Hayward, Niven Get Best Acting Awards

HOLLYWOOD (AP) — Susan Hayward, who once despaired of ever winning an Oscar, got one Monday night on her fifth try.

David Niven, who has been pleasing movie audiences for 25 years now, was similarly honored.

The Brooklyn-born redhead and the debonair Scotsman received the top Academy awards for acting before an audience filled with most of the big games in the entertainment industry.

Refreshing Showers Not Staying Long

Is there anything more refreshing than an April shower to clean and clear the atmosphere and green the grass?

Showers and thundershowers are predicted for Pontiac this afternoon and evening by the U. S. Weather Bureau.

The Bureau said tonight will be windy and cooler with a few showers and a low of 40 degrees.

The forecast for Wednesday is partly cloudy, rather windy and cool with the high near 55. Today's southerly winds at 20-30 miles an hour will shift to westerly to night.

Thirty-six was the lowest temperature in downtown Pontiac preceding 8 a.m. The thermometer reading at 1 p.m. was 41.

Sticker Lickers Stuck

DENVER, Mich. (AP)—Voters for sticker candidates here were left high and dry Monday by the State Election Division. The division ruled it was illegal to place sponges and water pans in polling booths for the convenience of sticker lick-ers.

They shared honors with the movie "Gigi," which won in every one of the nine categories for which it was nominated — including best picture.

Burt Ives and the British actress Wendy Hiller won Oscars for best supporting performances.

The acceptance speeches were so short that the NBC-TV show ended some 20 minutes before its two-hour schedule.

Miss Hayward — enacting the role of murderess Barbara Graham in "I Want Ho Live!" — got the nod on a performance so realistic that it provided fodder for a Bob Hope joke earlier in the evening.

March Report on Jobs to Tell Gratifying Gains

Expect Figures to Show Employment Rise, Dip in Idle Total

WASHINGTON (AP) — The government readied a glowing report today showing a sizable rise in employment and a decline in unemployment in March.

Administration officials from President Eisenhower on down forecast gratifying improvements in the job picture.

From all the advance buildup, an increase of about 500,000 in employment and a drop of 250,000 to 400,000 in unemployment was indicated. However, this would still leave unemployment at well over the four-million mark.

Secretary of Commerce Lewis Strauss said the changes reflected in the job report would be "actually the best improvement figures between February and March in years."

To top that off, Strauss said other government data, some of it still to be released, shows the national economy is whirling along at its greatest pace ever in history.

The corresponding report for February showed employment at 62,732,000 and unemployment at 4,749,000.

The commerce secretary also said that with national income at a peak and prices remaining stable purchasing power never was higher; the value of all goods and services, or gross national product, is also at a record.

In fact said Strauss, "The signs indicate that the current spring vigor in the economy should increase in the coming months."

Substantial Rise

Strauss predicted the new job data would show a more than seasonal drop in unemployment and a substantial rise in employment.

Earlier Sunday Hours for Taverns Beaten

A bid by Pontiac tavern owners to open at noon on Sundays instead of 2 p.m. met with resounding defeat yesterday.

Voters refused to repeal the city's ordinance governing sale of beer and wine by taverns by the overwhelming majority of 5,416 votes to 3,398.

Had the change been effected, local restrictions on opening time would have been lifted and the taverns would have fallen back to operating under the less restrictive state liquor laws.

The change was sought by the Oakland County Table Toppers Assn., largely as a counter-measure to an unsuccessful drive by the Pontiac Pastors Assn. to put a proposition prohibiting all Sunday sales of beer and wine on the ballot.

The Table Toppers called the city restrictions unfair.

Voters Put Police Back Under Trial Board Setup

Pontiac voters yesterday sent Civil Service for police down to a crashing defeat and for the third time rejected a bond issue for more sewage treatment facilities.

In an apparent protest against turbulence within the Police Department the past two years, voters repealed State Civil Service Act 78 and placed police back under the old Trial Board.

In the largest biennial spring election turnout ever recorded here, the vote was a whopping 5,076 for repeal and 3,551 opposed.

The \$3,300,000 sewage treatment plant bond issue failed to gain even a simple majority, although a three-fifths majority was necessary for its passage.

Property owners cast only 3,884 votes for the bond issue to 4,012 against it.

Yesterday's total Pontiac vote was 11,516, exceeding official predictions by more than 3,000.

The highest previous total for a biennial spring election was 10,393 in 1955. The 1957 total was 7,596.

Civil Service for police came to an end two years and six days after the date (April 1, 1957) Pontiac voters moved by referendum to place police under the state act.

With Civil Service as a sounding board, Police Department squabbles burst into the open.

Two years of hectic strife were climaxed just last Saturday when the Civil Service Commission fired Police Chief Herbert W. Straley in what turned out to be its last official act.

Mayor Philip E. Rowston hailed the repeal, and said the City Commission would begin formation of a new Trial Board tonight, with definite appointments possibly coming next week. It was the Commission that called for the repeal.

Hugh Stimson, president of the Pontiac Police Officers Assn., which petitioned for Civil Service two years ago, was surprised by the outcome of the election but voiced confidence that the verdict of the people would be accepted within the department.

"Speaking personally, I believe that the PPOA and the other officers will be able to work cooperatively within the framework of a new Trial Board."

"I feel sure that Mr. (George E.) Eastman could successfully lead the department either under Civil Service or the Trial Board."

It was Eastman, the city's public safety director, who took the fight against Straley to the Civil Service Commission and successfully demanded his ouster.

Sharp Criticism

Undergoing sharp criticism during the Straley hearing, the PPOA appeared timid about campaigning to keep Civil Service, and this may have been reflected in the defeat.

But Dems Still Capture Lion's Share of Offices

Edwards, Voelker Win Judgeships; Bartlett Coasts to Victory

DETROIT (AP) — Michigan Republicans jolted the Democratic regime of Gov. Williams by snatching victories for statewide education offices in a spring election upset today.

It marked the first time since 1955 that the GOP mustered strength at the polls to interrupt an upsurge in Democratic power that began in 1948, leaped ahead in 1954 and hit a peak last fall.

"We have passed the turning point. This is the proof. It looks good for 1960," said elated Lawrence B. Lindemer, Republican state chairman.

Lindemer credited the GOP showing partly to a protest against the Williams administration which Republican campaigners blamed for state financial woes, and partly to improved party organization work out-state.

Republicans won one of two University of Michigan regents contests, one of two races for the Michigan State University control board and one berth on the six-member Wayne State Board of Governors.

Democrats wound up with 5-3 control of the U. of M. board, ending a four-year Republican-Democratic split, and a firm grip on the MSU board, the State Board of Education and the Wayne State board.

Constitutional Changes Win

Disaster Government, MSU and Wayne State Proposals Approved

DETROIT (AP) — Voters overwhelmingly approved three proposed amendments to Michigan's 50-year-old constitution yesterday.

With little opposition, the three propositions piled up 3-1 or 2-1 margins, needing only a majority of those voting on them. All will take effect May 6.

Important, winning the vote, empowers the state to deal with the problem of a breakdown of government in the event key government officials are killed in an enemy attack.

It gives the Legislature authority, by law yet to be written, to decree how temporary officials may run state and local government if elective officials are killed or incapacitated.

Another proposition gives Constitutional status to Wayne State University, the same as that now enjoyed by the University of Michigan and Michigan State University. It also provides for election of the six-member board of governors chosen yesterday.

Unlike the U. of M.'s and MSU's independence from political control, however, Wayne must furnish the Legislature a "detailed accounting" of all income and expenditures. The other two universities spend their money as they see fit, once the Legislature approves their budgets.

The third proposition changes the State Board of Agriculture to the Michigan State University Board of Trustees, eliminating long-standing confusion between the board and the State Agricultural Department.

Approval of the three proposals brings to 66 the number of amendments to the Constitution since it was adopted in 1908. The last previous amendment was approved in 1956.

Happy Oscar Couple

TOP WINNERS — Clutching their Oscars won as top actor and actress, Susan Hayward and David Niven pause at the Academy Awards ceremony last night. Miss Hayward won for her portrayal of a murderess in "I Want to Live." Niven received his for his performance as a dishonored British Army officer in "Separate Tables."

Democrats in Waterford Swamp All Republicans

Waterford Township Democrats chalked up a complete victory in yesterday's biennial spring election with each of the 12 Democratic candidates winning by a large margin against eight Republican candidates.

An unofficial tally of the ballots showed that 6,417 of the township's 18,824 registered voters went to the 18 township precincts.

Incumbent supervisor Elmer R. Johnson swamped his opponent Loren D. Anderson, 3,773 to 2,644, and incumbent clerk James E. Seeterlin had 3,778 votes, compared to Richard G. Hamilton's 2,568.

The present township treasurer, Mrs. Dorothy Olson polled 3,563 votes against her rival Mrs. Florence J. Allen, 2,839.

Additional township trustees will be high school teacher John Coleman with 3,360; Joseph McGee

with 3,290; and Lewis B. Ruelle who received 3,242 votes.

Defeated in the race for trustees were Byron L. Cole with 2,878, Dr. M. G. Prosser, 2,891 and (Continued on Page 2, Col. 5)

Voters Reject Library Plans in Waterford

The three-point program to finance a \$300,000 Waterford Township library was turned down yesterday on all three counts, but it probably will be submitted to voters again.

Defeated was a \$300,000 general obligation bond issue, a one-mill tax to pay off the bonds and a half-mill tax to cover maintenance and operation.

The bond issue suffered the worst defeat, 2,873 'No' votes to 2,355 'Yes.' The one-mill was defeated 3,835 to 2,410 and the half-mill, 2,818 to 2,588.

The bond issue needed a three-fifths majority of property owner votes for passage, the millage issues needed only simple majorities cast by all voters.

Supervisor Elmer C. Johnson said the defeat was disappointing, but indicated plans to put the issues to a vote again before the Jan. 1, 1961 deadline for financing.

No Clue to Cause of W. Bloomfield \$1 1/2 Million Fire

The cause of the \$1 1/2 million blaze which swept the Staines Ware Co. of America plant in West Bloomfield Township Sunday may never be known.

"There just isn't anything left to investigate," said Sgt. O'Farrell, State Police fire inspector of the Redford Post.

"We know where it started but will probably never know how it began," O'Farrell said.

West Bloomfield Township Fire Chief Ben Mosher, whose 45 men battled the furious flames for five hours, agreed with him.

"We don't give up on things like this, but the fire and heat was so intense that its destructive force didn't leave much for us to go by. It just wiped out everything in its path, even clues," Mosher said.

Mosher and O'Farrell spent most of yesterday searching the twisted remains of the 32-year-old plant which employed 300 persons.

Richard W. Lewis, owner of the firm, said the plant was covered by insurance except for rented equipment.

sion has no plans in mind at present to try again for general obligation bond financing.

GIVE ALTERNATIVE

The city administration, while objecting to revenue bond financing because of its increased cost to the individual taxpayer, has indicated this is the alternative if voters won't approve general obligation bonds.

The bond issue first was put to voters two years ago in the amount of \$3 million. It was turned down 2,199 votes to 4,483.

Last fall, it went on the ballot again, this time in the amount of \$3.3 million, and fared the best so far. The vote was 6,356 to 5,173, just 9 per cent short of the needed three-fifths majority.

No Dearborn Raises

DEARBORN (U)—A pay raise for police and firemen was rejected by Dearborn voters yesterday. The vote was 18,831-13,704. The rejection vote followed the lead of Mayor Orville L. Hubbard. He strongly opposed a pay raise. Dearborn's voters turned out in record numbers.

Rain Threatens Eastern U.S. as Weather Warms

By THE ASSOCIATED PRESS

Rain clouds hovered over sections in the eastern half of the nation today as cooler air lingered in many northern regions.

Blustery weather broke out in the northern Rockies and spread into the northern and central plains and upper Mississippi Valley. The showers were expected to spread eastward during the day into the lower Great Lakes region, the Ohio Valley and Tennessee.

Warmer weather was indicated in the Northeast after an early morning chill, with scattered frost overnight from Connecticut and New York state into the mountains of North Carolina. Temperature drops were reported from Kentucky and Virginia northeastward to the Canadian border.

It also was much cooler in most areas from Montana southward to near the Mexican border. Between the two areas of cooler air, temperatures were higher from the central plains northeastward into the upper Great Lakes region.

Fairly mild weather continued in most of the Southeast and in the far Southwest.

Unidentified Body
Buried in Coffin
Brings On Probe

WESTPORT, Conn. (AP) — Connecticut's health commissioner is seeking to solve the mystery of a grave with an unregistered occupant.

Stephen Kalabany of Norwalk, was putting in his family plot in the Greens Farms Colonial Cemetery in Westport last year. He found a depression in the land and dug down several feet, found a coffin. When he opened it, he said, he saw the body of a man. He covered everything back up again.

Police found no record of a body in that spot. They said that, because the cemetery has been in use so long there could be some anonymous bodies resting there.

Police did not dig into the matter further. They said it was out of their jurisdiction. Health Commissioner Dr. Stanley H. Osborne, who must keep a record of all deaths and burials in Connecticut, wants the matter cleared up.

Lorin W. Willis, Fairfield County state's attorney, said he is obtaining legal authority to make a search for the body at Dr. Osborne's request.

Willis said he expected to come up with something, if not the body within a few days.

Yankus Is Bitter
About Conduct
at Farm Auction

DOWAGIAC (UPI) — Farmer Stanley Yankus is nursing bitter feelings about the Saturday auction at which he sold his farm so to get money to emigrate to Australia.

Yankus, who wants to leave the United States rather than bow to the government wheat acreage allotment program, said the auction crowd of 2,300 turned his home into a "three ring circus." What's more, Yankus said, someone stole \$16 from his 13-year-old son.

Takes 4 Lives,
Then Kills Self

Man Strangles His 3
Children and Sister,
Sets House Afire

NEW HAVEN, Conn. (AP) — An ailing father strangled his three children and spinster sister Monday, then died in the home he set afire.

Kirk Kraus, 47, strangled the four with a clothesline. Then he met his wife at the front door as she came home from work.

"Our worries are over," he said. "I killed the kids."

He hit her and grabbed her throat. She twisted free and fled to a neighbor's house where she gasped out the alarm.

Before help came, flames burst from the three-story home. Firemen found dead or dying on every floor, starting at the basement.

They were Linda, 12, Donald, 9, and Richard, 8, and Kraus' sister, Elizabeth, about 50.

On the top floor, near the flames, lay the 200-pound, six-foot Kraus, lying of smoke inhalation in the house where he was born.

A factory worker, he went on sick leave a year ago, stayed weeks in a veterans hospital for surgery on his legs, then spent some time on crutches.

He hadn't worked since. His wife, Frances, was employed as a clerk-typist for the New Haven Register.

At a hospital where Mrs. Kraus was treated, a priest told her the whole story. She took it quietly.

Her two boys were choir boys in a Roman Catholic church. The youngest, Dicky, had arrived home from school a few moments before the tragedy.

Hal Boyle Says:

Actor Oscar Homolka Has Come Long Way

NEW YORK (AP) — Oscar Homolka, who once slept on cafe table tops, now has an art collection he values at \$500,000.

One of the greatest living character actors, a veteran of more than 200 plays and 80 films, his long career lacks one final crown — the Academy Award.

In the past Homolka has been nominated for the award. But Oscar is still Oscarless. It doesn't worry him.

"Sometimes perhaps the right year and the right picture will come along," he said cheerfully.

"An Oscar is a fine thing to get. Let's face it—it's very good for business."

A crowded lifetime on two continents has left Homolka philosophic about fortune, good or bad. Now starring in the Broadway drama, "Rashomon," he started acting at 18 in his native Vienna for about \$3 a month.

"After I was paid for my first engagement," he recalled, "I had to decide whether I would eat or rent a room for the night."

"I decided" on eating, and I slept in the coffee house on a table. I lived like that for three months."

Today he thinks a measure of hardship is good for beginners in show business.

"Those who are sensible give up," he said. "It is too tough for them. But if there were nothing but glamour, too many would stay in the business who ought to get out."

"There's nothing worse than an

unsuccessful actor. He has a miserable life."

The beetle-browed actor, noted for his skill at Russian roles, has portrayed Soviet leaders ranging from Leon Trotsky to Premier Nikita Khrushchev. But although he is fluent in English, German and French, he has never learned to speak Russian.

Children Abduction
Charges Dismissed

PALM SPRINGS, Calif. (AP) — Child stealing charges have been dismissed against two men who claim they were offered \$5,000 by the ex-wife of a steel executive to abduct the couple's three children and take them to Florida.

Richard Moulton, San Jose, Calif., private detective, and Charles Lewis, Warm Springs, Calif., railroad conductor, were captured at a police roadblock March 30 with two sons of Richard Raese. A third youngster jumped into a swimming pool and avoided being taken from the home that Raese had rented at this desert resort.

The district attorney Monday asked that the charges be dismissed because Raese has left the state with the children. Presumably he returned to Morgantown, W. Va., where he is executive vice president of Greer Steel Co. Without the father in court the state has no case, the district attorney said.

Police said Raese's wife, Jane Kelly, is living in Florida.

In his youth he spent 2½ years with Austrian ski troops in Italy during World War I.

Oscar loves good living, and one of the sorrows of his life is that he has to diet to keep his chunky frame mobile.

"But you have to make the best of what is possible," he remarked, growing pleasantly as he put on his monocle and inspected his entire lunch—a chunk of ground meat and nothing else.

Here is Homolka:

"Two things I hate most deeply: sloppiness of mind and intolerance. People won't take the trouble to think even to the extent of their limitations."

"Stupid people bore me. I prefer a crook to a stupid person. You can deal with a crook, but with a stupid person you are up against a double wall."

"I don't believe in fear. What is the use of being afraid? That won't change anything."

"Everybody gets at least one big chance, and usually two or three. You can always look back and say, 'That was the moment!'"

"Success that is thrown in your lap is one of the greatest of dangers."

"My greatest pleasures are reading and looking at beautiful paintings. I started collecting French impressionists at a time when one could afford to. In collecting, as in anything else, you should aim only at the best. You're never in trouble if you go only for top quality."

Homolka is in no trouble at all. One Renoir for which he paid \$15.

Have Customers Smiling in Jig Time

Grocer, Butcher Fiddle as They Work

By LYDIA BOTHMAN

Down in Birmingham there's a grocery store where the owner's chief delight in life is "to lighten the hearts and feet of my customers."

Stop in any time of day at Olsen's Market and you will find two "old-time fiddlers" behind the meat counter. Over the chopping block is a dulcimer and on a string over the shelves in the back is a "fiddle."

QUICK TO PLAY

At the slightest provocation—or when the spirit moves them—Merritt Olsen, beaming-faced owner of the store, and his butcher Harold Rood, will lay down their butcher tools, pick up their instruments and play some of the liveliest country music you ever heard.

It all started long ago. Mr. Olsen has played the violin

since he was 15 and Mr. Rood for as long as he can remember. One day, Mr. Olsen acquired a dulcimer, an ancient stringed instrument played with mallets and used primarily for accompaniment.

The two learned to play the dulcimer and then "Harold brought his fiddle," and so they began playing lively jigs and country songs when business was a little slow or they just felt like it. It all started and has continued because they sincerely enjoy playing.

CUSTOMERS LOVED IT

Soon their playing became popular with customers and once they were told, in a most forceful tone, to "NOT stop playing" by two ladies—they were dancing a jig right in between the vegetable bins and bread loaves.

Often on a late Saturday af-

ternoon, Mr. Rood will "dare" Mr. Olsen to "play a tune." These sessions last on into the evening until one of their wives calls to remind them that dinner has been waiting.

Country music, like so many other things has become a thing of the past. But the two fiddlers with fellow musicians do still play for an occasional square dance and at the annual Birmingham School PTA affair.

So some time when you are feeling especially rushed or harassed with your shopping, stop in and listen to some authentic and lively fiddle music. We guarantee you'll come out whistling "The Girl I Left Behind Me" or doing a jig to "Red Wing."

Mrs. Howard Carr is hospitality chairman for the day, assisted by Mrs. James Hastings, Mrs. William Bond and Mrs. K. A. Berridge.

The Birmingham branch is busy selling crabapple trees. Mrs. J. Pearson Smith of Dorchester road is taking orders. Proceeds go for civic improvement.

Mrs. J. Reed Alexander, horticulture chairman, reported that the branch has made it possible for 13 trees to be purchased and planted on the Pontiac State Hospital grounds.

Japan in Grip of Wedding Fever

TOKYO (AP)—Wedding fever gripped the Japanese capital today.

At 10 a.m. a young man wearing bathing trunks, lens-less horn-rimmed glasses, a placard, and Chinese characters covering his chest and back stepped from a taxi in front of the Imperial Palace and calmly dived in the moat around it.

Clutching the placard, he swam along the moat for about 200 yards then climbed out into the waiting arms of a policeman.

"Congratulations crown prince wedding," the placard read.

"Congratulations crown prince and Michiko" was the sense of the India-ink writing on his front and back.

"I have been a sandwich man for 10 years in the palace neighborhood," Hisashi Ando, 29, explained. "I wanted to congratulate the crown prince and Miss Shoda."

The police were expected to let him off with a mild reprimand, for Ando's stunt typifies the rising excitement over the wedding Friday of 25-year-old Crown Prince Akihito and Michiko Shoda, the first commoner ever destined to be a Jap-

anese empress.

Tokyo's streets have blossomed into riots of color.

White, red and blue bunting is strung across the roads. Gay lanterns have been placed over the street light. Cherry blossoms—around the great Imperial Palace grounds, all along the streets—bring spring glory to the dingy city.

Countless windows display photographs of the crown prince, his Samurai features stern and dignified, and Miss Shoda, a wistful half-smile on her lips.

Thousands from outlying districts already are swarming into teeming Tokyo to celebrate with song and drink.

Hotel space is practically nonexistent. Television sets are unobtainable at any price.

Wedding presents for the imperial couple are piling up in custom sheds, embassy store-rooms and imperial household cellars.

Thousands of young girls and their boy friends are preparing to tie the knot in Shinto shrines and wedding halls at approximately the same mo-

ment on April 10 that Michiko and Akihito become man and wife.

Train reservations for honeymoon trips to scenic country spots have been sold out.

Householders living along the five-mile wedding procession are selling space to viewers. Refreshment vendors anticipate a landslide business at exorbitant prices.

Department stores are cashing in on the Michiko boom. Models of a young couple wearing tennis outfits—the pair met on the tennis court—or in bridal costumes fill display windows and counters.

Actions Talk Louder Than Words

By ABIGAIL VAN BUREN

"DEAR ABBY: My husband talks in his sleep. I know he does, but he denies it. About a year ago I heard him say, 'You seem to know when I need you the most!' When I woke him up he claimed he had me in mind. Time proved him a liar. Last night I heard him say plain as day, 'I've been sitting in this alley waiting for you. What time do you have to be back at work, baby?' I shook him and woke him up and

DEAR NEEDING: You had better look for Number Three Boy. When in doubt, keep looking.

Your children love cookies and you like to treat them. But you prefer to make such goodies mean something nutritious in their daily diet. Therefore you should like Mrs. Harry Wood's Oatmeal Drop Cookies. Some adults may like them because they are made with vegetable oil instead of solid shortening.

Mrs. Wood belongs to the Sylvan Lake Garden Club and to the Yomar group of her church. She enjoys crocheting.

2 Out of 3 Reports Show Gains Over '58

1st Quarter Profits Rebound Sharply

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—A sharp rebound in profits brightens the business scene today as the big flow of reports on first quarter operations gathers speed.

Two out of three companies reporting so far show significantly better results than in the opening months of 1958, and a majority are doing better than in the final months of that year.

The continuing flow will be closely scanned by stockholders, tax collectors and labor union officials.

Seventy nonfinancial corporations have reported to date, most of them for fiscal periods ending before March 31. Combined they show net income after taxes of \$129,259,000, an increase of 19.5 per cent over the \$108,165,000 the same companies reported in the first quarter of their 1958 year.

In the final three months of 1958 a much larger number of corporations showed profits had rebounded by 13 per cent from the year before.

The nation's largest banks, not included among the 70 corpora-

tions above, also have been reporting good operating profits in 1959. Those who slipped below a year ago mostly did so through selling older U.S. government securities at present depreciated prices to take tax losses and to buy newer bonds that pay more interest.

As always, the profit street is a two-way one. Of the 70 nonfinancial corporations 21 had earnings less this year than last. And there were 8 dipping into red ink as against 11 in the same period a year ago.

Already the rebound in profits from the recession period is beginning to show up in dividends. The Department of Commerce reports that in January and February cash dividends totaled nearly 1 1/2 billion dollars, up 3 per cent from the year before.

The said record of dividend cuts

and omissions a year ago also is being reversed. In the first three months of 1959 reported increases came to 306, resumptions to 57, extra payments to 180, while cuts were 38 and omissions 26. In the like 1958 period there were 148 cuts and 79 omissions, while increases were 157, resumptions 11 and extras 174.

The U.S. Treasury is as interested as the stockholders in the revival of profits, since it gets about one half of the gross earnings as corporate income tax, not to mention its take from swelling individual incomes through dividend receipts.

In preparing the federal budget the President estimated pretax profits for all of 1959 at between 47 and 48 billion dollars. If profits continue to rise at their current sharp rate, the year's total will top that and make balancing the

budget that much less doubtful a task.

What total profits for the first quarter of 1959 actually will be won't be known for weeks. The optimistic think the total when all reports are in will reach an annual rate of better than 48 billion dollars—and will rise still further by June 30. This would compare with 40 billion dollars in the fourth quarter of 1957, and 31 1/2 billion in the recession low, the first quarter of 1957. The Commerce Department estimates that in the final three months of last year they had risen to 44 billion dollars.

Union leaders are watching the returns for talking points in upcoming wage negotiations. A year ago with profits depressed it was harder to make a case for wage increases than it may be this year they figure.

Madame Chiang Ridicules Mao

Calls Him Low-Minded, Feudalistic in Speech at Drake University

DES MOINES, Iowa (AP)—Chinese Communist leader Mao Tse-tung was described as a "curious mixture of low-mindedness and feudalistic thinking with a veneer of modernity" by Madame Chiang Kai-shek last night.

Madame Chiang made the statement in a lecture before 2,300 persons at Drake University. She said Mao's background was of the "exploiting class" and that his mind was molded by reading books that she characterized as "adolescent, immature, smug and superstitious."

Madame Chiang, wife of Generalissimo Chiang Kai-shek, head of the non-Communist Chinese government which has been forced off the mainland, said the Communists first began a concentrated drive to power in China during the 1920s.

She said that in 1937, with the survival of China at stake, the Communists concentrated on increasing their own power and not in fighting the Japanese.

Madame Chiang leaves today for another speaking engagement in Detroit. She has been in the United States since May 1958 for medical treatment.

Rice Successful, but How About Money Trees?
SAN FRANCISCO (AP) — The little missionary supply plane flew over the dense New Guinea jungle on a 45-minute flight into the highlands from Lae. It dropped two bags.

"One bag contained rice, the other about 25 pounds worth of Australian shillings," said Miss Evelyn Muhlenhard, of the American Lutheran Mission.

"Both burst and scattered over the wild terrain."

"During the heavy rain season, the rice sprouted on the warm hillsides and we heard the natives were amazed at the sudden windfall of rice where none had grown before."

"The next word from the Kukukuku area was that the natives are still waiting for money trees to sprout."

Kent County OKs 2 Building Proposals
GRAND RAPIDS (AP)—Kent County voters have approved two proposals to build a new juvenile detention home and a new psychiatric hospital.

One proposal, to exceed the 15-mill tax limitation by one mill for two years, was approved by a vote of 32,802 to 14,493.

The second granted the board of supervisors authority to levy the millage and was approved by a vote of 23,656 to 15,562.

The detention home will replace the present Kent County children's home and the psychiatric hospital will replace receiving hospital in Grand Rapids. Exact location of the new units still is to be determined.

Church Rummage Sale Much Too Successful
SANTA ROSA, Calif. (AP) — Trade was brisk Monday at the First Congregational church rummage sale in a building belonging to the Silver Dollar restaurant.

In all the bustle an idle six-burner gas range which belonged to the restaurant was sold, no one knows to whom.

Church and restaurant officials couldn't immediately find the buyer, who happily removed it promptly after the purchase. He paid two dollars.

Reports on Object in the Sky Start Alike, Then ...

SAN FRANCISCO (AP) — A glowing, soundless bright object trailing a green tail streaked eastward over central California Monday night.

Most reports agreed it probably was a meteor which broke up to ward the end of its flight. All observers reported it at 8:45 p.m. but from there the variations began, depending on who saw it, and where.

Some points, such as Eureka, Calif., and Reno, Nev., said it was traveling southeast. Most, however, ranging from Redmond, Ore., to Modesto, Calif., described an eastward course.

Both Mather Air Force Base near Sacramento and Moffett Naval Air Station near Sunnyvale more than 100 miles to the southwest reported it burst directly overhead.

Wants to Be Certain \$1,000 Fishing Legal

LOS ANGELES (AP) — Trudy Wesson had the extraordinary luck of finding a crisp \$1,000 bill, and she is taking extraordinary pains to make it legal.

Mrs. Wesson, a domestic worker, told an attorney she used to work for that she found the bill in a rubbish box. Law enforcement agencies were checked. None had any reports of a lost \$1,000 bill. The lawyer consulted his law books and found an 1872 statute that seemed to fit the case.

Under that law, he filed an affidavit, subsequently signed by a municipal court judge. The law says Mrs. Wesson's claim to the money will carry more validity than the actual owner's unless the owner claims the bill within a year.

Hollywood Headlines

Don't Call Us Teenagers, Pleads Carol Lynley

By BOB THOMAS
HOLLYWOOD (AP) — One of the nation's most successful teen-agers would like to see an end to the label "teenager."

Says Carol Lynley: "Why shouldn't we be called 'people in their teen years'? When others hear the word 'teenager,' it brings up all kinds of connotations, mostly bad. You don't classify people who are 42 as '42-year-olds.' Why should those in their teens be stuck with a stigma?"

Carol is 17, a honey-blond who is a honey. Her acting career is booming, on the stage and the home and movie screens. She recently signed a dream contract with 20th Century-Fox, which gives her the right to do outside pictures, plays and television.

"They have been after me to sign since I was 13," said Carol, talking like an oldtimer. "But they wanted me to work at \$300 a week and go to their acting school."

"I don't believe in acting schools for younger people. I've never had any acting lessons, and I won't have until I'm grown. I think lessons just confuse people who aren't mature."

As you can see, she has a mind of her own. Though she defends her contemporaries, she refuses to follow the established patterns of teenage — I mean people in their teen years.

For one thing, she doesn't like rock 'n' roll. "It gives me a headache. Nor does she wear blue jeans, except to practice

dancing in — "They don't look good on men."

All this brings us to her new picture, which is called "Blue Denim." She started it last week, the day after finishing another role in "Holiday for Lovers." She repeats the role she created in "Blue Denim" on Broadway, playing a 15-year-old girl who becomes pregnant.

New York-born (as plain Carol Jones), she started working at 10 as a model and actress. Her role as Dora in "David Copperfield" on TV first attracted 20th-Fox's interest. She passed up a contract to continue working in TV, played opposite James MacArthur in "Light in the Forest."

One of the provisions of Carol's contract is that she will not be required to live in California. Does she have to get it in writing?

"Absolutely," she said. "I feel very strong about the New York life. When the weather gets cold, I start to come alive. I can just feel the tingle moving through my veins. I suppose a lot of people love California's warm weather. It does nothing for me."

Nearly two-thirds of total U.S. employment is provided by the nation's four million small businesses.

Chevrolet to Get New England Plant

DETROIT (AP) — General Motors Corp. operations at Framingham, Mass., will be converted sometime before the end of the 1959 model year into Chevrolet's first New England assembly plant.

John F. Gordon, GM president, said yesterday the plant, which employs about 1,200, will be converted from assembly of Buicks, Oldsmobiles and Pontiacs.

BOP production at Framingham will be transferred to Linden, N. J., Gordon said. Employment at Framingham will not be affected by the transfer.

Ties In Obscene Literature to Delinquency

LOS ANGELES (AP)—An Illinois churchman believes there is a definite correlation between juvenile delinquency and obscene literature.

The Rev. Arthur Zahniser, vice chairman of the Commission for Social Action of the National Assn. of Evangelicals, said Monday: "The commission is convinced that pornographic literature is contributing to juvenile delinquency. We feel it may also be one of the factors which trigger emotionally warped individuals into committing many of the sex crimes reported throughout the nation."

Zahniser, here to attend the association's convention, is a pastor in Evanston, Ill.

Security for You

Extra Money Not Barred

By RAY HENRY

(Editor's note: The rules on how much extra income a person can have and still get social security are complicated. And, many thousands of people are unnecessarily limiting their earnings from work because they don't understand them. This is the first of three columns explaining the rules.)

You're not barred from working and earning extra money if you're collecting social security.

In fact, if you're 72 or older, the amount you may earn is unlimited.

★ ★ ★

But, if you're under 72 there are some limits on the amount you may earn from work and still get checks every month.

The limits apply to every person under 72 who is eligible for payments—

To the retired worker and his wife.

To the mother drawing social security because her husband died leaving her with dependent children.

To the children themselves.

To the wife and children getting social security because the family breadwinner has been seriously disabled and is collecting disability payments.

To the widow over 62 getting payments based on her deceased husband's social security record.

But, keep this in mind: The limits apply only to actual earnings from work.

★ ★ ★

If you're an employee, earnings counted against the limits are your gross wages and salary—wages paid in a form other than cash, such as meals and living quarters (unless you're a domestic worker, in which case only cash wages count) bonuses, commissions, fees and vacation and holiday pay.

If you work for yourself, earnings counted against the limits are your net profit, after expenses, from all trades and businesses you're the sole owner or partner and from the practice of any profession.

These earnings count even though they may not be covered by the social security system.

Next: The limits.

Classes Are Swamped at Colorado Prison

CANON CITY, Colo. (AP)—Hope springs eternally for those within prison walls.

Warden Harry Tinsley says Colorado Penitentiary convicts have swamped special classes at the institution. The studies deal with self-improvement.

'Dark Horse' Piggins Tops Detroit Judges

DETROIT (AP)—Most of the entries ran true to form but a dark horse won the Wayne County Circuit Court judgeship race.

Edward S. Piggins, former Detroit police commissioner, beat out all the incumbents and came in first, winning one of the 18 circuit seats filled in yesterday's election.

With 1,375 of 1,891 precincts reported, Piggins collected 147,701 votes. His closest rival was incumbent Chester P. O'Hara with 146,620.

Thomas M. Murray was third with 144,913, and Wade H. McCree Jr., fourth, with 141,706. Both were incumbents.

Windsor Blaze Still Flickering

WINDSOR, Ont. (AP)—Flames continued to flicker sporadically today in a burned-out four-story downtown Windsor building nearly 26 hours after the blaze began. Firemen spent the night pouring water on the building but supplies of a drug company stored on its second and third floors continued to burn.

The owners of the ruined La-belle Building at first estimated damages at \$750,000 but said later they thought they would be twice that figure.

Police continued to reroute traffic from two main streets near the building because it was feared the walls would collapse.

Johnson Will Help President to Aid Nation

AUSTIN, Tex. (AP)—Senate Majority Leader Lyndon B. Johnson (D-Tex.) said Monday he would help the President "so long as it helps the strength of America."

Sens. Wayne Morse (D-Ore), William Proxmire, (D-Wis.) and Pat McNamara (D-Mich.) have criticized Johnson for what they called his one-man rule in the Senate and his too-friendly relations with the Republican administration.

"I shall always respect the office (of president) and I shall respect the man in it, whoever he may be, Democrat or Republican," Johnson told a joint session of the Texas Legislature.

He denied again, however, that he has any interest in the office himself.

When street lights were first installed in Lark, Utah, civic-minded residents arranged the poles so that they spelled out the name of the town in letters large enough to be read from tall buildings in Salt Lake, City 27 miles away.

Highest Court Backs Price Cut Complaint

WASHINGTON (AP)—The Supreme Court has ruled that an appliance dealer cannot get together with appliance manufacturers and distributors in an attempt to put a cut-rate competing retailer out of business.

The decision yesterday reinstated a suit for triple damages brought by Klor's, a San Francisco Appliance Store, against Klor's next-door competitor, Broadway-Hale Stores, Inc., along with 10 makers of radio, TV and household appliances, and eight distributors.

Klor's contended Broadway-Hale got price concessions from the manufacturers and distributors that were not given to Klor's.

The suit was dismissed in San Francisco Federal District Court on the ground that it was a private quarrel between Klor's and Broadway-Hale and was not a public wrong forbidden by the Sherman Antitrust Act.

The U.S. Circuit Court of Appeals in San Francisco upheld the dismissal.
