Fisher Body, UAW Agree on 3-Year Contract

Ex-Pontiac Man Pleads Guilty to Embezzling

Schneider Admits Theft of $19,500 From Local Credit Union

Francis H. Schneider, resigned treasurer - manag- of the Chief Pontiac Federal Credit Union, admitted in U.S. District Court in Detroit yesterday embezzlement of $19,500 in credit union's funds.

Treasurer since 1949, Schneider resigned a year ago when a federal examiner reported finding discrepancies in the firm's books.

Schneider said he used the money to pay debts he ran up while operating a motor court and fishing camp near Whitehall.

Asst. U.S. Attorney John L. Owens said Schneider also admitted that he fleeced members of the credit union out of $30,000 by having them take out loans which they turned over to him.

While none of the money had been repaid when Schneider resigned, Owens said Schneider's bonding company made good all the losses.

★ ★ ★

The losses were described as loans which were never paid back. Authorities said the $19,500 was in loans taken out by Schneider himself.

Schneider was an examiner for the U.S. Bureau of Federal Credit Unions before he quit to run the Whitehall motor court.

PLEADED GUILTY

Although the shortage was revealed a year ago, Schneider made his first court appearance yesterday and entered a plea of guilty before Judge Clifford O'Sullivan.

Judge O'Sullivan released Schneider under personal bond. No date was set for sentencing.

Formerly a Pontiac resident, Schneider said he now lives in Birmingham. He had held the $9,900-a-year job here since 1949.

The credit union holds funds for Pontiac Motor Division employes and has assets totaling more than $3,600,000. A full audit last winter put the total shortage at $54,135.

★ ★ ★

Approximately $37,000 has been recovered to date from the bonding company, said William Harrington, the manager. Further payment of claims is expected in the future, he added.

Crash Ends Rivalry

AP Wirephoto

ACTRESS IN LONDON—Actress Eva Bartok, whose rival for the hand of a wealthy young Indian prince was killed in a plane crash over Italy yesterday, was pictured in London Wednesday night with her frequent escort, the Marquis of Milford Haven.

Indian Prince Shiv Says He Hardly Knew Jane

ROME (AP)—Indian Prince Shiv today denied there was anything between him and Jane Buckingham, the London model killed in a plane crash while on her way to win him away from actress Eva Bartok.

"She must have been crazy," said the handsome 27-year-old son of the Maharajah of Palitana.

"I knew Miss Buckingham. I went out with her a couple of times. But there was nothing between us. I really didn't know her very well."

★ ★ ★

Miss Bartok's press agent announced in London Monday that she and Shiv were unofficially engaged and that he was on his way to Naples to get his father's permission for the marriage.

Miss Buckingham told reporters the prince loved her and she him, then boarded a British airliner for Italy Wednesday to intercept him.

The four-engine turbo-prop Viscount and an Italian jet fighter collided over Anzio, killing all 31 persons aboard the British aircraft. The fighter pilot parachuted from his plane and was hospitalized in a grave and delirious condition. Among the victims was Diana Muckerman, 26, of New York City, honeymooning with her British husband, Desmond Cubitt.

★ ★ ★

The prince, driving from London to Naples, stayed Wednesday night at a small hotel in Grosseto, on the Italian coast 90 miles northwest of Rome. He did not learn of the crash until a reporter telephoned him this morning.

★ ★ ★

He said he was shocked to learn of his former companion's death, but "we were just friends. I knew Miss Buckingham, but that's all there was to it."

Shiv refused to confirm that he and Miss Bartok planned to marry, saying, "Nothing has been decided." He said he was driving straight through to Naples, where his father is visiting a daughter, and would not stop in Rome to view Miss Buckingham's body.

So far there was no explanation of the collision.

The British pilot, Capt. Frank Foster, was an air safety expert who had specialized in the study of air collisions.

JANE BUCKINGHAM.
Killed in air crash.

English Model Dies Fighting for Romance

LONDON (UPI) — A beautiful English model swore Wednesday to win back the love of an Indian prince who abandoned her for Hungarian actress Eva Bartok.

A few hours later she was killed in the crash of a British airliner while flying to her boy-friend's father seeking advice.

★ ★ ★

Model Jane Buckingham, who was to celebrate her 22nd birthday this week, was en route to Naples where she planned to talk with Maharaja Shree Sir Bahadursinhji Thakore Saheb, father of the handsome Prince Shiv.

She died with 30 others when (Continued on Page 2, Col. 4)

President Ends Brisk National Campaign Tour

Returns to Washington Confident 5,000-Mile Trip Bolstered GOP

From Our Wire Services

CHICAGO—President Eisenhower wound up his cross-country campaign swing today and headed back for Washington for new ammunition against the Democrats in the battle for Congress.

The President arrived in Washington aboard the Columbine III this morning and was confident his 5,000-mile trip produced results that would help Republican congressional candidates at the polls Nov. 4.

Mrs. Eisenhower, suffering from a painful migraine headache returned to Washington by train during the night.

She and the President were to be hosts at a White House luncheon today for Queen Frederika of Greece.

The Chief Executive climaxed his political tour last night with a nationally televised and broadcast speech in which he credited administration policies with putting the nation on the threshold of unparalleled prosperity.

He predicted personal income would rise to new all-time records without price increases if Americans reject the "counterfeit logic" of Democratic "radicals."

REJECTED AVALANCHE

During the recent recession, Eisenhower charged, the Democrats would have tossed private enterprise into a "federal wheelchair" of hysterical government spending.

The President said the Democrats wanted to deal with the business slump through an avalanche of federal spending. The Republicans, he went on, rejected that course, "the radicals in Congress notwithstanding."

"Fellow Americans—clearly Republican faith in the regenerative powers of our economy has been well placed," he said.

The President emphasized—as he (Continued on Page 2, Col. 1)

Scientists Wonder Why

Balloon Satellite Lost

CAPE CANAVERAL, Fla. (AP)—America's first balloon satellite apparently was lost in the vastness of space today, and no one knew just why.

The Army launched a Jupiter-C rocket Wednesday night containing the collapsed 12-foot-diameter sphere, and tracked it by radio for about six minutes.

★ ★ ★

Then the signals went dead.

Early today, military and civilian scientists in charge acknowledged that "it is practically certain the experiment was not successful and an orbit was not achieved."

It was a disheartening end to an ambitious project for hurling into an 18,000-m.p.h. orbit around the earth an object which would be visible to the unaided human eye at distances up to 1,500 miles.

By tracking it from observation points in many lands, scientists had hoped to learn much about the mysteries of that remote area where the earth's atmosphere ends and interplanetary space begins.

And they had hoped to gain experience to help with an even more spectacular undertaking: a 100-foot balloon satellite off which radio, television and radar signals could be bounced.

That might be attempted next year.

It looked like a perfect shot Wednesday night. The launching rocket, 69 feet tall, thundered aloft from this missile test center at 10:21 p.m.

It climbed straight upward, a firebrand in the sky, for 75 seconds, then angled over to the southeast exactly as had been planned.

For another minute it was a bright moving star against a background of moonlight and starry sky and then it winked out about 2½ minutes after blastoff—again apparently exactly according to schedule.

After the first minute of flight, when it had reached the cold upper altitudes, the rocket traced its course with a lacy vapor trail.

It remained visible for a few seconds after burnout as a dwindling red star, apparently because the red hot metal of its exhaust glowed like the tip of a cigarette. Then it could no longer be seen.

Four satellites, three American and one Russian, are circling the earth but only two are sending back radio signals, U.S. Headquarters of the International Geophysical Year reported today.

They are the Army's Explorers I and IV, the Navy's Vanguard I and Russia's Sputnik III.

Vanguard I is speeding through space at a maximum speed of 18,000 miles per hour. Its initial maximum altitude is 2,465 miles and mimimum 404 miles.

Vanguard I's radio still is operating but Explorer I and Explorer IV have ceased to send back signals.

★ ★ ★

Explorer I's maximum and minimum altitudes are 1,573 miles and 224 miles. Its top speed is 18,500 miles per hour.

Explorer IV's maximum speed is 18,406 miles an hour. Its initial maximum altitude is 1,380 miles and minimum 157 miles.

AP Wirephoto

SIX MINUTES: THEN SILENCE — A Jupiter-C rocket bearing America's first balloon satellite was launched at Cape Canaveral last night. Signal contact was maintained for six minutes, then lost. Above is model of the 12-foot aluminum plastic balloon carried inside the rocket, to be ejected and inflated at a predetermined elevation.

New Snark Off Today

CAPE CANAVERAL, Fla. (AP)—A sleek Snark guided missile, the only U.S. weapon now capable of flying intercontinental range, blazed across the Atlantic early today. Launching of the 69-foot missile on what reportedly was a 3,000-mile halfway shot and return to the Cape came in the wake of the Army's failure to blast a balloon satellite into orbit.

1,600 Employes to Vote Saturday on Ratification

Most Pontiac Motor Workers Back on Job After Contract OK

By PETE LOCHBILER

Pontiac's auto production picture was clearing today with the announcement that Fisher Body negotiators had come to tentative agreement on a new three-year pact that would end the three-week-old strike.

As 6,000 UAW workers returned to jobs at Pontiac Motor Division, a ratification meeting was scheduled for 1,600 Fisher body workers at 11 a.m. Saturday in Lincoln Junior High School auditorium.

If the pact is approved, it will mean an end to strikes that first began at the city's three General Motors Corp. plants Oct. 2.

The Pontiac Motor Division strike was settled Tuesday; the GMC Truck & Coach Division strike ended Oct. 13.

The Fisher Body settlement came at the end of the 20-day local negotiation period suggested by UAW President Walter P. Reuther. It covered local wage and seniority agreements and local grievances. Details of the pact were not announced.

Officials of UAW Local 596 had said that the local seniority agreement was the stumbling block in negotiations. The wage agreement apparently had been settled as negotiators began a final marathon bargaining session, lasting from 9:30 a.m. yesterday to 6:30 a.m. this morning.

ANNOUNCEMENT AT 3 A.M.

First announcement of a settlement came at 3 a.m. from Local 596 President Gerald W. Kehoe.

★ ★ ★

Since the Fisher plant does not normally operate on weekends, it was anticipated that a favorable vote Saturday would put workers back on the job by Monday.

Pontiac Motor Division said that Fisher Body must be in operation at least two days before automobiles could begin coming off the Pontiac lines again.

Some 1,000 assembly workers are still idled at Pontiac Motor, waiting for delivery of bodies to the Pontiac plant.

Pontiac spokesmen said that the 6,000 who returned to work today may be able to stay on the job through Monday or Tuesday without auto bodies. They are employed in parts manufacturing.

NO WORD ON LAYOFF

Whether a temporary layoff will (Continued on Page 2, Col. 3)

'58 UF Drive Based on 'Yardstick Giving'

The success of this year's tenth anniversary Pontiac Area United Fund campaign, which opened Monday evening, is directly related to the public's acceptance of yardstick giving, according to United Fund officials.

"If everyone working in the area uses the yardstick as a pledge guide, I'm sure the success of this year's appeal will be assured," stated Philip J. Monaghan, campaign chairman.

The yardstick plan calls for a fair share pledge which is related to the individual's income. The scale ranges from 60 cents a month for a monthly income of $215, to $20.76 a month for an annual income of $20,000.

The plan was adopted last year, and the suggested giving scales represent a study of actual giving records compiled during the fund's nine years of operation.

UF officials stress that the scales reflect suggested rates. In no way do they want the contributor to feel he is being told what to give.

Many of the 1,100 communities which have followed Pontiac's example in establishing a "give once for all" United Fund campaign now utilize fair share giving guides. By comparison, Pontiac's suggested yardstick giving scales rate among the lowest in the nation, UF officials said.

"This means that it's far easier (Continued on Page 2, Col. 2)

Partly Cloudy Today, Warmer on Friday

Partly cloudy tonight and tomorrow is the forecast of the weatherman for all of the Lower Peninsula. Tonight's low will be near 46.

Friday will be a little warmer with the high reaching around 66. The outlook for Saturday is fair and a little warmer. Today's southeasterly winds at 8-10 miles an hour will become light variable tonight and Friday.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 57. The recording at 2 p.m. was 62.

We'll Keep the Brains

WASHINGTON (UPI) — The association of the U.S. Army was on record today in opposition to any transfer of Army missile scientists to the new civilian space agency.

Community National Plans New Branch

To serve existing customers in the Waterford Township area, Community National Bank today announced plans to open a new Waterford branch as soon as possible.

Permission has been granted by the Comptroller of Currency in Washington, D.C. to open a Community National branch at the southwest corner of Dixie highway and Andersonville road, announced bank president A. C. Girard.

The site already has been purchased, said Girard, as well as a 50 by 70 foot two-story brick building, for which extensive remodeling plans are being completed. The branch, Community National's ninth in the Pontiac area, will have parking available for 75 to 100 cars, Girard said, plus complete banking facilities, including drive-in service.

Largest Crowd on Record

3,000 Hear Crane Lecture

Dr. George W. Crane's Tuesday night lecture on marital problems attracted "the largest crowd in the history of Pontiac Central High School for a single event," according to school custodian Alex Atkin.

Atkin said there were 3,000 in attendance for the evening lecture. The tremendous crowd necessitated placing persons in some 14 rooms besides the main auditorium where Dr. Crane spoke.

"The crowd was one of the most orderly crowds we have had," Atkin said of The Pontiac Press sponsored event.

Visiting Senator to Push Potter Victory at Rally

A big push for the re-election of Republican Sen. Charles E. Potter will be made Friday night at a political rally in Royal Oak.

Here in an effort to give Potter a return ticket to Washington will be New Jersey Sen. Clifford P. Case, who will tell county Republicans why Potter should be re-elected.

But missing from the 8 p.m. rally at Kimball High School will be the honored guest. Sen. Potter had already accepted a speaking tour for the same night in Macomb County.

"But that won't dull the enthusiasm for our great senator," assured Arthur G. Elliott Jr., Republican county chairman from Pleasant Ridge.

Sen. Case, 54, a member of the Senatorial Campaign Committee out drumming up votes for senators up for re-election, knows Potter well. Both served together in the U.S. House of Representatives.

"His talk here will be aimed at defining strongly the reasons he believes Michigan must vote to retain the services of Sen. Potter," said Elliott, who will be master of ceremonies.

A spokesman for the Oakland County Republican Committee said the rally, in the school cafeteria, will be the "final local plug" for Potter before the Nov. 4 election.

SEN. CLIFFORD P. CASE

4-Lane Perry Street to Be Opened Saturday

A new four-lane Perry street (M24) from East Huron street to Opdyke road is scheduled to be opened Saturday, a Michigan State Highway Dept. spokesman said today.

Either Friday evening or early Saturday, workmen are expected to lift the barricades which have closed this 3.9-mile stretch of Perry since May, except for limited traffic.

Motorists will note a big change from the narrow confines of the old two-lane Perry street. From East Huron street in downtown Pontiac northeasterly to Opdyke road there will be four lanes divided by a center median.

The 1½-mile stretch from East Huron to East boulevard will measure 50 feet from curb to curb. The center strip for this section will be a three-foot section of blacktop.

The rest of the new road, from East boulevard to Opdyke, will be somewhat larger, with a wider center median. On each side of the grass 16-foot center divider will be two 12-foot lanes.

Crews of the Denton Construction Co. of Grosse Pointe are putting the finishing touches on the $1,350,000 (includes right-of-way) costs) project. Landscape work is expected to continue even after the new road is open, according to the project engineer.

Construction has been going on steadily since May 14 when huge bulldozers and earth moving equipment moved into Pontiac to start making way for the wider road. Completion date was Oct. 31.

This widening job necessitated condemnation suits filed by the State Highway Department to acquire numerous pieces of property from owners of abutting property.

Hoped to be completed by Saturday also is an extension of Glenwood avenue to link with Paddock street, constructed so as to do away with the old zigzag route across Perry street.

This work also was done by the Denton firm and was included in the total project, according to James Carlisle, assistant Pontiac city engineer.

Pontiac Press Photo

WIDENED PERRY STREET — This is how the newly widened Perry street looks to a motorist driving out from downtown, at the Paddock street intersection. The four-lane street will be opened to through traffic Saturday.

President Ends Brisk GOP Speaking Tour

(Continued From Page One)

did in all other speeches during his tour—that just and lasting world peace is the overriding goal of his administration.

★ ★ ★

To achieve it, he said, America must stay militarily strong because power is the only language the Communists understand.

"If we quail before the Communist threat, if we allow Communist territorial expansion by force, our problems will certainly multiply, not diminish," he said.

That is why, he added, the Red Chinese bombardment of Quemoy must be recognized as "the announced first step in the deliberate plan of the Chinese Communists to occupy Formosa."

ECONOMY ON WAY UP

He said the steady policies of the administration prevail and now the nation's economy is on its way up from coast to coast.

Before the President started his campaign swing last week, he had spoken repeatedly of apathy and defeatism within his own party and was concerned by the sluggish flow of campaign contributions.

He rolled up his sleeves and started stabbing at the Democrats in the first real public political battling he has undertaken since his own re-election in 1956.

As a result, he told last night's audience of 4,700 GOP workers gathered at a $10-a-plate dinner that he was finding great enthusiasm within the party for the November battle with the Democrats.

★ ★ ★

He did not go as far as to predict that this enthusiasm would produce a Republican victory next month, but he said hard work within the GOP could assure the United States of "round, efficient, progressive, trustworthy government."

Eisenhower was tired as a result of his trip to Iowa, Kansas, Colorado, California and Illinois, but Press Secretary James C. Hagerty described it only as "normal fatigue."

For a man of 68, however, the trip was more than normally vigorous and the Chief Executive was expected to take it easy back at the White House for the next day or two.

VIRGINIA NEXT

Eisenhower's next scheduled political speech is Oct. 27 at Charleston, W. Va. He will speak the same night in Pittsburgh, covering the East by radio and television.

★ ★ ★

He goes to New York Oct. 28, ostensibly to speak at the National Football Foundation that night, but also to operate politically in the important New York State campaign.

Wayne Gets $396,300

DETROIT (AP)—Wayne State University Wednesday accepted $396,300 in gifts and grants. The largest grant was $223,933 from the U.S. Public Health Service for eight research projects. At the same time the board of governors took necessary action to assure Wayne students of the benefits of the recently enacted National Defense Education Act.

Rain Splashes New York City, Coastal Area

By United Press International

Persistent showers pelted the east coast Thursday, dumping 2.19 inches of water in the New York City area up to 7 a.m.

Another band of showers were scattered early Thursday from lower Michigan into eastern Arkansas, marking a collision of cool air pushing from the west and warm air over the east.

Precipitation in the east was general but mostly light from New York into North Carolina. The heaviest rains were in the New York area.

In the midwest, rainfall also was mostly light.

'Yardstick Giving' Basis of '58 UF Drive Success

(Continued From Page One)

for Pontiac workers to participate successfully in our plan and have the added satisfaction of doing their share," said Karl Bradley, executive director of the fund.

The plan was conceived to insure a fair distribution of the financial responsibility among the many, rather than ask a few to make an unreasonable sacrifice.

"Our yardstick scales have the endorsement of both management and labor. Morover, they were established with the intention of making no future changes in them," added Bradley.

Yardstick For Giving cards have been developed for hourly and salaried employes, and a third scale for the professional or self employed.

The following rates appear on the cards:

HOURLY PERSONNEL

Hourly Rate	Weekly Pledge	Annual Pledge
Up to $ 1.50	.15	$ 7.80
1.50	.20	10.40
2.00	.30	15.60
2.50	.40	20.80
3.00	.50	26.00
3.50	.60	31.20

SALARIED PERSONNEL

Monthly Pay Rate	Semi-Monthly Pledge	Annual Pledge
$215.00	.33	$ 7.80
260.00	.47	10.40
305.00	.54	13.00
345.00	.65	15.60
390.00	.87	20.80
435.00	1.08	26.00
475.00	1.30	31.20

EXECUTIVES, PROFESSIONAL AND SELF-EMPLOYED

Annual Rate	Semi-Monthly Pledge	Annual Pledge
$ 6,000	$ 1.38	$ 32.50
7,000	1.88	45.00

Mrs. John E. Clark Dies in Bronxville

Mrs. John E. (Dorothea) Clark, daughter of the late Dr. and Mrs. Edmund A. Christian, died late yesterday afternoon in Bronxville, N.Y. She was 56. Dr. Christian was head of the Pontiac State Hospital for many years.

Mrs. Clark was born here in 1902. She was a member of All Saints Episcopal Church and the Pontiac Chapter of Needlework Guild of America.

She leaves her husband; two sons, John Christian and Roger Clark; one grandson, John Clark Jr., and two sisters, Mrs. Isabel White of Pontiac and Mrs. Margaret Prendergast of Balboa Island, Calif.

Mr. Clark is a member of the executive staff of John Donnelly & Sons, East coast outdoor advertising firm of New York City.

Salute to Industry Bermuda Contest Ends Saturday

Saturday is the deadline for entries in Pontiac's "Salute to Industry" contest, which is offering the winner a full week for two persons in Bermuda—with all expenses paid.

★ ★ ★

All applicants must do to enter is complete the statement "I like the 1959 Pontiac because . . ." in 25 additional words or less. Entry blanks are available at all stores belonging to the Downtown Merchants Assn. of the Chamber of Commerce.

Contestants must be at least 18. The decision of the judges will be announced Nov. 1.

★ ★ ★

The prize includes a round-trip Pan-American World Airways flight to Bermuda with accommodations at the luxurious Hotel Belmont, and a choice of several fascinating tours.

Brewer Recuperating After Heart Attack

Willis M. Brewer, 66, past chairman of the Pontiac General Hospital Board of Trustees and coordinator for the Oakland County Road Commission, "is improving" after suffering a light heart attack.

Brewer's wife reported that he is gradually "getting back on his feet" at Pontiac General, where she said he is expected to remain at least through this week.

Detroit Hunter Found Dead Near Cabin

A 57-year-old Detroit hunter was found dead with a gunshot wound in the head yesterday afternoon about a half-mile from his Big Fish Lake cabin, near the Oakland-Lapeer county line.

★ ★ ★

He was Edward A. Bauer of 19381 Wexford, Detroit, a yard foreman for the Grand Trunk Railroad in Detroit.

Lapeer County Sheriff William J. Porter believed the victim may have stumbled and accidentally shot himself with his 4-10 shotgun. An autopsy was being performed this morning.

One Point of Harmony for Nixon, Truman

BURLINGTON, Vt. (AP)—Vice President Nixon, listening to background music at a GOP rally Wednesday, commented he liked it fine.

"I used to play a mean piano myself," he added.

"Just like Harry Truman," someone commented from the crowd.

"And that's about the only thing we have in common," Nixon retorted.

City Police Set Safety Record

National Council Cites 3-Wheel Cycle Unit for Perfect Score

The Pontiac Police Department's three-wheel motorcycle section today gained recognition from the National Safety Council for its outstanding traffic safety record.

The Pontiac unit is one of 45 state and municipal police fleets which the Council is honoring for safety in the operation of police vehicles.

★ ★ ★

The police fleets are winners in a special division of the National Fleet Safety Contest conducted by the Council and sponsored by the International Association of Chiefs of Police.

The Pontiac unit was awarded a "perfect record" certificate. During the twelve-month period ending June 30, 1958, police officers drove the three-wheelers 15,445 miles without any mishaps.

A total of 265 fleets took part in the contest and traveled 495,688,000 miles in the same 12-month span. They had 6,604 reportable accidents—1.33 accidents every 100,000 vehicle miles. Thirty-four of the fleets had perfect records.

Municipal police had a combined rate of 2.62 and state police a combined rate of .44—lowest rates in the four years the IACP has sponsored the police division.

Model Dies Fighting to Rescue Love

(Continued From Page One)

her airliner collided with a military jet over Anzio, Italy.

"I won't let her take him away from me," Miss Buckingham angrily told reporters as she boarded the plane. "He's the only man I've ever loved completely."

Miss Bartok's engagement to Shiv was announced by her studio Tuesday. That night she appeared at an exclusive party, honoring Frank Sinatra, with her old friend the Marquess of Milford Haven.

Miss Bartok denied knowledge of the engagement.

★ ★ ★

Miss Buckingham, slim, auburn-haired model whose face and figure has graced fashion magazines and billboards throughout Britain, said that when she saw Shiv with Miss Bartok in a newspaper photograph "It cut me like a stiletto."

She related her last conversation with Shiv, saying he called her up for dinner last Saturday.

"Tell me what all this is about," she said she told Shiv.

"What do you mean," he replied.

"You and Eva Bartok," she replied.

"Look, if it's like that I'll call you later," Shiv told her.

"I'm still waiting for the call," Miss Buckingham said.

She said she had not stopped crying since she heard the reports that Shiv and Miss Bartok had been seen together.

★ ★ ★

She called Shiv's father, she said, and sobbed out her story. He told her he would speak to his son.

Miss Buckingham and the darkly handsome prince met last July in a London club. They saw each other each night until Miss Bartok stole the wealthy Indian's heart.

be necessary early next week was not immediately apparent.

Although the national GM strike began and ended Oct. 2, local unions were authorized by the international to continue strikes over local issues.

Charles A. Beach, president of Pontiac local 653, UAW, yesterday saw the new Pontiac Motor pact as the basis for "labor peace for the coming three years."

He saw the new local agreement as both "justifiable and workable," from the point of view of the union.

★ ★ ★

Pontiac Motor officials declined comment on the terms of the pact.

Public Likes Factory Price Tags on Cars

WASHINGTON (AP)—The public reaction to factory price tags on 1959 model cars was described today as universally favorable by an auto dealers group.

★ ★ ★

The Executive Committee of the National Automobile Dealers Assn. in session here, said the new law which requires the tagging of new cars with the maker's suggested retail price has helped to restore consumer confidence and remove suspicions that the price is "packed."

★ ★ ★

"From the dealer's standpoint, the price tag law gives the salesman an opportunity to sell the product and the value of owning a new car," said the report by Dean Chaffin of Bozeman, Mont., NADA president. "Heretofore the salesman has had to concentrate on selling price."

Warning: Slow Down

STOCKTON, Calif. (UPI) — Sheriff's deputies yesterday confiscated a rifle belonging to Pashal Fraser, 68, after he admitted firing it across the bow of a Navy tug as it passed his houseboat on the Stockton Channel. "It was going too fast," Fraser explained. "I just shot once to warn them to slow down."

Eastman, Straley Off to Convention

Police Chief Herbert W. Straley left Pontiac yesterday to attend the annual convention of the International Assn. of Chiefs of Police.

The convention in Miami will be held from Sunday, Oct. 26, through Friday, Oct. 31. Public Safety Director George Eastman will leave for the same convention on Friday, and return to work on Monday, Nov. 3. Straley is not due back until Nov. 6.

Dies as Car Hits Tree

SOUTH HAVEN (AP) — Emmett Droney, 55, of rural South Haven, was killed Wednesday when his car left an Allegan county road and hit a tree three miles east of here.

The Day in Birmingham

School Board Approves Buying FM Receivers

BIRMINGHAM — The Birmingham Board of Education has approved purchase of 13 sets of FM monitor receivers to equip all schools in the district so they can get direct, official warnings in the event of natural or man-made disasters.

★ ★ ★

They will cost $271.35 each. This includes installation, according to Supt. Dwight D. Ireland.

The receivers will bring Birmingham into the county-wide Civil Defense system, planned about a year ago by Lewis C. Jarrendt, county civil defense director.

Ireland said each school would receive the warnings simultaneously through the Oakland County Sheriff's Dept.

★ ★ ★

He pointed out that telephone communications of warnings received at the central switchboard would be of little value because of busy lines.

"What's What in Birmingham," a welcoming letter prepared by the Birmingham Branch of the American Assn. of University Women, has been aimed especially at new teachers in the area.

It has a complete outline of the various restaurants in the community, recreation facilities adult education classes and social activities.

Out-of-town places of interest also are listed, along with several women's organizations of particular interest to college women.

Robert Giardin, recreation director, reminded Birmingham area residents that time is running out to register for fencing classes.

★ ★ ★

He said not quite enough people so far have signed up to bring Istvan Danosi, internationally known instructor, to Birmingham.

New Birmingham residents who were members of junior leagues in their former communities will be entertained at a cocktail party Sunday at the home of Mrs. D. R. Matthews, 975 Fairfax Rd., Birmingham.

Jay Shoemaker

Service for Jay Shoemaker, 8-year-old son of Mr. and Mrs. James W. Shoemaker, 26559 Meadowood Ct., Lathrup Village, will be held at 1 p.m. Saturday in Bell Chapel of the William R. Hamilton Co. Burial will be in Grandlawn Cemetery, Detroit.

★ ★ ★

The child died yesterday at William Beaumont Hospital of injuries received Tuesday when he was struck by a car in Lathrup.

Jay was a fourth-grade pupil at the Lathrup Village School. Besides his parents, he leaves twin brothers, James W. Jr. and John L.; and his grandmother, Mrs. Guy R. Loomis of San Diego, Calif.

Albert L. Lacy

Service for Albert L. Lacy, 62, of 972 Ann St., Birmingham, will be held at 1 p.m. Friday in the Harvey A. Neeley Funeral Home, 16540 Meyers Rd., Detroit. Burial will be in Grandlawn Cemetery, Detroit.

★ ★ ★

Mr. Lacy died unexpectedly Tuesday in Birmingham. He was a member of the First Nazarene Church.

★ ★ ★

Surviving are his wife, Marjorie L; two sons, Albert L. Jr. and Maxwell in Illinois; a daughter, Mrs. Betty J. Johnson, and eight grandchildren.

New Oil Well Drilled on Farm Near Alma

ALMA (AP)— A new gusher oil well that produces more than 50 barrels an hour has been drilled near here, according to City Commissioner Norman Lyons of nearby Mount Pleasant.

★ ★ ★

The 2,822-foot well, drilled by W. W. Mesel of Mount Pleasant and Vane Howard of Indiana, is on the farm of Kenneth Potter in what is known as the old Sumner field.

Phillips Super Market Break-In Attempt Fails

Burglars last night made an unsuccessful attempt to break into the Phillips Super Market at 360 Franklin Rd.

The store's owner, John Phillips of 411 Lorberta Lane, Waterford Township, was held up and robbed of $150 Saturday night.

No Shift in HCL

WASHINGTON (UPI) — The government was expected to report today that living costs remained the same in September as they were in August. A decline in food prices offset rising costs of fall clothes, home furnishings and "durable goods" like TV sets and new cars, informed sources said.

Bob Considine Wonders:

Can the Airlines Fill Their Big New Jets?

PARIS — Juan Trippe, whose jet Clipper "Mayflower" flew us here so swiftly we had to wait six hours for our hotel room to be ready, sums up all the dreams of his fellow airline operators when he says:

"Mass travel by air — made possible in the jet age — may prove to be more significant to world destiny than the atom bomb. For there can be no atom bomb potentially more powerful than the air tourist, charged with curiosity, enthusiasm and good will, who can roam the four corners of the world, meeting in friendship and understanding the people of other nations and races."

The president of Pan American World Airways has a good thought. He is correct too in using the words "mass travel." Just that will be needed, and nothing less, if the enormous investment of the airlines in jet travel is to break even or return a little profit.

Jack Wrather of Texas, Hollywood and New York, one of the smartest young businessmen in America, was saying at the Ritz today:

Bonita and I are flying home on the jet next week, our first flight. But I marvel most at this whole venture. Pan Am, TWA, Air France and the other lines that fly you from Paris to New York have been using Connies and DC7s which take 60 people per day per plane per airline to New York, more or less.

"Now Pan American has a plane which seats 120, and all the others will have something like it pretty soon. Where are the other 60 passengers coming from?"

MUST BROADEN MARKET

The answer, we guess, is up to the airlines themselves. They have won the confidence of millions who only a few years ago would not have thought of flying.

But to survive after an investment of billions of dollars in new jet equipment they must broaden their market considerably.

That one Pan American 707 which flew us here the other night can carry as many trans-Atlantic passengers in a year as the Queen Elizabeth, the Queen Mary, or the United States.

★ ★ ★

Yet Pan Am has bought dozens of these $5 million Boeing planes, as well as dozens of the Douglas DC8s of similar proportions and cost. Can you imagine Cunard building 90 Queen Elizabeths when it has trouble half filling one during the long off-season?

There is a great untapped lode of tourists, as Trippe suggests, but it has to be sold on packing up and going. The "Go now, pay later" plan has been a tremendous scoop digging into that lode. Now, more innovations are needed.

People who swear they'll never ascend any higher than the second floor must be persuaded to fly as high as 40,000 feet. People who hesitate to put their automobiles into third gear, for fear of exceeding the speed limit, must be made to thrill to the very thought of hurtling easily through the air at 600 miles an hour.

STRIVING CONTEST

People who want to go by ship to have time to rest, and even think, must be taken by the lapel and told how much finer it is to be at their destination days ahead of time than the expectation of getting there.

There's a striving contest for the lion's share of the tourist dollar. Immense corporate fortunes are at stake. Properly approached, it seems to me, the tourist himself has enough money to take care of everybody, even at a French hotel.

What the reluctant or the doubtful one must be sold on is the sheer advantage of travel, the necessity of seeing foreign lands if he truly is going to understand his own.

★ ★ ★

I have found traveling very broadening, especially in Italy — where the fettuccini is endlessly enchanting.

I hope that more and more Americans give the travel bit a whirl. Most Americans overseas are living, breathing contradictions of the big Soviet lie that we are arrogant warmongers.

Despite all the talk, I haven't found any prevalent "American—go home" campaign. Most of the people I have encountered through the world have suggested it might be a good idea for the Americans to come sooner and stay longer.

I don't know about staying longer, but after that ride on Pan American's jet I have a pretty good notion of how to get here sooner. Garcon, where's my hat?

It now costs more to amuse a child than it used to cost to educate his father . . . If Iowa is the corn-belt, then Taffy Tuttle figures that Texas must be the money-belt. —Earl Wilson.

Calls Human Failure Cause of Accidents

CHICAGO (AP) — The No. 1 case of all traffic accidents is human failure, a University of Michigan physician claims.

"By far the greatest factor in motor vehicle accidents is human failure, not speed, unsafe conditions of cars or bad weather, Dr. Seward E. Miller told the 46th National Safety Congress, the annual convention of the National Safety Council.

He said the medical profession can help prevent traffic accidents, adding:

"Careful physical examinations can reveal individuals most likely to experience an accident. Numerous defects and disabilities that impair safe driving ability are detectable through such examinations."

About 12,000 delegates are attending the four-day convention with the aim of reducing the national accident rate.

PRESENTING...

NEW CHRYSLER '59

the lion-hearted car that's every inch a new adventure

In the style that set the standard for an industry: Chrysler New Yorker 4-door Hardtop

The adventure starts the moment you see this lion-hearted Chrysler '59. From its regal new grille to its channeled roof to its gently rising fins, Chrysler keeps its beauty simple!

Let Chrysler's new Swivel Seat turn with you as you ease behind the wheel. Feel it lock securely into place. Allow the door to swing shut with compact, camera-shutter precision. Inside, feel the rich and rugged new fabrics. Measure Chrysler's new dimensions of leg, head and hip room. Look around you through spacious tempered safety glass windows.

Now just turn the key, touch a button and enjoy an entirely new adventure in driving!

Judge the silent strength of Chrysler's new Golden Lion engine as it surges to your every command. Feel how new True-Level Torsion-Aire Ride calms the roughest roads. Set Chrysler's Auto-Pilot. This optional driver-assist patrols and holds your speed, lets you cruise with your foot off the accelerator.

See this new lion-hearted Chrysler soon. Test it. Your Chrysler dealer has 15 new models in a wide price range.

LION-HEARTED CHRYSLER '59

New Styling! New Lustre-Bond metallic paint colors... regal new grille, exciting new interior fabrics, dramatic new channeled roof line.

New Swivel Seat! Available in '59, this Chrysler exclusive turns in and out of the car with you. Combines convenience with armchair comfort.

New Golden Lion Engine! Puts out more power, more torque per pound than any Chrysler engine in history. Choice of 305, 325 or 350 horsepower.

New True-Level Torsion-Aire Ride! This new Chrysler extra combines the comfort of air suspension with the sure control of torsion bars.

OLD AND NEW — Painted white for the grand occasion, an antique baby carriage is used in Arlington, Va., to announce a modern blessed event. Mr. and Mrs. Frank R. Reutimans placed it on the lawn when their eldest daughter gave birth to a girl on their silver wedding anniversary. Sign says: "It's a girl — Karen Sue."

Train Schedules Changed Here

Go Into Effect Sunday; Commuter Leaves for Detroit at 6:35 A.M.

A schedule change of Grand Trunk Western commuter trains, was announced today by W. B. Gracey, ticket agent of the passenger department.

Affecting morning schedules was the announcement that there will be no train leaving Pontiac at 6:55 a.m. as at present.

The through train, Inter-City Limited, which has been leaving Pontiac at 6:55 a.m. to Detroit, will operate as train No. 70, leaving here at 6:35 a.m. and arriving in Detroit at 7:35 a.m.

In the afternoon, train No. 19 will leave Detroit at 4:55 p.m. and arrive in Pontiac at 5:55 p.m.

Train No. 77 will leave Detroit at 5:20 p.m. arriving in Pontiac at 6:20 p.m. The new schedules will accommodate passengers formerly carried on train No. 75 which has been leaving Detroit at 5:05 p.m. and arriving here at 6.

All times given are Eastern Standard Time and the new schedules will go into effect this Sunday.

Also announced was a change in schedule of the Inter-City Limited to Chicago which will continue to leave Pontiac at 2:30 p.m. (EST) but arrive in Chicago at 7:45 p.m. (Central Standard Time) 25 minutes earlier than previously.

Returning, the same train will leave Chicago at 10:50 p.m. (CST), ten minutes earlier than at present, and arrive in Pontiac at 6:15 a.m. (EST) rather than 6:45 a.m., Gracey announced.

Air Force Base Names Streets for War Events

CLOVIS, N. M. (AP) — Cannon Air Force Base is keeping alive a particular historical period with its street names.

Streets are named for major tactical air battles or missions during World War II, such as "Little Boy" — code name for the atom bomb dropped on Hiroshima — and "Crossbow" — referring to a German long-range weapons program and to allied countermeasures.

These Few Reminders May Save Child's Life

Every day or so our Oakland County death toll rises another notch. With our schools in full swing a check on safe walking for children and safe driving for yourself is in order.

The following rules or reminders are reprinted from *Changing Times*:

★ ★ ★

For the children:

Cross streets only at corners.

Choose crossing guarded by policemen, school patrols or traffic signals, and obey them.

If unguarded corners must be crossed, look left, then right, and watch out for turning cars.

Never walk between parked cars; the drivers might not see you.

Don't play in streets; this is always bad, but worse as the days grow shorter.

Avoid walking at night on roads, but if you must, face toward traffic and wear something white.

★ ★ ★

For yourself in a car:

Observe speed limits, especially in school zones and around them.

Be especially alert at hours when children are going to and from school.

Watch for such danger signs as a ball rolling into the street or a football sailing across your path; children are nearby.

Set an example of courteous driving for your children; courtesy means driving the safest way, you know.

★ ★ ★

If you have taken the time to glance over this list, spend another moment, and call it to the attention of your children or someone else in your household.

Arab League Feuding Could Help Mideast

President NASSER's plans for an Arab empire from the Atlantic to Kuwait on the Persian Gulf have met with a serious setback.

A member of the Arab League for only 15 days, Tunisia walked out on October 11 charging that the League had become one-sided because it was dominated by "some big countries" and that the United Arab Republic had lent aid and comfort to the enemies of Tunisia's pro-western President BOURGUIBA. The UAR delegate denied the charge and also walked out.

Since then Tunisia has broken off diplomatic relations with Egypt. In an address to the constituent assembly Bourguiba pledged support of the West and accused Egypt of plotting his assassination.

★ ★ ★

Cause of the dissention is NASSER'S attempt to dominate all Arab states. His subversive tactics have brought Syria and Yemen into the UAR and stirred up the revolution in Iraq which effectively disposed of his rivals. They also led to a break with Jordan and civil war in Lebanon. This brought the United States, Britain and the United Nations into the picture and NASSER'S onward thrust was slowed.

★ ★ ★

Iraq is not yet entirely in the Egyptian camp. A pro-NASSER revolt on Oct. 7 was put down by Premier EL-KASSEM who professes friendship for NASSER but opposes joining the UAR. Syria is reported to be none too happy in her new satellite role. Egyptian teachers are taking over Syrian schools, economic controls have been tightened and resentment is rising in the Syrian Army, says the Near East Report.

Such nations as Jordan, Lebanon, Saudi Arabia and the Sudan may be emboldened by Tunisia's stand to resist Nasser's domination. Arab leaders fear his growing power.

★ ★ ★

The break with Tunisia is a major disaster for NASSER. It may prove to be the catalyst needed to bring about the establishment of a pro-Western or at least neutral North African Arab Federation.

It's strange and a pity that staying up way past midnight watching a late TV show doesn't make a person so sleepy next morning he hasn't the energy to bore his associates with a rundown of the picture's plot and action.

IT'S easy to see the silver lining of another person's cloud.

The Man About Town

Cleaning 'em Up

Campaign to Stop Road Vandalism Is Doing Job

Eighty: The age when a slight grade becomes a steep hill.

Four of the candidates in the Nov. 4 election have called up to say that some of their posters may appear on trees within highway limits without their knowledge. They assert that they might have been put up by some of their helpers who were not aware that they were violating the law. All said they had authorized their assistants to tear them down.

It is quite apparent that many of the posters have disappeared during the last few days, as the cleanup started by this column is bringing results.

One candidate, who is a respecter of the law, suggests that every citizen who loves our trees more than law violating politicians should consider himself deputized to help in the cleanup. And a Pontiac man who drives a great deal in this area tells me that he already has accumulated a good supply of fireplace kindling.

"Following your publicity, I notice that some of the political candidates are tearing down their signs in the highways," writes

Ambrose Shettler

of Oxford, who adds, "Now both Mrs. Shettler and myself will vote for them."

Nobody should be watching the outcome of the University of Detroit and Arizona State football game Saturday any closer than

Russell Wright

of 97 Coleman St. Of the four survivors in our contest, he is the only one who picks Arizona to win. If it does win, so does Russ—$300 worth.

Hunting most of the day on the opening of the pheasant season,

Burney Vargason

of Waterford didn't get a bird. But when he returned home he found that one had killed itself in flying against the house.

Former Chairman of the Oakland County Board of Supervisors,

James L. Gardner

writes me from Carmel, Calif.: "We're here for the winter, and wish you'd send us The Press. It's at 42-year habit we cannot break."

The workers in the United Fund drive are volunteers, and get nothing for their services except the satisfaction of doing the job. They're performing the task for YOU.

Possibility of Tripping Over the Little Fellow

David Lawrence Asks:

Who's Behind U.S. 'Hate Groups'?

LAWRENCE

WASHINGTON — Governmental agencies whose responsibility it is to ferret out subversive acts which might have their inspiration here or abroad are working overtime trying to discover the motivating influences and conspirators behind the recent bombings of churches and threats of bombings in different parts of the United States.

Agents of the "hate groups" are undoubtedly the perpetrators of the bombings — the most despicable acts of violence America has seen in a long time — but the really big question is the identity of the masterminds behind the plots.

The House Committee on Un-American Activities four years ago issued a report on the "hate groups," but conceded it had not had the opportunity to make as exhaustive an examination as was needed. A few days ago the Jewish War Veterans rightly asked the House committee to pursue the matter.

★ ★ ★

In the 1954 report, the House committee denounced the "organized hate group, which masquerades as a defender of our Republican form of government yet conducts hate campaigns against racial and religious minorities in the infamous tradition of the Fascist dictatorships." The report went on to say:

"The hate group appeals to the unwary by a cynical use of concepts having a deep emotional appeal to the majority of decent citizens—love of God, country, home; or antipathy to communism. Amid protestations of patriotism and religious devotion, these groups propagate hoaxes and smears aimed at setting creed against creed and race against race. They use the divisive tactics of the Communists whom they allegedly deplore."

In a sense, the "divisive tactics" have been partly successful. Already some hot-heads are blaming the bombings on the "climate" created by those editors and writers who have had the temerity in free America to discuss a highly controversial question like intergration.

★ ★ ★

If the same misguided logic were applied, then the justices of the Supreme Court who four years ago brought the controversy into such sharp focus in the United States would have to accept some of the blame, too.

"Hate groups" have been operating against racial and religious groups since long before the 1954 decision on desegregation in the schools.

Nowhere in America have the bombings been deplored with more indignation than in the South. As for the "hate groups," they, like their Communist auxiliaries, always try to fish in troubled waters.

★ ★ ★

They endeavored deliberately to provoke just the reaction that the bombings have just produced from those who are condemning whole areas and all the people therein.

The answer to a most vexatious problem, political or social, never is to be found by suppression of news or in stifling discussion. Rumors fly fast when news is suppressed, and the end result is worse than exposure would have been.

It is an ill wind that blows no good—and the fullest revelation of the existence of organized "hate groups" and what they do is bound to alert more and more Americans hereafter to the insidious campaigns which have been waged in the past to cause friction between religions and between races.

There was a time when a good deal of anti-Catholic propaganda was being widely spread in this country by organized groups, and some of it still persists. But an expose every now and then did more than any other single influence to squelch such un-American activities.

The committee of the House can do a constructive service next January by beginning a systematic study of the "hate groups" and their relationship to persons and organizations in foreign countries who send their literature here and supply funds for its distribution.

To say that the recent bombings are in any way the responsibility of those Americans who live in the South or who have expressed themselves on these issues is to add fuel to the flames of friction.

(Copyright, 1958)

THOUGHTS FOR TODAY

In whom we have redemption through his blood, even the forgiveness of sins: — Colossians 1:14.

★ ★ ★

Jesus did all the saving work. He brought the cross to our level. Get saved by looking to Him, and then live to God.—W. P. Mackay.

Dr. William Brady Says:

Self-Confidence Essential in Caring for Children

"Mother says that we, her daughters, do not doctor our children with (a smelly salve) and Blank's liver pills as she doctored us, and that is why we take our children to the doctor so much more than she did. Of course she is referring to influenza and the many virus epidemics . . . . . (Mrs. S. J.)"

DR. BRADY

The kind of 'doctoring' mother describes does not, I hope, represent the home care children of intelligent parents are getting today. On the other hand, I hope the parents of your children do not take them to the doctor or seek the doctor's advice via telephone for every little upset.

Especially I hope you do not feed your children aspirin or nostrums containing aspirin or acetanilid, with or without medical sanction. Above all I hope for the children's sake that you do not use a little glass stick to determine what to do about a child's indisposition or illness.

In my opinion there is seldom justification for giving a child any kind of physic — and so-called "liver pills" are nothing else.

★ ★ ★

Anything any one can do to soothe or comfort an ailing child is good home treatment, provided it does not involve the use of dope. "Dope," as I use the term here, includes numerous nostrums in which the pain-killers or sense-deadeners, aspirin and/or ace-tanilid are the main ingredients.

STUDY HYGIENE

In most instances it is not necessary to give an ailing child any medicine unless under the physician's direction. Grandma's liver pills and noisome salve scarcely make up for bad hygiene. On the other hand too many parents are sadly untutored in anatomy, physiology, hygiene, nutrition and the care and feeding of children—subjects they think they can leave entirely to the physician.

These poor souls lack something which is of utmost value in raising children — self-confidence. The kind of self-confidence one gets from a reasonable knowledge of the subjects mentioned — subjects seldom seriously taught in school.

Mrs. S. J. explains that of course mother is referring to "influenza" and the many "virus" epidemics.

The Pocket Cyclopedia of Health may not tell you all you should know about health and hygiene, but Volumette V, titled "Call It C R I," for which send me 35c and stamped, self-addressed envelope, will teach you and your children how to avoid a good many of the illnesses which keep doctors busy the year around.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is to The Pontiac Press, Pontiac, Michigan.

N. F. P. C. Local 1766

'Americans Must Work as Team'

Well, the World Series is over and those never-say-die Yankees are champions again. Although everyone has a favorite to pull for in any contest, I was very much disappointed to hear so much vile, vulgar and hateful language used against the Yankees during the Series.

It seems nowadays, whether it be in sports or business, there's entirely too much hatred against anyone who has succeeded in getting to the top.

★ ★ ★

America should wake up to some of this political hogwash—teaching man to hate his fellowman and promising a Utopia here on earth if they will only vote for him. Is America allowing material things to crowd out spiritual things? God has never promised Utopia here. All He's asked man to do is receive Him in his heart that he might then be able to love his fellowman, for without that we're all failures, even though we own this world and all its material things.

★ ★ ★

Sure, Mickey Mantle makes more money than any other Yankee, but the other fellows play just as hard to win. Come on, America, let's play together as a team. The Kremlin is watching us.

Grateful American

'City Businessmen Should Buy Pontiac'

Let's have a "Pontiac Businessmen Drive Pontiacs" campaign. It rankles me every time I see locally-supported business and professional men, and even City officials and civic board members, sporting around town in competitive products.

★ ★ ★

Naturally no one should be forced to buy one type of car, but if people who depend on Pontiac for their livelihood can't support the town by buying its product, they have no kick when Pontiac workers take their business elsewhere. And these "Pontiac first" talks by local do-gooders don't hold much water when not one of their two or three cars is a Pontiac.

★ ★ ★

Those people may think they'll increase their business or personal glory by boosting Pontiac verbally, but people aren't so stupid they swallow all that without a little concrete proof to back it up.

Others Feel the Same

All letters for Voice of the People must contain the name and address of the writer. This information will be withheld upon request if the letter is not of a critical nature. Letters must be under 200 words and The Pontiac Press reserves the right to edit all letters.

'American Freedom Means Everybody'

Some of Reuther's tactics are just as abominable to me as to anyone else, but the letter from Once a Democrat bordered on the ridiculous. While exalting freedom in America, the writer at the same time advocated taking away Reuther's freedom. He has just as much right to be a Socialist as we have to be Republicans or Democrats. There's nothing unlawful about socialism. And for that matter, the writer of that letter apparently doesn't know that England is a Socialistic country.

As for Reuther's studying in Russia, it's only fair to remember that at the time he was there, it was considered quite the thing to do. Many people, including respected people in government, were interested in investigating Russia's methods, and no one was considered subversive for doing so. Just because we're no longer friends with the Russians is no reason to condemn a friendly act that took place while we were on friendly terms.

I never want the U.S. to be socialistic, nor anything but a republic, but many Americans forget that freedom here, as it was originally intended, means freedom for everyone to speak his mind, even if he speaks for things we don't approve, so long as they are legal. If the recent demand for conformity of all individuals continues, with increasing censure of anyone who dares to have a dissenting opinion, this country will soon be in the same position England was when Americans first revolted. We are on the verge of denying the very freedoms for which our country was founded.

Disturbed Conservative

'Too Bad He Didn't Stay Somewhere'

Case Records of a Psychologist:

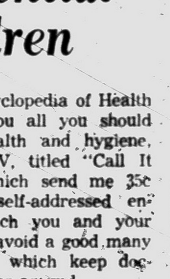

Dr. Crane Salutes Mike Todd

Mike Todd should have merited a Horatio Alger award, but he likewise was a shrewd Applied Psychologist. Employ his statement below as a valuable motto to use in rearing children. And remember Lowell's advise: "Not failure but low aim is crime."

By DR. GEORGE W. CRANE

CASE Z—352: Mike Todd, aged 50, crashed to his death earlier this year in an airplane accident.

He was a dynamic personality and the most colorful promoter in modern show business.

DR. CRANE

Most of you readers knew him as the husband of Elizabeth Taylor or as the producer of the smash hit "Around the World in 80 Days."

Although he made millions, he was sometimes close to bankruptcy. And in that connection I wish to quote one of his last statements:

"I've never been poor, only broke," he said.

"Being poor is a frame of mind. Being broke is a temporary situation."

★ ★ ★

That utterance by Mike Todd rates him a salute as a great child psychologist.

For many parents harp on the fact they are poor and their children don't have a chance and the world is against them and they never get any breaks in life, etc.

So their children soon become gripers and envious of the so-called "economic royalists" and potential agitators for communism.

BE AMERICAN

Real Americans may start out in life broke, as was true of Abraham Lincoln and most of the great men of our history.

But they had fertile brains despite their empty pockets. And they took full advantage of the many free virtues offered by American society.

★ ★ ★

For example, we grant free public schooling to children for eight years in grade school and four years in high school.

Lawrence G. Derthick, talented head of our U.S. Office of Education, estimates that it costs $400 each year per pupil to furnish this free schooling.

That means that every boy and every girl in the U.S.A. is entitled to $4,800 worth of free tuition in the finest school system on earth!

COUNT YOUR BLESSINGS

During high school, moreover, we teach typing. That means that students who wish to go to college can do so, even if their parents cannot afford to finance such advanced training.

For good typists are always in demand by business firms and professional men.

★ ★ ★

If you kids in high school are ambitious and use gumption, you will thus pick up a thorough grounding in English and in typing, for then you can work full time by day and carry half-time university work in our night university departments.

Here in Chicago, for example, we have about 10,000 students enrolled in our Northwestern University night classes. The other universities also offer night work.

Your own state universities likewise offer extension courses in many of your leading cities.

★ ★ ★

So you can get college education anywhere in the U.S.A. if you have ambition, even though your parents are broke.

VALUE OF COLLEGE

In a previous case I quoted Dr. Paul C. Glick of our Census

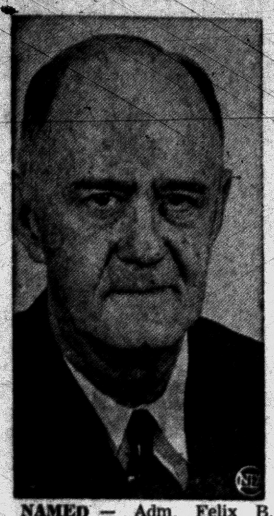

Bureau, who shows that a year of college is worth $25,000 in greater earnings the rest of your life.

So aim high! And never succumb to a "poor" spirit even though you are temporarily broke. Imitate the wise philosophy of the late Mike Todd, and begin by sending for my "Vocational Guidance Test," enclosing a stamped return envelope, plus 20 cents (non-profit).

It contains the various kinds of tests you'll encounter for college entrance, so familiarize yourself with them now.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

(Copyright, 1958)

NAMED — Adm. Felix B. Stump has been appointed vice chairman of directors and chief executive officer of Freedoms Foundation. He formerly commanded U.S. Pacific forces.

Narrow Gates Obsolete

WINNIPEG (AP) — The stone and metal gates erected at the entrance to the University of Manitoba in 1912 have been taken down because they are too narrow for modern vehicles. Dr. H. H. Saunderson, university president, said only one car could pass through at a time.

During 1957 Canada produced about 360,000,000 pounds of nickel, approximately 75 per cent of the free world's output.

Boy Admits Killing Girl in Fit of Rage

PHILADELPHIA (AP) — A 12-year-old boy has told police he killed his 2-year-old girl playmate in a fit of rage after she struck his injured eye.

Olden Goldberg was charged with homicide Wednesday night and taken to the youth study center to await a formal hearing in Juvenile Court today.

Police said marks on Geraldine Williams' body indicated that Olden hit the child, then strangled her. Patrolmen found her body in a yard near her home. It was wrapped in newspaper and stuffed in a wicker shopping basket. She had been missing for two days.

The boy reportedly told police he was playing at his home with Geraldine Monday when she struck his previously injured eye and that brought on the fit of anger.

His mother, at work at the time, had told him not to bring any children to the house.

Colorado Gets Log Cabin Used as First Capitol

COLORADO SPRINGS, Colo. (AP) — Colorado has acquired a log cabin which served as the first capitol of Colorado territory.

A hotel has turned over the title to the 100-year-old structure to Gov. Steve McNichols.

The structure will be moved to the grounds of the State Capitol in Denver.

Michigan Man Flays Labor-Liberals

NAM Official Sounds Warning

ATLANTA (AP)—A Michigan businessman called upon fellow executives throughout the nation today to join in an all-out political battle against what he called the labor-liberal forces in government.

"We have wasted a lot of time," said Charles R. Sligh Jr., "just **13 days from now the American people will go to the polls, and just 14 days from now we are going to . . . pick up our morning papers and find that we have taken a beating."**

Sligh, board chairman of the Sligh-Lowry Furniture Co. at Holland, Mich., spoke in his capacity as executive vice president of the National Assn. of Manufacturers. His keynote address was prepared for opening of the Southern Public Affairs Congress, a two-day meeting sponsored by the NAM's southern division.

★ ★ ★

Sligh paid tribute to the conservative coalition in Congress—some northern Republicans and southern Democrats—who he said "will continue to fight a holding operation, slowing down America's march to the left," he added:

"They are the ones who are going to give us—the Businessmen of America—one last big chance to do what we should have done 20 years ago."

★ ★ ★

The incoming 86th Congress, he predicted, will include "many men who are committed . . . to leading America farther and farther from traditional free enterprise, and closer to the ultimate welfare state of planned mediocrity and shared poverty."

Using his own state as an example of what he called "capture by the labor-liberal coalition," Sligh declared that except for the apathy of some voters, "Michigan would not be in the hands of Walter Reuther (United Auto Workers President) and Soapy (Gov. G. Mennen) Williams today."

"Michigan is down the drain," he added. "Next on the list is California. The UAW-CIO means to control that state . . . how long will it be before they get around to your state?"

Phonograph Records Early Choice

Studebaker-Packard Eyes Other Fields of Industry

NEW YORK (AP) — Directors of Studebaker-Packard Corp. have authorized initial steps toward putting the auto company into additional industries.

The directors yesterday named an acquisition and diversification committee, headed by A. M. Sonnabend, president of Hotel Corp. of America and Botany Mills, Inc.

★ ★ ★

The company will continue to produce automobiles.

Sonnabend is a Boston financier noted for his ability to take companies with huge losses and "marry" them to companies with nice profits. In this state of corporate bliss, substantial tax savings are possible for the combined company.

For the first venture outside the auto line, it was indicated Studebaker-Packard would enter the record field. However, Sonnabend made no immediate recommendations.

GREATER CAR HOPES

Sonnabend has been "holding conversations," as he put it, with officials of Imperial Records, Inc., of Los Angeles and Cadence Records, Inc., of New York.

While Studebaker-Packard is seeking other fields, the company also is placing great hopes in the new Lark car. With an overall length of 175 inches and designed to sell at $2,000 or less, the Lark is three feet shorter than the average American car.

Also named to the acquisition committee by the directors were Edwin Blair, Theodore Finder, A. J. Porta and L. Z. Morris Strauss. All are directors and Porta also is executive vice president.

★ ★ ★

Three new directors were added at the meeting, the first since stockholders approved the new program for Studebaker-Packard.

They were Clarence Francis, former chairman of General Foods Corp.; Dr. Edward Litchfield, chancellor of the University of Pittsburgh, and Sonnabend.

The board also named an executive committee. J. Russell Forgan, partner of Glore Forgan & Co., and Frank Manheim, partner of Lehman Bros., are co-chairmen. Other members are Harold Churchill, president of Studebaker-Packard; Porta; Dr. Litchfield and Sonnabend.

★ ★ ★

Stockholders approved the new program for the company last week. The main feature is reduction in the $54,700,000 debt owed 20 banks and insurance companies.

Under federal tax laws a corporation can deduct an operating loss from operating income at any time over the five years following the year of the operating loss. Studebaker-Packard has an operating loss of about 135 million dollars.

Teacher Tells Plan of Setting Discipline

TUCSON, Ariz. (AP) — Here's how an unidentified Tucson teacher described his method of establishing discipline in his classroom:

"Get into your high school classroom before the class shows up the first day. Put the waste basket near the door. After the classroom is filled you march in late. Slam the door, kick the waste basket across the room and thunder in your loudest voice, 'Who left that thing in front of the door?'"

Britain Calling Halt to Forced Arbitration

LONDON (AP) — The British government is abolishing compulsory arbitration for labor disputes.

Labor Minister Iain McLeod announced Wednesday night the seven-year-old act setting up industrial tribunals with legally binding powers will be ended in six months.

★ ★ ★

The only government arbitration machinery then left will be industrial courts, whose rulings are not binding.

The Trades Union Congress immediately denounced the new move. One union leader said: "There will be a strike a day for a year."

★ ★ ★

Employers have complained that compulsory arbitration, tough e ily enforced against a company, cannot easily be applied against workers.

France Soon to Sell, Not Import Sulphur

PARIS — Natural-gas deposits at Lacq in southwestern France are fast becoming the basis for a sizable chemical industry.

Besides natural gas and other by-products, Lacq is expected to produce $275,000 tons of sulphur this year and 550,000 tons in 1960. This means that France, instead of having to import sulphur, will become an exporter.

Streets in Salt Lake City are numbered by the direction and distance they are located from the Mormon Temple in the downtown area.

Commemorates Golden Anniversary

Ford Builds Last Model T

MAHWAH, N.J. (UPI) — Ford Motor Co. turned out what undoubtedly will be the last Model T ever assembled today to commemorate the golden anniversary of the first "Tin Lizzie."

★ ★ ★

The 1909 Model T rolls off the assembly line at Ford's assembly plant here interspersed between two bright and shining 1959 models.

★ ★ ★

Immediately afterward, the Model T, the world's first mass production automobile and an American symbol of frugal operation, will participate in an economy contest with one of the 1959 Fords.

The Model T, driven at its top speed of 20 miles an hour, averages about 13 miles per gallon. The new Ford, when driven at a conservative 30 miles an hour for best gasoline economy, useds about 24 miles per gallon.

Actually, the Model T—a twin lever job—was not new. It was reconstructed from parts obtained from antique car hobbyists throughout the nation.

★ ★ ★

The bulk of the antique unit was purchased from John Skaff, a Flint, Mich., furniture dealer who collects antique cars as a hobby.

Some of the parts simply were not available.

★ ★ ★

New wheels, for example, could not be found and were made especially for the golden anniversary Model T by a Newark, N.J., company. The fenders were made by a San Luis Obispo, Calif., shop and the reupholstery and touring car top was done by a custom shop near Detroit.

Jeweled Crown Cleaned, Buffed for Next Pope

VATICAN CITY (AP) — The richly jeweled triple crown of the Popes has been cleaned and polished for the coronation of its next wearer.

Vatican sources said the beehive-shaped crown was taken Wednesday to a Rome goldsmith, who worked in the presence of two priests. It was returned to the Vatican a few hours later.

★ ★ ★

The tiara is the most precious of the three papal crowns in the Vatican. It was made for the coronation of Pope Pius IX in 1846.

Weighing 2 pounds 10 ounces, the golden headgear is topped by a globe of lapis lazuli and a diamond cross. Its value is estimated at about $11,000.

★ ★ ★

The Vatican City's 3,000 workers have received the usual month's bonus paid after the death of a Pope. It rewards them for the extra work during the election conclave and the change-over in administration.

★ ★ ★

Sometimes the new Pope also pays a bonus. In 1939 the staff got a month's extra pay after the death of Pius XI and a half month's when Eugenio Cardinal Pacelli became Pius XII.

Brothers Go on Trial in Tax Fraud Case

DETROIT (AP) — Two brothers accused of trying to get $250,000 by falsifying income tax forms for refunds went on trial yesterday.

Edward G. Zachary, 29, changed his plea from innocent to guilty on all but one of 139 federal charges involving his brother, Edward J. Zacharski, 41.

Zacharski, a former Internal Revenue Service agent, pleaded innocent on all counts.

U.S. District Judge Ralph M. Freeman postponed sentencing Zachary on the guilty pleas until getting a report from probation officers.

Donald F. Welday Jr., an assistant U.S. attorney, said he hopes to prove $30,000 in refund checks were cashed. He said restitution for that amount has been made.

The brothers were arrested when a postal inspector noticed numerous change of address slips, directed government tax refunds to their office.

Mattress for Minks Demand Exceeds Supply

HAYWARD, Wis. (AP) — Bedding for mink is the by-product of a local factory's manufacture of medical swab sticks. The Hayward Wood Products Co. uses white birch to make swab sticks and found it had a lot of shavings left over.

Then a mink rancher tried the shavings as bedding for his mink. Now the wood company has more orders for mink bedding than the swab machines can produce. So it is planning to install another machine — just to turn out shavings.

Announcing the all-new
1959 DE SOTO
everything you see...
everything you touch is new

See the 1959 De Soto and you'll feel an urge to ease behind the wheel and drive it. This car glows with newness . . . in its beauty and in the surprising ease of its riding and handling. Touch a push-button and feel the instant response of a mighty Turboflash V-8 engine. Feel the steadiness of De Soto's new Level-Cruise Ride—smooth, pillow-soft, safe. Swing easily in and out of the car on De Soto's new Sports Swivel Seats. See the 1959 De Soto at your dealer's.

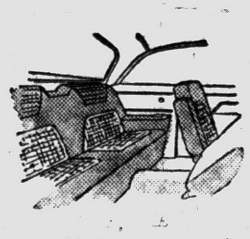

1929 1959
A GENERATION OF FINE CARS.

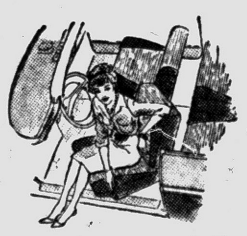

NEW ADVENTURER ENGINE. Now optional on any De Soto. Its fabulous dual 4-barrel carburetors and high-lift cams give you all the power you'll ever want or need.

NEW LEVEL-CRUISE RIDE adds optional load-leveling rear air cushions to improved torsion-type suspension. It gives you the smoothest, safest ride on the road.

NEW FASHION-VOGUE INTERIORS. You get more headroom, leg room and more visibility. Handsome coachwork in easy-to-clean nylon fabrics and long-wearing vinyl.

NEW SPORTS SWIVEL SEATS. Simply touch a lever and your half of the front seat swings easily out. Enter, and it gently swings you inside and locks automatically.

The smart way to go places... DE SOTO

It Isn't Everyone Who Has Private Streetcar

By EARL WILSON

NEW YORK — I had a private car for the weekend — the 30-foot San Francisco cable car that Warner Anderson, of the TV show, "Lineup," brought cross-country hoping to dazzle and astound our blase New Yorkers.

WILSON

He did, too. Anderson kept standing up and I asked him why.

"I rode 1400 miles on those hard seats, mostly up and down," he winced. Only at Rockefeller Plaza — a private street bordering on NBC property—was he chased by cops, and an NBC page said, good-humoredly, "Is that show still on the air?"

Eddie Fisher, his sponsors, NBC and the columnists are getting much mail blasting him and Liz Taylor—but NBC Prez Bob Kintner says Eddie has a firm 26-week deal with his sponsor and is safe. Another NBCer told me the mail's very much alike and sounds "parroted."

★ ★ ★

Concerning the yarn that Frank Sinatra flew to London primarily to see Lady Beatty, the former Adele O'Connor, George Burns cracked: "If Frank's got to fly 3,000 miles to see a dame, he's slipping. They used to come to see him."

Jimmy Durante and long-time partner Eddie Jackson have parted. Thus "Clayton, Jackson and Durante" are no more. Lou Clayton died years back; Eddie Jackson'll no longer be doing "Old Bill Bailey." Jackson's thankful for Jimmy's kindness over the many years but says he's going out with another partner.

"What Might Have Been": Two years ago, a friend of mine picked up a phone on a Hollywood lot and was astounded to hear—due to a crossed wire—Cary Grant asking his leading lady Sophia Loren to marry him.

His wife Betsy Drake understood but had asked him to think it over. Sophia—then single—dissuaded him; married producer Carlo Ponti.

I never printed a whisper of it. Now that the Grants have split and others are writing hints, I've decided to show how Grant handled the Great Emotion like a gentleman . . . Incidentally I said to the person who happened to listen in, "You mean you eavesdropped?" And that party shrieked: "You mean I was supposed to hang up then!"

THE MIDNIGHT EARL . . .

Steve Allen explained that one reason for going to Hollywood in '59 is "Here people forget you can act and Jayne's a good actress." (His BW goes into the Walter Slezak play.) . . . The U.S. offered **Rafael Trujillo Jr.** his Army school diploma, but he rejected it. **Lawrence (Dillinger) Tierney** got a fractured jaw when he battled a couple of cops . . . The **Maharanee** of Baroda wore a jewel-decorated sari at East Horizon. said it cost "more than a Cadillac." Singer **Sandu Scott** married Montreal cafe owner Sol Silver.

SANDU

EARL'S PEARLS: Studying foreign languages isn't as important as it used to be. Now they translate those risque French novels into English a lot sooner.

TODAY'S BEST LAUGH: A gambler just back from Las Vegas says he underwent "Las Vegas surgery": "I had my wallet removed painlessly."

WISH I'D SAID THAT: Between Little Rock and the H-bomb the two big topics on Americans' minds are integration and disintegration.

With Millionaires Harriman and Rockefeller running for governor of N.Y., some voters describe it as the fight between the haves and the haves. **That's earl, brother.**

(Copyright, 1958)

To Probe Operation of Attorney's Office

Operations of the Michigan Attorney General's office is the next target for investigation by the Senate committee studying waste in government, Sen. L. Harvey Lodge (R-Oakland County), committee chairman, announced today.

He said Deputy Attorney Generel Joseph B. Bilitzke and State Public Administrator D'Arcy O'Brien, and possibly Detroit attorney Lewis Weschler, who Monday was suspended by O'Brien pending an investigation into alleged irregularities in connection with the Wayne County morgue, will appear before the committee.

"There is a question as to the increase in the attorney general's staff from 49 assistants in 1951 to approximately 73 at the present time and a necessity and legality of publishing an attorney general's report annually," Lodge said.

Help!

SALT LAKE CITY (AP)—Lovelorn columnist Ann Landers offers readers of the Salt Lake Tribune a booklet on dating behavior entitled, "How Far to Go." One reader who wrote for the booklet penned this postscript: "And please hurry!"

Errol Flynn, Wife Not Celebrating 8th Annversary

PHOENIX, Ariz. (AP) — The Errol Flynns were married eight years ago today but apparently neither one is celebrating.

Columnist Louis Sobol of the New York Journal-American quoted the 49-year-old movie star as saying the marriage is on the rocks of conflicting career commitments.

His wife Patrice Wymore was advised of this Wednesday night by newsmen in Phoenix, where she is appearing at a night club. Her reply: "I can only assume that an Irishman with a couple of drinks under his belt is liable to say anything."

The report was a surprise to her, said the slender, strawberry-blonde actress-dancer, although she hasn't heard from Flynn in months. She hasn't seen him since last February when he left for Africa to make a movie.

★ ★ ★

"I assume the gentleman — to use the phrase very lightly—will contact me," she added.

It was Flynn's third marriage and the first for his 32-year-old wife. They have a 5-year-old daughter.

Surgeons Save Life of Wounded Youth

BALTIMORE (AP) — Prompt and effective care is credited with saving the life of a 17-year-old Baltimore youth who was shot through the heart and right lung last Sunday.

★ ★ ★

A spokesman at Union Memorial Hospital said Edward Deaver of Baltimore appeared to be on the road to recovery, although his condition remained critical.

★ ★ ★

The spokesman gave chief credit to a surgical team headed by Dr. Erwin Furst.

Deaver was shot accidentally by a friend, police said.

The 22-caliber rifle bullet passed through the youth's back, shattered the sixth rib, went through the three lobes of the right lung, passed through the right atrium chamber of the heart and spent itself inside the chest cavity.

A movie star is boasting that he's celebrating 25 years of marriage. Of course, they were with six different wives . . . Taffy Tuttle suggests that Esther Williams movies be shown at a Dive-In Theater. —Earl Wilson.

Polio Cases in Oakland Rise Sharply This Year

The number of polio cases reported this year is almost double the amount during the same period of 1957, according to Dr. John D. Monroe, Oakland County health director.

Last week six more cases were reported to health officials throughout the county, bringing the 1958 total to 46. This compares with 25 cases reported in the same period last year.

The latest polio cases occurred in Milford Township (2), Waterford Township (1), Royal Oak (1) and Farmington Township (2).

The following is a breakdown of the communicable diseases reported to the county and city health departments recently.

Donald Crisp Remains Star for 52 Years

By PHYLLIS BATTELLE

NEW YORK — Not long ago in a remote area of Scotland, the elder sister of elder movie statesman Donald Crisp was approached by a visiting parson.

"What iver became," inquired the preacher, "of your wee brother Donald?"

"Donald?" said she. "Oh, he went into the clownin' business."

★ ★ ★

Memories are long in the Scottish hills. It was 52 years ago that Donald Crisp went into the clowning business. He has by now become an historic figure in the American movie industry. Not only was he in the first silent film ever made, he was featured in the hand-cranked, penny-in-the-slot "mutascopes" before that.

★ ★ ★

"But in Scotland the spirit is blithe, and they remember the good things as if they happened just yesterday." Mr. Crisp, still the most straight-spined and distinguished actor of his day at the age of 76, smiled wistfully.

"I suppose I might be considered quite an antique. I came here in 1906, after serving in the Boer War. The only job I could get at first was in a mutascope called 'The French Maid.' In those days, the nickelodeon film was considered about as honorable as peddling dope.

"I'll never forget an acquaintance meeting me on the street and remarking, 'I understand that you are in a filthy movie . . .'"

Then came "Birth of a Nation," followed by 376 other movies. He acted, wrote, directed and/or produced some of the greats of Hollywood history. And here he is today, still making one distinguished movie a year (the latest, "The Last Hurrah"), and thinking now, when he sees himself on screen: "Look at that old, old man. Why doesn't he sit back and give up?"

There is something vaguely sad in the manner of Donald Crisp, although he still has a keen mind and the familiar gentle demeanor movie goers have delighted in for a half-century. He confesses to being a lonesome man.

"I lost my good wife (playwright Jane Murphy) this summer, and my two boys were killed in the war, so I'm quite alone," he says matter-of-factly. He has no long-standing friends left, except Edmund Gwenn, who is critically ill. "They're all gone. Not moved away. Gone.

★ ★ ★

"That's why I'm here in New York, and on my way to British Columbia for some salmon fishing. It's something to do. I've had the same house in Hollywood for 37 years and, if I weren't doing this, I'd be sitting there rusting."

★ ★ ★

Crisp is loaded down with nostalgia, though he recognizes it as "a sugar-coating of the memory." He remembers fondly his buddies of the past: Marie Dressler ("That's my sweetheart — like a great big old mother"), Greta Garbo ("Poor thing — they killed her with the talkies"), Lillian Gish ("Ah, the little glass doll").

And he remembers with particular tenderness the movies of the past that had gentleness and whimsy in them. They, too, like his friends, are gone.

"Today in the movies anything sentimental is called maudlin. Anything sweet is called corny. It comes under the heading of progress—and I think it wrong. You can throw out mother love and burn up Peter Pan . . .

★ ★ ★

"Obviously, I must have lived too long."

DOUBLE CHECK — Youngster on tricycle watches New York motorcycle policeman on duty in front of Soviet United Nations delegation headquarters on Park Ave.

Mobile Laboratory Aids Science Study

STILLWATER, Okla. (AP) — A mobile physics laboratory — sponsored by Oklahoma State University — will permit 270 students in south central Oklahoma to take physics for the first time this fall. The university pioneered a traveling chemistry laboratory in 1957 and will continue it this year.

The services are for small schools without adequate resources and physical facilities to teach the science courses.

U.S.-Canada Border Freedom Is Unique

NEW YORK (UPI) — One of the most dramatic proofs the United States can give the world that when it extends the hand of friendship it has no A-bombs up its sleeve is the undefended, 3,987-mile U.S.-Canadian border.

★ ★ ★

"We're a small country living next door to a colossus, but we're not afraid; this is a simple fact but I think it's unique," said John W. Fisher, executive director of the Canadian Tourist Association.

Fisher pointed out that more than 30 million Canadians and Americans cross the border freely each year, that Canadians spend a bulk of their annual $400 million tourist money in the U.S., and Americans leave an average $300 million a year north of the border.

★ ★ ★

"Where in the world today," Fisher asked, "can you find a border at which a great powerful nation lives next door to a small nation and the small nation is not worried and fearful, is not subjected either to economic or political pressure?"

Fresh produce is trucked into Chicago from 32 states.

Students Study Abroad

PARIS — France is second only to the United States when it comes to numbers of foreign students.

A United Nations report showed 36,494 foreign students studying in the United States, 16,877 in France, 12,300 in Russia, 10,782 in Argentina, and 9,723 in Great Britain.

Deaths in Pontiac and Nearby Areas

MRS. CHRISTOPHER E. BOYLE

Mrs. Christopher E. (Florence W.) Boyle, 59, died yesterday morning at the home of her daughter, Mrs. Robert E. Mehoke of 3200 Franklin Rd., Bloomfield Hills. She had been in ill health for several years.

Mrs. Boyle was a graduate of Thornton Academy near Portland, Maine and Smith College in Massachusetts. Prior to her marriage in 1924, she was a teacher in the Portland school system.

Surviving besides her daughter, Mrs. Mehoke, are three sons, Roderick A. of Waterford, Christopher E. of Rochester and Brian W. of Pontiac; and four grandchildren.

Funeral service will be at 2 p.m. Friday from the Voorhees-Siple Chapel with burial in Perry Mt. Park Cemetery.

HARRY G. DERNBERGER

Harry G. Dernberger, 62, of 666 LeBaron St. died yesterday in St. Joseph Mercy Hospital after an illness of five months.

He was an employe of Pontiac Motor Div.; and a member of the United Presbyterian Church.

Surviving besides his wife, Margaret, are his stepmother, Mrs. Alex Baldwin of Pontiac; and a sister.

Service will be at 1 p.m. Saturday from the Donelson-Johns Funeral Home. A veteran's graveside service will be held at the Brookside Cemetery at Tecumseh.

LEWIS A. HUNTER

Lewis A. Hunter, 77, of 8808 Blue Ash Rd., Cincinnati, Ohio, died yesterday in the Good Samaritan Hospital there. He was ill three weeks.

He was a former employe of Fisher Body Div. of Pontiac.

Surviving are his wife, Matilda; two daughters, Mrs. Ruby Gillis of Cincinnati and Vera Fones of Drayton Plains; a son, Francis Hunter of Flint; three grandchildren; three great-grandchildren; and a brother.

Mr. Hunter's body will be brought to the Huntoon Funeral Home at 6 p.m. today.

MRS. ADDISON KOCH

Mrs. Addison (Hattie M.) Koch of 382 Oakland Ave., died yesterday after an illness of four years. She was 79.

Surviving are a son, LeRoy of Pontiac; five grandchildren; 12 great-grandchildren; three sisters and two brothers.

Mrs. Koch's body is at the Pursley Funeral Home.

MRS. JOHN A. SUTHERLAND

Mrs. John A. (Mary Elizabeth) Sutherland, 60, of 316 W. Huron St. died yesterday morning in Hurley Hospital, Flint, of a heart ailment.

She was a member of the Baptist Church in Missouri.

Surviving are three sons and two daughters, Alvie Sutherland and Mrs. Beulah Speakes, both of Flint, Mrs. Mabel Hine, Earmie and Donald Sutherland, all of Pontiac; eight grandchildren; a sister and three brothers.

Mrs. Sutherland's body will be at the Reigle Funeral Home in Flint until noon Friday when it will be taken to the Bethel Baptist Church, Coldwater and Bangor streets, Flint, for service at 1 p.m.

MRS. RICHARD ABBOTT

NORTH BRANCH — Service for Mrs. Richard Abbott, 75, of 1857 Five Lakes Rd., was held this afternoon at the Baird Funeral Home, Lapeer. Burial was in Stiles Cemetery, Lapeer.

Mrs. Abbott died Monday at her home.

Surviving are her husband; three daughters, Mrs. Alex Wynn of North Branch, Mrs. Emery Haskill of Lapeer and Mrs. Walter McCoy of Elba; two sons, Samuel of Lapeer and Ralph of Lum; two sisters, Mrs. Bessie Weier of Lapeer and Mrs. Russell Yaeger of Tampa, Fla.; two brothers, William Lake of Iowa and Lewis of North Branch five grandchildren and six great-grandchildren.

JAMES A. HILL

GOODRICH — Requiem Mass will be conducted at 9:30 a.m. Saturday at St. Anne's Catholic Church, Ortonville, for James A. Hill, 78, of 71 Fenton Rd. who died yesterday at St. Joseph Hospital, Flint. Burial will be in Goodrich Cemetery.

The Rosary will be recited at 8 p.m. Friday at the C. F. Sherman Funeral Home in Ortonville.

Surviving are three sisters, Mrs. Dora Parker of Standish, Mrs. Olive Bennett of Swartz Creek and Mrs. Eva Wright of Talent, Ore.

GEORGE M. SLOCUM

ORION TOWNSHIP — George M. Slocum, 66, of 101 Brown Rd., died unexpectedly yesterday in Tawas City Hospital. He had been ill several days.

Mr. Slocum's body will be at Voorhees-Siple Funeral Home, Pontiac, Friday afternoon.

MRS. DANIEL F. YOUNG

LAKE ORION — Service for Mrs. Daniel F. (Elizabeth Ann) Young, 82, of 795 Baldwin Rd., will be held at 2 p.m. Saturday at Allen's Funeral Home. Burial will be in Mt. Pleasant Cemetery, Oakwood.

Mrs. Young died Wednesday at St. Joseph's Mercy Hospital, Pontiac, following a 15-day illness. She was a member of the Lake Orion Baptist Church.

Surviving are her husband; three daughters, Mrs. Dorothy Martin of Livonia, Mrs. I. G. Longhway of Benicia, Calif., and Mrs. Charles Thompson of Washington; a sister, Mrs. Alice Riley, 10 grandchildren and 19 great grandchildren.

Deaths Elsewhere

COLCHESTER, England (AP) —Brig. D. B. McRigor, 73, consultant radiologist to the British army, died here Wednesday. McRigor had lectured in the United States and also been awarded the U.S. Legion of Merit for aid to the U.S. Army in Europe.

★ ★ ★

PHILADELPHIA (AP) — Hugh McMillen, 66, retired news executive of the Philadelphia Bulletin, died Wednesday. He had been with the Bulletin since 1932 and retired in 1956 as assistant managing editor. He was born in St. Clairsville, Ohio.

★ ★ ★

MOUNT VERNON, N.Y. (AP)— Arthur C. Saunders, 61, general manager of the Mount Vernon Daily Argus, died Wednesday after an ulcer operation.

★ ★ ★

WHITE PLAINS, N.Y. (AP) — Benjamin H. Carroll, 49, general manager of the White Plains Reporter Dispatch, died Wednesday after a brief illness marked by chest pains.

★ ★ ★

DETROIT (AP) — Funeral service was to take place today for Edward J. Cote, a pioneer United Auto Workers Union official who collapsed and died Wednesday while making a speech for the United Foundation Torch Drive. He was 57. A native of Bay City, Cote served as the first chairman of Local 174 at the Detroit plant of the Ternstedt Division of General Motors. He was elected to the UAW International executive board in 1947.

★ ★ ★

NEW YORK (AP) — Raymond H. Barrows, 59, executive vice president of the National Foundation, died Wednesday of a heart ailment. He was a former American Red Cross director of disaster relief and joined the foundation seven years ago.

★ ★ ★

GRAND LEDGE (UPI) — Earl R. Chapman, 72, former manager of three of Michigan's largest outstate newspapers, died yesterday following a heart attack. Chapman retired as manager of the Grand Rapids Press, Michigan's largest outstate newspaper, in 1953 and moved here in 1956.

'Grandma' Marks 90th Birthday, With Hubby, 30

LOUISA, Ky. (AP) — "Grandma" Sprouse celebrates her 90th birthday today and the teenager she married in 1946 will be there to help.

"Grandma" and Delbert "Shorty" Sprouse, who was 18 when they married, will entertain quietly in their small home in the mountain community of Catt Creek.

"Grandma" says she is not as sprightly as she used to be, but still enjoys life with "Shorty," now 30.

"He never stayed away from me a night in all the years we been married," she said.

"He's awful good helpin' out around the house and washin' dishes."

School Teacher Recalls Potter as 'Hard Tryer'

JACKSON (AP) —Sen. Charles E. Potter, (R-Mich) was one of the "hardest tryers" in the ninth grade general science class at Lapeer High School in 1932, his teacher recalled last night.

Potter and Miss Rosalind Brooker, now a bacteriologist for the State Health Department in Lansing, crossed paths at the Jackson Raceway. Their meeting was the first in 26 years.

"You were a good average student—not brilliant but good," she told her former pupil.

But Memory of Clammy Fear Lingers

Soviet People Take First Sip of Freedom

By ROY ESSOYAN
Associated Press Staff Writer

The clammy fear of the midnight knock on the door is gone from the Soviet Union, but the memory lingers.

A few years ago the average Russian wouldn't dare talk to an American on the street. Today an American can't step out of Moscow's Metropol Hotel without being besieged by Russians asking for everything from chewing gum to Glenn Miller records.

★ ★ ★

A block or two farther away the more serious ones fall into step. They'll ask you for American magazines or shirts.

In the last several months some have even started offering to buy American dollars. Even under relaxed Soviet laws they are risking Siberia. Or—you never know—they may be just testing you out.

WANT TO TALK

Many of the people who approach you just want to talk to a real, live American. They might even join you for lunch. Few will go beyond that.

Despite the Kremlin's protestations of peaceful coexistence and freedom for all, the people still have some of the feeling of the days when association with a foreigner was a crime.

"I think it's perfectly all right for us to meet now," one Russian told me, "but you never know. Thing may change again."

"You never know," seems to be the present state of mind in Russia.

★ ★ ★

A few Russians visited our Moscow apartment. Some wanted to so badly they didn't care about the militiaman (Soviet policeman) who guarded our door and checked out visitors 24 hours a day. You never knew if they were bold, or had reason not to worry.

All of them wanted to read magazines, listen to records and talk —about life in the United States, art, music and similar topics.

DENOUNCE YOUTHS

Earlier this year Komsomolskaya Pravda, guardian of youthful Soviet morals, denounced some young Russians for such associations. I saw one of them a few months later. Her head had been shaved, she had been kicked out of the Komsomols, the party youth organization, and was having trouble finding a job.

★ ★ ★

The charge: aping Americans, immoral behavior and giving out information.

Association with Americans, which the Kremlin has officially favored since Stalin's death, sometimes produces reverse results.

PERSONA NON GRATA

John Baker, a young American Embassy official, was declared persona non grata and expelled from the Soviet Union a few months after he started attending classes at Moscow University, and making friends.

That was called behavior unbecoming a diplomat. There was no other charge.

Some of the ordinary people talk with amazing frankness. They love their anecdotes, that amazing Russian safety valve that lets off steam with every turn of the party line.

One of the anecdotes describes the Communist type catechism Soviet children go through on entering the Pioneers, the kiddies' party organization.

WHO IS MOTHER?

"Who is your mother?" the boys are asked.

"The Communist party, for it takes care of all our needs," they answer ritually.

"And who is your father?"

"Nikita Sergeievich Khrushchev."

"And what do you want to be when you grow up?"

One aspires to be a factory manager, another a scientist, the third a football star.

★ ★ ★

Comes the turn of little Ivan. He too says the party is his mother and Khrushchev his father.

And what does he want to be?

"An orphan," he replies.

The Kremlin is launched on a tightrope. When Khrushchev denounced Stalin 2½ years ago, he said, in effect: Let a little freedom grow.

A little freedom has a way of burgeoning.

★ ★ ★

In the last two years the little freedoms that the Russians won have been burgeoning only to be batted down again. So far they haven't been batted down to the level of Stalin's day.

But the Communist party is still in complete and unchallenged control, and it's not likely to do anything that would jeopardize this control.

EXPLOSIVE EFFECT

Foreign ideas have an explosive effect on minds shuttered up a lifetime.

I never will forget the week-long scenes of pandemonium in Moscow's Pushkin Museum during the first exhibition of Picasso's works. The halls were packed day after day, with wild-eyed young Russians arguing at the top of their lungs.

★ ★ ★

And the ones who argued for the sort of freedom in art that Picasso personifies were just as loud, if not louder than the ones who denounced it as stupid, filthy and bourgeois.

I'm sure the men in the Kremlin heard them too, and won't forget them.

BROTHERLY CAST — Broken legs are plaguing the Perrine family in Miami. After Emerson, 14, broke limb in football practice, Mike, 5, suffered similar injury.

Helmet Has Antenna

WASHINGTON — Personnel of the Ground Observer Corps are soon to be wearing new headgear—helmets with a horn antenna on them able to pick up signals from aircraft navigation or bombing radar devices more than 100 miles away.

Government Frowns on Misnamed Lakes

LAKE CITY, Colo. (UPI) — A half-dozen lakes near Slumgullion Pass in southwest Colorado have been stripped of their names by federal order.

The lakes were built five years ago by Lake City developer Perk Vickers, who promised to name them after anyone who donated at least $100 for the project.

So there was Lake Elizabeth Zirkle, Lake Slug Stuart, Lake Hildegard Wupperman, Lake Frank Walker, Lake Emery Carper and Lake Pat Maloney.

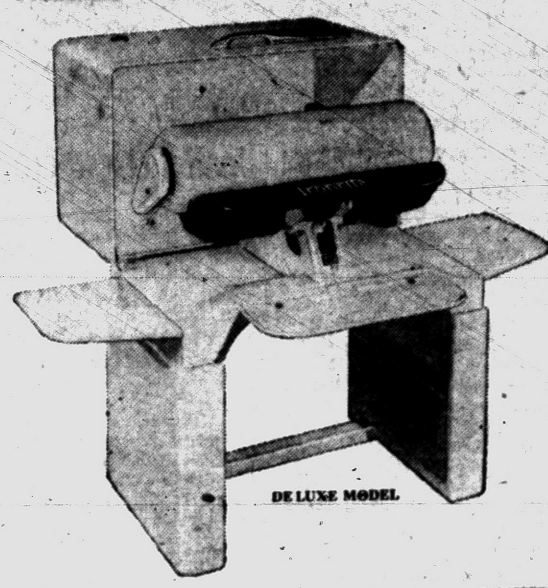

But the U. S. Forest Service informed Vickers that this is illegal — that lakes can be named only after dead persons or Presidents of the U. S.

Such famous Roman structures as the Colosseum and the Pantheon were built from a mixture of volcanic ash and slaked lime.

Should We Rewrite Our Constitution?

Basic Principles Likely to Remain

By ARTHUR W. BROMAGE
Professor of Political Science, University of Michigan
(Fourth in a series of 10 Articles on Constitutional Conventions)

If Michigan holds a constitutional convention after the November election, the delegates will consider what to keep in the constitution as it is and what to change. Basic principles are not likely to be discarded.

For instance, all state constitutions contain a bill of rights. Michigan has hers to protect the people against temporary majorities by some political party. This is not apt to be changed.

★ ★ ★

The privilege of voting is granted in all states in accordance with such things as age, residence, and citizenship.

One change sometimes suggested in this affects the minimum age limit. Most states, including Michigan, require the voter to be 21, but Georgia and Kentucky set 18 and Alaska 19.

A constitutional convention would certainly continue the separation of the executive, legislative, and judicial branches of the state government. The independence of the governor, the legislators, and the judges from each other is an old tradition. Michigan has observed it in all three of her constitutions.

The delegates to a constitutional convention might consider other methods for the selection of judges instead of direct election, but there is no doubt but that they would preserve the independence of the judiciary.

The legislature consisting of a separately elected house and senate is another tradition here. A one-house legislature exists in only one state, Nebraska, where more than two decades of experience with it have demonstrated it can give satisfaction.

In Michigan with its diverse interests, it is argued that two houses are necessary so that people and area may both be represented.

Home rule for cities and villages has become part of Michigan's pattern of government. Some form of home rule for the metropolitan and urban counties might be recommended.

Just as the 1908 constitution carried on many traditions from that of 1850, it is safe to say that a 1960 constitution would preserve much from that of 1908.

(Next—What to change in the governor's duties).

'Ready Grin' Is Not Enough

Ike Can Be Aggressive, too

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Eisenhower's philosophy of the "ready grin" is only part-time.

★ ★ ★

That's why for him this year's congressional campaign is a repeat of 1954. Then and now he hung back at first from a full-blown attack on Democrats. But when things got tough he wound up clubbing them.

Eisenhower revealed his philosophy to Republicans on his Oct. 14 birthday. While he was still young in the Army, he said, an older soldier told him the most important quality for a staff officer was a "ready grin." He practiced it.

★ ★ ★

In time he became chief of staff and famous for his grin. Do the same, he told Republicans: "As you see someone irritating you, just grin."

He neglected to say it doesn't always work.

In 1953 — after his sensational election and while his Republicans controlled Congress and Democrats were extraordinarily nice to him—he indicated he wouldn't be very active in the 1954 congressional elections.

He explained: Anybody occupying the White House was president of all the people and he had no intention of going out and getting into partisan struggles in any district or state.

★ ★ ★

But 1954 came and with it a growing likelihood voters were going to throw out the Republicans—as they did—and give the Democrats control of Congress. His fellow Republicans flocked to him for help. In the end he plunged into the campaign.

He had to campaign, of course, in 1956 when he himself was running for re-election.

★ ★ ★

As the 1958 congressional elections rolled around, Eisenhower once again showed signs of wanting to remain above the strife. Again reports piled up indicating another Democratic victory. Once more Eisenhower packed his ready grin in the trunk and went into the campaign, making at Los Angeles this week perhaps his most savage attack on Democrats.

Vice President Nixon, another specialist in grinning, has never shown any of Eisenhower's reluctance to get into the rough-and-tumble of the campaign.

★ ★ ★

He leaped at the Democrats jugular in 1954, in such a way that many of them have never forgiven him. Now he's at their throats again. Once again the Democrats are sore.

But this time some Democrats are sore at Eisenhower, as well as at Nixon, for the ruggedness of his attack on them.

Speeder's Alibi Fails —Going to a Funeral

WEBSTER, Mass. (UPI) — "I was going to a funeral, your honor," explained Joseph Gaico when arraigned for driving 90 miles an hour.

"Lucky it wasn't your own," observed District Judge Louis O. Rieutord, as he imposed a $90 fine.

Sniff-Sniff: the Nice Odor of Garbage Cans

LEVITTOWN, N.Y. (AP)—This story definitely conveys the sweet smell of success.

A private garbage collecting firm Wednesday used a device that disinfects and perfumes its garbage cans.

The East Meadow Sanitation Co. tried it out on 800 trash receptacles and plans to extend the service to its 25,000 Long Island customers.

★ ★ ★

Anthony Montesano, company head, said that using the scent would cost about $1,000 a year.

"But we don't mind going to the extra expense as long as it makes people happier with our service," he said.

Stuart Pivar, the chemist who developed the spray, said it also destroys bacteria and repels flies.

'Good Driving Probation' Prescribed for Motorist

John M. Hobby of 1070 Joangay Blvd., Waterford Township, will be on "good driving probation" until March 25 following his appearance before the Michigan State License License Appeal Board recently.

Due to the inaccurate information obtained from the Michigan Secretary of State's office, the Press erronously printed Oct. 16 that Hobby's license had been revoked because of an unsatisfactory driving record.

45,000 Patents Issued

WASHINGTON — The United States Patent Office receives about 75,000 applications a year and issues about 45,000 patents.

Charge Ailing Father With Son's Murder

LOGAN, W.Va. (AP) — "How's my boy?" Robert Bryant asked in Justice of the Peace Court Wednesday.

The 54-year-old semi-invalid was told his son, Robert Jr., 24, was dead.

★ ★ ★

Magistrate W. Carson Browning set bond of $1,000 for the father who is charged with murder in his son's death. Bryant's head was swollen by a purplish bruise which he said his son inflicted Tuesday with a bottle. He testified "the boy came home drunk," beat his mother, crippled brother and himself.

A single blast from a shotgun ended the violence.

Bryant walked four miles from the family home on Crawley Creek to Chapmanville where he called police and a doctor.

As Bad as Smith

CHICAGO (UPI) — Alderman Einar Johnson thought it would be a good idea to get all the Johnsons in Chicago to support his candidacy for Cook County clerk, but he didn't realize how much territory that took in. The Chicago telephone directory recommends that anyone looking for Johnson to "also see Johnston, Johnstone, Jonson, Jonsson, Johnsen and Eunson." Candidate Johnson has sent 250,000 postcards.

Textiles Employ 1 in 4

TOKYO — Japan's textile mills employ more workers than any other manufacturing industry — almost one fourth of the total work force.

Look what's here for '59...

CHEVROLET NEW CHEVROLET el camino!

Here's the biggest prestige-builder for business that ever took to the road. El Camino combines the stunning new style of the 1959 Chevrolet passenger car with a spacious, built-for-work pickup box.

It's a dazzling beauty with a dual personality. It's got the looks, luxury and handling ease of the 1959 Chevrolet passenger car, yet it's ready to do a man-size job of carrying cargo. It's Chevy's new El Camino!

El Camino has a full-width pickup box and solid ribbed-steel load platform. G.V.W. ratings go up to 4,900 lbs. The stylish, smartly appointed cab brings you the added visibility of the new Vista-Panoramic windshield which curves around at the top.

You've a choice of 6-cylinder or V8 power and four transmissions, including satiny smooth Turboglide*. Stop by your dealer's soon, and find out how handsomely El Camino will handle your job.

NO DOWN PAYMENT-Many Months to Pay

Democrats Expected to Gain More Strength in Congress

By BEM PRICE
Associated Press Writer

WASHINGTON (AP) — Democrats now control both houses of Congress and the prospect is that after the Nov. 4 election they will outnumber the Republicans in Washington even more.

With the political winds bending the straws in this direction, it's no wonder the Democrats are full of smiles and buoyant with optimism.

★ ★ ★

Vice President Richard M. Nixon has said, somewhat hopefully, Democratic over-confidence may be a GOP asset.

Perhaps because neither party has come up with a burning issue, Associated Press reporters have found that interest in the election is low over most of the nation.

The Democrats talk about foreign policy, Sherman Adams, farmers and assorted other topics, Democrats in the South claim the integration question has all but erased any gains the Republicans made earlier in their area. The Republicans deny this.

★ ★ ★

Most of the attention nationally is directed toward the Senate and gubernatorial races in California and the gubernatorial campaign in New York.

In New York a couple of millionaires, neither self-made, are running for the governorship. The incumbent, Averell Harriman, Democrat, is seeking re-election. His opponent is Republican Nelson A. Rockefeller.

In California Republican Senate leader William F. Knowland seeks the state's governorship, a seat now occupied by Goodwin J. Knight, who wanted to remain there. Knight, pressured by Knowland, turned to the Senate race. Knowland is opposed by Edmund G. Brown, California's Democratic attorney general, and Knight is opposed by Democratic Congressman Clair Engle.

The winners in the gubernatorial races in California and New York will be in position to exercise a powerful influence on their party's selection of the next presidential candidate.

The accompanying maps show the present makeup of both houses and identifies those states where there are contests. Maine's political coloration is shown as it was in the outgoing Congress, although the Democrats won a Senate seat, the governor's race and two of the three House seats in an election Sept. 8.

★ ★ ★

The pre-election outlook, on the basis of polls, non-presidential year election trends, and pulse-taking by the experts, is that the Democrats may:

1. Unseat from five to six to possibly 10 to 12 Republican senators. Their chances are best in Arizona, California, Connecticut, Indiana, Maryland, Michigan, New Jersey, New York, Pennsylvania and West Virginia. The present division, not including Maine, is 49 Democrats, 47 Republicans.

2. Win from 10 to 26 to possibly 30 to 40 House seats. Best bets are for a gain of from one to three or four in California, Connecticut, Indiana, Michigan and Washington. The present lineup, not counting six vacant seats, nor the Maine results, is 232 Democrats, 197 Republicans.

3. Add another governor or two. The best prospects are in California, Maryland, Ohio and Nevada. However, the GOP looks strong in Iowa and Kansas, where Democrats are now governors. The present lineup: 29 Democrats, 19 Republicans.

Players Present Adult Comedy

Rochester Group Puts on 'Wake Up Darling' as Fall Production

ROCHESTER — Curtain time is nearing for the Rochester Players' fall production of "Wake Up Darling," a three-act adult comedy which had a successful run on Broadway two years ago.

The play will be presented Friday and Saturday nights at the Rochester Junior High School gymnasium.

The plot revolves around a gay young couple in New York who dream of theatrical success.

Don Gallaher plays the playwright husband. His leading lady is lovely Lynn Buck, a talented newcomer to the stage, in the role of a musical comedy star.

Other leading roles are being handled by Don Weston and Pat Kucera, both widely known in Rochester theater circles. The cast also includes Peg Gallagher, Bob Lucas, Elizabeth Kassabian, Dorothy Notthelfer, Beth Lucas, Chris Boyle and Oscar Sorenson.

Tickets may be purchased from members of the Players, at Purdy's Drug store and the box office.

Pontiac Press Photo

FEED THE DUCKS — Trying out the "feed the ducks" concession set up this week for the Sashabaw School PTA Fair Saturday evening are Susan Davis of 5035 Pine Knob Lane, and Michael Jensenius of 5670 Dvorak St. Looking on are Michael's mother, Mrs. Robert Jensenius, and Principal Charles Hazel. The fair, which will be held at the Independence Township school from 6 to 9 p. m., will feature many other booths and games. Refreshments and food will be available too, according to Co-chairmen Mrs. Jensenius and Mrs. Gerald Copeman.

'Want a Job' Sign Gets Worthy Results

DETROIT (UPI) — If you're unemployed, a 37-year-old Detroit handyman has a hint for you. Push a sign.

Charles Hamilton, who has been unemployed since his last employer went out of business a year ago, pushed a seven-foot "man wants job" sign through downtown Detroit Monday and Tuesday.

★ ★ ★

Today he has a $2.25 an hour drilling machine job for Twentieth Century Machine Co., Utica.

"Anybody who has the guts and initiative to push that sign downtown—I can make a mechanic out of him," the company president, Gus Dabringhaus, explained.

"He struckm e as a very deserving man."

★ ★ ★

Mrs. Hamilton was overjoyed. "He'll be working 48 hours a week and bringing home more than $100, and he can get a raise to $3 an hour," she said.

"I don't know how to thank everybody who offered us help. We got about 20 job offers and we're going to send each one a card."

Sponberg to Speak at Ceremony

Romeo Dedicating High School

ROMEO — The high school that was built with money raised by a $750,000 bond issue that passed by a one-vote margin in April, 1956, will be dedicated Sunday.

It is the new Romeo Community High School, located on 32-Mile Rd. just west of the village limits. It will be formally dedicated Sunday in ceremonies to begin at 2:30 p.m.

A half-hour program of music by the high school band, led by E. C. Ojala, will precede the event.

Principal speaker will be Dr. Harold E. Sponberg, vice president of Northern Michigan College at Marquette. His topic will be "The Educated Heart."

Allen Rush, Board of Education president, will introduce other board members and bestow honors on four faculty members to be recognized for "long and faithful service."

They are Mrs. Florence Weyer, third grade teacher; Mrs. Dorothy Meloche, fourth grade teacher; Miss Helen Starkweather, junior and senior high art teacher; and Daniel Barnabo, athletic and attendance director and social science teacher.

Another highlight of the hour-long program will be the presentation of an American flag to the school by the Ladies' Auxiliary of the Veterans of Foreign Wars, Romeo Post 2052.

DR. HAROLD E. SPONBERG

Among the special guests will be Eberle M. Smith and Wallace B. Cleland, architects of the Detroit firm of Eberle M. Smith and Associates, Inc., who designed and supervised construction of the new school.

After the program, refreshments will be served by the Parent-Teachers' group of the high school. While the open house is in progress, Student Council representatives will conduct visitors through the building.

The one-story brick structure is unique in that it was built in tiers to fit the contours of the land. The nine-classroom wing is several steps above the section which houses the administrative offices, faculty room, clinic, cafeteria and kitchen. These are on a level higher than the gymnasium. A band room was added to the north end after construction began.

Sisk Now Official Chief of Keego Harbor Police

KEEGO HARBOR — Appointment of James K. Sisk as police chief has been made official by the Keego Harbor City Council.

Sisk, who succeeds Richard Hurtubise, has been acting chief for the past six months. He joined the force in June 1956.

★ ★ ★

In other business, the Council appointed George E. Hahnefeld building and health inspector. He replaces Frank Derby, who resigned to accept the post of clerk-assessor for the city of Lathrup Village.

Derby had served as building and health inspector and city assessor for the past two years. He will continue to be city assessor at Keego Harbor in addition to his duties at Lathrup.

Hahnefeld, of 2071 Maddy Lane, has been active in city affairs, having served on the Board of Review, sewer committee and election boards.

★ ★ ★

The Council has purchased a 1957 Chevrolet demonstrator truck with heavy duty equipment from Shultz Equipment Sales of Ithaca.

Councilmen also announced they will assist the West Bloomfield Township Civic Club in the presentation of an Armistice Day program Nov. 11.

A meeting to discuss financing of laterals for a city sewer has been arranged between Louis Schimmel, financial consultant; Thomas Dillon, city attorney, and Peter P. Quinlan, chairman of the sewer committee.

★ ★ ★

Councilmen complimented John Sellman, city deputy fire marshal, for his fire prevention program.

Pine Lake Branch of Farm, Garden Club Gathers

WEST BLOOMFIELD TOWNSHIP — Mrs. Dale Bartholomew opened her Middlebelt home at 1 p.m. today for the October meeting of the Pine Lake Branch of the National Farm and Garden Club.

★ ★ ★

Accepted as new members were Mrs. John R. Gibson, Mrs. Donald Wolf and Mrs. John Batts Jr.

★ ★ ★

The Pine Lake Civic Assoc. has agreed to assist the club in its plans to beautify the beach around the entrances to the subdivision. This will be the club's main project for the coming year.

★ ★ ★

Eight of the club's members attended the recent council meeting held at the Grosse Pointe Yacht Club, and a workshop yesterday at the Royal Oak Branch.

Wixom PTA Observes United Nations Day

WIXOM — United Nations Day will be observed at 8 this evening at the meeting of the Wixom School PTA.

Speaker will be Lothar Schlafke, a senior exchange student from Germany, who will talk about his country.

Mrs. Oscar Simmons, third grade room mother, will use a United Nations theme for decorating the refreshment table. An international assortment of desserts will be offered.

Will Hold Installation

NORTH BRANCH — Officers will be installed at 8 p.m. Saturday at the Masonic Hall by North Branch Chapter, Order of the Eastern Star. Each member may bring a guest. A cooperative luncheon will be served.

Nab Seabee, 'Wife' on Fraud Charge

CASS CITY (AP)—A marriage ceremony involving a Navy Seabee from Michigan and a female impersonator has resulted in the arrest of the two men on charges of conspiracy to defraud the government.

★ ★ ★

The two were apprehended under warrants based on a secret indictment returned by a federal grand jury in Providence, R. I., last month.

It accused, the Seabee, Elwin Ellis Easter Cox, 21, of applying for a dependency allowance for his "wife." The "wife" received and cashed four Navy checks, each for $137.10, the indictment charged.

Cox was arrested at his home here. The other man was nabbed in Denver under the name of John Murphy Goodshot, 21, alias Jela St. John Murphy.

★ ★ ★

U.S. Attorney Joseph Mainelli said the wedding ceremony was performed before a justice of the peace in East Greenwich Sept. 1, 1956, according to records on file in the town clerk's office.

Walled Lake Parents 'Attend' High School

WALLED LAKE — Parents of Walled Lake Senior High School students will return to school this evening.

In a program planned to take the place of the regular PTA meeting, they will be in their children's classrooms at 8 p.m. After obtaining schedules, they'll follow them just as the students do.

Each session will last 10 minutes, with a five-minute break between each.

Teachers will explain the work being done in each class. Acting as guides will be members of the Future Teachers Club and the National Honor Society.

An average family throws away about 400 pounds of food per year.

Lads 10, 11, Start $20,000 Blaze

Boys Admit Setting Fire

ROMEO—Two Madison Heights boys, 10 and 11 years old, yesterday admitted ransacking a tool shed and setting fire to a dredge Sunday at the Huron Gravel Co. pit, 2900 Inwood Rd., five miles southwest of Romeo.

Damages to the dredge, which burned and sank, were set at $20,000.

★ ★ ★

Romeo State Police Detective Paul Brabant said the brothers wondered away from the nearby North Macomb Sportsmen's Club where they had come with their father. They went to the gravel pit pond, found a rowboat and rowed out to the dredge.

The boys admitted igniting papers and throwing them into oil they had spilled on the engine and deck. They left the dredge burning, Brabant said.

The pair then broke the lock on the tool shed with a hammer they had taken from the barge. They spilled oil all over the inside and threw matches into it. The oil failed to ignite, however.

★ ★ ★

The boys fled when they saw smoke billowing from the barge, returning to the club. The hammer they had hidden in a ditch was later recovered.

They have been turned over to Oakland County juvenile authorities.

Executive Held After Shooting

Tractor Plant President Charged With Trying to Kill Employe at Party

ST. JOSEPH (AP) — The president of a tractor plant today faces charges of assault with intent to kill one of his employes at a company party. His attorney indicated he would plead self defense.

Berrien County Prosecutor John Spoelman authorized the charge against J. R. Love, 49, who heads the Love Tractor, Inc., plant in Eau Claire.

The incident occurred at a celebration staged by the company Tuesday night to mark the defeat of a union organization attempt.

The party wound up in a brawl with Love landing in Lee Memorial Hospital in Dowagiac, and the employe being admitted to Mercy Hospital in Benton Harbor with a bullet wound in his leg and four broken ribs.

The employe, Charles Goff, 31, of Watervliet, was reported in fair condition.

Sheriff Henry Griese said Victor McKinney, 27, of Niles, the plant superintendent, told him Love and Goff were playing cards when an argument flared up, climaxing with the shooting.

The fight erupted again later, McKinney related, and he was forced to fire several shots into the ground to break it up.

Love's attorney, Dalton Seymour of Benton Harbor, said his client was defending himself against an attack by Goff.

A glass strand 15 times finer than human hair may be stronger than steel.

Mrs. Roosevelt to Talk on U.N. at Royal Oak

ROYAL OAK — Mrs. Eleanor Roosevelt will be in Royal Oak Wednesday to open the lecture series at Main Theater. She will speak on the United Nations.

The Royal Oak Woman's Club, which is sponsoring the lecture series, is planning a reception and tea at the Clubhouse following Mrs. Roosevelt's talk. A full house is expected for the lecture and special tickets are being issued for the tea and reception.

The day of the lecture, Mrs. Roosevelt will be met at the train by her niece, Mrs. Eleanor Elliott of 480 N. Pleasant Rd., Birmingham. She will be Mrs. Elliott's overnight guest.

A dinner will be given for Mrs. Roosevelt that evening by another niece, Mrs. Dorothy K. Roosevelt of 292 Greenwood Rd., Birmingham.

Attending will be Governor Williams, his mother, Mrs. Henry P. Williams of Grosse Pointe, Mr. and Mrs. Philip A. Hart and Mrs. Elliott.

American Gets Okay to Use Jet Planes

NEW YORK (AP) — American Airlines has been granted permir Airlines has been granted permir on to operate jet planes out of Idlewild Airport on a training flight basis, making it the first domestic airline to receive such approval.

★ ★ ★

The Port of New York Authority in an announcement today, said American plans to land its first jet at Idlewild Saturday after a flight from Los Angeles.

In addition to 45 days of training flights, American plans training operations at airports in Boston, Baltimore, Los Angeles and San Francisco. The line will operate with Boeing 707s, which will be equipped with noise suppressors.

The authority said American expects to begin transcontinental jet service early in January.

Rochester Women to See Europe Slides

ROCHESTER — The Rochester Woman's Club will hold an open meeting tomorrow at 8 p.m. at the Avon Park Pavilion.

★ ★ ★

Mrs. E. C. Hobart of Fairgrove, a former Rochester school teacher, will speak on "A Woman's View of Europe." She will show slides, and describe her two recent trips through Europe.

Mrs. L. L. Whims, program chairman, said the meeting is open to the public.

County Calendar

Rochester

Mrs. Mildred Briggs, a long-time member of the Grosse Pointe Camera Club, will be guest speaker at the Thursday evening meeting of the Rochester Photo Club at the Woodward Memorial Library. Visitors are welcome.

Waterford Police Hold Alleged Fruit Stealer

Waterford Township police arrested Theodore Trammel, 23, of 5230 Eastview Ave., at 10 p.m. last night for allegedly stealing fruit from state-operated orchards on Pontiac Lake road.

★ ★ ★

Police on routine duty spotted Trammel lying flat in the grass inside the orchard fence. Upon further investigation, they found three full bushel baskets and two burlap bags full of apples and pears of the same variety as those on the trees.

Firemen Answer Call —and Find Singed Hair

MEMPHIS, Tenn. (UPI) — Mrs. James Banks called the fire department.

★ ★ ★

"Where did you say the fire was?" the dispatcher asked.

"In my hair, that's where," Mrs. Banks replied.

★ ★ ★

Firemen rushed to her home, found Mrs. Banks with singed hair. She told them it caught fire when she tried to put out the paint solvent burning in her kitchen sink.

Honeymoon in Northern Michigan

COMMERCE TOWNSHIP—Upon return from their honeymoon in northern Michigan, Mr. and Mrs. William Koch will make their home at 14999 Gaylord St., Redford.

The couple was married Saturday noon at St. Williams Catholic Church, Walled Lake.

★ ★ ★

The former Judith Ann Green, the bride is the daughter of Mrs. Rudolf A. Sorlie of Ft. Lewis, Wash., and Arthur C. Green of 9395 Commerce Rd.

Parents of the bridegroom are Mr. and Mrs. Jacob Koch of Redford.

For her wedding the new Mrs. Koch chose a gown of lace and net over slipper satin. It featured a Queen Ann lace bodice, scalloped neckline and a bouffant skirt with a lace train.

★ ★ ★

Her veil fell from a queen's tiara of pearls and rhinestones, and she carried a cascade arrangement of white baby mums and stephanotis with lace leaves.

MRS. WILLIAM KOCH

Maid of honor was Miss Dolly Proulx of Westacres. Bridesmaids were Sharon Sanders of Detroit, Joan Andrews and Lois Hall of Pontiac and Helen Smith of Wayne. The bride's sister, Dawn, was the flower girl.

James Reicher of Redford was the best man, while ushers were Robert Babes and Lee Woods of Commerce and Walter Romm and Larry O'Linger of Redford.

The reception was held at Edgewood Country Club.

Borden Strike Enters 2nd Day in Detroit

DETROIT (AP) — A strike of dairy workers halted service to nearly 100,000 Detroit area customers of the Borden Co. for the second day today.

Deliveries from the Borden depot were halted when employes walked off their jobs in protest over the loading of trucks by non-union workers.

Farmington Planning Dedication Rites

FARMINGTON — Dedication of the new Farmington Post Office, 33200 Slocum St., will be held at 2 p.m. Saturday.

Congressman William S. Broomfield will give the dedicatory address, and Elmer Wallen, Oakland County Field Service officer, will represent the Post Office Department.

The ceremonies, sponsored by the Greater Farmington Chamber of Commerce, will feature a parade and music by the Farmington High School Band. Groves Walker American Legion Post will supply the color guard.

A luncheon for Postmaster Henry Trombley and Post Office personnel will precede the dedication ceremonies.

Hal Boyle Says:

'Give the Best You Can' Is Actor's Advice

NEW YORK (AP) — "Give the best you can," said Donald Crisp.

"Whatever you do, do it thoroughly and all out for whatever wages you get. That is the oatmeal and groats of living."

At 78 Crisp, filmdom's "Old Reliable," doesn't have to worry where his next bowl of oatmeal is coming from. In his 52-year career he has been everything from a prop boy to a financial prop of the motion picture industry, and today he is rated one of Hollywood's wealthier figures.

★ ★ ★

Some 374 performances before the camera—the latest as the cardinal in John Ford's new Columbia release, "The Last Hurrah"—have stamped Crisp as one of the greatest and best-loved movie character actors. He won an Oscar in "How Green Was My Valley."

But the public tends to forget that Crisp also was a pretty fine director. Among the 100 films he directed was "The Mark of Zorro" with Douglas Fairbanks and "Svengali," with John Barrymore.

★ ★ ★

"The best move I ever made was to stop directing back in 1929," said Crisp cheerfully. "At that time everybody was trying to get into pictures — not only the banker, but the banker's daughter."

Crisp, a bank director himself, has always been a canny man with a buck and helped arrange the financing of many pictures over the years.

Born in Scotland, he fought in the Boer War, then saved for more than five years to earn his passage to America in 1906.

★ ★ ★

"The day I arrived I deposited $53 in a New York bank," he remarked, "and it's still there."

One of his first acting chores was in the 1908 release of "The French Maid," made by the Biograph-Mutoscope Co.

A Hollywood pioneer from the start, he loves to recall the early days .... When he loaned Cecil B. de Mille his first camera .... When he played Gen. Grant in D. W. Griffith's "Birth of a Nation."

"I broke with Griffith because he refused to give me film credit for directing the battle scenes in that picture.

★ ★ ★

"It cost $61,000 to make the film, and I helped convince William H. Clune, a Los Angeles theater owner, to put up $43,000 of it. His estate later took out more than nine million dollars from that one picture."

Looking back across the years, Crisp believes George Arliss was the most fascinating character he ever met.

"He had an old-school polish, a charm that now belongs to a forgotten world," he said.

★ ★ ★

"As a man grows older he finds it harder to accept the new world that springs up around him. Perhaps it is because he still likes to do things the way he was taught.

"But there's one thing we had in the old days that we may lack now—the willingness to try anything. Now there is something wrong.

"We have time now to make all the retakes we need, even time to teach an actress how to dress. But ometimes it all seems too manufactured.

★ ★ ★

"But my philosophy is that we're all kin, yet don't see the same, and that makes the world. You must learn tolerance for the other person's view."

Crisp has had considerable tragedy in his life. He lost two sons in World War II fighting, and the death of his wife left him lonely.

Now in his still-vigorous age he is comforted by these lines from a hymn he first sang as a choir boy at 10:

★ ★ ★

"We plow the fields and scatter the seed. He paints the clouds and lights the evening star."

Jap Electone Sounds Like Full Orchestra

TOKYO (UPI) — A Japanese film has unveiled an electronic instrument that can produce the sounds of a 24-piece orchestra.

The organ-like instrument, called the "electone," uses 184 keys, 32 pedals, eight rhythm buttons and four rhythm pedals to produce the sounds of 24 percussion, brass, woodwind and string instruments.

A total of 2,000 transistors and 15 microphone sound amplifying units went into the instrument.

It was displayed at Japan's week-long Audio Fair, which opened today at the National Athletic Stadium in Tokyo. The Nippon Musical Instruments Mfg. Co. of Tokyo made the "electone," which it plans to display at an audio fair in the United States in 1959.

More than one-third of the land domain of the U.S. is considered useful primarily for forests.

Warns Reds on Quemoy

Dulles to End Taipei Visit

TAIPEI, Formosa (AP)—Secretary of State Dulles' visit to President Chiang Kai-shek neared an end today. The chief result visible so far was a new warning that the United States will resume escorting supplies to Quemoy if that becomes militarily necessary.

★ ★ ★

The top American commander on Formosa, Vice Adm. Roland N. Smoot, followed up with an announcement that convoy operations have not been resumed.

A spokesman for the U.S. Defense Command explained that the Command didn't think resumption of convoying was necessary yet because the Nationalist islands just off the China mainland now are well supplied.

'MADE GAINS'

Asst. Secretary of State Walter Robertson, who had accompanied Dulles to Formosa, told reporters the secretary and Chiang had made "very definite gains . . . in clarifying some of the confusions that existed in our country and in China." He added there had been "no rift of any kind."

Observers anticipated that at the most the meetings would produce a better understanding, and a joint declaration of continued cooperation.

★ ★ ★

Robertson denied that the offshore islands were being held by the Nationalists as a base for future invasion of the mainland.

"There isn't anyone above the intelligence of a military moron who thinks for one moment these islands are a base for an attack on the mainland," he declared.

"The forces are there in strength (about 100,000 men) not for an offensive but for defensive purposes."

★ ★ ★

Until the Reds ended the ceasefire, Dulles reportedly had hoped to get Chiang to withdraw a large number of them as evidence he did not plan to use the islands as the jumping-off point for an invasion. Dulles had hoped this would induce the Communists to make their cease-fire permanent.

SHELLING CONTINUES

The Communist artillery bombardment of Quemoy and its smaller neighbors continued, but at considerably less intensity than on the worst days before the Red-invoked cease-fire Oct. 6.

The Nationalist Defense Ministry reported the Reds fired 6,626 shells at the islands in the 12 hours before 6 a.m. today. This brought the total rounds credited to the Communists to 21,507 since Peiping broke its self-invoked truce Monday afternoon.

★ ★ ★

Military dispatches said one civilian was killed and three others seriously injured when the Communists suddenly resumed shelling Monday. The reports said 19 civilian homes were destroyed and 18 badly damaged on the first day.

★ ★ ★

Dulles conferred with Chiang for nearly an hour this morning at the Defense Ministry in downtown Taipei. It was their second business session since the American secretary arrived Tuesday.

Another meeting was planned tonight, after a state banquet, and Dulles was expected to leave for Washington Thursday.

Executives Cash In

NEW YORK (UPI) — Members of the Sales Executives Club are all set to cash in on the trading stamp craze. One million stamps—said to be worth up to $5,000—were given away in drawings at the club's weekly lunch yesterday.

Sunday Might Introduce Another Pope to World

VATICAN CITY (AP) — The world may know Sunday the name of the new Pope of the Roman Catholic Church.

Cardinals of the church, now gathered here from all parts of the world, will enter into secret conclave Saturday afternoon to elect the successor to Pope Pius XII.

They are expected to cast their first ballot Sunday morning, and election of the 262nd Pope and sovereign of this tiny state could be quick.

★ ★ ★

The cardinals will vote twice in the morning. If no candidate receives the required two thirds plus one, two more ballots will be taken in the afternoon. When the pontiff has been elected, a white smoke signal produced by burning the ballots will rise from a window of the Sistine Chapel.

There are now 51 of the 54 cardinals of the Sacred College here or in Italy, and 48 met to continue preparations for the conclave.

Fifty-two cardinals are expected to be here. The last one who announced that he would come for the conclave is Thomas Cardinal Tien, an exile from Red China who was injured in an automobile accident in West Germany. The 68-year-old Chinese is expected to arrive later this week.

★ ★ ★

Two cardinals not expected to come for the conclave are Alojzije Cardinal Stepinac of Yugoslavia, a sick man, and Josef Cardinal Mindszenty of Hungary, in asylum in the U.S. Legation in Budapest.

The cardinals began moving into their cells in the apostolic palace conclave area. There are 54 of these small apartments, one for each member of the Sacred College.

★ ★ ★

Unlike past conclaves, the cells this time are colored violet, a sign of mourning for the dead Pope. In past conclaves this color was given only to the cells of cardinals who had been created by the dead pontiff. Cells of other cardinals were colored green.

Faubus Prefers Locked Doors

Believes Central High Would Be Demolished Under Integration

LITTLE ROCK, Ark. (AP) — Gov. Orval E. Faubus said Wednesday night it was better for Little Rock Cenral High School to be closed than demolished.

Faubus told a meeting of educators the South is not ready to acept integration. He closed Central High and Little Rock's three other high schools last month to avert court-ordered racial mixing of classes.

★ ★ ★

"It's better that it (Central) be empty than to be demolished, and that's what will happen when people like me are gone," the governor said.

In his address to a regional conference of theNational Assn. of Guidance Supervisors and Counsellor Trainers at nearby Hot Springs, Ark., Faubus also struck at the U.S. Supreme Court.

★ ★ ★

"It seems that Communists can get ore consideration in the United States than a white segregationist can, sometimes," Faubus asserted.

Meanwhi iu,o$rollment of sophomores was scheduled at the Little Rock Private School Corp.'s all-white high school today. About 240 juniors registered Wednesday.

Classes f5-i,o,me 250 seniors got under way this week after a registration mixup that delayed the teaching program for a short time.

★ ★ ★

It was revealed that an unidentified Little Rock contractor had offered the segregationist Capital Citizens Council land for a permanent private, white high school.

States' Tax Take Rises 2.6 Per Cent

WASHINGTON — State tax collections for fiscal 1958 totaled 14.9 billion dollars, an increase of 2.6 per cent over the year before, but the smallest gain for any postwar year.

There was an 8.6 per cent increase in revenues in fiscal 1957 and a 15.3 per cent increase in fiscal 1956.

Sales-tax revenues for fiscal 1958 totaled 8.7 billion dollars, an increase of 3.6 per cent over the year before. They represented 58 per cent of total collections.

★ ★ ★

A 10.7 per cent increase in tobacco-tax revenue was the biggest rise for, the period. Individual income-tax receipts climbed only one per cent.

Speaker Warns Children's Need of God Is Basic

DETROIT (AP) — Childhood requires a spiritual interpretation of life in order to deal with the tensions of later years, a church convention speaker said.

Dr. Katharine F. Lenroot, former U.S. representative on the executive board of the U.N. Children's Fund, emphasized the teaching of faith to children in a talk to the fourth annual meeting of the Congregational Christian churches Tuesday night.

Dr. Lenroot warned that if the heritage of one God of the universe is not passed on to the children "it may be that the materialism of this generation will be as nothing compared iwth the emptiness and despair of our successors."

She said the church's duty toward children is to help them grow in their relationship to God and to develop a free individual spirit "no matter how it may differ from the ways of others."

Scientists now can watch and measure growth in the living cell with a new kind of X-ray machine developed by a California scientist.

Doctors Still See Hope for Mr. X to Be Cured

DETROIT (AP) — Remember Mr. X?

He is the gifted pianist who has been a mental patient in Wayne County General Hospital more than 20 years.

Mr. X won fame 12 years ago when he played works by Chopin and Beethoven, over a nationwide radio hookup.

★ ★ ★

At the time, Dr. Ira M. Altshuler, hospital psychiatrist, had expressed hope that Mr. X might be cured through his interest in music.

But Mr. X, now 58, is still in the hospital. After years of deterioration, his mental condition is described as stationary.

"He is not cured but there is always hope," Dr. Altshuler said. "After a certain age, physical changes may work in his favor."

★ ★ ★

Mr. X still plays the piano when he is in the mood. That is about once a week.

"We don't want to force him to play," Dr. Altshuler said.

Mr. X has given no more concerts for outside audiences but he occasionally plays for informal groups of patients and staff members in the hospital.

His name, like those of most mental patients who appear in the public eye, was kept secret.

★ ★ ★

Altshuler, who is director of group and music therapy at the hospital, recently composed a piece of music and gave it to Mr. X.

"He played it right off," the doctor said. "It was uncanny. He has an amazing ability to play difficult new works at sight."

Through Dr. Altshuler's efforts, and from publicity given Mr. X, the hospital—which once had only one piano—now has 35, given by private donors.

They are used both for recreation by patients and in Dr. Altshuler's group therapy program.

Thanks to GIs, German Boy, 5, Gets Operation

BALTIMORE (AP) — A surgeon's skilled hands and two groups of U.S. soldiers 4,000 miles to little Klaus Kaemmerer, apart have given the gift of life

The 5-year-old German youngster underwent a three-hour "blue baby" operation Wednesday at Johns Hopkins Hospital. The hospital said the operation by Dr. Alfred Blalock was a success.

★ ★ ★

It was aimed at correcting a heart defect which prevented sufficient oxygen from reaching the little boy's lungs.

Eight pints of rare O-negative blood were required and four of them came from soldiers at nearby Ft. Meade.

★ ★ ★

Some 500 American Army missilemen, in Karlsruhe, Germany, donated $2,500 for the operation and chipped in with townspeople to pay for the trip to Baltimore.

"I'm happy it's over," said Mrs. Sigrid Kaemmerer, 26, who flew here to be with her son. The boy's father Wilhelm, 30, is a civilian disatcher at the battalion's motor pool in Karlsruhe.

Stamp Pamphlets Free

WASHINGTON — Stamp collectors can get free, by writing to the Office of the Special Assistant to the Postmaster General, Washington, such pamphlets as "A Guide for The Selection of United States Commemorative Postage Stamps" and "A History of Postage Stamps, Postal Cards, and Stamped Envelopes."

Children Found Playing With Dynamite Sticks

FARMINGTON, N. M. (AP) — City firemen recently confiscated 50 pounds of dynamite from the home of a dirt contractor after they found several children playing with "loaded" toys.

The city fire chief says the dynamite was in boxes; children playing in the yard had found and opened them, and used the sticks for toys.

Altitude of Denver, Col., is 5,280 feet.

Rejects Release for Mindszenty

Hungary Says Request to Let Cardinal Attend Election 'Interference'

VIENNA (AP) — Communist Hungary has bluntly rejected an American request to let Josef Cardinal Mindszenty leave his refuge in the U.S. legation in Budapest to vote in the Vatican for a new pope.

Mindszenty, freed from Red imprisonment by the 1956 Hungarian revolt, found asylum in the legation when the Russians crushed the revolt a few days later.

★ ★ ★

The U.S. charge d'affaires in Budapest, Garret G. Ackerson Jr., disclosed Wednesday night that Washington asked safe conduct for the cardinal at the Vatican's request.

The Hungarian Foreign Ministry replied that the request was "gross interference in Hungarian domestic affairs," Ackerson said. The Hungarian note added:

"Permission for Josef Mindszenty to leave the country, remission of his sentence or its suspension are entirely internal matters for Hungary which cannot constitute a proper subject for any Hungarian-American negotiations."

★ ★ ★

Mindszenty was a hero of Hungary's World War II resistance to the Nazis. Communists arrested him a few months after they took over Hungary and in February 1949 sentenced him to life imprisonment on charges of treason, espionage and black marketing.

In announcing the rejection, Budapest radio stressed that Mindszenty had been convicted of treason by a Communist court. The broadcast did not mention that the request was made so Mindszenty could attend the conclave of cardinals beginning Saturday to name a successor to Pope Pius XII.

★ ★ ★

Vatican circles expressed deep regret at the rejection.

Today was the second anniversary of the start of the Hungarian revolt. Arrests and tightened controls were reported in Budapest to prevent demonstrations.

Cribbage 300 Years Old

LONDON — Cribbage, one of the oldest and oddest of playing-card games, was originally known as Noddy. It was invented more than 300 years ago by Sir John Suckling, famous English poet and soldier.

Rival Candidates Meet

DETROIT (UPI) — Candidates for state attorney general — incumbent Paul L. Adams and Republican Jason L. Honigman — were scheduled for their first face-to-face meeting tomorrow (at 8:30 p.m.) in Detroit.

TRIANGLE Furniture Co.

ALASKA'S CONTRIBUTION — Australia gave us the omnipresent hoop and now the Alaskan Eskimos are getting into the act with a sort of bolas of the South American Gaucho. It can also be likened to a yo-yo. Sharon Orbeck of Fairbanks demonstrates the bolas (or yo-yo, or whatever) in Washington, D. C. As it is swung up and down, one ball goes one way and the other ball the other. So far, they're made only by the Eskimos.

But This Was a Sorry Year for Bulbs

Choice of 3,000 Varieties Available to Tulip Lovers

By ARTHUR EDSON

WASHINGTON (AP) — Now comes the time when we gardeners put in our bulbs. And it's nice to know, as we go about our chores, that whatever his failures elsewhere mankind seems to have the tulip situation well in hand.

Did you know that there now are 3,000 varieties of tulips?

Or that there's an easy way to get tulips to grow in the deep south? Put the bulbs on the bottom shelf of the refrigerator for a few weeks. They will be convinced that they're wintering in a Pennsylvania garden, and when moved to southern soil will bloom like anything.

Or that tulips have been developed so they will bloom in November? That's just right for the southern hemisphere trade.

Gustave Springer, the U. S. representative of the Dutch tulip industry, was in town today, and, as you can see, he was a-bloom with facts. As a result of his visit it's possible to report:

That this was a sorry year for growing tulip bulbs. The ones you're buying in the stores right now probably won't be as large as they were last year.

That this shouldn't make too much difference in next year's bloom. Any fairly large bulb is big enough to grow a first rate flower.

That each year flower lovers in this country shell out 35 million dollars for Dutch bulbs. Tulips lead the list with 172 million bulbs, compared with 25 million hyacinths and 27 million daffodils.

That Springer thinks the hyacinth deserves a much greater play than it gets. "Wonderful scent," he says, "particularly early in the morning."

That although tulips are indelibly associated with Holland, they are not its biggest export by any means. "We must spend 70 to 75 million dollars on Dutch hams alone," Springer says.

That no one seems to know why Holland has remained the heart of the tulip growing business. "Some think it's the soil, but frankly I disagree with that. It's nothing but sand. Of course, there is an evenness of the climate. By evenness, I mean it's lousy all year long." (A few more cracks like that and Springer will be hunting work with something like the African Zebra Exporters' Assn.)

That the U. S. Department of Agriculture has an unusual arrangement with the Dutch. Each year U. S. inspectors are in Holland to make sure the bulbs are free of disease. The Dutch pay their passage and salaries. One stays on the year around; four others work the six-week bulb season.

★ ★ ★

He was born in the New York tenement district, an area never noted for agriculture pursuits, and he studied to be a lawyer. But after the war he became interested in exports and imports, and, pretty soon, here came the Dutch.

★ ★ ★

Springer has just completed putting in 750 bulbs around his New York home, and looks back in wonder at his onetime floral ignorance.

"I didn't know a bulb from an onion," he said.

Business News Remains Bright

Few Low Earnings Reports Offset by Rise in Output, Employment

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — The business news today still leans strongly to the good side despite some sad nine-months earnings reports.

Official statistics are reassuring. Output is rising in some of the basic industries. Prices are firm or rising on industrial materials.

★ ★ ★

The total of unemployment is shrinking a bit now—and a further drop is expected to be announced as November starts.

Most reassuring is the return of confidence to business leaders and to consumers.

Even many of those corporate executives announcing shrinking earnings so far this year are predicting that the final three months should show a nice reversal.

But there's still no sign yet of any runaway boom. Only in the stock market is there enthusiastic counting of chickens before they've hatched.

In industrial circles there's more caution due to the belief that the surprising rebound of the economy during July and August probably slowed down a bit in September and October.

A chief worry is what any further rise in interest rates and tightening of the money supply might do to the recovery.

The bond market is already badly shaken and looking hard for buyers. More big corporate issues are reported on the way. Local governments still have borrowing needs unsatisfied.

★ ★ ★

The U.S. Treasury is coming into the money market the first half of next month to raise another three billion dollars of new money to meet its needs for cash. It may have to eschew bonds and look to the banks for short-term funds.

Speculation on the probability of a further rise in interest rates is growing.

The building industry frets lest tight money again trip up the housing boom, as purchasers search for mortgage money at rates they can afford.

But in industry itself the news is mostly good.

★ ★ ★

Output of steel, aluminum and copper has increased. So have their prices, along with lead and zinc.

Durable goods manufacturers are believed to have reduced their inventories of industrial materials down to a level consistent with new orders, which have been reported increasing.

The oil industry, suffering from a surplus of gasoline stocks, expects the demand for fuel oil and diesel oil to offset this.

And the Agriculture Department says that farm cash receipts are running 11 per cent ahead of a year ago.

Man Appeals Conviction, Gets Bill for Jury Fees

BOISE, Idaho (AP) — When Kenneth P. Sanders appealed a conviction for illegally buying a nonresident hunting license, a District Court jury found him guilty anyway. He was fined $100 and given two days in jail.

Now, Sanders says, the county prosecutor has presented him with a bill for $181.50—fees for the jury that upheld his conviction.

He's back in court again appealing the bill. His attorney, Charles Stout, claims it deprives Sanders of his constitutional right to trial by jury. The prosecutor's office claims that Idaho law allows presentation of such a bill when the case involves an appeal from a lower court.

What is believed to be the nation's largest magnolia tree stands beside the Escatawba River north of Pascagoula. It is 51 feet tall, has a spread of more than 90 feet, and the trunk is 12½ feet around.

THE WINNER — A tree that won a "beauty" contest, this towering white spruce will grace New York City's Rockefeller Center during the Christmas season. The 64-foot-tall tree, found in East Madison, Maine, was selected as the perfect spruce after a search of nearly six months. It will be decorated with 1,000 plastic globes and 3,000 bulbs for its Manhattan appearance.

Oops, Wrong Duct!

CASPER, Wyo. (AP)—Workmen recently installed a stove for burning wood shavings in the old City Hall here. Wednesday smoke filled every room in the building. An inspection revealed the stove had been connected to the ventilating duct instead of to the chimney duct.

Which Comes First?

DENVER (AP)—Arthur Ernest Risley filed a complaint in Denver District Court. He asked for two things: a divorce from his wife Alice, and the family's TV set.

Nixon Promises Support for Broadened Civil Rights

NEW YORK (AP)—Vice President Nixon pledged the Eisenhower administration today to support new efforts to broaden the strife-marked field of civil rights.

Nixon, here to campaign for the New York GOP ticket, called in a statement for the election of Rep. Kenneth Keating to the Senate. He depicted this as a step toward destroying control of Congress' machinery by anti-civil-rights Democrats.

Striking out on his own in a field where President Eisenhower has proceeded cautiously, Nixon gave this outline of the "positive aims" of the national GOP administration:

"To open the full doors of opportunity to all and to assure good schooling; job opportunities and rising standards of living for all our citizens. We do not recognize first-class citizenship and second-class citizenship.

"We do not want rights and privileges for some and only burdens and discrimination for others."

★ ★ ★

Nixon gave no indication that he had consulted Eisenhower before issuing the statement. But his action was interpreted as another sign he is taking over political leadership in last-round efforts to turn the tide that seems rolling toward increased Democratic strength in Congress.

The vice president challenged Adlai E. Stevenson, twice the Democratic presidential nominee, to bring Governors Orval E. Faubus of Arkansas, Marvin Griffin of Georgia and J. Lindsay Almond Jr. of Virginia into line to support the Supreme Court's decision for school integration.

★ ★ ★

Nixon fired back at Stevenson's criticism, in Milwaukee, Wis., Saturday night of what the former presidential nominee said was Eisenhower's lack of leadership "in the great national undertaking in racial equality decreed by the Supreme Court."

Citing Stevenson's criticism, Nixon asked what the Democratic leader intends to do about Faubus, Griffin and leading foes of integration.

★ ★ ★

"And as head of the Democratic party what leadership does he intend to exert on the Democratic chairmen of the powerful committees in the House and Senate who consistently block action on the Eisenhower proposals in the field of civil rights?" Nixon asked.

The vice president said that while Northern Democrats only talk — and Southern party members dissent — the Republican administration acts on civil rights.

"As a matter of fact," he said, "we have done more in six years of this administration than they have talked of doing in the 20 years that preceded it."

★ ★ ★

Nixon said Democratic National Chairman Paul M. Butler might "hand the Southern governors their walking papers but it seems obvious that Southern senators and congressmen are not going to walk away from control of congressional committees which deal with the integration problem."

No Help to Color Blind

OKLAHOMA CITY (AP)—Green trash cans in the downtown area here are being repainted gray. City officials said this should stop citizens from mistaking them for mail boxes.

Rescuers Rescue Rescuer

LOS ANGELES (AP) — Charles Masad climbed 60 feet up a tree to rscue a cat. Then he found he couldn't get down. Firemen had to rescue Masad, 19. In the excitement, the cat vanished.

Woman Sails to Keep Pledge Made to King

LOS ANGELES (AP) — Three years ago a young woman made a promise to a king. Now she and her husband are sailing to a south Pacific island to fulfill it.

The Rev. and Mrs. Eldon M. Buck, formerly of Goltry, Okla., leave Los Angeles Friday for the island of Kusaie in the Micronesian group.

Mrs. Buck, now 25, grew up on Kusaie. Her father, the Rev. Harold Hanlon, is superintendent of Congregational Christian missions in Micronesia. She became the adopted daughter of Kusaie's King John.

While she was attending college, Mrs. Buck received a letter from dying King John. He asked that she return to teach the island children.

She promised she would.

About 90 per cent of all farm in the U.S. have electric service.

Sentimental Journey

Truman on Way to Boston to Lend Helping Hand

NEW YORK (AP) — Give 'em Hell Harry S. Truman winds up his national campaigning today for Democratic congressional candidates with a sentimental journey to Boston.

The ex-President didn't sound half as tough as some of his campaign oratory might imply as he explained the purpose of his trip to the hub where Sen. John F. Kennedy (D-Mass) appeared supremely confident of re-election.

★ ★ ★

Truman's motives were simple. Rep. John McCormack (D-Mass) House majority leader, is a close personal friend and was his loyal supporter when he was in the White House.

And, since tonight's dinner in Boston is in honor of McCormack's nephew, State Atty. Gen. Edward McCormack — now serving by appointment and a candidate for election—Truman thought it only right for him to join in the celebration.

★ ★ ★

And besides, he said, all the other Massachusetts Democratic candidates will be on hand, and the party can use the money from the fund-raising dinner.

It was the same sort of sentimental streak that brought the 74-year-old Democratic campaigner hurrying back to New York Wednesday night to put in a few more licks for Gov. Averell Harriman.

Harriman, his former secretary of commerce and diplomat, is in the midst of a hectic fight for re-election against Nelson Rockefeller and, as if everybody didn't know already, Truman wanted to make it clear where he stood.

★ ★ ★

Truman went into Harlem, where as an advocate of civil rights he has a big following, to say that Harriman is a friend of the Negroes, "and if you don't go along with your friends you'll deserve what you get."

No administration, he told Harlem in a radio appearance with Harriman, has ever broken as many promises as those of the two Eisenhower administrations. He urged the electorate to "run 'em out of office."

★ ★ ★

Truman is expected to develop the civil rights theme further in his address in Boston tonight.

He's returning by train to spend the weekend in New York with his grandson and the baby's parents, Mr. and Mrs. Clifton Daniel.

He hasn't any more political speechs in mind until he winds up his campaigning with a major talk in St. Louis the Saturday night before election.

In speeches and news conferences this week, Truman has stepped up the tempo of his criticism of Eisenhower foreign policy, particularly in the Formosa Strait.

PUMPKIN, ANYONE? — Shown above are Al Olsen, Bob Costello, and Bill Dean Jr., discussing plans for the Pontiac Jaycee annual pumpkin sale to be held Friday and Saturday. The four sale locations will be: Community National Bank downtown, Oakland County Court House, Tel-Huron, and Miracle Mile Shopping Centers. Four tons of pumpkins have been received in anticipation of a successful sale.

Burma Reducing Trade With Reds

Deal to Barter Rice With China and Soviet Drawing to Close

SEATTLE (AP)—Burma's rice barter deals with Communist China, the Soviet Union and Communist bloc nations in Eastern Europe appear to be nearing an end.

★ ★ ★

U Kaung Tin, head of Burma's delegation of experts to the Colombo Plan economic conference here, disclosed today that his country is slowly reducing such trade.

★ ★ ★

"From next year on we do not have to sell them anything for barter," he said. "There nyi,o)2ar er cash demand now for rice than Burma is able to produce."

Burma, the greatest rice-exporting nation in the world, originally arranged to barter a third of its total rice exports to the Sino-Soviet bloc. Over the past two years this has been reduced to about 10 per cent.

★ ★ ★

Other sources said Burma was disgruntled several years ago at evidence that rice being bartered to Czechoslovakia was being sold in turn for cash to normal customers of Burma.

★ ★ ★

U.S. sources said they do not anticipate a total suspension of the rice trade because Burma is still obligated to pay for a stadium and a hospital being uilt by the Soviet Union in Rangoon.

Tin predicted that his country's economic development will move forward under the disciplined leadership of Ne Win, who succeeds Premier U Nu next Tuesday.

Artery Moves Heart

SAN DIEGO, Calif. (AP) — The Heart Assn. had to vacate its offices to make room for one of the biggest San Diego arteries — the new Crosstown Freeway.

Says Ike, Nixon 'Demagogues'

Adlai Raps Speeches of GOP Campaigners as Insult to Public

CHICAGO (AP)—Adlai E. Stevenson has labeled the charges of some Republican campaign speakers against the Democrats as "the ultimate demagoguery." He mentioned by name President Eisenhower and Vice President Richard Nixon.

★ ★ ★

"The old Nixon has been joined by the new Ike—or a new speech writer — in a desperate, intolerable, demagoguery type of campaign," Stevenson said.

★ ★ ★

He called the new Republican attack on the Democrats "an affront to the intelligence of our fellow citizens."

Stevenson, Democratic candidate for president in 1952 and 1956, told a Democratic rally Wednesday that Eisenhower, speaking this week on the West Coast, "called us radicals and charged that we Democrats are at odds with American tradition."

★ ★ ★

"It is apparent," Stevenson said "that the Republicans, from their convulsions, know that the Democrats are going to swing the country this fall. Their charges at this time are desperate, the ultimate demagoguery."

Stevenson spoke at a luncheon of 1,200 Cook County (Chicago) precinct captains and committeemen.

★ ★ ★

Stevenson told the rally that "they (the Republicans) can't talk about (Secretary of Agriculture) Benson or (Secretary of State) Dulles—they have to fall back on this tired old talk of radicalism, socialism and free enterprise—and the charge that if the Democratic candidates are elected it would ruin the country."

★ ★ ★

He said the nation now faces its largest deficit and largest budget and is "waltzing on the brink of war in China."

★ ★ ★

"We deserve something better," he said.

State Official Produces Tarzan Movie Script

JACKSON, Miss. (UPI) — A Mississippi public service commissioner wrote the script for the latest Tarzan movie — "Tarzan's Fight for Life."

Thomas Hal Phillips, who also is a novelist, said the film takes a new approach to the 40-year-old Tarzan series. In it, Tarzan does not speak broken English and is "a little bit more adult."

★ ★ ★

Phillips took time off from his state duties to write the script. He has also turned out several novels and short stories.

Nearly Helpless Cripple Robbed of Crutch, Laces

DETROIT (AP) — Eremya Zmyslo, 38, is a near helpless cripple who sells shoe laces for a living.

★ ★ ★

Two youths approached Zmyslo at a corner Wednesday and one said, "Give us your crutch and your shoe laces or we'll cut your throat," Zmyslo did. Police are searching for the pair.

ROBBERY VICTIM — Brooklyn, N.Y., diamond merchant Aaron Spira, 35, told police that two men kidnaped him in Pittsburgh, Pa., and stole two cases of gems he was carrying valued at $140,000.

Fun to do! Easy for you! An

Indoor Picnic

with the Extra-Convenience of King Size COKE!

REG. U. S. PAT. OFF.

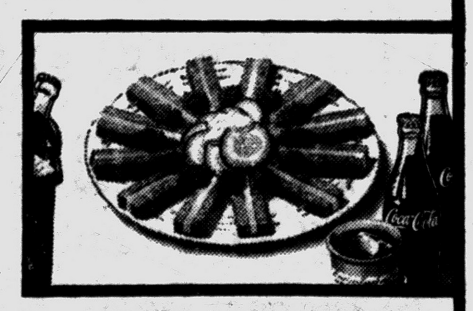

GLAZED HAM AND YAMS. Spread canned ham with orange marmalade, stud with cloves, bake until glazed. Put canned yams in same pan, baste with drippings. With a "thirsty" dish like ham you'll certainly want ice-cold Coca-Cola. Coke has the tingling sparkle that livens your taste—makes the next bite of food more delicious!

SNACK TRAY. A picnic standby—second only to Coca-Cola! Coke actually freshens up your taste between bites, makes every mouthful more delicious. No wonder Coke is a favorite with food. So treat guests to the real refreshment—Coca-Cola. They'll appreciate your good taste in serving Coca-Cola, ice-cold!

TUNA SALAD ROLLS. Add diced celery, onion and capers to drained, flaked tuna. Moisten with salad dressing. Heap into split and buttered rolls. Let guests help themselves to Coke, served in an ice-filled plastic bucket (available at your grocer's). People do help themselves to the world-favorite, Coke, over 58 million times a day.

PICNIC STICKS. Place slice of American cheese between two slices of canned luncheon meat. Slice into sticks, fasten with picks. This easy "finger food" tastes so good with sparkling Coca-Cola. In fact, the cold crisp taste of Coke brings out the flavor of almost any dish you serve.

Here's summer fun all year 'round . . . a picnic right in your own home! Use paper plates and napkins, paper cups too . . . and serve up delicious picnic foods like the recipes given here. To shop for the makings, just check your grocer's. You'll find everything you need right in his store. Then, to complete the picnic, serve King Size Coke . . . it gives you more of the *real* refreshment. Yes, the big, handy size adds such fun to the meal. To satisfy king-size thirsts anytime . . . buy cartons of Coca-Cola in big King Size.

YOU'LL FIND ALL THE FIXINGS AT YOUR GROCER'S!

Remember— COKE and Good Taste go together!

Drink Coca-Cola

Pensions and Social Security

U.S. Eyes Company Benefits

By RAY HENRY
Associated Press Writer

Private pension plans and other employe welfare benefits will be carefully studied during the next several years. And, it could result in improvements in such benefits for you.

Here's why:

Congress this year passed a law forcing public disclosure—and government scrutiny—of the terms and financial operations of employe health and welfare programs. It takes effect Jan. 1.

The big purpose of the law is to keep unions and companies from misusing funds of the programs they operate. To help do this, the administrators of the program must file with the government extensive reports of the plans' operations.

Such reporting has never been required before. And, congressional investigations have exposed many welfare program frauds. This prompted the legislation.

But, whether the law will serve its full purpose remains to be seen. It's vague as to exactly how the program's administrators are to report and what happens if they don't.

★ ★ ★

Both President Eisenhower and organized labor were disappointed that these points weren't clearer and the President said the law will require extensive amendment.

★ ★ ★

But, high union officials feel the law will reach far in curbing corruption of welfare funds. And, they also see this good result for employes:

The reports to the government are supposed to be a full description of the programs and annual financial reports.

The description is supposed to include such information as the benefits provided, how the programs are financed and the appeal and claims procedures.

The financial report is supposed to include the number of employes covered; total employe and employer contributions; a statement of assets, liabilities, receipts and disbursements; a rundown of commissions, salaries and fees paid to whom and for what; the nature of investments; experience records and actuarial assumptions.

(The failure to specify exactly how the information should be supplied and the possibility of concealing abuses because of it was one of Eisenhower's big criticisms. The Labor Department is preparing standard reporting forms and hopes administrators will use them.)

With such detailed reporting, it will be possible—for the first time—for labor unions to study the operations of the programs.

★ ★ ★

They feel there are wide differences in cost for similar types of benefits bought with welfare money and the reports to the government will show it.

And, they think the information will show many benefits can be had cheaper and unions can get more protection for the same money.

For example: Suppose you're covered by a company pension plan, your union investigates and discovers — by comparison with other pension plans—that the money going into it isn't providing as much as it should. The union in its next negotiations on pensions can insist on different, and better arrangements.

Told Wally to Keep Him Out of Mischief

Lady Furness Lost Prince to 'Best Friend'

By CLAIRE COX

NEW YORK (UPI) — American-born Thelma Lady Furness said she lost the affections of the then Prince of Wales to Wallis Warfield Simpson in 1934 after befriending Mrs. Simpson, introducing her to the Prince and taking her into her closest confidence.

She said, in an autobiography written jointly with her twin sister, Mrs. Gloria Morgan Vanderbilt, that she was on a trip to the United States when the romance between the present Duke and Duchess of Windsor blossomed, leaving her out in the cold.

"You look after him for me while I'm away," Lady Furness said she told Baltimore-born Mrs. Simpson, her best friend in England at the time. "See that he does not get into any mischief."

She added: "It was later evident that Wallis took my advice all too literally."

★ ★ ★

Lady Furness, whose marriage to the British shipping tycoon had foundered before she became friendly with the Prince of Wales, said it took her two weeks after she returned to London to discover Mrs. Simpson had replaced her in the future king's affections.

★ ★ ★

Writing in "Double Exposure," to be published by the David McKay Company tomorrow, Lady Furness, aunt of heiress Gloria Vanderbilt, said she became distressed because the Prince appeared to have cooled toward her.

She first feared he was jealous because of attentions she had been receiving from the young and dashing Prince Aly Khan.

"When I got back to London, I telephoned Wallis," Lady Furness said. "I needed a friend's advice. I told her I would like to see her that afternoon; I was worried; perhaps she could help me. In retrospect, it is quite evident that I chose the wrong friend."

Later, during a weekend at Fort Belvidere, the Prince's favorite residence, Lady Furness said she noticed that the Prince and Mrs. Simpson seemed to have "little private jokes" and once Wallis playfully slapped his hand when he picked up a piece of lettuce with his fingers.

"I knew then she had looked after him exceedingly well," Lady Furness wrote.

★ ★ ★

She said she was shocked when King Edward VIII abdicated "for the woman I love" in 1936 and married Mrs. Simpson the following year.

"It seems to me that he should have known that the British Empire could not and would not accept as their king a man who deliberately flouted the most deeply rooted traditions of church and state," she wrote.

During the period of her friendship with the Prince of Wales, Lady Furness wrote, she never once dreamed of becoming his wife. She described their relationship in intimate detail, telling of their weekends at Fort Belvidere, during which they both did needlepoint while her father read to them.

Lady Furness said it was she who taught the Prince to do the fancy needlework, for which he is famous, and she still has several samples of his artistry.

She said they exchanged little teddy bears when they were apart and communicated in an intimate secret code it sometimes took hours to decipher.

★ ★ ★

Lady Furness disputed both the Duke and the Duchess in their accounts of how they met. All have presented their versions in their autobiographies.

The Duke said that he met Mrs. Simpson in the fall of 1931 at a country home of an unnamed person. The Duchess said they met in the fall of 1930 at the country home of Lady Furness. Lady Furness said that she introduced them in the later part of 1930 or early in 1931 at her London home.

An American 2-cent piece, first issued in 1864, was the first coin to bear the motto, "In God We Trust."

Will Reds Retaliate for Anti-Communist Novel?

Russian Wins Nobel Prize in Literature

STOCKHOLM (AP)—Boris Pasternak, the Russian poet and author of the anti-Communist novel "Doctor Zhivago," today was awarded the 1958 Nobel Prize in Literature.

The award was the most dramatic in years. The 68-year-old author still lives just outside Moscow. The Soviet government has not permitted publication in Russia of his monumental novel about what communism has done to freedom and tried to prevent its publication abroad.

★ ★ ★

The award, worth $41,420, was certain to be interpreted by many as a slap in the face for the Soviet government. There was speculation that the Soviet authorities would not allow Pasternak to receive his prize, or would take reprisals against him.

Known as the greatest living poet writing in the Russian language, Pasternak despaired of publishing creative writing of his own under Stalin and for years devoted himself to translations of such foreign classics as Goethe and Shakespeare.

"Doctor Zhivago"—upon which he had been working quietly for 10 years—was completed in 1956 during the de-Stalinization period of comparative freedom for writers. But to make certain it was published, he sent it abroad by a friend.

The monumental novel first appeared in Italy in Italian last year and was published in the United States last month.

The 700-page book has for its hero Yuri Andreyevich Zhivago, a wealthy doctor and writer who tells, through literary bits he left behind, of the tragedy of Russia in this century.

★ ★ ★

It obviously expresses Pasternak's reaction to the Russian Revolution.

Critics have hailed its sweeping breadth and placed it in the tradition of Tolstoy's "War and Peace."

The award was made by the 18 members of the Royal Swedish Academy of Letters from funds provided in the will of the late Alfred Nobel, inventor of dynamite. The citation said it was given for Pasternak's "important achievement both in contemporary lyrical poetry and in the field of the great Russian epic tradition."

★ ★ ★

In an obvious attempt to forestall Soviet criticism, Dr. Anders Oesterling, permanent secretary of the Swedish Academy, said the author's writing is "high above all political party frontiers." Other members of the academy said they viewed "Doctor Zhivago" as one of the great philosophical novels of our time.

In the book, Doctor Zhivago says such things as these about life in Communist Russia:

"The great majority of us are required to live a life of constant, systematic duplicity. Your health is bound to be affected if, day after day you say the opposite of what you feel, if you grovel before what you dislike and rejoice at what brings you nothing but misfortune."

★ ★ ★

Tracing the breakdown of personal integrity in Russia, the heroine, Lara, says that with the Revolution "falsehood came into our Russian land. The great misfortune, the root of all the evil to come, was the loss of faith in the value of personal opinion."

Following publication of the book in Italy last year, Pasternak told reporters it was not meant as a judgment of the Soviet government but as an "attempt to catch the spirit of my age." The author lives at Peredolkino, a settlement of writers and artists.

★ ★ ★

Dr. Nils Ake Nilsson, who interviewed him for a Swedish literary magazine, quoted him today as saying the reason Soviet authorities give for not publishing his novel is that it "is bad and might damage my reputation as a poet. That is of course only pretext."

Nilsson said the writer "appears to have reached an inner mental peace which renders him completely uninterested in any reprisals that might be taken against him."

The son of a distinguished painter and a musician mother turned aside from law and music to study philosophy at Marburg, Germany. His first poems were published in 1914 in a volume called "A Twin in the Clouds."

After the Revolution he wrote several more volumes, including "Themes and Variations," "Lieutenant Schmidt," "Spectorsky" and "The Second Birth." But from the early 1930s, when Stalin's purges began, he published no original works until "Doctor Zhivago."

Blistering Words Flare Up in State Vote Campaign

By The Associated Press

Michigan's top political campaigners continued their drives to take their messages to the people yesterday.

Sen. Charles E. Potter (R) was in Jackson. So was his Democratic opponent, Lt. Gov. Philip A. Hart.

★ ★ ★

"Remember 1948," Potter told Republicans last night.

The GOP senator, locked in a close race for re-election, coupled the advice with a get out and vote plea in this Republican stronghold and birthplace of the GOP.

"It's not the newspaper columns or stories that determine the election. It's the ballots that are cast," he declared.

BLASTS HART

Potter would up a vigorous campaigning day with a speech to about 225 persons who gathered in the Polish Falcon Hall and dined on golombki, a ground meat preparation wrapped in cabbage leaves.

He blasted his opponent, Hart, as the "shadow" of Democratic Gov. Williams and a man who "has unleashed a torrent of doubletalk on civil rights."

And a grim-faced Hart lit into Potter last night as he never has before on a public platform.

He accused him of trying to "grab headlines" and resorting to smears "in an desperate effort to rally a dying campaign."

Meeting him face to face in a Jackson hotel lobby, he suggested "knock off" the mimeograph machines that turn out Potter's campaign statements. Potter made no reply.

★ ★ ★

It was a new tack for the Democratic lieutnenant governor, who has deliberately sidestepped an all-out attack on his rival in Michigan's U.S. Senate race in the belief that it would do him more harm than good.

What set him off was a statement by Potter yesterday labeling Hart as his "millionaire opponent" and accusing him of a "crass disregard of the rights of Negro citizens."

Waving the statement before an audience of nearly 100 Jackson County Democratic workers, Hart said:

"I can't help but think that this is the product of his mimeograph rather than the Senator speaking."

Democratic Gov. Williams and his Republican rival, Paul D. Bagwell, continued hop-scotching the state while firing verbal blasts at each other.

ASSAILS LEGISLATURE

Williams centered on the "failures" of the Republican Legislature, and Bagwell hit at Williams, saying "my attack is not on the state, but on the governor and his administration."

Williams said:

"The failure of the Legislature to get a good start on state building means a heavier burden on taxpayers in future years."

Bagwell aimed directly at Williams, saying:

"The governor has accused me of smearing Michigan when I talk about what's wrong with the state after 10 years of his administration. This is a lot of nonsense. My attack is not on the state, but on the governor and his administration."

Williams, meanwhile, announced that he now has traveled through all of Michigan's 83 counties. The last was Monroe County.

An aide estimated he had traveled 35,000 miles, distributed half a million of the bow tie pins that have become his trade mark and had shaken "nobody could count the hands."

★ ★ ★

Bagwell compared Williams to a master magician, saying:

"The governor has dipped down into the oldest of a tired politician's bag of tricks. He thinks he can fool the people into thinking any criticism of him is a criticism of the state of Michigan.

"He does this," Bagwell said, "with the obvious hope that he can in this way avoid answering the mounting tide of public opinion directed against him and his programs and policies."

Bagwell said that time and time again he has tried to bring to the attention of the people the serious problems facing Michigan.

Gloucester Trawlers Rescued From Sea

GLOUCESTER, Mass. (AP) — Thirty hours in open dories in the rough Atlantic Ocean—and, finally, the welcome sight of a rescue ship.

Ten hardy fisherman from Gloucester were forced to the dories for two nights and a day after their vessel, the Evelyn C. Brown, was sunk by fire.

★ ★ ★

The story was told in part Wednesday in a terse radiophone message from a Canadian trawler to a Gloucester fish-packing firm.

The Evelyn C. Brown, a quarter-million-dollar, 107-foot dragger — one of Gloucester's biggest — apparently was wracked by an explosion before the fire.

There is no record of any SOS from her. Apparently, there was not time to send one.

★ ★ ★

Her crew of 10 took to dories and bucked rough weather off the Grand Banks as the Evelyn C. Brown sank to the bottom.

Thirty hours later the dragger Flow picked up the men from one of the dories. An hour later the men in the second dory were rescued by the crew of the Flow.

The full story will be told Sunday when the rescued men are scheduled to arrive at their home port.

Farmer Slays Wife and Self

Daughter, 3, Critically Wounded by Gunshot Outside Football Field

SPERRY, Okla. (AP)—A Farmer shot and killed his wife, critically wounded his small daughter, and took his own life just outside the Sperry Football Field Wednesday night. The woman and her three children were watching a high school game from a station wagon.

★ ★ ★

The dead: Mrs. Imogene Tracy, 32, and her estranged husband, William Anthony Tracy Jr., 35, who only recently had undergone a mental hearing. In a critical condition at Hillcrest Medical Center in Tulsa is the couple's daughter, Lynn Tracy, 3, with a bullet wound in her lung.

The child underwent emergency surgery early today.

The couple's other two children, Roger, 6, and Billy, 8, watched from the back seat of the station wagon as their father opened fire. They were not harmed.

★ ★ ★

Tulsa County Deputy Sheriff Louis Powell said the woman had just started to back the station wagon out of a narrow street after watching the football game at the north end of the field when Tracy drove up in a pickup truck. Tracy, who operated a farm near here, jumped out of the truck, pointed a 25-35 caliber rifle and fired two blasts through the window of the station wagon, Powell said.

★ ★ ★

Mrs. Tracy died within minutes from two bullet wounds, one in her chest and the other in her left side. One of the shots also struck the child.

Powell quoted witnesses as saying Tracy then turned the rifle on himself, sending a bullet through his chest.

Detroit News Endorses Hart for Senate Seat

DETROIT (AP)—The Detroit News today endorsed Lt. Gov. Philip A. Hart, the Democratic nominee, for the U. S. Senate seat now held by Republican Charles E. Potter.

★ ★ ★

"We have chosen," the News said editorially, "on the basis of a careful study of the records of the two contenders."

The Detroit Free Press has endorsed Potter. It also has endorsed the candidacy of Republican Paul Bagwell for governor.

★ ★ ★

The News has not indicated a choice for governor.

Prize Led to 1st Plastic

LONDON — The first plastic material was created in 1868, when a prize was offered for a substitute for ivory for billiard balls. Ivory was becoming scarce.

Hopes to Walk Again

Offers Self as Guinea Pig in 'Bone Glue' Operation

MOUNT CLEMENS (AP) — Radio announcer Ron Dunn hopes to walk again in a month through a recent development in medical science in which he has offered to be a guinea pig.

Dunn, 35, confined to bed encased in a bulky plaster cast, is scheduled for an operation next Thursday at Philadelphia's Hahnemann Hospital.

★ ★ ★

Doctors hope to apply a newly developed synthetic marrow into Dunn's left thigh bone.

The bone was crushed in an auto crash five years ago. Dunn, an announcer for WBRB, Mount Clemens, was hospitalized and on crutches for 2½ years. Last month, he fell at his home and the thigh was broken again.

Under conventional procedures, he faced another operation and a year of waiting for the bone to heal.

★ ★ ★

But Dunn heard a radio report that two doctors had developed "bone glue" for fractures that would support the body within two days. He called the Associated Press for details.

He found out the doctors were Michael P. Mandarino and Joseph E. Salvatore. He telephoned Dr. Mandarino in Philadelphia.

"He told me," Dunn said, "if I was willing to be a guinea pig I would be helping to prove effectiveness of the substance. If it works on my leg, I should be able to walk in a month.

"I'm ready, except for one thing. I need a way to get there. An ambulance costs $245. Maybe someone will drive me in a station wagon.

"It took me to last April to pay back $14,000 in medical and hospital bills I ran up the first time it was broken. The other driver wasn't insured."

Dunn formerly was with radio stations in York, Pa., and Cincinnati.

Copy of 1907 Divorce First Requested in '40

DENVER (AP) — Fred Parker of Salt Lake City obtained a divorce in 1907. He wrote for a copy of the divorce decree in 1940.

Officials advised Parker, then residing in Oakland, Calif., he could have the copy for $1.

Denver County Judge David Brofman heard from Parker Wednesday—18 years later. Parker enclosed the dollar.

There's one hitch. Since 1940, the fee has increased to $1.50.

The United States had 36,494 foreign students in this country last year.

No Trace Yet Found of Sloop or Owner

BOSTON (AP)—The disappearance of a 38-foot sloop with her lone occupant six weeks ago was still a mystery today.

Aboard the vessel Trani was Richard H. Tingey, 52, a nuclear power manager at the Fore River shipyard of the Bethlehem Steel Co.

★ ★ ★

Before his disappearance, Tingey was working on construction of the Navy's first atomic powered cruiser, Long Beach, a 100-million-dollar vessel.

His employers labeled as "pure fantasy" any suggestion that a foreign power might have been interested in Tingey's removal from the scene because of his job classification.

★ ★ ★

The Coast Guard said it is holding the case open but no longer is engaged in active search.

The FBI, the Atomic Energy Commission and the Pentagon's Office of Security Policy said in Washington they were not entering into any investigation of Tingey's disappearance.

Tingey was sailing the sloop alone in squally weather off Duxbury, Mass., before he disappeared.

Rescuers Pluck 2-Year-Old Boy From Deep Hole

MAGNOLIA, Ark. (AP) — A 2-year-old boy was plucked from the bottom of an 11-foot hole Wednesday after rescue workers labored three anxious hours.

Fifty men worked in shifts to scoop out a trench parallel to the hole to reach little Johnny Carmichael.

★ ★ ★

The child fell into the hole while walking with his father E. D. Carmichael about 100 yards behind their rural home. The hole, about 12 inches in diameter, was dug to hold a lightning arrester.

Johnny was pronounced unhurt.

Oilfield workers and volunteers hurried to the scene about hearing of the accident. A plastic hood was lowered to cover Johnny from a possible cave-in and oxygen was pumped into the hole.

★ ★ ★

After rescue workers had removed more than 16 yards of dirt from the six-foot-wide trench, Carmichael and J. W. Henderson reached Johnny. Henderson picked the boy up, wrapped a blanket around him and handed him to Dr. Charles A. Kelley.

Dr. Kelley transferred the boy to the arms of his mother, who had stood by with her daughter and other son.

★ ★ ★

Johnny himself was indignant, demanding to know "why it took so long to get me out."

Hollywood Headlines

Harder to Kid Politics, Bob Hope Confesses

By BOB THOMAS
AP Motion Picture Writer

HOLLYWOOD (AP) — Is Bob Hope the only one left who can kid presidents?

This question arose again this week when ole Ski Nose told political jokes at a lunch for President Eisenhower during his political visit here. There was much laughter over Bob's pointed barbs. Many observers feel he is the only comic who can get away with it any more.

★ ★ ★

These laménters feel that the age of political satire is past, that there are too many sacred cows now. You often hear the claim: Will Rogers couldn't conduct his spoofing of politicos if he were alive today.

"Nonsense," says Hope. "I see no reason why Rogers couldn't be doing his act today. Once you build up certain trade-marks, you can get away with more than the newcomers can. People expect me to kid politics; they'd be disappointed if I didn't."

★ ★ ★

But he admitted that political satire is increasingly hazardous.

"I guess it wouldn't be wise for me to play Little Rock right now," he sighed during a lunch break of "Alias Jesse James." "I've been getting mail from Arkansas calling me all kinds of names."

The reason was the Hope-ism: "President Eisenhower wanted to send the first man into space, but he couldn't get Gov. Faubus to make the trip."

★ ★ ★

Hope recalled the time when he threw some quips in the direction of Sen. Joseph McCarthy. The comedian drew a letter from a Wisconsin judge accusing him of being a Communist. Confirmed capitalist Hope set him straight in a return letter.

Unlike Rogers, who was an avowed partisan ("I don't belong to an organized party—I'm a Democrat)", Hope has steered clear of active politicking. "I don't think it's fair to your sponsor," he explained.

Woman Prefers Divorce to Golden Wedding

FRESNO, Calif. (AP) — Mr. and Mrs. Jep T. Mullins, in their 70s, were to have celebrated their golden wedding anniversary this month. They were married 50 years ago at Lula, Ola.

But Mrs. Mullins has filed suit for divorce, charging cruelty.

"We expect to prove," her attorney Miles Hansen said, "he was chasing around with another woman."

Lets Man Do Most of Work

Enterprising Beaver Likes Neatly Sawed Poplar Logs

SAULT STE. MARIE, Ont. (UPI) —An educated—or just plain lazy—beaver was blamed today by the Ontario Department of Lands and Forests for stealing a large pile of cut poplar.

A resident of the area cut three cords of poplar and two cords of spruce and balsam. The pulpwood had been left neatly piled in four-foot lengths on the bank of a small stream, a tributary of the Bridgland River.

All the poplar disappeared. The spruce and balsam were left untouched by the discriminating "thieves."

A beaver house and dam about 200 yards downstream provided the solution to the "whodunit" mystery. Poplar bark being the staple and preferred food of the beaver, the poplar sticks, three cords of them, had been floated downstearm, sunk and stored for winter use. The beaver worked by night as they usually do.

The department said: "What a bonanza for a family of beaver!"

The ready-cut sticks saved the beaver the trouble of gnawing down trees and reducing the trunks to a size easy for transport.

Only solution is that if the pulpwood owner waits long enough, his poplar sticks will float to the surprace from the beaver house, peeled and ready for sale, as fast as the beaver consume the bark.

Paint Industry Grows

PARIS — The French paint and varnish industry increased production by 55 per cent in the last five years, reaching an output of nearly $200,000,000 in 1957. A 40 per cent increase is predicted between now and 1961.

Blaze at Reed City Now Out of Control

REED CITY (UPI)—A fire at a large Reed City lumber yard that started about mid-morning was burning out of control shortly before noon today, state police reported.

The fire began shortly before 10:30 a.m. and was out of control by shortly after 11 a.m., state police said.

The fire started at the A and C Building Supply Co. and quickly spread to the Reed City Kilndrying Co., a lumber drying firm.

Fire fighting equipment from Big Rapids, Evert and Cadillac came to Reed City to help this community's three-truck fire department battle the blaze.

$10 Million for Housing at Oscoda Air Base

DETROIT (UPI)—Plans for a $10,017,415 housing project for U.S. Air Force personnel at Wurtsmith Air Force Base, Oscoda, were announced today by Sen. Charles E. Potter (R-Mich).

Construction will start not later than mid-February 1959.

Housing units will be constructed on Air Force property adjacent to Wurtsmith Air Force Base and land bordering Duel Lake will be beautified for a recreational area.

City Driver Injured When Car Hits House

A Pontiac man was injured yesterday when his car smashed into a house on Palmer street after he apparently fell asleep at the wheel.

Jared Thomas Buckley, 32, of 116 Palmer St., told police he was driving south on Palmer when he fell asleep or blacked out. The vehicle ran off the road and into the home of Paul E. Wilson, 111 Palmer St.

Buckley was treated for minor head injuries at Pontiac General Hospital and released.

Americans use about 12 electric light globes per capita every year.

Serve County Through United Fund Support

Big Brothers Avoid Being 'Fathers'

Pontiac Press Photo

TWO-WAY TELESCOPE — While telescopes are used for skyward glances, the Big Brothers of Oakland County used this one for a double purpose. In this case it is helping a man and boy to more clearly see and understand each other. Here, the big brother (left) and his little brother (right) have a comomn interest — astromony. Many happy hours have been spent together building this telescope, and most important, rebuilding a shattered faith.

"I hope you can help Ronnie," the troubled mother said. "What he needs is a man who will be a father to him, keep him from getting out of line."

This is a familiar set of words to Bill Clark, executive director of the Big Brothers of Oakland County, a United Fund agency.

★ ★ ★

"First we have to straighten mother out. Ronnie doesn't need a father or anyone like a father who will keep him in line," says Clark.

Ronnie, 14, lost his father several years ago. His mother has tried to work; give all her spare time to Ronnie, and be a father too.

To Ronnie's eyes she is over possessive and always telling him they're apart or constantly reminding him of his faults.

DON'T WANT 'FATHER'

Thus, Ronnie hates adults. This is why the Big Brothers don't want in their organization someone who is going to be a "father" to Ronnie.

"What he needs is what we like to call an 'accepting friend,'" says Clark.

"Through a series of interviews we find out a lot about Ronnie," Clark explains. "We try to learn his background, problems and especially his interests."

A prospective big brother goes through much the same screening, plus an orientation course and a day at Juvenile Court.

The agency must be absolutely positive he will make a good Big Brother before he is pressed into duty.

★ ★ ★

The match between Ronnie and his big brother is made on the basis of similarities in religion, personality blending (a common interest which both have in some field), and the distance between their homes.

"One thing is certain," Clark asserts, "and that is the big brother must accept Ronnie all the way — his attitudes, habits, everything — before Ronnie will accept him."

"Because we're usually dealing with boys who have no faith in adults, it may take several months, perhaps a year, before there is acceptance on both sides."

ABLE TO HELP MANY

"Thanks to United Fund support, we've been able to help a lot of kids, rebuilding a faith in them which was lost somewhere along the way."

"For my money, aside from members of the clergy, a good big brother is a man with more pure dedication to kids than anyone on the face of the earth,' Clark insists.

And he has a file cabinet full of case reports to prove it.

Safe, Truck Stolen From Pontiac Store

Burglars broke into the Pontiac Floor Coverings store, 379 Orchard Lake Ave., last night and stole the store's safe.

The thieves also took a truck which was parked in the rear of the building. Pontiac police found the vehicle abandoned this morning near the city golf course.

The thieves gained entrance to the building by prying open the rear door. The amount of money in the safe is not yet known.

City Man Bound Over on Assault Charge

Annanias Gilles, 31, of 92½ Bagley St. appeared for examination before Municipal Judge Cecil B. McCallum yesterday and was bound over to Oakland County Circuit Court on a charge of assault with intent less than murder. Bond was set at $2,500.

Pontiac Man's Bond Set

William Cumbus Jr., 25, of 24 Walnut St., appeared for examination yesterday before Municipal Judge Cecil B. McCallum and was bound over to circuit court on a charge of carrying a concealed weapon. Bond was set at $500.

Newly Born Twin Stabbed, Other Hurt

SYRACUSE, N.Y. (AP)—A newly born twin boy was stabbed to death today and his brother was wounded immediately after birth. The mother told police she knew nothing of the wounds.

★ ★ ★

William Pearson, 43, a salesman identified as her husband, told police he had not known she was pregnant, although a doctor said the births were "normal, nine-month births."

Police found two scissors in the flat where the boys were born early today. They did not identify the weapon.

★ ★ ★

The mother, Gertrude Pearson, 33, was known as Miss Pearson at her job as a telephone operator. But police said the two were married last December and were living with her mother, Mrs. Gladys O. Noyes.

Police questioned Mrs. Pearson at a hospital.

Pearson and Mrs. Noyes were held as material witnesses.

Thieves Steal Change From Ice Dispenser

An ice dispenser located at 4289 Walton Blvd., Waterford Township, was broken into sometime last night and an undetermined amount of change stolen, according to Waterford Township police.

The ice house is owned by the Detroit City Ice & Fuel Co.

Come Across, Please

DETROIT (UPI) — Democratic senatorial candidate Frederick J. Fayette replied to Republican claims that the United Auto Workers Union had contributed to his campaign funds by sending a telegram to Walter Reuther, UAW chief. "State GOP claims you have sent $50,000 to assist Democratic campaign," Fayette told Reuther. "For God's sake, deny the story or send the money."

Women in the United States own more than 65 billion dollars worth of insurance protection. However, men continue to own the major share of life insurance.

Cheese and Cornflake Crumbs Are News

By JANET ODELL
Pontiac Press Home Editor

Let's "gab" a bit about food, kitchens and such—you know, the "cabbages and kings routine." My little folder for new ideas gets filled pretty fast. Not all the news came to us in New York.

There's a new salad dressing that has both blue cheese and Roquefort cheese in it. Besides salads, it may be used to top a hot baked potato or as a cheese sauce on vegetables. It's good as a dip for crackers, pretzels or raw vegetables.

★ ★ ★

Other news in the cheese field in a new processed cheese spread that has only half the calorie content of regular cheese spreads. It comes in two-pound loaves and should be stored in the refrigerator.

Have you seen the family size can of tuna fish? Like the larger packages of gelatin, it's fine for large families or company meals.

First bread crumbs and cracker crumbs; then graham cracker crumbs; now corn flake crumbs come to you all ready to use. We're going to get terribly lazy with all these convenience foods. You'll find lots of new uses for the cereal flake crumbs.

★ ★ ★

Homemakers who love to use pretty dishes and attractive cooking utensils will be happy to see the new copper-colored aluminum molds. They will never tarnish, chip or peel.

Made in five different shapes, each with an ornamental design, they will hold just one package of gelatin, including fruit. Each has a hanging ring. They may be purchased singly or as a set.

★ ★ ★

One other new product to come to my desk is an aluminum cleaner. It is supposed to remove stains from pots and pans and also erase pot and pan marks from the sink. You don't have to punch any holes in the top of the can. They're already there and a piece of paper is stuck over them for quick and easy removal. The cleaner has a rather pleasant odor.

Pontiac Press Photo

LEARNING FROM THE EXPERT — When members of the Oakland County School Food Service Association met recently for a workshop at Huron Valley High School, they were briefed on the newest kitchen techniques by an expert in the field. Here, Hal Bolin, a Food Specialist with the USDA, weighs up ingredients for a cabbage salad. With him, from left to right are Mrs. Leo Puglise of Hatchery road, Mrs. William Zielesch of Bloomfield and Mrs. John Murphy of Milford.

Treat the Kids to Zorro Floats

Refreshments for the youngsters' Halloween party can be as attractive and good tasting as they are easy to prepare. Delight the Halloween-ers at the young folks' party with simple-to-fix Zorro floats.

After the masks come off and spooks and goblins turn into ordinary hungry young folks again, have plenty of these refreshments ready. The floats take only a minute to make and it's easy to plan for second and third helpings.

Named for the exciting hero of early California days, Zorro, these floats, are a refreshing combination of chocolate ice cream and lemon-lime carbonated beverage. Made from the natural oils of lemons and limes, the carbonated beverage is a delicious flavor contrast to the chocolate ice cream. Make them at snack time and serve them with assorted butter and sugar cookies. Here is the recipe:

Zorro Float

1 large scoop chocolate ice cream
1 7-ounce bottle lemon-lime carbonated beverage
Whipped cream
Bittersweet chocolate, shaved

Place a generous scoop of ice cream in a soda glass or tall water glass. Pour chilled lemon-lime carbonated beverage down the inside of the glass. Garnish with a "dob" of whipped cream and sprinkle on a spoonful of shaved chocolate. Serve float with straws. Makes 1 serving.

Mincemeat Sundae

Do you know the taste of mince meat and coffee combined? It's delicious, and the way to prove it is to spoon mince meat, the always ready-to-use kind, from a glass jar as a sauce over coffee ice cream.

Apple Betty Is Surprise Treat for Lunchbox

Here is a quick and easy dessert for lunch boxes that is a child's delight. This nutritious recipe can be tucked in the oven with the evening meal, or any advance time that is convenient.

Individual Graham Cracker Betty

2 red or green apples
2 tablespoons orange juice
4 graham crackers, crumbled
4 tablespoons brown sugar
1 tablespoon butter
¼ teaspoon cinnamon
Quilted heavyweight foil

Wash and quarter apples. Remove core and cut each quarter in half. Arrange wedges overlapping on four 9-inch lengths of heavy 14-inch quilted broiling foil. Sprinkle apples with orange juice.

★ ★ ★

Blend together graham cracker crumbs, sugar, butter and cinnamon. Divide in fourths and spoon over apples.

★ ★ ★

Fasten foil together across top of each "Betty" with double fold, and double fold ends toward center. Place on cookie sheet and bake in a moderate oven (350 degrees) for about 40 minutes.
ixpg0,prw

Soda Pop Plays New Role in Kitchen

Carbonated lemon-lime beverage puts an intriguing glaze on dinner rolls.

Lemon-Lime Glazed Rolls

1 recipe for hard rolls (or 2 boxes brown and serve rolls)
1 teaspoon cornstarch
½ cup lime-lemon carbonated beverage

★ ★ ★

Shape dough into dinner size rolls(Parkerhouse perhaps). Stir cornstarch and beverage to dissolve cornstarch and cook over low heat, stirring, until smooth and thickened. Cool slightly. Brush over rolls and bake as directed.

Sauce Full of Nuts Sharp on Ice Cream

Ice cream may still be the old favorite, but a new variation of the dessert is always welcome. Here's a sauce with which to top your vanilla ice cream generously.

Try it over plain yellow cake, too, and it will be equally delicious.

Lemon-Nut Sauce

3 cups walnut meats, quartered
¾ cup honey
¾ cup white corn syrup
½ cup water
¼ cup bottled lemon juice
½ cup orange juice
2 tablespoons vanilla extract

Bring to a boil the honey, corn syrup and water. Add nuts and boil gently for 10 minutes. Add bottled lemon juice and orange juice and boil 3 minutes longer. Remove from heat, add vanilla extract. Cool. Serve as sauce for ice cream.

Try Stuffing Rolls

Good partners — bacon-parsley stuffing wrap-arounds and roast meats. To make: Place 1/3 cup leftover bread stuffing on a slice of bacon and roll up. Fasten with a tooth pick. Repeat, using all the bread mixture. Place bacon rolls on a greased baking pan and bake in a moderate oven (375 degrees) for 15 minutes. To make bacon extra crisp, place under a broiler for several minutes. Use in place of potatoes or to garnish meat platter.

Different Dessert

For a different dessert, serve Mincemeat Custard. Cover the bottoms of well greased individual custard cups with chopped nuts. Add a layer of canned mincemeat. Prepare your favorite baked custard recipe. Carefully pour over the mincemeat. Set custard cups in a pan of hot water. Bake in a slow oven until inserted knife comes out celan. Chill.

Apples Hold Spicy Filling

Were it not for the Ancient Romans, we today might never have considered the apple as a symbol of Halloween pleasure. For, the Romans combined this feature of their harvest festival, which honored Pomona, goddess of the tree fruits, with the Halloween festivities already being celebrated.

★ ★ ★

In keeping with the Halloween tradition, Sugar Information, Inc. suggests this recipe for an unusual apple dessert to serve your party guests. This dessert consists of lightly cooked pared apples whose centers are filled wth a heavy spicy syrup and chopped walnuts topped with whipped cream and maraschino cherries.

★ ★ ★

Because the whipped cream hides the spicy mixture, it is appropriately called Apple Surprise.

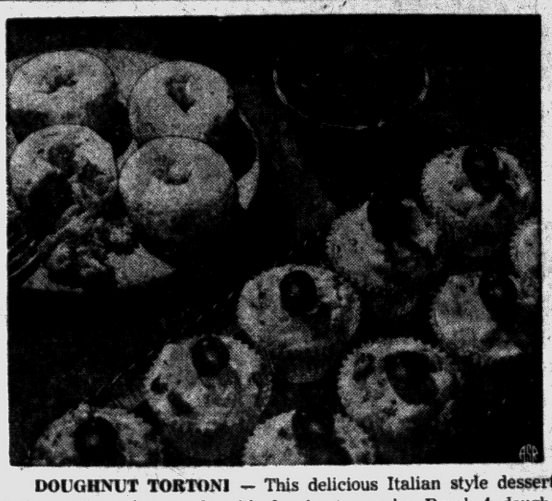

Apple Surprise

8 apples
1¾ cups water
2 cups sugar
¼ teaspoon cinnamon
¼ teaspoon nutmeg
¼ teaspoon ginger
1 tablespoon butter

Pare and core apples, making core holes generous size. (Do not break through to bottom of apple.) Combine water and sugar in saucepan. Cook slowly, stirring occasionally, until sugar is dissolved (about 5 minutes). Add apples and cook gently until tender (10 to 15 minutes). Remove apples and set aside to cool.

Add spices and butter to syrup. Bring mixture to boil and boil rapidly until mixture is thick. Cool syrup slightly.

Fill apples with syrup. Decorate with walnuts, top with whipped cream and maraschino cherries.

DOUGHNUT TORTONI — This delicious Italian style dessert is interesting when made with doughnut crumbs. Break 4 doughnuts into large crumbs with a fork. Place one quart vanilla ice cream in a bowl and stir until soft. Add doughnut crumbs and 2/3 cup chopped maraschino cherries. Pour mixture into paper cups and place in freezer until serving time. Garnish with additional cherries and serve in paper cups.

Pork Again Leads Bargain Food List

What does supply and demand really mean to the food shopper? The amount of any food in the market and how many people want to buy it is related to how much you will have to pay for it relates the Marketing Information Agent. This marketing rule is easy to see when you notice the emphasis now being placed on pork, poultry, apples, potatoes and some canned and frozen foods. Larger supplies or less demand for some items create slightly lower prices.

THE MEAT PICTURE — Pork prices are still fluctuating or changing, but retail prices are near the lowest level of this year. Although pork loins are reportedly higher this week, rib-end roast can be served for about 18 to 22 cents per person. Boston butt, which has about 84 per cent lean meat, is 16 to 20 cents a serving. You can find good values in bacon, sausage, spareribs and ham.

Fryers have passed their seasonal peak of supply, but prices are low again this week. If there is extra space in the freezer, a few bought now will cost less than later in the fall or winter.

Looking for another way to use a fryer? Try it barbecued. Broil it and baste with a barbecue sauce. Or if it weights over 2½ pounds, brown the chicken in a fry pan; then add the barbecue sauce and let simmer until tender. Or roast it in the oven and baste with the sauce.

You will find some features on tom turkeys and roasting chickens this week. The big tom turkey really gives more meat per pound than other kinds of poultry. If you do not wish to use a whole turkey, it can be cut for several meals.

Use the breast for a white meat roast. The legs and thighs might be another roast meal. Wings and back will make enough for fricassee or creamed dishes. Use the rest for flavorful turkey-rice soup.

Better beef buys of the week include ground beef, chuck and standing rib roasts. Cuts from the hindquarter are expected to be slightly lower in cost next week.

Fresh perch and whitefish are in abundant supply. Fresh ocean fish are featured in some stores.

Considering current short supplies and high wholesale prices, retail veal prices are quite reasonable. A shoulder roast for about 21 cents per serving or leg roast at about 24 cents per person may interest you.

EGGS AND DAIRY — There is an abundance of medium-sized eggs. When they are 39 cents a dozen they are only 30 cents a pound. This is 6 to 16 cents less per pound than large size eggs this week.

Surplus milk supplies of the summer are coming to market now in the form of cheese. A pound of cheese may seem small compared to a pound of meat, but you are buying more protein for the money if a pound of cheese costs less than a pound of meat. This does not mean you should stop buying meat. It simply points out that protein-rich cheese can be used as a meat alternate in some meals.

FRESH PRODUCE — Michigan apples are in the limelight in the produce department. October is the month to buy apples by the bushel, by the half bushel, the quarter bushel, the pound or pliofilm bag of 3 to 6 pounds. Prices per pound depend upon the quality and quantity you buy. "Schoolboy" is not an apple variety, but merely indicates a small size apple you might wish to buy for school children.

Michigan potatoes in 5 to 50 pound units are very reasonable in price; less than half the cost of some out-of-state potatoes.

Cabbage, carrots, cauliflower, squash and turnips are among the thrifty vegetable choices.

CANNED AND FROZEN — Canned peaches, corn, tomato and pineapple juice, and applesauce are timely choices from the grocer's shelves. Frozen raspberries and strawberries and some frozen vegetables are good choices if you plan to use them soon.

MOON-FACED PIE — Ever hear that the moon was made of cheese? This moon-faced pie, served as refreshments at a youngsters' space party, is a cream cheese fruit pie made with a magically easy sweetened condensed milk uncooked filling.

Kids Will Love Moon Faced Pie

The youngsters needn't wait for scientific progress to make space travel a reality. They can use their imagination instead.

Youngsters can use their imagination instead of space ships for a journey into outer space. And if you'll let them have a party with spacemen as favors and space games and toys to play with and a moon pie for refreshments they will surely have a happy time.

The moon pie, of course, is just a variation of a real down-to-earth treat. It's a fruit cream cheese pie — we always were told the moon was made of cheese — and it is easily made with a sweetened condensed milk uncooked filling. If you haven't tried it, you will find it, without the moon face, a favorite dessert.

In the moon version, eyes, nose and mouth are traced on the surface with melted chocolate, and the meringue, instead of being spread decorously over the whole top of the pie, is arranged around the edge, in shadowy peaks, like the mountains of the moon. Whether the meringue covers or edges the pie, it is browned in a slow oven.

Fruit Cream Cheese Pie

1 baked 9 inch pastry shell
1½ cups (15 oz. can) sweetened condensed milk
¼ cup lemon juice
1 package (3 ounces) cream cheese
2 eggs separated
¼ teaspoon cream of tartar if desired
4 tablespoons sugar
Fruit, any one of the following may be used
1 cup sliced strawberries
1 cup fresh raspberries
1 cup drained crushed pineapple
1½ cups (No. 2 can) red sour pitted cherries well drained
2 medium bananas sliced

Put sweetened condensed milk and lemon juice into mixing bowl; stir until mixture thickens. Beat cream cheese, softened at room temperature, until smooth. Add one egg yolk at a time, beating well after each addition. Add fruit and mix well. Fold the cheese-fruit mixture into sweetened condensed milk mixture. Put into cooled, baked pastry shell.

Add cream of tartar to egg whites; beat until almost stiff enough to hold a peak. Add sugar gradually, beating until whites are stiff and glossy but not dry. Pile egg whites lightly on pie filling. Bake in slow oven (325 degrees F.) until lightly browned, about 15 minutes. Cool. Makes a 9-inch pie.

Husbands are curious animals who buy football tickets in June, but wait till Dec. 24 to buy their wives' Christmas gifts . . . A cynic's a man who regards getting engaged as the first step toward getting a divorce. —Earl Wilson.

Give Scholars a Break With Good Breakfast

A diller a dollar a 10:00 scholar! There's no need for your child to be late to school if you know the secret of making speedy breakfasts. Weekday meals that are nourishing varied and tasty can be whipped up in 10 minutes or less by a wise mother.

Here's a school week's menus that will give your child all the energy he needs for a morning of work and play and keeps kitchen time to a blessed minimum.

Monday

Friday
Apricot-nog*
*Combine 1/3 cup filled apricot juice, 2/3 cup milk and 1 egg in a shaker. Shake well.
Cinnamon toast*
*Butter freshly toasted yeast-raised bread. Have a shaker handy with sugar and cinnamon sugar mixture. Shake a little of the cinnamon mixture over the toast while hot.

Bermuda and Spanish type onions are not as long-keeping as some other varieties, but they are mild in flavor.

The Most Important Thing About BAKING

It's the balance of ingredients in baking powder that governs its leavening action. Only when these are scientifically balanced can you be sure of uniform action in the mixing bowl plus that final rise to light and fluffy texture in the oven . . . That's the story of Clabber Girl's balanced double action.

Guaranteed by Good Housekeeping

CLABBER GIRL EXCLUSIVELY known as the Baking Powder with the BALANCED double action

Vanilla Bean Plant Fussy

Centuries after Cortez discovered vanilla being used at the royal court of Montezuma in Mexico (about 1519), the vanilla bean vied with precious metals and gems in value — all efforts to grow the vanilla bean plant, the orchid genus Vanilla Planifolia, outside Mexico failed. Many thought Montezuma had put a curse on it. Today, the finest pure vanilla calls for prime Mexican vanilla beans.

Guests Won't Faze You

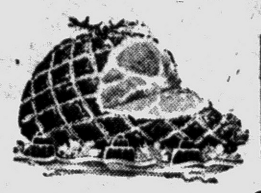

Try this tantalizing sauce for shrimp cocktail or serve it with shrimp salads. And, for the perfect party Hors D'Oeuvre — surround a big bowl of the sauce with cold shrimp placed on chopped ice. The recipe is so simple, too. Just use the proportion of ½ cup of cottled cocktail sauce to 1 cup of sour cream.

ANOTHER FINE PRODUCT OF STANDARD BRANDS INC.

Pumpkin, Squash Star in Autumn

By JANET ODELL
Pontiac Press Home Editor

To anyone wandering up and down Pontiac's main streets last Saturday during Farmers' day the stacks of deep orange pumpkins presented a vivid picture. Outside of apples, pumpkins were the item to be found at most "stalls."

Pumpkins and their more sophisticated cousins, the squashes are truly American foods. Grown by Indians in both North and South America, they had reached a high degree of perfection long before the white man set foot on either continent.

★ ★ ★

Squash seeds have been found in ancient graves. Both squash and pumpkins are shown on pottery of the period.

We think of pumpkins as something the children use at Halloween for a jack-o-lantern. They are but one member of a large family. Some of our squashes are really pumpkins. Or, as one authority puts it, "if we look at the matter another way, the so-called pumpkins are really squashes." Well, anyway, they have a common ancestor.

★ ★ ★

Some years ago the only winter squashes we had were the Hubbard and the Acorn. Now we have three others that are even more tastier—Butternut, Delicious and Buttercup. All of them have a yellow flesh, are rather dry and taste a bit "nutty." You and your family probably have a favorite among them.

Baked squash served with butter is always welcome. But ring in a few changes this Fall and try some new recipes. The first is a 1958 version of an old favorite. Adding bits of crisp apple to the pork sausage meat gives it a new look and taste.

Porcupine Pork Balls in Squash Halves

3 medium acorn squash
¾ cup chopped apples
2 tablespoons chopped onion
½ cup dry bread crumbs
1½ pounds pork sausage meat

Halve squash, remove seeds, and place cut side down in shallow baking pan. Add enough water to cover pan to a depth of ¼-inch. Bake at 400 degrees, 20 minutes.

Meanwhile, blend apples, onion, bread crumbs, and sausage; shape into 1½ inch diameter balls. Brown in skillet, then arrange balls in cavities of partially cooked squash halves; bake, uncovered, at 325 degrees 35 to 40 minutes. Serve at once. 6 servings.

★ ★ ★

We made a spice cake over the weekend, using a mix that calls for 2 eggs and about a cup of water. We used a cup of canned pumpkin and ¼ cup cold water. The result was a moist cake with a subtle flavor that had everyone questioning it. Try it, sometime.

In Belgium they eat Pumpkin Soup. This recipe comes from the Belgian cookbook published just this last summer.

Pumpkin Soup

2 cups canned pumpkin
1 onion
1 bay leaf
4 cloves
4 cups chicken broth
Salt and pepper to taste
1 cup heavy cream OR 1 cup evaporated milk
1 teaspoon Worcestershire sauce
1 tablespoon parsley, finely chopped

Simmer pumpkin, onions, bay leaf and cloves in chicken broth for ½ hour. Season to taste. Rub through a sieve. Add heavy cream and worcestershire sauce. Mix well. Top each plate with chopped parsley. Makes about 5 cups.

★ ★ ★

An unusual way to use a little bit of squash is to make pancakes with it. This recipe comes from New York by way of a Texas cookbook.

Squash Pancakes

2 cups cooked, mashed or riced squash
3 tablespoons melted butter
1 teaspoon minced parsley
½ teaspoon salt
⅛ teaspoon pepper
¼ teaspoon celery salt
¼ teaspoon paprika
½ teaspoon onion juice
1 egg, beaten
½ cup milk
½ cup sifted flour
½ teaspoon baking powder

Mix all ingredients thoroughly. Batter should be thick enough to drop by spoonfuls. Drop onto hot, lightly greased griddle. Tip griddle slightly to spread cakes. Turn only once. Serve immediately. Makes 4 servings.

FILLED SQUASH HALVES — Apple-studded pork sausage balls fill these acorn squash halves. Both the sausage balls and squash were precooked, then combined for a final baking and blending of flavors. This is but one way you can serve Nature's bountiful Autumn vegetable — squash.

Seasoning 'Smokes' Meat

For oven barbecued smoke turkey — no need stuff the bird; just brush the cavity and outside well with Hickory Liquid Smoke seasoning; let stand overnight; and just before you put turkey in oven, brush again with Hickory Liquid Smoke. As the bird cooks, baste frequently with drippings. If stronger smoke flavor is desired, add 2 tablespoons to drippings.

Handy to remember when you are using old-fashioned recipes that give some measurements by gill: ½ cup equals one gill.

Any Seasoning Goes

Smart hostesses are serving piping hot French Fries for appetizers. Serve them plain, sprinkled with seasonsalt or herbs, such as barbecue seasoning, curry, Parmesan cheese anr oregano, or with thyme. Or, serve them plain with a choice of favorite dips.

Anchovies, Cheese Fill Center of Head Lettuce

Pair popular lettuce with proteins—for treats that please the palate and nourish the inner family.

The delicately green vegetable with its fresh cool crispness is a potent persuader of appetites. In fact, there's been no let-up in the liking for lettuce since the ancients of Asia cultivated and relished it some 2,000 years ago. To modern Americans lettuce is the soul and support of every kind of salad there is. With a dash of fresh lemon juice and what-have-you in the way of dressing, it stands supreme as a never failing favorite.

But, just because lettuce can be a one-man salad show, let us not forget its ability to co-star with a wide variety of other foods in presentations that are refreshingly original.

For example, stuff head lettuce with protein-rich anchovies and cream cheese, quarter the head and ring the wedges with fresh tomato slices that have been brushed with French dressing. The result is an eye appealing, light seeming main dish that adds up to an irresistible total of inviting flavors, and a good sum of sustaining nutrients.

For a chef-d'oeuvre, as the French call the master cook's masterpiece-appetizer, fill small firm cups made of lettuce hearts with plump perfect shrimps that have been dashed with nippy sauce.

While lettuce is enhancing partner foods it is contributing its own supplies of vitamins A, C, folic acid (a B vitamin) iron and vitamin E. Incidentally, vitamin E, whose name is perhaps not quite so familiar to the average eater as some of the other vitamins, has many values including its ability to help enhance the value of vitamin A in such companion vegetables as carrots and tomatoes more health-boostingly effective.

Anchovy-Cheese Stuffed Lettuce

1 large head lettuce
2 4-ounce packages cream cheese
1 tablespoon milk
2 tablespoons mashed achovies
½ teaspoon finely chopped onion
¼ teaspoon ground black pepper
Tomato slices
French dressing

Remove outer leaves from head lettuce. Remove core and entire heart with a sharp, pointed knife. (Save to use in tossed salads). Soften cheese and blend with next 4 ingredients. Pack tightly in center of lettuce. Wrap in foil. Refrigerate until ready to serve, 3 to 4 hours.

Cut head into quarters and serve as a main-dish luncheon salad with tomato slices and French dressing. Yield: 4 servings.

Shrimp Cocktail in Lettuce Cups

½ cup catsup
2 teaspoons fresh lemon juice
2 teaspoons horse-radish
½ teaspoon salt
½ teaspoon chili powder
⅛ teaspoon ground cayenne pepper
⅛ teaspoon garlic powder
½ pound cold cooked deveined shrimp
Hearts of lettuce

Combine the first 7 ingredients. Turn into a small serving dish. Place in the center of an hors d'oeuvre tray, around which place shrimp and hearts of lettuce. To serve, pick up a shrimp with a cocktail fork, dip in the sauce and place in a lettuce cup. Eat with fingers. Yield: two-thirds cup sauce—will serve 8 to 10 people.

LOVES VITAMIN C NATURALLY

Mrs. Houston Levers says...

"Laura never fusses about taking vitamins when she gets them *naturally* in TreeSweet Orange Juice! She loves it... and *we* know this *naturally* pure juice is *naturally* more nutritious. Just two small glasses a day give her *all* her vitamin C...the *natural* way!"

In your grocer's freezer
Naturally pure (no sugar added)
Naturally fresher-tasting
Naturally high in Vitamin C

Carrot-Grape Dish Conversation Piece

This combination of vegetable and fruit is an unusual one, but it always makes a hit.

Carrots and Grapes

1 bunch carrots
2 tablespoons butter or margarine
½ teaspoon salt
⅛ teaspoon ground coriander
2 tablespoons water
1 cup stemmed small seedless grapes
½ teaspoon sugar

★ ★ ★

Pare carrots; cut into very thin rounds. Melt butter in 9- or 10-inch skillet over low heat; add carrots and cook gently, stirring often, about 10 minutes. Add salt, coriander and water; cover tightly; simmer about 5 minutes; watch so as not to scorch.

★ ★ ★

Add grapes and sugar; heat, stirring, just long enough to have grapes hot; overheating changes grape color. Makes 6 servings.

Can't Substitute Here

Pure lemon extract is quite different from either lemon juice or concentrate. Whereas you can use lemon juice in generous quantities in recipes, a little pure lemon extract "goes a long way" in giving you the delicious real lemon flavor. Juices are made from lemon pulp; pure lemon flavoring is an intricate compound made from the natural good oils in lemon rind or skin.

Make an Igloo Cake From 2 Plain Layers

Make your favorite 2 layer cake recipe from a prepared mix. When layers are thoroughly cool, cut in half. Frost 3 halves with a white fluffy type frosting; place halves together one in back of the other, cut ends down, keeping the unfrosted half in front; to form a semi-circular long cake. Frost all around with remaining frosting.

★ ★ ★

To make blocks of ice, mark squares on icing by dripping melted chocolate from tip of teaspoon. Frost a "door" with chocolate. To cut cake, cut in half crosswise, then into one-inch slices, lengthwise.

Answers Given to Baking Queries

Why do so many recipes found in old cookbooks call for potato water or mashed potatoes?

There is a very special flavor and excellent volume one gets when potato water and mashed potatoes are used in bread. The dry yeast can be dissolved directly in the warm (110 degrees to 115 degrees) potato water.

What is the gassy odor that comes from an oven sometimes, when baking with yeast?

The odor you mentioned is a mixture of carbon-dioxide with moisture — the result of the yeast working on the sugar to raise the dough. If the oven door is opened a few minutes before peeking at the bread, the gas will escape from the oven without causing any discomfort.

Seasoning Strengthens

Results of tests published by the U.S. Department of Agriculture identify Southern Pine as the strongest structural wood. And the remarkable thing is that this natural strength of the raw material can be greatly increased, in fact nearly doubled, by the process of seasoning. To be specific, proper air or kiln drying increases bending strength by 75 per cent; vertical strength by 106 per cent.

use ROMAN BLEACH

Soroptimist Club of Pontiac, observing the international organization's 37th anniversary, held a dinner Wednesday at Hotel Waldron. Here, president Taimee Surola chats with the speaker, M. Virginia Sink.

Pontiac Press Photos

Discussing future activities of Soroptimist Club of Pontiac during the evening were Mrs. K. R. Wright who handles public relations, and Mrs. Harold James, chairman of ways and means.

Also busy with plans for the club's service projects are Mrs. Raymond Swackhamer (left), program chairman, and Mrs. Richard Paschke, vice president, who attended the meeting Wednesday evening.

Cites Progress of Soroptimists

Members of the Pontiac Soroptimist Club reviewed the growth of the Soroptimist Federation of the Americas, Inc., Wednesday evening.

Speaker for the evening was M. Virginia Sink, Midwest regional governor of the federation. She recalled the origin of Soroptimists clubs some 37 years ago, this month.

★ ★ ★

Following the theme, "Soroptimists Don't Stand Still," Miss Sink reviewed the organization's growth and its numerous service activities both on national and local levels.

A major contribution was the Founders' Pennies project which, through collections from meetings throughout the country, resulted in the rehabilitation of Soroptimist clubs in Europe. The project was begun in 1943.

Large contributions have been turned over to Women's Medical College in Philadelphia, and the clubs concerned with the problem of gerontology have contributed many hours in convalescent homes, institutions for the aged, and have helped create jobs for those who are physically able.

Outlining the four objectives of Soroptimism, Miss Sink stated that the service organization takes public affairs seriously, promotes international goodwill and understanding and gives real service to the community.

However, the speaker cautioned that clubs must not live on past accomplishments or achievements and challenged members to continue to seek areas of service.

Mrs. Leon Glynn announced future service projects at Pontiac State Hospital.

African Slides Shown for Club

Mrs. Harold A. Fitzgerald showed colored slides of her trip to Africa when members of the Pillar Club met Tuesday evening at Pontiac Federal Savings and Loan Building for a dinner. About 45 members and guests were present.

Mrs. C. Wales Goodwin was hostess for the evening. Assisting were Mrs. Byron G. Campbell, Mrs. Charles Barrett, Mrs. L. F. Hire, Mrs. R. C. Meiser and Mrs. Frank Allen.

Beauty Hint

Neat, well-cared-for cuticles aid in the overall appearance of one's fingers. After washing your hands, keep cuticles pushed back with an orangewood stick. Breaking or jabbing a cuticle leads to a ragged look and takes a long time to correct.

It's Nice to Use the Name

By EMILY POST

"Dear Mrs. Post: I am in my early teens and have a problem I would like you to settle. Whenever I call my girl friend on the telephone I always say, 'Hello, may I please speak to . . .' One of my friend's parents thinks I am very rude and that I should say, 'Hello, Mrs. Smith (or Mr. Smith), may I please speak to . . .' Will you please tell me what is correct?"

Answer: If you definitely recognize the voice of Mrs. or Mr. Smith, it is correct and friendly to show that you do by saying "Hello, Mrs. Smith (or Mr. Smith), may I please speak to Jane?"

"Dear Mrs. Post: Recently one of the girls in our office was married and four other young women and myself chipped in and bought her a very nice wedding present. In return she wrote a blanket thank-you note addressed to one of the girls. My own reaction to this was that she did not think the present important enough to send us each a note and I feel very slighted over it.

Answer: It seems to me that five people who together send one present have a right to expect individual letters of thanks. It would be hard to make a rule on how many more than five would make a group and could be thanked, as such, with one letter.

"Dear Mrs. Post: My husband is a very well-bred person but he has a most distressing habit. He keeps a cigar almost habitally in his mouth and does not even remove it when speaking to people. Don't you agree with me that it is very impolite?"

Answer: This habit certainly belies his good breeding. Speaking to anyone with a cigar in his mouth is the height of rudeness.

Fashion Hint

Great brooches in colored stones come to us from Paris. There's an echo of the 18th century in pins of enameled flowers that hold perfume.

Dear Abby . . .

Declaration of Love Useless When Boy Is Out of His Head

By ABIGAIL VAN BUREN

"DEAR ABBY: I have been crazy about Paul ever since I can remember. He fell off his bicycle and when they carried him to his porch I was there talking to his sister. He reached for my hand and said, 'Margaret, I love you.' It was plain as day. Now he says he was unconscious and never said any such a thing. If he WAS really unconscious does it mean anything, or should I forget the whole thing and find somebody else?"

ABBY

MARGARET

DEAR MARGARET: Find a nice fellow who doesn't have to be knocked unconscious to declare his love.

★ ★ ★

"DEAR ABBY: I was somewhat perturbed and annoyed upon reading GRANDMA'S letter in which she states that her grandchildren act as if they were raised in the wilds of Africa. I spent 10 years in interior Africa, during which time I had occasion to observe much of the tribal life in various regions.

"African children do NOT act as Grandma's grandchildren act. They are taught to obey and when a parent speaks, the child acts accordingly and asks no questions. May I suggest that GRANDMA find a more suitable simile. Sincerely."

MR. W.M.P.

★ ★ ★

DEAR ABBY: My problem is my boy friend who thinks he is a modern Tarzan. He's big and handsome and he knows it. We went swimming almost every day last summer just so he could show off his muscles. When we go bowling he strips down to his tee shirt for the same reason. At parties he challenges everyone there to do more pushups than he. He says he loves me, but instead of saving toward getting married, he is saving toward going to Hollywood so somebody can discover him. Should I break off with him?"

JANE

DEAR JANE: Unless you want to be left out on the limb, I suggest you let "Tarzan" swing through the trees in the jungle alone. Find a man with both feet on the ground.

★ ★ ★

"DEAR ABBY: I have a daughter, 13, who does not eat enough to keep her alive. The food is there but she insists she is not hungry. At one time she was quite stout, but she went on a diet and took off thirty pounds. Now she looks like a refugee from a prison camp.

"At mealtime when I see her picking at her food and shoving it around on her plate I get so mad at her I scream. I know I shouldn't but I can't help it. She starts to cry and runs to her room. Can you help me get this child to eat before she puts me in an early grave?"

MRS. H.

DEAR MRS. H.: Quit picking on her. Take her to a doctor. Let him tell her what to eat and how much. Ignore her completely at mealtime, if you have to bite your tongue to do it. When you quit nagging her, her appetite will improve.

★ ★ ★

DEAR ABBY: I have been married for two years and my husband doesn't know what it is to give me a compliment. I try to dress nice and keep myself looking good but it is wasted on him. When I put on a new dress and ask him how I look, he says, "All right for a married woman." Abby, I love him very much and it hurts me not to be noticed by him. What do you suggest?"

NOT NOTICED

DEAR NOT: Notice HIM — compliment your husband when he looks especially nice or acts especially attentive. The way to get special attention is to give it.

★ ★ ★

CONFIDENTIAL TO LEN: Better start looking around for a wife. Mammas aren't guaranteed to last a lifetime.

★ ★ ★

CONFIDENTIAL TO MARILYN: If Jack gets pickled every night—ask for a new "dill."

★ ★ ★

For a personal reply, write to ABBY in care of The Pontiac Press. Enclose a self-addressed, stamped envelope.

Bride-to-Be Is Honored at Shower

A shower honoring Audrey Bartold, bride-elect of William King, was held Tuesday at the Motorway drive home of Mrs. John Meddaugh.

Parents of the couple are Mr. and Mrs. Arthur Bartold of Detroit and Mr. and Mrs. Harold King of Edgewood Park.

Cohostesses were Mrs. Howard Upham, Mrs. Arthur Compton, Mrs. Howard Grady, Mrs. Howard Kinsey and Mrs. O. H. Fargher.

Guests included Mrs. Bartold, Mrs. King, Mrs. Robert Brown of Farmington, Mrs. Raymond Swaney, Mrs. Jack Sprung, Mrs. Lynn Allen, Mrs. Wilma Dickinson, Mrs. Howard Deeter, Mrs. Percy Newman, Mrs. Harold Slankster and Mrs. Ray Kingsbury.

Others were Mrs. Dorothy Hollway, Mrs. Fred Handren, Mrs. P. B. Jones, Mrs. Albert Games, Mrs. Oswald Burke, Mrs. Aaron Fox and Mrs. Manley Young.

Homecoming Tea

Gamma Chapter of Pi Kappa Sigma Sorority, Central Michigan College, Mt. Pleasant, announces its annual homecoming tea to be held from 9 to 10 a.m. Saturday morning in the recreation room of Barnes Men's dormitory.

Hills News Includes Visits, Club Events

By RUTH SAUNDERS

BLOOMFIELD HILLS — While Mr. and Mrs. Edward A. Proctor were spending 10 days at The Homestead, Virginia Hot Springs, they received word their youngest son, Woods Proctor, would soon return from military duty on Okinawa. He has served two years as a lieutenant in the U.S. Air Force.

When he received his orders to that far-away island, "Woody" and his fiancee, Katherine TenHauten of Traverse City, decided to be married overseas.

They were married at the Okinawa Base with the commanding officer giving the bride away.

His parents will be waiting to greet them when they arrive home this weekend from Traverse City where they have been visiting her parents.

"Woody's" sister, Kitty Proctor, will be home soon from a motor trip in Europe with her friend Polly Fownes of New York.

★ ★ ★

Mrs. John W Gillette and her sister, Mrs. Mary Barker, motored South Monday for a visit in Richmond, Va., with another sister, Mrs. Richard Burrows, and Mr. Burrows. Mrs. Barker has been visiting Mrs. Gillette for 10 days. Her home is in LaJolla, Calif.

★ ★ ★

Mrs. Ralph L. Polk will open her home on Lone Pine road Tuesday for a benefit tea for the clinic of St. Joseph Mercy Hospital of Pontiac.

Mrs. Walter Williams is president of the hospital's Women's Auxiliary, whose members are sponsoring the affair.

★ ★ ★

Edward Weeks, editor-in-chief of Atlantic Monthly magazine, will be the speaker at the Nov. 5 meeting of the Village Women's Club.

Mrs. Dale O. Miller is chairman of the luncheon at Oakland Hills Country Club to precede the meeting. She will be assisted by Mrs. Chad M. Ritchie, Mrs. Ari Begole, Mrs. Henry Woolfenden, Mrs. Lance Minor and Mrs. A. Dale Kirk as hostesses. Mr. Weeks' subject will be "A Creed for Americans."

★ ★ ★

Among the many hostesses at the bridge luncheon Wednesday at Bloomfield Hills Country Club was Mrs. George W. Walker.

One of her guests, Mrs. M. M. Burgess, has just returned from two weeks in New York and Westfield, N. H.

★ ★ ★

Mr. and Mrs. Charles O'Neil entertained at a "brunch" Sunday noon in their home on Burning Bush road.

★ ★ ★

Mr. and Mrs. Robert B. Reed (Barbara Bee of Bloomfield Hills) of Wayne, Pa., announce the birth of a son, Jonathan Jacob, on Oct. 5.

MR. and MRS. FRED L. GRITZINGER

An open house in honor of the 50th wedding anniversary of Mr. and Mrs. Fred L. Gritzinger of East New York avenue will be held for friends and relatives from 2 to 5 p.m. Saturday at Marimont Baptist Church. Hosting the affair will be their six children, Mrs. Glen Clark, Mrs. George Watts, William L. Gritzinger, Mrs. Lawrence Lockwood, Donald E. Gritzinger and Fred Gritzinger. Mr. and Mrs. Gritzinger have 32 grandchildren and two great-grandchildren.

Mexico's foreign-exchange receipts from tourism have more than quadrupled in the last 10 years, increasing from $82,800,000 in 1947 to $360,700,000 in 1957. Last year they equaled 32.3 per cent of the total value of Mexico's imports.

"Parsifal," the last opera by composer Wagner, is based on the story of the search for the Holy Grail.

Dr. Smith Addresses Club

Dr. Ira M. Smith, rgistrar emeritus of University of Michigan, was featured speaker when members and guests of the Junior Child Study Club met at the Henry Clay avenue home of Mrs. Fred Hoenstine Tuesday.

Dr. Smith has over 45 years of professional experience at the executive level of college admissions, having served the Unitersity of Illinois, University of Chicago, and U. of M., before retiring in 1955.

Much of Dr. Smith's time is today devoted to private counseling. He explained to the clubwomen the work of a college admissions consultant, offering pointers on how to study, and advice as to the selection of a college or university for young people.

Cohostesses for the day were Mrs. Frank Antrobus, Mrs. Ted Gibson, Mrs. Hugh Hales, Mrs. Allan Hawke, Mrs. John Madole and Mrs. Donald Cabral.

Newcomers Club Has New Member

Mrs. A. K. MacKean was welcomed as a new member at the Wednesday afternoon meeting of Newcomers Club of Pontiac, held in the Delaware drive home of Mrs. Harry T. Hahn. Cohostess was Mrs. B. S. Sneed Jr.

A contribution was given to the United Fund drive, and members played bridge. The next meeting of the group will be held at the Voorheis road home of Mrs. Peter A. Aldo.

MR. and MRS. R. S. WISNIEWSKI

St. Michael Church was the scene of the Saturday morning wedding of Barbara Joan Ebert and Robert Stephen Wisniewski. Parents of the couple are Mr. and Mrs. Arthur E. Ebert and Mr. and Mrs. Edward Oleksiak.

Wisniewski-Ebert Vows Spoken in Pontiac Rite

Barbara Joan Ebert and Robert Stephen Wisniewski were married Saturday morning at St. Michael Church. The Rev. Michael O'Reilly officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Arthur E. Ebert of Harper street and Mr. and Mrs. Edward Oleksiak of Cleveland, Ohio.

The bride selected a floor-length gown of Chantilly lace with a net panel and scalloped neckline. Her fingertip veil fell from a headpiece of velvet and pearls and she carried a cascade bouquet of white carnations centered by a white orchid.

Patricia A. Tatham was maid of honor and bridesmaids were Barbara J. Oldenburg and Anita Geller of Cleveland. Their dresses were of blue silk organza with white nylon net overskirts. On their heads, they wore blue cap veils and they carried cascade bouquets of blue and white carnations.

★ ★ ★

Junior bridesmaid was Sandra Ebert, the bride's sister. Her dress was of royal blue taffeta with white nylon net accented with pink rosebuds at the hem. She wore a headband of pink rosebuds and carried a basket of pink variegated carnations.

Roy Knotels of Cleveland was best man. Seating the guests were William Skirel of Euclid, Ohio, and Elmer Fika of Cleveland.

After an evening reception, held in K. of P. Hall, the bride changed to a black wool suit with red accessories and the orchid from her bridal bouquet. The couple left for a honeymoon to upper Michigan and Canada. They will make their home in Cleveland.

The bride is a graduate of Mt. Carmel School of Nursing.

Auxiliary to Visit Lapeer

The Woman's Auxiliary to Oakland County Medical Society will visit Lapeer State Home and Training School Nov. 5.

The study program is open to auxiliary members and guests who are interested in gaining a better understanding of work being done by the State for the mentally retarded.

★ ★ ★

A lecture, by Dr. Leon R. Borush, clinical director of the State Home, will cover classifications of the mentally retarded and training of the educable retarded. A tour of the home and training school will follow the lecture.

★ ★ ★

A special bus will leave Birmingham Bus Station at 9 a.m. Nov. 5 and return by 3:30 p.m.

Medical auxiliary members and guests can make trip and luncheon reservations by calling Mrs. Edward Conner or Mrs. William F. Wanger, both of Birmingham. Reservations must be in by Nov. 1.

Jeweled garters and heart beauty spots flatter the knees for shorter dress.

What Young People Think

Parents of Teeners Rate Themselves High

By EUGENE GILBERT
Gilbert Youth Research Co.

Parents are great stuff today when it comes to bringing up teenage children.

Who says so? Why, the parents themselves. They're patting themselves on the back because they're convinced, according to this week's nationwide poll, that they're doing a better job than was done on them.

Eighty per cent of the mothers of teenage children and 84 per cent of the fathers we interviewed in a turn-about poll think they know more about raising youngsters than their parents did.

They attribute it to "more lectures, books and pamphlets on child psychology than ever before," as an Indiana parent said.

They hint at struggles their own parents had in providing the necessities of life, and think that's one reason they missed out on parental companionship. Some mention their more broadminded attitude toward today's youngsters and the freedom they give their children.

★ ★ ★

Says Mrs. Margaret B. Donnelly, of Peekskill, N. Y., who thinks she's doing a better job with her three: "My parents ruled very strictly and showed little affection."

The small percentage who were unimpressed by this rosy picture of progress agrees with Mrs. Eva L. Cunningham, of Cleveland, Okla., who states, "I grew up in a home where we had responsibility and I've spared my kids too much of the things it took to make an adult out of me."

Nine out of every 10 parents are sure they have given their children "a better opportunity in life" than was given them. Mrs. Ruth Gilbert of Warrensville Heights, Ohio, explains why in two words, "More money."

MONEY FOR CULTURE

Parent after parent comments on the struggle for living which they remember in childhood, and which denied them cultural and social advantages they can now give their own children. "Cultural things were passed up," comments Joe H. Davidson, of Coatesville, Ind.

To a large group of parents, improvement in their financial status automatically implies college for the children.

When asked to state the greatest single difference in which family life has changed from the parents' childhood days, fathers and mothers listed several.

Greater freedom and independence, and closer family ties were mentioned most frequently. Several thought that a close family unit was achieved primarily because parents had untied the apron strings, and allowed their children wide latitude in handling their own lives.

But others took an opposite view. They stressed "separateness," not "togetherness."

"There are less family parties, less company at home, and working mothers are not home to teach house care and cooking," says Mrs. Florence Rankin, Norwood, Ohio.

TOO MUCH PRESSURE

Today's high-pressure living, which can send members of the family into separate ways, causes concern to Mrs. S. Paul, Woodmere, N. Y. She says:

"The pace is more hectic. The demands of the community affect teenagers and adults. This is good in a way but a lack of time — and sometimes conflicts between home and community — result."

C. W. Weiant, Peekskill, N. Y., has the same slant. "Far more emphasis on extra-curricular activity has cut down on the time available for teenagers and parents to be together."

But despite these opinions, a majority of 70 per cent say they spend more time with their teenagers than their own parents spent with them.

Stern and Spartan as their childhood life may have been, 52 per cent of the parents questioned feel the world was a better place when they were young.

They speak with nostalgia of the simple life, the responsibility of character-building chores, the lack of tension, and the opportunity for introspection and reflection.

★ ★ ★

But though they may long for the simplicity of their childhood days, parents optimistically think the world will be a better place for their grandchildren. Pat Gannon, of Fresno, Calif., says stoutly, "I am sure mankind will be better off for its exposure to the fears of the atomic age."

MR. and MRS. AULSEYBROOK JR.

Marilyn Marie McCarthy and Norman Aulseybrook Jr. were married Saturday morning at St. Vincent de Paul Church. Parents of the couple are Mr. and Mrs. John J. McCarthy and Mr. and Mrs. Norman Aulseybrook.

New Officers Installed by WCTU Group

Officers installed at a meeting of Dora B. Whitney Group of WCTU, held Tuesday at the Stout street home of Mrs. Basil Hartt, are Mrs. John Little, president; Mrs. Hartt, first vice president; Mrs. Alma Fremed, second vice president; Mrs. Walter Willson, secretary; and Mrs. Mark Cheney, treasurer.

Mrs. Paul Gorman spoke on what must be done to keep voting privileges, and Mrs. Nellie Monroe, president of Pontiac Federation, also participated.

Those attending the WCTU state convention, held Oct. 15-17 at Boyne City, were Mrs. Little, Mrs. Isabelle Selden, Mrs. L. B. Ruby, Mrs. George Perkins, Mrs. Sophie Slutz, Mrs. Bertha Lock, Mrs. E. M. Matheny and Mrs. Frank Hardenburg.

Wed in St. Vincent Church

Marilyn Marie McCarthy and Norman Aulseybrook Jr., were married Saturday morning at St. Vincent de Paul Church. Parents of the couple are the John J. McCarthys of Midland avenue and Mr. and Mrs. Norman Aulseybrook of Garland avenue.

The bride wore a full-length taffeta gown featuring scalloped neckline outlined with sequins, basque waistline and long tapered sleeves. The bouffant skirt formed a chapel-length train.

Her fingertip veil was held by a lace cap covered with pearls and sequins. On a white prayerbook, she carried a bouquet of white carnations and lilies of the valley centered by a white orchid.

ATTEND BRIDE

Mrs. Dona Pace was matron of honor. Bridesmaids were Mrs. Gerald Christopherson and Rita O'Camb. All wore red velvet sheath dresses with net overskirts, and matching hats and veils. The matron of honor's bouquet was of peppermint carnations and the bridesmaids carried cascade bouquets of white and red carnations.

Howard Dalton was best man, with ushers Fred Dalton and James McCarthy.

Following a reception held at American Legion Hall, Auburn Heights, the bride changed to a green sheath dress with brown accessories and the orchid from her bridal bouquet for a Canadian honeymoon. The newlyweds will live on Whittemore street.

★ ★ ★

Mrs. McCarthy wore a blue lace dress and Mrs. Aulseybrook was dressed in pink lace. Both had pink cymbidium orchid corsages.

OES Group Meets With Mrs. Clifford

Mrs. Carl Clifford entertained members of Group One, OES, at her Telegraph road home Tuesday evening. Mrs. T. D. Ritchie was cohostess.

Mrs. Sylvan Clark, president, appointed Mrs. Guy Williamson as chairman for the Christmas party.

Tissues or a small towel convert to an iron for a nylon baby bonnet. Stuff the bonnet with either. It will dry smoothly.

Retired Teachers Hear Talk on Middle East

Pontiac and vicinity retired teachers met Wednesday evening for a dinner meeting at Hotel Waldron.

Orville Powers gave the invocation and Arthur Selden introduced speaker Bruce Daines whose topic was "Middle East in Ancient Times." He illustrated his talk with slides.

The chief project of the group for the year is to assist the State Legislative committee in its attempt to raise the minimum pension for retired teachers.

All bright colors and prints should be washed in warm soapsuds and rinses. Soaking tends to loosen dyes and increase fading.

Sadie Hawkins Event Nov. 1

Trabajamas Dance Set

Roosevelt Temple will be the setting for the annual semi-formal Sadie Hawkins dance of the Trabajamas Club to be held from 9 p.m. to midnight Nov. 1.

Tickets for the affair, which will feature a local band, will be sold at the door. Serving as dance chairman is Karen Metz.

Phyllis Burt is head of refreshments, with Judi Johnson in charge of publicity.

Additional committee heads include Lynne Thompson, decorations; Marge Crowder, patrons; Sherri Everett, band; Pauline Herron, hall; Phyllis Schulze, prizes, and Sherry Gremore, tickets.

Church Group Elects Officers

Officers for the coming year were elected at the luncheon meeting of the January-March Group of First Presbyterian Church, held Tuesday afternoon at the Pemberton road home of Mrs. John Main.

Mrs. William D. Thomas Jr. is chairman; Mrs. Mahlon A. Benson Jr., vice chairman; Mrs. Smith Falconer, recording secretary; and Mrs. Robert Will, treasurer.

Assisting the hostess were Mrs. E. R. Vogel, Mrs. Charles Tompkins and Mrs. Albin T. Anderson.

Guests were Mrs. L. H. Grimes, Mrs. Phillip Meacham and Mrs. Max Strausser of Birmingham.

Most guests won't expect caviar if you're having a large buffet. So don't spoil them. A simple, filling menu fixed in your best style will please the average palate.

Meet for Luncheon

Fifteen members and guests of MOMS Unit 2 met at the South Johnson street home of Mrs. Clarence Hickmott for a luncheon Tuesday. Mrs. Inez Johnson of Hymera, Ind., was a guest.

Supervisors Proceedings

OAKLAND COUNTY BOARD
OF SUPERVISORS MEETING
JUNE SESSION
JUNE 23, 1958

Meeting called to order by Chairman Delos Hamlin.

Roll Called: Allerton, Bender, Bonner, Brendel, Carey, Castle, Christensen, Clack, Clark, Clawson, Crenshaw, Croteau, Cummings, Davis, Dickens, Dohany, J. W. Duncan, R. Duncan, Eckman, Fouts, Goodspeed, Hamlin, Harper, Heacock, Hoard, Holmes, Horkey, Horton, Hudson, Hulet, Hursfall, Johnson, Kephart, Kiser, Levinson, Lewis, Lilly, Lockhart, MacDonald, McCartney, Miller, Moberly, O'Donoghue, Oldenburg, Phillips, Quinlan, Ramsey, Ransom, Rhinevault, Schock, Semann, F. Smith, W. Smith, Solley, Staman, Stephenson, Stevens, Swanson, Taylor, Thatcher, Voll, Webber, Weinburger, Wright, Yockey, Zapf. (66). Quorum Present.

Clerk read card of thanks from the family of Lynn D. Allen. (Placed on file.)

Clerk read letter from the Oakland County Planning Commission relative to a Land Use Plan as prepared by the Detroit Metropolitan Area Regional Planning Commission.

Moved by Goodspeed supported by Levinson the letter be accepted and the recommendations stated therein be adopted.

A sufficient majority having voted therefore, the motion carried.

Letter read from the Oakland Citizens League, Inc. commending the Board for the action taken in combining the offices of County Clerk and Register of Deeds. (Placed on file.)

Clerk read communication from Royal Oak Township relative to the cost of having an Operators License Examiner in the Township of Royal Oak. (Referred to the Miscellaneous Committee.)

Misc. 3382
By Mr. Hulet
IN RE: INCORPORATION OF CITY OF CLARENCEVILLE

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Boundaries Committee respectfully reports as follows:

On May 19, 1958, certain qualified electors and freeholders residing within Farmington Township, filed with the County Clerk, petitions to incorporate certain lands in Farmington Township as a city.

Your Committee has examined the petition and approved the same as to form and substance and recommends that the question of incorporation of said lands be submitted to the electors affected at a Special Election to be held on November 4, 1958.

WHEREFORE, Mr. Chairman, on behalf of the Boundaries Committee, I move:

1. That this Board, by adoption of this resolution, approves the form and sufficiency of the petitions above mentioned;

2. That the County Clerk be directed to take the necessary steps pursuant to the provisions of Act 279 of the Public Acts of 1909 to submit the question of incorporating the following described lands as a Home Rule City, to-wit:

"Territory located within the Township of Farmington, Oakland County, Michigan, more particularly described as:

Section 25 excluding that part now proposed to be incorporated as part of the City of Farmington, Woods, Sections 34, 35 and 36 excluding that part of Sections 26, 34 and 35 which is a part of the City of Farmington, and all of Section 36."

3. That the date of the Special Election of the above described incorporation of the City of Clarenceville be fixed as November 4, 1958.

Mr. Chairman, on behalf of the Boundaries Committee, I move the adoption of this resolution.

BOUNDARIES COMMITTEE
ARNO L. HULET, Chairman
VIRGIL C. KNOWLES
THOMAS C. TILEY
CLAYTON G. LILLY
ROBERT O. WRIGHT

Moved by Hulet supported by Yockey the resolution be adopted.

A sufficient majority having voted therefor, the resolution was adopted.

Misc. 3383
By Mr. Hulet
IN RE: INCORPORATION OF CITY OF FARMINGTON WOODS

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Boundaries Committee respectfully reports as follows:

On May 13, 1958, certain qualified electors and freeholders residing within Farmington Township, filed with the County Clerk, petitions to incorporate certain lands in Farmington Township as a city.

Your Committee has examined the petitions and approved the same to form and substance and recommends that the question of incorporation of said lands be submitted to the electors affected at a Special Election to be held on November 4, 1958.

WHEREFORE, Mr. Chairman, on behalf of the Boundaries Committee, I move:

1. That this Board, by adoption of this resolution, approves the form and sufficiency of the petitions above mentioned;

2. That the County Clerk be directed to take the necessary steps pursuant to the provisions of Act 279 of the Public Acts of 1909 to submit the question of incorporating the following described lands as a Home Rule City, to-wit:

"Territory located within the Township of Farmington, Oakland County, Michigan, more particularly described as:

Beginning at a point on the E line of said Township, said point being located at the intersection of the center line of 14 Mile Road right-of-way with the E. line of Section 1 of said Township, and running thence from said point of beginning S'ly along said E line of Section 1 to the S. W. corner of Section 8; thence E'ly along the S. line of said Section 8 to the W. line of "Schroder's Farm Sub." as recorded in Oakland County records, Liber 51 of Plats, Page 50; thence N'ly, W'ly and N'ly along said W'ly line of said subdivision to the N. W. corner of said subdivision; thence E'ly along the N. line of said subdivision to the N. E. corner of said subdivision and the N and S ¼ line of Section 8; thence S'ly along said S. line of Section 8 to the S. E. corner of said Section 8 and the S. W. corner of Section 9; thence N'ly along the W. line of said Section 9 to the S. W. corner of the N. 50 acres of the W ½ of the S. W. ¼ of said Section 9; thence E'ly along the S line of said N. 50 acres of the W ½ of the S. W. ¼ to the E. line of said W. ½ of the S. W ¼; thence N'ly along said E line of the W. ½ of the S. W. ¼ to the E. and W. ¼ line of said Section 9; thence W'ly along the E. and W. ¼ line of said Section 9 to the S. W. corner of said Section; thence N'ly along the W. line of said Section to the S. W. corner of "Guy R. Pooley Subdivision" as recorded in Oakland County records, Liber 88 of Plats, Page 13, thence E'ly along said S. line of said Subdivision to the S. E. corner of said subdivision; thence N'ly along the E'ly line of said subdivision to the N. E. corner of said subdivision; thence W'ly along the N'ly line of said subdivision to the E. line of the N. 20 acres of the W. ½ of the N. W ¼; thence N'ly along said E. line of the N. 20 acres of the W. ½ of the N. W. ¼ to the N. line of said Section 9 and the S. line of Section 4; thence E'ly along said S. line of Section 4 to the S. E. corner of "Briar Hill Sub." as recorded in Oakland County records, Liber 63 of Plats, Pages 10 and 11; thence N'ly along the E. line of said subdivision to the N E corner of said subdivision, and the E. and W. ¼ line of said Section 4; thence W'ly along said E. and W. ¼ line to the center of said Section 4; thence W'ly along said E. and W. ¼ line to the N. line of said Section 4, and the N. line of the Township of Farmington; thence E'ly along said N line of Section 4 and the Township of Farmington to the N. E. corner of said Section 4; and the N. W. corner of Section 3; thence continuing E'ly along said N. line of the Township of Farmington and the N. line of said Section 2 to the N. E. corner of said Section 2 and the N. W corner of Section 1; thence continuing E'ly along said N. line of the Township of Farmington and the N. line of Section 1 to the point where the centerline of the 14 Mile Road right-of-way angles from the Section line to the S. E; thence S. E'ly along the centerline of said 14 Mile Road right-of-way to its intersection with the E. line of said Township of Farmington and the E. line of said Section 1, being the point of beginning."

3. That the date of the Special Election on the above described incorporation of the City of Farmington Woods be fixed as November 4, 1958.

Mr. Chairman, on behalf of the Boundaries Committee, I move the adoption of this resolution.

BOUNDARIES COMMITTEE
ARNO L. HULET, Chairman
VIRGIL C. KNOWLES
THOMAS C. TILEY
CLAYTON G. LILLY
ROBERT O. WRIGHT

Moved by Hulet supported by Clawson the resolution be adopted.

Discussion followed.

A sufficient majority having voted therefor, the resolution was adopted.

Misc. 3384
By Mr. Heacock
IN RE: ANNUAL REPORT—BUILDINGS AND GROUNDS COMMITTEE

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Buildings and Grounds Committee, accompanied by members of the Board of Auditors, in compliance with the By-Laws, examined and inspected the many buildings occupied by County Departments throughout the County.

We report that we have found the conditions existing in these buildings to be good or above average in practically all instances. A few minor repairs were noted by your Committee and have been brought to the attention of the Board of Auditors who are now arranging to have necessary repairs made by the Maintenance Division. In general, your Committee found all County public buildings to be in good state of repair and kept in sanitary and clean condition.

Your Committee also found that the grounds have been taken care of very well by the Maintenance Division.

Your Committee lists below some of the County buildings on which it desires to make comments at this time:

Crippled Children's Home. This building which has been constructed at the Service Center on lands leased to the Michigan Crippled Children's Society is now completed and in use. This institution is a very fine addition to our County Service Center and is adequately planned to handle the needs of crippled children for some time to come.

State Police Post. The State is now constructing a new building to house the State Police on land leased from the County. It is expected that this will be completed and in use by fall.

Youth Home. This building, which was previously an annex of the Tuberculosis Sanatorium, has been converted into an adequate home for teenage young people. All of the requirements set forth in Miscellaneous Resolution No. 3228 adopted by the Board at the time this building was approved for operation by the Juvenile Court, have been complied with. Your Committee found that a fire escape will be needed from the second story dormitory area. Arrangements for this installation are now under way. Plans for the road and the sidewalk to the Youth Home have been completed and construction will be under way shortly.

Tuberculosis Sanatorium. This building was found to be in very good condition on the interior and exterior. The new windows and screens which were authorized by this Board on December 23, 1957, have been installed by the Sanatorium Maintenance Department. These windows are a big improvement to the hospital facilities and will contribute greatly to the comfort and well being of the patients. Plans for remodeling the kitchen and installation of a new elevator are now being prepared by the architect.

Health Center Building—Pontiac. The blacktopping of the drive and parking area is now being completed.

Health Center Building—Royal Oak. After a very complete inspection of this property, your Committee recommends that the parking area be extended by grading over the West property line with installation of a fence for the full length of this line. This work should be started as soon as possible. The Committee has so instructed the Board of Auditors.

Oakland County Service Building. These facilities which have been leased from the Oakland County Road Commission, have been completely remodeled and office space provided for the County Department of Public Works, the County Drain Commissioner and the County Planning Commission staff. The working area provided in these facilities should adequately care for the needs of these departments for some time to come.

County Medical Facility. This building, which is also known as the County Infirmary, was found to be in excellent condition throughout. Certain minor repairs and improvements were called to the attention of the Committee by the Hospital Manager and these have been referred to the Board of Auditors for study.

Court House. The exterior of the Court House is being cleaned on the Saginaw and Huron Street sides at a cost of $990. The Committee felt that this expenditure was very reasonable and recommends that the roof also be repaired before winted by the Maintenance Division.

The Prosecutor's staff has been comfortably housed in the Court House Annex on Huron Street.

The old County Garage at the rear of the jail is now used to house the Sheriff's patrol cars. This keeps them off the street during changes in shifts. The new Central Garage is completely in use and has proved to be excellently designed from a functional standpoint.

The building and property at the corner of First and Troy Streets in Royal Oak which was purchased recently from the Unity Center Church will be available for use by the County shortly after July 1. No definite assignments for the use of this property has been made thus far.

In general, your Committee wishes to report that Oakland County can justly be proud of the excellent maintenance of County buildings under the supervision of the Board of Auditors and the County Maintenance Division. County buildings are in very excellent condition throughout.

Mr. Chairman, on behalf of the Buildings and Grounds Committee, I move that the foregoing report be accepted and made a part of the minutes of this meeting.

BUILDINGS AND GROUNDS COMMITTEE
LUTHER HEACOCK, Chairman
HARRY W. HORTON
J. WESLEY DUNCAN
FOREST L. BRENDEL

Moved by Heacock supported by J. W. Duncan the report be accepted and made a part of the minutes.

A sufficient majority having voted therefor, the motion carried.

Misc. 3385
By Mr. Lilly
IN RE: EXTENSION OF NORTHLAND SANITARY DISTRICT

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS pursuant to the provisions of Act 342 of the Public Acts of 1939, as amended, an agreement was executed between the City of Detroit and the County of Oakland for disposal of sanitary sewage from the Northland Sanitary District, dated April 10, 1956, and

WHEREAS this agreement was amended by an agreement dated April 15, 1957, and

WHEREAS this agreement was further amended on September 17, 1957, and

WHEREAS the Armenian Apostolic Society, Inc. is desirous of constructing a building for their use and are in vital need of a sanitary outlet, and

WHEREAS the present Northland Sanitary District connection is inadequate to serve the building and property of the Armenian Apostolic Society Inc and

WHEREAS any extension to the Northland Sanitary District will necessitate amendment of existing contract,

NOW THEREFORE BE IT RESOLVED that the Oakland County Drain Commissioner as the agent for the County of Oakland; be and hereby is authorized to negotiate with the City of Detroit for a further amendment to the existing contract to enlarge the Northland Sanitary District to includes the following described property:

The following described premises situated in the Township of Southfield County of Oakland and State of Michigan, to-wit: That certain piece of land situated in the North ½ of the Southwest ¼ of the Northwest ¼ of Section 36, Town 1 North, Range 10 East, lying South of Northwestern Highway, in the Township of Southfield, County of Oakland, State of Michigan, described as:

Beginning at the NW corner of the Southwest ¼ of the Northwest ¼ of Section 36, thence in a southerly direction along the West line of Section 36, known as Southfield Road, to Winora Avenue; thence in an easterly direction along Winora Avenue to the East line of the Southwest ¼ of the Northwest ¼ of said Section 36; thence in a northerly direction along the East line of the Southwest ¼ of the Northwest ¼ of Section 36 to the southwesterly line of Northwestern Highway; thence in a northwesterly direction along the southwesterly line of Northwestern Highway to the North line of the Southwest ¼ of the Northwest ¼ of Section 36; thence in a westerly direction along the North line of the Southwest ¼ of the Northwest ¼ of Section 36, to the point of beginning, including Lots 546 through 557, both inclusive, of Magnolia No. 1 Subdivision) except that portion deeded to the State Highway Commissioner of the State of Michigan for highway purposes and the streets and alleys dedicated to the use of public, the location and size of which are well known to all parties hereto, and being just that parcel owned by Harvey McClelland and Anna C. McClelland, his wife, John McClelland and Mary McClelland, his wife, Maggie McClelland Stoll and Anna McClelland Kline, according to a survey made for the grantee herein on December 17, 1954 by Mason L. Brown and Son, Civil Engineers and Surveyors.

BE IT FURTHER RESOLVED that upon agreement on the amendment herein described with the City of Detroit, the Oakland County Drain Commissioner as agent for the County of Oakland, be and hereby is authorized to execute a contract amending the existing Northland Sanitary District Contract.

Mr. Chairman, on behalf of the Drain Committee, I move the adoption of the foregoing resolution.

IN RE: DRAINAGE EASEMENT, RIDGEWOOD HILLS SUBDIVISION, OAKLAND TOWNSHIP

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS Robert C. Smitha and Zoe Ann Smitha, his wife, and Thaddeus Obal and Regina C. Obal, his wife, are the purchasers under a land contract of, among others, Lots No. 14, No. 15, No. 16 and No. 20 of Ridgewood Hills Subdivision, a Subdivision of part of the southwest quarter of Section 34, Oakland Township, Oakland County, Michigan according to the Plat thereof as recorded in Liber 81 of Plats, pages 6 and 7, Oakland County records and

WHEREAS a drainage easement recorded in Liber 3456, Page 45, Oakland County Records was given to the County of Oakland, State of Michigan, at the time of the recording of the aforesaid Plat across and through the aforesaid lots and

WHEREAS the County of Oakland has at no time established a drain across or through said lots and, therefore, has no interest whatsoever in the aforesaid drainage easement, and

WHEREAS the said drainage easement adversely affects the full use of the lots aforesaid and presently works a hardship upon the owners and parties in interest thereof, and

WHEREAS your Drain Committee has reviewed this matter with the County Drain Commissioner and finds that said drainage easement will not be needed by the County,

NOW THEREFORE BE IT RESOLVED that the Chairman and Clerk of the Board of Supervisors for the County of Oakland be authorized to execute and deliver a Quit Claim Deed to the present parties in interest, namely: Robert C. Smitha and Zoe Ann Smitha, his wife, and Thaddeus Obal and Regina C. Obal, his wife, relinquishing and releasing whatever rights and privileges the County may have in Lots 14, 15, 16 and 20 of Ridgewood Hills Subdivision, Oakland Township, Oakland County, Michigan, by reason of that certain conveyance known as a drainage easement, recorded in Liber 3456, Page 45, Oakland County Records.

A sufficient majority having voted therefore, the resolution was adopted.

Misc. 3386
By Mrs. Schock
IN RE: FLOWER COMMITTEE REPORT

To the Honorable Board of Supervisors Ladies and Gentlemen:

The purpose of a Flower Committee report this morning is two-fold:

1. Inasmuch as this is "George Scott Day," we would like to pay tribute to Mr. Scott for having created or caused to be created, the original Flower Committee. In the summer of 1923, Mr. Wm. Lackie, Supervisor of Troy Township, was on a county mission to Utica. Upon his return trip home, his car ran into the arm of a power shovel which projected into the road and in the path of his car. Mr. Lackie was killed. George Scott ordered flowers and paid for them. It was called to the attention of the Board of Supervisors whereupon a collection was taken and Mr. Scott repaid.

2. The Flower Fund having been depleted, this seems the proper time to report.

Your Flower Committee wishes to report to you as follows:

Deficit as reported September 16, 1957	$32.19
Amount collected	150.00
Balance of cash on hand	$117.81
Flowers and cards for the sick	43.92
Flowers for the deceased	77.70 121.62
Deficit as of June 23, 1958	$ 3.81

In sympathy: Howard C. Decker, Mrs. Don Weidner, Leslie Grabendike, Lynn D. Allen, Cass B. Waters. During illness of—Hope F. Lewis, Fred Gingell, Oscar Eckman, Ferris B. Clark, Cass B. Waters, Fred W. Smith, John A. MacDonald, J. Wesley Duncan, John G. Semann.

Respectfully submitted,
FLOWER COMMITTEE
GENEVIEVE C. SCHOCK, Chairman
HELEN G. BONNER
FAYE H. McCARTNEY
HARRIETT PHILLIPS

Moved by Schock supported by McCartney the report be adopted.

A sufficient majority having voted therefor, the report was adopted.

A collection was taken amounting to $138.00.

Misc. 3388

IN RE: GIRLS' RANCH
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS a plan for the establishment of a Girls' Ranch program at Camp Oakland, Inc., has been presented by Honorable Arthur E. Moore, Judge of Probate, to your Ways and Means and Juvenile Affairs Committees, and

WHEREAS the directors of Camp Oakland, Inc., are now raising funds and planning to build a new building to house 16 girls in a program identical with Boys' Ranch program to be known as Girls' Ranch, and

WHEREAS this building is being offered for use by the Juvenile Court with no cost to the County, and

WHEREAS Judge Moore has reported to your joint Committees that the program would be conducted in the same manner that Boys' Ranch, the winter camp and summer camp programs are now being conducted under the supervision of County employees, and

WHEREAS the joint Committees, at a meeting on June 12, 1958, adopted a resolution endorsing the plan for the proposed Girls' Ranch project at Camp Oakland,

NOW THEREFORE BE IT RESOLVED that the Oakland County Board of Supervisors go on record as endorsing and approving the plan for the proposed Girls' Ranch project at Camp Oakland;

BE IT FURTHER RESOLVED that the Chairman of this Board be authorized to forward a letter to Judge Moore expressing appreciation for the splendid interest which the many women's organizations in Oakland County and other interested groups are taking in the sponsoring of this worthwhile project.

Mr. Chairman, on behalf of the Ways and Means Committee and with the concurrence of the Juvenile Affairs Committee, I move the adoption of the foregoing resolution.

WAYS AND MEANS COMMITTEE
FRED W. SMITH, Chairman

IN RE: HURON RIVER WATERSHED

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentelmen:

WHEREAS a request of the Intergovernmental Huron River Watershed Committee for an appropriation for initial operating expenses was referred to your Ways and Means Drain Committees, and

WHEREAS after an intensive study of this project by the Drain Committee in conjuction with Supervisors of the Townships of Commerce, Highland, Lyon, Milford, Novi, West Bloomfield, White Lake and the City of South Lyon, it has been determined that Oakland County should participate as a matter of community relations between the member counties, and

WHEREAS this recommendation was reviewed by the joint Committees on June 12, 1958, and has been approved by Mr. Daniel W. Barry, County Drain Commissioner, and

WHEREAS there are sufficient funds in the 1958 budget of the Drain Commissioner to pay for the $500 contribution which has been requested by the Intergovernmental Huron River Watershed Committee at this time,

NOW THEREFORE BE IT RESOLVED that the Drain Commissioner of Oakland County be authorized to contribute $500 toward the initial operating expenses of the Intergovernmental Huron River Watershed Committee;

BE IT FURTHER RESOLVED that the Chairman of the Board be authorized to appoint one member to the Drain Committee as an official representative of the County on the Intergovernmental Huron River Watershed Committee.

Mr. Chairman, on behalf of the Ways and Means Committee and Drain Committee, I move the adoption of the foregoing resolution.

IN RE: APPROPRIATION—ROAD CONSTRUCTION — COUNTY SERVICE CENTER

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS a plan for location and construction of service roads on the Oakland County Service Center has been prepared under the supervision of the Buildings and Grounds Committee, a copy of which is attached to this resolution, and

WHEREAS the road plan was approved by the Buildings and Grounds Committee at a meeting on June 10, 1958, and

WHEREAS said road plan was presented to your Committee by the Chairman of the Buildings and Grounds Committee at a meeting on June 12, 1958, at which time said plans were also approved by the Ways and Means Committee, and

WHEREAS the Board of Auditors have prepared a cost estimate for the proposed new roads indicating a total expenditure of $20,000 for grading, gravelling and other improvements and costs required at this time, and

WHEREAS funds for this purpose are available in the Building Fund,

NOW THEREFORE BE IT RESOLVED, as follows:

1. That a sum not to exceed $20,000 be appropriated from the Building Fund to pay for grading, gravelling and other necessary costs and improvements for new service roads to be constructed at the Oakland County Service Center as per plan approved by the joint Committees, said plan hereby being approved as part of the final road plan at the Service Center.

2. That the Oakland County Road Commission be respectfully requested to adopt a resolution to coordinate their road construction work at the County Service Center with the plan as submitted by your joint Committees.

3. That the necessary work and construction be carried out forthwith under the supervision of the Buildings and Grounds Committee and the County Board of Auditors.

Mr. Chairman, on behalf of the Ways and Mean Committee, I move the adoption of the foregoing resolution.

IN RE: GENERAL FUND ADVANCES—DRAIN PLANS

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS the Board of Supervisors, by the adoption of Miscellaneous Resolutions No. 3168 as amended by No. 3188, authorized the advance of certain funds on a loan basis to the County Drain Commissioner for certain drain and sewage projects in the County, and

WHEREAS the Drain Committee has just completed a study of the needs of the fund requirements for these projects and has recommended to the Ways and Means Committee an amendment to said Miscellaneous Resolution No. 3168 as follows:

Delete the $10,000 special advance appropriation for the Troy Interceptor;

Deduct $5,000 from the Wrey Drain special advance, leaving a balance of $10,000;

Appropriate $15,000 for the Red Run enclosure project; and

WHEREAS the recommendation of the Drain Committee has been concurred in by the County Drain Commissioner,

NOW THEREFORE BE IT RESOLVED as follows:

1. That Miscellaneous Resolution No. 3168 (as amended by Resolution No. 3188) be further amended as follows:

Delete the $10,000 special advance appropriation for the Troy Interceptor;

Deduct $5,000 from the Wrey Drain special advance, leaving a balance of $10,000;

Appropriate $15,000 for the Red Run enclosure project;

2. That in all other respects said resolution as amended, be ratified and confirmed.

Mr. Chairman, on behalf of the Ways and Means Committee, and with the concurrence of the Drain Committee I move the adoption of the foregoing resolution.

By Mr. F. Smith
IN RE: JUVENILE PROGRAM—ROYAL OAK TOWNSHIP

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Yours Ways and Means Committee, along with the Cooperative Extension Service Committee, has had under consideration a request from the Supervisor of Royal Oak Township for County participation in a program to provide a trained Extension Worker to work exclusively in the Royal Oak Township area under the direction of the Cooperative Extension Service of Michigan State University.

At a joint meeting of these Committees on June 12, 1958, a motion was adopted that this request would be taken under advisement for further consideration with a report to be made to the Board at this meeting.

On June 19, 1958, your Ways and Means Committee met with representatives of the Juvenile Division of the Probate Court, the Sheriff's Office, the Prosecuting Attorney's Office, Dr. Monroe, Director of the County Health Department, and Dr. Emerson, County Superintendent of Schools, at which time reports were made by the various County Departments as to their activities to provide a more effective program for the Royal Oak Township area.

A report was also made to your Committee by William B. McCarthy, Director of the Children's Protective Services Division, covering the program now being set up throughout the County as well as in Royal Oak Township to help children in the County "in becoming an asset rather than a liability of the community."

In view of a study which is now under way, of the juvenile and other problems in this area, your Committee recommends that further action on the request of the Supervisor of Royal Oak Township for assignment of an Extension Worker to his area, be deferred for the present. Your Committee plans a further meeting with various County agencies prior to August 1, 1958 and will present a further report to the Board when additional information is available so that definite recommendations may be made.

Mr. Chairman, on behalf of the Ways and Means Committee I move the adoption of the foregoing report.

Moved by F. Smith supported by Cummings the report be adopted.

A sufficient majority having voted therefor, the resolution was adopted.

Mrs. Lewis gave a report on the Work Relief Program and read the following letter:

June 23 1958

Mrs Hope Lewis Chairman
Welfare Committee
Dear Mrs. Lewis:

Attached please find a report on the Work Relief Program which was inaugurated in May by th's department. This program we feel will not only be of benefit to our clients and the department, but will also benefit other departments of the count and the political subdivisions thereo.

As of June 20th we have received 40 applications for projects all of which have been approved. As of today:

1 project has been completed.
35 projects are started
4 projects will start June 26
257 men are working
175 men are assigned to start June 26

The projects working call for ..... 110,440 man hours
The projects assigned call for ..... 53,080 man hours
The projects completed used ..... 560 man hours
Or a total of ..... 164,080 man hours

The projects received from county departments are:

Road Commission (Road work)
Dept. of Public Works (Sewer Survey)
Drain Commissioner (Cleaning drains)
Steam Plant (Steam line)
Dept. of Social Welfare (Surplus commodities)
Civil Defense (Set up feeding display)

Projects received from political subdivisions are:

Rose Township (Brushing and road work)
City of Pontiac (Cleaning Parks)
Royal Oak Township (Ditching and public parks)
Royal Oak City (Street cleaning)
Hazel Park City (Street cleaning; park clean-up and sewer location)
Troy City (Cleaning and ditching roads, landscaping well sites)
Clawson City (Water department, cleaning parks, street cleaning and cleaning West 14 Mile Road)
Southfield City (Cleaning streets)
Oak Park City (Cleaning parks)
Ferndale City (Cleaning parks)
Board of Education.
Clawson (General repair)
Madison Heights (Cleaning parks)

We have furnished forms to some other sponsors who are interested and several additional applications soon. We are losing available workers who will receive extended Unemployment Compensation, which will also help our case load.

GEORGE H. BURT
Director

Report placed on file.

Mr. Semann requested that the Committee Chairmen and Department Heads submit all legislative matters they are interested in to the Corporation Counsel, by the first of September.

BE IT FURTHER RESOLVED that the county drain commissioner be and he is hereby designated as the agency of the county in connection with the establishment maintenance and operation of such system of sewer and sewage disposal improvements and services, and as the person who shall have supervision and control of the management and operation of the same.

BE IT FURTHER RESOLVED that the county drain commissioner shall have such powers and duties in respect to the aforementioned system as are conferred upon him by law and especially by the provisions of said Act No. 342 of the Public Acts of 1939 as amended, provided that he shall have no authority to create any liability of any kind upon the County of Oakland unless authorized by this Board of Supervisors.

Mr. Lilly then moved the adoption of the foregoing resolution which was supported by Mr. Heacock.

IN RE: ISSUANCE OF DRIVERS LICENSES — ROYAL OAK TOWNSHIP

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

At the June 23, 1958 meeting of the Board the request of the Supervisor of Royal Oak Township, to have the procedures used by the Sheriff's Department for issuance of drivers licenses in Royal Oak Township reviewed was referred to your Miscellaneous Committee.

Your Committee met with Mr. Dickens and a representative of the Sheriff's Department on July 15, 1958 and discussed fully all of the procedures set up by the County Sheriff for issuance of licenses in the various townships in the County. Under the present State law, townships are not authorized to issue drivers licenses to their resident, and this service must come through the County Sheriff's Department. As a matter of convenience to township residents the Sheriff has set up stations in various parts of the County where he sends a License Examiner for six hours one day a week.

At the present time residents of Royal Oak Township may go to the station located in Southfield Township or travel to Pontiac, a distance of 22 miles, for such service. The Committee was advised that the station in Southfield will be discontinued shortly since the newly organized City will be setting up its own License Examing Bureau. While your Committee found that it was unable to make a definite recommendation as to what might be done by the Sheriff in order to give more adequate service to the residents of Royal Oak Township it did adopt a resolution as follows:

It was moved by Mr. Quinlan and supported by Mr. Duncan that the Miscellaneous Committee respectfully request the Sheriff to furnish the same services for Royal Oak Township as he now furnishes the other townships in the County for the examination of applicants for drivers licenses.

THEREFORE, MR. CHAIRMAN I move that the foregoing report be made a part of the minutes of this meeting of the Board and that certified copies thereof be forwarded to the Supervisor of Royal Oak Township and the County Sheriff.

MISCELLANEOUS COMMITTEE
WINSON S. MOBERLY, Chairman
HELEN G. BONNER
PETER P. QUINLAN
MELVILLE G. RAMSEY

Moved by Moberly supported by Belyea the report be adopted.

Moved by Lilly supported by Phillips the report be referred back to the committee for further consideration.

A sufficient majority not having voted therefor, the motion lost.

Discussion followed.

Vote on adoption of report:

A sufficient majority having voted therefor, the resolution was adopted.

Moved by Thatcher supported by Stephenson that this matter be referred to the Legislative Committee for amendments to the existing laws.

A sufficient majority having voted therefor, the motion carried.

IN RE: RESOLUTION APPROVING HIGHWAY SETBACK ORDINANCES

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

At the meeting of the Board on June 13, 1958, the proposed setback ordinances as approved and adopted by the Inter-County Highway Commission were referred to your Road and Bridges Committee for consideration.

Your Committee met with the County Road Commission on July 11, 1958 at which time a copy of a resolution adopted by the Road Commission on June 2, 1958 approving the highway setback ordinances to prohibit building, etc., within proposed public right-of-way lines as established by any Master Plan or Approved Plat was filed with your Committee.

Your Committee reviewed the proposed ordinances which are to be submitted to the various local units of government in the County for consideration and adopted a resolution recommending that the Board of Supervisors approve the setback ordinances as proposed by the Inter-County Highway Commission, copies of which are attached hereto.

THEREFORE, MR. CHAIRMAN on behalf of the Roads and Bridges Committee, I move that the Oakland County Board of Supervisors approve the set back ordinances for recommendation to local governmental units.

BE IT FURTHER RESOLVED that a certified copy of this resolution and the attached setback ordinances be furnished to each city, village and township clerk in the County.

Mr. Chairman, I move the adoption of the foregoing resolution.

ROADS AND BRIDGES COMMITTEE
DON R. MACDONALD, Chairman
OSCAR ECKMAN

ROBERT O. WRIGHT

AN ORDINANCE to Amend Ordinance No. —— known as the Zoning Ordinance of ——— by Adding Article No. —— being an Ordinance to protect and enforce Building Lines Established by any Master Plan or Approved Plat, to Provide for Appeals and to Provide Remedies for Violation of such Ordinance.

CITY
VILLAGE
THE TOWNSHIP OF ——— ORDAINS:

Section 1. For the purpose of accomplishing a coordinated, adjusted and harmonious development of the municipality and its environs which will in accordance with present and future needs, best promote health, safety, morals, order, convenience, prosperity and general welfare, as well as efficiency and economy in the process of development, including among other things, adequate provisions for traffic, the promotion of safety from fire and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the promotion of good civic design and arrangement, wise and efficient expenditure of public funds, and the adequate provision of public utilities and other public requirements, no permit shall be issued for and no building or structure or part thereof shall be erected on any land located within the proposed future outside lines of any new extended or widened street, avenue, place or other public way or of any park, playground or other public grounds or extension thereof shown on any adopted master plan or part thereof or on any approved plat.

Section 2. The Board of Appeals on Zoning, created by Ordinance No. ——, Zoning

City
Village

Ordinance of the Township of ———, shall have the power on appeal filed with it by the owner of such land to authorize the granting of a permit for and the erection of a building or structure or part thereof within the lines of any such mapped street, park, playground or other public ground in any case in which such board finds, upon the evidence and arguments presented to it on such appeal, (a) that the entire property of the appellant located in whole or in part within the lines of such mapped street, park, playground or other public ground cannot yield a reasonable return to the owner unless such permit be granted, and (b) that balancing the interest of the municipality in preserving the integrity of the adopted map and the interest of the owner of the property in the use and benefits of his property the granting of such permit is required by consideration of justice and equity. Before taking any such action the board of appeals shall hold a public hearing thereon, at least 10 days' notice of the time and place of which shall be given to the appellant by mail at the address specified by the appellant in his appeal petition. In the event that the board of appeals decides to authorize a building permit and erection, it shall have the power to specify the exact location, ground area, height, and other details and conditions of size, character and construction, and also the duration of the building, structure, or part thereof to be permitted. Fees on appeal and procedure by said board shall be as provided in said ordinance insofar as applicable.

Section 3. Compliance with the outside lines or setback lines established by any adopted master plan or part thereof or on any approved plat may be enforced by proceedings for injunction prohibitory or mandatory and the same shall be deemed a cumulative remedy and not a bar to prosecution under any other ordinance.

Section 4. This ordinance shall become operative and effective on the ——day of ———, 19—. Made passed and adopted this ——day of ———, 19—.

Signatures of Approving Officials:

———

Approved for recommendation to local governmental units by the following:

Executive Committee of Regional Planning Commission — Date: April 8, 1958
Inter-County Highway Commission — April 10, 1958
Oakland County Road Commission — June 2, 19—
Oakland County Board of Supervisors — July 21, 1958

ORDINANCE NO. ———

An Ordinance to Approve, Confirm, Ratify and Establish the Master Thoroughfare Plan For the

CITY
VILLAGE
TOWNSHIP OF ———

CITY
VILLAGE
THE TOWNSHIP OF ——— ORDAINS:

Section 1. The Master Thoroughfare Plan of the

City
Village
Township of ——— as heretofore formulated and adopted by the

City
Village
Township ——— (Council, Board) and as revised or amended by said ——— (Council, Board) on ——, 19—, with all maps and precises portions thereof and all changes thereto is hereby approved and adopted.

Section 2. This Ordinance shall become operative and effective on the ——day of ———, 19—. Made passed and adopted by the

City
Village
Township ——— (Council, Board) of the Township ——— this ——day of ———, 19—.

Signatures of Approving Officials:

———

Approved for recommendation to local governmental units by the following:

Executive Committee of Regional Planning Commission — Date: April 8, 1958
Inter-County Highway Commission — Date: April 10, 1958
Oakland County Road Commission — Date: June 2, 1958.
Oakland County Board of Supervisors — Date: July 21, 1958.

Moved by MacDonald supported by Frid the resolution be adopted.

Discussion followed.

A sufficient majority having voted therefor, the resolution was adopted.

IN RE: APPROPRIATION — BLACKTOPPING PARKING LOT

Contractor	Proposal A	Proposal B	Alter. No. 1	Proposal C
Bundy Construction	$32,040	$19,500	—$1,740	$49,500
Chissus Construction	29,500	22,200	—1,605	51,800
Arthur Linney	27,768.80	16,013.50	— 452	43,400.77
Ward Ross	34,100	24,000	— 1,600	58,500
Stewart & Sons	29,656	13,437	— 580	42,968

Note: Proposal A—includes elevator shaft with adjacent vestibule lounge area and toilet room on each floor.

Proposal B—includes alterations in the kitchen an new refrigerator.

Alternate No. 1—is a deduction if the County is to install partitions.

Proposal C—is the total of Proposal A and B, with the contractor installing the partitions.

Total low bid for installation of the elevator shaft and the kitchen improvements is therefore $42,968.00 exclusive of the elevator equipment and Architect fees.

Your Committees further report that funds for the above project are available from funds previously set aside for these purposes, if such is approved by this Board, and that proper bid bonds have been filed. The Architect has reported that all low bidders are responsible firms.

THEREFORE, MR. CHAIRMAN, on behalf of the Ways and Means and Buildings and Grounds Committees, and with the concurrence of the Tuberculosis Sanatorium Committee, I move as follows:

1. That the two lowest bids for the elevator shaft and kitchen installations be held for a period of two weeks, and the bonds returned to the three highest bidders.

2. That the joint Committees be authorized and empowered to receive bids on the elevator car, cab and equipment, and award a contract therefor to the lowest responsible bidder.

3. That the joint Committees be authorized and empowered to award the contract on the elevator shaft and kitchen improvements to the lowest responsible bidder after bids on the elevator car, cab and equipment are received.

4. That the Ways and Means and Buildings and Grounds Committees be granted power to act in all matters necessary to complete the taking of bids for these improvements and letting of contracts therefor so that this work may be started without delay.

5. That the costs of said improvements and the Architects fees be paid from funds previously set aside by the Board for such purposes.

Mr. Chairman, I move the adoption of the foregoing resolution.

By Mr. J. W. Duncan

IN RE: MEMORIAL FOR CASS B. WATERS

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

On June 13, 1958, Cass B. Waters, Supervisor of Holly Township for a quarter of a century, a period longer than any other man since it was organized 120 years ago, passed away at his home. Only three men among the 82 members of the Oakland County Board of Supervisors have had a longer tenure of such office. No man among the many on the Board since our County was organized 138 years ago, has held as many positions on its important Committees.

He was born in Livingston County on July 23, 1882, and had been a resident of Holly for 53 years. He was first elected to the office of Supervisor in 1932 and served in that capacity until the time of his death, holding nearly every prominent position on the Board of Supervisors. He was Chairman of the Board for two years.

During his service as a member of the Board, he had charge of the remodeling of the interior of the Court House and was an active member on the Equalization Committee for many years.

He was a member of the Masonic Lodge and the Eastern Star Chapter in Holly and was affiliated with many other community organizations. Surviving are his wife, Eva, to whom he was married 53 years, three daughters, Mrs. Charles Going of Grover, Ohio, Mrs. John Kerkey of Flint and Mrs. Merrill Branch of West Palm Beach, Florida, two sisters and four grandchildren.

Much might be written about Cass Waters because of his character, integrity, sincereity and the implicit trust which his constituents had in him during his long career in public office. The examples he set continue to be a guide to members of the Board who carry on after him.

Mr. Chairman, I move that the foregoing expressions of our esteem for Cass Waters be spread on the Journal of this Board and that a copy be forwarded to his wife.

SPECIAL COMMITTEE
WESLEY DUNCAN, Chairman
FOREST I. BRENDEL
EARL B. RHINEVAULT

The resolution was unanimously adopted by the Board.

Mr. Boyer addressed the Board relative to the Civil Defense Committee's Detroit Area Survival Plan.

Mr. Cardon stated that a report would be presented at a later date.

Moved by Cummings supported by Thatcher the Board adjourn subject to call of the chair.

A sufficient majority having voted therefor, the motion carried.

FLORENCE J. ALLEN
Clerk

DELOS HAMLIN
Chairman

SEPTEMBER 8, 1958

Meeting called to order by Chairman Delos Hamlin.

Invocation given by Reverend Edgar A. Lucas of St. Philip's Episcopal Church, Rochester.

Roll Called: Allerton, Belyea, Bender, Bonner, Boyer, Brendel, Cardon, Carey, Castle, Christensen, Clack, Clark, Clawson, Crenshaw, Croteau, Cummings, Davis, Dickens, Dohany, J. W. Duncan, R. Duncan, Eckman, Ewart, Fouts, Frid, Goodspeed, Hamlin, Harper, Heacock, Henry, Hoard, Holmes, Horkey, Horton, Hulet, Hursfall, Ingraham, Johnson, Kelley, Kephart, Kiser, Knowles, Levinson, Lewis, Lilly, Lockhart, Mcartney, McGovern, Menzies, Miller, Mitchell, Moberly, O'Donoghue, Oldenburg, Ollar, Phillips, Quinlan, Ransom, Rhinevault, Schock, Semann, F. Smith, W. Smith, Solley, Staman, Stephenson, Stevens, Taylor, Thatcher, Tiley, Tinsman, Voll, Webber, Wright, Yockey, Zapf. (77).

Quorum present.

Moved by Cummings supported by Staman the minutes of the previous meeting be approved as printed.

A sufficient majority having voted therefor, the motion carried.

Clerk read card of thanks from the family of Cass B. Waters. (Placed on file.)

Clerk read appointment of Ray W. Lahti as Supervisor of the City of Wixom. (Placed on file.)

Clerk read appointment of Ferndale City Supervisors Helen Honer, Roy F. Goodspeed, Clayton G. Lilly, Orph C. Holmes and Thomas H. O'Donoghue. (Placed on file.)

The Chairman appointed Maurice J. Croteau as a member of the Buildings and Grounds Committee to replace the late Cass B. Waters, and Harriet Phillips as a member of the Tuberculosis Sanatorium Committee to replace Louis Elias.

The appointments were approved by the Board.

Clerk read communication from the State Department of Corrections, relative to the County jail. (Placed on file.)

Clerk read request of Mr. L. R. Bezrutch to build a dam at Clear Lake. (Referred to Drain Committee.)

Clerk read letter from Probate Judge Arthur E. Moore requesting that the county utilize the former Contagious Hospital building as a County Mental Hospital and Clinic. (Referred to Special Committee To Study Future Use Of The Contagious Hospital.)

Clerk read communication from Drain Commissioner Daniel W. Barry acknowledging appointment of ex officio member of the County Planning Commission and designating Robert J. Evans, Deputy Drain Commissioner as alternate member. (Placed on file.)

Clerk read resolution of the Oakland County Road Commission relative to procedure in selecting the Chairman of the Board of County Road Commissioners.

Moved by Stephenson supported by Eckman the resolution be approved.

A sufficient majority having voted therefor, the motion carried.

Misc. 3405

By Mr. Cardon

IN RE: SURVIVAL PLAN—CIVIL DEFENSE

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

The Civil Defense Committee herewith submits a report concerning the Federal Survival Plan Project with the State of Michigan as it affects the County of Oakland.

On February 3, 1958, the Oakland County Civil Defense Council was advised by Col. Jerry Miller, resident planner, M.O.C.D., that Federal Government funds had been allocated to devise an operational survival plan for the State of Michigan.

Under contractual agreement, $304,000.00 was appropriated to defray cost of the project, with fixed termination date, July 1, 1958.

All units of government were requested to cooperate and absorb additional expenditures from their local budgetary appropriations. No assisting funds to local units were provided in the Federal contract.

The annual report of the Civil Defense Committee, distributed to the members of this Board on April 15, 1958, appraised you of the Survival Plan agreement.

Despite additional burdens placed therewith upon numerous county and other municipal departments, full cooperation to the limit of budgetary funds available was given to expedite and terminate the project by July 1, 1958.

With serious concern did your Committee receive the information, on July 7, 1958, from the County Director, that the Survival Plan target date, July 1, 1958, would not be held.

Your Committee, by resolution, directed its Chairman to forward letters of inquiry to both the Governor of the State and the State Director of Civil Defense, concerning delay in completing the Survival Plan project.

While Oakland County has pioneered in setting up an effective Civil Defense organization within its boundaries by mutual agreements between county proper and the various home rule municipalities, the State Survival Plan projects a far larger territory. Any strategic planning by your Civil Defense Department beyond its boundary has to be coordinated to the State plan. While preliminary consultations with adjoining counties have been held, no definite commitments could be made, due to lack of State directives.

These are the facts upon which our letter to the State Director were based. It supports our contention that intercounty planning is impossible at this time.

On July 15, 1958, answer to our inquiry was received from Mr. Ralph M. Sheehan, State Civil Defense Director. Due to length of the communication, copies thereof have been mailed to all members of this Board to shorten our report.

Referring to Mr. Sheehan's letter, we draw attention to provisions of the project contract under:

Page 1—Section A—

A movement plan for evacuation of the metropolitan areas of Detroit, Flint, Grand Rapids and Lansing.

Section B—

"To provide basic facts relative to Reception and Care areas for people evacuating from metropolitan areas.

We also refer to Page 2, where Mr. Sheehan states that: ". . . it should be clearly understood the survival plan will not be a cure-all to the problems of civil defense, but a basic guideline . . . an over-all structure of activities to which local communities can correlate their activities."

Despite a multitude of proposals to minimize effects of nuclear attack, evacuation from metropolitan areas is basic strategy of the survival project. By all appearances the State plan will be a broadly-outlined proposal necessitating local adaptation and interpretation.

Oakland County being partly within the perimeter of such target and partly within designated reception area, has to make strategic plans, not only for movement of several hundred thousand of its own population, but also for transit of part of the million or so residents from the County of Wayne and Detroit proper.

The Oakland County Civil Defense Department is ready to proceed further as soon as the State plan is known.

However, your Civil Defense Committee respectfully calls your attention to the scope of activities the Survival Plan presages. Notice is herewith given that with the limited office facilities, the small staff and the budgetary appropriations at hand, it is impossible to fully activate Oakland County's Civil Defense to its ultimate extent, as outlined in Federal and State Proposals.

A significant statement, contained in the "Rockefeller Report" recently submitted to President Eisenhower emphasizes our national situation when it quotes: "The main feature to note with respect to Civil Defense is that it is overdue. It does not make sense for the Free World to engage in a major military effort without at the same time protecting its most important resources; Its Civilian Population."

Ladies and Gentlemen: "A Token Civil Defense is worse than none at all!"

For this reason your Committee asks your full support to gain Federal and State appropriations to activate Oakland County's Civil Defense to its full effect for the survival of our commonwealth.

Now, Mr. Chairman and Ladies and Gentlemen, your Committee wishes to submit a statement of its unanimous opinion on the request made by a member of this Board at the last meeting on July 21, 1958, under "New Business". It concerns the foregoing correspondence between your Committee and the State Civil Defense Director.

The member alleged statements made in said communication to be untrue and demanded retraction be made on the floor.

Your Civil Defense Committee deems such allegation, made at a regular session of the Board of Supervisors constitutes a breach of parliamentary propriety. It is an unjustified slur upon the personal integrity of Committee members by publicly casting doubt as to the veracity of their statements.

This tends to destroy the harmonious cooperation and mutual esteem prevailing among the members of this Board.

If, however, partisan considerations for this "sharp-shooting strategy" are the motivating factor, it is tragically ill-advised, as the object towards which it is directed concerns the welfare of all the people within this County, regardless of creed, color, race, political or social affiliations.

Mr. Chairman, I respectfully submit that, if retraction is called for, it should be made by the member originally demanding it. It should be rendered to this Board and the members of the Committee whose reputation and fitness to administrate your County Civil Defense Department has been sorely maligned.

Mr. Chairman, I move this report be accepted and placed on file.

CIVIL DEFENSE COMMITTEE
CHARLES E. CARDON, Chairman
J. LAWSON LOCKHART
FOREST I. BRENDEL
MARGARET E. HILL
VANCE C. FOUTS

Moved by Cardon supported by Belyea the report be accepted and placed on file.

There were no objections and the motion carried.

Misc. 3406

By Mr. Lilly

IN RE: 1958 DRAIN ASSESSMENT REPORT

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS your Drain Committee has reviewed the assessment rolls as prepared by the Drain Commissioner for the year 1958, and

WHEREAS your Drain Committee concurs in the figures as established by the Drain Commissioner for the various drains in the County, a copy of which is attached hereto, and

WHEREAS a summary of the assessment rolls is as follows:

1932 and Prior Years	
At Large	$45,475.77
1932 and Prior Years	
Property	22,319.69
Current Year, At Large	39,844.86
Current Year, Property	71,064.74
	$178,705.06

NOW THEREFORE BE IT RESOLVED by the Board of Supervisors for the County of Oakland, State of Michigan, that there be assessed, levied and collected for the year 1958 for the purpose of locating, establishing, constructing, maintaining, cleaning out, deepening and extending county drains in Oakland County, within and by the several political subdivisions, the aggregate sum of $178,705.06, which sum represents the total of the assessments for said year and which are contained in the several Drain Assessment Rolls as heretofore determined by the Oakland County Drain Commissioner.

Mr. Chairman, on behalf of the Drain Committee whose signatures appear below, I move the adoption of the foregoing resolution.

IN RE: BY-LAWS—HURON RIVER WATERSHED INTER-GOVERNMENTAL COMMITTEE

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

A copy of the proposed By-Laws for the Huron River Watershed Inter-Governmental Committee was mailed to each member of the Board, by the Committee Clerk on August 28, 1958.

As your representative on the Committee, I recommend the approval of these By-Laws.

THEREFORE, I move that the Oakland County Board of Supervisors approve said By-Laws as mailed to all members and per copy attached to this resolution.

CLAYTON G. LILLY

BY-LAWS

ARTICLE I

NAME AND LOCATION

SECTION 1—NAME

The name of this organization shall be the Huron River Watershed Inter-Governmental Committee, hereinafter called "Committee".

SECTION 2—LOCATION

The principal office of the Committee shall be in the office of the Washtenaw County Planning Commission in the City of Ann Arbor, Michigan.

ARTICLE II

OBJECT AND PURPOSE

SECTION 1—The Committee is hereby established in accordance with Act 200, of the Public Acts of 1957 of the State of Michigan and shall have all the rights and powers of an inter-municipality committee created under said Act.

SECTION 2—The purpose of this Committee shall be to sponsor studies of the problems of mutual concern to member governing bodies in regard to water management and related land uses in the Huron Watershed including water control, water supply, pollution, waste disposal, recreation, irrigation and drainage.

ARTICLE III

MEMBERSHIP

SECTION 1—Any county, city, village or township within or partly within the Huron River Watershed shall be eligible to become a member of the Committee. The governing body of any such unit may make it a member of the Committee by passage of a resolution of intent and by contributing the required financial support as defined in Article VIII.

SECTION 2—Each member shall file with the Secretary of the Committee a written designation of its official representative and official alternate, giving the address of each which shall be used in mailing all notices. Such designation shall remain in effect until another such designation is filed with the Secretary by the same member. The Committees shall be the sole judge of the qualifications of official representatives and official alternates.

SECTION 3—Any member may withdraw from the Committee by action of its governing body and by giving notice of such action to the Secretary.

ARTICLE IV

VOTING

SECTION 1—Each member shall have one vote on each matter coming before the Committee. Said vote shall be cast by the official representative if present, otherwise by the official alternate. Voting by proxy shall not be permitted.

SECTION 2—The voting power of any member which has failed to make any financial contribution required of it by the Committee by the date designated by the Committee shall be suspended until such payment is made.

ARTICLE V

MEETINGS OF THE COMMITTEE

SECTION 1—An annual meeting of the Committee shall be held in the month of May of each year for the purpose of electing officers and for the transaction of any regular business brought before the meeting. The date of the annual meeting shall be determined by the Committee. The annual meeting shall be held in the office of the Washtenaw County Planning Commissior at Ann Arbor, unless another place within the Huron River Watershed is designated by the Committee. At least ten (10) days prior to the date fixed by the Committee for the annual meeting, written notice of the time and place of such meeting shall be mailed to each official representative and official alternate. The Chairman with concurrence of the Committee shall appoint prior to yearly elections a nominating committee of five persons who shall submit a slate of qualified candidates to the membership. Additional nominations may be made from the floor at the annual meeting.

SECTION 2—Other meetings of the Committee shall be held monthly on a regular date to be determined by the Committee and at such place as the Committee determines advisable. It shall not be necessary to give notice of regular meetings.

SECTION 3 — Special meetings of the Committee may be called by the Chairman or by the Executive Committee. Notice of any such special meeting, stating the time and place thereof, shall be mailed to each official representative and official alternate at least seventy-two (72) hours before the time set for such meeting.

SECTION 4—Fifty per cent (50%) of the official representatives (or alternates) of the Committee shall constitute a quorum for the transaction of business.

SECTION 5—All meetings of the Committee shall be conducted in accordance with Robert's Rules of Order, Revised, except that in any situation where Robert's Rules of Order, Revised, conflicts with these By-Laws these By-Laws shall govern.

ARTICLE VI

OFFICERS

SECTION 1—Officers of the Committee shall be a Chairman, Vice-Chairman, Secretary and Treasurer who shall be elected at the Annual Meeting and who shall be official representatives of this Committee. Such officers shall serve for a period of one (1) year but shall continue in office after that time, if necessary, until their successors are elected and qualified.

SECTION 2 — The Chairman shall be the chief executive officer of the Committee. He shall preside over all meetings of the Committee and of the Executive Committee. He shall see that all orders and resolutions of the Committee and of the Executive Committee are carried out. He shall be ex officio member of all sub-committees.

SECTION 3—The Vice-Chairman shall perform the duties and exercise the powers of the Chairman or Secretary during disability or absence of either from the Huron River Watershed, but shall not execute instruments in more than one capacity.

SECTION 4 — The Secretary shall attend all meetings of the Committee and of the Executive Committee and shall preserve in books belonging to the Committee true minutes of the proceedings of all such meetings. He shall give all notices required by these By-Laws. He shall perform the duties and exercise the powers of the Treasurer during his disability or absence from the Huron River Watershed, but shall not execute instruments in more than one capacity.

SECTION 5—The Treasurer shall have custody of all the funds of the organization, shall deposit all monies received by him in the name of the organization in such depository or depositories as may be designated for that purpose by the Committee. He shall disburse the funds of the organization as appropriated by the Committee. He shall keep in books belonging to the Committee full and accurate accounts of all receipts and disbursements and shall render to the Chairman, the Executive Committee and the Committee whenever requested, an account of his actions as Treasurer and of the financial condition of the organization. All monies of the Committee shall be kept in a general fund, except such as may be subscribed or contributed for some specific purpose, which monies shall be placed in a separate fund for such purpose.

SECTION 6 — All checks, drafts and orders for the payment of money shall be signed in the name of the Committee by either the Treasurer or Secretary and by either the Chairman or the Vice-Chairman. All other instruments may be executed by any two of the following four officers: Chairman, Vice-Chairman, Secretary or Treasurer, if the resolution authorizing the execution of the instrument does not specify by whom it is to be executed.

ARTICLE VII

COMMITTEES

SECTION 1—EXECUTIVE COMMITTEE

The Chairman, Vice-Chairman, Secretary and Treasurer and two members selected from the Committee shall constitute an Executive Committee which shall have such powers as are prescribed in the By-Laws, or may be, from time to time granted to it by resolution of the Committee. The two members who are not officers shall be elected at the annual meeting and shall serve until the next annual meeting. The Executive Committee shall meet at the call of the Chairman. Notice of each meeting shall be mailed to each member of the Executive Committee at least seventy-two hours before the time set for the meeting and shall state the time and place thereof, provided however that notice may be waived in writing either before or after any meeting by any member of the Executive Committee. A quorum of the Executive Committee shall be four members thereof. If and when the members of the Executive Committee shall all severally or collectively consent in writing to any action to be taken by the Executive Committee, such action shall be as valid as though it had been authorized at a meeting of the Executive Committee.

SECTION 2—Sub-Committees may be established by action of the Committee. The Chairman shall appoint the members of such sub-committee from the membership of the Committee and from such other persons as the Committee may deem advisable.

ARTICLE VIII

FUNDS AND FINANCES

SECTION 1—The Committee shall have the authority from time to time to determine the amount of funds needed to carry out its program, and the proportion of the total amount of funds to be provided by each member and the dates by which such contributions shall be made.

SECTION 2—Initial operating expenses shall be met by appropriation of funds by members according to the following formula:

(1) Cities, Villages and Townships: three cents per capita based on the 1950 census.

(2) Counties: flat rate based on area affected and problems which are evident: Washtenaw County, $2,000; Wayne County, $1,000; Livingston County, $500; and Oakland County, $500; and shall be due and payable by each member after approval by that member as to its share on a date established by the Committee.

SECTION 3 — The Committee shall have the power to spend the funds of the Committee for any purpose which it determines will advance the purposes and objectives of the Committee as set forth in these By-Laws, except that monies in any special funds created under article VI, Section 5 shall be used only for the purposes for which that fund was created.

SECTION 4—The books and affairs of the Committee shall be audited once a year by a firm of certified public accountants. Such audits shall be ordered and prepared in time for the annual elections and printing of the annual report.

ARTICLE IX

BONDS

SECTION 1—Before entering upon the duties of this office, each officer shall procure a bond satisfactory to the Executive Committee conditioned on faithful performance of the duties of his office and on restoration to the Committee, upon the termination of his tenure, all books, papers, vouchers, money and property of whatever kind in his possession or under his control belonging to the Committee. By action of the Committee, employees may be required to furnish such bonds in such amounts and on such terms and conditions as the Committee may require. Premiums for such bonds shall be paid by the Committee.

ARTICLE X

GIFTS AND GRANTS

SECTION 1—The Committee may accept gifts and grants from the Federal Government, State Government, and local government, also from private individuals, foundations or agencies if the grants are made for the furtherance of the objectives for which the Committee is established.

ARTICLE XI

REPORTS

SECTION 1 — The Committee shall make an annual report of its activities

(Continued on following Page)

OAKLAND COUNTY DRAIN ASSESSMENTS FOR THE YEAR 1958

DANIEL W. BARRY, DRAIN COMMISSIONER

RESOLVED: By the Board of Supervisors for the County of Oakland, State of Michigan, that there be assessed, levied and collected for the year 1958 for the purpose of locating, establishing, constructing, maintaining, cleaning out, deepening and extending County Drains in Oakland County within and by the several political subdivisions the following sums, which sums represent the total of the assessments for said year and which are contained in the several Drain Assessment Rolls as heretofore determined by the Oakland County Drain Commissioner:

to the several members.

SECTION 2—The Committee may publicize its purpose, objectives and findings and may distribute reports thereon.

ARTICLE XII

BY-LAWS AND AMENDMENTS

SECTION 1—The By-Laws shall be approved by the governing bodies of all members.

SECTION 2—Amendments to the By-Laws shall be proposed by the Committee and approved by the governing bodies of all members.

ARTICLE XIII.

LIFE OF COMMITTEE—DISSOLUTION

SECTION 1—Unless earlier dissolved by the vote of the Committee or unless extended by the vote of the Committee, the Committee shall dissolve on May 15, 1963. Upon any dissolution the Committee shall, remain in existence long enough to distribute its assets to the members in accordance with the proportion of funds contributed by them within the two (2) years preceding the date of dissolution.

AMENDMENT I

ARTICLE VII

COMMITTEES

SECTION 1—EXECUTIVE COMMITTEE

The Chairman, Vice-Chairman, Secretary and Treasurer and two members selected from the Committee shall constitute an Executive Committee which shall have such powers as are prescribed in the By-Laws, or may be, from time to time granted to it by resolution of the Committee The two members who are not officers shall be elected at the anual meeting and shall serve until the next annual meeting. There shall be such additional ex officio members of the Executive Committee as there may be participating counties who shall represent and be chosen by the respective Boards of Supervisors of said counties. The Executive Committee shall meet at the call of the Chairman. Notice of each meeting shall be mailed to each member of the Executive Committee at least seventy-two (72) hours before the time set for the meeting and shall state the time and place thereof, provided however that notice may be waived in writing either before or after any meeting by any member of the Executive Committee. A quorum of the Executive Committee shall be a majority of the appointed members. If and when the members of the Executive Committee shall all severally or collectively consent in writing to any action to be taken by the Executive Committee, such action shall be as valid as though it had been authorized at a meeting of the Executive Committee.

Moved by Lilly supported by Staman the By-Laws be approved.

A sufficient majority having voted therefor, the motion carried.

IN RE: SOUTHEASTERN OAKLAND COUNTY SEWAGE DISPOSAL SYSTEM—AUTHORIZATION TO FILE APPLICATION FOR FEDERAL GRANT

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS the Board of Supervisors, by the adoption of Miscellaneous Resolution No. 3399 dated July 21, 1958, has expanded the Southeastern Oakland County Sewage Disposal System, pursuant to provisions of Act 342 of Public Acts of 1939, as amended, and

WHEREAS, by said Miscellaneous Resolution No. 3399, the Oakland County Drain Commissioner was designated as agent of the County for the Southeastern Oakland County Sewage Disposal System, and

WHEREAS the Southeastern Oakland County Sewage Disposal System Project will be financed by a bond issue and funds for the payment of said bonds shall be furnished by member municipalities of the Southeastern Oakland County Sewage Disposal System, and

WHEREAS the Southeastern Oakland County Sewage Disposal System Project is eligible for a Federal Grant under the terms of the Federal Water Pollution Control Act (33 USC et SEQ);

NOW THEREFORE BE IT RESOLVED that the Oakland County Drain Commissioner as agent of the County for the Southeastern Oakland County Sewage Disposal System be and is hereby authorized to file an application with the proper authorities for a Federal Grant under the Federal Water Pollution Control Act.

Mr. Chairman, on behalf of the Drain Committee whose signatures appear below, I move the adoption of the foregoing resolution.

DRAIN COMMITTEE
CLAYTON G. LILLY,
Chairman
ROY F. GOODSPEED
LUTHER HEACOCK
W. R. RANSOM

IN RE: STORM AND SANITARY SEWAGE FACILITIES FOR SOUTHEASTERN OAKLAND COUNTY—ANSWER TO ORDER OF STATE HEALTH COMMISSIONER

Mr. Chairman, Ladies and Gentlemen:

WHEREAS on August 29, 1958, the State Health Commissioner of the State of Michigan, issued an Order directed to the Southeastern Oakland County municipalities individually and collectively and to all public agencies, including the County of Oakland, and public officials concerned therewith, requiring them to proceed immediately and with all reasonable diligence to provide means of correcting health hazards resulting from inadequacies of sewerage systems of these municipalities; and on or before October 1, 1958, submit a statement setting forth the manner, means and procedures by which it is proposed to make said sewer systems adequate and how it is proposed to operate and maintain such systems so as to adequately protect the public health and eliminate the public nuisance and hazard to the public health caused by said sewer systems, and

WHEREAS such Order further requires stipulation of specific dates upon which the following construction shall have been commenced:

a. Dequindre Road Relief Interceptor and branches;

b. Enclosure of the Red Run Intercounty Drain from Campbell Road to Stephenson Highway;

c. Relief sewers and outlet and control structure necessary to properly receive and convey sewage and storm water to a proper point of outlet.

d. Facilities for treatment of sewage and wastes from said sewer systems either by contract with the City of Detroit or by such other means as may be approved by the State Health Commissioner; and

WHEREAS it has been clearly demonstrated and agreed that logical and economically sound solutions for these sewerage and drainage deficiencies clearly lie in inter-municipal projects to secure and provide these facilities jointly for all of the named municipalities; and

WHEREAS all plans for the named additional facilities are either completed and on file or will be completed and on file within sixty days;

NOW THEREFORE BE IT RESOLVED that the following be submitted by the County of Oakland as answer to the Order of the State Health Department, dated August 29, 1958:

That subject to unavoidable delays which may result from failure of Municipal or State Agencies, not under the control of the County of Oakland, to consumate all necessary action required of them, and subject to unavoidable delays caused by litigation involving the named projects, the County of Oakland, on behalf of its Agents, agrees that it will comply with the Order issued by the State Health Commissioner of the State of Michigan on August 29, 1958, specifically as follows:

1. That the pollution control for Southeastern Oakland County Sewage Disposal System will be strictly in accordance with recommendations contained in report prepared by Hubbell, Roth and Clark, Incorporated, entitled "Report on Pollution Control—Red Run, Southeastern Oakland County Sewage Disposal System, dated November, 1956" as supplemenated by report of Hubbell, Roth and Clark, Incoroprated, entitled "Report for the Enclosure of the Red Run Ditch, Campbell Road to Stephenson Highway", dated September 13, 1957;

2. That on or before October 15, 1958, it will secure contract executed by the City of Detroit for necessary treatment of additional sewage and wastes as required for the Southeastern Oakland County Sewage Disposal System;

3. That on or before October 15, 1958, there will be submitted to the State Health Commissioner for his review and approval, construction plans and specifications for the enclosure of the Red Run Inter-County Drain between the present terminus of said Drain at or near the intersection of Twelve Mile and Campbell Roads and the proposed Outlet Structure to be constructed at or near the intersection of Red Run Intercounty Drain and Stephenson Highway.

4. That on or before December 1, 1958, all preliminaries prerequisite to entering into contracts for construction of the several items of work, including plans, specifications, advertising for bids, agreements, ordinances and all other matters and things for the (a) RED RUN INTERCOUNTY DRAIN ENCLOSURE and (b) THE DEQUINDRE RELIEF INTERCEPTOR, will be completed;

5. That on or before March 1, 1959, all preliminaries prerequisite to entering into contracts for construction of the several items of work, including plans, specifications, advertising for bids, agreements, ordinances and all other matters and things for the TWELVE TOWNS RELIEF DRAINS; will be completed;

6. That on or before December 1, 1958, contracts will be entered into for the construction of the RED RUN INTERCOUNTY DRAIN ENCLOSURE and the DEQUINDRE RELIEF INTERCEPTOR; and on or before March 1, 1959, contracts will be entered into for construction of all sections and items comprising the TWELVE TOWNS RELIEF DRAINS;

That thereupon and thereafter construction of all contracted work will be diligently pursued to completion in accordance with schedule of completion contained in the Order of the State Health Commissioner, dated August 29, 1958, and that all facilities so constructed will be placed in service at the earliest date possible thereafter, and be thereafter adequately maintained and operated.

Mr. Chairman, on behalf of the Drain Committee whose signatures appear below, I move the adoption of the foregoing resolution.

DRAIN COMMITTEE
CLAYTON G. LILLY,
Chairman
ROY F. GOODSPEED
LUTHER HEACOCK
GEORGE S. HORKEY
WM. K. SMITH

IN RE: DISPOSAL OF COUNTY-OWNED HOUSES

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS the County owns 14 houses in the City of Pontiac on Stanley Street an. West Kennett Road which are now vacant and, because of their present physical condition, cannot be used for welfare or other housing, and

WHEREAS the County also owns 4 new houses on West Kennett Road which are in good condition and are presently being used by the Social Welfare Board for indigent housing, and

WHEREAS the addresses and sizes of said houses are as follows:

	Stanley Street	
1373-5	2 Apartments	Size—20' x 40'
1383-5	2 Apartments	Size—20' x 40'
1393-5	2 Apartments	Size—20' x 40'
	West Kennett Road	
500	1 Apartment	Size—16' x 40'
508)		
510)	4 Apartments	Size—20' x 56'
512)		
514)		
655-9	2 Apartments	Size—20' x 60'
663-5	2 Apartments	Size—16' x 40'
673-5	2 Apartments	Size—20' x 24'
681-3	2 Apartments	Size—16' x 40'
691	1 Apartment	Size—14' x 20'
695-7-9	3 Apartments	Size—20' x 48'
	West Kennett Road—New Houses

643	1 Apartment	Size—20' x 30'
647	1 Apartment	Size—20' x 30'
651	1 Apartment	Size—20' x 30'

and

WHEREAS the County Social Welfare Board at a meeting on September 4, 1958, recommended to your Committee that the 14 houses be disposed of as soon as possible in order to avoid possible County liability, which recommendation was approved by unanimous vote of the Committee for recommendation to this Board, and

WHEREAS the Welfare Committee has been advised by the Social Welfare Board that the officers of the Clinton Valley Council of Boy Scouts has made a request for donation to the Council of the 14 vacated houses to be moved to their Camp Agawam site in Lake Orion and that they would be willing to do this at their own expense and leave the premises in good condition after the houses are moved, and

WHEREAS the County Social Welfare Board has also had a written request from a prospective purchaser of the 14 vacant houses,

NOW THEREFORE BE IT RESOLVED that the manner of disposal of the 14 vacant and unused houses as above described, be referred to the Buildings and Grounds Committee for early recommendation to the Board

BE IT FURTHER RESOLVED that the matter of whether or not the 4 new houses, as described above, should be retained by the County or disposed of, be studied by the Buildings and Grounds Committee and report made to the Board.

Mr. Chairman, on behalf of the Welfare Committee, I move the adoption of the foregoing resolution.

IN RE: ENDORSEMENT OF MR GEORGE H. BURT FOR REAPPOINTMENT TO SOCIAL WELFARE BOARD

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS Mr. George H. Burt has served Oakland County as the state appointed member of the Oakland County Social Welfare Board continuously since its inception on November 1, 1939, with honor and distinction, and

WHEREAS his present term of office expires on December 31, 1958, and

WHEREAS because of his familiarity with the operations of the Oakland County Department of Social Welfare, his broad experience with the particular problems of Oakland County, and his outstanding record as a member of said Board, he not only merits reappointment but his services will insure the continuation of efficiency in the operation of the County Welfare program;

NOW THEREFORE BE IT RESOLVED that the Oakland County Board of Supervisors do hereby respectfully request the State Department of Social Welfare to reappoint Mr. George H. Burt as a Member of the Oakland County Social Welfare Board to succeed himself for the three year term commencing January 1, 1959;

BE IT FURTHER RESOLVED that the County Clerk forward a certified copy of this resolution to the State Department of Social Welfare at Lansing.

Mr. Chairman, I move the adoption of the foregoing resolution.

IN RE: EMPLOYEE FOR JUVENILE PROGRAM — ROYAL OAK TOWNSHIP

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Ways and Means Committee respectfully reports that it has given further consideration to the request made by the Supervisors of Royal Oak Township for County participation to set up an effective youth program in that area. This was previously reported to the Board on June 23, 1958 (Misc. 3392).

This matter originated with a study made by the Cooperative Extension Service Committee where consideration was given to the various aspects of this problem as presented by Supervisor Dickens of Royal Oak Township. Details of such study were presented to the Committee by Supervisor Clack, Chairman of the Cooperative Extension Service Committee on June 12, 1958, when he reported on information gathered by his Committee, all of which has been of valuable assistance to your Ways and Means Committee in arriving at a definite recommendation on this subject.

Your Committee recommends that the County work cooperatively with Royal Oak Township in such a program on a trial basis for the balance of the current year and for the year 1959, and that a position to be classified "Coordinator of Community Organizations" as approved by the Salaries Committee, be added to the staff and work under the supervision of the Juvenile Court.

Your Committee further recommends that the County assume $1,550 of the cost of such program for the balance of the current year and that the remainder of the estimated total cost for this year of $2,350 be paid from funds which Royal Oak Township has appropriated and will deposit with the County for such purpose.

NOW THEREFORE BE IT RESOLVED as follows:

1. That an additional position of coordinator of Community Organization be added to the Juvenile Division of the Probate Court effective as soon as a qualified employee may be recruited.

2. That the sum of $1,550, which is the County's portion of the estimated cost for such employee for the balance of the current year, be transferred from the Unappropriated Surplus Fund to the Salaries Reserve Fund to be added to the budget of the Juvenile Division, Probate Court when such employee begins work.

3. That the County Board of Auditors be authorized to notify Royal Oak Township that this program is being initiated in accordance with their request and that they be respectfully requested to deposit with the County the sum of $800, being their pro rata share of the cost of the program for the balance of the current year.

Mr. Chairman, on behalf of the Ways and Means Committee, I move the adoption of the foregoing resolution.

IN RE: RELEASE OF RIGHT-OF-WAY TO ROAD COMMISSION

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS the Board of Oakland County Road Commissioners have requested release of right-of-way to it of the following described land to be used for road purposes only for completion of the construction of access road between Pontiac Lake Road and Telegraph Road at the County Service Center, and

WHEREAS the Board of Supervisors has previously authorized the construction of this and other roads at the County Service Center per general plan approved at the meeting of the Board on June 23, 1958, and

WHEREAS said right-of-way runs over land legally described as follows:

Commencing at the center of Section 24, T3N, R9E, Waterford Township, Oakland County, Michigan, thence S 1°-46'-12" E a distance of 97.37 feet; thence S 58°-48'-03" E a distance of 603.04 feet to the point of beginning of this description; thence N 1°-25'-43" W a distance of 1660.60 feet; thence northeasterly on a curve to the right whose long chord bears N 17°-38'-38" E a distance of 291.42 feet, whose radius is 442.26 feet, whose central angle is 38°-28'-42", an arc distance of 297.01 feet to the westerly property line of Telegraph Road; thence southeasterly along the westerly property line of Telegraph Road on a curve to the left whose long chord bears S 2°-36'-02" E a distance of 380.12 feet, whose radius is 1637.61 feet, whose central angle is 13°-19'-46", an arc distance of 380.98 feet; thence S 72°-18'-00" W a distance of 245.00 feet; thence S 1°-35'-43" E a distance of 1591.02 feet; thence N 58°-48'-03" W a distance of 78.51 feet to the point of beginning;

NOW THEREFORE BE IT RESOLVED that, subject to the approval of the Buildings and Grounds Committee, the Chairman and Clerk of this Board be authorized to execute a release of right-of-way to the Board of County Road Commissioners, said release of right-of-way to be prepared by the Corporation Counsel and cover the right-of-way as above described.

Mr. Chairman, on behalf of the Ways and Means Committee, I move the adoption of this resolution.

IN RE: TRANSFER OF FUNDS FOR DIRECT RELIEF

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Ways and Means Committee respectfully reports to the Board on transfer of moneys to the Welfare Account from other accounts which has been necessary in order to provide sufficient funds to meet the increased demands of the Direct Relief Program of the County.

Your Committee has maintained close supervision of the welfare situation. In order to fully inform members of the Board on the present situation and future possibilities, a report on Direct Relief Disbursements and Receipts is now presented in detail:

Total Direct Relief Disbursements from January 1, 1958 to July 31, 1958 (This amount covers both State and County Funds)	$1,867,258.45
County share of Funds disbursed during this same period	1,307,080.91
County Budget for the same period	612,500.00
Overdraft in County Direct Relief Budget July 31, 1958	694,580.91
Less receipts for seven months, January 1, 1958 to July 31, 1958	98,014.35
State share of $1,867,258.45	560,177.54

Funds have been advanced from the following accounts:

Salaries Reserve Fund	$100,000.00
From 1957 Surplus Fund	109,019.14
From Medical Care Facility	25,000.00

It has also been necessary to transfer $150,000.00 from the General Fund to the Direct Relief Fund to pay July 1958 bills. This amount transferred will be set up as an account receivable to the General Fund.

At the present rate of disbursements for Direct Relief, the total disbursement from January 1, 1958 to December 31, 1958, will be $3,167,258.45. This sum includes the cost to both State and County.

The County share is estimated at $2,217,080.91 (70% of the above amount).

1958 Budget	$1,050,000.00
Estimated Receipts	160,000.00
Total Budget and Receipts	$1,210,000.00

Estimated Overdraft in County Funds this year of $907,080.91 for Direct Relief is anticipated.

WHEREFORE, Mr. Chairman, I move that the foregoing report be accepted and the action of the Ways and Means Committee in authorizing the transfer of funds as above set forth, be ratified and confirmed.

IN RE: LOAN TO DEPARTMENT OF PUBLIC WORKS

Mr. Chairman, Ladies and Gentlemen:

Whereas the Director of the County Department of Public Works appeared before your Ways and Means Committee on August 1, 1958 and presented a plan for the purchase of a suitable site in Southfield for a sewage pumping station to be used in conjunction with the proposed Farmington Interceptor, and a request for a loan of $29,000.00 for such purpose, and

WHEREAS funds for said purchase of real estate are not presently available to the Department for this purpose, and

WHEREAS an advantageous purchase of a site can be made at the present time, which is to later be included as a part of the Farmington Interceptor Project and financed by issuance of bonds,

NOW THEREFORE BE IT RESOLVED that the sum of $29,000.00 be advanced from the General Fund to the County Department of Public Works for purchase of the needed pumping station site, on a loan basis, to be repaid the County when bonds are sold for the Farmington Interceptor Project;

BE IT FURTHER RESOLVED that the said pumping station site be deeded to the County of Oakland in the event that said Project is abandoned.

Mr. Chairman, I move the adoption of the foregoing resolution.

IN RE: MILLAGE FOR HURON-CLINTON METROPOLITAN AUTHORITY

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS it is an annual function of the Board of Supervisors to adopt a budget to indicate the needs of the County as best they can be anticipated for the next fiscal year, and

WHEREAS one of the items in each budget since the formation of the Huron-Clinton Authority has been the millage certified by the Authority to the County, and

WHEREAS the millage has been included in that allocated to the County by the Tax Allocation Board although the allocation of the County was in a gross amount and did not specify any particular amount for any particular purpose, and

WHEREAS in a recent case in Wayne County entitled, "Chester J. Morse vs. Board of Supervisors of Wayne County", being Wayne Chancery Case No. 570541, the Court held that the millage to which the Authority was entitled was a millage voted by the people and was no part of the 15 mill limited by Article X, Section 21 of the Constitution, and

WHEREAS the County was allocated 5.62 mills by the County Tax Allocation Board and the Board of Supervisors contemplated that the proceeds from the ¼ mill of the 5.62 would be used to pay the Huron-Clinton Metropolitan Authority, and

WHEREAS the raising of their millage outside of the allocated millage will make ¼ mill available to be used to reduce the certain deficit at the end of the present fiscal year, which deficit is brought about by reason of the unusual unemployment problem with the incident increase in welfare, and

WHEREAS the deficit is expected to be $907,080.91 by December 31, 1958, if it continues at the same rate as up to the present, and

WHEREAS failure to levy the ¼ mill opened up by the Wayne Court decision will necessitate borrowing funds with the incidental cost and also requiring more millage in 1959 to retire the debt, with the result that the schools would suffer in 1959 and 1960 from failure to levy the ¼ mill) now,

NOW THEREFOP'S BE IT RESOLVED

1. That the Tentative County Budget be amended by removing the Huron-Clinton Metropolitan Authority as an item in the budget;

2. That the item for welfare be increased by the amount ¼ of a mill will produce on the valuation of the County as equalized by the State;

3. That the Committee Clerk supply the Press with copies of this resolution so that it may receive as wide publicity in the County as possible.

Mr. Chairman, on behalf of the Ways and Means Committee, I move the adoption of the foregoing resolution.

WAYS AND MEANS COMMITTEE
FRED W. SMITH, Chairman
R. C. CUMMINGS
DAVID LEVINSON
HILAND M. THATCHER
ORPH C. HOLMES
FRANK J. VOLL SR.
JOHN L. CAREY

Moved by F. Smith supported by Cummings the resolution be adopted.

AYES: Allerton, Belyea, Bender, Bonner, Boyer, Brendel, Cardon, Carey, Castle, Christensen, Clack, Clark, Clawson, Crenshaw, Croteau, Cummings, Davis, Dickens, Dohany, J. W. Duncan, R. Duncan, Eckman, Ewart, Fouts, Frid, Goodspeed, Hamlin, Harper, Heacock, Henry, Hoard, Holmes, Horkey, Horton, Hudson, Hulet, Hursfall, Ingraham, Johnson, Kelley, Kephart, Kiser, Knowles, Levinson, Lewis, Lilly, Lockhart, McCartney, McGovern, Menzies, Miller, Mitchell, Moberly, O'Donoghue, Oldenburg, Ollar, Phillips, Quinlan, Ransom, Rhinevault, Schock, Semann, F. Smith, W. Smith, Solley, Staman, Stephenson, Stevens, Taylor, Thatcher, Tiley, Tinsman, Voll, Webber, Wright, Yockey, Zapf. (77)

NAYS: None. (0)

A sufficient majority having voted therefore, the resolution was adopted.

Moved by Miller supported by Cummings the Board adjourn to September 15, 1958.

A sufficient majority having voted therefor, the motion carried.

FLORENCE J. ALLEN,
Clerk

DELOS HAMLIN
Chairman

SEPTEMBER 15, 1958

Meeting called to order by Chairman Delos Hamlin.

Invocation given by Reverend Charles C. Jatho of St. John's Episcopal Church, Royal Oak.

Roll Called: Allerton, Belyea, Bender, Boyer, Brendel, Cardon, Carey, Castle, Christensen, Clack, Clark, Clawson, Crenshaw, Croteau, Cummings, Davis, Dickens, J. W. Duncain, R. Duncan, Eckman, Fouts, Frid, Goodspeed, Hamlin, Harper, Heacock, Henry, Hill, Hoard, Holmes, Horkey, Horton, Hudson, Hulet, Hursfall, Ingraham, Johnson, Kelley, Kiser, Knowles, Lahti, Levinson, Lilly, Lockhart, MacDonald, McCartney, McGovern, Menzies, Mitchell, Moberly, O'Donoghue, Oldenburg, Ollar, Qlinlan, Ramsey, Ransom, Rhinevault, Schock, Semann, F. Smith, W. Smith, Solley, Staman, Stephenson, Stevens, Swanson, Taylor, Thatcher, Tinsman, Voll, Webber, Weinburger, Wright, Yockey, Zapf. (75). Quorum present.

Moved by Hudson supported by McGovern the Journal for the June Session be approved and closed and the June Session stand adjourned sine die.

A sufficient majority having voted therefor, the motion carried.

FLORENCE J. ALLEN,
Clerk

DELOS HAMLIN
Chairman

GENERAL ELECTION NOTICE

To the Qualified Electors:

Notice is hereby given, That a General Election will be held in the Township of Bloomfield, County of Oakland, State of Michigan, on Tuesday, November 4, 1958, at the place or places of holding the election in said Township as indicated below, viz:

Precinct No. 1—Bloomfield Township Hall, 4200 Telegraph Rd.

Precinct No. 2—Bloomfield Village School, on Lahser Rd., north of Maple Rd.

CRYSTAL LAKE

ORDINANCE NO. 1371

Adopted October 21, 1958

Effective October 31, 1958.

An Ordinance to amend the Building Zone Map of Ordinance No. 944, known as "The Building Zone Ordinance."

The City of Pontiac Ordains:

Section 1:

The Building Zone Map of the Building Zone Ordinance is hereby amended to provide that the land in the description hereinafter set forth be classified as Personal Service.

Lots 236 to 239 both inclusive, Crystal Lake Subdivision.

Section 2:

The change in the Building Zone Map in the above area to Personal Service is made pursuant to the recommendation of the City Plan Commission and said Commission is hereby appointed to make a final report upon this amendment to this Commission previous to the public hearing to be held before this amendment is adopted, pursuant to Section 4 of Act No. 207 of the Public Acts of 1921, as amended.

Section 3

That not less than fifteen (15) days notice of the time and place of the public hearing on the final passage of this amendment shall be given in a newspaper of general circulation in this city; that such public hearing is hereby fixed at October 21, 1958.

Section 4:

This ordinance shall take effect ten (10) days from and after the date of its passage by the City Commission of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac, this 21 day of October, A.D. 1958.

PHILIP E. ROWSTON,
Mayor
ADA R. EVANS,
City Clerk
Oct. 23, '58.

GENERAL ELECTION

To the Qualified Electors:

Notice is hereby given, that a General Election will be held in the Township of Brandon (Precinct No. 1 & 2), State of Michigan at the Township Hall, 486 Mill St., Ortonville within said Township on Tuesday, November 4, 1958 for the purpose of electing the following officers, viz:

State—Governor, Lieutenant Governor, Secretary of State, Attorney General, State Treasurer, Auditor General.

Congressional—United States Senator, Representative in Congress.

Legislative—State Senator, Representative.

County—Prosecuting Attorney, Sheriff, County Clerk and Register of Deeds, County Treasurer, Auditor in Counties electing same, Drain Commissioner, Coroners, Surveyor, and such other officers as are elected at that time.

Non-Partisan Election—For the purpose of electing the following officers, viz:—2 Circuit Court Commissioners and to vote on the following Constitutional Convention proposal: "Shall a Convention be held to consider revision or amendment of the Michigan Constitution for subsequent submission to the electors of this State for their approval?"

Also any additional Amendments or propositions that may be submitted. Notice Relative to Opening and Closing of the Polls—Election Law, Act 116, P.A. 1954, Section 720. On the day of any election the polls shall be opened at 7 o'clock in the forenoon, and shall be continuously open until 8 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote. The polls of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

Dated October 18, 1958.

Naturalist Gives Aid to Watchers

Movement, Not Color, Frightens Wildlife; Low Monotone Best to Use

WASHINGTON — Famed Naturalist William Beebe offers 12 rules for observing wildlife without scaring your quarry.

In more than 60 years of studying nature, Dr. Beebe has evolved effective ways to gather information while remaining inconspicuous.

★ ★ ★

Writing in a national magazine, he suggests to forest watchers:

1. Move only when the wind blows and moves the leaves.

2. When a wild creature is near, keep eyes partly closed. Animals do not like to be stared at.

3. Hold hands high so that any movement is down, as leaves fall.

4. When listening to faint sounds, keep mouth slightly open.

5. Drab clothes are best, but a scarlet or blue shirt will do no harm if one keeps still. It is movement, not color, which frightens wildlife.

6. If sand flies or mosquitoes are bad, do not be ashamed to use a repellent. A dozen mosquitoes biting at once may disturb the toughest observer.

7. When approaching a singing bird, take a step during each song; many birds will not notice.

8. Learn to squat East Indian fashion. It allows two slight shifts which alternately ease all muscles, and keeps you clear of wet surfaces.

9. When squatting, hold binoculars (Dr. Beebe's choice is 7 x 50) close to nose, so they can be shifted to the eyes with a minimum of motion.

10. Don't trust your eyes or memory when you can check and recheck.

11. A sudden yell or gunshot frightens wild birds for a few seconds, but the effect of a cough or a sneeze will last much longer.

12. A low monotone in speaking is less disturbing than a hissing whisper.

MacLeay Criticizes 'Standards, Apathy and Lack of Support'

PCH Coach Raps Athletic 'Passiveness'

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

By degree, he's Dr. Jesse C. MacLeay.

By profession, he's Pontiac Central head football coach Jesse MacLeay.

But as teacher and as citizen, he's just Mr. MacLeay and like most citizens, he speaks his mind to compliment or criticize what he believes should be complimented or criticized.

★ ★ ★

In his second year as resident of the area and as head football coach at PCH, MacLeay laid the failure of Pontiac football and lack of adult interest to "community passiveness and general all around apathy."

"Children in Pontiac have not been given a standard which they are required to achieve, the physical standards are poor and the community accepts it this way with a very passive attitude," said MacLeay.

★ ★ ★

"I'm not talking about football standards alone, it is also the poor attitude of the general student.

"The kids are soft and I am not a believer of this progressive education. The children should try to make themselves do better, and if they don't, then they should be evaluated to that extent and no further.

"Kids think nothing of missing football practice or skipping school. You shouldn't have to beg a player to come to practice. You shouldn't have to answer to parents who baby their son when he gets a slight injury on the football field.

"We have players who get the smallest injury and we might as well consider them out for the season. They haven't been trained to be tough."

In attempting to pinpoint the responsibility for "the failure to set standards," MacLeay said, "I don't think you can lay all the blame to one area. It's a cultural thing. All areas, the parents, the elementary schools, junior high schools, high schools, community leaders and civic groups, must set higher and tougher standards and let the children put more effort in reaching those standards.

"I believe the kids should compete in everything. The history of the world is based on competition.

★ ★ ★

"The school system has made some marvelous changes of tightening up, now its up to the parents and the community to help," he added.

In regard to Pontiac athletics, MacLeay summarized:

"There is a definite weakness as far as athletics go in Pontiac. But why has football been the weakest?

"First, it takes a high standard of work and effort. And the kids have not had the training and they never had to attack a severe problem and make an effort to solve it."

"Secondly it takes more men to play football and again when you set a standard which has to be reached in order to play on the varsity, you find many kids just don't have that desire. They think it's ridiculous to try to reach those standards. These are the kids who will never reach their capabilities."

"We have only 33 players left on our squad. They quit for various reasons, but mostly because they have never been encouraged or taught to get tough and stick with it.

★ ★ ★

"There are some wonderful kids on this football team this year. We push them and many of them have responded the best they know how. You can't ask for any more.

"How about the parents and the community? They do not support football," he said, "they will criticize, but fail to get behind their own kids."

When MacLeay came to Pontiac, he said he was told, "Show us kids who want to win and will do their best and this town will support you."

"These kids have a 4-1 record. They have done better than what they really have in talent, but where's that support?" MacLeay asked.

"These kids need a lift, but they haven't received it from the adults," he said, "despite the fact that the few boys we have left on the team have shown they have a will to do their best."

★ ★ ★

"An example of support," he suggested, "watch when we play Flint Northern here Friday night, there will be more people here from Flint and their team will get a lot more support.

"Many don't expect us to beat Flint Northern, but we will play to win and try our best, that's all you can hope to do," MacLeay concluded.

★ ★ ★

(MacLeay earned his Doctorate from the University of Illinois and his Ph. D. Thesis on physical fitness was printed in the state of Illinois report of the Governor's Conference on Youth Fitness, in May 1957.

The report was printed in conjunction with President Eisennower's executive order establishing a Council on Youth Fitness in America and distributed through the University of Illinois.)

Chiefs to Find Vikings Versatile Crew

SPORTS

Flint Northern Has Speed and Strong Offense

Halfback Jim Hodo Has 13-Yard Average for Vikings

Give him the ball and he'll know what to do with it. His name is Jim Hodo and he's the Flint Northern right halfback who does what coach Andy McDonald likes most — he carries the ball at a 13.0 average, passes for touchdowns and he intercepts them on defense.

Just as versatile is quarterback Gene Csapo who passes for long gains, runs well and kicks the extra points.

★ ★ ★

These are the Vikings of Flint Northern, members of the 4th ranked team in Michigan which will face Pontiac Central at Wisner Stadium Friday night.

PCH, with a 4-1 record, is a decided underdog against Flint Northern, which started the season by losing 12-6 to Grosse Pointe before routing Grand Rapids Catholic, 39-7, Saginaw, 47-0 and Muskegon 41-6.

All three of these teams were among highly rated class A teams before the Vikings mauled them.

★ ★ ★

Hodo has been the big gainer with 454 yards rushing in 35 carries thus far. He has five touchdowns. He is a 5-9 and 170 pound junior.

Flint Northern has seven juniors, one sophomore, and three seniors on the power-laden team. In the backfield is big Jim Penrod a 200 pound senior fullback and speedy Jerry Wright a 155 pound junior at left half.

Csapo, a 170 pound senior quarterback, alternates at the position with Vic Urick a junior who McDonald says is really the better passer of the two.

★ ★ ★

Csapo completed four for four against Muskegon last week, including three for touchdowns and 100 yards. He scored once and booted five points.

Northern has tremendous outside speed. Dennis Wright, who will start at right end, is the state quarter-mile champion. Against Muskegon, the Vikings netted 407 total yards and against Saginaw it was 417 yards.

The Chiefs will have to be at their best Friday in their first home game after three weeks on the road. "We are still recuperating from many injuries," said coach Jesse MacLeay.

PCH may again be without the services of fullback Larry Douglas, and MacLeay also disclosed that end Ray Smith was lost for the season because of an injury. Halfback Al Howze will also be lost because of a tonsilectomy.

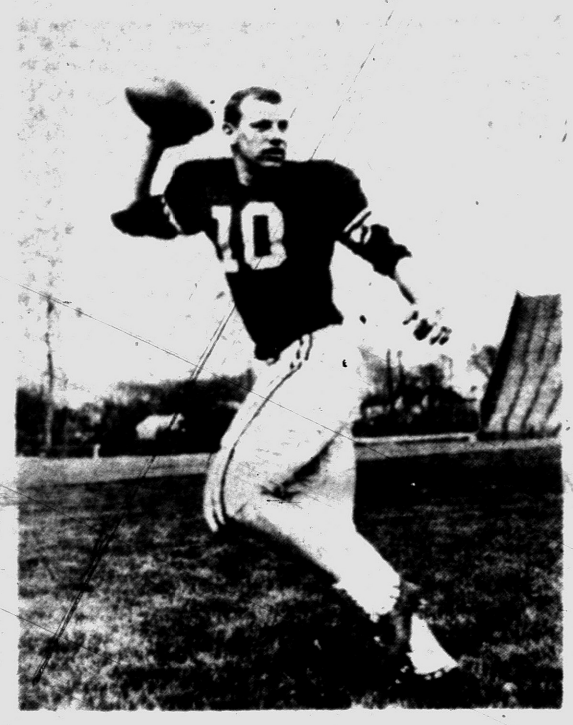

Flint Northern coach, McDonald said, "we are worried about this game, and we are not taking it lightly. We know Pontiac has some good boys up front and enough speed in the backfield to break loose one of these games and make it rough for someone."

In regard to the Grosse Pointe loss, McDonald said, "We had a bad start, and penalties hurt us a crucial times. Wish we could play that one over again."

★ ★ ★

Pontiac Central has the unenvious schedule of having to meet the first, second and fourth ranked teams in the next four weeks, including Bay City and Flint Central.

Game time tomorrow night is 8:00 p.m.

AP Wirephoto

BACK OF WEEK — Dick Thornton, Northwestern quarterback, shared the honors as AP Back-of-the-Week with Tulane's Richie Petitbon for top performances last Saturday. Thornton guided the Wildcats to victory over Michigan while Petitbon led the upset over Navy.

Lions Hope to Prove They Are Better Club

DETROIT (AP) — Toast of the town or talk of the town, the Detroit Lions still provide plenty of action on the field and at the box office.

Word from Los Angeles is that the Rams expect a good turnout in the Coliseum Sunday afternoon when they meet the Lions in a game that will be telecast and broadcast back to Michigan.

The Rams, who beat the Lions 42-28 two weeks ago by scoring twice in the final 55 seconds of the game, are nine-point favorites to do it again.

The LA club has been beaten twice dropping a 31-0 verdict to the Chicago Bears last Sunday in Chicago. The Rams lost to the Cleveland Browns in their opener.

The Detroit team leaves by chartered airliner Friday morning and will get to the west coast in time for one and possibly two workouts before the Sunday clash.

After the Los Angeles game, the club moves on to Palo Alto, Calif., where it will headquarter for a week before the San Francisco game on Nov. 2.

★ ★ ★

Head coach George Wilson believes his club is "up" for the Ram game.

"I said the other day we're not as bad as we have looked," he said, "and some smart guy said 'you guys couldn't be.' But I still say it, and we're going to prove it.

"Last year, we got all the breaks, we're making bad breaks for ourselves by fumbling and getting passes intercepted."

★ ★ ★

The previous record is against the Lions doing much damage to the coast teams on this trip. They have a 4-8 record against the Rams and the 49ers in games played in California. The Rams have an overall edge of 17-9 against Detroit teams.

Irish Fullback Injured

SOUTH BEND, Ind. (AP) — Fullback Nick Pietrosante Wednesday joined Notre Dame's football casualty list.

The team's leading ground gainer has bruised ribs and Coach Terry Brennan said there is some doubt he will play Saturday against Purdue.

AP Wirephoto

SPARTAN QB — Greg Montgomery was promoted to the number one quarterback spot and he gets a hand in sharpening up for the Illinois game from backfield coach Sonny Grandelius. Montgomery is a junior from East Lansing and he replaces Mike Panitch at the position. Panitch has a sprained ankle.

Hope--Hillsdale in MIAA Showdown

By United Press International

The show-down battle for MIAA supremacy has arrived with Hope this week attempting to dethrone Hillsdale from the seat it has held for 4 seasons.

★ ★ ★

Albion two weeks ago went into the Dales' den and came out beaten for the first time this year. The Britions were figured to have the best chance to dump the Dales than any team has had in several seasons.

★ ★ ★

Now Hope goes in unbeaten and untied. Despite the last quarter loss to Central Michigan, ranked fifth among NAIA member colleges, coach Frank (Muddy) Waters' club has overcome heavy graduation losses.

In the Dutchmen, the Dales face a team that has proved it can win the tight games. Hope upset defending Interstate Conference champion Esstern Michigan, 19-7 and edged Northern Michigan 14-13.

★ ★ ★

The Holland school whipped Alma, Kalamazoo and Adrian in its three MIAA starts. Hope beat Alma 32-12 while Hillsdale downed the Scots by a 21-13 count last week.

Elsewhere on the MIAA scene, Alma is winless Olivet's homecoming foe. Kalamazoo is at Adrian and Albion, scored on only by Hillsdale, travels to Wooster, Ohio, for a non-conference game. Wooster has a 3-2 mark this season.

★ ★ ★

Central Michigan is holding Homecoming activities in its final "revenge" game. The Louisville Cardinals will be at Mount Pleasant. Paced by Leonard Lyles, the Sun Bowl champions ripped the Chips 40-0 last year.

Lyles, now a rookie with the Baltimore Colts, scored three times in handing CMC its sixth and final defeat in 1957. Central has avenged four of the setbacks. Bradley also defeated Central in 1957 but isn't on the schedule this year.

Louisville is 2-2 this season. Ken Porco, voted most valuable player in the Sun Bowl victory, heads the list of Louisville returnees.

★ ★ ★

Eastern Michigan tackles tough Southern Illinois in an IIAC game at Carbondale, Ill. The Salukis were upset last week by Illinois Normal and dropped from the unbeaten list. SIU was one of the favorites for the Interstate title this year.

★ ★ ★

Michigan Tech is at Northern College of South Dakota; St. Norbert of Depere, Wis., is at Northern Michigan; unbeaten, once-tied Wayne State is at Western Reserve in Cleveland, and Grand Rapids JC is at Ferris in other games involving Michigan colleges.

Losing Streak Runs to 27 Games

No Victories, but They're Happy at Olivet

OLIVET (AP) — This is a quiet Michigan community of some 887 inhabitants and two football teams. And there are those who insist the high school boys could beat the collegians any day.

★ ★ ★

Not since Oct. 8, 1955 when Olivet College defeated Grand Rapids Junior College 19-6 have the Comets won a football game. Their 27-game losing streak is currently the nation's longest. The Comets' last triumph over a senior college was 37 games ago in the 1954 campaign.

But one of these nights, the old bell in the congregational church tower is going to peal until the wee hours.

★ ★ ★

It is customary to ring the bell after victory, and coach Henry Paul and his assistant, Charles Ross, have waited a long time for some bell-ringing. Each member of the 38-man squad has made it known he will have his rings, too.

★ ★ ★

There are only 385 students at the school, the smallest four-year institution in the country supporting varsity football. Olivet is a member of the seven-team Michigan Intercollegiate Athletic Assn., whose football dates back to 1904. The Comets have not won a league title since 1914.

"It's a pity there are no prizes for effort," said coach Paul, a 35-year-old Kentuckian in his first college coaching assignment. "Our kids have never quit trying —not once. People can make up fancy words about losing complexes if they want, but we have no complex at Olivet—we just lose."

The coach is not without hope, however. "Sure, I get disappointed and so do the kids," he said. "There have been a lot of tears in our dressing room, especially this year. We've lost three games we could have won. Lost one of them in the last minute of play."

★ ★ ★

"I guess I'm disappointed 90 per cent of the time," he added. "But that other 10 per cent makes me feel good enough for the rest of the time. When our kids do something well, we glow for a long time."

Things are not easy for the football player at Olivet. Academic requirements are rugged. The coach recruits vigorously on three selling points: Education, a chance to play and a small, friendly campus.

YMCA-GMC Set Up Basketball League

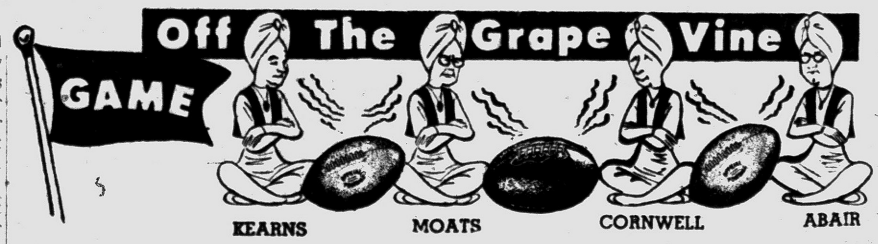

Basketball leagues at the YMCA this year will be co-sponsored by the "Y" and GMC.

★ ★ ★

At the organizational meeting last night it was decided that four teams will make up the GMC division and four teams will constitute the YMCA division.

★ ★ ★

League play will start December 1st with all games being played Monday evenings. Top two places in each division will enter the playoffs.

It was a black weekend for pro, college and area prep teams last week, and it was just as bleak for the Association of Swamis, who fell with MSU and U. of M., plus Walled Lake, and West Bloomfield.

Tain't right, just tain't right to put the Swamis through such miseries. Pretty soon they'll be hanging one of the Swamis in effigy.

Well, this is right from the Grapevine, Michigan will win that Brown Jug and Flint Northern will handle Pontiac Central this week.

Denver May Operate Independently in '59

DENVER (AP) — Denver of the American Assn. may operate during the 1959 baseball season as an independent club.

This possibility was mentioned yesterday by Robert L. Howsam, club president.

Howsam added, however, that the Bears still would like to secure a working agreement with a major league outfit. For the past four seasons, Denver has had an agreement with the New York Yankees. The agreement was dissolved this fall.

'They Must Be Scouts'—Hemus

20,000 Japanese Attend Card Workout at Tokyo

TOKYO (AP)—Some 20,000 Japanese baseball fans thronged Komazawa Stadium today to watch Stan "The Man" Musial and the visiting St. Louis Cardinals hold their first workout.

The Cards open a 16-game goodwill tour tomorrow in Tokyo's Korakuen Stadium against one of the strongest nines the Japanese have mustered from Japan's two professional baseball leagues.

★ ★ ★

"I never saw so many people watch a mere workout," Solly Hemus, the Redbirds' manager told a reporter.

Asked what he thought of the crowd, Hemus chewed his cigar and said, "There must be about 10,000 out there.

"They can't be fans, Hemus said jokingly, "I'll bet they're baseball scouts."

★ ★ ★

As he kept a sharp eye on his boys limbering up and going through light fielding and batting practice Hemus said, "The weather is a bit cloudy and chilly. It might affect the boys a little after such a long layoff.

"But," he emphasized, "we're going to play our best and win as many as we can."

Speaking at a Tokyo Press Club luncheon earlier, he said the Japanese championship club might very well some day play against a pennant winner or World Series victor in America.

Hemus said he expects his boys to hit at least 25 home runs but declined to predict how many would be by Musial.

★ ★ ★

"If we lose more than two games to the Japanese All-Stars," Hemus said puffing his cigar, "I'm going to be mighty disappointed.

"The Cards are a fine ball club and will be 1959 contenders for the National League pennant."

Pistons to Seek First NBA Victory Tonight

ST. LOUIS (UPI) — The Detroit Pistons will be trying for their first National Basketball Association victory of the season when they meet the St. Louis Hawks tonight.

★ ★ ★

Detroit lost to Syracuse 103-97 in the league opener last Sunday. The Western Division foes will continue their home and home series at Olympia in Detroit Saturday.

★ ★ ★

An extra feature of Saturday's game will be the appearance of 32 finalists in a citywide hula hoop contest staged by a Dearborn disc jockey.

Reckless Driving?

McALESTER, Okla. (AP) — Two golfers had a wreck on the first hole at the McAlester Country Club and were hospitalized.

R. S. Kennedy and Irvin A. Gladstein were pitched from their caddy cart. Kennedy's collar bone was fractured and Gladstein was bruised.

Bruins, Wings Battle Tonight

Third Place at Stake in 1st 1958 Meeting at Olympia

DETROIT (UPI) — The crippled Boston Bruins and Detroit Red Wings meet tonight for the first time with third place in the National Hockey League standings at stake.

★ ★ ★

The Bruins lost Bronco Horvath, sparkplug of the Ukrainian line and defenseman Doug Mohns last Saturday in Toronto, both with broken jaws. Larry Regan has been having trouble with an eye injury.

Boston, tied in the standings with Detroit, has been the NHL's most successful team against the Red Wings the past two seasons. Detroit won only one game in seven starts at Boston last season and lost the series 8-5-1.

★ ★ ★

Milt Schmidt's club railroaded the Wings out of the 1956-57 Stanley Cup playoffs in five games and last season, after finishing in fourth place one point behind Detroit, went to the Stanley Cup finals against Montreal.

'We've Got No Place to Go but Up'—Duffy

Shakeup at MSU a Gamble

EAST LANSING (UP)— "We've got no place to go but up," said Michigan State football coach Duffy Daugherty.

That's the only explanation of the desperate gamble Daugherty is taking.

He's reshuffled his lineup completely, demoting and promoting wholesale in preparation for the game Saturday with Illinois.

Only four first stringers survived Daugherty's new deal.

★ ★ ★

Daugherty explained he wanted players with "heart."

"I suppose they'll make mistakes," he said of his new alignment, "but I'll tell you one thing—they will be only mental lapses, they will be in there trying."

It wasn't as if they were hanging popular Duffy in effigy at the Michigan State campus. The 14-6 score on the board in the loss to Purdue wasn't a bad one.

But Duff and his assistants were convinced by the sorry spectacle of their chosen candidates not trying in the second half that the early season starting choices were bad.

So Duff put in a bunch of sophomores and juniors—perhaps looking toward next year.

Survivors of the reshuffle were end and team capt. Sammy Williams, who has been playing a whale of a game on defense; guard Ellison Kelly, who has been a tiger in the line despite injuries, halfback Dean Look and fullback Bob Bercich.

Look, kicked in the back and ribs last week, has been a doubtful starter and the assignment may go to Al Luplow, the sophomore from Saginaw tagged as a potential "great" by sideline watchers.

★ ★ ★

At practice last night, coaches appeared pretty well satisfied with the efforts of the youngsters now named to first string.

"They were popping," said one assistant coach. "You could hear them when they hit. Maybe we'll pull out of this slump yet."

Sagging Morale in Need of Lift After Wildcats

Game With Minnesota Saturday Crucial One for Wolverines

ANN ARBOR (UP) — Football seasons have come and gone since Bennie Oosterbaan arrived at Michigan in 1924.

There have been hundreds of games, many important. But to him none has been more important than the Minnesota game into which Oosterbaan will send his Wolverines Saturday.

★ ★ ★

It's just another game between the tailenders as far as the national and Big Ten rankings are concerned. It's crucial, one Michigan must win, as far as Oosterbaan is concerned.

It's more crucial than an Ohio State or Michigan State game. That includes the famed "snow bowl" game of 1950 when Michigan had to beat Ohio State to win the Big Ten championship, and did.

★ ★ ★

Oosterbaan realizes Minnesota's importance after the fearful 55-24 drubbing by Northwestern.

"It carries a lot of weight," was his way of putting it.

He agreed victory over Minnesota was vital for Michigan's sagging morale. It would be medicine not only for the players' spirits, but those of the student body and alumni as well.

The Michigan coach has taken much abuse in the wake of the Northwestern debacle. The alumni made dissatisfied noises. Oosterbaan was hanged in effigy on campus.

★ ★ ★

So far Oosterbaan has rebuffed tormentors as he did blockers in his playing days. He has deftly brushed them aside. He has gone about his job — soothing his players in defeat and firing them up to play again.

They probably need little rousing. Once before this season they took matters into their own hands. It was the 12-12 tie with Michigan State.

★ ★ ★

"We didn't like the treatment we received in the pre-season notices," one of the Wolverines said afterwards. "We didn't like the way everyone was knocking Bennie. So we decided to do something about it."

From practice demonstrations this week, the players seem to want to do something about the latest barrage of criticism Saturday.

Murtaugh Named Manager of Year for NL by UPI

NEW YORK (UPI) — Danny Murtaugh, who recalls his first day as manager of the Pittsburgh Pirates as "my saddest day in baseball," is the United Press International's 1958 National League manager of the year.

★ ★ ★

A 24-man UPI committee, composed of three baseball writers from each city in the league, made the 41-year-old native of Chester, Pa., an overwhelming selection by giving him 18 votes. Fred Haney of the Milwaukee Braves and Bill Rigney of the San Francisco Giants received three each.

★ ★ ★

The one-time utility infielder with both the Philadelphia Phillies and Pirates was honored for his part in the spectacular rise of the 1958 Buccaneers from a tie for last place in 1957 to second place. It was the Pirates' best finish since 1944 and their best in a non-war year since 1938.

Sports Briefs

Columbia football coach Buff Donelli has 12 lettermen back for the 1958 campaign. Among them is his son Dick, regular quarterback.

★ ★ ★

Dartmouth ski coach Al Merrill and his assistant, Bill Beck saw ski duty in the 1956 Olympics. Beck also was in the 1952 games.

★ ★ ★

Jockey Harrison B. Wilson spent 27 months in Europe with the 29th Infantry during a three-year hitch in the Army.

Ex-Spartan Faces Titans

MSU Flavor at Arizona St.

DETROIT (UPI) — Arizona State of Tempe is similar to Michigan State in more ways than having the Spartans' multiple offense taught by a flock of former Spartans.

★ ★ ★

Frank Kush, 29-year-old ex-MSU lineman and All-American under Biggie Munn, succeeded Danny Devine, another former Spartan, last December. He's aided by Dick Tamburo and Chuck Fairbanks, two other Munn-era Spartans.

And Kush shows the same recruiting talent of Munn and Duffy Daugherty. Only 16 men on the 49-player Sun Devil roster are from Arizona. The bulk, naturally, come from Pennsylvania.

Kush, a native Pennsylvanian himself, has 18 players from the Keystone State on the squad, nine from California, three from Wisconsin, two from Michigan and one from Illinois.

★ ★ ★

The Sun Devils' two stars during the 1957 unbeaten season were Leon Burton of Flint Northern and Bobby Mulgado of McKeesport, Pa. Burton set a national collegiate rushing record by averaging 9.62 yards per crack at the line.

Joe Beiland, senior fullback, is from Clairton, Pa., home of Michigan's Al Groce and Navy's Joe Tranchini. Only six of the lettermen are from Arizona.

And, like MSU, the Sun Devils are having difficulty in what was supposed to be another all-winning season. They've lost three of five starts, two of them by a total of five points.

★ ★ ★

While Burton, who enrolled at Michigan State and then was involved in a serious auto accident, dropped from the list of the leading 15 major college ground gainers for the first time in two years, Detroit's Bruce Maher remained in the top 10.

Maher, who was fifth last week, spent most of his time catching passes and throwing in the Titans' victory last week but he fell to only seventh with 362 yards rushing. Maher has caught 11 passes for 263 yards and thrown two for 51.

Germans Lead in Horse Show

West Germany Takes Top Award, Yanks Individual Victors

HARRISBURG, Pa. (AP) — West Germany won the Prix Di Nations Cup, the big prestige trophy of the 13th Pennsylvania National Horse Show, with a fine exhibition of horses and horsemanship Wednesday night.

★ ★ ★

The United States salvaged some prestige by winning individual honors in the afternoon and evening events. Hugh Wiley of Townson, Md., won in the afternoon and William Steinkraus of New Canaan, Conn., won at night.

★ ★ ★

However, the team standings with five events remaining, reads West Germany 67 points, Canada and Mexico 33, the United States 29 and Cuba 6.

Wiley and Hans Guenther Winkler, West Germany's Olympic champion, were tied for the individual championship with 20 points.

Ferrick Named Phillies' Coach

PHILADELPHIA (AP) — Baseball's Tom Ferrick is coming back to Philadelphia and there isn't a happier coach in the game.

★ ★ ★

Ferrick, who has made his permanent home here since his rookie days with the old Athletics back in 1941, was named pitching coach of the Phillies yesterday by Manager Eddie Sawyer.

★ ★ ★

He had been with Birdie Tebbets in Cincinnati since 1953, but has been available since Birdie's resignation as Redlegs' manager this past season.

Cage Coach Dies

HOUSTON (UP) — Edward H. Adams, 58, basketball coach at Texas Southern University since 1949, died Wednesday. He suffered a stroke Tuesday in a classroom at the Negro school.

Hard-Surfacing Started on Sports Car Race Strip

Oakland County Sports Car Racing Group, which has operated during the last summer and fall at a 50-acre site at OCSC, has made the jump from a dusty sand racing strip to the elite—a hard-surfaced course.

★ ★ ★

Approval has been extended by OCSC and the $12,000 job has begun. The bituminous-concrete strip, 12 feet wide, and 7,509 feet long will be completed, barring weather delays, by Nov. 1. The group has underwritten the cost by individual members' subscriptions.

The surface going on now is half the ultimate width of 24 feet, which when installed will give the group wheel-to-wheel racing. On the course, as now provided, racing will be strictly on a time basis.

Course consists of a 1,000 foot straightaway, preceded by a 325 foot radius bend; other short "straights," an "S" curve and some 100-foot radius turns. It is an uphill-and-down layout.

★ ★ ★

The club plan is said to be unique in this country, the only one of its kind, completely private. The club, started in June, now has 150 members. First meeting is this Sunday, at 2 p.m., when future plans will be discussed, and membership applications considered.

Course will be available to any recognized sports car club for its own events.

Chief Runners Trip Edsel Ford

For the 2nd time this fall, Pontiac Central harriers have compiled a perfect score. Yesterday at Beaudette Park course the Chiefs defeated Edsel Ford 15 to 50.

Seven Pontiac runners finished in that order, as follows:

Joe Anderson (10:34), Maurice Johnson (10:49), John Jefferson (10:49.5), Jim Peterson (10:50), Jim Nelson (11:06), Mike Taylor (11:21) and Carl Adams (11:24).

The 1st Edsel Ford man was Bill Craig with a time of 11:27.

Pontiac Jayvees also took a perfect meet, 15 to 48, led by Ken R. Byrd at 11:28.

Archie Oldham, Columbia's basketball coach, is 6-feet-7. Lion Crew Coach Don Rose is 5-feet-2.

Bears Bolster Defense

CHICAGO (AP) — The Chicago Bears Wednesday added John Mellekas, 255 pound defensive tackle, to their squad.

The native of Newport, R.I. has been in the Army two years following a fine rookie year in 1956. He played for the University of Arizona.

Upsets Will Change I-L, W-O

By CHUCK ABAIR

It looks right now like Farmington in the Inter-Lakes and Northville in the Wayne-Oakland are on their way to league championships—unless 'Ole Man Upset' rears his ugly head sometime during the next three weeks.

Farmington, fresh from successive triumphs over Southfield, Waterford and Walled Lake, appears to have the easiest row to hoe playing at Berkley tomorrow night and at home against winless Van Dyke next week.

Northville goes up against its final big test at home Friday night against the big Brighton eleven. The Mustangs finish against Clarkston and Clarenceville.

Both schools should finish unbeaten unless too much overconfidence sets in. One loss in either case would throw that league into a race to the wire.

★ ★ ★

A Berkley victory tomorrow and a Walled Lake win at Van Dyke would leave the I-L in a three-way tie. The same would be true in the W-O should Brighton whip Northville and West Bloomfield bounce back and trip Clarkston.

Farmington hit its offensive and defensive peak against Walled Lake and letdown is expected. But Berkley is not expected to be able to stop such talented runners as Mike Agee and Neil Stevenson. Agee is averaging eight yards a carry and Stevenson seven.

The Vikings will be heavily favored Friday although halfback star Frank Fink and end Kirk Evans may only see limited service, if any, due to injuries.

★ ★ ★

Waterford plays its only afternoon game of the season in an upset try at Southfield. Both have 1-2 loop records.

A one-point win over West Bloomfield last week placed Northville in a strong position to make its three straight titles. Brighton has a rugged defense which could make it rough for Bill Walker, Bob Starnes & Co.

Clarkston has failed to score in the last two games. The Wolves will likely reach paydirt against the weak Keego line but not often enough to prevent the Lakers from getting back on the winning side. No team yet has been able to stop All-State candidate John Lucadam and his mates from scoring at least 21 points.

★ ★ ★

Holly hosts Bloomfield Hills in a duel for 3rd place and Milford invades Clarenceville hoping to stay out of the W-O cellar in other games.

The South Central League comes in for considerable attention tomorrow with Millington playing at Oxford in a tossup. Oxford has won its two loop starts but has yet to meet co-leader Imlay City. Millington is 1-1, the loss being by one touchdown to Imlay.

Winless rivals Ortonville and North Branch tangle at North Branch in the other tilt. Imlay City will be idle.

Country Day is at home against Grosse Pointe University School and South Lyon visits Boysville in other area games.

Pontiac Press Photo

TALKING UPSET—Serving the role of spoiler is now the chief concern at Clarkston after two successive Wayne-Oakland beatings. Shown talking over Friday's game at West Bloomfield are head coach Ed Hintz and defensive ace John Tisch. The Wolves meet currently unbeaten Northville next week.

Baylor Hits 35 as Lakers Win

MINNEAPOLIS (AP) — Rookie Elgin Baylor made a sparkling 25-point professional debut to lead the Minneapolis Lakers to a 99-79 victory over Cincinnati Wednesday night in the teams' National Basketball Assn. opener.

The 6-6 former Seattle University All-America turned in a fine all-around performance in the 32 minutes he saw action. He dumped in 10 field goals in 21 attempts and five of seven free throws. In addition he had 13 rebounds and 6 assists.

Baylor collected 18 points in the first half to send the Lakers into a 50-33 advantage at intermission.

North-South Medalist Out

PINEHURST, N.C. (AP)—Three weeks ago when Thomas Robbins of Pinehurst won the U.S. Golf Assn. Senior championship at Pebble Beach, Calif., two of the losing quarter-finalists were Chick Evans, the old campaigner from Chicago, and John McGuire of Martinsville, Ind.

★ ★ ★

Today when the quarter-finals in the North and South Seniors tournament got underway Robbins was among the missing and McGuire and Evans were the most prominent of the eight survivors.

McGuire, 55-year-old automotive parts business operator with an interest in oil, sent Robbins to the sidelines in yesterday's rain-soaked second round, 2 and 1.

Evans, winner of the U.S. Open and Amateur crowns 42 years ago, eased by Leon Sykes Sr., of Palm Beach, Fla., 4 and 3.

★ ★ ★

McGuire's opponent today was James McAlvin of Lake Forest, Ill., and Evans drew Jack Brittain Sr., of Woodhaven, N.Y.

★ ★ ★

In the lower bracket it was Eugene Pittman of Washington, D.C., against Capt. Frederick Holmes of Riviera Beach, Fla., and W. E. Baker of Durham, N.C., against J. Wolcott Brown of Sea Girt, N.J.

Sports Briefs

Bert Baston, Herb Joesting, Bronko Nagurski and Ed Widseth are former Minnesota players who have their names listed in the national football Hall of Fame as among the all-time gridiron greats.

★ ★ ★

Michigan State's soccer team, which shut out Pittsburgh 1-0 in the 1958 season, was only the second club to blank the Panthers since 1953.

★ ★ ★

Michigan State's 1958 191-pound NCAA wrestling champion, Ken Maidlow, scored the only pin of the final round in the national collegiate championships held at Laramie, Wyoming.

★ ★ ★

Ace Adams, Army's lacrosse coach, captained the Johns Hopkins 1950 lacrosse team.

★ ★ ★

Thomas J. Barry set a record at Monmouth Park when he saddled 22 winners.

Clemson Meets South Carolina at State Fair

COLUMBIA, S.C. (AP) — Favored Clemson and South Carolina met in their 56th state fair football tussle here today.

A record-equalling crowd of 45,000 was expected to overflow the stadium by game time for this fixture on the state sports, social, business and government front.

★ ★ ★

The game pitted the long-run-long—pass style of Clemson play against the conservative control ball staged by South Carolina.

Clemson went into this one with four wins, ranked 10th nationally, a good chance at the Atlantic Coast Conference title and a bowl bid. South Carolina, at 2-2, was still a threat in the ACC race.

Jordan Upsets Gaspar Ortega

Californian May Get Title Shot This Year Against Akins

LONG BEACH, Calif. (AP) — Young Don Jordan of Los Angeles today emerged as the next probable title opponent of world welterweight champion Virgil Akins. He got the nod as Long Beach recorded an artistic, financial and social success in its first major venture into boxing.

★ ★ ★

Jordan scored a split decision over Gaspar "Indian" Ortega of Tijuana, Mex., in an unusual charity fight in 12 rounds last night. Today negotiations for formal contracts were opened for a title fight in Los Angeles Dec. 5.

★ ★ ★

Jordan outpointed Ortega in the view of Referee Frankie Van and Judge Tommy Hart, each scoring it 116-114 under California's 10-point-must per round system. Judge Lee Grossman had Ortega on top, 115-113. Virtually every ringside critic agreed with the other two officials. The Associated Press scored it 118-113 for Jordan.

Greaves Wins by KO

LOUISVILLE, Ky. (AP) — Smooth Wilf Greaves, Canadian middleweight champion, knocked out Billy Tuck in the third round of their scheduled 10-rounder at the Fairgrounds Wednesday night.

COACH OF TOUR — Bert Anselmy of the Pontiac Rolladium accepts the high point trophy of the American skating championships from president of the organization, M. M. Sattuck during the meet in California. On Anselmy's left is the queen of the championships. The Pontiac pro skater was named to coach the squad of Americans who will tour Australia in January.

Rolladium Pro Coach

Pontiac Skaters to Tour

Four Oakland County roller skaters, including two from Pontiac, will be on the squad of 20 U.S. Senior Skating Champions who will perform in a series of exhibitions in Australia in January.

Selected as coach of the American team is Bert Anselmy, skating professional from the Rolladium Rink on West Huron.

On his squad Anselmy will have two of his proteges, Louis Parker of East Beverly street and Mary Alice Clouse of 4059 Olmstead as senior dance team.

Suzzane and Sally Richardson, sisters from Ferndale, are also on the squad in the speed skating division.

★ ★ ★

The Pontiac Rolladium team recently had the distinction of being the only rink to win the national Haney High Point Challenge trophy three times in the American Roller Skating Championships in California.

With a total of 362 points the Pontiac skate team led the second place team from Springfield, Missouri by 106 points.

Anselmy was honored among professionals in recognition of outstanding achievement in instructing competitive skaters. Just recently he was notified of his selection of the American touring skate team.

The top senior skaters from the nation are on the team which will depart from San Francisco December 29th.

The team will land in Honolulu, Canton Island, Fiji Island and arrive in New Zealand late December 30th. Following the World Congress Invitational Meet to be held in Christchurch, New Zealand, Jan. 2-7, the troupe will tour 15 Australian cities, putting on exhibitions before returning home late in January.

The Michigan Senior Skating champions, including the Haney trophy Pontiac championship team will put on a colorful exhibition at the Rolladium November 17th.

New Publicity Head

DETROIT (UPI)—Ben Pollinger, publicity man for the Detroit Raiders, has been named director of public relations for the Ontario Rugby-Football Union.

Pair Restored to Top Standing at NCAA Session

15 Violation Cases Pending, 20 in State of Investigation

CHICAGO (AP) — Indiana and West Virginia have been restored to good standing by the NCAA after serving one year probationary periods.

The NCAA policy-directing council made the announcement yesterday in ending a three-day session.

★ ★ ★

Indiana's penalty followed Big Ten action last year when Hoosier football coach Phil Dickens was suspended for the season for violating Big Ten recruiting rules.

West Virginia's case concerned a violation of expense rules in the recruiting of a basketball player.

The council did not impose any additional disciplinary action on any other NCAA member. This was the first time in 12 meetings since 1954 the council did not take such measures.

★ ★ ★

However, 15 cases are pending and 20 others are in a state of preliminary investigation. Eight schools remain under varying degrees of NCAA punishment — UCLA, Southern California, Seattle, Auburn, North Carolina State, Southern Methodist, Wichita and Memphis State.

In other main items of business, the council:

1. Proposed that any college athletic staff member should be considered guilty of unethical conduct if he were compensated for scouting or negotiating for professional teams.

★ ★ ★

2. Ruled, effective upon circulation among the members, that any athlete receiving direct or indirect financial aid from a professional sports organization will be ineligible for collegiate athletics.

Both of these measures primarily were aimed at relationships between colleges and professional baseball, said Walt Byers, executive director of the NCAA.

★ ★ ★

Byers cited a Detroit Tigers in connection with the action. The Tigers offered financial aid to several Michigan institutions for scholarship awards, presumably to baseball prospects.

Hydroplane Heats Delayed by Wind

LAS VEGAS, Nev. (AP)— The opening heats in the Sahara Cup races for unlimited hydroplanes at Lake Mead were postponed Wednesday when wind blew the course markers out of line.

The owners of the powerful motorboats voted 11-2 to delay action.

★ ★ ★

Officials hope to run off the full program of at least four 15-mile heats and the 30-mile final race today.

Twelve boats have qualified for the race, a gold cup event that will settle the national hydroplane championship.

★ ★ ★

Among the 12 ready to go, Miss Bardahl, Maverick and Miss U.S. 1 are all battling for the championship. The Sahara Cup is the final event on the 1958 Gold Cup calendar.

TWICE THE WEAR... FOR VERY LITTLE MORE MONEY!
CLOTHCRAFT 2-PANTS SUITS
$67.50

Almost invariably, a man wears out the pants long before he wears out the jacket of a suit.
So, if you get a two-pants suit, you're going to get at least twice the wear from the suit.
And at far less than twice the cost. So, this Fall, get the most for your money . . . with a Clothcraft 2-pants suit. You get the extra wear of the second pair . . . plus the extra wear that Clothcraft quality always gives you!

Strikes and Spares

STRIKES AND SPARES
By Joe Wilman

In instructing a class on bowling fundamentals, I can always count on someone questioning the importance of the follow-through. "Once I let go of the ball, there's nothing I can do to help it, so why bother about following through?"

He's partially right too. There is nothing he can do once he releases the ball. But if he did not follow through properly and stopped his arm swing as soon as the ball was released, he'd find himself often stopping his arm swing, or slowing it down, before he released the ball.

The result would be dumping the ball on the alley — or even on the approach — with no stuff on it to cause it to hook. The only way to insure proper finger lift or wrist turn is to continue the motion after the ball is released. The follow-through, then, is a sort of insurance policy against dumping the ball.

The follow-through should continue until the hand is about head-high in front of you, as you see in today's drawing. I describe the follow-through as reaching out to shake hands with the target.

Avon Visits Orion, Clawson at Troy for Big Games

Crucial Tilts in Oakland B

By BILL CORNWELL

Avondale, picked to finish somewhere near the loop cellar in pre-season forecasts, currently leads the pack with a surprising 2-0 record. Orion plays host to Avon tomorrow and the Dragons could soothe some of their ruffled feelings by upending the Yellow Jackets.

The football championship nobody wants!

That's the way the six member high schools of the Oakland B League have been acting this fall in their mad scramble for the 1958 crown.

Someone wants the title, of course, but not until now has it been too clear which school was the most interested party.

After a considerable bit of jostling around, the race has boiled down to three contenders in what has been the closest, most evenly matched battle for conference honors in Oakland B history.

★ ★ ★

The race has finally narrowed down to Avondale, Clawson and Troy. Lake Orion, the defending champion, has dropped two league decisions and is out of the running. So are Fitzgerald and Madison.

Orion, Fitzgerald and Madison can do nothing but play the role of spoiler from here to the finish line and the stumbling Dragons get their chance to be a thorn Friday night at Orion.

★ ★ ★

Pontiac Press Photo

AVONDALE LEADER — Capt. Larry Douglas leads Avondale against Lake Orion tomorrow night at Orion as the Yellowjackets seek their 3rd successive Oakland B triumph in a wide open battle for loop honors. Douglas has 14 points this season.

Clawson, the 1957 champ, is breathing on Avon's neck with two wins and a tie.

Psychology will be on the side of the Colts, who are dedicating their new floodlights and holding Homecoming festivities on the same evening.

Halfbacks John Schoff and Phil Gouin are doubtful starters for Orion due to injuries while Avon quarterback Dick Smith is also hurt and may not play.

Fitzgerald plays Madison on the latter's gridiron with both teams fighting to escape the loop basement. The distinction of last place presently belongs to Fitzgerald by half a game.

Birmingham, hampered by injuries, clashes with East Detroit in a crucial Eastern Michigan League struggle at Birmingham. The Maples are leading the EML with a 3-0 mark, followed by Port Huron, unbeaten in two conference starts.

★ ★ ★

Halfback Bob Busch, Oakland County's No. 1 scorer, has been taking it easy this week because of a badly bruised knee, but the speedy ball carrier is figured to see action Friday. End Bob Gertz suffered a sprained ankle in practice Tuesday and will miss the East Detroit game.

Other Eastern Michigan games are Ferndale at Port Huron and Mt. Clemens at Hazel Park.

Rochester, winner of only one contest in four outings, begins its Tri-County League campaign on shaky ground. The Falcons invade Lapeer to meet the Panthers, unbeaten and untied in five tries.

★ ★ ★

Brown City, with a 4-0 mark, and Almont, which stands 3-0, tangle in a Southern Thumb League showdown at Brown City tomorrow. Other Thumb battles are Memphis at Dryden and Capac at New Haven.

Indian Directors in Conflict Over Front Office Operation

CLEVELAND (AP) — The big wampum bearers in the Cleveland Indians' wigwam had their fingers in the war paint today, and it probably will be many moons before peace pipes glow again.

The current conflict comes hard upon a tribal decision not to seek a happier hunting ground south of the plains country at Houston or in the land of the sky blue water at Minneapolis.

★ ★ ★

Lined up on one side of the tepee are Charles M. Baxter Jr., his brother, Andy Baxter, and Hank Greenberg.

On the other side, controlling about two-thirds of the wampum invested in the Tribe are big chief William R. Daley and other stockholders.

★ ★ ★

The squabble adds up to this: The Baxters and Greenberg — General manager of the baseball cub for eight seasons until replaced by Frank Lane a year ago —have made public their dissatisfaction with the way the front office is operating. Clear out the dead wood, they say, naming no names but specifying they don't include Lane.

★ ★ ★

They say they will buy out the majority stockholders or they will sell their minority holding to the majority. Same price either way.

Daley, spokesman for the other side, says he does "not want to enter into any public squabbling" and can't "see how it can help the ball club."

★ ★ ★

"Some time ago I said that we had plans about strengthening management," he stated.

★ ★ ★

"I definitely do not intend to sell my stock," he continued, and added that he will not buy out the dissatisfied trio of directors at an asking price based on the Houston offer. Daley said he would buy them out "at a fair price" but that the Houston offer was on a condition of transfer of the franchise.

"The Indians are here to stay," he said, repeating the announcement he made a week ago.

NEWPORT, R.I. — About 10,000 persons visit the national tennis Hall of Fame located here in an average year.

Many Albinos Taken by Area's Hunters

An unusual number of albino, and partial albino pheasants have been taken in the area by bird hunters so far during the current season, now four days along. Several reported to The Press were almost entirely white. Others ranged from white-backed and speckled breasts to some with parti-colored backs and wings and fully colored undersides. All were on the small size, weighing about 2½ pounds, and running 24-26 inches long.

Bud McDaniels, 3108 Indianwood Rd., Lake Orion, was the latest to get an albino, hunting near his home, with Van Lay and Sam Exline.

Top bowlers may average $25,000 earnings a year.

Future 'M' Gridder?

ANN ARBOR (AP)—Michigan has recruited a football prospect who should begin paying dividends in about 1976.

He's the fifth child and third son born to assistant coach Bob Hollway and his wife Colleen. The still unnamed newcomer weighed in yesterday at 10 pounds, five ounces. His dad was an end on the 1947-48-49 Michigan team and joined the coaching staff in 1954.

Texas has more than 900 high school football teams.

Kramer Takes Over

LOS ANGELES (UPI) — Jack Kramer, miffed by 10 months of bickering with Autralian tennis associations, today put into operation plans to stage his pro tennis tours there independently.

The tennis impressario charged that the tennis associations not only charged him double the rental assessed other touring troupes but in addition demanded thousands of free tickets for their members.

With the pro tour next January in jeopardy as a result of the impasse, Kramer announced he was investing $22,500 in a portable court and would use stadiums other than those belonging to the tennis associations in Melbourne, Sydney and anywhere else he can't reach a fair agreement on rent and tickets.

He Can't Wear Cowboy Suit

Prince Charles' First Sacrifice

(This is the second of two dispatches providing an up-to-date close-up of Prince Charles as he approaches his 10th birthday Nov. 14.)

★ ★ ★

By MARGARET SAVILLE

LONDON (UPI)—Personal sacrifices are nothing new to the current crop of British royalty.

Edward VIII gave up the throne to marry the woman he loved. Princess Margaret said "No" publicly to RAF Group Captain Peter Townsend's private marriage proposal.

And now Prince Charles, who will be 10 years old on Nov. 14, is making his sacrifice. While attending Cheam School at Headley, Hampshire, he must do without his favorite costume — a cowboy suit.

The prep school uniform is strictly gray flannel and navy blue, but still Charles has a burning yen to wear the cowboy outfit on the campus.

★ ★ ★

Another princely ambition: He wants to learn to play the drums so he can join the school jazz band.

Perhaps influenced by his Aunt Margaret, Charles already has started collecting rock 'n' roll records and accompanying them on a small xylophone — "one of those hammer music things," he calls it.

While Prince Charles developed many interests before leaving home for prep school, his stay at Cheam is adding others to the list.

His father, Prince Philip, interested the boy in shooting at an early age and gave him a spring-loaded gun that fires suction-tipped "bullets." Philip would dip his finger in oil and trace the outline of a bird on the door of a royal limousine, inviting Charles to hit it.

Charles is delighted when he scores a hit. So is Dad. Only the royal chauffeurs frown.

At home, be it Buckingham, Balmoral Castle in the Scottish Highlands or Sandringham House, Charles is usually in his father's company a good deal of the time. "He's got to be a man among men," the Queen explains.

When Charles reaches his 'teens, he'll be formally presented to the Welsh people in a sort of Coronation ceremony at ancient Caernarvon Castle. The ceremony calls for him to deliver a speech in the Welsh language, but he has not yet started learning it.

"I've jolly well got to swot at English and French first, anyhow," he says. "They're bad enough."

Charles manages to become proficient at the subjects and talents that members of British royalty are supposed to be proficient at. His best subject at school is geography, which he has been studying all his life.

Since French is still the international diplomatic language, Charles speaks it well. Both the Queen and Queen Mother made it a habit, when he was a pre-schooler, to speak French with him once a week. If Charles did well, he was permitted to spend an extra half-hour watching television Sunday afternoon.

At Cheam, he's also studying Latin, history, scripture, art and Greek.

Above average scholastically, Charles is still slow at sports because he didn't have many companions to play with around the Palace.

★ ★ ★

At Cheam, Charles is a fullback on a soccer team. He and his close friend, a Scots lad named David Grant, have earned the proud nickname of "The Granite Line" because of their sterling defense work on the soccer field. In addition, Charles swims well and keeps up his riding lessons at school.

Once a month, the Cheam boys are let out for Sunday visits to their parents.

Charles is driven to Windsor Castle where he gets his favorite lunch — roast beef with plenty of Yorkshire pudding and carrots, apple pie with fresh cream. His idea of a good way to top off a dinner is with some "Cheam Stodge," a school dessert made of currants and pastry.

Though his weight is a secret, Charles is well-built. He's a good eater and he looks it.

Britain's future king is extremely fond of animals and fearless in their company. He recently took a party of school chums to a zoo where the boys fed animals and picnicked on lemonade and sandwiches.

Charles went unrecognized by the people visiting the zoo until he was homeward bound in a royal car.

As Charles rode along, replying to the greetings of the crowds with British royalty's traditional flickering hand wave, one schoolboy asked, "Isn't it a nuisance?"

"Yes," answered Charles. "But I've got to do it, you see."

The Prince is learning his lessons well.

Hope for Mailing Ban on Hate Literature

WASHINGTON (AP) — Government lawyers plan to study the possibility of drafting more effective laws to bar hate literature from the mails.

★ ★ ★

Legal officials of the Post Office and Justice Department said this Wednesday after a conference on the problem. The conference was called after recent bombings of Jewish houses of worship in Atlanta, Ga., and Peoria, Ill.

Herbert B. Warburton, the Post Office's general counsel, and Asst. Atty. Gen. Malcolm Anderson agreed that many publications aimd against racial and religious groups "will not violate present laws even though they are warped and abhorrent."

THE GIRLS — By Franklin Folger

"I hope you all like these — it's a drink I read about in a murder mystery."

BOARDING HOSE

Nationalist Guns Return Red Fire

Main Battery Positions on Quemoy Set Up at Emperor's Tomb

QUEMOY (AP) — Chinese Nationalist artillerymen on Quemoy are returning Red gunfire from the tomb of a Ming Emperor.

"The Communists knocked over the Emperor's gravestone Tuesday, but the tomb is still all right," said a gunnery captain.

Sandbagged emplacements for U.S.-supplied Long Tom cannon swell like miniature mountains around the burial place of Emperor Lu Wan of the Ming Dynasty. He died on an imperial visit to the offshore islands centuries ago.

★ ★ ★

The granite tombstone, inscribed with blue-painted pictograph characters, was split and flattened by a shell after Red coastal guns broke the cease-fire and began pounding Quemoy again Monday.

"But the cease-fire gave us a chance to get ready for them," said Maj. Chun Hswei. "We brought in ammunition for four months of steady firing.

"Food supplies are good and we've dug in our positions deeper."

Chun's 155mm. Long Toms have a range of over 17 miles. His battalion is credited with knocking out 87 communist guns with no losses since Aug. 23.

Three hundred families — some 1,000 men, women and children — have moved into nearby hillside quarters. They spend their nights huddled together in rock caves, listening to the crunch of Red shells shattering away what's left of their village.

Their fields have been untended since the bombardment resumed.

Low-lying houses are punched with jagged holes or reduced to piles of rubble by months of shelling. However, the village suffered only 15 casualties of the barrages last August and none since the families moved to shelters, an army spokesman said.

"The Communists have fired about 18,000 shells at this village and these emplacements since August," said Chun. "We've fired back about 3,000."

Humane Society Officer Loses Own Two Dogs

After finding at least 180 lost or strayed dogs and returning them to their owners during the past three years, Robert DeWolfe, a law enforcement officer for the Macomb County Humane Society, now has his own to find.

DeWolfe, of 5166 Wilby St., Shelby Township, reports that his two dogs have been missing since 5 p.m. yesterday. The dogs disappeared at Sunshine Beach on Ryan Rd. near Auburn Rd.

★ ★ ★

DeWolfe is offering a $50 reward for each dog.

One is a seven year old mixed water spaniel with black curly hair and white chest and white feet. His name is Skipper.

The second, a two year old spayed female setter is black and white and answers to the name of Gypsy.

DeWolfe said there were several hunters in the area where the dogs disappeared. He stressed that these dogs are not trained to hunt.

Business and Finance

Grain Futures Trade Active

CHICAGO (AP) — Grain futures tended mostly lower in fairly active transactions on the board of trade today.

Most wheat futures were off a half cent a bushel or more around the opening, extending declines of the past two days. A large commission house sold the May contract in good quantities but this was offset somewhat by a small amount of local demand.

★ ★ ★

Transactions in corn were rather large early in the trade with a large processor and export house the best buyers. Another export house was the best seller.

The soybean market was irregular, with prices off fractions in early dealings. A processor was on the selling side with local traders the best buyers.

Rye futures were mostly steady.

Near the end of the first hour wheat was unchanged to ¼ lower, Dec. $1.93; corn ⅛ to ½ lower, old style Dec. $1.10½; oats unchanged to ⅛ lower, Dec. 64⅛; rye ½ to ⅞ higher, Dec. $1.29; and soybeans ⅜ to ⅝ lower, Nov. $2.12.

MARKETS

The following are top prices covering sales of locally grown produce brought to the Farmer's Market by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Tuesday.

Market Mixed in 1-Point Range

NEW YORK (AP) — Prices were mixed in fairly active trading on the stock market early today.

★ ★ ★

For the most part plus and minus signs were limited to less than a point. There were a few outstanding gainers, reflecting news developments.

Schenley opened 3⅛ higher at 44 on a 15,000 share block in response to the declaration of four extra stock dividends of 5 per cent each.

Anaconda bounced ahead 1 point at 61⅝ on 1,500 shares at the start as the company put higher copper prices into effect. Kennecott, also posting higher copper prices, gained ⅜ at 98¾.

★ ★ ★

Lorillard was another strong spot, jumping 1½ at 82 on the opening and extending the gain slightly in subsequent trading. This stock penetrated an upside resistance area yesterday.

A majority of steels and motors declined. General Motors and Chrysler were each off ½ point. Most aircrafts also reacted, but General Dynamics gained a small fraction. Oils generally eased.

Tourist's Arrest Causes Furor

Ann Arbor Man Still in Germany Despite Official Protests

BERLIN (AP)—An East-West diplomatic tug-of-war is shaping up over the detention of an American tourist by the East German Communists.

The U.S. mission in West Berlin disclosed it has protested twice to the Russians against the seizure Friday of George S. Milroy, 30, of Ann Arbor, Mich.

Milroy was arrested by Russian soldiers as he drove through satellite East Germany in his sports car on the way from Denmark to West Berlin. He was charged with taking unauthorized photos and turned over to the East German police Saturday.

American officials said Milroy was able to inform them that "he took no photos whatsoever while in the Soviet zone of Germany."

Diplomatic sources said Russian officials have indicated verbally that they have washed their hands of the Milroy case and it is now under East German jurisdiction.

The spokesman of the East German foreign office in East Berlin told reporters he did not know where Milroy was held at the moment.

But he added: "The United States government knows from previous cases where to apply for the release of this man."

The East Germans demand—with Russian backing—that the United States deal directly with their regime in cases where Americans are arrested in their country.

Milroy accepted an East German transit visa to make his trip. The United States does not bar, but advises its citizens against, accepting East German visas because of the difficulty in extending the usual diplomatic protection.

India Plans Parts Plant

MANDUADIH, India — A locomotive-parts plant is being built at a cost of more than $10,000,000 at Manduadih in Uttar Pradesh State. When in full production it will employ about 2,500 workers.

Alaska Gets Network

NOME, Alaska — "White Alice," a new 3,000-mile telephone-and-telegraph network, was put into operation recently in Alaska. It provides both military and public communication to some of Alaska's most remote places.

March Shows 1st Rise 58 Volcanoes Active

HOLLYWOOD — The nation's movie theaters in March scored the first monthly year-to-year attendance increase since last June, rising 2.7 per cent above the like month of 1957.

Beauty, Performance Stressed

New Car Selling Centers on Demonstration Rides

By DAVID J. WILKIE
AP Automotive Writer

DETROIT (AP) — New car selling in 1959 will include more attention to customer demonstration rides.

The rides will clinch a lot of sales. The new cars have greater eye appeal, and they ride and drive more smoothly and more quietly than previous models.

Most new cars are longer, lower and wider. Engineering advances are many.

On virtually all counts, sales prospects are better than they were in the 1958 model year. There are price increases in most instances. They will make the selling job a little difficult. But they will be explained as due to higher production costs and for many refinement features made standard instead of extra-cost optionals for the new model year.

Power has been increased in many instances, but there is improved economy in the normal driving range.

★ ★ ★

A remark frequently heard at the 1959 car previews was that "if the industry can't sell these cars there must be something wrong with the selling technique."

Industry chroniclers who saw General Motors' Motorama in New York hailed it as a tremendous promotion effort for the industry generally as well as for GM's car divisions.

It has been almost traditional at the start of each new model year for industry analysts to predict increased competition among the leading producers. The signs seem more evident now than heretofore.

It could be because the big volume car makers — Chevrolet and Ford — have chosen opposite extremes in their styling. Chevrolet's 1959 cars have something of the futuristic appearance. Ford has taken an extremely conservative styling approach. It has termed its styling "classic simplicity."

These production giants normally account for approximately half of all U.S. car sales. Their contrasting styling will figure conspicuously in the 1959 fight.

★ ★ ★

Already top Ford executives have criticized their competitors' styling. At a recent Ford preview they said competing companies have adopted styling "running counter to what the public says it wants."

Thus far neither General Motors nor Chrysler has replied.

★ ★ ★

The Ford executives also said Chevrolet discontinued its low-end Delray series chiefly so that sharper price increases could be made in its lowest priced cars by including them in what heretofore had been a higher-priced name group.

This, too, has brought no response from Ford's competitor. But it rather broadly indicates how rough may be the competition that lies ahead.

Aeronautical Science Group Picks Officers

Treasurer of the Detroit Section of the Institute of the Aeronautical Sciences, Inc., for 1958-59 is Frank L. Moncher, 2350 Rutherford St., Bloomfield Township.

MONCHER

Moncher is the director of the Engineering Aero Division of Vickers, Inc.

Other officers are Richard Chute of Huntington Woods, project engineer at the Chrysler Corp., Chrysler Corp., president; Fred J. Wilhoff of Mt. Clemens, assistant project engineer for the Continental Aviation and Engineering Corporation, vice president and William M. Spreitzer of Royal Oak, senior research engineer of General Motors Corp., secretary.

Auto Production Rise Continues

GM Reports Accord in 6 More Local Disputes; Other Firms Strikeless

DETROIT (AP) — The 1959 model production picture continued to improve in the nation's auto industry today, hit recently by a series of strikes.

General Motors reported local issue settlements at six more plants, affecting 13,485 hourly rated production workers. The settlements brought GM's back-to-work total to 243,500 United Auto Workers production men.

★ ★ ★

Chrysler operated without a strike yesterday. The last local dispute between the UAW and American Motors Corp. also was reported settled.

GM and UAW negotiators were striving to settle local walkouts in the remainder of the giant firm's plants. GM employs 275,000 workers in 126 plants ocross the nation.

★ ★ ★

Two plants in Flint, — the AC Spark Plug Division and the Fernstedt Division — were the targets of a strike by the Society of Skilled Trades, an independent union. But they remained in operation despite the picket lines.

★ ★ ★

Joseph Dunnebeck, president of the SST, said the strike is an effort to have the union recognized as bargaining agent for skilled workers, he added.

"It was a necessary action to prevent ourselves from being trapped into industrial union membership."

Socony Has Dividend

NEW YORK (AP) — Socony Mobil Oil Co. declared a regular quarterly dividend of 50 cents a common share, payable Dec. 10 to stockholders of record Oct. 31. In December 1957 the company paid an extra of 50 cents in addition to the regular dividend.

Mr. Friday will lie in state at the Sharpe Funeral Home, Clarkston.

HOLMES, OCT. 21, 1958, LULA B., 831 S. Telegraph; age 79; dear mother of William B., Walter J., Archie and Frank Holmes; dear sister of Mrs. Hattie Brown; also survived by 10 grandchildren and two great-grandchildren. Funeral service will be held Friday, Oct. 24, at 10 a.m. from the Farmer-Snover Funeral Home with Rev. Joseph I. Chapman officiating. Interment in Carsonville, Mich. Mrs. Holmes will lie in state at the Farmer-Snover Funeral Home.

HUNTER, OCT. 22, 1958, LEWIS A., 8808 Blue Ash Rd., Cincinnati, Ohio; age 77; beloved husband of Mrs. Matilde Hunter; dear father of Mrs. Ruby Gillis, Vera Pones and Francis Hunter; dear brother of George Hunter; also survived by three grandchildren and three great-grandchildren. Funeral service will be held at Huntoon Funeral Home with interment in Ottawa Park. Mr. Hunter will lie in state at the Huntoon Funeral Home after 6 p.m. today.

KOCH, OCT. 22, 1958, HATTIE Malviana, 382 Oakland Ave.; age 79; dear mother of LaRoy Koch; dear sister of Mrs. Mamie Snell, Mrs. Grace Smith, Mrs. Ruth Groesbeck, Ralph and Roy Kline; also survived by five grandchildren and 12 great-grandchildren. Funeral arrangements will be announced later by the Pursley Funeral Home.

LACY, OCT. 21, 1958, ALBERT L., 972 Ann St., Birmingham; age 62; beloved husband of Mrs. Marjorie L. Lacy; dear father of Mrs. Betty J. Johnson, Albert Jr. and Maxwell Lee Lacy; also survived by eight grandchildren. Funeral service will be held Friday, Oct. 24, at 1 p.m. from the Harvey A. Neely Funeral Home, Detroit, with interment in Grand Lawn Cemetery, Detroit. Mr. Lacy will lie in state at the Harvey A. Neely Funeral Home, 16540 Meyer Rd., Detroit.

WULFF, OCT. 22, 1958, JOHN W., 19 Pontiac St., Oxford; age 82; beloved husband of Mrs. Jennie Wulff; dear uncle of Burton and Clare Ousnamer. Funeral service will be held Friday, Oct. 24, at 2 p.m. from the Bossardet-Reid Funeral Home, Oxford, with Rev. Alfred Eddy officiating. Interment in Oxford Cemetery. Mr. Wulff will lie in state at the Bossardet-Reid Funeral Home, Oxford.

YOUNG, OCT. 22, 1958, ELIZABETH Ann, 795 Baldwin, Lake Orion; age 82; beloved wife of Daniel F. Young; dear mother of Mrs. Dorothy Martin, Mrs. I. G. Longhway and Mrs. Charles Thompson; dear sister of Mrs. Alice Riley; also survived by 10 grandchildren and 19 great-grandchildren. Funeral service will be held Saturday, Oct. 25, at 2 p.m. from Allen's Funeral Home, Lake Orion, with Rev. W. C. Ballagh officiating. Interment in Mt. Pleasant Cemetery, Oakwood. Mr. Young will lie in state at Allen's Funeral Home, Lake Orion.

In Memoriam 2

IN LOVING MEMORY OF MY dear husband Noah W. Stapleton, who passed away 2 years ago, Oct. 23.
His memory is as dear today,
As in the hour he passed away.
Sadly missed by his wife, Edith & Family.

The Pontiac Press
FOR WANT ADS
DIAL FE 2-8181
From 8 a.m. to 5 p.m.

All errors should be reported immediately. The Press assumes no responsibility for errors other than to cancel the charges for that portion of the first insertion of the advertisement which has been rendered valueless through the error. When cancellations are made be sure to get your "kill number." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger than regular agate type is 12 o'clock noon the day previous to publication.

Transient Want Ads may be cancelled up to 9:30 a.m. the day of publication after the first insertion.

'Gates of Mind' to Swing Open

Prof. Baxter Provides Look Behind Curtain of Perception

NEW YORK—When you watch television you're using your brain as well as your eyes. That, at any rate, is the encouraging word from Dr. Frank Baxter, the learned emcee of the "Gateways to the Mind" colorcast on NBC-TV Channel 4 tonight on the Bell System Science Series.

★ ★ ★

"Viewing television, like any other visual activity, requires use of the brain," Dr. Baxter says. "The light from the set stimulates the cells in the retina of the eye, which sends impulses to the brain. Your memory is then called into action and you recognize what you see on the screen.

Dr. Baxter, professor of English at the University of Southern California, will discuss such points about sight, hearing, taste, touch, smell and still other senses on "Gateways to the Mind," in tonight's presentation in the Bell System Science Series.

Actually, he says, modern science has discovered that there are—not five senses as most people think—but probably more than 14.

"In the skin alone," he says, "there are five separate senses—pain, touch, pressure, heat and cold—each with its own set of sensory receptors. For pain, the receptors are millions of free nerve endings throughout the body. People who are born without the sense of pain have to be watched constantly so that they don't unknowingly hurt themselves.

"The senses of taste and smell combine to produce flavor. It's hard to believe, but an onion and an apple taste very much alike. You can tell them apart because their smells are different.

Dr. Baxter points out that the senses serve to keep the brain in contact with the outside world. An experiment at McGill University in Montreal, he says, proved that normal functioning of the mind is dependent on a normal flow of stimulation from the senses.

"In this experiment," he says, "volunteers were wrapped in soft blankets and placed motionless on comfortable beds in dimly lit, soundproof boxes. Absolutely nothing happened to them and their minds received almost no stimulation from their senses. None of them could stick it out for more than 48 hours.

"Every one of them found his mind began to play tricks on him. One had hallucinations of little yellow men with black caps."

Other experiments have shown that the brain stores up memories that can be released by artifical stimulus. When an electrode was touched to a certain spot of the brain of one patient, he saw a baseball game. Another patient heard a song. A third saw a rail road station in the snow.

On "Gateways to the Mind," Dr. Baxter will discuss these and other experiments with the senses and the brain. "I hope," he says, "that the program itself will provide some stimulation for the mind."

NOW THAT DIDN'T HURT, DID IT? — The knife-throwing act will be one of many illustrations in the story of the human senses, "Gateways to the Mind," which will appear on television, channel 4 tonight. Dr. Frank Baxter (right) will take viewers on "a trip through the ages" explaining the growing knowledge of human perception. (The 'near-victim' is Mae Boss, acting in the interest of science and knowledge.)

Pittsburgh Hotel Resume Service

End 22-Day-Old Strike With Wage Hike, Cut in Working Hours

PITTSBURGH (AP)—Five major Pittsburgh hotels began calling back workers today after a 22-day strike that ended Wednesday night with some 2,300 employes voting by nearly 2 to 1 to end the walkout.

Pickets were removed from the Penn-Sheraton, Pittsburgher, Webster Hall, Sherwyn and Roosevelt hotels.

★ ★ ★

Management began accepting guest reservations immediately and announced that food and beverage service would be resumed Friday.

The new three-year agreement provides a 16-cent hourly package wage increase for non-tipped employes.

For tipped workers, the pact calls for a gradual reduction from the present 48 and 44 hour workweek to 40 hours without loss of pay.

★ ★ ★

Wag scales under the old contract were not disclosed.

The walkout began Oct. 1 and cost the city an estimated million dollars in revenue from the loss of at least 10 conventions and other trade. The last major Pittsburgh hotel strike occurred in 1946 and lasted 53 days.

★ ★ ★

Six delegates to the American Society of Anethesiologists convention arrived here today only to find that the convention had been cancelled several days ago because of the strike. One had come all the way from Hong Kong. The others were on vacations and could not be reached in time.

'Met' Celebrates 75th Anniversary With Family Party

NEW YORK (AP)—The 75th anniversary of the Metropolitan Opera was celebrated Wednesday night with a sort of family party in the big Broadway house.

The Metropolitan Opera Guild sponsored the party, and more than 2,000 of its members attended.

★ ★ ★

Much of the program was nostalgic, with slides showing highlights of the met's history. Included were pictures of stars of the past. Guild and opera officials served as narrators. The crowd also heard snatches of recordings, some of them more than a half century old.

★ ★ ★

The guild presented to the opera a portrait of Mrs. August Belmont, No. 1 woman patron of the met. General Manager Rudolf Bing took part in the program. The audience sang "Auld Lang Syne" to end the evening.

The Met opened Oct. 22, 1883, with "Faust," the new season will open Monday night with "Tosca," with Italian soprano Renata Tebaldi in the title role.

Liberace's Mom Admits Family Split Wide Open

HOLLYWOOD (AP) — One of show business' closest families—Liberace, brother George and their mom—is split wide open.

The sharp wrench in their highly publicized devotion was revealed today by their mother Mrs. Frances Liberace.

The toothy pianist and his violin-playing brother parted professional company a year ago.

★ ★ ★

But it was not known until now that mom too was swept up in the family differences.

Mrs. Liberace, once her sons' No. 1 fan, said she has refused to attend Liberace's shows since the boys broke up their act.

"I love both my boys," Mrs. Liberace told a reporter. "They have both been wonderful to me. But I cannot watch either until they are back together again."

She added that she doesn't even watch the pianist's new daytime ABC—TV show.

★ ★ ★

"It would break my heart," she said. "Always since little boys, they were so happy together."

The mother lives alone most of the time, protected only by around-the-clock guards, in Liberace's $100,000 Sherman Oaks mansion. The guards have been on duty since she was beaten up by mysterious assailants more than a year ago.

Both she and her pianist son denied one report that she has locked Liberace out of his own house.

★ ★ ★

"That will never happen," she said. "Lee spent Sunday night here."

"Lee lives in Palm Springs most of the time," she added, "surrounded by a gang of what I call hillbillies and freeloaders."

She did not identify them but said they were mostly responsible for the breakup with George.

"Lee is too trusting," the mother said. "He doesn't know who his true friends are."

Indonesian Trade Dips

JAKARTA — Indonesia's cash proceeds from exports in 1957 amounted to $836,000,000, about $9,000,000 less than in 1956. Imports totaled $724,000,000, or $112,000,000 below the 1956 figure.

Snow Leaves Indians Without Power, Heat

BILLINGS, Mont. (AP) — The snowbound Northern Cheyenne Indian reservation eagerly awaited arrival today of portable generating equipment that will restore electrical power.

The reservation has been without electrical power or telephone communications more than two days. Lines were knocked out and roads blocked by a heavy snow Monday. Lack of electricity also has caused a water shortage, and oil heating installations cannot operate.

Anna Maria Alberghetti May Marry Composer

HOLLYWOOD (AP) — A January marriage is in the discussion stage between singer Anna Maria Alberghetti and composer-conductor Bud Bregman, her escort for the past seven months.

The Italian-born soprano said, "Buddy and I are very fond of each other. We're not engaged but when we set the date we'll let everyone know."

The marriage would be Miss Alberghetti's first. Bregman was divorced in August 1957 from comedian Jack Haley's daughter Gloria.

Berle Injures Kneecap in Rehearsal Mishap

HOLLYWOOD (AP) — Milton Berle performed on his television show Wednesday night despite an injury to his left kneecap.

During rehearsal the comedian got in the way of a 400-pound studio piano as, by prearrangement, it collapsed.

The kneecap was severely lacerated. A nurse bandaged it and gave Berle a pain killer.

Motorist Uses Bread to Smother Flames

PARIS, Ky. (AP)—Henry Short has a new fire fighting technique.

When wiring in his auto caught fire, he called the fire department, then grabbed a loaf of bread and wrapped the slices around the burning wires.

When the fire fighters arrived, the blaze was out.

Newsmen Think Dems Will Win

Washington Poll Favors Party to Gain Seats in Congressional Elections

WASHINGTON (UPI)—A poll of Washington correspondents shows they believe the Democrats will substantially increase their control of the House and Senate in the Nov. 4 elections.

The survey, conducted by a national magazine, disclosed that not one of the 50 newsmen polled thought the Republicans would gain any seats in Congress.

★ ★ ★

Averaging out their predictions, they forecast a Senate line-up in the next session of 58 Democrats and 40 Republicans. The Democrats controlled the Senate in the 58th Congress by a margin of 49 to 47.

In the House, the newsmen foresaw a new line-up of 266 Democrats and 170 Republicans. The old line-up was 235 Democrats to 200 Republicans.

★ ★ ★

The correspondents listed four factors for the expected Democratic sweep. They were:

—The recession and related "pocketbook" issues.

—Dissatisfaction with White House leadership.

—Uneasiness over international developments.

—"Disorganization" within the Republican Party.

Graduate Engineers Demand Increasing

ANN ARBOR (UPI) — A University of Michigan official said today the over-all demand for engineering graduates will probably be higher next year.

In a report for 1957-58, Assistant Professor John G. Young, head of the college of engineering placement office, said that increased defense requirements will serve to create more jobs and that commercial optimism will also increase the demand for engineers.

He said offers at the placement office offered average salaries of $480 for those with a bachelor of science degree; $570 for those with a master's degree, and $732 for graduates with a doctorate certificate.
