St. Lawrence Seaway Gets Final Approval

Brownell Bars Documents

Rules Both FBI, McCarthy Data Is Confidential

Says General Release of Material Was Never OK'd by Hoover

WASHINGTON (AP) — Atty. Gen. Brownell ruled today that neither an FBI report on security risks at Ft. Monmouth, N. J., nor a document from Sen. McCarthy should be made public. He said the senator's paper made "unauthorized use" of secret material in the FBI report.

Both documents have been subjects of bitter controversy at hearings by the Senate subcommittee investigating the Army-McCarthy dow. Brownell made his ruling in a letter to Chairman Mundt (R-SD).

Brownell said both documents contain confidential information and it would be "contrary to the public interest" to make them public.

He added that a check with the FBI shows the FBI never authorized the release of any of the information, except to two generals who received the original FBI memorandum on Jan. 26, 1951.

Brownell's letter was read at the close of a stormy forenoon session of the subcommittee during which McCarthy once cried "perjury" at Secretary Stevens and Democratic senators called for prosecutions as a result of what one of them called McCarthy's "fraudulent letter."

The attorney general said it is important to the FBI's "vital work" that the agency be free to exchange information with other government departments without fear that classified information would be made public.

Publication of the documents, Brownell said, would reveal "confidential sources of the FBI" and confidential investigating techniques, and would be "harmful" to matters still under consideration.

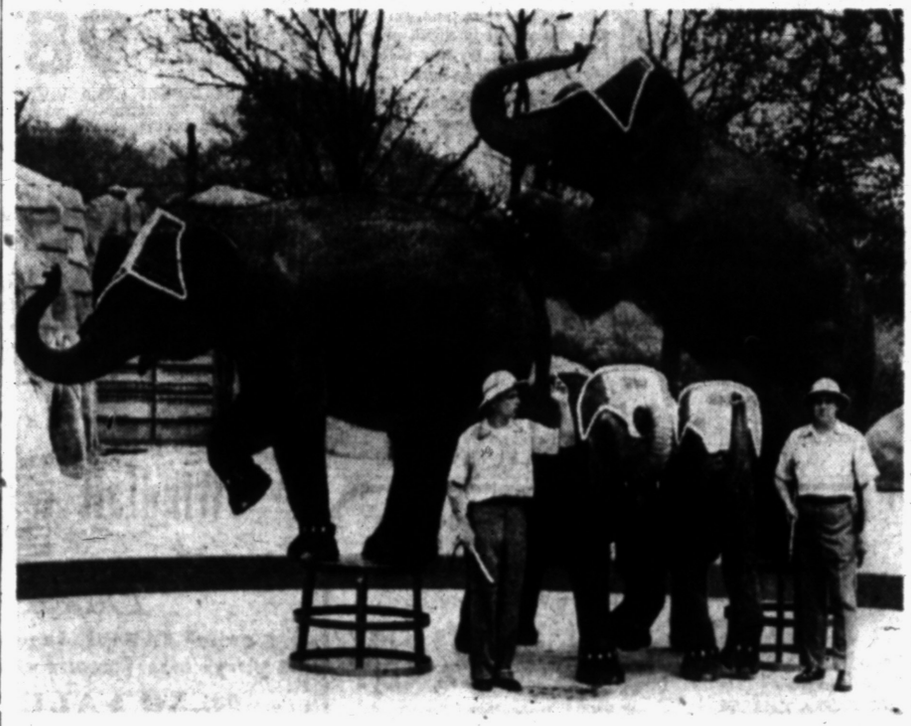

A wrangling two hours preceded the reading of Brownell's letter.

In some of the highspots:

The McCarthy camp charged that some members of the Army's loyalty board had record of "Communist front activities and consistently voted to clear Communists." Roy M. Cohn, chief counsel for McCarthy, made the

Elephants Herald Opening of Zoo

Pontiac Press Photo

WITH BELLS ON THEIR TOES — These four lady elephants, posing with their trainers, are a part of a fast-moving musical revue at today's opening of the Detroit zoo in Royal Oak. Standing high (left to right) are Mary and Mona, troupers for the second year. Ruth and Susie, standing under the bridge-like formation, are newcomers. Susie is the cute one standing next to assistant trainer, Bob Walker, right. Commanding the elephants in position is Chief Trainer Steve Leko.

Young Chimp No Chump: He Steals Show at Zoo

By JOSEPH K. SFAIR

A prodigious chimp who's never been to acting school stole the show in the Jo Mendi Theater Tuesday during the press preview of the Detroit Zoo, which opened to the public today.

Four-year-old Julius, who joined the veteran show group for the first time this year, is destined to be the clown prince of the stage, trainers agree.

Cast with a deadpan expression, Julius took to the stage, posing in every manner for the photographers. He threw kisses to the women and stood on his head. At one time when he curled his lips and tried to support his act with a song, someone yelled:

"Sing to me Julius."

But other members of the troupe who usually take their lead from Rosie, the grandmother who gives

(Other pictures on page 17.)

the chimpanzees technical stage advise, were overcome with actors' jealousy.

But none could restrain Julius, the smallest of the troupe, from the starring role.

In the short time Julius has been at the zoo, he has learned to do all the tricks Mike, Bobo, Mary, and Tommy have been doing for several years, according to Dr. William K. Applehof, zoo veterinarian.

Ordinarily the chimps have to attend a special school at Belle Isle and then are graduated after becoming skillful enough to entertain visitors at the theater.

Julius was brought here four

Cost of Dog Licenses to Increase on May 16

Only nine days remain for Pontiac dog owners to buy 1954 licenses for their pets before the price is increased from $2 to $3 on May 16, according to City Clerk Ada R. Evans.

Some 1,972 new licenses have been purchased at the clerk's office. About 3,800 were sold in 1953.

Friends Go to Parents' Aid

Classmates of Keel Boys Mark Period for Memory

Stunned by the news of yesterday's tragic fire, classmates of the three Keel brothers observed a period of silence in their memory today.

The boys, Norman, 14; Douglas, 12; and Kenneth, 10; perished in a fire that destroyed their frame house at 2943 Auburn Rd.

Their parents, Jesse Keel, 43, and Jean, 48, were burned seriously in an attempt to rescue the lads.

Both are reported in fair condition today at Pontiac General Hospital with first and second degree burns.

They are unaware that their friends and neighbors will gather at 8 p.m. today in the Avondale Community Building to plan a campaign to find them suitable housing.

"There were so many persons wishing to help," said Monroe Frederick, Avondale Community Forum president, "that we decided to call the meeting and name a co-ordinating committee."

Douglas and Kenneth attended Elmwood School, while Norman was in the 7th grade at Avondale Junior High School.

Mrs. Eva Yarger, junior high principal, and George Shackelford, Elmwood principal, said studies were stopped briefly this morning in honor of the brothers.

All three were described as good students and likeable children.

Douglas was an above average student and a good boy, said Mrs. Wave Moulis, the youth's 5th grade teacher. She said he was extremely sensitive and became violently ill two weeks ago when he saw a girl struck by a car.

Kenneth, a grade lower than Doug, just "loved everyone," said

Ike Signs Aid for Roads Bill

Michigan Will Receive $29,936,000 to Assist Highway Building

WASHINGTON (AP)—President Eisenhower today signed a record size highway aid bill and expressed the hope that road construction can be stepped up to an even more rapid pace.

With a congressional delegation looking on at a White House ceremony, the President put his name to a measure authorizing 966 million dollars in federal aid for highway building in each of two years. The money will be used to assist the states in the construction.

Michigan's share was an estimated $29,936,000. The program will start July 1, 1955.

Eisenhower used seven pens to sign the bill. He finished signing his name with the sixth and said with a grin:

"By golly, that's about all the pens I can use unless I use one for a period." And he did.

Then turning to the members of Congress grouped around his desk, the President laughed and said:

"Now we've got a highway bill. Now if you fellows will get that other bill for me today, The St. Lawrence Seaway, we will be improving our transportation."

That remark was directed to the House members present. The Senate already has passed a bill authorizing United States participation in construction of the seaway project. The measure is up in the House.

U.S. Surplus Butter on Sale at Cut Price

WASHINGTON (INS) — The Agriculture Department offered its 360 million pounds of surplus butter for sale today at competitive world prices, marking a major change in government policy.

The action means that butter will be sold abroad at prices drastically below those charged American housewives.

It is possible that prices charged for export sales of butter will be as much as 20 cents per pound below those previously charged by the government. Until now, the department has prohibited export sales of butter below the domestic price, which was 60.5 cents in April.

4-Minute Mile Run in England

Oxford Medical Student Shatters World Record With 3:59.4

OXFORD, England (AP) — Roger Bannister was clocked in 3 minutes 59.4 seconds today to achieve track athleticdom's greatest goal—the 4-minute-mile.

Running on his familiar Oxford track, he bettered the listed world record of 4:01.4 set by Sweden's Gunder Haegg in 1945.

On the way to his fantastic clocking he equalled unofficially the 1,500-meter record of 3:43.

Conditions for the race today were unfavorable.

A mighty roar went up from the small gathering when it was announced the 25-year-old athlete, who gets his medical degree in a few months, had shattered the barrier that for many years had been deemed unbreakable.

He was given hot competition by another former Oxford youth, Chris Chatterway, and English steeplechaser Chris Brasher in the race which was part of a dual meet between the British Amateur Athletic Assn. and Oxford University.

Bannister was completely exhausted when he finished his monumental effort. But he soon managed to regain his breath and when he heard of his amazing time, he quickly braced up, rushed over and embraced Chatterway and Brasher.

For a mark such as this to be accepted as the world record, approval must be given by the International Athletic Federation. All aspects of the race will need to be reviewed—the number and the accuracy of the watches used for timing, together with surveyors' reports on the length of the track used.

The fact a wind was blowing probably will not affect the timing, since on a quarter-mile oval shaped track such as was used here any wind would hinder rather than help a runner.

The "4-minute-mile" has long been the dream of all distance runners. Many have come within a few seconds of it.

Bannister is one of Britain's outstanding athletes, and has made several appearances in the United States. In the last Olympic games at Helsinki he was a disappointment, finishing fourth in the 1,500 meters.

School Tax Hike on 10-Year Plan Asked by Board

Increase in Students Will Require Greatly Expanded Facilities

Pontiac Board of Education will ask voters June 14 to raise school taxes 6.25 mills for the next three years and 8.75 for the following seven.

The board's decision came Wednesday night after a last look at what the number of children in school, state aid income and other income are likely to be for the coming 10 years.

The proposed tax program would aim for two goals:

1. To build roughly $9,000,000 worth of new schools — including a 48-room high school, 48 new junior high classrooms, 115 grade school classrooms and 10 multi-purpose rooms, or small gymnasium-auditoriums.

2. To keep the school system out of debt on day-to-day operating costs. The school system will be $685,000 in debt by July '55 as state aid funds aren't increasing with the rising costs of educating each child.

"We have come to the end of the road under our present school millage," Glenn H. Griffin, board president, said today. "Exhaustive studies show that we must prepare for an additional 6,000 students in the next 10 years here in Pontiac.

"In June," he said, "the board is going to ask the citizens to do what every other community has done in the state—to grant additional millage for operating and a stepped-up building program.

"We can and must meet this most vital challenge. The additional assistance we're asking for is only meeting minimum needs."

School men say that if the program fails, the Pontiac schools would have to go on half day sessions to run within their income. They estimate the new tax, if approved, would raise on an average slightly more than a million and a half dollars a year over the next 10 years to pay for new buildings and increased operating costs.

Actually, the net tax raise for local taxpayers wouldn't be much more than 4 mills ($4 on each $1,000 worth of property as valued by the county) than they are paying now.

Thus, a person with a home assessed at about $3,000 would pay $12 to $14 more a year.

Here's why:

Pontiac's school taxes now stand at 14.20 mills, or $14.20 per $1,000 worth of property. This total includes the regular tax rate of 9.70 mills, plus two mills for debt, plus 2.5 for new buildings.

Starting next year, there are no payments for old debt — that drops the total tax to 12.20. That's when

Laniel Given Confidence Vote

Support Permits Him to Set Date for Debate on Indochina

PARIS (AP) — Premier Joseph Laniel won a vote of confidence from the National Assembly today. The unofficial tally was 302 to 260.

The vote gives him the right to set a date for parliamentary debate on Indochina. It will probably be after the Geneva conference is over. His opponents wanted a debate sooner, preferably on May 14.

If he had lost, Laniel and his whole cabinet would have had to resign, on the eve of the discussions on Indochina at Geneva.

Laniel spoke briefly in the jammed Assembly auditorium in behalf of his demand for the authority to set a date for the Assembly's debate on Indochina as he saw fit in relation to the Geneva conference.

Many deputies had wanted to set the debate for May 14. This would mean the Assembly would be wrangling over Indochina while Foreign Minister Georges Bidault was trying to carry out delicate negotiations in Geneva with the Communist-led Vietminh and others.

Census Takers to Begin Canvass of School District

Forty census takers met at Pontiac Public School offices Wednesday and today for a final briefing before starting the annual school census Monday.

Paul C. Allison, the school system's child accounting director, said census takers will try to ring every doorbell in the school district by June 1. All young people from birth through 19 years of age will be counted — regardless of whether they attend local schools.

"We hope all parents will be ready with their children's full names, birth dates, and other data," Allison said. "These school census figures are most important. We use them to plan for new schools, order books and equipment, and estimate the number of teachers we'll need in the next few years."

Last years census showed about 30,000 youngsters in the school district, Allison said.

U.S. Bombers Blast Vietminh

French-Flown Planes Rip Big Holes in Lines Held by Rebels

HANOI, Indochina (AP) — U.S.-supplied Privateer bombers dropped tons of fragmentation bombs on Vietminh troops crushing in today on Dien Bien Phu. Dive bombers and fighters from an aircraft carrier in the Gulf of Tonkin joined in a massive air assault on the rebel lines.

A French army spokesman said the fragmentation bombs—which burst into thousands of splinters—tore big gaps in the Communist-led Vietminh ranks. The Vietminh had regrouped and bolstered their attack positions earlier today but gave no indication when they might unleash their next massive assault.

The Privateers, each carrying four 500-pound bombs, roared over freshly dug Vietminh trenches to drop their deadly load. Other bombers from the carrier Bois Belleau—the former American warship Belleau Wood—concentrated on Vietminh artillery and antiaircraft positions.

The French spokesman said there was no important land fighting during the day.

Mayor Repays Officials' Visit, Sees Springfield

Pontiac Mayor William W. Donaldson is in Springfield today returning a visit made to Pontiac Wednesday by Springfield Mayor Lewis Parrott and Springfield City Manager Willard Norris.

The exchange of mayors was arranged as part of the statewide observance of Michigan Week.

Parrott and Norris were accompanied on the tour of Pontiac by Donaldson and Pontiac City Manager Walter K. Willman.

In the morning the four viewed the new city hall, the municipal golf course, the Lakeside Homes housing project and the land at E. Pike and Parke Sts. where the city is developing a parking lot.

After lunch the group toured a local industry and the sewage disposal plant.

Parrott said Pontiac has "the makings of a fine community center in the new city hall and the land around it. I think Pontiac is doing remarkably well in building such a large and well-equipped city hall for only a little over a million dollars."

Parrott said that he thought he had picked up "some ideas on

(Picture on page 41.)

how to save a few tax dollars" in his talks with city officials here.

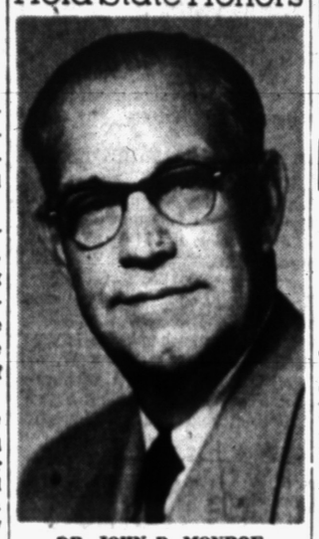

The Springfield mayor said his city, located on the southwest outskirts of Battle Creek, was incorporated in December 1952. It is an industrial town, he explained, of over 3,000 population.

Activities planned today for Donaldson include a tour of Ft. Custer located adjacent to Springfield and an inspection of an area near the city proposed as a site for the planned Air Force Academy, Parrott said.

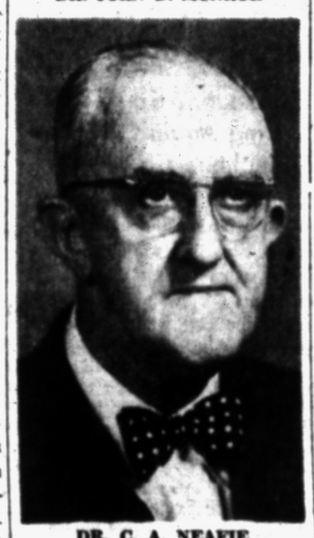

Syria to Try Ex-leader

DAMASCUS, Syria (AP)—Syrian Minister of Justice Tathalla Saqaal told parliament last night former President Adib Shishekly will be tried by a special military court on charges of usurping power and violating the Syrian constitution.

Hold State Honors

DR. JOHN D. MONROE

DR. C. A. NEAFIE

Michigan Health Officers Assn. Thursday elected Dr. John D. Monroe, director of Oakland County health Department, as new president. Dr. Charles A. Neafie, deputy county health director, was re-named treasurer. Other officers named at the association's meeting at Hotel Statler, Detroit, were Dr. A. B. Michell of Allegan, vice president and Dr. Ralph TenHave, Grand Haven, secretary.

Cooler Weather to Stay Awhile

But Weatherman Says Normal Temperature Is Due by Sunday

Below-normal temperatures that have gripped Pontiac for the past three days are expected to hang on until Sunday.

W. W. Oak, chief meteorologist for the U.S. Weather Bureau in Detroit, said a warming trend has started and temperatures should reach normal May readings Sunday.

He said normal daily highs for this time of year are in the mid-60s.

But until Sunday, more cold weather is forecast.

The bureau forecasts a low of from 36 to 38 degrees tonight and a high of from 48 to 52 Friday.

A low of 34 degrees was recorded shortly after midnight last night in downtown Pontiac. By 2 p.m. today the mercury reached 51 degrees.

Yesterday's temperature ranged from 34 to 44 degrees.

No Game Again

The game between the Detroit Tigers and the Boston Red Sox at Boston has been postponed for the third straight day because of rain.

House Passes Measure Today by 241-158 Vote

Bill Is Sent Back to Senate; Public Finance Plan Is Rejected

WASHINGTON (AP) — The House today approved St. Lawrence Seaway legislation, thus ending a 20-year fight to authorize United States participation with Canada in building the international project.

The roll call vote was 241 to 158.

Immediately prior to passage the House defeated a motion to send the bill back to committee.

In speeding the bill to passage the House refused to accept an amendment by Rep. Brownson (R-Ind) to change the financing provisions of the bill.

As finally accepted, the measure provides that 105 million dollars in revenue bonds to supply the funds for construction of the United States share of the 27-foot deep waterway will be sold to the treasury.

Brownson's proposal that the bonds be sold to the public was defeated by a standing vote of 173-79. Under the Brownson plan the bonds would not have been guaranteed by the government.

The bill goes back to the Senate for conference in minor amendments voted by the house. The Senate passed the bill in January by a substantial margin.

The administration opposed the Brownson amendment.

Rep. Dondero (R-Mich), floor manager for the pro-Seaway forces, told the House that the Brownson amendment would "defeat the whole project."

And, Dondero said, under a private financing arrangement the interest rate would be higher than that charged by the government.

Brownson argued that acceptance of the amendment would prevent "any pressure on the national debt." He asserted it would not cause any delay in raising funds.

The House, without debate, accepted an amendment by Reps. Keating and Ostertag, New York Republicans, to guarantee protection for owners of shore property on Lake Ontario against any high water damage caused by the Seaway.

Rejection of the Brownson proposal moved the bill close to expected passage after a 20-year fight in Congress.

The Senate has passed the measure, which would authorize the United States to join with Canada in constructing a 27-foot-deep channel up the St. Lawrence River so oceangoing ships could steam from the Atlantic to Great Lakes ports. The House has never before voted on the issue.

Canada has officially informed this country that if the authorization does not come this year, it will proceed to build an all-Canadian seaway on its side of the St. Lawrence. So today's vote could decide the issue for the United States for all time.

Backers of the project made no attempt to play it close to the vest.

One, Rep. Machrowicz (D-Mich), predicted the margin of

(Continued on Page 2, Col. 2)

Local 600 Officer Admits Former Red Membership

DETROIT (AP) — A House un-American activities subcommittee finally has found a witness—not an FBI informer, either—who admits he was a Communist.

It took the congressional investigators three days of Detroit hearings and 15 witnesses before the admission came from William H. Johnson, recording secretary of CIO United Auto Workers Ford Local 600.

The subcommittee was in recess today so Chairman Kit Clardy (R-Mich) and Reps. Scherer (R-Ohio) and Moulder (D-Mo) could be in Washington for the vote on the St. Lawrence Seaway.

The Detroit hearing will be finished Friday and the group will move on to Lansing and Flint next week.

Johnson told the House group yesterday he joined the Communist Party in 1943 after he had been fired from his job at the Ford Rouge plant. He went into service and rejoined the party in 1945 for about a year, he said. Johnson said he has not "collaborated" with the party since 1946.

Johnson, a Wayne University Law School graduate, said he once asked Carl Winter, then head of the Communist Party in Michigan, to stop "certain disruptive practices" at the sprawling Ford Rouge plant.

The union official was on the witness stand when Clardy introduced into the record a Commu-

(Continued on Page 43, Col. 1)

150 Birmingham Youths Will Try Out at Road-E-O for Safe Driver's Plaque

From Our Birmingham Bureau

BIRMINGHAM — Some 150 youthful drivers will vie for honors in Saturday's Teenage Road-E-O to determine the city's safest young person behind the wheel of a car.

The contest is the second annual one sponsored by the Junior Chamber of Commerce.

Six cars will be in constant operation, with the youngsters being put through a precision-timed obstacle course, starting at 9 a. m. at the Birmingham High School parking lot.

Additional Birmingham social news on page 31.

Point earnings will be based on skill and a written test taken last week. Judging will be by the local insurance agents' association.

Selection of a boy and girl, each to receive a plaque, will be followed by a run-off to select the teenager who will compete in the state contest in Lansing on June 5.

A rotating trophy is inscribed with the local winner's name. National competition will take place Aug. 10-14 in Washington.

Lt. Henry Timm of the Police Department has helped to supervise the contest, which is under the general chairmanship of Claude Kidd.

As an extra attraction, a sound truck has been provided for onlookers and several new car models will be on display. Jaycee Auxiliary will sell refreshments.

* * *

This year's annual Baldwin School fair will get under way tomorrow immediately after school, with activities to include a make-up room, fortune telling booths, a bake sale and other attractions for all ages.

In the food line there will be refreshments, a coffee room and light lunches. A nursery will be provided for small children.

Carl F. Ingraham, Baldwin PTA president, has announced that 35 per cent of the proceeds will be awarded to the PTA of the new Beverly School, with the balance for the purchase of audio-visual equipment for Baldwin.

* * *

The City Commission this week asked City Planning Director Robert Boatman to prepare a resolution stating the city's objections to extending West Lincoln straight through the Mercier Farm property. The acreage is bounded by Lahser, West Maple, Cranbrook and the extension of Lincoln.

The letter is expected to be presented at next Monday's meeting, then forwarded to the Oakland County Planning Commission.

About 24 Boy Scout Troop B-5 Explorers, Scouts and dads camped out in pup tents last weekend, at Camp Howell near Brighton. Fathers in charge with Scoutmaster Thomas Austin were Robert Reid, Joseph Cook, James McCracken and Frye Ayers.

A dozen First Class Scouts will be on a canoe trip to the Huron River this weekend.

* * *

Pierce School's spring concert will begin at 8 p.m. tomorrow. Songs will be sung by the glee club and ensembles, with the orchestra presenting several numbers.

* * *

"Hand in Hand — With Our God, Our Family and Our Friends" is to be the theme of the Spring Retreat at Huron Methodist Camp Friday through Sunday, to be attended by intermediate youth of the First Methodist Church.

* * *

Police Chief Ralph Moxley will address the Barnum School PTA on "Youth in Our Community" at 8 tonight. There will be election of officers and inspection of the addition. Refreshments will be served in the new cafeteria.

* * *

Dr. Robert T. Hatt, director of the Cranbrook Institute of Science, has announced that the first planetarium available to the public in Metropolitan Detroit will open next winter at the Institute.

Demonstrations will be offered to the public on weekends and to groups by appointment.

Pending completion of a current fund drive, final specifications of the planetarium building will be made. The minimum size structure planned will have a 30-foot dome and seating for about 100 people.

The Institute's observatory, with its six-inch telescope, and the largest natural history museum in the Detroit area are already available to the public daily from 2 to 5 p.m.

* * *

Mrs. Frank M. Higby

Service for Mrs. Frank M. (Ella J..) Higby, 65, of 839 Ridgedale will be at 1:30 p.m Saturday at the Manley Bailey Funeral Home, with burial in Roseland Park Cemetery, Royal Oak. She died suddenly at St. Joseph Mercy Hospital, Pontiac, yesterday.

Besides her husband, she is survived by two sons, Frank W. of Royal Oak and Gerald A. of Ferndale; a sister, Mrs. William Milan of Detroit, and five granddaughters.

Phone Workers' Strike Continues

Muskegon Employes Acting Against General Telephone Co.

MUSKEGON (AP) — Long-distance operators and plant maintenance and construction workers continued a strike against the General Telephone Co. in Muskegon today. It left the city with only emergency long distance service.

Some 250 members of the AFL International Brotherhood of Electrical Workers left their jobs yesterday to support their objections to the company's vacation schedule.

Supervisory personnel manned long distance switchboards and frequent overloads caused the company to restrict calls to those of an emergency nature. Citywide automatic dial telephone service was not interrupted.

John H. Piercey, Muskegon member of the Michigan Labor Mediation Board, sought a meeting of strikers and company representatives.

Expect Seaway OK in House Today

(Continued From Page One)

victory would be "at least 50 votes."

"Maybe greater," Machrowicz said as an afterthought.

His forecast was in line with that made earlier by House Republican leaders. They said they anticipated passage by a "substantial margin."

The House, meeting two hours earlier than usual, was expected to speed the bill through without delay.

The only stumbling block toward final passage in the House—and its possibilities were minimized by seaway proponents—was an amendment written by Rep. Brownson (R-Ind).

Brownson planned to propose that the 105-million-dollar American share of the waterway's construction be met through sale of revenue bonds to the public rather than by the Treasury as proposed in the bill.

The key vote probably will come here. Opponents of the amendment, which the Treasury also wants defeated, assert it would have the effect of crippling the bill.

Further evidence that the measure was deemed certain to win came from breaks in the New England delegation, once solidly opposed to the project.

And members from other areas long unfavorable to the project announced that they too were switching their position.

One of the most significant indications came from Rep. Radway (R-NY). Radwan's district embraces Buffalo, N. Y., traditionally thought opposed to the seaway.

Radwan, however, told the House a poll of his district showed a majority favored the project. Consequently, he said, he would vote for passage of the bill.

Sen. Ferguson (R-Mich), chairman of the Senate Republican Policy Committee, said he not only anticipated House passage but believed President Eisenhower, who strongly supports the bill, would sign the measure by next week.

Support for the seaway soared in both the Senate and House after the Federal Power Commission last year granted New York state a license to join the province of Ontario in construction of a 600-million-dollar St. Lawrence River hydroelectric project.

Without the power project, the seaway would not be practical from either engineering or economic standpoints.

The power project is currently being contested in the courts but there are indications the suit—challenging the right of the commission to grant New York the construction license—may be decided by early summer or fall.

Keel Boys' Friends Silent in Memory

(Continued From Page One)

his teacher. Mrs. Mary Sadler. Both of the lads brought May Day baskets of flowers to their teachers.

Norman also was above average in his studies and was described by Alex Kish of Avondale Junior High as being outstanding at spelling.

More than 12 hours after the 3 a.m. fire, the charred ruins still smouldered.

That the boys loved animals was shown by the blackened remains of rabbit hutches. The only animals left alive were chickens. The Keels' dog died in the flames.

A bicycle with the tires burned off lay at the rear of the blackened debris. A piece of a bike was seen in the wreckage.

Mr. Keel made three attempts to rescue his sons trapped upstairs in the 1½-story house. Each time flames drove him back.

Both Mr. and Mrs. Keel suffered severe shock from the ordeal and were permitted to see only relatives yesterday.

Funeral for the brothers will be at 1 p. m. Saturday from the Stone Baptist Church and burial will be in Perry Mount Park Cemetery.

The Rev. Lawrence Dickens of Stone Baptist Church and the Rev. Tom Malone of Emmanuel Baptist Church will officiate.

The bodies are at the Dudley H. Moore Funeral Home.

Besides the parents, the boys also are survived by their grandparents, Mr. and Mrs. Herman Keel of Pontiac and Clarence Keith of Buncomb, Ill.

Julius the Chimp Steals Show at Zoo

(Continued From Page One)

months ago from the Belgian Congo.

The park is open from 10 a. m. to 5 p. m. on weekdays. On Sundays and holidays visitors may come as early as 9 a. m. and stay until 6 p. m., McInnis said.

Giving the Mendi Theater close competition this year will be the Elephant Show which has taken on more acts.

With the addition of Ruth and Susie to the show, Mary and Mona said they will try to steal the main attraction from Mendi's show.

Recent arrivals at the zoo are Calamity Jane, a puma born in March, and Czarina, a 16-day-old Siberian tigress.

Jane's mother, Suzan, has presented the zoo with a pair of cubs each year for the past six years. This year only a single cub was born. She was given the name Calamity Jane because she is the 13th cub born at the zoo.

Czarina's mother, Sher, refused to have anything to do with both her baby and Dr. Appelhof who has taken on the difficult task of raising the cub.

"The mother is a stinker. She left Czarina the day she was born and has never returned to see how the cub is doing," said Dr. Applehof.

Czarina is growing in a temperature - controlled oxygen tent where she is thriving on her prescribed goat's milk formula. She is fed every three hours with specially made nipples to prevent burping.

Three kangaroos also will be on display this year for the first time. Other first-timers are Leo, Simba and Pamba who have joined other young male lions, Monarch, Johnny and Glenn, to form a group for the moated exhibit. Dr. Applehof said that the lions must be brought together when they are less than 2 years old to prevent fights among them.

Frank G. McInnis, director, said the zoo this year is conducting tour services for groups. Two more tractor trains have been added for this purpose.

Pontiac Deaths

David Black

David Black, 91, of 69 Osmun St., died at the home of his daughter Mrs. Bernice Spencer Wednesday, after an illness of four weeks.

He was born in Scotland Nov. 1, 1862, the son of Alexander and June Cowe Black. He married Mille Belle Scheck.

Last employed as a watchman at General Motors, Mr. Black had been a Pontiac resident since 1926.

Surviving are four daughters and three sons, Mrs. Jean Youngs and Myrl Black, both of Brown City, Mrs. Bernice Spencer and Mrs. Marjorie Clayton, both of Pontiac, Burton, of Davisburg, Gordon, of Clarkston, and Floyd, of Detroit.

Also surviving are 15 grandchildren, four great-grandchildren and one great-great-grandchild.

Prayer service will be held at noon, Saturday at the Farmer-Snover Funeral Home with funeral service at 2 p.m. from the West Goodland Church north of Imlay City. Burial will be in the West Goodland Cemetery. The Rev. Andrew S. Creswell of the United Presbyterian Church will officiate.

William D. Johnson

Funeral service will be held Friday at 2:30 p.m. from the Farmer-Snover Funeral Home for William David Johnson, 84, of 36 Oak Hill St., who died suddenly Tuesday. Burial will be in Oak Hill Cemetery.

Mr. Johnson, a retired farmer, had been a Pontiac resident for 72 years, coming here from Canada.

Richard H. Johnson

Richard H. Johnson, 69, of Chassell, formerly of Pontiac, died Wednesday at St. Joseph Hospital, Hancock, after a nine day illness.

He was born in Calumet Nov. 7, 1884, the son of Peter and Bertha Johnson. He married Anna A. Ruokola in 1908. She died last year.

Surviving are two sons and two daughters Mrs. Micahel McSkulin and Doris Marie, both of Pontiac, Edwin L., of Fort Lauderdale, Fla., and Harry P., of Auburn Heights.

Other survivors include two brothers and two sisters Mrs. Andrew Pyykkonen, of Chassell, Mrs. Julia Mattson and Edward, both of Calumet, and Frank Johnson, of Laurium. Six grandchildren also survive.

Funeral service will be held Saturday at 1 p.m. from the Voorhees-Siple Chapel with burial in Oakland Hills Memorial Cemetery. The Rev. W. Howard Schoof of the First Baptist Church will officiate.

John T. Kennedy

John Thomas Kennedy, 74, of 362 Oakland Ave., died at the Pontiac General Hospital, yesterday after a three-year illness.

He was born in Barnsville, Miss., on July 4, 1879, the son of Thomas and Mary Jane Franks Kennedy. He married Mattie Van Cleve in Caruthersville, Mo., on Dec. 1, 1922.

Mr. Kennedy, a city resident for 27 years, was a retired farmer.

Surviving besides the widow are a daughter Mrs. Pearl McNairnie of Ferndale, nine grandchildren, nine great-grandchildren and a sister Mrs. Emma Jones of Caruthersville, Mo.

Funeral will be Saturday at 3 p. m. from the Kirkby Funeral Home. Burial will be in White Chapel with the Rev. Kenneth Hutchinson of the First Church of the Nazarene officiating.

Sybil Smith

Miss Sybil Smith, of 102 E. Walled Lake Dr., formerly of Pontiac, died at St. Joseph Mercy Hospital, Wednesday.

She was born in Novi, the daughter of Hyde and Louise Smith.

Miss Smith was a member of the All Saints Episcopal Church, and belonged to Guild 10 there. She also was active in the Walled Lake Civic Welfare Club and the Walled Lake Inter-Lake Garden Club.

Surviving are five sisters and a brother, Clyde, of Canada, Mrs. Agnes Harmon, of Pontiac, Mrs. Russell Jackson, of California, Mrs. G. O. Witey, of Detroit, Mrs. Celinda Beckman and Mrs. Nell Carnes, both of Walled Lake.

Funeral service will be held Saturday at 2 p.m. from the Richardson-Bird Chapel, Walled Lake, with burial in Walled Lake Cemetery. The Rev. C. George Widdifield of All Saints Episcopal Church will officiate.

Original Instructor at Cranbrook Dies

BLOOMFIELD HILLS — Private service will be held for C. Warren Moore, 60, of 4 Faculty Row, Cranbrook School, who died Wednesday.

Mr. Moore was on the original faculty of Cranbrook in 1927, and had been an instructor in arts and crafts and mechanical drawing there since 1943.

He attended Pratt Institute in Brooklyn, N. Y., and was a graduate of Columbia University. After receiving his master's degree there, he did graduate work at the Beaux Arts School in France.

Survivors include his widow, Rhea Ford; a son, Peter, of Cincinnati, and a sister.

Jury Finds Man Innocent

Jessie Redus, of 32 Murphy Ave., was acquitted of a common-law rape charge Wednesday by Circuit Court jury. The two-day trial was heard by a jury of eight women and four men before Judge Frank L. Doty.

In territorial days the name Arkansas was often spelled as Arkansaw.

Pontiac Votes in June on School Tax Hike

(Continued From Page One)

the 6.75-mill part of the program would start, running through 1957.

In 1958, the present 2.5-mill building tax stops. That year, the 8.75-mill part of the new program would begin. The fast tax levy in the new program would come in July 1964.

Both J. C. Cox, assistant superintendent of schools, and board member Louis H. Schimmel said there will be more than 23,000 children in Pontiac schools 10 years from now. Enrollment now is nearing 17,000.

At Cox's estimates, the 48-room high school would cost some $2,000,000; the 48 junior high classrooms, $2,000,000; the 115 grade school rooms, $4,500,000 and the 10 multi-purpose rooms, $1,000,000.

"You can't plan to build grade school classrooms and put desks and equipment in them, over the next 10 years, for less than $35,000 per room," he said.

"And you can't plan for junior and senior high classrooms for less than $40,000 each. The rooms are larger; and the schools have to have gym and auditorium facilities."

All of the new facilities mean additional teachers, board members point out, and salaries are continuing to rise, which accounts for the need for substantially more money each year to meet operating costs.

Annett in Hospital

Pontiac realtor Roy Annett of 194 N. Berkshire Rd. is recovering in St. Joseph Mercy Hospital from a mild heart attack suffered Monday.

High-pitched sounds can extinguish a flame.

PERSISTENT — This photographer wouldn't take no for an answer. Because he wasn't invited to the French villa in Geneva, he used a Swiss carrier's basket to get a picture of Vyacheslav Molotov. The Soviet diplomat was conferring with French Foreign Minister Georges Bidault on the Indochina situation.

Lad, 2, Fools Firemen but Not His Mother

LOS ANGELES (AP)—Little Richard Roberts, 2, got his feet caught in the hollow of concrete blocks under a redwood picket fence behind his home yesterday. When the firemen arrived and used hammer and chisel to free him, he didn't cry—he just kept his eyes glued to the fire apparatus. His mother, Mrs. David Roberts, said:

"What some kids won't do to see a fire engine!"

Sensitivity in radio is a term used to define the degree to which a radio receiving set responds to signals of the frequency to which it is tuned.

His Finest Memorial

When the Children's Fund of Michigan expired, it marked the end of as fine a philanthrophy as ever was instituted in this State.

Back in 1929 the late Sen. James A. Couzens, whose estate, Wabeek, is on West Long Lake Road, decided to do something for the children of Michigan. That "something" turned out to be a fund of $12,000,000 which he directed must be spent in 25 years.

★ ★ ★

This munificent gift made possible the establishment of hospitals, clinics and research projects. It also financed dental care in outlying parts of the State where such service was not available. During the depression the fund even bought food for hungry youngsters.

An insight into the character of the man who was an early associate of Henry Ford, was provided by his attitude toward the fund itself. Newspapers quickly got into the habit of calling it the Couzens' Fund. But at his insistence the legal name—Children's Fund of Michigan—finally came into general use.

★ ★ ★

Stipulations made by the Senator don't mean that the many splendid services the fund financed expired with it. Several of the institutions thus dedicated to the welfare of Michigan children will be continued under other direction.

It is impossible to estimate how many have been helped to a happier, healthier life by this fund. But it is no overstatement to say that the good it has accomplished is the Senator's finest memorial.

Reds Give Up More Ships

News that the Russians are to return 38 more small naval craft we loaned them during World War II prompts another look at that old lend-lease ship account.

What it shows is a revealing commentary on the character of a former ally to whom we advanced materiel worth $11 billion.

★ ★ ★

All told we loaned the Russians 585 vessels. Of these three ice breakers and 27 frigates have been returned. Sixty others of our naval craft have been reported lost during or since the war.

In addition, certificates of destruction on 90 vessels reported to be unseaworthy have been turned over to the United States. Information on what has happened to the remaining 367 vessels is vague. One hundred or more are reported to be operating in Far Eastern waters.

★ ★ ★

It is worth remembering that the vessels to be returned this month and next at Istanbul have been the subjects of five years intensive prodding by our Government.

Is it any wonder everybody finds it hard to get along with the Russians?

Nehru's Stand Explained

Gen. Carlos P. Romulo of the Philippines has come forward with as good an explanation as any we've seen of why India's Nehru acts as he does.

Because the General not only is a friend of the United States but a distinguished Filipino who is well equipped to understand Asiatics, his opinion is worth considering.

★ ★ ★

"Put yourself in his place," he told a correspondent. "He knows that the U.S. will never attack or invade India. He isn't sure of what Soviet Russia will do. It [illegible] attack on India some night. So it is only natural that Nehru would **appease Russia, which he does fear, at the risk of not appeasing the United States, which he does not fear."**

This sounds logical.

It should make it easier to read future cold war pronouncements by Pandit Nehru without boiling over.

Crisis Over in Pakistan

It should be a source of satisfaction to all Americans that their gift of wheat to Pakistan in June, 1953, has ended the food crisis in that far off land.

★ ★ ★

When famine threatened these staunch friends, Congress authorized a gift to them of 700,000 tons of surplus wheat. Thanks to that action and the Pakistani program of more intensive food cultivation, the remaining 90,000 tons of wheat aren't needed.

Today, according to the Karachi government, the crisis is past and the country now is in a position to maintain a food reserve of some 500,000 tons of wheat.

★ ★ ★

It is good to know that our wheat averted a famine on the subcontinent. But that Pakistan now can guard against a similar crisis in the future, is even better news.

Steel On The Upturn

Some very good news has come from Benjamin F. Fairless, boss of Big Steel.

In a statement to U. S. Steel stockholders at Hoboken, Mr. Fairless reported the appearance of an upturn demand for the corporation's products.

★ ★ ★

He noted that the first quarter's business was not up to the same period of last year. But he pointed out that it hasn't gone into the decline some pessimists had predicted.

Besides announcing the upturn, Chairman Fairless reported "a substantial backlog of unfilled orders amounting to more than five millions tons."

★ ★ ★

Steel is basic and there isn't much economically wrong with the country when orders for it begin piling up.

The Man About Town

Recalls May Snow

One Reader Tells of Six Inch Fall in May, 1923

Daffynition

Debt: What many men find it easy to get into by spending what they tell their friends they earn.

A call from that old time weather watcher,

Jake Vanderlind

of Pontiac Trail, brings the information that this week's cold weather is only a zephyr as compared to the storm of May 9, 1923, when the snow was six inches deep in Pontiac — but a delightful spring and summer followed. An air mail letter from Fort Myers, Fla., and signed by

Joseph Hendrickson,

says: "Our radio tells us the North Pole is flirting with Michigan. Don't poke any more fun at Florida weather." The family cat in the home of

Mr. and Mrs. Eugene Reading

at Williams Lake was rearing her kittens in a box in the garage, but it was so cold Tuesday that she moved them to the kitchen. After playing golf Saturday in his undershirt,

Jack Wheatley

of Bloomfield Hills says he hasn't gone out this week because he feared the ground was frozen and the balls would bound all over the course. When the mosquitoes do not have a chance to get active early in May, according to

Mrs. Northrup Luske

of Auburn Road, they later will make up for lost time, both in numbers and drilling.

Perhaps he's nearer right than we think, when a cross the table luncheon partner remarks rather cynically, "This nation's biggest business is politics."

Pontiac Kiwanis Club welcomed

Carl Moyer,

General Manager of Fisher Body's Pontiac plant, into honorary membership Tuesday.

Now in Hawaii, that top flight world traveler,

W. Walter Smith,

is so impressed with that delightful spot that he cannot find words to express it in missives which he promised to send friends back home.

Justifiably quite thrilled is

Mrs. Duncan McVean

over a letter she received, written on White House stationery and bearing the signature

Mamie Doud Eisenhower,

acknowledging receipt of a poem which Mrs. McVean had written.

Verbal Orchids to—

Mrs. Elizabeth LaFountain

of Watkins Lake; ninetieth birthday.

Mr. and Mrs. Solomon Ringler

of 144 South Parke St.; fifty-first wedding anniversary.

"I'm Working on a Big Construction Job, Mister!"

Voice of the People

'Another Irishman' Says McCarthy Is Out to Become President; Wants Him to Run

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature.)

I see "Irishman" wants to have Wisconsin retire McCarthy to private life. Personally, I'd like to see him run for President and I think that's what he's after.

Another Irishman

Claims Ike Will Be Best Since Pres. Washington

It appears our President Eisenhower is going to make the best President we have had since George Washington. If all the officers of the United States were guided by God's kind hand like our great Ike more people would love God and do as God wants us to do.

Farmington **Clarence Utley**

GI Shudders to Think of Army of Pvt. Schines

I shudder to think what would happen to the U. S. in case of attack if we had an army composed of Pvt. Schines.

G.I.

Criticism to Date Unjustified

Problems Ticklish for U. S. at Geneva but Conference Just Getting Under Way

By DAVID LAWRENCE

GENEVA — Teamwork between our allies — always difficult to achieve but absolutely essential if we are to checkmate Communist tactics — is slowly emerging here despite earlier discouragements.

Nobody who has not been on the ground at one of these very complex affairs can possibly imagine the plight of the delegation representing the United States of America at the Geneva conference.

This correspondent has just read a summary of headlines and dispatches in several American newspapers for the last few days, as cabled to officials here, and could not but wonder how it feels to be an American delegate with a carping, faultfinding set of interpretations in many of the articles being printed back home which, when reproduced in Europe, tend to discredit the American delegation and weaken its hand here.

The facts are simple to state. The American delegation had a broad plan. It was torpedoed in London by the British cabinet before it was launched. Out of deference to our allies and with characteristic poise, Secretary Dulles kept silent.

Someone with a more sensitive nature would have blown his top at the outright reversal by the British cabinet on a pledge that had been given. But the British have their troubles, too, and their reasons for moving cautiously.

When, however, they saw the criticism of their tactics mounting in official Washington, they took steps to repair the breach. The trend now is toward unity, but it is a difficult course to maintain because the British have interests far different from ours and they are apparently not as ready to accept the responsibilities of collective action in Asia as many Americans had been led to believe.

Unfortunately, also, internal politics in every country, including our own, plays a damaging role and makes negotiating a precarious task.

If it isn't a threatened overthrow of the cabinet in France, it's a general election in Australia and, of course, a constant effort by the British Labor party to unseat the Churchill-Eden government.

None of this, however, handicaps the Communist side. Indeed, the Communists get an abundance of news space not only in Europe but in America.

The obsolete propaganda statements of Chou En Lai got equal if not better news treatment in some of the large newspapers in America than the remarkable address by Secretary of State Dulles on the same day.

This is a battle of publicity to influence public opinion, and it is tragic that the American press has in some instances been giving the impression that the chief of the American delegation was discredited back home.

In fact, one headline from an American newspaper that made a deep impression at Geneva said that Secretary Dulles on his return faced in Washington the stormiest criticism of his career, and there were references to "defeat" and "failure," all of which is utterly at variance with the facts of what actually happened.

This conference hasn't really gotten started. There have been the usual propaganda statements and some informal discussions of ideas and proposals.

Any impression that the United States doesn't want to stop the blood-letting in Indochina is false. Any impression that the United States wants to intervene militarily is also false.

Any impression that America wanted to go into Indochina with the British alone is also wrong.

There was from the start a basic plan to line up the allies on a policy that would confront the Communists with an alternative if they didn't make peace in Indochina. That policy was conceived as a means of getting strength at the negotiating table.

Great Britain approved the policy and then backed out just on the eve of the Geneva conference, but since then there has been a reconsideration and some of the original plans have been given sympathetic support once more.

One thing needs to be made clear: The United States was given a pledge at Berlin that France would not consent to any plan that meant surrender to the Communists in Indochina. America wants a peaceful settlement there but not by a phony "partition" plan or by the "coalition government" trick that wrecked Poland and Czechoslovakia.

So far as Korea is concerned, there also have been some misleading impressions given. The Red Chinese leaders called for a "general election" in Korea without supervision by the U. N. Some of the Allies looked with favor on the idea in principle. But there is a lot more to the problem.

Thus, how can there be any free election in North Korea if Communist troops are there? How can there be any campaigning throughout the northern part of the country before the voting takes place if coercion prevails?

And what happens to the government at Seoul which has been formally recognized by the United Nations and is operating under a constitution adopted by the people in a free election supervised by the U. N.

Is a constitutional government wiped out just because the aggressors want that done? South Korea will have its regular election for its national assembly on May 20. Must it have another election later on, and does anybody think the central government at Seoul can maintain the morale of its army — the most powerful in Asia outside of the Communist orbit — if the constituted government is to be decapitated by order of the Communist delegations at Geneva?

These are not easy questions to determine and require a lot of delicate handling if the unification of Korea is to be accomplished.

Certainly the one million Chinese Communist troops now occupying North Korea will have to be withdrawn before any free election can be held there. Nobody should envy the American negotiators in Geneva.

Aunt Het

It looks like savers are born that way. When Henry saves a dollar he forgets it, but I've got to keep on savin' it every day from then on.

Case Records of a Psychologist

Innocent Marital Error Is Major Cause of Divorce

Divorces are usually 50-50 affairs, even when the wife appears to be the innocent victim. For wives often are guilty of errors of omission that may be just as serious as their erring husbands' sins of commission. Men seldom reveal their secret views, such as I've exposed below. So, wives, take heed:

By DR. GEORGE W. CRANE

Case K-394: Clara B., aged 28, has been married five years.

"Two years after our wedding, I learned that Fred was having an affair with another woman," she confessed, miserably.

"Finally, I accused him of it and he told me all the sordid details. Apparently, it has started while I was pregnant with our first baby.

"He vowed it would never happen again, so I believed him and we made up. But it did happen again, not more than a year later.

"That one faded out but now he has a fresh one starting with a girl at the factory. It began at a tavern and he meets her there two or three nights per week.

"Yet he says I am the best woman in the world and for me just to be patient with him. Dr. Crane, what is wrong?"

It usually takes two good women to make a good husband. The first of these should be his mother.

If she fails to teach her son to become a self-reliant man, considerate and unselfish, but by her sins of omission lets him develop into a grandstanding, unsportsmanlike male, then even an angel from heaven may not be able to make a success of marriage to him.

Many of you wives should not be blamed for the failure of your

marriages. Sometimes your husbands are 90 per cent at fault.

A man may make a mistake once, due to ignorance. But no smart man should continue to repeat his errors.

Fred's first unfaithfulness might have been due to his wife's pregnancy. For at that time, many a woman subconsciously appears to be a medical specimen.

So her husband subconsciously shifts from an attitude of sweetheart affection to one of respectful devotion to an ailing wife.

In such a dilemma, he soon grows worried over his waning feelings for his mate. An emotional barrier soon may develop between them.

He may be driven to drink by this barrier. And he will not even think of confessing his worry to his wife.

For men are hypersensitive on this point. By accident or otherwise, such a husband may finally enter into an "affair," due largely to liquor. Such a triangle affair is not uncommon, even in enlightened modern America.

Smart wives should never let such a situation develop. Just because you are expecting a baby, is no reason why you should suddenly act like a hospital patient and quit going to movies.

Remember, your first allegiance is to your husband, so continue to be as alluring as possible.

The first pregnancy is one of the major challenges to a smart wife.

Brady Tells His Public the Difference Between Words Nudity and Nudism

By WILLIAM BRADY, M.D.

One of the seven keys to vite, as described in No. 16 Little Lesson in the Ways of Health (The 7 Keys to Vite, for which send 25 cents and stamped, self-addressed envelope) is nudity.

I mean nudity, not nudism.

Stanton Delaplane who writes a column called Postcard in the San Francisco Chronicle says this throws him.

He thought nudity and nudism were the same: "You take off your clothes and walk around in mixed company. That's what I thought nudity was. Also nudism.

The column must kill San Franciscans. I bet the newspaper people in San Francisco still tell people the trouble is aphasia when some one forgets his own name and where he lives.

Benjamin Franklin advocated and practiced nudity but not even a San Francisco columnist can twist that into advocacy or practice of nudism.

The difference between nudity and nudism, Mr. Delaplane, is as great as the difference between the San Francisco Chronicle and a modern newspaper.

Franklin used to sit nude at his writing for an hour or so in the morning before breakfast. He believed this was beneficial to his health.

Mr. Delaplane was discombobulated by two of the other keys, namely, temperance, which he dismissed as one man's opinion, and Belly Breathing.

"If we were intended to breathe with our stomachs," asks the droll fellow, "why did we get lungs?" This was too bad. It would have been so much funnier if the comical fellow had said "in'ards" instead of "stomach."

For readers who never got past the third grade, Webster says nudity is the state or fact of being nude; nakedness; nudism is the cult of living in a nude state.

Stanton Delaplane says mine "seems likely a mighty odd household. People running around bare, somersaulting and breathing with their stomachs. . . "

That isn't the half of it. We have no bathtubs — or we never use the tubs the builders built in before we became aware of what they were doing

We haven't any use for aspirin, physic, sleeping pills, powerful germicides, cough and cold cures, booze, fishing tackle, guns, metabolimeters, electrocardiographs, red nail polish or gents' hair-dos.

In fact ours is Odd House—or as nearly so as I am able to achieve.

Signed letters, not more than one page or 150 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self-addressed envelope is enclosed, etc.

(Copyright 1954)

OK on Seaway to Stir Midwest

Detroit, Toledo, Other Cities Planning More Port Facilities

TOLEDO, Ohio (AP)—The St. Lawrence seaway — when and if it shoots all the legal and political rapids and becomes an ocean freighter carrying reality — is counted upon today to stir a wave of activity along mid-America's waterfronts.

It would also be a swizzlestick stirring up many parts of the economy elsewhere.

* * *

Already under way along the Great Lakes are plans for port authorities, with taxing powers, for extensive building of docks, for harbor dredging and for rerouting of incoming and outgoing goods and farm products. Looming is a scramble among the states and cities to lure new industries.

* * *

Opponents of the plan to turn Great Lakes cities into fresh-water seaports have contended the seaway would injure many existing transportation systems, give foreign businessmen a chance to land their goods more cheaply in the Midwest and undercut American manufacturers.

The seaway plan calls for a ship canal to eliminate the final bottleneck — a 115-mile stretch of the St. Lawrence between Ogdensburg, N. Y., and Montreal, Canada. It would take about five years to do and would then furnish a 27-foot-deep (at the shallowest) waterway 2,347 miles long from Duluth, Minn., at the farthest tip of Lake Superior, to the Atlantic Ocean. Its advocates say the majority of the world's freighters could use it.

Rivalry along the way will be keen.

* * *

Toledo says that, granted the port authority law it's asking of the Ohio State Legislature, it plans to become the foremost western terminal. It contends it is the first lake port free of ice in the spring and the last to be closed in the fall. Also it argues that the long waterhaul from Toledo to Chicago may not be as economical as the short overland distance between the two cities. Toledo has ordered a survey of harbor possibilities.

* * *

Detroit is debating deepening its channel and building dock facilities for the larger freighters the seaway would admit.

Cleveland reports its export business last year came to 500 million dollars. Its businessmen talk confidently of doubling that — some even say trebling it — within a few years after the seaway is completed. They count on cheaper transportation rates giving Midwest manufacturers a sales advantage. They talk of the seaway "pulling" Pittsburgh closer to Cleveland and away from New York, Philadelphia, Baltimore or Hampton Roads.

Milwaukee is credited by many of its lake port rivals with having been foresighted in developing its waterfront for the seaway's expected coming.

* * *

Minnesota grain traders point out that much of the spring wheat already goes either to Milwaukee or to Duluth and Superior for water transportation to the flour mills at Buffalo. Only grain for export would be affected by the seaway and they think much of it might continue to go down the Mississippi on barges.

* * *

Minnesota iron miners, who ship their ore down the lakes to the ports nearest the steel mills, fear the St. Lawrence Seaway would open a cheap way in for competing ore, to be coming soon from Labrador and Quebec — and even from Venezuela.

But the steel companies in Ohio and around Pittsburgh are eager for the Labrador ore. If they can't get it through the St. Lawrence, it might go by water to the Atlantic Seaboard steel mills — and attract more of them there and away from the Midwest.

RUNAWAY STEER—This method of subduing a runaway steer isn't recommended, although it takes plenty of courage to face a wild-eyed beast while armed only with a hammer. The Hereford, which escaped from a railroad car near the Kansas City stockyards, led pursuers a wild chase through downtown streets. Finally cornered in front of the City Hall it outmaneuvered this unidentified matador but was captured shortly afterward. It took 10 men to truss the infuriated animal for shipment back to a stockyards pen.

Bomb Leaflets Blown Wide of Cincinnati Mark

CINCINNATI (AP) — Civil defense officials sent airplanes over Cincinnati yesterday dropping leaflets which proclaimed: "This might have been a bomb."

If they'd been bombs they might have hit Cincinnati.

Since they were leaflets, a brisk wind carried them all out of town before they hit the ground.

The lens of the eye of a fish is round like a marble and not flexible as in the human eye. The fish's eye focuses by movement of the lens only on a forward-backward axis.

Narcotics Agent Duped by Phony Dope Peddler

CLEVELAND (AP) — The young woman handed the man 31 capsules containing a white powder and accepted $62 in return. Then the man, a federal narcotics agent, arrested her on charges of selling dope.

But Federal Judge Charles J. McNamee yesterday dismissed the charges against Miss Josephine Evans, 24. Laboratory tests showed the capsules she sold contained only milk sugar.

Miss Evans went free, and the agent was out $62.

Largest Piece of Glass in World Now on Display

CORNING, N. Y. (AP)—The Corning Glass Works has on display at its museum what it says is the largest single piece of glass in the world.

The glass—a round, experimental casting of a mirror to be used in the Mt. Palomar, Calif., observatory telescope—is 10 feet in diameter, more than a foot thick and weighs 20 tons.

World consumption of meat amounts to about 48 billion pounds each year. One-third of this supply is slaughtered and packed in U. S. establishments.

Ex-Crown Princess of Prussia Dies

BAD KISSINGEN, Germany (AP)—Former Crown Princess Cecilie of Prussia died here in her sleep early today after a long illness. She was 67.

Her son, Prince Louis Ferdinand of Prussia, head of the former German royal house of Hohenzollern, and his wife Princess Kyra were at the bedside.

Prince Louis Ferdinand announced yesterday that his mother was suffering from a circulatory ailment.

Before her marriage to Crown Prince Wilhelm, son of the last Kaiser, in 1905, Princess Cecilie was the Duchess of Mecklenbourg. Her husband died in 1951.

Counties with an average population density of fewer than two persons per square mile are all located west of the 98th meridian in the U. S.

Wife Says Violinist Has No Claim on Chihuahua

LOS ANGELES (AP)—Concert violinist Elliott Fisher's wife has countersued him for divorce, declaring he has no community interest in Ricky, a 5-month-old Chihuahua puppy.

Mrs. Lisette Fisher, 22, alleged Ricky was a gift to her from her husband before their estrangement.

Fisher's divorce suit, filed earlier, listed the dog as community property along with $1,500 worth of jewelry and $600 worth of household effects.

An Italian developed a crude camera with a lens in 1568.

Bacteria Cutting May Aid Cancer

New Method of Slicing Could Bring Answers to Cell Growth

PITTSBURGH (UP)—Sliced bacteria, cut something like baloney, offer a new aid in the study of normal and cancerous growth, a Princeton University scientist said today.

Dr. George B. Chapman, describing the first successful preparation of germ slices thin and stable enough to allow real payoff study with an electron microscope, said the technique already has provided new information about the process of cell division, one of the basic mechanisms of all growth.

He told the Society of American Bacteriologists that bacteria only 1-25,000th of an inch around and only three times that long to start with, had been sliced lengthwise as thin as 1-250,000th of an inch.

The bacteria, imbedded in plastic, were attached to a rotating wheel which was brought to bear against a stationary knife. That's the reverse of most butchers' meat slicers, and while, in effect, the bacteria are sliced like baloney, the slicing is done lengthwise instead of crosswise.

Chapman said that studies of these slices with the electron microscope had disclosed such new information as this:

1. When a single-celled bacterium undergoes a kind of pinching-in process which eventually results in there being two germs instead of one, only a single layer of material is involved in the "partitioning" process. Formerly it was believed there were two such layers.

2. Separate particles of cellular substances are involved in the laying down of this "cross-wall" partition.

* * *

And the scientist declared such findings represent contributions towards better understanding of the basic nature of the growth process—a process he said holds the answers to such questions as "What makes a cell divide when it does divide and what makes some cells divide faster than others, as in cancer?"

* * *

And with the new technique, he added, "we hope to learn more about the bacterial nucleus (central core) so that ultimately there might be better means of attacking bacteria."

One modern consolidated school usually takes the place of four smaller school units.

USW Mapping Bargaining Plan

Contract Negotiations to Begin May 18 With U.S. Steel

PITTSBURGH (UP)—Policy makers of the big CIO United Steelworkers open a two-day meeting today to draft final plans for the first nationwide labor negotiations of 1954.

The union's 170-man Wage Policy Committee gathered to map strategy and put finishing touches on contract demands to be made on the basic steel industry later this month.

Among the USW's announced objectives this year are a wage increase and improved pension and insurance benefits.

The policy committee said last fall the union would seek a guaranteed annual wage, but observers believe this point won't be pressed.

Bargaining will begin May 18 with U. S. Steel Corp., the nation's top steel producer and traditional leader of the industry. Other firms are expected to set dates for negotiations soon.

The USW sent out formal 60-day notices last week telling basic steel companies it wants to negotiate new contracts to replace pacts expiring June 30 and asking them to set dates for discussion of "wages, pensions, insurance and all conditions of employment."

In its bargaining with U. S. Steel and other basic producers, the USW will be representing some 600,000 workers. An additional 650,000 members will be affected, however, since the contract pattern worked out in these talks is expected to apply in negotiations later this year with fabricating and allied industries.

Last year the USW won an 8½-cent hourly pay boost, hiking average hourly rates of steelworkers to between $2.14 and $2.24.

Observers feel the USW will settle for less this year since the industry is in the midst of a business decline.

Dance Teacher Wins Acquittal

Jury Decides Brazilian Not Guilty of Extortion Charges

DETROIT (UP) — Chafic Sabino, 26, a Brazilian dancing teacher, was acquitted by a Recorder's Court jury Wednesday of extorting money from his former pupil, John R. Winter Jr., a Detroit industrialist.

In a verdict following a seven-day trial, the jury also found Sabino innocent of threatening Winter's life.

Winter, president of the Winter Bros. Stamping Co., had accused Sabino of forcing him at gunpoint to sign papers canceling a debt owed by Sabino.

Sabino testified there was no truth at all in Winter's claim he was forced to sign for a $1,350 balance owing on Sabino's car and to guarantee Sabino a $100-a-week job at Winter's factory.

Sabino said he borrowed $500 from his father-in-law to make full payment to Winter.

"Mr. Winter was very happy to get the money and said, 'Doc, you are my best friend,'" Sabino related. "A couple of days later he proposed we start a dancing studio to be known as the 'Greek Goddess of Dancing' although he never mentioned it later."

Traffic Victim Dies

OWOSSO (UP)— Mrs. Dorothy Telling, 65, of nearby Byron, died in Owosso's Memorial Hospital Wednesday of injuries suffered in a traffic accident.

One-Horse Town

MARLBOROUGH, Conn. (UP)—This is strictly a one-horse town. It says so in the new grand list, which reports only one horse left in the entire community of 800 persons — and 100 cows.

Army to Use Custer to Store Machines

BATTLE CREEK (INS) — Backers of Battle Creek's Ft. Custer as a site for the Air Force's national academy were discouraged today by the Army's announcement that the installation will be used for storage of Ordinance machine tools.

Boosters of the site said the move indicates no other use is planned for Ft. Custer.

The Army said the new installation will be activated within the next few days as "Storage Center, Detroit Ordinance District at Ft. Custer."

The machine tools for storage will be brought to Ft. Custer's 96 warehouses from parts in Michigan and parts of Indiana and Ohio.

Woman Studies Mail Transport

Technical Study by 1st Female on Policy Level Aimed to Cut Cost

WASHINGTON (UP) — One of Uncle Sam's officials trying to save money for the post office department is a woman whose appointment broke a tradition in the mail service.

Dr. Beatrice Aitchison is the first woman ever named to a policy-level position in the department. Appointed last summer, she was chosen because of her experience as a transportation specialist for several other government agencies.

Dr. Aitchison's job is to help postal officials do a better job of 'buying' mail transportation, which now costs nearly $600,000,000 a year.

She believes the technical study she's directing "can save a lot of money."

One of her projects is to find where mail is being carried at a loss—by railroad, truck or other means—so it can be shifted to a more economical method. Another is to find ways to reduce the number of times mail is handled on a cross-country trip to cut both costs and travel time.

Dr. Aitchison plans several experiments. One, already being tried, is testing lightweight orange nylon mail bags as a possible replacement for heavy canvas sacks for air mail, where the department is charged by weight.

Dr. Aitchison, brown-haired, brown-eyed and vivacious, got into transportation work "through the back door" as a statistician. Her title stems from her doctor of philosophy degree in mathematics from Johns Hopkins University, Baltimore.

Dr. Aitchison said she always had a general interest in transportation because her father, Clyde B. Aitchison, served on the Interstate Commerce Commission for many years. The ICC regulates the trucking, railroad and intercoastal shipping industries.

However, she started her career as a teacher at the University of Oregon, after a temporary job as statistician for the ICC. Her first ICC task, to measure the demand for passenger service, awakened her interest in transportation itself.

The next summer—1938—she joined the ICC as a transportation economist. In 1951, she was named director of the Commerce department's transport economics division.

Dr. Aitchison also has served as consultant to the Defense Department on military traffic service and to the World War II Office of Defense Transportation.

She believes transportation is a "very nice field for women," but added: "You can't be a mouse in that field. You have to have ideas."

PICKETING CAPITALIST—Businessmen in downtown Cleveland, Ohio, were surprised to see Abe Sechter dressed in morning coat, striped trousers, silk hat and carrying a picket sign. A resident of St. Paul, Minn., he was picketing the annual meeting of a steel company, protesting that continued operation of the company is unfair to stockholders. He says he owns 3,500 shares of stock in the company, which no longer operates any plants. At the meeting, a motion to dissolve the company was defeated.

Report 12 Cases of TB in County

Chicken Pox Increases in Pontiac, but Drops Elsewhere

Oakland County had fewer cases of mumps, chicken pox and measles last week but a sharp increase in tuberculosis.

The weekly report released by Dr. John D. Monroe, director of Oakland County Health Department, listed only 38 new cases of chicken pox in the county outside Pontiac. Eighty-three cases were reported the week before.

Measles cases were down to 102 from the previous week's 172 cases and mumps struck 85 people, compared to 121 the week before. The health department found 12 new cases of tuberculosis. None were listed the week before.

The county department's complete report reads as follows:

	Past Week	Week Ending April 24, '54	May 2, '53
Chicken pox	38	83	194
Measles	102	172	192
Pneumonia (all forms)	2	0	10
Tuberculosis (all forms)	12	0	0
Whooping cough	5	5	0
Scarlet fever	0	19	15
Mumps	85	121	46
Rubella	1	3	78
Hepatitis	7	4	0
Amoebic dysentery (Endamoeba Histolytica)	1	0	1
Salmonella (San Diego)	1	0	0
Rabies in animals	3	0	3
Diarrhea	1	3	4

While the rest of the county enjoyed a drop in chicken pox, measles and mumps, Pontiac City Health Department found more cases of all three diseases last week.

The city report, also released by by Dr. Monroe, showed 15 new cases of chicken pox in Pontiac, compared with 7 the week before. Measles cases totalled 9—an increase from the previous week's five—and 32 city people caught mumps, as against 27 the week before.

The city report follows in full:

	Past Week	Week Ending April 24, '54	May 2, '53
Chicken pox	15	7	25
Gonorrhea	1	4	8
Measles	9	5	66
Mumps	32	27	1
Pneumonia	0	0	4
Rubella	1	0	7
Scarlet fever	0	0	2
Syphilis	0	2	9
Tuberculosis	2	0	4
Whooping cough	2	1	2
Strep throat	1	0	0

Bob Considine Says:

Committee Springs Probe on Army Athlete Coddling

WASHINGTON (INS) — The vanity of a few generals commanding big U.S. Army camps is the basic cause of the congressional probe of "athletic coddling" which began in the House Office Building today.

Rep. William E. Hess (R-Ohio), chairman of the defense activities subcommittee of the Armed Services Committee, told me today that his group might never have known about this obeisance to muscle if it had not come across several camp newspaper sports pages which quoted the top general as saying, in effect, "I've got the best ball club in the Army and I'm going to keep it that way."

The congressman and his adies began rounding up other camp papers, then sent out investigators to sample nearby camps and see just how drafted athletes were getting special treatment.

The subcommittee heard Don Newcombe, Brooklyn pitcher, when the Dodgers were in town to play Washington before the present season opened.

Hess doesn't think for an instant that this is an epidemic condition in the Army, nor is the department of the Army being blamed. He says the blame rests on a few individual camp commanders who wanted to bask in the reflected glory of fine athletes they could call "my boys"—in the newspapers and at parties.

The Army apparently made some effort to stop the opening of public hearings by the Hess subcommittee. It promised hereafter to "monitor" its athletes periodically to guard against preferential treatment.

But the probe went forward today. The first witness, Brig. Gen. Herbert B. Powell, chief of Army personnel, will be followed to the stand by assorted Army camp officers, special services officers and the like.

The famed athletes in the case, and others who are said to have been pamepred, like singers Eddie Fisher and Vic Damone, will not be subpoenaed and called as witnesses, Hess said, "unless the Army denies what we happen to know is the truth."

Hess says the subcommittee also wants to find answers to such questions as:

1—Who at Fort Hamilton, N.Y. gave Pvt. Walter Smith (Sugar Ray Robinson) an honorable discharge after he went AWOL on the eve of shipment overseas in World War II?

2—Why was Willie Mays' basic training at Fort Eustace, Va. held up from the spring of the year, when he entered, until after the Eustace baseball season ended?

3—Who ordered special treatment for Pvt. Billy Martin, 1953 World Series hero, not at Fort Ord, Calif.?

There has been a consistent report, too, that the New York Giants —fearful that Willie Mays would play himself out for the Army—got him to feign or exaggerate a sprained ankle to conserve himself against the day when he'd return to the Polo Grounds.

Other athletes involved in this curious sideshow to the McCarthy-Army circus are Dick Brodowski, Red Sox pitcher, Fort Dix; Alex Konikowski, N. Y. Giants, Fort Myer, Va.; and Eddie and Johnny O'Brien, University of Oregon basketball twins now owned by the Pittsburgh Pirates, Aberdeen Proving Grounds, Md.

The subcommittee is concentrating on 10 famous draftees, but has 12 other names it can bring up in a hurry and about 75 others it could name in a pinch.

If Eddie Fisher is called, will and will Damone "sing"?

DAD ON DUTY—Perched aboard a troopship in Southampton, England, Lance Corporal Robertson assumes duties of a proud father while his wife, in background, looks for relatives on the dock. Robertson, of the 1st Battalion, Gordon Highlanders, was stationed in Malaya, when daughter, Rosanna, was born.

Politico's Wife Cures Hams

Mrs. Herman Talmadge Runs Farm to Process Georgia Product

ATLANTA (UP) — It often has been said jokingly that politics is filled with hams. In Georgia, it's true literally.

Georgia's First Lady, Mrs. Herman Talmadge, runs a home-cured ham business.

Betty Talmadge says her husband got her interested in the curing a couple of years ago when he noticed that most of the state's hams were shipped elsewhere for processing.

"We thought it would be a good idea," she said, "to cure as many of them as possible here, and help build a reputation for Georgia hams."

The business, operated at the Talmadge farm in Lovejoy, Ga., has grown by leaps and bounds. The first year, Mrs. Talmadge says, 5,700 hams were processed. The second year, the figure was 17,500.

"This year," she said, "we're shooting for 30,000."

Mrs. Talmadge, a young and attractive woman, spends part of every week at the farm in the "ham house," sometimes rubbing the meat with the Talmadge special curing formula, and sometimes helping to pack and ship it to market.

Ham curing is Mrs. Talmadge's second business venture. A few years ago she and the governor experimented with mink raising, but the business failed because the minks would not reproduce.

"Probably because of a diet deficiency," Mrs. Talmadge said.

But the mink coat scandals in Washington broke at about that time, and front pages around the nation showed Georgia's First Lady with her minks. The captions usually read: "She raises her own mink coat."

Betty Talmadge once said, "I like pigs because they appreciate anything you do for them."

The governor is a partner in the enterprise, she said, because "Herman helped me borrow money." The Talmadges raise only a small percentage of the hams they cure. Most of the meat is purchased from other growers.

"Any live hogs kept on our farm are strictly for glamor," said Mrs. Talmadge.

With her duties as First Lady and farmer, Mrs. Talmadge has little time for anything else. But she recently took time to make a speech.

The subject: "How to Cure Hams."

Mrs. Talmadge says her husband used to pay political debts with Talmadge hams, but not anymore. The governor would bring friends to the farm, she said, and say, "Give old Joe a ham."

"Now," she said, "Old Joe can have a ham, if he's got the money."

In 1912 a proposal for a 50,000 mile U. S. national highway system was bitterly assailed as an unneccessary expenditure of the public funds for the benefit, it was said, of "only a few wealthy pleasure seekers."

IN NEW JOB—Lt.-Gen. Joseph M. Swing was named Commissioner of Immigration and Naturalization, succeeding Argyle M. Mackey. He commanded the 11th Airborne Division during World War II, the first unit to occupy Japan after the surrender.

Mechanization Comes to Copra

New Machine to Boost Production of Valuable Coconut Oil

WASHINGTON — Mechanization has raised its iron head among the South Sea coconut palms that yield copra, one of the world's most useful commodities.

From copra, the dried meat of the coconut, comes oil for soaps, paints, candy, shortening, plastics, lubricants, explosives, and many other industrial needs.

The residue is valuable as cake and meal for stock feed and for fertilizer.

The new machine for the industry, invented by a resident of copra-producing Tahiti, speeds the initial slicing and gouging out of the coconuts.

It includes a guillotine set in a vertical frame that cuts cleanly through the outer husk and hard inner shell. The flesh is then scooped out by a motorized tool and set out to dry in the sun or by artificial indoor heat.

A one-horsepower motor is used for the operation, and the whole apparatus weighs 290 pounds.

The mechanical method—many times faster than the slow, laborious hand processes of the native workers—is expected eventually to give a big lift to copra output.

What effect the increased supply would have on prices is another matter. The copra market, like that for gold and other highly desirable or strategic commodities, has been subject to sudden booms and disastrous drops.

The world produces about three and a half million tons of copra a year. Leading sources are the Philippines and Indonesia, accounting for a million tons apiece.

Ceylon, India and Malaya are next, though with far less output, followed by Papua, Mozambique and innumerable Pacific islands where coconuts grow with wild luxuriance.

Latin America is also becoming more important in the copra industry, with palm plantations expanding in Brazil, Mexico and West Indies islands.

The heavy demands for coconut oil in the United States have long been met by the Philippines.

In World War II, when the Japanese controlled the islands, the United States obtained a limited copra supply from Ceylon and French- and British-held Pacific areas. Coconut oil was rationed and was released only for such war essentials as synthetic rubber, chemicals, and brake fluid for airplanes.

After the war, the dormant Philippine copra industry made a surprisingly quick recovery. Exports were at an all-time high by the middle of 1947.

Atomic Power-Measure

CHICAGO (INS)—Power of today's fuel for jet aircraft and other petroleum products now can be measured by an instrument utilizing an atomic by-product. The Central Scientific Company, Chicago, introducers of the instrument, says the accuracy of control tests made on petroleum products has been increased by more than 100 per cent with this instrument. Also, the time cycle of these tests has been reduced from four hours to five minutes.

Future Is Secured

CIUDAD TRUJILLO, D. R. (INS)—Retirement at the age of sixty is guaranteed Dominican Republic workers at 40 per cent of their salary by the social security system in effect six years, the official Dominican Republic Information Center ports. The program got under way when the first cabinet post of its kind in the Western Hemisphere—The Secretariat of Social Welfare — was established.

CITY PAINTS UP—Taking part in Pontiac Department of Public Works share of "Clean-Up, Paint-Up, Fix-Up" week are (l to r) Arthur Hilliker, DPW office manager, Eugene Young of 2380 Wooddale and Morris Cucksey of 807 Pensacola.

Pontiac City Sanitarian Stresses Importance of a Clean Home Environment

"A clean environment is worth a great deal to the citizens and property owners in a community in terms of both better health plus dollars and cents," according to Charles S. Cohen, Pontiac city sanitarian.

Cohen urged citizens to do a thorough spring-cleaning job this week while the city carries on its annual "Clean-Up, Paint-Up, Fix-Up" campaign sponsored by the local Junior Chamber of Commerce.

"Clean surroundings go hand-in-hand with better living conditions and improved health," said Cohen, "while a dirty, unsanitary home . . . may result in hazards to healthful living.

"Buildings and property which are neglected, run-down and surrounded by . . . trash and rubbish lose their sale value" plus lowering the value of neighboring property, the sanitarian added.

Stating that rats are a great danger to health, Cohen said "clean-up week affords every resident an opportunity to do his part in the battle against the rat.

In addition to causing an annual loss by rat damage of more than two billion dollars in the United States the rat is a carrier of filth and disease for both man and domestic animals.

"Certainly food losses to rats in our farms, stores and homes is an important factor in these days of food costs."

By gnawing and burrowing rats weaken and destroy footings of buildings, start fires, damage plumbing and cause other home defects, said Cohen. They also carry ten human diseases, he stated.

"By keeping our homes, businesses and neighborhoods clean, by eliminating piles of trash and rubbish and by properly disposing of garbage, we can make things tougher for the rat and healthier for ourselves," the sanitarian advised.

Proper care and disposal of garbage is particularly important in spring and summer to help keep down the housefly population, Cohen stated.

The housefly moves from filth to food thus contaminating the food, Cohen explained. Germs it carries include those causing typhoid fever, dysentery and diarrhea.

Because flies multiply at a tremendous rate, Cohen said, every fly or fly-breeding place destroyed in early spring pays dividends in reducing their menace. Proper garbage disposal cuts down fly-breeding places, he added.

Points to remember, Cohen said, in garbage disposal are:

Garbage should be dry and wrapped in a newspaper or bag. A can under 20 gallons in capacity is best, tightly covered with no leaks. The can should be washed out periodically, and lined with fresh newspapers after emptying.

The area around garbarge cans should be kept free of spilled garbage. Cans placed on a rack above ground are recommended, with enough of them set out to handle overflow of garbage.

Animals on Parade for Opening at Zoo in Royal Oak

Pontiac Press Photos

ZOO OPENING—Detroit Zoological Park in Royal Oak opened today. Above, Calamity Jane, the zoo's youngest Puma poses in a comfortable basket. At left, polar bears form a majestic pyramid as they reach for food at feeding time. Arthur Brown (right), of Clawson, one of the park's animal trainers, holds about 275 pounds of lovable chimpanzee. The chimps are (left to right) Bobo, Tarzan and Julius. In the lower left photo, Zoo Director Frank McInnis poses Julius the chimp on the hood of Julius' car. Julius is the new entertainer in the popular Jo Mendi Theater, one of the favorite features at the zoo.

Car Registrations at 3rd Highest Mark

DETROIT (UP) — New car registrations in the first three months of this year amounted to the third highest first quarter total in automotive history, R. L. Polk & Co. said today.

The statistical agency said January-March registrations totaled 1,191,021 units, exceeded only by 1,416,162 registrations in the first quarter of 1951 and 1,286,437 at the start of 1950.

Registrations in March came to 480,731, compared with 369,592 in February and 340,698 in January.

City Works Head to Go to Engineering Parley

A nominee for president of the Michigan Engineering Society, Pontiac Superintendent of Public Works Joseph B. Jewell, will attend the group's 74th annual convention Friday and Saturday at which election of officers will be held.

The society will meet in Jackson, with retiring president William N. Kitchen of Battle Creek presiding. Talks on the uses of aluminum, color TV, Michigan copper mining and the business outlook plus several group discussions are included in the program.

Register Deeds Reports on April

Filed 677 More Papers, Revenue $6,040 Extra Over Like '53 Month

Oakland County Register of Deeds office filed more papers and made more money last month than in April 1953.

Orrin McQuaid, register of deeds, reported office workers handled 12,869 papers, charging $17,600 in fees. April 1953 totals were 12,192 papers processed for $11,560.

Biggest increase in papers was in the number of photostatic copies sold. Workers gave customers 2,186 photostats for $1,433.10 in fees, twice 1953 April's 1,091 photos that customers paid $917.25 for.

McQuaid said 2,608 deeds were filed for $4,326.65 in fees this April, a drop from last April's 2,849 deeds which cost customers $3,358.75 to file.

Mortgages totaled 1,198 for $3,929 in fees, a little over the April 1953 total of 1,108 mortgages for $3,003.75. Office workers charged a dollar each to process 5,411 chattel mortgages — a slight drop from last April's 5,537 filed for $2,768.50.

Man, 50, Crushed by Car

SAGINAW (UP) — Leland Werth, 50, of Carrollton, was killed Wednesday night when his car veered off a county road north of here and overturned.

Werth, who was driving alone, was thrown to the ground and pinned beneath the car.

BUNDLE OF FUR—Abandoned by her mother, this little Siberian Tiger cub is being raised by Dr. William Appelhof, zoo veterinarian. The baby, christened Czarina, was born April 19. Dr. Appelhof placed the cub in a temperature-controlled oxygen tent where she appears to be thriving on her prescribed formula. Czarina will require round-the-clock attention for some months yet.

Payroll Keeps Growing in Adrian

Editor's note: Buy B. Sampson, managing editor of the Adrian Daily Telegram, has written the following story on the accomplishments and problems of Adrian since the end of World War II. It is the 13th in an Associated Press series on Michigan cities.

By BUY B. SAMPSON
Adrian Daily Telegram
Managing Editor

ADRIAN (AP) — A $9,785,000 payroll increase since mid-1944 is the optimistic springboard for Adrian's continuing expansion.

Mayor Claude E. Porter estimates the prospects for 1954 are as good as for the big year of 1953.

He says the payroll boost reflects Adrian industrial expansion during the past decade. A work force growing since 1944, shared a record $27,785,000 payroll in 1953.

amount, says Mayor Porter, is due amount, says Mayor Porter is due to higher living costs.

Adrian's general area encompasses some 50 industrial plants.

Civic officials point to their city's progress by showing it never has been declared a distress area for unemployment. An informal census shows a one-third population increase in the past 10 years.

Further proof, they say, rests with the recent location in Adrian of the Bridgeport Brass Co.

At the same time, however, Bridgeport has stumbled over the lone major problem in the overall picture.

The huge Connecticut firm has taken over the U. S. Air Force plant built during World War II and operated most recently by Bohn Aluminum & Brass Corp. Bridgeport was faced by the problem of disposing of some 800 ex-Bohn employes.

These workers, represented by the CIO United Auto Workers Union sought to have their seniority continued. The Bridgeport firm objected on the grounds it needed specialized workers and agreed to hire only a few Bohn employes.

A near stalemate was averted by a public meeting in April which secured a compromise between labor and management. Bridgeport received an interim union contract, effective until 200 employes are hired.

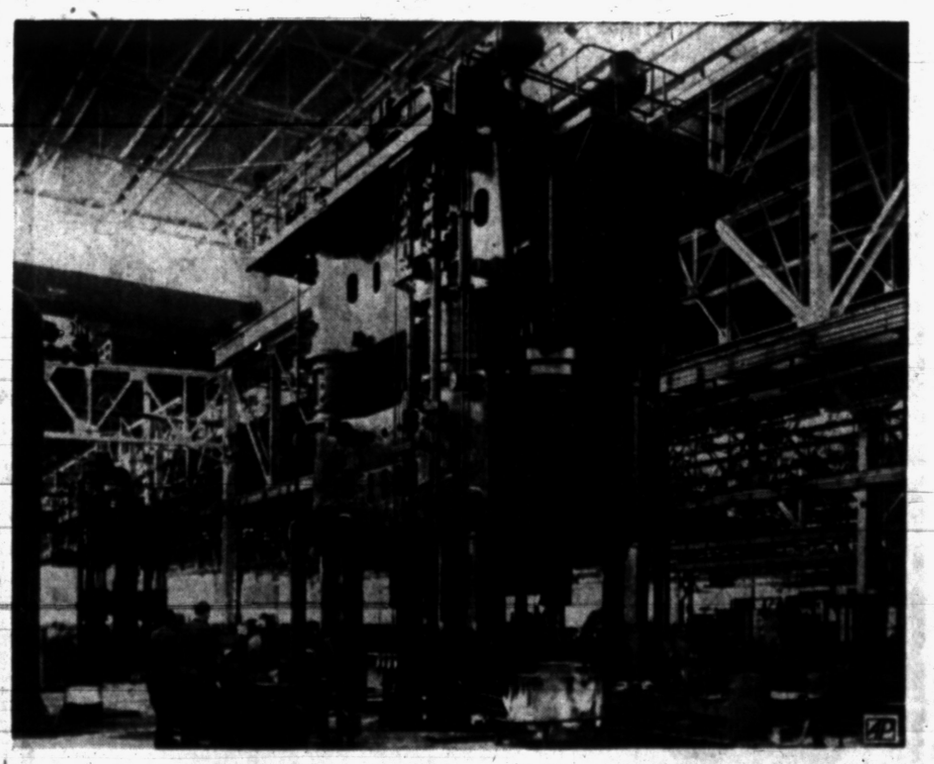

At that point a new permanent contract must be negotiated with the union. Company officials expect to hire about 1,500 to 2,000 workers. The problem, meanwhile, is to show prospective consumers that the company's new location can produce its goods economically and on schedule.

Mayor Porter says, "As industry goes, so goes the city."

Re-zoned and growing residential and shopping districts, new construction, off-street parking and loading facilities are among the high points noted this year in Adrian.

Two newly built furniture stores, two department stores under construction and several smaller downtown shops are part of the 1954 picture. The face-lifting also includes the $1,000,000 construction of a new by-pass on U.S. 223. Work already is underway.

Civic leaders feel Adrian's proximity to Detroit, Toledo, Jackson and Ann Arbor has induced a definite trend toward industrialization. They believe it means steady progress.

HUGE FORGING PRESS—This huge 17,500-ton forging press, its gigantic size contrasting with workmen in the foreground, is in operation at the U. S. Air Force plant in Adrian, now operated as the aluminum division of the Bridgeport Brass Company. The press above is one of the three largest in the world.

Child Guidance Clinic Open House Set Today

Pontiac Child Guidance Clinic is welcoming visitors today to its annual Open House from 3 until 5 and 7:30 until 10 p. m.

Tours of the clinic offices at 113 Franklin Blvd., discussions of children's problems and a special film, "Roots of Happiness," will highlight the clinic program. Free refreshments will be served.

Gagster Piques Warden

WETHERSFIELD, Conn. (UP)—Persons telephoning a number given in a "rooms for rent" advertisement were told by Ralph H. Walker that the ad was placed by a prankster. Walker is warden at the state prison.

WINS SUIT—Donald Burke, right, of Chicago, Ill., and his brother, Patrick, manage big smiles after Don was awarded $105,000 damages by a railroad company to settle a damage suit. In the accident, Donald lost part of his left leg. He and his brother were walking beside the railroad tracks on a public path, when one of the freight cars swayed, struck the boy and pulled him beneath the car. Pat pulled his brother out and saved his life.

New Salk Test Employs Color

Method Gives Quicker Check of Effectiveness of Polio Vaccine

PITTSBURGH (UP)—A new test will make possible a quicker check on the effectiveness of the Salk polio vaccine.

Dr. Jonas E. Salk, who developed the vaccine, and Dr. J. S. Younger, both of the University of Pittsburgh, explained the new test at a session yesterday of the Society of American Bacteriologists.

• • •

They said the test employs color changes to show whether the blood of an inoculated child has developed sufficient antibodies to kill live polio viruses.

• • •

Dr. Salk said the new testing techniques have already been made available to laboratories cooperating in the current nationwide field trials of his vaccine.

Briefly, the test consists of placing blood sample from a vaccinated child in a test tube with polio virus and other substances. The test tube is then placed in an incubator for seven days. If the mixture turns from red to yellow, it means the child, theoretically at least, has developed sufficient antibodies in his blood to kill the polio virus.

The test, says Dr. Salk, will help in determining the number of inoculations needed and the best spacing of the shots for maximum effect.

Sound travels four and one-half times faster in water than in air.

SATISFYING THE CUSTOMER—Three students all lend a hand as insurance agent Malcolm Conant (left) selects a pair of shoes during senior day in Milford Wednesday. Students took over operation of 30 Milford stores and businesses to help finance the senior class trip to Washington, D. C. Shown eagerly satisfying their customer are (l. to r.) Tillie Bowman, Sharon Hanson and Dick Culhan.

Students Operate Stores

Milford's Senior Day Nets Over $500 for Class Trip

MILFORD — Main street in Milford had an air of festivity Wednesday. Downtown parking was at a premium, and shoppers crowded the streets and stores for the first time on a Wednesday since 25 years ago.

Wednesday was senior day in Milford. The stores, usually closed, remained open while senior classmen took over their operation.

The seniors were allowed a share in the total profits of 30 stores — up to $500 — to help finance a seven-day class trip to Washington, D. C. in June. Profit in excess of $500, and $100 allotted by the merchants for advertising expenses, was to go into a Chamber of Commerce fund.

A quick tabulation of profits after closing hours last night revealed the seniors made well over the $500 mark. Seniors were to meet with Chamber of Commerce President Charles Newell, Principal Erwin Johnson, George Richardson, originator of senior day, and a committee representing the 30 merchants at 10 a.m. today for a final tally of money made.

It was the first year that students took over the business of operating the stores. In previous years they took the reins of the village government for a day.

Although it was primarily a senior project, underclassmen pitched in to help make it a big day. In each store cooperating in the project there were at least three students acting as sales clerks, stocking the shelves and greeting customers.

One Main street gas station did a booming business washing cars, the owner giving 100 per cent profit to the four boys who operated the business.

Woman's Club to Attend Federation Gathering

ROCHESTER — Woman's Club will skip its regular meeting Friday to attend the Oakland County Federation of Women's Clubs meeting in Holly.

The local group is making plans for Reciprocity Day which will be held in Romeo May 22.

Reservations Are Due

WATERFORD — Reservations are due Saturday for the Waterford Village Mothers Club annual Luncheon at Howard Johnson's May 13. Reservations may be made by calling Mrs. Adolph Stoll, OR 3-6411.

Dale Dunbar Acts as Romeo Mayor

ROMEO—Acting as mayor of the village of Romeo in the state-wide observance of Michigan Week was Dale Dunbar of Homer.

The honorary official was escorted on a tour of the village, its churches and outlying fruit and cattle farms during his day in Romeo. He was presented with the key to the village by Mayor protem Mrs. Jacob Martz.

Dunbar was feted in the late afternoon at a coffee hour held in Masonic Temple which was attended by members of service clubs and local businessmen.

Romeo's own mayor, Philip M. Stone served in his official capacity in Homer.

Stone School PTA Lists Newly Elected Officers

AVON TOWNSHIP — Newly elected officers of Stone School PTA include:

Mrs. Dorland Lash, president; Walter Mareski, father vice president; Mrs. Donald Baum, mother vice president; Mrs. Bertha Plumz, teacher vice president; Mrs. Marshall Gooley, recording secretary; Mrs. Bevin Bates, corresponding secretary; Mrs. Susie Bitterle, treasurer; Mrs. Walter Laughead, historian; and Mrs. Donald Thayer, parliamentarian.

Auburn Community Club Has Dancing Saturday

AUBURN HEIGHTS — Modern and old-time dancing will be featured at the Auburn Heights Community Club House, 220 S. Squirrel, Saturday night.

Music by Harvey Perry's orchestra will start at 9 p.m. The public is invited.

Cass City Couple Tells Daughter's Engagement

CASS CITY — Mr. and Mrs. Harold Murphy announce the engagement of their daughter, Patricia, to Dean Toner, the son of Mr. and Mrs. William Toner of Cass City.

A wedding has been scheduled for July 17.

Couple Is Wed in Church Rite in Pennsylvania

ORTONVILLE — Joanne Kellar, daughter of Mrs. Lewis Ervin Kellar and the late Mr. Kellar, became the bride of Charles Allen Owen, son of Mr. and Mrs. Claude W. Owen in First Presbyterian Church, West Chester, Pa., May 1.

Mary Jane Bricker of Wayne, Pa. was the bride's attendant and Stuart B. Owen of Ortonville, was his brother's best man.

Ushers were Linford Owen of Ortonville, Dr. Alex Widiger of Midland, W. Brinton Smith III of West Chester and Joseph H. Collie of Wawa, Pa.

A reception followed at the West Chester Golf and Country Club.

Upon returning from their wedding trip, the newlyweds will make their home in Charlotte, N. C.

Pair Makes Cass City Home After Marriage

CASS CITY — Making their home in Cass City following their marriage May 1 are Mr. and Mrs. Frank O. Alexander Sr. They were married in a ceremony in the Evangelical Church parsonage.

Mrs. Alexander is the former Ann Wolfe of Pinnebog. Attendants at the wedding were Mr. and Mrs. Nicholas Alexander of Gagetown.

British Tramps Hopping Channel to Find Hobo Life

By LAURA Z. HOBSON
(By International News Service)

A British hobo has just spoken up against the welfare state, and I suppose he's already "the vagabond lover" of economists and politicians who've been panning the same thing for years.

British tramps, it appears, are now hopping the Channel for France and Italy where a rugged individualist can still pursue the hobo way of life.

According to Ernie Henson, a veteran of England's "Broad Highway," a paltry 2,000 hoboes are all that remain of "scores of thousands" in the good old days. The Labor government of 1945, he says, started the migration by "taking care of persons without a settled way of living." That ruinous policy has never been reversed.

"We've been registered," the eloquent Ernie continued, "checked, urged into newfangled reception stations, put in taxis to the nearest hostel, bathed, questioned and generally treated as prehistoric freaks."

Well, Britain can take care of her reputation with her own hoboes, but it would kill me to discover that true-blue, red-blooded U.S. hoboes were equally dissatisfied with the American way of life.

However, I'm happy to report they're not.

This flash comes to me from a fellow journalist, Mr. Harry Baronian, now editor of the "Bowery News." He tells me the good old U.S.A. still has a hobo population of 10,000 at the minimum, and perhaps 25,000 at the maximum. Most of them, it's true, are to be found in the West.

It's only the effete, over-civilized and over-industralized East that can hide its head in shame. It's absolutely out of the running.

The "Bowery News" is a corporation with stock owned by such regimented, bathed and clock-watching characters as two sanitation department workers, one waiter and one subway employe.

There are also a poet, a writer, and an artist or two—but these are probably only the "innocent front" for the more solid holders of this journalistic stock.

Back in 1942, what's more, there was a hobo convention held in the East, and though Baronian didn't say so, I hope I'm psychologist enough to guess that it must have persuaded many news prospects to obey Horace Greeley and go West.

The hobo convention, said Baronian, "was held in suite 1438 of a big flophouse called the Waldorf Astoria Hotel."

Really! Welfare state or rugged individualism, what self-respecting hobo would put up with highfalutin diggings like that?

RUSSIAN KINGPINS—Premier Georgi Malenkov (left) and Red Army Marshal Gregory Zhukov are bidding for leadership as internal intrigues rage within the Communist empire. Since Stalin's death, the army has gained influence and power.

Exchange Student Facing Sure Death

WATERVLIET, Mich. (AP)—A 17-year-old German girl will head home soon to her native Dusseldorf to the waiting arms of her parents and almost certain death.

Elfi Ludtke, an exchange student at Watervliet High School, has contracted the blood disease leukemia.

Doctors at Ann Arbor's University Hospital diagnosed the illness yesterday. They said the young student is being given daily blood transfusions. She may live possibly two more months, they said.

The State Department has arranged air transportation and a nurse to accompany her home.

Students on Strike, Protest Dismissals

ROLLA, Mo. (AP)—More than 200 Rolla High School students walked out on their classes yesterday in protest over the dismissal of two teachers and the resignation of two more.

The school shut down.

The Board of Education voted Monday night to dismiss Mrs. Mae Hailey, art teacher, and C. A. Largent, diversified occupation teacher. The board also tabled the contracts of Mrs. Isabelle Estes, music teacher, and three others.

Mrs. Estes and her husband Harry thereupon announced their intention to resign from the school system.

The board gave no reason for its action.

Smart and Brilliant Go to Court, Lack Answers

NEW YORK (AP)—Walter Smart and Morton Brilliant were arraigned in Night Court last night. But Magistrate Louis Kaplan had all the answers.

Brilliant, 39, an accountant hoping to take a bar examination soon, was held in $500 bond for Traffic Court no the basis of 21 pending traffic summonses.

Smart, 60, drew six months on a disorderly conduct charge.

Beef and Fowl Price Favorites

Rib and Chuck Roasts Best Buys but Sirloin Steak Higher

By the Associated Press

Beef, chickens and turkeys will be the big favorites in the meat departments of most of the nation's food stores this weekend.

Among beef cuts, stores are giving prominence to rib roast and chuck roast. Rib roast will be down four to eight cents a pound from a week ago in a number of markets, and chuck beef will be a few cents to as much as 12 cents a pound cheaper.

Sirloin steak, on the other hand, will be higher in some areas, with increases ranging from two to 10 cents a pound from a week ago levels.

A look at the wholesale markets shows that chickens are a few cents cheaper than a year ago. Meanwhile, beef is a bit higher generally and pork is considerable more expensive.

By and large, leg of lamb will be selling at the same prices as a week ago.

Eggs will be up a few cents a dozen in some areas and down a little in others. Butter shows little change.

Secretary of Agriculture Benson is still trying to find a way to get rid of the government-owned surplus of 360 million pounds of butter.

Prices of frozen orange concentrate have been creeping upward. This week, the big producers announced the third increase in less than a month. The latest boost will add about one to one and a half cents to the retail price of a six-ounce can.

The best buy in vegetables, according to produce specialists, are potatoes, onions, spinach, celery, radishes, asparagus, squash, peas and cucumbers. Cabbage and tomatoes went a little lower at wholesale this week while lettuce moved up.

Strawberries remain the best buy in fruit. Citrus fruit prices are about the same as a week ago. Apples are described as moderately priced.

KISS-CURL — The tail of this eight-inch diamond cockatoo clip gives a kiss-curl effect to the gamin hairdo created by hair stylist Carita Alexandre in Paris.

Crew Removes Trees to Install Water Main

A seven-man Pontiac Parks and Recreation Department crew is clearing a 20 by 60 foot swath through a wooded area near the Hawthorne School for installation of a water main and power lines to service the three new city water wells being built there.

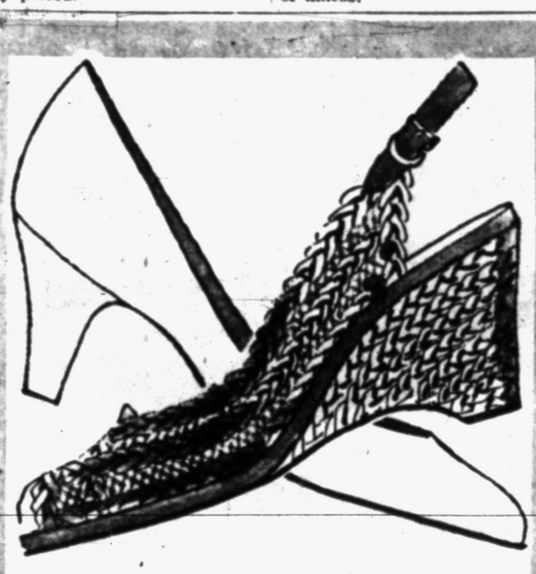

David R. Ewalt, Parks and Recreation Department director, said the crew expects to get from 2,000 to 3,000 board feet of lumber from the operation to use in building picnic tables, truck bodies and in repairing other city equipment.

Hart Voters Approve School Bond Issue

HART (AP) — Voters Tuesday approved a $150,000 elementary school building project. The bond issue carried 312 to 225. The millage increase of 10.5 mills was approved 388 to 242.

Last November voters had rejected a more costly project, a $295,000 program that called for added construction of a shop and agricultural and band rooms.

An average American worker is idle 10 days each year because of illness.

FOR CAMPERS—Portable water bag and wash basin that can be attached easily to the side of an automobile are demonstrated at a Munich, Germany, camping exhibition.

Gillette Says Divided GOP Bungled Talks in Geneva

WASHINGTON (AP)—Sen. Guy Gillette (D-Iowa) told a national Democratic conference today the United States suffered "an astounding and unprecedented reversal" at Geneva on the question of Indochina. He blamed it on what he called a "split" Republican administration lacking a foreign policy.

He said the 1952 election put one group of Republicans in charge of the executive branch and another group in Congress. The "fiasco" at Geneva, he said, is only the most glaring example of what price America is paying in the struggle against Communist imperialism.

* * *

Secretary of State Dulles said yesterday the Geneva talks are going about as anticipated and that he knows of nothing that has happened to justify an interpretation that the United States had suffered any defeat.

President Eisenhower told his news conference a few hours later he has unqualified faith in Dulles. He said no one loses a battle while the battle is still going on.

Gillette said selection of a Democratic Congress in November would not cure "the split in the Republican party, which may well be incurable, but it will heal the breach in our government and allow the President to lead America in the leadership of the free world."

* * *

Gillette, a Foreign Relations Committee member, said the country will live to regret the administration's decision not to use the United Nations machinery to halt the Indochina war.

"We could have hauled the Red aggressor before the bar of world opinion," he said, "but we preferred to revert to outworn methods of military intervention."

Gillette's remarks were prepared for a panel on "American security" at the second day's session of the Democratic National Committee meetings. The party rally will come to a close tonight with a $100-a-plate Jefferson-Jackson dinner at which former President Truman will be an informal speaker.

* * *

Sen. Lyndon B. Johnson and Rep. Sam Rayburn, Texas leaders of the minority party in Senate and House, are billed for "major speeches" to pep up the drive for election of Democratic majorities in Congress in November.

Adlai E. Stevenson, the party's 1952 presidential candidate, was originally listed for a talk, but he did not come on advice of his physician. He is recovering from an operation.

Late yesterday, Chairman Stephen A. Mitchell of the national committee cautioned Democrats to beware of "political indictments" he said may be instigated by Atty. Gen. Brownell, and of "smear and fear" tactics of Sen. McCarthy (R-Wis) in the coming campaign.

* * *

Mitchell urged his fellow Democrats not to be over confident, even though he said their party holds a "most genuine advantage" over the Republicans "in the basic confidence of the voters and on the major issues of the day."

Is life catching up with you? Or are you catching up with life? Or put it this way: Are you just working for your money, or is your money working for you? You'll catch up with life you hope to enjoy if you start saving now — regularly, in United States Savings Bonds.

What do you want—a new car . . . a new home . . . education for your children . . . leisure-time travel? Unfortunately, so many good things in life aren't free! Plan to have them just the same. Dollars invested today in United States Savings Bonds return with interest—wake up and live tomorrow!

Noisy Tape Recording to Combat Noisier Birds

BOSTON (AP)—Flocks of starlings have been ruining the sleep of Quincy residents near the Fore River Bridge. With a novel plan to scare the birds away, the Public Works Department has obtained approval for purchase of a tape-recording outfit.

Frightened cries of captured starlings will be recorded and played back to the flocks at the bridge.

Styles Seen Against May Background

Floral Motif Used at City Federation Fashion-Bridge

By JUDITH L. CLEMENCE

May flowers surrounding an elaborate maypole on the stage of the Elks Temple Wednesday evening provided a proper background for the "May Flowers" fashion show sponsored by the City Federation of Women's Clubs.

In keeping with the "May Flowers' theme, fashions shown by Peggy's were versatile—the type to be worn with elegance through the remainder of spring and way up until fall.

Nearly every woman could be lovely in the "pink lady" costume of polished cotton which was first to be seen in the cotton parade. This backless sun-dress or evening dress becomes a daytime dress when worn with its orlon knit jacket.

Fashion-conscious women will remember the many outfits which featured the empire waist and the dresses with Pellon linings that hold the shape of the dress so well.

The elegant costume look was done to perfection in a gray silk shantung coat with three-quarter cuffed sleeves. The matching dress revealed back interest in demure white bows tied across the back.

A navy redingote over navy and white polka dots is typical of the many costumes being seen this spring which make use of the delightful mixed fabrics.

A fashion note was the tailored suit of palest orchid which was shown to its best advantage with accessories of deep purple.

Sports wear and bathing attire were shown in prints, solid colors and in varied fabrics which will delight many women this season.

Models winding the maypole in a complete vacation wardrobe ended the evening's showing.

Chairman of the evening was Mrs. Cecil McCallum, with Mrs. Howard O. Powers as cochairman.

Committee chairmen were Mrs. Paul Gorman, president of the federation, who welcomed the guests; Mrs. Aaron Fox, Mrs. Ben A. Ronan, Mrs. Fred G. Coleman, Mrs. S. V. Sekles, Mrs. Donald B. Hildebrandt, Mrs. Ralph T. Norvell, Mrs. Julian Levine, Mrs. Q. Don Breen, Mrs. Donald K. Ely and Mrs. R. Sanford Craft Jr.

A mock wedding during intermission was presented by Mrs. George Morrow, Howard Powers, Ronald Hodges and Richard DeWitt.

Proceeds of the party were turned over to Mrs. Gerald Kirkby, executive secretary of the Oakland County Society for Crippled Children, to be used in the society's work.

Pontiac Press Photo

Mrs. Walter Brown (left) Oakland County home demonstration chairman; Mrs. Max Williams (center) of Royal Oak, guest speaker, and Eleanore Densmore (right), home demonstration agent from Kent County, another guest speaker, stopped together to look over the program Wednesday at the Home Demonstration Achievement Program at Washington Junior High School.

Speakers Cite U.N., Point 4 Work

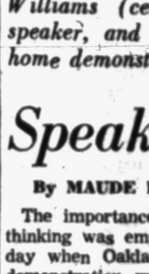

By MAUDE H. DONAHUE

The importance of international thinking was emphasized Wednesday when Oakland County home demonstration groups met for an all-day Achievement Program at Washington Junior High School.

Centering the theme of the program on "Towards a United Nations World," the group emphasized the importance of knowing about the United Nations and about other peoples of the world.

Guest speakers for the occasion were Mrs. Max Williams of Royal Oak, a member of the Public Speakers Research Committee of the United Nations, and Eleanore Densmore, home demonstration agent of Kent County.

Mrs. Williams, speaking on "The Path to Peace," said the world knows too little about the paths to peace and security. She challenged the group to do something about the United Nations in its study groups, saying it takes knowledge to combat fallacy with fact.

Mrs. Donahue

Food, education, health and housing were cited as the necessary needs of people to achieve the path of peace.

Mrs. Williams went on to describe the United Nations buildings in New York City, emphasizing that the six-acre site is international territory, free to fly the United Nations flag above all other flags.

She closed with the thought that in order to work for peace one must have his ideas grounded in faith, a certainty in truth, patience, humility and strength. "For," she said, "it is from the rightness of mind everything else flows."

Miss Densmore, speaker for the afternoon session, received her B.S. degree from Michigan State College and an M.A. degree from Columbia University. A home demonstration agent for many years, she spent quite some time in Okinawa with the Point Four program as a representative of Michigan State College.

Showing colored slides of the new university in Okinawa, she gave a background history of the island and brought out the life and customs of the islanders as well as the history and progress of the university there.

As one of five representing the college, she pioneered in presenting a college education to women there.

Mrs. Walter Brown, county chairman, welcomed the group and Mrs. Josephine Lawyer, county home demonstration agent, introduced the executive committee for the past year.

Mrs. Henry Ellis reported on the world meeting of the Association of Country Women of the World last August at Toronto. The theme of the conference was "To Improve Rural Homes and Communities."

The 900 delegates heard all speakers emphasize the role of food in aiding underdeveloped countries, since hunger and starvation are underlying causes of political unrest.

Resolutions of the conference were to conserve trees and to urge UNESCO to increase consideration of women in underdeveloped areas.

Square dance skirts made by members of the various district groups were modeled in a fashion show, as well as cotton dresses also made by the members.

Mrs. Dora Looney, past chairman, reported on the Boston meeting of National Home Demonstration representatives last August, when "Faith in Our World" was the theme. Emphasis was placed in shifting stress from arms to problems of freedom, and changing values from materialistic to spiritual.

Mrs. Looney was presented with a past county chairman pin by Mrs. Brown for her 20 years of home demonstration work.

Mrs. Brown, Mrs. George A. Perry and Mrs. Charles Brucker paid tribute to the chairmen, leaders and secretaries of the individual groups. Mrs. Harry Clark Jr. introduced the morning speaker, and Mrs. Frieda Bennett was introduced as assistant Oakland County home demonstration agent.

Meeting Scheduled by Delta Gamma

Delta Gamma Alumnae Group Two will hold a business meeting Tuesday at 8 o'clock in the Birmingham home of Mrs. E. R. Lindlow.

Cohostess for the evening will be LuAnn Lacy, Pat Duff and Mrs. Richard Wind. Reservations may be made with the hostesses. New members may contact Mrs. David Taylor of Birmingham.

Angeline Kachinski Honored at Shower

Angeline A. Kachinski was honored with a kitchen shower recently at the home of Mrs. Robert E. Toth in Drayton Plains.

Angeline, who is the daughter of Mr. and Mrs. Julius Kachinski of Chippewa road, will speak her vows with Charles W. Austin June 12. He is the son of Mrs. Ella Austin of Downing court and the late Mrs. Austin.

Coming Events

Association for Childhood Education will hold its May Breakfast Saturday from 9:30 to 11:30 a.m. in Devon Gables.

Malta Temple Association will serve a fish supper Saturday at 5 o'clock in the temple.

Party Whirl Is Enjoyed by Dee Vann

May 15 Bride-Elect Honored at Host of Prenuptial Events

Dee Vann, bride-elect of Lt. Walter Mitchell, has been caught up in a round of parties which will continue until she speaks her vows with Lt. Mitchell May 15.

Dee, daughter of Mr. and Mrs. W. H. Vann of Watkins Lake, was honored Wednesday noon by Mrs. William Shunck, and a party was planned for today by Joy Van Hise of Bloomfield Hills.

Monday, Mrs. Dora Dawson and Mrs. Helen Teitgen will open their home on Tilden avenue for a party honoring the bride-elect, and Wednesday Mrs. J. A. Rammes and Mrs. A. W. Seiden will entertain for her at the Rammes home at Sylvan Lake.

Dee and Lt. Mitchell will exchange their vows at First Congregational Church. He is the son of Mrs. James K. Glennon of Panama City, Fla., and the late Walter Mitchell.

A recent pre-nuptial party was given by a classmate at Agnes Scott College, Mrs. Edgar G. Adams, and her mother, Mrs. E. J. Heisley of Atlanta, Ga.

Mrs. Allan Monroe, Mrs. Gelston B. Poole, Mrs. Frederick Poole, Mrs. Joseph Dempsey and Sue McDougall honored Dee with a luncheon Saturday at Women's City Club, Detroit.

On May 14 the Vanns will host a rehearsal dinner at Devon Gables and after the Saturday wedding the same group will be served a buffet dinner at the Vann home.

Iraq Caldron Marks Founding at Meeting

The meeting of Iraq Caldron Seven Daughters of Mokanna, was held at the Grotto Hall Wednesday evening. In celebration of Founders Day, the history of the Caldron was read by Mrs. Glenn Jolly and an anniversary poem was read by Mrs. Fred Crossman.

Announcement was made of a card party to be held at the home of Mrs. Harry Miller on May 20. Obligation Night will be observed at the next regular meeting on June 2.

The social committee for the meeting included Mrs. Russell Cutler, Mrs. Eugene Redmond and Mrs. Russell Woodbury.

Chairman of Sale

Chairman of United Spanish - American War Veterans' annual Carnation Mothers Day Sale is Alice Kimball. Funds go to veterans' hospitals and other charitable institutions.

MRS. J. C. COVERT

Mrs. J. C. Covert of Scott Lake road was elected president of the Presbyterial Society for the Presbytery of Detroit, at a meeting in the First Presbyterian Church of Pontiac Wednesday.

The Society is the women's organization of the Presbytery of Detroit. This Presbytery includes over 80 churches with over 50,000 members, making it one of the largest Presbyteries in the nation.

Mrs. Covert, who is currently chairman of the December Group of the Women's Association of the First Presbyterian Church, has served as chairman for missionary education, chairman for social education and action, and second vice president of the local Women's Association.

In 1952 Mrs. Covert served as president of the United Council of Church Women of Pontiac, an organization representing the women's work of most Protestant denominations in the greater Pontiac area.

Greens Enjoyed 3-Month Cruise

Home From South Pacific

Dr. and Mrs. William Green have returned to their home on West Iroquois road after spending three months in the South Pacific. Included in their cruise were visits to South America, Australia and New Zealand.

Back at their home on Tilden avenue are Mr. and Mrs. Frank Blanchard who spent the winter in St. Petersburg, Fla.

Word comes from White Sulphur Springs, W. Va., of several area residents there to attend the Greenbriar Spring Festival this weekend. Among those at the southern resort are Mr. and Mrs. Philip Monaghan.

Mrs. Richard Astalos of Lansing, the former Karlene Griesbach, will give a soprano recital Sunday, beginning at 4 o'clock, at the Music Auditorium in East Lansing.

Mrs. Astalos, daughter of Mr. and Mrs. Charles R. Griesbach of Drayton Plains, will present the recital to fulfill partial requirements for graduation.

Fireside Club will meet Friday with Mrs. S. W. Trythall on Willow lane. Mrs. Frank Castell will review "The Life We Prize" by Elton Trueblood.

Sunday in Ann Arbor, high school music students will participate in a music festival. Representing Pontiac Schools will be Helen M. Davis and George Putnam.

Announcement comes from Albion College that four area residents were named to the Dean's Honor List recently.

They are James C. Braid, son of the C. C. Braids of Rosewood drive; Mrs. Ann Peters Elms, daughter of the A. F. Peters of West Brooklyn avenue; Nolan D. Kaiser, son of Mr. and Mrs. Carleton A. Kaiser of Ledyard street, and Thomas J. Knight, son of the I. T. Knights of Mark avenue.

John S. LaMonte is currently on tour with the Kalamazoo College Singers. A sophomore at the college, John is the son of Mr. and Mrs. Charles LaMonte of West Iroquois road. He is a baritone soloist with the group.

Home Appliances Morale Builders

Homemakers buy household appliances, — washers, dryers and ironers, first, because they do away with the old-time drudgery of the scrubboard, the trek upstairs from the basement carrying heavy loads of wet clothes, and the interminable standing, lifting, and pushing back and forth of the sad, sad iron.

But, almost as many women say they buy the appliances because of the convenience; they can do the entire household laundry in a few hours instead of days each week, thus giving more time for pleasant pursuits. Good household appliances are morale builders, too,—they add self-respect to any woman.

Careful With Fire

Everybody loves picnicking. And a fire, for cooking or just looking, is fun. But play safe. Build yours in an open space so winds cannot carry flames to trees and brush.

With Tier Curtaining

Unify Door and Windows

By ELIZABETH HILLYER

How can two windows with a door close between them be curtained attractively? The door is always the big problem — how can it be treated to relate it to the windows?

Here is one solution, in answer to a letter from Mrs. V. S. who enclosed a sketch of the entrance to her home.

The glass in the door is, of course, less deep than the window glass, which is a good reason for a tier curtain design.

Make the top tier of the window curtains hang just as long as the door curtain must to cover the glass, and the effect is of three matching curtains.

The lower tiers in this case are short, but they could be longer and even add a third tier to the floor.

Fabric for the curtains may be a casement cloth, which light comes through, but it shouldn't be one of the lightest weight sheers that float airily, to be in the way when the door opens and closes.

Small rods set into the frames keep the curtains close to the door and the wall.

* * *

Mrs. K. B. The bannisters of our stairs have been painted so often that the thick paint chips off and hardened drips of paint show under the carved-out places in the posts.

"Would you recommend our trying to remove the paint, since another coat would only make it worse? The staircase is old and beautiful and it's a shame to have it spoiled this way."

Much can be done with careful sanding, but in this case, it wouldn't be a lot easier than using a paint remover.

A paste-type remover will help greatly, because it doesn't drip down. The job will take time and pains, but it doesn't require special skill and should be worth it.

Mrs. N.L.S. Has the three-piece dresser set, a comb, brush and mirror, been outmoded? If so, what is placed on a dresser instead? Bottles should be kept on a vanity, shouldn't they?"

Sets are less often used now, preferably because most of us prefer more business-like, handier and less decorative combs and brushes.

These two useful articles are usually kept inside a drawer and decorative boxes and bottles and other decorative objects, often those which are not useful, are exhibited instead.

Massages Aid Sagging Jowls

Even more than wrinkles, hanging jowls reveal the passage of the years in a very unflattering way. They change the contours way. They change the contours of a woman's face, giving her a perpetually downcast expression.

Though sometimes due to overweight, this condition is usually caused by the sagging of the muscles just under the jawline.

Fortunately, when caught in its early stages it can be corrected with persistent massage.

You can easily find the area which requires massage by smiling broadly into a mirror. Note how the cheeks lift and feel the little ball of hard muscle that has formed.

Watch the muscle disappear as you cease smiling. That is the area in which you should work. Massage firmly with your finger tips, working upward only. Do this for several minutes at least once a day.

After massaging, apply face cream and splash on lots of cold water.

You can also help to restore these muscles to firmness by maintaining a pleasant expression throughout the day.

Utensil Versatile

Both ends mean business on a new kitchen utensil that helps you (at one end) harpoon olives in a bottle and (at the other) scrape remnants from narrow-necked jars with a flexible blade that will not collect ingredients.

The only thing a sweater does for some girls is to make them itch.

Survey Shows an Alarming Shortage of Nurses

By PATTY SIMMONS

WASHINGTON (NEA) — You hear a lot about what's wrong with nurses and nursing these days.

Some of the answers can be found in a unique and painstaking survey conducted by Congresswoman Frances P Bolton, (R-Ohio) who threw six questions at some 10,000 persons.

Here's what she asked leaders in the health field:

Did they believe there was a nurse shortage? If so what were the causes? Is financial aid needed and if so, where? How did they feel about federal aid, state aid or a combination of both?

The reply to the shortage question was an overwhelming "Yes," in certain cases modified by the reservation, "not in this area." The "No's" represented less than 2 per cent of the answers.

"I sent out 10,000 questionnaires to a representative list of nurses, doctors, hospital administrators, nursing schools, educators, laymen, state governors, federal and state health authorities," Rep. Bolton explains.

Nearly 4,000 replies were received, a surprising percentage compared to usual survey response.

The survey showed that many antagonisms exist in today's nursing profession between registered and practical nurses; between trained and untrained practical nurses; between nurses, doctors and administrators; between nurses on general duty and those in the armed services, veterans' hospitals, public health and industry, and between the young and the older nurses.

The reason for the nursing shortage was expressed in a variety of opinions:

Competition of jobs open to high school graduates with little or no extra training.

High cost and length of nursing training without stipend.

Low pay, plus long and irregular hours in the profession.

Greater demand for nurses with more people using hospitals.

Competition of other nursing fields, such as public health nursing, industrial nursing, use of nurses in doctor's offices and better working conditions in government-managed nursing services.

The decline of altruism so important in nursing.

Reduced birthrate during the 20's and 30's which makes for less woman-power at the age when nurses train.

The effect of the shortage on care of patients was considered critical or "serious" by the majority of the respondents.

The majority favored federal aid to schools to help overcome the shortage, the method most approved being federal-state matching funds administered at the state level.

Mrs. Bolton feels that some prolonged factual research on the nursing shortage would be sound, plus an educational program to make it clear to all branches of the health field that the problem is a common one.

She declares that unless something can be done immediately to reverse the trend toward an ever-increasing nurse shortage our nation "will face a truly appalling crisis in health care."

Mrs. Bolton has two nursing bills before the present Congress, one to give grants and scholarships in the nursing field; the other to give male nurses commissions in the armed services. The latter might be tagged an "equal rights bill for men."

Nurses take the oath: Too much "better pay" competition?

Vacuum Big Help in Cleaning Porch

With spring here and summer just around the corner, the sun porch again becomes a topic of discussion. Should it be redecorated or cleaned or can it possibly last out another year the way it is now?

Try cleaning everything thoroughly and then, also using the vacuum cleaner, spray the wicker or metal frames of the furniture and then consider getting new slip-covers. Give the grass rug an extra-special vacuuming. If it then is not a lot newer looking than you thought, vacuum-spray dye on both sides.

Get Right Size Clothes for Baby

Everyone should wear clothing that does not restrict his movements. But this is particularly important for baby who is learning control of his muscles. Select his clothing according to his size, not his age.

Be sure he'll have plenty of room at the armhole, knee, waistline and crotch. And allow for shrinkage, especially in stockings.

Deceived Boy, Parents

Girl Trapped by Own Lies

By ELIZABETH WOODWARD

The trouble with lies—even the little white ones—is that they bounce back. And they aren't accidental, either. You launch a little fib in the hope that it will make a certain impression, accomplish a certain purpose, do you some good.

You think that the truth would get you in trouble. So you varnish the truth and find yourself really in deep. You have to correct the impression you made, explain away your purpose, and expose yourself for the big fibber you are.

Better not to start the game at all than to have to live through the torment a lie can start.

Here's a girl who's spinning like crazy and all because she didn't figure a lie would or could have repercussions. She writes:

"Dear Miss Woodward: I'm a freshman in high school and I like a boy who's a junior in another school. I met him at a party and liked him right away. And I told him I was a sophomore, but I think he's beginning to suspect I'm not.

"He tells everyone he likes me and has taken me to the show a few times, but he has never told me how he feels about me.

"My parents are very strict and don't allow me to go out. When Bill asked me out, I couldn't turn him down, so I had to lie to my parents. I didn't like deceiving them, but I would be punished for even thinking about dating a boy.

"If Bill does find out my true age, do you think it will matter? If he asks me out again I'll have to tell him I'm going somewhere else—I can't tell him the truth because he'll surely think I'm a baby.

"My problem seems to be getting worse instead of better and I don't know what to do. Please help me?"

Like a snowball, one of your little lies has led to another until now you're in a real tangle. You have Bill thinking the coast is clear. You have your parents thinking they can trust you. The funny thing is that it's terribly easy for Bill and your parents to find out what you've been up to.

But first, that original lie to Bill. You thought it would give you a better chance with him, didn't you? And he did take you to the movies a few times.

But it would only take a couple of questions to your friends or to you directly to find out that you aren't a sophomore and don't have your family's permission to date. Catching you red-handed is going to change his opinion of you.

As for your family—things are likely to pop around your house for a while. But it might be a good thing. Meeting boys is a normal part of going to high school, and it might be well to clear the air on that subject.

Perhaps your family will change the rules when they have a specific case to discuss.

Once the coast is clear with them, it will be easier to confess to Bill. It's time the truth came out before you get in any deeper than you already are!

IF busty, small-hipped—

Collared open low-V neckline, vertical folds above and below to minimize a full bust. Avoid drawstring blouse.

Miss S. H.—Bloused and neatly belted are synonymous in the new silhouette that releases the figure from molded lines. In fact the bloused top depends on a belt to minimize the waistline. Have your belt narrow and matching.

Mother Who's Young in Heart Will Appreciate Glamorous Presents

Personnel People Not All Cold, Rude

By ANNE HEYWOOD

"Why are personnel people so cold-blooded?" a young man writes.

"I have finally landed a good job, but in the process of getting it I had lots of interviews with personnel directors, and some of them were so cold and rude and impersonal that I would lose all my confidence.

"As a group, it seems to me, they demoralize the job hunter. Why do they behave like that?"

Well, in the first place, that is not true of all personnel people, or even of many. But the one cold-blooded person we encounter poisons our thinking about the whole lot.

Also, you must remember that for a while it was the custom to hire, for personnel jobs, the very scientific, factual person who frequently didn't have much warmth or intuition. Fortunately, that trend is changing now.

In addition, you must remember that the average personnel worker interviews so many, many people in one day that he, or she, being a member of the human race, does get tired, irritated and sometimes snappish.

So would you, if you interviewed all those people, with pressures and time limits and conflicting opinions from the top brass.

But, as I said before the trend is changing for the better.

For example, one publishing house in New York has a personnel interviewer named Loretta Lunt, who typified the new approach to this important field.

Mrs. Lunt is a charming, warm-hearted woman with a genuine interest in people which sustains her through an overwhelming number of interviews per week.

Even when there is no job in sight for the particular applicant who approaches her, she treats him with such friendliness, and gives him such useful tips, that he is forever grateful to her

Moreover, he forever after thinks of that particular publishing house as an excellent firm, and that is the kind of good public relations you couldn't get with a million-dollar budget.

Because Mrs. Lunt is such a successful person herself, I asked if she had any advice for young people, any particular pointer she had learned on her way up.

"Yes," she answered quickly, "I have. When you run up against a snag in your job, a difficult situation or a horrible person, don't resign and go elsewhere. You'll only encounter the same problem all over again.

"The reason is that the problem is always within ourselves, and never in the other person or the situation. Face it where you are, and lick it where you are, or you'll run into it wherever you go!"

WELLCO "Foamtreads"

WELLCO FOAMTRED slippers, with their bouncy "bubble rubber" midsoles, feature a soft, flexible leather outsole that cannot mar or scuff floors or furniture. And they come in those SO IMPORTANT NARROW WIDTHS.

Vacuum Applies Star's Makeup

Dainty Lily Pons is famous for her operatic singing, particularly in "Lakme," with its popular 'Bell Song.'

But who could imagine that a vacuum cleaner had anything to do with the presentation? Nevertheless, it does. The renowned divas maid uses one to spray body makeup for Miss Pons' role.

The singer keeps a typical home vacuum cleaner for that one purpose, but there is no reason why she could not turn it to a hundred-and-one other uses, the appliance is that adaptable.

Loosens Grease

A small cup of ammonia—left in the oven of the kitchen range overnight—will do wonders in loosening grease. Simply put the cup in the oven compartment after the evening meal. The ammonia helps loosen any cooking spillovers, too.

Mrs. Taylor Shares Her Cake Recipe

Great-Grandmother Makes Delicious Date Dessert

By JANET ODELL
Pontiac Press Food Editor

Today we have a recipe from a great-grandmother. Mrs. Jennie Taylor shares her recipe for date cake with us. This cake may be served as it comes from the oven or you may dress it up with whipped cream.

Mrs. Taylor says she is "just a plain, old great-grandmother, living all by myself." But to us she sounds like a vitally interesting person.

She is an active member of the Sunset Club and is a faithful church member. One of her hobbies is composing bits of verse.

DATE CAKE
By Mrs. Jennie Taylor

½ cup butter or margarine
1½ cups quick-cooking oatmeal
¾ cup light brown sugar
1 teaspoon soda
1 cup water
1 package dates
½ cup granulated sugar

Cook water, dates and white sugar together until mixture is smooth and thick; watch it, it burns easily. Let cool.

Mix butter or margarine with oatmeal, soda and brown sugar. Put half of this mixture in the bottom of 10x7x1½ pan. Spread date mixture over crumb mixture, spread rest of crumb mixture over the top.

Bake at 375 degrees until brown. Serve with whipped cream if desired.

by Anne Adams

Extra-easy—only two main pattern parts to cut out, stitch up for our favorite topper! Make it in wool, linen, or pique. It has the boxy lines you love—the back interest that's fashion news. Cuffs can be turned back at any length. Quick, sew it now.

Pattern 4875. Misses' sizes 10, 12, 14, 16, 18, 20. Size 16 takes 2¼ yards 54-inch fabric.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

For the mother who's young in heart, a tea cozy or shawl is no longer a suitable gift. On her day, a suitable remembrance is one in keeping with her smart appearance and young attitude, like a lovely compact or a pearl and crystal necklace and earring set.

Traffic Safety Problems Also a Woman's Job

The three "E's" of traffic safety — engineering, enforcement and education—are not in themselves the only approach to the problem.

There are also three "A's"—individual awareness of what needs to be done, acceptance of what the individual ought to do and action —which are equally essential.

This was the opinion expressed by women attending the recent President's Conference on Highway Safety held at the White House in Washington D. C.

As a participating delegate at the conference, she was particularly pleased to note the emphasis which was placed on the necessity for individual activity at the community level.

The Carol Lane Awards for Traffic Safety, which are administered by the National Safety Council through a grant from her company, Shell Oil, honor individual women and women's or parents' groups for achievements in the community and state.

The 250 delegates comprising the women's group pledged support to traffic law enforcement and cooperation with professional traffic safety people.

They approached realistically the challenge of what the national, state and local groups could do. They agreed that women as citizens have a definite responsibility in dealing with the problems of traffic safety.

They felt that their particular obligation is to create attitudes about traffic safety on a moral and spiritual basis.

Their consensus was that they should approach the task from the standpoint of individual responsibility. The problem of traffic safety begins on "Main Street" and must be solved right there.

Vague Plans Required Clarification

Friend's Invitation Should Have Been More Definite

By EMILY POST

A reader tells me: "I met a woman whom I had not seen for months at the house of a mutual friend, and she asked me to visit her some time. I told her that I would have a day off two weeks from that day, and perhaps we could get together then at her house in the suburbs.

"No definite plans were made and as I heard nothing further from her, I did not go. When I saw her again she said that she waited for me all that day and was very disappointed when I did not turn up. Wasn't it up to her to call me and confirm the invitation?"

Answer: As you said "perhaps" and nothing more definite was said by either of you, I think you were right in not going to her house without further word from her.

Dear Mrs. Post: In our home economics class the other day, the question came up as to where the salad fork should be placed when setting the table.

Some thought it should be placed on the outside of the dinner fork while others thought it should be on the right of the dinner fork, near the plate. Which is correct?

Answer: Salad being the last course for which implements are set on the table, this fork is put next to the plate at the left side. If you use a salad knife, it is put next to one at the right side of the plate.

Dear Mrs. Post: Will you please advise me on the proper procedure for my forthcoming marriage? I am a widow with two children. My fiance has never been married before and has a great many friends he would like to invite to a wedding reception (approximately 175 guests).

Would a reception of this size be in good taste for a second marriage? I would like to comply with his wish, but don't want to do anything that could be criticized.

Answer: Since it is his first marriage, I think including all his friends would be entirely proper and not subject to criticism.

Smart Women Use All Plastic Dishes

Smart women are adopting all plastic dishes, pitchers, glasses, and containers for family meals. It's not just because they come in such pretty colors or because they're so easy to wash or light to handle — but really because they're quiet and don't create a clatter!

There are plenty of other reasons for cherishing plastic tableware, of course. It's lightweight and unbreakable. What's more, it never shows any wear and tear, and never needs any more polishing than the highlights soap and water give to plastics.

Cotton Coats a Boon

Cotton coats are certainly a boon to the traveler because they are light to wear and to carry, easy to pack, and can look either dressy or casual as the occasion demands.

Series Opens Oct. 22

Speakers Are Announced for Birmingham Town Hall

By RUTH SAUNDERS

BIRMINGHAM — The series of Birmingham Town Hall lectures which will open at the Birmingham Theater Oct. 22 is occasioning much celebration by women of Birmingham and Bloomfield Hills who have gone into Detroit on Wednesdays and Fridays for many years.

This worthwhile project is sponsored by St. Anne Guild of St. James Episcopal Church and Mrs. James S. Moon and her assistants are ready to announce the program.

Cornelia Otis Skinner will open the series and her subject will be "Mansion on the Hudson." On Nov. 12 Lydia Kirk will talk on "Life in Russia Today" and James Mason Brown, well-known dramatic critic and columnist, will speak Dec. 10.

Dwight Long, a commander with the U. S. Navy during World War II and a writer of renown, has entitled his Jan. 14 talk "Pacific Adventure," and on Jan. 28, Marguerite Higgins, war reporter, will talk about "The Misunderstood Middle East."

Dr. Ralph E. Lapp, director in the Nuclear Science Service, will close the series Feb. 11.

Mrs. Warren T. Olson is vice president; Mrs. O. F. Pearson, secretary, and Mrs. Charles B. Kass, treasurer of the guild. They are assisted by Mrs. T. Norville Hubbard and Mrs. George H. Cary, cochairmen of the program committee.

Mrs. Edward C. Hoenicke and Mrs. George H. Fox are cochairmen of tickets; Mrs. Edward E. Codner is publicity chairman; Mrs. Urban Woodhouse heads the production and advertising committee; Mrs. Paul Reed will manage the theater and stage, and Mrs. Waldemar A. P. John and Mrs. Clyde L. Hagerman are on the courtesy committee. Mrs. Charles Renfrew is the historian.

Luncheon will follow each lecture, with the speakers invited as honor guests to answer questions on their talks. The first two luncheons have been arranged at Bloomfield Hills Country Club.

* * *

Mrs. J. Vinton Birch was hostess at a luncheon Wednesday in her home on Harmon avenue honoring Mrs. Floyd W. Knox on her birthday.

Other guests were Mrs. Ralph L. Fisher, Mrs. John W. Dages and Mrs R. C. Hoffman of Grosse Pointe, Mrs. R. S. Saunders, Mrs. Frederick Smart and Mrs Harold Key.

* * *

On Monday members of the Birmingham Branch of the Women's National Farm and Garden Association will hold their May Breakfast, annual meeting and election of officers at the Community House.

Mrs. Harvey B. Bushnell will make a presentation of memorial books to Jeanne Lloyd of the Baldwin Public Library.

May 10 to May 15 are the dates of the traditional May Flower Show at the library.

* * *

Mr. and Mrs. Harold Hanavan are visiting in Birmingham this week, having come from their home in Montreal for the McCall-Vaile wedding on Saturday.

* * *

Mr. and Mrs. Hugh Loud of Hupp Cross road entertained a group of friends at a Derby Party Saturday, watching the Kentucky classic over television.

* * *

Mrs. Karl E. Scott and Mrs. John H. Longley will give a luncheon May 19 at Orchard Lake Country Club honoring Mrs. James C. Nunneley of Bingham road.

Mrs. Chittenden Owens of Santa Barbara, Calif., formerly of Birmingham, has announced the Feb. 19 marriage of her daughter, Dorothy, to Edward Martindale Clark.

* * *

Mr. and Mrs. James H. Herbst will be hosts at a cooperative supper in their home on Friday.

Mom-Daughter Banquet Slated by Areme OES

A mother-daughter banquet was planned Monday when Areme Chapter 503, OES, met at Roosevelt Temple. The banquet will be May 14 at the temple.

Mrs. Theron Taylor announced a musical tea to be held at the temple by Oakland County Association of OES, and a fund-raising project was planned for Saturday.

Mrs. Thomas Cox attended Friendship Night at Clawson May 2, and Royal Oak has planned a Friendship Night for May 26.

The group repeated the obligation with Lester Oles, and Mrs. Taylor announced proficiency classes to be held at her home Wednesday afternoons and at Chris Hornbeck's home Thursday evenings for the next month.

Refreshments were served by Mrs. L. W. Pilcher, Mrs. Gordon Rosebrook and Mrs. George McDonald.

Post-Nuptial Party Honors Mrs. Doyle

Mrs. Richard L. Doyle (nee Arlyle E. Oliver) was honored Wednesday evening with a post-nuptial crystal shower at the home of Mrs. Calvin E. Brown on Edgefield Road.

Guests were Mrs. Richard Edens, Mrs. Ralph Wilson, Mrs. Alex Morris, Mrs. William Morris and Mrs. James D. Chamberlain.

How long has it been since you felt like dancing with your wash?

You'll love *all*'s controlled suds in your automatic. Everything you wash will have a brand new brightness and freshness that thick suds can never match. That's why washer makers prescribe this modern detergent!

NO SOAP or detergent that foams into thick suds can possibly match the washing job that *all's* controlled suds will do for you.

all is such a blessing in your automatic, because it doesn't waste its washing energy by lathering into lazy suds that joy-ride *on top* of the water.

Every ounce of *all* stays *down in the water* where it goes after the dirt in your clothes. Your wash comes out *all*-clean instead of half-clean.

Thick suds choke your washer

You can't expect your automatic to do A-1 washing and rinsing if you jam it up with suds.

Your machine was made to swish and swirl clothes around freely. This *action* is what helps slosh out stubborn dirt. When you load up your automatic with thick suds, you *smother* its washing action. When you use *all's* controlled suds, you *step it up*.

all coaxes the dirt out of clothes—then has a special way of swallowing every loosened particle of dirt until it rinses down the drain.

You'll see a glorious new whiteness in your sheets and pillow cases—a welcome new fluffiness in your bath towels—a clear new brightness in your dresses and aprons when you use *all* in your automatic washer.

Rinsing is easy, quick, complete

Unless your machine rinses away every trace of suds, white clothes soon turn grey. Colored clothes soon cloud up with film.

That's another reason why thick suds are trouble-makers. They glue themselves to fabrics and won't budge, no matter how often the rinse water is changed.

But *all's* controlled suds cure that headache quickly and completely. Rinsing is easy because there's no blockade of bubbles to get in the way.

You're never plagued by that sour, dingy suds deposit that's so irritating to sensitive skin. If there's a baby in your family, it's nice to know that *all* gets his diapers hygienically clean as well as fluffy-soft!

all is what the doctor ordered

Years ago men who make automatic washers found that suds are excess baggage in their machines. They asked for a detergent that wouldn't puff up into useless froth. *all* was the answer.

Today leading washer manufacturers not only *approve*, but actually *prescribe*, this new controlled suds detergent for cleanest possible washing and rinsing.

They don't try to force you to use *all*—but *all* is the detergent they use when they demonstrate their washers. And most of them even pack a free gift box of *all* in their machines at the factory—just to get you off to the cleanest possible start.

You'll save money and bother

all contains all you need for perfect, carefree washing. You don't have to bother buying a bleach, bluing or water softener.

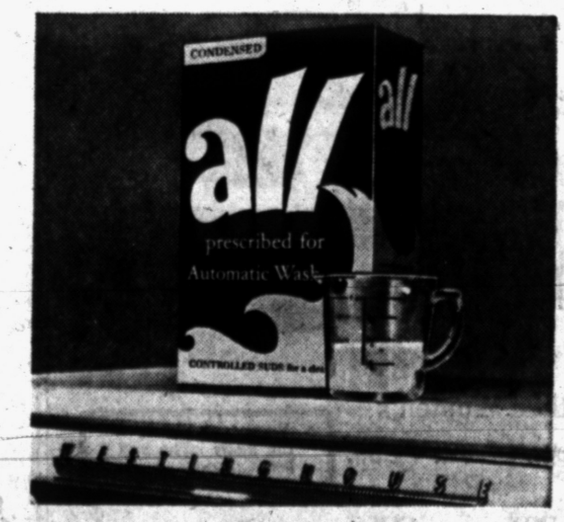

In *all* there is a special whitening agent that's better than a bleach, because it's milder—and a water softener in just the right amount.

You know your automatic washer is too valuable to mistreat. So take care of it with *all*, the *prescribed* detergent that's not only best for washing, but best for your washer, too.

Read *all*'s special guarantee

Try *all* next time you wash. It's wonderful for the grimiest work clothes, for dainty lingerie, for baby's things. It's unconditionally recommended for the new miracle fabrics like Acrilan, Orlon, Dynel and nylon.

If *all* isn't the finest detergent you have ever used, your dealer has been instructed to refund your money. Monsanto Chemical Company, St. Louis, Missouri.

Bake a Cake for Mother's Day

TRIBUTE TO MOTHER — Old-fashioned spice cake, fragrant as those remembered baking days, is a wonderful dessert for Mother's Day. Pile it high with Seven-Minute Frosting and use your cake decorator to write the name on top. It will be a dessert enthusiastically enjoyed.

Company Will Love Fish Louisiana

Fish in a sherried tomato sauce is good enough for company!

Baked Fish Louisiana

vudxap od

2 pounds fish fillets or steaks (use perch or halibut or cod)
1 small onion (chopped)
1 clove garlic (minced)
1 green pepper (cleaned and chopped)
1 cup finely diced celery
3 tablespoons salad oil
3 tablespoons flour
1 No. 2 can (1 pound and 4 ounces) stewed tomatoes
⅓ cup cooking sherry
Dash each of thyme and marjoram
Salt and pepper
¼ cup grated Parmesan cheese.

Arrange fish in a greased shallow baking dish (about 12 by 8 by 2 inches). Cook onion, garlic, green pepper and celery gently in oil for 5 minutes. Blend in flour; add tomatoes and sherry; cook, stirring until mixture boils, and thickens, add thyme, marjoram and salt and pepper to taste. Pour sauce over fish; sprinkle with cheese. Bake in very hot (450 Fahrenheit) oven about 20 minutes, or until sauce bubbles and fish flakes when tested with a fork. Makes 6 servings.

Spaghetti With Peanuts Is a Noteworthy Dish

Put a handful of chopped, unsalted peanuts into the saucepan next time you heat spaghetti from the can. The pleasant crunchiness of the nuts and their distinctive flavor blend well with the spaghetti.

Use about ¼ cup of peanuts to 1 can (1¾ cups) spaghetti in tomato sauce with cheese. Spaghetti a la nuts is a noteworthy dish.

Serve Them Hot Orange Doughnuts

Serve these orange - flavored doughnuts fresh and warm!

Orange Doughnuts

4 cups sifted flour
4 teaspoons baking powder
1 teaspoon salt
5 tablespoons shortening
1 cup sugar
1 tablespoon grated orange rind
2 eggs
½ cup orange juice
½ cup milk

Sift together flour, baking powder and salt. Cream shortening, sugar and orange rind; beat in eggs thoroughly one at a time.

Stir in dry ingredients alternately with orange juice and milk until blended. Chill dough; roll out (it will be soft) on floured board about ½-inch thick; cut with floured doughnut cutter and let stand uncovered about 20 minutes.

Drop into deep fat and fry 2 to 3 minutes; if you have electric deep-fat fryer, have fat at temperature manufacturer suggests for cake-type doughnuts; if you use a thermometer have fat from 365 to 375F.

Use Cauliflower Leaves as Salad After Trimming

Throwing those nice green cauliflower leaves into the garbage can is wasteful. There are several ways to serve them to your family. Wash the cauliflower leaves thoroughly before using.

You can easily separate the leafy part from the rib portion with kitchen scissors, then serve the shredded leaves in tossed green salads. The large center ribs may be served like celery. Just cut the ribs in 2-inch pieces and crisp them in the refrigerator. Serve sprinkled with salt, pepper and fresh lemon juice or with Russian dressing.

Spicy Surprise Sure to Please

Pile High With Frosting, Write 'Mother' Across Top; Watch Her Beam

Once again it's Mother's Day. If there is someone in the family who can bake, let Mother have the day off and be served a glamorous dessert just the same.

And for this one day, at least, forget cake mixes and make your own from start to finish.

Spice cake is such a nice old-fashioned cake, capturing many of the exciting flavors and aromas that made your mother's kitchen one of the most fascinating haunts of childhood.

All the glamor of the Far East is gathered together in this luscious cake..

Old-Fashioned Spice Cake

2 cups (sifted) all-purpose flour
2 teaspoons double-acting baking powder
½ teaspoon salt
½ teaspoon ground nutmeg
¼ teaspoon ground cinnamon
¼ teaspoon ground ginger
½ teaspoon ground clove
⅔ cup shortening
1 cup sugar
⅓ cup light molasses
2 eggs, unbeaten
¾ cup milk

Heat oven to 375 degrees (moderate). Sift together first 7 ingredients. Cream shortening and sugar together until fluffy. Blend in molasses. Stir in ¼ cup of the flour mixture.

Beat in eggs, one at a time. Add the remaining flour alternately with milk, beginning and ending with flour. Beat batter ½ minute. Bake in 2 well-greased, lightly floured, 8-inch layer-cake pans for 25 minutes, or until done. Cool 10 minutes before removing from pan. When cooled frost with seven minute frosting.

Seven Minute Frosting

2 egg whites, unbeaten
1½ cups sugar
Dash of salt
¼ cup water
1 tablespoon light corn syrup
½ teaspoon pure lemon extract

Beat together the first 5 ingredients in the top part of double boiler. Place over boiling water. Continue beating with an electric or rotary beater about 7 minutes, or until frosting stands in stiff peaks.

Remove from boiling water, add flavoring and continue beating until stiff enough to spread.

Recipe makes enough frosting to spread over tops and sides of two 8-inch layer cake.

Possible to Cook Dried Limas Without Soaking

Yes, it's true. Dried lima beans can be cooked even though they haven't been previously soaked.

To cook them, bring 1 quart of water to a rolling boil in a heavy saucepan. Slowly stir in 1 cup of washed limas. The boiling should not stop. Reduce heat, cover, and boil gently about 1½ to 2 hours. Season with 1 teaspoon salt during the last ½ hour of cooking.

Farmers, at their death, leave a greater number of children under the age of 16 than persons in any other occupational group.

When Auntie Rings Bell, Don't Get Caught Napping

By JANET ODELL
Pontiac Press Food Editor

When Aunt Sophronie unexpectedly turns up just at dinner time, what do you do? I mean, what do you do besides warn the children that they must be on their best behavior and shrug your shoulders when your husband questions, "How come?" How do you stretch your menu to feed one more?

Let's be serious for a little while and discuss what we do when we're faced with an emergency in the culinary department. If we're smart, we're never really caught napping. We have a shelf just for occasions like the above.

I know some people literally live from hand to mouth. I had a friend once who did and staying with her for any length of time made me nervous.

Perhaps a psychiatrist would make something out of the fact that I dislike bare food shelves, even though there is money in the pocketbook and a grocery store on the corner.

I like having a variety of foods on hand so that I can always add a dish or supplement a skimpy menu. Since we have had our freezer, I've really been in seventh heaven. (Secretly, I'm sure that's why my husband doesn't want a bigger freezer; he thinks I'll fill it. He's right.)

Even a bride in a minute kitchen can stash away some emergency rations—and I don't mean for possible H-bomb attacks. Women who have more cupboard space, old-fashioned pantries or fruit cellars can keep a much larger supply on hand.

I am fortunate in having a large fruit room that is cool both winter and summer. It stores potatoes and onions admirably.

My freezer is down there, also an old icebox that we use to store flour, sugar, powdered milk and at times food for the geese! It has the advantage of being mouse-proof and dry.

Home canned fruit, any homemade pickles I may have, apple sauce, jams and jellies and home canned tomatoes take up one section. There is a miscellaneous section that holds vinegar (I buy it by the gallon as it's cheaper that way), soft drinks, wine and empty jars and bottles.

That leaves one whole wall for "canned goods." I try to keep this section revolving, that is using the oldest cans first and never letting my supply become exhausted.

Staples that I consider necessary on these shelves are canned tomatoes, various kinds of condensed soups, a variety of canned fruit and vegetables, an extra jar of mayonnaise, catsup, canned tuna and salmon, little cans of deviled ham and Vienna sausages, fruit and vegetable juices, a can or two of lunch meat, some evaporated milk, one can at least of sweetened condensed milk, several boxesof cake mix, a jar of stuffed olives, small can of pimientos, can of Chinese noodles, one of chop suey vegetables, can of kidney beans for chili, etc.

The day I blessed my emergency shelf most of all was one on which I had promised someone to make a cake and found there were no eggs but the ones we had to have for breakfast and no confectioner's sugar for frosting.

But my shelf did yield a jar of mayonnaise and one of sweetened condensed milk. So I made a mayonnaise cake with fudge frosting.

You alone can decide what is to be on your emergency shelf. Think of the possible situations that may confront you, then stock the shelf. You might remember that condensed soups stretch a small amount of meat of fish; that cake mix and canned fruit will make a quick dessert; that olives and strips of lunch meat added to a green salad make it a filling main course if you also serve hot rolls or muffins (again mixes will come to your rescue). Once you get the supply started, you'll find yourself thinking up all sorts of interesting additions.

Add Butter While Snap Beans Cook

Adding butter while snap beans cook, makes them taste out-of-this world!

Quick Buttered Snap Beans

1 10-ounce package French-style frozen green (snap) beans
½ cup boiling water
½ to ¾ teaspoon salt
2 tablespoons butter, pepper

Put frozen snap beans in saucepan. Add boiling water and salt; bring quickly to a boil, separating beans with fork. Add butter and cover, keep boiling gently, stirring a few times, until tender and there is no more lipuid in pan—about 10 minutes. Add more salt, if desired, and pepper to taste. Makes 3 to 4 servings.

Almonds Enhance Salad

Chicken salad for a party snack benefits from the addition of almonds and ripe olives. Mix in the almonds just before serving so they'll be crisp.

RIVAL DOG FOOD
DOGS LOVE ITS FLAVOR — RICH, NATURAL, APPETIZING

Extra Seasoning Adds Sparkle to Tomato Juice

Wondering what to season that tomato juice with so it will be especially delicious? Try onion, green pepper, worcestershire sauce, celery seed, lemon juice, salt and pepper, sugar.

Allow the juice and seasonings to stand in the refrigerator for a couple of hours, then strain and serve.

When you have some extra chicken stock, try cooking rice in it.

MOLDED BROCCOLI SALAD—No need to stick to the traditional with nutritious fresh broccoli. This broccoli salad mold with eggs will add a new treat to your menu. Perfect for party luncheons or any other time you want a light, one-dish meal. Serve it on a bed of chicory or lettuce.

Fresh Broccoli and Eggs Make an Interesting Mold

Thirty years ago it was next to impossible to buy a pound of broccoli in the United States. Today, this comparative newcomer to our vegetable scene is available in most parts of the country every month of the year.

Fortunate for our winter diets, broccoli is in its best season fall through spring. Nutritionists call broccoli one of our best protective foods, since is is so rich in vitamins and minerals.

A one-half cup serving of this green vegetable contains 70 per cent of the entire adult daily requirements of vitamin C and half the required vitamin A, in addition to other important nutrients.

From the menu standpoint, broccoli is a versatile vegetable—much more so than is often realized. Proof of this is found in the delicious gelatine salad mold that can be made with fresh broccoli.

Made extra hearty with eggs, this mold will serve as a main dish of a luncheon or a good accompaniment to any other meal.

Fresh Broccoli and Egg Aspic

1 envelope unflavored gelatine
1 can (10½ ounce) undiluted consomme
Salt and ground black pepper to taste
2 slices hard-cooked egg
6 cooked fresh broccoli flowerets
¾ cup mayonnaise
2 hard-cooked eggs, sieved
2 cups cooked diced fresh broccoli
Chickory or lettuce

Soften gelatine in ¼ cup of the cold consomme. Heat the remaining consomme and add to soften gelatine. Add salt and pepper to taste. Rinse a 5-cup gelatine mold in cold water. Cut the 2 slices of hard-cooked egg into 6 wedges and place in bottom of the mold with the clear gelatine-consomme mixture. Chill until firm.

In the meantime, chill the remaining gelatine mixture until consistency of unbeaten egg white. Fold in the mayonnaise, sieved eggs and chopped broccoli. Turn into the gelatine mold over the egg and broccoli garnish. Chill until ready to serve. Unmold onto a bed of chicory or lettuce. Yields 8 to 10 servings.

Wheat Germ Spikes Spice-Top Muffins

Here's a really fluffy and delicious muffin made with nutritious wheat germ.

Spice-top Health Muffins

1⅓ cups sifted flour
¼ cup sugar
3 teaspoons baking powder
½ teaspoon salt
⅓ cup wheat germ
1 egg
1 cup milk
¼ cup butter or margarine (melted)
3 tablespoons sugar
½ teaspoon cinnamon
¼ teaspoon nutmeg

Sift flour, ¼ cup sugar, baking powder and salt together. Stir in wheat germ well. Beat egg until thick and ivory color; beat in milk and melted butter; add dry ingredients; stir only until dry ingredients are moistened. Spoon into 12 greased muffin cups (1-3 cup size). Mix 3 tablespoons sugar, cinnamon and nutmeg; sprinkle mixture over entire top of batter. Bake in hot (400F) oven 20 to 25 minutes—until cake tester inserted in center comes out clean.

Press Pie Shell Gently to Avoid Air Bubbles

Puffing of pie shells can be avoided if you gently press pastry into the plate so that it fits snugly, with no trace of air bubbles.

Be sure to prick with fork around crease, bottom and sides of pastry, making certain that the tines pierce the pastry.

Make Meals Colorful

Meals are more appetizing when they are colorful. For instance, dull brown pot roasts looks well when set off by carrots and spinach or another green vegetable.

Tablet Prevents Fruit From Turning Brown

New products containing ascorbic and citric acids, available at your grocery, drug store, or locker plant, will prevent freshly peeled fruits from browning when exposed to air. The powder or crushed ascorbic acid tablets can be mixed with sugar and sprinkled over freshly cut fruit. Or dissolve the powder in a little water and thoroughly mix this with the fruit. Sugar can then be added if desired.

It's convenient to be able to peel fresh fruits in advance and yet have them look freshly peeled when served. These acids are also used when freezing fruits to prevent darkening.

Serve Balanced Meals

Help your family's digestion by never serving many heavy, rich foods at one meal. A simple salad and light dessert, for example, should round out a meal that features a heavy main course.

Apply Aluminum First

If you want to paint the canvas covered insulation on basement pipes, first apply two coats of aluminum paint. This can be followed by any color paint you choose.

BRAND NAME CHAMP—Erwin Levinsen (left), advertising manager of Wrigley's Stores, Inc., receives Brand Names Foundation's Food Retailer-of-the-Year Certificate of Distinction from Nathan Keats, vice president of the Foundation. Looking on is Conover "Brand Names Girl," Irene Foster.

Crunchy Crust Envelopes Fish

Cornmeal has the delightful faculty of resisting sogginess and retaining its granular structure no matter how it is cooked. Thus, it provides a crisp, golden crust that holds the heat and provides additional flavor that blends well with every kind of fried fish.

Cornmeal is so easy to use in the preparation of fish fillets that most men take it along with them on their camping trips, and homemakers have it handy for the returning fishermen. Try fish rolled in egg and cornmeal for a Lenten treat.

FRIED FISH

1 cup cornmeal
2 teaspoon salt
Fish fillets
1 egg, beaten
Hot fat

(If self-rising cornmeal is used omit salt).

Combine cornmeal and salt well. Dip cleaned fish in the beaten egg, roll in cornmeal, and fry in ¼ inch hot fat (strained bacon dripping may be used, if desired), turning to brown both sides well. Be careful not to overcook fish.

Jar Caps Designed to Fit Type of Food Processed

By JANET ODELL
Pontiac Press Food Editor

Why pry-off caps on glass jars? Why can't we go on having screw caps that are easy to take off? You've asked that question; I've asked it as I've struggled with a cap that just won't come off.

In recent weeks some interesting factual material on caps for foods-in-glass has come to my desk. I'm sure you will welcome some of that information.

You know how many foods are being packaged in glass nowadays. But do you know that packers have to choose the caps according to the type of food being processed.

Foods that are highly perishable to start with, that must be sterilized, that must have absolute protection against infiltration of air until the food is used must be vacuum-packed. Only the vacuum pry-off cap meets all these requirements and is necessary for fresh pickles, jams and jellies, processed cheese spreads, baby foods, fruits, meats, juices and vegetables.

Other foods canned in glass which do not need sterilization are mayonnaise, peanut butter, instant coffee, pickles in brine, white vinegar, green olives and salad oil. With these foods the packer may choose whether he will use a pry-off cap or not. You probably will find both pry-off and screw caps being used with the above foods.

In the highly competitive world of food processing the factor determining the public's acceptance or rejection is delivered quality. If the food is not fresh tasting and of good quality, Mrs. America will not buy it.

The common screw cap should not be considered a true vacuum cap. Only the pry-off kind is rightfully entitled to be called "vacuum sealed." Some foods packed in jars with glass-to-paper seal start out as vacuum packed but are unable to hold the vacuum.

More and more packers are attaching little "keys" to their packages. All you have to do is slip the tip of the key under the cap, twist it a quarter turn (just like a door key), and off comes the lid. Best of all, the lid is undamaged and can be used to reseal the jar for storage.

Resealing forms an airtight seal that keeps the air out. What's so bad about air? The oxygen in the air changes the color and flavor of many foods (remember how dark catsup gets when the bottle is left open?)

Air also carries common molds and causes foods to dry out. The cap that will best keep this air and its damaging effects away from processed foods is the cap we all want.

Let's be glad that alert, up-to-date food processors are constantly seeking new means of best preserving our food.

RIVAL DOG FOOD — PLENTY OF MEAT A variety of nourishing meats all dogs need

Wash Bread Box Weekly

To banish the stale odor caused by greasy films that form in refrigerator and bread box, wash them weekly with a solution of warm water and soap to which some baking soda has been added.

After boiling eggs, quickly rinse them in cold water to facilitate removal of the shells.

Forum Presents Fire Prevention Films Saturday

AVON TOWNSHIP — Just how safe is your home? What can you do to prevent fires?

Avondale Community Forum as a community service will present two films on fire prevention to answer these questions Saturday.

The film, 'The ABC of Fire Prevention' and How to Prevent Fires in the Kitchen," will be shown by Kenneth O. Goodell of General Motors Truck and Coach Division in the Community Building starting at 8 p. m. Saturday.

Goodell will also demonstrate various types of fire extinguishers and answer questions concerning fire prevention.

Members and friends of volunteer firemen of the newly organized Volunteer Fire Department are being especially invited to the showing. Others interested will also be welcomed.

Romeo Board Sells Bonds for Building

ROMEO—Bids on bonds for the district's $450,000 school expansion program were opened at a special meeting of the Romeo Board of Education last night.

The bonds were sold to the H. V. Sattly Co. of Detroit at an interest rate of 1.92 per cent.

The building program approved by voters last month includes construction of 18 classrooms and a bus repair depot.

Home Expansion Follows Plants

Farmland Has Given Ground Since Detroit Firm Arrived in '40

By HARRY J. REED

(This is the first of two articles dealing with the growth of Rochester.)

An area which received an early taste of industrial expansion and is now becoming a popular choice for homebuilding—that's Rochester and surrounding Avon Township.

It is playing its part in the 386,000 population increase of Oakland County predicted by Detroit Edison officials for 1970.

Spacious dairy farms and rolling farmland first gave way to expanding industry in 1940, when the National Twist Drill and Tool Co. moved its operations from Detroit to a site just north of the village limits.

Prior to that, Rochester had been a quiet farm shopping center, laid out along a deep valley of nearby hills. It was one of the outposts of the old Detroit United Railroad.

National Twist Drill, located on Rochester road north of town, pioneered the industrial expansion move to the outskirts of the metropolitan area. This search for elbow room is the early part of the trend which is being felt throughout Oakland County today.

Employing approximately 1,800 workers on its 50-acre site, Twist Drill, in producing cutting tools, has become a genuine part of the community since its arrival in 1940. President and General Manager Howard L. McGregor Jr., estimates approximately 80 per cent of the company's employes live in the Rochester area.

Following closely on the appearance of National Twist Drill was the Mac-Aleer Co., producing welded steel tubing. Opening locally in 1941, it is now the Higbie Manufacturing Co., and has a payroll of some 200 employes.

Another 75 persons are employed by the Production Planning Co., in the construction of Allen Roof Ventilators.

Numerous small machine and tool shops sprang up after Twist Drill moved to Rochester, but the largest, and latest addition to the village industrial family is the Detroit Broach Co.

Makers of the world's largest broaches, the company is situated on the crest of the large hill just south of the town on Rochester road.

President Gustav von Reis, in commuting from his Romeo home to Detroit, was struck with the beauty of the location. Construction of the plant, for the building of precision cutting tools, was completed in 1953. Three hundred workers are employed there.

Today the rumble of heavy graders and bulldozers echoes in the uplands of which residents are so pround. "Real estate is moving a mile a minute here," says realtor Max Hartwig.

Homes, from cozy two-bedroom bungalows, to wandering tri-level modern structures, are being produced at an astounding rate. "I closed out a subdivision in ten days that I had been working on for three years," is Hartwig's testimonial.

CLEARING THE WAY—Heavy equipment moves in at Helen and First Sts., site of another large subdivision in growing Rochester. Fifty-one homes are scheduled for construction here, as Rochester and surrounding Avon Township become more popular as homesites for those affiliated with industry expanding into Oakland County.

Valedictorian Named in Orion

She and Salutatorian Among Honor Students at Community Schools

LAKE ORION — Honor students were announced here this week for the senior class of Lake Orion Community Schools.

Beverly Graham was named class valedictorian with a 3.0 scholastic average. Class salutatorian is Maxine Wittler with a 2.93 average.

Beverly, the daughter of Mr. and Mrs. Ley Graham of 98 Andrews Ave., has received all A's in four years of high school. She has been active in senior band, the student council and Future Homemakers of America.

BEVERLY

In September, Beverly plans to attend the Pontiac Business Institute. Later she will enter Moody Bible Institute.

Maxine, whose grades consist of A's and only two B's, is the daughter of Mr. and Mrs. Edward Wittler of 90 N. Andrews. She has been an active senior band, and Future Homemakers of America, and recently was awarded a scholarship for six weeks at Sherwood Music School in Chicago, Ill.

MAXINE

Maxine is also planning to enter the Pontiac Busines Institute in September.

Roosevelt PTA Has Officer Installation

KEEGO HARBOR—Newly elected officers of the Roosevelt PTA were installed in a ceremony Tuesday night by Mrs. Filon Simpson Jr., past president and Muriel DeLauder. Included were:

Mrs. Charles Leaf, president; Mrs. Sam Warwick, mother vice president; Milton Parry, father vice president, and Mrs. Stewart Waters, teacher vice president.

Others were Mrs. Ronald Fockler, and Mrs. Sam Whitmore, recording and corresponding secretaries, respectively; Robert Buckmaster, treasurer, and Mrs. Alex Clark, parliamentarian.

The purchase of kitchen equipment and furnishings for a lounge was the project selected for the recent fair proceeds. Roosevelt Mothers' Club will assist in the project.

Oxbow VFW Auxiliary Installs New Officers

OXBOW LAKE — New officers of Oxbow VFW 4156 Auxiliary recently installed include:

Mrs. Robert Baker, president; Mrs. James Conway, senior vice president; Mrs. Guy Shotwell, junior vice president; Mrs. Lucille Gries, treasurer; Mrs. Donald Rogers, secretary; Mrs. John Davis, chaplain; Mrs. Edwin Morgan, conductress; and Mrs. Minnie Williamson, guard.

County Calendar

Clawson

Guardian Angels Parish of Clawson will serve a fish dinner Friday from 4:30 to 7:30 p.m. at the T. and B. Hall, 936 E. 11-Mile Rd., Royal Oak.

2 State Mayors Unable to Mark Michigan Week

DRYDEN — Neither Mayor Kenneth Sterner of Dryden nor Mayor Harlo Herron of Alpena could take part in the scheduled swap of seats yesterday in connection with Michigan Week.

Instead, the two agreed to make the switch-for-a-day at a later date, when both are free from other obligations. The exact date will be announced soon.

Visiting Mayor Given Big Day in Rochester

ROCHESTER — Clarence Maturen, mayor of Essexville, was greeted in Rochester on the Michigan Week mayor exchange program Wednesday and said he was very much impressed with the operation of the village's government.

The Rochester High School band and village officials greeted Mayor Maturen at 10:30 a. m. Then he was escorted to the village hall, made a tour of the village and surrounding Avon Township industries and attended a civic luncheon in his honor at noon.

In the evening the visiting mayor presided over a session of the Village Council and attended a dinner along with village and school officials and their wives. He was presented with a special key to the village, made by John Slocum, by Councilman Sidney Ennis.

Maturen said he was "particularly interested" in Rochester's sewage disposal and public works systems. He also said he liked the work done by the Rochester Fire Department.

Rochester Village President Clarence Burr, in turn visited Essexville during the day.

Town Club Sponsors Annual Spring Dance

FARMINGTON TOWNSHIP — Annual spring dance sponsored by the Town Club will be held Friday night at Bonnie Brook Country Club.

The dance will begin at 9:30 p. m. to the music of Al Rice and his orchestra. On the activities committee are Mrs. Donn Dates, chairman, Mrs. Thomas McDonough, Mrs. Bob Hattersley, Mrs. J. B. Hitchcock and Mrs. Bob Clarke.

County Births

Rochester

Mr. and Mrs. William Shepard of East Lansing announce the birth of a daughter, Terrie Lynn, April 26. Grandparents are Mr. and Mrs. C. W. Shepard of 145 Linwood and Mr. and Mrs. Keith Hamilton of Adams road.

Boy, 5, Killed While Playing

Companion, 11, Injured as Big Cable Roll Tips on Them

PLEASANT RIDGE — One boy was killed and another seriously injured early last night when a 3,200-pound roll of telephone cable toppled on them as they rolled it down a small incline in a storage yard.

Crushed to death was Edward K. Florence, 5-year-old son of Mr. and Mrs. William Florence of 3224 Bermuda, Ferndale. In fair condition in Detroit's Mt. Carmel Mercy Hospital with internal injuries is Loren Dowell, 11, of 3206 Bermuda, Ferndale.

Police report that the two boys, along with three other youngsters, entered the Michigan Bell Telephone Co. yard, a block from Edward's home, through an opening between a fence and a building on the property.

They succeeded in getting the massive reel rolling. It had rolled about three feet when one edge dropped into a rut. The reel toppled to one side, pinning the two boys.

The dead boy's father was one of three men who used metal prys to left the reel.

Police Chief William P. Katka described the storage yard as "a natural spot for kids to play." He said youngsters continued to play there despite repeated warnings.

Marlette Extension Club Is Compiling a History

MARLETTE — In conjunction with Marlette's 100th anniversary this year, the South East Extension Club is compiling a Marlette history.

Plans for an anniversary celebration for the community are expected to be announced soon. Working on the history are Mrs. Norman Forbes, Mrs. Harry Collins, Mrs. Lawrence Cousins and Mrs. Peter Sullivan, assisted by Mrs. Harold Schell, club chairman.

Couple Exchange Vows in Marlette Saturday

IMLAY CITY—Maureen McLeish of Marlette and Gordon Moffitt of Imlay City exchanged marriage vows Saturday in Marlette.

Attendants were Winona Agar of Marlette and Arnold Brolin of Cleveland, Ohio.

VIEW NEW CITY HALL—The two top city officials of Springfield, Mich., were Pontiac's official guests yesterday as part of the celebration of "Michigan Week." Shown inspecting the new city hall are (left to right), Pontiac City Manager Walter K. Willman, Springfield Mayor Lewis Parrot, Pontiac Mayor William W. Donaldson and Springfield City Manager Willard Norris. Donaldson is in Springfield today making a return visit.

5,664 Visitors Tour Hospital

Pontiac State Institution 8th Open House Called Satisfying Success

Pontiac State Hospital closed its record-breaking eighth annual open house Wednesday night as the last of 5,664 visitors toured the institution—600 more than last year.

"We're overjoyed with the turnout for this program," Dr. John Stevens, assistant medical superintendent, said today.

"People are gradually coming to understand that this is really a hospital and people here are ill—there seems to be more understanding and sympathy than in previous years."

Visitors included 939 people who came to visit patients and stayed to take part in open house programs, Miss Marguerite Parrish, director of social service, said. Wednesday was the biggest day of the four-day open house, with 2,075 visitors.

Miss Parrish said that this year's visitors seemed deeply interested in the problems of mental illness and more aware of what the hospital would be like. "We used to have people in every group who'd ask to see the padded cells and chains," she said. "Now, they know there aren't any."

Many who came to tour the hospital, stayed to take part in discussion groups. They talked over ways to handle upset children in classrooms, when to suggest a person be committed to the hospital, and what their legal rights are when they recover.

Discussion leaders included Jack Tabor, Bernard Hansen, Ted Panaretos and Jerry Weise, all psychiatric social workers. Miss Parrish, Mrs. Ruby Eargle, superintendent of nurses, Conrad Nathan and Richard Artlaud, psychiatric social workers, helped organize the tours.

Budget Okayed by Sylvan Lake

Figure of $90,134 Is An $8,999 Increase Over Previous Year

The Sylvan Lake City Council approved a 1954-55 budget of $90,134 at a special meeting last night, an increase of $8,999 over the previous budget, according to City Manager Ernest Ethier.

Councilmen also received a proposed resolution from bond attorney Claude Stevens which, if adopted, would provide for a special election on a $225,000 bond issue for construction of a municipal water system.

The council will consider Stevens' proposal May 12, said Ethier. All registered Sylvan Lake electors would vote on whether to construct a water system, he explained, with a three-fifths "yes" vote needed for approval.

A three-fifths vote of property owners would be needed to authorize two bond issues, said Ethier. They would be for issuance of $125,000 in general obligation bonds and $100,000 in bonds to be paid off by special assessment of property owners.

Expected Sylvan Lake revenues other than city taxes for the fiscal year starting July 1 total $50,450, Ethier stated. Remaining budget costs will be covered by tax money.

With addition of funds from 1954 revenues to money set aside during 1952-53, a new road grader and pick-up truck will be purchased by the city, he added.

A part-time patrolman employed in the past was dropped from the budget leaving the police force with three full-time officers.

The Sylvan Lake assessed valuation has been set at $2,155,225 this year, said Ethier, up $191,430 over 1953. The tax rate will be lowered from $24.40 per $1,000 of assessed valuation to $24 per $1,000, he stated.

Some $16 per $1,000 will be used to support general city operations, with the remaining $5 used to pay debts, the city manager explained.

The debt retirement tax is expected to bring in $10,776. Of this, $5,117 must be used to retire general obligation bonds previously issued by Sylvan Lake. The balance will be kept in reserve to buy back bonds as they become available, Ethier stated.

The new budget provides for about a two per cent increase in all city employe salaries. "For the first time in some years we've been able to set up a reserve fund amounting to $3,519," Ethier said.

General Awarded Navy DSM for Tact

TOKYO (AP)—Lt. Gen. William K. Harrison Jr. today was awarded the Navy's Distinguished Service Medal for "exceptional diplomacy and tact" during the 14 months he served as chief Allied negotiator of the Korean armistice.

The gray-haired, Bible-quoting Harrison, chief of staff for both the Far East and United Nations commands since the armistice, was decorated in farewell ceremonies at headquarters here.

He and Mrs. Harrison will leave tomorrow for the United States on the first leg of their journey to Panama, where the general will become Caribbean commander in chief of U. S. forces.

After World War II, Rizal Hall was a shell-torn ruin.

Rizal Hall after reconstruction at a cost of some $350,000.

NEW LOOK FOR MANILA—After four years of planning among U.S. and Philippine representatives, a war-blasted Manila is getting a "new look" as seen below. Newly completed is the center of the new Institute of Public Administration at the University of the Philippines. The new building, Rizal Hall, was rebuilt by the Philippine government at a cost of 750,000 pesos ($350,000). It was dedicated by Harold Stassen, U.S. director of foreign operations, "as a permanent reminder of the close relationship between knowledge, good government and freedom." The Institute trains Philippine government personnel, helps educate aspirants for government service, and provides consultative service to the government on major administrative problems.

Hal Boyle Says:

Mighty Midget in Circus Handles Wild Tiger Alone

NEW YORK (AP) — Backstage at the circus:

Paul Horompo may not be the mightiest midget in history, but he is perhaps the only one who ever whipped a tiger single handed.

Paul, a slender 59-year-old miniature clown with the Ringling Bros. and Barnum & Bailey circus, scored his one-blow knockout over the tiger here in Madison Square Garden in 1938. The battle since has become a tanbark legend.

The tiger escaped from her cage and the first person she met was Horompo, who was dressed as one of Snow White's seven dwarfs and carried a wooden pickaxe on his shoulder. Paul, who is very chivalrous, instinctively stepped aside to let her pass—as he would for any lady, tiger or not.

* * *

But the tiger halted, and opened the red furnace of her mouth. It looked like Paul would end his career as a tiger tidbit. The tiger had every advantage of weight, height, reach, strength, speed and age. Paul stood only a little higher than her armpits. It looked like one of the Garden's poorest mismatches.

* * *

"It happened so quick I didn't have time to think of all that," Paul recalled. "Tell you the truth, if she had gone on by me, I don't think I would have bothered her at all.

"But she stopped, looked me over, sneered and started snarling.

"I hated to do it, but I felt I just had to hit her. So I swung my wooden axe and caught her square on the nose. No, I wasn't afraid. I was mad.

"I guess I must have hit a nerve and stunned her. She made a funny noise, and fell on her stomach with a surprised look. I was a little surprised, too.

* * *

"I didn't have to hit her again. Some handlers came up with nets and chains. She was so dazed she could hardly wobble back to her cage."

* * *

The incident left no lasting ill will on either side.

"She never seemed to bear any grudge afterward," said Paul. "It happened so fast I don't think she even remembered who hit her."

Two ASPCA agents watch every performance of the circus to see that none of its 600 animals are abused.

* * *

Raymond Mulligan, who has had this job for a quarter century, says the circus cooperates fully with the society and dismisses grooms or handlers who mistreat animals.

* * *

"The trouble we sometimes run into with elephant handlers," he said mildly, "is that they get an inferiority complex. They'd like to be wild animal trainers, but know they aren't up to it.

"So they sometimes get rid of their frustration by punching the biggest thing they can find—which is an elephant."

But nobody picks on an elephant twice when Mulligan's there.

About 11 million motorists buy and install new fan belts in their cars each year.

Queen's Health on Long Tour Worries Press

LONDON (AP)—The British press assured its readers today that Queen Elizabeth II—although somewhat skinny—is in sound health as she nears the end of her long Commonwealth voyage.

Two papers said she lost only five pounds. Another speculated that she had been deliberately slimming.

The Daily Sketch threw some subjects into a tizzy yesterday by remarking that the young monarch had lost weight and "looks fine-drawn and tired." It drove home the point with two pictures—one taken before the six-month royal tour began and the other Tuesday at Malta.

In the latter photograph the Queen looked almost angular.

The Daily Mirror reported from Valletta, however, that at the royal ball last night Elizabeth 'looked positively radiant.'

"Since the start of her gigantic tour, its true she lost five pounds in weight," the Mirror said. "And she had a little chill at Aden a few days ago which she has shaken off. But the Queen is not tired in any sense that can cause alarm."

* * *

The Daily Herald also estimated that Elizabeth had lost about five pounds, but said "this isn't surprising in view of the heat during her strenuous tour."

Bees Not So Efficient, Work Selves to Death

WASHINGTON (UP)— Honeybees reputedly models of busy efficiency, have some extravagant habits.

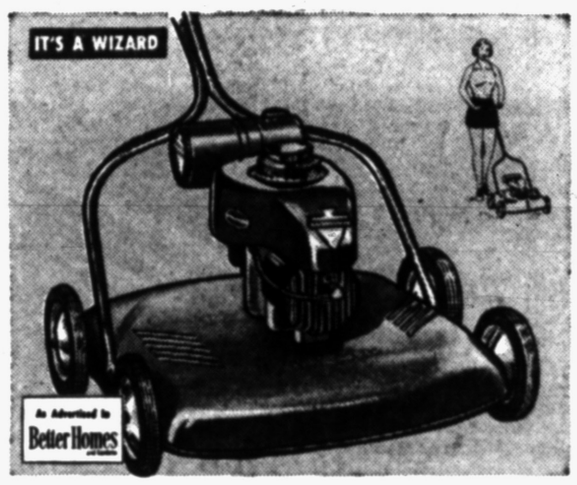

They work themselves literally to death — a worker's life averages only six weeks. They commit suicide when they sting, leaving both sting and vital organs in the flesh of their victims.

Their strange custom of swarming often endangers their existence. For example, when a new colony swarms in the fall it may be caught without enough honey in storage to last until spring and with its emigrant workers from the old hive too old to be of much use.

nist Party directive which he called "the most important evidence this committee has come across."

The document called on all party members to concentrate on infiltrating the auto industry, particularly General Motors and Ford plants. It called a "drastic improvement in the work among General Motors workers" a "pre-condition" to advancing the party's foothold in the industry.

It called the Saginaw Valley—Flint, Saginaw and Pontiac—the "heart of the GM empire" and referred to Flint as "the key to striking a powerful blow against social democracy." (At another point the document referred to Walter Reuther, CIO and UAW president, as leader of the social democrats.)

The document said the Ford Rouge plant, because of its concentration of Negro and foreign-born workers, is the "greatest potential force for peace, democracy and socialism in Wayne County."

Twenty-seven of the original signers of the Declaration of Independence were college or university graduates.

McCarthy Cries Perjury at Stevens

(Continued From Page One)

assertion in declaring the Army resisted when the McCarthy committee sought to question members of the board.

The McCarthy camp — again Cohn speaking—implied that Army counselor John G. Adams once offered to drop the Army's charges against the senators and his aides if the McCarthy committee would drop its investigation of alleged Communists in the Army. Cohn loosed this suggestion by asking Stevens whether Adams had ever reported making such an offer. Stevens said Adams had not and added that if Adams did make the offer, he had "no such authority to speak for me in any such way at any time or place."

Both sides fired charges that the other was deliberately stalling the inquiry.

McCarthy accused the Army of repudiating an agreement to confine testimony to himself and Stevens. Stevens hotly insisted: "Positively not." A little later Army counsel Joseph N. Welch asserted that McCarthy was now engaged in a filibuster device through cross examination."

Just before the luncheon recess, McCarthy said he wanted to be heard for about 10 minutes. He first asked that the recess be held up, but finally agreed to speak after the recess.

McCarthy didn't say what he wanted to speak about but presumably it concerned the attorney general's letter.

Asked by reporters if he would ask to have J. Edgar Hoover testify, McCarthy replied:

"I will have no comment of any kind until I make the request."

Brownell wrote that the McCarthy document contains a listing of names identical with those in the FBI memorandum.

But Brownell pointed up one sharp difference.

In the McCarthy letter, Brownell said "derogatory" or "not derogatory" followed the names. This was not the case in the original memorandum, he said.

Hoover reported that "these evaluations of derogatory or not derogatory were not made by him or in his behalf," Brownell wrote.

Brownell said that of the 34 names in the original 15-page FBI memorandum no derogatory material had been brought out on some and information on others was unevaluated.

* * *

McCarthy had insisted the names included members of a spy ring embracing Julius Rosenberg, executed atom spy.

In swift and turbulent sequence:

1. The Senate Investigations subcommittee voted to send a daily transcript of its hearings to the Justice Department. This was on motion of Sen. McClellan (D-Ark). Ark).

2. Sen. Symington (D-Mo), endorsing McClellan's move, said someone was "absolutely guilty" of violating the law in connection with McCarthy's getting material from a secret FBI report. He called McCarthy's document, center of a storm yesterday, "this fraudulent letter."

3. McCarthy snapped that Symington was "trying to punish those who dare to give out information on espionage in secret radar laboratories" at Ft. Monmouth, N. J.

And he charged that Symington and Sen. Jackson (D-Wash) were "part of a secret effort" to hamper his investigation of Communists in the Army. McCarthy said too he was sorry Symington and Jackson, who walked out on his committee last year along with McClellan, ever came back.

4. Secretary Stevens testified he had made an error in earlier testimony to the subcommittee. He said he had been incorrect in stating that after a Feb. 24 meeting with the McCarthy subcommittee he had gone back to the Pentagon and conferred only with his staff. Actually, Stevens said, he had found on checking that he met with 21 uniformed and civilian officials of the Pentagon, including then Undersecretary of Defense Roger M. Kyes, Army Chief of Staff Matthew S. Ridgway; H. Struve Hensel, then Defense Department counsel but now an assistant secretary of defense, and Fred Seaton, also an assistant secretary of defense.

Of the 21 present, Stevens said, 17 were members of his staff.

McCarthy hopped on this change of testimony with a declaration that it appeared to be a "clear-cut case of perjury."

PARTING COMPANY—Mrs. Howard Duckett Jr. suddenly goes over a jump alone as her mount balks during a Potomac, Md., Hunt point-to-point race. Unhurt in the fall, Mrs. Duckett remounted and finished the race.

Honest Woman Returns Bonds That Went Astray

CHICKASHA, Okla. (UP)—An Anadarko, Okla., woman got a $3,000 thank you note from a Kansas woman after a mixup in automobiles.

Mrs. Frank Mingus of Andarko found a packet of $3,000 matured bonds on her car seat. Confused and a little worried, she left the packet with police before returning to Anadarko.

Minutes later the Kansas woman, Mrs. Gertrude White, rushed into police headquarters to report the loss. She had dropped the bonds into a car that looked like her's — but wasn't.

Dallas Beset With Traffic Ills

Lack of Alleys on Main Streets Causes Snarls Downtown

DALLAS, Tex. (INS) — Booming Big "d" is beset with traffic problems galore, and the city fathers blame it all on John Neely Bryan who founded the city 112 years ago.

The city's three principal downtown streets — Main, Elm and Commerce — are narrow and crowded enough with passenger cars let alone the hundreds of trucks which block the thoroughfares to load and unload for the numerous business houses.

This is where Bryan gets the blame. The city fathers, particularly Woodall Rodgers, who was mayor for eight years, says Bryan simply didn't look far enough ahead when he laid out the town. No provisions for alleys were made.

Last month, the city councilmen slapped a no-parking ban on the three downtown streets, but it didn't help much because trucks had to stop to unload their wares and the streets were just as congested as ever.

More recently, the no-parking ban was lifted and plans put into motion to double the parking meter fare from five to ten cents, and possibly cut the time limit to one-half hour.

The city is outgrowing itself—but not its traffic problems—so fast that Rodgers recalls having seen three distinct and revolutionary city planning eras become obsolete during his mayoralty.

He's urging that the city fathers look even farther into the future to overcome Bryan's lack of foresight.

Abe Lincoln Fired It

GEORGES MILLS, N. H. (UP)—Clarence Collins owns the only rifle known to have been fired by Abraham Lincoln. The diary of Pvt. Bascom of Newport, a Civil War sharpshotter, records that the president, on an inspection tour, fired the rifle. Collins values the gun at $1,500.

Sorry Seat Sank Sink

MARSHALL, N. C. (UP)—When Judge H. Hoyle Sink offered a new chair to replace the old one that almost collapsed when he sat in it during the beginning of Madison Superior Court, the News-Record ran this headline: "Sink Sat in Seat; Sink Sinks in Seat; Sink Says Seat Sorry."

Display Contents of Queen's Tomb at Cairo Museum

CAIRO (UP)—Contents of the tomb of Queen Takhouti, who died some 2,500 years ago, recently were placed on public exhibit at the Cairo Museum.

Well preserved, the exhibits are varied and numerous. The most valuable of them is a massive gold mask, which reveals that the queen was a woman of unusual beauty. Remains of her burial garments show that they were studded with golden stars, rosettes and superbly executed lotus flowers. Most of the material has long since disintegrated, but the pieces which survived are made of a close mesh of linen texture.

Delicately fashioned gold finger and toe stalls, a common feature in royal burials of that period also were found. The collection also includes 35 golden vials dedicated to the god Bes, (the cat), 29 similar vials to the god Hathor (cow's head), and an unusually large heart scarab carrying an inscription urging that the lady's heart should not weigh too much in the scales of justice in the next world.

An Egyptian farmer, Abdel Aziz Rehman, unearthed Queen Takhouti's tomb while plowing in 1951.

Irrigation was practised by Indians in the southwest many years before the arrival of the white man.

LOST 34 POUNDS

Dearborn Lady Likes Rennel

"My physician advised me to lose weight because I was suffering severe attacks which foreshadowed an operation. My weight had to be reduced before an operation could be performed," writes Mrs. Alvin Miller, 6461 Barrie St., E. Dearborn, Mich. "Rennel Concentrate was agreed upon as the reducing aid. I started to take Rennel about five months ago and weighed 172 lbs. Now I weigh 138 lbs. and am delighted to have lost that much up to now. Not only have I lost 34 lbs. but I have never had another attack. My physician is also pleased since he did not really want to operate for various reasons. I do not want to be without Rennel Concentrate in my home at any time. I feel certain that it will do for others what it has done for me."

Correct weight and regularity are so important to good health. If not pleased with the very first bottle return it to the manufacturer for your money back. Price $1.40. Insist on and be sure to get genuine Rennel.

Woman Raises, Trains Huskies

Pups Fostered in U.S. Help Restore Fading Breed in Alaska

NEW YORK (UP) — The man who sold iceboxes to Eskimos had nothing on Mrs. Nicholas Demidoff of Fitzwilliam, N. H. She sold huskies to an Alaskan.

Mrs. Demidoff, a New Yorker who took to country living 25 years ago, raising and racing the tough dogs, said that a few years ago they were all but extinct in their native Alaska. A breeder there purchased three pups from her kennels and now the breed is on its way back with the 40 or so descendants of the three.

Mrs. Demidoff began racing dogs one year after she trained her first team. Now retired from racing, she is the only woman driver to have won an official race. She and her five-dog team in 1935 made the 12-mile run at Wilton, N. H., in a record one hour, three minutes and 50 seconds.

The attractive, soft-voiced sportswoman, wife of a former Russian prince, brought five of her favorite huskies to Manhattan for recent demonstration.

Four of the dogs never had been in a building before.

"But the only thing they disliked was riding in elevators," she said. "They just crouched in a corner, waiting to see what happened next."

Mrs. Demidoff got into the husky business because her first husband owned a team. Soon she was devoting full time to their raising and training.

Driving a team of huskies is done with the voice, not reins.

"And I want to set the record straight on one popular misconception," she added. "Nobody calls 'mush, mush' to start a team. The usual term is 'all right'."

Most directions are improvisations of the driver. Certain tones shouted at the dogs mean "slow up," others mean "hurry up," still others mean "careful now."

"My dogs like music," she said. "So I sing to them. When I want them to speed up, I sing a tune called "The Muffin Man."

Huskies weigh 50 to 60 pounds and a team can pull about 100 pounds for 30 to 40 miles. A good leader is priceless. Mrs. Demidoff wouldn't take $5,000 for her Otchki, so-named because the markings around his eyes look like spectacles. That's what his name means in Russian.

Puppies sell for about $100 each and Mrs. Demidoff says that contrary to popular belief, huskies don't have to have cold climates.

"I've sold pups in every state in the union."

"Most huskies," Mrs. Demidoff added, "love to work in harness. But once in a while you find a lazy one.

"A husky that doesn't like work acts like a person who doesn't like work. He just lies down every chance he gets."

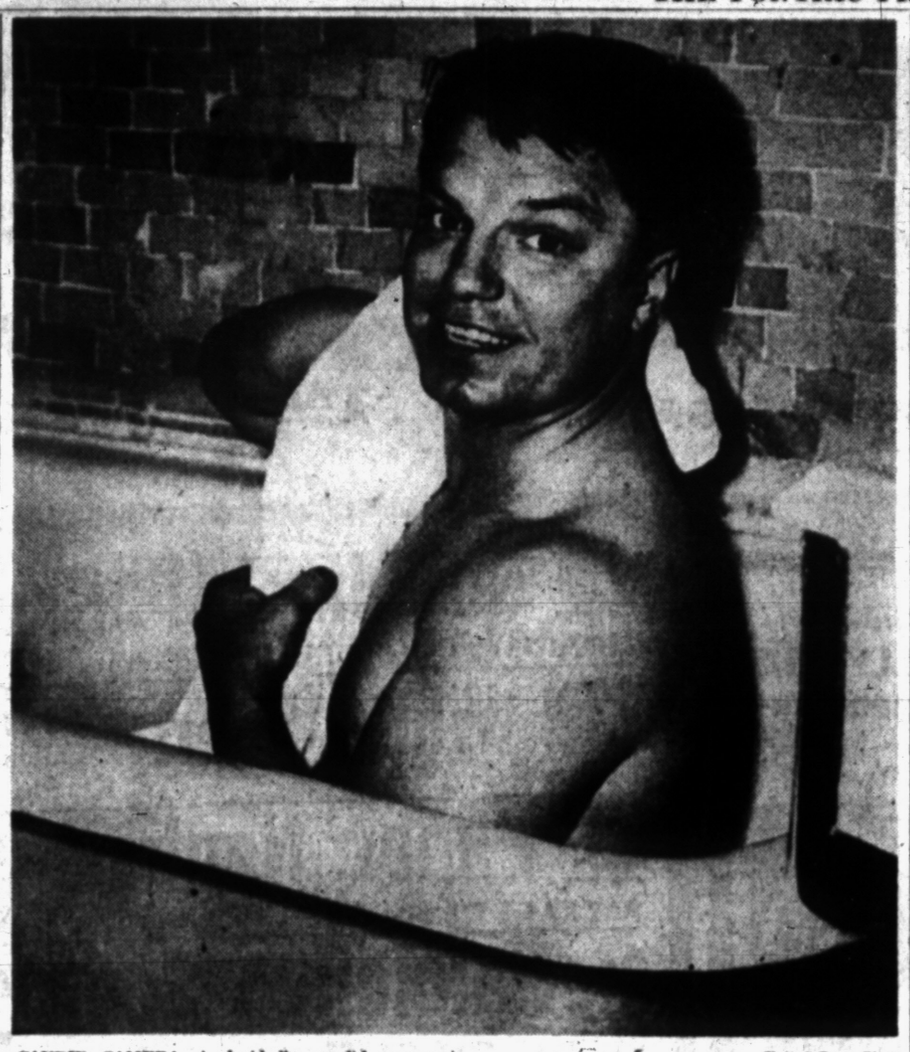

6-Year-Old Undergoes 6 Operations in 2 Months

LINCOLN, Neb. (UP) — Six-year-old Raymond Vavak survived six operations in two months and specialists were amazed at the way he withstood the strain.

Raymond, according to doctors, had an intestinal ailment which they said may have been caused by the common influenza virus.

Raymond lost 11½ pounds during the ordeal and was kept alive with 23 blood transfusions.

The sturdy six-year-old is recovering at the home of his parents, Mr. and Mrs. R. J. Vavak.

United Press Photo

CANDID CAMERA—A decidedly candid camera catches Guy Mitchell in the bathtub. The press reception, albeit informal, was held in the Savoy Hotel, London, where the popular singer is beginning a three-month tour of England.

Honduras Refuses Consul Status to 2

TEGUCIGALPA, Hondura (AP)—The Honduran government has lifted the diplomatic status of two Guatemalan consuls. It accused them of practices "contrary to the democratic form of government."

The action was linked with a strike of some 20,000 banana workers employed by the U. S.-owned United Fruit Co. The Honduran press ha declared the wage strike was inspired by agents from Communist-tinged Guatemala, where thousands of acres of fruit company land has been expropriated.

A Foreign Ministry communique said the two Guatemalan officials were involved in practices outside normal consular tasks "detrimental to the public orden menaced by the strike." They were identified as Jose Maria Aguilar Muniz, consul at Puerto Cortes, and Raul Perez, consul general at San Pedro Sula.

The fruit company strike began last Friday. Violence has been reported in several small villages, where army posts were attacked.

Prospective Jurors Give Old Fashioned Excuse

DeLAND, Fla. (UP) — The following excuse to avoid jury duty was unearthed recently in courthouse records of April 8, 1856:

"My brother and self summonded (sic) to the next term of Circuit Court at Enterprise on 10 April to be sworn as jurors. We respectfully beg we may be excused from serving as we feel some apprehension of the Indians . . . we are 15 miles from any neighbor and if the place were left without protection I fear it might be destroyed during our absence."

It was signed, E. K. Lowde.

Rubi's Plane Chilly, Zsa Zsa Bundles Up

SHANNON, Ireland (AP)—Zsa Zsa Gabor started out for New York today with Porfirio Rubirosa but landed here complaining I'm frozen." The dapper Dominican's private plane developed heater trouble en route from Paris.

Zsa Zsa, complaining of the chill, hopped off the plane bundled up in a full-engtth mink, blue jeans, two cardigan sweaters and white wool ankle socks.

When it appeared it would take some time to fix the plane, a converted B25, Zsa Zsa hurried off to the airport hostel to get some rest.

Rubirosa, who stood by silently while his blonde companion did the talking, wore gray slacks and a blue blazer.

Tobacco can be grown in a wide variety of climates from southern Canada to the tropics, and in most kinds of soil, except those which have an excessive moisture content.

New Mexico Art Growing Bigger

775 Artists Live, Work There; Find 4 Reasons to Like State

SANTE FE, N. M. (INS)—About 775 painters and sculptors, almost 10 per cent of them listed in Who's Who in American Art, are making art business and business art in New Mexico.

Just how they are doing it was the subject of a survey and recent articles in the official publication of New Mexico's Bureau of Business Research.

Bureau Publications Editor Paul M. Sears reported there are four reasons why the 775 artists live and work in New Mexico, the Land of Enchantment:

1—Cheap and simple living, 2—the state's hospitable attitude toward artists, 3—landscape and 4—the open climate of the southwest.

The artists are making art business by merchandising their wares. Almost every artist in the state has some sort of gallery connections.

In the artist community of Taos there are five artist-owned galleries. And art galleries in the state have sales ranging from $5,000 to $25,000 a year.

One artist-gallery owner put the business in art philosophy this way:

"I figure selling art is a lot like selling any other merchandise."

The artists have become salesmen. Director Jane Hiatt of La Fonda Gallery in Taos said, "Practically all our purchases of art, from $50 up, are made through personal contact with the artist."

Further evidence of the business approach to art is the fact that most galleries throughout New Mexico sell their paintings with a down payment and monthly installments.

Professional artists in the state manage incomes of from $3,000 to $6,000. They round out incomes by interior decorating, illustrating books, teaching and window decorating.

And while putting business into art, the painters and sculptors have also put art in business.

Texas gets first credit as the state where businessmen buy art.

Santa Fe's Will Shuster said, Texas is developing art sales among both modern and realistic painters . . . In particular, Texas is the outlet for our work."

The artists point out inexpensive paintings hung in waiting rooms and offices can be charged off income tax as office furniture.

Sears noted the artists also put art in business by helping tremendously to make New Mexico a tourist center.

Engineers in New York Learning to Ice Skate

TROY, N. Y. (UP)—A good engineer should know how to skate, so Rensselaer Polytechnic Institute is putting its students "on ice" as part of their work.

The students must put in an hour of required skating at the RPI field house.

A faculty member at RPI said organized "play" is replacing organized exercise—the idea being completely to replace the old muscle-building classes.

EXPRESSWAY NEARS MONROE—These concrete bridge abutments, through which Sandy Creek will flow, will support the four lanes of traffic on the Detroit-Monroe-Toledo $26,000,000 expressway, scheduled for completion late in 1955. The waters of Sandy Creek have been diverted during the bridge construction. A 26-foot median will separate the four highway lanes. This construction, one of approximately 30 grade and bridge separations in the project, is a short distance northeast of the Monroe city limits.

Ho Fails to Go to Geneva; Is Rebel Dead or Purged?

By CHARLES McCANN
United Press Staff Correspondent

Behind the Indochinese Communist rebel delegation at the Geneva conference hovers the shadowy figure of a little man with a wispy moth-eaten beard who calls himself Ho Chi Minh.

The Comunist rebellion in Indochina is being fought in his name as the head of the so-called People's Republic of Viet Nam.

But Ho Chi Minh is not his real name and for several years there has been very little that is real about him to Western diplomats.

Ho's failure to show up in Geneva as head of the rebel delegation deepened the mystery surrounding him.

For some Western experts on Indochina believe he may be dead.

There have been reports for four years that he has died or has been purged. This despite the continued use of his name as the rebel leader.

Ho's real name is Nguyen Tat Thanh. For 52 of his 60 years Ho has been a rebel—he was a courier for a secret revolutionary society when he was eight.

Ho was born into a revolutionary family. He left Indochina in 1911 when his father was sentenced to prison as a conspirator.

He shipped away on a French merchantman. He spent some years in poverty in Canton, China; Hong Kong and San Francisco. He worked as a cook in London. In Paris he worked as a photographer's assistant.

During his stay in Paris Ho joined the French Socialist party. When it split after World War I Ho joined the faction that went Communist. He went to Moscow, then to Southern China, then back to Moscow to study the techniques of revolutionary communism.

Ho spent some time in Indochina, coordinating secret revolutionary movements.

In 1940 Ho was in Southern China. There he organized his Viet Minh rebel movement. He led a partisan force of 700 men into Indochina in 1944 against the Japanese.

When Japan collapsed, the Allies agreed that British troops should occupy Indochina south of the 16th parallel of latitude while the Chinese Nationalists occupied the northern half.

When the French returned in 1946, they found Ho installed as leader of a northern government with arms left him by the Japanese.

France never liked Ho or trusted him. But it signed an agreement with him to recognize him as head of a Viet Nam government in Northern Indochina.

Emperor Bao abdicated. He tried to cooperate with Ho. He called Ho "big brother." Ho called him "little brother."

The France-Ho agreement never was really carried out. All the time Ho was plotting secretly to oust the French.

On the night of Dec. 19, 1946, the rebels rose in Hanoi, the chief city of the north. Hundreds of French civilians were slaughtered in their homes and the war was on.

Although the people of the U. S. used natural gas for lighting as early as the 1800's, only in the last 20 years has it been extensively used in homes and industries for heating.

Tuesday, Wednesday, Thursday and Friday — inhabited islands between Australia and New Guinea—were named by Capt. James Cook in 1770, according to the days of their discovery.

Grinnell's

This Is NATIONAL MUSIC WEEK—
"Enjoy Life More With Music"

hear ALL the music that's on your records...

FOR SHEER BEAUTY OF SOUND... COMPARE THIS SET WITH THE FINEST PHONOGRAPH YOU'VE EVER HEARD!

FF "Full Fidelity"

Grinnell Phonograph

- has TWO speakers, one 8-inch (with Alinco-5 magnet) and one 4-inch!
- has English "Collaro" automatic 3-speed record changer with G-E variable reluctance pickup!
- plays and changes 10" and 12" records intermixed, also plays 7" records!
- less than one-half of 1% distortion at listenable volume level!
- separate bass and treble tone controls!
- record compensator automatically adjusts to various record curves!

OF ANY LEADING LOW-PRICED CAR

TRY IT AND YOU'LL TELL US THAT YOU GET THE BEST OF ALL 3—PERFORMANCE, ECONOMY, PRICE!

Only Chevrolet—the lowest-priced line—gives you all these "Best Buy" values

The *modern* trend in engine design is to higher and higher compression. That's to wring more work *out of less* gas. Chevrolet gives you the *highest* compression of any leading low-priced car. Come in, get the facts and a demonstration. We're sure you'll tell us that Chevrolet out-performs and out-saves its field!

Highest Compression
Greater performance and economy with the highest compression of any leading low-priced car!

Fisher Body Quality
You get smarter styling—greater comfort, safety, quality—with this only low-priced car with Fisher Body.

Safety Plate Glass
No other low-priced car gives you the finer visibility of safety plate glass all around in sedans and coupes!

Biggest Brakes
For smoother, safer stops with less pedal pressure, Chevrolet gives you the largest brakes in its field.

Knee-Action Ride
You get the only Unitized Knee-Action on any low-priced car—one reason for that finer big-car ride!

Box-Girder Frame
Only Chevrolet in its field gives the extra strength and protection of a *full-length* box-girder frame!

No Other Low-Priced Car Can Match All These Other Conveniences and Advantages! First-in-its-field automatic features (optional at extra cost): Zippy, thrifty Powerglide automatic transmission; Power Steering; Automatic Front Window and Seat Controls (available on Bel Air and "Two-Ten" models); Power Brakes (available on Powerglide models)—plus crank-operated ventipanes—one key for all locks—lower trunk loading height.

Highland Parker Given Prison for Manslaughter

PORT HURON (UP) — Circuit Judge Edward T. Kane sentenced Terrell A. Spencer, 32, of Highland Park, to 11 to 15 years in Jackson Prison Wednesday on a manslaughter charge.

Spencer was found guilty of beating Aakley Barnes, 35, to death in a Marine City hotel bar last Nov. 20. A Circuit Court jury returned the verdict last March 19.

When the Library of Congress open in 1802, it had 964 books.

University Hospital Set for Bomb Attack

LANSING (UP) — State civil defense officials said today that plans have been made to convert University of Michigan Hospital into an emergency medical center, in event of enemy bomb attack on Michigan.

Dr. Roger B. Nelson, associate director of the hospital, said facilities could be increased six-fold in an emergency to provide treatment for 6,000 casualties.

The hospital plan would include use of nearby women's dormitories for care of present patients and an emergency nursing complement of 800 could be provided by adding junior and senior medical students and nurses to the hospital's professional staff.

Three-fourths of the world's sulphur is produced in the U. S.

Boy, 7, Runs Into Car, Gets Hospital Treatment

A 7-year-old Clarkston boy was treated at Pontiac General Hospital for bruises suffered Wednesday when he ran into the side of a moving car on Edison street.

Pontiac Police said the boy, Daryl Gaines, of 5945 Pine Knob Rd., was injured by a car driven by Leroy W. Gander, 28, of 29 Clarence St.

Judge Gets New Gloves for Crime-Free Period

NANTUCKET, Mass. (INS) — Superior Court Judge David Nagle has a new pair of white gloves because Nantucket has been found to have been crime free for the past six months.

Traditionally, the white gloves are given to the presiding justice when the court calendar, at the start of the semi-annual session, shows no criminal cases.

Army Officers Called to 'Coddling' Hearings

Hutch Thinks Tigers Could Be Flag Threat

Continued Good Mound Work, Tuttle's Hitting Are Key Factors

BOSTON (AP) — Yesterday was "if" day for manager Fred Hutchinson of the Detroit Tigers.

Detroit's game with Boston was postponed but despite solemn, gray skies, Hutchinson took a bright view of the Tigers' chances in the American League pennant race—"if!"

"If we continue to get the kind of pitching we have seen this spring, we certainly will be a factor," the Tiger skipper said.

"If Bill Tuttle will just keep on swinging as he is, he'll keep hitting. That's the way he got up there over the .400 mark—by swinging all the time.

"I'll say that we definitely have a chance to fight for the pennant."

Thus far, the Tigers have done well against all—except the weatherman. He's been striking them out consistently.

Since leaving Briggs Stadium 10 days, the Tigers have played exactly four games — a meager nine hours of competition. Detroit won three of those four games.

The Tigers and Red Sox, who haven't met this season except in spring training and in Boston's hotel lobbies, will try it again today.

Ned Garver was named to pitch for Detroit, to be opposed by either Willard Nixon or Leo Kiely.

Two straight postponements against Boston figure to hinder the Tigers two ways:

1. Their pitching staff will be burdened when the games are made up in summer heat as part of doubleheaders.

2. They lost a chance to play a Red Sox team minus its two brightest stars — pitcher Mel Parnell and outfielder Ted Williams, both sidelined with injuries.

AP Wirephoto

TOUGH LUCK TURLEY — Baltimore Orioles' fast-balling right hander Bob Turley is shown in action in the 3rd inning of Wednesday's game against the New York Yankees at Yankee Stadium. The tough luck twirler allowed the worlds champions only two hits, but had his own wildness to blame for the Yanks' 4-2 win. Turley had a no-hitter going until Joe Collins tripled with the bases loaded in the 5th. Turley walked 7 before leaving for a pinch-hitter in the 7th inning.

General Terms Sports Program 'Morale Builder'

Favored Treatment for Athletes Against Old Department Policy

By HERB ALTSCHULL

WASHINGTON (AP)—House investigators called Army officers to a public hearing today (1 p.m. EST) to explain reports that 10 name athletes spent most of their time in the Army playing baseball and boxing.

* * *

Eight major league baseball players and two boxers are listed among the 10 men whose cases are under study by a house armed services subcommittee headed by Rep. Hess (R-Ohio).

* * *

The house members are trying to find out whether these men were "coddled" while in the Army by being permitted to play baseball and box instead of taking part in normal military duties.

Hess has made it clear, however, that the players themselves are not charged with doing anything improper.

Brig. Gen. Herbert P. Powell, deputy chief of the Army's personnel division, went before the subcommittee yesterday, flanked by Army officers familiar with the 10 cases.

* * *

Powell said the Army's sports program of baseball, basketball, football and other games are "morale builders, even for the spectators."

* * *

He produced a series of documents showing that the Army had been issuing directives ever since 1919 to guard against favored treatment for name athletes and entertainers.

But, he acknowledged, "in a few cases, field commanders may not have carried out department policy."

Powell said the Army has put into effect a new monitoring system under which a check will be kept on all athletes on active duty to guard against any abuses of the Army policy.

To back up his contention that the Army has not given preferential treatment to athletes, Powell handed the committee a list of 62 men he said were nationally known athletes and entertainers who served overseas between 1952 and 1954.

* * *

Among the better known athletes on Powell's list were Curt Simmons, pitcher for the Philadelphia Phillies; Don Larsen, Pitcher for the Baltimore Orioles; Del Crandall, catcher for the Milwaukee Braves; Leo Kiely, pitcher for the Boston Red Sox; Arnold Galiffa, Army quarterback and Clayton Tonnemaker, Minnesota football star.

Others included: Bob Hoffman, tap dancer; Jason Eisminger, movie actor; Robert Finney, golfer; Zoravko Govedarica, basketball player, and Olavi Alakuppi, cross country skier.

Michigan Players Ranked High in Pitching, Hitting

CHICAGO (AP) — A potent blend of hitting and pitching today explained the top ranking of Michigan's defending conference and NCAA champions in the Big 10 baseball campaign.

Michigan's Wolverines, leading the league race with a 5-1 record, boast two of the Big Ten's six pitchers with 2-0 marks and rank 2nd in team batting at .268.

* * *

Official loop statistics credit Michigan State (3-1-1) with the best batting average .315.

Jack Ritter, who has not allowed an earned run and yielded only six hits in 18 innings, and Jack Corbett are Michigan's twice victorious hurlers.

Other hurlers in the double victory bracket are Paul Giel and Ron Craven of Minnesota; Ron Erickson of Michigan State, and Paul Ebert of Ohio State.

Purdue's Joe Sexson, an outfielder, leads the conference hitters with a .535 percentage with eight hits in 15 trips. However, Don Eaddy, Michigan 3rd-baseman, is the all-around batting leader with 17 total bases, two home runs, two doubles, nine hits, eight RBI's and five stolen bases.

* * *

Don Waldron, Iowa shortstop, also has 17 total bases and two homers.

Third round of conference play this weekend includes the following games:

Friday—Indiana at Illinois; Michigan State at Iowa; Michigan at Minnesota; Northern at Wisconsin; and Ohio State at Purdue.

Saturday — (all doubleheaders) — Ohio State at Illinois; Indiana at Purdue; Michigan at Iowa; Michigan State at Minnesota; and Northwestern at Wisconsin.

PAYS OFF—Joanne Bosti of San Francisco strokes this fur-bearing fish hooked in Montana and is out for enough to make a coat.

Snead Planning Layoff Until Time for Open

Sam Tries New Method of Preparation for Top Links Event

By GEORGE BOWEN

WHITE SULPHUR SPRINGS, W. Va. (AP)—Sam Snead is going to try to teach an old dog like himself a new trick this year in an effort to break the jinx that has plagued him 13 times in the U. S. Open golf tournament.

* * *

After the Greenbrier Open in which he starts defense of his title today and the Palm Beach Invitation at Westbury, L. I., May 12-16, Snead says, "I probably won't play any more until the Open."

The Open is at Springfield, N.J., June 17-19. The lack of steady competition before it is something new for Snead.

"I never tried it before, but maybe that way I can get into a little better shape and be raring to go," he hopes. "I'm not sure about putting all my eggs in one basket, but I'm still going to give it a try."

* * *

Snead is at the age, 42, where he's going to try anything for that Open title which is the only big one which has got away from him.

It all started for the long slamming Snead from the Virginia mountains back in 1937, his first pitch for the major pro golf laurels. Ralph Guldahl shot a record score of 281 to beat him out.

* * *

Ten years later he lost a playoff to Lew Worsham on the 18th hole by missing a putt of 30½ inches. In 1949 he needed only a par five on the last hole to win and pulled one of the biggest blowups in history by taking eight.

"If I'd won the first one, I might have won four or five," Snead has recalled sadly.

Networks Set to Battle for Boxing Viewers

DuMont and ABC Both Will Have Ring Action Monday Nights

NEW YORK (AP)—It will be DuMont-TV vs ABC-TV each Monday night starting May 17 in a war for the eye of the boxing television fan.

The battle lines were drawn yesterday when the New York State Athlete Commission approved the license and contracts drawn for the Eastern Parkway Arena group and ABC.

* * *

The Parkway club the announced its May 17 attraction, lightweight contender Orlando Zulueta of Cuba vs Percy Bassett, high ranking featherweight, in a ten round bout.

* * *

Dumont has telecast the Parkway bouts for two years but was moved out of the picture when a new corporation was set up and allied with ABC.

Dumont then signed up with the London Sporting Club headed by Tex Sullivan, a long time manager and matchmaker, for weekly Monday night shows. It's first headliner will match featherweight champion Sandy Saddler and Algerian Hoacine Khalfi in a non-title ten rounder on May 17.

Both networks plan to telecast the main bout starting at 9 p.m., EST.

Maple Hurler Stars in Relief

Campy Checks Out of Brooklyn Hospital

BROOKLYN, May 6 (AP)—Brooklyn catcher Roy Campanella checked out of Long Island College Hospital Wednesday after undergoing an operation for a bone chip in his left wrist.

Doctors said a larger incision than originally anticipated was necessary in order to cut around a nerve. The catcher reportedly will be lost to the Dodgers for three and a half to four weeks.

He will rejoin the team for conditioning purposes next Tuesday when Brooklyn returns from a western trip.

The New England intercollegiate tennis championships will be held at Hanover, N. H., May 14-17.

NCAA Group Ends Session

Discussion on Report of Infractions Major Item of Agenda

CHICAGO (INS) — Executive committee of the National Collegiate Athletic Association concludes a two-day meeting today in Chicago with consideration of a report by the committee on infractions, a major item on the agenda.

The NCAA council meets tomorrow and Saturday.

Yesterday's business was devoted to approval of four championships for next year.

Dates and sites follow:

Gymnastics at UCLA, Los Angeles, March 25-26.

Wrestling at Cornell University, Ithaca, N. Y., March 25-26.

Boxing at Idaho State College, Pocatello, Ida., March 31, April 1-2.

Ice hockey, Colorado Springs, Colo., March 17-19.

The committee also approved of following the basketball plan of entering contestants in the annual baseball championship to be staged at Omaha, Neb., next June 10-14.

The committee gave its approval to a $70,060 budget covering the 1954 expenses of the television committee.

TODAY'S POP — Celebrating his 83rd birthday recently at Palo Alto, Calif., Glenn Scobey (Pop) Warner said he would still use the double wing which he created if he were still coaching football.

Sheldon Pitches 7 Hitless Frames Against Parkers

'Squeeze' Wins in 10th; Southfield, Troy Victors, Cranes Lose

COUNTY BASEBALL

Birmingham 2, Hazel Park 1
Southfield 6, Farmington 1
Dearborn 7, Cranbrook 5
Troy 9, Avondale 6

By JACK SAYLOR

Birmingham High School's baseball team still is undefeated today thanks to a sterling job of relief pitching by right hander Dick Sheldon.

* * *

Lou Parry's Maples edged Hazel Park, 2-1, in 10 innings for their 3rd straight victory, two of which were Eastern Michigan League contests. Sheldon relieved Larry Milford in the 4th with the score tied 1-1.

He hurled seven hitless innings, struck out 13 batsmen, and scored the winning run himself. Sheldon walked in the 10th, moved up on Jerry Wedge's bunt and continued to 3rd on a throwing error.

Bill Allen successfully bunted Sheldon home on the squeeze play.

Sheldon now has hurled 14 innings of shutout ball, giving up only 1 hit. He blanked Mt. Clemens on 1 hit last week.

* * *

At Cranbrook, the usually steady Cranes booted the ball around for 7 errors as Dearborn downed the host nine, 7-5. Losers collected 10 hits, including 3 doubles by Don Slotkin, 2 doubles and a single by Steve Hayes and 3 singles by Marc Cunningham.

In an Inter-Lakes game postponed from Tuesday, Southfield stopped Farmington, 6-1, on Tom McCormick's 4-hit hurling, and in a make-up Oakland-B game, Troy downed Avondale, 9-6.

* * *

McCormick fanned 13 and walked six as John Faucett picked up three of Farmington's four hits. Too many walks beat Avondale as Troy tallied its nine runs in the 1st and 3rd innings on 5 hits and 7 bases on balls.

Frank Wood and Bishop had two hits each for the Colts, while Marion Spears, Dan Butler and Tom Moore had two apiece for Avondale.

Podoley Sets Pace for Chips' Victory

MT. PLEASANT (UP) — Jim Podoley captured four first places Monday to pace Central Michigan College to a 56-30 victory over Wayne University in a dual track meet.

Central won seven of 11 events with Podoley grabbing top honors in the 100-yard dash, high hurdles, 220-yard dash and the low hurdles. He placed second in the high jump behind Wayne's Mark Smith.

Patty Berg won the 1938 USGA women's golf crown with a 6 and 5 victory over Mrs. Julius A. Page of Sedgefield, N. C.

Eastern Thinclads Defeat Waterford

Only one of three scheduled junior high school track meets was held yesterday. Washington-Jefferson and Lincoln-Wever tests, scheduled at Wisner Field, were moved to this afternoon and will get under way at 3 p.m.

Tom Conley won both the 75-yard dash and broad jump to pace Eastern to its 3rd victory in four dual meets, 43½-33½, over Waterford. Indians won six of nine 1st places.

New York DA Denies That Office Is Probing 'Fixes'

NEW YORK (AP)—District Attorney Frank Hogan ipsisted today his office is not investigating fights allegedly fixed by a gambling syndicate.

Jimmy Cannon of the New York Post reported in his column yesterday that the district attorney and the state athletic commission were probing three suspect fights—two at Brooklyn's Eastern Parkway and one at Madison Square Garden.

* * *

Hogan's office said: "This office is not and has not in the recent past conducted any investigation of so-called fixed fights."

A spokesman for the DA said a meeting had been held "some time ago" with Robert Christenberry, commission chairman, but nothing was presented to warrant grand jury action.

* * *

The commission issued a statement saying it "maintains scrutiny over all matters pertaining to affairs under its jurisdiction."

Cannon's story said Harry Markson, managing director of the International Boxing Club (IBC), gambling syndicate.

Markson declared: "My information didn't pertain to any fight, but to a betting ring. It was not limited to any one sport. I went to Christenberry with information that I thought had substance. But it just didn't stand up."

Sub Ballplayer Bats 1.000, but Fumbles Pay

NEW LONDON, Conn. (AP)—Detective Sgt. Dennis W. Cavanaugh of the local police department batted 1.000 in his short career in organized baseball.

His brother, Police Lt. Jack Cavanaugh, the baseball star of the family, was playing for Stonington, Conn., in a Connecticut-Rhode Island league game, when he broke his leg sliding into second base.

As Jack was being carried off the field, he suggested that Dennis be called from the stands to take his place in the game.

Dennis hit safely both times at bat, driving in the winning run in a 3-2 victory. The team manager paid him $4.50—in half dollars—and Dennis dashed off to see how brother Jack was getting on with his broken leg.

Later Dennis reached into his pocket and the money was gone. Turning his pocket inside out, it showed a big hole and he said:

'Look, I'm right back in the amateur ranks."

It's Time Out!

"Forget the heroics! Can't you see it's just another of State's cheap tricks?"

Commission's Move to Oust Osgood Apparently Closed

GRAYLING (AP) — The conservation commission met today amid reports that the once-secret move to oust deputy director Wayand Osgood has all but petered out.

The commission in a closed,, unannounced session April 11 discussed firing or demoting Osgood on the ostensible grounds he had fallen down as legislative representative for the department.

The move came to light two weeks later and legislators, organized sportsmen and others leaped to his defense. This unanimous opposition to the move by those most affected in Osgood's legislative functions is believed to have scared the commission off.

The matter is not on the official commission agenda, but it may be brought up from the floor by Rep. Hugo A. Nelson (R-Indian River), chairman of the house fish and fisheries committee.

He said he would be on hand to present letters and a petition from members of his committee and the house and senate conservation committees in Osgood's defense.

The business officially before the commission includes the allocation of $400,000 appropriated by the legislature for new buildings and roads at state parks.

Lakers Keep Skoog

MINNEAPOLIS, May 6 (AP) — Whitey Skoog Wednesday signed a one-year contract with the Minneapolis Lakers, ending speculation that he migh leave the pro basketball champions this year to take a high school coaching job.

Terms of the contract were not revealed. Skoog has been with the Lakers for three years after starring at Minnesota.

Stars Make Up 'Plaster Cast' All-Star Team

Cartoonist Picks Squad of Players Sidelined With Injuries

NEW YORK (AP) — Around the majors:

Cartoonist Willard Mullin (New York World Telegram and Sun) has come up with a "plaster cast" all-star team which, in good health, probably could stack up against any nine in the majors.

Here's the team, all on the sidelines with injuries:

1b—Dick Kryhoski, Baltimore.
2b—Davey Williams, Giants.
3b—Rudy Regaldo, Cleveland.
ss — Billy Cox, Brooklyn.
lf — Ted Williams, Red Sox.
cf — Bobby Thompson, Milwaukee.
rf — Mickey Mantle, Yankees.
c — Roy Campanella, Brooklyn.
p — Bobby Shantz, Athletics.
p—Mel Parnell, Red Sox.

The annual Round Robin golf tournament will be held again at the swank Meadow Brook Club, Westbury, N. Y., May 12-16.

The Western Open golf championship will be held at the Kenwood Country Club, Cincinnati, June 3-6.

Eaglets' Team Wins in Triangular Meet

Orchard Lake St. Mary swept eight 1st places yesterday to defeat Detroit Servite and Northville in a triangular track meet on the Eaglets' home field.

St. Mary won with 75 points, followed by Servite with 58½ and Northville with 3½.

Double winners were Orchard Lake's Walter Boguzki, who won both hurdles events, and Servite's John Marine, who swept the dashes.

Major League Results

AMERICAN LEAGUE

Sports News Told Briefly

By The Associated Press

TENNIS

ROME — Tony Trabert, United States champion, trounced Steven Lazlo of Yugoslavia, 6-3, 6-1, 6-1, and moved into the second round of the Italian international tournament.

LONDON — Doris Hart of Coral Gables, Fla., was carried to three sets by Angela Buxton of England in the fourth round of the Shirley Park tournament, 5-7, 8-6, 6-2.

RACING

NEW YORK — Riverina ($11.70) and Happy Mood (21.40) raced to a dead heat in the 24th running of the Acorn Stakes at Belmont Park.

BOWIE, Md. — Territory ($5.00) won the Mainmast Purse at Bowie.

BOSTON — Noch Eins ($6.40) scored his third victory of the year in the Lynn Purse at Suffolk Downs.

CAMDEN, N. J.—Right Down ($4.80) captured the William Penn Stakes at Garden State Park.

Lexington, Ky. — Money Broker ($9.40) took the Lexington Handicap at Churchill Downs.

San Mateo, Calif. — Beau Busher ($3.00) won the $10,000-added Beau Brummel Stakes at Bay Meadows.

Calumet Notable by Absence Among Ranks of Top Cash Winners This Season; 'Big' Horse Lacking

By GRANTLAND RICE

NEW YORK—There have been two missing figures this season in the ranks of leading winners. They were absent at the Kentucky Derby and they will be absent at the Preakness and the Belmont.

* * *

Their names are Ben and Jimmy Jones, Calumet's two able trainers. For the first time in many years they are out in the wilderness. "I need the big horse," Ben said this last winter. "I need him badly. I haven't got a horse I can count on."

* * *

You could almost see the ghosts of such horses galloping by—Whirlaway, Citation, Armed, Coaltown, Mark-Ye-Well, Two Lea, Ponder, Hill Gail, Bewitch, Twilight Tear, always the big horse.

* * *

Now that Bull Lea has reached the twilight of a great career, Ben and Jimmy Jones and all the Calumet establishment can look back on his great record.

As a sire he has produced 199 winners who have been fast enough and game enough to win $9,400,000, an all-time record as far as we can determine.

Bull Lea was sent to stud by Calumet in 1940, just 14 years ago. Since then Bull Lea has broken so many records they are beyond all counting. He had fathered Citation, Armed and Bewitch, top-money winners in three different classes. These three won well over $2,000,000, another record for one sire and one stable.

* * *

Missouri Ben began to read the writing on the wall a year ago at Santa Anita. This winter he still counted on Mark-Ye-Well to regain part of Calumet's prestige, but a bad hoof caught him in the $100,000 tests.

* * *

There was no one else. Hill Gail went bad. Duke's Lea showed fine three-year-old promises as the last of Leas—and then faded under the desperate challenge from little Determine.

* * *

Andy Crevolin, a California car magnate, is now the leading man. His little horse, Determine, jumped to the front in the Derby. Calumet was back in 5th place before the Kentucky Derby and picked up nothing there.

BIG TOWN HUCK FINN —With traditional straw hat, rough-cut pole and undersized fish, 10-year-old Billy La Rosa appears to be right out of Mark Twain's country boy lore. Actually, Billy's proud catch was made in New York's Central Park Lake.

With Army Net Team

FORT CAMPBELL, Ky. — Lt. George Hicks, son of Mr. and Mrs. George Hicks, 16 Johnson Ave. Pontiac, recently joined the tennis team of his regiment, the famous 508 "Red Devil" Airborne Regimental Combat Team.

Lieutenant Hicks, who is working as a platoon leader in his company, is an exceptional tennis player.

Jack Robinson of the Dodgers has hit above .300 his last five seasons.

Lemon Wins Fourth, Still Eyes Old Jinx

By BEN PHLEGAR
Associated Press Sports Writer

Bob Lemon looked at his 4-0 record today, doublechecked the date, and began wondering if this is the season he escapes his May jinx.

The 33-year-old Cleveland righthander, busiest pitcher in the American League in 1952 and 1953, has won at least 20 games in five of the last six years. But May has been his hard luck month.

* * *

Last night, in his first May appearance this season, Lemon coasted to a 7-2 victory over the Philadelphia Athletics. It was his fifth start, his fourth complete game.

Two years ago Lemon won 22 and lost 11 but he was beaten in two of his first four starts and really hit the skids when May came. He dropped five out of six in a bad spell that ran into June.

Last season he baffled Chicago with an opening day one-hitter and ran up a 3-0 mark. Came May 1 and he lost his first game. He was beaten in his next three appearances, all in May. Once June arrived he found his form again and finished with a 21-15 record.

* * *

Lemon has pitched considerably better than he did last night, but with a 4-0 lead after three innings he never was in serious trouble. He walked five and the A's reached him for nine hits including a home run by Vic Power. Dave Philley's three-run homer in the sixth clinched matters for the Indians.

* * *

Washington's Bob Porterfield, the American League's biggest winner last season, shaded Bob Keegan of the Chicago White Sox 1-0 for his first shutout. Baltimore's Bob Turley lost a two-hitter for the second time this year, 4-2 to the New York Yankees.

Detroit at Boston was postponed.

In the National League Philadelphia made it two in a row over St. Louis 10-3; Milwaukee beat Pittsburgh 4-1; Brooklyn whipped Chicago 7-0 and Sal Maglie of the New York Giants was beaten for the first time after winning four, 7-1 by Cincinnati.

* * *

The pitching duel at Washington was broken up in the eighth inning when Keegan, who had won three in a row, walked Roy Sievers with the bases loaded. Porterfield scattered four hits. Keegan gave up five.

Turley's wildness proved his downfall as Baltimore paid its first visit to Yankee Stadium. The fastballing righthander walked the bases full in the fifth, watched one run come home on a sacrifice bunt by Eddie Lopat and then after another walk served up a fat pitch that Joe Collins blasted to deep left center for a three-run triple.

Ardmore Open Golf Tourney Starts Today

Host Dutch Harrison Rated 'Man to Beat' in 3rd Annual Test

By WILBUR JOHNSON

ARDMORE, Okla. (AP)—Par, the bugaboo to every golfer, presented the same problem for some of the nation's best players as they teed off today in the third annual $15,000 Ardmore Open golf tournament.

A starting field of 165 players, including 135 professionals and 30 amateurs, bowed their necks and tackled the tough 6,483-yard par-70 Dornick Hills country club course in the first round of the 72-hole event ending Sunday.

Although par was the main point of contention for a field which included four former National Open champions and two Professional Golfers Assn. kingpins, chief item of conversation was money.

* * *

The sponsoring Waco Turners, who provide the cash which attracts golfers of this oil-rich southern Oklahoma City, haven't revealed yet how much prize money they will give away but it's a sure bet that the total pot will be around $50,000.

This amount will include bonus prizes from $15 for birdies up to $2,500 for a hole in one plus additional cash awards to be offered as the tourney progresses.

Most of the pros, including Byron Nelson, Cary Middlecoff, Lloyd Mangrum and Julius Boros, former National Open champions, said they figure that par golf should win a substantial sum.

Earl Stewart Jr. of Dallas won the top prize last year of $6,900 for his winning score of 282 two over par.

Dave Douglas picked up $5,400 for his one-under-par 279 in the 1952 inaugural.

The finger points to E. J. (Dutch) Harrison, host pro, as the logical man to beat. He currently has a 68.03 average for his efforts on the winter tour and leads the race for the coveted Vardon Trophy.

My Greatest Shot

By LAWSON LITTLE

Back in 1933 at Cincinnati's Kenwood Country Club, I was only a 22-year-old amateur, which is the reason why I made the shot which will stay in mind the rest of my life.

I just didn't know that it was impossible to take a nine-iron and cut it around a stymie.

The whole thing started on the 15th hole of a round in the National Amateur Championship. This tournament is all match play and I was playing against Ross Somerville, the defending champion, in this round.

My tee shot was a bad one, hooking into the water. I dropped a ball and then hit a long second shot, which came down on the green, 25 feet away from the cup. Somerville was on in two—farther away though—and his first putt wound up two and a half feet away from the cup. I was there in three and also was stymied by Somerville's ball.

I was away, so it was my shot. The gallery took one look at my predicament and promptly started to walk to the 16th tee. The 15th, they could see, was an easy one for Somerville.

But, like I say, I was too young to know the difference. I studied the shot for about three minutes and decided to try it with the nine-iron.

I took out the club, then cut the ball to the left. It took off on a big arc, then swung at the cup. It rolled past Somerville's ball, missing it by a blade of grass at the most, then dropped into the cup.

Petrov Incident Might Keep Reds Out of Olympics

MELBOURNE, May 6 (AP)—Australian Olympic Games officials believe that because of the Petrov case all the Iron Curtain countries would vote against Melbourne as the site for the 1956 Olympic Games if a vote were taken at the International Olympic Committee meeting in Athens next week.

Russia has severed diplomatic relations with Australia over the recent defection of Vladimir Petrov, a Russian embassy official in Canberra. He and his wife were granted political asylum by the Australian government.

Australian Olympic officials, however, are confident Australia would survive any vote to take the 1956 games away from Melbourne.

George Lott, tennis coach at Duke University, was a member of the Davis Cup team from 1928 through 1934.

Officials May Limit Newsmen

Olympic Body Would Allow 1,000 Scribes to Cover Games

LAUSANNE, Switzerland, May 6 (AP) — The International Olympic Sports Federation proposed Wednesday to limit the number of newsmen permitted to cover future Olympic Games.

A joint meeting of the International Olympic executive committee and the International Federations responsible for the different Olympic sports jointly recommended that accredited newsmen be limited to 1,000 reporters, 150 photographers and 150 radio and television commentators.

The recommendation is to be put before the full session of the International Olympic Comittee opening in Athens on Monday.

The meeting also agreed to recommend to the Athens session that officials be limited to 15 per cent of the competing athletes of each nation.

'Just Another Team'

Dodgers Can Disprove Thoughts That They Will Fold Without Campanella

By GAYLE TALBOT

NEW YORK (AP)—For the past several years there has been a point of keen dispute whether the Brooklyn Dodgers could dominate the National League as they have done, or even stay with the pace, if they suddenly were without the services of their great catcher Roy Campanella.

* * *

Numberless times we have heard players and managers of rival clubs express the dogged opinion that, without the slugging Negro backstop, the Dodgers would be "just another ball team." This always seemed a little extravagant, considering that the champs possess a number of other hitters of more than local renown, but that's what the boys said.

They said that you could have Duke Snider and Gil Hodges and Jackie Robinson and Carl Furillo, that any or all of them could hurt you at times, but that when the showdown came in an important game the man who murdered you most often was Campanella.

Well, the time finally has come when we'll find out whether there was anything in all this talk, for Campanella will not be around for the next three or four weeks while an operation on his catching hand heals. If his absence does prove to be the blow that Brooklyn's opponents fondly hope it will, the National League race won't be recognizable by the time he returns.

This much already has been made abundantly clear: without Roy's explosive hitting the Dodgers do not look like the overwhelming favorites they were made in preseason polls. They have shown absolutely no signs of streaking or pulling away from the field while Campanella was struggling with a .167 batting average through his club's first 16 games.

Drivers and Yonkers Track Are Feuding

YONKERS, N. Y. (AP)—A spokesman for Yonkers Raceway said tonight 'there will be no racing at Yonkers tomorrow unless there are a bunch of last day entries."

* * *

He added that there had been no success in efforts to reconcile money differences between the track and the drivers, represented by the Standardbred Horsemen's Assn.

* * *

The drivers are demanding 40 per cent of the track's mutuel take, while the track is willing to give only 30 per cent.

George Monaghan, New York Harness Racing Commissioner, met until after midnight with the two groups in order to try to reach a settlement.

The track spokesman said only 66 horses had been entered for Thursday's program whereas usually 150 or 200 are submitted.

Solons' Tough Ball Park Will be 'Softened'

WASHINGTON, May 6 (AP)—The Washington Senators decided today to move in the fences at Griffith Stadium, the toughest park in the major leagues for home run hitters.

* * *

The overhauling of the ball park will begin as soon as the Senators complete a home stand today. By the time the Senators return on May 21, the home run range in left field will be from 374 to 388 feet. It's now 391 to 405.

No new seats will be added. The bullpen for visiting pitchers will be shifted from beyond the foul line in left field into what is now the playing area.

Washington officials said the change was decided upon because spectators along the left field foul line have complained they couldn't see the action when pitchers were warming up.

Lopat Wins 4 in Row

By BEN OLAN

NEW YORK (AP)—Eddie Lopat sat on a stool in the New York Yankee dressing room, leaned back against his locker, and laughed "they can put all the righthanded batters in there they want. If I got my stuff, it doesn't make any difference.

* * *

This was yesterday, just after the cagey southpaw had won his fourth straight game without a setback by whipping Baltimore and Bullet Bob Turley 4-2 on six hits.

* * *

"I see where they had nine righthanded hitters in there today," he declared. "I had to throw more screwballs against them and fortunately I had no trouble with it."

Actually, only one of the Orioles' runs was earned. A high fly by Jim Fridley landed in the lower left field seats in the fourth inning. "It was off a fast ball down the middle," Eddie explained. "I didn't want to walk him with the count three and two.

"I'd guess you have to call this pitching game a battle of wits," Lopat said. "If they're trying to hit to the opposite field (observers say that's the only way to solve Lopat), I pitch them tight. Against Lefty batters I use more sidearm curve and my slider more often."

His 4-0 start is nothing new to the Yankee mainstay. Last season, Eddie won his first eight games before he suffered a loss on June 27. The year before, he started off with five victories in a row.

* * *

Lopat couldn't come up with a reason for his swift getaways, but later Manager Casey Stengel expressed his opinion.

"It takes a while for the hitters to sharpen up in the spring, anyway," he explained, "and with Lopat's assortment of pitches he makes it tough for them to get their timing on the beam.

"Take the case of that first hitter (rookie second baseman Vinnie Garcia). He probably never saw Lopat pitch before and he looked ready to murder the slow stuff. All he did was hit the ball back to Lopat and was he surprised.

"But spring or fall, this here guy is a whale of a pitcher."

I-L Track Test Set at Ferndale Today

Waterford is favored to dethrone Walled Lake as track champion of the Inter-Lakes Conference in the 8th annual meet at Jefferson Field, Ferndale, this afternoon. Test starts at 5:30 p.m.

Jack Hackett's Skippers are expected to score heavily in the sprints, hurdles, broad jump and relays.

Defending champion Vikings count on strength in the quarter and half mile and hurdles, but will need help in various events from the other conference entries, not figured as title threats.

Kentucky's new football coach, Blanton Collier, never played varsity football.

Four Contests Played in Waterford Circuit

Four games were played yesterday afternoon in the Waterford Junior Softball League, sponsored by the township recreation department. Williams Lake moved into the American League lead with an 18-0 rout of Drayton Plains. National League leader Stringham did not play.

In other games, Waterford Village beat Children's Home, 11-10, Hudson-Covert defeated Waterford Center, 19-7, and Donelson downed Lambert, 26-8.

Archery Test Scheduled

Pontiac Archers will hold their 2nd shoot of the season Sunday at the Pontiac Lake Recreation Area. Fifty-six targets will be shot, starting at 10 a.m. Registration is at 9 a.m. Public is invited to compete.

Titled British Jockey Wins 4,836th Victory

LONDON, May 5 (AP)—Sir Gordon Richards threw his game leg over a long shot and rode the horse to his 4,836th victory today on his 50th birthday.

Sir Gordon's victory was aboard Mabledon in the Rose Stakes at Sandown Park in southwest London. It was a minor stakes race but it came two days after the world champion jockey was forced off the track with a severely pulled eg muscle.

Baltimore Colts Sign 45th Player to '54 Pact

BALTIMORE (AP) — Art Donovan, biggest man on the roster of the Baltimore Colts, today became the 45th player to sign a contract with the National Football League team for the coming season.

Donovan, 6-3, 280-pound tackle, was named the Colts' most valuable defensive lineman and was a member of the pro bowl team last year.

A canvasback duck flies from 60 to 70 miles an hour.

HERE ARE THE FACTS
About Tire Guarantees

All tires carry the manufacturers Standard LIFE TIME GUARANTEE which means a guarantee only against "factory defects" in workmanship and material . . . BUT only 1 tire in 100 fails because of "Factory Defects." The rest fail because of ROAD HAZARDS (glass cuts, spike, curb cracks, rim bruises, etc.) SO . . . Ask your dealer point blank, "IS THIS TIRE GUARANTEED IN WRITING BY THE MANUFACTURER AGAINST ALL ROAD HAZARDS?"

Turley Denies He's 'Fast-Ball Crazy'

Eagles Sign Richardson, Ellis for 1954 Season

PHILADELPHIA (AP)—Jess Richardson, 240-pound defensive tackle from the University of Alabama, has signed his second term contract with the Philadelphia Eagles of the National Football League.

Vince McNally, general manager, announced that Bob Ellis, a 230-pound end and tackle from McMurry College of Texas and the Fort Benning Army Team, also has signed for the 1954 campaign. Ellis was a free agent. The Eagles now have 43 candidates under contract.

SHOULDN'T HAPPEN TO A DOG—Looking sad and a little disgusted, this boxer broods in his stall at the Huron Hills Kennel Club Dog Show in Ann Arbor recently, apparently wondering why he, instead of a kennel mate, couldn't have won the two fancy trophies at left. The dog, Hi-Notes Esquire, is owned by Mrs. John Mullen of Ann Arbor.

UM Leads Big Ten, But Fisher Worries

By JOE FALLS

ANN ARBOR (AP) — The University of Michigan leads the Big Ten baseball race with a 5-1 record but coach Ray Fisher says, somewhat surprisingly: "We're not nearly as good as last year.

"If you want to write a story about the league leaders, you'd better hurry up. We're going on the road to play Minnesota and Iowa this week."

You asked yourself a question: Is this another in the long line of laments from the Crying Towel Assn. of America, otherwise known as the coaching fraternity?

Unlikely. Fisher has been around too long (this is his 34th consecutive year as Wolverine baseball coach) to speak for effect. Besides, who would he be trying to impress? Simply, there just isn't any great interest in collegiate baseball, certainly not enough to be struggling for psychological advantages.

So you believed Fisher when he said:

"We've got weak spots, plenty of them. We're weak down the middle of the diamond. The pitching has been good enough but we have not excelled in hitting or fielding."

Why, then, does Michigan lead the conference?

"We've played th easiest part of our schedule," Fisher explained. "The tough part is coming up, starting this weekend."

The Wolverines play at Minnesota Friday, then move on to Iowa City Saturday for a doubleheader with Iowa's Hawkeys.

"I've got to take a realistic view of this team," Fisher continued. "We have no exceptional individual standouts but we're young in several positions and may improve.

"If we take two out of three this weekend, I'd say we'll be in contention for the championship right up until the end."

Fisher, who took over baseball coaching duties at Michigan in 1921, guided the team to the NCAA championship last spring. For that, he was named "coach of the year."

Alabamans to Vote on Segregation Law

BIRMINGHAM, Ala. (AP) — Birmingham residents will vote June 1 on whether to retain an ordinance which permits Negroes and white persons to play professional baseball and football together here.

The recently enacted statute is opposed by a group which wants Birmingham's former rigid segregation laws restored.

Several Negro players took part in exhibition baseball games as members of major league teams here this spring for the first time. There were no incidents in connections with their appearances.

Preps Blanked Again

PEAPACK, N. J. (AP) — St. Bernard's prep school probably can claim the state's most disastrous baseball season.

It was blanked 2-0 by Oratory School yesterday, the fourth time it has gone hitless in five games this spring. In the other game, St. Bernard's managed one scratch single.

St. Ben Edges Shamrock Nine

Ravens Outlast Mikes, 12-11, in SCL Game at Highland Park

St. Michael dropped its 2nd straight Suburban Catholic League baseball start yesterday at Highland Park, bowing to St. Benedict, 12-11.

Ravens, trailing 11-10 going into the final frame, came up with two runs to win. Fitzpatrick sacrificed in Bill Longo with the tying run and Dezenski scored the clincher on a squeeze play with the bases loaded.

Mike Carroll, the 3rd Raven hurler who took over in the 6th, received credit for the victory. Dave Smith struck out nine and walked four while going all the way for the Mikes.

St. Michael	030	602	0	—	11	6	5
St. Benedict	123	202	2	—	12	10	4

Smith and Schwartz; Desenski, Gordon, Carroll and Fitzpatrick.

DETROIT (AP) — Detroit Miller High School, which dominated last year's Wayne University relays with victories in three of the seven events, is favored in this year's track carnival Thursday and Friday.

Baltimore Ace Attributes Talk to Bill Miller

Yankee Pitcher Told Club Not to Trade for Young Sensation

By JOE REICHLER

NEW YORK (AP) — Bullet Bob Turley, Baltimore's young fireball pitcher, denied today that he is "fast-ball crazy" and said the Yankee player who called him that is "crazy, period."

* * *

The 23-year-old righthander said he had learned that Bill Miller, Yankee southpaw who was his teammate with the San Juan club in the Puerto Rican League last winter, had circulated that rumor. He also said he had received an apology from General Manager George Weiss on behalf of Miller and the Yankee organization.

* * *

"That Miller is nuts," said Turley. "He doesn't know what he's talking about. They didn't call him 'El Loco' in Puerto Rico for nothing. That guy has a million dollar arm and a 10 cent head.

"I first heard about it while we were training in Arizona last February," Turley added. "There was an article in the paper to that effect quoting Miller and Harry Craft, who was my manager at San Juan. I think it said something about the Yankees giving up any efforts to trade for me because they had been informed I was 'fast ball crazy.'

* * *

"I had never paid any attention to those trade rumors anyhow. I didn't mind what Miller had said about me—I know that guy—but I was disturbed about what Craft was supposed to have said. I always admired Craft and regarded him as a friend and a wonderful fellow. I decided to write to Harry and ask him if he had been quoted correctly.

* * *

"I eventually received a letter from Craft in which he denied ever having made such statements. He said the quotes were Miller's, not his and I believe him. He also sent me a copy of a report he made on me for the Yankees.

HILLSDALE (AP) — Leading hitter on Hillsdale's baseball team is 2nd baseman Jack Rosetti, a hometown product, with a .500 average.

'Diz' Pitches Williams and Trout Battery in Workout

BOSTON (AP) — Unusual battery mates and a Detroit pitcher stepped onto the scene as rain once more drowned out the Detroit Tigers-Boston Red Sox game yesterday.

Ted Williams, getting back into shape after breaking his collarbone, did the catching. Paul (Dizzy) Trout, former Tiger righthander now sportscaster, was on the mound.

After one pitch, Williams yelled, "Heck, Paul, you never let me have that slider over the plate when I was batting against you." Trout, who often works out with his old mates, merely grinned.

"I could hit Trout occasionally but he was always tough on me," Williams said. "How did he get me out? I'll tell you. He'd give me the sinking fast ball away from me and then the slider inside."

Over in the Tiger dugout Detroit coach Schoolboy Rowe was talking about Steve Gromek's 4-0 record.

"You know I've already lost five steak dinners to that guy," Rowe said. "I bet all the pitchers in spring training a steak dinner they couldn't hold the opposition to two or less walks a game. I kept the bet on with Steve after the season began. Do you know he's given up only three bases on balls all season? The bet's off."

Mims Is Ready for Title Shot After Victory

Posts Stunning Kayo Over Georgie Johnson Last Night

BALTIMORE (AP)—Hard punching Holly Mims, who chilled the "hottest thing in America" last night, had his sights set today on a bout with middleweight champion Bobo Olson.

To back up his claim, the 25-year-old Washington, D. C. veteran pointed to a stunning nine-round knockout over Georgie Johnson, young knockout sensation from Trenton, N. J. who had won 17 straight bouts.

Benny Trotta, Mims' manager—and many ringsiders as well—agreed that Mims looked ready for a title shot.

What Mims did to Johnson was one of the most skillful boxing demonstrations seen in the Baltimore Coliseum in many a night.

Displaying a stiff left jab in the early rounds, the crafty winner of 50 fights and conqueror of Willie Troy, Johnny Bratton and Moses Ward, set his man up for a spectacular finish.

The end came one second before the bell would have ended the 9th after Mims had spent most of the round luring Johnson into taking the lead and pinning Mims against the ropes.

Mims straightened him with a stiff right uppercut, followed with a crossing left hook, and draped him over the lower rope with a triphammer overhand right where Johnson took the full count.

The CBS nationally televised bout drew 1,525 fans who paid $3,849.

WEDNESDAY'S STARS

PITCHING — Bob Porterfield, Washington Senators, scattered four hits in posting his first shutout of the season, 1-0 over the league leading Chicago White Sox.

BATTING — Joe Collins, New York Yankees, hit a bases-loaded triple, one of the only two hits the Yankees got, and drove in three runs as the Yanks beat Baltimore 4-2.

Wolves Show Heels to 'B' Track Rivals

Field Event Strength Wins for Clarkston; Troy Nips Clawson

COUNTY TRACK

Clarenceville 57½, Milford 51½
Clarkston 51½, Oxford 44, Rochester 41½
Troy 48, Clawson 48½, Fitzgerald 39½
OL. St. Mary 76, Servite 50½, Northville 3½
Imlay City 50¼, Mayville 49¼, Ortonville 26½

Clarkston is rapidly establishing itself as a favorite for track honors in the Wayne-Oakland League.

Dom Mauti's squad showed good depth Wednesday in beating a pair of Class B schools, Oxford and Rochester, in a triangular at Oxford. Clarkston scored 51½ points to 44 for Oxford and 41½ for Rochester.

Strength in the field events was the difference after Oxford led at the close of the running events. Al Warman won the high jump and broad jump, while Rochester's Paul Dellaire swept the dashes and Mike Benedict of Oxford took both hurdles.

In the featured half-mile, Gordon Cascaddan of Clarkston nipped Oxford's Duane Wildey by 2/10 of a second in 2 minutes, 9.9 seconds.

Troy's half-mile relay team nosed out Fitzgerald and thereby eked out an Oakland-B triangular with 49 points to 48½, for Clawson and 39½ for Fitzgerald. Graydon Choinski and Fred Burnard paced the Colts, while Ken Gibbard had two 1sts for Clawson.

Dick Smith of Mayville won three events, but his team finished 2nd to Imlay City in a South Central trangular at Imlay. Ortonville was 3rd.

Clarenceville surprised Milford, 57½ to 51½, with Jim Myers winning the high hurdles and broad jump, which Clarenceville swept.

Waterford Linksmen Defeat Pontiac High

Pontiac High's golf team lost its 2nd match in seven starts yesterday, bowing to Waterford in an abbreviated 9-hole medal play test, 228 to 212 strokes.

Waterford's Jack Reynolds was medalist with a 37, while teammate Dale Wheeler and Pontiac's Don Walker posted 42's.

Chiefs go to Flint to meet Northern's linksmen this afternoon.

PONTIAC	Card	WATERFORD	Card
Titus	50	Mitchell	45
Martin	47	Reynolds	37
Rosenberg	43	Wigoner	43

Stanky Blames Long Games on 'Rabbit Ball'

ST. LOUIS (AP)—How come all the long games this spring? The way Manager Eddie Stanky of the St. Louis Cardinals sees it, it's that Ol' Debil Rabbit ball and "someone up there in the major league office" who won't get rid of it.

Almost everyone has taken a crack at the so-called rabbit ball. It happens every spring. Now it's Stanky's turn.

* * *

"I'd like to know what's responsible for the ball," he said. "People holler about long games—I say people, not baseball players—but as long as we have this rabbit baseball were going to have long games. The pitchers will be working from behind all the time. Little guys, weighing 160 pounds, will be hitting home runs."

* * *

Stanky, a little guy who weighs 160 pounds himself and hit only 29 home runs in 10 major league seasons, knows about the long game and the pitching problem.

His Cardinals, who have been the victims of 27 opponent homers while hitting 25, set a new major league record in an April 17 ball-game at Chicago that lasted 3 hours, 43 minutes. And just Tuesday night the Cards sent eight pitchers to the mound, tying a National League mark, against the Philadelphia Phillies, who used seven hurlers for a combined total of 15 that set a major league record.

The two clubs used 42 players in all, also a major league mark.

"The committee—what committee? I don't know. There must be a committee—in charge of baseballs—must like to see the ball go out of the park. If people like home runs, all right, but don't complain about long games.

Someone up there in the major league office must enjoy seeing the ball go out of the park. He—they—don't like golf, or don't like gin rummy, or haven't any children. Only enjoy seeing the ball go out of the park. I'd like to know who's responsible for the rabbit ball.

"It's a psychological thing now with pitchers," said Stanky, who has used 67 pitchers in 19 games. "Nothing will be done about it. Same ball we used last year," they say.

* * *

"Nothing will be done, because someone on the field has thought about it. But if someone from California came in and saw a game for the first time in five years and said the ball was too lively, they'd have a meeting on it.

"As it is, they spend the time getting you to bring your glove in off the field."

Atlantic Loop May Name Head

Year-Old Conference Holding Spring Session Friday

GREENSBORO, N. C. (AP)—The selection of a man to serve as commissioner of the Atlantic Coast Conference may be the big news to come out of the spring meeting of the year-old group here tomorrow.

Many committee meetings and plain old fashioned politicking today were expected to pave the way for action tomorrow morning at 10 o'clock when the full conference meeting comes to order at the request of ACC Pres. J. T. Penney of the University of South Carolina.

Last winter a committee of five was named to look into the problem. The group consists of Rex Enright, South Carolina; Jim Tatum, Maryland; Gus Tebell, Virginia; O. K. Cornwell, North Carolina, and F. W. Clonts, Wake Forest. In recent months they have held two meetings and plan another here today. From these meetings it is hoped they will come up with one man favorable to the conference.

Detroiters Lose Lead in WIBC National Test

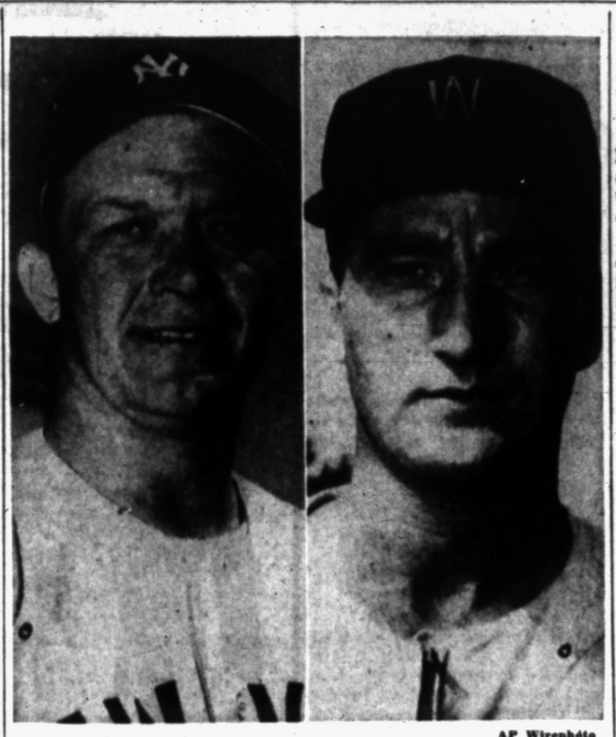

SYRACUSE, N. Y. (UP) —Two Rockford, Ill., bowlers have ousted Detroit's Dolores Wrokleski and Marie Shamlock from the lead in the doubles of the Women's International Bowling tournament.

Fran Stennett and Rose Gacioch of Rockford rolled up a 1244 Monday to lead the Detroit contenders by 37 pins. Miss Stennett scored 632 in three games and Miss Gacioch had 612.

Build Rodeo Arena

Bulldozers are working at the Lake Angelus Speedway turning the infield into a rodeo arena. Swamps are being filled in and new buildings will be added.

Rodeo horses have already arrived at the track for the 1st rodeo of the season, May 14-16. Hard-top races will start Sunday at the Lake Angelus track.

AP Wirephoto

WEDNESDAY'S STARS—Joe Collins (left), Yankees' 1st baseman, and Bob Porterfield, Washington pitcher, turned in standout performances in Wednesday's ball games. Collins hit a bases-loaded triple, one of two hits the Yankees got, to beat Baltimore, 4-2. Porterfield scattered four hits for his 1st shutout of the season, a 1-0 victory over the Chicago White Sox.

Michigan Grouse Antics Stranger Than Usual

MARQUETTE (UP)—Antics of the spruce grouse in this area are crazier than usual, according to conservation officials.

They have long been familiar with the spring "dance" of the grouse that leads to mating. The females perch in trees and watch the males do the "dancing."

But they can't explain what brought on a recently observed grouse "dance" in mid-winter well before the mating season.

1,000 Preps Compete in Wayne's Relays

DETROIT (UP) — Nearly 1,000 Detroit and suburban high school athletes planned to compete in the two-day Wayne Relays opening today at Mackenzie field.

Miller High School, king of the city league's East Side, defended its 1953 showing against some newly-rising foes, including a powerful squad from Pershing high.

Pershing trackmen defeated Miller earlier this season in a dual meet.

Maryland Man Pays $14,500 for Pacer

SARATOGA SPRINGS, N. Y., May 5 (AP) — A Maryland raceway executive paid the top price of $14,500 Tuesday for Josedale Alate, an 8-year-old pacing mare, at Saratoga's 11th annual spring standardbred sale.

William E. Miller of Washington, D. C., president of Rosecroft Raceway, said he plans to race the mare this season, then retire her as a brood mare at his Rosecroft Farm near Washington.

The cost of maintaining a race horse is from $10 to $12 a day. For this sum the trainer feeds the horse and arranges for his handling and conditioning.

Spring Squad Game Is Open to Public

EAST LANSING (AP)—Yes, says Michigan State, its intra-squad football game Saturday afternoon is open to the public—for a price.

The college said it was beseiged with telephone calls from interested fans.

General admission will be $1, with a 50 cent charge for students and children. The game is at 2:30 p.m.

LINEUP FOR SIGHT TESTS—These youngsters were among the 233 who lined up for free vision tests at Birmingham Junior League screening center, which closed a two-day stay in Birmingham this week. Monday the trained volunteers will test the sight of children between the ages of 3 and 5 in Pontiac. The Pontiac center will be open 9:30 to 4:30, Monday through Wednesday, at All Saints Episcopal Church. No appointment is needed, and all parents are urged to have their children's eyesight tested.

Free Sight Tests to Begin Monday for Children Here

By WILMA GREENWAY

Children between the ages of three and five will have an opportunity to receive free sight tests Monday when the Junior League of Birmingham opens its three-day vision screening program in Pontiac.

Vision tests will be given from 9:30 to 4:30 Monday, Tuesday and Wednesday at Stevens Hall, All Saints Episcopal Church, Williams and Pike Sts.

Tests will consist of the Snellen section of the Massachusetts Vision Test, which screens vision defects in the young child by means of a series of "sight games."

The tests, fun for the children, are designed to discover vision faults before the tots enter school. Of the hundreds who took the test in Pontiac last year, over 10 per cent were found to have deficient vision. Public health and education leaders and prominent Pontiac physicians are on an advisory committee which is supporting the Junior Leage project.

"We wish to stree that the tests are offered as a public convenience to people in all income brackets," Mrs. R. Jamison Williams, Junior League public relations director for vision screening, said, "and not as a substitute to save the cost of a medical examination.

"Wherever vision defects are discovered, the child will be referred to the family physician for diagnosis and treatment."

Three teams made of up 60 trained Junior League volunteers will conduct the tests. Teams are trained to handle the youngsters quickly, and no appointment is needed.

Parents from any area may bring their pre-school children in for an examination. However, for those who find the time or place inconvenient, three more clinics are scheduled.

In Drayton Plains, a vision screening center will be set up from 9:30 a. m. to 4:40 p. m. May 17 and 18 at Comunity United Presbyterian Church, Sashabaw and Monroe St.

May 19 tests will be given at Christ Luntheran Church, Airport and Williams Lake Rd., from 9:3; to 4:30

May 21 the final clinic will be held, 9:30 to 4:30, at West Bloomfield Township Hall, 4460 Orchard Lake Rd.

A record 233 children were given tests at a Birmingham center this week, Mrs. Gene A. White and Mrs. Harvey Kresge Jr., Junior League co-chairmen for the project reported today. Of this number, almost 10 per cent were found to hve faulty vision.

Iron River Contractors to Build Hospital Addition

MARQUETTE (AP) — Proksch Construction Co., of Iron River, will handle general contracting for a three-story addition to St. Luke's Hospital at Marquette. Scheduled for completion next summer, the addition will give the hospital 175 beds. Some $413,000 in construction contracts have been awarded.

500 Industrial Editors to Attend Annual Meeting

DETROIT (AP) — The 13th annual conference of the International Council of Industrial Editors in Detroit May 11-14 is expected to attract more than 500 member editors from the United States and Canada. Theme of the conference is "Meeting Competition Through Better Communications."

Most children have their complete set of baby teeth sometime between two and three years of age.

'Water Wonderland' More Than License Tag Slogan

By ROBERT J. FURLONG
Executive Secretary of the Michigan Tourist Council

The following is the fourth in a series of six Michigan Week articles, each dealing with one of the state's natural resources.

LANSING (AP) — Michigan residents need look no farther than their own state in deciding where to go on their summer vacation.

Michigan Week is an ideal time to complete summer vacation plans, and parents and children will find the answers to their every vacation wish in America's Water Wonderland.

Among the state's major recreation resources is its unique climate. Air conditioned by 40,000 square miles of Great Lakes water and more than 11,000 inland lakes, Michigan's summer weather is especially inviting to those seeking escape from stifling heat.

Michigan's boundaries are washed by four of the Great Lakes to give the state 3,121 miles of shoreline, longest in the nation. Along these huge bodies of fresh water is unusual scenery — the sand dunes along Lake Michigan or Lake Superior's Pictured Rocks, for instance. For those who enjoy vacations at the seashore, there are miles upon miles of wide, sandy beaches.

If dad is a trout fisherman, there are 36,350 miles of rivers and streams in Michigan. Some of the state's trout waters are nationally famous. To name a few: the Au Sable, the Rifle, the Pere Marquette, the Manistee, the Sturgeon and the Escanaba Rivers.

If mom and the children share dad's enjoyment of fishing, they will be interested to know that in Michigan's inland lakes there are pike, bass and panfish. Fishing from a dock along the Great Lakes is fun for everyone and for a special thrill there is the famous "deep sea" trolling for big lake trout in Lake Superior. Muskie fishing in Lake St. Clair vies with that of any other section of the Midwest.

Another major recreation asset is the opportunity for every kind of hunting. Hunters in pursuit of Michigan's deer, bear; rabbits, woodchuck, pheasants, grouse, waterfowl and other species usually top all other states in numbers.

Michigan's rivers and streams meander through more than 19 million acres of forests to provide breathtaking scenery. Inland lakes, surrounded by these forests, are warm for swimmers and their shores are just right for those who like to loaf in the sun. White sails are common on many of them throughout the summer and to the power boat enthusiast, they are the answer to his fondest dreams.

Lake St. Clair, the dunes country of west Michigan, the Huron shore scenic highway, the Straits of Mackinac, the Soo Locks, the Upper Peninsula's copper country and iron ranges.

Michigan's tourist accommodations are as varied as the interests of their guests. There are swank resorts and resort colonies. There are cabins-in-the-woods, picturesque lakeside cottages and modern motels and cabincourts.

For those who like to camp out on a vacation, Michigan's nationally famous state parks and recreation areas are inviting. Those who travel in trailers will enjoy the excellent facilities provided at the parks for their homes on wheels.

Hen Rescued by Police Slips Protective Custody

DETROIT (INS) — A Plymouth Rock hen, saved from the perils of crossing Woodward Ave. by two Detroit Policemen, has apparently encountered a hungry friend while in protective custody.

The hen's gone.

She was rescued Wednesday after creating a traffic jam and was being held for her owner in an enclosure at the Police Auto Poun

Late yesterday, it was announced that the bird was unexplainably missing.

21 Criminal Cases Scheduled for Trial

A total of 21 cases, including five on charges of murder, are scheduled to be tried before Circuit Judge Frank L. Doty by the end of the month, according to Prosecutor Frederick C. Ziem.

Some others are three robbery armed cases; one statutory rape; one arson; two breaking and entering in the nighttime trials and one for attempted breaking and entering.

General's Relative Dies

BATTLE CREEK (AP) — Mrs. Cora A. Pilsworth, 84, great-great-granddaughter of Gen. Winfield Scott, famed U. S. Army leader in the War of 1812 and the Mexican War, died in Battle Creek Wednesday.

"HOW ARE THINGS"?—"How are things in South Africa?" American screen comedian Danny Kaye inquires of tiny Pieter Habekotte as he meets the infant during a stop-over at a German airport. United Press Photo

Kaye was on his way to South Africa and young Pieter was returning from there, en route to Amsterdam.

Janet Gaynor Takes Another Fling at Acting

By BOB THOMAS

HOLLYWOOD (AP)—Janet Gaynor, who won the first Academy Award for an actress, is taking another fling at acting. But she says it won't become a habit.

Tonight she does her second TV drama, enacting the role of a mother on Lux Video Theater. When I saw her before rehearsals at CBS, she seemed excited over the role.

"It's fun to do a part that is intriguing," she said. "But I don't plan any full-scale return to acting. After all, I've had my share of the acting life. From now on, anything I do will be for pleasure alone. I have no ambition to resume my career."

This is actually Miss Gaynor's third return to acting since she did her last film, "Young in Heart," in 1938. (It is now playing on TV.) A few years ago, she joined her long-time co-star Charles Farrell in their classic "Seventh Heaven" over Lux Radio. Recently she did her first TV drama over Medallion Theater in New York.

Both those shows drew an amazing mail reaction. Officials of Medallion Theater reported the fan letters numbered 10 times the usual amount.

Miss Gaynor has a solid appeal for those in their 30s and over, who remember her winsome performances in the '20s and '30s. A Philadelphia girl, she rose rapidly to fame in Hollywood, winning the Oscar in 1928. She was chosen not for one role, as is the custom today, but for three films: "Seventh Heaven," "Sunrise" and "Street Angel."

She, Will Rogers and Shirley Temple kept the old Fox lot from bankruptcy in the early '30s. After such hits as "Sunny Side Up," "The First Year" and "State Fair," she moved to the David Selznick banner. One of her last films was the classic "A Star Is Born." In 1938, she disappeared from the screen.

"I never announced that I was retiring or anything like that," she recalled. "I simply moved into another phase of my life. My husband (designer Gilbert Adrian) was tremendously busy, and I felt I should help him. I was perfectly content to be a wife and mother." They have a son, 13.

Adrian left MGM and started his own designing business. He was busily engaged in it until a year ago.

"Then he had a heart attack," said Miss Gaynor. "He had always worked too hard. When he left MGM, they replaced him with five designers. After his attack, the doctor told him he would have to give up his business. He still designs men's shirts and ties, but no more clothes for women.

"Actually, he is doing what he always wanted to do. When he was a boy, he loved to paint animals. But his mother decided he should do something more practical, so he got started in the theater. Now he's back to painting animals. We have been to Africa and South America for subjects.

Plan Mothers Day at Oakland Theater

A Mothers Day stage presentation will highlight the evening program at the Oakland Theater Sunday.

Master of ceremonies for the occasion will be Ted Bauman, who will call on stage for gift presentations the oldest mother present; the youngest; the mother with the most children and the mother with the most grandchildren.

Merchants contributing to the collection of attractive prizes to be given are Kimmins Leather Goods, Lou-Mor Jewelry; Melin and Company and the Hotel Waldron.

Sammy Kaye to Appear at Walled Lake Casino

Sammy Kaye, his orchestra, and top featured entertainers will be at Walled Lake Casino Ballroom on Saturday night (May 8).

Walled Lake Park itself, with thrill rides, picnic groves, athletic facilities and roller skating, is open Friday through Sunday every week.

Grand opening date for both park and casino will be announced shortly.

Virginia Family Keeps Phone Company Running

ALEXANDRIA, Va. (AP)—If you live in northern Virginia you undoubtedly have talked to the family of Mrs. Sarah Smith, of Haymarket. Mrs. Smith and 16 of the 19 members of her family who have served the telephone company a total of 214 years were honored by the company at a meeting here.

Mrs. Smith, mother of 11 children, said her sons and daughters and their children had helped furnish telephone service for a couple of generations and that she had 33 grandchildren and 18 great-grandchildren who would be ready to carry on. She was born at Manassas in 1873, or three years before Alexander Graham Bell invented the telephone.

Baby Adoption Case Ends Without Solution to Puzzle

MEMPHIS, Tenn. (UP) — A "baby adoption racket" uncovered here will remain a mystery although legally settled because the woman who knew its secrets carried them to the grave.

No one has even been able to explain why Miss Georgia Tann, who dedicated her life to unwanted children, placed babies for profit.

The case broke three years ago when the governor ordered an investigation into reports of a $1,000,000 "black market" in baby adoptions at the foundling home run by Miss Tann.

Miss Tann died of cancer shortly after the probe started. She never knew the state was investigating her operation of the Tennessee Children's Home Society here.

The case itself is a study in contradictions.

The state charged that Miss Tann sought out unwed expectant mothers and paid their expenses in exchange for their babies, that she doubled up on expenses for babies placed in New York and California and "fradulently and unlawfully converted" the money to her own use.

However, the home's board of directors, which also investigated the case, released an entirely different version.

The board said Miss Tann did make "excess money" in travel and investigation feels before placing babies in out-of-state homes and that "this was wrong." The board said it was "guilty of crass stupidity" and was "completely fooled" by Miss Tann.

But it denied there was any "black market" in babies and said "each and every adoption has been for the best interest and welfare of the child."

Only two things are certain. Miss Tann did overcharge for trips in connection with adoptions and she did illegally convert the money to her own use.

She did it by sending social workers on out-of-state trips with more than one baby at a time. The social workers would investigate hopeful foster parents and complete several doptions on that one trip.

But instead of splitting travel and expense costs, Miss Tann charged each couple the full amount and had them make their checks payable to "Miss Georgia Tann."

Robert L. Taylor, special counsel in the state investigation, claimed the actual cost of each adoption was about $100 and that Miss Tann charged an average fee of $750 per child.

Records for the years 1940-50, while Miss Tann was in charge, show 1,016 children placed outside the state. One child went to Dick Powell and his wife, June Allyson, the movie stars.

Three months after Miss Tann died, the state filed suit against her estate for $500,000 it claimed Miss Tann made in excess charges. The state said the money was collected by "fraud," but nonetheless "properly belongs to the home and not the estate of Miss Tann."

The suit was settled out-of-court recently, with Miss Tann's heirs agreeing to give the Tennessee Children's Home Society two-thirds of her $82,000 estate. But the settlement failed to shed further light on the case.

Miss Tann was constantly after the state legislature to liberalize the adoption laws. She couldn't see why "so many children" were kept in institutions "at a cost to taxpayers of $10 a week or more" when "scores of homes are offered for every child available for adoption."

Ironically, one of her last efforts beyond her job dealt with the subject of "black market" babies. A New York publishing house had requested a story on the subject. Miss Tann dictated one full cylinder on a recording machine but was fatally stricken before she had made clear her viewpoint.

Woman Wants to Declare Cat as Business Expense

SPOKANE, Wash. (UP) — A woman asked the local internal revenue bureau office if the cost of feeding a cat—if he's a good mouser—is a legitimate business deduction on an income tax report. She explained the cat caught mice at her motel.

Stanley Fogelquist, in charge of the office, said business expenses have to be "necessary and ordinary—this may be necessary, but it's not ordinary." However, to be sure, he passed the question along to Washington, D. C.

Livestock

DETROIT LIVESTOCK

DETROIT (AP)—Hogs—Salable 100. Market generally steady on limited supply; most sales mixed choice 180-220 lb barrows and gilts 27.25; few sorted choice 1 and 2 lots $27.50; other weights and sows absent.

Cattle—Salable 200. Mostly steady; cows active. Compared last Thursday: Market fairly active; good clearance; slaughter steers and heifers steady to 25 cents lower; loss on choice and prime; cows 50-75 cents higher; bulls steady; stockers and feeders strong; about two loads prime 985-1108 lb steers $25.25-25.50; bulk choice to low prime fed steers $22.50-25.00; about six loads at $25.00 including some 1200 lb averages; most commercial and good fed steers $17.00-22.00; good and choice fed steers $18.00-21.50; few prime heifers $22.00-23.75; most high utility and commercial steers and heifers $15.00-18.00; bulk utility and commercial cows late $13.00-14.50; young commercial cows of heifer type to $17.00; canners and cutters mostly $10.50-12.50; bulk utility and commercial bulls $13.50-16.00; most good and choice stockers and feeders $19.00-22.00; few choice fleshy feeders $22.50.

Calves—Salable 75. Market generally steady today. Compared last Thursday: trading more active; good clearance; vealers fully $1.00 higher; bulk choice vealers $23.00-26.00; few high choice and prime up to $27.00, with few individuals above $27.00; commercial and good mainly $16.00-22.00; cull and utility over 75 lbs. mostly 8.00-15.00.

Sheep—Salable 50. Today's market nominal. Compared last Thursday: slaughter lamb market highly erratic under aggressive demand, mostly $1.50-2.00 higher; sheep scarce, steady; bulk high good to prime shorn lambs No. 1 pelts $22.50-25.00, not many above $24.50 late; extreme top $26.25 for nine head prime 87 lbs.; wooled lambs negligible; most cull to choice slaughter ewes $2.00-6.00; few head choice around 100-110 lbs.

CHICAGO LIVESTOCK

CHICAGO (AP)—Salable hogs 6,500; market moderately active; closed slow; generally steady to 15 higher; advance on choice light weights early; closed dull; weak to 25 lower on a few hogs over 230 lb; sows steady to strong; most choice 180-230 lb 26.50-27.25; a few choice No 1 and 2s as high as 27.60; most 240-280 lb 25.75-26.75; weights up to 340 lb down to around 24.00; most 350-600 lb sows 20.50-23.00; a few 23.50; good clearance.

Salable cattle 2,500; calves 300; steers and heifers moderately active; fully steady; cows opened strong; closing steady to weak; other classes strong; a load of choice to prime 1216 lb Colorado steers 26.50; two loads choice and prime 1100 lb mixed steers and heifers 26.00; most good and choice steers and yearlings 21.00-24.50; load commercial and good 1009 lb steers 20.00; good to high choice heifers 18.50-24.50; utility to low good grades 14.00-19.00; utility and commercial cows 12.50-16.00; canners and cutters 11.00-13.00; utility and commercial bulls 14.00-16.50; good and choice vealers 20.00-23.00; cull to commercial grades 10.00-19.00.

Salable sheep 300; general trade moderately active; about steady on both lambs and sheep; good to mostly choice 100-106 lb No 1 skin shorn lambs 22.25-23.50; a package of good and choice native spring lambs 25.50; cull to choice slaughter ewes 4.00-6.00.

Market Quiet Up Until Noon

NEW YORK (AP) — The stock market was quietly lower today. The fall was moderate into the early afternoon.

In a few instances the drop extended to between 1 and 2 points. Usually, however, changes either way were in the small fractions.

The whole performance was marked by a lack of action. Trading was at a pace well under yesterday's 2,020,000 shares, the 28th time this year that volume has passed the two million mark.

Railroads, which sparked an early rise yesterday, were lower today. The motors were unchanged to lower. Other areas of the list were mixed or steady.

Declining stocks included Seaboard Railroad, Bethlehem Steel, General Motors, Boeing, Radio Corp., Air Reduction, General Electric, and Coca-Cola.

Higher were U.S. Rubber, Curtiss-Wright, Consolidated Natural Gas, American Cyanamid, Westinghouse Electric, International Paper, Sinclair Oil, and Republic Steel.

LATHAM CLARK

Pontiac Appoints Regional Manager

The appointment of Latham Clark as Pontiac Motor Division's central regional manager was announced today by H. E. Crawford, general sales manager. Clark formerly was zone manager in Boston.

L. D. Bombar, central regional manager since 1950, will become manager of the division's fleet sales.

Clark has served in the Pontiac sales organization for 23 years and has been a zone manager since 1940. He headed zones in Buffalo and Memphis before going to Boston in 1947.

Pontiac is the headquarters of the central region which is made up of an area covered by zone offices in Buffalo, Cincinnati, Cleveland, Pittsburgh and Pontiac.

Martin Lubot will succeed Clark as Boston zone manager. He joined Pontiac in 1941 and formerly was assistant zone manager in Boston.

7 Insurance Men Win Certificates

National Awards Go to Pontiac Residents for Quality Service

Seven Pontiac Life Underwriters Ass. members were presented national quality award certificates at the group's annual breakfast meeting this morning at Hotel Waldron, according to Frank Antrobos, president.

Accepting awards were:

Wesley B. Allen, Vermont National Life Insurance Co.; Howard Fowler, Central Assurance Co.; Curtis E. Patton, Great West Life Assurance Co.; Dee H. Pritt, Lincoln National Life Insurance Co.; Francis J. Stacey, also with Lincoln; Robert H. Wilkinson, Columbus Mutual Life Insurance Co.; and Robert J. Zimmerman, also with Columbus.

Pontiac City Manager Walter K. Willman presented the awards given each year by the National Life Underwriters Assn., and Hartford, Conn., Insurance Agency management for quality service to the public.

Roy Mathews, former Pontiac resident and superintendent of agencies for the Wisconsin National Life Insurance Co., was guest speaker for the affair.

Man Pleads Guilty to Robbery Charge

Herschel Brown, 37, of 30 Stout St. pleaded guilty to unarmed robbery today before Circuit Judge Frank L. Doty. He stood mute April 12 when arraigned on a charge of armed robbery.

Brown was returned to Oakland County Jail and will be sentenced May 17. He was accused of hiding in the rear of a car owned by Eugene Ketchel, 34, owner of People's Fish and Poultry Market at 82 S. Saginaw St. and robbing him as Ketchel drove home April 5.

Brown was arrested by police 10 minutes later as he was entering a cab. All the money was recovered. Ketchel claimed Brown stuck a knife in his back and demanded the money but Brown said it was only his finger. No weapon was found.

Business Notes:

New GM Plant Fully Automatic

Saginaw Steering Gear Unit Making Parts for All Divisions

By JOHN W. FITZGERALD
Assistant to the Editor

Saginaw Steering Gear Division of General Motors Corporation, opened its new Buena Vista plant four and a half miles east of Saginaw Wednesday noon for an inspection tour by the press and radio automotive writers.

The new plant considered to be one of the most modern in the country is automatic from start to finish. Escalators serve the first and second floors for easy and rapid movement of personnel.

Parts used in the power steering units manufactured for all General Motors cars and some independents are moved throughout the factory by overhead conveyors. Present employment is 4,000 with 75,000 steering units produced monthly.

W. H. Doerfner, general manager called the new Buena Vista plant a pilot model of automatic plant operation for General Motors Corporation.

Berkeley Voss, president of the Michigan Consumer Finance Assn., will preside over the opening session of the annual University of Michigan course on Consumer Finance Management Problems at Ann Arbor May 11 and 12. The meeting is sponsored by the U. of M. business administration and extension service schools.

VOSS

Charles C. Dybvig, 43, of 968 Yarmouth Rd., Birmingham, has been named general sales manager of the Dana Corp. of Toledo. He succeeds D. D. Robertson, who recently was promoted to the post of director of sales. The promotions were announced by J. E. Martin, president.

DYBVIG

Dybvig has served for the past five years as resident engineer in Detroit for the Firestone Tire & Rubber Co. of Akron. He is chairman of the membership committee and a member of the governing board of the Detroit section of the Society of Automotive Engineers.

The appointment of C. B. Holst as manager of the newly formed engineering administration department of Ford Motor Co.'s Tractor and Implement Division, Birmingham, was announced today by Dale Roeder, chief engineer. Holst formerly was manager of the model change systems department.

DETROIT (UP) — Burroughs Corp. today announced net earnings of $1,803,064 for the first quarter of this year, compared with earnings of $1,985,474 for the same period in 1953. The earnings for the period ended March 31 represented 36 cents per share. Earnings represented 40 cents per share for the first quarter a year ago.

NEW YORK (INS) — Bendix Aviation Corp. reported today net income for the quarter ended March 31 of $6,359,188, equal to $2.80 a common share. This compared with $4,721,962, or $2.08 a common share in the same period last year.

NEW YORK (INS) — Curtiss-Wright Corp. announced net income for the three months ended March 31 of $3,193,842, equal to 39 cents a common share. This compared with $2,445,642, or 28 cents a common share, in the initial quarter last year. The company revealed that unfilled orders, plus scheduled production under letter contracts, totaled $825,000,000 as of March 31, 1954, as against $770,000,000 at the close of 1953.

Marine Corps League Collects $200 for Charity

DRAYTON PLAINS — The Oakland County Marine Corps League, composed of ex-Marines, recently collected $200 for charity purposes in a sale of live orchids flown here from Hawaii.

Proceeds from the sale have been donated to Oakland Boys' Camp, $105; Oakland County Society for Crippled Children, $75; and West Bloomfield Township Boys' Club, $20.

Royal Oak School Head Talks at Recent Banquet

OXFORD — J. Carleton Covert, superintendent of Royal Oak Schools, was speaker last week at the Junior-Senior banquet held here at the K. of P. Hall.

Junior Class President Duane Wildey, introduced by Marilyn Kennedy, toastmistress, welcomed the guests. The response was given by Richard Harrison, senior class president. The Rev. Alfred Eddy gave the invocation.

Desk-Size 'Brain' Costing $30,000 Solves Problems

DETROIT (UP) — A desk-size electronic "brain" which can quickly solve complex business, engineering and scientific problems was unveiled today by Burroughs Corp.

John S. Coleman, president of Burroughs described the new machine as a happy medium between the so-called giant brains and the standard office computer."

Designed for mass production, the desk size model will sell for about $30,000. Large scale electronic computing machines cost from $500,000 to $1,000,000.

The machine, labeled the E101, can perform all of the functions of the giant brains although it requires more time to solve highly technical problems.

Local Bank Buys School Bonds

One Per Cent Interest Believed Lowest Rate in State History

Community National Bank bought school bonds worth $320,000 for an interest rate of 1 per cent when Pontiac Board of Education met Wednesday night.

"I believe this is the lowest rate at which any Michigan school district has ever sold bonds," Louis H. Schimmel, board member, said. "I think we've set a record."

Board member Monroe M. Osmun congratulated Arthur Taylor, Community Bank vice president, for his bank's "public spirit" in offering the low interest rate. The school system plans to pay off $80,000 worth of bonds each year from 1954 through 1957.

The $320,000 is a bonus on the 2.5 mill tax in for building that Pontiac voters approved some time ago. School men had already sold bonds worth $1,800,000 to be paid off in 1953-57 — the limit they thought could be borrowed. But the city gained enough new homes and businesses so that the tax is bringing in extra money.

The school board Wednesday told J. C. Cox, assistant superintendent of schools, to pay up to $1,000 for an option to buy 12 acres of land on Lake street for a future school site. The board some time ago voted to buy the site for $8,000 and lease another 41 acres, but had signed no purchase agreement.

James S. Tuttle, 1160 Lake Angelus Shores, asked the board if the 10-year tax program to be voted on at the June 14 school election includes money for more rooms at Wever Junior High School. Tuttle said the school is now using four temporary classrooms and another two are on the way. More gym and shop facilities will be needed there in the next few years, too, he said.

Cox said the tax program includes money for 48 new junior high classrooms, but school officials don't know yet where they will be built.

Osmun asked Tuttle if he felt the school board should drop the $1,000,000 included in the tax program for multi-purpose rooms. Tuttle said no.

"Those facilities make a big difference in the development of character in the youngsters," he said. "The small ceremonies, the programs you can have with an auditorium are valuable this way. I think the people are willing to pay for that—I don't feel there's anything much more important than developing character."

Osmun added that the multi-purpose rooms can be used for recreation programs, too, "which keeps our youngsters off the streets."

GM Plans to Rebuild Burned Livonia Plant

DETROIT (INS) — General Motors Corp. today announced it will erect a Fisher Body Fabricating Plant on the site of the GM Hydramatic Plant in Livonia leveled by a $50 million fire last August.

GM President Harlow H. Curtice said the new plant will employ approximately 3,000 workers and will be a little more than half the size of the original structure.

GM Hydramatic operations were transferred to the Willow Run Plant which was purchased from Kaiser Motors Corp. in November.

Curtice said the development will be part of GM's billion dollar two-year expansion program announced in January.

County Students to Sing in School Vocal Festival

Students from Auburn Heights, Milford and Lake Orion will be among 1,000 vocalists taking part in the state class "B" high school vocal festival at Kalamazoo Saturday.

To be held on the Western Michigan College campus, the event will feature representatives of 18 Lower Peninsula schools and is sponsored by the Michigan School Vocal Assn.

Only 20 per cent of the nation's paper is recovered after use.

Lodge Calendar

Busy Bill Cullen to Run the Quiz

Show Features Scenes From Current Movies With Special Bonus

NEW YORK—Your Lucky Stars, a comedy-quiz program with Bill Cullen as emcee and featuring filmed highlights from current motion picture hits, will start on TV May 15.

Each Saturday three pairs of contestants will strive to win up to $300 and a chance to try for the $500 Bank Night bonus. After a brief interview, Cullen will ask two contestants, competing as a team, questions based on the highlight movie scene they have just viewed.

If one is correct and the other wrong, they win $50 and can remain in the game. If both are correct, they win $100. If neither answers correctly, they are eliminated.

The Bank Night bonus is a single question based on a brief filmed scene which the studio and viewing audience can both see and hear, but which the contestants can only hear.

The winners of the preliminary competition compete for this prize and are allowed only one answer to identify the voice of the star. If they are unsuccessful, the bonus will be carried over to the following week.

Bill Cullen is one of the most popular, and busiest, personalities in radio and television.

Your Lucky Stars was seen last summer on one network and received excellent reviews by television critics. Pictures from which highlights were used included such hits as Shane, Stalag 17, High Noon, From Here to Eternity and Moulin Rouge.

Your Lucky Stars will take the time spot now filled by the Spike Jones Show.

'Knock on Wood' Most Common of Superstitions

ST. LOUIS (AP) — "Knocking on wood" for luck is one of the most common of 80,000 superstitions, a psychiatrist said today, and here's why?

It can be a call on magic, a way of handling anxiety or worry, a defense against envy, a sign that emotionally you're pretty immature.

This analysis was presented to the American Psychiatrist Assn. by Dr. Judd Marmor, University of California at Los Angeles.

Some people knock on wood very seriously, others do it with a wry smile, others say it while tapping their heads jokingly.

* * *

It apparently stems from a primitive belief of protective gods inside trees, Dr. Marmor said. Therefore touching woo- when making any boasting statement would ward off evil consequences.

* * *

Touching or knocking on wood represents a fear of antagonizing some all-seeing higher authority. Along with this, we have many sayings—such as "Pride goeth before a fall"—indicating that we must be humble and submissive.

Dr. Marmor said we apparently assumed that pride, success or self-confidence will create envy or antagonism by some "authority." This apparently traces back to childish fears of offending such authorities as parents or brothers or sisters, and to the feeling you must be humble and compliant in order to be loved.

In our highly competitive society, "knocking on wood" takes on additional meanings, he said. We try to make light of our good fortunes to avoid envy by our fellows or rivals.

Bakers of Polish Bread in Second Day of Strike

DETROIT (INS)—A strike of 215 bakers in 60 Detroit-area bakeries serving the Polish trade entered its second day today over demands for a 10-cent hourly raise.

The bakery owners offered 3 cents.

At present the bakers receive $2.02 an hour and helpers $1.85. They are members of Local 77 of the AFL-Bakery and Confectionery Workers Union.

Ice Fisherman's Body Recovered at Stony Point

MONROE (AP)—The body of 1 of 3 Detroit area ice fishermen presumed drowned in Lake Erie last Jan. 17 has been found on the beach at Stony Point, eight miles north of Monroe.

The body, found washed ashore Wednesday, was identified by police as that of Clarence Otis Nelson, 47, of Trenton.

Walter Riley, of Grosse Pointe, and Paul Nolan, of Gibraltar, still are missing.

Torch Drive Nets Detroit $13,500,000

DETROIT (INS) — Final figures of the 1953 Detroit Torch Drive show that the campaign collected more than $13.5 million — $70,000 more than the figure announced at the November drive.

The additional sum was disclosed Wednesday by a team of volunteer auditors who annually total up the returns.

Audit Chairman William J. Thomas said practically all cash has already been allocated to the 150 United Foundation agencies. He said a little under $2 million is being withheld for administration costs and a reserve fund.

Wever Y-Teens Honor Student for Her Service

At a Wever Junior High School Y-Teens banquet Saturday, Freda Vanderpool, eighth grade student, was cited as the girl who contributed the most to the service group and to the school.

FREDA

She was awarded an expense-paid week at the Y-Teens Camp this summer. Freda is the daughter of Mr. and Mrs. James Vanderpool of Collier road.

Jill Randall, honored as the student who had contributed outstanding service to the organization this semester, received a Y-Teens pin.

Other girls cited were Janet Stutesman, Barbara Frasa, Delores Gustavson, Darlyne Gould, Shelby Murphy, Berta Cooper and Phyllis Harvey. Each of these students received a carnation in recognition of her achievement.

A normal human body requires about 3,000 calories of food values each day.
