

Planning Board Mulls Ideas for Better Race Relations

By BOB WISLER

The Pontiac Area Planning Council Board of Governors last night paved the way for making specific recommendations to improve racial relations.

The governors discussed at length four recommendations submitted by its task force on race relations two weeks ago and tentative resolutions to be adopted at the next meeting.

The recommendations will urge the Pontiac City Commission to hire more policemen, including 8 to 10 Negroes,

recommend the implementation of a summer youth program to have city youths work with police officers, and initiate action to determine exactly where community organizations stand on matters pertaining to racial equality.

The board also is expected to adopt a resolution declaring its policy of non-discriminatory hiring for any employees, architects or consultants and insistence on the same practice for any firms engaged by the planning council.

The governors also will consider recommending that the City Commission and Pontiac school district issue similar pronouncements. The recommendation will apparently urge that the city and school district refuse to do business with firms which have discriminatory hiring practices.

ORDER OF MEETINGS

The board of governors met for 3 1/2 hours last night to discuss a variety of

topics including methods utilized by the board to conduct its meetings.

A review of its bylaws is scheduled for the next meeting. James Dyer, a delegate to the board, was one of several to complain of the board's procedures.

Dyer said that actions taken in the past weeks were of questionable legality because of violation of the bylaws, and he claimed that the governors' decision to hire a project director — made at the last meeting — was invalid.

The board's parliamentarian, Mrs.

David Sacks, told the governors that the move was valid.

In addition to some dissension about the governors' bylaws and operating methods, the board of governors received the second resignation of one of its members.

Clement J. Cleveland, editor of the Oxford Leader, submitted his resignation shortly before the meeting. Bruce J. Ansell resigned from the board in a letter made public two weeks ago.

Cleveland, comparing the planning council with the New Detroit, Com-

mittee, said the planning council is "bogged down by a politically oriented executive committee," has failed to establish its goals, and suffers a severe lack of leadership.

He said the council's purpose was "to uncover Pontiac's problems and cause those responsible to make the corrections." But, Cleveland said, "the leadership that has sparked the New Detroit Committee has been lacking in the PAFPC."

(Continued on Page A-11, Col. 1)

Renewal Area Plans Expanded

Plans to develop new construction in downtown Pontiac's urban renewal area have been expanded to take in an additional 16 acres, D. Don Davidson, professor of architecture for the University of Detroit, told the Pontiac Area Planning Council Board of Governors last night.

Davidson, who with Bruno Leon, dean of the University of Detroit's school of architecture, is designing a plan for new downtown development for a yet unnamed developer, said he will present plans for City Commission consideration on or about May 15.

The architect said the developer — to be named when plans are presented — and the designers will meet with the Department of Housing and Urban Development a few days later.

He told the governors that plans were being developed for the 11 acres that the developer had agreed to undertake, but the developer now feels that 27 acres all the acreage in the downtown area of the urban renewal project — can be redeveloped.

Davidson did not elaborate on what type of development would take place but it is generally believed that office buildings and apartment units are being planned for the area.

DISCUSS PLAN

Davidson also spoke to the governors about the much-discussed U. of D. plan and concept for redevelopment of Pontiac.

It was first unfurled in the fall of 1966 and Davidson recently outlined its major points to the governors.

Davidson has indicated that the proposed downtown development is patterned after concepts developed in the University of Detroit plan.

He has offered it to the city for use as a guideline in redevelopment but as yet the city has not taken up the offer.

New COG Director Outlines His Views

The new director of the Southeastern Michigan Council of Governments (COG) labeled his philosophy of government as "conservative" in his address to the 17th annual Regional Planning Conference in Detroit yesterday.

E. Robert Turner, who began his COG

Related Story, Page A-11

duties just a month ago, spoke to some 300 planners and officials of the six-county COG area — Wayne, Oakland, Macomb, St. Clair, Monroe and Washtenaw.

Turner said his view of COG was an organization "to preserve the integrity of local governments . . . and stop the escalation of federal domination."

Many past opponents of COG had charged it was an instrument to hinder or do away with local governments.

COG was officially formed in January and includes representatives for all areas of government — cities, schools, counties, townships, villages.

FUNCTION IS AREA WIDE

Its function is to carry on planning and coordinating programs of areawide interests.

The Regional Planning Council, in its 17th year and said to be the first in the U.S., is now a basic division of COG.

Turner was hired from Burbank, Calif., where he had been city manager. This is his first task to area officials.

Ball Will Succeed Goldberg

FIGURES IN ENVOY CHANGE — Arthur J. Goldberg (left) is shown at a news conference in New York yesterday after President Johnson announced Goldberg's resignation as

ambassador to the United Nations. George Ball, former undersecretary of state, was named to succeed Goldberg. The photo of Ball (right) was taken in 1963.

WASHINGTON (AP) — President Johnson has chosen former State Department official George W. Ball, a strong advocate of a negotiated Vietnam war settlement, to succeed Arthur Goldberg as ambassador to the United Nations.

The sudden, surprise choice of Ball, 58, to succeed the retiring Goldberg was viewed in the capital as fresh evidence that Johnson had decided to make a determined effort during his last nine months in office to negotiate an end to the Vietnam war.

B52s Hit Near Saigon to Block Cong Offensive

SAIGON (AP) — U.S. B52 bombers, flying some of the war's closest raids to Saigon, hit enemy targets within 26 miles of the capital today to break up Vietcong forces believed massing for their second major offensive of 1968.

The raids came after South Vietnamese police ordered that all boats and vehicles entering Saigon be searched for arms and explosives.

The police had earlier thwarted a Cong attempt to smuggle guns into the capital on a river junk.

Tons of explosives fell from the giant bombers. They flew three sorties over enemy bunkers, weapons positions and troop concentrations.

As fear of another attack on the capital mounted, American infantrymen combing the provinces around Saigon fought a series of small battles yesterday.

CRUCIAL VALLEY HIT

B52 bombers also continued to pound North Vietnamese positions in the A Shau Valley, in the northern part of the country.

Police said they found 10 Soviet AK47 automatic rifles aboard a junk at Saigon's river-front dock. They did not say if any arrests were made.

While the South Vietnamese were fearful of a new attack on Saigon, U.S. intelligence officers exhibited greatest concern about the North Vietnamese concentrations in the A Shau Valley, which they said threatened the Hue area. These sources said the enemy has 15 to 20 battalions in the area and could commit them to an all-out attack on Hue "in a matter of hours."

Ball has made his criticisms of U.S. policy known particularly since resigning as undersecretary of state in October 1966. Thus his willingness to return to government surprised Washington circles as much as did Johnson's decision to ask him back.

But a highly placed official explained it as evidence Johnson plans an all-out drive to end the war through negotiations before leaving office next January.

Johnson announced yesterday at a hastily called news conference that Goldberg, 59, had resigned and would be replaced by Ball.

IN EARLY JUNE

The President said the change would probably become effective in early June

(See Story, Page A-3)

after Goldberg handles "certain matters now under way" at the United Nations.

Goldberg will in fact handle the U.S. argument for U.N. acceptance of a treaty proposed by this country, the Soviet Union and Britain to outlaw the spread of nuclear weapons.

At a New York news conference following the President's announcement, Goldberg said he had worked in the cause of Vietnam peace during his 33 months as U.N. ambassador. He added:

"I have resigned in the belief that I can best further these objectives in private life," he said.

Occasional Rain Expected in Area

Showers will move in and out of the Pontiac area through Sunday, with temperatures warming up a bit.

The U.S. Weather Bureau reports the following official forecast:

TODAY — Partly cloudy and a little warmer with a chance of brief light showers, mostly in southern portions, through this evening. High 50 to 55. Low tonight 35 to 40.

TOMORROW — Partly cloudy and a little warmer.

SUNDAY — Rain likely and not much change in temperature.

Precipitation probabilities in per cent are: today 30, tonight 20, and tomorrow 10.

The low temperature in downtown Pontiac, prior to 8 a.m., was 33. The mercury registered 50 at 2 p.m.

Avoid Ties, Romney Advises State GOP

DETROIT (UPI) — Gov. Romney is urging Michigan Republicans not to commit themselves to either Richard Nixon or Gov. Nelson Rockefeller at the state party convention that begins with intense politicking today.

Efforts will be made tomorrow when the state convention officially gets under way at Cobo Hall to endorse Romney as a favorite - son candidate for at least the first ballot at the national convention in Miami Beach this summer.

However, formidable supporters of Nixon and the vocal anti-Romney conservatives are expected to unite to prevent the state party from obliging Michigan's 48 delegates to firm Romney control.

Although the state convence does not officially begin until Saturday, many important decisions will be made tonight as the delegates from the state's 19 congressional districts caucus to informally elect their two delegates each to the national convention and to decide what positions to take on issues.

Supporters of Nixon and Rockefeller plan heavy lobbying tonight and tomorrow.

FLYING IN

Flying in tonight are Rockefeller supporters Sen. Thurston Morton, R-Ky., and former Rep. William E. Miller of New York.

Robert M. Smith of Owosso, chairman of the Republican-for-Reagan Committee, says the California governor has significant support among Republicans from the Wayne County area.

Richard Durant, chairman of the conservative United Republicans of Michigan and chairman of the 14th District Republican committee, says he will fight any attempts to give Romney control over the delegation to the national convention.

Almost inevitable is a fight over the new state income tax and the proposed open-housing law.

County Road Tax May Go to a Vote

The question of whether Oakland County taxpayers want to approve a 1-mill tax levy for roads appears headed for the Aug. 6 primary ballot.

The request was made by the County Road Commission and this morning received support from the ways and means committee of the County Board of Supervisors.

Previous support had been given by the supervisors' roads committee.

The recommendation for calling the election will go to the board of supervisors meeting Tuesday at 9:30 a.m. at the courthouse auditorium, Telegraph and Pontiac Lake.

If approved in the election, the millage would cost taxpayers \$1 per \$1,000 valuation for five years (about \$10 yearly for a home with a sale value of \$20,000). At that rate, the road commission would have about \$4 million each year for road-improvement programs.

Cosmos 219 Launched

MOSCOW (AP) — The Soviet Union today announced the launching of another unmanned earth satellite with an unusual orbit. Cosmos 219 was reported circling the earth at distances ranging from 138 miles to 1,097 miles.

Dead Pontiac GI Honored

The Distinguished Flying Cross, the Air Medal with two oak leaf clusters and the Army Commendation Medal were awarded posthumously yesterday to an Army air evacuation medic from Pontiac.

Army Spec 5 Herbert C. Donaldson Jr.,

Related Picture, Page D-14

22, was killed last Oct. 29 when his helicopter crashed while attempting a difficult landing to evacuate a soldier wounded in fighting near Dai Tieng, South Vietnam.

Donaldson's job was to evacuate the wounded by helicopter and administer emergency aid.

The weather was extremely adverse, but he volunteered for the mission, said the DFC citation.

could not be determined due to low clouds and rain in the area where the patient was to be picked up.

HERBERT C. DONALDSON JR.

"With complete disregard for his own safety, Spec. 5 Donaldson elected to continue the evacuation attempt. His aircraft crashed in the process of landing."

The Air Medal came for actions near Bien Hoa three weeks before the fatal crash.

In this encounter, the helicopter landing zone was studied with tree stumps and under fire, Donaldson began out of the hovering craft and began loading patients while ground troops were pinned down.

After completing this mission, Donaldson returned to the area and completed another rescue mission.

The medic's parents, Mr. and Mrs. Herbert C. Donaldson Sr., of 855 W. Huron, accepted the awards yesterday from Maj. Gen. Shelton E. Lollis, commander of the U.S. Army Tank-Automotive Command at Warren.

New Zoning Map Still Worked On

Major changes in the city's zoning ordinance and map now being contemplated by the City Commission are still being worked on to attempt to satisfy city residents, Kermith E. Billette, assistant director of planning, said today.

The city is considering adopting a whole new zoning ordinance and a substantially altered zoning map. The complete text of the zoning ordinance and the proposed map are carried as an advertising supplement in section C of today's Pontiac Press.

Director of Planning James L. Bates said the new ordinance will define various zoning districts more fully. "Our present ordinance — in commercial and manufacturing districts, especially — defines what is prohibited."

"The new ordinance, he said, will list various forms of businesses and buildings that will be permitted in the various zones.

Bates said the proposed zoning map can be studied by residents to determine if rezoning contemplated will affect them.

He said persons who disagree with the zoning being proposed should contact the planning department.

NewsBriefs From Wires

CHICAGO (UPI) — After 16 suits in the South, the federal government has filed its first school desegregation action in the North under provisions of the 1964 Civil Rights Act. The suit charges the South Holland School District near Chicago with racial discrimination in faculty and staff assignments at six elementary schools. U.S. Atty. Gen. Ramsey Clark filed the suit in U.S. District Court yesterday in behalf of an unnamed Negro parent. The school superintendent, one of the defendants, said the suit was justified.

Boumedienne Survives

ALGIERS (UPI) — President Houari Boumedienne's regime today blamed "flunkies of international imperialism" for an assassination attempt that began with a child's wave and ended with three men dead and the Algerian leader's upper lip cut. Police said an investigation was under way. The Algerian leader was in his limousine when the would-be assassins struck at 2 p.m. A small boy had flung down the car carrying Boumedienne away from a Cabinet meeting at the government palace. A submachine gun began barking. Bullets shattered the glass of Boumedienne's car. His chauffeur slumped over the wheel, shot in the shoulder. Boumedienne ducked but flying glass cut his upper lip. Police said at least two assassins were killed along with one bodyguard.

Red Hero Denounced

BUCHAREST, Romania, (U) — In a move resembling the denunciation of Stalin in the Soviet Union in 1956, the Romanian Communist leaders today toppled the late strongman Gheorghe Gheorghiu-Dej from his lofty perch in Romanian Communist history. A commission of the Romanian central committee implicated Gheorghiu-Dej in the trial and execution of Communist official Lucian Patrascu in 1954. Observers said the real significance lay in the accusations against Gheorghiu-Dej. His posthumous denunciation may mark the beginning of international liberalization in Romania, so far one of the most tightly regimented Communist countries despite liberal foreign and trade policies.

Czechs Push Reforms

PRAGUE (UPI) — Czechoslovakia pushed ahead with its reform program today despite the threat of Soviet economic sanctions. Sources close to government leaders said sanctions would hit the country hard but give reformers a free hand to overhaul the ailing economy. Unofficial reports have spread here that the Soviet Union may cut her exports of oil, grain and iron ore to Czechoslovakia if the new Czechoslovak Communist party leadership insists on a "too individual road."

U.S. Rocks West With Big N-Bomb Test

LAS VEGAS, Nev. (U) — An experimental hydrogen bomb, most powerful tested in the United States, exploded under a desert mesa today.

It sent earthquake-like shock waves rolling for hundreds of miles.

There were no reports of damage or vented radiation from the underground blast, despite more than a week of protests from scientists and others that the shot was potentially dangerous.

The effects of the detonation of the device, 3,800 feet deep at the Nevada

Test Site, 100 miles northwest of here, appeared to be just about what the Atomic Energy Commission anticipated — a rolling ground motion felt as far as 250 miles away, with no harm expected.

The shot, delayed an hour until 7 a.m. due to fears that if there were radiation leaks wind might carry contaminants off the test site, was felt lightly if at all in major cities of the west.

FELT IN LOS ANGELES

In Los Angeles, 300 miles away, some

persons trying to detect it didn't... but others said they felt it, lightly.

To an AEC observer in a bunker 13 miles from the blast point, the shock was "a pretty good roll."

In Las Vegas tall buildings swayed, as in an earthquake. Chandeliers in a hotel swung. Motion was clocked for 90 seconds.

Police reported a storm of calls inquiring how serious the shock was. "We

also," an officer said, "got calls after the blast asking when it was going to happen."

RANKED HIGH ON SCALE

Seismologists reckoned the shock had a magnitude of 6.5 on the Richter earthquake scale, which rates those at 7 or more as major.

A 6.5 shock is strong enough to cause damage if it occurs close to populated areas.

The blast was rated as having the

force of about a million tons of TNT, slightly larger than any previous test here.

Scientists, businessmen, labor unions including the United Auto Workers, and many citizens had urged the Atomic Energy Commission to delay the shot, expressing fear it might touch off earthquakes or leak radiation that would contaminate air and ground water.

The AEC said it already had made such studies and determined the test was safe.

Romney May Force End to Paper Strike

DETROIT (U) — Gov. George Romney threatened today to force compulsory arbitration in Detroit's 163-day-old newspaper strike.

Romney said he should know by a week from Saturday whether there is a chance of quick, voluntary settlement or whether compulsory arbitration will be necessary.

The governor, who had summoned publishers of The Detroit News and The Detroit Free Press and representatives of the four striking unions to a meeting with him in Lansing Tuesday, said the Senate's special investigating committee, which has probed the strike, had promised to use its subpoena powers if necessary to get witnesses before him.

Red Hero Denounced

Sen. Robert J. Huber, R-Birmingham, said his special investigating subcommittee was prepared to back un-

animously a bill that would force compulsory arbitration if no agreement is reached voluntarily.

Sen. L. Harvey Lodge, R-Waterford Twp., chairman of the Senate Commerce Committee, estimated such a measure could be enacted within 10 days to two weeks.

PUBLIC COMES FIRST

"Speaking of the committee, they are prepared to offer and I am prepared to support a law to force compulsory arbitration, although that would be drastic and distasteful," Romney said.

"The people's need for central information outweighs the interest of the parties at this time," he said.

Romney said the special Huber Senate committee would have one Republican and one Democratic member sitting in on all of Romney's forthcoming meetings with the publishers and the unions.

Huber told reporters at a news conference which Romney called to announce his proposal for compulsory arbitration if necessary, that "The Constitution guarantees a free press and we haven't had one for six months. I hope all parties understand this situation has to end."

Romney refused to set a deadline for voluntary agreement, but said "we ought to know by a week from Saturday" whether compulsory arbitration will be necessary.

Huron Parking Ban Still Hanging

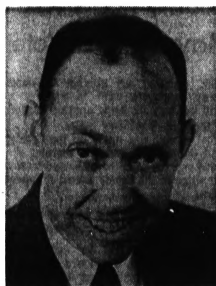

The long-expected parking ban on Huron between East and West Wide Street is still at least two weeks away, Director of Public Works and Service Joseph E. Neippling said today.

Neippling said that the parking ban and street repaving which will make Huron a five-lane street between the Wide Tracks awaits results of a hearing before the state.

He said the hearing has been postponed several times, on city insistence, because the city wants to be sure the state will take steps to widen Huron near Mill Street.

Neippling said he thinks assurances will be given by May 15, when the hearing has been rescheduled, and if so, the state and city will begin work on the street.

Plans call for the state to repave traffic lanes on Huron — a state highway — and put up traffic control signs and the city to remove parking meters.

DAVID M. PRESTON

Attorney Seeks Post at OCC

Birmingham attorney David M. Preston is one of 12 candidates running for three 3-year seats on the Oakland Community College Board of Trustees.

A lawyer for 13 years, the 38-year-old Preston is a partner in the firm of Long, Preston and Evans of Birmingham. He lives at 560 Chesterfield, Birmingham.

He is active in the American, Michigan, Oakland County and Detroit Bar associations and University of Michigan Alumni Club of Detroit where he is membership chairman and a former secretary.

Preston graduated from Michigan in 1952 and received his law degree at Michigan's law school in 1955. He and his wife, Judith, have two children.

His statement:

"I have become increasingly aware of the dilemma raised by the necessity of making higher education available to an ever-increasing number and percentage of our youth, contrasted with the commensurate spiraling of the costs of such education under what have been the traditional methods.

"Comprehending this situation is my fear of the unfortunate results if the federal government assumes the dominant role by default. I believe that the simple, most practical solution to these problems is the community college.

"I feel my educational background, legal experience and interest equip me to help Oakland Community College mature."

Vice President for Bank in City Is Dead at 63

Charles R. Harris, a vice president of Community National Bank, died yesterday. He was 63.

Private funeral service will be 1 p.m. tomorrow at the Donelson-Johns Funeral Home. Burial will be at White Chapel Memorial Cemetery, Troy.

Surviving are his wife, Elizabeth; a son, Richard B. of Pontiac; a sister; and six grandchildren.

Active in many civic affairs, Harris 11178 Sugden, White Lake Township, was a past president of the Urban League. He was chairman of the planning commission of White Lake Township, had held offices in the Pontiac Exchange Club, and was active in the Pontiac Police Youth Service Corps. He was also a member of Commerce Lodge F and AM 121.

Harris, who joined CNB in 1939, was responsible for the bank building program and bank properties. He was also building manager.

The family suggests memorials may be sent to either the Pontiac Urban League or the Salvation Army.

Pontiac Attorney Cochairman of State Rights Unit

Pontiac attorney Julian A. Cook Jr., a recent appointee of Gov. George Romney to the Michigan Civil Rights Commission, yesterday was elected cochairman of the commission by his fellow commissioners.

John Dempsey of Dearborn, a professor of political science at the University of Michigan's Dearborn branch, also was elected co-chairman.

Cook, 37, was appointed to a four-year term in January after Damon Keith resigned to accept a federal judgeship.

Cook, a resident of Detroit who has his law practice in Pontiac, is president of the Pontiac Area Urban League and is active in a number of local and legal organizations.

In a joint statement, Cook and Dempsey said: "The recent State Supreme Court decision concerning the civil right to housing presents the commission with an even greater responsibility and opportunity.

"We shall do everything in our power, with the cooperation of all citizens of good will, to improve upon the accomplishments of the past and to increase the effectiveness of the commission in the months ahead."

Thieu Aims Cease-Fire

LONG XUYEN, Vietnam (UPI) — President Nguyen Van Thieu today said he is willing to accept a Vietnam war ceasefire that contains guarantees against the Communists taking advantage of the situation.

Birmingham Area News

Required School Census to Be Taken Next Month

BIRMINGHAM — The annual school census, a state requirement, will be taken in this school district from May 1-31.

The census is taken to determine the number of children 18 years of age or under who live within the district. The number is used by the state department of education to help determine the amount of school aid funds to be paid to the district.

The census is also used by the school administration to establish bus routes, locate school sites and update the school mailing list.

The census takers, who are always women, will wear identification badges. The information to be taken will not be available to commercial organizations, but will be used for school purposes only.

Members of each household will be asked for street address, family name, and grade and school, public or private, of any child presently receiving education. The census takers will also seek information regarding certified teachers who are not presently teaching.

Six bands and at least four floats will be featured in this year's Michigan Week parade in Birmingham, according to Richard J. Thomas, the city's Michigan Week chairman.

Thomas, who is vice president of the Detroit Bank and Trust Co., said the parade is scheduled for Saturday, May 18, opening day for the annual salute to the state and its citizens.

Jack Karczewski of the Birmingham

Junior Chamber of Commerce is parade chairman.

A U.S. Marine Corps color guard will lead off the parade, according to Karczewski.

Music makers will include the Vanguards from Madison Heights and the Diplomats from Roseville, two American Legion drum and bugle corps; the Scottish Highlanders of Detroit and Redford Highlanders of Redford; and the Red Chammers, sponsored by the Marine Corps Downriver League of Detroit.

The Franklin Village band will furnish post-parade music.

Floats confirmed to date are being prepared by Covington and Barrum junior high schools, the Quarten Elementary School Girl Scouts, and the Birmingham Lions Club.

Also participating in the event will be the Oakland County Sheriff's posse, the Detroit Edison Co.'s calliope and a procession of more than 25 antique cars.

BLOOMFIELD HILLS — A spring play is being planned by the students of West Hills Junior High School. The play, written by Cornelia Otis Skinner and Emily Kimbrough and dramatized by Jean Kerr, is entitled "Our Hearts Were Young and Gay."

It will be performed at the school, 2601 Lone Pine, Orchard Lake, May 3 at 8 p.m. Admission will be \$1 for adults and 50 cents for students.

The Birmingham area Civil War club, Michigan Regimental Round Table, will meet tonight at 8 in the Congregational Church of Birmingham, United Church of Christ, 1000 N. Cranbrook. At the meeting, Jess Yeager, Round Table vice president, will present a program on the Corcoran Legion, a unit of the Union army.

A round-robin discussion by the entire club on the battle of Chancellorsville is scheduled for next month. The club meets on the last Friday of each month. All meetings are open to the public.

BIRMINGHAM — The General Service Administration of the U.S. Government has announced the awarding of a contract for construction of a mailing platform extension at this city's Post Office to the low bidder, Mid-Con Co., Inc., of Dearborn, in the amount of \$37,869.

COG Director Gives His Views

(Continued From Page One)

He explained his conservative philosophy embraced a belief in "decentralized, pluralized government... that is closest to the people."

"LOST GRASS-ROOTS HOPE"

He called COG "the last hope to preserve grass-roots democracy." He warned if joint community planning could not solve the problems of growth and transition, either chaotic conditions would result or federal controls would be instituted.

Some 112 units of local government are now in COG, but many have refrained from joining in opposition to its ideas.

NATIONAL WEATHER — Showers and thunderstorms are forecast tonight for a large area stretching throughout Texas northeast into Missouri. Rain mixed with snow is expected in the Utah-Wyoming area, while it will be colder in the Rocky Mountains.

Goldberg Regrets on Talks Role Seen

UNITED NATIONS, N.Y. (AP) — Some diplomats said today that U.S. Ambassador Arthur J. Goldberg's resignation from his U.N. post was motivated at least partly by disappointment because President Johnson left him out of Washington's current Vietnam peace efforts.

Goldberg told a news conference after his resignation was announced Thursday that he felt W. Averell Harriman and Cyrus Vance, named by Johnson to

talk to North Vietnam's representatives, were "very well qualified."

"I would not assume I would be called upon in that capacity," Goldberg said, but he declined to say whether he would have liked such a role.

Goldberg did say, however, that he regretted what would take place would "not take place in a U.N. forum."

"The U.N. is where it ought to take place," he added.

Goldberg also said differences of opinion with President Johnson were "not the motivating factor" in his resignation. Nor did he "returning to private life for financial reasons," he said.

Goldberg was scheduled to open the debate today in the General Assembly's 124-nation main political committee on the treaty proposed by the United States and the Soviet Union to ban the spread of nuclear weapons. He was to be followed by Soviet First Deputy Foreign Minister V.V. Kuznetsov, with both urging that the assembly endorse the treaty.

President Johnson announced in Washington that Goldberg had resigned for personal reasons and he had appointed George W. Ball, former under-secretary of state, to succeed him.

CAUSE OF PEACE

Goldberg told his news conference he had quit because he believed he could best serve the cause of peace in Vietnam as a private citizen, "freed from the intense preoccupations of the U.N. post and 'free to express myself in any way that I think appropriate.'"

Goldberg became U.N. ambassador July 28, 1965, after the death of Adlai Stevenson.

In an opening statement, he told the news conference President Johnson's curtailment of the bombing of North Vietnam, his offer of further de-escalation of the war, and his decision not to seek reelection "was an unparalleled act of patriotism and political courage."

"The door to peace has been thrust ajar," he went on. "Whatever the discouragements, it must not be permitted to close."

SINCE DECEMBER

Reports that Goldberg's resignation was impending have been cropping up since December. He said he decided on it "in the light" of Johnson's statement to Cabinet members after his March 31 speech that any who wished to quit were free to do so.

Goldberg said at the President's request he would stay on through the assembly session, which started Wednesday and may last four to six weeks.

He said he then would take a month's vacation, expected to practice law again and has no intention of returning to public office.

The 59-year-old Chicagoan, a long a top labor lawyer, was under-secretary of labor in 1961-62 and beneath—a body stocking.

Properly Reared

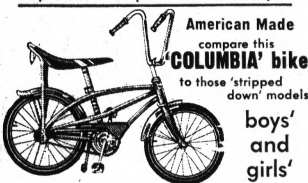

LONDON (AP) — It wasn't Charlotte Wigginton's see-through blouse that stunned the audience, it was the miniskirt with a transparent rear that the 17-year-old modeled at the annual debutante dress show.

Racial Views Due Change

By JEAN SAILE
Can a group of 100 committed families significantly alter the racial views of the other 8,400 families in its area?
Indications are that the Lake Orion-Oxford area may be feeling the impact soon of those who have attended the six-week St. Joseph's Church Human Relations Committee series.

At last night's meeting, moderated by Clement J. Cleveland, Oxford newspaper editor:

• David L. Luebbert, 766 Wilmot, a 28-year-old route man for the Borden Co., offered his candidacy for the Lake Orion School Board. His intent if elected — to hire some Negro teachers for the district.

• Sister Dion of St. Joseph's Catholic School said an attempt is being made to fill a teaching vacancy with a Negro. "We have the housing," she said.

"I think I can find the teacher," said a Michigan Employment Security Commission representative.

• Leaders of the St. Joseph Teen Human Relations Council and the Pontiac Northern Teen Human Relations Council set Monday night as a pilot meeting to plan integrated activities.

• Organization of an adult action committee for social justice was set for 8 p.m. Thursday at First Federal Savings and Loan Association of Oakland, 471 S. Broadway, Lake Orion. Pledges of help were signed by 150 people.

Dedicated to the concept of social mobility, employment and education for

Negroes and their acceptance by the community, the 200 people present at the Lake Orion Knights of Columbus Hall, Orion and Kern roads, mulled the problems they might face in carrying out their task.

PREDOMINANTLY WHITE

They were guided in their discussion by a panel of ministers representing nine different churches in the area. The audience was predominantly white.

Henry Lanthier, who identified himself as a businessman, said it is the responsibility of the small businessman to seek out the "black brother" and hire him.

For areas like Lake Orion, where housing is scarce, it was pointed out that another major problem lies in the lack of bus transportation.

The problems of finding housing and the attitudes of realtors and financing institutions were discussed.

Robert Dick, an area banker, answered, "When you throw verbal brickbats at realtors and bankers, you are really throwing them at yourself. We reflect the opinion of the community."

"For social and economic reasons, we're afraid to do it alone, but with the strength from you (the group) I think I can (assist in Negro financing)."

Rev. Fr. Harold Boyce of St. Joseph's Church suggested the blockbusting tactics used in some cases by unethical realtors might be applied in reverse when Negroes are being integrated in a community. He suggested churches might form lending institutions for purposes of financing.

The need for interaction among the races, among youth as well as adults, was cited by many of the ministers and people present.

Negro teachers and Negro cultural history taught in the schools were seen as immediate needs.

RACE ACTION — A panel of Oxford-Lake Orion ministers, moderated by Clement J. Cleveland (inset), explores ways to act in the community to better racial relations. Other panel members are (from left) Rev. Marvin McCallum of Oxford Methodist Church, Rev. Robert Hudgins of Lake Orion

Methodist Church, Rev. Morris Dierette of Lake Orion Community Bible Church and Rev. Dean Beckwith of Lake Orion King of Kings Lutheran Church. The audience of 200 offered ideas at last night's meeting.

State Commission Eases Conditions for Loan Requested by Troy Schools

By TOM GRAY
TROY — The staff of the Michigan Municipal Finance Commission has eased the conditions which this district must meet to be recommended for a requested \$1-million loan, according to Supt. of Schools Dr. Rex B. Smith.

Smith said yesterday that he had received a call from James Barrett, commission staff member, indicating that, if the district guarantees to balance its budget by June 1970, a favorable recommendation might be possible.

Earlier, the superintendent had told

the board at its regular meeting that Barrett had said the district's deficit would have to be eliminated by June 1969 before the loan — requested in anticipation of income from next year's taxes — could be recommended.

The district has been operating on deficit financing for some time, and Smith foresees a deficit of \$600,000 by the end of this school year, unless additional funds are approved.

Compounding the financial difficulties has been the rejection at the polls of

three consecutive requests for additional millage for operating expenses.

TURNED DOWN

Voters turned down proposed increases of 7 mills (June 1967) and 6 mills (September 1967 and February 1968). Another election is slated for June 10, this time for 4 mills.

At the regular meeting, Smith quoted Barrett as saying that the staff could not recommend favorably to the commission on the loan request unless the board agreed to hold as many elections as possible to gain additional money, or to cut spending to balance the budget by the end of the 1968-69 school year.

In an interview, Barrett explained that it is the staff's responsibility to consider requests for funds and submit a recommendation to the commission.

A number of factors must be assessed in deciding whether a request is justifiable, Barrett said, adding that a district must normally be able to show that an unforeseen expense has arisen and that efforts are being taken to deal with the situation.

However, any final decision on the granting of a loan must come from the commission itself, and the district's request has not yet officially come before the commission, Barrett said.

Road-Problem Solution Probed

PONTIAC TOWNSHIP — A new solution to township road problems is being explored here.

The Township Board at a recent meeting discussed the purchase of a truck to be used for road grading and snow removal. Though operated by the County Road Commission, the truck would be kept in the township at all times.

Supervisor Roy Wahl said he has been instructed to meet with road commissioners to see if such an arrangement can be worked out.

"After all, we are in this business for service," said Wahl. "and this seems to be one way we might provide it."

Wahl suggested that the initial cost of such a project might amount to between \$28,000 and \$30,000, but that continuing expenses should be light in that maintenance funds allotted to the township by the county should pay for most of the labor and for other more major projects such as ditching and gravel.

Volunteer Group Helps Disadvantaged

Women Transport Poor to Aid Agencies

One of the biggest problems in helping the disadvantaged in Oakland County is bringing the people to the services that can help them.

This is not in the theoretical sense but in the practical meaning — transporting the persons to their destinations.

Because of the spread-out nature of the

county and a lack of public transportation, this problem continually has faced the Oakland County Commission on Economic Opportunity (OCCEO).

But now a group of churchwomen from the Birmingham area has formed a transportation corps which promises

to do a great deal to alleviate the situation.

Chaired by Mrs. James Neff of 2584 Ambery, Bloomfield Township, the volunteers first organized at Birmingham Congregational Church, 1000 Cranbrook, Bloomfield Township. Mrs. Neff reported to the OCCEO that some 50 women are now involved.

HELPS CHANGE ATTITUDES

Giving a half-day per month, the women drive OCCEO clients to various points — to doctors' appointments, welfare agencies, dentists, and the like. The clients are those who are handicapped and/or without any means of travel.

Most of the clients are from the predominantly poorer Negro sections of Pontiac. Mrs. Neff said the contact between the more affluent and the poor "has been very effective in bringing about a change in attitudes."

The program began in March and has almost doubled in participation. Mrs. Neff reported. She and her church committee are getting groups from other area churches to form additional transportation corps.

Representatives from the Royal Oak area said the problem was very acute in that region and expressed hope the idea could be extended.

PROMOTES UNDERSTANDING

Mrs. Neff said the program was beneficial not only to the poor, but to the volunteers and to the community as well in promoting understanding.

Edward P. Revis, acting OCCEO director, said the volunteers' time can be counted toward community participation as far as fund requests were concerned.

Orion Twp. Women Plan Benefit to Send Boxes to Gls in Viet

ORION TOWNSHIP — About 15 women, most of them mothers of soldiers in Vietnam, will sponsor a benefit dinner from 6 to 10 p.m. Monday at the Catalina Lounge, 4313 Baldwin.

Mrs. Pat York, 624 Stirling, Pontiac, said about 500 tickets have been sold.

Proceeds will be used to purchase boxes to be sent to soldiers in Vietnam.

The mothers are looking for donations — razor blades, stockings, pens, toothbrushes, foot powder, deodorant, soap, pillow cases and food to add to the supplies their money can buy. Those having sons in Vietnam and wishing them to be included on the mailing list for boxes are invited to contact Mrs. York.

Bell Service to Expand

LANSING (AP) — The Michigan Public Service Commission has authorized Michigan Bell Telephone Co. to expand the Oxford zone of its Pontiac Exchange, bringing some 285 customers into the flat-rate calling area. The commission estimated the 285 phone users would save \$4,755 a year in mileage charges.

Her letter of resignation explained, "It is physically impossible for me to continue as a member of the board and devote the time and energy required to adequately fulfill the obligations of the position."

Trustee Lyle B. Tyler is the temporary secretary.

In other recent action, the board approved the preliminary budget to go to

Commission Secretary L. David Stader termed the proposed zoning under present township ordinances "gerrymandered zoning."

The planning commission may draw up at some unknown future date a "planned community development" zoning category. "It's possible but not too likely the commission will do this in six months," said Commission Chairman Charles Lorion.

WANTS TO REVIEW

"The commission wants to review the Pulte plan from all angles and study its impact on future development in the entire township," said Lorion. He also reported that the planning commission has met about 12 times with Pulte in the past six months.

Pulte's plan is the first of its kind proposed for the township. There appeared to be no clear indication what the eventual outcome might be of the rezoning request.

Most of the residents present expressed opposition to the rezoning. The nearly 20 persons who spoke objected to the possibilities of higher density, increased traffic, and additional school children.

In other action, the commission:

• Rezoned five acres between 12 Mile and I-496 east of Orchard Lake Road for a funeral home.

• Approved the plat for the 104-lot Meadowbrook Wood Subdivision No. 1 on 60 acres between Haggerty and Halstead, Eight and Nine Mile roads being developed by Skover and Gipp.

Oxford Gets New Councilman; Police Deputized for Aid Pact

OXFORD — Harold J. Phipps, 32, of 90 Pontiac, a real estate salesman, has been appointed as the village's newest councilman.

He replaces Homer Hight who resigned due to a pending move to Iowa. Phipps was an unsuccessful candidate in the spring election.

A decision to have the village's entire five-man police department deputized for purposes of participation in the North Oakland County Police Mutual Aid Agreement was made.

The action was taken on the advice of attorney Robert Parenti who said such deputization would provide legal protection should the officers be called out of the village as a result of the mutual aid pact.

Bonding for the deputized officers will cost the village \$60 until the end of the

year, according to Village Manager Robert Smalley.

President Edmund Unger was named delegate and Smalley the alternate to the Southeastern Council of Governments. The village voted to join the association two weeks ago.

Announcement was made that a new disposal service, B & J Disposal Co. of Clarkston, will begin trash pickup in the village Tuesday.

Jury in Shelby OKs Tree House —'It's No Blight'

SHELBY TOWNSHIP — This township's most-publicized tree house is apparently going to remain up in the air for some time.

A six-man jury took only 15 minutes of deliberation yesterday before declaring Martin Klaus, 405 Cottontail, not guilty of a "blight" as alleged by neighbors.

The case was tried before Shelby Justice Joseph P. Plittner.

Klaus represented himself in defending the tree house, constructed three years ago by his 17-year-old son Eric, the eldest of the six Klaus children.

Praising the court's decision, Klaus commented, "Tree houses in general are a dream of kids. "Maybe the trouble today is that there aren't enough youngsters interested in them anymore."

He added, "The kids were overjoyed."

Huron Valley Seeks to Fill Post

The Huron Valley Board of Education is interviewing prospects for appointment to the unexpired term of Mrs. Asa Smith, who has resigned.

Mrs. Smith, board secretary, had served for five years. Her term expires June 30, 1969.

Her letter of resignation explained, "It is physically impossible for me to continue as a member of the board and devote the time and energy required to adequately fulfill the obligations of the position."

Trustee Lyle B. Tyler is the temporary secretary.

In other recent action, the board approved the preliminary budget to go to

the Oakland County Tax Allocation Board.

BUDGET CARRIES DEFICIT

The tentative budget carries a \$237,000 deficit with expenditures of \$4,286,919 and revenues of \$3,867,952 including the \$180,000 balance from 1967-68.

Schools Supt. Truman Owens has explained the district's financial picture to the citizens committee studying the millage election June 18.

The committee was formed to recommend the amount of mills to be proposed.

Recently elected officers of the com-

mittee are Mrs. Charles Parks and Mrs. Gretchen Crowley, co-chairmen; Phil Conklin, secretary; Mrs. Sally Horcher, publicity; Mrs. Betty Prather, community relations; and Larry Hayden, finance.

LAND IS PURCHASED

The board has also purchased 9.5 acres west of the Highland School for \$19,150.

It is planned to be used in a trade for a more desirable parcel for a new elementary school, explained a school official.

The post of a second assistant principal for the high school has been created by the board. The salary is listed at \$12,291 to \$15,429 per year.

TALK TRANSPORTATION — Mrs. James Neff (left) and committee member, Mrs. Charles Gates, 1625 Hazel, Birmingham, discuss operation of the transportation corps organized recently at Birmingham Congregational Church. The corps is aiding the antipollution effort in the county.

Chad M. Ritchie

A highly respected citizen and a stalwart of Republicanism was lost to the community in the untimely death of CHAD M. RITCHIE.

Recently retired after long service as a Michigan Bell Telephone executive, the personable man whose friends were legion had rendered yeoman service to the Republican Party, having filled the office of Oakland County Committee Chairman and continuously exerting himself in fund-raising activities.

A graduate of Washington and

Jefferson College, Mr. Ritchie joined the telephone company in 1925. He saw military service in World War II and was a past president of Birmingham Reserve Officers' Association. His civic-mindedness found expression as a member of the Birmingham City Commission, during which period he served briefly as mayor.

The passing of this estimable personality is mourned by all who were privileged to know him.

Use of Drugs Described as Ancient Practice

The list of substances people use to shield—or as they may think, to sharpen—their minds against the rude demands of drab reality is almost as dizzying as the effects of some of them.

Let's think that the current wave of drug use or abuse is a sign that a new fall of Rome is upon us, however, it may be useful to realize that drugs have been a phenomenon, if not a problem, in almost every culture.

The pleasurable use of opiates was well-known among ancient civilizations, says the American Pharmaceutical Society. A Sumerian clay tablet describes a "joy plant" that is thought to have been opium.

MARCO POLO wrote of the famed Assassins of Arabia, who enlisted recruits by giving them brief visits to paradise with the help of hashish.

When the Spaniards arrived in Mexico, they found the Aztecs worshipping a variety of cactus and mushrooms. One of the substances, peyote,

was called "the flesh of the gods." Indians in South America derived a substance similar to LSD from morning glory seeds and the leaves of the cocoa plant (cocaïne) were sacred to the Incas.

In the 19th century, hippies of that day held chloroform parties and ether-sniffing jags. The philosopher WILLIAM JAMES experimented with nitrous oxide (laughing gas) to find the psychedelic truths it conveyed, although that word had not been coined then.

Today, the prophet of freaking-out, TIMOTHY LEARY, who would feel quite at home among the Sumerians, Aztecs and Incas, writes: "I think that psychedelic drugs—marijuana, peyote, LSD—are sacraments. . . . If it flips you out, turns you on, blows your mind, it's holy."

The Pharmaceutical Society counters with an 18th-century quotation: "The mischief is not really in the drug but in the people."

Is America to Become a Computerized Society?

If you're worried about the Nation's urban crisis, relax.

"Modern methods of input-output and matrix methods, simulation modeling and feedback theory . . . and use of control systems hold great promise in helping to solve some aspects of the complex problems we face in our cities."

So claims *Control Engineering* magazine in words to stir the heart of any data processor.

What this far-out language means is simply that the electronic computer is beginning to do yeoman service in attacking some of the people-jams in crowded, 20th century urbanized America.

Three Philadelphia high schools,

for instance, are using a computer-assisted instruction system to give individual assignments to students as well as evaluate their individual progress.

In the field of mass transportation, "applications of control technology" are pointing the way to the movement of more people farther and faster.

In the area of environmental control, low-cost, rugged units which will measure air and water pollution and reduce the causes of contamination are being developed.

Along the way this Country may be splitting into two societies — one that speaks English and another that speaks computerese. But that's a small price to pay for progress.

Interest in Council's Task Force Lags

By DICK SAUNDERS

The Pontiac Area Planning Council's Task Force on Race Relations is in trouble.

SAUNDERS

Some could conclude that maybe we have opened too many lines of communication in the past 12 months. I think not. When you're dealing with something as vital to a community as racial harmony and equality, there can't be enough communication.

It looks more like that old bugaboo, involvement.

We all know people who feel racial discrimination, for example, is a problem. Yet these same people conclude their statement of concern with, "but I'd prefer not to get involved."

Now comes this task force which persons or groups with problems or suggested solutions can arrange to appear before simply by dropping a note to Task Force, P.O. Box 864, Pontiac, Mich.

Persons who do not wish to appear can address written information to the same address.

Yet, according to Edward E. Barker Jr., task force

chairman, very little response has been received from either individuals or organizations as a result of invitations to meet with the task force.

"We simply report this fact," Barker said, "and it is not meant to indicate any discouragement on our part to continue our effort in this direction."

"Therefore, we again invite all concerned citizens and organizations to communicate with the task force as soon as possible so that problems can be identified and plans made for their solution."

"The identity of persons submitting information will be considered confidential if so desired," he said.

Such information will become the basis for recommendations for action to the Pontiac Area Planning Council.

It's a step in the right direction, but nobody's using it.

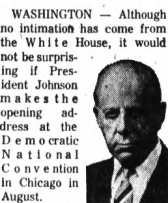

It would be a shame if the only people who care to become "involved" in solving community problems are the relatively few who already sit on this task force.

'Don't Just Stand There, Coax Me!'

David Lawrence Says:

LBJ Convention Strategy Seen

LAWRENCE

WASHINGTON — Although no intimation has come from the White House, it would not be surprising if President Johnson makes the opening address at the Democratic National Convention in Chicago in August.

Without endorsing any of the candidates for the nomination, he could readily delineate what the nominee should stand for as a forthright defender of the Democratic administration of the last four years.

It is not illogical for Mr. Johnson to argue that whoever is nominated should be in a position to endorse the acts of the administration in both international and domestic affairs.

In fact, he told a group of aides to Democratic congressmen, at a meeting yesterday, that he wouldn't be an "uninterested bystander" during the coming campaign because "the record of this administration" must be defended.

The theory is, of course, that, since Republicans will do plenty of attacking anyhow, it would not be wise for the Democratic nominee to spend time criticizing what the head of his own party has done.

Two of the aspirants, however, for the Democratic presidential nomination—Sen. Robert Kennedy and Eugene McCarthy—have made many speeches deploring certain phases of administration policy.

Mr. Johnson wouldn't have to mention any names in his address to the convention, as the delegates would be well aware that Vice President Hubert Humphrey has not been among the critics but has upheld the administration viewpoint throughout.

President Johnson feels that he and his associates have a good record. Hence, it is natural for him to believe that the Democratic National Convention would be making a mistake if it did not formally vote approval of what has been accomplished.

While the Vietnam war issue has caused most of the dissension within the party, the President may by next August have gotten peace negotiations started — a circumstance which could certainly alleviate some of the criticism of his policies.

If the contest for the presidential nomination ap-

pears to be close, a speech by Mr. Johnson at the convention might be enough to tip the scales in favor of Vice President Humphrey.

Certainly a president who could himself have been renominated but for sook public office in order to be able to handle the international situation without regard to politics becomes an

influential figure in national politics, especially among independent voters.

So, while it may be unprecedented for an incumbent president to make the opening address at a nominating convention, this contingency for the August 1968 gathering is not being crossed off by the politicians.

(Copyright 1968, Publishers-Hall Syndicate)

Bob Considine Says:

New Exciting Approach Enters the Cancer Fight

NEW YORK—The ways and wonders of cancer research boggle the layman's mind.

Recently, I was called upon by Walter Winchell, founder and chief mover of the Damon Runyon Fund for Cancer Research, to present a check for \$17,000 to Geoffrey L. Zubay, associate professor in molecular biology, Columbia University.

My kid brother died of cancer of the pancreas some years ago and I've been interested in this worst of all of man's woes ever since. Interested and generally bewildered.

For a long time the standard assaults on cancer, once it is detected in persons who have sense enough to go in for regular checkups, have been in the realm of surgery, radiation and chemotherapy.

Now there is a fourth and exciting approach to the awful problem that strikes down many more Americans each year than are felled in Vietnam.

It is molecular biological research, and it was to one of the leaders in that field, and his associates, Dr. Zubay, that the newest Runyon fund grant was made — the fourth such grant, by the way.

I asked Dr. Zubay if he would drop me a memo on this newest work, and couch it in language that I could understand.

Here goes: "Molecular biology all started some 24 years ago with a discovery at Rockefeller University that the hereditary information in the cell is carried by the macromolecule called deoxyribonucleic acid (DNA).

"Prior to this it was known that all living forms are composed of tissues and organs and that the basic building block used in their construction is the cell.

Other cities, including the nation's capital, had the same tragic experience. Mayor Daley has ordered the police to shoot arsonists and looters and thus has served notice on these criminals that they will start future orgies of destruction at their own peril. Without such an order, Chicago

the recent disorders resulted in the burning of scores of buildings and the plundering of several hundred business places and homes. The principal victims were Negroes, who saw their life savings and their means of making a living destroyed. Many of the homes and businesses might have been saved if more force had been used to crush the riot at its beginning.

Voice of the People:

'Lack of Love for Others Is Root of Our Problems'

Communism, as stated in a recent letter, is without a doubt the cause of riots in the U.S. cities. A definition in Webster's Dictionary reads, "communism: any system of social organization in which goods are held in common." This applies quite well to white America. If we clean up this type of communism, problems will no doubt dwindle. The heart of the problem is not money but a true feeling of love for the people of America.

The Negro needs not handouts but the opportunity to work, be educated, be housed and live as if his skin were white. However, if this is to be done out of fear by the white man, we shall always have problems. Yet, if there is true love of thy neighbor then the money needed will be no problem.

Comments on Telephone Employees Service

During our recent bereavement over the loss of our daughter and two grandchildren, I wish to comment on the complete disrespect of the Michigan Bell Telephone Company, with the exception of two people. In attempting to place necessary long distance calls, I was met with sufficient discourtesy to sicken me with the monopoly this company holds over people, especially in times of need. As usual, the men in uniform—the public servants—show what kind of metal they are made of.

Another Comment on Nursing Home Care

My mother is in a nice nursing home in Pontiac and she is not "crazy away." She is getting wonderful care, a registered nurse is on call 24 hours a day, she is with people her own age and she loves it.

ANOTHER ONE OF EXPERIENCE

'Let's Approve Rochester Millage Proposals'

The Rochester Branch of the American Association of University Women wholeheartedly supports the Rochester Board of Education's request for both the renewal and the additional millage proposals that are up for voter approval on April 29.

To vote against approving funds needed to maintain current educational levels and additional monies to conservatively allow for future development is not only curtailing the present but seriously shortchanging the future. In the interests of continual improvements within the Rochester Community Schools system the Rochester Branch of AAUW urges all citizens to approve the millage proposals.

MRS. JOYCE SOLVERSON, PRES.
ROCHESTER BRANCH AAUW

Question and Answer

Isn't there some way to have our hydrants flushed to eliminate the iron ore in our water lines and to make sure they work properly? I've lived in my new Lincoln Crest subdivision home over four years and this has never been done. Two years ago the health department told me this had to be done at least twice a year. What can I do to get some action?

E. M. ATKINS

REPLY

Mr. Corwin of the County Water and Sewage Department says they are flushed twice a year, but not every hydrant is flushed individually. Certain ones are selected so several hydrants on the same line can be flushed at the same time. He says spring flushing has been scheduled and he will be glad to give you the date for your subdivision if you will call him at FE 8-4585. Incidentally, when asking about your subdivision, it is officially listed as Welch Park.

Mayor's Duty

Chicago Tribune

In times of natural disasters — earthquakes, storms, and floods — police and military authorities regularly issue orders to shoot looters and other criminals. Such orders are rarely questioned or criticized; the public recognizes that drastic measures are necessary to restore order.

Why, then, is Mayor Daley being criticized for deciding to use drastic measures if any more disastrous riots are started in Chicago? As the chief executive officer of this city, it is his duty to keep the peace.

The recent disorders resulted in the burning of scores of buildings and the plundering of several hundred business places and homes. The principal victims were Negroes, who saw their life savings and their means of making a living destroyed. Many of the homes and businesses might have been saved if more force had been used to crush the riot at its beginning.

Other cities, including the nation's capital, had the same tragic experience. Mayor Daley has ordered the police to shoot arsonists and looters and thus has served notice on these criminals that they will start future orgies of destruction at their own peril. Without such an order, Chicago

the recent disorders resulted in the burning of scores of buildings and the plundering of several hundred business places and homes. The principal victims were Negroes, who saw their life savings and their means of making a living destroyed. Many of the homes and businesses might have been saved if more force had been used to crush the riot at its beginning.

Other cities, including the nation's capital, had the same tragic experience. Mayor Daley has ordered the police to shoot arsonists and looters and thus has served notice on these criminals that they will start future orgies of destruction at their own peril. Without such an order, Chicago

Measures are necessary to maintain order. You need not risk being shot; don't attempt to burn buildings down, and don't loot. It will be only criminal lawbreakers who are shot.

The principal victims in any future riots again would be Negroes. Shopkeepers in Negro areas of Chicago are in danger to protection just as much as the merchants in the Loop. Homes in Negro areas deserve police protection as much as the apartment buildings on Lake Shore drive.

For this reason it is puzzling to find representatives of Negro organizations protesting against Mayor Daley's order. Would they prefer to have the police department used only to direct traffic for the rioters and their cars filled with loot? Do they want national guardsmen and federal troops used only as observers of the destruction? The kid-gloves policy did not work in any of the cities afflicted by the recent orgies of vandalism.

One of the nation's leading experts is O. W. Wilson. When asked to comment on Mayor Daley's latest order he said: "The shoot-to-kill order, if carried out, certainly would be effective. And, with conditions prevailing as they do in large cities of this country, it may very well be necessary to follow such a policy if we are not going to have our cities burned to the ground."

In times of disaster, drastic

Farm Subsidy

Columbia (S.C.) State

If you don't think the state of farming in America is bad, chuckle with us (if you can) over this anecdote:

Two veteran farmers were being interviewed by a local newscaster. At the end of his questioning, he said: "What would you do if you were to inherit a million dollars tomorrow?"

The first allowed as how he'd quit working, take life easy and go fishing.

The second scratched his head, thought awhile, and answered: "I reckon I'd just keep on farming 'til it was all gone."

Columbia University Bows to Militant Student Protest

NEW YORK (AP) — Columbia University bowed today to a militant student protest that had disrupted campus life for three days and said it would halt construction of a controversial gymnasium until further notice.

The reversal came in an announcement by university Vice President David B. Truman before a wildly cheering crowd of 150 white and Negro onlookers gathered on the steps of Low Memorial Library.

Truman also said the entire university would be closed until Monday to permit further talks between the administration, faculty and Mayor John V. Lindsay.

The concession seemed to drain much of the tension that had built up on the Ivy League campus, but student demonstrators continued their sit-in at five campus buildings.

They apparently were hoping that the university also would yield to their second principal demand, amnesty for all demonstrators.

President Grayson Kirk announced Thursday that no amnesty would be granted. He said such a concession would "destroy the whole fabric of the university community" by making a sham of the college rules.

An hour before Truman spoke, a double file of about 20 plainclothes police, some carrying

nightsticks, pushed past a dozen faculty members stationed before the library door.

One woman was pushed to the ground and stepped on, and a male French instructor was clubbed on the head. He was treated for a scalp cut at a hospital and released.

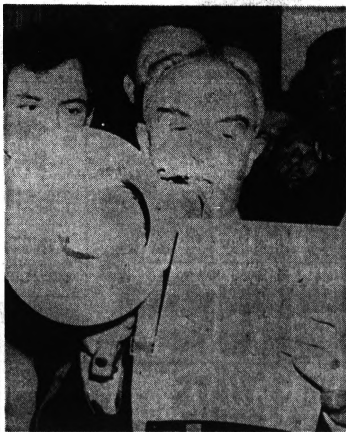

STUDENT DEMANDS

When the protest began Tuesday noon, the demonstrators, organized by the Students for a Democratic Society, demanded that the gym construction in Harlem's nearby Morningside Park be halted and the university sever its ties with the Institute for Defense Analysis.

Later they added the demand for amnesty and agreed that the IDA issue could be negotiated if the university yielded on the other two demands.

Although the demonstrators numbered only several hundred out of the total enrollment of 27,500 they forced the university to cancel night classes Wednesday and Thursday and barred 2,500 of Columbia's 10,000 day students from classes Thursday.

Some students were angry at being turned away and there were a number of verbal confrontations between the groups. The demonstrators were supported by some outsiders.

BOWING TO PROTESTS — Columbia University Vice President David B. Truman uses a bullhorn yesterday as he reads a statement that the university will halt construction of a controversial gymnasium until further notice.

Cavanagh Raps News Article

Says Antipoverty Story Was False, Misleading

DETROIT (AP) — Mayor Jerome P. Cavanagh of Detroit took issue Thursday with an April 10 Associated Press article about operations of the city's antipoverty program.

The article was written by Dick Barnes and Gaylord Shaw of Washington, members of the AP Special Assignment Team, who spent three weeks in Detroit studying the program.

Cavanagh said the article contained "false, misleading and distorted" criticisms and announced that a detailed report would be sent to congressmen and Michigan legislators to "clear up innuendos and half-truths" in the dispatch.

The mayor cited a report by the city's antipoverty director, Richard Simmons, which claimed that the AP article had contained "incorrect statements" about the program.

Mayor Cavanagh particularly disputed this statement in the AP report: "By the antipoverty agency's own admission, only 53,283 persons were participating in its programs at the end of last year."

Calling this "the most distorted criticism," Mayor Cavanagh said the 53,283 figure "actually represented the services provided during a three-month period — October, November and December, 1967—alone."

In Detroit today, State Rep. James Del Rio was to reveal a report of his probe of Detroit's antipoverty agency, but the report reaches some "unfounded conclusions" according to some of Del Rio's co-investigators.

Del Rio was chairman of the investigative committee.

Navy Official Charges

'Industry Shuns Defense Jobs'

WASHINGTON (AP) — Vice Adm. Hyman G. Rickover charged that some corporations have refused, or delayed acceptance of, defense contracts in favor of less rigidly controlled civilian work.

And, he said, the law which would force the companies to take defense work is not properly enforced.

Rickover made the charges in a closed session of the House Banking and Currency Committee on April 11. The committee voted this week to make the testimony public, but it still has not been officially released.

"It has become increasingly difficult to get industry to accept and perform orders for military equipment in a timely and economical manner," Rickover testified.

He said he has had to place orders for equipment as long as four years before it is needed because "industry would much prefer to do civilian work."

General Electric refused to bid on a contract for propulsion plant equipment for a new submarine considered to be an "urgent military requirement."

Rickover is the Navy's deputy commander for nuclear propulsion of the Naval Ship Systems only company which could land the job, but GE said it did not at that time have enough engineers to do the work.

You'll buy a new furnace maybe once in your life. Here's how to do it right.

Use this new Three-Step Protection Plan to guard your investment before and after you convert your furnace. First, call Edison. We'll give you the names of electric heat contractors near you. Each has been approved by Edison as qualified—and each is a reputable businessman.

Next, the contractor will check your home, review your needs, and recommend the type of heat best for you. He'll recommend electric heat only if it meets your needs. Electric heat is clean, quiet, comfortable and more economical than you'd imagine. In fact, electric heat rates have been reduced again—this time, by 10%. That's 30.5% in eight years. The contractor will estimate both installation and operating cost and give them to you in writing. All without obligation. We'll check the quotation if you like.

Then, after your new electric heat system is installed, Edison and your contractor, working together, will make any adjustments necessary to the system if operating cost exceeds the original estimate during the first three years of use. At the end of this time, if operating cost still exceeds the estimate, and you aren't satisfied, Edison will remove the system and refund your original price.

That's our new Three-Step Protection Plan. What better way to protect your investment during every step of conversion to electric heat? Remember the First Step. Call Edison for the names of the approved contractors nearest you.

NO MESSAGE IN THIS MOVIE—Gregory Peck, shown rehearsing a scene with an unidentified actor, denies that most of his movies have a message. The rehearsal is for another western, "The Stalking Moon."

Honor-Winner Peck Shuns 'Do-Good' Tag

HOLLYWOOD (AP) — "I'm not a do-gooder," said Gregory Peck with emphasis. "It embarrasses me to be classified as a humanitarian. I simply take part in the activities that I am interested in."

The actor was commenting on his receipt of the Motion Picture Academy's Jean Hersholt Award for humanitarian service. While he felt honored, he sought to escape any do-good connotation. That is an image he does not seek.

Peck had just been interviewed on the set of his new Western, "The Stalking Moon," by an Argentine correspondent who asked him: "Why do so many of your pictures have a social message?"

"I had to tell her," Peck reported afterward, "that of the 40 pictures I have made, only 'Gentleman's Agreement,' 'To Kill a Mockingbird' and possibly 'On the Beach' carried any kind of social message. The rest were Westerns, comedies, war pictures and straight adventure stories like 'The Guns of Navarone.'"

Despite his disclaimers, Peck's Arts Council, and as an adviser of film in this country. All this to the new American Film Institute, plus his presidency of the Academy, which attempts to preserve the art of Motion Picture Arts and the past and promote the future Sciences.

Among them:

- The Motion Picture Relief Fund. He has been chairman of the drive to raise \$15 million in 15 years to support the industry's ill and aged. Six million has been collected in the first two years.

- The American Cancer Society. Two years ago he was chairman of the annual fund drive and spent four months touring 28 cities to raise \$50 million.

- The National Endowment for the Arts. Peck served a two-year term on the committee aimed at spreading culture through the nation.

- The Inner City Repertory Theater. He has been a guiding force in the Los Angeles stage company which offers excellent productions to schoolchildren and adult patrons.

Peck also serves on the executive council of the Los Angeles Music Center, as vice president of the San Diego County Theater

Mailbox May Lead Teen to Life of Crime

By DICK WEST
WASHINGTON (UPI) — One thing about us Americans, once we understand a problem clearly we usually can be counted on to do the right thing.

Especially if the problem is too big to fit under a rug.

The other day, for example, I made a passing reference to these public service messages on radio and television urging motorists not to leave their keys in their cars.

The burden of the appeal is that most car thefts are committed by teenagers and that a key left in the ignition switch may tempt some youth to steal the car.

NEW UNDERSTANDING

"Don't help a good boy go bad," the messages say.

A number of motorists have written me saying that until they heard these messages they didn't understand the problem. They had thought that culpability in auto larceny rested on the thief rather than the car owner.

Now that their thinking has been straightened out, they are determined to do the right thing.

One suggested remedy is the enactment of a law which a motorist whose car is stolen would be arrested for con-

tributing to the delinquency of a minor.

TAKEN TO HEART

I have a neighbor, Smedley as I shall call him, who particularly took the message to heart.

In my neighborhood, a favorite youth recreation is to drive along the suburban streets dropping cherry bombs into mailboxes. Cherry bombs are used because the kids in my neighborhood are too lazy to make their own Molotov cocktails.

A few nights ago they blew up Smedley's mailbox, and when I stopped by to commiserate with him he was reeling with guilt pangs.

"It's all my fault," he wailed, "I shouldn't have put up a mailbox. I should have had my mail sent general delivery and gone to the post office to pick it up."

WORD OF CONSOLATION

"There, there, old fellow," I said, patting his head consolingly. "I can see why you

are so upset. Mailboxes cost money."

"I don't mind that," Smedley said. "I just feel terrible about putting a good boy go bad. By some lad to engage in malicious destruction of property."

"That's only a misdemeanor and it's only your first offense,"

I said. "If you keep your record clean hereafter, people won't hold it against you."

"Maybe so," he said, "but I can never forgive myself."

"By the way," I said, "where's your car?"

"I couldn't trust myself to remember to remove the keys," he said, "so I sold it."

Levin Pledges to Fight Racism

'Party Platform Will Focus on Solutions'

WESTLAND (UPI) — State Democratic Chairman Sam Levin pledged Thursday night that the elimination of white racism would be the "chief platform-writing goal" of the state party this year.

"Many white people are not consciously racists, but they unknowingly act in ways which prevent the Negro from attaining his fair chance in our society," Levin said.

"Our job as leaders, our job as a party, is to do all we can to make all of us aware of just what our society has done to shut the Negro out, to make all of us understand what the Negro must confront in breaking out of the ghetto.

"We intend to make this the chief platform-writing goal of the June Democratic State Convention. We want that convention to approve an equal-opportunity platform with massive and meaningful solutions," he said.

LEVIN SPEAKS IN WESTLAND

Levin, who also is a state senator from Berkeley, spoke at a dinner hosted by State Sen. William Faust, D-Westland. The Democratic State Convention will be held in Detroit June 1-2. Levin said that a "not-so-subtle form of racism," such as a refusal to welcome Negroes into white areas, must be ended "if we are to avoid total chaos in this country."

"We as suburbanites can live away from the city, but we cannot run away from its problems," he said. "We must understand that this subtle discrimination is most often just as real a barrier to the Negro as if we built a stone wall around him."

Hearing Month

LANSING (AP) — Gov. George Romney has proclaimed May as Hearing and Speech Month in Michigan. Romney urged everyone to recognize efforts being made to assure "better hearing and speech for citizens."

Receives Father's Kidney

Girl, 15, OK After Transplant

ANN ARBOR (UPI) — Aurora Sarmiento, 15, a dark-haired Venezuelan girl with a lively sense of humor was reported in good condition today after she received a kidney from her father Thursday in a 4½-hour operation.

The girl, daughter of Mr. and Mrs. Federico Sarmiento of Caracas, was suffering from an irreversible kidney deterioration when she was brought to University of Michigan Hospital last February.

Her father, a captain in the merchant marine and an instructor at the Venezuelan Naval Academy, was chosen as the donor after tests which began in his homeland. A doctor in Caracas, who had interned at the University of Michigan, recommended the hospital for the operation.

IN GOOD CONDITION

The father was reported also in good condition after Wednesday's surgery, and doctors said he might be up and around by Friday. For Aurora, however, there is the prospect of at least

Detroit Employees' Union Sees No Movement in Talks

DETROIT (UPI) — A union spokesman Thursday reported "no movement at all" in contract talks aimed at averting a possible strike by 10,000 city employees.

Bill Van Zandt, an international representative for the American Federation of State, County and Municipal

Employees union, said there was "very little indication at this time that the city is prepared to meet our wrap-up proposals."

At issue is a demand for more money and fringe benefits under a wage reopener provision of a two-year contract which the union has with the city. The contract does not ex-

pire until October of 1969, but the union has the right to cancel it upon written notice if the city does not include what it deems a proper wage increase in the budget which the mayor has submitted to common council.

The negotiations began under the reopener clause after the budget was submitted April 9. Van Zandt said the union would

decide "one week from today" whether the agreement would be canceled.

COULD TRIGGER STRIKE

Such a cancellation could trigger a strike by up to 10,000 city employees in all the major departments, including garbage men, parks and recreation, public lighting and others.

Major issues, in addition to the wage increase, include additional vacation time for workers with 10 years service, a cost-of-living allowance increase, additional hospital medical coverage for retirees and a minimum wage of \$3.00 an hour for some categories, Van Zandt said.

Vote Honors King

BERKELEY, Calif. (AP) — University of California students voted 7,705 to 2,011 in favor of renaming the new theater complex on the Berkeley campus "Martin Luther King Hall." University officials have said there is little chance the board of regents will change the name of the \$7 million building from Zellerbach Hall. It is to be dedicated next month.

LBJ, Norway King Find Common Factor

WASHINGTON (AP) — President Johnson found something in common with Norway's King Olav V—neither of them has any election worries.

Revealing in his new role as a noncandidate, Johnson dwelt humorously on the subject in a champagne toast at a state dinner Thursday night in the visiting king's honor.

King Olav, 64, the first reigning Norwegian monarch to visit the United States, was welcomed by Johnson with a 21-gun salute ceremony on the South Lawn Thursday, followed by a conference.

The formal dinner party—with entertainment by the Joffrey Ballet of the New York City Center—capped the day. Many Americans of Scandinavian descent were among the 140 guests, including ice skater-actress Sonja Henie, who wore a dazzling array of huge square-cut diamonds and rubies in pendant necklace, earrings and bracelet.

In his dinner toast, Johnson called the king "the rarest of all distinguished visitors to this house—a man who is nonpolitical by law."

"How much in common we have to talk about—just the two of us nonpoliticians," the President said with a grin.

Shouts of "Skool!" filled the state dining room as Johnson raised his glass for a champagne salute to enduring friendship with Norway, a country he said was allied with the United States in the cause of peace and progress.

The king in his toast, told Johnson the Norwegian people expressed "relief and pleasure" at the news of initial negotiations for peace in Vietnam.

King Olav said he spoke for all of his countrymen in expressing "the fervent hope these negotiations may be attended with success and lead to peaceful settlement."

7 DAYS A WEEK?

Local stores are being sounded out as to changing Pontiac's Sunday closing ordinance.

As it is now, Pontiac, Birmingham, Detroit and Northland have stores open only 6 days a week.

I had an article in the paper, asking voters' viewpoints. Here are the results:

1. Are you in favor of all big stores being closed one day a week? **Yes 89%. No 11%.**
2. Are you in favor of changing Pontiac's present city ordinance? **Yes 20%. No 80%.**
3. Should stores over 5 employees and 5,000 square feet be closed on Sunday? **Yes 86%. No 14%.**
4. Would you like Waterford Township and West Bloomfield Township to have an ordinance like Pontiac's closing stores on Sunday? **Yes 89%. No 11%.**
5. (There was no place to vote, on the ballot, on whether or not you would boycott stores on weekdays, that sell on Sunday. Even so, voters went out of their way to mark their ballot.)

Here is what they say:

90% Would Do So. 10% Don't Care.
Write and let your City Commission know how you feel.
Thanks for your participation.

300 Officials at Planning Confab Hear TALUS Report

By ED BLUNDEN

About 300 regional officials attended the 17th annual Regional Planning Conference held in Detroit's Cobo Hall yesterday.

One of the focal points of the many reports heard in the all-day session was one on progress of the Transportation and Land Use Study (TALUS).

Irving J. Rubin, TALUS director, said \$3.5 million has already been spent out of an allocated \$4.8 million. The study is to determine needs of the region — roads, water, sewer, airports, parks, etc. — until 1990.

Rubin said TALUS employs 75 people and has amassed data on 110 miles of tape. The study

will be completed in June 1969, used by school districts, for example, to determine what population growth could be expected and the future tax base that could be expected to support the schools' finances.

MAY REPEAT MISTAKES

Rubin explained when the study is finished it will contain recommendations for local units of governments. "It will be up

to those governments to implement the plans," he said.

He warned without use of planning many mistakes of the past would be repeated in growing communities.

Another speaker addressed himself to the foes of central planning and the COG organization. Mel Ravitz, Detroit councilman and vice chairman of COG, warned that in addition to the "right-wing suburbanite" foes of COG, the Negro power group in the central city has been voicing op-

position. Ravitz urged including them more fully in future planning. He said among the Negro elements was the feeling that COG was a device "to overcome the growing political power of the central city."

Without cooperation and participation by both suburban and city elements, COG would be ineffectual, Ravitz said.

Another speaker indicated a further area for COG involvement. Mrs. Betty Tableman, executive director for the Comprehensive State Health Planning Commission, pointed out her field is a new one in state government, recently set up by legislation.

She said the agency would attack problems of the total health picture of communities including problems of pollution, deprivation, etc. She said no such agency now existed in the Detroit metropolitan area but indicated such a function could be part of COG.

Support for two state bond issues slated for the November ballot was urged by speaker Glen Gregg, deputy director for recreation of the Michigan Department of Conservation.

BOND ISSUES

The bond issues are \$335 million to combat water pollution and \$100 million for recreation.

Gregg explained the water pollution measure would provide state funds for sewer installations (large projects are about to be under way in Oakland and Macomb counties). The recreation funds would be used for such projects as salmon planting and for state park land acquisitions, he said.

"The time to act to preserve our natural resources is now," Gregg said.

Prior to the other activities and speakers in the conference, three panel discussions were held in the morning on:

• Coordination of planning programs—concerning the conflicts between local and area planning.

• School planning—concerning the effects on schools or urban renewal, low-rent hous-

ing, property tax limitations, zoning laws, etc.

• Federal project applications—how federal funds are available for local planning efforts.

Plans for Better Race Relations Muddled

(Continued From Page One)

Cleveland said the board of governors is hampered by an executive committee "that surreptitiously programs each meeting."

The governors also indicated last night that they will make a decision in forthcoming weeks regarding making the Pontiac Housing Study Committee—a privately organized group headed by Howard H. Fitzgerald II, publisher of The Pontiac Press—a part of the planning council structure.

Edward E. Barker Jr., president of the Pontiac State Bank, and a member of the housing committee, read a letter on behalf of Fitzgerald, advising the governors that the com-

mittee is willing to affiliate with the planning council.

Barker also recommended that the governors take an active interest in various phases of city planning including advising the City Commission on a new zoning ordinance and map which is being proposed for the city.

COMPLETE RETHINKING

He said there may be a "need for complete rethinking of the entire physical planning mechanism for the benefit of coordination and communications."

During the discussion of the race relations task force's recommendations, Monroe M. Osman, president of the Pontiac Board of Education, said he will recommend to the school board at its next meeting that the

board allocate funds for conducting the summer youth program.

The youth program was carried out in the city last year under federal funds, but City Manager Joseph A. Warren said the funds are not available this year.

MAYOR WILLIAM H. TAGLOR JR.

indicated that the program was highly beneficial and had been recommended by all persons involved with it. He said the city would attempt to find funds through federal sources or help from the program with the school board's help.

BANK EMPLOYMENT

It also was announced at the meeting that the board of directors of the Community

National Bank had resolved to spend \$25,000 annually to provide employment for Negro high school students.

Twelve students have been hired by the bank, a spokesman said.

He said the bank hopes the students will ultimately become valuable full-time employees.

"We must say with candor this action came about because it appeared to us that although there has been a great deal of conversation and many meetings on this problem, we became convinced that now is the time for action."

He said the new program is not a departure from past policy but an added and increased effort.

Building Plans Expanded

(Continued From Page One)

son said last night "I have never asked you to adopt it as an official city plan," but he said its merits are such that it could be well-utilized.

He said he had put 2½ years into the plan. "I personally believe it is the best plan to be offered to any American city."

Davidson said that officials have never said "yes" or "no" to it. "People sit and don't say anything about it."

The plan he said has been reviewed by hundreds of designers and architects from Michigan and other states and by the entire staff of Constantin Doxidadis the world-renowned city planner.

"PRAISED"

"No one has ever criticized it. Doxidadis' staff had praised it as being "both beautiful and sensible in every way," he said.

Davidson said he would continue to push the plan until the city either accepts it or refuses it.

Davidson was expected to make specific recommendations for development in Pontiac but his remarks were general in nature.

His often controversial remarks were well received by the board of governors and they applauded him at the conclusion.

Davidson said while there is no one, final comprehensive plan there is a great need for development of a psychological concept so that "you know what you are doing and where you are going."

He said this entails development of values comparable with the type of society desired. He criticized false values he said were evident in attitudes of the middle class toward the poor.

Davidson said that many complain of governmental handouts for the poor but 85 percent of middle-class homes in America are financed with government money. "They insist on socialism for the middle class and free enterprise for the poor," he said.

Admiral® announces the only 3-year warranty on color TV picture tubes.

That's two years longer than:

GE, Motorola, RCA, Zenith and most others—and it's good in all 50 states.

For example, if you buy an Admiral color TV set in New York and move to Hawaii, this new extended warranty will be valid for the full three-year period.

This unprecedented step began in 1964 with the building of the Admiral tube plant, the most modern in the industry. With its advanced technology, precision, and greater automation, it has enabled us to set new standards of quality.

Result: When you buy an Admiral precision-built Color TV set, you get the finest color picture tube possible to manufacture—a tube with such quality and reliability that Admiral can back it in writing for three full years.

It's the first real breakthrough in color TV—the kind of breakthrough you'd expect from a leader like Admiral.

In short, Admiral has taken the worry out of color TV. And this worry-free color TV is at your Admiral dealer's right now. Choose from a wide selection of handsomely

styled portable, console, stereo theatre and Sonar remote control models in a variety of screen sizes.

Start enjoying worry-free Admiral color TV—the only one that offers you a nationwide three-year warranty on all its super bright color picture tubes. See your Admiral dealer soon.

Admiral Color TV Picture Tube Warranty

The picture tube in each new Admiral color television set is warranted to the original owner to be free from defects for 3 years after date of purchase. During this period, Admiral will supply a replacement tube in exchange for the defective tube without charge. Service and installation costs are to be paid by the owner. Provided an Admiral replacement tube is used, it will be warranted for the unexpired portion of the original 3-year warranty. To be effective, the warranty must be registered by mailing the warranty card accompanying the set to Admiral within 3 days after delivery.

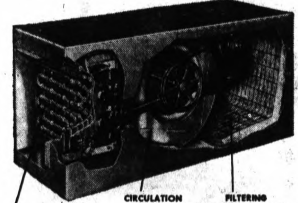

This warranty applies to all Admiral Color TV sets manufactured since December 1, 1967, when sold through a participating Authorized Admiral Dealer. See him for details.

Admiral can protect you from color picture tube costs like these:

Color picture tube size:	Cost*
18-inch tube (diag. meas.)	\$165.00
20-inch tube (diag. meas.)	190.00
23-inch tube (diag. meas.)	200.00
*Rounded to the nearest dollar.	

At Admiral we're so confident about the quality of our Color TV that we've extended the warranty on our color picture tubes to **three full years**. And this warranty is good in every one of the 50 states.

Midshipman From Area Gets Honor

A Waterford Township man was one of two midshipmen from Michigan selected as Trident scholars at the U.S. Naval Academy for the academic year 1968-69.

He is Roger K. Roosa, son of Mr. and Mrs. Jack B. Roosa of 4033 Athens.

Roosa, 21, is a 1965 graduate of Waterford Kettering High School.

The Trident scholar program was instituted by the Naval Academy in 1960 to permit a limited number of midshipmen to do independent study and research during their senior year.

Under this program, midshipmen, in the top 10 per cent of their class at the end of the first semester of their junior year, are invited to submit proposed research projects and programs of study with the advice and consent of a faculty adviser. These are then evaluated by the academic board.

The other Michigan man honored is John M. Cochrane of Coldwater.

Kindergarten Rolls Are Down

LANSING (UPI) — Although the number of Michigan children enrolled in public schools this year jumped by 49,000, the number of those just starting school dropped considerably.

At the other end of the school spectrum, the number of those about to graduate increased.

Enrollment figures released by the Michigan Department of Education Wednesday showed there are 2,079,961 children in school this year, compared with 2,030,954 in 1966.

The number of kindergartners dropped by nearly 6,000 while high school seniors increased nearly 4,000, the department said.

METRO AREAS

Nearly half of the state's total school enrollment — 46.1 per cent — are students in schools in Wayne, Oakland and Macomb counties. Last year, the tri-county metropolitan area had 46.3 per cent of public school enrollees.

Children in special education classes this year total 32,365 compared with 30,928 a year ago. School memberships are counted on the fourth Friday in September.

Compared with the initial report of school enrollments five years ago, the number of children in grades kindergarten through sixth increased 6.8 per cent and in grades 7-12, by 16.3 per cent.

25 Years of Service to Be Recognized

Dr. Harry Godsell of 178 N. Perry will be honored for 25 years of service at the annual Salvation Army Advisory Board dinner Monday night.

Recognition of service plaques also will be given to certain workers at the 6:45 dinner at Greenfield Restaurant, Birmingham.

Maj. Walter Kennedy, in charge of the Detroit Salvation Army Citadel Corps, will be the guest speaker.

The meeting is open to the public. Tickets at \$4.50 may be purchased at the Citadel office, 29 W. Lawrence.

Children's Unit Gets Male Chief

WASHINGTON (UPI) — The Children's Bureau of the Department of Health, Education and Welfare is getting its first male chief since its founding in 1912.

President Johnson yesterday named Pardo Frederick Delliquadri, 52, dean of the University of Hawaii's School of Social Work, to succeed Mrs. Katherine B. Oettinger, who has been serving as deputy assistant HEW Secretary for family planning and population since last August. She will continue in that post.

Waterford Unit OKs Rezonings

Planners Recommend 6 Changes, Reject 1

Seven rezoning requests recently considered by the Waterford Township Planning Commission will be up for action at a future meeting of the Township Board.

Six of the proposals were given favorable recommendations by the planning commission, which submitted a negative recommendation on the other request.

The commission tabled another zoning change request to May 28. Another proposal was withdrawn and May 28 public hearings were established for four other requests.

Recommended for approval were requests to:

- Rezone property at Clintonville and Mann from local business (C1) to single-family residential (R1A) with special approval for a travel trailer sales business.

- Rezone property at M59 and Forest from C1 and R1A to general business (C2) with special approval for a travel trailer sales business.

- Rezone property on Cooley Lake Road near Malcolm from R1A to multiple dwelling (R2) for apartments.

- Rezone property at Hadriell and Telegraph from C1 to C2 for a restaurant. The recommendation is subject to certain road improvements on Hadriell.

- Rezone property at Wanamaker and Scott Lake Road from R2 to commercial recreation amusement (RA2).

- Rezone property at Wanamaker and Scott Lake Road from R1A and light industrial (M1) to R2 for apartments.

The last two recommendations are subject to the 30 acres north of the property remaining industrial-zoned property.

REQUEST DENIED

Recommended for denial was a request to rezone property on Walton near Sashabaw from restricted office (RO1) to R1A for homes.

Tabled was a request to rezone property on M59 between Preston and Coleman from RO1 to C1 to relocate a Chicken Delight restaurant.

Withdrawn by the applicant was a request to rezone property on Williams Lake Road near Cooley Lake Road from R1A to R2 for apartments.

County Leads State in School Rolls Growth

Oakland County has the fastest-growing public school enrollment in the state, reports the State Department of Education.

This year 228,446 kindergarten through 12th grade pupils are enrolled in 29 county districts, up 9,728 over last year.

Oakland County's student growth this year is more than four times that of the state's most populous school area, Wayne County.

Wayne County has 578,191 students, an increase of more than 2,000 pupils over last year. Oakland County has the second most students in Michigan.

Oakland moved up from having the third largest enrollment increase since 1963 behind Wayne and Macomb counties last year to the largest increase this year.

Area Dentists Seek Dental Unit Posts

Two Birmingham dentists will seek positions on the board of trustees of the Michigan State Dental Association when the organization holds its 111th annual meeting Monday through Wednesday in Detroit.

The candidates are Dr. Edwin W. Deer of 467 Bonnie Brier, an incumbent, and Dr. Jack Funky of 1200 Hillside.

Dr. Robert Vedder of Royal Oak, president of the 375-member Oakland County Dental Society, will head the local delegation to the three-day business and scientific conference at the Statler Hilton Hotel.

OCC Plans 2-Day May Workshop on Drug Dependence

"Drug Dependence — Its Scope and Nature," a two-day workshop for school personnel on drug-use control, will be held May 16-17 at Holiday Inn, 1801 S. Telegraph, Bloomfield Township.

Coordinated by Oakland Community College and Oakland County Prosecuting

Attorney S. Jerome Bronson, the workshop has been designed to meet the specific needs of school administrators and counselors by utilizing the services of specialists in various aspects of the problem of drug addiction.

The May 16 program will in-

clude "The Historical Development of Drug Dependence" by William Thomas, Federal Bureau of Narcotics; "Drug Identification" by Abraham Azarov, Bureau of Drug Abuse Control, Federal Bureau of Narcotics; and "The Physiological Aspects of Drug Dependence" by members of

the staff of the Oakland County Medical Society.

The May 17 program will include "The Psychological Aspects of Drug Dependence" by Dr. Andrew Van, Oakland County Juvenile Court psychiatrist; "The Legal Aspects of Drug Use and the Role of the Educator" by

Charles Woodruff, Oakland County Juvenile Court; and "General Problems of Dependence and Habituation" by Dr. Martin Barr, dean, College of Pharmacy, Wayne State University.

Coordinator for the workshop is Arthur W. Jalkanen, dean of

students, OCC Auburn Hills campus.

Welcome and orientation at 9 a.m. May 16, and workshop summary at 3:15 p.m. May 17 will be conducted by Prosecuting Attorney Bronson and Dean Jalkanen.

The fee for the workshop is \$8, which includes luncheons on both days and coffee.

PEOPLES Open SUNDAY 12 to 6 p.m. daily till 9 p.m.

New Sports Complex Urged for Fairgrounds

A new plan for a financially self-supporting sports complex at the Michigan State Fairgrounds, including a domed stadium and an enclosed horse racing track, is being advanced by State Rep. Arthur J. Law, D-Pontiac.

Revenue from the operation of the racetrack would provide the bulk of the funds to retire \$100 million in bonds needed to cover cost of both structures, according to Law.

A long-time advocate of a domed stadium at the Eight Mile Road-Woodward site in Detroit, Law said he is convinced his new approach of adding the racetrack to his original plan is a "logical and sound" method of providing new recreational facilities.

Law proposes a gigantic racetrack-type structure, 1,200 by 1,600 feet, that would enclose two horse racing tracks.

The tracks would be used solely for winter racing. The season would not conflict with the racing schedules granted to owners and operators of existing tracks, Law explained.

THOROUGHBREDS, HARNESSES
One track would be five-eighths of a mile long for

thoroughbred racing, while an inner oval a half-mile long would be for harness racing.

Without infringing on the present meets, Law said, 141 afternoon dates could be used for thoroughbred racing and 88 nights for harness racing.

He said that he has been in contact with the Behlen Manufacturing Co. of Columbus, Neb., which has developed a method of constructing clear span arches that will reach over 2,000 feet without support columns.

Officials of the firm have estimated that the type of structure proposed by Law would cost about \$18 million.

\$40 MILLION COST
Grandstands, tote boards, air-conditioning, stables, and a proportionate share of the parking needed by both the track and stadium would add another \$12-15 million to the cost, bringing the total for the track to \$40-45 million.

It has been estimated that the nearby stadium would cost anywhere from \$40-60 million. It would be used for sports events such as baseball, football and soccer.

"Income from the domed stadium has been estimated at \$2-5 million a year," said Law. "With imaginative aggressive promotion this could be increased in the years ahead."

"The main source of revenue that will pay for the combined facilities, in addition to the rehabilitation of the fairgrounds, will, therefore, be the racing facility," he said.

BASED ON HAZEL PARK
His estimate of what the state may derive from the new track is based on revenue received now from the operation of the Hazel Park Race Track.

Over the last three years, he said, the state has received in excess of \$13 million annually from that track.

"These annual incomes added to the income from leases to operators of the race meets, parking and concession fees should increase the total to \$15-16 million," Law added.

"This plus the income from the domed stadium shows an expected revenue of \$18-20 million a year, which should defray the costs of amortization, interest, insurance and maintenance."

AMPLE SURPLUS SEEN
"There should be ample funds remaining to rehabilitate the fairgrounds and still contribute a sizable sum to the general fund of the state," he said.

To fully develop the plan, Law said, it would be necessary to acquire property north of the fairgrounds to Eight Mile Road, and some parcels east of the railroad tracks.

Detroit would receive \$500,000 a year in accordance with the present racing act, said Law. This would help compensate for tax revenue lost by the acquisition of the property adjoining the fairgrounds.

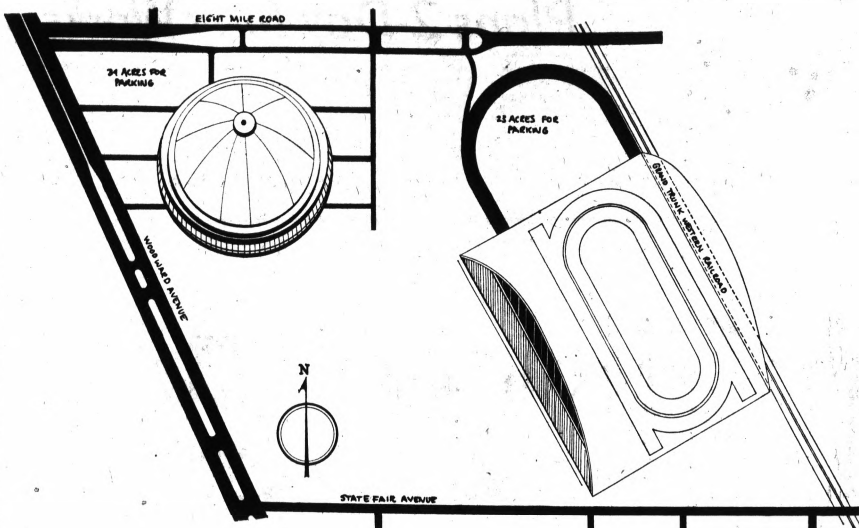

Law said there would be no conflict in the use of the two facilities, because the track would be in operation only in the winter months after the baseball season is over.

NO GRID PROBLEM
There is no problem with professional football since it is played on Sundays when there is no racing, he added.

"Detroit would be world famous for its sports facilities, as there would be no place in the world comparable," said Law.

Law said that his proposal has been sent to a number of officials, including Gov. George Romney, Detroit Mayor Jerome P. Cavanagh and Edwin J. Anderson of the Detroit Lions to test their reaction.

So far, only Romney has replied, informing Law that he has forwarded the plan to the State Fair Board for study.

The Domed Stadium And Enclosed Horse Racing Track Proposed For The Michigan State Fairgrounds

Governors' Influence on Presidential Race Is Notably Lacking

By WALTER R. MEARS
WASHINGTON (AP). — Democratic governors have affirmed what their Republican counterparts had been proving for 18 months: Apparent political power and the ability to use it are two different things.

The 26 Republican governors and the 24 Democrats have been unable to create consensus among themselves on a presidential nominee for their respective parties.

The Democrats talked about it in St. Louis April 15 and got nowhere. Republicans chose more fashionable retreats for their disagreement—White Sulphur Springs, W. Va., Jackson Hole, Wyo., Palm Beach, Fla.

There are individual commitments to candidates in each party, but no one has welded a governors' bloc of major benefit to a single candidate.

LACK CONTROL
It's possible many governors can't exercise total control over their national convention delegates.

Democrat Harold Hughes of Iowa acknowledged this difficulty. Hughes, a Senate candidate, said people supporting his candidacy include Democrats backing all three top contenders for the nomination, Sen. Robert F. Kennedy, Sen. Eugene J. McCarthy and Vice President Hubert H. Humphrey.

A McCarthy agent put it more succinctly: "If Hughes comes out for Bobby our kids in Iowa will go after him." Hughes evidently is not alone in that situation. His Democratic gubernatorial colleagues, feeling the pressure for presidential commitments and hoping to ease it, were generally delighted to adopt a statement in St. Louis promising decisions of conscience on the White House contest—but not right now.

1967 DECISION
Similarly, Republican governors in June 1967 advocated that uncommitted delegations be sent to the GOP convention.

Texas Gov. John B. Connally and Calvin L. Ramlon of Utah, both Johnson allies, were two of the men who asked that the Democratic governors meet in St. Louis earlier this month.

Behind their request, it appeared, was a concern that with President Johnson out of the race, there might be a gubernatorial rush to the Kennedy camp. Administration loyalists wanted to slow things down and insure that Humphrey support was not foreclosed even before he announced his candidacy.

But there was no rush to Kennedy.

SMALL MINORITY
A small minority of the 26 Republican governors has been

trying to line up presidential commitments among their colleagues almost since 1964, with an identical lack of success.

First, Gov. Nelson A. Rockefeller of New York argued for a lineup behind McCarthy's George Romney. Gov. John H. Chafee of Rhode Island joined him, but nobody else did.

Meanwhile, Govs. Spiro T. Agnew of Maryland and Tom McCall of Oregon talked about broad, if unexpressed, state house support for Rockefeller.

Then Romney dropped out of the race. Rockefeller talked more like a candidate, but again there was no consensus.

Like the Democrats, the Republican governors have consistently denied they are out to stop anybody in the presidential race. In their case, anybody means Richard M. Nixon.

So far, the governors have been true to their statement. They haven't slowed down the Nixon drive, and they haven't started one for anybody else.

YELLOWING EVERGREENS TURN HEALTHY GREEN FAST

LOST! \$50 Plant.
MIRACID could have saved it!

SAVED

5 EVERGREENS worth \$250... with 1¢ worth of MIRACID!

Contains Miracle Chelated Iron—releases "locked up" nutrients

WHY MOST FOUNDATION PLANTS NEED MIRACID

Chemical lime from concrete foundation leaches into soil, making it unsuitable for evergreens, causes destructive "yellow anemia". MIRACID ironizes soil quickly; releases locked-up nutrients, produces proper soil chemistry for evergreens. Adds new vigor leaves in 7 days.

100% UNCONDITIONALLY GUARANTEED by Stern's Nurseries. See results in 7 days or money back. 8 oz. \$1.00 1 1/2 lbs. \$2.25 5 lbs. \$5.00

Building Trades Hit for 'Two-Faced Racial Attitudes'

DETROIT (AP) — The building trades, already under fire because of the low percentage of Negroes in their ranks, drew a stormy blast today from state Rep. James Del Rio, who said warningly, "What we need, baby, is an open labor law."

Del Rio's angry attack was spawned by growing opposition of tradesmen to a Del Rio bill dubbed "Sweet Equity."

The measure would let the inner-city poor build new homes, with part of the cost covered by work they would do on the construction of the house.

"It must be defeated," said "The Building Tradesman," official organ of trades councils in the Detroit metropolitan area, in an article quoting Stan Arnold.

SECRETARY
Arnold is secretary of the Michigan Building and Construction Trades.

Del Rio accused the trades a two-faced attitude on racial matters, saying on the one hand the union-Democrat coalition "pretends to be the friend of the Negro," and on the other hand, "they pull this stunt."

The bill breezed through the Michigan House of Representatives by an 80-1 vote, with the backing of Del Rio, a number of Detroit Democrats, Gov. Romney and other state officials.

Romney himself probably coined the phrase "Sweet Equity," proposing a similar program while making a brief campaign for the Republican nomination for president, a race he has since abandoned.

TOUGHEST PROBLEMS
Housing, Del Rio said, is one of the toughest problems faced

by the inner-city poor who want a better place to live in, and Sweat Equity, he said, provides them a way of earning a better house.

The trades, he said, are guilty of "a damned shame."
"They haven't built anything for the inner-city poor in 25 years—not one house—and then this," he said. "That's just too much."

Del Rio said the only inner-city building project of consequence in recent years was the Lafayette Park Develop-

ment, an urban renewal project.
HOMES FOR RICH
"It was urban removal," he said, jibing the program. "And it built homes for rich whites and rich Negroes, not for the poor."

Del Rio said union leaders in many cases had not practiced what they preached about wanting job equality and other civil rights gains sought by Negroes.

Hot Springs National Park in Arkansas is a government-maintained health resort.

Crash Fatal to 2; 3rd Sister Injured

FOWLERVILLE (UPI) — Two elderly sisters died and a third was injured Thursday afternoon in a two-car smashup one mile east of this Livingston County community.

Dead were Emma Josephine Westin, 60, and her sister, Jennie Carlson, 75, both of Brighton. Their sister, Donna H. Weber, also of Brighton, was injured, as was the driver of the second car.

Find Is 1,000 Years Old

GRAND RAPIDS (AP) — Earth-moving equipment which uncovered two skeletons in the Grand Rapids area this week may have opened up 1,000 years of Michigan history.

Archaeologists here said the skeletons were those of a man and a child and were perhaps 1,000 years old. Also found at the grave site was a clay pot.

Weldon D. Frankforter, director of the Grand Rapids Public Museum, said the design on the pot appeared to be patterned after that used by Indians of the middle Mississippi Valley. He said the design, a chevron

with a line of punched dots beneath it and another line around the neck, was not part of the Michigan Indian tradition indicating they must have come in contact with the pottery work of the Mississippi Valley.

Frankforter said it appeared the larger skeleton was that of a teen-age male, perhaps the father of the child whose bones also were found in the grave.

Isaac Hull was in command of the USS Constitution when it defeated the British Guerriere in the War of 1812.

IS A SPARTAN RIGHT FOR JIM ROBERTS

Jim is a pretty average guy in most respects. He's married, and has three children that range in age from five to nine years old. He works for a local business, and makes a good salary for a man of his age.

Jim has a nice personality, he's friendly, he's sincere, he likes animals, and the only time he loses his temper is when his golf score breaks a hundred. But, there is one thing that Jim does not like . . . and that's grocery shopping. He doesn't give any special reason for it . . . he just doesn't like it. And, his wife, being the sweet thing that she is, accepts the responsibility of buying the food for the family.

Is a Spartan Store right for Jim Roberts? He seems to think so. For although Jim doesn't do the food shopping, he is concerned about the quality and the variety and the price of the food that his wife brings home. He knows from experience that when his wife shops a Spartan Store, not only will she do well on all these things, but she'll always find a friendly smile and helpful hand.

There's a lot of satisfaction in knowing you're right . . . and "Satisfaction" is why you shop a Spartan Store.

Elderly Man Victim of Children's Stones

MILWAUKEE, Wis. (UPI) — He was 86 years old and he was sitting inside when the first stone hit his house.

The old man rushed outside. There were four children.

The youngest, a 9-year-old boy, threw a stone. The old man went down. The others, two 10-year-old boys and a 10-year-old girl, cocked their arms.

Rudolph Bakos, 48, happened by. He grabbed two of the children. The other two ran away.

The old man was taken to a hospital.

ADMITTED STONING

The two other children were arrested later at their homes. They told police, yes, they had banged one stone off the house to get the old man to come outside; then they stoned him.

The children will appear in Children's Court May 6. Police turned them over to their parents.

Hospital officials said Theodore Werhoun, 86, suffered facial cuts and a broken leg, probably when he fell.

Daylight Time Plan Still Has Some Snags

By the Associated Press

All but two of the 50 states will switch to Daylight Saving Time Sunday.

But, an Associated Press survey also shows, some minor monkey wrenches have been tossed into the clockwork in a few areas.

The Uniform Time Act, adopted by Congress in 1966, provided that — starting in 1967 — all states will observe DST from 2 a.m. on the last Sunday in April until 2 a.m. on the last Sunday in October — except that any state may exempt itself by adopting a state law.

Hawaii and Arizona have exempted themselves.

INDIANA PROBLEM

In the other states clocks generally will be pushed ahead an hour.

The U.S. Department of Transportation, which oversees the act, gave Indiana permission to bring its timepieces into harmony in this way: all the state's counties, with the exception of six around Chicago and six around Evansville, Ind., on the western side of Indiana, can remain on Eastern Standard Time. The 12 exempted counties can move their clocks up from Central Standard to Central Daylight Time. This will place them on the same time as the rest of the state.

The U.S. Department of Transportation placed all of Michigan's Upper Peninsula in the Central time zone. But four counties in the eastern half of

the peninsula — Luce, Mackinac, Chippewa and Alger — have remained on Eastern time. They will go on EDT Sunday. The other counties are on CST. Eastern counties on the peninsula feel they have closer ties with the Lower Peninsula of Michigan, while the westernmost feel they are tied geographically to Wisconsin.

PETITION IGNORED

The Chamber of Commerce in Marquette, in the middle of the Upper Peninsula and in Marquette County, has requested the Department of Transportation to permit it to go on Eastern time, but it says the petition has been ignored thus far.

Students Included on Honeymoon Trip

KANSAS CITY, Kan. (AP) — On her honeymoon trip to Europe this summer Judy Hudson, 25, will be accompanied by eight of her drama students at Washington High School. Miss Hudson's wedding to John Keene, an accountant who lives in Salina, will be June 22 at First Methodist Church in Hays.

The trip to Europe will begin with a plane flight from Kansas City July 9. The students will enroll in university classes at Exeter, England for four weeks of study under the American Institute for Foreign Study.

The newly married couple will act as chaperones.

University Hills

The successful design of Thompson-Brown's nationally-praised Canterbury Commons was the inspiration for its new home community, University Hills. And here, also, you'll find two lovely green common areas established for the enjoyment of residents and their children. There's a half-mile pathway for walking, bicycle riding and roller skating. Two child play modules with equipment for younger children and a large picnic shelter with built-in bar-b-q are additional features. University Hills with its Commons is something extra-special. Come see... this weekend, for sure!

Marijuana Use 2nd Most Common Offense by GIs

LONG BINH, Vietnam (AP) — Of the 342,000 U.S. Army soldiers in South Vietnam, only about 1,300 a year are found using or possessing marijuana, says a U.S. Army personnel officer.

Col. Richard A. Edwards Jr., Alexandria, Va., deputy chief of staff of the U.S. Army in Vietnam, said marijuana smoking is currently the second most widespread offense among soldiers. Larceny is the most frequent.

“Without citing specific figures,” Edwards said, “I think you will find this is a direct reflection of what is going on back home.”

The marijuana figures do not include personnel of the Marines, Navy or Air Force.

HARD TO STOP

Marijuana is refined from the dried leaves and flowering tops of hemp. The plant grows profusely throughout Vietnam and is available to GIs through outlets ranging from bars and houses of prostitution to sidewalk magazine stands and pedicabs.

“It is very difficult, I would say impossible, to cut of this supply,” Edwards said, “but we are taking steps.”

Foremost among these steps is a Marijuana Suppression Squad which the Army has formed in conjunction with South Vietnamese government authorities.

Members of the squad are chosen from military police ranks. Those selected have had experience and training in and out of the service in narcotics and marijuana work.

NOT ORGANIZED

Squad members work with informants and undercover agents, speak to GIs and question Vietnamese suspects in marijuana traffic. There appears to be no organized traffic in marijuana.

“We know that some opium dens operators sell marijuana to troops—mostly to help maintain their own habits—but so far we have not discovered any organization,” Edward said.

Nor are there any indications, he said, of GIs pushing marijuana.

A major problem in apprehending users is the fact that “if a man wants to light up all he has to do is step into any toilet or behind any bush and do it,” Edwards said. “We can’t be everywhere.”

Edwards said that basically the effects of marijuana smoking on a soldier were similar to drinking.

HAZARD TO WAIT

A lesson plan on marijuana prepared by the U.S. chaplain’s office stated: “The marijuana user with his dulled reflexes, poor judgment and desire for excitement is a hazard to any combat unit. His unpredictable actions can easily create a situation where a number of men could be killed or wounded.”

On the other hand, Edwards said, to the extent that an individual’s fears might be allayed by marijuana, he might feel more prone to engage in battle.

“Not that that’s the way to make a tiger out of a soldier,” he quipped.

Although one of the major arguments against marijuana smoking is that it may lead to more serious drug habits, the Army finds only a handful of narcotics cases among troops in Vietnam.

PUNISHMENT

“We had 12 cases in 1967 and just one so far this year—all of them some form of opium,” he said.

Most cases were possession, by the commanding officer.” Edwards said. “If he feels this is a man’s first offense, that he’s generally a good soldier, and that he was just curious about the thing, he would probably handle the case under Article 15.”

Under this article of the Uniform Code of Military Justice, the initial decision is made by the commanding officer. Edwards explained, a commanding officer could designate a punishment, perhaps a reprimand, confinement to base for a given period, or forfeiture of pay.

DISCHARGES

If the case appeared more serious, the commanding officer would recommend a court-martial—summary, special or general.

Edwards said in 1967 four men were discharged on marijuana charges following courts-martial, and in 1968 one man had been discharged.

Edwards emphasized that this did not necessarily mean the men had received dishonorable discharges.

“They were not necessarily punitive,” he said. “They could have been administrative.”

An administrative discharge could mean that a man was listed as “undesirable” and his discharge would not list the cause.

Judge Overrules Daley's Order to Close Hospital

CHICAGO (AP) — A circuit court judge Thursday ordered the reopening of a hospital which was closed on order of Mayor Richard J. Daley on charges of refusing to treat two emergency maternity cases.

Judge Edward F. Healy said the Sheridan General Hospital's services are needed in the community and it would lose accreditation while the case is pending. Daley ordered the hospital closed after an investigation into the death of a newborn infant whose mother was turned away from the hospital Feb. 2.

The last patient had left the hospital Saturday.

Plush Still Is Found Dug Under Patio

FRANKLIN, Ga. (AP) — An all-electric, push-button still was uncovered Thursday night in a 75-by-75 foot room dug beneath a patio adjoining a \$35,000 luxury home.

Federal revenue agents and other law enforcement officers estimated the setup must have cost more than \$10,000. The gigantic distillery was capable of producing 484 gallons of illegal whiskey a day.

Two men ran from the scene. No arrests were announced.

FBI Plays Down Confusion Over Description in King Killing

WASHINGTON (AP) — FBI officials are quietly trying to play down contradictory descriptions of the appearance and habits of James Earl Ray, alias Eric Starvo Galt, the elusive escaped convict charged with the murder of Dr. Martin Luther King Jr.

The discrepancies have fueled speculation that perhaps Ray and Galt actually are two persons, or that two or more persons used the name Galt.

No official statement has been issued to rebut this theory. But as the massive search for

King's killer entered its fourth week, FBI sources who had refused to discuss any aspect of the investigation insisted, though not for attribution, that Ray and Galt are the same person.

"We know there's only one person involved here," said one

official. "We've got his fingerprints and we know who he is."

SEEMS TO CLASH:

This "one person" contention in itself seems to clash with the FBI's formal stance that Galt conspired with "an individual he alleged to be his brother" to violate King's civil rights.

The FBI filed the conspiracy complaint against Galt in Birmingham, Ala., 13 days after King was shot by a sniper in Memphis, Tenn., April 4. Tennessee officials quickly filed a murder charge against Galt.

Two days later, the FBI said

a check of fingerprints showed Ray was the man sought, and he had used Galt as an alias. Ray escaped April 23, 1967, from the Missouri State Penitentiary where he was serving a 20-year sentence for a \$190 supermarket robbery.

The FBI has not amended its conspiracy complaint to name

Ray instead of Galt, although Tennessee officials made such a name change in the Memphis murder charge.

In enlisting the public's help in the manhunt, the FBI has distributed thousands of flyers. The first set bears Galt's name, the second Ray's.

PAUF Women's Division Awards Tea
Features Erma Bombeck as Speaker

Frederick J. Poole of Heitsch Street presents awards to (from left) Mrs. Arthur McDonald of Elm Street and Mrs. James R. Fleming of Howland Avenue at Thursday's annual Pontiac Area United Fund Women's Division awards program in Spring Lake Country Club. Pontiac State Bank hosted the tea.

Syndicated columnist, Erma Bombeck (left) chats with Mrs. Gilbert Petz of Lawson Drive, Orion Township following the former's amusing talk as guest speaker at the event.

It's Imposition
to Feed, Care
for Playmates

By ELIZABETH L. POST
The following letter has been chosen as the prize-winning one for this week. A copy of Emily Post's Etiquette has been sent to Mrs. Polutnik of West Mifflin, Pa.

Dear Mrs. Post: When neighbors' children visit your home, I feel that since they come uninvited, their mothers should call them home for lunch and dinner. I have had as many as six extra children for lunch.

I have taught mine to come home when people are preparing to eat. Also there are times when children stay until after dark. I believe they should be called home before that. I'm sure this is a question a lot of people would like answered, so please let me know how you feel about this. — Mary Polutnik.

Dear Mrs. Polutnik: You are right! Children should be instructed to come home when their friends are preparing to eat. If they are specifically invited to stay, they, or their friend's mother should call their mother for permission.

It is not the responsibility of a neighbor to see that young children get home before dark. Parents should make it very clear at what time youngsters are expected home and, in the interest of their children's safety, should locate them before the light fails.

When a number of young couples live in a neighborhood, children are generally allowed the freedom of each others' houses and yards. This is as it should be unless it becomes an imposition, as it is when careless parents expect the neighbors to take over the chores that belong to them.

Dear Mrs. Post: Is it permissible for a bridesmaid to give a bridal shower when the maid of honor refuses to give one. If so, should the maid of honor's name be put on the invitations along with the one giving the shower? — June

Dear June: Any friend of the bride who wishes to give her a shower may do so. This includes the bridesmaids. There is no reason to put the maid of honor's name on the invitation, but she should, of course, be invited.

"So You're Planning to Give a Shower." This booklet by Elizabeth L. Post tells you everything you need to know — for a bridal shower, a welcome party for a new neighbor, the local minister or any one else.

To get a copy, send twenty-five cents in coin to cover booklet and mailing expenses, to Elizabeth L. Post, in care of The Pontiac Press, Dept. E-400, P.O. Box 9, Pontiac, Mich., 48066.

Nursing Seminar
at OU to Explore
Upgrading Care

A two day conference for registered nurses will be held Wednesday and Thursday at Oakland University.

Sponsored by the Division of Continuing Education with the cooperation of the Oakland County District Nurses Association, the Michigan League for Nursing and the Michigan Nurses Association, the program will explore an approach to quality nursing care.

The program is the third in a series of post-graduate conferences for the nursing profession.

The main speaker will be Helen W. Dunn, director of Nursing Services at the University of Illinois Medical Center and consultant, Network for Continuing Medical Education, New York City.

Dr. Arthur Riewald, psychologist and director of the Psychological Education and Consultation program in Birmingham, and Eugene D. Sibery, executive director of the Greater Detroit Area Hospital Council, will also speak.

According to conference chairman, Mrs. J. H. Ashton, director of nursing at Pontiac General Hospital, Miss Dunn will conduct the second day of the conference as a workshop session.

Norma R. Newnam, director of Nursing Service, Crittenton Hospital Rochester, will moderate the two day program.

Since enrollment must be limited, reservations will be accepted in the order in which they are received. For further information, call or write the Conference Department, Oakland University, Rochester, Mich. 48063.

HELEN DUNN

Women's Section

THE PONTIAC PRESS
FRIDAY, APRIL 26, 1968 A-20

James Brooks of Silverside Drive, who accepted an award for his work in the Big Brothers of Oakland County Association, arrives just in time to assist Mrs. Robert C. Irvin of West Iroquois Road with the door.

Helping themselves to the tea table goodies — William Wright of Hammond Lake and Mrs. James are (from left) Mrs. Merrell Petrie of Cherokee Road, this year's Women's Division chairman, Mrs. ship.

Study Response to Times

"Courage and Cowardice in an Age of Ambivalence" will be the theme of the third film series with discussion offered by Oakland Community College in cooperation with the Added Education Department, Birmingham Public Schools.

The Rev. Robert Marshall, Birmingham Unitarian Church, will be discussion leader and coordinator for the films, which will be held at 8:15 p.m., May 1, 8, 15 and 22, at Birmingham Groves High School, Evergreen and 13 Mile Road.

The series asks the questions: Can the ambivalence of our age be surmounted? Is there any longer genuine heroism and courage, genuine villainy, cowardice? What is our fate? How shall it be met?

The films to be shown are:

May 1, "The Treasure of the Sierra Madre" starring Humphrey Bogart.

May 8, "The Loneliness of the Long Distance Runner" (England). An 18-year-old slum-bred boy from England is sent to a reformatory where, despite his contempt for authority, he becomes top runner of the school.

May 15, "Fate of a Man" (Russia). An immensely strong, realistic and yet hopeful film in which a man endures the scourges of war without losing his faith in life.

May 22, "Drunken Angel" (Japan). This is an "allegory on the post-war man."

Without His Hairpiece

Husband Has That 'Polished Look'

By ABIGAIL VAN BUREN
DEAR ABBY: I never cared much for wigs on men, but lately I have been changing my mind. Although my husband is only in his early forties, he's been bald for some time. Not only that, but his head comes to a decided point on top. Lately his head has taken on a "polished" look, which makes the point on top all the more conspicuous.

I am so tired of people asking me, "What happened to your husband's head?"

Wouldn't a wig be less conspicuous? If I say to get one, he says he'll get one.

Another question: If my husband does decide to get a wig, will he have to have new passport pictures taken IN the wig? And where it says "Hair," should he put down "BALD" or the color of the wig? Thank you kindly.

MRS. F. IN LAS VEGAS

DEAR MRS. F.: If your husband would be happier with a "wig," he should certainly get one. And since the hairpiece will change his appearance considerably, if he plans to wear it con-

stantly, he should update his passport pictures.

And where it says "HAIR," he should put down the color of his "wig." (P.S. I hope your husband doesn't "flip his wig" abroad or he may have trouble getting back in the country.)

DEAR ABBY: I am a widow of less than one year. My income has dropped from \$1,900 a month to \$1,500 a month, so I have to watch my pennies now.

Eastern Star Slates Cup and Saucer Party

Members of chapter 228, Order of the Eastern Star, will hold their annual Bone China Cup and Saucer card party Monday evening.

The affair, which begins at 7:30 at the First Federal Savings and Loan of Oakland, is chaired by Mrs. Virgil E. Newton.

Assisting her are Mesdames: Earle Hoskins, tickets; Russell Kneale, prizes; Elzie Vaughan, refreshments and Earl Brunson, candy sales.

I have one son. He is married and goes to college. He and his wife have been coming to my home for Sunday dinner regularly, and they bring their laundry to do in my washing machine. About a month ago, I told them that due to my reduced circumstances I was going to charge them 25c a load for the use of my facilities. My son said, "Thank you, Mother, but we will do our laundry elsewhere."

Abby, where can they get their laundry done as cheap as here? And as long as they pay to get it done, why not give me the money? I am very hurt. In fact, I am sick over it because we had a wonderful relationship before this happened. They still come to me for Sunday dinners, but they refuse to bring their laundry. Was I right or wrong in asking for 25 cents a load?

HURT

DEAR HURT: Unless the few dollars involved would have worked a hardship on you, you'd have been wiser to have skipped it. Apologize for pinching pennies and hope that everything comes out in the wash.

CONFIDENTIAL TO "LIVE WIRE IN EDINA." You'd be dead if it weren't for your connections.

Bosses Get Recognition

The newly-organized Waterford Charter chapter of the American Business Women held its first annual Bosses' Night Thursday at Bedell's.

The speaker for the event was Malcolm W. Dooley who told of the continuation of the work of his brother, Dr. Tom Dooley, in Indo China through the Dr. Thomas A. Dooley Foundation.

Jack Werthman, of St. Joseph Hospital, was named "Boss of the year."

Mrs. Violet Larson was arrangements chairman. She was assisted by Mrs. Roy Mitchell, Mrs. Bettie Murray, Mrs. Robert Gallo and Mrs. Charles Harmon Jr.

Waterford Charter chapter of American Business Women's Association had its first Bosses Night Thursday at Bedell's. Mrs. George Waters, Murphy Street (left) pins a name tag on B.R. Eastridge, store

manager, J. C. Penney Co. at Bloomfield Miracle Mile. At the right is Mrs. Gayle Defoe of West Princeton Street. Both women are Penney employees.

Pontiac Press Photo

Roseanne Marie Hight and Gene Glenn Linna are planning to wed Sept. 7. She is the daughter of Mrs. Robert R. Fisher of Gertrude Road and Burt E. Hight of Ruth Street. Her fiancé is the son of Mr. and Mrs. Raymond Linna of Southfield.

Mr. and Mrs. Eugene M. St. John of Coomer Road, West Bloomfield Township announce the betrothal of their daughter, Daryle Ann, to Frederick C. Hunt. He is the son of Mr. and Mrs. Charles F. Hunt of Cleveland, Ohio. Vows are slated for February.

Sorority Women Hear Talk

A program on South America illustrated with color slides, was presented before the Wednesday meeting of Xi Gamma Alpha chapter, Beta Sigma Phi.

Jan Myers and Ann Treiber cochaired the event.

An award will be presented to the chapter's "Girl of the Year" April 30 when the group celebrates Founders Day at the soiled or stained, dip pad in cleansing powder.

Mrs. Carl Hannu hosted the meeting in her Milford home.

Polly's Pointers

Bumps Are Problem

By POLLY CRAMER

DEAR POLLY — I have a rather new, expensive beige nylon carpet that is 12 by 22 feet. I sent it to be cleaned at a widely advertised carpet company and it came back with huge raised places all down the center of the rug.

They said it would go down in time but after several months it looks no better. I hate to discard the rug. Evidently it was rolled up while wet or something was used that injured the fibers. I would appreciate some help on what to do to get my rug to lay down flat.—MARY

DEAR POLLY — I had the same problem as Donna—that of

earing for baby's cotton suits with rubber lining. My way of solving it was to cut out this rubber lining as close as the stitching as possible. Baby also will be wearing rubber pants and does not need this extra layer, which is really not leakproof.

Wearing both the rubber pants and lined pants seems to be an invitation to diaper rash, particularly in the summer. Donna, cut out that lining and then you can safely and quickly iron the suit, which you will then put on baby over his regular rubber pants.—ANNE

DEAR POLLY—Your camera will stay safe and dry if it is kept in an empty coffee can with a plastic snap-on lid while you are boating.—ELAINE

DEAR POLLY—When cleaning under my stove burners, I hated to use a scouring pad for fear of scratching or even ruining the finish. I find that table salt, sprinkled on dry and then rubbed with a damp cloth, cleans nicely.—DONNA S.

DEAR POLLY—When traveling in the car, I carry a small magnifying glass in my purse to use for reading those maps that seem to be in constant use.

If one does not wear prescription glasses, this certainly helps find highway numbers, towns, mileage figures and points of interest more quickly, rather than changing glasses.—MRS. F. J.

DEAR POLLY — The ticking on the box springs on my sons' beds looked unsightly when the blankets were tucked under the mattresses and I thought of covering them with dust ruffles. They seemed too feminine for boys, so I covered each spring with a fitted sheet which looks tidy, does not drag and they cost only about \$2 a bed.

Your column is always a welcome sight. I am amazed at the thriftiness and ingenuity of the ladies whose Pointers I read.—ELSE

This year for the first time, School of Music, Oakland Uni plastic and articles made of verasty, Rochester, Mich. 48063 Greece.

Seek Musician for Scholarship in String Work

A talented young string musician is being sought for the awarding of a scholarship to attend this summer's session of the Meadow Brook School of Music at Oakland University.

The \$200 scholarship is being furnished by the National Federation of Music Clubs.

The winner will be chosen through auditions of submitted tape-recorded performances of two selections from the standard concert repertoire.

Entrants are advised to seek professional help in making the tape recordings, which should represent their highest musical achievement and should not exceed 10 minutes.

The competition is open to any student of a string instrument (violin, cello, viola or string bass) who has completed the 11th grade and is no older than 25 years of age (as of March 15).

Application blanks and further information may be obtained by writing: National Federation of Music Clubs, School of Music, Oakland University, Rochester, Mich. 48063.

Tip on Saving for Grandsons' Education

By MARY FEELEY
Consultant in Money Management

Dear Mary Feeley, I wonder if I'm doing the right thing. Because I want to give my grandsons a little something toward their college education. I look out a \$500 insurance policy for each at birth. I now have three grandsons, and each will receive his money when he is 20 years old.

I will also try eventually to add savings bonds to the college funds. Do you think these insurance policies are the best way to provide some cash for the boys? Mrs. E. B., Bellerose, N.Y.

Dear Mrs. B: Frankly, no—provided, that is, you're in good health with a reasonable expectation of being around until the boys are college age. You can put the money you're spending to better use—either by setting up savings accounts for them, or by buying E bonds.

The interest earned through either of these two programs would amount to more for each grandson than the \$500 or so he'd get from the 20-year endowment policy—if the dividends are left in through the years.

Assuming you've carried these policies for three years now and are paying \$26.60 for each annually (which must be a near guess), if you cash such a policy in, you'd get about \$42. If there's a rider on the policy providing for paid-up premiums

in case of your death, taken out when you were age 55, then the cost is more likely to be \$36 annually, with a present cash value of \$54.

Say you put the cash from each policy into bank savings and continue to add an amount each year equal to the premium you've been paying, in 17 years the account, earning five per cent compounded annually, would amount to around \$825. If present policy includes rider, the amount saved would be close to \$1,000.

If you are able to buy E bonds—say at \$37.50 cost annually—in 17 years there would be an accumulation of \$930 for each grandson, of which \$301 is interest. This interest is subject to federal income tax, but if bonds are issued in the child's name with a parent as well keep the endowment

beneficiary (the payable-on-death form) the interest accruals during the year can be reported as income to the child.

However, unless you have that rider in the policies providing for paid-up premiums, or have assurance from the boys' parents that the premiums would continue to be paid if anything should happen to you, the boys aren't going to benefit from this type of insurance.

The only French-speaking republic in the Americas is the Republic of Haiti.

Sew Big Pockets in Dresser Skirt

If you are crowded for storage room, sew handy pockets to the skirt of your dressing table. These large pockets sewed on the underside of the skirt make ideal places to keep beauty aids and tools out of sight.

They can hold brushes, combs, pins, curlers, hair nets, powder puffs, cosmetics and the like. This helps to keep the top of the dressing table neater, and yet they are within reach when you need them.

Try Pickled Carrots

Give those lightly cooked carrot strips a quick pickling! Marinate them in a mixture of sugar, salt, vinegar and a bay leaf or two.

St. George is the patron saint of England.

Sam Smith wears a snuggly-fitted Nehru suit as he models in New York his creation—a handbag for men. It's called a manbag. Smith, a North Carolinian, believes the manbag is a natural progression in the menswear revolution that started a short time ago with turtle-necks.

Don't Stop That Man, Purse Belongs to Him

NEW YORK — The jokes about what a lady carries in her pocketbook will probably stop. People may quit pointing out that women control the pursestrings of the nation.

Handbags are now also being made for men. Manbags, they are called.

You may not recognize your male friends, though. If he is shy, he may choose a style disguised as a camera case hanging from his shoulder. On the other hand, a bolder man may make no pretense about his two-tone, canvas shoulder-strapped, everything holder.

Besides canvas, the manbags also are made of rugged lighter, comb, charge cards, elephant hide. "I was very money clip, pipe, tobacco, flask, careful not to use anything that playing cards and an electric snacked of a woman's handbag design," said Sam Smith, a gray-eyed North Carolinian who created them for the 90-year-old H. Margolin Co.

The tall man in a black American men adopt it, too. snugly-fitted Nehru suit had several New York specialty just piloted a canvas and stores already have stocked a brass shoulder bag a dozen size supply as Father's Day gifts.

"Nobody paid any attention. Not the least," he reported. In a downtown Manhattan publishing office where he surveyed the male workers, 60 per cent said they would not be at all embarrassed to carry the manbags. Smith did not report the comments of the other 40 per cent.

"With suits fitting close to the body and with pockets disappearing, a man has to have something else for his belongings to keep from looking like he's smuggling grapefruit."

The capacious bags will easily hold a grapefruit as well as sunglasses, passport, cigarettes, lighter, comb, charge cards, money clip, pipe, tobacco, flask, and an electric shaver. Oh, yes, and money.

European men already have accepted the handbags-for-men idea and Smith says it is only a matter of time before they will.

Case No. E-549

Flight From Reality

By DR. GEORGE W. CRANE

CASE E-549: Arthur K., aged 57, was an editor.

He was an old friend of Mrs. Crane and me. And he was one of the first editors to launch this "Worry Clinic" column.

Late one afternoon he stopped at my office in Chicago while I was at the hospital.

He told me he had happened to be in town and thought he would drop in for a visit.

She informed him that I would return by 5 p.m., so he said he would call back at that hour.

It was close to five o'clock when I reached my office, so she told me about Arthur's visit and that he said he'd see me around five.

But he didn't show up at five or five-thirty.

I waited till six-thirty and finally decided he must have headed back to his home town.

Which he did, alas!

For he put a revolver bullet through his head later that night after he had reached his home own!

Mrs. Crane and I were both unhappy and I grieved doubly because I am positive that I would have stopped his suicide if only I had been in my office when he first called.

But I didn't know he was coming to Chicago and my secretary didn't dream that Arthur was contemplating suicide or she would have phoned me at once at the hospital.

When Arthur told her that he "just happened" to be in town, I think he had actually made a special visit to see me.

LAST HOPE
On the spur of the moment, he may thus have decided that I was his last hope, so he took a train to Chicago.

But when he failed to find me in the office, he must have headed right back home.

Suicides are far more frequent than most laymen realize!

They equal about half the terrific death rate on our automotive highways!

And they rank as one of the top causes of death among college students!

Yet the potential suicide victim may not look abnormal or even act unusual.

But deep inside he may be feeling so low or humiliated or

desperate that he believes he can't go on.

The chief antidote for suicide consists of helping make this world a pleasant, happy place.

For suicide, as well as alcoholism, "itchy foot" (rolling stone that gathers no moss), dope addiction and even insanity, indicate a flight from reality.

But people do not flee from happiness!

They don't run away from pleasure, joy and love!

Potential suicides may feel humiliated because of emotion from a top social or administrative post.

Or because they have been wiped out in the stock market or jilted in love.

Others may be unwed mothers or afflicted with cancer or believe they are impotent.

Sometimes parents stress high grades unduly until their her owner.

Judith Ann Granlund and Donald Henry Dornbush are planning a summer wedding.

Their parents are Mrs. Runar J. Granlund of Woodlawn Avenue, Commerce Township, and the late Mr. Granlund, and the Leonard Dornbushes of Milford.

The bride elect attended Eastern Michigan University. Her fiancé is a senior at Michigan State University.

An August wedding is planned by Kristine Lynn Groves and Edward Lee Riley.

Parents of the betrothed couple are Mr. and Mrs. Arnold Groves of Richland Court and Mr. and Mrs. Weldon Riley of Sashabaw Road.

POP ART LINER ENDS TRIP—The passenger ship Independence sails beneath the Verrazano-Narrows Bridge as it entered New York Harbor Tuesday with an orange, yellow and raspberry sunburst proclaiming

its new image as a psychedelic liner. An official for American Export Isbrandtsen Lines, which owns the ship, said the new style was the "start of something new in passenger travel."

AP Wirephoto

Ocean Liner Goes Psychedelic

NEW YORK (AP)—The pervasive influence of psychedelia has made itself felt on the waterfront, and the result is a pop art ocean liner.

The American Export Isbrandtsen Lines passenger ship Independence sailed into New York harbor Tuesday and raised a few eyebrows with her psychedelic paint job.

Her tradition-shattering appearance featured a 500-foot exterior mural resembling an enormous orange, yellow and raspberry sunburst radiating from a pair of feminine

The 23,754-ton liner, which served her first 17 years as a conservatively painted cruise ship, was restyled inside and out at a cost of \$3 million to become a European-plan hotel ship.

One executive said the transformed Independence "represents one of the most exciting ships with a different beat."

A veteran pier worker offered a different view: "It stinks. She doesn't look like a ship anymore. She looks like a Mississippi Riverboat."

Yank Embassy Tries to Counter Ill Will

Jokes in U.S. Irk Polish Vets

WARSAW (UPI)—Did you hear the one about the Polish Veterans Union repeating U.S. Polish jokes? They are doing it in Warsaw today to make America look sick.

The American Embassy is countering the campaign with its own display of how Polish-Americans look good.

It is causing a war of words on tree-lined Aleje Ujazdowskie, the street that separates the embassy from the Veterans Union headquarters.

The veterans group, Zbowid, set up a special display in its small white, prewar manor house set back among the trees. It splashed up a bulletin board display of the American ethnic joke book "It's Fun to Be a Polack" by Marvin Miller.

Ammunition against the United States: A cartoon showing a wild party with the caption, "Who is always last to leave a Polish party? — the police."

Ammunition: A cartoon showing the sleeve of a suit with the caption, "The Polish napkin."

Across the street, in the modern glass and gray marble embassy that is America in Poland, U.S. diplomats counterattacked.

Up went their own sidewalk display. It is designed to show that it is not only fun to be a Pole in America but also worthwhile.

Ammunition for America: A newspaper item from the United States about Dr. Edward A. Piczek receiving the Tuberculosis Institute award.

Ammunition: Another newspaper clipping: "Patrolman Henry Hognacki has received a departmental citation for risking death while arresting two women for stealing."

Ammunition: Articles in Polish on such Polish-Americans in government as Congressman Clement J. Zablocki of Wisconsin and John K. Kuszynski of Illinois, and the Federal Reserve System's Mieczyslaw Stefan Szymczak.

Process Cools Desalting

By Science Service

A distillation method that uses waste from industrial plants promises to cut the cost of desalting water by a half or more, according to the Aluminum Co. of America.

Key to the process is the low operating temperature, well below the 250 degrees Fahrenheit common in present distillation plants. Alcoa claims the method can produce pure water at temperature differences between hot and cold streams as small as 20 degrees.

The low operating temperature allows the use of process on streams of water used to cool chemical process, petroleum refining, fertilizer and steam-powered electric generating plants. It can even function on sun-warmed seawater.

The process has the added plus of removing industrial waste heat from streams and coastal areas, where it can raise havoc with sea life.

Details of the process have not been revealed; a patent

Proton Pictures Similar to X Rays

By Science Service

Protons from an accelerator may be used to produce radiographs similar to X-ray pictures, Dr. A. M. Koehler of the Harvard Cyclotron Laboratory reports.

The pictures show very good contrast but fuzzy edges. A proton radiograph of a stack of aluminum absorbers showed by contrast the presence of a piece of aluminum foil that represented only 0.2 percent of the thickness of the stack, but the outlines of the shapes are quite fuzzy.

WAKE UP YOUR PERISTALSIS

And Be Your Smiling Best

The muscular action of your digestive system, called Peristalsis, should not slow down. If this happens waste materials can build up in the lower tract and you become irritable, uncomfortable and feel stuffed. Carter's Pills with the unique laxative formula wakes up the slowed-down muscles of the lower digestive tract and stimulates Peristalsis, generally. Thus you will be your smiling best. Millions of satisfied users take Carter's Pills. Why don't you, too?

Radioactive Decay Will Tell the Time

By Science Service

Radioactive decay of atoms will be used to keep time under a patent assigned to the Benrus Watch Co. The basic system uses no moving parts — no balance wheels nor tuning forks — although either dials or hands or electronic read-out devices can be used to show the time.

When circuit technology is sufficiently refined, the unit will be small enough to be used in a wristwatch.

The timepiece is based on the statistical regularity of nuclear decays.

Although individual decays happen at random, the number from a given sample in a very short period of time is quite reliable and constant, and therefore counting radioactive events in times of peace and war."

Newsprint Source Is Found in Desert

By Science Service

MEXICO CITY — A group of chemistry researchers reports that a type of desert yam — Yucca brevifolia — can become an inexhaustible source of cellulose for newsprint production if its cultivation is expanded.

"If this variety of yucca is planted extensively in Mexican desert areas," one says, "within two decades there would be no need to touch a single tree in Mexico's forest for wood pulp."

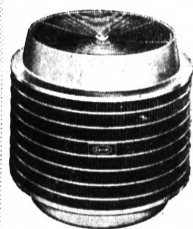

A rational and directed exploitation should produce enough cellulose for internal paper production needs, and provide sizeable amounts for export, chiefly within Latin America.

Soviet scientists estimate there are 20,000 glaciers in their country.

Nurse Week Set

LANSING (AP)—The week of May 13th has been proclaimed Navy Nurse Corps Week in Michigan by Gov. George Romney, who cited the Corps for its patriotic and valuable service counting radioactive events in times of peace and war."

OPEN FRIDAY EVENINGS

From the Press Box
By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Earl McCulloch, the speedy hurdler with a football future, is faced with one of the toughest decisions of his young athletic career.

The 5-11 and 170 pound speedster from Southern California has to weigh his desire for a track record against his present need for money.

McCulloch, who was the second choice of the Detroit Lions in the 1967-68 draft, wants very much to play football, but he also has the strong desire to take part in the world Olympics and has the confidence that he can set new records in the hurdles.

The problem as far as 1968 goes, he can't have both. He must decide between amateur track and professional football.

"We certainly would like to have him on the squad this year," said Lions' general manager Russ Thomas, "but we're not going to pressure him into signing a contract. We told him it has to be his own decision."

When McCulloch was in Detroit for the NCAA indoor track meet in March, the first thing he said when he was greeted by Thomas was, "Let's not talk contract or money because what I'm interested in right now is going after the track records."

"I just want you to know," Thomas replied, "the decision is yours and when you are ready to discuss contract, we'll also be ready to talk."

TOUGH DECISION

"We've had contact with him, but not to talk money," said Thomas, "and he's really torn up with the decision he has to make."

"He wants to set the track records, but he also knows that this will mean sitting out the entire 1968 football season," said Thomas.

The things that McCulloch may be asking himself are:

"Should I go into pro camp in July or go for the world record?"

"Will it hurt me to sit out a year of football by staying in track?"

"If I do stay out a year how much will it affect my bargaining power in talking contract?"

"If I didn't make pro football, would always wonder if I could have set the Olympic records?"

In this age of the big bonuses and contracts and by the human weakness to be susceptible to the greenback disease, McCulloch has a big problem.

He has to make the choice between now and mid-July as to whether he wants what would probably be six high figures in his bank book or what might possibly be three low figures in the track record books.

FLANKER POSITION

The Lions have plans of putting McCulloch in the flanker spot if and when he decides to sign a contract.

With Pat Studstill being prominently mentioned as part of a trade for Bill Munson of the LA Rams, a quarterback they are trying to land before or after the May 1 option date, McCulloch could find himself as the front-runner for the flanker's job if this trade did come about.

The Lions wouldn't have to pressure McCulloch into signing. By moving Studstill out of the picture would be persuasive enough to make McCulloch realize the job is wide open and almost a certainty to be his.

It's really a tough decision for a 22-year-old to make, whether to sign a piece of paper which might start him banking a bonus and salary in the neighborhood of \$100,000 in July or wait to add a gold medal to his trophy case in October and with the chance of inscribing his name in the all time Olympic record books.

Regardless of what McCulloch decides he will have the "rights" and the "wrongs" in a pretty good debate this summer.

Soccer League Seeks Representation in World Team Tourney

DETROIT (AP) — The North American Soccer League said Thursday it would begin negotiations aimed at entering its 1968 champion in the World Soccer Team Championship Tournament.

The NASL owners also said the league would select an all-star team to play national teams from Europe, Asia, Africa and South America beginning in the fall.

"Soccer is an international game and we are anxious to test our mettle against the world's best," said John W. Anderson II, league chairman and president of the Detroit Cougars.

In seeking to challenge the top teams from around the world, "we want to introduce American fans to the excitement of international competition," said Anderson.

Canadiens Still Lead Stanley Cup

NHL Lights on Again for Chicago Black Hawks

CHICAGO (U) — Bobby Hull had just scored two goals to lead the Chicago Black Hawks to a 2-1 victory over the Montreal Canadiens Thursday night but the lights above his dressing locker were unlighted.

"What's the matter, Bobby, haven't you been paying your electric bills?" someone asked. Just then the light went on.

"The Canadiens just paid the bill," said Bobby, "for the extra house we gave them Sunday."

That's about all the Hawk victory

might amount to—an extra house for the Canadiens, who now lead the best-of-7 series 3-1 and are still one victory from going into the finals.

However, the Hawks have a new lease on life and if they can beat the Canadiens Sunday, the series returns here from game No. 6 Tuesday which could give the Chicagoans a needed second wind.

FOUR STRAIGHT

Remember, they defeated New York four straight in the previous series after losing the first two games.

Hull, who hadn't scored a goal in the Canadiens' series, put Chicago ahead 1-0 and put goalie Gump Worsley out of action at 8:57 of the first period.

While Bobby was scoring the goal, Worsley was pitched into the post, head first. He lay unconscious and was carried off the ice. Later, X rays revealed he was all right and Montreal Coach Toe Blake said the Gumper probably would play Sunday.

"Knowing Gump, he'll play," echoed Hull.

Henri Richard tied the game in the

second period at 3:37 but Hull provided the winning goal while the Hawks were short-handed. He teamed up with Pat Stapleton in front of the Montreal net and flipped in a wrist shot.

CLOSE CHECK

Hawk Coach Billy Reay put a stop to Jean Beliveau by assigning Chico Maki to guard him. "We did it about four years ago and it worked," said Billy. "Chico takes a lot of pride in his checking."

"That didn't make any difference," said Blake. "Chicago is a good hockey

team. We beat them three straight. You can't go on beating a good team indefinitely."

Veteran Canadian Dickie Duff capped it all by saying, "We were trying to make it eight straight after beating Boston four in a row and the pressure was on us."

"But we would have been disappointed if they hadn't given us a good, strong effort," continued Duff. "After all, they have four All-Stars on their team. But it'll be a different story Sunday when we get them in Montreal."

White Sox Frustrations Continue in 3-2 Defeat

FALLEN CANADIEN — Montreal's goalie Gump Worsley lies on a stretcher after striking his head when he slid into the side of the cage in the first period against Chicago in the Stanley Cup playoff game last night. Lifting the stretcher are Canadiens Ted Harris and Bob Rousseau on the left along with stadium attendants. Chicago won the game, 2-1.

Chicago Loses 10th Straight Despite 12 Hits to Twins' 3

ST. PAUL-MINNEAPOLIS (AP) — The Chicago White Sox, who for years have been able to manufacture runs with a minimum of hits, collected 12 of them to Minnesota's three Thursday, yet lost their 10th straight game 3-2 to heighten their winless frustration.

To make it even more galling, the

White Sox loaded the bases with nobody out in the seventh inning but couldn't score the tying run as 39-year-old Al Worthington fired fastballs and sliders past Pete Ward, Tommy Davis and Russ Snyder for consecutive swinging strikeouts.

The Sox also loaded the bases in the second inning without scoring, but that came after two were out.

Wilson Opens Against Yanks

NEW YORK (AP) — The league-leading Detroit Tigers, minus Willie Horton and a nine-game winning streak, moved into Yankee Stadium today for a four-game series with the New York Yankees.

Righthander Earl Wilson, with a 2-1 record, goes up against Yankee ace Mel Stottlemyre in the series opener tonight.

Meanwhile, Horton who suffered a concussion in a collision with shortstop Ray Oyler in a 2-0 loss to Cleveland Wednesday night, remained in a Detroit hospital for observation.

When it was over, the White Sox had wasted 11 baserunners who were left stranded. Minnesota left one man on base, and had only four runners — three of whom scored.

Gary Peters pitched the three-hitter, experiencing only one bad inning — the third when the Twins scored all their runs. Peters retired the first eight men he faced and the last 15 in order.

NO COMMENT

Chicago Manager Eddie Stanky took his daily constitutional — running around the outfield fence swinging a weighted bat and then lying down in the trainers' room — and had nothing to discuss about the game.

"How am I holding up?" the volatile Sox field boss repeated a question directed at him. "Great!"

Peters and catcher Duane Josephson — who had five of the Sox' 12 hits between them in addition to stifling the Twins except for the one inning — had some thoughts on Chicago's plight, however.

"The way we're going, you make one bad pitch and it costs you," said Peters, who struck out four and walked one. "I made a couple of bad pitches. The ball moved around on me. They were just where I didn't want them."

"Cesar Tovar hit a pretty good pitch, but I made bad pitches on Tony Oliva and Harmon Killebrew. Those two pitchers are the only ones I would want to throw over."

"And I sure would trade my hit in the seventh for one in the second."

Peters referred to the Twins' third inning and the Sox' second, when he grounded out with the bases full for the third out.

FATAL WALK

He got the first two Minnesota batters out in the third, then walked right pitcher Jim Perry on a 3-2 count. That was his undoing. Tovar ripped a double to left, Oliva doubled up the left-center alley and Killebrew lashed a single to left. Result: three runs. Not another Twins batter reached base.

SPORTS

County Event, July 20

Soap Box Plans Progress

Plans for a 1968 Oakland County Soap Box Derby are progressing and all boys 11 to 15 years of age can register their entries at their nearest participating Chevrolet Dealer.

The Derby is set for Saturday, July 20,

at a site yet to be designated, and the winner will receive a trophy, \$500 savings bond and an all-expense trip to Akron, Ohio to compete in the 31st All-American championship.

At the All-American finals in Akron, the Oakland County champion will compete against local winners from all parts of U.S. and Canada and the champion will earn a \$7,500 college scholarship.

A total purse of \$30,000 is being awarded by Chevrolet Division of General Motors.

Other prizes in order of finish include \$5,000 for second place, \$4,000 for third place; \$3,500 for fourth place; \$3,000 for fifth place; \$2,500 for sixth place; \$2,000 for seventh; \$1,500 for eighth; and \$1,000 for ninth place.

SPECIAL AWARDS

Other special trophies and awards will be given for best designs, best brakes, best upholstery, best construction and fastest heat times.

All entries in the All-American finals will receive a wrist watch and official racing uniform and helmet and a Derby pennant with his hometown inscribed on it.

John Witherup, personnel director of the Oakland County parks and recreation commission, urged all boys to consider entering the county derby.

For groups and organizations which are interested in promotion of the derby, a film is available entitled "White Lightning and Me," which is a story of a Saginaw boy who competes and wins the trip to the All-American finals.

The film can be obtained by calling the county office at 338-4000.

Threat Is Made for Boycott of Spartan Sports

EAST LANSING (U) — A group of Negro athletes, led by star football halfback Lamar Thomas, threatened to boycott all sports at Michigan State Thursday unless their demands are met.

A list of seven grievances, including a lack of Negro coaches and academic counseling designed "for blacks to place them in courses where they will maintain eligibility," were presented to the administration.

Thomas, second leading ground-gainer for the Spartans last year, led a delegation that met Thursday with Athletic Director Biggie Munn and John Fuzak, MSU faculty representative to the Big Ten.

Thomas said he was the spokesman for some 30 to 40 Negro athletes on the campus.

The group presented a long list of grievances and said:

"We intend to abstain from practice until they (the administration) give us some indication that they will attend to our grievances in a satisfactory manner."

Football coach Duffy Daugherty said 15 or 20 of the Negro players on his squad left practice Thursday to attend the meeting.

"All our players have been working hard and have been in good spirits," Daugherty said. He said this included Thomas, 6-foot-3 and 190 pounds from Markham, Ill., who will be a junior this fall.

Asked if he would suspend the players from the squad if they continue to miss practice, Daugherty said: "I wouldn't want to say now. I don't know enough about this entire thing yet."

Hyndman, Huntington Valley, Pa., needed only 15 holes to dispose of Jim Gabrielson, Atlanta, Ga., 4 and 3.

Harrison took 17 holes Thursday in downing Dr. Ed Updegraff of Tucson,

St. Germain Ousted From North-South Golf Tournament Play

PINEHURST, N.C. (UPI) — Semifinal play in the North-South men's amateur golf championships today featured Bill Harvey meeting Jack Lewis and Bill Hyndman III playing Charles Harrison.

Lewis, a 26-year old Wake Forest University student from 7 and 6 in quarterfinal play Thursday.

Harvey, a Greensboro golfer who said he hadn't putted as well in 15 years, walloped James St. Germain of Northville, 5 and 4.

Hyndman, Huntington Valley, Pa., needed only 15 holes to dispose of Jim Gabrielson, Atlanta, Ga., 4 and 3.

Harrison took 17 holes Thursday in downing Dr. Ed Updegraff of Tucson,

BOXING GREATS HONORED — Homer Smith, 75-year-old former boxer from Ypsilanti who fought a total of 187 pro fights between 1911 and 1928, explained how he was knocked out by Jack Dempsey, He and Dr. Robert C. Bennett (right) were honored along with other veteran boxers in Detroit last night.

Three U. P. Streams Closed to Fishermen

LANSING (UPI) — Three Upper Peninsula rivers have been ordered closed to fishermen by the Michigan Conservation Department because smelt fishermen have been taking Coho salmon with the smelt.

The Coho were recently planted in the three rivers and will not have a chance to grow and then spawn if taken from the waters by fishermen, the department said. The rivers will be closed until further notice.

The three rivers are the Anna River that flows through Munising, the Sucker River that flows near Grand Marais and the Falls River that flows through L'Anse.

Tennis Clinic on Calendar at Cranbrook

Clinics for men, women and children are on the schedule of the Cranbrook Tennis Club.

A session for men is on the calendar for May, while the women will have a couple of opportunities — in May and June. A June session is also planned for children.

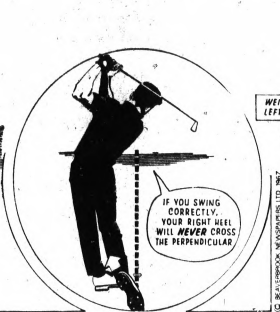

The sessions for men open Monday, May 20 and continue through June 19. They'll meet Monday and Wednesday 6:30 p.m.

The girls' May clinic is slated for 6:30 p.m. each Tuesday and Thursday. The June class opens June 10 and runs through June 21. Classes will be each morning.

The children's 10-lesson afternoon clinic runs June 10-21. Further information concerning the clinics may be obtained by calling the program chairman Mrs. LeRoy Dahlberg, 646-7282.

GARY PLAYER'S GOLF CLASS:

Check that right foot

Player's 66 Leads Nelson Tourney

DALLAS, Tex. (AP) — A four-under-par 66 that showed tough course and difficult playing conditions don't worry the golf tour half as much as bumpy putters.

In fact, Gary Player, the man from South Africa who has gotten rich in American golf, says there's just no need to even talk about high winds that do things with your ball when your putting is on the beam.

He illustrated his point by the putting the major emphasis by he was leading the \$100,000 Byron Nelson Golf Classic by one stroke going into the second round.

Miller Barber of Sherman, Tex.; Harold Henning of South

He got solid backing in giving four fellows who were just behind him.

Barber got his three birdies with putts of 18, 35 and 30 feet. Henning used only 28 putts to go around the 7,006-yard Preston Trail course that was swept by winds ranging up to 30 miles per hour.

So there will be only 147 in the field today as the tournament enters its second round, and those will be cut to low 70s and ties for the final 36 holes.

Montgomery had two 50-footers in his birdie string. Then there was Lionel Hebert, the man from Louisiana, who fired a 68 for fifth place and told about a chip of 60 feet from off the green for a birdie, some not putting that included a 15-footer for an eagle and a most unusual occurrence of hitting a spectator with his ball, then finding himself in another fairway.

But Hebert smacked one over the trees that came within four feet of the hole. He sank it for a par.

ON SIDELINES
Illness and injury took a bigger toll than the tough course and high wind as eight players dropped out, including such fellows as Julius Boros, Johnny Patt, Sam Snead, Art Wall and Steve Reid, who had just won the Azalea Open.

Bob Stanton was disqualified for an incorrect score card — he had the right total but the card failed to list his score on the ninth hole.

So there will be only 147 in the field today as the tournament enters its second round, and those will be cut to low 70s and ties for the final 36 holes.

Barber got his three birdies with putts of 18, 35 and 30 feet. Henning used only 28 putts to go around the 7,006-yard Preston Trail course that was swept by winds ranging up to 30 miles per hour.

Bait Fishing Best for Trout Opening

The fisherman not too proud to use worms or other live bait will have the edge on the purest who insists on casting with flies or other artificial lures in Saturday's trout season opener.

The cold snap the end of the week plus recent rains in the trout country have made streams high and muddy.

Weather conditions are expected to improve as a gradual warming trend is predicted.

Continued cold and overcast is predicted for Saturday morning but the sun should break through by afternoon in most of the northern Lower Peninsula. Even warmer weather is forecast for Sunday.

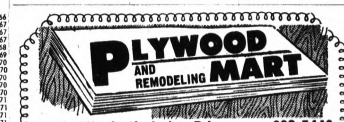

"We thought we would have one of the best trout openings in years, weather-wise," said Jack Bails of the State Conservation Department Fish Division. "But then the cold and the rains came."

SOME HATCHES
Earlier in the week, a few fly hatches were reported from the Mio District.

The entire northwest area of the northern Lower Peninsula then was drenched with rains. Rivers went up about two-inches.

If the weather warms up enough, some fly hatches are expected on streams in the

Jockey Injured
NEW YORK (AP) — An apprentice jockey, Tony Garra-mone, will be sidelined for at least three months after suffering a fractured vertebrae Thursday in a spill at Aqueduct. Ron Turcotte, who was involved in the same spill, suffered only minor bruises.

INTERNATIONAL TARGET—The Pontiac Five Aces bowling team from Lighthouse Lanes will leave for Cleveland Friday and the UAW-CIO International Bowling Tournament. The quintet qualified by winning the regional competition last month at Ulica's Sunnybrook Lanes. Team members are (left to right) Jerry Joyce, Jim Blinning, Al Russell and Joe Genezoulis. Roger McQueen was absent.

NO. 1 TEAM—This is the Struble Realty team that won top honors in the recent Pontiac Women's Bowling Association tournament with a handicap total of 3068. Members are (from left) Helen Fry, Pat Wagner, Eva Miller, Juanita Silvis and Ollie Bogard.

Favor Quarry in Title Bout

Final in Heavyweight Series Tomorrow

OAKLAND (AP) — The long training grind over, confidence was the keynote today on the eve of the 15-round heavyweight title fight between Jimmy Ellis of Louisville, Ky., and California's young blaster from Bellflower, Jerry Quarry, the 7-5 favorite.

The two meet for the World Boxing Association championship, the final in a series of fights designed to replace Cassius Clay as king of the division.

The main event goes on in the Oakland Arena at 10 p.m. EST, Saturday, with the international live telecast starting at 9:30 p.m. Ellis, 28, and Quarry, 22, spent restless hours at their respective hotels several miles apart awaiting the weigh-in set for 1 p.m. EST.

Ellis said he figured to weigh 197 and Quarry 193.

Oaks Sign Draft Choice

OAKLAND (AP) — The Oakland Oaks of the American Basketball Association today signed their No. 2 draft choice, Garfield Smith, 6-foot-8, 235-pound rebounding star from Eastern Kentucky.

Conference Penalizes Wichita

KANSAS CITY (AP) — Wichita State was penalized by the Missouri Valley Conference fined the school \$1,500 and words, "numerous and willful." Thursday night for football re-banned it from NCAA-approved football television. The violations by former Coach Boyd Converse and part of his staff were, in Neve's words, "severe and willful." The commissioner said "severe" meant "willful," and only the bowl games for two years and prompt action of school officials from NCAA football television prevented more serious penalties for three years.

HAPPY DUO—Marceline Tiberg (right) and Lois Pritchard, both of Pontiac, have reason to smile. They are the PWBA tournament's doubles champions. They posted a handicap score of 1343. The tournament winners will be feted at the Elks.

The Blind Bowlers' League ended its season this week and the honors for the season go to Sally Siglin of the totally blind squad with a 146 high game and 349 series.

In the partially blind totals, Irene Palen had a 199-473 to top the season and among the sighted group, Dorothy Granger had a 206 game and Donna Roberts a 544 series.

For the men, Jim Clemens with 125 and Russ Mull with 356 were the top scorers for the totally blind squad.

Ray Wadley with 204-523 topped the partially blind group and Ted Pickorski with 217-575 led the sighted group.

Huron Lounge No. 2 team took the team honors with 78 wins.

TOP SERIES
Bill Kirkland (691), Dick Beamer (689) and Charles Redmond (670) posted the high series in last week's Westside Classic. Redmond and Harold Alexander also posted the best single games — 256.

Pontiac Janitor Supply checked in with the best team game (1121) and series (3106) at Westside.

Nancy Tripp and Milt Anderson rolled 211s to lead the Ins and Outs at 300 Bowl. Joe Foster posted a 243 (653).

Alice Grusnick led the gals with a 543 (213) on the 300 Mixed Kegglers at 300 Bowl. Jack Grusnick posted a 221 (563), Ed White a 576 (213) and Chet Fenlon a 565 (286).

Eldon Eroh led the way in the Sunnyvale Chapel League at Airway Lanes with a 670 (190-246-234).

Rick Servoss' 508 topped the scoring in the St. Benedict's Mixed League at Lakewood Lanes. Bob Wiegand rolled a 564, Garry DeFrayne a 560, Pete Jarunzel a 555 and Clem LaBarge a 551. Virginal Slabinski posted a high game 202.

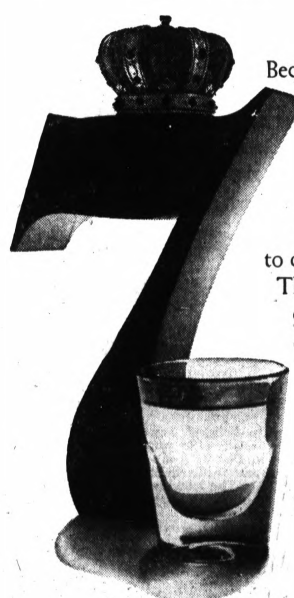

Daytime judo classes are slated to start at the Pontiac YMCA next Wednesday.

The classes, to run from 9:30 until 11 a.m., will continue weekly from seven to 10 weeks. Teaching the class will be Andrew Robitaille, holder of a first degree black belt.

Officials of the judo club are inviting persons in the area with advanced skills in the art to use the time and facilities at the 'Y'. Further information may be obtained by calling YMCA.

Speed Skater Retires
TOENBERG, Norway (AP) — Fred Anton Maier, who won the 5,000-meter speed skating championship at the 1968 Winter Olympics, has announced his retirement.

FUN IN THE MUD—Mud packs didn't help the looks of this group of Ohio State University students, but then they didn't think they would. Up to 30 OSU students joined in a spontaneous mud frolic on the

university grounds at Columbus, Ohio, this week after a heavy afternoon rain soaked the campus. The only ill effect was a minor traffic snarl caused when motorists on a nearby street slowed to watch.

AP Wirephoto

Power Shifts to South When Hayden Quits

WASHINGTON (UPI)—Even Sen. Allen J. Ellender, D-La. in this year of surprises, it will be startling to many people if 60-year-old Sen. Carl Hayden does not shortly announce he is giving up his Senate seat for an Arizona sunset retirement.

If he does, his seat of power as chairman of the Senate Appropriations Committee will go to one of two veteran Southern lawmakers.

Hayden entered Congress when Arizona became a state in 1912, serving as its first representative. He reached the Senate 15 years later, in 1927. He now is Senate president pro tempore and the dean of Congress.

But his real strength is in the appropriations chairmanship.

Two 70-year-old Southern lawmakers stand on the committee rungs immediately below him, and each heads another important committee.

The first decision would have to be made by Sen. Richard B. Russell, D-Ga., chairman of the armed services committee, who ranks next to Hayden on appropriations.

Most Senate observers believe Russell, whose term runs through 1972, would give up his cherished military post to Sen. John C. Stennis, D-Miss., and take over the appropriations chairmanship. Stennis now heads the Russell panel's preparedness subcommittee.

If Russell for any reason should pass up the prize, Hayden's successor would be

Sen. Allen J. Ellender, D-La. And this would be a blow to liberals concerned about funding future programs dealing with the urban crisis, ghetto rehabilitation and equal opportunity for Negroes.

Russell is a conservative and a Southerner. He is the Dixie bloc leader in the Senate, but his stance on racial matters reflects the moderating pattern of his own Georgia.

Ellender, chairman of the agriculture committee, reflects the less flexible racial feelings of the deep delta country.

Do You Remember When...?

Traveling Down Memory Lane

By HAL BOYLE

NEW YORK (AP)—Life is a mixture of possibilities and memories.

It is hard to say which gives people more real pleasure. Is it the past or the future?

look back? Sometimes the one, sometimes the other.

Blessed is any period in life when one can do both, when there is still much to plan for and there is also much work to be done.

Every well-brought-up little girl was expected to learn to play the piano, and every little boy the violin or saxophone. Away back in 1922, in the depths of prohibition, auto magnate Henry Ford announced that any worker showing up with liquor on his breath would be fired. Bread that year sold for five cents a loaf.

Wristwatches, once regarded as sissified by most men, became so popular as the result of their use by officers in the first World War that the traditional pocket watch was doomed. But clothes, slow to change, still put a watch pocket in most men's suit pants.

In 1924 Americans started dusting off their dictionaries as a new cultural fad swept the nation—crossword puzzles.

A small lad who put on a pair of long black stockings in the morning usually had a hole in one knee by nightfall from playing marbles.

People would stay up until midnight trying to get an out-of-town station on their scratchy crystal radio sets.

Extendable Boom Device Designed for Space Use

By Science Service

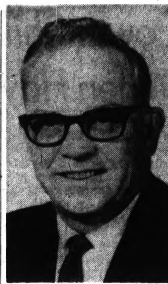

An expandable arm for use in a variety of earth, space and military applications has been developed by Martin Marietta Corp., Denver, Colo.

The arm, resembling an erector set frame, is an extendable boom device of collapsible diamonds that can be extended to a length 10 times its retracted size.

Tests have reportedly shown the arm to be much more resistant to twisting and bending than other known space boom devices such as telescoping tubes.

The arm was developed as a means of deploying antennas and other equipment from spacecraft and as a tool to conduct remote sampling experiments.

It could also, according to Martin, be designed into a portable frame for shelters, an emergency bridge or a retractable maintenance or fire-fighting platform.

CARL E. RAYMOND

Comptroller Is Appointed at Hospital

A new comptroller has been appointed at St. Joseph Mercy Hospital, it has been announced.

Carl E. Raymond, 48, of 3241 Glen Cove, Farmington Township, has been named to the hospital post. He succeeds Louis Kogan, 2411 Pineview, West Bloomfield Township, who resigned due to ill health.

Raymond, a certified public accountant and honors graduate from Michigan State University, formerly was with American Motors Corp. as comptroller-dealer in the investment department.

Ascalon (sometimes spelled Askelon) was the name of the magic sword with which St. George slew the dragon.

A 'Best Friend' Leads the Police to His Master

DETROIT (AP) — Police investigating a clothing store burglary Wednesday were told the burglar had fled, leaving his dog behind.

They told the animal, "Go home" and followed him to a dwelling where they allegedly found the dog's owner, J. C. Ealey Jr., with some of the loot. Ealey was booked on a breaking and entering charge.

PULLING AGAINST DEATH — Rescuers pull one of two workers to safety to the roof of a 15-story building in Milan, Italy, after their scaffold started tilting some 200 feet in the air. The other workman, unseen, is still trapped in the suspended iron cage. Both men, Franco Zangiacomi, 22, and Alessandro Patini, 26, were rescued in good condition yesterday.

School-Aid Bill Authors Overlooked Something

LANSING (AP) — Authors of Michigan's newly enacted state school-aid bill for fiscal 1968-69 forgot one technicality which could have caused problems in doing out \$724 million.

They neglected to include an effective date.

But Robert J. Danhof, legal advisor to Gov. George Romney, said he doubts the oversight is grave and that he would recommend Romney sign the big bill.

The money appropriated by the bill is intended for operation of Michigan schools during the fiscal year beginning July 1.

Lack of an effective date in the bill, however, combined with immediate effect given the bill by the Legislature, means that it becomes law as soon as the governor signs it.

Romney has only 14 days in which to act on the measure.

How To Sow Vegetable Seeds And Plant Sets

Free Lawn and Garden Fair, May 4

Planting Times for Vegetable Gardens

A home vegetable gardener must learn to recognize the proper time for planting the many varieties of vegetables he might produce in his garden. Some are susceptible to cold damage, and others will seldom freeze, even in very cold weather and in frozen soil.

Some vegetables produce well only in cool spring or fall seasons; others, like muskmelons, need an abundance of hot, dry, sunny days for a good crop. The various crops might be roughly grouped as follows:

The hardy crops, seldom damaged by cold if planted early April after the frost is gone from the ground, include radishes, leaf and head lettuce (all varieties), onion sets, peas, greens, turnips. Also cabbage and head lettuce plants if they have been properly "hardened."

Less hardy plants that can stand some cold and freezing, and could be planted a couple of weeks later (late April or early May) are: table beets, carrots, spinach, parsnips, kohlrabi, early sweet corn, early potatoes.

Strawberries, bramble berries, fruit trees, grapes, rhubarb and asparagus roots and ornamental trees and

shrubs should be planted as early as possible, too. Seeds of tender plants can be planted when the soil has warmed, and when emergence of these seeds comes after most danger of frost is past. A seeding date of about May 15th is usually safe for these tender crops: beans, cucumbers, squash, melons, okra, lima beans, watermelons, late potatoes and sweet corn.

If there is room in the garden, another planting can be made 7-10 days later to hedge against frost damage in the earlier plantings.

Most of the transplants of crops like tomatoes and peppers must be planted only after frost danger is past. Oldtimers look to Memorial Day as the deadline, but many gardeners set these tender plants out as early as May 20th in the Detroit area.

Hotcaps or some other form of night frost prevention could move the dates ahead a few days. (Actually, however, gardeners who have witnessed volunteer tomato plants coming up in their gardens from previous year's seed, and have kept these plants, have found that they produce fruit nearly as early as carefully tended greenhouse started stock.)

Then there are a few plants of organic matter for the next Michigan State Fairgrounds year's crop. May 4, to discuss gardens and an abundance of gardening questions with all experts will be on hand at the growers who attend this all-day Free Lawn and Garden Fair at free event.

Some crops are well adapted to mid-summer or early fall planting so that their mature crops are harvested in the cooler fall weeks. These include Chinese cabbage, turnips, rutabagas, late carrots and beets, parsley, late cabbage, and the greens crops.

REGULAR INTERVALS
Gardeners can find a few crops, too, that can be planted at rather regular intervals most all spring and summer.

Radishes, bibb or buttercrunch lettuce, snap beans, beets and carrots, are in this class. All of these are rather tolerant of most any kind of temperatures if enough water is available.

The final crop planted in home gardens each year might well be a crop of well-fertilized rye, to cover the soil through the winter, present a pleasing appearance in late fall and to be fertilized and then plowed down in early spring to supply an abundance

Shade Trees Need a Boost

Now is an ideal time to make sure that shade trees get off to a strong start toward improved vigor and finer, beauty. Spraying, feeding, pruning and other tree care can be done now, according to The Davey Tree Expert Company's Pontiac representative, A. B. McKinstry.

Important now is the planning for a spring and summer spray program to protect foliage from insect and leaf disease damage that can impair the life process of a tree.

Scientific spraying properly timed for each type of leaf destroyer is the best solution to the problem of foliage damage. Annual spraying reduces the insect population that attacks trees, and results in less egg laying that would repopulate trees with increasing insect numbers.

Deep-root feeding makes a difference you can see, resulting in longer twig growth, greener color, denser foliage and less dieback. Recommended fertilizer analysis for trees and woody shrubs are 12-4-8, 15-5-10, 12-4-4, and 15-5-5 (nitrogen, phosphorus and potash).

BIG HELP
These elements, commonly deficient in soil, help trees resist insects, canker and root rot diseases, verticillium wilt and other problems. Many insects pass up healthy trees in favor of sick and dying ones.

By increasing the depth and spread of the root system, feeding also helps trees resist damage from summer drought.

Pruning can also be done now. Limbs broken by winter winds should be pruned out along with dying branches that often appear in even the most healthy trees.

Dead branches become breeding places for many insects and tree diseases, harboring decay that may spread through the tree.

Baby Sitting Your Plants

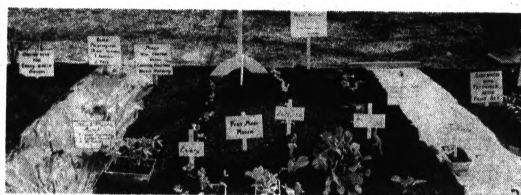

If you're worried about house plant health during long summer weeks, here's an easy way of insuring a moisture supply.

A sturdy tray can be made of heavy-duty aluminum foil, lined with wet peat or sphagnum moss, and used for plunging house plants.

If plants are in porous clay containers, they'll absorb needed moisture from the moss through container walls.

Proper Planting Depths For Vegetable Transplants

Mulch Ideas For Your Kitchen Garden

Short Course in Botany

A short course in applied and genera of cultivated plants horticultural botany will begin at the U of M Botanical Gardens, May 20. Edward L. McWilliams, Assistant Professor of Botany and staff member at the Botanical Gardens, will conduct the class.

Open to any interested adult, the course will introduce students to the basic principles of horticultural systematics and open the way to further individual study with greater sophistication.

The class begins May 20 and meets consecutive Monday evenings from 6:30 to 8:30 p.m. Topics include the form and structure of flowers, families

Merion Faces Competition

Merion is the "glamour gal" among Kentucky bluegrasses. But she faces stiffer competition from other bluegrasses these days. Still, Merion remains to be unseated where its particular needs can be met.

Enrollment is limited to twenty-five, and interested parties are encouraged to enroll early. Tuition is \$10. Contact U of M Extension Service in Ann Arbor.

Bluegrass to Suit Every Situation

With so many Kentucky bluegrass varieties appearing in top-flight seed blends, the user can become a bit confused. Which are best?

This depends on local growing conditions, how the lawn is tended, and what your personal preferences are.

Any Kentucky bluegrass can make an A-1 turf, and all are worthwhile in seed blends. The Park variety is often included because of fast sprouting, and the seed is of especially high quality.

Merion is very attractive in lawns that can be fertilized generously. Most experts suggest a blend of several varieties.

673-6236Area Horticulturist
to Give Pruning Tips

Visitors at the Lawn and Garden Fair at Michigan State Fairgrounds on May 4th will be able to find out all about the proper methods of caring for the fruit trees in their back yards. Several on-going demonstrations, presented by expert horticulturists will be of interest.

James Lincoln, District Horticulturist for Southeastern Michigan, will be showing how to prune and train fruit trees. He will have actual trees on hand, in the process of being pruned. Jack Prescott, County Extension Agricultural Agent from Mt. Clemens will be showing the same procedures in grape culture.

One of the local men's garden clubs will show all of the processes and techniques used in grafting and budding of fruit trees. Other experts will deal with strawberry culture, and with raspberries and other bramble fruits. Still another show-how presentation will deal with the proper and safe use of pesticides in the home fruit garden.

The Lawn and Garden Fair is presented on Saturday, May 4th from 9 a.m. until 6 p.m. only, at the Michigan State Fairgrounds, Woodward Avenue, just south of Eight Mile Road. Admission is free except for a small parking fee. The Fair is developed to bring together a very large number of resource people, presenting a large number of on-going demonstrations dealing with almost all phases of non-commercial horticulture.

Subjects covered will include lawns, vegetable gardens, shade trees, shrubs, flowers, insect and other pest control, fertilization, landscaping and many other subjects.

Resource persons assisting come from many sources: Michigan State University, local Extension Service offices, City

and County Parks and Recreation staffs, local landscape firms, local flower and ornamental growers, and from many horticultural organizations and garden clubs. 30,000 homeowners attended the Fair in 1967, and a larger attendance is expected this year.

The trade show, which provides exposure to the latest development in lawn and garden equipment and supplies, will be greatly expanded this year. The emphasis for the event, however, continues to stress the "how-to-do-it" demonstration of gardening techniques presented by gardening experts, and a massive one-day educational event for homeowners.

Wildflowers
Need Help

In various states, certain wildflowers are protected by law because many species are in danger of extinction. If you intend to pick unprotected wildflowers, don't do it if there are fewer than six plants. Let them flower and produce seed.

Pick flowers above the leaves, which supply the plant with food long after the blooms have vanished.

Lazy Susan Herb Garden

Cooking with herbs can be fun, if you convert a sturdy wooden Lazy Susan into a kitchen herb garden.

Simply plant and grow herbs in small porous clay pots and insert into sections of the Lazy Susan.

Start with chives, parsley, dill and mint, and you'll not only have an attractive conversation piece, but a real aid for tasty summer cooking.

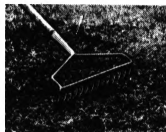

Oregon Fescue Takes the Lead

The state of Oregon is by far the nation's leading source of fine fescues, much sought-after components of the better lawn seed blends.

Although the top lawn varieties are grown in Oregon, their greatest usage is in the congested eastern part of the nation where production for seed has never been able to get started in competition with the efficient Oregon farming.

You Can't Make A Mistake With REDI-EARTH*

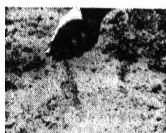

The Complete Growing Medium

1. Loosen the dirt on a bare spot.

2. Pour a half inch of Redi-Earth over the bare spot.

3. Sprinkle seed on top of the Redi-Earth.

4. Pour a thin layer of Redi-Earth over the seed and water thoroughly. That's all.

University-tested; proved by professional growers, Redi-Earth is a scientific mixture of vermiculite, milled sphagnum peat moss, trace elements and plant nutrients. Results will amaze you. For bare spots in lawns, top dressing, transplanting and house plants. Get Redi-Earth today.

May 15, 16, 17 and 18

Tulip Festival at Holland

Tulip Time in Michigan

Once again the pageantry and old country scenes will come to life in Holland, Michigan, when the 30th annual Tulip Time Festival is staged in this Dutch town, located in Western Michigan near the shores of Lake Michigan, on May 15, 16, 17 and 18.

As the millions of bright colored tulips burst into bloom, bringing to full glory the theme of the Holland Garden Club "Happiness Is" — a Tulip. The tulip is "queen" of the festival. Visitors will travel the eight miles of tulip lanes, see exquisite mass plantings, a miniature tulip farm as well as the large commercial farms.

Wandering among the tulips will be groups of the Klomp (wooden) Shoe Dancers. The 500 girls, students from Holland and West Ottawa High Schools, are dressed in copies of authentic costumes of the many provinces and sections of the Netherlands. These girls appear in no-charge public appearances several times a day during the festival. They also pose in the tulip beds for the photographers as well as perform close-up dance performances in the Tulip Time Market Square, throughout each day of the festival.

The Tulip Time Market is the old world market place in the Netherlands brought to America. Here one will find a glass blower working as is done in the Netherlands market. His products can be purchased on the scene. Pottery makers, artists, weavers, and many other types of workers in the old time market place will be found at the market.

A market place where dutch foods can be purchased is in operation. The wooden shoe maker will carve out a pair of Netherlands, depicting family shoes while you wait. A 30 foot life and holidays make for an outstanding program. The cast of native Dutchmen, dressed in authentic costumes, in a homey way bring out the pages of Dutch history and traditions, giving an insight into the national character of the Netherlands and its people in beauty and color.

Those who are interested in travel and places to see, will find enjoyment at the free exhibit "See West Michigan First." Here in various booths, the located in the spacious Army College Drama and Music building are scenes and living displays of the many places of interest West Michigan has to offer. Summer vacation areas will be presented as well as the winter skiing and fishing weekend resorts. The "coco" fishing and other features that make West Michigan a tourist paradise, is placed at your fingertips.

The 22nd annual flower show, developed around the theme, "Happiness Is" portrays the Holland. Here with Choral use, tulip in many natural and as well as groups, will be stir-superlative ways, as the patriotic selections, music niches, table settings, bouquets, by Stephen Foster, and songs and various methods of from the vast storehouse of an inch or so of pebbles can displaying the tulip are American musical comedy. solve this problem quickly and presented to the public in this Assisting with the production is attractively.

special floral showing by the Holland Garden Club. This is not a commercial flower show and is unique in its following of the theme, "Happiness Is."

The internationally known Netherlands Museum will again be an attraction for young and old. The many collections of antique and authentic Dutch exhibits are both unusual and not replaceable. The museum houses many special pieces donated by the Royal family of the Netherlands and the Netherlands government.

There are also three art exhibits, in galleries located in the Herrick Public Library, the Van Zoren Library at Hope College and the Holland High School Fortnerry Herick Art Center.

In the entertainment and cultural area of the festival, the presentation of the "Dutch Heritage" show is a must for all, especially history students, as the heritage of the Netherlands, depicting family life and holidays make for an outstanding program. The cast of native Dutchmen, dressed in authentic costumes, in a homey way bring out the pages of Dutch history and traditions, giving an insight into the national character of the Netherlands and its people in beauty and color.

On the lighter side, a free exhibit "Portraits in Opera" will be presented by the Hope College Drama and Music building are scenes and living displays of the many places of interest West Michigan has to offer. Summer vacation areas will be presented as well as the winter skiing and fishing weekend resorts. The "coco" fishing and other features that make West Michigan a tourist paradise, is placed at your fingertips.

Staged in the Civic Center, opening night of the festival will be a top flight choral presentation, "Music Americana." This production is presented by the sixty voice mixed chorus of the Magnachords Male Chorus and the Bel Canto Singers of the Holland. Here with Choral use, tulip in many natural and as well as groups, will be stir-superlative ways, as the patriotic selections, music niches, table settings, bouquets, by Stephen Foster, and songs and various methods of from the vast storehouse of an inch or so of pebbles can displaying the tulip are American musical comedy. solve this problem quickly and presented to the public in this Assisting with the production is attractively.

a rhythm ensemble consisting of guitar, bass and drums.

One of the repeat shows requested by Tulip Time visitors is the "Million Dollar Shrine Band." This band is unique in many ways, as its program is varied, colorful and fantastic. Dressed in scarlet uniforms, the many musical arrangements are presented in full color, with equal finesse for marches, classical or popular songs.

Combined with the band is a group of special artists, equal to any in the country, plus several soloists and outstanding quartets and duets. The instrumentalists with the band are stars in their own right. This show is on Thursday evening.

The First Parade of Barbershop Quartets as a festival high light was presented many years ago. As barbershop singing became popular, the show grew in size, so that Friday evening during the festival Holland presents one of the most outstanding Barbershop Quartet roundups of any city in the United States. Each year national and international quartets are brought to Holland to take part in the Tulip Time Quartet show.

These top-flight quartets are teamed up as a group with the Windmill Chorus of Holland, to make one of the most noticeable group of barbershop singers in the country. A good clean show

of comedy and music is presented.

The "Kick-Off" Square dance will be held Friday night at the West Ottawa High School, with West Michigan furnishing the callers.

Saturday, the last day of the festival opens with Tulip Time Baton Twirling Contest at Holland High School field house. Here prize winning baton twirlers from all parts of the country vie for the medals and trophies of the Tulip Time contest.

The Band Review, held at Riverview Park will see 15 of Michigan's top bands, battle for honors in a period of marching, special maneuvers, showmanship and music as they are judged by three top adjudicators in the United States.

PARADE OF BANDS
Rating one of the better parades in the country is the Parade of Bands, following the review, a spectacle in which 50 bands from many states are joined by costumed units and floats to provide a distinguished parade of music and color.

Saturday's Square Dance, featuring Louis Calhoun, nationally known caller from Fontana Dam, North Carolina, will be at West Ottawa High School, there spectators are welcome to watch the dancers. Exhibition dances also will be held.

The closing feature of the festival, Tulip Time Varieties, will feature "Panorama of Music — 1968." This special variety show with a cast of 250 persons, is complete with every type of act for a variety production.

A full Dixieland band, a concert band, quartet, choirs, specialty acts, chorus line and solo numbers. The entire production is done in superb costuming and unusual lighting and sound. Combined with this program are the Championship solo and corps twirlers and the Famous Klomp (wooden) Shoe Dancers.

Problem Spots Can Be Beautiful

As your lawn reappears, you'll find, as always, some "problem" bare spots that could well be cured for keeps with weedless gardens of your favorite pot plants.

Covering these difficult areas with clay-potted plants on top of an inch or so of pebbles can solve this problem quickly and attractively.

Nutro GOOD NEIGHBOR SPECIAL

TRUE ROSE HIGHLIGHTS

1. THE PORTER **SAPPHO** BESTOWED THE TITLE "QUEEN OF THE FLOWERS" UPON THE ROSE IN 600 B.C.

2. THE MODERN HYBRID ROSE HAD ITS BEGINNING IN FRANCE IN THE YEAR 1867 WHEN THE LA FRANCE ROSE WAS CREATED BY CROSSING A PERPETUAL ROSE WITH A TEA ROSE FROM CHINA.

3. **APHIDS**, SMALL SUCKING INSECTS, ARE THE MOST COMMON ENEMIES OF THE ROSE.

A FEMALE APHID PRODUCES AN AVERAGE OF 40 YOUNG WITH 16 GENERATIONS BETWEEN MARCH AND OCTOBER... IF ALL LIVED A SINGLE APHID COULD PRODUCE 1,560,000,000,000,000,000,000,000 APHIDS IN A SEASON. 40% NICOTINE SULPHATE (BLACK LEAF 40) MAKES THE MOST EFFECTIVE SPRAY TO KILL APHIDS.

WHEN CUTTING ROSE BLOOMS, ALWAYS LEAVE TWO LEAVES ON THE STEMS.

The spotted leaf calla, also maculata, is most decorative with its creamy white blossoms and deep purple throat.

The Mexican Shell Flower, Urigidas, will provide brilliant bloom in your garden throughout the summer.

Dogwood Brightens Spring

One of America's prettiest spring trees has the least appropriate name.

The dogwood's popular name derives from an old European practice of boiling the bark in water to produce a strong poison used to treat dogs suffering from mange.

Today flowering dogwood is the state tree in Missouri, its blossom the official flower in North Carolina and Virginia, the National Geographic Society says. Week-long spring festivals honor the native American tree in Atlanta, Georgia; Knoxville, Tennessee; and Charlottesville, Virginia.

The dogwood bloom suggests an ivory Maltese Cross, and it traditionally opens a week before those of most other flowering trees. Thoreau likened the petals or bracts to "a flock of white birds passing."

George Washington celebrated his birthday on February 22, 1785, by transplanting several young dogwoods from the forest to his garden at Mount Vernon.

A careful nurseryman, the general took up "as much dirt with the root as could be well obtained."

Washington's love of dogwood is memorialized at Valley Forge. Some 50,000 blooming trees there form one of the most magnificent floral displays in the world. Many of the old dogwood trees were growing before Washington and his Revolutionary troops camped on Pennsylvania soil in the bitter winter of 1777.

Dogwood trees bring remembrances of the Civil War, too. One soldier wrote, "How white the dogwood blossomed in the dark woods of Shiloh."

One tropical species provides a narcotic and an excellent poison for stunning and catching fish. American pioneers used dogwood to fashion arrows, wooden cogs, and skewers. Modern artisans have

used the lumber to make handsome inlays.

About 20 of the 45 or more varieties of dogwood grow in the United States. The most striking are the flowering dogwood (Cornus florida), which blooms in the eastern United States, and the Pacific dogwood (Cornus nuttallii) of the West Coast.

Many legends stem from the dogwood and its strong, durable wood. Greek mythology holds that dogwood grew on Mount Ida in a grove sacred to Apollo.

GET UP TO 3 TIMES MORE ROSES

Famous University reports —

Use of Miracle-Gro increased the general vigor of rose plants considerably, with many more stronger, longer shoots and branches, much more and greener foliage, as well as double to triple the number of more beautiful blooms.

University test proves 30-second "instant action" in 5-ft. rose bush

Yonkers University scientists added tiny quantities of radioactive tracers to test solution of Miracle-Gro. They then applied this solution to the leaves of a 5-foot rose bush. Within 30 seconds, Geiger counter registered definite activity at top of bush — proof of how fast Miracle-Gro works.

GUARANTEED RESULTS IN 7 DAYS

Plants will respond with increased growth any time if you don't get superior results.

SAFETY — will even "burn" even in hot dry weather when used as directed. Excellent for lawns, trees, shrubs, all flowers. ECONOMICAL.

8 oz. \$1.00 1½ lbs. \$2.25 5 lbs. \$5.00

Power Mower Woes Handymen Can Solve

If your power mower starts acting up this spring after the first few trips around the lawn, save your temper and your arm by asking yourself three questions:

Am I using last year's gasoline?
When did I last clean the carburetor air filter?
When did I last change the spark plug?

Other than running out of gas, these are the three most common reasons for a small engine's refusal to start or run dependably.

Stale gasoline in the tank or carburetor, sometimes contaminated with condensation, can form deposits on internal parts of the carburetor or valves.

If last season's gas sat in your mower's engine through the winter, it may be the cause of your trouble. Flushing out the fuel system and possibly a good carburetor cleaning may be necessary to get you back in business again.

A dirty air cleaner on the carburetor is another potential problem, since it chokes off the air from the carburetor. This is

easy to correct and normally is starting out the new mowing season. At the same time the ignition lead should be inspected for cracked or brittle insulation.

If your mower has the steel mesh type of cleaner, wash it out in solvent (not gasoline) and apply a fresh coat of oil. If you have the oil bath type, simply pour out the old oil, clean up the parts and put in new oil. Heavy weight oil is best.

Some mowers have disposable paper air filters. These are not cleanable, but replacements are readily available at power mower service dealers.

A worn or fouled spark plug, sharpening or heavier maintenance projects should be undertaken by a qualified power mower repair shop.

Hanging Baskets— High-Rise Garden

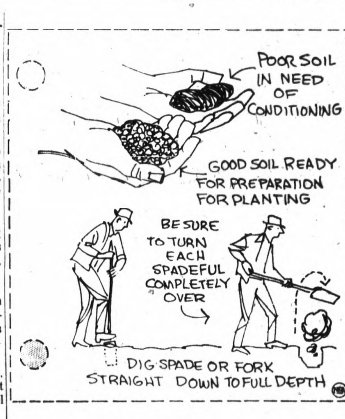

Apartment dwellers can achieve colorful garden effects with hanging baskets.

Wire baskets attached to ceilings or walls with brackets are best when filled with sphagnum moss and planted with gay annuals in clay pots.

The new clay pot hanging baskets with their own chains attached to the saucers are fine, too.

Keeping plants in their own porous clay pots makes it easier to change and vary displays all summer long.

When attending garden tours, remember to protect your feet and the flowers—wear low heel shoes.

Announcing the only lawn products with Weather Insurance!

*Let it flood, let it blow, let it scorch—you're covered.
When you feed, seed or weed with Scotts you don't risk a penny.*

It's a fact. When you put Scotts products on your lawn—this weekend, next week, anytime—no matter what the weather does you can't lose your investment. Not a single penny of it.

You must be pleased

Even if we have a flood, freeze, or drought, right after you get through feeding, seeding, or weeding... you're covered. If you aren't pleased with results (and you are the only judge) you can have your money back or a duplicate supply of Scotts products.

What are these weather-insured products? See below, and this year don't worry about the weather!

No-Quibble Guarantee

If for any reason—including adverse weather—you are not pleased with the Scotts product you have used, simply send your sales slip to Scotts, Marysville, Ohio 43040—and a refund check will be in the mail to you promptly.

Bored Student Wins \$10,000 Prize for Chemistry

By Science Service Writer
WASHINGTON — High school chemistry bored Roger Tsien, 16. So he set out to understand it in a lab in his basement. He learned so well that he walked off with a \$10,000 scholarship — first prize in the Westinghouse Science Talent Search.

Tsien, of Livingston, N. J.,

will graduate this June at the head of his high school class. The work he presented for the Talent Search was concerned with chemical bonding of mercury compounds and was done last summer at Ohio University.

He won over an original field of 23,000 high school science

students from 50 states, competing for a total of \$97,500 in scholarships and awards.

Tsien plans to use his award to study chemistry and physics at either Harvard or the California Institute of Technology.

Forty finalists in the Talent

Search, selected by written examination, arrived in Washington last week for face-to-face interviews with prominent scientists who acted as judges.

Tsien and nine others received scholarships ranging up to \$4,000. The remainder of the

finalists received cash awards of \$250 each.

The 10 award winners and two alternates were named at a banquet attended by 300 invited guests. The principal speaker at the banquet was Dr. Athelstan F. Spillhaus, president of the Franklin Institute.

Other speakers were Dr. Glenn T. Seaborg, chairman of the U.S. Atomic Energy Commission and president of Science Service, with Westinghouse cosponsor of the talent search; and Robert E. Kirby, executive vice president of Westinghouse Electric Corp.

AP Wirephoto

SHOULDERS BURDEN — This GI of the 4th Infantry Division carries seven artillery powder charge containers at one time as he disposes of them at a fire support base at Kontum, in South Vietnam's central highlands.

Cypress-Tree Decline Stirrs Rome Rumpus

ROME (AP) — The cypress trees of Rome are pining away, just like the pines. And like almost everything else in this green and sunny land, it's causing controversy.

According to the city's Department of Gardens, a parasitic growth that first appeared in the United States 40 years ago is spreading at epidemic rate through some of Rome's finest evergreens.

The affliction, called *Corymbium caryocatactes*, shows up as yellow blotches on cypress boughs. It turns them the color of rust before they drop off, leaving nothing but bare trunks as unlovely as a telephone pole.

The pines are also withering but not from a natural parasite. Their malady is industrialization. At least two separate studies by experts agree that the pines are more susceptible than other trees to automobile exhaust, industrial fumes and smoke from homes.

CHARACTERISTIC — The umbrella pine and the sentinel cypress are as characteristic of Rome as fountains, baroque palaces, marble and burnt lumber. Ottorino Respighi's "The Pines of Rome" is a tone poem of homage to their beauty.

Roman newspapers are in a tizzy over the Garden Department report. "Attacked by a parasite!" shouted *Il Giornale D'Italia* in a front-page story. "The cypresses of Rome are condemned to die!"

The paper declared that already all the cypresses in the Borghese Gardens are ailing.

The daily *Momento Sera* predicted that unscrupulous real estate dealers would use the report to justify indiscriminate cutting of wooded areas to make way for more apartment houses.

City Councilman Luigi Sapio said there was no reason for panic-yet. He said the number of hopelessly ill cypresses was not large and gave assurance that the city government would prevent healthy specimens being cut down.

Tough Assignment: Find Hill in Florida

CLERMONT, Fla. (AP) — Cape Kennedy scientists have a reputation for being able to solve stupendous problems in short times. But one cropped up recently that took two weeks to crack: find a hill in Florida.

The Army was ready to test a new truck developed to lug the Pershing missile from battlefield to battlefield and found that the government demanded a hill-climbing test.

Project officials, after more than two weeks of scanning the flat Florida peninsula, finally found Scott Street in the citrus town of Clermont. It just barely met the 20-degree slope specification.

As one bystander cracked, "In Florida that's a mountain," but the new truck climbed it all right.

XI NON-CONFORMING USES

- 11.1 Non-Conformance, Type A
- 11.2 Non-Conformance, Type B
- 11.3 Non-Conformance, Type C
- 11.4 Record of Non-Conformity

XII ADMINISTRATION

- 12.1 Establishment of Administrative Officer
- 12.2 Duties and Limitations of Building Inspector

- 12.3 Zoning Compliance Permit Required
- 12.4 Fees
- 12.5 Certificate of Occupancy

XIII BOARD OF APPEALS

- 13.1 Creation of Board of Appeals
- 13.2 Powers of Board of Appeals
- 13.3 Limitations on the Powers of the Board of Appeals
- 13.4 Procedure of the Board of Appeals
- 13.5 Appeal Procedure

XIV PLANNING COMMISSION

- 14.1 Creation of the Planning Commission
- 14.2 Powers of the Planning Commission
- 14.3 Special Exception Permits
- 14.4 Rules of Procedure

XV VIOLATIONS AND PENALTIES

- 15.1 Violations
- 15.2 Penalties

XVI AMENDMENTS

- 16.1 Amendment Procedure
- 16.2 Procedure for Amendment Petitions
- 16.3 Comprehensive Review of Ordinance

XVII REPEALS, SEVERABILITY AND EFFECTIVE DATE

- 17.1 Conflicting Provisions Repealed
- 17.2 Severance Clause
- 17.3 Effective Date

In pursuance of authority conferred by the provisions of Act 207
of the Public Acts of the State of Michigan of 1921, as amended.

THE CITY OF PONTIAC ORDAINS:

AN ORDINANCE TO AMEND THE OFFICIAL ZONING ORDINANCE OF THE CITY OF PONTIAC, MICHIGAN, AND TO ESTABLISH IN THE CITY OF PONTIAC, PURSUANT TO ACT 207 OF THE MICHIGAN PUBLIC ACTS OF 1921, AS AMENDED, DISTRICTS TO REGULATE THE USE OF LAND AND STRUCTURES THEREIN; TO REGULATE AND LIMIT THE HEIGHT, THE AREA, THE BULK AND LOCATION OF BUILDINGS; TO REGULATE AND RESTRICT THE LOCATION OF TRADES AND INDUSTRIES AND THE LOCATION OF BUILDINGS DESIGNED FOR SPECIFIED USES; TO REGULATE AND DETERMINE THE AREA OF YARDS, COURTS, AND OTHER OPEN SPACES; TO REGULATE THE DENSITY OF POPULATION; TO PROVIDE FOR THE ADMINISTRATION AND ENFORCEMENT OF THIS ORDINANCE; TO PROVIDE FOR A BOARD OF APPEALS, AND ITS POWERS AND DUTIES; AND TO PROVIDE A PENALTY FOR THE VIOLATION OF THE TERMS THEREOF.

ARTICLE I. SHORT TITLE

This Ordinance shall be known and cited as the "City of Pontiac Zoning Ordinance," and shall be referred to herein as "this Ordinance."

ARTICLE II. DEFINITIONS

ARTICLE II (Cont'd.)

SECTION 2.2 INTRODUCTION, DEFINITIONS PERTAINING TO GRAMMATICAL USAGE The words and phrases as defined in this Article and as herein enumerated when used in this Ordinance shall, for the purposes of this Ordinance, have the meaning ascribed to them in this Article. Words used in the present tense include the future; the singular number includes the plural and the plural the singular, the word "shall" is always mandatory and not merely directory. Terms not herein defined shall have the meanings customarily assigned to them.

SECTION 2.3 DEFINITIONS OF GENERAL TERMS**PLANNING COMMISSION**

The City Planning Commission of the City of Pontiac created by Ordinance No. 881, adopted March 5, 1935, and as amended by Ordinance 1060 adopted June 1946, being the agency initially designated to prepare a Zoning Ordinance and to recommend amendments to same Ordinance, in accordance with authority of Section 4, Act 207, P.A. 1921; shall throughout this Ordinance be known as the Planning Commission (see Article XIV and Section 16.3).

BOARD OF APPEALS

The Board of Appeals created by Ordinance No. 944, December 1938, entitled "The Building Zone Ordinance" shall throughout this Ordinance be known as the Board of Appeals or Board (see Section 13.1).

BUILDING INSPECTOR

The administrative officer of this Zoning Ordinance, established in conformity to the City Charter shall be known throughout this Ordinance as the Building Inspector.

ZONING COMPLIANCE PERMIT

This term shall have the meaning ascribed to it in Section 12.2 and Section 12.3 of this Ordinance.

SPECIAL EXCEPTION PERMIT

This is a type of Zoning Compliance Permit for uses set forth in Section 7.4 and issued following an investigation and finding by the Planning Commission in accordance with Article XIV.

CERTIFICATE OF OCCUPANCY

This term shall have the meaning ascribed to it in Section 12.5 of this Ordinance.

DISTRICT

This term is synonymous with the term "zone" or "zone district;" a portion of the City of Pontiac within which, on a uniform basis, certain uses of land and buildings are permitted and within which certain regulations and requirements apply under the provisions of this Ordinance.

RESIDENTIAL DISTRICT

The term "residential district" includes district classifications R-1 through R-5.

USED

This term is synonymous with the terms "use" and "uses" and means the purpose for which land or premises or a building thereon is designed, erected, arranged, or intended, or for which it is occupied or maintained, let or leased.

OCCUPIED

Including the word "occupancy" shall mean in fact used at the time in question.

ERECTED

The word "erected" and "erection" includes built, constructed, reconstructed, moved upon, or any physical operations on the premises required for the building. Excavations, fill, drainage, and the like, shall be considered a part of erection.

SECTION 2.4 DEFINITIONS PERTAINING TO ACCESS**STREET**

A dedicated and accepted public street, or a permanent unobstructed private easement of access with a roadway suitable for vehicular travel at least ten (10) feet wide which affords the principal means of vehicular access to abutting property; such private easement having a right-of-way of sixty (60) feet or more, excepting where an easement of access of lesser width exists prior to the adoption of this Ordinance.

Where under the provisions of Mapped Improvements Act, Act 222, P.A. 1943, the City Commission has adopted a precised plat showing the exact location of proposed future outside lines of new, extended, or widened streets, such outside lines shall constitute a street as above defined for the purpose of this Ordinance, including provisions for required setback.

ALLEY

A public or legally established private thoroughfare, other than a street, which affords a secondary means of vehicular access to abutting property.

SECTION 2.5 DEFINITIONS PERTAINING TO A BUILDING**STRUCTURE**

Any constructed or erected material or combination of materials the use of which requires location on or connection to the ground; including, but not limited to buildings, stadia, radio towers, sheds, storage bins, fences and signs.

BUILDING

Any structure having a roof including, but not limited to, tents, awnings, carports, and such devices as trailer coaches or mobile homes, which have a primary function other than being a means of conveyance.

ALTERATIONS

Any change, addition or modification in construction or type of occupancy; any change in the structural members of a building, such as walls, partitions, columns, beams, girders; or any change which may be referred to herein as "altered" or "reconstructed."

SECTION 2.6 DEFINITIONS CONCERNING A LOT**LOT**

A lot of record or a parcel of land including, in addition to the land required to meet the regulations of this Ordinance, all of the land area shown in a request for a Zoning Compliance Permit, used or intended to be used as the site for a principal and accessory building or use.

LOT, CORNER

A lot where the corner interior angle at the intersection of the two streets is less than one hundred thirty-five (135) degrees. A lot abutting upon a curved street or streets shall be considered a corner lot for the purpose of this Ordinance, if tangents to the curve at the two points where the lot lines meet the curve form an interior angle of less than one hundred thirty-five (135) degrees.

LOT, INTERIOR

Any lot other than a corner lot.

LOT, THROUGH

A double-frontage lot having a street for both front and rear lot lines.

LOT OF RECORD

A parcel of land, which is set forth as a separate parcel on any plat on record with the Register of Deeds for Oakland County or any parcel which has been separated therefrom in accordance with the provisions of the Plat Act, and which exists as described.

SECTION 2.7 DEFINITIONS PERTAINING TO LAND USE**USE**

(See Section 2.3, Used and Occupied.)

USE, PRINCIPAL

The primary and chief purpose for which a lot is used. (See Section 2.9 "Building, Principal," "Building, Accessory," and Section 2.6 "Lot.")

USE, ACCESSORY

A subordinate use which is customarily incidental to the principal use on the same lot. (See Section 2.9 "Building, Principal," "Building, Accessory," and Section 2.6 "Lot.")

AGRICULTURE

The art or science of cultivating the ground, the production of crops or livestock on a farm, excluding commercial greenhouses, the sale of nursery stock, riding stables, mink, fox and similar so-called fur farms, hog or poultry farms using garbage as a feed, processing of milk other than milk produced on the farm on which the processing is located.

FARM

A tract of land in single ownership or single operation, on which agriculture is a principal use.

SIGN, OUTDOOR ADVERTISING

Any card, cloth, paper, metal, painted glass, wood, plastic, stone or other object of any kind or character whatsoever, placed for outdoor advertising purposes on the ground or on any tree, wall, bush, rock, post, fence, building, structure, or thing whatsoever. The term "placed" as used in the definition of "outdoor advertising sign" and "outdoor advertising structure" shall include erecting, constructing, posting, painting, printing, tacking, nailing, gluing, sticking, carving, or other fastening, affixing or making visible in any manner whatsoever to the public.

STRUCTURE, OUTDOOR ADVERTISING

Any structure of any kind or character erected or maintained for outdoor advertising purposes, upon which any outdoor advertising sign or billboard may be placed, including outdoor advertising statuary.

OPEN AIR BUSINESS USE

A use not conducted from a wholly enclosed building, which shall include the following uses, if operated for profit:

- Bicycle, trailer, trailer coach, motor vehicle, farm implement, boat, or home equipment sale or rental services.
- Outdoor display and sale of garages, swimming pools, and similar uses.
- Retail sale of fruit, vegetables, and perishable foods.
- Retail sale of trees, shrubbery, plants, flowers, seed, topsoil, humus, fertilizer, trellises, lawn furniture, playground equipment, and other home garden supplies and equipment.
- Tennis courts, archery courts, shuffleboards, horseshoe courts, miniature golf, golf driving ranges, children's amusement parks or similar recreation uses.

GARBAGE

Garbage shall mean putrescible, animal, fish, fowl, fruit and vegetable wastes resulting from the storage, handling, preparation, cooking, or consumption thereof.

RUBBISH

Rubbish shall mean nonputrescible solid wastes consisting of both combustible and non-combustible wastes, such as ashes, paper, wrappings, cigarettes, cardboard, tin cans, yard clippings, leaves, wood, glass, bedding, crockery and similar materials.

JUNK

For the purpose of this Ordinance, "junk" in addition to including garbage and rubbish shall mean any motor vehicles, machinery, appliances, product, merchandise with parts missing, or scrap metals or other scrap materials that are damaged, deteriorated, or are in a condition which renders them incapable of performing the function for which they were intended.

JUNK YARD

The term "junk yard" includes automobile wrecking yards and includes any area of more than two hundred (200) square feet for the storage, keeping, or abandonment of junk, including scrap metals or other scrap materials, or for the dismantling, demolition, or abandonment of automobile or other vehicles or machinery or parts thereof, but does not include uses established entirely within enclosed buildings.

ARTICLE II (Cont'd.)**EXCAVATING**

Excavating shall be the removal of sand, stone, gravel or fill dirt below the average grade of the surrounding land and/or road grade, whichever shall be the highest.

QUARRY EXCAVATION

Any breaking of the ground to hollow out by cutting or digging or removing any soil or rock matter, except common household gardening and general farm care. (See also Excavating.)

FILLING

Shall mean the depositing or dumping of any matter onto, or into, the ground, except common household gardening.

LAKE, PUBLIC

Any body of water, which is not private, and which is accessible to the public via public owned lands, waters, or highways contiguous thereto, or via the bed of a navigable stream and which may be used for navigation, fishing, hunting or other lawful purpose, and reasonably capable of supporting a beneficial public interest.

LAKE, PRIVATE

Any body of water, other than a Public Lake, which is owned by one person, group of persons, partnership or corporation for their use only.

SECTION 2.8 DEFINITIONS PERTAINING TO MEASUREMENT OF LAND USE AREAS AND THE REQUIRED OPEN SPACE**BLOCK**

The property abutting one (1) side of a street and lying between the two (2) nearest intersecting streets; or between one (1) intersecting street and a railroad right-of-way, un subdivided acreage, river or live stream; or between any of the foregoing and any other barrier to the continuity of development.

LOT AREA

The total horizontal area within the lot lines of a lot. For lots fronting or adjacent to private streets, lot area shall be interpreted to mean that area within lot lines separating the lot from the private street, and not the centerline of said private street.

BUILDABLE AREA

The buildable area of a lot is the space remaining after compliance with the minimum required setbacks of this Ordinance.

LOT COVERAGE

The part or per cent of the lot occupied by buildings or structure, including accessory buildings or structures.

LOT DEPTH

The mean horizontal distance measured from the front street right-of-way line to the rear lot line.

LOT LINE

The lines bounding a lot as defined herein (see Section 2.6 "Lot").

LOT LINE, FRONT

In the case of an interior lot, the line separating said lot from the street. In the case of a corner or through lot, the line separating said lot from that street which is designated as the front street in the request for Zoning Compliance Permit.

LOT LINE, REAR

The lot boundary opposite the most distant from the front lot line. In the case of a pointed or irregular lot, it shall be an imaginary line parallel to the farthest from the front lot line, not less than ten (10) feet long and wholly within the lot.

LOT LINE, SIDE

A side lot line is any lot line not a front lot line or a rear lot line. A side lot line separating a lot from a side street is an exterior side lot line. A side lot line separating a lot from another lot or lots is an interior side lot line.

LOT LINE, STREET

A lot line separating the lot from the right-of-way or land in the easement of access of a street. (See Section 2.4 "Street.")

LOT WIDTH

The length of a straight line drawn between the points where the front required setback intersects the side lot lines.

SETBACK, REQUIRED

The distance required to obtain the front, side or rear open space stipulated in this Ordinance; or, when in reference to a parking lot as in Section 10.4, the distance required to obtain the stipulated buffer strip.

OPEN SPACE, REQUIRED

The yard space of a lot established between the street or lot lines and the required setback, open, unoccupied, and unobstructed by any building or part thereof from the ground to the sky, except as otherwise provided in this Ordinance.

OPEN SPACE, REQUIRED FRONT

The required open space extending the full width of the lot and of a depth equal to the required setback measured horizontally at right angles to the front lot line.

OPEN SPACE, REQUIRED REAR

The required open space extending the full lot width and of a depth equal to the required setback measured horizontally at right angles to the rear lot line; or, in the case of the rear lot line abuts an alley, to the centerline of the alley.

OPEN SPACE, REQUIRED SIDE

The required open space extending from the required front open space to the required rear open space and of a width equal to the side required setback measured horizontally at right angles to the side lot line.

COURT

A yard, other than a required open space, on the same lot with a building or group of buildings, and which is bounded on two or more sides by such building or buildings.

PARKING LOT

A land area for the parking of automobiles consisting of more than three (3) parking spaces. Off-street parking required in relation to one-family dwelling residential use is not included in this definition.

PARKING SPACE

An area of land adequate to carry out the regulations of Section 10.5, Parking Lot Layout, Entrance and Exit, or for situations not covered by Section 10.5 an area of not less than ten (10) feet wide by twenty (20) feet long.

BUFFER STRIP

See Section 10.4.

OFF-STREET LOADING SPACE

See Section 10.8.

SECTION 2.9 DEFINITIONS PERTAINING TO BUILDING USE**BUILDING, PRINCIPAL**

A building or, where the context so indicates, a group of buildings in which is conducted the principal use of the lot on which said building is situated.

BUILDING, ACCESSORY

A subordinate building, whether attached or detached, or a subordinate adjunct to the main building, the use of which is customarily incidental to the permitted use of the principal building.

BUILDING, UNENCLOSED

A building having no enclosure either by screening or otherwise, other than its roof and such necessary supporting structure as will present the minimum obstruction to light, air and view. The term shall include such carports, porches, soffits, cornices, awnings, marquees, and similar structures as meet the above definition. (See Section 5.6.)

KENNEL

An establishment wherein or whereon three or more dogs are confined and kept for sale, boarding, breeding or training purposes, for remuneration, and such kennel facilities shall be so constructed as to prevent the public or stray dogs from obtaining entrance thereto and gaining contact with dogs lodged in said kennel.

TEMPORARY BUILDING AND USE

A structure or use permitted by the Board of Appeals to exist during periods of construction of the principal use or for special events, not to exceed one (1) year.

RESIDENTIAL USE

The term residential use includes one-family, two-family, terrace-family, and multiple-family dwelling uses but excludes hotel, motel, rooming house, convalescent or nursing home and all other uses.

FAMILY

An individual or two or more persons related by blood, marriage or adoption, together with not more than two other persons, or a group of not more than five (5) persons who need not be related by blood or marriage, living together as a single housekeeping unit in a dwelling unit.

BEDROOM

(abbreviated BR). A room designed in whole or in part for sleeping purposes.

DWELLING UNIT

A room or group of rooms with bathroom, and cooking facilities, designed as a unit for occupancy by only one family for living, sleeping and cooking purposes.

DWELLING, ONE-FAMILY

A detached building containing only one dwelling unit.

DWELLING, TWO-FAMILY

A building containing only two (2) dwelling units.

DWELLING, TERRACE-FAMILY

A building containing three (3) or more dwelling units arranged side by side and separated from each other by a party wall, with each dwelling unit having separate direct ground ingress and exit from the outside, with front and back walls as outside walls.

DWELLING, MULTIPLE-FAMILY

A building containing three (3) or more dwelling units, arranged either side by side or one above the other.

EFFICIENCY UNIT

A dwelling unit consisting of one room exclusive of bathroom, kitchen, hallway, closets, or dining alcove directly off the principal room and providing not less than three hundred and fifty (350) square feet of floor area.

ROOMING UNIT

A room or group of rooms forming a single habitable unit used for living and sleeping, with closet space, and with or without bathroom, but without cooking facilities.

ROOMING HOUSE

A building containing rooming units providing for compensation lodging with or without meals, by pre-arrangement for periods exceeding ten days, together with one dwelling unit for occupancy by management. Rooming house is synonymous with boarding house and lodging house.

HOME OCCUPATION

An occupation or hobby that is traditionally or customarily carried on in the home, such as laundering, tailoring and dressmaking, provided:

- That such occupation is incidental to the residential use to the extent that not more than twenty (20) per cent of the useable floor area of the principal building or fifty (50) per cent of an accessory building, shall be occupied by such occupations.
- That no article or service is sold or offered for sale on the premises except such as produced by such occupation.
- That such occupation shall not require internal or external alterations or construction features or equipment or machinery not customarily in residential areas.
- That such occupation shall comply with all applicable State and local licensing regulations.
- That there be not more than one (1) employee other than members of the resident family.
- That there be no more than one non-illuminated, non-animated sign not to exceed one (1) square foot in size.

HOTEL; MOTEL

A building containing primarily rooming units with the number of dwelling units being not greater than ten (10) per cent of the total number of rooming units, and, with the exception of the unit occupied by the management staff, used only for the accommodation of transients.

ARTICLE II. DEFINITIONS (Cont'd.)**GARAGE, PRIVATE**

An accessory building having not more than six hundred and sixty (660) square feet of useable floor area to be used for the storage of non-commercial motor vehicles and not more than one commercial vehicle of less than one-and-one-half tons capacity, and wherein no public shop or service is conducted.

GARAGE, PUBLIC

Any garage other than a private garage or community garage available to the public, and which is used for the storage, repair, rental, greasing, washing, sales, servicing, adjusting, or equipping of automobiles or other motor vehicles.

GARAGE, COMMUNITY

A building, other than a private garage, having no public shop or service in connection therewith, for the storage of non-commercial vehicles.

GARAGE, STORAGE OR SERVICE

(See Public Garage.)

GASOLINE SERVICE STATION

Buildings or premises or portions thereof arranged or designed to be used for the retail sale of oil, gasoline or other fuel for the propulsion or lubrication of motor vehicles and which may include facilities for changing of tires, tube repairing, polishing, greasing, washing, or minor service to such motor vehicles, but excluding so-called high speed automotive washing, steam cleaning, body repairing, major chassis or transmission or motor repairing, bumping, customizing, painting, storage of wrecked vehicles, or sale of used vehicles.

MOTOR SUPPLY STATION

(See Gasoline Service Station.)

TRAILER COACH

Any vehicle with or without motive power, designed for carrying property or persons and for being drawn by a motor vehicle, and so constructed as to permit occupancy as a dwelling or sleeping place by one or more persons, and licensable as a "trailer coach" under Act No. 300 of the Public Acts of 1949, as amended, being sections 257.1 to 257.923 of the Compiled Laws of 1948, and any vehicle with motive power designed primarily for living or sleeping or used to carry a unit so designed, except a "tent trailer" which means a vehicle less than twenty (20) feet in length with an expandable enclosure of canvas, fabric or metal used as a living or sleeping place.

TRAILER COACH PARK

Any parcel or tract of land under the control of any person, upon which three (3) or more occupied trailer coaches are harbored, or which is offered to the public for that purpose, regardless of whether a charge is made therefor, together with any building, structure, enclosure, street, equipment or facility used or intended for use incident to the harboring or occupancy of trailer coaches; except as provided by Section 91 of Act No. 243, P.A. of 1959, as amended.

CONVALESCENT OR NURSING HOME

A home for the care of children or the aged or infirm, or a place of rest for those suffering bodily disorders, wherein two or more persons are cared for. Said home shall conform and qualify for license under State law except that such home shall comply with the requirements of this Ordinance.

CLUB

An organization of persons for special purposes or for the promulgation of agriculture, sports, arts, science, literature, politics or the like, but not for profit.

DRIVE-IN ESTABLISHMENT

A business establishment so developed that its principal retail or service character is dependent on providing a driveway approach or parking spaces for motor vehicles so as to serve motor vehicles or serve patrons while in the motor vehicle (e.g., car wash, gasoline service stations, restaurants, cleaners, banks, theaters, etc.).

OCCUPANCY, CHANGE OF

The term "change of occupancy" shall mean a discontinuance of an existing use and the substitution thereof of a use of a different kind or class.

ROADSIDE STAND

A structure limited to the display and sale of produce or handicrafts grown or made on the premises.

SECTION 2.10 DEFINITIONS PERTAINING TO BUILDING MEASUREMENTS**BUILDING HEIGHT**

The vertical distance measured from the bottom of the floor joists or floor slab of the first story to the highest point of the roof for flat roofs; to the deck line of mansard roofs; and to the average height between eaves and ridge for gable, hip, and gambrel roofs.

GRADE

For the purposes of determining building height:

- For buildings adjoining one street only, it is the elevation of the sidewalk directly opposite the center of that wall which adjoins the street; in such case where the average elevation of the finished ground surface adjacent to the exterior walls of the building is lower than the elevation of the sidewalk grade, or where there is no sidewalk grade, or where there are no sidewalks, the grade shall be the average elevation of the ground on the lowest side adjacent to the exterior walls of the building.
- For buildings adjoining more than one street, it is the elevation of the sidewalk directly opposite the center of the wall adjoining the street having the lowest sidewalk elevation.
- For buildings having no wall adjoining the street, it is the average level of the finished ground surface adjacent to the exterior walls of the building.
- All walls which are approximately parallel to and not more than twenty-five (25) feet from a front lot line shall be considered as adjoining the street. In alleys, the surface of the paving shall be considered to be the sidewalk elevation. Where the elevation of the sidewalk or alley paving has not been established, the City Engineer's Office shall determine such elevation for the purpose of this Ordinance.

STORY

That portion of a building included between the upper surface of any floor and the upper surface of any floor next above, or any portion of a building between the topmost floor and the roof having a floor area equal to at least fifty (50) per cent of the floor area of the floor immediately below it. A top floor area under a sloping roof with less floor area is a half story.

STORY, FIRST

The first story shall be considered the lowest story of which the ceiling is more than five (5) feet above grade.

STORY, HALF

See definition of "Story."

BASEMENT

Space below the first story having more than six (6) feet six (6) inches headroom and floor area equal to at least fifty (50) per cent of the floor area of the first story.

FLOOR AREA

Area measured to the exterior face of exterior walls and to the centerline of interior partitions. (Also see "Useable Floor Area.")

USEABLE FLOOR AREA, NON-RESIDENTIAL

The measurement of useable floor area for non-residential uses shall be to the exterior face of exterior walls on the first story and any other story connected by a fixed stairway, escalator, ramps, or elevator, which may be made fit for human habitation; the measurement shall include the floor area of all accessory buildings measured similarly, but exclude the floor area required for heating and other mechanical equipment, unenclosed porches, light shafts, public corridors, and public toilets.

USEABLE FLOOR AREA, RESIDENTIAL

The measurement of useable floor area for residential uses shall be the sum of the area of the first story measured to the exterior face of exterior walls; plus, similarly measured, the area having more than seven (7) feet six (6) inches headroom of any upper story that is connected by a fixed stairway and which may be made useable for human habitation; but excluding the floor area of attics, breezeways, and unenclosed porches.

SECTION 2.11 DEFINITIONS PERTAINING TO USES OR SITUATIONS WHICH ARE TO BE GIVEN SPECIAL PREFERENCE TREATMENT**ESSENTIAL SERVICES**

The phrase "essential services" means the erection, construction, alteration, or maintenance by a public utility of underground, surface, or overhead gas, electrical, steam, fuel or water transmission or distribution systems, collection, communication, supply or disposal systems, including towers, poles, wires, mains, drains, sewers, pipes, conduits, cables, fire alarm boxes, police call boxes, traffic signals, hydrants, and other similar equipment and accessories in connection therewith reasonably necessary for the furnishing of adequate service by such public utilities for the public health, safety, or general welfare; such essential services, however, do not include buildings, electric substations, gas regulator buildings, pole or storage yards.

PUBLIC UTILITY

Any person, firm, corporation, municipal department or board duly authorized to furnish and furnishing under State or municipal regulations, to the public, electricity, gas, steam, communication, telegraph, transportation, water, or sewer.

NON-CONFORMANCE, TYPE "A"

See Section 11.1.

NON-CONFORMANCE, TYPE "B"

See Section 11.2.

NON-CONFORMANCE, TYPE "C"

See Section 11.3.

PLANNED UNIT RESIDENTIAL DEVELOPMENT

(abbreviated PURD). An integrated plan presented by the owner or owners of an entire tract of land comprising an area of not less than twenty-five (25) acres to be used and developed as one unit of land for predominantly residential use complete with compatible allied functions. (See Article VI.)

ARTICLE III. ZONE DISTRICTS**SECTION 3.1 CLASSIFICATION OF DISTRICTS**

The City of Pontiac shall be, and hereby is, divided into Zoning Districts as enumerated in Article VII, Schedule of Regulations and as shown on Article VIII, Zoning Map.

SECTION 3.2 REQUIRED CONFORMITY TO DISTRICT REGULATIONS

Except as otherwise provided in this Ordinance, no structure or tract of land shall hereafter be used or occupied, and no structure, or part thereof, shall be erected, moved, or altered, except in conformity with the regulations herein specified for the Zoning District in which the structure or land is located.

SECTION 3.3 DISTRICT BOUNDARIES SHOWN ON ZONING MAP

The boundaries of said districts are hereby established as shown on the Zoning Map, which accompanies this Ordinance as Article VIII, and which Zoning Map with all notations, references, and other information shown thereon shall be as much a part of this Ordinance as if fully described herein. The Zoning Map shall be certified as the official copy by the City Clerk and shall be kept on display in the Building Inspector's Office. This official Zoning Map, which may be a single sheet or composed of several map sheets, is the only official copy of the Zoning Map and information shown thereon supercedes and takes precedence over any reproductions appearing in any publication of the Zoning Ordinance distributed for the convenience of the public or appearing elsewhere. Maps and descriptions accompanying enacted amendments shall be displayed adjacent to the official copy until such time as the official copy is corrected. When so ordered by resolution of the City Commission, the official copy shall be corrected to show all amendments and the accuracy and completeness of such corrections shall be certified thereon by the City Clerk.

ARTICLE III. ZONING DISTRICTS (Cont'd.)**SECTION 3.4 INTERPRETATION OF ZONING MAP**

Where, due to the scale, lack of detail, or illegibility of the Zoning Map accompanying this Ordinance, there is uncertainty, contradiction, or conflict as to the intended location of any district boundary as shown thereon, interpretation concerning the exact location of the district boundary line shall be determined by the Board of Appeals. The Board, in arriving at a decision on these matters, shall apply the following standards:

- a. District boundary lines are intended to follow centerlines of alleys or streets, rights-of-way, water courses, or lot of record lines, or be parallel or perpendicular thereto, unless such district boundary lines are otherwise obviously indicated as shown on the Zoning Map.
- b. Where district boundaries are so indicated that they approximately follow lot of record lines, such lines shall be construed to be such boundaries.
- c. In unsubdivided property, or where a district boundary divides a lot of record, the location of any such boundary, unless the same is indicated by dimensions shown on the Zoning Map, shall be determined by the use of the map scale shown thereon.

ARTICLE IV. USE REGULATIONS**SECTION 4.1 GENERAL**

Except as otherwise provided herein, regulations governing land and building use are hereby established as shown in Article VII, Schedule of Regulations. Uses not expressly permitted are prohibited unless a positive finding is made by the Planning Commission in accordance with the procedure and regulations of Article XIV that the use which is not expressly permitted has characteristics sufficiently similar to uses that are Permitted Principal Uses that such not expressly named use is a Permitted Principal Use. Uses requiring a Planning Commission Special Exception Permit enumerated in Section 7.4 Schedule of Regulations are permitted or prohibited in accordance with the procedure and regulations set out in Article XIV.

SECTION 4.2 CONFLICTING REGULATIONS

Where this Ordinance imposes greater regulations, restrictions, or limitations by its provisions than are imposed or required by existing laws or ordinances, regulations, restrictions or limitations, the provisions of this Ordinance shall control.

SECTION 4.3 NON-RESIDENTIAL MIXED WITH RESIDENTIAL PROHIBITED

Except where specifically provided for in this Ordinance, such as Districts in which both residential uses and non-residential uses are permitted and such as home occupations, non-residential and residential uses on the same lot or in the same building are prohibited.

ARTICLE V. AREA, HEIGHT, BULK, AND PLACEMENT REGULATIONS**SECTION 5.1 GENERAL**

Except as otherwise provided herein, regulations governing the percentage ratio of useable floor area to lot area, lot size, lot area per dwelling unit, useable floor area per dwelling unit, required open spaces, building height, and other pertinent factors are as shown in Article VII, Schedule of Regulations.

SECTION 5.2 ENCUMBERING LAND REQUIRED TO SATISFY REGULATIONS

No portion of a lot used in connection with a building, structure, or use, and necessary for compliance with the area, height, bulk, and placement regulations of this Ordinance shall through sale or otherwise again be used as a part of the lot required in connection with any other building or structure or use; nor shall a portion of a lot be sold or conveyed in a way that will leave a remaining parcel that cannot meet the area, height, bulk, and placement regulations of this Ordinance.

SECTION 5.3 EXCEPTIONS TO HEIGHT LIMITS

The height limits of this Ordinance may be modified in its application to church spires, belfries, cupolas, penthouses, domes, water towers, observation towers, power transmission towers, radio towers, masts and aerials, flagpoles, chimneys, smokestacks, ventilators, skylights, derricks, conveyors, cooling towers, and other similar and necessary mechanical appearances pertaining to and necessary to or customarily incidental to the permitted uses of the district in which they are located. In case a question arises as to the necessity or degree of incidentalness or length of custom, the Building Inspector shall refer the question to the Board of Appeals for its ruling.

SECTION 5.4 AVERAGING EXISTING FRONT OPEN SPACE

For a lot in a residential district, where the average of the front setback for all adjacent lots, which are located within one hundred (100) feet and on which there are existing buildings, is greater than the required setback specified in this Ordinance, a required setback shall be provided on the lot equal to this greater average depth but not to exceed forty (40) feet. Where such average of the front setback is less than the minimum required front setback, the required setback may be reduced to this lesser average depth, but in no case to less than twenty (20) feet. For the purpose of computing such average, an adjacent vacant lot shall be considered as having the minimum required front setback specified in that District.

SECTION 5.5 LANDSCAPE TREATMENT OF REQUIRED FRONT OPEN SPACE

The ground of all required front open space shall be used only for the purpose of entrance or exit driveways and landscape plant materials except as provided in Sections 10.6 and 10.8.

SECTION 5.6 PROJECTIONS INTO REQUIRED OPEN SPACE

The following projections into required open space are permitted: sills, belt courses, cornices, eaves, gutters, chimneys, or pilasters projecting not more than fourteen (14) inches into any required open space; fire escapes, stairways, porches, balconies, and carports, which are open and unenclosed may project not more than four (4) feet into any required open space, but in no case shall such projection be closer than five (5) feet to any lot line.

SECTION 5.7 CORNER LOT SETBACK ON SIDE STREET

Every corner lot in a residential district having on its side street an abutting interior lot shall have a minimum required setback from the side street equal to the minimum required front setback of the district in which it is located; provided, however, that this does not reduce the buildable width of any lot of record to less than twenty-five (25) feet.

SECTION 5.8 ACCESSORY BUILDINGS IN RESIDENTIAL DISTRICTS

Accessory buildings in residential districts shall conform to the following regulations except as may be otherwise provided in this Ordinance:

- a. Accessory buildings shall not exceed fifteen (15) feet in building height.
- b. Accessory buildings may not be erected in any required front or side open space except as provided in Section 5.6, and except that the combined width of both required side open space may be reduced to not less than ten (10) feet where a private garage is structurally attached to a principal building and used for the storage of not more than two (2) motor vehicles.
- c. Accessory buildings may occupy the required rear open spaces provided that such buildings do not occupy more than fifteen (15) per cent of the total lot area nor exceed 600 square feet of useable floor area, and are not less than three (3) feet from any lot line.
- d. On any corner lot in a residential district no part of any accessory building shall be nearer the exterior side lot line than the required setback as regulated in Article VII, or as modified in Section 5.7.

SECTION 5.9 APPLICATION TO LOTS OF RECORD

Where the owner of a lot of record does not own and cannot reasonably acquire sufficient abutting land to enable him to conform to the open space and other requirements herein prescribed, such lot may be used by said owner as a building site provided the open space and other provisions conform as closely as possible in the opinion of the Board of Appeals to the requirements for the district in which it is located and subject to Section 13.2 Powers of Board of Appeals.

Where two or more abutting lots of record are held in one ownership, either in fee simple and/or under a vendee's land contract interest, or subsequently come to be held in one ownership, they shall be considered the same as a single lot of record for the purpose of this Ordinance, and the provisions of this Ordinance shall not thereafter be circumvented or avoided by the willful sale or conveyance of a part or portion of any parcel or parcels.

SECTION 5.10 MULTIPLE-FAMILY DWELLING PROJECTS SITE PLAN APPROVAL

The Planning Commission shall review and approve or disapprove the site plan of Multiple-Family Projects of three or more dwelling units. The Planning Commission's review and consideration of such site plans shall be guided by the standards set forth in the appropriate sections of "Minimum Property Standards for Multiple-Family Housing - Federal Housing Administration, Washington D.C., November, 1963" and as amended, and such standards of design as adopted by the Plan Commission, including but not limited to, parking lot arrangements, vehicular and pedestrian circulation, access to and adequacy of public thoroughfares, utility easements and building arrangement. In addition to the foregoing requirements site plan approval shall be subject to provision being made for and dedication of adequate utility easements and thoroughfare rights-of-way whether abutting or within the site. The specifications for rights-of-way shall be in accord with the City's thoroughfare plan. The specifications for utility easements shall be in accord with the requirements of the Department of Public Works and Services of the City of Pontiac.

ARTICLE VI. PLANNED UNIT RESIDENTIAL (PURD) DISTRICTS**SECTION 6.1 INTENT**

The Planned Unit Residential (PURD) District is intended and designed to provide a means for the development of large tracts of ground on a unified design basis, allowing greater flexibility and diversification of land uses and building locations than the conventional single lot method provided in other Sections of this Ordinance. It is the intent of this Section that the basic principles of good land use planning, including an orderly and graded relationship between various types of uses, be maintained and that the sound zoning standards as set forth in this Ordinance and statutes concerning population density, adequate light and air, recreation and open space, parking and building coverage, be preserved.

The Planned Unit Residential (PURD) District is a designation, with reverter, superimposing the regulations of this development upon the underlying district without changing the fundamental intent of the underlying district regulations, especially in relation to population and dwelling unit densities and useable floor area to land area ratios, while modifying these and other regulations in specific application to a large area rather than to an individual lot.

SECTION 6.2 FILING OF PETITION

The owner of any tract of land that includes no recorded subdivision and has an area of not less than twenty-five (25) acres, may initiate the procedure provided by this Section of the Zoning Ordinance by petition to the City Commission. Such petition, in addition to any other purpose, is for a Zoning Amendment as outlined in Article XVI of this Ordinance.

The initiating petition shall state, as specifically as may be feasible at the time, the primary provisions of the Zoning Ordinance from which the petitioner may be seeking amendment, and shall state the reasons he believes the intent of the Ordinance can be better accomplished by such exception or modification. The petition may include plan maps, drawings and other graphic illustrative material, as well as written documentation, that in the opinion of the petitioner bear significant relationship to the health, safety and general welfare of the citizens of the City and the potential occupants of the proposed Planned Unit Residential District development.

As required by Act 207, P.A. of Michigan 1921 as amended, the petition will be referred to The Planning Commission.

The procedure then will follow steps appropriately similar to, and the steps may be taken concurrently with, the steps required by the Subdivision regulations of the City of Pontiac. In addition to data submittals required by Ordinance No. 1528, the Subdivision Ordinance, the Planning Commission may call for additional significant data such as: economic analyses and market studies of various housing types, soil surveys, and tabulated representation of gross and net areas.

If the petitioner desires the assurance of tentative official sanction of some basic aspects of the proposed PURD plan prior to the Planning Commission recommendation of the complete PURD planning and zoning amendment documents (see Section VI.J of the Subdivision Ordinance), and such basic aspects are of a nature that they can be reduced to Zoning Ordinance amendment language, the Planning Commission may recommend such amendments. The effective date of such amendment must be so stated that such amendment will not be operative until subsequent to the effective date of appropriate complete PURD amendments.

SECTION 6.3 REGULATIONS

The land uses, minimum lot area, open space, height, and accessory uses shall be determined by the requirements set out below, which shall prevail over conflicting requirements of this Ordinance.

a. PERMITTED USES:

The buildings shall be used for residential purposes and customarily incidental accessory uses; non-commercial recreational facilities, community activities including churches and schools, and similar ancillary uses. Further, the land uses shall be composed of such combination of types of dwelling or other activities as shall be authorized by the Planning Commission, but the Planning Commission shall authorize only those types of dwelling and other activities and structures as will:

- (1) Form a compatible and harmonious community group or groups.
- (2) Conform to comprehensive planning of the City.
- (3) Be suited to the capacity of existing and proposed community utilities and facilities.
- (4) Be capable of a unitary design consistent with the protection of public health, safety and welfare, in general.
- (5) Afford reasonable protection to the permissible uses of immediately adjacent properties surrounding the site.

If, in the opinion of the Planning Commission, reasons can be shown to indicate commercial, industrial or other non-residential uses may be appropriate in, or adjacent to, the area being considered for a PURD amendment, the Planning Commission may consider, separately from, but concurrently with their consideration of a PURD proposed amendment, proposed zoning amendment to permit such other non-residential uses as the Planning Commission finds to be:

- (1) Either designed to serve primarily the residents of the residential PURD and limited to the extent that like non-residential uses are not available in convenient proximity.
- (2) Or a use designed to serve the entire City but whose locational determinants require the facility to be located in the PURD; but in either case the use must be found by the Planning Commission to be fully and compatibly incorporated into the unitary design of the residential PURD.

b. REQUIRED OPEN SPACE AND HEIGHT REQUIREMENTS:

The required open space and height requirements of the zoning district in which the PURD is located may not apply except that required open space specified in the district shall be provided around the boundaries of the area zoned PURD.

c. PERIMETER USES:

Uses along the PURD zone boundary lines shall not be in conflict with those allowed in adjoining or opposite property. To this end the Planning Commission may require, in the absence of an appropriate physical barrier, that uses of least intensity or a buffer of open space or screening be arranged along the borders of the zone.

d. PLAT REQUIRED:

A plat of the development shall be recorded regardless of whether a subdivision is proposed, showing building lines, building locations, common land, streets, easements, and other applicable items required by the Subdivision Ordinance of the City of Pontiac.

e. FINAL PLAT APPROVAL NECESSARY:

No building permits shall be issued until the final plat of the development is approved and recorded.

SECTION 6.4 DENSITY, ALLOWABLE PERCENTAGES OF MULTIPLE, AND COVERAGE REQUIREMENTS

The maximum number of dwelling units permitted shall be determined by dividing the net development area by the minimum lot area per dwelling unit required by the underlying district or districts in which the area is located. Net development area shall be determined by subtracting that portion of lake and muck and peat area (as defined in the Subdivision Ordinance) that lie more than two hundred (200) feet from the nearest shore line or boundary of such area; and the area set aside for churches and schools or conditionally approved non-residential uses, if any, and deducting the area actually proposed for streets from the gross development area.

The area of land set aside for common land, open space, or recreation, except as above deducted, shall be included in determining the number of dwelling units permitted. The maximum ratio of multiple-family dwelling units permitted shall be determined by the district in which the development is located. The following table shall be used as a guide for the Planning Commission.

ZONING DISTRICT	PERCENTAGE OF TOTAL UNITS ALLOWABLE AS MULTIPLES
Multiple-Family (R-3, R-4, R-5) and Non-Residential Districts	100%
R-2 Districts	100%
R-1 Districts	40%

If the development area contains two (2) or more different underlying zone district classifications, the number of dwelling units permitted, and the percentage of multiple-family dwelling units allowed shall be determined in direct proportion to the area of each zone district classification contained in the entire tract.

SECTION 6.5 DEED RESTRICTIONS

In view of the "petitioning for special exception" nature of the PURD amendment procedure, deed restrictions and covenants entered into, or proposed to be contracted for, by the developer become an appropriate consideration of the City. The Planning Commission shall consider the manner in which this lawful contractual technique can augment lawful zoning techniques in attaining the objectives of a PURD amendment and may make their recommendations conditional upon these contractual relations between private parties. Further, the Planning Commission may recommend procedures whereby the Corporate Municipality permanently becomes a party in such contractual relations.

SECTION 6.6 COMMON LAND AREAS

Common land areas not dedicated to the general public shall be held in corporate ownership by private owners of lots or parcels of land in the PURD area and the developer shall incorporate into the deeds of all property, or all of certain classes of property, within the development a clause giving to the owners an interest in such common areas indicating the use to be made of the common area and providing a means of permanent maintenance of this common area. The City shall be given a fee interest in trust for the group of citizens having ownership interest in such common land area. The form of this trustee interest of the City shall be derived from Section 50 of the Plat Act, Act 172, P.A. 1929, as amended (M.S.A. 26.480), and other appropriate law. Any maintenance expense or other costs incurred by the City acting in this trustee capacity shall be collected from only the group of citizens having ownership interest in such common land area.

SECTION 6.7 COMPLETION

The City Commission shall make the approval of the development plan contingent upon the completion of construction and improvements within a reasonable period of time; provided, however, that in the determination of such period, the Commission shall consider the scope and magnitude of the development project. Any schedule of construction and improvement shall be submitted by the developer for each major section.

ARTICLE VI. PLANNED RESIDENTIAL (P.U.R.D.) DISTRICTS (Cont'd.)

SECTION 6.7 COMPLETION (CONT'D.)

Failure to complete all construction and improvements within said period of time shall be deemed sufficient cause for the City Commission, in addition to other appropriate lawful action, to retract the PURD zoning of the subject property and revert the zoning to the classification effective at the time of original submission of the development plan, unless an extension is recommended by the Planning Commission and approved by the City Commission for due cause shown. Any proposed change in the development plan after approval by the Commission shall be resubmitted and considered in the same manner as the original proposal.

SECTION 6.8 FORM OF PURD ZONING ORDINANCE AMENDMENT DOCUMENTS

The documents will include both a Zoning Map amendment to specifically locate the area regulated by the PURD zoning plan and an amendment modification of the text of certain regulations of the then in force Zoning Ordinance. This amendment modifying certain regulations may be composed of written regulatory language, detailed site plans, written contractual agreements or other appropriate communication media that will specifically define the intent. All of this documentation shall have been prepared and considered in accordance with the procedure described in this PURD Section. Following the recommendation of the Planning Commission favoring the PURD amendment, the enactment procedure shall follow Section 16 of this Ordinance.

ARTICLE VII SCHEDULE OF REGULATIONS

1	2	3	4	5	6	7	8	9	10	11	12	13
INTENT	PERMITTED PRINCIPAL USES and/or exceptions	PERMITTED ACCESSORY USES	USES REQUIRING PLANNING COMMISSION SPECIAL EXCEPTION PERMIT (see Section 14.3)	AREA, HEIGHT, BULK AND PLACEMENT REGULATIONS								
				Required Minimum Usable Floor Area Per Dwelling Unit In Square Feet	Minimum Required Setback Dimensions in Feet			Maximum Bldg. Height		Minimum Lot Size		
					Front	Side		Rear	In Feet	Stories	Area In Sq. Ft.	Width In Feet
						Least One	Total of Two					
R-1 ONE-FAMILY DWELLING DISTRICT The regulations of this one-family residential district are intended to encourage a suitable environment for families typically with children. To this end, uses are basically limited to one-family dwellings, together with certain other uses such as schools, parks, and playgrounds which, though somewhat incompatible to the abutting residences, are desirable in that they provide a neighborhood environment. In keeping with the intent, development is regulated to a moderately low density. This District is applicable to areas where platting has, or is expected to create, lots typically with a minimum of 6,250 square feet land area. Commercial and other uses which tend to be incompatible with the intent are prohibited.	1. <u>One-family dwellings</u> : by definition a trailer coach is not a one-family dwelling and is hereby specifically prohibited use except in R-5 Trailer Coach Park Districts. 2. <u>Neighborhood public parks, playgrounds, and elementary schools</u> primarily for use of neighborhood residents, where located in accordance with, and following the land area standards of the Pontiac General Development Plan.	1. <u>Private garage</u> . 2. <u>Garden house, tool house, swimming pool, playhouse or greenhouse, not used for commercial purposes</u> . 3. <u>Home occupation</u> . 4. <u>Not more than two (2) boarders or roomers per dwelling unit</u> . 5. <u>Automobile parking, not in excess of automobiles owned by the occupants, plus two (2) additional off-street parking spaces</u> . 6. <u>The storage of one unoccupied trailer coach or small utility trailer and/or a single water craft which is the property of the occupant in the rear yard of said lot, provided such trailer coach or water craft is parked at least ten (10) feet from any dwelling</u> . 7. <u>Any use customarily incidental to the permitted principal use</u> .	1. <u>Church or other place of religious participation</u> . See Section 14.3.a. 2. <u>Convent, dormitory or similar use accessory to a school, college, hospital or church</u> . 3. <u>Non-profit parochial or private school</u> . 4. <u>High school and junior high school</u> . 5. <u>Quasi-public community building, clubs, recreation areas and recreation or athletic facilities, except where a principal activity thereof is a service customarily carried on as a business</u> . 6. <u>A community garage</u> . See Definitions Section 2.9. 7. <u>Municipal uses, State or Federal uses, public library, public museum, public utility building, telephone exchange, transformer station and substation, fire station, gas regulator station</u> . 8. <u>Railroad station</u> . 9. <u>Agricultural uses in sparsely settled and unplanted areas, subject to such reasonable limitations and conditions as shall from time to time be determined and prescribed</u> .	1,000 sq. ft. for one-story building with basement. 1,080 sq. ft. for one-story building without basement. 1,200 sq. ft. for 1½, 2 or 2½ story building.	25	5	14	30	35	2½	6,250	50
R-2 TWO-FAMILY AND TERRACE DWELLING DISTRICT The regulations of this District are intended to provide a suitable residential environment for families living in two-family and terrace family dwellings. Typically, these families will have fewer children than families living in R-1 One-Family Dwelling District. The areas zoned for this District are generally existing lots of record or are close to major thoroughfares.	1. Any use permitted in R-1 One-Family Dwelling District, subject to all the regulations that apply in such District. 2. <u>Two-family dwelling</u> . 3. <u>Terrace-family dwellings</u> . 4. <u>Multiple family dwelling</u> which result from the conversion of an existing single-family dwelling, provided all of the procedures and regulations required by this Ordinance and other Ordinances of the City of Pontiac are satisfactorily met.	1. Same as R-1 One-Family Dwelling District, subject to all the regulations that apply in such District, except as otherwise provided in 3 below. 2. <u>Community garage to serve the principal permitted use on the same lot</u> . 3. <u>Automobile parking not in excess of that needed to serve the principal permitted use</u> . 4. <u>Private swimming pool designed and operated only for occupants of the principal building and their personal guests</u> . 5. Any use customarily incidental to the permitted principal use.	1. Same as R-1 One-Family Dwelling District and under the same terms and conditions. 2. <u>Maintenance and management buildings reasonably necessary to serve a terrace-family dwelling project, provided they are so located as to not be injurious to the residential environs</u> . 3. <u>Convalescent or nursing home, homes for the elderly, subject to providing eight hundred (800) square feet of land area per occupant</u> . 4. <u>Motels are permissible only if, in the opinion of the Planning Commission, adequate conditions exist or can be imposed that will make such uses compatible with the purposes of this Ordinance; otherwise such uses are prohibited uses</u> .	1 Br. R-3 MULTIPLE-FAMILY DWELLING DISTRICT The regulations of this District are intended to provide a suitable residential environment for families living in multiple-family dwellings. These families are typically small in size. Such a suitable environment must provide adequate open space in proportion to dwelling area. The regulations are designed to flexibly reflect the different types of family accommodations permitted.	1. Any use permitted in R-2 Two-Family and Terrace Family Dwelling District, subject to all the regulations that apply in such District. 2. <u>Multiple-family dwellings</u> .	1. Same as in R-2 Two-Family and Terrace Family Dwelling District. 2. Any use customarily incidental to the permitted principal use.	1. Same as R-2 Two-Family and Terrace Family Dwelling District and under the same terms and conditions. 2. <u>Incidental services may be provided within apartment houses for the convenience of occupants, such as news, cigar or candy stands, delicatessens, restaurants, personal service shops and similar uses, provided the conditions in Section 14.3 are fulfilled</u> . 3. <u>Boarding or rooming houses</u> .	0 Br. R-5 TRAILER COACH PARK DISTRICT The regulations of this Dis- trict are intended to pro- vide a suitable residential environment with adequate space and facilities for healthful living condi- tions for occupants of trail- er coach parks.	None	None	A Trailer Coach Park as provided by Section 14.3 of this Ordinance and as regulated by The Michigan Department of Health under authority of Act 243, P. A. of 1959, as amended.						See Article XIV of this Ordinance				
C-O OFFICE BUSINESS DISTRICT The regulations of this Dis- trict are intended to pro- vide a suitable environment for certain types of uses, primarily office in charac- ter. The Office Busi- ness District classifica- tion will be applied where ap- propriate to permit the con- version of buildings origi- nally designed for residen- tial use and where a transi- tion-use buffer is appro- priate between residential uses and uses which would be incompatible.	1. Any use permitted in the R-3 District, except one and two family dwellings subject to all the regula- tions that apply in such districts. 2. Clubs, lodges, YMCA, YWCA, community cen- ter buildings, except those a chief activity of which is a gainful service or activity conducted as a business. 3. Medical clinics (out- patient only) and offices of doctors, dentists, osteo- paths and similar or al- lied professions, but not including veterinarian establishments. 4. Offices for lawyers, real- tors, architects, engineers, tax consultants, and simi- lar professional business- es; offices for industrial and trade unions; offices for credit unions; and of- fices for commercial and civic organizations. 5. Studios for musicians, artists and dancing in- struction and photograph studios. 6. Funeral parlor or morn- tuary chapel. 7. Churches, hospitals, con- valescent and nursing homes, and health clubs. 8. Educational institutions and commercial schools. 9. Miscellaneous business services such as Consum- ers credit reporting agen- cies, mailing lists and stenographic services, business management and consulting services, etc.	1. Signs in accordance with City of Pontiac Sign Ordi- nance. 2. Fences. 3. Parking in accordance with Article X of this Ordinance. 4. Any use customarily in- cidental to the permitted principal use.	1. Those uses above under R-4 District which are not permitted principal uses in this District. 2. Hotels and motels are permissible only if, in the opinion of the Plan- ning Commission, ade- quate conditions exist or can be imposed that will make such uses compati- ble with the purposes of this Ordinance; other- wise such uses are pro- hibited uses. 3. Hospitals.		25		20 for that open space abut- ting a residential district bound- ary, otherwise none.		20	40	3	6,000	50
C-1 LOCAL BUSINESS DISTRICT A business district designed solely to serve the needs of the surrounding residential neighborhood, providing goods that meet day-to- day needs and are classed by merchants as "conven- ience goods and services." Businesses which might tend to be a nuisance to the immediately surrounding residential development are excluded, even though the goods or services offered might be in the convenience category or classification. The regulations are de- signed to permit develop- ment of the enumerated functions as limited by the standards designed to pro- tect the abutting or sur- rounding residential land. To these ends, the regula- tions establish standards comparable to the stand- ards for residential dis- tricts resulting in similar area, height, and place- ment regulations. The normal spacing be- tween these shopping dis- tricts is approximately one mile and the total land area not more than eight (8) acres.	1. Any principal use permit- ted in the C-O Office Business District except residential uses. (See Sec- tion 7.4, Uses requiring Planning Commission Special Exception Per- mit. 2. Retail sales in a fully en- closed building, provided each use occupies a total useable floor area of not more than 8,000 square feet; except that for re- tail stores primarily en- gaged in selling food for home preparation and consumption the total useable floor area shall not be more than 20,000 square feet: (a) Food market (b) Drug store (c) Bakery (d) Clothing (e) Shoe store (f) Restaurant (except drive-in establishments) (g) Jewelry store (h) Gift shop (i) Book or stationery store (j) Radio, TV and music store (k) S.D.D. and S.D.M. licenses (l) Limited price variety store (m) Dry goods and no- tions store (n) Other similar uses 3. Personal service shops which deal directly with consumers, offices and establishments, provided each such use occupies a total useable floor area of not more than four thousand (4,000) square feet. 4. Dry cleaning establish- ments, or pick-up sta- tions, provided that non- flammable and odorless cleaning fluid is used, all dry cleaning is limited to that material and cloth- ing picked up over the counter of said premises, and the total useable floor area of the dry cleaning establishment does not exceed two thousand (2,000) square feet. 5. Publicly owned build- ings, public utility build- ings, telephone exchange buildings; electric trans- former stations and sub- stations; gas regulator stations with service yards, but without stor- age yards.	1. Signs in accordance with the City of Pontiac Sign Ordinance. 2. Offstreet parking and loading as required by Article X. 3. Any use customarily in- cidental to the permitted principal use.	1. Same as C-O Office Busi- ness District and under the same terms and con- ditions. 2. Open air business use by temporary permit for six (6) month periods or less. 3. Retail stores or services conclusively found to be compatible with the in- tent of encouraging and facilitating the develop- ment and operation of an efficient and concentrat- ed shopping district. 4. Residential use either as the exclusive occupant of a lot or as a mixed use with a permitted non- residential use are per- missible only if, in the opinion of the Planning Commission, adequate conditions exist or can be imposed that will make such uses compati- ble with the purposes of this ordinance; other- wise, such uses are pro- hibited uses. 5. Banks, including branch drive-ins.	8 ft. land- scaped yard				20	25	2	2,000	20

C-2 CENTRAL BUSINESS DISTRICT This District is designed to serve a complex of urban functions that are enhanced both by centrality of location and the ease of access of being at the hub of a system of radial thoroughfares and also by being types of activities that gain economic advantage from a close proximity organized relationship to each other. It is desired to have this District be more than a regional shopping center and to find here the main offices of banks, headquarters and main offices of public utility companies and other office center activities, the main library, theaters, hotels and restaurants and other activities that attract the congregation of people. Activities such as warehousing, for example, should be discouraged since they take up space without adding to pedestrian activity. A prime characteristic of this District is a core of intense pedestrian activity. Most persons entering the District will come by automobile and typically will park once to carry out several errands. The economic welfare of merchandising activities in this District depends on intense development of comparison shopping. In this District, each establishment contributes to the whole shopping center by adding to the variety of goods available and adding to the comparison shopping activities. This essential interdependence of activities is given preference in the regulations and the future planning of the District over those types of activities where the customer normally does business as a single purpose trip and desires to park his automobile immediately adjacent to the establishment. Provision is made in C-3 Fringe Central Business District and Thoroughfare Oriented Business District for those uses that need to have the customer come directly to each establishment.	1. Any principal use permitted in the C-1 Local Business District. 2. Any retail business whose principal activity is the sale of new merchandise in an enclosed building, excepting uses, such as the following, which tend to detract from or interfere with a high intensity of pedestrian shopping activity: automobile sales, boat sales, trailer coach sales, motorcycle sales, gasoline service stations. 3. Retail sales in which both a workshop and a retail outlet or showroom are required, such as, plumber, electrician, interior decorator, dressmaker, tailor, upholsterer, dry cleaning shop, printer, photographer, radio and home appliance shop, and similar establishments of no more objectionable character, subject to the provision that not more than five (5) employees and not more than twenty-five (25) per cent of the total usable floor area of the establishment shall be used for servicing, repairing, manufacturing or processing activities. 4. Restaurants, tea rooms, cafes, and other establishments serving food or beverages, except drive-in establishments. 5. Places of amusement, entertainment, or recreation, such as: dance hall, bowling alley, enclosed theater, concert hall, private club or lodge, hall renting for meeting or social occasions, or similar recreation use or place of assembly. 6. Physical culture and health services. 7. Bus passenger stations. 8. Pet shops, pawn shops, public auction rooms. 9. Radio and Television studios and broadcasting facilities. 10. Newspaper publishing plant. 11. Public utility uses and telephone exchanges but not including storage yards. 12. Churches, charitable institutions, hospitals. 13. Hotels and motels. 14. Police station, post office, or other governmental buildings and uses. 15. Other uses similar to the above uses, provided they are conducted within completely enclosed buildings.	1. Warehousing, packaging, and trucking connected with retail sales uses. 2. Signs in accordance with the City of Pontiac Sign Ordinance. 3. Off-street parking and loading as required by Article X. 4. Any use customarily incidental to the permitted principal uses.	1. Same as C-1 Business District and under the same terms and conditions. 2. Open air business uses, on either a temporary or permanent permit, when developed in planned relationship with the C-2 District as follows: a. Retail sales of plant materials not grown on site and sales of lawn furniture, playground equipment and garden supplies. b. Recreational space providing children's amusement park, shuffleboard, miniature golf, and other similar recreation when part of a planned development. 3. Automobile parking structure.		None	None	None	None	Where abutting a residential district boundary, structure height shall not be greater than the horizontal distance to the residential lot line.	6,000	60	
					25	10'	10	20	except for that open space which abuts a residential district boundary the required open space provided shall be:			
									on that side abutting a residential district only.			
C-3 FRINGE C.B.D. AND THOROUGHFARE ORIENTED BUSINESS DISTRICT This District is designed to provide for certain types of commercial activities which have functional and economic relationships to a Central Business District. Such activities will include wholesale suppliers, jobbers, retail and supply warehouses, motor vehicle major repair and service agencies, automobile parking structure, equipment and machinery dealers, building materials dealers, food processing plants, farm and garden supply stores, places of entertainment or recreation, public utility facilities and retail establishments related in a peripheral manner to those of the Central Business District. In this District, the customer may come to the particular establishment either by automobile or as an extension of his C.B.D. pedestrian shopping activity. Since there is little essential interdependence of activities, each establishment typically will have its own automobile parking area. Good traffic accessibility is essential to this District, particularly for trucks and other freight-carriers. The uses permitted, because of their required contact with automobile and truck traffic, would be incompatible in the Central Business District. The design and regulations for this District are also set up to provide for certain types of thoroughfare oriented commercial activities which have characteristics in common. For the retail establishments in this District, there is considerable advertising advantage through visual exposure to the highway traffic; the customer usually comes directly to the particular establishment by automobile, making a separate stop for each errand. Comparison shopping activity is inconsequential when compared to the Central Business District. Since there is little essential interdependence of activities, establishments	Subject to operational standards and conditions contained in Section 9.6 through 9.69 and as described, the following uses are permitted: 1. Any principal use permitted in the C-2 Central Business District, provided such uses comply with all regulations of the C-3 District. -EXCEPT- department stores, discount houses, variety stores, clothing and ladies ready to wear, gift shops, specialty shops, shoe stores, jewelry, camera, and optical goods stores; and such similar retail merchandizing operations as are essential to Central Business Districts and regional shopping centers. 2. Wholesalers, jobbers, building material dealers, lumber yards, coal and fuel oil distributors, warehousing, refrigerated and general storage, transportation terminals including common carriers, contract carriers and private fleets, outdoor storage of new automobiles, trucks, or buses. 3. Retail businesses that do not require extensive assembling or workshop facilities but do require service and repair in connection therewith, such as but not limited to new and used automobile and motor vehicle sales; boat and sporting goods sales; agricultural implement, garden supply and furniture stores; appliance, furniture, paint, glass, wallpaper, and hardware stores; motorcycle and bicycle sales and service, automobile parts, tire, battery, and accessory dealers. 4. Retail sales, repair services, custom assembly of parts in which a workshop is required for successful operation and in which the retail outlet or showroom may be in fact	1. Signs in accordance with the City of Pontiac Sign Ordinance. 2. Off-street parking as required by Article X. 3. Any use customarily incidental to the permitted principal uses.	1. Same as C-2 Central Business District and under the same terms and conditions. 2. Off-street parking as required by Article X. 3. Gasoline Service Station, automatic car wash, self-serve car wash, public garage, drive-in restaurant are permissible only if, in the opinion of the Planning Commission, adequate conditions exist or can be imposed that will make such uses compatible with the purposes of this Ordinance; otherwise, such uses are prohibited uses.		15	None	None	20	25	2	6,000	60

M-1 MANUFACTURING DISTRICT The intent of this District is to provide suitable location for small manufacturing plants in sound, relationship and planned extension of the present locational pattern of such plants. Certain assembly activities are permitted in the C-3 Fringe Central Business District and Thoroughfare Frontage District. This M-1 District provides for manufacturing beyond simple assembly. The further intent is to encourage and facilitate the development of industrial enterprises in a setting conducive to public health; economic stability and growth; protection from blight, deterioration; and nonindustrial encroachment; and efficient traffic movement including employee and truck traffic. The area, height, bulk, and placement regulations, as well as use regulations, reflect the intent of this District. It is intended that performance standards of Section 9.6 through 9.69 will be highly effective in regulating uses in this District. The land conducive to the intent of this District is highly limited in availability and is therefore primarily restricted to industrial use in the interest of the community's tax base and economic growth and development.	Subject to the same operational standards and conditions as apply in the C-3 District, the following uses are permitted: 1. Any principal use permitted in the C-3 Fringe C.B.D. and Thoroughfare Frontage Business District provided such use comply with all regulations of the M-1 Industrial District with the following exceptions which are hereby expressly prohibited: a. Dwelling unit, trailer coach park, hospital or institution for the care of humans. b. Any retail business other than restaurant, gasoline service station, which is intended to serve the convenience needs of persons working in the M-1 District. 2. The following are permitted when satisfying the performance standards set out in Section 9.6 through 9.69. The below list is not exhaustive but it is intended to indicate the type of product, operating equipment, or machinery use capable of meeting the required performance standards: a. Metal work involving the use of grinding or cutting tools, such as manufacturing tools, dies, jigs, and fixtures; jobbing and repair machine shops; automatic screw machines when operated with noise-dampeners or other sound absorbing devices and when located not less than 200 feet from any residential district boundary. b. Metal work involving stamping machines, punch presses, press brakes, and hydraulic presses when all machines are placed on appropriate shock absorbing mountings and on suitable reinforced concrete footings. No machine shall be loaded beyond the capacity prescribed by the manufacturer. c. Metal working involving arc welding, acetylene torch cutting, heating or similar processes when performed in accordance with the requirements of Section 9.6c of the Performance Standards. d. Metal plating. e. The manufacture of concrete products, such as building blocks, steps, precast slabs, curbs, splash blocks, bumper blocks, and septic tanks but excluding ready mix or other concrete product operation requiring elevator storage tanks, conveyors, and batching equipment. f. Manufacturing of canvas, cloth, and sheet plastic products such as draperies, upholstery, mattresses, and seat covers. g. Woodworking, including pattern making, millwork, cabinet making, formica counters, prefabricated wood trusses, pallets, skids, and similar products. h. Chemical compounding, plastics manufacturing, the manufacture of paint, lacquer, enamel, or varnish, except processes such as the cooking of varnish and oil that make offensive fumes and odors. i. Food processing, meat and fish processes not including slaughtering or rendering, other dairy, bakery, candy manufacturing, and other food processing permitted in C-3 District. j. Printing or forming of box, carton, and cardboard products. k. Manufacturing of trailer coaches, prefabricated buildings or panels. l. Public utility uses, such as electric substation, fire station, water supply and reservoir, public sewerage disposal plants, utility pumping station, garage for commercial and public utility vehicles, telephone exchange, terminal for vehicles for movement of persons or freight, gas regulator station, railroad transfer and storage yards.	1. Signs in accordance with the City of Pontiac Sign Ordinance. 2. Offstreet parking and loading in accordance with Article X. 3. Any use customarily incidental to the permitted principal use. 2. All types of permitted uses requiring outdoor storage, manufacturing, processing, or assembling, such as construction contractor's heavy equipment yard, utility pole yard, bulk storage of oil and petroleum products above ground, and repair of trucks and construction equipment.	1. Same as C-3 Fringe C.B.D. and Thoroughfare Frontage Business District and under the same terms and conditions. 2. All types of permitted uses requiring outdoor storage, manufacturing, processing, or assembling, such as construction contractor's heavy equipment yard, utility pole yard, bulk storage of oil and petroleum products above ground, and repair of trucks and construction equipment.	40	14	30	None	40	3	13,000	100

M-2 MANUFACTURING DISTRICT The intent of this District is to provide suitable and applicable regulations for the large industrial complexes, chiefly the divisions of the General Motors Corporation, and other activities not covered elsewhere. As in M-1 District, it is intended that performance standards will be highly effective in regulating use in this District and it is intended that the control of certain obnoxious uses will be accomplished by the regulation that they are prohibited uses unless, in the opinion of the Planning Commission, adequate conditions exist or can be imposed that will make such uses compatible with the purposes of this Ordinance.	Subject to performance standards as specified in Section 9.6 through 9.69 the following uses are permitted: 1. Any principal use permitted in the M-1 District provided such uses comply with all the regulations of this M-2 District. 2. Manufacturing of components and assembling of transportation equipment, including but not limited to automobiles, trucks, and buses; construction contractor, agricultural equipment, and other heavy machinery. 3. Portland Cement concrete product or ready mix operations requiring elevator storage tanks, conveyors, and batching equipment. 4. Foundry, smelting or refining of metals or ores, wrought iron shop, annealing or heat treating plants. 5. Rubber products manufacturer, treatment or reclaiming, including tire recapping. 6. Ceramic products, terra cotta brick or tile kilns and manufacturing. 7. Brewing or distilling of malt beverages or alcoholic liquors. 8. Boiler or metal tank manufacturing.	1. Signs in accordance with the City of Pontiac Sign Ordinance. 2. Off-street parking and loading in accordance with Article X. 3. Any use customarily incidental to the permitted principle use.	1. Same as M-1 Manufacturing District and under the same terms and conditions. 2. Junk Yard, scrap and waste wholesaling are permissible only if, in the opinion of the Planning Commission, adequate conditions exist or can be imposed that will make such uses compatible with the purposes of this Ordinance; otherwise, such uses are prohibited uses. 3. Sand and gravel pits. 4. Corrosive acid or alkali manufacturing are permissible only if, in the opinion of the Planning Commission, adequate conditions exist or can be imposed that will make such uses compatible with the purposes of this Ordinance; otherwise, such uses are prohibited uses. 5. Asphaltic concrete batch plant, asphalt mixing, batching or paving plants. 6. Forging by steam or drop hammers.	60	15	30	None	40	3	125,000	200

C-C CIVIC CENTER The intent of this District is to provide a suitable central location for a variety of public services rendered by government including but not limited to that cited under 7.4 of this Ordinance and the accessory parking areas and circulation commonly provided for the convenience of employees and the general public.	None	None	The Civic Center Development Plan as adopted by the Planning Commission and City Commission and as hereafter amended shall be followed. The following uses are permitted: 1. Federal, State, County, and Municipal offices. 2. Library, museum, auditorium, sports arena, art gallery, exhibition hall, and related cultural use. 3. Buildings erected for public use by non-profit corporations or associations which are compatible with uses mentioned in 1 and 2, including Municipal Employee's Credit Union.						50	4		
P-1 PARKING DISTRICT The intent of this District is to provide specific locations for publicly or privately provided off-street parking, in those situations where it is in the public interest that parking be specifically so located. This public interest includes relief of traffic congestion, a balance between parking and commercial land use, and enhancing the intent of commercial districts.	None	1. Shelter for attendant, not to exceed two such buildings in any one area and each building shall not be more than fifty (50) square feet in area or ten (10) feet in height. 2. Signs in accordance with the City of Pontiac Sign Ordinance. 3. Fence.	Off-street parking lots in accordance with Article X.									
				The regulations of Article X shall apply.

ARTICLE IX. SUPPLEMENTARY REGULATIONS

SECTION 9.1 VISIBILITY ON CORNER LOTS

In any residential district, no structure, fence or planting shall be maintained in a required front open space within twenty-five (25) feet of the intersection of the street lot lines of a corner lot in a manner which would interfere with traffic visibility across a corner.

SECTION 9.2 FENCES, WALLS AND HEDGES

In any residential district, fences and walls are permitted in any required open space except front open space, or along any lot line, except street lot lines. Any fence or wall along any lot line shall be not more than six (6) feet above immediate ground level. All non-residential uses shall erect fences along the rear and side lot lines where said boundary lines adjoin residential districts. Said fences shall not be less than four (4) feet nor higher than six (6) feet above ground level and shall be concealing fences similar to the Hibitant-type of fence, or chain link fence with dense permanent planting.

All fences, walls, and greenbelts of any nature, type or description located in the City of Pontiac shall conform to the specifications on file in the City Building Inspector's Office and Planning Department.

SECTION 9.3 REQUIRED ACCESS TO RESIDENTIAL PROPERTY

No dwelling unit shall be built on any lot unless the lot abuts for at least fifteen (15) feet upon a public street or a permanent, unobstructed easement-of-record, other than an alley, to a public street. Such easement-of-record shall have a minimum width of sixty (60) feet except where an access easement-of-record of less width exists prior to the adoption of this Ordinance or prior to the coming within the jurisdiction of this Ordinance. The regulations shall apply to such easements-of-record in the same manner as to streets.

SECTION 9.4 USE OF ACCESSORY BUILDING PRIOR TO USE OF PRINCIPAL BUILDING PROHIBITED

No accessory building shall be occupied prior to the principal building, or use except as a construction facility for said principal building. Such facility shall not be used for residential purposes. This exception is a temporary one which shall lapse thirty (30) days after completion of the principal building.

SECTION 9.5 ESSENTIAL SERVICES

Essential services shall be permitted as authorized and regulated by law and other ordinances of the City of Pontiac, it being the intention hereof to exempt such essential services from the application of this Ordinance.

SECTION 9.6 PERFORMANCE STANDARDS FOR SOUND, VIBRATION, ODOR, GASES, GLARE AND HEAT, LIGHT, ELECTROMAGNETIC RADIATION, SMOKE, DUST, DIRT, AND FLY ASH

It shall be unlawful to carry on or to permit to be carried on any activity or operation or use of any land, building or equipment that produces irritants to the sensory perceptions greater than the measures herein established which are hereby determined to be the maximum permissible hazard to humans or to human activities. Such measures may be supplemented by other measures which are duly determined to be maximum permissible hazards to humans or to human activity.

SECTION 9.61 SOUND:

The intensity level of sounds shall not exceed the following decibel levels when adjacent to the following types of uses:

IN DECIBELS	ADJACENT USE	WHERE MEASURED
55	Uses permitted in R-1, R-2, R-3, R-4, and R-5 residential districts.	Common Lot Line
65	Uses permitted in C-O, C-1, C-2, C-3 business districts and C-C Civic Center District.	Common Lot Line
70	Uses permitted in M-1, M-2 industrial districts and P parking districts.	Common Lot Line

The sound levels shall be measured with a type of audio output meter approved by the by the Bureau of Standards. Objectionable noises due to intermittance, beat frequency, or shrillness, shall be muffled so as not to become a nuisance to adjacent uses.

SECTION 9.62 VIBRATION:

All machinery shall be so mounted and operated as to prevent transmission of ground vibration beyond any lot line of its source where common with a residential district.

SECTION 9.63 ODOR:

The emission of noxious, odorous matter in such quantities as to be readily detectable at any point along lot lines when diluted in the ratio of one volume of odorous air to four or more volumes of clean air, or as to produce a public nuisance or hazard beyond lot lines, is prohibited.

SECTION 9.64 GASES:

The escape of or emission of any gas which is injurious or destructive or explosive shall be unlawful and may be summarily caused to be abated.

SECTION 9.65 GLARE AND HEAT:

Any operation producing intense glare or heat shall be performed within an enclosure so as to completely obscure and shield such operation from direct view from any point along the lot line, except during the period of construction of the facilities to be used and occupied.

SECTION 9.66 LIGHT:

Exterior lighting shall be so installed that the surface of the source of light shall not be visible from any bedroom window, and shall be so arranged as far as practical to reflect light away from any residential use; and in no case, except municipal street lighting, shall more than one foot candle power of light cross a lot line five (5) feet above the ground in a residential district.

SECTION 9.76 ELECTROMAGNETIC RADIATION:

Applicable rules and regulations of the Federal Communications Commission in regard to propagation of electromagnetic radiation are hereby made a part of this Ordinance, and shall be on file in the office of the Building Inspector.

SECTION 9.68 SMOKE, DUST, DIRT AND FLY ASH:

It shall be unlawful to discharge into the atmosphere from any single source of emission whatsoever any air contaminant in excess of that described in Article VI, Emission Limitations and Prohibitions—Standards of Measurement, contained in the Wayne County Air Pollution Regulations as adopted by the Wayne County Board of Health, December 16, 1965.

SECTION 9.69 RADIOACTIVE ISOTOPES, X-RADIATION AND IONIZING RADIATION

Applicable rules and regulations of the Michigan Department of Health, Division of Occupational Health, by authority of Act No. 146, P.A. of 1919, as amended, as published February 1958, regarding the propagation of radioactive isotopes, X-radiation and all other forms of ionizing radiation are hereby made a part of this Ordinance and shall be in the office of the Building Inspector.

ARTICLE X. OFF-STREET PARKING and LOADING

SECTION 10.1 GENERAL

Wherever a parking lot is built either as required off-street parking or is built in a P Parking District, such parking lot shall be laid out, constructed and maintained in accordance with the regulations of this Article. The building of a parking lot is subject to the requirements for a Zoning Compliance Permit.

SECTION 10.2 REQUIRED OFF-STREET PARKING

Off-street parking in conjunction with all land and building uses shall be provided as herein prescribed:

- The minimum number of off-street parking spaces shall be determined in accordance with the following table in Section 10.3. For uses not specifically mentioned therein, off-street parking requirements shall be interpreted by the Planning Commission from requirements for similar uses.
- Any area once designated as required off-street parking shall never be changed to any other use unless and until equal facilities are provided elsewhere. Off-street parking existing at the effective date of this Ordinance in connection with the operation of an existing building or use shall not be reduced to an amount less than would by this Ordinance be required for such building or use.
- The off-street parking may be provided either by individual action or by a parking program carried out through public action, whether by a special assessment district or otherwise.
- Two or more buildings or uses may collectively provide the required off-street parking, in which case the required number of parking spaces shall not be less than the sum of the requirements for the several individual uses computed separately. However, in cases of dual functioning of off-street parking where operating hours do not overlap, the Planning Commission may grant a Special Exception based on the peak hour demand.
- Required off-street parking shall be for the use of occupants, employees, visitors and patrons and shall be limited in use to motor vehicles; the storage of merchandise, motor vehicles for sale, or the repair of vehicles is prohibited.
- Privately provided off-street parking for non-residential uses shall not be in the required front open space in excess of one parking space per twenty (20) feet of frontage of the lot.
- All off-street parking whether publicly or privately provided for non-residential uses shall be either on the same lot or within three hundred (300) feet of the building it is intended to serve, measured from the nearest point of the building to the nearest point of the off-street parking lot without crossing any major thoroughfare, except that where there is a parking program for a specified area carried out with public action in accordance with paragraph i below, the latter requirement is waived.
- Single-family residential off-street parking shall consist of a parking strip, garage or combination thereof and shall be located on the premises they are intended to serve. Such single-family residential off-street parking is exempt from the regulations of this Article governing a parking lot.
- Where off-street parking in permanent public ownership and operation exists in quantity and location greater than would be necessary to fulfill the requirements of this Ordinance for the existing contiguous buildings, or uses, then such excess number of parking spaces may be prorated to the land area within three hundred (300) feet, as measured in paragraph (g) above, to the extent that the parking requirements are thereby met. The Planning Commission shall determine such proration calculation. To the extent of such proration calculation, the Planning Commission may grant Special Exception to the minimum number of off-street parking spaces required to be provided prior to the issuance of a Certificate of Occupancy for any new building, new use or changed use.

ARTICLE X. OFFSTREET PARKING AND LOADING (Cont'd.)

SECTION 10.2 REQUIRED OFF STREET PARKING (CONT'D)

- j. Off-street parking shall be provided as hereinafter required, prior to the issuance of a Certificate of Occupancy; provided that where a parking program for a specified area to be carried out by public action is established by an official plan that proposes parking spaces comparable to the quantitative requirements of this Ordinance and includes a time schedule of land acquisition and construction, Certificates of Occupancy for all land or building uses within such officially planned area shall not be contingent upon prior provision of off-street parking.
- k. For the purpose of computing the number of parking spaces required, the definition for non-residential useable floor area, Section 2, 10, shall apply. In stadia, sports arenas, churches and other places of assembly in which patrons or spectators occupy benches, pews or other similar seating facilities, each twenty (20) inches of such seating facilities shall be counted as one seat. When units of measurements determining number of required parking spaces result in requirement of a fractional space, any fraction up to and including one-half shall be disregarded and fractions over one-half shall require one parking space.

SECTION 10.3 TABLE OF REQUIRED OFF STREET PARKING SPACES

USE	SPACES	PER UNIT OF MEASUREMENT
1. (a) <u>Dwellings</u> including one-family and two-family	2 3 4	Per 2 bedroom dwelling unit Per 3 bedroom dwelling unit, Per 4 bedroom dwelling unit, plus 1 for each additional bedroom.
(b) <u>Dwelling, Multiple-Family terrace family and trailer coach park district of three (3) or more dwelling units</u>	1½ 2 2½ 3	Per efficiency unit or one (1) bedroom unit, Per two (2) bedroom unit, Per three (3) bedroom unit, Per four (4) bedroom unit, plus one-half (½) for each additional bedroom.
(c) <u>Elevator apartment, multiple family dwelling</u>	Planning Commission Approval	
2. <u>Elementary Schools, Junior High Schools</u>	1	For each two (2) teachers, employees and administrators, or twenty-eight (28) square feet of useable floor area of largest auditorium or other public assembly room, whichever is greater.
3. <u>Library, Post Office and Fire Station</u>	Planning Commission Approval	
4. <u>Housing for the elderly</u>	1	For each two (2) dwelling or rooming units
5. <u>Professional offices of doctors, dentists, or similar professions</u>	1	For each one hundred (100) square feet of useable floor area in waiting room, pharmacy and laboratory, plus one (1) for each examining room, dental chair or similar use area, plus 1 for each doctor and employee.
6. <u>Offices of architects, attorneys, accountants, real estate offices, insurance offices, public or private administration offices, banks.</u>	1	Per one hundred and fifty (150) square feet of useable floor area.
7. <u>Churches</u>	1	For each four (4) seats. If Special Exception Permit is required, see Section 14.3.
8. <u>High Schools, Colleges</u>	1	For each two (2) teachers, employers, and administrators, plus one (1) space per ten (10) students, or twenty-eight (28) square feet of useable floor area of largest auditorium or other public assembly room, whichever is greater. If Special Exception Permit is required, see Section 14.3.
9. <u>Sanitariums or convalescent homes and orphanages</u>	1	For each six (6) beds, plus one (1) space for each two (2) employees, computed on the basis of the greatest number of persons employed at any one period of the day or night, including nurses. If Special Exception Permit is required see Section 14.3.
10. <u>Hospitals</u>	2	For each bed (excluding bassinets). Ambulance and other service vehicles are not included in the spaces required herein. If Special Exception Permit is required, see Section 14.3.
11. <u>Mortuary of Funeral Home</u>	1	For each twenty five (25) square feet of useable floor area of rooms used for services.
12. <u>Retail stores except as otherwise specified herein.</u>	1	Per one hundred and eighty (180) square feet of useable floor area.

SECTION 10.3 TABLE OF REQUIRED OFF STREET PARKING SPACES (CONT'D)

USE	SPACES	PER UNIT OF MEASUREMENT
13. <u>Furniture and appliance retail stores, household equipment repair shops, showroom of a plumber, decorator, electrical or similar trade; clothing and shoe repair; motor vehicle sales room</u>	1	For each four hundred (400) square feet of useable floor area exclusive of useable floor area occupied in processing or manufacturing, for which requirements see industrial establishments below.
14. <u>Beauty parlors, barber shops</u>	3	Per barber or beauty shop chair.
15. <u>Other personal service establishments except as otherwise specified herein</u>	1	Per one hundred (100) square feet of useable floor area.
16. <u>Laundromats</u>	1	Per each two washing machines.
17. <u>Private clubs and lodges</u>	1	For each five (5) members or the number required to satisfy the regulation governing the several types of uses involved in the establishment. If Special Exception Permit is required, see Section 14.3.
18. <u>Stadium or Sports Arena</u>	1	For each eight (8) seats. If Special Exception Permit is required, see Section 14.3.
19. <u>Golf links</u>	4	For each hole in the course. If Special Exception Permit is required, see Section 14.3.
20. <u>Tennis or other court games</u>	2	For each court. If Special Exception Permit is required, see Section 14.3.
21. <u>Swimming pools</u>	1	For each 30 square feet of water area. If Special Exception Permit is required, see Section 14.3.
22. <u>Bowling alley</u>	6	For each alley. If Special Exception Permit is required, see Section 14.3.
23. <u>Establishments for sale and consumption on the premises of beverages, food or refreshment, other than drive-in establishments.</u>	1	For each eighty (80) square feet of useable floor area. For drive-in establishments requiring Special Exception Permit, See Section 14.3.
24. <u>The sleeping rooms portion of hotel, motel, tourist home, lodging, rooming or boarding house, or residential club</u>	1	For each rooming unit, plus one (1) parking space for each two (2) employees, computed on the basis of the greatest number of persons employed at any one period of the day or night. Additional parking to serve other uses in the same building shall be determined by the Planning Commission. If Special Exception Permit is required, see Section 14.3.
25. <u>Theaters, auditoriums, or convention halls</u>	1	For each four (4) seats.
26. <u>Dance halls, or skating rinks</u>	1	For each one hundred (100) square feet of useable floor area.
27. <u>Meeting rooms or assembly halls without fixed seats</u>	1	For each fifty (50) square feet of useable floor area.
28. <u>Wholesale establishments</u>	1	For every one (1) employee, computed on the basis of the greatest number of persons employed at any one period of the day or night, or one (1) for every seventeen hundred (1700) square feet of useable floor space, whichever is greater.
29. <u>Airports railroad passenger stations, bus depots or other passenger terminal facilities</u>	Planning Commission Approval	
30. <u>Automobile service and/or repair stations, including gasoline service stations</u>	Planning Commission Approval	
31. <u>Industrial establishments</u>	1	Per two (2) employees, computed on the basis of the greatest number of persons employed at any one period of the day or night or one (1) space per each four hundred (400) square feet of useable floor area, whichever is greater.

SECTION 10.4 TREATMENT OF A PARKING LOT ABUTTING A RESIDENTIAL DISTRICT

- a. The land between the required setback line and the lot line in a parking lot is for the purposes of this Ordinance called a buffer strip. There shall be a four (4) foot high opaque-type fence on the lot line and bumper stops or wheel clocks provided so as to prevent any vehicle from projecting over the buffer strip. The ground of the buffer strip shall be used only for the purpose of entrance or exit driveways and landscape plant materials.

ARTICLE X. OFF STREET PARKING AND LOADING (Cont'd.)

SECTION 10.4 TREATMENT OF PARKING LOT ABUTTING A RESIDENTIAL DISTRICT

- b. Where buffer strips are not required, a four (4) foot high, solid masonry wall with pointed cap and bumper stops or wheel checks shall be provided so located as to prevent any vehicle from projecting over the lot line, or damaging said masonry wall.
- c. Where a parking lot abuts a residential district at the following locations, parking spaces shall be set back and buffered as indicated below:

Abutting Location	Required Setback	Minimum Buffer Treatment
Side Lot Line	Ten (10) feet	Landscaped buffer and opaque fence.
or Side Lot Line	None	Four (4) foot solid masonry wall with pointed cap.
Rear Lot Line	None	Opaque fence.
Front Lot Line, contiguous common frontage in same block	Ten (10) feet	Landscaped buffer strip.
Side Lot Line, side street	Ten (10) feet	Landscaped buffer strip.

- d. Where parking lot boundaries adjoin property zoned for residential use, required fences or masonry walls shall not extend into the required front open space. Height limits of Section 9.2 shall apply to such fences.

SECTION 10.5 PARKING LOT LAYOUT, ENTRANCE AND EXIT

SECTION 10.51

Adequate ingress and egress to the parking lot by means of clearly limited and defined drives shall be provided and approved by the City Traffic Engineer.

SECTION 10.52

All parking spaces shall be provided adequate access by means of maneuvering lanes. Backing directly into a street shall be prohibited.

SECTION 10.53

Plans for the layout of the parking lot shall show a parking space width of ten (10) feet and a total dimension across two tiers of parking spaces and one aisle (maneuvering lane) of at least the following for the various patterns:

- a. A 90 Degree Pattern—Sixty-two (62) feet of two (2) tiers of parking spaces and one (1) aisle (maneuvering lane), with the minimum aisle being twenty-two (22) feet in width. This minimum aisle width shall permit two-way traffic movement.
- b. A 60 Degree Pattern—without overlap—Fifty-five (55) feet for two (2) tiers of parking of parking spaces and one (1) aisle (maneuvering lane), with the minimum aisle being fifteen (15) feet in width. This minimum aisle width shall permit one-way traffic movement.
- c. A 60 Degree Overlap Pattern—Fifty (50) feet on centers for tow (2) tiers of parking spaces and one (1) aisle (maneuvering lane), with the minimum aisle being fifteen (15) feet in width. This minimum aisle width shall permit one-way traffic movement.
- d. A 45 Degree Pattern without Herringbone or Overlap—Fifty (50) feet of two (2) tiers of parking spaces and one (1) aisle (maneuvering lane), with the minimum aisle being fifteen (15) feet in width. This minimum aisle width shall permit one-way traffic movement.
- e. A 45 Degree Herringbone or Overlap Pattern — Forty-five (45) feet on centers for two (2) tiers of parking spaces and one (1) aisle (maneuvering lane), with the minimum aisle being fifteen (15) feet in width. This minimum aisle width shall permit one-way traffic movement.

SECTION 10.6 SURFACE OF PARKING AREA

SECTION 10.61

The entire parking area, including parking spaces and maneuvering lanes, required under this Section shall have asphaltic or concrete surfacing in accordance with specifications Approved by the City Engineer. Such facilities shall be drained so as to dispose of all surface water accumulated in the parking area.

SECTION 10.62

The parking area shall be surfaced within (2) months of occupancy of the use it is to serve if it is for a new use, and within two (2) months of the effective date of rezoning for Parking area is to serve an existing use or uses, except when weather conditions prohibiting the pouring of concrete extend such time period.

SECTION 10.7 LIGHTING

All lighting used to illuminate any off-street parking area shall be so installed as to be confined within and directed on the parking area only.

SECTION 10.8 OFF-STREET LOADING AND UNLOADING

On the same premises with every building structure, or part thereof, erected and occupied for manufacturing, storage, warehouse goods, display, a department store, a wholesale store, a market, a hotel, a motel, a hospital, a mortuary, a laundry, dry cleaning, or other uses similarly involving the receipt or distribution of vehicles or materials or merchandise, there shall be provided and maintained on the lot adequate space for standing, loading, and unloading services adjacent to the opening used for loading and unloading in order to avoid interference with public use of the streets or alleys.

Such loading and unloading space shall be an area in minimum ten (10) feet by forty (40) feet with a fourteen (14) foot height clearance and shall be provided according to the following table:

Gross Useable Floor Area in Square Feet	Loading and Unloading Spaces Required in Terms of Square Feet of Useable Floor Area
0 to 20,000	One Space.
20,000 to 100,000	One space plus one space for each 20,000 square feet of excess over 20,000 square feet.
100,000 to 500,000	Five spaces plus one space for each 40,000 square feet of excess over 100,000 square feet.
over 500,000	Fifteen spaces plus one space for each 80,000 square feet of excess over 500,000 square feet.

ARTICLE XI. NON-CONFORMING USES

It is the intent of this Ordinance to recognize that the eventual elimination, as expeditiously as is reasonable, of existing uses or structures that are not in conformity with the provision of this Ordinance is as much a subject of health, safety, and welfare as is the prevention of the establishment of new uses that would violate the provisions of this Ordinance. It is also the intent of this Ordinance that any elimination of non-conforming uses or non-conforming structures shall be effected so as to avoid any unreasonable invasion of established private property rights.

SECTION 11.1 NON-CONFORMANCE TYPE "A"

Non-Conformance Type "A" is a use, lawfully existing at the time of enactment of this Ordinance or an amendment thereto, that does not conform to the provisions of this Ordinance and that is located in a building that, because of its design, bulk, arrangement, or other features, cannot be readily remodeled or adopted to serve a use that does conform to the provisions of this Ordinance for the district in which said building is located.

Any Non-Conformance, Type "A" existing at the time of enactment or amendment of this Ordinance may be maintained in good condition and continued, but may not be:

- a. Changed to a different non-conforming use, unless such different use is found by the Board of Appeals to be no more detrimental to the district than the previous use.
- b. Re-established after discontinuance for twelve (12) months.
- c. Extended or enlarged.
- d. Rebuilt or repaired, after damage, if the expense of reconstruction of the building or structure exceeds fifty per cent (50%) of the insurable value of the building or structure at the time such damage occurred.

SECTION 11.2 NON-CONFORMANCE, TYPE "B"

Non-Conformance, Type "B" is a use, lawfully existing at the time of enactment of this Ordinance or an amendment thereto, that does not conform to the provisions of this Ordinance and that is located in a building that can be readily adopted to serve a use that does conform to the provisions of this Ordinance, or a use similarly lawful located on open land.

Any Non-Conformance, Type "B" existing at the time of enactment or amendment of this Ordinance may be maintained in good condition and continued, but may not be:

- a. Changed to a different non-conforming use.
- b. Re-established after discontinuance for three (3) months.
- c. Extended or enlarged.
- d. Rebuilt or repaired, after damage, except for occupancy by a conforming use, if the expense of reconstruction of the building or structure exceeds fifty per cent (50%) of the insurable value of the building or structure at the time such damage occurred.

SECTION 11.3 NON-CONFORMANCE, TYPE "C"

Non-Conformance, Type "C" is a building or structure, lawfully existing at the time of enactment of this Ordinance or an amendment thereto, that does not conform to regulations contained in Area, Height, Bulk, and Placement Regulations (Article VII) or Supplementary Regulations (Article IX).

Any Non - Conformance Type "C" existing at the time of enactment or amendment of this Ordinance may be continued, but may not be altered, extended or enlarged, unless such alteration, extension, or enlargement conforms, in the opinion of the Board of Appeals, as nearly as is reasonable to the provisions of this Ordinance.

Alterations that do not change the degree of non-conformance in reference to Area, Height, Bulk and Placement Regulations or any supplementary regulations pertaining to the district in which the non-conforming use is located, such as minor repairs and maintenance work, do not under this paragraph require Board of Appeals approval.

SECTION 11.4 RECORD OF NON-CONFORMITY

The Building Inspector shall maintain a complete record of all cases of Non-Conformance Type "A" and Non-Conformance Type "B." Such record shall contain the names and addresses of the owners and of any occupant thereof other than the owner, together with the legal description of the premises, and the classification of non-conformance in accordance with the definitions, and the basis for such classification.

ARTICLE XI. NON-CONFORMING USES (Cont'd.)

SECTION 11.4 RECORD OF NON-CONFORMITY (CONT'D)

After such a record is prepared and similarly after each subsequent annual review of such record, owners of such premises shall be informed by the Building Inspector by certified mail of the recordation of the premises as being in non-conformity with this Ordinance and the provisions thereof for such non-conformity.

After such owners are informed as provided above, copies of the record approved by the City Commission shall be filed in the office of the City Clerk and the Oakland County Register of Deeds which record shall constitute prima facie evidence of the number, character and extent of such non-conformance at the time this Ordinance or amendment thereto becomes effective. The record non-conformance shall be reviewed annually as the City Commission shall prescribe.

The Board of Appeals shall decide on appeals pertaining to whether or not the type of non-conformity above recorded actually exists.

ARTICLE XII. ADMINISTRATION

SECTION 12.1 ESTABLISHMENT OF ADMINISTRATION OFFICER

The provisions of this Ordinance shall be administered by the Building Inspector or any of his duly authorized assistants.

SECTION 12.2 DUTIES AND LIMITATIONS OF THE BUILDING INSPECTOR

The Building Inspector shall have the power to grant Zoning Compliance Permits and Certificates of Occupancy, and make inspections of buildings or premises necessary to carry out his duties in the enforcement of this Ordinance. It shall be unlawful for the Building Inspector to approve any plans or issue a Zoning Compliance Permit for any excavation or construction or use until he has inspected such plans in detail and has found them in compliance with this Ordinance. To this end, the Building Inspector shall require that every application for a Zoning Compliance Permit for Excavation, construction, moving, alteration, or change in type of use or type of occupancy, shall be accompanied by a written statement and plans or plats drawn to scale showing the following in sufficient detail to enable the Building Inspector to ascertain whether the proposed work or use is in conformance with this Ordinance:

- a. The actual shape, location, and dimensions of the lot. If the lot is not a lot of record, sufficient survey data to locate the lot on the ground.
- b. The shape, size, and location of all buildings or other structures to be erected, altered or moved, and of any other buildings or other structures already on the lot.
- c. The existing and intended use of the lot and of all structures upon it.
- d. Such other information concerning the lot or adjoining lots or other matters as may be essential for determining whether the provisions of this Ordinance are being observed.

If the proposed excavation construction, moving or alteration, or use of land as set forth in the application is in conformity with the provisions of this Ordinance, the Building Inspector shall issue a Zoning Compliance Permit. If any application for such a permit is not approved, the Building Inspector shall state in writing on an appropriate denial form the cause for such disapproval.

The Building Inspector may accept a preliminary application and a lesser number of submitted documents than those listed above in situations where a basic clarification is desired ahead of proceeding with further technical work; and the building Inspector may on such preliminary submittal take the formal action of tentative denial or tentative approval.

Issuance of a Zoning Compliance Permit shall in no case be construed as waiving any provision of this Ordinance.

The Building Inspector shall carry out the orders of the Board of Appeals which are duly authorized by this Ordinance.

The Building Inspectors shall carry out the orders of the Planning Commission which are duly authorized by this Ordinance.

The Building Inspector is under no circumstance permitted to grant exceptions to the meaning of any clause, order, or regulation contained in this Ordinance to any person making application to excavate, construct, move, alter, or use either buildings, structures or land.

The Building Inspector is under no circumstance permitted to make changes to this Ordinance or to vary the terms of this Ordinance in carrying out his duties.

The Building Inspector shall not refuse to issue a Zoning Compliance Permit when the conditions imposed are complied with by the applicant despite violations of contracts, such as covenants or private agreements, which may result upon the granting of said permit.

Where the City Commission has officially adopted a plan under Rehabilitation of Blighted Areas Act, Act 344, P.A. 1945, as amended, or Mapped Improvements Act, Act 222, P.A. 1943 as amended, or Neighborhood Area Planning Act, Act 208, P.A. 1949 as amended, the Building Inspector shall not issue a Zoning Compliance Permit under the provisions of this Ordinance where the proposal is not in compliance with the plan adopted under one of the above acts as it pertains to the particular lot.

SECTION 12.3 ZONING COMPLIANCE PERMIT REQUIRED

It shall be unlawful to commence the excavation for or the construction of any building or other structure, including an accessory building, or to commence the moving, alteration or repair of any structure including accessory building costing more than two hundred dollars (\$200), until the Building Inspector has issued for such work a Zoning Compliance Permit including a certification of his opinion that plans, specifications and intended use of such structure do in all respects conform to the provisions of this Ordinance.

Also, it shall be unlawful to change the type of occupancy of land, or to change the type of occupancy of any building, or to extend any occupancy on any lot on which there is a non-conforming use, until the Building Inspector has issued for such intended use a Zoning Compliance Permit, including a certification of his determination that the proposed occupancy does in all respects conform to the provisions of this Ordinance.

In all cases where a Building Permit is required, application for a Zoning Compliance Permit is required, application for a Zoning Compliance Permit shall be made coincident with the application for a Building Permit, and in all other cases shall be made not less than ten (10) days prior to the time when a new or enlarged occupancy of a building or premises or part thereof is intended to begin. All Zoning Compliance Permit applications shall be made in writing to the Building Inspector on forms provided for that purpose. A record of all such applications shall be kept on file by the Building Inspector.

Any Zoning Compliance Permit issued under the provisions of this Ordinance shall be valid only for a period of six (6) months following the date of issuance thereof. When the Building Inspector receives an application for a Zoning Compliance Permit which requires a finding by the Planning Commission for a Special Exception Permit or the approval of the Planning Commission in regard to some other matter mandatorily referred to them by this Ordinance, he shall so inform the applicant and shall transmit such application along with all the papers constituting the record to said Planning Commission; and subsequently on receipt from the Planning Commission of their findings the Building Inspector shall issue a Zoning Compliance Permit that is subject to and limited by all of the conditions imposed in the said opinion of the Planning Commission.

When the Building Inspector receives an application for a Zoning Compliance Permit which requires resolution by the Board of Appeals in accordance with the provisions of this Ordinance, he shall so inform the applicant and shall transmit such application along with all the papers constituting the record to said Board of Appeals; and subsequently on receipt from the Board of Appeals of their findings the Building Inspector shall issue a Zoning Compliance permit that is subject to and limited by all of the conditions imposed in the said opinion of the Board of Appeals.

SECTION 12.4 FEES

Before any permit shall be issued covering building erection or other operations regulated by this Ordinance, a fee in an amount fixed by resolution of the City Commission shall be paid.

SECTION 12.5 CERTIFICATE OF OCCUPANCY

No building or structure or use for which a Zoning Compliance Permit has been issued shall be occupied until the Building Inspector has, after final inspection, issued a Certificate of Occupancy indicating his opinion that all the provisions of this Ordinance are being complied with. The issuance of a Certificate of Occupancy shall in no case be construed as waiving any provisions of this Ordinance.

ARTICLE XIII. BOARD OF APPEALS

SECTION 13.1 CREATION OF BOARD OF APPEALS

The Board of Appeals, created by Ordinance No. 944, December 1938, entitled "The Building Zone Ordinance," shall consist of seven (7) members who shall be appointed by the City Commission and have the duties, responsibilities and powers that are provided for them by Act 207 of the Public Acts of the State of Michigan for 1921, as amended. One member shall be a Planning Commissioner.

SECTION 13.2 POWERS OF BOARD OF APPEALS

The Board of Appeals shall have the following powers including the power to order the issuance of Zoning Compliance Permits and Certificates of Occupancy to implement its decisions herein duly authorized,

a. INTERPRETATION OF THE ZONING

ORDINANCE AND ADMINISTRATION REVIEW:

- (1) To decide upon whether or not changes in Non-Conformance Type "A" are more detrimental than the existing use, in accordance with Section 11.7(a).
- (2) To decide upon conformity of alterations, extensions or enlargements of Non-Conformance Type "C," in accordance with Section 11.3.
- (3) To decide upon whether or not the type of non-conformity recorded by the Building Inspector actually exists, in accordance with Section 11.4.
- (4) To decide on any uncertainty that may exist, after applying the rules set out in Section 3.4, as to the exact location of a district boundary.
- (5) To decide on the application of regulations set out in Section 5.9 regarding a sub-standard lot of record.
- (6) To decide upon the application of the regulations of Section 5.3 in case a question arises as to the necessity or degree of incidentalness or length of custom as set out in the aforesaid regulations.
- (7) To hear and decide appeals where it is alleged by the appellant that there is error, in regard to interpretation of the provisions of this Ordinance, in any order, requirement, permit, decision, or refusal made by the Building Inspector in carrying out or in enforcing any provision of this Ordinance. This power of the Board shall be construed to clarify any uncertainty that exists in the meaning of the provisions of this Ordinance. Deciding against the action of the Building Inspector is conditional upon a finding that the Building Inspector is incorrect in his action under this Ordinance, or is based on the Building Inspector's overstepping the authority granted to him, or having acted in a manner as to be in conflict with the letter and spirit of this Ordinance.

ARTICLE XII. BOARD OF APPEALS (Cont'd.)**SECTION 13.2 POWERS OF THE BOARD OF APPEALS (Cont'd.)****b. VARIANCE:**

To authorize, upon an appeal, a Variance from the strict application of the provisions of this Ordinance, where, by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of the enactment of this Ordinance, or by reason of exceptional topographic conditions or other extraordinary and exceptional situations or conditions of such piece of property, the strict application of a regulation enacted under this Ordinance would result in peculiar and exceptional practical difficulties to, or exceptional or undue hardship upon, the owner of such property. However, a Variance of the type of use from that permitted by this Ordinance is not authorized.

A Variance can be allowed by the Board of Appeals in cases involving practical difficulties or unnecessary hardships when the evidence in the official record on appeal from a decision or order of the Building Inspector supports, in the consideration of the Board, the following findings:

- (1) That the Variance is in harmony with and serves the general intent and purpose of this Ordinance.
- (2) That allowing the Variance will result in substantial justice being done, considering both the public benefits intended to be secured by this Ordinance and the individual hardships that will be suffered by a failure of the Board to grant the Variance.
- (3) That the Variance, if allowed, will not interfere with or injure the rights of others in the district whose property would be affected by allowance of the Variance.
- (4) That the alleged hardships or practical difficulties are unique and singular as regards the property of the party requesting the Variance.
- (5) That the alleged hardships or practical difficulties that will result from failure to grant the Variance include more than inconvenience and financial hardship to the applicant.

When a requested Variance is allowed by the Board of Appeals, there shall be entered in the minutes of the Board, as a part of the record in each case of a requested Variance, the findings enumerated above in support of the Variance.

When granting a Variance under this Ordinance, the Board may impose such conditions and limitations as are necessary to limit the use of the premises so as to carry out the spirit and purpose of this Ordinance.

SECTION 13.3 LIMITATIONS OF THE POWERS OF THE BOARD OF APPEALS

- a. In accordance with Act 207, P.A. 1921, as amended, the concurring vote of five (5) of the seven (7) members of the Board of Appeals shall be necessary to reverse any administrative order, to decide in favor of the applicant, or to affect a variance.
- b. Nothing contained herein shall be construed to empower the Board to change the terms of this Ordinance, to effect changes in the Zoning Map, or to add to the uses permitted in any district except where specifically empowered to do so.

SECTION 13.4 PROCEDURE OF THE BOARD OF APPEALS

Meetings of the Board of Appeals shall be held at the call of the Chairman, and at such other times as the Board may determine. Such Chairman or, in his absence, the acting chairman, may administer oaths and compel the attendance of witnesses. The Board shall adopt rules of procedure and shall keep records of applications and the action thereon, which shall be a public record. The Building Inspector or his duly authorized assistant shall act as Secretary for the Board of Appeals.

SECTION 13.5 APPEAL PROCEDURE**SECTION 13.51**

Appeals for interpretation, or Variance, shall be commenced by the appellant filing with the Board of Appeals through the Building Inspector a notice of appeal, in which is specified with particularity the grounds upon which the appeal is based. Fees for appeal shall be paid the Building Inspector in an amount of thirty-five dollars (\$35). The Building Inspector shall forward the notice of appeal to the Board of Appeals.

SECTION 13.52

The Chairman of the Board of Appeals shall fix a reasonable time, not to exceed thirty-five (35) days from the filing of the appeal, for the hearing of appeals and give the notice of at least ten (10) days thereof to the appellant and all owners of record of property within three hundred (300) feet of the premises in question, such notice to be delivered personally or by mail addressed to the respective owners at the address given in the last assessment roll.

SECTION 13.53

Parties to an appeal shall be accorded the right to appear in person, or by or with an authorized agent or attorney.

SECTION 13.54

Parties to an appeal shall have the right to present their case by oral or documentary evidence, to submit rebuttal evidence, and to conduct such cross-examination of witnesses as may be required for a full and true disclosure of the facts, provided:

- a. The Submission of evidence in written form shall be provided for by the procedures of the Board of Appeals where the interest of any party will not be prejudiced thereby.
- b. The Board of Appeals shall as a matter of policy provide for the exclusion of irrelevant, immaterial, or unduly repetitious evidence and in the furtherance of this policy the Board of Appeals may limit cross-examination.
- c. There may be an informal disposition of an appeal by stipulation, an agreed settlement not in conflict with the requirements of this Ordinance, a consent order or default.

SECTION 13.55

The Building Inspector or his duly authorized representative acting as Secretary for the Board of Appeals shall prepare an official record for each appeal. The official record shall include:

- a. The relevant administrative records and the administrative orders issued respecting the matters as to which an appeal has been taken that are offered in evidence in the hearing on the appeal.
- b. Official findings, if any, from the Planning Commission or Pontiac Planning Department relative to the appeal.
- c. Such additional documents or exhibits as may be offered in evidence in the hearing on the appeal.
- d. The requisite written findings of fact and orders disposing of the appeal that may be made by the Board of Appeals.

SECTION 13.56

Upon the payment of costs, a copy of an appeal shall be made available to the parties. The official record of an appeal shall be open to examination as a public record.

ARTICLE XIV. PLANNING COMMISSION**SECTION 14.1 CREATION OF THE PLANNING COMMISSION**

The Planning Commission created by Ordinance No. 881, adopted March 5, 1935, and as amended by Ordinance 1060 adopted June, 1964, which was charged, along with other powers and duties, with the duty of preparation of and of recommending amendments to a Zoning Ordinance for the City, is the body referred to herein.

SECTION 14.2 POWERS OF THE PLANNING COMMISSION

The Pontiac City Planning Commission is hereby designated the Commission specified in Section 3, Act 285 of the Public Acts of Michigan, 1931, as amended, and in Section 4, Act 207 of the Public Acts of Michigan 1921, and shall perform the duties of said Commission as provided in these Acts together with such powers and duties as are given to said Commission by City Charter and this Ordinance.

The Planning Commission shall have the power of original jurisdiction to decide all matters upon which, by the provisions of this Ordinance, it is required to pass, particularly the following:

- a. To grant Special Exception Permits in accordance with Sections 4.1, 7.4 and 14.3.
- b. To carry out the provision of Article VI. PLANNED UNIT RESIDENTIAL (PURD) DISTRICTS in accordance with Sections 6.1 through 6.8 inclusive.
- c. To make a finding that a use not expressly named as a permitted principal use in Article VII, Section 7.2 has sufficiently similar characteristics to the enumerated permitted principal uses that such not expressly named use is also a permitted principal use in accordance with Section 4.1.
To make finding in like manner concerning uses requiring Planning Commission Special Exception Permits.
- d. To make a finding in any case in which a question arises as to whether or not a building or land use is customarily incidental to the permitted principal use in accordance with Section 7.3 of the Schedule of Regulations.
- e. To make a finding and determination of off-street parking requirements in accordance with Section 10.2 and 10.3.
- f. To approve or disapprove the site plan of any multiple-family dwelling project of more than three (3) dwelling units in accordance with Sections 7.5 through 7.13 inclusive and Section 5.10.

SECTION 14.3 SPECIAL EXCEPTION PERMITS

Uses requiring Planning Commission Special Exception Permit are special exceptions that require some measure of individualized considered judgment and the imposing of conditions in order to make them compatible with the permitted principal uses in that Zoning District. In some instances, where so indicated in the language of this Ordinance (Article VII, Article XIV), uses requiring Planning Commission Special Exception Permit are permissible only if, in the opinion of the Planning Commission, adequate conditions exist or can be imposed that will make such uses compatible with the purposes of this Ordinance; otherwise, such uses are prohibited uses.

When application for a Zoning Compliance Permit is made for situations where, in Section 7.4 of the Schedule of Regulations, a specified use in a particular district requires Planning Commission Special Exception Permit, the Planning Commission shall investigate the significant factual data and make a finding as to the factual situations. The Planning Commission shall approve or reject the application for a Special Exception Permit based on the factual situation and on the general standards as set forth in this Ordinance and as supplemented by standards and procedures for particular types of uses on file in the Pontiac Planning Department. The Planning Commission shall promptly consider and approve or reject an application for a Special Exception Permit within a reasonable period of time.

ARTICLE XIV. PLANNING COMMISSION (Cont'd)

SECTION 14.3 SPECIAL EXCEPTION PERMITS (Continued)

In granting or rejecting a Special Exception Permit, the record shall be expressed in writing or drawings as to the finding of facts and the reason for the decision and the statement of any conditions or limitations to which the Special Exception Permit is subject. In issuing a Special Exception Permit the Planning Commission shall make a finding concerning and shall prescribe appropriate conditions and safeguards to insure the following:

- That the proposed development will not unreasonably injure the surrounding neighborhood or adversely effect the development of the surrounding neighborhood.
- That all proposed structures, equipment, or materials shall be readily accessible for fire and police protection.
- That the proposed use shall not cause traffic congestion or movement out of proportion to that normally prevailing in the particular district.
- That the proposed use shall provide sufficient space for the off-street parking of all vehicles attracted by its presence and abides by the regulations set forth in this Ordinance for its particular district or use.
- That any proposed building shall not be out of harmony with the predominant type of building in the particular district by reason of its size, character, location, or intended use.
- That all supplementary regulations required under Article IX are satisfied.
- That conditions indicated in Article VII are satisfied for the particular use.

SECTION 14.4 RULES OF PROCEDURE

The Planning Commission is hereby authorized to adopt Rules of Procedure and Policy consistent with the statutes of Michigan and the provisions of this Ordinance.

SECTION 14.5 TRAILER COACH PARK DISTRICT

A. PERMITTED USE

Within any R-5 District, no building, structure, or land shall be used or arranged or designed to be used except for the following use, on approval of the Planning Commission of a site plan that indicates vehicular and pedestrian access and circulation, parking arrangements, and general layout.

1. Trailer Coach Park

B. DENSITY AREA, HEIGHT, BULK, PLACEMENT, AND IMPROVEMENT REGULATIONS

Mobile home or trailer coach parks shall be subject to the requirements as established and regulated by Act 243 of the Public Acts of 1959 as amended, except that such parks shall comply with the following requirements:

1. Site Size

A trailer coach park shall be constructed on not less than a ten (10) acre site and, from the time this ordinance is adopted, shall have not less than fifty (50) completed trailer coach spaces available at first occupancy. A trailer park shall be located on and have direct access to a major thoroughfare as defined in the Pontiac Comprehensive Development Plan.

2. Minimum Space Size

To insure privacy, adequate natural light and ventilation to each trailer coach and to provide sufficient area for outdoor uses essential to each trailer coach, eighty (80) per cent of the lots or spaces in any one trailer coach park shall be not less than three thousand (3,000) square feet in area and twenty (20) per cent of the lots or spaces in any one trailer coach park shall be not less than two thousand four hundred (2,400) square feet in area.

3. Minimum Plot Size

Each trailer plot or space shall provide a depth of not less than ninety (90) feet from front of plot to rear of plot, and appurtenances and utilities, such as sewer, water and electricity hookups, shall be placed on the plot so that the trailer coach, when located on the plot, shall not occupy the rear fifteen (15) feet of the plot.

Sidewalks, private roads and easements shall not be counted as a part of the required ninety (90) feet.

4. Minimum Required Setback Dimensions

- Front Yard—25 feet
- Side Yard—least one—5 feet
Total of two—15 feet
- Rear Yard—15 feet
- No trailer coach shall be located closer than fifty (50) feet from the right-of-way line of an arterial thoroughfare.
- All yard spaces for any one trailer coach are to be measured from nearest property line.
- All front and side yards adjacent to a street shall be landscaped and maintained in a good clean and presentable condition at all times.

5. Off-Street Parking

Minimum—1½ spaces per trailer coach space. Each space shall measure ten (10) feet wide by twenty (20) feet in length. Parking spaces shall be paved.

6. Streets and Street Widths

The street system shall provide convenient circulation by means of minor street and properly located collector and arterial streets. Rights-of-way shall be sufficiently wide to accommodate the contemplated widths of pavements, sidewalk and planting strip.

a. Minimum Street Width

Main drives or entrance drives — 60 feet.
Minor or secondary streets — 50 feet.

b. Dead-end Streets

Closed ends of dead-end streets shall be provided with a turning circle having an outside radius of not less than forty (40) feet of pavement.

c. Street Pavements

Streets shall be paved and such pavement shall be of adequate widths to accommodate the contemplated parking and traffic load in accordance with the type of streets, but shall not be less than the pavement width indicated in the following schedule:

No Parking	Parallel	Parking	Traffic		Width (feet)
	One Side	Two Sides	One Way	Two Ways	
X				X	20
	X		X		20
		X	X		28
		X		X	36

d. Curbs

Curbing shall be required; provided, however, the Planning Commission may approve plans without curbs where such plans show other adequate means for the control of surface drainage, protection of the edges of the pavement and the roadway shoulder, and for the prevention of erosion along the shoulder and berm of the roadway.

e. All streets and appurtenant structures shall comply with the latest standards as required by the City of Pontiac Engineering Department.

7. Sidewalks

Primary walk system, including walks along main drives and secondary streets, shall be not less than four (4) feet in width and not less than four (4) inches thick.

Secondary walk system, including walks from each trailer coach entrance to facilitates on the lot and connections to primary walk system, shall be not less than thirty (30) inches wide and not less than four (4) inches thick.

All walks shall comply with the latest construction standards of the City of Pontiac Engineering Department.

8. Water Supply and Sanitary Sewage Disposal

Municipal water supply and sanitary sewer shall be required and made available to each trailer coach site and installed as per plans approved by the City of Pontiac Engineering Departments.

9. Street and Yard Lights

Street and yard lights, sufficient in number and intensity to permit the safe movement of vehicles and pedestrians at night, shall be provided and shall be effectively related to buildings, trees, walks, steps and ramps, but shall be so located and shaded as to direct the light away from adjacent properties.

10. Electric Lines

All electric lines, from supply poles and leading to each trailer coach stand, shall be underground and shall be provided with a 3 wire balanced 115-230 volt supply. When separate meters are installed, each meter shall be located on a uniform standard post on the lot line of each trailer coach stand. Wiring shall comply with Detroit Edison or Consumers Power Company Codes and City and State electrical codes for trailer coach parks.

11. Open Space

There shall be provided an area of not less than one hundred (100) square feet for recreation for each trailer coach lot in the trailer coach park, with a minimum area of not less than five thousand (5,000) square feet which shall be no longer than two (2) times its width, located not more than five hundred (500) feet from the furthest trailer coach lot served. Such area shall be developed and maintained by the management so as to provide healthful recreation for the children of the trailer coach park.

The following playground equipment shall be required for each area of five thousand (5,000) or more square feet of recreation area:

- 2 benches about 6' long
- 1 bench for children
- 1 sand box at least 100 square feet in area
- 2 swings and 1 slide for pre-school children
- 1 slide for school children

12. Greenbelt Planting Strip

A greenbelt planting strip, not less than twenty (20) feet in width, shall be located and continually maintained along exterior boundary lot lines not bordering a street where deemed necessary by Planning Commission. Such greenbelt shall be composed of one (1) row of deciduous and/or evergreen trees, spaced not more than forty (40) feet apart and not less than eight (8) feet apart and which grow at least to a height of five (5) feet or more after one (1) full growing season and which shrubs will eventually grow to a height of not less than twelve (12) feet.

C. ADDITIONAL REQUIREMENTS

1. No business, of any kind, shall be conducted in any trailer coach, trailer or building or on the premises of the trailer coach park, except that of the management office.

2. Each trailer coach lot shall be provided with a stand consisting of a solid concrete apron twelve (12) feet wide by forty-five (45) feet long or two (2) concrete ribbons each not less than thirty-six (36) inches wide and forty-five (45) feet long and such apron or ribbons shall be five (5) inches in thickness and shall be of concrete. Where concrete ribbons are used, the area between the ribbons must be filled in with a six (6) inch layer of crushed rock or slag.

3. Skirting shall not be permitted on any trailer coach, except where a uniform skirting is supplied by the trailer coach park management. Each trailer coach shall be jacked up on a uniform jack or block which shall be supplied by the trailer coach park. No trailer coach shall have its wheels removed (except for repair), be placed on blocks, posts, walls or any other temporary or permanent foundations; and no other building or structure shall be attached to it other than one (1) metal utility cabinet. This shall not prevent the use of a canopy or awning of aluminum, or fiber glass, which space may be screened in with open mesh screen. Such screened area shall be not greater than nine (9) feet in width and not greater than twenty (20) feet in length, nor shall said area be enclosed or glassed in. Further, such screened area shall be no closer than five (5) feet from the property line or ten (10) feet from the nearest trailer.

ARTICLE XIV PLANNING COMMISSION (CONT'D.)

SECTION 14.5 TRAILER COACH PARK DISTRICT (CONT'D.)

4. All fuel oil and all gas tanks shall be located on each trailer coach lot in a uniform manner. All tanks shall be of an approved type to comply with the appropriate Code standards and shall be equipped with vent pipes and with fused valves. All tanks shall be elevated on non-combustible stands and placed on a concrete base.
5. Fire hydrants of a size and a pressure to be used by the City of Pontiac Fire Department shall be placed within said trailer park so that no trailer shall be more than five hundred (500) feet from the fire hydrant.
6. Each trailer coach may be provided with one (1) metal utility cabinet, which shall not exceed four (4) feet in width, three (3) feet in depth and six and one-half (6½) feet in height, which shall be uniform as to size and location throughout the trailer coach park. All cabinets shall be kept clean and shall be maintained in a good condition.
7. There shall be no storage underneath any trailer coach and each trailer coach lot shall be maintained in a clean and presentable condition at all times.
8. Trailer coach interior lot line fences shall be uniform in height and shall not exceed thirty (30) inches in height and shall be constructed in such a manner as to provide firemen access to all sides of each trailer coach.
9. All buildings shall meet the requirements of the City of Pontiac Building Code and the requirements of the State of Michigan, whichever is the most restrictive.
10. Entrances and exits from State highways shall comply with City, County, and State regulations.
11. No trailer coach shall be permitted to occupy space in a trailer coach park until the concrete stands are in place, all streets have been paved and properly drained, parking areas are complete, walks are in place, street and yard lights installed and utility connections to each trailer coach stand is provided for. The greenbelt shall also be in place or a bond or certified check in the amount of 100% of the estimated cost of such greenbelt made available to the City of Pontiac, to assure the completion of the greenbelt planting, as required by the Planning Commission.
12. The entire trailer coach park shall be maintained in a good, clean and presentable condition at all times.

D. PERMIT REQUIRED

All site plans and building plans for any trailer coach park, or for any extension to any existing trailer coach park, shall be submitted in triplicate to the Planning Commission for review and approval by the Building Department and said Commission.

A land use permit shall be granted the applicant by the City of Pontiac upon furnishing of plans and specification indicating compliance with the above requirements and payment of twenty-five (25) dollars. Such land use permits shall be revocable for non-compliance with the space requirements of this Section.

A twenty-five (25) dollar inspection fee shall be paid annually for an inspection to be made by the Building Department.

ARTICLE XV. VIOLATIONS AND PENALTIES

SECTION 15.1 VIOLATIONS

Whenever by the provisions of this Ordinance the performance of any act is required, or the performance of any act is prohibited, or wherever any regulation, dimension or limitation is imposed on the use of, or upon any land, or on the erection or alteration or the use or change of occupancy of structure or the uses within such structure, a failure to comply with such provisions of this Ordinance shall constitute a violation of this Ordinance. Every day on which a violation exists shall constitute a separate violation and a separate offense.

SECTION 15.2 PENALTIES

Any firm, corporation, person or persons or any other acting in behalf of said person, persons, firm or corporation violating any of the provisions of this Ordinance shall upon conviction thereof be subject to a fine of not more than one hundred dollars (\$100) and the costs of prosecution, or by imprisonment for not more than ninety (90) days, or by both such fine and imprisonment at the discretion of the Court.

The imposition of any sentence shall not exempt the offender from compliance with the requirements of this Ordinance.

ARTICLE XVI AMENDMENTS

SECTION 16.1 AMENDMENT PROCEDURE

SECTION 16.11 STATEMENT OF INTENT:

For the purpose of establishing and maintaining sound, stable and desirable development within the territorial limits of the municipality, this Ordinance shall not be amended except to correct an error in the Ordinance or, because of changed or changing conditions in a particular area or in the municipality generally, to rezone an area, extend the boundary of an existing District or to change the regulations and restrictions thereof.

SECTION 16.12 AMENDMENT INITIATION:

Subject to the limitations of the foregoing Statement of Intent, an amendment to this Ordinance may be initiated by: (a) the City Commission; (b) the Planning Commission; or, (c) petition.

SECTION 16.13 REFERRAL OF AMENDMENT PETITION TO PLANNING COMMISSION:

The City Commission, upon receipt of a petition to amend this Ordinance which has been examined and approved as to form by the City Clerk, shall refer the same to the Planning Commission for study and report. The City Commission may not enact the proposed amendment until a reasonable period of time has elapsed after such referral to the Planning Commission or until the Planning Commission makes its report to the City Commission, whichever first occurs.

SECTION 16.14 ACTION OF THE PLANNING COMMISSION:

The Planning Commission shall cause a complete study of the petition to be made by the Planning Director and shall recommend to City Commission such action as the Planning Commission deems proper.

SECTION 16.15 PUBLIC HEARING AND NOTICE THEREOF:

- a. A public hearing shall be held by the City Commission before adoption of any proposed amendment to this Ordinance. Notice of the public hearing shall be given by publishing said notice at least once in a newspaper of general circulation in the City of Pontiac, stating the time and place of such hearing and the substance of the proposed amendment. This notice shall appear in said newspaper at least fifteen (15) days prior to the date set for the public hearing.
- b. Not less than fifteen (15) days notice of the proposed public hearing shall also be made by the City Clerk's mailing by registered mail to each public utility company or railroad company owning or operating any utility or railroad within the district affected and by first-class mail to the person or firm to whom the property is assessed, and to all property-owners as listed in the latest Assessor's Rolls within five-hundred (500) feet provided, however, that failure to mail such notice to adjacent property owners in any particular instances shall not invalidate any Zoning Ordinance enacted or amendment thereto.

SECTION 16.16 EFFECT OF PROTEST TO PROPOSED AMENDMENT:

In case a protest against a proposed amendment, supplement or change be presented, duly signed by the owners of 20 per centum or more of the frontage proposed to be altered, or by the owners of 20 per centum or more of the frontage immediately in the rear thereof, or by the owners of 20 per centum of the frontage directly opposite the frontage proposed to be altered, such amendment shall not be passed except by the ¾ vote of such legislative body.

SECTION 16.2 PROCEDURE FOR AMENDMENT PETITIONS

SECTION 16.21 FILING OF APPLICATIONS:

All petitions for amendments to this Ordinance shall be in writing, signed, and filed in triplicate with the City Clerk for presentation to City Commission and shall be accompanied by a fee of two hundred dollars (\$200) in order to cover the cost of processing and hearing.

SECTION 16.22 CONTENTS OF PETITION:

All petitions for amendments to this Ordinance, without limiting the right to file additional material, shall contain at least the following:

- a. The petitioner's name, address, and interest in the petition, as well as the name, address and interest of every person having a legal or an equitable interest in the land covered by the petition.
- b. The nature and effect of the proposed amendment.
- c. If the proposed amendment would require a change in the Zoning Map, a fully-dimensioned map showing:
 1. The land which would be affected by the proposed amendment;
 2. A legal description of such land;
 3. The present zoning classification of the land;
 4. The zoning classification of all abutting Districts; and
 5. All public and private rights-of-way and easements bounding and intersecting the land under consideration.
- d. If the proposed amendment would require a change in the Zoning Map, the names and addresses of the owners of all land within the area to be changed by the proposed amendment.
- e. The alleged error in this Ordinance, if any, which would be corrected by the proposed amendment together with a detailed explanation of such error in the Ordinance, which is alleged, and detailed reasons as to how the proposed amendment will correct the same.
- f. The changed or changing conditions, if any, in the area or in the municipality generally, which make the proposed amendment reasonably necessary.
- g. All other circumstances, factors and reasons which applicant offers in support of the proposed amendment.

SECTION 16.23 COMPREHENSIVE REVIEW OF ORDINANCE

The Planning Commission in accordance with its jurisdiction as provided by Section 4 of Act 207, P.A. 1921, and Ordinance #881 of the City of Pontiac, adopted March 5, 1935, and as amended by Ordinance 1060 adopted June 1946, being the agency initially designated to prepare and recommend a Zoning Ordinance shall from time to time, at intervals of not more than three (3) years, examine all of the provisions of this Ordinance and the location of District boundary lines and shall submit a report to City Commission recommending changes and amendments, if any, which are deemed to be desirable in the interest of public health, safety and general welfare.

ARTICLE XVII REPEALS, SEVERABILITY, AND EFFECTIVE DATE

SECTION 17.1 CONFLICTING PROVISIONS REPEALED

The Zoning Ordinance, Ordinance #944, enacted by the City Commission December 20, 1938 and all amendments thereof and all ordinances inconsistent with the provisions of this Ordinance are hereby repealed.

SECTION 17.2 SEVERANCE CLAUSE

This Ordinance and the various parts, sections and clauses thereof are hereby declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid, it is hereby provided that the remainder of the Ordinance shall not be affected thereby.

SECTION 17.3 EFFECTIVE DATE

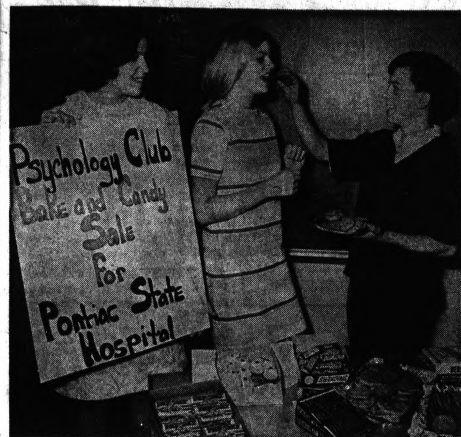

This Ordinance shall be effective ten (10) days from and after the date of its final passage by the City Commission of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac on this day of 1968.

Andover Club Helps Out at Pontiac State

Pontiac Press Photo

TASTY TREATS — Bloomfield Hills Andover High School seniors (from left) Judy Long, Holly Trier and John Daiek sample some of the goodies they offer for sale each week to raise funds for their Psychology Club's work with adolescent patients at Pontiac State Hospital. The three are secretary, president and vice president, respectively, of the club.

The Psychology Club of Bloomfield Hills Andover High School is active in volunteer work with adolescent patients at Pontiac State Hospital.

The 40 members of the club, under the direction of their faculty sponsor, Mrs. Maxine Baumhart, work with patients on a one-to-one basis, participating in recreational therapy under hospital staff member Jack Kearns. He is activities director for the young patients.

Girls engage in indoor sports and, in good weather, outdoor activities with pre-adolescents.

Every fourth Tuesday the club visits with the Hospital Teen Club from 6 to 8 p.m. for dancing and socializing.

Entertainment is provided by the students, some of whom are Tom and Susie Shitt and Marc Ashley, folk singers; Craig Hughes, George Hadden, Bill Price and John Lamb, musicians.

ATHLETIC GROUP

A boys' athletic group—Mike Imrie, Craig White, Bill Furr, Bill Shaw, Greg Zellen, Jake Nunn and Ross Hendricks—meets weekly.

The club holds many fund-raising projects including a weekly candy sale, paper drive, cookie sale, etc.

The money provides refreshments, equipment, gifts at Christmas and other recreational needs.

Judy Hoover interested her church's young people's group in volunteering their services to this program of adolescent therapy.

Many of the students plan to make social service a part of their adult life as a result of their experience. Many are already enrolled to help in Head Start this summer.

Principal Quits Groves Position

By BENITA ROSEN

Wylie E. Groves High School principal Charles E. Lundy last week confirmed rumors that he has submitted his resignation. He will remain through June 30.

Principal at Groves for seven years, Lundy has accepted a \$6,000 fellowship at Ohio State University. He plans to pursue a doctoral program with a major in secondary education and a minor in labor relations.

Among the many winners in the 1968 Detroit News Scholastic Writing Awards were 11 Groves students.

Key winners include Diane Brady, Robert Casillo, Lynda Kenyon, Brian Premo and Debbie Thomas. Each will receive a gold key, dictionary and certificate.

Certificates will be given to James Burnstein, Sue Dickson and Scott Duncan, who achieved honorable mention, as well as commendation. Ann Hillinger, David Hiller and Rob Vandepyl also received certificates.

SADIE HAWKINS DANCE

This week, Groves girls are donning track shoes, grabbing ropes and butterfly nets and using every advantage to trap a date for the Sadie Hawkins Dance.

Tonight from 7:30 to 11:30 p.m. Daisy Maes, Li'l Ahners, Moonbeam McSwines and Pappy and Manny Yokums will dance to the music of the Mermaid Tavern in the Dogpatch-decorated gymnasium. Attire will range from patched floursacks to formal "grubbies."

Working on arrangements are Bryan White, Sue Duquette, Tim Kirkpatrick, Don Armstrong, Jan Armstrong and Pam Obee.

Sadie Hawkins Dance Tomorrow at W. Bloomfield

By BOB BROWNE

The annual West Bloomfield Sadie Hawkins dance takes place tomorrow in the Cafeteria from 8 to 11:30 p.m. The dance is sponsored by the cheerleaders, and is their annual money-making event.

The annual Student Showcase was presented Thursday enabling parents and students to see what is happening in various departments.

The show featured art exhibitions; various experiments; an unveiling of new equipment in the science department; a Cafe International; musical selections and the play "The Lottery" by Shirley Jackson, presented by the drama classes.

The Cafe International was presented by our languages department and featured reading and the native music of various countries by students in the dress of that area.

TRAVEL TO COMPETITION

The forensics team traveled to the regional competition at Dearborn High School Tuesday for the competition eliminations in Region G.

Those going were Randy Caswell, Jere Nell, Larry Brower, and Gary Blaine.

Seniors and juniors attended a forum Wednesday on the subject of narcotics. Members of the panel were S. Jerome Bronson, Dr. Richard Mulvey of the Pharmaceutical School at Wayne State University, Dr. Patricia Huguette and our principal, Roger Garvelink. A question period followed.

Roundup of School News

Novi

By THOM HOLMES

Novi juniors have been invited to attend a number of summer seminars at the University of Michigan.

This experience permits students to live on campus for a number of weeks and become acquainted with college life while at the same time attending special classes in a number of subjects.

Subjects range from engineering to drug science to a writer's workshop.

Dominican

By Cyndi Wygozski

The freshman class at Dominican Academy held its first class activity Tuesday—a school fair.

There were many attractions including a cakewalk, dart game, penny-press and auction.

The auction held the biggest crowd. Freshmen raffled off stuffed animals, records, books, hippie beads and psychedelic posters.

Seniors are leaving for their trip to New York May 3.

Waterford Mott

By GEORGIA ROSEWALL

Waterford Mott students will be receiving their class rings next week. The rings will be white gold with an aquamarine stone.

A Corsair ship with an "M" on its flag will be on one side of the ring. The school crest will be on the other.

Tryouts for Mott varsity and junior varsity cheerleaders will begin May 13. Final cuts for junior varsity will be a week and a half later with varsity three weeks later.

Pontiac Catholic

By DEBBIE ROCHON

The world affairs class at Pontiac Catholic High School is planning a debate on the issue, "Resolved: That Israel Was Responsible for the Arab-Israeli War."

Judges from the faculty will decide which side presents its case most effectively.

The junior-senior dinner-dance will be

Lake Orion

By DIANE CHAMBERLIN

A check for \$65 and a large basket of food and candy was presented to an area family as an Easter gift by the Lake Orion High School student body.

Alice Washington, Linda Waterstrade and Steve Griffin recently attended the music seminar at Western Michigan University.

The Honors Assembly has been set for May 28.

Oxford High Concert Band to Play in State Festival

By CLARA CALLAHAN

The Oxford High School concert band, under the direction of Wendall Hinsinger, will travel to Kalamazoo to participate in the state band festival tomorrow. To qualify, the band received a first division rating in the district band festival.

Two soloists—Penny Houck, bass clarinet, and Mike Kozachik, baritone—have been selected to take part in the Michigan Youth Arts Festival, May 25, at St. Joseph.

Entry is based on recommendations by adjudicators of the state solo and ensemble festival.

Wednesday, the seniors left for Texas

on their senior trip. They will visit the HemisFair in San Antonio.

Alan Houck and Dale Clark have been chosen valedictorian and salutatorian, respectively of the graduating class.

3.94 AVERAGE

Alan, son of Mr. and Mrs. Harold Houck of Lake Orion, maintained a 3.94 grade average throughout high school. He will attend Michigan State University this fall.

Dale, son of Mr. and Mrs. Robert Clark of East Burdick Street, has maintained a 3.79 average. He, too, plans to attend MSU.

Rehearsals Under Way for Sacred Heart Play

By THERESA FIASCHETTI

Rehearsals are under way for the spring play at Academy of the Sacred Heart to be presented in May.

"The House of Bernarda Alba," by Federico Garcia Lorca, Spanish poet and dramatist, is directed by John Broome of the Fernald Company at Oakland University.

Chris Millon is student director and stage manager. Settings will be designed from drawings by Joanne Just.

Costs are charged Chris Gerstenberg as Bernarda Alba with Carol Behn, Mary Chris Ott, Kathy Nofz, Jayne Colombo and Pam Davis as her daughters.

By Walled Lake Musicians

"Wonderful Town" Is Offered

Leonard Bernstein's musical, "Wonderful Town," will be presented by the music department of Walled Lake Senior High School on May 2 at 7:30 p.m. and on May 3 and 4 at 8 p.m. in the school auditorium.

The setting for the play is Greenwich Village in the year 1935. The story is of two sisters, Ruth and Eileen, who come from Ohio seeking fame and fortune.

The Walled Lake High orchestra, under conductor Helmut-Holland Moritz, will accompany the performance.

Leads are held by junior Pat McDonald who is playing Eileen, and seniors Jeff Morris as Robert Baker and Sue Woodward in the role of Ruth.

Producer director, Alexander Zerban, has been aided by Pam Rhode, Karen Popek and Jan Swindler. Choreographer is Jacqueline Bowers.

TICKETS AVAILABLE

Tickets may be obtained at Clark's Drug Store in Union Lake, the Walled Lake Discount House, the Walled Lake Senior High School bookstore, and at the door. Special student tickets may be purchased from any vocal music teacher in the Walled Lake School system.

Two Walled Lake office co-op students, seniors Ariene Spence and Donna Welke, attended the second annual National Office Education Association (OEA) Convention in Des Moines, Iowa, recently.

As the first and only participants from Michigan, the girls brought back honors for their state and school, Ariene took two first places.

Donna was chosen representative from

Comic Play Opens May 2 at Avondale High School

By JAN MALANE

The Avondale High School Drama Club will present "You Can't Take It With You" May 2 and 3 at 8 p.m.

The "Avondale Players," under the direction of faculty adviser Vibeke Egen, have been rehearsing and preparing for the production for more than 10 weeks.

Written by George Kaufmann and Moss Hart, the play concerns the not-so-typical Sycamore family.

Leading roles are taken by Jo White as Penny; Lynn Hunt, Essie; Lynn Kana, Ed; Jim Ashby, Grandpa; Barb Fritts, Alice; and Marc White as Tony.

Completing the cast are Vicki Sheldon, Rhea; Dick Chesser, Paul Sycamore; Rich Lind, Mr. DePinna; Don Roe, Donald; Russ Beebe, Boris Kolonchov; Vicki Kelly, Gay Wellington; Jack Clark, Mr. Kirby; Kris Moss, Mrs. Kirby; Ron

Bradford, Dave Sheldon and Dennis Roe, three men; Sharon Collins, Olga; and Thom Gentile, Henderson.

COMMITTEE HEADS

The heads of the play committees are Jan White, assistant director; Carol Augsburger, stage manager; Pam Ankany, house manager; Mary White, choreographer; Larry Griffin, construction; Reva Eash, publicity; Vicki Sheldon and Sharon Collins, costume and make-up; and Shirley James, sound.

Tickets may be purchased at the door.

Five AHS seniors will participate in the "High School Sound Off" series on WEXL Radio at 9 p.m. Tuesday. Those participating are Karl Rykert, Tim Gee, Chuck Wilson, Marc White and Jan White.

The topic is "How Old Are We?" concerning the generation gap.

Michigan in the final torch ceremony at the awards banquet.

WILL MAKE REPORT

The girls will be making a report to the entire state OEA membership at the State Leadership Conference at University of Detroit next Tuesday.

The Battle of the Bands, sponsored by the Student Council, has been postponed until May 10.

Thirteen Walled Lake students attended the day-long Governor's Conference

Wednesday at Oakland University. Participating were senior Ken Hemming; juniors Lynn Cook, Jane Dewey, Pat Elwood, Deb Fockler, Carole Marshall, Pat McDonald, Ken Profit and Rich Richmond; and sophomores Laura Matrise, Sue Savich, Dean Unick and Mark Wendell.

The meeting was climaxed with a speech by Lt. Gov. William Milliken. Tryouts for the skit to be put on at the junior-senior reception, scheduled May 17, were held this week.

DRAMATIC MOMENT—A

scene from "Wonderful Town" by Leonard Bernstein gives a preview of some of the things to come when students of Walled Lake Senior High School present the musical next week. Seniors Sue Woodward and Jeff Morris appear completely wrapped up in their roles.

Jacoby on Bridge

Familiar Scene for Police Officer

CHICAGO (AP) — Police Lt. Emmett J. McMorrow rushed to a currency exchange and arrested a man who later was charged with armed robbery. "Everything seemed sort of familiar," McMorrow said. It should have. He arrested the same man on the same charge in the same currency exchange 20 years ago.

open the five of clubs and South would make 10 tricks.

The bidding in the box is what took place when one East player did stick in a spade overall. South was crowded into a two heart bid and from then on there was no stopping below game.

East won the spade opening with his jack and went over all possibilities. He didn't think much of his chance to defeat the contract. It was apparent from the bidding that South held more than five hearts.

Then South saw one chance that might defeat the contract or at least prevent an over-trick. It depended on finding his partner with the king and one heart.

East led his 10 of diamonds South won dummy's queen and saw the danger of a diamond ruff. He did the best he could to stop it by playing ace.

Q—The bidding has been:
West North East South
1 ♦ 1 ♦ 2 ♥

Astrological Forecast

By SYDNEY OMAR

For Saturday, April 27, the sun is in the sign of Aries. The astrologer points the way.

ARIES (March 21-April 19): Be willing to bargain. New money comes your way. Phrases money, possessions, ability to get the most for your efforts. Be receptive to advice from CANCER-born individual.

TAURUS (April 20-May 20): New moon in your sign stresses appearance, charm, beauty. You draw in you what you need. Make use of opportunity. Take in flattery. Be independent in thought, action.

GEMINI (May 21-June 20): Catch on work which may have been neglected. You need time for quiet thoughts. Strengthen personal philosophy. Take time to crystallize your thoughts, ideas and goals.

CANCER (June 21-July 21): Your circle of friends grows wide, perhaps due to fraternal organization. Welcome chance to express interests, views. Today accents fulfillment of hopes and wishes. Communicate with those in position to advance your goals. New moon coincides with chance to make contact which elevates your position.

VIRGO (Aug. 23-Sept. 21): Accident on travel, writing, publishing. Your ideas come close to realization. Don't feel you must find perfection. Means work with material at hand. Realize is due to get in touch.

LIBRA (Sept. 22-Oct. 21): May be necessary to organize new ways of saving. Make or partner, express willingness to cooperate. But it is your responsibility to spend our methods. Do so to best of your ability.

SCORPIO (Oct. 22-Nov. 21): Take care from mate or partner. Cooperate. Ask questions later. Important to finish major task. This is done by agreeing to joint effort. You may not be wise to go it alone.

SAGITTARIUS (Nov. 22-Dec. 21): Something in the works today favors your career employment. In concrete, good days to harmonize relations with neighbors. Visiting relative of one close to you. Seek useful suggestion.

CAPRICORN (Dec. 22-Jan. 19): A romance, ties of affection are accepted by new moon position. Individual who has been rejected. Avoid brooding. Be creative and expressive.

AQUARIUS (Jan. 20-Feb. 18): Property you are concerned with could rise in value. This is due to news released today. Check various sources. Keep up with news, developments. Be conservative in dealing with risks.

PISCES (Feb. 19-March 20): Short journey today, could prove beneficial. Check details of offer made by one who tempts you, or writes. It's to your advantage to be analytical. Avoid superficial judgments.

IF SATURDAY IS YOUR BIRTHDAY, your effect would be quite beneficial. You must, on the other hand, strive for a more practical approach. New projects looms, works favorably for you.

GENERAL TENDENCIES: Circle high for TAURUS, GEMINI, CANCER. New moon position favors gambling, planting. Special word to CAPRICORN, pleasure comes from children. Tonight a romance could be realized. (Copyright T.M. '68, Gen. Features Corp.)

Today's Almanac

By United Press International
Today is Friday, April 26, the 117th day of 1968 with 249 to follow.
The moon 'is between its last quarter and new phase.
The morning star is Venus.
The evening stars are Mars and Jupiter.

On this day in history:
In 1607 the first British colonists to establish a permanent settlement in America landed at Cape Henry, Virginia.

In 1865 federal troops killed John Wilkes Booth, the assassin of President Lincoln, near Ford's Theatre, Va., despite orders to take him alive.

In 1954 a nationwide test of the Salk anti-polio vaccine began in 46 states.

'N-Explosions to Yield Riches'

LOS ANGELES (AP) — A University of California geophysicist says underground nuclear explosions may be worth \$500 billion to the U.S. economy through the minerals they release.

G. H. Higgins of the Lawrence Radiation Laboratories at Livermore, Calif., said Thursday that explosions will be used to free natural gas, oil and metals, especially copper.

HUDSON'S

Broomfield Talks of Move by Goldberg

The resignation of Arthur Goldberg as U.S. ambassador to the United Nations was due, in part, to his being overlooked as a peacemaker in the Vietnam negotiations, Congressman William S. Broomfield, R-Royal Oak, said today.

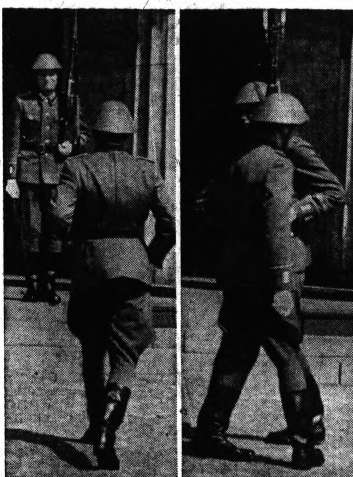

Broomfield, who worked with Goldberg as one of the five delegates to the world organization from September through December last year, said it was Goldberg's great hope and ambition to play an important role in any attempt to resolve the war in Vietnam.

"His failure to be cast in such a role, I am sure, played a part in his decision," the 18th District representative said.

Broomfield said Goldberg is one of the "most dedicated, far-minded servants it has been my privilege to know during my many years in public service."

"His reputation at the United Nations was firmly established as one of the most effective negotiators ever to represent the United States," Broomfield added.

"Although it received relatively little public notice, his skill as a behind-the-scenes negotiator is unmatched in my experience."

MILITARY WALTZ comes with the changing of the guard at the monument to Victims of Fascism and Militarism in East Berlin. Soldiers advance toward each other, do-a-dos and goosestep away with a flourish. John Bowen photographed the maneuver on a recent trip abroad.

People in the News

By The Associated Press

Actor Richard Burton aimed his pistol at the Gestapo Colonel and fired.

Colonel Van Hapen — actor Nesbitt — fell to the floor in agony. "Great," said director Brian Hutton. But then Nesbitt did not get up. He was temporarily blind.

A device hidden in his Nazi uniform to produce "blood" blew up in his face and Nesbitt was taken to a London hospital.

"He will not be back on the set for several days," a film official said.

The accident occurred during filming of Burton's new film "Where Eagles Dare" being made at a movie studio near London.

like, Ex-Senator to Get Honorary Law Degrees

Honorary doctor of laws degrees will be presented to former President Dwight D. Eisenhower and Harry Darby, former U.S. senator from Kansas City, Kan., at Washburn University in Topeka May 8.

Yoga-Practicing Mariner to Sail Atlantic

Mariner William Willis, 74, says he will try once again to sail alone across the Atlantic Ocean in his tiny sailboat.

Willis said in New York yesterday he will set sail next week from Montauk Harbor at the eastern end of Long Island for Plymouth, England.

Twice the yoga-practicing sailor failed in attempts at solo Atlantic crossings.

A hernia interrupted his 1966 attempt, and he was plucked from the water last year by a trawler crew while in a yoga trance about 1,900 miles out.

Willis successfully crossed the Pacific Ocean on a raft in 1964. The trip from Peru to Australia took 204 days.

Asked why he was sailing again, Willis said simply, "to finish the job."

Tony-Winning Actress to Marry Producer

Zoe Caldwell, the star of the "Prime of Miss Jean Brodie," says she is old enough for marriage now, and announced she will wed Robert Whitehead, producer of the hit New York drama.

The red-haired actress, who won Broadway's Tony award last week for her starring performance in the play, said that she had waited until she was 34 to marry because she believed strongly in the "sanctity" of marriage. Whitehead, a widower, said he is "just barely over 60."

Miss Caldwell's on-stage romance with British actor Albert Finney in 1961 in "Othello" made off-stage headlines when Finney's wife, Jane, named Miss Caldwell as correspondent in an adultery suit. In "Othello" Finney played Cassio and Miss Caldwell played Bianca, his mistress.

Freeman Plans to Return to Law Practice

Secretary of Agriculture Orville L. Freeman, who says he is broke as a government servant, plans to get back into law practice after eight years in his present post.

He said yesterday in Minneapolis he has a strong inclination to return to law and doesn't expect to remain in the Cabinet if the man he's supporting, Vice President Humphrey, is elected president.

"I would like to acquire some of the world's goods," he said at a news conference. "Right now I'm broke."

Judge Lifts Picket Curbs at Bell Office

A court order which had placed stringent restrictions on picketing at the Southfield office of the Michigan Bell Telephone Co. was lifted this morning by Oakland County Circuit Judge William J. Beer.

Beer lifted the temporary restraining order after receiving assurance from attorneys for Local 4016, Communication Workers of America, that there would be no trespassing on company property and only peaceful and limited picketing would take place.

The court order had been requested by Michigan Bell after the Southfield office became the scene of mass picketing immediately after the telephone strike began last week.

Beer said he would retain jurisdiction in the case, and if there were any violation or breach of the agreement between Bell and the union there would be further hearings.

Ward's Changes Policy on Ammo, Firearms Sales

CHICAGO (AP) — Montgomery Ward & Co., announced Thursday that it will require customers purchasing firearms or ammunition by telephone or mail to pick up their orders personally. The new policy, effective immediately, is designed to aid in the enforcement of changing gun laws, the company said.

The announcement said gun sections of all new Ward's catalogs will have an explanation of the new policy, saying: "Firearms, pellet and BB guns, and all ammunition will not be sold to persons under 21 years of age or shipped to purchasers by direct mail."

3,000-Pound Coil Kills Man

STERLING TOWNSHIP (UPI) — John Good, 60, was killed yesterday when a 3,000-pound coil of steel fell off a forklift and crushed him to death.

Good and another worker were unloading the steel coil at the Industry Stamping and Manufacturing Co. here when the accident occurred, authorities said.

Board of Education Bloomfield Hills School District Bloomfield Hills, Michigan MRS. AMYLEE CHAMBERLAIN, Secretary April 26, 29, 1968

ADVERTISMENT The City of Pontiac, acting by and through the Pontiac Housing Commission at 1:30 p.m. Friday, April 26, 1968 will sell by public auction 200 used 24 RANGES. Ranges may be seen by contacting Mr. R. Clayton Jones 333 Branch Street, Pontiac, Michigan 48306. April 19, 20, 22, 23, 24, 25, 26, 1968

ADVERTISMENT FOR BIDS Sealed proposals will be received by the Board of Education, Bloomfield Hills, Michigan, until 2:00 P.M. EDT May 1, 1968, for Toilet Room Renovation and Vanishing Elementary School, Bloomfield Hills, Michigan in accordance with plans and specifications prepared by O'Neil, Engineers and Planners.

Proposals will be received for the following work: Alterations for Architectural, Mechanical and Electrical Work.

Plans and specifications will be available to the public and the title of the Office of the Architect, 950 North Huron Boulevard, Birmingham, Alabama, on or after April 24, 1968. A deposit of \$250.00 will be required for each set of documents obtained. Bidders will be limited to two (2) sets of bidding documents.

Proposals shall be submitted in duplicate, in sealed envelopes marked with the name of the bidder and the title of the work, and shall be delivered to the Office of the Architect, 950 North Huron Boulevard, Birmingham, Alabama, on or after April 24, 1968.

The Board of Education reserves the right to reject any or all bids, to accept the contract to other than the low bidder, to accept any or all alterations, to waive irregularities and/or informality and to generally make the award in any manner deemed by it. In its sole discretion to be in the best interest of the School District.

POSTHUMOUS AWARD — Mr. and Mrs. Herbert C. Donaldson Sr. of 855 W. Huron accept a posthumous award of the Distinguished Flying Cross for their son, Army medic Spec. 5 Herbert Jr., who was killed in a helicopter crash in Vietnam last Oct. 29. Presenting the award for outstanding duty is Maj. Gen. Shelton E. Lellis, commanding General, U.S. Army Tank-Automotive Command, Warren.

FAUSTÍN J. DORSKI

City Optimists Elect Dorski New President

Faustín J. Dorski of 275 S. Tilden has been elected president of the Pontiac Optimist Club.

Others elected include Herbert C. Cooley of 670 Hillcliff, Waterford Township, vice president, and George Caronis of 600 Aten Court, Birmingham, vice president. Glen C. Rundell of 6221 Ascension, Clarkston, was reelected secretary-treasurer.

Also elected were Isadore Mintz of 1445 James K. sergeant-at-arms, and Ralph Merkovitz of 2745 Pine Ridge, West Bloomfield Township, and Tom Stevenson of 4805 Mohawk, Clarkston, board members.

They will be installed July 1.

Judo Classes Start in Area on Monday

New judo classes will start Monday night at the Community Activities, Inc., building, 3640 Williams Lake, Waterford Township.

To be taught by former national judo champion Otto Chanko of Livonia, the classes consist of beginning judo at 7, ladies' self-defense at 8 and advanced judo at 9.

The classes will continue for a 10-week period.

Fee for each course is \$13.

FACTS ABOUT COLOR TV ANTENNAS

Experience has proven that the following facts apply to most locations in this area regarding Color TV Antenna installation.

- Modern, broad-band antennas are definitely superior for color reception.
- Lead-in wire should be high quality, low-loss type.
- One continuous lead-in to set is best without couplers or series outlets.
- Good antennas are more directional — they tend to reject stations from other directions.
- Effects of weather on antennas and lead-in wire can cause severe loss of performance.

For specific information contact your TESA of OAKLAND COUNTY service dealer. He will be glad to assist you.

Court Exam for Doctor, 31, Is Adjourned

The preliminary examination for a Waterford Township physician, charged with obtaining money under false pretenses, has been adjourned to either Monday or Tuesday in the court of Township Justice Kenneth Hempstead.

The examination for Dr. Albert J. Berg, 31, of 457 Beverly Island was begun yesterday.

In the case, Berg allegedly received \$266 from the Detroit Automobile Inter-Insurance Exchange (AAI) for medical treatment received by June Kushion of 4835 Pelton, Independence Township.

State Police contend professional services rendered by the physician amounted to only \$38.

State to Open Bids on Area Road Project

The Michigan State Highway Department announced today that it will open bids May 8 in Lansing for the widening and paving of one mile of Elizabeth Lake Road in Waterford Township.

The stretch of highway to be improved extends from just west of Telegraph to M59 (Highland). A 1,000-foot section of the road near Telegraph was widened last year.

The cost of widening the road to five lanes is estimated at \$340,000. Construction could begin in mid-June.

The project is among an estimated \$19 million worth of bids to be let by the highway department, including almost \$11 million in freeway construction in the Flint area.

Rifleman Cuts Down Live Target in Error

DORCHESTER, England (UPI) — Cpl. Ronald Heath took aim at the Army rifle range, fired and shot his commanding officer through the head, killing him, an inquest was told yesterday.

At the inquest, a verdict of accidental death was given for Capt. Michael Kelly, 37. The troops were told to fire at a moving target in the shape of a man's head which popped up intermittently.

Lt. Howard Lowndes testified that Kelly had raised his head above the firing revetment to see if the troops were ready when he was shot.

One hundred seventy three billion gallons of sewage and industrial waste goes into U.S. rivers every day.

Clarkston Boy Wins Contest

Mark Taylor of 6050 S. M15, Clarkston, recently won the zone Optimist Oratorical contest. He was sponsored by the Leland-Waterford Optimist Club.

First runner-up was Jerry Fitzpatrick of 4097 Parkway, Waterford Township, sponsored by the Pontiac Optimist Club.

Second runner-up was Jonathan Licht of 2955 Virginia, Southfield, sponsored by the Southfield Optimist Club.

The boys spoke on "The torch."

Earl Offers Some Smiles

to Cut Through the Gloom

By EARL WILSON

NEW YORK—Sometimes you need a smile to cut the gloom. Bob Hope told the Overseas Press Club, "Bobby Kennedy has a very good record in the Senate—and he's also very effective in the house."

Jackie Gleason wired Tools Shop about his Sportsman of the Year Award in Las Vegas: "Any man who has a basketball for a stomach, a football for a head and a 9 iron in his right hip has to be the Sportsman of the Year."

Hollywood Producer Bob Goldstein was asked to give his diet secret at Trader Vic's. "I can explain it in three words," he said. "Shut your mouth."

When Bob Hope was giving autographs at Tools Shop's, Tools said, "I give the only autograph that bounces."

Harry Moss, the blind jeweler and silver expert, was asked by Joe E. Lewis why he doesn't use a cane instead of having friends lead him. "If a cane ever replaced the arm of a beautiful girl," he said, "I'll change."

Buddy Hackett's new making a Disney movie and also doing one 2:30 a.m. show Sundays at The Las Vegas Sahara. Asked why he does the Vegas show, a friend says, "He's got to keep his hand in so he doesn't forget any of those three-letter words."

Johnny Deason is selling his wine room in the Henry Hudson; it didn't work out when he was on the road. "I believe it or not, some people think the Democratic ticket came to be Humphrey and Robert Kennedy, and before you sneer, remember that nobody ever thought LBJ would run second place with JFK. . . . The League of NY Theaters is going to have a raucous meeting about next year's Tony Awards with the 'cut-off date' firmly fixed to avoid future quarrels."

Ronald Reagan's former wife, Jane Wyman, is returning to films this year.

THE MIDNIGHT EARL . . .

Lisa Kirk is up for the lead in the London company of "Mame" . . . Gracia von Furstenberg, who fractured a leg in the auto accident with Cary Grant, was at El Morocco—still on crutches. . . . Perle Mesta says she's rooting hard for Yeep Humphrey . . . Mayor Lindsay watched the jugglers at the circus and cracked, "I think I saw them at City Hall, working on the budget."

Dorothy Lamour, touring in "Dolly," was hit in the head by a falling curtain but finished the show. . . . New fed in England: nonstop rock band contests. The record is 100 hours. . . . Tessie O'Shea, now filming "The Only House in London," lost 43 pounds. She says she started to diet when a kid saw her in a fur coat and cracked, "How many beads did they shoot to cover that tummy?" . . . Secret Stuff: A night spot owner gave up the place for nothing, just to have someone else pay the bills.

David Janssen, shooting "Shoes of the Fisherman" in Rome, rented the Richard Bartons' villa. . . . A famed actress got noisily unhappy on a short shuttle flight when she discovered liquor wasn't being served. . . . The owners of two east side spots called Thursday's and Friday's will open a discotheque called Wednesday's.

WISH I'D SAID THAT: Rocky Graziano described a certain lightweight from his old neighborhood: "That creep has the first hucupac he ever stole."

REMEMBERED QUOTE: "Courtship is a period during which two people behave as they never have before and never will again."

A fan sent ABC-TV'er Dick Cavett a can of caviar, which he didn't eat: "I'm no gourmet—but even I know good caviar doesn't come with pictures of baseball players." . . . That's earl, brother.

Planning Board Mulls Ideas for Better Race Relations

By BOB WISLER

The Pontiac Area Planning Council Board of Governors last night paved the way for making specific recommendations to improve racial relations.

The governors discussed at length four recommendations submitted by its task force on race relations two weeks ago and formulated resolutions to be adopted at the next meeting.

The recommendations will urge the Pontiac City Commission to hire more policemen, including 8 to 10 Negroes,

recommend the implementation of a summer youth program to have city youths work with police officers, and institute action to determine exactly where community organizations stand on matters pertaining to racial equality.

The board also is expected to adopt a resolution declaring its policy of non-discrimination hiring for any employees, architects or consultants and insistence on the same practice for any firms engaged by the planning council.

The governors also will consider recommending that the City Commission and Pontiac school district issue similar pronouncements. The recommendation will apparently urge that the city and school district refuse to do business with firms which have discriminatory hiring practices.

ORDER OF MEETINGS

The board of governors met for 3 1/2 hours last night to discuss a variety of

topics including methods utilized by the board to conduct its meetings.

A review of its bylaws is scheduled for the next meeting. James Dyer, a delegate to the board, was one of several to complain of the board's procedures.

Dyer said that actions taken in the past weeks were of questionable legality because of violation of the bylaws, and he claimed that the governors' decision to hire a project director — made at the last meeting — was invalid.

The board's parliamentary, Mrs.

David Sachs, told the governors that the move was valid.

In addition to some discussion about the governors' bylaws and operating methods, the board of governors received the second resignation of one of its members.

Clement J. Cleveland, editor of the Oxford Leader, submitted his resignation shortly before the meeting. Bruce J. Annett resigned from the board in a letter made public two weeks ago.

Cleveland, comparing the planning council with the New Detroit Comm-

mittee, said the planning council is "bogged down by a politically oriented executive committee," has failed to establish its goals, and suffers a severe lack of leadership.

He said the council's purpose was "to uncover Pontiac's problems and cause those responsible to make the corrections." But, Cleveland said, "the leadership that has sparked the New Detroit Committee has been lacking in the P.A.C."

Goldberg Quits as U.N. Envoy

B52s Hit Near Saigon to Block Cong Offensive

SAIGON (AP) — U.S. B52 bombers, flying some of the war's closest raids to Saigon, hit enemy targets within 26 miles of the capital today to break up Vietcong forces believed massing for their second major offensive of 1968.

The raids came after South Vietnamese police ordered that all boats and vehicles entering Saigon be searched for arms and explosives.

The police had earlier thwarted a Cong attempt to smuggle guns into the capital on a river junk.

Tons of explosives fell from the giant bombers. They flew three sorties over enemy bunkers, weapons positions and troop concentrations.

As fear of another attack on the capital mounted, American infantrymen combed the provinces around Saigon, fought a series of small battles yesterday.

CRUCIAL VALLEY HIT

B52 bombers also continued to pound North Vietnamese positions in the A Shau Valley, in the northern part of the country.

Police said they found 10 Soviet AK47 automatic rifles along a junk at Saigon's river-front dock. They did not say if any arrests were made.

Before the Tet offensive in February, it was not considered likely that the Vietcong could secretly slip large supplies of arms and ammunition into Saigon.

But the offensive showed that the enemy had managed to build up sizable caches of guns, ammunition and explosives.

YANKS FEAR HUE ATTACK

While the North Vietnamese were fearful of a new attack on Saigon, U.S. intelligence officers exhibited greatest concern about the North Vietnamese concentrations in the A Shau Valley, which they said threatened the Hue area.

These sources said the enemy has 15 to 20 battalions in the area and could commit them to an all-out attack on Hue "in a matter of hours."

But the offensive showed that the enemy had managed to build up sizable caches of guns, ammunition and explosives.

DETROIT (AP) — Gov. George Romney threatened today to force compulsory arbitration in Detroit's 162-day-old newspaper strike.

FIGURES IN ENVOY CHANGE — Arthur J. Goldberg (left) is shown at a news conference in New York yesterday after President Johnson announced Goldberg's resignation as

ambassador to the United Nations. George Ball, former undersecretary of state, was named to succeed Goldberg. The photo of Ball (right) was taken in 1963.

New Zoning Map Still Worked On

Major changes in the city's zoning ordinance and map now being completed by the City Commission are still being worked on to attempt to satisfy city residents, Kermith E. Bille, assistant director of planning, said today.

The city is considering adopting a whole new zoning ordinance and a substantially altered zoning map. The complete text of the zoning ordinance and the proposed map are carried as an advertising supplement in section C of today's Pontiac Press.

Director of planning James L. Bates said the new ordinance will define various zoning districts more fully. "Our present ordinance — in commercial and manufacturing districts, especially — defines what is prohibited."

"The new ordinance, he said, will list various forms of businesses and buildings that will be permitted in the various zones.

Bates said the proposed zoning map can be studied by residents to determine if rezoning contemplated will affect them.

He said persons who disagree with the zoning being proposed should contact the planning department.

Occasional Rain Expected in Area

Showers will move in and out of the Pontiac area through Sunday, with temperatures warming up a bit.

The U.S. Weather Bureau reports the following official forecast:

TODAY — Partly cloudy and a little warmer with a chance of brief light showers, mostly in southern portions, through this evening. High 50 to 55. Low tonight 35 to 40.

TOMORROW — Partly cloudy and a little warmer.

SUNDAY — Rain likely and not much change in temperature.

Precipitation probabilities in per cent are: today 30, tonight 20, and tomorrow 10.

The low temperature in downtown Pontiac prior to 8 a.m. was 33. The mercury registered 48 at 12:30 p.m.

Flash

DETROIT (AP) — Gov. George Romney threatened today to force compulsory arbitration in Detroit's 162-day-old newspaper strike.

Avoid Ties, Romney Advises State GOP

DETROIT (UPI) — Gov. Romney is urging Michigan Republicans not to commit themselves to either Richard Nixon or Gov. Nelson Rockefeller at the state party convention that begins with intense politicking today.

Efforts will be made tomorrow when the state convention officially gets under way at Cobo Hall to endorse Romney as a favorite - son candidate for at least the first ballot at the national convention in Miami Beach this summer.

However, formidable supporters of Nixon and the vocal anti-Romney conservatives are expected to unite to prevent the state party from obligating Michigan's 46 delegates to firm Romney control.

Although the state convocation does not officially begin until Saturday, many important decisions will be made tonight as the delegates from the state's 19 congressional districts caucus to informally elect their two delegates each to the national convention and to decide what positions to take on issues.

Most inevitable is a fight over the new state income tax and the proposed open-housing law.

The Distinguished Flying Cross, the Air Medal with two oak leaf clusters and the Army Commendation Medal were awarded posthumously yesterday to an Air Medal with two oak leaf clusters and Army air evacuation medal from Pontiac.

Army Spec 5 Herbert C. Donaldson Jr.,

could not be determined due to low clouds and rain in the area where the patient was to be picked up.

"With complete disregard for his own safety," Spec 5 Donaldson elected to continue the evacuation attempt. His aircraft crashed in the process of landing."

The Air Medal came for actions near Bien Hoa three weeks before the fatal crash.

In this encounter, the helicopter landing zone was studded with tree stumps and under fire, Donaldson leaped out of the hovering craft and began loading patients while ground troops were pinned down.

After completing this mission, Donaldson returned to the area and completed another rescue mission.

Ex-State Dept. Aide Is Surprise Choice for Post

WASHINGTON (AP) — President Johnson has chosen former State Department official George W. Ball, a strong advocate of a negotiated Vietnam war settlement, to succeed Arthur Goldberg as ambassador to the United Nations.

The sudden, surprise choice of Ball, 50, to succeed the retiring Goldberg was viewed in the capital as fresh evidence that Johnson had decided to make a determined effort during his last nine months in office to negotiate an end to the Vietnam war.

Ball has made his criticisms of U.S. policy known particularly since resigning as undersecretary of state in October 1965. Thus his willingness to return to government surprised Washington circles as much as did Johnson's decision to ask him back.

But a highly placed official explained it as evidence Johnson plans an all-out drive to end the war through negotiations before leaving office next January.

Johnson announced yesterday at a hastily called news conference that Goldberg, 59, had resigned and would be replaced by Ball.

IN EARLY JUNE

The President said the change would probably become effective in early June after Goldberg handles "certain matters now under way" at the United Nations.

Goldberg will in fact handle the U.S. argument for U.N. acceptance of a treaty proposed by this country, the Soviet Union and Britain to outlaw the spread of nuclear weapons.

Goldberg indicated openly almost six months ago that he did not consider his U.N. position as a career.

Johnson called him from the Supreme Court in mid-1965 to become ambassador to the world organization and recently he has privately expressed interest in returning to the practice of law.

IN PRIVATE LIFE

At a New York news conference following the President's announcement, Goldberg said he had worked in the cause of Vietnam peace during his 33 months as U.N. ambassador. He added:

"I have resigned in the belief that I can best further these objectives in private life," he said.

Johnson called him from the Supreme Court in mid-1965 to become ambassador to the world organization and recently he has privately expressed interest in returning to the practice of law.

Renewal Area Plans Expanded

Plans to develop new construction in downtown Pontiac's urban renewal area have been expanded to take in an additional 16 acres, D. Don Davidson, professor of architecture for the University of Detroit, told the Pontiac Area Planning Council Board of Governors last night.

Davidson, who with Bruno Leon, dean of the University of Detroit's school of architecture, is designing a plan for new downtown development for a yet unnamed developer, said he will present plans for City Commission consideration on or about May 15.

The architect said the developer — to be named when plans are presented — and the designers will meet with the Department of Housing and Urban Development a few days later.

He told the governors that plans were being developed for the 11 acres that the developer had agreed to undertake, but the developer now feels that 27 acres — all the acreage in the downtown area of the urban renewal project — can be redeveloped.

Davidson did not elaborate on what type of development would take place but it is generally believed that office buildings and apartment units are being planned for the area.

DISCUSS PLAN

Davidson also spoke to the governors about thematically-discussed U. of D. plan and concept for redevelopment of Pontiac.

It was first unveiled in the fall of 1966 and Davidson recently outlined its major points to the governors.

Davidson has indicated that the proposed downtown development is patterned after concepts developed in the University of Detroit plan.

He has offered it to the city for use as a guideline in redevelopment but as yet the city has not taken up the offer.

(Continued on Page A-11, Col. 1)

New COG Director Outlines His Views

The new director of the Southeastern Michigan Council of Governments (COG) labeled its philosophy of government as "conservative" in his address to the 17th annual Regional Planning Conference in Detroit yesterday.

E. Robert Turner, who began his COG

duties just a month ago, spoke to some 300 planners and officials of the six-county COG area — Wayne, Oakland, Macomb, St. Clair, Monroe and Washtenaw.

Turner said his view of COG was an organization "to preserve the integrity of local governments ... and stop the escalation of federal domination."

Many past opponents of COG had charged it was an instrument to hinder or do away with local governments.

COG was officially formed in January and includes representatives for all areas of government — cities, schools, counties, townships, villages.

FUNCTION IS AREA WIDE

Its function is to carry on planning and coordinating programs of areawide interest.

The Regional Planning Council, in its 17th year and said to be the first in the U.S., is now a basic division of COG.

Turner was hired from Burbank, Calif., where he had been city manager. This is his first talk to area officials.

Mailbox May Lead Teen to Life of Crime

By DICK WEST
WASHINGTON (UPI) — One thing about us Americans, once we understand a problem clearly we usually can be counted on to do the right thing.

Especially if the problem is too big to fit under a rug. The other day, for example, I made a passing reference to these public service messages on radio and television urging motorists not to leave their keys in their cars.

The burden of the appeal is that most car thefts are committed by teen-agers and that a key left in the ignition switch may tempt some youth to steal the car.

NEW UNDERSTANDING
"Don't help a good boy go bad," the messages say. A number of motorists have written me saying that until they heard these messages they didn't understand the problem. The had thought that culpability in auto larceny rested on the thief rather than the car owner.

Now that their thinking has been straightened out, they are determined to do the right thing. One suggested remedy is the enactment of a law which a motorist whose car is stolen would be arrested for con-

tributing to the delinquency of a minor.

TAKEN TO HEART
I have a neighbor, Smedley said, "I shall call him, who particularly took the message to heart."

In my neighborhood, a favorite youth recreation is to drive along the suburban streets dropping cherry bombs into mailboxes. Cherry bombs are used because the kids in my neighborhood are too lazy to make their own Molotov cocktails.

A few nights ago they blew up Smedley's mailbox, and when I stopped by to commiserate with him he was reeling with guilt pangs.

"It's all my fault," he wailed. "I shouldn't have put up a mail box. I should have had my mail sent general delivery and gone to the post office to pick it up."

WORD OF CONSOLATION
"There, there, old fellow," I said, patting his head consolingly. "I can see why you

are so upset. Mailboxes cost money."

"I don't mind that," Smedley said. "I just feel terrible about helping a good boy go bad. By putting up a mailbox, I caused some lad to engage in malicious destruction of property."

"That's only a misdemeanor and it's only your first offense,"

I said. "If you keep your record clean hereafter, people won't hold it against you."

"Maybe so," he said, "but I can never forgive myself."

"By the way," I said, "where's your car?"

"I couldn't trust myself to remember to remove the keys," he said, "so I sold it."

NO MESSAGE IN THIS MOVIE—Gregory Peck, shown rehearsing a scene with an unidentified actor, denies that most of his movies have a message. The rehearsal is for another western, "The Stalking Moon."

Honor-Winner Peck Shuns 'Do-Good' Tag

HOLLYWOOD (AP) — "I'm not a do-gooder," said Gregory Peck with emphasis. "It embarrasses me to be classified as a humanitarian. I simply take part in the activities that I am interested in."

The actor was commenting on his receipt of the Motion Picture Academy's Jean Hersholt Award for humanitarian service. While he felt honored, he sought to escape any do-good connotation. That is an image he does not seek.

Peck had just been interviewed on the set of his new Western, "The Stalking Moon," by an Argentine correspondent who asked him: "Why do so many of your pictures have a social message?"

"I had to tell her," Peck reported afterward, "that of the 40 pictures I have made, only 'Gentleman's Agreement,' 'To Kill a Mockingbird' and possibly 'On the Beach' carried any kind of social message. The rest were Westerns, comedies, war pictures and straight adventure stories like 'The Guns of Navarone.'"

Despite his disclaimers, Peck in recent years has devoted an uncommon amount of time and energy to causes for which he feels concern.

Among them:

• The Motion Picture Relief Fund. He has been chairman of the drive to raise \$15 million in 15 years to support the industry's ill and aged. Six million has been collected in the first two years.

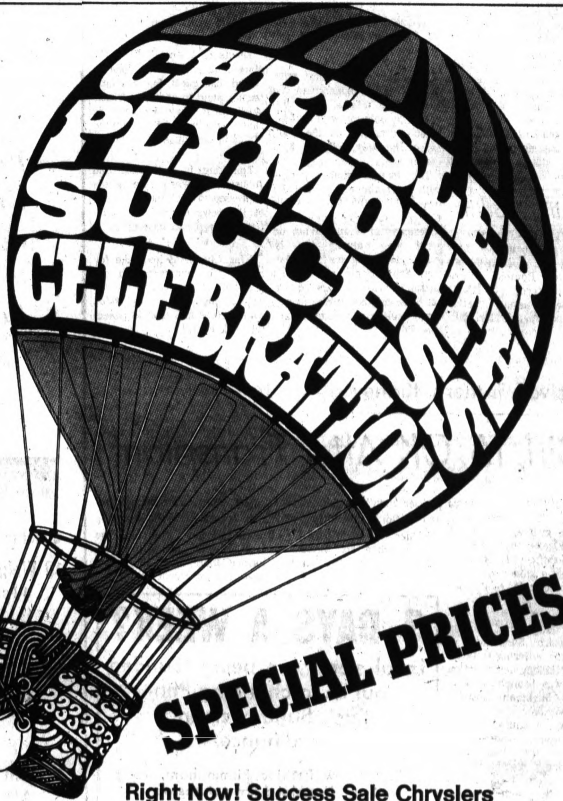

• The American Cancer Society. Two years ago he was chairman of the annual fund drive and spent four months touring 23 cities to raise \$50 million.

• The National Endowment for the Arts. Peck served a two-year term on the committee aimed at spreading culture through the nation.

• The Inner City Repertory Theater. He has been a guiding force in the Los Angeles stage company which offers excellent productions to schoolchildren and adult patrons.

Peck also serves on the executive council of the Los Angeles Music Center, as vice president of the San Diego County Theater

New 12 hp Sovereign 2015 —
the most powerful, most versatile
Simplicity tractor. Features include
super-smooth reverse-balanced
super-smooth steering, variable
speed control, with single-lever
control, giving you the choice of the
right ground speed while attachment
operate at peak performance.

compare!

Before buying any riding tractor,
take its measure with Simplicity

- **SELECTION?** With Simplicity in 1968, you pick from five new tractors (5 to 12 hp) and a 4 hp riding mower. You get "job-tailored" tractor choice.
- **NO-SCALP MOWING?** If the mower's mounted on the tractor frame, you'll get scalping. By contrast, Simplicity's patented mounting suspends the mower from the front axle. Can't scalp — because the front wheels "telegraph" every change in ground contour.
- **ARE ATTACHMENTS MATCHED?** Some tractor-makers buy and "adapt" basic attachments. But Simplicity designs and builds its own. When you put a Simplicity attachment on a Simplicity tractor, the combination works in perfect harmony.
- **WHAT'S INVOLVED IN CHANGING ATTACHMENTS?** Don't take anybody's word for it. Insist on a demonstration. You'll be amazed at the quick-changing difference that results from Simplicity's made-for-each-other tractor-attachment design.
- **START COMPARING!** Our yardstick of riding tractor value demonstrates the measurable difference between Simplicity and all other brands.

DO IT WITH **Simplicity**

Marriages Split

SILVER CITY, N.M. (AP) — Grant County officials reported Thursday that Dennis Marriage was granted a divorce April 10 from Patricia Marriage.

Virginia Leader Shuns VP Bid

RICHMOND, Va. (AP) — Gov. Mills E. Godwin Jr. says he "would rather be governor of Virginia than vice president of the United States." Godwin likely will not make this comment at a news conference Thursday after say-

Elderly Man Victim of Children's Stones

MILWAUKEE, Wis. (UPI) — He was 86 years old and he was sitting inside when the first stone hit his house. The old man rushed outside. There were four children. The youngest, a 3-year-old boy, threw a stone. The old man went down. The others, two 10-year-old boys and a 10-year-old girl, cocked their arms.

The loudest, a 9-year-old boy, threw a stone. The old man went down. The others, two 10-year-old boys and a 10-year-old girl, cocked their arms.

Rudolph Bakos, 48, happened by. He grabbed two of the children. The other two ran away. The old man was taken to a hospital.

ADMITTED STONING

The two other children were arrested later at their homes. They told police, yes, they had banged one stone off the house to get the old man to come outside; then they stoned him. The children will appear in Children's Court May 6. Police turned them over to their parents.

Hospital officials said Theodore Werhun, 86, suffered facial cuts and a broken leg, probably when he fell.

Daylight Time Plan Still Has Some Snags

By the Associated Press
All but two of the 50 states will switch to Daylight Saving Time Sunday.

But, an Associated Press survey also shows, some minor monkey wrenches have been tossed into the clockwork in a few areas.

The Uniform Time Act, adopted by Congress in 1966, provided that — starting in 1967 — all states will observe DST from 2 a.m. on the last Sunday in April until 2 a.m. on the last Sunday in October — except that any state may exempt itself by adopting a state law.

Hawaii and Arizona have exempted themselves.

INDIANA PROBLEM

In the other states clocks generally will be pushed ahead an hour.

The U.S. Department of Transportation, which oversees the act, gave Indiana permission to bring its timepieces into harmony in this way: all the state's counties, with the exception of six around Chicago and six around Evansville, Ind., on the western side of Indiana, can remain on Eastern Standard Time. The 12 exempted counties can move their clocks up from Central Standard to Central Daylight Time. This will place them on the same time as the rest of the state.

The U.S. Department of Transportation placed all of Michigan's Upper Peninsula in the Central time zone. But four counties in the eastern half of

the peninsula — Luce, Mackinac, Chippewa and Alger — have remained on Eastern time. They will go on EDT Sunday.

The other counties are on CST. Eastern counties on the peninsula feel they have closer ties with the Lower Peninsula of Michigan, while the western-most feel they are tied geographically to Wisconsin.

PETITION IGNORED
The Chamber of Commerce in Marquette, in the middle of the Upper Peninsula and in Marquette County, has requested the Department of Transportation to permit it to go on Eastern time, but it says the petition has been ignored thus far.

Students Included on Honeymoon Trip

KANSAS CITY, Kan. (AP) — On her honeymoon trip to Europe this summer Judy Hudson, 25, will be accompanied by eight of her drama students at Washington High School. Miss Hudson's wedding to John Keene, an accountant who lives in Salina, will be June 22 at First Methodist Church in Hays.

The trip to Europe will begin with a plane flight from Kansas City July 9. The students will enroll in university classes at Exeter, England for four weeks of study under the American Institute for Foreign Study. The newly married couple will go as chaperones.

University Hills

The successful design of Thompson-Brown's nationally-praised Canterbury Commons was the inspiration for its new home community, University Hills. And here, also, you'll find two lovely green common areas established for the enjoyment of residents and their children. There's a half-mile pathway for walking, bicycle riding and roller skating. Two child play modules with equipment for younger children and a large picnic shelter with built-in bar-b-q are additional features. University Hills with its Commons is something extra-special. Come see... this weekend, for sure!

Women's Division Awards Tea Features Erma Bombeck as Speaker

Frederick J. Poole of Heitsch Street presents awards to (from left) Mrs. Arthur McDonald of Elm Street and Mrs. James R. Fleming of Howland Avenue at Thursday's annual Pontiac Area United Fund Women's Division awards program in Spring Lake Country Club. Pontiac State Bank hosted the tea.

Syndicated columnist, Erma Bombeck (left) chats with Mrs. Gilbert Petz of Lawson Drive, Orion Township following the former's amusing talk as guest speaker at the event.

It's Imposition to Feed, Care for Playmates

By ELIZABETH L. POST
The following letter has been chosen as the prize-winning one for this week. A copy of Emily Post's Etiquette has been sent to Mrs. Polutnik of West Mifflin, Pa.

Dear Mrs. Post: When neighbors' children visit your home, I feel that since they come uninvited, their mothers should call them home for lunch and dinner. I have had as many as six extra children for lunch.

I have taught mine to come home when people are preparing to eat. Also there are times when children stay until after dark. I believe they should be called home before that. I'm sure this is a question a lot of people would like answered, so please let me know how you feel about this. — Mary Polutnik.

Dear Mrs. Polutnik: You are right! Children should be instructed to come home when their friends are about to eat. If they are specifically invited to stay, they, or their friend's mother, should call their mother for permission. It is not the responsibility of a neighbor to see that young children get home before dark. Parents should make it very clear at what time youngsters are expected home and, in the interest of their children's safety, should locate them before the light fails.

When a number of young couples live in a neighborhood, children are generally allowed the freedom of each others' houses and yards. This is as it should be unless it becomes an imposition, as it is when careless parents expect the neighbors to take over the chores that belong to them.

Dear Mrs. Post: Is it permissible for a bridesmaid to give a bridal shower when the maid of honor refuses to give one. If so, should the maid of honor's name be put on the invitations along with the one giving the shower? — June

Dear June: Any friend of the bride who wishes to give her a shower may do so. This includes the bridesmaids. There is no reason to put the maid of honor's name on the invitation, but she should, of course, be invited.

"So You're Planning to Give a Shower." This booklet by Elizabeth L. Post tells you everything you need to know — for a bridal shower, a welcome party for a new neighbor, the local minister or any one else.

To get a copy, send twenty-five cents in coin to cover booklet and mailing expenses, to Elizabeth L. Post, in care of The Pontiac Press, Dept. E-500, P.O. Box 9, Pontiac, Mich. 48056.

Nursing Seminar at OU to Explore Upgrading Care

A two day conference for registered nurses will be held Wednesday and Thursday at Oakland University.

Sponsored by the Division of Continuing Education with the cooperation of the Oakland County District Nurses Association, the Michigan League for Nursing and the Michigan Nurses Association, the program will explore an approach to quality nursing care.

The program is the third in a series of post-graduate conferences for the nursing profession.

The main speaker will be Helen W. Dunn, director of Nursing Services at the University of Illinois Medical Center and consultant, Network for Continuing Medical Education, New York City.

Dr. Arthur Riewald, psychologist and director of the Psychological Education and Consultation program in Birmingham, and Eugene D. Silbery, executive director of the Greater Detroit Area Hospital Council, will also speak.

According to conference chairman, Mrs. J. H. Ashton, director of nursing at Pontiac General Hospital, Miss Dunn will conduct the second day of the conference as a workshop session.

Norma R. Newman, director of Nursing Service, Crittenton Hospital in Rochester, will moderate the two day program.

Since enrollment must be limited, reservations will be accepted in the order in which they are received. For further information, call or write the Conference Department, Oakland University, Rochester, Mich. 48063.

HELEN DUNN

Women's Section

THE PONTIAC PRESS

FRIDAY, APRIL 26, 1968

A-20

James Brooks of Silverside Drive, who accepted an award for his work in the Big Brothers of Oakland County Association, arrives just in time to assist Mrs. Robert C. Irwin of West Iroquois Road with the door.

Helping themselves to the tea table goodies are (from left) Mrs. Merrell Petrie of Cherokee Road, this year's Women's Division chairman, Mrs. William Wright of Hammond Lake and Mrs. James Coven of Middle Lake Road, Independence Township.

Study Response to Times

"Courage and Cowardice in an Age of Ambivalence" will be the theme of the third film series with discussion offered by Oakland Community College in cooperation with the Added Education Department, Birmingham Public Schools.

The Rev. Robert Marshall, Birmingham Unitarian Church, will be discussion leader and coordinator for the films, which will be held at 8:15 p.m., May 1, 8, 15 and 22, at Birmingham Groves High School, Evergreen and 13 Mile Road.

The series asks the questions: Can the ambivalence of our age be surmounted? Is there any longer genuine heroism and courage, genuine villainy, cowardice? What is our fate? How shall it be met?

The films to be shown are: May 1, "The Treasure of the Sierra Madre" starring Humphrey Bogart.

May 8, "The Loneliness of the Long Distance Runner" (England). An 18-year-old slum-bred boy from England is sent to a reformatory where, despite his contempt for authority, he becomes top runner of the school.

May 15, "Fate of a Man" (Russia). An immensely strong, realistic and yet hopeful film in which a man endures the scourges of war without losing his faith in life.

May 22, "Drunken Angel" (Japan). This is an "allegory on the post-war man."

Women's Architectural League Will Sponsor Benefit Theatre Party

The Women's Architectural League of Detroit is sponsoring a theatre party at the establishment of the Michigan Architectural Foundation under the direction of the Women's Architectural League of Detroit.

Proceeds of this event will be used for the establishment of a scholarship fund to be administered by the Michigan Architectural Foundation under the direction of the Women's Architectural League of Detroit.

There is to be a buffet dinner served in Vandenberg Hall at 6:30 p.m. followed by the performance of Anton Chekhov's "Sea Gull" at 8:15 p.m.

Mrs. Bruce Smith of Birmingham is president of the group with Mrs. Fred Stickel, chairman and Mrs. Charles MacMahon, of Bloomfield Hills and Mrs. Edward Gabert of Troy as committee members.

Anyone desiring further information should contact Mrs. Smith or Mrs. Gabert.

Without His Hairpiece

By ABIGAIL VAN BUREN

DEAR ABBY: I never cared much for wigs on men, but lately I have been changing my mind. Although my husband is only in his early forties, he's been bald for some time. Not only that, but his head comes to a decided point on top. Lately his head has taken on a "polished" look, which makes the point on top all the more conspicuous.

I am so tired of people asking me, "What happened to your husband's head?"

Wouldn't a wig be less conspicuous? If I say to get one, he says he'll get one. Another question: If my husband does decide to get a wig, he will have to have new passport pictures taken IN the wig? And where it says "Hair," should he put down "BALD" or the color of the wig? Thank you kindly.

MRS. F. IN LAS VEGAS

DEAR MRS. F.: If your husband would be happier with a "wig," he should certainly get one. And since the hairpiece will change his appearance considerably, if he plans to wear it, con-

stantly, he should update his passport pictures.

And where it says "HAIR" he should put down the color of his "wig." (P.S. I hope your husband doesn't "flip his wig" abroad or he may have trouble getting back in the country.)

DEAR ABBY: I am a widow of less than one year. My income has dropped from \$1,800 a month to \$1,500 a month, so I have to watch my pennies now.

Eastern Star Slates Cup and Saucer Party

Members of chapter 228, Order of the Eastern Star, will hold their annual Bone China Cup and Saucer card party Monday evening.

The affair, which begins at 7:30 at the First Federal Savings and Loan of Oakland, is chaired by Mrs. Virgil E. Newton.

Assisting her are Mesdames: Earle Hoskins, tickets; Russell Kneale, prizes; Elzie Vaughan, refreshments and Earl Brunson, candy sales.

I have one son. He is married and goes to college. He and his wife have been coming to my home for Sunday dinner regularly, and they bring their laundry to do in my washing machine. About a month ago, I told them that due to my reduced circumstances I was going to charge them 25c a load for the use of my facilities. My son said, "Thank you, Mother, but we will do our laundry elsewhere."

Abby, where can they get their laundry done as cheap as here? And as long as they pay to get it done, why not give me the money? I am very hurt. In fact, I am sick over it because we had a wonderful relationship before this happened. They still come to me for Sunday dinners, but they refuse to bring their laundry. Was I right or wrong in asking for 25 cents a load?

HURT

DEAR HURT: Unless the few dollars involved would have worked a hardship on you, you'd have been wiser to have skipped it. Apologize for pinching pennies and hope that everything comes out in the wash.

CONFIDENTIAL TO "LIVE WIRE IN EDINA." You'd be dead if it weren't for your connections.

						Least One	Total of Two					
C-2 CENTRAL BUSINESS DISTRICT This District is designed to serve a complex of urban functions that are enhanced both by centrality of location and the ease of access of being at the hub of a system of radial thoroughfares and also by being types of activities that gain economic advantage from a close proximity organized relationship to each other. It is desired to have this District be more than a regional shopping center and to find here the main offices of banks, headquarters and main offices of public utility companies and other office center activities, the main library, theaters, hotels and restaurants and other activities that attract the congregation of people. Activities such as warehousing, for example, should be discouraged since they take up space without adding to pedestrian activity. A prime characteristic of this District is a core of intense pedestrian activity. Most persons entering the District will come by automobile and typically will park once to carry out several errands. The economic welfare of merchandising activities in this District depends on companion development of companion shopping. In this District, each establishment contributes to the whole shopping center by adding to the variety of goods available and adding to the comparison shopping activities. This essential interdependence of activities is given preference in the regulations and the future planning of the District over those types of activities where the customer normally does business as a single purpose trip and desires to park his automobile immediately adjacent to the establishment. Provision is made in C-3 Fringe Central Business District and Thoroughfare Oriented Business District for those uses that need to have the customer come directly to each establishment.	1. Any principal use permitted in the C-1 Local Business District. 2. Any retail business whose principal activity is the sale of new merchandise in an enclosed building, excepting uses, such as the following, which tend to detract from or interfere with a high intensity of pedestrian shopping activity: automobile sales, boat sales, trailer, coach sales, motorcycle sales, gasoline service stations. 3. Retail sales in which both a workshop and a retail outlet or showroom are required, such as, plumber, electrician, interior decorator, dressmaker, tailor, upholsterer, dry cleaning shop, printer, photographer, radio and home appliance shop, and similar establishments of no more objectionable character, subject to the provision that not more than five (5) employees and not more than twenty-five (25) per cent of the total usable floor area of the establishment shall be used for servicing, repairing, manufacturing or processing activities. 4. Restaurants, tea rooms, cafes, and other establishments serving food or beverages, except drive-in establishment. 5. Places of amusement, entertainment, or recreation, such as: dance hall, bowling alley, enclosed theater, concert hall, private club or lodge, hall renting for meeting or social occasions, or similar recreation use or place of assembly. 6. Physical culture and health services. 7. Bus passenger stations. 8. Pet shops, pawn shops, public auction room. 9. Radio and Television studios and broadcasting facilities. 10. Newspaper publishing plant. 11. Public utility uses and telephone exchanges but not including storage yards. 12. Churches, charitable institutions, hospitals. 13. Hotels and motels. 14. Police station, post office, or other governmental building and uses. 15. Other uses similar to the above uses, provided they are conducted within completely enclosed buildings.	1. Warehousing, packaging, and trucking connected with retail sales uses. 2. Signs in accordance with the City of Pontiac Sign Ordinance. 3. Off-street parking and loading as required by Article X. 4. Any use customarily incidental to the permitted principal uses.	1. Same as C-1 Business District and under the same terms and conditions. 2. Open air business uses, on either a temporary or permanent permit, when developed in planned relationship with the C-2 District as follows: a. Retail sales of plant materials not grown on site and sales of lawn furniture, playground equipment and garden supplies. b. Recreational space providing children's amusement park, shuffleboard, miniature golf, and other similar recreation when part of a planned development. 3. Automobile parking structure.									
					None	None	None	None	Where abutting a residential district boundary, structure height shall not be greater than the horizontal distance to the residential lot line.	6,000	60	
					except that a minimum 15 foot setback shall be required along the Wide Track Drive R.O.W.							
					except for that open space which abuts a residential district boundary the required open space provided shall be:	25	10	10	20			
					on that side abutting a residential district only.							
C-3 FRINGE C.B.D. AND THOROUGHFARE FRONTAGE BUSINESS DISTRICT This District is designed to provide for certain types of uses and activities which have functional and economic relationships to a Central Business District. Such activities will include wholesale suppliers, jobbers, retail and supply warehouses, motor vehicle major repair and service agencies, automobile parking structure, equipment and machinery dealers, building materials dealers, food processing plants, farm and garden supply stores, places of entertainment or recreation, public utility facilities and retail establishments related in a peripheral manner to those of the Central Business District. In this District, the customer may come to the particular establishment either by automobile or as an extension of his C.B.D. pedestrian shopping activity. Since there is little essential interdependence of activities, each establishment typically will have its own automobile parking area. Good traffic accessibility is essential to this District, particularly for trucks and other freight-carriers. The uses permitted, because of their required contact with automobile and truck traffic, would be incompatible in the Central Business District. The design and regulations for this District are also set up to provide for certain types of thoroughfare oriented commercial activities which have characteristics in common. For the retail establishments in this District, there is considerable advertising advantage through visual exposure to the highway traffic; the customer usually comes directly to the particular establishment by automobile, making a separate stop for each errand. Comparison shopping activity is inconsequential when compared to the Central Business District. Since there is little essential interdependence of activities, establishments	Subject to operational standards and conditions contained in Section 9.6 and below described, the following uses are permitted: 1. Any principal use permitted in the C-2 Central Business District, provided such uses comply with all regulations of the C-3 District: -EXCEPT- department stores, discount houses, variety stores, clothing and ladies ready to wear, gift shops, specialty shops, shoe stores, jewelry, cameras and optical goods stores; and such similar retail merchandizing operations as are essential to Central Business District and regional shopping centers. 2. Wholesalers, jobbers, building material dealers, lumber yards, coal and fuel oil distributors, warehousing, refrigerated and general storage, transportation terminals including common carriers, contract carriers and private fleets, outdoor storage of new automobiles, trucks, or buses. 3. Retail businesses that do not require extensive assembling or workshop facilities but do require service and repair in connection therewith, such as but not limited to new and used automobile and motor vehicle sales; boat and sporting goods sales; agricultural implement, garden supply and furniture stores; appliances, furniture, paint, glass, wallpaper, and hardware stores; motorcycle and bicycle sales and service; automobile parts, tire, battery, and accessory dealers. 4. Retail sales, repair services, custom assembly of parts in which a workshop is required for successful operation and in which the retail outlet or showroom may be in fact	1. Signs in accordance with the City of Pontiac Sign Ordinance. 2. Off-street parking as required by Article X. 3. Any use customarily incidental to the permitted principal use.	1. Same as C-2 Central Business District and under the same terms and conditions. 2. Gasoline Service Station, automatic car wash, self-serve car wash, public garage, drive-in restaurant are permissible only if, in the opinion of the Planning Commission, adequate conditions exist or can be imposed that will make such uses compatible with the purposes of this Ordinance; otherwise, such uses are prohibited uses.		15	None	None	20	25	2	6,000	60
					except for that open space which abuts a residential district boundary the required open space provided shall be:	25	10	10	20			
					on that side abutting a residential district only.							

Special City of Pontiac Section

ARTICLE XIV PLANNING COMMISSION (CONT'D.)

SECTION 14.5 TRAILER COACH PARK DISTRICT (CONT'D.)

4. All fuel oil and all gas tanks shall be located on each trailer coach lot in a uniform manner. All tanks shall be of an approved type to comply with the appropriate Code standards and shall be equipped with vent pipes and with fused valves. All tanks shall be elevated on non-combustible stands and placed on a concrete base.
5. Fire hydrants of a size and a pressure to be used by the City of Pontiac Fire Department shall be placed within said trailer park so that no trailer shall be more than five hundred (500) feet from the fire hydrant.
6. Each trailer coach may be provided with one (1) metal utility cabinet, which shall not exceed four (4) feet in width, three (3) feet in depth and six and one-half (6½) feet in height, which shall be uniform as to size and location throughout the trailer coach park. All cabinets shall be kept clean and shall be maintained in a good condition.
7. There shall be no storage underneath any trailer coach and each trailer coach lot shall be maintained in a clean and presentable condition at all times.
8. Trailer coach interior lot line fences shall be uniform in height and shall not exceed thirty (30) inches in height and shall be constructed in such a manner as to provide firemen access to all sides of each trailer coach.
9. All buildings shall meet the requirements of the City of Pontiac Building Code and the requirements of the State of Michigan, whichever is the most restrictive.
10. Entrances and exits from State highways shall comply with City, County, and State regulations.
11. No trailer coach shall be permitted to occupy space in a trailer coach park until the concrete stands are in place, all streets have been paved and properly drained, parking areas are complete, walks are in place, street and yard lights installed and utility connections to each trailer coach stand is provided for. The greenbelt shall also be in place or a bond or certified check in the amount of 100% of the estimated cost of such greenbelt made available to the City of Pontiac, to assure the completion of the greenbelt planting, as required by the Planning Commission.
12. The entire trailer coach park shall be maintained in a good, clean and presentable condition at all times.

D. PERMIT REQUIRED

All site plans and building plans for any trailer coach park, or for any extension to any existing trailer coach park, shall be submitted in triplicate to the Planning Commission for review and approval by the Building Department and said Commission.

A land use permit shall be granted the applicant by the City of Pontiac upon furnishing of plans and specification indicating compliance with the above requirements and payment of twenty-five (25) dollars. Such land use permits shall be revocable for non-compliance with the space requirements of this Section.

A twenty-five (25) dollar inspection fee shall be paid annually for an inspection to be made by the Building Department.

ARTICLE XV. VIOLATIONS AND PENALTIES

SECTION 15.1 VIOLATIONS

Whenever by the provisions of this Ordinance the performance of any act is required, or the performance of any act is prohibited, or wherever any regulation, dimension or limitation is imposed on the use of, or upon any land, or on the erection or alteration or the use or change of occupancy of structure or the uses within such structure, a failure to comply with such provisions of this Ordinance shall constitute a violation of the Ordinance. Every day on which a violation exists shall constitute a separate violation and a separate offense.

SECTION 15.2 PENALTIES

Any firm, corporation, person or persons or any other acting in behalf of said person, persons, firm or corporation violating any of the provisions of this Ordinance shall upon conviction thereof be subject to a fine of not more than one hundred dollars (\$100) and the costs of prosecution, or by imprisonment for not more than ninety (90) days, or by both such fine and imprisonment at the discretion of the Court.

The imposition of any sentence shall not exempt the offender from compliance with the requirements of this Ordinance.

ARTICLE XVI AMENDMENTS

SECTION 16.1 AMENDMENT PROCEDURE

SECTION 16.11 STATEMENT OF INTENT:

For the purpose of establishing and maintaining sound, stable and desirable development within the territorial limits of the municipality, this Ordinance shall not be amended except to correct an error in the Ordinance or, because of changed or changing conditions in a particular area or in the municipality generally, to rezone an area, extend the boundary of an existing District or to change the regulations and restrictions thereof.

SECTION 16.12 AMENDMENT INITIATION:

Subject to the limitations of the foregoing Statement of Intent, an amendment to this Ordinance may be initiated by: (a) the City Commission; (b) the Planning Commission; or, (c) petition.

SECTION 16.13 REFERRAL OF AMENDMENT PETITION TO PLANNING COMMISSION:

The City Commission, upon receipt of a petition to amend this Ordinance which has been examined and approved as to form by the City Clerk, shall refer the same to the Planning Commission for study and report. The City Commission may not exact the proposed amendment until a reasonable period of time has elapsed after such referral to the Planning Commission or until the Planning Commission makes its report to the City Commission, whichever first occurs.

SECTION 16.14 ACTION OF THE PLANNING COMMISSION:

The Planning Commission shall cause a complete study of the petition to be made by the Planning Director and shall recommend to City Commission such action as the Planning Commission deems proper.

SECTION 16.15 PUBLIC HEARING AND NOTICE THEREOF:

- a. A public hearing shall be held by the City Commission before adoption of any proposed amendment to this Ordinance. Notice of the public hearing shall be given by publishing said notice at least once in a newspaper of general circulation in the City of Pontiac, stating the time and place of such hearing and the substance of the proposed amendment. This notice shall appear in said newspaper at least fifteen (15) days prior to the date set for the public hearing.
- b. Not less than fifteen (15) days notice of the proposed public hearing shall also be made by the City Clerk's mailing by registered mail to each public utility company or railroad company owning or operating any utility or railroad within the district affected and by first-class mail to the person or firm to whom the property is assessed, and to all property-owners as listed in the latest Assessor's Rolls within five-hundred (500) feet provided, however, that failure to mail such notice to adjacent property owners in any particular instances shall not invalidate any Zoning Ordinance enacted or amendment thereto.

SECTION 16.16 EFFECT OF PROTEST TO PROPOSED AMENDMENT:

In case a protest against a proposed amendment, supplement or change be presented, duly signed by the owners of 20 per centum or more of the frontage proposed to be altered, or by the owners of 20 per centum or more of the frontage immediately in the rear thereof, or by the owners of 20 per centum of the frontage directly opposite the frontage proposed to be altered, such amendment shall not be passed except by the ¾ vote of such legislative body.

SECTION 16.2 PROCEDURE FOR AMENDMENT PETITIONS

SECTION 16.21 FILING OF APPLICATIONS:

All petitions for amendments to this Ordinance shall be in writing, signed, and filed in triplicate with the City Clerk for presentation to City Commission and shall be accompanied by a fee of two hundred dollars (\$200) in order to cover the cost of processing and hearing.

SECTION 16.22 CONTENTS OF PETITION:

All petitions for amendments to this Ordinance, without limiting the right to file additional material, shall contain at least the following:

- a. The petitioner's name, address, and interest in the petition, as well as the name, address and interest of every person having a legal or an equitable interest in the land covered by the petition.
- b. The nature and effect of the proposed amendment.
- c. If the proposed amendment would require a change in the Zoning Map, a fully-dimensioned map showing:
 1. The land which would be affected by the proposed amendment;
 2. A legal description of such land;
 3. The present zoning classification of the land;
 4. The zoning classification of all abutting Districts; and
 5. All public and private rights-of-way and easements bounding and intersecting the land under consideration.
- d. If the proposed amendment would require a change in the Zoning Map, the names and addresses of the owners of all land within the area to be changed by the proposed amendment.
- e. The alleged error in this Ordinance, if any, which would be corrected by the proposed amendment together with a detailed explanation of such error in the Ordinance, which is alleged, and detailed reasons as to how the proposed amendment will correct the same.
- f. The changed or changing conditions, if any, in the area or in the municipality generally, which make the proposed amendment reasonably necessary.
- g. All other circumstances, factors and reasons which applicant offers in support of the proposed amendment.

SECTION 16.23 COMPREHENSIVE REVIEW OF ORDINANCE

The Planning Commission in accordance with its jurisdiction as provided by Section 4 of Act 207, P.A. 1921, and Ordinance #881 of the City of Pontiac, adopted March 5, 1935, and as amended by Ordinance 1060 adopted June 1946, being the agency initially designated to prepare and recommend a Zoning Ordinance shall from time to time, at intervals of not more than three (3) years, examine all of the provisions of this Ordinance and the location of District boundary lines and shall submit a report to City Commission recommending changes and amendments, if any, which are deemed to be desirable in the interest of public health, safety and general welfare.

ARTICLE XVII REPEALS, SEVERABILITY, AND EFFECTIVE DATE

SECTION 17.1 CONFLICTING PROVISIONS REPEALED

The Zoning Ordinance, Ordinance #944, enacted by the City Commission December 20, 1938 and all amendments thereof and all ordinances inconsistent with the provisions of this Ordinance are hereby repealed.

SECTION 17.2 SEVERANCE CLAUSE

This Ordinance and the various parts, sections and clauses thereof are hereby declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid, it is hereby provided that the remainder of the Ordinance shall not be affected thereby.

SECTION 17.3 EFFECTIVE DATE

This Ordinance shall be effective ten (10) days from and after the date of its final passage by the City Commission of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac on this day of 1968.
