30 New Guards on Duty as Congress Reopens

Voters Re-nominate Law, Gates and Glynn

Bacow Defeated in Judge Race at City Primary

Ronald Hallenbeck Out; Only 5,813 Ballots Cast as Storm Hits Pontiac

Three out of four Pontiac City Commission incumbents running in yesterday's primary were nominated for the April 5 general election.

The incumbent defeated was Ronald C. Hallenbeck in District 5.

In the municipal judgeship race, Mitchell L. Bacow was eliminated.

5,813 voters went to the polls in the city's 44 precincts. The small turn out was blamed primarily on yesterday's snowstorm.

Commission candidates nominated were:

District 2—Harcourt S. Patterson, Philip E. Rowston.

District 3—William W. Donaldson, Earl J. Smith.

District 4—Arthur J. Law, incumbent; Floyd P. Miles.

District 5—John A. Dugan, John H. Ridgway.

District 6—J. H. Patrick Glynn, incumbent; John E. Carry.

District 7—Benjamin M. Gates, incumbent; Harry W. Lutz.

Those nominated for the two municipal judgeships were:

Judge Maurice E. Finnegan.

Judge Odin H. Johnson.

G. Edson Hallock.

Cecil McCallum.

No primary was required in District 1 as only two candidates are seeking election there. They are

Dr. Roy V. Cooley, incumbent, and Reuben LoPatin.

Of the three incumbents who survived the primary, one drew fewer votes than his leading opponent, another took a scant five-vote lead over his rival and the third beat his closest opponent by 58 votes.

Miles topped Law by 122 votes, Glynn led Carry by five votes and Gates got 58 votes more than Lutz.

In the preliminary balloting for the city's two judgeships, Judge Finnegan got the largest vote. McCallum, Hallock, Judge Johnson, and Bacow followed in that order.

Districts 2 and 3 were the only ones in which there were no incumbents seeking re-election.

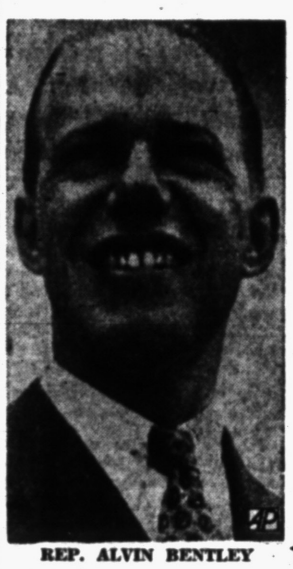

Harold W. Dudley in District 2 and Paul A. Kern in District 3 did not seek re-election.

The votes for all city commission candidates follow:

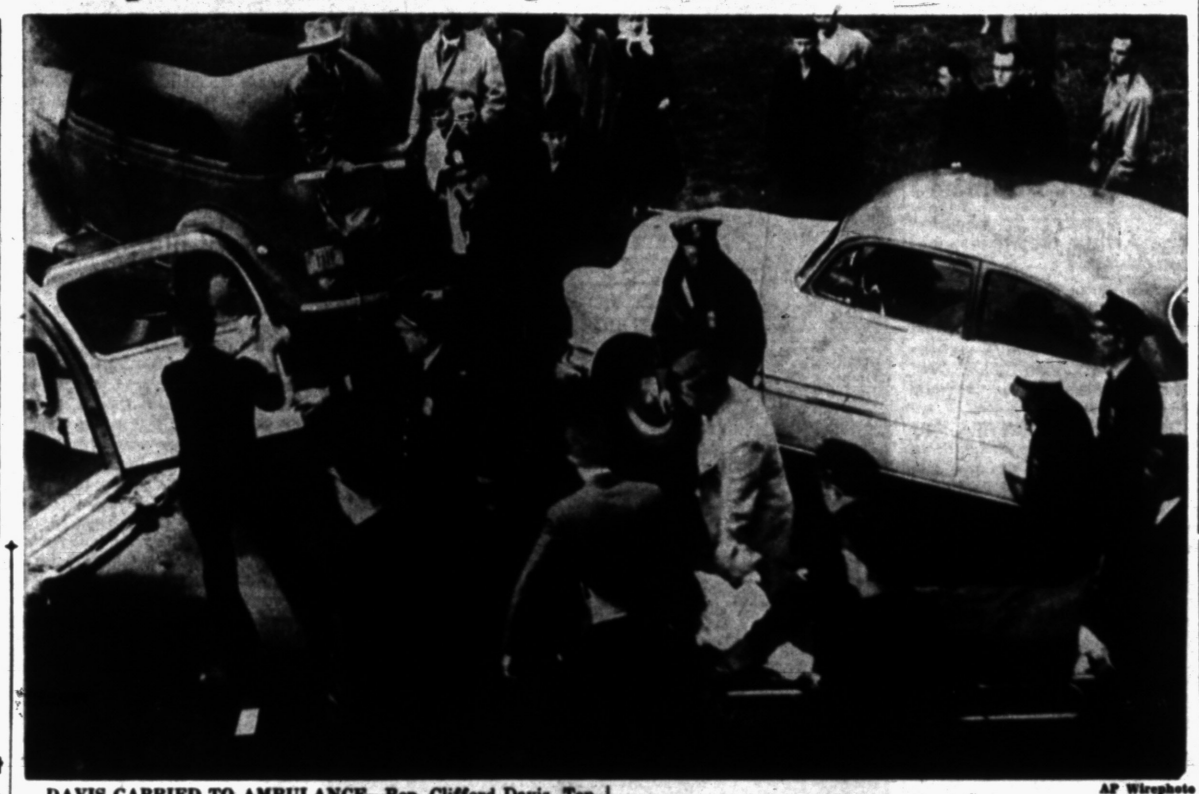

District 2—Harcourt S. Patter-

Bentley Talks After Surgery

Wife and Mother Visit Critically Injured Solon; 'Now in Hands of Lord'

WASHINGTON (AP) — Michigan's Rep. Alvin M. Bentley, most seriously hurt in yesterday's shootings in the House of Representatives, was described as coherent several hours after he was taken to the hospital and underwent an emergency operation.

His wife and his mother, Mrs. Helen Wicker of Ann Arbor, visited him late last night.

The two spent only a brief time in his room. Mrs. Bentley said afterwards that they conversed.

The bullet which struck Bentley pierced his lungs, liver and kidney.

The bullet entered the right side of his chest. It emerged from the left side of the abdomen.

The operation itself was described as serious by Dr. Joseph M. Young, surgeon and chief of staff at Casualty Hospital.

Dr. Young said this was true because anesthesia had to be used. In cases where lungs are involved, he said, this is always dangerous.

The operation lasted about an hour and a half. It was described as exploratory.

At home Mrs. Bentley has been under the care of a physician. She is expecting a child in two months.

Shortly after the operation Dr. Charles White, who took part in it, said:

"The operation was a success. He is now in the hands of the Lord."

"Things would be different if the liver were not shattered," Dr. Young said.

Call Cleveland Specialist to Consult on Bentley

WASHINGTON (UP)—An additional specialist was summoned today to the bedside of Rep. Alvin M. Bentley who remained in critical condition from a Puerto Rican assassin's bullet.

Dr. Joseph R. Young, chief of surgery at Casualty Hospital, announced that Dr. George Crile, Jr., head of Cleveland Clinic Foundation, was flying here for consultation this afternoon.

Pontiac Page Boy Sees Shootings, Aids Bentley

A Pontiac youth who has been a U. S. House of Representatives page boy for over a year saw yesterday's shooting episode in the Capitol and rode in the ambulance that rushed Rep. Alvin Bentley to the hospital.

The boy is William C. Goodwin, 17, of 1150 Lakeview. He phoned his mother, Mrs. Mary Goodwin, about 6:15 p. m. yesterday and told her about the shooting.

Here is his story as related to his mother:

WILLIAM C. GOODWIN

"I was taking a message on the phone when the shooting started. I was stunned and couldn't even answer the woman on the phone. Finally I told her to hang up.

"I was so excited I hardly realized what was happening. I didn't think they were shots. They sounded like firecrackers.

"Then it dawned upon me. I called the captain of the guard and told him they were shooting. He wouldn't believe me at first.

"The woman (the Puerto Rican revolutionary Lolita Lebron) looked like she was pointing the gun right at me. I didn't drop to the floor, it happened so fast. I just stood there.

"After the shooting, I went down to the floor (of the chamber) and saw Rep. Bentley lying there. The captain of the guard told me to go with Mr. Bentley to the ambulance. I went and sat in the ambulance as they rushed him to the hospital.

"Mr. Bentley was conscious all the time. He talked to us in the ambulance. Later, in the hospital, he raised up in his bed and thanked us for helping him."

Mrs. Goodwin said her son told her that three page boys went with Rep. Bentley and Rep. Ben F. Jensen to the hospital.

William was in a booth off the chamber floor when the gunfire broke out, explained Mrs. Goodwin.

The youth has served as a page boy since January 1953. He was sponsored by Rep. George A. Dondero (R-Mich).

Extra Precaution at White House

More Guards Added After Congress Shooting by Puerto Ricans

WASHINGTON (AP) — Increased security precautions to protect President Eisenhower were evident at the White House today as a result of the Capitol Hill shooting affray.

On the main Pennsylvania gate leading to the President's office, for example, four uniformed White House policemen and a secret service agent were stationed.

Ordinarily there are only two uniformed men at that post and they usually remain in a small office just inside the gate. Today there were two men outside the gate and two inside.

A guard house at the Pennsylvania Ave. end of West Executive Ave., which runs alongside the White House, was manned for the first time in months. That post was abandoned several months ago when a cut in appropriations reduced the size of the White House police force.

U. E. Baughman, chief of the Secret Service, said last night his agency "got information several months ago that the Puerto Rican Nationalists might try to harm the President." He declined to give details but said the Secret Service was informed "they might try again" to "get the President."

Lansing House Caucus Plans Security Talks

LANSING (AP) — The possible installation of security measures in the galleries of the state Legislature was to be discussed at a House Republican caucus today.

Majority members said the subject "would only be batted around to see if anyone has any ideas about the need."

Storm Keeps 15,000 Pupils From County Schools Today

Oakland County struggled in four-foot snowdrifts today as a new March storm clogged roads, closed 22 county schools and kept 15,000 students at home.

The new storm, riding 50-mile-an-hour winds, whipped an inch and a half of new snow into the Pontiac area, still digging out from Sunday night's four-inch snowfall.

At least three deaths, two in Michigan and one in Canada, were charged to the storm that dumped up to 16½ inches of snow in some areas over Sunday and Monday.

Michigan State Highway department says the drifting snow has closed all state trunklines in Huron County, M. 19 in St. Clair and Sanilac and M. 51 and M. 53 in Sanilac counties.

The storm caused five minor traffic accidents here and knocked out a Detroit Edison Co. power line, shutting off lights in about 200 Independence township homes for four hours.

The fresh snowfall heralded colder weather tonight.

The U.S. Weather Bureau forecasts a low of 20 to 24 tonight and high of 28 to 32 Wednesday. Monday's temperature range was 28 to 31 degrees. The mercury stood at 28 at 8 a.m. today and at 40 by 2 p. m.

The snow closed all schools in Brandon, Clarkston, Holly, Roch-

Votes to Extend Corporate Tax

House Group Approves 52 Per Cent Rate; Excise Cut Being Planned

WASHINGTON (UP)—The House Ways and Means Committee voted 22 to 2 today to extend the present corporation income tax rate at 52 per cent for another year.

Simultaneously it was announced that Committee Chairman Daniel A. Reed (R-NY) had prepared a bill calling for a $1,000,000,000 cut in some excise tax rates, including those on furs, jewelry, cosmetics, admission tickets, travel tickets, telephone tolls and women's handbags.

Bentley Still in Danger, Has Only 50-50 Chance

Four Other Wounded Solons Doing Well; Colleagues Pray for Injured and Assailants

WASHINGTON (AP)—Congress added 30 guards to the Capitol and resumed business as usual today although still aghast at the incredible pistol attack by Puerto Rican fanatics on the House chamber. An air of grimness was heightened by news that Rep. Alvin M. Bentley (R-Mich)—most seriously wounded of five lawmakers hit by the spray of bullets from a gallery—remained in a critical condition.

In the latest bulletin, the 35-year-old lawmaker's physician still gave him only a 50-50 chance to recover despite emergency surgery and four blood transfusions. Bentley, hit in liver and lung, was in an oxygen tent.

The other wounded lawmakers were all reported to be doing well.

About 200 members were in their seats when the House convened at noon. They stood with bowed heads as the Rev. Bernard Braskamp, chaplain, prayed for the recovery of the victims, for strength and faith for their relatives, and for forgiveness for their assailants.

Dr. Braskamp visited Bentley this morning and said the wounded congressman had asked that he pray for those who shot him because "they did not know what they were doing."

The public galleries in the House were sparsely occupied.

Seated inconspicuously among the spectators were plainclothesmen from the Metropolitan Police Force and some FBI agents.

Speaker Martin (R-Mass) told newsmen the FBI had sent some personnel to the Capitol.

The delegate from Puerto Rico, A. Fernos-Isern, arose to express his regrets over yesterday's occurrence.

The House gave a standing round of applause.

House Speaker Martin said that, for at least several days, tourists would not be permitted to enter the gallery without new cards to be issued only by individual congressmen or their responsible assistants.

In addition to Bentley, the wounded are Reps. Kenneth A. Roberts (D-Ala), shot in the knee; Ben. F. Jensen (R-Iowa), wounded in the left shoulder; Clifford Davis (D-Tenn), shot in the right leg, and George H. Fallon (D-Md), hit in the hip.

Roberts also underwent surgery, but it was of exploratory nature. His physician reported that fears of nerve damage proved to be unfounded.

Bentley was struck in the upper right chest by a bullet which traveled through the lung, diaphragm, liver and stomach and came out his left side.

After a 1½ hour operation yesterday the first-term multi-millionaire representative from Michigan was given only a 50-50 chance for life.

"He is now in the hands of the Lord," said the surgeon, Dr. Charles Stanley White, after the operation.

At 6 a. m. (EST) today, however, Dr. Joseph R. Young, chief of staff at Casualty Hospital, said the 35-year-old congressman, while still in critical condition, had shown improvement, was cheerful and able to talk coherently.

A 7:45 a. m. report said Bentley had a "fairly restful" night; that temperature, pulse and respiration were at "a satisfactory level—although the pulse rate is higher than desirable."

A scene of confusion without precedent in the House of Representatives occurred when the Puerto Rican fanatics suddenly produced heavy pistols and began shooting wildly from the visitors' gallery during yesterday's routine session.

Congressmen dived under desks or sped to the aid of fallen colleagues. Many of them thought the sharp reports were those of pranksters' firecrackers — until splinters began flying from desks and plaster from walls and ceiling.

One member, Rep. Van Zandt (R-Pa), sped upstairs in time to help disarm one of the gunmen.

In the gallery a number of spectators also helped overpower three of the assailants as their weapons were emptied and they tried frantically to reload and resume their barrage.

There was a wild melee in the gallery itself and in the corridor outside as guards rushed in.

Through it all the Puerto Ricans screamed for independence for their island homeland as they sprayed bullets over the chamber from Lugers held grimly in both hands. After her pistol was empty

Special Church Services to Mark Ash Wednesday

Beginning the holy season of Lent, Christians of the world will mark Ash Wednesday tomorrow.

During this season, both Catholics and Protestants will reflect upon the passion of the Lord Jesus Christ, with special inventories concerning personal gains in spiritual growth during the past year.

The tempo of church services will be increased with special emphasis upon the evangelistic aspect in many Protestant churches.

In Roman Catholic Churches of the city the following schedules of Masses are listed:

St. Vincent de Paul—6:30, 7:15, 8, 8:45 a. m. and a service at 7:30 p.m.

St. Michael's Church—6:30, 7:15, 8 a.m. with ashes being distributed at noon, 3 and 7:30 p.m.

St. Benedict's Church—8 a.m. Mass and 8 p.m. service.

Ashes will also be distributed at **St. Joseph Catholic Church** at 10 a.m. Mass and 7:30 p.m. service.

Lutheran Churches of the city also plan Ash Wednesday services as follows:

St. Trinity—Services will be held each Wednesday at 7:30 during Lent with the pastor, the Rev. Ralph C. Claus preaching tomorrow night and alternating from

Birmingham Commission Takes No Action on New Off-Street Parking Plans

From Our Birmingham Bureau

BIRMINGHAM — A slightly revised off-street parking ordinance was discussed briefly by the City Commission last night, but no action was taken.

The ordinance, which would require all buildings constructed after the passage date to provide off-street parking had been returned by the Planning Board, after minor changes.

The lawmakers generally expressed unwillingness to pass the ordinance without definite minimum exemptions for smaller areas, and without spelling out the financing methods.

City Manager Donald C. Egbert said a report was forthcoming on parking progress in the southwest quadrant of the city.

Born at Poplar Bluff, Mo. July 1, 1934, she was the daughter of the late James R. McGown and Mrs. Ernest Tinsley, of Pontiac.

She came to Pontiac seven years ago and was a former employe of Sear Roebuck Co. and WKC.

Besides her husband and mother she is survived by a daughter, Jeanne Sue; a sister, Mrs. Robert Grimshaw and two brothers, James and William McGown, all of Pontiac.

Mrs. Newman died Sunday at 7:30 p. m. in Pontiac General Hospital.

Bryant Murray

Bryant T. Murray, 71, of 410 Lowell St. died suddenly of a heart attack Monday at 7:45 p. m.

Born in Rockford Nov. 12, 1882, he was the son of Mathew C. and Mary Preston Murray. He married Elva Fogelsonger who died in 1945.

Mr. Murray resided in Pontiac 40 years and was a barber by trade, retiring about a year ago.

Surviving are three daughters and a son, Mrs. Ben Brown, Mrs. Alfred Brown and Mrs. George Walker of Pontiac and Truman Murray of Lake Orion. Also surviving are nine grandchildren.

Funeral will be Friday at 1:30 p. m. from the Sparks-Griffin Chapel. Burial will be in Perry Mount Park Cemetery.

Local Police Holding Man Wanted by FBI

Sought by local police and the FBI on a charge of fraud, Frederick H. Caswell, 27, formerly of 488 Second Ave., was arrested in a stolen car here Monday night by Pontiac Police.

Caswell, charged in a warrant by Lamar, Colo., authorities for "removing contracted property from Prowers County," and wanted here for a similar count, he was arrested by Patrolmen Herbert C. Cooley and H. R. Cogdill after the officers noticed a 1954 stolen license plate on the auto.

ester and Troy school districts, idling some 8,000 students. Classrooms in Lake Orion, Oxford, and Waterford schools, which sent out no buses today, were less than half-filled as another 7,000 youngsters stayed home.

William J. Emerson, superintendent of Oakland County schools, said most other school districts had buses stuck in snowdrifts. "It's the first time in three years that the weather has closed down this many schools," he said.

The second storm hit Pontiac at the afternoon rush hour, coating streets with ice and snarling traffic throughout the city and county at intersections and hills.

By about 6 p.m., drivers found they couldn't reach Rochester over several main roads because of drifting snow.

The County Road Commission, working around the clock since Sunday night, had weary crews keep 45 snowplows going Monday night. Oscar D. Loomis, road commission chief superintendent, said some side roads are still blocked by four and five-foot drifts today.

Joseph B. Jewell, superintendent of the Department of Public Works, said heavy drifts are clogging traffic on some city streets, although most streets are passable. The DPW put four salt trucks on city streets and worked in the downtown area during the night.

One Sheriff's Department car, stuck in snowdrifts on Sashabaw road about midnight, called three wreckers—all of which got stuck.

A snowplow finally came along at about 5 a.m. and gave all four a tow.

The road commission sent a snowplow to help clear John R from 12 to 14 Mile roads—but the plow itself got stuck at 13 Mile road.

A double oil tank truck stalled halfway up Bald Mountain about 5 a.m. and was finally pulled out about three hours later by a county truck.

Albert Lamberti, 37, died in Detroit of a heart attack while shoveling snow. Robert Potts, 53, a State Highway Department employe of Harrisonville, was killed by a car as he sanded a hill. In Chatham, Ont., William Friebe, 51, died of a heart attack after battling drifts and ice while driving.

Chatham got nine inches of snow and sleet, while Windsor had eight inches. Detroit got a total of eight inches from the double-barreled storm.

A mother and three children, feared lost in a bitter overnight storm near Emmett, were found safe today at a home outside Port Huron. Mrs. Irma Jonyha, 37, and her children abandoned their car when it became stuck and made their way to shelter.

Practically all schools in Huron county were closed. So were those at Vassar, Caro, Reese, Cass City, Sebawaing, and dozens in the Port Huron district and elsewhere in the state.

During Ontario's savage snowstorm, upward of 1,000 vehicles became stuck along the 125 miles of highway between London and Windsor.

Broomfield to Push for Fast Judge Vote

Rep. William S. Broomfield (R-Royal Oak) will push for a quick vote when the bill to give Oakland County a fourth circuit judge comes before Michigan House of Representatives Wednesday.

"The bill's just up for debate tomorrow," Broomfield said. "I'll try to get it scheduled for a final vote Thursday or Friday — and push it through despite the opposition."

Broomfield's opposition includes three county representatives: Democrats Leaun Harrelson of Pontiac and Walter T. McMahon, Hazel Park, and Republican Fred G. Beardsley of Oxford.

ROBERT D. LONG

Pontiac Attorney Succeeds Hartrick

Oakland County Prosecutor Frederick C. Ziem Monday announced the appointment of Pontiac attorney Robert D. Long as First Assistant Prosecutor.

Long, 43, of 171 N. Johnson, was named to succeed James G. Hartrick who resigned to enter private law practice. Long has been practicing law here since 1947 and served as assistant prosecutor for a short time after his discharge from the Army in 1946.

He graduated in 1936 from the Detroit College of Law and was stationed in Washington, D. C. during World War II as a captain with the military government. A county resident most of his life, Long is married and the father of two children.

group regard themselves as patriots—not criminals.

The dark-haired woman said the shooting was intended "to bring the attention of the people to the plight of Puerto Rico. It is a country that is not free."

Those held are members of the Nationalist party, the same group represented by the two men who tried in 1950 to assassinate the then President Harry Truman.

The party is only a small minority in the island commonwealth.

Most Puerto Ricans have expressed preference to remain under U.S. authority, although they have been offered independence any time they want it.

Anti-independence forces have contended the islanders would lose heavily in American aid if separated from this country, and that the islands are not yet capable of complete self government.

The woman and two men were disarmed and taken into custody in a riotous scene just outside the House visitors' gallery. The third man was arrested later at a bus terminal.

Stunned congressional leaders took immediate steps to tighten security regulations and prevent a recurrence of such a tragedy—the first known instance of bloodshed during an actual session of the House or Senate.

That more lawmakers and spectators weren't hurt appeared nothing short of miraculous.

An estimated 20 to 30 heavy caliber bullets fired from Luger-type pistols blazed into the House chamber, nicking seats and walls, piercing the new ceiling, chipping plaster and causing everyone to duck for cover.

Several bullets crashed into the wall just a few inches above the seats in the rear of the chamber occupied by page boys. The boys scrambled under seats or darted out the nearest doors.

Two pellets burrowed into the heavy table at which Republican leaders sit. Seated there at the time were Majority Leader Halleck of Indiana and his assistant, Rep. Arends of Illinois. Neither was hurt, although Arends was nicked by flying splinters. So was Rep. Holmes (R-Wash), who was standing nearby.

About 250 House members were on hand at the time, about 2:30 p.m., having been summoned to the chamber only a short time earlier to debate a bill dealing with importation of Mexican farm workers. The visitors' galleries were less than half filled. About a dozen newsmen sat in the press seats in the same general section, but 50 feet or more away from where the Puerto Ricans sat.

Speaker Martin (R-Mass) adjourned the House in short order while doctors and police took over.

The shooting lasted only about a minute.

Martin was counting a standing vote when it started. He never finished.

From a corner of the public gallery to his extreme left and behind him, a volley of shots rang out. Almost everyone at first thought pranksters had tossed a string of firecrackers. Even Rep. Roberts said he thought it was firecrackers "until I saw blood on my leg."

The grim seriousness of the situation became apparent when the Puerto Ricans were spotted spewing lead from pistols firmly gripped between both hands.

One of the gunmen had time to reload his weapon with a 10-bullet clip before being subdued.

Mrs. LeBron appeared to be having difficulty controlling her pistol. It spouted flame and bullets toward the ceiling, punctuating the woman's cries of "My country is not free; free Puerto Rico!"

As she half ran and was half dragged from the gallery, she tossed into the air the flag of Puerto Rico and shouted again.

Police, doorkeepers and others rushed for the gallery and the door leading from it. Quickly they grabbed three of the assailants and either held them firmly or pinned them to the marble floor in a general scrimmage.

U. E. Baughman, chief of the Secret Service, said last night his agency "got information several months ago" that the same Nationalist group might try to harm President Eisenhower. He declined to discuss details.

Jury May Get Land Suit Today

Condemnation Hearing Nears End as Defense Sums Case

The advice of Oakland County Circuit Judge George B. Hartrick to jurors is all that remains before the city's condemnation suit of land at 11-49 Parke St. goes to the jury.

Defense Attorney William J. Beer presented his final argument to the jury this morning and City Attorney William A. Ewart delivered a 15 minute rebuttal.

The suit, for establishment of a municipal parking lot, was interrupted Friday when one of the jurors became ill, during Beer's final argument.

Beer asked today why the former City-County market building was not being used for short-term parking instead of long-term parking.

He also pointed out that Royal Oak and Ferndale have municipal lots, but still have traffic jams.

Law, Gates, Glynn Are Re-nominated

son, 653; Philip E. Rowston, 214; Manley E. Young, 112.

District 3—William W. Donaldson, 215 Earl J. Smith, 111; Don A. Zaffina, 87; Donald A. Tews, 79; Hugh Wolfington, 12.

District 4—Floyd P. Miles, 449; Arthur J. Law, 327; Raymond S. Morris, 79; Chauncey L. Costello, 61; Albert J. Wilkinson, 60.

District 5—John H. Ridgway, 368; John A. Dugan, 358; Ronald C. Hallenbeck, 340; Leo Morris, 137; J. Marvin Smith, 71; Howard A. Frost, 70.

District 6—J. H. Patrick Glynn, 300; John E. Carry, 295; Theodore P. Kentros, 127; James F. Flanary, 109.

District 7—Benjamin M. Gates, 267; Harry W. Lutz, 209; Victor L. Smothers, 134.

The judgeship votes were:

Judge Maurice E. Finnegan, 3,545; Cecil McCallum, 2,804, G. Edson Hallock, 1,796; Judge Odin H. Johnson, 1,680; Mitchell L. Bacow, 378.

Johnson was appointed recently to fill the vacancy created by the death of Judge Charles P. Webster.

The returns are being re-checked today by City Clerk Ada R. Evans.

Shortly after results were known last night, one of Hallenbeck's campaign managers indicated that he may seek a recount in District 5.

Hallenbeck was knocked out of the running by only 18 votes.

Mrs. Evans said the city clerk's office will accept registrations for the general election on April 5. Persons qualified to vote in Pontiac and not yet registered have through March 8 to register.

Heavy snow and treacherous driving conditions slowed voting yesterday, but election officials said the turnout lived up to their predictions of a "medium-sized" vote.

Percentage wise, only 15 per cent of the city's 38,101 registered voters cast ballots.

Homicide Trial Resumed Today

Five Witnesses Testify as Harrelson Case Is Re-opened Here

Five witnesses took the stand today as the negligent homicide trial of Leaun W. Harrelson Jr., 18, of 26 Delaware Dr., resumed before Oakland County Circuit Judge George B. Hartrick.

It was adjourned indefinitely in January when defense attorney William F. Dohany collapsed while cross-examining a witness in the non-jury trial.

Harrelson is charged with negligence in the Oct. 9 traffic death of Mrs. Veda N. Coon, 37, of 49 Dwight Ave., on W. Huron St. and Dwight Ave. Mrs. Coon was struck by the youth's car.

Mr. and Mrs. Eugene Carey of 405 W. Iroquois Rd. said they were stopped at Cherokee and Huron just before the accident. Carey said he "heard the roar of high speed motors" and saw two cars traveling abreast at about 40 to 45 miles per hour going west on Huron.

Lyndon Salathiel of 534 Shoreview Dr. said he didn't see the accident but saw Harrelson's auto after the impact making "an emergency stop."

He said Harrelson's auto wasn't traveling at an excessive speed to the best of his knowledge.

Chief Prosecuting Attorney George F. Taylor said the trial may be ended late this afternoon or sometime tomorrow.

Woman Stands Mute on Murder Charge

Mrs. Lois Ann Cottrell, 22, of 823 Etowah St., Royal Oak, stood mute on a charge of second degree murder before Oakland County Circuit Judge H. Russel Holland Monday. She is charged with beating her three-year-old daughter to death Jan. 16.

Mrs. Cottrell told police "she never liked the infant from the first time she saw it in the hospital."

Her husband, Martin, 27, who also admitted beating the child "to make her move" claimed the youngster "wasn't exactly right." The couple has three other children. Mrs. Cottrell was returned to Oakland County Jail following her arraignment.

4A QUEEN—Twenty-year-old Mimi Cummiskey, secretary at the advertising firm of MacManus, John and Adams, Bloomfield Hills, was named Miss 4A of Michigan last week by the Association of American Advertising Agencies. She triumphed over 35 other entrants from ad agencies all over the state. Formerly she was Miss Harvest Ball of 1952 at Michigan State College.

Students Lose Teacher, but Agency Gains

BIRMINGHAM — When 20-year-old Mimi Cummiskey turned away from elementary education, some future second grade students lost an attractive teacher.

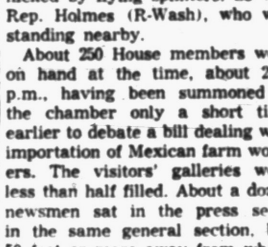

Miss Cummiskey, who lives with her parents at 471 Oakland, was named Miss 4A of Michigan last week by a convention of the Association of American Advertising Agencies.

The pert, 5-foot-3-inch blue-eyed brunette is a secretary at MacManus, John and Adams advertising agency in Bloomfield Hills. But before she joined the company last September, she was majoring in elementary education at Michigan State College.

Although she received a loving cup, roses and two green orchids, she isn't heading for any series of beauty contests.

"Being named Miss Harvest Ball at State in 1952, and this title — that's enough for me," she says.

She has little time for such activities, anyway, between bowling with a company team and studying philosophy and logic two nights a week at the University of Detroit.

Village Stopped From Building Lot for Horses

NEW PHILADELPHIA, Ohio (AP)—Common Pleas Court has granted a temporary injunction to prevent the village of Sugarcreek from building a parking lot for horses and buggies.

The village wants the lot for members of the Amish sect, who frown on automobiles. Parking of the Amish buggies on the streets creates a traffic hazard, village officials contend.

But Robert E. Rees, who obtained the injunction and owns property next to the lot's proposed site, has other ideas. He says it would cause a barnyard atmosphere and be a health menace.

Object to Parking Meters for Aesthetic Reasons

ROCKPORT, Mass. (AP) — Town meeting members of this famed art center are against having parking meters in front of the Congregational meeting house.

They told the town fathers the meters would ruin photographers' chances for good pictures.

The selectmen assured upset members that "aesthetic senses will be respected."

Trouble Brews on Waterfront

AFL Teamsters Fight Old Longshore Union by Picketing Piers

NEW YORK (AP)—The prospect of a new major tieup confronted the Port of New York today as AFL teamsters, moving against the old longshore union, decided to picket piers in the huge harbor.

Police, ordering special details for the waterfront, said the Eastern Conference of the AFL International Brotherhood of Teamsters met for three hours last night and then scheduled the picketing for this morning.

Earlier a teamsters' official had warned of picketing at about half the piers in the port, the largest in the world. However, today's police announcement said the teamsters planned to picket all but three piers in Manhattan, all but the Bush Terminal and one pier in Brooklyn, and all piers on Staten Island.

The teamsters moved in the latest crisis in the struggle between the AFL and the now-independent International Longshoremen's Assn. (ILA), which has been refusing since Friday to load or unload trucks driven by members of Teamsters Local 807.

ILA boycotting of cargo handled by the teamsters came in retaliation to the teamsters' refusal to cross picket lines set up at a Moore-McCormack pier by the new AFL International Longshoremen's Assn. (AFL-ILA). The AFL dockers protested the dropping of one of their shop stewards at the pier. ILA longshoremen went to work despite the picket line, but the teamsters' action resulted in a 50 per cent cut in work.

* * *

Officials of Teamsters Local 807 yesterday said drivers would not take trucks to any piers affected by the dispute. Trucking industry officials seconded the embargo.

A teamster spokesman said this move was taken to "clarify" the situation and let truckers use their trucks elsewhere, rather than have them idle on piers where they cannot deliver or pick up freight. He said several thousand trucks are involved.

The ILA briefly lifted its boycott of the teamsters yesterday, but reinstated it after a mediation attempt by the regional office of the National Labor Relations Board failed. The ILA said its action would continue until the AFL-ILA ends picketing at the Moore-McCormack pier.

Some 40 piers were reported involved in the ILA boycott.

The teamsters have been a leading supporter of the AFL-ILA in its fight to win over dock workers from the old ILA.

Judge Tells Man, 88, to Cut Out Carousing

DETROIT (AP)—William Seighman 88, has been ordered by a judge to cut out his "carousing and drinking."

Probate Judge William Sexton issued the order yesterday on petition of Seighman's daughter, Mrs. Wealthie A. Whetstone, and placed him under her guardianship.

Mrs. Whetstone said her father was a "spendthrift" and went on a toot every time he got his $70 monthly old age pension check.

Reader's Digest Reports:

ONLY NEW COLGATE DENTAL CREAM with Miracle Anti-Enzyme Ingredient GARDOL*

HAS THE CLINICAL PROOF!

(Proof that Brings New Hope to Millions for LIFETIME PROTECTION AGAINST TOOTH DECAY)

5 QUICK FACTS FROM THE READER'S DIGEST ARTICLE

"What About Anti-Enzyme Toothpastes?" December, 1953

1. Reader's Digest says—The most effective anti-enzyme toothpaste ingredient tested was developed in the Colgate-Palmolive Company laboratories.
(It's Colgate's miracle ingredient Gardol (Sodium N-Lauroyl Sarcosinate)—found in no other leading toothpaste!)

2. Reader's Digest says—One of the foremost dental authorities in the world proved that this ingredient binds itself effectively to the teeth—holds acid formation below the decay level in 95 per cent of cases tested.
(Unlike ordinary toothpaste ingredients, effective only for minutes, this protection won't rinse off—won't wear off—all day or all night!)

3. Reader's Digest says—Even 12 hours after brushing, this new Colgate anti-enzyme discovery continues to guard against the enzymes that cause tooth decay.
(Thus, just daily morning and night brushings guard against decay-causing enzymes every minute of the day and night!)

4. Reader's Digest says—In clinical tests, supervised by leading dental authorities—for a full year—people who used ordinary toothpastes averaged almost two and a half times more new cavities than those who used New Colgate Dental Cream with Gardol (Sodium N-Lauroyl Sarcosinate). In fact, of the group using New Colgate's, 4 out of 5 developed no new cavities at all!
(A group of distinguished dentists examined this evidence and agreed—New Colgate Dental Cream with Gardol gives the surest protection against tooth decay ever offered by any toothpaste!)

5. Reader's Digest says—New Colgate Dental Cream is the only toothpaste with clinical proof of its effectiveness in actually reducing the formation of new cavities.

NOW! NEW COLGATE DENTAL CREAM CONTAINS GARDOL (*SODIUM N-LAURCYL SARCOSINATE)

If You Are Over 40 Years Old and Suffer ARTHRITIS or RHEUMATISM PAINS

An Average of only 24 Bottles New Imdrin should KEEP YOU FEELING BETTER The Rest of Your Life

Insurance statistics give 40 year old folks 360 more months to enjoy the things they've worked for all their lives. So isn't it rather foolish not to do something about those arthritis or rheumatism pains that hold you down, spoil your day, keep you from enjoying the "relaxing golden years."

OFTEN A "MUST"

Like pains due to other afflictions once thought entirely hopeless, it is now known that certain drugs safe to take at home, work on recurring arthritis and rheumatism pains so fast and effectively that many victims mistakenly think the pains have gone for good. Arthritis and rheumatism pain attacks come and go with weather changes, with normal disturbances, with extra strain, work, motion or for no known reason at all. The modern informed sufferer learns to "live" with his or her affliction. And New Imdrin Tablets are often a "must", particularly the next 360 months in the lives of hundreds of thousands of these victims of arthritis or rheumatism pains.

SAFE, WON'T AFFECT HEART

New Imdrin Tablets are safe . . . non-habit forming . . . won't affect the heart. Yet this wonderful drug's fast analgesic action is so penetrating it seeks out the pain no matter where or how deeply imbedded in muscles, joints or ligaments of the body that it may be. New Imdrin Tablets truly have the power to give month-to-month peace and comfort . . . real home-to-goodness relief from arthritis pains. An average of only 24 bottles of New Imdrin Tablets should earn the next 360 months from days and days of aging and suffering into days and days of well-deserved comfort.

MONEY BACK GUARANTEE

No arthritis and rheumatism pain victim should shrug off this wonderful opportunity to test the $1.50 size New Imdrin Tablets on the guarantee of satisfaction from first bottle or money back. When New Imdrin fails to relieve it's time to see your doctor. Ask for a course of NEW IMDRIN TABLETS today.

Inter-American Talks Recessed

Delegates Celebrating Shrove Tuesday After Attack on Communism

CARACAS, Venezuela (AP)—Delegates to the 10th Inter-American Conference took a carnival holiday this Shrove Tuesday after an opening session which cheered an attack on communism.

Colombia's foreign minister, Evaristo Sourdis, responding to the welcoming address of President Col. Marcos Perez Jimenez of Venezuela yesterday, was interrupted by applause for his denunciation of "the forces of evil which operate in darkness."

Sourdis called for defense of the continent "wherever totalitarian aggression presents itself." He urged the countries of the Western Hemisphere to adopt "the necessary measures to impede or uproot all activity which tends to encourage the dominance of international creeds which threaten the free nations of the world."

Communist infiltration of the hemisphere is one of the chief topics of the conference, attended by the foreign ministers of the United States and 19 Latin-American nations. But Latin Americans consider economic matters, including U. S. financial plans, the chief item.

The first plenary session met in a magnificent, wire-protected auditorium at nearby University City only about an hour after a group of Puerto Rican Nationalists shot and wounded five members of the U. S. House of Representatives in Washington.

One of the Puerto Ricans told police they timed their attack in an attempt to influence opinion at the conference against the United States, which has granted Puerto Rico commonwealth status and offered it full independence whenever the islanders want it.

Secretary of state Dulles issued a statement saying he was "deeply shocked." Arturo Morales Carrion, Puerto Rican undersecretary of state and a member of the U. S. delegation, expressed distress and said "I think it was an act of sheer lunacy."

Pontiac's Commissioners to Eye Construction Bids

Pontiac's 1954 public improvement program will come under further consideration tonight by the city commissioners.

Bids are expected to be considered from firms seeking contracts for construction of the two-inch blacktop paving planned for this year.

A cost estimate is slated from the water superintendent for construction of water main on Corwin Ave. from Kinney to lot 37 of assessor's plat 101.

Public hearings are scheduled on intention to construct curb, gutter, drainage and related work on:

First from Joslyn to Barkell.
LeBaron from Joslyn to the east end of the street.
Second from Barkell to Fuller.
Wesbrook from Joslyn to the east end of the street.
Willard from Center to Paddock.

A public hearing on special assessment rolls is planned for proposed curb, gutter, drainage and related work on Harrison from Franklin to Bagley; on Markle from Joslyn to the east end of the street; and on Going from Osmun to Whittemore.

A resolution is expected to receive special assessment rolls prepared by the city assessor for curb, gutter, drainage and related work on:

E. Beverly from Joslyn to Fuller.
Fiddis from Jessie to the east end of the street.
Wilson from Going to E. Boulevard.
Irwin from Going to E. Boulevard.
E. Tennyson from Baldwin to University.

In other business, a communication is expected from the Michigan Animal Rescue League, Inc., asking the commission to name a representative, or committee, to meet with the league in regard to securing a site for a shelter on city-owned lot 12 of assessor's plat 147.

A letter is slated from Green Brothers Builders, regarding the replat of Linda Vista Subdivision.

A communication is scheduled from the city of Berkley about a Michigan House of Representatives bill providing for a water source and drainage survey in this area.

A report is expected from the city manager and city engineer on a bid from A. A. Lee of 921 Mt. Clemens St. to purchase lots 861 and 862 of Perry Park Subdivision No. 1.

Michigan Turnpike Man Elected to National Unit

CHICAGO (AP) — William E. Slaughter, Michigan Turnpike Commission chairman, has been elected to a directorship in the newly incorporated National Turnpike Assn.

Evan Howell, chairman of the Illinois Commission was elected president, at a meeting Monday.

Howell said the group's purposes were the exchange of views and information "to foster and abet the financing, construction and planning of properly integrated toll highway facilities."

800-Man Prison Recommended

State Spends $75,000 to Get Third Plan for Youth Institution

LANSING (AP)—IT cost the Legislature $75,000 today to get a third recommendation on the size of a proposed new prison for youthful offenders.

A report on a survey of Michigan prison needs by an engineering and an architectural firm recommended that the prison be built to house 800 men.

The Corrections Commission has already recommended a 1,200-man prison. The wardens of the state's three prisons have recommended it house 600 men.

Today's 72-page survey report was prepared by Chester J. Clark and Associates, engineers of Grand Rapids, and Leinweber, Yamasaki and Hellmuth, architects of Detroit under contract from the State Building Division.

The report recommended spending of $9,836,000 to build the 800-man institution. It agreed with other recommendations that the prison should be of the medium security type and should be the educational center for the state penal system.

The engineers and architects took no stand on the location of the new prison. They said the Legislature and the Corrections Commission should make the decision.

Detailed surveys were included of proposed sites at Ionia, Manistee, Arenac County, Kent County, Livingston County, Macomb County, Saginaw County and Washtenaw County.

Pay Record $115,000 for Interest in Bull

MADISON, Kan. (AP)—Two Texans bought a half interest in an Aberdeen-Angus bull for $115,000—a record price for a bull of any breed.

Bedford Wynne, Dallas, and Bill Byers, Tyler, Tex., bought the interest in 5-year-old Prince 105 of TT from the Simon Angus farm for breeding purposes.

Urbin Simon and John Simon, operators of the farm, said last night the previous record price was $105,000 paid by the McCormick Farms of Illinois to Ralph Smith of Chillicothe, Mo., for a half interest in McLarry Domino 12th a Hereford.

'Facts Forum' Receiving $3 Million Free Air Time

By JAMES DEVLIN

NEW YORK (AP)—A fabulously rich Texas oilman has struck a roaring gusher of controversy in the field of public affairs.

He is H. L. (Haroldson Lafayette) Hunt of Dallas, financial backer of the Facts Forum radio and television programs.

Associates say he is worth two billion dollars, that he makes one million a week.

* * *

Maybe he's the richest man in the United States, if not the world. Hunt himself won't discuss the fortune that he started with $50 in 1921.

The controversy over Facts Forum and how objective it is has swirled for the past several months.

Hunt vows the programs offer fair and impartial discussion of public issues and that they merit the three million dollars a year of free air time they are getting.

* * *

Critics term the forum a political propaganda machine giving major weight to conservatism and isolationism. Some charge it is a front to push Sen. Joseph R. McCarthy (R-Wis) into the presidency. They say it should not get free air time.

* * *

Like most men of great wealth, Hunt shuns personal publicity. But he came to New York recently and called a news conference at the Waldorf-Astoria Hotel to defend Facts Forum against the attacks.

Before his arrival, an associate was asked if there were any truth in a seemingly fantastic rumor that he was worth 500 million dollars. Not half a billion, but more, said the associate. He declared Hunt had 400 million in natural gas holdings alone "and that is only a by-product of his oil holdings."

* * *

His only comment on his personal finances was that he was wiped out as a cotton planter in 1921 when the price dropped from $1.25 a pound to 10 cents.

"So I went into the oil fields with $50," he related. His first investment was in an oil well at Lake Village, Ark. It gushed. Oil wells have been gushing for him ever since.

He appeared unruffled when asked about accusations that his forum is anti-Semitic, anti-Catholic, anti-labor, anti-Negro and pro-Fascist.

* * *

The Providence Journal and Evening Bulletin launched the first major investigation of Facts Forum in a series of eight articles last December and January. The gist of their findings was:

". . . The major criticism that can be made of Facts Forum is that its net effect is to disseminate fear, suspicion and divisive propaganda.

* * *

"The consistent pattern of its 'both sides' broadcasts is to reduce all national issues to:

"Isolationism, ultra - conservatism and McCarthyism—versus—treason or stupidity.

"The results of this, if carried into the entire field of mass communications, could be to increase the pressures dividing segments of American society, to increase group hatreds, and to implant suspicions which did not exist before."

* * *

The New York Post declared in its series:

"Facts Forum, stubbornly insisting upon its political chastity, has announced that its relationship with Sen. McCarthy has been greatly exaggerated.

"Since the nationwide propaganda machine and the junior senator from Wisconsin can scarcely be considered strange bedfellows, it is obvious its protest is motivated less by gallantry or outrage than by a fear of losing its tax-free status as a nonpartisan foundation.

Dan Smoot, commentator on one radio program, follows a format of giving one side of the question first and then the other side.

The critics argue that Smoot gives the liberal side in a perfunctory manner but gives a real emotional pitch to the conservative arguments that close the program.

A Facts Forum TV program presents two senators taking opposite sides on an issue of the day. Critics say these are slanted with a "dumbbell" on the liberal side and an adroit speaker on the conserative side. Hunt denied this.

He says he himself probably could be classed as a conservative Democrat. He favored Gen. Douglas MacArthur for the presidency and later supported Dwight Eisenhower's candidacy.

"There is no thought of using Facts Forum to elect Republicans and defeat Democrats," he said.

He said motives behind Communist criticism of Facts Forum as Fascist-tinged were obvious. But he said he believed criticism from "responsible publications" resulted from misunderstanding and not a desire to smear.

He said Facts Forum, while anti-Communist, had not originated specifically as an anti-Communist movement.

"We do not like to be 'anti,'" he declared. "We are for things, for freedom of the individual."

The Weight of Public Opinion is Against the Excise Tax on Telephone Service

"Which Federal excise tax do you personally object to most?"

That question was asked recently in a public poll conducted by Opinion Research Corporation. They wanted to learn how people personally felt about Federal excise taxes. These were their findings: THE EXCISE TAX THAT INCURRED THE MOST RESENTMENT AND IRRITATION WAS THE TAX ON TELEPHONE SERVICE.

Of the people interviewed, 59% objected most to this tax. It was more objectionable than the Federal excise taxes on gasoline, automobiles, tires, railroad tickets, cigarettes, movie tickets, and many other things.

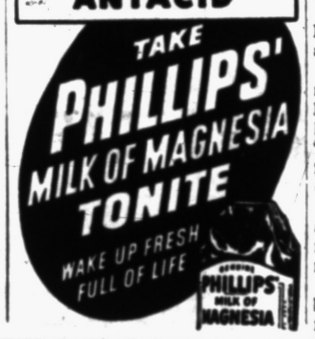

This high percentage of objection to telephone excise taxes is understandable. Each month they add 15% to your telephone bill for local service, and 25% to your bill for long distance calls costing 25 cents or more. For excise tax purposes, it's as though your telephone were a luxury, like jewelry or furs.

We recognize the Government's need for adequate income and for balancing the budget. But if Congress is to consider any excise tax reductions, we believe the excise taxes on telephone service should be among the first to get attention.

All the savings from a reduction or repeal of these taxes would go to telephone users—*not* to the telephone company.

Will Kitchens Vanish?

Quietly and more rapidly than we realize a revolution is taking place in America's domestic life.

We don't know whether it will result in the disappearance of even the most modernly equipped home kitchens. But we do know that the Association of Frozen Food Packers hopes it will.

★ ★ ★

They base this hope on the conviction that the future of the industry depends on their ability to keep the cost of precooked frozen foods within the reach of enough people.

To demonstrate the new possibilities the association recently entertained 2,000 guests in New York. They were served such items as turkey, Normandy trout, chow mein, chicken pot pie, breaded shrimp and fried rice. All of these foods had been precooked, frozen and shipped to the metropolis.

★ ★ ★

Before they were served, the frozen dishes were heated on electric plates and in ovens that would fit into any dinette, and the guests were delighted.

It remains to be seen how enthusiastic a welcome the new idea will get from the Nation's housewives — and their families. Certainly pre-cooked frozen meals offer the promise of emancipation.

★ ★ ★

But, somehow, we sort of hope kitchens won't disappear too soon. Some of the best meals we've ever eaten have been cooked in them by women who could prepare a royal feast from leftovers, on any kind of stove, and even make good coffee in an open sauce pan.

Safe Driving Pledges

An important step toward greater highway safety in this area was taken when more than 5,000 junior and senior high school students of Pontiac signed pledges to become better drivers.

Signings followed special programs arranged in the various schools. Co-operating in the project were the Pontiac Chamber of Commerce safety committee, Mayor Law, Police Chief Straley, State Police, school authorities and the PTA Council.

★ ★ ★

Programs in the local schools coincided with the first statewide teenage driver safety conference in Lansing. Sponsors were the State Safety Commission and the Michigan Youth Advisory Council.

The idea of the pledge approach strikes us as wise and logical. Basic in it is the theory that the act of signing will help young motorists to keep more constantly in mind the vital need of safe driving by emphasizing individual responsibility.

★ ★ ★

Obviously this must be a continuing program. The larger the percentage of students made safety minded, the more rapid will be the reduction in the traffic toll attributable to young drivers.

We feel confident that those who have collaborated in sponsoring this program have made a worthwhile contribution to the never ending campaign against death on our highways.

Reds Violating Truce

Anyone who doubted that the Chinese and North Korean Communists would comply with the truce terms can find vindication in a Seoul dispatch to *U. S. News & World Report*.

This reported the formal complaint made by Maj. Gen. J. K. Lacey, senior U. N. member of the Joint Military Armistice Commission. In it he accused the Communists of building up their military strength in North Korea in violation of the truce.

★ ★ ★

There are five places through which everything entering North Korea is supposed to pass. Neutral inspection teams are at these points. But the Communists, according to General Lacey, bypass these gates.

The result is new Russian made planes are being smuggled in. Airfields that Americans destroyed at heavy cost are back in commission again. Arms supplies have been secretly augmented. Troop reinforcements are suspected. Moreover, U. N. observers charge that the Communists are building a line of steel and concrete across North Korea.

★ ★ ★

The trouble with General Lacey's complaint is that it got nowhere. In fact it reportedly received a quick brushoff by the Neutral Nations Supervisory Commission, to which it was addressed. This commission, made up of two Communist and two non-Communist members naturally is stalemated hopelessly.

The situation above the 38th Parallel only emphasizes what many long have believed — you can't trust Communists. They never intend to honor their agreements.

Those Marshall, Tex., women who continue to defy the Government with reference to paying social security taxes on servants are no doubt making the typically Texan assumption that Texas is bigger than the United States.

I am extremely grateful to your home editor and to you for doing such a fine job.

We happen to be building our home and are using many ideas directly found in those pages. However, even if we were not building we would find usable ideas ad hints on repair, upkeep and the do-it-yourself suggestions on furnishings very worthwhile.

Shooting in House May Shock Congress, Result in Tighter Laws Against Reds

By DAVID LAWRENCE

WASHINGTON — The Communist infiltration forces in the United States, attempting to use Puerto Rican fanatics as a front, have been checkmated in their plot to assassinate President Eisenhower and J. Edgar Hoover, director of the Federal Bureau of Investigation.

For several weeks the existence of this assignment, as given to Puerto Rican agents in New York, has been known here but it was not expected that an effort would be made to shoot up Congress.

The connection between the Puerto Rican Nationalists and the Communists has been well established for some time. As early as July 1943, the American Communist party issued a statement which said in part:

"We pledge our full support to the Nationalist party of Puerto Rico and to the complete unification of all the people of Puerto Rico and their various parties around the supreme task of achieving full nationhood.

"We will fulfill our pledge by rallying the people and particularly the labor movement of our country to Puerto Rican independence as a necessary pre-condjtion to correct relations with all Latin America and as an acid test of the Atlantic Charter. Puerto Rico must and will be free."

Within 60 days after the attempt to assassinate President Truman, the convention of the national committee of the American Communist party on Dec. 28, 1950, in New York City — the last of the Communist party conclaves to be held — had in it a Puerto Rican Communist delegation and this declaration was made:

"We place the responsibility for the bloodshed on Harry S. Truman and on his watchdog — Munoz-Marin (present governor)."

The resident commissioner of Puerto Rico in Congress, A. Fernosisern, who has a seat but no vote, declared after the attempt to shoot up the U. S. House of Representatives that the whole thing was a "Communist plot" because even the extreme Nationalists knew there was no real issue about Puerto Rican independence.

For commonwealth status has been granted, and the decision as to severance of all ties with the United States is in the hands of the Puerto Rican voters themselves. So he concluded that something else entered into the situation — a Communist effort to produce disharmony.

Certainly as the Latin-American conference is about to convene in Venezuela, it is natural for the Communists to make a demonstration in the hope of convincing the Latin countries generally that the United States is oppressing a Spanish-inhabited country—a kind of "colonialism."

The shooting in the House chamber came as a shock in more ways than the dramatic occurrence itself would indicate on its face. For it suddenly awakened official Washington in all its branches to the fact that the Communist menace cannot be pooh-poohed.

Those who have insisted that security measures hereabouts were superfluous now will feel differently about it, and the one place where there has been great laxity — in and around Congress — may at last get the protection it has always needed.

The Puerto Rican Nationalists, like their brethren in the fanatical fold in other countries, are dupes of the Communists. The Nationalists start out with an emotional crusade in the cause of freedom and independence and are egged on by Communist agents who furnish the money and the brains for intrigue.

At first it was discounted, for instance, that the Nationalists in Iran had any connection with the Communists. But later on the plot became clear.

In Guatemala today, the Nationalists insist that they are on their own in their "anti-imperialist" campaigns which take the form of bitter anti-Americanism. But the Communists are in the background. The British government saw through the pretense when the same cry was raised in British Guiana.

For the Communists are fishing in troubled waters everywhere — in Egypt, Tunisia, Syria, French Morocco, India, Japan, The Philippines, Indonesia and, of course, in Indochina, where they have taken over the movement for independence from the French.

Nationalism is a spontaneous affair as a rule but the Communists furnish the guiding brains and supply the terrorists to complicate the situation.

The murderous attack on the American Congress may have an effect opposite to that which Communist forces inside the United States counted on — it may stiffen the resistance and bring about the passage of even more restrictive measures than are now on the statute books with reference to the freedom of movement in America of Communists and fellow-travelers who play a part in the Communist infiltration techniques.

Case Records of a Psychologist

Discover Causes of Your Fears and Conquer Them

Velma and her husband were on a holiday trip to Florida during the winter, when she was thrown into hysteria. She didn't dare sleep in the cottage they had rented. She was terrified. Read about her complex and use this case to soothe frightened children, too.

By DR. GEORGE W. CRANE

Case K-338: Velma D., aged 24, is an attractive housewife.

"Dr. Crane, I have a terrible fear of spiders," she began. "Even other insects like cockroaches and June bugs scare me, too.

"But spiders are my pet aversion. They simply frighten me almost to death.

"On a Florida trip last winter I found a very large spider in our cottage. I got hysterical and wasn't able to sleep in the cottage so my husband had to find another one for us.

"How can a person overcome such a deep-seated fear? I don't want to be miserable all my life because of my phobia about insects."

Sometimes such fears develop because of early childhood experiences as when a school boy will stick a bug down a girl's back.

In other cases, insects may indirectly be a symbol of infection, as of a venereal disease, and hence have an ulterior significance, as you will notice in tomorrow's Case Record.

But regardless of the origin of our foolish fears, the cure is much the same. Face the facts and try to pinpoint the beginning of your dread.

First of all, therefore, try to "date" the onset of your terror. Go back in memory and see if you can dig up the childhood incident tht first launched your abnormal fear.

This will give you a better perspective and thus help dwarf the terror. It will reduce your "mountainous" worry to "molehill" size.

Also, dissect your fear scientifically. For example, spiders are not a medical cause for worry. They don't kill you. Not even thé black widow or the tarantula!

Their bites are momentarily painful, as are those of mosquitoes, houseflies and bees. But they aren't of a serious nature.

Besides, spiders are great friends of mankind. They entrap dangerous flies and mosquitoes which really carry disease germs and do cause deaths, as from typhoid fever or malaria, etc.

If you will study spiders (or toads, snakes, etc.) in great detail, you will find that your childish emotional panic will soon wane.

For when you grow scientific, and analytical you can't simultaneously "emote" or be hysterical with fear.

So read some books on spiders. Watch them patiently weave their webs. Examine them under a microscope.

For the longer you deal with them, the less you will fear them, since there is much truth in the old adage which says, "Familiarity breeds contempt."

It is ignorance which usually produces fear and terror. Facts about anything will generally lessen its power to cause you panic.

You can thus re-condition your emotions to your previous terror and soon actually enjoy the former taboo creatures.

The same strategy is used regarding a child's fear of sleeping in the dark. By tactful degrees, let its Daddy play hide and seek with the youngster in its bedroom.

First, have him hide in the latter's bedroom, with the lights on. Mother and child then hunt him. Next, let him hide in the bedroom closet, with closet light on and bedroom well lighted.

Then let him hide there with closet light off but bedroom light on. Finally, let him hide there with both bedroom and closet lights off.

The child's glee in finding its Daddy, will ultimately supersede its former fear.

For you will "condition" the child to pleasure instead of pain re the dark bedroom.

The big fish in the duly elected aquarium tell us all this taxation, all this turmoil and all this grief is to make the world safe for posterity.

There's a subject we would like to moot a little.

It has always been our well-formed opinion that history should spank its own babies. Let's worry about this side of the hill.

If posterity is to pay for our mistakes we'll endorse the note. And could use an installment here and now.

First they made the world safe for democracy. That was started by Woodrow Wilson around 1914. Then they whipped it to a prospective lather for future democracies. Woody was looking further ahead than a conductor ringing up fares in the car barn.

Posterity is people who bought their tickets from a speculator. Their names in the pot but they neither chip nor git. They have no more to do with the present than you have to do with the shape of Labrador.

I'm fed up with this so-called posterity of 2276 anno dominoes. How do we know it isn't going to be the abominable snow man of the Himalayas? Do we have to pay a sur-tax for a 2463 kid with two heads?

School Children's Headaches May Stem From Heater Giving Off Carbon Gas

By WILLIAM BRADY, M.D.

I am teaching an 8th grade class of 34 pupils who, apparently, used aspirin last year when threatened with headache. Sometimes four or five in an afternoon ask for a "pill."

I try to discourage the habit. Am I right or wrong? I need information to bolster my position if I'm right.

On the other hand it will be easy to hand out the tablets if I'm wrong. (J. W.)

School children who have headaches should be under medical care. It is not at all natural or normal and certainly not a proper concern for a teacher or other layman.

If the headaches occur in the afternoon, as your letter suggests, and especially in the coldest weather, a possible explanation may be carbon monoxide anoxia from breathing odorless, colorless carbon monoxide given off by faulty heater, leaky gas pipe or fixture, sooted burner or the like.

Remember, it takes only a wee bit of carbon monoxide in the atmosphere of the room (one part in 1,000 parts of air) to produce tightness across the forehead, headache, noticeable flushing of the face, throbbing in temples . . . if the polluted air is breathed for an hour or more.

If your school has no school physician it might be well to send a note to the pupil's parent saying that the pupil's headaches alarm you and perhaps he or she needs medical advice—if the parent is dumb enough to laugh at your suggestion or to resent your interference, at any rate you will have done your duty.

Instead of handing out or even permitting a pupil to take dope of any description during school hours, an alternative way to handle the problem when parents are not intelligent, is by a kind of scientific neglect.

When a pupil complains repeatedly of headache, quietly excuse the pupil from the room and tell him or her to go out and run or walk fast around the block once or twice or, if there is a gym, go to the gym and do some rope skipping or equivalent exercise for five minutes.

That will relieve many a headache without the hazard of destroying red blood corpuscles or damaging the heart with aspirin, acetanilid, phenacetin or the various nostrums containing one or more of these sense-deadeners.

A state known to physicians as anoxia (insufficient oxygen in cells and tissues) and anoxemia (insufficient oxygen in the blood) accounts for all the effects of carbon monoxide "poisoning," gassing or asphyxia (another term for oxygen deficiency).

In fact carbon monoxide is dangerous only because it combines with the hemoglobin of the red corpuscles and crowds out the oxygen the hemoglobin should carry to the body cells and tissues.

Anoxia, no matter from what cause, is, I believe, the explanation for early morning headache in many instances. Instead of resorting to dangerous headache dope or this or that stimulant, it is better to get out and do some work, play or exercise that will automatically increase the rate and depth of breathing, increase absorption of oxygen.

This dispels most headaches in a few minutes but alas, many sufferers are too . . .

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

Demand More Data on Firings

Dem Senators Seeking Added Information on Ike's Security Ousters

WASHINGTON (AP) — Democratic senators have served notice they want from Chairman Philip Young of the Civil Service Commission more details about government "security risk" firings on which he released a long-sought breakdown last night.

He sent to Congress a report stating that out of 1,782 security separations by the Eisenhower administration between May 28 and Dec. 31 of last year, 355 involved persons with subversive information in their files.

• • •

He was called to testify today at a public session of the Senate Post Office and Civil Service Committee. Its Democratic members have demanded an investigation of what they contend is misleading information put out by some Republicans about the employes involved.

President Eisenhower has said his administration got rid of 2,200 security risks in its first year in office.

Young said yesterday his 1,782 total did not include 442 separations in the Defense Department, on which details would be submitted later. That apparently accounted for the discrepancy between his figures and the President's.

• • •

The report furnished yesterday listed 2,008 cases outside the Defense Department, but some persons fell into more than one category, as for instance a loose talker also found to be a heavy drinker. Only 1,782 individuals were involved.

The breakdown on the 2,008 separations was: information of a subversive nature, 355; sex perverts, 190; felonies or misdemeanors, 504; other unspecified causes, 959.

The separations included 983 persons fired and 1,241 who resigned, including the 211 dismissals and 231 resignations in the Defense Department. The report did not indicate whether some of these employes got jobs in other agencies.

Puerto Rican Threatens Life of President

HARTFORD, Conn. (AP)—Pedro S. Orozco, 24, a Hartford Puerto Rican, will be presented before a federal grand jury at New Haven today on a charge of threatening to "kill the President."

He was arrested yesterday at about the same time a group of Puerto Ricans in the balcony of the House of Representatives in Washington sprayed shots onto the crowded House floor, wounding five representatives.

He was arrested on a charge of nonsupport while he was testifying against his estranged wife, who was being tried in police court on a charge of breach of the peace. He was taken to police headquarters for fingerprinting.

Detective Capt. Joseph P. McDonald quoted policeman Otto H. Felie as saying Orozco threatened to "kill President Eisenhower" while he was being fingerprinted.

McDonald reported the incident to U. S. Atty. Simon S. Cohen, who issued a warrant for Orozco's arrest and ordered him presented before U. S. Commissioner Benedict M. Holden.

Holden, finding probable cause, ordered Orozco held in bonds of $15,000 pending his arraignment before the federal jury.

Although two policemen testified before Holden that they had heard Orozco threaten the President's life, he denied having made the statement.

"I never carried a gun or a pistol," he said on the stand."

Cohen said that while Orozco has been drawing unemployment compensation benefits here, he has made trips to New York and Detroit. Cohen said a compete investigation of the man's travels would be made "since we don't know if he is a lone wolf or a member of the Puerto Rican nationalist group."

Cloud Over Albuquerque Only River-Fire Smoke

ALBUQUERQUE (AP) — Hundreds of Albuquerqueans were told last night not to worry when they called radio stations and newspapers to inquire about dense clouds of smoke over the city.

It's only a big brush fire in the river, they were told.

And it was just that—a fire in the river bed of the almost dry Rio Grande.

Tax Office Set to Handle Rush

Internal Revenue Here Schedules Later Hours to Aid Taxpayers

The Pontiac branch of the U. S. Internal Revenue Bureau will stay open additional hours through March 15 for the convenience of local taxpayers.

A. M. Menninger, district director of internal revenue, said the branch at 53½ W. Huron St. will be open March 6 from 8 a.m. to 1 p.m., March 8 through 12 from 8 a.m. to 8 p.m., March 13 from 8 a.m. to 4:30 p.m. and March 15 from 8 a.m. to 8 p.m.

The branch also will maintain telephone service during the above times, Menninger stated, and taxpayers can obtain advice by calling FE 4-2541 or FE 4-6642.

Taxpayers who appear at the local office for assistance should bring their copies of forms 1040 and 1040A, because the supply is short, Menninger added.

Girl, 18, Gets Probation for Larceny From Home

Miss Carmen M. Sal Sadio, 18, was placed on three years probation by Oakland County Circuit Judge H. Russel Holland Monday on a charge of larceny from a home.

The girl pleaded guilty Feb. 11 to stealing clothing from a home at 337 W. Pearl St., Royal Oak, last Nov. 26 while employed there as a domestic. She had been rooming in a home at 643 Temple St., Detroit.

Murder Plans Called a Joke

Waterford Township Youths Say They Were 'Just Fooling'

Two Waterford Township High School youths and their girl friend told police yesterday that they were "just fooling around" when they made up two letters which marked at least six people for death and included detailed plans for a drug-store breakin.

The "crime" plan was found on the youths Sunday morning when they were arrested by Royal Oak Township Police in a stolen car. The boys had a loaded pistol with them.

Meanwhile Waterford Township Police Chief Frank Van Atta said they have several names which, while not connected with the boys' "death list," may bring solutions to several crimes.

Those slated for "death" were two of their teachers, one of the boys's brother-in-law, the two girl friends and some unidentified man referred to as the "man up north in the cabin."

"I just dreamed it all up," one of the boys told Oakland County Juvenile Court authorities yesterday.

He said the "death plot" was inspired by a movie, on a prison riot. Slang in the typewritten message matched that used in the movie.

The boys, held in Oakland County Children's Home Sunday night, face a preliminary hearing in the Juvenile Court Saturday. Later, auto theft and concealed weapons charges may be pressed.

The boys were released to the custody of their parents.

The boys were described yesterday by their teachers as "no more troublesome than other boys usually are."

Both teachers were surprised, but not frightened by the threats. "I had two or three other boys in mind when I heard my life was threatened," one said, "but I never figured it would be these two."

The youths admitted making up the notes about two weeks ago at their girl friends' home. When questioned yesterday by Waterford Township Patrolman Millard Pender the girls said they knew they were on the "bump off" list, but said it was a "big joke."

One of the boys' guardians said he was never any trouble and always minded around the house.

Plans found on the youths also blue-printed a breakin of a Pontiac Township drugstore. When called by Police Chief Van Atta, the druggist said the plans made by the youths were "quite thorough."

Union Dispute Hits Two Construction Projects at Pontiac Motor

Building trades workers were ordered to stop work yesterday on two construction projects at Pontiac Motor Division.

The order did not affect, however, other regular Pontiac Motor employes working on the Car Finish Building and the Personnel Building addition.

Meanwhile, some 5,000 other building trades employes were ordered off their jobs where two Detroit construction firms hold contracts.

The AFL Building Trades Council called the moves yesterday after an executive session on future strategy in the union's jurisdictional dispute with the AFL Teamsters.

The building trades action brought a quick end to earlier assumptions that a settlement might be in the offing.

Nab $840 From Safe at White Lake Hall

White Lake Township Hall was broken into and $840 taken from a vault-safe, according to reports received yesterday by Oakland County sheriff's deputies.

Township personnel said the hall was entered by thieves over the weekend through an east side door.

They drove the combination of the vault-safe out with a hammer, and then scattered records around the room in their search for money. Missing were $800 in bills and $40 in change.

Waterford Lists Penalty on Delinquent Taxes

WATERFORD TOWNSHIP—Beginning today, delinquent Waterford Township taxpayers will pay a 4 per cent penalty and ½ of one per cent interest per month until taxes are paid.

Payments must be made to the Oakland County Treasurer's Office, 1 Lafayette St., Pontiac. During this month, a revised statement from the township treasurer's office must accompany the remittance to the county treasurer.

10 Michigan Congressmen Amidst Spraying Bullets

WASHINGTON (AP) — Michigan's 10 congressmen who were in or near the house chamber yesterday when Puerto Rican radicals opened fire gave vivid accounts of the tragedy today.

Rep. Bentley (R-Owosso) was hit and seriously wounded. Reps. Cederberg (R-ay City) and Shafer (R-Battle Creek) came so close to being shot they were still gasping for breath today.

Cederberg, a former infantry captain, was seated behind Bentley. He gave this account:

"When the shooting started, I didn't think. I guess my old Army experience came back because I just automatically hit the floor. As I was going down I felt two bullets whiz by me and I knew this wasn't the work of pranksters.

"When the shooting stopped I saw Rep. Davis (D-Tenn) had been hit in the leg. I walked toward him and then saw there was a man lying on the floor. Then I recognized it was Al (Bentley).

"I rushed to his side and he recognized me. He asked me to call his wife so she wouldn't hear it over the radio first. He said to assure her he was all right.

"That was the hardest thing I've ever had to do. She took it pretty bad."

Rep. George Dondero (R-Royal Oak) gave this account:

"I was sitting one seat ahead of Rep. Charles Halleck. A bullet just missed him and splintered the table in front of him. I had just got up from the table and fell to the floor. I would have made a perfect target had I remained standing."

Shafer was standing almost in the line of fire and was standing along the rear walls. Said Shafer:

"All hell broke loose. I looked up and saw these people shooting. It took a few seconds to get my wits together.

"Rep. Harris (D-Ark) said hit the deck. He said 'I got hit,' but it turned out to be a splinter of wood paneling behind us where two bullets crashed into the wall. The bullets hit the wall right where we were standing."

Rep. Hoffman (R-Allegan) was standing near the visitors' gallery from which the shooting emanated. He said:

"I dashed out and up to the balcony. I guess I was going to try and catch them. I didn't have sense enough to realize they might have one bullet left."

Hoffman, 77, joked some:

"I figured they could only be shooting at newspapermen or cops."

Rep. Meader (R-Ann Arbor) said:

"I thought they were firing blanks, but when they started to point their guns down at the members, I wasn't taking chances . . . I wasn't too curious after I heard the bullets hit the wall."

Reps. Machrowicz (D-Detroit) and Rabaut (D-Detroit) were seated together and said they froze in their seats.

Rep. Ford (R-Grand Rapids) was conducting a committee hearing in a room on the second floor. "We heard shots and moved out into the corridor. The police were holding a woman and a man who was struggling to get away," he said.

Rep. Bennett (R-Ontonagon) said he saw plaster falling from the ceiling and dashed to the rear of the room for safety.

Rep. Ruth Thompson (R-Whitehall) usually sits in the center of the chamber, just across from where Davis was hit in the leg. She was just returning from lunch and said she guessed her "number wasn't up."

6 Motorists Caught Without 1954 Plates

Pontiac Police reported issuing six more tickets yesterday to motorists who failed to obtain 1954 license plates before the Sunday night deadline.

None was issued by Oakland County Sheriff's Department or State Police of Pontiac post.

Sgt. Claude Evans of Pontiac Violation Bureau said seven motorists have received citations so far.

Meanwhile, LeRoy F. Kellogg, assistant branch manager of the Pontiac Secretary of State's office, said "Sales are pretty well cleaned up. There may be some stragglers, though."

He added that the local office has 10,000 plates yet to sell, but these will be sold throughout the year to buyers of new and used cars. Kellogg said sales so far total 49,000 plates.

Columnist Grateful for One-Room, One-Teacher School in Missouri

Mary Margaret McBride Says:

In Bygone Days Children Really Knew Three R's

A good many parents these days are adding to the controversial din about conditions in our public schools by accusing the authorities of failing to teach their children to read and write.

Howard Whitman, magazine writer who is making a survey of our educational system, tells me some mothers complain that their boys and girls learn only to print and are actually incapable of deciphering the script in letters from friends and relatives.

MISS McBRIDE

One disgruntled father, worried also about the new theories of discipline, declared grimly "the three R's in our schools today stand for Rest, Relax and Receive."

All this makes me feel pretty good about the one-room, one-teacher schoolhouse to which I went as a child in Missouri. At Salem we had all grades from the primary through the eighth.

Mornings, Miss Verne Holloway, our teacher, would call up a class in arithmetic and set it to work at the blackboard. Then she'd give a reading group a study task. And finally she would hear the fourth grade spell.

I read all the stories in my primer and soon finished Otha Hogsett's first reader to boot. My only other schoolbook was a speller but Miss Verne taught me numbers orally and of course how to count up as far as 100.

I didn't care much for numbers, but I loved to spell, and the lessons in penmanship were best of all. I wrote the names of my family over and over.

When recess came, we all — teacher included — went out and played dare base, hide-and-go-seek and Andy-over. In Andy-over one side threw a ball over the schoolhouse and the other side stood ready to catch it. The schoolhouse was so small that it was easy to slam the ball right over the top.

There were no school cafeterias in those days, so Mama put up our lunch in a tin bucket — what was left of the breakfast fried ham thrust between two slices of lightbread, other slices spread richly with butter and grape jelly.

If there were any of the wonderful raisin-suffed cookies, we took those. Always we had apples — Ben Davises dry and mellow and tasting of the earth in which they were buried, or Jonathans spurting juice when sharp teeth crunched in.

There were no school buses, either. My brother Tommy and I usually rode to school together on our old horse, Flint, and quarrelled about who would sit in front.

Sometimes, if Miss Verne had spent Saturday and Sunday with us, she'd put on her long black riding skirt and ride side-saddle with Tommy and me both in back. On those days, our tin bucket held fried chicken and caramel hickory cake, for teacher ate with us.

I don't remember much about our report cards although I suppose we had them, and I wouldn't know whether we were injured by the competition for good marks as the modern anti-grading group thinks some children are now.

But I am sure that when we left our little one-room schoolhouse, we could read and write, both printing and script, add, subtract, multiply and divide, sometimes even in our heads. And I can't help thinking these still are important in education. Anyway I'm glad the schools are on the front pages. Public interest will help solve the problems.

Mrs. Fell Tells Recipe for Salad

Frozen Pears Are Topped by Unusual Fluffy Dressing

By JANET ODELL
Pontiac Press Food Editor

A delicious salad to use as the main course for a luncheon or for evening refreshments is this frozen pear salad made by Mrs. Max Fell of Drayton Woods. The dressing is unusual.

Mrs. Fell enjoys homemaking for her husband and two sons. She teaches Sunday School and belongs to a missionary group. Other social activities include membership in PEO and in an extension club.

FROZEN PEAR SALAD WITH FLUFFY DRESSING

By Mrs. Max K. Fell

2 large cans of pears
3 egg yolks
6 tablespoons vinegar
½ pound marshmallows
½ pound seeded raisins, chopped
1 cup pecans, chopped
½ pint whipping cream

Freeze the pears, juice and all, in your ice cube trays. Cook egg yolks and vinegar in double boiler until smooth and thickened.

Add marshmallows, stir until dissolved. Add raisins and nuts. Cool. Add whipped cream, folding in gently.

Spoon over frozen pears and serve with cheese biscuits.

Love For Weddings Is Career Clue

By ANNE HEYWOOD

Whenever a woman has a deep, abiding interest, it is apt to be the clue to her possible money-earning capacity.

Too often we try to be "sensible," and overlook the things we just naturally love. But the clever woman capitalizes on her enthusiasms. For example, take Mrs. L. L.

"I just love weddings," Mrs. L. L. told me. "And I've had my share of them, what with four daughters.

"Well, the day after my youngest was married, I was quite sad, not only because the house seemed so lonely, but also because now there wouldn't be any more bridal gowns to fit, or trousseaux to plan, or bridesmaid dresses to select.

"But that's as far as my thinking went. I dragged through that year, wishing I had a job or something to keep me occupied. With just my husband to keep house for, I had a lot of time on my hands.

"But there was no job I was trained for, and I didn't know what to do. Occasionally, a friend would get my advice about her own daughter's wedding, and that always perked me up a lot.

"That June I did a lot of helping with weddings. And I began to wonder why our local big department store didn't do a better job.

"They had a 'bridal salon,' so-called, but it wasn't good at all. All my friends realized it—that's why they always got my help in assembling the things.

"I began to discuss it at some length with my husband. 'I wonder why they don't have a really good bridal salon,' I kept saying.

"You know how men are. One evening he turned on me.

" 'I'm tired of hearing about it,' he said. 'Why don't you go down and tell them to their face how bad it is?'

"It took a lot of nerve," Mrs. L. L. continued, "but I did. I went to see the manager of the store and told him what I'd been thinking. He asked me how many weddings I had helped with, and when he heard how many, he offered me a job!

" 'You try your hand at running our bridal salon,' he said. 'If you improve the business, after a couple of month's trial, you'll have a real job.' "

Mrs. L. L. has a real job today, because she knew what she wanted.

How to Plant Foundation Shrubbery

Too Much Makes House Seem Adrift on a Green Cloud

By HUBBARD COBB

This is just about the time of year when people sit down with seed catalogues and start dreaming of all the things they are going to grow during the coming year.

Well, before you get out the order blank we'd like to say a few words on the subject of foundation planting—the shrubs and bushes planted in front of the house foundations.

The purpose of these shrubs and bushes is to tie the house and the grounds in together and this is a good thing.

On the other hand, if you have too many shrubs so that none of the foundation wall is exposed, it's going to make your house look as if it were floating on a green cloud.

Be careful not to select bushes that will grow too tall, for these will need constant pruning or else they will cut out light for windows.

And don't plant the bushes too close to the house itself. Keep them about 18 inches away from woodwork. If you don't, you may find various kinds of insects using these plants to gain entrance to your home.

Don't put plants and bushes in front of basement windows or vents in foundations for they will cut out both ventilation and light to these areas and increase the possibility of dampness.

Don't let them get too close to woodwork for this makes it difficult to give the woodwork proper attention and pretty soon it will be damaged by decay.

A manufacturer of electroplated nickel silver says this is the way to care for it: "Wash it in the usual way with your dishes. Do not apply abrasives. A soft cloth will remove tarnish and restore the plate to its original luster."

Bridal Gift Received Minus Card

Girl Wonders How to Find and Thank the Sender

By EMILY POST

A bride-to-be tells me: "I received a very handsome wedding present this morning, sent from one of the large department stores here in the city.

"I have searched high and low but cannot find the sender's card and therefore do not know whom to thank for it. Will you please tell me what, if anything, I can do about this?"

Answer: You might call or write to the store and describe the article and tell the date on which it was delivered, and they may be able to trace the sender for you.

If this is not possible, you could tell several of your friends about the present you received with no card enclosed and perhaps you could find the sender in this way.

Dear Mrs. Post: A young man in our office is to be married soon. We all like him very much and most of the girls think we should get him a wedding present.

I am one of those who would be glad to give something to him, but I think it makes no sense at all to send a present to his fiancee whom we have never seen.

Answer: In this case I agree with you and think it would "make most sense" to choose something for him personally and give it to him when he leaves the office on his last day before the wedding.

Dear Mrs. Post: What is the correct wording on a gravemarker John J. Brown, John J. Brown, D. D. S., or just plain John J. Brown?

I feel the name alone is correct, but his family insists that his title should be included. Your opinion will be appreciated.

Answer: You are right. His name alone would be in best taste.

IF thin chest, large hips—

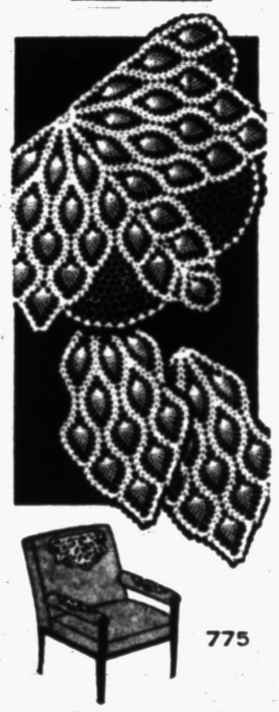

High drapery to balance narrow shoulders, flat bosom. Draped hip sash camouflages large hips. Full skirts also.

Mrs. T. F.—Bodice tops are almost invariably contrived of wide diagonal folds lifted from the bosom to the shoulder points, creating a ladylike arm covering. A long slender column of flattering drapery down one side takes inches off large hips.

The only thing some women like to cook is their husband's goose.

Here's the double feature of the scarf slip for wear under spring suits. For an at-home costume it may be worn with a dirndl skirt banded with a cummerbund waist. Or the dirndl may be worn with the bloomerette, a new mode for summer sleepwear. All in a sparkling geometric print with lipstick red or turquoise on white.

Admirer's Crude Tactics Win Disapproval, Not Girl

By ELIZABETH WOODWARD

"Dear Miss Woodward: Martin, who is very smart when it comes to such things as electronics, is a dud when it comes to schoolwork. And as for personality, he has positively none.

"Shortly before Christmas he started taking an interest in me; and when somebody like Martin takes an interest in you it's really no compliment.'

"The way he shows affection is by chasing you, slapping you on the back and other such crude methods. Sometimes it's a little frightening.

"He has been telling everyone he's going to marry me some day. How can I keep him from hanging around and keeping other boys away?"

Well, if you're allergic to horseradish, you avoid horseradish, don't you? If you're allergic to Martin, you avoid Martin. It's not quite as easy as saying "shoo-fly"—but it can be done, even when Martin turns up wherever you are and buzzes around until you're about crazy.

First off, get you a bodyguard. One girl, two girls, more girls. Wherever you go have your bodyguard with you. There's safety in numbers. A bunch of girls will daunt even Martin.

And you can count on them to protect your interests. Where you can't put up a fuss over Martin's demonstrations of affection — the other girls can say right out loud what they think about them, it's no hair off their hide.

They can scold him for roughhousing — they can tease him for making a nuisance of himself — they can make it clear that his presence isn't adding joy to their lives. Their attitude just might scare him away.

And for moments when he might catch you alone, you'll need protective coloration. You're too busy to stop to talk — so keep moving. You're just about to go somewhere and you're late already and you'll see him later. You can be too preoccupied to notice him (all the while maneuvering yourself nearer your bodyguard).

If he turns up at home, let somebody else answer his ring (cause you're washing your hair. That's an argument no boy can dispute. He knows you're not going to turn up all wet and with curlpapers.

And there are other excuses for not being at home that are just as valid. Run down the list until he realizes it's pointless to waste his time tracking you down to your own house.

Of course, by this time Martin may have changed his tactics entirely. He may have taken the hint that his rugged methods are too crude for your tastes. He may have smoothed out, calmed down, sharpened up and taken in all your little artful dodges.

He may be either utterly discouraged — or utterly changed. Time and experience have a way of doing both to a boy.

So, make up your mind which you want to do to Martin. Discourage him completely? Or change him into the kind of boy who could interest you?

Call off your evasive tactics at just the point where you've accomplished your purpose. And stick to your choice with no regrets.

Spritely Colors Enliven Leather

Young - spring - fresh - feminine - gay—those are the adjectives that come to mind in viewing the newest leather colors.

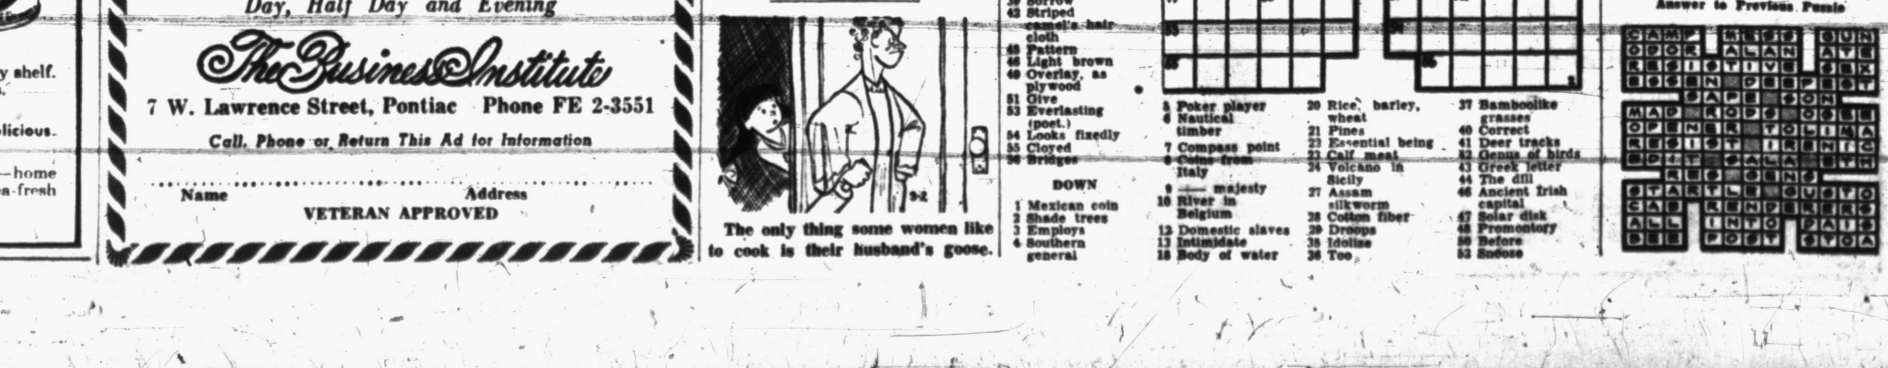

A good part of the news is the use of off-beat colors not usually associated with leathers. There's a delicate tone called "pink cloud" and an equally pale aqua called "freshet." A green, "linden," with a yellow cast, is the color of young leaves and spring shoots.

A bright pink, "azalea," is vigorous and gay. The yelloy-y "bamboo" and a pale, serene "sand" are the two neutrals being shown.

Spring is made for color—even a gray city street looks the happier for a gay sprinkling of color. Notice how the men look and smile at the girl in a pretty color.

Pins Chip Teeth

Don't chance ruining your teeth by opening bobby pins with them. You can easily learn to open the pins by pressing against the cushion of an index finger.

B'nai Israel Party to Aid TV Therapy

Proceeds Will Go Toward Purchase of Sets for Hospital

Members of Congregation B'nai Isarel are planning a benefit card party for March 9. Proceds from the party will go to Pontiac State Hospital where they will be used toward the purchase of television sets.

According to Richard Arthaud, a supervisor in social service at Pontiac State Hospital, television provides the most effective therapy that has been introduced in many years.

Television provides new interest for patients who are depressed and also works the other way to calm those who are overly active.

Among its other values, television therapy brings patients together and creates a friendly atmosphere, Mr. Arthuad said, and it is an excellent way to keep patients interested in world events.

The hospital has approximately 66 wards. Thirty-one of them are now equipped with television. Four sets were donated during the month of February.

Honeymooning in Chicago are Mr. and Mrs. Gaylen W. Troutman Jr. who were married Saturday afternoon in St. Benedict Church. She is the former Joyce McQuaid, daughter of the late James McQuaids, and the Gaylen W. Troutmans of Beaumont, Tex., are his parents.

Alumni Officers Named

Mrs. Neil Crowe of Rochester was voted chairman of Bowling Green State University Alumni Association Saturday at Devon Gables.

Others elected at the alumni dinner include Dick Davis of Rochester, vice chairman; Joyce Schmidt, secretary, and Bob Kauffman of Detroit, treasurer. On the executive committee are Robert Tripp of Detroit, Joe Ryder, Flint, Charles Husley of Detroit, Willard Pilch of Royal Oak, Mrs. Robert Slonaker and Virginia Orthwein of Royal Oak.

Dr. Walter Zaugg, director of alumni relations spoke on the progress of the Bowling Green, Ohio, university and Professor Creason, freshman football coach and chairman of the alumni committee, spoke on the athletic program.

Dr. Gilbert Cooke of the university's Department of Business Administration was also a speaker.

Among Pontiac area residents in attendance were Carol Charles, Mrs. Robert Hanley, Jean Hutchinson, John Youngpeter, Mr. and Mrs. George Yansen, Muriel Hutchinson, Ruth Dennis, Agnes Levering, Mr. and Mrs. Dale Nelson, Jack Saylor and Jack McCaffrey.

Plans were made for an alumni picnic to be held in June.

Ornate Jewelry Takes Spotlight

NEW YORK, N. Y. —After peering into their globes, fashion forecasters here predict that precious jewelry will be bigger and more lavish this spring than ever before.

Jewelry stylists attribute the "large, elegant" look to the need to key jewelry to women's dress fashions, whose slim, plain silhouette calls for bright accents.

The result is a greater abundance of jewelry in the conversation-piece class. Typical is a platinum spray brooch by designer Sol Scharf that is studded with baguettes and brilliants. The motif is a delicate floral bouquet tied with a platinum bow knot.

Six long, slender stems made of this queen of precious metals, and tipped with round-cut diamonds, are intended to represent blossoms. Two wider platinum stems project from the bouquet in the guise of leaves, each set with three baguettes.

The bow knot is paved with small diamonds surrounding a single large center gem. In all, 56 stones of varying sizes and shapes are used.

Former Resident Honored at Shower

Mrs. Thomas Knight of Albion, formerly of Pontiac, was honored Sunday afternoon at a pink and blue shower given by Mrs. Donald Lucarelli and Mrs. Lee Wirick in the Wirick home on Judson court.

Guests included Mrs. Ivan Knight, Mrs. Robert Knight, Mrs. Royce Lazenby, Mrs. Burnell Drum, Mrs. Lowell Vollmar and Marijane Vollmar.

Others were Marlene Lazenby, Mrs. Marvin Addis, Mrs. Duncan McDonald, Mrs. Donald Hendron, Mrs. William Newman, Jane Lucarelli, Mrs. J. Hardy Fair, Mary McLean and Mrs. James Edwards.

Nylon Bathmats Most Practical

Nylon on your floors is not new but nylon bathmats are. This material, of course, is as much at home in the washtub as soapsuds themselves — and doesn't absorb dirt as readily as other fabrics.

This is important on a bathroom floor where there are more spills per square inch than anywhere else in the house.

For real efficiency and convenience, have a duplicate bathmat as a spare so there's always one ready to go on the floor while the other is being washed.

Recovering at Home

Mrs. Oscar Wallen has returned to her home on Geneva road after undergoing surgery at St. Joseph Mercy Hospital.

Wallace G. Browns Fete Granddaughter

Mr. and Mrs. Wallace G. Brown of South Tilden avenue were hosts Sunday for a birthday party honoring their granddaughter, Paula Marie Cornell, daughter of Mr. and Mrs. Paul Cornell of Inkster.

Guests were the Keen Haddads, the Burl Morrises and their daughter, Judy, the William Godfreys with their son, Timothy, the Melvin Washburns and their family, and Connie Crozier and Patty Brown.

Booster Class Sees Pictures of Alaska

Mr. and Mrs. Fred Manes, Foster Levering and Mr. and Mrs. A. L. Norris were hosts Saturday evening at a meeting of the Booster Class of First Methodist Church held in the church parlors.

Mr. and Mrs. Standish Sibley showed pictures of a trip to Alaska. Mr. and Mrs. Norris will show pictures of a trip to Mexico at the next meeting of the group.

Mr. and Mrs. C. C. Hursey of Spence street announce the engagement of their daughter, Jane, and Clinton C. Lippard Jr., son of Mr. and Mrs. C. C. Lippard of Oakland avenue.

Puerto Rico's Governor Sends His Sympathy

LANSING (UP) — Gov. Luis Munoz-Marin of Puerto Rico telephoned Gov. G. Mennen Williams Monday night to express the sympathy of his people for the attack on Michigan Rep. Alvin M. Bentley by three Puerto Rican terrorists.

The Puerto Rican Governor reached Williams at the Alpena State Police Post.

The governor sent a telegram to Congressman Bentley, whose home is in Owosso, today wishing him speedy recovery. It said:

"All of us are shocked by the news and on behalf of the people of Michigan I express our deepest concern and earnest wish for a quick recovery."

4 Puerto Ricans Feel No Regret

3 Men and Woman Call Themselves Patriots, Not Criminals

WASHINGTON (UP) — Here are four Puerto Ricans — three men and a woman—in jail and accused of disrupting official business of the world's mightiest nation with gunfire.

Although they expect to be punished, they do not consider themselves criminals, but rather patriots.

Mrs. Lolita Lebron and Rafael Concel Miranda made that quite clear last night in an interview at police headquarters barely eight hours after they let go with a wild fusillade of pistol shots that felled five congressmen.

* * *

To Americans, the whole incident may seem incredible, but to the pair, somehow, George Washington, the American Revolution and the shooting are connected.

Certain facts are clear. They met in New York City Feb. 22—George Washington's Birthday—to perfect their fanatic plans.

Obviously, Mrs. Lebron and Miranda, at least, thought of themselves as two of the world's little people; two people without a voice but with a burning message, "Puerto Rico must be free!" Their two alleged associates in the shooting did not appear at the interview.

Mrs. Lebron reminded reporters, almost wildly, that "when you liberate your country, your people they fight and die."

* * *

Mrs. Lebron, 34, the oldest of the four charged and the most articulate in English, said frankly they came to Washington "to make a political demonstration."

She apparently had considered the very practical question of who would listen to four Puerto Ricans.

She said March 1 was selected because that was the date for the opening of the Inter - American Conference in Venezuela.

* * *

She said the shooting was to "bring the attention of the people to the plight of Puerto Rico. It is a country that is not free." She likened it to the American colonies before the Revolution.

She was scornful of the duly elected legislature in her native land. "They have pledged allegiance to the United States," she said.

As for Miranda, he stood almost stolidly for about 30 minutes, answering only an occasional question.

Then someone asked a question about the details of the shooting and he burst out, "We don't talk about the little things" and embarked on an arm swinging outburst of words in which he said the only things he wanted to talk about were "my country and freedom."

In a quieter moment he said, "I just look for Senate and shoot. The face, I don't look."

Mass Shooting Recalls Others

Attempt on Sen. Bricker by Former Policeman Failed in 1947

WASHINGTON (INS)—The mass shooting in the House Chamber brought recollections today of other incidents of violence on Capitol Hill in the past.

On July 12, 1947, a former policeman fired two shots at Sen. John W. Bricker (R-Ohio) as he was about to board a subway car at the Senate Office Building. The ex-policeman, William L. Kaiser, missed his target and was committed to an insane institution, where he died the following year.

In December, 1932, then Rep. Martin J. Maas (R-Minn), prevented a man in the spectators gallery from emptying his gun into the House chamber. Maas, an ex-Marine General, calmly walked down the House aisle and told Marvin Kemmerer, 25, of Allentown, Pa., it was against the rules to shoot at members. Kemmerer heeded his admonition and threw down his loaded pistol.

In March 1921, former Sen. Charles B. Henderson (D-Nev), was shot in the arm by Charles A. Grock, 65, of Takoma Park, Md., who was interested financially in some Nevada land.

In 1890, Rep. William P. Taulbee (D-Ky), was fatally shot on a house stairway after an altercation with a Louisville newsman, Charles E. Kincaid. Taulbee objected to Kincaid's stories.

In 1856, Rep. William Stanberry (D-Ohio) tried to shoot General Sam Houston after the General caned him, but the gun failed to go off. The incident occurred a short distance from the Capitol on Pennsylvania avenue.

PR Governor Flying to U. S.

Munoz Marin Said to Be Accompanied by 11 Other Officials

MIAMI, Fla. (UP) — Gov. Luis Munoz Marin of Puerto Rico left San Juan for Washington today aboard a special Pan American World Airways plane.

Eleven other officials of the government were reported accompanying him, PAA officials reported in Miami.

* * *

A few hours before departure the governor told the Miami Herald by telephone that the shooting of five congressmen in Washington yesterday was caused by the insignifican in numbers Nationalist party.

"There are not more than 500 Nationalists on the whole island and not more than three dozen of them savage enough to do such a horrible thing," the newspaper quoted him as saying.

The Puerto Rican governor said he did not know whether there was a "possible relationship in timing" between the Washington shooting and possible outbreak of violence in Puerto Rico, "but the police here, naturally, will be alerted."

Crash Traps Trucker

Charles Parent, 26, a truck driver from Clawson, suffered rib fractures and face cuts yesterday when his truck skidded on ice, overturned and pinned him in the cab. He was rushed to St. Joseph Mercy Hospital here after the accident at Crooks Rd. and Chester St. His condition is good.

Karla J. Grohman Wins 6th Place in DAV Contest

WEST BLOOMFIELD TOWNSHIP — A 16-year-old West Bloomfield Township girl won sixth place among thousands of entries in a national essay contest sponsored by Disabled American Veterans.

She is Karla Jean Grohman of 2109 Bel-Aire Ave., a student at St. Joseph's Academy in Adrian.

The essays were written on the topic "What the American Flag Means to Me." Winner was Frances Atkinson, 18, of Dayton, Idaho.

In part, Miss Grohman's essay read:

"The American Flag to me, is the living faith, hope, loyalty and devotion embodied in the heart of every man who tills free soil, every woman who yearns for her war-torn son and every child whose heritage is justice and freedom."

5 Supervisors to Attend State Senate Hearing

Supervisors from five adjacent townships Wednesday will attend a public hearing in the State Senate on a House bill allowing townships to issue bonds and special assessments for the installation of sewers and water lines.

Planning the trip to Lansing are Lloyd L. Anderson of Waterford Township, Norman R. Barnard of Troy Township; David E. Anderson of Bloomfield Township, Hiland M. Thatcher of West Bloomfield Township and William Roeser of Southfield Township.

Iran is about three times larger in area than France.

Shots Sounded Like Fireworks

Noise in House Gallery Makes Listener Expect Expulsion for Offenders

Editor's Note: United Press reporter Vincent J. Burke was sitting in the House press gallery when three Puerto Ricans opened fire on Congressmen on the floor below. His eyewitness account follows:

By VINCENT J. BURKE

WASHINGTON (UP)—There was a pop, crack, pop. Like a bunch of firecrackers going off.

I thought the sergeant-at-arms will put a stop to that. Demonstrations by spectators aren't allowed in the gallery.

Then, I turned and saw her. She was standing in the corner of the House chamber.

She was holding a pistol by two hands and blazing away at the members on the House floor. She was shouting something, but I couldn't make out what it was because of her accent.

At first I believed she must be shooting blanks. I couldn't believe anyone would be firing real bullets.

Many of the members couldn't believe it either. A few dived for cover. But others stood up to see what was going on. Still others who had been standing got down very, very slowly and hid behind their chairs. Some stood up all through the shooting.

I saw the big bullet hole in the ceiling and I realized they weren't blanks.

I looked back and I could see a man holding a gun and several other men grappling with him. I learned later the woman had given one of the men a gun to re-load.

I grabbed the telephone which connects directly with the downtown office and yelled "BULLETIN!"

Congressmen started getting up off the floor. There were several who didn't get up. Other members crowded around them. It was impossible to tell immediately who had been hit.

Elizabeth Wharton and Milton Magruder of the U.P. staff were also in the press gallery. Both scrambled toward the assailants and saw them disarmed.

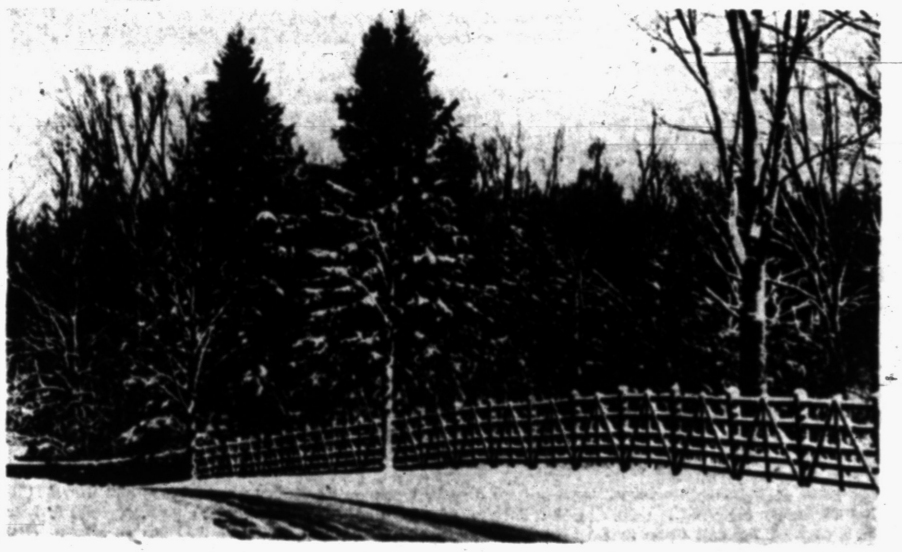

Milt came back to me and gave the details. I relayed the news to the office. Liz ran to another telephone and soon was dictating additional details. Rex Chaney, down on the House floor, shouted up the first word that five members had been wounded.

Stretchers were wheeled out. A nurse appeared and began bandaging the right leg of Rep. Clifford Davis (D-Tenn) who had been hit as he sat in a chair near the aisle.

WINTER BEAUTY—Although the owner of this driveway on Lone Pine road might not agree, Old Man Winter turned artist yesterday and transformed the drive into a beautiful winter landscape. Heavy snowfall last night and yesterday formed many scenes similar to this.

PICTURESQUE SCENE—Typical of many scenes in and around Pontiac yesterday is this picturesque landscape caught by a Pontiac Press photographer. The above fence and winding road is located near Cranbrook on Goodhue road.

CHRISTMAS CARD—Like a life-sized Christmas card is this stream winding between snow-covered banks and trees. The scene was recorded yesterday at Cranbrook and Lone Pine Rds. following heavy snows in this area.

Congressman Tells of Shooting

Congressman James E. "Jimmy" Van Zandt, of Altoona, Pa., is credited with playing a heroic role in disarming the three Puerto Rican fanatics as they sought to renew their deadly attack upon House members Monday afternoon. Van Zaandt fought in World Wars I and II, and received many decorations for bravery. He is now a captain in the U. S. Naval Reserve and is a past national commander of the Veterans of Foreign Wars. In the following article he tells of his experience in being shot at from the gallery and rushing to help subdue the fanatics.

By REP. JAMES E. VAN ZANDT
(Written for International News Service)

WASHINGTON — It happened suddenly!

The speaker of the House was counting the noes on what we call a standing vote. Within a second or so after he started to count, what appeared to be a firecracker exploded in the gallery.

I looked up. There appeared to be a half-dozen people with their hands in the air and with revolvers and they started to shoot in the direction of the membership of the House.

I shouted "hit the deck," which I did. Then I crawled on my hands and knees for about 15 feet and ran through the Republican cloakroom and up the steps to the gallery floor.

I passed two or three people running in the opposite direction. Who they were I do not know. I saw a girl come out of the swinging doors and several people grabed her, pinning arms behind her. She showed no resistance.

A six-foot Puerto Rican followed her out and six people grabed him and took his gun. He did not resist. I helped pin his arms behind his back.

Then the third Puerto Rican, a short fellow, came through the doors dragging some spectator who had his arm around his neck. The spectator shouted "Look out! this fellow has a revolver."

I don't know how many pounced on him, but they jumped on him and he went down to the floor. Several people kicked him.

One gentleman tried to get the gun out of his hand, but couldn't manage it. Someone stepped on his wrist and we had to pry his fingers open before we could get the gun. Then this gentleman who picked up the gun took the magazine out.

I turned around and asked the six-foot Puerto Rican where he was from. He replied "Puerto Rico." The girl screamed something about "give my country independence." Her eyes literally popped out of her head. Then the uniformed policeman arrived and took the three into an elevator and away.

Many of the spectators had an awful lots of guts.

Scott Lucas (former Illinois senator and Democratic majority leader) helped us pry the gun from the little Puerto Rican's hand.

As he did so, he pointed at him and said: "I know that fellow. He appeared once before our committee when I was a member."

Bob Sikes (Rep. Robert Sikes, D-Fla) was also among those who helped subdue the trio in the gallery.

Badgers Rout Spartan Five

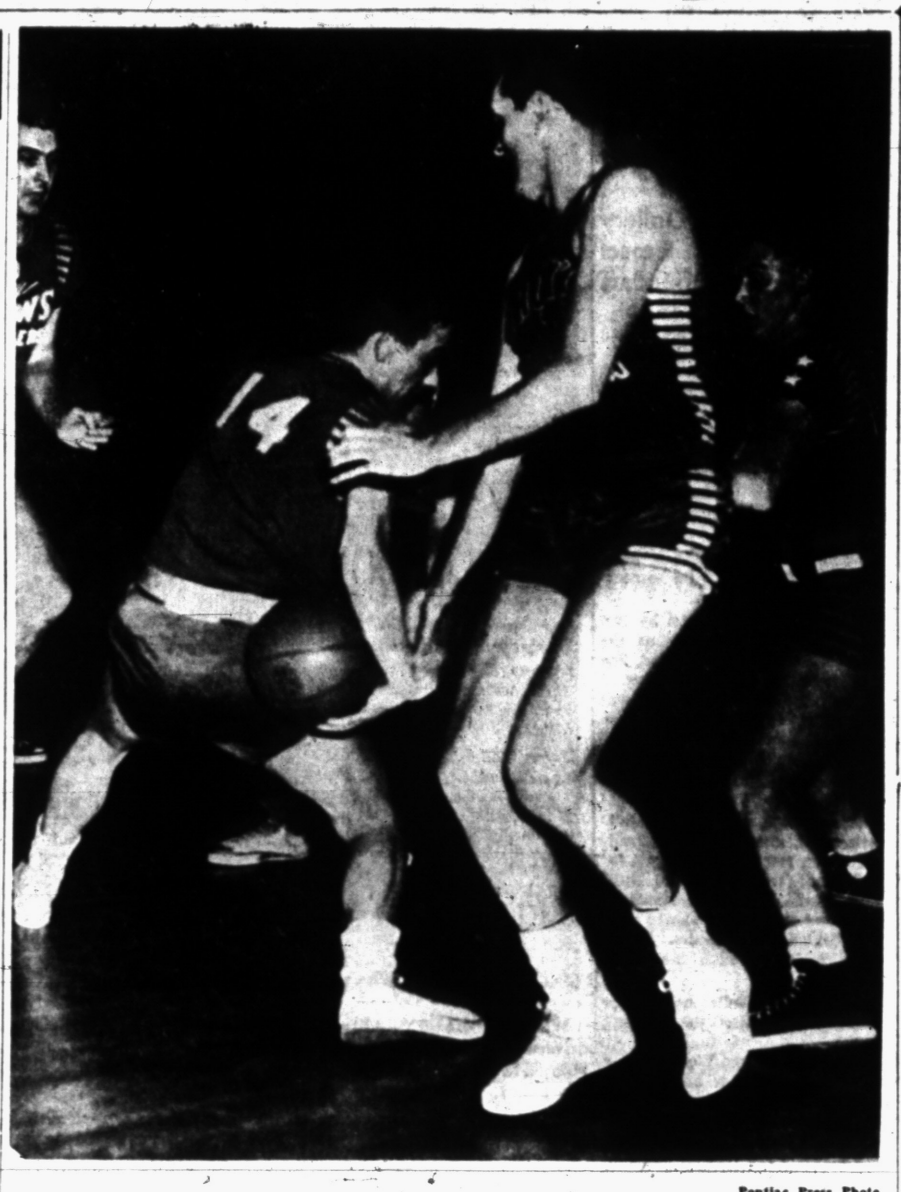

Wisconsin Sets Mark for Free Throws, Hits 29 of 31

MADISON, Wis. (AP)—Wisconsin's Badgers set a new Wisconsin field house and Big Ten record last night hitting on 29 of 31 free throws in a conference basketball game. They beat Michigan State 79-56.

Only forward Tony Stracka and guard Bob Weber missed from the free throw line. Meanwhile a strong Badger defense and Michigan State's inability to crack it was the main reason for the Spartan defeat.

State hit four times for field goals in the 1st period but got only one in the second, two in the third, and six against the reserves in the last period.

Wisconsin's Dick Cable was top scorer with 22 points. Spartan Don Peterson was high for his team with 13.

Jewelers Win on Late Rally

By BILL MARTIN

Playoffs opened last night in the "A" and "B" divisions of the Pontiac Parks & Recreation Department's City Basketball League.

Regular-season Class A champion Shaw's Jewelry turned back Chuck's Shack, 72-56, after trailing 28-26 at halftime. Jewelers' Bob McManus collected 17 points in a 46-point 2nd-half drive that brought the victory.

McManus had 21 for the game, while Frank "Red" Wilson of Chuck's piled up 22 points.

Poole Lumber forfeited to GMC.

Elks Lodge No. 723 and Pontiac round foes in Class B. Elks, Merchants squeezed past 1st sparked by Chester Woodmore and Felix Brooks who popped in 14 points apiece, downed Oliver Buick, 48-40. Merchants blew a 9-point halftime lead but still managed to edge Boys' Club, 54-51. Corant and Henson each posted 15 points to lead the winners.

Losers in last night's games meet tonight at Pontiac High School. Oliver's and Boys' Club tangle at 7 p.m., and Poole Lumber and Chuck's Shack clash at 8:30 p.m.

Regularly-scheduled action in Class D came to an end last night, with Phalanx defeating Hi-Knights, 40-32, to move into a tie with Junior Elks for 1st place. Bob Brennan and Brad Ronan paced Phalanx with 11 points each. Lakesiders beat Senior Hi-Y, 41-34, in another "D" contest.

Missie Dribbles extended their undefeated string to 10 games in girls' action, trouncing the Racketeers, 20-4. Pat Smith's 14 points led the winners. Baskettes scored a mild upset over Dick & Wes, 10-5, and Skid Kids tripped Unknowns, 15-8, in other girls' games.

Jayhawks' March Habit

Kansas Nears Another Shot at NCAA Crown

By RIP WATSON

NEW YORK (AP)—March doesn't always come in like a lion, but the Kansas basketball team seems to.

National Collegiate basketball champions in March 1952 and finalists for the same title last year, Kansas opened its March drive last night by trouncing Colorado 83-62 in the Big Seven Conference's clutch game of the year. All Phog Allen's boys need now is a victory over Missouri Saturday to clinch their third successive conference crown—and another trip to the NCAA Championships.

* * *

Kentucky, which regained first place in the Associated Press poll today, shared the spotlight with Kansas by walloping Alabama 68-43 to complete its schedule with a 24-0 mark. The Wildcats, only undefeated team in the country, still haven't assured themselves of the Southeastern Conference crown however.

Duquesne, which also boasted a clean slate until a disastrous weekend, snapped out of its slump by trouncing St. Bonaventure's 67-55. That boosted the fourth-rated Dukes' record to 23-2.

Indiana, which edged Kansas 69-68 in the NCAA finals a year, will have to beat Illinois' red-hot club Saturday if it hopes to qualify for a second straight title. Indiana leads the Big Ten with an 11-2 record, but Illinois boosted its record to 10-3 by nipping Northwestern 84-82, its seventh straight conference win.

Iowa stayed in the race by walloping Ohio State 84-71 as it closed its conference play with an 11-3 record. If Illinois should upset Indiana, a three-way tie would result, with only six days to resolve it before the conference champion's first NCAA date.

Jackson Upsets 8th Rated Heavy Henry

BROOKLYN, N. Y. (AP) — Unranked heavyweight Tommy (Hurricane) Jackson won a unanimous decision over 8th-ranked Clarence Henry last night.

Jackson started out fast in the televised bout, using a left hook to the body and a right cross to the head in piling up the points. Tommy's heavier punches staggered Henry several times in the action-packed bout and opened a cut over his right eye in the 1st round.

Ski Meet Called Off Because of High Wind

IRON MOUNTAIN (AP) — High winds swept Pine Mountain for the 2nd straight day yesterday, forcing officials to call off for good the 19th annual Kiwanis Ski jumping tournament.

The action turned away some 107 top skiers from over the nation who had set their sights on the 1st 300-foot jump east of the Rockies.

Winds of 25 miles an hour swept the ski scaffold, the highest artificial one in the world, and long range weather forecasts predicted more of the same.

Donkey Game at WHS

Donkey basketball makes its 1st appearance of the season in the area tonight as the Waterford High School senior class sponsors a donkey game between the WHS faculty and the Pontiac West Side Kiwanis Club. Proceeds go into the seniors' trip fund. Game time is 8 p.m. in the Waterford gym.

Holland, Lansing, Rapid River 5's Tourney Picks

DETROIT (UP)—Holland Christian, Lansing St. Mary and Rapid River were tagged "the teams to beat" in Classes B, C and D of the state high school basketball tournament today as they finished on top in their respective classes in the United Press ratings.

Meanwhile, Highland Park retained the lead in Class A. Final ratings in that class will be announced next week before the large schools take to the tournament trail.

It marked the 2nd straight year Holland Christian was named the No. 1 team in Class B by the United Press. However, fans from the tulip town hope Christian doesn't suffer the same fate it suffered a year ago.

There were no changes in the Class B ratings. River Rouge, Flint Tech, Ludington and River Rouge Lourdes trailed Holland Chrstian in that order.

Lansing St. Mary, winner of five state Class C championships, outlasted East Jackson and Grayling for 1st place in that division.

Rapid River is the Upper Peninsula's prime hope for a state title. The once-beaten team from the north is scheduled for district competition at Rock and should advance to the regionals without difficulty.

Unbeaten Lansing Sexton trailed Highland Park in Class A. Muskegon Heights, Flint Northern, Traverse City, Grosse Pointe, Bay City Central, Saginaw, Kalamazoo and Benton Harbor trailed in that order.

Big 10 Squads Split

3 Michigan College Teams Wind Up Regular-Season Action With Victories

By THE ASSOCIATED PRESS

Three state basketball teams wound up their regular seasons last night with victories. Meanwhile the state's two Big 10 schools split a pair of games with outstate opposition.

Both Michigan and Michigan State wind up their season play Saturday when they meet in East Lansing. Monday night Michigan beat Purdue in Ann Arbor 83-79 while Michigan State fell to Wisconsin at Madison 79-56.

Michigan Normal finished its season with a win over Southern Illinois in the Interstate Intercollegiate League. Normal used six men and each scored 12 points or more to give Normal the victory 86-72.

Central Michigan, the only other IIAC team in Michigan, upset league champion Eastern Illinois 72-69 at Mt. Pleasant to end its basketball season on a proud note.

Benton Harbor Junior College, leader of the Michigan JC League's Western Division, finished its regular-season play with a 66-56 win over Hillsdale, one of the lower clubs in the MIAA.

Although it was the end of the regular season for Benton Harbor, the school faces two tough championship tournaments.

Next Sunday the squad goes to Hutchinson, Kansas to compete in the 16-team, double elimination National JC Tournament. Benton Harbor's play begins Tuesday with play ending Saturday.

Between those two dates will be five days of grueling basketball in which any two losses will send a team back home.

On its return Benton Harbor will face the winner of the Eastern Division of the Michigan JC League for the state championship. Highland Park currently leads the Eastern Division.

Meanwhile Bowling Green of Ohio was a rude host to Western Michigan's Broncos, defeating them 95-62.

Gene Littler Most Promising Young Golfer on Links Horizon; Master's Tourney Will Provide Good Test

By GRANTLAND RICE

NEW YORK—What new golf stars are coming out of the early winter mists? I watched the long caravan start from Los Angeles in early January. I saw it switch to Bing Crosby's famous Pebble Beach-Cypress Point show. Then to San Diego and Palm Springs where Ben Hogan reigns.

* * *

And there's still no answer to the coming of another Bobby Jones, Byron Nelson or Hogan. The caravan is now moving on to Florida and from Ponce de Leon's country up to the Masters at Augusta.

* * *

This will be in April where there will be two big tournaments—the Augusta National and Las Vegas Open, where they will open a $35,000 show, $10,000 for first money.

Most promising golfer who has shown his swing against the horizon is 23-year-old Gene Littler, the National Amateur champion in 1953. The ex-Navy star from San Diego won't be eligible for any PGA money for five months. Littler won the San Diego tournament going away by the margin of four strokes. He played extremely well in the Palm Springs roundup.

I have just been studying some interesting pictures Alex Morrison took which show that Littler's body-and-hand action are as good as the game can show. Correct body action is the hardest thing to get in golf. The body is usually in the way of the hands and arms.

Littler is what you might call a stylist. His body, head and hands are at the right spot at the moment of impact.

* * *

This may all sound unimportant to the casual reader but any top-flight golfer can tell you how much it means. The youngster has the swing that is needed to meet the long test.

* * *

As far as one can see he also has the needed competitive angle. Whether he has the capacity for long hard work that Hogan and Nelson have remains to be seen.

* * *

Littler expects to play in the Masters at Augusta and the Las Vegas show. These will be two tough tests. The Masters will be played over a course where the 63-shooters and the 61-shooters around many of these soft western touches will battle to get around in the low 70's.

Keego and Romeo Favored; Troy, Warren in Feature

By JACK SAYLOR

Oakland County prep cagers join the rest of the state in starting the "second season" this week. Except for Class A, the regular season is over and tense, sudden-death tournament action takes its place.

Play begins at the district level Wednesday. Three heetic weeks are climaxed Saturday, March 20 with final games in four classes at Jenison Fieldhouse, MSC. Opening night spotlight here falls on games at Pontiac High School and Troy.

Keego Harbor and Armada open the PHS Class C tourney at 7 p. m., with Romeo and Avondale playing in Class B at 8:15. At Troy, a Class B "natural" between the host school and Warren follows a pair of Class D encounters.

Seven defending district tourney champs go to the post in the Pontiac area with three favored to repeat. Keego Harbor, Northville (in Class B at Walled Lake) and Clarkston (Class C at Ortonville) hold favorite's positions.

Utica and Shrine must be given a good chance of retaining their titles. Utica got the best of the draw in Class B at Troy, while Shrine may be the best of a weak "B" field at Van Dyke.

Other 1953 champions are Lake Orion and Almont and there appears to be scant hope this year for either.

Keego and Romeo are solid choices to win Wednesday's openers at PHS. Almont's record is 5-11, while Keego posted an 8-8 mark against stiffer opposition. Bob Hutton's fast-breaking Romeo quintet boasts a fine 12-4 record, while the Auburn Heights' quintet has won only three of 15 games.

Best game Wednesday should be the Troy-Warren tilt. Troy, champion of the Oakland B, has a 13-3 record, including wins in 10 of its last 11 games. Warren, the Bi-County titlist, has won 15 of 16.

Utica pinned a 28-23 setback on Warren to spoil the Orioles' perfect campaign. Troy's losses were to Southfield (2) and Birmingham.

Warren will have a height advantage (team average is 6-2), but Troy is playing at home and has a well-balanced club led by sparkling southpaw, Mike DeKane.

Class D openers at Troy match New Baltimore and Detroit St. Agnes and Country Day and St. Mary of New Baltimore at 6 and 7:30, respectively. Only other action in the county area Wednesday is at Van Dyke, where two Class B games are carded.

Tempo picks up Thursday with activity starting in Class C at Brighton and B at Livonia Bentley, while the Pontiac, Troy and Van Dyke tourneys continue. Class B at Walled Lake and C at Ortonville add to the show Friday night.

Finals at Bentley are Friday, with all other tournaments winding up Saturday night.

WEDNESDAY
AT PONTIAC
Keego Harbor vs Armada (C—7 p.m.); Romeo vs Avondale (B—8:15).
AT TROY
New Baltimore vs Detroit St. Agnes (D—6); Country Day vs New Baltimore St. Mary (D—7:30); Troy vs Warren (B—9).
AT VAN DYKE
St. James vs Detroit Lutheran (B—7:15); Van Dyke vs Madison (B—8:45).

THURSDAY

Hoosiers, Illini Vie for Big 10 Title Saturday

Indiana Loss Would Throw First Place Into 3-Way Deadlock

CHICAGO (AP) — Whether the Indiana Hoosiers are going to keep the Big 10 basketball title completely to themselves or share it with Iowa and Illinois is a question that will be determined finally Saturday.

Defending champion Hoosiers play the Illini at Bloomington, Ind., that night — final one of the season for conference teams.

Illinois stayed in the picture last night by turning back Northwestern 84-82. Iowa also continued a potential title-sharer by beating Ohio State 84-71, ending the Hawkeye season with 11 Big Ten wins and three losses.

Indiana, which was idle Monday, has assured itself of at least a tie for the championship with 11 victories and two defeats to date.

But an Illinois win Saturday would mean that the Illini, Iowa and Indiana all would end the season with 11 wins and three losses. Illinois now has a 10-3 record.

That would make the championship a three-way affair and the question of which team will represent the Big 10 in the NCAA tournament would be up to conference athletic directors.

Directors will meet in Champaign, Ill., Wednesday and Thursday and determine at that time a means of choosing among the three in case of a tie. They could order a playoff or a choice by lot.

In other Big 10 games, Michigan beat Purdue 83-79 and Wisconsin topped Michigan State 79-56.

Saturday's concluding program has Illinois at Indiana, Michigan at Michigan State and Wisconsin at Minnesota.

Minnesota, incidentally, could tie for 3rd place with Illinois by winning Saturday while Illinois was losing.

Pass Snaring Titles Taken by NFL Champs

Christiansen's Mark 2 Short of Record for Pro Grid Circuit

PHILADELPHIA (INS) — Jack L. Christiansen and the world champion Detroit Lions intercepted more passes than any other player or team in 1953, according to statistics released today by the National Football League.

The Detroit halfback intercepted 12 passes, two short of the record, and returned them for 238 yards and one touchdown. Average return of the former Colorado A & M sprint champion was 19.8 yards.

Christiansen also made the longest return of the season, galloping 92 yards for a touchdown against Los Angeles.

Lions won the team championship with a percentage of interceptions of 10.73—that is, an interception for every 10.73 passes thrown. Lion opponents tossed 354 passes, of which they intercepted 38 for 663 yards and two touchdowns.

Tom Keane of Baltimore followed Christiansen with 11 interceptions for 118 yards.

UM Evacuates Big 10 Cellar

Hot First Half Paces Wolverines to 83-79 Win Over Purdue

ANN ARBOR (AP) — Michigan's Wolverines made their basketball win over Purdue 83-79 last night do double duty, and in the nick of time.

With only one game to go in season play, Wolverines broke a seven game losing streak and climbed out of the Big Ten cellar.

The Wolverines, paced by Paul Groffsky's 24 points, dropped in 21 baskets in 40 shots for a 52.5 per cent average in the 1st half. They cooled off in the 2nd, but a 32-19 lead in the 1st quarter was too much for Purdue to make up.

Only thing that kept the Boilermakers in contention was an amazing eye at the free throw line. At one stretch they made 19 straight and only missed four of 31 attempts all night.

Kentucky Gets Back on Top in Cage Poll

Twice-Beaten Duquesne Falls to Fourth Behind Hoosiers, Hilltoppers

NEW YORK (AP) — Kentucky's all-winning basketball team regained its favorite spot today when the nation's sports writers and sportscasters named the Wildcats No. 1 team in the country.

* * *

Ousted from the top spot for the past two weeks by Duquesne, Kentucky rolled back with first-place votes from 59 of the 120 experts who cast ballots. On the usual basis of 10 points for first, nine for second and so forth, Kentucky totaled 964 points.

Kentucky, which headed the poll from the third week of the season through the ninth, completed its regular season last night by defeating Alabama 68-43 for a 24-0 mark.

* * *

Duquesne, upset by Cincinnati Friday and again by Dayton Saturday, tumbled all the way to fourth place.

Indiana's defending National Collegiate basketball champions took over the second spot with 722 points and Western Kentucky also ranked ahead of Duquesne with 707. Both teams moved up one place in the rankings.

* * *

Duquesne, which received 934 points a week ago, fell to 570. The Dukes snapped out of their slump last night by thumping St. Bonaventure 67-55.

Oklahoma A&M also suffered from an upset—by Wichita. It fell one place to sixth while Notre Dame's Irish moved up one spot to take No. 5.

* * *

The bottom of the standings also were considerably shuffled as Holy Cross, No. 7 a week ago, fell to 13th after a loss to Connecticut.

Louisiana State, a 76-53 victor over Mississippi last night, joined the top 10 in seventh place. La Salle was right behind in eighth. George Washington fell one notch to ninth and Seattle dropped one to 10th.

The leading teams (first-place votes in parentheses):

1. Kentucky (59)	964
2. Indiana (12)	722
3. Western Kentucky (8)	707
4. Duquesne (3)	570
5. Notre Dame (3)	453
6. Oklahoma A&M	387
7. Louisiana State	340

Alley Space Helps Pick Up Many an Important Spare

Tenth of a Series

By MARION LADEWIG

Four-Time U.S. Champion

Concentrating on strikes is something all bowlers like to do.

The trouble is that too many do this to such an extent that they forget picking up spares is still the surest way to score well consistently.

The average bowler misses so many easy spares because he or she doesn't know just which way to shoot to make one. There may be several ways, but one is always better than any other.

Joe Wilman, who taught me a great deal about bowling, tells pupils the three rules for shooting spares are:

1. For a spare on the left side of the alley, roll your ball from the right side.

2. For a spare on the right side, roll your ball from the left side.

3. For a spare in the center of the alley, roll your ball from the center, or as you would in rolling for a strike.

Joe's point is that you should always give yourself plenty of alley space. His rules provide enough.

Face the target. Walk toward the target. Follow through to the target.

If you expect to build up your scoring, you'll have to learn to pick up spares consistently. The best method is to practice picking up spares which are most difficult for you.

Spend an hour each week, if you can, shooting at nothing but spares.

NEXT: Practice habits.

REIGNS — No woman bowler ever dominated the field as completely as Marion Ladewig.

Detroiter Advances in Gloves Tourney

CHICAGO (AP)—The big fellows, from 147 pounds through the heavyweight bracket, step into Chicago Stadium's three rings tonight for 100 bouts to send amateur boxing's biggest show, the Golden Gloves Tournament of Champions, into the quarterfinals.

Heavier punchers will have to go all out if they hope to match the knockout tempo set in the lighter brackets last night. Smaller fighters racked up 18 knockouts or TKO's in 96 scraps.

Among the 118 pounders to advance last night was LeRoy Jeffrey of Detroit, who stopped both his foes.

Sub Fighter Flattened by Chicago's Solomon

DETROIT (AP) — Chicago's King Solomon made a punching bag out of Chuck Rouselle of Detroit to win by a 3rd round technical knockout.

King Solomon, 165, floored Rouselle, 161¾, in the 2nd and again in the 3rd round and had him so groggy that referee Bobby Watson stopped the bout at 38 seconds of the 3rd. Rouselle was subbing for injured Tommy Leedle of Detroit.

Ted Says He'll Be Ready for Red Sox Opener

By JOE REICHLER

SARASOTA, Fla. (AP)—Ted Williams vowed today he'd fool the doctors who gloomily predicted he would miss the baseball season's opener because of a fractured collarbone.

"Don't bet against my playing in the opening game of the season," the Boston Red Sox slugger said. "I'll be ready. I'll get over this sooner than they think. I've fooled the doctors before and I'll fool 'em again."

Dr. Russell R. Sullivan, chief surgeon of the orthopedic division of the Boston City Hospital, who set the fracture and placed the injured left shoulder in a cast, was not so optimistic.

"It was a clean break and X-rays show a quite satisfactory position," he said. "But Ted must be in the cast a minimum of three weeks and cannot swing a bat for about six weeks. It is highly doubtful if he'll be ready for the season opener."

The Red Sox open their season at Philadelphia April 13, six weeks from today. It is estimated Williams would need at least two weeks of batting practice and conditioning, after his recovery, before he could play in a regular game.

* * *

The injury, his second of a serious nature in less than four years, occurred less than an hour after he arrived at Payne Field for his first spring workout of the season. He had been shagging flies in his customary left field position for 18 minutes when he faced into left center for a liner hit by Hoot Evers. The ball sank sharply and Williams, realizing he couldn't catch up with it, tried to stop. He stumbled and landed heavily on his left shoulder.

He arose slowly, obviously in great pain. He grabbed his left shoulder and immediately strode toward the clubhouse behind right field. As he passed teammate Billy Goodman, he grimaced in pain and muttered: "I heard something pop. I think something broke."

After Red Sox trainer Jack Fadden administered first aid, Williams was whisked away to a doctor.

* * *

X-rays will be taken again tomorrow, after which Williams will return to his winter home in Miami Fla.

* * *

Williams, 35, pointed out he came back sooner than expected in 1950 when he fractured his left elbow making a spectacular catch in the All-Star Game in Chicago.

He also missed most of spring training and the first 10 days of the 1941 season because of a chipped left ankle but finished with a sensational .406 batting average, the highest major league mark since George Sisler's .420 in 1922.

Bosox Pennant Stock Dips on Ted's Injury

Williams Hurt in First 10 Minutes of Practice; Kell, White Sign

By BEN OLAN
Associated Press Sports Writer

The opening of the 1954 American League season is still six weeks away but the pennant stock of the Boston Red Sox, faced with the loss of Ted Williams, has already slumped to almost microscopic proportions.

* * *

The 35-year-old outfielder suffered a fractured left shoulder in the first 10 minutes of spring training yesterday when he stumbled and fell while chasing a sinking liner off the bat of Hoot Evers.

There's no telling just how much of the upcoming campaign he'll miss, but examining physicians said, "He will not be able to lift his arm or swing a bat for six weeks."

Williams himself is more optimistic and predicts he will be in the opening day lineup against the Philadelphia Athletics April 13.

"I'm going to work that much harder to get in shape," he said.

The entire upper portion of his body was placed in a cast, but Jack Fadden, the club's trainer, said that he "will be able to run as soon as the pain leaves his shoulder."

* * *

Some observers had been giving the Bosox an outside chance of winning the American League pennant after they acquired outfielder Jackie Jensen and pitcher Leo Kiely returned from the Army.

* * *

After Manager Lou Boudreau had accompanied Williams to the hospital, the Red Sox went through their opening drill under the direction of Coach Del Baker. Veteran third sacker George Kell and catcher Sammy White signed their contracts in time to take part in the practice.

* * *

A first-class battle for second base was shaping up in the camp of the Milwaukee Braves. Jack Dittmer, last year's regular, and Danny O'Connell, secured from Pittsburgh, are the competitors, and Manager Charley Grimm believes it may take a month before he decides.

In other spring training news, outfielder Ralph Kiner of the Chicago Cubs is seven pounds under his weight of last year and says he is looking forward to a fine season . . . Roy Campanella, Brooklyn's burly catcher, was bedded with a heavy cold in his back.

Reports From Majors' Camps

By THE ASSOCIATED PRESS

ST. PETERSBURG, Fla.—Even with all the talent he has in camp, skipper Casey Stengel of the New York Yankees has his troubles.

"I wish we had a 60-player limit," he said wryly. "It's going to be hard to cut this squad."

ORLANDO, Fla. — There were signs today—if ever so slight—of an easing in the financial war between the Washington Senator bosses and their prize holdout, Mickey Vernon.

The 1st base star, who drew down $19,000 last year and won the American League batting crown, now says he'll settle for $35,000 this season instead of the $40,000 he's been asking.

Vice president Calvin Griffith in turn has withdrawn an earlier "final" offer of $25,000. With Vernon tough to trade off at age 35, there are reports Griffith might boost the ante to $27,500 or possible $30,000.

TAMPA, Fla.—Althought selection of a regular, capable 3rd baseman remains a prime problem for the Chicago White Sox, there's another that's even tougher. "What puzzles me is who in the world's going to bat 4th," declared the Sox skipper.

Ex-Tiger Catcher 'Flexible'

Cincinnati's Gabe Paul Is Sure Birdie Tebbetts Will Become Great Manager

By GAYLE TALBOT

TAMPA, Fla. (AP) — Certain big league baseball players, for no reason you can lay a finger on, are earmarked during their playing days as future managers. It does not always work out that way, but it does in a surprising percentage of such cases.

* * *

Birdie Tebbetts was one of these through his long career as a big league catcher, and so it seems perfectly natural to find him here getting his feet on the ground as the new directing genius of the Cincinnati Redlegs.

Gabe Paul, the youthful general manager of the club, has no doubt that he has acquired a gem. In appearance Gab is the same fellow who hired Rogers Hornsby to run his club a year ago, but it takes only a short conversation to learn that the experience aged him considerably. It comes out in his estimate of Tebbetts.

* * *

"He's a planner," he says, "and he's flexible. He doesn't make a decision today and that's it forever. Birdie is a man who can be reasoned with and who can change his mind as developments warrant. He's a thinker, and he's going to be a great manager."

Having finished sixth so many years that it begins to look permanent, the Redlegs are trying earnestly to do something about their fortunes.

"It isn't a bad looking team at all," Birdie insisted. "We're pretty well set at every position, and if we get pitching we could climb. If Saul Rogovin's arm is all right again that could be very important. We just got him from the Chicago White Sox. Our power is all right for where we are now, in the second division, but when we get up in the first division of course we will need more."

Temple Eleven Returns to Day Games This Fall

PHILADELPHIA (INS) — Temple University, after 24 years of night football pioneering, today announced a policy of returning to day games during the 1954 season, because so many students are working nights.

At the same time the Owls issued an eight-game schedule which includes one new rival and four home games. The home games will be played on Saturday afternoons.

The 1954 schedule:

Oct. 2, Boston College; 9, at Delaware; 16, Bucknell; 23, at Brown; 30, at Rutgers; Nov. 6, Brandeis (new listing); 13, at Scranton; 20, Boston University.

Foul Shots Reduced

New Rules Experiment Brings Faster Game

MADISON, Wis. (AP) — Basketball could be a much faster game if played under the suggested rule changes Wisconsin coach Bud Foster used last night in an experimental game prior to the regular Wisconsin-Michigan contest.

Two squads of Badger freshmen were in almost constant action because there was no free throw parade characteristic of the game under present rules. Game went about 2½ quarters. There were only eight free throw attempts, although 25 fouls were committed.

Game was played with the following suggested rule changes:

Free throws were eliminated, except on fouls called while a player was shooting, on technical fouls or on flagrant fouls. The offended team takes the ball out of bounds on all other fouls.

Players were allowed only four personal fouls each, instead of the present five.

During the last three minutes of the game, the team in possession of the ball was required to shoot at the basket within 30 seconds after crossing the center line. Failure to shoot resulted in a center jump.

The full two quarters played required about half the overall time taken by action under the present rules.

The "Whites" outscored the "Reds" 33-27 in the experiment.

Foster plans to submit his proposed rule changes to the National College Basketball Coaches' organization when it meets this spring.

Off-Season Deep Thinking Produces New Batting Stance for Walt Dropo

LAKELAND, Fla. (AP) — Who knows, the Detroit Tigers may get some help this year from deep thinking over the off-season.

Time will tell.

Slugger Walt Dropo has a new batting stance — that is to say, a deeper crouch over the plate—and manager Fred Hutchinson is thinking about putting Harvey Kuenn in the No. 2 spot in the batting order.

Both would be consequences of the long and hard thought that must have gone on among the Tigers since their 6th place finish in the American League race in 1953.

Dropo comes along to confide that he spent all winter practicing a new crouch in front of a mirror in the basement of his home. Along with Ray Boone, the big first sacker smashed the ball well in practice yesterday.

Tentatively, to be sure, Hutchinson is figuring on the advantages of putting Kuenn at the No. 2 spot instead of the leadoff post in the batting order.

Kuenn, a shortstop and hitting sensation of the major leagues in his first full year, is an extraordinary man for getting on base. That fits him for the leadoff role. However, it doesn't take full advantage of his hitting power, and Hutchinson wants to make more use of the same.

Three others, infielders Fred Hatfield and Frank Bolling and outfielder Bill Tuttle, also are being considered.

There's a long way yet to go, however, and nothing at this point is anywhere near a decision.

Incidentally, Boone is pleased over the pay raise given him for his great feats at bat last season. He said he hopes to do as well or better this time around.

As the Tigers assembled today for the 2nd full-time workout, there wasn't any improvement in the holdout picture.

Still unaccounted for pitchers Ned Garver, Steve Gromek and Ralph Branca and infielders Johnny Pesky and Buddy Hicks.

Illness meanwhile delayed the appearance of Charley Kress, 1st baseman and catcher Matt Batts.

Publinx Golfers' Group Plans Meeting Sunday

Michigan Publinx Golf Association will hold its kick-off meeting for 1954 Sunday at 7:30 p. m. at Rerford Golf Club, on Berg Road, just off 7-Mile Road.

Warren Orlick, Professional at Tam O'Shanter Country Club, will give a talk on rules.

Three handicap tournaments have been lined up for the '54 season by Roy Iceberg of Pontiac, 3rd vice-president and tournament chairman of the MPGA. Edgewood, River Bank and Highland Golf Clubs will be the sites for the tournaments . In addition a 2-ball mixed foursome tourney between the MPGA and the Women's Metropolitan Golf Association has been set at Morey's in May.

Election of officers and directors will be held Sunday.

Howe Headed for 4th Title

Now Leads Canadien's Rocket by 10 Points in Scoring Race

MONTREAL (UP) — Golden boy Gordie Howe appeared headed for a 4th straight National Hockey league scoring championship today as his Detroit Red Wings prepared to move into the Stanley Cup playoffs for the 16th consecutive season.

League statistics for games played through Sunday gave Howe 27 goals and 41 assists for a total of 68 points, 10 more than Maurice (Rocket) Richard of the Montreal Canadiens, his closest competitor. Red Wings still have 10 games to play, the Canadiens nine.

Richard's 34 goals led in that department, while Howe's 41 assists made him the top playmaker.

Terry Sawchuk passed Harry Lumley in the battle for the Vezina Trophy among the circuit's netminders. Sawchuk had a goals-against average of 1.75 for the 57 times he has appeared in 60 games. Lumley allowed 105 goals in 60 games for a 1.75 average with Leafs.

The Yankees and Dodgers will play a night exhibition game at Miami, March 19.

Charles Now Ranked No. 1

Ez Picked Over Nino Valdes; Pep Skids to 10th Among Feathers

NEW YORK (AP)—Ezzard Charles has replaced Cuba's Nino Valdes as the No. 1 heavyweight contender and Willie Pep has dropped to the bottom of the featherweight rankings.

These were among the major changes in the March Ring Magazine ratings released today by editor Nat Fleischer.

Valdes lost his top-ranking because of his very close decision over unranked Archie McBride in a Havana bout. Pep, twice holder of the featherweight crown, fell all the way from the No. 1 ranking to 10th as a result of being stopped in two rounds by Lulu Perez. Perez advanced from 5th to 3rd.

Chuck Davey isn't listed among the welters. Art Aragon, who beat him two weeks ago on an unpopular decision, is ranked 7th.

Top contenders in each division besides Charles, include Harold Johnson (light-heavyweight); Rocky Castellani (middleweight); Carmen Basilio (welterweight); Eddie Chaves (lightweight); Percy Bassett (featherweight), Robyn Cohen of France (bantamweight) and Jake Tuli of South Africa (flyweight).

YMCA Intramural Cage Season Ends

Oakland Avenue Presbyterian and YMCA won forfeit victories from Greek Orthodox Church and Apprentices, respectively, last night to end Pontiac YMCA Intramural Basketball League play.

Final standings show Greeks in 1st place with a 7-2 mark, followed by YMCA with 5-4, Apprentices with 4-5 and Presbyterian with 2-7.

YMCA and Apprentices will meet in a playoff next Monday, with the winner taking on the Greeks for the championship on the following Monday.

Sensational Freshman Sets Adrian Cage Mark

ADRIAN (AP)—Henry Hughes, a sensational freshman from Inkster High School, is a record-setter in his 1st year with Adrian College's basketball team.

The 6-foot-3 Negro needed 29 points in a game last week to set an Adrian single-season scoring mark. He scored 30.

That gave him 437 points for the season, one more than the record set by Bill Ohrman last season.

Debate Pensions for Judges

Senate Gets Sarcastic Over $4 Court Fee to Finance Fund

LANSING (UP) — Amid sarcastic debate, the Senate moved up for a vote today a bill to provide pensions for probate judges at the expense of those who appear in their courts.

The bill would grant judges maximum pensions of $4,000 a year, depending on their length of service, and would finance the retirement pay by a fee of $4 on all cases coming before the probate courts.

Sen. Robert E. Faulkner (R-Coloma) lost an attempt to reduce the pension maximum to $2,400, which he said was the maximum paid school teachers.

"Why are probate judges more entitled to a $4,000 pension than school teachers — or men in the shops for that matter?" Faulkner asked.

"Many of these judges are in the $10,000 a year salary bracket for many years and should not need pensions so much greater than teachers. Judges can get social security in their old ages in many cases."

Sen. Charles S. Blondy (D-Detroit) retorted that when Faulkner "put probate judges in the same class with school teachers you are certainly lowering the bench."

Sen. Garland B. Lane (D-Flint) was defeated in a move to eliminate the $4 fee in child adoption cases.

"A couple who is willing to give a child a home by adoption shouldn't have to pay a $4 fee to pay some judge a pension," Lane declared.

Defeated once by the House, the Senate will make a second attempt today to permit old age assistance recipients to earn $25 a month without losing their government pensions.

Sen. Harry F. Hittle (R-East Lansing) attached the proposal to another bill which would hold old age assistance grants at a $70 a month maximum if Congress fails to renew a law to that effect.

The Senate will vote today also on a bill to legalize the use of chemical tests to determine whether motorists are intoxicated. The tests cannot be applied to persons arrested unless they consent.

Return AFL Funds, Union Local Ordered

DETROIT (UP)—A Wayne County circuit judge has ruled that Ray Carroll's independent Building Service Employes Union must return funds and properties to the AFL unit from which it broke away.

Judge Arthur Webster Monday said that Carroll's right to separate from the AFL with his independent union was justified. Carroll left the AFL Building Service Employes International with a group of workers loyal to him.

The judge said, however, that Carroll's union still could not keep the union local's property including past dues so long as some members remained with the International.

'The Egyptian' Gives Propmen Plenty of Woe

By BOB THOMAS

HOLLYWOOD (UP) — "The Egyptian" may rank as Hollywood's headache picture of the year. It has been just as much trouble casting the props as it has the leading man.

Marlon Brando left for New York as filming was about to start. Twentieth Century - Fox charged breach of contract and sued him for two million dollars. Brando's doctor, however, said he was ill.

Now, it turns out that "The Egyptian" is one of the toughest pictures in years from the scenic standpoint too.

* * *

"We had to start from scratch," sighed Walter Scott, head of the studio's prop department. "No studio has ever made a big picture about ancient Egypt until now. We were able to borrow a few items from MGM, which has been making 'Valley of the Kings.' But most of it we had to create from scratch.

"We have made 5,000 different items for the picture. Now the others want to borrow our things. We've already had four men from Cecil B. DeMille over here to see what they can use in 'The 10 Commandments.'"

He showed me some of the items that have been made. Those ancient Egyptians had a lot of modern ideas.

* * *

They were masters of makeup, Scott explained. He demonstrated a replica of a queen's makeup box that would make Max Factor green with envy. Also small, carved gizmos for holding milady's eye shadow. You can bet that Egyptian husbands had to wait just as long for their wives to beautify themselves as we do.

There was a game called hounds and jackals, a sort of pre-Christian scrabble. A set of miniature furniture for children to play with. Chairs and couches that would find ready buyers in any department store.

"The Egyptians had a great sense of line and proportion," said Scott. "Many of their pieces compare favorably with the best modern furniture today." All of the 5,000 items are true reproductions of the originals, which were preserved through the ages by the favorable desert climate.

* * *

Why all this worrying about accuracy? Well, the studio figures it gives the proper feeling to the picture. Besides, some Egyptologist might write a stinging letter decrying the use of a drinking mug from the wrong dynasty.

Research for "The Egyptian" has uncovered some odd facts about the 1300 B. C. era, including:

Egyptian men were baby sitters. The office of "cradle rocker" was often filled by males, including high functionaries.

Affection was shown in early times by placing the noses in close proximity and sniffing. Later the kiss replaced this nasal nonsense.

* * *

Egyptians quaffed beer made of barley. Since they didn't have hops, they used the lupin, skirret herb and an Assyrian root for flavor.

Today's sheath gown was popular then, but with a difference. With the Egyptian women, it hung from below the bosom to the ankles.

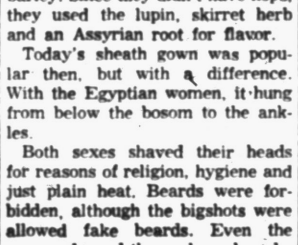

Both sexes shaved their heads for reasons of religion, hygiene and just plain heat. Beards were forbidden, although the bigshots were allowed fake beards. Even the queens donned these phony beards.

The women also outlined the veins of their chests in blue, reddened their lips, tinged their cheeks with red and white and applied orange henna to the tips of their fingers.

* * *

Ancient Egyptians apparently ate with their fingers. They had geese, ducks and pigeons, but no chickens. Beasts of burden included oxen and donkeys, but no camels. They came later.

U. S. Expands H-Bomb Tests

Current Pacific Series to Include More Blasts of Super-Weapons

WASHINGTON (INS) — Congressional sources disclosed today that a new hydrogen bomb test series now under way in the Pacific was expanded beyond original plans in line with the administration drive to achieve greater security through super-weapons.

One sky-shattering explosion has already been set off over a desolate island in the Marshall group, and other cataclysmic detonations are to follow during the next several weeks.

Rep. Sterling Cole (R-NY), chairman of the Joint Congressional Committee on Atomic Energy, said that because the series includes a number of major tests, his 18-member group will not attend any one of them in a body, as they have in the past.

Instead, Cole said, various members of the committee will travel to the Marshall Islands at different times to attend and report back on huge demonstrations of different types of atomic and hydrogen weapons.

Cole, who revealed only last week that the first H-bomb tore a hole a mile wide and 175 feet deep in the ocean's floor, declined to say when the various new tests will be held.

Other congressional sources revealed that the present series was originally planned for late March and April and that it had been advanced and lengthened to include more explosions.

2 Royal Oak Youths Plead Guilty to Theft

Two Royal Oak youths were returned to Oakland County Jail Monday after pleading guilty to a charge of breaking and entering in the nighttime before Circuit Judge H. Russel Holland.

A companion was released on $1,000 bond after standing mute on a similar charge.

William C. Brecht, 20, of 26418 Rialto and James E. Morgan, 17, of 26459 Loranz, will be sentenced March 15.

Richard Crowley, 17, of 806 E. Eleven Mile Rd., released on bond, and his companions, are accused of breaking into a lumber company at 28947 John R. on Feb. 15.

Ike Makes Statement on World Day of Prayer

WASHINGTON (INS) — President Eisenhower said today that mankind's innermost longing is for peace — "peace for all nations, for all men, everywhere."

He made the statement in a message filmed in connection with the observance Friday of world day of prayer, sponsored by the United Churchwomen of the National Council of Churches of Christ.

Aviation Board Discards Helicopter Service Plan

DETROIT (INS) — The City Aviation Commission today abandoned studies of proposed helicopter service between Detroit City Airport and Willow Run Air Terminal.

The decision to abandon the proposal was due to surveys which indicated that a one-way ticket between the two flying fields would cost $25, said commission president William M. Parker.

Five to Be Arraigned on Assault-Kidnaping

DETROIT (INS) — Four men and a boy were to be arraigned in federal court in Detroit today charged with interstate kidnaping.

The five are accused of kidnaping a 16-year-old girl from a Toledo wedding party and driving her to the vicinity of Monroe.

The girl, meanwhile, is under a physician's care for injuries said to have been suffered when the men assaulted her repeatedly.

Monroe County sheriff's officers and the FBI said each of the five confessed his role in the kidnaping.

In addition to the youth, the men are identified as James Delozier, 19, John Rose, 21, Richard Shingeck, 21, and Joseph Groupingo, 21, all of Monroe.

Solons Reopen MacArthur Case

Criticism From Colonel Revives Investigation of General's Firing

WASHINGTON (INS) — A congressional group reopened secretly today the controversial case of the firing of Gen. Douglas MacArthur by former President Truman to get the "real story" behind the ouster.

The action followed the criticism by Col. Laurence E. Bunker (USA-Ret.), a former aide to MacArthur, of the policies of both the Truman and Eisenhower administrations toward Communist aggression.

Bunker told International News Service he was "invited" to appear today by Charles Grimes, chief counsel of the Senate internal security subcommittee, headed by Sen. William E. Jenner (R-Ind).

The Wellesley, Mass., attorney told INS his summons "to tell the real story" was a "good thing." He added:

"There certainly has been no attempt by the present administration to tell the real story of how it (the Truman administration) met Communist aggression in Korea. I realize they inherited the policy, but they haven't departed from it.

"I certainly think—I believe—one of the many things they are going to ask about is who in Washington gave the order to countermand MacArthur's order to bomb the bridges over the Yalu River between North Korea and Manchuria when the Chinese came into the war."

Bunker said last Sunday he received a telephone invitation to appear for questioning and said he "gathered it was prompted by an interview."

King of Zulus Signals Start of Mardi Gras

NEW ORLEANS (UP)—The King of the Zulus stepped from a barge at the foot of Canal street today to signal the start of the last and most frantic hours of New Orleans' gayest Mardi Gras.

But long before King Zulu, the Negro carnival leader, and Rex, the lord of misrule, appeared, throngs of masked and costumed revelers swarmed into roped-off downtown streets, turning the city into a riot of color.

Today was Fat Tuesday, the day before Ash Wednesday and the 40 days of lenten repentance. New Orleans natives and a record 500,000 tourists were trying to soak up as much pleasure as possible before the penitential period.

Police overlooked everything except actual mayhem while celebrants took their choice of many free shows.

A Dixieland band blared its syncopated rhythm at Canal and Royal Sts. while two hula-hula girls shimmied frantically on a nearby corner.

Ridicule May Offer Solution to Drunk Driving

JACKSON, Miss. (UP) — Public ridicule is offered by the Mississippi House as a curb to drunken driving.

The House voted 82-22 yesterday for a bill that would require a convicted drunken driver to work at least one day on the jail grounds during daylight hours. The bill was held up on a routine motion to reconsider.

The measure provides a mandatory five-day jail sentence as minimum punishment with one year the maximum. The violator could also be fined $100 to $1,000 and have his driver's license revoked.

Hunt Hit-Run Driver

DETROIT (UP) — Police searched today for a hit-and-run driver whose car struck and killed an unidentified pedestrian Monday night. Investigation said that a piece of the car's body trim found near the scene was their only clue.

Dieting Friends Are Crazy, Even Cut Down on Brains

By LAURA Z. HOBSON

We all have a couple of plump pals trying to reduce, and often their methods strike us as a little crazy.

Now comes some new scientific data that seems to bear us out. It's a kind of reverse proof, but nimble minds have no trouble taking their science hind end to.

And I do mean hind, for a hind is a female deer, and deer is related to moose, and it's a bunch of mad moose up in Nova Scotia that lead us straight back to diets and craziness.

I had never heard of a herd of psychotic moose, but they're now being studied by Canadian biologists and the research already indicates a connection between their diet and their madness.

With the mad moose, the dietary lacks aren't voluntary, but arise because certain plants that feed their motory and sensory nerves have been dying out in Nova Scotia's increasingly mild climate.

Down here, diet — at least for people — is usually a free choice, and though most doctors urge fat folk to reduce, they also urge going about it in a perfectly sane way.

But once the diet frenzy hits, it does seem that the first thing reduced is brain power.

One season the fad is to eat nothing but lambchops and pineapple, till it's a wonder the dieters don't sprout permanent leis and start bleating.

The next season it will be bananas — baked, fried, broiled, mashed or strictly on the hoof.

The third time round, "high protein" become the magic words, and then it's day in and day out on lean fish for the poor and thick steaks for the rich.

Every published diet warns you not to cheat on yourself, not to expect miracles, and above all, not to go too fast.

But have you ever yet seen a dieter who didn't do all three?

One trouble is that patience, self-contral, and ordinary good sense are things you can't measure out on those fancy charts and calorie tables.

That's why they're the unknown quantities and big question-marks in the most scientific reducing scheme ever devised.

So, if you have pounds that you hate, on your hips or wherever, there's one piece of advice any good friend would offer as you start out hopefully on your new spring diet:

Stay with it, and stay reasonably sane. Don't be an elk!

MGM Plagiarism Suit Settled Outside of Court

LOS ANGELES (AP)—The plagiarism suit of Ferenc Herczeg against MGM studio for $200,000 has been settled out of court. Herczeg, Hungarian playwright, charged a 1942 movie, "Seven Sweethearts," was based on "Seven Sisters," a play he wrote in 1903.

The settlement was announced yesterday when the case was called for trial, but the amount of it was not disclosed.

Song Writers File Suit Against Julius La Rosa

LOS ANGELES (AP) — Julius La Rosa, the singer, and several associates have been sued for 1¼ million dollars damages by two song writers and a recording company, on grounds of copyright infringement.

The action was brought yesterday by songwriters Tony Sacco and Thomas Conroy, and Record Music Corp. Their complaint involves the song "Eh ,Cumpari," which Sacco and Conroy contend is substantially the same as their song," Hey, Goomba," written before 1948.

Soybeans Climb in Active Dealing

CHICAGO (AP) — Soybeans added a few more cents to their spectacular advance in active dealings on the board of trade today. Most other grains were firm although new crop wheat futures eased.

Biggest upturn at the start was in March soybeans, which jumped nearly five cents at $3.46¼ cents. March was the highest for any future in soybeans since 1948. It subsequently fell off a few cents from its opening, but continued above yesterday's close.

Wheat near the end of the first hour was ⅝ lower to ⅞ cent higher, March $2.24¼, corn ⅛ to ⅜ higher, March $1.52⅝, oats ⅛ lower to ⅛ higher, March 77⅛, rye ¼ to ½ higher, March $1.21⅜, soybeans 1½ to 4 cents higher, March $3.45 and lard 40 to 50 cents a hundred pounds higher, March $17.50.

Both Pontiac, Truck Outproducing 1953

Pontiac Motor and GMC Truck and Coach Divisions this month continued to outproduce last year, according to output figures released today.

Pontiac totaled 31,367 cars for February as opposed to 30,740 for the same period last year.

General Motors Truck and Coach, for the same period, produced 11,835 trucks as against 7,268.

For the first two months of 1954, all GM factories reported output of 465,161 cars and 83,172 trucks. In the comparable 1953 period, the firm produced 457,001 cars and 109,342 trucks.

Market Lower After Fair Start

NEW YORK (AP) — The stock market backed down today after a fairly steady start.

The decline was well scattered throughout the list, and there was no selling pressure evident at any time.

Losses went to around a point at the outside. A few plus signs were as large as a point, but most were small.

The pace of trading slowed as prices receded, and the rate was well under the two million share mark. Yesterday's total was 2,040,000 shares.

Motors were slightly higher as a group, and rubbers and aircrafts did well, but otherwise the list was mixed to lower.

Lower stocks included Southern Pacific, Texas Co., Allied Chemical, General Electric, Bethlehem Steel, Montgomery Ward, and Douglas Aircraft.

'False' Spring May Prove True

Blustery Snowfall Viewed as Winter's Dying Gasp

By PATRICIA A. WOOD

Knock on wood.

Maybe that so-called "false" spring during the second half of February wasn't false after all, and this week's snowstorm could be winter's dying gasp.

The U. S. Weather Bureau's new 30-day forecast won't be out for a few days yet. But the old one, which included the first half of March, says the next two weeks will be wetter—but warmer—than normal.

Normal temperature range for early March is 21 to 37 degrees.

Could it be the ground hog was wrong?

He peeked out Feb. 2, shuddered at his shadow in bright sunlight, and dived for cover mumbling something about "six more weeks of winter."

Then Pontiac enjoyed one of the warmest Februarys on record—at least in the second half of the month.

For the first 10 days, the groundhog smugly watched it grow colder and colder, until the mercury finally sank to a bone-chilling zero reading Feb. 12, for the first time this winter.

Then temperatures came out of the cellar.

On Feb. 13, the thermometer reached only 34 degrees. But the next day it zoomed to 54 degrees, then to 63—the highest temperature ever recorded for Feb. 15, six degrees over the earlier record of 57.

The "heat wave" and a drenching rain turned county roads to soup and potholes, flooded basements, and over flowed drains and creek beds.

Oakland County and Pontiac City officials estimated the high-speed thaw damaged roads to the tune of $55,000.

The mild weather held.

Temperatures hit 40 and 44 the next two days, then climbed into the 50's Feb. 18-20. Highest temperatures were 48 degrees on Feb. 21 and 45 on Feb. 22, although the mercury reached at least 35 every day the rest of the month.

This would give February 1954 a total of seven days when the temperature went to 45 degrees or higher.

February 1953 only boasted five such days. February 1952 had only one—the high for the month was 47 degrees.

March, staggering under the weight of four inches of snow, slogged into Pontiac Monday and even managed to stir up some chilly winds before the day ended.

But spring—officially—is due to arrive March 20.

If winter's got any more to say, it had better talk fast — time's running out.

Charles T. Fisher Jr. Elected to GM Board

Charles T. Fisher Jr. of Detroit was elected to the board of directors of General Motors yesterday.

Fisher is president and director of the National Bank of Detroit and a former director of the Reconstruction Finance Corp.

He is the son of Charles T. Fisher, who, with his brother, the late Fred J. Fisher, in 1908 organized the Fisher Body Co. which later became part of General Motors.

Chrysler Loan Is $250 Million

Notes Run 100 Years; to Use Prudential Cash for Modernization

DETROIT (UP) — Chrysler Corp., one of the "big three" auto producers, has arranged to borrow $250,000,000 from the Prudential Insurance Co. of America to expand and modernize its plant facilities.

Directors of Chrysler at a special meeting Monday completed arrangements to borrow the money at 3¾ per cent interest repayable in 100 years.

The 100-year notes can be converted after Jan. 1, 1962, by either party into 20-year notes with a reduced rate of interest.

Chrysler has had no financed debt since 1935, when it paid off the last of the debentures assumed in the purchase of Dodge Motors in 1928.

L. L. Colbert, Chrysler president, said the company would use the money from the Prudential loan to expand and modernize its production facilities with new techniques.

Vandals Enter Cottage Third Time in 3 Weeks

Vandals broke into the cottage of Mr. and Mrs. Nick Palaian, at 1354 E. Lake Dr. during the weekend and caused an estimated $500 damage. The cottage was broken into two other times in the past three weeks.

Mrs. Palaian said mattresses and furniture were slashed, an American flag was ripped to shreds and silverware was scattered over the area.

1—Sealed proposals addressed to the Pontiac Board of Education, 40 Patterson Street, Pontiac, Michigan, will be received up to 2:00 p.m. Eastern Standard Time, March 17th, 1954. Promptly at 2:00 bids will be publicly opened and read aloud at the office of the Board of Education, 40 Patterson Street, Pontiac, Michigan.

2—Proposals will be received as follows:

1—Complete job, including Architectural, Mechanical and Electrical.

2—Also, separate proposals for:

A—Architectural Trades

B—Plumbing, Heating & Ventilating

C—Electrical

all in accordance with plans and specifications prepared by L. J. Heenan, Architect, 15 Carlton Court, Pontiac 15, Michigan.

Plans are on file for reference at the following locations:

Builders & Traders Exchange—Detroit, Michigan.

F. W. Dodge Corporation—Detroit, Michigan.

Office of the Architect—Pontiac, Michigan.

3—Copies of the drawings and specifications may be obtained by depositing ten ($10.00) dollars with the Architect for each set of drawings and specifications so obtained. The amount of the deposit will be refunded to each bidder who returns the plans and specifications in good condition within ten (10) days after the opening of bids.

4—Proposals must be submitted on forms furnished by the Architect. A certified check or bank draft made payable to the Pontiac Board of Education, or a satisfactory bid bond executed by the bidder and a Surety Company in an amount equal to five (5%) per cent of the bid shall be submitted with each bid as liquidated damages in case of failure on the part of the successful bidder to execute the Contract and furnish satisfactory Surety Bond within ten (10) days after acceptance of proposal.

5—All bids submitted must be a fixed lump sum, which covers all labor and materials necessary to complete the Architectural Trades, Plumbing, Heating and Ventilating and Electrical.

The Pontiac Board of Education reserves the right to waive any informality in any bid, to accept or reject any or all bids.

Card of Thanks 1

MR. AND MRS. OSCAR THOMPSON and family wish to express to their many friends their heartfelt thanks for the tokens of sympathy tendered them during their recent bereavement in the loss of George E. Thompson.

WE WISH TO THANK OUR friends and neighbors and Lady's Aid, Holy Cross Lutheran Church and Rev. Behnke and General Motors Truck and Coach and U.A.W.-C.I.O. during the recent bereavement in the loss of my husband, Beatrice Thompson.

THE FAMILY OF ELTA FAY Tick and wife, Edith, wish to thank the friends and neighbors for the kindness shown us during the sudden death of our loved one. Many thanks also for the beautiful floral offerings, and to Rev. Savage and the Huntoon Funeral Home.

In Memoriam 2

IN LOVING MEMORY OF OUR son, Billie T. Webster, who left us March 3, 1948. We often sit and think of him when we are all alone. For memory is the only friend that grief can call its own. Like ivy on the withered oak; when all other things decay. Our love for him will keep it green and never fade away. His Mother & Dad, Mr. and Mrs. Harry S. Webster.

IN MEMORY OF PAUL E. ROAT who died on March 2, 1947. Mrs. J. W. Rost, Mrs. P. E. Roat, Mr. R. O. Rost and family.

IN LOVING MEMORY OF OUR husband and father Arthur Strehle who passed away March 1, 1953. Sadly missed by wife Helen Strehle and family.

Helen Grayco Is Her Name

She Adds Right Touch of Glamor to the Crazy City Slickers

NEW YORK — Helen Grayco, the beautiful chanteuse seen regularly on TV's Spike Jones show every Saturday, has survived several years of practically living amidst sirens, gun shots, steam whistles and pneumatic drills, with no visible scars.

Most assuredly, this is a tribute to her placid disposition. The fact that she is also Mrs. Spike Jones may have something to do with it.

Helen adds the only touch of glamor to which the irrepressible, uninhibited and frequently just plain mad City Slickers can lay claim.

Her lovely, well-groomed appearance offers a startling contrast to that of certain members of this riotous ensemble. Still, when it comes to participating in some of the more explosive musical disarrangements, Helen pitches right in with an appropriate spirit of abandon.

One of 11 children — this, too, may have something to do with her enviable tolerance for bedlam — she was born in Tacoma, Wash., and began her singing career as a child.

Everett Crosby, brother of Bing, heard her sing on a local radio station and advised her parents to send her down the road to Hollywood.

Some years later, she was singing with Stan Kenton's band at Hollywood's famed Palladium when Spike heard her and signed her to tour with his Musical Depreciation Revue. She became Mrs. Spike Jones in 1948.

Helen and Spike now have a 5-year-old boy, Lindley Jr., and a 3-year-old daughter, Leslie Ann. Helen's other interests include clothes, perfume, Italian spaghetti, swimming and interior decorating. She just completed furnishing their new home in Beverly Hills.

It is quiet in Beverly Hills.

Premier of Syria Fires Five Officials

DAMASCUS, Syria (AP) — Syria's new premier, Sabri Assali, forged ahead today with the purging of followers of ex-President Adib Shishekly.

He fired five close associates of the dictator who fled to Saudi Arabia after an Army revolt Thursday. Those ousted were the police director general, the broadcasting director general and the governors of three districts, including Damascus.

Assali and his cabinet of 10 members were named yesterday after leaders of the Army rebellion proclaimed 79-year-old Hachem Bey El Attasi president. Attasi has held the post twice before.

* * *

Assali sai dhis cabinet would hold office only until a new Parliament can be elected. Anti-Shishekly parties boycoted the last elections and the dictator's forces won a large majority of the seats.

The new premier's statement indicated he would steer a middle course between the West and the Communist world. He said his foreign policy would be "based on loyalty and faithfulness to all Arab countries and on friendship and intimacy toward all foreign countries of an equal footing."

After two days of rioting in which at least six persons were killed, Damascus was quiet yesterday and again today.

Grosse Pointer to Reign at Maryland Mardi Gras

ANNAPOLIS, Md. (AP) — Miss Beverly Johnston, 17, of Grosse Pointe Woods, has been selected queen of the 1954 Severn River Naval Command Mardi Gras.

The Michigan brunette was the choice of the selection board to reign over the festivities today. She was picked over 12 other candidates. The Mardi Gras is held annually for the benefit of the Navy Relief Society.

Fire Sweeps Home, Kills 70-Year-Old Woman

GRAND RAPIDS (UP) — Mrs. Anna Nowiska, a 70-year-old widow who lived alone, burned to death Monday when flames swept her home.

Firemen said defective wiring apparently caused the fire.

END OF THE LINE—Taking a last look at this deserted headquarters in the neutral zone at Panmunjom, Gen. K. S. Thimayya prepares to leave the area. With his duties over and his Indian troops gone, the general headed for a rest in Tokyo.

Link Two Puerto Ricans to Commie Membership

NEW YORK (INS) — Papers seized in the New York homes of the four Puerto Rican Nationalists who shot five Congressmen linked at least two of the terrotists today to the Communist party.

Authorities believe the four fanatics were coached by Red agents at a hideaway apartment on the part they were to play in the shooting fray yesterday in the House of Representatives.

One of the gunwielders, Rafael Miranda, 25, of Brooklyn, reportedly was a member of a Communist cell. Detectives said papers found in his apartment definitely tied him with William Z. Foster, Communist party chairman.

Police said there also was strong evidence to indicate that Lolita Lebron, 34-year-old admitted leader of the group of would-be assassins who sprayed the House chamber with bullets had been in constant touch with Soviet U.N. delegates.

Among the significant items found in her furnished Manhattan room, they said, was a booklet listing the permanent missions and delegations to the U.N.

Authorities said the pamphlet bore physical evidence that Mrs. Lebron repeatedly had referred to the section listing the names of Soviet delegates, their address and telephone number.

Letterheads found in her closet listed her as president of the Puerto Rican Women's Committee for Liberty and named as secretary Mrs. Rosa Collazo, wife of Oscar Collazo, now serving a life term for his part in the assassination attempt on President Truman in 1950.

Meanwhile, authorities and FBI agents moved into the Puerto Rico neighborhoods to check on any possible Nationalist outbreaks and police strengthened the guard around Mayor Robert F. Wagner.

Patrolmen were added to the detail at his Gracie Mansion and the city hall "until further notice."

Inspector D. J. Phillips, in charge of central offices, bureaus and squads, alerted police of all precincts having Puerto Rican populations to place themselves at the disposal of the FBI.

One of the ringleaders in the Washington shooting apparently was Miranda, identified as a son of Rafael Cancel Miranda, an imprisoned Nationalist party leader at Mayaquez, P. R.

The father is scheduled to leave prison next Wednesday after serving three years of a sentence for participation in the 1950 Nationalist revolt.

Miranda came to New York from Puerto Rico a year and a half ago. His wife, Carmen, 22, expressed surprise when told of his part in the shooting. She said:

"I had no idea he was in Washington. He never mentioned going there."

One of the group, Andres Figuero Cordero, 29, of New York, was said to have taken out several accident policies recently.

The fourth member, Irving Flores, 27, lived with Cordero in a four-room flat along the New York Central railroad tracks in Harlem.

Seeking to Identify Plane Crash Victims

NEWCASTLE, Wyo. (AP)—The task of identifying the nine victims of a Western Air Lines plane crash was to be resumed today.

The Minneapolis-bound Convair crashed Friday in rugged ranch country. Only one of the dead in the wreckage found Monday about 40 miles southwest of here has been identified.

He was Vincent Anderson, of Sturgis, S. D., one of six passengers aboard the plane.

A son was born in Salt Lake City Monday to the wife of the airliner's pilot. Mrs. Ray Cawley, of Bountiful, Utah, gave birth to the child six hours before Cawley's plane was found smashed and scattered over a wide area.

'Firecrackers' Is Lawmakers' First Thought

WASHINGTON (AP)—Some 250 House members were on the floor yesterday afternoon when shots rang out from the gallery.

For a stunning moment, nobody could believe what was happening.

Rep. Keating (R-NY) got the same first reaction as many others: someone must have set off firecrackers.

* * *

But Keating's impression was a fleeting one. He was sitting next to Rep. Alvin M. Bentley (R-Mich).

"Bentley dropped right at my feet," Keating said. "Then I dropped to duck the bullets."

Rep. Wheeler (D-Ga) also thought of firecrackers. He was lighting a cigarette at the rear of the chamber. He looked up to see a bullet hole 18 inches from his head, another bullet hitting two or three feet from the first.

"I fell to my knees and crawled out to the cloak room," said Wheeler.

* * *

Seated next to another legislator, who was hit, Rep. Kenneth A. Roberts (D-Ala) was Democratic Rep. Percy Priest of Tennessee.

"I heard the sound," Priest said, "and almost immediately Ken said to me, 'Percy, I'm shot.' Then he toppled over."

Two legislators were called off the floor just before the firing started. One of them, Rep. Gubser (R-Calif) was annoyed when he got a call from Postmaster General Summerfield.

* * *

"I was burned up," he said, "because I wanted to hear the debate on the farm labor bill which is important in my district."

"Minutes later," he added, "after the shooting, I found a bullet hole in the committee table right were I was standing."

And Rep. Leo Allen (R-Ill) related:

"A newspaperman from my home town called me out for an interview. While I was out the shooting started.

"I'll never cuss you newspapermen out again."

2nd Group of Russians Leave Tokyo for Home

TOKYO (AP)—The second group of Russians from the unrecognized Soviet mission in Tokyo departed for their homeland.

Kyodo news agency said the party included three members of the mission and three family members. Eight Russians left Japan last week.

The departures cut to 19 the persons at the mission.

Naval Reserve to Be Inspected

3-Man Board to Inspect Pontiac Unit Tomorrow as Part of Competition

A three-man Naval Reserve inspection board will be in Pontiac tomorrow to check the local station at 469 S. East Blvd.

The team is composed of Capt. F. F. Knachel, Cmdr. H. E. Stebbings and Lt. Cmdr. W. A. Nylund.

Pontiac reservists will be in competition with reservists in 70 other 9th Naval District groups. The winner will eventually compete for the title of Best Naval Reserve Surface Division in the district comprising 13 midwestern states.

Score is computed on factors including the attendance record, number of men participating in annual training duty and number of men earning promotions to next highest rank.

The current inspections will eliminate all but nine units. These will compete later for first, second, third and fourth positions.

The top unit will receive a commandant's general excellence trophy, which was won last year by the Pontiac group.

Traffic fatalities at night are three times greater than daytime accidents. For each million miles night-time deaths are calculated to be 21, and in day light only about seven.

Fleet Flipper Wins Olney Pancake Race

OLNEY, England (INS)—A 31-year-old housewife and mother, expertly flipping a pancake in a frying pan, covered a 415-yard course in two minutes, 12 and two-tenths seconds today to win Olney's annual pancake race.

The winner was Mrs. Joan Keech, who raced through Olney's marketplace holding a skillet and flipping a pancake three times as required by the rules.

The contest, which dates back more than 500 years, has been an international affair since 1950. Mrs. Keech will have to wait for the results from Liberal, Kas., to learn if she is the international champion.

Finds Television Boring, Frees Flocks of Birds

SACRAMENTO, Calif. (AP)—Police asked 14-year-old Michael Quick what prompted him to free a flock of crows, hawks and pigeons from the zoo by opening their cages with wire cutters.

"I got bored looking at television at home," the lad answered yesterday.

The case awaits a probation officer's recommendation.

Checked Puerto Ricans, but Only for Cameras

WASHINGTON (INS) — Doorkeeper W. L. Elgin, who admitted the three would-be Puerto Rican assassins into the House Cahamber, said he observed the only security regulation in effect.

"I asked them," he said, "whether they had any cameras, and they responded 'No.'"

Policeman Robbed

CHICAGO (INS)—Policeman Leo Kuznitsky reported to Chicago law enforcement officers today that a burglar carried off $11,700 worth of fur coats and jewelry from his home.

Graham Opens London Crusade

Crowd of 12,000 Jams Into Revival Services at Sports Arena

LONDON (AP) — Evangelist Billy Graham opened his 12-week crusade for a spiritual reawakening in Britain with a revival service last night that drew a full house of 12,000 into London's Harringay Sports Arena. Thousands were unable to get in.

The 35-year-old American, in a blue lounge suit with a small microphone at a lapel, held the throng spellbound with an impassioned sermon in which he repeatedly asked, "Does God matter?"

He led the gathering in Bible recitations and hymns.

* * *

Toward the end he called for persons ready to acknowledge Jesus Christ to come forward. Between 500 and 600 filed down the 25 aisles to confess their faith in a separate auditorium.

"So many, so many, thank God," said Graham, with head bowed.

The hymn singing persisted after the worshippers headed home in sleet and rain. At their bus stops and in subway stations, they continued singing the old religious songs in which Graham had led them.

* * *

The evangelist's campaign, which he has reported largely American-financed, is backed by 1,800 British churches. Many London clergymen are cooperating and a choir of more than 1,000 was recruited from London churches for the opening service.

The evangelist said he knew that "in London tonight there is a great hunger for God." He asked the worshippers to pray "as you have never prayed before to bring about this revival of the spirit which holds the only hope for the salvation of the Western world and for peace."

Police Cease Search When 'Victim' Strolls By

SPRINGWATER, N. Y. (AP) — A dozen firemen were sifting the ashes of a migrant workers' building yesterday when the "body" they were hunting for strolled sleepily from a nearby barn and asked what was going on.

Alexander Ross, a farm laborer, said he jumped from a second story window when the fire broke out Sunday night. He crossed the road and went back to sleep in the barn.

Rescue Woman in Sinking Boat

46-Year-Old Skipper Fought Sea for 5 Days Alone Off California

SAN DIEGO, Calif. (AP)—A French ship last night rescued a woman who had fought for five days alone against the sea in a leaking sailboat.

Mrs. Vera Olive Rideout, 46, who had set out from San Pedro Feb. 20 on an attempt to sail around the world, was picked up about 15 miles south of San Diego by the French training vessel Maurier Christmas. She was transferred to a Coast Guard cutter, returned here and hospitalized for treatment of a dislocated spinal disc.

Her 25-foot sailboat sprang a leak off Guadalupe Island south of here. "Then I threw my back out when the mizzen boom hit me," she told newsmen.

"I planned to heave to off the island for two or three weeks until my back got better. But I woke up with the water 10 inches above the floorboards in the cabin.

I began pumping every 15 minutes and then had to make it every 10. I decided to try to make San Diego before she sank."

She said she pumped for at least 120 hours and manned the sails while attempting to reach San Diego.

The small boat, which has no motor, was equipped with an SOS transmitter. "But I couldn't work it and man the pumps and handle the sails all at once," she said.

Car Stolen, Wrecked, Proves to Be His Own

SAN FRANCISCO (AP)—Harry H. Kampf, a tow-truck driver, cast an expert's glance at the smashed Cadillac and agreed with police:

"Yep, it's a bad one, al lright."

Then he took another look at the wreck he was supposed to tow away.

"Hey," he exclaimed, "that's my car."

Sure enough, stolen and wrecked before he even missed it.

Four standard time zones for the U. S. were adopted in 1883.
