Prohibition Baron Touhy Slain From Ambush

Last Tax Stab as Senate Clock Tolls Out Year

LANSING (AP)—Michigan's 11-month tax war heads toward a dramatic climax tonight when the Senate will decide once and for all whether to accept the latest tax compromise plan.

"This is it," said Sen. Frank D. Beadle (R-St. Clair), Senate majority leader. "If we won't do something this time, we might as well go home for the year."

Both the House and Senate were ready to break camp tomorrow for the Christmas holidays. Leaders in both houses agreed Republicans and Democrats must come to terms by the weekend or the tax feud will break off until the 1960 legislature opens Jan. 13.

The battle almost came to a sudden halt last night when the Senate turned down a plan geared to a one-mill, two-year increase in the corporation franchise fee.

Sen. Haskell L. Nichols (R-Jackson) abruptly declared tax negotiations over for the year and called for adjournment.

At the last minute, Beadle won backing for a last-ditch reconsideration vote tonight. "I still have hopes," he said.

The House, marking time, scheduled a Friday morning session to act on Senate decisions.

Republicans, excluding half a dozen dissenters that included Sen. L. Harvey Lodge (R-Oakland County), hope to push through the corporation franchise boost, worth about 13 million dollars for each of the next two years. It would be tied to a 34-million-dollar package of nuisance taxes approved by the Senate two weeks ago.

House Democrats turned down both proposals last week and, with help from two rebel Republicans, countered with a 6 per cent tax on corporation profits. It would net 90 million dollars after virtual elimination of the corporation franchise fee.

Meeting behind closed doors, majority Republicans rebuffed Beadle's plea to attract Democratic support by agreeing to liquidate the veterans trust fund, which would pump about 40 million dollars in quick cash into the debt-ridden treasury.

★ ★ ★

"Three or four senators feel there is no cash crisis and some think the trust fund is a sacred cow that should not be touched," Beadle said. He said he would try again "in the strongest manner I know" to cash the trust fund.

Senate Democrats refused to go along with the franchise fee increase unless Republicans knocked out a provision linking it to the nuisance levies, which would hit smokers, drinkers and telephone and telegraph users. Republicans refused.

Needing 18 votes to pass, the bill got 14 votes from the 20 Repub.

Industry Backs Air Service Bid

Freight and Passenger Flights to Pennsylvania and Ohio Advocated

Industry is supporting Pontiac bid for air service to Cleveland and other manufacturing centers in Ohio and Pennsylvania.

Both freight and passenger service is needed, according to statements from Pontiac Motor Division, GMC Truck & Coach Division and Fisher Body Division's Pontiac plant.

The statements have been forwarded to the Civil Aeronautics Board in Washington to back up the city's detailed arguments for more air service at Pontiac Municipal Airport.

These arguments were prepared for the City Commission by Homer D. Hoskins, airport manager; John W. Hirlinger, manager of the Pontiac Area Chamber of Commerce; and Sherwin M. Birnkrant, assistant city attorney.

The main contention is that air service is needed to connect General Motors Corp. plants and supplier firms concentrated in Pontiac, Cleveland, Akron, Youngstown and Pittsburgh.

★ ★ ★

Pontiac Motor Division has more than 230 supplier plants that could be served by such an air connection, said J. B. Meidlein, divisional traffic director.

There are 75 in the Cleveland area, he said; 20 in the Akron-Canton area; 25 in Pittsburgh; and four in Youngstown.

"To assist these suppliers in adequately meeting the requirements of their customers for mail, packages and personnel, direct airline service would be extremely beneficial to them as well as to ourselves," Meidlein said.

J. E. Lind, traffic manager for GMC Truck & Coach Division, came to the same conclusion.

He listed 160 suppliers in Cleveland, 24 in Pittsburgh, 17 in Akron, 12 in Canton and 5 in Youngstown.

Not only is the proposed service needed, said Lind, but "it would seem that service from Pontiac to these areas could be the beginning of an ever increasing service to cities east of Pittsburgh."

"There is absolutely no doubt about the tremendous need for improved airline service to our community," said G. V. Shafto, traffic manager for Fisher Body Division's Pontiac plant.

The proposed service, he noted, would offer better connection with Fisher Body plants in Pittsburgh, Cleveland and Euclid, Ohio, plus numerous other GM and supplier plants doing business with the Pontiac factory.

All three plants have to rely, at present, on Willow Run and Detroit Metropolitan Airport for the

IKE RETURNS TO NORTH AFRICA—President Eisenhower and his host, Habib Bourquiba, pro-Western president of Tunisia, wave to cheering crowds as they drive through the Tunisian suburb of La Marsa today en route to the presidential palace for a three-hour visit.

Backs De Gaulle on Algeria

Ike Leaves Tunisia for France

WITH EISENHOWER AT SEA (AP)—President Eisenhower received the cheers of thousands of Tunisians today and discussed with President Habib Bourguiba the war in Algeria. He then resumed his voyage to Toulon, France, aboard the U. S. cruiser Des Moines.

White House Secretary James C. Hagerty said the two presidents in their Tunis meeting endorsed French President Charles de Gaulle's proposals for ending the Algerian conflict by an offer of self-determination.

Hagerty stressed that the two presidents did not seek to settle the conflict, leaving that to the Algerians and French themselves.

A joint communique issued an hour after the President's brief visit said the two leaders agreed failure to achieve a solution in Algeria was of "grave concern."

"The achievement of self-determination by African and Asian peoples is one of the most important events of our times," the communique said.

Returning to the scene of his North African triumphs as a general in World War II, Eisenhower was hailed by thousands of shouting Tunisians as he landed at La Marsa, a Tunis suburb.

★ ★ ★

A helicopter flew him from the Des Moines to the specially built landing spot only a few hundred yards from Bourguiba's white Moorish-style palace.

Because the President was not scheduled to enter Tunis during his three-hour visit, hundreds of buses and trucks brought thousands of spectators to La Marsa. The watchword of Tunisia's ruling Neo Destour (Independence) party was "Tunis will come to him."

The crowds waved and cheered during the short parade to Bourguiba's palace where the two men talked over a lamb chop breakfast.

Other crowds estimated at 200,000—swarthy men in thick burnooses and women in white robes—applauded, shouted and waved as the President drove the six miles to El Aouina airport and took off again in his helicopter for the Des Moines.

The drive had been arranged so the Tunisian people could see him.

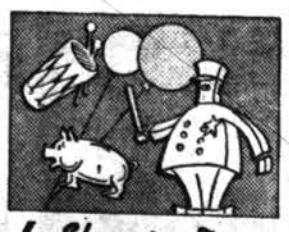

Signs along the way stressed Tunisians' ardent interest in the fate of their brother Algerians and the issues of colonialism and independence.

Votes to Appeal Drain Verdict

County Board Will Go to State Supreme Court With 12-Town Case

The three-member Oakland County Drainage Board today voted to appeal Circuit Judge William J. Beer's adverse ruling against the 12-town storm relief drain to the State Supreme Court.

The appeal immediately had even more people asking the old question: "Will that sewer ever be built?"

"The appeal means just another delay in the long, tortuous road," said Daniel W. Barry, county drain commissioner.

AWARDS FOR BRAVERY — Two Pontiac State Police troopers received awards for bravery yesterday in a special ceremony at State Police headquarters in East Lansing. Troopers Stanley D. Doubleday (left) and John D. MacDougall (right) received their awards for tracking down Robert R. Martin, a 15-year-old escapee from the Oakland County Children's Home, last August. The youth was fatally wounded by MacDougall after the boy threatened to kill the officer. Mrs. Clara Souden, 23, was presented the medal of valor awarded posthumously to her husband, Trooper Albert Souden, slain Sept. 3 during an investigation. The awards were made by State Police Commissioner Joseph A. Childs.

Paper Claims Hoffa Feathering His Nest

WASHINGTON (AP) — James R. Hoffa has quietly worked out a new plan to add $13,125 per year to his pension if he is removed as Teamster president, the Washington Post said last night.

The newspaper said the Teamster Executive Board adopted the pension boost for Hoffa at a meeting Oct. 1, but it still has not been disclosed to union members.

The key provision in the new pension program adds pension credits for up to 15 years employment with Teamster locals or other subordinate bodies, according to the Post.

The old plan allowed credit only for each year with the international headquarters.

The newspaper said under the old pension Hoffa would receive $11,666.67 annually upon reaching 62 if he were removed early next year. The new plan would boost the total to $24,791.67, the Post said. Hoffa now is 46.

Mercury Soars to Record 55; Will Drop to 32

The temperature soared to a record 55 at 3:10 p.m. yesterday in the Pontiac area.

The previous high for Dec. 16 was in 1940 when the mercury climbed to 53.3 degrees. The high today was expected to reach 46.

The mercury will drop to a low of 32 tonight, according to the U.S. Weather Bureau.

The weatherman predicts partly cloudy with a high of 43 for Friday.

Saturday's temperatures are expected to continue rather mild. Skies will be partly cloudy.

Unseasonable readings were commonplace throughout the state. Traverse City had a high of 44 and Marquette in the Upper Peninsula recorded a high of 39.

This morning's 6-12 miles an hour variable winds will continue through tonight. At 2 p.m. the temperature reading was 42.

Rocky Has Ear to Southwest

Claims He Is Getting Promises of Support as 1960 Candidate

OKLAHOMA CITY (AP) — Gov. Nelson A. Rockefeller, taking political soundings in the southwest today, said he is receiving more promises of support if he becomes a candidate for the 1960 Republican presidential nomination.

He looks like a candidate—and an increasingly confident one.

Rockefeller headed for Texas today, nearing the end of an eight-state tour. The purpose, he says, is to help him decide whether to announce for the GOP nomination.

★ ★ ★

Even in a tightly-controlled Republican luncheon in Milwaukee last Tuesday, an affair dominated by adherents of Vice President Richard M. Nixon, he says he received encouragement.

"Some of them indicated they would support me," he said. "It was a small but heartening portion."

He gave a similar report after meetings in Indiana, earlier on this trip.

In both Wisconsin and Indiana—and in fact every state he is visiting—party leaders favor Nixon for the nomination.

Rockefeller readily concedes Nixon has a big edge.

★ ★ ★

In Oklahoma City, he said "a high percentage of the party leaders, county chairmen and other—perhaps 70 per cent—are for Nixon."

Reporters asked whether he is considering trying for the nomination because of a belief that Nixon, if named, could not win the presidential election.

"No, sir," Rockefeller said. "I deplore any tactics based on a Nixon-can't-win argument.

"He has been an outstanding vice president and has done a superb job."

Released From Prison Only Few Weeks Ago

CHICAGO (AP)—Roger Touhy, a kingpin among the beer barons in the gangland wars of the prohibition era, was slain from ambush Wednesday night in typical gangland fashion.

The 61-year-old Touhy, paroled from Stateville Prison a few weeks ago after serving nearly 26 years for a kidnapping he said he did not commit, was mowed down by six shotgun blasts from two assailants.

JOHN FACTOR

ROGER TOUHY

He died on the operating table in St. Anne's Hospital after telling police he did not know the assassins. Police said they had no leads immediately.

Touhy, known as "The Terrible" during his gangland reign in the 1920s, was shot as he was about to enter the home of his sister, Ethel Alesia at 125 N. Lotus St. in the Austin district.

With him was Walter Miller, 62, a retired police sergeant and a principal defense witness at Touhy's trial for the kidnaping of John (Jake the Barber) Factor, a onetime confidence man.

★ ★ ★

Miller was seriously wounded in the back and arms. His condition was reported critical at Loretto Hospital. Miller fired several shots at the slayers before he collapsed.

Factor, who lives in Beverly Hills, Calif., was in Chicago in connection with a libel suit against Touhy. Told that Touhy had been killed, he told a reporter: "I am very broken up about it. I hope they get the killer."

Factor said he was in a near North Side restaurant when he learned of the shooting.

SUED FOR BIOGRAPHY

Police questioned Factor at a Loop hotel where he had registered earlier this week. A detective was ordered to stay with Factor during the night. Coroner Walter McCarron said Factor would be summoned to an inquest today.

★ ★ ★

"This really breaks me up," Factor said. "I'm very sorry to hear it. I just hope they find the killer."

Factor had sued Touhy and others for three million dollars in connection with publication of Touhy's biography, "The Stolen Years." He contended statements in the book libeled him.

In an ambulance on the way to the hospital, Touhy told policemen, "I'll be all right, I'm O.K."

However, he had lost much blood from a gaping wound in the left leg above the knee. Other pellets from the shotguns wounded him in the right leg below the knee.

The shooting occurred shortly after 10 p.m. and Touhy died at

Banking Hassle Court Fight Due

State Commissioner Is Being Sued for Bias in Traverse City

LANSING (AP) — Banking Commissioner Alonzo L. Wilson today prepared for a court fight in a conflict-of-interest wrangle that prompted Gov. Williams to demand his resignation.

The governor said he would try again this week to talk the 69-year-old commissioner into quitting the post, but admitted he is powerless to force a resignation without legislative help.

The state constitution prohibits the governor from firing an elected or appointed official while lawmakers are in session.

Circuit Judge Marvin J. Salmon of Ingham County conducted a 4½-hour pretrial hearing yesterday in a suit brought against Wilson by the Traverse City State Bank and the First People's State Bank, both of Traverse City. Salmon said he expected a trial date would be set this week.

The two banks charged that Wilson, as banking commissioner, used his influence improperly in helping the Empire State Bank in which his wife holds 9.5 per cent of the stock. Wilson authorized the bank to move its main office from Empire to a house trailer on a

Stuck for Novel Yule Gift? Get One of These Gadgets

By JANET ODELL
Pontiac Press Home Editor

Webster says a gadget is "a contrivance, object or device for doing something." Today, let's buy gadgets.

What teen-ager wouldn't love a "where-abouts" wheel to mount on the door of his room? Like a clock, it has hands pointing to parts of the dial, telling where the occupant is.

Mama will use a bread or cake humidifier that looks like a little loaf of bread. Made of ceramic, it has a sponge inside to keep moistened.

How about a practice golf ball for Pop? It will improve his golf swing. He won't even have to chase the ball. Or an electric putter that can be used indoors for golf practice?

Since mathematics has become so all-important in today's world, a hand adding machine might be just the gift for a lot of people. For the person who's tired of math, there's a game of three-dimensional tic-tac-toe. Less brain-wearing.

Have you seen the little gadget that cuts pears or apples into nice even wedges? Cores them too. Or the little tongs that drop just so much cookie dough on the pan?

Does someone in your house talk too long on the telephone? Get him a time-keeper that can be attached right to the instrument.

Although not new, one of the handiest kitchen gadgets any cook can have is a plastic shrimp cleaner. With this, peeling and cleaning the little shellfish is a quicker job.

★ ★ ★

Get a crayon sharpener for the junior set or a fancy pencil sharpener for his older brother. Maybe you can train the children to use them over a wastebasket. On second thought, get them each a new plastic wastebasket too.

8 Others Arrested in Raid on GMTC Plant Released Next Day

Three Pontiac men accused of violating state gambling laws pleaded guilty yesterday before Municipal Judge Cecil McCallum.

Robert L. McNeary, 36, of 43 Raeburn St.; Claude Day, 32, of 180 Quick St. and Otis J. Harris, 57, of 489 Harvey St., changed their pleas from not guilty shortly before trial.

They were arrested Dec. 4 in a Pontiac Police vice squad raid at General Motors Truck and Coach Plant No. 2. Eight other persons arrested in the raid were released the following day.

The three men are free under $100 bond pending sentencing Jan. 6.

At the time of the raid, police said Day and McNeary were leaders of two separate rings, which were doing an estimated $50,000 business yearly in the plants.

The Empire Bank opened at its new location last August and closed five days later by court order which the Traverse City banks are seeking to make permanent.

HELD STOCK

Wilson was president of the Traverse City State Bank and held stock in all three until Williams appointed him commissioner in 1957. He signed over all his stock, worth about $85,000 to his wife.

The governor said he had tried since August to persuade Wilson to quit but had met firm refusals each time. In order to spare the commissioner public embarrassment, he said, he kept the tussle under wraps until it broke into the open Tuesday.

Wilson reiterated to newsmen his refusal to resign and blamed the United Auto Workers for bringing pressure to bear on the governor. He declined to elaborate, saying only he would have "some interesting things to say later."

★ ★ ★

UAW Local 599 in Flint accused Wilson of improperly "whitewashing" a public loan company after a hearing on the company's wage assignment dealings with union members. They demanded his removal from office.

Williams labeled the commissioner's influence charge "utter nonsense."

Two MSU Cagers Tagged Ineligible

They Needn't Expect a Gift From Santa

Nobody—but nobody — can call Santa Claus a bad name.

Two construction workers accused of doing just that are finding out the merry old man has his defenders.

Herbert S. Holdsworth, 21, of 2 Park Place, and James C. Dunn, 20, of 3075 Baldwin Ave., Pontiac Township said they didn't do it when arraigned before Municipal Judge Cecil McCallum yesterday.

They will be tried Jan. 5 on charges of using obscene language in the presence of minors.

Enoch, 9, and Kenneth, 7, repeated to their mother, Mrs. Louise Grimmett, 1332 Stanley Ave., what the two men had allegedly said to them. She signed a complaint.

★ ★ ★

Most of the language they'd heard they didn't understand, police said of the boys.

But Kenneth challenged the slur on Santa.

"He called him a bad name. He called him a ————," he confided to Judge McCallum in court.

Personal Income Cracks Record

U.S. November Figure Nearly $385 Billion as Steelworkers Return

WASHINGTON (AP)— With steelworkers back at their jobs, U.S. personal income rose to a record annual rate of nearly 385 billion dollars in November.

★ ★ ★

The Commerce Department said yesterday total income went up 2½ billion dollars annually during the month. There were some lingering effects of the 116-day steel strike.

The new annual rate was one billion dollars above the previous peak for personal income, in June. That was the last month not affected by the strike.

The report said wages and salaries in basic metal and mining industries and transportation jumped 2½ billions in November when the 500,000 steelworkers returned to work under a federal injunction.

LAYOFFS CUT INCOME

But steel shortage layoffs cut annual income by two billions in auto, machinery and metal-working industries.

This was partly offset by a 750 million-dollar increase in unemployment compensation checks and other government payments.

There were smaller gains in several nonmanufacturing industries, state and local government payrolls, farm earnings and income from dividends and interest.

County Will Appeal 12-Town Drain Edict

(Continued From Page One)

the Drainage Board — voted unanimously this morning for the appeal.

'LAW ON OUR SIDE'

"We feel we have the law on our side by a 13 to 1 majority," Barry declared.

He referred to the fact that only Madison Heights filed a lawsuit against the new costs, while 13 other southeastern Oakland County communities, which will benefit from the $47,102,000 drain, did not.

Judge Beer yesterday ruled the county had failed to take into consideration benefits to Madison Heights from the drain, and how the city contributed to the conditions making the drain necessary.

★ ★ ★

Appealing to the high court, which has already passed on the constitutionality of 12-town drain proceedings, was one of two alternates.

★ ★ ★

The county could have set up new costs and started again.

But, considering the 13 nonprotesting communities apparently were satisfied with current assessments, Barry said drainage members feared further litigation if new costs were drawn up.

"Furthermore," he said, "we on the Drainage Board feel the apportionments were as equitable as possible."

★ ★ ★

He predicted that the appeal most likely could not be heard by the justices much before the April term.

DELAY FAMILIAR

Since the project has been in and out of court since it was first envisioned in 1952, officials voiced little concern over more months of delay.

Slated to pay $2,848,803, Madison Heights said its assessments should have been closer to $600,000 if the Drainage Board had followed the law properly and given more credit for existing drains.

Judge Beer said there was a "total absence" of any such consideration.

Industry Backs City in Air Service Bid

(Continued From Page One)

almost daily air freight and passenger service they require.

PROHIBITIVE DISTANCE

The 40 to 50 miles distance separating these two airfields from Pontiac is prohibitive on many occasions, it was noted.

Special handling is often required to bring materials to Pontiac in time to meet production deadlines, Shafto noted.

"With a scheduled airline operating into Pontiac we would eliminate much of the cost of special handling and at the same time reduce our transit time involved," he pointed out.

★ ★ ★

All 100 member firms of the Pontiac Manufacturers Assn. stand to benefit to some degree from increased air service here, Hirlinger believes.

Located in the center of the southeastern Michigan automobile industry, Pontiac is a mature industrial center which needs air service to continue its commercial and industrial growth, it was stated in conclusion.

The city also went on record supporting air service recommended for it—a connection on a Detroit to Cheboygan route.

BACKS CHICAGO ROUTE

It also added support to a bid by North Central Airlines to establish service between Chicago, Grand Rapids, Saginaw-Bay City, Flint and Pontiac.

★ ★ ★

A hearing at which new short-haul routes in the Great Lakes area will be set by the Civil Aeronautics Board will probably take place early next year.

It is expected that Pontiac will have a representative at the hearing.

Injured in Blast After Shed Fire

Rochester Councilman, Fireman, Roy Rewold, Hospitalized

A Rochester councilman and assistant fire chief, Roy E. Rewold, 34, was burned about the face, legs and hands yesterday in a flash explosion at the scene of fire in Avon Township.

★ ★ ★

The Rochester Fire Department had just about finished putting out a construction shed blaze on Livernois road, north of Avon road, when the accident happened.

Fire Chief George Ross said Rewold had gone inside the converted bus shed to set up a 30-gallon drum of oil or antifreeze, and the drum suddenly exploded.

The assistant chief was taken to St. Joseph Mercy Hospital where he is listed in satisfactory condition today. His hands are the most seriously burned, and he will be in the hospital at least several days, doctors said.

The converted bus belonged to Northwest Construction Co. of Detroit, the firm working on installation of sewer lines for the Michigan State University Oakland sewage disposal system.

The fire was caused by the explosion of an oil stove in the bus shortly after 1 p.m. Firemen were straightening up after putting out the blaze when Rewold and another fireman, Jack Upton, attempted to right the tipped drum.

"I didn't feel there was any danger because oil takes a high degree of temperature to ignite," Rewold said.

"Upton was with me and had just gone around to the other side of the bus or he might have been hurt, too," he stated.

The barrel was on an angle, and the spigot must have come loose, Rewold related. Then the barrel fell and exploded.

Rewold, who lives at 312 Helen St., is a building contractor in partnership with his father, Frank Rewold.

Prohibition Era Beer Baron Roger Touhy Shot Down

(Continued From Page One)

11:20 p.m. as chief of detectives John Ascher stood by to question him.

Miller told police that one of the killers was tall and the second was short. He said as he and Touhy walked up the front steps of the home where Touhy had been living since his parole, two men appeared. Miller said he showed them his retired police sergeant's star and said, "We're police officers."

The blast of shotguns followed. Touhy slumped forward on the porch. The wounded Miller, before firing at the fleeing gunman, fell on top of him.

★ ★ ★

Mrs. Alesia and her husband, Henry, rushed to the porch but said they did not see the slayers.

POSSIBLY 3RD MAN

Miller told police a third man possibly was with the gunman, and probably was near their car in a nearby parking lot in the quiet residential district.

★ ★ ★

Touhy and Miller were returning home after visiting with Ray Brennan, a Sun-Times Reporter and a co-author with Touhy of the ex-convict's autobiography, at the Chicago Press Club in the Loop.

Brennan, who hurried to the hospital where Touhy was taken, told a reporter: "I wish I had not written the stinking book. Roger would be alive today." He did not amplify his comment.

Police questioned two youths living near the Alesia home who said they had heard the shotgun blasts. However, they said they did not see the gunmen.

Touhy was sentenced to 99 years in prison for the 1933 kidnaping of Factor. He also was given a 199-year sentence for his escape from Stateville with several other prisoners in 1942. He was recaptured about three months later.

Touhy contended throughout his long years of imprisonment that the kidnaping was a hoax perpetrated by Factor.

When he was paroled last Nov. 24, he was greeted by his sister and his wife, Clara. His two sons, Roger Jr., 34, and Tom, 32, were not present.

NOT BITTER

He told newsmen he held no grudges and was not bitter.

"All I want now," he said, "is peace and a chance to rest, to start a new life."

Wednesday night, 23 days later, a blast of gangland shotguns ended Touhy's new life.

Last Civil War Vet Is on Verge of Death

HOUSTON, Tex. (AP) — Walter W. Williams, last surviving veteran of the Civil War, was "much weaker" Wednesday night and it appeared again that the old soldier's last hours were at hand.

★ ★ ★

Dr. Russell Wolfe, the 117-year-old Confederate veteran's personal physician, said, "I thought he was gone this morning." Wolfe said Williams had a very bad night Tuesday.

The Day in Birmingham

Township Board Honors 2 Bloomfield Policemen

BIRMINGHAM — Two Bloomfield Township patrolmen have been commended by the township Board of Trustees for their alert action in saving the lives of two college students last month.

★ ★ ★

The two policemen honored are Richard Reuther and auxiliary William Coy.

Reuther and Coy found the students nearly dead of carbon monoxide poisoning in a parked car during a routine check of homes under construction.

The car was parked in a driveway of one of the homes being built, police said.

★ ★ ★

Waiting the arrival of a resuscitator the officers applied mouth to mouth respiration.

Police Chief Norman Dehnke, who asked the board for the commendation, said "the incident justifies our police policy of assigning two policemen to a squad car."

"Police training in mouth to mouth resuscitation methods had amply paid off in saving the couple," he said.

Patricia Fulton, headmistress of Bloomfield Country Day School announces that the school has just moved into its new building at 1050 E. Square Lake Rd. Temporary quarters have been in the Unitarian Church on Lone Pine road and Woodward.

Tomorrow all girls will participate in a Christmas program, the first social event to be held in the school. Parents and friends are invited. Refreshments will be served.

The Birmingham Lions Club is collecting used recreation and athletic equipment to give to children at Camp Oakland, near Oxford.

★ ★ ★

Project chairman Jack Andrews said the camp can use skates, sleds, ping pong and pool tables and other athletic equipment.

★ ★ ★

Donations can be made by contacting the Lions Club.

A Birmingham man was arraigned in Municipal Court today on a charge of grand larceny.

★ ★ ★

Henry Heinz, 56, 276 E. Brown St., waived examination before Judge Edward Emery and was bound over to Circuit Court for trial Monday.

Police charged Heinz with stealing more than $300 in woodworking tools from the Elliot Coryell Landscaping Nursery at 1331 W. Maple, Birmingham.

★ ★ ★

Heinz sold the stolen goods in Keego Harbor and Wixom, police said.

In the Christmas Spirit

MOORESVILLE, Wis. (UPI)—The Mooresville town board ordered merchants to remove Christmas trees from parking meters because the trees were hiding the meters and cutting parking revenues, then rescinded the order "in the Christmas spirit."

The United States is one of the few countries left in the world where railroads are still owned and operated by private enterprise.

Next Decade Will Bring Huge Population Growth

According to many well-known authorities, our country is about to see one of the greatest population explosions in history. In fact, many reports are calling it the "Soaring Sixties."

★ ★ ★

A little study shows why this population growth can be expected. It's not just guesswork, but cold facts. The basis was established in the bumper baby crops of the Forties.

The young folks that were born in the war and the immediate postwar years will be reaching marriageable age in the Sixties, with new and larger baby crops to follow in due course.

A newsletter prepared by the F. W. Dodge Corporation points out that a conservative estimate is that in the next decade, our population will grow by about 34 million people. This sounds incredible, yet it must be true. Statistics on human nature substantiate it.

★ ★ ★

The real upsurge will come, not immediately, but in the middle and late Sixties, when the children born in 1945 and later graduate into adulthood. About the middle of the decade will see the real growth.

Only five years away and we can expect some astonishing things. The number of young people of college age will increase by a million in the space of a little over a year (1964 and 1965). Marriages and the demand for housing will rise correspondingly in the middle of the decade and a new upsurge of births will not be far behind.

Pontiac and Oakland County will participate in this splurge. We can't help it. All reports indicate we will grow approximately 29 per cent during this ten year period.

★ ★ ★

What does this mean for our area? Shortages of everything. Looking down the road, this is what we can expect:

Far bigger and better local airport.
State and County road expansion.
More cars manufactured.
Houses built.
New schools and added classrooms.
New stores, factories and utilities.

Services will be needed to take care of all this expansion — almost anything you can name. This will all be necessary to keep up with population growth and the technological change.

★ ★ ★

This is a fantastic era we are headed into. Community facilities will be strained, and so will the taxpayers' pocketbooks. And on top of this, the cold war will probably continue. Which means we will have a huge arsenal of weapons to use against them.

All this means we are on the threshold of the most fantastic growth the world has ever seen.

Can Anything Be Lower Than Goodfellow Fraud?

Pocketing Goodfellow newspaper sale money is just about the lowest form of thievery we have ever witnessed. Actually, it is taking presents right out of the hands of needy children.

★ ★ ★

This hoax on the public took place in Royal Oak Township and to make matters worse, eight of the 12 men arrested were policemen and firemen.

This type of larceny is so petty it is beyond comprehension. The few dollars involved will shatter public trust not only in the Goodfellow sale, but in the police and firemen.

★ ★ ★

Reports indicate this is not new, since there were suspected shortages in last year's drive. The people behind the drive owe it to the public to make a clean breast of the whole crumby business.

Goodfellow newspaper sales have been going on for years and with one rare exception have been conducted honorably. In the past the money has always been used to distribute presents or help unfortunate children at Christmas time.

★ ★ ★

We would hate to think that a few dishonest men could upset such a worthy program. The public will rightfully expect proper action from the authorities.

The men should be properly punished for their cheap crimes and dismissed from public employment.

Ski School Here

Flint Fans Must Come to Resort in Pontiac Area

Opportunity: What's often not recognized because disguised like work.

Not having anything suitable in their own county, the

C. E. Mott

Foundation at Flint is coming to Oakland County with its skiing school.

Mount Holly, under the direction of

Mort Graddis

has been chosen as the place where the Flint devotees of this sport will learn to do the trick. It is proposed to soon open the school there.

This ski resort, located on the four lane Dixie Highway, 20 miles northwest of Pontiac, is in the Holly Recreational Area of which

Murray Titsworth

is superintendent. It has all of the natural and man made facilities that are making it the leading ski center of the state.

This white Christmas argument is settled by

Phil Ohlander

who recently moved from Flint to Clarkston. He has kept close watch on it for 32 years, on exactly one-half of which the ground has been covered with snow.

There's sorrow in the family of

Mr. and Mrs. Randall Perth

of Waterford. Chasing a ball which the children had thrown into the Clinton River, their pet dog was swept under the ice and drowned.

A potential killer is "rubber ice," the name given this thin stuff by our young skaters. It is a flimsy partition on the death chamber.

The Christmas greeting of

Mr. and Mrs. Dwight D. Eisenhower

is a simple card stating only that the President and Mrs. extend best wishes.

The total absence of any good new Christmas song in recent years is considered quite deplorable in a letter from

Mrs. Alma Worthman

of Birmingham. Can you name one that should be included among the magnificent old standbys?

Located in the so-called "panhandle" of Texas,

George Fullbright

writes me an air mail letter from Amarillo, stating that the snow is over a foot deep and they're thinking of changing that panhandle to a snow shovel handle.

Some of the Florida flitters are wishing for home, sweet home, according to a letter from

Jason Penworth,

who asserts that frost nipped the orange blossoms around Lakeland.

Absent without leave is "Blackie," the pet crow of

Mr. and Mrs. Willard Landsdowne

of Auburn Heights, but the family is not worried. Last year it was AWOL for two weeks, but returned in good condition.

Verbal Orchids to—

Mr. and Mrs. Chris. Ramig
of 756 Bingham St.; 52nd wedding anniversary.

Mr. and Mrs. Allen Young

David Lawrence Asks:

Should Religion Beat Kennedy?

WASHINGTON — Supposing Sen. John Kennedy runs ahead of all other aspirants for the Democratic presidential nomination and goes to the national convention with about 500 delegates' votes, and nevertheless is turned down.

LAWRENCE

Would this stir resentment among Catholics who might feel that the Massachusetts senator was being brushed aside because of his religion?

This is the question which Sen. Kennedy himself is reported to have discussed in conferences with political leaders in Pittsburgh. He is known to have talked about it among friends in Washington.

★ ★ ★

The story is that, if he is defeated in the primaries of various states, he will feel that such a decision would be on its merits—the greater popularity of other candidates.

A common misconception prevalent today is that the Pope at Rome would regulate the behavior of an American president who happened to be a Catholic.

It so happens that "Newsweek" published an article this week in which its Rome correspondent, Curtis G. Pepper, interviewed the Rev. William A. Van Roo, an American Jesuit professor of theology at the pontifical Gregorian university.

★ ★ ★

The text follows:

"Q. Would a Catholic in the United States presidency pose any problem to the church?

"A. No.

"Q. How would the church construe the allegiance of an American Catholic president?

"A. The church would regard him as an American citizen and official, bound by a sacred duty to love and serve his country, and to uphold its laws in accordance with his conscience. This is a moral obligation on all citizens and officials, and there is nothing specifically Catholic involved. Furthermore, to answer what may be implicit in this question, the Catholic has no split allegiance, no dual citizenship.

★ ★ ★

"Q. Would the church expect a Catholic president to take doctrine into consideration in his decisions?

"A. Taking 'doctrine' here to be religious moral teaching concerning the law of God, one must answer yes. A Catholic president or any other president, must act in accordance with his conscience. For any man who has a religion, this means doing what he considers right according to the law of God.

"Q. If there should be a conflict between the American public interest and church dogma, which would be considered paramount?

"A. The question seems to be ambiguous. I understand the conflict in the question to be one of conscience in the hypothetical American president. If this is the sense of the question, then I believe it involves a gratuitous assumption.

"There can be no such conflict of conscience in a Catholic or in any other religious man. Why? Let us understand 'dogma' here as the revealed moral law of God, proposed by the church.

"Secondly, let us suppose a society in which men sincerely differ concerning that law, interpreted differently by various churches.

"Obviously, among such men there can be a sharp clash of opinion as to what is the real American public interest in a particular case.

"But any man, Catholic or not, must hold firmly that in doing right according to his conscience, he is serving the best interest of his country.

"Public debate and the democratic process take for granted such sincere differences of opinion. It would be absurd to identify one opinion with 'American public interest' and to insist that a Catholic opposing such an opinion for reasons of conscience is simply in conflict with American public interest.

"It would be unfair, undemocratic and un-American to discriminate in such a way against Catholic freedom of conscience in American public life.

"Such discrimination may begin with the attempt to discredit and disqualify the Catholic candidate for high office.

★ ★ ★

"Carried to its logical consequences, it would attempt to exclude Catholics not merely from the presidency but from all public office, ultimately from the right to vote."

Dr. William Brady Says:

Doctors AND Patients Should Try New Ways

"One of the leading surgeons of this city came to me a few years ago for bleeding hemorrhoids. I injected him, and he had no more bleeding. It has always seemed strange to me that when a hemorrhoid case went to him he routed it to surgery.

"I have been a surgeon, and still am. However, this modern method of treatment, in selected cases, is a tremendous improvement over surgery, and your endeavor to enlighten the public about it is a work of humanity. Unfortunately many doctors have not studied the technique of injection or ambulant treatment. And some prefer to do a major operation, for selfish reasons. It seems a pity that the public should suffer because of such prejudice . . ." (———, M.D.)"

DR. BRADY

Indeed it is a pity, Doctor, and your patient is no exception. A good many ever-ready operators prefer injection treatment for their own hemorrhoids — they can't afford to be hospitalized for a week, you know.

I am afraid selfishness is the prevailing spirit among them — they have not studied the technique of injection treatment, so they still insist that radical operation is the only course for their patients.

I hope every reader who is subject to hemorrhoids (piles) will send me a stamped, self-addressed envelope and ask for the pamphlet You Need Not Suffer From Piles. It can do you no harm to learn something about the nature and cause of internal (bleeding) and external (painful) hemorrhoids and prevention and treatment, whether you choose ambulant treatment or the hospital atrocity.

★ ★ ★

Incidentally, regardless of what treatment you may choose, no one can honestly guarantee or promise that you will have no more piles. Neither the injection treatment nor radical surgery can prevent development of new piles in the future if the faulty habits and bad hygiene that caused piles in the first place are not corrected.

Perhaps the most common factor of piles is constipation. To overcome this bad habit send me 35c and a stamped, self-addressed envelope for Little Lesson XXV, The Constipation Habit and Colon Hygiene — or else, try to get through your head this elementary fact of physiology: Bowel action is regulated by the same autonomic (automatic) nerve mechanism as that which regulates heart action, and bowel and heart both work best without interference.

Signed letters not more then one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

City and County Employes Reply to Hourly Worker

Hourly GMC Truck says we don't know about our good luck. Just who do you think is a fool? You failed to state I make $1.75 an hour. What's your hourly wage? I'm buying a $9,000 house. Yours? My "new" car is a 1954 model. Yours? I have seven mouths to feed. You?

★ ★ ★

I was unemployed nine months and unable to draw benefits, but we lived and didn't go in debt one penny. Can you say the same? I'm willing to take less per hour and work hard for what I get in exchange for that paycheck twice a month. You?

★ ★ ★

I and many others could have gone to work in any of the shops, but I wanted a family and you need a steady job for that. You made your choice, I made mine. I thank God every night for my job, my family and their willingness to live on what I make. I know just how lucky I am and so do all the others that made the choice between high wages and 52 paychecks.

Lucky? No! Smart? Yes!

Most of us work at a trade or profession of our choice. In prosperous times hourly workers earn $150 a week, they wouldn't think of taking a job with the city, county or as clerks for $75 or less a week, but when a little hard-time comes along, everyone thinks the above employed are riding the top of the wave.

★ ★ ★

Next time you're working 60 hours a week, go down to the city, county or stores and apply for a job. I'm sure there'll be plenty of vacancies. Most of these people are dedicated, working for an insulting wage and improper equipment. It's part of these persons to devote themselves to the public in unselfish sacrifice.

★ ★ ★

If you'd only quit looking over the fence, you might realize all these other jobs aren't exactly what they seem when you're unemployed.

Pat

What would GMC Employe do without city and county employes? Would you be willing to be called out all times of night to clear streets of ice and snow? Would you stand in the middle of Saginaw to direct traffic or face a bandit firing at you? Would you haul garbage? Would you be willing to dig through fire to save lives?

Think it over, mister, before you gripe about how lucky city employes are. You should get on your knees and thank God you live in freedom and in our great city of Pontiac. I'm proud of Pontiac and all our city employes. I don't care what they are—from a garbage hauler to a ditch digger.

One Who Knows What City Employe Checks Are Like

Hourly GMC Truck had the same opportunity to work for the city, county and in any store he wanted, but higher hourly wages of the factory appealed to him more than the low, steady income of the "lucky" people he's jealous of now.

★ ★ ★

If there had been no strikes, which are unfortunate for those affected, Hourly GMC Truck wouldn't be thinking of the "lucky" ones, as he gets higher hourly wage, cost of living benefits, etc., when things are normal. He's too selfish to think of anyone but himself.

★ ★ ★

We're smarter than he is, not luckier. We chose lower pay but a job that's steady. Our wages don't get raised to meet cost of living like his, but we manage to get the essential things without frills.

One of the "Lucky" Ones

'Hunting Licenses Issued Carelessly'

I've been a business man for 18 years. Two years ago I applied for a permit to carry a pistol. To get this license I had to get the township supervisor, the chief of police and two character witnesses to sign applications and on top of this I had to be finger printed before it was approved.

★ ★ ★

I received notice with my permit that at no time could I carry the gun if I had beer or liquor in the car or if I had been drinking. But if you get a deer license through the Conservation Department, you simply hand them $5.00.

★ ★ ★

It's time we start a cleanup. It's got so there's no more deer hunting season, just a slaughter. Today Conservation will give you a permit to carry a high powered rifle 15 days, whether you're carrying a fifth of liquor or a barrel of beer, just so long as they get your $5.00.

'Keep Drug Profits Within Reason'

No one expects a drug store to handle prescriptions and pills without making a reasonable profit, but the amount the investigation shows is just more than the medium income people can stand. Doctors prescribe these expensive things without the slightest worry as to how we're going to make both ends meet but it leaves many of us strapped all the time.

Case Records of a Psychologist:

Buy Toys to Help Child in School

Melba wants to help her children make higher school marks. So she wishes to buy them gifts that are dramatic and interesting, but also serve as allies of the school teachers. Study this case carefully, and send for the booklet below, for you mothers can make or break your child's success in life.

By DR. GEORGE W. CRANE

CASE D - 428: Melba K., aged 32, is the mother of two youngsters.

★ ★ ★

"Dr. Crane," she began, "can you suggest some gifts that would be most appropriate for youngsters in the early grades of school?

DR. CRANE

"My husband and I hope our children will like education and want to go to college.

"So is there anything we can give them to help increase their cultural interests?"

When you offer gifts to your children or other older friends and relatives, be sure they are good gifts.

★ ★ ★

Don't invest in merchandise that undermines health or promotes immorality or encourages bias and prejudice.

If you have young children, purchase toys and games that will be an ally of the school teacher. Thus, under the sugarcoating of family fun, you will be drilling your children in arithmetic or geography, spelling and reading.

For example, the game of dominoes makes an excellent gift for young and old, since it gives the players drill in adding numbers.

Monopoly is another dandy game that teaches business methods, plus simple arithmetic. It appeals to youngsters from the middle grades all the way through college.

Since reading is the greatest educational talent you can ever offer a child, try to coax him into more reading.

But buy books whose stories teach morality and religious idealism. Thus, "Rudolph, the Red-Nosed Reindeer" is a cute story but a purely secular (non-religious) tale. It never mentions Christ or injects the slightest religious emphasis.

"Little Sandy Sleighfoot," by contrast, keeps the religious theme in the Christmas story and has all the other dramatic values of "Rudolph," so it is the superior of the two.

★ ★ ★

Use this same method in evaluating other books, as well as music.

"When you can get more, why take less," runs an old advertising slogan.

So be sure your gifts offer educational and religious inspiration over and beyond the sheer interest value of the game or book or toy.

HELPFUL GIFTS

To encourage more reading, get plenty of good comic books, including the famous Classics, Illustrated.

Then give your youngster a choice. He can read aloud to you while you do the dishes, or you will read to him while he takes your place at the sink.

Usually, he will choose to read and that is splendid, for every minute of such drill helps insure him higher grades all throughout his later school years!

An encyclopedia is likewise a great boon to every family, especially where there are growing children.

So, too, is a typewriter, even a $25 discarded machine from a business office, for it tempts the child to write. This helps his spelling and reading.

A Bible in large print, plus a book of Bible stories, always

should be on hand for your children. And keep an atlas as well as a good dictionary available.

Don't rely on TV to make a scholar out of Junior! TV can help but it will never make him a facile reader, and reading skill is vital nowadays.

For further advice, send for my booklet "How to Tutor Your Child At Home," enclosing a stamped return envelope, plus 20 cents (nonprofit). It can change your child's entire future, so use it faithfully.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

More Toys This Yule: Even a Charlie Brown

The latest word from the North Pole is that Santa Claus is enlarging his sleigh. He needs more room for new and exciting toys. The American toy makers run the gamut of ingenious toys for 1959.

There is a decorative angel mobile activated by a music box that turns as it plays Rock-a-Bye-Baby. This heavenly setting of sleeping children fits on any crib. A bubble horn not only toots musical notes but also blows bubbles.

Good Ol' Charlie Brown is found in flesh colored vinal plastic together with his friends, Lucy, Linus and the pooch, Snoopy.

Old Pal, the walking hobby horse, actually walks. A slight rocking motion allows this caricature steed to be ridden almost anywhere.

Tic Toy Clock is a spring driven plastic clock which keeps time for 14 hours. It has 44 multi-colored parts which can be taken apart and quickly put together again through color-keyed gear assembly.

For young farmers there are all the traditional farm implements of plows, discs, drags, spreaders, combine, bailer, drill, grain and portable elevator. Of course, there's the all-important tractor which pulls these implements!

A billiard table, 16¾x11¼ inches is made from unbreakable plastic. Spring action cue sticks permit the player to control his shot. A complete disc-jockey outfit includes a phonograph, microphone, head phone and loud speaker. Also included are tubes, rectifier and volume control. But that's not all.

A Coney Island penny machine gives youngsters and oldsters a chance to pick up items with the bucket claw as the turntable with the items rotates.

There is a drive-in theater of plastic with a parking lot, a projection booth, battery operated projector, giant screen, marquee and ticket window.

RESIGNS UNDER FIRE — Dr. Edward Veith Sittler Wednesday resigned his teaching post at Long Island University where he had been under fire as a World War II defector to Nazi Germany. A student in Germany during the war, he renounced his American citizenship and made propaganda broadcasts for the Nazi government throughout.

Educational TV to Be Available

Transmitter at $6,000 Has Range Adequate for School or City

EAST LANSING (AP) — Educational television facilities may soon be available at low cost to every school district in the state, the Michigan Citizens' Committee on educational TV was told yesterday.

The possibility stems from the recent development of a short-range station transmitter which would cost about $6,000, reported Franklin G. Bouwsma, executive secretary of the Detroit Educational Television Foundation.

He said the transmitter would serve as a cheap substitute for closed circuit networks and have a range adequate to cover a school district, city or university campus.

After hearing the report, the citizens' committee called for establishment of an office in the Department of Public Instruction to coordinate statewide educational TV developments.

It was noted that television stations all over the state offer noncommercial broadcast time for educational TV.

Consequently, the committee was told that only mechanical and financial problems are holding back a statewide educational TV boom.

To remedy the lack of money, the committee recommended that large foundations be asked for support and called for quick development of a legislative program.

Educational TV will not cut the cost of education, said Dr. Lynn M. Bartlett, superintendent of public instruction.

In many areas, however, it will increase the quality of education and be an important supplement to existing school offerings, Bartlett added.

Manistee Harbor Work Endorsed in Washington

MANISTEE (AP)—A proposed $1,735,000 Manistee harbor improvement project moved nearer reality with a report today from the office of Rep. Robert P. Griffin (R-Mich) at Washington.

The report said the Army Board of Engineers for rivers and harbors had endorsed, in closed meeting, the proposed dredging of the Manistee River entrance channel from Lake Michigan to Manistee Lake and replacing a city bridge.

Ray Anderson, assistant to Griffin, said chances are good that Congress will vote funds for the work next year.

IN TAX TROUBLE — Red Foley, radio and TV country music singer, has been indicted by a federal grand jury on income tax evasion charges amounting to $28,498.79 for the years 1954-55.

Would Clarify News Policy

U.N. Wrangles Over Terms; Delegate to Seek Compromise

UNITED NATIONS, N.Y. (UPI) —Salvador P. Lopez of the Philippines today suggested a compromise to define more clearly the newsman's right to look for news under the long-pending U.N. convention of freedom of information.

Lopez, a former Manila newsman and a veteran U.N. delegate, said he intends to propose at next year's general assembly that the right of a newsman to both "gather" and "seek" news be upheld.

The General Assembly's social committee two weeks ago blew up a tempest over the words "gather" and "seek" in respect to a newsman's functions.

The committee was working on a revision of a convention drafted by the U.N. nine years ago but kept on the shelf as one aspect of the cold war. East and West have been unable to agree on what constitutes the freedom of information.

★ ★ ★

As originally drafted, the convention would require signatory states to give their own newsmen and foreign journalists "freedom to seek, receive and impart without governmental interference and regardless of frontiers information and opinions orally, in writing or in print."

The Philippines along with Ethiopia, India, Saudi Arabia and Venezuela, proposed that the word "gather" replace "seek" in the draft. The amendment was adopted 30-29 after spirited debate.

The United States, Britain, Argentina and others defended the word "seek" as more precisely expressing the right of a newsman to inquire or investigate. The West objected to "gather" on the ground that it might be interpreted as restrictive.

Russia preferred the word "gather."

Warn Against Yule Lights on Aluminum Tree

MANITOWOC, Wis. (UPI)— Owners of aluminum Christmas trees have been cautioned by a manufacturer not to decorate the trees with electric lights.

John Torrison, president of the Aluminum Specialty Co., said that "under no circumstances should electric lights or wiring be placed directly on metal trees."

Torrison suggested instead that the trees be illuminated with colored spotlights placed at a distance from the three.

Aluminum is a conductor of electricity and could result in serious shocks if faulty wiring were used on the tree.

"Independent lighting is the best method for avoiding a voltage leak from a faulty light cord," Torrison said.

Congo Speeding Up Independence Plans

BRUSSELS, Belgium (UPI) — Belgian Congo Minister Auguste de Schrijver told Parliament of a speed-up in the independence plans for the Congo and said the restless African colony could be independent by the end of next year.

He said a round-table conference of Belgian government and political leaders and representatives from the Congo will be held in mid-January to iron out the new schedule.

Indian General to Head U.N. Force in Israel

UNITED NATIONS, N. Y. (UPI) — Maj. Gen. P. S. Gyani of India left Wednesday for Gaza to assume command of the United Nations emergency force on duty between Israel and the United Arab Republic.

Gyani will take over the post from Lt. Gen. E. L. M. Burns of Canada, who is scheduled tentatively to leave Dec. 28. Burns will become the Canadian government's disarmament adviser.

Dexter Ferry Leaves $10 Million Estate

DETROIT (AP)—Dexter M. Ferry Jr., Detroit civic leader and philanthropist, left an estate estimated at 10 million dollars.

His will, filed in Probate Court yesterday, divided the estate among his children and grandchildren and a charitable trust fund.

Powerful Russian Army Huddles on West Border

PARIS (UPI)—Soviet Russia still keeps a powerful up-to-date army in the satellite European countries, and a further formidable force lined up immediately behind the European borders, authoritative allied estimates said today.

More than two-thirds of Russia's total armed forces and the bulk of her heavy armor are concentrated along the Soviet Union's western borders.

Moscow, leaving nothing to chance, reinforced its military buildup in Eastern Europe by a supply of nuclear tactical weapons to its army units and a string of missile bases, stretching from the Baltic through Eastern Germany to the Carpathian Mountains.

Whatever numerical cuts in Russia's armed forces in Europe may have been carried out in recent times, their modernization and reorganization have in effect increased their firepower, according to latest information.

Best available assessments disclosed these details;

HERE ARE DETAILS

About half a million men of the Red army appear to be stationed presently in the satellite countries of East Europe.

Immediately behind these, in European Russia, there is at least another million men lined up with their armor of some 20,000 tanks or more.

East Germany holds the bulk of the Red army in Central Europe. It is estimated that some 400,000 men are organized in about 22 divisions, including eight tank and 12 mechanized divisions.

There is a total of 6,000 tanks available in East Germany, including amphibious tanks and the largest 53 ton jobs, as well as various types of rockets and missiles.

★ ★ ★

There also are about 100 Soviet bombers and some 650 jet fighters and fighter-bombers operating from basis in East Germany.

Soviet forces in Poland, Hungary and Romania, similarly organized and equipped, number an estimated 30,000 each. Last year, Russia announced the withdrawal of 58,000 men from East Europe including East Germany and Hungary. The exact number of Soviet forces presently in Hungary is not reliably known.

★ ★ ★

Moreover, the satellite armies add up to a further total of 60 divisions with about one million men.

They have been reorganized and modernized for co-ordination with the Red army. They have tanks, Mig fighters and rocket artillery, and are believed also to have a moderate sized amount of tactical atomic artillery.

But the bulk of tactical atomic weapons is held and controlled by the Red army in East Europe. Some experts doubt whether the Soviet has in fact supplied any nuclear warheads to its satellites.

Recent reports suggested that in Eastern Europe the number of planes has been tripled in the past airfields capable of handling jet planes has been tripled in the past two years.

Russian military power in East Europe has been considerably enhanced by the buildup of a vast network of missile bases, according to latest information reaching the West.

The London Institute for Strategic Studies reported that Soviet missile bases have been built or are under construction in great numbers along the Baltic coast, in the Thuringian forest in East Germany and in the Carpathian Mountains.

The first adding machine to print totals and sub-totals was patented on Nov. 19, 1872.

Pope Honors New Cardinals

Two Americans Given Red Hats as Thousands Watch Rite

VATICAN CITY (AP) — Pope John XXIII today conferred the red hats of their rank on seven new cardinals in the second pre-Christmas consistory of his reign.

Two Americans were among the seven, Albert Gregory Cardinal Meyer, archbishop of Chicago, and Alois Cardinal Muench, until now bishop of Fargo, N. C., and apostolic nuncio to Germany.

★ ★ ★

An eighth new prince of the church, Paolo Cardinal Marella, is in Paris as apostolic nuncio to France. He will receive his red hat—the broad-brimmed galero—upon his return to the Vatican in a few days.

★ ★ ★

A hushed throng of thousands watched in St. Peter's Basilica as the new cardinals one by one climbed the red-carpeted steps to the Pope's throne and greeted him. For each the Pontiff had a brief personal word and a smile.

The new cardinal then descended the steps, approached old members of the college of cardinals ranged below the pontiff, and exchanged an embrace with each, kissing on both cheeks. Present with the college was Francis Cardinal Spellman, archbishop of New York and chief Roman Catholic chaplain of the U. S. Armed Forces, who is on his annual Christmas tour of military posts overseas.

Cardinal Muench was the first of the new American princes to kneel before the pope. Cardinal Meyer, at 56 the youngest member of the college, followed him a minute later. Both the American cardinals are natives of Milwaukee.

Aquinas College Students Rebel at Nickname

GRAND RAPIDS (UPI)—Soldiers in the British Army may take pride in being called "Tommies," but most students at Aquinas College here consider their school nickname "classified."

★ ★ ★

A large segment of the student body wants the name dropped immediately and they also want the school's colors changed from maroon and gray because they are "dull."

★ ★ ★

Members of the college's various athletic teams are called "Tommies" and students feel this name should be "given to some grade school" rather than to college athletes.

'Goodbye Charlie' Nearly a Full Loss

By JACK GAVER
UPI Drama Editor

NEW YORK — Playwright George Axelrod has proved in two previous plays that he has a refreshingly antic mind, and he offers new evidence of this in "Goodbye Charlie," last night's arrival at the Lyceum Theater.

★ ★ ★

But this time he doesn't have the plotting and dialogue to flesh out a fetching idea, as he did delightfully in "Seven Year Itch" and to a much lesser degree in his second work, "Will Success Spoil Rock Hunter?"

The sad thing about "Goodbye Charlie", is that it has one joke, it is revealed early and after that there is nothing except a couple of likeable performances by Lauren Bacall and Sydney Chaplin.

★ ★ ★

These are not enough to make for anything approaching a solid piece of entertainment.

Protests Relieve Airmen of Military Togetherness

TOPEKA, Kan. (AP)—Henceforth, noncommissioned officers at Forbes Air Force Base don't have to be buddies with men in the ranks. They have been officially relieved.

Brig. Gen. Ariel Neilsen, commander of the 21st Air Division, rescinded the buddy policy which, among other things, got a few senators up in the air.

Neilsen said in a prepared statement that the intent of his policy, and the procedures for carrying it out, had been misunderstood.

★ ★ ★

The order had divided each squadron at Forbes into groups of three to five airmen. A noncommissioned officer was assigned to each group as the leader or "buddy." Each noncom was charged to "know what the airman does with his off-duty time, whom he associates with, and to counsel him on the areas where he shows a weakness."

Sen. Thomas C. Hennings Jr. (D-Mo), chairman of the Senate Constitutional Rights Committee, demanded a full report on the policy from the secretary of the Air Force. He said he was concerned that the system might abridge constitutional rights of the airmen.

★ ★ ★

Sen. Philip A. Hart (D-Mich) also sought more information on the policy. Sen. Mike Mansfield (D-Mont) commented: "I think this is carrying the spirit of togetherness a little bit too far."

Gen. Neilsen said the idea was to keep airmen out of trouble and to retain good men in the service by eliminating undesirables.

Moose to Mark Anniversary

Pontiac Lodge 182 Will Be 50 Years Old This Weekend

Pontiac's Moose Lodge 182 will celebrate its golden anniversary this weekend.

The local lodge, at 350 Mt. Clemens St., was instituted on Dec. 15, 1909.

Festivities will begin Saturday night with an anniversary dance beginning at 9. About 200 are expected to turn out to honor past governors of the lodge, according to Lawrence Normand, lodge governor.

Sunday at 5 p.m. the lodge will play host to another crowd of 200 at special enrollment ceremonies and a banquet.

★ ★ ★

About 50 new members in the class will be enrolled. Guest speaker for the event will be Ray Garrow of Saginaw, state deputy supreme governor.

Also among the speakers will be Harold Kretsinger of Kalamazoo, state director. The dinner will follow and entertainment is planned.

The fraternity directs much of its efforts toward Mooseheart, Ill., a city where the children and widows of deceased members may go for support.

★ ★ ★

The children are given a high school education plus training in a trade of their choice. Their mothers are given jobs.

The local lodge has also done much work for a home for aged members and their wives at Jacksonville, Fla.

Wright Brothers Took to the Air 56 Years Ago

KILL DEVIL HILLS, N.C. (UPI) — It was on a bluff here 56 years ago today that Orville and Wilbur Wright made their first successful airplane flight.

The 12-second flight was the beginning of modern aviation. Aviation leaders and air enthusiasts celebrate the flight's anniversary here today.

The brothers from Dayton, Ohio, had failed to become airborne on their first try Dec. 14, 1903, but succeeded three days later. Orville was stretched flat on the lower wing beside the homemade engine during the flight.

Soraya and Prince Delay Engagement

ROME (UPI)—Green-eyed Princess Soraya and Prince Raimondo Orsini have decided to delay any formal announcement on their romantic status until the "end of January," a close friend of the couple said last night.

He added: "They will get married, no matter what anyone says," —a reference to the dogged efforts of Soraya's secretary to deny all engagement reports for the present.

The former empress of Iran and the handsome Roman prince were the center of attention at a cocktail party given by his mother for the cream of Roman society last night.

This year's wheat harvest in Yugoslavia was a record for the country — about 145 million bushels, approximately 30 per cent above the previous mark set in 1957.

Medical Science Respects Drug Industry Know-How

By DELOS SMITH
UPI Science Editor

NEW YORK—No one even a little familiar with the drug industry can have any doubt about its profit motive.

★ ★ ★

But the world of medical science has only respect for its scientific know-how and technology.

The fact is that the industry's science is inseparable from investigative medical science as a whole. Just about any scientist with a half-way plausible idea as to a possible chemical cure for any disease can and does get a "grant" from a pharmaceutical house.

The big houses employ more investigative scientists than several universities put together, and at better pay. It is scientifically respectable to work for a drug house. Indeed, some of the most respected members of the chemical and allied sciences are so employed.

This is mentioned because it hasn't always been so. As recently as 1927 it was grounds for expulsion for any member of the American Society for Pharmacology and Experimental Therapeutics to take a job with a drug house. Since then the industry has adopted acceptable scientific standards.

The "ethical" part of the drug industry is that part which accepts medical ethics in toto and promotes itself only to the medical profession.

The Senate committee now giving the so-called "ethical" industry a going-over will pass on the questions of whether its prices to the ultimate consumer are too high and its promotional pressures on doctors too strenuous. This is to tell you about its science which does cost millions.

★ ★ ★

Many but by no means all in the succession of "wonder" drugs were original discoveries of drug-house science. But the industry can claim little credit for originating the antibiotics in the true sense of that word.

Edith Piaf Required to Be Strictly Quiet

PARIS (UPI)—Edith Piaf must spend 15 days resting in complete solitude if ever again she is to sing the haunting ballads of the Paris streets that won her world fame, her doctors said today.

Miss Piaf, 45, the "sparrow of the streets," collapsed for the fifth time in two weeks while singing a concert date Monday, against the wishes of her friends and doctors.

Friends finally persuaded her that if she was to continue singing she must enter a clinic for rest and treatment. Today doctors told her she must remain in the clinic for two weeks.

★ ★ ★

Most of that time she will be under sedatives and alone in a darkened room, for rest and quiet are essential if she is to recover.

Civic, Cultural Leader Dies in Grand Rapids

GRAND RAPIDS (AP)—Mrs. Edith M. Sligh, 90, long time Grand Rapids civic and cultural leader and widow of a pioneer furniture manufacturer, died Wednesday after a long illness.

Her husband, Charles R. Sligh Sr., died in 1927.

A son Charles R. Jr., is executive vice president and past president of the National Assn. of Manufacturers.

HAPPY FAMILY, JOYFUL JOB — Vice President and Mrs. Richard Nixon and their two daughters, Patricia (left) and Julie, trim the Christmas tree at their home in Washington.

Have Typical Family Christmas

Nixons Emphasize Love

By MRS. PAT NIXON

Over the years my husband and I have developed no fixed pattern for exchanging Christmas remembrances. As in many homes where there are young children (the Nixons have two girls, Patricia 13, and Julie, 11) we try to place the emphasis on the thought behind the gift and very often our packages to each other are token ones.

★ ★ ★

Mostly, Christmas at our house is for the children and like other parents all over the world our great pleasure in this day comes from their happiness in realizing the joy of giving and in being remembered.

Could Boost Spain's Prestige

Ike May Become 'Franco's Bootstraps'

By PHIL NEWSOM
UPI Foreign Editor

In Madrid, President Eisenhower will be conferring with a regime which less than 10 years ago was on the black list of almost every nation.

The Francisco Franco regime has come back a long way in the intervening years, and it may be assumed that the Eisenhower visit will be used by the Spanish government as an instrument to hasten its full return to the family of nations.

On his 11-nation tour, the President has been visiting capitals of widely varying political creeds. In each, the final communique summing up his visit has been the result of a careful selection of words.

The Spanish communique will be no less carefully prepared.

In Spain, the opposition to Generalissimo Franco is allowed few opportunities to speak.

But it has found voice to say it hopes that any words from the U.S. President will be addressed to the Spanish people and not to Franco alone.

★ ★ ★

That portion of the world which fought the Berlin-Rome-Tokyo Axis in World War II has not easily forgotten that Axis submarines and airplanes found haven in Spanish ports and on Spanish airfields.

There has been small basic change in the policies which Franco first instituted when he took power more than 20 years ago, but the world picture has changed drastically. Western defenses against expanding communism demanded that Spain, regardless of policy or politics, be brought into the Western camp.

The United States began the negotiations which resulted in U. S. air and naval bases on Spanish soil and in vast amounts of U. S. economic aid to the improvished nation.

France, once bitterly critical of Franco, now is moving toward better relations. So is West Germany. Spain has been accepted by the United Nations.

Spain still has not been invited to join the North Atlantic Treaty nations (NATO) and says she does not want to be, that her alliance with the United States is enough.

Though political unrest appears to be mounting, Spain's chief difficulty is economic.

A year ago Spain was plunging toward bankruptcy because of a too-rapid expansion of industry.

Today, she is embarked on a rigorous campaign of economic stabilization and has been the recipient of more than $400 million in loans.

But the austerity campaign still has not proved itself, and many in business and government are grumbling. Unemployment is on the rise.

Franco is not overly popular with the man in the street, but even his opponents wonder what Spain would do without him.

Obviously, he has no immediate intention of quitting.

The Eisenhower visit underlines the increasing acceptance that Spain is finding outside its borders. In Spain, it is being cited as proof of the correctness of Franco's long-time policies.

CASPER, Wyo. (AP)—Thieves who broke into a liquor store took their loot the hard way.

They tipped over a heavy safe, blasted it open and took $2,000 in cash and checks.

If they'd just pressed a key to open the cash register they could have escaped with another $2,500 which the bartender forgot to put in the safe.

By Horse, Boat, Skis, Dogsled

Mail Will Go Through

WASHINGTON (AP)—The mail will go through this Christmas as always, but in a few cases it will take horses, boats, toboggans, skis and even a dogsled to do it.

★ ★ ★

That's the way it still has to be done in some of the remote nooks and crannies of the 50 states. The Post Office conceded that today, perhaps a little proudly, after looking over the locomotion methods of some of its 10,000 star route carriers.

★ ★ ★

The star route carriers transport mail under private contract with the Post Office. Most of them use trucks, but sometimes they have to use ingenuity to get themselves from one place to another.

★ ★ ★

Carrier Eulice H. Thomas has a route between Crisfield, Md. and Tangier Island, Va., in Chesapeake Bay. He uses a small boat. So does George Grosvenor of Leland, Mich., who delivers to two northern Lake Michigan islands from the mainland.

A horse is still the handiest way to get from Sumerco to Sod, W. Va.

But another West Virginia star router, J. B. Vaughan, has given up his horse after 17 years. He now drives a truck between Chloe and Elmira.

The weather plays a vital role in determining the delivery method.

★ ★ ★

If snows are deep this year between Elko, Nev., and the Bob Prunty ranch, carrier Claude E. Gerber will drop the Christmas mail from a small plane.

★ ★ ★

Oscar Evans regularly uses a horse-drawn toboggan to speed the mail between Boulder, Wyo., and Midland ranch.

In Alaska Chester Noonwook presides over the last dogsled route in these United States. His 10 huskies carry the mail on St. Lawrence Island in the Bering Sea. In summer months he employs a skin-covered boat known in that region as an umiak.

Walter M. Harbour often uses skis to get over a difficult part of his 28-mile route between Nevada City, Calif., and Graniteville.

★ ★ ★

The star route carriers have played their vigorous, backwoods role for the Post Office for more than a century. Their name stems from early days when their contracts provided for "celerity, certainty and security" of the mails.

Postal clerks got tired of writing these three words over and over, and took to substituting three asterisks or stars.

★ ★ ★

It wasn't long before they were called star routes, as they are to this day.

Ford Opens Its First Car Finance Office

INDIANAPOLIS, Ind. (UPI)—Ford Motor Credit Co., the new car financing branch of Ford Motor Co., opened its first automotive finance office here Wednesday.

★ ★ ★

Robert S. Olson, president of the new company, said it will offer wholesale and retail automotive financing services to dealers franchised by Ford Motor Co. tomers directly.

"The retail customer may arrange his automotive financing through an authorized dealer in Ford Motor Co. products," Olson said. "We will buy acceptable retail paper from the dealer.

"Our interest and objective in entering the automotive financing field is to make low cost financing available to Ford Motor Co. dealers and their customers," he said.

"This requires maximum efficiency in financing operations, and it demands that profits be held to a level not excessive in relation to the risks involved."

Nixon Tests the Value of Silence

WASHINGTON (AP) — Vice President Richard M. Nixon is testing out the theory that political silence may be golden.

While President Eisenhower is away on his good will tour, Nixon has put a self-imposed silencer on all statements about controversial political matters.

★ ★ ★

In recent days the vice president has declined comment on New York Gov. Nelson A. Rockefeller's invitation for Nixon to get busy and settle the steel dispute while the President is away.

★ ★ ★

Nixon has refused to say whether he supports the proposal of Secretary of Labor James P. Mitchell, one of his close Cabinet friends, that management and the Steelworkers submit their disagreement to a third party for settlement.

★ ★ ★

The vice president returned only silence when he was asked, through an aide, for comment on Secretary of Agriculture Ezra Taft Benson's statement that he has no intention of resigning. Some Republicans have said they believe Benson is a political liability to the party.

A "pink lemonade" can be made from the red fruit clusters of staghorn sumac, according to the Boy Scout Handbook. Steep them in enough cold water to cover, pour off the liquid and sweeten to taste.

Dow Moves Division Over to Bay City Area

BAY CITY (AP) — Dow Metal Products Co. division of Dow Chemical Co. has moved its magnesium and aluminum die casting operations here from Midland, the company said Wednesday.

A Dow spokesman said the transfer, under way since last summer, was accomplished without interruption of production.

About 50 persons were involved by the transfer.

Coleman Takes Post as Judge in Marshall

MARSHALL (UPI) — Former state Sen. Creighton R. Coleman was sworn in here Thursday as a judge of the 37th Judicial Circuit to replace Judge Blaine W. Hatch who is retiring at the end of the year.

Coleman is the son of Marshall Mayor Hewitt W. Coleman.

Shrimp was canned for market the first time in 1867.

Parolees to Go Home Early for Christmas

LANSING (UPI) — About 250 prisoners eligible for parole by Jan. 2 are being released in time to get home for Christmas.

The program began Thursday and probably will continue through Christmas, the corrections department said.

About 239 prisoners were released under the policy last year, according to William F. Eardley, director of paroles.

Indonesian President Extends 'State of War'

JAKARTA (UPI)—President Sukarno has extended Indonesia's two-year-old "state of war" indefinitely by means of a decree concentrating all emergency power in his hands.

Sukarno said the continued emergency is necessary to give him the power he needs to press his drive against Chinese rural merchants and his campaign to wrest western New Guinea from the Dutch.

Pays Negro Family to Move Elsewhere

NORTH ATTLEBORO, Mass., (AP)—A Negro family has accepted $500 not to move into an all-white neighborhood.

Alexander F. Tourtellote, 74, said Wednesday night he had rented a cottage to Mr. and Mrs. James F. Wing and their two children on Saturday.

★ ★ ★

He added that neighborhood pressure became so great against the Negro family he offered to pay the Wings not to move in.

The Wings confirmed they accepted Tourtellote's offer and used the money as down payment on a house in another all-white neighborhood of town.

Coconuts are used to polish floors in the Seychelles. Servants in the tropical Indian Ocean isles place one bare foot on a half shell and then skate over the boards, squeezing out enough oil to polish the wood.

Michigan's Traffic Kills 7 Wednesday

By The Associated Press

Seven persons lost their lives yesterday in Michigan traffic accidents.

★ ★ ★

The victims included three persons killed in a head-on auto crash on U.S. 2 near Sault Ste Marie. They were Arvo Johansson, 69, Rudyard, Mrs. Marvel Mae Carrow, 30, and Mrs. Gladys Peterson of Moran.

Emanuel Pelaez, 34, Pontiac was killed when his car struck a tree along U.S. 10 near Pontiac.

Frank Faner, 21, Mount Clemens, was killed in a two-car collision seven miles south of Pontiac.

Mrs. Katherine Wojcik, 57, Detroit, was killed when struck by a truck and thrown into the path of a car.

Mrs. Yetta Munch, 60, Detroit, was killed in a three-car collision at a Detroit intersection.

Hurry, Hurry! Get Your Red Hot Isotopes

MOSCOW (UPI) — The Communist Party Newspaper Pravda said yesterday the world's first "isotopes" shop will open shortly on Lenin Ave. in Moscow, complete with neon lights spelling out in Russian French and English "Atoms for Peace."

★ ★ ★

The newspaper said the entire range of radioactive and stable isotopes produced by industry as well as protective equipment will be offered for sale to representatives of factories, institutes and clinics.

★ ★ ★

It said the store will guarantee prompt delivery of purchases.

Total drugstore sales in the U.S. and Canada were over 7,000,000,000 in 1958. Drug and medical advertisers invested $25,326,000 in daily newspapers last year to tell consumers about their products.

Expect OK on Dropping Flint Toll Phone Levy

LANSING (AP) — The State Public Service Commission is expected to approve abolishment of toll charges on telephone calls to Flint from outlying Davison, Swartz Creek and Rankin.

No opposition appeared yesterday when the commission held a public hearing on petitions seeking so-called extended area service for the three communities.

The only disagreement was on how soon the service could be put in operation.

Commission approval would mean slightly higher monthly telephone bills for subscribers of General Telephone Co. in Davison, Swartz Creek and Rankin.

But subscribers would no longer have to pay a toll charge each time they called Flint.

There are more than 182,000 trailer homes in California, according to State Controller Alan Cranston.

More Marshall Youths Sentenced to Solitary

MARSHALL (UPI) — Circuit Judge Alfonso A. Magnotta Tuesday sentenced two more young offenders to 45 days in solitary confinement on a diet of bread, milk and vitamins.

★ ★ ★

The sentences will mean Christmas in solitary for Wordell Williams, 17, and Alfred Bass, 19, both of Battle Creek, who pleaded guilty to separate charges of breaking and entering.

★ ★ ★

The State Supreme Court has been asked by the Michigan Area Council of Liberal Churches to investigate Magnotta's policy of sentencing young offenders to solitary confinement.

BOOSTERS PLAN BALL — The St. Joseph Mercy Hospital Booster Club will hold its first fund raising function Friday night with a ball at the Orchard Lake Country Club. The organization is dedicated to helping the hospital. Making plans are (from left) Dr. Michael Kozonis, chief of medicine; Mrs. Noel Buckner, a Booster's Club committee chairman; and George F. Taylor, Oakland County prosecutor. Proceeds from this first event will go toward the improvement of the hospital's emergency room.

Issues Warning Against Illegal R.N. Pin Use

LANSING (AP) — The R. N. pin should be worn only by registered nurses and unlawful use subjects the wearer to prosecution, an attorney general's opinion held today.

★ ★ ★

The opinion held as unlawful the use of pins, letters or symbols with the identification as registered physician's nurse, doctor's nurse or similar titles unless the wearers are licensed by the State Board of Nursing.

★ ★ ★

It said any such use would make the wearer subject to arrest and trial on a charge of unlawfully practicing as a nurse.

UMW Chief Up From Depths

By United Press International

Thomas Kennedy, who was paid four cents an hour at the outset of his mining career in the hard-coal fields of Pennsylvania, is about to get a $50,000-a-year job.

Kennedy will move up from vice president of the United Mine Workers to succeed John L. Lewis early next month when Lewis plans to step down.

A little man with wispy white hair, the soft-spoken Kennedy is about as different as he can be from his bushy-eyebrowed chief, at least in outward appearances.

But John L. and "The Little Giant of Anthracite" have a common bond — they quit school to go down into the mines before they reached their teens.

Kennedy joined a Mine Workers local in 1900, at the age of 13, shortly after he began work as a "slate picker" to help support a family of eight. His father was killed in a mine accident.

It didn't take long for Kennedy to climb the Union ladder from local officer to district president to international secretary-treasurer in 1925.

★ ★ ★

He and Lewis attended their first convention of the UMW together in 1906, starting a lifelong friendship that has lasted throughout their careers in the labor movement.

Under the UMW constitution, Kennedy automatically succeeds Lewis. Nevertheless, Lewis has warmly endorsed him as "more capable" than he is of handling union affairs.

The 72-year-old Kennedy does not rely on powerful oratory to make his case. Using gentle tones, he has convinced many negotiators they have more to gain from cooperation than from conflict.

Aides said, however, that his mildness hides a stubborn streak that he displays when he's being shoved in a direction he doesn't like.

Kennedy is a close friend of Edward G. Fox, chief negotiator for the soft coal operators and former head of the Philadelphia and Reading Coal Co.

★ ★ ★

Kennedy, a Democrat, served as lieutenant governor of Pennsylvania from 1934 to 1938 and continued as UMW secretary-treasurer during that time. He has since resigned from active politics.

Air Force Jet Does 1,520.9 Miles Per

WASHINGTON (AP) — The Air Force said one of its jet fighters has set a new world speed record of 1,520.9 miles per hour.

It reported the flight was made by a F106 Delta Dart piloted by Maj. Joseph W. Rogers Tuesday at Edwards Air Force Base, Calif.

★ ★ ★

Rogers' speed topped by 116 miles the fastest previous Air Force flight — achieved May 16, 1958. It also bettered the claim of the Soviet Union that one of its new E66 Delta wing fighters flew 1,483 miles per hour Oct. 31.

★ ★ ★

The speed record was established just a day after another Air Force plane — an F105C — reached a record altitude of 103,395.5 feet.

That plane, piloted by Capt. Joe B. Jordan, also took off from Edwards Air Force Base.

The Sahara Desert in Africa covers an area almost as large as the United States.

AUBURN HEIGHTS — Craven T. Kelly, 82, of 3461 Squirrel Ct. died yesterday at Pontiac General Hospital.

He was a Spanish American War veteran and a member of the United Presbyterian Church here.

Surviving besides his wife, Rosella, are two daughters, Mrs. Alexander Grant of Pleasant Ridge and Mrs. Gerald Potter of Lapeer; four sons, Charles and Terry, both of Pontiac, Daniel of Drayton Plains, and Maj. William D. Kelly, U.S.M.C., stationed at Jacksonville, N.C.; a brother, Wilfred of North Branch; 10 grandchildren, and two great-grandchildren.

Funeral arrangements are being made by Moore Chapel of the Sparks-Griffin Funeral Home here.

RICHARD H. VAN MAAREN

ORCHARD LAKE—Service for Richard H. Van Maaren, 33, of 4960 Birchway Dr., will be held at 3 p.m. Saturday at the Kirk-in-the-Hills Church, Bloomfield Hills. Burial will be in Woodlawn Cemetery, Detroit.

Mr. Van Maaren died Tuesday after a long illness. Arrangements are by the William Sullivan and Son Funeral Home, Royal Oak.

Surviving are a daughter, Debra Ann; his parents, Mr. and Mrs. Burton Van Maaren; and a brother, Robert J., all of Orchard Lake.

Old Gang Back With Hope for Christmas Trip

PALM SPRINGS Calif. (UPI)—Comedian Bob Hope, preparing for his trip to Alaska to entertain U.S. servicemen, said today his doctors agreed to the junket on the condition that he take it easy.

Sopping up sunshine and resting for his Sunday flight to the Northland, Hope said his trip is something of a revival.

Joining the ebullient funnyman on the trek are Frances Langford, Jerry Colonna and Tony Romano, the same gang who toured military bases with Bob during World War II.

Seventeen years ago this Christmas Hope and the same troupe made their first trip out of the country to perform for GIs. And it was in Alaska that they broke in the act.

"This year we'll do 12 shows in 9 days," Hope said, "which is something of a slow pace for me. Doctor's orders."

Santa Gets Scorecard on Girls, Boys

DAYTON, Ohio (AP) — Santa's mail bag at the main Dayton post office received this unsigned communique:

"To Santa. Bad girls: Cathy underlined twice, Debby, Gramaw. Bad boys: Every boy is good."

The letter was on a folded piece of paper with stamps drawn on it.

Allow Officers to Inspect Bars

Survey Shows Police in Waterford Qualified to Handle Job

Beginning Jan. 1, the Waterford Township Police Department will have authority to make inspections of places of business in the township selling liquor by the glass as well as stores selling alcoholic beverages in packages.

After a survey conducted by the Michigan State Liquor Commission, township Police Chief Millard Pender was informed that the department has all the facilities and is qualified to handle the necessary inspections.

Previously, only deputies from the Oakland County Sheriff's Department had legal right to make the inspections.

There are 31 business establishments in Waterford Township selling liquor by the glass. Eighty-five per cent of revenue from liquor license fees are earmarked for township use. This amounts to approximately $16,000 annually. The remaining 15 per cent goes to the state.

Township Treasurer Mrs. Dorothy Olson said the state owes Waterford Township some $15,000 from liquor license fees, which was due in July.

State Legislators Ready to Drive for Tank Order

WASHINGTON (AP) — Michigan's congressional delegation is getting ready to battle for a share of a huge Army tank and vehicle order to be placed early next year.

★ ★ ★

The Army has announced plans to buy up to 720 M60 tanks, up to 272 M88 tank recovery vehicles and about 1,200 M113 armored personnel carriers.

★ ★ ★

Prospective contractors and subcontractors will be required to make their proposals before March 1 next year on the first two items, the Army said.

Waterford Twp. Jaycees Seek 'Man of the Year'

The Waterford Junior Chamber of Commerce's search for the township's "Man of the Year" is under way, according to Randall Beatle, chairman of the annual project.

★ ★ ★

Letters and applications have been sent to 15 churches and prominent civic organizations in the township in an effort to determine who will be honored for 1959-60.

Candidates' names may be submitted by anyone, Beatle said. Candidates must be between 21 and 35 years old, active in his church and in civic activities.

Deadline date for all applications is Jan. 5. The winner will be announced at a Boss' Night banquet Jan. 19 at the Community Center.

★ ★ ★

The banquet will take place during National Junior Chamber of Commerce Week, Jan. 17-23.

CLAIMS MARK — Capt. Joe B. Jordan climbs out of the F104 in which he set what the Air Force claims as a new altitude record of 103,395.5 feet Monday. Jordan is a test pilot at Edwards Air Force Base. The mark would top the height of 94,635 reached by a Navy flier in a F4H jet 10 days ago.

Helicopter Can Rate Radiation

Army Unveils System That Measures by Way of Winch and Cable

EDGEWOOD, Md. (AP)—The Army Tuesday unveiled for the public a system it has developed for measuring radiation over wide areas by helicopter.

★ ★ ★

The airborne equivalent of a hand-carried Geiger counter, it permits the measurement of ground radiation from a safe distance of as much as 2,000 feet above the earth.

The measurements are taken through an ionization chamber which is lowered from the hovering helicopter by a winch and cable apparatus. The chamber is mounted on a steel tripod which keeps it three feet off the ground, and the radiation it picks up is recorded on instruments in the helicopter.

The measurement system was developed and built at the Army Chemical Center here. It was the idea of Michael J. Schumchyk, a physicist wtih the radiological laboratory.

★ ★ ★

It has been used in monitoring the amount of radioactivity after nuclear test shots in Nevada and at Eniwetok.

Schumchyk said the system could be used in military engagements but would be most valuable as a civil defense measure after atomic attack.

Doyle and Midwest Truck Lines Merge

SAGINAW (AP) — Doyle Freight Lines, Inc., and Blair Transit Co., two of the Midwest's largest trucking concerns, have been merged into the Great Lakes Express Co.

The merger was announced in a joint statement Wednesday, which said the consolidation would afford more direct and efficient service.

The new company plans a new $500,000 terminal in Detroit and a similar one later in Cleveland. The two firms, with adjoining property here, have a joint $500,000 terminal under way in Saginaw.

William C. Blair is president of the new company and David C. Doyle board chairman. Each started his company with a single truck, Doyle in 1916 and Blair in 1927.

★ ★ ★

Blair said the merger gave Great Lakes Express a fleet of 1,100 trucks and trailers and more than 1,000 employes, 200 of them in Saginaw.

Blair predicted the company would do a gross business of 11 million dollars and have a 5 million dollar payroll in 1960.

The merger firm has 15 terminals in Michigan, one in Chicago and one each in Cleveland, Akron, Youngstown and Canton, Ohio.

Asks Joint U.S.-Russ Man-in-Space Effort

WASHINGTON (UPI) — Rep. Victor L. Anfuso (D-NY), a member of the House Space committee, has proposed that the United States and Russia join in a cooperative effort to send a man into space.

★ ★ ★

He made public identical letters to President Eisenhower and Soviet Premier Nikita S. Khrushchev urging that the recently-concluded U.S.-Russian agreement for cooperative nuclear research be expanded to include joint efforts in space exploration.

"Sardine" is a name applied to several species of small fish that have soft bones, a rich flavor, and can be preserved in oil. The Maine sardine, for instance, is actually an Atlantic herring.

Old Friends Call on Christmas Eve

By CECILY BROWNSTONE
AP Food Editor

It's the night before Christmas at the house of that celebrated gastronome, Jim Beard—cook book author and lecturer.

The doorbell keeps ringing and inside there are warm welcomes, gaiety and good talk.

Friends come and go. And all evening long Jim's six-foot frame towers above everyone—the better to see that each guest nibbles and quaffs to his heart's content.

Jim's hospitality matches his generous proportions. He's roamed the cities of the world in search of good eating—poked his nose into food stalls from Les Halles in Paris to the Farmers Market in Los Angeles.

So there's always a surprise—a fascinating recipe he's just tried or some epicurean tidbit he's found to bring home.

★ ★ ★

But on Christmas Eve Jim's food and drink are simple. A majolica compote and gigantic silver bowl will hold fruit—tangerines and kumquats that Jim had sent from Florida, apples from Oregon, Ribier grapes from South Africa he has chosen himself in a New York market, fresh dates from California and old-fashioned Muscat raisins to pick off long stems.

★ ★ ★

Is it a savory you're hankering after? Then try some of Jim's whole small mushrooms fresh from a marinade of olive oil, white wine vinegar and spices.

Or do you prefer a munch? There are macadamia nuts from Hawaii that Jim says "taste rather like a hot biscuit," and pistachios that must be "large white and salted."

Toasted and salted walnuts are also there because the host laments that they are "too often neglected." And roasted almonds, of course.

Jim likes to use an enormous wine jug from Burgundy from which to serve his spirited milk punch.

★ ★ ★

He warns that the milk must be icy cold and the rum or brandy chilled in its bottle. For every cup of the milk, Jim adds one-third cup of the chosen liquor, or combines the rum and brandy in half-and-half proportions.

No sugar for Jim, but on request he will stir a spoonful into a guest's portion. The last touch is a whiff of freshly grated nutmeg.

★ ★ ★

For a hot drink, Jim favors the traditional French grog. He puts a clove-stuck lemon slice into a small old-fashioned or "on-the-rocks" glass with a spoonful of sugar and one-quarter cup of rum. Then in goes a silver spoon while the glass is filled with boiling water and stirred. A bracing potion for a merry holiday!

A FRIENDLY CHRISTMAS EVE — Jim Beard, gastronome, author and lecturer, pours a glass of his spirited milk punch for one of the friends who come and go on Christmas Eve.

Jordan River Fuss May Be Receding

BEIRUT, Lebanon (AP)— Arab tension over Israel's threat to divert the Jordan River appears to be relaxing despite Israeli press charges that the United Arab Republic is massing troops on Israel's frontiers, informed sources said today.

The independent Beirut daily Al Nahar said the Jordan river dispute "will not produce such tension as to be a threat to security in the Middle East. War won't take place."

A wave of jitters began early last month when Israel announced a project of diverting the Jordan waters to irrigate land in the Negev Desert.

★ ★ ★

Arabs fear that by doing so, Israel would take most of the waters of the River Jordan, which flows in great part in Arab territory.

Muskegon Civic Feud Is Over Old Cemetery

MUSKEGON (AP) — A civic feud involving proposed transormation of Muskegon's historic Old Indian Cemetery into a car parking lot comes into circuit court Feb. 8.

Court sources said Judges Henry L. Beers and Noel P. Fox have signed an order for a hearing on a city commission proposal to vacate the cemetery of remains and use it for parking purposes. The commission's recent 6-0 vote on the project drew a storm of protest form Civic groups. The city proposes to transfer remains in the cemetery to another burial ground.

Kellogg Foundation 6th Largest in U.S.

BATTLE CREEK (UP) — The W. K. Kellogg Foundation said today it gave away $8,147,434 in the 1959 fiscal year.

The foundation said the gifts were $1,340,614 more than income, but said the foundation remained the sixth largest among U.S. philanthropic organizations with assets totaling 215 million dollars.

The foundation gave $1,130,454 to the Battle Creek Board of Education to help pay for the first five buildings on the new Spring Lakes campus of Kellogg Community College.

The University of Michigan received $164,000 to assist the building of the Health Education Laboratories, and $171,627 for a statewide study of hospital and medical economics.

A gift of $130,312 went to Michigan State University toward establishment of an institute for community development to help communities solve government, finance, transportation and similar problems.

Resigns Budget Position to Seek Senate Seat

PROVIDENCE, R.I. (UP)—Raoul Archambault Jr. said he is submitting his resignation immediately as an assisttant director of the U.S. Bureau of the Budget and will start campaigning here next month for the Republican nomination for the U.S. Senate.

Archambault will seek the GOP nomination for the seat held since 1936 by Sen. Theodore Francis Green, a Democrat. Sen. Green, 92, has not announced whether he will run for re-election.

Complete Report in NATO Letter

Reds Piling Up A-Missiles, Bases

PARIS (UP)—The Soviet Union has set up what amounts to a fourth arm in its military forces to manufacture, test and fire a growing family on missiles and their atomic warheads, a NATO publication said Wednesday.

Report said the Russians have about 100 principal missile bases. Soviet intercontinental and intermediate range missiles, capable of carrying atomic warheads, have been operational since July 1958. A missile with a solid-fuel engine for firing from a submerged submarine is already in service.

The report was prepared by the Institute for Strategic Studies in London, covering military strength of both East and West. It was published by the "NATO Letter," a publication of the North Atlantic Treaty Organization.

A NATO spokesman said the document "gives a very accurate picture" of the intelligence report submitted today to the NATO ministerial council by its military chiefs.

The "NATO Letter" report estimated that the Russians now have about 2,350,000 men in the army, 700,000 in the navy and 350,000 security, border and labor troops. The Red Navy has increased from 600,000 tons in 1940 to 1,600,000 today, which gives it second rank in the world. The navy has about 2,270 surface vessels plus perhaps as many as 500-600 submarines.

REDS HAVE BASES

The Russian Air Force has about 20,000 operational aircraft flying from about 1,000 bases, the report said. All fighters and light bombers are jet propelled. An extensive radar early warning and control system is in operation and ground-to-air missiles have been installed for air defense in great numbers.

★ ★ ★

In reviewing the rockets and guided missile situation, the report said:

"The principal Soviet missile bases, about 100 in number, are situated along the Baltic Coast mainly in North East Prussia around Koenigsberg (Kaliningrad), in the area between Lake Ladoga and the White Sea, in the Thuringian Forest in East Germany, Southern Ukraine and the Carpathians.

"The principal Soviet production centers are situated in the region of Vorkuta near 65 degrees longitude and 68 degrees latitude and around Tiksi near 125 degrees longitude and 72 degrees latitude.

"The personnel operating the Soviet missiles have been organized into what is virtually a fourth arm of the services numbering about 200,000 men under the command of an engineer general who has under his control all factories in which nuclear bombs are manufactured, all testing sites, all factories in which rockets and guided missiles are produced and rocket and guided missile units."

The NATO powers have in Western Europe about two-thirds of their planned goal of 30 divisions in the central sector, plus 12 divisions from Turkey, 5 from Greece, 7 from Italy, 1 from Norway and 1 from Denmark.

NATO air forces in Europe now total about 5,000 operational aircraft using 226 bases. Strategic bombers, provided only by the United States and Great Britain, remain under national control.

Seven Intermediate Range Ballistic Missiles bases—each equipped with 15 missiles, have been established or planned for Europe. Four are in Great Britain, two are under construction in Italy, and one is planned for Turkey.

In addition, the U. S. 1st Missile Division is responsible for operating the Atlas and Titan ICBMs from U. S. bases.

The report listed the Russian ICBM as the T3, with a range of 5,000 miles and speed of 16,000 miles an hour. It is 110 feet long and goes to an altitude of 375 miles.

The U. S. Atlas is credited with a range of 5,500 miles and a speed of 15,000-20,000 miles an hour. The U. S. Titan is given the same range and speed as the Atlas.

Says Merchant Marine Academy Morale Sags

NEW YORK (UPI) — Morale at the U.S. Merchant Marine Academy on Long Island is so low that cadets have no respect for their commanding officer, a Roman Catholic chaplain said Tuesday.

Lt. Comdr. John T. McKenna told congressional investigators that cadets and alumni have told him of their contempt for the Academy administration in hundreds of letters and conversations.

At issue in the hearings by a subcommittee of the House Merchant Marine and Fisheries Committee is whether the quasi-military academy founded by the Maritime Administration in 1932 should be transferred to the Civil Service. The hearings were adjourned until next month.

U.S. Sugar Industry to Ask Quota Hike

WASHINGTON (AP) — The U. S. sugar industry plant to ask Congress to raise marketing quotas for mainland producers 200,000 tons, and give Cuba in exchange the entire quota deficit of Puerto Rico, it was reported Wednesday.

Puerto Rico this year had a deficit of 222,623 tons.

Experts in the sugar trade said there is no thought at this time of punishing Cuba's rebel government by cutting Cuba's sugar quota as some members of Congress have suggested.

They call the exchange merely a means of helping to solve a supply problem at some seasons of the year in the populous Northeastern area of the United States.

★ ★ ★

At the same time they say the plan would help stabilize production, especially in the West, where sugar beets grown and acreage limitations are rigid.

Under the plan, the beet producers would get 150,000 tons of the proposed increase and cane sugar producers in Florida and Louisiana 50,000 tons.

Deficits from other domestic areas would be divided up as at present, between domestic and foreign suppliers.

Nebraska has had a unicameral legislature since 1937.

975 Korean Repatriates Welcomed in Chongjin

TOKYO (UPI) — A group of 975 Korean repatriates from Japan arrived at the North Korean port of Chongjin Wednesday and received a rousing welcome from 10,000 persons, radio Pyongyang reported tonight.

★ ★ ★

Vice Premier Li Joo Yin and Foreign Minister Pak Sung Chul and a number of other high-ranking North Korean leaders were on hand to greet the repatriates. The returnees were the first of several thousand scheduled to be sent from Japan to Communist North Korea under an agreement between the Red Cross societies of the two nations.

Yule Star Flickers in the East

Reds Play Scrooge to Sneaky Santa

BERLIN (UPI) — The Communists dislike Santa Claus even though he wears a red suit.

★ ★ ★

In their eyes St. Nick is a smuggler who carried contraband goodies across the Iron Curtain, and with the approach of the Yuletide, every Communist was urged to be a Scrooge.

Communist officials in East Berlin and East Germany announced they are unwrapping all Christmas packages shipped across the East-West German frontier, digging into candy boxes, looking inside cookies and probing cakes.

They also have dispatched squads of snoopers to eve travelers along the East-West border in a major effort to take all the joy out of Christmas they can.

★ ★ ★

Red officials have refused most applications for family members split by the Iron Curtain to visit each other on either side of the East-West German border.

Some observers said the Scrooge mania that hits the Communists each Christmas can be explained by their fears that such contacts might inflate East German hopes of reunification.

But they also fear that Christmas packages from West Germany also contain many goods unavailable in East Germany and will increase the dissatisfaction already existing there.

★ ★ ★

The East German news service ADN said Communist inspectors have found such forbidden items as coffee, tea and raisins in Christmas parcels from West Germany and were forced to confiscate them.

The Communists looked into shipments from east to west and said they found cakes and cookies containing photographic light meters, gold coins, gold rings and diamonds.

West German officials said this apparently was an attempt by the East Germans to brighten their Christmas by forbidden barter with the West.

The East Berlin prosecutor's office called on all East Berliners to spy on their neighbors. The office said it was the Yuletide duty of all good Communists to denounce smugglers to the police.

Lake Michigan Shore Gets New Power Plant

BRIDGMAN (AP) — A building permit for a 65 million dollar electric generating station on Lake Michigan frontage nearby was in the records today at Lake Township.

Plans for the coal-fired 450,000 kilowatt plant were announced last month by Indiana & Michigan Electric Co.

R. E. Doyle Jr., vice president and general manager, said securing the building permit Monday aimed to smooth the way for a construction start when the firm is ready. Earlier he said a start on the plant depends upon a need for additional power by the utility's Southwestern Michigan and Northern Indiana patrons.

Bacteriologist Says Pets Source of Infant Diarrhea

CHICAGO (UPI) — A Michigan bacteriologist has reported that household pets can be the cause of diarrhea in infants.

★ ★ ★

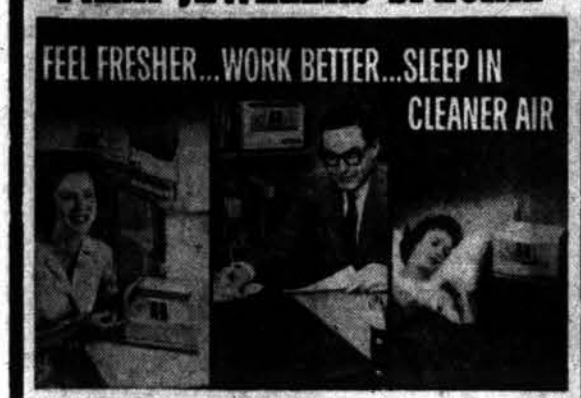

Khurshid A. Mian of Ann Arbor a consulting bacteriologist on the staffs of hospitals in Tecumseh and Ypsilanti, reported in a recent issue of the Journal of the American Medical Assn. his results of a year's survey of 321 household pets.

Mian said that although most cases of infantile diarrhea occur in hospitals or institutions, the carrier status of household pets lead to the source of infection in human dwellings.

★ ★ ★

Mian reported that of the 321 household pets examined, 12.5 per cent were found to be carriers of serotypes, and the incidence was higher during the summer months.

Marines Trying Out German Weapon

WASHINGTON (UPI) — The Marine Corps is purchasing 100 German missiles weighing only 20 pounds each for evaluation as an antitank weapon.

★ ★ ★

The development contract is with Daystrom, Inc., of Murray Hill, N.J. The missile is known as the "Cobra," and is wire-guided like a powered model airplane.

The announcement said the missiles, so light that one man can carry two of them along with launching and guidance equipment, are "capable of knocking out any tank in existence today."

The missile already has been adopted by the West German Army as an antitank device.

★ ★ ★

The test missiles will be built in Munich, Germany. If adopted by the Marines, they will be produced at Daystrom's plant in Archbald, Pa., near Scranton.

Eisenhower's Speech Writer Noted Ohio College President

By JOHN SCALI

One of the busiest men on President Eisenhower's swift-paced good will tour is a distinguished looking college president.

★ ★ ★

He is Kevin McCann, who is doubling as Eisenhower's speechwriter. He has been writing most of the time since the presidential party left Washington Dec. 3.

The gray-haired McCann, amiable and apparently tireless, is president of Defiance College at Defiance, Ohio. He served on Eisenhower's staff during World War II and afterward, for a while was a full-time member of the White House staff, and now fills special assignments whenever the President needs him.

Eisenhower decided a need had arisen when he arranged to make this 19-day, three-continent trip with a schedule calling for more than 30 public speeches.

★ ★ ★

Malcolm Moos, the full-time White House speech writer, also is along on the tour. But his assignment is to help prepare the State of the Union message the President will deliver before a joint session of Congress early next month. Eisenhower has been spending time with Moos on that document whenever he gets a chance.

McCann, turning out the tour speeches hand over fist, probably has had as little rest as anyone in the President's traveling party. But he is still smiling, perhaps because at this point he is getting a little rest.

★ ★ ★

When the President boarded the cruiser Des Moines in Athens Tuesday, McCann flew on to Paris to await Eisenhower's arrival there late Friday for the Western summit conference.

★ ★ ★

The groundwork for a few of the President's major speeches on the tour was done before he left Washington. For example, Eisenhower and McCann spent part of Thanksgiving Day drafting the address the President made to India's Parliament.

But most of the talks are prepared along the way—aboard the President's jet airliner and at his headquarters in the various nations he visits.

★ ★ ★

McCann, author of an Eisenhower autobiography, has been working with the President so many years it is relatively easy for him to prepare his speeches.

They sit down together whenever the President can spare the time. Eisenhower outlines what he wants to say. McCann offers suggestions, then gets to work.

★ ★ ★

There frequently are several drafts of major speeches. The President makes notes in the margins or discusses changes and additions. Then McCann goes back to work.

★ ★ ★

McCann turns out the brief talks the President makes on arrival and departure without consulting Eisenhower, although he goes over the text or notes with the President just before delivery.

Grand Rapids to Annex Part of Aquinas Campus

GRAND RAPIDS (UPI) — City Attorney James K. Miller has started action to have 45 acres of the Aquinas College campus annexed to Grand Rapids.

Msgr. Arthur F. Bukowski, president of the college, requested the annexation at a City Commission meeting. He said the merger would "prevent future problems."

Aquinas College has planned an expansion program. The present college facilities have city services.

Battling Benson Will Not Resign

But Even Supporters Claim His Leadership Is Hurting GOP

WASHINGTON (UPI) — Agriculture Secretary Ezra T. Benson left the hospital Tuesday determined to resist demands for his resignation and to pin the blame for farm program failures on the Democratic-controlled Congress.

Benson, looking somewhat thin and drawn after surgery for removal of his gall bladder, declared again as he was discharged from the hospital, "I am not going to resign."

He had said in a statement from his bed at Walter Reed Army Medical Center that he would not quit, despite resignation demands from some farm state Republicans who feel he will cost the GOP votes in next year's elections.

The demands persisted, however. Rep. H. R. Gross (R-Iowa) said he hoped Benson would change his mind. Gross said it would be easier for Congress to cope with the farm problem if Benson were out of the Cabinet.

★ ★ ★

Even some of Benson's friends said privately they felt administration farm proposals would have a better chance if Benson stayed in the background and let President Eisenhower lead the fight.

Canadian-Born Teacher Voted Suffragan Bishop

NEW YORK (UPI) — A Canadian-born religious educator has been chosen a suffragan bishop of the Protestant Episcopal diocese of New York City, the church's largest in America. He is the Rev. Canon James Stuart Wetmore, 44.

★ ★ ★

Canon Wetmore, a tall, handsome man with slightly graying hair and horn-rimmed glasses, was chosen Tuesday in all-day balloting at the Cathedral of St. John the Divine.

Seth Thomas of Thomaston, Conn., was awarded a patent on his alarm clock on Oct. 24, 1876.

LITTLE GABE AND THE GOLDEN STARS — A Christmas Story — By Walt Scott

Frogmen Will Make Certain French Docks Safe for Ike

PARIS (UPI) — A squad of French frogmen will inspect the hull of the cruiser USS Des Moines when it docks at Toulon Friday with President Eisenhower aboard.

★ ★ ★

U.S. and French officials who are planning details of Eisenhower's three-day stay here for a Western summit meeting said the frogmen also will inspect the underpinnings of the dock for security an hour before the cruiser arrives.

VISIT IN DETAIL

They outlined other details of the Eisenhower visit as follows:

The meeting of Eisenhower, President Charles De Gaulle, British Prime Minister Harold Macmillan and West German Chancellor Konrad Adenauer is expected to last 2½ days.

The exact schedule has yet to be set, but it was expected they will meet Saturday morning and afternoon at the Elysee Palace, De Gaulle's Paris residence, with lunch there in between; Sunday morning and afternoon at Rambouillet Castle, the presidential hunting lodge 30 miles southwest of Paris and again Monday at the Elysee.

Eisenhower will set foot on the Quay of Honor at the Toulon French Naval Base at 1:25 p.m. (7:25 a.m. EST) Friday. (The base also has a Quay Stalingrad.)

HAS 9-CAR TRAIN

After a greeting from local dignitaries he will drive across town and board a special nine-car train with his entourage and accompanying newsmen which will leave for Paris at 1:50 p.m.

The train, preceded by a one-car "sweeper" train to guard against rail breaks or sabotage, will speed west and north through Marseilles, Avignon, Lyons (where there will be a six minute stop to change from diesel to electric locomotive) and then on to Dijon and Paris.

The train arrives at Paris' Gare De Lyon at 10:30 p.m. (4:30 p.m. EST) where Eisenhower will be greeted by De Gaulle. They will drive off separately, Eisenhower to the U.S. Embassy residence and De Gaulle to the Elysee.

There will be far less pomp and circumstance than on Eisenhower's last visit Sept. 2-4 and no formal parades or ceremonies were planned. Eisenhower will leave Paris aboard his jet plane at 1:50 p.m. (9:30 a.m. EST) Monday for Madrid, Rabat and home for Christmas.

Detroit 2nd Only to LA in Xway Mileage in City

DETROIT (UPI) — Only Los Angeles is more accessible than Detroit with opening of a five-mile stretch of the Motor City's Edsel Ford Expressway, Highway Commissioner John C. Mackie said Wednesday.

★ ★ ★

Mackie told a group at the dedication of the 40-million-dollar section that Detroit now had 23 miles of operating expressway inside its city limits, second only to Los Angeles.

Lightning is seldom seen in the polar regions, according to the National Geographic Society.

Dems Will Hire Staebler Aide

Would Relieve State Chairman by Handling Administrative Chores

LANSING (UPI)—State Democratic Chairman Neil Staebler said Wednesday the party's State Central Committee plans to hire a full-time executive to handle a good share of its administrative chores.

★ ★ ★

Staebler said Billie S. Farnum, deputy secretary of state, and Sidney H. Woolner, executive secretary to Gov. Williams, were among those considered for the job.

"We're also considering a number of others," he said. "But we still haven't decided what the job will entail, what the title will be or what it will pay. We'll probably know more about it after the committee meets Jan. 10 in Lansing."

Presumably, the new party official would relieve Staebler of some of his heavy administrative responsibilities which he took up when first elected to the state chairman's post in 1950.

★ ★ ★

"We need some sort of continuity in administrative affairs, which the chairman, as an official elected by the party, can't guarantee," he said.

★ ★ ★

Staebler, independently wealthy Ann Arbor contractor, is widely credited with helping to lead the Democratic Party to its present position of strength in state government.

7 DAYS TO CHRISTMAS AT Sanders

If you have started Sanders "Christmas Cookie Count-down" at your house, you know that Santa is just seven cookies (or days) away. Sanders "Hansel and Gretel Doll Kits"—with each eight-inch paper doll holding a sparkling Sanders Tree Cookie—provide a fun-filled way for the youngsters to count-down the days 'til Christmas.

The count-down also tells you that it's time to select the right Sanders gift for each "special" person on your list.

Your nearby Sanders store has been transformed into a sparkling Christmas "Treasureland" with all the exciting gifts on display. Choose from candy assortments in gay holiday boxes; fruit cakes chock full of rare fruits, nuts and spices; and Christmas cookies, old-fashioned *Weinachtskuchen* that look and smell as if they had just come from grandmother's kitchen! These good-things-to-eat make the very best kind of gift, because they are as much a part of Christmas as Santa Claus himself.

$4.75 3-POUND BOX

Christmas Treasure Box

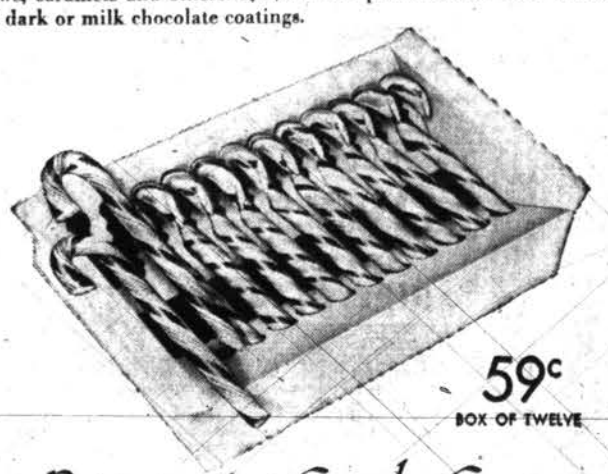

"Treasure" and "pleasure" mean the same thing in describing this delightful assortment. Lift the golden lid and find both! Included are favorite milk and dark chocolate-coated candies, creamy cup fudge, butter almond toffee, pecan titans and many others. A full measure of pleasure!

$1.20 POUND

Sanders Pavilion Chocolates

These famous Sanders chocolates are first choice with many folks—yet the price is so reasonable! The popular soft and chewy centers include cherry nut royals, Brazil nuts, honey cocoanut, fruit mallows, caramels and others. 1, 2, 3 and 5-pound boxes. Your choice of dark or milk chocolate coatings.

59c BOX OF TWELVE

Peppermint Candy Canes

SPARKLING, delicious candy canes—as much a part of Christmas as the tree they hang on! And these are different, too. Sanders candy canes are extra colorful; they're striped in TWO colors: bright red and green. 10-inch size; individually wrapped in cellophane.

CHRISTMAS BUBBLE WREATH — Here is a Christmas wreath you can eat. Made of fruit filled rolls, it is topped with a tangy Lemon Glaze. The dough is made with Hot Roll Mix.

Apricots and Duck

Apricot bread stuffing makes a good accompaniment for duck. Combine 5 tablespoons melted shortening, 5 cups of ½-inch bread cubes, 2 cups chopped cooked apricots, 2/3 cup washed, seedless raisins, 1¼ teaspoon salt, and ½ teaspoon chopped parsley.

There are more than 800 different kinds of trees in the U.S.

Crushed Potato Chips Go in Broiled Sandwiches

Cut rounds of bread. Toast on one side. Place on the untoasted sides, thick slices of tomato, sprinkled with salt and pepper, minced onion and green pepper, crushed potato chips, brown sugar, 1 tablespoon grated cheese and a slice of bacon.

Place the chipwich on the bottom shelf of the broiler. Serve when tomatoes are soft, the cheese is melted and the bacon is crisp.

The first Miss America contest was held in 1921.

Fruited Rolls Make Wreath

This is the time of the year when grocery store shelves are laden with all sorts of ingredients for holiday cooking. Chopped dates, sweet with desert sun; spices from distant lands and ready - to - use fruits and peels for that favorite fruit cake. All invite the cookery artist to many creative hours in the kitchen.

Christmas isn't all packages under the Christmas tree . . . it is in the kitchen too, where goodies are being made and all the family can help and enjoy the fun.

Christmas Bubble Wreath

14¼ oz. package hot roll mix
7½ oz. package (1½ cups) chopped dates
8 oz. package or jar (1 cup) ready-to-use fruits and peels

Prepare hot roll mix according to package directions adding chopped dates and fruits and peels with dry mix. After dough has risen punch down and knead lightly on floured board.

Shape the dough into balls about 1-inch in diameter. Arrange balls on greased cookie sheet, close to each other but not touching, in a circle to form wreath.

Use 3 rows for the first layer, 2 rows for the middle layer and 1 row for the top to give a round wreath effect. Let rise till doubled in bulk. Bake in a moderate oven (350 degrees) for about 40 minutes. While wreath is still warm brush Lemon Glaze over top.

To make Lemon Glaze: Combine 1 tablespoon lemon juice with 1 cup of confectioners sugar. Blend.

New Corn Plant May Be Major Breakthrough

ROCKTON, Ill. (UPI) — A new, multiple-eared corn plant designed for combine harvesting gives promise of outyielding present hybrids and may lead to a major breakthrough in corn production, according to the researcher who developed it.

Each plant of the new corn sets from six to ten small ears, instead of one large ear, on each stalk. And the plants, only five feet tall, are so small they will feed through combines without clogging.

The corn was exhibited at a farm editors' meeting here by Dr. Walter J. Mumm, director of research for Crow's Hybrid Corn Co., Milford, Ill.

He said the company plans to market a limited quanitity of the multiple-eared hybrid seed corn in 1961.

* * *

"If we can improve our multiple-eared corn at the same rate regular hybrids were improved during the past 25 years—get set for a real breakthrough in corn production," he said.

Mumm said corn as we know it today is obsolete.

"Large single ears were fine when corn was picked by hand," he said. "They were easy to grasp and filled the wagon faster than a large number of smaller ears.

"But we're moving into an entirely new era of corn production and need a corn plant designed for modern growing and harvesting methods."

Tangy Salad

Make up some lemon gelatin using a couple of tablespoons of lemon juice; add shredded green cabbage and strips of scarlet pimiento. Good with sliced corned beef or ham.

Christmas Turkey Prices Lowered by Competition

Although most turkey prices will be a few cents above those at the Thanksgiving holiday, competition between markets in holding them down to a point near cost. Heavy marketing of pork has also kept those prices down at considerably lower levels than expected a week ago. Other meats and fish remain at about the same prices of last week.

POULTRY: After the below-cost selling at Thanksgiving turkey supplies are somewhat smaller — though still sufficient — and prices are expected to remain 5-6c a pound above the previous holiday. However, competition between markets has already brought prices on the larger sizes down near cost for this holiday week. Fryers have continued to climb upward in price but a large number of meaty roasting chickens are being offered at reasonable prices.

PORK: Contrary to the earlier reports, after regaining some ground last week heavy receipts have caused fresh pork to drop to another new low in price. Levels are below those and spareribs are roasts and chops and spareribs are unusually good values. Many stores are selling the whole or half loins which may be cut into chops and roasts for freezer storage at much less cost than the precut selections.

A wide variety of hams — ready-to-eat, full cooked, partly boned and all sizes of canned hams — are specially priced this week. Bacon and sausage are also being featured for holiday breakfasts. A wide variety of cold cuts are being suggested for festive entertaining.

EGGS AND DAIRY: Most eggs are in excellent quality at this time of the year when low temperatures help to retain freshness. Little change has occurred in the general prices of large and medium sizes, although more markets have increased prices of medium sizes enough to make the large eggs the better buy by weight.

* * *

Oleomargarine and cream cheese for holiday baking are being displayed at lower prices along with a wider variety of cheese boxes for last minute shopping or for those folks "who don't want a thing."

VEGETABLES: Again this week over - all arrivals of vegetables are lighter due to adverse weather conditions in several areas — and to the end of some harvests. Heavy winds and near freezing temperatures in Florida further damaged a part of the vegetable crop. Cucumbers, green beans, tomatoes, cabbage, peppers and corn have been affected.

Supplies of California lettuce may also be somewhat lighter for the next two weeks due to reduced yields caused by extremes in temperature which have also affected cabbage.

FRUIT: Although holiday demand for citur is increasing ,to date most prices are at about the same levels of a week ago. Shipments of grapefruit are increasing along with navel oranges. The popular medium-large average sizes No. 88 of navel oranges are slightly short this year due to warm weather and lack of rain. The crop is running smaller sizes — No. 113 and No. 138—and the difference in prices between these sizes and the larger oranges is greater than usual. Tangerines are also somewhat higher in price than a year ago.

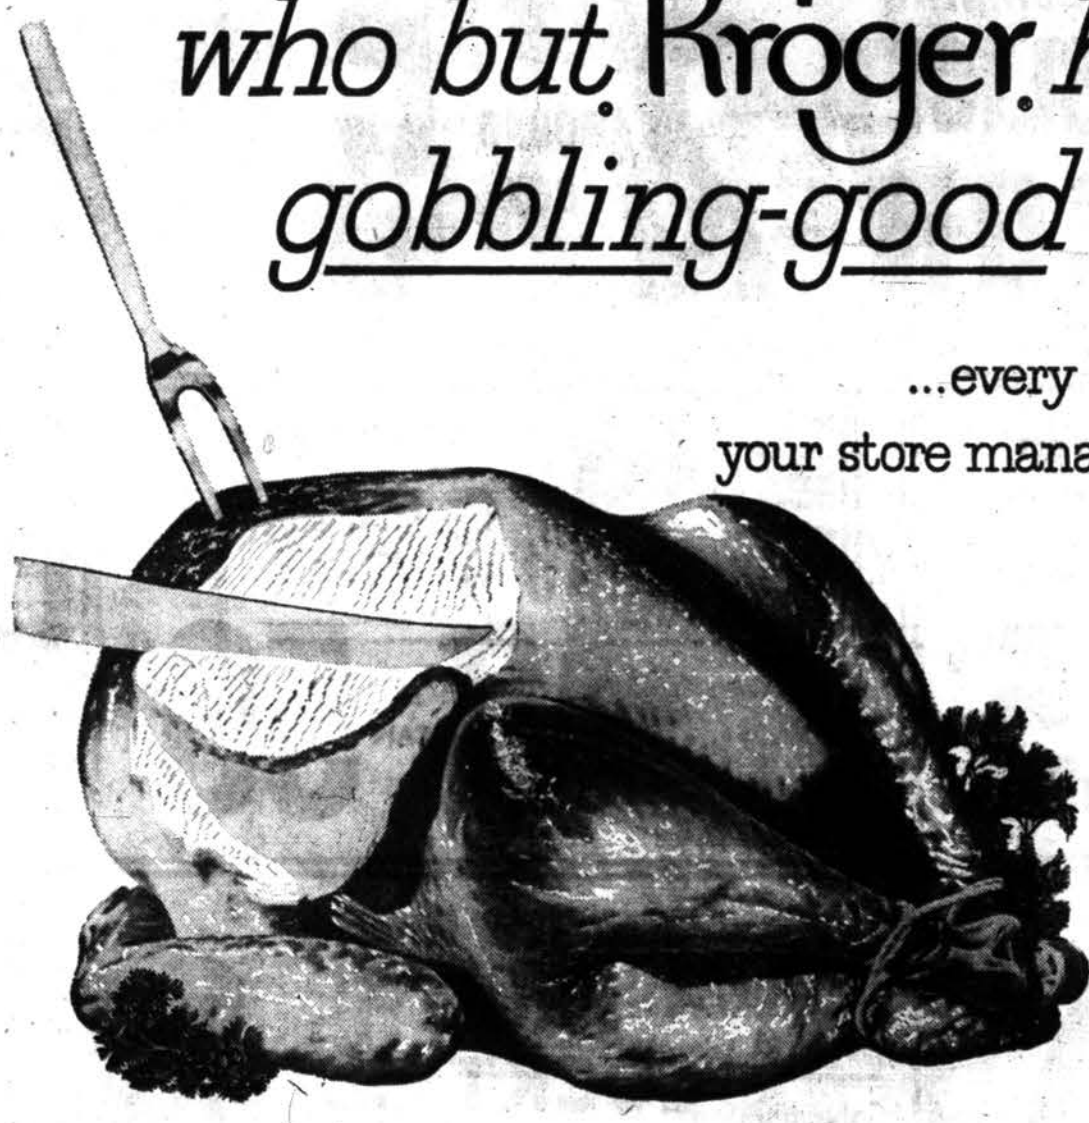

Michigan apples continue to be a good value for the holidays and avocados are unusually low in price.

Heavy inventories of canned and frozen orange juice and citrus blends when the industry is entering a new packing season means lower prices on all of these items. The frozen orange juice concentrate is 3-4c less per can in most markets than it was a month ago.

Prick Potatoes First to Prevent Bursting

Yes, white potatoes occasionally do burst in the oven. Mary Morr, of the foods and nutrition department at Michigan State University, explains that moisture in the potato creates steam which expands inside the potato. New crop potatoes are much higher in moisture than storage potatoes.

Trick is to prick or slit the skin before the potato goes into the oven. Then steam has a way to escape.

FRUIT FILLED HOLIDAY CAKE — This lovely Christmas cake is topped by its own little tree made with an ice cream cone. The cake itself is truly fine eating.

Tiny Cone Tree Tops Cake

A delicious Christmas cake so beautiful it looks as though a sugar plum fairy had brought it is one we think you'll want for your table on Christmas Day.

★ ★ ★

A snowy Seven Minute Frosting is spread over the cake and on that green tinted coconut is sprinkled. Centered atop the cake is a lovely little Christmas tree made with an ice cream cone. The cone is swirled with green frosting and sprinkled with white coconut. Here's a cake that will delight adults as well as children, and will please the most discriminating.

Fruit-Filled Holiday Cake

2½ cups sifted cake flour
2¼ teaspoons double-acting baking powder
½ teaspoon salt
½ cup butter or margine
1½ cups sugar
3 eggs, unbeaten
⅔ cup milk
1 teapsoon vanilla

★ ★ ★

Fruit Nut Filling.
Seven Minute Frosting
Flaked Coconut
1 (4½-inch) cone-shaped ice cream cone.
Colored candies and silver dragees.

Measure sifted flour, add baking powder and salt, and sift together three times. Cream butter, add sugar gradually, and cream together until light and fluffy. Add eggs, one at a time, beating well after each. Then add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla and blend.

★ ★ ★

Pour batter into three round 8-inch layer pans which has been lined on bottoms with paper. Bake in moderate oven (375 degrees) 20 to 25 minutes. Cool layers.

Prepare Fruit Nut Filling and Seven Minute Frosting. Spread filling between the layers. Spread all but 1 cup of the frosting over top and sides of cake. Tint about 1 cup coconut a delicate green with food coloring; sprinkle on sides of cake.

Then make a Christmas tree decoration as follows: Tint reserved frosting green to match coconut and swirl over outside of cone, pulling frosting up with spatula to resemble branches. Decorate with white coconut, candies and dragees. Place "tree" in center of cake.

Fruit Nut Filling

Combine ½ cup chopped dates, ½ cup chopped raisins, ¾ cup firmly packed brown sugar, ⅓ cup granulated sugar and 1 cup water. Cook and stir over medium heat about 30 minutes, or until thick enough to spread. Cool; then add ½ teaspoon lemon juice, ½ teaspoon grated lemon rind and ½ cup broken walnuts.

★ ★ ★

Seven Minute Frosting

Combine in top of double boiler 2 unbeaten egg whites, 1½ cups sugar, dash of salt, ⅓ cup water, and 2 teaspoons light corn syrup. Beat 1 minute to blend. Then place over boiling water and beat constantly with sturdy egg beater (or high speed of electric beater) 7 minutes, or until frosting stands in stiff peaks. Remove from water. (For a very smooth and satiny frosting, pour at once into a large bowl for final beating.) Add 1 teaspoon vanilla and beat about 1 minute, or until thick enough to spread.

Different Syrup Flavor

NEW YORK (UPI) — Orange-maple syrup tastes good on pancakes. To make 1 cup of sauce, blend 1 (6-ounce) can of frozen orange juice concentrate with ⅓ cup of maple syrup and heat to serving temperature.

MSU to Study Medical Center

Trustees Get Report on 20-Million-Dollar Plan for 1963

EAST LANSING (AP)—Establishment of a 20 million dollar medical center at Michigan State University with the first students to be admitted by 1963 was proposed today to the meeting of the MSU Board of Trustees.

★ ★ ★

The trustees, in accepting the report, directed a faculty committee to continue with a more detailed study of the proposal. They also voted to ask the Legislature to hold the site of the Lansing Boys Vocational School open as a possible location for the center.

The Boys Vocational School will be moved to Whitmore Lake when new buildings there are completed.

The report was prepared by Paul A. Miller, MSU provost; Milton E. Muelder, vice president for research development; Dean Lloyd Ferguson of the college of science and arts and Dean W. W. Armistead of the college of veterinary medicine.

★ ★ ★

The recommendation called for a "bold new approach to medical education and research" which would combine all areas of health education in one medical center.

The United States produces more than three-fourths of the cow hides required each year by the domestic leather industry and also the related leather trade industries.

Hope to Shed Curse

Sewer Project Renamed

Apparently hoping to remove the curse of past legal delays, county drain officials today renamed the Eight Mile road storm drain sewer project the "new" South-Oak drain.

They also set a Jan. 19 hearing when residents of Southfield and Oak Park can air pros and cons of new plans. Protests seem unlikely, officials said.

Today's meeting of the three-member County Drainage Board was the first to set in motion new machinery for the $4,760,000 sewer since a settlement was reached in Circuit Court on old plans which resulted in a lawsuit.

The new name was agreed upon only after several officials were reluctant to have their names attached to the project on the suggestion of Drain Commissioner Daniel W. Barry.

"At least now if that group is going to sue us again it'll have to incorporate under a new name," Barry said.

SUIT FILED IN AUGUST

The Eight Mile Road Storm Drain Special Assessment District Taxpayers' Assn. filed suit against Barry in August, claiming assessments for the drain were prohibitively high. They blocked further plans.

The Southfield residents were later joined by Oak Park in agreeing to drop the suit if Barry agreed to start new proceedings for the drain under a 1956 drain code which permits assessments against the two cities at large. Previous assessments were fixed by Barry against individual property owners.

Circuit Judge William J. Beer last week signed the decree tossing out all new proceedings and ordering Barry to restore $432,000 already collected from the state and communities.

★ ★ ★

Under the new arrangement, Southfield and Oak Park will determine how their total assessments levied by the county will be collected.

Barry said he believed previous opposition from citizens might be relieved as the two cities probably will pay a share of the assessment and thus lower the costs to property owners.

The sewer, designed to stop flooding in the two municipalities, will stretch along Eight Mile road from a point 500 feet east of Greenfield road westerly, emptying into the Rouge River.

High School Coach Takes MSU Job

EAST LANSING (AP) — Vincent Carillot, East Lansing High School football coach, was named an assistant football coach at Michigan State University today.

The MSU board of trustees approved the hiring of Carillot effective Dec. 15 at a salary of $8,500 a year.

★ ★ ★

He will fill the vacancy on Duffy Daugherty's coaching staff left by the resignation of offensive line coach Lou Agase to become head coach of the pro Toronto Argonauts of the Canadian League.

Carillot's East Lansing teams won their last 21 games in a row and lost only one game in the last four years.

Boy, 6, Strangles at Training School

Robert G. Kogut, a 6-year-old blind and paralyzed spastic, strangled to death yesterday in the Children's Unit of the Plymouth State Home and Training School in Farmington.

★ ★ ★

The unit is the home of 335 state-committed retarded children.

Business executive Walter Kenzie said Robert, son of Mr. and Mrs. Stanley Kogut of Detroit, had been strapped into a wheelchair with a sheet around his waist in order to sit up.

The child didn't have the use of his limbs.

★ ★ ★

A nurse, Mrs. Thelma Johnson, discovered the accident at 3 p.m. The boy was pronounced dead by Oakland County Deputy Coroner Dr. M. J. Delaney.

Add Three Teachers to MSUO Faculty

The addition of three faculty members to the teaching staff of Michigan State University Oakland was approved today by the MSU Board of Trustees, meeting in East Lansing.

The appointments of Dr. Donald D. O'Dowd, 33, and Dr. David C. Beardsley, 35, as associate professors of psychology, and of Dr. Robert E. Simmons, 34, as assistant professor of languages will become effective Sept. 1, 1960.

O'Dowd and Beardsley are currently at Wesleyan University (Middletown, Conn.). O'Dowd is acting dean of freshmen and Beardsley an assistant professor of psychology.

They are engaged in a five-year research project for the U. S. Office of Education, compiling data for a study of stereotypes that students hold about various occupations. The project is also being supported by the National Science Foundation.

★ ★ ★

O'Dowd obtained his Ph. D. at Harvard University and was awarded a Fulbright fellowship for study at the University of Edinburgh, Scotland. He has taught at Wesleyan since 1955.

Beardsley was awarded his Ph. D. degree from the University of Michigan. He has taught at Wesleyan since 1955.

Both of the psychology professors have had numerous articles published in scholarly journals.

Simmons is currently an assistant professor of German at Marquette University. He received his Ph. D. from Stanford University and taught there from 1952-56.

★ ★ ★

He has taught at Marquette since 1956. He has also taught courses in world literature and the history of ideas. He was awarded a Fulbright fellowship for research at the University of Munich.

★ ★ ★

The Board of Trustees also approved the appointment of Mrs. Louise B. Landon, 135 Dwight St., as manager of the university bookstore. She has been serving as executive secretary to Roy J. Alexander, dean of students.

2 North Carolina Prison Escapees Still At Large

BOONE, N. C. (AP)—Only two of the original 20 convicts who fled the Ivy Bluff, N. C., prison nine days ago remained at large today after apprehension of Woodrow Stewart.

Stewart, 36, was captured by an FBI agent and a deputy sheriff Wednesday.

Friday Deadline for Christmas Aid Applications

Friday is the last day applications will be taken for Christmas aid by the Pontiac Christmas Clearing House in the basement of the Salvation Army Citadel.

★ ★ ★

Needy families have been urged to apply for Christmas aid immediately. No applications will be accepted after tomorrow.

The Citadel is located at 29 W. Lawrence St. The clearing house is a United Fund supported project. Area civic and fraternal clubs draw their list of families to receive gifts from the clearing house list.

Tempting Dishes for Fast Days

By JANET ODELL
Pontiac Press Home Editor

In this week before Christmas there are a number of fast days when meat can appear on the menu only once. We thought you might like a few suggestions for dishes that are different. Even if you do not observe fast days, you may be glad to have some recipes in direct contrast to rich holiday fare.

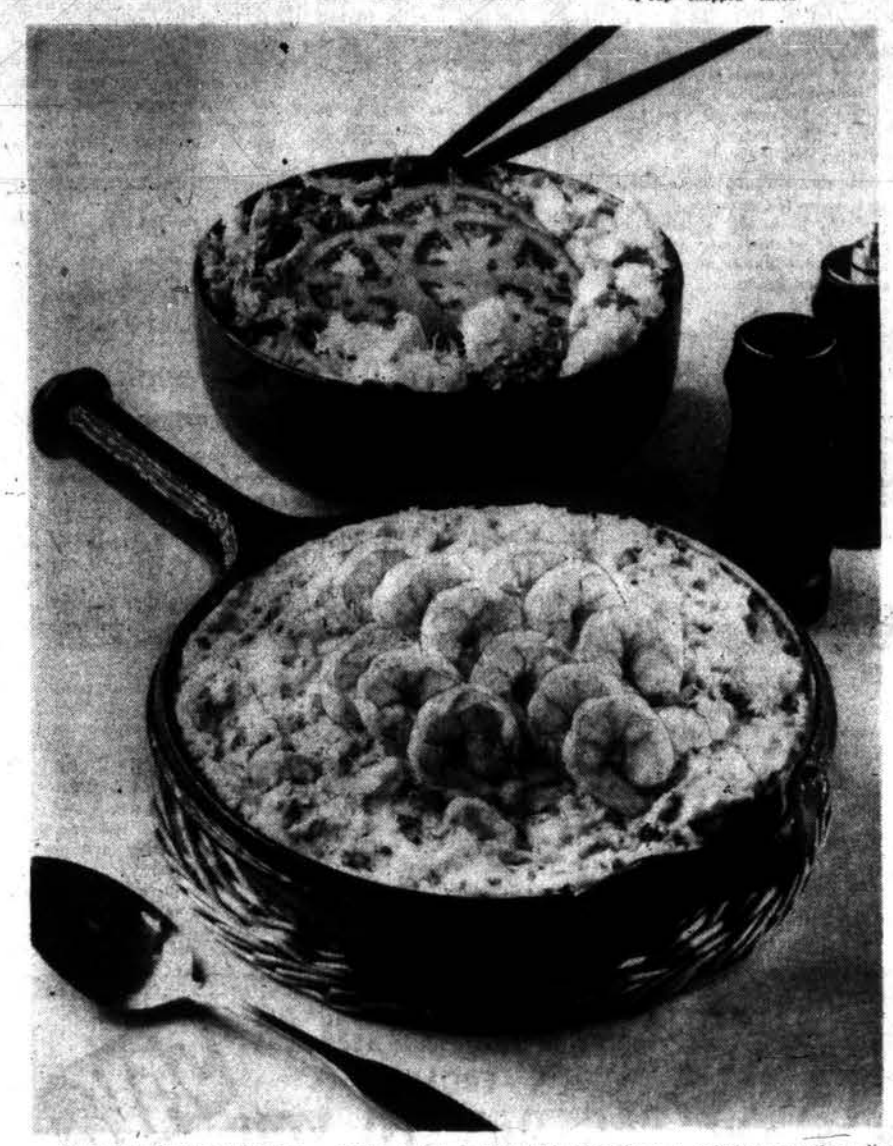

Combining whipped potatoes with shrimp is a new idea and one so easy to prepare. If you use instant whipped potatoes and frozen cooked shrimp, most of your work is done for you.

Shrimp-Potato Special

4 cups bread cubes (5 medium-size slices, cubed)
½ cup milk
1½ cups water
1½ teaspoons salt
¼ teaspoon poultry seasoning
⅛ teaspoon pepper
1 envelope Instant Whipped Potato Flakes
½ cup milk
¼ cup butter
1 tablespoon parsley flakes
½ cup chopped onion
2 (8 ounce) packages frozen cooked, peeled and deveined shrimp
Melted butter

Moisten bread cubes with milk. Combine water, salt, poultry seasoning and pepper in saucepan, cover; bring to a boil. Add milk immediately, then potato flakes and butter. Whip with fork or wire whip, until light and fluffy. Stir in parsley flakes, onion and bread cubes; mix well.

Spoon ½ the mixture into 1½-quart casserole; arrange ½ the shrimp on top; brush shrimp with melted butter. Repeat. Bake in moderate oven (350 degrees) 30 minutes. Serve hot.

SHRIMP POTATO SPECIAL — Spoon curled pink shrimp on top of a well seasoned whipped potato mixture. Pop into the oven for half an hour and you'll have a delicious meatless dinner. Instant potatoes and frozen cooked shrimp take all the work out of this recipe.

How about a New England Fish Chowder for dinner on a cold night? Use your family's favorite fish for this one.

New England Fish Chowder

1 pound fish fillets, fresh or frozen
¼ cup chopped onion
1 cup water
1 cup diced potatoes
½ teaspoon salt
Dash of pepper
2 cups milk
Chopped parsley

Thaw frozen fillets and skin if necessary. Cutfish into ½-inch pieces. Cook onion in a small amount of fat until tender. Add water, potatoes, seasonings and fish.

Cook about 15 minutes or until potatoes are tender. Add milk; heat. Garnish with parsley. Serves 6.

Have you ever made a potato pie? Topped with cheese, it is an excellent meatless dish. Of course, you will want to serve something tart like pickles and crisp like a lettuce salad with this creamy main dish.

Skillet Potato Pie

3 cups shredded raw potatoes
¼ cup chopped onion
1 teaspoon salt
⅛ teaspoon pepper
1 tablespoon flour
¼ cup milk
¼ cup butter
1 cup shredded sharp American cheese

Combine potatoes, onion, salt, pepper, flour and milk; mix well. Heat butter in 10-inch fry pan until bubbly. Spread potato mixture evenly in pan and pack down slightly.

Cover; place over medium heat until crisp and brown on bottom, about 15 minutes. Keep sides loosened with spatula.

★ ★ ★

Cut into six wedges and turn each wedge carefully with pancake turner. Brown on remaining side. Sprinkle with cheese and cook about 5 minutes longer or until cheese is melted. Makes 6 servings.

Warmed Eggs Better

Eggs for breakfast? Take them out of the refrigerator the moment you wake up so they can warm up a bit at room temperature before you cook them.

Pot Roasting OK for Pork

It's a problem, sometimes, to know what to do with a bargain after you get it. If your bargain is a 100-year-old piece of furniture or a kerosene lamp, about all you need to do is find a place to put it. If your bargain happens to be a pork roast, and bargains are common in all cuts of pork these days, home economists of the U.S. Department of Agriculture have some suggestions.

Melt a little lard or pork fat in the bottom of a Dutch oven or a deep frying pan that has a lid. Slowly brown the roast on all sides. Add three or four carrots cut into tiny cubes, four small onions that have been sliced thin, and a clove of garlic. Salt and pepper.

Then cover the pan tightly and simmer slowly on top of the stove until the roast if thoroughly cooked and feels tender when you test it with a fork. This usually will take about 35 minutes for each pound of pork.

★ ★ ★

Even when the roast is done, you're not through with the good things that can come out of your Dutch oven. Using the pork drippings, add thickening and a bit of thyme to make pork gravy that will make your pot roast even more wonderful.

Green pepper in the house? It's good chopped and added to hamburgers or meat loaf.

Deep Fried Strips Aren't Too Sweet

Fried dough strips make good but not sweet munching.

Ju Won Ton

1½ cups sifted flour
1 teaspoon salt
1 egg (lightly beaten)
½ cup water
Corn oil

Sift together the flour and salt; mix in egg. Add water and blend. On floured board knead until smooth; let stand 10 minutes. Roll out dough as thin as possible or ⅛-inch thick. Cut in 1 by 8 or 10-inch strips. Heat corn oil, 1 inch deep, in heavy saucepan to 375 degrees.

Fry strips in hot oil until golden brown on top; turn and fry other sides. Drain on paper toweling. Makes 6 dozen.

Name West Bloomfield Supervisor

Rehard Former Detroit Official

Appointed to Succeed Hiland M. Thatcher by Township Board

WEST BLOOMFIELD TOWNSHIP — A former chief engineer for the city of Detroit has been named supervisor of West Bloomfield Township.

John C. Rehard, 55, of 6799 E. Dartmoor Rd., was appointed to the $9,200 a year position last night by the Township Board to succeed Hiland M. Thatcher, who resigned last week to successfully run for the post of county road commissioner.

Rehard, who is married and has a daughter, 14, will be sworn in to the new position today by Township Clerk Dorothy M. Chamberlain.

He will fill the remainder of the term, left open by Thatcher's resignation, until March 1961 when he will run for election to the position.

"This is my first venture into politics," Rehard said. "And I am very happy to receive the position."

★ ★ ★

Rehard is a distributor for the Industrial Combustion Co., manufacturers of heavy duty heating equipment.

"As a member of the township zoning board for eight months I have become very much interested in township government," Rehard said.

"West Bloomfield Township, I feel, is the most likely to see an increase in growth in the next few years because of its access to Northwestern Highway and the completion of the Farmington Interceptor Sewer that will run through here," he said.

RESIGNED

Rehard resigned from the zoning board last week.

★ ★ ★

Thatcher, who did not attend last night's meeting, informed the Board that he will be on hand the rest of the month to acquaint Rehard with his new duties.

Rehard officially goes on the payroll Jan. 1, 1960. A registered mechanical engineer, Rehard attended Ohio State University and the University of Michigan.

In 1937 he joined the Detroit Department of Buildings and Safety Engineering where he was employed until 1951.

From 1947 to when he quit the post, he was chief safety engineer for the building department.

★ ★ ★

He is a member of the National Society of Professional Engineers, The Engineering Society of Detroit, American Society of Heating, Refrigerating and Air Conditioning Engineers, American Society of Mechanical Engineers, and the Building Officials Conference of America, Inc.

Venus is so similiar to Earth in size, brilliance and density that it is called the "Earth's Twin Sister," according to the National Geographic Society.

PARALYZED — Doctors at Pontiac General Hospital believe that Dale F. Newton, 19, above, of Highland Township will be paralyzed for life. He was shot in the back during a holdup at a gas station where he was employed. Friends in Lake Orion have launched a fund drive to help the young married youth meet heavy medical expenses.

Fund Drive Launched to Aid Holdup Victim

LAKE ORION—A fund has been started here to help the Highland Township youth who faces permanent paralysis as a result of a gunshot wound suffered in a gas station holdup Nov. 30.

A group of local businessmen are seeking contributions for 19-year-old Dale F. Newton to help him pay his hospital bills and other expenses.

Newton worked at Russ Johnson Motor Sales last tummer, and Stanley Sweet, manager of the body shop there said, "Dale never gave anybody any trouble. He didn't deserve to be shot in the back."

The injured youth is paralyzed from the waist down.

Others who are serving with Sweet on the Dale Newton Fund committee are Russ Johnson, Wesley Allen, insurance agent; Bob Woodward, party store proprietor, and Harold Ryckman, a gas station operator.

★ ★ ★

Yesterday they placed canisters in 10 local stores and business places for personal contributions.

Donations also may be mailed to the Lake Orion Post Office in care of Postmaster Arthur H. Wietschat, they said.

Newton's wife once worked in a restaurant in Lake Orion. Her husband's former employer said, "They were a nice young couple, starting from scratch, and we'd like to help."

★ ★ ★

Sweet added that the village feels more responsible to help because the three jailed in connection with shooting also are from the Lake Orion area.

The fund has been swelled by two major contributions and $25 from other donors to date. The Pontiac dealership where young Newton worked has given $25, and Sweet gave a personal gift of $20 to start the ball rolling.

Shelby Fire Truck Skids, Brushes Pole

SHELBY TOWNSHIP — A Shelby Township fire truck is out of service today after being damaged when it skidded in loose gravel and sideswiped a utility pole en route to a fire yesterday.

The two firemen in the truck were unhurt.

★ ★ ★

The hose rack was ripped off and the pump, front fender and bumper were damaged, according to Acting Chief Marvin E. Meitz.

He estimated damage at $500 to $1,000.

The pumper was going to a fire which destroyed a small shed containing garden equipment on Mayfair road.

The accident was at Shelby and Mayfair roads.

★ ★ ★

The loose gravel made it difficult for the driver to hold the large vehicle on the road, Meitz said.

Bridge Over Clinton Opened to Traffic

AVON TOWNSHIP — The Oakland County Road Commission has finished work on the new bridge over the Clinton River on Adams road, four miles southwest of Rochester.

Completed seven months ahead of schedule, the bridge is now open to traffic. The new structure is 36 feet long and carries a 30-foot roadway and two safety walks.

Fry Construction Co., Lansing; H. R. Boyd Co., Dearborn; and the A. T. Barnes Construction Co., Cass City, were the contractors on this $37,980 job.

Study Group Picks Officers

Oxford Committee for Incorporation Headed by Francis, Davidson

OXFORD—The study group for city incorporation, appointed by the Oxford Village Council, has named Milton Francis chairman and Dr. D. C. Davidson cochairman and secretary.

★ ★ ★

The group is composed of seven men, four of whom live within the village limits and three who live in outlying areas considered for incorporation should the village status be changed.

The first four are Lee VanWagoner, Ted Pearson Jr., Clarence Borst and Dr. Davidson. The others are Roe V. Sausser, Keith Curtis and Francis.

The newly organized group is charged by the Village Council with studying the feasibility of Oxford changing from village to city government.

If the status change should be recommended, the study committee is asked to decide upon what boundaries should be set outside the village limits.

Further, members are requested to determine advantages and liabilities of including additional areas such as cost of improvements and additional services, expected receipts from property taxes, sales tax and gas and weight tax.

Finally, they are asked to make recommendations on methods to effect such a change.

★ ★ ★

The advisory committee is planning to get pertinent information from other villages and cities which have contemplated or made the change to see what problems are involved and how best to approach the matter.

Sitting in on the organizational meeting were Village President Allen Valentine, Village Manager Ralph Precious and Village Attorney Robert Parenti.

Brandon PTA to Present Christmas Cantata

ORTONVILLE — The Brandon PTA will present a Christmas cantata at 8 p.m. Monday in the high school gymnasium.

Participants will include pupils of Belle-Ann Elementary School and the Brandon High School Girls Glee Club.

Both parents and students are welcome to attend. No admission will be charged.

MRS. STEPHEN W. LONG

Area Couple Married in Candlelight

AVON TOWNSHIP — The First Baptist Church, Rochester, was the setting Saturday for the wedding of Genevieve May Tharp and Stephen W. Long. The Rev. Donald Olsen performed the candlelight rite.

★ ★ ★

The bride is the daughter of Mr. and Mrs. Ray A. Tharp of 74 W. Auburn Rd. Parents of the bridegroom are Mr. and Mrs. Woodrow W. Long of 301 N. Saginaw St., Holly.

For her wedding the bride chose a gown of white chantilly lace with a sweetheart neckline and full skirt which swept into a chapel train. Her fingertip veil was fastened to a small tiara crown of pearls and sequins.

She carried a Bible and a white orchid and shattered white carnations extending in a cascade.

Mrs. Virgil Long of Holly was matron of honor. Bridesmaids were the bridegroom's sister, Sharon Long, and Blanche Albro of Rochester.

Virgil Long assisted his brother as best man. Ushers were another brother of the bridegroom, James Long, and Larry Percival of Holly.

★ ★ ★

The reception was held at the church.

Upon their return from a honeymoon trip to Ohio, the newlyweds will reside in Rochester.

Baldwin PTA Plans Special Family Night

ROCHESTER—Baldwin School's annual Christmas program and the regular PTA meeting will combine for a festive "Family Night" Friday at 7:30 p.m. in the multi-purpose room of the school.

The entire student body will participate in the musical program under the direction of David Greenlee, vocal music instructor.

The instrumental music numbers will be directed by Kenneth DeVor, instrumental music teacher.

Santa Claus will be present with sugarplums for the children.

Carol singing will be another feature of the evening.

The square dance committee set Jan. 30 as the date for a dance called the "January Thaw."

New Addition Doubles U. of M. Health Research

ANN ARBOR (AP)—Public health research at the University of Michigan has doubled with the opening of a new $1,500,000 addition to the school of public health.

★ ★ ★

Revealed yesterday for the first time were two recently-completed wings which provide the center for an immense research activity.

★ ★ ★

The school, one of only 10 accredited public health institutions in the country, primarily keeps tabs on the health of masses of people, rather than individuals.

2 Keego Planners Quit in Disgust

KEEGO HARBOR — Letters of resignation from two disheartened members of the Planning and Zoning Committee have been received by the city.

The letters of resignation from William A. Hollibaugh and Clayton J. Bozung have been accepted by city officials.

Hollibaugh, owner of Cass Lake Drugs, 3000 Orchard Lake Rd., stated in his letter:

"In view of past events I feel that organized planning is at a standstill in the city at this time, and that a whole new approach must be instituted before it can get a fresh start."

Owner of Clayton's Furniture Store, 3065 Orchard Lake Rd., Clayton Bozung gave two reasons for his leaving the committee.

"First, I feel that the planning is at a very low ebb in Keego Harbor.

"And second, our groups should have been designated as a planning commission with certain powers and goals the same as any other city with such an organization."

★ ★ ★

The committee, formed in 1956, has only the power to make recommendations to the council, according to City Clerk Eileen Van Horn.

The 9 member committee meets once a month.

Another resignation from the planning committee was accepted from the Rev. Paul R. Anderson, pastor of Keego Harbor Baptist Church.

★ ★ ★

Anderson resigned the post because he has been transferred to another church in Auburn Heights.

PUBLIC HEARING JAN. 12

The city council has also set a public hearing Jan. 12 on a building code resolution regulating fences in the city.

The resolution states that fences will not contain barbed wire, electric current or a charge of electricity.

The fence must not be made of solid materials nor contain exposed nails, spikes or broken glass.

★ ★ ★

However, fences in commercial districts and in light manufacturing districts may use barbed wire, provided the fence is six feet high.

★ ★ ★

Keego Harbor also has hired a new police officer to replace patrolman Arthur Holmes, who took a post with the Waterford Township police department.

★ ★ ★

Richard Aldrich, 23, of 5850 Prentice St., Pontiac, will fill the vacancy.

He is married and has a son.

Ulseth Is President of Rochester C. of C.

ROCHESTER — Thor Ulseth, manager of the branch of Pontiac Federal Savings and Loan Assn. here, has been elected president of the Rochester Area Chamber of Commerce.

★ ★ ★

Others elected were Daniel Holefca, vice president; Mrs. John C. Levick, secretary; and Carl Lehnen, treasurer.

★ ★ ★

The new slate will be installed at the annual public dinner meeting next month.

Two Masonic Groups to Install Officers

MILFORD — Masonic Lodge 165 and Royal Arch Masons Chapter 71 here will hold separate installations of officers in the Masonic Temple tomorrow, starting at 7:30 p.m.

Sheldon M. Covert has been elected worshipful master. Other lodge officers to be installed include Carr Anderson, junior warden; Harry Coulter, treasurer; and Henry Bush, secretary.

Russel Haglund will be grand installing officer. Afterwards, he will be installed as high priest of the Royal Arch Masons local chapter.

Others will include Thompson Moore, king; Everett Strange, scribe; Henry Bush, treasurer, and George Berz, secretary.

Installing the RAM officers will be Percy Beach.

Orion Adopts Electrical Code, With Penalties

ORION TOWNSHIP—The Orion Township Board has formally adopted an electrical code which will become effective 30 days from today.

The ordinance, published today, provides for inspection of installation of electrical wiring, electrical devices and electrical material and for licensing and registration of electrical contractors and journeymen.

It further provides for the creation of an electrical board and for a reciprocal arrangement recognizing examinations and licenses issued by other municipalities.

Penalties for violations also are listed in the ordinance.

The fee set for an electrical contractor's license is $50 per year and for journeymen and electricians, $5 per year.

One proviso added is that an electrical inspector must have the authority of the electrical board to enter homes for reinspections.

Giving Away Radio Stations Rare but What a Deduction

United Press International

NEW YORK (UPI) — Louis Schweitzer, the millionaire's millionaire, has given away the FM radio station he bought to provide the kind of music he likes, but he's keeping his private taxi, theater, barbershop and gondola.

"I'm 60 and that may account for some of the things I do—second childhood, you know," said the portly chemical engineer who has made a fortune from cigarette papers. "But because I'm rich they merely call me eccentric. If I were poor they'd say I'm crazy."

Schweitzer is crazy like a fox when it comes to taking care of his own comfort.

He bought station WBAI-FM in New York two years ago because he wanted "the kind of fine music and intellectual programing I enjoy." But he found it difficult to keep WBAI's programing on a consistently high level because it had commercial sponsors who had other ideas.

★ ★ ★

"I had long admired the programing done by the listner-sponsored stations KPFA and KPFK in California, so I have donated WBAI to the foundation which administers these stations," he said. "It is a $200,000 gift, but I know that the station is in proper hands."

The Pacifica Foundation will take over WBAI, changing it to WPFI, Jan. 10, giving esoteric broadcast fare not previously available in the New York area. Schweitzer and his wife, former actress Lucille Lortel, will be listening wherever they are—in their gray Mercedes Benz taxi.

The $17,000 taxi has a one-channel radio set tuned to WBAI. It also has a two-way phone so Mrs. Schweitzer can summon the driver, also named Louis Schweitzer, to take her to Broadway plays or to the Theater de Lys, a profitable off-Broadway property which Schweitzer gave her. She also heads the White Barn Theater on their Westport, Conn., estate.

"My wife told me several years ago that she was having difficulty getting cabs in the theater district," he said. "Shortly after, my secretary told me she had ridden in a cab driven by a cabbie with my name. I got in touch with the cabbie, found he had a good record, and offered to buy him a taxi and give him half the earnings if my wife had priority on his services."

The cab was the swankiest ever licensed by the city hack bureau. But the quiet elegance of its interior is jarred by a colorful advertisement reading: "When in Venice, use the Gondola Lucille. Ask for Bruno. Say 'Louie sent me.'"

Which leads Schweitzer to tell how he and Mrs. Schweitzer fell in love with Venice but hated waiting for gondolas at the busy Royal Danieli Hotel. So he built a $1,000 gondola after persuading the Gondolier's Union to break a 450-year-old rule against outside ownership of gondolas.

Schweitzer has ordered his gondolier to charge anyone who says "Louie sent me" double, because his friends can afford it. Bruno follows orders, explaining to those who protest that it is "Signor Luigi's romantic caprice."

That brings us to another caprice, the barbershop.

When Schweitzer moved his offices from the Chrysler Building to quarters four blocks away, he found he couldn't get to his favorite Chrysler Building barber, David Scuccinarra, until after the 5:30 p.m. closing hour.

"He said the union wouldn't let him stay later, and I asked him how we could get around that," Schweitzer said. "He told me he would have to own the barbershop, so I bought it for him for $60,000 and made him the manager. Now I can go in as late as I want to."

In 1934, Sweden set up an official betting agency known as Tipstjanst to accept wagers on sports events except horse racing. Since then, Swedes have spent nearly 360 million dollars with the agency, the government has taken in about 200 million dollars while the bettors themselves have won approximately 140 million.

"In Order That *Every Family* Will Have A Merry Christmas"

"In Order That Every Family Will Have a Merry Christmas" — This is the purpose of the Pontiac Exchange Club's annual sale of the Salvation Army magazine "War Cry." Tomorrow night, busy doctors, lawyers, merchants devote several hours to sell these magazines. The purpose of which is to raise money to buy food, bedding, clothing, toys, fuel for needy families. Families who would not otherwise enjoy even a meager Christmas.
Tomorrow when you are asked . . . won't you help?

Give what you wish, and be assured your gift is from your heart to those who otherwise might be forgotten. Give in the Holiday Spirit and May Your Christmas Be Blessed With Happiness.

Our Children Expect an Answer

Just What Are We Celebrating?

By LOUIS CASSELS
United Press International

"Why do we celebrate Christmas?"

Children are apt to ask that question at this time of the year.

★ ★ ★

Parents who feel ill-equipped for theological discussion may stall for a while by answering that Christmas is the birthday of Jesus Christ. But young minds are relentlessly curious. They soon want to know who was Jesus Christ? And why is His birthday so special?

★ ★ ★

At this point, parents may be compelled to come to grips with the least understood and most difficult article in the Christian creed.

Theologians call it the dogma of the Incarnation. It is an attempt to express in words a breathtaking conviction that was born in the first Christian disciples as they sought to explain what they had seen and heard and felt and experienced in the presence of Jesus.

The disciples knew that Jesus was a human being—a man who got tired and hungry like other men, who shared fully in the temptations, limitations and suffering of ordinary existence.

The warmth of his humanity shines so clearly through the New Testament accounts of His life that many people, even today, are drawn to love and respect him simply as the wisest and best of men.

But the disciples were driven to the belief that there was more than manhood in Jesus. And driven is the right word. The first Christian believers were fiercely monotheistic Jews who had at least as much difficulty as any modern mind in accepting the idea that is expressed in the opening words of the Gospel According to St. John:

"In the beginning was the word, and the word was with God, and the word was God . . . and the word was made flesh, and dwelt among us, and we beheld His Glory."

★ ★ ★

Why did the early Christians dare to claim that God was incarnate in a human life that began in a stable and ended on a cross?

A noted modern scholar, Prof. John Knox of Union Theological Seminary, says the claim was an inevitable outgrowth of the unanimous experience of the primitive Christian community.

The story of the Incarnation, he says, is "an effort to represent the meaning of a salvation which had actually been bestowed and received in the fellowship men had with Jesus.

"For men in very truth found God in Him. When He said 'Thy sins are forgiven thee,' the sinner knew he was in fact forgiven, and that the hold of his enemy was broken. And men and women whose lives had been empty and meaningless became, in His presence, suddenly aware of the beauty of God, and what had been a form of death became life everlasting."

Nursery Party Set

All Saints Cooperative Nursery School announces Christmas parties for three-year-olds today and for four-yearolds Friday at All Saints Church.

Each child is receiving a gift from Santa Claus. Cartoons are being shown and cookies and ice cream served.

Teachers, Mrs. Robert Girardin and Mrs. Kenneth Senior are hostesses. Mothers of nursery tots are assisting.

30 Pillar Club Members Hold Christmas Party

Thirty members and friends of the Pillar Club met at Devon Gables Tuesday for the annual Christmas party.

Mrs. Donald Hogue presented Mrs. Arthur Selden who gave "The Legend of Belfana" by Henry Chafetz. This is the Italian story of the origin of gift-giving at Christmas.

The girls' ensemble of Pontiac Central High School sang a group of Yuletide numbers.

Assisting Mrs. Hogue were Mrs. D. R. Wilson, Mrs. P. J. Vieriech, Mrs. O. H. Lundbeck and Mrs. Selden.

Boys Like It Too, but Not So Much

Girls Get a Kick Out of Christmas Shopping

By EUGENE GILBERT

Christmas, the teen-agers' favorite holiday, holds more excitement for the girls than for the boys.

We questioned 200 youngsters—100 girls and 100 boys—about their Christmas shopping plans. And it was the girls who were doing most of the planning.

In an early survey, teen-agers voted Christmas their favorite holiday. And in this one, three of every four said they enjoy Christmas shopping and gift-wrapping.

But while the girls were almost unanimous, only one in every two boys said they get a kick out of these holiday chores.

We found that most youngsters—again more girls than boys—have been saving money to buy gifts. Most of the boys plan to get holiday jobs to finance their shopping trips.

Not many youngsters make gifts anymore. And some do not give to everyone in their families.

GIRLS WANT CLOTHES!

Special clothing for Christmas is a must for about half the youngsters—7 out of every 10 girls, and 3 out of 10 boys.

Pat Prat, 16, of Brooklyn, N.Y., one of the 96 girls who say they like Christmas shopping and gift wrapping, explains: "It gives me Christmas spirit."

"I like to find something which will please others and wrap it prettily," says 16-year-old Jane Manning of Clark's Summit, Pa.

Many of the youngsters say the fun in shopping is the thought of giving, while the enjoyment of gift-wrapping is in doing something creative.

"I do odd jobs for my parents and baby sit," says 13-year-old Carol Bergman of Waverly, Pa.

THEY SAVE ON JOB

May Rascigno, 16, of Brooklyn, says she saves from her lunch money and allowance.

A surprising number of teen-agers have regular part-time jobs. They simply use part of their savings for Christmas.

Most of the 43 per cent who expect to get holiday jobs will work as salesmen or salesgirls.

Some expect to pick up shopping money by helping with chores at home, baby sitting, and running errands.

Several of the boys plan to work as delivery boys.

Mothers will get most of the gifts given by teen-agers this Christmas, while fathers are a close second. Sisters outnumber brothers as gift recipients 51 per cent to 48.

★ ★ ★

Only about one-fourth of the youngsters will give to uncles, aunts, and cousins. Almost half will give gifts to friends, boys or girls.

Only 17 per cent of the youngsters we queried—6 per cent of the boys and 29 per cent of the girls—make the gifts they give.

Apparently the reason the girls outnumber the boys is their facility with knitting needles and embroidery wheels. But there are some truly unique ideas among the youngsters.

★ ★ ★

But when we asked 18-year-old John V. Clark of Brooklyn if he enjoys these chores, he said: "Are you kidding? I just enjoy the giving."

Joseph Cox, 14, of Flushing, N.Y., has found the age-old solution for boys who dislike shopping and wrapping. "I let my sister do it," he says.

The 75 per cent of the youngsters who save money for Christmas rely on income from baby-sitting, paper routes and their allowances.

GIVES POETRY

Bill Guest, 17, of Clark Summit, Pa., explains: "I compile books of the poetry I write which I give my friends." Carol Bergman paints pictures. Mary Doyle, 14, of Chicago, makes pot-holders and cosmetic cases.

Sandy Aronsohn, 15, of Dalton, Pa., sums up the consensus of why youngsters make gifts this way: "It saves money and besides grandparents and parents seem to like them better."

The advantage of the home-made gift over the one bought in a store, says Carol Bergman, is that "it makes a closer love present when you make things yourself."

Bill Guest agrees. "I am giving part of myself," says Bill, "not a manufactured item."

Revive wilted lettuce by soaking it in a bowl of cold water to which some lemon juice has been added.

Lydias Go Hawaiian at Luau

The Starr avenue home of Mrs. William Tompkins became a Hawaiian setting for Tuesday's meeting of the First Christian Church Lydia Circle.

The hostess greeted her guests wearing a muumuu, native dress in the islands. She served a Christmas luau by candlelight from three low tables laid with lace cloths and palm branches.

★ ★ ★

Mrs. Tompkins spoke on the island history and gave a native dance.

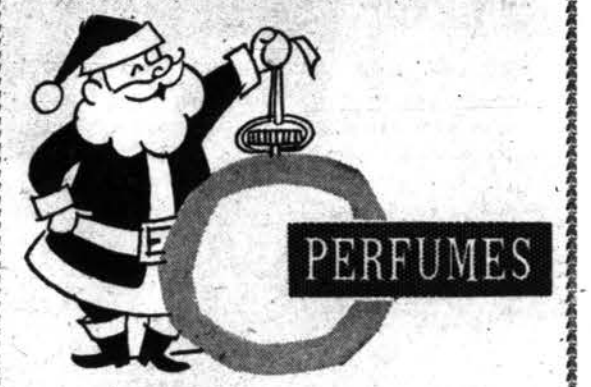

Mr. Tompkins showed scenic colored slides taken during their six week's stay in the islands, while attending the University of Hawaii last summer.

The circle sent gifts to an adopted boy at the Cleveland Christian home. Enjoying the exchange of gifts were Mrs. Lula Buckler, Mrs. D. D. McColl, Mrs. Lester Stanley, Mrs. Eleanor Clark, Mrs. Martie Pike, Mrs. C. S. Baker, Mrs. James Vaughn, Mrs. Amelia Stevenson, Mrs. Ruth Wade, Mrs. David Collison and Mrs. Harry Kunse.

★ ★ ★

Assisting the hostess were Mrs. John Radenbaugh, Mrs. Rex Cummings, and Miss Lorna MacKellar.

The program closed with Mrs. Joe Morgan using as her subject "Widen your hearts to full concern for all people."

Keep Things Simple

Teen-agers feel that they have so much to learn about clothing and flattering make-up. A key to follow while investigating what looks right on you is to keep things simple. In clothing, the lines make a difference as to whether you will look long-legged, short-waisted or dumpy.

Dear Abby Says Church Is Hospital for Sinners

Good for Nothing 17-Year-Old Is Wrong

By ABIGAIL VAN BUREN

DEAR ABBY: I am a 17-year-old girl who is good for nothing. I have been this way since I was 15. I quit school last year because all the kids knew it and I couldn't face them.

ABBY

I used to get comfort out of going to church. But I haven't gone to church in months because I feel dirty when I step inside a church. I have nothing to live for, Abby. I have lost everything. Even God. Can somebody help me?

MAXINE

DEAR MAXINE: Go to church. Talk with your clergyman. He will assure you that a church is not a museum for saints — but a hospital for sinners. You have not "lost" God. You have only failed to communicate with Him. The Lord is merciful and he forgives. But first you must humble yourself in order to feel worthy in His presence. Good luck and God bless you!

★ ★ ★

DEAR ABBY: I have a question to ask you. If it has to do with etiquette I have not been able to find it in an etiquette book. When a person has lost a loved one and friends express their sympathy, what is the correct thing to say in return? Not "Thank you!" I am sure.

IN DOUBT

DEAR IN: Yes, "Thank you" IS proper.

★ ★ ★

DEAR ABBY: Should a fellow give up the best friend he's ever had just because his girlfriend asks him to?

I've been going with Cynthia for six months. We love each other and hope to get married. We aren't kids. I am 27 and she is 24.

★ ★ ★

My best buddy went all through school with me. We are like brothers. He doesn't hang around with us much but Cynthia resents the time I spend with him away from her. She cuts him down and makes him feel unwanted.

★ ★ ★

She wants me to dump him. Her only reason is "he dresses tacky." It's true, he doesn't dress very sharp, but he can't spend much on clothes because he supports a widowed mother. Cynthia says it's either him or her. I don't want to lose either of them. What should I do?

MISTER IN BETWEEN

DEAR MISTER: If you must choose between the friend and the frau — choose the friend.

★ ★ ★

CONFIDENTIAL TO WALKING THE FLOOR: Get in touch with your AMERICAN RED CROSS. They work closely with all the armed services, and if an emergency furlough is in order, they will help your soldier boy to get home.

What's your problem? For a personal reply, write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

Yule Story Highlights Units' Party

Highlight of the Christmas party for Miriam and Esther units of St. John's Lutheran Church, Tuesday, was a "Christmas Story" read by Helen Dovre. Customs of various countries were shown in a skit.

Carols were sung in Finnish by Mrs. Harry Santala and Mrs. Sam McMurray, in Danish by Mrs. Adolph Hornblad and Mrs. Joseph Sebaski and in German by Mrs. John Lundgren and Mrs. Andrew Hank. Mrs. Axel Nyman sang in Norwegian.

Guests present included Mrs. Stanley Strand, Mrs. Hans Fredrickson, Mrs. Robert Peters, Mrs. Jay Redus, Mrs. Ole Knudson and Aline Kallio of Birmingham.

Gifts will be given to shut-ins for Christmas.

Exercise Will Help Some

Diet If You Want to Lose

By JOSEPHINE LOWMAN

The statement that we cannot lose weight through exercise is misleading. It is true that we cannot lose many pounds with exercise. However, if you continue to eat the same amount and add more exercise you will lose some weight.

The ideal procedure is a combination of diet and exercise as a way of life. If you make it a point to walk a certain number of miles a day, or indulge in some sport regularly, or take exercises at home, you can have a little more leeway in your diet. The sedentary life and rich food pile the pounds on.

IT ADDS UP

If you add an extra hundred calories a day to the calorie intake which maintains the weight you have, unless you exercise it off, the daily extra hundred will count up to 10 pounds in a year. So, you can readily see what happens to many women and how subtly and gradually weight accumulates.

So that you will not take the theory of losing weight through exercise alone too far, let me tell you that you will have to walk 1.3 miles to get rid of the calories from a tablespoonful of butter. It takes 2.2 miles to walk off a can of beer and 2 miles to walk off a martini.

You will have to walk 4.5 miles to make up for a four-inch sector of mince pie and 5.3 miles if you wish to make up for a two-inch piece of chocolate cake with icing. One doughnut, three inches across, calls for four miles and a half cup of ice cream for a little more than three-and-a-half miles.

Watch your calories and exercise, too, for best health and a lovely figure.

Tomorrow: "Two Methods for Getting Rid of Hair from the Face."

Exercise will help you reduce — but you must watch calories, too.

Bridge Club Names Duplicate Winners

The Pontiac Duplicate Bridge Club met Monday evening in the Elks Temple. Ten tables were in play.

★ ★ ★

Winners were Melvin Small and Ericson Lewis, Mr. and Mrs. Sheldon Kushner, Ernest Guy and Dr. Robert Segula, Mr. and Mrs. William Houk, John Kraus and Earl Waterman, Don Stephenson and Allan Rososky.

Tweeze Brows for Big Change in Expression

Bushy brows can dominate an otherwise pretty face and give it a masculine, unattractive look. Brows need regular grooming with a tweezer.

★ ★ ★

First, clear out that space between the eyes. Don't leave a single straggler. Next, tackle the brows themselves. Pluck them underneath. Then thin out the brows just enough to leave a strong, sweeping line which follows the bone structure of the eye socket.

Now, with the tip of your little finger, apply just a thin bit of cream to help train the hairs into place. If necessary, follow up with tiny brush made for the purpose.

You'll be surprised what a change in both expression and, seemingly, facial contours can be made by just this careful change in your brow line.

It's Proper to Request More Salt

By EMILY POST

Dear Mrs. Post: When pepper and salt are not put on the table, is it proper for a guest to ask the hostess for them? The other evening my husband and I were invited out to dinner and found ourselves eating food that was badly in need of seasoning (at least according to our tastes) but neither one of us could bring ourselves to ask for it as we thought the hostess might take it as a personal criticism of her cooking. Would it have been out of order to request more seasoning?

Answer: Asking for salt and pepper should not be taken as criticism of the hostess' food as there are many people who like their food more seasoned than others. However, home hostesses are very sensitive about their cooking and if you thought your hostess one of them, you were right not to ask for salt and pepper.

★ ★ ★

Dear Mrs. Post: Is it wrong for someone who has not been married to wear everyday clothes at a fairly large wedding?

Answer: If the bride is very young, guests could hardly help feel the lack of the bridal picture, and she herself will very likely have regrets for not wearing traditional bridal clothes the only time she can. But if the bride is not very young, becoming and effective day clothes are not only permissible but often more suitable than would be the youthful bridal white and veil.

★ ★ ★

"Dear Mrs. Post: When having guests for dinner and there is no one to wait on table, is it correct to bring in the filled plates from the kitchen and put them down in front of each guest and then just pass the rolls around the table, or is it more correct to put the serving dishes on the table and pass them around for guests to help themselves?"

Answer: Unless the hostess knows the taste of each one at table, it is certainly much better to put the serving dishes on the table and let the guests help themselves to what they want.

Hats in the derby family are fashion favorites this season and this perky suburban turban version of the coachman style is no exception. The smart addition of a cocoa scarf to the beige felt is becoming to any busy homemaker who needs to hide her curlers for an unexpected trip to the market.

Go Through the Attic to Stir Up Memories

By RUTH MILLETT

"There's no better way for a woman to recall other days than by going through her button box" says Marcelene Cox whose feature, "Ask Any Woman," has been brightening the pages of a national women's magazine for years.

There may not be any better ways—but there are many just as good.

How about going through the odds and ends in an old trunk or packing box. In any such accumulation of so-called "junk" a woman will find article after article to bring back memories, both happy and sad.

How about a snapshot album for making a woman recall herself at different ages, her family at different stages, and life in different places? "Did I ever really look like that?" she asks herself.

And then she starts to remember not only how she looked but how she felt about things at different periods of her life.

How about an evening of showing old family movies, taken from the time grown children were babes in arms to start the mind to remembering? That does a pretty fair job of bringing back the past, too.

★ ★ ★

Even going through old, canceled checkes can bring the past back vividly, the check for income tax, for instance. Was it ever that small? The check for a hospital bill that brings back the memory of a frightening illness in the family, the check for the down payment on a home.

I thought once, in going through a metal box of canceled checks, that a family could have no more concrete reminders of the past than the canceled checks that bought their dreams and paid for their mistakes and follies and obligations.

Yes, a woman has many ways of going back to meet the past, but most of them aren't deliberate. They happen by chance, when she decides to clean an attic or garage, when she is looking for the right buttons for a dress, when she decides to sort out the contents of a trunk or storage chest, or when she rereads a packet of old love letters.

That is why I feel sorry for women who never hold onto anything beyond its immediate usefulness. How do they ever recall the past?

First Christian Church Circle Exchanges Gifts

Mrs. Leona L. Hunter was luncheon hostess to 21 members of the Elizabeth Circle of the First Christian Church, Tuesday, at her home on Wayne street.

Members exchanged gifts and made up a Christmas basket for a shut-in.

Mrs. Robert Reid and Mrs. George Dickie participated in a program arranged by Mrs. Brady Adams.

The Rev. Duncan D. McColl, was guest of honor.

Some Gals. Not Aware of Assets

Very often, women tend to misunderstand the fact that they possess good looks. This sounds odd, but it's quite true. They overlook coloring, bone structure or thick, slightly wavy hair when they start to tote up their good points. They concentrate their envy on the doll-faced kind of prettiness which does not last beyond the late twenties.

In view of the fact that each of us must live a lifetime with face and figure, this is not a commonsense point of view. Be as calmly appraising of both assets and faults as you can be.

Do what you can about the faults and then forget them. Play up the assets for all you're worth and remember, many a woman who was no beauty has built a reputation for being one simply because she knew how to play up honey-colored hair, crystal-clear skin or lovely legs.

Opera Singer Invites Men: Flee to Europe

Our Leap Year Frightens Italian

By FREDERICK M. WINSHIP

NEW YORK (UPI) — I broke the bad news about American leap year customs to Italian-born Cesare Siepi, the opera world's most eligible bachelor.

★ ★ ★

"This is terrible!" said the rugged, handsome basso with a Latin accent that is certainly no liability.

"If women have the freedom to propose in 1960, I advise all American males to return to Europe with me."

The 35-year-old Metropolitan Opera star said nobody ever had told him about leap year being the American spinster's delight, although he has spent several months each year in this country since his Met debut in 1949.

CONSIDERED BAD LUCK

In Europe, he explained, leap year is merely considered bad luck.

"Maybe some of those ladies who made their intentions very plain to me without putting them into so many words were taking advantage of leap year," he said.

"It was all lost on me. I thought they were making their propositions in jest."

★ ★ ★

Siepi modestly protests that he is no Don Juan, but the title role of "Don Giovanni," Mozart's great opera about the fabled lover, is one of his favorites.

He also denied that he has a technique for avoiding marriage.

"I'm not a confirmed bachelor," he said with a laugh. "I enjoy the bachelor's condition without considering it final.

"But I think marriage means a home and a family, and how can I have that leading my Gypsy life?"

Siepi spends 10 months out of the year "as a traveling performer," keeping operatic engagements in New York, Chicago, San Francisco, Milan, Naples and Florence and going on extensive concert tours.

DECLINES PARIS CALL

He is so busy that he had to decline an invitation to sing at the Paris Opera this season.

"I am a bachelor merely because I am a singer," he said. "I know many singers marry. But I don't know how they manage.

"I must admit I've been tempted to make the trip to the altar, but I've always decided against it."

Siepi, as famed for his dramatic characterizations as his voice, says he is completely involved in his art "in a philosophical way."

He does not wish to spend any of his time and energy on outside things and would like to be even more intense about his work than he is.

He loves meeting renowned beauties and women "destined to be glamorous," but he does not seek them out as dates. He doesn't like big parties where he has to meet lots of strangers.

His idea of a plesant evening is a date "with a girl I'm fond of," a good dinner at an intimate restaurant with music and a little dancing, and a nightcap at a club.

"From many angles I'm inclined toward an American wife," he said.

"American women are still unusual personalities to me. It is wonderful to watch them as they gain freedom from silly taboos without losing their femininity."

Siepi does not believe that American women are undermining their men's traditional position of authority or even want to.

In his opinion, men always will shoulder the major responsibilities of marriage.

"We gave the rib, and it is always to our advantage," he said.

Toth-Evans Ceremony at Emmanuel Baptist

The Rev. Willard Stallcup read the Saturday nuptials of Judith Ellen Evans and S. Lawrence Toth in the Emmanuel Baptist Church. Tall altar vases of white pompons, carnations and roses caught the light from candelabra placed in the chancel.

Four tiers of white Chantilly lace over taffeta fashioned the bouffant wedding gown. The fitted bodice and long tapering sleeves were of lace.

★ ★ ★

A tiny Swedish crown of rhinestones and pearls secured the fingertip veil of silk illusion. The bride's cascade bouquet of white roses and carnations was backed with ivy.

Honor maid Peggy Scruggs of Waterford appeared in ballerina-length powder blue nylon taffeta. The bride's sister Christine, chose floor-length white lace over powder blue taffeta. They wore crown-type hats with nose veils and carried blue-tipped white carnations.

★ ★ ★

On the esquire side were Herbert Wilson of Lake Orion, best man; the bride's brother Thomas and Dennis Williamson of Lake Orion, ushers.

Parents of the couple, Mr. and Mrs. Vernon Evans of Oak Knoll street and the Steven Toths of Grafton street, greeted 150 guests at a church reception following the rites.

★ ★ ★

Mrs. Evans chose moss green lace over taffeta, a green and rose hat, green gloves, and crystal accessories for her daughter's wedding. Mrs. Toth's gown of blue lace over taffeta was accesorized in navy. Both mothers wore pink carnations.

★ ★ ★

After a northern Michigan honeymoon, the couple will reside on north Opdyke road.

Mrs. Roosevelt Has a Custom:

She Shops All Year Long for Christmas

In this broad land there is at least one woman who abides by that universally popular vow to do this year's Christmas shopping early.

She is Mrs. Eleanor Roosevelt.

"It has long been my custom to shop for Christmas presents throughout the entire year," she wrote in her recent book, "On My Own."

"Wherever I may be in January or June or Nov. I always seem to be picking up some small gift that I think might please a member of the family or a friend on the following Dec. 25."

FOR THE LOVE OF CHRISTMAS — Mrs. Eleanor Roosevelt attends a Christmas party for 300 New York youngsters given by Princess Lalla Aminas, whom she is holding on her lap. The former First Lady attends many such parties each holiday.

One reason for this custom is Mrs. Roosevelt's deep affection for the Christmas season.

"Christmas means a great deal to Mrs. Roosevelt," says Miss Maureen Corr, her secretary. "She loves Christmas and she loves giving."

★ ★ ★

The former First Lady always goes home to Hyde Park, N. Y. for Christmas. She likes to have as many of her children, and grandchildren and great-grandchildren with her as possible.

★ ★ ★

But she also spends much of her time during the season attending parties for children less fortunate than her own.

★ ★ ★

"Her Christmases are necessarily lavish because her family is so large," says Miss Corr. There are the five children, 19 grandchildren and 10 great-grandchildren. She also gives to many others, "easily in the hundreds," her secretary says.

Mrs. Roosevelt has a Christmas book in which she keeps a list of what she has given to friends and relatives during the years. In this way she avoids duplications.

"The black book is quite thick," says Miss Corr.

In the book besides the children are such persons as Prime Minister Nehru of India, former President and Mrs. Harry Truman, Queen Elizabeth, a New York state trooper, and a White House telephone operator.

★ ★ ★

A fast shopper, Mrs. Roosevelt says she can buy a dozen or more presents during an hour's shopping in a department store. She also does quite a bit of shopping on her many trips abroad.

★ ★ ★

This was true early this year when she visited London, Paris, Israel and Iran.

"She has a special Christmas closet at Hyde Park where she stores the gifts," Miss Corr says.

As the end of the year approaches, the closet becomes quite crowded.

Khrushchev Painting Rosier World Picture

MOSCOW (UPI)—Soviet Premier Nikita Khrushchev told an American trade union delegation in the Kremlin Tuesday he thought the world atmosphere is improving.

Khrushchev painted an optimistic view of the future and a rosy picture of the life of Soviet workers in a one-hour meeting with three members of the International Longshoremen's and Warehousemen's Union of San Francisco, headed by Secretary Louis Goldblatt.

Goldblatt later told a press conference of Soviet and foreign journalists, "Khrushchev repeated several times during the conversation that the world picture appeared better, and that he was optimistic."

Question's Unpatriotic, but . . .

Is U.S. Government Going Bankrupt?

WASHINGTON (UPI) — The little affairs of the voter-taxpayer's business do not prepare him to understand the big affairs of government business. The numbers behind the dollar signs of government business are too big for the voter-taxpayer to comprehend.

This essay will be devoted to cutting down to size the numbers behind government's dollar signs. For example, in five months plus four days of the current fiscal year, the Treasury has reported withdrawals of $41,067,091,596.79. These, friends, are BILLIONS.

"Withdrawals" is a Treasury gobbledygook word which may be translated as being a reliable indicator of how much government has spent, so far. To cut these billion dollar figures down to size, the thousands, hundreds and cents digits will be dropped in this essay. Withdrawals become, in this manner, $41,067.

Minus the thousands, hundreds, and cents, the daily Treasury statement for this fiscal year through Dec. 4 compared to the same period last year would read like this:

	THIS YEAR	LAST YEAR
Withdrawals (spent)	$ 41,067	$ 40,568
Deposits (revenue)	33,091	28,660
Cash balance (in bank)	6,231	3,332
Debt	282,140	282,513

The stockholders of a little business which came up with a report like that would be looking around for new management to conserve their investments. If members of the House and Senate comprised the board of directors of this little business, the stockholders would be seeking better men to obtain either great economies or more revenue.

★ ★ ★

The stockholders would be looking at an $8,000 loss in five months despite sizable and increasing revenue.

NOT VERY PLEASING

They would note that this little business had improved its bank (cash) balance by about $1,000 over the balance for the same date the previous year.

That part would please the stockholders. It would not please them enough, however, to lift them past the fourth item in the accounting. Item 4 contains the bad news. This little business was badly in the hole a year ago, its debt amounting to $282,513. Now it is another $10,000 in the red for a total debt of $292,140. And the stockholders know this has been the trend for many years.

★ ★ ★

The bankers are beginning to press this little company. It must pay high interest rates for short-term borrowing. Long-term loans cannot be obtained. Wholesale suppliers of this little business are beginning to demand cash before shipment of a keg of pickles.

In fact, this little business is heading toward bankruptcy and, if it were not downright unpatriotic to suggest it, so is the government of the United States. The little business and the big government have been living beyond their incomes for so many years that the managers, even the dopey stockholders, have adjusted to it, as humans so easily do to any comfortable vice.

Bankrupt governments do not close shop. Can't do that. What bankrupt governments finally do is to slide out from under their obligations. First their money is sapped by inflation. At the worst the money loses all value, and government repudiates its bonds.

That is when new, tough management must come in — and does.

The White Mountains of New Hampshire and the Green Mountains of Vermont are part of the same Appalachian mountain range.

'Silent Concert' to Fete Hush Label Anniversary

DETROIT (UPI)—The "Hush Label" record organization will mark its first anniversary next month by presenting a "silent concert" featuring the 65-voice University of Detroit chorus.

They will not sing.

★ ★ ★

Henry Morgan, radio and television humorist, will be master of ceremonies for the first annual Hush Label silent record concert and recording session.

Morgan will talk.

The "concert," planned for Jan. 10 at the Cass Theater, will follow "National Silent Record Week," which will be observed the first seven days after New Year's Eve.

Hush Label's silent records shot to national prominence a year ago when they first were introduced on the U. of D. Student Union juke box in retaliation against rock 'n' roll.

You pay a dime for a record of silence.

STEREOPHONIC TOO

Hush Label was formed by students to publish silent records in both regular and stereophonic silence (twice as silent as regular silence).

★ ★ ★

Hush announced (in a low voice) its most recent product is its own version of the old Christmas favorite, Silent Night.

Beep! Kids Are Driving New Compact Compacts

EAU CLAIRE (AP)—One Michigan manufacturer of compact autos lays claim to the financial bonanza of the year with his product despite an output of only about 3,000 for 1958.

Sam Schpek manufactures motor-driven cars for children.

★ ★ ★

He started in April 1958 with seven persons at his Eau Claire plant to assemble and ship the cars. Steel fabrication is done at his Dowagiac factory and fiberglass bodies are molded in a Toledo, Ohio, factory.

A new idea hatched last spring, says Schpek, has proved a great sales booster. He persuaded Studebaker officials to let him start production of midget replicas of the Studebaker Lark and Mercedes-Benz convertibles.

In turn, he also received the firm's cooperation through Studebaker agencies to sell the children's model as a two-in-one deal with each sale of a regular-sized auto.

Schpek estimates that production has tripled at his plants since last September when the first of the Larkettes and little Mercedes-Benz models came off his assembly lines.

BUICK NEXT

Another boost came this week with the signing of a contract to produce miniature Buick models. "And I may have other contracts in the making, too," Schpek adds.

He operates under the formal name of Master Enterprixes, Inc.

Orders for the cars have come in from such places abroad as Africa, Korea, Germany, Switzerland, Belgium and Puerto Rico.

The little cars range in length from 66 to 73 inches for the regular models and up to 92 inches for the Mercedes-Benz model. Their engines range from two to four horsepower.

Their success has Schpek thinking of putting out a regulation road model of his standard midget as the "Beep." It would run about five miles an hour faster than the Mercedes-Benz midget which clips along at a top speed of 35 mph and the proposed car's four-cylinder engine probably would allow up to 75 miles per gallon of gasoline.

"But it's hardly on the drawing board," says Schpek. "If it ever materializes, I think we would really have something."

Schpek's current models range in price from $330 and $236 for Larkettes, Races and Beeps, to $850 and $450 for the Mercedes-Benz replicas.

State Lawmen Seek Drunkometer Law

EAST LANSING (AP) — Representatives of Michigan's law enforcement agencies have decided to try again for a legislative act legalizing chemical testing of drivers for intoxication.

★ ★ ★

The decision was reached by a legislative committee representing the Michigan Assn. of Chiefs of Police, sheriffs, judges, justices of the peace, prosecutors, state police and the attorney general's department.

A similar bill passed the Senate during the current legislative session but died in the House Judiciary Committee.

Proponents of the measure said they thought it would have a better chance for passage in 1960 because of a supreme court decision that such evidence is admissible in court.

Flint Central Offers First Road Test for PCH

★ ★ ★ ★ ★ ★

Sees PCH Losing

Cagey Charley Is 'Caged'

Cagey Charley had himself a rough night last week with the local prep basketball teams.

Ole Charley was shook up at the beating Avondale took from Troy, but he squeezed out a couple of victories with Pontiac Central dumping Arthur Hill by a single point and Waterford tripped Walled Lake by two.

This gives Charley a 16-7 for the season for a .697 percentage.

Friday Cagey Charley sez:

Pontiac Northern over Berkley, Farmington over Walled Lake, Waterford over Southfield, Birmingham over Hazel Park, Clarkston over Milford, Lake Orion over Clawson, Ortonville over Imlay City, Clarenceville over Holly, Bloomfield Hills over Northville, St. Benedict over St. Mike, St. Fred over St. Clement and Orchard Lake St. Mary over St. James.

BLUE PLATE SPECIAL:

Flint Central over Pontiac Central.

BENCH STRENGTH — Pontiac Central basketball coach Art Van Ryzin has three capable guards on the bench ready for emergency duty at all times. From left to right are Vern Ellis, Dick McCauley and Fred Staley. They'll be waiting for Van Ryzin's call again Friday night when the Chiefs go to Flint Central for a Valley duel with the Indians.

Pontiac Central Cagers in Valley Struggle Friday

Chiefs Risk 3-0 Mark Against Upset-Minded Indians at Flint

By BILL CORNWELL

Flint Central's racehorse basketball team — inexperienced, unpredictable and dangerous — gives Pontiac Central its first road test of the 1959-60 season Friday night in a Saginaw Valley Conference game at Flint's Ballenger Fieldhouse.

The Chiefs will put a perfect 3-0 record on the block in their first venture into enemy territory after defeating Dearborn Edsel Ford, Pontiac Northern and Saginaw Arthur Hill at home.

Despite an unimpressive 1-2 mark, the youthful Indians must be considered a major hurdle for the Chiefs to clear if they have any intentions of winning their 2nd consecutive Saginaw Valley crown.

Joe Dowdy's squad got off to a rocky start this year by taking a 68-44 lacing from a strong Lansing Eastern team and five days later city rival Southwestern made it two losses for the Indians with a 64-52 triumph at the IMA.

★ ★ ★

Then the Indians really unloaded a high-powered attack against Bay City Central last Friday, racing to an 82-58 victory over the Wolves in their Valley opener.

The PCH-Flint Central battle is one of three SVC games on tomorrow evening's full schedule as the infant league race swings into its 2nd week.

Saginaw (1-1) goes to Bay City Central (0-2) and Arthur Hill (1-2) plays host to Flint Northern (2-2) to complete the SVC card. Saginaw High, Flint Central and PCH currently share the Valley lead with 1-0 records.

★ ★ ★

The Chiefs found out last week that winning another title would be no picnic when they were forced to come from behind for a 56-55 decision over Arthur Hill on the friendly PCH floor in their loop opener.

Now they must leave town to meet a Flint Central quintet which always has been troublesome for them and especially on its own court. Pontiac's only loss during the 1958-59 regular season schedule was a 53-52 overtime reversal at Flint Central's gymnasium.

The Indians, Valley champs two years ago and 3rd place finishers last year, suffered heavy losses in personnel this season through a combination of graduation and transfers to the new Southwestern High School.

★ ★ ★

Dowdy had only three returning letter winners when practice sessions began — forward Dick Kucharski, guard Jack Rashleigh and center Bob Hudson. There is a lack of height in the Indian camp since Hudson at 6-1 is the tallest player on the roster.

The Chiefs have been hard at work this week in the PCH gym. Coach Art Van Ryzin has been drilling them in the ways and means of combating Flint's pressing defense and run-and-shoot offense.

★ ★ ★

No lineup changes are planned by Van Ryzin at the moment. He'll string along with forwards George Fed and Bill Hayward, center Bill Pritchett and guards Phil Rabaja and Booker Hurner.

Ramsey Leaves Lions for Buffalo

Defense Expert to Boss Team in New League

Signs Three-Year Pact Following 8 Seasons as Detroit Assistant

DETROIT (AP) — Garrard (Buster) Ramsey divorced himself of his eight-year association with the Detroit Lions to go to work for one boss.

Ramsey, the Lions' defensive coach since 1952, signed a three-year contract yesterday as head coach of the forming Buffalo Bills. He was the first coach named by the fledgling American Football League, which plans to start operations in 1960.

Ralph C. Wilson Jr., a Detroit businessman and owner of the Bills, brought Ramsey to terms after three days of negotiating. Wilson is a minor shareholder in the Lions.

With the Lions, whom he helped to three National Football League championships, Ramsey was responsible to coach George Wilson and a 13-man board of directors.

★ ★ ★

"It's an opportunity I just couldn't turn down," said Ramsey. "I can hire my own assistants and I'll be under the control of only one man—Ralph Wilson. As far as football goes, I'll be the man and I'll have only one owner to satisfy.

"I've got job security for three years," Ramsey said. "Besides I've always wanted to become a head coach. I'm going into this thing with my eyes open."

He said he hated to leave the Lions and the NFL. Ramsey, 39, was a long-time star with the Chicago Cardinals before Buddy Parker brought him to Detroit in 1952.

★ ★ ★

Ramsey is credited with building the great Lion defensive units. The Lions won the world championship Ramsey's first two years in Detroit and repeated in 1957. They won the Western Division crown in 1954, but lost in the championship game.

George Wilson said he is in no rush to name a successor to Ramsey on the Lions. He may wait until early next year before hiring a new aide.

Ramsey is faced with the greater problem of hiring a complete staff, plus almost an entire roster of players.

"That's going to be my big problem," said the former William & Mary All America, "getting ballplayers. I'm going to get right to it.

"After talking to my new boss, I'm convinced we're going to be operating in 1960. He says they have enough money to do the job."

LEAVES LIONS — Garrard "Buster" Ramsey (right) signs a contract with Ralph C. Wilson Jr., to become the head football coach of the Buffalo Bills of the new American Football League. Wilson is the owner of the franchise. Ramsey has been defensive coach of the Detroit Lions. He signed a three-year contract for a reported $27,500 annually.

Ho, Hum, Another Trophy Awarded to Syracuse 11

SYRACUSE, N.Y. (UPI) — The United Press International trophy, emblematic of the 1959 National Collegiate football championship, was formally presented to Syracuse University last night.

Leo H. Petersen, UPI sports editor, presented the trophy to Syracuse coach Floyd (Ben) Schwartzwalder as the highlight of an annual banquet tendered the team and its coaches by the varsity and touchdown clubs of Syracuse University.

Syracuse guard Roger Davis also was presented the UPI's "Lineman of the Year" award by Petersen. Davis was named for the honor in a nationwide poll of sports writers and broadcasters.

Cobb Reminisces 24 Years in Majors

NEW YORK (AP) — "I'm on the threshold of old age," said Ty Cobb, "and believe me, it's quite an adventure."

★ ★ ★

The voice on the telephone came through in a hoarse, throaty whisper, as if it were an effort to speak on the part of the once fiercest of all competitors.

"I'm all right," the voice assured. "I'm feeling 100 per cent. I've had more x-rays and tests in the past few days than I've ever had in my life. The doctors say I should be out of here soon."

By "here" Cobb meant Emory University Hospital in Atlanta where he has been confined with a back ailment since Sept. 29.

★ ★ ★

Cobb hopes to be permitted to leave by next Sunday or Monday. That means he will spend his birthday at the hospital. The famous Georgia Peach, who played the first of his 3,033 Major League games some 55 years ago, will be 73 tomorrow. He spent 22 of his 24 years in the Majors with the Detroit Tigers, finishing with the Philadelphia Athletics.

"There are still a couple of x-rays to come," he said. "After that, if all is well, they'll let me leave for my home in Glenbrook, Nev. I feel well enough to walk out right now. In fact, they're allowing me to go to Royston (Ga.) tomorrow to attend a testimonial dinner for me at the Ty Cobb Memorial Hospital."

It's 31 years now since he hung up his spiked shoes, but Cobb's interest in baseball hasn't waned. He hardly sees more than three or four games a year, but he keeps abreast of the sport and the players through the newspapers. And his brain, regarded as the nimblest baseball has ever known, is as keen as ever.

★ ★ ★

"I see where the boys are stealing bases again," he remarked. "That's wonderful. I don't get to see many games any more, but I make it a point to see this White Sox fellow (Luis) Aparicio whenever I can. And of course the Giants' Willie Mays.

★ ★ ★

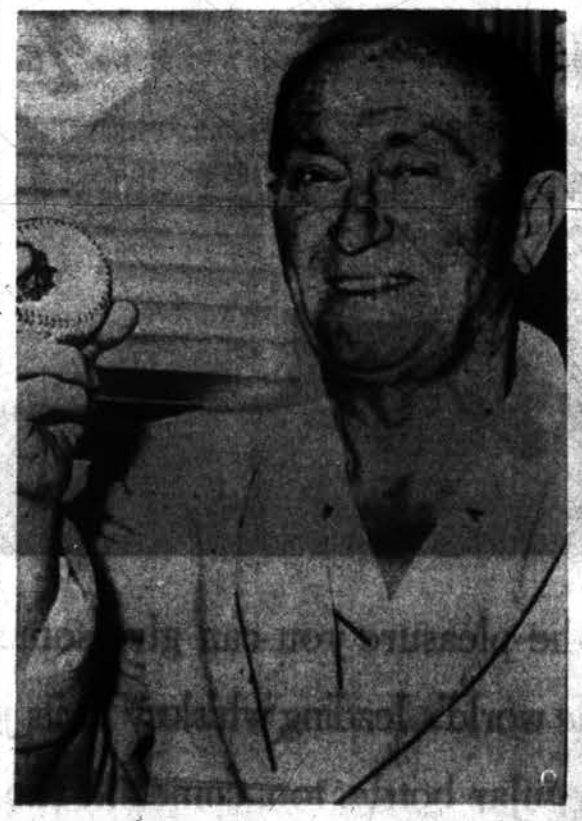

"The managers are finally beginning to realize the value of the stolen base. The stolen base is a mental hazard to the pitcher. It's more upsetting to him than even a home run."

★ ★ ★

The man who owns a lifetime mark of .367 and 12 times led the American League in batting, once stole 96 bases during a season. He declared the present day players can run just as fast as the players of his day "only they don't make as much use of their speed."

★ ★ ★

"I never stole a base with the idea of setting a record," said the man whose 892 total is unchallenged. "I stole only to get in scoring position."

COBB REMINISCES — Ty Cobb, the Georgia Peach of baseball, reminisces his great days while in a hospital in Atlanta, Georgia, where he has been undergoing a checkup. Cobb, who had an amazing career of 24 years in the Majors, will celebrate his 73rd birthday Friday.

Farmington Bowlers Keep Going Strong

The Farmington Majors Classic keeps coming up with big scores week after week.

A trio of 700s and 37 series of 600 or better featured the latest outing. Individual stars were Jack Norton 279-734, Bill Beeman 279-741, Tom Lauzon 717 and Rex Gibbons 274.

Among the teams, Auto-Mo-Bowl totaled 3278, B & M Recreation of Walled Lake 3252, Hank Gniewiks 3134.

Dykes Rates Mays Over Kaline

DETROIT (UPI) — Detroit Tiger Manager Jimmie Dykes said yesterday he considered Willie Mays a better centerfielder than Tiger star Al Kaline.

"It may be treason but that doesn't bother me," the outspoken Dykes told newsmen at a Detroit press club meeting. "I have to admit that I think there isn't a better centerfielder in baseball than Willie Mays.

"Kaline is great, but Mays is really great."

Dykes said he would have to "stick with the winner" and pick Chicago as the best club in the American League for 1960 although he said he believed Detroit, New York and Cleveland would press the White Sox.

New York was definitely helped by the trade with "its farm club in Kansas City," Dykes said, but he added that the trade also helped Kansas City.

"I can't see why anyone would want to help the Yankees, though," he said, "more fans turned out to see them beaten last year than ever visited the parks to see them win."

Dykes said he thought Cleveland got "one of the best second basemen in baseball" when it traded Cal McLish for Johnny Temple of the Cincinnati Reds but "I don't know if a second baseman can make up for the 19 wins that McLish recorded last year."

He admitted that he expected some problems with temperamental Chico Fernandez, the new shortstop acquired by the Tigers. Dykes added that he thought he was "egotistical enough" to think he could handle Fernandez.

Steve Bilko, the first baseman Detroit acquired, is not a smooth fielder, Dykes conceded, "but he'll be as good as anything we had out there last season and at least he'll get a hit once in a while."

Dressen Claims Braves to Show More Zip in '60

MILWAUKEE (AP) — Charlie Dressen, the Milwaukee Braves new manager promised last night that his ball club "will win a few zip next year and win a few games earlier in the year."

★ ★ ★

"The boys in the dugout are going to talk a little more baseball this summer and see if we can't steal a few signs once in a while," he said at a news conference and in a speech before a sports club at nearby Waukesha.

★ ★ ★

Dressen said that he had "quite a talk" with Wes Covington, Milwaukee outfielder, recently and will have him start exercising before coming to spring training.

Covington was a disappointment to the Braves early in the season before he injured his knee and sat out the closing weeks.

Protested Call Beats 'Down' Pistons, 107-106

DETROIT (AP)—Coach Red Rocha and the Detroit Pistons claim they're getting as much trouble from the officials as their opponents lately.

★ ★ ★

Rocha's latest blast at the officiating came last night at the end of the Pistons' 107-106 loss to the St. Louis Hawks. Rocha claimed Cliff Hagan of the Hawks double-dribbled as he drove toward the basket with 30 seconds left.

Referee Pete D'Ambrosia called it otherwise. He ruled Hagan was fouled by Detroiter Bailey Howell.

★ ★ ★

After Rocha's lengthy protest, supported vocally by the 4,501 Olympia Stadium fans, Hagen calmly sank his free throw. The one-point provided the victory for the Hawks.

D'Amato to Get Trial

NEW YORK (AP)—Fight Manager Cus D'Amato was ordered Wednesday to stand trial in Special Sessions Court Feb. 8 on a charge of failing to answer a subpoena—a violation of the general business law—from the attorney general's office.

★ ★ ★

The attorney general's office is one of three governmental agencies which have investigated or still are probing the promotional background of the June 26 Ingemar Johansson - Floyd Patterson heavyweight title fight. D'Amato manages Patterson.

The defeat was the fifth in the Pistons' last six games. Rocha had beefs about the officiating in three of last week's defeats.

The Hawks rallied strongly before overtaking Detroit and setting up Hagan's clutch charity toss.

Detroit was leading 89-81 early in the fourth quarter when the Hawks caught fire. Led by Bob Pettit and Clyde Lovellette, St. Louis moved ahead 106-104. Howell tied the score just before the hassel with the referee.

★ ★ ★

Rookie Howell had his best game in the National Basketball Assn. He topped all scorers with 33 points. It was the second game in a row the Mississippi State All America bettered the 30-mark.

Pettit led the Hawks, who boosted their Western Division lead over Detroit to 4½ games, with 32 points. Walter Dukes had 21 and Gene Shue 20 for Detroit.

Wilt (The Stilt) Chamberlain had another one of his brilliant games for the Philadelphia Warriors last night. The Stilt scored 43 points as the Warriors licked the Cincinnati Royals 114-105. Jack Twyman scored 34 points for the Royals.

Syracuse edged New York 116-113 in last night's other NBA game.

All-Star Pin Points

RELEASE — Billy Welu's thumb comes out first while the first two fingers apply the spin to the hook ball.

THE HOOK
By BILLY WELU

Breaking well, the hook ball is beautiful to watch, devastating when it hits the pins.

After you have mastered some of the basic fundamentals of the delivery, work as hard as possible on developing a controlled hook.

Perhaps my hook wouldn't be as effective as it is on occasion if it hadn't been for an accident to my right hand. It forced me to perfect a grip all my own. I have the middle finger of my bowling ball drilled for fingertip while the ring finger is drilled semi-fingertip. The holes are drilled very close to each other with almost no bridge.

The middle finger overlaps the ring finger so that those two fingers are virtually employed as one big finger. This allows me to obtain additional lift on the ball with a minimum of exertion.

A hook is a turning ball, faster and with more revolutions than any other delivery. It definitely is a working ball. It is released with the thumb in a position at what would be approximately 10 o'clock on a clock dial. The base of the V formed by the thumb and index finger points directly toward the pins.

The thumb, of course, is released first. The remaining finger, or fingers, which give the lifting action to the ball, come out a split-second later.

Tigers Refused Pirate Treasure for Al Kaline

GIANTS WARMUP—Defensive backfield men of the New York Giants are getting ready to protect against the passing of Johnny Unitas in their National Football League championship game, December 27th. Left to right are Dick Lynch, Jim Patton, Dick Nolan and Lindon Crow. The two teams met last year for the title and Baltimore came out the winner.

NL Team Had Offered Three of Its Starters

Pittsburgh Trio Said to Be Worth $500,000; Deal Tried at Miami

DETROIT (AP) — The Detroit Tigers have refused a chest of pirate treasure for Al Kaline.

General Manager Rick Ferrell disclosed last night the Pittsburgh Pirates offered three regulars for the Tigers' star center fielder. The three Pirate players reportedly are worth at least a half million dollars.

"Yes, they offered us three players for Kaline," Ferrell said. "But that's as far as the Pirates got. We gave it no consideration."

The Pirate proposition was made last week at the Major League meetings in Miami. Ferrell said he and manager Jimmie Dykes were having breakfast with General Manager Joe L. Brown and manager Danny Murtaugh of the Pirates.

"We had a deal in mind," Ferrell said. "But then they mentioned Kaline. We just stopped talking when they did. It never got serious."

Ferrell declined to name the Pittsburgh Players offered as bait for Kaline.

"I'd rather not name names," he said. "I heard that Brown said they were worth a half million dollars. I wouldn't want to estimate their value."

It was believed the Tigers originally wanted a shortstop from the Pirates. Dick Groat apparently was one of the Pittsburgh players offered. It's likely the others were an outfielder and a first baseman — possibly Bob Skinner and Dick Stuart.

Jim Campbell, Tiger vice president, said it was a typical type of discussion that comes up when teams start negotiating.

"Sure, I don't blame them for wanting Kaline," Campbell said. "We're interested in Willie Mays and Mickey Mantle and other stars too. But that doesn't mean we can get them."

Ferrell said he understood Pittsburgh made similar proposals for Harmon Killebrew of Washington, Rocky Colavito of Cleveland and Roger Maris, then of Kansas City. Maris was dealt last Friday to the New York Yankees in a seven-player swap with the Athletics.

The unrestricted trading period between the American and National Leagues ended at midnight Tuesday.

NOW AN INDIAN — Johnny Temple, second baseman with the Cincinnati Redlegs for 10 seasons, tries to catch a glimpse of his future after he learned he had been traded to the Cleveland Indians. "I'm pretty shook up," he said in Tampa, Fla., "but I'm glad it's in the other league so I don't have to play against my old teammates."

Cundiff in 3 Games

10 MSU Players in Bowls

EAST LANSING (UPI) — Ten Michigan State senior football players will make a total of 14 bowl game appearances over the holidays, it was announced today.

Larry Cundiff, defensive captain, will play in three — Blue-Gray, Copper Bowl and Hula Bowl games.

★ ★ ★

All-American quarterback Dean Look, and tackle Palmer Pyle will play in two bowl games.

The rundown of games and Spartan entries:

Dec. 26 — North-South game, fullback Park Baker; Copper Bowl, quarterback Larry Bielat and end Dave Northcross; Blue-Gray, guard Don Wright, tackle Paul Rochester and Cundiff.

Jan. 2 — (East-West game, in which MSU coach Duffy Daugherty will coach the East squad, fullback Blanche Martin, Look and Pyle.

Also announced were two honors to Martin. He was named to the all-Big Ten academic honor eleven and given the Fred Danziger award at the Detroit alumni bust as the top Detroit area player on the Spartan team.

Colt Offense, Giant Defense Is Best

PHILADELPHIA (AP)—A look at the final National Football League statistics Wednesday indicates the championship battle Dec. 27 pits a potent Baltimore offense against a rugged New York defense.

For the second year in a row the defending champion Colts, Western Conference titleholders, captured first place in total offense with 4,458 yards and in scoring with 374 points.

★ ★ ★

Thanks to the passing of quarterback Johnny Unitas and the receiving of Ray Berry, Lenny Moore, Jim Mutscheller & Co., the Colts supplanted Pittsburgh for top honors in total yardage gained passing with 2,753 yards.

★ ★ ★

The Giants, with big Sam Huff holding up the middle of the line, showed they were the best defensive team against rushing for the second straight year. They allowed 12 opponents a total of 1,261 yards, an average of 3.3 yards on each of 379 carries. New York also was first in total defense, giving up 21,843 yards.

Fullback Jimmy Brown hoisted the Cleveland Browns to their second straight rushing title. He picked up 1,329 of the total 2,149 yards.

The Chicago Bears showed the best pass defense. Their rivals completed 43.2 per cent of their 333 attempts.

Punting honors went to the Giants with an average of 46.6, a tenth of a yard better than Detroit.

★ ★ ★

The Colts' 4,458 total offense this year was only 81 yards less than they rolled up in 1958. Their 374 points were only seven less than a year ago.

Los Angeles, which turned out to be a disappointing club, took second place honors in total offense for the second year in a row. The Rams picked up 2,482 yards passing and 1,778 rushing for a 4,260 total. New York was third with a 4,173 total.

In rushing offense, behind the Browns were Washington, 1,964, and Green Bay, 1,907.

Wings Will Host 'Cousins'

DETROIT (AP)—The Detroit Red Wings intend to streak past the Chicago Black Hawks tonight without a glance at the calendar.

The Wings are comfortably in second place and suddenly have become a threat to the Montreal Canadiens. Montreal leads the National Hockey league by six slender points.

Detroit takes three separate unbeaten streaks into tonight's clash.

Just about a year ago, the Red Wings were equally as comfortable in second place. And just as now, they boasted a five-game unbeaten string.

Then without warning they went into a skid. They lost four in a row, won once in 15 games. Down and down they went, never stopping until they were dead last. It was the first time in 21 seasons Detroit had missed the Stanley Cup playoffs.

Now the Red Wings have won four of their last five games and tied the other. They haven't lost since Terry Sawchuk returned to goal since his illness. Detroit's unbeaten streak under Sawchuk actually extends over seven games. The Wings lost three times while Sawchuk was recovering from his attack of neuritis.

Detroit holds a six-game winning streak over the Black Hawks on Olympia Stadium ice stretching into last season.

PNH Tankers Host Thurston

Pontiac Northern, with a 1-2 dual record for the season and a 1-1 mark in the North Suburban Swim League, will play host to Detroit Thurston tonight in a NSL meet.

The Huskies own a victory over Madison in the league and were beaten by Southfield.

Thurston, a strong choice to win the league, is unbeaten in a pair of meets this year.

Unbeaten Fitzgerald, with a 3-0 mark, defeated Southfield last night, 52-44.

★ ★ ★

The winners took firsts in six events with Keith Brockman setting a varsity record in the 50 freestyle in :25.3, and Larry LeFever a varsity and pool record in the 100 breaststroke in 1:11.9.

Veeck in Favor of Additional Trading Period

CHICAGO (AP) — The interleague trading period didn't go far enough and there should be two each year, President Bill Veeck of the Chicago White Sox said Wednesday.

★ ★ ★

"I'd like to see another one in June," he said. "Unrestricted trading then would be more helpful by that time every club knows exactly what it needs after seeing its players in action for several months.

★ ★ ★

"I would make it a much shorter period, though, than the one in the fall (Nov. 21-Dec. 15) because you have plenty of time to do your negotiating. All you have to do is announce the deals during the period specified. At most, five days would do it, say June 10-14."

Final Workouts Today

ST. PETERSBURG, Fla. (AP) —Texas A&I and Lenior Rhyne were scheduled to hold final 90-minute workouts today in preparation for Saturday's Holiday Bowl game.

Four Lions in Pro Bowl

LOS ANGELES (AP) — The Detroit Lions placed four players on the Western Division's National Football League All-Star team.

The team will meet the Eastern Division All-Stars Jan. 17 in the annual Pro Bowl at the Memorial Coliseum here.

Lions named to the All-Star club were linebacker, Joe Schmidt, halfback Jimmy David and safety Yale Lary from the defensive unit and offensive guard Harley Sewell.

The division champion Baltimore Colts and the San Francisco 49ers each had seven players named to the Western team. The Colts' Johnny Unitas and the 49ers' Y. A. Tittle were the quarterbacks.

Six Chicago Bears were picked for the team.

Cincinnati, Bradley, St. Louis Are Top Teams

MVC Is Rugged Cage League

By The Associated Press

Cincinnati's Bearcats, tabbed by one victim the best college basketball team in recent years, may need to be to survive the kind of competition they'll face from Bradley, St. Louis and Drake within the rugged Missouri Valley Conference.

★ ★ ★

Last year, the powerful MVC graduated its first three teams to the two post-season national tournaments — Cincinnati to the NCAA and Bradley and St. Louis to the NIT. This year, the big three's as tough as ever and Drake seems ready to make it a quartet.

The four, so far, have a combined 18-1 won-lost record against essentially major opposition. The only loser has been St. Louis — beaten last week by unbeaten, highly-regarded Ohio State.

★ ★ ★

The Billikens promptly bounced back with a 12-point victory over Kentucky and last night ran their record to 5-1 with a 65-61 cuffing of Providence, one of the East's stronger independents. Meanwhile Bradley, which had dumped Providence, one of the East's stronger independents. Meanwhile Bradley, which had dumped Providence off the unbeaten list Monday night 57-55, fattened its record to 5-0 in a 74-54 decision over Fordham.

★ ★ ★

Add idle Drake's 4-0 ledger including victories over Michigan, Utah State and Texas Christian and it's something to think about for Oscar Robertson and his current Cincinnati playmates, called "the best I've seen" by coach Jack Ramsey of St. Joseph's (Pa) after his Hawks were de-feathered at Cincinnati 123-79 last Friday.

★ ★ ★

Prize sophomore Chet Walker, who joins four holdovers in Bradley's starting line-up, had his poorest night of the season but still had 16 points and 18 rebounds against Fordham. The 6-7 Negro from Benton Harbor, Mich., has scored 135 points in five games.

Board play, dominated by bulking Bob Nordman, and a nine-minute scoring drought by Providence early in the second half got St. Louis home free after the Billikens trailed 32-31 at the half.

Villanova, LaSalle and Holy Cross, three of the East's unbeatens, kept rolling, Yale and Cornell won Ivy League games, and the host Quantico Marines moved within one victory of nailing another Quantico Christmas invitational title in other Wednesday features.

★ ★ ★

Villanova, with Hubbie White leading a well-balanced attack, made it 5-0 in a 68-56 whipping of hapless North Carolina State (2-4), while Bob Alden's 27 points and 23 rebounds led LaSalle (5-0) over Lafayette, 81-73. Sophomore Jack Foley hit for 28 points as Holy Cross routed Amherst 78-45.

Yale won its Ivy opener from Brown 81-63 as veteran Dan McFadden scored 19 points and soph Bill Polinsky 15, and Dave Zornow's four free throws in the last 46 seconds and George Farley's all-around play enabled Cornell to topple Ivy foe Columbia, 74-70. Farley, a 6-7 senior, had 19 points and 22 rebounds.

Martin Angry

Trade Players Unhappy in Tribe-Redleg Switch

CINCINNATI (AP) — The big baseball trade between Cincinnati and Cleveland, revolving around infielder Johnny Temple and pitcher Cal McLish, did not particularly please the players.

Temple, star second baseman, lead-off man and spark plug of the Reds, was surprised and disappointed. He said Wednesday he didn't want to be traded, then added he would do his best for Cleveland.

McLish, who won 19 games while losing only 8 for the Indians this year, said he had hoped to remain at Cleveland, even though Frank Lane, general manager, "never did like me." Later he said he was satisfied.

And blunt Billy Martin, who also came to Cincinnatin in the deal, blamed Manager Joe Gordon. "So I'm out of the American League now because Gordon doesn't like me," he said.

Only Gordon Coleman, a standout minor league first baseman, had nothing to say about being sent to the Reds in the package.

The deal was one of 15 completed during the new inter-league three weeks' trading period, and was made just before the midnight deadline Tuesday.

Despite the players' remarks, Gabe Paul, general manager of the Cincinnati club, and Lane said they thought the exchange strengthened their clubs. The Reds tied for fifth place and Cleveland finished second.

Temple, who lives in Tampa, Fla., was told shortly after midnight that he had been traded.

"I'm pretty shook up," he said later. "I didn't want to be traded, but since I am, I'm glad it's to the other league, so I won't have to play against my old teammates."

He batted .311 last season, drove home 67 runs, and scored 102 times. A fiery player, he will bring no joy to American League umpires.

The veteran Martin, who is expected to take Temple's place at second for the Reds, feuded with Gordon last summer. He told a newsman Wednesday he was not going to knock Gordon "the way he knocked me," and added:

"I'll be glad to play for a competitor now."

He batted .261 in 71 games, being out of the others because of injuries.

Beach Signs With Hamilton

Pontiac Star Prefers Canada Style of Play Turning Down Giants

MOUNT PLEASANT — Walt Beach, Central Michigan's Little All America halfback, has turned his back on the National Football League to play pro ball in Canada.

Beach said yesterday he has signed with the Hamilton Tiger-Cats of the Canadian Big Four. The New York Giants drew Beach in the 15th round of the NFL draft.

The 26-year-old speedster from Pontiac set two Central Michigan rushing records this past season. Both old marks had been set by Jim Podoley, a 1956 Little All America. Podoley now is an NFL star with the Washington Redskins.

Beach said the Canadian style of play will help him.

"The wider field they use will help in making runs around end," Beach said.

Terms of Beach's contract were not disclosed.

Sky Clipper, Virginia-bred son of Citation, was purchased for $30,000 at the 1958 Saratoga Sales.

Jerry Paul Sparks Avondale

A fellow who used to make buckets in rapid-fire order for Avondale High School did some more fancy shooting last night in the City Basketball League.

Jerry Paul, who starred for the Yellow Jackets during the 1955-56 season, collected 23 points Wednesday at Pontiac Central to lead the Avondale Merchants to a 52-49 triumph over the Commerce Lakers in a Class B game.

Dick Hutchinson, another former Avon cager, followed Paul with 14 points. Al Hart paced the Commerce club with 18. The Lakers led at halftime, 27-26.

Mike Haines tallied 15 points to spark Griff's balanced offense as the Grill team crushed Walled Lake, 72-39, in the other "B" contest. Ten Grill players entered the scoring column.

In Class C action at Pontiac Northern, the Pontiac Police defeated Field's Landscape, 44-35, and Eastside Shopping walloped Smith's Fuel Oil, 51-34.

Elmo (Smokey) Burges scored 15 points to lead the Police attack and Bud Hayward netted 13 for Field's cagers. Jim Johnson led Eastside with 14 points and Smith's Don Scott took scoring honors with 15.

Elks No. 723 nosed out Welden's, 38-36, in Class D activity at Lincoln Junior High. John Jefferson bagged 15 points for the Elks while Dan Jensen made 10 to top Weldon's quintet.

Eastside Shopping gained a forfeit victory over the Aces in yesterday's other scheduled "D" contest.

Two Class C games are scheduled tonight at PCH. Eastside meets Town & Country at 7 o'clock, followed by an 8:30 tussle between Smith's and Field's.

Flint Northern Quintet Wins; Lapeer Loses

Flint Northern's basketball team squared its record at 2-2 last night with a comeback 42-39 victory over city foe Southwestern in a non-conference game at the Flint IMA.

Lapeer, with four sophomores in the lineup, showed improvement in dropping a 65-59 decision to Flint Kearsley on the Flint school's court. It was Lapeer's 3rd loss of the season in the same number of tries.

★ ★ ★

Stan Brinske's driving layup shot in the final 20 seconds gave Northern its verdict over Southwestern and Gary Locke added an insurance free throw with one second remaining. Northern's Gene Summers took game scoring honors with 12.

★ ★ ★

A hot-shooting 1st quarter vaulted Kearsley into a 23-13 lead and Lapeer never could make up the difference. Augie Maasch and Tom Connors each scored 17 points for the young Lapeer team.

Hawks Blank Lowly Boston

By THE ASSOCIATED PRESS

The resurgent Chicago Black Hawks, a disappointment for most of the National Hockey League season, are starting to move.

★ ★ ★

The Hawks blanked the hapless Boston Bruins 4-0 in the only game played last night. The victory enabled Chicago to move out of the cellar by one point over New York, which fell into last place.

Chicago trails the Bruins, in their last eight starts, showing four triumphs and four ties. Boston has won but twice in its last 17 games.

★ ★ ★

Goalie Glenn Hall posted his first shutout and handled 24 shots flawlessly. Ted Lindsay and Eric Nesterenko put Chicago in front 2-0 in the opening period and Pierre Pilote and Red Hay scored in the second stanza.

Lakeland Drubs Champs in Waterford League

Lakeland Pharmacy trounced defending champion Drayton Drug, 54-25, and White Swan whipped Airport Speedway, 47-36, in Class A Waterford League basketball games last night at Pierce Junior High.

Stu Thorell scored 15 points and teammate Vern Cork added a dozen to spark the Lakeland attack. No one made more than six for Drayton. McConkey and Harrigann tallied 17 and 15 respectively for the Swan quintet while Dill led Speedway with 10.

West Siders Roll Seven 3,000 Series

The boys of the West Side Classic ran wild again this week and rolled seven series over 3000 pins.

Led by the strong Bicmar Inn team with games of 1131, 1175, 1104 for a whopping 3411 series and closely followed by the West Side Lanes team at 3284. The Bicmar boys won four points from the West Siders, other high series included Auburn Mfg. Co. at 3023, Sam Benson at 3198, Cones Rental 3035 and Oakland Coin 3010.

Four-point winners besides Bicmar Inn included Sam Benson over Blue Cleaners and Ernie Felice over Huron Bowl.

High series for individuals were led by Frank Spadafore and Frank Miller at 727 each and closely followed by Les Rothbarth at 719. Other high scorers included J. Nickell at 697, E. Castle 696, M. Figa 692, J. Vackaro 656, I. Simpson 654 and C. Harris 653.

Individual games were F. Spadafore 269, J. Lawson 257, F. Miller 268, N. Keeley 256 and M. Figa 262.

A total of 110 games over 200 and 38 series over 600 were rolled at this session. There were 30 games of over 1000 pins each rolled.

Northern, Skippers Back to I-L Play Friday

Friday will be the last full schedule of prep basketball for the 1959 portion of the new season with a long list of league battles to be featured.

Most of the schools will be off for the holidays after tomorrow. Others are slated for Christmas tournaments.

All area loops now under way will have games on tap tomorrow. Tri-County quintets will continue to meet outside foes in preparation for the opening of that race next month.

Pontiac Northern, Waterford and Walled Lake all will be at home for Inter-Lakes contests on the second night of action in the Class A league. Each won its opener.

★ ★ ★

The Suburban Catholic race resumes tonight with Orchard Lake St. Mary playing St. James at home. St. Mike is host to St. Benedict, St. Frederick takes on St. Clement here and St. Rita vs RO St. Mary tomorrow.

★ ★ ★

The Eastern Michigan has its first full slate with Birmingham Seaholm host to Hazel Park, Ferndale at East Detroit and Royal Oak Kimball guest of Port Huron.

Holly and Clarenceville will wage a battle for the Wayne-Oakland lead at Livonia. Bloomfield Hills will entertain Northville, West Bloomfield, fresh from an upset of Northern, visits Brighton, and Clarkston is home again to meet Milford.

★ ★ ★

Lake Orion attempts to take over 2nd place in the Oakland B by beating Clawson while Troy should increase its lead against Oak Park. Fitzgerald also tries to break up a three-way runnerup deadlock at Madison.

Powerful Ortonville faces its most severe test in an important South Central battle vs Imlay City at the Blackhawk court. North Branch travels to Millington in the other game.

In the Southern Thumb, its Almont vs Capac, Anchor Bay at Dryden, Brown City vs Armada and New Haven at Memphis.

Romeo goes to Oxford, Rochester plays at Lakeview, Lapeer is home to meet Davison and Royal Oak Dondero battles Monroe in some of the other top attractions.

Birmingham will be making its loop debut after dividing two at the Seaholm gym. Roseville visits Mr. Clemens, Farmington Our Lady plays Ann Arbor St. Thomas, Shrine takes on Redford St. Mary at home and Lamphere vs its Alumni.

Northern will be trying to bounce back against winless Berkley, the 1958-59 I-L champion. Waterford matches hoops with Southfield and Walled Lake faces title favorite Farmington. Berkley, Waterford and Southfield are smarting from severe beatings last time out.

Defending kingpin Orchard Lake can continue its good start tonight. The Mike-Ben contest could have considerable bearing on the SCL chase. St. Fred should get back on the winning side of the ledger.

Birmingham will be makingits loopdebut after dividing two games. The Maples could be the top contender to strong Ferndale, which is rolling again. The game at East Detroit will carry a lot of interest.

★ ★ ★

Holly and Clarenceville are surprise early W-O pacesetters with favored Clarkston and Brighton down early. The latter is still rated the team to beat but the Wolves are in trouble.

Romeo is still looking for a victory. The Bulldogs have been scoring well but giving up too much. Rochester will be trying to finish this half at .500. Lapeer keeps improving but has yet to win. Groves will be making its second appearance after an opening triumph.

Ellis a Flop in TV Bout

CAMDEN, N.J. (AP) — Rudy Ellis failed last night to live up to his billing as a hard hitter and dropped a 10-round decision to Ace Armstrong in a nationally televised middleweight fight.

★ ★ ★

Ellis, a 22-year-old Chicago hopeful who slugged his way into a No. 10 ranking with a victory over Rory Calhoun, was unable to cope with the good left hand Armstrong showed. Nor was he able to solve the cover-up tactics of the Elizabeth, N.J., picture boxer.

"I just couldn't get up any steam," Ellis said after the fight. "It was one of those nights when I couldn't get started."

★ ★ ★

Referee Paul Cavalier, the only official with a vote under the New Jersey system of scoring, awarded the eighth-ranked Armstrong seven rounds. Ellis was given the third and seventh rounds. The first was scored as a draw.

No Pressure to Quit Job, Clark Insists

LOS ANGELES (AP) — The skeptics continued to wonder, but head Coach Don Clark insisted Wednesday that no pressure was exerted in his decision to quit the lucrative football job at the University of Southern California.

★ ★ ★

Clark, in effect, handed over the coaching reins Wednesday to his chief assistant, John McKay, a former Oregon halfback star, at a formal news conference at the university.

The 35-year-old Clark, whose tenure at his alma mater actually ends March 1, declared he has been considering leaving the coaching ranks for several years; even, he said, before he took the boss role at Southern Cal three years ago.

Syracuse Heading for Texas Friday

SYRACUSE, N. Y. (AP) — Syracuse will leave for Houston tomorrow where the team begins final training for its Cotton Bowl clash against Texas on New Year's Day.

The Orange had warm weather here for the second consecutive day yesterday. Coach Ben Schwartzwalder switched the emphasis from defensive to offensive drill.

The team went through both passing and running plays

Spartan Cagers Play Nebraska

Tonight's Tilt Opens Western Trip; May Lose Center

EAST LANSING (UPI) — Still worried about the possibility of losing players because of scholastic ineligibility, Michigan State's basketball team faces Nebraska in the first of four road games tonight.

The Spartans, who finished final exams Monday, are reportedly concerned about the possibility of center Art Gowens becoming ineligible. Term grades will be announced today.

Following the Nebraska game, the Spartans meet Wyoming Saturday, then head for Provo, Utah, to meet Brigham Young University.

The final road test is the toughest, with Pete Newall's California Bears the host at Berkeley Wednesday.

★ ★ ★

Nebraska, which has two victories and a loss, is led by Herschell Turner and Al Maxey, with scoring averages of 17 and 15 points, respectively.

The Cornhuskers lost to Notre Dame 70-61. Michigan State beat the Irish in overtime 61-56. Previously, Nebraska defeated Air Force Academy 68-54 and Minnesota 76-66.

SMALL AND SMALLER — Two strong candidates for individual honors in the Southeastern Michigan wrestling tourney this weekend at Allen Park are 95-pound Bob Kaiser, left, and Sam Wiscombe, 154, of Pontiac Central. They will be among 500 grapplers competing Friday and Saturday. Northern, Waterford and Walled Lake are also entered.

Local Matmen in Weekend Tourney

Wrestlers of Pontiac Central, Northern, Waterford and Walled Lake start a busy weekend of stiff competition tomorrow in the annual Southeastern Michigan Amateur Wrestling Association tournament at Allen Park.

★ ★ ★

Over 500 athletes from this part of the state will be shooting for top honors in the big event.

Several other schools in the Oakland County area are expected to have representatives in the meet.

Central is 2-0 in dual outings showing good balance. Northern came up with a great comeback to tie Farmington in its only start. Walled Lake, weak in the lower weights but solid otherwise, is 1-1. The Vikings were far behind in both matches before rallying. The defeat was by only two points.

Waterford gets a jump on the tournament by taking on Dearborn Fordson tonight at the Skipper gym. Waterford took a trouncing at PCH in its only other match.

The tourney will be the final 1959 mat action for all schools in this sector. Most resume the first week in January.

November Prize to Giant Star

NEW YORK (AP) — Charley Conerly, the veteran quarterback who led the New York Giants to the Eastern title of the National Football League, Wednesday was named winner of the November award in the S. Rae Hickok pro athlete of the year poll.

★ ★ ★

The 38-year-old star from Clarksdale, Miss., topped Wilt Chamberlain of the pro basketball Philadelphia Warriors and quarterback Johnny Unitas of the Baltimore Colts in the monthly balloting by a national panel. Conerly piled up 42 first place votes and 152 points. Chamberlain had 75 points and Unitas 65.

This qualified Conerly for the pro athlete of the year voting and the $10,000 belt that goes to the winner. Previously monthly winners were Bob Pettit, Ed Lubanski, Elgin Baylor, Art Wall Jr., Harvey Haddix, Ingemar Johansson, Jose Becerra, Wille McCovey, Early Wynn and Larry Sherry.

World Famous Poma-Lift Builder at Grampian Mt.

By BRUNO L. KEARNS

There may be a lack of snow and absolutely no skiing going on at Grampian Mt., but there's plenty of activity taking place on the slopes.

World famous maker of the Poma-lift, John Pomagalski from France, is directing the construction of a new 700 foot lift at Grampian.

The lift is expected to be completed this weekend and although no skiing is scheduled it should be in full operation as soon as the slopes get covered with that much needed white fluff.

The lift, a B-12 as it is called, moves at 800 feet a minute carrying 1100 skiers an hour to the top of the slopes. It is being installed at a cost of approximately $15,000.

Pomagalski, who was born in Krakow, Poland, went to France in 1907 and studied engineering in Paris.

"I loved skiing very much," he said, "so I thought to myself there should be some easier way to get to the top."

He built his first ski lift in 1934 at Alp d'Huez in the French Alps. He wanted a lift different from the cable car which is good for long sharp slopes. So he devised his Poma-lift which was smaller, faster and handier for a lot of people.

★ ★ ★

Currently there are 120 Poma-lifts in the United States and over 500 in the world.

Pomagalski has his ski factory in the French Alps in the town of Grenoble and he had 150 employed. He has the U.S. main office in Denver and a branch office in Gaylord.

Pomagalski has been in the United States since Nov. 10th in construction of lifts after jobs in Alaska and Canada. He will head for Collingwood, in Canada next week.

★ ★ ★

Two sons, Bernie and John Jr., are both active in skiing. Bernie, who hopes to become an American citizen, lives in Boise where he builds chair lifts.

★ ★ ★

John Jr., is in the French military service and he is a ski instructor.

The longest lift ever built by Pomagalski is in Vars, France in the Alps. It was built at a cost of 24 million francs or about $50,000 dollars and it is 9,000 feet long.

Pomagalski actually became familiar with this area during World War II when a member of the French Underground he met Joe Bonczek of Utica. Bonczek, a member of an American bomber crew, spent five months in the French Alps where his plane was brought down.

★ ★ ★

"We fought the Germans together and I was happy to come here to his area," said Pomagalski.

"The lift should be ready for operation, all you need here is the snow," he concluded from atop a cable tower where he was getting into the final stages of assembling the lift.

BIG LIFT — World famous John Pomagalski, after whom the Poma-lift was named, doesn't direct the building of his lifts from his offices in France. Pomagalski is right on the job atop the pulley tower as he helps with the installation of a Poma-lift at Grampian Mt. The 700 foot lift is to be completed this weekend and be ready for use at the first snowfall.

Austrian Ski Star Out With Injuries

ZERMATT, Switzerland (AP)—Karl Schranz, Austria's 21-year-old skiing star, barely escaped the same kind of injury that eliminated one of his leading rivals for Olympic honors, America's Bud Werner.

Schranz, practicing here with the Austrian team for the 1960 Winter Games at Squaw Valley, Calif., slipped on the Zermatt ice rink Sunday night and sprained his right ankle. Othmar Schneider, his coach, said Tuesday, Schranz had come dangerously close to a serious injury and ordered a day's rest before Schranz could resume training.

Werner, America's No. 1 downhill and slalom star, broke his leg in practice Saturday at Aspen, Colo.

S.C. Coach Favors Free Substitutions

COLUMBIA, S. C. (AP)—South Carolina football coach Warren Giese, recently appointed to the rules committee of the National Football Coaches Assn., said Wednesday he favors a return to unlimited substitutions for the college game.

★ ★ ★

Giese said he may recommend changing the rules.

★ ★ ★

"Unlimited substitutions allow you to take advantage of specific abilities among your players," Giese explained, and also cuts down on injuries and practice time.

Buses Start Jan. 3

Ski Express to Operate

A special weekend ski express operated by Central Greyhound Lines begins operation Jan. 3rd for winter enthusiasts from Detroit to northern Michigan communities.

The bus leaves every Friday from Detroit at 6:20 p.m. and stops en route on U.S. 10 through Pontiac to Saginaw and U. S. 23 to Standish and the middle part of the state to Gaylord.

The northern stops en route are West Branch, Prudenville, Roscommon, Grayling, Waters, Snow Valley and Gaylord.

★ ★ ★

The bus returns from Gaylord at 4:30 p.m. picking up skiers on the way south and arriving at Detroit at 11:40 p.m. Sundays.

All expense winter tours are also offered skiers throughout Eastern and Central Michigan. Groups desiring to charter buses may do so at 65 cents per live mile for a club coach and 55 cents per live mile for passenger coaches. Buses can be equipped with ski racks upon request.

Only Single Winter Area Reported Open

GRAND RAPIDS (AP) — Only one winter sports center was reported open for skiing today in a regular weekly ski condition roundup issued by the West Michigan Tourist and Resort Assn.

Boyne Mountain Lodge at Boyne Falls reported artificial snow averaging 15 inches on one run. The lodge has one chair lift and a rope tow operating.

Caberfae Ski Area at Cadillac has closed pending suitable weather.

Grand Rapids Ski Club Wants Lease From City

GRAND RAPIDS (UPI) — City Manager Alfred Rypstra was studying a request today to lease a portion of Richmond Park to the Grand Rapids Ski Club for a new ski jump.

The club proposed it would pay $1 a year for the lease and assume the liability for accidents in the jump area if the City Park Department fenced it off.

A club spokesman said the proposed ski jump would be in an area of the park that once had been used for ski jumping. The club would construct its own ski jump, he said.

Caberfae Ski Club Improvements Made

CADILLAC — Caberfae, Inc., a non-profit organization which operates the 640 acre Caberfae Ski Area has a big improved program this season.

★ ★ ★

Installation of a highspeed T-bar tow in the bull nose area which can carry 1,000 skiers an hour 1,250 feet up the slope.

Both chair lift runs have been revamped and a new ski run is in operation in the north ridge area. A warming and ski meet house is also being used in the tournament area.

★ ★ ★

Former Austrian Olympic skiing star Franz Gabl is the new director of the Caberfae ski school.

MORE LIKE SPRING — Looking out of the clubhouse at Grampian Mt., the picture of the snow-less ski slopes looked more like spring rather than a mid-December day. No activity is planned this weekend at Grampian, nor at any other ski club as the temperatures moved into the 50's.

World Athletes Will Be Well Fed at Olympics

SQUAW VALLEY, Calif. — They'll be "cooking up a storm" —of food, that is—when the VIII Olympic Winter Games roll around February 18-28.

Executive chef Peter Rasmussen of San Francisco, who is planning the gastronomical delights for more than 800 athletes from 34 nations, promises that his meals will rate with the finest ever served at any Olympics.

★ ★ ★

Rasmussen says that the foodstuffs his staff will need for the big 11-day international classic include:

Some 54,000 eggs; 2,000 pounds of ham; 2,000 pounds of bacon; 1,000 pounds of sausage; 7,000 pounds of potatoes; 7,000 gallons of coffe, tea and hot chocolate; 8 to 10,000 pounds of prime ribs of beef; 500 to 1,000 pounds of rice; 55,000 half pints of milk and 1,100 gallons of bulk milk and cream.

During the Games, the head chef figures he'll be feeding about 2,000 people per meal at an average cost of $2.00. For three meals this would mean about $12,000 daily.

"You understand, this is more or less a wild guess," the diminutive culinary expert explains.

In addition to the food mentioned, there'll be thousands of pounds of other "pre-cut" meats such as lamb, liver and veal to name a few, as well as hot and cold breakfast cereals.

"We'll have at least four entrees, featuring beef, poultry and fish on each luncheon and dinner menu," Ramussen states. "No matter what country the athletes come from, they'll have no trouble satisfying their appetites. Rice will be included on all menus," he adds.

There'll be all kinds of fresh and frozen vegetables, with potatoes being served French fried, boiled, mashed and almost every way they can be cooked. There also will be plenty of spaghetti. Ice cream will be bountiful for dessert as well as "home-made" cakes and pies.

Most of the bread and rolls will be delivered from Reno, Sacramento, San Francisco and other surrounding towns.

While Rasmussen doesn't expect to cook up native dishes for all of the various nations attending the Games, he's planning at least one "special" foreign dish daily. This might be German sauerbrauten with Bavarian cabbage one day, Danish potato dumplings another, or perhaps a Netherlands delicacy called stompott.

Rasmussen isn't the least bit worried about titilating foreign palates. "We have a United Nations of cooks, including French, Swiss, Italian, German and Danish among others. And they're from the 'simmer and taste' school, too; they're not 'pressure' cooks. They'll get the most out of all the food."

The athletes will eat "cafeteria style" in the Athletes' Center, which seats 1,000 persons at a time. An adjoining dining room will be for officials while the press will have hot and cold buffet available at most all hours in their quarters.

★ ★ ★

For Rasmussen it'll be a round-the-clock chore.

"I'll be on call 24 hours a day, planning, supervising and tasting. I want everything to be exactly right," he says. His staff, working in 8 hour shifts, will begin serving at 6:00 a.m. and probably won't be through until 9:00 or 10:00 at night.

Winter Program Scheduled for Mt. Summit Club

The gala grand opening for 1959-60 of the Summit Ski Club near Fenton scheduled for Saturday has been called off.

★ ★ ★

A fine winter schedule has been set up for Summit which will include the Saturday night specials with dancing, ski movies and corn poppin'.

★ ★ ★

Skiers will gather around the large cozy fireplace with their long handled baskets for poppin' corn.

Four special Wednesday "Membership Nights" are planned starting in January, and each seasonal member will be permitted to bring one guest.

★ ★ ★

The state Kiwanis clubs will hold their First Annual Kiwanis Ski Meet at Summit, Feb. 6th.

'Sugar' Talks With Meany

Union for Pro Athletes?

BOSTON (AP) Sugar Ray Robinson, who owns one version of the world middleweight championship, said Wednesday he is working to gather all professional athletes into an organized union.

He said he has talked with New York businessman Bernard Gimbel and George Meany, president of the AFL-CIO "and they have encouraged me."

★ ★ ★

"As a matter of fact (Teamsters President James) Hoffa wanted to organize this thing for me and bring it into the Teamsters," Robinson said. "But when he got all that bad publicity I felt it wouldn't be a wise move.

★ ★ ★

"I'm still discussing it with Meany, though, and the more I talk to him, the more interested he gets," Robinson said before leaving for New York Wednesday.

★ ★ ★

He said the union as he sees it "will include athletes from every sport, not just boxing. And it'll be under a national charter. This thing must come about, and it will."

Robinson said his idea to form the union is based on his old complaint that athletes don't receive as large a share of proceeds from athletic events as they should.

Name Sword Dancer Top Horse of Year

BALTIMORE (AP) — Brookmeade Stable's Sword Dancer was an easy winner in balloting for the best horse of the year in a poll of sports writers and broadcasters.

★ ★ ★

Sword Dancer drew 169 votes of the 201 voters in the 24th annual poll by Turf and Sport Digest, a monthly publication. Sword Dancer naturally was comfortably elected best 3-year-old of 1959 also.

Kerr Stable's Round Table, a distant second with 18 votes in the best of all thoroughbreds, was voted tops among the 4-year-olds and up.

In the 2-year-old division, Bellehurst Stable's Warfare was voted the best colt over Bally Ache and Mrs. F. A. Genter's My Dear Girl the best filly over Heavenly Body.

MSU Skaters Leave on Four-Game Trip

EAST LANSING (UPI) — Michigan State, runnerup in NCAA hockey play last season, will try this weekend to recover from a slow season start that has left the Spartans winless in four matches.

Michigan State will play Colorado College at Colorado Springs tomorrow and Saturday nights. There will be games at the University of Denver Monday and Tuesday.

U. S. Judges in Michigan Okay Secret Civil Suits

DETROIT (AP)—A rule permitting civil suits to be filed in secrecy has been adopted by a majority of the judges of the United States court for the Eastern Michigan District.

Four of the six federal judges here voted for the rule.

Chief Judge Theodore Levin said it was "nonsense" to call it a gag rule. He said, "There haven't been over 20 cases suppressed in this court in the last 25 years."

"There won't be any more under this rule," Judge Levin declared. "We are simply formalizing what has always been the inherent power of the court."

Two judges, however, said they did not consider the rule necessary.

Judge Arthur F. Lederle, who is in a hospital recovering from a minor operation, said he would not have voted for the rule. "The court's business is the public's business," he said. Lederle has been a federal judge for 23 years and was the district court's first chief judge.

★ ★ ★

Judge Frank A. Picard, who is sitting as a visiting judge in San Diego, Calif., said, "I would not vote for such a rule unless the arguments for it were very persuasive." Picard, who has been a judge for 21 years, called the power to suppress inherent but said he saw no need for a special rule.

Voting with Levin for adoption of the rule were Judges Ralph M. Freeman, Thomas P. Thornton and Clifford O'Sullivan.

Judge Levin said the rule authorizing suppression of the filing of civil suits was adopted after a newsman demanded to know why a recent suit involving a local company could not be published. Levin said there is occasionally good cause to suppress a court case. He said it might make a settlement possible by negotiation.

★ ★ ★

But Levin said the court would not be justified in suppressing a suit involving public affairs or public officials. He said, "There is no infringement on public rights in this rule."

The rule says, "No person shall examine or publish, in whole or in part, any papers so suppressed until such action, or any phase, be heard in open court, or upon the order of the judge to whom such action is assigned."

Wayne County Circuit Court has a similar rule which is invoked mostly in divorce cases.

Judge Levin said U. S. District courts have the right to make their own rules, provided they don't conflict with the Constitution, federal laws or Supreme Court rulings.

Says India Can Make Atom Bomb Unaided

NEW DELHI (UPI)—The head of India's atomic energy establishment told Indian lawmakers Tuesday that India is now in the position to manufacture atomic weapons and bombs without outside assistance.

★ ★ ★

Dr. H. J. Bhaba made the statement at an informal meeting of the Parliamentary Counsulative Committee.

But the announcement was promptly corrected by officials who stressed that India would use atomic power for peaceful purposes only unless forced to manufacture weapons to defend the country from external dangers.

★ ★ ★

Political circles viewed Bhaba's unexpected announcement as significant in the light of Chinese Communist incursions on India's northern territories.

May Someday Be King

Spanish Pretender Will Not Greet Ike

MADRID (UPI) — Prince Juan Carlos, who may one day be king of Spain, will slip quietly into the background during President Eisenhower's Madrid visit next week.

The 21-year-old student-prince, grandson of Spain's last king and a top contender for the role of national ruler when Generalissimo Francisco Franco lays down the reins, has been hitting the Spanish headlines lately.

He has been in the news primarily because of his promotion last week to lieutenant in all three of Spain's services, army, navy and air corps. At the same time, he was made an honorary lieutenant in a U. S. fighter squadron stationed at Zaragoza.

There is speculation that Juan Carlos might be a member of the Spanish group attending ceremonies connected with the President's 19-hour visit.

But a monarchist spokesman said today, "he will not be in Madrid next Monday" — the day the President is due to arrive.

Juan Carlos will fly to Portugal sometime this week to spend the holiday season with his family at their home-in-exile in Estoril, the spokesman said.

Sources close to top circles say there are indications of a growing affection on the part of chief of state Franco for the tall, blond prince, whose father, Don Juan of Borbon, is pretender to Spain's vacant throne.

Monday, Franco extended a weekend hunting party at Santa Cruz de Tudela, a government-maintained preserve south of here, so that the prince could join him for a days shooting.

The prince and his father—eldest son of King Alfonso XIII, who fled Spain in 1931 without renouncing the throne—are the two top candidates to succeed Franco.

Franco has made it clear on several occasions that he considers the country a monarchy and looks forward to a restoration some day.

Don Juan, now 45 and direct heir to the throne, is the logical candidate to star in any restoration drama, but many observers here believe that his son will get the nod.

Brooks Atkinson, 65, to Quit Critic's Job

NEW YORK (AP)—Brooks Atkinson, 65, plans to retire as drama critic of the New York Times at the end of the current theatrical season.

The Times announced Wednesday Atkinson has requested that he be moved to some other position on the paper. His successor has not been named.

Atkinson has been Times drama critic since 1925, except for four years during which he was a war correspondent in China and a correspondent in Moscow. He received a Pulitzer Prize in 1947 for reporting on life in the Soviet Union.

Snow Clogging New Mexico

Travelers Stranded by 12-Ft. Drifts; Hundreds Hole Up in Vaughn

VAUGHN, N. M. (AP) — Hundreds of weary travelers stranded by heavy snow waited impatiently in this east-central New Mexico town early today.

Highway crewmen were trying to clear the three main routes, U.S. Highways 54, 60 and 28, which meet at Vaughn, so the motorists could get on their way again.

★ ★ ★

This little town of 1,400 on the high plains was clogged with travelers and their cars, marooned Tuesday by a storm which piled wind-driven snow into drifts 12 feet deep on the highways.

★ ★ ★

The City Hall was opened up. It has a large auditorium which was crowded with children and adults trying to sleep on mattresses and blankets which the townspeople supplied.

A stranded motorist said at least 800 extra people swelled the town late Wednesday night as rescuers brought them and their cars into town.

The Sante Fe Railway brought in 20 cases of fresh milk from Mountainair, to the west, for children. The Southern Pacific, which also serves much of the storm-struck area, sent out special trains to rescue motorists stalled along U.S. 54, which the railroad parallels.

Publisher Knight Wants Castro Parley

MIAMI, Fla. (AP) — Publisher John S. Knight of the Knight newspapers has asked the Cuba government for an opportunity to explain "our traditional viewpoints about a newspaperman covering a news story."

★ ★ ★

Knight telegraphed Cuba's Premier Fidel Castro and President Osvaldo Dorticos yesterday asking them to set a time for a meeting with a representative of the Miami Herald.

Reporter James Buchanan of the Herald is held in a Cuban jail on a charge that he was involved in the escape of Frank Austin Young, formerly of Flint who was sentenced to 30 years in prison as the leader of an antigovernment band.

Young, a soldier of fortune, was recaptured in a Havana hotel after he was interviewed there by Buchanan.

★ ★ ★

Knight said in his telegram, "the same code of ethics applies in this case as when Buchanan and a great many reporters interviewed members of the 26th of July forces while Premier Castro was still conducting the revolution from the Sierra Mountains."

Bring Good Will to Little Rock, Diggs Invites Ike

WASHINGTON (AP)—Rep. Charles C. Diggs Jr. (D-Mich) has urged President Eisenhower to take a good will trip to Little Rock, Ark., and try improving racial relations through personal diplomacy.

In a letter to President Eisenhower, the Negro congressman said he hoped the pattern of "personal diplomacy" which the President is now following on his overseas tour could be extended to the problem of race relations in Little Rock.

Diggs said Negro students in Little Rock's two integrated high schools are subjected to daily abuse by white students, and that a campaign is under way to drive Negro leaders in the integration fight out of town.

★ ★ ★

Diggs said his charges were based on a personal investigation of the Little Rock situation last week.

Better Phone Plan Likely in Flint Area

LANSING (UPI) — Extended area telephone service between Flint and Davison appeared certain following Wednesday's hearing of Michigan Bell and General Telephone companies before the Public Service Commission.

★ ★ ★

Davison residents, who now pay tolls for each call to Flint, have been campaigning for five years to end the toll system.

A petition filed before the commission had signatures of 1,251 of the 2,500 Davison area telephone users.

General Telephone, which operates the Davison system, and Michigan Bell, which operates Flint's three exchanges, both concurred that Davison service should be extended to Flint minus the toll charges.

Another Flint area telephone hearing was scheduled before the commission for this afternoon.

★ ★ ★

It concerns a similar arrangement between Swartz Creek, also a General Telephone area, and Flint.

The Milk Industry Foundation predicts that sales of fluid milk and fresh milk products will reach a record 7.1 billion dollars in 1960.

THE BEAR lumbered off carrying Oonik in his teeth.

Reportedly U.S. Choice as U.A.R. Ambassador

WASHINGTON (UP)—G. Frederick Reinhardt, State Department counselor and veteran career diplomat, is report in line for appointment as ambassador to the United Arab Republic.

He would succeed Raymond A. Hare, also a veteran of the U.S. foreign service, who has been named deputy under secretary of state for political affairs.

Hare is still in Cairo but is expected to leave there to assume his new duties in Washington.

Santa and the ICE KING

by LUCRECE HUDGINS BEALE

(SYNOPSIS: A huge polar bear tried to break into the igloo where Santa, Oonik and Keotuk were resting while on their way to talk to the Ice King. When Oonik tried to frighten the bear away with his spear, the bear grabbed the spear and pulled Oonik out of the igloo.

Chapter 10

Still holding the end of the spear in his tightly locked jaws, the great polar bear stared in astonishment at what he had fished out of the igloo while Oonik, still holding his end of the spear, stared fearfully back.

At last Oonik gave a little yank to free the spear from the bear's jaw. The bear yanked back. For a time they played a tug of war.

Then the bear tired of it. He reared suddenly back and tore the spear from Oonik's hands. Growling fiercely he dropped the spear to the ice and stomped it into a hundred pieces.

Horrified, Oonik darted for the igloo. But just as he got his head into the tunnel the bear snatched him up the seat of his pants and lumbered away across the frozen land.

All this time Santa Claus had been struggling to get out of the igloo. When he saw Oonik yanked out of the tunnel, Santa started after him. Unfortunately, so did Keotuk and Keotuk was still tied to the sled.

JAMMED IN TUNNEL

For a moment, sled, dog and Santa Claus were jammed helplessly in the tunnel. Twisting and turning, Santa at least managed to untie the frantic dog from the sled. With a glad yelp Keotuk burst out of the tunnel and Santa, puffing and red faced, slithered after him just in time to see Oonik being carried away by the seat of his pants.

With Keotuk barking ferociously Santa took after Oonik. The polar bear moved faster. Keotuk nipped at his heels. The polar bear began to run. Then Keotuk leaped through the air and fastened his jaws around the bear's left rear leg.

Furious, the bear, carrying Oonik in his jaws and Keotuk on his left rear leg, turned and glared at Santa Claus who at that very instant panted up to him.

The bear rose on his hind legs and prepared to bring his crushing front paws down on Santa but Santa cried out, "Why don't we be friends?" and before the bewildered bear could come forward Santa threw his arms and legs around the great animal's middle.

POLAR BEAR RUNS

The bear dropped to his feet and began to run in circles. Santa clung under his middle, Keotuk gripped his heel, Oonik dropped for his jaws.

Round and round, faster and faster, ran the polar bear. But still Santa and Keotuk clung to him.

It never occurred to him to drop Oonik, for he felt that it was best to have his teeth into something if only the seat of his enemy's pants.

In all his life he had never known or heard such creatures as these. He was King of the Polar Lands and before him his father had been king and before that his father's father and never had any polar bear seen an enemy he could not frighten by the merest look.

★ ★ ★

Now the poor bear's pride was wounded and gradually he moved slower and slower until at last he came to a stop and gently dropped Oonik from his jaws.

★ ★ ★

Santa unloosed his arms and legs and crawled from under the bear. Keotuk unlocked his teeth and ran up to lick his master.

Oonik said, "Hooray! Let us slay him and we will have food for days to come!"

But Santa said, "No, son, for he is a king and I expect he too has been starving in this year without summer. Let us be friends with him and he will help us subdue the Ice King."

"How so?" asked Oonik.

"Simple," replied Santa. "He will take us to the Ice King's domain."

Last of 3 Stories on Birth Control Controversy

Backward Countries in Trouble

By LOUIS CASSELS

WASHINGTON (UPI) — The standard contraceptive devices prescribed by U.S. physicians are safe and effective. But they are not well suited to mass use in underdeveloped countries where the "population explosion" is having its greatest impact.

For years, researchers have been trying to develop a cheap, safe, reliable "birth control pill" which could be used in countries where widespread illiteracy, lack of sanitary facilities and native taboos preclude general acceptance of standard contraceptives.

★ ★ ★

Several promising leads have been found.

One is a group of synthetic hormones called the 19-norsteroids, which have been investigated by Dr. John Rock, professor emeritus of gynecology at Harvard, and Dr. Gregory Pincus, of the Worcester (Mass) Foundation for Experimental Biology.

Field trials in Puerto Rico and Haiti since 1956 have indicated that these compounds are highly effective in inhibiting ovulation — and hence preventing pregnancy — among women who take one pill a day from the 5th to the 25th days of their menstrual cycles.

The tests so far have covered about 1,000 "woman-years" of experience. Judging by the pre-medication birth rate among the women concerned, there should have been at least 610 pregnancies in the group during this period. Actually, there have been only 18 and 17 of these occurred among women who admitted "skipping" the pills for several days.

The pills do not cause permanent sterility. A few days after women quit taking them, normal ovulation resumes.

Some of the patients have reported unpleasant side effects — nausea, headaches, cramps and irregular bleeding. The researchers believe these are primarily psychological in origin, and tend to disappear with continued use of the pills.

A major drawback at present is cost — about 55 cents per pill. This problem might be solved through mass production. Another question is whether some adverse effect may result from long-continued use of the pills. There has been no indication so far that such will happen, but only time and careful testing can make sure.

Another chemical compound known as Mer-25 is being investigated by scientists at the Rockefeller Institute in New York. Instead of inhibiting ovulation, this compound acts in the Fallopian tubes to prevent a fertilized egg from descending normally to the womb. It has worked extremely well in animal tests.

TAKE IT LATER

Its theoretical advantage for human use would be that it need not be taken before sexual relations; if taken within a day or two afterwards, it would cause what might be described as a very early abortion of the fertilized egg.

A third compound, extracted from garden peas, has been tested by Dr. S. N. Sanyal of Calcutta, India, who claims that it is at least 50 per cent effective as a contraceptive. This pill has to be taken only twice a month.

Western scientists who have tested it have not been able to duplicate Dr. Sanyal's results. But the Indian government is considering mass field trials.

Researchers also have tested a group of drugs called nitrofurans which inhibit sperm production in men. Results to date indicate that they have side effects, including drastic loss of male potency, which would quickly alienate users.

Research is also attempting to make more reliable the "rhythm" system of birth control approved by the Catholic Church. This system depends on avoiding sex relations during the period immediately before and after ovulation, the only time when conception can take place.

★ ★ ★

Although this "pregnable period" is relatively brief — about 72 hours — it is notoriously hard to pinpoint, and tends to shift unpredictably as a result of illness, emotion or exercise.

Two lines of research are being pursued. One seeks a drug or compound which would "stabilize" the time of ovulation. The other seeks a simple and reliable test which will tell when a woman is preparing to ovulate.

★ ★ ★

Some progress is reported on both problems, but neither has been fully solved so far.

Very little money is being spent on birth control research. A few private foundations are supporting a few scattered projects. The governments of the United States and other major Western nations have shied away from the whole subject, fearing involvement in religious controversy.

AAA Has Way to Test Drivers

New Method Tells If You Like Work, Dislike Your Parents

By FRANK ELEAZER

WASHINGTON (UPI) — The American Automobile Assn. expects to come out soon with a wonderful new way to test drivers.

I just took the test and am pretty sure it showed I hate work, like girls and love money.

★ ★ ★

What it established about my prospects for long life in event I keep driving I'll never know, unless I get up courage to send in the papers for grading.

To take this test, which is not quite ready for general use, you don't even have to get behind the wheel, although goodness knows AAA isn't opposed to qualifying prospective drivers that way. All you do is put check marks on some forms.

The test takes 10 minutes and is based on what psychologists call a "semantic differential." That last has nothing whatever to do with the big round thing between the back wheels.

The test, devised by Columbia University psychologist James L. Malfetti under a $100,000 grant from the AAA's Traffic Safety Foundation, is intended to establish your attitude toward the automobile.

HALF GOOD, HALF BAD

Malfetti and others at work on the safety project developed the test after performing a deep psychological study on 400 teen-aged drivers in Cleveland.

Half of these were chronic traffic violators. The other half had good driving records.

It is built around 12 words, or "concepts" as the psychologists call them. It records your associations or impressions about each of these words.

★ ★ ★

One of the words is car. Others, besides work, women and money, include weapon, transportation and power.

Fortunately, the quiz givers won't care much how you rate any one of these items, even car. What they do when you're through is link up your check marks with lines and compare the resulting pictures.

The picture most nearly resembling the one your check marks make under "car" shows the psychologists which word you associate with the automobile.

The proven bad drivers in Cleveland, for instance, associated cars with weapons or freedom from control of their parents.

Even I can see that is bad. Drivers with good records tended to associate autos with transportation or work.

Soybean Futures Take Sharp Drop

CHICAGO (AP)—Prices of soybean futures broke for losses running to well over three cents a bushel today in early transactions on the Board of Trade.

Offerings to sell were in the heaviest volume of the year at the opening and the quotations at times showed setbacks of as much as five cents. The pressure followed the government report of estimated 1959 yield which most brokers described as far above expectations.

All contracts hit new lows for the season.

The grains also were weak, down mostly major fractions during the first several minutes.

★ ★ ★

Soybeans were 2⅛ to 3⅞ cents a bushel lower near the end of the first hour, January $2.11¼; wheat unchanged to ⅞ lower, December $1.96⅝; corn unchanged to ⅜ lower, December $1.08⅞; oats ⅜ to ¾ lower, December 75¼; rye ⅛ to ¾ lower, December $1.26.

$9 Million Waste Laid to Agency

Federal Storage Unit Charged With Stockpile Mismanagement

WASHINGTON (AP)—The General Services Administration was accused today of having spent more than 9 million dollars in unnecessary transportation costs.

The accusation was made by the General Accounting Office, which said the spending was in handling the strategic and critical materials program.

The GAO said the GSA did not select storage locations closest to the domestic source or the ports of entry for materials in excess of stockpile requirements at regular storage sites.

The GSA operates the storage end of the stockpiling program.

From July, 1958, through March, 1959, the GAO reported to Congress, about 40 million pounds of ferro-nickel produced by the Hanna Nickel Smelting Company at Riddle, Ore., were shipped to Hammond, Ind., storage center at a cost of about $600,000. The report said there was sufficient storage space at Riddle.

In the case of Manganese, the report said, the GSA incurred shipping costs of about 7½ million dollars by transporting the mineral from Henderson, Nev., to storage depots in Atlas, Ohio, and Large, Pa., "although arrangements could have been made to store the materials at Henderson at a relatively low price."

To Arraign Teacher on Indecency Charge

FLINT (UPI)—William H. Yancey, 42, history teacher and athletic director at Dye High School here was scheduled to be arraigned today in Municipal Court on a charge of gross indecency.

Yancey was arrested yesterday by state police after Genesee County Assistant Prosecutor Walter P. Kuta signed a warrant against him.

Officials said Yancey, a teacher at the school for seven years, was arrested as the result of a complaint from a former Dye athlete, now a student at Michigan State University.

Business Notes

Robert H. Wilkinson, 4430 Dow Ridge Rd., Orchard Lake, has been selected as one of 47 special agency builders of the Columbus Mutual Life Insurance Co. to attend a three-day planning conference and agency building school later this month in Columbus, Ohio.

The meetings have been specifically designed to aid agency builders in developing stronger agencies. Wilkinson and the others also will be introduced to a new line of personal accident and sickness policies.

News in Brief

Someone stole a string of Christmas tree lights from his front porch, John Kniffen, 665 Second St., reported to Pontiac police yesterday.

Cecillia Fowler, 314 Ferry St., reported to Pontiac police yesterday that someone stole her wallet from her purse while she shopped in a downtown store. The wallet contained $60.

Radio Free Europe Says Probe Starting

MUNICH, Germany (AP)—Officials of Radio Free Europe continued to insist today that U. S. and West German authorities are investigating an alleged Red attempt to poison the anti-Communist station's employes in Munich.

★ ★ ★

This was in direct conflict with statements by the U. S. Army's southern command at Munich, the Bavarian Ministry of Interior, the Justice Ministry, Political and Criminal Police, and State Security.

★ ★ ★

All denied that a poison attempt had been reported to them or that an investigation was under way.

Kiwanis Gives $100 for Church in Japan

The West Pontiac Kiwanis Club today donated $100 to one of its members for use in the building and maintenance of a Methodist church in Japan.

At the club's weekly noon meeting at Scribb's Restaurant, 130 S. Telegraph Rd., Max Evans presented the Rev. Paul Hart with a check for the proposed church.

The Rev. Mr. Hart is pastor of the First Methodist Church of Pontiac. He is one of a group of Methodist ministers throughout the country raising funds for the church. Hart spent three months in Japan last summer.

Evans is chairman of the club's support of churches committee.

How Big Is a Slug?

PETOSKEY (UPI) — Hunters George Parker and George Weaver proudly told today of their successful rescue and treatment of a half-drowned doe. They pulled out the doe, which had fallen through river ice, and gave it a healthy slug of brandy. The doe shivered to its feet and weaved off into the woods.

Aluminums Up, Others Steady

NEW YORK (AP)—The stock market lost most of a small initial rise and turned irregular early this afternoon. Trading was fairly active.

Narrow gains and losses prevailed among most key stocks.

Steels, coppers, rubbers and tobaccos showed a string of small losses.

Most of the aluminums were on the upside on news of the price increase and a labor agreement. Motors, except for Chrysler which dipped a fraction, kept a narrow edge to the upside.

A majority of the leading chemicals were moderately higher while rails and utilities held their ground on average. Electronics, aircrafts and drugs were mixed.

The market still had some tax loss selling and switching to get through although analysts said most of this was over.

Firestone jumped a couple of points following news of record sales and earnings. Chock Full O' Nuts advanced more than a point in a continued rise.

American Machine & Foundry was active and up more than a point. Its president forecast a prosperous 1960 following recent records in sales and earnings.

★ ★ ★

Collins Radio, a recent upside sensation, dropped about a point on profit taking.

Smith-Kline-French dropped 1⅝ to 57 on blocks of 12,000 and 2,000 shares.

Reynolds Metals, which announced a price boost for domestic aluminum pig, was up about 2. Kaiser aluminum and Alcoa rose about a point each. Aluminium Ltd. eased.

★ ★ ★

American Motors recovered a point. General Motors was a fraction higher while Ford and Studebaker-Packard were steady.

Newport News Shipbuilding was unchanged despite news of a 44½-million-dollar contract for four cargo-passenger ships.

ALL SMILES — Arkansas' Gov. Orval E. Faubus beams as he shakes hands with state NAACP President Mrs. L. C. Bates. They got together Wednesday for the first time since the Little Rock crisis flared in 1957. The two have been bitterly critical of each other in the past. The man in the middle is a federal information officer from Port-of-Spain, Trinidad. Mrs. Bates is showing him around Little Rock. He wanted to meet Gov. Faubus.

Plan Recommendations

8 Area CFM Meetings Set

It hasn't taken long after Monday's organization of Oakland County chapters of "Citizens for Michigan" for groups to set up their first individual area meetings.

Eight will be held between next Monday and Jan. 11 in different areas of the county.

Following a formula laid down by the state committee, the chapters will seek answers to Michigan's economic and governmental problems. They hope to have recommendations ready for presentation to both political parties by next June.

★ ★ ★

The scheduled meetings are:

1. Dec: 21, 8 p.m. Ray Industries Bldg., 1190 S. Lapeer Rd., Leonard, members from Lake Orion, Oxford, Leonard, Lakeville, Goodison.

2. Jan. 4, 8 p.m. Kimball High School, Crooks road at 13½ Mile, members from Berkley, Huntington Woods, Oak Park, Pleasant Ridge, Ferndale, Hazel Park, Madison Heights, Royal Oak, Troy, Clawson.

3. Jan. 4, 8:15 p.m. Bloomfield Hills High School, members from Bloomfield Hills.

4. Jan. 5, 8 p.m. St. Phillips' Episcopal Church, Rochester, members from Rochester.

5. Jan. 5, 8 p.m. Southfield High School, members from Lathrup, Southfield Center, Franklin and Southfield.

6. Jan. 5, 8 p.m. (place to be determined), members from South Lyon, Novi, Walled Lake, Farmington.

7. Jan. 11, 8 p.m. Birmingham Community House, members from Ortonville, Clarkston, Andersonville, Danbury, Springfield.

8. Jan. 11, 8 p.m. Birmingham Community House, members from Birmingham.

Rambler Sales Up 37 Pct. Over 1958

DETROIT (UPI) — American Motors Corp. said Wednesday retail sales of its Rambler line during the first 10 days this month were 37 per cent higher than in the same period a year ago.

★ ★ ★

Roy Abernethy, vice president of automotive distribution and marketing, said Rambler dealers sold 9,885 cars during the first 10 days of December compared with sales of 7,217 units in the same period a year ago.

County 40 and 8 Has Anniversary

Voiture 811 Unit Hears Discussion of Recent Expulsion From Legion

Although expelled from the American Legion, Oakland County Voiture 811 of the 40 and 8 celebrated its 25th anniversary last night.

A national vice commander of the 40 and 8 discussed the expulsion, but avoided controversy.

Addressing the gathering at the Berkley Legion Post, Fred E. Garrity of Detroit cast no new criticism in the direction of Martin B. McNeally, the Legion's national commander.

It was McNeally who recently expelled the 40 and 8 because, he said, the group had membership restrictions against Negroes in violation of the legion's charter.

Garrity had immediately countered by assailing McNeally for being motivated, he claimed, strictly by political ambition.

Some 150 persons attended last night's affair to see 10 veteran members receive merit badges.

Several telegrams and letters were received from 40 and 8 members congratulating the local post on its anniversary.

Four Accused in Store Blaze

Arson Examination Jan. 13

Examination of four men accused in a plot to burn the Lord's Furniture Store & Appliance Co., Inc., 125 W. Huron St., will be continued Jan. 13 before Municipal Judge Maurice E. Finnegan.

★ ★ ★

Accused of arson are Sidney Cohn, 41, and Irving Aaron, 50, of Royal Oak, store owners; Leonard Schultz, 42, of Detroit, described by the owners as the arsonist; and Nathan Wolfe 45, of Detroit, who furnished the arsonist, according to the owners.

Both Cohn and Aaron admitted the plot in formal statements at the Oakland County Prosecutor's office. They said they were debt-burdened and wanted to collect insurance from the blaze.

The other two men deny any knowledge of the case.

★ ★ ★

The attempt to burn the store Nov. 14 was unsuccessful. Firemen extinguished the blaze shortly after arriving on the scene. They found yellow phosphorus bombs planted under cushions and mattresses.

The blaze was immediately labeled arson and the owners were held for questioning. They admitted the plot the following day.

Book Worth $182,000 Is Delivered by Mail

NEW YORK (AP) — A 13th century book costing a record-breaking $182,000 has been delivered to its new owner — by ordinary mail.

★ ★ ★

Book dealer H. P. Kraus bought the illuminated manuscript of the Apocalypse at a London auction two weeks ago. It arrived Wednesday.

★ ★ ★

The price was the highest for a book since J. P. Morgan bought one 30 years ago for $155,000.

Sad Saga of 6 Touhy Brothers

CHICAGO (UPI) — Once there were six Touhy brothers, the sons of a Chicago policeman. Now there is one. This is their story:

—James Jr.: Died at age 17 in 1917. Shot to death while committing a robbery

★ ★ ★

—John: Died in 1927 in a prohibition era shooting brawl said to have resulted from a battle over disputed beer territory with Al Capone.

—Joseph: Died in 1929, shot to death by a suburban tavern owner while running beer.

—Edward: Disappeared in the 1920s. One story is that he disappeared after a feud with the Capone gang. Another story has it that he died in bed.

—Roger: Died last night. Shotgunned to death at age 61 less than a month after being paroled from prison.

—Tom: The lone surviving member of the Touhy brothers. Living in Arizona and suffering from Parkinson's disease. Tom was in jail once — served 14 years for an Indianapolis, Ind., robbery.

Postpone Launching of U.S. Sun Rocket

WASHINGTON (UPI) — The federal space agency today announced indefinite postponement of an attempt to launch a sun rocket designed to explore space between the earth and Venus.

Electronic difficulties in the 90-pound space probe, rigged to transmit radio information over interplanetary distances up to 50 million miles, caused the postponement.

The announcement by the National Aeronautics & Space Administration (NASA) said no new firing date has been scheduled. It was understood, however, that the attempt cannot now be made before some time next month. The launching had been set for this week at Cape Canaveral, Fla.

Pleads Innocent in Plot

DETROIT (AP) — Clarence Fuller, 44, pleaded innocent in recorder's court Wednesday to charges that he hired a boy to kill his wife, Theresa, 44. Fuller was ordered held until he posts $3,000 bond. Examination was set for next Tuesday.

Prince Dances With Housemaid —What a Ball

LONDON (UPI)—Prince Philip danced to the tune of "Lipstick on Your Collar" at the Buckingham Palace staff ball last night, but Queen Elizabeth missed the party because of her pregnancy.

★ ★ ★

Philip showed up about 11:30 p.m. and stayed long enough to dance with the housekeeper, two stenographers and a housemaid. He chatted briefly with other members of the staff before leaving the party.

More than 580 persons turned out for the party in the palace's white-and-gold state ballroom.

Admits Story of U.S. Plane

Fighter Craft Belonging to Dominican Republic Fire on C47

WESTOVER AIR FORCE BASE, Mass. (UPI)—The Air Force conformed today that a U.S. military plane was forced down by Dominican Republic fighter planes Tuesday.

Eighth Air Force headquarters here said the C47 carrying a U.S. military attache was intercepted by fighter planes near the Dominican-Haiti border and forced to land at an airport in the Dominican Republic.

★ ★ ★

The plane was piloted by Lt. Col. Robert Foley, U.S. Military attache to Venezuela, the Dominican Republic and Haiti. Maj. Gen. John G. Williams was co-pilot.

An Air Force spokesman here said he did not know whether the plane was fired on. The Miami, Fla. Herald said in a copyright dispatch that the American plane was forced down after a burst of machine gun fire.

The spokesman said the plane was on a routine flight from Ciudad Trujillo in the Dominican Republic Tuesday to Haiti when the incident occurred.

The plane was allowed to resume its flight, the spokesman said.

Buffalo Burns Thousands of Greeting Cards

BUFFALO, N.Y. (AP) — Thousands of holiday greeting cards bound for Canada have been burned by postal officials here in recent days.

Postmaster Myron F. Blakeney said confusion concerning postal rates was the reason for the unusual action.

He said thousands had been received here, a transfer point, in unsealed envelopes bearing three-cent stamps. Sealed or unsealed envelopes headed for Canada must have four-cent stamps, he pointed out.

When possible, he said, letters are delivered in Canada but the receiver is taxed an additional two cents, one for the deficit and one for a penalty.

When envelopes contain return addresses, they are being returned.

Otherwise, they go to the city incinerator.

Slayer, 12, Committed

YPSILANTI (AP) — Twelve-year-old John R. Turner of Belleville has been committed to a mental institution for the slaying of a playmate, Jeffrey Paxton, 12. Police said Turner stabbed and hammered Paxton to death last April 8 during an argument about a bicycle basket.

Industrials Due to Swing Wide

Firm Eyes 750 on DJ, Then Back to 600-625 After Profit-Taking

NEW YORK (UPI)—Stock price swings next year probably will be much wider than in 1959 when they were just about the mildest on record for any calendar year, says Prentice-Hall.

It looks for a zigzag upward pattern toward 67 in the 500 Standard & Poor's Average and roughly 750 on the Dow-Jones Industrials.

"The subsequent second-half reaction could trigger a chain reaction of profit-taking that would carry the S&P 500 all the way down to 53-55 and about 600-625 on the DJI," Prentice-Hall points out.

For the present, at least, Gerald M. Loeb of E.F. Hutton & Co. feels the market is based on the supposition that a solution will be found to the steel situation before any further interruption occurs. "If this belief remains unshaken, and barring some unforeseen news, further new highs in the market are likely."

The Fitch Survey sees solid footing for further gains in leading textiles. It recommends Beaunit, Burlington, Celanese, Cone, Lowenstein and J.P. Stevens.

The odds favor further price strength at this time, comments United Business Service. It regards any serious price weakness in the drug stocks as a purchase opportunity.

Stock Trend Service anticipates irregularly higher gains into January, simultaneously reaching a climax high with a settlement in the steel industry.

Two Small N-Blasts Shot Under Louisiana

WASHINGTON (UPI) — The Atomic Energy Commission exploded two small charges in a Louisiana salt mine today to kick off a program of research on detection of underground nuclear tests.

★ ★ ★

Each charge consisted of 20 pounds of nonnuclear high explosive. The AEC plans to detonate 10 charges, the latest to be about five tons.

The AEC firings are related to the Defense Department's project Vela, a multi-million-dollar program to test feasibility of detecting underground atomic explosions.

Chances of an East-West agreement to ban nuclear tests may hinge on results obtained.

Of particular concern is whether sneak tests could be carried out in such a way as to defy detection.

Freighter in Trouble on Pacific Ocean

LONG BEACH, Calif. (AP) — A 300-foot Liberian freighter was reported in trouble 340 miles southwest of Los Angeles today. The report said the crew of 17 was abandoning ship.

There was no indication of what the trouble was.

The Coast Guard said it dispatched a plane to the scene. A Coast Guard cutter also was dispatched, but it won't reach the area until about midnight tonight.

The vessel was identified as the Guam Pioneer, which sailed from San Francisco Sunday with a cargo of scrap iron. Its destination was given as Hawaii.

On Integrating Air Defense

France Stubborn; Ike Gets Problem

PARIS (AP)—The 15 North Atlantic Allies today tossed the U.S.-French deadlock over unified defense to Presidents Eisenhower and De Gaulle for solution.

Defense ministers of the Allies made a last stab today at reaching agreement on integration at least of their European air defenses under command of thet North Atlantic Treaty Organization. But France for the third day of NATO's annual ministerial review held firm against the 14 other allies, refusing to pass control of any more of her forces to the central command.

★ ★ ★

Informed sources confirmed that the issue was now firmly on the schedule for discussion when De Gaulle and Eisenhower meet privately Saturday, in a session accompanying the Western summit meeting this weekend.

★ ★ ★

It appeared the NATO allies did not want to risk an open row with De Gaulle and had declared a temporary truce. But the truce was likely to be of short duration.

"We are determined to get this thing settled," one NATO diplomat said wih conviction.

France doesn't want to contribute even to the unified air defense system being pushed as a face-saving compromise. The United States has been leading a campaign for over-all integration of armed forces—under unified command—to defend Western Europe.

De Gaulle insists on a loosely linked alliance, with each nation retaining control of its land, sea and air forces.

★ ★ ★

Eisenhower is expected to remind De Gaulle that U.S. forces were pledged to the continent under the principle of integrated NATO forces. Without this concept, the United States feels there is little if any reason for being in Europe.

★ ★ ★

The United States wants complete integration but will settle for a step-by-step approach which would unify air defenses first. The Americans hold that an air defense system organized on national command lines would be worthless in missile age warfare because it would react too slowly.

Tax Reduction Unlikely in 1960

Committee Nears End of Massive Survey; Future Revision Seen

WASHINGTON (AP) — Income tax reduction is unlikely in 1960.

The steady increase in federal spending, government need for every tax dollar, the monumental complexity of the tax laws, and deeply rooted congressional differences add up to a tax status quo for another year.

This became clear today as the tax-writing House Ways and Means Committee neared the end of five weeks of hearings on future comprehensive revision of the tax laws.

5,000 PAGES OF VIEWS

When the sessions end Friday, the committee will have about 5,000 closely printed pages of often conflicting tax views by committee members.

Election year pressures for popular tax cuts undoubtedly will be as great as ever, but key committee members have ruled out any substantial revision of the tax laws next year.

★ ★ ★

They feel the groundwork has been laid for future overhauling of the law to permit a general reduction of tax rates without sacrificing revenues.

★ ★ ★

Chairman Wilbur D. Mills (D-Ark) says such an over-all rate reduction could be achieved by broadening the taxable income base — amounts and types of income subject to tax — and elimination of many tax preferences, deductions and loopholes.

Valuation Up in Waterford

Rises Nearly $5 Million Since Last Year; Tax Deadline Jan. 20

Waterford Township's equalized valuation is up almost $5,000,000 over last year's total, according to a report from the Oakland County Equalization Committee.

This year's total is $84,966,500 as compared to $80,867,582 in 1958.

The valuation figures, along with a breakdown of how the property tax is distributed was included with some 25,000 tax statements sent to Waterford Township residents.

In former years, local taxpayers had until Feb. 28 to pay their taxes before a 4 per cent penalty was added. However, this year because of an attorney general's opinion, the deadline for tax payment is Jan. 20.

★ ★ ★

If payment has not been made by Feb. 28, a one-half per cent interest rate is added to the tax statement each month thereafter.

Just What's Behind Big Remodeling Job?

NEW YORK (AP)—The office of Gov. Nelson A. Rockefeller has called for a full report on who paid for the $5,500 remodeling job on the apartment of Manhattan Borough President Hulan Jack.

The demand came from Rockefeller's counsel, Robert McCrate, in Albany. The governor, now touring the Midwest, said in Green Bay, Wis., he had learned of the grand jury probe, adding he would "see whether there is any action I should take as soon as I get the facts."

★ ★ ★

The governor is the only public official who can remove a borough president from office. Jack's post is the highest ever held by a Negro in New York City. It pays $25,000 a year.

★ ★ ★

A grand jury is probing a charge that Sidney Ungar, a real estate operator, paid the renovation bill with an eye toward being designated a slum clearance sponsor. Ungar, who did not get such sponsorship, has refused to talk to the grand jury and claims the probe is a "political conspiracy."

Clark Equipment Co. Reports Record Sales

DETROIT (UPI) — Clark Equipment Co. of Buchanan reported Wednesday 1959 sales will total about $205 million and earnings will be approximately $12 million.

President George Spatta said both figures represent all-time records for the company.

He said sales in 1958 totaled $142,618,000 and earnings were $6,449,000 or $2.70 a share. The 1959 earnings will be about $5 a share.

Spatta noted that 1959 "would have been an even better year if the steel strike had not intervened."

Mayor Skunked by Insurance; Goes to Court

EVERETT, Wash. (AP) — How comprehensive is the comprehensive clause in automobile insurance? The mayor of nearby Monroe went to court Wednesday to find out.

★ ★ ★

Mayor Robert Follis sued his insurance company for the difference between the blue-book value of his 1959 car and the price he sold it for last summer.

The insurance firm said Follis' coverage did not include the reason he found it necessary to sell his car.

★ ★ ★

The reason? Someone put a skunk inside the parked car on a hot day last July and rolled up the windows.

Dad Whose Children Died Is Discovered

DETROIT (AP) — A father whose five children were in the city's welfare shelter when their mother died is due in Detroit today or tomorrow.

Police located Hilliard Sinclair last night in San Diego, Calif., where he is employed by a construction firm.

Sinclair said he would catch the first available plane to Detroit. He said he had left here in October in search of work. Police found him by contacting relatives in Phoenix, Ariz.

His wife, Helen, 32, died yesterday of tuberculosis at the shelter where she and the children had lived since Monday.

★ ★ ★

Juvenile authorities took custody of the children, aged seven months to 12 years, and gave them food, clothing and beds.

Mrs. Sinclair's body was found by a night watchman who heard whimpering in the family's quarters.

One in 10 London Babies Born Out of Wedlock

LONDON (UPI)—About one out of every 10 babies born in London last year was illegitimate, medical officer of health J. A. Scott reported today.

Scott said the London area birthrate in 1958 was the highest in 11 years.

IN LOVING MEMORY OF PAULINE Crupi who passed away Dec. 17, 1956. Sadly missed by daughter Madelin and family.

IN LOVING MEMORY OF FRANCIS Harmes who left us Dec. 13, 1957.
Do not ask us if we miss him,
Life for us is not the same;
All the world would be like heaven,
Just to see him once again.
Sadly missed by his Mother, Dad & children.

PAULINE CRUPI. IN LOVING memory of my mother who passed away 9 years ago today.
Sweet to remember her, who once was here
And who though absent is just as dear.

Dr. Spock and Associates Put Woman! at Its Peak

By FRED DANZIG

NEW YORK (UPI) — Daytime television's last Jeroboam of champagne, the CBS-TV series called Woman!, uncorked its most captivating, lucid hour yesterday in showing that, "You Can't Raise Children by the Book."

★ ★ ★

Why not? Dr. Benjamin Spock gave the answer: because parents usually know their offspring better than any book-writer does.

During the hour, hostess Patrice Munsel took us to the home of a young minister, his wife and four children in New Haven, Conn., to see how the mother, Mrs. Jack Russell, was botching up the job of handling her intense, bright, moody six-year-old son, Biff.

We heard from the parents, their friends and neighbors, Biff's teachers and family doctors. "The whole world seems to know how to raise and discipline a child," sighed Mrs. Russell.

★ ★ ★

When Biff went through a series of exams at the Yale Child Study Center, we went with him and we finally heard the expert verdict:

Be more patient, mother. Don't get panicky and avoid forcing solutions to problems before the kid is ready to deal with the solutions.

There was a natural, informative, courteous, common-sense flavor to the program and, fortunately, the humor was not edited out.

★ ★ ★

Topping off the hour was a valuable exchange of views with Drs. Spock, Louise Bates Ames, Milton Senn and Joseph Stone — experts all.

As the doctors replied to Mrs. Russell's excellent questions, it occurred to me that there might be room for a daily or weekly question-and-answer program of this sort, a "Small World"-type format dealing with the world of the small fry.

Well . . . I can dream, can't I?

"One Red Rose for Christmas," the U.S. Steel Hour production first seen last December, returned for a tidier but still too sketchy encore on CBS-TV last night.

Helen Hayes and Patty Duke again starred as the trouble mother superior and sullen child, respectively.

Leonard Morgan's teleplay was unable to probe their problems too deeply because (1) the hour wasn't enough time and (2) the delicacy of the plot couldn't take a constant shift of emphasis.

THE CHANNEL SWIM: A tentative (but very) 1960-61 schedule at ABC-TV pencils in a new half-hour situation comedy starring Andy Griffith in the Thursday night slot now occupied by Pat Boone. The schedule also cancels Walt Disney Presents and the Wednesday Night Fights.

The Sunday, Jan. 3, NBC-TV hour starring Janet Blair has a theme: "Around the World With Nellie Bly." . . . Officials of CBS-TV and Revlon spent many hours yesterday working out a new time schedule for the sponsor's incoming variety series, which replaces The Big Party early next year.

Ontario Town Swept by 2-Million-Dollar Fire

KITCHENER, Ont. (UPI) — A fire and explosion of undetermined origin swept through the downtown business district yesterday causing an estimated two million dollars damage.

The fire started in a supermarket yesterday afternoon and was brought under control shortly before midnight last night.

Over 100 shoppers were removed safely from the supermarket shortly after the fire broke out.

When He Does Benefit, It's Really Been Done

By EARL WILSON

NEW YORK — "Jule Styne," somebody said, "is this year's Jayne Mansfield."

★ ★ ★

Not that they're the same measurements, or look alike—just that he's doing everything, being seen everywhere, being talked about by everybody, just as Jayne was when, coincidentally, she was in a B'way show produced by Jule Styne.

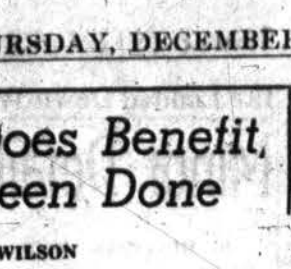

WILSON

Jule at 1 a.m. the other day finished producing, for free a Fight-for-Sight benefit at Carnegie Hall on which TV director Norman Jewison and he had labored for six weeks.

The peppery little composer of "Let Me entertain You," "Everything's Coming Up Roses," and other "Gypsy" song hits, produced a new tasteful kind of "benefit," which will be one the other boys may never equal.

Backstage Henry Fonda was peering through a crack watching Eddie Fisher sing, Polly Bergen was trembling, "Why do you get twice as nervous working for nothing?" and Linda Darnell was putting on glasses to read an appeal.

STYNE

Mel Allen opened it at 8:45, Johnny Desmond finished at 12:55. "Great to be here in Leonard Bernstein's living room," Phil Silvers said, m.c.'ing the first half — and then came such talent as Arnold Stang, the Ray Charles Singers, Sarah Vaughn, Tony Bennett, Shelly Berman, Diahann Carroll, the Barry Sisters, Augie and Margo, Dorothy Loudon, Sandra Church, the Dunhills, the Bilko Boys, Sally Ann Howe, Comden & Green, Buddy Hackett, Jack Carter and Alan King . . . all there for free to raise $30,000 for Fight-for-Sight.

★ ★ ★

Jack Carter said that our big show was a sample of today's trend of everybody helping everybody. A woman who heard a speaker mention sex appeal opened her purse and groaned, "Another appeal!" It was probably the same lady who rushed over to pick up a man lying stomach-down in the street. "Get away from me, lady!" he snapped. "I'm fixing this manhole!"

Mediocrity? Not for Holliman

Won't Let Show Die

By VERNON SCOTT

HOLLYWOOD (UPI) — Sometimes a TV series is thrown together quickly as stopgap filler for a void in the scheduling—usually a second rate show with a life expectancy of a season or less.

Such was the case with "Hotel de Paree" which was dumped into the breach on Friday nights opposite "Walt Disney Presents" (ABC) and "Man and the Challenge" (NBC).

★ ★ ★

It was just another western with nothing to distinguish it from other oaters except for "big name guest stars."

CBS hired rawboned Earl Holliman to portray a running character named Sundance, who was supposed to hang around in the background while the visiting star carried the ball.

If the show didn't become a worldshaker it could be dropped with no harm done.

But the brass figured without the redoubtable Mr. Holliman.

It turns out this rangy, not-too-handsome actor is an angry young man—and not the kind who beats bongo drums or reads beatnik poetry.

Holliman wasn't satisfied with a second-rate show. He fought writers, producers, directors and anyone who would listen to him.

★ ★ ★

Now, with the season half over and on its fourth director, the show has battled its way into the list of the top 30 programs ratingwise.

"When you agree to do a TV western the best you can hope for is mediocrity," Holliman said. "But after seeing the pilot I knew we weren't even mediocre.

"I used to lie awake until 4 a.m. worrying about the show, furious that the characters weren't established. We had no point of view. We had nothing going for us, and no one was doing anything about it."

'MUST DO BEST'

Why the big crusade? Why doesn't Earl just grab the big dough and let the series die a natural death?

"I can't be happy unless I'm doing the best I can. And I want to build a future as a performer. An actor can't do that in a bad series.

"Another point: I own 20 per cent of the show," he continued. "I'd like to be proud of it, and maybe things will turn out that way. This is the first week I haven't had to fight for changes in the script.

★ ★ ★

"The last time the ratings came out we were one of three new shows to make the top 40 programs.

"If I have anything to say about it, 'Hotel de Paree' will climb higher—and we'll be on the air again next fall."

To Carry Torch for Ike's Return

WASHINGTON (AP) — President Eisenhower will get a torchlight reception—with modern calcium flares—when he returns next Tuesday night from his overseas tour.

"Having in mind that the President carried the torch of freedom on his tour, we are going to hand out 10,000 torches," District Commissioner Robert E. McLaughlin said Wednesday.

★ ★ ★

Eisenhower is not expected to reach the White House from Andrews Air Force Base, Md., until nearly midnight Dec. 23. The torchlight celebration will be held in Lafayette Square, across the street from the White House.

McLaughlin said the torch reception was suggested by civic and veteran organizations, and the White House gave permission for the demonstration.

★ ★ ★

Vice President Richard M. Nixon said earlier this week he hoped Eisenhower would get an enthusiastic reception on his return from the strenuous tour.

Williams to Be Speaker at Dem Kickoff Dinner

WASHINGTON (AP) — Michigan's Gov. Williams will be among the speakers at a $100-a-plate dinner here Jan. 23 to help the Democratic Party start its 1960 campaign fund raising activities.

★ ★ ★

Just about all the Democrats being mentioned prominently for the presidential nomination next year will make short speeches. So will former President Harry S. Truman.

★ ★ ★

Oscar L. Chapman, former secretary of the interior, said at least seven presidential hopefuls will be on hand.

No Happy Yule for 5 TV Shows

Holiday Season Brings Dread of Renewal Time; More May Fall

By CYNTHIA LOWRY

NEW YORK (AP) — For most people the Christmas season is one of good cheer, but there are many television figures who dread its approach. For them, it means a period when many shows reach the end of their 13-week stretch and sponsor or network decide on their continuance for another 13 weeks.

★ ★ ★

Although a number of shows are currently reported to be in trouble, the actual number of cancellations announced so far is small. Out of more than 110 network shows weekly, the ax has fallen on only five. Undoubtedly there will be more announced.

Slated for sudden death are NBC's "Five Fingers," an hour-long spy series, and — wonder of wonders — "Wichita Town," a half-hour Western. The latter, not a bad specimen, probably is a victim of its late evening (10:30) time slot when many of the more avid Western fans are tucked in for the night.

★ ★ ★

CBS will lose two long shows: the expensive, highly-touted "Big Party" and "The Lineup," a police action show which never recovered from expansion to 60 minutes.

Dick Clark's night time "World of Talent" will be dropped by ABC.

★ ★ ★

All, of course, are departing because TV rating services reported comparatively small audiences. And the rating services remain the only means by which sponsors can evaluate the results of their TV investments.

Expects Army Air Fleet Will Be Largest Soon

WASHINGTON (AP) — Brig. Gen. Clifton F. von Kann, director of Army aviation, said Wednesday the Army may be operating the largest fleet of manned aircraft in the free world by 1970.

The Army's airplane fleet currently is greatly exceeded by those of the U.S. Air Force and Navy.

Von Kann told a symposium on aviation contract services that the Army "cannot help but forecast an increasing requirement for manned aircraft."

"This is in contrast to other services where the missile appears to continually decrease the requirement for pilots and planes," he said.

The Army now has about 5,500 aircraft of 15 different types.

The Army's need for aviation is based on its requirement for mobility, Von Kann added.

Commercial air service from London to Paris was inaugurated late in 1919.

Pope John May Add Still More Cardinals

VATICAN CITY (AP)—Pope John XXIII, who has set aside a 400-year-old tradition limiting the college of cardinals to 70, indicated today he may increase the college even more.

"We have reached 79," the Pope said, speaking informally at a general audience. "In the future we will go ahead—we will see."

The supreme ruler of the Roman Catholic Church pointed out that since the limit of 70 was set, the church has grown tremendously.

"If we need more (cardinals) we will elect more," he said.

The limit of 70 cardinals was set by Pope Sixtus IV in 1586, when Roman Catholics totaled far less than the church's present membership of nearly half a billion.

Pope John in formally creating eight new cardinals Monday brought the college's membership to 79. A year ago, the Pope created 23 cardinals, bringing the college's membership at that time to 74. Three since have died.

The Pope placed the red birettas on seven of the eight new cardinals—two Americans — Wednesday.

The divorcee, mother of a 20-month-old daughter, came to the United States three years ago from Heidenheim, Germany.

Ike Loaded Down With Weighty Gifts

Minor Details Loom Big on Trip

By MERRIMAN SMITH

TUNIS, Tunisia (UPI)—It is most difficult for those travelling with President Eisenhower to realize in Africa today that a highly important phase of his journey still remains, the Western summit meeting in Paris beginning two days from now.

Time, countries and continents have become somewhat blurred and the White House travelers are inclined to think of upcoming stages of the trip only in personal terms.

Truly minor details of personal living begin to outweigh important diplomatic considerations, for example:

A travel clock left in New Delhi.

A Christmas gift for the family that won't fit into bulging luggage.

Location of aspirin.

The question most often heard in the working party swirling along with the President is, what day is it?

Barbara Eisenhower has had to find room for countless gifts for her four children, including delicately mounted butterflies which she aquired in India.

There are tiger skins, leopard heads and silver replicas of buildings. There must be enough silver and gold framed portraits of heads of state to fill a large packing case.

Most of these gifts will end up in the Eisenhower Museum at Abilene, Kan., but even that noble structure has space limitations.

So, along with the Western summit meeting, the Chief Executive also must ponder what to do with his gifts. And this is a problem not subject to diplomatic negotiations.

A logistical problem matching the movement of the presidential party is the transportation back to the United States of the gifts showered on Eisenhower during his journey.

Some of the gifts are highly fragile and require expert crating. They weigh a ton and will need a cargo plane to airlift them back to the United States.

The outpouring of gifts was heaviest in Asia. President Prasad of India gave the President a large ceremonial chest of carved wood that weighs well over a ton.

Eisenhower has received enough Oriental and Persian carpets to cover the White House floors wall to wall several times. Someone just packed and shipped a large turquoise-studded peacock presented by the Shah of Iran.

And President Ayub Khan of Pakistan presented a silver filigree tree, so delicate that Ayub himself was afraid to handle the three-foot high object when it was shown to the Chief Executive.

State Treasurer Calls Legislators 'Close to Nothing'

KALAMAZOO (AP) — State treasurer Sanford Brown declared here Tuesday night "we get legislation by lobbying" and that "the poor legislators hardly have time to get from one cocktail party to another."

Brown, speaking to the Kalamazoo Accountants Assn., said that "some of the legislators in Lansing are about as close to nothing as anything you're going to get."

But, he added, "There are exceptions on both sides of the aisle."

Brown is a Democrat. The House is evenly divided 55-55. Republicans control the Senate 22-12.

Who Was Adams?

Adams were, not was. The four Adam brothers were architects who raised cain with English furniture styles by helping to put an end to Rococo decoration and introduce straight and geometric forms. They were in the vanguard of the Classic Revival.
