CONGRESSIONAL CHIT-CHAT — Looking back yesterday over past experiences during the 85th Congressional session were William S. Broomfield (left) and Charles E. Potter. Supreme Court Upholds Racial Integration Order

Admit Negroes Without Delay, Little Rock Told

Chief Justice Reveals Unanimous Decision to Packed Courtroom

FROM OUR WIRE SERVICES

WASHINGTON — The Supreme Court today denied the Little Rock School Board any delay in integration at Central High School.

Chief Justice Warren announced before a packed courtroom, that a requested 2½-year delay was refused.

Warren said the decision was unanimous.

The ruling affirmed a decision by the U.S. 8th Circuit Court of Appeals at St. Louis.

The ruling is effective immediately.

It means seven Negroes who wish to attend Central High School are now eligible for immediate readmission.

The school is scheduled to open Monday.

But Gov. Orval E. Faubus has said repeatedly he will close the school rather than see it operate with forced integration.

★ ★ ★

Justice Warren read a two-page printed opinion which was signed "per curiam" — meaning by the court.

The opinion stated that the court "having fully deliberated upon the oral arguments had on Aug. 28, as supplemented by the arguments on Sept. 11, and all the briefs on file, is unanimously of the opinion that the judgment of the Court of Appeals from the 8th Circuit of Aug. 18 must be affirmed."

The court heard four hours of arguments on this issue yesterday in the majestic court chamber, crowded but hushed, where so many acute national problems have been resolved.

In Little Rock, top Department of Justice attorneys and a swarm of deputy U. S. marshals swung into action to enforce the Supreme Court's decision.

★ ★ ★

"That was not unexpected," Gov. Orval E. Faubus commented tersely when he heard the news.

He was in a meeting of the State Elections Commission, which he declined to stop. He sent out word that he will have no further comment until later this afternoon and perhaps not today.

"We are studying the decision but we have nothing to say," Stephen C. Bransdorfer, spokesman for the Department of Justice team sent in to direct the intergration, told reporters.

Mrs. L. Cam Bates, head of the NAACP in Arkansas, was jubilant.

"It is our hope," she said, "that this decision will make it crystal clear to the Little Rock School Board that it can no longer deny children the right to a

Ike Tells World U.S. Will Not Appease Reds

Radio Speech Warns China to Stop Pushing or Expect to Fight

WASHINGTON (AP)—President Eisenhower has drawn the line against Communist aggression in the western Pacific in a momentous speech telling Red China to stop pushing and negotiate or be prepared to fight.

Immediate bipartisan congressional reaction to his White House address last night was strongly favorable.

It remained to be seen whether Red China and the Soviet Union—accused by Eisenhower of "working hand in hand" to enslave the western Pacific—would take him at his word.

Neither has indicated any heed to previous warnings by Secretary of State Dulles and other top U.S. officials.

Peiping yesterday unleashed the heaviest artillery barrage yet on the blockaded offshore island of Quemoy. Soviet Premier Khrushchev told a rally of 100,000 cheering Russians at Stalingrad last night that any attack on Red China would be considered an attack on the Soviet Union.

Eisenhower interrupted his vacation to make the blunt speech, perhaps the strongest of his career.

In his nationwide radio-TV address, beamed around the world in 40 languages by the Voice of America, he deplored the bombardment of Quemoy. He called it a tragic affair which already

Report GM and UAW Separated by 12½ Cents

DETROIT (AP)—The auto industry intensified its contract talks with the United Auto Workers today amidst reports that the gap between General Motors and the UAW now stands at 12½ cents.

The speeded up negotiations were held against a backdrop of a UAW Wednesday strike deadline at Ford if no agreement is reached there.

★ ★ ★

The Big Three said no new contract proposals had been made to the UAW but all parties issued cautiously optimistic statements after yesterday's bargaining sessions.

Chief interest centered on Ford where UAW President Walter P. Reuther took personal command yesterday of the union's drive for a contract to cover 100,000 Ford hourly rated workers.

Unusual Saturday and Sunday talks were scheduled by the Ford-UAW teams as they sought to hammer out an agreement before the strike deadline. GM and Chrysler said they had not decided whether similar talks should be held over the weekend.

UAW, GM SILENT

The report of the 12½-cent spread came from a usually well-informed source who insisted on anonymity. UAW and GM sources had no comment.

He said that when the GM contract ran out May 29—followed by Ford and Chrysler the same weekend — GM proposals would have given its workers about 6½ cents an hour. The UAW insisted on 19 cents, he said, and talks ended with expiration of the contract.

Ford Offer Delayed

DETROIT (AP)—Ford Motor Co. resumed contract talks with the United Auto Workers today but said it was unlikely that any new offer would be made, at least before tomorrow.

UAW sources have never disclosed what they figure their contract demands would cost GM. The company said the original demands would have cost 73 cents an hour per worker.

GM said the UAW, in the final hours before the old contract ran out, cut these to 48 cents. The average hourly wage for auto workers is $2.43.

A Chrysler spokesman, asked if that company was within seven cents of an agreement, declined comment.

LIFE ON FORMOSA — Farmers hoe a field near Formosa's capital city of Taipei as Nationalist gun crews set up an antiaircraft weapon nearby. The island stronghold of Chiang Kai-shek is seat of stepped up military preparations during continued Red China artillery attacks on Quemoy and Matsu.

Shelling Forces Nationalists to Hold Off Aid to Quemoy

TAIPEI (AP)—The Chinese Nationalists held back another attempt to run the Communist blockade of Quemoy today while the Reds peppered the offshore islands with more artillery fire.

As the Formosa Strait crisis rounded out a third week, Nationalist military headquarters reported Red shore batteries sprayed nearly 300 shells on Quemoy and the nearby Nationalist islands of Little Quemoy, Ehrtan and Ttan.

Although the shelling was comparatively light, the Nationalists decided against trying again to push supplies to the besieged island in the face of the Red gunfire which foiled the last two attempts.

Some Nationalist military men and the Taipei press voiced demands for more American action in getting supplies to Quemoy.

They wrote off as ineffective the use of U.S. warships to escort the supply ships across the Formosa Strait only to within three miles of Quemoy.

REDS 'EFFECTIVE'

Associated Press correspondent James Cary, who was aboard a Nationalist supply ship which was forced under Red shelling Thursday to pull off the beach at Quemoy before unloading, said the grim fact is "that the Communist blockade is highly effective and critically serious."

There was increasing talk in Nationalist quarters of air dropping supplies to the beleaguered island and aerial assaults on Red artillery positions on the mainland.

Thirteen warships of the U.S. 7th Fleet which had escorted the convoy from the Pescadores Islands remained 3 to 12 miles off the beach, in line with U.S. policy not to incur the risk of a shooting duel with the Communists.

The Americans ignored Peiping's recent declaration extending Communist China's territorial waters 12 miles to seaward, holding instead to the traditional three-mile limit.

No Quote as Faubus Hears News

LITTLE ROCK, Ark. (AP) — Gov. Orval E. Faubus merely nodded but said nothing when the news reached him today of the Supreme Court decision ordering integration in Little Rock Central High School.

There was little immediate reaction either from Negro children who are affected by the decision, or by federal and city officials.

Mayor Werner Knoop, head of the Little Rock Board of Directors, immediately summoned a meeting of the board to set up plans for preserving peace in the city.

U. S. Atty. Osro Cobb and Justice Department aides sent from Washington said they were studying the decision. A spokesman said it will be some time before they announce their next move.

The first official reaction came from Wayne Upton, president of the Board of Education.

"Naturally, we will have to try to operate under it (the decision)," he said. "We, of course do not know what Gov. Faubus plans to do, but if he orders us to close the school we will close the school."

Another board member, Harold Engstrom Jr., said the board will probably hold an emergency meeting.

Faubus was presiding over a meeting of the State Election Commission when the news reached him.

Seeking to Pare Hospital Costs

Willman Orders Full Repair Need Inspection at Old Pontiac General

Confident that extra repair costs in the old Pontiac General Hospital building will be reduced, City Manager Walter K. Willman today ordered a fine toothcomb inspection of defective electrical, plumbing and heating installations.

It is anticipated that city inpectors will find a large proportion of the installations serviceable or salvageable, Willman said. The inspection will take place this weekend.

★ ★ ★

"By Monday, we should have a fairly good idea of which materials have to be replaced and which don't," Willman said.

A Monday meeting is scheduled with Harold B. Euler, hospital administrator, to determine how the repair job looks from the city's point of view.

"We will have a preliminary estimate of the cost by then, but this figure will be reduced even further after we meet with contractors and architects," he said.

Pontiac Rotarians Hear Campaigning Senator

Reuther 'Dangerous to Labor'--Potter

By GEORGE T. TRUMBULL JR.

Crooks and racketeers in labor unions are bad enough, said Sen. Charles E. Potter, but "even more dangerous to the labor movement and our free enterprise system are men like UAW President Walter P. Reuther."

"Our greatest domestic problem is the concentration of economic and political power in the hands of a few labor leaders like Reuther," Potter told Pontiac Rotarians Thursday noon.

Introduced by Harold A. Fitzgerald, publisher of The Pontiac Press, Potter predicted "this concentration of power will destroy the Democratic party just as it did the Liberal pary in England."

Potter, picking up steam in his campaign tour toward another six-year term as Michigan senator, repeatedly mentioned financial support of the Democratic Party from dues of rank-and-file union members.

"The average wage earner doesn't know where his dues go," the 41-year-old veteran who lost both legs in World War II said. "Well, I'll tell them. It's the main support of the ADA (Americans for Democratic Action).

'BEEN IN A FEW FIGHTS'

The Republican senator charged the United Auto Workers with trying to block his election in 1952 by spreading stories that he lost his legs in a jeep accident while being AWOL from his Army post in Paris.

"This shows you what those guys will stoop to, to knock me off," he said. "But I've been in a few fights before and I don't exterminate easily."

He termed the revelations of the McClellan Senate Labor Rackets Committee "one of the most sordid stories in American history. Here are men that have a responsibility to the wage earners," Potter said. "But rather they have lined their pockets with the dues of the laborers for wine, women and song."

Potter called for election of national lawmakers who will return the labor movement to the laborers. He condemned Democratic efforts, particularly those of House Speaker Sam Rayburn, in defeating the Ives-Kennedy labor reform bill.

The speaker separated Reuther from the James R. Hoffa-Dave Beck clan of "goons, racketeers and crooks. Reuther is not interested in monetary gain for himself," he said. "But he misuses his power and responsibility as head of a great union."

Democrats use union dues to

City Schools Show 300 Pupil Increase

Pontiac schools showed a 300 pupil increase on opening day, as compared with last year's figures, Assistant Superintendent Philip Proud disclosed today.

He noted, however, that the boost was some 500 less than had been anticipated by the administration last spring.

Total enrollment for Pontiac schools is about 19,225 with another hundred expected by the end of the month. This compares with 19,015 on the fourth Friday of last September.

Proud said that economic conditions in Pontiac had apparently caused some families to leave the area, thereby reducing the enrollment from the expected figure of 19,750.

Elementary schools are 525 under expected enrollment, junior highs reached the predicted figure, while the senior highs are about 100 over, Proud said.

Elementary schools that ran well over expected pupil enrollment are Hawthorne with 50 extra, Will Rogers, 51, and Herrington Hills, 74, he added.

"Fortunately," Proud said, "these are new schools which had extra classroom space to meet future growth in their attendance areas, so we are not cramped for space."

Fifteen elementaries are under predicted figures, led by Bethune, 100 less, Mark Twain, 80, and Malkim, 60, he stated.

The Junior highs anticipated an enrollment of 3,489, Proud said, and have 3,450 right now. Eastern is down 40 from predicted figures and Jefferson is off 50.

Pontiac Central expected 2,101

Low Tonight of 56; Chance for Showers

Partly cloudy tonight with the chance of a few showers Saturday and little temperature change is the outlook for the Pontiac area. Tonight's low will be about 56.

According to the U.S. Weather Bureau, tomorrow's high will be near 74, the low tomorrow night 56. Temperatures will continue warm until late Sunday when a cooler trend will set in for Monday, Tuesday and Wednesday.

Precipitation will total one-half to three-quarters of an inch in a few possible showers Saturday and again late Sunday or Monday.

The lowest recorded temperature in downtown Pontiac preceding 8 a.m. was 44 degrees. The mercury rose to 70 at 1 p.m.

Slate Shopper's Festival

A carnival spirit will pervade downtown Pontiac for five days, starting next Thursday and continuing through Tuesday, Sept. 23.

Sponsored by the Downtown Merchants Assn., a festival for young and old alike will feature 30 carnival rides, an outdoor, chuck wagon-style restaurant and booths in front of most of the stores.

Merchants, starting today are giving out free tickets which entitle youngsters to reduced rates on the carnival rides to be located in the city parking lot on E. Pike at Hill street.

The outdoor restaurant will be set up on Lawrence at Wayne street and will feature barbecue, hot dogs, coffee and soft drinks served at outdoor tables.

Merchants will offer special values from booths on the sidewalk manned by colorfully dressed employes.

Highest Court Ponders Human Rights

Men Come and Go—the Law Remains

By SAUL PETT

WASHINGTON (AP) — "I don't care where I sit," the old lawyer told the attendant. "Can't see, anyway; I'm three-fourths blind. But I can hear and I want to hear everything."

★ ★ ★

He sat down in the back row of spectators. He carefully folded his hands over the head of his cane and rested his chin on his hands. Into those sightless old eyes there came a poignant moment of reverence.

★ ★ ★

In the high chamber, against the columns of austere marble and the richness of red velour drapes, men talked of the law. . . . "The law is clear . . . The Constitution declares . . . The law says . . ."

And as they talked in the high-ceilinged room, man seemed to grow smaller and the law larger.

The last arguments went on before the moment of decision. Should seven Negro children in a place called Little Rock be allowed to go to school immediately with white children? Or should they be told to wait?

★ ★ ★

Give us time, give us delay, until tempers cool and threats of violence fade, pleaded the lawyer for the Little Rock school board.

★ ★ ★

Give them more time and you invite more violence; integrate now and make the law supreme, demanded the lawyers of the government and the National Assn. for the Advancement of Colored People.

Up on the bench, nine men in black robes listened.

Earl Warren studied the speaker with an intense frown. Felix Frankfurter rocked gently back and forth in his high leather chair, waiting with a smile to pounce on the first inconsistency. Harold H. Burton sat motionless, frozen in thought. William O. Douglas scratched his sandy hair. Tom Clark, without apparent gesture, sent a court page off for a law book.

They listened, and they also interrupted with questions.

"Now let us suppose your premise is true, would you then?"

"If the climate of public opinion in Little Rock in the same 2½ years from now, would the school board ask for another delay of 2½ years?"

"Don't state officials take an oath to uphold the federal Constitution?"

The justices questioned the speakers slowly, carefully, each in his own way.

Each appeared to be probing gently, groping through the argument and counterargument for the illogic and logic, for the extraneous and the essence, for the road to nowhere and the road to truth.

★ ★ ★

The arguments went on during the afternoon with scarcely any emotion. When they ended, the courtroom began to clear. The old blind lawyer in the back stood up with pride and satisfaction.

The lawyer left. The law remained.

Free Suspect in Girl Beating

Man Passes Lie Test at State Police Post Near Reed City

REED CITY (UPI)—State Police have released a 65-year-old man who had been held for investigation since Tuesday in the beating of a 13-year-old Reed City girl.

The suspect was released after passing a lie detector test at the Rockford State Police post.

The girl, Judith Roggow, was found bound in a cornfield Tuesday. Her wrists were tied with a belt and a towel was wrapped around her neck.

She was in a cornfield about a half-mile from the State Police post and had been missing for about 2½ hours.

Osceola County Sheriff Donald Grein said Judith also underwent a lie test but the results won't be known for several days.

Grein said he plans to question five or six more suspects.

Judith told police she was seized in her dollhouse behind her home by a "big man."

She said her attacker was wearing a baseball cap and a plaid tan jacket.

The girl, who said she had been beaten into unconsciousness, was taken to Reed City Hospital after she was found screaming in the cornfield. Doctors said she had bruises on the legs and face and was suffering from shock.

Seeking to Cut Costs on Hospital Repairs

(Continued From Page One)

on the building project, is poring over plans for remodeling the old building.

Their aim is to determine how much repair work overlaps with what is already contracted for under the remodeling program.

Where work overlaps, subcontractors will be asked to give the city financial credits.

"For instance," Willman said, "if we have to tear out a ceiling to get at defective installations, but were going to remove the ceiling anyway for remodeling purposes, we don't want to pay twice for the job."

Therefore some of the repair costs will be offset by a reduction in the $350,000 worth of remodeling that is still to take place in the old building, he explained.

When the actual repair work gets under way, Willman said, the city intends to hold costs to a minimum by paying on a time-and-material basis.

"If we contracted for a package job, contractors would naturally try to cover all possible costs in their bids. But on a time-and-material basis, the city will pay only for that work which is absolutely necessary."

There will be city inspectors on the job to see that this policy is carried out, Willman said.

"We do not intend to replace any installations that are safe and serviceable. At the same time, where repairs are necessary we will certainly make them, for this will save us money in the long run.

"In a nutshell, we intend to play it safe, but with the utmost economy."

Where money will be found to meet the added repair bill is still an unanswered question.

"We will approach that problem when we find out as close as possible what the actual cost is going to be," the city manager said.

'Noisy' U.S. Jet Airliner Hardly Noticed in Paris

PARIS (AP) — The first American jet passenger plane flew into Le Bourget airport today. Persons living near the field had no complaints about the noise of the Boeing 707.

"We are so used to planes of all kinds flying over us all day long that we don't hear the noise any more," a shopkeeper near the airport said. "Just another noisy plane," added a resident.

The Pan American World Airways four-jet plane has been undergoing tests in London and New York in an effort to satisfy airport authorities there that its noise is not objectionable.

The airline hopes to put jet planes into regular transatlantic passenger service beginning Nov. 1 if officials at New York's Idlewild Airport decide it is quiet enough.

'No Appeasement' Ike Tells U.S., Reds

(Continued From Page One)

has killed or wounded 1,000 persons — mostly civilians.

But the issue, he said, was not the defense of the tiny islands. He pledged: "No American boy will ever be asked by me to fight just for Quemoy."

The issue, he said, was: "Shall we take the position that, submitting to threat, it is better to surrender pieces of free territory in the hope that this will satisfy the appetite of the aggressor and we shall have peace?"

Contending the answer is no, the President said the free world must fight if necessary for that principle.

The democracies tried appeasement at Munich and failed to prevent — in fact brought on World War II, he said, and "I never want to see that history repeated."

He said the Reds are probing, testing, and their bluff must be called or "tragedy after tragedy would befall us."

★ ★ ★

Eisenhower coupled this warning to the Communists and appeal to the free world with an urgent bid for negotiation—between the United States and Red China or, if that fails, in the United Nations.

"There is not going to be any appeasement,' he said. "I believe that there is not going to be any war."

Two thirds of the President's "Report to the American People," as he called it, was on the theme, "No appeasement . . . no Munich . . . no retreat in the face of armed aggression."

URGES NEGOTIATION

The final third was conciliatory, a plea for Communist agreement to "a far better way than resort to force to settle these differences . . . the way of negotiation."

In offering either alternative, the President's voice was calm and matter-of-fact.

★ ★ ★

Eisenhower seemed very close to saying "yes" to the big question —Would the United States fight for the offshore Nationalist islands?" —when he declared:

"It is as certain as can be that the shooting which the Chinese Communists started on Aug. 23 has as its purpose not just the taking of the island of Quemoy. It is part of what is indeed an ambitious plan of armed conquest.

"This plan would liquidate all of the free world positions in the western Pacific area and bring them under captive governments which would be hostile to the United States and to the free world.

"Thus the Chinese and Russian Communists would come to dominate at least the western half of the now friendly Pacific Ocean. . .

"I must say to you very frankly and soberly, my friends, the United States cannot accept the result that the Communists seek. Neither can we show, now a weakness of purpose — a timidity. . . .

"If history teaches anything, appeasement would make it more likely that we should have to fight a major war."

Eisenhower urged an early start in projected U.S.—Red Chinese talks at Warsaw. If these do not fully succeed, he said, he might turn to the United Nations.

★ ★ ★

The President hinted he could go to the United Nations Security Council, responsible under the charter for maintaining world peace, because "Communist Chinese hostilities in the Formosa Straits area do endanger world peace."

Warmer Weather On Way for Nation

By THE ASSOCIATED PRESS

A late summer cool spell continued across the Northeastern section of the country today but warmer weather appeared on the way.

The autumn-like weather covered areas from the upper Mississippi Valley and central Plains eastward to the Atlantic Coast. Some of the cool air dipped southward into the Gulf states.

Coolest weather was in areas from Lake Michigan eastward through the north Atlantic Coast states and southward through Pennsylvania. Temperatures were in the 40s in most areas, with some sections reporting readings in the 30s.

In Little Rock Case

Text of High Court Opinion

WASHINGTON (AP)—The text of the Supreme Court's unanimous opinion in the Little Rock integration case:

The court, having fully deliberated upon the oral arguments had on Aug. 28, 1958, as supplemented by the arguments presented on Sept. 11, 1958, and all the briefs on file, is unanimously of the opinion that the judgment of the Court of Appeals for the 8th Circuit of Aug. 18, 1958, must be affirmed.

★ ★ ★

In view of the imminent commencement of the new school year at the Central High School of Little Rock, Ark., we deem it important to make prompt announcement of our judgment affirming the Court of Appeals.

The expression of the views supporting our judgment will be prepared and announced in due course.

It is accordingly ordered that the judgment of the Court of Appeals for the 8th Circuit, dated Aug. 18, 1958, reversing the judgment of the District Court for the Eastern District of Arkansas, dated June 20, 1958, be affirmed, and that the judgments of the district Court for the Eastern District of Arkansas, dated Aug. 28, 1956, and Sept. 3, 1957, enforcing the School Board's plan for desegregation in compliance with the decision of this court in Brown vs. Board of Education, 347 U.S. 483; 349 U.S. 294, be reinstated.

★ ★ ★

It follows that the order of the Court of Appeals dated Aug. 21, 1958, staying its own mandate is of no further effect.

The judgment of this court shall be effective immediately, and shall be communicated forthwith to the District Court for the Eastern District of Arkansas.

Pick Up Virginia Youth in Staten Island Killings

NEW YORK (UPI)—An 18-year-old Negro has been picked up in Farmville, Va., for questioning in the killing of Dr. Melvin Nimer and his wife, Lou Jean, the New York World-Telegraph & Sun reported today.

★ ★ ★

The couple's eight-year-old son, Melvin Dean, is under psychiatric examination after allegedly telling police that he killed his parents in their bed with a kitchen knife. Previously he had said a masked prowler choked him and killed his parents when they came to his aid.

★ ★ ★

The newspaper said Mrs. Nimer had told police before she died that she and her husband had risen in answer to young Dean's cries and had been stabbed by a full-grown man wearing a white hood.

Her story apparently substantiated the one first told to officers by the youngster.

The newspaper gave no indication of what led police to the Virginia youth, whom it identified as William Fletcher Jr. It said he had been staying with his mother in a rented Manhattan room, miles from the Nimer's Staten Island home, and had "disappeared about two days ago and returned to Virginia."

The newspaper printed a transcript of Mrs. Nimer's questioning by a detective as she lay dying in the U.S. Public Health Hospital after the stabbing early Sept. 2. Her husband had died moments after reaching the hospital, apparently without making any statement.

Richmond County District Attorney John N. Braisted Jr., who Wednesday night announced that young Dean had told officers on Saturday, and twice since, that he was the murderer, said yesterday that Mrs. Nimer had described her assailant as a man about her husband's size. Braisted said he considered it possible that she had seen her husband going down the stairs and mistaken him for an intruder.

★ ★ ★

Assistant District Attorney Thomas R. Sullivan, questioned about a death-bed statement by Mrs. Nimer, was said to have acknowledged to a World-Telegram & Sun reporter today that she had also mentioned a mask.

"She was asked certain questions and she gave certain answers," the newspaper quoted Sullivan. "I believe she said something about a mask and I cannot comment any more until I speak to Mr. Braisted about it."

Braisted and top police officials revealed late yesterday — a few hours after Dean had been sent to Bellevue Hospital for mental examination as a material witness— that they were exploring out-of-town a new lead which did not involve the boy.

It may mark the final round of a running feud between Hoffa and the committee. The group now is in its 18th month of investigating corruption charges against Hoffa and other Teamsters officials.

BUDGET DOLLAR — Chart showing breakdown of federal income and expenditure per budget dollar for fiscal year 1959 is based on chart released in Washington in U. S. Bureau of Budget's midyear review of Pres. Eisenhower's January budget message. Income taxes, representing 67 cents per revenue dollar, fell off. Defense items represent largest part of expenditures, but biggest increases in spending were due to farm price support costs, arising from bumper harvests, and anti-recession outlays.

$12 Billion Deficit Feared

U.S. Runs in Red

WASHINGTON (UPI) — President Eisenhower's budget director, admitting to a "sense of discouragement," last night revealed the treasury expects to wind up more that 12 billion dollars in the red this fiscal year.

Budget Chief Maurice H. Stans also indicated the administration may seek higher federal gasoline taxes and another round of postal rate increases next year to avoid adding to the record peacetime deficit.

Stans said the deficit would be $12,200,000,000 for the fiscal year which began last July 1 and ends next June 30.

He told his news conference yesterday that the President and his advisers must decide within 60 days about raising federal gasoline taxes by close to one billion dollars next year because the federal highway trust fund, used to finance interstate highways, will be exhausted next fiscal year.

★ ★ ★

Stans declined to forecast Eisenhower's ultimate decision. But he made clear he personally was shooting for a return to a balanced budget in fiscal 1961 and would prefer hiking the "user" type tax on gasoline to bigger red ink spending.

Congress recently added one cent to the cost of first class and air mail, but Stans estimated the Post Office Department will have a deficit of 735 million dollars this year, partly because of new postal pay increases.

He said that if the administration took a "consistent" position, the White House would ask Congress for another postal rate increase next session.

Stans' review estimated the government would take in $67,000,000,000 and spend $79,200,000,000 in the 12 months ending next June 30, leaving a deficit of $12,200,000,000. This would push the public debt to $283,000,000,000.

★ ★ ★

The President told Congress last January that he anticipated a half-billion surplus this year. But this forecast went out the window as the recession hit bottom, cut sharply into government revenues and forced expenditures up.

The statutory debt ceiling now is $288 billion, increased by the last Congress from $275 billion.

Potter Says Reuther 'Dangerous to Labor'

(Continued From Page One)

support candidates whose political convictions are directly opposite those favored by the unionists, Rotarians were told.

Potter mentioned the 1952 presidential election when, he said, a great number of workers supported President Eisenhower, but their monthly dues were going toward Adlai Stevenson's campaign.

With the help of these union funds, Potter said, Democrats this year will outspend the Republicans ten to one. Once union-supported candidates get into office, men like Reuther start demanding "their pint of blood" from them, the speaker said.

He criticized the union-conforming members of Congress who, he said, vote on every issue as Reuther dictates without deviation. "There's no group that demands conformity like they (the UAW) do," Potter remarked. "You better be right their way 100 per cent of the time or you're purged."

Contrary to what he said the union's publication reported, Sen. Potter said he voted for an amendment in the last session of Congress to give increased pensions for the aged and blind.

Potter is pitted against Lt. Gov. Philip A. Hart, Democratic nominee for the U.S. Senate. Hart addressed the Pontiac Rotary Club last week.

The Republican nominee warned that Reuther "can win" in his efforts to destroy our system of government.

"It behooves all of us, irrespective of political ties, to become as dedicated to preserve this system as Reuther is in trying to destroy it," Potter concluded.

Rehearsal for Winter

BOSTON (AP) — An inch of snow fell on Mt. Washington in New Hampshire overnight. The temperature dipped to 24 degrees today.

SPEED RECORD, THEN A SMOKE — Gen. Curtis E. LeMay, vice chief of staff of the Air Force, nonchalantly lights a cigar after flying a KC135 jet tanker to a new Tokyo to Washington speed record. He flew the 7,100 miles in 12 hours and 28 minutes, about an hour and seven minutes faster than the previous record. The general was at the controls when the big plane taxied to a stop at Andrews Air Force Base near Washington today. Average speed on the trip was 570 m. p. h. and most of the flight was between 35,000 and 40,000 feet. Because of crossing of the international date line the big ship reached Washington —so far as the clock and calendar are concerned — 32 minutes before its takeoff in Japan!

The Day in Birmingham

Great Books Club Opens Fall Series Wednesday

BIRMINGHAM—Meeting at the Community House, the Birmingham Great Books Club will begin its new fall series of book discussions at 8 p.m. Wednesday.

Divided into fourth and first-year groups, the sections meet on alternate Wednesdays, with the fourth-year group leading off.

The purpose of the Great Books is to promote a broader interest in the classics of ancient and modern times, according to Mr. and Mrs. Robert Kettle, who are in charge of registration.

Prescribed lists of books are available to members. The books are discussed at the meetings under the direction of trained moderators.

Membership, for which there is no charge, is open to all Birmingham - Bloomfield - Pontiac area adults.

Mrs. Lloyd Lake of 553 Linden Rd., Birmingham, will play hostess to the first fall meeting of Rotary Anns Club at 1 p.m. Monday. A potluck luncheon will be served under the direction of Mrs. Mathew Cammareri, Mrs. Alfred LaBelle, Mrs. Charles Miller and Mrs. Phil Williams.

Arthur Lake, a Birmingham jeweler, will speak on "Diamonds and Precious Stones."

Miss Myra Showman, registrar for the crafts and hobby classes at the Community House, announced today there still is time to enroll in some of the sessions.

Registrations are being accepted for advanced bridge, creative pottery, social dancing, millinery, adult painting, photography, sewing, silver and jewelry design. Due to the popularity of the flower arrangement class, a second section has been formed, she said.

There also are openings in the painting and drawing classes in the youth section for both after-school and Saturday morning sessions.

Keith Dearborn, choir director at the Congregational Church of Birmingham, has invited all children between the ages of 9 and 12 to register at 4 p.m. Wednesday for membership in the Pilgrim Choir.

South Oakland County Chapter of Alpha Chi Omega will hold its annual tea 2 p.m. tomorrow at the home of Mrs. John Cross, 515 Pilgrim St., Birmingham. Alice Stark Stenz, noted auto-harpist, will provide the entertainment

Mrs. Walter G. Stecker

Service for Mrs. Walter G. (Anita) Stecker, 67, of 679 N. Eton St., Birmingham, will be held at 1 p.m. tomorrow at Bell Chapel of the William R. Hamilton Co., with burial in Grand Lawn Cemetery, Detroit.

★ ★ ★

Mrs. Stecker died Wednesday at her cottage at Pine Lake after an illness of a month.

She was a member of Piety Hill Chapter, DAR, and the First Church of Christ Scientist.

★ ★ ★

Surviving are a son, Walter G. of Birmingham; a daughter, Mrs. Lawrence E. Long in Venezuela; a sister, Mrs. Charles A. Dann of Birmingham, and five grandchildren.

decent high school education because of race or color."

The Little Rock Federal Building swarmed with government men. The U. S. attorney's office, where the Department of Justice integration enforcement team worked, was closed to visitors.

Lawyers bustled back and forth with documents and in conferences.

More than 50 deputy U. S. marshals, imported from outside Little Rock, reported for secret instructions. More were arriving.

They stood in a line outside the office of Beal Kidd, U. S. resident marshal, to report in, then were directed to a courtroom, where they were briefed in batches.

Asks Examination in Hit-Run Death

George E. Stansfield, who police say has confessed to the hit-run accident which killed a Dixie Highway pedestrian Tuesday night, appeared yesterday before Waterford Township Justice of the Peace Donald E. Adams.

Stansfield, 31, of 22 Augusta St., demanded examination which was set for Thursday. He is charged with leaving the scene of an injury accident.

Killed in the accident was Elmer Robinson, 28, of Benton, Ark., a construction gang cook.

Burglar Gets Nothing but Tears in His Eyes

BRIDGETON, N.J. (AP)—A would-be burglar broke into a lumber company office but left with tears in his eyes.

Police said the tears came from tear gas which filled the office when the burglar tried to smash a handle from a safe. The gas was a built-in protection feature. The burglar went away empty-handed.

Car to Last 35-40 Years Goal for New Argonaut

CLEVELAND (AP)—The $17,000 car being made by Richard S. Luntz is going to run a long time—in his words, "30, 35, 40 years . . . indefinitely."

This is the Amand-built Argonaut, constructed with "everything the public who could afford it would want."

It is the product of Argonaut Corp., a new company trying to break ino the highly competitive auto industry. Luntz is the president.

Despite the $17,000 price tag, Luntz says the Argonaut, with an all-aluminum, Italian-made body, is not for the very wealthy alone. He is aiming at those who buy expensive American cars and trade them often.

What goes into a $17,000 car? The 38-year-old Luntz emphasized that Argonaut Corp. started with an idea for a car, not a price.

"We built everything the public who could afford it would want. We refused to put a figure on it until it was completely designed."

★ ★ ★

Argonaut Corp. seeks a reputation in engineering, and the first showing Oct. 10 is to be an engineering showing "without the distracting influence of the body," he announced today.

Luntz says the car has "extremely rugged" components. For example, brass piping, instead of rubber hoses from engine to radiator. "Rubber hose swells in five to 10 years, restricting the flow of water," he said.

He claims the lowest center of gravity and the widest track in the industry for Argonaut. The front and rear adjustable shock absorbers are controlled from the cockpit, and there is a separate radiator to cool the engine oil.

He declined to give horsepower figures but said they are "very high."

The Argonaut Corp. shareholders were identified only as men "successful in industry" in the Cleveland-Pittsburgh area. Can they succeed where other makers of hand-built cars have failed? Luntz is convinced the answer is yes.

"I feel," he said, "there is going to be a renaissance in the United States. People are beginning to appreciate the finer things."

He declined to say how much money had been put into developing the car. It will be sold by dealers who have been handling European cars.

Luntz believes anyone buying an Argonaut and keeping it for 10 to 15 years will "save money in the end."

"It would be foolish to buy and keep this car two or three years. It is built to last 10, 15, 20 years or more . . . in 45 years a man might take (today's) Argonaut straight across the country with absolutely no question."

Burglars Steal Clothes From Cleaners in City

Burglars pried off iron bars at a window of Charlie's Cleaners, 370 Bagley St., to gain entrance, it was reported yesterday by Pontiac Police.

They took a few items of used clothing including a summer tuxedo jacket and two pair of men's pants.

A Young Hotrodder?

STOKE-ON-TRENT, England (UPI) — Paul Becker, 2, took his first solo drive yesterday. Paul climbed into his father's parked automobile, released the brake, steered the car 200 yards into a ditch, then walked home, unhurt.

Rocket of Sputnik III to Appear Over State

CAMBRIDGE, Mass. (AP) — The Smithsonian Astrophysical Observatory reports that some Michigan residents may be able to see the rocket of Sputnik III twice over the weekend.

First sighting is expected at about 5:29 a.m. Saturday. It will be moving from the southwest to the northeast and may be visible between a line from Lake Huron to the South Carolina Coast and a line from Lake Huron to Louisiana.

On Monday morning the rocket will be visible at about 5:52, between a line from Western Texas to Minnesota and a line from Western Georgia to northwest Michigan.

Woman Slightly Injured in Two-Car Smashup

A two-car smashup at Baldwin and Fairmount avenues, Thursday night, resulted in minor injuries to Mrs. Rose Lafnear, 17, of 89 W. Fairmount Ave.

Mrs. Lafnear was a passenger in the car driven by her husband, Claude 23, said police. She was treated at St. Joseph Mercy Hospital and released.

Police said the Lafner car, waiting to make a turn, was struck from behind by an auto driven by Clifford C. Crossman, 53, of 1559 Stanley St. Crossman was uninjured.

Attends Mayors' Confab

Award Scouts for Conservation

Pontiac Troop 15 First in Clinton Valley Unit to Receive Honor

Pontiac Boy Scout Troop 15 last night became the first troop in the Clinton Valley Council to earn the William T. Hornaday national conservation award.

The presentation was made at Camp Agawam where Pontiac's pack, troop and post leaders held their annual fall kickoff program.

★ ★ ★

The troop earned the award with 2,500 hours of work in conservation at the Bald Mountain Recreation Area.

Maurice E. Fitzgerald Jr., scoutmaster, and his brother, Jack M., troop committee chairman, received the award from Van R. Bairdwood, Pontiac district scout executive.

In earning this national recognition, the troop of 20 boys undertook many soil erosion projects, planted 400 butternut trees, replanted 1,300 black locust trees, built animal shelters and cleared a mile-long fire trail.

★ ★ ★

The troop, sponsored by St. Vincent de Paul Church, spent two years on the conservation projects.

Beginning a new series of service jobs, the unit has decided to build a 12-foot bridge of oak timbers to support 50,000 pounds.

The bridge will enable fire equipment to save a 20-minute trip by other roads to reach a center area of the park.

★ ★ ★

The Hornaday award is made available for outstanding conservation by the New York Zoological Society and the Boy Scouts of America.

Other events at the leaders' meeting included roundtable discussions, program announcements and presentation of a 10-year veteran award to Leon Lackey by Pontia c District Commissioner Glenn Lackey, his father.

Famed Poet of the Yukon

Robert W. Service Dies at Age of 84 in France

ROBERT W. SERVICE

LANCIEUX, France (AP) — Robert W. Service, poet of the Yukon who wrote "The Shooting of Dan McGrew," died last night. He was 84.

The sourdough poet apparently died of a heart attack. His wife was with him in their home on Robert Service Street, in this little Brittany coastal town.

Service estimated that the 130 lines of his most famous works brought him $500,000.

★ ★ ★

He was working in a bank in the Yukon and wrote the verse to be recited at a church social. It never was, however, because it had a few hells and damns.

Service said he sat up all one night scratching the verse on the backs of old envelopes. One of the bank guards, seeing the light on in the bank, fired at Service, thinking he was a robber, "and came pretty damned close."

★ ★ ★

He tossed the verse aside for some time and then, getting a $100 bonus from the bank, made arrangements with a publishing house in Toronto to bring out a book of verse at his own expense.

"Then I got a letter from the publishers saying the printers had been selling 'Dan' from galley proofs and it was so popular they wanted to bring out the book at their expense. It sold like wildfire."

This was in 1907 and since, Service said, he had reached the point where "I hate that verse."

Service wrote more than 1,000 verses ("Don't call them poems") six novels and a two-volume autobiography.

Service had lived in Monaco and France for a number of years.

Several weeks ago he became ill with what appeared to be the flu.

Service was born in England Jan. 16, 1874, one of 10 children of Scottish parents. He gave up a bank job at the age of 22 to sail steerage to Canada "for I was not satisfied with a humdrum existence."

★ ★ ★

After eight years of a vagabond life, he got another bank job.

The bank sent him to one of its branches in the Yukon in 1904, after the peak of the gold rush. Service spent the next eight years in the area from Dawson to Whitehorse. He never took an active part in the rough, lusty life but became its chronicler, winning the title of "Bard of the Yukon" with a series of books that included "Bar-room Ballads," "Songs of a Sourdough" and his best-known novel, "The Trail of '98."

★ ★ ★

About 1912 Service left the Yukon and went to report Balkan wars for Montreal and Toronto newspapers. In 1913 he married a Frenchwoman and served with the Red Cross attached, to the French army in World War I.

After the war Service stayed on in France. He spent World War II in the United States but returned to Monte Carlo after it ended.

Dakota is an Indian word (Sioux) meaning an alliance of friends.

Driver Escapes Death Crashing Into Train Here

A collision between a train and motor vehicle at the W. Huron St. Grand Trunk Railway crossing resulted only in a minor injury Thursday.

John A. Mann Jr., 34, of 13701 Borgman St., Oak Park, was treated for leg cuts and chin abraisions at Pontiac General Hospital and released, according to Pontiac Police.

Mann struck the train at 6 p.m. yesterday when, as he told police, he was "blinded by the sun." He was traveling west on W. Huron.

Protest Letters About Band Flood City School Board

A flood of letters protesting the reduction of high school band class from two hours a day to one hour was read by the Pontiac Board of Education last night.

The letters, inspired by a letter sent band alumni by present band members, urged the board to reconsider the new policy.

★ ★ ★

Dr. Dana P. Whitmer, superintendent, also read his reply to the letters in which he said that with a six-hour school day, the allotment of two hours to one subject was considered detrimental to giving band members a well-rounded education.

He also pointed out that more students would take band if they did not have to drop another academic subject in order to make room for a two-period a day requirement.

The board fully endorsed the superintendent's position on the matter.

★ ★ ★

In other action, the board approved educational specifications for additions to Washington and Madison Junior High Schools and ordered preliminary sketches and cost estimates made.

The additions will increase Washington's capacity by 200 students and Madison's by 400. They are scheduled for completion by fall of 1960.

The board was told that a contract to build a community kitchen addition to Wisner Elementary School had been awarded to Arthur Linney, Inc., for $8,227.

★ ★ ★

The board rejected an offer to buy a house and lot at 49 Burt St., next to Lincoln Junior High, because of lack of funds.

It said if residents on Burt want to pave their street, the board next spring would consider deeding part of its property along the street to the city for widening purposes.

A report on pre-school conferences for teachers was made by Horton Southworth, Richard Feil, Gerald White and Russell Curtis.

★ ★ ★

They noted that new teachers particularly appreciated the all-day orientation program given.

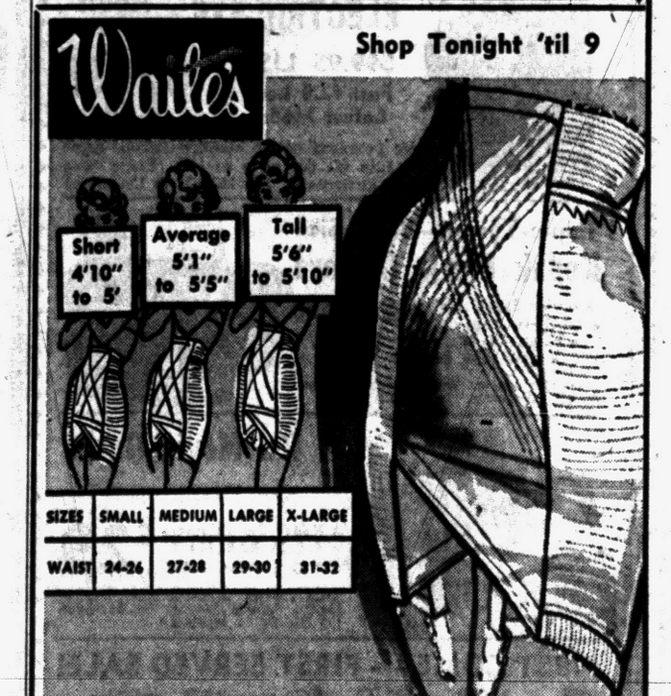

The board authorized the administration to continue negotiations with the Grand Trunk Railroad to purchase property next to the Wisner Stadium site. The land would be used for parking and driver education training.

Crosby's Son, 20, Held on Suspicion of Drunk Driving

SANTA MONICA, Calif. (AP)—Bing Crosby's Son Lindsay, 20, was booked on suspicion of drunk driving last night after his car smashed into a parked car.

Officer James McClain, who arrested him, said young Crosby flunked a sobriety test.

★ ★ ★

Crosby, clad in a bathing suit, was returning from the beach with two friends. No one was injured.

McClain said the husky youngster shouted abuse at newspaper photographers at the police station and had to be restrained from attacking them.

The car he was driving was registered to his stepmother Kathy Crosby, police said. The two youths with him, Charles Rimp of Beverly Hills and James Pugh of Playa del Rey, were not arrested.

Hospital Can't Need Full Repair

After discussing the newest hospital development with City Manager WALTER K. WILLMAN, this newspaper believes DARIN'S and ARMSTRONG'S estimate for completely redoing the Hospital's plumbing, heating and wiring is probably accurate for the full job.

BUT THAT ISN'T NECESSARY.

★ ★ ★

Further investigations suggest that the City Hospital probably has no more need for a complete installation of the facilities mentioned than any other building of similar age and usage.

★ ★ ★

Certainly if there had been serious defects in these necessary adjuncts over the years, previous inspections would have indicated as much. The Press can't believe a half million dollars worth of wreckage and havoc have accumulated since the last inspection. These things build up over a period of time and we have no reason to believe that the City Plumbing Inspector has been negligent or inattentive in all the examinations that have gone before.

★ ★ ★

City Manager WALTER K. WILLMAN subscribes to this view. "I would never have accepted that half million dollar figure," said he. "That may be accurate for re-doing everything there is of this nature in the old section but that can't be necessary. The building has had lots of service and we will pick up the worst features and gradually re-do the older section over a period of years."

★ ★ ★

After City inspectors have reviewed the whole situation again this weekend, a new approach will probably cast an entirely new light on the requirements.

The City Hospital has suffered enough without undergoing this newest indignity.

ANYBODY with teenage children finds it difficult to understand how farmers can possibly grow a surplus of food.

Scholastic, Entertaining Quiz Shows Should Stay

Somehow, all this shouting over charges of crookedness and cheating on the TV show, "21" brings a definite sense of regret.

The quiz shows have been badly overdone and many of them never were anything but a left-handed pain in the neck, but on the other hand, the basic idea is intriguing. A few had real merit and gave every appearance of honesty and square dealing. We place "21" in that category.

It commanded attention.

It sounded square and fair.

★ ★ ★

Hence, when one of the contestants breaks into print and charges that it was rigged, the listening audience has a right to feel cheated. The producers are entering sharp denials and the contention of the disgruntled candidate has yet to be upheld.

One other quiz show faced similar charges and was promptly tossed off the air. The sponsor washed his hands of the whole affair pronto and the producers let the thing fold. Where there's smoke there may be some fire, that's for sure.

★ ★ ★

We hope "Twenty One" vindicates itself and earns a clean bill of health. It produced good, sparkling entertainment and had a definite educational value. A recent news item said there were more than 60 quiz shows started at one time or another. The big bulk of them were cheap and tawdry imitations of those that succeeded.

★ ★ ★

The leaders are worthwhile.

The others are pure "blah."

Let's keep the best and can the rest.

And if there actually has been dirty work at the crossroads, we hope someone gets the big rap and serves time. The public deserves the best, the finest and the cleanest.

If 'Taint One Thing, It's Another

David Lawrence Says:

Seek to Mix Races at All Schools

WASHINGTON — The supreme school board of the nation, better known in the past as the Supreme Court of the United States, has taken up this week only the first of many administrative questions that are growing out of the "segregation-integration" controversy.

LAWRENCE

In New York City, for instance, Negro parents have boycotted a public school because it is predominantly Negro. Temporarily, several Negro children are being tutored privately as a protest against failure of the city to send them to other schools where the teaching is allegedly better.

It is argued by the parents that the city not only must assign the children to "integrated" schools outside their own area but must provide transportation, too, as it has done in cases where "overcrowding" was given as the reason for transfers.

The parents are, of course, just taking literally what the Supreme Court said in its 1954 decision. The court ruled that it must regard "intangible considerations" as controlling—that is, the "ability to study, to engage in discussions and exchange views with other students," the court added:

"Such considerations apply with added force to children in grade and high schools. To separate them from others of similar age and qualifications solely because of their race generates a feeling of inferiority as to their status in the community that may affect their hearts and minds in a way unlikely ever to be undone."

★ ★ ★

Everyone knows that it's only because of race that Negroes have for generations found housing unavailable to them in certain areas of New York City. Hence, to perpetuate this form of "segregation" by insisting that residential requirements be strictly followed in school assignments is to impose an unfortunate handicap on the educational opportunities of Negro children—at least that's the argument the Negro parents are making, and they have the Supreme Court decision as moral support for their viewpoint.

It will be insisted that school boards can legally assign students on the basis of residential zones and require those who live within certain districts to attend schools located therein. But this is being characterized as a subterfuge as it crops up in connection with "pupil assignment" laws in the South.

Many states have assumed, just as New York City does, that they can assign students within geographical districts. But this does not conform to the sociological doctrine proclaimed in the 1954 decision, which says that "separate educational facilities are inherently unequal."

★ ★ ★

This means there must be commingling. "Token" integration is theoretically objectionable because it doesn't offer the opportunity for Negro students "to engage in discussions and exchange views with other students," as the Supreme Court has affirmed.

Some Negro organizations are saying that "integration" will not be complete until every school in every city has the same ratio as the Negro population of the area bears to the white population. This means in some instances a 50-50 division.

But the goal to which many Negro leaders are working is that previously all-white schools should have substantial numbers of Negroes in them even if the city or state has to pay transportation expenses to bring this about.

Who is to decide all this? The school boards of the cities and the states? Not at all. It now has become the problem of the Supreme Court, which must somehow enforce its rulings if it is to be consistent.

★ ★ ★

As for "enforcement," the demand now is coming even from churchmen that military force be used.

Dr. William Brady Says:

How to Resuscitate Child by Breathing Into Mouth

A panel of physiologists and other experts selected by the National Research Council, has recommended to the American Red Cross that, for emergency resuscitation of infants and young children, a description of mouth-to-mouth resuscitation and of the preliminary maneuver to clear the airway, should be included in the American Red Cross Manual of first aid.

DR BRADY

Here is the technique for administering the best method of artificial respiration presently available for infants and small children:

Step 1: Clear the mouth of any foreign matter with the middle finger of one hand. With the same finger hold the tongue forward.

Step 2: Now place the child in a face-down, head-down position and pat him firmly on the back between the shoulder blades with the free hand. This should help dislodge any foreign object in the air passage.

Step 3: Place the child on his back and use the middle fingers of both hands to lift the lower jaw from beneath and behind so that it "juts out."

Step 4: Hold the jaw in that position, jutting out, using one hand only.

BEGIN BREATHING

Step 5: Place your mouth over the child's mouth and nose, making a relatively leak-proof seal, and breath into the child with a smooth steady action until you observe the chest to rise. As you start this action, move your free hand to the child's abdomen, between the naval and the ribs, and apply continuous moderate pressure to prevent the stomach from becoming filled with air.

Step 6: When the lungs have been inflated, remove your lips from the child's mouth and nose and allow the lungs to empty. Repeat this cycle, keeping one hand under the jaw and the other hand pressing on the stomach at all times. Continue at the rate of 20 cycles per minute. After every 20 cycles, rest long enough to take one deep breath.

If at any time you feel resistance to your breathing into the child and the chest does not rise, repeat Step 2, then quickly resume mouth-to-mouth breathing.

Pressure on the belly may result in regurgitation of water swallowed during submersion or of recently ingested food. If this happens, turn the child into prone position immediately—as for Schafer's manual prone pressure artificial respiration, with the face turned to one side and BOTH arms, palms down, extended well above the head. This permits any fluid in the airway to drain. Continue artificial respiration by the prone pressure method.

For a newborn or tiny baby mouth-to-mouth resuscitation should be done with small "puffs" of air from just the mouth and cheeks.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Our Political Cycle Causes Bad Times

Give the working man his pay check. Ike is on his last lap, politically and otherwise. How can a sick man be expected to straighten out a near depression when even our former New Deal President Roosevelt went to his grave following the great depression of 1929.

★ ★ ★

What does the working man's full pay check mean? It means a full lunch bucket, extra money for a full life, the right to the pursuit of happiness — every American's birthright.

★ ★ ★

What I'm getting at is abolishment of the income tax. I've seen the happy day when the tired working man of yesterday came home at the end of the week with his check to give an unworried mother and happy children. The worries of the average American housewife would try the patience of Eleanor Roosevelt herself.

Glance at the youth of America. They bear most of the financial worries of the household. I've seen boys right in Pontiac who contribute weekly to their parents' income, and they are the youth you call delinquents.

Adds His Hopes for Another Party

I, like several of your readers, would like to see another political party made up entirely of statesmen. We would get rid of the seven sources of sin and the 10 fields of high sciences that sit on Washington's door step like a pair of star boarders. This, of course, is only wishful thinking and can hardly be, for where the carcass lies there the eagles have gathered, presumably for their substance.

'Kennedy-Ives Bill Better Off Dead'

The House killed the Kennedy-Ives bill and well they did. It wasn't half strong enough and didn't begin to cure the abuses. If that had passed, it might have stood for years. Now the next Congress can come up with something that really puts these union racketeers in their place. I imagine most of the union members want that themselves, but even if they don't, the other 140 million Americans do.

Case Records of a Psychologist:

Don't Fall for 'Trial Marriage'

Doris is wavering. Her boy friend wants her to enter into a "trial marriage" arrangement. Do you know what trial marriage involves? Better face the facts and get hep to reality. Morality is a matter of cold logic, so don't let sexual gluttony parade as marriage. It takes brains to make a real marriage.

By DR. GEORGE W. CRANE

Case Z-317: Doris D., aged 20, is a very efficient office secretary.

★ ★ ★

"Dr. Crane, I am in love with a man named Don," she began, "but he is the sole support for an invalided mother.

DR. CRANE

"So he feels we cannot go ahead and get married. Instead, he now suggests we have a trial marriage and keep it secret.

"Then, if we are happy together, we can really be married at a later date.

"I have been taught to view such a thing as very wrong, but my sweetheart is very persuasive so I am almost ready to consent to his plan. What do you think of our chances of happiness?"

ESAU A LA 1958

If Doris should follow Don's plan, she'd be an excellent example of a 1958 model of ancient Esau, who sold his birthright for a mess of pottage.

★ ★ ★

Trial marriage is much like the obsolete method in business of placing merchandise in a store "on consignment."

That means the store keeper is under no obligation to push the new goods for he can send it back at no cost. So he doesn't try to make it a successful item.

Salesmen learned long ago that "consignment" is thus a very poor business arrangement.

★ ★ ★

And trial marriage likewise means both parties need not make any serious effort to produce a permanent success of their union.

One or the other can drop out whenever the going gets tough. So neither may make a sincere effort to sacrifice and forgive and forget for the aim of establishing a happy home.

SEXUAL INFATUATION

Trial marriage is usually suggested by a person who may feel sexual infatuation but not true love.

There is a whale of a difference! In true love, you are unselfish so your main concern is the welfare and happiness of your sweetheart.

But when you are infatuated, you are selfishly concerned with your own desires. You are thinking primarily of self.

★ ★ ★

Trial marriage definitely does not benefit the girl. She makes the sacrifices and is likely to be left without a wedding ring, though she may then be pregnant and unable to earn a living for herself.

Trial marriage is a convenience for the man in the case so he can have a continuous affair for several weeks or months, without being liable for the ill effects of his orgy.

A lot of shortsighted teenagers are deluded, however, by this trial marriage doctrine, especially in Europe.

For example, Ernie Hill, brilliant foreign correspondent for the Chicago Daily News, investigated the British situation earlier this year and reported that about one-third of all English babies are now conceived out of wedlock.

WHAT IS RIGHT?

And don't make the mistake of thinking that whenever a majority do a thing, that majority vote makes it right.

★ ★ ★

Morality is based on logic; not on the results of a popular poll. Often the majority are 100 per cent wrong, as when Pontius Pilate's courtroom voted 100 per cent to send the innocent Jesus to the cross.

Whatever does the most good for the most people over the longest period of time, is right and moral, even though 100 per cent vote on the other side of the issue.

Trial marriage thus debases personality; handicaps babies born out of wedlock, and panders to selfish sexual infatuation instead of true love.

German Miracle Recovery Since War Years Due to Plain Hard Work

(This is the second of two articles by a noted Washington correspondent who has just completed a new survey trip to Germany 10 years after visiting the bomb-wrecked country.)

By RUTH MONTGOMERY

WASHINGTON — The whole of Germany is a park! Lusty, booming, bursting with factories and mechanized farms, it has nevertheless managed to retain the spotless, waste-not-want-not look that has long made it one of the scenic wonders of the world.

Except for the occasional ruins of bombed-out bridges, the all-day Rhine boat trip from Bonn to Mainz is as peaceful, romantic and ethereal as in 19th Century days when the grand tour labeled it a "must."

The crumbling castles still dominate the heights, and the groaning vineyards rise in never-ceasing ladders to the peaks.

The pleasure boats, crowded with Germans on tour, glide effortlessly along beside the heavy tankers and freighters plying their workaday trade between Switzerland and the North Sea.

The autobahn from Mainz and Frankfort to the Bavarian Alps is busier and more beautiful than the Pennsylvania Turnpike, and the mass of German sightseers at the castles and palaces makes the Washington Monument look like a quiet reading room.

★ ★ ★

A decade ago when I toured Heidelberg Castle, "Mad" Ludwig's Linderhoff Castle and Oberammergau's Passion Playhouse, lone guards eagerly escorted me through.

What a different setting today! Hundreds of tourists now queue up to buy their tickets and await the guided tours in several languages.

Garmisch-Partenkirchen, nestled in the Bavarian Alps at the foot of the majestic Zugspitze, had seemed such a never-never land of enchantment 10 years ago that I hesitated to revisit it. What if I had imagined the quaint cottages with their exterior murals, the carefree bierstubes with their native dancers, and the independent Bavarians in their liederhosen and green Alpine hats loaded with trinkets? I wanted to remember it as it was.

★ ★ ★

Almost reluctantly I drove into the little town, and it was as if I had never been away. The same porcelain and camera shops beckoned with their enticing but more plentiful wares, the magnificent backdrop of mountains was miraculously unchanged, liederhosen-clad men strolled along the quaint, narrow streets, and the murals on the cottages glistened in vividly renewed coats of paint.

After checking into our 18th Century Inn studded with exterior statues and murals, we noted only one change in a decade. The streets and bierstubes, once populated almost exclusively by native Bavarians, were now teeming with tourists from all part of West Germany.

The Bonn government, somewhat to its own surprise, found that in 1956 approximately 3½ million Germans took holiday trips. The number must have doubled this year, as the economy continues to boom despite the recession across the Atlantic in titan America.

★ ★ ★

German recovery in the 13 years since the war has accurately been labeled a miracle. In 1947, 24 months after the cessation of hostilities, German production was still in such a state of collapse that economists estimated that each inhabitant would get only one new suit of clothes every 40 years, one shirt every 10 years, and a pair of socks each four years. The food ration was less than 1000 calories—a near-starvation diet.

Today Germany has full employment, the average diet is 3,000 calories, wages have risen far faster than the cost of living, savings are exceedingly high, and the standard of living surpasses even pre-war times.

And what do Germans think of the American conquerors who stayed to occupy, and then to man their military garrisons and airfields even after the republic was restored? Who really knows?

From the Northern Rhine to the Southern Alps, we found them courteous, cooperative and friendly in the reserved, dignified manner of equals on first acquaintanceship. Never did we detect an air of impatience or resentment.

On a crack train from Duesseldorf to Bonn, we stood with hundreds of Germans because the second class compartments were overcrowded. When the conductor, on collecting our tickets, observed that we were Americans he smilingly unlocked the first class compartment and ushered us to seats in lonely splendor. The standing Germans beamed approval, although we had asked no favor.

Germans are grateful for Marshall Plan aid, but the French and Italians who received more have not matched their recovery. Germans, traditional respecters of law and order, are not afraid to work.

Perhaps the "miracle" of recovery can best be summed up by this significant incident: A Soviet officer who had directed the total dismantling of a huge electronics plant after the war, later revisited the same West German factory.

After watching the thousands of workers busily employed at thousands of new machines, he shrugged: "We made a mistake. We should not have removed the machines, but the people."

Says Chinese Isles Should Be Neutral

OMAHA (AP) — Sen. Estes Kefauver (D-Tenn) said today that Quemoy and Matsu should be neutralized under United Nations trusteeship.

The senator, here for a Midwest Democratic party rally, said he had not heard President Eisenhower's talk last night and remarked, "We had the same issue three years ago and anyone would know the problem would recur."

Kefauver said he felt that in the intervening period some action should have been taken to neutralize the islands and hoped they still can be placed under United Nations trusteeship.

"We certainly wouldn't want a world war over these two little islands," he said.

The nation should stand behind the decisions of President Eisenhower since he is the director of foreign policy, he said.

14,000 Chemists Study Science Developments

CHICAGO (UPI) — The American Chemical Society held its 134th national meeting here with more than 14,000 chemists and chemical engineers from all over the U. S. and several foreign countries expected to attend.

Dr. Clifford F. Rassweiler, president of the Society, said the main topics for discussion include new developments in science education, advances in the control of air pollution and progress in the chemical attack on cancer.

State's Revenue Setup Secured

High Court Clears Up Corporation, Business Tax Doubts

LANSING (AP) — Legal clouds threatening vital underpinnings of the state's revenue structure have been swept away by the Michigan Supreme Court.

The 4 to 3 split decision handed down Wednesday in a tax case removed doubts about the state corporation privilege and business activities taxes raised by a 1956 ruling won by Panhandle Eastern Pipe Line Co.

Between them, the two major taxes—Michigan's biggest general revenue producers — have been contributing about 120 million dollars a year to state income.

After the Panhandle decision, some state revenue officials expressed fears that it might cost the state between 50 and 70 millions, an estimate gradually revised downwards.

In Wednesday's case, the court rejected a challenge by the Duluth, South Shore and Atlantic Railroad to the state's method of applying the corporation privilege tax to out of state firms operating in Michigan.

The DSS&A, a Minnesota corporation, is an ore-hauling line with 580 miles of track in Minnesota, Wisconsin and Michigan, about four fifths of it in the Upper Peninsula.

The DSS&A paid only $5,908 of $38,969 billed it for 1952 by the State Corporation and Securities Commission, contesting liability for the balance. The Supreme Court ordered payment in full.

DSS&A deficiencies for 1952 and succeeding years through 1957 total about $215,000.

The railroad contended the commission erred in figuring its tax by taking into account its interstate freight haul as measured by ton-miles.

Together with other factors, this computation was used in fixing the portion of paid-up capital and surplus applicable to Michigan for corporation privilege tax purposes.

In a majority opinion by Justice George Edwards, the Supreme Court said there is nothing in the state or federal constitutions prohibiting this — providing the resulting tax is not unreasonable.

William D. Dexter, an assistant attorney general attached to the State Revenue Department, said the decision would directly affect a dozen or more other railroads doing business in Michigan, and indirectly affect many large foreign corporations in other fields.

Dr. Sullenberger Opens Own Seven-Room Clinic

Barred from practice at Pontiac General Hospital two weeks ago, Dr. Neil H. Sullenberger has opened his own seven-room clinic in a remodeled home at 494 W. Huron St.

The clinic is across the street from the city-owned institution with which the surgeon has battled since he was temporarily ousted last Nov. 13.

Dr. Sullenberger, who is appealing to the State Supreme Court in hopes of renewing his court suit for reinstatement on the Pontiac General medical staff, announced the opening yesterday.

Oscillating Water Affects Power, Navigation

Lake Erie Like a Giant Bathtub

ANN ARBOR (AP) — Lake Erie was likened to a giant bathtub yesterday.

★ ★ ★

As a moving person in a bathtub sets water oscillating from end to end, wind over the 240-mile long lake pushes water from shore to shore.

The bathtub effect in Lake Erie was described in an interview by D.K.A. Gillies of the hydro-electric power commission of Ontario at Toronto.

He delivered a paper at the National Conference of Applied Meteorology-Engineering at the University of Michigan.

'WIND GRABS WATER'

"A wind from the east grabs the water and pushes it west, causing the level at Toledo, Ohio, to rise and lowering the level at Buffalo, N.Y., by as much as three to four feet," Gillies said.

"But because the water is so shallow (70 feet), it piles up and can't return."

Gillies said the winds over the lake cause the production of hydro-electric power to fluctuate in Ontario and also affects navigation on the Detroit River.

★ ★ ★

He explained that the water level at Buffalo, on the eastern tip of Lake Erie, controls the flow of water in the Niagara River and thus, Ontario hydro's production of power.

"The more we know about forecasting the flow in the river and how much hydro power we can count upon," Gillies said, "the lower our production costs because the less steam power we would have to schedule."

A wind from the west causes water to pile up at Buffalo, lowering the level at Toledo and in the Detroit River, said Gillies.

That is why ships frequently go aground in the river's Amherstburg Channel, he said.

Along Michigan Shorelines

Plans 4 Scenic Highways

FLINT (AP)— The state is going to build four Great Lakes highways "to rank without peer in the nation for scenic beauty and grandeur," Highway Commissioner John C. Mackie states.

They are designed to boost Michigan as a tourist state, Mackie said in a talk prepared for a Flint civic club.

★ ★ ★

"When completed," he said, "they will rank with the Mackinac Bridge in terms of tourist interest and will provide Michigan with new shoreline mileage of national reputation and importance."

Mackie said he ordered location and cost studies of the four routes this week although no funds are in sight for actual construction "in the immediate future."

He said, however, he was hopeful he would be able to assign a construction priority before completion of his 1957-62, five-year, one and one quarter billion dollar highway construction program.

The longest route under study would run along the north shore of Lake Superior from Detour in the eastern end of the Upper Peninsula, west to Sault Ste. Marie and then to Munising, about 150 miles.

"When constructed, without question, it will provide us with Michigan's greatest scenic highway," Mackie said.

Other routes will run along the east shore of the Keweenaw Peninsula from a connection with Hancock to the Fort Wilkins area in the Upper Peninsula. The other two, both in the Lower Peninsula, will run from Ludington north to Manistee and along Sturgeon and Cecil Bays to Mackinaw City along Lake Michigan.

Scofflaw Pays in Full, Draws Court Warning

BERKELEY, Calif. (AP) — Sarah Hazelis handed Municipal Judge Redmond Spaats $100 and drew this warning: "If you get any more tickets, we'll have to use more serious methods."

The payment was the final instalment on $1,366 in parking tickets the State Department of Public Health employe had collected in two years.

"I just got careless," she explained and added, "I've rented a parking space."

If you want to find such a rare chemical as octamethylpyrophosphoramide (that's all one word), your best clue would be to call the National Registry of Rare Chemicals at the Illinois Institute of Technology. They have a source index of 36,000 hard-to-find chemicals.

Propose $5½ Million to Build Classrooms

Utica Slates Sept. 29 School Bond Vote

UTICA — Voters in the Utica Community School District will go to the polls Sept. 29 to decide a 5½ million dollar bond issue for additional school construction.

★ ★ ★

The need for more school facilities was realized, Superintendent of School Fred Atkinson said, after enrollment growth was projected over the next 12 years.

It is estimated the present school enrollment of 4,946 will double by 1961 due to construction of new subdivisions and the influx of industry in the area.

The proposed bond issue will cover the cost of three new elementary schools, additions to Dresden, West Utica and Ewell Elementary Schools, and additional school sites.

It also will include the replacement of the junior high annex with a new wing, completion of a second junior high to be started soon with existing funds, plus a third new junior high. A new administration building is another facility to be added.

NO TAX HIKE

School officials estimated that even with passage of the $5½ million bond issue, there will be a reduction of 40 cent per $1,000 as equalized next year in the school tax rate.

The present rate is $5.70 per each $1,000 of equalized valuation, and with the anticipated reduction to $4.20 next year, plus the levy of an additional $1.10, the total will reach $5.30.

A 50-cent reduction in operating expense also is forecast.

★ ★ ★

Atkinson, who is currently busy talking to district school and civic groups about the bond issue, said if it should fail to pass schools would be forced to go on half-day sessions. This move, he said, would result in additional expense to the district because it would double the cost of bus transportation.

Bids on the new junior high school will be opened Oct. 2.

SGT. AND MRS. RICHARD D. WORTH

Helen J. Norris Marries in Walled Lake Ceremony

WALLED LAKE — Colorado Springs, Colo., will be the home of Sgt. and Mrs. Richard D. Worth, who were married Saturday at the Walled Lake Methodist Church by the Rev. John Mulder.

★ ★ ★

The bride, the formed Helen J. Norris, is the daughter of Mr. and Mrs. W. F. Norris of 1230 Decker Rr. The bridegroom is the son of Mrs. Marjorie Worth of Saratoga Springs, N. Y.

The bride's gown had a large peplum on the full multi-ruffled nylon tulle shirt, which formed a chapel-length train. It featured a fitted basque waist, long tapered sleeves, and a scalloped V neckline.

She wore a Queen Anne's cap with a fingertip veil and carried a powder puff arrangement of white mums and stephanotis.

★ ★ ★

Mrs. James Feliks of Walled Lake, sister of the bride, was matron of honor, and best man was her husband.

Joann Hughes of Walled Lake and Mrs. Roy Maddox of Union Lake were bridesmaids. Sgt. Roy Maddox of Union Lake and Sgt. Ivan Griffin of Commerce seated the guests.

A reception was held following the ceremony, in the church parlors.

Reds Rap Student Laxity

BUDAPEST, Hungary (UPI) — The Hungarian Communist party organ Nepszabadsag said yesterday that the most dangerous evils still prevailing at Budapest's technical university are cynicism, indifference and individualism.

★ ★ ★

The newspaper said many students still are not ready to make sacrifices and were shirking voluntary work.

Set Open House to Fete Frolichs, Wed 50 Years

ROCHESTER — Mr. and Mrs. John A. Frolich of 320 Oak St., will be honored on their 50th wedding anniversary at an open house reception Sunday evening at 7:30 in the St. Andrew Church Hall.

The Frolichs, who have lived in the Rochester area for 40 years, are the oldest couple in the church.

A solemn High Mass of Thanksgiving will be offered at 10 a.m. Monday, Sept. 15, the day they were married 50 years ago in St. Anthony Church in Detroit.

The celebrant will be the Rev. William O'Toole of St. Michael College in Toronto, a lifelong friend of the couple. Assisting will be the Rev. Edward Baumgartner, St. Andrew pastor, and the Rev. Edward Poplarish, assistant pastor.

★ ★ ★

Breakfast for the immediate family and the priests will follow at the home of a nephew, William Nieman, 317 Maywood St.

Mr. Frolich is a retired employe of Fisher Body Division in Detroit. Both he and his wife, Minnie, are 72.

Rochester Man Hit by Car on Main Street

ROCHESTER—Theodore Burck, 73, of 1228 N. Main St., Rochester, was in fair condition this morning at Pontiac General Hospital after being struck by a car yesterday afternoon on N. Main street, just outside the village limits.

Driver of the car, Alan D. Coventry, of 2085 Airport Rd., Pontiac, told sheriff's deputies Burck stepped off the curb in front of his car.

Burck suffered compound fracture of his right leg.

Seek Federal Aid for New Hospital Near Romeo

ROMEO — The federal government has been asked by the state for a $91,696 grant to assist in construction of additional facilities at the new Community Hospital between Romeo and Almont.

The money would be used to purchase equipment and provide facilities for 16 more beds, Jordan J. Popkin, director of the State Office of Hospital Survey and Construction, said in Lansing.

★ ★ ★

Total cost of the 48-bed hospital was estimated at $715,235. Original plans called for 32 beds.

It is one of some 20 hospital projects expected to receive federal aid under a new appropriation for hospital construction.

Train-Car Smashup Near Capac Kills 1

CAPAC—Mrs. Blanche M. Smith, 63, of Memphis, was killed yesterday afternoon and her husband, Frank, 68, critically injured when their car was struck by a train on Miller road south of M21 two miles east of Capac.

An eastbound Grand Trunk train hit the rear of the car, scattering parts for 200 feet along the tracks, police said. It had almost made it across before being struck.

Romeo Schools to Seek Loan

Board Votes in Favor of Applying for $50,000 to Meet Expenses

ROMEO—The Romeo Board of Education last night voted to apply to the Michigan Municipal Finance Commission for a loan of $50,000 against future state aid to meet current operating expenses of the school district.

Members also accepted the bid of $5,235 for alteration to the Washington School sewage disposal system presented by the Stanford Co. of Detroit. Work on the project will begin Monday.

★ ★ ★

Superintendent of Schools T. C. Filppula and a couple of board members are planning to investigate the construction and adaptability of a rotary-cut dividing door for the gymnasium at the new high school. The superintendent was authorized to proceed with the purchase of that type door should they prove favorably impressive.

School officers voted to ask for bids on a new 60-passenger bus Sept. 23, with alternate bids on 1958 and '59 models.

Plans are being completed for the employe reception to be held from 7:30 to 9:30 p.m. Sept. 25 in the cafeteria of the new high school.

★ ★ ★

Board members were told three vacancies still exist on the school's faculty and that substitutes are filling in temporarily.

Troy Boy, 8, Struck by Car, Badly Hurt

TROY — An eight-year-old Troy boy was seriously injured yesterday afternoon when he was struck by a car on Long Lake road.

★ ★ ★

Ronald E. Budds, son of Mr. and Mrs. Ed Budds, 241 Belhaven St., is at St. Joseph Mercy Hospital with a fractured skull.

★ ★ ★

Robert L. Crisman, 22, of 12B Arcadia Ct., Pontiac, driver of the car, told Troy Police the boy ran from out of a ditch into the path of his car.

Crisman was not held.

DORIS STAUFFER

Mr. and Mrs. Ray Stauffer of 4296 Marcus St., Waterford Township, have announced the engagement of their daughter, Doris, to Sid Hall, son of Mr. and Mrs. Wayne B. Hall of 3062 Whitfield Dr., Maceday Lake.

Walled Lake's Band to Open Outdoorama

COMMERCE TOWNSHIP — The Walled Lake High School band will open the Multi-Lakes Conservation Assn's. Outdoorama with a parade and concert at 12:30 p.m. Saturday.

The annual outdoor sports show will be held on the club's grounds, 3860 Newton Rd., Saturday and Sunday.

★ ★ ★

Highlight of the program will be the crowning of "Miss Outdoorama of 1958" between 5 and 6 p.m. tomorrow.

A fireworks display and awards ceremony will take place Sunday evening. The Oakland County Sheriff's Posse will be on hand during the parade to handle police duties.

Other events include a fall fashion show, featuring sportswear and feminine apparel, from 4 to 5 p.m. each day.

Leader Dogs for the Blind, Inc., of Rochester will demonstrate the training and use of leader dogs by the blind.

A skin diving exhibition will be put on by Treasure Unlimited, assisted by the Michigan Skin Divers Council, Region 1. Spectators will watch the acts, performed in an 800-gallon tank outside the clubhouse, through portholes.

Boy Scouts will encamp on the grounds and display their handicraft and skills. There also will be an exhibit by the Michigan United Conservation Club.

An Armed Forces display will feature a jet plane and other military equipment. A helicopter will take off and land on the grounds.

There will be a skirmish staged by an early American Gun Club, in Civil War type battle dress.

Former Detroit Tiger pitcher Dizzy Trout will umpire a Little League baseball game.

Sees Chiang Drag U.S. Into Conflict

PORTLAND, Ore. (AP)—Chiang Kai-shek of Nationalist China is dragging the United States into a war with Red China, Sen. Wayne Morse (D-Ore) said last night.

If the war comes, he said, it will be because of Chiang's personal aspirations and not because of any threat to U.S. security.

★ ★ ★

"The United States is being dragged into a war through the back door by a dictator, a Chinese war lord who was driven off the mainland of China," Morse said.

Morse made the remarks in an address to 400 persons at a Democratic party rally here. He spoke after President Eisenhower told the nation that the United States must not appease Red China in the Formosa Strait.

★ ★ ★

Said Morse: "It is time we disentangled ourselves from Chiang or his claims to the mainland and the offshore islands. The issue should be referred to the United Nations for determination of Formosa's future and its territorial limits.

"You, the people, will do the dying, by the millions, if (Secretary of State) Dulles falls off the brink. And he's anything but footsure."

Alexander Graham Bell, inventor of the telephone, spent 35 of his summer vacations at Beinn Bhreagh (Beautiful Mountain) overlooking Baddeck Bay, Nova Scotia.

Seeks Custody of Victim-Child

Grandfather and Father Fighting for Girl, 2, Who Survived Mom in Crash

NANTUCKET, Mass. (AP) — Cindy Lou Young, the 2-year-old who survived her 18-year-old mother in a Northeast airliner crash here last month, is the center of a custody court battle.

Her maternal grandfather, Arnold Duce, a summertime cab driver and a fisherman during the winter here, has petitioned Probate Court for the child's custody.

Philip Young, of Dayton, Ohio, the father, opposes Duce's petition.

★ ★ ★

Yesterday Nantucket Selectman Robert B. Blair testified that three days before Mrs. Jacqueline Young died in the crash that took 23 lives Aug. 15, she had telephoned him from Dayton to ask for her waitress job back in his restaurant.

Blair said she quoted her husband as saying, "I don't want a wife and kid hanging around my neck."

★ ★ ★

When Blair asked her if she needed funds to return to Nantucket he said she told him, "No, he'll furnish enough funds to get rid of me."

Duce testified that Young told him, while he was here for his wife's funeral, that he had struck Cindy Lou in a moment of temper and drawn blood.

Young was in court but did not testify.

★ ★ ★

Duce admitted in cross-examination by Young s counsel that he had twice been a patient at Taunton State Hospital, but not because of excessive drinking. Confinement he said was limited to a month in 1949 and it was due to a breakdown from overwork.

Duce denied his wife ever drank excessively but said she was a member of Alcoholics Anonymous.

Luminescent Sheets Light Up Like a Lamp

DETROIT — Now on the market are sheets of an electroluminescent material that light up like a lamp. A "sandwich" composed of ceramic, transparent enamel, and metal, the material is fitted with conductor wiring and is merely plugged in.

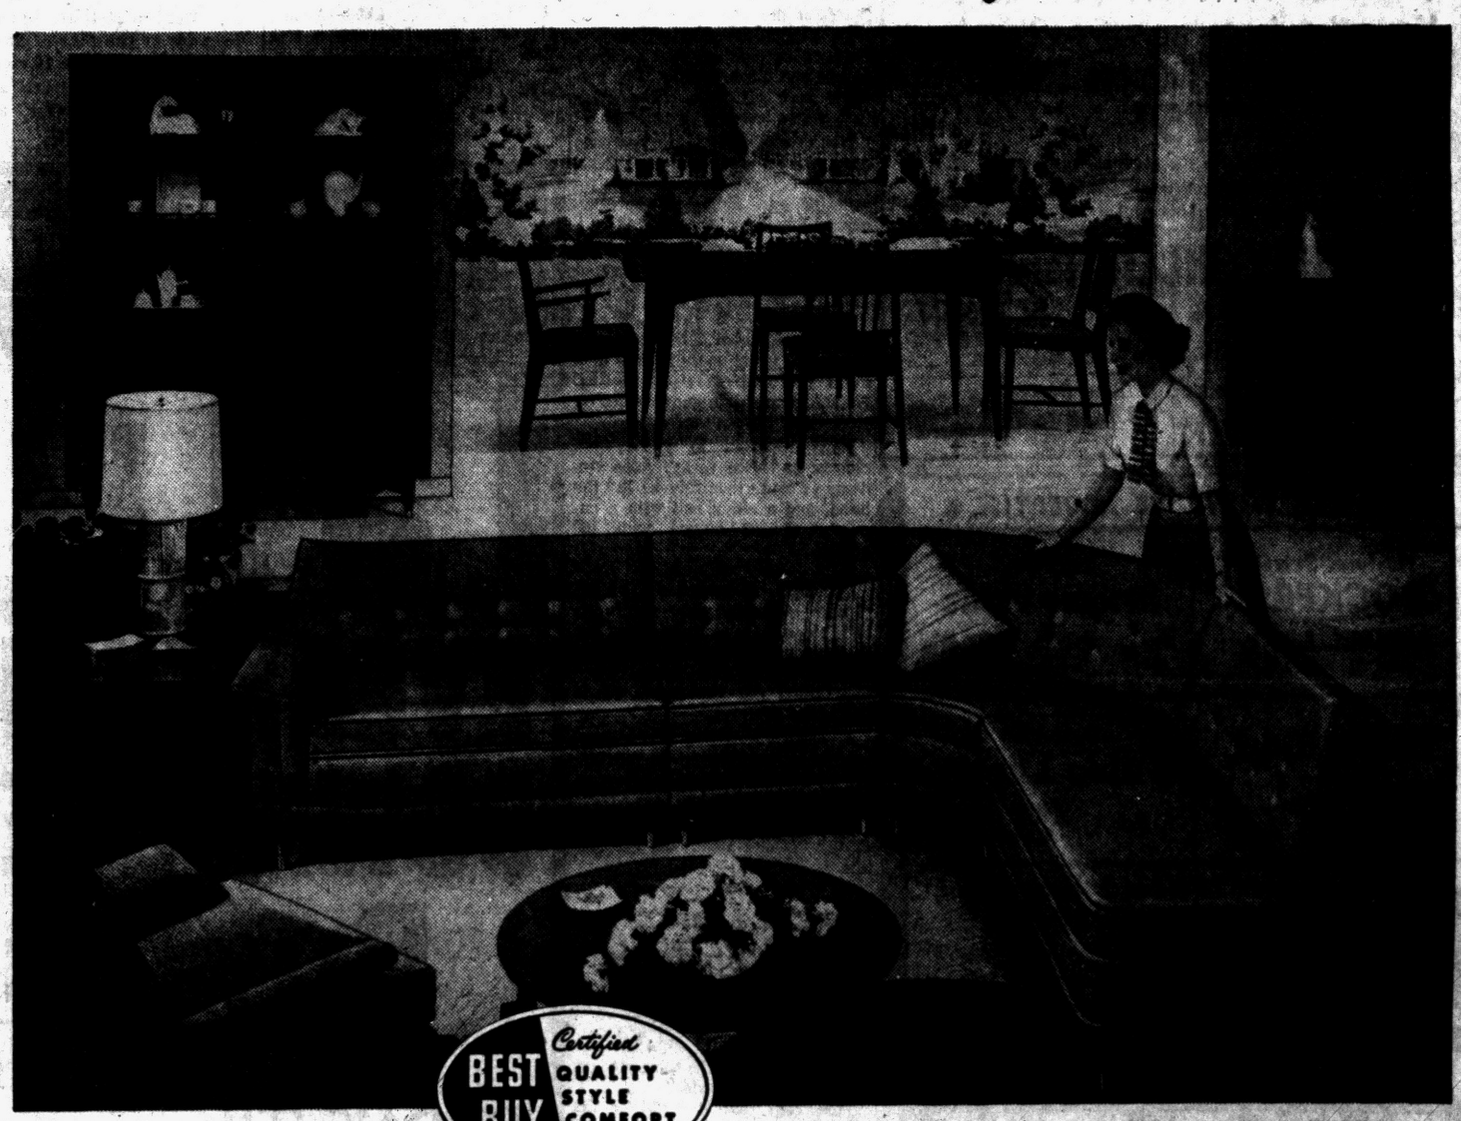

Some of its possibilities are draperies, wallpaper, and similar uses. At present it requires higher voltage than found in conventional homes.

New Drive-In Phone Gets Caller in Trouble

HOLLYWOOD (UPI) — Milo Frank left work late one day at MGM and, noticing a new drive-in telephone, decided to try out the new gadget as well as let his wife, actress Sally Forrest, know he'd be late for dinner.

He won't do it again — at least not with the car radio going. Miss Forrest said it might have been the car radio but that it sounded like a juke box at the corner bar.

Electronic Brain Flunks Out Fast

High School Experiment for Assigning Classes Has 2,000 in a Jam

ST. LOUIS (AP) — A noble electronic experiment in education—believed the first of its kind in the United States—has short-circuited St. Louis' biggest high school.

★ ★ ★

The Board of Education and officials of the 2,000-pupil Beaumont High School assigned an electric brain to channel students to classrooms and class periods. The machine gave out cards telling students which classes to attend.

It was hoped that the first two days of school, which began Sept. 4, could be used for instruction instead of untangling just where everybody belonged.

But seven days later the halls and classrooms are still clogged with nomadic students.

★ ★ ★

Principal Walter Gammeter said it was the worst snafu he had seen in 34 years of class programing. He said about 700 students got an electronic run-around.

Boys reported to girl's gym classes and vice versa, voice students found themselves in the band, and a study hall with a capacity of 100 bulged with 160 pupils.

★ ★ ★

Principal Gammeter said, "There evidently were errors on both sides." He explained that his students probably made a mass of clerical errors last spring when they filled out the punch cards the brain lives on.

A reporter visited the school yesterday and saw seven psychology students sitting on the floor of a filled classroom.

"This," their teacher remarked dryly, "is the result of automation."

Swank Library Draws Students at U. of M.

ANN ARBOR (AP) — "Through these portals pass the most curious students in the world."

That isn't, but it could be the sign above the entrance to the University of Michigan's swank new undergraduate library.

Dr. Frederick H. Wagman, library director, reported today that more than 750,000 persons entered the building in the six months after it opened last January.

Wagmen's count didn't reveal how many went there to use the collection of 187,000 books and how many were attracted by the princely splendor of the structure.

★ ★ ★

With its maize and blue decor, outside and inside, and its comfortable seats, the library is high among the campus sightseeing landmarks. The plush building has seating accommodations for 2,000 students.

A sharp rise in the usage of university library books was detected after the new library opened. For home use alone, university libraries reported a circulation of 537,175 during the 1957-58 academic year. This was a 10 per cent increase over the previous year and a university record.

2nd Hydrogen Bomb Dropped by Britain

LONDON (AP) — Britain tested another hydrogen bomb high over the central Pacific yesterday. The bomb, equal to at least a million tons of TNT, was dropped from a Vickers Valiant jet bomber.

It was the second British H-bomb explosion in two weeks and was announced shortly after the United States and Britain agreed to meet the Soviet Union in Geneva Oct. 31 to seek agreement on banning nuclear tests.

Dangerous Guinea Pig Should Be Returned

MCALLEN, Tex. (AP) — A guinea pig taken from a laboratory here a few nights ago may not be such a good pet, Dr. Hershel Whigham believes.

Dr. Whigham said the animal had been inoculated with tubercular bacilli for experimental purposes and that the new owner stands a good chance of infection.

It was suggested that the new owner might want to leave the animal in a box at the rear of Dr. Whigham's laboratory.

Brando's Maid Drowns in Actor's Swim Pool

HOLLYWOOD (AP) — Marlon Brando's maid drowned in the actor's swimming pool yesterday.

Brando's wife, actress Anna Kashfi, found the body of Mrs. Hisaka Aizawa Milligan, 31, in the bottom of the deep end of the pool at Brando's hillside home.

Miss Kashfi said she was in the house while Mrs. Milligan was swimming. The maid was just learning to swim, she said. Brando was not home.

2-Year-Old Bread Wins

POMONA, Calif. (AP)—A loaf of bread 2 years old won a first prize for baking for Streeter Blair, 70, yesterday at the Los Angeles County Fair. He said he baked his orange loaf in 1956 and stored it in a freezer.

Work May Be Better Idea

CHICAGO (UPI) — Suitable work may be more beneficial than rest and retirement for persons suffering severe heart disease, a Brooklyn, N.Y., physician said today.

Dr. Alvin Slipyan studied 19 persons who normally would be considered unemployable, but who were working successfully in industrial and clerical jobs.

★ ★ ★

Writing in the current journal of the American Medical Assn., Slipyan said the physical condition of some of the bad heart workers actually improved after they began working.

On the basis of his study, Slipyan suggested a possible change in the medical rule that persons with severe heart disease require constant rest and retirement from work.

★ ★ ★

Most industries, he said, refuse to hire cardiac patients because of the fear of absenteeism and compension claims.

But among the 19 persons studied, including three who had suffered two heart attacks each, the low absenteeism rate "was remarkable" and there were no compensation claims, Slipyan said.

4 Killed, 1 Badly Hurt as Auto Rams Tree

PACHAUG, Conn. (AP)—A car slammed into a tree with terrific force last night, taking the lives of four youths and injuring another critically.

★ ★ ★

State police said the auto missed a curve in the middle of this eastern Connecticut village.

The victims were identified as John L. Avery, 22, Paul M. Curran, 23, and Adolph J. Duntner, 17, Norwich, and Gerard S. Ritchie, 18, Jewett City.

★ ★ ★

Charles R. Avery, 25, brother of John, was in poor condition in a hospital. Police said he was apparently the driver.

Margarine was first developed by a French chemist in 1870 to ease a fat shortage that came as a result of the Franco-Prussian war.

Stricken Airliner Lands

LONDON (AP) — A DC7C of British Overseas Airways landed safely on three engines early today after turning back 45 minutes out on a flight to New York. Passengers were transferred to another BOAC plane.

Sulfanilamide was found by an Austrian chemist in 1908.

City Hospital Auxiliary Gives Awards at Tea

Pohtiac Press Photos

The Auxiliary to Pontiac General Hospital held its annual Awards Tea at Pontiac Federal Savings and Loan Building Wednesday. Among those honored were (left to right) Mrs. Collis Scott of Franklin boulevard, Laura M. Cobb of West Huron street and Mrs. James St. Louis of Watkins Lake.

Mrs. R. L. Bronoel (left) of Pioneer drive and Mrs. Forrest R. Wood of South Tilden avenue (second from right) were honored for their service as chairman of High Fever Follies of 1957. New chairmen are (second from left) Mrs. Clyde Dearing of Ottawa drive and Mrs. John J. Sellman (right) of Mohawk road.

Politeness Says You Try Food

By EMILY POST

"Dear Mrs. Post: I would very much appreciate your comment on the following experience: I had friends of ours to dinner and for the meat course served hot sliced smoked beef tongue. Two of the guests refused to eat any of it, explaining they did not care for tongue. It developed they had never tasted it but had an aversion even to trying it.

"I said no more and made no attempt to try to provide anything else as a substitute. They ate the vegetables and the dessert and that was that! But since then I've wondered whether they were not rude to refuse to take a little taste?"

Answer: It would have been more polite had they put a small amount on their plates, and certainly it would not have hurt them to taste it.

"Dear Mrs. Post: Every now and then our entire family sends one present to a bride-to-be and every time the question of how to write the card that is enclosed with the gift, comes up. To list all the names on the card looks very much like a membership list. But how else can all of us be included except by means of the opprobrious 'and family'?"

Answer: Although Mr. and Mrs. John Smith and Family is not in best taste, there is no objection under the circumstances to writing, "With all best wishes from the John Smith Family."

"Dear Mrs. Post: When the bride is coming down the aisle after the wedding ceremony, is she supposed to look straight ahead or may she look around at the congregation and recognize particular friends?"

Answer: She's not supposed to nod or recognize any particular friends, although she might possibly naturally smile should she directly catch the eyes of someone.

Two of the hospital auxiliary members to receive certificates of appreciation were Mrs. C. B. Steffey (left) of Woodbine drive and Mrs. Robert C. Phillips Jr. (right) of Walled Lake. Presenting the award certificates was Mrs. William Dean (center) of Ottawa drive.

Tea table arrangements were handled by Mrs. Allan Denham of Oriole road, Mrs. Willard Beebe of East Iroquois road and Mrs. Anthony Cefai of Miami road (left to right). Also on the committee was Mrs. A. J. Zujko.

Volunteer Workers Honored

The annual Awards Tea sponsored by the Auxiliary to Pontiac General Hospital was held at Pontiac Federal Savings and Loan building.

Honored were auxiliary members who had donated 50 or more hours during the year. Awards chairman Mrs. William Dean presented certificates to the members at the Wednesday event.

★ ★ ★

Also honored were Mrs. Robinson Bronoel and Mrs. Forrest R. Wood, immediate past High Fever Follies chairmen.

Mrs. R. N. Rapaport, president of the auxiliary, announced Mrs. Harry Stowell as chairman of visiting ladies, Mrs. William B. Dean, historian, and Mrs. John Napley, chairman of the newly reactivated bookmobile.

★ ★ ★

Tea table arrangements were under the supervision of Mrs. Alan Denham and Mrs. A. F. Cefai. They were assisted by Mrs. Willard Beebe and Mrs. A. J. Zujko.

Don't Lie for Married Don Juan—Abby

This Fellow Bowling for Spares

By ABIGAIL VAN BUREN

"DEAR ABBY: I am a young man who is not married. Our office has a bowling team and I am on it. One of the men on the team is married and asks everyone on our team to say he is single when we go to bowl. He has got a couple of girls in love with him and he is still looking around. Should I continue to lie for him, tell the girls the truth or what? I feel like a rat and it is affecting my average." BOWLER

ABBY

DEAR BOWLER: Tell your bowling buddy that bearing false witness is not up your alley. Recommend that he lay it on the line without curves, or do it for him.

"DEAR ABBY: My husband's mother (I refuse to call her my "mother-in-law") had an anniversary party for my husband and me to celebrate our 10th anniversary. She left out my own mother and father. I couldn't believe she was so ignorant and kept expecting her to call my mother at the last minute, but she never did. You can imagine how I felt the whole evening. Now I can't even look her in the face because I am afraid I might say something terrible to her. My mother says to skip it. What would you have done? VERY HURT

DEAR VERY: I would have asked my husband to call his mother and request that your parents be invited to this party. No point in crying over split milk. It's sour anyway.

★ ★ ★

"DEAR ABBY: Since I had my tonsils out when I was four I have had my heart set on marrying a doctor. I thought of being a nurse but that's out because I can't stand the sight of blood. Have you any suggestions?" MARCIA

DEAR MARCIA: If you can stand the sight of punching a time clock, how about being a doctor's receptionist?

★ ★ ★

"DEAR ABBY: We have a relative who refuses to work for less than $2.80 an hour. Consequently, he is out of work about half the time, and he expects us to give him handouts. I believe in helping kin-folks if things get rough, but wouldn't you think he would try to help himself? My wife thanks I am hard-hearted. Please tell her I'm not." RALPH

DEAR RALPH: You do your relative no favor when you support him when he should be supporting himself. Soon as you stop the handouts, he will take the best job he can get —but not until.

★ ★ ★

"DEAR ABBY: Will you please help us settle an argument? Would you call playing a slot machine gambling?" S. G. AND F. J.

DEAR ONES: I would say it's more like a "contribution."

Do It in Rhythm

Swing From Hips to Reduce Them

By JOSEPHINE LOWMAN

(The Friday Question Box)

Q. "I would like to have a mild hip and abdominal exercise which is firming and which I can take standing up. I must have one which does not take up too much space since my apartment is very small."

A. Do this one. Stand tall with your left side toward the wall and your left hand on the wall. Swing the right leg forward and backward as far as you can. Make the swing smooth and rhythmic and keep both knees stiff. After a while turn the right side toward the wall and swing the left leg.

Q. "My brows and lashes are very light. I am a blonde but my lashes and brows look peroxided."

A. Use a light brown eyebrow pencil on your brows. Use light feathery strokes and then blend with an eyebrow brush. You can use brown mascara on the lashes or you may even find that black mascara is more flattering.

Q. "Is it all right to use peroxide to bleach the fine hair on my upper lip?"

A. Yes.

Q. "I want to give myself a hot oil shampoo but do not know how to do it."

A. Part the hair at intervals, progressively, until you have covered the entire head. When you make a part, rub warm oil along the part. You can use cotton for this. After this wrap a wet, hot, towel about the head. Leave it on until it cools. Repeat this several times. If you can do so, leave the oil on all night.

Q. "Should I use an astringent on my neck? Will it tighten the skin?"

A. If the skin of your neck is dry I would not use one. Instead do firming exercises and use circulation creams and also oily lubricating creams.

Q. "I have unattractive brown pigmentation on my arms. What causes this and what can I do about it?"

This mild hip and abdominal exercise can be done in the limited space of a small apartment.

A. So far as I know no one knows what causes this. You can cover it up with make-up.

Q. "How do you use eye pads?"

A. I suppose you mean the little cotton pads which you dip in ice water and then place on top of the closed eyes. This is most restful when the eyes are tired or in hot weather or after a hard day.

Q. "I am 50 years old. Is it too late to learn to dance? I always wanted to but never learned how and believe it or not I have a beau who loves to dance."

A. Heavens no, it is not too late! Take lessons.

Mary K. Jann Married to Theodore Wuggazer

Mary Katherine Jann was married Saturday evening to Duane Theodore Wuggazer in a ceremony performed by the bridegroom's father, The Rev. Theodore Wuggazer, in Lutheran Church of the Redeemer, Birmingham.

The bride, who is the daughter of Mr. and Mrs. Boydon Jann of Birmingham, wore her sister's wedding dress of silk taffeta accented with Alencon lace. The portrait neckline and bodice were of the lace and the fingertip veil was of nylon net.

Her only jewelry was a silver cross necklace, a gift of the bridegroom. White rubrum lilies and stephanotis on a prayer book formed the bridal bouquet.

Mrs. Theodore S. Vradelis of Middletown, Ohio, was her sister's matron of honor. Catherine Kopp of Ashland, Ohio; Carolyn LaFon of Charlettesville, Vt.; Joan Marsh, of Fort Thomas, Ky., and Elizabeth Rahn of Philadelphia, Pa., were bridesmaids.

★ ★ ★

The honor matron's dress of dusty pink taffeta had a modified bell skirt and back bows with tails extending to the hemline. Her matching headband was encircled with ivy, and she carried rubrum lilies in pink and red hues with ivy and pink sweetheart roses.

The bridesmaids wore similar gowns and carried identical bouquets identical to the honor matron's.

Performing the duties of best man was Douglas Wuggazer, the bridegroom's brother. Ushers were Leon Pariseau of Birmingham; Roger Pepper of Birmingham; Richard Shave of Royal Oak; Wayne Stallsmith of Detroit, and Theodore Vradelis of Middletown, Ohio.

For her daughter's wedding, Mrs. Jann wore a sheath dress of rose embroidered peau de soie and shell pink and brown accessories. Her purse corsage was of pale pink cymbidium orchids. Mrs. Wuggazer wore a copper colored sheath of lace over peau de soie. Her accessories were beige and copper, and she wore a purse corsage of brown cymbidium lilies.

A reception was held in the church social hall, following which the bride changed to a beige wool sheath with burnt orange and brown accessories and the corsage of white lilies from her bridal bouquet. The couple motored to St. Louis, Mo., where they will reside until next June.

★ ★ ★

The bride attended Wittenberg College and will attend Washington University this year. The bridegroom is a graduate of Concordia Lutheran Seminary.

'I Did the Best I Could' Will Free You

By MURIEL LAWRENCE

Mrs. B. writes, "Four years ago when my only child was three years old, I was divorced from his father. But I did not tell him this until recently, always speaking about his father nicely. Now he's suddenly developed bedtime fears of nightmares and ghosts. As I work, we live with my parents who are very good to him . . ."

Why has Mrs. B. postponed telling her child of her divorce?

Was she ashamed to tell him? Did she hate confessing that she had deprived him of a "normal" home by choosing the wrong man for his father

The besetting problem of all divorced parents is their excessive sense of guilt toward their children.

If Mrs. B. told the truth to her son apologetically, he might indeed respond with bedtime fears. For she was presenting herself to him as a bad mother who had injured him, and so invited him to expect more injury at her hands. Naturally he would clutch at her for reassurance at bedtime and other times of separation.

It is essential for divorced parents to become aware of the guilt they feel toward children. Unless we recognize what a poor opinion we have of ourselves, we can't begin to see how unreasonable it is.

So long as we're content to secretly believe ourselves bad parents, children give us an awful time. They fiercely resent our self-depreciation and will badger, demand and defy until we're able to say to ourselves, "I've had enough of this, I am sick and tired of being punished for my sins."

This is a point that Mrs. B. may need to reach.

To reach it she may require someone to help her. Not those parents who are so "good" to her little boy, but a priest, minister or social worker who can open her eyes to the truth that makes us free—the fact that she did the best she could.

★ ★ ★

Guilt is an evil thing because it tells us that we should have done better than we could. It is hate of our limitations as they existed in the past. It imprisons us in a child's Fairyland where no human limitations exist—and we can change the self we were as readily as we can fly over the moon.

Subsidized Marriage May Not Be Right

By RUTH MILLETT

With married students no longer a rarity on college campuses, here's a problem that must arise fairly often.

A mother writes: "My daughter, who finished her freshman year in college, is engaged to a boy she met at school who will also be a sophomore this fall.

"My daughter tells me that they want to be married and figure they could manage it if we increased her allowance and the boy's parents increased his.

"He has already talked it over with his parents and they said it was up to us. If we were willing to pay half of the young couple's living expenses they would pay half.

"My husband and I have talked it over and we aren't sure whether we should agree to the plan or whether we should tell our daughter they will have to wait to marry until they can support themselves. We would like your opinion on this question."

I can't give an opinion on this matter as it affects your daughter because I don't know either the girl, the young man or either set of parents. Such a plan might work out well for one young couple and give another young couple the idea that their parents will always be there to fall back on.

This is a matter the six of you will have to decide for yourselves. But I will say this — I don't think you have any responsibility for subsidizing a marriage between two young people who have three years of schooling still ahead of them.

Having to wait a while to be married never hurt any young couple who are really in love. And a marriage, supported by parents, isn't really a complete marriage.

It is a marriage that doesn't demand much responsibility of the young couple. A few years of having a marriage without responsibility might not be the best preparation for the years ahead when responsibilities will be great.

★ ★ ★

After consideration you may decide that in this particular case you think a subsidized marriage will work out all right. If you do, that's fine. But at least these are points that should be considered.

Homemakers Plan Rally Day at CAI

The first meeting of the year was held by the Professional Homemakers Extension Club Tuesday at the home of Mrs. H. James Elliott on Sashabaw road.

Movies of the group's Hawaiian luau were shown by Mrs. Thomas Skaggs.

Plans were made for the group to attend Rally Day Sept. 18 at the Waterford CAI building, and a workshop Oct. 11 at West Bloomfield High School.

Resigns Bank Position

DETROIT (AP) — Detroit Councilman Edward D. Connor has resigned his post as a director of the new public bank. The action followed a state attorney general's ruling that the City of Detroit could not deposit public funds in the bank as long as an elected official was a member of the board.

Hal Boyle Finds:

World Peace Is Security to Today's Youth

NEW YORK (AP) — Changing American youth in a single generation has changed its problems, too.

"When we were young," said Ruth Hagy, "money and security were the big problems—and money meant security.

"The younger generation now is also interested in security. But to it a real world peace, not money, stands for security.

"We had to learn to be internationalists. The young people of today were born into a world without boundaries—and are at home in it.

★ ★ ★

"They are often more interested in international than national problems. Hopes for peace which seem impossible to us seem quite possible to them."

Miss Hagy, a dark-haired, handsome grandmother, is financial chairman of the National Student Assn., and producer-moderator of the ABC-TV Sunday network show College News Conference.

Since 1952 more than 1,000 student leaders have appeared on the program, interviewing scientific, political and military figures. Some of their questions have been so pertinent and probing the celebrities were left shaken.

★ ★ ★

Miss Hagy, a former Philadelphia newspaperwoman who is married to Albert Thomas Brod, a stockbroker, became interested in youth work originally because she thought the field was being neglected.

"The student was a vital political force in every country but our own," she said.

"But our younger generation was being called delinquent, silent beat, and a victim of too much conformity."

She doubts that such general accusations any longer have much validity. She believes America's youth today is largely idealistic, interested in good government, and willing to take on civic responsibility.

★ ★ ★

"Kids are afraid of being called a square," she remarked. "The good students need to be recognized equally as the athlete or social big wheel on the campus, and they are getting to be.

"There has been a general change in the climate of the country, off campus and on. It's no disgrace to be a good student. It's fashionable. And there is more of a realization that the college student leaders are our political leaders of tomorrow.

"Leadership stands out early. It needs to be recognized and trained."

Miss Hagy has carefully followed the budding career of most of the student leaders who appeared on her program.

"They are doing terrifically well," she said. "A number are taking active roles in political parties.

"The White House has two of our kids. Two more are in the vice president's office. The State Department has six. Fourteen are working as administrative or legislative assistants to senators."

To her knowledge not one of the 1,000-plus student leaders has become an adult delinquent. None has been arrested for forging a check, holding up a bank, or bribing a mayor.

★ ★ ★

"Some have run for Congress and got beat," admitted Miss Hagy. "And if losing is a form of delinquency, I guess these are our only delinquents."

Parents Seek to Expel Wed High School Girl

MIDLAND PARK, N.J. (AP)—Do marriage and high school mix?

Mrs. Hope Skinner Nyman, a 16-year-old senior who returned to Midland Park High School a bride, can't see why not.

But a group of parents in this community of 6,500 feel the mixture is a dangerous one. They've asked the Board of Education to expel the girl or at least bar her from extracurricular activities.

★ ★ ★

The board, caught in the middle of the first such controversy since the high school was opened two years ago, is awaiting a legal opinion from Borough Atty. John Hammersma Jr.

Meanwhile, Hope keeps going to school every day, and the parents keep fuming.

The storm broke without warning Tuesday night, when about 30 parents appeared at a board meeting and complained that Hope has been telling tales of marital bliss in school.

★ ★ ★

"My daughters came home the first day and talked of nothing else," one mother complained.

"It's the number one topic in town," said another.

Hope, queen of the junior prom last spring, is head cheerleader and active in a number of school organizations. In addition, the pretty brunette works as a part-time model.

The parents pointed out that Hope is always in the limelight in school and said they fear other girls may follow her example and get married.

★ ★ ★

In asking for a legal opinion, Board President Fred E. dePlanque noted that state law provides free public education to all persons from 5 to 20 years of age, without mentioning anything about their marital status.

Hope herself, who was not present at the meeting, denied discussing her married life with other students and added: "When I'm in school I act like a schoolgirl, and at home I act like a housewife."

★ ★ ★

The girl eloped last month with Richard A. Nyman, 20, a moving van worker. They were subsequently remarried at the Wyckoff Reformed Church and now live at the Skinners' home.

Harold A. Skinner, father of the bride and a member of the board, said other parents are simply jealous of Hope's looks and achievements.

Virginia School Closed by Court

Federal Order to Admit 22 Negroes Brings On Temporary Suspension

RICHMOND, Va. (AP)—Warren County's only high school closes at the end of classes today as the direct result of a federal court order that the white school admit 22 Negroes.

The county school board announced the "temporary suspension" of the school at Front Royal yesterday. The board said the Negroes would be enrolled Saturday and Monday. Under Virginia law, the assignment or enrollment of any Negro pupil in a white school automatically closes that school.

The school officials came to Richmond to talk over their problem with Gov. J. Lindsay Almond Jr. and state legal aides.

It was not known what action might come from the meeting.

At a news conference, Almond hinted — without further explanation—the state may have yet another plan that could keep schools from either being integrated or closed this year.

Supt. Q. D. Gasque said he did not know how long the school at Front Royal would be suspended, but he expected a formal closing order from the state by Monday.

The school board has not considered or discussed the possibility of asking Almond to allow the school to operate on an integrated basis without state funds, he said. He knew of no plans anywhere in the county to establish a private school system for the pupils involved.

Pontiac Central Pupils Welcome Exchange Student From France

By JOANNE WOOD

One of the musts of the first few weeks of school this fall at Pontiac Central High School is to meet a certain senior . . . the first exchange student in the school's history.

This attractive blonde is Jacqueline Baron, and she's from Rouen, France.

Since she will attend Central throughout the school year, Jacqueline is living with Sherry Fink, her new American sister, and her parents, Dr. and Mrs. Jerome Fink of 9 Ottawa Dr.

The American Field Service student will live with the Dr. Jerome Finks at 9 Ottawa Dr., while she attends school this year. Sherry Fink, (center) Jacqueline's new adopted sister, is making sure the French girl is getting acquainted with her fellow students.

Preparations for the August 24 arrival of the American Field Service students were made by a committee under the chairmanship of the Rev. Galen E. Hershey.

★ ★ ★

Other committee members were: Mrs. Alfred Rothweiler, home arrangements; Iama C. Hook, school relationships and Mrs. Paul Gorman, publicity.

A PCH teenager will be sent abroad to spend the 1959 summer with some European family as a part of this exchange program.

DRIVE OPENS MONDAY

The Student Union membership drive will open Monday. This year's goal is set for 73 per cent of the total enrollment of 1600 members.

Student Union sponsored by Donald McMillen, is an organization which any student may belong. Their object is to cut down the individual expense on basketball and football games.

The student is guaranteed the year book; a Quiver, 15 Tomahawks, the newspaper; and two pay assemblies which only Student Union members may attend. Membership cost is $6.50.

The Student Union staff for this year consists of 26. Those members returning are: Lynn Anderson, Sue Steinbaugh, Kay Hamilton, Kathy Hunter, Val Vasbinder, Gloria Guenther, and Char Osmun. Others are Judy Castell, Donna Gravely, Barb Strang, and Larry Flood.

★ ★ ★

New staff members are Alma Hodge, Mary Aughenbaugh, Marilyn McClintock, Mike Nosanchuk, Sam Hartman, Ann Donaldson, Gail Gibson, Bonnie Marlowe and Mary Wood.

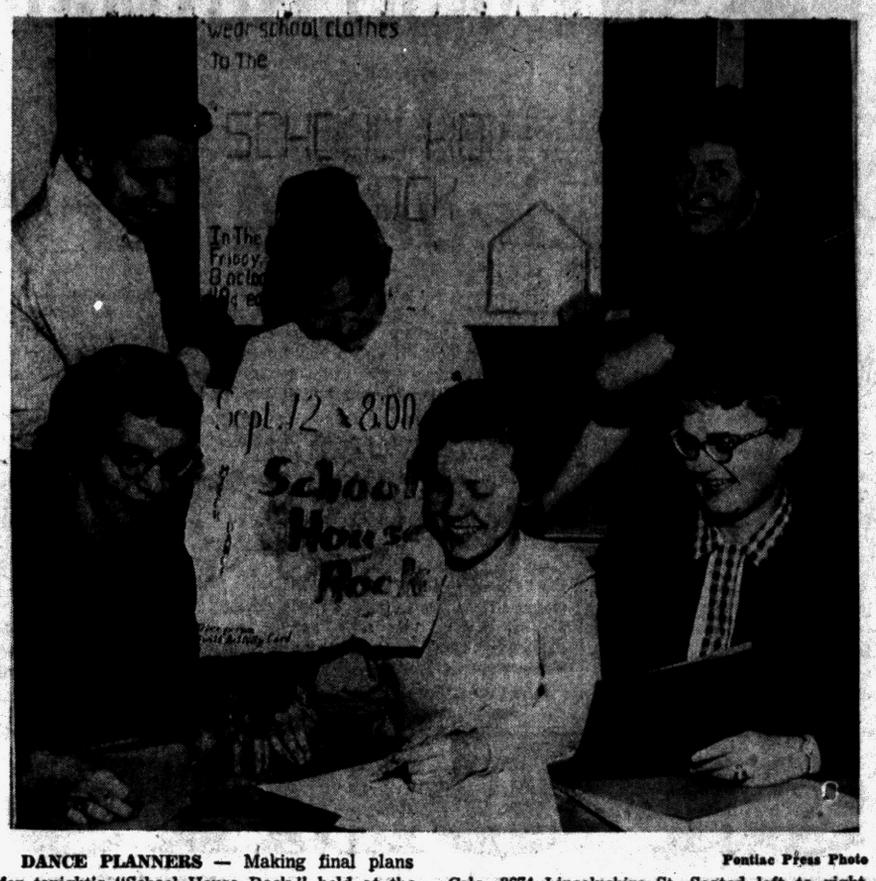

This summer the cheer leaders held meetings every week to develop a better squad and make new cheers.

They sent two members of their team to Camp All-American in Hartland. They were Jeanne Johnson and Karen Metz. Our two representatives were chosen out of the most outstanding girls among the top six in the camp. For being such outstanding participants Jeanne and Karen each received trophies.

Cheerleaders also held elections of officers this summer. They are Jeanne Johnson, president; Isabell Hawn, secretary and Joanne Wood, sergeant at arms.

★ ★ ★

Duke Ralyea has been elected president of the A Capella Choir this semester. Other officers are Jim MacIntosh, vice president; Santhy Annas, secretary; Jeanne Johnson, treasurer and Char Osmun and Tom Shordi, librarians.

Junior Class to Sponsor Hop

Schedule 70 Minute Classes at St. Fred's; Meet 4 Times a Week

By JUDY COSGROVE

The junior class of St. Frederick's High School are busy this afternoon preparing for a record hop to be held tonight in the parish hall.

★ ★ ★

Proceeds will be set aside for the prom and banquet next spring.

This year, individual classes will be held four times a week for 70 minutes instead of five 45 minute sessions. Therefore, many of the college bound students will become acquainted with the longer sessions.

★ ★ ★

EXTEND LANGUAGES

Two teachers have joined the faculty this year. They are Sister Ann Dolores and Sister Rosurtha. The language department has also been expanded to include four years of Latin and two of French.

★ ★ ★

For the first time this year, students will have the opportunity to have hot lunches in the new cafeteria.

PNH Is Streamlined Factory of Learning

By ANN ESS MORROW

A whole world of newness stretched out this week as Pontiac Northern High School opened its doors for the first time . . . new school, new classes, new faculty, new student-body.

In every way this factory of learning is streamlined to modern education, meeting needs and facilitating the learning process. Even Northern's lights have gone modern for bulbs have lost their plumpness, with electricity in tubes long and shapeless, like the styles in chemise.

Everywhere at Northern there's brightness with corridors of glass . . . a one-floor building where windows stretch themselves into walls.

Without its multitude of tubular-legged, red plastic-backed chairs and convenient tables, the acreage of cafeteria could be a tailored ballroom. Until it opens, however, the students bring lunches and eat right in their fourth hour classroom with the teacher. Sandwiches and milk are available for those who wish to buy.

CENTRALIZE ROOMS

One of the special features is the building of each of the various units around a court, instead of in a straight line. This entails much more walking on the shiny tiled hallways, but it is helpful to be adjacent to others in the same department.

★ ★ ★

Each unit, also, has its own faculty room for lesson preparation, with a series of metal lamps above a continuous work-counter, equipped with book shelves and storage space, and right within this work area, the department head has his convenient office.

The main offices are easily accessible, and so located as to command a singular view of all adjacent rooms. They are banked now with welcoming floral tributes. Nearby, the counselors' offices are fronted with deep-color doors, which open invitingly for help with problems and with scheduling.

The homeroom period is being put back once again into the high school program. At Central the homerooms are comprised of boys and girls of the same grade and same curriculum; at Northern, of the same grade, but different curricula.

Karen Miller Leads Lake Orion Scholars

Karen Miller has been elected president of the National Honor Society at Lake Orion Community High School.

★ ★ ★

Other officers elected this week were Douglas Black, vice president; Beth Woodward, secretary; Elaine Urban, treasurer; Judy Cudnohufsky, youth center representatives and Bonnie Bailey, student council representative.

Handbooks containing 17 pages of school rules were given to each student during an assembly the first week of school.

★ ★ ★

October 3 has been set as the date for the homecoming festivities when Lake Orion plays Fitzgerald. The student council met this week with other club representatives to plan floats, concessions and the election of a queen.

★ ★ ★

Cheerleaders Penny Christopher, Beth Woodward, Barbara Bowers, Karen Green, Mary Fisher and Carol Brown are busy this week practicing for next Friday's game, the first of the season.

Hold 'School House Rock' at Waterford High Tonight

By JEAN REXFORD

"School House Rock," a disc jockey back to school dance, will be held in the gymnasium of the Waterford Township High School tonight.

The dance, sponsored by the student council, will be from 8 to 11 p.m. Karen Anderson is general chairman.

Other committee heads are Sandy MacAbee, entertainment; Barbara March, decorations; Lanny Younger, concessions; Cecilia Roberts and Betty Steehler, publicity; Barbara Cole, admission and Bruce Cobb, cleanup.

Nearly 1,700 WTHS students, a record enrollment of grades 10 through 12, returned to a reorganized school day last week. Instead of the previous seven class day, there are now six. Lunch hours have also been cut from 55 to 25 minutes.

Marcia Cameron has been elected president of the Thespian Troupe 995 this semester. Other officers are Jean Rexford, vice president; Nancy Raymond, secretary-treasurer and David Wilson, pledge-master.

Five new teachers have been added to the WTHS staff. They are Donald Benson, industrial arts; Lois Pety and Mary Tsekery, both art; John Fear, football and driver education and Robin Thoral, English.

An orientation assembly will be held Tuesday to introduce the faculty and student council members.

Dress Is Casual at W. Bloomfield Dance Tonight

By LINDA BELLOWS

Casual dress will be the attire of the West Bloomfield Township High School teenagers tonight when they attend the Gridiron Hop.

The dance, sponsored by the cheerleaders, will be held from 8 to 11:30 p.m. in the gymnasium and refreshments will be available.

Admission is 35 cents per person and proceeds will be used to purchase green slacks and sweaters for the girls football game uniforms and white circular felt skirts for the basketball games.

Throughout the summer, the squad of 16 has conducted car washes and bake sales to raise funds necessary for the uniforms. Janet Manz is sponsor of the group.

Organize Pep Club at St. Michael's High

By SHELAGH O'ROURKE

St. Michael's High School cheerleaders, to assure good attendance at away football games, are organizing a Pep Club.

The club will have chartered buses and special sections in the grandstands to cheer at the five away games scheduled.

The cheerleaders sponsored a dance, the "B-G Bop" last week to raise funds for their project.

Two new classes have been added to the school curriculum. They are music arts and choral classes.

3 NEW TEACHERS

Joining the faculty this fall are three new teachers, Sister Mary George of St. Rita's, Detroit; Sister Mary Anselm, of St. Angustine's, Kalamazoo and John Brown.

The Michaelite staff which publishes the school newspaper is working on the first edition of the 1958-59 school year this week. It is expected to be distributed the last week of the month.

University of Arizona at Tucson, established in 1890 on ground donated by the town's leading gamblers, was constructed before the state of Arizona had any high schools.

Disc Data and Chatter

Music in the Round

by Dick Saunders

In the past two weeks Pontiac area record shops have been forced to turn down a horde of record fans asking for Duke Ellington's latest LP, due to a slight case of underrating by local distributors.

★ ★ ★

"Black, Brown, and Beige" (Columbia CL-1162), on which the Duke teams with Mahalia Jackson, has surpassed all sales expectations, according to a spokesman at Columbia's Detroit offices.

★ ★ ★

THE JAZZ NEST: The fire and enthusiasm of young blood in jazz is sometimes refreshing, but too often unpolished and over-anxious. A fine example of this can be found by comparing two LPs on the Golden Crest label.

★ ★ ★

A youthful dixie group of eastern college students put together a recent album, "Eli's Chosen Six" (CR-3039). They are decidedly unpolished (which is to be expected), however the major fault lies in their obvious theory that all must be played at breakneck tempo and as loud as possible.

★ ★ ★

"Dixieland of Old New Orleans in Modern Hi Fi" (CR-3021) by the Johnny Wiggs Band is a top notch buy and much more representative of Golden Crest's high standards.

★ ★ ★

It is an album that offers superb relaxed and swinging dixie by a team of veteran musicians. These men "feel" their musical all the way and play with the understanding and authority derived from long years of experience.

FIVE ACES: A wild melee this week for the top spot makes the choice difficult. We'll have to call it a dead heat between "Nel Blu Di Pinto Di Blu" by Domenico Modugno and "It's All in the Game" by Tommy Edwards.

★ ★ ★

Second in sales is "Rockin' Robin," by Bobby Day. Third spot goes to "Bird Dog" and "Devoted To You," the Everly Brothers' disc selling on both sides. Fourth is "Tears On My Pillow" by The Imperials. In fifth is "You Cheated" by The Shields.

Misses Vantine, Uloth Join Brandon Team

By DORIS GIRDLEY

Two new cheerleaders have joined the Brandon Township High School senior varsity squad this fall. They are Gwen Vantine and Kay Uloth.

Other girls returning on the team who have been practicing daily are Wanda Zuehlk, Judy Phipps, Janet Rader, and Doris Girdley.

Waterford to Debate British School System

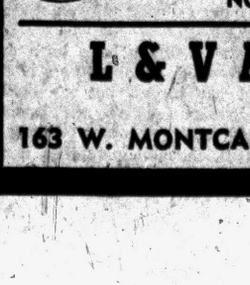

"Resolved: that the United States should adopt the essential features of the British system of education" is the resolution to be debated this year by the members of the Debate Club. They include: Bob Cooper, Jean Rexford, Dave Wilson, Joni Whittemore, Carol Saul and Lanny Younger.

Lions Meet Eagles Saturday Night

Bears After 5th Win

By The Associated Press

The Chicago Bears seek their fifth straight victory tonight as three games kick off another full weekend schedule of warmup exhibitions for National Football League teams.

More than 50,000 are expected at Chicago's Soldier field to watch the rejuvenated midway monsters meet the Cleveland Browns (2-2) in the 13th annual armed forces game.

Other games tonight match the Chicago Cardinals (1-2-1) and the Pittsburgh Steelers (2-2) at St. Louis, and the San Francisco 49ers (3-1) and the Rams (2-2) at Los Angeles.

Tomorrow Night it's Detroit (2-1) vs. Philadelphia (1-3) at Norman, Okla., and Green Bay (2-1) vs. Washington (2-2) at Winston Salem, N. C. New York (1-3) is at Baltimore (0-3-1) Sunday afternoon.

This will be the sixth meeting of the Bears and Browns in the armed forces game, which in 12 years has netted more than a half million dollars for Army, Navy and Air Force relief agencies. The Browns hold a 3-2 edge although the Bears have won two of the last three, including 29-3 last year.

The Cards-Steelers game also is for charity, with proceeds going to a children's hospital in St. Louis.

The 49ers-Ram battle, always a West Coast highlight even on the exhibition level, also has a sidelight. The Rams will for the first time use videotape through closed circuit television to scout the game as play progresses. The tape will enable Rams' assistants to rerun plays almost simultaneouly with the live action and report defensive or offensive tips to head coach Sid Gillman.

Members of head coach George Wilson's staff were interviewed in Norman, Okla., last night by long distance telephone. When the phone rang, the assistant coaches were in a hotel room looking at films of the Philadelphia Eagles.

The boss was out at a press gathering.

"George had to attend," said one of the coaches, "but the rest of us decided we could get home work done in preparation for the Eagles' game."

The Lions, now 2-2 in pre-season play meet the Eagles in Norman Saturday night. The defending champions are favored in this one.

Backfield coach Red Cochran gave this sum-up of the Lions:

"Our defensive unit has reached a good edge. Offensively, we're in good physical shape but we aren't working well together as a unit. Trouble is, we're been trying rookies, trying out some new wrinkles — and of course Dave Middleton hasn't been with us very much."

No matter what their fans think of them, the Lions are said to be no better than second or third in material in the western division. This was the case last year when the General opinion around the National Football League was that the Balimore Colts, San Francisco 49ers and Los Angeles Rams had more talented personnel.

It is known the Detroit coaches feel the Chicago Bears, the Colts and the 49ers have great personnel and a solid title chance in 1958.

Ward Another Upset Victim of Match Play

Michigan's Last Hope Dies as College Star Ousts Chuck, 7-5

(Special to The Pontiac Press)

SAN FRANCISCO — Veteran golfer Chuck Kocsis of Royal Oak was sent to the sidelines Thursday to remove the last Michigan player from the National Amateur Golf Championship.

A National Amateur finalist in 1956 when he bowed to Harvie Ward, Kocsis upset the upset kid yesterday and then got upset himself.

That was the picture today as Kocsis watched the semifinals from the sidelines.

★ ★ ★

Kocsis defeated Clyde Oskin of Bethlehem, Pa., 1 up, in the 5th round yesterday morning. Chuck had to overcome a two-hole deficit to win, although Oskin had a chance to even the match on the 18th green with a 15-foot putt. The ball died at the lip of the cup.

But Kocsis, highly favored, went down to defeat before youthful Tommy Aaron of Gainesville, Ga., a University of Florida golfing star, by an astonishing 7-5 count in the afternoon quarter-finals.

The 21-year-old Aaron played the front nine in 33 strokes and grabbed a 4 up lead at the turn. He never let up and finally closed out the match with a 12-foot birdie putt on the 13th hole.

"He was wonderful," said Kocsis, "there was nothing I could do."

★ ★ ★

Ward also was an upset victim yesterday, losing to collegian Ward Wettlaufer in the morning round, 3-2.

A rawhide-tough ex-champion, two surprised collegians and a virtual unknown today battled in the 36-hole semifinal round of the 58th annual tournament.

The bracketing assured a college player in the final for the first time since 1951 as Dick Foote, a junior at UCLA, met Aaron. Texan Billy Maxwell won it that year.

In the other semi, two 34-year-olds dueled — Charlie Coe of Oklahoma City who won the national title in 1949 and Roger McManus of Cincinnati who says he hopes he's a better salesman than a golfer.

This quarter, with a distinct southern flavor — McManus was born in South Carolina — survived from the original field of 200 who started over the Olympic Country Club's Lake course on Monday. For both Foote and Aaron, this is the first time in the U. S. Amateur.

Aaron ousted ex-titlist Dick Chapman and 1956 Kocsis in yesterday's two rounds. Chapman went out 3 and 2.

McManus dropped putts of 25 feet at the second hole, 10 on 13, 15 on 15 and 35 at 16 in eliminating Wettlaufer, who earlier had ousted two-time champion Ward.

Coe eliminated two collegians yesterday. He equalled par 70 for the hilly course to oust San Jose State's Dan Morgan, and then Deane Beman of the University of Maryland, each 1 up. Beman beat 55-year-old Johnny Dawson 3 and 1 in the morning.

Foote eliminated Don Bisplinghoff of Winter Park, Fla., 2 and 1, and then downed Taylor, last year's runner-up, 4 and 3. He canned successive putts of 40 feet on the 7th and 8th and 20 each on the 9th and 10th for birdies that clinched the match.

BIG UPSET — Former National Amateur Champion Harvie Ward (right) congratulates 22-year-old Ward Wettlaufer after the Hamilton College senior eliminated him out of the championship 3 and 2 in San Francisco yesterday. Harvie won the titles in 1955 and 1956.

'M'-MSU Clash Okayed

See Pay-TV for Big Game

EAST LANSING (AP) —If you can't get tickets to the big football game of the fall — the Michigan-Michigan State game — then maybe you can watch it on a local closed television network.

Asa Bushnell, chairman of the NCAA TV committee, has approved such commercial viewing of the game.

This means that fans in Kalamazoo, Jackson, Bay City, Flint, Lansing, Saginaw and other outstate cities could see the game on pay-TV.

★ ★ ★

The national TV commitee decided that since the game was a sellout anyway there would be no point depriving Michigan people of watching it.

MSU spokesman said that detailed plans for piping the game into selected cities, places to watch it and prices would be announced later.

Orioles and Pontiac's Oertel Invade Detroit

Chuck Oertel, the first Pontiac resident to make the Majors in several years, will be at Briggs Stadium with the Baltimore Orioles for a two-game series against the Tigers tonight and Saturday afternoon. The outfielder has been used mostly as a pinch-hitter since being purchased from Louisville Aug. 31. He was second in batting in the American Association at the time of the promotion.

Suspended Drivers Face New Charges

NEW YORK (AP)—Two harness horse drivers who have been suspended indefinitely for allegedly conspiring to fix a race at Monticello Raceway today faced further action against them by the Sullivan County District Attorney.

★ ★ ★

Charles Wingate and Harry Burright were suspended indefinitely yesterday by New York State Harness Racing Commissioner George P. Monaghan. The commissioner charged Wingate and Burright with fixing the second race at the newly constructed Monticello track Sept. 5.

Wingate allegedly took his horse to the outside and permitted Burright, driving Rip Man, to go through on the rail and win. Rip Man paid $10.50 for $2.

Fernandez 'Rubs It In' as Phils Edge Dodgers

By The Associated Press

No one ever has accused Eddie Sawyer of being buddy-buddy with his guys, but he's a great man for psychology as a retread manager with the Philadelphia Phillies.

★ ★ ★

Just a few days ago he took a swipe at Chico Fernandez, the chipper, proud shortstop peddled to the Phils by the Dodgers last year. "He hasn't shown me a thing," said Sawyer, the pennant skipper of 1950 who returned as Phils' manager July 22.

If Chico hasn't shown Sawyer anything since then, Sawyer just hasn't been looking.

★ ★ ★

Sunday, the day after Sawyer's dig, the Phils lost a doubleheader to Cincinnati, but Chico was 5-for-8 and drove in a run. Tuesday he doubled home the Phils' first run when they beat Los Angeles 4-3 and ended their losing string at seven. Wednesday, Fernandez was hitless, but the Phils beat Los Angeles 8-6.

Last night, Chico really beat the rap. He tied the game with a two-run single, then stole second and counted the winning run on Dave Philley's pinch single for a three-run eighth inning that beat the Dodgers 4-3.

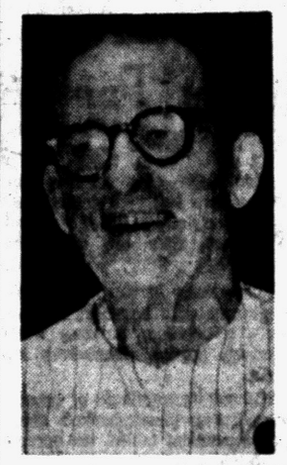

★ ★ ★

It was the only game scheduled in the National League.

Fernandez, who never will let the Dodgers forget they didn't want him, singled for the Phils' first hit in the third inning off Johnny Podres. His eighth-inning hit knocked Podres out of the game and hung a 13-13 record on the southpaw, who has won but one of 10 decisions on the road.

★ ★ ★

Dick Farrell (8-9) won it with two innings of perfect relief after Bob Conley, making his major league debut, was lifted for a pinch-hitter in the seventh. Conley gave up six hits, but didn't walk a man.

ILL — Ed Walsh, 77, member of baseball's hall of fame was placed in an oxygen tent yesterday and was failing rapidly today in a Fort Lauderdale, Fla., hospital. He pitched for the White Sox from 1904 to 1916 and finished his career with the Boston Braves.

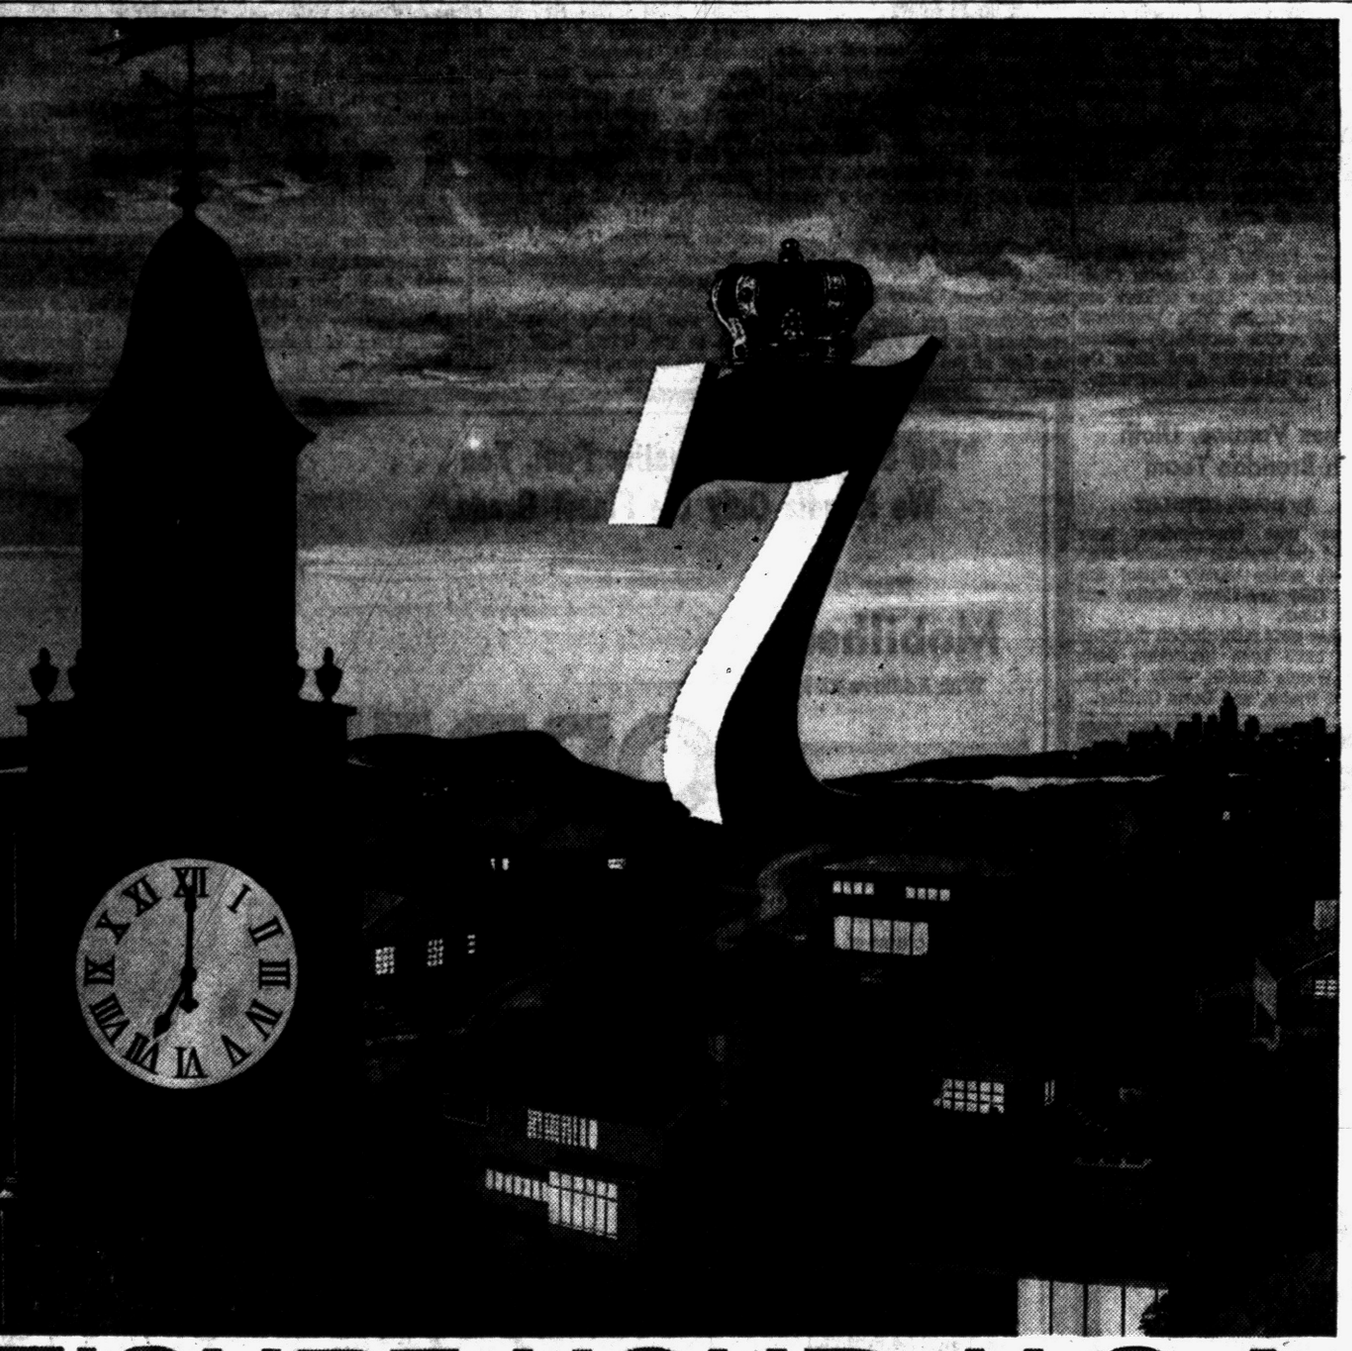

Weightlifters in Stockholm

STOCKHOLM (AP) — The American weightlifting team for the 1958 world championships has been training hard since its arrival in Stockholm last Monday. Friday their toughest competitors, the Russians, are due.

★ ★ ★

Among Swedish experts the Americans count as favorites. Tommy Kono and Isaac Berger are in top shape and the new heavyweight, Dave Ashman, has convinced the Swedes that he will be a world record holder. Berger is a featherweight from Brooklyn, Kono is a lightheavy from Sacramento, Calif.

The odds now are that the American team will take four titles while the Russians get hold of three.

Day's end...a Nation relaxes and enjoys its favorite–7 Crown

This is the hour that soothes a day of hasty words, hurried steps, urgent afterthoughts. It is the time for the sociable drink or two that so *sensibly* introduces the evening's earned and longed-for leisure. It is a calm and special hour, and across a vast and dusk-lit land 7 Crown is its universal spirit.

'Hutch' May Surprise Cards

MILWAUKEE (AP)—If bosses of the St. Louis Cardinals don't hurry up and publicly fire Fred Hutchinson as manager, he might beat them to the punch.

Top officials of the club insist they won't make a final decision on Hutch until the season ends, despite reports he already is out as the 1959 manager.

★ ★ ★

But Hutchinson disclosed yesterday, upon the club's arrival here, that he already has received four "solid offers for jobs;" is not giving definite answers on them for the time being "but I probably will in about 10 days."

That will be one week before the regular season ends and the time set by the Cardinal brass for a definite decision.

If Hutchinson should announce acceptance of another baseball job around Sept. 21, the Cardinals might not be ready to announce his successor.

Alvin Dark, the veteran 35-year-old infielder traded by the Cardinals to the Chicago Cubs earlier this season, is believed to have the inside track for the job if the Cardinals are willing to pay the price in baseball talent that it will take to get him back.

The only way the Cardinals could acquire Dark before Sept. 29—the day after the season ends and eight days after Hutch indicated he will make his own decision—is on waivers.

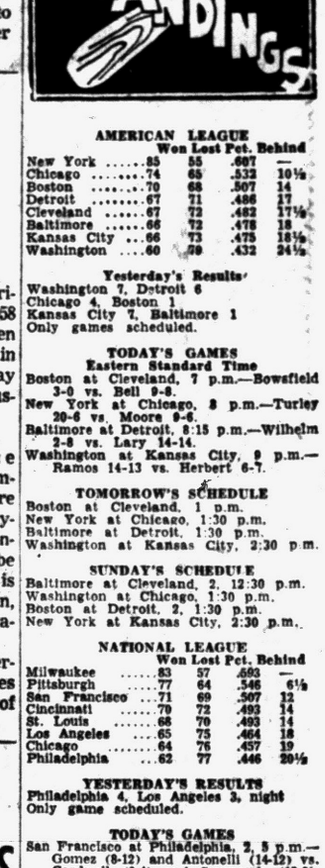

★ ★ ★

Cardinal officials, in their recent public statements, have indicated Hutch's future with the club might hinge on the club's performance during the remainder of the season.

The Cardinals have been doing pretty well, winning seven of their last ten games, but it's unlikely a breach between the manager and brewery owner August A. Busch, the club president, can be healed.

N. C. State Has Two Open Dates, Hopes to Fill 1

RALEIGH, N.C. (AP) — "Have football team. Will travel."

This was the advertisement put out today by Earle Edwards, coach of North Carolina State's Atlantic Coast Conference champions.

An unexpected shuffling of State's football schedule plus the cancellation by a prospective foe has left the Wolfpack with two open dates on its 1959 schedule, Edwards said. Edwards wants only one. The dates are Sept. 26 and Oct. 31.

★ ★ ★

The 27-year-old three-time Canadian champion meets Dick Savitt of East Orange, N. J., semi-retired now but still one of the strongest amateur players in the world.

The Bedard-Savitt match and one between top-seeded Mal Anderson of Australia and veteran Budge Patty of Los Angeles and Paris will complete the field for Saturday's semifinals.

Billy Knight, the British Davis Cupper, and Luis Ayala of Chile made it yesterday, Knight with a 6-3, 6-3 victory over Gardnar Mulloy of Miami Beach, and Ayala 6-4, 6-1 over England's Mike Davies.

Buckeye Coach Chases Writers

COLUMBUS, Ohio (AP)—Coach Woody Hayes Thursday chased a group of touring sportswriters from Ohio State's football practice field, but later apologized for the action.

★ ★ ★ ★

Hayes met the group of 17 writers making a plane tour of Big Ten football training camps and explained he had barred them from the Buckeyes' morning practice because of his dissatisfaction over a defensive drill.

"I wanted to give some players a little hell and I didn't want to do it in front of outsiders," said Hayes. The Buckeyes are strongly favored to retain the Big Ten championship.

★ ★ ★

"I never give any of my boys a whipping through newspapers."

The writers, who had left Lafayette, Ind., home of Purdue, at an early hour to attend the OSU practice had watched the Buckeyes about 10 minutes before Hayes ordered them off the field.

Nats Win 13th From Tigers for Season's Edge

Baltimore Has Sights on First Division in Two-Game Series

DETROIT (UPI) — The Tigers have been forewarned. Paul Richards brings his Baltimore Orioles into Briggs Stadium tonight in a fight for fourth place and Richards will be pulling out all stops.

Called the "smartest manager" he ever played for in a national magazine article by George Kell, Richards is one of the few innovators left in the game.

He had three pitchers in his starting lineup at Kansas City yesterday working on the assumption that if the Birds could start a first inning rally he'd be able to juggle around some of his better hitters.

Billy O'Dell was in the regular pitching spot in the batting order.

Richards started a lineup that included Jack Harshman in centerfield and Milt Pappas at second base. Neither took the field but with two out and two on in the first and Harshman due at the plate, Richards inserted Gene Woodling.

It would have been a better ending if Woodling cracked out a hit but he flied out to end the inning and Kansas City went on to a 7-1 victory.

Thanks to the A's, the Bengals held onto fourth place going into the weekend after losing again yesterday to Washington, 7-6, when the Nats shoved over four unearned runs and then choked off a Detroit rally in the ninth.

★ ★ ★

Richards can be expected to do anything from here on out. Since joining the Orioles as combination manager-general manager in late 1954, Richards has improved the club every year reaching fifth place last season, one game behind Detroit.

The Tigers can fall to seventh over the weekend. They're only one-and-a-half games ahead of Kansas City.

Frank Lary (14-14) gets the nod to open the two-game Oriole series tonight against Hoyt Wilhelm (2-8).

Although raked for 14 hits, the trio of Tiger pitchers — Herb Moford, Al Cicotte and George Susce — deserved a better fate yesterday. Detroit committed three errors and all figured in the Washington scoring.

★ ★ ★

Washington held a 2-0 lead in the third but the Tigers tied it and the Nats came back with two unearned runs in the fourth. They never trailed from that point with Eddie Yost's ninth inning double and Roy Sievers' sacrifice fly scoring the eventual winning run.

Rookie John Romonsky held Detroit in check from the third to the ninth, allowing only one hit in that span and retiring 17 men in succession at one point. He weakened in the ninth when Detroit scored three times and Tex Clevenger finished up.

New Tests Delay State Year-Round Bass Season

LANSING (AP)—New experiments hold up the happy prospect of a year-round bass season with no size limits for Michigan fishermen.

★ ★ ★

Fred A. Westerman, chief of the state conservation department's fish division, said five-year tests on several Lower Peninsula lakes indicate bass fishing regulations could be liberalized without damaging populations or reducing average size.

On Bear Lake, Manistee County; Pontiac Lake, Oakland County, and Whitmore Lake, Washtenaw and Livingston counties, special spring seasons didn't cut down on the summer and fall catch of previous years, he said.

With no size limits set on Duck Lake, Calhoun County, and Fine Lake, Barry County, there was only a slight decline in bass more than 10 inches long, Westerman said.

★ ★ ★

The season on largemouth and smallmouth bass this year is June 21-Sept. 14 in trout waters and June 21-Dec. 31 in all other waters. Minimum size is 10 inches.

Decision for Fullmer

SALT LAKE CITY (AP) — Former middleweight champ Gene Fullmer last night applied the pressure for another title shot with a 10-round unanimous decision over sharpshooter Spider Webb.

Fullmer weighed 159¾ for the full-distance brawl with 159¼-pound Webb of Chicago.

THURSDAY'S STARS

'M' Gridders Sharper; Drills Slow Up at MSU

ANN ARBOR (AP)—It doesn't take much to change a football coach's outlook on life. Look what a few well aimed blocks did to Michigan's Benny Oosterbaan.

"For the first time I was encouraged," Oosterbaan said after dispatching his squad through a long, hard scrimmage yesterday.

"I had been depressed until now. Then the passing attack started going, we moved the ball better, the blocks were good. Even though we have been moving the ball okay we always had missed one or two blocks.

"Now I think our progress is good."

★ ★ ★

The Wolverines appeared sharper in yesterday's drill than at any stage since practice began. Right halfback Ralph Myers was a star on the ground. Quarterback Stan Noskin, handling the second unit, featured the drill with several pinpoint passes for long gains.

Noskin, who was delayed several days by a summer school course had been disappointing until yesterday.

Michiggan's injury situation improved.

Fullback John Herrnstein ran at full speed, but his nose and cheek fractures kept him out of the contact work. Sophomore John Walker, his hip better, scrimmaged in Herrnstein's place. Herrnstein will forego the rough stuff until next week.

EAST LANSING (AP) — Today is the last time this fall Michigan State football players will have to hit each other twice daily.

As practice prior to the first game neared the mid-way mark, coach Duffy Daughtery announced the squad would go to afternoon-only drills starting Monday.

The morning sessions will be devoted to blackboard and skull work.

Daugherty also planned only an afternoon workout for Saturday—but this will be the toughest yet this fall. He planned to send the first and third teams against the second and fourth in a full dress, game-type scrimmage.

★ ★ ★

It will be the stiffest test the players will get prior to the opener here Sept. 27 against California.

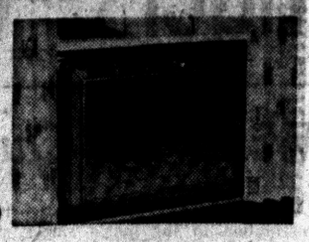

An official weigh-in session yesterday, meanwhile, showed that the starting backfield almost could be classed as "pony backs."

★ ★ ★

Quarterback Mike Panitch weighed 169 pounds. Halfbacks Dean Look and Art Johnson weighed in at 175 and 178 respectively. Don Arend and Bob Bercich, competing for the fullback starting assignment, weighed 199 and 183 pounds respectively.

Two Michigan Games on Tap Saturday

Early Games on College Grid Scene

By The Associated Press

With the first full Saturday of college football still two weeks away and a partial slate due next weekend, there is a sneak preview in store tomorrow with a smattering of opening games and some robust full dress scrimmages.

★ ★ ★

Kentucky is the only national power to open, with an inter-ocean clash against the University of Hawaii at Louisville. Wildcats' Coach Blanton Collier said the game was scheduled mainly so his sophomore-laden team could get experience before wading into a tough Southeastern Conference schedule.

Drake takes on South Dakota State in a non-Missouri Valley Conference tilt in the other major Saturday game. Two stronger lesser lights find Florida State meeting Tennessee Tech and Bradley facing Iowa Teachers.

Sunday, Zavier of Cincinnati meets St. Joseph's of Indiana to round out the weekend's activity. A host of small college games is on tap for Saturday, while La Crosse, Wis., defeated MacAlester 26-7 in an opener Thursday night.

★ ★ ★

A pair of night games will kick off the 1958 Michigan college football season Saturday.

Central Michigan, a traditional early-starter, goes to Northern Michigan for one of the games while Mankoto State of Minnesota visits Michigan Tech.

The Northern Michigan wildcats, stepping up their football program under coach Frosty Ferzacca, will be facing a team they never have beaten in 18 previous engagements. The best Northern Michigan ever did against the Chippewas was a 6-6 deadlock in 1929.

★ ★ ★

In 13 games against Central, the Wildcats have failed to register a point.

★ ★ ★

And only once in 18 meetings has Northern scored more than a single touchdown against Central Michigan. That was in 1948, but Central won that time 46-14.

Central Michigan is aiming for a big comeback after a disappointing 4-6 record in 1957. An upset 14-7 defeat by Bradley in the season's opener started Bill Kelly toward his first losing season since he took over as the Chips' head coach in 1951.

Northern Michigan will throw up a heavy but relatively inexperienced line against one of the nation's fastest backfields.

★ ★ ★

Three of the starters in Central's backfield have been timed at less than 10 seconds on the 100-yard dash. Walter Beach has a 9.7 mark while 160-pound right halfback Jerry O'Neil of Marysville and fullback Johnny Palmer, a 180-pounder from St. Louis, have run the distance in 9.8.

Tigers Sell Fischer to Nats on Waivers

DETROIT (AP) — Relief pitcher Bill Fischer, one of the Detroit Tigers' 1958 ecquisitions, has gone to the Washington Senators.

★ ★ ★

Fischer had a 2-4 record with Detroit and had hurled only one inning since Aug. 15. He was obtained from Chicago along with Tito Francona in the deal that sent Ray Boone and Bob Shaw to the White Sox.

The Senators got him yesterday for the $20,000 waiver price.

Amick Top Man in Race Points

INDIANAPOLIS (AP) — George Amick, the jockey size auto race driver from Venice, Calif., lost the Indianapolis 500-mile race to Jimmy Bryan last May, but he will carry the lead in USAC big car standings into tomorrow's Hoosier Hundred.

★ ★ ★

Bryan, the Phoenix cowboy, passed up the dirt track events on the circuit after winning the $105,000 top money in the $305,000 Indianapolis Motor Speedway Classic.

Thirty-four entrants include Jud Larson of Tampa, Fla., who set a race record of 91.751 miles an hour and a qualifying record of 98.522 last year.

★ ★ ★

Other contenders will include Johnny Thomson of Boyertown, Pa.; Rodger Ward of Los Angeles; and Eddie Sachs of Center Valley, Pa.

Bosox Lose but 'Thumper' Is Back on Top

Hose Sweep Set, Face Yanks

By The Associated Press

Well, well, look who's tied for lead. A guy named Williams from Boston.

It's been a long haul for Thumpin' Ted. All that fuss over his ankle in the spring, and missing opening day because of food poisoning. He didn't get over .300 until July 1. Then he had another spit spat with a booing crowd.

★ ★ ★

And that atrocious day a few weeks back, when the Red Sox beat Cleveland 8-6 with 15 hits, but Williams didn't have any. He left six men on base in that one.

★ ★ ★

Then he spent his 40th birthday fighting a virus. The sickness kept him out of action from August 24 to last Tuesday, when the big guy was fifth in the batting race at .315.

Williams has gone 5-for-11 since, tying teammate Pete Runnels for the lead at .320 yesterday with a 2-for-4 day although the Red Sox lost 4-1 at Chicago. Right behind is Bob Cerv of Kansas City at .319, with Cleveland's Vic Power fourth at .315.

Williams, shooting for his sixth title (a far cry from his winning .388 of last season), drove in the lone Boston run yesterday as the White Sox swept the three-game set and took a 3½-game lead over the Red Sox for second place.

The New York Yankees, who could clinch the pennant Sunday, were idle. They open a two-game set at Chicago tonight with a 10½-game lead and their magic number at five.

Washington took a season series from Detroit for the first time since 1954 by beating the Tigers 7-6, and Kansas City belted Baltimore 7 to 1 in the only other AL games scheduled.

★ ★ ★

Dick Donovan (13-13) gave up seven hits for the White Sox. But he needed Turk Lown's mop up after giving up his only two walks, one to Runnels, who was 1-for-3, and Williams' single in the eighth inning. The White Sox counted their four in the fifth. Two-out, two-run singles by Jim Landis and Nellie Fox did it against Ike Delock (12-7), who has lost seven of nine decisions since Chicago ended his two-year winning string at 13 on July 26.

★ ★ ★

Ned Garver, who had lost eight in a row to the Orioles before he shut them out May 25, knocked off the Birds for the fourth time in six decisions this season with a four-hitter. They scored on two singles and a fly ball in the third inning, but Garver (12-10), a Comeback of the Year possibility, gave up only one more hit, none after the fifth. Preston Ward's sacrifice fly gave the A's a 2-1 lead in the fifth against Billy O'Dell (14-11). Cerv's lone hit was his 33rd home run, a two-on shot that capped a five-run eighth.

Orioles' Manager Paul Richards had two other pitchers in the starting lineup—Jack Harshman in center and Milt Pappas at second—hoping to get a quick pinch-hitter. Harshman, batting fifth, was lifted for Gene Woodling, who flied out to end the top of the first inning, and Richards then put his regular men into the field.

Heavy Competition Seen for Outdoorama Events

Good weather for the two-day 3rd annual Outdoorama at Multi-Lakes Conservation Assn., at Reed's Lake near Commerce will attract some heavy competition for the many sportsmen's contests on a jam-packed program. That's the word from Outdoorama committeemen, who anticipate a visiting crowd of 5,000 to 10,000 Saturday and Sunday.

The events get under way at 8 a.m., run all day, both days. All persons interested in the outdoors are invited, and there is no admission charge.

Rifle, archery, shotgun, bait and fly-casting, horseshoes, and the big medalist tourney are offered, among many other tests of skill and all-around ability in sports events. Medalist tourney will determine the state's outdoors champions for men, women and juniors.

State casting title is at stake in another event for bait and fly casters. Dry and wet fly-casting is set for both days. Skish bait test is slated for 5 p.m. Saturday and skish fly at the same hour, Sunday.

A novice field dog trial, both days starts at 7 a.m. Greater Detroit Bird Dog Assn., and the Michigan Sportsmen's Assn. will conduct the trials. This is one of numerous special features that bring such experts as world casting champion Ben Hardesty, Slingshot Johnny Milligan, world junior skeet champion Eddie Brown and many others to Multi-Lakes.

Cincinnati Legion Leads Annual World Series

COLORADO SPRINGS, Colo., (AP) — Defending champion Cincinnati cashed in on eight Greenwood errors and defeated the South Carolina team 6-5 last night to become the only unbeaten team in the American Legion junior baseball world series.

Everett, Mass., clubbed Billings, Mont., 7-0 and ousted them from the double elimination tournament.

Lt. Nye Paces State Shooters

Fires 100x100 to Top Slow Fire Test; Detroit Police Team Is Winner

JACKSON — The Detroit Police Department's number one five-man team won the Class A Governor's Trophy yesterday at the 21st annual Michigan Police Shoot at the Jackson Police Range.

The Michigan State Police number two team was second and the Lansing Police number one team placed third.

Pontiac's Lt. Harry Nye was first in slow fire, with a straight 100, that included five X's. He had 278 with the Pontiac Class A team, whose other members were (in top 10); Floyd Blackman (282), Bob Verhine and Ted Villella (280 each) and James Lafnear (254).

In Class B competition, the four-man team of the Lincoln Park Police team took first place with Oak Park and Jackson teams second and third respectively.

Holland's three-man police team captured the Class C award, followed by Allen Park and Livonia teams.

In Class D, the two-man Grand Haven number one team took first place. East Lansing's number two team placed second with the Ecorse Township number one team third.

A total of 120 teams and 407 individual shooters, representing 64 Michigan state and local police and sheriff's departments, took part in the competition.

Minor Leagues Seek to Curb Huge Bonuses

Meetings to Be Held Next Week to Discuss Realignments

COLUMBUS, Ohio (AP) — Minor league baseball will try next week to curb the huge bonuses being paid rookie talent.

George M. Trautman, president of the National Assn. of Professional Baseball Leagues, said 13 of the country's 24 minor league presidents had accepted invitations to meet here Tuesday and Wednesday.

Also on hand will be the farm directors of the 16 major league clubs.

"This will be a 'State of Baseball' meeting," Trautman said, "and we'll discuss a lot of things.

★ ★ ★

Among them will be various bits of legislation to be submitted at the winter baseball meetings, and possible realignments to put some of our leagues on a firmer footing.

★ ★ ★

"One thing certain to get attention is legislation to put some kind of curb on bonuses for young players. It looks as if we'll have so many things to talk about that a Tuesday night session will be necessary, in addition to the Tuesday and Wednesday daytime meetings."

Shields Expected to Sail Columbia in Cup Defense

NEWPORT, R. I. (AP)—Corny Shields apparently is "on again" as skipper of Columbia, the yacht picked to defend the America's Cup against England's Sceptre.

★ ★ ★

Shields, a 63-year-old cardiac case, is credited with pulling the Columbia crew together for the final trials.

He was missing from the boat in the 12-second victory over Vim yesterday that convinced the selection committee it was time to name Columbia.

★ ★ ★

But today the head of the Columbia syndicate made it clear that Corny will sail the yacht in the Cup defense.

Giants Get Huge Tackle Grier Back

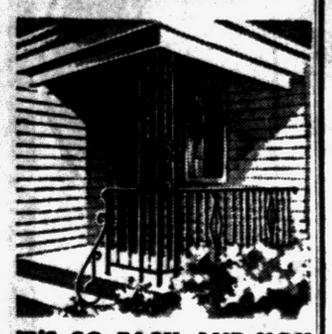

BEAR MOUNTAIN, N.Y. (AP) — The defensive line of the New York Giants got a big boost Thursday with the return of 279-pound Roosevelt Grier, veteran tackle who missed the 1957 football season because of Army service.

Simultaneously Coach Jim Lee Howell announced that Gene Filipski, former Army and Villanova halfback, had been released on waivers and that he was thinking of using halfback Frank Gifford at quarterback as an alternate with Charley Conerly and Don Heinrich.

Pistons Set Exhibition

DETROIT (AP) — The Civic Center in Lansing will be the site of a National Basketball Assn. exhibition game Oct. 13 between the Detroit Pistons and the Minneapolis Lakers.

A HALFBACK AGAIN — Senior Frank Fink of Walled Lake is returning to his old halfback spot this fall after a fling at quarterback last season. Fink is one of the reasons why Walled Lake will be a contender for the 1958 Inter-Lakes Conference football crown. A ball carrying star as a sophomore when the Vikings won the I-L title and had an unbeaten, untied season, the speedy Fink is on the comeback trail this year following a so-so performance in 1957.

This Weekend at Lansing

DDGA, MPGA in 14th Duel

Sixteen-man teams representing the Detroit District Golf Association and the Michigan Publinx Golf Association will hold their annual challenge match this weekend at the Country Club of Lansing.

★ ★ ★

Top amateur stars from both organizations — the lowest handicap players available — conduct both team and man-to-man combat over a 36-hole route on Saturday and Sunday in the 15th renewal of their series.

The DDGA holds an 8-5 edge over the MPGA in the rivalry which dates back to 1938. The District golfers won by a single point last year, 36½-35½, at Edgewood.

This year's tournament will be conducted differently. Tomorrow, two-man teams wage alternate shot competition in Walker Cup style, playing in Scotch foursomes for 18 holes.

Sunday's action, also 18 holes, will be head-to-head warfare, the same as past tournaments. Three team points are at stake in every match.

★ ★ ★

The DDGA-MPGA rivalry has always been marked by close competition with never more than six points separating the two teams. The last Publinx victory was scored in 1956 at Barton Hills.

Team personnel follows:

DISTRICT SQUAD

Glenn Johnson, Grosse Ile; Jim Funston, Plum Hollow; Dr. Robert Corley, Jackson; Vic Culas, Jackson; Lou Wendrow, Lansing; Arnold Duffield, Lansing; Dave MacHarg, Oakland Hills; Roy Nelson, Dearborn; Larry Bianco, Dearborn; Bruce Studebaker, Dearborn; Art Olfs Jr., Lansing; Ralph Ellstrom, Dearborn; Bob Reynolds, Washtenaw; Roy Burgin, Grosse Ile; Tony Skover, Meadowbrook; Nick Weslock, Essex.

PUBLINX SQUAD

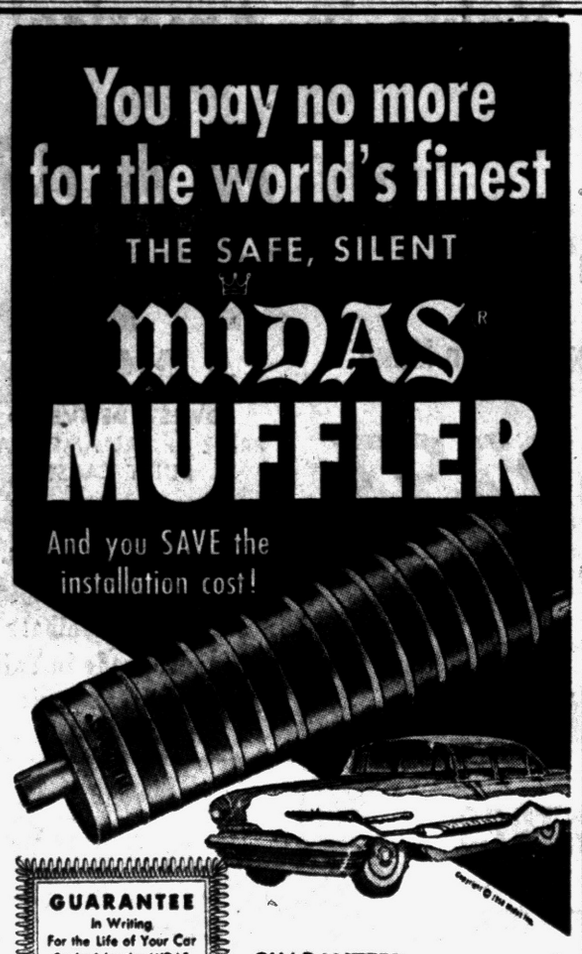

Mike Andonian, Ty Caplin, John Kurach, Jay Law, Wally Smith, Doug Wilson, Roy Iceberg, Don Nelson, Sal Pomante, Tom Stevens, Tex Ellison, Ray Cane, Ronnie Nicoll, John Lock, Cecil Priest, Claude Dwight. Alternates—Bill Schwope, Jim Briegel, Ken Parkins, Jim McLaughlin.

Farmington, WL, Waterford Seek Jays' Title

Southfield I-L Grid Pick

(This is the fourth of a series of area prep league football roundups. Tomorrow the Saginaw Valley.)

By BILL CORNWELL

A championship fight among three and maybe four schools is a distinct possibility this fall in the Inter-Lakes Conference football race with good balance as the overall picture.

Defending champion Southfield, 1956 winner Walled Lake and Farmington, last year's runner-up, look like the class of the league with Waterford cast in a "dark horse" role.

Definite improvement can be expected from Berkley and Van Dyke, although their returning gridiron talent is thinner than the rest, as the up-and-coming Inter-Lakes enters its second year as a Class A circuit.

★ ★ ★

Despite the pessimistic moans and groans of Southfield coach Monte Charles, his Bluejays are the team to beat in the 1958 campaign.

Monte has his problems, particularly in the line, and the physical well-being of halfback Tom Ridley is still a question mark. Ridley, whose ball carrying paced the Jays to their first I-L grid title in 1957, injured his leg on the basketball court last season.

Surgery was necessary and Ridley's recovery has been slow. If Ridley is healthy and Charles manages to patch up his forward wall, Southfield could easily enjoy its second undefeated season in a row.

★ ★ ★

Guard Jim McCann and center Todd Grant, graduated All-County stars, leave the biggest holes to fill up front. Bob Filar returns to his quarterbacking position and five seasoned linemen are on hand to help solve the Jay's problems.

Jack Hayes' Farmington 11 was the surprise of the loop a year ago, making a mighty bid for the crown before losing to Southfield in a showdown battle. The Falcons should be even better this year, especially if Hayes can find a few capable line replacements.

Three members of the '57 backfield—quarterback Al LeSage, halfback Tom Grimshaw and fullback Neil Stevenson—are ready to go again, along with All-County end Frank Clappison and guard Jack Lawing. Farmington's big problem is the middle of the line.

★ ★ ★

There are several indications that Walled Lake will be a rough customer. The return of Frank Fink to a halfback spot is one king-sized reason in itself. The return of the rest of the backfield unit is another.

Quarterback Bill Havel, fullback Mike Wurst and the halfback combination of Jim Pierce and Fink will be one of the league's best backfield units.

Fink was great as a sophomore halfback when the Vikings rolled to an unbeaten season, but his efficiency suffered last year during a fling at quarterback. Coach Dave Smith is now certain that halfback is the place for Fink.

★ ★ ★

Ross Whitcomb, Steve Galland and Ken Hynes will provide experience in the line. Walled Lake will field largely a veteran starting team, but more depth is needed.

Waterford was a huge disappointment last fall. Picked by many observers to win the loop title, the Skippers flopped miserably and finished in a tie with Van Dyke for last place.

Nobody is predicting sensational things for the Skippers this time, which is OK as far as coach Dave Freeman is concerned. Waterford will definitely field a team, however, and might become a deluxe troublemaker before the season is ended.

★ ★ ★

Freeman is looking for help in the forward wall where only tackle Barry Campbell can boast much experience. End Tony Hiller and guard Duane Hooper are both letter winners who will help, but Freeman needs aid from his sophomores to erect a solid line.

The Skippers will be fairly deep in the backfield, headed by veteran quarterback Wendy Meyer, halfback Mike Ewer and fullback Dick Finkbeiner. Bill Bryce, a junior, is pushing Meyer for the signal-calling job.

Berkley, also disappointing a year ago, has a new head coach named Bob Finley and seven returning lettermen. Berkley's most tested performers coming back for duty are quarterback Dave Chamberlain, halfback Dick Pierle, guard Jim Licholat and end Steve Besevich. Finley will bank heavily on half a dozen promising sophomores.

Halfback Tom Marshall and end George Hatch are among seven lettermen who reported to Chuck Saxton at Van Dyke. Once again, sophomores are in demand.

Here is how the teams are expected to finish in 1958:
1. Southfield
2. Farmington
3. Walled Lake
4. Waterford
5. Berkley
6. Van Dyke

Rookie Jacobs Denver Leader

Fires 65 to Start Play at $20,000 Event; Two Newcomers 2nd

DENVER (AP) — Young Tommy Jacobs, a skinny freshman on the professional golf circuit, ignored the big pack of favorites and 90-degree heat yesterday to post an early lead in the $20,000 Denver Open Centennial golf tournament.

★ ★ ★

The 23-year-old rookie from Whittier, Calif., carded six birdies for a five-under par 32-33—65 over 6,642-yard Wellshire Municipal Course.

★ ★ ★

Trailing him by a stroke were two other comparative newcomers, John McMullin, 23, of Fair Oaks, Calif., and Bill Parker, 28, of Wewoka, Okla. Then followed the tourney veterans within easy striking distance.

★ ★ ★

Twenty-one swingers in the big field of more than 100 broke par during the opening round of the 72-hole tourney, which is worth $2,800 to the winner. The meet winds up Sunday.

The leaders:	
Tommy Jacobs	32-33—65
John McMullin	32-34—66
Bill Parker	34-32—66
Arnold Palmer	32-35—67

Souchak Fined $100 by PGA

DENVER (AP) — The Professional Golfers Assn. said Thursday that Mike Souchak of Grossinger, N.Y., has been fined $100 for failing to appear for the Denver Open Centennial Golf Tournament.

The PGA said Souchak agreed to play in the 72-hole tournament opening Thursday at the Wellshire Course. No reason was given for Souchak's failure to appear.

Long Island Boat Pacing Point Race

OXFORD, Md. (AP) — Skip Etchells led a 48-boat fleet by eight points today as they sailed into the fourth race of the North American Star Championships.

★ ★ ★

Etchells, representing the Central Long Island Fleet, N. Y., finished first aboard Shaughnessy in both of yesterday's races to move into first place in the standings in the five-race test of sailing skill.

Combined with his fifth-place finish in Monday's opener, this gave him 137 points, compared with 129 for his closest rival, Cal Hadden of New Orleans. Hadden, piloting En Garde II, added third and ninth place finishes yesterday to his third on opening day.

The final race is scheduled for tomorrow.

Don't Reseed Lawn in Fall

By WAYNE B. SIEFERT
County Horticultural Agent

After seeing all the brown areas in a lawn, it makes a guy a little discouraged. Just what can one do to a lawn like this, and still be able to afford it?

First of all, he can be sure he hasn't been discouraging it. Has he been cuting it tall? If the mower is set at two inches he's fine.

How about watering? If he has been squirting it down every night to freshen it up a little, he has been killing it with kindness. This light watering moistens the soil just enough to start new growth, but not enough to keep it going. Either don't water and let the grass go dormant or put enough water on to keep it actively growing. How much water is this? Until the soil is soaked six inches deep.

It's kind of hard to let a lawn just go brown because of lack of water, but here is what happens. Some of the weak grass plants die. But the vigorous plants become dormant roots. All the leaves die, but the clumps are alive. When cooler weather, rains, and fertilizer revive these clumps in the fall new leaves develop and the plant is back in business.

ABOUT DEAD GRASS

What about all the dead grass leaves when the new growth appears in the fall? Many try one close cut to remove most of the dead stuff, then cutting taller so the new growth is above the old stubble.

Is fall a good time to reseed? I believe reseeding is a waste of time and money. There are exceptions to this. If a rye grass lawn is thinning out, reseed, not with rye grass, but with bluegrass or fescue. If a new seeding has bare spots, then reseed with the same kind of seed.

★ ★ ★

If fungus diseases have killed out patches of grass, try reseeding. In some cases, it doesn't work, because the fungus kills the seed too.

If re-seeding isn't the answer, what is? Many lawns are thin and full of weeds because there isn't enough fertility to maintain a bigger or second grass plant. Put a fall application of 10-6-4 or 10-3-7 fertilizer on to encourage spread of the grass we already have.

★ ★ ★

All three common lawn grasses, blue grass, bent grass and fescue will spread rapidly in the fall if well fertilized. And this thickened turf will make it plenty rough on weeds next spring!

Build Garden Bench for Several Uses

Any hammer-and-saw man can build a garden bench for added outdoor convenience.

Plan your units so they have more than one use. Extra wide benches may serve for sun bathing. Small benches may serve as coffee tables. Wide arms can eliminate the need for side tables.

Locate permanent seats where there is shade at least part of the day. Late afternoon shade is usually desirable. If there's a choice, place permanent benches so those seated don't face the afternoon sun.

Redwood and cypress are the most durable woods, but chemical preservatives and new outdoor finishes make any wood a possibility today. Iron, aluminum, and masonry have excellent qualities, particularly when combined with wood.

Condition Your Hay

Conditioned hay to speed drying time is gaining more and more acceptance among farmers. A new smooth-roll hay mower-crusher that lets farmers mow and condition hay at once has been developed. Crushed hay is more pliable and palatable to stock and since it can be put up sooner, it also has more nutrients.

It is estimated that West Virginia has coal resources sufficient to last 400 years at the present rate of production.

ADDS TO HEIGHT — Professor Peter B. Kaufman of the University of Michigan botany department demonstrates how he adds height to rice plants. He applied giberellic acid to the stem. The results are shown in the plant on the left. The process does not diminish the quality of yield.

Halt Home-Grown Jungle, Decorate Abode Carefully

Too much of a good thing in your home decor can ruin the effect. That goes for plants as well as grandfather cocks.

A plant can be a useful joy, serving the home decoratively. But even a well kept plant can become an eyesore if grown without imagination or if not integrated properly into the home atmosphere.

The Japanese achieve charming effects with small plants, and the tiniest bit of flora becomes a conversation piece — an arrangement that is eye-catching or a simple plant that is beautiful enough to stand on its own.

Americans take plants for granted, and there is little effort to dress up a plant that might as well be artificial for all its lack of glamor. Straggly little vines, absurd snake plants or other greenery, identifiable only by the owner's knowledge of horticulture, are examples of bad taste.

PLANTS NEED PURPOSE

A plant should have a purpose in life. A collection of house plants should be a meaningful asset to a room. Why not give a sweet little plant the dignity of an interesting container, so it may become part of the household?

Why relegate it to ignominy flattering 10 other awful little species of plant life, grouped together in sickly style on a table or tray, living only for the satisfaction of the grower who revels in having made "something" grow. A child can keep an ordinary plant healthy by faithful attendance to the watering can.

★ ★ ★

Colorful plants such as the begonia offer a challenge to the living room gardener and flattery to the home.

Here are some pointers for making plants an asset to the household:

1. Philodendron, ivy or other small plants grown individually may be put in attractive containers such as a cache pot. A small clay pot may be imbedded into a soil-filled pewter, china or other important looking bowl. (Large sugar bowls whose tops have been broken are ideal for this.)

2. A strikingly beautiful plant may stand on its own, needing nothing more than a large clay or wooden pot that will enhance it by contrast.

3. An inexpensive ceramic container in an unusual shape may graciously offer respite to a few small plants. These should be arranged with an eye-catching pattern in mind.

FLORAL PORTRAIT

4. Small plants displayed on a tole tray or plant stand in a bay window or picture window can be extremely effective, looking like a floral portrait. A plant stand of six or eight plants of the same type—geraniums, begonias, African Violets—may be used to decorative advantage, complementing your color scheme.

5. Static effects in plants should be avoided. A philodendron growing up along bark stuck in a flower pot can be dull unless the plant is fully grown, with an abundance of lush leaves, and can be displayed in a place where its height will prove to be an advantage.

6. Most plants may be dressed up with the addition of others. Variegated ivy is charming with geraniums. There are many more that are compatible.

No New Ideas on Broadcast

Ike Offers No Formosa Solution

By JAMES MARLOW

WASHINGTON (AP) — President Eisenhower has offered no solution to the trouble around Formosa except to suggest negotiation with the Red Chinese and to warn them not to push their luck.

Neither idea is new. His broadcast last night seemed to have a double purpose: to explain to the public why this country might get involved in fighting and to emphasize to the Communists we'd fight if necessary.

★ ★ ★

One thing he did do: he hinted more strongly than ever before the United States would use armed force against the Red Chinese if they actually attempted to capture the Quemoy and Matsu islands. So far they've only been bombarding the islands from the mainland.

Only a week ago Secretary of State Dulles, with Eisenhower's approval, released a 90-word statement saying the President had not yet decided what we'd do if the Reds tried to take Quemoy and Matsu.

★ ★ ★

Those islands, close to the mainland, are held by the Nationalist troops of Chiang Kai-shek, an American ally, whose main forces are on Formosa, 100 miles from the coast.

But what Eisenhower left unanswered was this: what we'd try to negotiate with the Communists if we sat down to talk with them. He said this country would not appease the Reds by letting them capture Quemoy and Matsu.

But if in negotiation it was agreed the Reds could have the islands—if they'd just stop shooting—that in itself would be an act of appeasement. It would be yielding to their threat to use force if they didn't get the islands.

★ ★ ★

But Eisenhower seemed to rule that out unless Chiang Kai-shek agrees. He said: "Naturally, the United States will adhere to the position it first took in 1955, that we will not in these talks (with the Red Chinese) be a party to any arrangement which would prejudice the rights of our ally, the Republic of China."

That follows the same line laid down by Dulles earlier this week when, asked if the United States would negotiate the future of the islands, provided the Reds stopped using force, he said: "The United States is not in a position to negotiate the future of property which it does not own and which belongs to another and friendly government (Chiang's Nationalist government on Formosa)."

★ ★ ★

Since Chiang depends on the United States for his existence, it shouldn't be difficult for the United States, if it wanted to, to pressure him into yielding the offshore islands.

But if letting the Red Chinese have those islands—provided they stop shooting—is ruled out, what can this country possibly negotiate with the Communists? Perhaps nothing at all.

It's possible, if such negotiations broke down, that the problem would be dumped on the United Nations. There an effort might be made by U.N. members, who think Red China should have the islands, to work out something like this:

Neutralizing the islands, or letting the Reds have them, and then putting Formosa itself under a U.N. trusteeship instead of letting the Reds have that too.

Such a trusteeship would, of

★ ★ ★

course, mean the end of Chiang's regime. He'd have to go to some friendly asylum elsewhere. But this is all pretty iffy. Both Chiang and the Red Chinese might reject any such proposal.

But if the solution doesn't lie somewhere in these ideas, then any solution at all seems remote and the world can just hope the present shooting stops short of war.

Giraffe May Get Stiff Neck From Trek Across U.S.

NEW YORK (AP) — Socrates, the largest giraffe ever shipped into the United States, may have to learn to duck to save his elegant neck.

★ ★ ★

Socrates survived the 8,500-mile voyage from Kenya, in east Africa, without even a tinge of seasickness, arriving here with 14 other giraffes and a menagerie of assorted wild life yesterday.

★ ★ ★

Now Socrates, who stands 17 feet 5 inches tall, is preparing to ride cross-country to Colorado Springs on a large flatbed truck trailer. Socrates' natural enemy in this country may be overpasses.

South Korea's Bad Flood Ups Electric Power

SEOUL, Korea (UPI)—South Korea's worst flood in 25 years, which killed 48 persons and left 12,500 others homeless, made possible a record high hydroelectric power generation during the past weekend.

Swollen water levels at six hydroelectric power plants made it possible to turn out 132,160 kilowatts, raising the total daily power generation in Korea to more than 223,800 kilowatts, the commerce and industry ministry reported.

He Won't Rest on Past Laurels

Takes Dance Lessons, Brushes Up on Jazz at Keyboard

By DICK KLEINER

NEW YORK (NEA)—Jack Barry is branching out. The co-creator and emcee of the current top quiz show, Twenty-One, isn't satisfied to rest on his gold-inlaid laurels. He's turning himself into a comedian.

"This isn't the end of my dreams," se said. "Sure, I love being a top MC on a top show, but a man has to keep moving, doesn't he?"

★ ★ ★

Barry tried to light his pipe—a new acquisition—and exhausted a few matches in the futile cause.

"The idea is to branch out, develop," he said. "Who knows how long this will last? I think it can go on at least another year—maybe longer. Twenty-One is more than a quiz show, it seems to have a psychological something the others lack. So perhaps it'll go on for years. But perhaps not."

In case it doesn't—and even if it does, just for variety's sake—Barry has been quietly readying another side of himself.

For the past six months, he's been taking dancing lessons with Nelle Fisher, who used to be on the Sid Caesar Show.

★ ★ ★

"I'm finally getting it," he said. "It's hard for a man of 40, who never danced a step in his life. At the beginning, it was murder—my muscles were always sore. I'm studying soft shoe and tap, and I'm just getting the feel of it."

And he's studying singing. And brushing up on his piano—"I've played very bad jazz piano for years"—and working on comedy routines. He's had some top comedy writers turning out material for him, material which he's been testing and smoothing during appearances at benefits in the last few moonths.

He thinks he has a good sense of humor, a good delivery and he's sure of his sence of timing. All that remains is experience and the ability to size up an audience.

He's had some good nights, some bad ones, in his benefit appearances. But the general feeling has been encouraging.

★ ★ ★

"I've also told my agents," he said, "that I'm available for legitimate stage work in the fall. Twenty-One will move to a new day and time—Thursday from 8 to 8:30—so I'll be able to do a Broadway play. No heavy dramatics, of course, but I could MC a revue or do a light comedy part."

For Barry, all this would be very new. He's not an old-timer in show business. In fact, he was in the handkerchief business, "but I somehow knew I'd get into show business someday, although not as a quiz show MC."

Now he and his partner, Dan Enright, have Twenty-One and Tic Tac Dough going strong. They've had previous successes with such shows as Juvenile Jury, Winky Dink and Life Begins At 80, and are constantly working on new shows.

So Barry's ambition to make himself into a comedian has nothing to do with financial need.

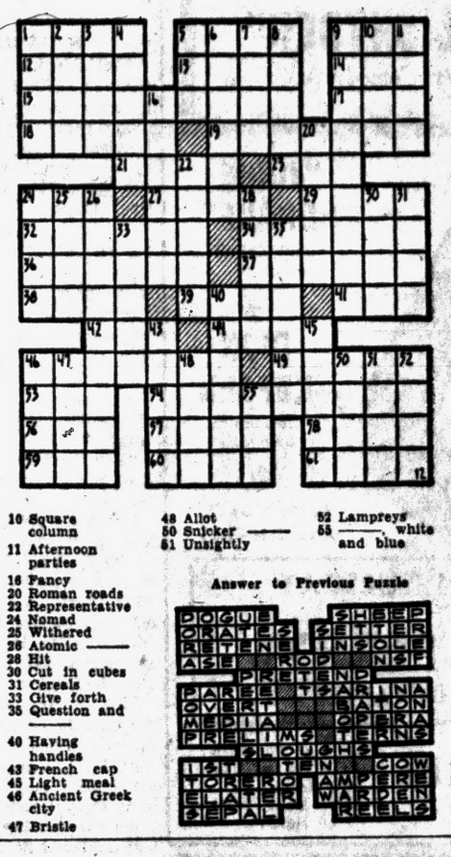

As he says, "a man has to keep moving, doesn't he?"

BRANCHING OUT—Not content to rest on his laurels as a top TV emcee, Jack Barry is turning himself into a comedian. He's taking dancing lessons, studies singing, and is brushing up on his piano playing.

Dedication, Open House at Home of Pastor Sunday

The dedication of the house recently purchased by Christ Lutheran church in Waterford Township for a parsonage, will be held at 4 p.m. Sunday, following a brief service at the church, the Rev. Reuben Norling conducting.

Pastor and Mrs. Arvid E. Anderson and the pastoral committee will serve as hosts for an open house from 2 to 5 p.m., Sunday.

The parsonage, located at 3427 Ardreth St., two blocks east of the church, was purchased by the congregation. The former parsonage was located at 3428 Seebaldt Ave.

This is the second dedication of church property within the last year-and-a-half. A large addition to the church itself located at Airport and Williams Lake Rds., was dedicated in May, 1957.

Jumps From Motorbike to Escape Serious Injury

A Drayton Plains man escaped serious injury Thursday when he jumped from his motorcycle before it struck a car on U.S. 10 just south of M15, in Independence Township, according to Oakland County Sheriff's Deputies.

Joseph W. Camire, 39, of 4281 Dixie Highway, told deputies he leaped from the southbound motorcycle a split second before it struck a car driven by Joseph M. Bronson, 61, of Clio, who was making a left turn across his path, deputies said.

Camire was taken to St. Joseph Mercy Hospital where he was treated for a sprained ankle and released.

Pal's 'Alligator' Smile Delays Lassie Show

HOLLYWOOD (AP)—There was a gasp of dismay when Jon Provost, 8, Lassie's pal on the TV series, smiled at the camera.

"He looks like an alligator!" said the director.

★ ★ ★

Jon's winsome smile had lost some of its charm—two front baby teeth were missing. He didn't match previous shots made for the filmed show.

★ ★ ★

The boy was rushed to a Beverly Hills dentist, who made a tiny plate with two teeth to fill the gap, and work resumed yesterday.

Mutual Radio Sold to Hal Roach Studios

HOLLYWOOD (UPI) — Mutual Broadcasting System, the world's largest radio network, has been sold to Hal Roach Studios for more than 2 million dollars in cash and stock.

★ ★ ★

Hal Roach Jr., who will become chairman of the board of directors for Mutual, termed the acquisition a "tremendous step forward" in the studio's plans to move into "all phases of the entertainment industry with a widely diversified program."

Hal Roach Studios is a subsidiary of the Scranton Corp. of Scranton, Pa., which acquired the Hollywood company four months ago.

The move combines the facilities of Mutual's 443 radio stations with the large West Coast television and film producing studio and paves the way for the radio network to enter the television field.

★ ★ ★

Alexander L. Guterma, New York, the new president of the network, confirmed that Mutual will begin acquiring television stations of its own "as soon as it is feasible" in order to take advantage of the Roach facilities, which include an extensive film library.

Guilty of Manslaughter

DETROIT (AP)—Two men pleaded guilty Thursday to manslaughter in the apartment house slaying of Robert Forguson last Feb. 19. They are Jay Dillard, 32, of Trenton, and Herman W. McGowen, 23, of Wyandotte. sentencing was set for Sept. 26. Mevin Perham, 21, pleaded guilty to second degree murder in the slaying earlier. The trio alledgedly returned and shot Forguson after he once had ejected them from his apartment.

Red China Guns Find Old 247 Still Lucky Ship

By JAMES CARY

ABOARD LANDING SHIP, Off Quemoy (AP)—Lucky Old 247 did it again yesterday.

She came through one of the heaviest artillery barrages thrown by Communist shore guns with only some dents in her rusting steel plates.

Old 247 is a battered and clanking veteran of the World War II landing in Sicily, a 200-foot-long LSM (landing ship medium).

Her Nationalist Chinese crew and officers think she is the best ship afloat.

"This is a lucky ship," one told me proudly when I came aboard at Makung, in the Pescadores Islands, Wednesday night.

"You don't have to worry even if we are going on to the beach at Quemoy."

Old 247's reputation has been long in the making. Turned over to the Chinese after the war, she was captured by the Communists when Chiang Kai-shek was driven off the mainland in 1949. But her crew rebelled, killed the Red captain and sailed to Formosa to rejoin the Nationalists.

LSM 247 was in Quemoy when the Communist shore guns hurled their then-record 41,000 rounds Aug. 23. She came through without damage and the next day was in a convoy near Tunting Island when Communist gunboats struck and damaged an LST.

She sailed away but returned with another convoy later the same day to encounter more fire.

Today Lt. Cmdr. Chang Chiang-li brought his ship's prow into the now familiar waters of Quemoy's Liaolo Bay and prepared to unload under the muzzles of Communist guns.

When the Communist artillery attack began 40 minutes later, the men responded as a veteran team.

Orders crackled over the loudspeaker. The engines churned as shells began bursting on all sides.

The ship backed away slowly. A shell landed like a thunderclap just off the stern. Water spewed high.

Slowly the old hulk crept around. Shells were landing everywhere. The whap-whap-whap of the growing barrage sent the ship's crew flat on the deck except for those who had to get her away from the beach. A huge shell landed with a tremendous explosion off the port side.

Smoke boiled up on the deck. "We're on fire! We're on fire!" someone shouted.

No one could crawl through the hail of incoming shells to ascertain the damage.

Slowly the smoke cleared as we zigzagged out into the bay. A quick examination showed gouges and dents from flying fragments but no serious damage.

Old 247 plowed ahead toward the open sea and the bursts became sporadic. The other three supply ships that had run through the bombardment without serious damage trailed on each side.

On the horizon behind, Quemoy Island was taking a savage pounding.

★ ★ ★

A grinning Chinese sailor sauntered over.

"See, this lucky ship," he said in English. "I told you."

He was right.

United Artists President Set for Trip to Moscow

By LOUELLA O. PARSONS

HOLLYWOOD — Max Youngstein, vice president of United Artists, leaves for Moscow on Oct. 10 on a cultural exchange invitation.

★ ★ ★

Youngstein told me that, of course, he wouldn't make the trip if the situation between the U.S.A., and Russia gets any worse.

His reasons for going to Moscow, Max told me, are to find out the true conditions and the possibility of making pictures there.

He is working with the Eric Johnston office and since so many independent producers who release through United Artists had expressed interest, Max is going to see for himself if there is any chance of making a picture behind the Iron Curtain.

The pretty compliment Natalie Wood and Bob Wagner paid me over the telephone set me up for the day. I couldn't repeat it, but I had a chance to thank them both personally when I met them at the Villa Capri where they were having dinner.

Bob has just finished "In Love and War" for 20th Century-Fox, and goes out in October to beat the drums for his movie. Natalie goes with him.

I am distressed that Natalie's troubles with Warner Bros. have not been settled. She is too good an actress to remain idle.

★ ★ ★

She has been offered the top femme role in "The Unforgiven," John Huston's picture, but she can do nothing until Jack Warner is better and her contract is settled.

Over the telephone Mrs. Horace Dodge (Gregg Sherwood) introduced herself to me. She said she is living in the house formerly occupied by Raphael Trujillo and that although she looked all over she couldn't find one Mercedes-Benz or fur coat.

★ ★ ★

"My husband felt so sorry for me," she said, "that he bought me a Mercedes-Benz for my birthday."

Dodge left today to pick up his aged mother in Southampton and take her to her home in Detroit.

"The reason I'm calling," said Mrs. Dodge, "is because the whole town will now say we're separated. He'll be back in ten days."

★ ★ ★

In spite of her hassle with the police, which happened while I was away, she likes our city.

Snapshots of Hollywood collected at random:

Buddy Rogers and Imogene Ford, daughter of a Los Angeles attorney, flew out to Formosa to be the first entertainers to visit our troops in that battle-threatened area.

All six of the MacDonald Carey children are in bed with virus pneumonia, plus Betty and Mac. Betty hopes to be well enough to speak at the annual convention of Catholic women on "Ideal Hollywood Marriages."

Judy Garland and Sid Luft are on their way home from my former hometown, Chicago. Her great success there has convinced her that she can now go into any opry house and delight the customers. The Lufts and the children will be on "Person to Person" in December.

Order Duplicate Prizes?

COLDWATER, Mich. (AP) — Duplicate prizes may be in order at Branch County Memorial Hospital, which is celebrating the birth of the 10,000th baby since it opened in 1939. It seemed very simple when Mrs. Ehrle Crandall entered the delivery room until she gave birth to win boys.

Should Be Easy to Spot

Offered Through Extension Service

U. of M. Courses Here Monday

Eleven of the 21 courses which will be offered this fall in the Pontiac area through the University of Michigan extension service will be held at the city's new Northern High School beginning Monday.

Problems of Child Welfare (Soc Wk. 238) will begin Monday at 7 p.m. there.

Registration for the following courses in Pontiac, which are all valued at two credits each, is Tuesday.

They include: Conservation of Natural Resources (Con. W194), 7:30 p.m.; Administration and Supervision of Special Education (Ed. B235), 4:30 p.m.; Introduction to Group Dynamics (Ed. C122), 7:30 p.m.; Problems in Art Education (Ed. D124), 7:30 p.m.; Vocational and Practical Arts Education in Community School (Ed. E100), 4:30 p.m.; Special Problems in Vocational Education (Ed. E105), 7:30 p.m.; Physiological Psychology (Psych. 155), 7:30 p.m.; and Introduction to Group Dynamics (Soc. W122), 7:30 p.m., Real Estate Appraisal I, 7 p.m., Pontiac Central High.

Wednesday at 4:30 p.m. prospective students of Educational Psychology (Ed. C102) and National Politics (Pol. Sci. W192) should register at Pontiac Northern High.

★ ★ ★

Thursday students may register for Teaching of Music by the Elementary School Teacher (Mus. Ed. 121-221) at 7:30 at Northern and for Nursing Information for Medical Assistants (a certificate) at 7:30 p.m. at St. Joseph Nursing Home.

Registration of individual courses will be taken at the first and second sessions of class. Courses may be carried for two semester hours of undergraduate or graduate credit unless otherwise indicated by a certificate. The fee is $13.50 per credit hour in either case.

The nursing information course to be taught at St. Joseph's is a special one for assistants who work in doctor's offices but are not registered nurses. It deals with the various procedures carried out in a physician's office and with the special needs of children and the aged.

★ ★ ★

Two courses will be available at the Pierce Junior High School in Waterford Township. They are Workshop in Elementary Education (Ed. B106) and Workshop in Secondary School Curriculum (Ed. B227) and both begin September 23 during two sessions, 4:30 and 7:30 p.m.

Socialization of the Child (Psych. 151) will be held at the Rochester High School beginning September 24 at 7:30 p.m.

For the first time in the history of the U. of M. extension program, Cranbrook School will be used to hold classes.

They are History of Economic Development in the Near East (Hist. 196b) beginning Sep. 25 at 7:30 p.m., Topics in Modern Mathematics for Teachers (Math. 187) at 4:30 p.m. on the 25th, Psychology of Child Development (Ed C175) at 7:30 p.m. Sept. 24 and National Politics (Pol. Wildcat Strikes Still Idle 8,000

Big Three Intensifies Negotiations With UAW Over New Contract

By The Associated Press

Wildcat strikes continued to idle some 8,000 today in auto plants across the country as the United Auto Workers Union and the big three — General Motors, Ford and Chrysler — intensified new contract negotiations.

But one strike which had idled 400 and threatened to delay recall of 2,000 others was ended last night at Flint. Employes of Fisher Body Plant No. 2 decided to return to work on 1959 models.

★ ★ ★

The strike was touched off Wednesday night when 68 employes walked out and set up picket lines. They complained supervisory personnel were doing work normally assigned hourly rated employes.

With end of the stoppage, General Motors began its recall, scheduled to reach 2,000 within a week.

UAW members struck a GM assembly plant at Arlington, Tex., Thursday idling some 1,500 workers in another "local grievance" dispute. And 4,000 were idle at GM's Ternstedt Division plant at Columbus, Ohio.

And 2,800 were out in a continuing dispute at Ford Motor Co.'s Highland Park tractor and trim factory. The Ford walkout started last Friday.

4 Extension Courses Offered by MSU

Michigan State University will offer three courses in Birmingham and one in Clarkston this fall as a part of their extension program.

In Birmingham, Rapid Reading, Philosophers and Society and Botany for Gardeners will be taught. A course in Materials and Methods of Audio-Visual Instruction I will be conducted in Clarkston.

Additional information on these courses can be obtained by contacting the local school officials or Dr. Lowell R. Eklund, head of the continuing education program at Michigan State University Oakland.

Woman Listed as 'Fair' After Being Hit by Car

An elderly Pontiac woman, Mrs. Addie Cummings, 74, of 92 Prall St., is listed in fair condition at Pontiac General Hospital today after being struck by an auto Thursday evening.

Police said she was crossing against a traffic light at Oakland Ave. and Cass Ave. The driver of the auto was Joseph J. Mendrewski 46, of 8276 Fisher St. The injured woman suffered a fractured arm and lacerations of the scalp, according to a hospital spokesman.

More Buy Tires in July

NEW YORK — July replacement passenger car tire shipments increased to 6,502,078 from 6,387,446 the previous month, according to the Rubber Manufacturers Assn. This is the highest monthly total since July, 1950.

Dutch Girl, 17, Leaves Hospital to Live in Area

ROYAL OAK — The 17-year-old daughter of an immigrant Royal Oak couple, who narrowly missed being aboard the ill-fated KLM Dutch airliner which crashed in the Atlantic last month, was to be released today from the Deborah Sanatorium in Brown Mills, N.J.

★ ★ ★

After arriving in New York on another flight, Marjike Pennock, a tuberculosis patient, was barred by immigration laws from coming to this country unless first arranging to enter a sanatorium. She will fly to Detroit to join her parents, Mr. and Mrs. John Pennock of 209½ W. 5th St., and her 10 brothers and sisters.

A sanatorium spokesman said Marijke is leaving "completely cured."

Left behind in the Netherlands a year and a half ago because of her illness, she originally was booked on the airliner which crashed killing 99 persons. But that flight was sold out and Marijke was transferred to another plane.

Her father is a school teacher.

Wildcat Strike Slows School

Electricians Walk Out Here at Northern High, Others Follow

Electrical and other construction work to complete Pontiac Northern High School was slowed down yesterday when a wildcat strike broke out.

The strike was led by a group of electrical workers who objected to working alongside Board of Education maintenance electricians.

★ ★ ★

The school administration had sent its force in to wire up machines in the school shop classes so that the students could use them.

A number of the electricians, members of the United Electrical Works Union, AFL-CIO, objected to the maintenance men who belong to an independent union.

Although the electrical union local did not call a strike, some members went home announcing they were not feeling well. A few carpenters and plumbers followed them in sympathy.

The Board of Education last night agreed to continue using its men to install the machinery.

★ ★ ★

Dr. Otto Hufziger reported that the shop classes would come to a standstill if the machines did not operate within the next week.

Once He Got Going—

CLEVELAND, Ohio (UPI) — Max Dworkin, 72, a fruit peddler, received a suspended sentence yesterday after his horse went through a red light. "I've been driving that horse for 25 years now and the only trouble I ever had before was getting him started," Dworkin told the judge.

Eastern Tension Pushes Grains

CHICAGO (AP) — Far Eastern tension was a major influence in early dealings again today on the Board of Trade and prices moved well ahead with some gains running to more than a cent a bushel within the first few minutes.

Some dealers said there appeared to be an ominous note in President Eisenhower's address to the nation last night on Chinese Communist aims and that it brought out a good volume of short-covering in all contracts. Major commission houses were understood to be among the eager buyers.

Near the end of the first hour wheat was ⅛ to ½ cent a bushel higher, September $1.86⅝; corn ⅜ to 1 cent higher, September $1.24¼; oats ¼ to ⅝ higher, September 60¾; rye to 1¼ higher, September $1.30¾; soybeans 1⅛ to 1⅜ higher, September $2.20¼; lard unchanged to 3 cents a hundred lbs. higher, October $12.15.

Employment in Area Begins Sharp Rise

After an anticipated drop in employment during automobile plant model changeovers last month, Pontiac area employment has begun to rise sharply, the Michigan Employment Security Commission reported today.

Model changeovers affected about 6,000 workers for varying periods, the MESC said. In the 30-day period preceding Aug. 15, about 4,100 were affected by layoffs.

The employment level over the next two months should continue to raise as auto production rises. Another increase of 600 employed in transportation and retail trades is anticipated by the MESC.

Mid-August unemployment temporarily rose to 19,000. In July, it stood at 15,500 and a year ago at 5,900. Mid-August unemployment made up 23.3 per cent of the total labor force, the MESC said.

Last month, unemployment insurance payments by the Pontiac branch office totaled $1,912,763. There were 2,105 insurance claims exhausted in August, bringing the total this year to 5,994.

Surprised Burglar Flees With Purse, Wallet, $300

Mrs. Arthur Garrison, of 239 W. Hopkins St., told police she surprised a burglar in her house yesterday morning.

Mrs. Garrison was in bed when she heard her children crying at 2:30 a.m. She got up to go to their bedroom when she spotted a man ransacking her purse which was lying on a table in the living room.

When she made a noise, the burglar ran from the house taking with him the purse and her husband's wallet which contained $300.

Crashing Sound Barrier Shakes Up Texas Town

CLEBURNE, Tex. (AP) — Jet planes broke the sound barrier over the central Texas towns of Stephenville, Dublin, Hico and Hamilton yesterday.

The sonic booms shook up the towns and damage to plaster and plate glass was estimated at $13,000. Identity of the planes was not determined.

Spider Web Envelops House; Is Insect Proof

PANAMA CITY — A Panamanian spider of the species Nephila clavipes, also found in the Florida Everglades, completely envelops native Indian houses with a gossamer web which is insect-proof. Eventually the webs form an almost continuous fabric in which the spiders lurk to pounce on insects. The Indians welcome the spinners, for otherwise bugs might be a nuisance. The spider web is strong enough to hold large grasshoppers.

Budworms Reappear in Forests of Oregon

PORTLAND, Ore — A new outbreak of spruce budworms in northeastern Oregon has infested more than 600,000 acres of Douglas fir, white fir, and Engelman spruce. The pest was believed under control during the past two years as a result of the aerial spraying of 4,000,000 acres with DDT during the preceding six years.

Never Heard This One

FLINT (UPI) — Oscar Lawrence had an excuse ready when a State Trooper flagged him down for speeding after a chase of several miles, Lawrence said he was rushing to the town of Beulah to complain that he was being followed by a driver exceeding the speed limit.

At Home With Stripes

MOUNT VERNON, Ill. (UPI) —There's a real jailbird in jail here. The bird—with breast of white and back of black and white stripes—flew into the police station yesterday, made itself at home and refused all invitations to leave.

Vigorous Start Loses Steam

NEW YORK (AP) — A vigorous start pushed the stock market a bit closer to its record highs early today, then the rise lost its steam leaving prices irregularly higher.

The ticker tape was late for a period of five minutes at the opening in a wave of heavy trading. Dealings moderated as prices softened a bit.

The market was at the threshold of its record high and the averages stood at a two-year peak.

The follow-through from yesterday's vigorous advance was shortlived. It left an assortment of aircrafts, electrical equipments, chemicals and drugs higher, but mainly by fractions. Most motor stocks were unchanged. There were losers among steels, rails and nonferrous metals.

★ ★ ★

Lukens Steel jumped more than a point as did Youngstown Sheet, but Bethlehem eased and Republic Steel was off a fraction.

Du Pont and Ffizer were up about a point each. Smaller gains were posted by Montgomery Ward, Boeing, Douglas Aircraft, Commonwealth Edison, International Nickel, Allied Chemical, Eastman Kodak, Union Carbide, American Can and Gulf Oil, General Electric and Westinghouse Electric were firm.

Losers included Sperry Rand, American Smelting, Southern Railway, Baltimore & Ohio and Penn-Texas.

Bacteria Aid Recovery of Metals From Ores

BOSTON — Bacteria have been used successfully in laboratory experiments to recover nickel, cobalt, maganese, and copper from low-grade ores. The bacteria oxidize sulphur in the ores, forming sulphuric acid that releases the free metal. The process is said to be more efficient than other methods and may eventually be used commercially. Another possibility is the use of bacteria to generate heat for prolucing synthetic fuels from oil-bearing shale.

Debbie Sure Eddie Won't Come Home

HOLLYWOOD (AP)—"My husband and I have separated. He isn't coming home."

These words from misty-eyed Debbie Reynolds summed up the situation today between Debbie, her estranged husband, singer Eddie Fisher, and Elizabeth Taylor.

Eddie would only discuss his health ("I'm sick. Sinus. Mononucleosis."). And Liz was so well hidden even her business manager couldn't find her.

Fisher said he didn't want to talk about the separation because "all the statements have been magnified beyond reason."

After Liz and Fisher were seen night-clubbing in New York, Fisher returned here, argued with Debbie and moved out of their home. Liz denied being the "other woman" and said, "They weren't getting along, anyway."

★ ★ ★

Debbie hotly denied this. "We've never been happier than we have been in the last year," she said.

The separation was announced Wednesday night, but there has been no mention of a divorce. Debbie left the door open—figuratively—for Eddie to return.

"I don't want this marriage to break up," she said. "There are our lovely children and a beautiful life ahead of us."

The separation didn't leave Debbie moping at home. She attended a movie last night with a girl chum. And neither Eddie's marital tangle nor his mononucleosis (a blood disorder) kept him from rushing off, pills in hand, to do a closed-circuit TV show for prospective sponsors yesterday.

Delay Formal Charges in Westphalia Killing

WESTPHALIA (AP) — Formal charges against Vincent Hengesbach, 52, of rural Westphalia, have been delayed pending the results of a second lie detector test.

Hengesbach is held for investigation of murder in the beating to death of his 63-year-old stepmother, Mrs. Anna Hengesbach, whose body was found in a cornfield behind their home Monday.

Clinton County Prosecutor Fred Lewis said yesterday results of the first polygraph test given Hengesbach were inconclusive. Lewis had obtained a first degree murder charge and Hengesbach was to have been arraigned yesterday.

Hengesbach demanded the second test and was taken to State Police headquarters at East Lansing. He told police he was in Lansing at the time of his stepmother's disappearance.

Polio Epidemic Grips Detroit

Paralytic Toll Up 169; Health Boss Molner 'Getting Panicky'

DETROIT (AP) — Health officials mapped plans today to combat a polio epidemic in Detroit which has resulted in more than double the number of cases and eight more deaths than last year.

City-County Health Commissioner Dr. Joseph G. Molner described the epidemic as "undoubtedly the worst outbreak of paralytic polio I have seen in all my years as a public official."

★ ★ ★

The health commissioner reported that Detroit has had 301 polio cases and 10 deaths this year, compared with 132 cases and two deaths a year ago.

Dr. Molner said: "Frankly I'm getting panicky about it. Something must be done."

The upsurge in polio cases is particularly alarming, he added, because of the great increase in the number of paralytic cases. Sixty per cent of the cases are paralytic this year, whereas only 11 per cent were in that class last year, he said.

★ ★ ★

He urged persons who had not had the Salk vaccine to get their shots as soon as possible.

The vaccine does not give 100 per cent protection, the health commissioner explained, but it does cut down on the chances of paralysis.

Dr. Molner scheduled a meeting to discuss the emergency with other officials today.

Can't Understand Kentucky Town's Racial Flareup

MADISONVILLE, Ky. (AP) — "We just don't know."

In these words, James W. Mayes Sr., a Negro coal miner, summed up his reaction to the group of people who have opposed the recent racial integration of a local school for the first time.

Mayes' children, Ruby, 9, and James W. Jr., 11, have listened to catcalls and jeers for the past two days.

★ ★ ★

"I can't figure out what is the trouble," Mayes said. "We're not doing anything against the law."

He added: "I have had no trouble with the citizens here in Madisonville—no trouble."

He said the present trouble is doubly hard to understand because a Negro child attended another previously all-white elementary school here last year without incident.

★ ★ ★

Yesterday's crowd was smaller and quieter than the ones on Wednesday, when a group of housewives tried unsuccessfully to block the Negroes' entrance to the school. The only incident was a rock thrown at the car the Negroes went home in.

State police, sheriffs' deputies and local officers have been on the scene in the mornings and afternoon.

★ ★ ★

Mrs. Mayes said her children are "taking it fine. They like their teacher and everything. They told me everything has been smooth."

Johnny Weissmuller Says He Has Financial Woes

LOS ANGELES (AP) — Johnny Weissmuller, onetime screen Tarzan, says he's in bad shape—financially.

★ ★ ★

The matter came up in court yesterday after his ex-wife Beryl Scott Weissmuller Ginter testified that Weissmuller was $5,750 behind in support payments for their three children.

★ ★ ★

Weissmuller's attorney said the actor didn't make a dime last year but is under contract to do some more "Jungle Jim" films for television. Mrs. Ginter asked that Weissmuller be held in contempt. The court took the request under study.

Detroit Population Drops

DETROIT (AP)—Detroit's estimated population decreased by 10,000 during the 12-month period ending last July 1. The Detroit Metropolitan Area Regional Planning Commission said it was believed to be the first such decrease in history.

But Then – What if He Hadn't Been Fooling?

By EARL WILSON

NEW YORK — Quote says there's an official at the Pentagon who has a sign on his desk announcing, "This Job Is So Secret I Don't Know What I'm Doing."

WILSON

Jackie Gleason played a practical joke that almost drive his TV producer, Gordon Duff, to collapse. During rehearsals for a drinking scene Jackie sipped champagne; later, on camera, he made believe he was loaded. Everybody was in on the gag—except Duff, who shuddered.

Ford Relations Man Quits as Manager

DETROIT (UPI)—Mel B. Lindquist, general industrial relations manager at Ford Motor Company, has resigned to go into private business in Denver, Colo., it was revealed yesterday. He lives at 1100 E. Glengarry Circle, Bloomfield Township.

Lindquist who is 49, was second in command to Vice President John S. Bugas in the Industrial Relations Department, but has had little to do with contract negotiations now under way with the United Auto Workers. Bugas has full charge of the company negotiations.

★ ★ ★

However, although Lindquist's resignation became effective last Friday, no public announcement was made. A company spokesman said it was felt an announcement might have an adverse effect on the negotiations and that the resignation might be misinterpreted.

Lindquist is the second top Ford executive to leave the company in the past several days. A week ago, James J. Nance resigned as vice president and general manager of the Mercury-Edsel-Lincoln Division.

He Really Was Well Off

LOS ANGELES (AP) — His cronies thought Abraham Greenspan, a shabbily dressed shoemaker, was eccentric. He sometimes showed them a worn money belt and claimed he was well off. Greenspan, 70, who lived frugally in a downtown hotel, died yesterday. In the belt police found $25,496 in cash and bonds.

Dies of Auto Injuries

HOLLAND (AP)—Roger N. Young, 40, formerly of Sault Ste. Marie, died Thursday at Holland Hospital after being injured Wednesday when he was hit by a car on U.S. 31 south of Douglas. State Police said he stepped into the path of motorist Walter A. Gneisner Jr. 20, of Denver.

Automobiles are one of the safest places possible during an electrical storm, says the National Geographic Society.
