State Voters Oust Many Incumbents in Redistricting Rebound

By RICHARD PYLE
Associated Press Writer

DETROIT (AP) — Michigan voters — picking up where redistricting left off — dealt prominent incumbents a series of stunning upsets and mild surprises in Tuesday's legislative primary.

Stemming in part from reapportionment that pitted incumbents against each other or threw them into unfamiliar new districts, the damage was heavy in both parties.

But it appeared to have hit hardest in the ranks of the so-called "conservative" Republican element of the legislature, which lost several of its best-known spokesmen and battlers of recent years.

Among the victims of the upheaval, which also may have sprung to some extent from voter dissatisfaction, were Senate President Pro Tem John Smeekens, R-Sherwood, and Sens. Paul Younger, R-Lansing, Lloyd Stephens, R-Scottville, and Lester Begick, R-Bay City.

But the voters also rejected Sen. Frederick Hilbert, R-Wayland, and made it close for Sen. Thomas Schweigert, R-Petoskey, who comprise virtually all that remained of the Senate's so-called Republican "moderates."

Schweigert appeared in early returns to have been beaten by Sen. Kent Lundgren, R-Menominee, in a primary test but claimed victory this morning on what he said was 10,648 to 8,080 lead with 13 of 240 precincts yet to be counted.

Key defeats in the House included Rep. Joseph Gillis, D-Detroit, a vital member of the judiciary committee and his party's "watchdog" over technical details of legislation, and Rep. Lloyd Gibbs, R-Portland.

Farnum, Kuhn Emerge Victors in 19th District

Broomfield Wins in Landslide, Faces State Official in 18th

The November race for the new 19th Congressional District will have two well known local figures challenging one another, while U. S. Rep. William S. Broomfield will be opposed in the 18th by Assistant Secretary of State Frank J. Sierawski.

For the 19th District, Pontiac attorney Richard D. Kuhn, 35, won the GOP nomination over two other hopefuls and will face Democrat Billie S. Farnum, Michigan's auditor general and a resident of 3033 Lansdowne, Waterford Township.

Kuhn of 205 Gateway, Waterford Township, polled 9,348 votes, while his opponents James P. Dickerson, 38, of 973 Croydon, Avon Township, received 7,632 votes, and William W. Brashear, 56, of Livonia, received 2,559.

Dickerson is assistant to the chancellor at Oakland University and Brashear is a former mayor of Livonia.

★ ★ ★

Kuhn, an unsuccessful candidate in six attempts for the GOP nomination for State Senate from Oakland County, was a delegate to the Michigan Constitutional Convention in 1961 and 1962.

COMMITTEE MEMBER

At the convention he served on the education committee and committee on legislative powers. He also headed the subcommittee on the legislature.

Kuhn is a graduate of Michigan State University and the Detroit College of Law. He owns and operates Kuhn Auto Wash at 149 W. Huron.

In winning the bid for the Democratic nomination, Farnum also defeated two other party candidates. They are John H. Burke, a Farmington attorney, and Paul J. Rabaut, the owner of Cooley Lanes and Lounge in Union Lake.

★ ★ ★

Farnum received 5,464 votes to Burke's 4,101 tallies and Rabaut's 2,047.

AUDITOR GENERAL

Farnum has been auditor general since 1961 and is a former deputy state chairman of the state Democratic Party.

Broomfield, 42, overwhelmed his Republican challenger, Robert L. Mott, 51, of Southfield, in polling 39,021 votes to Mott's 2,819.

Mott, a self-employed sales consultant, was a candidate in 1958 for the 3rd Legislative District. In 1952 he was a GOP candidate for the State Legislature from Highland Park.

★ ★ ★

The 40-year-old Sierawski was a chairman of the Ferndale Democratic Club for 10 years and in the years 1960-62 was an executive assistant to the county Democratic chairman.

He garnered 18,876 votes.

Voters in Waterford Defeat Millage Issue

In a heavier than normal turnout, Waterford Township voters yesterday decisively rejected a police-fire millage issue.

A total of 7,436, or slightly more than 35 per cent of the township's registered voters, went to the polls.

The millage issue, which was presented in two proposals, was defeated by a nearly 2½-to-1 margin. Both proposals were voted down in each of the township's 23 precincts.

Proposal No. 1 for increasing the tax limitation 2 mills over a 10-year period received 1,378 affirmative votes and 3,267 negative.

The second proposal which was a question of levying the 2 mills was defeated 3,412 to 1,423.

★ ★ ★

Only property owners cast ballots on the first proposal. All were eligible to vote on the second.

PROPORTIONATE EXPANSION

Township Board members voted to place the millage issue on the ballot because of their general feeling that the two service departments have not expanded in proportion to the township's growth.

Besides providing for increased personnel on the police and fire departments, the millage revenue would have been used for three new fire stations, a police station and equipment for both departments.

If passed, the millage issue would have yielded $194,000 the first of the 10 years with projected increases each year due to added valuation of the township.

★ ★ ★

Estimated cost to the average township home owner was $13 annually.

Ex-Supervisor Faces Seeterlin

Johnson Win Brings Rematch of '63 Race

Former Waterford Township Supervisor Elmer R. Johnson defeated George Smith in yesterday's primary election and will face incumbent Supervisor James E. Seeterlin in a rematch in November.

Johnson, a Republican, served six years in the top township office before losing to Seeterlin in April 1963.

Seeterlin, who was unopposed as the Democratic candidate for supervisor, polled 2,463 votes.

In contests for trusteeship nominations on both tickets, incumbents were successful.

★ ★ ★

Democrat incumbent Charles Evans polled 1,669 votes and Roger Johnson received a 1,528 total to win the two party nominations. A third candidate, Carl McMahan, polled 1,237 votes.

Loren Anderson with 2,758 votes topped a field of four GOP candidates seeking the two trusteeship nominations.

PLACING SECOND

Placing second and also nominated was E. Frank Richardson with 1,830 votes.

Templin Wins Prosecutor Bid in GOP Race

Returns Not Complete but All the County Contests Are Decided

In what was considered the race to watch in the county primary yesterday, Senior Assistant Prosecutor Robert L. Templin won the Republican nomination for the office of prosecutor.

In defeating two fellow workers, Templin will be opposed in the November general election by Democratic nominee S. Jerome Bronson, a 34-year-old Madison Heights attorney.

Templin of 3199 Pebble Lane, Bloomfield Township, won by a substantial margin over his challengers, William E. Lang and Jerome K. Barry, both of whom are senior assistant prosecutors.

Of the total 352 precincts reporting, Templin received 24,872 votes to Lang's 16,150 tallies and Barry's 15,164.

★ ★ ★

Generally, election returns were extremely slow in being tabulated by local units of government because of the large number of candidates. Avon and West Bloomfield townships did not report until after 10 a. m.

JOHNSON DEFEATED

Bronson, in winning his party's nomination, defeated Pontiac attorney Odin J. Johnson, 60, of 5912 Longpoint Beach, Davisburg, 18,812 to 13,229 votes, with 20 precincts still unheard from.

Bronson of 24540 Seneca, Oak Park, won the Democratic nomination for prosecutor in 1962, losing in the general election to George F. Taylor, who resigned this year.

In the race for County Clerk-Register, incumbent David R. Calhoun, 52, garnered 30,691 votes to win the GOP nomination over Daniel T. Berry, 33, of 5437 Sunnyside, Independence Township. Berry received 21,208 votes.

★ ★ ★

Opposing Calhoun will be John D. Murphy, 50, of 710 Catalpa, Royal Oak, who received 17,064 votes in his successful bid for the Democratic nomination over Doris M. Beck, 35, of 25203 Ink-

DETROIT (AP)—Republican voters overwhelmingly renominated Gov. Romney and handed Elly Peterson an upset U.S. Senate nomination yesterday in the only contested statewide battles of the Michigan primary election.

Mrs. Peterson of Charlotte, former vice chairman of the Republican National Committee, rode an outstate tide of votes to a narrow victory over favored James O'Neil, only GOP member of the State Board of Education.

Romney smothered Ferndale auto dealer George Higgins by an 8-to-1 margin.

Mrs. Peterson was reliably said to be Romney's choice in the three-way race although the governor offered no primary endorsements.

All three Republicans campaigned against Hart rather than each other. Mrs. Peterson credited her victory to "hard work."

State Republican Chairman Art Elliott reported at 2:15 a.m. the concessions by O'Neil and Meany, a Grand Haven businessman who campaigned for nearly four years.

BACKED BARRY

Higgins, who repeatedly emphasized his support of Sen. Barry Goldwater, the Republican presidential nominee, trailed from the very first vote report.

Romney, who has not endorsed the Arizona senator, piled up a margin of more than 10-to-1 in Wayne County.

Even with opposition, Romney was outpolling Staebler.

The Republican Senate total also was running ahead of Hart's count.

Because of the many contests at all levels, observers believed there was very little crossover vote from one party to the other.

Romney, who did not campaign in the primary, never mentioned Higgins by name and went to bed at 10:30 p.m. yesterday after saying he might have a statement some time today.

Pontiac Men Nominated for 17th District

Two Pontiac men were chosen as the nominees for the newly created 17th Michigan Senatorial seat in yesterday's primary election.

Opposing each other in the general election Nov. 3 will be Dr. Lynn D. Allen, Republican, and Carl W. O'Brien, Democrat.

The winner will represent the City of Pontiac, Waterford, Independence, Orion, Oakland, Brandon, Oxford and Addison townships in Oakland County and all of Lapeer County in the State Senate.

In the unofficial returns, Dr. Allen was nominated by a mar-

Law, Anderson Win in Area

Picked by Parties in Districts 61, 62

Incumbents Arthur J. Law, D-62nd District, and Lloyd L. Anderson, R-61st District, will head Nov. 3 ballots in Pontiac area races for the State Legislature.

★ ★ ★

Law outpolled his lone opponent, Denis M. Berry of 257 W. Sheffield, 2,256 to 792 to secure the Democratic party nomination in yesterday's primary.

Carolyn Murphy, 344 W. Iroquois, wife of Oakland County Chairman of the Board of Auditors Daniel T. Murphy, will be Law's foe in the fall vote.

Mrs. Murphy, unopposed for the Republican nomination, picked up 2,464 votes in Pontiac's 62nd District.

★ ★ ★

Meantime, Anderson, who represented the old 1st District, was also unopposed. He received 5,154 votes in the new 61st District.

'2nd Home' Sets Kickoff for Barry

PRESCOTT, Ariz. (AP) — Sen. Barry Goldwater formally opens his presidential campaign in the mountain-rimmed town of Prescott Thursday, where once he sold chipmunks on the corner of the city plaza.

★ ★ ★

For Goldwater, it will be a return to his ancestral home and the place where he spent the summers of his youth.

★ ★ ★

It was Sept. 18, 1952, that Goldwater launched his first senatorial campaign from the northside steps of the Prescott courthouse.

He will use the same spot to launch his bid for the presidency.

DEPARTMENT STORE

On his right will be the small Goldwater department store, the first in a chain of family stores which now have been sold. To his left will be Prescott's famed Whiskey Row where cowboys like to spend Saturday nights with booze and Western bands.

★ ★ ★

Directly in front will be a statue erected in memory of the Roughriders of the Spanish-American War, now almost hidden by a towering television platform.

★ ★ ★

This northern Arizona city of 15,000 is planning a rip-snorting Western welcome for Barry. They're even turning gold lights on the water that sprays from the fountain in the tree-shaded plaza.

"Welcome Barry," banners are being stretched across the downtown streets and every store window is displaying a homecoming placard.

STAR TO LEAD

There will be a parade shortly before Goldwater and his running mate, Rep. William E. Miller of New York, arrive. Western singer Tex Ritter and movie star Randolph Scott will lead the way.

★ ★ ★

Authorities predict 20,000 out-of-towners will be on hand for Goldwater's speech.

★ ★ ★

The Smokis — a group of Prescott businessmen who once a year dress in Indian attire and dance with snakes between their teeth — will make Goldwater an honorary chief. That means the presidential candidate can wear a tiny, half moon tattoo on his hat. He already wears the dot tattoo signifying Smoki membership.

Harbor Is Crowded

Hong Kong's crowded harbor holds some 138,000 people who live on sampans and junks. They long have been considered a group apart. Known as the Tanka, Chinese law for centuries forbade them to settle ashore, marry landowners or work for the government.

Judges Nominated for 2 Area Courts

The three Circuit Court judges whose terms are expiring topped the list of six candidates nominated yesterday for election to the posts in November.

Heading the list is Judge Arthur E. Moore, followed in succession, according to unofficial results, by judges James S. Thorburn and Philip Pratt. All were appointed to the Circuit Court.

Other contenders are Allen C. Ingle, Farmington Township Justice; John E. McGrath, Waterford Township Justice; and S. James Clarkson, the mayor of Southfield.

The unofficial returns show that Gordon S. Smith, a Pontiac attorney, was eliminated from the race.

★ ★ ★

The total votes of the candidates are as follows:

Moore, 41,148; Thorburn, 28,988; Pratt, 27,520; Ingle, 17,083; McGrath, 16,374; Clarkson, 15,498; and Smith 14,081.

The Circuit Court race is non-partisan.

Prior to being appointed to Circuit Court by Gov. Romney in early 1963, Judge Moore, 63, had served as a Probate Court Judge for about 25 years.

Pratt and Thorburn were appointed to the bench last fall. Pratt is 39 and Thorburn, 44.

Ingle, 43, has been a township justice since 1953 and McGrath, 38, has twice been elected justice of the peace in Waterford Township.

Clarkson, 39, has been a practicing attorney for 12 years and mayor since 1961.

Smith, 37, of Southfield is a partner in the law firm of Utley, Smith and Kohn.

Thomas G. Kavanagh and Farrell E. Roberts, both of Oakland County, are among the six candidates nominated for the newly established Second District Court of Appeals.

Also nominated from a field of 14 candidates were Louis D. McGregor of Genesee County; Donald R. Freeman of Flint, Francis L. O'Brien of Ann Arbor and Timothy C. Quinn of Caro.

With 1,329 of 1,477 precincts reporting, Kavanagh, 46, of 32865 Faircrest, Beverly Hills, was leading the field with a vote count of 78,093.

Roberts, 42, of 2486 Lefay, West Bloomfield Township, was in fifth place with 59,778 votes.

★ ★ ★

Kavanagh is a Birmingham attorney. Roberts, while in his second term in the State Senate, helped draft final legislation which created the new Court of Appeals.

SECOND HIGH

Polling the second high vote total of 69,740 was McGregor, a Genesee County Circuit Judge since 1959.

O'Brien, Ann Arbor Municipal Judge since 1948, received 66,467 votes for third place in the race.

Running fourth with a 60,131 tally is Freeman, 40, a Flint municipal court judge for seven years.

★ ★ ★

Quinn, Circuit Court Judge for Lapeer and Tuscola counties, is running sixth in the balloting with a 57,987 total. He is 55.

THREE POSITIONS

Three judges will be elected in November from the field of six nominees.

The 2nd District Appellate Court is one of three districts established in the state. It includes Oakland and 16 other counties.

Wayne County comprises the 1st District Court and the Third District Court of Appeals includes the state's other 66 counties.

The court was created by the State Constitution of 1963 which replaced the 1908 Constitution.

County Man to Head State GOP Confab

Charles L. Lyle, Oakland County GOP chairman, will be the general chairman of the Michigan Republican Convention to be held in Detroit this month.

The appointment was made today by Arthur G. Elliott Jr., state GOP chairman.

Elliott said Lyle, 42, will be in charge of all convention activities — from program planning to serving as chairman of sessions in the convention hall.

Republicans will meet Sept. 18-19 to adopt a state party platform and to nominate candidates to the state ticket.

Commission Gets Power to Act

Income Tax Issue OK'd in Flint

FLINT (UPI) — The voters of Flint yesterday gave the City Commission power to levy a city income tax by a margin of more than two-to-one.

With all 123 precincts reporting, the measure was approved, 20,654 to 9,330.

The City Commission had already levied an income tax but citizens opposed to it took the issue to the State Supreme Court where it was ruled illegal.

Money that was withheld for the first two quarters had to be returned.

★ ★ ★

The huge yes vote virtually assures that Flint will have an income tax since the City Commission is expected to pass it soon. It will be a 1-per cent tax on residents and a half-per cent tax on nonresidents who work in the city.

CUTTING TASK

The task was to pare the bulky field to 292 for the Nov. 3 general election.

Already assured, even before the primary, was a turnover of at least 30 per cent in the House and 44 per cent in the Senate, as the result of reapportionment, retirements and bids for other office.

In a three-cornered primary in Detroit, the winner was Rep Robert Mahoney, D-Detroit, th legislature's only blind member. Losers were Reps. John Sobieski, D-Detroit, and Edmond Lesinski, D-Detroit.

★ ★ ★

A total of 90 House incumbents and 24 Senate incumbents had sought re-election, but 23 and six, respectively, were matched against colleagues in the primary.

LAWMAKERS NOMINATED

In 33 House and 17 Senate districts—including four newly-created Senate districts — primary nominations went to newcomers or to former lawmakers.

Among those trying a comeback was former House Speaker Don Pears, of Buchanan, who won the Republican primary in the 43rd district.

Former mayors dotted the lis of winners—among them, Stan ley Davis, of Grand Rapids, R-Dewey Stearns, of Saginaw, and Charles Mobley, of Flint, all running for Republican House seats.

Sen. Robert Vanderlaan, R-Grand Rapids, won handily over Marius Broekhuizen, who had severly attacked Vanderlaan's record as a first-term lawmaker.

Guy Vander Jagt, a Cadillac attorney and parttime sports announcer, won in a three-way contest with Sen. Harold Hughes, R-Clare, and Rep. Don Gordon, R-Leland, for a Senate seat.

★ ★ ★

Rep. Arnell Engstrom, R-Traverse City, chairman of the House Ways and Means Committee, defeated Rep. John Toepp, R-Cadillac.

Crowley outpolled Louis C. Odette of 8500 Cascade, Union Lake, 1,890 to 1,254.

Incomplete returns in the 63rd District showed the GOP nomination still in doubt. A total of 13 precincts are still to be counted.

* * *

James F. Carey of Troy leads O. F. Foster of Orion Township, 1,720 to 1,372.

DEM UNOPPOSED

The Democratic nominee, Robert J. Slingerlend of Oakland Township, who was unopposed in the 63rd, polled 1,600 votes.

With nine West Bloomfield Township precincts uncounted, the 64th District GOP nomination appeared to be sewed up by incumbent legislator Raymond L. Baker.

The former District 4 representative, Baker leads his nearest rival, Allan P. Howell, 1,593 to 679.

* * *

On the Democratic side, attorney John I. Bain, 33, of 26393 Springfield, Farmington Township, leads Evelyn J. Labelle, 5567 Edingorough, Bloomfield Township.

DEM NOMINATION

Bain, still with nine uncounted precincts, has 778 votes, while LaBelle has received 301 votes towards the Dem nomination for the 64th District.

GOP voters in the county's 65th District decided a four-way race for that party's nomination in favor of William P. Hampton, 26, of 2757 Windemere, Birmingham.

Hampton pulled 6,652 votes, topping three GOP foes. His nearest opponent, William R. Brownfield of 848 Smith, Birmingham, received 2,793 votes.

* * *

Opposing Hampton on the fall ballot will be Ernest W. Nigg Jr., who was unopposed for the Democratic nomination. Nigg received 1,347 votes in the 65th.

VOTE SPLIT

Another four-way primary battle, this time in the Democratic party, split the vote in the 66th District.

Bill S. Huffman, former mayor and city councilman of Madison Heights, outpolled former Clawson Councilman William A. O'Brien, 2,913 to 2,170.

Huffman is an incumbent, serving from the old 6th District.

* * *

The Republican nomination was secured in the 66th by Roy F. Strause, 36, of 520 N. Custer, Clawson. Strause topped Charles J. Maly, 52, of 116 Gordon, Clawson.

OUTPOLLED FOE

Strause netted 1,638 votes to Maly's 1,145.

Despite uncounted votes from 13 Genesee County precincts, Walled Lake School Supt. Clifford H. Smart holds a big lead over five candidates for the GOP nomination from the 60th District.

Smart has 4,348, while his nearest foe, Edward N. Sullivan of South Lyon has 1,277.

A narrow margin is reflected on the Dem party race. R. W. Lahti, Oak Park school teacher and Wixom councilman, trails Dwight R. Lawler by a scant 17 votes.

Lahti has 2,216, while Lawler, a press operator from Swartz Creek, has 2,233 votes.

LIKELY RUNNER-UP

Archie H. Bailey, 2092 Ellwood, Berkley, appears likely to finish second to Albert A. Kramer, 23651 Radclift, Oak Park.

Both are bidding, along with three other candidates, for the Dem state representative nomination from the 67th District. Kramer leads 1,846 to 1,481.

One precinct—from Royal Oak Township—is uncounted.

* * *

C. Hugh Dohany, Southfield councilman, trails Harvey C. Van Buhler, former Berkley mayor, in the GOP race.

UNCOUNTED PRECINCT

Without the uncounted precinct, Van Buhler has 2,528 and Dohany 2,025.

The rival for the Royal Oak mayor was Theodore G. Nick, a city commissioner and unsuccessful candidate for mayor in 1963.

Senators Cautious on Baker Case

WASHINGTON (AP) — President Johnson has asked for an FBI investigation into charges by Sen. John J. Williams, R-Del., that builder Matthew McCloskey paid a $35,000 kickback on the D.C. Stadium construction contract.

WASHINGTON (AP) — Senate leaders moved cautiously today in the wake of a demand for reopening the Bobby Baker case to investigate a charge of a $25,000 payoff earmarked for Kennedy-Johnson campaign funds in 1960.

* * *

Democratic Leader Mike Mansfield of Montana said he would take the matter up with the Senate Democratic policy committee "in the near future." He declined further comment.

Sen. Everett M. Dirksen of Illinois, the GOP leader, said there should be an investigation but cited a number of factors that he felt would prevent any early action.

'NO KNOWLEDGE'

Asked for comment on the charge, White House press secretary George E. Reedy said only, "We have no knowledge of it whatever."

From Tulsa, Okla., Republican National Chairman Dean Burch said President Johnson "should immediately call for a bipartisan congressional investigation to get all the facts, and to determine whether any member of the executive branch is involved."

* * *

"This is one scandal that can't be swept under the rug," Burch added.

The Baker case exploded anew in the Senate Tuesday when Sen. John J. Williams, R-Del., said in a speech that he had evidence of a $35,000 payoff he said was made by Matthew H. McCloskey Jr., Philadelphia contractor, on the Washington, D.C., Stadium contract.

NOT REACHED

McCloskey, finance chairman of the Democratic National Committee at the time could not be reached for comment. He resigned several weeks ago as ambassador to Ireland.

* * *

Williams told his colleagues that $10,000 of the $35,000 went to Don B. Reynolds, a local insurance agent, and that, according to Reynolds, $25,000 was turned over to Baker for "a contribution to the Johnson-Kennedy campaign fund of 1960."

* * *

The senator called it conspiracy in which "several laws were violated" and demanded an immediate reopening of the investigation into how Baker built up a claimed fortune of over $2 million while serving as secretary to the Senate's Democratic majority.

RESIGNED POST

Baker resigned his $19,600-a-year Senate post last Oct. 7 after questions were raised by Williams and others about his outside business dealings. He refused to testify at an investigation conducted by the Senate Rules Committee.

Williams displayed a copy of a $109,205.60 check that he said McCloskey had sent to Reynolds on Oct. 17, 1960.

* * *

He said this represented an overpayment of $35,574.32 on the amount due Reynolds as insurance broker on the performance bond McCloskey posted on the stadium contract. He referred to it variously as a "kickback" and a "payoff."

"This $35,000 additional payoff on this stadium contract was arranged for the express purpose of channeling a $25,000 political contribution into the Democratic campaign fund and to charge this $25,000 contribution as a business expense item on a government contract," Williams said.

Council Hires a Manager for Rochester

Rochester has a new village manager.

The council unanimously appointed Richard N. Don of Mount Desert, Northeast Harbor, Maine, to the post.

Don, 33, will take over his new duties Oct. 1. He is married and a graduate of Oregon State University.

Experienced in municipal government, Don was employed with the Oregon State Highway Department from 1951 to 1961. At that time he became the assistant engineer for Albany, Oregon.

Don became manager of Mount Desert early in 1963. In this capacity he was in charge of administrative duties and acted as director of urban renewal.

He is a member of the Elks and Lions Clubs.

Break Near in Auto Talks?

UAW, Chrysler Set Try to End Stalemate

DETROIT (AP)—The United Auto Workers Union and Chrysler Corp. appeared ready today to move off dead-center in their two-month-old negotiations on a new contract.

* * *

UAW President Walter P. Reuther said bargainers would meet "morning, afternoon and night" at Chrysler today for the first such lengthy endeavor to break the stalemate.

* * *

As the day before, Reuther asserted on his own, without questioning: 'If you asked me now will there be a strike, I'd say there will be a strike at 10 a.m. (EST) Sept. 9."

He hopes, as in the past, to win a new contract from one automaker and then force, under threat of strike, to win the same from others.

MARK TIME

Negotiators at gigantic General Motors, which Reuther has accused of dictating parallel economic offers of Aug. 17, and at Ford marked time while Reuther strove for agreement at Chrysler.

Reuther said UAW and Chrysler negotiators expected to spend most of today "at the big table," in national contract bargaining.

* * *

Most of Tuesday's sessions were devoted to non-economic issues, such as seniority. Reuther said a national framework had to be established regarding seniority and that local-level, at-the-plant agreements, which supplement the national contract, "worked out within this framework."

* * *

He said he thought agreement on seniority might "unlock" national-level bargaining.

REUTHER QUESTIONED

If agreement were reached on a national contract and local issues were left hanging, Reuther was asked if crippling local-level walkouts could be avoided at Chrysler.

"That," he replied, "is a problem we would have to deal with when we came to it."

NOMINEES — Pontiac attorney Richard D. Kuhn (upper left) will oppose Michigan Auditor General Billie S. Farnum (above right) in the race for the seat in the 19th Congressional District in November. Challengers for the 18th District will be incumbent William S. Broomfield (lower left) and Frank J. Sierawski, assistant secretary of state (lower right).

Will Ranks Respect Union Label on LBJ?

WASHINGTON (AP) — President Johnson has organized labor's endorsement in his bid for a first elective term. But a question remains about how faithfully 12 million rank and file members will follow the union leaders.

The General Board of the AFL-CIO voted unanimously Tuesday to endorse Johnson for president and then trooped to the White House to give the chief executive the welcome news.

★ ★ ★

Johnson thanked the leaders for the endorsement, saying he will "carry it proudly during the campaign" and will "remember it fondly in January as we begin four more exciting years of progress."

The President said current prosperity is the result of the tested policies and not an accident or just good luck.

HARD WORK RESULT

"It is the result of hard work and cooperation of business and labor," he said. "It is the result of the unmatched vitality of our free enterprise system — the envy of the world.

"I predict, if we continue on our course, the growth of the next four years will be the greatest in all our history. And every person in this country will benefit from expanding prosperity."

★ ★ ★

Unmentioned in these statements was the issue of the "white backlash" among union members who may be aroused by the prospect that Negro progress under the equal employment provisions of the Civil Rights Act sponsored by Johnson might threaten their jobs.

AFL-CIO President George Meany told newsmen union members would vote on the basis of their own convictions and not all would support the endorsement, but he discounted any backlash effect.

SECTION QUESTIONED

GOP nominee Barry Goldwater, who voted against the bill, called the employment section unconstitutional.

On the other hand there was some concrete evidence of the "frontlash" of Republicans deserting Goldwater which Johnson described to last week's Democratic convention in Atlantic City, N. J.

★ ★ ★

The AFL-CIO normally endorses the Democratic ticket but some individual Executive Council members usually line up with the Republicans. Three of the latter already have announced they won't do so this year.

Johnson was reported pleased about the nomination of Atty. Gen. Robert F. Kennedy for the Senate in New York. Kennedy won a Democratic convention fight to oppose GOP Sen. Kenneth B. Keating in the November election.

WILL CAMPAIGN

Although he barred Kennedy, along with other Cabinet members, from consideration for the party's vice-presidential nomination, indications are that Johnson will campaign extensively for the senatorial nominee as well as for himself in New York.

★ ★ ★

Kennedy's nomination was greeted in the Senate with the introduction by Sen. Strom Thurmond, D-S.C., of a proposed constitutional amendment to require a U.S. senator to meet the same requirements a citizen must meet to vote in his state. Nobody thought Thurmond's proposal was going anywhere.

Johnson Signs Housing Bill

'Support for Homes All Over Country'

WASHINGTON (AP) —President Johnson signed today the $1,131,800,000 bill to continue and expand various housing programs and said it would benefit all America.

Dozens of members of Congress crowded into the room for the ceremony.

★ ★ ★

Johnson said that there was a commitment to assure every American an opportunity live in a decent home and a safe and decent neighborhood.

He called the legislation "a milestone to assure that commitment."

NEW SUPPORT

He said that the bill does more than continue the present program, and "provides new support for greater success in the future."

Under it, the President said, people may rehabilitate their homes and neighborhoods instead of "moving from the path of bulldozers."

★ ★ ★

The total in the bill was nearly $700 million below what Johnson recommended. The bill omitted his proposals for aid in building satellite communities in metropolitan areas.

Horseshoes Lucky for Busy Collegian

WESTERVILLE, Ohio (AP)—Horseshoes were good luck for Frank D'Imperio when it came to earning money for college tuition, board and room, and other expenses.

Young D'Imperio, who majored in psychology at Otterbein College and is going into social work, went to classes in the morning and shoed horses in the afternoon. He learned the art after his father, a physician, bought a farm in New Jersey.

Dem Rights Foe Suffers Defeat

Lesinski Is Beaten by Rep. John Dingell

DETROIT (AP) — Rep. John Lesinski, D - Mich., the only northern Democrat who voted against the Civil Rights Bill, was rejected Tuesday in the Michigan primary by voters in a district where an expected so-called "white blacklash" did not significantly materialize.

★ ★ ★

His defeat by Rep. John Dingell in their reapportioned district shared the spotlight with an upset victory by Republican Elly Peterson, first Michigan woman ever to win a major party U. S. Senate nomination.

30,791 VOTES

Dingell polled 30,791, to 25,620 for Lesinski in unofficial returns.

Overshadowed was Republican Gov. George Romney's nearly 8-to-1 renomination margin over a more conservative GOP opponent.

★ ★ ★

Lesinski, a congressman since 1951, could roll up only a narrow margin in the well-do-do portion of the 16th District, then fell steadily behind as returns came from Detroit Negro and white suburban areas.

★ ★ ★

If Lesinski, running in what was essentially his own previous district, did pick up any lash, it wasn't nearly enough.

But meanwhile, Detroit voters approved a "home owner's rights" ordinance that seemed a reaction against open housing sought by civil rights advocates. And its leading proponent, Thomas J. Poindexter, led candidates seeking city council nominations.

School Tax Approved in Grand Rapids

GRAND RAPIDS (AP) — Voters reversed a negative stand of last April and approved Tuesday a 3-mill operating levy increase for two years for Grand Rapids public schools.

★ ★ ★

The vote was 27,717 to 21,022.

Upon learning of the victory last night, the board of education voted to:

- Increase a 10.3-mill budget by the approved 3 mills, or $1,861,815, to bring the new budget to $15,757,756.
- Restore full day sessions at all grade levels instead of the proposed half-day classes for some grades under the threatened cutbacks.
- Restore a full program of interscholastic and intramural athletics and extracurricular programs.

Only a Few Gripes on Voting—So Far

LANSING (AP)—"For such a complicated mess as this ballot was, we've had surprisingly few complaints," happily observed State Elections Director Robert Montgomery.

"But wait until later today... and even until Sunday... they will call up to say 'I hate to bother you but...'"

Bernie Apol, assistant state elections director, seconded Montgomery.

"We were on the telephone all day Tuesday until late at night," Apol said. "But it was mostly minor stuff. There were very few complaints in view of the fact that we were using machine and paper-ballot combinations, sometimes two machines in certain precincts and sometimes all paper ballots in others."

'HEAVIEST VOTE'

Even before the primary vote count was in, Montgomery called it "the heaviest primary vote we've ever had."

"I think it was a combination," he observed, "of the emphasis on the fact this was a Sept. 1, primary, the many local issues involved and the vast number of candidates running. Even the worst losers had a few of their family friends voting for them."

★ ★ ★

Montgomery said numerous calls came into his office asking if voters could "split the ballot."

"We always had to advise them that they could not do it in a primary," he said.

STRONG COMPLAINT

The strongest complaint about voting machines, Montgomery said, was received from Sen. Stanley Rozycki, D-Detroit.

Rozycki sent a two-page telegram to protest that a voting machine in one of his precincts had a lever locked so citizens couldn't punch his name.

★ ★ ★

The senator, in his wire, called it "negligence or malpractice."

The lever immediately was fixed, Montgomery said.

TOO CLOSE

Portage Township, Houghton County, officials complained to the elections office that a candidate had a jeep with signs advertising his candidacy too near the polls. The jeep was removed.

There was a protest from Macomb County that a candidate had a sign too near the polling booth. The sheriff's department was contacted and the sign was removed.

★ ★ ★

A woman called up to ask where to vote. She was advised. She asked who to vote for, and was refused information, except to use her own good judgment.

Montgomery said he had a report from Taylor Township, Wayne County, that a man ran in, grabbed a handful of ballots and sped out the door.

RECOMMEND AGAINST

"This is about third hand," he said. "Our checker didn't see it. And, by the way, we don't recommend that as good voting practice."

MISS STATE FAIR — Miss Michigan State Fair of 1964, Cheryl Madaras, 16, of Livonia is crowned by Gov. George Romney following final judging last night at the State Fairgrounds. Cheryl won over 10 finalists from a field of 69. The new State Fair queen is 5 feet 6, weighs 120 pounds, and is auburn-haired.

Suspenseful Election Forecast by Primary

By GENE SCHROEDER
Associated Press Writer

DETROIT (AP) — Michigan's political stage was set today for a fall election campaign that promises to keep voters in suspense until the last ballot is counted in November.

A heavy vote in Tuesday's primary produced a lineup of new faces for federal, state and local offices that could bring a record turnout at the general election and further upsets at the polls.

★ ★ ★

As expected, Gov. George Romney clobbered his Republican opponent, former State Sen. George Higgins, and will seek reelection to his second two-year term against Democratic Rep. Neil Staebler.

GOP voters gave Mrs. Elly Peterson the distinction of being the first woman ever to be nominated in Michigan for the U.S. Senate. She defeated two men and will attempt to unseat another, Democrat Philip Hart.

WHITE BACKLASH

The so-called white backlash against Negro militancy failed to develop sufficiently to help Rep. John Lesinski, only northern Democrat to vote against the federal Civil Rights Act, in his 16th District contest with Rep. John Dingell. Congressional redistricting threw the two incumbents into the same district.

In another race involving two congressmen, Rep. Lucien Nedzi defeated Rep. Harold Ryan in Wayne County's 14th District.

But the biggest unheaval of all took place in the legislature, first in the nation to be reapportioned under the recent "one man-one vote" ruling of the U.S. Supreme Court.

In district after district, long-time veterans in both the House and Senate went down to defeat. The wholesale removal of incumbents guaranteed a new look for the legislature when the lawmakers convene next January, even if both houses remain under GOP control.

CLOSE RACE

Statistically speaking, the Romney-Staebler race shapes up as a close one.

In the 1962 primary against then-Gov. John Swainson, Romney polled 58 per cent of the total vote cast for governor and went on to win in November with slightly more than 51 per cent. His plurality was 80,000 out of 2.7 million votes.

In yesterday's primary, Romney won about 50 per cent of the vote. Combined with the Higgins total, the GOP share was about 57 per cent.

But Staebler is known as a fast-finish stretch runner.

OVERTOOK FOE

In 1962, he trailed behind the Republican candidate for Congressman-at-large with only 46 per cent of the primary vote. By the time the November payoff rolled around, though, he had overtaken his opponent and wound up with about 51 per cent of the vote.

Tuesday's totals also gave Staebler a higher vote than that chalked up by Sen. Hart.

Political observers believed Hart's total was lower because (1) Staebler has been campaigning longer and harder, and (2) there may have been some political backlash aimed at Hart for his proposal to make a portion of Sleeping Bear Dunes a national park area.

One unknown factor in the campaign is the role to be played by the all-Negro "Freedom Now" party, a newly formed organization which will put up its own slate of candidates for several state offices, including governor.

NEGRO VOTE

Any siphoning off of the Negro vote is expected to hurt the Democrats, who traditionally win an overwhelming majority in predominantly colored precincts.

Major issue in the governor's race probably will be the question of who should receive the lion's share of credit for Michigan's relative prosperity.

Republicans contend that the Romney administration is mainly responsible for bringing the state out of the red and into a position where it can boast of a surplus in the treasury.

Democrats say Michigan's financial picture is improved because of national prosperity brought about by the Kennedy-Johnson administration.

Vote Results 'Pleasing' to GOP Leader

LANSING (AP) — Republican State Chairman Arthur Elliott Jr. today said he was "pleased and excited" by the primary election results.

Elliott said the results showed a "marvelous response of the voters of Michigan to the challenge raised by the recent Democratic-inspired gerrymander of our state's voting units. "The near-record primary election vote is due in a great part to a spirit of determination by the Republicans of Michigan to block this unfair plot by our opposition to gain control of state government."

★ ★ ★

"With nearly all of the returns now counted, I find our party is a fortress of unity and strength," Elliott said. "The dynamic leadership of Gov. George Romney will be amplified by a fine slate headed by an outstanding senatorial candidate, Elly Peterson."

Credits Victory to Hard Work

Elly Faces Sen. Hart in November Election

CHICAGO (AP) — Mrs. Elly Peterson, the first woman ever to be nominated in Michigan for a U. S. Senate seat, credited her victory over two male opponents in the Republican primary Tuesday to a "lot of hard work by a lot of volunteers."

Mrs. Peterson, former assistant chairman of the Republican National Committee, will oppose incumbent Democratic Sen. Philip Hart in the November election.

As a onetime vice-chairman of the GOP State Central Committee, Mrs. Peterson was credited with strengthening the organization from the precinct level up.

This organizational experience, plus seven-days-a-week campaigning, was credited by political observers as the chief factors in her defeat of James O'Neil, a member of the State Board of Education, and Edward Meany, a sales promotion manager for a leather goods company in Grand Haven.

BACKS TICKET

Mrs. Peterson of Charlotte has pledged support for the GOP national ticket, headed by Arizona Sen. Barry Goldwater.

"I don't necessarily agree on all items with Mr. Goldwater, just as I don't see eye-to-eye on all issues with Gov. (George) Romney," she said. "But this is a big enough party to weather differences of opinion. Our basic philosophy is the same."

Romney has declined to state flatly that he will support Goldwater.

Fair Queen Crowned by Gov. Romney

DETROIT (AP)—Cheryl Madaras, a 16-year-old high school student from Livonia, was crowned Miss Michigan State Fair 1964 Tuesday by Gov. George Romney.

★ ★ ★

Cheryl entered the contest as "Miss Model of the Future." She won over 10 finalists.

The auburn-haired queen is 5'6", weighs 120 pounds, loves dancing, modeling, sports and is interested in a retailing career.

HOMEMAKER AWARD

Winner of the First Lady Homemaker award was Mrs. Fred Cobb of Northville. She had the highest point score in the combined canning, baking and needleworks divisions in the home arts competition.

Making the presentation was Mrs. Romney, wife of the governor.

★ ★ ★

Fair officials listed Tuesday's attendance at 72,821, bringing the total for the four days to 422,014.

Today is Old Timers Day, honoring the state's senior citizens.

Leisure Gets Judge's Okay

CLEARWATER, Fla. (AP) — A Clearwater municipal judge has struck a blow for woman suffrage.

Edmund Adolphus Gibson who moved to Clearwater recently from Barbados, came before Judge Owen Allbritton on a charge of assaulting his wife.

He said he struck her when he came home from work and found that his wife had gone fishing.

"In America," ruled Judge Allbritton, "a wife doesn't have to work if she doesn't want to.

★ ★ ★

"You can't charge a wife with nonsupport in this country, although maybe you could in Barbados. She has a right to sit around and do nothing all day or go fishing if she wishes."

He gave Gibson a suspended seven-day jail term.

He's No Indian Giver; Rather a Chinese Giver

ST. PETERSBURG, Fla. (AP) — Ray Bond, manager of a St. Petersburg drugstore, has a surefire way to keep friends from bumming cigarettes.

Bond found an empty Chinese cigarette package in a shipment of Easter baskets from Hong Kong. He filled the package with American cigarettes.

When someone asks him for a smoke, he offers the package. Very few accept the offer.

Health Benefits Up

NEW YORK — Health-insurance benefit payments in the United States last year averaged about $19,500,000 a day — up about $2,000,000 from 1961.

Exports to Europe have increased more than 500 per cent since the General Agreement on Tariffs and Trade (GATT) began operating in 1948.

Barry Returns to Vote on Bill

WASHINGTON (AP) — Answering the summons of Senate Republican leaders, Sen. Barry Goldwater came back to Washington early today ready to vote against a scaled down version of President Johnson's plan for medical care of the aged.

★ ★ ★

After a hectic day in Los Angeles and a 45-minute stop in Phoenix, the Republican nominee for the White House sped across the country in his chartered jet airliner to be on hand for the crucial vote.

★ ★ ★

"The vote is very equally divided," said the Arizona senator, an outspoken foe of the administration plan for health care financed under the Social Security System.

Goldwater interrupted what was to have been a stay at home in Phoenix after a telephone talk with Senate Republican Leader Everett M. Dirksen of Illinois.

CLOSE VOTE

He said Dirksen told him the vote would be a tight one and the leadership wanted him on hand.

★ ★ ★

The medical care compromise, worked out Monday by key Senate Democrats, is an amendment to a bill that would boost Social Security benefits by five per cent.

★ ★ ★

Goldwater touched down in Phoenix to take command formally of the Boeing 727 jet in which he will travel during the campaign.

He plans to fly back to Phoenix later today and then go on to Prescott, Ariz., Thursday to launch his campaign against Johnson.

★ ★ ★

On Friday he is due to fly back to Washington for a stopover on his way to Lockport, N.Y., whtre Rep. William E. Miller will kick off his vice presidential campaign on Saturday.

WHEEL MISSING, LANDS SAFELY — San Antonio pilot W. D. Alt lost half his landing gear and one wheel attempting to land at Lometa, Tex., yesterday. HORSEPLAY?—Four-year-old Carol Sunnock appears undaunted as a photographer records evidence of this bold violation of Comstock Township Park rules. Saugatuck Set for Any Trouble

Lawmen Prepare for Holiday Weekend

ALLEGAN (AP)—"We expect no trouble but if should develop, officers will be prepared to end it once and for all," says Allegan County Prosecutor Ervin L. Andress of plans to safeguard nearby Saugatuck from vacationer rowdyism.

He commented after a strategy meeting with law agencies in advance of the Labor Day weekend.

Saugatuck, a Lake Michigan resort community popular with weekend vacationing young people, was shaken over the Memorial Day and Fourth of July holidays by mob scenes which required police reinforcements and led to numerous misdemeanor arrests.

AVAILABLE

Available for the coming holiday as a result of the planning session will be 60 uniformed state troopers, 30 patrol cars and all the plainclothes officers from the state police 5th and 6th districts. A mobile command post also will be on hand to aid Saugatuck's part-time force of eight uniformed officers augmented by county sheriff's men.

Andress said also steps would be taken to seal off the village from traffic at the first sign of trouble.

The National Defense Education Act has been responsible for about $800 million being allocated to schools in five years.

The Department of Health, Education and Welfare last year employed 81,062 persons, with 34,799 engaged in public health service and 34,796 working in Social Security Administration.

Bench Decision Sound On Convict's Request

A recent move by a Pontiac man to obtain a transcript of the trial which resulted in his being sentenced to prison for life was denied by Circuit Judge WILLIAM J. BEER.

★ ★ ★

The accused had pleaded guilty to second degree murder for his part in the slaying of ROBERT A. GREEN at the Pontiac Mall Kroger store.

This type of action is common today by convicted felons. Judge Beer pointed out that the convicted had been represented by counsel at the trial and on those grounds he was denying the motion.

★ ★ ★

The Pontiac PRESS feels that the judge acted judiciously and we commend him for his forthright decision.

Oldest Cultivated Food Has Variety of Uses

Those who think that rice is merely something to be sprayed at couples just joined in wedlock will be interested to know that it is considered to be mankind's oldest cultivated food.

★ ★ ★

Prior to its advent, menus ran exclusively to roots. Parenthetically, it might be wondered how the prehistoric housewife could vary the preparation of roots from day to day to keep her spouse from growling, "Oh, no — not roots again." And if the divorce rate was then as high as it is now, sociologists might well have ascribed a constant diet of roots as a root cause of it.

Chinese writings of 5,000 years ago refer to the cultivation of rice when it was decreed that only the emperor could grant permission to sow a rice paddy. It makes you wonder whether there was a strain of Irish in the early Chinese rulers.

★ ★ ★

Rice was used in ancient religious ceremonies as rice cakes were eaten to symbolize abundance and happiness. From this, naturally, came the Western custom of throwing rice at weddings.

If being the target of a rice barrage annoys newlyweds, they might reflect how much worse it would be if the rice were cooked.

Not Everyone Favors Airplane Crash Tests

A deliberate crash of an airliner to test a new device was held this week on the desert near Phoenix, Arizona. This was the second—and the last—of the crash spectaculars staged by the Federal Aviation Agency and the Flight Safety Foundation.

★ ★ ★

The first, held last April, featured the flaming wreck at 160 m.p.h. of a remote controlled DC-7 manned by 16 instrumental human dummies. A flight weary Lockheed Constellation, purchased from Trans World Airlines for $38,000 will be used this time. Films of the first test crash appeared on national television, and still shots—some of them in living color—were featured in newspapers and magazines.

The F. A. A. says the purpose of the experiments is to measure the forces acting on commercial planes in a marginally survivable crash so that planes, fuel tanks, seats and other gear can be designed for greater safety.

★ ★ ★

But Air Transport Association President STUARD TIPTON deplored the publicity that followed the first crashing. He called it a "carnival" and complained that pictures taken inside the passenger cabin showing such things as severed legs of dummies had "scared the daylights out of people." TIPTON expressed the hope that this crash test would not be dramatized.

A surprisingly large proportion of the public still seems afraid to fly. One survey a few years ago found that only 22 per cent of this country's inhabitants had ever traveled on a domestic airline.

It is the repeaters, especially businessmen, who keep the airlines going.

★ ★ ★

It is unfortunate that the particularly gruesome nature of most air crashes obscures an impressive safety record. In 1963 for example, the 11 domestic trunk airlines carried 53 million passengers, and only 48 passengers were killed in accidents.

Politicians Lash High Court, Too

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — The Supreme Court, which has moved into vacuums Congress wouldn't fill, is getting its own particular kind of backlash from politicians.

MARLOW

In a struggle now over curbing the court's powers, members of Congress have themselves so boxed in they may be here another month although they could use the time in election campaigning.

An attempt is being made to undo the court's ruling last June that voters in the states are entitled to far more equal representation in their state legislatures than they are getting now.

★ ★ ★

Example: Under arrangements unchanged for more than half a century in some states a relatively small number of people in one district, especially a country district, can elect one legislator while four times as many people squeezed into a single district elsewhere can elect only one.

COURT VIEW

The court said representation in both houses of state legislatures must be apportioned on a population basis of "one person, one vote," and federal courts have the job to see it's done.

Some people, not directly involved, may feel the court overreached itself.

But the Republicans at their convention this year responded to the opposition to the court ruling by putting into their platform a promise in support of: "A constitutional amendment, as well as legislation, enabling states having bicameral two-house legislatures to apportion one house on bases of their own choosing, including factors other than population."

★ ★ ★

A week after the Republican convention in July Sen. Everett M. Dirksen of Illinois, Republican leader of the Senate, attempted to carry out the platform promise by introducing a proposed constitutional amendment in Congress.

PROPOSED AS AMENDMENT

He didn't offer it as a bill by itself — he said he didn't think it had a chance that way — but as an amendment on the $3.5-billion foreign aid authorization bill.

President Johnson is anxious to get the foreign aid money. If he vetoed the bill because of the attached Dirksen amendment, the whole thing would have to go back to Congress.

He very probably wouldn't veto it. That's Dirksen's strategy.

★ ★ ★

Mike Mansfield of Montana, Democratic leader in the Senate, worked out a compromise bill with Dirksen, just a little milder, and with the help of the Johnson administration's Justice Department.

WANT TO KILL BILL

But some members of the Senate — particularly liberals led by Sen. Paul Douglas, a Democrat and like Dirksen from Illinois — wouldn't buy any part of it and are determined to fight until they kill it.

The two-year delaying action in the Dirksen bill would give Congress time to approve the kind of constitutional amendment he has in mind and then perhaps time for the states to approve.

New Political Twist

David Lawrence Says:

Conditions Resemble Pre-WWII

WASHINGTON — Maybe the campaign speakers on both sides will miss the significance of it, but conditions today in many respects parallel those which prevailed before the outbreak of World War II — just 25 years ago this week.

West German Chancellor Ludwig Erhard, in a little-noticed address at Bonn Monday frankly described the weakness and irresoluteness of the Western powers prior to September 1939, and he put his finger on the very thing that usually encourages a dictatorship to take chances on war.

LAWRENCE

He said:

"There is complete agreement that Hitler bears the main guilt for the Second World War. But this verdict of guilty against the Hitler regime cannot change the fact that also other governments faltered, that after the Western powers accepted his acts of force Hitler built up illusions about the defensive will of those Democratic states, and that Soviet communism — which until then had been pilloried — encouraged and, indeed, until well into 1941 even supported Hitler's further aggressions."

Although Hitler had marched into the Rhineland in 1936 without any military obstruction in his path and subsequently had committed act after act of aggression, the Western powers allowed their commercial interests to continue to sell him arms and war materials almost to the very month before the outbreak of World War II.

★ ★ ★

But, coincidentally, the buildup of an adequate military apparatus in Western Europe and in this country was neglected.

NEVER ENTER

This encouraged Hitler to believe that the United States would never again enter a war in Europe or, if it did, its help would not come in time to be decisive.

Worst of all, the Western powers saw Russia sign a so-called "non-aggression" pact with Hitler on August 23, 1939. The very next week, Russia was involved in the war on Hitler's side.

This made unnecessary any military effort by Hitler against Russia at that time. The Nazi forces were thus free to invade Belgium and France, which were completely subjugated by the summer of 1940.

★ ★ ★

Even in the face of this disastrous turn of events, President Roosevelt campaigned in the summer and autumn of 1940 on a promise to keep out of the war.

FEW MONTHS LATER

A few months later — June 1941 — Hitler felt free to turn against his ally, Russia, and he secretly encouraged Japan to begin to harass America.

The Japanese armies had by that time conquered much of Southeast Asia and were ready to turn their attention to the United States.

The attack on Pearl Harbor in December 1941 was a planned climax by the Japanese-Nazi axis to frustrate any American military effort in Europe.

★ ★ ★

This didn't succeed because the United States wisely decided to give its main attention first to the war in Europe, while holding off on any truly major offensive against Japan itself until after the surrender of Hitler's armies in May 1945.

★ ★ ★

America's fumbling policies in the 1930's — the lack of what Chancellor Erhard has so fittingly described as a "defensive will" — can today, if repeated, mislead the Communist militarists into believing that they can conquer most of Europe with their land forces before the United States has a chance to use any nuclear weapons — if then. This was also the analogous concept of the Nazi militarists 25 years ago.

Fast Jet to Rush Barry Back for Medicare Vote

By RUTH MONTGOMERY

WASHINGTON — A fast jet will rush GOP standard-bearer Barry Goldwater here from Arizona when the Senate nears a vote this week on the administration's proposal for financing Medicare through Social Security.

RUTH MONTGOMERY

Although his official schedule for the next two weeks makes no mention of Washington, a top aide said Goldwater expects to cast his vote personally against a floor-offered Medicare amendment, "provided he is given enough notice to get here."

If the amendment is defeated, he will then vote for expanded Social Security benefits and increased payments.

★ ★ ★

Goldwater will kick off the presidential campaign Thursday in Prescott, Ariz., his "lucky city" where he launched his two successful campaigns for the Senate.

Prescott is also the city where the future presidential nominee once worked so strenuously to open a Goldwater branch store that his wife, Peggy, said he suffered a "nervous breakdown."

PROPER TIME

This seems a proper time to lay at rest, once and for all, the mistaken notion that Barry Goldwater actually suffered anything remotely resembling a nervous breakdown.

To comprehend the misunderstanding, it is necessary to realize that in Midwestern communities the colloquialism for physical exhaustion is "nervous breakdown."

This writer, who like Peggy Goldwater was reared in Indiana, well remembers that any time someone overworked to such an extent that he had to take a vacation, Hoosiers sympathetically called it a "nervous breakdown."

★ ★ ★

Peg was therefore using the vernacular of her Muncie, Ind. girlhood when, during an interview for the May issue of Good Housekeeping magazine, she said that her husband suffered two nervous breakdowns.

The Better Half

"I'd buy it, but I don't think you've suffered enough."

Voice of the People:

Views Differ on Travel of Students to Red Cuba

The letters from the students disgusted me. The Communists fight us in Asia, Africa, and ninety miles from our shores. And we complain because we are forbidden to harm ourselves in the worst way. A man who had never seen this country before kissed the earth the moment he arrived. Thousands did the same in his wake.

★ ★ ★

Today, kids who've spent their lives here literally spit on the same. You two students think about it, the next time you see an American flag. Think what our bearded friend must think. Should he be able to tell Americans what he thinks? Those students deserve worse than they will get. May God forgive them for their treason.

★ ★ ★

Print this letter lest adults think we all are like that. Use my real name. I am neither terrified nor afraid. I'm proud.

HARRY KEVORKIAN
WKHS STUDENT

(Editor's Note: We have printed a large and generous supply of letters on the Cuban visitation. Additional comments are merely reiterating thoughts already expressed. Hence, we ring down the curtain.)

Some feel that keeping students out of Cuba will help solve the Communist problem here. The problem is an internal one—that of education. The student who invites Castro's brainwashing has been influenced by Soviet thought in America.

★ ★ ★

Conspiracy to overthrow the government by force is a criminal offense, yet avowed Communists remain undisturbed so long as they refrain from open un-American activity.

The same pattern is followed with regard to travel restrictions. Private citizens are prohibited from entering Cuba, yet they are allowed to travel in the U.S.S.R. and satellite countries. Is Walter Ulbricht less skilled in the art of brainwashing than Fidel Castro?

The student interested in Communism has no difficulty obtaining Soviet literature in the U.S. America should concern herself with the massive amount of Soviet influence exerted within her borders than with a few radical students.

WTHS SENIOR

The point of American students going to Cuba is the fact America has denounced Castro as a Communist dictator. By Americans going to Cuba, the Communists profit propaganda-wise by pointing out to other nations that are supporting our policy, that America is so weak and torn with dissent that she can't even ban Cuba. Who paid the students' fair to Cuba and what is their background?

★ ★ ★

There was a time when Americans were fiercely loyal and proud of their country and heritage. Since the modern progressive liberals have controlled the nation for 30 years we have become so conditioned, that the Aug. 14th issue of Life magazine says capitalism is decaying and the factories should be given to the workers; and when we read this we agree even though that statement is treason.

★ ★ ★

Students may refuse to pledge allegiance to the flag and it is against the law to say the Lord's Prayer in schools, and when a voice is raised in opposition, he is called an extreme radical.

IS THERE STILL TIME?

I, a "WKHS Senior," fully agree with "WTHS Senior." Our government has no right to restrict our travel to any country. Some of the students who traveled to Cuba are professed Communists, but not all. I feel that for the very hate of communism every American should do everything in his power to stress the importance of the appeal of this unjust and unwarranted restriction on our freedom. Then the people of the world will be sure that the Americans have democracy and are not government controlled. What are the basic truths that MOST Americans are losing sight of and how old should we be before we take an interest in our country?

STEVEN WAYNE MAXWELL
WATERFORD TOWNSHIP

I don't undertsand the thinking of these youngsters in regards to the students' trip to Cuba. They are complaining about their lack of freedom to travel unrestricted to a country that allows no freedom of any type to the individual and is part of a network that has thousands of slave labor camps all over the Communist empire that would make Hitler's concentration camps look like kindergarten classrooms.

★ ★ ★

Who is responsible for keeping the true facts from these youngsters. Is it the school system? If they are truly interested in finding out the facts on communism, they can get an unlimited amount of information from the U.S. superintendent of documents, Washington, D.C.

CONCERNED ABOUT OUR YOUTH

Your Press editorial on those would-be-exiles to Cuba was great. Give us some more and we won't need to look under our beds for Reds. You will have them all flushed out in the open.

ROY RUMBLE
ROCHESTER

The letters concerning travel to Cuba present a disturbing element. Citizens cannot be denied constitutional rights of free travel, but what is more frightening is the fear in the minds of students protesting an infringement of another's freedom.

★ ★ ★

Having attended Pontiac schools for 13 years, I hardly think them responsible, but I am not as convinced that the Press is as blameless. Denying our people basic liberties, such as freedom of travel in peacetime, is really not in our best interest. And in intimidating an inquiring mind with scornful ridicule, we can only contribute to apathy or ignorant compliance.

U.S. Jet Pilot Escapes Reds

Breaks Out of Laos Barbed Wire Prison

BANGKOK, Thailand (AP) — U.S. Navy jet pilot Charles F. Klusmann, shot down three months ago by Laotian Communists, has escaped from his barbed wire prison and reached the safety of an American air base at Udorn, in friendly Thailand.

★ ★ ★

After receiving preliminary medical attention, food and clean clothing, the 30-year-old lieutenant was flown today to an undisclosed destination.

Details of the escape have not yet been made public.

EVACUATED

The U.S. Embassy in Bangkok said Klusmann was being evacuated to an American facility outside Thailand. It appeared likely Klusmann would be flown to Clark Field, a U.S. air base in the Philippines where extensive medical facilities are available.

★ ★ ★

At their home in San Diego, Calif., Klusmann's wife, Sarah, said she was "absolutely elated" but not surprised by his escape. "What I said in the beginning of all this was that if anyone can get out, he can," she said. "He has been through the survival school that all Navy aviators go through."

'RELATIVELY GOOD CONDITION'

The embassy said Klusmann appeared to be "in relatively good physical condition." The escape was first disclosed by the White House in Washington Tuesday afternoon.

Klusmann was on a photo reconnaissance flight in his unarmed Crusader jet over the Communist-held Plaine des Jarres in central Laos last June 6 when Pathet Lao gunfire brought him down. He was based on the U.S. aircraft carrier Kitty Hawk.

★ ★ ★

He parachuted safely but wrenched a knee in landing. Klusmann waved off a rescue helicopter, as Pathet Lao ground forces were closing in. The pilot was last seen surrounded by Communist soldiers.

KEPT IN HUT

Last month, eight letters from Klusmann were forwarded to his wife by the Red Cross. The pilot did not say where he was being held, but that he was kept in a mud-walled hut, 12 by 20 feet, and its thatched roof leaked in the rain.

★ ★ ★

"They appear to want to keep me in good shape," Klusmann wrote. "But they don't want me to go anywhere. They have been reinforcing my 'accommodation' with barbed wire and I am well guarded by young lads."

Klusmann said his knee was treated by the Communists.

ESCAPE ROUTE

His presumed escape route would have taken him through dense jungle, and areas with mountains reaching to 9,000 feet.

Udorn, where Klusmann arrived Tuesday, is 40 miles south of the Laos-Thailand border and approximately 140 miles south-southwest of the Plaine des Jarres.

★ ★ ★

Klusmann's escape leaves only one other American citizen known to be held by the Laotian Communists. He is Eugene De Bruin of Kaukauna, Wis., a civilian pilot for Air America. His transport plane was shot down on a supply-dropping mission last September.

Counting Township Ballots Is Tough Pull

It was a long, hard pull for primary election officials tallying local township balloting results early this morning after recording totals in state, county and congressional district races.

★ ★ ★

In 16 townships, besides Waterford, it was generally well past midnight before the first precinct votes were counted. The polls closed at 8.

In each of the townships where local primary elections were held at least one candidate was opposed by a member of his own party.

In Commerce Township, the local ballot had only a proposition. Proposals also appeared with candidates in Avon, Highland, Orion and Pontiac townships.

★ ★ ★

Results of the primary election in Bloomfield Township can be found on Page 2.

UNOFFICIAL TALLY

Following are the unofficial returns in other area townships, three still incomplete, where local decisions were made yesterday:

Avon

With ballots on local candidates and propositions in Precinct 4 still uncounted early today, incumbents held the lead in three key races here.

Due to a snag reached in tabulation procedures by weary election workers, Precinct 4 totals were delayed. About 470 ballots remained to be counted.

Incumbent Supervisor Cyril E. Miller led two opponents with 1,193 votes, compared to Lyle Knapp's 731 and Roy E. Rewold's 314 on the Republican ticket.

★ ★ ★

Louis W. Berklich polled 427 for the Democratic supervisor nomination.

Incumbent treasurer Mrs. Helen V. Allen (R) led opponent Arthur B. Ungier, 1,598 to 596, while Ronald Baker (D) had received 463.

The yet uncounted ballots may make a difference in the outcome of the race for two trustee seats. Incumbent Wayne Holman led the Republican battle with 1,431, followed by Clarence E. Shaw, 1,198, and Dr. William E. Bennett, 981.

★ ★ ★

Dr. Edward Heubel had 403 and Leonard Passint 369 for the trustee nomination on the Democratic ticket.

Two propositions were running toward almost certain acceptance.

The proposed additional half-mill assessment for continuation of the road chloride program had received 1,045 yes votes and 650 no votes, and the proposal to close the township to hunting had received 1,520 yes votes and 612 no votes with the 4th Precinct not counted.

★ ★ ★

Other incomplete results:

Clerk: incumbent Mrs. Thelma G. Spencer (R), 2,021, James Fifield (D), 460; Justice of the Peace: Samuel A. Howlett (R), 1,941.

Constables (4): incumbent Garfield J. Franklin (R), 1,288 Sidney Sonnenberg (R), 1,236; Robert D. Lewis (R), 1,409; John Paddubny (D), 330; William K. Benson (D), 421.

Library Board (2) incumbent Hudson G. Hill (R), 1,510 and Mrs. Marian G. Smith (R), 1,666.

Brandon

A total of 568 paper ballots, representing nearly half of Brandon Township's 1,300-plus registered voters, decided races for nominations for clerk, treasurer and trustee.

Galen Whipple defeated Robert Button for the Republican nomination for clerk, 203-115, while incumbent Democrat Mrs. H. Lucille Saunders polled 200 votes.

William G. Ray was given the Democratic nomination for treasurer over Fred W. Lehnen, 130 to 60. Incumbent Republican Marvin L. Featherstone received 312 votes.

★ ★ ★

The contest for one trustee seat was decided on the Republican ticket as incumbent William McFeely defeated Ronald H. Sutton, 186-136.

On the Democratic side, A. William Solley polled 117 to defeat Frank L. Tower, 40, and Mrs. Charlene M. Hale, 37.

Incumbent Supervisor Alex R. Solley (D) received 205 votes and his Republican opponent, Richard Wilcox, 302.

★ ★ ★

Nominated to fill the two constable vacancies were incumbent Vern G. Mills (R) with 234, and Edward A. Burton (R), with 237, and Democrats John E. Snyder and James K. B. Templeton 152 and 125, respectively.

Democratic Committee nominees are William G. Ray, 157, Mrs. Hale, 121, and Snyder, 136.

Mrs. Leona Hutchings had 248, Stewart Owen, 261 and Featherstone, 272, in voting for the Republican Committee.

Commerce

Voters here extended a 2-mill levy for five years to complete paving of the township's roads.

The single local issue on the ballot passed by a 661-455 margin.

More than 16.5 miles of gravel roads in the township have been paved since the improvement program began in 1959.

Township officials sought extension of the levy to pave the remainder of the township's 35 miles of major roads.

Loon Lake Road to the Wixom city limits and Oakley Park Road from South Commerce to Haggerty are scheduled for completion by next spring.

Farmington

Added to one contest each for Democrats and Republicans on yesterday's primary ballot was the write-in campaign of William A. Christmas, who sought the Republican nomination for supervisor.

However, incumbent Curtis H. Hall's 2,300 votes swept over the 216 tallied for Christmas.

Christmas filed nominating petitions in July but they did not carry enough valid signatures for his name to be placed on the ballot.

★ ★ ★

Challenging Hall Nov. 3 will be Democrat Aldo Vagnozzi, who tallied 1,150 votes.

Republicans narrowed their field of constable candidates to four, who have no Democratic opposition in the general election.

Nominees and their vote totals are incumbent Ralph Evert, 1,633; incumbent Hugh Owen, 1,499; Terrence J. McManus, 1,301; and Thomas Williams, 1,382.

★ ★ ★

Running behind them were incumbent Billy Hicks, 1,157, and Morris Harmount, 886.

Democrats picked James P. Lawson to run for justice of the peace, giving him a 738-472 margin over Gerald A. Freedman. Lawson faces Republican Byron Walter, who tallied 2,230 votes.

Among other candidates and their vote totals are: Clerk—incumbent Floyd A. Cairns (R), 2,467. Treasurer—incumbent Elise P. Avery (R), 2,425, and Euline Petty (D), 1,094.

★ ★ ★

Seeking the two vacancies on the Township Board are incumbent Earl C. Operthauser (R), 2,056; incumbent Thomas A. Duke (R), 2,039; Bernard S. Kahn (D), 976; and Martin E. Gluckstein (D), 886.

Party committee totals are: Republican—incumbent Paul H. Button, 1,994; Joseph T. Brennan, 2,049; and Edward J. P. Cunningham, 1,880. Democratic—Harold E. Shiece, 903; Janet M. Sucher, 890; and Harry E. Zuchliniski, 849.

Groveland

Republican Supervisor Earl Rhinevault again was challenged by the write-in-campaign of William Scramlin in yesterday's primary election, but this time came out with a definite victory.

The tally gave Rhinevault 214 votes and Scramlin 64 on the Republican primary ballot with the latter also polling seven Democratic votes.

Scramlin served as supervisor briefly last spring until a 211-211 tie was declared as the result of a recount. In a drawing before Circuit Court Judge Stanton G. Dondero, Rhinevault came out the winner.

Republicans yesterday narrowed their slate in four other contests.

Incumbent Clerk Donald Titsworth defeated Arnold Walton 201-83. Incumbent Trustee Carl Lozier will run for office again, having gathered 179 votes over 108 cast for Lloyd Betts.

Republican Leonard Boyler will face Democrat Mrs. Irene Burek in the general election. Boyler tallied 145 votes, Allan Brown (R) 118 and Mrs. Burek 21.

★ ★ ★

Running for two constable posts are Fred Hauer (R), 188; Theodore Schmidt (R), 144; and Bernard Burek (D), 21. Hauer and Schmidt outdistanced James Algoe, who polled 142 votes in the race for Republican nomination.

Incumbent Treasurer George Gray (R), who is unopposed, got 259 votes.

Republican committee members are Gray, 212; Robert Mills, 206; and Mrs. Helen Titsworth, 202.

Highland

Voters here turned down a proposed gas and oil burner code but accepted a building code by a one-vote majority.

The first proposition failed 328-276 while the vote on the second was 305 yes to 304 no.

Earl Ike toppled incumbent John G. Naimish 408-391 to get the nod from Republicans for the justice of the peace post. There is no Democratic candidate.

★ ★ ★

In the only other contest, incumbent Supervisor Louis F. Oldenburg tallied 716 votes to win Republican nomination for the office over Chester G. Burton, who received 138.

Also seeking the job is Democrat C. William Prince, who polled 130 votes.

Among other candidates and their vote totals are: Clerk — incumbent Mrs. Normajean Waters (R), 785, and Elizabeth E. Veresh (D), 128. Treasurer—incumbent Roy J. Carl (R), 751, and Betty J. Chyz (D), 126.

★ ★ ★

Others are: Trustee (1) — incumbent George A. Volkert (R), 748, and James P. O'Grady (D). Constables (4) — incumbent Clarence Carlson (R), 589; Herbert R. Major (R), 581; incumbent Homer W. Hay (R), 566; and incumbent Charles L. Cooper (R), 555.

Seeking two library board vacancies are Kathryn E. Lancaster (R), 658; Florence A. O'Grady (D), 106; and Myrtle M. Clark (D), 93.

Independence

Incumbent Trustee Merle Bennett outpolled his lone challenger on the Republican ticket, Jerry LaBonte, in the only contest of the primary election.

Bennett polled 628 votes to 221 for LaBonte.

Incumbent Supervisor Duane Hursfall was the top vote-getter in the election with 820 followed by Clerk Howard Altman with 817. Both are Republicans.

★ ★ ★

GOP Justice of the Peace Robert Carr, received 754 votes.

Incumbents Albert Roberts, LaVern N. Robinson and Edward LaDouceur received 559, 482 and 525 votes, respectively, for continuation as constables, while Elwyn B. Mcherson received 499 votes as a new candidate for constable. Four vacancies exist.

Pontiac

Less than one-third of the registered voters in Pontiac Township turned out to settle a close race for trustee nominations and also defeated two propositions, one by a large margin, the other by a slim majority.

A half-mill tax for a new road chloride program was narrowly defeated, 326 to 319. Also beaten, but by a resounding 483-183 vote, was a proposal to abolish the annual township meeting.

In trustee nomination voting, a close race on the Republican ticket was decided when incumbent Lloyd Ludy received 239 votes and William T. Pauley, 237. Defeated were incumbent Kenneth Gidley, with 236, and Clement J. Cleveland, 197.

Only 1,050 out of 3,795 registered voters cast ballots.

Shelby

Three races were decided by less than half of Shelby Township's voters yesterday.

Incumbent Lorin E. Evans won the Democratic nomination for supervisor with 1,372 votes, defeating George Kullman, 1,066, and Joseph Hawald, 162. Republican Xenophone J. Maguire was unopposed, collecting 262 votes.

The race for two trustee vacancies ended with incumbent Walter B. Oshinsky polling 1,463 votes and Clifton Pemberton 1,-105, to win the Democratic nominations.

★ ★ ★

Other results in the trustee race: appointee-incumbent Robert Koncz (D), 991, Bertram J. Hill (D), 833, Edna Brown (R), 232, (nominated).

Three incumbent Democrats won nominations for constable. Joseph Moore had 1,356; Harold Howcroft, 1,114; and Charley Wallace, 969. Edward White picked up the fourth nomination with 1,158.

Other Democratic candidates for constable fared as follows: Floyd Gates, 938; Dragon (Carl) Drca, 871; Frank Simonis 773; and Clyde Thrush, 712.

OTHER RESULTS:

Clerk: incumbent Mae Stecker, (D), 2,331; treasurer: incumbent Jack B. Millard (D), 2,285; Justice of the Peace: Kenneth Cole (D), 2,142.

Votes were cast by 3,059 of the township's 8,610 registered voters.

Springfield

Incumbent Eva M. Walters was nominated to seek re-election as treasurer in the township's only primary contest.

Her 230 votes topped the 131 cast for Alfred Colombo by a healthy margin.

With only the Republican party offering a slate, all of the incumbents virtually are assured victory in the general election.

★ ★ ★

Officers seeking to retain their posts are Supervisor John L. Carey, who received 301 votes; Clerk Oscar R. Walz, 314; Trustee Lloyd E. Miller, 296; Justice of the Peace Emmett J. Leib, 304; and two constables, Elwin Hillman, 255, and James P. Halsey, 227.

West Bloomfield

Republicans picked incumbents Emmett DeConick and John F. Warren as candidates for trusteeships in the only primary contest here.

DeConick tallied 1,130 votes and Warren 1,264 against 905 for Arthur A. Rosner.

Numerous write-in votes in all parties were still being counted at press time. When tabulated, they are expected to change returns only in filling out party slates where no candidates had been listed.

★ ★ ★

White Lake

With two of three precincts reported, incumbent Edward Cheyz (D) and William R. Brendel (R) were leading their opponents in races for supervisor candidacy.

Returns from Precinct 2, where voting was the heaviest, still were being counted at press time.

The partial tally was Cheyz, 378; James F. Brendel Jr. (D), 79; William Brendel, 186; and Walter Sneddon (R), 105.

★ ★ ★

George R. Chapel had a 201-84, lead over Herbert J. Kleehammer in his bid for the Republican nomination for trustee. Incumbent Walter H. Weinman (D) had tallied 414.

There are four constable vacancies to be filled. Township Democrats listed three candidates, therefore leaving room for a write-in to be nominated.

At press time, John Giddings and Samuel McDermaid each had one write-in vote on the Democratic slate.

SIGNING IN — Balloting in Avon Township was confusing to a number of voters even before they entered the booth in yesterday's primary. In several cases they went to two or more precincts before finding out where they should vote. Here voters (from left) Edward Kosiba and Mr. and Mrs. Glen Breakie learned where they should cast their ballots from two election workers, Mrs. Mary Beech (left) and Mrs. Cyral Chrisman in Avon Township Hall.

OK Operation Tax for School in Novi

NOVI — A 3-mill levy for operation of the new Novi Secondary School was approved by a slim majority of district voters yesterday.

The additional tax won acceptance by a 277-271 margin. Three ballots were invalid.

The new school at Taft and 11 Mile will open Sept. 10. Some 275 students are scheduled to begin seventh, eighth and ninth grade classes there.

A $985,000 bond issue for construction of the core unit was approved in April 1963 when voters backed establishment of a secondary school in the district.

★ ★ ★

A two-stage building program was proposed after the Northville Board of Education indicated it would not accept Novi ninth graders this year.

240 STUDENTS

Novi will send 240 tuition students to Northville for 10th, 11th and 12th grades.

The Novi facility includes a gymnasium, cafeteria, library, music room, arts and crafts area, home economics room, shops and science laboratory.

An academic classroom addition will be needed to provide space for the upper grades. School officials last spring estimated cost of the second stage at $400,000.

The building was designed to handle 350 students in its first phase and 700 when completed.

Schools Supt. Thomas Culbert noted the new tax will be levied for four years. Levy for retirement of bonds was reduced by 1.5 mills this year, he said.

The nursery is for 3- and 4-year-olds. Three-year-olds meet on Tuesday and Thursday, while 4-year-olds meet on Monday and Wednesday.

★ ★ ★

Mrs. James Sponseller, who taught both age groups last year, will teach the 4-year-olds this year. A new teacher, Mrs. James McAlpine, will teach the 3-year-olds.

AT HARVARD NURSERY

Mrs. McAlpine, a graduate in education from Wheelock College, Boston, taught 3-year-olds at the Harvard University nursery, where students observed her working. She has also taught at the Red Barn Nursery near Rochester.

The Cooperative Nursery has two openings for 3-year-olds and interested parents may contact Mrs. Bartley for further information.

I have traveled in many cities and children of high school age have far too much freedom now. They confuse freedom with discipline or lack of it.

Comments on Pressmen's Wage Scale

Why are the wages of the Detroit pressmen compared only with a smaller weekly pay? Why not show the scale in smaller newspapers in Detroit or those in Flint or comparable skilled tradesmen? The pressmen employed at small shops in Detroit have a higher weekly base pay, plus a fully paid insurance, plus time and one-half for any Saturday. The public has a right to know. People must realize these facts presented are not all the facts.

Dislikes Press Editorial on R. Kennedy

I write concerning your dirty editorial referring to Bobbie Kennedy's nomination for the U.S. Senate from New York. This is the voting laws of New York and not for Republican political editors to concern themselves with, especially when the Michigan Republicans have taken away the voting rights of Michigan residents. They stop President Johnson and gain votes that Romney, our beloved Governor, has lost. I speak of the Massachusetts Ballot.

★ ★ ★

This Michigan Republican Gerrymandering stops the people (Democrats) from voting for the man. Our legislature has deprived us of the true meaning of our U.S. Constitution. If you are so concerned about the people get out and urge people to vote down the Massachusetts Romney Ballot.

★ ★ ★

You say Kennedy does live in New York, but Jim Dickerson, Republican candidate for Congress, 19th Congressional District, does not live in the district he runs for. Voters should save their own voting rights by casting a "no" vote for the Massachusetts ballot referendum.

WILLIAM F. HEATON

(Editor's Note: Mr. Heaton must be confused. The current Gerrymandering lines were completely drawn by the Democrats.)

Drop In, Neighbors; Welcome Is Warm

CANTON, Okla. (AP) — Farmer John Paulson is real neighborly.

Paulson cut his fence, built a road and invited everyone to take a gander at a fire.

Paulson lives close to an oil well which has been burning out of control since Aug. 14. It's expected to burn for at least a month longer.

★ ★ ★

About 450 cars an hour jammed the area Sunday to see the fire.

"That's about how many I counted, anyway," Paulson said.

Asked what he charged visitors, he said, "Nothing, that wouldn't be neighborly."

Plans Mansion for Pigs but Law Intervenes

STAFFORD, England (UPI) — Arthur Littlehales, 19, was fined $14 yesterday for stealing a house. Littlehales said he took the empty prefabricated house apart and carried it away on a truck to build a pigsty.

The worst earthquake in Japanese history hit Tokyo in 1923 and left more than 140,000 dead.

New Try Set at Solving U.N. Finance Woes

UNITED NATIONS (UPI) — The 21-nation finance committee of the U.N. will meet early this month for a fresh try at resolving the financial crisis threatening the very base of the world organization.

The committee, under the chairmanship of Chief S. O. Adebo, Nigeria's chief delegate here, will convene to discuss the Soviet Union's refusal to pay its U.N. dues.

The Russians owe a total of $54,708,188.30, of which $52,823,187 is payment for the Congo and Middle Eastern peace keeping operations.

The Soviets have made it clear in recent talks with Secretary General Thant, both in Moscow and here, that they are not going to pay a kopek for the two peace-keeping operations, which they regard as illegal.

The U.S. has made it equally clear, both here and in Washington, that if the Soviets do not pay up they must be deprived of their vote in the General Assembly, under Article 19 of the U.N. charter, which provides that a nation more than two years in arrears in its contributions not be permitted to continue in voting membership.

A resolution underlining the U.S. position on this issue recently got overwhelming support in Congress. But Thant reported, on his return from a trip to Moscow in July, he had been unable to budge Soviet Premier Nikita Khrushchev from his determination not to pay a cent for the Congo and Middle Eastern operations.

The Soviets are already more than two years in arrears in their U.N. payments by virtue of their nonpayment of the Congo and Middle Eastern assessments.

They also owe more than two years money on behalf of Byelorussia and the Ukraine, which count as separate countries under the terms of the 1945 agreement setting up the U.N.

FACE VOTE LOSS

At least 17 other countries also face the loss of their General Assembly vote when the session convenes Nov. 10. But the Soviets are the key figures in the dispute now under way.

Thant said on his return from Moscow he had failed to persuade Soviet Premier Nikita Khrushchev to budge.

He said the finance committee should meet as soon as possible to find some way of heading off the crisis before the assembly opens, but that if it fails he himself will have to put forward some proposals.

Warren G. Harding was beaten in his 1910 bid to become governor of Ohio. He later won election to the U.S. Senate and became the 29th President in 1921.

Report Khanh Balks at Return

Wants Full Support of Temporary Chiefs

SAIGON, South Viet Nam, (AP)—Reports were current in Vietnamese political circles today that Maj. Gen. Nguyen the national helm in Saigon until Khanh is refusing to return to all members of the caretaker government agree to give him full support.

One of the government members resigned. Nguyen Ton Hoan quit as deputy premier in charge of pacification, with a declaration Khanh's present regime "Has no legal authority or standing."

HOTBED OF RUMORS

Saigon was a hotbed of rumors as government officials shuttled the 140 miles between this capital and Dalat, the mountain resort where Khanh is in temporary retirement. Some Vietnamese sources said Khanh would fly here Thursday for further conferences, then return to Dalat.

* * *

A U.S. Embassy spokesman denied a report that the United States had threatened to cut off its aid to this Communist-threatened nation unless the 37-year-old ex-president is returned to power.

"There is absolutely nothing to support allegations that we have attached conditions to our assistance," the spokesman said.

EXPECTED TO RESUME

U.S. Ambassador Maxwell D. Taylor reiterated that he expects Khanh to resume his duties as head of the government in the next few days.

Taylor talked briefly with newsmen during a visit to a paper mill outside Saigon. He attended a short briefing at the mill, toured the plant in less than 10 minutes and returned to Saigon.

The ambassador declined comment on the story in Vietnamese government circles that Khanh was refusing to return to Saigon until government members agreed to support him fully.

He also declined comment on reports that the United States was urging Khanh to return and ha Khanh was balking. The United States has made no secret of its desire to have Khanh back in power since it regards him as the strongest leader available in this faction-splintered nation.

Buddhist leaders threatened a general strike if the government fails to institute what they describe as needed democratic reforms.

State N-Plant Passes Tests

JACKSON, Mich. (AP)—The Big Rock Point nuclear power plant has successfully passed a series of performance tests under supervision of Consumers Power Company, the owner, and General Electric.

★ ★ ★

The plant, located near Charlevoix, has operated at the generator's peak capacity of 75,000 kilowatts. Another test showed that the plant can produce desired quantities of power from amounts of nuclear fuel smaller than previously thought possible, power company officials said.

★ ★ ★

The plant has already produced many millions of kilowatt hours for customers since it went into operation in 1962.

After the end of a 30-month development program, starting now, all of the plant's power will be channeled through the company's distribution system to producers, the officials said.

Watching TV Proves Costly

OAK PARK, Ill. (AP) — Delores Julian, 21, was fined $55 Tuesday for watching a television program — in her car.

Mrs. Julian was arrested in February for speeding and driving through a red light. Police said at the time she was looking at a six-inch television set mounted on the dashboard of her car.

She missed two previous court appearances, but appeared voluntarily Tuesday, pleaded guilty to running the stop light and operating the television set.

She had the set removed from the car before her court appearance.

Plastic Cornea Lifts Hope for Restoration of Sight

By ALTON BLAKESLEE

CHICAGO (AP) — An ingenious new window soon will be placed in blinded human eyes in hopes of restoring sight permanently.

★ ★ ★

It is a transparent plastic cornea, the window of the eye, with a removable pane in the center.

★ ★ ★

This tiny pane can be screwed out — like a fuse from its socket —to permit correction of any complications that might arise later, then put back in place. This gives hopes for lifelong restoration of sight.

★ ★ ★

If the artificial cornea proves as successful in humans as it has in rabbits and monkeys, it may restore sight to thousands of blind persons, Dr. William Stone Jr., an eye physician, said today.

ENTIRE LIFE

One rabbit lived its entire long life of four years and three months with a plastic cornea securely implanted in its eye, he said.

★ ★ ★

Scarring or clouding of the cornea is a leading cause of blindness. Corneas borrowed from human eye banks can help only about 25 per cent of persons with damaged windows, he said.

★ ★ ★

Dr. Stone estimated 90,000 Americans are partially or completely blinded by opaque corneas, as well as hundreds of thousands in areas of the world, especially where trachoma and smallpox take heavy toll by affecting the cornea.

Dr. Stone, Dr. Hirotsugu Yasuda, chemist, and Miguel F. Refojo, doctor of science, described the plastic cornea to an American Chemical Society symposium on medical uses of plastics.

TEST ON HUMANS

They have been working at the Massachusetts Eye and Ear Infirmary in Boston. The team is moving to the Cedars-Sinai Medical Center in Los Angeles, where Dr. Stone plans the first implants into human eyes.

★ ★ ★

The plastic cornea is only one-third of an inch wide. It is disc-shaped, with a hollow nubbin or projection sticking up in the center. It is inserted, from the side, between two layers of the natural cornea.

★ ★ ★

A hole is punched through the clouded central part of the cornea so the nubbin pops up through it.

Then the pane is screwed into the threaded nubbin. Light rays pass through the pane, then the lens of the eye, then onto the retina.

THIN LAYER

If the back, thin layer of the natural cornea clouds again, or other trouble develops, the pane can be removed for surgical repair, done with aid of a microscope.

If a cataract developed on the lens, it could be surgically treated through the hole, Dr. Stone said. The plastic cornea can be extended completely through the cornea if necessary.

The plastic cornea, tailor-fitted to the individual eye, has holes through which connective tissue of the real cornea can grow, anchoring the implant more securely. Essential fluids can pass through the holes.

The U.S. Naval Air Station at Pensacola, Fla., called the "Home of Naval Aviation," has trained more than 100,000 aviators in 50 years.

Boy Saved After Fall Down Well

FREMONT, Calif. (AP) — A 3-year-old asthmatic boy who fell 25 feet down an abandoned dry well was rescued Tuesday night, "scratched up and a little wild-eyed" after three hours.

★ ★ ★

A crowd of more than 100 cheered as Fremont policeman Duayne Watson, 26, pulled Jerry Bettencourt from the foot-wide, 90-foot deep well with two ropes.

IN GOOD CONDITION

The boy had been breathing with the aid of an oxygen tube lowered to the bit of rock where he was wedged. He was taken to Washington Township Hospital for 24-hour observation. He was said to be in good condition.

"He'd begin to cry a little while I was fishing for him and I'd talk to him," said Watson. "I got a nylon cord to him and jerked on it until I had it around his wrist."

★ ★ ★

With the young victim's help, a second rope was secured to his other wrist and Jerry was eased to the surface.

"He wasn't hurt," said Watson. "Just dirty and scratched up and a little wild-eyed and surprised."

REMOVE COVER

Jerry, son of Mr. and Mrs. Gary George Bettencourt, tumbled into the well about a half-block from his home after he and two playmates removed a cement-filled bucket that covered the opening.

The other boys ran to tell Mrs. Bettencourt, 24, who said, "My heart just broke.

★ ★ ★

"He had an asthma attack yesterday, and my first thought was that his air was cut off.

"I ran to the well and said "Jerry, are you down there?' Then I ran to call my husband.

"I stayed for the first half hour while they tried to get him out, but then I couldn't take it any longer."

The boy was pulled from the well as rescue workers sank a parallel shaft six feet away. His father, a 25-year-old heavy equipment operator, stood by with the boy's grandfather and two Catholic priests.

"I prayed all the time he was down there," said Mrs. Bettencourt. "I remembered when that little girl Kathy (Fiscus) fell in a well and died. I was just 9 then, but I said rosaries for three days for her."

Three- year-old Kathy Fiscus fell into a 95-foot well in 1949 in San Marino, Calif. Rescuers worked for two days as the nation waited for news, but she was dead when they finally reached her.

A physican who descended the shaft to reach her said she apparently died only a few hours after falling.

In 1957 Benjamin Hooper Jr., 7, was rescued alive after 23½ hours in a 24-foot deep well in Manorville, N.Y.

The Bettencourts have two other children, Anna Marie, and Joanne.

Girl Scout Is Cheeky About Taking Check

CRESTON, Iowa (AP) — Seven-year-old Debra Lynn Beebe of Creston returned home after selling nuts for the Brownies, with this report to her mother: "One lady wanted to give me a check, but I told her I'd better not take it because sometimes they aren't any good. She went back and found some money, and I made the sale."

When using spray-type paint on small objects, do not work too close to the object or runs will result.

Billboards Are Protested by 'Poet'

KELOWA, B.C. (AP) — A man who calls himself the "poetic carpenter" has found a unique way of protesting highway billboards.

He cuts them down and leaves behind a few lines from poet Ogden Nash to explain his work:

"I think that I shall never see
A billboard lovely as a tree
Perhaps, unless all billboards fall,
I'll never see a tree at all."

Can't Turn Their Back for Even a Second

LOUISVILLE (AP) — Two city policemen left their cruiser recently to investigate a theft. When they returned they found that someone had stolen the automobile's radio microphone.

U.S. Version of Foreign Legion Asked by Ex-General

WASHINGTON (AP) — The United States should recruit an international brigade — some kind of a Foreign Legion—composed of refugees from Eastern Europe, retired Maj. Gen. Charles A. Willoughby said today.

★ ★ ★

Such a force, consisting of about six mobile divisions with supporting units including its own intelligence, would present "endless advantages," Willoughby said, and might be used wherever necessary, either to strengthen the Atlantic Alliance forces in Europe, or to be ready to fight in South Viet Nam. Willoughby was intelligence chief for the late Gen. Douglas MacArthur.

★ ★ ★

The idea is not new, Willoughby said, but was revived by him and by James H. R. Cromwell, U. S. ambassador to Canada in 1940, "in view of the forthcoming election campaign and the probable injection into it of our policy in Viet Nam and elsewhere."

★ ★ ★

In this connection he sharply disagreed with Secretary of Defense Robert S. McNamara's contention that the North Atlantic Treaty Organization in central Europe has more men and more combat troops on the ground than the Soviet bloc.

"The man is wrong he is a Rand Corp. adding machine," Willoughby told a reporter.

'OUTNUMBERED'

"We are outnumbered in central Europe," he said, adding that whatever the Defense Department says "the number of divisions remains the yardstick, and the Soviet division's firepower is not inferior to ours." Soviet divisions in central Europe, he added, are adequately equipped with small-yield nuclear weapons.

★ ★ ★

Willoughby and Cromwell first made their refugee brigade proposal several years ago, when it was generally accepted that the Soviets were stronger on the ground in the heart of Europe than the Western Allies, McNamara has denied this several times.

★ ★ ★

Willoughby said the idea of an international brigade, or "Liberty Legion," was received "with enthusiasm" by numerous members of the Senate and the House in the early 1950s.

The divisions, would be recruited mainly in Europe, with the possible exception of some trained officers and specialists. He said it would permit the withdrawal of an equal number of Americans, thus helping to solve this country's balance of payment problem.

Willoughby said that in addition to being a "most powerful stimulus for the revival of hope" behind the Iron Curtain, the brigade would represent vast budget savings for the United States.

Coffee on the coffee table provides a setting for an after-theater party. Flowered linen napkins in shades of soft blue, dark blue, white and edged in turquoise highlight the muted blue-green border of the china.

Hostess Who 'Preplans' Has Fun at Her Party

Entertaining should be as much fun for you as it is for your guests. The secret is preplanning.

★ ★ ★

If you're a young married woman simultaneously coping with a career and marriage or an "old-fashioned" busy mother this may be easier said than done.

★ ★ ★

Syracuse China Corporation has gathered a few tips to make entertaining more of a pleasure.

★ ★ ★

As an example of how America entertains, they selected a couple who had been married for several years and who both had busy careers. They live in a cosmopolitan city and find their greatest enjoyment in entertaining friends and business associates in their home.

COMPLEMENTARY COLORS

Knowing that beautiful china and glassware are the essential keystones for creative tablesetting and imaginative entertaining, this woman had the foresight to select her basic china wardrobe in complementary colors and patterns.

She blended the simple shape, striking pattern and clean colors of her modern casual china with the restraint and timeless grace of her classic fine china pattern.

★ ★ ★

Her selection included "Nordic," a white-bodied casual china bordered with turquoise, lavender and olive green leaves in a Scandinavian feeling. Her fine china is white bodied with a soft blue-green border framed by platinum edge lines and called "Fascination."

★ ★ ★

Armed with these two basics, she is prepared for virtually every type of entertaining situation. In addition, she has easily solved the storage space problem so common in today's living. She has managed to provide essential place settings and diverse serving accessories all within two sets of dinnerware instead of filling space with a hodgepodge of plates, bowls and platters.

VARIETY OF EVENTS

This sample hostess may find herself faced with a variety of entertaining situations including after-theatre coffee and pastries, an elegant dinner party for four or an informal Sunday afternoon buffet for six.

★ ★ ★

You can't enjoy yourself if entertaining becomes a chore, but you can if you think ahead. Before leaving for the theater our hostess arranges the coffee cups, dessert plates, silver, napkins and cake server on her coffee table.

★ ★ ★

The sugar and creamer are filled, the pastries arranged and covered on a serving platter in the refrigerator and the coffee pot filled and waiting on the stove.

★ ★ ★

When she arrives home with her guests, she turns on the coffee, removes the pastries and sets them on the table along with the sugar and cream and in minutes is prepared to serve a refreshing ending to a pleasant evening.

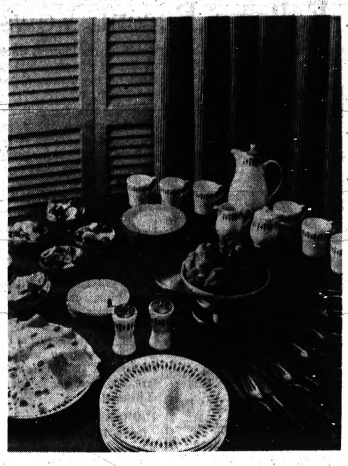
BUFFET MEAL

For a buffet meal on Sunday afternoon, she arranges to serve light, tasty foods that are easily prepared and attractively displayed. Since her fine china and casual china were originally planned to complement each other, she selects a variety of serving pieces from both patterns.

Dinner plates, casserole and warmer stand, salt and pepper mill, coffee mugs and matching coffee pot are all in "Nordic." Bread and butter plates, dessert plates and salad bowls are all in the "Fascination" pattern.

★ ★ ★

The salad bowls are the same cream soup bowls that she can use at a dinner party. Their use on a table without the matching liner plates adds an air of informality to the setting. The bright blue linen cloth and napkins contrast the blues in the casual china and accent the blue of the fine china.



Buffets can be fun for you and more attractive for your guests if you plan to set your table with accessories from two sets of complementary dinnerware. Arrange your buffet table so that the guests start to circle the table in clockwise direction first picking up dinner plates, napkins and silver, then on to cold meats and cheese, hot rolls and salad.

Setting the table can be an art. The hostess chose to bare her dark-stained dining table using lace-trimmed organdy place mats and napkins for a softening contrast against the hard grain of the wood. The platinum edge of the white bodied china with a soft blue-green border, heightens the beauty of sterling. The restrained elegance of the china pattern offsets the heavily cut crystal stemware. Bright red carnations, cheery daisies and moss green leaves provide the spot of color needed for the center of the table.

Neck's Not Dirty

Swallow Those Words

By ABIGAIL VAN BUREN

DEAR ABBY: The letter in your column about the woman who looked clean from the outside but who had a dirty neck struck close to home with me.

ABBY

I have a birthmark which covers about a third of my neck. It is a brownish discoloration and everyone thinks my neck is dirty.

★ ★ ★

I have been to doctors by the dozens and they all say there is nothing they can do about it, so I should just forget it.

★ ★ ★

I've tried covering it with makeup, but the makeup only comes off on my clothes and it's not worth it. I now practice a bit of philosophy I learned: "When fate deals you a blow about which you can do nothing, learn to live with it."

I have learned to live with my birthmark. And when I first meet someone and notice them staring in disbelief at my neck, I promptly "stick my neck out" and say, "No, my neck isn't really dirty. It's a birthmark." It helps!

STUCK MY NECK OUT

DEAR ABBY: I am glad you advised the woman whose friend had a "dirty" neck to skip the matter. I have had a "dirty" neck for years, only it's not the kind of dirt that can be removed with soap and water.

★ ★ ★

It's a skin condition due to a pigmentation disorder. Doctors call it "chloasma" and as far as I know it's incurable. It seems to appear on the logical resting places for grime, such as the neck and hairline.

We victims can't go around explaining to everyone we meet that we are as clean as they are. Maybe cleaner. I hope you'll print this, Abby.

It will mean a lot to others who are embarrassed by this ailment.

"NEXT TO GODLINESS"

DEAR ABBY: About "dirty" necks: Several years ago I finally gathered the courage to tell a good friend of mine to see to it that her youngster washed his neck, or to wash it for him.

★ ★ ★

She said it was a fading summer tan and would soon disappear. Well, it didn't disappear, so she proceeded to scrub the hide off the poor kid.

★ ★ ★

The dirty look remained. She took him to a skin specialist and learned that the lad had a pigmentation problem, for which there was no cure.

REMEMBERS WELL

DEAR ABBY: I am probably the woman who has the "dirty" neck, so I hope you will use my letter to explain that my neck is not really dirty!

★ ★ ★

The pigment is gradually disappearing from certain areas in little patches, which gives the appearance of being unwashed.

It is not a "disease" as such, and my doctor says there is no treatment or cure. It is not painful, neither is it contagious.

★ ★ ★

If anyone has ever gotten rid of it, I wish they'd tell me how.

SUZANNE LOWERY

Big Hit on the College Campus

Brightest idea to hit the campus in many a day is a collection of cotton terry towels boldly striped in authentic college colors. They're fast winning honors as the most versatile items a coed can pack in her back-to-school luggage.

Ideal of course for the bath, these new towels lend themselves to a host of other uses as well.

★ ★ ★

Made in a generous 25 by 50-inch bath size, they can be stitched up into such useful items as study togas, ponchos, laundry bags, or decorative pillow covers.

To make a comfortable toga for cramming session of kaffee klatching, stitch two towels down the sides starting six inches from the top and stopping 12 inches from the bottom.

TURN UNDER

Turn under a seam allowance on both sides of the six-inch opening and hand hem. Then form a casing at the top of the toga by turning under the finished hem one and one-half inches and stitching.

Measure the width of your chest and then cut a one-inch wide ribbon to this measurement, inserting it in the casing gathering at top of toga. Handtack ribbon ends in position at each end of the casing and tack separate shoulder ties at each end of casing in front and back. For a short toga, cut off towel at top before starting to sew.

A poncho for the beach or lounging can be made from a single towel folded in half. Cut a neck opening 10 inches wide in the center of the folded edge, and then turn under and stitch the raw edges. Sew up sides of the towel, leaving a nine-inch opening on the top of both sides for arm openings.

One of the easiest items to make — and one of the most useful — is a laundry bag. Fold a towel in half, bringing the short ends together and stitching down both sides.

SEW CASING

Turn under and sew a one and one-half inch casing at the top open end of the bag. Leave a one-inch opening in the stitching to thread cord through for a drawstring closing.

To add vivid color and extra seating to your room, cover an old pillow with one of the new towels. Make a brown paper tracing around the pillow for a pattern, adding a half-inch seam allowance. Then cut pattern on a double thickness of toweling.

Use welting in a matching color and stitch to right side of the front section of the pillow cover. Stitch back and front sections together on the wrong side, leaving opening for pillow. Handtack opening closed after inserting the pillow.

You'll find these towels just as easy to care for as they are to sew on. Made of selected fine cotton yarns, they're soft to the touch and have superabsorbency. Loomed with tightly anchored loops and borders that won't pucker, their colors will actually look better after each laundering.

Here's a new way to wear your college colors. Stitch up this easy-to-sew study toga from two of the new college color bath towels. Made of selected fine cotton yarns, they're as easy to care for as they are to sew on.

Organize your chores and match your color schemes with a laundry bag made from a cotton bath towel. Fold towel in half, bringing short ends together. Stitch down both sides and make a one and one-half inch casing at open end of bag for drawstring.

Local Pair United in Ceremony

The Grace Lutheran Church was the setting for the recent marriage of Pamela Marie Adams to Jerry Robertson.

Alecon lace trimmed a gown of white organza over bridal satin for the daughter of Mrs. Alan Greene of West Beverly Avenue and Earl Adams of Joyce Street.

★ ★

Her bouffant illusion veil fell from a small tiara and yellow roses accented her bouquet of white carnations.

Mrs. Wayne Hill was her sister's matron of honor and Angeline Gillotte, bridesmaid.

BEST MAN

Thomas Birkenhauer of Attica was best man. James Robertson ushered for his brother, the son of the Vernon Robertsons of Seeden Street, along with Joseph Roberson.

A reception in Waltz Hall followed the ceremony performed by Rev. Richard A. Stuckmeyer. The couple plans a northern honeymoon.

Member Reports on Convention at Gathering

Report on the national convention held in Grand Rapids was given by Mrs. Ralph Dean.

Mrs. Harold Wright will open her home for the October meeting and Mrs. John Schroder will be entertainment chairman.

Shoe Bag Makes Good Storage Spot

A shoe bag attached to the inside of the children's clothes closet will provide a place for them to store gloves, scarfs and caps.

Allot a row of pockets to each child.

Use Old Ties to Make Rug

To make a tie rug from men's discarded ties, cut the ties in one inch strips and sew the strips together.

★ ★ ★

Crochet a chain of 20 stitches with a rug hook.

★ ★ ★

Continue to single stitch, round and round, increasing four stitches at each end until the rug is of desired size.

Need Gift Besides the Cake

By The Emily Post Institute

Q: My husband is the owner of a large bakery. He specializes in decorative cakes for special occasions.

★ ★ ★

The daughter of a friend of ours is going to be married shortly and my husband was asked to bake the wedding cake.

Would it be proper not to accept payment for this cake and give it to the bride as our wedding present, or would it be better to give something else?

★ ★ ★

A: As the bride's parents are most probably paying for the wedding, the cake would really be a gift to them, and it would be better to give something that the bride can keep and use afterwards.

Q: My mother and father are divorced. My mother has remarried and I live with her and my stepfather.

★ ★ ★

My father lives in this same city and I visit him twice a month. My mother is giving a party here at home to announce my engagement.

I would like to know if my father should be present at this party?

★ ★ ★

A: This would depend on how he and your mother feel toward each other.

If they have remained friendly, he may be present at your engagement party; otherwise not.

Q: The daughter of a friend of mine asked me if I would give her a letter of introduction. I said I would.

★ ★ ★

When she came to the house to pick it up, I handed it to her in a sealed envelope.

My husband tells me I committed a breach of etiquette by sealing the envelope. I would like to know if I was wrong?

★ ★ ★

A: You should have handed the letter to her unsealed and she then should have sealed it in your presence.

The Emily Post Institute booklet entitled, "Formal Wedding Procedure," includes details on the wedding procession, the receiving line and other helpful wedding information.

★ ★ ★

To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to Emily Post Institute, in care of The Pontiac Press.

SEW SIMPLE
By Eunice Farmer

Dear Eunice: I have several ready-made overblouses. I am short-waisted and they just don't seem to fit correctly. Could you please tell me how to alter them to fit better? Mrs. R. DeL.

★ ★ ★

Dear Mrs. R. DeL.: I have an idea that the overblouse is too long for you. Because you are short-waisted, the lower edge of the blouse is coming down too far on your hips and is probably too small. If you don't want to shorten the blouse, open the side seams and see if you can release enough of the seam so the blouse will not buckle up in back.

TAILOR TRIX WINNER

This hint is for making darts in heavy woolens or double knits when you are treating the lining and fabric as "one." When making the darts in the skirt, make them separate in the lining and the skirt fabric, press well, then lay the lining and the skirt fabric together and blind stitch through the matching darts, press again. By using this method, the darts will lay nice and flat.

Mrs. H. P. Young, Hillsboro, Oregon, is this week's winner of a Tailor Trix Pressing Board for this suggestion.

Dear Eunice: Please tell me how I can make a plaid skirt look good when I have one hip higher than the other. The plaids at the hem-line are never even. Mrs. D. T. T.

★ ★ ★

Dear Mrs. D. T. T.: When one hip is higher than the other, change your pattern before you cut the skirt (whether it is a separate skirt, or one attached to a bodice.) Place a separate piece of paper under the top edge of the pattern and slant the waistline gradually so that it is between ½ to ¾ inches higher at one side. You must do this to the front and back on the same side.

★ ★ ★

After this adjustment has been made, you will match the side notches to the plaids. In this way the lower edge of the skirt will appear even. Since the plaids will not be even at the waistline of the skirt, it will be less noticeable if you will wear an overblouse or sweater.

Dear Eunice: After you have made bound buttonholes in a coat, how do you finish the facing under the buttonholes? I have tried making bound buttonholes on both the garment fronts and on the facings and slip-stitching them together. Mrs. T. M.

★ ★ ★

Dear Mrs. T. M.: First, I wouldn't suggest you make bound buttonholes on both facing and garment and then try to slip-stitch them together. It is much too thick and bulky with those extra layers of fabric.

The secret to a successful finishing of the buttonholes on the facing is to begin by pinning through the entire coat fronts both above and below the buttonhole. Place a pin through each end of the buttonhole between the two welts, from the wrong side. Cut through the facing from one pin across to the other.

Twisters Hit in Any Season

Michigan is included in the prime tornado area of the U.S. with peak tornado months being April, May and June.

★ ★ ★

But rural defense specialists at Michigan State University point out that twisters can occur in any month from March through September.

★ ★ ★

Technically, they say, tornadoes are not impossible in any month of the year.

Mr. and Mrs. Clayton Rice of Clarkston announce the engagement of their daughter Shirley Kay to Airman 2.C. Robert Verhey, son of the Anthony Verheys of Lamont Street. Her fiance is stationed at Bergstrom AFB, Austin, Tex. February vows are planned.

Mid-November vows are planned by Judy Slinker, daughter of the Virgil J. Slinkers of Edgewood Park Court, Commerce Township, and Pvt. Michael Arthur Moreau, son of the Theodore Moreaus of Detroit. The bride-elect attended Western Michigan University. Her fiance is stationed at Fort Carson, Colorado Springs, Colo.

It's Early, but Time to Plan for Christmas

By MARY FEELEY
Consultant in
Money Management

Remember what you promised yourself last year — along about Dec. 23 — when you were out of money, out of energy, and out of ideas? You said next time you were going to start your Christmas planning early.

MARY FEELEY

Well, this is early. And the mail is already coming in with ideas on how to make a Christmas dollar twice its size. You Santa Clauses with large families, including nieces, nephews and cousins, might find this letter from a reader in San Diego, Calif., right to the point:

"During the summer or fall when we all get together for a dinner or picnic, we put our names on separate pieces of paper and put them in a box. Then we draw — one for each member of the family. We see to it that each family unit has two adult names and the rest children's names, and nobody knows who draws which.

"For instance, there are six in my own family. We draw two adult names and four children's names, so we are committed to buy just six gifts.

"If any members of our family are not in town at the time, we send names from the box on to them. Their own are included in the drawing. Everyone gets a gift. And we set a limit on the cost of each gift, too.

"In this way we all have time to think of ideas or make the gifts. The drawing is enjoyed by all the adults, as it isn't such a drag on the pocketbook. And the children enjoy it, too."

* * *

Then there's the mother in Michigan City, Ind., who knows what can happen to the budget when the children all clamor for gifts for their teachers. Writes Mrs. M. L. O.:

MANY GIFTS

"My daughter, a fourth grade teacher, receives many gifts from her little students — some of them almost too expensive. But the gifts she raves about are the homemade gifts in cleverly wrapped tins, straight from the storage shelf or the kitchen. Her comment: 'Now that's a real Christmas present.'

"There are wonderful little gifts that can be made from small squares of colorful felt, a few sequins and bright yarn — change purses, glasses cases, holiday aprons, scuffs. From the kitchen there are cookies and candies, especially fudge, all of which can be packaged in coffee cans, painted or covered with press-on plastic."

Another do-it-yourself advocate, when the gift list seems endless and the money's getting short, is M. F., in Rochelle, Ill.:

"You don't have to be an experienced sewer to turn out attractive Christmas gifts. Three yards of muslin at 30 cents a yard will make about 24 hot pads. Decorate each one before stuffing it with scrap materials.

One tube of plastic paint for fabric will last for years. Or get green and red both, at 75 cents a tube. The cost is about 4 cents a hot pad, so you can splurge and give two or three per person.

Write the recipient's name with the paint, and add a few Christmas ornaments. One roll of paste-on file labels can make cutouts of dolls, bells, snowflakes, etc.

"Use the same idea to make dish towels. Buy plain ones and paint designs on them.

"I have already made eleven lined wool head scarves for this Christmas. Cut the scarves in the shape of a triangle, with a wool tassel at the back point and felt cutouts tacked on at random. The cost of wool remnants, linen remnants, one square of pink felt, and yards of cord for ties comes to about 50 cents for each scarf."

Mrs. W. C. B. in Tuscola, Ill., reminds us that any one of any age enjoys a book — especially if the giver takes the time and trouble to find out what special subject will appeal:

"Whenever I can spare a few cents, I buy a gift and store it away. There are such fine, yet inexpensive, books to be found at book stores, newsstands, grocery stores, and variety stores.

"Subjects range from religious education to books of song, poetry, nature study, flowers, birds, animals, shells, fish, ships, trees. Start early and take the time to look around for the one that fits the individual."

Bob Kennedy Opens N.Y. Campaign

NEW YORK (AP) — Invoking the name of his late brother and declaring "I am against Barry Goldwater," Atty. Gen. Robert F. Kennedy has opened his campaign for a U.S. Senate seat from New York State.

* * *

He was up at dawn today for a handshaking tour of the Fulton Fish Market and Staten Island ferry terminal in lower Manhattan. Later in the day he was to bid for the support of organized labor in a speech to the state AFL-CIO convention.

RECEIVES NOMINATION

Kennedy, 38, received the Senate nomination of both the Democratic and Liberal parties Tuesday.

At the Democratic convention, he won by 968 votes to 153 over his only opponent, Rep. Samuel S. Stratton.

* * *

The Liberal party's state committee, at a closed meeting Tuesday night, selected Kennedy by "an overwhelming majority," a party spokesman said. The party's state conference had recommended Kennedy, but there was backing for both Stratton and the incumbent Republican, Sen. Kenneth B. Keating, 64, of Rochester, who will be Kennedy's chief opponent.

REJECTED

Keating had been rejected as too liberal by the conservative party, which nominated Henry Paolucci, 43, a history professor at Iona College in New Rochelle.

In his speech accepting the Democratic nomination, Kennedy said that New York State had stood by the late President John F. Kennedy "in every cause he championed" and "now you have asked me to carry on the work in the Senate."

* * *

"I accept your nomination gratefully," he told the cheering convention, "I accept your trust."

His wife, Ethel, and seven of their eight children were on the stage of the convention as he spoke. Mrs. Kennedy is expecting their ninth child.

TO SUBMIT RESIGNATION

A Kennedy aide said he will fly to Washington tonight and submit his resignation as attorney general to President Johnson on Thursday.

On Saturday, he will open his upstate campaign with a visit to the state exposition at Syracuse.

* * *

Next week, he will begin an intensive tour of the heavily Republican upstate area.

The Republicans' chief campaign theme will be attacks on Kennedy as a newcomer to the state.

MEETS CHARGES

The attorney general met the "carpetbagger" charges against him when he said he was aware of the difficulties he faced — "My work has been in Washington and I have ties to Massachusetts."

* * *

He drew a laugh from the convention when he addressed the delegates as "my fellow New Yorkers."

* * *

Kennedy also hit at Keating, citing Keating's refusal to support the GOP presidential nominee, Barry Goldwater.

"I know where I stand. I am for Lyndon Johnson," he said. "I am against Barry Goldwater. And no other candidate for the Senate from New York is willing to make either statement."

FISHING FOR VOTES — Atty. Gen. Robert Kennedy, starting his campaign for election as U.S. senator for New York, shakes hands with Tony Spiga during a tour of the historic Fulton Fish Market on the East River in New York early yesterday. Kennedy was nominated by New York Democrats at their state convention yesterday.

'Home Rights' OK'd in Detroit

Cavanagh, Romney Opposed Ordinance

DETROIT (AP)—A controversial "homeowners' rights" ordinance was adopted today despite the efforts of Mayor Jerome P. Cavanagh, a Democrat, and Republican Gov. George Romney. Both opposed its passage.

With all 1,099 precincts reporting, 137,671 voted for the ordinance and 114,743 against.

* * *

The ordinance basically provides "the right to recognize and respect the right of privacy" and to "enjoy his property in any lawful fashion according to his own dictates."

Cavanaugh conceded defeat at 4 a.m. EST, saying:

"I am sure many who voted for the ordinance were taken in by its apparently harmless appearance. But the real intent of the proposal is far from harmless."

MORAL GROUNDS

Cavanagh and Romney had said they opposed the ordinance on moral and legal grounds.

Circuit Judge Joseph A. Moynihan Jr. of Wayne County ruled the proposal unconstitutional last February.

* * *

However, the Michigan Supreme Court later ruled the petition should be put to a referendum and that its constitutionality should be judged afterwards, if approved.

Tiny 'Trinket' Really Gem Worth $4,650

KANSAS CITY, Mo. (AP)—Sharon Endsley, 10, noticed a shiny object on the ground near a shopping center Monday.

Sharon picked it up. Her grandmother, Mary F. Endsley, thinking it was a piece of costume jewelry, allowed her to keep it.

* * *

Tuesday, Mrs. Endsley read in the newspaper about a man who broke the window of a jewelry store and took a two-carat unmounted diamond.

Mrs. Endsley took a second look at the object her granddaughter found. She called Mallin.

"That's it," he sighed with relief after examining the stone.

"I wish I could have kept it," said Sharon.

* * *

The stone was valued by Mallin at $4,650.

Bizarre Robbery Plot Nets $5 for Gunman

DEARBORN HEIGHTS (AP) —Two housewives and their three small children were held as hostages Tuesday in a bizarre $75,000 bank robbery plot that netted a lone gunman $5.

FBI agents and police from Dearborn Heights, a Detroit suburb, still were seeking the bandit today. He fled after a brief gun battle with Sgt. Virgil DeGreace of Dearborn Heights police.

Police said the bandit held Mrs. Monica Boczar, 37, and her two-year-old twins, Jeanette and Jeffrey, as hostages for 45 minutes while her husband, Bernard, 40, was sent to fetch $75,000 from the nearby Michigan Bank branch where he is manager.

In a hectic series of events, Boczar left for the bank just as DeGreace arrived, helped Mrs. Boczar and her children to safety, and lost out in a shootout with the holdup man.

The bandit fled when DeGrace became temporarily blinded by bits of flying glass from a storm door shattered by a bullet.

The bandit ran five blocks to another Dearborn Heights home where Mrs. Lula Forsythe, 28, was pulling her car into her driveway after shopping trip.

As two of her children left the car to open a garage door, the holdup man leaped into the auto, and ordered Mrs. Forsythe to drive away.

Mrs. Forsythe said she drove about a half mile. The bandit ordered her and daughter, Cynthia, 2, out of the car, took her wallet and $5, and drove off.

POSES AS SALESMAN

Mrs. Boczar told newsmen the bandit got into her home by posing as a salesman who said he knew her husband.

"He knew the names of the children and the fact that they were twins," she said. "He even knew we were married in 1947."

The bandit called Boczar and told him his bank was going to be held up and that his family was being held as hostages.

Boczar called police and went home. Meanwhile, police went to the bank to prevent a holdup which never came.

Monkey Study Gets Approval

WINNIPEG (AP) — A research team from the University of Manitoba has been given approval to conduct psychological tests on animals at Assiniboine Park Zoo.

The study, approved by the Metropolitan Winnipeg parks etae eta et et et et et etaetaoin committee, is aimed at contributing to "the understanding of animal and human behavior."

Monkeys are to be a special subject for study.

One of the tests will be to deprive them of water for 24 hours. They will then be allowed to drink from one source while researchers check on how long it takes each monkey to finish drinking.

They hope to record which monkey shows leadership traits —by getting to the water supply first—and therefore which is the superior monkey.

Latin Firemen in Dearborn

Ambassadors of Good Will

DEARBORN (AP) — How do you get from Buenos Aires to Dearborn? Easy. You jump into a 1926-vintage fire engine and drive there. Bell and all.

Three Argentine volunteer firemen, none of whom speaks English, did just that. They arrived Monday at the unsuspecting Dearborn Fire Department, 22,000 miles and 9 months after their departure.

Only one of the three, Commander Leonardo Antico, 52, knows how to drive. He's a retired mechanic.

The other two took turns sitting in a kind of bucket seat attached outside the truck's door. They are Sgt. Carlos Manuel Polo, 28, an undertaker, and Cpl. Jaime Hector Gomez, 32, a general store clerk.

GOODWILL TRIP

Purpose of the trip was to spread good will and to inspect fire equipment along the way. Dearborn was the 380th department visited by the trio.

★ ★ ★

Antico financed the trip at the outset with $1,600 he raised by selling a bar he owned. In Chile, somebody stole a suitcase with $500 in cash plus some uniforms. From then on it was hand to mouth.

★ ★ ★

Fire departments along the way contributed food, lodging, fuel, motor care and funds to help continue the trip.

Consumer credit totaled $69 billion in the spring of this year compared with 8.4 billion in 1946, according to Senator Paul Douglass of Illinois.

Grand Jury Clears Harlem Policeman

NEW YORK (AP)—A grand jury yesterday cleared a police lieutenant of any criminal liability in the fatal shooting of a Negro boy which touched off a series of Harlem riots.

The Manhattan grand jury had investigated at length the slaying of James Powell, 15, by Lt. Thomas Gilligan on a street near a school building in July. It concluded its study without issuing any indictment.

★ ★ ★

The shooting had brought widespread demands from civil rights groups for suspension of Gilligan from the police department, his prosecution on criminal charges and a civilian board to review police action in such cases.

'Robbie'

By ARLENE S. BUTTLES

Janice Watwood glared at 10-year-old son Robbie who sat quietly at the kitchen table, his fair hair and blue eyes reflecting angelic qualities.

"How could you, Robbie, today of all days? You know I have my bridge club this afternoon. How can I spend hours sitting in the principal's office?"

She quickly scanned the note. "Eat your lunch, you'll be late again. It doesn't say what you did this time. Robbie, when will you learn? If you keep up like this, you'll end up in reform school!"

Robbie hung his head and set his jaw stubbornly.

★ ★ ★

"At least, you could tell me what you've done! All right, don't! I'm sure everyone else will be glad to.

CAN'T UNDERSTAND

"I just can't understand it. Sheila never causes me a moment's anxiety and Teddy is an adorable little boy, why is it that you can't behave?"

She shook her head. "Robbie, Robbie. You have my hair and my eyes, but inside — you're different."

Later, at the principal's office, Janice stood tall in her smart, high-heeled shoes, shifting her weight from one foot to the other.

★ ★ ★

"No, thanks," she said, "I really can't take time to sit down, I have a very full schedule today."

FUTURE INVOLVED

The man with the graying hair viewed her through dark eyes of compassion. "Mrs. Watwood, this concerns the future of your son. Surely you can spare a few minutes for such an important matter."

Janice checked her watch. "Okay. Haven't I always cooperated?

"Like when Robbie stole those science books from the library, I paid for them, didn't I? And when he was fooling around in Mr. Timkin's garage with that chemistry stuff and something blew up—well, I'm still paying for that one.

"I certainly hope you're not going to tell me he's done something like that again."

COMPLETE RECORD

Mr. Booth, the principal, settled his long frame in his chair behind the desk, a manilla folder opened before him.

"After this latest episode, I interviewed Robbie's teacher and we have a complete record here.

"Incidentally, I understand that yesterday Robbie took a squirrel he found dead in the neighborhood and was 'borrowing' the biology lab's equipment to do an autopsy."

★ ★ ★

"Well," Janice hedged, "I don't see the harm in that. After all, the squirrel was dead."

QUESTIONS CONDUCT

"But don't you think that his conduct was rather, uh, unusual?"

"Mr. Booth, Robbie's conduct has always been rather unusual," Janice replied.

"Are you thinking of sending him off somewhere? Last time the policeman told me . . ." She did not complete the sentence.

★ ★ ★

Mr. Booth toyed with his ball point pen, snapping the point in and out.

"Try to understand our position, Mrs. Watwood. Robbie's teacher can do very little to help him.

CAN'T CONFORM

"The average child, even with personality differences, usually manages to fit in with the group, but every now and then we have a youngster who is unable to conform to a set pattern.

'There are special schools for these children. Now, we've taken the liberty of giving Robbie some tests . . ."

"But you just can't make these kind of decisions. My husband will have something to say about this.

★ ★ ★

"We've done our best with Robbie, treated him like the others, and given time, I'm sure he'll turn out okay."

'WOULD GET WORSE'

"No, Mrs. Watwood, things would keep getting worse. Did it ever occur to you to wonder why Robbie does the things he does?"

Janice fumbled in her purse for a handkerchief to wipe away the tears which were blurring her vision. "We've done our best, honestly we have, but Robbie just won't behave."

"There's nothing to cry about, Mrs. Watwood. The results of the tests we gave Robbie show that he has an I.Q. of 164.

★ ★ ★

"All these things which he has done indicate to the trained worker a tremendous desire to learn, to experiment.

ADVANCED SCHOOL

"Robbie needs a school where the teachers have advanced training and use concepts which just aren't possible in the normal school.

"He needs to be with other students on his level.

"At Excelsior the teachers will challenge him and help satisfy his need to know.

★ ★ ★

"Our country needs men of Robbie's quality in all fields. I hope you and your husband will let him go."

Janice looked at the principal with wonder in her eyes. Suddenly she realized she didn't have a juvenile delinquent on her hands. She had a son who was a genius.

(The End)

Test Gives Astronaut Role Big Boost

VALLEY FORGE, Pa. (UPI)— Man can be even more valuable in space than engineers have supposed, officials said today as two astronaut candidates emerged from a two-week stay in a simulated space cabin.

Air Force Capts. Albert R. Crews, 34, and Richard E. Lawyer, 31, both graduates and now staff members of the Aerospace Research Pilot School at Edwards Air Force Base, Calif., spent the two weeks in a cylindrical cabin about 9 feet across and 7½ feet tall, as cut off from the world as if they really were in outer space.

The space station, enclosed by a huge vacuum tank and heated by electric lights focused as an artificial sun, rested firmly on earth, inside a tall, box-like laboratory building of the General Electric Co.'s missile and space division about 20 miles from Philadelphia.

But the men inside, breathing a pressurized artificial atmosphere, eating liquid or freeze-dried space rations, knowing where they were and what was happening to them only through instrument readings and the fade-in, fade-out voice contacts with radio "ground stations" as they "passed over," might as well have been in orbit.

★ ★ ★

One of the key results of the test, said Richard A. Passman, manager of GE's manned space operations, was proof that properly trained astronauts can perform in space better than anybody thought they could.

BEST ESTIMATES

Present space projects, such as the two-man Gemini orbital flight, were designed, as they must be, around the best available estimates of the human factor — just how much a man can be expected to do during an extended space flight.

The two-week test just ended here raised the standards and required the two-man man crew to do more than before.

★ ★ ★

"Actually," said Passman, "they did even better than that."

Russia Accuses China of Trying to Grab Soviet Land

MOSCOW (AP) — The Soviet Union today accused the Red Chinese of laying claim to a parcel of Soviet territory twice as big as Texas.

The accusation was made by the official Communist party newspaper Pravda, which declared in an editorial: "We are faced with an openly expansionist program with farreaching pretensions."

★ ★ ★

Pravda said the Chinese repeatedly have published maps that allege China has a historic claim not only to vast amounts of Soviet territory, but also to Burma, Viet Nam, Korea, Thailand, Malaya, Nepal, Bhutan and Sikkim.

And, Pravda added, Peking wants to turn Mongolia into a Chinese province.

RUSSIA TERRITORY

According to Pravda, the Chinese claim more than 500,000 square miles of Soviet territory. (Texas has an area of 267,339 square miles).

★ ★ ★

Pravda accused the Chinese of waging a war against the world Communist movement, and said Chinese party leader Mao Tze-Tung was wrong when he — according to Pravda — claimed this war was only a paper war and did no harm since it didn't kill anyone.

The editorial said: "Mao Tze-tung's pronouncements on the territorial question patently show how far the Chinese leaders have gone in the cold war against the Soviet Union."

PEKING RECIPE

Then Pravda asked: "What would happen if all states should follow the Peking recipe and start presenting mutual claims to each other for a revision of historically formed borders?

"There is no difficulty answering this question. This road would mean an inevitable aggravation of international tensions and would be fraught with military conflicts."

★ ★ ★

Pravda also charged Mao is attempting to stir up "so-called territorial issues between a number of Socialist countries."

★ ★ ★

This presumably referred to the large slices of land the Soviet Union took from Eastern European countries — notably Poland and Romania — as a result of World War II.

JAPAN ISLANDS

Also up for discussion was the Soviet Union's takeover of Japan's Jurile Islands after World War II.

★ ★ ★

Pravda said Mao had no right to call this annexation an act of Soviet expansion.

★ ★ ★

"This act," Pravda said, "was dictated by the need for cutting short the aggressive policy of Japanese imperialism."

AP Photofax

CLEARED BY COURT — Police Lt. Thomas Gilligan was cleared yesterday by a New York grand jury of any criminal liability in the fatal shooting last July of a Negro youth. The death was said to be a cause for rioting in Harlem.

Harlem Quiet After Decision

Panel Decides Not to Indict Policeman

By AUSTIN SCOTT

NEW YORK (AP) — Harlem residents who reacted so violently to a white policeman's fatal shooting of a 15-year-old Negro boy in mid-July displayed little outward emotion today to a grand jury's refusal to indict the officer.

The average reaction was disappointment, but not surprise as word spread through the Negro community that the New York County grand jury decided Tuesday Lt. Thomas R. Gilligan was not criminally liable for shooting James Powell to death.

★ ★ ★

The youth was killed July 16 in front of an apartment building in the Yorkville section, two miles from Harlem. Many considered it an act of police brutality and the fuse that touched off four days of rioting and looting by Negroes two days later in Harlem.

One man was killed and violence spread to Brooklyn's predominantly Negro Bedford-Stuyvesant section for three days.

Dist. Atty. Frank S. Hogan prepared a 14-page news report on the case. It digested 1,600 pages of often contradictory testimony given in secret by 45 witnesses at 15 jury sessions.

Negro leaders generally were critical of the report. James Farmer, national director of the Congress of Racial Equality, said CORE would issue its own report.

Police reports said Powell was shot after he lunged at Gilligan with a knife. Gilligan was off duty and in civilian clothes.

The boy, on lunch from summer school classes, had chased an apartment house owner after the man sprayed him with a garden hose — deliberately, according to some student witnesses. The man, however, said the spraying was accidental.

Rabbit Winds Up Better Off Than Her

FORT PIERCE, Fla. (AP) — Mrs. Betty Darling, 33, went gunning for a rabbit that was raiding her garden.

The bunny was unscathed but (1) Mrs. Darling's 22-caliber pistol accidentally discharged, wounding her in the arm; and (2) her automobile went into a ditch when she lost control while driving to a hospital, adding a cut lip and bruised forehead to her injuries.

Child, 3, in Roseville Struck, Killed by Car

ROSEVILLE (AP)—Brent White, 3, of Roseville was killed Tuesday night when struck by a car. Police said the child apparently dashed into a street in the path of the car.

But Subversive War Continues

No Red China Reply Yet to U.S. Bombing of N. Viets

By WILLIAM L. RYAN
An AP News Analysis

A month has gone by since the Gulf of Tonkin crisis began. Despite its threats and protests against the U.S. "paper tiger," Red China has made no overt move to avenge the American bombing of Communist North Viet Nam's territory.

★ ★ ★

This does not mean the Communists — Chinese and Vietnamese — are idle. It seems to mean that they will rely upon a combination of guerrilla war and exploitation of unstable politics to attempt to accomplish their aims in South Viet Nam.

★ ★ ★

There is a note of foreboding in Saigon about what the Communists might do to capitalize on the country's political turmoil.

★ ★ ★

The Red target, according to signs from Communist propaganda, will be the South Vietnamese soldiers and lower-ranking officers.

RADIO INSTRUCTIONS

Instructions to Communist agents in the south are relayed by Hanoi radio in the north and by "Radio Sampan," in the south.

From the language of these broadcasts the Viet Cong evidently is being prepared for a campaign to foment a "defection movement" among the south's soldiery.

★ ★ ★

Apparently the tools will be cajolery, threats and distrust of non-Asian foreigners. Appeals are to be made to resist "American bosses" as the source of all troubles. Ambushes and acts of terror probably will be stepped up to demoralize the south's soldiers.

There was a lull in Viet Cong activity during the recent rioting. U.S. military men note it often takes the Viet Cong a week or more to react to such disturbances. Word must be filtered down through their ranks.

Hanoi speaks glowingly of prospects for fomenting disaffection in Saigon's army. The broadcasts say there are "officers and soldiers in the southern army (who) sincerely oppose the U.S.-Khanh dictatorial militarist regime."

Red China lacks the wherewithal to confront the United States militarily in a Southeast Asia showdown. But the note of satisfaction in Communist propaganda in the wake of South Viet Nam's political violence indicates a belief there are more ways than one — and fairly non-hazardous ways — to skin a cat.

'Secret Talks Known by U.S.'

Charges Adenauer Negotiated With Reds

BERLIN (UPI) — An East German official claimed yesterday that former West German Chancellor Konrad Adenauer carried on secret negotiations with East Germany two years ago with the knowledge of Washington.

★ ★ ★

There was no immediate comment from the West German government, which does not recognize the East German regime and has refused to deal with it.

Acting Premier Willi Stoph told the East German parliament that Adenauer had named an official representative to hold negotiations on improving trade and political relations in August 1962.

Adenauer informed McGeorge Bundy, President Kennedy's adviser, of the contacts, Stoph said. He implied that the United States approved of Adenauer's activity. But the talks collapsed during the Cuban crisis of October 1962 and were never renewed, he said.

★ ★ ★

Stoph's statement was seen as part of a campaign to get the present West German chancellor, Ludwig Erhard, to recognize the East German regime.

'URGENT APPEAL'

In a speech that preceded Stoph's, East German Communist chief Walter Ulbricht called for peaceful, normal relations with West Germany and the Western Allies. But at the same time he made an "urgent appeal" to the World War II victor nations to sign a German peace treaty that would end Western rights in Berlin.

In a parallel development, the Parliament — which has never had a dissenting vote — ratified a law permitting 3 million East German refugees to return without punishment.

The law covered only those who return to stay, not visitors, and excluded those guilty of "grave violations" as well as refugees who fled after the Communist wall was built three years ago.

★ ★ ★

Stoph said Adenauer gave his representative "a written power of attorney" that gave him the right to conduct "binding negotiations."

★ ★ ★

The representative, who was not named, held talks in September and October 1962 with an East German state secretary, Stoph said. Preliminary contacts had begun in August.

Patton Tank Proves Big Obstacle to Driver

PORDENONE, Italy (AP) — A motorist tried to pass a Patton tank on a highway Tuesday but didn't make it.

★ ★ ★

The left tread of the tank squashed half the car as flat as a pizza.

The driver, Antonio Gattel, 34, escaped uninjured.

Sgt. York's Family Maintaining Vigil

NASHVILLE, Tenn. (AP) — The family of Sgt. Alvin York continued a vigil early today at the bedside of the World War I hero, who doctors said was not responding well to treatment for an acute urinary tract infection.

★ ★ ★

Infection was reported spreading throughout the bloodstream of the old soldier, who remained in a coma.

Getting Tank Filled Is No Gas to Man

LOUISVILLE (AP) — The old wisecrack that a car won't run on water is true. Frank Hartley doesn't think it's funny, either.

He drove into a station and told the attendant to fill the gas tank but the car didn't go very far.

Investigation disclosed that a hard rain had flooded a storage tank at the station and it was water, not gasoline, that was put in Hartley's car.

Amends were duly made but there were still a few frayed nerves over the incident.

Snow-capped Mount Olympus, rising 7,915 from the sea near Washington state's coast, was named by an English sea captain, John Mears, who said "the peak is fit for the home of the Gods."

Lack of No. 2 Man French Fear

PARIS (UPI) — The presidency of the United States often has been said to hang on a heartbeat.

But Frenchmen have just been faced again with the halting fact that the fate of President Charles de Gaulle's "strong man" Fifth Republic regime does so to an even more critical degree.

This harsh reality was pointed up again last week with the unearthing of what may have been the fifth serious attempt in three years to kill the French leader.

A time bomb was found belatedly in a flower pot at a war memorial dedicated by de Gaulle Aug. 15.

When John F. Kennedy was struck down in Dallas last Nov. 22, Vice President Lyndon Johnson was ready to step into his shoes without any lapse in government.

NO VICE PRESIDENT

But in de Gaulle's France there is no office of vice president.

If de Gaulle were assassinated or died tomorrow, the president of the Senate, an elderly Negro named Gaston Monnerville, would be titular head of state for a month or so until a successor could be elected.

And in that month or so much could happen. Many Frenchmen fear the nation could well be plunged into civil war.

De Gaulle himself has been aware of that fact for some time. But, curiously, he has done little about it.

CHANGED CONSTITUTION

Two years ago he did get the constitution changed to provide for the election of his successors by direct popular vote of the nation instead of by a limited electoral college of 70,000 "grand electors."

De Gaulle did this to give his successors the maximum possible prestige among his fellow countrymen.

But, though he was urged by some advisers to create the office of vice president as well, de Gaulle finally ruled against it.

★ ★ ★

He was said to have argued that a vice president elected with him would win the job only by riding in on de Gaulle's coattails and, therefore, could not be expected to enjoy any great respect from the nation at large.

AGAINST FIGUREHEAD

Better to take the risk of an interim period with only a figurehead president than to have one without prestige in the nation, de Gaulle was said to have argued.

In any event, two things now are becoming increasingly clear.

The first is that de Gaulle is almost certain to run for a second term at the end of 1965, even though he will be 75 then.

★ ★ ★

The second is that the man he has pinpointed personally and plans to build up as his successor is Premier Georges Pompidou.

NO QUESTION

But there is no question of the constitution being changed again and Pompidou being elected along with de Gaulle in 1965 as vice president.

★ ★ ★

The aging French leader evidently feels his regime now is strong enough so that, if he should die suddenly, Pompidou could be elected as his successor by the due processes of the constitution without too much danger of a national upheaval.

12 Watch as Woman Drowns

DAYTON, Ohio (AP)—A middle-aged woman who could not swim drowned today in the great Miami River as her pleas for help fell on deaf ears.

★ ★ ★

The victim, 52-year-old Mrs. Josephine Johnson of Dayton, suddenly found herself in the river after her car plunged down a 25-foot embankment.

At least a dozen bystanders watched as the woman, standing on top of the vehicle's trunk, screamed:

"I can't swim."

★ ★ ★

As the 1963 model convertible started slowly sinking, nose first, she made a vain attempt to reach shore, some 15 yards distant.

'KICKED AROUND'

A witness said she "kicked around a little" before disappearing under the murky waters.

Kalamazoo Okays Sewer Bond Issue

KALAMAZOO (AP)—Kalamazoo voters approved by a margin of 4,402 to 1,547 Tuesday a $3.7 million general obligation bond issue for a new sewage treatment plant. The city has been under pressure from the State Waterways Commission to build the facility because of pollution in the Kalamazoo River.

LBJ, Hubert Off Iowa Ballot

State Dems Fail to Certify Top Nominees

DES MOINES, Iowa (AP)— The Iowa Democratic Party has failed to certify the names of President Lyndon B. Johnson and vice presidential nominee Hubert H. Humphrey for the November general election ballot.

★ ★ ★

As the matter stands today, their names will not appear on the Nov. 3 ballot in Iowa.

Secretary of State Melvin D. Synhorst, in charge of preparing the ballot, said the certification of nomination for Johnson and Humphrey had not been received by Sunday's deadline.

Iowa law says that the state chairman and secretary of the major parties' central committees shall certify the names.

★ ★ ★

Democratic State Chairman Lex Hawkins of Des Moines said he was caught by surprise and did not know the certification had not been made.

Federal expenditures for research and development projects soared from $1 billion in 1950 to approximately $12.3 billion a year ago.

Frenchman Is Unhappy About French Drivers

NEW YORK (AP) — Norbert Buillaume, a Frenchman who specializes in teaching Frenchmen driving to qualify for a New York license, says:

French drivers are the worst in New York, with the Italians a little better. "The French people in automobiles, they are crazy," he declared.

Coin Gets Nickname

Made of 88 per cent copper and 12 per cent nickel, the 1857 "Flying Eagle" coin struck by the United States became known as the "white cent" as distinct from its pure copper predecessor.

Corporate debt was $371.6 billion at the end of last year, nearly four times the $93.5 billion reported for 1946.

Indians Are Puritanical

"Panama's San Blas Indians rival the most puritanical of Victorians and parents are so anxious to shelter their children from the facts of life that they keep expectant dogs out of sight.

Grapefruit was introduced into Florida about 1840 by a former French surgeon in Napoleon's navy.

Wichita Must Be Full of Satisfied Citizens

WICHITA, Kan. (AP) — Wichita city leaders wonder if they have a town full of satisfied citizens.

A post office box, advertised as the place to send public complaints and general information for city fathers, received only one letter in two months.

City commissioners voted to cancel the box subscription.

Kroger

Local Peaches Are Abundant

There are peachy predictions about Michigan's 1964 peach crop reports Josephine Lawyer, District Extension Agent. Size of crop is estimated at about three million bushels and quality is expected to be the best in several years.

★ ★ ★

Early Sunhaven peaches arrived the last week of July, variety reached volume supply about August 1. These are being followed by Richhaven, Halehaven, Kalhaven, Redskin, and Elberta varieties, in that order.

Michigan peaches are "freestone." The pit separates easily from the flesh when the full-ripe peach halves are separated. The flesh of all Haven varieties, except Halehaven, is resistant to browning.

Most homemakers are familiar with the Elberta variety, but most homemakers do not know that the other varieties rate better in color, texture, and flavor for canning and freezing.

Sugar content does not increase after the peach is picked. Peaches must look good to be good. Quality peaches are firm, mature, well-formed and free from decay and injury. Michigan peaches have yellow skins and flesh.

Look for creamy to gold color under the red "blush." Avoid hard peaches with green background color for they are immature, lack flavor, and will never ripen properly.

Firm ripe peaches will be full-ripe in three to four days at room temperature. Keep full-ripe peaches in the refrigerator.

More Michigan peaches are hydrocooled each year. Hydrocooled peaches ripen more evenly and keep better. These peaches are drenched in an ice water bath and quickly chilled to about 55 degrees to remove "field heat" and firm the fruit so that it moves to market in good condition.

Consider Using Ripe Olives in Salad, Meat

Rely on ripe olives for quick culinary achievements on lazy summer days.

Chop them and stir into favorite salad dressings.

Add whole pitted ripe olives to canned or delicatessen potato salad.

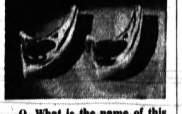
Mix ripe olives coarsely chopped, into ground beef before shaping into patties.

Set out chopped ripe olives along with chopped onion and mustard for hot dogs.

And for the simplest treat of all, don't forget a bowl of ripe olives, each glistening with a coating of salad or olive oil.

Goes Well With Fish

Allow a small package of cream cheese to stand at room temperature to soften; blend in about half a cup of mayonnaise and—if you like—a little lemon juice and paprika. Serve with crisp greens, thinly sliced pared cucumber and paper-thin sweet onion rings. An excellent combination to serve with fish—fried, broiled or baked.



Q. What is the name of this cut of meat?

A. Lamb Rib Chops.

Q. Where do they come from and how are they identified?

A. They come from the rack section of lamb (comparable to the rib section of beef) and contain the rib bone and rib eye muscle.

Q. How are they prepared?

A. By broiling. Place chops on broiler rack. Insert broiler pan and rack so the top of 1-inch chops is 2 to 3 inches from the heat; 3 to 5 inches for 2-inch chops. When one side is browned, turn and finish cooking on second side. Chops cut 1 inch thick require 10 to 12 minutes. Chops cut 2 inches thick require 20 to 22 minutes. Season after broiling.

Sweetbreads Are a Treat

Looking for a new flavor to change everyday menus into something special? Then serve sweetbreads. You'll find their flavor delicate and their texture entirely different from all other meats.

★ ★ ★

Sweetbreads offer unlimited menu possibilities. Because the variety meat is so perishable, it should never be stored without precooking and should be used within a day of purchase.

Here are some of the ways the American Meat Institute suggests you serve sweetbreads: creamed with mushrooms and served in patty shells; browned in butter by broiling or panbroiling and served with tartar sauce or pickled orange slices; or used cold in a luncheon or supper salad.

Pears and Sour Cream

Fresh pear salad is delightful when it is served with a sour-cream dressing enlivened by a nippy cheese. To make the salad, arrange pared, cored and halved pears on crisp greens just before serving. Spoon a little of the dressing in the pear cavities and pass the rest.

Delicately Flavored Cardamon Scandinavian Favorite

Cardamom, second on the list of the world's most precious spices, is as versatile as it is delightful.

Scandinavians have long known how much cardamom contributes to baked goods of all kinds, and these richly delicate cookies are just one example of their baking skill.

★ ★ ★

Preparation is a breeze — you'll find it so easy that you'll make these buttery bits again and again to serve with coffee or tea, hot or iced, as you prefer.

Pour coffee and hot milk simultaneously into coffee cups. Sweeten to taste.

Cardamom Butter Cookies

½ lb. soft butter or margarine
1 cup all-purpose flour
½ teaspoon ground cardamom
½ cup confectioners (powdered) sugar
½ cup cornstarch*

Cream butter to consistency of mayonnaise. Mix and sift flour and cardamom. Add flour mixture, sugar and cornstarch to butter mixture while continuing to cream.

Divide into 2 equal portions. Wrap each portion in foil. Chill thoroughly.

★ ★ ★

Work with 1 portion at a time, shaping into 1-inch balls, keeping other portion in refrigerator. Place balls 2 inches apart on ungreased cookie sheets. Flatten with floured tines of fork.

★ ★ ★

Bake at 325 degrees for about 20 minutes or until delicately browned. Makes about 3 dozen. *This amount is correct.

Heat Nectarines for New Taste

Fresh, nectarines, heated, have a delectable flavor.

For breakfast or brunch, heat nectarine slices in light corn syrup flavored to taste with orange juice concentrate, ground cinnamon and cloves. Add a little butter or margarine. Serve over French toast, waffles or pancakes.

For dinner, curried chicken, shrimp or lamb take on new flavor dimensions with the addition of fresh nectarine slices.

Five minutes before the curry is done, add the nectarines. Serve on hot cooked rice; sprinkle with toasted slivered almonds and chopped candied ginger if you wish.

Cherries for All Year

Although the fresh cherry season is short — lasting only from early July through mid-August —modern methods of freezing and storing provide consumers with a year-round supply of red tart cherries. Ninety-five per cent of the red tart cherry crop is processed — available as canned or frozen cherries, pie fillings, cherry sauce, jellies and preserves, cherry drinks, ice cream, pies and other desserts.

Tomatoes Are So Seasonal

Home grown tomato time is the time to enjoy tomatoes at their best states the District Extension Agent, Mrs. Josephine Lawyer. Quality is best and prices are lowest when supplies of locally grown tomatoes are large.

Michigan's 1964 tomato season started the week of July 13 and is expected to close after the first killing frost.

By cultivation and use the tomato is a vegetable. Botanically, it is a fruit. Among fruits it is a berry, since is it pulpy and contains one or more seeds that are not stones. With the exceptions of potatoes and lettuce, consumers use more tomatoes than any other vegetable.

The tomato is one of most difficult vegetables to market successfully. It requires special knowledge and care all the way from field through the market to place if flavorful product on your table.

The ideal tomato is full sized, vine-ripened, unblemished, and fully colored for the variety. Its tenderness and high perishability require special handling by farmers, packers, shippers, and retailers.

It is practical only for nearby producers to harvest tomatoes near the fully ripe stage.

How Full Is Your Cookie Jar?

By JANET ODELL
Pontiac Press Food Editor

With a holiday weekend coming up and school lunches in the offing, you'll want to keep the cookie jar full.

Cookies are a sweet but they can be more than empty calories. Cookies made with eggs or nuts add some protein to the day's diet. Milk in recipes help enrich the product.

COOKIE JAR COOKIES

1¾ cups sifted all-purpose flour
1 teaspoon baking powder
½ teaspoon salt
1 teaspoon cinnamon
½ teaspoon allspice
½ teaspoon nutmeg
½ cup soft butter or margarine
1 cup firmly packed brown sugar
1 egg
1 cup wheat germ
¼ cup milk
1 cup finely chopped pared apples
1 cup raisins
1 cup chopped walnuts

Mix and sift flour, baking powder, salt and spices. Cream butter and sugar; add egg; beat well. Add wheat germ and milk; beat well. Stir in sifted dry ingredients; mix well. Stir in remaining ingredients; mix well.

Drop by tablespoonful on greased baking sheets. Bake at 375 degrees about 10 minutes or until lightly browned. Makes about 4 dozen small cookies.

Another fruity cokie is a date nut bar. This recipe calls for a whole can of evaporated milk which helps keep the cookies moist.

DATE NUT BARS

4 eggs, well beaten
2½ cups firmly packed light brown sugar
1 tall can evaporated milk (1⅔ cups)
2 tablespoons lemon juice
2½ cups sifted flour
1½ teaspoons baking soda
1 teaspoon cinnamon
½ teaspoon salt
1½ cups chopped walnuts
1½ cups chopped dates
2 cups unsifted confectioners sugar
2 tablespoons undiluted frozen orange juice concentrate
Evaporated milk

In a large mixing bowl combine beaten eggs, brown sugar, 1⅔ cups evaporated milk and lemon juice. Sift together flour, soda, cinnamon and salt. Add all at once to egg mixture. Stir just until blended. Fold in walnuts and dates, being careful not to overmix.

Spread batter in 2 well greased jelly roll pans, 15½x10½ x 1-inch. Bake in preheated oven (350 degrees) for 20 minutes. Set pans on racks to cool.

Meanwhile, make frosting by combining confectioners sugar and orange juice concentrate. Blend in evaporated milk, a few drops at a time until of desired consistency for spreading. Frost cookies in pan before cutting into bars. Makes 5 dozen bars.

Old-fashioned sugar cookies have never lost their appeal. Make them either large and fat and smaller and crisp.

OLD-FASHIONED SUGAR COOKIES

½ cup (1 stick) butter
1 cup sugar
2 eggs
½ teaspoon lemon flavoring
½ teaspoon vanilla
1 tablespoon half and half OR light cream
2¼ cups sifted regularly all-purpose flour
1½ teaspoons baking power
½ teaspoon nutmeg
¼ teaspoon salt
Sugar

In a mixing bowl cream together butter and sugar until light and fluffy. Add eggs, flavorings and half and half or light cream, blending well. Sift together flour, baking powder, nutmeg and salt. Add gradually to creamed mixture. Chill until firm enough to roll.

Roll ¼-inch thick on lightly floured board. Cut with floured 3-3½-inch diameter cutter; transfer to baking sheet and sprinkle with sugar. Bake 8-10 minutes. Remove to wire racks to cool. Makes 18 large cookies.

Unusual Mixture Cooks in Skillet

Cook something slightly spectacular (but simple) at the table.

Skillet de Rosemary

1 eggplant
2 teaspoons rosemary (crushed)
2 medium tomatoes
Salt
3 cups cooked asparagus cuts and tips
2 cans smoked oysters

Peel eggplant, cut into ½" slices, place in lightly buttered electric frying pan and sprinkle with rosemary. Peel tomatoes, cut in wedges, and place in open spaces between eggplant. Salt lightly. Add asparagus and oysters, arranging in attractive groupings, cook at 300 degrees for 20 minutes or until eggplant is tender.

Serve from frying pan Japanese-style. Serves 6.

What Next!

SAN FRANCISCO, California —Now it's coffee martinis! Coffee has been appearing as a flavoring in an increasingly larger variety of foods and drink. But columnist Bert Bacharach reported a startling new idea when he suggested that martini-drinkers add a quarter teaspoon of instant coffee before stirring.

Summer Luncheons Can Be Both Special and Easy

By CECILY BROWNSTONE
Associated Press Food Editor

Entertaining at a summer luncheon can be easy if you choose to serve a salad as the main course.

★ ★ ★

If the guests are to be 'the girls," here's our nomination — a cold chicken and fruit platter with a special dressing. The chicken may be cooked the day before your luncheon and stored in the refrigerator.

The fresh fruit should be prepared shortly before serving, but that's easy. The dressing is made in a twinkling in an electric blender.

That dressing is a high point — it's perfectly delicious and low in calories.

Several years ago we thought of putting cream-style cottage cheese in the electric blender (with a little buttermilk or milk and lemon juice) to prepare what we called Ersatz Sour Cream. Then some bright cooks evolved variations on that theme.

The latest we've tried — a combination of cottage cheese and frozen orange juice concentrate plus a suspicion of sugar and salt — makes a fine accompaniment for the chicken and fresh fruit.

Cold Chicken and Fruit Platter

5 to 6 cups diced cooked chicken
1½ cups diced celery
Fresh fruit — cantaloupe, avocado, pineapple, peaches, grapes
Salad greens
Creamy Orange Dressing

Mix chicken with celery and mound in the center of a large platter. Remove outer covering from cantaloupe and avocado; seed and cut in wedges.

Remove rind from pineapple, slice and core. Peel peaches, halve and pit. Cut grapes in small clusters. Arrange fruit and salad greens around chicken and celery.

Serve with Creamy Orange Dressing. Makes 8 servings.

Creamy Orange Dressing

¼ cup frozen orange juice concentrate, thawed and undiluted
1 teaspoon sugar
¼ teaspoon ground ginger
Dash of salt

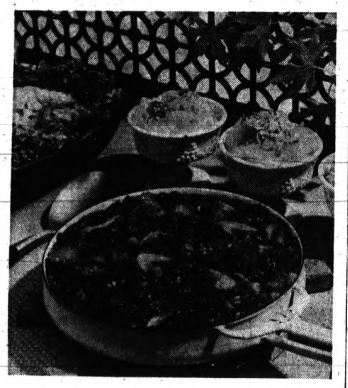
Place cottage cheese, concentrate, sugar and ginger in an electric blender; blend until smooth. Makes about 1 cup — 20 calories per tablespoon.

Cooked Chicken for Platter

2 three-pound broiler-fryers, whole or cut up
3 cups water
1 small onion, sliced
3 celery tops
1 branch parsley
2 bay leaves
2 teaspoons monosodium glutamate
1½ teaspoons salt
¼ teaspoon pepper

Place chicken in kettle with all the ingredients. Bring to a boil; cover tightly. Simmer until tender — about 40 minutes — turning once if you like. Strain broth; refrigerate or freezer-store for some other use.

Cool chicken; remove meat from bones and dice. Makes 5 to 6 cups meat and 3 to 4 cups broth.



SURPRISE SAUERBRATEN — Canned condensed onion soup, crushed gingersnaps, and canned diced carrots — all available from the pantry shelf — transform ground beef into a luscious Skillet Surprise Sauerbraten. A mixed green salad and a baked apple dessert complete this budget-beating, taste-tempting meal.

With Ground Beef

New Style Sauerbraten

Ground beef long has been a favorite of homemakers, especially when the budget needs a boost . . . but it's far from the prosaic meat as many think of it.

Mate it with canned condensed onion soup . . . canned diced carrots . . . and some crushed gingersnaps . . . and this favorite budget - beating meat assumes new status in the world of taste treats. Matched with pantry shelf staples such as the soup, ground beef is a natural . . . and such a saver of both money and time.

Plan your whole meal to match the value and flavor of this great Skillet Surprise Sauerbraten. What could be better than mixed greens tossed with a tart dressing . . . and an apple crunch pudding (made so easily from canned pie apples)? You'll win an "E" for excellence in both "exchequer" and "eating!"

Skillet Surprise Sauerbraten

1 pound ground beef
1 cup diagonally sliced celery
1 can (10½ ounces) condensed onion soup
¼ cup water
2 tablespoons wine vinegar
1 can (8 ounces) diced carrots, drained
¼ cup crumbled gingersnaps
Generous dash ground cloves
Salt and pepper

In skillet, brown meat, stirring to separate, and cook celery until almost tender. Pour off fat. Add remaining ingredients. Cover and cook over low heat 20 minutes. Stir now and then. Makes 4 servings.

Bartlett Pears Good in Salad and Dessert

Versatile fresh Barlett pears give a flavor lift to warm-weather meals.

With meat or fish, serve Bartlett pear slices over rafts of iceberg lettuce; dollop with a mixture of mayonnaise, chili sauce, chopped green onion and crumbled bacon.

Fresh pear halves, cored and filled with a mixture of sharp cheese spread and pickle relish, taste nifty with grilled franks or hamburgers.

For dessert, chill Bartlett pear slices in Sherry or grapefruit juice with red or green grapes and orange sections. Serve with a sprig of fresh mint or scoop of fruit sherbet.

Turkey, Cheese Team With Peanut Butter

Sliced turkey teamed with sliced cheddar cheese and peanut butter is a hearty sandwich trio. Spread buttered whole wheat slices with chunk-style peanut butter. Add the turkey and cheese slices and some crisp lettuce leaves and mayonnaise, if desired. Top with another buttered bread slice.

This makes an interesting grilled sandwich, too. For grilling, butter both sides of the bread slices before adding the filling; then grill in heated butter until beautifully browned and temptingly delicious.

Surprise Hidden in Beef Patties

Here's a quartet of goodness that's bound to please. Combine equal portions ground cooked turkey, ham and grated cheddar cheese, adding just enough mayonnaise to hold ingredients together.

* * *

Shape into flat patties, then shape ground beef into patties of the same size, making two of beef for every one of turkey—each about ½ inch thick.

* * *

Place one turkey-ham-cheese pattie between two ground beef patties. Broil or grill patties until done as desired and serve in hot round buns.

Dice Fruit Into Gelatin

As salad or dessert, "Nectarine Ruby Molds" are delightful.

Combine 1 cup diced fresh nectarines, ¼ cup chopped walnuts and half a 3-ounce package cream cheese cut into pieces. Fold into the thickened strawberry gelatin, prepared from a 3-ounce package.

Turn into 4 or 5 individual molds. Chill until firm. Unmold and serve with mayonnaise or whipped cream.

Add Toasted Nuts

Tired of "straight" tossed green salad? Add slivered toasted almonds! The nuts give interesting texture and flavor contrast.

Top Tomato Slices With Almonds, Broil

For crunchy texture and elegant flavor, team almonds with broiled tomatoes. Finely chop the almonds and toss with bread crumbs and melted butter.

Cut a slice from each tomato and heap tomatoes with the almond mixture. Broil slowly until topping is golden brown.

Mayonnaise Has Variety of Uses

Mayonnaise, of course, is known for its regular use in hearty meat and fish salads, potato salad, cole slaw and other vegetable salads. It's also a quick, flavorful topper for hot vegetables — ready to use right from the jar or sparked with spices and herbs.

To prepare a cupful of hot mayonnaise sauce for serving on cooked vegetables: combine ½ cup each mayonnaise and milk; whip together with rotary beater and season with ¼ teaspoon salt and a pinch of pepper. Cook over very low heat just 3 minutes, stirring constantly.

Serve at once over asparagus, Brussels sprouts, cabbage, carrots, cauliflower, green beans, peas or boiled onions.

Serve Salad First

Team avocado with fresh fruit — oranges, peaches, pineapple or pears — and serve with greens as a delightful first course for a summer supper menu. No other salad needed on the menu!

'January Thaw' Actually Occurs

Old-time almanac prognosticators were right. Meteorologists today admit that winter's "January thaw" actually occurs.

Detailed studies show that a marked warm spell generally takes place across most of the United States and southern Canada around the third week of January, the National Geographic Society says:

* * *

It happens too regularly to be accidental. Temperatures in the Northeast often rise sometime between January 20 and 23, earlier in the Southwest. Even near the Arctic Circle, Alaskans can look forward to the January thaw.

Winters as a whole seem to be growing warmer in the Northern Hemisphere, but a regular thaw in mid-January is different. Such an occurrence is called a weather "singularity."

Weather scientists have yet to explain the January phenomenon, though it evidently affects a good part of the Northern Hemisphere. The atmospheric anomaly that brings warmer weather to the western side of the Atlantic usually sees severe cold snaps in Europe.

The thaw apparently originates in the Gulf of Alaska's low-pressure area, moving steadily southeastward.

To determine that seemingly abnormal weather is more than a random event—and hence normal—records of many years must be studied and rigid statistical tests applied.

* * *

An Air Force meteorologist charted January weather records in Boston from 1873 through 1952. His 80-year average gave him daily "normal" temperatures, and these in turn showed a pronounced increase in the three-day period, January 21-23.

HALF THE YEARS

Half of all the years studied had higher temperatures on January 22 than on January 19 or 25. In other years warm periods merely shifted a few days either way.

A January thaw in New England is mentioned in literature as early as 1798 and many times since. An 1857 book, "Great West," described "generally unbroken winter from the middle of November till January, when there is almost invariably a January thaw."

Such warm spells in midwinter have never been welcomed by farmers, who know that unseasonably early growth can be harmful to plants.

* * *

Many old proverbs warn of the January thaws: "January awarm, the Lord have mercy!" "A January spring is worth nothing." And, "If you see grass in January, lock your grain in the granary."

Miller Girls to See Arizona

Goldwater's Sons to Host Aerial Tour

PHOENIX, Ariz. (AP) — Republican vice presidential candidate William E. Miller's eldest daughters were to get a bird's eye view of Arizona today.

Elizabeth Anne, 20, and Mary Karen, 17, were to be taken on an aerial tour of the state by GOP presidential nominee Barry Goldwater's two sons.

★ ★ ★

Barry Jr., 26, a licensed pilot, was to do the flying and Mike, 21, was to act as guide on the 800-mile trip.

The tour included the Grand Canyon, Oak Creek Canyon, Glen Canyon Dam and Utah's Monument Valley.

STOPS SCHEDULED

Stops were scheduled at Monument Valley, Glen Canyon Dam and the historic mountain mining town of Jerome.

"We're really excited about our Arizona visit," said Elizabeth Tuesday as she and her sister alighted at Phoenix Sky Harbor Airport after a flight from Buffalo, N.Y.

★ ★ ★

Elizabeth, a senior at Newton, Mass., college, said she plans to help the Republican campaign in any way she can. "I'm not much of a public speaker," she said, "but I do plan some campaign talks."

TO 'TAG ALONG'

Mary, a senior at Stone Ridge, a private high school in Washington, said, "I'll just tag along behind."

Elizabeth, a tour guide this summer at the New York World's Fair, said her talks with fairgoers indicated strong Republican sentiment. "I'm very optimistic about the election outcome," she said.

★ ★ ★

Tonight the four will dine at a desert restaurant north of Phoenix, and Thursday they'll travel to Prescott, Ariz., where Sen. Goldwater officially launches his campaign.

Mother Killed in Fall on Top of Daughter

MELUN, France (AP) — Mrs. Eugenie Quantin, 85, leaned out a second-story window to watch her daughter, Julienne, leave on an errand.

She tumbled out and fell onto Julienne's back. Mrs. Quantin was killed and Julienne was hospitalized with her injuries.

Prof Recalls Humphrey as Student

BATON ROUGE, La. (AP) — In the fall of 1939, a tall, almost penniless Midwesterner arrived here to study for a master's degree in government at Louisiana State University.

Franklin D. Roosevelt was nearing the end of his second term and the new graduate student was keenly interested in the New Deal.

★ ★ ★

Hubert Horatio Humphrey — U.S. senator from Minnesota who is now the Democratic candidate for vice president — came to LSU to study under Dr. R. J. Harris, one of the nation's top professors of political science.

Humphrey, at LSU during the 1939-40 school year and again in the summer of 1942, was described by fellow students as "broke but brilliant."

★ ★ ★

Dr. Harris, who now teaches at the University of Virginia, recently recalled that he and another professor went to the director of student aid to try to help Humphrey get a loan.

★ ★ ★

"The director asked if Humphrey were a Louisiana boy. We told him he was from Minnesota," said Dr. Harris. "He didn't get the loan."

★ ★ ★

Humphrey stayed at LSU, although he had to send his wife, Muriel, back to Minnesota. Harris says he was "one of the finest graduate students I ever had."

REPUTATION AS DEBATER

He also earned a reputation as one of the fiercest debaters on the LSU debate squad.

Ed Glusman, now a Baton Rouge attorney, was Humphrey's debate partner. Glusman recalls Humphrey was a devoted New Dealer who relished a good argument, especially one centering on foreign policy.

★ ★ ★

"His political views were more liberal then than now," Glusman said.

Another debate team member, Alvin Rubin, who is also a Baton Rouge attorney now, recalled a debate pitting Humphrey and Glusman against a team from England's Cambridge University.

'GOOD INTELLECT'

The English team relied strongly on wit and personal charm, rather than material, but Humphrey, said Rubin, "had good intellect — the ability to understand a problem and to quickly deal with it."

★ ★ ★

Glusman and Humphrey, the staunch New Deal supporter, won the debate. They had the negative side of the question, "Resolved the United States needs Franklin D. Roosevelt for a third term."

At the time Humphrey planned to make his career in education. But Dr. Harris and another government professor, Dr. Norton Long, say they recognized other potential.

Plan to Limit Reapportionment Debate

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen says he plans to move — possibly Friday — to limit a renewal of debate on his proposal to delay court-ordered reapportionment of state legislatures.

The proposal was introduced by Dirksen and Senate Democratic Leader Mike Mansfield as a rider to the $3.3-billion foreign aid authorization bill.

The Senate has put it aside temporarily to debate a Social Security bill. Dirksen says he expects action on that to be completed by Friday. He will then file a petition to invoke the cloture rule to limit debate if he can arrange for a vote on it next Wednesday.

"We can't just go on and on with this talk," Dirksen said.

WASHINGTON (AP) — Congress has given final passage to a bill that authorizes $17.5 million to study whether a second canal would be feasible across Central America.

The action came Tuesday on a house roll call vote of 320 to 23.

If President Johnson signs the measure, a commission appointed by him would study if and where a canal should be built and report back by June 30, 1968.

WASHINGTON (AP) — Chairman Emanuel Celler, D-N.Y., of the House Judiciary Committee is continuing his delaying action against a proposed investigation of the Justice Department's handling of the case of Teamsters Union President James R. Hoffa.

At a meeting Tuesday, the committee voted to cut off debate and bring the matter to a vote. The investigation would look into department actions in connection with Hoffa's recent convictions on charges of jury tampering and misuse of union funds.

It would also look into cases involving former Maj. Gen. Edwin A. Walker and attorney Roy Cohn.

Sources said the vote was 18 to 14.

Celler said no vote had been taken on the resolution calling for an investigation when the meeting abruptly ended as bells rang to signal the start of a House session.

Rep. Roland V. Libonati, D-Ill., one of those pushing the investigation, contended that the vote was on the resolution. The New York Democrat said Libonati was "utterly mistaken".

Celler set no date for another committee meeting. Last March 24 he named a special subcommittee to look into the case but never called a meeting.

Busy Year at NY Marriage Bureau

NEW YORK (AP) — The world's largest marriage license bureau is busier than ever because of the bumper crop of World War II babies now making applications for licenses to get married.

Herman Katz, who heads New York City's Marriage License Bureau, reports that 1964 will be one of the biggest years for licenses issues. And 1964 being a leap year has nothing to do with it, he adds.

"The kids today are getting married younger," Katz said. "The fact of the matter is that the big rush is on because of the World War II babies who have reached the marrying age. And, of course, some of the younger men are getting married to take advantage of the draft deferment for married men."

But 1964 will never top the record of 106,447 licenses issued in 1946 when World War II ended and discharged veterans rushed home to the sweethearts who waited for them.

In the first seven months of 1964, the bureau issued 41,665 licenses, an increase of 2,878 over the same period in 1963.

A check of the applications shows that most licenses are being issued to 18-year-old girls and 21-year-old men, the minimum age requirements for marriages without parental consent. Many licenses have been issued to girls under 18 and men under 21 but with parental consent. Legally, licenses can be issued to girls as young as 14 and boys as young as 16 with court sanction.

★ ★ ★

Last year the applications showed that most licenses were issued to applicants from 21 to 23 years of age.

"The applicants are younger than ever, that's true," said Katz, "But that doesn't mean they're not as serious about marriage as older persons. Besides, they may get to us in a hurry but we slow them down and let them know that marriage is a serious business."

ONCE IN LIFETIME

"Most people come to this bureau once in a lifetime," said Katz. "We're quiet and we're dignified. This is not a place to get a driver's license. This is where the family institution begins and the institution of government itself is based on the family."

When Katz performs a wedding — he and his six deputies, besides judges and Mayor Robert F. Wagner, are the only nonclergymen authorized to perform weddings in New York City — he takes the couple to the bureau's wedding chapel, small but tastefully decorated, with a pulpit and stained glass window.

"When I take that pulpit I try to give the impression to the couple before me that they're the only two people in the world who are getting married," he said. The ceremony takes about five minutes but Katz likes to stretch it out as long as possible.

Many celebrities are wed in the chapel by Katz or his top deputies. Some aren't even recognized, as some weeks ago when Academy Award winning actress Anne Bancroft was married to writer Mel Brooks.

UNFORGIVABLE

Miss Bancroft, acting and looking like any other bride, used her real name, Anna Maria Italiano, in the ceremony.

★ ★ ★

Katz won't forgive her for listing "none" for her occupation. He's also a stickler for women giving their true age. "No one is 'over 21' in this office," he said.

Loretta Hahn, has been in the bureau since 1915 and was on duty May 1, 1937, when Jean Faircloth of Murfreesboro, Tenn. was wed to Maj. Gen. Douglas MacArthur by an unconcerned deputy clerk.

★ ★ ★

Mrs. Hahn's duties in recent years have been taken over by six young women supervised by Margaret West, who provides the final approval to a license by using the trademark of all city agencies — a rubber stamp.

Mrs. West issued licenses to her two sons, Richard and Robert, and each time insisted on footing the $4 charge.

'CHEATED ME'

"My daughter, Maurine, cheated me out of the honors by getting married in Hawaii," she recalls. "But the joke was on her. It cost her $5 for a license."

Last year the city issued 69,628 licenses and expects to approach 80,000 by December 31. Only five states outside of New York, issued more licenses in 1963. Pennsylvania issued 71,211; Ohio, 71,675; Illinois, 94,552; Texas, 103,937; California, 121,369. New York State issued 130,511.

★ ★ ★

"Nevada, which issued 73,233, doesn't count," said Katz. "It's a business there, what with all their divorces. Here it's something special."

2 Women Sentenced

ALLEGAN (AP)—Two women who admitted taking part in schemes to defraud the Allegan County Welfare Department of more than $40,000 since 1956 were sentenced to prison yesterday.

★ ★ ★

Circuit Judge Raymond L. Smith ordered a term of 2 to 10 years for Mrs. Beatrice Guscinski, 50, former department director.

A term of 2 to 5 years, with the minimum recommended, was ordered for the woman's daughter-in-law, Mrs. Robert Baker, 32, of Dowagiac.

Both had pleaded guilty last July 14.

Mrs. Guscinski was charged specifically with embezzling $522.80 by issuing a check for that amount to a fictitious welfare recipient. Following an audit and investigation, she admitted similar operations while in office as department director and said she used the money for herself.

★ ★ ★

Mrs. Baker pleaded guilty to a charge of uttering and publishing checks drawn by her mother-in-law.

The Senimole Indians originally inhabited the Florida Peninsula where some still remain on a reservation. After the Seminole Wars of 1817, many moved to Mississippi.

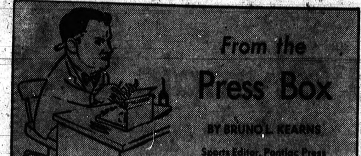
Tiger Southpaw 'Averts' No-Hitter in 8-0 Win



Okay, Pete Rozelle let's see just how tough you are with the law breakers of your rules!

The boy-commissioner of the NFL recently issued an edict warning all clubs that the individual teams were not permitted to release names of players who have been let go or put on waivers, until 48 hours afterward and until cleared through the league office.

Yesterday all NFL clubs were supposed to be down to their 43 player limit by 5:00 p.m.

The Detroit Lions admitted they had made their decision about the players cut, but dared not release their names under the league rule which carried as much as $2,000 fine and even an indefinite suspension without pay against the coach.

What is Rozelle's reason for withholding the names of the players?

The answer is that the rival AFL has been going after the released NFL players before all the other NFL teams have had a chance to bid on the waivers.

NO RELEASE

Members of the press were upset yesterday at the Lions' stand of not releasing the names even though it was public knowledge that it was the day the cuts were to be made.

Of course, no one can honestly argue with the Lions, with coach George Wilson or general manager Edwin J. Anderson for adhering to a rule forced onto them by the league office.

★ ★ ★

However, if the rule is law for the Lions then it certainly must pertain to the other teams which ignored it all afternoon yesterday.

At 12:10 p.m. yesterday the Green Bay Packers announced their minimum cutdown.

At 12:48 p.m. the Cleveland Browns' releases were made public; at 2:31 from New York; at 2:45 p.m. announcement came from the Vikings; at 3:45 p.m. from San Francisco; at 4:20 from Los Angeles; at 7:46 from Pittsburgh.

Eight of the 14 NFL teams announced their minimums.

By our calculations there ought to be about $16,000 in fines and eight coaches under suspension.

★ ★ ★

But, if the past decisions of Rozelle are any indication, whereas he hardly adheres to the rule that "a law without sanction is no law at all," then you can be sure he'll ignore these violations or at least come up with a typical "beat around the bush" answer.

Of course when the Lions were penalized for gambling, they were the only team to do such horrible things. At least that's what Rozelle indicated, and they had to be made an example.

When a national publication had the gall to name Rozelle "Sportsman of the Year" the choice was a slap to great men in sports in this country who where and still are far more deserving.

Now, there's certain to be a good explanation out of New York as to why the clubs who released their players didn't wait for 48 hours until it cleared the commissioner's office, but don't bet your life on its validity.

★ ★ ★

We said it before and we can reiterate. The NFL is growing and has become the greatest attraction of the American people, not because of Rozelle but in spite of him.

Once the NFL puts too much power on the pedestal for an individual to use at his own discretion then look for chaos.

If we may parallel a famous saying out of nature, "Oh, if confusion (winter) comes, can chaos (spring) be far behind."

2 Hot Phillies Boost Mauch as Top Pilot

Allen, Callison Pace Squad to 4-3 Win Over Houston

By The Associated Press

Richie Allen doesn't care about being the National League's top rookie and Johnny Callison wonders whether he's worthy of being the Most Valuable Player. But together, they may make Gene Mauch Manager of the Year.

Mauch's reluctant dragons lifted the Phillies to a 4-3 victory over the Houston Colts Tuesday night, keeping Philadelphia 5½ games in front of Cincinnati which nipped Chicago 2-1 behind Jim Maloney's 13 strikeouts.

★ ★ ★

Hal (Skinny) Brown and Jim Bunning were locked in a scoreless pitcher's duel through six innings with Brown working on a two-hitter. Callison led off the seventh and tagged a one strike pitch for his 24th homer. Before the inning was over, Wes Covington and Frank Thomas also had homered and, with Bunning breezing, the 3-0 lead looked safe.

★ ★ ★

When Allen whacked a Dick Farrell pitch to the 447-foot sign in deep center and raced around the bases for an inside-the-park homer in the eighth, it merely looked like window dressing.

GAP NARROWED

But Bunning ran into trouble in the ninth. Nellie Fox and Al Spangler singled and two outs later, Joe Gaines clubbed a three-run homer, narrowing the lead to 4-3. But the Perfect Game hero bore down getting Carroll Hardy to end it.

Elsewhere in the NL, St. Louis moved into third place with a 5-4 victory over Milwaukee and New York dropped the Giants to fourth 2-1. Pittsburgh dropped Los Angeles 5-2.

★ ★ ★

Al Jackson hurled a nifty six-hitter and Joe Christopher drove in two runs with a bases-loaded double for the Mets. San Francisco unveiled Masanori Murakami, the first Japanese national to play in the major leagues. The left-handed pitcher hurled one inning, striking out two and allowing one hit.

Lolich Gives Chisox 3 Hits

CHICAGO (AP)—Mickey Lolich is a youngster who shuns no-hitters but has notched a claim to fame as a spoiler in the tight American League pennant race.

The Detroit southpaw who will not be 24 until Sept. 12 dampened Chicago's pennant hopes with a three-hit shutout Tuesday night as the Tigers kayoed White Sox, 8-0.

Through the first six innings Lolich had a no-hitter. He lost it in the seventh when Al Weis led off with a base hit into left field.

"I knew it was going to happen," said Lolich who admitted he was aware of the no-hitter from the very start. "It was merely a question of when they would get it. It was a strike and a good pitch. I thought he'd be taking the first pitch but he hit it.

★ ★ ★

"Look, I don't want any part of a no-hitter," said the youngster who had a 5-9 record with the Tigers as a rookie last year. "I think no-hitters are a jinx. Sure, if I had one going and I got it, I'd accept it. Then I'd probably say I'm the happiest guy in the world. But I'd rather take my victories this way, nice and easy with shutout pitching."

14TH VICTORY

Lolich's performance, which gained him his 14th victory in 21 decisions, was somewhat surprising since he hadn't pitched in nearly two weeks and was coming off a short stint with the Michigan National Guard.

"No, I hadn't done any throwing at all," said Lolich. "In fact, I couldn't get loose while I was warming up.

"How do I feel about beating the Sox who want to win a pennant? Just great. If they want to win let them do it at someone else's expense, not mine."

Lolich had no troubles. Don Wert's three-run homer in the second inning off Ray Herbert was all he needed. Jerry Lumpe added a two-run, inside-the-park homer in the fifth when Floyd Robinson failed to field his low liner. Lumpe rounded the bases as Robinson remained in a heap, after striking his head on the ground.

★ ★ ★

"It was a bad game for us," said Chicago Manager Al Lopez. "The kid pitched good ball, real good. We're just lucky Baltimore also lost and we're still only a half game out of first place. Tomorrow is another day."

Battle Creek Awaits City 9

Huron-Airway Starts State Play Tomorrow

Pontiac's Huron-Airway city and regional recreation baseball champion departs for Battle Creek tomorrow in a bid to bring the city its first men's state title in 17 years.

★ ★ ★

Solid hitting, pitching and defense carried the local nine past Livonia in two straight games last weekend for a regional crown.

The Huron-Airway nine now meet host city Battle Creek at 8 p.m. Thursday on the Bailey Stadium diamond, located just off M78 on the eastern edge of the town.

The double elimination tournament has eight teams entered. Included are Flint, Jackson, Saginaw, Detroit, Dearborn and Kalamazoo in addition to Pontiac and Battle Creek.

SCHEDULE

Three games are slated for Friday, four more Saturday and five Sunday. Winners will play winners and losers will meet losers in Saturday's games.

★ ★ ★

Huron-Airway, the home team tomorrow, will play either Jackson at noon Saturday on the Post Park diamond, or Flint at 1 p.m. at Bailey Stadium.

Battle Creek, seeded into the 8 p.m. Saturday tilt will play the other. Flint and Jackson will play at 4 p.m. Friday at Post Park which is located on East Michigan just off I-94.

Detroit and Dearborn, the co-favorites, will meet at 4 p.m. Friday at Bailey Stadium; while Saginaw will meet Kalamazoo there at 8 p.m. Friday.

★ ★ ★

The General Motors Coach team of 1947 is the only Pontiac team to win the 29-year-old tournament. Wyandotte, the defending champion, has already been eliminated.

Yankees Ascending Star

AL Race Punch-and-Judy Show

It was a Punch and Judy show in the American League.

Harmon Killebrew played Punch. The Chicago White Sox played Judy.

★ ★ ★

Killebrew gave American League leading Baltimore the old one-two Monday night, hammering his 43rd and 44th homers for both Minnesota runs in a 2-1 victory over the Orioles.

The White Sox, meanwhile, swung like girls against Mickey Lolich, who played ring-a-round-a-rosie with the punchless Chicagoans, pitching six hitless innings before winding up with a three-hit, 8-0 victory.

And when the show was over, the Orioles still held their one-half game lead over the White Sox.

KNOCKOUT BLOW

Killebrew, who hadn't hit a homer in 14 games, tied the score 1-1 in the fourth when he smashed a drive 415 feet over the left field fence. Then, in the sixth, Killebrew applied the knockout blow, a 405-foot shot over the same fence. Both homers came off Steve Barber.

The losses by the leaders enabled the third-place New York Yankees to climb within two games of the top! The defending champions whipped Los Angeles 4-1, despite the presence of the Angels' $200,000 bonus baby, Rick Reichardt, in the line-up.

★ ★ ★

Reichardt, making his major league debut in center field, struck out, fouled out twice and lined out in four trips and was unable to flag down Clete Boyer's long drive that went for a two-run triple and capped the Yankees' decisive four-run sixth inning uprising.

Elsewhere, Sam McDowell and Don McMahon combined on a six-hit shutout as Cleveland blanked Washington 3-0 and Boston edged Kansas City 3-2 on a homer by Lee Thomas.

★ ★ ★

Killebrew's homers wiped out a 1-0 Baltimore lead built in the first inning on an error, a wild pitch and Brooks Robinson's double. Robinson's double was the only hit allowed by Twins' starter Jim Kaat, 15-7, until the eighth when John Orsino singled and Bob Johnson doubled.

The Yankees broke a scoreless tie in the sixth by battering George Brunet for five hits. Singles by Pedro Gonzalez, Mickey Mantle and Elston Howard produced the first run. Hec Lopez brought in the second with a sacrifice fly before Boyer wrapped it up.

Al Downing, 11-7, got the victory with a six-hitter, allowing the Angels only run in the seventh on singles by Lou Clinton, Tom Satriano and Bobby Knoop.

The Indians got the only run they needed for their 10th victory in the last 11 games when Vic Davalillo smacked a leadoff homer in the fifth inning off Frank Kreutzer. McMahon came on when McDowell faltered in the seventh and pitched hitless ball the rest of the way.

Nelson Mathews' two-run homer gave the A's a 2-0 lead in the first but Red Sox pitcher Jack Lamabe singled a run home in the second and Carl Yastrzemski's run-producing single tied it in the fourth. Thomas' homer in the seventh snapped the tie and Dick Radatz came on to protect the lead.

Stan Musial Collapses at Stadium

ST. LOUIS (AP) — Stan Musial, whose baseball feats and stamina helped make him the nation's physical fitness director, collapsed of "complete exhausation" at Busch Stadium Tuesday night.

★ ★ ★

Musial, 43, a St. Louis Cardinal vice-president after 22 years with the National League team, became ill at the game with Milwaukee and was helped to the Cardinal clubhouse. There, he staggered and collapsed into the arms of former teammates.

An ambulance, escorted by several police cars, sped him to Jewish Hospital in the city's mid-town medical complex on the edge of famous Forest Park. He was hospitalized, and a physician said he would remain "at least several days."

★ ★ ★

"He was completed dehydrated by the time he reached the hospital," said Dr. I. C. Middleman, the Cardinals' and Musial's physician. "At times he was irrational."

STRENGTH DRAINED

Asked if Musial's condition was serious, Dr. Middleman said, "No, I don't think so — although it could become serious." His blood pressure is all right and he is rational now."

★ ★ ★

The all-time Cardinal great, who holds more batting records than any player in the league's 88-year history, was suffering from "viral entiritis" which drained his strength, the physician said.

State Entrant Takes Beating

WICHITA, Kan. (AP) — Bellingham, Wash., overwhelmed Wyoming, Mich., 12-0 in the quarter-finals of the National Non-pro Baseball Tournament Tuesday night.

★ ★ ★

The game was called at the end of five innings under the tournament 10-run lead rule.

Bellingham will play Wichita Glass and Fairbanks, Alaska, goes against Eureka, Calif., in the semifinals Wednesday night.

Promoter Expects Autumn Title Bout

LAS VEGAS, Nev. (AP)—Heavyweight champ Cassius Clay will fight Sonny Liston somewhere in the United States around Nov. 20, Harold Conrad, a spokesman for Inter-Continental Promotions, said Tuesday.

Conrad, whose group has a contract to promote the title rematch, would not say where the fight will be held, but said an announcement will probably be made later this week. Conrad is visiting Las Vegas.

The World Boxing Association voted Friday at its Norfolk, Va., convention to ban the rematch.

The organization also said it would declare the title vacant and expel the boxers involved immediately on announcement of the date and site of the proposed rematch.

Kansas City Hurler Inks Tiger Contract

DETROIT (AP)— John Cunneen a 190-pound, right-handed pitcher from Kansas City, has been signed for a 1965 contract by the Detroit Tigers, club officials announced Tuesday.

Cunneen, a junior at Wichita University, pitched this summer for Springfield of the Central Illinois League, a summer league for college ballplayers.

Wants Gold Medal

Jones Heads for 'Goal'

Hayes Jones, with the biggest goal of his life in mind, the Olympic gold medal, leaves this weekend for California where he will begin conditioning for the Olympic games.

Jones, who will carry the banner of Pontiac Central and Eastern Michigan University on his track pants during the '64 games in Tokyo next month, took third place and a bronze medal in Rome in 1960.

During the past summer, Jones was beaten twice by Blaine Lindgren in the hurdles and he came back to win the Olympic trials.

Determined not to lose again, Jones said, "I want that gold medal more than anything and I'm not happy getting beat on the way."

A Pontiac area drive has been set by the local Jaycees to send Jones' wife Odeene to Tokyo. In 1960 a local fund drive sent Jones' parents to the Rome games.

★ ★ ★

The Jones to Japan Fund drive is a "ghost banquet" for which contribution is $1.00. Contributions should be mailed to Pontiac Jaycees, Jones to Japan Fund, Pontiac, Mich.

Mrs. Jones is expected to leave for Tokyo as "Master of Cheer and Inspiration" on October 6th.

Ace for Hills' Golfer

The first hole-in-one for George Boyd of 2625 Ayrshire, Bloomfield Hills, was the second one in 10 days for Edgewood Country Club's 143-yard 10th hole.

Boyd's five-iron tee shot rolled into the cup Sunday as he played a round of 93 with his wife, Doris and the Dick Shorrs of Orchard Lake.

Seattle Woman Pro Home to Play Golf

SEATTLE (AP) — Blonde Ruthie Jessen, remembered here as a pert towhead with a powerful swing, leads golfdom's touring girls into her home town Thursday to compete in the $11,500 Inglewood Open tournament.

"It's tougher to play in your home city," Ruthie sighed. "Having so many personal friends in the galley increases the pressure. I'll do my best."

Her best this year has Miss Jessen pushing Mickey Wright for financial leadership of the proettes and Miss Wright will sit this one out. She notified the tournament committee last week from Provo, Utah, that she was withdrawing for treatment of an ulcer.

In New York Swim Trials

Teen-Ager After Third Olympic Spot

NEW YORK (AP) — Roy Saari, the tireless, 19-year-old water wizard of El Segundo, Calif., guns for his third berth on the U.S. Olympic swimming team today and he doesn't have to worry about cutting out other hopefuls from the trip to Tokyo.

★ ★ ★

So far there have been six double berth winners — three men and three girls — in the record-smashing trials at the Astoria Pool.

But Uncle Sam's swim officials, determined to stack up the greatest team ever for Tokyo's Olympics, have decided to fill in the team of 38 men and 31 women to the limit allowed.

★ ★ ★

"We are going to name other leading contenders to make sure we have our best possible team," said Dr. Harold W. Henning, chairman of the U.S. Men's Olympic Swim Committee from Naperville, Ill.

FILL HOLES

"So where there are doubles and triples we are going to pick others to fill in the holes," Henning said. "That way we'll be protected in case of illness or injuries. We'll have top alternates for our relay teams that way. We'll name the full team after Thursday's events.

★ ★ ★

Thus, there is hope for those who have been taking steady beatings from Saari, Sharon Stouder, Donna de Varona, Don Schollander, Carl Robie and Kathy Ellis, all double-makers of the team.

Saari, winner of the 400-meter freestyle and second in the 400-meter individual medley, was heavily favored to take the 1,500-meter freestyle today.

The 6-foot-2, 190-pounder was a loafing fourth in the qualifying heats Tuesday in 17:25.7. The top man was Bill Farley, 19, of Michigan in 17:17.8. Saari holds the listed world record of 17:05.5 but Australia's Murray Rose has sliced it to 17:01.8.

SECOND PLACE

John Nelson, 15-year-old comet from Pompano Beach, Fla., who made the team in the 400 free, was second in 17:19.5. He seems a cinch to join the two-place club.

Also on today's program are the men's 100-meter butterfly and women's 100-meter breaststroke. These are special events to qualify the first two in each for the Olympic relay teams.

Miss Stouder became the first double winner of the trials Tuesday with a time of 1:05.7 in the 100-meter butterfly that bettered the listed world record. She now plans to enjoy her first break since April.

★ ★ ★

Holland's Ada Kok holds the listed mark of 1:06.1 and a pending mark of 1:05.1. Sharon, a 15-year-old, blue-eyed blonde from Glendora, Calif., has a time of 1:05.4 up for recognition.

Gary Dilley, the surprise winner of the men's 200 meter backstroke in 2:12.0, thinks it will take "about 2:10 plus to win at Tokyo." He doesn't know if he'll be able to make it.

The 19-year-old Michigan State soph from Huntington, Ind., never had gone faster than 2:15.8 until three weeks ago so there's hope for him. Tom Stock, the Indiana U. star from Aurora, Ill., holds the world record of 2:10.9. He failed to qualify for the final with 2:16.9.

Dilley had the confidence, although few knew about him.

"When Stock was eliminated I felt I could make the first three and a place on the team," he said. "I didn't know if I could win but it sure feels now that I did."

SPARTAN SURPRISES—19-year-old Gary Dilley, a Huntington, Ind., sophomore at Michigan State, grabbed an Olympic team berth yesterday when he won the 200-meter men's backstroke in New York City's Astoria Pool trials. The world record holder for the event, Tom Stock, Aurora, Ill., failed to qualify for the finals. Dilley was timed in 2:12.

Sails Use Key to Trial Wins

Mainsail, Jib Help Underdogs Triumph

NEWPORT, R.I. (AP) — The sails were the vital factors as the two underdogs in the competition for berths in the America's Cup won their first races in the final trials.

American Eagle, which had been undefeated in the preliminary trials and all but two races in the July trials, broke out the mainsail she had carried then and it stood her in good stead Tuesday.

American Eagle went on to defeat by one minute and 27 seconds the 12-meter yacht Constellation, which won the first five races of the final trials.

The old mainsail had been discarded in favor of supposedly better canvas which did not serve as well.

The British underdog, Kurrewa V, used both a mainsail and a genoa jib recently recut to good advantage as she won her first final trial race from Sovereign by a margin of 1:53.

Sovereign still has a lead of 3-1 in the final round.

The selection committees of the sponsoring New York Yacht Club and the Royal Thames Yacht Club have until Sept. 8 to make their selections.

Pro Grid Cutdowns Include Veterans

By The Associated Press

Two key members of the American Football League's first championship club and a pair of veteran National Football League running backs are among the latest victims of the pro grid game's Big Knife.

NFL and AFL teams, counting down to mid-September season kickoffs and cutting down rosters to reach next week's final player limits, sent a number of well-known players packing Tuesday in the next-to-last trimming session.

Bill Groman and Hogan Wharton, who starred for Houston's 1960 AFL title team, lost their jobs; so did eight-year NFL vet Tom Wilson and three-year man Pervis Atkins.

★ ★ ★

The Denver Broncos released Groman, an all-league end at Houston in 1960; the Oilers cut Wharton, an offensive guard who has been sidelined with an injured leg; the Minnesota Vikings axed fullback Wilson and the Los Angeles Rams cut halfback Atkins.

ONE WEEK

American League rosters were trimmed to 38 men plus rookies who played in the All-Star game at Chicago last month. NFL teams got down to 43 men plus players injured in the All-Star game who have not yet recovered. Next Tuesday, the AFL must reach the regular season limit of 34 and the NFL, 40.

★ ★ ★

Other prominent AFL casualties were offensive tackle Rich Michael, Oilers, former all-league defensive back Bob Zeman and ball carrier Dick Christy, New York Jets, quarterback Don Breaux, offensive end Tom Rychlec and defensive back Billy Atkins, Broncos, and offensive guard Dave Behrman, Buffalo Bills.

Behrman, out with a knee injury, was placed on the team's injured deferred list. Christy was New York's top rusher and most valuable player two years ago.

★ ★ ★

Besides Wilson and Atkins, the NFL lost Clyde Conner, a topflight pass-catcher for the San Francisco 49ers for eight seasons, and Mickey Walker, hard-nosed handyman of the New York Giants, who suffered a fractured elbow in the club's last exhibition game and was placed on the injured reserve list for the season.

Golfers Knew He Was Good; but, Holy Cow!

SAUGUS, Calif. (AP) — An Inglewood, Calif., man, today claims the longest consecutive holes-in-one in golfing history: on the 330-yard 7th and the 290-yard 8th hole at Del Valle Country Club in Saugus.

★ ★ ★

N. L. (Mac) Manley, 41, is a 4-handicapper known at Del Valle as one of the club's longest hitter. He scored the pair of aces Sunday. It gave him a 27-34—61 score for a new course record. Par is 33-38.

Manley held the old course record of 65. He is a production planner for an electronics firm.

★ ★ ★

Each of the holes is a dogleg and each is slightly downhill. Each is par 4.

The Golfer's Handbook lists three previous instances of successive holes in one, all at shorter, par-3 holes.

Woodsman Sought for Hide-Go-Seek

SAULT STE. MARIE (AP) — A $500 reward for woodsmanship and tracking ability in an unusual manhunt highlights the 10-day Hiawatha Festival starting here Sept. 28.

Tony Andary, Soo realtor and chairman of the manhunt which opens the festival, says several candidates are under consideration as the quarry.

★ ★ ★

"We don't want to make it too easy for the hunters," said Andary. "Our quarry must be tough as nails and fast as lightning. He's got to be a better woodsman than 99 per cent of the boys who will be out there after him."

Would-be hunters must obtain a license at $1 each. The hunt runs from noon Sept. 25 to noon Sept. 27. It takes place on nearby Sugar Island and will require the quarry to spend two nights in the woods.

"We haven't worked out all the rules and regulations yet," Andary explains.

"This is something new and we have no precedents to go by."

Sugar Island was selected because it is nearby and offers a margin of safety for hunters.

★ ★ ★

An island 15 miles long and six miles at its widest, it has a road running roughly north and south "so it would be pretty difficult for an inexperienced hunter to become lost and create a problem," says Andary.

He claims that many sportsmen's groups have shown interest in buying the manhunt licenses and the Soo Michigan National Guard detachment of about 45 men plans to join the chase.

Driving Hazard Increases in County

A car cruises along I-696 in Farmington Township at 65 miles an hour.

Night has enveloped the wide expressway. The driver, however, isn't too concerned. Traffic is light and the weather is clear.

★ ★ ★

His attention is focused on the moving pavement at the outer limits of the car's headlights. It is a routine trip.

Suddenly, a large object darts directly into the path of the fast-moving car. There is screech of brakes; then a sickening thud.

Both the car and the deer it hit are carried away.

The above scene will be repeated on Oakland County roads between 50 and 100 times this year. The official total for 1963 was set at 56.

★ ★ ★

But Conservation officers say that many deer-car collisions are not reported.

The illustration above was set in Farmington Township because this stretch of I-696 is where the highest number of deer are being killed by cars.

This doesn't mean that other points in the county are to be ignored by drivers.

POINT OF WOODS

"There is a bad place on I-75 at Square Lake Road," reports conservation officer Warren Kendall. "The frequency of deer being hit by cars is high.

★ ★ ★

"There is a point of woods running almost to I-75 and the deer travel down this to the highway. It's just one of those places where deer like to cross."

Another major trouble spot, according to Kendall, is a stretch of M-59 on either side or Ormand Road in the Highland Recreation area.

"Dixie Highway and M-15 north of Clarkston used to have the greatest number of deer-car accidents," he pointed out. "But I-75 has taken the traffic load off these roads and there are few reports of accidents involving deer."

A second trouble area, but not as great as around Square Lake Road, on I-75 is where it passes through the Holly recreation area.

The result of any collision between a car and a deer usually results in death for the white tail. Heavy front end damage is inflicted to the car and passengers are occasionally injured severe enough to require hospitalization.

The reasons for the increasing rate of deer-car mishaps in Oakland County and other areas of Southern Michigan, according to the Conservation Department experts, are the increase in numbers of deer and drivers still not educated to look for them.

A person driving in northern Michigan is conditioned to watch the roadside for deer from dusk to sunrise, they claim.

This same driver forgets about deer when he gets below Bay City.

Increased crop damage in Southern Michigan is resulting as the deer herd grows larger. Automobile insurance companies are concerned by the accidents.

This has resulted in a special antlerless deer season in nine Southern Michigan areas. The closest to Oakland County is the western portion of Livingston County.

Area Shotgunners Tie World Record

Larry Smith and Bob Thiefels, veteran shooters from Bloomfield Hills, tied the world two-man team record for the 28 gauge in the Michigan Skeet Shooting Championships last weekend at the Detroit Gun Club.

They broke all 200 targets, 100 apiece, to become only the fifth team in the history of the sport to accomplish this feat with 28 bore scatterguns.

Smith went on to defeat his partner and Warren's Ted Hannaford in a 75-bird shoot-off for individual honors.

Thiefels gained revenge for high overall honors by outgunning Smith and Dan Gwynn of Flint in a shootoff with 410s. All three had cracked 342 of 350 targets.

Bobby Brengle, 17, of South Lyon tied Orville Budd of Muskegon for the all gauge championship. Smith and R. E. Stentstrom of Birmingham joined Brengle and Budd in a shootoff after each had posted a perfect 100.

Smith and Stentstrom were eliminated, but Brengle and Budd fired through 175 targets before the shootoff was halted by darkness.

Florence Schmidt won the ladies championship by placing first in the 410, 28 and 20 gauge classes. Rick Brengle of South Lyon was junior champion.

Friedrich and crew members Tom Dreyfuss and Ray Troendle showed consistantly good sailing by winning two first places and one second place in Tuesday's three races on Lake St. Clair.

4 Long Shots Draw Permits for Elk Hunt

LANSING (AP) — There were some lucky long shot winners among the 300 successful applicants for elk hunting licenses.

The odds were more than 78 to one, since more than 23,000 hunters entered the lottery.

★ ★ ★

Conservation department officials were suspicious when both David McGillen, of Crump, Bay County, and his 14-year-old son, Dennis, were successful.

A conservation officer was sent to Crump to investigate. But it was proven it was all part of the luck of the draw although the odds against it happening later were figured at about 8,100 to one.

★ ★ ★

As another oddity, Paul Cavallaro, of Warren, filed for a permit as did his brother, Ralph, of Detroit. Their cards were picked 99 numbers apart, but they will be able to hunt together from their camp in Montmorency County.

The ladies also did well in the luck of the draw. Nineteen of the 300 successful hunters were women.

LUCKY AT DRAWINGS — The Dennis J. McGillen family of Crump in Bay County is lucky at drawings. They have won numerous prizes in the past, but their latest touch came at bigger odds (8,100 to 1). Both McGillen and his son, David, 14, were successful applicants for two of 300 elk hunting licenses. Giving the winners a hug are Sandra, 9, (left), Mrs. McGillen and another daughter, Darlene, 16. Some of our best friends don't drink.

They love us just as we are. Oh, some of them may drop a glob of ice-cream in a glass of Ginger Ale, or twist a lemon peel into a Club Soda—but we don't mind. Canada Dry Ginger Ale and Club Soda have a Special Sparkle that lends itself to refreshing ideas.

You can see Special Sparkle—in the tinier bubbles that never give up but last right down to the last sip. And you can taste it, too—whether you're mixing your Canada Dry with Scotch or strawberry ice cream or just drinking it straight from an ice-cold bottle.

Special Sparkle is the happy result of putting extra care into making Canada Dry beverages: starting with the purest water possible, filtering and "polishing" it, blending the best ingredients we can buy, then adding just the perfect amount of pin-point carbonation. It means a lot of extra bother.

But then, we'll do anything for a friend.

3 Arkansas Children in Study Boycott

MENA, Ark. (AP) — Three children of a farmer have taken their seats in the elementary school in this small Arkansas community, but they refuse to study.

★ ★ ★

Archie Cude, their father, said, "They have been taught not to sit down and eat at a corrupt table."

★ ★ ★

Cude, a member of no religious sect, said that vaccination is against his religious beliefs. The school district requires vaccination before children can attend school.

Arkansas has a compulsory school attendance law, and the State Supreme Court ruled that Cude could not deny his children an education because of his belief that medical treatment shows a lack of faith in God. The children were vaccinated by the state under court order last month.

NO STUDYING

In compromise, Mr. and Mrs. Cude enrolled the children, Wayne, 13, Delia, 11, and Linda, 9, Tuesday but he said that they would not study. They also refused to accept books.

Wayne went to school for two years before officials ruled he could no longer attend classes without vaccination. Delia and Linda never entered school.

★ ★ ★

The principal, Holly Harshman, said the children were courteous and well behaved.

Wayne was placed in the second grade, Delia and Linda in separate first-grade classes.

Cave-In Fatal for Youth, 19

LANSING (AP)—James Oldt, 19, son of Elliott Oldt, superintendent of schools at Remus, was killed in a cave-in of a sewer excavation at Lansing Tuesday.

Lansing police said Oldt was trapped in sandy soil in the 14-foot ditch. Coroner Dorwin Hoffmeyer said death was believed caused by suffocation.

Police said fellow-workmen frantically tried to dig the victim out after the cave-in but were unable to rescue him in time. Police said three similar cave-ins had been reported by workmen at the project.

U Thant Back at Desk After Brief Europe Trip

NEW YORK (AP)—U.N. Secretary-General U Thant is back at his desk today following a four-day trip to Europe.

★ ★ ★

Thant said he felt that an agreed solution to the Cyprus problem is not in sight, but the dispute can be controlled "if the primary parties Cyprus, Greece and Turkey exercise restraint."

Road Toll Hit 175 in August

EAST LANSING (AP) — August traffic accidents resulted in 175 deaths and pushed Michigan's road toll to 1,354 for the first eight months of the year, state police said.

This was 201 more than the 1,153 counted in the same period last year.

★ ★ ★

The August count this year was one less than for the same month last year, but delayed fatality reports are expected to raise the total, police said.

'Get Your Plymouth, Valiant, Moskvitch'

COPENHAGEN, Denmark (AP) — The electric sign in front of a Copenhagen auto dealer's showroom proclaims: "Plymouth . . . Valiant . . . Moskvitch."

Depending on his pocketbook, the Dane can take his choice of these and many other makes.

★ ★ ★

Soviet cars such as the Moskvitch aren't exactly flooding the market, but they are making a dent. About 45 a month are sold, in contrast to 1,000 Volkswagens from West Germany.

1,500 CARS

Nordisk Diesel, the importers, estimate that more than 1,500 Moskvitches and Volgas have gone onto Danish roads since imports started in 1961.

Sven Heitmann is the most successful of 10 Copenhagen showrooms with Russian cars. He sold more than 150 last year, and says sales are going up.

★ ★ ★

"Most of the Soviet cars I sell are bought by people who heard the cars recommended by other people," he says.

Danish sales taxes are high, bringing the price of a Moskvitch to about $1,700. The Volga de luxe sells about $2,800. A volkswagen is around $2,200.

The Moskvitch can squeeze in four persons while the Volga has room for five.

Few other family cars of this type can be bought at similar prices. American cars are much more expensive, many being in the $5,000-7,000 range. About 1,000 U.S. passenger cars are imported every year.

★ ★ ★

Dealers believe that more Soviet cars would be sold in this country if the body designs were more up to date. As of now they seem fashioned after older models of the West German Opel.

More important is a political barrier.

HESITATE

"Businessmen especially hesitate to be seen driving a Communist car," says Heitmann.

What attracts buyers apparently is low price and solidity. The cars are built for bad Russian roads and the Soviet makers say the steel bodies are designed to withstand below-zero temperatures. Danish experts speak favorably of the body steel.

★ ★ ★

A Danish newspaperman who has driven a Moskvitch two years declares: "They are about the solidest things since the Model T Ford."

Nobody here wants to estimate the life expectancy of a Soviet car. After three years of imports a complete engine overhaul of a Soviet car has yet to be undertaken, the dealers say. The used car price is considered satisfactory and spare parts offer no problems.

"There are no strings attached to selling Soviet cars," Heitmann says.

Most automobile makers put dealers under certain regulations and sales pressure, but the Soviets seem to take a more relaxed attitude.

★ ★ ★

There is no demand that a dealer give priority to Soviet cars in sales promotion. There are no demands that a dealer qualify for continued deliveries by selling a certain number of cars.

Most of the Soviet cars come here as part payment for Soviet imports of Danish freighters built by the big Burmeister and Wain shipyards, of which Nordisk diesel is a subsidiary.

There is virtually no advertising of them by the dealers.

Opening lead—♠ J

By OSWALD JACOBY

Today's hand started out as an exercise in bidding. There are any number of ways for North and South to arrive at six no-trump, but it is quite easy if North is allowed to bid four no-trump as a no-trump raise and not as a demand to show aces.

JACOBY

The six no-trump contract is a good one. It would have been a cinch had the spade finesse worked, but in spite of the tough luck in the spade suit South was able to make the hand by means of a double squeeze.

He won the club opening in his hand and promptly led the jack of spades for a finesse. East took his queen and led a second club.

South won in dummy and ran the spades, discarding two diamonds and a heart from his own hand. Then he cashed his two high diamonds and high club.

This produced a three card ending. Dummy held ace-king-nine of hearts and declarer held one low card each in hearts, diamonds and clubs.

West had to hang on to a high club and East to a high diamond so neither one could keep three hearts, thus dummy's hearts were all good.

Of course, the slam could have been beaten had West been clairvoyant enough to open a heart and East had returned the suit when he got in with the queen of spades, but such leads rarely occur at the table.

Trading Is Lively

Stock Mart Pushes Ahead

NEW YORK (AP)—The stock market pushed ahead further in fairly lively trading early this afternoon.

In a follow through to yesterday's surprising rally, stocks advanced on a broad front, although most gains of key stocks were fractional.

Hope of an auto labor settlement increased as bargaining talks lengthened in an effort to break the stalemate.

General Motors and Chrysler again touched historic highs but shaded their best gains as the session wore on. GM chopped a rise of about a point to a fraction. Chrysler trimmed its own fractional advance and barely clung to the upside.

Early gains by steels were shaded and the group looked mixed.

Moderately higher were aerospace issues, rails, electronics, building materials, drugs and chemicals.

The Associated Press average of 60 stocks at noon was up .7 at 317.0 with industrials up .9, rails up .8 and utilities unchanged.

★ ★ ★

Prices rose in moderate trading on the American Stock Exchange.

Corporate bonds were mixed. U. S. Government bonds were generally steady although some intermediate issues declined slightly in quiet trading.

On Autumn Production

Industry Boost Is Early

By SAM DAWSON
AP Business News Analyst

NEW YORK—Industry is shifting into higher gear a bit earlier than usual.

DAWSON

Labor Day is the unofficial start of the autumn season for many companies and the beginning of the production year for some industries. But industry as a whole is picking up momentum now without waiting for the end of the vacation season and the start of the back-to-work and back-to-school period. Here's the picture:

- Steel output last month set a record for any August
- Factory orders have hit a new high after two-month slowdown
- Manufacturers sales have climbed to a record high
- Factory inventories have edged up only slight, meaning that most of the production gains have been passed along at a reassuring pace in shipments to consumers.

Right after Labor Day will come the showdown in the auto labor talks—an uncertainty that many industries must reckon with. A strike, especially a prolonged one, could upset a lot of business planned.

But another uncertainty is counted upon to spur production in late autumn. That is the possibility, however remote now, of a steel strike next May. As a hedge, many steel customers will be tempted to order ahead and build up their stocks. With output already climbing, steelmen are more than usually confident as September starts. And the fast pace of steel production now could make users start stockpiling earlier than in past steel labor contract negotiation years.

STEEL PRODUCTION

August steel production at around 10.5 million tons topped the previous record for the month of 9.6 million tons in 1955. Output has been climbing for four straight weeks after a summer dip that was shallower than usual.

New orders received by factories had slipped in May and June after setting a record high of $38.2 billion in April. The Commerce Department reports they rebounded in July to hit a new high of $39.4 billion. This carried the backlog of unfilled orders to $54.2 billion, with the July advance concentrated in durable goods. Aerospace industries were the star performers.

★ ★ ★

Factory shipments climbed 3 per cent in July to a record $37.9 billion. The biggest gains were in primary metals, fabricated metals and electrical products.

When output is rising to new highs, a close watch is kept on inventories. If they start to bulge, it can spell trouble in the future, because customers might start to living off their stocks and stop ordering. But the department reports that the rise in July was a modest $45 million, bringing the total to $60.4 billion. This is regarded as nicely in line with sales and flashing no warning signals as yet.

IMPORTS RISE

Prospering U.S. industry and the increasing total of personal incomes are credited with fostering the rise in another statistic that both business and government is watching.

Imports rose 6 per cent in July to bring the increase so far this year 8 per cent above the same period of 1963. In the first seven months of 1964 imports were running at seasonally adjusted annual rate of $18.1 billion, compared with $16.8 billion in the same 1963 period.

U.S. exports still top imports by a comfortable margin, but a big gap is needed to offset the outflow of dollars for other private and government international dealings.

Successful Investing

By ROGER E. SPEAR

(Q) "We have a number of stocks which you often mention favorably. We are concerned about two; namely, Klein's Department Stores, and Burroughs, which we bought at much higher prices. Do you think we should buy more of each to average down our cost?" R. S.

(A) I have often said here that averaging down should be done only when there are good prospects for a turnaround in earnings and price.

Klein has been undergoing a big expansion and modernization program, the costs of which in recent years have penalized earnings. These expenses are now diminishing and I believe Klein will show a very sharp rise in net in the current fiscal year. I think you might do well to average down in Klein.

Burroughs is in a somewhat different situation. They have a new computer which is said to be very good technically. The computer competition, however, is getting pretty rough, with some price cutting already announced. I would retain but not add to Burroughs holdings.

Backing May Stir Resentment

Viet Caretaker Government Needs U.S.

(Editor's Note—This is another in a series of reports on the Viet Nam situation written by Newspaper Enterprise Association analyst Col. Ray Cromley.)

By RAY CROMLEY

WASHINGTON (NEA) — The new caretaker government of South Viet Nam will be hard put to hold together for the two months it's scheduled to exist — unless it has liberal shots of U.S. bolstering.

Such strong U.S. backing, in turn, may stir up more under-the-surface resentment against the United States.

Dr. Nguyen Xuen Oanh, the Harvard - educated temporary premier, has no political base in South Viet Nam.

He has lived most of his adult life in the United States. He returned to Viet Nam a year ago after being away 18 years out of the past 20.

'THE AMERICAN'

Political and military Vietnamese I talked to in Saigon recently called him "The American."

Though he's an able economic technician, they said, he has little knowledge of Viet Nam or of political administration.

These Vietnamese felt that he had been made deputy premier for economics (his post until recently) because of his American connections. But Oanh's "Americanism" is the least of the problems the ruling military triumvirate faces.

The Revolutionary Military Council appointed former Chief of State Maj. Gen. Duong Van Minh, "President" Maj. Gen. Nguyen Khanh and Defense Minister Lt. Gen. Tran Thien Khiem a three-man group to run the country, with Khanh as nominal head.

TWO MONTHS

They are to act for two months until a National Assembly selects a president. Presumably the triumvirate will pick the National Assembly or decide how it is to be chosen.

The three generals who compose the ruling triumvirate have been maneuvering against each other for months.

A high Vietnamese official in Saigon told me that Khanh and Minh are not exactly friends. Other officials echoed this statement.

Khiem, third member of the triumvirate, has been at work for some time putting his men in strategic government positions.

REPORT REGULARLY

Key officials in the major ministries have been reporting to Khiem regularly as well as to their own ministers.

During the past months, Khiem has on various occasions countermanded Khanh's military, political and foreign policy orders, both when Khanh was prime minister and after he became president.

Khiem has seen to it that men loyal to Minh and to Khanh have been gradually shifted from positions of power to places where they would wield less influence in a crisis.

One example is an outstanding general close to Khanh.

KEY MAN

He was a key man in the Revolutionary Military Council and head of South Viet Nam internal security. Recently, though his abilities are badly needed in Viet Nam, he was appointed ambassador to the Chinese Nationalist government in Formosa.

Government officials I talked to called it "exile" aimed at getting him out of the way.

The strong man of the military triumvirate is undoubtedly Khiem.

★ ★ ★

Americans who know him say he has brains, ambition and an ability for showmanship.

LIKED, DISLIKED

Americans and Vietnamese I've talked to either liked him strongly or disliked him fervently.

Minh, a big (6 feet tall), genial, likeable, war hero, takes life easy. Khanh says of him, "All he likes to do is play tennis."

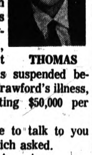
ITALIAN TRILOGY—Marcello Mastroianni and Sophia Loren star in the Italian comedy "Yesterday, Today and Tomorrow" opening today at the Forum. In the three episodes of the color film, Sophia plays a bored society matron in Milan, a Roman call girl and a Neopolitan woman convicted of selling black market cigarettes who avoids going to jail by staying pregnant.

Ends Producer's Headache

Olivia Supplies Film Aspirin

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD—"There I was in Burgenstock, Switzerland, recalled Olivia de Havilland, "innocently enjoying picnics with by two children. Then came this phone call."



THOMAS

The call was from producer-director Robert Aldrich, a man with a headache. His film with Bette Davis and Joan Crawford, "Hush, Hush, Sweet Charlotte," was suspended because of Miss Crawford's illness, the delay costing $50,000 per day.

"May I come to talk to you about it?" Aldrich asked.

★ ★ ★

"Certainly," said Olivia.

Within two days he arrived in Switzerland to present her with the script. She read it twice, discussed it with him and talked with Bette Davis on the telephone. "I'd love to do it with you," said Bette with whom she had starred in the old Warners days.

Olivia's agent also urged her to accept the film, financial details were ironed out, and she said yes. That gave her three days to return to her Paris home to get a permanent, buy some "work clothes" for herself plus school clothes for her son and daughter, arrange a visa for a governess, etc.

★ ★ ★

She arrived here this week somewhat breathless.

"It was worth all the rush," she declared over breakfast at the Beverly Hills Hotel.

"The script is wonderful — it's a real 'movie' movie, full of weird, offbeat characters and houses alive with intrigue and crystal chandeliers. The whole script fairly drips with Spanish moss.

'TRUE GENIUS'

"And it will be marvelous to work with Bette again. She is the only true genius that we have had among the motion picture actresses.

"With Bette it is a genius for creating life. It could be beautiful life, or ugly life; to her it didn't matter. She would allow herself to look like a wreck or she could be utterly glamorous. The important thing was that crackling vitality that always came through.

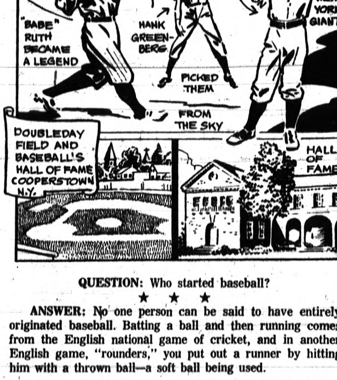
★ ★ ★

"She was always my ideal on those years at Warner Brothers. I always tried to emulate her search for life, her urgency to portray a person in a living way."

★ ★ ★

"Hush, Hush" will be the second film of grotesquery for Olivia. The two-time Oscar winner was last seen in "Lady in a Cage," a tough, heartless film that drew the most violent reviews of her career.

Junior Editors Quiz on BASEBALL



QUESTION: Who started baseball?

★ ★ ★

ANSWER: No one person can be said to have entirely originated baseball. Batting a ball and then running comes from the English national game of cricket, and in another English game, "rounders," you put out a runner by hitting him with a thrown ball—a soft ball being used.

Years ago boys in America played "on old cat" or "two old cats," using one or two bases. From these came "town ball" with four bases.

It is said that about 1840 an unknown American had the idea of putting a runner out by touching him with the ball instead of throwing it at him. This made it possible to use a hard ball which could be hit a long way, making the game of interest to grown-up players.

In 1839, at Cooperstown, N.Y., Abner Doubleday laid out a baseball diamond which can still be seen today, and Doubleday is often spoken of as "the father of baseball."

A hundred years later the Baseball Buseum and Hall of Fame were established in Cooperstown, where mementoes and records of famous players are preserved.

Another founding father, Alexander J. Cartwright, established standard rules about 1845. Brilliant players such as those in the picture, helped make the game enormously popular.

Little League baseball, with more than 600,000 boys playing in it, began in 1939, in Williamsport, Pr., where a World Series is held each year.

Dem Ticket Ordered on Iowa Ballot

DES MOINES, Iowa (AP)—Secretary of State Melvin D. Synhorst accepted today the certification of Democratic President Johnson and vice president candidate Hubert H. Humphrey for the Nov. 3 Iowa election ballot.

★ ★ ★

He said he had decided to "take the bull by the horns" and instruct the printer to put the names on the Iowa ballot, even though the certification was filed after the deadline set by law.

★ ★ ★

He said the decision was his alone.

Elections, Synhorst said, should be decided on their merits and not on technicalities.

CAME AS SURPRISE

Synhorst's announcement came as a surprise to both Democratic and Republican leaders. Earlier, Synhorst, a Republican, had indicated he would await a ruling by Iowa Atty. Gen. Evan Hultman.

★ ★ ★

Hultman, also a Republican, had indicated he felt the courts should settle the matter.

★ ★ ★

Synhorst told a news conference there might not be time for a court decision, since by law he is required to certify the ballot to the county auditors 55 days in advance of the election, or on Sept. 9

★ ★ ★

He said his action would not close out court action as a remedy to anyone who wants to challenge the action in court.

Man Robbed on City Street

Josiah Mitchell, 64, of 6075 Lahring, Holly Township, told police that two men robbed him of $10 at knife point at 12:45 a. m. today in Pontiac.

★ ★ ★

Mitchell said he was driving his car at Bagley and Hibbard when a man standing on the corner hailed him and then came over to the car.

★ ★ ★

As the man started to enter the car, an accomplice with a knife appeared and threatened him, Mitchell said.

The East North Central States — Wisconsin, Illinois, Indiana, Michigan, and Ohio — have more trucks and buses than any other region of the country — 16 per cent of the total. The South Atlantic, West South Central, and Pacific regions tie for second place with 14 per cent each.

Highway Progress Boosts State's Travel Business

LANSING — Long ribbons of divided highway have given Michigan a big boost in the highly competitive travel business.

★ ★ ★

The old saying that you can't get there from here no longer applies — not with nearly 1,200 miles of freeway and more than 6,000 miles of new and improved two-lane roads.

Recent visitors to Michigan have found that they can reach their destination in relative ease and comfort on modern highways.

Imagine what would happen if the freeway from Detroit to Sault Ste. Marie weren't there. The result would be a wild nightmare of traffic jams and blaring horns.

★ ★ ★

Some years ago, the state's highway builders gazed into their crystal ball and foresaw a king-sized mess if something wasn't done to provide more room for cars and trucks.

BASIC FACTS

They were confronted with several basic facts: a growing nation with more leisure time, increased auto sales and a state with a potential to attract an increasing number of travelers.

The highway planners came up with a logical conclusion — build broader freeways to accommodate a greater number of cars and trucks.

Aided by a generous outpouring of dollars from state and federal treasuries, the Michigan highway building program began in earnest in the late 1950's and reached a full head of steam in the early 60's. More than $500 million was spent for construction in 1961 and 1962.

★ ★ ★

The big push was for construction of three border-to-borcities and little towns.

NETWORK GROWS

Michigan has tripled its freeway mileage since 1959 when it opened its 300th mile between Lansing and Grand Rapids.

The output quadrupled in the next five years.

Interstate 94, stretching nonstop from Detroit to New Buffalo, was the state's first border-to-border freeway, replacing old U.S. 12.

★ ★ ★

Then came Interstate 96, a superhighway stretching from Detroit to Muskegon and replacing old U.S.16. The final section of I96 was opened in December of 1962.

NONSTOP RUN

When the final section of the Lodge Freeway Extension is opened in Detroit, motorists will be able to drive nonstop on superhighways from downtown Muskegon to downtown Detroit.

The third border-to-border freeway, completed November 1963, stretches from Ohio to Sault Ste. Marie, a distance of 380 miles.

In addition to providing ease to travel, Michigan's divided superhighways have built-in safety factors with an accident rate three times lower than the roads they replaced.

★ ★ ★

It was estimated that scores of lives were saved when part of the Interstate 75 Freeway in northern Michigan was opened many months before the final layer of asphalt riding surface was put down.

The state also spends nearly $30 million a year for winter and summer maintenance to assure the best driving conditions possible.

It's been a long uphill climb since 1905 when "Good Roads" Earle, a bicycle enthusiast, became the state's first highway chief with a budget of $20,000 for construction and $10,000 for administration.

But visitors to Michigan now enter the state with knowledge they will be driving on some of the finest highways in the nation.

Running Lights Urged for Cars

BLOOMINGTON, Ind. (AP) — Two Indiana University optometrists say that even in broad daylight automobiles can become dangerously hard to see.

The two, Dr. Merrill J. Allen and Dr. James R. Clark, recommend that all cars be required to display running lights — day as well as night.

The doctors' report was based on a study sponsored in part by the university and the American Optometric Foundation.

They said that use of low-beam headlights at all times on Greyhound buses had effected an 11 per cent decrease in daytime accidents in the U. S. and 24 per cent in Canada.

★ ★ ★

The doctors also said, "Cream to white-colored cars are usually six times more visible than darker colors."

TWO-TONE CARS

They said two-tone cars "often imitate wartime camouflage patterns and are easily lost in a complex scene."

★ ★ ★

Among road conditions which add to the camouflage effect they listed smog, rain, sun glare and ordinary surroundings.

New French Police Force Fights Crime

PARIS (AP) — A tough new force of cops is swinging into action to cope with a rise in lawlessness in France.

The elite force will have the power to strike anywhere in the country against thieves and bandits who have been making life miserable for the regular police.

They are to work closely with local police and will have unlimited authority when it comes to tracking down underworld characters who have pulled off a number of spectacular thefts this year.

The new organization is called the National Bandit Brigade.

A group of 12 agents inside the 30-man force has been specially trained to penetrate underworld circles.

The necessity for a special force, capable of operating across borders, became apparent this year when one gang alone pulled off a number of successful jewel thefts in widely separated parts of the country.

Wilson Plays Watchbird at Gala Party 'Caucuses'

By EARL WILSON

NEW YORK — There are certain warm little moments in a political campaign that are neither Republican nor Democratic . . . they appeal to all of us because we are "people-watchers" or "people-listeners."

WILSON

Looking back now on the recent events such as LBJ's birthday, the Jacqueline Kennedy reception, and Senator Humphrey's nomination, I think, as everybody must, of Jackie Kennedy.

Husky David McDonald, boss of the steelworkers, told me he always has a warm salutation for Jackie Kennedy, based on a long acquaintance, and that the other day he greeted her about as usual: "Hiya, Honey," or "Hiya, sweetheart," as he recalled it.

"Maybe I shouldn't do it," the union chief admitted.

"One of my worst boners was when Richard Nixon presented me to the Queen of England. After a mutually complimentary exchange, I said, to the Queen, 'Thank you, darling.' She looked surprised—but her husband roared!"

NO CLASS?

The question is: Is Dave being too democratic?

★ ★ ★

When they were shouting hurrahs for Senator Humphrey, I recalled that in October 1957, when Mike Todd and Liz Taylor gave a party for 18,000 at Madison Square Garden Senator Humphrey was a Very, Very VIP, and made a speech over TV.

★ ★ ★

"I may make Hubert Humphrey President!" Mike used to say with a puff on his cigar. It seemed remote then . . . but not now, barely seven years later.

A newspaperwoman friend of Ladybird Johnson's said I must pass on the First Lady's philosophy about the approaching campaign which she summarizes as follows:

"Early rising, total chaos, and cold pancakes."

Reuther Denies UAW Gave Dixie Delegates Money

DETROIT (AP) — Walter P. Reuther, president of the United Auto Workers Union, denied today what he said were reports that his union had borne part of the expenses of sending Mississippi's Freedom Democratic Party delegation to the Democratic convention in Atlantic City.

★ ★ ★

"We didn't encourage them to come there," Reuther said, "and we gave them no money."

The Freedom delegation, predominately Negro, failed to win seating over others sent to the convention by Mississippi's so-called regular Democratic Party.

Reuther said his union "didn't become involved in that operation."

Negro Is Stronger Than Ever at the Ballot Box

By AUSTIN SCOTT
Associated Press Writer

NEW YORK — The nation's 20 million Negroes will have more say at the polls this November than ever before, a nationwide survey showed today.

The reason—a history-making emphasis on voter registration in the civil rights movement. Some registration drives started back in 1962.

Despite a lack of official figures, leaders of campaigns from New York to Los Angeles generally claim excellent response. Many aim their campaigns at the defeat of Republican presidential nominee Barry Goldwater.

But there are indications that in some areas, particularly in the South, that whites also are flocking to the registrar's office in ever-increasing numbers.

★ ★ ★

Negro registration gains in 11 Southern states, placed at more than half a million by a sponsoring biracial agency, have been accompanied by larger gains in white registration in some areas.

IN THE NORTH

In the North, where voter registration efforts centered mainly in the larger cities, there was no estimate of the total number of Negroes registered. Most cities reported increased registration from predominantly Negro areas.

James Farmer, national director of the Congress of Racial Equality, said there are nearly 5 million registered Negroes out of a potential 12 million, with 3 million of them in the North.

The country's Negro population is just about evenly split, North and South, he said.

★ ★ ★

The Southern Regional Council (SRC), founded in 1944 to work for racial harmony and now winding up a two-year voter education program, says there are more than 2 million Negroes on voting lists in the South.

NO BREAKDOWN

An Associated Press survey showed no official breakdown of Negro and white voters is recorded in seven of the 11 Dixie states. In the four where breakdowns were available—Florida, Arkansas, Louisiana and Virginia — Negro registration showed an increase.

The council report said increases since 1960 in Negro registration in some Southern states are greater than the margin by which one or the other of the presidential candidates carried those states in 1960.

Wiley A. Branton, project director, said further increases can be expected.

★ ★ ★

"If the presidential election is a close one within the Southern states," he said, "the increased Negro vote would have great significance."

INCREASED REGISTRATION

No Northern cities where major drives are being held keep separate registration totals for Negroes and whites, but most officials reported increased registration.

In New York City, where CORE held block parties with free ice cream and cake to lure prospective voters, Elections Commissioner Thomas Mallee said applications appear heavier than normal for Harlem, home of 300,000 Negroes.

He added, however, that they also appear heavier for a predominantly white district on the West Side.

★ ★ ★

Officials in Detroit, Philadelphia, San Francisco and Los Angeles say that judging from the number of applicants, Negro drives in their areas are doing nicely.

GOOD REGISTRATION

Cleveland, Columbus, Dayton and Cincinnati civil rights workers say they expect a good Negro registration.

But in Boston and Chicago, officials report registration about the same as 1960, or somewhat lower.

Some 68 per cent of Chicago's eligible Negroes were registered in 1960.

A spokesman for the city's Board of Elections Commissioners said a lot of Negroes are showing up, but the number is possibly no greater than usual.

RAISE FIGURE

Despite this, a Negro spokesman said his group hopes to raise the figure to 75 per cent. About 72 per cent of Chicago's whites are registered.

In Boston, Byron Rushing, a coordinator for the voter project, said he attributes the fact that an estimated half of his city's 65,000 Negroes are not registered to an influx of Southern Negroes unused to voting, and to a lack of attractive candidates.

The national leaders have keyed the drives to defeating Goldwater, but many drives in the North appear complicated by local disputes.

★ ★ ★

Indecision on whether to participate in a drive was reported by one Chicago civil rights group because a Democratic vote that would help President Johnson would also help Mayor Richard J. Daley's 1967 drive for reelection. Some Negro leaders have been critical of Daley.

NEGRO AREAS

California's registration drives, centered in predominantly Negro areas of San Francisco, Berkeley, Oakland and Los Angeles, and keyed to a ballot proposition that would throw out state laws banning discrimination in housing.

Nevertheless, a Southern California official from the National Association for the Advancement of Colored People estimated a 20 per cent increase in the number of Negroes registering since Goldwater's nomination.

All national civil rights leaders have given the drives prime importance.

Roy Wilkins, executive secretary of the NAACP, said he has "no sympathy" for Northern Negroes who say they have to demonstrate, but don't vote.

State Voters Oust Many Incumbents in Redistricting Rebound

MAKE OVER PAGES

By RICHARD PYLE
Associated Press Writer

DETROIT (AP) — Michigan voters — picking up where redistricting left off — dealt prominent incumbents a series of stunning upsets and mild surprises in Tuesday's legislative primary.

Stemming in part from reapportionment that pitted incumbents against each other or threw them into unfamiliar new districts, the damage was heavy in both parties.

But it appeared to have hit hardest in the ranks of the so-called "conservative" Republican element of the legislature, which lost several of its best-known spokesmen and battlers of recent years.

Among the victims of the upheaval, which also may have sprung to some extent from voter dissatisfaction, were Senate President Pro Tem John Smeekens, R-Sherwood, and Sens. Paul Younger, R-Lansing, Lloyd Stephens, R-Scottville, and Lester Begick, R-Bay City.

But the voters also rejected Sen. Frederick Hilbert, R- Wayland, and made it close for Sen. Thomas Schweigert, R-Petoskey, who comprise virtually all that remained of the Senate's so-called Republican "moderates."

Schweigert appeared in early returns to have been beaten by Sen. Kent Lundgren, R-Menominee, in a primary test but claimed victory this morning on what he said was 10,648 to 8,080 lead with 13 of 240 precincts yet to be counted.

Key defeats in the House included Rep. Joseph Gillis, D-Detroit, a vital member of the judiciary committee and his party's "watchdog" over technical details of legislation, and Rep. Lloyd Gibbs, R-Portland.

Farnum, Kuhn Emerge Victors in 19th District

Broomfield Wins in Landslide, Faces State Official in 18th

The November race for the new 19th Congressional District will have two well known local figures challenging one another, while U. S. Rep. William S. Broomfield will be opposed in the 18th by Assistant Secretary of State Frank J. Sierawski.

For the 19th District, Pontiac attorney Richard D. Kuhn, 35, won the GOP nomination over two other hopefuls and will face Democrat Billie S. Farnum, Michigan's auditor general and a resident of 3033 Lansdowne, Waterford Township.

Unofficial results show that Kuhn of 205 Gateway, Waterford Township, polled 8,526 votes, while his opponents James P. Dickerson, 38, of 973 Croydon, Avon Township, received 6,893 votes, and William W. Brashear, 56, of Livonia, received 2,244.

Dickerson is assistant to the chancellor at Oakland University and Brashear is a former mayor of Livonia.

★ ★ ★

Kuhn, an unsuccessful candidate in six attempts for the GOP nomination for State Senate from Oakland County, was a delegate to the Michigan Constitutional Convention in 1961 and 1962.

COMMITTEE MEMBER

At the convention he served on the education committee and committee on legislative powers. He also headed the subcommittee on the legislature.

Kuhn is a graduate of Michigan State University and the Detroit College of Law. He owns and operates Kuhn Auto Wash at 149 W. Huron.

In winning the bid for the Democratic nomination, Farnum also defeated two other party candidates. They are John H. Burke, a Farmington attorney, and Paul J. Rabaut, the owner of Cooley Lanes and Lounge in Union Lake.

★ ★ ★

According to unofficial returns Farnum received 4,966 votes to Burke's 3,770 tallies and Rabaut's 1,593.

AUDITOR GENERAL

Farnum has been auditor general since 1961 and is a former deputy state chairman of the state Democratic Party.

Broomfield, 42, overwhelmed his Republican challenger, Robert L. Mott, 51, of Southfield, in polling 36,832 votes to Mott's 2,678.

Mott, a self-employed sales consultant, was a candidate in 1958 for the 3rd Legislative District. In 1952 he was a GOP candidate for the State Legislature from Highland Park.

★ ★ ★

The 40-year-old Sierawski was a chairman of the Ferndale Democratic Club for 10 years and in the years 1960-62 was an executive assistant to the county Democratic chairman.

He garnered 18,238 votes.

Voters in Waterford Defeat Millage Issue

In a heavier than normal turnout, Waterford Township voters yesterday decisively rejected a police-fire millage issue.

A total of 7,436, or slightly more than 35 per cent of the township's registered voters, went to the polls.

The millage issue, which was presented in two proposals, was defeated by a nearly 2½-to-1 margin. Both proposals were voted down in each of the township's 23 precincts.

Proposal No. 1 for increasing the tax limitation 2 mills over a 10-year period received 1,378 affirmative votes and 3,267 negative.

The second proposal which was a question of levying the 2 mills was defeated 3,412 to 1,423.

★ ★ ★

Only property owners cast ballots on the first proposal. All were eligible to vote on the second.

PROPORTIONATE EXPANSION

Township Board members voted to place the millage issue on the ballot because of their general feeling that the two service departments have not expanded in proportion to the township's growth.

Besides providing for increased personnel on the police and fire departments, the millage revenue would have been used for three new fire stations, a police station and equipment for both departments.

If passed, the millage issue would have yielded $194,000 the first of the 10 years with projected increases each year due to added valuation of the township.

★ ★ ★

Estimated cost to the average township home owner was $13 annually.

Ex-Supervisor Faces Seeterlin

Johnson Win Brings Rematch of '63 Race

Former Waterford Township Supervisor Elmer R. Johnson defeated George Smith in yesterday's primary election and will face incumbent Supervisor James E. Seeterlin in a rematch in November.

Johnson, a Republican, served six years in the top township office before losing to Seeterlin in April 1963.

Seeterlin, who was unopposed as the Democratic candidate for supervisor, polled 2,463 votes.

In contests for trusteeship nominations on both tickets, incumbents were successful.

★ ★ ★

Democrat incumbent Charles Evans polled 1,669 votes and Roger Johnson received a 1,528 total to win the two party nominations. A third candidate, Carl McMahan, polled 1,237 votes.

Loren Anderson with 2,758 votes topped a field of four GOP candidates seeking the two trusteeship nominations.

PLACING SECOND

Placing second and also nominated was E. Frank Richardson with 1,830 votes.

Templin Wins Prosecutor Bid in GOP Race

Returns Not Complete but All the County Contests Are Decided

In what was considered the race to watch in the county primary yesterday, Senior Assistant Prosecutor Robert L. Templin won the Republican nomination for the office of prosecutor.

In defeating two fellow workers, Templin will be opposed in the November general election by Democratic nominee S. Jerome Bronson, a 34-year-old Madison Heights attorney.

While election results were not complete, Templin of 3199 Pebble Lane, Bloomfield Township, had a substantial margin over his challengers, William E. Lang and Jerome K. Barry, both of whom are senior assistant prosecutors.

In 332 of the 352 precincts reporting, Templin received 23,369 votes to Lang's 15,231 tallies and Barry's 13,859.

★ ★ ★

Generally, election returns were extremely slow in being tabulated by local units of government because of the large number of candidates. Avon and West Bloomfield townships had not reported at 10 a.m.

JOHNSON DEFEATED

Bronson, in winning his party's nomination, defeated Pontiac attorney Odin J. Johnson, 60, of 5912 Longpoint Beach, Davisburg, 18,064 to 12,658 votes, with 20 precincts still unheard from.

Bronson of 24540 Seneca, Oak Park, won the Democratic nomination for prosecutor in 1962, losing in the general election to George F. Taylor, who resigned this year.

In the race for County Clerk-Register, incumbent David R. Calhoun, 52, garnered 28,796 votes to win the GOP nomination over Daniel T. Berry, 33, of 5437 Sunnyside, Independence Township. Berry received 19,654 votes.

★ ★ ★

Opposing Calhoun will be John D. Murphy, 50, of 710 Catalpa, Royal Oak, who received 16,351 votes in his successful bid for the Democratic nomination over Doris M. Beck, 35, of 25203 Ink-

Elly Gets Nod in Republican Senate Race

Governor Smothers His Ferndale Foe by an 8-to-1 Margin

ROMNEY	553,292
HIGGINS	76,751

O'NEIL	179,190
MEANY	144,366
HART	472,630

DETROIT (AP)—Republican voters overwhelmingly renominated Gov. Romney and handed Elly Peterson an upset U.S. Senate nomination yesterday in the only contested statewide battles of the Michigan primary election.

Mrs. Peterson of Charlotte, former vice chairman of the Republican National Committee, rode an outstate tide of votes to a narrow victory over favored James O'Neil, only GOP member of the State Board of Education.

Romney smothered Ferndale auto dealer George Higgins by an 8-to-1 margin.

Mrs. Peterson was reliably said to be Romney's choice in the three-way race although the governor offered no primary endorsements.

All three Republicans campaigned against Hart rather than each other. Mrs. Peterson credited her victory to "hard work."

State Republican Chairman Art Elliott reported at 2:15 a.m. the concessions by O'Neil and Meany, a Grand Haven businessman who campaigned for nearly four years.

BACKED BARRY

Higgins, who repeatedly emphasized his support of Sen. Barry Goldwater, the Republican presidential nominee, trailed from the very first vote report.

Romney, who has not endorsed the Arizona senator, piled up a margin of more than 10-to-1 in Wayne County.

Even with opposition, Romney was outpolling Staebler.

The Republican Senate total also was running ahead of Hart's count.

LITTLE CROSSOVER

Because of the many contests at all levels, observers believed there was very little crossover vote from one party to the other.

Romney, who did not campaign in the primary, never mentioned Higgins by name and went to bed at 10:30 p.m. yesterday after saying he might have a statement some time today.

Pontiac Men Nominated for 17th District

Two Pontiac men were chosen as the nominees for the newly created 17th Michigan Senatorial seat in yesterday's primary election.

Opposing each other in the general election Nov. 3 will be Dr. Lynn D. Allen, Republican, and Carl W. O'Brien, Democrat.

The winner will represent **the City of Pontiac, Waterford, Independence, Orion, Oakland, Brandon, Oxford and Addison townships in Oakland County and all of Lapeer County in the State Senate.**

In the unofficial returns, Dr. Allen was nominated by a mar-

Law, Anderson Win in Area

Picked by Parties in Districts 61, 62

Incumbents Arthur J. Law, D-62nd District, and Lloyd L. Anderson, R-61st District, will head Nov. 3 ballots in Pontiac area races for the State Legislature.

★ ★ ★

Law outpolled his lone opponent, Denis M. Berry of 257 W. Sheffield, 2,256 to 792 to secure the Democratic party nomination in yesterday's primary.

Carolyn Murphy, 344 W. Iroquois, wife of Oakland County Chairman of the Board of Auditors Daniel T. Murphy, will be Law's foe in the fall vote.

Mrs. Murphy, unopposed for the Republican nomination, picked up 2,464 votes in Pontiac's 62nd District.

★ ★ ★

Meantime, Anderson, who represented the old 1st District, was also unopposed. He received 5,154 votes in the new 61st District.

Judges Nominated for 2 Area Courts

The three Circuit Court judges whose terms expire topped the list of six candidates nominated yesterday for election to the posts in November.

Heading the list is Judge Arthur E. Moore, followed in succession, according to unofficial results, by judges James S. Thorburn and Philip Pratt. All were appointed to the Circuit Court.

Other contenders are Allen C. Ingle, Farmington Township Justice; John E. McGrath, Waterford Township Justice; and S. James Clarkson, the mayor of Soouthfield.

The unofficial returns show that Gordon S. Smith, a Pontiac attorney, was eliminated from the race.

★ ★ ★

The total votes of the candidates are as follows:

Moore, 38,487; Thorburn, 26,-367; Pratt, 25,782; Ingle, 15,692; McGrath, 15,286; Clarkson, 14-743; and Smith, 13,268.

The Circuit Court race is non-partisan.

Prior to being appointed to Circuit Court by Gov. Romney in early 1963, Judge Moore, 63, had served as a Probate Court Judge for about 25 years.

Pratt and Thorburn were appointed to the bench last fall. Pratt is 39 and Thorburn, 44.

Ingle, 43, has been a township justice since 1953 and McGrath, 38, has twice been elected justice of the peace in Waterford Township.

Clarkson, 39, has been a practicing attorney for 12 years and mayor since 1961.

Smith, 37 of Southfield is a partner in the law firm of Utley, Smith and Kohn.

Thomas G. Kavanagh and Farrell E. Roberts, both of Oakland County, are among the six candidates nominated for the newly established Second District Court of Appeals.

Also nominated from a field of 14 candidates were Louis D. McGregor of Genesee County; Donald R. Freeman of Flint, Francis L. O'Brien of Ann Arbor and Timothy C. Quinn of Caro.

With 1,329 of 1,477 precincts reporting, Kavanagh, 46, of 32865 Faircrest, Beverly Hills, was leading the field with a vote count of 78,093.

Roberts, 42, of 2486 Lefay, West Bloomfield Township, was in fifth place with 59,778 votes.

★ ★ ★

Kavanagh is a Birmingham attorney. Roberts, while in his second term in the State Senate, helped draft final legislation which created the new Court of Appeals.

SECOND HIGH

Polling the second high vote total of 69,740 was McGregor, a Genesee County Circuit Judge since 1959.

O'Brien, Ann Arbor Municipal Judge since 1948, received 66,467 votes for third place in the race.

Running fourth with a 60,131 tally is Freeman, 40, a Flint municipal court judge for seven years.

★ ★ ★

Quinn, Circuit Court Judge for Lapeer and Tuscola counties, is running sixth in the balloting with a 57,987 total. He is 55.

THREE POSITIONS

Three judges will be elected in November from the field of six nominees.

The 2nd District Appelate Court is one of three districts established in the state. It includes Oakland and 16 other counties.

Wayne County comprises the 1st District Court and the Third District Court of Appeals includes the state's other 66 counties.

The court was created by the State Constitution of 1963 which replaced the 1908 Constitution.

Several Conservatives Among the Ousted

(Continued From Page One)

Gillis lost out to Jack Faxon, a former Democratic delegate to the Costiutional Convention, to the Constitutional Convention, in one of the real shockers of the primary.

★ ★ ★

Gibbs, chairman of the State Affairs Committee and a veteran member of the House, was defeated by former legislator and Michigan Farm Bureau lobbyist Stanley Powell, of Ionia.

SURPRISE OUTCOME

In a Senate surprise, Rep. Joseph Mack, D-Ironwood, came out ahead of a field that included two incumbent senators, Philip Rahoi, D-Iron Mountain, and Charles McManiman, D-Houghton.

And in the House, Reps. Andrew Bolt, R-Grand Rapids, the dean of the chamber — seeking his 14th term — and Rep. Thomas Whinery, R-Grand Rapids, chairman of the Judiciary Committee, where both beaten by a newcomer, Grand Rapids real estate broker Peter Kok.

Rep. James Farnsworth, R-Otsego, won in a showdown with Rep. Riemer Van Til, R-Holland, House Labor Committee chairman.

★ ★ ★

The voters' harsh treatment of incumbents came in a primary that had the largest list of candidates—some 871 in all—in state history.

CUTTING TASK

The task was to pare the bulky field to 292 for the Nov. 3 general election.

Already assured, even befor the primary, was a turnover of at least 30 per cent in the House and 44 per cent in the Senate, as the result of reapportionment, retirements and bids for other office.

In a three-cornered primary in Detroit, the winner was Rep Robert Mahoney, D-Detroit, the legislature's only blind mem ber. Losers were Reps. John Sobieski, D-Detroit, and Edmond Lesinski, D-Detroit.

Airmen Launch Goodwill Drive in Okinawa City

Two thousand California redwood and pine trees are now growing on Okinawa as a result of the project "Trees for Koza."

US.S. Airmen at Kadena Air Base launched the goodwill program about a year ago as a means of replacing trees destroyed during World War II.

With the help of California Gov. Edmund G. Brown, the California Academy of Sciences, and other organizations, California tree seedlings were dispatched to Okinawa. The first arrivals in July 1963, were 100 redwoods and 15 varieties of pine seeds.

The people of Koza expressed their appreciation through their mayor, Chojo Oyama, by presenting the Academy with a handsome lacquer tray and offering "our sincere gratitude for your thoughtfulness and good-will."

'2nd Home' Sets Kickoff for Barry

PRESCOTT, Ariz. (AP) — Sen. Barry Goldwater formally opens his presidential campaign in the mountain-rimmed town of Prescott Thursday, where once he sold chipmunks on the corner of the city plaza.

★ ★ ★

For Goldwater, it will be a return to his ancestral home and the place where he spent the summers of his youth.

★ ★ ★

It was Sept. 18, 1952, that Goldwater launched his first senatorial campaign from the northside steps of the Prescott courthouse.

He will use the same spot to launch his bid for the presidency.

DEPARTMENT STORE

On his right will be the small Goldwater department store, the first in a chain of family stores which now have been sold. To his left will be Prescott's famed Whiskey Row where cowboys like to spend Saturday nights with booze and Western bands.

★ ★ ★

Directly in front will be a statue erected in memory of the Roughriders of the Spanish-American War, now almost hidden by a towering television platform.

★ ★ ★

This northern Arizona city of 15,000 is planning a rip-snorting Western welcome for Barry. They're even turning gold lights on the water that sprays from the fountain in the tree-shaded plaza.

"Welcome Barry," banners are being stretched across the downtown streets and every store window is displaying a homecoming placard.

STAR TO LEAD

There will be a parade shortly before Goldwater and his running mate, Rep. William E. Miller of New York, arrive. Western singer Tex Ritter and movie star Randolph Scott will lead the way.

★ ★ ★

Authorities predict 20,000 out-of-towners will be on hand for Goldwater's speech.

★ ★ ★

The Smokis — a group of Prescott businessmen who once a year dress in Indian attire and dance with snakes between their teeth — will make Goldwater an honorary chief. That means the presidential candidate can wear a tiny, half moon tattoo on his hat. He already wears the dot tattoo signifying Smoki membership.

Commission Gets Power to Act

Income Tax Issue OK'd in Flint

FLINT (UPI) — The voters of Flint yesterday gave the City Commission power to levy a city income tax by a margin of more than two-to-one.

With all 123 precincts reporting, the measure was approved, 20,654 to 9,330.

The City Commission had already levied an income tax but citizens opposed to it took the issue to the State Supreme Court where it was ruled illegal.

Money that was withheld for the first two quarters had to be returned.

★ ★ ★

The huge yes vote virtually assures that Flint will have an income tax since the City Commission is expected to pass it soon. It will be a 1-per cent tax on residents and a half-per cent tax on nonresidents who work in the city.

DEM NOMINATION

Bain, still with nine uncounted precincts, has 778 votes, while LaBelle has received 301 votes towards the Dem nomination for the 64th District.

GOP voters in the county's 65th District decided a four-way race for that party's nomination in favor of William P. Hampton, 26, of 2757 Windemere, Birmingham.

Hampton pulled 6,652 votes, topping three GOP foes. His nearest opponent, William R. Brownfield of 848 Smith, Birmingham, received 2,793 votes.

VOTE SPLIT

Another four-way primary battle, this time in the Democratic party, split the vote in the 66th District.

Bill S. Huffman, former mayor and city councilman of Madison Heights, outpolled

ic party nomination in the 61st.

Crowley outpolled Louis C. Odette of 8500 Cascade, Union Lake, 1,890 to 1,254.

Incomplete returns in the 63rd District showed the GOP nomination still in doubt. A total of 13 precincts are still to be counted.

★ ★ ★

DEM UNOPPOSED

The Democratic nominee, Robert J. Slingerlend of Oakland Township, who was unopposed in the 63rd, polled 1,600 votes.

With nine West Bloomfield Township precincts uncounted, the 64th District GOP nomination appeared to be sewed up by incumbent legislator Raymond L. Baker.

The former District 4 representative, Baker leads his near **former Clawson Councilman William A. O'Brien, 2,913 to 2,170.**

Huffman is an incumbent, serving from the old 6th District.

Lahti has 2,216, while Lawler, a press operator from Swartz Creek, has 2,233 votes.

Senators Cautious on Baker Case

WASHINGTON (AP) — President Johnson has asked for an FBI investigation into charges by Sen. John J. Williams, R-Del., that builder Matthew McCloskey paid a $35,000 kickback on the D.C. Stadium construction contract.

WASHINGTON (AP) — Senate leaders moved cautiously today in the wake of a demand for reopening the Bobby Baker case to investigate a charge of a $25,000 payoff earmarked for Kennedy-Johnson campaign funds in 1960.

★ ★ ★

Democratic Leader Mike Mansfield of Montana said he would take the matter up with the Senate Democratic policy committee "in the near future." He declined further comment.

Sen. Everett M. Dirksen of Illinois, the GOP leader, said there should be an investigation but cited a number of factors that he felt would prevent any early action.

'NO KNOWLEDGE'

Asked for comment on the charge, White House press secretary George E. Reedy said only, "We have no knowledge of it whatever."

From Tulsa, Okla., Republican National Chairman Dean Burch said President Johnson "should immediately call for a bipartisan congressional investigation to get all the facts, and to determine whether any member of the executive branch is involved."

★ ★ ★

"This is one scandal that can't be swept under the rug," Burch added.

The Baker case exploded anew in the Senate Tuesday when Sen. John J. Williams, R-Del., said in a speech that he had evidence of a $35,000 payoff he said was made by Matthew H. McCloskey Jr., Philadelphia contractor, on the Washington, D.C., Stadium contract.

NOT REACHED

McCloskey, finance chairman of the Democratic National Committee at the time could not be reached for comment. He resigned several weeks ago as ambassador to Ireland.

★ ★ ★

Williams told his colleagues that $10,000 of the $35,000 went to Don B. Reynolds, a local insurance agent, and that, according to Reynolds, $25,000 was turned over to Baker for "a contribution to the Johnson-Kennedy campaign fund of 1960."

★ ★ ★

The senator called it conspiracy in which "several laws were violated" and demanded an immediate reopening of the investigation into how Baker built up a claimed fortune of over $2 million while serving as secretary to the Senate's Democratic majority.

RESIGNED POST

Baker resigned his $19,600-a-year Senate post last Oct. 7 after questions were raised by Williams and others about his outside business dealings. He refused to testify at an investigation conducted by the Senate Rules Committee.

Williams displayed a copy of a $109,205.60 check that he said McCloskey had sent to Reynolds on Oct. 17, 1960.

★ ★ ★

He said this represented an overpayment of $35,574.32 on the amount due Reynolds as insurance broker on the performance bond McCloskey posted on the stadium contract. He referred to it variously as a "kickback" and a "payoff."

"This $35,000 additional payoff on this stadium contract was arranged for the express purpose of channeling a $25,000 political contribution into the Democratic campaign fund and to charge this $25,000 contribution as a business expense item on a government contract," Williams said.

Council Hires a Manager for Rochester

Rochester has a new village manager.

The council unanimously appointed Richard N. Don of Mount Desert, Northeast Harbor, Maine, to the post.

Don, 33, will take over his new duties Oct. 1. He is married and a graduate of Oregon State University.

Experienced in municipal government, Don was employed with the Oregon State Highway Department from 1951 to 1961. At that time he became the assistant engineer for Albany, Oregon.

Don became manager of Mount Desert early in 1963. In this capacity he was in charge of administrative duties and acted as director of urban renewal.

He is a member of the Elks and Lions Clubs.

Break Near in Auto Talks?

UAW, Chrysler Set Try to End Stalemate

DETROIT (AP)—The United Auto Workers Union and Chrysler Corp. appeared ready today to move off dead-center in their two-month-old negotiations on a new contract.

★ ★ ★

UAW President Walter P. Reuther said bargainers would meet "morning, afternoon and night" at Chrysler today for the first such lengthy endeavor to break the stalemate.

★ ★ ★

As the day before, Reuther asserted on his own, without questioning: 'If you asked me now will there be a strike, I'd say there will be a strike at 10 a.m. (EST) Sept. 9."

He hopes, as in the past, to win a new contract from one automaker and then force, under threat of strike, to win the same from others.

MARK TIME

Negotiators at gigantic General Motors, which Reuther has accused of dictating parallel economic offers of Aug. 17, and at Ford marked time while Reuther strove for agreement at Chrysler.

Reuther said UAW and Chrysler negotiators expected to spend most of today "at the big table," in national contract bargaining.

★ ★ ★

Most of Tuesday's sessions were devoted to non-economic issues, such as seniority. Reuther said a national framework had to be established regarding seniority and that local-level, at-the-plant agreements, which supplement the national contract, "worked out within this framework."

★ ★ ★

He said he thought agreement on seniority might "unlock" national-level bargaining.

REUTHER QUESTIONED

If agreement were reached on a national contract and local issues were left hanging, Reuther was asked if crippling local-level walkouts could be avoided at Chrysler.

"That," he replied, "is a problem we would have to deal with when we came to it."

Will Ranks Respect Union Label on LBJ?

WASHINGTON (AP) — President Johnson has organized labor's endorsement in his bid for a first elective term. But a question remains about how faithfully 12 million rank and file members will follow the union leaders.

The General Board of the AFL-CIO voted unanimously Tuesday to endorse Johnson for president and then trooped to the White House to give the chief executive the welcome news.

★ ★ ★

Johnson thanked the leaders for the endorsement, saying he will "carry it proudly during the campaign" and will "remember it fondly in January as we begin four more exciting years of progress."

The President said current prosperity is the result of the tested policies and not an accident or just good luck.

HARD WORK RESULT

"It is the result of hard work and cooperation of business and labor," he laid. "It is the result of the unmatched vitality of our free enterprise system — the envy of the world.

"I predict, if we continue on our course, the growth of the next four years will be the greatest in all our history. And every person in this country will benefit from expanding prosperity."

★ ★ ★

Unmentioned in these statements was the issue of the "white backlash" among union members who may be aroused by the prospect that Negro progress under the equal employment provisions of the Civil Rights Act sponsored by Johnson might threaten their jobs.

AFL-CIO President George Meany told newsmen union members would vote on the basis of their own convictions and not all would support the endorsement, but he discounted any backlash effect.

SECTION QUESTIONED

GOP nominee Barry Goldwater, who voted against the bill, called the employment section unconstitutional.

On the other hand there was some concrete evidence of the "frontlash" of Republicans deserting Goldwater which Johnson described to last week's Democratic convention in Atlantic City, N. J.

★ ★ ★

The AFL-CIO normally endorses the Democratic ticket but some individual Executive Council members usually line up with the Republicans. Three of the latter already have announced they won't do so this year.

Johnson was reported pleased about the nomination of Atty. Gen. Robert F. Kennedy for the Senate in New York. Kennedy won a Democratic convention fight to oppose GOP Sen. Kenneth B. Keating in the November election.

WILL CAMPAIGN

Although he barred Kennedy, along with other Cabinet members, from consideration for the party's vice-presidential nomination, indications are that Johnson will campaign extensively for the senatorial nominee as well as for himself in New York.

★ ★ ★

Kennedy's nomination was greeted in the Senate with the introduction by Sen. Strom Thurmond, D-S.C., of a proposed constitutional amendment to require a U.S. senator to meet the same requirements a citizen must meet to vote in his state. Nobody thought Thurmond's proposal was going anywhere.

Johnson Signs Housing Bill

'Support for Homes All Over Country'

WASHINGTON (AP) —President Johnson signed today the $1,131,800,000 bill to continue and expand various housing programs and said it would benefit all America.

Dozens of members of Congress crowded into the room for the ceremony.

★ ★ ★

Johnson said that there was a commitment to assure every American an opportunity live in a decent home and a safe and decent neighborhood.

He called the legislation "a milestone to assure that commitment."

NEW SUPPORT

He said that the bill does more than continue the present program, and "provides new support for greater success in the future."

Under it, the President said, people may rehabilitate their homes and neighborhoods instead of "moving from the path of bulldozers."

★ ★ ★

The total in the bill was nearly $700 million below what Johnson recommended. The bill omitted his proposals for aid in building satellite communities in metropolitan areas.

Horseshoes Lucky for Busy Collegian

WESTERVILLE, Ohio (AP)—Horseshoes were good luck for Frank D'Imperio when it came to earning money for college tuition, board and room, and other expenses.

Young D'Imperio, who majored in psychology at Otterbein College and is going into social work, went to classes in the morning and shoed horses in the afternoon. He learned the art after his father, a physician, bought a farm in New Jersey.

Dem Rights Foe Suffers Defeat

Lesinski Is Beaten by Rep. John Dingell

DETROIT (AP) — Rep. John Lesinski, D - Mich., the only northern Democrat who voted against the Civil Rights Bill, was rejected Tuesday in the Michigan primary by voters in a district where an expected so-called "white blacklash" did not significantly materialize.

★ ★ ★

His defeat by Rep. John Dingell in their reapportioned district shared the spotlight with an upset victory by Republican Elly Peterson, first Michigan woman ever to win a major party U. S. Senate nomination.

30,791 VOTES

Dingell polled 30,791, to 25,620 for Lesinski in unofficial returns.

Overshadowed was Republican Gov. George Romney's nearly 3-to-1 renomination margin over a more conservative GOP opponent.

★ ★ ★

Lesinski, a congressman since 1951, could roll up only a narrow margin in the well-do-do portion of the 16th District, then fell steadily behind as returns came from Detroit Negro and white suburban areas.

★ ★ ★

If Lesinski, running in what was essentially his own previous district, did pick up any lash, it wasn't nearly enough.

But meanwhile, Detroit voters approved a "home owner's rights" ordinance that seemed a reaction against open housing sought by civil rights advocates. And its leading proponent, Thomas J. Poindexter, led candidates seeking city council nominations.

School Tax Approved in Grand Rapids

GRAND RAPIDS (AP) — Voters reversed a negative stand of last April and approved Tuesday a 3-mill operating levy increase for two years for Grand Rapids public schools.

★ ★ ★

The vote was 27,717 to 21,022.

Upon learning of the victory last night, the board of education voted to:

- Increase a 10.3-mill budget by the approved 3 mills, or $1,861,815, to bring the new budget to $15,757,756.

★ ★ ★

- Restore full day sessions at all grade levels instead of the proposed half - day classes for some grades under the threatened cutbacks.

★ ★ ★

- Restore a full program of interscholastic and intramural athletics and extracurricular programs.

Only a Few Gripes on Voting—So Far

LANSING (AP)—"For such a complicated mess as this ballot was, we've had surprisingly few complaints," happily observed State Elections Director Robert Montgomery.

"But wait until later today . . . and even until Sunday. . .they will call up to say 'I hate to bother you but. . .'"

Bernie Apol, assistant state elections director, seconded Montgomery.

"We were on the telephone all day Tuesday until late at night," Apol said. "But it was mostly minor stuff. There were very few complaints in view of the fact that we were using machine and paper ballot combinations, sometimes two machines in certain precincts and sometimes all paper ballots in others."

'HEAVIEST VOTE'

Even before the primary vote count was in, Montgomery called it "the heaviest primary vote we've ever had."

"I think it was a combination," he observed, "of the emphasis on the fact this was a Sept. 1, primary, the many local issues involved and the vast number of candidates running. Even the worst losers had a few of their family friends voting for them."

★ ★ ★

Montgomery said numerous calls came into his office asking if voters could "split the ballot."

"We always had to advise them that they could not do it in a primary," he said.

STRONG COMPLAINT

The strongest complaint about voting machines, Montgomery said, was received from Sen. Stanley Rozycki, D-Detroit.

Rozycki sent a two-page telegram to protest that a voting machine in one of his precincts had a lever locked so citizens couldn't punch his name.

★ ★ ★

The senator, in his wire, called it "negligence or malpractice."

The lever immediately was fixed, Montgomery said.

TOO CLOSE

Portage Township, Houghton County, officials complained to the elections office that a candidate had a jeep with signs advertising his candidacy too near the polls. The jeep was removed.

There was a protest from Macomb County that a candidate had a sign too near the polling booth. The sheriff's department was contacted and the sign was removed.

★ ★ ★

A woman called up to ask where to vote. She was advised. She asked who to vote for, and was refused information, except to use her own good judgment.

Montgomery said he had a report from Taylor Township, Wayne County, that a man ran in, grabbed a handful of ballots and sped out the door.

RECOMMEND AGAINST

"This is about third hand," he said, "Our checker didn't see it. And, by the way, we don't recommend that as good voting practice."

MISS STATE FAIR — Miss Michigan State Fair of 1964, Cheryl Madaras, 16, of Livonia is crowned by Gov. George Romney following final judging last night at the State Fairgrounds. Cheryl won over 10 finalists from a field of 69. The new State Fair queen is 5 feet 6, weighs 120 pounds, and is auburn-haired.

Credits Victory to Hard Work

Elly Faces Sen. Hart in November Election

CHICAGO (AP) — Mrs. Elly Peterson, the first woman ever to be nominated in Michigan for a U. S. Senate seat, credited her victory over two male opponents in the Republican primary Tuesday to a "lot of hard work by a lot of volunteers."

Mrs. Peterson, former assistant chairman of the Republican National Committee, will oppose incumbent Democratic Sen. Philip Hart in the November election.

As a onetime vice-chairman of the GOP State Central Committee, Mrs. Peterson was credited with strengthening the organization from the precinct level up.

This organizational experience, plus seven-days-a-week campaigning, was credited by political observers as the chief factors in her defeat of James O'Neil, a member of the State Board of Education, and Edward Meany, a sales promotion manager for a leather goods company in Grand Haven.

BACKS TICKET

Mrs. Peterson of Charlotte has pledged support for the GOP national ticket, headed by Arizona Sen. Barry Goldwater.

"I don't necessarily agree on all items with Mr. Goldwater, just as I don't see eye-to-eye on all issues with Gov. (George) Romney," she said. "But this is a big enough party to weather differences of opinion. Our basic philosophy is the same."

Romney has declined to state flatly that he will support Goldwater.

ST. PETERSBURG, Fla. (AP) — Ray Bond, manager of a St. Petersburg drugstore, has a sure-fire way to keep friends from bumming cigarettes.

Bond found an empty Chinese cigarette package in a shipment of Easter baskets from Hong Kong. He filled the package with American cigarettes.

When someone asks him for a smoke, he offers the package. Very few accept the offer.

Fair Queen Crowned by Gov. Romney

DETROIT (AP)—Cheryl Madaras, a 16-year-old high school student from Livonia, was crowned Miss Michigan State Fair 1964 Tuesday by Gov. George Romney.

★ ★ ★

Cheryl entered the contest as "Miss Model of the Future." She won over 10 finalists.

The auburn-haired queen is 5'6", weighs 120 pounds, loves dancing, modeling, sports and is interested in a retailing career.

HOMEMAKER AWARD

Winner of the First Lady Homemaker award was Mrs. Fred Cobb of Northville. She had the highest point score in the combined canning, baking and needleworks divisions in the home arts competition.

Making the presentation was Mrs. Romney, wife of the governor.

★ ★ ★

Fair officials listed Tuesday's attendance at 72,821, bringing the total for the four days to 422,014.

Today is Old Timers Day, honoring the state's senior citizens.

Leisure Gets Judge's Okay

CLEARWATER, Fla. (AP) — A Clearwater municipal judge has struck a blow for woman suffrage.

Edmund Adolphus Gibson who moved to Clearwater recently from Barbados, came before Judge Owen Allbritton on a charge of assaulting his wife

He said he struck her when he came home from work and found that his wife had gone fishing.

"In America," ruled Judge Allbritton, "a wife doesn't have to work if she doesn't want to.

★ ★ ★

"You can't charge a wife with nonsupport in this country, although maybe you could in Barbados. She has a right to sit around and do nothing all day or go fishing if she wishes."

He gave Gibson a suspended seven-day jail term.

Health Benefits Up

NEW YORK — Health-insurance benefit payments in the United States last year averaged about $19,500,000 a day — up about $2,000,000 from 1961.

Clear Land of Tsetse in Africa

WASHINGTON — One of the world's largest reclamation efforts is under way in Africa.

More than four million square miles of fertile land are being slowly cleared of the deadly tsetse fly.

The tsetse is a parasitic insect that lives only on blood. The fly becomes a dangerous carrier of disease after it bites an infected man or animal. It then transfers trypanosomes, organisms responsible for sleeping sickness, into its next victim's bloodstream.

The species Trypanosoma Gambiense mainly causes the malady which can be fatal to man.

★ ★ ★

Vast swarms of tsetse flies have turned parts of nations throughout eastern, central and western Africa into economic wastelands, the National Geographic Society says.

BRAVE DANGER

Control programs have long been in operation, notably in Northern Rhodesia and Uganda.

At present separate reclamation programs have been undertaken by a number of other nations, with the technical assistance of the United Nations.

These include Kenya, the United Republic of Tanganyika and Zanzibar, Malawi (Nyasaland), Mozambique, Southern Rhodesia, South Africa, Nigeria and Ghana.

★ ★ ★

Because the infested areas are so large, the work is carried out in sections.

Reclamation is hot, tedious, and dangerous. It is impossible for workers to escape contact of Africans volunteer their services each year.

The General Federation of Women's Clubs represents 11 million women in 54 countries.

Suspenseful Election Forecast by Primary

By GENE SCHROEDER
Associated Press Writer

DETROIT (AP) — Michigan's political stage was set today for a fall election campaign that promises to keep voters in suspense until the last ballot is counted in November.

A heavy vote in Tuesday's primary produced a lineup of new faces for federal, state and local offices that could bring a record turnout at the general election and further upsets at the polls.

★ ★ ★

As expected, Gov. George Romney clobbered his Republican opponent, former State Sen. George Higgins, and will seek reelection to his second two-year term against Democratic Rep. Neil Staebler.

GOP voters gave Mrs. Elly Peterson the distinction of being the first woman ever to be nominated in Michigan for the U.S. Senate. She defeated two men and will attempt to unseat another, Democrat Philip Hart.

WHITE BACKLASH

The so-called white backlash against Negro militancy failed to develop sufficiently to help Rep. John Lesinski, only northern Democrat to vote against the federal Civil Rights Act, in his 16th District contest with Rep. John Dingell. Congressional redistricting threw the two incumbents into the same district.

In another race involving two congressmen, Rep. Lucien Nedzi defeated Rep. Harold Ryan in Wayne County's 14th District.

★ ★ ★

But the biggest unheaval of all took place in the legislature, first in the nation to be reapportioned under the recent "one man-one vote" ruling of the U.S. Supreme Court.

In district after district, long-time veterans in both the House and Senate went down to defeat. The wholesale removal of incumbents guaranteed a new look for the legislature when the lawmakers convene next January, even if both houses remain under GOP control.

CLOSE RACE

Statistically speaking, the Romney-Staebler race shapes up as a close one.

In the 1962 primary against then-Gov. John Swainson, Romney polled 58 per cent of the total vote cast for governor and went on to win in November with slightly more than 51 per cent. His plurality was 80,000 out of 2.7 million votes.

In yesterday's primary, Romney won about 50 per cent of the vote. Combined with the Higgins total, the GOP share was about 57 per cent.

But Staebler is known as a fast-finish stretch runner.

OVERTOOK FOE

In 1962, he trailed behind the Republican candidate for Congressman-at-large with only 46 per cent of the primary vote. By the time the November payoff rolled around, though, he had overtaken his opponent and wound up with about 51 per cent of the vote.

Tuesday's totals also gave Staebler a higher vote than that chalked up by Sen. Hart.

Political observers believed Hart's total was lower because (1) Staebler has been campaigning longer and harder, and (2) there may have been some political backlash aimed at Hart for his proposal to make a portion of Sleeping Bear Dunes a national park area.

One unknown factor in the campaign is the role to be played by the all-Negro "Freedom Now" party, a newly formed organization which will put up its own slate of candidates for several state offices, including governor.

NEGRO VOTE

Any siphoning off of the Negro vote is expected to hurt the Democrats, who traditionally win an overwhelming majority in predominantly colored precincts.

Major issue in the governor's race probably will be the question of who should receive the lion's share of credit for Michigan's relative prosperity.

★ ★ ★

Republicans contend that the Romney administration is mainly responsible for bringing the state out of the red and into a position where it can boast of a surplus in the treasury.

Democrats say Michigan's financial picture is improved because of national prosperity brought about by the Kennedy-Johnson administration.

What effect Romney's coolness toward GOP presidential candidate Barry Goldwater will have remains to be seen. But sources close to the governor say he expects to gain more than lose by his stand, and predict that he will lead Goldwater by more than 50,000.

Alt and his three passengers, two of them children, climbed out of the slightly damaged aircraft unhurt.

Rocky Joins Wife Today at Hearing

WHITE PLAINS, N.Y. (AP) — Gov. Nelson A. Rockefeller accompanies his wife to a closed-door hearing today in which she seeks to regain custody of her four children by her first marriage.

Dr. James S. Murphy, who was remarried in June to Victoria Thompson, is opposing the petition by Margaretta (Happy) Rockefeller.

The children, James 13; Margaretta, 11; Carol, 8, and Melinda, 4, were not expected to testify before State Supreme Court Justice Joseph F. Gagliardi. The judge, however, may call the two oldest children for private talks in his chambers.

Mrs. Rockefeller and Murphy are expected to testify. There is a possibility the governor also may be called.

GAVE UP

Mrs. Rockefeller's recent petition to the court disclosed for the first time that she gave up the children when she divorced Murphy in Idaho a year ago. She retained liberal visiting rights. She married the governor a month after her divorce.

The divorce won by Rockefeller's first wife, the former Mary Todhunter Clark, and his remarriage have been cited by political observers as damaging his chances of winning the Republican presidential nomination he sought this year.

* * *

After Mrs. Rockefeller filed the petition to regain custody last month, Murphy asked that it be dismissed and also that she return the youngest child to his custody forthwith. The other three children are believed to be with the Murphy family.

Justice Gagliardi refused Murphy's request, saying he could not "overlook the allegations to the effect that the personality and even the health of one or more of the infants are being adversely affected."

CHANGE SOUGHT

Murphy's remarriage is believed to have moved Mrs. Rockefeller to seek a change in the custody agreement.

Mrs. Rockefeller gave birth to a son, Nelson A. Rockefeller Jr., on May 30, just prior to the California primary, which Rockefeller lost to Sen. Barry Goldwater.

Three-fourths of national funds allocated for research and development last year went to industries, 12 per cent to educational institutions and nonprofit organizations, and 14 per cent to federal government agencies.

I have traveled in many cities and children of high school age have far too much freedom now. They confuse freedom with discipline or lack of it.

Comments on Pressmen's Wage Scale

Why are the wages of the Detroit pressmen compared only with a smaller weekly pay? Why not show the scale in smaller newspapers in Detroit or those in Flint or comparable skilled tradesmen? The pressmen employed at small shops in Detroit have a higher weekly base pay, plus a fully paid insurance, plus time and one-half for any Saturday. The public has a right to know. People must realize these facts presented are not all the facts.

Dislikes Press Editorial on R. Kennedy

I write concerning your dirty editorial referring to Bobbie Kennedy's nomination for the U.S. Senate from New York. This is the voting laws of New York and not for Republican political editors to concern themselves with, especially when the Michigan Republicans have taken away the voting rights of Michigan residents. They stop President Johnson and gain votes that Romney, our beloved Governor, has lost. I speak of the Massachusetts Ballot.

★ ★ ★

This Michigan Republican Gerrymandering stops the people (Democrats) from voting for the man. Our legislature has deprived us of the true meaning of our U.S. Constitution. If you are so concerned about the people get out and urge people to vote down the Massachusetts Romney Ballot.

★ ★ ★

You say Kennedy does live in New York, but Jim Dickerson, Republican candidate for Congress, 19th Congressional District, does not live in the district he runs for. Voters should save their own voting rights by casting a "no" vote for the Massachusetts ballot referendum.

WILLIAM F. HEATON

(Editor's Note: Mr. Heaton must be confused. The current Gerrymandering lines were completely drawn by the Democrats.)

Drop In, Neighbors; Welcome Is Warm

CANTON, Okla. (AP) — Farmer John Paulson is real neighborly.

Paulson cut his fence, built a road and invited everyone to take a gander at a fire.

Paulson lives close to an oil well which has been burning out of control since Aug. 14. It's expected to burn for at least a month longer.

★ ★ ★

About 450 cars an hour jammed the area Sunday to see the fire.

"That's about how many I counted, anyway," Paulson said.

Asked what he charged visitors, he said, "Nothing, that wouldn't be neighborly."

Plans Mansion for Pigs but Law Intervenes

STAFFORD, England (UPI) — Arthur Littlehales, 19, was fined $14 yesterday for stealing a house. Littlehales said he took the empty prefabricated house apart and carried it away on a truck to build a pigsty.

New Try Set at Solving U.N. Finance Woes

UNITED NATIONS (UPI) — The 21-nation finance committee of the U.N. will meet early this month for a fresh try at resolving the financial crisis threatening the very base of the world organization.

The committee, under the chairmanship of Chief S. O. Adebo, Nigeria's chief delegate here, will convene to discuss the Soviet Union's refusal to pay its U.N. dues.

The Russians owe a total of $54,768,188.30, of which $52,823,137 is payment for the Congo and Middle Eastern peace keeping operations.

The Soviets have made it clear in recent talks with Secretary General Thant, both in Moscow and here, that they are not going to pay a kopek for the two peace-keeping operations, which they regard as illegal.

The U.S. has made it equally clear, both here and in Washington, that if the Soviets do not pay up they must be deprived of their vote in the General Assembly, under Article 19 of the U.N. charter, which provides that a nation more than two years in arrears in its contributions not be permitted to continue in voting membership.

A resolution underlining the U.S. position on this issue recently got overwhelming support in Congress. But Thant reported, on his return from a trip to Moscow in July, he had been unable to budge Soviet Premier Nikita Khrushchev from his determination not to pay a cent for the Congo and Middle Eastern operations.

The Soviets are already more than two years in arrears in their U.N. payments by virtue of their nonpayment of the Congo and Middle Eastern assessments.

They also owe more than two years money on behalf of Byelorussia and the Ukraine, which count as separate countries under the terms of the 1945 agreement setting up the U.N.

FACE VOTE LOSS

At least 17 other countries also face the loss of their General Assembly vote when the session convenes Nov. 10. But the Soviets are the key figures in the dispute now under way.

Thant said on his return from Moscow he had failed to persuade Soviet Premier Nikita Khrushchev to budge.

He said the finance committee should meet as soon as possible to find some way of heading off the crisis before the assembly opens, but that if it fails he himself will have to put forward some proposals.

'Get Your Plymouth, Valiant, Moskvitch'

COPENHAGEN, Denmark (AP) — The electric sign in front of a Copenhagen auto dealer's showroom proclaims: "Plymouth . . . Valiant . . . Moskvitch."

Depending on his pocketbook, the Dane can take his choice of these and many other makes.

★ ★ ★

Soviet cars such as the Moskvitch aren't exactly flooding the market, but they are making a dent. About 45 a month are sold, in contrast to 1,000 Volkswagens from West Germany.

1,500 CARS

Nordisk Diesel, the importers, estimate that more than 1,500 Moskvitches and Volgas have gone onto Danish roads since imports started in 1961.

Sven Heitmann is the most successful of 10 Copenhagen showrooms with Russian cars. He sold more than 150 last year, and says sales are going up.

★ ★ ★

"Most of the Soviet cars I sell are bought by people who heard the cars recommended by other people," he says.

Danish sales taxes are high, bringing the price of a Moskvitch to about $1,700. The Volga de luxe sells about $2,800. A volkswagen is around $2,200.

The Moskvitch can squeeze in four persons while the Volga has room for five.

Few other family cars of this type can be bought at similar prices. American cars are much more expensive, many being in the $5,000-7,000 range. About 1,000 U.S. passenger cars are imported every year.

★ ★ ★

Dealers believe that more Soviet cars would be sold in this country if the body designs were more up to date. As of now they seem fashioned after older models of the West German Opel.

More important is a political barrier.

HESITATE

"Businessmen especially hesitate to be seen driving a Communist car," says Heitmann.

What attracts buyers apparently is low price and solidity. The cars are built for bad Russian roads and the Soviet makers say the steel bodies are designed to withstand below-zero temperatures. Danish experts speak favorably of the body steel.

★ ★ ★

A Danish newspaperman who has driven a Moskvitch two years declares: "They are about the solidest things since the Model T Ford."

Nobody here wants to estimate the life expectancy of a Soviet car. After three years of imports a complete engine overhaul of a Soviet car has yet to be undertaken, the dealers say. The used car price is considered satisfactory and spare parts offer no problems.

"There are no strings attached to selling Soviet cars," Heitmann says.

Most automobile makers put dealers under certain regulations and sales pressure, but the Soviets seem to take a more relaxed attitude.

★ ★ ★

There is no demand that a dealer give priority to Soviet cars in sales promotion. There are no demands that a dealer qualify for continued deliveries by selling a certain number of cars.

Most of the Soviet cars come here as part payment for Soviet imports of Danish freighters built by the big Burmeister and Wain shipyards, of which Nordisk diesel is a subsidiary.

There is virtually no advertising of them by the dealers.

Opening lead—♣J

By OSWALD JACOBY

Today's hand started out as an exercise in bidding. There are any number of ways for North and South to arrive at six no-trump, but it is quite easy if North is allowed to bid four no-trump as a no-trump raise and not as a demand to show aces.

JACOBY

The six no-trump contract is a good one. It would have been a cinch had the spade finesse worked, but in spite of the tough luck in the spade suit South was able to make the hand by means of a double squeeze.

He won the club opening in his hand and promptly led the jack of spades for a finesse. East took his queen and led a second club.

South won in dummy and ran the spades, discarding two diamonds and a heart from his own hand. Then he cashed his two high diamonds and high club.

This produced a three card ending. Dummy held ace-king-nine of hearts and declarer held one low card each in hearts, diamonds and clubs.

West had to hang on to a high club and East to a high diamond so neither one could keep three hearts, thus dummy's hearts were all good.

Of course, the slam could have been beaten had West been clairvoyant enough to open a heart and East had returned the suit when he got in with the queen of spades, but such leads rarely occur at the table.

Moderate Trade After Rally

Steels, Motors Lead Advance

NEW YORK (AP) — Steels, motors and selected issues paced the stock market to a further advance today. Trading was moderately active.

On the heels of Tuesday's surprising rally, key stocks posted fractional gains. A few more volatile issues rose a point or better.

Chrysler and General Motors again made historic highs as the United Auto Workers and bargainers for Chrysler appeared ready to move off dead center in their negotiations for a new labor contract.

Gains by Chrysler and GM, however, were fractional. Similar advances were made by Jones & Laughlin, Republic Steel and others in that group.

Tuesday the Associated Press average of 60 stocks rose 2.1 to 316.3.

Prices were narrowly mixed on the American Stock Exchange. Gainers included Giannini Controls, Pyle National and Republic Industries.

Shoe Business in City Sold

Former Owner Will Move to California

Diem's Shoe Store, 87 N. Saginaw, has been sold after 26 years under one ownership.

Irving Diem, 62, announced today that Harry Dento of Detroit would take over his shoe store in about 10 days.

Diem started his business here as a leased shoe department at Sam's Cut-rate in 1938. Prior to that he owned a store in Detroit.

He first entered the shoe business in 1920 in Youngstown, Ohio.

Diem plans to go to Hayward, Calif., where he will open a store exclusively for juvenile shoes. His new business will be located in a large shopping center.

WEST VACATION

A vacation in the western part of the United States will come ahead of the new store opening.

Diem, who is married and has two grown children, has operated his Pontiac business in locations at Saginaw and Mount Clemens and 12 W. Huron.

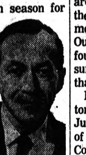
On Autumn Production

Industry Boost Is Early

By SAM DAWSON
AP Business News Analyst

NEW YORK—Industry is shifting into higher gear a bit earlier than usual.

Labor Day is the unofficial start of the autumn season for many companies and the beginning of the production year for some industries. But industry as a whole is picking up momentum now without waiting for the end of the vacation season and the start of the back-to-work and back-to-school period. Here's the picture:



DAWSON

- Steel output last month set a record for any August
- Factory orders have hit a new high after two-month slowdown
- Manufacturers sales have climbed to a record high
- Factory inventories have edged up only slight, meaning that most of the production gains have been passed along at a reassuring pace in shipments to consumers.

Right after Labor Day will come the showdown in the auto labor talks—an uncertainty that many industries must reckon with. A strike, especially a prolonged one, could upset a lot of business planned.

But another uncertainty is counted upon to spur production in late autumn. That is the possibility, however remote now, of a steel strike next May. As a hedge, many steel customers will be tempted to order ahead and build up their stocks. With output already climbing, steelmen are more than usually confident as September starts. And the fast pace of steel production now could make users start stockpiling earlier than in past steel labor contract negotiation years.

STEEL PRODUCTION

August steel production at around 10.5 million tons topped the previous record for the month of 9.6 million tons in 1955. Output has been climbing for four straight weeks after a summer dip that was shallower than usual.

New orders received by factories had slipped in May and June after setting a record high of $38.2 billion in April. The Commerce Department reports they rebounded in July to hit a new high of $39.4 billion. This carried the backlog of unfilled orders to $54.2 billion, with the July advance concentrated in durable goods. Aerospace industries were the star performers.

* * *

Factory shipments climbed 3 per cent in July to a record $37.9 billion. The biggest gains were in primary metals, fabricated metals and electrical products.

When output is rising to new highs, a close watch is kept on inventories. If they start to bulge, it can spell trouble in the future, because customers might start to living off their stocks and stop ordering. But the department reports that the rise in July was a modest $45 million, bringing the total to $60.4 billion. This is regarded as nicely in line with sales and flashing no warning signals as yet.

IMPORTS RISE

Prospering U.S. industry and the increasing total of personal incomes are credited with fostering the rise in another statistic that both business and government is watching.

Imports rose 6 per cent in July to bring the increase so far this year 8 per cent above the same period of 1963. In the first seven months of 1964 imports were running at seasonally adjusted annual rate of $18.1 billion, compared with $16.8 billion in the same 1963 period.

U.S. exports still top imports by a comfortable margin, but a big gap is needed to offset the outflow of dollars for other private and government international dealings.

Successful Investing

By ROGER E. SPEAR

(Q) "We have a number of stocks which you often mention favorably. We are concerned about two; namely, Klein's Department Stores, and Burroughs, which we bought at much higher prices. Do you think we should buy more of each to average down our cost?" R. S.

(A) I have often said here that averaging down should be done only when there are good prospects for a turnaround in earnings and price.

Klein has been undergoing a big expansion and modernization program, the costs of which in recent years have penalized earnings. These expenses are now diminishing and I believe Klein will show a very sharp rise in net in the current fiscal year. I think you might do well to average down in Klein.

Burroughs is in a somewhat different situation. They have a new computer which is said to be very good technically. The computer competition, however, is getting pretty rough, with some price cutting already announced. I would retain but not add to Burroughs holdings.

* * *

(Q) "I am in the 38 per cent income bracket. Since I am 65 with no dependents, I have converted some common stocks to municipals and am thinking of a further switch from savings accounts into tax-exempts. What would be a proper ratio between municipals, common stocks and savings accounts?" M. B.

(A) There is no fixed ratio. It depends entirely on your age, your need for income and your income bracket. You are at or near retirement, I presume, and in your bracket taxable equivalent yields on municipals are relatively high.

For example, Seattle, Washington, Light & Power Revenue 3.40's, now available at 100, would give you a taxable equivalent yield of 5.48 per cent. I believe that 30 per cent in good stocks — for growth and as an inflation hedge — 50 per cent in municipals and 20 per cent as a savings reserve would be a suitable ratio in your situation.

Mr. Spear cannot answer all mail personally but will answer all questions possible in his column.

Backing May Stir Resentment

Viet Caretaker Government Needs U.S.

(Editor's Note—This is another in a series of reports on the Viet Nam situation written by Newspaper Enterprise Association analyst Col. Ray Cromley.)

By RAY CROMLEY

WASHINGTON (NEA) — The new caretaker government of South Viet Nam will be hard put to hold together for the two months it's scheduled to exist — unless it has liberal shots of U.S. bolstering.

Such strong U.S. backing, in turn, may stir up more under-the-surface resentment against the United States.

Dr. Nguyen Xuen Oanh, the Harvard-educated temporary premier, has no political base in South Viet Nam.

He has lived most of his adult life in the United States. He returned to Viet Nam a year ago after being away 18 years out of the past 20.

'THE AMERICAN'

Political and military Vietnamese I talked to in Saigon recently called him "The American."

Though he's an able economic technician, they said, he has little knowledge of Viet Nam or of political administration.

These Vietnamese felt that he had been made deputy premier for economics (his post until recently) because of his American connections. But Oanh's "Americanism" is the least of the problems the ruling military triumvirate faces.

The Revolutionary Military Council appointed former Chief of State Maj. Gen. Duong Van Minh, "President" Maj. Gen. Nguyen Khanh and Defense Minister Lt. Gen. Tran Thien Khiem a three-man group to run the country, with Khanh as nominal head.

TWO MONTHS

They are to act for two months until a National Assembly selects a president. Presumably the triumvirate will pick the National Assembly or decide how it is to be chosen.

The three generals who compose the ruling triumvirate have been maneuvering against each other for months.

A high Vietnamese official in Saigon told me that Khanh and Minh are not exactly friends. Other officials echoed this statement.

Khiem, third member of the triumvirate, has been at work for some time putting his men in strategic government positions.

REPORT REGULARLY

Key officials in the major ministries have been reporting to Khiem regularly as well as to their own ministers.

During the past months, Khiem has on various occasions countermanded Khanh's military, political and foreign policy orders, both when Khanh was prime minister and after he became president.

Khiem has seen to it that men loyal to Minh and to Khanh have been gradually shifted from positions of power to places where they would wield less influence in a crisis.

One example is an outstanding general close to Khanh.

KEY MAN

He was a key man in the Revolutionary Military Council and head of South Viet Nam internal security. Recently, though his abilities are badly needed in Viet Nam, he was appointed ambassador to the Chinese Nationalist government in Formosa.

Government officials I talked to called it "exile" aimed at getting him out of the way.

The strong man of the military triumvirate is undoubtedly Khiem.

* * *

Americans who know him say he has brains, ambition and an ability for showmanship.

LIKED, DISLIKED

Americans and Vietnamese I've talked to either liked him strongly or disliked him fervently.

Minh, a big (6 feet tall), genial, likeable, war hero, takes life easy. Khanh says of him, "All he likes to do is play tennis."
