into indoor bloom, is fine for this.

WET BASEMENT?

Lick It With This ONE-TWO PUNCH!

FIRST—STOP THE LEAKS AT ONCE WITH DIKE!
Simply mix Dike with water to form a putty-like cake, and plug it into the holes or cracks. Almost like magic you will have created a strong, firm barrier that will hold back even heavy water pressure. Dike stops water flow AT ONCE. And it won't turn dark or "bleed through" the Peerless Cement Paint you apply over it.

SECOND — KEEP YOUR BASEMENT DRY AND MAKE IT DECORATIVE WITH PEERLESS CEMENT PAINT
You'll find Peerless Cement Paint is far easier to apply than any cement paint you've ever used. And because of its higher portland cement content, it produces a stronger, more durable coating that effectively seals out moisture (on both interior and exterior applications). Peerless Cement Paint not only will keep your basement bone-dry (if you have first sealed off the holes and cracks with Dike), it will also beautify it so you can turn it into a workshop, recreation room or cheerful laundry.

12 BRIGHT DECORATOR COLORS AND GLEAMING WHITE
One of the few masonry paints containing Titanium Dioxide, Peerless Cement Paint has greater hiding power — produces a more attractive appearance on exterior block, brick or stucco walls as well as basements. Available in 12 lovely decorator colors and dazzling white, it offers you a wide range of attractive color combinations.

IT CAN TAKE IT!
PEERLESS Concrete FLOOR ENAMEL
laughs back at heavy floor traffic!

Here's a coating for concrete floors that really can take it—maintaining its high gloss under heavy wear—and resisting alkalis, acids, oils and harsh cleaning compounds. For a lasting concrete floor finish, apply Peerless Concrete Floor Enamel.

Used alone or over other types of paint, Peerless Masonry Finish beautifies and protects cement block, asbestos siding, shingles, poured concrete, brick, stucco. Made with Goodyear "Pliolite S-5" rubber base, water will not harm it. Ten lovely colors.

GOODYEAR Pliolite S-5
Made from Goodyear's Pliolite S-5, this superior rubber base enamel insures a lasting finish for concrete floors.

All of the Above Peerless Products Can Be Obtained at
Your Local Lumber & Supply Dealer
Boice Builders Supply, Distributor

Rushing Brooks Take 10th Win for Major Mark

By THE ASSOCIATED PRESS

Walter Alston, the quiet man, watched passively as his Brooklyn Dodgers set a modern major league record by winning their 10th straight since the start of the season. Then he strolled back to the clubhouse, where he fouled off two questions and smacked a third.

The first was a knuckler, hard to handle. "How long can you keep going?"

Alston puffed his cigarette. "That's anybody's guess."

The second was a curve that hung up high. "Is it the spirit? Is it better than last year?"

Alston unbuttoned his uniform shirt. "The spirit's always good when a team is winning."

The third was a fat one. "What's kept you winning?"

Alston loosened his trousers. "A combination. Hitting. Pitching. Fielding."

* * *

For a guy on the spot after the Brooks lost in '54, Alston wasn't much like a manager whose club had just won 10. He was more Except he didn't kick the waste-like Eddie Stanky after losing four. basket.

The matter-of-factness was evident among all the Dodgers. "I was on a club (Chicago Cubs) that won 21 straight once," said Coach Billy Herman. "We ain't even half way there yet."

* * *

"Heck," said Duke Snider. "We still got 144 to play."

* * *

That's the way it was yesterday after the Brooklyns had become the first team since 1900 to win its first 10 games. To do it, they put the slug on Robin Roberts' unbeaten record, pasting the best righthander in baseball and the Philadelphia Phils 14-4.

It was the only National League game played. New York at Pittsburgh was rained out. In the American, Washington knocked off first-place Boston 1-0, Chicago whipped Detroit 9-1 and New York plastered Baltimore 14-2.

Roberts never had a chance against the Brooks, who now are after the all-time record of 12 straight opening victories by the 1884 Giants. The Dodgers swung for 10 runs and 11 hits against Robin, getting rid of him with two out in the third. Seven runs were scored in the frame, but six of them were unearned after Earl Torgeson did monstrous things with Junior Gilliam's grounder that should have been the third out.

* * *

Brooklyn wound up with 17 hits including four homers—three of the big clouts off Roberts. Jackie Robinson, Snider, Sandy Amoros and Don Zimmer hit the home runs. Zimmer also doubled twice and singled.

Joe Black, in relief of Russ Meyer, was the winner, looking his best since carrying the Brooks to the 1952 pennant. He worked 6 2-3 innings.

* * *

The Giants are next in Ebbets Field. Six and a half games back in sixth pace, they're throwing Jim Hearn—not Sal Maglie—at the Dodgers and Johnny Podres tonight.

In the game at Washington, Bob Porterfield hooked up in a pitching duel with Tom Brewer and finally won it in the ninth as Pete Runnels singled home the lone run. Boston got just one runner as far as third against Porterfield, who gave three hits, walked three and fanned seven in winning his second decision. Brewer (0-2) allowed five hits.

* * *

George Kell, his back troubles apparently a thing of the past, grandslammed in the third to get Chicago's route of the Tigers started. Ned Garver had purposely walked Minnie Minoso to get Kell. Mike Fornieles (2-0) lost his shutout when Al Kaline homered in the sixth.

* * *

The Yankees climbed within one game of the leading Red Sox—along with Chicago and idle Cleveland—as Bob Turley (2-0) five-hit his former Baltimore mates. The swifty whiffed 7, running his total to 17, but walked 8. Lou Kretlow survived a four-run first inning that opened with Hank Bauer's homer, but left in the fourth as the Yanks got six. New York got 16 for the game.

Homer Wrecks Tigers

CLEVELAND (AP)—The home run pitch still haunts the Detroit Tigers.

This was one of the major problems for manager Bucky Harris tonight as the Tigers opened a three-game series with the champion Cleveland Indians.

Tigers were ruined in Detroit yesterday when Ned Garver served up the fattest pitch of them all to Chicago's George Kell: a home run ball with the bases loaded.

Kell's grand-slammer started the White Sox on their way to a 9-1 romp, and put Harris to wondering what he can do to cut down on the opposition's home run production.

The home run ball has wrecked the Tigers for the past two seasons. Last season, Detroit pitchers gave up 136 homers while Tiger batters collected only 86. In 1953, Tigers were "outhomered," 154 to 108.

So far—thanks to the surprising slugging of Al Kaline—Tigers have topped the opposition in home runs. They've hit nine, compared to five by the enemy.

But how long can this last? Harris expects to find out this weekend as the Tiger hurlers go up against the hard-hitting Indians, who last season led the American League in home runs.

Steve Gromek, who has won his 1st two starts, was named to oppose Cleveland's Bob Lemon, also winner of his 1st two starts.

Tigers averted a shutout against the White Sox when Kaline hit his 4th home run in two games—a drive into the upper left field deck in the 6th inning. Other than that, Tigers made only four singles off righthander Mike Fornieles.

Kaline's towering home run came after his three-homer show against Kansas City. It gave him four for the season—the same amount he hit all last year.

Kell broke up the game with his grand-slam homer in the 3rd inning. It came after the Tigers had walked Minnie Minoso intentionally to fill the bases.

Kell hit Garver's 1st pitch over the left field screen and—bingo!—the White Sox had a quick 5-0 lead. Nellie Fox had knocked in the first run with a double. Sox scored again in the 5th and 6th innings.

Serafin Flashes Brilliance, Takes Virginia Open Lead

VIRGINIA BEACH, Va. (AP)—Is John Serafin of Pittston, Pa., just a flash in the pan or has the 25-year-old son of a famous professional finally found his game to become a star on big time golf's tournament trail?

The golf circuit's veterans and younger aces who already have established themselves as stars were asking this question today as play moved into the second round in the $17,500 Virginia Beach Open Tournament.

* * *

Serafin, who's played very little on the circuit, shot a five-under-par 64 yesterday to finish in a deadlock with veteran Ted Kroll of Utica, N.Y., for the first round lead in the 72-hole test over the 6,065-yard, par 69.

Nobody was more surprised about his performance than Serafin, whose father, Felix, has long been linked with big time golf and always made his way several years ago on the play-for-pay circuit.

Serafin, who finished 17th in the 1951 Greensboro open, carded five birdies with five, seven and 10-foot putts. He was never over par but got a scare on the 200-yard 18th hole, often a troublemaker.

Kroll made seven birdies, two of them coming on difficult 18-foot putts.

A stroke off the pace with 65's were nine other professionals, including British open champ Peter Thomson of Melbourne, Australia; Dick Mayer of St. Petersburg, Fla.; Jerry Barber of Los Angeles; Leo Biagetti of Sandusky, Ohio; J. W. Stamps of Atlanta; Al Goodrich of Murfreesboro, N.C.; John J. O'Donnell of Norfolk, Va., and Marty Furgol and Porky Oliver of Lemont, Ill.

Racing Program Opens Sunday

Pontiac Area Events, However, Do Not Open Until May 8

Auto racing begins for Oakland County owners, drivers and fans this Sunday with an open house program at the Flat Rock Speedway, which along with Motor City and Pontiac M-59 tracks, will operate this season under the sanction of NASCAR (National Association of Stock Car Auto Racing).

Sunday's program will run from noon until 6 p.m. and is open to any type racing car, regardless of affiliation. Trials and tune-up runs will be made throughout the afternoon with a number of match races also expected.

First regular NASCAR program for 1955 will be May 1 at Flat Rock. Tentative plans call for an open house at the Pontiac M-59 Speedway on Saturday, May 7, with the opening races Sunday, May 8.

Ed Jones, Michigan representative for NASCAR, has announced a meeting next Wednesday, April 27, at 7:30 p.m. at the Gingellville Community Center, 3575 Baldwin avenue, for a discussion of NASCAR rules and regulations.

Pontiac area drivers, owners and racing fans are invited. Movies of the 1954 Pan-American Road Race will be shown and refreshments will be served. Further information regarding NASCAR, can be obtained from Jones at National Motor Sales, 177 S. Saginaw, FE 8-0967.

Jones also announced that among the drivers already signed to race at the three NASCAR-operated tracks are Mickey Katlin, Jack Conley, Bill Kourt and Bill Naida, all familiar to area racing fans.

STRIKEOUTS—Rush, Chicago, 13; Jones, Chicago, Conley, Milwaukee, Antonelli, New York and Haddix, St. Louis, 12.

National PGA Site to Stay Without Change

Meadowbrook Officials Say Course Is Always Championship Caliber

There will be little, if any, physical changes in the layout at Meadowbrook Country Club, site of the 1955 National PGA golf championships in July.

This is the word of Glenn M. Sisler, Meadowbrook's general chairman for the top pro event of the year. PGA tourney committeemen made a tour of the course Thursday and expressed satisfaction at its condition.

In the group were Tom Crane of Chicago, executive secretary for PGA; president Harry Moffitt of Toledo; treasurer Wally Mundt of St. Paul, Minn., and Horton Smith, Detroit CC pro, past president of PGA. Meadowbrook pro and defending PGA titlist, Chick Harbert accompanied the officials on their tour.

Some improvements will be made, but no major changes are contemplated. The course will play only slightly longer, for the tourney (6,750 yards), than it does at present for championship play, (about 50 yards).

Qualifying rounds will be played for the Michigan section on May 23.

Top Cage Teams Will Enter Motor Tourney

Three of the nation's top basketball powers will join the University of Detroit in the 4th annual Motor City basketball tournament next Dec. 27-28.

Named as entries along with the host Titans were Penn State, Toledo and Brigham Young. Noticed is the absence of Wayne University for the 1st time since the tourney's inaugural in 1952.

Because of its membership in the new President's conference, Wayne is prohibited by the league to participate in the holiday season tourney.

Second Licking Handed PHS 9

Pontiac High School's baseball Chiefs have lost two games out of four played in the 1955 young season. Flint Northern's Vikings have administered both defeats, the latest yesterday afternoon on Wisner Field, 8-5.

Each club got six hits, but other circumstances combined to blast the Chiefs' hopes.

PHS tied the count at four runs in the 3rd inning after Northern had scored twice each in the 1st and 3rd frames. Vikings then moved in front with a single tally in the 5th, but Ed Heikkinen's club came back to knot the count again, at 5-all.

Chiefs were blanked in the 7th, but Northern combined four singles for a 3-run blast and the ball game. Hamilton, who had singled to start the frame, scored the winner on Craig's popup back of 2nd base.

Chiefs meet Port Huron in a double-header Saturday, starting at 1 p.m. on Wisner Field.

U-D Gridders End Spring Drills Saturday

After 20 days of drills through a 30 day period which was interrupted seven times because of weather and the Easter holidays, the University of Detroit is ready to call a halt to spring football sessions.

Saturday afternoon at 1:30 in full dress uniform in U of D stadium, head coach Wally Fromhart will send the Titans through the annual Red-White intra-squad scrimmage game.

Fromhart will take the role of spectator for the game as line coach Ken Stilley will direct the Red squad against assistant Bob Dove's White team.

BOARDING HOUSE REACH — A box seat spectator, with an ice cream stick in his mouth, scrambles out of the way as Dodger 3rd baseman Don Hoak leans over the railing to glove a pop foul in the 9th inning of Thursday's game with the Philadelphia Phillies at Ebbets Field. Willie Jones hit the ball. Things were popping all afternoon in Brooklyn as the Dodgers sprayed 17 hits all over the lot for a 14-4 victory, their 10th in a row since the season opened for a new major league record.

Eaglet Athletes Have Big Day With Three Victories

It was a triumphant day Thursday afternoon for Orchard Lake St. Mary as the Eaglets racked up wins in track, golf and baseball.

Paced by Gerry Leszczynski and Stan Majewski, St. Mary's track team crushed Mt. Clemens St. Mary, at Orchard Lake, 69 and 1-5 to 39 and 4-5.

Leszczynski won three events, the 220-yard dash, shot put and broad jump. He also finished 2nd in the 100-yard dash for a total of 18 points.

Majewski set a new school record in the 180-yard low hurdles with a 22.7 mark. He also won the 120-yard high hurdles, was 2nd in the broad jump, and tied for 2nd with three others in the high jump for 13 and 1-5 points.

Fielding its 1st golf team in the school's history, St. Mary's quartet defeated Detroit St. Bernard by 38 strokes in a match played at River Rouge Park. Pat Ryan led St. Mary with a 49.

Eaglets' nine opened its Suburban Catholic League campaign with a 7-6 victory over Hazel Park St. Rita at Farewell Field in Detroit.

St. Mary struck early, then staved off St. Rita's last inning rally to save the game. St. Mary's was aided by a good break in the 7th inning when St. Rita's shortstop Jerry Trudeau, doubled but was declared out for failing to touch 1st base.

Both pitchers went the distance. Pete Ziebron was the winning hurler while St. Rita's Joe Gemetti was tagged with the loss.

Summary:

St. Mary	2	2	0	3	0	0	0	—	7
St. Rita	1	0	3	2	0	0	0	—	6

Fishing Reported Good on Upper Straits Lake

Bluegill fishing in Upper Straits has been very rewarding for the past several days, according to reliable sources. The catch has been particularly heavy in shallow water through the use of poppers and dry flies. Not too many anglers are active yet, however, the report said.

The report also stated that numerous trout have been caught in Orchard Lake, but had to be returned to the water since the catch was in advance of the trout season.

Jets Play Detroiters

Anderson's Jets of the Class A City baseball league will play an exhibition game against Jackson's Apartments of Detroit Sunday at 3 p.m. on Bagley Field. Russ Lothrey and Vern Raines will divide mound duties for the Pontiac club.

Cranes Defeat Chiefs

It was another sad day in tennis for Coach Vic Lindquist's Pontiac team. The Chiefs were decisively beaten in every match at Cranbrook Thursday by the veteran Cranbrook squad. It was the Chief's 3rd straight defeat.

Baltimore	000	100	001	—	2	5	3

St. Mike Wins Season Opener

Pontiac St. Michael got off to a successful start in its bid for a Suburban Catholic League title by downing Ferndale St. James, 6-2, at Columbia-Joslyn Field Thursday afternoon.

* * *

Behind the fine 3-hit pitching of Dave Smith, St. Mike's rolled to a methodical victory. Smith was wild at times, issuing seven walks, but he struck out 11 and was effective in the clutch. He also collected two hits to further his cause and Bob Anderson banged out two safeties.

* * *

The summary:

St. James .....1 0 0 0 1 0 0—2
St. Michael .....0 0 0 2 1 3 x—6
McDonald and Schott; Smith and Schwarts.

Union Nine Drills

Members of the CIO No. 594 ball club will hold rehearsals twice this week, tonight at 5:30 and Sunday at 2 p.m. Both will be held on Washington Junior High field. Any candidates wishing tryouts should be on hand at either session.

Williams Still Would Be Welcome, but Red Sox Are Doing Well With Throneberry in Left Field

BOSTON (AP)—Ted Williams, silent, retired slugger, casts a shadow over American League turnstiles while his former Boston Red Sox teammates concentrate on winning games.

* * *

The permanence of the baseball retirement Williams announced last season remains a subject of hot debate as Ted fishes off the Florida coast awaiting a war-of-nerves divorce settlement.

* * *

Boston General Manager Joe Cronin and Field Boss Mike Higgins expressed hope through spring training Williams would show up. Williams still would be given a royal welcome but now that the season has started the Sox management is getting maximum effort from the players on hand.

* * *

Ted, 36-year-old master of a .348 batting average in 13 major league seasons, will be gravy to the club if he returns. He's no longer part of the battle plan.

Williams has promised to deliver his decision to Cronin but hasn't contacted him yet. Are the Red Sox doing anything about him?

"We'll wait until May 11," Cronin says. "After that we'll have to do something."

That's the date squads must be pared down to 25 active players plus returning servicemen.

* * *

The people who pay to watch baseball miss Williams. Though Boston fans debate the extent the big guy could help the Sox, the simple fact remains he's a major drawing card. Some 15,000 people gave Williams an ovation in his "last" game in September on a club finishing 42 games out of first place. Ted obliged with his 366th major league home run—a patented high drive into the right field seats.

Only 8,000 showed up for the second game with the New York Yankees in Fenway Park on a summery day last Friday though the hustling Sox were red hot. Yesterday a mere 1,900 appeared in Washington to look at the league-leading Bostonians.

Fans appear to be taking a wait-and-see attitude toward the 1955 Red Sox who are off to a flying start a game ahead of the pack with a 6-2 record. Interest is climbing fast. To keep it up, Boston must keep winning or give the fans Williams.

The players aren't talking about the missing No. 9. One of the major factors in Boston's winning start has been ex-serviceman Faye Throneberry, a lefthander playing in Ted's left field spot and hitting in his No. 3 slot in the batting order. Throneberry is no Williams with a bat but he's been hitting .357. He's also very fast and a good fielder.

* * *

Perhaps the best rundown of the Williams situation was that of veteran Yankee Manager Casey Stengel in his recent visit:

"I like Williams. He's always been a great ball player. I thought he would be back. Any man that hits like Williams will help a ball club. You need those fellows that can get three runs at one clip.

"There are only two groups that don't want Williams back. They are some pitchers and some managers. He takes bread out of the mouth of some pitchers to hear them tell it. But I'm all for him. I want him back just like you fellows up here in Boston.

* * *

"He'll help the league and he'll help the town. But I don't think he will be back now. I think he would have been here if he was coming."

* * *

One thing is sure. There's always a place for a .348 hitter—especially when he has the magic batting touch of Theodore Samuel Williams.

Wildlife Nursery Time

Babies of the Animal World Are Now Arriving

LANSING (AP) — This is nursery time in the kingdom of animals, and the woods are alive with the newborn—clucked and cooed over by proud parents.

Already on the scene are the new offspring of fox squirrels, grey squirrels, cottontails, bear, foxes, coyotes and wolves.

Spring would seem to be the best time of the year to be born. Why have animals chosen it?

Biologists say ancestors of the animals we see now may have had their young the year around. But—and this is a theory—only those who had them in the spring survived.

Most prolific of the game animals are the cottontail rabbits, which is of course no surprise.

An adult cottontail raises three or four litters a season, with four to seven offspring in each litter. The 1st litter comes in March or April, and the last is usually born in September.

Right now, pheasants are at the height of their crowing seasons, when the cocks try to establish their harems. Conservation workers have taken to the field to check on the incidence of crows. This information is used in estimating the size of the breeding cock population.

Bear cubs are already here, arriving in the middle of the winter. Cubs are out and active.

Foxes have had their young already, too. The fox has one litter of from four to nine.

Coyotes come into the world in early April. Their litters are about the size of a dog's—from five to ten.

Still to arrive on the scene are fawns, which are usually born about June 1. An adult doe normally has twins; some of the younger does have a single fawn.

Sometimes, a doe will have a fawn late in the season—as late as September. These have little chance of survival.

Dodgers Give Varying Reasons for Great Start

High Spirit, Confidence, 'Jelling' of All Phases of Game Listed

BROOKLYN (AP)—Seven different Dodgers gave as many reasons for Brooklyn's record - breaking 10-game winning streak that began at the start of the season.

"What is the biggest difference between the current Brooklyn team and last year's disappointing club?"

This question asked of the Dodgers after they had inflicted yesterday's humiliating 14-4 defeat upon Philadelphia's Robin Roberts brought revealing replies.

"For the first time, we're getting good pitching, good hitting and good fielding all at the same time," said Manager Walt Alston.

"I'd say the biggest difference is the spirit," said Carl Furillo, the club's eading hitter with a .385 mark.

* * *

"The biggest difference, to my way of thinking, is confidence," said Jackie Robinson. "There is an air of confidence on the bench that wasn't there last year."

"It's the pitching," volunteered Roy Campanella. "The pitchers are finally living up to their reputations."

"Incentive," said Gil Hodges. "None of us is exactly proud over our showing of last year. We know we are a better ball club and we are out to prove it this year."

"I'd say the club is selling this year where it didn't last year," said Duke Snider, the club's leading RBI man with 15.

* * *

Pee Wee Reese, the club captain, probably summed it up best.

"You can't put your finger on any one thing," he said. "I'd say it is a combination of things. First of all, the attitude is a lot different. For instance, did you ever see a more determined Billy Loes? you know Billy. Last year it seemed he just didn't give a damn. This year he's all business. Robinson is in better shape than he's been in a long time, and the way Campanella is playing you'd never think he had a care in the world. He was a worried boy last year."

Youthful Stars Show Promise in Junior High Test

Washington Winner in Opening Test for J-H Athletes

Pontiac High School has a brilliant track team this year and from a glance at some of the performances in Thursday's opening junior high school meets of the season at Wisner Field, there are more outstanding youngsters on the way to coach Wally Schloerke at PHS.

Two dual meets were run off at Wisner with defending champion Washington beating Eastern, 54 5-6 to 22 1-6 and Jefferson, rated the best chance of dethroning the Braves, topping Lincoln, 66-11.

Willie Shaw and Henry DeWalt sparked Em Ghianni's Washington team to its victory. DeWalt won the 100-yard low hurdles and the pole vault. Shaw ran the 75-yard dash in 8.4 seconds, took the broad jump with a 19 foot, 3-inch leap and ran on the Braves' winning 440-yard relay team.

Jim Skinner won the shot put and high jump for Eastern.

Jimmy Hawkins and Gene Lawson were standouts for Jefferson. Hawkins was a triple winner. He sped the 100-yard dish in 10.3, ran the 100-yard low hurdles in 12.2, and leaped 20 feet in the broad jump.

Lawson won the pole vault at 9 feet, 10 inches, and won the high jump at 5-8½. He barely missed when the bar was pushed up to 5-11.

Lakesiders Victors in 3rd Golf Match

Walled Lake's golf team won its 3rd straight meet, a 4-man, 9-hole affair at Edgewood Golf Club Thursday, with a 174-181 margin over Redford Union.

Bob Stewart shot a 38 for the Vikings and Dick Dewling added a 40. Another member of the Inter-Lakes, Southfield, was nosed out by Livonia Bentley, 332-334, at Idyl Wyld, despite a fine 76 by Don Sherer. Jim Bradley also had an 82 for the losing Bluejays.

Milford topped Brighton, 198-214, at Burroughs Farms in Brighton, with Bob Murphy's 46 best.

Oldtimers 9 Plans 1st Workout Sunday

Opening workout of the 1955 season for the Pontiac Oldtimers Baseball club has been set for Sunday at Washington Junior High field. Any old timer interested in playing ball should attend this session, from 9 to 12 o'clock noon. Bud Leslie is the club manager.

Pin Observers See 3 ABC Marks Going All the Way

FORT WAYNE, Ind. (AP) — The American Bowling Congress Tournament is four weeks old and has six weeks to go but some observers believe three of the current leaders may go all the way.

The leading scores already on the boards and which some believe may hold up to the end of the tourney on June 5 are in the team, doubles and singles.

The top team total of 3,136 held by the Pfeiffer Beer quintet of Detroit will take some mighty hefty shooting to surpass. In 51 previous ABC tourneys, only six teams which won the title have bettered that figure.

* * *

Eddie Gerzine of Milwaukee has held the top spot in the singles since March 28 when he fired a commanding 738. Fred Bujack, a member of the Pfeiffer team, gave him a scare earlier this week when he banged out a 735.

The doubles score of 1,365, held by Harry Zoeller and George Pacropis of Wilkes-Barre, Pa., also appears a tough one to overcome. It is also considered possible that Bujack's 1,993 total for all events may be good enough to win the title.

Only one change occurred in the singles and two in the doubles in yesterday's shooting.

* * *

In singles, Andy Piraino II of Syracuse, N.Y., turned in games of 189, 279 and 237 for 705 and third position.

The Chicago duo of Andy Rogoznica and Dick Jensen hit for 1,295 in doubles action to move into second place. Another Chicago pair, Wally Weiss and Carl Simonis, rolling on the same squad as Rogoznica and Jensen, totalled 1,279 for seventh place.

* * *

The annual ABC convention of directors and delegates completed business yesterday by naming Fort Worth, Tex., as the site for the 1957 tournament. Next year's meet is scheduled for Rochester, N.Y. Only Miami, Fla., bid against Fort Worth but the vote was onesided in favor of the Texas city.

Injured Horse Nearly Wins Race Anyway

BOSTON (AP)—Racing fans thought there was something odd at Suffolk Downs yesterday when Cononym, a filly, took a commanding lead in the fourth race but slowed down in the final 100 yards to miss victory by half a length.

Subsequent examination by the track veterinarian showed her jaw was broken in three places, her tongue chewed in two and her mouth bleeding badly.

Cononym had banged her head on the front of the stall gate before the race but got back in place with no apparent injury.

The 4-5 favorite, Cononym could not take nourishment after the injury and her destruction was recommended.

North Branch Streak Ends After 50 Shutout Innings

Clarkston gained the baseball lead of the Wayne - Oakland League, action began in the Oakland-B, and an amazing prep streak came to an end in Thursdays play around the Oakland County area.

Jack Vincent's North Branch team, defending champions in the South Central Conference, saw a shutout string ended after 50 innings in their season opener at Ortonville.

Sparked by ace southpaw Dick Griffin, North Branch won 7 straight games, all via shutouts, last season. In the 2nd inning Thursday, Griffin issued a walk, Darwin Sanders followed with a line single and when 2 errors ensued on the hit, the Broncos' scoreless streak was ended.

However, North Branch took a 12-2 victory as Griffin worked 5 innings and struck out 12.

Clarkston stands as the only undefeated team in the W-O although the season is young. The Wolves drubbed Holly, 16-2, with Bob Yahnke fanning 10 in 5 innings. He whiffed 3 times himself, but came through with a 3-run homer in the 8-run 3rd inning.

Brighton dropped its first game, 9-8, to Northville as the Mustangs pushed over 2 runs in the last inning, and Clarenceville won its 2nd game in 3 tries by thumping West Bloomfield, 17-1.

In the Oakland-B, Avondale and Troy set their game back to today because of wet grounds, but Madison and Clawson opened with victories. Clawson edged Fitzgerald, 3-1, and Madison nudged Lake Orion, 5-4, in a night game at Royal Oak.

Billy Henderson struck out 10 and walked 2 as he set Mt. Clemens St. Mary down with 5 hits to give Rochester a 6-2 triumph and even the Falcons' record at 1-1. Earl Kitchen collected a double and triple and Dick Gray also had 2 hits.

CLEVELAND — Larry Doby of the Indians has led the league in home runs in 1952 and 1954.

Derby Favorite to Be Decided

Winner of Summer Tan, Nashua Clash Likely Choice May 7

NEW YORK (AP) — Nashua and Summer Tan, dominant powers among the 2-year-olds last year, match strides for the first time as 3-year-olds tomorrow in a mile and an eighth race that is expected to send the winner postward on May 7 as the favorite for the Kentucky Derby.

* * *

The race is the $100,000-added Wood Memorial at Jamaica from which six winners have gone on to win the big turf classic at Churchill Downs. Assault was the last in 1946. Before that the Derby-Wood winners number such top performers as Hoop Jr., Count Fleet, Johnstown, Twenty Grand and Gallant Fox.

* * *

The names of probably three other horses were expected to be dropped into the entry box but they have been all but forgotten in the arguments over the merits of the tempermental Nashua from the Belair Stud of William Woodward Jr., and Mrs. John W. Galbreath's smooth-striding Summer Tan, top money-winning 2-year-old of 1954.

Mosconi in Showdown

PHILADELPHIA (AP)—Willie Mosconi and Irving Crane meet tonight in what could be the final match of a week-long championship pocket billiards tournament.

Mosconi is undefeated in five straight games. Crane has a 4-1 record in the tourney, a round-robin affair in which the four entrants play each other twice. A Crane victory will mean a playoff between the two leaders.

Sights Leveled on Four World Marks

LAWRENCE, Kas. (AP) — Three baton teams shoot for world records in the annual Kansas Relays tomorrow but Wes Santee's try for a 4-minute mile will overshadow the entire field of 900 athletes.

* * *

Santee, who lowered his own American record to 4:00.5 at the Texas Relays three weeks ago, feels he can achieve his long-sought mark before a home state audience, providing weather conditions are good.

The relays, which start today with five decathlon events, have attracted 26 schools in the university division, 31 in the college division and 13 in the junior college class.

Oklahoma A&M and the Universities of Texas and Houston will be aiming for global marks in the 440 and sprint medley relays.

The Houston quartet of Doyle Jones, Jerry Beck, Danny Boone and Larry McBride, already has tied the 440-yard relay record of :40.5 this spring. Texas will be making a co-assault on this mark with Dean Smith, Jerry Prewit, Al Frieden and Bobby Whilden.

The Oklahoma Aggies' foursome of J. W. Mashburn, Jack Hays, Marion Muncreif and Bill Heard will be after a record in the sprint medley relay. The present mark of 3:20.2 is held by the University of Kansas. The Aggies came within one-tenth of a second of the record at the Texas Relays.

Twelve meet records will be in jeopardy. They include seven relays in the university class; the 880, mile and sprint medley in the college class and the javelin and Glenn Cunningham Mile.

* * *

Santee, who ran a 4:03.1 here last year, has traveled under 4:01 three times. Australia's John Landry holds the world mark of 3:58.

Kansas Coach Bill Easton gives Santee a good chance of hitting the 4-minute goal. The lanky runner will have two excellent pacesetters in Dick Wilson and Art Dalzell, both University of Kansas milers.

* * *

His chief opponents probably will be Ted Wheeler, Iowa middle distance runner now at Ft. Leonard Wood, Mo.; Charles (Deacon) Jones, University of Iowa freshman, and Bob Soth of Drake.

In addition to Santee, other defending champions entered in the relays include: Don Sneegas, Kansas, javelin; Bob Van Dee, Oklahoma, discus; Jay Chance, Oklahoma Baptist, 400-meter intermediate hurdles; Erwin Cook, Oklahoma, hop - step - jump; Jim Podoley, Central Michigan, decathlon, and Rich Ferguson, Iowa, 3,000 - meter steeplechase; Dean Smith, Texas, 100-yard dash; Gordon Holtz, Minnesota, shot put, and Leon Wells, Kansas, high jump.

Flat Rock Pitcher Hurls No-Hit Game

FLAT ROCK (AP)—The Flat Rock High School baseball team defeated Milan, 10-0, yesterday behind the no-hit, no-run pitching of Fred (Specs) Gladding.

The right hander struck out 14 of 21 batters to face him in a seven-inning game. Seven were retired by the infield.

Gladding, a senior, walked no one. There were no errors and no balls hit to the outfield.

He pitched a seven-inning no hitter last year.

East Trackmen in Penn Prevue

Queens, Iona Activity Is Prep for Big Relays Next Weekend

NEW YORK (AP)—Track and field athletes from more than 100 Eastern colleges, high and prep schools get their final competitive trials today and tomorrow for the Penn Relays, which will be held in Philadelphia next weekend.

The meet, which will serve as a stepping stone for the more important University of Pennsylvania competition, is the first relays sponsored by Queens and Iona Colleges. It will be held at Downing Stadium, formerly known as Triborough Stadium, on Randalls Island.

John Jacobs has coached Oklahoma track teams 34 years.

OCSC Starts Grass-Planting of Skeet Fields

One of the early preparations for the 1955 National Skeet Shooting Championships, at Oakland County Sportsmen's Club Aug. 28 through Sept. 4, is presently getting the fields ready for seeding.

During last year's shoot, wind blowing over sandy areas made shooting somewhat difficult. It was one of the few complaints registered by the national officers.

Already a sufficient covering of top-soil has been spread over the fields which have been disced and harrowed into a suitable planting condition. Fertilizer and a proper type of grass seed will be applied during the next few days.

A work-bee, in final preparation for the planting, will take place Sunday morning. Club members with rakes and wheelbarrows will donate their time and efforts.

WE ARE MOVING APRIL 23rd to our Home at 1865 Wellington St.

AROUND the park or... around the world

What can you wear everywhere this summer to look your trimmest, feel your coolest? The answer is the Virasil tropical . . . an ultra-modern blend of Dacron, worsted and *silk*. Another fabric-first, introduced by the pioneers of the first Dacron-worsted blend . . .

HART SCHAFFNER & MARX

Now, high-fashion *silk* adds to the handsome wearability of the original Dacron-worsted blend with tiny, frosty "skinkles". (A television term meaning dramatic highlights.) The Virasil brings you tailoring that is faultless. Come in and try one on. Note the superiority of its style, comfort and appearance and you'll just naturally resort to a few verbal skinkles yourself! $70

SMOKING HOT DOGS — Hideo Hamamura, 26-year-old Japanese city clerk holds up foot that appears unscathed after record-breaking win in Boston AA marathon, first of the week. Checking up on the wiry runner is Dr. W. Cohen, in BAA clubhouse moments after victory. Hamamura set time of 2:18.22 for the 26 miles, 385 yard course.

Sam Snead's Golf School

You must not make your body rigid or take a vice-like griup on the club. Relaxation means a sort of gentle firmness in your muscles, but short of tenseness. Proper relaxation is a balance point between

tenseness and looseness. Then your stroke will flow up—and back—and down—into your ball. Power will be supplied by the hip and shoulder pivot, the downward pull of the left arm and the snap of the wrists with a full, complete follow-through in the all-together movement. Your stance must be related to your height. The tall player needs a wider base than the short player. The rough guide is that his heels should be about shoulder width apart. The left foot opened a little more than the right permits a full follow through. Set the sole of your club flat on the ground back of the ball and adjust your stance to that position. Prefer an upright swing to a flat swing.

Pastrano-Troy Bout Is Headliner on TV

CHICAGO (AP)—Willie Pastrano, just a growing boy, and Willie Troy, a power swinger with 23 knockouts in 30 victories, match shots tonight in a scheduled 10-round bout at Chicago Stadium.

The good-looking Pastrano, a product of New Orleans who now is boxing out of Miami Beach, Fla., will be making his second national television appearance. In his debut before the cameras a month ago, he disposed of Al Andrews in the same ring.

Willie's middleweight test against New Yorker Troy will be viewed over NBC starting at 10 p.m. EST.

Waterford Junior Softball League Meeting Called

Waterford Township recreation director Tom Belton has called a meeting for players and managers in the Little and Junior Softball leagues of the township. The meeting will be held Monday at 7:30 p.m. at the Community Activities Building on Williams Lake road.

The Little League will be comprised of players from 11 to 15 years of age, while the 16-18 age group will compete in the Junior League.

NEW YORK — Yankee pitcher Bob Grim was a 5-0 winner over the White Sox in the 1954 season.

Majors Balk TV Ban Try

File Dismissal Motion in $250,000 Suit Brought by Portsmouth, Va., 9

NEW YORK (AP) — Minor league baseball's latest bid to ban major league broadcasts and telecasts in its territory has hit a snag with the big leagues filing dismissal motions against a $250,000 damage suit brought by the owner of the Portsmouth, Va., club.

Commissioner Ford Frick, both major leagues and their clubs filed the motions yesterday in Federal Court. They contended there was an error in venue, since neither of the leagues is in residence in New York. National League headquarters are in Cincinnati and the American League's in Chicago.

In a pre-trial examination, however, Frick testified that the majors had held important business meetings here in the past.

The suit against the majors was brought by Frank D. Lawrence, Portsmouth banker and owner of the Class B Piedmont League's Portsmouth franchise.

Jane Russell Hires Gable for Film

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—Jane Russell has talked Clark Gable into starring in "The Last Man in Wagon Mound," which Jane and Bob Waterfield are producing for their own Russfield company.

Jane and Clark are now in Mexico on location for "The Tal Men," and she must have done a very good job of convincing the king.

Can you imagine Jane as Clark's boss? She won't be in the western herself, but he will have four other leading ladies to make love to.

With the contract with Gable definitely signed, this will be one of the first of the six pictures Jane and Bob will make for United Artists.

* * *

Yvonne Doughty called to tell me that her romance with Jess Barker is ended but she has very nice things to say about him.

'He's a very nice guy who has had some rough going. But we were never as serious as everyone said. Next week I'm leaving to make personal appearances with my movie, 'Kiss Me Deadly' for three weeks.

"Jess and I talked everything over and decided that this is as good a time as any to say goodbye in more ways than one."

* * *

Mamie Van Doren, Universal-International's glamour girl, took off with Ray Anthony, handsome bandleader, for the tropical isles of Hawaii.

Both say maybe and perhaps they'll wed when they reach the romantic spot. However, I do know that Ray came flying back to Mamie when he read that she had been out with Bob Neal and had walked out on him. Apparently, he can't live with or without her.

She has been given time off from her studio and he has promised 20th he'll be back May 4 for the premiere of "Daddy Longlegs," in which he plays himself.

* * *

Can't think of a more appropriate time to reissue "I Remember Mama" than on Mother's Day, because Katherine Forbes' play and motion picture is about a wonderful mother.

Jimmy Grainger sai dthat he queried the exhibitors all over the country to find out what RKO picture they'd like to have reissued, and "I Remember Mama," starring Irene Dunne, won hands down.

* * *

Snapshots of Hollywood collected at random: Just before she left New York, Rhonda Fleming had a date with Tyrone Power.

The Sam Goldwyns celebrate their 30th wedding anniversary Saturday night with a quiet family dinner. Sam Jr. and his wife will be the guests. The marriage of Sam and Frances has been a good one and the Hollywood can be proud of.

Susan Hayward has moved into Ava Gardner's dressing room at MGM for "I'll Cry Tomorrow." A picture of Frank Sinatra still stood on the dressing table of the suite Ava hasn't set foot in for three years. She's been making pictures in Europe.

Sylvano Pampanini, very pretty Italian actress, (who once made a splash in print saying American stars like Clark Gable and Humphrey Bogart are too old for romantic scenes), was guest of honor at a cocktail party at the Beverly Hills Hotel.

Among the guests she greeted were Claire Trevor and Pat O'Brien. And Clark and Bogey were not there!

'Twas a very gay luncheon party of family and friends at Perino's Tuesday helping Alfred Hitchcock celebrate becoming an American citizen. Congratulations, Hitchy!

Julie London (the ex-Mrs. Sergeant Friday) makes her nightclub debut at John Walsh's 881 Club around June 1. Her boyfriend, Bobby Troup, is whipping up her act.

Ann Harding is reading the script of "Miracle in the Rain." She's being paged for the role of Jane Wyman's mother.

Beetsy Wynn and Scott Brady a new dinner duet at Jacks at the Beach.

The Ira Gershwins back home after a long and successful tour with "Porgy and Bess" in Europe. The operetta made more money abroad than in first runs in this country.

She Couldn't Duck Out

CRANSTON, R.I. (UP) — Mrs. Edna V. Stevens told the judge she regretted nearly colliding with a police car, but she was trying to avoid hitting some jaywalking ducks. Fine: $5.

Ernest Borgnine Becomes Star After Years as a Gob

By EARL WILSON

NEW YORK—Ernest Borgnine, ex-sailor, sat at the best table in the big New York restaurant—and Playwright Robert Sherwood bent down from the sky to shake his hand.

"It sounds corny," Borgnine said.

"All of a sudden people start looking at you and calling you a star. Takes me back 3 years ago when I was out there in Hollywood pounding the streets looking for a TV show—any TV show."

★ ★ ★ ★

It took the new picture, "Marty," to bring him this fame, but it took much more to get him ready because he'd been a sailor. After 10 years in the Navy, he went home to New Haven, Conn., in 1945, having decided to quit being a gob and a slob . . . and get a job.

★ ★ ★ ★

"Why not be an actor?" his mother asked him. "You're always making a darned fool of yourself."

Ernie thought of Yale Drama School nearby. Yale thought he should take two years of math, science, philosophy, and psychology.

ERNIE

"Being a brash punk, I told 'em I didn't want to be a scientist or mathematician. 'And as for psychology, I've spent 10 years looking at that stuff in the raw, boy'."

★ ★ ★ ★

So he didn't go to Yale. At the Randall School of Dramatic Arts at Hartford, he was reading a script aloud in a class when he came to the word "diamonds" which he mispronounced.

"It's die-uh-munds," the professor said.

"I'd been amongst men all my life and used to talking like them," Borgnine says. So he let out a vulgarism, very mild talk for sailors, but rough for a classroom. The students laughed at him—and he got sore.

★ ★ ★ ★

"I made up my mind I'd be an actor," he remembers.

"I worked for $30 a week in the Barter Theater down in Virginia—$5 extra for driving a truck," he says. He got into the Joe E. Brown company of "Harvey," he got married to Rhoda Kemins, pharmacists mate at Brooklyn Naval Hospital where he went for an operation.

"I got her dad and my other in-laws to thank," he says. "They never once said, 'Ernie, perhaps you ought to get out of the business'."

★ ★ ★ ★

Six-feet and 210, he fit nicely into gorilla parts. He played the murderous stockade sergeant in "From Here to Eternity" and in "Violent Saturday," he kills Lee Marvin with a pitchfork.

Along came "Marty," the story of a guy who considers himself fat and ugly—"and whatever girls want, I ain't got." Producer Hecht and Lancaster thought he could do it.

★ ★ ★ ★

"Everybody said they were nuts, tryin' to make me a nice guy. Now I suppose I'll play nice guys all the time till somebody says 'Hey, I got an idea. He could play a villain, I bet'."

And you remember the poem, "Home is the sailor, home from the sea"? Baloney. "I've been travelin' more since I got to be an actor than when I was a sailor," he says.

★ ★ ★ ★

THE MIDNIGHT EARL . . .

"Cafe Mardi Gras" (the Jackie Gleason-produced night club TV show) will be CBS' weapon—in color—vs. Geo. Gobel. Gleason Enterprises signed Pete Marshall and Tommy Farrell to m. c. it; sponsorship's near . . . Rita Hayworth's beef against "Joseph and His Brethren" was: she didn't want to play opposite Tony Curtis, who's so young. Her set deems him a "bobby-soxer."

GABY

★ ★ ★ ★

Harry Belafonte's ex-mgr., Jack Rollins, served him with papers in a five-figure law suit . . . Red Buttons says jokingly, "I'm sore at Godfrey for stealing my act. I fired writers before he did!" . . . French singaire Gaby Bruyere is unhappy—some calendar-type paintings she once posed for have turned up.

★ ★ ★ ★

John Houston's "Moby Dick" will be a $6,000,000 whale of a picture . . . Joe Louis is forming a publicity firm here . . . Jack Webb's doc told him to slow down or dum-de-dum-dum . . . Republic Pictures will do a series of "nine-day wonders"—westerns made in nine days.

TODAY'S BEST LAUGH: "You can always spot a kid from Texas," says Roger Price. "He's the one wearing a ten-gallon space helmet."

Victor Borge, visiting an Antique Show, said, "I like everything Early American but the mornings." That's earl, brother.

(Copyright 1955)

Unlucky, All Right, but Only for Attorney

DETROIT (AP) — Atty. Harry R. Bockoff was in Recorder's (criminal) Court yesterday to defend two men in a gambling case.

The men were accused of selling "lucky" numbers in a mutuels racket.

Bockoff, cross-examining Police Inspector Clayton Nowlin, raised the question whether some numbers are "lucky" and others "unlucky."

• • •

"Now wouldn't you agree, inspector, that most people consider the number '13' unlucky?" Bockoff asked.

"I hardly think so," answered Nowlin. "There are 13 letters in my name, and 13 in my wife's name, I was married on the 13th of April and assigned to the 13th Precinct April 13, 1928, and . . ."

"That's enough," interrupted Bockoff.

The United States exported 304,645 tons of cotton seed oil in 195 compared to a prewar annual average of 3,347 tons.

Eleanor Roosevelt Gets Philip Murray Award

NEWYORK (AP)—Mrs. Franklin D. Roosevelt is the recipient of the sixth annual Philip Murray award, a plaque, and $5,000 for "a lifetime of service in behalf of many people."

At the award presentation last night, Mrs. Roosevelt said:

"I can only accept it as really being given largely to my husband, because I think interest in health and welfare was always one of his interests."

She indicated the money would go to the National Foundation for Infantile Paralysis or to a boys' school in which she is interested.

There are more than 225 warships of the destroyer category in active service in the United States navy.

Slate Governor for Centennial

Williams to Be Guest at North Branch Event on June 18

NORTH BRANCH — Gov. G. Mennen Williams has been listed as the guest of honor at the North Branch Centennial ball and banquet June 16.

The centennial will run from June 16 through June 18. If Gov. Williams is unable to attend, Lieut. Governor Philip A. Hart will probably attend.

Chief Wash-Suh-Kom and members of his Chippewa tribe will appear in a program of Indian folk lore during the festivities.

The village council has outlawed the use of razor blades for some time now, and a fine crop of bushy beards can be seen on the streets, along with feminine bonnets, stove-pipe hats, and old fashioned derbys.

To raise funds for the centennial fund, the American Legion Auxiliary members are sponsoring a turkey dinner at the local Legion hall from 1-3 p.m. Sunday.

Knights Templar Set to Hold Installation

ROMEO — The Romeo Commandery of Knights Templar has announced the public installation for the 1955-56 Commandery year, at 8 p.m. today, according to Marshall A. Lock, recorder.

Installing officer will be Charles S. McIntyre, eminent grand junior warden of the Grand Commandery of the state. Installing marshal will be Kenneth W. Hildenbrand, P. C., of Monroe, vice chairman of the state membership committee.

They will be assisted by Clifton C. Gray, P. C. Outgoing commander is John W. Castellucci. Taking his place is Foyd W. Robinson.

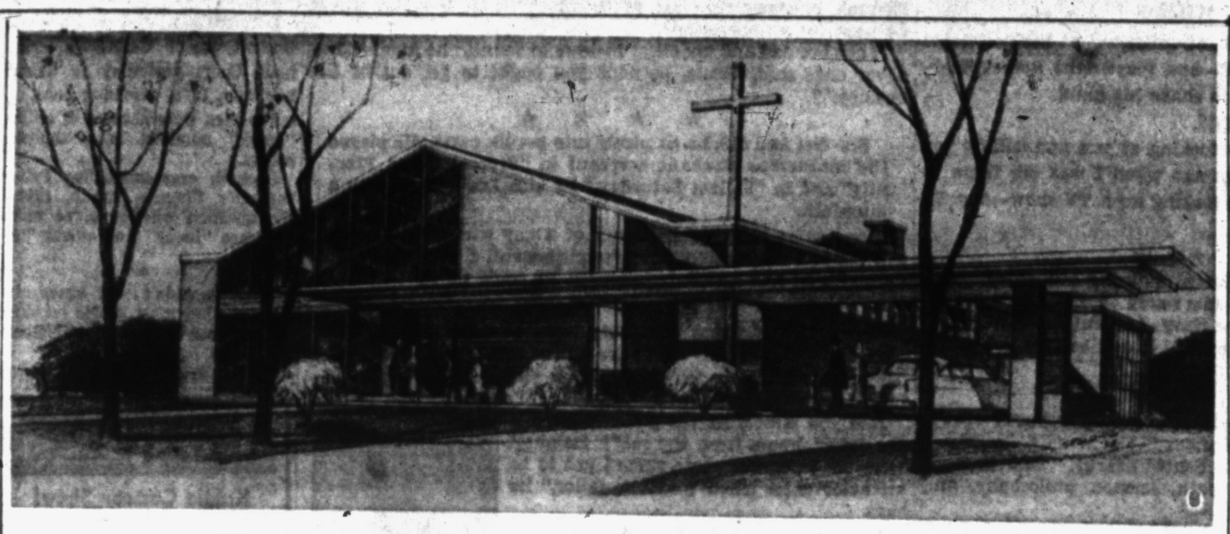
2 Drayton Girls Win Bible Reading Contest

DRAYTON PLAINS — Sandra Bougine and Marlynn Keasey placed first in their respective age groups in a Bible Reading Contest conducted by the youth groups of the Community United Presbyterian Church.

Local winners will participate in a Presbytery-wide contest on May 15 at the Southfield United Presbyterian Church. Presbyterial winners will participate in the Synod Conference, and these winners in turn, go to the national finals at the Youth Conference at Lake Geneva, Wis., this summer.

Announce Engagement

FARMINGTON TOWNSHIP — Mr. and Mrs. Edmond Zbikowski announce the engagement of their daughter, Patricia Groover, to Andre Janiffe, of Clarenceville. The young couple have set their wedding month as June. Both are graduates of Farmington High school.



CONSTRUCTION TO BEGIN—Contracts totalling $97,000 have been awarded for the new St. William Catholic Church at Walled Lake, and construction is scheduled to begin immediately. The building will accommodate seating for 850, with overflow in the choir balcony. The exterior will be face brick to match the present school building, and the interior will be done in salmon brick with wooden arches. Charles D. Hannan, AIA of Farmington is the architect.

519 Get Polio Shots at Poppleton School

TROY TOWNSHIP — Three doctors administered Salk polio vaccine inoculations to 519 children at Poppleton School Wednesday, and completed the task in one hour and 20 minutes, public health nurse Mrs. Theodore Phelan reported today. Six nurses assisted the physicians.

None of the group processed were those who received Salk vaccine in last year's test. Booster inoculations will be given to this group on May 18, when the 519 treated today also will receive their second injections.

The third injections will be given in about seven months.

Cadet Band Slates Concert Tuesday at Rochester

of Rochester Junior High School of Rochester Junior High chool, composed of 70 students, will present their annual musical program to the public at 8 p.m. Tuesday.

Directing the band will be Ward T. Reid. The program wil be held in the High School gymnasium.

A two-part proyram will be featured with marches and overtures including "The Kerry Dance," "Ceilito Lindo," and "La Golondrina."

The German Band will present three numbers in the second part.

Bake Sale Is Saturday

ROCHESTER — The Pilgrim Daughters' guild of the First Congregational Church is having a bake sale beginning at 9 a.m. Saturday at Webber's Cleaners.

County Calendar

Thomas

The Thomas WSCS is sponsoring a "Mother and Son" banquet at the Thomas Community Hall, beginning at 7 p.m. Saturday.

Southfield Township

Mrs. Florence Johnson will open her Lee Barer Drive residence to the Southfield Business and Professional Women's Club, at 7:30 p.m. today.

The Ethel Boyd society of the United Presbyterian Church will meet at 8 p.m. Monday at the church.

St. William Parish Set to Construct New Church

WALLED LAKE — Construction is scheduled to begin immediately on the new church building for St. William Parish.

Contracts for the $97,000 building have been let, and indicate a 210-day completion date.

With a face brick exterior to match the present school building, the new structure will seat 850. Overflow facilities will be available in the choir balcony.

The interior will be a warm, salmon-colored face brick, with free-standing laminated wood arches supporting a solid wood deck roof, finished in natural color.

The plan provides for two transepts, one on each side of the sanctuary. These can be enlarged at a later date if necessary by removing the cathedral glass floor-to-ceiling end wall, and extending it.

On either side of the main altar, space is provided for permanent shrines as well as confessionals and sacristies for priests and altar boys.

The contract provides for a mural over the main altar as well as an exterior ceramic tile panel at the main entrance illustrating scenes from the life of the parish patron, St. William.

Architect for the structure is Charles D. Hannan, AIA, of Farmington.

Expect Development in Holly Changeover

HOLLY — Developments are expected within a few days as to the successor to Village Manager Anders V. Hustvedt who was not reappointed by President Worth Hitchcock at the time he named the other appointive officers for the coming year.

Hitchcock and other members of the village council have under consideration a number of applicants for the job.

Hustvedt was elected village treasurer at the election last month, but the future status of that office has not been decided.

Hart Will Be Speaker at Imlay Sports Reunion

IMLAY CITY—Lt. Gov. Philip A. Hart has been announced as the guest speaker for the five-year all-sports reunion, to be held May 6.

Hart is vice president of the Detroit Tigers baseball club.

West Bloomfield Traffic Problems to Be Discussed

WEST BLOOMFIELD TOWNSHIP — Traffic problems and future road needs of the area will be discussed by traffic engineer E. W. Campbell, at an 8 p.m. public meeting Tuesday at the West Bloomfield High School.

Also present will be Township Supervisor H. M. Thatcher, and traffic study director J. D. Carroll Jr.

The West Bloomfield League of Women Voters is sponsoring the meeting.

Pre-Season Openings Held at Walled Lake

WALLED LAKE — Pre-season openings are now in effect every Saturday and Sunday at Walled Lake Park with the entire park in full operation for the weekend periods. The grand opening is planned for some time in May.

Outdoor fun may be had on the park's numerous thrill rides, including a host of kiddie rides and its many amusements of every variety. Other leading features include high-powered speedboats and outboard boats, roller skating and an excellent baseball diamond.

City Won't Sell Land to Indian Lore Group

HARBOR SPRINGS (AP)—A group promoting Indian culture and traditions was denied a request to buy land from the city of Harbor Springs but the city council has agreed to help the group find a location.

Joseph Kishigo Sr., and his son, Joseph Jr., appeared before the council on behalf of the group with a request to buy the northeast corner of the city's tourist park. The spokesmen for the group said they want to erect a building for display of Indian handicraft and for entertainment rehearsals.

Waterford OKs 2 School Plans

Bids Not Yet Received on Construction; Crary Dedication Set May 25

WATERFORD TOWNSHIP—The board of education last night gave its approval to plans for two elementary schools, to be placed at Winding Drive in Elizabeth Lake Estates, and at Midland Drive near Eagle Lake.

The plans are similar to those used for the elementary school currently under construction at Crescent Lake road, but they have been modified for the different school sites.

They were submitted by architect Eugene Cleland of George W. Mason Co. of Detroit.

Bids have yet to be taken on the two buildings.

Dedication of the Isaac E. Crary Junior High School was set for 8 p.m. May 25, by the board.

It will be followed by open house for the public in the new $1,500,000 building.

Bids were received on a well for the Crescent Lake Elementary School, and the contract was awarded to B. W. Layman of Keego Harbor, for $1,721.50.

SIXTY YEARS — Mr. and Mrs. Frank Pawloski, of 6300 Livernois Rd., Troy Township, marked their 60th wedding anniversary recently with a family dinner at the home of Mrs. Ernest W. Gray of the same address. Relatives from Lakeville, Pontiac and Utica attended the affair.

Mrs. J. H. Winborn Named Club Head

ROMEO—Mrs. James H. Winborn was elected president of the Elementary Schools Club of Romeo last night, at the annual meeting of the group held at the South School.

The new board of directors also includes Arthur Smith, parent vice president; Mrs. Walter Parsons, teacher vice president; Mrs. John Page, corresponding secretary; Mrs. Ralph Toles, recording secretary, and Harold Hayes, treasurer.

The new officers will assume their duties at the final meeting of the present school year, to be held next month.

Five topics were discussed following the election. The subjects under consideration included the aims, projects, money-raising methods, bus transportation, and the question of report cards versus progress reports.

Lake Orion Guild OKs Political Resolutions

LAKE ORION — The Immaculate Heart of Mary Guild has unanimously approved a resolution, supporting the Bricker amendment nullifying executive agreements and treaties that violate the Constitution.

They also went on record as being opposed to Red China entering the United Nations.

To Address Rotary

NORTH BRANCH — Rotarian president Dr. G. T. O'Dell has announced that District Rotary Governor Herbert L. Baird of Lapeer will be the guest speaker at the Monday meeting.

Janet N. Speas, Donald Brown Exchange Vows

LAKE ORION—Janet N. Speas and Donald H. Brown were united in marriage recently in an afternoon ceremony in the Lake Orion Methodist Church.

The bride is the daughter of Mr. and Mrs. Lyle Speas, of 801 Mt. Vernon. Mr. and Mrs. Howard Brown of 2914 Stoney Creek Rd. are the parents of the bridegroom.

A gray suit with blue accessories was the bride's choice for the rites, and she carried a white prayer book with a corsage of baby orchids.

Charmaine Kudray was the maid of honor, and Richard Brown, brother of the bridegroom, served as best man.

James and John Speas, twin brothers of the bride, and Clarence Brown and Gilbert Brown seated the guests.

A reception followed the marriage at the home of the bride's parents. After a trip through northern Michigan, the couple will return to their studies at Michigan State Normal College at Ypsilanti.

Charlotte Barber Wed in Rites at Imlay City

METAMORA — Charlotte Barber and Harry Best Jr., exchanged wedding vows recently.

She is the daughter of Mr. and Mrs. Leo Evans of Lapeer. Mr. and Mrs. Harry Best of Metamora are the parents of the bridegroom.

Plan Defense Meeting

WHITE LAKE TOWNSHIP—A township civil defense meeting has been called for the VFW hall on Union Lake Road, at 2 p.m. Sunday.

Seniors to Get College Briefing

Slate Talks, Interviews on Vocational Training Available to Students

AVON TOWNSHIP—Graduating seniors and other students will get glimpses of the future Tuesday when the annual career night is staged at Avondale High School.

The program will begin at 7:30 p.m., with parents as well as students encouraged by school officials to attend.

Purpose of the evening is to show what various colleges, universities and technical schools have to offer students for their further education.

Representatives from various schools will summarize the services offered in a general assembly in the auditorium.

They will then go to assigned group meetings, where students and parents may interview them personally.

Colleges and services represented will be the University of Michigan, Michigan State College of Agriculture and Applied Science, University of Detroit, Wayne University, Albion College, and Alma College.

Other institutions participating are Michigan State Normal College, Central Michigan College of Education, and Hillsdale College.

Also included in the program are General Motors Institute, Pontiac Business Institute, Lawrence Institute of Technology, Henry Ford Hospital School of Nursing, the four armed services, the Michigan National Guard, and the Michigan Assn. of Cosmetologists.

The program is planned by the Guidance Department of the school, with Mrs. Isobel Baker and Charles Miles directing. Honor Society students will act as hosts to the consultants.

Refreshments will be served after the program.

Talent Show, Party Scheduled by Legion

AUBURN HEIGHTS — Mrs. Ralph Bogart and Charles Hetherington are co-chairmen of the Eighteenth District annual party and talent show to be held Saturday at the American Legion Post.

A 7 p.m. steak dinner and dancing will be features of the evening. Past District Commanders and Past District Presidents of the Seventeenth and Eighteenth Districts will be honored.

Music Festival to Be Held May 1 at Orchard Lake

ORCHARD LAKE — Students of St. Mary's High School and College will present their 13th annual spring music festival Sunday, May 1, it has been announced.

The program will be held in the campus auditorium at 7:30 p.m.

Appearing as guest will be Severin Turel, well known Polish pianist. He will play several Chopin selections and his own composition "Polish Rhapsody."

The concert band will offer a program of classical and contemporary music, and the concert also will feature the Schola Cantorum. It will interpret a series of 16th century Polish selections.

The College Choir under the direction of Thaddeus Ozog and the high school glee club directed by Father John Gabalski will present a group of lighter selections, including several Polish folk songs.

Add 27 Pupils to Honor Society at Walled Lake

The National Honor Society of Walled Lake High School this week chose 27 members of the junior class and one senior for membership in the society.

A committee of students and faculty made the selections on the basis of scholarship, leadership, character, and service. To qualify a student must have a B average and only 15 per cent of the class can be elected.

Juniors elected are Bob Beckman, Charlene Carlson, Tom Coffey, Carol Deimling, Woodrow Donovan, Bill Duckwitz, Kathleen Dunne, Lester Ettinger, Lora Lee Faulman, Lauralee Farnham, Bob Hess, and Art Howland.

Others are Pat Koch, Janet Langdon, Jo Latwinski, Delores Naubert, Robin Perry, Mary Princko, Mary Roach, Janet Rocker, Sylvia Sessions, Eleanor Sherwood, Polly Skarritt, Jim Stark, Bill Stewart, Sue Tobin, and Shirley Wooden.

The only senior added to the society's roll was Bernice Umscheid.

An initiation and dinner honoring the new members will be held at the high school on Tuesday.

Dryden Couple Married in Methodist Ceremony

DRYDEN—Donna Marie Sanday, daughter of Mrs. Mildren Miles of Almont, and John C. Johnson were married at the Methodist Church recently, in an evening ceremony.

He is the son of Leon Johnson of Dryden. Mr. and Mrs. Edward Hunter were the attendants.

Pastor Will Assume Ministry at Oxford

OXFORD — The Immanuel Congregational Church has called Rev. A. Robert Harrison, of Ludrow, Vt., as their pastor, following a meeting of the active members of the church.

Married and the father of five children, the Rev. Mr. Harrison will assume his duties May 22.

Educators Airlift Scheduled Saturday

MILFORD—Fifty members of the Huron Valley school district faculty will participate in 30-minute aerial tours over Detroit Saturday.

The Educators Airlift is being conducted by Eastern Air Lines, at Willow Run Airport.

The high-flying views of the Detroit area will be staged at 9:30 p.m.

Twin Beach Group Sets Card Party Saturday

TWIN BEACH—The Women's Community Assn. of Twin Beach is sponsoring a benefit card party, to be held at 8 p.m. Saturday at the West Bloomfield Township Hall.

Proceeds from the event will be used for community improvements. The public has been invited to participate.

Jaycee Unit Honored

FARMINGTON TOWNSHIP — The Junior Chamber of Commerce has been awarded an achievement award by Jaycee state vice president W. LaMarr Watkins, for "outstanding accomplishments during the past year."

Utility Reports on Expansion

Consumers Is Building Additional Generating Capacity in State

Outstate Michigan is a growing and prospering region, in whose future Consumers Power Company is investing about $75,000,000 this year, capping 10 years of extensive postwar growth with its biggest one-year expansion program, Robert P. Briggs, executive vice-president, told a regional meeting of company stockholders at Northland Thursday night.

Briggs told an audience of some 300 shareowners that since 1945 the company has invested more than $400,000,000 on expansion to meet the electric and natural gas needs of the more than 3,250,000 persons who live in the 64 counties of the Lower Peninsula served by Consumers.

He said the company now provides service to more than 760,000 electric customers and about 400,000 natural gas customers. Its electric service reaches 1,480 communities and townships, and its gas service extends to 281 communities.

In March a new 156,250 kilowatt addition to the Weadock steam-electric generating plant on Saginaw Bay went into service. Construction on a steam-electric generation station at Muskegon, to house two 156,250 kw units, is well under way. Completion is slated late in 1956 and in 1957.

Division Manager David H. Gerhard of the company's Southeast Division was chairman of the meeting. A report on the annual meeting held April 12 in Portland, Me., was made by A. J. Mayotte, secretary.

Moore Is Promoted by Ford Company

Election of Charles F. Moore Jr. as vice president of public relations, Ford Motor Co., was announced today by Ernest R. Breech, chairman of the board.

Since becoming associated with Ford in April, 1952, Moore has served as director of public relations and has been a member of the administration committee. He also is a member of the merchandising and industrial relations committees.

MOORE

Moore was graduated from Dartmouth College in 1925. Since then, he held executive jobs on newspapers and magazines. He is married, the father of four children and resides on Lahser road in Bloomfield Hills.

Social Security Benefits Extended to Public Workers

LANSING (AP)—Lt. Gov. Philip A Hart has signed legislation to extend federal Social Security benefits to public employes now under their own pension systems—except for firemen and policemen.

Employes in each of the state, municipal and teacher pension systems must still vote on whether they want to combine their programs with the federal system.

Hart, acting in the absence of Gov. Williams, also signed bills to:

Fix the compensation paid to members of the State Board of Osteopaths;

Allow Class C (liquor-by-the-glass) licensees in a newly incorporated municipality to continue in business until the next regular or city election following the adoption of a charter.

Allow townships to appropriate money to control weeds on inland lakes.

Grand Rapids Now Has More Parking Space

GRAND RAPIDS (AP)—This city is introducing a new street parking system providing two 22-foot parking spaces served by a single parking meter installation. Each parking meter post will carry two meters.

The cars are parked bumper to bumper but space is left on each end of the two spaces to allow them to maneuver in and out.

Parking meter space in the city generally provides for a 20-foot clearance. Under the new plan there would be a total of 44 feet between meter posts.

Increasing length of newer model automobiles has made it necessary for the city to re-study the size of street parking spaces, City Traffic Engineer Jerome D. Franklin said.

Florida Legislator Goes $300 in Red Each Month

TALLAHASSEE, Fla. (INS) — Florida State Senator Ted Cabot of Fort Lauderdale points out that expenses are running about $300 a month more than he figured upon when he ran for office.

"Serving in the Legislature is like getting married," he moaned. "People tell you what it is like—but you can't know what it is until you try it."

'THE SAME TO YOU' — Five-year-old Bill Shepherd, of Evansville, Ind., returns the compliment to an impertinent burro sticking out its tongue at him. The youngster was one of the season's first visitors to his hometown Mesker Park Zoo.

Wheat Futures Slightly Lower

CHICAGO (AP) — Wheat futures were slightly lower in early Board of Trade dealings today on profit-taking sales, but there was a good demand at the lower prices.

Weather in the Southwest continued dry and unfavorable for the winter wheat crop. Demand for cash wheat in Chicago continued good.

Soybeans were off a cent or more early on selling influenced by an expansion of country offerings due to the advance in prices yesterday. Corn was lower on hedge selling, and oats were off fractionally with corn.

Near the end of the first hour wheat was ⅜ to ¾ lower, May $2.12⅞; corn was down ⅜ to ⅝, May $1.45¼; oats were ⅛ to ¼ lower, May 74¼; rye was ½ to 1 lower, May $1.01¼; soybeans were off ¼ to 1½, May $2.53⅜; and lard was 2 cents a hundred pounds lower to 3 cents higher, May $12.85.

Livestock

DETROIT LIVESTOCK

DETROIT, April 21 (AP)—Hogs salable 50. No early sales.

Cattle salable 200. Fresh receipts mostly cows, these selling fully steady; utility and commercial cows 12.50-14.00; canners and cutters 10.50-12.50; cleanup sales commercial to good 910-1100 lb slaughter steers and yearlings 17.00-22.50; utility and commercial bulls 13.50-16.50; cutters 11.50-13.50. Compared last Thursday week's receipts up moderately over previous week; cows accounted for 30-35 per cent supply; trade slow on all classes other than cows and utility and commercial steers and yearlings which were in good demand; good to choice fed steers and yearlings sold mostly 50 cents lower, spots off more; other grades about steady; slaughter heifers steady to 50 cents lower; cows fully steady, closing sales stronger; bulls and stockers and feeders steady; good to choice steers and yearling bulked at 19.50-20.00; few high choice at 20.50; utility and commercial 14.50-19.50; good and choice fed heifers 18.00-22.00, few at 23.00; utility and commercial 13.00-18.00; utility and commercial cows 12.00-14.00, with straight young cows selling on heifer orders at 14.50-15.50; utility and commercial bulls 13.50-16.50; cutters down to 11.00; good to choice stocker and feeder steer yearlings and calves 20.00-24.00; medium stockers 15.00-19.00. Calves salable 25. Today's market nominally steady. Compared last Thursday receipts up moderately over previous week; trade was slow to moderately active at about steady prices; high choice and prime vealers brought 26.00-28.00; few fancy prime vealers 28.50-30.00 early in week; good to choice vealers 18.00-26.00; utility and commercial 11.00-17.50; bulls 12.00 and below.

Sheep salable 25. Nominal. Compared last Thursday week's receipts down approximately 600 head and comprised mainly of shorn slaughter lambs; trade slow, about steady to 50 cents higher; choice to prime mostly choice shorn lambs 20.00-22.00, latter price sparingly after Monday; good to low choice 18.00-19.50; utility 12.00-16.00; few good wooled lambs 17.00-20.00; cull to choice slaughter ewes 2.50-8.50.

CHICAGO LIVESTOCK

CHICAGO, April 22 (AP)—Salable hogs 6,000; slow, uneven, steady to 25 lower on butchers, sows steady to weak; most choice 190-230 lb butchers 16.75-17.25; around a double deck mostly choice No 1 and 2 210 lb at 17.35; most No 1 and 2 grades 190-220 lb over 17.00; bulk 240-260 lb 16.25-16.75; 270-310 lb 15.50-16.25; A few 320-375 lb 14.50-15.50; sows under 450 lb mostly 13.50-14.75; a few choice under 325 lb to 15.00; larger lots 450-600 lb 12.00-13.50; good clearance.

Salable cattle 1,500; salable calves 200; all cattle steady; vealers strong to mostly 1.00 higher for two days; a 300-head string high choice 1,325 lb California steers 26.50; a load good and choice 1,125 lb Canadian steers 23.50; a few sales commercial and good steers 17.00-22.00; a few hgih commercial to choice heifers and mixed canners and cutters 10.00-12.00; a few light canners down to 9.00; utility and commercial bulls 14.75-16.25; good to prime, mostly good and choice vealers 20.00-26.00; utility and commercial grades 11.00-20.00.

Salable sheep 300; not enough lambs offered to test prices; sheep dull, weak to 25 lower; a few sales mixed grade shorn and wooled ewes 5.00-5.75.

Vets Ask Tax Exemption for Men on Active Duty

LANSING (AP)—The board of trustees of the Republican War Veterans of Michigan today recommended that all persons on active duty in the armed forces be exempt from income tax payments.

The group also approved resolutions opposing curtailment of Veterans Administration services and favoring a minimum 8.2 increase in wages for postal employes.

Plans also were discussed for an intensive recruiting campaign aimed at organizing a post in every Michigan county.

Far East: Hong Kong dollar 17.80, unchanged.

Agreement Nearing on Jobless Pay Hike

LANSING (AP) — House members headed home for the weekend today, close to final agreement on liberalization of unemployment compensation laws.

If passed by both chambers and approved by the governor, the amendments would increase maximum weekly benefits from $42 to $54 weekly for a worker with five dependents.

Other unemployed family men who build up the necessary credits would receive increases of from $1 to $12 weekly, depending on the size of their families.

Democrats tried vainly to knock down a series of Republican amendments during debate yesterday.

Stock Market Mixed, Active

NEW YORK (AP)—The Stock Market was mixed and active today in early dealings.

Steels were higher while railroads and motors were lower and aircrafts mixed.

Prices change narrowly for the most part, but the outside limits went to around 2 points in either direction.

A number of large blocks were brought out initially. They included U. S. Steel 2,500 shares up 1 at 86, Libby, McNeill & Libby 5,000 up ⅛ at 22⅛, General Motors 5,000 off ⅛ at 100, General Dynamics 2,500 up ⅝ at 70¼, and Georgia Paicfic Plywood 3,000 up ⅛ at 33⅛.

Foster Wheeler was up around a point on the news that it can build a cheaper atomic power plant. Bath Iron Works gained around 2 points.

Good gainer included Bethlehem Steel, Du Pont, Climax Molybdenum, and 20th Century-Fox.

Among losers were Chrysler, Douglas Aircraft, Boeing; Anaconda Copper, General Electric, Southern Railway, and Pacific Western Oil.

Safety Patrol Boys Selected for 4-Day Trip

Two Pontiac safety patrol boys, David Doyon and Spencer Gray, have been chosen to go to Washington, D.C., on a 4-day, all-expense trip sponsored by the Automobile Club of Michigan.

Doyon, 14, 2825 Elizabeth Lake Rd., and Gray, 15, 499 Colorado, are pupils chosen from St. Frederick and Whittier schools by the Automobile Club to represent Pontiac at the 19th AAA National Safety Patrol rally because of the overall effectiveness of their schools' safety programs.

The boys, both safety captains at their schools, will join 120 Michigan patrol boys in Detroit, May 3, to board a train for the capital.

In Washington, they will meet government officials, see Washington's landmarks and march down Constitution avenue with 30,000 safety patrol boys from the United States and Canada.

The two safety patrollers will return by train to Pontiac May 8.

Wyandotte Chemical Voting on Contract

DETROIT (AP) — Independent United Mine Workers vote today on a new contract to end an 82-day strike at the suburban Wyandotte Chemical Corp.

Terms of the settlement, reached early Thursday after a 13-hour bargaining session between the company and district 50 UMW Local 12270, include pay raises and seniority benefits.

In addition, the union won its fight to eliminate compulsory overtime and a no-strike clause from the new contract. These two issues were major obstacles to an earlier settlement.

The walkout, called Jan. 30 on the expiration of the old contract, idled 2,300 production workers. It all but paralyzed the economy of the city of Wyandotte. Workers lost an estimated two million dollars in wages.

The agreement raises wages on a sliding scale from 5 to 11 cents an hour, including a three-cent cost of living increase. Average hourly rates will range from $1.80 in the lowest pay bracket to $2.71 in the highest.

McLouth Steel Offering Huge Block of Shares

DETROIT (AP) — McLouth Steel Corp. today disclosed it is offering 155,324 shares of common stock for sale in a registration filed with the Securities and Exchange Commission.

Included in the offering are 115,625 shares from the estate of the late Donald B. McLouth, founder of the suburban Trenton firm. Mrs. Marie Y. McLouth, his widow, is offering 39,699 shares.

The company recently completed a 100 million dollar expansion program. The McLouth estate will retain 40,000 shares.

Rails Say Carloadings Up 1.6 Per Cent in Week

WASHINGTON (AP)—Carloadings increased 10,927 cars or 1.6 per cent last week over the preceding week, the Association of American Railroads reported today.

A total of 674,389 cars of revenue freight were loaded last week. This was an increase of 61,505 cars or 10 per cent above the corresponding 1954 week, but a drop of 77,239 cars or 10.3 per cent below the corresponding 1953 week.

Defendant's Question Error in Judgment

CHICOPEE, Mass. (UP) — Albert Maurer, 52, brought before District Judge Daniel M. Keyes on a drunkenness charge, asked the jurist: "We're you ever under the influence of liquor?"

The startled judge ordered Maurer committed for mental tests.

The first railroad locomotive to reach America came from England in 1829, but there is no record that it was ever operated in this country.

Today's Business Mirror

Current Outlook Is Bright, With but Few Small Clouds

By SAM DAWSON

NEW YORK (AP)—Booming business breeds optimism. So today industrial chieftains are sticking their necks out a little farther and predicting that good times will carry over into the fall and maybe into next year.

At the same time the warning voices of the cautious are growing louder.

Bankers, for instance, admit that the building boom shows every sign of making this the biggest construction year. But they warn that if the nation over-builds, and gets too far into debt while doing it, the whole economy might be shaken.

* * *

Spreading labor strife also worries many industrial executives. Bitter strikes plague some companies in the chemical, textile, telephone, railroad and electronics fields. The threat of a work stoppage still hangs over the booming auto and steel industries.

And the more glowing the reports of increased profits and prospects of still higher earnings, the more likely labor leaders may be to raise their demands.

* * *

Students of the Detroit story point to the big backlog of orders for new cars which the auto makers have from their dealers. Production schedules are for full steam ahead for weeks to come.

But for almost every new model that takes to the highway, an older, turned-in model has gone onto a used car lot. If the approach of the top driving season brings the customers into the used car lots in volume, all will be well.

Gasoline stocks are also sizably larger than a year ago. This has sparked gas price wars in a number of places across the land. Here, too, the approach of warm weather is awaited—and with confidence by oil producers who look for about a five per cent gain in consumption this year.

Business confidence is sparking some supplier industries. Makers of the goods that manufacturers buy—heavy machinery, tools, parts right on down to cotter pins—are predicting that sales this year should run higher than last by around 10 per cent.

Plans for new plant construction and purchase of new equipment are being increased as a result of the business boom.

Construction contracts so far this year have been awarded at a record rate. This should keep the building boom going for months. The amount of money lent so far this year for new homes has jumped almost a third over last year.

* * *

At the same time, the total of savings seems to be rising. Savings banks report increased deposits. Life insurance companies say sales are up 15 per cent over last year.

It couldn't look brighter—if it weren't for those few, small dark clouds.

Mediators to Hear Parke-Davis Talks

DETROIT (AP)—Federal and state labor mediators will sit in next Tuesday on new contract negotiations between Parke, Davis & Co. and CIO oil, chemical and atomic workers.

State mediators said last night that union and company officials have been bargaining unsuccessfully on a new pact for 2,000 employes since March 1. The current contract expires May 1.

Major issues in the talks are union demands for a guaranteed annual wage and a 10-cent hourly wage increase.

Meanwhile, the company reported yesterday its net earnings for the first three months of 1955 was $2,832,063 equal to 58 cents a share. In the similar period last year earnings were $2,002,996, or 41 cents a share.

Sales of $28,865,972 compared with $26,268,175 for the first three months of last year.

Lodge Calendar

Special communication of Pontiac Lodge No. 21, F. & A. M., Fri., Apr. 22, to confer the MM degree. Lodge opens at 5 p. m., dinner at 6:30 p. m. Irwin W. Mills, W. M. —Adv.

News in Brief

William Heltsley, 22, of 3951 Fierman, Clarkston, pleaded innocent to a drunk driving charge yesterday when he appeared before Municipal Judge Cecil McCallum and posted a $100 bond, pending trial Wednesday.

Pontiac Police today reported the breakin of a tire store at 30 S. Cass Ave. yesterday, but nothing had been determined stolen.

Mrs. Lydia Tressler of 67 Tregent St. today complained to Pontiac Police that thieves stole a battery from her auto last night while the car was parked in front of her home.

A bicycle, valued at $50, was reported by Arthur Thomas of 86 E. Yale St., to Pontiac Police yesterday as stolen from the rear of his home.

Pontiac District Scout Officers Are Re-elected

John A. Riley was re-elected chairman and all other district officers retained at last night's meeting of Pontiac District, Clinton Valley Boy Scout Council.

Other district officers are Harold Wright, and William DeGrace, vice chairmen; Harry Boorn, commissioner, and Glenn Lackey assistant commissioner.

Ovis Gidcomb headed the nominating committee which also recommended 27 members at large and 28 institutional representatives, all of whom were elected.

Van R. Braidwood, executive, gave the district report, pointing out that membership had increased 225 boys during the past year.

Edward Leland, council executive, discussed council activities, and Riley gave the district chairman's report.

Riley, DeGrace and Don Newman were named official representatives to the council executive board. Seventeen other scouters were suggested for board seats.

Man in Good Condition After Auto Overturns

Dayton A. Hinkle, 32, of 123 Wolfe St., whose auto overturned at Coolidge Rd. and Slouth Blvd. last night, was admitted to Pontiac General Hospital with spine injuries. He is reported in good condition.

Oakland County sheriff's deputies quoted Hinkle as saying he lost control of his auto and rolled over in a ditch.

Senate Passes Road Measure

Coleman Bill Providing Additional $35 Million Is Sent to House

LANSING (AP)—A second attempt to get a highway expansion program through the Michigan Legislature was half way to success today.

The Senate passed and sent to the House the Coleman bill, a new vehicle designed to break deadlock between the two chambers over the original Pletz bill.

The Coleman bill would raise 35 million dollars more a year for highways from a 1½ cent a gallon increase in the gasoline tax and an average 10 per cent increase in truck license fees.

The bill would give the state 75 per cent of the fund for building an arterial system of four-lane divided highways, mostly in southern and central Michigan where traffic counts show the largest amount of travel. The other 25 per cent would be divided two-thirds to the counties and one-third to the cities for their own road purposes.

It includes a provision permitting all three units to use one-fifth of their money for revenue bonds to build more highways the first year and 50 per cent thereafter.

The Senate also approved and sent to the House a package of five bills which sponsors said "will give the children of Michigan a break and help fight juvenile delinquency.

The bills attempt to encourage counties to use foster homes for wayward and homeless children, instead of sending them to state institutions.

To accomplish this, the bills require the state to pay half the cost of foster homes, a charge now paid entirely by the counties.

To discourage counties from "dumping" problem children on the state, the bills require the counties to pay half the cost of children they commit to the boys' vocational school, girls' training school and Michigan Children's Institute.

The program will cost the state $250,000 to make the changeover.

Also approved in the Senate and sent to the House was a bill requiring newspapers and other advertising media to include the names of sponsors in advertisements for or against constitutional amendments or other public ballot issues.

The Senate confirmed Gov. Williams' appointments of former Supreme Court Justice Clark J. Adams of Drayton Plains to the state Corrections Department, George E. Bowles of Detroit to the state Labor Mediation Board and Thomas G. Sinas of Lansing to the state Board for Libraries.

A Business of Your Own Valuable Distributorship No Selling Experience Needed. Full or Part Time

Good income available at once for a sincere honest worker who can devote full or part time to start. We are a National Distributor of good reputation. Protected territory available in this community. Company completely trains and teaches you. Call on established retail accounts. Not a vendor or get-rich-quick business.

This is a food beverage item with National reputation. There is no equipment to buy as Company will loan selected party necessary tools for operation. This is an all-year-around business. Become linked with a chain of National representatives.

REQUIREMENTS:

- $1,500 cash to secure merchandise
- Good reputation and honesty
- Must have car
- 10 to 12 hours per week available for this distributorship.

Write giving full details including background, telephone number etc., for interview in your city shortly. **Box 26**

In Memoriam 2

IN LOVING MEMORY OF EDGAR Hartley, who passed away April 22, 1946.
His memory is as dear today,
As in the hour he passed away.
Mrs. Richard Huff.

IN LOVING MEMORY OF GOLDie Richardson, who passed away 4 years ago today, April 22.
You're not forgotten mother, dear.
Nor ever shall you be;
As long as life and memory last,
We shall remember thee.
Sadly missed by her husband, Albert, children and grand-children.

IN LOVING MEMORY OF MRS. Alida W. Moran, who passed away 8 years ago, April 20.
Sadly missed by children and grandchildren.

IN MEMORY OF OUR DEAR father, William Schramm, who passed away April 22, 1952.
Not a day do we forget you.
In our hearts you are always near.
God alone knows how much we miss you.
As this ends the third sad year.
Sadly missed by his daughters.

STOUT'S
Best Buys Today
OF MAJOR INTEREST
to the majority of people, when buying a house, is location. This ranch type bungalow is located in a very good residential neighborhood near Huntoon Lake. Situated on a very nice lot with acres of trees in the back. Two large bedrooms, a full basement with room for recreation space. Oak floors and plastered walls throughout. Attached car and a half garage. See it and you will want it.

The PREFERRED WAY
Now seems to be to both own and rent. The added income helps both in making the payments and in the upkeep of the property. This home has a four room and bath apt. which is now rented, and there is a four room and bath apt. for the owner. Almost an acre of land, the down-payment is $1,350.

CITY DWELLERS
This home is for the people who enjoy city life and having everything convenient. Close to buses, stores and schools it is a two bedroom home with room for future expansion. Good sized living room, modern kitchen and a tiled bath. Paved drive and a one car garage $2,000 down.

WEEKEND DECORATORS
Here is a sound and solid home that needs very little work. A very large kitchen that is completely modern. Situated on a double lot. A terrific deal on this for only $4,900

Edw. M. Stout, Realtor

Notice of Silo Sale

The City of Dearborn has for immediate sale to the highest bidder One (1) SILO located on the Johnson Farm, 1920 General Motors Road Milford, Michigan.

The SILO is Fourteen (14) feet across and Twenty-Five (25) feet high; manufactured by the "Smith Silo Company" – Oxford, Michigan. It is about ten (10) years old, and in Good condition; will be sold on the following conditions:

The successful bidder will remove the SILO from the above property within ten (10) days of the awarding of bids, and in removing the SILO will leave the property in a clean, orderly, and acceptable condition.

Bids to be submitted on a bidding form obtainable from the office of the Purchasing Agent, 4450 Maple Avenue Dearborn, Michigan, or from Camp Dearborn, 1700 General Motors Road, Milford, Mich.

Bids will be opened by the Purchasing Agent, of the City of Dearborn, at Camp Dearborn, 1700 General Motors Road, Milford, Michigan on May 2, 1955, at 2 p.m. E.S.T.

The City of Dearborn reserves the right to reject any or all bids.

City of Dearborn,
Harold de Wyk,
Purchasing Agent

U.S. Asks Fate of 16 Poles in Underground

WASHINGTON (AP) — The United States prodded Russia and Poland yesterday to say what ever happened to 16 Polish underground leaders arrested 10 years ago after fighting the Nazi Germans.

The State Department made public the texts of notes sent to Moscow and Warsaw saying that:

"Despite continued interest in the fate of these Polish leaders, nothing is known of the whereabouts of several of them and there is even some doubt as to how many are still alive."

* * *

The notes commented that the 16 underground leaders were arrested at a time when the Western powers were pressing for action to carry out the Yalta agreement provision for inclusion of resistance leaders in the Polish government.

The Communists never made good on that pledge, nor on one calling for free elections throughout Poland.

Collins to Report on Viet Nam Trip

Special Ike Envoy Says Situation Serious; U.S. Still Backs Diem

WASHINGTON (AP)—Gen. J. Lawton Collins, openly concerned about the political crisis in free Viet Nam, reports his on-the-scene findings to President Eisenhower today.

Against a backdrop of sharp differences between the United States and France on further support for the government of Premier Ngo Dinh Diem, the President's special ambassador arranged to call at the White House with Undersecretary of State Herbert Hoover Jr.

Collins told newsmen on his arrival yesterday from violence-flecked Saigon that the situation "is serious." Asked if the United States will continue to support Diem, he said quickly: "Our government is behind the legal government of Viet Nam."

* * *

Diem's resignation has been demanded by a united front of three armed religious sects—the Binh Xuyen, the Cao Dai and the Hoa Hao.

French authorities also were said to be urging Diem's immediate replacement by Emperor Bao Dai and appointment of another government leader.

However, Secretary of State Dulles was authoritatively reported to have turned down this suggestion in outspoken terms in a meeting Monday with French Ambassador Maurice Couve de Murville.

* * *

Nevertheless Paris reports have persisted that a Franco-American agreement has been reached on Diem's dismissal and that a change of tone could be expected from Washington after Collins reported to the President.

These reports angered American officials who could perceive no shift in the American position of backing Diem's government to the hilt. "It appears to be a question of what foreign office do you believe," said one official.

Wee Wit Earns Peabody Award

Droll Comic Maintains Modesty and Gratitude Despite Rapid Rise

By WAYNE OLIVER

NEW YORK (AP) — What lies ahead for comedian George Gobel, now that he has risen with phenomenal speed to one of the top rungs in show business? Will his popularity last?

The answer is a definite yes, according to Sylvester L. (Pat) Weaver, president of the National Broadcasting Co.

* * *

Weaver's appraisal was given in Gobel's suite in the Roosevelt Hotel a few minutes after the comedian had received the 1955 George Foster Peabody award for television entertainment.

"George really has an individual characterization and style that's different," explained Weaver as George, attired in slacks and open neck sports shirt, listened appreciatively.

"He doesn't depend on doing with variations what other comedians have been doing."

* * *

Gobel, although very successful in hotels and night clubs for several years, still appears awed and modest about his sudden emergence as a national celebrity. He gives a large share of the credit to Al Kantor, director and head writer, and writers Jack Douglas, Harry Winkler and Jimmy Allerdyce.

"These fellows not only come up with wonderful material but they write things just the way I'd say them—they think the way I think," he declares.

"Our problem hasn't been a shortage of material, but too much. We have to cut out six to seven minutes every week to make the show fit into a half hour," he adds.

* * *

The droll comedian, short of stature and hair, can't quite get used to the attention and notice brought by his TV success.

On his flight here from Hollywood to accept the award, he was greeted by actress Marlene Dietrich and was as flustered as a schoolboy.

"I said 'are you going to New York too?' which was a silly question since we were on a nonstop flight," he recalls sheepishly.

Develop New Process to Recover Rare Metals

COLUMBUS, Ohio (UP)—Scientists at Battelle Memorial Institute here have announced a new process for the recovery of thorium and the rare earth metals from monazite sand.

The institute says the process, developed under a project sponsored by the U. S. Atomic Energy Commission, is simpler than present processes and may aid in developing new markets.

Best known deposits of monazite are beach sands of Brazil and India, although there are some in Florida and Idaho and other scattered parts of the United States.

Military Speed Record

WATERTOWN, S. D. (UP) — It took about 10 years for Walter P. Howey to receive a Distinguished Flying Cross he won in World War II. Howey, a tail gunner on a B-24 Liberator bomber, fought off repeated enemy attacks on the plane during a raid over a German aircraft factory in 1943. The 15th Air Force order awarding the DFC to Howey was issued in 1944 but Howey, now a Watertown policeman, was not notified of the honor until recently.

And They Bagged It

LEOMINSTER, Mass. (UP) — Four teenagers idly kicked at a paper bag lying on a sidewalk. There was $407 in it. The boys turned the cash over to the police.

Ford Employes Earn $106.67 Weekly Pay

DETROIT (AP)—The Ford Motor Co. says hourly rated employes earned a record average of $106.67 a week in the first quarter of this year.

The average work week for the period was a record 45.3 hours, the company said in a statement yesterday.

The statement followed a Ford announcement earlier this week on the money cost of fringe benefits to employes.

Neither announcement mentioned the current new contract negotiations with the CIO United Auto Workers. However, observers have interpreted them as part of Ford's answer to union demands for a guaranteed annual wage.

"The average for weekly earnings — which includes pay to all hourly workers, men and women, from the highest to lowest classifications and in all Ford locations across the country—was the highest for any quarter in the company's 52-year history," the company said.

Among His Souvenirs

COEBURN, Va. (UP)—A used car dealer here got more than he bargained for when he took a car as a trade-in. A mechanic inspecting the luggage compartment found a human skull. He yelled for the dealer and the dealer was about to call police when the owner came back to claim his property. He had brought the skull back from Korea as a war souvenir.

The oldest known fossil is a two billion-year-old fungus.

Bear Clause Bared

UTICA, N. Y. (UP)—A contract made known as result of a $30,000 suit brought in federal court by the Gould Paper Company of Lyons Falls against the Brandeth Lake Corp. revealed that loggers were to "dispose of garbage in a manner that will not attract bears."

Noted Architect's Son Convicted in California

OCEANSIDE, Calif. (AP) — John Lloyd Wright, son of the noted architect Frank Lloyd Wright, was convicted yesterday of practicing as an architect in California without a state license.

Municipal Judge L. W. Cottingham said he was "reluctant" to rule against Wright. The judge said the statute governing architects is "loosely constructed, vague and should be changed."

Wright, of Del Mar, Calif., denied practicing without a license. Judge Cottingham delayed fixing any penalty until Thursday. Wright has licenses to practice in Indiana, Texas and Nevada.

Honolulu has an average temperature of 75 degrees. The 44-year high is 88 set in September 1947. The lowest in the same period was 56 in February, 1909.

Arrest College Student for $400 Bank Robbery

KANSAS CITY (AP)—The FBI arrested a university student last night in the $400 robbery of a Kan-State Bank.

Sheriff Billy C. Hodson of Lawrence, Kan., said Byron Eugene Byerly, 18-year-old student at the University of Kansas, had admitted robbing the Centerville, Kan., state bank.

On April 19, a bandit abducted James B. Warren, the bank cashier, from his home and forced him to open the bank. The bandit was unable to get into the vault but obtained $400 from cash drawers.

The FBI said formal charges against Byerley, whose home town is Centerville, will be filed today.

The Library of Congress in Washington has more than 10 million books.

Lion-Hearted Raccoon Puts Skier on Sidelines

MT. SUNAPEE, N.H. (UP)—A raccoon with the heart of a lion left a Harvard University student with a crimson finger on the ski trails here.

Peter Chermayeff told attendants at a first aid station he was zooming down the Beck Brook Trail when a raccoon blocking his path forced him to skid to a stop.

Chermayeff picked up the animal which became panicky and bit Chermayeff's finger.

"He hung on like a lion," said the student.
