Detroit Building Burns

Flames Ravage 6-Story Sanders Downtown Store

Three Firemen Injured in Million Dollar Blaze; 15,000 Watch

DETROIT (AP)—A million-dollar fire destroyed a six-story building in the downtown business district last night.

Three firemen were injured fighting the four-hour blaze. Thirty-five pieces of equipment fought the flames.

The 80-year-old building on Woodward Avenue housed the main store of the Fred Sanders Co., Detroit's largest confectionery chain, and a dress shop. Adjacent buildings suffered smoke and water damage.

About 100 persons were in a basement cafeteria when the fire was discovered. All were evacuated safely and without panic.

Fire Marshall Matthew H. McNally estimated the loss. He said the fire broke out about 6 p.m., apparently on the fourth floor.

(Picture on page 57.)

where the Eaton ready-to-wear dress shop stores its packaging material. The cause was not determined.

Within minutes flames had enveloped the top three floors of the building and then spread rapidly to the basement.

Firemen estimated nearly 15,000 persons remained in the downtown area to witness the spectacular five-alarm fire.

Firemen today praised 25 sales girls who herded about 75 customers to safety.

The portions of the Sanders Building which still stand will have to be razed. Fire Commissioner James L. Mahon said the destruction of the building "is complete."

Fire Chief Edward J. Blohm battled the fire in formal dress. The chief was set to attend a battalion chief's retirement dinner when he was called on to direct the complicated fire battle with the aid of walkie-talkies.

The chief said they had to force one floor manager to leave the store. He said she was running madly from one cash register to another removing money. Firemen managed to drag her into the street as portions of the structure burst into flames.

The Sanders blaze was the largest Detroit fire in some years. The city's last five-alarm fire was July 22, 1935 when the Simms Lumber Co. was destroyed.

Ask New Census Rating for City

STUDY METROPOLITAN PLAN — A request to designate the Pontiac-Oakland County region as a standard metropolitan area is studied by Dr. Robert Burgess (left), director of the U. S. Census Bureau, and Congressman George A. Dondero (seated center) during a conference with Pontiac Chamber of Commerce representatives yesterday. Standing, left to right: John Hurlinger, manager; John A. Riley, head of the committee which presented the request; and Dr. George N. Petroff, president.

Governor, State Officials Schedule Local 'Report'

Governor Williams and his traveling group of State administrative officials, who already have made "Reports to the People" of Kalamazoo, Kent and Macomb Counties, are scheduled to arrive in Oakland County Tuesday.

Thrice heckled by Republicans, who suspect the tours are strictly partisan, the Governor said Wednesday in Macomb County he has invited two Republicans in his administration to accompany the group.

Bury Sen. Barkley in Paducah Today

PADUCAH, Ky. (AP)—The body of Alben W. Barkley, elder statesman and master wit, arrives in Paducah today for funeral and burial amid the picturesque setting of his hometown.

The special 10-car train bearing the late Kentucky Democrat senator and former vice president was due to arrive at 12:30 p.m. from Washington. Funeral services were scheduled at 2 p.m. at the Broadway Methodist Church.

Virtually all activity will halt in this river city of 50,000 as citizens pay homage to the famed native son who rose from McCracken County attorney to the vice presidency.

Chamber Seeks Regional Status

Asks for Metropolitan Designation During Trip to Washington, D.C.

A movement to win official recognition of the Pontiac-Oakland County region as a standard metropolitan area was launched in Washington, D.C., yesterday when a Pontiac Chamber of Commerce delegation met with Federal officials.

The committee, headed by John A. Riley, formally presented the Chamber-supported request to Dr. Robert Burgess, director of the U. S. Census Bureau, for study.

The meeting was also attended by Congressman George A. Dondero who asked Burgess to give the request his "full consideration," citing the "tremendous growth" currently under way in the region.

Riley disclosed that the meeting is a major step in a movement which gained momentum early this year with the appointment of the special committee. He explained that other future conferences to present the Chamber's viewpoints are expected.

In defining reasons for the request, Riley pointed out that the Pontiac and Oakland County area is losing its identity as a well-populated and prosperous area because of its proximity to Detroit.

The two areas are currently classified as portions of the Metropolitan Detroit Region by the U. S. Census Bureau.

Pointing to the fact that Pontiac is the fifth-largest city in Michigan, Riley said that it is losing prestige and other benefits which go with a separate and prosperous community.

Dondero cited strides in community development, population growth, business and industry in asking for a thorough study by the bureau. Data concerning various aspects of the region were presented to Burgess at the same time.

The committee members were part of a delegation which attended the national convention of the U. S. Chamber of Commerce in the nation's capital.

Members of the Chamber committee include Riley, Howard O. Powers, Barney Crandell, Edward Novak and Ralph Eastridge. The delegation was made up of President George N. Petroff, manager John Hurlinger, Irving Steinman, Clyde Haskell, G. Wayne Gabert, H.Y. Levinson and Carl Bradley.

Thumb Suckers Tip

BOSTON (AP)—Prof. Clifford L. Whitman of Columbia University offered a simple solution for child thumb suckers in a talk to the American Assn. of Orthodontists. He said if a child is taught to whistle it would take the thumb from his mouth and thus allow his teeth to develop normally.

Informants Tell of Arab Scheme to Murder Dag

Say Extremists Plotted to Blame Assassination on Israelis

JERUSALEM (INS)—A plot by Arab "suicide" commandos to assassinate U. N. Secretary General Dag Hammarskjold and blame it on Israel has been reported by non-Israeli intelligence sources.

The sources, who refused to be identified, say the plot was hatched by a group of Fedayeen, Arab extremists who have formed well-trained commando units to fight Israel.

According to the informants, the plotters assembled Israeli military uniforms and arms and forged a declaration in Hebrew that would have linked the killing to extremist Jews such as members of the Stern Gang held responsible for the 1948 assassination of Swedish Count Folke Bernadotte, Palestine mediator.

The plotters reportedly met in Jordan territory and planned to cross into Israel to attack Hammarskjold there.

Jordan's Arab Legion was said to have discovered the plot and seized the fake uniforms, arms and forged documents although the plotters escaped.

UNITED NATIONS, N. Y. (AP)—U. N. Secretary General Dag Hammarskjold told the Security Council today he has obtained new unconditional cease-fire agreements from Israel and her four Arab neighbors — Egypt, Lebanon, Syria and Jordan.

He told the Council in a "progress report" the next step in the uneasy Middle East situation is to re-establish full compliance with other sections of the general armistice agreements of 1949, which ended the Palestine fighting.

There are indications he may return in June to work for such compliance and put the cease-fire agreements on a more solid basis.

Hammarskjold thus completed the first part of the assignment given to him by the Security Council April 4. He filed his report to the Council president, Ambassador Joza Brilley of Yugoslavia, from Jerusalem, where he engaged in last-minute talks with Israeli officials.

He will go next to Cairo for a brief conversation with Egyptian officials and then fly to Rome. He is expected at the U. N. this (Continued on Page 2, Col. 4)

Assault Retrial Denied by Judge

Clifford Dye's Attorney Plans to Seek Appeal to Top State Court

Oakland County Circuit Judge Clark J. Adams today denied a motion for a circuit court retrial of Clifford B. Dye, former Fenton village attorney convicted March 1 of assault with intent to do great bodily harm.

But Dye, 54, probably will not begin serving his 2 1/2-to-10 year sentence in Jackson State prison until after the State Supreme Court has ruled on the case.

Clarence B. Smith, Dye's attorney, said today he will ask the high court for permission to appeal as soon as a statement of facts in the case can be prepared from the 800-odd pages of official transcript of the nine-day trial.

Dye was convicted in the non-fatal shooting last Aug. 26 of William C. Clark, 27, following disputes between the two over management of a Fenton farm leased by Clark from Dye's sister.

Smith based the petition for retrial on alleged faulty instruction to the jury by Judge Adams, alleged prejudicial remarks by Chief Assistant Prosecutor George F. Taylor, and the fact that Dye was not permitted to testify to hearsay evidence of Clark's alleged tendencies to violence.

Will He Toss His Hat?

Cobo Maintains Silence

DETROIT (AP)—Detroit Mayor Albert E. Cobo was back at his desk today after a four-week Arizona vacation, still non-committal about whether he'll seek the Republican nomination for governor.

Returning by plane last night, Cobo declared: "If I can believe the people of Michigan sincerely and honestly want me to be a candidate for governor, then I will be a candidate."

Cobo, three times mayor of Detroit, said he will try to determine in the next few days whether the "draft Cobo" movement is truly state-wide, rather than sectional.

Leaders of the draft move have collected nominating petitions bearing thousands of signatures.

Cobo said he will attend the Republican convention in Detroit Saturday "If I receive an invitation."

Discuss Possible Solution to Water Supply Problems

The possibility of Pontiac, Port Huron and Flint banding together to solve water supply problems was examined by city manager Walter K. Willman yesterday, at a Michigan Municipal League meeting in Birmingham.

Willman was among seven city leaders exchanging ideas, plans and accomplishments of their respective cities in the sewer and water supply field.

A Flint councilman, David Magee, mentioned Flint's search for more water to supplement that of the Flint river, both for water usage and for diluting sewage.

Willman was explaining Pontiac's extensive research into ways of replacing the city's well-water supply, which he eyed the possible three-way partnership.

Of Pontiac's water now, Willman told the three counties' officials "It's hard, with a high iron content. It's not a satisfactory water for industry or for our people."

Bringing water from Port Huron and selling water along the line to other communities would cost about \$29 to \$30 million, he said studies indicated.

Pontiac officials have already talked of working with Port Huron on such a supply system, and including Flint might make it possible financially, it was felt.

Mayor William W. Donaldson of Pontiac, who was elected to head Region Four of the Michigan Municipal League for the coming year, was moderator for the afternoon's panel on water and sewers.

Pussy in the Motor

BOSTON (AP)—Ernest Russo, 27, stepped on the starter of his car and heard what he described as the damndest sounds. He opened the hood and found a cat caught in the fan. The animal ran off, apparently not seriously hurt.

Motor City Widow Picked American Mother of '56

DETROIT (AP)—A Detroit widow whose busy hands have brought love and a happy home to 45 children is the American Mother of 1956.

She is Jane Maxwell Pritchard, who at 67 still spends nearly all her waking hours making a home for 17 lively girls who live in her rambling brick house on Detroit's East Side. All are children from broken homes, placed under her care by the Juvenile Court.

In past years, Mrs. Pritchard has been a foster parent to 17 other youngsters and reared 11 more, only one of them her own. All call her mother.

Her oldest "child" is an adopted daughter, now 43. The youngest of her formally adopted brood are a pair of 14-year-old twins. Her own son Dale is 38.

Almost from the time of her marriage to machinist Benjamin Pritchard 48 years ago, her home has reverberated with the shouts and laughter of children. She stayed until they were married and held their weddings in her home. Others even took her name.

BUSY AS USUAL
Busy as always, Mrs. Pritchard was sorting laundry when word came yesterday that a jury of the American Mothers' Committee, meeting in New York, had chosen her as the outstanding mother of the year.

"I'm moved to tears," she said with a soft smile, then added quickly, "But I never want anyone to see my tears."

Over 33 Billion Given Approval for Coming Year

Total Is \$1.7 Billion Above Current Budget; Less Than Ike Asked

WASHINGTON (AP)—Voicing concern over Russia's growing military might, the House Appropriations Committee voted today to give the Defense Department \$33,635,066,000 in new money.

This is \$512,784,000 less than the total President Eisenhower asked in his original budget last January and in a supplemental request last month for the bookkeeping year starting July 1.

But more than half of the reduction was made up of paper changes which the committee said would not affect specific military programs.

The committee said it expects that \$276,319,000, of the cut will remain available in the form of foreign currency under mutual defense and occupation agreements.

The amount recommended is \$1,741,532,374 more than Congress appropriated for the present year ending June 30.

The recommendations were contained in a bill which the House will consider next week. The Senate will act later.

The committee said emphasis during the coming year will be

Funds Are Approved for Pontiac Project

WASHINGTON (AP)—The House Appropriations Committee today approved a 40 million dollar construction program for Army Reserve training facilities and national guard armories.

Reserve training buildings approved, on which the federal government will pay the entire cost, included \$263,000 for Pontiac. (City officials announced yesterday plans to lease to the government a site on Orchard Lake avenue, near the Washington Park area.)

on airpower and new weapons "being phased in at an increasing rate."

The new money, plus funds carried over, would give the Defense Department 46 1/2 billion during the new fiscal year. It contemplates military strength of 2,865,200 in mid-1957, compared with 2,820,100 next June 30.

Here's how the new dollars (Continued on Page 2, Col. 2)

Citizens League to Honor Ex-Police Officer Gilpin

Former Pontiac Police Lieutenant David Y. Gilpin will receive the Oakland Citizens League's outstanding service award May 15 for his part in breaking up numbers racket gambling in the county in 1944-49.

The award will be presented to Gilpin at the league's annual meeting at the Birmingham Community House.

Gilpin, 56, served 27 years with the Pontiac Police Dept. before his retirement on July 18 last year.

He headed the vice squad for eight years during which he received civic praise for his handling of numbers racketeers.

On March 5, 1947 he received a citation from the league for his part in "substantially aiding in destroying the threats of gambling in Pontiac."

Now associated with a real estate firm as a salesman, Gilpin and his wife live at 50 Neome Dr. During his police career, he reaped for outstanding work in the performance of his duty. In 1945, the lieutenant's entire six man squad, received citations for "outstanding coordination and teamwork."

This meritorious service eventually led to the trial and conviction of a number of Oakland County racketeers. The award to Gilpin will be made at the meeting.

LIEUT. DAVID Y. GILPIN

Showers Tonight, Weatherman Says

The U. S. Weather Bureau predicts occasional showers tonight ending tomorrow, for the Pontiac area. Tonight will be cloudy with a low of 42-46.

The forecast for tomorrow is continued cloudiness and cooler. The high will be 52-56.

The lowest thermometer reading in downtown Pontiac preceding 8 a.m. was 42. The thermometer rose to 60 at 1 p.m.

Benefits Periled, Union Claims

UAW Local President
Meets With Officials
on Pay Grievances

Some 1,500 employees of Pontiac Motor Division stand to lose guaranteed annual wage benefits due to lay-offs at the plants which have idled 3,000 workers, local union officials claimed today.

Charles Curry, president of Pontiac Motor Local 653, UAW, met last night with other officials of the union to draft a letter to UAW President Walter Reuther requesting a meeting between General Motors and the union to investigate pay grievances.

Curry said at present laid off workers are drawing only Michigan unemployment insurance. The local claims the hiring of 2,367 new employees between July 1 and Dec. 16, 1955 has eventually resulted in laying off high seniority workers.

"If the company had not continued hiring into December 1955 or if they had heeded our warning on Dec. 19 to lay off temporary and low seniority workers, our higher seniority employees now laid off would have qualified for vacation pay and the GAW," Curry said.

Workers had to be employed May 1 in order to draw GAW pay, he added.

Farrell E. Roberts Tosses Hat in Ring

Former Assistant Oakland County Prosecutor Farrell E. Roberts today announced he will seek the Republican nomination for State Representative from Oakland County's third district.

A graduate of the U.S. Naval Academy at Annapolis and the University of Michigan Law School, Roberts is a World War II and Korean veteran. Following his service as assistant prosecutor, he returned to private law practice.

Roberts, 34, is married and has one son. He is a member of Kiwanis and the Chamber of Commerce, and the County, State and National bar associations.

Jet Bomber Crashes in Nebraska; 4 Dead

LINCOLN, Neb. (AP)—A Lincoln Air Force Base B47 Stratofortress bomber crashed last night. A state safety patrolman said four bodies were recovered.

Names were withheld. A B47 normally carries three or four crewmen. The crash occurred 10 miles northwest of Lincoln and less than a dozen miles from a farm where four Lincoln base fliers were killed in another B47 crash April 6.

Eyewitness said the plane last night exploded after hitting the ground and burned.

Those who witnessed the April 6 crash said they thought the plane exploded in air.

Recover Cannon Balls From Hillsdale College

ADRIAN (AP)—Twelve missing cannon balls are back in their cemetery resting place in Adrian after police recovered them in a Hillsdale College fraternity house.

Four husky fraternity pledges admitted they took the cannon balls, which were imbedded in concrete and weigh 1,100 pounds, as a hazing prank.

The youths chipped the balls free of the concrete after getting them to the fraternity house. They offered to pay damages and cost of replacing the cannon balls.

Cement Shortage Told

BENTON HARBOR (AP)—City managers of Benton Harbor and St. Joseph have been advised that a cement shortage will slow down a number of municipal paving projects this summer. Suppliers said there is a shortage of cement because of toll road construction in other states.

Michigan Man Dies in Rome

Albert Gibson, Official
of State Icebox Firm
Succumbs to Attack

ROME (AP)—A honeymoon trip in Italy ended yesterday with the death of Albert Gibson, 31, executive vice president of the Gibson Refrigerator Co. of Greenville, Mich.

Gibson suffered a heart attack Monday night a few hours after he and his bride, the former Nancy Moriarty of Grand Rapids, Mich., arrived in Rome. He died yesterday afternoon at Rome's Salvatore Mundi Hospital.

With him were his wife and his father, Charles Gibson, also of Greenville, who came here from Paris yesterday. The elder Gibson said the son and his bride came here after spending a month's honeymoon at Davos, Switzerland, where they skied, and in Istanbul, Athens and Vienna.

The father had been in Paris several months on a vacation. He said he and his daughter-in-law would accompany the body back to Greenville by plane for funeral service there, as soon as local formalities are arranged.

The younger Gibson, who married Miss Moriarty April 2, entered the refrigerator business with his father in 1930. He later became executive vice president and secretary of the firm's defense products division, succeeding his uncle, Frank S. Gibson Jr. who became board chairman.

Summerfield Sorry for Speech Slip-Up

WASHINGTON (AP)—A red-faced Postmaster General Summerfield was reported busy apologizing today for a speech in which he asked a group of doctors for Republican campaign funds.

The occasion was a breakfast get-together yesterday of medical society officers and members of the state congressional delegation.

In his remarks, Summerfield thanked the doctors for "contributing \$75,000" to President Eisenhower's 1952 campaign. The money, Summerfield added, was used to help fight socialism.

Then he told the doctors he was depending on their continued support to elect a Republican Congress in 1956.

Sitting in front of Summerfield were Democratic Reps. Rabaut, Dingell and Hayworth, who is the postmaster general's own congressman.

Rep. Dingell, whose late father, Rep. John D. Dingell Sr. sponsored compulsory health insurance legislation, described Summerfield's speech as in "poor taste and insulting."

Donald O. Menzies Seeking Nomination

Former Oakland County Under-sheriff Donald O. Menzies said today he will seek the Democratic nomination for county Sheriff in the August 7 primary election.

Menzies, 48, first joined the Sheriff's department in 1926 on his graduation from Clawson High School. He served as uniform deputy and detective before being named undersheriff in 1947.

Married and the father of three sons, Menzies is a Mason, a Shriner, an Elk, an Eagle and a member of the Sportsman's Club. He will oppose George Hicks and William Dahlerup for the nomination.

Henry Fonda Divorced on Charge of Cruelty

RENO (AP)—Actor Henry Fonda and his wife Susan were divorced yesterday on her charge of extreme cruelty. Fonda denied the charge.

Mrs. Fonda was granted custody of their daughter Amy, 2. They were married Dec. 28, 1950.

NEIL G. BRACKSTONE

Former Pontiac Airport manager Neil G. Brackstone has been given the 1956 President's Award by the American Assn. of Airport Executives, for meritorious services. He is currently manager of Lansing's airport. He took the Lansing post in 1941, after managing the local airport for 13 years.

Radar Timers Still to Be Used

Detroit Police Ordered to Continue Practice as Court Favors Motorists

DETROIT (AP)—Despite a court ruling declaring radar timers illegal, Detroit police will continue to use tickets on the basis of radar clockings.

Traffic Director James A. Hoye yesterday ordered police radar operations to go on as before.

The order followed a conference with Police Commissioner Edward S. Piggins, corporation counsel Nathaniel H. Goldstick and representatives of the Traffic Safety Assn.

On Tuesday Traffic Judge John D. Watts dismissed a speeding charge based on a radar timing. Yesterday he instructed five court referees to refer all questionable radar speed cases to him for personal hearing.

Piggins said police will continue to use radar for tracking of speeders unless forced by law to stop.

Officials in Kalamazoo, one of the first cities in the state to use radar, voiced strong criticism of Judge Watts' decision.

Municipal Judge Clark M. Olmstead said, "I believe radar is legal and accurate and I believe it is far better than clocking a speeder. State Police and police in three-fourths of our larger cities use radar to apprehend speeders."

Kalamazoo Police Chief Sherwin Heywood said "I've always considered it (radar) the most accurate method of establishing the speed of a vehicle."

Report Arab Plot to Slay U.N. Chief

(Continued From Page One)

weekend to write his final report, to be given the Council next week.

His report contained mostly background and a report of his efforts to stop the fighting and border incidents. He made no recommendations. He is expected to include some in his next report.

Hammarskjold recalled that he had reported earlier assurances of Egypt and Israel not to engage in hostilities except in self-defense. He then said he had concluded "with positive result" the negotiations with the parties to the other three armistice agreements, Syria, Lebanon and Jordan.

Bonn Scorns Red Bid

BONN (AP)—The West German government today rejected a Russian offer of a trade treaty. Such a treaty could not be concluded until Germany was reunited, a government spokesman told a news conference.

Pontiac Deaths

Mrs. William Donaldson

Mrs. William J. (Lettie) Donaldson, 85, of 152 Washington St. died Monday in St. Joseph Mercy Hospital, Mt. Clemens after a brief illness.

She was born in Tuscola County July 20, 1870 and came to Pontiac in 1935 from Richmond.

Mrs. Donaldson is survived by one son, Gordon Adams of Richmond; two step-daughters, Mrs. Josie Hensen of San Jose, Calif. and Mrs. Margaret Vinton of Rochester, N. Y.; four grandchildren, two step-grandchildren and two great-grandchildren.

Service was held at 2 o'clock this afternoon from the Hensch Funeral Home, Richmond. Burial followed in the Richmond Cemetery.

Hugh C. Howes

Hugh C. Howes, 48, of Dearborn, died suddenly at his home Friday, April 27. Mr. Howes married Norma Cunningham of Pontiac about 26 years ago.

Besides his wife, he is survived by two daughters, Nancy of San Diego, Calif. and Mrs. Mary Forsythe of Evanston, Ill.

Thomas P. Mason

Thomas P. Mason, 79, former local representative of Standard Oil Co., and lifetime resident of Pontiac died this morning in Pontiac General Hospital. He had been in ill health several weeks.

He was born in Pontiac June 29, 1876, the son of John and Violet Mason and was married to the former Jean Wallace.

Mr. Mason, a member of First Presbyterian Church and a charter member of Pontiac Kiwanis Club, was in the carage business for years. He later became the local representative of Standard Oil Co. from which he retired July 1, 1939. The Masons made their home at 22 Oneida Rd.

He leaves two nieces, Eva and Ella Austin of Mark St. and three nephews, Stuart A. Austin of Cherokee Rd., Harry B. Austin of E. Iroquois Rd. and John C. Austin of Lake Orion.

Service will be at 2 p.m. Saturday from the Sparks-Griffin Chapel with Dr. William H. Marbach, his pastor, officiating. Burial will be in Oak Hill Cemetery.

NATO Changes Seem Imminent

Dulles Proposes 'More
Than a Military Pact'
to Member Nations

PARIS (AP)—Secretary of State Dulles and other Western foreign ministers dug into a wide-ranging conference schedule today in preparation for the opening of a council meeting of the North Atlantic Treaty Organization.

Western diplomats say the two-day NATO session tomorrow may be a momentous meeting for the 15-member ministerial council. Dulles has said one of the chief objectives is to plan the reshaping of NATO "into something more than a military alliance."

Shortly after he got here yesterday, he was given a French plan calling for a new international agency to distribute economic aid to the world's needy.

He conferred two hours with French Foreign Minister Christian Pineau on the French proposal, which, informants said, urges U.S. cooperation in forming an aid agency outside NATO.

Pineau reportedly told Dulles the organization should be set up "within the framework of the United Nations or some similar world organization," and should not be incorporated in NATO in order to keep it free of charges of cold war links.

American spokesmen declined to give Dulles' reaction to the French plan.

Hart Says 'Liberals' Can Break Race Bars

IRONWOOD (AP)—Lt. Gov. Philip A. Hart said Wednesday night that "politically, the straight road to the end of segregation lies with the northern liberals like Gov. Williams."

Hart, a Democrat like Williams, said these liberals "have the courage and energy to carry this great cause to victory."

In a talk to a Democratic gathering, he asserted that Negroes and other minority groups "will hurt only themselves if they permit themselves to be misled by false prophets who substitute slogans for action."

The Day in Birmingham

Recreation Board May Okay Driving Area Plan

BIRMINGHAM—The Recreation Board will approve a plan for utilizing a driving area across from Birmingham High School tonight, according to Board Chairman Mrs. William Jackson.

The board will hear reports by Assistant City Manager Dana Whitman and Recreation Director Frank Whitney on a study they made, working with City Planner Herbert Herzberg.

The board was asked for a plan for recreational use of the 66-acre field across from the high school. Whitman and Whitney have formulated such a plan, and the board will hear it and act upon it tonight, Mrs. Jackson predicted.

A new state law requiring driver training for those under 18 faced the school board with the problem of training public, private and parochial children of Birmingham, Mrs. Jackson points out.

Robert Girardin, who will take the recreation director's post on May 14, is spending today working with Whitney, screening applicants for the summer recreation program. Girardin will attend tonight's meeting.

Parents are being urged to report handicapped children when the school census is taken May 10 through 30.

Dr. Paul D. Carter, assistant superintendent of schools, pointed out yesterday that a special effort is being made to obtain information on all handicapped children. Such information would aid the Board of Education in

development of special education facilities, he says.

All physically or mentally handicapped children up to 20 years of age should be reported. The 24 census takers will have an organizational meeting at 10:30 a.m. next Tuesday in the board of education offices.

New officers of Birmingham Post No. 3645, Veterans of Foreign Wars, are headed by Harry Kotelman, who takes the commander's post from Orrin Clark.

Others are John G. Denlevy, senior vice commander Arthur Reinbold, junior vice commander, D. G. Morgan, quartermaster, and William J. Watson Jr., adjutant.

The post's auxiliary officers, are Mrs. Edith Wilkinson, elected for her second term, Mrs. Agatha Rathka, senior vice president, Mrs. Charles Mintling, junior vice president, Mrs. Floyd Crouse, treasurer and Mrs. John Brown, secretary.

The Michigan Federation of Young Republicans have nominated Mrs. Betty Ellis for the vice chairman's office. Election will be at the state convention in Lansing May 11 and 12.

Vice chairman of the 18th Congressional district (Oakland County) Young Republican Club, Mrs. Ellis is a Royal Oak school teacher living at 2301 W. Lincoln, Birmingham.

High School band members are in readiness for their concert tonight at 8:15 p.m. in the school auditorium.

RACE IN A DOWNPOUR — Ed Mather has just taken baton from St. Joseph College teammate Bob Hagarty during Marine Corps Relays at Quantico, Va., in a heavy rain.

Korean Women Gradually Gain Equality With Men

SEOUL (INS)—Korea, a country that suddenly hit the headlines with the Communist invasion of 1950, has been known as "The Hermit Nation" in the orient and its women were strictly segregated from men. But today Korean women are gradually adopting the Western idea of equality of the sexes.

Centuries ago, the Korean woman was forced to wear a headgear which covered her entire face except for her eyes. Women who refused or did not wear the headgear were considered of the inferior class of society.

Even up to 30 years ago, an ancient motto calling for the segregation was in existence. According to the motto, Korean man and woman should be kept apart from the age of seven.

However, through the introduction of western culture and Christianity, Korean women slowly began removing themselves from the centuries-old segregation shackles.

CHANGED NORMS
But the Japanese rule arrested the rapid progress toward westernization of Korea for the Japanese themselves held down the idea of woman's equality with men. They rather entertain the idea that the women folks should be a means of fostering warrior-citizens.

Then came the liberation from the Japanese rule in 1945. The sudden influx of western civilization through the American soldiers who are stationed in Korea set back the populace as they were left in bewilderment due to such great differences in the American social life.

Regardless of the reactions to the sudden influx of the different culture, it left some irrevocable influence. Slowly the people began to dress more and more in western style. Korean women literally jumped on the western dress to which they had been denied for years.

During the war the people had to live from the onrushing Communist hordes and "had to earn" their living regardless of sex. This hardship taught them that men can count on their counterpart for "cooperation" as a partner, although individually the extent of partner ship may vary.

The Korean women took full advantage of the situation. They began to demand more and more equal rights with men on not only family affairs but also on other matters.

Maori Words Listed
WELLINGTON, New Zealand — A Maori-English dictionary, designed primarily for use in the Cook Islands, is being printed at Rotorua. It will be the standard reference work on the Maori language in the islands.

Typewriters Record Heat in Big Reactors

RICHLAND, Wash. — Temperature-taking typewriters automatically record heat conditions in various parts of the huge reactors used to produce plutonium for atomic bombs at the Hanford plutonium plant here.

The typewriters, with no manual help, perform this job instantly and automatically.

Temperatures inside the reactors are measured by thousands of thermocouples that develop voltages proportional to temperatures in

their area, and their signals trigger typewriter keys to print the proper temperature on a chart of thermocouple locations.

With this arrangement a complete reactor can be mapped within a few minutes, indicating which reactor areas are too hot for safety and which are too cold for maximum plutonium output.

Real Helpful Purpose

ST. PAUL, Minn. — A Minnesota Assn. of Arson Investigators has been organized to teach small town fire departments how to detect and investigate arson cases. The state fire marshal's office planned formation of the group.

Doctor Comes Back to Help Speed Cops

HONEA PATH, S. C. — If Highway Patrolman C. C. Swafford, newly assigned to Honea Path, had recognized the driver he probably wouldn't have sped after a car that whizzed by City Hall.

About four miles out of town Swafford's car ran off a curve and Police Chief F. A. Walker, riding with him, suffered a head injury.

A little later, here came the car they had chased, headed back to town. The driver was Dr. O. E. DeVore, who had been answering an emergency call to a rural home. Dr. DeVore already had reported the automobile accident and he took Chief Walker to his office for treatment. No charges.

All for \$1.50

OKLAHOMA CITY — Alvey DeLaughter, superintendent of the parking meter department here, reports the most ambitious thieves he has ever encountered. They yanked up a meter — with 150 pounds of concrete still attached to the base. It is a puzzle how they got the meter and concrete out of the sidewalk. For their efforts they got about \$1.50.

Janet Anderson Tops 46 Contestants to Claim Title of City's Miss Amvet

Janet Anderson was crowned Miss Amvet of Pontiac for 1956 at a recent beauty contest sponsored by Post 16. She was chosen from 47 contestants in the event held at the Roosevelt Hotel ballroom.

Miss Anderson will represent this sector in competition for state honors at the Michigan Amvet convention to be held at Grand Rapids in June. The local post will present her with a formal gown to be worn in that contest, and will also cover the trip expenses.

The state winner will go on to compete with girls from throughout the United States at the national convention in Milwaukee.

The judges selected Miss Anderson from a trio of outstanding finalists. She was given a slight edge over Barbara Looney and Genevieve Doyre.

Over 100 people attended the contest. The judging was in both conventional dress and bathing suits.

The list of judges for the contest included Sheriff Frank Irons, County Prosecutor Fred Ziem, Dr. James McHugh, Judith Clemence, society editor, The Pontiac Press, and Robert Hanger, of radio station WPON. Dr. McHugh replaced Mayor William Donaldson who was unable to participate.

MISS AMVET NAMED — Janet Anderson, center, was named Miss Amvet of Pontiac at a recent beauty contest conducted by Post 16. She will represent this area in state competition at Grand Rapids in June. Also shown above are the other contest finalists, left to right, Barbara Looney and Genevieve Doyre.

Adlai Hits GOP on Racial Issue

Touring Dem Candidate Goes on Handshaking Drive in San Francisco

SAN FRANCISCO — Adlai Stevenson mixed sharp criticism of the Eisenhower administration on desegregation and other issues with cheerful handshaking in a stepped-up campaign to win California's presidential primary.

He charged during 12 appearances here yesterday that the President has not used the prestige of his office to help carry out the Supreme Court decision striking down separate public schools for white and Negro students.

He told longshoremen on the waterfront they won't see better protection for labor, better housing and better health benefits "until you return to Washington a fighting, liberal administration."

AT BARKLEY FUNERAL

Winding up the one-day whirlwind tour of San Francisco, the former Illinois governor left by plane late last night to attend the funeral of Sen. Alben Barkley in Paducah, Ky. He plans to resume his vigorous 12-day California schedule in Los Angeles tomorrow.

Members of his staff and newsmen were struck by his relaxed, smiling approach to the job of handshaking. He said at one point he was enjoying it.

He devoted a heavy part of his time to Negro districts, as if to overcome previous criticism here that he was too soft on civil rights.

One-third of the oil wells drilled in the United States during 1953 were drilled in Texas.

\$11.5 Billion Available in Foreign Aid Spending

WASHINGTON — Sen. Byrd (D-Va.) said today 11½ billion dollars will be available for foreign aid spending in the new financial year if Congress approves the full \$4,900,000,000 asked by President Eisenhower.

Byrd said there will be \$6,600,000,000 of unexpended foreign aid balances on hand at the start of the new bookkeeping year July 1.

Byrd issued a statement as chairman of the Senate-House watchdog committee on federal spending.

Bridge Painting Bids Out

Set Sunday Rally at Brooklands

Plan Special Service in Lieu of the Regular Gethsemane Program

BROOKLANDS — Members and friends of Gethsemane Lutheran Church in Brooklands will gather Sunday in one service at 9:30 a.m. in the multi-purpose room of the Brooklands Public school instead of at the church.

This will be a special rally service arranged by the New-Church Planning committee headed by Vincent Braun assisted by William Bishop and Robert Smalley.

The sermon will be delivered by the Reverend Ihno Janssen, executive secretary of the English District of the Lutheran Church — Missouri Synod. The Reverend Norman Kuck, Gethsemane pastor, will conduct the liturgical portion of the service. The Detroit Lutheran High School chorus will assist with three selections.

The committee will also at this time bring the congregation up to date on the progress, needs and plans to connection with the building and expansion program.

Nursery facilities will be provided for the smaller children during the service.

Holy Communion, Sunday School and Bible Class will be cancelled for the day. The regular Sunday schedule will be resumed at the church near Dequindre May 13 with Holy Communion in both the 8:30 and 10:45 a. m. services.

Fire Department Siren Installed at Union Lake

UNION LAKE — The Union Lake Fire Department has installed a new five-horsepower siren on top of the Union Lake Supermarket. Also plans are in progress for a system to give tornado warnings.

Church Rally Scheduled

HUNTERS CREEK — There will be a special rally at 8 p.m. Saturday at Hunters Creek Church. Mr. and Mrs. Howard Skinner will present a special musical program and will show a film entitled "Amazon Deadline."

Sunday at St. Patrick

Slate Mother-Daughter Communion Breakfast

WHITE LAKE TOWNSHIP — The annual Mother and Daughter Communion Breakfast of St. Patrick parish will be held Sunday, following the 8:30 o'clock Mass.

Mrs. Clarence Chapman of Berkeley, past president of the North-western Deanery Council of Catholic Women, will be guest speaker.

A May crowning will be a feature of this year's program.

The Men's Club, under the direction of its president, William J. Best, will cook and serve the breakfast.

All mothers and daughters of the parish are invited to attend the breakfast, which is sponsored by the Women's Guild. Reservations should be made immediately with Mrs. Gerald F. DeSomer, EM-pire 3-3578.

LAKE ORION — Fred Wiegman, principal of the Lake Orion High School, has presented his resignation to the Superintendent of Schools here, cancelling the 1956-1957 contract which he signed three weeks earlier.

Wiegman prepared for his work at Michigan State Normal, University of Michigan and Michigan State University. He spent several years in the air force as an aerial gunner.

Mr. and Mrs. Wiegman have both been active in Lake Orion groups and with their daughters Gloria Gaye and Lynn Anne have made many friends in the area, although they have been here just a year.

Loyalty Sunday May 6 at Commerce Methodist

COMMERCE TOWNSHIP — Marshall Wheeler, chairman of the Commerce Methodist Church Finance Commission, has designated May 6 as Loyalty Sunday at the church.

On that day, the budget for the coming year will be presented to the congregation. Members and constituents will be given an opportunity to renew or make new pledges.

To Visit Selfridge Field

FOUR TOWNS — The local Explorer Scouts are going to Selfridge Field as guests of the U.S. Air Force for the weekend. G. V. Myers will be accompanying the boys.

Deadline May 12 to File Petitions

Nominations Must Be in for June 11 Election at Avondale

AVONDALE — Saturday May 12 is the deadline for filing nominating petitions in the coming Avondale School Board elections, according to Raymond N. Baker, superintendent.

Voters will place two members on the board for three-year terms in the June 11 balloting. Total school board membership at Avondale is five.

To have their names placed on the ballot, candidates must present petitions with the signatures of 50 or more qualified school electors to the secretary of the board.

Petition forms are available at the Board of Education office at Avondale High School.

Cattle Confab for 1957 to Be Held at MSU

KNOXVILLE, Tenn. — The American Aberdeen-Angus Assn., representing 32,000 breeders of Aberdeen-Angus cattle, will hold its 1957 conference at Michigan State University. The group voted on its next meeting site yesterday at the close of a two-day gathering at the University of Tennessee.

*Imperial's got the flavor
that's been missing
in margarine!*

imperial IS THE FIRST MARGARINE UNCONDITIONALLY GUARANTEED TO TASTE LIKE THE HIGH-PRICED SPREAD!

You're going to be seeing a brand new product at your grocer's today . . . a product so superior that it carries a guarantee never before made — in all of margarine history. Imperial is the first margarine *guaranteed* to bring you the tantalizing flavor formerly found only in the expensive spread for bread.

IMPERIAL'S GOT THAT FLAVOR

Flavor is what's been missing in margarine. And flavor is what Lever Brothers devoted seven years to achieve. It wasn't hard to make Imperial *spread* smoother and easier than any other margarine. And it wasn't hard to make Imperial as *nutritious* as even the most expensive spread you can buy. The trick was flavor. And Imperial is the first margarine to capture and hold that unmistakable flavor everybody loves.

YOU AGREE—OR LEVER BROTHERS RETURNS YOUR MONEY

We know you may find it hard to believe that a margarine could live up to all we claim for Imperial. So to make it possible for you to try Imperial without any risk, Lever Brothers unconditionally guarantees that if Imperial doesn't taste like the high-priced spread to you — they'll return every penny you spent to try it.

P.S. Like the high-priced spread, Imperial is delicate and perishable. So to *protect* its perfect flavor, always keep Imperial in your refrigerator.

IMPERIAL—THE EXCITING NEW NON-DAIRY SPREAD FOR BREAD

REG. U. S. PAT. OFF. S.

Q. What is the name of this cut of meat?

A. Pork arm steak

Q. Where does it come from and how is it identified?

A. It is cut from the picnic shoulder. The picnic shoulder includes the arm and shank section of the shoulder. The pork arm steak contains a small round (arm) bone, is oval at one end, and is squared off at the other.

Q. How is it prepared?

A. It is cooked slowly by braising, a moist method of meat cookery or by pan-frying, a dry method of meat cookery. Steaks cut three-quarters of an inch thick require about 45 minutes for cooking.

To braise, brown the meat on all sides in its own or a small amount of lard or drippings. Season with salt and pepper, add a small amount of liquid, if necessary. Cover tightly. Cook at a low temperature until done.

To pan-fry, brown the meat on both sides in its own or a small amount of lard or drippings. Season with salt and pepper; do not cover.

Cook at a moderate temperature until done, turning occasionally. Remove the meat cut from the pan and serve at once.

Cost of Potatoes Is Split 4 Ways

Have you bought any potatoes recently?

The U. S. Department of Agriculture has been trying to find out where your money goes when you buy potatoes.

One of the things it has learned is that there's a considerable difference in the amount of money the farmer gets, some difference in the amounts other people get at different seasons of the year, and also some differences depending on where the potatoes are grown.

But forgetting about the differences for a moment, let's use Idaho Russet Burbank potatoes as an example. These are the long white potatoes that many people call "Idaho bakers." Usually they command the top price at the store, because they cook so well.

Let's say you paid 68 cents for a 10-pound bag of those Idaho baking potatoes. The retailer kept 29 cents, to cover his costs, any potatoes that spoiled or had to be thrown out for any reason, the cost of the paper bag and some profit.

The retailer bought the potatoes from a wholesaler, who received them a carload at a time, and hauled them from the railroad car or his storage house to the retail store. The wholesaler kept about four cents for handling that 10-pound bag of potatoes.

It's a long way from Idaho to the place where you live, and the railroad company charged almost 13 cents for hauling 10 pounds of potatoes.

The potato grower out in Idaho got 22 cents to pay for his costs of growing the 10 pounds of potatoes, digging them, cleaning them, putting them in 100-pound burlap bags, storing them in a special warehouse for a few weeks or several months, and loading them into the railroad cars.

Win Applause With Nutritious Wheat Sticks

Since quick breads require no special skill, they are one of the easiest ways to display your baking talents—and one of the best ways to perk up meals and coax appetites.

Everyone likes bread so you'll please the whole family from Dad to Junior when you spark your meals with made-at-home breads.

Serve these Wheat Sticks hot with plenty of butter. They'll win compliments and you'll have the satisfaction of knowing that you are giving your family better nutrition.

Wheat Sticks

2 eggs
1/2 cup sugar
2-3 cup milk
1/2 cup melted butter or margarine
1-2 cups flour
3 teaspoons baking powder
1/2 teaspoon salt
1/2 cup wheat germ

Beat eggs until very light; add sugar, milk, melted butter or margarine. Sift together flour, baking powder, salt; stir in wheat germ. Add the liquids to the dry ingredients all at once. Mix together but do not beat.

Have cornstick pans well greased and heated in hot oven (400). Fill pans two-thirds full and bake in hot oven (400) for 20 minutes. Remove wheat sticks from pans and serve hot. Makes 18.

Fresh asparagus, chilled and cut into 1-inch lengths, is a wonderful addition to tossed green salad.

Spring Sauterne Salads Ideal for Fancy Desserts

There must be an "S" in the month, for here comes a Spring Strawberry Sauterne Souffle Salad. Don't waste time trying to say it—start assembling the dessert salad. Just the surprise for a luncheon, buffet, a special birthday or dessert bridge.

Fruit and white wine, intermingled their flavors for a dish that is both delicate and substantial. Chopped pecans add the needed crunch. Make the salad the day before the party, unmold and garnish it with whole strawberries and your best friends will tell you it's a triumph.

Strawberry Sauterne Souffle Salad
1 package lemon-flavored gelatin
1 cup hot water
1/2 cup strawberry juice (drained from berries)
1/2 cup Sauterne or Rhine wine

Leftover Meat Dish

A small amount of turkey, chicken, duck, roast pork or ham left over from Sunday dinner can make Monday's lunch or supper. Team the diced cooked meat with cooked rice, salad oil, finely diced onion, strips of green pepper or pimiento and heat in a large skillet. Season with soy sauce.

Whip bananas into vanilla ice cream, add chopped nuts or fresh fruit, put into freezing tray of refrigerator and serve when firm as dessert with brownies.

1/2 cup real mayonnaise
1/2 teaspoon salt
1/2 cup drained pineapple (drained)
1/2 cup chopped pecans

Drain juice from berries, reserve 1/2 cup. Dissolve gelatin in hot water. Add strawberry juice, wine, mayonnaise and salt. Blend with rotary beater. Pour into refrigerator tray.

Quick chill in freezing unit (without changing control) 15 to 20 minutes, or until firm about 1 inch from edge, but soft in center. Turn mixture into bowl and whip with rotary beater until fluffy.

Fold in drained strawberries, pineapple and nuts. Pour into 1 quart mold or individual molds. Chill until firm in refrigerator (not freezing unit) 30 to 60 minutes.

Unmold and garnish with whole strawberries and chichory. Makes 4 to 6 servings.

Steam Your Fruits

Steam prunes, apricots, and whole figs. Alternate their placement on a skewer. Brush with melted butter and reheat them in a moderately hot oven (400 degrees). Serve skewered fruit as a meat accompaniment.

Dress Up Loaf Cake

Here's a way to fix up bought loaf cake. Heat it in the oven until warmed through, then spread the top with strawberry preserves and place under the broiler for a few minutes, watching carefully. Serve at once.

Try Mint Sauce on Lamb Chops

If you have a "meat and potato" family and you're bored to death cooking the same thing every night, try serving your lamb chops with this wonderful cherry mint sauce. Your family will love it, for the gay, red maraschino cherries and the cool green mint jelly make an exciting combination that will brighten up the lamb chops and move them out of the ordinary.

Cherry Lamb Chops
1 tablespoon butter or margarine
1/2 shoulder lamb chops, about 1/2 inch thick
1 cup water
2 teaspoons salt

1 12-ounce jar mint jelly
1/2 cup maraschino cherries, cut in halves (about 30 cherries)
1/2 cup white vinegar
Melt butter or margarine; add chops and cook until browned on both sides. Add water and salt and cook, covered, over low heat until chops are tender, 45 minutes. Add jelly and cherries. Cook 15 minutes.

Asparagus Buying

When you buy asparagus, avoid crooked stalks, and those with spreading tips. They indicate that the asparagus was cut long ago and not properly refrigerated during shipment; consequently the asparagus may be tough. Straight, plump stalks and tight tips are indications of the best quality.

Heat asparagus and sprinkle with just a smidgen of ground allspice. Delicious with slices of baked ham.

Everyone Needs Milk Regardless of the Age

Everyone takes for granted the fact that babies must have milk. They need it to develop strong bones and teeth... in fact, babies can't even sit up until they are about six months old — not until they absorb enough calcium from milk to make their skeleton strong. All growing youngsters need milk.

How about grownups? They need milk too. Regardless of age, all must have the calcium, high quality protein, and important vitamins that milk supplies. Adults need almost as much milk as do children... to maintain the body in health and vigor. When you're young, milk helps you grow.

Fruits and Vegetables Up in Quantity, Down in Price

Every day brings Michigan's growing season nearer when produce counters will be filled with home grown fruits and vegetables. This is evidenced by increased shipment of many vegetables from other states and the end of the season for several fruits, says Mrs. Josephine Lawyer, Consumer Marketing Information Agent of the Cooperative Extension Service.

Already shoppers can find Michigan hothouse leaf lettuce and the small dark green heads of tender Bibb lettuce. The head lettuce supply is heavier than last week; the quality is good.

Tomatoes will hurt the budget less on today's market list as both the 14-ounce packages and the hot-house ripened ones are increasing. For some time the cabbage on Michigan counters has been arriving from Florida, but beginning this week it will be supplemented with cabbage from the Carolinas. This should add up to especially favorable prices, so plan more way to use cabbage in menus.

Rains in Texas have affected the onion market so that in some stores there may be as much as a ten cent increase on a three-pound bag of onions. New potatoes are higher than expected since new supplies are not as plentiful as first anticipated. However, at 7 to 10 cents a pound, potatoes are a must in every day's diet.

Carrots are a low cost favorite, or select beets for real home grown flavor.

Berries are the big news on fruit counters. The quality at this time of year, according to

some produce buyers is better than it has been in several years. Within the next four weeks, strawberries will arrive from other states—then it will be time to look for Michigan berries.

Even though the end of the grapefruit season is in sight, there is still a plentiful supply of fine quality fruit. For the most juice select those that are relatively thin and smooth skinned, and that are heavy for their size. Winesap apples are in the spotlight at about 13 to 20 cents a pound depending upon size.

How to prepare fresh pineapple in a jiffy may be the reason for hesitating to buy this fruit. If so, write Mrs. Lawyer at 1260 West Boulevard, Pontiac, and ask for the chart showing an easy way to cut and serve pineapple. Pineapple is selling at near wholesale cost.

Following the usually seasonal pattern, wholesale prices on both pork and beef are up slightly. However, shoppers will notice only very small changes in retail prices. All cuts of pork will be featured with economy buys in picnics, Boston Butts, rib-end loin roast, and sausage.

The steady wholesale price of beef chuck keeps it one of the best beef values, although retail costs are slightly more than a week ago. For more elegant eating, beef rib roast carries a reasonable price tag. Both pork and beef are good values for this time since they are selling at considerably lower prices than last spring.

This is a good time to enjoy Michigan smelt, this being the

peak of the smelt season, though they will be available all during May. The characteristic smelt flavor is the result of an essential oil present in the flesh.

This oil evaporates rapidly and is not found in stale fish. Wise shoppers will insist on strictly fresh smelt for delicate sweet flavor.

Prices on Grades A large eggs have dropped a few pennies in many stores. Fryers remain in the budget price group even though prices will probably be a few cents higher this weekend than last.

PAN-FRIED SMELT
Clean and wash fish. Season with salt and pepper. Roll fish in cornmeal, dip in egg diluted with milk or water, roll in cornmeal again. Heat two tablespoons fat in a heavy skillet. Using a low flame, brown the fish on one side, then the other.

Variations: 1. Soak fish in lemon juice for 10-15 minutes before frying to bring out the delicate flavor.
2. Other suggestions for crumbing—flour, bread crumbs, cracker crumbs, crushed cornflakes.

SAUCES FOR SMELT
Horseshoe With Cream
1 cup thick cream
1/2 cup horseradish
Mix well and serve either hot or cold. Serves 12 to 15.

Spanish Sauce
3 tablespoons fat
1/2 teaspoon mustard
Few grains cayenne
1/2 teaspoon lemon juice
1 1/2 teaspoon Worcestershire sauce
1/4 cup strained tomatoes
Heat fat until melted, add remaining ingredients, simmer for 10 minutes. Serve hot. Serves 6 to 8.

When you entertain, cream may be whipped and refrigerated for an hour before it is to be served.

State Demands Pure Flavors

Maybe springtime does things to a man's fancy, but men in at least five Michigan places where ice cream is made fancied they could have imitation ice cream flavors around and get by with it.

They fancied they could, that is, until inspectors of the Dairy Division of the Michigan Department of Agriculture dropped in unexpectedly and found these imitation products, which are illegal in this state. In all five instances the artificial flavors were seized.

Under Michigan ice cream law no imitation flavor may be used except imitation vanilla. Fruit ice creams must contain fruit, and nut ice cream must contain nuts. Just a mere suggestion of these, like a whiff of violets on a spring breeze, won't do.

Michigan's ice cream law, regarded as one that provides the consumer a product that is superior to that permitted in many states, requires that fruit ice cream must contain 5 per cent fruit by actual weight. Nut ice creams must contain 2 per cent nuts by actual weight. Custard ice creams must contain 1.1 per cent egg yolks to comply.

In the five seizures agricultural department inspectors found quite a collection of illegal artificial flavors. Some were banana flavor, which also contains coumarin, illegal in this state in the manufacture of ice cream.

New Fruit Punch Bows In; Old Orange Crates Go Out

By JANET ODELL
Pontiac Press Home Editor

Springtime seems to call forth a "50's," since a carton holds half variety of new food products, as many as boxes did. Would that it called forth some At least one Pontiac store is featuring the newest cake mix to No doubt there will be days come out of test kitchens—instant when we'll welcome a long cool apple chip cake. It is lightly little. The company that puts outspiced and contains generous bits drink powder has added a new one to their line. In addition to the eight familiar flavors there is now a Fruit Punch.

Fruit Punch can be served alone or combined with other fruit juices and beverages. We suggest you try this way of serving it.

Cranberry Fruit Punch
1 package imitation Fruit Punch soft drink powder
1/2 cup sugar
2 cups (1-pint bottle) cranberry juice
Water and ice cubes to make 6 cups
Combine all ingredients. Stir well until soft drink powder and sugar are dissolved. Makes 2 quarts or keep because it will have been irradiated with X-rays from radioactive atoms.

Have you seen any sausage packaged in transparent plastic packages, ready to be simmered or baked right in its wrappings? Directions for either method of cooking are printed on the Cryovac wrapper. Watch for this convenient meat at your favorite store.

When we were first married, we had bookcases made from orange crates. Even if today's newelwoods wanted similar "furniture," they would be doomed to disappointment. The wooden orange box is no more.

Orange growers are now packing oranges in corrugated paper cartons which keep the fruit in top condition. These new containers necessitate a change in the sizing (you know orange size is designed to determine the wholesomeness of such foods. So far, tests have shown that fresh taste, vitamin and calorie values are unchanged in most foods.

There's a plentiful supply of dates on the market. We think you may like a couple of recipes showing how you can use this delicious fruit.

Dates are probably man's oldest cultivated fruit. In the United States most of them are grown in a 5000-acre garden in the Coachella Valley in California.

Date Waffles
2 cups sifted flour
1/2 teaspoon salt
2 teaspoons baking powder
1/4 cup butter or margarine
2 cups milk
2 eggs
1 cup chopped dates
Sift together flour, salt and baking powder. Add egg yolks, butter or margarine and milk gradually. Beat until perfectly smooth. Add dates and egg whites beaten until stiff. Bake as ordinary waffles. Serve with butter and honey. Serves 6.

Date Fruit Salad Supreme
1 thick slice pineapple
2 packages (3 oz.) cream cheese
3 canned apricot halves
1/2 cup mayonnaise
15 pitted dates
1 orange cup
Maraschino cherries
Lettuce, watercress
Arrange pineapple slices on bed of lettuce and watercress. Leave space for orange cup with mayonnaise in center.

Cover pineapple with thick swirls of cream cheese, run through a pastry tube. Press 3 whole pitted dates on top of pineapple. Fit apricot halves in center of pineapple slices.

Garnish mayonnaise with sliced cherries. (To make orange cup, cut large orange in half. Remove pulp. Notch with sharp knife.)

Save Plastic Bags
Save the plastic see-through bags from carrots or other foods. They're fine for storing English muffins, leftover baking powder biscuits that are to be toasted, salad greens or celery in your refrigerator.

Bread Baked for Greek Easter

By JANET ODELL
Pontiac Press Home Editor

After midnight Resurrection Mass on Saturday many families go home to eat a regular dinner. But in the Nicolas Samouris family on South Edith street only coffee and Greek Easter bread will be served. The head of the house cuts the loaf which symbolizes the end of fasting.

We had hoped that Mrs. Samouris would be able to have her picture in today's paper, with some of her Easter bread. But pressure of a part-time job and choir preparations for Sunday's services were just too much. Mrs. Samouris is the choir director.

A lengthy telephone conversation provided us with the recipe and full directions. On Tuesday, our day at home, we baked three loaves of this wonderful bread.

Greek Easter bread—or Holiday bread—is served twice a year. At New Year's time it is baked in braided loaves and contains a coin. Whoever finds the coin in his slice will have good fortune for the entire year.

At Easter time the loaves are formed into wreaths with a cross in the middle and centered with a hard boiled egg colored red. Small wreaths with an egg in the center are made for the children.

According to our reference book (Can the Greeks Cook?), Greek Easter eggs are dyed only blood red, signifying the blood of Christ. It is customary to dye the eggs only on Holy Thursday and Saturday.

However, the bread itself should be made on Good Friday and Holy Saturday. Some housewives make thick, round loaves with a number of eggs stuck on the top.

Our leftover egg dye failed to produce a blood red egg. In fact, ours looks rather anemic and caused the photographer to ask if the hen had been drinking red ink?

But the bread itself came out just right. It really is easy to make and delicious to eat. We got one large, one medium and one small loaf from the recipe.

GREEK EASTER BREAD

By Mrs. Nicolas Samouris

1 1/2 cups milk
1/2 pound sweet butter
1 1/2 tablespoons vegetable shortening
1/2 teaspoon salt
Heat to lukewarm. Dissolve 2

packages yeast in warm water and add to first mixture.
1 1/2 cups sugar
4-5 cups sifted flour
6 eggs
Sift flour, add sugar and place in bowl. Make a well in the dry ingredients and add milk mixture and eggs. Beat well.

Do not put in all the flour at first. Add what is necessary at this point to make a dough you can handle. Knead smooth. Place

in a greased bowl and allow to rise double.
Divide into 2 or 3 portions, depending on the size of loaves you want. Roll out two long strips of dough, round them and twist together into a wreath. Place on greased cookie sheet or in large round pan.

Make braids out of the remaining dough and form a cross in the center of the wreath. Place a

hard boiled egg firmly down into the center of the cross. Let rise. Just before baking brush bread with a mixture of 1 egg yolk, a little milk and a few drops of vanilla. Sprinkle with sesame seed and brush again with egg.

Bake 10 minutes in a 400-degree oven. Reduce heat to 325 degrees and bake 30-40 minutes longer, or until bread sounds hollow. Do not get it too brown.

GREEK EASTER BREAD — It's Easter in the Greek Orthodox church this Sunday. In the many Greek homes in Pontiac loaves of a delicious bread will be served. These loaves are decorated

with hard boiled eggs dyed bright red. The loaf above was made from a recipe given us by Mrs. Nicolas Samouris of South Edith Street. Do try it!

Watch Your Buying of Kitchen Gadgets

EAST LANSING (INS) — You are not alone if you find yourself becoming a little gadget-happy.

Ruth Sands of the Institution Administration Department at Michigan State University says gadgets have a definite purpose and usefulness in our modern kitchens.

But, says Mrs. Sands, the smart homemakers will limit her number of kitchen gadgets to a minimum. She goes on to say:

"I have found a few gadgets that I couldn't live without and which supplement my basic pieces of cutlery very nicely.

Her favorite is a wire whip or beater which is used in a teacup to whip a small amount of cream or an egg white or an egg yolk. This is especially useful when cooking for only two people.

Mrs. Sands has more gadget ideas which might prove indis-

pensable for you. Have you ever tried to lift a roast out of the roaster with a fork and a spoon or two forks and have a piece of meat break off before you get it transferred to the platter? No more of this with a roast lifter; it looks something like a pancake turner except the part used for clipping under the meat is much larger and slightly curved.

A baster is nice to have handy when roasting fowl and other meats. It looks like an oversized medicine dropper and is easy to use. It also saves burned fingers and makes it convenient to baste more often.

For those who make doughnuts, an automatic doughnut cutter is a big time-saver and fun to use. It cuts the doughnuts and drops them right into the hot grease.

A jar opener is a lifesaver, adds Mrs. Sands. They are adjustable so

you can unscrew a lid from a ketchup bottle or a wide-mouth pickle jar.

Gadgets are useful until you get too many of them, declares Mrs. Sands. Be sure to choose only those you'll use.

Kitchen Economy

Kitchen economy: The uncooked heart and gizzard of a small broiling chicken may be brushed with melted butter or margarine and broiled with the rest of the chicken during the last 15 or 20 minutes of cooking. Turn the heart and gizzard as necessary.

Sauce on Chicken Good

Broiled chicken takes on good flavor when it is brushed with barbecue sauce during the broiling. Extra barbecue sauce may be heated and brought to the table

with the chicken. Good with a big bowl of hot steamed rice and a green salad.

Quick sauce for dried beef: condensed mushroom soup, diluted with a little milk or cream.

Glaze canned pineapple rings in a mixture of butter and brown sugar to which a little soy sauce and grated fresh or ground ginger has been added. Serve with pan-fried pork chops.

Study Plan for Romeo High School

Hoping to Build by Fall of 1957

Structure Would Have 17 Teaching Stations, Cost About \$650,000

ROMEO — Administrators and board members of the Romeo Community School District again studied preliminary plans for the proposed new high school, at a special meeting last night. Estimated cost of the structure is between \$625,000 and \$650,000.

A number of changes, recommended by the educators, have been incorporated in the latest sketches. One alteration was the enlargement of corridors containing lockers from 10 to 12 feet in width. Size of the band and choral rooms was also revised.

Tentative plans now call for 17 teaching stations, including library, physics, chemistry and home economics rooms.

The cafeteria is designed without windows to facilitate its use for visual-aid education. The college-size gymnasium will seat 1,200.

Architects from the firm of Jensen and Keough, Detroit, estimated it would take 12 to 13 months to construct the new two-story building and advised that test borings on the site in Mountain View Orchards be taken immediately. School officials hoped for completion of the building by the opening of school in the fall of 1957.

Supt. of Schools T. C. Ellipala will clear latest plans with heads of departments prior to the next regular meeting on May 10.

A bid on five 60-passenger school buses, submitted by Ray Dembowski of Romeo, was accepted by the board, at a cost of \$6,197 each. The bid of \$1,810 from Ralph Garrison on a 7 to 10 passenger carry-all also was approved.

The board is again requesting from the state fire marshal for use of the previously condemned Maples School for the 1956-57 school year.

County Deaths

Henry J. Bagley

IMLAY CITY—Funeral service for Henry J. Bagley, 78, of 780 N. Young Rd., Attica, will be held at 2 p.m. Saturday from the Lester Smith and Son Funeral Home, with burial in the Imlay Township Cemetery. He died Wednesday morning.

Surviving are his widow, Ruby, a son, Hamilton, Attica; a daughter, Mrs. Doris Nemeth of Detroit; a brother John of Lake Orion; six grandchildren and three great grandchildren.

Mrs. Ira E. Kenaga

Services were held today at Midland for Mrs. Ira E. Kenaga, 87, who died Monday at a Saginaw hospital. She spent most of her life in Oakland County.

For many years Mr. and Mrs. Kenaga conducted general stores at Clyde, White Lake, and lived at Royal Oak 40 years, moving to Midland two years ago. They celebrated their 67th wedding anniversary last August.

Besides her husband, she leaves three sons, Ivan of Midland, Russell of Portland, Oregon, and Howard of Ardmore, Okla.; one daughter, Mrs. W. Wollman of Midland; a brother and sister; 13 grandchildren and 20 great grandchildren.

Ralph Alger Lyke

NOVI TOWNSHIP — Service for Ralph Alger Lyke, 64, of Phoenix, Ariz., a former resident of Novi Township, was held last week in Phoenix, with burial in Greenwood Memorial Park there. Mr. Lyke, a former Arizona legislator and head of the Arizona state gasoline tax refund division, died April 20 after a long illness.

He leaves his wife, Florence, a son, John of California; three brothers, Dewey of South Lyons, Alex and Burr of Northville; and three sisters, Mrs. Ford Brooks of Novi, Mrs. Harley Cole and Mrs. Eva Angel, both of Northville.

Spaghetti Supper Friday

LAKE ORION TWP. — The Webster School on Clarkston Orion Rd. is sponsoring a public spaghetti supper from 5:30 to 7:30 p.m. Friday, at the school. Families are welcome, and free movies will be provided for the children. Tickets will be available at the door.

Season's Last Dance

NEW HUDSON — The Saturday Night Square Dance Club will present the last dance of the season in the school gymnasium here Saturday night.

(Advertisement)

Nagging Backache Sleepless Nights

Nagging backache, headache, or muscular aches and pains may come to you with over-exhaustion, emotional upsets or day-to-day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation, with that restless, uncomfortable feeling. If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys, tending to increase the output of the 15 miles of kidney tubes. So if nagging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Doan's Pills, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

Your PTA Is Planning:

Explorer to Show Film at Isaac Crary Tonight

WATERFORD TOWNSHIP—Den-pars under the auspices of String-nis G. Cooper, nationally known ham School PTA which is sponsor-explorer, photographer and traveling the program.

The new movie, a sequel to the color film, "Touring Glorious Michigan," which Cooper has shown to audiences from coast to coast, is a picture-story of the beauty of Michigan.

It features both the upper and lower peninsulas, all coasts and depicts Michigan life in every season.

Professionally, Cooper is head of the Exact Sciences Dept. of Sher-rard Intermediate School, De-troit. He is a recognized authority in his field and has lectured widely on scientific and educational subjects.

New Hudson — The New Hudson PTA will meet at 8 p.m. Thursday in the school gymnasium. This will be the last meeting of the season.

Avon Township — The last executive board meet-ing of the Elmwood School PTA was scheduled for 1:30 p.m. today. Members are discussing plans for Mr. and Mrs. Wayne Chatterton a school picnic, to be held some-time in June.

Rochester Class Annual Dinner, Dance Is Tonight

ROCHESTER — One hundred and nineteen members of the Rochester High School Senior Class will hold their annual dinner dance at Hillcrest Country Club at Mt. Clemens tonight.

A banquet will be served at 6:30 p.m. followed by an evening of dancing.

Administrative sponsors attending will be Mr. and Mrs. Donald C. Baldwin, Mr. and Mrs. Richard Huzenga, Mr. and Mrs. Har-lan Johnson and Mr. and Mrs. Roger Seager. Class sponsors will be Mr. and Mrs. Wayne Holman, Mr. and Mrs. Wayne Chatterton and Mr. and Mrs. Ray Lawson.

Chambers-Boyle Nuptials Spoken at North Branch

NORTH BRANCH—Harlene F. Ellen Ann. Boyle acted as bridesmaid for her sister, and their wedding vows at a 10 a.m. Nuptial Mass in St. Peter and Paul Church.

The bride is the daughter of Mr. and Mrs. Joseph Boyle of North Branch, and the bridegroom's parents are Mr. and Mrs. Harry Chambers, also of North Branch.

Harlene was dressed in a bal-lerina length gown of white taffeta and satin, with shoulder-length veil. She carried a bouquet of carnations, centered with a red rose.

A Beneficial LOAN ended my worries!

"Beneficial's Bill Consolidation Service showed me how to clean up bills and reduce monthly payments that were too high. And then—in a single visit—Beneficial lent me the cash to get a Fresh Start!" You, too, can get a cash loan in just 1 visit to the office if you phone first. Or, if more convenient, write or come in.

Methodists Continue Plans to Condemn Segregation

MINNEAPOLIS (AP)—The world's largest Protestant denomination—the Methodist Church—today begins closing ranks against racial segregation.

Delegates to the church's quadrennial general conference set forth a three-pronged program yesterday condemning segregation, making integration possible in the church structure and studying new ways of bringing Negro and white members of the congregation more closely together.

AMEND CONSTITUTION

The conference sped through action opening the door to full integration in the church, urging abolition of discrimination or segregation and setting up a commission to study ways of developing

“greater interracial brotherhood.”

The conference's first action was to amend the church constitution to pave the way for all Negro church units to move into the regular organization framework.

The plan, which still must be ratified by two-thirds of the voting delegates in 132 conferences, permits individual Negro churches, or entire conferences of Negro churches, to transfer into regular “white” administrative units.

Such action would be on a voluntary basis and could be undertaken by two-thirds vote of the regional groups involved.

For slum betterment, Saigon, in Viet Nam, will install 23 new water fountains.

SLAP HAPPY—Katy Jurado, above, tossed an ad lib slap at Anthony Quinn during the filming of their new movie, “The Lonely Gunman.” The fiery Katy fired when she thought Quinn slapped her too hard during one of the scenes. Quinn refrained from retaliating and the show went on.

Pravda Blasts Laborite British

English Party Leaders Hit for Starting Spot With Nikita on Tour

LONDON (AP)—Pravda today accused leaders of the British Labor party of picking a quarrel with Nikita Khrushchev in an attempt to head off the formation of an international Communist-Socialist united front.

Khrushchev, head of the Soviet Communist party, got into a row with Laborite leaders last week when he and Soviet Premier Nikita Khrushchev were visiting Britain. The British party leaders suggested that Jews and Socialists were being persecuted behind the Iron Curtain and asked the Communist leader to help free those imprisoned.

NONSENSE SAYS NIKITA
Khrushchev angrily brushed aside the suggestions as “nonsense.” He said there were no Social Democrats in the Soviet Union, and the fate of any elsewhere were no concern of his. His reaction was considered here a blow to the Soviet drive for “popular front” alliances with Socialists and left-wing groups in Western Europe.

British Labor party leaders who attended the dinner with Khrushchev have denied they deliberately baited him. They said they were motivated by genuine hopes that he might do something for Sovietists imprisoned in Soviet labor camps.

Federal Reserve Order Defied by Bank President

SALT LAKE CITY (AP)—A Utah bank president today defied a Federal Reserve system order to shut out his bank to add 12 million dollars to its capital. He told a news conference yesterday he would leave it to the Federal Reserve to enforce the order.

William C. Smith said the order to shut out his bank for his Continental Bank and Trust Co. came without a hearing and was not based on any legal definition of how much capital is “reasonable.”

He said he suspected the order was caused by the dislike of some of his 11th floor banking interests to Transamerica Corp. “As well as other banking interests,” he said.

The bank, which continued to operate, said it would not be affected by the order. It said it would continue to operate and would not be affected by the order.

Hollywood Headlines:

New Movie ‘Julie’ Keeps Doris Day on the Travel

By BOB THOMAS
HOLLYWOOD (AP)—You can find Doris Day all over town these days.

One day she was at an insurance building in Los Angeles, the next at the Hotel Statler. She has been at a market in Brentwood, an apartment building in Westwood. When I caught up with her, she was playing gin rummy with her stand-in in a modest room of a middle-class apartment in Hollywood.

ACTUAL LOCALES

The reason for all these wanderings is her latest picture, “Julie,” a suspense drama that is being filmed in actual locales.

“We don’t have one day’s shooting inside the studio, unless we might need some process shots,” Doris explained. “With all this traveling and shooting in odd places, I wondered if she didn’t miss the comforts of a studio.”

“Not at all,” she said cheerily. “I’m having a ball. It’s so stimulating to get out of the four walls of a movie stage and work in real places. And I’ve been very comfortable too. At the insurance building, they set aside an office for me to relax in. At the Hotel Statler, I had my own suite.”

NO COMPLAINTS

“I have no complaints,” she said. “The film we have been getting is wonderful—the real locales give it a note of authenticity.”

“As a matter of fact, it wouldn’t do me any good if I did complain. I used to be able to go home and complain about the producer of my pictures. Now I go home to the producer!”

He is Marty Melcher, who happens to be her husband. This method of shooting in real locales has been done before, especially during the era of the semi-documentaries following World War II. Although outdoor locations were used, seldom were films made entirely away from a studio, as with “Julie.” Doris

claimed much money can be saved thusly, but there is some dispute about this. Though studio rental and set-building is eliminated, there are still salaries to be paid, plus the expense of transporting workers and equipment.

ONLY ONE SONG

Doris gets to sing but one song in the picture. She had only two in her last one, “The Man Who Knew Too Much.” But she assured that she wasn’t trying to escape musicals.

“I’d like to do both,” she explained. “I’m going to do ‘Pajama Game’ next, so that will be an out-and-out musical. After all, I’ve done non-singing pictures before. I didn’t sing at all in ‘Storm Warning,’ and I had only one small song in ‘The Winning Team.’”

Mount Ararat, the traditional resting place of Noah’s Ark, is about 16,900 feet high and is in eastern Turkey near the Russian border.
