Flood Relief Program Moves Into High Gear

Would Take Plates

County Lawmaker Seeks Changes in Drivers' Laws

State Sen. William S. Broomfield (R-Royal Oak) today advanced two recommendations to reduce Michigan's traffic accident toll.

The Oakland County lawmaker, speaking at a press conference in his Royal Oak office, proposed more rigid operation of the state's central filing system for traffic violations.

His second proposal asked that drivers who have their operators' licenses revoked also be required to relinquish their automobile license plates.

Broomfield said that the central filing system was created 18 months ago to keep tabs of each driver's record. It was placed in the hands of the secretary of state's office.

"Apparently this system is not being carried out," he said. "A spot check of one county police department (which he declined to name) showed that 15 individuals had a combined total of 145 violations.

He agreed with Secretary of State James M. Hare that more policemen are needed throughout the state. "However," Broomfield said, "unless the intent of the law is carried out, additional policemen will not provide a solution."

Broomfield said he felt the secretary of state's office is not solely to blame for the filing system's failings. He said many judges are neglecting to file reports on citations as required by state law.

EYES UNIFORM CONTROL

"There is no question in my mind," the senator said, "that habitual violators are involved in the majority of accidents. If a uniform control of 'crazy drivers' can be established, I feel it would provide the biggest deterrent to accidents we could have."

He cited the fact that drivers apprehended without license under present law are charged only with a misdemeanor, which carries sentences that can vary from 2 to 90 days in jail and-or a $100 fine.

Two other recommendations made by Broomfield were for establishment of county filing systems and safety commissions in each local area to review revocations and make recommendations to the state.

He said he will definitely present his proposals at the next state legislative session.

Assisting the senator in his research is Loren Anderson, chairman of the Pontiac Chamber of Commerce's safety committee and a former Pontiac police officer.

France Maps Plan for Africa

Three - Part Program Aimed at the Solution of Moroccan Crisis

AIX-LES-BAINS (INS) — The French Government of Premier Edgar Faure has worked out a three-part plan aimed at the solution of the Moroccan crisis.

* * *

Highly reliable sources revealed today that the plan included:

1. The removal of Mohammed Moulay Ben Arafa from the Sultan's throne in Rabat, where he was installed by the French two years ago.

2. The eventual replacement of Gilbert Grandval as Resident General.

3. The granting of local autonomy to a Moroccan government and other substantial reforms.

These were the proposals which Faure and four ministers in his cabinet were discussing with Moroccan Nationalist Party leaders at this southern health resort city.

The success of the plan depended on the answers to two important questions.

TWO QUESTIONS

Was it too little and too late for the Moroccans?

Was it too much and too soon for the French settlers in Morocco and their supporters in the French National Assembly?

Faces 3 Way Stretch

HOLLYWOOD (AP)—If the thieves who broke into Stanley Elkin's auto are convicted they may get a three-way stretch. Elkin, a salesman, reported to police last night that a burglar unlocked his car door and took a large sample case containing 20 sample girdles. Elkin said he valued the girdles at $110 and the case at $24.

New Woodward Gateway to Oakland County Ready for Use Monday

Pontiac Press Photo

NO DELAY AT EIGHT-MILE — The $3,386,000 grade separation at Woodward Ave. and Eight-Mile Rd., designed for faster movement of traffic on the main artery north from Detroit into Oakland County will be opened to public use Monday. Only through traffic will be permitted for the present, as final details on the job will not be finished until December. Picture above is taken from the west side of Woodward, looking south toward Detroit.

Fenton Girl, 19, Killed in Crash

Pinned Beneath Auto After Mishap on M87, Near Holly

A 19-year-old Fenton girl died last evening after the car in which she was a passenger skidded off M87 near Dye Rd. and pinned the girl beneath it.

Patricia Harmon was pronounced dead at Hurley Hospital, Flint, 25 minutes after the accident occurred. Medical examiner said cause of death was a brain injury.

Also injured in the crash was the driver of the car, Thomas A. Miller, 16, also of Fenton. He was treated at Hurley for knee abrasions and back injuries and released.

Miller told Oakland County sheriff deputies he was traveling east on M87 near Holly and was rounding a curve when a second unidentified car came over the center line forcing Miller to skid off the shoulder of the road.

GM Aids Flood Victims

DETROIT (INS)—General Motors Corp. today contributed $100,000 to the American Red Cross for relief of flood victims in six northeastern states.

GM President Harlow H. Curtice said:

"Residents of our six northeastern states have suffered great losses in the flood disaster and are deserving of help from all America."

Seek to Delay Annexation

Petitions asking the City Commission to delay action on annexation of a 145-acre shopping center site in Bloomfield Township were being circulated throughout Pontiac today as opposition to the proposal mounted.

The petitions are sponsored by the Downtown Merchants Committee, a 25-member group of businessmen and property owners.

In addition, the committee has mailed to merchants and property owners in Pontiac a circular warning that the proposed center at Telegraph and Square Lake Rds. "will draw much of its trade from areas already being served by existing business."

"The result, if the center becomes a realty, can only be a deterioration of present shopping areas, depreciation of property values and a consequent lessening of tax revenue for the city," it declares.

The circular urges protesting to each city commissioner, informing "your neighbors and fellow-businessmen," signing the petition and attending next Tuesday night's Commission meeting. It also states:

"We do not oppose new shopping centers as such. But we do most seriously and strongly oppose any municipal action that would have the effect of promoting them through annexation of property not now within the city limits."

At this week's Commission meeting, the downtown group asked a week's delay on a final decision on the annexation, which is sought by the shopping center's developers. Last week, the Commission gave tentative approval to the move.

Reds Lead U.S. in Aircraft Rate

Soviets Forging Ahead in Progress, Not Power, General Says

PHILADELPHIA (AP)—Gen. Nathan F. Twining said today "the Soviets are ahead of us" in their rate of progress at developing advanced military aircraft.

* * *

"This is not to say that Soviet air power now surpasses our own," said Twining, Air Force chief of staff. "It does not."

But he said the Russian challenge must be met "with startling progress of our own."

* * *

In an article prepared for distribution at the National Aircraft Show here Sept. 3-5, he said:

"If we should be forced into another war, our unquestioned ability to outproduce any nation will be of small value. The decision in that war would depend on the quality of the weapons that we would have when the war began."

He said the Soviet Union in the past several months has shown the world "that it too has acquired the ability to produce high quality airplanes in very large numbers."

Water Committee Hears Engineering Firm's Plans

An official of an engineering company which proposes to pipe Lake Huron water into Oakland and adjacent counties said last night the firm has financial commitments for the $190,600,000 needed to build the system.

R. R. Stitts, vice president of the Lafayette Engineering Co. of Drayton Plains, told the water sub-committee of the Inter-County Supervisors Committee meeting in Royal Oak that his company's plans call for laying a 55 to 65-mile pipeline which would carry 1,600,000,000 gallons of water into the counties daily.

The intake would be somewhere north of Port Huron and the system would be built to meet water needs for the next 25 years, Stitts said. The route would be one of three locations under study, he said.

Royal Oak Mayor Howard K. Kelley, who heads the sub-committee, said he would ask Port Huron officials to present in writing their proposal to furnish water. A verbal report was presented by Jay Gibbs, Port Huron city manager.

"We would furnish the pumps and facilities and bring it to the Port Huron city limits and cities could pick it up from that point," Gibbs said. "However, in negotiation, that might be changed," he added.

Gibbs said his city was "willing to negotiate" if communities are interested.

TO PRESENT REPORTS

Kelley said he will present the Lafayette report and the Port Huron proposal to the next meeting of the Inter-County Committee on Sept. 15. He personally spoke out against the Port Huron offer. Said he:

"I would not want to build somebody else's water system and keep paying for it over a period of years and not have any control over it. If we are going to (build a system) we should do it with our own municipalities."

Stitts said Lafayette currently is planning to furnish water to Oakland, Macomb and portions of St. Clair counties.

Wayne and Washtenaw county representatives indicated they are not interested in the proposed pipeline at this time. Monroe County might be supplied by an out-Wayne County water system which is in the planning stages, it was indicated.

Friday's Weather to Be Fair, Warm

Partly cloudy skies and little change in temperature was the forecast for the Pontiac area today and tonight. Friday's outlook is for mostly fair skies and somewhat warmer weather.

Yesterday's high reading in downtown Pontiac was 78 degrees, recorded at 3 p.m. The mercury fell to a low of 60 early this morning, stood at 65 at 8 a.m. and climbed to 80 by 1 p.m.

Today's high was expected to range from 80-85, while temperatures may reach 88 tomorrow. Partly cloudy skies and widely-scattered thundershowers are predicted Saturday.

Today's pollen count was 40, according to figures released by the Oakland County Health Dept.

Hurricane Edith Spins Over Sea

New Storm Expected to Pack Winds of Over 125 Miles Per Hour

MIAMI, Fla. (AP)—The year's fifth hurricane, Edith, spun ominously over the open Atlantic today and one of the top storm warning experts predicted its winds would have a force of 125 miles an hour or better by Saturday.

Gordon Dunn, chief storm forecaster in the Weather Bureau's Hurricane center here, said Edith's winds at present were about 80 m.p.h. She was centered at 5 a.m. near latitude 22.7 north, longitude 58.6 west, or 580 miles northeast of Puerto Rico.

That location placed its center about 1,500 miles southeast of Miami and the same distance south-southeast of Cape Hatteras, N. C.

"Being more concentrated at the outset, Edith can be expected to show greater intensification. By Saturday I expect her to have winds of 125 to 135 miles an hour near her center."

The storm's forward movement was toward the west-northwest at about 13 m.p.h. Gales extended outward 150 miles to the north and east and 50 miles to the south and west of the center.

Press Will Publish Local Pollen Count

Starting today the weather report will include a pollen count, furnished by the Oakland County Health Department.

Russell H. Coltson, director of the County Sanitation division, told how a pollen count is obtained.

A glass slide, smeared with vaseline, is suspended between two horizontal steel discs, connected to a six-foot rod. The device is placed on the roof of the County Building for 24 hours. Pollen in the air is caught by the vaseline.

The catch is examined through a microscope at the health department laboratory. The pollen count is calculated to represent the average number of grains in a cubic yard of air.

The daily count will appear in the upper left corner of page 1, with the weather forecast summary.

Typhoon Smacks Formosa

TAIPEI, Formosa (AP)—Typhoon Iris, which swept over Formosa yesterday, destroyed about 80 per cent of the banana and sugar cane crops around Taitung on the southeast coast, press reports said today. Hundreds of persons were left homeless, but there were no reports of casualties.

6 States Getting Federal Help of $100 Million

Army Engineers, CD Directing Emergency Work in Northeast

FROM OUR WIRE SERVICES

WASHINGTON — The Federal Government's 100 million dollar aid program to aid flood-stricken communities in six states was in full swing today.

The emergency plan to meet the disaster was set up at a top-level White House conference yesterday.

Major tasks were assigned to the Army Engineers and the Civil Defense Administration, headed by Val Peterson.

The civil defense agency has overall direction of the program to restore public facilities, clear away debris and protect water and food supplies in the stricken areas.

The Army Engineers were authorized to spend 100 million dollars in funds already in their hands for flood control work.

* * *

The decision ended speculation that a special session of Congress might be called to authorize relief spending. Eisenhower had said he would summon such a session if necessary.

White House News Secretary James C. Hagerty reported that congressional leaders of both parties agreed unanimously that it would be better to invoke the 1950 Disaster and Relief Law than to summon a special session. The 1950 act permits emergency spending of funds voted for other purposes.

OTHER AGENCIES AID

The Civil Defense Administration assigned specific responsibilities to five other agencies in Massachusetts, Rhode Island, Connecticut, New York, New Jersey and Pennsylvania.

* * *

The Defense Department — primarily the Army Engineers—will carry out protective work to preserve life and property; clear away debris and wreckage, and make emergency repairs of public facilities.

Other assignments were given to the Commerce, Agriculture, Health, Education and Welfare Departments, and to the General Services Administration.

Meanwhile, the Labor Department reported that new claims for unemployment insurance in the Northeastern states may exceed 60,000. This, the department estimated, will mean that more than one million dollars a week will go out in benefits.

Smooth-Functioning 703rd Reservists Impress Visitors in Ft. Knox Training

By AL LOWMAN
Pontiac Press Staff Writer

FT. KNOX, Ky.—Civilians were being treated to a first-hand look at army training procedures here today.

Civic and industrial officials along with newsmen from Pontiac, Grand Rapids and the Detroit metropolitan area arrived here by plane Wednesday for a 3-day inspection of the 703rd Reserve Tank Battalion.

Included in the group were George M. Watson, personnel manager for Pontiac Motor division and Ralph Norvell, president of the Pontiac Chamber of Commerce.

The 703rd, a medium tank unit under the command of Lt. Col. Lloyd A. Gabler, of Royal Oak, has its headquarters in Pontiac. Two of its companies are staffed by Oakland County men, two more are made up of Detroit-area personnel and a fifth is based in Grand Rapids.

The visitors yesterday were led on a tour of the battalion's living and eating facilities, shown the functions of its headquarters and given a sample of army cooking.

Today's agenda included a close-up of training procedures on ranges where troops are given instructions on the army's latest tank—the General Patton.

"Many of the visiting officials expressed amazement as they noted the smooth functioning of each section. "These men act more like regulars than part-time soldiers," was the frequent comment.

Each man, trained by monthly drill periods at home, has a specific job. Men like M. Sgt. Verrell Vollmar, of Utica, and Pfc. Joe Singleton, of Pontiac, performed their duties as battalion motor sergeant and personnel clerk, respectively, like full-time members of a smooth-functioning regular Army team.

They answered questions about their jobs with the confidence of men well trained by competent leaders.

Both Col. Gabler and his executive officer, Maj. F. D. Thompson, were long in their praise for men in the unit.

"All the men are enthusiastic

(Continued on Page 2, Col. 5)

OFF FOR TRAINING CENTER — Boarding a U. S. Army plane at Wayne Major Airport Wednesday for Ft. Knox, Ky., are (left to right) George M. Watson, Pontiac Motor Division personnel director; Ralph T. Norvell, Pontiac Chamber of Commerce president; and Al Lowman, Pontiac Press reporter. They are observing Pontiac's 703rd Tank Battalion training at Ft. Knox.

Old Friendships Renewed During Training Period

FT. KNOX, Ky.—It was a day for renewing old friendships yesterday for George M. Watson, Pontiac Motor Division personnel manager, who made a flight here with other business and civic officials to inspect training procedures of the Reserve Tank Battalion.

On the plane he met Lt. Col. David E. Cleary, 38, who worked for him nearly 20 years ago as a clerk when Watson was employment manager at the Division.

Col. Cleary, whose father, David E., was a reporter for the Pontiac Press from 1925 until 1927, is from Grand Rapids where he is assigned as a member of the army reserve advisory group. He formerly made his home in Clawson.

It was a similar experience for Col. Cleary when he arrived in camp. His meeting M. Sgt. Vernell Vollmar, of Utica, was the first since they served together as sergeants in Pontiac's Company M, 125th Infantry, National Guard, in 1934. Vollmar is motor sergeant for the 703rd.

Seixas, Rosewall in 1st Cup Match

FOREST HILLS, N.Y. (AP)—Australia got the first break today when U. S. champion Vic Seixas was drawn against his old "jinx," Ken Rosewall, in the opening singles match of the Davis Cup Challenge round. The second match tomorrow at the West Side Tennis Club sends America's Wimbledon titleholder Tony Trabert against Lewis Hoad.

Secretary of State Dulles, who flew in from Washington to attend the three-day series, conducted the draw on the front lawn of the club.

Australia was known to prefer a Seixas-Rosewall pairing for the first day, figuring it might get the team off to a momentum which the Yanks might be unable to stop.

Sell—Don't Buy

BOISE, Idaho (AP)—A vandal threw a rock through a window of the Farmers Insurance Group office yesterday. The window wasn't covered by insurance.

78th Anniversary!

VEVAY, Ind. (AP)—Mr. and Mrs. Francis Miller, believed to be the nation's oldest married couple, observed their 78th wedding anniversary quietly today. Mrs. Miller was 99 April 19 and her husband will be 104 Oct. 19.

New Problems Facing Ike After Busy Eastern Jaunt

DENVER (AP)—President Eisenhower, back from a quick trip east, turns at the Summer White House today to problems of the West.

He arranged to discuss reclamation projects with Secretary of the Interior McKay, Sen. Watkins (R-Utah) and Reclamation Commissioner Wilbur Dexheimer.

The President flew back to Denver last night after being away 48 hours during which he:

1. Made a flight over part of the flood-ravaged Northeastern states and completed arrangements for federal aid which could run well over 100 million dollars.

2. Served notice on Russia, in a speech from historic Independence Hall at Philadelphia, that America never will accept Soviet "violations of the rights of men and of nations" as the price of peace. That address was at the American Bar Assn. convention.

He spoke out firmly against any appeasement on the issues of what he called the "wrongs" of a divided Germany, the domination of captive satellite countries, and "subversion organized on a world-wide scale."

On his return to Denver, the President was accompanied by Mrs. Eisenhower, who remained at the family's country home at Gettysburg, Pa., during the first 10 days of the chief executive's visit here.

Warrant Slated for Flint Man

First Degree Murder Charge Faces Ray Goff in Woman's Death

A warrant charging first degree murder probably will be issued today against Ray Goff, 32-year-old Flint factory worker held in the fatal shooting of a Flint divorcee Sunday morning, Homer G. Gerue, assistant Oakland County prosecutor, said this morning.

A suicide note and statements by friends and relatives have led authorities to believe the motive of the shooting was jealousy.

Gerue said yesterday he had learned that the dead woman, Mrs. Rita Cummings, 27, divorced her husband, Bert, because of a romance between Mrs. Cummings and Goff.

However, even before the divorce became final, Mrs. Cummings and Goff broke off their romance, Gerue said.

Goff's relatives said he had followed Mrs. Cummings on other dates previously, but had given no indication he planned any violence.

The suicide note, written on back of a brown envelope and unsigned, was definitely identified as Goff's handwriting by his mother, Mrs. Lottie M. Carpenter of Flint.

Chief witness in the shooting, Dean Worges, 24, with Mrs. Cummings at the time, was released yesterday from Oakland County Jail on a motion from the prosecutor's office.

Social Standing Mighty Important to Snooty Cows

MOSCOW, Idaho (AP) — Social standing is mighty important to a cow, says G. C. Anderson, dairy specialist at the University of Idaho.

He says recent studies indicate a newcomer which threatens the position of the rest of the cows in a herd is the most frequent cause of psychological uproar that can cause milk and butterfat production to drop as much as 5 per cent.

The intrusion creates excitement marked by butting, kicking and threatening until the new animal is accepted and a new social order is established.

City Police Chief Named to Committee

Pontiac Police Chief Herbert W. Straley has been named to the communications committee of the Michigan Police Chiefs Assn., according to a report released by Ann Arbor Chief Casper M. Enkemann, association president.

In a statement made yesterday, Chief Straley said he would accept the appointment. He has been a member of the five-man committee for the past two years.

Straley said he hoped the possible extension of the police teletype service into additional counties would be discussed at this year's meetings.

Special Meeting Slated at Lake Street Church

A special meeting will be held Friday at 7:30 p.m. in the Lake street Church of God, Lake Street at Orton Ave.

The Rev. Clemmey Mays, a missionary to Bermuda, British West India with 30 native singers will present a program.

This group was invited to come to Pontiac by the pastor, the Rev. Paul C. Cooley, who heard them at camp meeting.

Popular Puerto Rico

SAN JUAN, Puerto Rico—More than 130,000 persons visited Puerto Rico last year, a gain of 11 per cent over 1953.

Iowa has a larger proportion of area in farm land than any other state.

The Weather

Four New Polio Cases Reported in Area Today

Four new cases of polio were reported in Oakland County today, along with one in the city, according to figures released by Dr. John D. Monroe, county health director.

Of the 18 cases reported in the county last week, two were paralytic polio. None were inoculated with Salk vaccine, Dr. Monroe said.

This brings the total of cases reported since Jan. 1 to 65 for both Pontiac and the county. The city health department listed five of the cases.

Meanwhile, attendance at the two makeup shot clinics in the county continues at a slow pace. At the Pontiac clinic yesterday, 38 first and second graders were inoculated, while 8 were treated at the South Oakland County Health Center in Royal Oak, bringing the total of children treated during the program to 2,161.

Some 10,585 eligible youngsters have yet to be inoculated, and Dr. Monroe warned that this may be the last week for the free booster and second shots.

Both clinics will be open today and tomorrow from 9 to 11:30 a.m. and from 1 to 4 p.m.

The Pontiac clinic is located in the Oakland County Health Department building, 15 W. Huron St. The Royal Oak vaccine center is at 2401 E. Fourth St.

Teenage Boy Admits Killing Maine Child

SACO, Me. (INS) — The unclad, beaten body of an 11-year-old girl was found by two policemen today in a dense thicket, where they had been led by a 15-year-old neighbor of the victim.

* * *

After discovery of the body of Doris Trudeau, one of six children of Mr. and Mrs. Albert Trudeau, the boy was taken into custody for questioning. Police quoted him as saying:

"She got mad and started slapping me, and that's why I hit her."

Doris had been missing since 11 a.m. yesterday, when she rode her bicycle to a nearby mailbox to post a letter for her mother.

A police search proved futile for several hours until a gasoline station attendant recalled he had seen the girl with the boy. For three hours, police said, the youth denied any knowledge of the girl's whereabouts.

Sen. Johnson Flying to His Home in Texas

WASHINGTON (AP)—Sen. Lyndon Johnson, the Senate Democratic leader, left by air for his home in Texas today.

Johnson, his wife Ladybird, other members of his family and staff and his Beagle dog flew in a twin-engined DC3 owned by a Texas friend. His precise destination was kept a secret to avoid the extra strain of greeting a crowd on arrival.

He has made a rapid recovery from the heart attack he suffered July 2. He planned to spend most of the autumn at his Johnson City, Tex., home and return to his Senate duties next January.

Bond Issues Approved

MANCELONA (AP) — Voters have approved a $360,000 bond issue and a 15-mill tax increase limitation to build a new gymnasium and eight new classrooms for Mancelona high school. Both proposals won by margins of more than three to one in a special election Monday.

A thunderstorm can release 110,000 tons of rain in an area of eight square miles.

Cutter Lab Polio Serum at Fault

Health Officials Find Salk Shot Manufacture Was 'Inadequate'

WASHINGTON (INS)—The government reported today that "inadequate" manufacturing and testing procedures apparently left dangerous amounts of live polio virus in salk vaccine produced by the Cutter Laboratories.

* * *

The U.S. Public Health Service said the exact reasons for the "Cutter incident" could not be pinpointed, but said it is certain that some children developed polio from Cutter vaccine.

The Cutter firm promptly issued a statement calling the government report "thorough, scientific and courageous" and asserting that the findings affirmed "our faith that no negligence or incompetence would be found at Cutter Laboratories."

The company declared that the vaccine in which live virus was detected had "passed all tests then prescribed by the government," adding: "As the report points out, the U.S. Public Health Service has since drastically revised these tests."

The Public Health Service issued its verdict in a six-page report which followed almost four months of intensive investigation in laboratories across the nation and at the Cutter plant in Berkeley, Calif.

The government declared that a "combination" of two factors probably resulted in the presence of live polio virus in some Cutter batches distributed to the public. The factors were:

1. The company used "inadequate" procedures to "kill" the live polio virus.

2. There were "fundamental weaknesses" in safety tests which "failed" to demonstrate the presence of such live virus.

The report specifically did not say whether this was caused by any failures or shortcomings on the part of the company, or whether the government's manufacturing and safety procedures were at fault.

* * *

All Cutter vaccine was withdrawn from use April 26 after a half dozen inoculated youngsters developed polio.

Adm. Stuart Ingersoll New 7th Fleet Head

WASHINGTON (AP) — Rear Adm. Stuart H. Ingersoll, a veteran Navy airman, is to be the new commander of the U.S. 7th Fleet, which guards America's interests in Far Eastern waters.

The Navy announced yesterday that the 57-year-old Ingersoll will succeed Vice Adm. A. M. Pride next December or January. The next assignment for Pride has yet to be announced.

Ingersoll, a Springfield, Mass., native, has been chief of staff to Adm. Gerauld Wright, Atlantic Fleet commander.

Forget Flooded Cars, Easterners Are Told

NEW HAVEN, Conn. (AP)—If your car was submerged in the flood and filled with silt, and many were, the advice of the Connecticut Motor Club is — don't get it fixed.

The club said today just make the best insurance settlement available and forget it.

The club estimated the repair job might run as high as $1,000 and there'd still be no guarantee you wouldn't have trouble with the car.

Oakland County Receives Plea From Flooded Areas

In a special telegram to the Rev. W. C. Hamm, chairman of the Oakland County Chapter of American Red Cross, E. Roland Harriman, national chairman, urged that money be rushed to aid flood victims on the east coast.

Harriman had just returned to disaster headquarters after meeting with President Eisenhower and governors of the flooded states, in Hartford, Conn.

"The President and the governors made it quite clear they were relying on the Red Cross to carry on its relief to families since by law the government cannot assist them directly," Harriman wrote.

Meanwhile, Oakland County Chapter funds have mounted to the $1,000 mark, according to Mrs. Mildred Bennett, director. Two business establishments in the area have given money for preliminary relief work.

COMPASSIONATE APPEAL

The telegram continued, saying, "After the meeting, the President made the most compassionate public appeal I have ever heard, urging the American people to come to the aid of their fellow citizens through the Red Cross.

"At the close of the session he suited his words by handing me his personal generous contribution," Harriman reported.

He said the need for help is great, and Red Cross chapters in the disaster area are meeting the need.

"It is up to the rest of us to furnish the financial resources they must have to carry on. The precise amount is not yet known," he said.

A Welfare Inquiry Service is made available to Pontiac citizens by the local Red Cross, for the purpose of reporting the whereabouts or injuries of relatives in the flood area.

She said the Chapter receives about 25 calls a day from local persons asking for information.

"For reasons of efficiency and fairness, we urge only those who have close relatives in disaster areas to ask for information. It would be dangerous to clog our communications system," she said.

Harriman said most of the money will go to rehabilitation work after preliminary needs are met.

He said the real problem is one of rebuilding and reorganizing entire communities which have been ravaged by water.

Disaster teams will remain in stricken areas until late spring, investigating every local claim and need, he added.

Money donations for aid to flood victims will be forwarded to the east coast immediately. The Oakland County Chapter of the Red Cross is located at 118 Franklin Blvd.

Pontiac Deaths

Kird M. Adams

Funeral will be 11 a.m. Friday in Kirkby Funeral Home for Kird M. Adams, infant son of Abram and Mary Agnes Garrison Adams of Albany, Ga. Burial will be in Mt. Hope Cemetery.

Born July 29 the baby died of pneumonia at 7:30 a.m. Sunday at his home.

Besides his parents he is survived by a brother Guy James and his grandparents, Mr. and Mrs. James Garrison of Pontiac.

The parents lived in Pontiac until Mr. Adams, now with the U.S. Air Force, was stationed in Albany.

Mrs. John Birrell

Funeral for Mrs. John (Frances) Birrell, 69, of 3090 Crooks Rd. will be Friday at 2 p.m. from Pursley Funeral Home. The Rev. Waldo R. Hunt of St. Andrews Episcopal Church in Drayton Plains will officiate and burial will be in White Chapel Memorial Cemetery.

Mrs. Birrell died at her home Tuesday.

Mrs. Woodrow Clifton

Mrs. Woodrow (Sadie O.) Clifton, 40, of 3380 Joslyn Ave. died in Pontiac General Hospital at 2:20 a.m. today. She had been ill two weeks.

Born in Lawrence County, Tenn. March 25, 1915 she was the daughter of Ferman and Bertha Atkins Jaco. She married Mr. Clifton at Florence, Ala. May 20, 1933.

Besides her husband she is survived by three daughters and two sons, Mrs. LeRoy Franklin of Asheville, Ala., Mrs. Roy Bailey of Birmingham, Ala., Marceanne, Franklin D. and Randy Lee Clifton of Pontiac.

Also surviving are three brothers and six sisters, Clifford and Hannan of Lawrenceburg, Tenn., Mrs. Clarence Severs of Leonnie, Tenn., Mrs. Lester Bailey of Pontiac, James, Mrs. Clyde Pearsall, Misses Inez and Pauline Jaco of Dayton, Ohio and Miss Correne Jaco of Grand Rapids.

The body will be at Voorhees-Siple Funeral Home until 10 p.m. tonight when it will be sent to the North Funeral Home at Lawrenceburg for funeral at 2 p.m. Sunday from Fullers Chapel with burial in Fullers Cemetery.

Michael E. Smith

Prayer service was this morning in Brace-Smith Funeral Home for Michael E. Smith, infant son of Edward and Dorothy Levely Smith of 151 Alice St. Burial was in Mt. Hope Cemetery.

The baby died shortly after birth Tuesday in St. Joseph Mercy Hospital.

Besides his parents he is survived by three sisters, Carol Ann, Catherine Marie and Margaret Elaine all at home.

Col. H. A. Hanes to Receive Sonic Speed Citation

WASHINGTON (AP) — Air Force Col. Horace A. Hanes has been credited with the first official record for faster-than-sound flight.

* * *

The National Aeronautics Assn. yesterday confirmed that a North American F100C Super Sabre Jet fighter piloted by Hanes topped 800 miles an hour last Saturday over southern California. Hanes' flight reportedly was made at 35,000 feet where the speed of sound is 663 miles an hour.

In recognition of his achievement, Col. Hanes, director of flight tests at Edwards Air Force Base in California, will receive the Thompson trophy at the National Aircraft Show in Philadelphia next month.

* * *

Many jets previously had broken the sound barrier, but this was the first time special equipment was available to time the flight accurately.

Low Bids Announced for Highway Work

Low bidders on 23 state trunkline highway construction projects, including one for Oakland County, were announced today by Highway Commissioner Charles M. Ziegler.

The total of bids is $5,017,826. Plans for the trunkline project in Oakland County call for 4.8 miles of bituminous binder widening and bituminous concrete on U.S. 10, from about 260 feet north of the U.S. 10 intersection at Tindall Road, then southeasterly to 260 feet south of the Bridge Lake Road intersection.

Contracts were awarded to the Ann Arbor Construction Co., Ann Arbor, which will do the work for $194,009.

Head of Colombia Plans to Control Newsprint

BOGOTA, Colombia (AP) — President Gustavo Rojas Pinilla's government has announced it is taking over control of the price and distribution of newsprint.

A smoldering government feud with the press was climaxed two weeks ago when authorities slapped censorship on all newspapers in the country for criticizing handling of guerrillas in Tolima state.

Metallic paints such as aluminum, copper, bronze and gold are prepared by mixing finely powdered metals or their alloys with a proper type of varnish ingredients or their equal.

The Day in Birmingham

Parking Issue Holds Up B. Siegel Building Plans

BIRMINGHAM — B. Siegel Co. plans to open a new branch of its women's apparel store here soon have been delayed by the city's refusal to issue a building permit until provisions are made for customer off-street parking.

Mayor Charles Renfrew yesterday reaffirmed a City Commission stand to hold up the permit until the firm complies with a recent ordinance forcing new and expanding businesses to supply parking on a retail floor space ratio.

An alternate solution to the inclusion of parking spaces on the Maple-Bates store site would be participation in a municipal parking program.

Paying an assessment on either the municipal lot now being constructed on Pierce, between Merrill and Brown streets, or one on Merrill, between Henrietta and Bates (recently termed a necessity by lawmakers) would constitute such compliance, Renfrew said.

INCLUDED IN TALKS

In talks thus far, the Siegel property has been included in both assessment districts. However, neither Renfrew nor City Manager Donald C. Egbert would hazard a guess yesterday as to how soon either assessment roll might be confirmed.

"Until we actually levy an assessment, there is always the possibility that some other method of financing could be used," Renfrew stated. The company would then have to seek its own solution to providing an estimated 44 parking spaces.

* * *

Mrs. David Waldon of 1011 Chapin St. signed a complaint against Mrs. Leo Warner of 999 Chapin St. yesterday on a charge that seven chickens in the latter's garage constitute a nuisance. The defendant will appear in Municipal Court at 10 a. m. Wednesday.

The complaint may also be the basis for a little more loss of Birmingham's rural flavor. For it was Mr. and Mrs. Waldon's appearance at Monday's City Commission meeting that prompted lawmakers to ask for a new ordinance to cover the subject.

City Attorney Forbes Hascall expects to have the ordinance, which would prohibit not only the keeping of livestock and poultry or fowl, but anything not classified as a "household pet," ready for Monday's meeting.

* * *

Members of the Birmingham Unitarian Church are taking part in the biennial conference of Universalist and Unitarian Churches of the United States and Canada, being held in Detroit through Aug. 29. Albert MacCleery will lead discussion groups, and the Rev. Russell L. Lincoln, minister of the Birmingham Church will be on the program. A tour of Cranbrook institutions is scheduled for the delegates Sunday afternoon.

* * *

Dr. William G. Ferguson

Service for Dr. William G. Ferguson, 74, dental surgeon with offices in Detroit's David Whitney Building, will be held at Bell Chapel of the William R. Hamilton Co., with cremation to follow at White Chapel Memorial Cemetery.

Doctor Ferguson, whose home was on West Valley road, Bloomfield Hills, died Wednesday at Harper Hospital, Detroit.

He leaves his widow, Helen Richardson Ferguson.

* * *

Mrs. Marion Wallace

Mrs. Marion Wallace died suddenly Wednesday at the home of her daughter, Mrs. Ralph A. Minke, 6350 Wing Lake Rd., with whom she had lived for the past five years.

Her body has been taken from Bell Chapel of the William R. Hamilton Co., for service at 1 p.m. Saturday in Lakewood, Ohio. Burial will be in Lakeview Cemetery, Cleveland.

She is also survived by two grandchildren.

703rd Reservists Impress Visitors

(Continued From Page One)

and are responding to the training in the highest degree," they reported.

Both officers and enlisted men in the camp, located on a 107,000-acre military reservation 32 miles from Louisville are being provided with the finest living and eating facilities the United States has to offer.

Every man is assigned a comfortable bed, complete with mattress and springs—a far cry from World War II days. Food is prepared by regular Army cooks in spotless kitchens. Menus read like those in any good restaurant. Steak, meat loaf, fried chicken and other delicacies are not uncommon.

Theaters and post exchanges provide entertainment and relaxation along with clubs for both enlisted men and officers. A lush, green golf course offers a challenge for those stout souls who bear up well under intensive training routines.

Gripes are few. Only extremely hot weather marred the unit's first few days here.

The mercury has hovered around the 100 degree mark since Sunday, the 703rd's first day on the base.

Pontiac Home Breakin Is Reported to Police

Ernest Jackson of 515 Montana Ave. reported to Pontiac Police yesterday that his home was broken into sometime between Aug. 15 and yesterday morning.

He told officers entrance was gained by ripping a screen off a rear window. A clock radio valued at $45 and a record player valued at $70 were missing.

Police are investigating the break-in.

Pontiac Insurance Men Hold Golf-Dinner Party

About 125 persons attended the Pontiac Assn. of Insurance Agents annual golf-dinner party yesterday at Indianwood Country Club.

Horseshoe pitching, musical entertainment, and golfing preceded a 7:30 p.m. dinner. The companies represented at the dinner are affiliated with the American Agency System.

Pitcairn Island has an area of about 1,200 acres.

Charge Parole Violation

Thomas P. Jones, 29, of 129 Bagley St., has been turned over to Oakland County Jail for violation of parole. A $100 bond was not furnished. Trial has been set for Sept. 6.

Enters Innocent Plea

William Vaughn, 69, of 31 Fenely Ct., pleaded innocent yesterday to a charge of molesting when arraigned before Municipal Judge Cecil B. McCallum. He was released on a personal bond pending trial Sept. 1.

Oklahoma Won't Accept Rules of Safety First

CHECOTAH, Okla. (AP)—The Oklahoma highway patrol said today that motorists who follow the rules of Safety First will be given traffic tickets.

The warning was issued after Trooer A. H. Freeney spotted a car driving without lights on U.S. 69, two miles south of here.

When Freeney cught up with the motorist he asked to see his driver's license. The motorist was identified as Safety First, Tulsa, Okla.

Ike's Flood Aid Plan Assures Quick U.S. Help

Survivors of the Northeast's six state flood disaster are breathing easier today.

Under President Eisenhower's leadership they now are assured prompt Federal aid.

After a flight from his Denver vacation headquarters the President surveyed the flood area from his personal plane, the Columbine. Appalled by the destruction he saw, he lost no time in initiating action to ease the plight of the flood's victims.

★ ★ ★

First, he proposed an $80,000,000 to $100,000,000 Federal relief fund and announced himself ready to call a special session of Congress, if necessary, to provide the money.

Second, he learned by consulting Congressional leaders that no special session will be necessary. Influential lawmakers agreed that because of the disaster's staggering proportions, the money needed should be made available without calling back the lawmakers.

★ ★ ★

At the same time many private agencies have launched flood relief campaigns. The Red Cross estimates that it will need $5,000,000 for its work of mercy in northeastern Pennsylvania, New Jersey, New York, Connecticut, Massachusetts and Rhode Island.

President Eisenhower's emergency relief plan deserves 100 per cent public endorsement. We urge everyone to give as much as possible to the Red Cross or other flood relief funds.

★ ★ ★

The need grows by the hour. Already deaths have soared above the 200 mark. Property damage exceeds $3 billion and thousands of workers are jobless because their places of employment were washed away by the raging waters.

Do all you can to help!

British Reaping Dollars From U. S. Fliers' Trade

Of interest to Americans and importance to Britons is the fact that one no longer finds a "Yankee go home" attitude in the United Kingdom.

This is due directly to the large amount of money injected into Britain's economy by our Air Force and by the thousands of personnel stationed at our bases over there.

★ ★ ★

So important is this economically, says *U. S. News & World Report*, that today Air Force spending is a larger source of dollar income for Britain than Scotch whisky and tourist travel. Last year whisky sold in the United States netted Britain $54,000,000. In the same period our Air Force spent $150,000,000.

Directly benefiting are local shopkeepers, landlords, service station operators, tavernkeepers and even automobile manufacturers. For example, our men at Brize Norton spend nearly $2,000,000 a year in surrounding communities for rent, food, transportation and entertainment.

★ ★ ★

Besides this the base yearly spends $2,800,000 for electricity, water, telephone and salaries of British employes, plus other large sums for construction work.

From this it is easy to see why Britons who once resented the American invasion, now regard the Yanks as friends whose trade is vital to them.

Another explanation of the great increase in juvenile delinquency: It is human nature for the typical child and juvenile to be as mean as he's allowed to be.

Johnston Seeking Accord on Jordan River Project

Within a short time Eric A. Johnston will arrive in the Middle East for the fourth time as a special emissary of President Eisenhower.

His objective, as it was three times previously, is negotiation with Israel, Jordan, Syria and Lebanon of an agreement on the Jordan River Valley development project.

★ ★ ★

This involves allocation of the valley's water and electric power potentials, the irrigation of about 225,000 acres and the production of 1,500,000 kilowatt hours of electricity.

In 1953 the U. S. and U. N. had worked out a plan for development of the Jordan Valley. Because the Jordan River's flow is scanty, however, some kind of neutral commission is necessary to control water withdrawals by the four participating countries.

★ ★ ★

This project is important because, if carried through, the land it would irrigate would support about one-fourth of the displaced Arab refugees. It is important, further, because if these Arab powers could co-operate with Israel in this undertaking, the chances for better Arab-Israeli political relations would be improved greatly.

For these reasons as well as for the effect it would have in strengthening Middle East tranquillity, everyone can hope for the success of Mr. Johnston's mission.

The Man About Town

Naming Schools

Suggested That Names of Old Families Be Honored

Pessimist: A person who views alarm—and enjoys the view.

That our new schools should be named in honor of well known old families of their area is the opinion of

Mrs. George Whitfield

of 6781 Williams Lake Rd. She suggests the name of

"Jones School"

for the one now being built on Pontiac Lake Road. The family of the late

Henry Jones

owned the land just across the road for over 100 years. For 40 odd years

William Jones

was treasurer of that school district.

What to do with a real live pig in a village home now is the problem of 12 year old

Jane Booth

of Rochester. She wrote an essay on

"Why I Want a Pig,"

which won a prize of a purebred Chester White sow in a contest conducted by a youth magazine.

Another log cabin birth was that of

Mrs. T. J. Smith

of 223 Elm St., born in Tuscola County.

"I hardly can wait for the next day's paper," phones

Herman Schields

of Birmingham, in speaking of what he calls

"The Ike and Bob Articles,"

now running in the Pontiac Press. He says, "Considine right now is making the outcome of next year's election a cinch."

While it is an international affair,

Howard Shelley

tells me that the big shoot which soon gets under way at the Oakland County Sportsmen's Club, will have many attractions for the home folks, even for those who never fired a gun. It is an outstanding interest builder in the great outdoors.

From his new home overlooking Orchard Lake,

Norm Roth

says that by a little stretch of the imagination he can see the shades of

Chief Pontiac

hovering over Apple Island.

During the hot weather,

Walter Swetland

of Keego Harbor watered the corn in his garden every evening, and he now has stalks that exceed 12 feet in height. He says that the name "Swetland" also may have something to do with it.

Closing the summer camp with the largest attendance in its 36 year history,

Executive Secretary Ed Leland

of Clinton Valley Council of the Boy Scouts, says bigger facilities at Camp Agawam are imperative—and on the way.

Verbal Orchids to—

Mr. and Mrs. Jacob Tofelsky

of 2850 Pontiac Lake Rd., fifty-first wedding anniversary.

Mr. and Mrs. Levi O. Fogelsonger

of Rochester; the eighty-fourth birthday of each.

In Blood

David Lawrence Says:

True World Peace Rejects Accepting 'Status Quo' for Satellite Countries

WASHINGTON—Soviet Russia has been given a graceful but firm warning that "peaceful coexistence" does not mean acceptance by the United States of the "status quo" in the world. It does not mean "stagnation" but an opportunity for the peoples of the countries living under the yoke of Red tyranny to gain some day their liberation.

The astonishing thing is not what the President said in his speech to the American Bar Association but the fact that he said anything at this time which so clearly delineates American foreign policy in what might be called the post-Geneva mood of sweetness and light.

It may be that Mr. Eisenhower, who lunched recently with Secretary of State Dulles, has become aware of the hardening of the Communist tactics in preparation for the Foreign Ministers Conference at Geneva in October. It may be that the President is feeling the criticism in this country and abroad about his fraternizations at Geneva last month. Thses may have been discouraging to the peoples in the satellite countries who fear that America may have abandoned her interest in their liberation.

The President says, candidly that Soviet Russia on one side and the United States and her allies on the other each claim that peace is being sought. Each side, he adds, identifies itself with "a deep-seated hunger of mankind but the final judgment on them—and it may be years in coming—will depend as much on the march of progress within their borders, and on their proved capacity to help others advance, as on the tranquillity of their relations with foreign countries."

MAINTAIN PRINCIPLE

Here is a challenge to the Soviets to give freedom to the peoples within their own borders. The United States does not intend to abandon its moral position. The President says peace can be established "only if we stand uncompromisingly for principle.

" . . . there can be no true peace which involves acceptance of a status quo in which we find injustice to many nations, repressions of human beings on a gigantic scale, and with constructive effort paralyzed in many areas by fear.

"The spirit of Geneva, if it is to provide a healthy atmosphere for the pursuit of peace, if it is to be genuine and not spurious, must inspire all to a correction of injustices, an observance of human rights and an end to subversion organized on a worldwide scale . . .

"Eagerness to avoid war—if we think no deeper than this single desire—can produce outright or implicit agreement that injustices and wrongs of the present shall be perpetuated in the future. We must not participate in any such false agreement. We would outrage our own conscience. In the eyes of those who suffer injustice, we would become partners with their oppressors. In the judgment of history, we would have sold out our freedom of men for the pottage of a false peace. Moreover, we would assure future conflict!"

STRONG WORDS

These are strong and courageous words and, since they are said by the man who as President of the United States commands today world-wide respect and attention, the Voice of America broadcast the speech around the globe. It can be of transcendent importance behind the Iron Curtain as well as in the so-called "neutralist countries."

No more eloquent words have been spoken since World War II ended by any man in public life in the various countries of the world than those uttered by President Eisenhower when he concluded his speech to the American Bar Association this week about the global situation, as he said:

"We must be firm but friendly. We must be tolerant but not complacent. We must be quick to understand another's viewpoint, honestly assumed. But we must never agree to injustice for the weak, for the unfortunate, for the underprivileged, well knowing that if we accept destruction of the principle of justice for all, we cannot longer claim justice for ourselves as a matter of right."

(Copyright, 1955, New York Herald Tribune Inc.)

Taking Bicarb Frequently Just Isn't Good Medicine

By WILLIAM BRADY, M.D.

Bicarbonate of soda, aspirin, vitamin shots, bourbon, ulcer, ready access to dope to make one sleep or quiet the nerves. That doesn't seem quite all—oh, yes, one other feature—the business of lighting a cigarette. Without that, how could the Yankee Wiseacre achieve nonchalance?

* * *

Some persons like to hear themselves talk. Others like to hear themselves belch. If they are not belching enough or with sufficient authority they take a dose of sodium bicarbonate, otherwise known as bicarbonate of soda, baking soda. Ten to twenty grains of it, taken by one with a healthy stomach, will generate enough gas (carbon dioxide) in the stomach to power a series of impressive belches.

Such belching of large quantities of carbon dioxide (generated by the reaction of the acid of the gastric juice with sodium bicarbonate) mixed with air (gulped by the nervous patient, unconsciously and unintentionally) constitutes many a bad "gas attack."

Although it may be harmless to take anywhere from a good pinch (5 grains) up to a level teaspoonful of bicarbonate occasionally, the frequent or habitual use of soda in even the smallest doses is bad medicine in almost any circumstance.

WEAK ANTACID

Bicarbonate of soda is the weakest antacid in medical use, but it is more likely to produce alkalosis (lowered blood bicarbonate) than are other antacids. When bicarbonate is taken frequently or regularly the reaction of the urine should be watched. If the urine becomes persistently alkaline precipitation of phosphatic stones in the urinary tract may follow.

In any case of stomach trouble the relief the sufferer gets from ant-acids is not entirely due to neutralization of acid. In so-called "hyperacidity" pain may occur when acidity is low and subside or be absent when acidity is high.

Sometimes a single dose of an ant-acid taken at the end of digestion relieves "hunger-pain" or "empty - pain" for hours or through the night, although hyperacidity soon returns in higher degree than before.

BALANCED UPSET

So you see, antacids relieve discomfort, distress or pain due to other causes than excessive acidity. This is true to bicarbonate of soda, but more particularly is it true of calcium carbonate and magnesium trisilicate. These antacids disturb the acid-base balance in tissues and blood less than soda does, and the calcium not only supplies an element which most Americans need but, in my opinion, it raises one's pain threshold.

* * *

Class dismissed for today. I'm off for the bowling green. If you can't get your mind off your stomach, please don't bother me with your symptoms. Send me a stamped, self-addressed envelope and ask for the pamphlet Yankee Stomach.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

(Copyright 1955)

Voice of the People

Willis Brewer Answers Letter Criticizing Office

Letters will be condensed when necessary because of lack of space. Full the writer must accompany letters but these will not be published if the writer name, address and telephone number of its nature

In all fairness to the staff of the Pontiac Branch Secretary of State office, allow me to clarify certain facts for "Disgusted", whose letter of criticism appeared in the Tuesday, Aug. 16, issue of the Press, and to the many citizens who may have read said letter.

The Secretary of State branch office in downtown Pontiac does not give road tests. In fact, it does not perform any function in connection with the issuance of drivers' licenses.

The Secretary of State branch office is engaged primarily in issuing license plates and other activities pertinent to motor vehicle registrations, such as handling title applications, transfers of titles and collecting sales and use taxes on various types of vehicles.

I might add that we endeavor to serve the public in a courteous and efficient manner; however, if "Disgusted" or any other citizen has a specific complaint, please feel free to present such complaint to the undersigned.

Willis M. Brewer, Manager
Pontiac Branch Office
of Secretary of State

Constitution Formulates Reader's Patriotic Policy

I believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed, a republic in a nation of many sovereign states, a perfect union, established upon these principles of freedom, equality, justice and humanity, for which American patriots sacrificed their lives and fortunes.

Therefore, I believe it is my duty to love my country, to support its Constitution, to obey its laws, to respect and honor its flag, and defend it against all enemies, within and abroad.

For God and Country

Hal Boyle Says:

Got Post-Vacation Blues? Inherit Money and Escape

NEW YORK (AP)—Returning from a vacation is much more of an ordeal than going on one.

There is a thing called the "post-vacation blues," a hangover disease from a sprightly spree in freedom. Maybe half the adult working population of America is suffering from this seasonal epidemic ailment at this moment.

* * *

One returns from a summer vacation to his daily bread-and-butter chores with the hypnotic feeling of a wild bird fixed by the steady beady gaze of a snake. The job a man lives by holds no glory; he groans in his rut; he feels no victory in accepting his usual insulting weekly paycheck.

Did any man in the history of the world ever come back from a vacation and meet a raise in pay? What a delirious dream! "Welcome home, Jones," says the boss. "Boy, have we missed you! If you find a few extra bucks in your next envelope don't think it's a mistake."

* * *

Here are a few how-to-do-it suggestions to cushion the shock of actually having to earn your own living again:

1. Inherit money during your vacation. There is no point in belaboring this idea further. Its advantages are obvious.

2. Try to get called for jury duty. The pay is small, but your boss can hardly fire you if you plead guilty to serving the Republic.

* * *

3. Grow an ulcer. Employers are notoriously sympathetic toward this ailment because, since they are susceptible to it themselves, they are sure that anyone afflicted with it is dedicated to his job. They will be particularly impressed by the fact you developed the ulcer during your time off from your work.

4. Take up a new hobby, such as bird watching, or—if you're the indoor type—girl watching. Nothing will pep up your living more than your first thrilling glimpse of a rose-breasted grosbeak trilling on a bough or a tufted secretary at bay on an office limb.

* * *

5. Go on a diet. If you are normal you probably gained a pound a day on your vacation. A fellow is duty bound to if he stayed at a hotel on the American plan, which calls for three square meals a day.

6. If you are single, go ahead and marry the girl you met at that summer resort and made all those sunshine promises to. Marriage will end any man's vacation.

* * *

7. If you are already wed, tell your wife you'd like a divorce so you can marry a blonde you met on the beach. She'll want to know which blonde you have in mind, and this will result in interesting and stimulating family conversations that will keep the memory of your vacation alive for months and months.

8. Simply buckle down again to work and face the fact that vacation is over. Of course, if you can actually do this it proves you are a born leader and don't really belong in the employe class at all.

9. Inherit money. When you come down to it, this is the first and last solution. Summon your strength and try to inherit as much money as you can. The more you have the more you have to count while waiting for your next vacation.

Here one sound and simple rule applies. If at all possible, the money should be inherited from other members of your family. Money inherited from strangers always causes local gossip.

Smiles

Why do people send most cards to friends, saying "warmest regards," during these hot days?"

Lots of opportunities are murdered by folks who kill too much time.

Case Records of a Psychologist

Woman, 37, Objects to Use of Animals in Development of Drugs and Surgery

Lulu is a "crank" about the use of animals for medical research. Study this case carefully. Drugs and surgery must first be tested on living creatures. Should we employ children, or homeless dogs from the pound which will be slaughtered, anyway? And doctors do not torture animals despite the lurid propaganda of anti-vivisectionists!

By DR. GEORGE W. CRANE

Case P-322: Lulu W., aged 37, is a fervent anti-vivisectionist who criticized me recently for advocating the use of animals in scientific research.

"Dr. Crane, I'm ashamed of you," she stated. "Don't you know they torture the poor defenseless animals in the medical laboratories?

"How can any intelligent person condone such use of animals under the guise of research?"

They do not torture animals in our research laboratories, so we might as well smoke out this bit of propaganda early and get the real facts.

True enough, we employ stray dogs for medical research. But we obtain those dogs from the city pounds where they would otherwise be put to death, anyway.

IT'S FOR THE BEST

So if the deserted, starving creatures are to die, isn't it better that they lay down their lives for human welfare than just die for no good purpose?

* * *

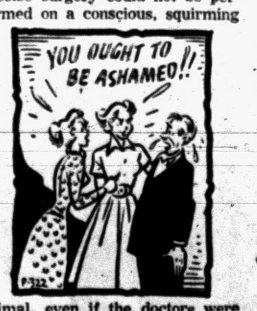

Besides, thousands of our American boys have died in our World Wars that you and I might be safe and happy.

If it is thus OK for human beings to die for the welfare of the rest of the nation, why should we make exception of homeless lower animals?

Now as for that "torture" charge which the anti-vivisectionists toss around so flagrantly:

ANESTHESIA USED

No dog is operated upon without anesthesia: You readers know from ordinary "horse sense" that precise surgery could not be performed on a conscious, squirming

animal, even if the doctors were callous sadists, which they are not.

* * *

So we anesthetize the animals for any type of surgery for which we would similarly anesthetize human beings.

We do not anesthetize either animals or humans for ordinary hypodermic injections or lancing of boils and similar minor surgery.

"But I saw poor creatures with large burned areas on their skins," challenged Lulu.

True enough. But they were anesthetized first. And what we medics learn from trying to prevent the death of such a burned dog, may save your toddler child or grandchild when accidentally he gets badly burned.

DIABETICS CITED

Almost 1,000,000 diabetics would also be in desperate straits today if Dr. Banting had not used dogs for the experimentation by which he discovered insulin.

You patients with cancer or appendicitis, call on surgeons everywhere, but if we hadn't perfected our surgical techniques by operating on anesthetized dogs or cats, we might cause many deaths when we tackled human surgery.

And drugs must be standardized on animals. Even cod liver oil must be standardized on living creatures.

* * *

Every new batch of morphine must likewise be tested on some living creature. Would you violent anti-vivisectionists prefer to volunteer and let us employ you for our testing of dangerous drugs, or do you prefer that we doctors still use mice, rats, guinea pigs, cats, dogs, etc? Take your choice.

Our polio research involves experiments on monkeys. And our vaccines for smallpox and tetanus come from use of living cows and horses.

Blood transfusions and the sulfa drugs, plus penicillin, etc., have been developed through experiments on animals.

Millions of you readers would now be dead if it weren't for our vaccination and surgery and drugs which we have developed from animal research.

So use these facts to offset the vicious propaganda of misguided anti-vivisectionists.

* * *

We doctors are as sympathetic as they are and we don't torture any dogs. But we prefer to save human life! Animal research is essential in that great task.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

(Copyright 1955)

Indonesian Gripe Fest Available to Patients

BANDUNG, Indonesia (AP)—From now on, the doctors in Western Java are going to get an earful.

The Priangan Doctors Assn. has just opened an office where patients can lodge complaints about their medical treatment or their bills.

The idea, the association said, "is to smooth relations between doctors and patients."

India an Early User of Phones, Telegraph

CALCUTTA — In 1839 India erected an experimental telegraph line 21 miles long, then the world's longest. She also had a telephone exchange functioning in Calcutta as early as 1881, only five years after the invention of the telephone.

The first telegraph line for regular use by the Indian public was opened 100 years ago.

Diver's Tooth Explodes

LONG BEACH, Calif. (INS) — Ski diver's note: William Hogan, who operates an underwater sports shop, reports that one of his customers had a tooth explode when he came up out of a deep dive. Gas can collect in the pulpy parts of teeth or in pockets in gums. When the gas is compressed by water pressure during a dive, the gas may explode.

New Aluminum Stretcher

DAVENPORT, Iowa — The world's largest aluminum-plate stretcher will be installed for the Air Force at a Davenport factory to turn out plate for high-performance aircraft in record-breaking sizes.

The stretcher will be able to exert a two-way pull of 16,000,000 pounds. It will turn out plate in record-breaking sizes 12 feet wide.

First Woman Envoy Appointed by Sweden

STOCKHOLM — Sweden's first woman envoy has been appointed—a 53-year-old sociologist and teacher, Mrs. Alva Myrdal. She will become minister to India November 1. Together with her husband, Gunnar Myrdal, she wrote a noted book on population problems, "Nation and Family."

For nine years she was vice-president of the International Federation of Business and Professional Women.

Two-thirds of the peppermint and spearmint oil produced in the United States comes from Indiana.

Music Interest Soars as Sales Rise Fourfold

NEW YORK—Although the nation's top music is presented free on radio and television, more and more Americans are going in for harmony on their own.

The sale of musical instruments in the nation has quadrupled since 1939 and now totals more than $300,000,000 a year. Sales of pianos account for half that amount.

Copper Output Up

ISTANBUL — Turkey has more than doubled its production of copper since 1948 and manganese output has increased ten-fold.

Factory Now Burning Fluid Petroleum Coke

PERMANENTE, Cal. — Engineers of a Permanente company have successfully burned petroleum coke in industrial furnaces in fluid form.

The company says it has developed a process that will produce coke fine enough to be fluidized and that in recent kiln-firing tests at the plant normal operations were not interrupted when the fluid coke was injected into the fuel system.

Six pounds of coal are necessary for the manufacture of every pound of smokeless powder.

Wrong Answer Given by 2 Nabbed in Home

CHARLESTON, S.C. (AP)—Officers caught two men in a house whose owner was out of town. The men told Magistrate O. L. Thompson they thought they were re-entering a beer parlor they had visited earlier in the evening.

Thompson was not impressed. The house was the residence of the Rev. Paul M. Pridgen, Baptist minister known as a dedicated prohibitionist.

Industry Main User

OSLO—More than 60 per cent of Norway's electric power is consumed by industry.

Husband Undamaged

COLUMBIA, Mo. (INS) — An alarmed wife called Columbia police and asked them to send an ambulance after she thumped her husband on the head with a pressure cooker. Dutiful police responded. The police blotter read: "Only minor damage. Mrs. Blank just hit Mr. Blank in the head with a pressure cooker. Ambulance not used. Only gash in head. No arrest."

U. S. Wine Variety

NEW YORK—About 35 varities of French champagne are available in the United States.

Discover $11 Bill

WILMINGTON, Del. (INS) — There's a display in the lobby of the People's Bank and Trust Co. that's rarer than a $3 bill. It's an $11 bill—with a $1 on one side and a $10 on the other—marked with proper signatures and serial numbers. Previously, one was picked up by a New York City bank and it's estimated 16 more of them are in circulation.

British Money Earners

LONDON—In the United Kingdom the self-employed account for about one eighth of the national income.

Truck Joins Driver

WOLVERINE un — A cup of coffee proved expensive for Daniel Buelman. He parked his big tractor-trailer truck on a hill and walked into a hotel dining room for coffee. Minutes later, the truck came, too, slipping its brakes and smashing a 12x12-foot hole in the wall near Buelman's table. He got a tab for coffee—and damages.

Nickel-Silver Used

NEW YORK—The nickel silvers, a group of copper-nickel-zinc alloys containing up to 18 per cent nickel, are the preferred base for silver-plated articles.

Letter Slightly Late —Just About 40 Years

FORT ROCK, Ore. (INS) — A letter reached Fort Rock addressed to the Fort Rock Times Publishing Company.

"We have heard about the land boom out there. We have a homestead 23 miles east of Fort Rock and would like to take a paper to keep up with the news out there."

There was only one flaw—the Fort Rock Times was published only from 1912 to 1915. It closed when the homestead boom collapsed.

Beef Nabs Food Spotlight in Many National Stores

By THE ASSOCIATED PRESS

Many of the nation's food stores have picked chuck roast as their feature attraction this weekend.

Chuck has been a popular special in recent weeks, in part because other cuts have gone up in price at wholesale. Reductions on chuck roast this weekend will range up to 10 cents a pound.

Other beef items mentioned as features by a number of markets include prime ribs, boneless cross-rib roast, steaks and hamburger.

Smoked picnics will be offered by some stores at reduced prices, as will loins of pork. Pork chops generally will cost more than a week ago.

The American Meat Institute says it considers pork items especially attractive right now. It reports that prices have fallen all along the line. Live hogs are running 30 per cent lower than a year ago, wholesale prices are down from 16 to 35 per cent, and retail prices are down from 10 to 25 per cent, the institute observes. It notes that this year's pork chop is shaping up to well above eight billion pounds, an increase of 11 per cent over last year.

"On specific pork cuts in the key Chicago retail market," the meat institute adds, "rib end loin roasts are around 25 per cent less than a year ago. Smoked picnics are 17 per cent less, sliced bacon down 15 per cent, and center chops and whole ham 10 per cent less."

VEGETABLE BUYS

Potatoes, eggplant and cauliflower head the list of best buys in vegetables. Produce specialists also say that onions, peppers, tomatoes and cabbage are attractively priced.

Carrots came down a bit in price this week but are considered rather high, nevertheless. Among vegetables described as "moderately priced" are lettuce, celery, beans, corn, cucumbers and sweet potatoes.

Limes and watermelons are rated the best buys in fruit. Also worthy of mention are peaches. Cantaloupes and honeydew melons and oranges and grapefruit. Apples — mostly of the cooking variety—are moderately priced.

The first prunes are arriving in eastern markets from the northwest. Prices are rather high.

There'll be lots of cranberries to go with your Thanksgiving and Christmas turkeys. The Department of Agriculture has just estimated the 1955 crop at 1,111,700 barrels. That's up nine per cent over last year and 32 per cent above average.

Singapore Votes Last Emergency Extension

SINGAPORE (AP)—The Legislative Assembly today voted its "last" three-month extension of a state of emergency declared in 1948 to combat Communist subversion.

Assembly spokesmen said new "peacetime" laws aimed at controlling Communist activities in this Britsh crown colony will be enacted at the end of the extension period.

However, the mainland Federation of Malaya is continuing its state of emergency.

Steal Cable to Detroit

DETROIT (AP)—Thieves took 500 feet of heavy cable last night from the American Telephone and Telegraph Co.'s trunk line between Detroit and Toledo, Ohio. The break cut off all Detroit communications to the south and east. Long-distance phone and leased wire service was restored by setting up temporary alternate routes.

Anhydrous Ammonia Used in Fertilizers

INDIANAPOLIS — Synthetic or anhydrous ammonia, made by catalytically combining nitrogen from the air with hydrogen from any of several sources, is the starting point for a host of fertilizers.

Under normal conditions anhydrous ammonia is a gas that liquefies when cooled or subjected to enough pressure.

For use as a fertilizer, it can be injected under pressure directly into the soil or processed into solid or liquid compounds for direct application to the soil or use in the manufacture of mixed fertilizers.

About 34 per cent of the eyeglasses worn by Americans today are of the bifocal or trifocal variety.

Ex Convict's Revenge – a Shiny New Car

ABILENE, Tex. (AP) — French Robertson, chairman of the Texas Prison Board, said an old school chum who went wrong was considerably miffed because Robertson wouldn't use some influence and get him out of prison.

"I'll get even with you someday," the man told Robertson.

A few years later, Robertson said the man came to his office and told him, "come outside."

* * *

Robertson did.

"See that big car," he said. "It's just like yours. I told you I'd get even with you someday."

The Army Field Band has traveled more than 300,000 miles during the past eight years.

No Manual Labor in Concrete Factory

CLEVELAND — A Cleveland builders-supply concern is operating a concrete-mixing plant that doesn't require manual labor at any point in the production of concrete.

By using punched cards and electronic controls, it can turn out ready-mixed concrete in any one of some 1,500 mixing formulas.

The materials are carried to storage bins by belt conveyors, from which the electronic controls direct them to the mixer as needed.

Commercial airlines in the United States make about 2,155 scheduled flights a day, which is one every 40 seconds.

Cars Pass Through 2 Sequoia Tunnels

LOS ANGELES — One of the most famous giant sequoias is the Wawona Tunnel Tree in Yosemite National Park in California.

Tunneled through in 1881, it is 234 feet high and 86.4 feet around the base. The tunnel, through which thousands of cars pass every year, is 8 feet wide, 26 feet long, and 10 feet high.

Another famous sequoia, the Tunnel Tree in Sequoia National Park, fell in 1937 and was tunneled so cars can drive through it.

Fuehrer Kupfth Ist Verboten, Ja? Nein, Mein Herr

MUNICH, Germany (AP)—A German court ruled today that it's okay to sell miniatures of Hitler's head for bottle corks.

The court acquitted a souvenir shop owner in this birthplace of the Nazi party of a charge of "making propaganda with symbols of an outlawed organization."

The Hitler-headed corks are bought mainly by American servicemen and tourists.

The court held the wooden heads were caricatures, not symbols.

India Phone Goal

NEW DELHI—India today has only seven tenths of a telephone for every 1,000 persons. The aim is to have 500,000 telephones in operation at the end of 1961—about 1.25 per 1,000 persons.

Parchment Gets Treatment Plant

Sewage Units Finished by October 1 to Meet State Requirements

PARCHMENT (AP) — Working againsttime, the little Kalamazoo River city may have its $125,000 sewage treatment plant ready by its Oct. 1 deadline.

Parchment, sometimes called Kalamazoo's "paper suburb," must have the plant built by Oct. 1 in order to comply with an order of the Michigan Water Resources Commission.

* * *

The plant is intended to keep the river free from pollution by the treatment of wastes both from the city itself and industry. Parchment, with population of slightly over 1,000, is a paper mill town.

Paying for the plant won't put the city into any debt. Over a period of years the city of Parchment has saved up for a thing of this sort. Thus Parchment differs from its big neighbor in the south, Kalamazoo. Kalamazoo has had to float bonds in order to finance a sewage treatment plant.

Like other such treatment plants, the Parchment operation will include two "digestor" tanks, primary and secondary.

* * *

First, the sewage flows into clarifier tanks. These tanks separate heavy matter from the most soluble stuff.

Thes heavy sewage, is pumped to the primary digestor tank, then it goes to the secondary digestor for final decomposition. It's then piped out to nearby fields.

IMPRESSIONISTIC ART — Sculpture affects people in different ways, as witness young Ray Plummer of Bement, Ill. "Migrant," one of the art treasures exhibited at the Bement Centennial, inspired Ray to make like a bird. The Theodore Roszack creation is valued at $7,500.

Folsom Will Study Welfare Bills Presented Congress

WASHINGTON (AP) — Secretary Folsom said today he is taking "a new look" at all Welfare Department legislative proposals which Congress failed to approve.

The department's legislative program for this year was prepared by his predecessor, Mrs. Oveta Culp Hobby, and included a number of health proposals. Among them was a federally backed voluntary health reinsurance program.

• • •

"We are taking a new look at the whole health program," Folsom told a reporter. "We are taking a new look at all the legislative proposals on which Congress failed to act.

"We have to make a decision soon on them so as to make recommendations to the President for possible inclusion in his program.

"We have reached no conclusions. Our reconsideration does not mean that we will drop any of the proposals any more than it means that we may decide to stick by them exactly as they were."

• • •

Asked if the study included possible recommendations as to House-passed bill to expand the old age and survivors insurance system, Folsom said:

"We can't ignore such legislation in any program we might prepare. We might not mention it specifically, but we can't ignore it."

Congress approved a three-year study of mental health problems but did not complete action on any other major phase of the program.

The bill to amend the Social Security Act was originated by House Democrats.

Under the proposal the retirement age for women would be lowered from 65 to 62 years, benefit payments would be provided for totally and permanently disabled at 50 instead of 65, and additional persons would be included in coverage.

U. of M. Library Move

ANN ARBOR (AP)—The University of Michigan begins Thursday to move some 100,000 books from its general library and other collections to a newly completed, $600,000 medical library. The new library is attached to the Kresge medical research building.

Poison Ivy Joins Scout Jamboree

Several Hundred Cases Fail to Stop Campers' Fun at Niagara

NIAGARA-ON-THE-LAKE, Ont. (INS)—Several hundred cases of poison ivy have been reported in the camp of the eighth World Scout Jamboree.

There were over 100 cases reported Tuesday and yesterday another hundred were listed in the Alouette camp where the scouts from the Catholic federation in the Province of Quebec are located.

* * *

Hospital officials report that none of the cases is of a serious nature and that all are able to carry on with camp activities.

The scouts from several of the sub-camps went into Niagara Falls for the second day, many crossing to Niagara Falls, N. Y. for short sight-seeing trips.

Officials of Niagara Falls say they are glad to see the 3,000 coming from the camp each day but report they are making their presence felt.

Today a large department store was disrupted for an hour when one of the Texas scouts lost his toad in the dry goods department.

Salesgirls scattered as several scouts climbed under tables to find the animal. Another scout started a bit of a stir when he decided he wanted to go for a swim in the Niagara River below the Falls.

Police officers suggested it was not a good idea.

* * *

A large display was held this afternoon in the arena by the Alouette camp scouts with a large boat fight, French Canadian songs and gymnastics.

The District of Columbia has 34 miles of railroad.

'Lion' Scares Fentonites —It's Just a Great Dane

FENTON (UP)—Sheriff's deputies, tracking a supposed mountain lion seen in this vicinity, say it apparently is a harmless Great Dane dog.

Checking reports of a strange, big animal spotted by residents, officers said they found a farmer who has three Great Danes which occasionally run loose.

They said there had been no reports of any game killed and advised armed farmers who had set out to hunt the "lion" that it is believed harmless.

Iran has a population of about 17 million in an area of 628,000 square miles. Canada is six times larger in area and has more than 13 million.

Ludington Shop Open

LUDINGTON (UP)—A total of 40 persons were registered Tuesday at the five-county industrial development workshop in Ludington. The workshop is one of several being held in the state by the Michigan Economic Development Dept. The Ludington group represented Manistee, Mason, Oceana, Lake and Newaygo counties.

Sugar beets are an important crop in Colorado.

Electronics Boom On

LOS ANGELES—In 1943 there were only 15 electronics concerns in the Los Angeles area. Today there are some 440. They operate 506 plants with an area of 9,750,281 square feet and employ nearly 70,000 persons.

Church Secretaries Find Work Inclusive

GRAND ISLAND, Neb. (INS) — A church secretary may have a tough job.

A survey here found them running lost and found services for their congregations; serving as bridal consultants and church bookkeepers; handling church public relations and looking into cases of Sunday school absenteeism, to say nothing of taking dictation and typing.

Mrs. Jessie Yost, secretary of Trinity Methodist Church, says she has done nearly everything but preach and perform marriages.

One of her bosses, Dr. James Chubb, says of the church secretary: "She is a shock absorber who meets the people on the phone and as they come through the office, classifies their needs and refers them to those who can help them."

In their off-duty hours many of the secretaries sing in the choir, teach Sunday school, call on shutins and help with youth activities.

India's Wheat Harvest

NEW DELHI — The recently completed 1955 wheat harvest is the largest on record for India—an estimated 317,000,000 bushels.

It is 3 per cent above the 1954 crop and 49 per cent above the low 1945-49 average. Some 28,400,000 acres were planted in wheat compared with 62,100,000 in 1954 and the 1945-49 average of 2,3-300,000.

Texas Oilman Works as Janitor in Local Church

WHITESBORO, Tex. (INS) — Think of a Texas oilman and you may visualize a free-wheeling sombreroed hombre who lights his cigars with $100 bills.

But that is not the case witth J. N. Caviness of Whitesboro. Caviness' Grayson County farm has a good oil well on it and his wife owns royalty interests in eight oil wells.

But oil money which came to the Cavinesses quite recently hasn't changed them much.

They continue to live in their modest and pleasant white frame home in Whitesboro where Caviness works as a $125-a-month janitor at the First Baptist Church.

Caviness says he would still be farming if it were not that he is 75 and not quite as strong as he used to be.

And if he must take light duty, he says, "I'll take it in the House of the Lord."

Tobacco Taxes Yield Dip in 33 of 41 States

CHICAGO — The Federation of Tax Administrators reports that yields from tobacco taxes dropped last year in 33 of the 41 states levying them.

In 1954, the federation said, 2,235 cigarettes per person were used, a drop of 6 per cent from 1953. Per capita consumption in 1953 dropped about 1 per cent from 1952, when it had risen more than 3 per cent.

Airmen Will Jump From Top Heights to Help Pilots

WASHINGTON — Two Air Force officers are planning to test aircraft escape equipment soon in one of the most daring research projects in aviation history.

* * *

Scientists are now trying to develop a stabilized seat that can be ejected from high-flying jet planes. To do this they need to know the answer to a vital question: How far can man safely drop through rarefied air before he opens his parachute?

To help get the answer Capt. Edward G. Sperry and 1st Lt. Henry P. Nielsen are preparing jumps from perhaps record heights. The officers are getteng set for six balloon flights ranging up to 90,000 feet — the highest altitude yet attained by man — or possibly even farther.

At the peak of each ascent one of the men will jump. Warm clothing and pressure suit will protect him against the thin subzero atmosphere. His parachute will open in the safe lower layers of air.

Meanwhile the other partner, cutting the balloon adrift, will ride the gondola, guided by a small stabilizing parachute, down to an altitude of about 20,000 feet. Then he, too, will bail out. A special parachute will ease gondola and instruments to earth.

In seeking to solve high altitude problems, scientists are asked why they don't dispense with pilots altogether, making everything automatic. To this one top engineering official replies:

THE PONTIAC PRESS

THURSDAY, AUGUST 25, 1955 PONTIAC, MICHIGAN SEVENTEEN

Flood Disaster Reveals True Courage, Hope

STROUDSBURG, Pa. (AP)—We've gotten soft," said Mrs. Harold Albert as she helped her husband clear muck and rubble left by the devastating flood which shattered much of the twin resort towns of Stroudsburg and East Stroudsburg.

* * *

Mrs. Albert continued: "We've had things too easy. The television, the car, the club, the automatic this and that. Now we'll be neighborly again, like in old times."

But she, like the other 13,000 residents of the two communities, still stares with disbelief at the havoc wrought by the raging waters of Brodheads Creek.

"Shucks," said Dave Everett, "Brodheads is for fishing and swimming, not this."

Until last Thursday night Brodheads was a picturesque, winding stream which rippled over rocks and provided deep pools for elusive trout.

* * *

"When our house started to fill up with water," Mrs. Albert went on, "we slept in the garage behind it—it's on a little higher ground—and prayed."

The prayers must have been answered. Another home, a quarter mile away, was whipped from its foundations and was whirled past the garage not more than 50 feet away.

* * *

That home crash-landed on another lawn still another quarter mile down the road.

As for the road, you can find a chunk of asphalt here and there.

You peer intently at the rubble and spot a table here, a dishpan, potatoes, corn still on the stalk, a child's wheelbarrow.

* * *

A white object in a morass of debris turns out to be an electric light bulb. You shake it, and no sign that it's broken. You try it later in a light socket, and it works!

Stop to talk with anyone, and it's hard to get away. He or she can talk and talk about what happened. Talking seems to act as an anesthetic, to help ease the pain of reality.

* * *

No one will forget the mother of four children who resided in the "Flats" section of what once was a street in "East" Burg.

She was trapped with the four kids all night on the roof of her home. Rescuers picked them up hours later. What had they been doing? Led by the mother, they were singing "Row, Row, Row Your Boat, Gently Down the Stream."

* * *

In every town there are so-called "shiftless" characters. Never want to work.

What did they do in the emergency?

Well, Billy — and Joe — came through like champs. "That's Billy," one woman said. "I'll never say he's shiftless again. He went after the bodies, he worked in the welfare centers—why, he worked 36 hours straight and asked 'What else can I do'?"

"That Joe," said veterinarian Dr. L. G. Kutsher, "Joe's doing the work of three good men. That Joe's no bum, He'll amount to something now."

FAMILY AFFAIR — 1st Lt. Irelan Brown, enlistment officer at Fort Wayne, swears three Pontiac men into the Army. All named Lemaster, they are re-enlisting for a second hitch. Left to right, they are Thomas R. Lemaster, cousin of Darold A. (center) and Daniel T. Lemaster. The three Lemasters live at 5301 Lakeview St.

Michigan Bar Cites Ambulance Chasing

LANSING (AP)—A committee of the State Bar Association today accused out-of-state lawyers of "chasing ambulances" in personal injury cases involving trainmen.

The association's committee on the Federal Employer's Liability Act said 80 per cent of such cases over the last 10 years had been siphoned off to out-of-state lawyers —mostly in Chicago.

Out of 167 such cases over the past 10 years, 100 were handled by one Chicago law office, the committee said.

More than one million dollars in damages were paid under cases "siphoned" off to out-of-state lawyers, the committee said.

The association meets Sept. 16 in Detroit.

Pontiac Press Photo

CELEBRITY, JUNIOR-SIZE — Child movie actor George Winslow and his mother show some of his clippings to John Kellner of 70 Washington St. during a recent visit to the city. Kellner, a retired railroad engineer, and George became friends through correspondence after the boy appeared on a TV show in an engineer's costume five years ago.

George Winslow, Child Movie Actor, Pays Brief Visit to Friends in Pontiac

"I like to be a practical joker, but, nevertheless, I'm a pretty serious boy."

That was the self-appraising comment of child movie actor George Winslow when interviewed here during a recent visit at the home of John Kellner, 70 Washington St.

It was George's second visit with Kellner, a retired railroad engineer. The first was in 1953, after Kellner had written the boy following his appearance in an engineer's costume on a television show.

George, the "boy with the foghorn voice" has appeared in six movies since making his first public appearance on TV at the age of four. He is now nine.

When under contract in Hollywood, George is paid $350 a week. That salary is held in trust, but wages from free lance work—which he is now doing—are his to spend as he pleases.

While under contract, he is tutored by Francis Klamt, who taught Shirley Temple and other juvenile stars.

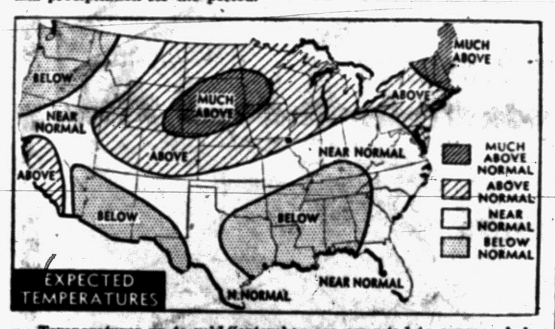

His newest picture is "Artists and Models", a Dean Martin-Jerry Lewis movie scheduled for release in December.

Acting doesn't take all George's time. His outside interests include coin collecting and model making. He became interested in model gun making after a recent visit to Ford's Greenfield Village.

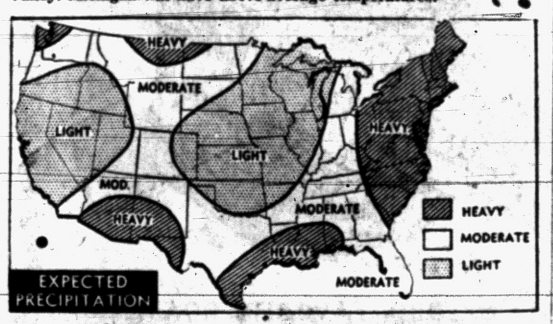

George, who attends Ridgewood Military School in Encino, Calif., has been in Detroit vacationing with his aunt, Mrs. L. Birta. He stopped in Pontiac for a brief visit with his engineer friend, Kellner, before returning to California and school.

Weather Outlook

The weather maps below give you the U. S. Weather Bureau's long-range forecast through the middle of September. It is not a specific forecast in the usual sense, but an estimate of the average temperature and precipitation for the period.

Temperatures up to mid-September are expected to average below normal in the Pacific Northwest, far Southwest and lower Mississippi Valley. Michigan will have above-average temperatures.

Precipitation from now until mid-September should exceed normal in the eastern quarter of the U. S. from Georgia northward and along the west Gulf Coast. It will be moderate in this area.

Weather Bureau Sees Greater Accuracy

By CHARLES F. BARRETT

WASHINGTON (AP) — Weather Bureau officials say they expect great improvements in the next few years in ability to forecast disastrous floods such as hit the Northeast last week.

They concede that as things stand now they just don't have the scientific knowledge, experience or facilities to foresee erratic extremes in nature.

But Congress this year gave the Weather Bureau a big boost in funds, providing 40 million dollars for the year which started July 1 — 15 million more than the year before.

* * *

Much of the new money will be used for research on problems which have puzzled weather scientists and which officials blame in part for the lack of warning in some of last week's floods. Other funds will go to establish new facilities for getting more weather information and making forecasts.

For example, much of the havoc from last week's extreme rainfall came from flash floods, arising within minutes or a few hours in small streams and headwaters. It would be impractical to station fulltime Weather Bureau observers at every remote stream to measure rainfall and try to get out warnings. And meteorologists say that frequently there wouldn't be time to give the warning even if an observer were on hand.

* * *

One new project looks to far greater use of radar. The Univer- improved methods of detecting rainfall on radar screens. Radar sets scanning a radius of 200 miles could spot extremely heavy rains or cloudbursts moving toward valleys and river headwaters where flash floods are likeliest. Advance warnings could be given long before ground instruments could record the extreme rainfall.

Another difficulty last week was the failure to predict the course and intensity of the rains packed by Hurricane Diane. The Weather Bureau simply has had little exsity of Miami in Florida will study perience on which to make precise estimates on rainfall above two to four inches at a time. Last week up to 17 and 18 inches of rain in less than 48 hours fell in some areas.

* * *

Projects are under way for more research into atmospheric influences which push a hurricane this way or that. Other projects are exploring rain patterns within the 500-mile area of the hurricane itself.

These rain belts, highly variable, are now considered almost unpredictable. Some points within a hurricane area, for instance, get two or three times more rainfall than other points.

Florida Slated for Rocket Site

Scientists Predict Cocoa Air Base as Satellite Launching Center

EVANSTON, Ill. (INS) — The sunshine state of Florida may be the location for launching the earth's first artificial space satellite.

* * *

This indication has emerged from talks with rocket scientists and jet-propulsion experts attending the first annual gas dynamics symposium sponsored by Northwestern University, the U.S. Air Force and the American Rocket Society in Evanston, Ill.

* * *

Announced theme of the meeting is "Aerothermochemistry," but outside the conference room informal groups congregated in the corridors to discuss U.S plans for sending an earth-circling research satellite into space in connection with the international geophysical year, June 1957 to December 1958.

Two satellite launching means were advanced by the experts. They are :

* * *

1 — A satellite-carrying, multi-stage rocket launched from a high flying airplane.

2—The "Saloon" Project, (saloon, a word formed from the contraction of satellite and balloon) the proposal of Kurt Stehling, of Bell Aircraft Corp., Buffalo, N. Y.

SALOON

He described "saloon" as a helium-filled balloon carrying a three-stage rocket with the satellite equipment in the rocket's nose. The three million cubic foot balloon could be launched from a U.S. Navy ship the size of an ice cutter in the South Atlantic Ocean.

The experts agreed that a launching would use "existing rocket hardware at already constructed land facilities."

* * *

In the opinion of James Harford, executive secretary of the American Rocket Society, and others among the 140 conference scientists, this means the U.S. Air Force's Banana River rocket range would best serve launching purposes.

* * *

The Banana River range is located between Vero Beach and Daytona Beach some 200 miles north of Miami. Its official name is the U.S. Air Force Missile Test Center, Patrick Air Force Base, Cocoa, Fla.

HEARTBREAK — Verne Walrafen, 14, fondles his 10-week-old puppy and bids it a sorrowful goodby as he waits on an Emporia, Kan., street corner to find a new owner for his pet. Within an hour another lad took the pup, the one remaining of a litter of three, and bought its collar from Verne for a quarter.

Bela Lugosi, 72, to Wed Clerk

Bride Encouraged Actor During His Fight Against Drug Addiction

HOLLYWOOD (AP) — Bela Lugosi will be married to a movie studio employe who wrote him daily letters of encouragement while he recently was hospitalized for drug addiction, the Mirror-News said today.

* * *

The copyrighted account identified the bride-to-be as Miss Hope Lininger, 40, a cutting room clerk at RKO studio. It said she and the 72-year-old Hungarian actor will be married at the home of Manley P. Hall, writer-publisher of books and pamphlets, before a small group of close friends.

Lugosi, famed for portrayals of horror roles, was divorced two years ago by his third wife, former actess Lillian Arch Lugosi, 43.

Lugosi was released last Aug. 5 from Metropolitan State Hospital in suburban Norwalk, to which he was committed three months earlier at his own request. He said he was "no longer an addict to drugs" and "I've licked a habit of 20 years."

* * *

The Mirror-News account quoted Miss Lininger as saying that when she was a little girl in Johnstown, Pa., she chose Lugosi as a screen hero when other girls picked Clark Gable or Gary Cooper because she wanted someone to herself and — "I knew the other little girls would never be Lugosi fans."

She had seen the sharp-featured actor as the star of "Dracula."

The paper said she wrote Lugosi daily letters when he was hospitalized, signing them "Just a Dash of Hope." Lugosi was quoted as saying he became intrigued by the anonymity and got her telephone number through the return address.

New Businesses Sprouting at Rapid Rate in County

New businesses are being born at a rapid rate in Oakland County as local residents, with the urge to be on their own, are embarking on new ventures.

The story is told in a report just issued jointly by the Department of Commerce and by the Department of Health, Education and Welfare, based on tax reports submitted by employers under the Old Age and Survivors Insurance program for 1953.

While the mortality among new projects is large, about a fourth of them survive and flourish after the difficult first five years.

Oakland County has, by virtue of this net growth, a total of 6,131 business enterprises in which there are one or more employes. This marks a big increase over the 5,011 recorded by the same Federal agencies five years earlier.

The gain, 22.4 per cent, was much more than that noted generally in the United States, 9.9 per cent, and than that in the East North Central States, 6.7 per cent.

Small business is well established in Oakland County, the figures show. There are 5,560 firms, or 91 per cent of the total, with less than 20 employes each. They form the backbone of the business community.

Of the local establishments, 3,432 employ from one to three people each, 1,442 have from four to seven each and 686 from eight to 19. The remainder are larger concerns.

Oakland County's business concerns provide gainful employment for 97,767 people, the report shows, as compared with 74,698 on the payrolls at the time of the prior tabulation.

Included only are those subject to the social security program. Others being brought in through expanded coverage are not yet included.

The nation's business population, now around 4,000,000, is nearly a million more than at the close of the last war. New industries and services are steadily being created and old ones improved and expanded to meet the needs of our rapidly growing human population.

Columbus Couple Marks 70 Years of Marriage

COLUMBUS, Ohio (AP) — Seventy years ago W. E. Burwell walked down the aisle with his bride, the former Sophia Dill. They have lived their entire lives on Sunbury Rd. in Franklin County, and Sunday they'll observe their anniversary with an open house. Burwell, a retired farmer, reaches his 89th birthday Aug. 29, and Mrs. Burwell will be 89 Dec. 24. They knew each other from childhood and attended Central College together.

Aim to Attract Industry

LANSING (AP) — The State Economic Development Commission today appointed a 12-man committee to direct a stepped up promotion campaign aimed at attracting industry to Michigan.

Seeks Independence for Navajo Tribe

By ROBERT A. BARNES

WINDOW ROCK, Ariz. (AP)—Independence for America's largest Indian tribe in 10 years? That is the hope of one vigorous young man who fills a key role in tribal affairs.

* * *

"In 10 years I would like to see the Navajos take over, with every one of the agency jobs filled by Navajos," says M. Maurice McCabe, secretary-treasurer of the tribe.

A many-sided program, or series of programs, aimed at ultimately turning the tribesmen loose to shape their own destiny is gaining momentum. Among major phases are:

By the government—schooling of children and movement of tribesmen to urban areas if they so desire.

* * *

By the tribe—encouragement of industries to move to the reservation and financial aid to Navajos for college educations.

The once warlike Navajos, 87 years after signing a peace treaty with the United States, still have a long row to hoe before they will be running their own affairs. This year there are about 40 tribal employes compared with 3,000 Indian Bureau employes.

Supt. G. Warren Spaulding of the Navajo Agency says he has seen "a growing ability" on the part of the Indians to handle their own affairs.

"As fast as we reasonably can, we transfer authority to the tribe," he says.

McCabe, called "highly proficient" by Spaulding, is optimistic.

"I would say this will be one of the most highly industrialized areas of New Mexico or Arizona in a few years," he says.

The real future of the tribe, he feels, rests with a program started a couple of years ago by which the tribal council pays college costs for promising young Navajos. It is putting out $100,000 a year for that purpose now. Scholarships are with the understanding the recipients will serve their people in some capacity for three

To Probe Fires

BIG RAPIDS (AP)—The State Fire Marshal's office has scheduled an investigation of a series of fires of undetermined origin in Big Rapids. The most recent blaze swept the former Jones & Green Lumber Co. Monday. Firemen were called out twice Sunday and three times Monday after the lumber yard fire.

Dulles to Follow Up Ike's Philly Address

WASHINGTON (INS)—Secretary of State John Foster Dulles will follow up President Eisenhower's "straight from the shoulder" declaration of what Russia must do to maintain the current East-West spirit of friendship.

Dulles makes a major foreign policy address tomorrow before the Council of Foreign Relations in New York.

The State Department said only that the secretary would talk about "certain aspects of U. S. foreign policy." But he will presumably discuss in detail the points raised by the chief executive yesterday in his Philadelphia speech before the American Bar Association.

Honeymoon Trip Arranged for TV Quiz Contestant

NEW YORK (INS)—Next Tuesday the great honeymoon begins—a honeymoon for the bride and bridegroom and for Gino and Caroline who never had one.

* * *

They will fly to Italy from Idlewild airport by Itilian airlines, with fares on the flight over and return by ship a gift from a New York travel bureau.

The travelers are Gino Prato, recent winner of $32,000 on the $64,000 question TV quiz, his wife, their only child, Lorraine, 23, and Eugene Joannides whom she will marry Saturday.

The airline will sponsor a cocktail party Tuesday afternoon with Basso Ezio Pinza among the distinguished guests.

TO SEE POPE

Gino's eyes shone as he said arrangements had been made for him to meet his Holiness, The Pope when he gets to Rome.

Waiting to greet Gino in Rome will be his father, Giovanni, 92, who cabled the advice that made his son stop at the $32,000 mark.

Next Gino will use part of his $32,000 winnings — actually $21,600 after taxes—to open a larger shoe repair shop.

He's anxious to begin his $10,000-a-year job as "goodwill ambassador" to the nation's 35,000 cobblers for a heel manufacturer.

Terrorists Continue War With Argentine Police

BUENOS AIRES (AP)—Four unidentified men in a jeep with its lights off fired early today at a policeman guarding a suburban gasoline pump. They missed.

The policeman, Genaro Turacci, shot back and one man fell from the jeep. His comrades picked him up and drove off.

It was the 12th such attack on a lone policeman in the Argentine capital in recent weeks. The attacks began after the unsuccessful June 16 revolt against President Peron's government.

Navy Helicopter Saves Boys at Niagara Falls

NIAGARA FALLS, N.Y.—(INS) Two young brothers were rescued from the Niagara River near the roaring falls yesterday by a Navy helicopter. Their fishing boat had capsized.

Howard and Fonzy Booze clung to a rock several hundreds yards from the brink of the falls for a half hour before they were lifted into the helicopter by a hydraulic sling.

Catch Delinquent, 4

MADISON, Conn. (UP) — A police investigaiton showed a 4-year-old delinquent was responsible for forcing an entrance into a home by ripping a hole in a screen door.

U.S.-Jap Talks Start Monday

Shigemitsu to Discuss Rearmament, Red China Trade and Soviet Treaty

WASHINGTON (INS) — Japan's Foreign Minister Mamoru Shigemitsu—once sentenced to seven years' imprisonment as a war criminal—arrives in Washington tonight for a week of conferences.

* * *

His official visit with top U. S. officials starts next Monday. Tomorrow, he begins two days of private talks with Japanese embassy leaders in Hot Springs, Va.

It was Shigemitsu who signed the surrender documents ending World War II aboard the battleship Missouri almost ten years ago in Tokyo Harbor. Later he was convicted by the Allied governments' tribunal as a war criminal for his role as a cabinet leader in war-time Japan.

But, beginning Monday, he will be a guest of the U. S. government. His mission is to improve the friendship between postwar Japan and the U. S. which has dramatically changed the relationships between the two nations in the past ten years.

Shigemitsu has announced that he intends to talk about Japan's rearmament program which America contends is proceeding much too slowly for a major world power.

A number of other subjects could, and likely, will come up, such as Japan's current negotiations with Russia in London looking towards a peace treaty between the two nations. Russia refused to sign the San Francisco peace treaty.

* * *

There also is the disturbing problem of Japan's desire to trade with Red China, an issue which the U. S. intends to examine closely.

Re: Spellers— Try Last Graph on Yourselves

LOS ANGELES (UP) — Joseph W. Hawthorne, general manager of the Civil Service department, doesn't know why but of the 11 words most frequently misspelled by municipal job applicants, six begin with the letter a.

Other sticklers: Dictionary, occasion, personnel, receive and separate.

Hawthorne tested his secretary yesterday with this dictation: "To accommodate our personnel, each has already received a separate dictionary, so on this occasion we are afraid to accumulate more unless the aqueduct funds come through all right."

Flood Jobless Increase

WASHINGTON (UP)—The Labor Department estimates that jobless payments in four flood-devastated states may exceed a million dollars a week. Claims are mounting in Massachusetts, Connecticut, Rhode Island and Pennsylvania and the number may top 60,000 the department says.

City's 2 Libraries Add 14 New Books

Fourteen new books were added to the Pontiac City Libraries collection this week, Librarian Adah Shelly reports.

Included are 10 works of adult fiction and four non-fiction selections. They are:

Adult Fiction

Band of Angels, R. P. Warren.
Carmela, Rowland Winn.
The Cellar at No. 5, Shelly Smith (pseud.)
The Flame of Hercules, Richard Llewellyn.
Hotel Fever, Arnold Gifford.
Huffley Fair, D. E. Smith.
Jonathan Eagle, A. K. Laing.
The Little Walls, Winston Graham.
The Moment Before the Rain, Elisabeth Enright.
The Sixth of June, L.S.B. Shapiro.

Adult Non-Fiction

Best Sermons, 1955 ed.
The Homemaker's Pictorial Encyclopedia of Modern Cake Decorating, Wilton.
An Introduction to Nature, John Kieran.
Portal to Paradise, Cecil Roberts.

Dock Workers Return to Jobs

ILA Union Threatens to Shut Down Piers in New York Harbor

NEW YORK (UP)—Longshoremen returned to their jobs today, ending a three-day wildcat strike on a number of Hudson River piers.

* * *

However, the president of the International Longshoremen's Assn. (Ind) indicated a portwide strike of dock workers may be called in two weeks.

The unauthorized work stoppage was touched off Monday when the New York-New Jersey Waterfront Commission canceled a work permit held by a longshoreman with a long criminal record.

The ILA consistently has opposed the histate commission—with its subpoena powers, tight application of hiring rules and its check on dockers with past criminal records.

An original group of several hundred strikers mushroomed Tuesday to between 4,000 and 6,000 dockers. Fourteen vessels were affected.

Pressed by union leaders yesterday, the men started back to work. The Queen Mary put to sea on schedule, but the liner Independence steamed out of port three hours late.

In urging the men to return to their jobs, ILA President William V. Bradley told them the union shared their resentment against what he termed the commission's "indiscriminate" handling of its powers.

If the matter is not straightened out in the next two weeks, Bradley said, "we will be down to the piers to lead you."

Report Starts Monday

The Pontiac Press, all next week, will present Dean Lambert's report of his visit to Russian farms.

Coal is the source of about 70 per cent of the fuel and energy produced in the Soviet Union. The remaining 30 per cent comes from petroleum and wood.

Experts have predicted that in event of any sudden all-out military effort, demand for coal would rise to between 650 and 700 million tons a year from American mines.

Bullfighting Unlikely to Bloody Up America

By PHYLLIS BATTELLE

NEW YORK (INS)—Every year or so a shrewd businessman, with a genuine affection for crisp paper in large denominations, suggests tthat what the U.S. needs is a bit of bullfighting. To supplement such sissie sports as boxing, rassling and organized vice.

* * *

"Listen, what the public wants is a little death in the afternoon for $3.40," observe these fellas, chewing hungrily on their fingernails. "This is a thrill-seeking era, you know, and people need them thrills. Otherwise they are taking up crime."

In other words, bullfighting will pull the little delinquents in off the streets, and discourage men from beating their mothers.

My response to this — following the wave of nausea which sweeps over like a tornado, blowing off my top and laying waste my inhibitions — is the gnashed tooth.

Ernest Hemingway may love the thrill and poetry of gullfighting; Ava Gardner may get involved with it emotionally; but the ASPCA and I stand firm.

* * *

It's bad enough to kill an animal with a sudden thrust of knife or immaculate bullet, for purposes of eating, self-protection or taxidermy.

OUTRAGES 'SISSIES'

But to lure him into a sucker's game, to irritate him, then to destroy his rights to survival by painful inches — this has troubled and outraged so-called sissies for generations. You don't have to have much of a heart to hate the idea.

* * *

The latest would-be bullfighter Billy Rose is a young man of 26 named L. Stephen (Larry) Fields, a boy who has rarely, if ever blackened the eye of his mother and never, so far as anyone knows, tied tin cans to puppy dogs' tails.

The trouble with L. Stephen is that he is a press agent and, ever since the late Steve Hannagan raised Miami Beach from a sand trap to an institution, press agents have known they could do anything.

"Bullfighting may be a little bloody," explains Fields, "but if you have any doubts at all that it is necessary, just check the dwindling attendance marks being racked up by baseball and boxing. 'Let's have kicks' is the battle cry of today's civilization.

"People are living for excitement, and you can feel that in our modern music, in our movies, in everything.

* * *

"It sounds corny when you spell it out, maybe," he goes on, "but living today is a tense, rather frightening proposition. We actually don't know exactly how long we have to live — suffocated as we are in the shadow of the deadliest mushroom the world ever has known."

He follows this up with a quote from Hemingway: "Only the bullfighters live their lives all the way up."

The crowds imagine themselves in the matador's shoes and share in his "completeness—which is the triumph of grace and courage over death."

This is what he wants to offer the American public, Fields said. The opportunity "to defeat the death which draws closer with every heartbeat."

* * *

A trifled stunned and winded by his own poesy, Larry panted that he has raised $20,000 of the $100,000 he needs to import his bulls and assassins, that he hopes to raise the first Plaza de Toros in a lenient Western state like Nevada, and that he will battle "the squeamish" humane groups all the way.

"Well, what do you think of the idea?" he concluded.

I told him how sick I became at my first and only bullfight, and why, and to remember that the wages of bullfighting is death.

"Is it really that bad?" he said. "I've never seen one."

Nor, if you ask me, will L. Stephen Fields' prospective customers.

Gas Makes Steel

NEW YORK—The nation's steel industry consumed a record 280 billion cubic feet of natural gas in 1954, an increase of 25 per cent over 1953, the previous peak-consumption year.

Ford to Visit District

GRAND RAPIDS (AP)—Rep. Gerald R. Ford Jr. (R-Mich) said Tuesday he will begin a four-month schedule in Kent and Ottawa Counties Sept. 6 to meet with his constituents for "grass-roots observations, comments and suggestions on operation of the Federal Government." He plans to district before Congress convenes next January.

Eisenhower—Champion of Peace

Russian Satellites Are Our Potential Allies

(Editor's Note: This the fourth of five articles by noted reporter Bob Considine telling the story of President Eisenhower's emergence as champion of world peace.)

By BOB CONSIDINE

The paths down which Dwight Eisenhower's peacemaking predecessors walked were paved with galling concessions and surrenders of principle. This he is determined to avoid as he himself, cast now in a role in sharp contrast to his military training of old, engineers a new path toward tranquility.

* * *

His critics, though all but drowned out by the widespread acclaim his peace efforts are gaining, have claimed that in his effort to bring about an easing of East-West tension he has shown a tendency to concede to Russia the 800,000,000 human beings held behind the Iron Curtain.

"We can't expect to win every argument instantly," Eisenhower said to a friend recently, in discussing his peace work. "And there are some things that can't be hurried short of war."

Intimates say he lists the plight of the Russian satellite peoples in that category. The problem is close to his heart. One supposes he prays that the solution were as close.

At a White House news conference shortly before he flew to Geneva for the summit talks, the President was prodded by able newsmen May Craig on a House resolution expressing sympathy with the satellites and imploring U.N. and other agencies to set them free.

THERE ARE NUANCES

"There are nuances in any such statement, and complications," Eisenhower answered seriously. "How far are you going to go? You are certainly not going to declare war are you? So there, instantly, you fix for yourself limits on how far we as a people will go into accomplishing this thing.

"That means, therefore, that we use peaceful means and means that are not provocative. We use moral suasion. We use refusal to be drawn into any seeming approval of such a situation."

The engineer of a new path to peace that has aroused the whole world is not a man likely to buy a termination of the Cold War with chained hostages.

"I don't believe America is ever going to be happy as long as any people with a historical record of independence are kept enslaved by someone else—by foreign domination, specifically meaning the Eastern satellites," the President said in response to a question posed by Richard Wilson of the Cowles Publications at the White House news conference of last June 8.

MOVES SLOWLY

He moves slowly, perhaps too deliberately for the enslaved themselves, in his efforts to bring about their liberation. The Russians cut him off abruptly whenever he attempted to introduce the satellite question at Geneva. But he seldom missed an opportunity to talk about the problem during informal meetings with Red leaders at buffet tables, formal dinners and over coffee and cigars. In his post-Geneva report to his countrymen and, indirectly, to the people concerned he said:

"In these conversations a number of subjects were discussed and among them the Secretary of State and I specifically brought up, more than once, American convictions and American beliefs and American concern about such questions as the satellites of Eastern Europe. . . . We made crystal clear what were American beliefs about such matters as these."

Old military strategist Eisenhower shares not an iota of whatever public concern there may be over the prospects of satellites fighting loyally at Russia's side in the event of a great land war.

"The Russians know the risks of indulging in war when you have captive satellites," he told his news conference a year ago. "Napoleon went into Russia in 1812 with exactly that kind of army. The Grand Army of France had been reinforced by Prussians and others of the regions Napoleon had conquered, whose soldiers had to be impressed into his own army.

SATELLITES DESERT

"As quickly as he met his first disaster, they began to desert. The Russians know all that. That very system of satellites could be, in a war of exhaustion, a very great source of weakness. They have, as compared to us, economic weaknesses." These, he said, would preclude necessary military aid to the red satellites.

Ambassador to Moscow Bohlen and others have assured Eisenhower that the present Kremlin rulers are now in the process of making life more tolerable in the satellites.

"There's something different in the world," Eisenhower recently exclaimed. "The Russians are inviting in Mr. Nehru to try to win over the neutralist countries. They have made an unprecedented visit to Yugoslavia. They have invited in Chancellor Adenauer. There is a change going on."

(Tomorrow Bob Considine takes you behind the scenes in press talks where President Eisenhower tells about the Geneva Conference.)

Attorney General Under Hoover Dies

SYOSSET, N.Y. (AP)—William De Witt Mitchell, 80, a Democrat who served as U.S. Attorney general under President Herbert Hoover, died yesterday at his home here.

Mitchell, a native of Winona, Minn., had been practicing law at St. Paul, Minn., when in 1919 he became regional counsel for the U.S. Railroad Administration. In June 1925, President Calvin Coolidge, a Republican, appointed him solicitor general of the United States.

He was a member of Republican Hoover's Cabinet from 1929 to 1932.

In 1931, when the Lindbergh kidnaping case broke, Mitchell pledged all possible government aid but disclosed the lack of federal jurisdiction over kidnapers. The case led to passage of the federal kidnap law.

AAfter leaving public office, Mitchell joined a New York law firm in 1933.

The first business corporation to sell life insurance in the United States was granted its charter in 1794.

Roosevelt Can See 'Timber' in Williams

DETROIT (INS)—Rep. James Roosevelt (D-Calif) said that Gov. G. Mennen Williams of Michigan "would make an excellent candidate for president" but indicated he would back Adlai Stevenson if he ran.

The son of the late president added that Gov. Averill Harriman of New York and Sen. Estes Kefauver of Tennessee would also make "excellent" Democratic candidates.

Flashing the famous Roosevelt smile, the California Democrat said Stevenson would have his support but added that "I'm not sure he will run again."

His remarks were made at a news conference in Detroit where he will address the convention of the National Congress of Petroleum Retailers.

Hope Turret Damaged

HOLLAND (AP) — Frank Lightheart, chief custodian at Hope College, said Tuesday that damages to the lightning-shattered main turret atop Hope Memorial College will exceed $2,000. The turret was struck Monday in an electrical storm.

District Attorney Robbed!

NEW YORK (AP)—The home of Brooklyn Dist. Atty. Edward S. Silver was looted yesterday of $11,200 worth of jewelry, but the thieves overlooked other valuable gems and furs. The family were away.

British Criticize 'Dollar Curtain'

Newspapers Attack Rule Banning English Tourist Travel to America

LONDON, Aug. 24 (AP)—An onslaught has started against the "dollar curtain" — the British government restrictions that bar British tourists from the United States.

Travel agencies and newspapers are leading the campaign. They point out that Mr. and Mrs. Briton now can take a holiday even in Moscow — but still can't take a look at their North American friends.

* * *

The reason for the ban is simple. Tourists in the United States and Canada would spend dollars —and Britain is hort of dollars. As a result, the treasury limits North American travel to British businessmen and people visiting close relatives.

The Assn. of British Travel Agents has frequently urged the treasury to lift the ban, an association spokesman said. He said the association believes the amount of transatlantic travel would never amount to a real drain on dollar resources — and might pay big dividends in encouraging Americans to pay return visits over here.

One ABTA idea is that the treasury could set up a limited pool of "travel dollars." Then each tourist wanting to visit the States or Canada could buy a share — say $150—until that year's pool was exhausted.

A typical newspaper comment came from Lord Beaverbrook's Daily Express, always a staunch supporter of British - American friendship.

* * *

The Express said: "It is excellent that Britons should see how the Russians live. But it is at least as important that Britons should be able to visit Canada and the United States. Relations across the Atlantic are too valuable to be taken for granted."

But the treasury has the last word. And an official spokesman said there just aren't enough dollars available at present.

Ottawa County Popular

GRAND HAVEN (AP) — Officials report a total of 2,411,010 persons have visited Ottawa County's two Lake Michigan shoreside state parks at Grand Haven and Holland this year.

Good Customers

OTTAWA—Eighty-six per cent of the $220,000,000 worth of chemicals imported by Canada in 1954 came from the United States, 9 per cent from Great Britain, and 5 per cent from other countries.

GOOD ENOUGH — Hula skirts aren't for Miss Hawaii of 1955, pretty Barbara Vieira. Barbara, in the U. S. for the Miss America contest, says she's too tall to wear ti leaves, which make the best hula skirts. So she wears sarongs.

Heart Operation Uses Dog Lung as 'Detour'

MINNEAPOLIS (INS)—A three-year-old girl has undergone a delicate heart operation in which a lung, removed from a dog, was used to keep her blood circulating.

Carey Ann Kutz, who was provided blood by nine airmen flown from Truax Field, Madison, Wis., is reported in satisfactory condition in the University of Minnesota hospital aat Minneapolis.

Surgeons needed to patch a hole between the chambers of the girl's heart. During the two-hour surgery, her blood was briefly sidetracked through the dog's lung, acting as a "detour" vessel so circulation was not halted.

Carey Ann is the daughter of Mr. and Mrs. Norman Kutz of Madison, Wis.

Water Experts Hired

GRAND RAPIDS (AP)—The City Commission has authorized hiring William M. Wallace, superintendent, and Douglas Feben, assistant superintendent of purification for the Detroit waterworks, to recommend improvements at the Grand Rapids filtration plant. City Manager Donald M. Oakes expects to study their report by Oct. 1.

Victim of Crazed GI in Critical Condition

MARGATE, England (AP)—Lester Hunt, 21-year-old airman first class from Rantoul, Ill., was still in a critical condition today from bullet wounds inflicted by a fellow U.S. airman who ran amok with two guns at Manston Air Base.

* * *

The crazed gunman, Napoleon Green, 22-year-old Chicagoan, fatally shot two other Americans and one Briton yesterday and wounded Hunt and eight other persons during his rampage with pistol and carbine.

* * *

Green finally died in a running gun fight with police on Ramsgate Beach.

* * *

The two Americans were shot dead when they tried to disarm Green after he emerged from a squadron armory waving the guns he had stolen. The dead were M.Sgt. Lawrence Velasquez, 34, Antonito, Colo., and A.2.c. Nelson Gresham, Philadelphia.

* * *

The third victim, Royal Air Force Cpl. Raymond Peter Grayer, was shot in the back while riding a bicycle.

* * *

Two other Americans were shot, but neither was in serious condition. They were A.2.C. Quannah Parker, 19, Waldorf, Md., and Sgt. John M. Gouviea, 35, Santa Clara, Calif. Six Britons were also hit by bullets.

When the trans-Atlantic cable was opened in 1858, the first messages to be exchanged were between President Buchanan and Queen Victoria.

Vodka Taking Nation's Drinkers by Glassful

WASHINGTON (INS)—Maybe it's the "Spirit of Geneva" or maybe it's just a change in U.S. drinking habits, but, anyway, Americans are going on a vodka binge.

U.S. liquor producers report that sales of Russia's favorite brand of firewater have jumped 40 per cent this year and seem likely to double by 1957.

The drinking swing to the crystal clear liquid—which translated means "little water"—has the liquor industry literally gasping.

Never since repeal of prohibition has an alcoholic beverage caught on so fast in so little time.

* * *

And it's all taken place despite the cold war with Russia which ordinarily might be expected to put a hex on anything Russian.

Actually, the Distilled Spirits Institute says the trend toward vodka began after the Korean outbreak and the boom has been picking up steam ever since.

The harmony between the East and West displayed at the recent Geneva Big Four Conference also may be helping things along on the vodka front.

* * *

But industry men, accustomed more to business trends than foreign affairs, have a more precise explanation for the vodka boom.

* * *

They pin vodka's success on the claim that it leaves no telltale alcoholic odor on the breath. And what's more, they assert, it can be mixed with anything and leaves less of a hangover than other hard liquors.

* * *

As one industry spokesman put it: "Makes for peaceful coexistence with your wife."

Expert Claims Red Restoration of Dresden Art

MOSCOW (AP)—A Soviet art expert says Russian restorers have kept many of the Dresden Gallery's famed paints from being "lost to mankind forever."

F. L. Petrov, acting director of the Pushkin Museum, said yesterday many of the paintings were damaged badly when Red army troops found them at the end of World War II in "damp caves in the mountains."

The vast collection, which had been put in the caves to escape Allied bombings, was brought to Moscow. The Russians announced recently it would be returned to Dresden, which is in Communist East Germany.

"Soviet artists applied themselves . . . and preserved these great valuable," Petrov told a reporter for the trade union paper Trud.

Here's a Way to Launch a Satellite

EVANSTON, Ill. (INS) — A rocket expert outlines in detail an "inexpensive, quick and effective means" to give the United States the world's first artifial space satellite.

It is called "saloon" — a solid rocket-assisted satellite launched from a high-flying balloon. The name is a contraction of satellite and balloon.

* * *

Kurt Stehling, a group leader in rocket research at Bell Aircraft Corp., Buffalo, N.Y., said "Saloon is feasible within two years."

This is well within the time limit set for the U.S. launching of a space satellite in connection with the international geophysical year beginning June 1956.

Stehling said the balloon rocket-satellite could be launched from a ship the size of a Navy ice-breaker cruising in a little-traveled area of the South Atlantic ocean.

The remoteness of the area is a safety factor, Stehling explained, so that the rocket stages would drop away harmlessly into the ocean.

Stehling's project, according to James Harford, executive secretary of the American Rocket Society, is one of three methods of launching the earth-circling satellite, plans for which were announced by the white house in late July.

Both Harford and Stehling are attending a symposium on "aerothermochemistry" at Northwestern University in Evanston.

OTHER METHODS

The other two methods for launching satellites, they indicated, were a ground level takeoff using an expensive and large liquid rocket engine, and air launching from a plane at high altitude.

Stehling said the ground launching method was expensive, and Harford asserted scientists were skeptical about the airplane launching theory.

Here is how Stehling would launch the U.S. space satellite:

A three-million-cubic foot balloon carrying a three-stage rocket with a 30-pound satellite placed in the "warhead" would be taken to the south Atlantic.

The craft would maneuver into the wind and release the balloon at a 45-degree angle in an easterly direction corresponding with the rotation of the earth.

At 75,000 feet or some 15 miles up where the "air ocean" begins to thin, a radio signal would trigger off the multi-stage rocket and satellite pay load.

Then, four solid (powder) rocket boosters each generating a 600,000-pound thrust will push the load five more miles into the upper air and give it a velocity of 9,000-feet per second. At 20 miles up, these four boosters will fall off harmlessly into the ocean and a liquid rocket will take over to carry the load up to 200 miles. At this point the velocity would reach 15,000 feet per second.

* * *

When the liquid rocket booster falls off it would leave a final liquid-propelled rocket motor to nose the equipment-carrying satellite over and give it a velocity of 25,000 feet a second or four and one-half miles per second.

ADVANTAGES

This would be enough to orbit around the earth once every two hours at the equator.

Stehling listed these advantages of "Saloon":

1. It is "relatively inexpensive because it avoids using big liquid rocket engines to launch the satellite."

2. It is a "compromise way," between the expensive ground launching and the "risky" airplane launching.

* * *

3. It is "feasible within two years because powder fuels are practically shelf items at the big companies and therefore easily obtainable."

4. "Saloon" is more effective as a research satellite "because its velocity will keep it orbiting for months instead of a few days."

Rubber, Cement Make New Flooring Material

NAUGATUCK, Conn. — A chemical plant at Naugatuck has developed a flexible flooring material that's a mixture of liquid rubber and a special cement powder.

The coating reportedly will bend without cracking under loads of 2,500 pounds a square inch, and will reduce shock and noise.

'Roving Eyes' Mishap

BRADENTON, Fla. (AP)—A bridge not yet built was blamed for a traffic accident when a driver took his eyes off the road to inspect the site for the long sought new bridge over the Manatee River. His car rammed another whose driver had come to a complete stop to do his looking.

What He Meant to Say Is Not What He Did Say

DALLAS, Tex. (UP)—Paul Crume's "Big D" column in the Dallas News today quoted the following from an advertising leaflet of the Shamrock Caterers:

"Efficient maids—appropriatedly dressed. We make partying fun."

"No comment," said Crume.

Turnpike Deaths Set New High

Record of 17 Dead on Pennsylvania Highway This Month

BEDFORD, Pa. (UP)—More people have met death on the Pennsylvania Turnpike this month than in any month since the famed four-lane superhighway was opened 15 years ago.

* * *

Seventeen persons have been killed in traffic accidents this month. And there's still nearly a week to go.

The previous high toll was 14 in December 1950. That was before the 67-mile western extension of the turnpike was opened.

* * *

One accident this week took six lives when a car jumped the medial strip and plowed head on into another.

Capt. Singleton Sheaffer, head of the turnpike state police detail, told The Associated Press yesterday that 57 persons have been killed on the toll road so far this year compared with 32 in the similar period last year. In all of 1954 the death toll was 51. The all-time high was 91 in 1953.

Sheaffer said bad tires and above-normal rainfall — combined with human fallibility—were primarily responsible for the recent increase.

"We have a terrific headache with bad tires," he said. "People just don't seem to realize that you can't travel at high speeds on a slippery road with bad tires.

"There's not enough traction. Tires good enough for low speed driving just don't do the job on this road. And they (the drivers) won't slow down." The speed limit on most of the turnpike is 60 miles an hour for cars and 50 miles an hour for trucks.

He said state police are stepping up a drive against cars with bad tires and ordering them to leave the turnpike.

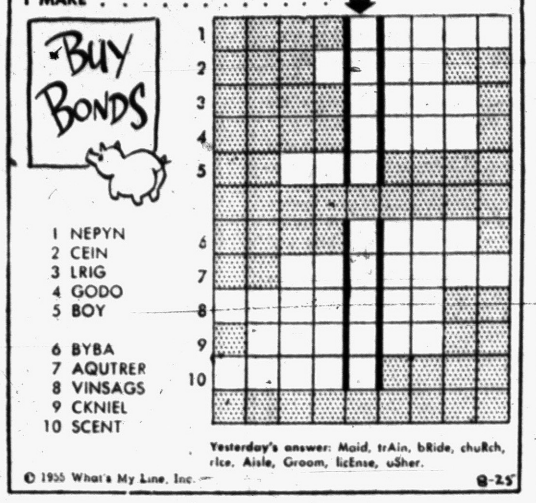

Chinese Tighten Grain

TOKYO (UP)—Red China last night imposed a strict new grain ration on its 100 million city dwellers. The State Council also ordered new measures to step up the flow of grain from farms to cities, Peiping radio said.

Oldster Admits Beating Granddaughter to Death

TEXAS CITY, Tex. (UP)—A 78-year-old man was charged with murder last night after beating his 9-year-old granddaughter to death with a hammer because "she was making too much noise."

Robert Wallace told Asst. Dist. Atty. A. A. Alexander and Police Chief O. C. Beard that he smashed Frances Jean Wallace's skull as she sat coloring pictures. He said she had been "singing and hollering" while he was trying to sleep. The child was struck some 20 times.

The parents, Mr. and Mrs. Glenn W. Wallace, were at work.

Hannibal's Exact Route Over Alps Believed Found

WASHINGTON — Hannibal crossed the Alps with elephants in 218 B. C., but exactly where has eluded historians. Now the warrior's route may have been found.

A noted British scholar, Sir Gavin de Beer, director of London's Natural History Museum, has remapped the great march by tracing clues of terrain, climate, even trees that Hannibal saw.

They lead over a 9,600-foot pass on the French-Italian border, Col de la Traversette. This is a higher and more hazardous way than any previously thought possible for Carthage's army to have crossed, the National Geographic Society says.

The 28-year-old general marched from Spain across southern Gaul with 50,000 foot soldiers, 9,000 horsemen, and 30-odd Moroccan elephants.

He crossed the Rhone near the present French town of Arles, Sir Gavin says — much farther south than historians previously thought. He tricked his elephants onto a raft by covering it with earth. Some panicked and fell off, but then they waded, for the river there was wide, slow, and shallow.

A Roman legion under Scipio, landing hastily at Massillia (now Marseille), arrived too late to prevent the crossing. Hanibal marched north, not to the Isere as long believed, but to the Aygues tributary.

Only one pass could meet all these conditions in 218 B. C., Sir Gavin determined by long scientific study — the Col de la Trav-

Magnetic Tape Recording Opening New Horizons

ST. PAUL, Minn. (INS)—A guided missile whooshed through the air and each turn and spurt of speed was "memorized" permanently—by a strip of tape.

A factory power cutter shaped a sheet of metal into a tricky, yet blueprint perfect, pattern. No workman was guiding it. Only a strip of tape.

Oil prospectors with a charge of dynamite "sounded out" a pool of oil far beneath the ground. At the same instant they produced a cross-section picture of its location, size and toughness of strata surrounding it.

This picture was preserved on a strip of tape, magnetic recording tape which is ballooning into a vast industry of its own.

The simple-appearing ribbon of tape — familiar to thousands of families who toy with home tape recorders — is being put to work by aviation engineers, machine shops, miners, office executives, research laboratories and the television and radio industry.

Virtually every field where data needs to be "stored" for later use is turning to the narrow plastic tape coated with iron oxide.

Its role in recording voice and music is commonplace. But the guided missile recording is a remarkably new phase.

Engineers pioneering new planes, rockets and missiles need to learn an encyclopedia of facts. These are revealed only by actual flight —strain of parts, vibration, engine temperature and speed. After meters were developed to measure these factors, two further problems remained.

How to send the "readings" to the ground while the craft was flying. How to preserve the data when received.

These were solved by the same working principle of the familiar voice recorder.

Every child has played with a toy horseshoe magnet, delighting over how it picks up bits of tin and nails. And the man who hit upon the electric magnet by wrapping an iron rod with wire hooked to an electric current takes his place in history beside Benjamin Franklin and his legendary kite-flying discovery of electricity, itself.

For, magnetism — which can be varied stronger or weaker by electricity — opened a new world of recording technque. Recording, like picture taking, converts the real thing into a facsimile.

Now comes a new marvel—the way tape helps aviation engineers. They tape-recorded variations in electrical voltage. Voltage meters fly along with the craft and "measure" wing stress, engine heat and other factors. These measurements were "messaged" to the ground by automatic FM radio. And the readings were recorded on tape.

Ex-Red Consultant Made Over $16,000

WASHINGTON (INS)—A government report has disclosed that ex-Communist John Lautner made over $16,000 in less than two years as a government consultant and witness in subversive cases.

* * *

Lautner was expelled by the Communist Party in January, 1950 and served several years after that on the Justice Department payroll, with "desk space" at the Immigration Service headquarters.

His earnings were reported in a partial compilation on the use of expert witnesses and consultants in the field of communism by the Justice Department and the Immigration Service.

The study showed that more than $42,000 was paid out in fees and expenses for this purpose between July 1, 1953 and April 15, 1955.

Lautner appeared in several Justice Department court cases against Communist leaders. He also testified in cases before the Subversive Activities Control Board, which listed him as a department "consultant and analyst."

* * *

The professional witness caused a stir earlier this year when he testified that he was still a salaried consultant. His statement came a few days after Attorney General Herbert Brownell Jr., had told newsmen that practice of keeping ex-Reds on a salaried basis had been discontinued.

India to Provide U.S. With Rhesus Monkeys

WASHINGTON (UP)— India has agreed to provide the United States with all the Rhesus monkeys it needs for medical research and polio vaccine production during the next 10 months. The government announced yesterday a new import agreement extending to June 30, 1956, and subject to renewal.

India halted export for a time during the spring after some monkeys died in transit. The new agreement pledges every precaution against mishandling.

SS United States May Receive Twin

SOUTHAMPTON, England (UP)— U. S. authorities are considering building a twin to the huge 70-million-dollar superliner United States.

Clarence Morse, U.S. Maritime Board chairman who arrived here last night aboard the 53,329-ton United States, said the "serious talking stage" has been reached in discussions about building a vessel matching the pride of the American merchant fleet in size and speed.

Brownell Urges Camera Ban Lift

Photographers Prove Picture Taking Doesn't Disrupt Court Trial

PHILADELPHIA, (INS) — Attorney General Herbert Brownell Jr. has urged the American Bar Association to review its ban on picture-taking in court.

He said photography had changed much since the code was adopted in the days when the popping of flash bulbs distracted judicial proceedings.

Brownell's statement followed a mock trial sponsored at the association's 78th annual convention in Philadelphia.

During the trial, three representatives of the National Press Photographers Association snapped 324 shots in natural light without flash bulbs to back their contention that picture-taking does not interfere with court proceedings.

Joseph Costa, chief photographer of King Features Syndicate and board chairman of the photographers association, said that most people in the room "weren't even aware that pictures were being taken."

* * *

Judge Herbert F. Goodrich of the U. S. Circuit Court of Appeals, third district, who presided at the trial, agreed. He said the picture-taking was "very smoothly done."

Murray Gives Dividend

DETROIT (AP)—Murray Corp. of America declared a 50-cent quarterly dividend and an extra year-end $1 dividend today.

Announce Gallon Milk Sale Boost in Chicago

CHICAGO—One third of Chicago's "packaged" liquid milk is sold in glass gallons—a total of more than 25,500,000 quarts a month. This represents an increase of 20 per cent in the past six years.

Since two-quart packages of all kinds also account for another third of all sales, more than 70 per cent of Chicago's milk is sold in multiple units.

Red-Yugoslav Talks Begin

LONDON (AP)—Yugoslavia and the Soviet Union opened talks in Moscow today on establishing direct air service between Belgrade and the Russian capital.

Vandals Ruin Cemetery

HASTINGS (AP)—State police and Barry County officers Tuesday investigated vandalism which caused damages estimated at $1,000 Tuesday at Castleton Township cemetery. Officers said tombstones were smashed and upended and debris scattered at the old cemetery, two miles northwest of Nashville.

All Biological Makers Were Urged to Produce Vaccine

(The following questions and answers concerning the Salk anti-polio vaccine are printed by the Pontiac Press as a public service. The information was compiled by the National Foundation for Infantile Paralysis, Inc., and released through its Oakland County chapter.)

Q—How were the companies who manufacture vaccine chosen?

A—The National Foundation invited all makers of biologicals to make vaccine for the 1954 field trials. Five of them agreed to do so. Then, later, the National Foundation made contracts with these five and one additional company, after another meeting, to make vaccine during the period of waiting for results of the evaluation of the vaccine, for use in 1955 if the vaccine were licensed.

These companies to date have made all the vaccine that has been and is being used in the nationwide school program for which vaccine is furnished by the NFIP, and are the only companies licensed to produce Salk vaccine to date. The product, however, is not patented and may be made by any company desiring to make it.

Q—How do the amended safety tests now in use differ from those previously used?

A—Larger samples of material must be tested at different stages during the manufacturing process. Virus may be reheated with formaldehyde only once, where previously there was no limit on the number of times this process could be repeated.

A random sampling test for live virus in the actual bottles in which the vaccine is shipped also now must be conducted; previously no test of this kind was required.

Q—How are these safety tests checked?

A—Protocols on all lots of vaccine are submitted by the manufacturers to the National Institutes of Health. Procotocls are detailed descriptions of the manufacture and testing of each lot of vaccine, exceedingly long and complex. They are a sort of diary of the vaccine from the time manufacturing starts until it is completed.

Makers must submit protocols even on lots of vaccine considered unacceptable and not submitted for use. One requirement for licensing is that a pharmaceutical concern demonstrate its ability to produce consistently satisfactory vaccine.

Q—How many children have been vaccinated so far?

A—Over 8,000,000 up to July 1, including those vaccinated last year in the field trial and almost 1,000,000 in Canada, 425,000 in Denmark. There were 440,000 who received the vaccine in 1954 and 6,500,000 who received first shots in 1955. Those who have received second shots this year have not yet been tabulated.

Q—How many cases of polio have there been this year?

A—Through July 30 there were 6,527 cases, as compared with 9,183 for the same period in 1954. This includes both paralytic and non-paralytic cases.

Q—How many of these cases have been among vaccinated children?

A—Through July 20 there were 219 cases reported by the U. S. Public Health Service out of 6,500,000 who had received vaccine, of which 132 were paralytic, 87 non-paralytic. Note: Most of the 6,500,000 had received but one shot of vaccine up to that time, and the total cases included 69 cases among children who received Cutter vaccine up to May 21.

Q—What happened in the Cutter situation?

A—No report has been issued as yet by the Public Health Service on its investigation of the cases that were reported among children receiving vaccine from two lots made by the Cutter Laboratories.

However, a scientist who tested some of this vaccine did find live virus in it. How this tragic accident occurred still is not known, but the new testing requirements will guard against its occurrence in the future.

Q—Did any other vaccinated children come down with polio?

A—Yes, but in very small numbers and under circumstances that do not indicate any lack of safety. It must be remembered that many of these children received their first shots at a time when polio incidence already had started to rise in their communities so a certain number of children were incubating the disease before vaccination.

Also, the polio vaccine, like all others, is less than 100% effective; there are some who cannot be protected by it.

Q—Is the vaccine being used outside the United States?

A—Yes—in Canada and Denmark. Vaccine has been made in these countries according to Dr. Salk's formula.

Q—How was the date for the announcement of the vaccine evaluation chosen?

A—April 12, 1955 was the first date on which Dr. Francis could assure completion of his report. In anticipation of the report, four possible dates were tentatively selected—the last two Tuesdays in March and the first two in April.

Tuesday was deemed the best day of the week from the point of view of practical arrangements. In none of the announcements put out by the National Foundation was attention called to the fact that the day was the tenth anniversary of President Franklin D. Roosevelt's death.

(To Be Continued)

Patter Bill Would Pave Way for Atom Reactor

WASHINGTON (AP)—Sen. Potter (R-Mich) has introduced a bill which he said would allow a group headed by the Detroit Edison Co. to build a 54 million dollar nuclear reactor in Michigan.

The bill would exempt business groups not manufacturing electric power from terms of the public utility holding company acts.

Potter said the measure's passage is necessary to allow firms like the Ford Motor Co. to participate in atomic power development. Ford is part of the Edison-sponsored group attempting to build a peacetime atomic power plant.

There are one-third more married women from 15 to 44 years in the U. S. today than there were in 1933.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

AT THE FARM—4

The Rooster

The rooster is the king of the barnyard, strutting proudly among the hens and little chicks.

At the first rays of the morning sun the rooster throws back his head, flaps his wings and crows loudly.

There is an old story that says the rooster believes he makes the sun rise each morning. That's why he struts so proudly.

Here is a rooster for your barnyard collection. Paste him down on thin cardboard and color with crayons or paints.

Use many bright colors, especially on his plumy tail. His comb and neck are red. The rising sun is orange.

Cut out the parts carefully. The slit on the side of the rooster should be cut so that you can put in the tab of the wing. Then you can move the wing up and down as king rooster crows the sun up.

If you fold the ends forward on the dotted lines the rooster will stand up as your barnyard guardian.

Tomorrow: The Goose

$1,125,000 Holly School Bond Issue Will Be Put to Vote

Sept. 22 Election Date Scheduled

Would Finance Building of Area High School; Tentative Site Chosen

HOLLY—The proposal to bond the Holly Area Schools for $1,125,000 for new buildings and extensions will be submitted to the voters on Sept. 22.

If the proposition carries, it will be supplemented by about $80,000 in federal aid, and the money will largely be spent for a new high school building.

Under present plans the building will be erected on an 80-acre site just outside the north Holly village limits. It is owned by Paul Hansard and located between the Chesapeake and Ohio Railway tracks and Bush Lake, bordering on Grange Hall road.

The property can be bought by the Board of Education at a price around the $80,000, school officials said. It also includes about 40 additional acres, now in the lake, but with bathing beach and other acquatic possibilities.

In addition to the new high school building, it is proposed at a future time to erect an elementary school on the same site, which also is large enough for a complete athletic field and for all kinds of land and water sports.

The Holly Area Schools, one of the largest districts of its kind in the state, covers most of Northwestern Oakland County, including property in five townships: Holly, Rose, Groveland, Springfield and White Lake.

The big increase in the school population, as shown by the recent census, prompted the board to take quick action toward substantial additions to the local educational facilities.

Pontiac Press Photo

RECEIVES FIRST PLEDGE — Judy Boardman (center), treasurer of the Waterford Township High School Student Council, accepts the first pledge in a fund drive to equip the school athletic field with fencing and floodlights. Handing her the pledge for $500 is Mrs. Leonard Kruskie of 1407 Sanitarium Dr., while her son, Jerry, star athlete and chairman of the fund committee, smiles his approval. The fund goal is $25,000.

Ferndale Girl Takes Vow in Home of Grandparents

MRS. JOHN TerKEURST

FERNDALE — Marilyn Ruth Johnson and John Frederick TerKeurst were united in marriage in a recent afternoon wedding at the home of the bride's grandparents, Mr. and Mrs. E. G. Goellner, 1150 Withington.

Marilyn, daughter of Mr. and Mrs. J. V. Johnson, 2000 Pinecrest, was gowned in illusion and rose-a shoulder veil and carried a boupointe lace over satin. She wore quet of glamellias.

Her cousin, Mrs. Robert Lemaux of Pontiac, attended her as matron of honor.

The bridegroom, who is the son of Mrs. Henry D. TerKeurst, 633 Lakeview, Birmingham, chose his brother James as his best man.

After a reception at the Goellner home, the newlyweds left on a wedding trip to Quebec. Upon their return they will live in Birmingham.

C. C. Hill Fills Rochester Post

Village Council Adopts Highway Report; Passes Traffic Amendment

ROCHESTER—Charles C. Hill was appointed this week by the Village Council to fill the unexpired term of Paul Hoffmiester who recently tendered his resignation to move to Bloomfield Township.

Two important steps were taken by the Village Council at their regular meeting when they accepted the report from the Area Planning Commission, relative to the Municipal Building site. They also adopted the Highways and Thoroughfare report as presented by the Rochester, Avon, Oakland Area Planning Commission. Both reports got a unanimous vote. The Highway and Thoroughfare report will be placed on file as a guide for future development.

The third and final reading of the Amendment to the Traffic Ordinance finally was passed with the deletion of the part of the amendment referring to one-way alleys.

Prior to the discussion, a communication from the Rochester Board of Commerce was read, asking for a 30-day delay in the passing of the amendment. There were no representatives from that board present and President Clarence Burr commented, "The Amendment had been under study too long now and should be passed tonight."

Following a report from Manager Robert Slone, who had obtained professional advice from Pontiac City Engineering Dept. concerning one-way alleys, the Council took action and passed the amendment.

Manager Slone reported on monies due the contractor from the H. M. Seldon Co. for the completion of Brentwood Heights Subdivision. A resolution was passed stating that upon receipt of the sum of $5,202.70, the Village will return to Seldon the stock which has been placed in escrow at Rochester National Bank.

A public hearing was set for Sept. 12 for the curb, gutter and storm drainage on Terry Street. The manager's activity report and the auditor's financial statement for 1954-1955 were both accepted at this meeting.

MR. AND MRS. NEIL THYBAULT

Double-Ring Ceremony Unites Clarkston Couple

CLARKSTON—A two o'clock double-ring ceremony in the Dixie Baptist Church here recently united in marriage Betty Jane Fenton and Neil H. Thybault.

The bride, who is the daughter of Mrs. Raymond Helias of Clarkston, wore a waltz-length gown of white net, the skirt of which was ringed with ruffles over satin. Her fingertip veil of nylon tulle was held in place with a tulle bandeau and her corsage was of white roses.

Jean O'Neal of Clarkston attended the bride.

Neil, who is the son of Mr. and Mrs. Vern Thybault of Clarkston, was attended by his brother, Richard.

Following the ceremony, a dinner was held at Caribou Inn for the wedding party.

Upon returning from their Northern Michigan honeymoon, the new Mrs. Thybault will reside in Clarkston and the bridegroom will return to his station at Norfolk, Va.

Isaac Crary Pupils Now Registering

WATERFORD TOWNSHIP—Little more than half of Isaac E. Crary Junior High School's 1,400 prospective seventh and eighth graders had registered at day's end yesterday. Pre-school registration for these students will continue today and tomorrow.

Ninth graders are to register Monday, Tuesday, and Wednesday of next week.

Schoolrooms are open from 9 a.m. to 2:30 p.m. daily, and on Wednesday evenings from 7 to 9 p.m.

Thursday and Friday of next week have been set aside for orientation of new teachers.

Milford Girl Is Sent to Saigon

Goes With MSU Team as Research Assistant to Aid Government

MILFORD — Alexandra Rolland of 3510 East Commerce left Milford yesterday with a Michigan State University team of specialists to help the government of South Vietnam strengthen its civil operations.

After graduating from Milford high in the class of 1950, Sandra spent her first two college years at Hiram and during junior year, attended the Institute of Political Science, a part of the University of Paris. Last June she received her B.A. from Michigan State, and this week received her M.A. at State, completing her four-year college course.

Monday, Sandra will leave San Francisco with stop-overs in Honolulu, Tokyo and Hong Kong. She will arrive with the group in Saigon on Sept. 3.

Michigan State's assistance program for South Vietnam was formalized April 20 in the signing of a two-year contract at Washington by MSU officials and the Foreign Operations administration.

ADVISOR GOES AHEAD

Heading the team as chief advisor for the staff of 30, Dr. Edward W. Weidner, head of the political science department at MSU left the campus in May for Saigon to establish the program's headquarters.

The assistance program is the outgrowth of requests for MSU aid from Premier Diem, who has consulted frequently with Michigan State's Governmental Research Bureau, headed until recently by Dr. Weidner.

Prior to last week, Miss Rolland worked as a research assistant at MSU and will serve a two-year period in that capacity in Saigon.

Set Youth Rally at North Branch; New Pastor Due

NORTH BRANCH — The Rev. Wilbert Walker, of Brightmoor, will preach his initial sermon in North Branch at Pilgrim Holiness Church, on Sept. 4.

The Rev. Walker succeeds the Rev. J. H. Koteskey, who, with his family left Tuesday for a new post at Grand Rapids.

The Rev. M. R. Parrott of Mt. Pleasant will be the guest speaker at the County Youth Rally to be held at Pilgrim Holiness Church Saturday afternoon and evening. The girls of the Gospel Trio of Mt. Pleasant will sing at the rally.

Knitting Mill Employes Set 9th Annual Picnic

ROCHESTER — The ninth annual reunion and picnic of the employes of Western Knitting Mills will be held at Avon Park Pavilion Saturday, at 12:30 p.m.

Families and friends have been invited and those attending are asked to bring their own table service and a "dish to pass."

Lake Orion Set for Horse Show

Sunday Event to Include 8 Area Riding Clubs; Parade Slated Saturday

LAKE ORION—Lake Orion will present its second annual horse show this Sunday at 10 a.m., in Kelly Park.

A parade Saturday, forming in front of the high school, will herald the show. Riders will be from the Lake Orion Saddle Club, and the Lake Orion High School band will march.

Eighteen separate competitive events will be on the program with trophies being donated by clubs, merchants and businessmen from Lake Orion, Oxford and Pontiac.

Sunday attractions include a show by entertainer Chuck Haas, rope exhibitionist and 16-time winner of the world championship for trick and fancy roping.

Participating in the show will be riding clubs from Clarkston, Holly, Fenton, Rochester, Romeo, Lapeer and Clio.

Co-sponsoring organizations are the Lake Orion Rotary Club and the Lake Orion Saddle Club. Mrs. George Griggs is publicity chairman for the show.

Officiating as ringmaster will be Allan Harris, with George Oviat as his assistant and Homer Kelly Jr., announcing.

Bernard Kortes Reveal Daughter's Marriage

ORTONVILLE — Mr. and Mrs. Bernard Korte of Grange Hall Road are announcing the recent marriage of their daughter, Joanne Marie, to A/3C Arnold Vandeworker. He is the son of Mr. and Mrs. Glenn Vanderworker, of South Street.

The couple took their vows in the parsonage of the Church of the Nazarene, Pontiac. Following a wedding trip to Niagara Falls, the new Mrs. Vandeworker will reside in Ortonville and Airman Vandeworker will return to his Alaskan base.

Berkley Hires Architects in Step Toward City Hall

BERKLEY — City Council here, preparatory to construction of the proposed new city hall, or additions, has hired the firm of Smith-Hinchman & Grylls, Inc., architects. Members opinions on the building site and type of construction have proved varied so far.

Scrimgeour Reunion Held

NORTH BRANCH—The Scrimgeour reunion, held recently at the W. J. Kennedy home, 3917 Huron street, was attended by the children of the late John and Mahala Scrimgeour.

Grangers to Hold Picnic Sunday at Davisburg

HOLLY—Oakland Pomona and Rose Granges will hold a picnic at Davisburg Park, in the open pavilion, Sunday, with dinner at 1:30 p. m.

Grangers and their friends are invited to attend.

Slate Lakeville-Brewer School Reunion Saturday

LAKEVILLE — The 31st Annual Reunion of the Lakeville-Brewer schools will be held in the recreation room of Lakeville Church, at 12:30 p.m. Saturday.

Members are asked to bring their silverware and dishes.

MR. AND MRS. RICHARD SMITH

Smith - Reed Nuptials Read in Drayton Plains Church

WATERFORD TOWNSHIP — Betty Jo Reed and Richard Lee Smith spoke their recent nuptial vows in a setting of palms and white gladioli at the altar of the United Presbyterian Church, Drayton Plains.

Betty is the daughter of Mr. and Mrs. Josiah Reed of Waterford Township, and Richard's parents are Mr. and Mrs. Oliver J. Smith of 1840 Manse St., Pontiac.

The bridal gown was designed with a white lace bodice, French illusion at the scoop neck, and a waltz-length, double tulle skirt over satin. A fingertip veil fell from Betty's pearl-studded cap and she carried a white Bible with white orchid and cascading carnation arrangement.

Her matron of honor was Mrs. Lloyd Mayo Jr., of Drayton Plains and Mrs. James Smith of Waterford and Beverly Doud of Drayton Plains were her bridesmaids.

Diana Verhey of Drayton Plains was the flower girl and Denny Smith of Pontiac was the ring bearer.

Attendants for the bridegroom were James Smith of Waterford, Ross Lamb of Cincinnati, Ohio, and Fredrick Verhey of Drayton Plains.

A reception in the pink-and-white decked church parlors followed the left for a honeymoon tour of Upper Michigan. They will make their home in Drayton Plains.

Avondale's Class of '54 to Hold Reunion Picnic

The 1954 class of Avondale High School has announced plans for a class reunion at the summer home of Dick Kramp on Union Lake, Sunday.

Members uncertain of the location of the Kramp's cottage may meet at the Legion Hall, Auburn Heights, at 1:30 p.m.

A co-operative luncheon will be served.

Silver Tea to Benefit Church at Lakeville

LAKEVILLE—WSCS members of the Lakeville Methodist Church are sponsoring a silver tea, from 2 to 4 p. m. Tuesday, in the church reception rooms. Donations will be used to buy new pews for the church.

Public attendance is invited.

County Calendar

Ortonville

The Altar Society of St. Anne's Church here will hold a rummage sale from 10 a.m. to 6 p.m. Saturday at Brandon Grange Hall.

Metamora

Hilltop 4-H Girls here will hold a bake sale at the Albertson Appliance Shop, Saturday beginning at 1:30 p. m.

White Lake Township

St. Patrick Church will hold its weekly fish fry Friday, from 4:30 to 8 p. m., in parish hall at Union and Round Lake roads.

Metamora Entrants Take Blue Ribbons

METAMORA—Several boys and girls from the Metamora Hilltop 4-H club at the recent annual Achievement Day held in Lapeer, walked away with blue ribbons.

Richard Goebel, son of Mr. and Mrs. Meredith Goebel, of Tyrone Farms, had the junior grand champion Guernsey heifer of the Dairy Show.

Also, several local 4-H Beef Club members were awarded blue ribbons. David Nagal had the reserve champion Angus; Richard Morse, champion Hereford heifer; Faye Walker, champion shorthorn steer, and Dale Walker, reserve champion shorthorn steer. Faye Walker had the grand champion steer of the show. Faye and Dale are children of Mr. and Mrs. Ronald Walker.

Indiana Drinkers Finance Cost of Alcoholic Cures

INDIANAPOLIS (INS) — Indiana drinkers now finance most of the cost of trying to aid alcoholics of the state.

Expenses of the Indiana Commission on Alcoholism are now met by a $30 addition to the price of each tavern and liquor store license, which will yield about $250,000 a year.

The Indiana law provides that any alcoholic may seek treatment voluntarily, through a judge of a circuit, probate, domestic relations, criminal or juvenile court, who may commit applicants to a state institution for any period up to six months.

Of 671 persons treated to date, 90 per cent are males and 10 percent females. Those who can pay for court procedure and treatment are required to do so. The commission bears the expenses of indigents.

Clinical treatment and educational facilities are provided at state hospitals. Near New Castle, the commission operates a "finishing school" for male patients.

The commission works closely with Alcoholics Anonymous, which has 116 groups and 1,600 drink-cured members in the state. Education on the subject of alcoholism is arranged for patients in universities, colleges, high schools and wherever possible elsewhere. Speakers, literature, sound pictures, radio programs and alcoholism seminars are available.

Dean L. Barnhart, the commission's education director, estimated that half of the graduates are staying sober. He added that 17 per cent of adults are regular drinkers, of which 20 per cent drink to excess. One-fourth of the latter groups are believed to be chronic alcoholics.

"Alcoholism can be arrested, but today there is no known definite cure for the illness. All studies show that once one becomes an alcoholic he will always be afflicted. There is now known case on record where an alcoholic ever became a controlled drinker. However, this does not mean such persons cannot achieve permanent sobriety."

Barnhart said the Commission has listed the following warning signals of alcoholism:

You drink because you are shy or afraid of people.

You drink because of worries or trouble, or to "face" a problem.

You drink alone.

Your drinking causes unhappiness in your home.

Your drinking affects your reputation.

You lose time from work, probably lose your job, your business or your health, due to drinking.

You feel remorse after drinking.

You crave a drink at a certain time of the day.

You "need" a drink in the morning.

You have a partial or complete loss of memory as a result of drinking.

New Silicone Rubber Can Stand Great Heat

WATERFORD, N. Y. — Silicone rubber that remains flexible at 600 degrees has been developed at a Waterford plant. It is said to stay flexible for 150 hours or longer during continuous exposure up to the peak temperature range.

Previously silicone rubber had been limited to a minimum usable range of about 500 degrees.

Mink Business Booms

NEW YORK (INS) — America's 5,000 mink farmers sold a record 2,700,000 skins last year. Wisconsin produced more than a third of the Nation's farm-raised pelts. Other leaders were Minnesota, Illinois, Michigan and New York.

U. of M. Housing Problem Critical at Ann Arbor

ANN ARBOR (AP) — Bulging enrollments have left University of Michigan student housing straining at the seams this year.

* * *

The situation is "tight" but not critical, said a spokesman for James A. Lewis, vice president in charge of student affairs. It's expected to ease off in the first week of the new semester so accommodations will be found for all.

Some women students have been notified they will have to make their own housing arrangements. University authorities have appealed to Ann Arbor citizens to make all possible rooms available to students.

In general men students are being taken care of, although for the first week of the semester 120 single men will be put up on beds in study halls, recreation rooms and the student health service.

The situation is expected to settle out after the first week or two of classes, following dropouts and housing cancellations.

Total enrollment is expected to pass the 20,000 mark this fall, an increase of 1,200 over September, 1954.

Bomb System Costly

WASHINGTON — The electronic bombing systems used on modern intercontinental bombers cost from $200,000 to as much as $500,000 each.

Now Health Insurance for Pets Being Issued

HOLLYWOOD — A Hollywood concern is offering health insurance for cats and dogs, including medical and surgical care in an animal hospital.

It charges $20 a year and a $5 registration fee. A 25 per cent discount is allowed on ear cropping and deflea-ing and a 50 per cent discount on vaccinations.

India Aids Tribes

NEW DELHI—Indian has spent the equivalent of $42,000,000 on the welfare of her backward tribal communities and on the development of tribal areas in the last four years. Of this, $21,000,000 was given as grants to the various states.

For a Taste Treat Try This Pie

BLUEBERRY COCONUT PIE — This pie made with big, juicy cultivated Blueberries and tangy coconut is sure to make a hit with your hungry family. It tastes even better than it looks. Garnish this pie with tiny sprigs of fresh mint.

Blueberry Coconut Pie Is Royal Blue and White

There's a debutante in the pie family — so sweet and good, you'll want to make an acquaintance. We're talking about Blueberry-Coconut pie — new and fresh and different. With those big dark, luscious Cultivated at their biggest and best right now, introduce the family to Blueberry-Coconut pie, a top favorite this season.

Blueberry-Coconut Pie

1 unbaked pie shell
1 egg, well-beaten
1 4 oz. can shredded coconut
½ cup chopped walnuts
¼ cup sugar
1 tablespoons flour
¼ teaspoon salt
2 cups cultivated blueberries, washed and well-drained
⅔ cup sugar
1 cup heavy cream
¼ cup light corn syrup

Bake pie shell at 425 degrees for five minutes. Remove from oven and reduce heat to 375 degrees. While oven is cooling, mix together egg, coconut, walnuts, ¼ cup sugar, corn syrup, flour and salt. Spread over partially baked pie shell. Return pie to 375 degrees oven and continue to bake 15 minutes. Remove from oven. Cool. Crush blueberries. Combine with remaining sugar and chill. Fold into whipped cream. Pour over cooled coconut pie. Place in freezer until thoroughly frozen.

Note: If frozen Cultivated Blueberries are used, thaw and drain. Proceed as with fresh berries. If canned cultivated blueberries are used, chill, drain and proceed as with fresh berries.

Ice Cream Sales Prove Appeal Is Everlasting

Almost half of all ice cream sold is prepackaged. New trends in ice cream sales are the increased amount now sold in food stores and the half gallon container. Today 95 to 98 out of 100 food stores carry ice cream, and about ¼ of all ice cream manufactured is sold in the half gallon unit, a container that was hardly known as recently as 1946.

If you purchase ice cream in bulk, you usually buy a definite volume—half pint, pint, quart or half gallon—not a definite weight. Studies show that there is a considerable variation between weights of the same volume. Bulk ice cream packed at the store with more pressure usually weighs more than that packaged at the factory.

There is a high percentage of air in ice cream, approximately 50 per cent in most cases. A certain amount of air is essential in order to give it the proper texture and make it more palatable. The whipping and freezing which gives ice cream its creaminess, automatically puts air into it.

Vanilla, chocolate and strawberry are the top three ice cream flavors chosen from a total of 174. They account for almost three-fourths of all the ice cream manufactured.

The label on a prefilled container should give the flavor, price, size of container, and the name and the address of the producer. Some companies also have brand names that indicate the quality and choiceness of the ice cream.

Bacon Bits Flavor Tasty Corn Chowder

Corn chowder receives new heartiness and flavor with the addition of cooked bacon bits, as do favorite macaroni and spaghetti.

Bacon and Corn Pudding

1 pound sliced bacon
2 cups whole kernel corn, drained
2 eggs, slightly beaten
1 teaspoon sugar
2 cups scalded milk
1¾ teaspoons salt
¼ teaspoon pepper
½ teaspoon caraway seed, (optional)

Pan-fry 9 slices bacon until crisp. Drain on absorbent paper. To mix the corn pudding, combine corn, eggs, sugar, 1½ tablespoons bacon drippings and crumbled bacon. Add scalded milk, salt, pepper and caraway seed. Mix all ingredients together well. Bake in a slow oven (325 degrees) for about 1 hour and 15 minutes. Pan-fry remaining bacon slices. Serve with casseroles.

Variation: Substitute 1 teaspoon of toasted sesame seed or ½ teaspoon celery seed for caraway seed.

Making biscuits? Try adding grated cheddar, Swiss or Parmesan cheese to the dough before rolling out.

Try Tempting, Zesty Crabmeat

When it comes to hot weather eating nothing is more tempting than the delicate pink and white of delicious crabmeat. The National Fisheries Institute reminds us that crabmeat is in good supply.

* * *

There is no waste in a can of crab meat and a small amount of this appealing shellfish goes a long way. Because crabmeat has such a tender, distinctive flavor, it needs little coaxing from the cook to become the mainstay of a festive meal.

Try this salad the next time you are planning to entertain at a bridge party or perk up the family appetite on a warm night. It can be prepared ahead of time but be sure to store it in the refrigerator until it's time to eat.

Together with long draughts of iced tea or soft drink beverage, crisp potato chips, and perhaps some fresh fruit and cookies, it's as ideal for serving out-of-doors in the garden as at the family table.

Marinated Crabmeat Salad

2 cans crabmeat
½ cup olive oil
¼ cup white vinegar
½ teaspoon tabasco sauce
¼ teaspoon salt
2 cups chopped celery
½ cup mayonnaise
Green cabbage leaves
1 green pepper, cut in rings

Pick over crabmeat and remove membrane particles. Place crabmeat in mixing bowl. Mix together olive oil, vinegar, tabasco sauce and salt. Pour over crabmeat. Cover and let stand in cool place 3 hours. Drain marinated crab, mix with celery and mayonnaise. Serve on green cabbage leaves and garnish with rings of green pepper.

Cool Grape Sherbet Has Few Calories

Only 88 calories per serving in this Grape Sherbet—in case any of your guests are weight-watching.

Grape Sherbet

2 cups undiluted grape juice
2 tablespoons lemon juice
1 cup orange juice
½ cup sugar
3 cups liquefied instant nonfat dry milk
2 egg whites

Set refrigerator control to coldest point. Mix grape, lemon and orange juices; add sugar. Heat, stirring constantly, until sugar dissolves. Remove from heat and cool. Slowly add liquefied instant nonfat dry milk, stirring constantly. Pour into 2 refrigerator trays. Place in refrigerator freezing compartment; freeze until almost firm. Turn out into bowl and beat with rotary beater or electric mixer until doubled in bulk. Beat egg whites until stiff but not dry. Fold egg whites into sherbet mixture. Return to refrigerator trays. Freeze until firm — 2 hours or longer. Makes 12 servings.

Broiling Hamburgers? Put a dollop of butter or margarine mixed with a dash of chili powder on each before they are broiled.

Tomato, Cheese Natural Partners in Casserole

Tomatoes and cheese are natural partners for this excellent casserole.

Cook a small onion, cut in thin slices, in a bit of bacon fat until tender. Add a can of tomatoes. Layer this in a casserole with grated sharp cheese and crushed potato chips. (Top layer should be potato chips.) Bake in a hot oven, 400 degrees about 20 minutes, until heated through and cheese melts.

Pears in Fritter Batter

Dip peeled slices of pears in your favorite fritter batter. Fry until golden brown, dust with powdered sugar and serve garnished with a slice of lemon. Nice dessert for a warm evening.

Who Won the Argument?

BALTIMORE (AP)—Two Ukrainian immigrants had an argument. Ivan Karpus maintained "there are too many churches and cops" in America. Stanislau Samoluk socked him in the eye. Karpus ran for the cops. Samoluk was fined $25 for sticking up for the cops.

Chinese Reds Worried

TOKYO (AP) — Peiping radio charged today that U.S. shipment of Honest John rockets capable of carrying atomic warheads "is a serious menace to the security of Japan and peace in the Far East."

Notice of Intention to Construct Curb, Gutter, Drainage and Related Work on Sylvan Court.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan held on the 23rd day of August, 1955 by resolution it was declared to be the intention of the City Commission to construct curb, gutter, drainage and related work on Sylvan Court from Orchard Lake Avenue to 60 feet west of Myra Avenue at an estimated cost of $5,635.30 and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of Sylvan Court from Orchard Lake Avenue to 60 feet west of Myra Avenue, shall constitute the special assessment district to defray $2,734.05 of the estimated cost and expenses thereof and that $2,901.25 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan, will meet in the Commission Chamber on the 30th day of August 1955 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

W.O. 6804
Dated August 24, 1955.

Put Dairy Foods to Work for Cool Summer Meals

Whether at work or on vacation, we have to eat. Most folks find it a most enjoyable chore. To the one who plans and prepares meals, it is sometimes hard to think up ideas for meals that will tempt appetites when the weather gets warmer.

* * *

Appearance of food can give a feeling of coolness. Here is where the dairy foods shine. They are most adaptable for summer eating, and at the same time, they furnish vitally necessary food nutrients which help to maintain good health.

Here are some ideas of how dairy foods can make pleasant summer eating and help you keep cool as well.

Lemon Blanc Mange

½ cup sugar
¼ teaspoon salt
3 tablespoons cornstarch
2 cups milk
2 eggs, separated
1 teaspoon grated lemon rind
¼ cup lemon juice

Mix sugar, salt and cornstarch; add one-fourth cup milk and blend until smooth. Scald remaining milk in a double boiler. Pour into remaining scalded milk and stir constantly until pudding thickens.

Cover and cook 15 to 20 minutes, stirring occasionally. Beat egg yolks until thick; add grated rind and lemon juice. Add a little hot pudding to egg mixture and blend. Pour egg mixture into pudding, stirring thoroughly and cook two minutes.

Fold into stiffly beaten egg whites to which an additional one-fourth cup sugar has been added. Pour into wet molds and chill. Unmold and serve with canned or fresh fruit. Serve with light cream or milk. Serves six.

Spiced Peach Blossom

1½ cups mashed peaches
6 tablespoons sugar*
Dash salt
6 tablespoons lemon juice
¾ teaspoon cinnamon
¾ teaspoon nutmeg
5 cups cold milk
1 pint ice cream

Combine peaches, sugar, salt, lemon juice, and spices and blend. Stir in cold milk. Pour into glasses and top with ice cream. Garnish with peach slices if desired. Serves six.

*Fresh peaches will require more sugar.

Serve with individual sandwich loaves — easy fillings are: Cream cheese and sliced radish; cream cheese and cucumber; and lettuce with tomato. Garnish with a piping of cream cheese and radish slices.

Merger May Evolve at Church Congress

DETROIT (AP) — Separate Sessions were held Wednesday by Unitarian and Universalist church groups in advance of joint meetings at the first biennial convention of the Council of Liberal Churches.

* * *

Close to 900 delegates are attending the six-day assembly, which will hear a report Saturday on possible denominational merger of the two groups into a unified liberal church. They now have joined education and public information departments.

The association of Universalist women heard a discussion today on "The Challenge of Being a Woman," part of the conference theme: "Man's Confidence in Himself." Mrs. Laura Hersey of Boston, president of the women's group, presided.

* * *

The Rev. Carleton M. Fisher of the First Universalist Church, Wausau, Wis. spoke. A highlight of the program will be awards to ministers with 50 years of service in the church.

Michigan-Ohio Axle Tax Provisions Under Study

LANSING (AP) — The Michigan Highway Reciprocity Board today considered a request from Ohio that it amend the reciprocity agreement to allow Ohio to impose its axle-mile tax on Michigan truckers.

* * *

The board received the request for modification on Aug. 8. Chairman John McCarthy, board chairman and chairman of the State Public Service Commission, said the reciprocity agreement would be canceled Sept. 8 unless there is an extension of the deadline.

If the agreement is canceled, McCarthy said, Michigan truckers would have to pay the Ohio tax—which is about 10 times as high as the tax Michigan imposes on Ohio truckers.

McCarthy said 10 southern states are also considering what to do in face of Ohio's request for modifications to reciprocity agreements.

Notice of Special Assessment. Curb, Gutter, Drainage on Elm Street.

To: James Hartsock, Alfred C. Gifford, Lawrence C. Anderson, Casper C. Verpooten, Albert West, Floyd Fair, Mrs. Fred Hricka, Clare C. McVety, Arthur J. Wagner, Roque Rodriquez, Clifford Teague, Mellie Putitt, Eusibio Dimays, James C. Berden, Kyle V. Wharff, Anna Roberts, Nelson Wilson, W. H. Dawson, Laurence E. Chapin, Frank Regner, Carl Rotramel, Erick Larvick, Robert C. Kimball, J. C. Jaeckel, Rich Thompson, Bert Crain, Mark M. Julian, Unknown—Lot 187, L. I. Carrier, Murphy Park Sub., and to all persons interested, take notice: That the roll of the Special Assessment heretofore made by the City Assessor for the purpose of defraying that part of the cost which the Commission decided should be paid and borne by special assessment for the construction of curb, gutter, drainage and related work on Elm Street from Marshall Street to 120 feet west of Going Street, is now on file in my office for public inspection.

Notice is also hereby given that the Commission and the Assessor of the City of Pontiac, will meet in the Commission Chamber in the City Hall in said City, on the 30th day of August, A. D., 1955 at 8:00 o'clock p.m., to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

W.O. 6867
Dated August 24, 1955.

No End to the Kind of Pies You Can Make

By JANET ODELL
Pontiac Press Food Editor

Pie making is an art with a long history. For centuries cooks have covered meats, vegetables and fruits with a crust, then baked it in the dish.

For most moderns the word pie means dessert. Pie, especially apple pie, is listed as an all-time favorite American dessert. We are sure that the people in Oakland county are no different from the rest of the country in this respect. However, we do think that other pies are occasionally welcome as a change. With that in mind, we're suggesting several new recipes for pies.

Every cook has her own favorite way of making pie crust. Some will use nothing but lard; others swear by the hot water, vegetable shortening kind; and still others prefer to buy their pie crust in ready-mix form. We'll let you make whatever kind of crust you like when the recipe calls for pastry. For the various crumb crusts we give you the directions.

This is peach season, therefore the time to make fresh peach pies. Try serving individual ones for dessert at your next party. These have a layer of cheese spread under the fruit and a clear thin glaze over the top.

Individual Peach Pies

½ cup butter or margarine, melted
24 graham crackers, crushed fine
1-3 cup sugar
Pineapple cheese spread
6 large peaches or 9 medium-sized peaches, sliced

Add butter to cracker crumbs and sugar. Mix to blend well. Press mixture firmly into individual aluminum freezer pie pans. Press a ¼-inch layer of the cheese spread on sides and bottom of each crust. Fill crusts with sliced peaches. Cover top of peaches with glaze. Chill until ready to serve. Makes 6 pies.

Glaze

1 cup water
2 tablespoons cornstarch
1 cup sugar
2 tablespoons lemon juice
Yellow food coloring, if desired.

Combine water, cornstarch, and sugar. Cook in a small saucepan until mixture is thick, stirring constantly. Lower heat, stir, and simmer about 5 minutes. When clear, add lemon juice and food coloring. Stir until blended. Cool. Pour over peaches to form a thin glaze.

Another open faced pie that uses fruit in season is a Country Apple Cream Pie. This is an old fashioned favorite that perhaps your grandmother made. In place of a pastry top crust, you pour cream, sugar and spices over the apples before baking.

Country Apple Cream Pie

1 unbaked 9" pie shell
6 cups sliced pie apples
⅔ cup brown sugar
4 tablespoons flour
¼ teaspoon salt
½ teaspoon ground ginger
1 cup heavy cream
1 tablespoon brown sugar

Fill pie shell with apples, piling them high in the center. Mix together brown sugar, flour, salt, ginger and cream. Pour over apples. Sprinkle remaining sugar over top of pie. Bake 50-60 minutes in hot oven (400 degrees). Makes 1 9-inch pie.

With plenty of warm weather left in the weatherman's pocket, you will be happy to have a pie recipe requiring no prolonged baking. After the pastry shell is done, the pie is finished in the refrigerator. You can bake the pastry in the cool of early morning.

Chilly Cherry Pie

1 envelope (1 tablespoon) unflavored gelatin
½ cup cold water
1 No. 2 can pie cherries, drained
½ cup sugar
¾ cup cherry juice
⅛ teaspoon salt
1 tablespoon lemon juice
½ cup heavy cream, whipped
1 (9-inch) baked pie shell
½ cup sugar
2 tablespoons cornstarch
1 cup cherry juice
1 No. 2 can pie cherries drained
Whipped cream garnish, if desired

Soak gelatin in cold water five minutes. Heat drained cherries with ½ cup sugar and ¾ cup juice. Add softened gelatin and salt. Mix well to dissolve gelatin. Add lemon juice and chill. When mixture begins to thicken, fold in whipped cream. Pour into pie shell. Chill until set, about a half hour.

Combine ½ cup sugar, cornstarch, and 1 cup juice. Cook until thick and clear. Add drained cherries. Cool. Spread over fluffy cherry filling in pie shell. Garnish with additional whipped cream if desired.

USE FRESH BLUEBERRIES

Fresh blueberry pie with a lattice crust—doesn't that sound delicious? Serve it plain or a la mode and watch your family's eyes light up. The children will love showing off their blue tongues afterwards.

Fresh Blueberry Pie

5 cups fresh whole blueberries
1 cup sugar
½ teaspoon salt
¼ teaspoon grated lemon rind
3 tablespoons quick-cooking tapioca
2 tablespoons butter or margarine
1 tablespoon fresh lemon juice
Pastry for two-crust 9-inch pie.

Combine first 5 ingredients. Turn into a 9-inch pie pan, lined with unbaked pastry. Dot with butter or margarine and sprinkle with lemon juice. Top with 8 strips of pastry rolled ½-inch thick, cut ½-inch wide and one-inch longer than the width of the pie. Trim, turn under, and flute edges. Bake 40 minutes or until crust is brown in a preheated hot oven (425 degrees F).

A pie to make for unexpected company is Banana Whipped Cream Pie. With the possible exception of whipping cream, you're likely to have all ingredients on hand for quick and easy mixing. You might use some of the tiny marshmallows now available in place of the sliced regular size ones.

If you wish to keep this pie a short time, store it in the refrigerator and dip the sliced banana garnish in lemon juice to prevent darkening of the fruit.

Banana Whipped Cream Pie

3 cups corn flakes
¼ cup butter or margarine
2 tablespoons sugar
1 cup whipping cream
2 tablespoons sugar
½ teaspoon vanilla
18 marshmallows, sliced
2-3 fully ripe bananas, sliced

Crush corn flakes into fine crumbs. Blend butter and sugar; add corn flakes crumbs, mixing thoroughly. Press evenly and firmly around sides and bottom of 9-inch pie pan. Chill. Fill with prepared filling.

Whip cream until stiff; fold in sugar and vanilla. Fold in marshmallows and sliced bananas. Spread in crumb crust. May be chilled or served at once. Garnish with sliced bananas, if desired. Yield: 1 9-inch pie.

PUT GLAMOR IN PIE

This last pie is a glamorous one, the kind you would serve by itself for afternoon or evening refreshment. It's a smoth combination of coffee flavored gelatin, rice, crushed pineapple and nuts. Although the recipe calls for a vanilla wafer crust, there's no reason why you couldn't use a regular pastry crust if you like.

Tropical Pilaff Pie

2-3 cup packaged, pre-cooked rice
¾ cup cold coffee
2 envelopes unflavored gelatine
½ cup cold coffee
1 cup drained, crushed pineapple
½ cup broken walnut meats
½ teaspoon rum flavoring
1 cup heavy cream
½ cup very fine granulated sugar
10-in. vanilla wafer crumb crust

Combine rice and ¾ cup cold coffee in saucepan. Bring to full boil, uncovered. Cover. Remove from heat and let stand 10 minutes. Soften gelatine in ½ cup cold coffee, dissolve over hot water and add to pineapple and walnuts. Stir in rice and flavoring. Whip cream, adding sugar gradually; fold in. Spoon into crumb crust. Chill until firm.

Vanilla Wafer Crumb Crust

2 cups fine vanilla wafer crumbs
1-3 cup sugar
1 teaspoon cinnamon
⅛ teaspoon cloves
¾ cup melted butter or margarine

Combine all ingredients; press firmly into 10-inch pie pan. Bake in hot oven, 400 degrees F. 8 minutes. Chill.

Child Gets Extra Egg in This Tasty Drink

A pleasant way to get an extra egg into your child . . . It's good for convalescents, too.

1 cup cranberry juice cocktail
¼ cup orange juice
1 tablespoon lemon juice
2 tablespoons sugar
1 egg
Cracked ice

Put ingredients in shaker or in a bowl and either shake well or beat with an egg beater. If egg beater is used, do not add the ice until after beating. Makes two 8-ounce glasses.

Evaporated Milk Can Be Stored Until It's Opened

Evaporated milk is a dairy product that can be stored on the cupboard shelf until the can has been opened.

To use evaporated milk, pour it directly from the can by making two small holes opposite each other on the top, or one large opening.

If you don't use a full can, just leave the milk in the can and store in the refrigerator. You'll find that the leftover evaporated milk is convenient to have on hand for whatever purpose you need milk. It keeps well opened for a week or more.

The reason evaporated milk should not be transferred to another container for storage is that the original can is sterile. It is unnecessary to cover the opened can because the milk forms its own covering over the holes punctured in the top.

Evaporated milk should not be stored for an indefinite period of time on the cupboard shelf. At room temperature, some slight fat separation and jelling of the proteins may occur after about one month. If held for a longer time in the home, the cans should be inverted or shaken to make it uniform before pouring. This slight separation does not impair its food value.

Elegant Coconut Drink

For an elegant cooler called Coconut Lemonade combine 1½ cups shredded coconut with 3 cups water in saucepan and bring to a boil over low heat. Cover, simmer 10 minutes, remove pan from heat and cool. Strain liquid through fine mesh, add 7 tablespoons lemon juice, 3 tablespoons sugar and stir till sugar dissolves. Add 2 cups cracked ice . . . and serve at once. (A tall glassful, topped with a mint leaf or maraschino cherry, is heavenly and handsome!)

Creamed tuna takes on new sparkle when two or three tablespoons of minced green pepper are added to the sauce.

Cream of Shrimp Soup Good With Dill

Have you tried the new and delicious frozen soups? Here's a special way to flavor the cream of shrimp variety.

Chilled Shrimp Soup With Dill

1 can (10 ounces) frozen condensed cream of shrimp soup
½ soup can milk
½ soup can water
¼ teaspoon dried dill

Heat condensed soup, milk and water according to directions on can. Remove from heat; stir in dill weed. Cool, then place in refrigerator just until chilled. Serve at once, stirring well. Makes 2 to 3 servings; double recipe if desired.

ORANGE BUTTERMILK SHERBET — The combination of buttermilk, orange and lemon gives this sherbet a tang that is pleasing to the palate. It's a light dessert, easy to make for your family's dinner tonight. Leave out the banana for a dessert with lower calorie count.

Orange Buttermilk Sherbet Satisfies Dessert Cravings

It makes no difference to most of us how delicious the dinner tasted from appetizer through main course, there is still longing for something sweet to bring the perfect meal to a grand finale.

* * *

Buttermilk sherbet involves no cooking except for dissolving the gelatin stabilizer over hot water. After the ingredients are combined, the mixture is frozen in a refrigerator tray.

A fresh dairy product, buttermilk is made from skim milk to which cultures are added. A tangy, refreshing product results, which is an excellent ingredient in cooking or delicious just as is for a beverage.

Buttermilk provides all the essential food elements found in whole milk except the fat. Since it has a low calorie content, its use in sherbet helps to provide a pleasant dessert for those who are shunning the higher calorie favorites.

If you wish, the banana may be left out of orange buttermilk sherbet to further decrease the number of calories.

When ready to serve, scoop the frozen mixture into sherbet dishes. Garnish with a twist of orange peel and maraschino cherries.

Orange Buttermilk Sherbet

1 tablespoon plain gelatin
½ cup cold water
¾ cup sugar
1½ cups orange juice
1½ cups buttermilk
Juice of 1 lemon
Grated rind of 1 orange
2 tablespoons chopped maraschino cherries
1 banana, sliced

Soak gelatin in cold water for five minutes. Dissolve over hot water. Mix sugar, orange juice and buttermilk. Add gelatin. Pour into refrigerator tray and freeze until ice crystals form around the edges of the tray. Remove to bowl. Beat with rotary or electric beater until smooth. Add lemon juice, orange rind, cherries and banana and mix well. Pour back into refrigerator tray and freeze until firm.

MOCHA PARFAIT — Its name is the French word for perfect, and that describes this dessert. Smooth layers of a semi-sweet chocolate mixture alternate with a creamy coffee layer. It's a wonderful chilled summer dessert.

Mocha Parfait Is Just Perfect

Parfait is French for "perfect." It's the name we still call a delicious dessert served in tall, tapering "parfait" glasses.

Parfait also means "faultless," "finished," "complete." You'll agree that the Mocha Parfait made by our recipe earns all these adjectives, not to mention a less elegant but eloquent "Wow."

Satin of texture, subtle of flavor, with alternate layers of coffee and chocolate filling, this is a dessert. . just perfect.

The French discovered this considerably before we did. But a dessert as delicious as this was not always so easy to make.

The coffee layer achieves its rich flavor in an instant with instant coffee, used dry right from the jar. The chocolate layer is made with semi-sweet chocolate morsels that are already in small pieces to make your chocolate cookery even more efficient. This will be your party specialty par excellence.

Mocha Parfait

1 package (6 oz.) semi-sweet chocolate pieces
⅓ cup water
1 tablespoon light corn syrup
Dash salt
2 egg whites
¼ cup sugar
1 cup heavy cream
1 tablespoon instant coffee
¼ cup light brown sugar, firmly packed
½ teaspoon almond extract

Combine chocolate, water, corn syrup and salt and melt over hot water. Let cool, approximately 10 minutes. Beat egg whites stiff but not dry. Add ¼ cup sugar. Fold into cooled chocolate mixture. Combine cream, instant coffee, brown sugar and almond extract. Beat until stiff. Spoon into parfait or sherbet glasses, in alternate layers, the chocolate mixture and the whipped cream mixture. Chill well. Serves 6 - 8.

Here's an especially good dressing to serve over fruit. Soften and blend cream cheese with pineapple juice and add some chopped almonds.

Serve Seafoam Salad With Cold Meats

Seafoam salad is a gelatin make-ahead salad which avoids the fuss of last minute fixing by combining salad dressing right with the other ingredients. This flavorful salad is a complement to any meal. With a platter of cold meat and a basket of rolls, you'll have a perfect porch or patio dinner.

Seafoam Salad

1 package lime flavored gelatin
½ teaspoon salt
¾ cup boiling water
1 cup small curd cottage cheese
1 cup diced celery
1 cup diced cucumber
½ cup sliced radishes
¾ cup wheat germ
1 cup salad dressing
2 tablespoons grated onion or 1 tablespoon onion juice

Dissolve gelatin and salt in boiling water; chill. When gelatin starts to thicken, whip with rotary beater until fluffy. Mix all other ingredients together; fold into whipped gelatin. Spoon evenly into oiled ring mold. Chill until firm. Unmold on lettuce leaves. Makes 10-12 servings.

Pineapple Stuffed Celery Is Popular Appetizer

Popular Appetizer: A justly popular appetizer is this one—Pineapple Stuffed Celery.

Soften one 3-oz. package of cream cheese and mix with it ¼ cup of crushed pineapple and 1 teaspoon horseradish. Stuff crisp celery with this "mix" and serve with olives—black or green.

Add Liver to Omelet

Ever serve a chicken liver omelet? Make your omelet as usual; but before doing so dice four chicken livers and cook them in a little butter or margarine with a tablespoon or so of chopped onion, salt and pepper. Just before turning the omelet out of the skillet, sprinkle it with the chicken liver mixture. You can buy chicken livers at a chicken-parts market or you can buy them frozen and packaged.

Chop scallions (green onions) fine and mix with melted butter pour over freshly boiled new potatoes.

MRS. GRIFFITH WINS $5.00

Mrs. W. H. Griffith, 601 N. Rosevere, Dearborn, Michigan, wins $5 for this recipe:

PRIZE RECIPE

Holland Veal Chops

4 veal chops
¼ cup flour
1 clove garlic
Salt & pepper
Paprika
Shortening for frying
½ Cup Savoy Holland Dressing

Pound flour into chops. Saute fine cut garlic in shortening. Brown chops in this mixture. Cook until tender, turning frequently, using low heat. Season with salt, pepper and paprika. Pour Savory Holland Dressing over chops, cover and simmer at lowest heat for about 10 min. Serve with fluffy rice.

SAVOY HOLLAND DRESSING

WIN $5.00! Send in a recipe using Savoy Holland Dressing. Enclose label from bottle. Best recipe each week wins $5.

You'll love its tangy, sweet-sour taste. No other dressing like it! An old Dutch formula blending exotic spices, herbs, vinegars and oils into the year's biggest taste thrill for salads, slaws, seafoods, vegetables and meat.

a man's first choice on salads!

Consider Great Changes in Food Picture Since 1945

By JANET ODELL
Pontiac Press Food Editor

Before the end of this month—the month which marks the tenth anniversary of V-J Day — let's stop to consider the changes in the food picture.

How quickly we have forgotten the days of rationing, of trying to make the stamps last their allotted time, of sighing each time some new food was put on the ration list, of trying to plan interesting meals with minimum amounts of meat.

I remember that we had company the night of V-J Day. There were seven of us in all for dinner; and I had one pound of hamburger. We were so excited over the good news that we neglected the cooking. Our hamburgers were dried up and slightly burned. No one seemed to mind.

Then do you remember how the various foods started to reappear in the stores? How nice it was to get canned tuna again. What fun it was to plan the meat you would have for Sunday dinner.

TREMENDOUS CHANGES MADE

Since that faraway August of 1945 our buying and eating habits have changed more than we realize. For one thing, we're spending more of our yearly income for food. This is not accounted for solely by higher prices. We're eating better. Before World War II there were about a thousand items in an average grocery store. Today there are between four and five thousand!

Take orange juice, for one example. Think of the larger amount consumed by your family since it is so easy to bring home a can of frozen juice. Our small son was suspicious one day when a friend squeezed a fresh orange for him. She said he tasted the juice cautiously, looked up at her and said, "It's good." If we're not careful, children will think all orange juice comes from cans, just as some city children think milk comes from bottles, not cows.

The American housewife has become better educated about the importance of giving her family a well-balanced, nourishing diet. She knows they must have plenty of milk, for instance. The current campaign, "You never outgrow your need for milk," is sound nutritionally and is unarguable.

REMEMBER EARLY MIXES

Remember when a biscuit mix and gingerbread mix were about all the mixes you could buy? They weren't very good at first. Not only have manufacturers improved their original mixes, but they are constantly coming forth with new ones. In the very near future you will see a Sunshine Sponge Cake Mix on the grocer's shelves.

More and more prepared foods are being canned also, you can always have gravy if you keep a can on the shelf. Fixing potatoes, even at the last moment, is no chore with the cans of cooked potatoes. Hash, complete spaghetti meals, chicken a la king, stuffed peppers, pizza pie . . . you name it, you can buy it. Every time you shop you find something new.

Stop for a minute and think how differently you buy meat nowadays. Instead of asking the butcher for this or that cut, you pass in front of long refrigerated cases full of appetizing cuts of meat all wrapped in sanitary transparent paper. Just seeing the various kinds gives you ideas for menus. And you still have the privilege of asking for a special cut.

FROZEN FOODS CROWD PRODUCE

Think of the frozen food cases that have crowded some stores. They have cut down sales in the produce department, but the latter can still specialize in certain foods which don't freeze well like fresh salad vegetables. There is no need for any new husband to have indigestion from his bride's poor cooking; there is no reason why the person living alone has to forego favorite dishes because they're impossible to prepare in small amounts. The frozen food industry has solved those problems. We didn't have that kind of food prior to 1945.

When you feel like moaning over the time you have to spend in the kitchen preparing meals, stop for just a moment and think. You're living in an exciting, revolutionary age of food. Never before has anyone had such variety to choose from; never before has meal preparation been so easy if one wanted to take advantage of all the special helps. We can only wonder what the next ten years will bring. I'm glad to be part of the industry.

Potato-Bacon Casserole

Layer diced cooked potatoes and bits of crisply cooked bacon in a shallow casserole. Cover with a thin white sauce and top with buttered soft bread crumbs. Bake in a moderate oven until hot through; if topping isn't golden brown, place under the broiler for a few minutes.

Potato-Vegetable Treat

Dice leftover potatoes and add them to a package of frozen mixed vegetables (cooked and drained). Mix in a tangy French dressing and refrigerate to allow flavors to develop. Serve on crisp salad greens with sliced cold meat.

Versatile Peach Is Always Good

Michigan peaches are early. They're already being harvested in great supply. Fresh peaches are good to eat; they're good in pies and other desserts. They're good canned or frozen for next winter; and they're good anytime, as preserves.

Peach Cream Soda

¼ cup crushed, sweetened ripe, frozen or canned peaches
¼ cup light cream or 1 tablespoon ice cream
Scoop vanilla ice cream
Plain soda

Stir gently and serve. Serves one.

Hot Fruit Compote

½ cup sugar
1½ cup water
2 lemons
2 whole cloves
2 red apples
2 pears
3 peaches
18-24 blue grapes
Cinnamon

Combine sugar and water in a casserole. Juice 1½ lemons and cut rings from remaining half; add strained juice and lemon rings to sugar mixture, stick cloves in lemon rings. Cut apples into wedges, remove core and seeds, add to lemon juice mixture. Peel pears, core, and add to lemon juice mixture. Peel peaches, remove stones, and add to other fruit mixture. Place unpeeled grapes over the top and cover the casserole. Bake in a moderate oven at 350 degrees for 45-60 minutes. Serve hot or cold. Serves 8.

Creamy Peach Pie

1 8" pie shell, unbaked
8 to 14 peaches, cut in halves
¾ cup sugar
2 or 3 tablespoons cornstarch or flour
½ teaspoon salt
¼ teaspoon nutmeg
½ cup heavy cream
½ teaspoon vanilla or almond
Freshly grated nutmeg
3 tablespoons chopped almonds

Arrange peach halves cut side up, in pie shell. Combine the sugar, cornstarch, salt, nutmeg, cream, and vanilla. Pour over the peaches and sprinkle with the almonds and grated nutmeg. Bake in hot oven at 450 degrees F. for 40-50 minutes. This is especially good when served warm.

Peach Mario

½ pound marshmallows
3 tablespoons milk
1½ cup crushed fresh peaches
½ pint whipping cream
¼ teaspoon salt
¼ teaspoon almond flavoring

Combine milk and marshmallows in top of double boiler, melt over hot water with occasional stirring. Remove from fire, chill, and gradually add peaches and salt. Whip the cream and add flavoring. Fold cream into peach mixture. Pour into freezing trays and freeze. Serves 6.

One-Dish Meal: Duck Fricassee With Vegetables

You may want an every-day, but wonderful, one-dish meal. Here is a recipe for a delicious duckling fricassee with vegetables.

Serve it with hot cooked rice . . . add a fruit salad, some rolls and forget about the dessert. Should there be any duckling left over, it reheats beautifully the next day.

Duckling Fricassee With Vegetables

1 Long Island duckling, 4 to 5 pounds ready-to-cook weight
3 tablespoons duck fat
1 clove garlic, minced
3 tablespoons flour
3-ounce can sliced broiled mushrooms
1½ cup duck broth
3 tablespoons sherry, optional
1 teaspoon kitchen bouquet
½ teaspoon rubbed thyme
1 teaspoon salt
8 small white onions, peeled
8 small carrots, trimmed
5-ounce package pre-cooked rice

With sharp knife cut through skin of duckling along center of breast from neck to vent. Loosen skin by pulling away from flesh and at the same time running knife underneath. Cut skin where necessary, but keep flesh intact. Cut duckling in serving size pieces.

Cook skin and fat with giblets and neck in 2 cups water and 1 teaspoon salt, until giblets are tender, about 45 minutes. Drain off liquid. Allow fat to rise to top, then pour it off.

Place 3 tablespoons of the duck fat in large frying pan, or Dutch oven, over moderate heat. Brown pieces of duck lightly and remove to warm place.

Add garlic to fat and cook one minute. Stir in flour. Add contents of can of mushrooms, duck broth and sherry. Cook, stirring constantly, until sauce thickens. Add kitchen bouquet, thyme and salt.

Place onions, carrots, coarsely cut duck giblets and pieces of duck in sauce. Cover tightly and cook over moderate heat until duck and vegetables are tender, about 45 minutes.

Serve immediately. Makes 4 to 6 servings.

'Sunshine' Salad Brings Crunchy Tang to Table

Here's a salad that brings the sunshine right to the table. The crunchiness and tang make it wonderful with most any main dish.

Toss drained and chilled canned grapefruit sections with coarsely grated carrots, chopped peanuts and French dressing. Serve a mound of salad on shredded salad greens.

Try Avocado, Ham

Scoop meat from ½ large ripe avocado, leaving shell intact. Mash avocado meat, blend in 1 family size can deviled ham, 1 3-ounce cake cream cheese, minced parsley and seasoning to taste. Mix smooth and pile in reserved shell. Serve surrounded with crisp, fresh vegetable pieces, potato chips, small crackers.

NOODLE AND BEEF ROLLS — These appetizing beef rolls are stuffed with a savory noodle stuffing, wrapped in aluminum foil and baked in hot coals. Grilled tomato halves and mushrooms, a tossed salad and coffee complete this simply prepared picnic meal.

Try Beef Rolls Stuffed With Noodles

You've been having picnics for over a month now. There are still many picnic days ahead.

* * *

If you're getting a little tired of frankfurters, hamburgers and other outdoor fare, why not try a hearty main-course dish made with macaroni, spaghetti or noodles.

The first suggestion is savory noodle-stuffed meat rolls, prepared beforehand and wrapped in aluminum foil. When the first signs of hunger start to appear, the rolls are placed in hot coals and stay there until they're baked.

The second dish is a flavorful and filling macaroni salad, containing chopped chicken and hard-cooked eggs.

Remember, when picnic-bound, always to carry meats and other protein-rich foods in a portable ice-box or cooler packed with ice.

Noodle and Beef Rolls

1 tablespoon salt
3 quarts boiling water
8 ounces wide egg noodles (about 4 cups)
¼ cup butter or margarine
½ cup chopped onions
1 tablespoon paprika
1 tablespoon chopped chives
1½ pounds ground beef chuck
Salt and pepper to taste
¾ cup fine dry bread crumbs
½ cup milk
1 egg, beaten
1 tablespoon horseradish

Add 1 tablespoon salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander.

Melt butter or margarine and add onions; cook over medium heat until tender and lightly browned. Add paprika, chives and cooked noodles; mix well.

Combine remaining ingredients and mix until all ingredients are well blended; divide into six equal parts. Pat each part into a rectangle one-fourth inch thick; place some of noodle mixture on each rectangle and roll meat around noodles.

Wrap each roll in aluminum foil. Bake in hot coals, or moderate oven (350 degrees) 45 minutes. Makes six servings.

Picnic Salad

1 tablespoon salt
3 quarts boiling water
8 ounces elbow macaroni (2 cups)
1 cup chopped cooked chicken
1 cup cooked cauliflowerets
½ cup sliced stuffed olives
1½ teaspoons chopped chives
2 hard-cooked eggs
1 teaspoon salt
½ teaspoon dry mustard
¼ teaspoon onion salt
¼ cup vinegar
¼ cup olive oil

Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander; rinse with cold water and drain again. Chill.

Combine chilled macaroni, chicken, cauliflowerets, olives and chives; toss lightly but thoroughly. Cut hard-cooked eggs in half; remove yolks and mash. Cut whites into long strips and add to salad mixture.

Combine mashed egg yolks, 1 teaspoon salt, mustard, onion salt, vinegar and olive oil; mix until well blended.

Just before serving, pour salad dressing over salad mixture and toss lightly but thoroughly. Makes six servings.

Tasty Fruit Compote

Pitted, halved fresh sweet cherries may be added to grapefruit sections (fresh or canned) to make a delightful fruit compote. The sweetness of the cherries contrasts well with the refreshing tart quality of the grapefruit. Serve the compote in crystal-clear sherbet glasses and top with sprigs of mint.

Browned Beef Puffs Are Crispy Delight

Crisply brown beef puffs are appetizing!

Scandinavian Beef Puffs

1 pound ground beef chuck
1 cup buttermilk
1¼ teaspoons salt
Pepper
1 teaspoon finely grated onion (pulp and juice)
¼ teaspoon Worcestershire sauce

Mix beef, buttermilk, salt, pepper to taste, onion and Worcestershire sauce together; beat until light and fluffy. Drop by heaping teaspoonfuls into deep, hot fat (300 degrees) and cook 2 to 2½ minutes. Drain on several thicknesses of paper toweling or on brown paper. Makes 24 small balls —4 to 6 servings.

PEPPER AND CHEESE SALAD—A creamy cheese mixture, sparkled with finely chopped chives, is a delicious filling for crisp green pepper rings. Pack the peppers tightly with a blend of cream cheese and mayonnaise, sparked with seasonings. Chill, then slice for an attractive hors d'oeuvre.

For Crispy, Tangy Delight Try Stuffed Pepper Salad

Crisp green peppers are always a delightful addition to the salad bowl. The tangy flavor and the bright color make them both decorative and flavorful.

Right now, when the peppers are piled high in the markets, it might be a good time to get reacquainted with this vegetable. It is a native of our hemisphere, but oddly enough, it became popular in Europe long before it was eaten in any sizeable quantities in this country.

Peppers have won increasing appreciation in this country in the last quarter of a century. In that period consumption per capita has just about doubled.

The pepper family is large and quite varied. Besides the sweet green peppers there are mild red ones and numerous pungent red peppers. The hotter varieties are mostly smaller than the sweet peppers and are considered more as spices than vegetables.

The spice black pepper, incidentally, has no connection with these green and red peppers. It comes from an entirely different plant family.

Cheese and green peppers make a delightful combination. A refreshing and low-caloried salad can be prepared by filling the pepper cups with a seasoned, cottage cheese mixture.

By packing the peppers tightly with a blend of cream cheese and mayonnaise, sparked with seasonings, and chilling until firm, an extremely attractive hors d'oeuvre can be made. To serve, slice the peppers across the top into thin circles.

Stuffed Green Pepper Salad

3 cups creamy cottage cheese
½ cup minced chives
¾ cup finely grated fresh carrots
1½ teaspoons salt
¼ teaspoon ground black pepper
3 large green peppers
2 heads French endive
Mayonnaise or French dressing
Radish roses for garnish

Combine smooth, creamy cottage cheese with chives, carrots, salt and black pepper. Cut tops off green peppers, scoop out seeds and fill with cottage cheese mixture. Wrap in foil or waxed paper. Chill overnight or until firm enough to slice. Cut into ½-inch slices. Serve on leaves of French endive with mayonnaise or French dressing. Garnish with radish roses. Yield: 6 servings.

Try Variation on Succotash

You'll welcome this hearty variation on succotash. Mushrooms and deviled ham, tomato sauce and bread crumbs go into it as well as lima beans and corn. Therefore, it is really a luncheon dish or a main dish for a light dinner.

Zesty Succotash

Two cups shelled fresh lima beans, or 12-ounce package quick-frozen limas, 2 cups cut fresh corn, or 10-ounce package quick-frozen corn, 8-ounce can tomato sauce, 2¼-ounce can deviled ham, 3 tablespoons minced onion, 1 teaspoon salt, ⅛ teaspoon marjoram, 3-ounce can sliced broiled mushrooms, 3 tablespoons dry bread crumbs, 1 tablespoon butter or margarine.

Cook fresh or frozen vegetables in small amount salted water until barely tender. Place drained vegetables in greased baking dish, 6x10-inches, mixing well. Blend tomato sauce and deviled ham together. Stir in minced onion, salt and marjoram. Stir sauce mixture into vegetables. Drain mushrooms, saving broth for future use in gravy or sauce, and arrange over the vegetables. Sprinkle lightly with the crumbs and dot with butter or margarine. Bake in moderate oven (350 degrees F.) until mixture is heated through and crumbs are lightly browned, about 15 minutes.

Let Refrigerator Cook for You

When the thermometer begins to soar, do your cooking with ice. Let frozen desserts shorten your kitchen hours and keep you and your house cool.

* * *

You can fix dainty, nutritious desserts in the morning while it's cool. Then, let the refrigerator take over until the family gathers.

The Mocha Cream Freeze has a pleasing coffee flavor, so very refreshing in warm weather. Eggs, evaporated milk and wheat germ combine with coffee to produce such a cool, smooth sweetness, everyone is sure to ask for "seconds." Vary the flavor by using maple syrup or mashed bananas. These "cooler-off-ers" will give a perfectly delicious finish to any meal.

Mocha Cream Freeze

2 teaspoons instant coffee
2 tablespoons boiling water
2 eggs, separated
⅓ cup sugar
¾ cup evaporated milk
3 tablespoons wheat germ

Dissolve coffee in boiling water. Cool. Beat egg yolks and sugar together until lemon-colored. Stir in evaporated milk. Cook over medium heat stirring constantly until mixture thickens (about 5 minutes). Cool; stir in flavoring. Fold in stiffly beaten egg whites; then wheat germ. Pour into refrigerator tray, sherbet glasses or small paper cups; freeze. Serves 4 - 6.

Flavor alternates: Substitute 3 tablespoons maple syrup or one large ripe mashed banana for instant coffee and boiling water in above recipe.

Lemon Glacier Is Sparkling Heat Chaser

A comfortable chair on a breeze cooled porch and a cooling drink in hand—what better way to while away a few hours on a hot summer afternoon?

One of the most refreshing and cooling drinks you can serve on a warm day is carbonated lemon soda. Almost everyone likes a good, tangy lemon flavored drink and you'll find that lemon soda will add zest to many of your favorite long cooler recipes, as well as making a delightful drink by itself.

Be sure the soda is well chilled for mixed drinks and use plenty of ice cubes when you serve it plain.

It makes a fine, quick ice cream soda with a ball of chocolate or vanilla ice cream added. And here's a truly delicious soda you might like to try out on your guests.

Lemon Glacier

1 pint lemon ice
6 tablespoons light cream
Few drops almond extract
1 28-oz. bottle lemon soda

Divide lemon ice, cream and almond extract between 4 tall glasses. Fill glasses with ice cold lemon soda. Stir gently to mix.

Beat an egg, a cup of milk and a couple of tablespoons of molasses together; serve to small fry for a mid-morning or mid-afternoon snack.

Ice Cream Pie Is Delicious

Imagine—a pie that's ice cream all the way through! It's done with flavored freezing mix — the brand that needs no stirring while freezing. To one-half the ice cream mixture you add cocoa. Spread in an 8-inch pie pan, it becomes the crust.

Maraschino cherries are folded into the remainder of the ice cream and it is spooned into the lined pie pan. Into the freezer it goes for an hour or two. Then, before it's served, you add a garnish of shaved chocolate. Try this quick, delicious hot weather pie tonight.

All Ice Cream Pie

1 cup milk
1 cup heavy cream
1 package vanilla freezing mix
2 tablespoons cocoa
¼ cup chopped maraschino cherries
Grated chocolate

Combine milk and cream; whip until a deep layer of foam forms. Takes 1 to 2 minutes. Add contents of package, whip one more minute to dissolve. To one-half of the mixture add cocoa. Fold in until well blended. Spread on bottom and sides of 8-inch pie pan. Fold maraschino cherries into remaining ice cream and spoon into lined pie pan. Freeze until firm but not too hard. Garnish with grated chocolate. Cut in pie shaped pieces.

Pecans on Sweet Spuds

If you like sweet potatoes, you'll love them this way. Cut canned sweet potatoes in strips and roll the pieces in finely chopped pecans. Spread them in a pan or baking dish, sprinkle with a little sugar, and dot with butter. Bake in a moderate oven until temptingly brown. A perfect accompaniment for cold sliced ham or other left-over meat.

Mix tuna fish, diced celery, crumbled crisply-cooked bacon and chopped apple together; moisten with mayonnaise and use as a sandwich filling.

Cheese Fondue Features Bacon

One exciting way to feature bacon is in a hot dish such as cheese fondue. And don't shy away from cheese dish recipes, because they actually don't require any more preparation time than most casserole main dishes.

Here is an easy-to-follow recipe for bacon and cheese fondue that will be perfect for the family lunch or a weekend supper. Serve with crisply cooked slices of bacon also.

Bacon-Cheese Fondue

1 pound sliced bacon
1 cup scalded milk
1 cup soft bread crumbs
¼ teaspoon salt
4 eggs, separated
1 cup cheese food, cubed
2 teaspoons prepared mustard

Pan-fry 9 slices bacon until crisp Drain well on absorbent paper. Add 1 teaspoon bacon fat to milk, then pour over bread crumbs. Add salt and crumbled bacon. Add egg yolks, cheese and mustard. Stir thoroughly. Beat egg whites until stiff. Cut and fold in stiffly beaten egg whites. Pour into a 1 quart casserole. Bake, uncovered in a slow over (325 degrees) for 45 to 50 minutes. Pan-fry remaining bacon and serve with fondue.

Try Some Honey in Lemonade

Ever since the first cup of lemonade was concocted and downed, it has zoomed to the fore as the star thirst-quencher for a torrid summer climate. That tart, cool lemon beverage is simply unbeatable as a refreshing drink.

* * *

Every homemaker must know a dozen ways to make lemonade. Here is a new and quick method, requiring only that you know how to mix up a batch of Soft Drink Powder (and what mother doesn't!) and haven't misplaced your honey jar.

This is one method of making lemonade that doesn't require much storage space to keep it always on hand.

The ingredients do not take a lot of extra room in valuable freezing compartments. Both Soft Drink Powder and honey keep indefinitely right on your cupboard shelf.

The honey will add flavor to the lemonade, but even more, it will add that bit of extra quick energy which gives a real pick-up during hot weather. You can thank its simple sugars with their quick digestibility for that!

Here's the recipe; you'll have it memorized after you read it once.

Honey Lemonade

1 package lemon soft drink powder
½ cup honey
½ cup sugar
2 quarts hot water
1 stick cinnamon
6 cloves

Dissolve soft drink powder, honey and sugar in hot water. Add spices. Cover and let stand 5 minutes. Remove spices and serve at once. Or chill and serve with crushed ice. Makes about 2 quarts crushed ice. Makes about 2 quarts,

Ice Cream, Cranberry Juice — Teener's Delight

Give the teen-agers some ice cream, cranberry juice and straws. Let them mix their own.

For each serving, allow 1 heaping tablespoon vanilla ice cream and ¾ cup cranberry juice cocktail. Beat with an egg beater, or in a mixer, until light and frothy. Serve at once.

Make Fruited Sauce

To make 2 cups of an elegant and versatile fruited sauce combine 1 cup maple-blended syrup with 1¼ cups fresh or frozen or canned sour red cherries (drained and pitted). Bring to boil and simmer 2 minutes. Serve warm on waffles—it's out of this world. Chilled—it's a tangy topper for vanilla ice cream.

HONEY LEMONADE — There may be nothing new under the sun, but there is a different way to make lemonade. With a package of Soft Drink Powder and half a cup of honey you can make a spicy drink that's good hot or cold.

Canned Pears Appealing to Convalescent Appetites

Canned Bartlett pears, the most versatile of fruits, play an important role in the diet of a convalescent. If food for the sick seems very remote to you as homemakers, the time may yet come when you are suddenly faced with this problem.

* * *

Grandfather, Junior or some other member of the family may unexpectedly require hospitalization. Naturally his thoughts will focus longingly on the day when he returns to the family fold. Mingled with these dreams will be the memory of Mom's good cooking and for awhile, mealtime may be the center of his interest.

There are lots of things a convalescent can't do, but eating is usually one of the pleasures left him and, therefore, mealtimes suddenly assume new importance.

If his diet is modified, or a special one, you may receive help from the hospital in planning and preparing his meals when he does come home. Even if he can eat normally, his appetite will probably lag, and you may be hard-put for ways to tempt it. The meals must be nourishing, but they must be appealing too. The most wholesome food serves no purpose if left on the plate.

PEARS ARE IDEAL

Canned Bartlett pears are ideal to serve on restricted menus. They are low in cellulose residue, low in sodium, and rich in fructose (levulose), a simple sugar which is quickly absorbed into the blood stream and converted to energy.

* * *

Pears in the fresh state are relatively low in calories and when canned in a light syrup, may be used on diets where caloric restrictions are not too rigid. If calories are no problem, canned pears are a valuable addition because of their versatility.

American homemakers are pretty well convinced that eye appeal is worth striving for in every meal that's served. he delicate flavor, creamy texture and color of canned pears increase the eye appeal and, therefore, the appetite appeal for the well members of the family and convalescents, too.

They combine well with cottage cheese, creamed puddings, ice cream, fish, meats, and almost any fruit or vegetable one might name. Delicious and quickly digested, canned pears deserve a place in any diet whether normal or modified because of illness.

* * *

Here are two recipes that could equally well be served to convalescing patients in a hospital or in a comfortable room at home.

Pearadise Mirror Salad

4 canned Bartlett pear halves
1 package lime-flavored gelatin
1¾ cups boiling water
1 teaspoon lemon juice
4 maraschino cherries

Dissolve lime gelatin in boiling water. Add lemon juice and chill until partially set. Drain canned pears and place, cut side up. Fill center cavity with maraschino cherry. Chill until firm. Serve on crisp lettuce or other salad greens, if allowed. Yield — four servings.

* * *

Pearadise Island

4 canned Bartlett pear halves
1 package vanilla pudding mix
2 cups milk
1 egg, separated
2 tablespoons sugar

Combine pudding mix with milk in saucepan. Place over medium heat and cook until thick and smooth. Add beaten egg yolk and cook three minutes longer. Place in four dessert dishes. Drain pears and place one half, cut side up, on each pudding.

Beat egg white until peaks form. Add sugar gradually and continue beating until stiff. Place heaping teaspoon on each pear half. Place under broiler to brown slightly. Yield — four servings.

All Guests Like Ragout Tiffany

Summer is the time when out-of-town relatives are apt to write that they'll be passing through your town, en route to Canada, and will have time only for a short visit with you.

Naturally, you'd like to put your best foot forward and wonder what to serve for that very special dinner they'll have at your house. What you really want is something different, yet not so foreign to the palate that your company won't enjoy it.

For just such an occasion, the Gas Appliance Manufacturers Assn's. home economists have created Ragout Tiffany, which admittedly takes extra time and pains to prepare but is well worth it.

It's a top-of-the-gas-range recipe which can be simmered on the "potwatcher," if you have one of the new gas ranges featuring this wonder-worker, but it will turn out just as well if you haven't.

Ragout Tiffany

3 lbs. boneless chuck cut into 1½-inch cubes
5 medium size onions, sliced
2 large cloves garlic
3 tablespoons vegetable fat
1 small can tomatoes
6 carrots
6 stalks of celery
1 teaspoon caraway seed
1 teaspoon paprika
1 teaspoon prepared mustard
2 tablespoons liquid from jar of dill pickles
Salt and pepper to taste
1 8-oz. can of each of the following: Whole stewed onions; wax beans; green lima beans; vacuum packed corn kernels
2 8-oz. cans of peas

In Dutch oven, saute onions and garlic slivers in fat until golden brown, then add meat. Sear on all sides, sprinkle with paprika, and let stew about 15 minutes. Meanwhile, cut scraped carrots into ½-inch rounds and celery into 1-inch lengths, using leaves, then add to meat. Next, add mustard, dill pickle liquid, salt and pepper. Cook for about an hour over slow flame, then add liquid only from all the canned vegetables, and turn gas up to allow mixture to come to a boil. Stir gently, then reduce flame to moderate again and let cook until meat is tender—approximately 80 minutes. Complete cooking time about three hours. Add drained canned vegetables 10 minutes before serving. Yield: Eight generous portions, with a rich brown gravy. Excellent with dumplings prepared with a ready-mix biscuit flour which has recipe right on the box, or with fluffy mashed potatoes. Serves eight.

A half cup of cooked green peas leftover? Add them to a tuna salad.

Incidental Intelligence About Congress History

From the Congressional Quarterly

Q—What do Congressmen think the major issues will be in the 1956 campaign?

A—The overwhelming majority of Congressmen who answered a Congressional Quarterly poll said pocketbook issues would dominate the 1956 election. Sixty-nine per cent of the 286 Senators and Representatives who responded ranked taxes and government economy number one among 50 potential campaign issues. Tied for second place were farm price supports and prosperity and employment.

Q—How much money did Congress provide for fiscal 1956?

A—A Congressional Quarterly tabulation showed that during the session adjourned Aug. 3 Congress appropriated $52,199,015,915 for fiscal 1956. Lawmakers also voted $925,805,300 in supplemental funds to pay unforeseen federal bills for fiscal 1955, which ended last June 30. The President had asked for $54,219,606,036 for fiscal 1956, $981,176,193 in fiscal 1955 supplemental funds.

Q—How much of Uncle Sam's fiscal 1956 money will be spent for defense purposes?

A—The Defense Department alone got more money than all other federal agencies put together—$33,076,785,026 out of total fiscal 1956 appropriations of $52,199,015,915. A Congressional Quarterly tabulation showed that the Department also won authority to use another $740 million in left-over funds for military construction. Additional funds for the Atomic Energy Commission and the foreign aid program brought the nation's defense bill to $36,614,253,776.

Q—How many women have serve in the Cabinet?

A—Two. The first was Frances Perkins, who served from 1933 to 1945 as President Franklin D. Roosevelt's Secretary of Labor. The second was Mrs. Oveta Culp Hobby, who resigned Aug. 1 after serving for almost 28 months as President Eisenhower's Secretary of Health, Education, and Welfare. Mrs. Hobby, an "Eisenhower Democrat" from Texas, was the first HEW Secretary. She was replaced by Marion B. Folsom, a New York Republican who had been serving as Under Secretary of Treasury.

Q—Has anybody figured up how long Congress met in 1955?

A—Yes, the Congressional Record releases such a computation. In 1955, the Record said the Senate met on 105 days for 559 hours, 41 minutes. The House met on 112 days for 471 hours, 19 minutes. Senatorial proceedings filled 6,251 pages of the Record in 1955, House activities 5,079 pages—not counting additional material placed in the Record's appendix, still to be finished.

Do You Like Jams? Try Pineapple-Rhubarb

If you take pride in making jams and spreads, consider a batch of Pineapple-Rhubarb Marmalade:

Combine 3 cups of diced rhubarb with 1 cup well-drained crushed pineapple and 3 cups sugar. Cook, stirring occasionally, until thick and clear. Pour into hot sterilized jars and seal at once.

Mixture for Onions

Frying onion rings to go with that charcoal-broiled steak? Peel large Spanish onions and slice them about a quarter inch thick. Separate the rings and dip them into milk, then into flour seasoned with salt before frying until golden brown. The rings will need to be fried from five to seven minutes at 365 degrees.

See Sharp Drop in American Deficit

WASHINGTON (AP)—The government will announce tomorrow a revised budgetary estimate which some officials predicted would show a sharp drop in the $2,240,000,000 deficit forecast earlier this year.

These officials said they expect the new figure on red-ink spending during the current fiscal year to drop to or below two billion dollars. They said it is possible that Secretary of the Treasury Humphrey may suggest the deficit could be eliminated entirely before the fiscal year ends next June 30.

Try Italian Sandwich

The Italians make a rich and flavorful sandwich by slicing green pepper into rings one-inch thick, and frying them in hot, garlic flavored olive oil. The peppers are piled high on small loaves of Italian bread, sliced the long way. Add a few anchovies, if you like.

Many times just a light, refreshing dessert is the kind that's wanted. Then is the time orange buttermilk sherbet best fits into the menu.

Everyone admires CLOROX-clean clothes ...they're really cleaner!
CLOROX makes linens more than white... it makes them sanitary, too!
There's plenty of reason for pride when cottons and linens are Clorox-clean. For Clorox removes dinginess, stains...even scorch, mildew. And Clorox deodorizes, eliminates musty odor. Most important of all, Clorox protects family health. No other home laundering product equals Clorox in germ-killing efficiency!
Clorox is safe for your finest white and color-fast cottons and linens because it is extra gentle, free from caustic... made by a patented formula exclusive with Clorox. And there are no gritty particles in Clorox, a liquid, to damage your wash, washer or dryer.
Don't let dulling film spoil your kitchen's beauty!
It's so easy to brighten kitchen surfaces with Clorox during routine cleaning because Clorox removes dingy film and unsightly stains... makes your kitchen gleam. Clorox also deodorizes and disinfects... all without scrubbing. Hundreds of public health departments recommend the Clorox type of disinfection. See label for directions.
You get all these benefits in a Clorox-clean wash!
1. Snowy-white linens... Clorox removes gray and yellow dinginess.
2. Bright fast colors... Clorox removes dulling film.
3. Lovely-looking linens... Clorox removes ugly stains, even scorch and mildew.
4. Fresh, clean-smelling linens... Clorox deodorizes.
5. Sanitary linens... Clorox is the most efficient germ-killer of its kind.
When it's CLOROX-clean... it's SAFER for family health!

Tasty Kooler Easy to Make

Did you know that one of the tricks of keeping a cold beverage colder longer is first to chill the glass in the refrigerator?

An ideal way for "you" and your youngsters to keep cool is to enjoy one of these chilled glasses brimming with refreshing beverage.

Like this Orange Clove Kooler for example, which is so tasty and yet so easy to prepare, using a soft drink powder which costs only five cents for a package which makes two full quarts.

Pop the glass into the refrigerator while you chill the punch. Then when both glasses and punch have reached an icy coolness, they will be ready for each other which affords you time to round up your "young Indians."

They'll love any one of the 8 flavors this beverage comes in: grape, orange, cherry, lemon-lime, root-beer, strawberry, raspberry and lemon. Bet they'll help you beat the heat.

Orange Clove Kooler

4 cups cold water
6 whole cloves
1 package orange soft drink powder
¾ cup sugar

Measure 1 cup of the water into a saucepan and bring to a boil. Add cloves and simmer 2 minutes. Cool. Remove cloves. Combine clove water with remaining 3 cups cold water. Add soft drink powder and sugar; stir until dissolved. Chill. Makes 1 quart beverage.

Eggplant Sandwich Good With Cheese

Cheese provides an interesting filling for these fried eggplant "sandwiches."

Luncheon Eggplant

1 small eggplant
¼ pound cheddar cheese (sliced thin)
1 egg (well beaten)
1½ cups crushed ready-to-eat wheat cereal
Wheat cereal
Butter or margarine

Slice eggplant ¼-inch thick; it is not necessary to peel it. Sandwich 2 slices of eggplant and 1 slice of cheese (cut to fit) together. Add a good dash of salt to egg. Dip eggplant and cheese sandwiches into egg, then into crushed cereal. Brown slowly in hot butter. Serve at once.

MIX-YOUR-OWN SALAD — This salad is practically a meal in itself. Strips of luncheon meat and cheese, hard-cooked eggs, greens, carrots and radishes, green pepper and onion rings and tomato slices provide enough variety for anyone to make his own choice.

Try Mix-Your-Own Salad for Cool and Easy Supper

If cooking during warm weather makes you "wilt on the vine," try this: Serve a Mix-Your-Own Salad accompanied by crisp rye wafers and keep cool as the proverbial cucumber.

On a large tray arrange chilled fresh vegetables, strips of cold meat and cheese, quartered hard-cooked eggs and the crisp rye wafers.

Carry the tray to the coolest spot you can find—porch, backyard, breezeway. Then let the family gather round and help themselves. Dessert and beverage are all that are needed to complete the meal.

This Mix-Your-Own Salad is one that you will make again and again. There is no limit to the combinations of foods you can use.

Just be sure to serve crisp rye wafers each time—they're the perfect "bread" for warm-weather meals.

MIDSUMMER SUPPER
Chilled Cream of Potato Soup
Mix-Your-Own Salad
French Dressing
Crisp Rye Wafers Butter
Melon Wedges
Coffee—Iced or Hot

Try Top-of-Range Chilled Rice Pudding

Here's a top-of-the-range rice pudding.

Chilled Rice Pudding

⅔ cup packaged pre-cooked rice
2 cups milk
⅓ cup sugar
⅛ teaspoon salt
⅛ teaspoon nutmeg
½ cup cream (whipped)
6 fresh or canned peach halves
½ cup currant jelly (melted)

Mix rice and milk in a saucepan. Bring to a boil; cover loosely and continue boiling gently for 15 minutes; fluff rice occasionally with fork. Remove from heat. Stir in sugar, salt and nutmeg. Cool 5 minutes; chill about 1 hour. Just before serving, fold in whipped cream. Spoon rice mixture into serving dishes; top with peach halves (cut side up); pour melted jelly over peaches. Makes 6 servings.

Everyone Reaches for Pieplate Potatoes

All hands will go for potatoes prepared this way!

Pieplate Potatoes

4 large potatoes (about 1¼ pounds)
1 teaspoon salt
Pepper
¾ cup coarsely grated cheddar cheese (packed down well)
3 tablespoons butter or margarine
⅓ cup light cream
1 tablespoon minced onion

Peel potatoes; cut into crosswise slices ¼-inch thick; cut slices into ¼-inch strips. Arrange potato strips in heat-resistant glass deep pieplate (9½ by 1½ inches; Sprinkle with salt, pepper and grated cheddar cheese. Dot with tiny bits of butter; pour cream over, sprinkle with onion. Cover pieplate tightly with double thickness of regular-weight aluminum foil; or use one thickness of freezer-weight aluminum foil. Bake in hot (425 degrees) oven about 50 minutes or until potatoes are tender when tested with a fork. Potatoes will absorb sauce. Makes 6 servings.

A melon half, filled with cottage cheese or a variety of fresh fruits, makes a most captivating salad.

Just Try This Simple Meat-Vegetable Dish

You'll love this easy barbecued meat-vegetable dish ... budget-worthy, too.

Brown luncheon meat (a 12 ounce can, cut into four slices) and a small onion, chopped, in butter or margarine. Mix a third cup catsup, a tablespoon Worcestershire sauce, a half teaspoon of dry mustard and a bit of salt and pepper. Pour over meat and cook a few minutes. Add a can of cream style corn, cover, and simmer about 10 minutes.

WHITER ... EASIER WITH BEST BLEACH

Double-action Roman Cleanser Bleach whitens clothes snowy-white, removes many stains, and disinfects all at the same time. These extra benefits save work and save wear of hard rubbing. Use Roman Cleanser Bleach; see the amazing difference.

BEAUTIFUL PAPER NAPKINS WITH "WET STRENGTH"

A paper napkin without "wet strength" breaks when dipped in water—apple falls through

But a Scotkin with "wet strength" holds apple—dip after dip

SCOTKINS* are a new kind of paper napkins with an amazing strength! They don't go to pieces even when wet with coffee, tea, or any liquid. "Wet strength"! Scotkins will last you through a whole meal, even if you eat fried chicken with your fingers.

Scotkins dress-up your table, too. They look and feel like gleaming linen. They're 2-ply, soft and smooth! Scotkins are another great Scott value.

Scotkins have the gleam and design of fine linen!

*This napkin, which is an original development in paper napkins, is the subject of a pending patent application. "Scotkins" Reg. U. S. Pat. Off.

Flower Show Sponsors Await Saturday Opening

Pontiac Press Photos

House plants have their place at the Inter-Garden Clubs Flower Show. Shown with early entries of plants are Mrs. Crystal Stamp of Clive street, Mrs. Raymond Dombrowski of Garland avenue and Mrs. Rose Thomas of Orchard Lake road (left to right). The show is being held Saturday and Sunday in the CAI Building on Williams Lake road and is being presented by the Better Home and Garden Club, Dirt Gardeners of Pontiac, Sylvan Garden Club and the Waterford Branch of the Women's National Farm and Garden Association.

There are eleven classes for artistic flower arrangements. Viewing some of the entries are (left to right) Mrs. Fred Bohlman of South Anderson street, president of Better Home and Garden Club and publicity chairman for the show; Mrs. Leon Zielinski of Garland avenue, cochairman of the show, and Mrs. Leroy Small of Milford, who will handle ticket sales.

Bloomfield Rite Read for Couple

Beverly Warwick, O. Eugene Weaver Repeat Vows

Kirk in the Hills was the setting Sunday afternoon for the marriage of Beverly Ivy Warwick and O. Eugene Weaver.

* * *

The couple was married before an altar banked with an arrangement of white chrysanthemums, gladioli and stock. The Rev. Harold Fred Selle officiated at the afternoon ceremony.

The bride is the daughter of Mr. and Mrs. Samuel G. Warwick of Island court, and he is the son of Mr. and Mrs. Orville Weaver of Ann Arbor.

The bride wore a chapel-length grown of Italian bombazine silk. The fabric was accented by the gown's simple lines. A family heirloom pearl necklace set off the curved neckline.

Her fingertip veil of illusion was fastened to a small cap of matching silk. She carried a bouquet of stephanotis.

WEAR BLUE GOWNS

Mrs. Robert Messor of Ann Arbor was matron of honor assisted by Mrs. Chambers Kelly of Detroit. They wore matching ballerina-length gowns of blue crystallette and veiled hats of the same material. Their bouquets were composed of white and blue daisies.

* * *

Robert Messor served as best man, and seating the guests were Samuel G. Warwick Jr., Charles Emery of Bedford, Ind., and Clarence Christianson of Dearborn.

A garden reception following the wedding was held at the home of the bride's parents. The bride's mother wore a dove gray gown of Alencon lace and a blue velvet hat.

Mrs. Weaver wore a gown of light blue tissue silk taffeta with navy blue accessories. Each mother wore a small corsage of white rosebuds.

When the newlyweds left for their honeymoon in northern Michigan, the bride changed to a soft pink and gray tweed suit with matching accessories. Her corsage was of pink Talisman rosebuds.

Upon their return the Weavers will reside in Ann Arbor, where the bridegroom is completing medical studies.

Shower Given for Bride-Elect Miss Slaybaugh

Shirley Slaybaugh was honored at a miscellaneous bridal shower given at the Neome drive home of Maryanne Grady Monday evening.

Shirley, daughter of the Frank Slaybaughs of Fourth avenue, is the bride-elect of John Sloan, son of Mr. and Mrs. William Sloan of Exmoor street. Their wedding date has been set for Oct. 8.

* * *

Guests were Janet Lawless, Mrs. Sloan, Mrs. Slaybaugh, Binnie Prizant, Mrs. Oscar Eckman, Shirley Albrecht, Mrs. J. L. Slaybaugh, Mrs. F. Howard Grady, Diane Miller, Marjorie Crook, Carol Buker of Franklin and Mrs. Thomas Houle Jr. of East Lansing.

Mrs. Donald Hoyt, Mrs. Arthur Arnold and Mrs. E. J. Lally Jr. are shown (left to right) with horticulture division entries, hardy amaryllis, a tuberous begonia, poke berry branches and a Burpee hybrid zinnia. Mrs. Hoyt is chairman of the tea committee for the Inter-Garden Clubs Flower Show. Mrs. Arnold is president of the Waterford club and Mrs. Lally is on the staging committee.

Newcomers Slate Week of Shows

A "Show Train" is a planned program of activities in New York City starting on Monday and ending on Friday.

* * *

Included in the events are two musical shows, a dramatic success, comedy, visit to Radio City Music Hall, the new "Oklahoma" film.

Tickets to many popular TV and radio programs, with a special briefing session at the United Nations and luncheon at Sardi's or the Hotel Sheraton Astor are also included in the weeks activities.

Seats to all shows are in the Orchestra except for one of the musical productions if mezzanine seats will afford a better view.

The stay in New York will be in a good hotel that is within walking distance to all theatres and shopping districts.

Members of Pontiac Newcomers club are making plans for a "Show Train" the week of October 23-29. Persons interested in joining them for this week of shows are asked to contact Mrs. William Merritt on Graves street or Mrs. Floyd Saunders on Dwight street.

JANICE CHAMBERLAIN

The Robert Chamberlains of Auburn avenue announce the engagement of their daughter, Janice, to Kenneth Nichols, son of Mr. and Mrs. Henry Nichols of Whittemore street. No date has been set for the wedding.

DESPINA V. MITCHELL

Mr. and Mrs. George Mitchell of Cass-Elizabeth Lake road are announcing the engagement of their daughter, Despina Virginia, to Thomas Nicholas. He is the son of Mr. and Mrs. Louis Nicholas of Cooley Lake road. A Nov. 13 wedding is being planned.

NADINE BRANTLEY

Mrs. Clayton Dollar of Chapel Hill, N.C., and Charles Brantley of Foster street announce the engagement of their daughter, Nadine Brantley, to Lenny Borrison, son of Mr. and Mrs. Charles Horvartos of Deland court. No date has been set for the wedding.

Mrs. C. A. Beemer of Steinbaugh street, a member of the Better Home and Garden Club and chairman of the junior gardeners division of the Inter-Garden Clubs Flower Show, is shown inspecting a squash arrangement entered by a young green-thumber.

Vacations End as Fall Approaches

When Joyce Steinback arrived at Willow Run Airport Wednesday she was met by her parents. Mr. and Mrs. Aynard Steinback of Elizabeth Lake road.

Joyce has been touring England, France, Austria, Italy, Switzerland, Denmark and Belgium since July 4.

The opening of the school year will find her teaching at the new Bloomfield Hills High School.

* * *

Mr. and Mrs. B. B. Kimball of Lahser road have returned to their home after vacationing at the home of Mrs. Kimball's niece and family, Mr. and Mrs. Edward Crowley in Cuernavaca, Mexico.

They also visited Mexico City and other points of interest.

* * *

Anna Mae Fox of Ellwood avenue will attend summer school of Catholic Action's 25th annual season at Hotel Morrison in Chicago Aug. 29 to Sept. 3. She is a student of Mercy School of Nursing of Detroit.

* * *

Mr. and Mrs. Charles D. Welden and daughter of Illinois avenue have returned to their home from a Georgian Bay cruise.

* * *

Mr. and Mrs. T. I. Zimmerman of Auburn Heights have just returned from Lawton, Okla., where they visited their son, Lt. C. V. Zimmerman and family.

While there, they celebrated the first birthday of their grandson, Michael.

* * *

Mr. and Mrs. Arnold P. Thingstad and sons have returned to their home on Roland avenue after vacationing in northern Michigan.

* * *

Morey L. Stein, son of Mr. and Mrs. Samuel Stein of Going street, has received his master's degree in education at Michigan State Normal College.

* * *

Visiting at the home of their sister, Mrs. Alfred Danton of Lincolnshire road, are Mr. and Mrs. Arthur J. Stapleton and daughter, Susan, of Sault Ste. Marie.

* * *

Recent guests at the home of Mr. and Mrs. Merlin J. Doran of Euclid avenue were Mrs. Dora Andary and children from Newberry, Mr. and Mrs. Paul Rothwell and Mr. and Mrs. Orville Doran of Sault Ste. Marie.

* * *

Mr. and Mrs. Lewis E. Courteau of Sashabaw road have had as their guests for several days Mr. and Mrs. L. Edward Courteau of Parker, Ind.

'Sabrina Fair' to Close Season at Will-O-Way

"Sabrina Fair" by Samuel Taylor will be Will-O-Way Playhouse's next and last presentation of the summer season. The play will open Tuesday for a three-week run, closing Sept. 18.

"Sabrina Fair" was first presented in New York in late 1953 and promptly established itself as one of the hits of the season. It starred Margaret Sullavan and Joseph Cotton.

The delightful comedy is a kind of modern fairy tale about a young chauffeur's daughter just home from a three-year stay in Paris, who wants to dispel a secret childhood romance with a young millionaire.

The Will-O-Way company will be headed by Maggie O'Hara and Michael Keith.

Also included in the cast will be Gerald Harrington, Burton Wright, Patricia VanDoninck, Robert Bryson, Bertha Forman, Susan Becker and Freddie Morris.

Shade Comeback

The trusty old window shade is making a comeback. Easy to care for and to use, it is now available in pastel colors and metallic weaves.

An extra inducement is the room darkening window shade, in two colors, pastel on one side, neutral on the other. These are treated with a special process to completely shut out the light,

Marriage Solemnized in Windsor

Cornelia Kolb and John Huschilt Jr. Exchange Vows

Cornelia E. Kolb and John Huschilt Jr. spoke their marriage vows Saturday morning in Assumption Church, Windsor, Ont.

* * *

She is the daughter of Mr. and Mrs. Charles Kolb of South Genesee avenue and he is the son of the John Huschilts of Hamilton, Ont.

For the 11 o'clock ceremony the bride wore a floor-length gown of lace and tulle over satin. The fitted lace bodice buttoned down the back with tiny covered buttons and the long sleeves came to points over her wrists. The tulle yoke and full skirt were appliqued with lace.

Her jewelry was the bridegroom's gift of a strand of pearls. A fingertip veil of tulle and lace

There are five pages in today's Women's Section

was fastened to her coronet of lace, embellished with sequins.

* * *

An arrangement of white roses and stephanotis was carried with the bride's satin-covered prayerbook.

BRIDAL ATTENDANTS

Mrs. Cory Sills of Detroit, cousin of the bride, was matron of honor. Another cousin, Phyllis West of Keego Harbor, was a bridesmaid.

* * *

They wore identical ballerina-length gowns of blue crystallette topped with matching jackets. The matron of honor wore a yellow horsehair and tulle hat and carried a nosegay of yellow baby chrysanthemums. Miss West wore a pink horsehair and tulle hat and carried a nosegay of pink carnations.

Nichlaus Huschilt of Hamilton served his brother as best man. Another brother, Jacob, served as groomsman.

Seating the guests were Paul Duffy and John Parente, also of Hamilton.

* * *

Following the ceremony a wedding breakfast was served at Hotel Embassy in Windsor. An evening reception was held at the home of the bride's parents.

LEAVE ON TRIP

When the couple left on their wedding trip the bride was wearing a black and white fleeced wool suit with black accessories.

* * *

They will honeymoon for two weeks on Walpole Island and in northern Canada before taking up residence in Windsor.

Auxiliary Members Attend Convention

Representatives of the Ladies Auxiliary of the Metropolitan Club Spirit Six recently attended the 37th annual national convention at Saginaw.

The local president, Mrs. Revel Baker, was elected to the office of national auditor.

Those attending besides Mrs. Baker were Mrs. Howard Fairman, past national president; Mrs. Ralph Dean, recording secretary, and Mrs. James De Florio, treasurer.

Joan Cooper Repeats Nuptial Vows

Joan Reynolds Cooper chose a gown of French-cut Chantilly lace for her marriage Wednesday to Ian Glenn Lamont at All Saints Episcopal Church.

* * *

The gown was fashioned with a pleated tulle neckline which was filled with illusion and trimmed with lace. The long sleeves came to points over her wrists and the bouffant skirt of lace fell over three layers of nylon tulle to floor length.

A medallion crown, trimmed with tiny pearls, held her fingertip veil of illusion and she carried a lace-covered prayerbook with an arrangement of stephanotis and ivy.

MRS. IAN GLENN LAMONT

The bride is the daughter of Dr. and Mrs. Robert J. Cooper of Chippewa road and Ian is the son of Mr. and Mrs. John Lamont of Nelson street.

* * *

Two hundred fifty guests witnessed the ceremony performed by the Rev. C. George Widdifield at 8 o'clock.

ATTENDS BRIDE

Carolyn Dalley attended the bride as maid of honor wearing a princess style ballerina length gown of petal pink silk shantung. The bodice was designed with V-neckline.

* * *

Wearing ice blue gowns of the same design were the bridesmaids, Donna Westerlund, Joan Baldwin and Joyce Jilbert, cousin of the bride from Royal Oak.

Each attendant carried a cascade bouquet of fuchsia glamellias, edged in silver and entwined with ivy.

Reginald Lamont served as his brother's best man, and seating the guests were Robert Cooper Jr., brother of the bride; Duane Bigsby, Kenneth Burt and Joseph Wagley Jr.

* * *

Mrs. Cooper greeted her guests at a reception held following the ceremony at Orchard Lake Country Club. She wore a gown of Alice blue lace over taffeta with matching accessories and a corsage of Amazon lilies.

GOWNED IN ROSE

Mrs. Lamont chose a dusty rose lace and crystalline gown with pink and white accessories and a corsage of Amazon lilies for her son's wedding.

* * *

When the newlyweds left on a wedding trip to Barstow, Calif., where the bridegroom is stationed at Camp Irwin, the new Mrs. Lamont was wearing a 2-piece dress of black and white dacron and patent accessories.

* * *

The bride and bridegroom attended University of Michigan where she was a member of Delta Delta Delta and he is affiliated with Alpha Tau Omega and Delta Sigma Delta.

Mr. and Mrs. Edward L. Wynne are announcing the engagement of their daughter, Beverly Claire, to Donald T. Eustice, son of Mr. and Mrs. Samuel Eustice of Monticello avenue. The couple is planning a spring wedding.

BEVERLY CLAIRE WYNNE

Attends Gathering of 5th District VFW

Mrs. Margaret Ballard, a member of Pontiac 1370 VFW Auxiliary, attended the 5th District rally of the organization held in Mount Clemens recently.

She was appointed district deputy chief of staff for the Department of Michigan.

There are 32 auxiliaries in this district.

Stockings can be prosaic or they can be fun. Depends on you. Try the tinted ones (pale tints this year) matched either to pastel shoes or dresses.

Jewelry Spotlight – Gold

Every sign on the horizon points to a tremendous jewelry season with the greatest accents on fine tailored gold jewelry.

* * *

There will be an overwhelming popular acceptance this season of the designed look in necklaces, longer hair styles will call for more important earrings, and the new shorter sleeves will require the wearing of more dramatic looking bracelets.

The long, slender look of today's clothes makes the wearing of big, bold pins (some in most unexpected places) a fascinating challenge —relieving the severity of the new line and giving an unusual look to the simplest of dresses.

Nothing is smarter with the dark fall colors than beautifully designed gold or antique silver jewelry—giving glamor and richness and providing the necessary relief and highlights against warm, dark fabrics.

The "coffee tones" of brown have their jewelry accompaniment in harmonizing colors and strikingly surfaced golden jewelry . . . so important as a complement to tweeds. Very dark faceted topaz, translucent tiger-eyes, paler carnelians—all provide a match for what will probably be the most important color of the year. .

Butterflies, tailored and bejeweled, have been captured in charming pin and earclip sets — a fashion trend enjoying popularity on both sides of the Atlantic, but crafted by Napier with a skill gained in 80 years of fashion leadership.

MARI ANN SEGEDI

Mr. and Mrs. Mathew Segedi of Glenwood avenue announce the engagement of their daughter, Mari Ann, to Jerry. D. Staley. He is the son of Mr. and Mrs. Edward Staley of Drayton Plains. No date has been set for the wedding.

Mrs. Radenbaugh Hostess to Circle

Lydia Circle of the CWF of the First Christian Church met at the home of Mrs. J. O. Radenbaugh of Elizabeth Lake road.

Devotions were given by Mrs. J. P. Morgan, using as her theme, "The Great Spirit."

Mrs. Lula Buckler, Mrs. Lester Stanley and Mrs. William Tompkins reported on the world convention held in Toronto Aug. 16-21.

Assisting Mrs. Radenbaugh were Mrs. Harry Stuart and Mrs. John Appleton.

New Salad Dressing Packed in Envelope

If you like to make your salad dressing fresh, try the new salad dressing mixes that come in envelopes. You can make your own cheese croutons, too, by using this easy recipe: cut slices of crusty French bread into ½-inch cubes.

Toss in a mixture of equal parts melted butter and grated Parmesan cheese and brown in the oven of your gas range at a moderate temperature.

Be Cautious When Reviving Old Romance

By ELIZABETH WOODWARD

"Dear Miss Woodward: Last year I went with a boy in my class. He went away this summer and I fell in love with another boy in my class. This boy thinks I still like the first boy because I talk about him to other kids. He usually hears about it from someone! He doesn't want to hurt me, so he is 'ditching' me, so I can have the first boy. How can I make him realize that I like him and not the first boy?"

Answer: Your heart has turned flip-flops this summer in the absence of your regular beau. But it didn't turn out to be much of a fling, after all, if the "summer replacement" kept his distance.

He is afraid you'll "ditch" him the minute your good old beau gets back home. He's afraid that rumors will start that he took you away behind his back. He doesn't want to get anything started that he'll have to wind up in a frenzy.

And his caution might be a good attitude for you to adopt. You won't have long to wait before your old beau gets back from vacation. Can't you wait that long to see how he seems to you? To see how you feel about each other? Most important, to see how he chases after you? Lots of things can have happened to him while he has been away—things that will make him want a new deal.

That would be a "go ahead" signal for the boy you've adored this summer. He would hear and see that there is nothing between you anymore. And if he wants to date you, he'll consider the coast clear.

You may want no part of him when your old beau gets back. And you may decide that you want him desperately. If that is the case, start a well-placed rumor that he is sure to hear. One that says you have a mind of your own, and that you don't like being so "ditched" without being consulted. One that suggests that he shouldn't take your emotions about people for granted, but should come straight to you to find out whom you like best.

"Dear Miss Woodward: One of the boys around here likes me very much and thinks that I like him, too—but I really don't. I've never done anything to encourage him except accept one date to a dance. I'm really crazy about another boy who won't ask me for a date because he thinks I like the first boy. How can I discourage the one and attract the second?"

Answer: Don't pay undue attention to the first boy. Let him go on liking you if he wants to, but be unavailable and busy when he's around. Devote yourself to being nice to the second boy. If you have to invite a boy somewhere, ask him. It won't take much encouragement to make it quite obvious that you do have a choice in the matter.

DELORES KIRK

Mr. and Mrs. Fred Kirk of Parke street are announcing the engagement of their granddaughter, Delores, to Merl Bowman, son of Mr. and Mrs. J. W. Bowman of South Jessie street. No date has been set for the wedding.

Rubber Tile Makes Ideal Room Flooring

Rubber tile makes an ideal flooring for the new baby's room. Resilient rubber is noise muffling as well as slip resistant.

It's easy to keep dust free and even light pastel colors are entirely practical because just a once over with a damp mop easily removes soil.

Because rubber is easy to cut, you can include special decorative designs in your do-it-yourself project for the flooring or a matching table top.

A dull sewing-machine needle can be sharpened by sewing across sandpaper.

Committees Are Named by Chapter

DAR Will Begin Season at Sept. 1 Luncheon

Mrs. Allan H. Monroe, regent of Gen. Richardson Chapter, DAR, has announced the committees for the coming year.

* * *

Serving with Mrs. Monroe on the administrative committee are Mrs. Lloyd G. Porter, Mrs. Lisle Echtinaw, Mrs. George B. Eldred, Mrs. Bradley D. Scott, Mrs. Maxwell Shadley and Mrs. William F. Kalwitz.

Program will be arranged by Mrs. Porter, chairman; Mrs. Harry D. Chapman, Mrs. Frank B. Gerls, Miss Adah Shelly, Mrs. Everett M. Peterson, Mrs. Harry Going and Mrs. Donald E. Adams.

Mrs. Echtinaw will serve as chairman of the social committee assisted by Mrs. Pingree Hazen, Mrs. Harry Windiate, Agnes Hilton, Mrs. Ray Kemp and Mrs. T. Edward Nelson.

Ways and means committee has E. Grace Clark as chairman, Mrs. Earl L. McHugh, Mrs. Edwin Tibbals, Mrs. Grant Beardslee, Mrs. Louis Londick, Mrs. A. L. Travis and Mrs. Fred G. Upthegrove.

* * *

Budget will be handled by Mrs. Echtinaw, Mrs. Kalwitz, Mrs. E. G. Clark, Mrs. Scott and Mrs. E. V. Howlett. Auditors are Mrs. Harry Pearce and Mrs. Windiate.

OTHERS SERVING

Mrs. W. F. Todd, Americanism; Mrs. Glenn Gillespie, American Indians, and Mrs. Grant Beardslee, American Red Cross, are other chairmen.

Approved schools committee lists Ora Hallenbeck as chairman, Jessie Brewer, Mrs. D. R. MacDonald, Mrs. Harry Austin, Mrs. Harry Yoh, Mrs. Ida McRoberts and Mrs. E. D. Benjamin.

Directing correct use of the Flag are Mrs. Homer Osmun, chairman; Mrs. Eldon Gardner, Mrs. W. E. C. Huthwaite, Mrs. Going and Mrs. Clifford Andrews.

Another committee is conservation, with Mrs. Chapman, chairman; Mrs. L. M. Pearl, Mrs. Edward Wallace, Frances Backenstose, Mrs. Alfred Smith, Mrs. Elmer Buddenbaum and Mrs. William L. Pelton.

Good Citizens Committee is headed by Mrs. Eldred, with Mrs. Frank Allen, Mrs. Shadley, Wilma Doebler, Mrs. Keith Deyo, Mrs. D. B. Hildebrandt and Mrs. Carleton Wright.

* * *

DAR magazine is under the direction of Jessie Brewer, chairman; Mrs. George Bowles, Mary Green, Mrs. Porter Francis, Mrs. Peter Davidson, Mrs. Charles N. Ball and Mrs. Robert Meilke.

ALSO NAMED

Mrs. E. G. Clark and Sarah Van Hoosen Jones are supervising magazine advertising and museum, respectively.

Genealogical records has Mrs. Scott, chairman; Mrs. Howlett, Alice Serrell, Miss Jones, Mrs. Going, Ella Smith and Blanche Avery.

* * *

Heading honor roll is Mrs. Gerls. Junior American Citizens are being directed by Mrs. Porter, chairman; Mrs. Pearce, Ora Hallenbeck, Mrs. Travis, Ida Shattuck, Mrs. Orrin Huntoon and Mrs. Elbert M. Wilmot.

National defense has Mrs. L. L. Dunlap as chairman, assisted by Mrs. Ivan Royal, Mrs. E. H. Whitfield, Myrtle Hudson, Mrs. M. J. Malarney, Mrs. Clayton Smith and Mrs. Austin.

Press relations are being conducted by Mrs. Clark, chairman; Mrs. Going, Mrs. Chapman and Miss Shelly.

Other committees are American music, Mrs. Rowley; radio and television, Mrs. Nelson; transportation, Mrs. Tibbals; Children of the American Revolution, Mrs. Everett M. Peterson, senior president; Mrs. Clark, Mrs. M. H. Luttrell, Mrs. Maxwell Doerr, Mrs. Shadley and Mrs. Velmar Lewis.

* * *

Completing the chairmen are Mrs. Fred S. Lee handling motion pictures and Alice Serrell, the student loan and scholarship.

The first meeting of the group will be a cooperative luncheon Sept. 1 at the home of Mrs. Eldred of Watkins Lake.

Before Taking Trip Heed Precautions

The wise traveler will take a few precautions before leaving home to insure a happy return.

For instance, it's smart to disconnect all electrical units, from lamps and radios to appliances, to prevent short circuits and fires. Matches should be stored in metal boxes and combustible materials like oil rags should be thrown out.

Make sure all water taps are turned off, and that sink stoppers aren't left in the drains to cause a flood in case of a leak.

Save Counter Space

A good thing to remember when installing kitchen equipment is to leave plenty of room next to appliances for counter work space.

Either side of the refrigerator, depending on which way the door opens; on both sides of the sink if possible, for stacking and washing dishes;

Home Type Girl Must Plan Work

By ANNE HEYWOOD

Barbara L. is a charming young mother with three nice youngsters. She has made a very happy marriage, but more than that, she is one of the few truly domestic women I know.

* * *

Barbara loves every bit of her housework, the children never get on her nerves, she is completely fulfilling herself and her talents and seems to have no discontent whatever.

Not every woman is like that and not every woman could be. But for the woman who is, Barbara has this helpful advice:

"If domesticity is what you want out of life, and you aren't engaged when you graduate, plan your job very carefully.

Be sure it's one that leads to domesticity and not one that hampers it. I know," she told me, "because I made the mistake at first and it was a long time before I realized it."

Barbara had always loved homemaking. All through school, most of her spare time was taken up with baby-sitting.

GRADUATION CAME

When graduation came and found her still not engaged, a job seemed inevitable. She hated the idea of office work, but naturally, you could not be a domestic servant when you had a good education, so Barbara got a job in an office.

It was a small office. She took care of the work of the two partners and covered the phones when they were out on calls.

"I hated the work itself," she told me, "but I liked the extras like decorating the office with curtains and plants and doing all kinds of chores for the two men —buying presents for their wives and things like that."

Well, the inevitable happened. Barbara's talent for mothering got out of hand, and she became a fussy "office wife."

She took care of her two bosses as if they were little children and devoted her life to them. She was well on her way to the dedicated spinsterhood that overtakes too many girls of her type.

"One day," Barbara told me, "I just suddenly came to my senses. I spent lunch hour at an employment agency and got a job as office worker at a good nursery school.

I loved it—the kids, the parents, the teachers. It was as if I had come back to life.

SOCIAL LIFE

Next thing you know, I was blossoming out and getting a social life of my own.

"Then I met Tom. We fell in love and now everything is wonderful. But it could never have happened, if I hadn't got out of the wrong and into the right job.

"If you're a 'mothering' type, you've got to get a job that involves working with children—and that is that!"

Lula Krueger to Become Bride

Mrs. Lena Green of Chandler avenue announces the engagement of her daughter, Lula Krueger, to Alfred R. Kruger. He is the son of Mr. and Mrs. August T. Kruger of Muskegon.

No date has been set for the wedding.

Wise Grandmother Furnishes Kid Room

It's a wise grandmother who equips a special room for the visits of youngsters. Some suggestions are: built-in sofa beds, a compact room heater for added comfort, closets with shelves for toys that are kept out of sight when children are not visiting, and an easily cleaned tile table which can double for adult use.

A vinegar-moistened cloth will help keep piano keys white.

Bouquets Prettier in Polished Vases

To do justice to a pretty bouquet, flower vases should be sparkling clean. Even though the water is changed daily, unsightly deposits may gather on the inside of the container.

Wash regularly with hot soapy water, using a bottle brush for the hard-to-reach places. Stains on tall, narrow glass vases can be removed by adding a few grains of uncooked rice to some soapsuds and shaking vigorously.

To make sweet milk into sour, in case your recipe calls for this, mix a tablespoon of vinegar to one cup of sweet milk.

Crumpled measuring tape can be given new life if it is pressed between sheets of waxed paper.

Beverly Leslie and Joseph Isabell were married Saturday. She is the daughter of the Emerson Leslies of South Francis street, and he is the son of Mrs. Chester Beauregard of Auburn Heights and Joseph Isabell of Dearborn.

MR. and MRS. JOSEPH ISABELL JR.

Beverly J. Leslie Wears Nylon Tulle Bridal Gown

First Methodist Church was the scene of the Saturday evening wedding of Beverly J. Leslie and Joseph A. Isabell Jr.

* * *

The bride is the daughter of Mr. and Mrs. Emerson Leslie of South Francis street, and the bridegroom is the son of Mrs. Chester Beauregard of Auburn Heights and Joseph Isabell of Dearborn.

The bride's gown of nylon tulle featured a fitted bodice with a sweetheart neckline. Her sleeves of Chantilly lace ended in points at the wrists. The bouffant skirt of tulle flowed into a chapel train.

Panels of lace accented the skirt. Her fingertip veil was secured by a crown of seed pearls and sequins. She wore pearls, a gift of the bridegroom. Her bouquet was of white carnations with a white orchid in the center.

Sister of the bride, Mrs. Betty Emery, served as matron of honor. She wore a waltz-length gown of pink domestic lace and nylon net over taffeta with a lace jacket. She chose a picture hat to match her gown and carried pink carnations and deep pink rosebuds.

BLUE LACE GOWNS

Bridesmaids Marie Isabell and Lila Hicks wore gowns similar to the matron of honor's in blue domestic lace. Their bouquets were of yellow carnations and yellow rosebuds.

A floor-length dress of pink nylon over taffeta was worn by Wendy Sue Bordeau for her duties as flower girl. She carried a nosegay of pink carnations and pink rosebuds to match the dress of the matron of honor.

Michael Sutherland served as best man. Ushers were Walter Wright of Dearborn and Richard Irwin.

The mother of the bride received the guests at a reception held in the church parlors immediately following the ceremony in a slate blue silk taffeta dress with pink accessories.

The mother of the bridegroom wore a navy blue tissue taffeta dress with white accessories. Pink rosebud corsages were worn by both mothers.

* * *

For their honeymoon trip to northern Michigan, the bride changed to a beige suit with brown accessories and wore the orchid from her bridal bouquet.

Bridal Couple to Make Home in Los Angeles

Geraldine Bennett became the bride of Dale Ditterline Sunday evening in a double-ring ceremony at the Fist Church of God. The Rev. H. Eugene Ramsey officiated at the service.

* * *

The bride is the daughter of Mr. and Mrs. Benjamin Bennett of North East boulevard, and he is the son of George R. Ditterline of Marion, Ill.

For her wedding, the bride wore a street-length dress of pale pink crystallette. Her hat was formed of tiny pink flowers with a shoulder-length veil.

Her corsage, which was worn at the waist, was of white lilies. Her only jewelry was a string of pearls, a gift from the bridegroom.

Mrs. Jack Ewer was her sister's only attendant. She wore an aqua silk shantung dress with a matching hat. Mrs. Ewer also sang the bridal recital. William Cosgrove of Marion, Ill., served as best man.

* * *

The newlyweds plan to leave soon for Los Angeles, Calif., where they will both continue their studies.

Three Fall Brides-Elect Honored

Three brides-elect planning September weddings were honored with showers this week.

* * *

Mrs. Manley Young and Mrs. Aaron Fox were cohostesses at a miscellaneous bridal shower honoring Sara Lee Passmore, daughter of Mr. and Mrs. Lyle F. Passmore of Middle Straits Lake.

Sara Lee will become the bride of A. Byron Barnes on Sept. 17 at All Saints Episcopal Church. He is the son of Mr. and Mrs. Arthur Barnes of Miami road.

The bride-elect will be attended by Jean Brown as maid of honor. Bridesmaids will be Delores Smith and Geraldine Barnes and flower girl will be Evalyn Richards.

* * *

Mrs. Passmore and Mrs. Barnes presided at the tea table in the Fox home. The table was covered with an Italian cutwork cloth and centered with pink sweetheart roses and matching candles.

Guests at the Tuesday shower were Mrs. Frank Gerls, Mrs. Fred Sytz, Mrs. Harold Slankster, Mrs. Albert Games, Mrs. Howard Upham, Mrs. Oscar Eckman and Mrs. P. B. Jones.

Others were Mrs. Horace Young, Mrs. Leonard Klausmeyer, Mrs. Howard Grady, Mrs. Wilma Dickinson, Mrs. Dorothy Holloway, Mrs. Ben Bowman, Mrs. Walter Willman, Mrs. Lynn Allen, Mrs. Oswald Burke, Mrs. Fred Pickering, Mrs. Peter Hoogerhyde, and Mrs. Melville Luttrell.

* * *

Still other guests were Mrs. John Meddaugh, Mrs. Ernest Mahar, Mrs. John Ross, Mrs. Frank Huellmantel, Mrs. Floyd Schoonover, Mrs. Robert Pack, Mrs. Ernest Fleming and Mrs. Leon Forsyth.

* * *

Completing the list were Miss Barnes, Mrs. Charles Manz, Mrs. John Marek, Mrs. George Hubbard, Mrs. O. H. Fargher and Ruth Williams of Swampscott, Mass.

ANN BROOKS FETED

Bride-elect Ann Louise Brooks was honored at a linen shower Tuesday evening. Mrs. M. A. Benson and her daughter, Elsie, were hostesses for the affair at their home on South Josephine avenue.

* * *

Ann Louise, daughter of Mrs. Edward A. Brooks, will exchange nuptial vows with John J. Fricke II, son of Mr. and Mrs. John J. Fricke of Benton Harbor, on Sept. 3 at All Saints Episcopal Church.

Guests were Mrs. Marshall Brooks, grandmother of the bride-elect; Mrs. E. A. Brooks, Mrs. Kenneth Brooks, Mrs. Roy Bromley and Mrs. David Rogers.

Also present were Mrs. Harry Miner, Mrs. Ezra Mason, Mrs. James Briney, Mrs. Ray Dobbins, Mrs. Mahlon A. Benson Jr., Mrs. John A. Benson, Mrs. Lyman W. Bittman and Mrs. Bertha Sanford.

* * *

Completing the guest list were Adah Shelly, Laura Cobb, Susan Tice, Mrs. Albert F. Bell, Mrs. Clifford H. Dixon, Mrs. Homer Harbage and Patricia Miner.

HONOR MISS RICKNER

Mrs. Mac Morrow and Patricia Zielinski were cohostesses at a miscellaneous shower honoring bride-elect Helen Rickner. The shower was held at the Zielinski home on North Ardmore avenue.

* * *

Miss Rickner, daughter of Mrs. Marti Rickner of Chippewa road and Frederick P. Hurtubise, son of Mrs. William Hurtubise of Kemp street, will exchange wedding vows at St. Benedict Church on Sept. 10.

The bride-elect chose this occasion to announce her bridal attendants. Mrs. Morrow of Toledo will be matron of honor; bridesmaids will be Miss Zielinski and Nathalie Daniels.

Frank Glowzinski will serve as best man, and seating the guests will be Louis Hurtubise, William Hurtubise Jr. and Bob Mountain.

Guests invited to the recent affair were Mrs. Rickner, Mrs. Hurtubise, Mrs. William Hurtubise Jr., Mrs. Floyd Zielinski, Mrs. Charles Wells, Mrs. Robert Zimmerman, Mrs. Harold Hemming, Mrs. Richard Garnett and Mrs. Chris Strebe.

Also invited were Mrs. William Curry, Mrs. Kenneth Donelson, Mrs. Pat Carry Elaine Tefend, Mary Walsh, Midge Hallett, Janet Lawless, Peg Lawless, Barbara Lawless, Lillian LeClair, Sally Passmore and Joan Ritter.

Completing the guest list were Jan Spanski, Dorothy Sutt, Lois Timney, Margaret Atkins, Nancy Clifton, Virginia Cattell, Joan Colebrook, Lois Dusten and Maryanne Grady.

Jack Felix Home From Western Trip

Jack Felix Jr. has returned to his home on Riker street after vacationing for two weeks in the West.

Among the places he visited were Texas, the Painted Desert in Arizona, Mountain Dell in Utah and canyons in Utah and Colorado.

To Save on Space

To have both space and TV, try housing your set in a doorless closet or built-in china cabinet or bookcase you don't need. (A drawstring curtain can cover it completely when not in use.)

Grouping it with another piece of furniture, as you group pictures, will also help the space problem.

Yanks Grab Lead Again as Chisox Split Twin

By THE ASSOCIATED PRESS

One thing was crystal clear today in the foggy American League pennant chase. If the Chicago White Sox could manhandle the pesky Baltimore Orioles like th other three flag contenders, they might be leading the loop by four or five games.

* * *

As it is, Chicago was knocked out of first place yesterday when they split a double-header with the Orioles for the second day in a row.

Back into the No. 1 spot went the New York Yankees after Yogi Berra and Mickey Mantle socked back-to-back homers in the ninth inning to defeat the Detroit Tigers 3-2.

* * *

Chicago bats rang for 20 hits in the opener as Baltimore was submerged 14-1, but the Orioles snapped back to grab the nightcap 2-1. The Cleveland Indians evened their two-game series with the Boston Red Sox, winning 2-0, while Kansas City swept its two-game set with Washington by winning 5-0.

* * *

In the National League, Brooklyn widened its first-place gap over the Milwaukee Braves to 12½ games in a home run display that sank the Chicago Cubs for the second straight day 9-5.

The New York Giants evened their two-game series by downing the St. Louis Cardinals 4-1, and the Pittsburgh Pirates made it two straight over the Cincinnati Redlegs 4-2.

Milwaukee and Philadelphia were idle.

True, the four-game split with Baltimore left Chicago only half a game out of first place, but those are contests gone into the record book. Had the White Sox swept the series, as Manager Marty Marion had hoped, Chicago would be ruling the roost today by 1½ games.

* * *

In 20 meetings with Baltimore the Yankees have won 18 games from the cellar-dwelling Birds.

On the other hand, Chicago has won only 10 of 18 games with Baltimore. Cleveland, in third place a game behind the Yankees, has done almost as well, winning 15 of 18 from the Orioles. The fourth-behind New York, are 11-5 with place Boston Red Sox, 4½ games Baltimore.

* * *

In the opener yesterday, Southpaw Billy Pierce coasted in, copping his fourth in a row and 11th of the year. Dave Philley's eighth homer was the one Baltimore tally. But Bill Wight scattered nine Chicago hits in the nightcap, and Chicago's sole run came on Sherm Lollar's homer in the ninth, his 15th.

* * *

Al Smith slapped his 18th homer in the first inning to get Cleveland away fast against Boston and Frank Sullivan, Bob Avila led off the sixth with his 10th home run. Mike Garcia held Boston to seven hits, blanking Ted Williams.

Arnold Portocarrero engineered the Kansas City whitewash of Washington, a neat three-hitter. Hector Lopez had three singles and batted in three runs. Vic Power's 16th homer and the fourth for Joe Astroth accounted for the other runs.

* * *

Brooklyn round-trippers, two by Frank Kellert, and the 28th for Roy Campanella and No. 22 for Gil Hodges made it easy for Russ Meyer to defeat the Cubs.

New York got eight-hit twirling from Lefty Don Liddle, and Wayne Terwilliger and Ray Katt slammed successive homers in the second inning off Tom Poholsky. Alex Grammas' first homer of the season spoiled Liddle's chances for a shutout.

* * *

Dick Hall was the star for Pittsburgh as he tossed a six-hitter at Cincinnati and hit a home run, his first. Preston Ward's fifth homer in the sixth accounted for the other three Buc runs.

Drug, Lions Gain Wins in Waterford Playoffs

Loser's bracket games were set up for tonight in the Waterford Township Softball League playoffs after Wednesday victories by Drayton Drug and Waterford Lions.

Most of the action was reserved for the final inning as Drug shaded Dick & Wes Sports, 7-6, while Harlan (Fat) Keith tossed his 5th 1-hitter of the year as the Lions downed Sylvan Center, 6-1.

In tonight's games, with loser falling out in each case, Dick & Wes meets Gidley Electric at 7 p.m., with Richardson Dairy and Sylvan Center clashing at 8:30.

Dick & Wes and Drug entered the last inning tied 3-3. The Sports club came up with 3 unearned runs after 2 were out on an error, Gordon Nelson's triple and Don Herr's long home run.

Drug came right back with 4 runs to take the game. With 1 out, Gerald Geror tripled and Cecil Hanes singled him in. Jerry Hesse's double and Paul Atkins' single brought in another before Hesse stole home to tie it up.

Stu Hutchinson's hit was followed by a game winning single by Rick Jones.

In the nightcap, Keith fanned 5 and walked 2 in limiting Sylvan to a 4th inning single by Wayne O'Shaughnessy. Jim Long and Harold (Skin) Keith had 2 hits each for the Lions.

Dick & Wes	021 000 3	6	2
Drayton Drug	120 000 4	7	2

Janks and Cooper; Plesher, Goulet, Boe and Shell.

Sylvan Center	000 001 0	1	3
Waterford Lions	113 011 x	6	1

Conley and Young; Keith and Ruelle.

Pontiac Boy Out for Wheaton College 11

Kirk Hobolth, son of Mr. and Mrs. Harold Hobolth of 779 Mae Street in Pontiac, will be among 60 football candidates at Wheaton College when pre-season drills get under way Sept. 5 at Camp Lake, Wisconsin.

Hobolth, who won a letter at the Illinois school last year, is a quarterback.

LeRoi Smith of Cassopolis and Lee Smeltzer of Flint are other Michigan gridders listed on Wheaton's 1955 roster.

HONEST—George Hilderbrandt, 14, holds up a 39-pound catfish he and his 11-year-old brother, Gary, pulled from the Missouri River hard by their home at Leavenworth, Kans. The youngsters used a throw line and a hook baited with a grasshopper.

U.S. Victory Is Seen

FOREST HILLS, N.Y. (AP)—Take it from two former amateur tennis kings with the big game: the United States will retain the Davis Cup against the challenge of Australia starting tomorrow, perhaps by a margin as big as 5-0.

That was the prediction today of Don Budge and Jack Kramer as the draw was made for the two opening singles matches tomorrow on the famed Stadium Court.

* * *

Secretary of State Dulles will draw the names of the opposing players out of the huge coveted cup.

Budge and Kramer, now professionals but themselves onetime defenders of the international trophy, made their predictions after numerous workouts with Tony Trabert and Vic Seixas, the pair who brought the cup back to the United States last December after a four-year sojourn in Australia.

* * *

"The U.S. will win because Tony and Vic have been working out against players with powerful serves and the big game such as Don and I have," said Kramer. "By contrast the Australians' practices in tices have been with team substitutes. They would have been much better off if they had obtained the aid of such Australian stars as Frank Sedgman and Dinny Pails."

Kramer said he looked for the Americans to win by at least 4-1, "perhaps by as much as 5-0."

Budge declined to predict the margin of victory but said he was confident the Americans would win the doubles—considered the key point in the five-match competition.

Bill Talbert, nonplaying captain of the U.S. team, was expected to go all the way with the 31-year-old Seixas and the 25-year-old Trabert.

Talbert was toying with the idea of naming 22-year-old Hamilton Richardson for one of the singles berths until yesterday. Then in a "produce or else" match, Seixas whipped the former intercollegiate champion from Baton Rouge, La., 6-3, 3-6, 6-3. That settled it for the captain.

* * *

Meantime, the Aussies captain, Harry Hopman, refused to come right out and announce his lineup but indicated it would be Lew Hoad and Ken Rosewall, a pair of veterans at 20, in the singles and the unbeaten combination of Hoad and the flashy Rex Hartwig in the doubles.

The doubles match Saturday is scheduled to start at 1:30 p.m. EST. The entire 3-day series will be telecast in color over a (NBC) nation-wide network.

Doctor Says Layne Will Be OK for League Tilts

MOBILE, Ala. (AP)—The Detroit Lions have been all but assured that Bobby Layne, their ailing No. 1 quarterback, will be able to resume his passing and signal calling duties in time for the regular NFL season.

Almost as important, the Lions now can rest assured they have picked up a capable understudy for Layne to replace Tom Dublinski, who skipped off to the Canadian League after the 1954 season.

Layne's new stand-in is a six-foot, 180-pound Alabama boy who has been itching to show his bosses that he's still the passing whiz who won All-America honors at the University of Alabama in 1946.

Harry Gilmer, a former defensive halfback with the Washington Redskins, was the key man in the Lions' 17-14 victory over Washington in an exhibition game at Mobile, Ala.

His performance brought smiles of relief to coach Buddy Parker, who three days ago feared Layne would be forced to give up professional football and there would be no one to replace him.

Layne, who flew to Michigan Tuesday, learned yesterday that a week of treatment at University of Michigan hospital in Ann Arbor should fix an old shoulder injury in time for the regular season.

Dr. Carl Badgley, nationally known orthopedic surgeon said Layne had a "slight case of bursitis" and prescribed intensive physical therapy and shots.

This treatment, he said, would keep Layne from taking part in the Lions' exhibition schedule, but he should be ready for the Lions opening league game Sept. 25 with the Green Bay Packers.

Little Leaguers in Semi-Finals

Southern Team, Trio From Northeast Bid for Windup

WILLIAMSPORT, Pa. (AP) — A southern team and three from the Northeast compete today for the right to enter the Little League World Series finals.

In the first of this afternoon's games, Morrisville, Pa. takes on Winchester, Mass. They will be followed on original Little League field by Auburn, Ala., and Delaware Township, N.J.

The New Jersey team bounced Alexandria, La., out of the tourney yesterday 4-2 behind pitcher Herb Harrison who struck out 11 while allowing only 4 hits, 2 of them home runs.

Pitcher Arnold Umbach of Auburn allowed only two hits as his team ousted San Diego, Calif., yesterday 4-1. Umbach struck out 15.

Skipper Grid Squad to Get Gear Friday

Coach Freeman Calls First Waterford Drill for Monday

Football season begins at Waterford High School Friday with the issuing of equipment to the expected tournout of some 85 candidates for the 1955 Skipper 11.

* * *

The season opens Sept. 16 with West Bloomfield at Waterford, followed by the 2nd annual Waterford-Pontiac clash at Wisner Stadium.

* * *

Head coach Dave Freeman and his aides, line coach Don Beedle and assistant coach Al Cuthtrell, look for 15 letter winners among the prospects.

* * *

Pads will be passed out Friday and Saturday from 9:30 to 11:30 a.m. and 1 to 3 p.m. Practice begins Monday with two-a-day sessions planned until school starts.

The Skipper schedule:

Sept. 16—WEST BLOOMFIELD
Sept. 23—Pontiac at Wisner
Sept. 30—WALLED LAKE
Oct. 7—at Van Dyke
Oct. 14—at Farmington
Oct. 21—BERKLEY
Oct. 28—SOUTHFIELD
Nov. 4—MILFORD

Men's Loop Convenes

Men's Wednesday night handicap bowling league will hold a preseason meeting Wednesday, Aug. 31, at the Auburn Lanes at 8 p.m. Openings for two teams are available. Anyone interested in joining should attend next week's meeting or call league secretary John Noonan at FEderal 4-9003 after 7 p.m.

Solunar Tables

Friday and Saturday offer the best angling times at the periods designated below. These times are taken from John Alden Knight's solunar tables, as follows:

FRIDAY

AM		PM	
Minor	Major	Minor	Major
...	6:00	11:55	5:40

SATURDAY

AM		PM	
Minor	Major	Minor	Major
12:45	6:55	1:05	7:20

Jackson Golfer Has Spot in Western Junior Test

NORBECK, Md. (AP)—Five youths from the East and three from the Midwest moved today into the quarter-final rounds of the Western Junior Golf Championship.

Lawrence Mowry, Rhode Island schoolboy champion from Newport, and Bruce Kessler, the 1954 Washington, D.C., schoolboy victor, were hooked up in the feature duel of the day at the Manor Country Club.

* * *

Mowry turned in the best golf of the first two rounds yesterday with an 11-up total in two matches and even par for the holes he played. His second-round victim was Ronald Schwarzel of Pittsburgh, Pa., last year's medalist, whom he defeated 5 and 4.

* * *

Kessler stroked to a 2 and 1 second-round victory over Don Essig of Indianapolis, Ind.

Other quarter-final matches pitted Dave Hill of Jackson, Mich., against Ward Wettlaufer of Buffalo, N.Y.; Bernard Magnussen of Winnetka, Ill., against John Voyda of Riverside, Ill., and Gerry McFerren of the host club against Warren Krick of the nearby Woodmont Country Club.

Longwood Hopes to Get Doubles Test Under Way

BROOKLINE, Mass. (AP) — Officials of the 75th National Doubles Tennis Tournament at Longwood have their fingers crossed in hopes that today's scheduled matches can be played.

Rain washed out action Tuesday and yesterday the courts remained too soggy from the effects of the downpour to afford solid footing.

The turnament is entering its 11th day. Wednesday through Sunday last week was lost to rain and floods which chased the top-seeded American and Australian Davis Cup entries.

Woman Is Victor in U.S. Rifle Test

CAMP PERRY, Ohio (AP)—A woman won the National Small Bore Rifle Championship Wednesday for the first time in history.

Mrs. Viola Polium, a 43-year-old dress shop operator from Brooksville, Pa., missed only 10 bullseyes in 60 shots to beat a field of 500.

Her score of 6,390 was one point ahead of Charles Whipple of Somerset, Pa. Oliver H. Lauderman of Dayton, Ohio, was third with 6,338.

Summons Troy Gridders

Troy High School football candidates are requested to report at the high school gymnasium Saturday from 9 a. m. to 12 noon, it has been announced by head grid coach Bob Nyquist.

Albert Improves at Coast Hospital

SAN FRANCISCO (AP) — Frankie Albert's fever went down to 100 degrees Wednesday and the one-time quarterback was taken off the critical list at Mary's Help Hospital.

Albert, an assistant coach for the San Francisco 49ers, was taken to the hospital Wednesday when pneumonia sent his temperature to 104.

Dr. William O'Grady said Albert was "coming along fine now. He should be up and fighting in two weeks." Albert starred for Stanford and then the 49ers.

Hits 100 Four Times

Michigan State football teams have scoped 100 or more points in four different games, the last being an even 100 against Ripon in 1931.

Auscos Victors in Semipro Test

St. Joseph, Wichita 9s Retain Favorite's Roles in National Ecent

WICHITA, Kan. (AP)—The two top favorites in the National Semi-Pro Baseball Tournament both shut out their opponents in second-round games last night.

The St. Joseph, Mich., Auscos breezed past the Great Falls, Mont., Air Force Base team, 10-0. Parnell Hister held the airmen to four singles.

The Wichita Boeing club, defending champion, blanked the Columbia, Tenn., Monsantos, 2-0, scoring runs in the second and sixth innings.

Both Wichita and St. Joseph rosters are dotted with former professional players. The Michigan team has seven men who have played class AA ball or higher.

Olson Favored Over Giambra in San Francisco

SAN FRANCISCO (AP)—It won't decide anything much except who's the better fighter but tomorrow night's non-title 10 rounder between middleweight champ Bobo Olson and Joey Giambra is expected to be a good, hard scramble.

Local odds favor Olson, the hometown boy, about 3-1, but soldier Giambra of Buffalo figures to give the champ a score or two.

The fight will be televised nationally from the Cow Palace at 9 p.m. EST but the San Francisco area will be blacked out.

Giambra, like Olson, a serious, intense ringman, has won his four fights this year, all in Texas, where he's in the Army. He will be discharged in December.

GETTING UP IN WORLD—One way of getting up in the world is discovered by Mike Williams of Pontiac when he cleans up the fast pacer, Imas Watson, who could win the major share of the $25,100 Motor City Pace at Wolverine Raceway tonight.

New Coach at Helm for Bloomfield 11

Football practice at Bloomfield Hills High School begins Monday, Aug. 29, at 9 a.m., under new head coach Don Hoff. Candidates for the 1955 team are requested to meet at the new school.

Bloomfield Hills lists a seven-game schedule, but desires an 8th opponent on either one of two dates—Sept. 16 or Nov. 11. If a game is not possible, a practice scrimmage will suffice.

Any area Class C school interested in scheduling Bloomfield Hills should contact Hoff at his home in Berkley (LIncoln 4-2846), or at the high school.

Six Sports Pages in Today's Pontiac Press

5 Home Games on PHS Chiefs' '55 Grid Card

Starting with Wyandotte on Sept. 16, Pontiac High School's football Chiefs will perform before the home folks in five arc-lighted contests, this fall. Nine games comprise the schedule, which concludes with the Flint Northern Saginaw Valley Conference battle at Wisner Memorial Stadium.

Out-of-Valley contests include those against the 'Dots, Waterford in the 2nd game, Ferndale in the 3rd and Royal Oak later on, at the Acorns' home field.

The schedule:

Sept. 16, Wynadotte here; Sept. 23, Waterford here (Skippers' home game); Sept. 30, Ferndale here; Oct. 7, at Bay City Central; Oct. 14, at Flint Central; Oct. 21, Arthur Hill here; Oct. 28, at Royal Oak; Nov. 4, at Saginaw Eastern and Nov. 11, Flint Northern here.

Stengel Calls on Rookie Pitcher Coleman in First Game of Crucial Set With Indians

CLEVELAND (AP)—With his New York Yankees holding a half-game lead in the American League race, Casey Stengel calls on Gary (Rip) Coleman, his newest rookie, to pitch tonight's opener of a three-game series against the Cleveland Indians.

Manager Al Lopez, whose third place Indians are only a game behind, plans no surprises. He's sticking with veteran righthander Early Wynn, who has been ineffective recently but has done his best work of the season against New York.

* * *

While Stengel's selection of Coleman was a surprise, he has pulled similar strategy before. Late in the 1951 race he started Stubby Overmire against the Indians, and won a victory that gave the Yanks the lift they needed to win the pennant. Stengel replaced Overmire midway in the game with Joe Ostrowski, and the two St. Louis Browns discards shut out the Indians 2-0.

* * *

Coleman, up from Denver in the American Assn., won his first major league start last week, beating Baltimore 12-6 with the help of Bob Grim.

Wynn, whose 14-8 record is tops among Cleveland starters, is 3-1 against the Yanks this year. The game he lost was 2-1 in 10 innings.

While the Yanks and Indians are scrapping, second place Chicago, a half game off the pace, entertains seventh place Washington

The Indians have won 10 of 17 games from the Yanks this year; they've outhit them 142-123, outscored them 76-59, and outhomered them 21-18.

* * *

Cleveland will be playing without Larry Doby. The star centerfielder whose .292 batting average is second best among the Indians regulars, injured a thigh muscle Tuesday and may not return to action until late next week.

Lopez has shifted Al Smith from right to center, Vic Wertz from first base to right field, and put Ferris Fain at first.

Yankee-Indians games have been drawing an average of about 35,000 fans to lakefront stadium this season, and this series could push Cleveland's attendance total over the million mark. Yesterday's 2-0 victory over the Boston Red Sox boosted the attendance total to 887,222.

Katlin Records Hardtop Victory

Howell Pilot Triumphs Again in Feature Event at Pontiac Speedway

Mickey Katlin, the Chrysler test driver from Howell, marked up another hardtop victory at Pontiac Speedway last night by out-running Benny Howell and Johnny Wallace in the 25-lap feature event.

Katlin, who also took honors in the 4-lap dash, toured the 25 laps in 8 minutes, 19.71 seconds.

Ray Fraley was the semi final winner and Bill Kourt captured the pursuit race. Heat winners included Benny Howell, D. Earl, and Marvin Main.

Hardtops run Saturday at Pontiac Speedway in the 50-lap club championship, and a big midget auto show is set Sunday at the M59 oval.

Champion Baptists Battle All-Star 9

Pontiac Church Softball League will conclude its 1955 season tonight at North Side Park when loop champion First Baptist faces an all-star nine representing the other seven teams in the circuit.

Perry Vaughan is slated to pitch for the undefeated Baptist club in the climactic contest. All-Stars have not named their hurler. Game time is 8 p.m.

WEDNESDAY'S HOME RUNS

Kellert 2, Hodges, Campanella, Dodgers; Terwilliger, Katt, Giants; Grammas, Cardinals; Hall, Ward, Pirates; Berra, Mantle, Yankees; Kaline, Tigers; Smith, Avila, Indians; Power, Astroth, Athletics; Lollar, Kennedy, White Sox; Philley, Orioles.

Tam Winners Lead Field in Montreal Open

Boros, Toski Among 132 Taking Part in Rich Canadian Golf Test

MONTREAL (AP) — The biggest money tournament in Canadian golf, the $26,800 Open, gets under way today with a starting field of 132.

* * *

The presence of the last two winners in the "World" tournament at Chicago, with its $50,000 top and guarantees for $105,000 in exhibitions, has added spice to this tournament.

* * *

Julius Boros of Mid-Pines, N.C., "World" winner Aug. 14, has rejoined the pro circuit, and playing along with him in practice rounds yesterday was the 1954 "World" champ at Tam O'Shanter, Bob Toski of Livingston, N.J. Both were absentees from the Canadian Open in Weston, Ont., last week.

There is a strong feeling among the galleryites that Arnold Palmer, the winner at Weston, is still the man to beat.

* * *

It was the first pro-circuit victory for Palmer, from Latrobe, Pa., and last year's U.S. Amateur titleholder. The convincing way he took the Canadian Open and has been playing in practice rounds at Summerlea, stamp him as a top choice candidate.

* * *

Palmer is hoping a couple of new putters arrive in time for the start. When he opened his bag at Summerlea, his putter was missing.

"I guess somebody just walked off with it," said Palmer yesterday. "I borrowed a putter from Freddy Haas for practicing and ordered two more sent to me by my sponsoring company. They're the same kind I used at Weston, but I hated to lose that one. It's the putter that brought me my first big win."

Merchants Want Teams

Superior Merchants Bowling League, which rolls at the Land O'Lakes Alleys every Monday at 6:45 p.m., has openings for two teams with a 725-875 average.

Vacancies will be accepted on a "first come, first served" basis. League starts bowling Monday, Sept. 12. Interested teams should contact Carter Insurance at ORlando 3-7221.

LEAGUE HOME RUNS—1041 (record is 1197 set in 1953).

Metamora Site of Olympic Riding Tests

By H. GUY MOATS

Seldom anywhere in the country do two nationally rated sports events such as the Olympics equestrian team trials and the National Skeet Shooting championships ever occur at the same time and place.

But that is exactly the situation here during the coming week.

Out at OCSC's Waterford headquarters the stage is set for the NSSA skeet title shoot, starting Monday morning.

Over the rolling countryside about Metamora's Hunt Club, the big amateur riding trials known as the Olympics "three day event" get under way Sept. 3 and run through Sept. 5. The "event" is one of the most exacting, most interesting and the utmost test for horse and rider of any equestrian feature that has ever come to this area.

The "three day event" is really the semifinal trials for membership on the American Olympic equestrian team, for the 1956 Olympics. Finals are set for next March in North Carolina, at Tryon.

Birmingham's Frank Duffy, and William Clark Sr., William Clark Jr. of Metamora are candidates for the event from this area. Between 20 and 30 other riders, numbering among them the top American horsemen, are expected to participate. An early arrival is Warren Wofford of Junction City, Colo. who has been working out at Metamora for the last month.

Tickets are available at several locations in Pontiac, with John Braid and Carleton Patterson Jr. handling the distribution. They include Cloonan's, Osmun's, Brown Brothers and Huddick's. Officials expect between 7,000 and 7,500 spectators, according to Maj. Gen. William B. Bradford (USA, retired), Gen. Bradford is manager of the trials and the "architect" for the many and difficult obstacles that are laid out over a 17-mile course that covers parts of Oxford, Metamora and Lapeer areas. This portion of the tests will be ridden the 2nd day. Gen. Bradford was captain of the U. S. Olympic jumping teams in 1936.

The general promises the jumps will be severe and demanding on both riders and their mounts. The top 10 in the "three-day" will be eligible for the final trials.

First day's test is based on the dressage, a precision trial in riding and control of the horse, and an acid test for the horse itself, in translating desires of its rider.

Third day is the ring jumping trial. This is designed to point up the suppleness of the horse and its energy after a hard day in the field.

The trials are held in conjunction with the Metamora Hunter-Breeder show.

Besides Gen. Bradford, other trials officials include Maj. Robert J. Borg and Charlotte Nichols of Bloomfield Hills, secretary. Maj. Gen. Guy V. Henry is chairman for the judging committee that includes Brig. Gen. F. W. Boye, Brig. Gen. John T. Cole, Maj. Gen. T. W. Herran, Gustavus T. Kirby, Whitney Stone and Adrian Van Sinderen. Ethel W. Flinn is chairman for the hunt club committee.

Public is invited to witness these unusual and seldom seen (in this area) difficult and colorful trials of horses and riders. Plenty of fine observation positions are provided.

Small Game Hunters Restricted Oct. 20

LANSING — Pheasant, waterfowl and other small game hunting will not start on Oct. 20 until 10 a.m. in the Lower Peninsula.

Waterfowl hunting opens half an hour before sunrise on Oct. 1 and continues to half an hour before sunset that day and every day of the season except for Oct. 20.

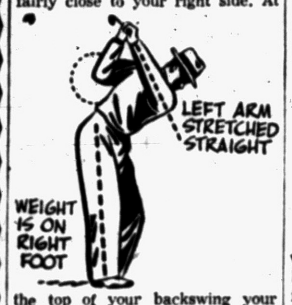

Other small game seasons also open before Oct. 20, but on that day all remain closed until 10 a.m.

The 10 a.m. opening that day, 1st day of the lower peninsula pheasant season, is popular with farmers and probably materially reduces opening-day trespass problems.

Franklin Field, football home of the University of Pennsylvania, was formally opened on April 20, 1895.

Sam Snead's Golf Clinic

Here's a player swinging plenty well at the top of his backswing. To accomplish this your wrists should be evenly under the shaft. The shaft, at the top, should be horizontal with wood; increasingly less with irons as the loft of the irons increases. All clubs held in a firm—but not tense—grip. Your left arm should be straight. Your right elbow should be down and fairly close to your right side. At

the top of your backswing your weight is mainly on your right foot while the toe of your left foot keeps you firmly in balance. Your left heel is lifted from the ground only enough to keep your left knee on a horizontal plane with your right. When you wind up in this way you will unwind a sweet shot.
(Copyright 1955, John F. Dille Co.)

International Olympic Committee is the body that awards the sites for the Olympic Games and is the final judge of all questions concerning the rules bearing on the Games.

United Press Photo

HANDICAPPED? — Crutches leave the ground when Louise Baker Wilson connects during one of her enthusiastic tennis games. Losing her right leg in a near-fatal bicycle accident when she was eight years old hasn't deterred her from tennis, swimming, horseback riding or writing three best-sellers. Mrs. Wilson, a Lincoln, Neb. resident since her marriage to an insurance executive, describes her tennis as mediocre, but wants no part of "gallant gesture" opponents who let her win. She says the principal trouble is backing up for over-the-head shots, so she hugs the serving line.

DEPTH OF BEAUTY — In full skin-diving regalia, Mrs. Ruth O'Donnell at Hollywood, Fla., is ready for a lesson in taking off and putting on breather apparatus below the surface.

Lilly, Miss Thomas Take Clay Target Traps Titles

VANDALIA, Ohio (AP)—After three days of 16-yard events, handicaps take over today at the 36th Grand American Trapshoot, and the outcome is more unpredictable than ever.

* * *

The preliminary handicap, a dress rehearsal for tomorrow's Grand American, makes up the day's schedule. More than 1,700 of the Western Hemisphere's finest amateur shooters are expected to go after the prize money which may reach $20,000 in guaranteed purses and far over that amount in optional wagering.

* * *

For years in handicap shooting the marksmen have been placed from 17 to 25 yards back of the trap from which the clay target is sprung. The handicap yardage is based on the known ability and registered target average of the entrant.

Preliminary score sheets placed on the big board last night carried the names of 900 early entrants representing every state except Maine, New Hampshire, Vermont and Rhode Island. Entrants also were on hand from the Canal Zone and three Canadian provinces.

* * *

Yesterday the 16-yard shooting ended with Ned Lilly, Stanton, Mich., who has broken 600 targets successively since Monday, and Helen Thomas, 15-year-old Los Angeles mute, winning the North American clay target championships.

* * *

The professional crown was won by Lee Braun, 44, of San Francisco. His 199 of 200 gave him the title for the second time since 1947. Marty Hogan of Chicago took top honors in the junior championship for youngsters 15 to 18.

Baseball's Giel Recalls Finest Day on Gridiron

NEW YORK (AP) — Pitcher Paul Giel of the Giants still likes to talk football. But seldom discusses his own great performances on the gridiron.

Rather reluctantly the former All-America backfield star from Minnesota recalled his best day on the football field. It was against Michigan when the Gophers won the Little Brown Jug for the first time in 11 years.

Here's what Paul did: Gained 112 yards rushing, completed 13 of 18 passes for 169 yards, scored two touchdowns and passed for a third, intercepted two passes and ran back five kicks.

Fishing Out of Bounds in Denver Trout Pool

DENVER (AP) — A $40,000 trout pool for downtown Denver and not a chance to wet a line!

The pool is really an aquarium which forms part of the roof of a huge new cafeteria in the Plaza Building.

Fishermen can just watch as they eat.

Santa Clara Team Won't Be Home for Christmas

SANTA CLARA, Calif. (AP) — The Santa Clara basketball team will "hit the road" during the Christmas holidays this year. The Broncos will play in the First Annual Orange Bowl Basketball Tournament at Miami, Fla., Dec. 28-30. While making this cross-country trek the squad also will play the University of Wichita at Kansas on Dec. 26 and Loyola University of the South at New Orleans on Jan. 1.

Wiffi Among 8 Left in Amateur Test

CHARLOTTE, N.C. (AP)—The field was down to eight from the original starting list of 104, but picking a winner in the 55th Women's National Amateur Golf Tournament was still a risky business going into this afternoon's 2 p.m. (EST) quarter-final round.

* * *

Yesterday's double round over the rolling Myers Park Country Club course's 6,413 yards produced no earth-shaking surprises as it set up this schedule for today:

Mrs. Scott Probasco, Chattanooga, Tenn., vs. Anne Quast, Marysville, Wash.; Jane Nelson, Indianapolis, vs. Barbara McIntire, Toledo, Ohio; Wiffi Smith, St. Clair, Mich., vs. Polly Riley, Fort Worth, Tex.; Mrs. H. S. Covington, Orangeburg, S.C., vs. Pat Lesser, Seattle.

Of the eight, chunky little Polly Riley emerged as the tournament-tested, battle-hardened competitor, one perhaps the least likely to succumb to the pressure of late rounds. Two years ago she was runner-up to Mary Lena Faulk, now a professional.

* * *

The Texan is competing in her 10th successive National amateur. She lost the first hole in each match yesterday, but got her game going for a 2 and 1 victory over Mrs. Philip Cudone of Montclair, N.J., and a 4 and 3 margin over Rae Milligan, a big hitter from Alberta Canada.

Wiffi, last year's National Girls' Junior champion and recent winner of Chicago's All American and "World" amateur tournaments, hasn't yet been extended beyond the 14th hole. Yesterday she polished off Mrs. Carl Tuttle of Detroit, 7 and 6, and thumped Mrs. Margaret Allen of Arlington, Va., 5 and 4.

* * *

Miss Lesser, the tall, bronzed, bespectacled Western amateur champion who is a Seattle University senior, had an 8 and 7 romp over Mrs. Dana Brown of Dayton, Ohio, in the third round, but had to go all out to beat Mary Ann Downey, the tough little competitor from Baltimore in a 21-holer.

* * *

Mrs. Covington who lost in the first round in 1941 in this tournament, posted a pair of 3 and 2 victories against England's Jacqueline Gordon and Helen Grinnell of Detroit.

Anne Quast, who'll be 18 next Thursday, won the last two holes to square the match and parred the 19th to slip past Betty Kerby of Akron, Ohio, then played sharper golf to oust Mrs. Harton Semple of Sewickley, Pa., 3 and 1.

* * *

Mrs. Probasco advanced with a 1-up conquest of Marjorie Lindsay of Decatur, Ill., and a 4 and 2 decision over the 1948 champion, Grace Lenczyk of Newington, Conn.

* * *

Barbara McIntire won fairly easily taking Virginia Dennehy of Lake Forest, Ill., 5 and 3, and Janice Phelps of Atlanta, 6 and 5, shooting one under par golf in that one.

* * *

Jane Nelson, Indianapolis, who was a quarter-finalist two years ago, put out the 1949 champion, Mrs. Mark Porter of Philadelphia, 3 and 2, and tiny Clifford Ann Creed of Opelousas, La., 1-up.

Confiscated Firearms Scheduled for Auction

LANSING — Sixty-two confiscated rifles, carbines and shotguns will be sold to highest bidders in the Conservation Department's annual sealed bid sale Sept. 9 at Gaylord.

Appraised value of the weapons ranges from $150 down to $4 and the sale is open to everyone except members of the Department.

Fishing Luck Bad?—

JACKSONVILLE, Fla. (AP) — Mabry Edwards has a new method of catching fish.

While water skiing on a lake near Keystone Heights, he noticed a wake in the water such as a fish might make, steered toward it and hit something.

He signaled the man driving the boat to turn and they found a stunned 10-pound black bass which they boated.

Al Smith of the Cleveland Indians was nicknamed "Fuzzy" by his high school football teammates because he started shaving so young.

Rainbows Might Be Coming Back to Maple River

LANSING — The northern lower peninsula's Maple River may be coming back as a rainbow trout stream.

Long ago, the river was popular spring and fall with fishermen who liked to angle for the big migrating 'bows.

But siltation over a period of years closed off the mouth of the river so "steelheads" couldn't move upstream. Then a dam broke upstream and added to the problem. Most of this angling enjoyment of the river was lost.

But recently, funds became available and Conservation Department crews pushed aside the silty sand deposits and channeled the river. Still, it was an open question whether rainbows would ever come back in the stream.

Now, however, it appears runs have started again and state fisheries workers are hopeful that anglers who remember the Maple will once again find it a popular steelhead stream.

Homer Hobbs, new head football coach at Furman, is a former pro player with the San Francisco

Recreation Workers Schedule Training

A training conference for employes in charge of recreation programs in state institutions, sponsored by the training division of the Civil Service Commission and the Inter-Agency Council for Recreation, will be held Sept. 13 at Haven Hill Lodge near Milford.

Institution recreation supervisors representing departments of mental health, social welfare, corrections and state board of education will meet to discuss job orientation, personnel relations.

Dog Training Possible

LANSING — Dog training is possible on wild lands these days, in advance of hunting seasons.

Training hours continue from sunrise to sunset on such game birds and animals as may be hunted with dogs. Only pistols or revolvers with blank cartridges may be used for the training work.

Wampfler at Clinton

CLINTON, S.C. (AP)—A former Miami of Ohio, University star, Jerry Wampfler, has been appointed assistant football coach under Bill Crutchfield at Presbyterian College.

Berra, Mantle Unload to Beat Tigers

DETROIT (AP) — It was a full hour after the game, maybe more, and Steve Gromek was still sitting in front of his locker in the Detroit Tigers' dressing room.

It was as quiet as a graveyard. Only Billy Hoeft, sipping a cool drink, was still around.

"I can't figure it out. I just can't figure it out," Gromek muttered. "I don't know yet why I changed my mind."

The 34-year-old pitcher was mulling over his bitter 3-2 loss to the New York Yankees yesterday—a staggering defeat contrived on a pair of 9th-inning home runs by Yogi Berra and Mickey Mantle.

For seven innings, Gromek was magnificent. Yes, magnificent. Serving up a baffling "pop-up" pitch, he had held the Yankees to a measly single—and a tainted one, at that.

Phil Rizzuto scratched a single through the infield in the 3rd. Gromek seemed headed for his 1st complete game since June 30.

It had been 54 frustrating days since Gromek had finished what he started.

Then it started to happen, slowly at first, then with a loud crash heard around the American League.

The Yanks nicked Gromek for a run in the 8th, putting together three singles by Andy Carey, Bill Skowron and Hank Bauer.

Despite this, Gromek still held a 2-1 lead going into the 9th. Al Kaline had sent him ahead with a two-run homer in the 1st inning, and the crafty veteran had nursed the slender margin through eight innings. He had the Yanks hitting harmless fly balls all afternoon.

Berra hit his 1st pitch of the 9th into the right field seats, tying the score 2-2. Then, only moments later, Mantle clubbed a two-two serve against the facing of the right field deck, putting the Yankees into a one-run lead.

"He hit a change-up pitch," Gromek said, "a slow ball, and after I had vowed never to throw him another change-up, too."

Can't Win Twin Bills

Chisox Play Set With Nats Before Payoff Series With Bronx Bombers

CHICAGO (AP) — The Chicago White Sox' week of decision has started out shakily, but the climax is yet to come as the Sox start a three game series today with lowly Washington. Then they clash head-on with the leading New York Yankees in a doubleheader Sunday.

While the Sox are thus engaged, their chief rivals, the Yankees and third place Cleveland, will be locked in a cut-throat, three-game series at Cleveland.

Before today's games, the Pale Hose were a half game and three percentage points behind the Yankees and a half-game ahead of the Indians. They aren't awaiting the Senators in too smug a fashion after losing two out of four to last place Baltimore in the last two days.

They knocked out 20 hits to take the first game of yesterday's doubleheader, 14-1, behind Billy Pierce's classy pitching. But they were handcuffed by lefty Bill Wight of the Orioles, 2-1, in the second game.

The Sox had taken over first place Tuesday night after splitting a twin bill with the Orioles as the Yankees lost. But the Yanks reclaimed the top spot yesterday as they beat Detroit 3-2, and the Sox split.

"It beats me," said Sox Manager Marty Marion in disgust, "how we can score 14 runs in one game, then get only one in the next. We just can't seem to win the second game of the doubleheaders."

Significantly, there are six more twin bills in the Sox schedule.

The Sox' hopes of gaining a good toehold on first place in the Oriole series went glimmering as they repose in exactly the same spot behind the Yanks in which they started the week.

Families Seeking Animals Should Know State's Laws

Parents and children who enjoy pets and become attached to them are advised by the state conservation department, through its county officers, to avoid future heartaches by heeding state laws concerning wild life.

State conservation department is encountering trouble with persons who bring wild animals and birds into Michigan from outstate or get them within the state and take them home as pets, according to Howard Johnson, Oakland County conservation officer. People engaged in this practice are subject to prosecution or loss of the pet or both, Johnson said.

During the closed season, persons ordering animals or birds from out of state must have an importation permit as well as a possession permit from the department of conservation. In recent weeks many families and individuals have been made unhappy by prosecutions for failure to obey these requirements, Johnson said.

If an animal or bird is acquired in Michigan during the closed season, Johnson went on, the pet must be purchased from a licensed breeder. Wild animals and birds are protected by law, Johnson stated, and some of the illegal purchases may be due to people's lack of familiarity with these laws.

DRAKE SCORES WITH RIGHT — Ray Drake of Far Rockaway, N. Y., bounces a right off the chin of Danny Giovanelli of Brooklyn in the 2nd round of last night's bout in Madison Square Garden. Drake, making his 1st main bout appearance in the Garden, gained a unanimous decision.

Drake Victor in TV Match

Wins Garden Debut Against Giovanelli With Ease

NEW YORK (AP)—Fighting a main event in Madison Square Garden doesn't mean too much in these days of television but it was a big thrill for Ray Drake Wednesday night.

The Brooklynite made his debut in a Garden "top" an impressive one by handing Danny Giovanelli, a borough rival, a sound shellacking for 10 rounds.

* * *

"Fighting the main go at the Garden puts you under terrific pressure," said the 25-year-old engineering student. "It means you've arrived." I wanted to win so badly. If I wasn't so anxious I would have knocked him out."

Drake, in recording his fifth straight victory, pounded Giovanelli to the head and body with both hands. The steady stream of left hooks to the body took the steam out of Danny, who had an unbeaten streak of five snapped.

Duke University football team has three Murrays. Two are players and the other is the coach. Bill Murray is head coach. Bob Murray is a center. Another Bob Murray is a quarterback.

Tiger Notes

DETROIT (AP) — Ted Williams & Co.—meaning the Boston Red Sox—visit Briggs Stadium today for a doubleheader against Detroit. It opens a 4-game set.

The loss to the Yankees deprived the Tigers of a chance to at least clinch a tie in their season series against Casey Stengel's crew. Now, each team has beaten the other 10 times, with two more games coming up in New York next month.

Stengel paid a parting tribute to the Tigers.

"These guys have been rough against us all year—and they'll probably be extra rough next month," said the grizzled skipper who returned to the command of his team after missing Tuesday night's game with a stomach ailment.

Release of 150 Turkeys Near Baldwin Scheduled

LANSING (AP)—The State Conservation Department said today it will release 150 wild turkeys in the area of Baldwin shortly after Labor Day.

The turkeys, to be released in the Manistee National Forest, are the 2nd group to be freed in the department's program to reintroduce them as game birds.

Some 200 were released in Allegan County last year. Most of them are still alive, the department said.

Cincy, Detroit Nines Favored in NABF Test

ALTOONA, Pa. (AP)—Cincinnati, the defending champion, and Detroit, held favored positions today as play continued in the annual National Amateur Baseball Federation Junior Tournament.

Each won two games as the tourney opened Wednesday, Cincinnati beating Altoona 11-2 and Dayton, Ohio, 12-1, while Detroit polished off Pittsburgh 4-2 and Indianapolis 7-1.

East Wins Prep Battle

MEMPHIS (AP)—The East eleven staving off a desperate last-minute aerial attack, defeated the West 20-14 last night in the seventh annual "All-American" high school football game.

JOHNSTOWN, Pa. (AP)—New Orleans today holds its third straight championship in the All-American Amateur Baseball Assn. Tuornament, after an 8-5 victory over Maryland State.

Baker Rallies to Edge Layne in Utah Fight

Pittsburgh Heavy Is Winner on a Split Decision

WEST JORDAN, Utah (AP)—Bob Baker, No. 2 heavyweight contender from Pittsburgh, rallied in the late rounds Wednesday night to gain a split decision over Utah's Rex Layne in a fight that probably didn't help the fistic careers of either.

* * *

In gaining the split decision, Baker probably received a setback in his desire for a crack at Rocky Marciano's heavyweight crown.

Layne, who lost twice previously to Baker, needed a win to project himself back into the heavyweight limelight.

* * *

Layne, 202½, moved out fast in the early rounds and built up points on the surprised Baker, who weighed 210½. But Baker swarmed all over the Utahan after being staggered in the fifth round and gained the nod.

The decision was soundly booed by the partisan Utah fans, who also booed a Baker decision over Layne here last month.

There were no knockdowns, although Layne slipped to the canvas in the eighth.

Strawberry Polo Team Wins; Rochester Bows

The offensive-minded Williams brothers—Dave and Larry—accounted for all goals Wednesday night with three apiece as the Strawberry Hill Polo Club trimmed the Detroit Rockets, 6-2, at the Ivory Polo Grounds.

Rochester bowed in the preliminary game, 12-2, to the Mahoning Valley team of Youngstown, Ohio. Howie Miller sparked the winners with six goals.

Gridiron Clans Hear '55 Call

By H. GUY MOATS

This is the time of year when the chiefs of the gridiron clans from Oakland County's many prep schools sound the ingathering call. This week in most of the schools hopeful young gridders and those with previous experience behind them collect the gear which makes them prospective football players.

Some schools already have issued equipment.

Pontiac's forward-looking Chiefs get their shoes, football pants, jerseys, headgear, pads of many kinds, and other equipment on Saturday. Issue will start at 9 a. m. says Coach Ed Graybiel, who also announced today that regular drills begin Monday at 9 a. m. with "two a day" workouts.

Usual conditioning activities will be started immediately, with calisthenics and wind sprints. Offense plays will be given out soon, to get set for the 1st game on Sept. 16 with Wyandotte, here. Chiefs have a 9-game schedule that includes five home games, with the finale against Flint Northern on Nov. 11.

"There is no change in our basic style of play this year, from that which we used last year," Graybiel says.

"What's the outlook for this fall?" says the Chiefs' head mentor.

"Well, after hearing a lot of talk from Saginaw Valley Conference coaches at the recent coaching school at Central State College, and checking over the rosters of the teams for this fall, I'm not sure what to believe. But I do think we are going to be in a pretty good position, if what we have comes through the way we hope it will."

Graybiel said there was much palaver about the "loaded" Bay City and Saginaw squads. Then along bobbed up some additional comment that Flint Northern could be the "tough one." "But it looks like Bay City and Pontiac have more lettermen back and more balanced returns in the various positions than the other clubs."

Here's the picture for Pontiac:

There are 19 letterman returning, including some of the fastest backs in the state (most were members of the state and SVC championship track team of last spring).

Ten of the 19 were regulars last fall.

Graybiel mentioned some of the stalwarts he will have to depend upon. Bruce Baker, Richard Kohrs, guards, along with Karl Walker, a tackle; Frank Whitlock and Marv Cagle, ends; Bob Castell (in 1st 7 games last year) and Art Poe (last 2), at quarterback; Freeman Watkins (track dash man) at halfback and Jim Taylor and Charles Spann, fullbacks (both trackmen); are players with the most game experience.

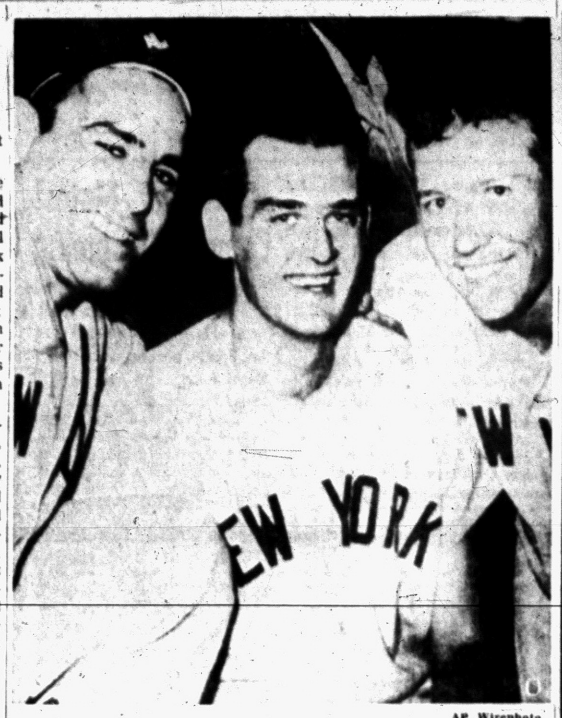

Others include Don Hardy, center; Jack Olson, Jim Patterson, Dick Keavis (broke leg last fall, missed the season), guards; Gary Thomas, Francis Thompson, Ed Covington, Homer Thrower, Ted Wiersema, tackles; Kenny Fuselier (127 pound) speedy halfback, and Ron McCabe; Ben Karpoicz (lost to squad in '54 from injuries) may help at fullback and Russ Attwater, punter, should give important help. Poe also is a good kicker.

Graybiel's staff will include a new member this year. Fred Zittel, former PHS star, who has been an assistant several years, will have charge of a new team, to be formed this year for the 1st time. He will handle the 3rd team.

Other coaches are Dean Wilson, backfield (Zittel will help him); Ed Heikkinen and Tony Pizza, reserves. Graybiel will work with Arnold Wilson with the linemen.

HIS OWN HOOK — An unlucky fisherman hooked this nine and three-quarter pound sheepshead at Kure Beach, N. C., lost his tackle. The savage battler swam around, tackle dangling from his mouth, until he picked Vivian Wilson as the angler he'd like to be caught by, and proceeded to tangle his tackle with hers. The Burlington, N. C., miss made the catch without laying a hook on him.

AP Wirephoto

BIG THREE — The three top men who pulled a victory (3-2) out of the fire in the 9th inning of last night's game with the Tigers were Yankees' Yogi Berra (left), Bob Grim, winning pitcher (center) and Mickey Mantle. Berra's homer tied the score and Mantle's round-tripper beat the Tigers.

Bowlers Plan Meeting

Huron Bowl House League will hold a meeting Friday night at the Huron Bowl at 8:30 p.m. Chief purpose of the meeting is election of officers.

Gilmer Leads Lions to 17-14 Victory

Layne's Sub Shines in Win Over Redskins

Rookie Dave Middleton Scores Pair of TDs in Exhibition Tilt

MOBILE, Ala. (AP)—Coach Buddy Parker of the Detroit Lions, worried over star quarterback Bobby Layne's injuries, breathed easier today after watching Harry Gilmer run and pass his team to a 17-14 exhibition over the Washington Redskins.

Gilmer, former University of Alabama tailback, completed a pass to rookie Dave Middleton from Auburn for a 35-yard touchdown in the first quarter of last night's game, and ran around right end from the four for a third-quarter score.

* * *

A 27-yard punt return by Middleton and a 26-yard pass from Gilmer to Jug Girard set up the third period score.

Washington's two sub quarterbacks, Al Dorow and Ralph Guglielmi, accounted for one touchdown each. Dorow, who played most of the first three quarters, led the Redskins to the seven and then passed to Norb Hecker in the end zone in the first quarter.

* * *

Guglielmi scored in the final two minutes of the game on an 8-yard dash. He had completed a 28-yard pass to end Johnny Carson three plays before.

Doak Walker booted a 43-yard field goal early in the first period.

Gilmer picked up 180 yards by completing 13 of 21 passes.

* * *

Layne returned to Detroit yesterday for treatment of an old shoulder injury which has given him more trouble this year than previously.

* * *

Washington Coach Joe Kuharich let his No. 1 quarterback, Eddie LeBaron, sit out the game so the coach could watch Dorow and Guglielmi perform.

Conlan Amused by Announcers' Glorification

PITTSBURGH (AP)—John Bertrand (Jocko) Conlan, veteran National League umpire, got an earful of baseball and a hearty chuckle at the same time.

Conlan was hospitalized here for a short time with a back ailment. This gave him a good opportunity to listen to some games on radio and see a few on TV.

"After what I heard I can't understand how anybody can criticize an umpire or a player," said Conlan.

"They tell you Joe Doakes is coming to the plate and he's a long ball hitter. They they give you his record: two homers, eight RBIs and batting average of .212. Long ball hitter? How did he ever get into the park?

"I guess part of the announcer's job is to try to explain to the fans what great stars these .212 hitters are," concluded Conlan.

Golfers Finally Find Vanishing Golf Balls

ST. THOMAS, Ont. (AP) — Golfers in this section have discovered what happened to those nice drives that kept disappearing on the municipal golf course.

A storm knocked down a rotten apple tree and 11 golf balls were found in the hollow trunk.

Bill Bruton of the Braves has hit only eight home runs this season. Each one, however, has been hit in a different National League Park.

Colleges Beckon Baseball Talent, Scouting Harder

FORT WORTH, Tex. (AP)—More boys are going after a college education these days and it's making the work of the baseball scout much tougher.

So says Wes Griffin, veteran of 41 years in the game who scouts this area for the Brooklyn Dodgers.

The colleges have taken more interest in baseball and are offering attractive scholarships for athletes, which is one reason the boy with baseball aspirations foregoes the pro ranks until he gets his college degree.

Griffin said he thought it was proper for the boy to get a college education before playing baseball. "A good education is half the battle these days," he observed.

But it does make it tougher to the pro scout as he tries to get material for his club.

Pitcher John Taylor of the St. Louis Cardinals in 1904 hurled 352 consecutive innings without relief.

Move Over, Mates! Company's Coming

NORFOLK, Va. (AP)—If the ladies take the medicine prescribed by John O'Donnell, officers here in the Navy air service with the Atlantic fleet can expect a lot of mixed foursomes.

O'Donnell, local golf pro, informed the ladies that golf is not only a diversion but helps in every day living. For instance it increases ability to make decisions since it is strictly an indivdual game. It provdes self-discipline and increased powers of concentration. It also gives the walking exercise needed in this day of auto riding.

Judy Tass Victorious

Judy Tass, owned by William Lachenmaier of Shafter, Calif., paid $6.80 straight in winning the featured 6th race at Wolverine Raceway last night. The 7-year-old mare trotted the mile in 2:08 4/5.

Size No Indicator of Home Stretch

NEW YORK—The size of a race track is not necessarily an indication of the length of its home stretch.

Aqueduct, a one-mile oval, has the longest stretch in the country, 1,520 feet. Atlantic City, a mile and an eighth around, has a stretch measuring 700 feet while Bel Air in southern California, a three-quarter mile strip, has a 1,037-foot stretch that is only 110 feet short of that at Belmont Park, which is a mile and a half in circumference.

Joe Becker, pitching coach of the Brooklyn Dodgers, is nicknamed "Tiger." But he can't recall when and how the name originated.

Pat Preston, athletic director at Wake Forest, is a former all-time athletic great at the University and played pro football with the Chicago Bears.

Jim Doran, Detroit Lions end, never played football in high school. He took up the game as a sophomore at Iowa State and soon became a star.

Both French expeditions which discovered and explored the Mississippi River set out from points in Michigan. Louis Jolliet and Fr. James Marquette started from St. Ignace in 1673 and La Salle started from Fort Miami, now St. Joseph.

Pakistani Official Returning to U.S.

KARACHI, Pakistan (AP)—Former Prime Minister Mohammed Ali is going back to Washington as Pakistan's ambassador to the United States.

The government announced last night that Ali had been appointed again to the Washington post he held from January 1952 to April 1953. He resigned as ambassador to become prime minister.

Ali quit the prime minister's post two weeks ago after he lost his position as head of the Moslem League party to the present Prime Minister, Chaudhri Mohammed Ali.

The outgoing envoy is Syed Amjad Ali.

Seven U.S. states were never organized as territories.

Newest Earl Chore: Judgin' the Ugliest

By EARL WILSON

NEW YORK—The new gag around about Martin and Lewis is, "Sure, they reconciled . . . now if they'd only talk to each other!" For at their famous truce meeting at Paramount, we hear they didn't say hello or exchange a word.

★ ★ ★ ★

Kim Novak found out about fame in N. Y. Gal at a phone answering service kept calling her "Jim Novak," then "Kem Novak," finally asking whether "Kim Novak" was a corporation. "I'm a person!" spluttered the hottest kid in Hollywood.

KIM NOVAK

The B. W. met a gourmet who eats everything and is yet thin. "How do you do it?" she begged him. "I have what they used to call a 'complaint'," he said. The B. W. exclaimed: "How can I get one?"

Since returning from Europe, I've been congratulated on a new suit of Turkish mohair. "Turkish mohair? Oh, you bought it in Istanbul?" several people've said. "Nope," I admitted, "at the 3 G's on 14th St."

WISH I'D SAID THAT: "The easiest way to teach children the value of money is to borrow some from them."—Town Journal.

Sugar King Jorge Sanchez crossed the Atlantic with his wife, sent her off to friends in Nevada, and got back on and sailed right back. He likes it there, she likes it here.

"The roads are becoming more dangerous," reports Ted Steele, "because of the latest thing in fast cars—teen-age drivers" . . . That's earl, brother.

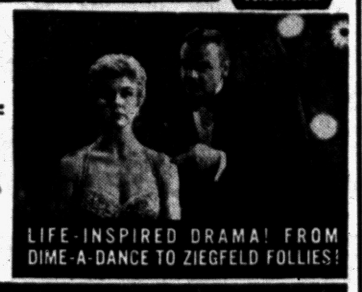

(Copyright 1955, the Hall Syndicate, Inc.)

Youths Plead Guilty to Larceny Counts

Two 18-year-old youths, one of them AWOL from the Air Force, were arraigned in Municipal Court E. Finnegan and pleaded guilty to larceny from an automobile.

Daniel L. Burling, of 730 First St., missing from Robins Air Force Base, Macon, Ga., was sentenced to 90 days in Oakland County Jail. Ova Crawford Jr. of 5056 Havanas St., Dryden, received a sentence of five days.

The pair stole an auto tire, wheel and accessories valued at $50, according to Pontiac Police.

Woman, 75, Turf Fan Titlist

INGLEWOOD, Calif. (INS)—The nation's number one turf fan is probably a petite 75-year-old woman who has placed a bet on every race ever staged at Hollywood Park.

She is Mrs. Mabel A. Shaw, who was present when the thoroughbreds went to the post for the track's first race on June 10, 1938.

And every day since, except for several short illnesses, her presence has graced the turf club when the the starter's bell sounded. But and the number of consecutive to keep her betting record intact, Mrs. Shaw has placed a wager through a friend even on those few times when she was not well enough to make it to the track.

She can easily figure the number of days she has spent at the track races she has taken in, but no statistics have been kept on the pari-mutuel tickets she has purchased. For often, Mrs. Shaw will have her money down on as many as four horses in a single race.

Mrs. Shaw, with her former husband, was co-publisher of the Inglewood Daily News, and is an original stockholder in Hollywood Park, which may have something to do with her interest.

Mrs. Shaw's special loyalty to the track was demonstrated four years ago when the stands of the Inglewood layout were destroyed by fire just a week before the season opened.

When the meeting was switched to Santa Anita, Mrs. Shaw moved to nearby San Marino for the summer to be within easy driving distance of the track of her choice even though it had been transplanted to "foreign soil."

JUST FOR FUN

Although receiving countless tips from friends, jockeys and owners, Mrs. Shaw prefers to lay down her money just for the fun of it, without using any sort of betting system.

She does confess, however, to spending a few hours each evening pouring over the general race stories in the local papers to see what opinions the "experts" have.

Mrs. Shaw says she believes thoroughbred racing is the greatest outdoor sport in the world for older persons and calls Hollywood Park her "second home."

And from past performances, it's easy to see why.

Ludington Expands

LUDINGTON (AP) — Work on the city's $100,000 water expansion program is scheduled to begin next spring as soon as weather permits. The program includes a 900,000-gallon water storage tank, two 5,000,000-gallon daily capacity pumps and rehabilitation of existing pumps and facilities.

"Gosh, were's lucky, all the kids got permission to sleep here tonight!"

Lincoln Unveils '56 on Sept. 8

New Car Boasts Change in Size, Length, Motor and Accessories

DETROIT (AP) — Ford's 1956 Lincoln, powered with a 285 horsepower engine and developing a 9-to-1 compression ratio, will be introduced on Sept. 8.

* * *

The car is described as entirely new from ground to roof. It is more than seven inches longer, 2½ inches lower and two inches wider than the 1955 Lincolns. It has a new wraparound windshield and a group of new regular equipment safety features.

Included in the safety group are safety-flex steering wheel, safety door locks, and non-reflecting instrument panel. As optional equipment seat belts are also offered.

Lincoln is presenting the 1956 models in two series, the "Premiere" and the "Capri." Wheelbase has been increased from 123 to 126 inches and over-all length from 215.6 inches to 222.8 inches. The new cars are only 60.2 inches in height.

To Meet at Four Towns

FOUR TOWNS — The Elizabeth Russell Guid of Four Towns Methodist Church will meet at 8 p.m. tonight at the church. Slides of the Grand Canyon will be shown by Raymond Swackhammer.

Rebuked Airman Will Not Discuss Marital Problem

PORTLAND, Ore. (AP)—Airman Daniel Schmidt spent yesterday in seclusion with his mother and relatives, still refusing to talk about his marital problems.

On returning from a Chinese Communist prison camp, he learned that his wife Una, 20, had remarried in the belief he was dead.

* * *

He had a joyous reunion with his mother Mrs. Nellie Peters.

He said, "It feels wonderful to see mother." And Mrs. Peters told reporters, "I couldn't be any happier."

That was about all they would say.

Schmidt, 23, arrived here Tuesday night from California. He was accompanied by his mother-in-law Mrs. Walter Ferguson, who sided with Schmidt against her daughter. He filed for a divorce at Red Bluff, Calif., last week, asking custody of his small son.

Schmidt's mother had been in poor health and he said, "I was very worried about her . . . It's wonderful to see her as happy as she is."

Mrs. Peters said that after he arrived, "I was crying all over the place."

The U.S. exported three million tons of coal to Japan in 1954.

News in Brief

Andrew Thomas, 30, of 46 Hibbard Ct., pleaded innocent yesterday before Municipal Judge Cecil B. McCallum to a charge of being drunk and disorderly. He was released on personal bond to reappear for trial Sept. 1.

Pleading innocent yesterday to a charge of reckless driving, Dean R. Wright, 33, of 437 W. Huron St. was released on a $100 bond set by Municipal Judge Cecil B. McCallum to reappear Aug. 31 for trial.

L. C. Owens, 34, of 312 Fisher Ave., pleaded guilty yesterday to illegal possession of gambling slips and paid a $100 fine after appearing before Municipal Judge Cecil B. McCallum.

Corn, Soybeans Show Advances

CHICAGO (AP)—Once again corn and soybeans advanced on the Board of Trade today in reflection of dry weather over the Midwest.

Oats were steady, largely in sympathy with corn. There also were reports producers were not offering many cash oats, considering the price too low. Wheat eased on scattered liquidation and rye barely held steady.

Wheat near the end of the first hour was ⅛ to ½ lower, September $1.92⅛; corn 1 to 1½ higher, September $1.27⅝; oats ¼ to ⅜ higher, September 57; rye unchanged to ¼ higher, September 96; soybeans 1¼ to 2 cents higher, September $2.23¾, and lard 10 to 17 cents a hundred pounds higher, September $10.87.

Domestic Copper Price Stabilized at 40 Cents

NEW YORK (AP)—The price of domestically produced copper became uniform at 40 cents a pound today.

Kennecott Copper Corp., which raised the price of its Chilean copper to 40 cents last week while leaving the price of domestic copper unchanged at 36 cents, announced that effective today it will charge 40 cents for the latter as well.

Prayer service was held this morning at Brace-Smith Funeral Home. Interment in Mount Hope Cemetery. Funeral arrangements by Brace-Smith Funeral Home.

Market Reports Moderate Gains

NEW YORK (AP)— The Stock Market was moderately active and higher in early trading today.

Gains ran to about a point at most as trading slowed somewhat after an active flurry at the start.

Of the opening blocks U.S. Steel was up ⅛ at 54 on 4,000 shares, Firestone up 1 at 66½ on 1,000, Westinghouse up ¼ at 67 on 1,300, Crown Cork up ¼ at 16⅝ on 10,000, General Electric up ⅛ at 53⅜ on 2,000 and International Nickel up ¼ at 23¼ on 1,500.

Other gainers included Bethlehem, General Motors, Sears Roebuck, Douglas Aircraft, Bullard and Southern Pacific.

Card of Thanks 1

THE FAMILY OF WILFRED Bowen wish to express their gratitude to the friends and neighbors for the any acts of kindness during his long illness and at the time of his death. We would also like to especially thank his pastor, Rev. McCann and the Dudley-Moore Funeral Home.

WE WISH TO EXTEND our heartfelt thanks to the many friends, neighbors and relatives for the acts of kindness, messages of sympathy and beautiful floral offerings during our recent bereavement in the loss of our beloved husband and father. We especially thank the Rev. and Mrs. James Luther, also the Huntoon Funeral Home, Mrs. Nina Finch and Children; Mrs. Orvella Pratt, Fred Cook, Edward Finch, Mary Beth Shaw, May Edwards, and Jack Finch.

MRS. THOMAS SMITH & FAMILY wish to thank our dear friends and neighbors for the lovely flowers sent during my husband's stay in the hospital, also for the floral offerings at his death. We cannot express our gratitude for the kindness and tender care the Nurses and staff on the 2nd floor of the General Hospital gave him. Also thank the Ford staff of River Rouge, the Precision Parts of Keego Harbor, The Tri-Cam Shop at GMC, The UAW-CIO No. 594, Bell Telephone Co., the Rev. Widdifield & Rene Fowler of All Saints Church, Rev. Biel of Perry Park Baptist Church for their words of comfort during the illness and death of our beloved husband and father.

Two City Residents Injured in Accident

Two Pontiac residents were treated at Pontiac General Hospital yesterday for injuries received from a two car crash on Ditmar Ave. near Franklin Rd.

Treated for multiple bruses was, Frank Smith, 43, of 510 Ditmar Ave, who told Pontiac Police officers he was going east on Ditmar when a second car driving on the wrong side of the road struck his head-on.

The driver of the second car, Alice Baylor, 17, of 501 Fildew Ave. was treated for a bruised chin. She told police she could not remember what happened.

Both drivers were ticketed for having no operators licenses.

Sentenced to Jail

Shirley A. Cavender, 18, of Detroit, was sentenced to 90 days in Oakland County Jail after pleading guilty yesterday to simple larceny when arraigned before Farmington Justice Allen Ingle.

U.S. Lawyers Hear Britisher

Judge Says Freedom Can Be Kept Only by Eternal Vigilance

PHILADELPHIA (AP)—An English judge told the American Bar Assn. today freedom can be maintained only by "eternal vigilance."

The Rt. Hon. Lord Justice Denning of London, speaking to the ABA's General Assembly at its 78th annual convention here, said he "trembled a little" to speak on the subject of freedom in the United States, and particularly in the city where American independence was born in 1776.

* * *

"But yet, coming from England, I make so bold as to say that we too know something of freedom," he declared.

He said in his prepared speech that today some of "our prized freedoms in England have changed their color and become instruments of oppression instead of liberty as they should be."

He ticked off these: freedom of association, freedom from injury, freedom of contract, and freedom of the press.

* * *

The 5,000 lawyers attending the weeklong conference that ends tomorrow don't have much work in store for them today. There's a special program on traffic court improvement, the main panel discussion of the day, that goes on simultaneously with the House of Delegates' session, concerned mainly with passing on ABA policy.

DSR to Give Raises

DETROIT (AP) — Detroit's 2,500 AFL streetcar and bus operators will receive a 6½ cent hourly pay increase under a new agreement with the city's Department of Street Railways.

Speller Shows Theater Sense

Program's Contestants Are Skillfully Chosen for Personality

By JACK O'BRIAN

NEW YORK (INS)—"The Eyes," perky little Gloria Lockerman, the 12-year-old Baltimore youngster, won her $16,000 spelling bee on "The $64,000 Question" Tuesday night and next week goes on to her $32,000 plateau.

The pert saucer-eyed miss reiterated the program's superb selectivity in locating people with personalities attuned to the attractive long run.

She certainly proved her intuitive sense of theater with her unselfconscious hesitation during the spelling and her very cute question as to whether "chrysthemums" was to be spelled in the singular or plural drew a fine fond guffaw...

Marine Capt. Richard McCutchen, ambassador from the Halls of Montezuma to the Hall of Mazuma, blithely masticated the food queries in his tasty category and will be back next Tuesday for his $16,000 entree.

* * *

We honestly suspect Mrs. Connie Arden of West Hartford, Conn., who selected "pop music" as her 64G category, was tossed a curve when Hal March suggested a "bandleader" was famous for his "swaying music."

Mrs. Arden naturally replied "Sammy Kaye." In all justice, what else could she have said?

Richard Himber, the bandleader whose name was the "correct" answer, is moderately well known for his magic hobby and possibly his "pyramid" brass style, but never has he been accused of "swaying."

SHE'S SENSATIONAL

We would not go so far as to insist that Lillian Briggs, of Tuesday night's "Music '55," is the finest pop singer since Ruth Etting. But even if she isn't exactly very good, she is sensational, which is something else again.

Her "I Want You to Be My Baby" stridency has a compulsive belt to it that fairly plumbs the secret of rock 'n' roll popularity—it is simple, basic, with a monotonous and driving beat which can get an audience bouncing and clapping...

"Music '55" has struck a neat stride after its first few minor stumbles. Tuesday night's advanced musicale was fresh and fine.

Jerri Southern sings up—or perhaps we mean down—a muted and whispered modern style and exercises a slick selectivity in her songs.

* * *

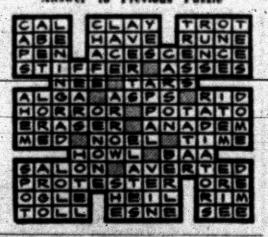

As for the presence of Dave Brubeck, grand pajandrum of the cool discursive, almost introspective modern jazz school, his brief spot wasn't nearly long enough.

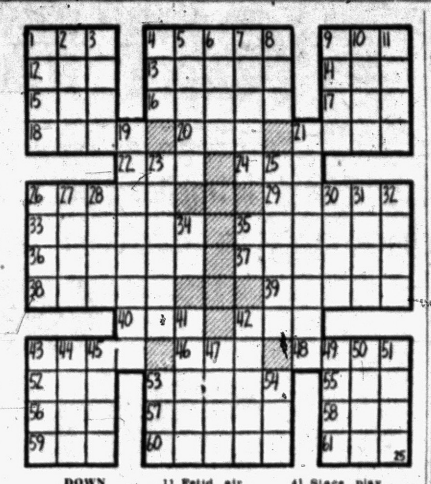

Dave and his small chamber jazz group need far more space in which to state and develop a jazz theme.

For dedicated Brubeck partisans, try again, of all times, Sunday morning on CBS-TV's "Look Up and Live," in which Dave and the Rev. Lawrence McMaster, pastor of the Oxford, Pa., Presbyterian Church, will explore "The Theology of Jazz."

Brubeck's rhythmic aides also will be along.

Hollywood Headlines

Horse Provides Medicine That Lou Costello Needs

By JAMES BACON

HOLLYWOOD (AP)—Lou Costello, who has had more than his share of serious illness, now has a horse for a doctor and never felt better in his life.

The world knows Lou as one half of the famed comedy team of Abbott and Costello. Another world—the turf world—now refers to Lou as the owner and breeder of Bold Bazooka, one of the fastest 2-year-old colts running today.

* * *

A radical change takes place once Lou leaves the theatrical world for Del Mar, where he is vacationing now.

Lou's chestnut colt tied the world's record for five and one-half furlongs when he won his first race last month. The time was 1:03 1-5.

* * *

A few days later, Lou posted a supplemental entry fee of $2,500 and entered Bold Bazooka in Hollywood Park's Starlet Stakes, the West's richest event for 2-year-olds.

The Costello entry ran the six furongs in a blistering 1:09 4-5, a track record for 2-year-olds. Lou's $2,500 entry fee returned him a net winner's purse of $49,650. And that's a lot of hay.

* * *

But to Lou, already a millionaire, the money was unimportant.

"I wish I could tell the people just how much this horse has done for me physically and mentally. I feel 15 years younger and my health is so good that I don't think I'll ever need to take another pill," Lou reveals.

Three years ago, Lou bought a 22-acre ranch in the San Fernando Valley—mostly as a weekend retreat and a place for his children to get away from the smog. First he started raising chickens but he figured the eggs were costing him about $35 a dozen.

* * *

Then one day at a San Francisco track, he claimed the mare Bold Rebel for $2,500. She was to be the nucleus of a horse farm.

Lou bred the mare with Bazooka and the result was Bold Bazooka.

* * *

One horse owner asked Lou for the secret of feeding Bold Bazooka.

"I just give the horse $20 and tell him to buy whatever he wants" was Lou's answer.

California, Oregon, Nevada and Idaho lead the other states in the annual production of mercury.

Elementary Pupils Told to Register Next Week

Pontiac elementary school pupils who have not previously attended city schools are requested to register at their respective schools any time next week.

The Pontiac Board of Education today particularly urged children in the new Linda Vista school district, who will be attending Emerson until the new school's completion, to register next week.

Piece Work at Night

ROUYN, Que. (AP)—Police today accused Marc Gratton, a 31-year-old welder, with taking a heavy underground pump home from the Quemont gold mine here—piece by piece in his lunch pail over a three-year period. Reporting they found the pump reassembled in the basement of Gratton's home, they charged the welder with theft. Officers said he apparently intended to sell the machinery.
