

Witness Denies Contacting Juror in Hoffa's Trial

WASHINGTON (AP) — A man who allegedly made contact with a juror in James R. Hoffa's wiretap trial was called for questioning today by Senate rackets probers.

Hoffa, Teamsters Union president who won acquittal by a federal court jury in the New York City trial last June 23, swore Tuesday he had nothing to do with the jury incident.

The committee called as a witness Richard Pastor who publishes a house organ of the Department Store Workers Union in New York.

Committee counsel Robert F. Kennedy said testimony in the current phase of the committee's inquiry into Hoffa's affairs will end today or tomorrow.

Studying Use of State Cars

Lodge Group Probing
Charges Autos Driven
for Private Errands

Use of state cars for alleged private errands is under investigation by a Senate committee headed by L. Harvey Lodge of Oakland County.

Sen. Lodge repeatedly clashed with James W. Miller, state controller yesterday during hearings.

Lodge demanded explanations of why three Supreme Court justices were assigned state cars and referred 12 instances of alleged abuse of the use of cars by state employees.

He urged that state employees be required to swear by affidavit that their use of state cars was strictly limited to business.

"The committee has plenty of time. Let's see how many liars we have," Lodge said.

Miller said certifications of use required monthly were sufficient. He challenged Lodge to give him details of the 12 complaints the senator said he had received on abuses so he could investigate them.

Lodge finally agreed to summarize them without identifying their authors.

Miller also said that Chief Justice John R. Dethmers had informed him by letter Nov. 29, 1957, that the court by resolution agreed to requisition three cars for use by three of the justices.

Lodge insisted justices were not entitled to be assigned state cars.

Fair, Cool Tonight With Low Near 52

Fair and cool with the low near 52 is the forecast for tonight by the U.S. Weather Bureau.

Northerly winds at 18-22 miles an hour will diminish tonight, becoming southeasterly to south at 10-18 miles an hour Friday.

Tomorrow will be partly cloudy and warmer with the high reaching 73 and the low tomorrow night 57.

Fifty-four was the lowest temperature in downtown Pontiac preceding 8 a.m. The thermometer read 63 at 2 p.m.

Shops Offer Exceptional Values

Festival Spirit Reigns Downtown

The festive spirit pervaded Downtown Pontiac today as the merchants began the opening of their five day festival under clear skies.

This morning workers began erecting the carnival rides and the outdoor cooking places at city parking lots, E. Pike at Hill and W. Lawrence at Wayne St. The rides and cookouts are expected to be in full swing by this afternoon.

Saginaw street and branching arteries also assumed a carnival air as more and more booths were set up in front of the downtown stores.

Merchants reported exceptionally fine response at those booths that were in operation early today. Response of the public to the exceptional values in fresh merchandise was reported "terrific" by a number of stores.

Sponsored by the Downtown Merchants Assn., some 60 stores are participating in the festival which runs through next Tuesday.

Many outstanding booths are planned with games, entertainment, costumed clerks, prizes, gifts, style shows, demonstrations and other attractions.

Georges-Newports is featuring a wheel of fortune.

Peggy's Women's apparel will feature an hourly style show at

their outdoor booth, with exhibition dancing between shows.

Merle Norman Studio, is featuring a cosmetic demonstration on the sidewalk.

Many church and women's groups are holding bake sales

throughout the downtown area, and a boating and sporting goods show is being set up all along Saginaw street.

Clowns from the Pontiac Fire Dept. will help entertain the crowds, bands are scheduled to play during the five days and

sports celebrities, to be announced later, will make personal appearances and give autographs.

Stores are staying open every night of the festival until 9 except the last day, Tuesday, when they close at 5:30 p.m.

No action was taken along these lines yesterday by negotiators who hammered out a new contract between the UAW and Ford.

"One thing is certain," a Local 600 spokesman said. "We intend to get the seniority clause. Although there is no strike now, that doesn't mean we can't go out again."

Under the present arrangement, a worker with 30 years seniority in one department of the vast facility could be laid off while a two-year man could be kept on the job in another department.

3 Years of Labor Peace Seen as Ford, UAW Approve Pact

Tension Gone at End of Long Bargaining

AP Wirephoto

SMILES ALL AROUND — John S. Bugas, Ford vice president for industrial relations (standing, left) and Walter P. Reuther, president of the United Auto Workers, (standing, right) were all smiles after they shook hands over the bargaining table late yesterday afternoon, concluding a new labor contract affecting some 98,000 Ford workers across the nation.

Ford-UAW Contract Provisions

Highlights of Auto Pact

DETROIT (AP) — Here are the highlights of the new Ford Motor Co.-United Auto Workers contract agreed on yesterday:

WAGES—No flat pay increase for production workers. However, continuation of annual improvement factor and cost-of-living adjustment provides immediate increase of between 9 and 10 cents an hour. A fraction less than 7 cents comes from the 2½ per cent improvement factor, 3 cents from the cost-of-living adjustment. New approximate average hourly pay is now \$2.52.

SKILLED WORKER WAGES—An increase of 8 cents an hour in base pay for tool and die workers and other classifications. These pay rates vary.

LAYOFF PAY—Extension of the maximum payment period from 26 weeks to 39 weeks and an increase to a flat 65 per cent of take-home pay for the full period; formerly it was 65 per cent for the first four weeks and 60 per cent for the remainder. Layoff pay supplemental unemployment benefits is in addition to state unemployment compensation.

PENSIONS—Increased from \$2.25 a month for each year of service to \$2.40 for all past service and to \$2.50 for all future service. Employees now on pension are increased to \$2.35. Early retirement permitted at age of 60 on double benefits; single benefits take effect when retiree becomes 65 and is eligible for Social Security.

SEVERANCE PAY—A lump sum payment based on length of service to workers losing their jobs because of plant relocations. It pays up to a maximum of \$3,000 for 30 years service. This is an entirely new contract provision.

Seniority Still Issue at Ford Rouge Plant

DETROIT (UPI) — Negotiators for Ford and the United Auto Workers Union planned to meet this afternoon at 2 p.m. in an effort to settle the issue of plant-wide seniority at the giant River Rouge plant in Dearborn.

An official of UAW Local 600, with 40,000 members, said all workers at the Rouge Plant were to report to their jobs today, despite reports last night that the plant would remain on strike until the seniority question is solved.

No action was taken along these lines yesterday by negotiators who hammered out a new contract between the UAW and Ford.

"One thing is certain," a Local 600 spokesman said. "We intend to get the seniority clause. Although there is no strike now, that doesn't mean we can't go out again."

Under the present arrangement, a worker with 30 years seniority in one department of the vast facility could be laid off while a two-year man could be kept on the job in another department.

LONDON (UPI) — Mrs. Eleanor Roosevelt returned to Moscow from Leningrad today, Radio Moscow reported. She is on a 10-day visit to Russia.

GM, Chrysler Confabs Due to Resume Today

Contract Awaits Approval of Workers; Most Strikers Return to Rouge Plant

DETROIT (AP) — The Ford Motor Co. looked hopefully forward today to a period of labor peace based on a three-year agreement with the United Auto Workers Union.

The pact is expected to set a pattern for the entire auto industry.

Ford and the UAW announced a settlement of their differences yesterday several hours after some 98,000 workers walked off their jobs in Ford plants across the nation.

Thousands of workers remained on strike at the Ford Motor Co. today despite yesterday's agreement on a new contract.

Local grievances, generally over seniority and job classifications, that hampered a return to production in many of Ford's 86 plants across the country.

Early estimates place the number of idle at more than 15,000. Some 98,000 had walked out yesterday at a 10 a.m. strike deadline. The contract settlement was announced six hours later.

Immediately after reaching the agreement at 4:05 p.m., UAW President Walter Reuther announced he would "get a couple of hours sleep and then show up

Contract Summary on Page 8

at the bargaining table of another company," probably Chrysler.

But the UAW said this morning "it is very doubtful" that Reuther will attend any negotiations today. No explanation was given.

Reuther said the union would try to get Ford workers back on the job. He said local problems would delay return to some plants.

A company spokesman said it hoped for resumption of normal operations by Monday. Production has started on 1959 model Fords. They are scheduled for introduction in mid-October.

At Ford's biggest operation, the Rouge plant in Dearborn, Mich., (Continued on Page 2, Col. 1)

Prefers Old Models

KNOXVILLE, Tenn. (UPI) — Police reported today a thief entered an auto dealer's and stole an old car valued at \$600—and passed up two new ones worth \$7,000 each.

Health Director Urging Vaccinations as Polio Cases Increase in County

While the number of polio cases in the county more than doubled since Friday, Dr. John D. Monroe, health director, today urged residents, especially those from 14 to 40, to get vaccinated.

As of yesterday afternoon, 14 more cases of polio had been reported in the county since Friday. That brought the total this year to 26, compared to 17 at the same time in 1957.

Although the County Health Department since 1954 had been issuing free Salk vaccine shots to children one to 14 years old as well as pregnant women, this service was halted August 11 when the department ran out of vaccine and money for more.

Only welfare persons may obtain the shots at the health department now. This became possible because the Oakland County Welfare Department had purchased \$500 worth of vaccine and requested the health department to issue it to its sole recipients. The shots are given on

Thursday afternoons at the health department.

All non-welfare county residents now have to receive their shots from a doctor Monroe added.

"This year the state legislature and Federal government, for the first time since 1954, did not make a special appropriation for polio prevention and the purchase of the Salk vaccine. The last shipment we received was on March 11—8,820 dosages. From March to August, we administered on an average of 800 shots a week with this and any other vaccine we had on hand," Monroe explained.

The vaccine has a six month expiration date and can't be kept longer to be effective, he added.

"When we had to halt the program in August because of the lack of vaccine, we sent out cards to all of the people we had given the first or second shot, informing them they would have to finish the series with the doctor," Monroe said.

The second shot is given one month after the first and the third, seven months following the second to increase as well as maintain the immunity.

Monroe pointed out that five of

SIDEWALK FITTING — Have you tried on shoes in the street before? This was the scene outside Gillies Shoes, 26 W. Huron St. this morning, as several women examined the shoes on display, and one tried on a pair.

Ford-UAW Agreement Brings 3-Year Contract

(Continued From Page One)

The company said 80 per cent of the crew reported.

The Rouge tool and die plant was closed by a strike of 1,100 workers over local grievances.

Another 50 men picketed the Rouge plant coke oven, complaining that the new contract gave them no incentive pay. The Rouge glass and assembly plants were not scheduled to work.

With the Ford contract tucked in his pocket, UAW President Walter Reuther said he will now turn his attention to General Motors and Chrysler. He undoubtedly will ask for similar contract gains from the two firms.

Terms of the Ford pact, which must still be ratified and approved by UAW locals, bring an approximate 10 cent hourly pay boost for all workers, plus extra fringe benefits. The new average hourly rate is estimated at about \$2.82.

Reuther indicated he was optimistic over the chances of a settlement with the other two members of the industry's big three, but he made it clear the union would not hesitate to set a strike deadline if such action becomes necessary.

Talks at GM and Chrysler resume today.

A note of optimism came also from GM Vice President Louis G. Seaton, who commented on the Ford settlement:

"I would like to congratulate both parties for arriving at an accord. I know it took a lot of hard work."

"I see no reason why with hard work and sincerity of purpose around the bargaining table that at GM, too, our people cannot look forward to a long period of labor peace and stability."

John Bugas, Ford vice president who directed negotiations for the company, said he believed GM "will be delighted" with the settlement, and added it was up to the Ford board to decide whether the settlement would be reflected in higher car prices.

The settlement came after 30

hours of around the clock bargaining and after 93 days of contract talks between the UAW and the Big Three.

Straley Told: Prove Charges

Police Chief Alleges Dishonesty on Part of 3 Officers in Suit

Police Chief Herbert W. Straley was challenged today to back up allegations of dishonesty on the part of three Pontiac police officers who are suing him for promotions.

The challenge came after Straley testified under oath in Circuit Court:

"I abide by the law more than the plaintiffs do, and I have records here that will prove it."

Donny Ashley, a Pontiac Police Officers Assn. official, demanded a full explanation. "If there's any evidence of wrongdoing, we want to know about it."

Sgt. Raymond E. Meggitt, one of the officers, also complained. "It's a slur on our characters to make vague charges like that and not back them up."

Straley's comment came as an angry aside as he was cross-examined about his reasons for failing to promote the three officers after they had passed civil service examinations.

Sgt. Fred L. Goines and Det. Herbert C. Cooley are the two officers. A fourth Det. James H. LaPonsie, dropped out of the suit today with the comment, "You can't beat city hall."

The officers claim they should be promoted because of a shortage of senior officers exists in the department. They say Straley and City Manager Walter K. Willman, a codefendant, acknowledged the shortage at one time and ordered the examinations.

But Straley refused to promote them because of a grudge, the officers say, and ruled instead that the promotions were no longer necessary. Both Meggitt and Cooley are leaders of the officers' association, which has had a running feud with Straley.

Straley admitted today that a year ago the department had nine lieutenants and 19 sergeants, while today it has only eight lieutenants and 16 sergeants.

But he contended that promotions of lesser rank are capable of filling the higher-paid jobs. Willman has said there is no need for the contested jobs.

Willman was to be called to the stand next as the trial proceeded in its third day before Circuit Judge Clark J. Adams.

Royal Oak Bandit Shoots Own Foot

ROYAL OAK — A panicky hold-up man shattered his foot yesterday when his shotgun went off as he fled a finance company office.

Harvey Johnson, 38, of Royal Oak Township, was taken to a hospital for amputation of his leg. Johnson came into the second floor office of the City Finance Co. branch and pointed a sawed off shotgun at teller Paul L. Morrison, 25.

Morrison handed over \$300. Just then, manager C. A. Maynard pushed the alarm button. Johnson panicked and fled, scattering the money behind him.

Morrison chased him for a block through an alley. The gun went off and Johnson fell, critically wounded. He had strapped the gun under his raincoat.

GLITTERING GEM — The sparkling new interior of the WKC Store receives added glamour from a unique \$100,000 pearl being modeled by Mrs. Estella Kamin, an employee. The fabulous pearl, weighing 1.191 grains, will be on public display starting today to mark the reopening of the store which was burned last April. The pearl formerly belonged to the Empress Dowager of China.

Remodeled WKC Store Formally Reopens Today

A completely remodeled and has now been done over in shades of blue with new fixtures and cases and a new drop ceiling.

The remainder of the store is done in shades of tan and brown and also entirely renovated. Coinciding with Downtown Festival Days, starting today, the store will offer special values, demonstrations, give-aways and prizes, according to Jack Morgan, manager.

"There is no obligation to buy," he said, "but we hope to welcome new and old friends. We are equipped to offer better service and greater values than ever."

Among the new features of the store is a hi-fi and stereophonic room, he added.

Favor Merger of Two Offices

Absorption of the duties of Oakland County Drain Commissioner Daniel W. Barry's office by the Department of Public Works cleared one hurdle today and has two to go before it becomes a reality.

Approval is needed now from the county Board of Supervisors, which, if the vote is favorable, must secure changes by the 1939 session of the State Legislature to make such a move possible.

Supervisors, probably at their Oct. 6 meeting, will act on the recommendation of three committees of the board which agreed to push for the change after a joint meeting this morning.

Drain, Board of Public Works, and Special County Government Study Committees favored this consolidation, under study for two years, after studying reports from Barry and Harold K. Schone, DPW director.

Both men urged adoption of the plan today. They were supported by Ralph A. Main, for nearly six years county drain commissioner before becoming surveyor.

The plan the supervisors will consider would abolish the separate office of Drain Commissioner as now operated, but at the same time put the control of inter-county drain projects in the hands of a chief deputy director under the DPW deputy director.

If approved, the consolidation would be a second major streamlining of county operations since the Board of Supervisors created a committee with this purpose in mind. Offices of county clerk and register of deeds were merged in June.

175 Attend Session of Bankers Association

Frederick Moore, president of the Michigan Bankers Assn., last night addressed about 175 persons at the annual banquet of the Oakland County Bankers Assn. at Elks Temple.

The banquet honored county residents who have taken courses this year at the American Institute of Banking. Murray J. Messier, vice president of Wayne Oakland Bank, presented certificates to seven persons who completed course work.

Almond growers in California, the nation's only commercial almond-producing state, expect the 1938 harvest to be nearly 25 per cent below the year before because of rain and disease.

As Private, Segregated Institutions Seek to Reopen Schools

LITTLE ROCK, Ark. (UPI) — The Little Rock Private School Corp. meets today to elect officers and decide when and how to go about reopening the city's four high schools as private, segregated institutions.

The corporation will first have to get the permission of the Little Rock School Board to lease the buildings, but that was not expected to present any difficulty.

Ford's Bugas Feels Both Sides Did Well

(Continued From Page One)

year renewal of the old contract. It left him open for us to then ask for a three-year pact."

"Automation is not very much of a problem in the auto industry for only five to seven per cent of our workers' jobs are affected. We've learned through sad experience that you can spend a lot of money for automation of some particular item in the auto field only to have the item junked a year or two later."

"I think General Motors will be delighted with our settlement for it is a solid contract."

"Our settlement with the UAW is not an excessive package."

Bugas said the break came Tuesday night in an offhand remark from a member of the UAW team. He declined to say what the topic of discussion was, but said Ford was convinced then that the UAW was ready to listen to a contract proposal.

"Our settlement was not inflationary."

Bugas seemed pleased with the new severance pay clause Ford worked out with the union. He said the clause, which was made retroactive to take care of a recent plant closing in Memphis, Tenn., was to help solve the problems of workers displaced by the closing or shifting of auto plants. This had been one of Reuther's chief goals.

Bugas chided Reuther for his 1935 pet project—a lay-off pay plan. Bugas described it as "a fuzzy approach to the problem."

He chuckled when newsmen asked him whether Reuther's 1938 project—profit sharing—ever was mentioned in negotiations. The UAW said in January its No. 1 demand would be to get a share of company profits; it later dropped the demand.

"Well, one of Reuther's team mentioned that Reuther stuck his neck out when he dropped profit sharing. One of our boys retorted that Reuther really led with his neck when he brought up the profit-sharing idea in the first place. That ended that discussion."

Drinks Shot in Court

KITCHENER, Ont. (UPI) — Detective Gerald Aminger poured himself a shot of rye whiskey and downed it in court yesterday, and the judge approved. "Yes, that's rye whiskey," said Aminger, who was ordered to confirm the bottle he seized in a raid actually contained rye.

The Day in Birmingham

Pupils on Half-Day Setup 'til School Is Completed

BIRMINGHAM — While workmen put the finishing touches on the new St. Columban's School on Elton road in Birmingham, about 180 youngsters this week began half-day sessions.

Full-time classes will start Monday with an increased enrollment expected.

The school has grades 1 through 8, taught by a staff of three sisters and one lay teacher.

Built at a cost of \$282,000, the school presently has four classrooms, but was designed for further additions as enrollment increases.

The Rev. Thomas Kennedy, pastor of St. Columban's Parish, said an open house is planned for next month. The date will be announced as soon as the convent, which is a part of the school building, is completed.

Beginning Oct. 7 and continuing through the month, a series of four Tuesday night programs on "Exploring the Investment World" will be presented by the Baldwin Public Library. They will be held at 7:30 at the library.

Herbert S. Ruben, account ex-

ecutive for a Detroit investment company, will conduct the classes.

Monthly investment plans, stock clubs, government and municipal bonds and the technical aspects of trading with investors will be explained.

Ruben will clarify the meaning of many investment terms and advise on buying and selling stocks.

Free tickets may be picked up at the library. The number is limited.

Feature of the registration session of the Southern Michigan Obedience Training Club at 8 p.m. Monday at Bloomfield Hills High School auditorium will be demonstrations by trained dogs.

E. W. Averill, 419 Westwood Dr., Birmingham, said regular classes will begin Sept. 29. They already are under way in Pontiac and Berkley.

Appearing in the September issue of "Children's Religion" is the song, "Slowly-Sweetly," composed by Susan Knopf, 12-year-old daughter of Mr. and Mrs. George S. Knopf, 1488 Henrietta St., Birmingham.

A junior high school student, Susan wrote the song for the lower

junior department of the Congregational Church of Birmingham.

Bids for a traffic betterment project on U.S. 10 in Birmingham will be taken Oct. 8 by the State Highway Department in Lansing. The project includes a crossover on Adams avenue onto U.S. 10. Completion date is June 30, 1939.

The Oakland Reciprocal Electrical Council will hold its quarterly meeting at 7:30 p.m. tomorrow at the Birmingham Community House.

Invited are contractors, inspectors, journeymen, electrical workers and industry representatives. A program will be presented by the Bell Telephone Co. The secretary's and convention reports also will be given.

Refreshments will be served.

The Bloomfield Hills Camera Club will meet at 8 this evening at the Cranbrook Institute of Science auditorium. J. Elwood Armstrong will speak on "Mexico — the Land of the Tarascan." The public is invited.

Keepers of the Morgue

SYRACUSE, N.Y. (UPI)—Syracuse University has announced that its schools of Library Science and Journalism have arranged a joint program for training college students to become newspaper reference librarians. The program will start this fall.

Three out of every 10 unemployed persons are single.

More Showers, Cool Weather Outlook for East

By The Associated Press

More rain and cool weather was the dismal outlook in the Eastern section of the country today. Generally dry and nearly normal temperatures prevailed in most other areas.

Skies cleared in the rain-soaked sections of the mid-continent as warmer air headed into the region after several days of wet and cool weather.

The main wet belt in the East was in the Ohio Valley, the lower Great Lakes region and New England. However, rain splashed the Atlantic Coast states and a narrow belt of showers extended across the southern Appalachians and the central Gulf Coast states.

Heavy rains hit Eastern regions yesterday as cool Atlantic winds fanned southward along the coast, ending a brief spell of hot weather. More than 3 inches of rain pelted Hartford, Conn., in 24 hours. A drenching belt of thunderstorms moved through the New York City area early last night. The thunderstorms stretched from the eastern slopes of the Appalachians to Virginia, to Montgomery, Ala. Nearly 2 inches of rain fell during the night at Gordonsville, Va.

ACCIDENTAL ART — If it were entitled "Still Life With Bird," this nature study of a fence post and waving wheat heads might receive a photographic salon award. But the photographer whose lens caught the artistic composition was merely snapping away to illustrate new slip-on fence fasteners nailed to the post.

Auto to Prevent Drunken Driving

Safety Expert Predicts Electronic Controls for Prevention of Collisions

CHICAGO (UPI)—Electronically equipped autos of the future will prevent drunken driving, steer when the driver is fatigued and guard against collisions, a safety expert predicted today.

Dr. James L. Malfetti, executive officer of the safety education project at Columbia University, forecasted a relatively easy time for the driver of the future:

"If he is fatigued, his car can be guided down the center of a lane or through a change of lane. If his reactions fail he can be prevented from a collision through control of speed and headway. Or, if he is intoxicated, an electronic ignition system, depending on driver coordination, can prevent his starting the motor."

Malfetti spoke before the 56th annual American Automobile Assn. convention.

In discussing the work of the safety education project, which is financed by an AAA grant, Malfetti charged that too much attention is given by law enforcement officers to "punishing" bad drivers and too little effort to "rewarding" good drivers.

"Punishment seems to have the effect of suppressing impulses to drive dangerously, not extinguishing them," he said. "As a result, unsafe behavior is likely to be revealed whenever the circumstances are right."

He suggested a program leading to recognition of driving skill through competitions sponsored by enforcement officials, with prizes and commendations awarded the careful motorist.

'Hate U.S.' Campaign Growing in Red China

TOKYO (AP)—The "everyone a soldier" movement is spreading throughout Communist China "as the people get more and more angry over U.S. provocations," Peiping radio reports. Communist Chinese broadcasts say millions have enlisted in militia units to beat back an invasion. Whipping up the "hate America" campaign, the radio emphasizes that Red China may be invaded at any minute.

Fingernails grow at the rate of 1 1/2 inches a year.

High School Girl Gives Birth to Triplet Sons

REDLANDS, Calif. (AP)—A 16-year-old high school girl and her triplet sons are doing nicely today.

Linda Sue Voss and her husband, David, 19, had expected twins. The triplets, born yesterday two months premature and weighing a total of 12 pounds, were placed in incubators. They were labeled A, B and C pending selection of names by the astonished parents.

"I can't even think," said Voss, a dairy worker.

Auto Stylist Talks Back

Rushes to Defend Fins

DETROIT (NEA) — Russian propaganda is trying to make the high U. S. auto tail fin the symbol of plush decadence of current American life.

And, not implying any connection, the American eggheaded intellectual tends to be a sharp critic of the tail fin as ostentatious.

Granting both of these contentions, Virgil M. Exner, the recognized father of the fin and director of styling for the Chrysler Corp., couldn't care less.

He proudly confesses to committing only one crime as far as his fin goes. In his opinion he has been tried by a blue ribbon jury of his peers for it and found guilty of creating the most envied competitive commercial symbol known to the American buying public. He explains:

"Competitors are the toughest jurors there are in this game. And when they come up with versions of your basic idea, which they have done this year, you can be pretty sure your idea or design concept is good."

It's obvious that Exner's fin influenced the '58 Ford and General Motors models. And on the '59 models just now going into production there is strong evidence of trying to out-finish Exner's basic idea in one form or another.

Chevrolet, Buick Oldsmobile, Mercury and Lincoln all are up this year with dramatic rear-end configurations as customer bait. And Chrysler's new line, especially Plymouth, features even higher, more startling fins than the year before, plus the chrome and design frosting that goes with the fin-look of luxury and great size.

BUCKS TREND

Bucking this trend, in its fight for survival, if Studebaker with a new, small economy car which will sell for less than \$2,000.

American Motors will stick with its basic Rambler and Metropolitan, which had great success in '58. And the Ford car for '59 is reported to be more conservatively styled than the '58.

GM and Ford spokesmen deny any Exner influence on their fancy '59 models. But Chrysler's high '59 fins do symbolize a continuation of the trend toward more plushness, which recently has been criticized.

SEE POOR YEAR

It's the continuation of this trend by the auto industry this year that is causing some skeptics to predict an even worse year for '59 than has been experienced in '58.

Accepting the role of spokesman on this question the handsome quiet Exner argues:

"It's true that increased sales of foreign and small cars, plus the poor showing of the bigger American cars in '58 showed serious conservatism by U. S. buyers. But the prime cause of it was the recession. Recessions always make people cautious and conservative in what they buy."

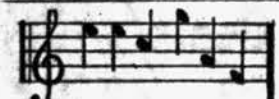

"With the recession ended, however, Americans are going right back to buying the same dramatically-styled, attractive cars they have always demanded."

Numerous public opinion polls differ with this argument. But Exner says:

"If we relied solely upon public opinion surveys to dictate automobile design, we might still have essentially the same product we had 20 years ago. For, one of the things surveys can't take into account is the impact of new ideas—the progress that is made by innovation. It is essential, therefore, that an automobile stylist be a creative artist who molds and influences public tastes to a considerable degree."

One charge does jar Exner's calmness. That's the claim that his fin is sheer ostentation, serving no utilitarian purpose.

"Listen," he says, jabbing you gently on the chest with a long, thin, artistic finger, "it happens to be a fact that wind tunnel tests confirm that our rear fins contribute measurably to the stability of the cars in severe crosswinds at normal highway driving speeds."

Auto, Freight Engine Merely Bruise Man

EAST ST. LOUIS, Ill. (AP) — Fred Cowell, 17, of East St. Louis spent a few harrowing minutes last night when his car and a freight engine ran over him. He escaped with cuts and bruises.

He was following a slow-moving truck across multiple railroad tracks when he noticed the engine bearing down. He jumped out and ran but got only a few feet away before the engine hit the car, dragged it along and rolled it over him. Then he fell between the tracks and most of the engine also ran over him.

The locomotive stopped and Cowell squirmed free. He was treated at a hospital and released.

Open New Club for Teenagers in Waterford

A new club — strictly for well-mannered teenagers, has opened in Waterford Township.

Located on Highland at Pontiac Lake road, in the old Eagle's Hall, the new club is under the supervision of Miss Sallie Wright and Steve Fearn.

These two have pooled their ideas and efforts in order to have a central place where teenagers may dance, play games, and have refreshments.

A four-piece band plays nothing but request numbers from the audience every Wednesday, Friday and Saturday nights. Yearly membership is \$2. This entitles the member to juke box dancing Tuesday and Thursday nights, plus a 50c admission fee. Non-members pay 75c for admission.

The club closes at midnight except Saturday, when an extra hour is added for dancing.

Every Friday and Saturday nights, there is a dancing contest, and the winners receive free pizza from Nonne's restaurant as first prize. More than 300 attended last Friday's dance.

Toastmaster's Club to Hold First Meeting

The first regular meeting of the Waterford Toastmaster's club will be held at 7 p.m. tonight at the Community Activities building in Waterford Township.

Highlighting the affair will be the presentation of a certificate of merit in Basic Speech Training to Rev. Benjamin A. Bohn, for completion of twelve major speech presentations during the past two years.

The group was organized two years ago, and bi-weekly meetings are held Thursday evenings at the C. A. I.

Saturday Activities for Youths Slated

Saturday morning activities for have been scheduled to begin at the Community Center this week, according to Recreation director, Tom Belton.

Boys and girls in different age-brackets have been assigned specific hours to participate in gym games, arts and crafts, table games along with other quiet games.

Children from the ages of 7 through 9 are scheduled for 9:30 to 10:45 a.m., and those from 10 through 13 years old will be in the gym from 10:45 a.m. to 12:15 p.m. From that time until 1 p.m. the gym will be reserved for boys 13 years and older who wish to play basketball.

There will be no charge for the Saturday morning programs, with the exception of nominal costs of crafts materials, Belton said.

Detroit Independent Cuts Gasoline Prices

DETROIT (AP) — Gasoline prices were cut another two cents a gallon by a leading independent retailer yesterday in the Metropolitan Detroit area's second round of price cutting in less than a year.

Amro Station Inc., announced the cut, making its regular gasoline 25.9 cents a gallon with premium 29.9 cents a gallon. An AMRO spokesman predicted further cuts by major oil companies which reduced prices 1.8 cents a gallon Monday.

Most major suppliers in the Detroit area are selling regular at 29.9 and premium at 33.9.

The latest price cutting was started Monday by Standard Oil Co. with a 1.8-cent-a-gallon reduction.

Cash Hawley, general manager of the Michigan Retail Gasoline Dealers Assn., said he believed most of the major suppliers would follow the latest price reduction.

MEMBER OF THE
ASSOCIATED PRESS

Capt. Krause Retires From City Police Post

A fine police officer retires after nearly 35 consecutive years of police work. Capt. WALTER C. KRAUSE has resigned from the Pontiac Police Department to take a job as process server for the Municipal Court.

Capt. KRAUSE started in the uniformed division and after a couple of years was transferred to the juvenile division where he spent well over 20 years combating juvenile delinquency.

During all his years of juvenile work Capt. Krause was known to both youngsters and adults as "Walt." Many of Pontiac's young business men of today well remember some brief encounter with Walt over a prank at Halloween time.

Capt. KRAUSE's success over the years working with youth was largely due to his understanding and sense of fair play. Instead of a direct rebuff, WALT would be more apt to talk it over with the youngsters involved and come to a solution through mutual understanding.

Juvenile work was uppermost in the mind of Krause for well over a quarter of a century. Aside from his regular work with the Police Department, Walt took part actively in youth work during his off hours.

In order to help curb juvenile delinquency he served as chairman of the Junior Oakland County Sportsmen's Club and examiner for the safety merit badge for the Boy Scouts.

We wish WALT well in his new post with the Municipal Court and can only hope that he will continue in some way with his keen interest for the youth of Pontiac.

Labor Negotiations Snooper to Be Bowles

Do tell! Governor G. Mennen Williams engaged GEORGE BOWLES of Detroit as his "personal observer" for labor negotiations.

This bit of personal snooping ought to raise "great hopes" in the minds and hearts of the bargainers; and then think of the comfort that will encompass the State of Michigan when all of us ordinary mortals are aware that the Governor's handpicked stooge sits there solemnly listening to the discussions.

What good can HE do?
The same goes for Williams.

The Governor declares "very frankly," that his puppet "will never enter the negotiations." Isn't THAT a wonderful concession! What a blessing!

In the light of no definite statement, we assume this personal snoop is on the public payroll. At times, the Governor actually outdoes himself.

Collective Bargaining Not Limited to Union

According to news dispatches, GM, Ford and Chrysler came up with identical offers "within a space of 18 minutes."

The union promptly charged the

three industrial firms with "common bargaining."

Well, so what?
Isn't that O.K.?

The members of the union ban together for "common bargaining" and this embraces several hundred thousand workers in one common group.

No one objects.
It makes sense.

Therefore, how can it be immoral, illegal or even "bad manners" if the three employers do the same? Note this is just three—plain three—not three hundred thousand, or even three hundred.

Perhaps as time passes, more and more contracts will be negotiated on an industry wide basis. Perhaps that is the solution to the current methods which seem to result in a maximum number of lost days of employment.

At the turn of the century, on an average day, 15 million newspapers were purchased. Today, 58 million newspapers are purchased on an average day.

The Man About Town Biggest Pumpkin

Sought for Exhibit at PTA Fair. Have You Large One?

Football: What can be worth \$300 to you. See below.

This column wants the biggest pumpkin, to be given to the "Western Fair" at Hamlin Elementary School near Rochester on Oct. 4. This is a big annual PTA event.

If you have an extra large pumpkin, write or phone me (FE-2-8181) at The Pontiac Press before Oct. 1, giving its size, weight, etc. If it tops all others, I'll call for it myself, and see that it is delivered to the school. Check your pumpkins.

"I'm looking for a lot of upsets," writes

Mrs. Mercedes Fletcher of Walled Lake, in submitting her football entry in our contest. It is evident that many others feel the same way, as Ohio State is picked by the "experts" to defeat Southern Methodist in the first contest game on Sept. 27, but a great many of the early contest entries favor the Methodists. A complete list of the games will be published again tomorrow. Do you want that \$300 prize?

One more such crack and I'll be giving away a long paid-in-advance subscription for another magazine. They call it

"Detroit's Cranbrook" in Look Magazine's story about why Michigan is such a great state.

The open house at the Moses Wisner Home extends through today and Friday. You're invited and urged to go through this oldest of our homes between 9:30 and five o'clock.

Perhaps the spirit of the times is reflected in the remark of a seven year old Pontiac child who, when told by her mother that she now is growing up and should learn to like such things as a shrimp cocktail, said, "I thought the first thing I should learn to like was a martini."

Tomatoes of the Beefsteak variety that weigh two pounds each are coming from the garden of

Asher Malarkey in Drayton Plains. And they surely do look like beefsteak.

To settle some disputes and answer the query of

Gerry Marshfield of Keego Harbor, the 1958 harvest moon will be at its full on Sept. 27, being the nearest full moon to the official entrance of autumn, which is on the morning of Sept. 23.

Not Helping Them Concentrate

David Lawrence Says:

Court's Decisions Too Equivocal

WASHINGTON — One of the reasons why there is widespread resentment nowadays over several decisions of the Supreme Court of the United States is that there are so many instances in them of plain equivocation.

This was underlined when Justice Frankfurter, in the hearing last week, had a colloquy with R. C. Butler, the attorney for the Little Rock school board, on what the court really meant four years ago in brushing aside the famous 1896 case on "separate but equal" facilities as being concerned not with education but with transportation.

Here are the exact words of the Supreme Court's 1954 decision on this point:

"The doctrine of 'separate but equal' did not make its appearance in this court until 1896 in the case of Plessy v. Ferguson, involving not education but transportation."

The average person would assume from this wording that nothing important had been said in the 1896 decision about education.

Yet a reading of the opinion in that case—which was decided by a 7-to-1 vote, as one justice didn't participate—shows that the separate educational systems in vogue in the schools of many states at the time constituted the very basis for the ruling. The Supreme Court majority opinion in the Plessy v. Ferguson case reads in part as follows:

"The object of the (Fourteenth) Amendment was undoubtedly to enforce the absolute equality of the two races before the law, but in the nature of things it could not have been intended to abolish distinctions based upon color, or to enforce social, as distinguished from political, equality, or a commingling of the two races upon terms unsatisfactory to either."

"Laws permitting, and even requiring their separation in places where they are liable to be brought into contact do not necessarily imply the inferiority of either race to the other, and have been generally, if not universally, recognized as within the competency of the state legislatures in the exercise of their police power."

"The most common instance of this is connected with the establishment of separate schools for white and colored children, which have been held to be a valid exercise of the legislative power even by courts of states where the political rights of the colored race have been longest and most earnestly enforced."

The foregoing opinion was written

The Country Parson

Life shouldn't be like a baseball game—with a handful playing their hearts out while the rest just sit by as spectators."

ten about 30 years after the proclamation of the Fourteenth Amendment. The Supreme Court plainly recognized the validity of state court decisions on education and gave several citations in support of its legal position.

Yet the 1954 decision of the Supreme Court and the remarks last week by Justice Frankfurter gave the impression to the Ameri-

(Copyright 1958)

Dr. William Brady Says:

Alcohol Queries Follow Morning-After Remorse?

Today's mail brought numerous inquiries concerning the number of calories or "food value" of alcoholic beverages. This sudden interest in the effects

of alcohol on nutrition, good looks, vitality, functional efficiency and longevity suggests the remorse of the morning after. Why else should any one care how many calories in his tipple?

In general, wine contains two to four times as much alcohol as beer, but less carbohydrate.

The carbohydrate in beer consists of maltose and dextrin. Maltose is a kind of sugar produced by the germination (with warmth and moisture) of grain, usually barley, and by fermentation of the starch in the grain. Dextrin is a gummy carbohydrate formed as an intermediate product in the decomposition of the starch in the grain by heat, acids or enzymes. Both maltose and dextrin yield the same number of calories as sugar.

The sweet wines contain approximately a teaspoonful of sugar to the ounce or three teaspoonfuls in the glass of wine. Dry wines, contain little or no sugar.

According to Food and Beverage Analyses by M. A. Bridges, B. S., M. D., F. A. C. P., various kinds of beer yield from 100 to 135 to the glass — a standard measuring cupful. A glass (wineglass, about 3½ ounces) of champagne has 90 calories, port wine 165 calories, Rhine wine 70 calories, claret 60 calories. A glass (brandy glass, 30 cc, about an ounce) of brandy 70 calories, Bourbon or rye whiskey 85 calories, hard cider 40 calories.

These figures are the calorific effects of the beverages if we assume that all the sugar and all the alcohol is burned in the body.

All of the sugar in alcoholic beverages or in soft drinks may be burned in the body, that is, utilized to produce heat or muscular energy.

But capacity to burn alcohol in the body is limited.

If more alcohol is taken than the body can burn to produce heat or muscular energy, the excess merely intoxicates and impairs both mental and physical efficiency. When the odor of alcohol is in the breath, the individual has taken more than he can utilize and he is "under the influence," or "slightly intoxicated," or just plain "drunk," depending on the extent of over-indulgence.

The caloric or fuel value of alcohol is greater than that of carbohydrate (starch, sugar) or protein (lean meat, egg white, milk curd, the nitrogenous constituent of nuts and vegetables) but less than that of oil or fat.

Webster says food is nutritive

Voice of the People

'Why Do We Have Elections if Supreme Court's Law?'

This may be a free country but I don't see, if the Supreme Court is the "law of the land," why we go to the trouble to elect a President, Congress and Representatives. Why not just have the nine justices and do away with all the rest, including the Constitution?

Seems to me we're no better off in this form than some other countries. Also, why have states, since the Court controls the whole nation, except some states have a so-called freedom and others don't. Could this be the beginning of a dictatorship?

And Ike is supposed to be a very smart man. You know this isn't right in a democracy. As for colored people, they have a right to go to any school in a district, but give the whites the same right. If they don't want to go with Negroes, let them go to any school.

Says Both Parties Are Just Alike

What's the difference between the Democrats and the Republicans? They both spend, spend, spend and tax, tax, tax. I can't see any difference except that the Democrats roll over like a pet poodle when the labor leaders crack the whip and it doesn't seem to make any difference whether the labor leaders are the good ones or the grafting racketeers. The GOP protests about this but they don't do anything. I'm sick of both parties.

Old Fogey

Wants to Try New Pedestrian Plan

For many years in Arizona they have given pedestrians "go" signs with all vehicles blocked. This lets people walk both directions at once and those that are making a right angle can go kitty-corner.

It looked like a big time saver and I understand many other cities are using it. Why can't we experiment with the plan one week at Saginaw and Huron?

L. S.

'Teen Driving Law Is Inconsistent'

I'd like to know who was responsible for such a law as to give 16-year-old drivers licenses. No one wants to hire them to work and when they do, they are paid only enough for an ice cream soda and a show. Then the courts say it's parents.

No such law should exist so long as unemployment is provided for them. You cannot expect teenagers to be sensible when adults are so stupid.

Observer

'Why Do Farmers Get All the Help?'

Why should taxpayers continue to pay money to the farmers? I'm behind financially and no one taxes the people to help me out.

Small Merchant

'Progressive' Wants Waterford Bureau

I'd like to know what happened to the pre-election statement of putting a drivers license bureau in Waterford. With all the new shopping centers going up here in Waterford, there is very little reason for going into town. We've got practically every other business office here in our own community, so why can't we also get the police department to issue permits for driving, road tests, etc., here in Waterford?

Progressive

Case Records of a Psychologist:

Success Invokes Jealous Jabs

Bishop Sheen is often belittled by jealous priests and Dr. Peale is likewise depreciated by envious clergymen, not because they are wrong in their statements, but because the critics wish to inflate their own feeble ego. Is that what caused Tom's professor to make the attacks below?

By DR. GEORGE W. CRANE
CASE Z-322: Tom 'S., aged 22, is a Michigan school teacher who took some graduate work at a university in Detroit.

"Dr. Crane," he informed me recently, "I find that some of the ivory tower psychology profs have you like poison."

"For example, in one of my graduate courses the psych prof said the editor was crazy even to run your column!"

"Then this prof who over simplified psychology. And he sneered at your booklets, saying they were trash."

"Well, I let him continue till he had worked himself up into an emotional frenzy. Then I stood up and asked him to tell us anything you had said that was incorrect. I called his bluff."

"And I informed him I had studied from your college textbook as an undergraduate and it had been voted the most interesting text in use at our college."

"Furthermore, I told him the doctor in my home town in northern Michigan prescribes your booklets for many of his patients."

"And I added that I had sent for at least a dozen of your booklets and had profited from them greatly, so I'd like to have him point out in detail where you had uttered any false statement about psychology or psychiatry."

"Well, he was taken aback and immediately began to crawl, maybe for fear the editor or you would charge him with slander."

"The rest of the semester he never said another word on the subject," and he gave me a 'B' as my term grade, so I guess I stopped his tirade at the right moment, eh?"

APPLE TREE PSYCHOLOGY
Whenever Mrs. Crane hears of a spiteful attack on me, uttered behind my back, she reassures the children by telling them:

"Only the apple trees which produce the rich, popular fruit get the sticks and stones hurled at them. Those that bear the sour, little crabs are ignored."

It is only natural that anybody who gets his name in print frequently, will tend to be figuratively knifed behind his back. The critics may try to rationalize their arguments, but most people understand they are simply a "cover up" for plain envy and jealousy.

For example, I have personally heard priests belittle Bishop Sheen. And many leading Protestant clergymen damn Dr. Norman Vincent Peale by faint praise.

When the late Dr. Henry C. Link had published his famous little book entitled "The Return to Religion," I happened to be in New York and had lunch with some of Dr. Link's own office staff.

One of these psychologists

warned me that "Dr. Link is very ing on quackery."

What he might better have said was, "Dr. Link has written several magazine articles recently and I envy him his popularity."

"So I shall try to rise in ego inflation by assuming a critical superiority and thus try to pull him down beneath my own level. Then I can feel superior to him."

Some ivory tower professors will even try to browbeat editors by "pulling rank" on them, as was

done at Ann Arbor and Minneapolis when they told the editors, "We never heard of the 'Stutter triangle' which Dr. Crane advocates for speech patients!"

Well, they WOULD hear such things if they'd study a little modern psychiatry!

They never heard of a man-made satellite till recently, either, but their previous ignorance wouldn't disprove Sputniks! Imagine such illogic!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long stamped, self-addressed envelope and 25c to cover typing and printing costs when you send for his psychological charts and pamphlets.

State's School Situation Worse

Superintendent Calls for Hike in Aid, Law to Reorganize Districts

MACKINAC ISLAND (AP) — Lynn M. Bartlett, state superintendent of public instruction, said today Michigan's schools are worse off than a year ago.

As major corrective measures, he called for a "significant" step-up in state school aid and a law requiring reorganization of all school districts as kindergarten-to-12th grade units.

In a talk prepared for the annual meeting of the Michigan Assn. of school administrators, Bartlett said:

"One year ago, there were 11,000 teachers in Michigan schools who did not meet minimum certification standards. This year we are estimating more than 14,000.

"We had a classroom shortage of some 10,000 classrooms. These were needed to take care of increased enrollment, to replace obsolete and unsafe facilities, to relieve overcrowding and to eliminate multiple sessions.

"Today, we are predicting a

classroom deficit of more than 11,000."

In spite of acute money needs by colleges facing steep enrollment increases, he said, the legislature granted virtually no building funds and cutback operating allowances.

Prehistoric Bone Found on Farm in Michigan

BANGOR (UPI) — A large shoulder blade, possibly from an animal that roamed this area thousands of years ago, has been found on a farm west of this Van Buren County community.

The shoulder blade and socket measured 2 1/2 feet long. The shoulder socket is about nine inches in diameter while the blade is about 1 1/2 feet long, a foot wide and a couple of inches thick.

It was found in a peat bog at a depth of about eight feet on the Roy Carpenter farm by workmen digging a hole to bury stones.

Charles Shinn, an amateur anthropologist from South Haven, said other bones found in the area were about 11,000 years old. He said the shoulder blade probably was from an animal about nine feet tall, possibly a member of the elephant family.

Shinn said he hoped to get the petrified bone for his prehistoric animal museum.

Texas, with more than 8,000,000 cattle, has more than any other state.

Disappears With 5 Children

Deceased Writer's Wife Reveals She's Unwed

MONTEREY, Calif. (AP) — Eleanor McPartland, wife of a best-selling author and Monterey's Mother of the Year in 1956, said last night she was unwed — and disappeared quietly with her five children.

Ida McPartland, who lives 125 miles away in Mill Valley with her 10-year-old son Donald, first broke the news of John McPartland's two families. She said that in fairness to Donald she wanted it known that she, and not Eleanor, is the widow of the man who wrote "No Down Payment" and a dozen paperback novels.

McPartland died of a heart attack Sunday night and Eleanor was listed as his widow. But Ida said she was married to the writer in Tyler, Tex., in September 1943 and bore him Donald.

Eleanor had been received here as McPartland's wife for a decade. She bore him five children, aged 4, 6, 7, 9 and 10.

"I confirm Ida's story," she said after Ida told newspapermen she is the real widow. "Other than that, I have no comment." Later, she said she was leaving with the children to avoid further publicity. She did.

Ida said the easy-going author

had lived with both her and Eleanor over the years and each woman knew of his relations with the other. She explained she never legally separated from him because he kept promising to give up Eleanor and return to her and Donald.

"Why, he made that promise as late as last week," she added. She reported he had spent two weeks with her this month, returning to Eleanor in Monterey only the day before he died.

Eleanor and McPartland formerly lived in the country club district here, then moved to the exclusive Del Monte Forest on this art colony peninsula.

Eleanor was active in Parent-Teacher Assn. and Cub Scouts work.

Ida said she was very sorry over the publicity, but considered the story must be told to establish that McPartland was her son's legal father and that she is the widow.

Her attorney in San Francisco, Jay Pfenhauer, said he plans to ask that Ida be named administratrix of her husband's estate.

There was no mention of the size of McPartland's estate but friends here said they doubted it would be large.

Promises to Review Air Mail Cancellation

DETROIT (AP) — A review of an air mail lease cancellation at Wayne Major Airport was promised by Postmaster General Arthur E. Summerfield.

Mayor Louis Miriani of Detroit had protested that the post office action would temporarily block the scheduled move of airlines from Willow Run Airport to the county field.

Under present agreement, airlines using Willow Run must give a cancellation notice of a year and 15 days unless an air mail facility exists in another airport in the same area.

Only 60 days notice is required

if there is another air mail facility. John C. Jacoby, legal adviser to the Wayne County Road Commission which operates the county airport, said the post office signed a lease to use facilities at the field Aug. 25.

Seeking Relatives Here

Relatives of the late Adam E. Farnwalt, of Creston, O., believed to be in the Pontiac area, are being sought by attorneys for his estate. Anyone knowing the whereabouts of such relatives should contact Insp. Clark Wheaton at the Pontiac Police Dept.

Studies indicate that the summer earnings of teenagers totaled more than 1 1/2 billion dollars in 1957 and that about 72 per cent of the boys and 48 per cent of the girls in the 13-19-year-old group work for pay during their vacations.

FEDERAL DEPT. STORES

JUST SAY: "Charge It"

Here's Summary of UAW-Ford Pact

DETROIT (U) — Here are the principal points in the Ford-United Auto Workers contract agreed upon yesterday:

1—Improvement Factor (Yearly)

An increase of 2½ per cent of the base hourly rate of six cents per hour, whichever is greater, on July 1, 1958, Aug. 1, 1959, and Sept. 1, 1960.

This means that the annual improvement increase is retroactive to July 1 this year.

2—Cost-of-Living Allowance

Payment of a cost-of-living allowance of three cents an hour, based on the July 15, 1958, consumer price index. This would be paid retroactively to Sept. 1, 1958. An additional two-cent cost-of-living allowance, based on the May 15, 1958, consumer price index, would also be paid retroactively to July 1, 1958, for the months of July and August, this year.

3—Wage Hike for Skilled Workers

An increase of eight cents in the base hourly rate of employees in all skilled classifications in the tool and die, maintenance, construction and power house groups (appendix F to the expired agreement), and varying adjustments in lesser amounts for apprentices, effective Sept. 1, 1958, to be added after giving effect to the Sept. 1, 1958, improvement factor increase referred to in item 1 above.

4—Supplemental Work Benefit Plan

Under the revisions to the plan, subject to an increased SUB maximum of \$30, the benefit structure would be improved in the following important respects:

(1) All benefits would be payable on the basis of 65 per cent of straight-time take-home pay rather than being reduced to 60 per cent after the first four weeks of any layoff as at present.

(2) A short workweek benefit would be added to supplement income up to 65 per cent of straight-time take-home pay in weeks in which the employee's earnings are too high for him to qualify for state unemployment compensation.

(3) Provision would be made for payment of a \$2 benefit even though the applicant's remaining credit units otherwise would be insufficient for the \$2 benefit.

(4) A benefit may be payable if the applicant has any fraction of a credit unit, instead of at least ¼ credit unit being required as under the present plan.

(5) Credit unit accrual would be liberalized to give ½ credit unit for each week in which any pay is received, instead of for each week in which at least 32 hours' pay is received as at present.

Eligibility Modifications

(1) Change the credit unit requirement from "¼ credit unit" to "credit unit or fraction thereof."

(2) Eliminate the requirement that a "waiting week" be served if the state does not require one, (a separate plan waiting week would not be required under the proposed amendment).

(3) Eliminate the requirement that applicants report to the state requires less frequent reporting.

(4) Give the company the option to waive the requirement that applicants report to the company plant each week.

Provision would be made for alternate benefits to supplement layoff income for employees in Indiana, where "supplementation" as defined in the plan is not permitted.

Changes designed to simplify the plan and the administration of its provisions would include:

(1) Merger of the defense fund into the general fund, so that there would be only one "fund," making possible several language simplifications and elimination of entire article IX.

(2) Maximum funding expressed as \$333 per person on the employment rolls and on layoff with credit units, replacing the more lengthy language involving relationships to June, 1953, data.

(3) Simplified procedure on suspension of a SUB benefit when U.S. is in dispute by eliminating the escrowing of the SUB amount and the suspension of credit units.

(4) Incorporation of various interpretations and clarifications previously agreed upon by the parties.

(5) Adoption of simplified language in several places, including dropping certain paragraphs that now are historical, and clarification of other provisions.

AFTER THE SIGNING—John S. Bugas, Ford Motor Co. vice president, industrial relations, scratches his cheek (left) and Walter P. Reuther, president of the United Auto Workers speaks to

reporters after the company and the union signed a new labor contract in Detroit late Wednesday afternoon.

5—Separation Payments

The separation payment provision that would be established in conjunction with the SUB plan would provide for:

(1) Lump-sum separation payments ranging on a progressively graduated basis from 40 hours' pay for a person with two years' seniority to 1,200 hours' pay for a person with 30 or more years' seniority, subject to proportionate reduction if SUB trust fund position is below 100 per cent, and reduction by amount of any SUB received since start of layoff.

(2) Eligibility to be established after being on layoff 12 months for any reason.

6—More Retirement Benefits

Normal retirement benefits payable monthly to employees retiring on or after Sept. 1, 1958, would be computed on the basis of \$2.40 for each year of credited service for service prior to Sept. 1, 1958, and \$2.50 for each year of credited service for service subsequent to Aug. 31, 1958.

Present retirees would get \$2.35 for each year of credited service, compared with the current \$2.25.

Early retirement benefits for retirements on and after Sept. 1, 1958, and deferred vested pension benefits for employees terminated on and after Sept. 1, 1958, also would be computed on the basis of these higher normal retirement benefit amounts.

For purposes of computing years of credited service, a full year of service would be allowed at 1700 hours worked instead of the present 1800 hours. Employees would receive creditable service for periods of time while receiving workmen's compensation.

Special early retirement benefits would be given at the option of the company or under mutually satisfactory conditions.

The benefits would be computed on the basis of \$5 for years of service after 1958, \$4.80 for years of service prior to 1958. And \$4.86 for the year 1958. Life insurance would be extended to employees on special early retirement in the same way as those on normal retirement.

Disability retirement benefits payable monthly on and after Sept. 1, 1958 to employees retiring on and after Sept. 1, 1958 would be computed on the basis of \$4.80 for each year of credited service for service prior to Sept. 1, 1958 and \$5.00 for each year of credited service for service subsequent to Aug. 31, 1958. For any month for which such a retired employee is eligible for a disability benefit under the Federal Social Security Act, the monthly disability retirement benefit would be \$2.40 for each year of credited service prior to Sept. 1, 1958 and \$2.50 for each year subsequent to Aug. 31, 1958.

sequent to August 31, 1958.

7—Group Insurance Benefits

Additional group life insurance, amounting to \$7,600, \$7,200 and \$6,800, would be provided for employees in three higher brackets.

Increased accidental death and dismemberment insurance; increased permanent and total disability and increased weekly accident and sickness disability benefits also would be provided for employees in these brackets.

8—Hospitalization Benefits

Arrangements would be made

with Michigan Blue Cross-Blue Shield or other similar plan to provide for full payment of surgical services when annual income of an employee does not exceed \$7,500, the costs to be shared equally by the company and employee in all instances, instead of being based on the cost of the Michigan Blue Cross-Blue Shield rate.

Provision also would be made for in-hospital medical expense benefits to be part of Blue Cross-Blue Shield coverage in place of the in-hospital medical expense insurance now provided under the group insurance contract, one-half of the cost to be shared by the company. In-hospital benefits would be made available to retirees at their own expense.

9—Midnight Shift

The company would pay a midnight shift premium of 10 per cent of earnings for the vast majority of employees.

10—Saturday Overtime

Time worked on Saturday, as such, would be paid at time and one-half, but this would not apply to shifts that start on Friday or

on shifts that would normally be the fifth day of a workweek.

11—Jury Duty Pay

Employees would receive \$5 a day from the company for up to 14 days in any calendar year while away from work for jury duty.

President Roosevelt signed the pay-as-you-go income tax bill in 1943.

PLAN RALLY DAYS — Mrs. William Tiberg, chairman of the Pontiac District Home Demonstration Club, (left) watches Luella Nault, county home demonstration agent, (center) as she prepares to staple several books together concerning

job responsibilities of officers which will be used in Rally Day meetings this month. At the right is Mrs. Kenneth Gilboe, an alternate for the Pontiac District.

Members Study 'Art of Listening'

Home Demonstration Club Begins Rally

"Being seen and not heard" may be the motto of more Oakland County Home Demonstration Club members following a study of "The Art of Listening" at their district Rally Days this month.

The study to be taught by Mary Hardy and Luella Nault, Oakland County home demonstration extension agents, is based on a course taught by Dr. A. Conrad Poz, assistant professor of communications at Michigan State University.

Dr. Poz contends that "Listening can reduce tension. Listening can help an individual make better decisions because he draws on the experiences of others and develops better judgment."

During an hour and a half of each meeting job responsibility of club officers and members, a question and answer period with opportunity for an idea exchange between clubs, and installation of local officers will be conducted.

The Orion-Oxford District Rally

U.S. Marshals Don't Know Much About Their Own Past

WASHINGTON (AP) — U.S. marshals don't know whether Matt Dillon, Wyatt Earp and Wild Bill Hickok were ever U.S. marshals—despite all the legends and television programs about them. They may have been town marshals.

In fact, what U.S. marshals don't know about U.S. marshals would fill a bunch of big books.

These officers are in the news now because about 150 marshals and deputies have been sent into Little Rock where, if things get rough, they may go after violators of a federal judge's order to integrate Central High.

But meanwhile, E. J. Matchett, boss of the 804 marshals and deputies in the United States and its territories, has asked them to let him know anything they can find about the history of U.S. marshals.

The reason: there's a terrible gap in their history between 1789 and 1870, and even afterwards. What's happened to the records, if there were records? Matchett says he doesn't know.

He has his office in the Justice Department — where the attorney general has supervision over marshals — and he says: "We've turned this place upside down" in search of records "and we can't find them."

The name "marshal" goes away back in colonial and even British history. But Congress in 1789 created the job of U.S. marshal to work with the 13 federal district courts which were created, one for each state.

Matchett says he has the names of those first 13 marshals appointed by President Washington but no others until 1870 when the government printed a register of marshals. It's been printing this register at intervals ever since.

But even the register has gaps, Matchett says. That's why he's asked marshals around the country to search their local records. The information he'd like to get, he says, would fill big books.

As for people like Earp and Hickok, Matchett says he thinks they may have served as town

A prize will be presented for creating the best formal gown of most unique table arrangement. Their afternoon session is titled "You Too Can Be Chic."

Commerce, Lyon Township and White Lake districts are joining for their rally at the Milford Methodist Church, 212 Union St., Milford on Sept. 25 from 9:30 a.m. to 3 p.m.

Mrs. Leanne Cash and Mrs. Edith Potts will demonstrate cake decorating in the afternoon. Mrs. F. G. Garrison will speak on the "Ambassadors in Blue Jeans" to the Birmingham, Royal Oak, and Southfield district meeting, from 9:30 a.m. to 3 p.m. at the Birmingham Congregational Church, 388 North Woodward St., Sept. 26.

Mrs. Garrison is a member of the National Board of the 4-H Clubs. She has traveled extensively in Europe, Asia, and China and lectured for two years on South America and Haiti.

Waterford, Pontiac and West Pontiac are meeting on Thursday at the Waterford Community Activities Building on Williams Lake Road, from 9:30 a.m. to 3:00 p.m.

Miss Nault will show her slides for the afternoon program.

Rochester Rally Day will be held on Sept. 24 at 9:30 a.m. at the Auburn Heights Community Hall, 220 S. Squirrel Road.

To Set Interest Cost for State Building

LANSING (UPI) — The interest cost on funds for construction of a proposed 14-story state office building will be set Monday by the State Administrative Board. Treasurer Sanford A. Brown said today.

"The cost is still going up," said Brown who has been critical of the Legislative Building Committee for delaying its decision on plans for the building.

The legislative committee was expected to meet today but a committee clerk said it probably would be at least a week before all members can get together.

The board is trustee of the state employees retirement fund which was expected to be borrowed for financing the building.

Death Comes to Family Twice Within 3 Days

RUMSON, N.J. (AP) — The home at 13 Sailer's Way was like most other suburban homes. Mr. and Mrs. James Adams lived there with their four sons.

Then, last week, Mrs. Adams entered Monmouth Memorial Hospital.

Her husband, editor-manager of the New York Purchasing Review, would catch a train so that he could be in his office by 9 a.m.

The youngest child, Peter, 18 months, would be left in the care of a baby sitter. The others, James Jr., 15; Steven, 11; and

Kurt, 8, would go off to school. But on Monday, Adams was delayed in getting a baby sitter. He left a little later than usual, taking a later train to New York. Yesterday his briefcase was

found aboard the third coach of a Jersey Central Railroad train that plunged into Newark Bay Monday.

His station wagon was traced, and the name of James Adams, 45, was added to the list of those missing and presumed dead in the train wreck. Mrs. Adams died in the hospital last night of cancer. Today, there are four orphans in the suburban home at 13 Sailer's Way.

Tunnel Uses Vacuum

LOS ANGELES — A small wind tunnel housed in a 16-by-32-foot building has been developed by a Los Angeles Company to determine the airflow in magnetic fields. Air is stored in a 500-cubic-foot rubber bag and is released through the tunnel into a vacuum tank. The company, which developed the apparatus for the Air Force, says tests can be run to a maximum of three times the speed of sound.

Little Rock's Negro Graduate

Ernest Green Wants to Be 'One of Crowd' at MSU

DETROIT (AP) — Ernest Green is a celebrity of sorts, but he doesn't want to be.

The tall, lanky 17-year-old is the first Negro graduate of Central High School in Little Rock, Ark. As such, he'll be one of the most talked about freshmen to enroll next week at Michigan State University.

"But I don't want to be singled out from the rest of the class," he said. "I want to become a normal student."

Green came to Detroit this week for a visit with relatives before taking up his studies in East Lansing. He spent the summer in New York, working on the office staff of local 99, the International Ladies Garment Workers Union. He was graduated last May from Central High, scene of many racial disorders, and won a tuition scholarship to MSU on the strength of a "B" average.

"I wanted to go to a northern college in the Midwest, not too far from home," he said. "I chose Michigan State because it's known as a progressive, 'moving' school." He's wavering between a career in law or science.

Green said he met several MSU students during the summer, including George Miller of Helena, Ark., and expects to renew the acquaintances.

After traveling through Chicago, Cleveland, New York and Detroit, he said "I like the way people get along up here."

But he added: "Arkansas was noted as being one of the progressive states in the South before Little Rock. The public libraries, the bus and other transportation systems already had been integrated."

Green contended out-of-state groups touched off racial disturbances in Little Rock, but declined to say which ones.

"Actually, I wasn't subjected to any physical harassment at all," he said. "There was plenty of verbal harassment, but it came from the lower grades, not members of my own class."

Green's mother is a first-grade teacher in Little Rock and his

aunt is a counselor at Horace Mann High School there.

'Michigan Going Back to Work'

Ford-UAW Contract Will Spark Prosperity, Gov. Williams Says

DETROIT (AP) — Gov. Williams says the new United Auto Workers-Ford contract is an indication 'Michigan is going back to work' and that the state will 'lead the nation back to prosperity.'

Williams made the comment on the heels of the Ford-UAW settlement yesterday.

The Democratic governor also said that Republican office seekers have indicated that they are 'willing to ruin Michigan if that will help them to rule it.'

"In the face of developments in the auto negotiations which promise a new surge of auto production and jobs, the Republican spokesmen have nothing to say except 'Michigan is sick' and 'Michigan is in trouble,'" Williams said.

Williams said the Ford settlement would be a forerunner to General Motors and Chrysler settlements.

"There probably will be some hard bargaining at Chrysler and General Motors before everything is settled," he said "but the Ford settlement undoubtedly means that Michigan is going back to work."

Williams said Michigan should broadcast to the nation its "almost unprecedented era of labor peace." He said the last major auto strike was eight years ago.

"We ought to let the rest of the country know about this record of industrial statesmanship on both sides instead of allowing a few malcontents to picture Michigan as a center of labor trouble," he said.

Edwin Arlington Robinson won the Pulitzer Prize for poetry in 1922, 1925 and 1928.

Death Notices

LOWELL NICOLAY

WIXOM—Lowell Nicolay, 46, of 50040 Pontiac Trail, died yesterday at Pontiac General Hospital.

The body is at the Richardson-Bird Funeral Home in Walled Lake.

MRS. ROSE PATTERSON

ALMONT—Service for Mrs. Rose Patterson, 84, of 6643 Hough Rd., was held yesterday at the Lester Smith and Son Funeral Home, In-lay City. Burial was in Aracria Park Cemetery, Birmingham.

Mrs. Patterson died Monday. Surviving are a son, Howard of Almont, a daughter, Mrs. Lena Holth of Livonia, and two grandchildren.

Deaths Elsewhere

MIAMI, Fla. (AP) — Herb Fields, 39, one of the country's leading jazz musicians, died yesterday. Police said he committed suicide by taking an overdose of sleeping pills. His saxophone won him both big prizes of American jazz, the Esquire and Metronome awards.

WASHINGTON (AP) — Rear Adm. Charles W. O. Bunker, 76, former commanding officer of the Bethesda Naval Medical Center, died Tuesday of a heart ailment. He joined the Navy in 1907 and began a 37-year career as an expert on tropical medicine and naval hospital administration.

SAN FRANCISCO (AP) — Rear Adm. William Henry Shea, 81, once commander of the famous old Coast Guard cutter Bear, died yesterday. He began his career as a Coast Guard officer at the turn of the century and first retired in 1941 but returned and was chairman of the U.S. Maritime Commission's Survey Board during World War II. He was born in Albany, N.Y.

REDDING, Conn. (AP) — Mrs. Coco Malowney Roper, 83, mother of Elmo Roper, public opinion analyst, died Tuesday. She was the widow of Elmo B. Roper, a banker of Hebron, Neb., who died last December.

ANN ARBOR (UPI) — Newton S. Bement, 62, a professor of French at the University of Michigan, was dead on arrival at the University Medical Center yesterday after he collapsed on the sidewalk in front of Waterman's gymnasium. Bement, a native of Webberville, had earned three degrees to his doctorate at the U. of M., and had written parts of three French textbooks.

Claimed by Pneumonia

DETROIT (AP)—John Stephenson, 87, retired farmer who lay helpless in a field for four days after suffering an apparent stroke, died of pneumonia yesterday in Wayne County General Hospital.

Wagner's opera, "The Ring of Nibelung," is composed of four separate music dramas. Similar characters and musical themes link the four together.

No Nagging Backache Means a Good Night's Sleep

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional turpitude or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation...with that rest-less, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Doan's Pills, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

How Do Femmes Rate Daytime TV?—Lousy!

By PHYLLIS BATTELLE
NEW YORK—CBS this week invited one woman from each of the 48 states to visit New York, all expenses paid, and discuss how they feel about daytime television. They discussed, all right. Daytime TV was discussed somewhat in disgust.

"All they give us are soap operas, and they're just lousy," said the lady from Alaska.

"We used to feel neglected, up there in Anchorage, thinking that outside they got better shows. But now I find it's all the same. I may be being sort of disloyal, with this trip and all, but we women sort of generally agree we'd like something better than soap operas—something more informative, something more cultural."

GEE WHIZ!
Mrs. Colleen Roguska, 30 years old and a mother of three, has strong opinions about programs and people. She says "Gee whiz!" with ferocity on occasion. She would like "to get my hands on a real, live, television executive and tell him what the people really want."

She points out that since CBS relays the only daytime television that is seen in her area of Alaska, they may presume to have a captive audience. But it's not captive at all, she says, as long as women know how to turn a dial to "off."

Mrs. Roguska is a former school

teacher from Grand Rapids. She might, consequently, be presumed to have loftier TV programming principles than some of her conferees in the 49th state. She does not think so.

SID CAESAR FANS

"Everybody feels much the same up there," she said. "Like we in Alaska feel that we're a one-state people fighting a losing battle for Sid Caesar. We loved him. All over, there were Sid Caesar-watching parties when he came on—and we couldn't—and still can't—understand why you people down here took him off the air and won't give him back to us."

She couldn't understand, either, why people "down here" decided quiz shows were worth watching. Advised that some of same may be removed because of a district attorney's probe, she remarked, "Gee whiz, that's a break."

Mrs. Roguska went to Rabbit Creek Valley, a suburb of Anchorage, to be married in the fall of 1951. On the day of the wedding, in October, the first snowfall of the year began. Whipping off her veil after the ceremony, she and her husband rushed to their cabin to put on a "90-lb. paper" roof to keep it from caving in under the snows.

They put off their honeymoon till the following week.

The following week the dog had eight puppies.

The next week it snowed again. moon is never over . . . it's just sion was invented for Alaska. "It's easier to stay in than go out. And Alaska," she says. "The honey- That's why, she believes, "televi-

to climb the walls with cabin fever." below, is "wildly hungry to find out what's going on."

But gee whiz, they don't want to be watching the heartaches of soap opera queens. They've got enough problems of their own. The Alaska woman, like women down

Only about 1,500 physicians in the United States specialize in the treatment of allergies although about one of every 10 Americans has some form of allergy.

3 Parties Involved

Feuds in Burma Risk to Neutrality

By LEROY HANSEN

TOKYO (UPI)—Current feuding within Burma's ruling party could bring that important Asian nation closer to the West or swing it nearer the Communist bloc, according to Asian diplomatic sources here.

It is almost a foregone conclusion that the factionalism will result in general elections, probably in September, and results of that election will determine Burma's future course.

Holding center stage in Burma's troubled political drama is the Anti-Fascist Peoples Freedom League. But who heads the party is an open question.

The group led by former Premier U Ba Swe expelled Premier U Nu and his followers from the party in late June. The premier's faction retaliated by kicking out the Ba Swe group. The matter probably will have to be settled in court.

Now there is the "clean" AFPFL under U Nu and the "stable" AFPFL under U Ba Swe. Completing the Burmese political triangle is the National United Front, the opposition party composed of several smaller groups.

U NU NEUTRAL

Sources here see the future elections this way: If the U Ba Swe faction wins, Burma will probably move closer to the West. If the NUP wins, the nation will swing closer to the Communists.

Since U Nu is likely to maintain his "neutral" attitude, the feeling is that the voters will be inclined to vote either "pro-West" or "pro-Communist."

U Nu realizes the political danger he is in.

The premier was scheduled to place the new budget before a soon-to-be convened session of parliament. There were, however, strong indications that the Ba Swe faction planned to call for a cut in the budget or make some other move that would serve as a cen-

sure motion and bring the downfall of the U Nu government.

WONT RISK VOTE

Sources here now predict that U Nu will not take the risk and will not bring the budget before the next parliament but will, probably in September, ask President U Win Maung to dissolve Parliament.

Since elections in Burma must be held 60 days after a parliament is dissolved, elections may come in late November or early December. U Nu would head a caretaker government meanwhile.

It was unlikely Parliament would be dissolved before September because the monsoon season lasts until then and it would be difficult to hold general elections before that time. The delay would also give the political situation a chance to settle down.

Since Burma's official year ends Sept. 30, emergency money bills probably would be ordered by the president.

In anticipation of the elections, numerous political parties already are starting to pop up, including the National Congress Party, the Burma Bolshevik Party and the Burma Marxist Party. The Communist Party itself is banned in Burma.

Grandfather, 70, Leads in 4-H Club Activities

COTTAGE GROVE, Ore. (UPI)—A grandfather 70 years old is one of Oregon's most active 4-H club leaders.

He is C. J. Robinson, an electrical engineer in Texas for 30 years who "retired" to Cottage Grove.

In the last eight years, Robinson has led 22 4-H clubs, specializing in science and electricity. This year two of his clubs are completing typically ambitious projects — a machine that makes static electricity and a safety lighting system for a railroad tunnel.

Gases 'Oil' Bearings

NEW YORK — The lubrication of bearings by air and other gases such as helium and neon is becoming more common, the American Society of Mechanical Engineers reports. The bearings are floated

on a thin layer of air or other gases instead of oil, either by injecting high-pressure gas around the bearings or running the bearings against the wall of air its rapid spin builds up. Such gas bearings are being used in gyroscopes and computers.

Officials Get Advantage

GARWOOD, N.J. (AP) — At 72 Mrs. Matilda Johnson is still first in line each year to get bicycle license tag No. 1. She uses the bike in her work. Mrs. Johnson is a truant officer.

Bird in Shooter's Hat

LONDON — In the early 1850's an English shooting club was called the "High Hats" because each shooter placed a live bird under his top hat, raised the hat at a signal and then, after re-

placing the hat, took a shot at the escaping bird.

The old Rayado Ranch, in northern New Mexico, is the largest Boy Scout camp in the U.S. It was formerly owned by pioneer scout Kit Carson.

Coyotes Devour Rodents

CHEYENNE, Wyo.—Rodents and rabbits make up about three-fourths of the diet of coyotes. The remainder consists of other animal life, including much carrion, and a variety of vegetable matter,

much of which may be scarce when the coyotes eat animal food.

Forests in New York state have increased more than 20 per cent in the past three decades. The state now has 14,450,000 acres compared to 12,000,000 acres in 1933.

Complete Film Record

JAMESTOWN, Va. — The federal commission which helped to plan the 1957 Jamestown festival has been disbanded but its work will go on for another 10 years. That's the time estimated

to complete microfilming of British records on the Virginia colony.

Production in U.S. of ready dinners, including canned prepared stews and meats, rose from 15.2 million pounds in 1952 to more than 19 millions in 1955.

Test of Their Sincerity?

HONOLULU — The First Transpacific Conference on Alcoholism was in session at a local hotel. Into the session strolled a hotel waiter, pushing a cart of mixed drinks. "He obviously had

the wrong place," commented James A. Pell, an official of the Hawaii Committee on Alcoholism.

Andrew Jackson was the first President of the United States to be elected on a Democratic Party ticket. That was in 1829.

Operation Bootstrap Lifts Puerto Rico to Industry, Prosperity, Creative Arts

WASHINGTON — Puerto Rico, mired for years in the rut of poverty, has hauled itself into a shiny new era of prosperity and thriving culture.

The commonwealth—only twice the size of Long Island—started the long haul in the 1940s with Operation Bootstrap.

Now Puerto Rico has doubled the per capita income of its 2,587,000 people. Low-cost housing projects flourish where slums once roiled. Malaria, hookworm and other poverty-born diseases have been virtually wiped out, the National Geographic Society says.

One-third of Puerto Rico's annual budget is set aside for education. The school system covers a 12-year curriculum, with vocational training for both adults and children. Result: Literacy has climbed to 80 per cent. English is taught from the first grade up.

FACTORY EACH WEEK
Puerto Rico boasts the opening of at least one new factory a week. The boom has come largely through the efforts of the Puerto Rico Industrial Development Administration, a government authority that encourages industries to come to the isle.

Industry has helped agriculture. Sugar cane, the No. 1 crop, supports a thriving rum industry. Pineapples, a fast-developing secondary crop, provides juice which is canned and frozen in a new plant.

The island has developed its resources so well that its technicians are now training foreign engineers in the art of self-help under the United States Point Four program.

The hum of machines in Puerto Rico hasn't drowned out another expression of well-being—the creative arts.

Music enthusiasts from Latin America and the mainland United States gathered this summer to pay tribute to the Spanish virtuoso cellist Pablo Casals and other

artists in Puerto Rico's second Casals Festival.

Students from the University of Puerto Rico are performing seasonal opera in its home city, Rio Piedras. Plans are being made to form a Puerto Rican symphony orchestra.

BALLET, DRAMA FLOURISH
Ballet schools flourish throughout the island. The newly formed Ballets de San Juan appeared in a recent festival. Another festival featured plays by Puerto Rican dramatists.

Nor are Puerto Ricans neglecting their pride in the past. The island is a mixture of old Spain and modern America. It was discovered by Columbus on his second voyage in 1493. Ponce de

Leon, a member of that expedition and later the discoverer of Florida, founded the first settlement, Caparra, in 1508. He became the island's first governor.

Puerto Rico remained a possession of Spain until 1898, when it was ceded to the United States after the Spanish-American War. Congress in 1917 declared all Puerto Ricans to be United States citizens. On July 25, 1952, Constitution Day, the island became a self-governing commonwealth.

San Juan, the capital, was one of the most formidable Spanish strongholds in the New World. The old quarter, an area six blocks square, is to be restored in the manner of Colonial Williamsburg, Virginia.

Buried Oil Pipelines Covered With Asphalt

NEW YORK — Throughout the Middle East's oil-pipeline network, according to American oil men, buried lines are covered with coats of asphalt, glass, and asphalt fabrics to prevent corrosion. Surface pipes, exposed to day-and-night extremes of temperature, are laid zigzag to avoid damage from expansion and contraction.

Atomic tools are used to detect flaws in welding, and oil leakage is checked against the danger of explosion from the sun's burning rays.

Biggest Coyotes in U. S.

ITHACA, N. Y. (UPI) — Where are the biggest coyotes in the United States?

In New York's Adirondacks, says Cornell Prof. W. J. Hamilton Jr. There are about 3,000 of them.

there, Hamilton said, and at sizes up to 40 pounds, they're twice as big as the coyotes found in the Southwest.

'Out of the Mouths'...
MILWAUKEE (AP) — "What's the dark?" asked Master Tom Riley, age 5.

"It's something that comes out of the middle of the night," answered his brother, Master Jim Riley, age 3.

'Seat Belts Prevent Escape' ---Serious, Off-Heard Claim

(This is the second of two dispatches on the controversial automobile seat belt which science believes could save thousands of lives a year in highway accidents.)

By ROBERT J. SERLING
WASHINGTON (UPI) — Despite strong scientific evidence to the contrary, there are still serious arguments advanced against the use of seat belts in automobiles.

Here are the arguments, followed by rebuttals from the Cornell University Medical College's automotive crash injury research project, which recommended belt usage after analyzing more than 20,000 separate accidents:

Argument: Belts can cause serious internal injuries.

Answer: In the seat belt accidents analyzed, less than one half of one per cent of the wearers suffered dangerous or even fatal injuries of the lower torso which could possibly be attributed to the belt. On the other hand, among more than 15,000 non-users of seat belts in injury-producing accidents, 225 of 2.5 per cent sustained dangerous or fatal lower torso injuries.

Argument: Seat belts prevent escape from cars in the event of fire or submersion in water.

Answer: Evidence available from thousands of accident reports shows burning and submersion accidents are extremely rare.

Argument: Belts often fail because of poor design or installation.

Answer: The most recent study by Cornell on this subject showed that of 112 belts involved in accidents, only 11 failed to function

as intended. Some resulted from physical destruction of the belt anchorages by impact. In one case, the belt used was nine years old and failed because of normal age deterioration. While it is true some belts are not as efficient as others, evidence shows that even an inferior belt is better than no belt at all.

Argument: Safety belts are useless in convertibles, where occupants are better off if they are thrown clear in roll-overs.

Answer: In a survey of 6,000 injury-producing accidents, only 1.5 per cent involved open top convertibles which rolled over. Further, an occupant thrown clear of a car stands a chance of survival only if he strikes a soft surface.

Argument: Belts give drivers a false sense of security, make them overconfident and cause them to drive faster.

Answer: Cornell's statistics show that in accidents involving 412 cars equipped with belts, the average speed was 47.7 miles per hour. In accidents involving 6,177 cars without belts, the average speed was 49.2 m. p. h.

The Cornell findings are backed by similar studies by the Air Force, the U.S. Public Health Service and other authorities, with these results so far:

—The U.S. Public Health Service is considering the possibility of joining with auto manufacturers in an all-out, nationwide public education campaign to "sell" the American motorist on belts.

STATES TAKE LEAD
—California has ordered its 12-

000 official state cars equipped with belts, including all state police vehicles.

—In New York, every new car purchased henceforth by the state will have belts.

The Ford Motor Co., which in the past three years has topped the industry in seat belt sales (237,886 installations), is frankly advising its dealers to step up belt sales efforts.

"The tide on safety equipment is turning," a Ford official told UPI. "Belts have been the biggest educational problem but word of mouth advertising, plus publicity given stories on belt advantages, is starting to have some effect."

Under 30 Pct. Able to Buy New Houses

WASHINGTON — The National Housing Conference reports that less than 30 per cent of the nation's families can afford to buy and maintain a house at today's prices. It says the median price for the cheapest new three-bedroom house available in the nation is \$10,990.

It estimates that the lowest possible income for carrying a new house ranges from \$4,884 in Norfolk, Va., to \$9,564 in Erie, Pa. The median is \$6,409, in Fall River, Mass.

The conference estimates that only 28.5 per cent of American families had that much income at the end of 1957, when the houses were priced.

To Open Bids on New School

Waterford Proceeding With Building Plans for About \$350,000

Bids for construction of another elementary school building in Waterford Township, will be opened at 3 tonight, when the board of education meets.

This is the last school scheduled for construction in the \$3½-million school bond issue approved by voters in February 1956, according to Superintendent William Shunk.

The new Laura S. Haviland Elementary School will be located on an 11-acre plot of land in the Case-Elizabeth-Coeley Lake Rds. area, and will cost approximately \$350,000.

Another senior high school site is also included in the 1956 bond issue program and a report regarding this project is expected to be presented by the building committee.

A possible new elementary school building site in the Jayno Adams School area will be another project slated on the agenda.

In other business, board members are expected to discuss a request from Recreation director Tom Belton for "board action" on construction of tennis courts for community use.

Belton has a 1957 bid of \$6,220 which includes fencing, and he has asked that if one-half of the amount were donated by community organizations—could the board of education contribute the balance.

Superintendent Shunk will make recommendations for application for a loan to the Municipal Finance Committee for school operation. State aid received by Waterford Township for September is only 75 per cent of the full amount, and the October payment will probably be only 50 per cent of the total amount due, Shunk said.

Orion Power Off 2 Hours

A rare instance of double trouble in the same area cut off electric service for two hours yesterday in Lake Orion and Orion Township. Parts of Oakland Township also lost service for about an hour.

According to a Detroit Edison Co. spokesman the failure was caused when a tree branch, blown by yesterday's high winds, fell across two main transmission lines.

Attempts by Edison employees to switch the Orion service to

lines coming in from the north failed when some unknown factor cut off current between Orion and Oxford.

All electricity in the area was off from 12:47 to 2:47 p.m. except in parts of Oakland which had service restored by another route at 1:37.

In the absence of traffic signals, the Oakland County Sheriff's Department assigned deputies to direct traffic at major intersections south of Lake Orion on Orion road.

near Kern road.

Because the power that operates the electric water pumps for the Lake Orion Community High School was cut off, all students were sent home at 2:45, according to Eugene Sura, assistant principal.

Seventh and 8th grade pupils at the Junior High School, who ride the same buses as high school pupils, went home also.

Although without lights, the Junior High and Blanche Sims Ele-

mentary Schools had water. They got it from the village, which had emergency pumps operating during the power failure.

Lake Orion Village Clerk Mary Parkinson said the Village Hall was swamped with telephone calls from residents wondering what the trouble was.

Village and Township police said they received no reports of accidents or major difficulties caused by the lack of electric power.

OTTO YNTEMA

PTSA Function to Be Explained

Ott Yntema to Speak at West Bloomfield High Meeting Thursday

WEST BLOOMFIELD TOWNSHIP — What is a PTSA? How does it function and what can it accomplish?

Ott Yntema, director of field services at Western Michigan University in Kalamazoo, will answer these and many similar questions in a talk on Parent-Teacher-Student Associations at the West Bloomfield High School PTA meeting at 8 this evening at the school.

Students in the West Bloomfield School District, their parents and PTA members have been invited to hear how several high schools in Michigan are including students in their PTA activities, said Mrs. Robert Holster, West Bloomfield PTA president.

Yntema is in a position to explain both sides of the matter, she said.

He is first vice president of the Michigan Congress of Parents and Teachers. He has been a boys' advisor at a large high school, besides having had a varied career in the educational field in schools in Michigan and at Buffalo State Teachers' College in New York.

Visitors from other school districts are welcome to attend the meeting, said Mrs. Neal Hargrave, hospitality committee chairman.

A business meeting will follow Yntema's talk.

Couple Exchange Vows in Ortonville Ceremony

MRS. CHARLES L. GREEN

Pontiac Is Included in Flint TV Range

Many Pontiac area television viewers will be able to watch another station shortly, when WJRT, channel 12 in Flint, begins broadcasting early in October.

The station has completed its 999-foot tower at Chesaning, and testing of equipment is under way. Plans include a 300-foot microwave tower near Clarkston, at Bridge Lake and Rattalee Lake roads.

The station's maximum power transmitter will beam a signal of secondary strength into the Pontiac area, producing a "good" picture, according to Chief Engineer Clarence W. Jones. The station's primary network is ABC.

Though Vendor Failed to Recognize Ike

Flip Reply Sells Pumpkins

LITTLE COMPTON, R.I. (AP)—Mrs. Edward M. Medeiros, 26, was knitting when the man stepped over to her fruit and vegetable stand and began looking at the pumpkins. It was about 5:30 p.m.

"How much are these?" the man asked, holding up a pumpkin.

"Fifteen cents apiece."

"How many will it take to make a pumpkin pie?"

"That depends on how big a pie you want," said the matter of fact Mrs. Medeiros.

The man and a group crowding around him laughed at her remark.

"What's so funny?" Mrs. Medeiros asked one of the men.

"That's the President," was the reply. "President of what?"

★ ★ ★

"Of the United States."

"Oh my Lord!" said Mrs. Medeiros.

Though she had seen several black limousines and a police escort, she had not guessed her customer was President Eisenhower.

The President drove off with two pumpkins, several baskets of fruit and five or six onions.

★ ★ ★

And Mrs. Medeiros?

"Believe me," she said later, "if there had been a hole around I would have jumped into it."

MR. AND MRS. EDWARD TKACZIK

Tkaczik-Gilbertson Vows

WHITE LAKE TOWNSHIP—St. Vincent de Paul Catholic Church in Pontiac was the scene Saturday morning of the marriage of Lucille Gilbertson of Detroit to Edward Tkaczik. Performing the rite was the Rev. Fabian Weber.

The bride is the daughter of Mr. and Mrs. Ludvig Gilbertson of Lachine. Parents of the bride-

groom are Mr. and Mrs. Simon Tkaczik of 2615 Tackles Dr., White Lake Township.

For her wedding, the bride chose a ballerina-length gown of white lace, featuring long sleeves and fitted bodice. She wore a fingertip veil and carried a bouquet of white roses.

Maid of honor was Mary Gilbert of Detroit. Bridesmaids were Anna Gilbertson of Grand Rapids and Rose Petemko of Detroit.

Walter Annis of Pontiac was best man and ushers were Les Zigmund of Detroit and Robert Ellis of Melvindale.

Following a honeymoon in the Upper Peninsula, the couple will make their home in Detroit.

Thief Likes Violets, Too

INDIANAPOLIS (AP)—Mrs. C.R. Snyder can't help feeling the burglar who broke into her house wasn't entirely an unfeeling brute. In addition to nearly \$300 worth of other loot, he swiped Mrs. Snyder's favorite four pots of African violets.

Karen O'Connor, Franklin J. Seed Wed in Oxford

OXFORD — Marriage vows were exchanged recently by Karen Roberta O'Connor and Seanman Franklin J. Seed at the Oxford Methodist Church. Performing the rite was the Rev. Fred Clark.

The bride is the daughter of Mr. and Mrs. George C. Shick of 1855 W. Leonard Rd., Leonard. Parents of the bridegroom are Mr. and Mrs. Woodrow F. Seed of 5430 Hanley Rd., Waterford Township.

Given in marriage by her stepfather, the bride wore a floor-length gown of white nylon embroidered organza. It featured short sleeves and scalloped neckline. Her veil was attached to a lace cap, and she carried a bouquet of stephanotis, ivy and roses on a white ribbon.

Matron of honor was Mrs. Raymond Spencer of Oxford. Junior bridesmaids were Terry Dunn of Oxford, the bride's cousin, and Susan James of Pontiac, cousin of the bridegroom.

Larry Miller of Highland, Ind., another cousin of the bridegroom, was best man. Ushers were George Shick Jr. of Oxford, and Allen Wilson, who is stationed with the Navy at Great Lakes, Ill.

Following a reception at the home of the bride's parents, the couple left on a honeymoon to northern Michigan and in Illinois. The bride will make her home in Waterford Township until her husband completes his Navy enlistment. He is a dental technician at the Great Lakes Naval Training Center, Great Lakes, Ill.

Lake Orion Lions Club Marks Anniversary

LAKE ORION—The Lake Orion Lions Club marked its 20th anniversary last night with a dinner meeting in the Elks Temple at Pontiac. The club was chartered Aug. 23, 1938, under sponsorship of the Pontiac Lions Club.

Current president of the club is Elmer Fairbanks. State Sen. Harvey Lodge was toastmaster for last night's program. Among the guests were Charles Lincoln, of Capac, district governor, and other district and zone officers.

Carol Hiller Weds Donald L. Welser

ROMEO — Baskets of white gladioli and palms were used to decorate the First Methodist Church in Romeo for the recent candlelight wedding of Carol Hiller and Donald Lee Welser. The Rev. Ellis A. Hart performed the double-ring rite.

The bride is the daughter of Mr. and Mrs. Frank S. Hiller, 238 Benjamin St. The bridegroom's parents are the Harold Welsers Sr. of Mount Clemens.

Escorted to the altar by her father, the bride wore a floor-length gown of embroidered silk organza fashioned with a sequin-trimmed Sabrina neckline and bustle skirt which cascaded into tiers from the fitted bodice.

held her fingertip veil, and she held her fingertip veil, and she carried two white orchids surrounded by stephanotis.

Maid of honor was Carole Jean Colteaux of Bloomington, Ill., and bridesmaids were Margaret Schapman of Romeo, Mr. Harold Welser Jr., of Iowa and Marcia Tucker of Detroit.

Assisting his brother as best man

MRS. DONALD L. WELSER

LEARN SCOUT TECHNIQUES — Girl Scout Codirectors Mrs. Lawrence Murphy (left, front) and Mrs. Hope Gorman, show leadership trainees (standing, from left) Mrs. Rvive Purdom, Mrs. Arnold Lakman, Mrs. Don Snavely and

Mrs. Lawrence Timm, how to put out a campfire at the Proud Lake Recreation Area in Commerce Township. The women just completed a three-week training course, qualifying them as Scout leaders.

15 Women Study Girl Scout Methods

Finish Leadership Training

"Be Prepared" was the theme of a Girl Scout leadership training course just completed by 15 women in the Southwestern Oakland County District, which includes Walled Lake, Commerce, Milford, South Lyon, West Bloomfield and Highland townships.

Graduation took place around a huge campfire at the Proud Lake Recreation Area in Commerce Township.

The outdoor training classes included learning how to cook outdoors, how to conduct hikes with

trail markings, how to build campfires, safety measures and organizing outdoor games.

The need for additional adult Girl Scout leaders is acute, according to Codirectors Mrs. Lawrence Murphy and Mrs. Hope Gorman. There are many girls on Brownie and Girl Scout waiting lists who cannot join because of the lack of leaders, they pointed out.

Mrs. Murphy said any woman, whether she has children or not, is needed to train for scout leadership.

Those interested may call the Girl Scout organization's headquarters in Pontiac.

Car Hits 5-Year-Old Who Runs Into Street

A five-year-old boy was hit by a car yesterday, at 4 p.m. when he ran into the street on Central at Sanford.

Anthony Johnson, of 359 Central, suffered bruises of the forehead and was treated at St. Joseph Mercy Hospital.

The driver, Elmer D. Lamb, 32, of 295 Irwin Ave., told police the boy ran from behind a parked car and he could not stop in time to avoid hitting him.

LYNDA LOUISE WRIGHT

Mr. and Mrs. Maxwell Wright of Scotch Lake drive, Union Lake, have announced the engagement of their daughter, Lynda Louise, to Lloyd Ireland, son of Mr. and Mrs. Grant Ireland of Ford road, Milford. An Oct. 25 wedding is planned.

Will Adams Quit? It's Open Question

NEWPORT, R.I. (AP)—Whether Sherman Adams quits or stays, it's one of the strangest cases in a long time—packed with drama.

As was the case 10 days ago right after the Republican political disaster in the Maine elections, no one close to President Eisenhower at the summer White House would bet you that Adams will weather the storm and continue as Eisenhower's chief aide.

Those in the inner circle insist they just don't know. What is more, they insist that Eisenhower himself doesn't know—simply because, they say, Adams hasn't told the President.

There is the drama. These presidential lieutenants in Newport have said repeatedly that Eisenhower never will take the initiative and tell Adams he is through. They said Adams will have to make up his own mind.

They picture the wiry, white-haired Adams as going through the greatest agony of his 59 years in trying to reach a decision.

The background, of course, is that last June a congressional investigating committee nailed down that Adams had accepted costly gifts and favors from an old friend, Bernard Goldfine, at a time when the Boston industrialist was in trouble before federal regulatory agencies.

Adams acknowledged getting gifts and favors. But he testified he never exerted one whit of influence in behalf of Goldfine. He said he made only routine inquiries about Goldfine's difficulties.

At a Washington news conference June 18, Eisenhower said Adams had been imprudent but that nevertheless "I need him."

That might have ended it, despite the clamor on the part of a good many GOP candidates that Adams had to go.

Then on Sept. 8 in Maine, the Republicans were shellacked by the Democrats. The Goldfine case was an indirect issue there, and GOP candidates in other states set up a new howl for Adams' scalp.

Since that howl started, Eisenhower has been publicly silent. He called the Republican setback in Maine a beating there is no use trying to disguise.

But all indications at the summer White House are that no one close to him knows whether he has changed his mind about Adams having to stay on because "I need him."

For the first time since Adams returned to his Washington office Monday after a 10-day vacation, the President and Adams talked yesterday—by telephone.

Officer Asks Reinstatement

Royal Oak Township Patrolman Files Suit in Circuit Court

ROYAL OAK TOWNSHIP — A suspended Royal Oak Township policeman has gone to Oakland County Circuit Court to seek his reinstatement to the force.

Former Patrolman Mackey Williams filed a suit against the township Civil Service Commission and the township, claiming his suspension July 10 was not justified. Williams also seeks back pay.

He was suspended after an electric iron, reported missing from a car belonging to a woman arrested by Williams and another officer for drunk driving, turned up later in his car.

Williams said he discovered the iron when it slid from under the seat of his car when he stopped at a traffic light when on the way home shortly after making the arrest.

The township board dismissed Williams, and the commission upheld his dismissal by a 2-1 vote. No date has been set when Oakland County will review the case.

Romeo School Clubs to Hold 1st Meeting

ROMEO — The first meeting of the Elementary Schools Club of Romeo will take place at 8 tonight in the junior high school with the group's new president, Mrs. Conrad Friedemann, conducting the business session.

Main speaker of the evening will be Bruce Lindsay, principal of South Grade School. He will explain the report card marking system used from kindergarten to junior high.

In addition, the Millan Children's Theatre, a touring theatrical group, will be described by one of its representatives.

Refreshments will be served prior to the business meeting by kindergarten room mothers.

MRS. PAUL C. KIRK

Pair Exchange Marriage Vows in Ypsilanti Rites

GOODRICH—St. John's Catholic Church in Ypsilanti was the setting for the marriage recently of Jean Carol Muto and Paul C. Kirk.

The bride is the daughter of Mr. and Mrs. Fred Muto of Kipp road, Goodrich. Her husband's parents are Mr. and Mrs. Charles Kirk of Ypsilanti.

The bride wore a floor-length gown of satin and embroidered tulle with a sweetheart neckline. She carried a white prayer book with a white orchid and mums.

Attendants were Mary Petromouk, as maid of honor, and Bernard Huttig, best man. Bridesmaids were Jayne Watson and Rosalie Winegardner. Ushers were Joseph Lesniewicz, Gary Kay, Fred Muto, brother of the bride, and Pat Kirk, brother of the bridegroom.

The bride is a senior at Eastern Michigan College in Ypsilanti. Mr. Kirk is a junior at the University of Michigan, majoring in engineering.

MR. AND MRS. EDGAR WELSCH

Romeo Police Chief Edgar Welsch claimed Mrs. Josephine Scheuneman as his bride in a quiet ceremony Saturday evening at the chapel of the First Congregational Church in Romeo. The Rev. Peter Vos performed the double-ring rite in the presence of the couple's immediate families and a few close friends. Attending the couple were Mrs. Fred Scheuneman Jr. of Romeo and Caswell Hassell of Detroit. After a honeymoon trip to the Smoky Mountains and Washington, D. C., the newlyweds will make their home at 168 Minot St., Romeo.

Lunch Box Meals Need Planning

By JANET ODELL
Pontiac Press Home Editor

Furthermore, it is a challenge to all the mothers who plan what goes into these boxes. For many children eating a lunch at school is a brand new, exciting experience. But many mothers are discouraged to find part of the lunch still in the box when it comes home after school. We are of the opinion that children should be catered to as much as possible so that they will eat this important meal. But we still have to provide a well-balanced, nourishing meal. Sometimes it's a case of trying this and that to see just what will be eaten.

HERE IT IS, SON — Mrs. Robert Blackinton of Ashton Street hands her young son, Bobby, his lunch box as he starts off for school. This is Bobby's first year to carry his lunch. Like all conscientious mothers, Mrs. Blackinton tries to put food in the box that will satisfy a young appetite and still be a nutritious meal.

If the children buy their lunch at the school cafeteria, they will get a certain amount of protein, some vegetable, dessert and milk. You can use this as your yardstick. Mrs. Blackinton, who appears in today's picture, says she can send two kinds of sandwiches with Bobby—peanut butter or tuna fish salad. But she can occasionally wrap cheese and crackers separately or sardines and crackers and be sure her six-year-old will eat them. The sardines are a little smelly for a lunch box, she says.

Most children will eat strips of raw vegetables. You can vary this course with carrots, celery and green peppers. At this time of year a whole tomato to eat like an apple is acceptable.

With all the modern plastic containers now available you can send a variety of puddings, fruit desserts and even pie. If you freeze sandwiches, they will keep the rest of the lunch cool as they defrost in the lunch box.

If your children like cheese, they may enjoy having sandwiches made with this homemade pimiento cheese spread. You can keep a jar handy in the refrigerator for early morning use or for after school snacks.

Homemade Pimiento Cheese
2 cups (1½ pound) shredded sharp cheddar cheese
1 4-oz. can pimiento
Cream to soften
Salt and pepper
Chop or mash pimiento. Cheese

grates best if it's still cold from the refrigerator, but it will mix best with the cream if you let it reach room temperature after you've grated it. Mix with pimiento and cream. Season to taste with salt and pepper.

Add any of the following for variations: (1) 1 teaspoon prepared mustard; (2) 1 teaspoon Worcestershire sauce; (3) 1 teaspoon sugar or honey; (4) dash of Tabasco sauce.

Lunch isn't lunch without something sweet as a finishing touch. How about this version of chocolate chip cookies?

Vagabond Cookies
¾ cup shortening
1 teaspoon vanilla
1 cup sugar
1 teaspoon cinnamon
1 egg
1 cup honey
1½ cups sifted all-purpose flour
1 teaspoon baking powder
1 teaspoon salt
3 4-ounce packages (1 cup) semi-sweet chocolate morsels
Cream together shortening, vanilla, sugar and cinnamon until light and fluffy. Beat in egg. Blend in honey. Sift together flour, baking powder and salt. Add to honey mixture; mix only until blended. Stir in semi-sweet chocolate morsels.

Spread in greased pan 15x10x1 inch. Bake in a moderately hot oven (400 degrees F.) 12 minutes. When cool, cut into 3x1-inch bars.

Sherry Flavored Snow
To make old-fashioned apple snow a party dessert, add a tablespoon or two of an oloroso type Spanish sherry to the mixture of sweetened apple sauce and stiffly-beaten egg whites. Serve piled high in sherbet glasses, sprinkle with toasted slivered almonds.

Salad Base Is Cranberry Juice

Say "Good Morning" with an ice cold glass of ruby red cranberry juice cocktail. It's an inviting way to start the day. A twist of the cap and cranberry juice cocktail is ready to pour for the entire family's breakfast starter. It's good, too, mixed half and half with orange, pineapple or grapefruit juice. Your family will like it turned pretty pink with added juice, or its own sparkling red.

Cranberry juice cocktail makes a wonderful salad for dinnertime, too. A heavenly blend of cranberry juice and spices surrounds sweet sun-ripened prunes stuffed with cream cheese. This salad is easy to make in a fancy mold or in a square casserole dish. Serve Starry Cranberry Salad with meat . . . such as golden brown beef pies.

Starry Cranberry Salad
18 prunes (pits removed)
3 (3-oz.) packages cream cheese, softened
4 cinnamon sticks
1 tablespoon whole cloves
1 lemon, sliced
4 cups cranberry juice cocktail
2 packages lemon flavored gelatin
Pit prunes and stuff with cream cheese. Simmer spices and sliced lemon with 2 cups of the cranberry juice for 5 minutes. Strain mixture over bowl containing lemon gelatin. Stir until gelatin is dissolved. Stir in remaining 2 cups cranberry juice. Pour half of mixture into 8"x8" square pan. Chill until almost firm. Place stuffed prunes on gelatin, pressing each one gently into gelatin. Carefully spoon remaining gelatin on top. Chill until set. Cut into squares and serve on lettuce. Makes 9 servings.

Meat Filled Cheese Sauce Tops Rolls

This sounds like a good dish for Saturday luncheon.

Hamburger Cheese Boats
2 slices bacon, cut into small pieces
2 pounds ground beef
1 cup chopped onion
1 10½-ounce can condensed tomato soup
1 cup dried, sharp American cheese
1½ to 2½ teaspoon caraway seed (optional)
½ teaspoon salt
Dash of pepper
Cook bacon in large skillet over low heat until crisp. Remove bacon, drain and save. Pour off all but about ¼ cup of fat. Add onion and cook in this fat until transparent. Add beef and brown. Add tomato soup.

Cover and cook over low heat until meat is thoroughly cooked, about 10 minutes. Stir in remaining ingredients and bacon. Cover and cook over low heat until cheese is melted. Scoop onto split buns or hollowed out hard rolls. Makes 8 to 10 servings.

Gilding the Lily

Frost top and sides of jelly sandwiches from your grocer's ready-to-eat cake department with softened vanilla ice cream. Sprinkle with chipmunk peppermint stick candy pieces. Set in freezer to firm. Cut into serving pieces.

Seal Fresh Garden Herbs in Oil for Freezing
Here's a trick the Spanish use to keep fresh herbs green a long time: Pick the leaves of basil, parsley, marjoram or chervil from the stems. Wash in very cold water, dry on absorbent paper. Fill a hot sterilized pint Mason jar to the top with the crisp leaves, crowding in as much of the herbs as you can, then cover to the very top with Spanish olive oil. Seal in the usual way and store until ready to use. Once opened, the oil may be drained off and used for salads or sauces. The herbs will have the same fresh flavor as when right out of the garden.

36 GENERATIONS OF DOGS HAVE THRIVED ON

STRONGHEART DOG FOOD

Economy in Wine Buying May Mean the Best

Don't make the mistake of buying a cheap wine to use in cooking. The reason for using wine in cooking is to add flavor and the flavor of better wines is not only superior, it comes through better. A bottle of fine Spanish sherry is a case in point: If you add 2 tablespoons of a three dollar sherry to a recipe, the cost of those 2 tablespoons is about 12c.

Two tablespoonsful of a fine-well-matured sherry may be as potent as half a cup of a cheap sherry. And the sherry flavor lasts, through hours of cooking. Still another economy hint: use Spanish sherry in place of brandy in many recipes.

Lay Diabetic Society Opens Membership

Attention is drawn to this article concerning a society for diabetics. The material comes from Hilda Woodruff, vice chairman.

LSMDA stands for Lay Society of the Michigan Diabetes Association. The group was organized on November 5, 1957 by officers and members of the Michigan Diabetes Association along with interested laymen. Its aims and purposes will closely parallel that of the parent group and are educational in nature.

The Lay Society will endeavor (1) to provide its membership with authoritative up-to-date information about diabetes, (2) to work cooperatively with the Clinical Society in public education such as diabetes detection drives, (3) to promote a summer camp program in Michigan for children with diabetes and (4) to establish regional branches of the Society in Michigan.

Membership is open to all who are interested in diabetes. It will be composed of people with diabetes, their families and friends, as well as members of various professions who may work with diabetics. They may be representatives of dietetics, nursing, medical technology, public school education and different fields of public health, to name a few.

Membership dues have been established at a nominal fee so that belonging is possible for all people. Present plans call for two pub-

lic meetings a year: one in the spring, another in the fall. They will be held without charge at a centrally located place, probably in Detroit. They will feature outstanding specialists speaking on different aspects of diabetes. Programs will allow ample time for a qualified panel of professional people to answer questions from the audience.

Future plans will include socials, food fairs and other activities designed to combine pleasure with education for members of the Society and their families.

A Newsletter is being prepared to circulate regularly to the membership. This will include information about the lay society officers, replies to questions not answered during public meetings and news of latest developments in diabetes research. There will be recipes from time to time, as well as information about noteworthy books or other authentic publications written about diabetes.

People who would like to join the Lay Society of the Michigan Diabetes Association — LSMDA — and those who have time, talent or suggestions to contribute to the growth and developments of the Society in Michigan, are invited to write to: N. Elizabeth Vaughn, Chairman, Lay Society, Michigan Diabetes Association, 4421 Woodward Ave., Detroit, Michigan.

Casserole Done to Man's Taste

It's common knowledge that men usually **DISLIKE** anything in casserole form. But Cheese and Spinach Rice Espanol is the perfect way to prove to that man in your life, that casserole dishes can be fun, filling and real palate pleasers.

The main reason usually given for that "casserole-dislike" is that they're tasteless. Not so Milady, with Cheese and Spinach Rice Espanol. Here, in one dish, is a satisfying subtle combination of flavors. Sharp and tangy Cheddar cheese is successfully combined with rice, butter and seasonings. This union of flavorful ingredients is then poured over a delightful and delicate spinach layer.

Finally this casserole is garnished over all with crisp slices of bacon, sprinkles of shredded Cheddar, a dash of paprika and baked to a delectable doneness.

Good? You can bet your life it is and what's more, there's nothing easier to make. You see, the spinach needs no precooking. It bakes right along with the casserole.

Try it and see. Hubby will rate Cheese and Spinach Rice Espanol—mucho Buena!

Cheese and Spinach Rice Espanol
 1 cup uncooked white rice
 1/2 cup (1/2 stick) butter
 1 teaspoon salt
 1/2 cup shredded Cheddar cheese
 2 packages frozen chopped spinach, thawed and drained
 1 slice bacon, partially cooked

Following package directions, measure the rice, 1 teaspoon salt, and 3 cups water in a 2 quart saucepan. Bring to a vigorous boil, then turn heat very low, cover and cook for 14 minutes. Remove from heat and allow to stand covered for 10 minutes; stir in butter, salt, pepper, and 1 1/2 cups Cheddar cheese.

Line the bottom of the baking dish with spinach and cover with rice mixture. Garnish with bacon and top with remaining cheese. Sprinkle with paprika. Bake 20-25 minutes in a preheated 350 degree oven. Serves 6.

Herbs, Cheese Dress Low Calorie Salad

A simple but delicious way to fix a salad when you don't want to add a dressing full of calories!

Low-Calorie Salad Plate

Romaine
 1 can (about 1 quart) tuna
 2 scallions (green onions)
 2 tablespoons red wine vinegar
 1 can (8 ounces) skim-milk cottage cheese

A fresh herb such as dill or basil. Freshly-ground pepper.

If large romaine leaves are used, shred; small inner leaves may be used whole. Drain oil from tuna and rinse with hot water; flake. Slice scallions fine.

Lightly mix tuna, scallions and wine vinegar. Mix "me" on romaine. Mix cottage cheese with minced fresh herb to taste, adding freshly-ground pepper to perk up flavor. Arrange on salad plate. Makes 2 to 4 servings.

Broise Chops in Soup

Mushroom soup makes the gravy... the smoothest you've ever seen... Brown 4 pork chops on both sides in skillet; pour off drippings. Sprinkle with pepper. Place a green pepper ring on each chop. Mix 1/4 teaspoon onion powder and one-third cup water into one 10 1/2 ounce can Cream of Mushroom Soup. Pour over chops. Cover skillet and cook over low heat 1 hour, or until chops are tender. Makes 4 servings.

BACON CURLS — Pull off the desired number of slices at one time. Place in a cold frying pan over moderately low heat. When the bacon starts to cook, slip a fork or spatula under all of the slices and turn them all over at one time. Then begin to separate the slices as they cook. When they are light brown — but not crisp — insert the end of the bacon between the tines of a fork. Using another fork as a guide, wind the bacon into a circle. Stand curls on end in frying pan until crisply cooked.

You'll Be Glad in Winter You Made Jam in Fall

By JANET ODELL
 Pontiac Press Home Editor

Are you storing up some of the goodness of fall fruits to brighten winter meals? This is easy to do if you make some jams and preserves.

Just what is the difference between the two? Our standby office cookbook says that more sugar is used in making preserves.

The proportion is three-quarters of a pound of sugar to one pound of fruit. Jam calls for half to three-quarters of a pound of sugar for each pound of fruit. In preserves the fruit remains "whole, tender, clear and plump in a thick transparent syrup."

Plum preserves are delicious on toast. This simple recipe will give you a nice amount for one session's work.

Fresh Plum Preserves, Idaho

4 pounds fresh plums (4 cups prepared fruit)
 4 cups sugar
 1/2 cup lemon juice

Wash, remove seeds of fresh plums, cut each half cross-wise. Add lemon juice, mix in the sugar. Allow to stand several hours or until small amount of syrup is formed. Boil rapidly until syrup becomes thick when a bit is cooled. Stir gently frequently.

Seal hot, using jar caps or paraffin. Makes 4 pints. If desired, stir in 1/4 cup shredded blanched almonds a few minutes before pouring into jars.

At our house we're getting a bit weary of pears. The tree out-did itself this year and we can't take care of all the fruit. In the past we've made a spiced pear jam and liked it. Why don't you try this recipe?

Ginger Pear Jam

4 cups prepared fruit (about 2 pounds ripe pears)
 5 cups (2 1/2 pounds) sugar
 1 box (2 1/2 oz.) powdered fruit pectin
 1/2 to 1 teaspoon ginger

Nothing new about this cold drink, but it's still good! Ginger ale or root beer poured over vanilla ice cream. Serve with straws after stirring well.

Homegrown Fruit Shares Spotlight With Meat

Does your market list look about the same every week? Or do you compare price and quality of similar foods before making your choices at the market? The shopper who becomes comparison conscious, is usually the most satisfied customer, says the Marketing Information Agent.

MEATS IN THE MARKET — Retailers report a better supply of heavy choice grade cattle coming to market. Retail prices show little change with exception of store features. Because more hindquarter beef is available, round, sirloin, porterhouse and rump may be featured in many stores.

For family fare the blade chuck roast might be served for 25 to 32 cents per portion. For company fare, the standing rib roast may be served for 35 to 43 cents a serving.

Most retailers report that wholesale pork prices were higher on ham and bacon this week; lower on loins from which the chops and pork roasts are cut. If you choose a rib-end pork roast a serving will be about 22 cents this week. The loin end roast will be 25 to 27 cents per person. The meaty Boston butt roast is 16 to 20 cents for the same size serving.

Poultry continues at prices similar to those of the last month. Fryers range from about 23 to 32 cents for an average size serving (about 3 ounces of cooked lean meat). Turkeys are a thrifter's choice at 15 to 30 cents for the same portion.

EGGS — When large size eggs are 44 1/2 to 50 cents a pound and small size eggs 31 to 35 cents a pound, as they are this week, which do you choose? If money is important, use three small eggs instead of two large ones while the small size is in season.

FROM THE FRUIT DEPARTMENT

MENT — A good supply of homegrown fruit continues to be harvested.

A good supply of peaches will be on hand for the next two weeks. Most are the Elberta variety. Firm-ripe is your clue for peaches to eat. They bruise less easily, yet ripen at room temperatures in 3 to 4 days. Full-ripe peaches should be canned or frozen immediately.

Bartlett pears are at their peak for canning. Most are medium in size. When you pack raw pears in boiling water bath 25 minutes for pints, 30 minutes for quarts. If the pears are heated through before placing in the jars, the time in the boiling water bath is 20 minutes for pints, 25 minutes for quarts.

Although a few Concord grapes come to market on the east side of Michigan, this is the season for them. Volume will increase from now until early October. Take an extra look when grocery shopping, or call the farmer's markets or producers who might have them.

When you buy grapes, look for full, compact bunches firmly attached to fresh looking stems. Buy in small quantities and get them often while in season. Grapes keep their natural sweetness, flavor and freshness in the refrigerator.

Tokay grapes from California are near their peak supply. You'll like the prices.

Blueberry season is just about finished, but prices are still very reasonable for the supply available.

The Wealthy apples are about harvested. Next comes McIntosh. These are still quite immature. You may enjoy them in pies or

sauce more than for eating at this harvest date.

FRESH VEGETABLES — A few crisp mornings should not dampen appetites for corn. There are plentiful supplies, quality is good, and prices continue about as they have been with an average of between 33 to 39 cents a dozen prevailing in many stores.

For the best corn flavor, choose ears on which the kernels at the tip are quite immature and undeveloped. For the best fresh flavor, choose corn which has just been picked or which has been kept cold with ice or refrigeration.

You won't be generous with

money, but you can be generous and serve plenty of cabbage this week. At five cents a pound, it is less than one cent a serving when eaten raw or less than one and one-half cents when eaten cooked.

Michigan potato quality is improved compared to last year. The crop is abundant. Most retailers rate the quality excellent. Prices are the lowest in years.

This is eggplant season. A glossy, uniform deep purple color is a guide to freshness. Lift it. Is it heavy for its size, firm and free from blemishes? If so, fine. Choose an eggplant between 3 and 6 inches

in diameter. The quicker you eat eggplant after purchase the better the flavor and quality. You may keep it up to 4 or 5 days in the refrigerator.

Soup Base of Lunch Dish

Like soup? You'll adore Blushing Bunnies. Add one third cup milk to one can tomato soup and heat. Melt golden cubes of sharp Cheddar cheese in your soup. Then for extra interest and flavor, add plump butter sauteed mushrooms or hard cooked egg quarters... or both. Serve on buttered toast or crackers. Ummmmmm delicious.

Take Cheese Tip From Europeans

A first trip to and around Europe almost invariably stamps indelible memories of little European breakfasts. No matter how humble your lodgings, a tap on the door early in the morning usually means a hot coffee with steaming milk, a fresh-baked roll and, in some countries, fresh fruit and cheese. Your breakfast-weary family might well sit up and take note of these new breakfast ideas.

Breakfast Cheese With Bartlett's
Your pears, of course, will be chilling in the refrigerator overnight. In the morning, core and quarter them; squeeze a lemon over the surfaces. Mix cottage cheese with a little sour cream, salt and coarse black pepper. Spoon on pear quarters and top with jelly.

Processed Cheese With Fruit Bowl
You can buy small rounds of processed breakfast cheese, bland and creamy, to spread on crisp crackers or a choice from the fresh fruit bowl. Dried fruit—apricots, peaches, prunes and the like—are also good with this cheese if they're not too dry.

Cream Cabbage in Fat-Free Thin Sauce

Any calorie-counters in the house? This cream sauce for cabbage is made without fat.

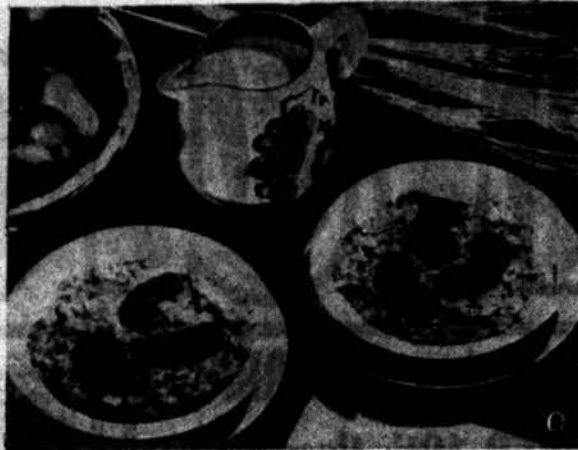

Parsley Creamed Cabbage
4 cups coarsely shredded green cabbage (firmly packed)
2 teaspoons instant dried onion
1 cup boiling water
1 cup cold water
1/2 cup nonfat dry milk powder
1/2 teaspoon salt
1/8 teaspoon white pepper
1/4 cup finely chopped parsley (loosely packed)

Turn cabbage, onion and boiling water into a 10-inch skillet; cover and boil gently until cabbage is partly tender—about 5 minutes. Drain cabbage; save liquid.

Put cold water, nonfat dry milk powder, flour and salt in the top of a double boiler; beat gently with whisk or rotary beater until there are no lumps. Cook and stir constantly over simmering water until thickened; stir in 1/4 cup of the cabbage liquid and the parsley.

Cook and stir a few minutes longer. (Sauce should be on the thin side.) Add cabbage and pepper; reheat. Makes 6 servings.

Pep up tomato juice to be served as a first course by adding Worcestershire sauce, lemon juice and celery salt.

JOHNNY APPLESEED BREAKFAST—Here's a quick and easy breakfast that is tasty, colorful and nutritious. Serve instant whole wheat cereal, the kind with wheat germ added, topped with red cinnamon apple wedges.

Garnish Hot Cereal With Spicy Apples

A Johnny Appleseed breakfast, one that features gay red cinnamon apples with golden whole wheat, is truly a harvest festival breakfast.

Johnny Appleseed, you know, was that delightful little man who, many years ago, walked through the Eastern and Middle Western sections of the country planting apple seeds. Many of the wonderful, crisp and juicy apples that are on the market right now are descendants of those same trees that Johnny planted. Many of the original trees were planted in what are now fields of wheat that provide delicious, nourishing, instant whole wheat cereal, the kind with extra wheat germ added.

How do you prepare cinnamon apples and whole wheat? It's easy and doesn't take very much time. There are two ways to prepare the cinnamon apples. For the first method, pare and slice apples into wedges about a half inch thick. Dissolve red cinnamon candies and sugar in water. Cook the apples in the syrup until they are just tender.

Refrigerate until the next morning when you are ready to spoon the apple wedges on the steaming hot cereal. The other way to make cinnamon apples is even easier. Just open a can of pie apples and cook them in the cinnamon candy, sugar and water mixture.

The next morning, breakfast will take just as long to prepare as it takes the water to boil for the instant coffee and instant cereal. As the family eat their gay Johnny Appleseed breakfast, you'll know

that you are serving good nutrition and that they are having one of the tastiest breakfasts that you can give them.

You'll know, too, that the high quality protein, vitamins and minerals furnished by this whole grain cereal and milk breakfast will keep all of the family going full steam ahead through all of the morning hours.

Cinnamon Apples on Cereal
4 medium apples
1/2 cup sugar
1/4 cup red cinnamon candies
1 cup water
Instant whole wheat cereal
Pare and slice apples into wedges one-half inch thick. Dissolve sugar and candies in boiling water. Cook apples until just tender. Cover and refrigerate. Prepare ten-second instant whole wheat cereal according to directions on box. Serve chilled cinnamon apples on cereal.

Treat Celery Right to Keep It Crisp

Cool, crisp and crunchy are three good reasons why celery is a favorite relish and salad food. To keep it at its crunchiest, it needs moist cool storage reminds the Marketing Information Agent.

Wash celery, wrap it in a damp cloth and place it in the refrigerator hydrator. Leave the root on to help keep the stalks moist.

You can add celery to your market list for pennies less than usual this week. Supplies of Michigan celery are at their peak. Growers report the finest celery crop ever. Quality is excellent.

When your wash is Clorox—clean it's sanitary-clean... safer for family health. No other bleach... no other home laundering product... equals Clorox in germ-killing efficiency! Add Clorox to your wash every time!

KEEP AN EXTRA BOTTLE HANDY FOR HOUSE CLEANING!

Star Bartlett Pears in Appetizing Salad

Bartlett pears are on the market for enjoyment in late summer and fall menus. Enjoy their juicy, sweet flavor often. Pears combine with other fruits to make delicious desserts and salads. Fruit salads are universal favorites and pungent Bartletts make them even more interesting and healthful.

It is not even necessary to peel the golden pears. Wash and cut them in halves. Remove the core with a half-teaspoon measuring spoon which does a professional job! To prevent the pears from becoming dark upon exposure to

air, marinate in French dressing or lemon juice for a few minutes before adding them to the other salad ingredients, or serve them "solo" on crisp salad greens!

Besides fruit salads, pears combine deliciously with cheese in its many varieties. Probably cottage cheese is the most popular version of a pear-cheese salad. But grated cheese, blue cheese added to mayonnaise or French dressing, or Parmesan cheese sprinkled over sour cream atop marinated pear

halves are other suggested combinations.

Bartlett pears for perfection in eating should be golden in color, still firm in texture. To test the maturity of the pear, hold it firmly and press lightly. It should feel firm, yet yield to the gentle pressure. If allowed to overmature, pears become soft and mushy and lose their crisp yet tender texture. If eaten while still underripe, they will not be full flavored.

Buy an adequate quantity of

Bartlett pears for fresh eating and an extra supply for canning and freezing. Bartletts are delicious when canned for use in sauces, salads, and desserts. Pickled or spiced, they make a delicious meat accompaniment. Combined with other fruits or used alone they make golden jars of preserves to gladden winter menus. Frozen, they bring fresh texture to salads or cocktails for special occasions.

Western Fruit Salad

4 ripe Bartlett pears
14 freestone peaches
16 pineapple cubes
8 maraschino cherries
3-ounce package cream cheese
Coconut
Lettuce
Sweet French dressing

Line four salad plates with crisp lettuce. Wash Bartlett pears and

slice into eighths. Dip slices into pineapple juice to prevent darkening. Wash, halve and pit freestone peaches. On the side of each plate place two peach halves, cut side up. Arrange pear slices around peaches with tips pointing toward edge of plate.

Roll eight cream cheese balls in coconut. Place one in center of each pear half. Garnish with pineapple and cherry sticks made by inserting on a toothpick two pineapple cubes with a maraschino cherry in between. Serve with a sweet French dressing. Will serve four.

Some good cooks like to add sausage meat to a ground beef loaf.

Marinated Fruit Is Different Dessert

NEW YORK (UPI) — Fruit kabobs make a tasty "barbecued" dessert.

Prepare a marinade of 1 cup pineapple juice, ½ cup maple syrup, and ½ teaspoon chopped mint. Add 2 bananas cut in cube, 2 unpared, wedged apples, 6 halved peaches, 1 cubed fresh pineapple, and 1 grapefruit cut in segments. Let fruit stand in marinade for 30 minutes.

Preheat grill or griddle. String fruit on 6 metal skewers, alternating fruit sections. Brush grill with

melted butter, and grill kabobs for 5 to 8 minutes until fruit is lightly browned. Baste with marinade. Serve hot.

Leftover Fish in Spread

When you have leftover fish make it into a cocktail spread. Mince the boned and skinned flesh by beating lightly with a fork, moisten it with olive oil, enough oil to give the mixture a paste-like consistency, then add mayonnaise to make it creamy. Season it to taste with a few drops of lemon juice, a dash of salt (but be careful not to add too much salt) and finely-minced garlic. This makes a delicious spread to be served with crackers.

Cherry Sauce Dresses Up Variety of Desserts

Looking for one recipe to use time and time again and get compliments instead of not-this-again complaints? Solve the problem with an easy-to-make hot cherry sauce, using a 1-pound can of tart red pitted cherries.

Combine 1 tablespoon corn starch one-third cup sugar, ½ teaspoon grated lemon rind, ¼ teaspoon salt in saucepan. Drain cherries; stir liquid into dry ingredients and cook, stirring constantly, until mixture comes to a boil. Boil ½ minute. Add ¼ teaspoon red food coloring and cherries. Yield 6 servings.

Malik of Lebanon President

Fill U.N. Assembly Posts

UNITED NATIONS, N.Y. (UPI)—Here is the organization of the 13th regular session of the United Nations General Assembly:
 President: Dr. Charles Habib Malik, foreign minister of Lebanon.

Vice presidents (elected by countries): The United States, Ecuador, Britain, France, Pakistan, Uruguay, Russia, Australia, Indonesia, Nepal, Czechoslovakia, The Netherlands and China.

Committee chairmen:
 Main political committee: Ambassador Miguel Rafael Urquiza of El Salvador.
 Special political committee: Ambassador Mihai Magheru of Romania.

Economic and financial committee: Toru Hagiwara, Japanese ambassador to Canada.

Social, humanitarian and cultural committee: Mrs. Lina Tsaldaris, member of the Greek parliament and widow of a former premier of Greece.

Trusteeship committee: Ambassador Frederick H. Boland of Ireland.

Administrative and budgetary committee: Ambassador Sir Claude Corea of Ceylon.

Legal committee: Jorge Castaneda of Mexico.

These 21 persons constitute also the assembly's general, or steering committee.

Report Arab Nations OK U.N. Observers

UNITED NATIONS, N.Y. (AP)—The United Arab Republic, Jordan and Lebanon are reported to have agreed to a plan for U.N. peace representatives in their countries.

Sources said last night the three nations gave their consent to Secretary General Dag Hammarskjöld on his recent Middle Eastern trip.

Hammarskjöld is to report to the General Assembly by Sept. 30 on his progress toward insuring peace in the troubled area and facilitating withdrawal of U.S. troops from Lebanon and British forces from Jordan. U.N. officials declined to comment on his progress.

Hammarskjöld was believed to have advocated a plan for what was called a U.N. presence in the three countries to watch for foreign interference. Both the outgoing government of Lebanon and King Hussein of Jordan have accused President Nasser's United Arab Republic of trying to overthrow them.

Gertrude is the Teutonic word for spear maiden.

Medical Society Auxiliary Holds Membership Tea

Pontiac Press Photos
Mrs. Maxwell L. Shadley (left) pours a cup of tea for Mrs. James W. Gell at the annual membership tea of the Auxiliary to the Oakland County Medical Society.

Tea chairman, Mrs. Alexander Budd (left) poses with Mrs. Ralph Fox. Mrs. Fox was hostess for the affair held Wednesday at her home in Bloomfield Hills.

At the tea, Mrs. Charles Sempere (left) and Mrs. Alphonse Zujko had a chance to look over the auxiliary's year book. Both agree plans for the coming year look interesting.

Discussing plans for the coming year while enjoying a cup of tea are Mrs. Edward Gates (left) of Ortonville and Mrs. L. Jerome Fink of Ottawa drive.

Personal News of Interest

Ada Shelly has returned to her home on Washington street after a three-month stay in Bay View where she was librarian at the Bay View Associate Library.

Returned from Dallas, Texas, are Mr. and Mrs. Curtis Patton of South Tilden avenue. In Dallas they attended the National Association of Life Underwriters Convention.

Mrs. Don R. Cotterman of West Iroquois road has returned to her home after accompanying Mrs. James King and Mrs. Mark Dean of Akron, Ohio, on a vacation trip to the Upper Peninsula, the Wisconsin Dells and Chicago.

Panel Talk Is Given for Nurses

An open meeting of the Oakland County District Nurses Association was held Tuesday evening at McAuley School of Nursing.

A panel discussed "Trends in Obstetrics" and a film, "The Story of Loren Gave," was shown.

Panel members were Dr. Thomas Sanone, Dr. Everette Gustafson, Dr. Ferdinand Gaensbauer, Mrs. Gail Buckles, Mrs. Jack Casey, Elaine Bevin and Mrs. John Jadin. Moderator was Mrs. Xavier Okon.

Square Dance Classes Slated Oct. 1 to Nov. 19

The Pontiac Parks and Recreation Department's beginners square dance class will be held from 7:30 to 9:30 p.m. each Wednesday, Oct. 1 through Nov. 19, in the multipurpose room at Malkin School.

Instruction will be given in basic fundamentals of square dancing as well as the latest combinations in dance figures.

Registration for classes may be made by calling the Parks and Recreation department.

Participants should dress comfortably; women should wear low heeled shoes.

Mr. and Mrs. William G. Kemp of East Hammond Lake drive returned from a trip to South America.

They sailed on the new Santa Rosa which stopped at Nassau, Jamaica and the Dutch Island of Aruba.

One highlight of the trip was when Mrs. Kemp caught a 70-pound marlin on a 20-pound line off the coast of Venezuela. The fish was within pounds of the national record.

The Rev. Edward D. Auchard, pastor of Orchard Lake Community Church, Presbyterian, will address the Abraham Lincoln Civil War Round Table of Michigan on Tuesday at Greenfield Village.

His subject will be "Robert E. Lee and the Other-Side of the Civil War."

Mrs. Fritz Stoddard of Ottawa drive had as visitors this past weekend, her cousin Hans Egon Helmchen from Bunde, Germany, and Mr. and Mrs. Heinz Hapelt of Bavaria and their daughter, Eleanor, who have been visiting friends in Cincinnati, Ohio.

The guests left Tuesday evening for a tour of the eastern states before returning home.

Clarice Jean Graves of Dick avenue is a freshman at Michigan State University. She is taking secondary education, journalism and speech.

Miss Graves was awarded a scholarship by the university as well as one by Asher Student Foundation, sponsors of Asher House for Christian Scientists.

Richard Gustafson of Mt. Royal avenue is a freshman at University of Michigan this fall.

John Edwin Howell of Judson street is a freshman at the University of Michigan where he is in the School of Literature Arts and Science. He is a member of the marching band and of the Air Force ROTC.

Mr. and Mrs. James H. McIlraith Jr. (nee Patricia Ann Stone) of Clarkston announce the birth of a son, Jerry Dwayne, born Sept. 5 at St. Joseph Mercy Hospital.

Grandparents are Mr. and Mrs. Glyn D. Stone of South Sanford street and Mr. and Mrs. James H. McIlraith of North Shirley avenue.

You Will Have to Use Tact

By EMILY POST

"Dear Mrs. Post: Are in-laws still in-laws in a situation like my own: My husband died several years ago and I have remained friendly with his family. In fact, I am very devoted to his mother. Now that I am engaged and going to marry again, do they no longer remain my in-laws?"

Answer: There is no reason why you should cease to care for your first in-laws. In fact, it would be very cruel not to do so. But I cannot too strongly emphasize the need for tact as well as tact in bringing the first and second in-laws into contact with each other—including your prospective husband. With thoughtfulness, common sense, and sensitive awareness of the individual feelings of all concerned, complete success has been and can be achieved.

"Dear Mrs. Post: Is it true that when a girl and man talk to each other on the telephone, she is expected to say goodbye first?"

Answer: Ordinarily, yes. It is rather rude for a man to be the one to say good-bye unless of course he is at his office when it would be excusable for him to explain, "Sorry, but there is someone on the other telephone," or "Sorry, someone is coming in with whom I have an appointment." But if he is at home it is difficult for him to do anything but listen at the other end until she has finished.

"Dear Mrs. Post: Is it correct for an engaged couple to give wedding presents, etc., jointly, or is this not supposed to be done until after they are married?"

Answer: To their friends, a joint gift is quite customary.

Dear Abby...

Three-In-One 'Thank You' Notes Would Cut Time—and Friends!

By ABIGAIL VAN BUREN

"DEAR ABBY: I am afraid I am a little slow about getting around to writing 'thank you' notes. I have been married five months and I haven't sent the 'thank you's' for my wedding gifts. I am expecting a baby in four months. I know there will be some baby showers for me. Do you think it would be all right if I waited and thanked my friends for everything in one note? They are all the same people."

NO WRITER
"DEAR NO: Certainly not! Each gift deserves an individual 'thank you.' Get busy and write them!"

"DEAR ABBY: I am a girl of 17. My grandparents are invalids and very old. My parents expect me to stay here with them and not go anywhere. I know they only have a few short years to live but do you think I should give up the best years of my life, giving up parties and dates to take care of them?"

OLD PEOPLE SITTER
"DEAR O. P. S.: Surely you are not expected to stay with your grandparents night and day? Someone else in the family can relieve you one or two evenings a week. In the meantime, be thankful that you are the one who is young and healthy and doing the 'sitting' instead of 'being sat' with."

"DEAR ABBY: What would you do about a mother-in-law who walks in and out of your bedroom all hours of the night to look and see if the baby is all right? She doesn't think I

am capable of watching. Don't tell us to move as we are living with her and we can't afford a place of our own just yet. Do I have to stand for this or not?"

GOING CRAZY

"DEAR GOING: You do not! Have a lock put on your bedroom door."

"DEAR ABBY: Recently, after doing my shopping, I came home in a taxi. A woman sitting in the seat beside me spied my portable radio. She asked me if I took it shopping with me and I said, 'Yes' and then she said, 'What on earth for?' I replied, 'To hear the news and baseball scores' and then she looked at me like I was crazy and said 'GLORY BE, WOMAN!'

"I held my tongue, but how I wished I could have recited the little rhyme I learned in Bible School. It went like this: 'I am not what I ought to be, I am not what I want to be, I am not what I hope to be, But by the Grace of God I am what I am.'"

"DEAR ABBY: My son and his wife come to visit us every Sunday and they bring their two little children. These children act like they were raised in the wilds of Africa. They never speak, they shout. They turn the chairs over and play 'rocking horse' and take the sofa cushions out and push them across the floors."

"They wipe their hands on the curtains and kick at the furniture with their shoes. If we say anything, they say we think more of our furniture than we do of their children. How can we make them understand that we love the children but do not want our home in shambles?"

GRANDMA

"DEAR GRANDMA: Don't blame your grandchildren be-

cause their parents failed to give them the proper training. If you value your furnishings, you and Pa had better go to visit your grandchildren at their home."

"DEAR ABBY: May I answer 'Mother of Seven' who was all for Grandma's hard child-bearing method who said, 'Brave the pain and like it!' Your reply was superb and correct. I can never stop grieving for a lovely school teacher mamma who bore her 11 babies in a farmhouse. She screamed loud enough so that we children were terrified. At 47 she died, her last attempt to bear a child. She buried six. Thank God today we are enlightened and medical science has made child-bearing practically painless."

THANKFUL

"DEAR ABBY: One of our neighbors is really a terrific person when it comes to handling children. She has a wonderful disposition and nothing bothers her. All the neighborhood children love to go to her house because she plays games with them and tells them stories and they adore her. Our problem is this: 'She can leave dishes in

her sink for a week and never trouble to make her beds or sweep up. Her kitchen is always a mess and she insists on feeding our children. I get sick when I think that my children eat over there. How can I tell her not to feed my children from her filthy kitchen without hurting her feelings?"

TACTFUL

"DEAR TACTFUL: First, instruct your children that they are not to eat 'between meals' and if they get hungry to come home. Then tell your neighbor that your children have promised not to eat between meals and she could help by not offering them anything."

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Thoughtful Gift

Celebrating a birthday? Then give yourself the birthday present of a physical checkup, especially if you are 35 or over. Make it an annual event, for this simple system guarantees the celebration of subsequent birthdays and the fullest enjoyment of every other gift.

Birmingham Highlights

Dr. Mead Slated on Town Hall

By RUTH SAUNDERS

BLOOMFIELD HILLS—Mrs. Clarence Hatch Jr., chairman of the luncheon and fashion show Wednesday at Oakland Hills Country Club, entertained a group of friends at the luncheon. Her assistants were Mrs. Carl W. Sundberg, Mrs. John L. Scolaro and Mrs. Kenneth Sanden.

Her other luncheon guests

were Mrs. J. N. Hastings, Mrs. J. L. Thornhill, Mrs. George W. Davis, Mrs. Lawrence R. Nelson, Mrs. S. J. Rosema, Mrs. J. H. Forshee, Mrs. H. L. Lucas, Mrs. W. B. Booth and Mrs. Philip C. McHugh.

Mrs. George H. Cary, president of the board of directors of the Birmingham Town Hall, announces the first of the speakers for the coming season will be Dr. Margaret Mead, adjunct professor of anthropology at Columbia University. She will speak both Thursday and Friday, Sept. 25 and 26 at 11 a.m. at the Birmingham Theater, and be the honored guest at the celebrity luncheon both days at Birmingham Country Club.

At the speakers table with Dr. Mead Thursday will be Mrs. Cary, the Rev. Dr. Kenneth M. Gass, rector of St. James Episcopal Church, and Mrs. Charles Renfrew, hostess of the day.

On Friday with Mrs. Cary and Dr. Mead will be Mrs. Morris M. Halsted, hostess; Mrs. Graham J. Graham, Mrs. William T. Gossett, and W. Eugene Snodell of St. James Church.

On Thursday Mrs. David H. Lynn will entertain at a tea for Dr. Mead in her home on Middlebelt road. Mrs. Lynn is president of Barnard College alumnae in this area and Dr. Mead is a member of Barnard's board of directors.

Dr. Mead has been called "The South Seas roaming research anthropologist." She is an ethnologist, author of other books and associate curator of the American Museum of Natural History.

Going to Highland Park, Ill., to attend the wedding Saturday of Carl A. Underhill Jr. to Lynn Fentress Saturday after-

noon are Fred Ward of Pontiac, Mrs. John Earle, Mrs. J. G. Neal, Mr. and Mrs. J. S. O'Gorman Jr. and daughter Sharon, the Jack Lawrences, the William F. Klenkes, Mr. and Mrs. Genaro A. Florez, Mr. and Mrs. Robert Craig, Mr. and Mrs. M. R. Liles and Mr. and Mrs. C. Hugh Whitelaw, and the Richard C. Scales. Mr. and Mrs. Underhill, with Barbara and Gigi and the bridegroom-elect and Peter Whiting, motored over Wednesday. They are staying at the Shore Line Motel in Highland Park which the Underhills took over for their family and guests.

Mr. and Mrs. Clyde Craine Jr. are entertaining Mrs. Paul Villeneuve of St. Paul, Minn., as their house guest for 10 days.

Bride-elect Denise Robins will be honored at luncheon Friday at Bloomfield Hills Country Club. Her joint hostesses are Mrs. Beverly Boyd, Mrs. James Wernli, and Mrs. Gordon H. Robertson. Denise will be married Sept. 27 to Ronald Seiber of Pasadena, Calif.

125 Attend PTA Meeting

Some 125 persons were present when members of the McCarrall School PTA held their first meeting of the school year Wednesday evening.

Marjette Spring, school principal, introduced teachers to the group, and Mrs. Farris Stevens, PTA president, introduced the board.

Arrangements were made for the PTA-sponsored school fair to be held Oct. 10 with Mrs. Sidney Olson as chairman.

The fall fashion show brought out 200 members to Forest Lake Country Club Wednesday when fashions were shown by Bloomfield Fashion Shop.

Mrs. Wilma Thomas Dickinson (left) was wearing one of the new "relaxed" dresses and a very attractive "wig" hat of white feathers. Mrs.

Edwin J. Dobski chose the ever-fashionable slim silhouette for the luncheon and show.

Live in Present

Happiness Is By-Product, Not Goal

By JOSEPHINE LOWMAN

It seems that those who make happiness their goal find it elusive, while it comes to others without a search. To them it's a by-product of constructive living and thought.

Haven't you known people who've taken blow after blow from fate, who are far from well off financially, but who seem filled with the joy of living? They seem to have some inner quality which makes life seem brighter when we are in their presence.

Haven't you known others who have plenty of the world's goods, wonderful children, good health, and a happy home life, who are fretful and restless and frustrated. It might be interesting to investigate what habits create deep satisfaction and a sparkling spirit. I'd like to guess!

At some time along the way it seems to me that the truly happy person realized that happiness must come from within. In the last analysis, we must find emotional security within ourselves. We must be at peace with ourselves.

Then, too, happiness may be the result of a long series of wise choices. Do you ever stop to think that we are making choices hour by hour, day by day, month by month, and year by year? We are constantly making choices which will have a tremendous effect on our lives. Too often we short-change ourselves by being influenced by a short-range view.

I think that perhaps the most important characteristic of all is the ability to be keenly aware and to live vibrantly in the present, rather than mulling over the past or dreaming of the future.

If we live in the future, we push exciting, pulsating reality back and damage present happiness with the anesthesia of future expectations and hopes.

It is so important to be content with what we have; otherwise we are superstitious to everyday happenings which make up the sum total of happiness. If we always are striving for things we do not have, we become insensitive to the simple companionship of family and friends, to tenderness, to laughter, to the aroma

of coffee on the stove, to the changing moods of the seasons, to the wonderful potentialities of the people we know.

All about us lie the ingredients from which inspiration, satisfaction and humor can be extracted.

Last but not least, health plays a tremendous part in our happiness. Our physical, emotional and mental selves are intimately correlated.

If you would like my leaflet "Individual Happiness" send a stamped, self-addressed envelope with your request for leaflet No. 65, Address Josephine Lowman in care of this newspaper.

Tomorrow: "This Exercise is Good for, Both Stomach and Waist."

Let Husband Have His Boyish Dreams

By RUTH MILLET

"Don't be silly" is one of the most devastating remarks a middle-aged wife can make to a middle-aged husband.

"Don't be silly," she says when he talks of trading his business car in on a sporty looking little foreign number. He's not being silly. He's just trying to recapture a little of that feeling of being a dashing fellow.

"Don't be silly," she says when he holds her tight on the dance floor.

He's not being silly, just romantic. He is saying, "We may not be kids any more, but you're still my girl when the orchestra quits playing rock 'n' roll and goes in for a dreamy waltz."

"Don't be silly," she says when he wishes out loud he could take flying lessons.

He's not being silly. He just wants to do something a bit more daring than going to work in the morning and coming home at night to pilot a power mower.

"Don't be silly," she says when he is cutting up at a party. He's not being silly. He's just shaking off for a little while the middle-aged cares and responsibilities that sometimes get to weighing him down.

"Don't be silly," she retorts when he talks big about doing something they both know they can't afford and probably never will.

He's not being silly. He knows very well he's just talking. But if he wants to dream, why spoil his fun? Dreaming doesn't cost anything — not anything at all.

Never tell a middle-aged man not to be silly. Because when you do you're saying, "You're too old for that," or, "It's already too late for that."

Any man worth his salt keeps a bit of the boy in his heart all of his life. And it's a thoughtless woman who tries to kill it with "Don't be silly."

Host PEO Picnic

Mr. and Mrs. Waldron Keasey of Holly were hosts to members of Chapter CL of PEO and their husbands at a picnic Saturday evening. In charge of arrangements were Mrs. Charles Buck, Charlotte Baird, Mrs. Victor Lindquist, Mrs. Keasey and Mrs. Carmi Odell.

Circle Gathers

Elizabeth Circle of First Christian Church met with Mrs. William Hoyt on Otter drive Tuesday for a dessert luncheon. Mrs. Paul Colton and Mrs. Harry Kuntze were in charge of the program.

By Iota Eta Chapter Committees Announced

Committee members announced by President, Mrs. Paul Hoskins of Iota Eta Chapter of Pi Omicron National Sorority include Mrs. Hugo Harnack, house; Mrs. Orville Judd, historian; Mrs. John Chumming, philanthropic; Mrs. Jon Karau, ways and means; Mrs. Stig Danielson,

publicity, and Mrs. Nettie Collins, sunshine.

Others are Mrs. Raymond Clemens, attendance; Mrs. E. Verne McCall, pharos; Mrs. Mrs. Leon Skelley, program; Mrs. Buhl Burt, parliamentarian; Mrs. McCall, Pontiac Advisory Council; and Mrs. Wilda Burt, perfume.

The chapter also announces the formation of the Pontiac Council consisting of the three local chapters, Iota Eta, Sigma Gamma and Phi Kappa Tau.

Mrs. Jon Karau was a delegate of the chapter to the Michigan State Conference held at Kellogg Center, East Lansing, in June, and Mrs. Bernadette Arnold was a delegate to the national convention held at Cedar Rapids, Iowa, at which time Mrs. Edwin Wallin of Midland was elected national president.

Anne and Gail Hammonds play last duets together as the sisters prepare to go separate ways. Anne, who has spent two years at Smith College, will enter the University of Michigan,

and Gail enters Bloomfield Country Day School. They are the daughters of Dr. and Mrs. E. E. Hammonds of Bloomfield Hills.

Monday Event to Open Fall Season

Hills Garden Club Plans Fair

Members of the Bloomfield Hills branch of the Woman's National Farm and Garden Association will open their club season with the annual Fall Fair to be held at the Bloomfield Hills home of Mrs. Robert VanderKloot Monday beginning at twelve noon.

Mrs. John B. Hammond is chairman of the event, with the following committees: Mrs. Carl Larson and Mrs. Ray-

mond Twyman, decorating and dried arrangements; Mrs. John Nagel and Mrs. Rodman Turner, bake sale; Mrs. Lester Colman and Mrs. Charles Chubbuck, plants and bulbs; Mrs. Robert Sadler and Mrs. Govan Hill, baskets and aprons.

Others are Mrs. John Tebben, jams, jellies and fruits; Mrs. Leslie Green and Mrs. Earl Thompson, farm produce; Mrs. Edwin Watson and Mrs. Herman Scarney, white elephants; and Mrs. Donald O'Toole, auction.

GIFTS FROM AFAR

Mrs. E. S. Wellock and Mrs. Robert Taylor are in charge of a booth, "Around the World in Eighty Days," which will feature gifts from far away. Danish cookies baked especially for the occasion will be sold by Mrs. Edgar Flint and Mrs. Russell Strickland.

Luncheon will be served continuously by Mrs. L. A. Wine-man, Mrs. Willis Anderson, Mrs. Henry Johnson, Mrs. E. J. Anderson and Mrs. Alan Lofthorow.

Members of the telephone committee are Mrs. Horace Shaw, Mrs. E. M. Beresford, Mrs. W. G. Ferguson, Mrs. James Longwell, Mrs. Bert Uebele and Mrs. Carl Snyder.

Although the Fair is not open to the general public, members may bring guests.

Invitations have been extended to the Osage and Grand Marais branches, both originally sponsored by Bloomfield Hills.

All proceeds will go to the scholarship account which makes possible the annual con-

tributions to every scholarship fund currently sponsored by the Michigan division of the Woman's National Farm and Garden Association.

The bowhead whale has a mouth big enough to hold a cow. But, its throat can swallow nothing larger than a small herring.

What Young People Think:

How Cope With Menace of Teenage Gangs?

By EUGENE GILBERT

Gilbert Youth Research Co. They know the language of gangland. They know a zip gun can be made easily from a piece of lead pipe and a spring. But when you ask them how to stop a "rumble"—the current idiom for gang battle—their outlook is pretty hopeless.

Answers like "Not a darn thing," and "You can't do anything because there are too many gang members" from teenagers we polled in our nationwide survey showed the majority was unable to offer any solution for these vicious outbreaks of violence.

Sixty-two per cent of the youngsters took this attitude of resignation and futility.

A minority of those questioned, 41 per cent, favored strong police measures. The balance pleaded for greater understanding.

"Quick police action at the scene of the rumble," was the recommendation of Judi Greenberg, Valley Stream, N. Y.

Robert Drake of Hoosick, N. Y., was more specific. "Beat them up," he said. David Melby of Dalton, Minn., agreed, stating the gang fighters should all be hauled into court.

But Carol Jean Weiant of Peekskill, N. Y., made a plea for teen centers with planned recreational facilities "that teenagers like," and others recommended "more things for kids to do at night besides standing on the street."

The youngsters insisted that only a tiny minority of their age group are gang members. Eighty per cent of the boys questioned — and 87 per cent of the girls — disclaimed any knowledge of neighborhood gangs in their areas, even though many who were interviewed live in the country's largest cities.

They took a strong moral tone toward the gang members, flat-

ly condemning those who belonged as "bad," and announced that even if there were need to band together for self-protection, they would not join a gang.

But protection was listed as a secondary reason for gang membership. By the 18-per cent who said gangs existed in their neighborhood. The majority felt gangs existed to cause trouble, that being the conclusion of 61 per cent of the boys, and 73 per cent of the girls.

Asked if they carried any type of weapon, if they had ever used a weapon, and if this use was justified, the youths overwhelmingly answered "no." Ninety-eight per cent said they did not carry any weapon, and nearly the same percentage, 93, stated they did not think having a weapon was ever justified. Nor did they know many of their classmates or associates who did.

The teenagers reiterated their insistence on strong police action. "For rough youngsters, strict discipline is necessary," said Sharna Chernoff, 19-year-old from West Hartford, Conn., while 17-year-old Charles Vinci of San Marino, Calif., announced that "if kids get off easy, they will repeat." New York City resident Jerold Altman, 19, said, "They must be taught a lesson, and this (strict punishment) helps teach them a lesson."

Lower than the lowest in the youngster's estimate is the girl gang member. Only 2 per cent

knew of any girls in gangs, and as Gary Spots of Creve Coeur, Mo., said, such a girl must be "a rather low form of person."

When questioners dug into the reasons for forming gangs and starting gang wars, many teenagers showed adult perception of these motivations. The need for belonging, a desire to show off, and the realism of joining a gang for protection were mentioned most frequently.

And in the case of female gang members, emotions like loneliness, lack of affection at home, and a feeling of inferiority were frequently mentioned as causes.

Mrs. Knudsen Entertains Pillar Club

The Pillar Club met Tuesday evening for a cooperative dinner at the home of Mrs. William Knudsen on Navajo road.

Assisting the hostess were Mrs. Paul B. Taylor, Mrs. Frank McPeck, Mrs. Ethel Sensibaugh and Mrs. J. A. Rammes.

Following the business meeting conducted by president Mrs. L. L. Dunlap, Mrs. Arthur W. Seiden reviewed "This Hill, This Valley," by Hal Borland.

The October meeting will be held at Pontiac Federal Savings and Loan building.

Waterford Sets Concert Dates

The piano team of Ferrante and Teicher will be featured when the Waterford Township Civic Music Association's first concert of its 1958-1959 series is held at 4 p.m. Oct. 19 at Isaac E. Cray Junior High School.

The two young concert pianists have been playing together since the age of six, having met at students at the Juillard School of Music, New York. They have become widely known through recordings, concerts, and radio and television broadcasts.

The date for the second concert is Nov. 23, when Mildred Dilling will appear. Known as America's "First Lady of the Harp," Miss Dilling also has won acclaim in South America, Mexico, Cuba,

Hawaii, the British Isles and continental Europe. Her performance also will begin at 4 p.m. at the school.

The dance team of Goss and Whetsel has been engaged for an appearance Feb. 23. Robert Goss, baritone, and Louise Whetsel, soprano, won recognition in such Broadway hits as "The King and I," "Most Happy Fella," and "Rain in Spain." They are also radio and television performers.

Membership cards listing the concerts are being printed and will be in the mail within the next two weeks, according to Neil Hunter, president of the Civic Music group. The number of concerts and the Sunday performance dates follow requests made by the association members during last spring's campaign.

Redstone Shoot Called Success

Report Army Winding Up Test Program of 250-Mile Rocket

CAPE CANAVERAL, Fla. (AP)

Another successful space test has been logged by the Army's Redstone, the nation's only operational ballistic missile. The 63-foot Redstone, which reportedly twice exploded nuclear warheads in the Pacific recently, roared aloft from the Cape yesterday with a flash of orange flame.

The shoot was part of the wind-up of the test development program for the 250-mile rocket that now is deployed in Germany, as part of the NATO defense force.

The Army announced it was the 33rd successful Redstone launching in 36 tries since the missile first was fired in 1953, the most sensational record of any ballistic missile to date.

The versatile Redstone provided

the first stage power for the Jupiter-C to push three Explorer satellites into orbit and now is being considered as a launching vehicle for a man-in-space program.

The Redstone was developed by the Army Ballistic Missile Agency and produced by the Chrysler Corp.

Rhode Island Governor Wins Primary Verdict

PROVIDENCE, R.I. (AP)—Gov. Dennis J. Roberts has won nomination for his fifth term as governor in the Rhode Island Democratic primary.

He defeated his only opponent, Lt. Gov. Armand Cote, polling 52,975 votes yesterday to Cote's 41,553. It was one of the most bitterly contested primaries in the state's history.

High Court More Active

WASHINGTON—The United States Supreme Court disposed of 1,783 cases during its 1957-58 term compared with the average annual disposal of 1,417 cases over the past 11 years. The number of opinions rendered totaled 203 compared with 186 for the previous term.

Next Moon Try Guarded Secret

Army Working Hard, Keeps on Schedule Set at Start of Project

DETROIT (UPI)—The Army's missile chief won't say when the proposed Army moon rocket will be launched.

Gen. John B. Medaris, head of the Army's Redstone Arsenal, told a press conference that it would put his technicians under undue strain if he revealed the date of the moon shot.

"We are working hard on the project and we are on the schedule we set when the project was first assigned to us," he said. Medaris spoke at the annual meeting of the American Rocket Society.

A previous attempt to fire a rocket around the moon failed last month when an Air Force Thor missile blew up in flight.

Medaris said the impact of space flight on industry will in time be as great as the development of airplanes. He said it would eventually be possible to use missiles for "transportation from place to place."

Dr. George E. Valley Jr., chief scientist for the Air Force, said industry in the near future could look forward to production quantities of some missile items.

"Perhaps one of these is in the area of booster rockets," he said. Valley said two or three standard booster rockets could be produced on a production line.

Bob Considine Says:

Mounds of Telegrams Back Gov. Faubus

LITTLE ROCK—Governor Faubus' office permitted me to browse through a mound of his freshly shucked personal telegrams today. From these, the man would appear to have a 99 44/100ths per cent support in his bold defiance of the U.S. Supreme Court order to proceed immediately with racial integration at Little Rock Central High.

Telegrams from the Deep South were, as expected, wholly in accord with the governor's stand. What was different about this year's sampling, when compared to a similar one this reporter made last September, was the support Faubus is receiving from new followers in sections of the country which have long since become accustomed to desegregated schools.

From Oakland, Calif.: "If the Supreme Court can deny authority for separate but equal schools, will it now rule there can be no separate waiting rooms for women in transportation terminals?"

Bakersfield, Calif.: "We back you 100 per cent. Think you should be our next president."

New Bedford, Mass.: "I hope you keep your stand on segregation."

Drexel Hill, Pa.: "Thank God there is somebody still for states' rights."

Washington, D.C. (where Negro students in public schools number 73 per cent of the school population): "Integration here is abominable."

Cincinnati: "Sir, you have many friends here in the North."

Shomohish, Wash.: "The sacred heritage of states' rights is at its lowest ebb. You are our great leader."

Chicago: "For a better, safer America, Faubus for president."

Stamford, Conn.: "Please stick to your guns."

Flint, Mich.: "Michigan for the most part is definitely behind you."

Philadelphia: "Stick to your guns. Many Philadelphians with you 100 per cent. We are unwillingly subjected."

Natick, Mass.: "You are right. Northerners do not understand."

Rochester, Minn.: "In name of courage and foresight, we salute you."

New York: "Millions of us Yankees are pulling for you in this crisis brought about by a

Menshikov Takes Look at Western Movie Set

HOLLYWOOD (AP)—Soviet Ambassador Mikhail Menshikov, visiting a Western movie set, asked: "Are those buildings real?"

He was taken in back and shown they were merely false fronts. Menshikov appeared intrigued yesterday as he watched Audie Murphy, war hero turned actor, engage in a hand-to-hand battle with the movie's villain, Charles Drake.

The Soviet envoy arrived here by train Tuesday for a brief, informal visit.

handful of old men, Communist-loving and swayed by a rabble-rousing minority group that is more dangerous to the unity and security of America than the rumblings of old Khrushchev."

San Francisco: "Congratulations on your stand to preserve state's rights for all Americans. We represent 53 individuals who are with you."

Atlantic City, N.J.: "The honest people of the U.S. are back of your stand for segregation in our public schools. The worst that could happen to our country is to lower the morals of our young by integration of the races. God forbid."

Rockaway Point, N.Y.: "Bestest regards. Keep punching. We admire you immensely."

Dayton, Ohio: "God bless the likes of you and the vast majority of the people of your state. Close down the schools. Keep them closed. That should set an example for other states who believe in democracy and not Communist doctrine."

Everett, Wash.: "Thank God Arkansas has a governor who refuses to prostitute himself nor compromise his principles or betray the people of his state to forces that would force their

more, whims and diabolical schemes upon him."

Of all the freshly opened wires there were only two dissents, and both were mild. A Birmingham, Monday. Please wire him at your Mich., mother wired: "I admire your determination but abhor your judgment. However, my son would like your personal quotable short opinion for a debate scheduled for both were mild. A Birmingham, Monday. Please wire him at your Mich., mother wired: "I admire earliest convenience."

DOWNTOWN PONTIAC — MIRACLE MILE SHOPPING CENTER — TEL-HURON CENTER — DRAYTON PLAINS

S. S. KRESGE COMPANY

Relman Morin Writes for Hal Boyle:

Woman Wages Bitter War With Nassar

CAIRO — There are no signs in Egypt of any organized opposition to President Gamal Abdel Nasser. Indeed, few Egyptians speak out against him in private conversation.

But one — a strikingly beautiful woman — has been at war with him, openly, for more than five years.

She is Mme. Dora Shafik, poetess, erstwhile magazine publisher, and a tireless crusader for women's rights in the Moslem world. It is not alone on feminist grounds, however, that she battles Nasser.

She has publicly accused him of depriving Egyptians of their liberties and shackling them with a new kind of colonization.

Mme. Shafik is tall, dark, with flashing black eyes. She is married to a Cairo lawyer. They have two teen-age daughters.

When Nasser promulgated the Egyptian constitution in 1956, she says, Cairo reporters telephoned and asked her to comment on it.

"I said no one who believes in liberty could accept it," she says. "This is not freedom. This is a new kind of colonization for the Egyptian people."

"Legally, we are not permitted to discuss the revolution, nor to criticize the constitution. The reporters asked if they could quote me. I told them they could."

The result, she says, has been a slow, shadowy, indirect form of reprisal.

At that time, she was publishing four magazines for women. Only one dealt with political questions. All four are gone now.

She also ran an employment agency for women, and a kind of cafeteria where destitute women would buy food for their families. These, too, are out of existence.

She used to have her poems published regularly in books. "There are no takers for them any more," she says.

"It was a kind of sabotage. There were strange accidents, delays, constant friction. Nothing you could put your finger on. But it succeeded in killing the magazines."

Women stopped coming to the employment agency and cafeteria. "They spread rumors that I had had a nervous breakdown and was completely deranged. My husband secretly put me in a hospital and had five doctors examine me to disprove it," she said.

"Then they tried to cause trouble in my family. They said that when I was in America there were other men, and that my husband was going around with other women—all absolute lies."

She said her house is constantly watched. Recently, she was refused a passport to attend an international woman's conference in India. Officials gave her no reason for the refusal.

What now?

"I will go on fighting," she said. "Many are suffering under Nasser but they are afraid to speak. I am not. I am not afraid to go to prison. In fact that would be better—it would be in the open then—to this invisible campaign."

2 Bound Over on Charge of Armed Robbery Here

William Cumbs, 25, and Willie F. Johnson, 22, both of 24 Walnut St., were bound over to Circuit Court yesterday on a charge of armed robbery.

The pair is accused of holding up an attendant at the Oak Gas Station, 128 S. Saginaw St. shortly after midnight Aug. 30.

Municipal Judge Cecil B. McCallum set bond at \$5,000 each, and they will be arraigned in Circuit Court on Sept. 22.

300 Couples Plead for Chance

Diving Bell Wedding at 60 Feet

By PATRICIA MCCORMACK ATLANTIC CITY, N. J. (UPI) — Hundreds of people in the United States are eager to take the plunge into matrimony — literally, to the bottom of the ocean.

The opportunity is being offered for late this month by George Hamid, Jr., manager of the Atlantic City Steel Pier. He has agreed to make available — for love and publicity — a diving bell for a wedding on the ocean floor off the pier, 60 feet down.

And more than 300 couples have begged for the chance. Each couple has its own reasons, and they are almost as many as ocean waves.

A window washer, Henry Zabalski, 27, of the Bronx, N. Y., wrote that a submerged wedding would give him a chance to go "from the heights to the depths."

What's more, Emma Nehring, 26, his gal, is "the only one who has gone fish for fish with me." Rain or shine, they angle three times a week. He met Emma accidentally when he saved her from drowning off Jones Beach. A watery romance seeking a watery conclusion.

Anna Umim, 19, of Kalamazoo, Mich., wrote that a sea-bottom wedding would be educational and appropriate. She met her man, Fred Cowper, 26, also of Kalamazoo, at the bottom of a well pit. (Didn't say how they happened to be there.)

NEEDS JOB, CASH
Another aspiring mer-matron, Joyce House, of Red Bank, N. J., told Hamid:
"The ocean separates me from my sweetheart, by a lack of money. If you could bring him from Portugal, our happiness would be complete. He needs a job and \$1,400 to come home."

The sea of matrimony has been calm, indeed, for them since their "stunt" wedding nine years ago.

Mrs. Villani said:
"We have three wonderful children and we're not sorry one bit that we followed the advice of the fortune teller who told me to get married where I met my lover."

They met on the boardwalk near the Steel Pier.

Britain's Wives Urged Not to Purchase Beef

LONDON (AP) — Britain's housewives today were urged to boycott beef, this country's national dish, until prices fall.

With the cost of the best steak at 12 shillings (\$1.68) a pound, Britain's newspapers advised thrifty housewives to switch to lamb, pork or poultry.

Argentina is getting most of the blame for the price hike.

"In the last two months there has been a sharp drop in imports of beef from the Argentine, our principal overseas supplier," the Conservative Daily Telegraph noted.

The Telegraph said there has been an "alarming fall" in Argentine production of beef in recent years.

Disabled Vets Set Forget-Me-Not Day

Once again, tomorrow and Saturday, Pontiac area Disabled American Veterans will observe their annual "Forget-Me-Not Day."

Area residents will find local veterans selling the gayly colored flowers on street corners throughout Pontiac.

Local DAV Chapters 16 and 101 are leading the drive as in recent years. All funds raised through the sale of these traditional flowers are used to aid veterans in hospitals and their families in the Oakland County area.

a Hotpoint Silver Line electric water heater gives you all the hot water you want, when you want it

Famous Hotpoint quality for less! New round Silver Line electric water heaters are finished in lustrous silver-grey Permalucent. This attractive baked-on metallic finish will not chip or scratch.

Silver Line models feature efficient Calrod Magic Circle Heat and have dependable Magic Control automatic thermostats which assure plenty of hot hot water. Extra-thick glass fibre insulation reduces heat loss, permits storage of hot water for 3 days without reheating. A hot water trap prevents hot water from circulating through pipes until faucet is turned on. Tank is made of extra-heavy-gauge steel and is hot-dip galvanized inside and out for long life.

See the complete line of Hotpoint Super-Speed electric water heaters. There's one for every hot water need.

THE NEW SILVER LINE

ONLY \$99⁹⁵

52-gallon model

DETROIT EDISON'S SUPER SUPPLY PLAN... makes Hotpoint electric water heaters even more efficient. You'll have all the hot water you want for all the family's needs, 24 hours a day, automatically, for an operating cost as low as \$3.88 a month. Ask Edison how this new water heating service, combined with a new Hotpoint electric water heater, can mean hot water plenty round the clock. **GET IT HOT... GET A LOT!**

Janitor Found Guilty in Shooting of Children

SAN FRANCISCO (AP) — Edward Breeze, a janitor accused of shooting six children and three adults last May, was found guilty on seven counts of felonious assault yesterday after four days of trial. The jury Friday will hear Breeze's second plea of innocent by reason of insanity.

The janitor wounded housing project neighbors with a shotgun after accusing them of taunting one of his children. All have recovered.

Six railway and subway lines use the basement of a large Tokyo department store as a terminal.

Surmise A-Sub Seawolf Sets New Undersea Record

WASHINGTON (UP)—The atom-powered submarine Seawolf apparently has eclipsed all undersea endurance records.

The Seawolf, second nuclear sub built by the United States, left New London, Conn., Aug. 5 for extended undersea operations and the Navy has made no announcement since on its progress.

That was 43 days ago. A high Navy source said today it was a "good guess" the sub has been submerged the entire time.

There were indications the Navy is shooting for a 60-day underwater record.

The record for submerged operations heretofore has been held by the Skate, third U.S. atomic submarine which completed a run of 31 days, 5 hours completely submerged last May. The Seawolf ran submerged at approximately the same time for 30 days and covered more than 8,000 miles.

The Navy has refused officially to acknowledge that the 3,600-ton Seawolf was in quest of a record. Its only announcement said the nuclear sub was "conducting submerged operations in the Atlantic."

"During these operations she will remain submerged for long periods of time for the purpose of conducting prolonged environmental atmospheric control tests," the announcement on Aug. 13 said. It denied the purpose was to beat the Skate's record.

The present location of the Seawolf is a Navy secret. The Navy has said only that it is not in the South Atlantic or en route to Antarctica.

The Seawolf was commissioned in March 1957 and is the first and only nuclear submarine with a sodium-cooled intermediate reactor (engine). Other submarines have water-cooled reactors and the Seawolf will be equipped with such a reactor itself at a cost of 20 million dollars later this year.

Letters for Scholars

DENISON, Tex. (AP) — Varsity letters and letter sweaters are going to be awarded for academic excellence at Denison High School. "Nothing could provide more prestige to a high school student than the privilege of wearing such a jacket," said School Supt. H. W. Goodgin.

Reject Negro Bid to Use White Parks

MONTGOMERY, Ala. (AP)—In what may be the forerunner to a suit in federal court, Montgomery's City Commission yesterday rejected a petition by 120 Negroes asking to use all-white city parks.

The commission again vowed that if necessary to prevent race-mixing, the parks would be closed. It refused to grant the Negroes a hearing on their request.

There was no need for a hearing in the light of the city officials' previously expressed determination to operate segregated parks, the commission said in a letter

to Solomon Seay Jr., Negro attorney.

Seay was unavailable for comment.

A city statute prohibits integration in parks and other public recreational facilities, the park board said, and it had no authority to act contrary to the law.

Standing Round Corner

ASHEVILLE, N.C. (AP)—U.S. Deputy Marshal Hugh Stevens traveled hundreds of miles during the past three months trying to run down Raymond G. Pendergrass on a stolen check charge. Stevens was on his way to his office in the Post Office Building yesterday when he bumped into and nabbed Pendergrass standing at the money order window.

Dems, GOP Report Campaign Spending

WASHINGTON (AP)—Gearing up for the big November election push, the Democratic and Republican national committees spent more than \$200,000 each during the three months ended Aug. 31. But the Democrats kept their spending closer to their level of campaign contributions, paying out \$207,010. They took in \$201,117. Republicans received \$150,288 but spent \$208,055.

Financial reports have been filed with the clerk of the House in accordance with the corrupt practices law. The Democratic Congressional

Campaign Committee reported total expenditures of \$23,707 and receipts of \$38,201 during the three months, while its Republican counterpart received \$85,994 and spent \$104,218.

Each made a \$3,000 contribution to the campaign in Maine, where the Democrats picked up one House seat. The Republican Senatorial Campaign Committee listed receipts of \$30,800 against expenditures of \$82,399. The Democratic Senatorial Campaign Committee has not yet filed its report.

Thief Has Big Feet

HOLLAND, Mich. (AP)—Police are looking for a thief with big feet in their attempts to track down a stolen pair of 24-inch wooden shoes.

Officers Rating Him as Hard Luck Bandit

DETROIT (AP)—Police rate Carl Erb a hard luck bandit. Erb locked a service station attendant behind what he thought was a closet door. The door proved to be a rear exit. The attendant called police.

The fleeing Erb threw away a coat. Police found a medicine bottle bearing his name and address in one pocket. Held on a robbery charge, Erb told police he spent the night with a companion. Police checked. The companion said he was helping Erb with a robbery.

Stage and screen star Conrad Nagel served in the U.S. Navy in World War I.

Pontiac Central-Waterford Resume Grid Rivalry

Chiefs, Skippers Hold 3rd Battle on Friday Night

Waterford to Be Host for 1st Time; PCH 11 in Favorite's Role

By BILL CORNWELL

Pontiac Central and Waterford, strangers to football prosperity in 1937, renew their gridiron rivalry Friday night in the 1938 season opener for both schools.

Ready or not, PCH and the Skippers will clash on the football field for the 3rd time since 1934 with the Chiefs a two-touchdown favorite.

Waterford High School Stadium will be the scene of action and a standing-room-only crowd is expected to file into the 3,000-seat arena. Kickoff time is 8 p.m.

It marks the 1st time in the history of the brief series that the neighborhood feud will be played at Waterford.

This game is an ideal season opener from the standpoint of local interest and enthusiasm, which should hit fever pitch tomorrow evening when the two teams line up for the starting whistle.

The underdog Skippers, coached by Dave Freeman, will be shooting at a goal that no previous Waterford team has been able to reach — a victory over PCH on the gridiron.

Waterford and the Chiefs met on the field of battle in '34 and '35, each time at Pontiac's Wisner Stadium. The Chiefs had a 39-0 breeze in the opening contest and a 24-6 conquest the following year.

Both squads know the meaning of lean times in the fall sport, but the recession has been much more prolonged for PCH.

Winning campaigns have been few and far between for Pontiac in recent years. It's been better than a decade since the Chiefs topped 500 per cent for a single season.

Last year, under new head coach Jesse MacLeay, the Chiefs finished 5th in the Saginaw Valley Conference with one win against four losses and their overall record was 3-5.

After a successful campaign in 1936 when the Skippers lost only once in nine games, disaster struck. Waterford fell on its proverbial face last fall, winning just one game and tying one in eight starts and sharing the Inter-Lakes Conference cellar with Van Dyke.

The outlook this season at PCH and Waterford is uncertain at best. Each school anxiously hopes to improve and some improvement is expected by most observers. But MacLeay and Freeman are close-mouthed about their team's chances.

Two talented senior fullbacks, captain Larry Douglas of PCH and Waterford's Wendy Meyer, will be running against each other.

Douglas was the mainstay of Pontiac's hot-and-cold attack a year ago. Meyer, Waterford's No. 1 quarterback in 1937, has been switched to fullback because of his proven running ability.

Both clubs have a key man missing due to injury, quarterback Fred Staley for PCH and halfback Dick Finkbeiner for the Skippers. Finkbeiner may see limited duty, but Staley is definitely out.

Bill Davis, Harrison Munson and Allen Howze are in line for Staley's post with Davis the probable choice. Bill Bryce will pilot the Waterford team, backed up by John Saum.

Pontiac Press Photo
MAINSTAY — One of the Pontiac Central returning lettermen who is a mainstay of the Chief forward wall which will face Waterford Friday is guard Willie Duncan.

Pontiac Press Photo
UPSET HOPE — Wendy Meyer may be kept busy running and passing as one of Waterford's top upset hopes in the big opening night battle with Pontiac tomorrow on the Skipper field. He is slated to start at fullback.

Holly, Clarkston and Ortonville in Tossups

Maples and Vikings Favored

By CHUCK ABRAHAM
Birmingham and Walled Lake rank as favorites while Holly, Clarkston and Ortonville are involved in tossups as another Oakland County prep football season gets underway tomorrow night.

All five will be meeting familiar rivals from past years so anything is liable to happen.

Birmingham has been coming along well in drills and should have too much for Cranbrook in the contest at Birmingham but that seems to be the case every year before the Cranes go out and battle the Maples right down to the final whistle.

The well-coached Cranbrook

eleven is almost certain to keep it interesting with such stalwarts as Charley Cudlip and Tom Waylett in the line and a backfield made up of Bill Mosher, John Butzel, Jim Williams and Tom Demrick.

Birmingham has one of the fastest teams ever turned out at the school and has hopes of bouncing back into the grid limelight. Carl Lemle expects to open with a swift backfield consisting of Jeff Boucher, Ed Busch, Phil Russell and Rod Ruddy. Tackles Bob Lovell, 190, and 209-pound Roger Kismam and center Leigh Stowell, who weighs 212, will head the brigade making the holes.

Walled Lake could bounce back into football prominence this year if speed merchant Frank Fink and fullback Mike Wurst live up to the expectations of the coaching staff.

The pair and the rest of the experienced Viking squad will get a rough test Friday against Redford Union at home. Head man Dave Smith has been juggling his lineup since the opening day of drills trying to find his 11 best athletes.

Holly is rated by many a slim chance over traditional opening foe Grand Blanc partly due to the home field advantage but recent practice injuries could hamper the Broncos.

Coach Al Gratsch has been pushing them hard for this one in hopes of evening up some old scores with the GHS boys. Among the ailing has been halfback Don Rounds. He was slated to start at halfback with Bill Hayes teaming with quarterback Darrel Kinney and fullback George Coggins. Bob Harnes will get the nod if Rounds cannot start. Veterans Carl Schwartz

and pass catcher George McDaniel head the line.

The Clarkston-Oxford tussle at Clarkston could be among the best of the night or the season. Both are rebuilding and will be shooting the works against each other in prepping for next week's league openers.

Quarterback Bob Porritt and linemen John Tisch, John Parks and Jerry Wilmet are the key men back at Clarkston although Jim Snover, who may get a starting halfback assignment, has also seen considerable service.

Dick Figg has been having his troubles at Oxford but his Wild-

cats could go if they make an impressive showing in the opener. Val Sausser, Doug Stott, Jack Magee and Fred Brecht will be the starting backs.

Ortonville is another school that could "jell" with the spark from a 1st game triumph or topnotch performance. New head coach Ron Johnson has had three starters ailing but they may be ready by game time at Goodrich. The Blackhawks will field a big line which could develop into a solid wall for a backfield headed by signal caller Pat McNulty. Ends Ted Follis and Earl Richardson could be key factors in a successful debut for Johnson.

Laker-Shamrock Opener Friday Rated a Tossup

By H. GUY MOATS

A Laker eleven, characterized by its coach as "green" and a talent-spotted Shamrock crew under the direction of a "freshman" mentor who has had less than a week's contact with his charges collide in their 1938 opening test on Friday night.

Art Paddy, West Bloomfield coach, hopes to get a line on his Wayne-Oakland club's potential when he entertains Jim Neubauer's St. Michael 11, under the Keego Harbor lights. Neubauer will get his first taste of head-coaching worries. He inherited the Shamrock post after veteran Bob Mineweaver resigned first of the week. Mineweaver had coached the fourth graders for the last 14 years.

From the list of returning lettermen and available top men from the two clubs' last year's squads, there appeared little to choose between the teams, for a probable winner. If any edge is apparent, it probably lays with the Lakers.

Both clubs possess strong men in both line and backfield.

Johnny Lucadamo, a 11-county Class B, 1st team quarterback choice is back at the Lakers' helm, and that's a very strong weapon. Shamrocks can counter with all-county Class C 1st teamer Fred Lauringer, 250-pound tackle and all-county 2nd team end Ron Call.

Shamrocks also expect to lean quite heavily on the speed of flashy fullback Bill Flanagan. Lakers' Jack Newton, freshman track sensation last spring, an aspiring fullback this fall, may not even start, says Paddy. Newton is a quarter-miler, carries 174 pounds at high speed.

West Bloomfield finished with a 4th place 4-1 league mark last fall. St. Michael placed 3rd in Suburban Catholic League with 5-2.

Friday's encounter will mark the first time the schools have collided on the gridiron.

Game time is 8 o'clock.

Only St. Mary's of Royal Oak is active Friday in SCL circles, tangling with Madison in a night game at the Heights.

Pontiac St. Frederick is at Wyandotte St. Patrick, Sunday afternoon, in another opener among several for league teams, all against outside clubs.

Rochester at Davison, Orion Host to Beecher

Avon 11 vs. Milford Friday

A traditional curtain-raiser and a couple of new rivalries are among the feature games on Friday night's high school football calendar as Oakland County area teams officially begin the 1938 season.

Tradition rests with Rochester, which again opens another grid campaign against Davison, a school with a reputation for consistently good teams, on the Davison field.

Lake Orion, defending Oakland B League champion, plays host to a new foe, Flint Beecher, while Avondale and Milford clash on the gridiron for the 1st time at Avondale.

The Beecher team should give the Dragons a good indication of how strong they're going to be this season.

Orion raced through a nine-game schedule in unbeaten style a year ago under Ted Sela, who has since departed to accept a football coaching job in New York.

The Dragons have a new coach in Frank Kownacki and several old faces from the 1937 squad, including halfback Jeff Snarey, fullback John Schoff, guard Ralph Chittick and tackles Dean Callison and Ross White.

Another returning veteran, Jim Recknagel, has changed positions. Recknagel will start at quarterback tomorrow night after spending two previous years at end.

the Genesee County loop crown this fall.

Milford, which has some hopes of winning the Wayne-Oakland Conference title, will be favored to take the measure of Avondale in their 1st grid engagement. Avon finished in the Oakland B cellar last year.

Dick Yeager's Redskins boast two of the county's better players, end Terry Anderson and fullback John Zeeman. Anderson is the all-around type of star who does everything well while Zeeman is a power-running ball carrier.

Avondale, coached by Frank Crowell, is hurting badly for this encounter. Gary Acker, the Yellow Jackets' best runner who had been moved from quarterback to halfback during early practice sessions, is definitely out of action with a kidney injury.

Another key performer, halfback

Michigan-USC Game to Have 195 Prep Bands

ANN ARBOR — The half-time show at the Michigan-Southern California football game Sept. 27 will feature 12,500 high school handmen.

It will be Michigan's 10th annual band day and 195 bands from the state have accepted invitations to appear. Composer Meredith Willson, who wrote the music and lyrics for the Broadway hit "The Music Man," will direct the bands. He will lead 1,076 trombonists in the hit song from his show—"76 Trombones."

Larry Douglas, has an injured leg and may see only limited action and end Tom Selbst is sidelined with a banged-up knee.

Avon failed to win a game in eight starts last fall, a surprising 7-7 tie with Troy being the greatest success. Milford wound up 3rd in the W-O with a 5-2 record and had an overall mark of 5-3.

Rochester, defending champ of the young Tri-County League and favored to win the title again this year, seeks to avenge a 13-0 setback at the hands of Davison last season.

Despite the gloomy reports of coach Gene Koneley, the Falcons bid to be a rugged squad this fall. They surprised a lot of folks a year ago by winning six out of seven games and several members of that team are still around.

Among the returning gridgers are halfback Dave Hecht and tackle Chuck Ebersole, who takes a back seat to no one in the forward wall in these parts. The Falcons will average nearly 200 pounds on the offensive line and on defense they're even heavier at 220.

The fraternal order of Swamis is now in session and ready to pick the favorites right off the grapevine.

Except for a few games, The Press Swami crew, is in agreement for picking the winners of the season openers this week.

Defending champion for the past two years is Swami president Bruno Kearns. Winner of the 1938 grapevine will gain the presidency for the 1939 season.

Away we go!

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

The American League standings will soon be history and most of the pre-season forecasts turned out as predicted.

It was the case of the Yankees and the seven dwarfs. They were figured to be way out of the class of the rest of the league and their lead bears that out.

Most of the other teams were picked as they now stand with Chicago, Detroit and Boston following in order for the first division.

We really believed the Tigers had the ball club to finish in second place ahead of Chicago and Boston. In the second division we figured Kansas City ahead of Cleveland, Baltimore and Washington and the A's can still move a notch or two.

But, all in all, it was hardly an exciting race from the start. The White Sox, with their pitching, were expected to stop the Yanks from running away with it too fast, but Chuck Comiskey learned that in this 17 page thesis, on how Chicago would win the flag, he forgot to mention that it takes base hits as well as pitching to win pennants.

The Tigers could have helped themselves, but the usual attitude of trying to get something for nothing in making trades still prevailed.

Boone for Narleski or Hoelt for Narleski was Cleveland's offer, Hoelt for Carey was the Yankee offer, but in either case during the spring the Tigers thought they would be giving away too much.

It was really just another case of the Tigers missing the opportunity to gain something for change and giving nothing.

DITTO FROM THE PRESS BOX

In the boxing game when a promoter takes a bad loss on a program, they say he "takes a bath." Pontiac promoter Tony Bellesario took a \$2,000 bath on the fights held recently at Wisner Stadium.

It is unfortunate because the card was very good and the price was a giveaway.

Members of the Kiwanis take heed. Your wife may follow the example of other Kiwanis wives in trying to outsmart you.

Last weekend a busload of Kiwanis from the Pittsburgh area decided to watch the Pirates play and they voted against taking the little ladies.

During the course of the game, they noted a big sign denoting their hometown in a section across the way. A few Kiwanis decided to investigate.

They found a section of all ladies. The wife of each Kiwanis member was attending the game. The girls secretly chartered their own bus and many of them had binoculars and were more interested in watching the Kiwanis section than the game. How about that? There's no sneaking out even to a ball game.

With No Loopholes

Lane Wants Bonus Rule

COLUMBUS, Ohio, (AP) — Frank Lane, one of baseball's most fiery executives, says he is going to suggest that the old bonus rule, with some changes, be put back into effect.

Lane, general manager of the Cleveland Indians, yesterday told a meeting here of 59 minor league officials and major league farm directors that baseball must adopt a new bonus rule to "save itself from its own stupidity and bankruptcy."

He said he plans to suggest the return of the old bonus rule when a nine-member committee, of which he is chairman, meets with baseball Commissioner Ford Frick next Tuesday and Wednesday in New York.

Lane added: "We must have a self-enforcing rule with no loopholes. I'm in favor of anyone getting \$10,000 or

over being designated as a bonus player. I'd allow such a player to be farmed out the first year—but I'd count him on the major league team's active list, thus cutting that club to 24 players. Each club should be allowed to option two such players, using only 23 on the parent team.

"Baseball must pay bonuses of some kind to high school standouts so we can compete with college coaches who offer the kids those free-ride scholarships. . . . If we make all first-year players eligible to the draft, it might stop some of these big bonuses."

WEDNESDAY'S FIGHTS
PORTLAND, Ore.—Don Jordan, 141½, Los Angeles, outpointed Gaspar Ortega, 143½, Mexico, 10.
LOUISVILLE—Russell Stitt, 144, Louisville, stopped Luther Rawlings, 150, Chicago, 6.
GLASGOW, Scotland—John Caldwell, 112½, Northern Ireland, outpointed Dennis Adams, 112, South Africa, 8.
BOISE, Idaho—Glen Burgess, 151, Meridian, Idaho, stopped Floyd Sampson, 150, Reno, 6.

PISTOL EXPERTS — Pontiac's police department pistol team set up a fine, almost perfect record for its season's activities, with four wins and a tie. The Pontiac group shot against the best police marksmen from Grand Rapids, Flint, E. Lansing, Saginaw, Bay City, Jackson and Detroit. Members of the team are: top, left to right — Lt. Harry Nye, officers Clarence Smith, Ted Villola and James Lafear; bottom, from left — officers Bob Verhine, Floyd Blackmon and John Bridgewater.

Mantle Hits One for Tape, Bertola Blasts Two

No Fights on Squad Says Casey

Stengel Denies Yanks' Brawl

DETROIT (AP) — Casey Stengel says his New York Yankees are just normal, healthy, red-blooded, playful American boys.

They do not fight among themselves, he says, and there have been no fights between players and coaches. The whole squad, says Stengel, is saving its strength for the Milwaukee Braves and the World Series.

The New York Post said yesterday that coach Ralph Houk and relief ace Ryno Duren "engaged in a bloody battle" during the Yankees' victory party Sunday night.

"A lot of bunk," Stengel growled. "Just a lot of newspaper bunk."

Houk denied it, too, and Duren was in Wisconsin attending his grandfather's funeral. Other Yankee players said it was just horseplay and some writers covering the club said there was no exchange of punches.

The Post said the fight took place on a train carrying the club from Kansas City, where the Yankees clinched another pennant Sunday, to Detroit. "By agree-

ment the sports writers traveling with the team kept it secret," said the Post. "Today it leaked out."

Everyone seems to agree on one point — that Duren apparently had been drinking and that there was at least a slight disorder involving the pitcher and the coach. Houk was in his seat, chewing on an unlighted cigar. Duren pushed it into Houk's face.

"I never left my seat," said Houk yesterday when asked about the incident. "I reached up with my hand and brushed him away. My ring caught him around the eye, I guess, but there were no punches and there was no fight."

Other writers said some of the players tried to get Duren to go

to bed, but that he did not go without a struggle. Finally it was Don Larsen, a 6-foot-4, 225-pound pitcher, of perfect game fame, who got Duren into bed. Before he finally was quieted, the struggling Duren accidentally hit Larsen in the mouth with his knee. Larsen had a slight cut inside his mouth.

And Larsen, who more than once has been in the front office doghouse for drinking and violating curfew, was not drinking Sunday night.

The Post said "the fight was not the first between Duren and

Houk. At Denver, Houk was Duren's manager last year. At least once he had to tame Duren with his fists."

Houk denied this. "We've never had any trouble," he said.

One of the New York writers said that he, Duren and Houk had breakfast together Monday morning. "They were laughing and talking about their kids," said the writer. "Everything was fine and dandy."

Duren pitched five scoreless innings against Detroit Tuesday, and bore no noticeable signs of battle.

Tigers Capture Season Series From New York

Bunning Is 5-2 Winner Although He Gives Up Mickey's 41st Homer

DETROIT (AP) — When Reno Bertola is an old man, he can tell the youngsters about the time he beat Mickey Mantle in a torrid home run battle.

Renno doesn't hit the tape-measure jobs. In fact, he doesn't often hit home runs. But yesterday he hit two of them and drove in three runs, enough for Jim Bunning to beat the New York Yankees. The score was 5-2.

Mantle hit only one, his 41st of the season. But it was a dandy. Chances are the baseball might be rolling yet if it weren't for a building that stands across Trumbull Avenue from Briggs Stadium.

The New York slugger picked on one of Bunning's third inning pitches and drove it over the third deck roof in right field. The ball sailed across Trumbull Avenue and hit about 30 feet up on a building across the street.

It was a rainy, dreary day at the stadium and nobody bothered to get a tape measure. But for the mathematically-minded students of the game, the right field fence is 325 feet away from home plate. The roof is approximately 110 feet above the ground.

The home run was Mantle's only hit of the two-game series, but it matched anything Briggs Stadium fans ever have seen. Ted Williams hit one out on the fly in 1939 at about the same spot, and two seasons ago Mantle hit one that bounced off the roof and into the street below.

Yesterday's clout accounted for the Yanks' only runs. Bertola hit his fifth home run of the season in the second inning behind Frank Bolling's single. He hit a solo home run in the seventh and that blow put Detroit ahead. The Tigers added two runs in the eighth.

Thanks to the sweep of the two-game set, it gave Detroit the season series, 12-10. And the last club to do that to Stengel was the Tigers by the same margin in 1956. Cleveland's 1954 pennant winners were the only club to take a season set from the Yanks in the Stengel regime.

Bob Turley, who got his seventh defeat instead of his 22nd victory, was the victim, pitching to all except the last Detroit batsman.

"I hit a curve the first time and a fast ball the second time," said the elated Bertola, who is subbing at third base for slumping Billy Martin. The first drive barely fell into the lower deck in dead left field but the second one powered into the left centerfield upper seats.

Bunning struck out eight, retiring the side on strikes in the ninth, and picked up his 13th triumph. It was his third decision over New York this year and hiked his lifetime mark against the champions to 6-4.

The Tigers were idle today before opening a four-game weekend series Friday afternoon against Cleveland.

Tribe Southpaw Denies He Has 'Mental Block'

CLEVELAND, Ohio (UPI) — Southpaw Herb Score of the Cleveland Indians denied today that he has a "mental problem" with his arm and said he is ready to pitch whenever he is called on.

But Cleveland manager Joe Gordon has other ideas. Gordon, who said earlier that he believes the young fireballer has a mental block which prevents him from "cutting loose," said that Score will see no more action this season.

The 25-year-old hurler, who has been idle most of the last two seasons, first by an eye injury and most recently by elbow trouble, said today that there is no mental block.

Fired by Cards, Hutch Can Return to Seattle

ST. LOUIS (UPI)—Fred Hutchinson, voted "manager of the year" only last season for his second place finish with the St. Louis Cardinals, had only one firm job offer today—a chance to manage Seattle once more.

He pitched for the Pacific Coast League club 20 years ago and managed the team in 1955.

The Cards' action in dismissing him yesterday, however, opened the way for other major league clubs to negotiate with him. It seemed likely that he would receive additional overtures.

Tight-lipped Hutch was ushered out as the floundering Cards' pilot in a "hearts and flowers" type of press conference presided over by General Manager Bing Devine.

Devine had only words of praise for the black-browed protégé of former General Manager Frank Lane. At times it sounded as though he were hiring rather than firing him. It appeared clear that Hutch was the victim of baseball's strange logic: "If the bus breaks down, fire the driver."

Devine also announced that Stan Hack had agreed to become one of the shortest term interim managers in the history of baseball. He started last night and will direct the team in the remaining nine games.

Hack, along with the other coaches, Terry Moore and Al Hollingsworth, will fulfill their existing contracts.

But none will be around in 1949. Devine said that Eddie Stanky, Cardinal manager now coaching for the Cleveland Indians had been contacted as a prospect for a front

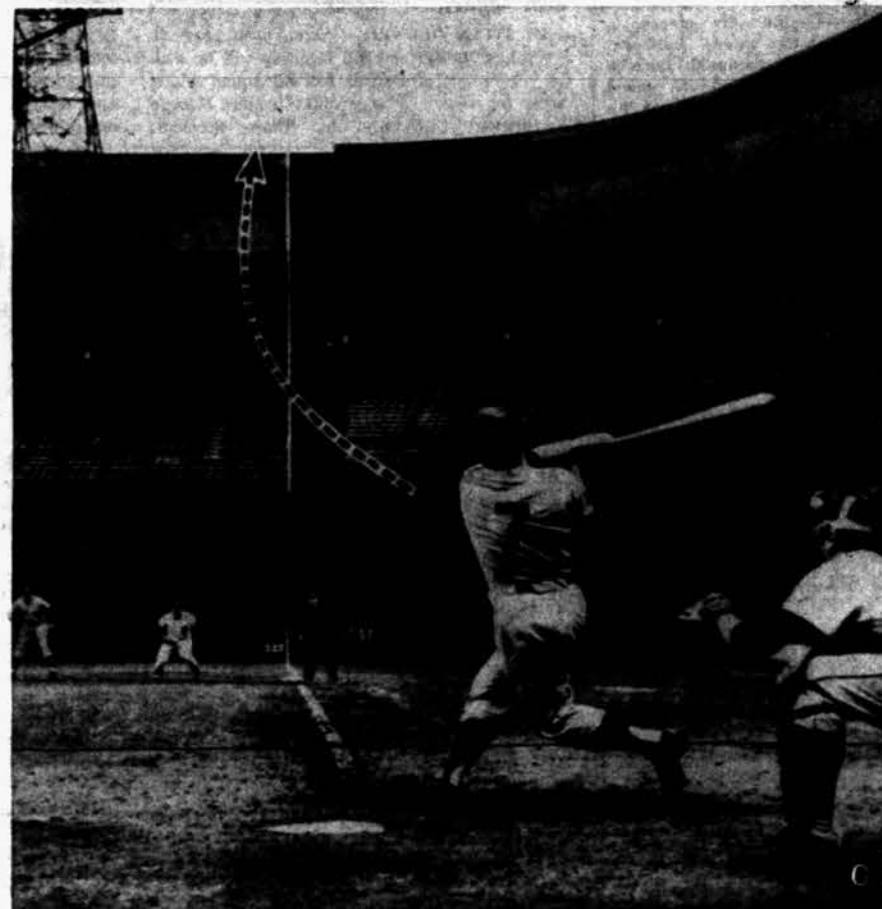

'Rute' Anderson Leads PCH Squad Against Maples

Pontiac Central cross-country coach Dean Wilson was well satisfied, yesterday, with the results of his first intersquad test and this morning announced the top runners to go against Birmingham on Friday. Maples have one of the area's strongest harrier clubs, and Chiefs face a real battle in their opener. Match will be run over the Birmingham course.

Rufus Anderson was home first, with miler Johnny Jefferson close. These two are Wilson's only varsity lettermen. Others in the top list, for Friday's match include Mike Taylor, Carl Adams, Jim Patterson, Jim Nelson, high jumper Freddie Brooks (who hopes to build up his legs for next spring's track competition and Larry Mattingly.

Chiefs will have 26 runners altogether, in the meet.

SPORTS

GET OUT THE TAPE. — This was one of Mickey Mantle's home runs which called for the tape measure yesterday. The ball, which just was fair, cleared the 110-foot Briggs Stadium stands and bounced up against the cab garage across the street from the stadium. Only Ted Williams performed the feat back in 1939 when he cleared the roof.

Saturday D-Day for Some Teams

By JACK CLARY
Associated Press Sports Writer

This is D-Day minus two for Saturday's football warriors who will establish a bridgehead on the 1958 season.

But time is hanging a bit heavy for coaches Eddie Erdlatz of Navy and Notre Dame's Terry Brennan, even though their D-Day isn't until next Saturday.

Both have potential All Americans on the injury list that may sideline them for the opening games or even longer.

Erdlatz is concerned about Bob Reifsnnyder, a 1957 All America tackle, and one of four starters left from Navy's Cotton Bowl champions. The 234-pound senior pulled a calf muscle that will hospitalize him two weeks, with his status in the William & Mary opener dubious.

The injury occurred 10 days ago in a scrimmage but he did not go to the hospital until this week. Nick Pietrosante, Notre Dame's bustling fullback, put a furrow in Brennan's brow today. Pietrosante sprained a toe that makes him a doubtful starter when the Irish open against Indiana.

Brennan has slated Ron Toth to do the offensive fullbacking and defensive linebacking in his place, while quarterback Bob Williams, also a semi-invalid this fall, will handle the punting.

Elsewhere, the theme is "if you're not ready now then you won't make it by Saturday," as Saturday's participants went

through their final day of polishing. Yesterday was spent setting starting teams and completing of offensive and defensive strategy.

Boston College, which opens against Scranton in the East's top attraction of a scanty card, worked on defense with Al DeLuca replacing top defensive back Ross O'Hanley at defensive quarterback. O'Hanley has a severe ankle sprain.

In the South, West Virginia ramed a starting eleven after a light workout on offensive and defensive patterns, while opponent Richmond worked defensive plays against a simulated Mountaineer offense.

Detroit Will Drop Augusta Farm Club

AUGUSTA, Ga. (AP) — The Detroit Tigers are giving up on their Augusta operation in the South Atlantic League for lack of fans. This comes about despite the fact that Augusta has won the Sally League title the last two seasons.

Jim Campbell, Tiger business manager, announced the plans here yesterday. He said the club is giving up the franchise after this season. He said Detroit hopes to operate somewhere else in the league. Charleston, S. C., is considered a possibility. The Tigers have had the Augusta franchise the last three years.

Clemson spent two hours on defensive situations while Virginia, its Saturday opponent, spent its time polishing the offense. North Carolina worked against an expected North Carolina State multiple offense while the Wildcats held a review of all departments for their intra-state rivalry Saturday.

IN LINE ALREADY — Milwaukee fans were waiting in line at noon yesterday ready to deposit their orders for World Series tickets although the Braves as yet have not clinched the pennant. Milwaukee has a 5½ game lead on Pittsburgh with eight games to play. The earliest permitted postmark for tickets was 12:01 noon yesterday.

AMERICAN LEAGUE		Win Lost Pct. Behind

San Francisco at St. Louis, 8 p.m.

Missouri-Vandy on TV

COLUMBIA, Mo. (AP) — Dan Devine says he can't understand how "any sensible, rational and thinking person" can rate his Missouri Tigers over the Vanderbilt Commodores in the NCAA-TV football opener here Saturday.

Missouri has been installed a slim favorite over its foe from the Southeastern Conference. The teams played to a 7-7 tie in the rain and mud in Nashville last year. The game has the late starting time of 5 p.m. EDT.

MSU Drills in Secrecy; Wolverines Get 'Mud' Test

Gates Closed to Spectators by Daugherty

Spartan Coach Wants to Iron Out Kinks for Opener

EAST LANSING (U) — Generally gregarious Duffy Daugherty suddenly has been stricken with a passion for privacy.

The Michigan State "secret" practice field usually is as secret as a story told over a party line. There's even a bleacher set up there so the sidelines can watch the workouts in comfort.

The Spartan Stadium scrimmages draw up to 500 spectators. Coed admirers of the athletes sit behind the players bench. Small children wander out onto the field of battle and have to be yanked back by their parents.

But coach Daugherty shut the gates this week. The opener with California is only slightly more than a week away. He has a lot of kinks to iron out and wanted to work without spectators providing distractions and looking over his shoulder.

Yesterday, Daugherty staged a surprise morning hitting session although it had been announced the rule would be afternoon workouts only starting this week.

The first three teams went against the lower echelons for an hour and a half in a downpour of rains. Coaches appeared satisfied afterwards.

"It was something we needed very badly," Daugherty said. "In view of the wet and sloppy conditions, they did pretty well."

The last game-type scrimmage before the California kickoff is scheduled for Spartan Stadium Saturday. Daugherty asked MSU friends and well-wishers to stay away, adding: "I hope they'll understand." Only newsmen will be admitted.

"I think I'd better go there in the morning and bring my lunch," Daugherty said. "If I go near the gate, I meet a lot of friends I can't turn down."

As could be expected, the varsity clearly outclassed the irregulars yesterday—23-0.

Halfbacks Art Johnson of Flint and fullback Don Arend of Baroda scored for the first stringers. Second team halfback Roger Donahoe touched down twice.

Daugherty said he still had not made up his mind on starting fullback and would let Bob Berich run with the varsity Saturday.

Optimism High for 1958 Campaign

U. of D. Geared for Opener

DETROIT — High in optimism but afraid to admit it, the University of Detroit opens its 1958 football season Friday night against George Washington University of the Southern Conference.

This will be the second varsity team fielded by the U. of D. under the Gus Dorais Memorial Foundation program which is supplementing the school's athletic program with a huge financial pot.

Last year coach Wally Fromhart guided the Titans to a 6-3 season and nearly a bowl bid which was eliminated by a loss in the last game at Dayton.

This year national publications in pre-season forecasts have put U. of D. among the leading teams. Couple magazines even go out to pick the Titans to go unbeaten.

But Fromhart isn't buying all the glory before his team even plays a game. "We are thinking about George Washington right now, we'll take one game at a time," he said.

It will mark the return to night football for the Titans after a season of playing all afternoon games.

George Washington is in the conference with West Virginia Furman and William & Mary and the Colonials also play such independents as Navy and Wichita.

The Colonials under coach Bo Sherman have moved into a new offense, featuring flashy spreads and deceptive flankers along with the unbalanced T formation.

The Capital city eleven is loaded with speedy halfbacks and several mammoth linemen headed by 6-2 and 285 pound tackle Ed Rutsch who has already been drafted by the pro Chicago Bears.

Detroit is blessed with a veteran middle line led by tackles ex-Marine Emerson Dromgold, Dick Kennedy John Dings and Dennis Schroeder, all juniors except Schroeder a senior.

Depth at center and guard is a strongpoint and a good array of running backs led by outstanding candidate for honors Bruce Maher make the Titan picture bright.

Former Orchard Lake St. Mary ace griddle, Jerry Leszczynski a big 216 pounder, is one of the top fullback candidates. He is the fastest of five fullbacks on the team and is expected to push veteran Vic Hennig for the job.

It will be the first chance for

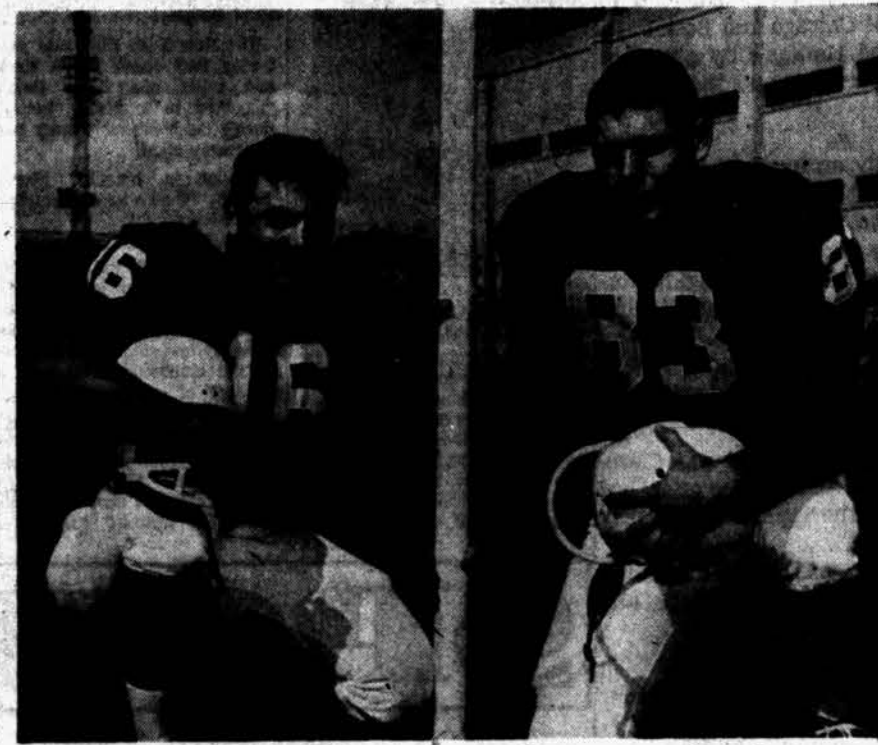

DETROIT area football fans to see the new extra point rule in action, although Fromhart says he will worry about how to get the extra point, by running, passing or kicking only when U. of D. scores.

The Titans have a valuable asset

in field goal specialist Joe Pascuzzi who booted three last season.

"He could be the big difference for us in a crucial spot to pick up three points when needed," said Fromhart.

Following the George Washington game, the Titans play the Air Force, Quantico Marines at Home and then have Arizona State, Marquette and Dayton as home foes. Villanova, Boston College and Xavier are road games. Game time Friday night is 8:15 p.m.

IN TITAN OPENER — Area prep products Jerry Leszczynski and Bill Kennedy will be with the University of Detroit football squad which opens the season Friday night against George Washington University in Titan Stadium.

Leszczynski, former Orchard Lake St. Mary football and track star, is a leading sophomore fullback candidate. Kennedy is the son of assistant St. Fred coach Tom Kennedy. He is a sophomore end.

Six Cities to Carry Oct. 4 Game

Munn Happy Over M-MSU Closed TV

EAST LANSING (U) — Biggie Munn, Michigan State athletic director, has been bitten by the television bug.

Munn was as happy about closing of the deal for closed circuit televising of the Michigan-Michigan State football game as he was the first time he coached a team to beat Michigan.

Munn has announced that the Oct. 4 game will be piped into auditoriums at Detroit, Grand Rapids, Saginaw, Flint, Lansing and Toledo, Ohio.

"If it goes over good, I see no limit to televising of collegiate athletic events," he said. "Television is here to stay, and we've got to learn to use it to best advantage."

He predicted that within a few years MSU will be sending back its away games for closed circuit viewing on ... East Lansing campus.

The contract for showing of the game was signed with the giant view closed circuit television network of Ferndale.

Auditoriums in the six cities will have a total seating capacity of about 50,000.

The annual football classic, to be held this year at the 76,000-seat Spartan stadium at East Lansing, was a sellout months ago. Exact financial details and the price of tickets was not announced. Ticket prices will be announced later.

Munn said Michigan State will not lose by the deal, however. He said any profits after expenses will

be considered part of the regular football gate and will be split 50-50 with Michigan.

This represents the first time closed network TV of a collegiate game has been attempted on a state-wide basis in Michigan, Munn said.

He was a little concerned, however, because the debut will be on the same day as the third game of the baseball world series. Notre Dame has piped its games into Detroit theaters previously.

Munn said the game would be shown on a 15 by 20 foot screen. He said he assumed alumni clubs

and other boosters of both schools would get behind ticket sales.

"I know the NCAA and a lot of others will be watching how we make out with a lot of interest," he added.

Promoters are undecided as yet whether to show the game in Detroit at the Fairgrounds Coliseum, with a seating capacity of 10,000 or in a chain of theaters with a 20,000 plus capacity.

The other Auditorium locations and their capacities:

Lansing Civic Center, 5,500;

Grand Rapids Civic Auditorium, 6,000;

Saginaw Civic Auditorium, 3,000;

Flint IMA Auditorium, 6,500;

Toledo Sports Arena, 8,000.

Little Fullback Makes Big Bid for Varsity Job

Oosterbaan Welcomes Rain to Give Squad Wet-Ball Test

ANN ARBOR — A cliché maker once asked: "How do they put such big hearts into such little guys?"

He was talking about Denny Fitzgerald and his kind.

Denny is Michigan's fifth-string fullback. He is the buoyancy and spirit on a team that's mostly devoid of color.

Some suggest Denny missed his assignment; that he should have been a cheerleader instead of a fullback.

He's a midget compared to the four fullbacks ahead of him. The first stringer — Capt. John Herrstein — is 6-2 and 215 pounds. The roster lists Fitzgerald at 5-9 and 180 pounds. Chances are he's lighter. He guards his weight as an important secret.

"He's spunky and enthusiastic," said coach Bennie Oosterbaan. "He should turn out to be a fine offensive player. I wish he were bigger."

Denny's size doesn't bother him a bit. In scrimmages, he barrels into the opposing line and suddenly disappears amidst a mass of beefy linemen. Sometimes he pops out on the other side and continues on his way.

Rain was a welcome sight for Oosterbaan.

The Michigan coach was able to test his squad in the mud for the first time since the start of practice.

"I'm glad we got these conditions," he said, "sometimes it rains for football games and we have to learn how to handle a wet ball. We did real well for the first time."

Michigan took advantage of yesterday's downpour to drill intensively on wet-ball handling and passing. Strangely the Wolverines' air game was the sharpest it has been in the double session.

Quarterbacks Bob Placek and Stan Noskin divided the throwing duties. Gary Fraht and Walt Johnson, the first end tandem, shared the spotlight as receivers.

Left halfback Brad Myers complained of a sore knee and left the workout early. He said he would return to action today.

Alex Callahan was restored to the first team left guard spot replacing Mike Fillichio.

Houbregs Is Hoping to Rejoin Pistons

DETROIT (U) — Bob Houbregs said today he will try a comeback with the Detroit Pistons.

The 6-foot-8 veteran of five National Basketball Assn. seasons was injured early last season and later underwent surgery for a slipped disc. Houbregs informed general manager W. Nick Kerbawy he will try to Detroit Friday to talk contract.

The Pistons added guard Gene Shue to their list of signed players for the 1958-59 season. Unsigned are George Yardley and Walter Dukes and it is likely Kerbawy will have trouble with the high-scoring Yardley.

Wings Will Meet Schools in December

DETROIT (U) — The Detroit Red Wings today announced they will play their annual exhibition match with Michigan State University Dec. 2 and with Michigan Dec. 16.

The National Hockey League team plays its first exhibition game Saturday at St. Thomas, Ont., with the Cleveland Barons of the American Hockey League.

In an intra-squad game yesterday with the Edmonton, Ont., farm club, the Wings won 4-3.

Lions Get No Sympathy From Browns

Both Pro Teams Seek to Break Losing Streaks

Steve Junker Is Lost for Possibly Five Weeks of Season

If George Wilson of the Detroit Lions is looking for sympathy after seeing his team lose two straight games on the road, he isn't going to get any from Paul Brown of the Cleveland Browns.

The astute Mr. Brown has lost his last two games in pre-season play and is looking forward to returning to the friendly confines of Cleveland's Municipal Stadium Saturday night to get back into winning ways.

So . . . it figures to be another thrilling battle in the hard-fought series between the Lions and the Browns when the two teams close out their pre-season campaigns, Saturday night, in Cleveland. Kickoff is 8:30.

Both Detroit and Cleveland sport records that show two victories and three losses. The Lions opened by losing a 35-19 decision to the College All-Stars, came back home to win twice, 17-7 over Cleveland, and 26-7 over New York, but have lost to the Chicago Bears, 24-17, in Dallas and the Philadelphia Eagles 31-24, in recent starts.

Cleveland, meanwhile, opened by trimming Pittsburgh, 10-0, lost to Detroit, 17-7, upset the Los Angeles Rams, 13-10, lost the following week to San Francisco, 21-16, and came out on the short end of a 40-24 count against the Chicago Bears in Chicago last Friday night.

The injury riddled Lions move into the game desperately short-handed in receivers and this fact could weigh heavily in determining the outcome. Steve Junker, a sensation as a rookie end last year, suffered a recurrence of a knee injury in the Philadelphia game and will be sidelined.

Jerry Reichow, another stellar flanker back, is still recuperating from a knee operation and will be sidelined for at least four more weeks.

To top it off, Dave Middleton, the Lions' commutator, will miss the game as he is taking final examinations at the University of Tennessee medical school in Memphis.

Junker will be out for at least four or five weeks.

He underwent an operation on the knee yesterday at Ann Arbor's University Hospital.

Hartack Joins 2,000-Win Club

By The Associated Press—Six weeks on the sidelines with a broken leg ruined Bill Hartack's chances of winning his fourth straight riding title. But the 26-year-old veteran of the saddle has the distinction of reaching one of his goals. He has joined the exclusive 2,000-winner club.

Hartack, who won the 1955 jockey crown with 417 victories, the '56 title with 347 and the '57 championship with 341, reached the 2,000 mark yesterday when he piloted Herald Wind (\$5.80) to victory in the fifth race at Atlantic City.

Draper and Fremont Golfer Coast Victors

PEBBLE BEACH, Calif. (AP)—Medalist Dan Morgan of Bakersfield, Calif., and defending champion Tal Smith of Fremont, Mich., won their opening matches yesterday in the California State Amateur golf tournament.

Morgan defeated Vernon L. Graves of Inglewood, Calif., 4 and 2, and Smith ousted Saul Gealer, Los Angeles, 6 and 5.

Cobby Ware of Augusta, Ga., eliminated Don Edwards, San Jose, Calif., 2 and 1, and Tom Draper, Birmingham, Mich., defeated Hank Lucente, San Jose, 1 up.

Milwaukee Still 3 Wins Away After 5-3 Loss

Braves' Flag Dash Delayed

By The Associated Press—The St. Louis Cardinals, without a manager and with only a slim hope for a fourth place finish, are back at the old stand — making life a bit tougher than it should be for the Milwaukee Braves.

It was in 1956 that the Cardinals, settled in fourth, knocked the Braves out of the National League pennant. Last season, when the Braves thought they had it all locked up, they had

to put on another drive to knock off the second place Cardinals, who had closed within two games.

Last night, hours after Fred Hutchinson was fired officially as field boss, the Cards took the Braves 5-3, knocking off 20-game winner Warren Spahn, a longtime nemesis, to boot. That delayed the Braves' run to a second consecutive flag. Their magic number still

is three over second place Pittsburgh.

The Chicago Cubs tied Los Angeles for sixth by beating Philadelphia 6-2 in the only other NL game scheduled. It was held to seven innings by rain.

In the American League, Detroit again beat the champion New York Yankees, 5-2. Boston split a doubleheader at Kansas City, winning 4-2 after a 6-3 defeat. Rain postponed the only other game scheduled, Baltimore at Chicago.

Ted Williams lost ground to Boston teammate Pete Runnels in the bat race. Both homered in the opener, but Runnels pushed his leading average to .322 with 4-for-8 in the pair. Williams, sitting out the second game, was 2-for-4 for a second best .318. Kansas City's Bob Cerv, 2-for-8, slipped to a tie with Cleveland's Vic Power and Detroit's injured Harvey Kuenn for the third at .315.

Harry Chitt's grand slam won

the opener for the A's and Ray Herbert (8-7) against Ike Delock (12-8), who has lost five straight, won the nightcap as the Red Sox ended an eight-game slump on homers by Bill Renna, Don Buddin and Fran Malzone off Ned Garver (12-11).

Gene Green drove in two runs, with his 12th homer and a triple, for the Cards who came off with a 3-3 record against Spahn for the season.

Joey Jay, who relieved Spahn after six innings, was injured when he slapped down an Irv Noren drive. The young right-hander suffered a chipped bone on the ring finger of his left hand, but should be all right in a few days.

Rookie Bob Anderson (3-1) beat the Phils with a five-hitter, and held batting leader Richie Ashburn hitless in two at-bats, dropping his average to .342 for .004 edge over the Cards' injury-idled Stan Musial. Roy Sempach (13-11), once a rookie of the year candidate, lost it, giving up a two-run homer to Ernie Banks, his 47th.

Steady Jordan Upsets Ortega

6th-Ranked Lightweight Gains Split Decision Over No. 2 Man

PORTLAND, Ore. (AP)—Lightweight Don Jordan, punching precisely and accurately, took the shortest route to an upset, 10-round split decision over Caspar Ortega here last night.

Jordan weighed 141½, Ortega 145½.

"He's strong and durable, but all his punches are wide, looping punches," said Jordan after beating the second-ranked contender for the welterweight title.

"I figured a short punch would beat him. So when he threw his looping punches, I threw short ones, and mine got there first," Jordan said.

Jordan, ranked sixth among lightweights by the National Boxing Assn., carried the fight to Ortega in the first round, but after that mainly was content to counterpunch.

Huron Bowlers Hit Season High

Joe Bonfiglio's Huron Bowl team rolled the highest series to be turned in here or at Flint this season with a 3174 total competing in the Flint Classic Tuesday night.

Dick Carmichael led the assault with 709, Clark Balch had 649, Les Rothbarth 628, Bonfiglio 596 and Jay Lovett 592. Carmichael also had the top single with 251.

Golfers Start Final Western Tournament

HESPERIA, Calif. (AP)—Roving golfers practiced Wednesday on the eve of the \$17,000 Hesperia Open, final event in the West for the professionals this year.

On deck were such players as Ken Venturi of San Francisco, winner of four tournaments this year, and last year's Hesperia winner, Billy Maxwell of Texas.

Maxwell played the 72 holes on the then-brand new 7,054-yard, lake-studded course with rounds of 67-67-74-77-75, 13 strokes under par for the route.

Also entered this year are National PGA champion Dow Finsterwald; Gene Littler, and Tommy Jacobs, the Whittier, Calif., youngster who won the rich Denver Open last week.

The tournament ends Sunday.

Brown Jug Race

DELAWARE, Ohio (AP)—The Little Brown Jug, with a dozen speedy three-year-old pacers battling for a \$65,252 purse, goes today over Delaware County Fairgrounds half-mile track.

ICC Probing Train Wreck

Agency Opens Inquiry of Disaster in Newark Bay; Death Toll 27

NEW YORK (AP) — The Interstate Commerce Commission today opens an inquiry into the wreck of a Jersey Central commuter train which hurtled into Newark Bay through an open drawbridge Monday.

The ICC investigation follows on the heels of a probe by Hudson County officials to determine whether human or mechanical failure caused the disaster.

The toll of known dead rose to 27. Another 19 persons have been reported missing.

The five-coach train and two diesel locomotives — one a dead-head — pounded past warning lights and ploughed through a derauling device before the engines and three cars plunged into the water.

The lead locomotive was raised last night. No bodies were found in the cab.

Hudson County Prosecutor Lawrence A. Whipple, after questioning witnesses at Bayonne, N.J., police headquarters, said the train was going at an abnormal rate of speed as far back as a warning signal 2,000 feet from the open draw.

Whipple's office impounded the speed indicator tape of the lead locomotive. The tape was too wet and dirty to read immediately.

The second engine was expected to be raised today.

A preliminary autopsy on the dead engineer, Lloyd Wilburn of Red Bank, N.J., indicated that a heart attack contributed to his death. The engineer's fireman, Peter Andrew of Jersey City, is among the missing.

Commenting on the medical findings concerning Wilburn, Whipple said: "I think the engineer was stricken at the home device (the red light 2,000 feet from the draw). If he had all his normal faculties he would have slowed the train down."

Whipple said the normal speed at the time should have been 15 to 20 miles an hour. A railroad spokesman said the allowable bridge speed with a clear track is 45 m.p.h., but is half that with caution lights showing.

Joseph Halliday, the Elizabethport signalman, told Whipple the train was going about 30 miles an hour when it passed him. Halliday said that is about the normal speed for that section.

Halliday also said he could see the signal for the open bridge already set as the train went by. The signal was about 3,500 feet away, showed yellow over red, and indicated that the next signal would be red, Halliday said.

Also giving testimony to Whipple was Joseph J. Galuppo, superintendent of the railroad's Central Division. Galuppo said if the train had been traveling at its normal speed when it hit the derauling device—located 483 feet from the drawbridge—and if the safety brakes had been applied, the train would have stopped in 70 feet.

Robert Kinlock and James Carter, two members of the train crew who survived, told Whipple all equipment was in working order as far as they could tell.

Whipple said his investigation has turned up no evidence thus far of criminal negligence, either through faulty apparatus or faulty inspection, but he said his findings will be laid before a grand jury after testimony is concluded today.

First Army headquarters yesterday denied a report that one of the passengers killed was an Army courier from Ft. Monmouth, N.J., carrying a secret guided missile mechanism.

Says Jayne Offered to Make Ex-Hubby Star

LOS ANGELES (AP) — Mickey Hargitay's first wife has testified she divorced him so actress Jayne Mansfield "would make a motion picture star out of him."

"I couldn't say that at any time he expressed a desire to divorce me to marry Miss Mansfield," Mrs. Mary Hargitay said yesterday. "He said she would make him a leading star."

Mrs. Hargitay, 29, divorced the musician in 1956 after an eight-year marriage. She was in court to ask \$415 monthly support for their daughter Tina, 9. Hargitay has been paying \$250.

Miss Mansfield, who is expecting a child, held hands with Hargitay during the hearing. The matter was continued until next week.

Sailors Receive Liberty in Red China's Shadow

MAKUNG, Pescadores (AP) — Explosions split the sultry air but failed to disturb the massive crowd standing beside a dock 86 miles from Communist China.

Chinese are accustomed to firecrackers and the only unusual thing is that these are being fired by American sailors coming ashore for liberty.

Another crackle of firecracker strings sets a group of white-clad sailors jumping and laughing. "All right—who done it?" growls a shore policeman. "The next guy who lights off a firecracker loses his liberty card."

The sailors stream from the pier into crowded streets lined with dilapidated clay and brick buildings. Loud-speakers blare Chinese music and tunes popular in the States last year.

Small landing boats from the gray U.S. warships outside the harbor pour ashore men in white jumpers and T-shirts—known as "relaxed whites"—before solemn Chinese watchers.

Hours later, the white shirts stream back to the boats with watermelons, pineapples, bananas, mounted lobster trophies and shell ornaments.

The returning sailors are bolstered. But asked how they like this place, almost to a man they rate it as the 7th Fleet's most monotonous port.

"Except for Bikini, where there is nothing, but nothing," said one seaman.

MAKUNG, with a population of 30,000, is the capital of the small Pescadores Islands, which for defense might be considered the Hawaii of Formosa. It is 40 miles west of Formosa.

The United States is sworn to defend the Pescadores as well as Formosa in its treaty with Nationalist China.

The Pescadores is a staging base for supplying the Nationalist offshore islands. With the recent U.S. Navy participation in Nationalist convoys, the Pescadores are visited by hundreds of U.S. sailors nightly.

A small band of Americans is risking death daily in Formosa Strait, their names and numbers undisclosed.

They are the specialists in unloading techniques who ride Nationalist Chinese supply ships onto the beaches of Quemoy under Red artillery barrages.

Their job is to tell the Chinese how to unload their supplies quickly and then get out of range of the Red guns.

Mount Shasta, Calif., has five perpetual glaciers on its slopes. It was once a volcano.

Couple Completing Spaceman Test

SAN ANTONIO, Tex. (AP) — Two researchers will successfully complete their 10-day high-altitude spaceman test at the Randolph Air Force Base School of Aviation Medicine, Dr. Robert C. Clark predicts.

But Clark warned that the worst is yet to come for Dr. Bruno Balke and Sgt. Samuel G. Karst. On Sunday when the simulated altitude will be sent to 28,000 feet, and heat, carbon dioxide and water vapor will be allowed to build up in the tiny chamber.

With these extra stresses the two men will undergo reaction tests. They are due to come out of the chamber at 9 a.m. Monday.

Steelworkers Back President

Support Union Chief on Plans for Next Year's Contract Talks

ATLANTIC CITY, N.J. (AP)—The United Steelworkers lined up behind their president today in an apparent united front for next year's contract talks with the basic steel industry.

David J. McDonald, whose leadership had been questioned openly for more than a year, appeared in firm control of the 1,200,000-member union now past the midway point of its ninth constitutional convention.

An opposing faction which polled almost a quarter of a million votes at the union's 1957 international officers election found itself with only about 15 of 3,500 delegates supporting it yesterday.

In the first three days of the five-day convention, McDonald received an overwhelming vote of confidence and beat back on constitutional issues what now appears to be a small but highly vocal minority.

Issues that had been simmering since the 1956 convention were resolved in McDonald's favor. Only token opposition was offered and that after McDonald yelled from the stage "I accept your challenge." The opposition came from a segment of the membership called the Dues Protest Committee. It was organized after the 1956 convention increased membership dues from \$3 to \$5 a month and raised McDonald's salary.

The committee is headed by Donald C. Rarick, a McKeesport, Pa., mill worker who ran for the union presidency against McDonald last year and lost by a vote of 404,172 to 223,516.

McDonald altered the convention agenda to bring before the delegates issues the protest committee had raised. The constitution must be approved section by section at each convention, but that action was scheduled for later in the week.

Rarick first spoke in support of a resolution to alter the constitution so staff officers—business agents, organizers and the like—would be elected instead of appointed. The committee raised the issue months ago.

Before permitting a vote on the issue, McDonald saw to it that every delegate who wanted to comment on the issue had an opportunity to do so.

McDonald was accused in some quarters of forcing the dues increase through the 1956 convention without giving all delegates an opportunity to express their views. Yesterday he said: "Everyone must be heard."

Rarick spoke amid boos and heckling that McDonald tried to quiet. Rarick said he did not advocate right-to-work laws and denied he was receiving support from management in an effort to destroy the union. He had been accused of both in some quarters.

After nearly three hours, including talks by Rarick and McDonald and delegate comments on the issue, a standing vote was taken. Only 15 of 3,500 seated delegates voted in support of Rarick.

Later, the constitutional section specifying McDonald's salary at \$30,000 a year was approved without opposition. It was increased from \$40,000 a year at the 1956 convention.

Former President Harry Truman, addressing the USW convention, said the Republicans in Washington are deliberately "following economic policies designed to prevent full production."

He said Republicans want "a little unemployment" and the holding down of wages because "they think it makes for higher profits."

Chiang's Planes Battle MIGs

Nationalist Sabre Jets Attack Red Torpedo Boats Around Quemoy

TAIPEI, Formosa (AP)—Nationalist air force headquarters claimed its Sabre jets shot down five Communist MIGs and possibly a sixth in air battles over Quemoy today. A communiqué said all Nationalist planes returned to base safely.

The communiqué reported two aerial engagements in the late afternoon in which four Sabre jets took part against more than 30 MIGs. The Sabre jets were providing cover for Nationalist supply convoys when they became locked in the dogfighting.

Air force headquarters also claimed its Sabre jets had sunk three Communist torpedo boats and damaged a fourth in the Quemoy area.

The last previous encounter with MIGs took place Sept. 8, when the Nationalists claimed their jet fighters shot down seven Red planes and damaged two more near the mainland seaport of Swatow.

The American command on Formosa has indicated that U.S. jets will join in fighting off any Communist warplanes that try to prevent supply drops to the offshore islands.

IMAGINE MEETING A GUY LIKE THAT — Maury Nelson, of Lansdowne, Pa., visitor to the Instrument Society convention in Philadelphia, gets a close look at the new Navy flight deck communications helmet worn by a dummy on display.

The helmet was designed for deck personnel handling jets on aircraft carriers and contains a transistor radio transmitter and receiver.

Employees Wary of Remarks by Bosses

Talking With Workers Is Difficult Task

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Talking to your employees is often harder than you think it is, says a labor expert.

Sometimes the talking is dramatic—as this week in Detroit. But it goes on the year around, usually in a lower key, although an insistent one. The difficulties are:

There's a natural cynicism on the part of the worker as to the motives and targets. More general is the great feathered of indifference into which your punchiest points may land. Many workers are understandably more interested in their take-home pay than in the problems of the boss.

And now and then Uncle Sam looks over your shoulder. He has some do's and even more don'ts as to what you can say about unions, wages and working conditions.

But beyond these legal barriers, there are many fields in which management can commune with labor—and does so with an increasing number of words and an increasing annual cost.

Experts in the field of labor relations estimate that the nation's corporations are spending more than \$30 million dollars this year in attempts — successful or just hopeful — to communicate with their employees and the communities in which they operate.

The two most popular devices: the company house organ and the company bulletin board.

The house organ has waxed greatly, both in number and in performance. An estimated 4,000

are now regularly issued. Take in the now and then issues and those by the smallest firms and some think the total number might be 20,000.

They range all the way from slick paper magazines with color photos usually put out by big corporations with many employees, often for about 10 cents a copy, to small black and white news sheets for firms with only a few employees, and these can cost as much as \$2 a copy—cost of preparation being so high.

The company bulletin board takes all manner of employee communications. It may hold news photos aimed at building worker morale, or scores of plant bowling or baseball teams (aimed less directly at the same target), or safety appeals (aimed both at doing good and saving money).

Newspapers and radio stations in the areas where plants are located are offered stories about the company and about its employees. Beyond their news value is the hope that the items will win friends for the firm among its workers' families as well as the community in general.

In times of stress, companies resort to telling their story in stuffer in payroll envelopes, or letters directly to workers' homes. Personal contact is sought through supervisors or over public address systems. Some firms use closed circuit TV during lunch hours or coffee breaks.

On happier occasions a growing favorite with management is the open house or visiting day. Some are designed to let the family see how Dad and Mom spend their

working hours — and how important the firm says they really are. Others try to get the town folk to see that the company is a community asset and really has a heart.

Increasingly popular is a special annual report tailored for employees rather than stockholders. Usually it's printed and often has cartoons, but a few concerns use a photograph record to tell the story.

Either way the report stresses how the company's sales dollar is spent. Usually it tries to point out that much of the part spent for something other than wages ends up in making the job easier, more secure, and headed up the happy road that in time means higher pay.

5-Week Inspection Ahead for McElroy

WASHINGTON (AP)—Secretary of Defense Neil McElroy will leave next week on an inspection trip which will include a visit to Formosa.

He plans to be gone about five weeks, the Pentagon said.

Tentative plans call for a two-day stop in Formosa about the middle of October.

Adm. James S. Russell, vice chief of naval operations, will accompany McElroy. McElroy will inspect American defense installations and confer with American military advisory groups in various countries.

The trip starting Sept. 27 will include visits to Hawaii, Okinawa, Japan, Korea, the Philippines, Hong Kong, Thailand, Pakistan, Iran, and Greece.

Probe Fatal Stabbing of Expectant Mother

YPSILANTI (AP)—The fatal stabbing of a young expectant mother in the burning attic of her home under investigation today with her husband in custody.

The mother's baby, delivered as she was dying at University Medical Center, failed to survive. The birth was two months premature.

Mrs. Janice Weatherford, 25, of Ypsilanti, was the victim of the stab wounds. Her husband Gladis 38, is being held.

State Police said Weatherford, an orderly at an osteopathic hospital, told of starting a fire in the home yesterday and stabbing his wife. They said he gave no motive.

Sgt. John Mongiat, commander of the Ypsilanti State Police post, said he came to the home and found the Weatherfords struggling.

St. Joseph to Host Pharmacist Society

St. Joseph Mercy Hospital will be host to the Michigan Society of Hospital Pharmacists in the Auditorium of McAukey School of Nursing at 8 tonight.

Pharmacists from the Greater Detroit Area hospitals were invited. Approximately seventy-five will be in attendance.

Guest speakers will be Dr. Julian Rutsky, director of the clinical lab at St. Joseph. He will speak on "The Treatment of Iron Deficiency Anemias." Dr. R. E. Olsen, director of the pathology lab at St. Joseph's will speak on "The Role of the Pathologist — Pharmacists Relations in Hospitals."

Adam J. Stark, chief pharmacist at St. Joseph's is program chairman.

Colonel "Light Horse Harry" Lee, hero of the American Revolution, was father of General Robert E. Lee, of Civil War fame.

Profit-Takers Clip Soybeans

CHICAGO (AP)—Buying and selling orders of grain futures came in about equal volume in early activity today on the Board of Trade and most prices were little changed from previous closes.

In the soybean pit, however, profit-takers went to work on the good advances of yesterday and all contracts reacted major fractions of a cent a bushel or more. The setback in the September delivery ran to more than a cent, but it also was the broadest gainer yesterday.

Near the end of the first hour, wheat was 1/4 cent a bushel lower to 1/4 higher, September \$1.87; corn 1/4 lower to 1/4 higher, September \$1.23; oats unchanged to 1/4 lower, September 60¢; rye 1/4 to 1/2 lower, September \$1.30; soybeans 1/4 to 1 cent lower, September \$2.21.

Queen, 2 Guilds Own Swans on Thames

LONDON — The Queen of England and two London guilds, the Vintners and the Dyers, own title

to all the swans in the Thames River. Each summer a new generation of birds is taken from the river and divided among the three owners in a centuries-old ceremony known as "swanupping." The birds are divided according

to the ownership of their parents. The guilds' are marked with knife nicks on their beaks and the Queen's are unmarked. The Arkansas River is 2,000 miles long before it flows into the Mississippi.

Halley's Comet Seen 1st in China in 66 A. D.
NEW YORK — Halley's Comet, which in its orbit around the sun comes quite close to the earth every 75 years, was first recorded in China in 66 A.D. Chinese as-

tronomers also observed it in 684 and 837 A.D. The next record was from Europe in 1305. It was last seen in 1910, when there were dire predictions that its tail might lash to earth and perhaps bring an end to all life.

1,000 Silver Dollars Form a Weighty Gift
RANDOLPH, Vt. (AP) — Mrs. John Dumas had a heavy financial problem. A package containing \$1,000

— in silver dollars — arrived at the local express office. "I couldn't carry the package home," Mrs. Dumas said, "it was too heavy. And I was told that the bank couldn't handle silver dollars in great quantity." Finally, Mrs. Dumas had the

money, a gift from her uncle, A.R. Blair of Miles City, Mont., sent to a Boston bank. The amount was credited to her banking account. The \$1,000 in silver arrived on Mrs. Dumas' 37th wedding anniversary.

BUILT-IN FILTER

MORE FOR YOUR MONEY

REDUCED TO

219⁸⁸

PAY ONLY \$10 DOWN

- ✓ Huge 10-Lb. Capacity, Rustproof Wash Tub
- ✓ Choice of Temperatures, 5-Yr. Gear Case Guarantee

Here's a Kenmore Automatic Washer that's big in everything but the price! This Kenmore filters out lint, threads and soap-scum at any level and with any wash load. This Automatic has a big 10-lb. capacity with 2 washing speeds; normal cleans the dirtiest everyday clothes and slow cleans the daintiest fabrics you have. You can save water on this Kenmore too; because it has 3 water levels, you can choose your water level to match the size of your wash, plus you have your choice of wash water temperatures.

Kenmore Wringer Washer, Sale Priced . . . \$73

THIS SALE ENDS SATURDAY . . . SAVE SHOP TONIGHT, FRIDAY and SAT.
