Steel Men Talk Again, but Peace Hopes Dim

Happened in Michigan

AP Wirephoto

SNOW IN JULY? — Not quite, but hail accompanying a record rainfall in downtown Escanaba had nearly the same cooling effect Saturday. It was deep enough to "drift" and bog down cars. Richard Jones is shoveling some from the path of an auto. The rainfall was 1.40 inches in 20 minutes, a local record.

Area Crops Threatened by Prolonged Dry Spell

Oakland County area farmers are keeping an anxious eye out for some signs of rain these days as their crops wilt for lack of water.

"The situation is getting to be critical," according to Lyle Abel, county agricultural extension director.

"Considerable damage already has been done to crops on lighter soil," he said today. "Much of the first plantings of sweet corn has been ruined, and all major crops other than wheat are feeling the effects of a dry summer."

Farmers already have harvested their first wheat crop and it's too early yet to tell what effect the current drought might have on second plantings.

Fruit yields throughout the county area have been reduced considerably where no irrigation is provided, according to Abel.

"The quality of fruit in general is below par," he said. Farmers report the fruit is dwarf-sized and unusually dry of texture in many instances.

Area homeowners have been spending evening hours in watering the brown stubble that was green grass, but even prolonged soakings have been fruitless in many cases.

While the drought hasn't been declared official yet by the Weather Bureau, less than 1.34 inches of rain have been recorded in the county since June 1.

Saturday's rather violent but short-lived rainstorm measured only .16 of an inch, having little effect on easing the situation.

The story has been the same for most of the Lower Peninsula —a dry summer with far below average rainfall.

The Weather Bureau sees some relief in sight for farmers within the next five days and forecasts above-normal precipitation for the month.

Thundershowers are looming just over the horizon. Farmers are hoping they will move in before it's too late.

Poetry Needs a License

NEW YORK (UPI) — Poet William Morris, 28, appeared to be well-received by everyone except a policeman in the crowd of 100 that gathered to hear him recite some of his poetry in Greenwich Village's Washington Square Park yesterday. Patrolman Calvin Simmons handed Morris a summons for "making an oration in a public park without a permit."

Mount Clemens Blaze Kills 5

House Fire Is Fatal to Youngsters; Mother, Another Child Hurt

MOUNT CLEMENS (AP)—Five young children were killed today in a fire that swept a two-story frame home near downtown Mount Clemens.

Two of the children were dead on arrival at a hospital. Bodies of three others were found in their bedrooms.

The victims were children of Mr. and Mrs. Robert Langlois. The father had left for work at the General Motors Tech Center in nearby Warren when the fire broke out. The mother and children were still asleep.

The mother, Margaret, 26, and 8-year-old Deborah, suffered fractured legs and back injuries when they leaped from a second floor window. In addition, the mother was badly burned.

Dead were Stephen 7, 4-year-old twins, Rene and Roy; Sharon, 3, and 7-week-old Russell.

Cause of the fire, which apparently started in the kitchen, was not determined.

Allies Pressing for Fast Pact at Geneva Talks

30-Month Stopgap Plan on Berlin Is Revision of Red Proposal

GENEVA (AP) — Western foreign ministers resumed their talks with the Soviet Union today in an effort to find agreement on a compromise plan for shelving the immediate Soviet threat to West Berlin.

The Big Four conference was resumed after a three-week recess. Western strategy, agreed upon this morning, was to take the initiative and seek a quick declaration from the Soviets on the Berlin problem.

In a reversal of their earlier stand, U.S. Secretary of State Christian A. Herter and his British and French colleagues were reported ready to negotiate with Soviet Foreign Minister Andrei A. Gromyko on his offer of a Berlin standstill agreement.

But they want the proposed moratorium to run for at least 30 months, instead of the 18 months offered by Gromyko, and they want a pledge of Soviet respect for Western rights in Berlin.

Herter was designated in a Western strategy meeting to lead the Western campaign when the Big Four conference reopens after a three-week recess. As conference chairman for the day, Herter was assured an opportunity to speak first.

★ ★ ★

Western strategy was decided upon when British Foreign Secretary Selwyn Lloyd, French Foreign Minister Maurice Couve de Murville, and West German Foreign Minister Heinrich von Brentano met with Herter in his headquarters here three hours before the resumption of sessions with Gromyko at the Palace of Nations.

Some West German authorities argued the United States, Britain and France should make one more attempt for an accord with The Soviet Union on German reunification. But American and British informants said there was no hope now of getting any agreement other than some kind of stopgap arrangement to ease the Berlin crisis.

Western diplomats said that in his leadoff speech Herter would offer certain inducements such as a cut in troop strength in West Berlin.

Herter and his colleagues want to know whether in accepting a moratorium with a deadline they would, in the Soviet view, be agreeing to give up their rights when the deadline expires.

Warming Trend to Last 3 Days; Carry Raincoats

Pontiac area weather observers can look forward to a warming trend only until mid-week, with little temperature change thereafter. Temperatures will average a little above the normal high of 84 and normal 63 low.

★ ★ ★

Whatever the occasion, it would be handy to carry raincoat, for the weatherman predicts scattered afternoon and evening thundershowers, becoming heavier Wednesday or Thursday.

★ ★ ★

The mercury will drop to a low of 60 tonight, but with continued mild weather. Partly cloudy and warmer is the weather forecast for Tuesday. Gentle variable winds and a chance of showers are expected tomorrow, according to the U.S. Weather Bureau.

★ ★ ★

In downtown Pontiac the lowest temperature recorded before 8 a.m. was 57. At 1 p.m. the thermometer read 82.

New Teamster Monitor Seated

Lawrence Smith Says He'll Work for Ouster of Hoffa

WASHINGTON (AP)—Lawrence T. Smith, 36, was sworn in today as a Teamster Union monitor and told reporters he will seek the ouster of union president James R. Hoffa.

Smith replied with a firm "yes" when newsmen asked him whether he would work for the ouster of Hoffa.

Smith, a New Yorker, succeeds Godfrey P. Schmidt on the three-member panel of monitors. He formerly was associated with Schmidt's law office in New York, but said he had severed all connection with it before taking the oath as a monitor today before Judge F. Dickenson Letts of U.S. District Court.

As a monitor, Smith, as did Schmidt, represents rank and file teamsters who brought a suit to prevent Hoffa from taking office as union president.

The suit was compromised in January 1958. Under the settlement, Hoffa was allowed to take office as provisional president and a board of monitors, responsible to the court, was set up to watch over his activities.

★ ★ ★

Martin F. O'Donoghue, chairman of the board and its neutral member, told newsmen today that his staff is working on a variety of charges against Hoffa. He said

The Pontiac Press aerial camera has turned its lens on downtown Pontiac, and two giant views of Saginaw street are on page 21.

Just a Little Delay for Air Travelers

EUROPE BOUND, AGAIN — Their four-hour ordeal over, Mrs. Doreen Voltmann (center) and her husband Robert boarded a bus yesterday for New York's Idlewild Airport to resume their interrupted jet flight to London. The Voltmanns, 3883 Adams Rd., Avon Township, were among the 102 passengers aboard the crippled Boeing 707 transatlantic jetliner that had to circle Idlewild four hours Saturday night before landing safely in a cushion of foam. Pictured with them is another traveler, Mrs. Ruth Kane of Detroit.

Avon Pair Occupied Jetliner's 'Hot Seat'

An Avon Township couple had the "hot seat" aboard the crippled transatlantic jetliner that crash landed safely at New York's Idlewild airport Saturday night.

Europe-bound Mr. and Mrs. Robert Voltmann, 3883 Adams Rd. sat nearest the trouble spot—the two wheels that fell into Jamaica Bay as the huge Boeing 707 took off for London Saturday evening.

A shower of sparks flew past the Voltmanns' window when, four hours later, the cool pilot set the liner down in a bed of fire-preventive foam.

"Thank goodness the foam was there. The plane might have caught fire," Mrs. Voltmann said in a telephone message of reassurance to her mother, Mrs. Alfred R. Trudell, 389 Central Ave.

Vivacious Mrs. Voltmann, who grew up in Pontiac as Doreen Trudell, is a popular music teacher at Pontiac Central High School, director of the girls' and boys' glee clubs and an ensemble group called the Song Spinners.

★ ★ ★

Voltmann is a chemical engineer for Chrysler Corp. in Detroit.

"We were figity, but not scared, while the plane circled the airport," Mrs. Voltmann told her mother.

"The pilot (a veteran, Capt. Edward Sommers, 44, of Brookside, N. J.) was very reassuring. He explained we were circling to use up fuel to lessen the chance of explosion or fire when we landed.

★ ★ ★

"The stewardesses kept coming by, giving us up-to-the-minute reports. Everyone was calm.

"But we all felt even better when the pilot said he thought we could land on the remaining wheels (eight of them) instead of belly-landing.

"He said that after we had been circling for about two hours."

During the four-hour ordeal, the

Airport Mobbing Alarms Officials

50,000 Jam Idlewild for Front-Row Seats at Possible Disaster

From Our News Wires

NEW YORK — City and airport officials took steps today to prevent a recurrence of the "Roman holiday" in which thousands of sightseers swarmed to watch the emergency landing of a jet airliner, hampering fire and rescue equipment and endangering their own lives.

★ ★ ★

The Pan American World Airways plane, with 102 passengers and a crew of 11 aboard, lost part of its landing gear when it took off for London at 8:37 p.m. Saturday.

It circled the field for four hours, reducing its fuel load and awaiting ground preparations for a possible belly landing, before it made a safe touch-down on its remaining wheels at 12:29 a.m. Sunday.

During those four hours, an estimated 50,000 persons converged on Idlewild Airport, clogging traffic for 15 miles on roads leading to the airport and delaying fire engines and ambulances attempting to reach the landing scene.

AT RUNWAY'S EDGE

About 4,000 spectators pushed to the edge of the runway seeking a front-row view of a possible disaster.

"If we'd veered off the runway, or there'd been an explosion and fire, hundreds could have been killed," said the pilot, Capt. Edward Sommers.

"The rescue equipment was at the other end of the runway and

(Continued on Page 2, Col. 3)

Fisherman Uses Ancient Weapon to Defend Rights

A frustrated fisherman on Van Norman Lake, in Waterford Township, turned to an ancient weapon to defend his ancient fishing rights Sunday afternoon.

More modern Township police and Oakland County Water Patrol Deputy Lee Duncan didn't approve of the method of William J. Irvine, of 421 W. Lantz, Detroit, to "control water traffic."

★ ★ ★

Irvine in the past had become aggravated by motorboats passing too close to his boat at high speeds. Yesterday he brought a four-foot bow and some arrows along "for protection," police said.

Each time a motorboat came near him, he would stand up, draw back his bow, aim at the boater and shout a warning. The boat operators wasted no time heading in the opposite direction.

★ ★ ★

When word of this reached Deputy Duncan, he nabbed the archer. Irvine escaped with a warning, but he did lose his bow and arrows. They're being held at the sheriff's department.

'All-American Try' Pledged by Union Leaders

Top Industry Bargainer Says Pact Extension Only Strike Remedy

NEW YORK (AP)—Stalled steel negotiations got under way again today at White House bidding but with scant prospect of an agreement to avert a strike at midnight tomororw.

The Union promised to make "an all-American try" at negotiating a strike-saving settlement.

R. Conrad Cooper, chief industry negotiator, threw cold water on settlement prospects and showed irritation in posing with Union President David J. McDonald for photographers.

Cooper said there was only one possible way a strike could be avoided—for the Union to again extend its contract.

Negotiations collapsed last night. President Eisenhower this morning appealed to both sides to resume talks in a last-ditch peace effort.

★ ★ ★

The White House said there was still time to reach a peaceful solution. Union chief McDonald agreed with this.

But Cooper told newsmen as he went into session with McDonald that the time now is too short to deal with the many unresolved problems.

"Frantic last minute dramatics are not responsive to the long-term seriousness of the problems that we're talking about," Cooper said.

VITAL PROBLEMS

"These problems are of real consequence to all employes, all owners, and all the public.

"They can't be deliberated on and solved in a few short hours."

McDonald broke in to end the the joint news conference:

"Let's cut the conversation and go to work. We can make an agreement in an hour."

★ ★ ★

Hagerty first read the statement, then volunteered that Eisenhower and Mitchell had conferred regarding the steel situation for about 25 minutes this morning.

The press secretary added that the President and Nixon later met for about 45 minutes. He said that conference dealt with many things, and that the steel strike threat was one of them.

In reply to a question, Hagerty said Eisenhower had not been in direct communication with either side in the dispute.

The press secretary noted, how-

Reds Rocket 2 More Dogs Into Space

MOSCOW (AP) — The Russians announced today that they rocketed two dogs into space July 10, and brought them back to earth safely.

One of the dogs in the 4,850-pound ballistic rocket was Daring, the veteran space traveler, who was up for his fourth round trip.

Daring, another dog, Snowflake, and a rabbit named Marfooshka (Little Martha) were sent up in a similar single stage rocket weighing 4,009-pounds on July 2.

Tass, the official Soviet news agency, said instruments in both rockets were parachuted to earth after successfully making recordings of conditions in the outer atmosphere.

The Russians have not disclosed the distance or altitude of either the July 10 or July 2 flights.

The Tass announcement today said the latest dog-carrying rocket was the same type as that of July 2 and was launched at 4:12 a.m. July 10.

★ ★ ★

"Information is reported to have been obtained on the entire range of the research program," Tass said.

The agency described this program as including "measurements of infra-red radiation of the earth and the earth's atmosphere, photographing of clouds over a vast territory, a simultaneous analysis of the ion and neutral composition of the atmosphere and a measurement of the electrostatic fields."

Stay Alive Longer!

Will You Live to Enjoy Your Success?

EDITOR'S NOTE: Is modern man killing himself to produce a better world for his wife and children to enjoy? Why do live times as many men die from heart attacks today as did 25 years ago? To what extent is a wife responsible for her husband's untimely death? How can every woman help her husband stay alive longer? In a highly-provocative series of 20 articles, Lelord Kordel brings new hope and encouragement in dealing with these major problems of modern living. Don't miss even one of the 20 installments, of which this is the first.

By LELORD KORDEL

Installment One

Once on a tour of a world-renowned cemetery in Genoa, I stopped before a large, imposing statue of a little old woman.

"Who was she?" I asked, with a touch of awe. "What did she do?"

LELORD KORDEL

"She sold flowers in the street," said my guide.

"But that statue in her honor—" I insisted, "she must have done something heroic."

"Heroic, maybe. Foolish, more likely," The guide shrugged. "She worked hard all her life selling flowers, saved every penny, had no fun, not even enough to eat, so she could have a big monument built in her honor when she wouldn't be here to see it."

The scene changes from the quiet of a Genoa graveyard to the noisy, frenzied pace of New York. But the pattern remains the same.

★ ★ ★

I was having dinner with a friend of mine. Bob Swanson is a busy, successful executive whose company manufactures business machines. These machines are designed to operate with ease and efficiency.

A husky former all-American, Bob had forgotten that the mechanism of his own body was the most delicate and efficient ever conceived.

He wouldn't have thought of driving his car without gas and oil, yet he continually pushed his body to the breaking point without giving it the proper food to keep it operating.

The next time I saw Bob he was lying white and still on a hospital bed after a heart attack.

"Funny thing" — he managed a feeble grin — "the office is running fine without me. Just goes to show you, no man is indispensable."

Bob was one of the lucky ones: he recovered. His heart attack was a warning which he was wise enough to heed. He put himself on a five-day-week schedule, learned to delegate authority, bought a cottage by a lake, and spent every weekend there with his family.

"I'm learning to relax," he told me later. "I was a damn fool. For years I'd worked as though there'd never be a tomorrow. And you know something? There almost wasn't!"

MIDDLE-AGED REVOLT

"Death begins at forty!

That's what Dr. Clive M. McCay, of Cornell University, tells us. He says it's around this age that a man looks back over his first four decades, then decides to do something about the remaining three decades by recharting his whole life.

He goes into a middle-aged revolt. Fearful of getting old, he worries about his love-life. But sterility and impotence are not the results of age. They stem from nutritional disorders or from psychological blocks.

★ ★ ★

Sexual vigor can and should last many years past middle life. Even prostate difficulties are now treated without loss of fertility.

Don't go into the proverbial tailspin. Don't try to be a playboy without the talent for it, a Don Juan without the fervor for it, nor an athlete without the build for it. Moderate exercise, certainly. But don't try to outdo the lads on Muscle Beach.

It isn't old age that brings disease. Rather, it's disease that brings old age.

(Continued on Page 2, Col. 2)

Explosion Leaves Family of Eight Without a Home

A family of eight lost its home Saturday night as flames spread through the dwelling after an old refrigerator exploded.

★ ★ ★

Mr. and Mrs. Albert Mills and their six children, ranging from nine months to eight years in age, were at the home of Mrs. Mills' mother, Mrs. Allen Cooley, 355 Third St., when the fire started at 11:30 p.m.

Firemen battled the blaze at 156 Palmer St. for more than an hour and a half before extinguishing the flames. The home was completely gutted, and the family's furnishings and clothes a complete loss.

Mills, 26, a truck driver, has not been working steadily for the past six months because of illness.

The fire added to the monetary problems of the family, already saddled with numerous hospital bills because of the father's illness.

The $3,000 two-story home was insured; but not the contents valued at $1,200.

★ ★ ★

The family is being housed by Mrs. Mills' mother temporarily.

Neighbors today started a drive to aid the family. Collections are being received at the home of Horton Graves, 155 Palmer St.

Steel Talks Resume With Deadline Near

(Continued From Page One)

ever, that on June 27 Eisenhower urged that both sides continue negotiations—without interruption of production—until a new contract had been agreed upon.

★ ★ ★

He made that appeal in a letter to David J. McDonald, president of the Steelworkers Union, who then agreed to postpone any strike for two weeks—until tomorrow at midnight.

At his news conference last week, Eisenhower noted that he had called for continuance of talks until a new contract had been negotiated—and not for just a two-week continuance.

Asked whether the President plans any new move to avert a strike, Hagerty replied only that Eisenhower will be watching the situation with a great deal of interest.

★ ★ ★

Prospects for a new contract agreement before the strike deadline at midnight tomorrow appeared exceedingly dim, however.

The industry has insisted on obtaining more management control over various operations to cover any pay or other concessions that might be offered.

The union has refused to yield on this subject. It said the industry has refused to make any specific wage increase offer.

McDonald, after receiving word of the White House request, met briefly with his Union Executive Board.

He rushed out to a hotel corridor telephone and, in the sight of reporters and photographers, called Cooper to arrange the new negotiating resumption.

In response to a prior White House bid the Union granted a two-week strike truce postponing the contract deadline from July 1 until tomorrow night.

★ ★ ★

McDonald dispatched a telegram to Eisenhower in Washington saying the Union was "in entire agreement with you that there is opportunity and time for a settlement to be reached before the strike deadline . . .

"The Union pledges to you, Mr. President, that we are prepared to remain in continuous session in order to conclude a fair, reasonable and honorable noninflationary settlement."

The industry, prior to today's developments, had already started banking furnaces and slowing production. Three days are normally required for a big plant to shut down without damaging equipment.

Avon Pair Occupied Jetliner's 'Hot Seat'

(Continued From Page One)

Voltmanns ate a roast beef dinner, with mashed potatoes and peas. So did most of the other 102 passengers, as if there were nothing unusual about their flight.

Tension reached its peak when the pilot announced it was time to land.

"The plane came down to the ground so fast—they told us later it was 150 miles an hour.

★ ★ ★

"When we touched the runway, the sparks started flying up right underneath our window. But there would have been a lot more sparks if it hadn't been for that foam."

Seconds later, the big plane had skidded to a halt 200 feet from the end of the foam-covered runway.

The Voltmanns, like most of the passengers, easily slid down escape chutes to the ground.

BOARD ANOTHER PLANE

Undaunted by their experience, the Voltmanns boarded another jet airliner at 11 a.m. Sunday and once again headed for London on the first lap of their first trip abroad.

On a three-week tour, they plan to visit Western Europe, including Paris, Rome, Germany, the Lowlands and Denmark.

Friends and relatives shared the tense moments with the Voltmanns.

"Our hearts were in our mouths," said Mrs. Trudell, a dietician at St. Joseph Mercy Hospital.

The Trudells followed the plane's adventure by means of the spot news broadcasts from Idlewild.

They turned on the news after a daughter in Toledo telephoned to tell them about the mishap.

"We were glued to the broadcasts for four hours, our fingers crossed. We were worried, but I had a feeling it would turn out all right.

"Thank God it did."

Close neighbors of the Voltmanns, Mr. and Mrs. Roland M. Diemer, 3861 Adams Rd. caught the news bulletins over the airwaves shortly after the plane took off at 7:30 p.m.

★ ★ ★

"We realized immediately that it was Bob and Doreen's plane that they were talking about.

"We had planned to retire early Saturday but there was no going to sleep as long as that plane was still up in the air. We kept right next to our television set until they announced the safe landing at midnight."

A Detroit woman who was aboard the floundering plane shrugged off the incident as "just an experience."

"Everybody had faith in the crew and they did a tremendous job," said Mrs. Ruth Kane.

She telephoned her husband and mother in Detroit shortly before she was to take off again yesterday for a delayed trip to London.

"There was absolutely no confusion or excitement — until after the plane was on the ground," Mrs. Kane said.

Nickels of Revenge

EL CAJON, Calif. (UPI) — Robert Carson said he got his revenge last Saturday night on the grocery store that charged him 10 cents to cash a check. He paid his $46 grocery bill in nickels.

Pontiac Press Photo

NIGERIA COMES TO MSUO — High officials of the Nigerian government were honored at a luncheon Saturday at the Kingsley Inn after touring the campus of Michigan State University Oakland. Among those at the luncheon were (from left): D. B. Varner, MSUO Chancellor; Don Ahrens, MSUO vice president (rear); Alfred G. Wilson, MSUO benefactor; Harold A. Fitzgerald, MSUO Foundation president; G. E. Okeke, E. Nigeria minister of education; Mrs. Wilson; Dr. Nnamdi Azikiwie, premier of E. Nigeria; Dr. T. O. Elias of Oxford University; and Mrs. William T. Gossett of the MSUO Foundation.

Says University in Native Land Inadequate

Nigerian Official Studies MSUO

A high-ranking official of the Nigerian government declared Saturday that university students in Britain's largest colonial territory learn "too much Latin and not enough about practical problems facing their people."

Dr. Nnamdi Azikiwe, premier of Eastern Nigeria, expressed this opinion after touring the campus of Michigan State University Oakland.

He and members of his mission were guests of honor at a luncheon at Kingsley Inn. Other members of the Nigerian party were G. E. Okeke, minister of education; Lt. Col. E. C. Alderton, the premier's principal secretary, and Dr. T. O. Elias of Oxford University, adviser on educational affairs.

Others present were representatives of Michigan State University, MSUO, and the MSUO Foundation.

Dr. Azikiwie is on a two-week tour of the United States to study land-grant universities. He explained that many features of these institutions will be incorporated into a new Nigerian university which will open in the fall of 1960.

Nigeria, with a population of more than 40,000,000 people, has only one university.

"And unfortunately, the graduates are ill-equipped to assume posts of leadership in our country," he declared.

Dr. Azikiwie said that "only the very cream" of the students in the British West African protectorate are accepted by the existing school which the British government established in 1947.

"In fact, you have to be a genius to go there," he said. "These students are suited for the academic world perhaps, but Nigeria needs something other than scholars.

Nigeria will become an independent republic in the British Commonwealth in the fall of 1960.

The new university must, he declared, help the nation solve the tremendous challenges it will face when independence becomes a reality.

He was impressed by extension service programs of American universities.

★ ★ ★

"The findings of the university are brought to the people," he observed. "This is a distinct contribution of schools in this country to the welfare of the people.

"If democracy is to have meaning in Nigeria, the peoples must learn about new techniques. And for people to learn new techniques, the university must have a program for them."

Dr. Azikiwie said that until a few years ago 95 per cent of the Nigerian population was illiterate. "When we were granted a measure of self-government, we immediately started to reduce that percentage. We have now brought it to 85 per cent."

The new university's curriculum will heavily emphasize engineering, agriculture, home economics and business management programs, the African premier said.

Since not too many Nigerians are qualified to teach on a university level, faculty members will be recruited throughout the world, with the help of agencies such as the United Nations Education, Scientific, and Cultural Organization (UNESCO) and the International Cooperation Administration (ICA).

★ ★ ★

Would farmers and other groups in his nation resist new Western techniques?

"Certainly not," he said. "People are naturally conservative, but show a farmer how to use a tractor instead of a hoe. He'll be impressed."

The new university, he said, will provide educational opportunities for many who are deprived of college training because of lack of space. Last year, he said, the existing university could only accept 300 of the 1,100 students who applied.

Dr. Azikiwie is premier of one of three sections of Nigeria which are united in a federation.

The proposed university would be established in his region.

Airport Mob Alarms New York Officials

(Continued from Page One)

could not have reached us if it were needed."

★ ★ ★

Civil defense and police officials also were concerned with the traffic situation, which authorities said would have kept ambulances from getting victims from the airport to hospitals if the plane had cracked up.

Police and traffic department emergency plans apparently were not put into action soon enough in the unexpected mob scene.

"In seven different areas traffic was diverted," said Acting Chief Police Inspector James B. Leggett. "But if people decide to make a Roman holiday, there's nothing that can be done."

ONLY FEW STAY

Most of the plane's passengers and the same crew, under Sommers, took off in another Boeing 707 jet liner for London yesterday and arrived without incident.

Two members of the crew elected to wait for their next assignment. Fifteen passengers also stayed behind, among them three women who were injured in sliding down emergency exit chutes.

The crowd was sprayed after it had ignored repeated orders to move back.

★ ★ ★

For the 102 passengers aboard the plane, the four-hour wait had an unreal quality. They sat in comfortable seats, were served roast beef, salad, pie and coffee. Soft. music played.

One passenger said it was like sitting in a cocktail lounge—Without a cocktail.

The passengers didn't have much appetite. Some played cards, some read. To quiet their anxiety, many began to talk to the people sitting next to them. "It was like a family reunion," said one passenger.

Ronnie Heinzeroth, a 22-year-old soldier from Stoughton, Wis., summed it up.

"I had absolute confidence in the plane and the pilot—and that pilot did a fantastic job. But if anybody says they weren't excited or weren't scared, they're crazy."

Death Valley, situated in eastern California, is 210 feet below sea level and it is about 150 miles in length and up to 35 miles in width.

Live to Enjoy Your Success

(Continued From Page One)

Suppose one evening you picked up your newspaper and the headlines screamed: ONE MILLION MEN ARE SUICIDES.

"Fantastic," you might say. "What is this —another 'Man from Mars' hoax?"

★ ★ ★

It is no hoax. It is precisely what nearly a million American men do yearly. They kill themselves just as surely as if they jumped into the East River, played Russian roulette, or swallowed poison.

Their suicides, while less spectacular, are more tortured. They suffer the crippling pain of strokes. Or they allow coronary thrombosis to choke off the blood supply to their hearts.

What are the reasons for this mass murder? This national tragedy that leaves millions of widows and orphans in its wake?

Ignorance is one.

American men have learned to build pathways through the skies, to manufacture atoms for peace and hydrogen bombs for war, but few have learned the proper respect and treatment for the most complex creations of all — the human body.

Neglect is another reason. Too many men neglect to have physical checkups, neglect proper nutrition, until it's too late. Diseases that might have been prevented take their toll, and lives that could have been saved by early diagnosis and treatment are lost.

Periodic health checkups are the best guard against serious illness. Failure to have them is the greatest contributor to man's untimely death in middle age—or at any age.

BIG BOYS DON'T CRY

The male premature death rate is 36 per cent higher than that of the female. Why is this? Women generally escape the consequences of worry and frustration by exploding their feelings through tears and other emotional outlets. But under our social mores, men are not permitted this relief.

From the time he is a little boy, the male child is told, "Big boys don't cry." So the big boy grows up holding in his tension — and becomes a victim of ulcers, high blood pressure, or coronary disease.

★ ★ ★

The average executive in the United States —there are some 30,000 with incomes of $50,000 or more—gets up early, rushes to his office by train or auto, stays there until at least 6 p.m. Then he rushes home, eats a quick dinner, and dives into a briefcase full of homework. He may try to combine his social evenings with professional dinners, conferences — and other work.

When does he relax? Certainly not during luncheon, where he makes many important business decisions while he gulps down a heavy meal that overloads his jittery stomach. The higher he climbs up the ladder of success the more pressed for time.

More than half the businessmen who come in for checkups at Boston's famed Lahey Clinic are so keyed up that they must be warned by the doctors to slow down—or face heart disease, colitis, high blood pressure, or any one of a host of other diseases.

★ ★ ★

But it's not too late! If you'd like to look, feel, and act ten years younger — and who doesn't? — if you'd like to repair the damaging effects of accident, illness, strain, ignorance, or neglect, it's in your power to do so.

(All Rights Reserved. Adapted from the book, "Live to Enjoy the Money You Make," by Leford Kordel. Published by World.)

Tomorrow: Why rush your own funeral? Will you be one of the 800,000 felled by heart attacks yearly—or will you decide now to survive your own success?

Two Canadian Youths Admit $71,259 Ottawa Bank Theft

SAN DIEGO, Calif. (AP)—Two Canadian teenagers admitted to police and a television audience their theft of $71,529 from an Ottawa bank.

They said the idea came to them two weeks ago "out of the clear blue sky."

★ ★ ★

The boys, both from the community of Eastview near Ottawa, are Richard Boudreau and Gerald Leclerc. They are 19 years old.

They were arrested Sunday as they attempted to cross the border into Mexico. They were booked on suspicion of grand theft and held for Canadian authorities.

★ ★ ★

Police said Boudreau and Leclerc told them the money would not be missed by the Toronto Dominion Bank until it opens for business today.

★ ★ ★

D. D. Bleucher, chief of police inspectors, said they told him of plans to establish themselves in business in Mexico and "become respectable again."

In a television interview over station KFMB, Boudreau, who was a teller at the bank, said "stealing the money was easy."

Leclerc said they drove to a place about 60 miles from Ottawa where they met a friend, who took them across the U.S. border, concealed in the trunk of his car.

★ ★ ★

Boudreau said there was about $4,000 in U.S. currency in the money he took from the bank. They figured this would be sufficient to meet their expenses in Mexico for a year and by that time, they would be able to invest or exchange the Canadian money.

Their plan was upset when they arrived at the Mexican border in a taxicab driven by a woman.

The cab driver, unidentified, told police that her passengers had luggage in the cab. This led patrolman Richard Wolfe to look into the suitcase holding the money.

AP Wirephoto

DIDN'T MAKE IT — Two Canadian youths who tried to cross into Mexico with $71,500 in bank loot watch Inspector D. K. Blucher check the money. Richard Boudreau and Gerald Leclerc, both 19, were captured at San Ysidro, Calif. Police said Boudreau told them he stole the money from an Ottawa bank Friday.

Two Lake Orion Youths Hurt in Scooter Mishap

Two Lake Orion youths were injured Saturday evening when their motor scooter collided with a car driven by Donald E. Barnhart, 18, of 212 Atwater St., Lake Orion.

★ ★ ★

William C. Schmitt, 14, of 153 Grandview St., driver of the scooter, was treated for minor injuries at Pontiac General Hospital and released.

★ ★ ★

His companion, Richard McIntyre, 16, of 123 Grandview, is in satisfactory condition today with hip injuries. The accident occurred at M-24 and Highland street in Orion Township.

The Day in Birmingham

City Eyes Bid to Reduce Latham Road Hazards

BIRMINGHAM — In the hands of the Birmingham City Commission for consideration at tonight's meeting is a letter from Hugh R. Mack Jr. of 1710 Latham Rd., requesting action regarding safety measures on Latham road between 14 Mile and Lincoln roads.

The street is the same on which sidewalk construction was requested last month by R. B. King of 1700 Latham Rd.

A group of property owners protested sidewalk construction at the same time and the matter was tabled for further study.

In his letter, Mack asserts that placement of full stoplights on Southfield road at 14 Mile and at Lincoln roads has caused through traffic to use Latham road to avoid the lights.

The traffic increase has been "heavy," the letter states, and "speeds have been excessive."

Mack cites the danger of high-speed traffic to the many small children on the street, and asks for either sidewalk construction to keep the youngsters out of the roadway or for regulation of traffic by use of stop signs.

Bloomfield Hills Police Capt. Walter Sluiter today issued a warning to area teenagers and their parents concerning the Cranbrook Schools swimming pool — a private pool on Lone Pine road in Bloomfield Hills.

According to Sluiter, youngsters have been sneaking into the pool for after dark swimming. He cited trespassing as the first item of misconduct involved.

But more important, Sluiter said, is the fact that "the 22-foot deep pool is not safe for night swimming. Pool members themselves refrain from using it after dark."

The occurrences of trespassing have been numerous recently, according to Sluiter, so numerous in fact that Bloomfield Hills Police have clamped down hard.

Thursday night they nabbed nine teenagers swimming in the pool. Eight of the trespassers were fined $10 each in the Bloomfield Hills Justice Court. The ninth, a juvenile, was meted out punishment by his parents.

"We don't want their money," said Sluiter, "but we do want them to be safe."

Gustave A. Schettling

Service for Gustave A. Schettling, 73, of 1664 Old Town Rd., West Bloomfield Township, will be held at 1 p.m. Tuesday from the Manley Bailey Funeral Home in Birmingham. Burial will be in White Chapel Cemetery, Troy.

Mr. Schettling died Friday following an automobile accident in Bloomfield Township. Cause of death is unknown, pending results of an autopsy.

He was a former Birmingham resident, and had been a cabinetmaker for the Cadillac Showcase Co. of Detroit for 23 years prior to his retirement in 1958.

He was a member of the Crescent Hills Baptist Church, Drayton Plains.

★ ★ ★

Surviving are his wife, Lydia; two sons, Werner of 559 Bennaville Rd., Birmingham, and Rudy of Pontiac; and six grandchildren.

Smith Sworn in as Teamster Monitor

(Continued From Page One)

these were brought by about half of the rank and file teamsters who brought the original suit.

When the staff has completed its report, O'Donoghue said, the report will be considered by all three monitors.

★ ★ ★

The third member is Daniel B. Maher, Washington attorney, who represents the union.

Schmidt resigned as a monitor June 26. He resigned after the U.S. Court of Appeals ruled that because he has represented employers in negotiations with the union, there was a potential conflict of interest.

While Smith was taking the oath as a monitor, Hoffa was at the capitol waiting to be called as a witness in hearings by the Senate rackets investigating committee.

There was no immediate comment from the Teamsters president on Smith's talk of ousting him.

Hoffa said "It's just stupid" when asked by reporters what he thought of a Chicago Tribune survey which the newspaper interpreted as indicating his union would vote him out of office by a 4-1 margin if an election were held now.

"They're counting how delegates will vote when they don't even know who the delegates would be," Hoffa said. "It's just stupid."

★ ★ ★

The Tribune reported the survey last week. It said the survey was made by Tribune reporters who posed as truck drivers.

On another score, Hoffa said his union will demand in forthcoming collective bargaining that truck lines make extra payments to the Teamster health and welfare funds because of reduced job opportunities due to automation.

He said automation is destined to bring a growing volume of cross-country freight shipments loaded onto huge trucks and trailers which, in turn, would be transported long distances by rail, air and possibly by water. He said this would mean a loss of jobs for cross-country truck drivers represented by his union, or at best a reduction of job opportunities.

Hoffa said he is concerned because such "piggy back" movement of trailers would permit each to be loaded with a tonnage greater than would be permitted if the trailers were hauled over highways.

But Youth Crowd His Idea

Solon's Office Jammed

WASHINGTON (AP) — Youngsters may soon be hanging from the chandeliers in the office of bachelor representative Ken Hechler (D-WVa).

Girls from Wellesley and Stephens College, from Cornell University and Washington's Western High School, and boys from Swarthmore, Williams College and the University of North Carolina are getting in the ways of juniors from West Virginia's fourth Congressional District high schools.

They're even crowding Hechler out of his private office, but he isn't complaining because it was his idea.

Hechler's two - room business suite in the old House Office Building is doubling as a school for practical politics.

The 14 people now occupying Hechler's offices share desks, tables, typewriters and what Hechler wistfully calls his private office.

The unpaid students perform such jobs as typing, filing correspondence, preparing press releases, clipping newspapers, greeting visitors, guiding sightseeing tours, conducting research, and advising the boss on legislation.

★ ★ ★

Most of them are "interns" who come to Washington in organized and supervised groups to see what makes their government tick. They stay from a week to several months.

The one-week "interns" are students who have won contests sponsored by Hechler in the high schools of his district. A new boy and a new girl arrive each week. All are juniors, the idea being to put to good use in their senior year the knowledge gained in Hechler's office.

★ ★ ★

Hechler pays their train fare both ways, provides free housing, usually with a West Virginia family living in the Washington area, and gives them $20 for food and incidentals. He estimates it costs him about $1,200 every summer out of his own pocket.

Renews Opposition to Water Diversion

ALBANY, N.Y. (AP)—New York state has reasserted its opposition to allowing Chicago to divert more water from Lake Michigan.

Atty. Gen. Louis J. Kefkowitz, in a statement yesterday sent to the senate public works committee in Washington, said there were "more impelling reasons than ever before" to prevent Chicago from taking more water from Lake Michigan.

Bills before Congress would permit additional diversion into the Illinois waterway to provide sanitation for Chicago. The city now is limited by a 1930 supreme court order to 1,500 cubic feet per second, plus domestic pumpage.

Since then, Chicago has been seeking permission for additional diversion. Michigan and other Great Lakes states also have opposed the bid.

Lefkowitz said the proposed bills would deprive New Yorkers "of their rights and property in the waters of Lake Erie and Lake Ontario and the Niagara and St. Lawrence Rivers."

Boy Dies in Home Fire

DETROIT (AP) — Donald Plummer, 7, of Detroit, died Saturday night when a fire swept his home. Two other children were rescued.

Inflation Strikes Citizens' Threat to Policeman

SALT LAKE CITY (AP) — Police officer David Westley thinks inflation has hit the English language.

★ ★ ★

Westley, who remembers when people used to say, "for two cents I'd"—and so on, was writing out a ticket for a 19-year-old motorist Saturday night when he distinctly heard him say:

★ ★ ★

"For 15 cents I'd sock you in the nose."

Explorer I Due to Orbit Until August 1962

HUNTSVILLE, Ala. (UPI)—The Army Ballistic Missile Agency said today Explorer I, the United States' first earth satellite, would continue to orbit until August 1962.

The agency said latest estimates also show Explorer IV, the second Army satellite still orbiting, will re-enter the earth's atmosphere in September and burn up.

Explorer I was launched Jan. 31, 1958, while Explorer IV was placed in Orbit July 26, 1958.

A human stomach, fully distended, is about as large as a football. When it is empty it can shrink in size to that of a human finger.

UP Legislator to Stay at Desk Despite Expense

IRON MOUNTAIN (AP)—An Upper Peninsula Democrat, despite a report to the contrary, says he will be back at his desk when the legislature resumes its session tomorrow night.

State Sen. Philip Rahoi of Iron Mountain said Saturday he plans to stay throughout the session despite a drain on his finances.

Another Upper Peninsula Democrat, Rep. Gilbert Wales of Stambaugh, had quoted Rahoi as saying he would attend one more week of the legislature before returning to his home. Wales has returned to his home saying he would not be back until his vote is needed on an important measure.

Wales blamed mounting personal expenses for his decision.

Rahoi, in denying the report, said:

"I have no plans to come home until this thing is ended. I have sons in Lansing who will support me if I have to stay there."

Surprise Strikes Snip Chicago Rail Service

CHICAGO (UPI) — Surprise strikes halted service on the Chicago and Eastern Illinois Railroad and the Belt Railway Co. of Chicago today.

Members of the Brotherhood of Locomotive Engineers set up pickets at 12:01 a.m. Sunday on the C&EI, which has about 700 miles of track in Illinois and Indiana.

Picketing began five hours later on the Belt, a freight transfer line with about 15 miles of track in the Chicago southwest industrial area.

Other workers refused to cross the picket lines.

★ ★ ★

Officials of the union said the strikes were not authorized. They said they would try to get the men to return to their jobs.

Plane Crash Kills 5, Starts Blaze

IGNACIO, Colo. (AP)—A Chicago industrialist and an Iowa family of four died in the crash of an airplane high in the southwestern Colorado mountains Sunday.

★ ★ ★

The crash ignited a forest fire that whipped across several hundred acres today despite efforts of trained fire-fighters.

Authorities said Kenneth B. Ross, president of the Ross Mfg. Co. of Chicago, apparently tried to fly his two-engine plane over a mountain ridge when it stalled, crashing in a heap. The wreckage was discovered by crews rushed to the fire.

★ ★ ★

The other victims were Betty Mink, 40, of Washington, Iowa; her son, Daniel, 17, and her two younger daughters.

What Would You Do?

NORMAN, Okla. (AP)—After losing its official chart telling the time for sunset and sunrise, the Naval Air Technical Training Center called the Norman Transcript to find out the time to raise and lower the flag.

Hal Boyle Says:

You're Right—Days Are Getting Longer

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Do the days seem longer to you now? Well, they are getting longer. Each year the 24-hour day is lengthened by one hundred thousandth of a second.

It isn't true that camels, the "ships of the desert," can go several weeks or even months without water. The maximum time a working camel can go without a drink is 8 to 10 days.

★ ★ ★

President Charles de Gaulle of France had an odd nickname during his students days at St. Cyr, the French West Point. His fellow cadets called him "the Aparaguus."

Antonio Stradivarius, the famous violin maker, once sent a collection of his fiddles to London for sale at $10 each. They were returned to him unsold because of the high price. One of those same violins today would be worth $20,000 or more.

★ ★ ★

The only ground for divorce recognized by every state in the union is adultery.

Our quotable notables: "If you stick to any opinion long enough, it becomes respectable." — Bertrand Russell.

The wooden truth: Despite the widespread increase of plastic and light metal products in this country, the average American still uses twice as much lumber as a Russian, four times as much as an Englishman, and six times as much as a Frenchman.

You hear a lot about how broke old people are. But 40 per cent of all U.S. citizens over 65 have fluid assets of at least $2,000.

★ ★ ★

Grownups are getting bigger, but babies at birth are smaller. The largest baby in medical history was a 32¾-pound tyke born in 1879 to Mrs. Anna Bates, a 7-foot-5½-inch lady from Nova Scotia.

Speaking of medicine, did you know that a physician is not bound by law to accept a new patient even though there's no other doctor around?

Unusual lady: Eleanor Roosevelt has been praised for many qualities, but she has one virtue that makes her really rare among women. Despite her busy schedule, she is almost never late for an appointment.

★ ★ ★

Some dieters fondly believe they can melt away fat through hot baths. But, according to a study by the Bon Ami Institute, it would take 370 hot one-hour baths to lose a single pound!

You may be bored on the job, but you're safer there. Last year one out of every 20 Americans was killed or suffered a disabling injury by an accident away from work.

In 25 years as a disc jockey, Martin Block, dean of this lonely industry, has played some 400,000 records. Enough to make a stack twice as high as the Empire State Building.

Worst pun of the week: Arthur Murray tells of the guy who lost his girl, Edith, because whenever they went out to dinner all he would do was sit and eat pastry. He went to a psychiatrist who told him: "You can't have your cake and Edith too."

Sign at the Hotel Edison bar: "A lush is anyone who gets drunk without an excuse."

In Sweden girls believe they can get their marriage off to a good start by giving a loaf of bread to a poor person.

It was Joseph Conrad who observed: "What humanity needs is not the promise of scientific immortality but compassionate pity in this life and infinite mercy on the day of judgment."

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles". It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improvement" was reported and verified by doctors' observations. This improvement was maintained in cases where doctors' observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne*) — discovery of a world-famous research institution. This substance is now obtainable in *ointment* or *suppository form* known as *Preparation H.** Ask for Preparation H suppositories (convenient to carry if away from home) or Preparation H ointment with special applicator. Absolute satisfaction guaranteed or money refunded.

Advises Officials to Avoid Libel

Attorney General Issues Reminder Despite Court Immunity Ruling

WASHINGTON (AP)—Atty Gen. William P. Rogers has passed along this word to federal officials: be careful what you say in official statements.

Rogers said he was issuing the reminder although the Supreme Court has ruled that federal officials are immune from libel suits while they are acting in the line of duty.

★ ★ ★

There are other ways of dealing with official responsibility, Rogers said Sunday in a formal memorandum to all executive departments and agencies. These include disciplinary action or removal from office.

Rogers' memorandum stemmed from two Supreme Court rulings of June 29. The court said executive officers of the government may not be sued for damages because of a defamatory statement issued in the exercise of official duties. The decisions, Rogers noted, upheld Justice Department views.

★ ★ ★

The memorandum noted this privilege does not apply to defamatory statements unreleated to official duties.

Rogers said there may be a close question as to whether a statement is in line of duty within the meaning of the decisions. Rogers also reminded officils they have a heavy responsibility to avoid unnecessary injury to any person by their statements.

They're Spending a Honeymoon in a Bombshelter

MIAMI, Fla. (AP)—The nation's first bomb-shelter honeymooners kept house today in fortress-like privacy 10 feet under Miami's sun-baked flatlands.

★ ★ ★

Melvin Mininson, 28, and his bride, Maria Rodriguez, 27, of Tampa, hope to spend two weeks in their room-sized, steel and concrete bower to publicize bomb shelters and civil defense. If they stick it out, sponsors of the stunt promised them a second honeymoon in Jamaica.

★ ★ ★

The Mininsons inched down a hatchway ladder into the shelter about 5 p.m. Sunday. At 9:30, telephone callers reported, they were asleep and none too happy over being awakened for a check on their well being.

The greatest recorded earthquake in the United States struck the village of New Madrid, Mo., on Dec. 16, 1811, and was felt over an area of two million square miles. But it caused only one death.

Neglect From Parents Cause for Delinquency

Professor JOHN R. HOLLAND of the University of Minnesota, says:

> **"All children, not just certain children, are born delinquent. In the process of growing up, it is normal for every child to be dirty, to fight, to grab or steal, to tear things apart, to talk back, to disobey, to evade."**

★ ★ ★

O. K., Professor.

We accept your verdict.

Perhaps you are a bit severe, but granting the general truths of your premise, it simply means the responsibility rests on the parents.

They're accountable to society.

The basic job of teaching is theirs.

★ ★ ★

This message should be spread across the nation about three times a week for the next decade to drive it home. Simple absence from the home where there are growing children means shirking a domestic, civic and national duty.

There's no escaping this fact.

★ ★ ★

The handwriting is on the wall and the dreadful proof is already with us. We have entirely too many delinquents whose parents are accountable.

Earlier Return of Saar Good Statesmanship

France's action in turning over full economic administration of the Saarland to the German Federal Republic six months sooner than agreed upon has strengthened Franco-German postwar friendship.

Twice during this century the rich industrial Saar region has been separated from Germany by French conquest and twice returned. After World War II the Saar was placed under control of a French Commission and linked with France economically through currency and customs union.

★ ★ ★

A semi-autonomous "European" status for the area was voted upon in 1956 but overwhelmingly rejected by the Saarlanders in favor of complete integration with West Germany. France agreed to a Jan. 1, 1960, withdrawal date to allow time for readjustment of economic relations and then gracefully withdrew before that time.

★ ★ ★

This action will be looked upon with envy by those East Germans who are eager for reunion with West Germany. The only reason they are not united is because of Russia's continued intransigence. The Western powers have offered to accompany reunification with a new security system for Europe.

★ ★ ★

The reunion of the Saar augurs well for future Franco-German relations. President de Gaulle is showing farsighted statesmanship in realistically building his country's prestige and strength.

Ben-Gurion Quits Post Because of Arms Deal

Israel's Premier BEN-GURION has resigned his post because of what he calls a breach of faith by four leftist cabinet ministers.

The storm blew up over a deal which his government had made to sell $3.3 million worth of anti-tank grenade launchers to West Germany. In defending the proposed sale, the Premier cited cabinet minutes of last December in which these leftist party leaders had given their approval.

Ben-Gurion rightly pointed out that the West Germany of today is a far cry from Nazi Germany; that Bonn voluntarily is making massive reparations payments and that Israel's own defense and development of her arms industry warranted the sale.

★ ★ ★

Perhaps the most important motive, however, can be found in the Premier's statement: "I have learned one thing from the appalling atrocities of Hitler; to make every possible effort to prevent such a disaster falling on the people of Israel. His (HITLER'S) disciples in the Middle East still live and it is they who rule in Arab countries that surround us." In other words, Israel needs West German trade and friendship.

★ ★ ★

Observers believe the political crisis was deliberately brought on by leftist opposition so as to create an emotion-charged issue in the coming November elections. But Ben-Gurion is not helpless. He can form a caretaker government which would give him a chance to dispose of left wing elements during the campaign and time is on his side.

The Man About Town

Out of Ordinary

Unusual Growths, Other Incidents in Pontiac Area

Honeymoon: What's over when he wipes off the windshield at a drive-in movie.

A regal lily 14 inches across, grown by

Mrs. D. M. Sears

of 61 East Brooklyn Ave., looks like a record breaker.

Snapdragons with 18-inch rows of blossoms are growing for

Mrs. Pearle Glancey

of Pontiac Lake, who has them in "every color of the rainbow—and then some."

After killing a hen pheasant with his mowing machine, on her nest,

Henry Burrington

of Lake Orion put her eight eggs under a setting hen with her own hatching. She incubated the whole bunch, and mothers them all, which seems quite agreeable all 'round, but the young pheasants are much more adept at catching bugs than are the chickens.

First home grown cantaloupes of the year are reported by

Fletcher Donalds

of Waterford, who started the seeds under glass on March 15.

Four young robins were rescued by

Mrs. Cecile Rogaldy

of Drayton Plains, when their nest was blown out of a tree and they were deserted by their parents. She has fed them until they should be taking off on their own, but refuse to do so, and fly around and beg for more food.

First zinnias of the season are reported by

Mrs. Beverly Stranahan

of Birmingham, measuring up to five inches across.

A pair of deer comes out of the big woods near the home of

Jason Everly

in Orion Township, and raids the lettuce and other vegetables in the family gardens, except that they do not touch the onions.

Finding a mother rabbit that had been killed by an automobile near his home,

George Moody

of Walled Lake hunted for the nest. He found it, with eight starving babes, which he is raising on milk, with the aid of a medicine dropper.

Manager of the Veteran Administration's regional office in Detroit,

Lloyd H. Jameson,

sends word that its insurance address now is P.O. Box 8079, Philadelphia.

Verbal Orchids to–

of Keego Harbor; 83rd birthday.

Jeremiah Liscumb
of Bloomfield Hills; 82nd birthday.

Mr. and Mrs. Peter Lund
of Walled Lake; 52nd wedding anniversary.

Mrs. Abagail MacIntosh
of Lake Orion; 86th birthday.

Making a Tough Climb Tougher

David Lawrence Says:

Steel Strike May Last 12 Weeks

WASHINGTON — A nationwide steel strike is due to begin this week. It may last from 8 to 12 weeks.

It will cost the country many hundreds of millions of dollars among all industries which use steel. It will throw out of work tens of thousands of American citizens.

LAWRENCE

Meanwhile, imports of steel from foreign nations will expand considerably. If wage increases here are forced by the strike, a price rise is probable and then there will be even more foreign production brought into this country.

Should the federal government step in? The Taft-Hartley law provides for a certain measure of intervention. President Truman in 1952 went further. He seized the steel industry and put it under government authority.

But the Supreme Court of the United States promptly ruled that this was not authorized by any law of Congress and hence was an unconstitutional action on his part.

★ ★ ★

But the existing law does provide certain steps to be taken by the government. It authorizes the President, whenever he thinks a strike situation "imperils the national health or safety," to appoint a fact-finding board to report to him in a few days as to whether such an emergency has been reached.

The board makes no recommendations at this point but, if it advises the President that a national emergency has arisen, he can then ask a federal court to issue an injunction to prevent continuance of the strike for a period of 80 days.

But there is no final coercion except that which comes from a public opinion inside the unions.

For if the employes had a chance to vote now in secret—as they may have several weeks hence—they would record themselves in favor of an acceptance of the final offer of the steel companies.

So why all the heavy expense to the nation and particularly to the workers? Why not vote now? That's the core of the controversy.

Congress has received from the administration a request for a law to provide that, before a strike is called in any industry, the workers have a chance to vote on the issue in secret.

★ ★ ★

But the labor union bosses are against such a law, and they control a large number of the members of the Democratic Party in Congress as a consequence of big contributions made to favorite candidates in past campaigns.

★ ★ ★

The absence of democracy in the labor unions makes it possible for ambitious dictators to wield autocratic power.

Thus, in the Steelworkers Union, it is believed that David McDonald, president, would have negotiated a settlement before this but fears the tactics of rival candidates within his big union who can distort the issue and blame him for not getting wage increases.

★ ★ ★

He may be well aware that a wage increase could produce a wave of higher prices and inflationary effects, thus permitting more and more steel to come in from foreign countries. But he is unable to take such a position publicly.

★ ★ ★

In fact, he must necessarily oppose anything except that which will be politically helpful to him in keeping his presidential post. A secret ballot by the workers themselves would take him off the hook.

★ ★ ★

Large inventories have been piled up in anticipation of the steel strike. There are, for instance, more than 900,000 automobiles in stock today and the auto companies have a two months' supply of steel in addition.

★ ★ ★

(Copyright 1959)

Dr. William Brady Says:

Important to Learn Cause When Child Runs a Fever

A woman with a clinical thermometer found her young child's temperature 104 or thereabouts, put the child in a tepid bath to reduce the fever.

DR. BRADY

A temperature of 104 indicates only that the child is reacting vigorously to the infection.

It is a mistake, I think, to resort to drugs or any kind of bath merely to reduce fever in such circumstances. A gentle sponge bath with tepid water and alcohol or witch hazel or bay rum, applied with the hand, to one area at a time—an arm, a leg, the chest, the back—which dries while the next area is bathed, is better to relieve stupor, trembling or twitching if such symptoms occur.

It is well to remember that the fever is a manifestation or an effect of the illness, not the cause.

Sometimes a record of the temperature each morning and evening over a period of a week or so helps the physician in diagnosis.

★ ★ ★

But from observation and experience I believe use of the clinical thermometer without the advice of the attending physician is mischievous. I say the attending psysician.

The pediatrician who asks on the telephone what the child's temperature is and then instructs the mother to feed the child aspirin is acting unwisely, in my opinion.

He may be a humdinger to his credulous customers but it's wrong to diagnose and treat illness via the telephone.

QUESTION BOX

"I have cut down on cereal cost since I got your pamphlet. I buy 20 cents worth of wheat at a time, grind a cup at a time, in 2 seconds it's ground fine and the children love it for breakfast cereal." (Mrs. O. A.)

Answer—The pamphlet Wheat to Eat is available on request if you provide a stamped, self-addressed envelope.

"I've been troubled with constipation for 30 years, so that I have to take . . . " (A.V.D.)

Answer—That's the main cause of your trouble — you think you have to take physic. Bowel function is automatically regulated, and interfering with the regulating machanism by using any kind of "aid" is like using a monkey wrench to regulate a watch. Unless you feel you know more than I do about physiology it might amuse you to read the booklet The Constipation Habit and Colon Hygiene, for which send me 35 cents and stamped, self-addressed envelope.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright 1959)

The Country Parson

"A preacher's in danger of being annoyed because more people don't practice Christianity—instead of being glad so many do."

Voice of the People

'No Matter How You Look at It, It's a Lot of Money'

I suppose if one asked a friend what his judgment would be of the sum of our national debt, which has increased to $295 billion this year, the answer would vary greatly. When you do a little figuring, it's amazing.

★ ★ ★

I thought I'd see how far around the world $50 bills equal to the amount would go if laid flat and lengthwise. My wife thought it would go a couple of times, maybe. I bet it would go 100 times. Well, my figures show that $295 billion in $50 bills laid end to end go around the globe 22½ times. Or if you'd rather make them into a carpet, you could cover a 22 square mile area. Or laid flat the way banks pile them, they might reach into the air 372 miles.

★ ★ ★

I've decided I still haven't any idea how much $295 billion is.

Lake Orion — **M. E. Bird**

★ ★ ★

Reader Inquires About Lifeguards

I'm very curious about the type of training lifeguards at our public beaches have. Do these men who look so brawny and tan know how to administer all types of artificial respiration? Do they know what to do if the victim should go into shock after such an ordeal?

★ ★ ★

I certainly hope for our sake they do. Incidentally, it's a good idea to see that at least one person in every family takes advantage of the first aid courses offered free by the Red Cross.

Just Curious

Political Broadcast Ruling Open Invitation to Libel

"Congress and the Supreme Court of the United States have combined unwittingly to issue an open invitation to libel on the air waves," Editor & Publisher magazine commented this past week. "This places broadcasters and newspapers in a difficult situation but for very different reasons."

The weekly trade publication of the daily newspaper world, in a sharply worded editorial, continues:

"Some years ago Congress passed a law requiring broadcasters to give equal time to opposing political candidates but barring them from censoring the candidates' speeches. This week the Supreme Court upheld the law and said broadcasters could not be sued for libelous statements made by political candidates to whom they were forced to give equal broadcast time. A few months ago the Federal Communications Commission said the equal time provision must be applied to newscasts.

"As it stands now a radio or television station which deems the activities of one candidate to be newsworthy enough to broadcast must provide its facilities to any and all other candidates, regardless of their newsworthiness, for them to use libeling their opponents if they so choose. It amounts to legally compelled abrogation of responsibility. Broadcasters do not want this. They cannot report political news under such a handicap. Their audiences will be the losers.

"Justice Department attorneys have been quoted as saying that newspapers which reprint libelous matter broadcast under these equal time rulings would be protected by the rule of "fair comment" from being sued for libel. Their opinion notwithstanding we do not believe that state courts will accept such libels as "privileged" material therefore protecting newspapers from suit.

"Congress started the whole thing and should take immediate steps to clear it up. There is absolutely no reason why a medium of mass communications and news dissemination such as radio or television should be forced to broadcast uncensored and libelous material.

"It is against every concept of our free press heritage to force a medium to print or broadcast any material in reporting and editing the news. There may be some justification for an equal time provision to cover some situations but the present rule is being mininterpreted, misapplied and abused."

Portraits

By JAMES J. METCALFE

Years of service mean so much
. . . To do the best you can . . .
For every friend and neighbor and
. . . For every fellow man . . .
Years of service do deserve . . . A
special word of praise . . . For
one who has been loyal and . . . So
good in many ways . . . And yet
when one is honored with . . . A
gold watch or a plaque . . . He
wishes humbly he could stay . . .
Unnoticed in the back . . . He feels
he has done nothing more . . .
Than anyone should do . . . And
actually the way he thinks . . .
Could never be more true . . .
Years of service ought to be . . .
A common thing on earth . . . As
everyone should give his best . . .
To be of equal worth.

Smiles

A scientist says insects can be trained to do tricks. Who trained the flies to get into our homes?

★ ★ ★

You can depend on the real estate dealer to say a lot when you ask him what to invest in.

THOUGHTS FOR TODAY

For every one who asks receives, and he who seeks finds, and to him who knocks it will be opened.—Matthew 7:8.

★ ★ ★

Whatsoever we beg of God, let us also work for it. — Jeremy Taylor.

Case Records of a Psychologist:

'Vaccinate' Child Against Complex

Tony's problem is shared by literally millions of other youngsters around the world. You parents should "vaccinate" your child against needless inferiority complexes. He doesn't have to be expert but at least teach him the A-B-C's of the usual games and sports of his crowd. It bolsters his morale, gives him new confidence, and may even save his life.

By DR. GEORGE W. CRANE

CASE B-485: Tony B., aged 9, is a shy youngster.

DR. CRANE

"Dr. Crane, Tony can't swim," his worried mother began, "and he hasn't many other athletic accomplishments.

"So he feels inferior among boys and tends to play with girls.

"My husband is an extrovertive salesman and it irritates him to think Tony is somewhat sissy, as his daddy terms it.

"So he threatens to toss him into deep water and let him learn the hard way. But is that good psychology?"

SWIM PSYCHOLOGY

No, though such a drastic experience often forces a child to swim.

★ ★ ★

But he may hold a lifelong fear of the water thereafter! Thus, even though he may seem to compete fairly well with others in swimming, his basic fear will cause his heart to race abnormally fast and thus consume more oxygen. As a result, he gets short winded.

It is better to let a YMCA or CYO instructor teach your child. For they are specialists in this art.

But if you parents wish to do the job, then notice how I taught our five Crane youngsters to swim, for that method illustrates the proper psychological strategy.

First, I made a game out of their buying their face in the wash basin full of water.

★ ★ ★

They were to hold their breath, then duck their face under water while I counted slowly, as one-two-three, etc.

The one who could stay under longest, won the game.

This first step is to remove a child's fear of having his mouth and nose covered with water.

And the fact the children could easily hear my voice, even while their faces were submerged, diverted their attention from their natural fear.

You can control your emotions much better as soon as you think about something else. In this case, it was the contest and my calling out the number of seconds.

STAGE TWO

Stage Two consisted of their getting into the bath tub, which was filled with water.

★ ★ ★

They now repeated the former game, except this time they ducked their entire head under water, as they sat on the bottom of the tub.

They had no great fear for they knew they could lift their head out of water at any moment.

But this second step also taught them to shake the water off their face when they lifted their head even before they sucked in a fresh breath. And this is a minor but vital step in gaining confidence.

★ ★ ★

Step Three consisted of having them lie face down in the filled filled tub, with their hands on the bottom. They dipped their heads under in this posture and again tried to exceed each other's record for staying submerged the longest.

Step Four consisted of their folding their arms and floating face

downward. The fifth stage occurred at the farm, where I let them stand in water knee-deep, and then fall forward with arms folded.

This gave them the sensation of sinking entirely below the surface but then they felt the buoyancy of water as it floated them back to the top.

Next, as they held their breath, they fell face downward and then, after rising to the top, they dog-paddled a few strokes.

★ ★ ★

With fear gone, they soon were swimming and then learned the crawl stroke.

Plans to Push Army Increase

Senator Will Introduce Amendment on Floor If Encouraged

WASHINGTON (AP) — A last ditch effort to lift the Army's manpower level to 900,000 is planned today as the Senate begins debate on the 40-billion-dollar defense appropriation.

Sen. Allen J. Ellender (D-La) said he had an Army increase amendment ready and will introduce it on the Senate floor "if I think we can get the votes."

★ ★ ★

The biggest annual money bill provides operating funds for the Army, Navy, Air Force and Marines for the fiscal year that began July 1. The Senate is expected to pass it by Tuesday.

Ellender wants to add another 132 million dollars to raise the Army ceiling from the 870,000 manpower level now planned and previously approved by the House.

★ ★ ★

As the bill reached the Senate from its Appropriations Committee it carried more than 346 million dollars above amounts asked by the President and 746 million more than voted by the House.

Much of these increases reflected 380 million dollars for another large aircraft carrier for the Navy and extra millions to modernize the Army and keep the Marine Corps and reserve forces at higher levels than requested by the Pentagon.

★ ★ ★

Ellender lost by narrow margins on previous efforts in the committee to put a 900,000 manpower floor under the Army. At the same time the group added 43 million dollars to raise the Marine Corps to 200,000 — 25,000 above the Presidents' recommendations.

Determines to Help Dr. Schweitzer

Boy Initiates Medicine Safari

NAPLES, Italy (AP) — The sergeant's son didn't go through channels. He wrote direct to the general.

As a result, 13-year-old Bobby Hill will be off Tuesday at the head of an airborne safari carrying about $400,000 worth of medicines to Dr. Albert Schweitzer in French Equatorial Africa.

★ ★ ★

Lt. Gen. Richard C. Lindsay, commander of NATO's air force in Southern Europe, personally will see the Negro boy off.

Bobby's father, Staff Sgt. Henry Hill of Waycross, Ga., is stationed here at Lindsay's headquarters.

Last month Bobby got to thinking about the men waging the battle for peace. He remembered his father often spoke of the "peaceful purposs" of NATO. He remembered reading about Schweitzer, the Nobel prize-winning philosopher who has worked in Africa as a medical missionary for almost half a century.

★ ★ ★

Bobby put these thoughts in a letter to Lindsay.

"I want to help Dr. Schweitzer," he wrote." I have asked my father to buy some medicine. He told me he would buy me as much as he can if a way is found to have it delivered to Dr. Schweitzer.

"As I have not succeeded in finding any other solution, I think that your planes, if they go where Dr. Schweitzer is, could deliver the medicine for me.

"Maybe other persons also will feel what I feel and will offer medicine too."

★ ★ ★

Bobby closed the letter with an apology for not going through channels—through his father, that is.

Lindsay was impressed by the letter.

An Italian officer on his staff told the Italian state television network about it. An appeal went out over the network.

Gifts of medicine for Schweitzer started to pour in. Some persons sent bottles of aspirin.

An Italian pharmaceutical firm dispatched $350,000 worth of supplies, a NATO spokesman said.

★ ★ ★

French and Italian air force officers arranged for two flying freighters—one French, one Italian—to carry the 9,000 pounds of medicines to Schweitzer.

The medicines purchased with Bobby's contribution were packaged separately in a shoebox-sized container.

Bobby and about 30 officers and newsmen will go along. They will reach Libreville, in French Equatorial Africa, Friday. Then they will go by truck to Schweitzer's hospital at Lambarene.

Schweitzer is expecting them. He already has sent his thanks to Bobby and Lindsay.

Iraq Preparing Big Revolution Anniversary Fete

BEIRUT, Lebanon (UPI) — Iraq is preparing for a mammoth celebration tomorrow of the first anniversary of the revolution that overthrew the monarchy.

★ ★ ★

There were fears here it could backfire into a bloody civil war.

Diplomatic delegations from 60 nations have accepted invitations to attend the week-long celebration, and Premier Abdel Karim Kassem's government is going all out to try to make them forget the worst sandstorm in a quarter century and 120-degree heat.

Musicians have been imported from Communist China and Russia. Dancing girls have been brought in from Czechoslovakia, East Germany and Hungary.

★ ★ ★

The government is spending about three-quarters of a million dollars on the celebration.

New York to Belt Cars

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller says all New York state cars will soon be equipped with safety belts. He ordered department heads to see that employes use them.

California Governor Says He'd Run for President

LOS ANGELES (AP) — What would happen if the Democrats offered California Gov. Edmund G. Brown the presidential nomination?

"I'd take it," Brown says, "and do everything I could to be a good candidate."

★ ★ ★

Brown, appearing on a television panel program Sunday after being involved in a minor traffic accident, said: "No man can turn down such a nomination if it is tendered to him."

Brown was asked whether he'd accept nomination as a running mate of Adlai E. Stevenson.

★ ★ ★

"I would like to be on any ticket with Stevenson," he said. "But I would much prefer to fill my job in California, as governor of this state. For, in the last six months, I have learned many things, and I prefer that position to vice president of the United States."

Brown's car and another auto collided as he was on his way to the studio. The governor's driver said he stopped for a traffic light. When the light changed, he said, he pulled out and was struck.

The driver of the other car, Eloy Duran of Los Angeles, was not held.

Haile Selassie Leaves Moscow With Credit

MOSCOW (AP) — Soviet Premier Nikita Khrushchev sent Emperor Haile Selassie winging back toward Ethiopia today with a ruble credit of about 100 million dollars to help industrialize his underdeveloped nation.

A Soviet jet took him to Prague for a five-day visit.

Dock Holding 50 Tumbles

MILWAUKEE (AP)—Except for one sprained ankle and a mass dunking, 50 persons — half of them children — escaped unharmed Sunday when a dock collapsed and they tumbled into Lake Michigan.

★ ★ ★

Sailors from the cruiser USS Macon and two dozen members of the Milwaukee Yacht Club plunged into the water to help screaming women and children. Other spectators threw life jackets.

★ ★ ★

Authorities said one woman was hospitalized with a sprained ankle.

The crowd was dropped into 6 to 8 feet of water when a section of the small boat dock at the yacht club collapsed.

★ ★ ★

The group was preparing to board a launch for a tour of the Macon, here for a program celebrating the opening of the St. Lawrence Seaway.

Fire Hazards Increase in New York Schools

NEW YORK (UPI)—A recent inspection of New York City schools and day-care agencies uncovered 4,105 fire violations, Fire Commissioner Edward F. Cavanagh Jr. announced yesterday.

The figure represented an increase of 400 over the number of violations uncovered in an inspection last December.

Cavanagh said the new figure was "astonishing."

Maccabees Employes Return to Work Today

DETROIT (AP) — Office employes of the Maccabees insurance society returned to work today following settlement of a two-week strike of local 1687 of the Insurance Workers International Union.

The 170-member force had been on strike since July 1.

A two-year contract, agreed upon Saturday by union and company negotiators, provides for wage increase of up to eight cents an hour for each year of the agreement.

The pact also provides for improved insurance, pension, hospitalization and sick leave benefits.

Nikita Off to Poland

WARSAW (UPI) — World Communist chief Nikita Khrushchev arrives here by air tomorrow, it was officially announced today in Warsaw.

Burglars Couldn't Find Safe

Set Fire to Judge's Home

DETROIT (AP)—Burglars ransacked and set fire to the home of recorders Judge Frank G. Schemanske last night, escaping minutes before the judge and his wife returned from an evening out.

Judge Schemanske told police he arrived home about 11 p.m. and found the entrance blocked by flames and smoke. He said he ran into the rear and called firemen.

Damage to the 10-room, brick veneer dwelling was estimated at $2,000 by Schemanske who said the burglars left without stealing anything. Police said the blaze was started by a match with papers.

The fire burned part way through the floor, ceiling and a wall of the house's living room, and destroyed a cabinet containing valuable figurines.

Schemanske said the would-be thieves apparently were looking for a wall safe.

U. S. and Soviet Pilots Exchange 'Peeks Inside'

GENEVA (UPI) — American and Soviet jet pilots ogled each other's aircraft with admiration mixed with curiosity. Curiosity won—they exchanged visits.

★ ★ ★

The American plane was the big U.S. Air Force VC-137A which had brought Secretary of State Christian A. Herter across the Atlantic from Goose Bay, Labrador, in a little over five hours.

★ ★ ★

The Soviet plane was the jet-powered, propeller-driven Ilyushin-18 which had flown Soviet Foreign Minister Andrei Gromyko from Moscow and which has been in service in Europe for several years.

The VC-137A, a military version of the Boeing 707 jet, had circled Geneva with a tremendous roar before landing at Cointrin Airport. It was the first of its kind to touch down here.

★ ★ ★

The crew of Gromyko's turboprop Ilyushin-18 watched from the Tarmac as Col. William Draper of Washington, D. C. brought it in out of the sun, its orange markings flashing in the hot, humid air.

★ ★ ★

Once on the ground the American crew members noticed the big IL-18 preparing for takeoff and asked if they could look inside. The Russians said all right, provided they could peak inside the American machine. The deal was made.

Bob Considine Says:

Idea of Unlimited Nuclear War Erroneous

NEW YORK—People . . . places . . . A-bombs (small) . . .

Thomas E. Murray, chief adviser to Congress on atomic weapons, and one of the few top officials ever interested enough in The Bomb to go to its tests, feels he didn't quite get his points arguing against the assumption, which apparently controls American policy at the moment, that if there is a war in the future it will be unlimited nuclear war. This assumption is implicit in the whole policy of massive retaliation which is presently controlling.

"My contrasting assumptions are two-fold. First, the possibility of armed conflict is inherent in the current international crisis. Second, an unlimited conflict with nuclear weapons is an absurdity and must be recognized as such by both parties.

"Therefore I conclude to a middle position. If there is an armed conflict—and it will be a nuclear conflict—it must be a limited nuclear conflict."

Hence, we must keep testing to find out all we can about the economy-sized bomb. Makes sense.

★ ★ ★

When the city fathers of the city named Kansas recently offered the American League ball club which represents that town an extension of the generous arrangement it enjoys for another 5-year period, a frightened Athletics official said, "Well, we don't know. We've had several attractive offers from other cities . . ."

That's dandy for the morale of the fans who have done so well by this Yankee satellite.

What probably is happening is that Del Webb in time will sell his Yankee shares, take over the Kansas City club, if that isn't redundant, and move it to Los Angeles. The logistics problem of a second American League team on the coast must first be settled, however.

Duke Wayne, the male actor, was telling us recently that there's nothing wrong with Hollywood that a good big gutty picture can't cure. On such that seems certain to qualify in that category is "They Came to Cordura," Columbia's massive and moving account of action along the Rio Grande in the days of Pancho Villa and Black Jack Pershing.

It stars Gary Cooper, Rita Hayworth (Rita rides Exclamation Point), Van Heflin, Tab Hunter and a host of other excellent players, and is directed by Robert Rossen. An inspiring shocker.

The picture presented an almost unnerving challenge to art-loving producer Bill Goetz and his prop department. The script called for (and got) 500 U. S. cavalry uniforms, circa 1916, for a scene depicting the last recorded charge of American cavalry; a housebroken macaw to ride Rita Hayworth's shoulder, period rifles and 200,000 rounds of vintage ammunition, the roping of hundreds of horses of a type then favored by the U. S. and another type treasured by Villa. The tab en toto came to $4,600,000 and I don't mean the Tab named Hunter.

★ ★ ★

We had some hopes of persuading John Ringling North to volunteer to become an exhibit at the American exhibition in Moscow. With his properly rolled umbrella, magnificent lack of concern, and upside down schedule of living, he'd provoke wide admiration in the U.S.S.R.

But the patron of the circus cannot make it. A good substitute, however, would seem to be the kind of sample house which George Hyam, New York and West Coast designer and builder, unveiled the other day in a residential area at Pennsburg, Pa.

The handsome shacks, which sell from between $18,000 and $30,000, depending on the size of the color TV screen imbedded in the living room wall like a painting, also feature a steam cabinet in the bath, built-in wall radio, fold-away gas burners, food and beverage mixers that can be plugged into a socket on the kitchen counter, automatic garage door, "and a flood light system with switch in the master bedroom."

No burglars need apply around old Pennsburg, what with the master ready at the bedroom switch. TV repair men please come equipped with nitro-glycerin kit.

The Russians would be troubled.

Negro Capital to Build Detroit Business Center

DETROIT (AP)—Charles C. Diggs Sr., prominent Negro businessman, has announced plans today for a two million dollar Negro-financed business center in Detroit.

Diggs, who is board chairman of the Detroit Metropolitan Assurance Co., said the center, including a funeral home, insurance company and associated enterprises, would be built at Woodward and Mack avenues if city officials approve.

The project, to be called Diggs Center, would include several buildings surrounded by reflecting pools and connected by a landscaped shopping mall.

Blend minced fresh basil with butter and use in making tomato sandwiches for a delightful taste-team.

Inflation may look too big for you to hold down. But lots of people, *working together*, can pin inflation to the ground.

There is a way to hold down inflation

You can probably remember when, on week-end shopping, you couldn't lift all a five dollar bill could buy. Today, as you know, money doesn't go that far. That's inflation.

And it isn't only in *one* department or store. Inflation makes *everything* cost more.

Even after pay checks have a tough time keeping up with rising prices. Just since the end of the war, this "cruelest tax of all" has cut 32¢ from the dollar.

One of the reasons your dollar is worth less and less is excessive government spending. Some people urge their representatives to spend and spend even when it means borrowing from the future. But these people overlook that spending tomorrow's money today is merely postponing payment and adding to inflation.

This is where you can play an important part. You can tell the government what *you* want instead of leaving the field to pressure groups who never fail to tell the government what *they* want. You can also spend your family income with an eye to getting your money's worth and saving something, too.

HOW YOU CAN HELP STOP INFLATION

1. Write to your senators and congressmen and tell them you favor tightening up on expenditures which can be reduced, postponed or eliminated altogether. Many of them believe exactly as you do, but if they hear mainly from pressure groups who demand more spending, it is hard for them to hold the line against inflation. That is why you and others need to make it clear that you expect the government to live within its income.

2. Your state and local representatives also may appreciate being reminded that you favor tightening up on state and local expenditures.

A good way to keep yourself fully informed on how your representatives are voting is through your newspaper.

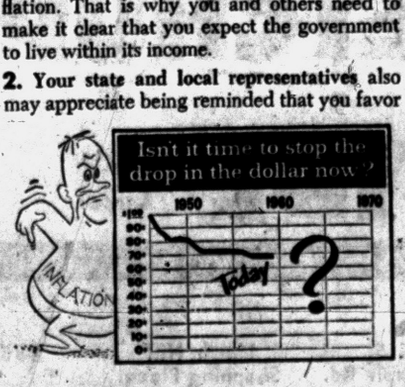

3. Whenever you shop, don't be afraid to be price-conscious. You have a right to receive full value for the money you spend.

4. When you buy wisely, you will find it easier to build a nest egg which will give your family that extra protection you want them to have. And as many of us add to our nest eggs, we will be providing the capital for more jobs and greater opportunity for all.

A strong and prosperous America depends on a strong and stable dollar.

• • •

Brought to you in the interest of every American who is concerned with preserving the value of the dollar.

Girl Admits Setting Fire That Killed 7

ELMIRA, N. Y. (AP) — Fifteen-year-old Jane Shusko admits setting the fire that killed seven members of her family, police say, but she doesn't know why.

"From her statement, the girl didn't appear to have been mad at anyone of the family, nor was she holding a grudge of any kind, said Police Captain J. William Maloney.

"There is no definite motive. It's a very vague thing."

Jane's brother and six of her eight sisters died of asphyxiation in their second-floor bedrooms Saturday night.

Jane escaped with her mother, Lillian. Two other daughters were rescued by a neighbor. Michael Shusko, the father, was at work in a milk-processing plant.

Police Chief Eugene Golden said Jane had signed a statement that she had thrown a lighted match on a pile of papers in a first-floor clothes closet. She also admitted having lit two fires the previous day.

The girl was calm at her arraignment Sunday on a charge of juvenile delinquency but later broke into tears as she was met by her parents.

Maloney said she would be held in jail for court-ordered psychiatric tests.

Neighbors described the girl as a friendly, hard working and well-mannered child who had been given much responsibility in the care of the children.

An official at Elmira Free Academy said Jane was "very shy, retiring, but tidy in her dress and work and very prompt."

The victims were Michalena, 12; Delores, 11; Laura, 9; Donald, 8; Patricia, 6; Sarah, 4; and Christina, 2. Catherine, 13, and Annette, 11 months were rescued.

Official Attacks Dem Leadership at Press Confab

LAS VEGAS, Nev., (AP) — Secretary of the Interior Fred A. Seaton said Sunday night the Democratic congressional leadership reminds him of "a carnival huckster trying to con people into guessing which pod the pea is under."

★ ★ ★

"I believe the Democratic trend, which was noted in the 1958 elections, definitely has run its course and they know it," he said.

Seaton spoke at a press conference before delivering a keynote address at the National Federation of Business & Professional Women's Clubs. He predicted Republicans would again elect a president in 1960.

ENTER NOW!

Bengal BONANZA

Think you know your baseball?

Then here's your chance to cash in on that know-how . . . an opportunity to turn that skill and knowledge into cold hard cash!

Today . . . visit your nearest Wrigley Super Market. Pick up an official Bengal Bonanza Entry Blank like the one shown below. Then, figure out how many hits, runs and errors the Detroit Tigers and their opponents will score next week (beginning Sunday—ending midnight Saturday). Figure out what the League Standings will be at the end of the week's official play. Enter your answers where indicated on the entry blank and deposit your entry at any Wrigley Super Market by closing time, the Saturday prior to the date on the entry blank.

EASY TO ENTER

EASY TO WIN

TEST YOUR SKILL

NOTHING TO BUY

IT'S EASY TO WIN! HERE'S HOW!

1. Fill in the number of hits, runs and errors the Detroit Tigers will score between Sunday morning and midnight, Saturday of the coming week.
2. Fill in the number of hits, runs and errors the Detroit Tigers' opponents will score during the same period.
3. Write the combined totals (both Detroit Tigers and opponents) in the lower right hand corner of the entry blank.
4. Fill in the league standing and games behind column. The tie-breaker must be filled in for your entry to be eligible.
5. GRAND SLAM BONUS PRIZE! Only winners in the hits, runs and errors category are eligible for this award. Be sure to fill it in.
6. All entries will become the property of ACF Wrigley Stores, Inc. ACF employees and member of their families are not eligible to win.

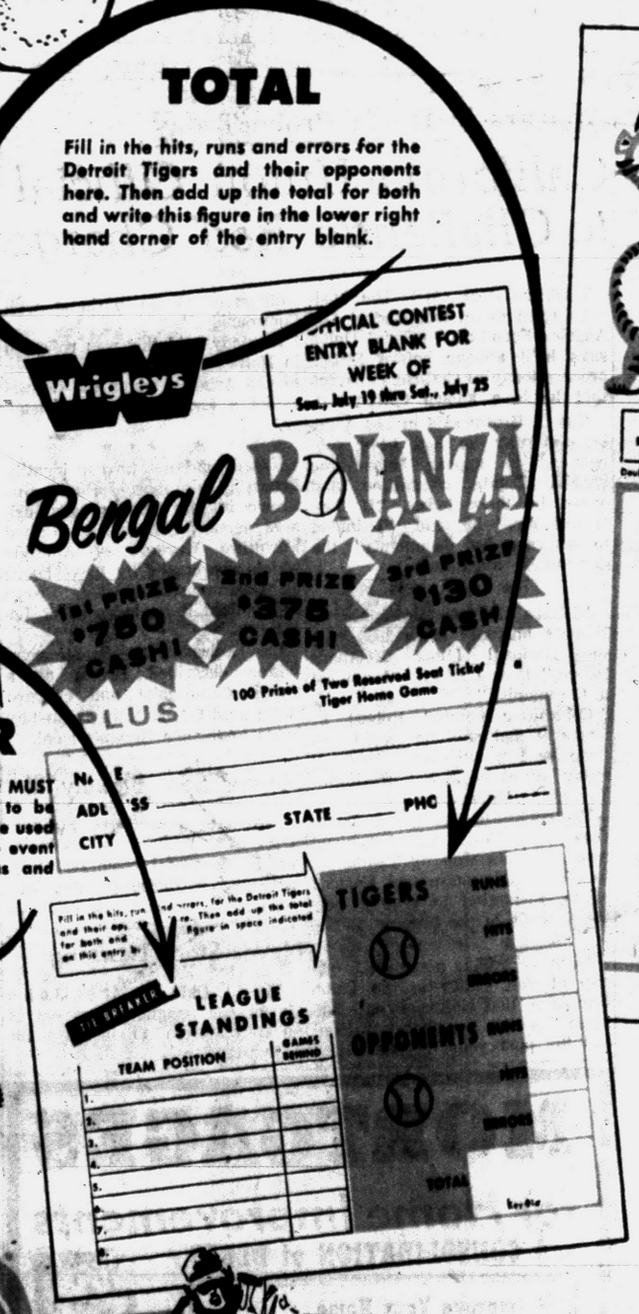

See the official entry blank for complete contest rules.

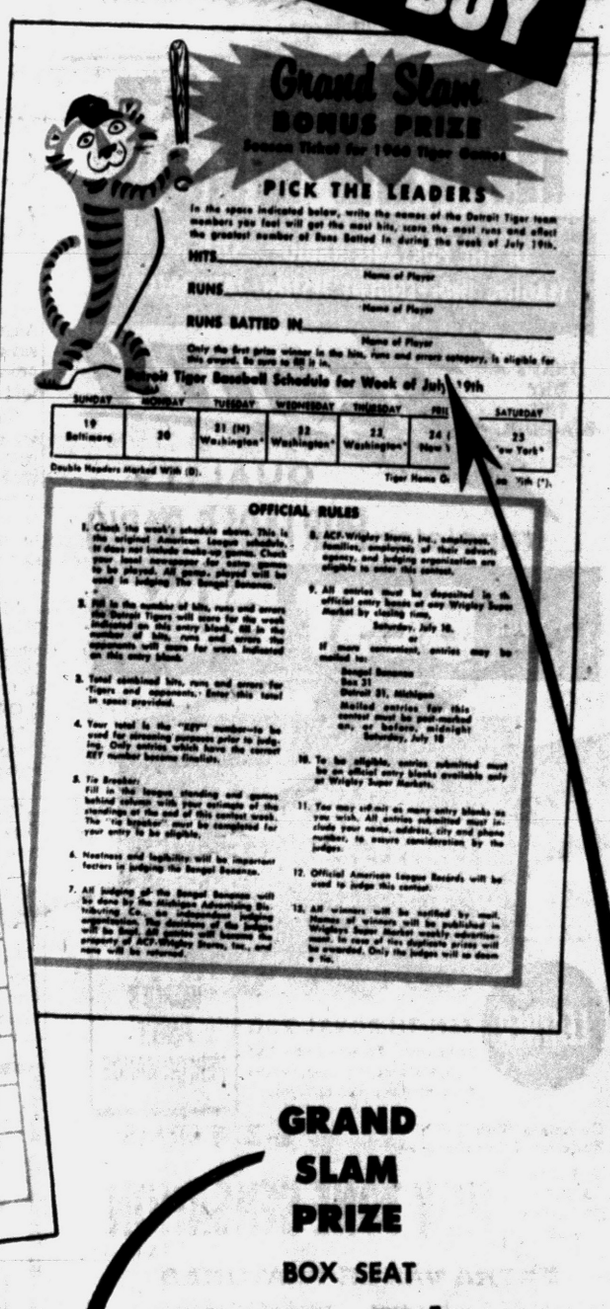

TOTAL

Fill in the hits, runs and errors for the Detroit Tigers and their opponents here. Then add up the total for both and write this figure in the lower right hand corner of the entry blank.

TIE BREAKER

This league standing chart MUST BE FILLED IN if you are to be eligible. However, it will be used in the judging only in the event of a tie in the hits, runs and errors category.

GRAND SLAM PRIZE

or 1 Month's Supply of Food

PLUS 100 PRIZES

of Two Reserved Seat Tickets to a Tiger Home Game. EVERY WEEK

Political Situation in Louisiana . . . Weird and Terrifying

Frightened Foes Say Earl Long 'As Crazy as Hitler'

(Weird, wacky, bizarre—terrorizing . . . they all describe the political situation in Louisiana today, a situation unparalleled in modern American history. But there's even more to the spectacle than meets the eye. Ruth Montgomery, noted Washington correspondent, has talked to dozens of Long foes and friends — many of the interviews held clandestinely — and has dug deeply into the sordid politics of a once-powerful machine. This is the first article of a series.)

By RUTH MONTGOMERY
(Special to The Pontiac Press)

BATON ROUGE, La.—The weird world of Gov. Long is a whimsical conglomeration of catfish, corn pone, crackpots and cracker-barrel politics.

To decent, hard-working taxpayers of Louisiana, it is a sore that festers on their pride and their conscience.

Huey Long, the Louisiana "Kingfish" who established the Long dynasty and met death by assassination in 1935, rose to power on a "share the wealth" platform that had for its slogan, "Every Man a King."

Younger brother Earl, who viciously attacked Huey during his lifetime, but eagerly seized his vacated throne, is a different kettle of fish.

Always jealous of the brilliant, colorful, power-hungry Huey, Earl wants no man to be "King" except himself.

A vindictive man of unpredictable whims, he prides himself on raising his satraps to positions of power, watching them swell, and then thrusting in the sword that collapses the ballon—and the man. He tries to out-king the Kingfish, but unlike Huey, Earl secretly loathes his fellow men.

★ ★ ★

This is the widely held opinion of scores of state officials and leading citizens who have talked frankly with this correspondent—on one condition: Their names must not be revealed.

Fear is thick and frightening in Lousiana—fear, not for life and limb, but for the dire consequences to their careers and livelihood if the revengeful Governor should decide to strike out against them.

Earl Long, in the opinion of his legions of frightened foes, is a one-man Gestapo who is "as mad as Hitler."

You wouldn't think it, to see the wizened scarecrow of a man whose weight has plunged from 203 to 160 pounds while he has loudly fought off federal income tax investigators, hurled invective at loyal cohorts, wisecracked with psychiatrists, and defied the state constitution to seek an unprecedented fourth term for himself.

STILL HOLDS REINS

He seems too loquacious and bumptuous to be taken seriously. Unfortunately, however, the man whom several outstanding doctors and psychiatrists have diagnosed as a dangerous paranoid schizophrenic still holds the full reins of his powerful office.

He can hire and fire, grant pardons to convicts, order state money used or withheld, and summon special sessions of the legislature. He is doing all of this now.

Long's diminishing hoards of political followers grin that "Ol' Earl is crazy like a fox." The ailing chief executive who sapped his waning strength to show himself at five political rallies on the Fourth of July told prespiring onlookers: "If I'm crazy now, then I've always been crazy."

Some of his former cronies who have deserted the sinking ship sadly opine that "Uncle Earl may have hit the nail on the head with that one." They pointedly recall that when he had to move out of the executive mansion in 1940 to make way for the newly elected "reform" governor, Sam Jones, Long "pulled out a pocket knife and cut up all the upholstered chairs and slashed the draperies to shreds."

"Now, what would a sane man want to do that for?" they ask wonderingly. "It just meant that his hated successor got a lot of nice new furniture and drapes."

Earl and Huey were two of nine children born to a hard-working hillbilly couple in the Piney Wood section of Northern Louisiana. This area around Winnfield, where Earl now has his "Little Pea Patch Farm," is the heart of the hardshell Baptist belt.

Huey, goaded by the brother who was loudly campaigning against him, once told a grinning political rally: "We used to have meetings at the Baptist Church, and the mothers would bring their babies and put them all together while we had potluck supper on the lawn. Once a storm came up, and they all rushed in to get their kids, but mama grabbed up the wrong baby. That was Earl."

JOINS CHURCH

The present Governor finally joined the Baptist Church for the first time only a few years ago, honored it with his presence a couple of times, and has not since darkened its door.

Recently, during the tirade at a legislative hearing which shocked the nation, he cussed profanely in front of some attending nuns and school children, and then "apologised" with these words:

"I sent for my Bible, but it didn't get here in time. Let's me and the children and the good nuns swear we won't use any profanity as long as it is possible.

The next day he called a special joint session of the Legislature to "cast bread upon the waters," but instead launched into a 90-minute diatribe against many of the lawmakers in the chamber. He moved one to tears by calling him a "dago," referred to another as "Dillinger in disguise," and to a third as a "jellybean" and the biggest "hypocrite" that ever lived.

★ ★ ★

"I have the experience to be governor," he bellowed. "I know how to play craps. I know how to play poker. I know how to get in and out of the Baptist Church, and ride horses. I know both sides of the street."

It was on this memorable occasion that he also told how an uncle was shot to death for "bein' caught in bed with a nigger."

The Governor, under constant care of psychiatrists since his eccentric release from a Louisiana mental hospital, is not the first member of the Long dynasty to experience such incarceration.

Huey's daughter, Rose, who had a brilliant wedding at the executive mansion with Huey's political appointees chipping in to buy her a solid gold table service, was once in a sanatorium.

Earl's sister, Mrs. Clara Knott, of Many, La., ended up in a psychiatric ward at Shreveport last month after returning from Galveston, Tex., where she had cooked catfish, mustard greens, corn bread, boiled beefsteak, and baked blackberry and huckleberry pies for her brother during his enforced stay in the mental section of John Sealy Hospital.

SWEARS TO GET 'EM

The hard-drinking, profane head of the crumbling Long dynasty doublecrossed some former cronies, swore to "get" others and cussed still more in public—then begged to make up with a number of them.

No sooner had he freed himself form a mental institution by firing the head of the hospital board than he also discharged his chief of police. Then he sent word to at least 15 legislators and satraps that he intended to name them to the top police vacancy.

A few hours after his court release, the governor turned his back on all 15 and awarded the post to Col. E. P. Roy, a one-time bodyguard for Earl's assassinated brother, "Kingfish" Huey Long.

The bitter peopl of Louisiana have never forgotten that at the time Huey was facing impeachment as governor, Roy armed State Troopers with 15 submachine guns and issued written orders for them to kill any policeman who set foot on the capitol grounds.

Earl Long unquestionably bit the hand of practically every man who ever fed him or helped him. One of his implacable foes is Secretary of State Wade O. Martin, Jr., a veteran Louisana politician who once supported Long, but after a series of squabbles decided to run against him this year for the gubernatorial nomination.

During the 1956 legislative session, both men were testifying at a legislative hearing, and becoming more heated by the moment as they vied for control of the microphone.

At last Long, who is known as the crudest, commonest politician who ever came down the Louisiana Pike, grabbed the mike away from his antagonist and bellowed to the 1,000-strong audience: "Have you folks ever seen a more uncouth man than Martin in all your born days?" They have not yet made up—but they could.

Long, who swallowed some lye in his youth and as a result has been coughing nastily ever since, has been making other overtures to men he has offended deeply. In the middle of the night, as often as at twilight time, he has shakily grabbed the phone to ask them to come and take him for a ride.

DRIVES 100 M.P.H.

He loves to tour around aimlessly in an automobile, if he has an audience for his vindictive outpourings. Just before his commitment to the hospital, he used to force State Troopers to turn on the sirens and "open it up" to 100 miles an hour while he whizzed along highways leading from Baton Rouge.

If a trooper failed to comply, Long himself—whose eyesight is fast fading — would forcibly take over the speed driving himself.

★ ★ ★

One of his closest pals, moved almost to despair by the Governor's refusal to follow doctors' orders and relax, told this writer:

"When Earl goes to that tin-roofed shack that he calls his 'Pea Patch Farm,' he has to take 100 people with him. If he's got 50 friends with him at the mansion he's lonesome and summons 50 more. He's a real pathetic old man, Earl is."

★ ★ ★

(Next: Long's great loves—women and horses).

Appears in Hoffa Probe Today

California Union Official to Challenge 'Red' Charge

WASHINGTON (AP)—The business agent of an independent Los Angeles Furniture Workers' Union says he'll appear before Senate probers today to challenge charges that he is a known Communist.

Gus O. Brown said in Los Angeles Saturday he had been subpoenaed to appear before the special Senate committee and would be there today. "If they permit me," he said, "I intend to disprove by documents" the Communist allegations.

★ ★ ★

"I have filed non-Communist affidavits annually since 1950 with the National Labor Relations Board," Brown added. "I am not a Communist."

Committee counsel Robert F. Kennedy had said he would call "one or two surprise witnesses" today ahead of James R. Hoffa, Teamsters Union president.

The committee has heard allegations that Hoffa has bargained away benefits won by Teamsters locals in Midwestern and Eastern areas, managing to reap a personal profit in the process.

★ ★ ★

Kennedy said in a speech Saturday at Sun Valley to the Idaho Bar Assn. that Hoffa not only has close ties with the underworld but "in the past year he has shown willingness to do business with Communists."

Kennedy said this was reflected in Hoffa's support for Gus Brown of Los Angeles, whom the counsel called a known Communist leader.

★ ★ ★

Kenedy did not further identify Brown in his speech. But a Gus Brown in Los Angeles was business agent for Local 576, United Furniture Workers of America which was ousted by the old CIO as Communist-dominated. Brown reorganized it as independent Local 123.

Last February the Senate committee described Brown as a known Communist and charged Hoffa used $11,160 from Teamsters funds to finance Brown's local.

Follows Mother's Advice

Bender Always 'Disturbing Element'

By United Press International

George Harrison Bender, hymn-singing, bell-clanging extrovert who took over the Senate seat of the Late Robert A. Taft, always has followed his mother's advice:

"Never cease being a disturbing element in the community."

The portly, bull-necked Bender sometimes has relied on sheer decibles to achieve this.

★ ★ ★

For instance, millions of televiewers remember him as the man who led the cheers for Taft at the 1952 Republican presidential nominating convention by endlessly ringing a cowbell.

Nor are delegates to that convention likely to forget how he led a brass band through the hotel lobbies.

CAMPAIGNS LIKE REVIVALS

Bender's own many campaigns for public office resembled revival meetings. He names the Rev. Joel Hayden, a leading Cleveland cleric, as one of the great influences of his early life.

Bender's mother was a missionary for the Moravian sect. His mighty baritone voice was developed in church choirs.

Bender, 63, once the religious editor of the Cleveland Plain Dealer, has been known to break into "The Old Rugged Cross" or "Onward Christian Soldiers" at the drop of a campaign button or a luncheon program.

★ ★ ★

He once pinch-hit for the ailing chaplain of the Ohio Senate. Another time his dying secretary asked him to conduct her funreal service.

But the ambitions of the ebullient Republican from Chagrin Falls, Ohio, lay on the politician's platform rather than the preacher's pulpit. In 1954 he was elected to fill out the last two years of Taft's term.

Running on a pledge of 100 per cent support of President Eisenhower, he defeated Democrat Thomas A. Burke who had held the seat for a year and a half by appointment.

LOSES TO LAUSCHE

Bender tried for re-election in 1956 but was defeated by the popular Democratic governor of Ohio, Frank J. Lausche.

Bender was back in the headlines last year when James R. Hoffa's Teamsters Union, under congressional and court pressure to divest itself of racketeers, hired him as $125-a-day chairman of a cleanup commission.

Chairman John L. McClellan (D-Ark) of the Senate Rackets Committee suggested that such a salary might be "wasteful" of union money. Bender replied that he was giving it to charity, after paying the taxes, of course.

★ ★ ★

The Rackets Committee summoned Bender this week to find out what, if any, cleaning up he had done.

In two boisterous days of testimony, Bender replied that Hoffa couldn't fire union crooks because he needed the votes of "the washed and the unwashed."

Bender was born in Cleveland Sept. 27, 1896. As a 16-year-old schoolboy he led such a lively drive to persuade Theodore Roosevelt to seek a third term that the rough rider wrote him a letter disclosing his then-secret plans to run again in 1912.

YOUNGEST STATE SENATOR

Bender was elected to the Ohio Senate in 1920 at the age of 24, the youngest man ever to sit in that chamber. He was re-elected four times.

He was elected to five straight terms in the House as congressman-at-large from Ohio, beginning in 1938. He was defeated for re-eletcion in 1948. He was sent back to the House in 1950 and 1952. Then came his brief Senate stint.

A national magazine once called Bender "the noisiest man on Capitol Hill." In his wallet he carries a card which reads, "Please, God, help me to keep my big mouth shut until I know what I'm talking about."

We Can't Afford to Lose Bohlen

Sen. Mansfield Backs Appointment of Expert on Soviet Affairs

WASHINGTON (AP)—Sen. Mike Mansfield (D-Mont) said today it will be a shame if Republican objections block the appointment of Charles E. Bohlen as chief State Department adviser on Soviet affairs.

Senate Republican leaders have protested to Secretary of State Christian A. Herter against the proposed reassignment for Bohlen, a former ambassador to Moscow who now is filling a similar post in the Philippines.

★ ★ ★

Mansfield said in an interview: "It would be a shame, in view of the tense situation involving the two great powers of the world, if the government should lose the services of one of the very few men qualified by training, experience and linguistics to cope with the Russians."

Herter has been considering a plan to set up a special Soviet desk within the State Department to handle the many problems affecting U.S. relations with that country. There have been clear indications he would like to use Bohlen's knowledge of the U.S.S.R. by putting the ambassador in charge as a top adviser on Soviet matters.

★ ★ ★

But Senate Republican Leader Everett M. Dirksen of Illinois and Sen. Styles Bridges (R-NH), head of the Senate GOP Policy Committee, have protested the choice of Bohlen.

The Republican opposition stems from Bohlen's defense of the agreements made between Franklin D. Roosevelt, Winston Churchill and Joseph Stalin at Yalta.

Minced onion, green pepper and pimiento give fried potatoes wonderful flavor.

Boys Club in Keego Must Leave Home

KEEGO HARBOR — The West Bloomfield Township Boys Club is facing eviction.

★ ★ ★

Members have just 19 days to find a new site for their clubhouse here or lose the quarters as well as the site, Carl (Gramps) Misfelt, club director, announced today.

The clubhouse, which is located behind Roosevelt School on Cass Lake road, is being moved today to make room for expansion of the school buildings.

The 48 by 71-foot, frame building is being shifted to another location on the school property, but only as a temporary arrangement.

HAVE UNTIL SEPT. 1

Club members have been instructed by the Board of Education that they must move their quarters off the school grounds completely by Sept. 1. They have until then to find a new site.

Up until now, use of the building by the club has been donated by the school board. At this time, the board is saying the boys' club can have the building free of charge if it can be moved by the deadline. Otherwise it will have to be torn down.

Moving the building from its present foundations is being accomplished through funds on hand in the treasury, Misfelt explained. These totaled $1,000.

NOTHING FOR NEW SITE

"But we don't have anymoney to buy a new site," the club director said.

He announced his intention to contact certain owners of long vacant land in the township in hopes that one of them will be willing to help the boys in their dilemna.

Neither the township nor the city of Keego Harbor have been able to offer a suitable site for the clubhouse, said Misfelt.

"We'd like to get at least two acres, so we could have room for a sports field as well," he said.

Presently there are 382 members in the club, ranging in age from 8 to 18 inclusive. Misfelt is convinced that the club is playing a big role in keeping the township and city virtually free of juvenile delinquecy.

Ortonville Club Slates District Rotary Head

ORTONVILLE — The Rotary Club will host the Rev. William M. Hughes, governor of District 638 of Rotary International, tomorrow at 6:30 p.m. in the Ortonville Hotel.

The Rev. Mr. Hughes will address the local club and confer with its president, Burl Glendening; Clude M. Salter, secretary, and committee chairmen on Rotary administration and service activities.

Faulty Wiring Sparks Royal Oak House Fire

ROYAL OAK — A spectacular blaze resulted from a short circuit in electrical wiring of an attic at 1122 Hoffman St. here Saturday.

Royal Oak firemen battled the flames for more than two hours before bringing them under control. No one was injured.

Owner of the house Walter L. Fernald estimated the damage at $3,750. He said it was covered by insurance.

According to UNESCO, the world has about 700 million illiterate persons over the age of 15. Seventy-five per cent of the world's illiterate population lives in Asia.

Fire Aid Drive Starts Slowly

Ask Neighbors, Friends to Help Family After Leonard Home Burns

LEONARD — Neighbors and friends are starting to respond to the call to aid Mr. and Mrs. John E. Schirmer, whose home was destroyed by fire Thursday.

To date, approximately $30 has been collected for the Schirmers, with beds and springs also promised.

Addison Fire Chief Robert McCallum indicated that the collection has started slowly, but he expects it will pick up once everyone realizes the Schirmers' plight.

Mrs. Schirmer, mother of six children, was stunned when she viewed the ruins of her fire-gutted home at 4857 N. Rochester Rd. for the first time Friday.

FIRST IN 10 YEARS

She and her children had been with her husband who was enjoying his first vacation in ten years at East Tawas when the blaze destroyed their house early Thursday morning.

Friends called the Schirmers, telling them of the tragedy and Mrs. Schirmer hurriedly returned to Leonard to find only the charred remains of their home. Her husband stayed in East Tawas until Saturday.

According to the Addison Fire Chief, she was "awfully blue" sorting through the rubbles of what had been her story-and-a-half frame house.

In answer to conflicting reports as to whether the Schirmers need aid, Village President Lawson Sheik said, "they do need help. I don't feel the insurance was enough to cover everything."

McCallum said, "last time we had a fire like this we didn't keep track of the donations, but that was a different case. Those people didn't lose all their belongings."

"The Schirmers have lost nearly everything and it will take a lot to get them back on their feet," McCallum stated.

Collection depots for the fund are at the Leonard Fire Station and Audrey's Patent Medicine store on E. Elmwood street.

Will Host WSCS

SEYMOUR LAKE—The WSCS of Seymour Lake Methodist Church will be hosted at its regular meeting at 1 p.m. Wednesday by Mrs. Oma Kennaday. The meeting will be held at the Floyd Beardslee home, 725 E. Square Lake Rd.

3rd Polio Clinic Is Under Way at Four Towns

FOUR TOWNS — A third polio clinic is being held at the Four Towns School this evening and again on Wednesday.

★ ★ ★

Hours for receiving inoculations from qualified medical personnel are from 5 to 7 p.m. today, and from noon to 1:30 p.m. and again from 5 to 7 p.m. Wednesday.

★ ★ ★

All shots in the series will be administered at these times.

★ ★ ★

A fourth polio clinic is scheduled for Aug. 5 from noon to 1:30 p.m. and from 5 to 7 p.m.

Minimum Wage Bill Speed Hoped For

WASHINGTON (AP)—Sen. John F. Kennedy (D-Mass) has expressed hope the full Labor Committee this week will clear for early Senate debate the revised Democratic-sponsored minimum wage bill approved by his subcommittee last Friday.

★ ★ ★

Senate Republican Leader Everett M. Dirksen of Illinois said Saturday the administration will oppose the measure as inflationary.

★ ★ ★

The bill would raise the $1 an hour minimum to $1.25 for most employes covered by the Wages and Hours Act and extend coverage to 10 million additional workers.

Senate Republican Head Would Veto TVA Bill

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen of Illinois says that if he were president he would veto a bill to authorize self-financing for the Tennessee Valley Authority.

★ ★ ★

The House and Senate have passed in slightly different form a measure to permit the TVA to issue bonds up to 750 million dollars to finance construction of needed power facilities.

★ ★ ★

Dirksen, apparently reflecting President Eisenhower's attitude, told reporters the administration's objection to the bill is a provision which would allow the TVA virtually to bypass the White House and Budget Bureau in determining its budget outlays.

Guild Plans Card Party at St. Patrick Church

WHITE LAKE TOWNSHIP — St. Jude Guild of St. Patrick Catholic Church Altar Society will hold a luncheon and card party at noon Wednesday in the church hall at Union Lake and Hutchins road.

★ ★ ★

Tickets may be purchased from any member of the guild or at the door. The public is invited to attend.

JANET A. MAITROTT

Mr. and Mrs. Charles Maitrott of 117 Woodward Ave., Rochester, announce the engagement of their daughter, Janet A., to Donald K. Canfield. Donald, son of Mr. and Mrs. Floyd Canfield of Las Animas, Colo., is a student of Adams State College in Alamosa, Colo.

Demands Full Debate on Sharing A-Data

WASHINGTON (AP) — Sen. Hubert H. Humphrey (D-Minn) demands full debate before the Senate allows the administration to carry out agreements on sharing nuclear weapons information with West European countries.

Agreements for sharing such information with Britain, France, Canada, West Germany, the Netherlands, Turkey and Greece are before the Senate-House Committee on Atomic Energy. Unless disapproved by both branches of Congress they automatically become effective 60 days after their submission. That deadline has virtually expired.

Firefighters Conquer Laurel Canyon Blaze

HOLLYWOOD (AP) — Confident that the brush fire has been completely controlled, the fire department has pulled its equipment and men out of the blackened Laurel Canyon area.

The department withdrew its 20 fire companies Sunday and public works crews moved into the hillside residential area to begin restoring services and clearing roads.

Battalion chief Walter C. Runyan said there was little danger of a new outbreak in the sector where 38 homes were destroyed by flames and two others were damaged.

The Red Cross said the average loss per home was about $22,000.

Sockeye salmon appear in unusually great numbers every four years and Pacific coast canneries make special preparations to handle and pack the anticipated "bumper" crop.

Pontiac Township to Appoint Attorney

PONTIAC TOWNSHIP — A township attorney will be appointed at tonight's township board meeting to replace Donald Adams who resigned two months ago for business reasons.

★ ★ ★

Several attorneys' applications will be reviewed for the job.

The township board also will consider authorization of a subdivision guide which would outline various requirements for future subdivisions.

3 High Schools Now Accredited With U. of M.

The University of Michigan has announced accreditation renewal of three high schools in the Oakland County area.

★ ★ ★

They are: Lapeer High School in Lapeer, Brandon High at Ortonville and Oxford High at Oxford.

Graduates of accredited high schools may enroll at U. of M. in Ann Arbor without taking admissions tests, providing they have maintained a satisfactory academic record and have their principals recommendation.

Graduates of non-accredited high schools must pass U. of M. admissions tests regardless of their academic record if they wish to attend the university.

The so-called "lead" pencils contain no lead at all. The core is composed of a form of smooth graphite that is mixed with clay in a proportion of about 10 to 7 parts.

Will Represent Walled Lake VFW

Auxiliary Picks Delegates

WALLED LAKE — The Auxiliary of Walled Lake Veterans of Foreign Wars Post 3952 has chosen two delegates to attend the national convention of VFW auxiliaries next month at Los Angeles, Calif.

Mrs. Alfred Pace and Mrs. Margaret Dandrum will represent the local unit. Alternates picked are Mrs. Will Beagle and Mrs. Edwin Clemons.

The auxiliary also elected Mrs. Forrest Simms treasurer at its last meeting.

Election of trustees is scheduled for the next meeting of the auxiliary, July 14 at the Lawrence A. Sims Post on Loon Lake road.

★ ★ ★

Members of the post and their families are planning to attend the annual carnival to be held July 19 at the VFW National Home in Eaton Rapids. The group will gather at 8 a.m. on that date at the Loon Lake road Post with their cooperative dinners before leaving.

What's catching your eye more and more in daily newspaper ads?
ANIMALS ? COLOR ? BABIES ?
ONE OF A SERIES
ANSWER: COLOR! One of the most exciting developments in the newspaper business is the rapidly increasing availability and use of Run-Of-Paper color. In the United States and Canada there are now over 925 daily newspapers with more than 46 million circulation offering ROP color to advertisers. And more and more advertisers are taking advantage of this new dimension of newspaper advertising. Color is catching — and it is catching more and more eyes in the daily newspaper.
THE PONTIAC PRESS

Long in Texas Offers to Address Legislature

FORT WORTH, Tex. (AP) — Louisiana Gov. Earl K. Long, resting from his political struggles at home, awaited today a possible call to address the Texas Legislature.

Long, who has been running for re-election and fighting over voter laws and legislation concerning commitments to mental hospitals, said he was willing to address the Texas Legislature if it wants him.

★ ★ ★

The Legislature, however, is struggling to pass a vital spending and tax bill before the end of a second special session Thursday.

The physically ailing 63-year-old governor, who has been in and out of three mental hospitals in two months, topped off a day of seclusion in his hotel suite by visiting a quarter-horse ranch Sunday night.

★ ★ ★

Earlier he issued a statement apologizing to the press for his actions when he arrived by plane in Texas Saturday night. The governor, irked by photographers and newsmen, draped a pillow slip over his face and cursed attempts to photograph or interview him.

★ ★ ★

Louisiana State Sen. B. B. Rayburn, Long's key legislative aide, said the governor would take a sightseeing trip today and hold a press conference.

★ ★ ★

Long has said he will stay in Fort Worth until Wednesday before continuing a vacation trip to the West Coast and Canada, just in case the Texas Legislature would like him to make an address.

One of the first things he did on arriving here was to place calls to Austin to inform officials he was available.

Castro Blasts Senate Action

Says Former Air Chief Received 'as a Hero' by Subcommittee

HAVANA, (AP) — Prime Minister Fidel Castro blasted a U.S. Senate subcommittee again today for receiving "as a hero" his former air force chief who quit, claiming the Communists forced him out.

★ ★ ★

In a speech 24 hours earlier Castro had accused the United States of interfering in his countrys domestic affairs because the Senate Internal Security subcommittee had taken testimony from the refugee airman, Maj. Pedro Luis Diaz Lanz.

In a post-midnight speech today, Castro told the National Forum on Agrarian Reform Diaz was bought off by "miserable gold."

Diaz resigned his post June 30 and fled to the United States.

★ ★ ★

It was apparent from the two speeches that Castro was deeply wounded by Diaz's defection. He called it a "cruel blow" to his revolution.

It also seemed to underscore Castros sensitivity to charges at home and abroad that Communist influence is strong in his regime.

"Diaz was received with honors as if we are threatening the internal security of the United States," Castro shouted angrily.

About 57 per cent of the world's telephones are in service in the United States.

Boy Burned in Explosion of Homemade Bomb

DETROIT (AP) — A homemade bomb exploded in a 14-year-old boy's face yesterday, burning him about the eyes.

John Smith was reported in fair condition at a hospital today with injuries suffered when the explosive went off as he and two other boys mixed it in a jelly jar in John's home.

The other youths escaped injury.

Cardinal Leaves Hospital

BOSTON (AP)—Richard Cardinal Cushing left St. Elizabeth's Hospital Sunday after a five-day stay for treatment of asthma and shingles.

Alaska-Siberia Bridge Proposed by U. S. Senator

NEW YORK (AP)—A proposal to promote American-Soviet unity has been made — hitch the two countries together by a bridge or a tunnel.

The proposal came from Sen. Warren G. Magnuson (D-Wash), who suggests that a 42-mile structure span the Bering Strait, which separates Siberia and Alaska.

"Real American families driving in American-made cars with the kids piled in will do more than a summit conference," to improve relations, said the senator.

Woman Gets Ticket for Breaking Into Bank

DETROIT (AP) — Mrs. Christinetta Gatewood, 37, broke into a branch of the Bank of Commerce in suburban Hamtramck last night.

Police let her off with a ticket for running a red light.

Officers answering the bank's burglar alarm raced up and found the 37-year-old housewife's car telescoped against the bank's front door. Police said the vehicle had gone through a red light, was struck by another car careening into the door.

★ ★ ★

Mrs. Gatewood and her five passengers were shaken up. The other driver was uninjured.

'Cool' Auctioneer Ranks as a Master at Art

LONDON (AP)—The bidding moved from one point in the auction room to another, finally reaching $616,000—by far the highest offer ever bid for a single painting.

Auctioneer Peter Wilson, a tall, stately figure in white tie and tails, surveyed the crowd of socialites, celebrities and international art dealers with the calm of a teacher conducting a spelling bee.

This was an historic moment in the art world. The crowd held its breath.

At last, Wilson broke the tension: "Won't SOMEBODY offer any more?"

★ ★ ★

NEW RECORDS

Laughter rippled through the room and the oil painting of a boy in a red waistcoat — "Garcon Au Gilet Rouge" — by Paul Cezanne was bought for the price one would pay for a small atomic reactor.

This was the highlight of the sale last October of seven impressionist paintings from America's Goldschmidt collection, which broke all price records for paintings with its $616,000 top bid and its $2,186,000 total.

The sale catapulted modern painting into a new money bracket, helped establish London as the capital of the art dealing world, and Peter Wilson of Sotheby's as its leading auctioneer.

★ ★ ★

"That guy," said Eric Goldschmidt, still perspiring after the sale of his collection, "was as cool as a cucumber. He's just too English to be true."

Wilson, 46, knows his job. He can shoot the bidding up from $500 to $5,000 in 90 seconds with leisurely flicks of his finger.

There is no sign of tension or strain. Out of the corner of his eye he sees instantly whether the buyer in the corner has upped the bidding or just brushed a fly off his nose.

GOOD PSYCHOLOGY

Wilson believes his calm manner is good business psychology.

"At an American auction," he explains, "you've got bids being shouted out and boys running up and down the aisle and a tremendous atmosphere of excitement all over the place.

"I dno't think it's really a good thing to give a buyer the idea that it's a fantastic sum of money he's going to have to pay to get something. Let him think it's just a normal, everyday sort of thing.

★ ★ ★

"Give him the idea that it's perfectly ordinary to toss down, say, a hundred thousand sovereigns for a picture."

Wilson is the grandson of Lord Riversdale, the famous patron of the arts who married the widow of John Jacob Astor. He is the son of a socialite army officer. He was educated at Eton, favorjte school for bluebloods, and at Oxford University.

He joined Sotheby's in 1936 as a sort of junior expert in their antique furniture department. Now his specialty is paintings.

ALWAYS SEARCHING

Today, as well as being an auctioneer, he is the chairman of Sotheby's, said to be the biggest art dealing firm in the world.

Always in search of the biggest that's up for sale, Wilson flys to the United States an average of three times a year and to European capitals more often.

While his calm and nonchalance are ever preesnt, he's known in the trade as a fast-moving businessman, of a kind that breaks with the staid, conservative traditions of the London art dealers.

★ ★ ★

In a typical piece of quick-off-the-mark enterprise, he flew to Cairo a few weeks after King Farouk was overthrown in 1952 to try to persuade the Egyptian authorities to let Sotheby's sell Farouk's fabulous art collection.

The Egyptians had said it would be sold for the benefit of the national coffers.

Wilson looked over the whole collection and advised the Egyptians that the part made up of erotic paintings, drawings sculptures and books could not be sold in public anywhere.

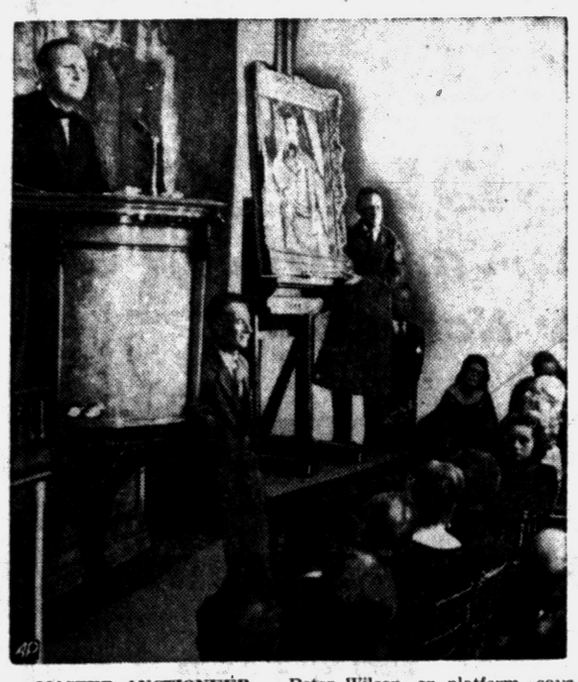

FAROUK SALE FANTASTIC

Threats of legal action by Farouk forced the Egyptians to hold the sale of the major collection in Cairo instead of London, but Sotheby's and Peter Wilson helped them organize it.

"It was the most fantastic sale I've ever had anything to do with," said Wilson.

"It was held in the Kubba Palace. A blazing hot sun was beating down. Everything was late, everything was delayed. If we did things like that here, our clients would be up in arms against us.

"Then an Egyptian army major who was running the show stood up and annouced that any buyer who spent over 10,000 pounds would be allowed to see Farouk's 'erotic museum.'

MASTER AUCTIONEER — Peter Wilson, on platform, says his easy manner in auctioning off paintings lets his customers feel they aren't doing anything out of the ordinary when they pay hundreds of thousands of dollars for a work of art.

American Cities Slum Conscious

CHICAGO (UPI)—American cities are putting new emphasis on slum prevention, according to the National Association of Housing and Redevelopment Officials.

The association reported that six times as many cities have housing codes in force now as four years ago. It said at least 260 cities now have laws setting minimum requirements for safety and health in housing, compared with 44 cities four years ago.

Ancient Anchor Puzzling

GLOUCESTER, Mass. (UPI) — A 1,250-pound granite and wood anchor, found recently at the bottom of Gloucester's inner harbor, may have been used by early English explorers, marine historians theorize. These explorers used this harbor as a base as early as 1624.

General of the Armies of the United States, which was held by Gen. John J. Pershing, is the highest U.S. military rank. General of the Army, held now by President Eisenhower and Douglas MacArthur, is the second highest rank.

Average size of a U.S. family has been increasing at a rate of about 2 per cent in the past 15 years.

51 S. SAGINAW STREET NEXT TO WRIGLEY'S

Fall Accent on Contradictions

Leopard cat combined with autumn beige double-faced French wool jersey gives a two-piece costume a three-piece look. This is from the fall and winter collection designed by John Moore. The sleeveless dress is designed with a jerkin top, half leopard and half jersey. A gold chain belts the waistline.

New Look Is Lavishly Understated

By DOROTHY ROE

NEW YORK (AP)— Offhand opulence is the keynote of fall fashions.

This is the word from New York designers, opening a crowded week of fall style previews for the visiting fashion press, in the 32nd National Press Week of the New York Dress Institute.

Lavish furs and lush fabrics are cut as casually as a schoolgirl's raincoat. Glittering brocades appear in simple shirtwaist dresses. Man-tailored suits sport fabulous fur linings or collars.

PLUSH CONTRADICTIONS

Fashion, being a woman, is enjoying a season of contradiction. She goes to the theater in a gold trench coat and a slouch hat, shows up for work in a menswear worsted suit bearing a fortune in furs. She wears a fedora and carries a swagger stick, but her little-boy coat is lined in sable.

★ ★ ★

It's the same spirit that inspired the renowned Marlene Dietrich to wear a white ermine polo coat with slacks, and that impelled designer Valentina to observe that "mink is for football games."

It's an all-American attitude of taking luxuries for granted, a sort of ostentation in reverse, like trading your limousine for a sports car.

★ ★ ★

You wear the most luxurious furs, fabrics and jewels with nonchalance. You never look fussy or overdressed whether you're clothed in brocade or denim. The more fabulous the fabric of your costume, the simpler the cut.

Though there are no extreme changes in silhouette for fall, there is a whole new mood throughout the collections. Almost everything has a tailored, understated, subtly sophisticated look, whether it's a tweed suit or a satin evening dress.

LINES RELAXED

The new clothes are relaxed in line, easy to wear, with natural waistlines and no distortions. Nothing fits tightly, and the body has room to move within its clothes.

★ ★ ★

The new suits tend to men's worsteds, with longer, mantailored jackets and slender skirts often tapered at the hemline. Many suits are belted, and jackets may be anywhere from hipbone to tunic length, with some extending to a few inches above the hemline. The drama comes in lush fur linings or great fluffy fur collars, in accessories such as tall fur hats and muffs.

★ ★ ★

The wide and varied use of fur trimmings is one of the most important trends in fall fashion. Fur-collared or fur-lined coats are everywhere, fur accessories are worn with untrimmed suits and dresses and even cocktail dresses may blossom out with fur accents anywhere from neckline to hem or in between.

Dramatic use is made of the fluffy, long-haired furs such as fox and silver fox stage a Fox and silver fox stage a strong comeback as trimmings for suits and coats, and in hats and muffs.

★ ★ ★

Wide belts are much in evidence on dresses, suits and coats, giving a woman leeway to adjust them to her natural middle.

By MARY PRIME

NEW YORK (UPI) — Fall fashions will make us women look mannish by day, vampish by night.

The mannish look borrows fabrics, hat silhouettes, walking sticks, and the continental silhouette from the men. It shows in costumes which combine a man's smoking jacket or classic three-button jacket with a slim dress.

★ ★ ★

Another top silhouette is the tunic, which turns up in everything from suit jackets to dinner suits and slim, slinky, evening gowns. Some daytime dresses have half-tunics.

For evening, the siren look takes over. Necklines plunge to the waist in front and back. Other gowns are covered up from wrist to neckline, or combine decolletage with long sleeves. Gowns cling to the figure if slim-cut, or rise to the knees in front if full-skirted.

★ ★ ★

Fabrics for after-dark range from rich brocades and metallic-embroidered velvets to sari prints and provocative nude silk appliqued with black velvet. Jet beads, sequins and bugle beads trim or completely cover many dresses.

Furs show up on suits, dresses, coats and ball gowns. Daytime fabrics are simple but rich.

Here is a closer look at the fall styles of 60 manufacturers and designers, to be shown here this week to more than 250 visiting fashion editors and writers by the New York couture group.

Silhouettes—Sheaths, shirtwaists, tunics, dresses with fitted bodices and belled skirts. Big collars set away from the neckline or collarless (cardigan) necklines.

Costumes — More than ever in both casual and dressy styles. Often a tailored jacket covers a cocktail sheath.

Hemline—Slightly longer, but no more than an inch and a half added, or about 17 to 17½ inches from the floor, compared to last year's 17½ to 18 inches.

Waistline — Normal except for a few die-hard dropped waists.

Sleeves — Big, from deep dolman to puffed.

Shoulders — Rounded, dropped, constructed rather than padded, but not exaggerated.

★ ★ ★

Suits — Jackets are longer, to the hip or the wrist. Most are fitted and belted, but the brief, easy-fit jacket appears in some collections. Skirts are slim, slightly flared, or knife-pleated, often with slight fullness for a more flattering hipline. The tunic suit is important.

Coats—Belted waistlines and long-haired fur trimmings are strong. There are wrap-arounds, great coats, softly shaped trench coats, deep dolman-sleeved styles, double-breasted soldier coats, and reversible cape coats. Evening coats range from white mink to brilliant silks and brocades. There are more ⅞ and ¾ sleeve lengths, plus a few ⅞-length toppers.

★ ★ ★

Fur trim—It includes lynx, fox, Alaska seal, leopard, broadtail, otter, beaver, mink, opossum, raccoon, wolf, squirrel, lamb, and some chinchilla.

Fabrics — Cashmeres, velours, broadcloths, fleeces, flat mohair, reindeer hair, ottomans, tweeds, plaid worsteds, mannish worsteds, and flannels.

Colors—Muted paisleys, brown of all tones, blue, green with an overtone of blue, apple green, black, oyster, greige and cream.

Hats—Fedoras, homburgs, derbies, slouched hats, and high-crowned cloches. Fabrics are handled softly and brims ripple to tone down the masculine influence. Veils, satin skull caps and feathers show for evening.

Neckline drapery, cowls and scarfs are noted frequently in all top New York designer collection for fall and winter 1959-60.

A short evening dress in black and white cut velvet with a strapless bodice is sashed with a huge whirl of gold satin. This is from the Hannah Troy collection for fall.

Queen Elizabeth Fair Game for All the Fashion Critics

By FRANCES LEWINE
Associated Press Staff Writer

A little girl in Chicago looked at Queen Elizabeth and lamented: "But Mommy, she's not wearing a long dress."

A Toronto woman in her 80s raised an eyebrow at the Queen in a cool, gray and white checked outfit and said with surprise: "She looks like a little girl."

★ ★ ★

From the very young to the very old, Britain's Queen Elizabeth II is fair game for the fashion critics.

Nobody is quite sure what a 20th century Queen should wear. But getting drama into her daytime dresses seems to be the big problem.

Pedestrian, girlish, unimaginative is the way some newspapermen and women traveling with the Queen have described her daytime wardrobe on display in the first weeks of her tour across Canada.

APPLAUD COLORS

They have applauded the gay colors—jade, bright pinks, yellows and especially becoming turquoise blues — and the glamorous full-skirted "every inch a Queen" evening dresses.

But the shirtwaist type, pleated skirt, undramatic daytime designs are criticized as not doing justice to the attractive 33-year-old five-foot-three Queen. Some feel more should be made of the Queen's trim waistline.

For her Chicago visit, a high spot of the tour, the Queen stepped ashore in one of her dressiest morning costumes and made a hit.

"Overdressed as a tourist, but not as a Queen," the Chicago Tribune headline commented.

The Queen wore a full-skirted oyster white lace dress, reimbroidered in shades of brown and accented with a beige and brown taffeta cummerbund sash.

With it went a matching wide brimmed hat, white accessories, a triple strand of pearls, small pearl earrings and a diamond pin at the left shoulder.

VIGOROUS ROLE

The dress was by Hardy Amies, who with Norman Hartnell, another London designer, has provided the Queen's royal tour clothes.

Unlike a fashion model who can just stand and pose, the Queen has a rather vigorous role.

It has been pointed out that she likes to be comfortable in her clothes as she walks parade grounds, stands in a jeep to review troops or in the cockpit of the speedy Royal barge coming into dock.

★ ★ ★

Her handbag is always one with straps to be held on her arm so she can have her hands free for ceremonial duties.

Hats, provided by Claude St. Cyr, a Parisian milliner, and Aage Thaarup, a Dane who works in London, have been cloche and toque styles with organza and draped chiffon, and some pert straws. Her shoes, mostly white and beige on this tour, have been open-toed and sling-backed, with a moderate heel. As one fashion writer put it "a bit stocky by current stiletto standards."

Like any other woman, the Queen suffers from wind-blown skirts and hats.

Often she is seen holding onto her hat with one hand as she rides in an open car on a windy parade ground.

When the Queen's taffeta dress billowed up above her royal knees in Toronto, a British newspaperman moaned that it had not been properly weighted and said with a laugh "heads will roll."

Once, the Queen changed her hat after a morning of worrisome wind.

It is reported she gets a choice of three hats to go with each daytime dress.

In charge of the Queen's wardrobe is Miss Margaret (Bobo) MacDonald, a Scotswoman who has served Elizabeth since childhood and has the title of her majesty's "principal dresser."

Aboard the Royal Yacht Britannia the Queen gets a chance to relax, and she often dons slacks and sweaters. She has appeared on deck coming into port with a kerchief about her head and wearing dark sunglasses.

Since seeing the Queen is the main idea of a royal tour, Elizabeth is most appreciated when the colors of her dress stand out.

Bronson Home Is Scene of Party for Judith Palmer

Judith Palmer, bride-elect of James C. Braid, was honored Saturday at a linen shower given at the Lone Pine road home of Mrs. Donald Bronson. Mrs. John Braid and Mrs. Earl Zimmerman were cohostesses.

Miss Palmer, the daughter of Mrs. Allen Palmer of Dakota drive and the late Mr. Palmer, and Mr. Braid, son of the Carroll C. Braids of Rosewood drive, will exchange vows Aug. 30 at Central Methodist Church.

★ ★ ★

Guests included Mrs. Palmer, Mrs. Braid, Normalee Braid, Mrs. H. H. Flynn, Mrs. Irvin Wilbur, Sue Braid, Dianna Bronson, Mrs. Alfred Gale, Mrs. Russell Porritt, Mrs. Stuart Braid, Mrs. Ora Porritt, Margaret Braid, Mrs. George Mize, Mrs. Alva Braid, Nancy Mize and Mrs. Lawrence Phelps.

Others were Mrs. Carl Rhodes, Mrs. Leon Leece, Mrs. Carleton Richmond, Mrs. Gerald Hubbard, Mrs. William Porritt, Mrs. Elwood Duncan, Mrs. Harold Miller, Lula Miller, Ruth Miller, Hildred Smith, Mrs. Earl Guthrie, Mrs. Charles Gronda, Mrs. Florence Chamberlin, Mrs. Grant Chamberlin, Mrs. Fred Beardsley, Mrs. I. A. Wilbur and Mrs. S. B. Flynn.

★ ★ ★

Miss Palmer also was honored Wednesday afternoon at a luncheon and shower at the Huntington Woods home of Mrs. Philip Berry and her daughter Margaret.

Evening Linen Shower Fetes Jeanne Calhoun

A linen shower in honor of Barbara Jeanne Calhoun was held Friday evening at the Maplewood drive home of Linda Schellenberg. Mrs. Robert E. Thompson was cohostess.

Miss Calhoun is the daughter of Mr. and Mrs. Eugene L. Calhoun of Spokane drive. Her fiance, Thomas W. Cross, is the son of Mr. and Mrs. Milo J. Cross of North Hammond Lake drive. An Aug. 22 wedding at Central Methodist Church is planned.

Mrs. Ronald Geiger will be her sister's matron of honor. Bridesmaids will be Vivian Kathleen Calhoun, another of the bride's sisters, Rita Mae Foxworthy of Pleasant Ridge and Miss Schellenberg. Another of the bride's sisters, Monita Lee Calhoun, will be junior bridesmaid.

Constance Strait will be flower girl and Noyce Strait III will be ring bearer

Guests at the shower were Mrs. Calhoun, Mrs. Cross, Mrs. Robert Ensworth, Mrs. George Schellenberg, Mrs. Stewart Houghton, Mrs. Lorenz Vasbinder, Mrs. Francis Mapley, Mrs. Allen Cline, Delores Lutzkiw, Beverly Tatu, Mrs. Dale Hannan, Mrs. James Jones Jr., Marsha Stapp and Mrs. Richard Bashore.

Don't Horse Around . . . Abby

This Figures to Add Up to Trouble

By ABIGAIL VAN BUREN

DEAR ABBY: I am 28 and my husband is 29. We've been married for nine years and have two children. A well-built neighbor girl started coming to our house in a bathing suit. (There's no place to swim within 20 miles of here.) She is 17 and very cute and likes to horse around with my husband. She asks him to drive her to the grocery store which is within walking distance. He jumps at the chance. I don't like the way he looks at her. Am I silly to be jealous? He never gave me cause to worry before. I wish you could tell me what to do. I can't figure it out. JEALOUS

ABBY

DEAR JEALOUS: A girl who visits in her bathing suit is a cinch to have it well "figured" out. Tell your husband you love him and don't want him "horsing around" with this girl. Inform him that she isn't to come over unless she is fully dressed. Little girls grow up fast, and some men never grow up.

★ ★ ★

DEAR ABBY: I am writing in defense of all beauty operators who have to put up with gabby customers. You printed one from a lady who signed herself STANDING APPOINTMENT who had to put up with a gabby hairdresser.

When some women go to a beauty parlor they take their hair down in more ways than one. We beauty operators would love to let them "relax" but how can we when they are forever talking about their husbands, neighbors, sickness and bills? They shove snapshots under your nose and blow smoke in your face. We even have to play nursemaid to their children and dogs while they're reading a magazine under the dryer.

I'll be disappointed in you, Abby, if you don't print this to show both sides of the story.

BEAUTY OPERATOR

★ ★ ★

DEAR ABBY: I have an 18-year-old daughter. She is expecting in October and is not married. We know who the father is. There are no plans for marriage and there aren't going to be any, under the circumstances.

We are wondering if the father of the child is supposed to support the child or help out in any way. We don't want to start any trouble if there is nothing to gain.

TROUBLED PARENTS

DEAR TROUBLED: Go to your Family Service Assn. They will tell you what the laws in your state provide for your daughter. Your local Legal Aid Society can also help you. Do not let this important matter go by without acting on it at once. Good luck!

★ ★ ★

DEAR ABBY: Will you please print something about people who take vacations to visit their relatives? I am a RELATIVE not a VACATIONER.

My husband's sister comes with her husband and three small children and they stay all summer. She sits around while I do all the work.

All the unemployed relatives come from miles around to see "Sister." I am cooking and cleaning up from 7:00 a.m. until 11:00 p.m.

My husband says I shouldn't complain because he'd do the same for my relatives. He knows he's safe. I have one brother in Formosa. How can I put a stop to these summer vacations? BEAT

DEAR BEAT: You'll never discourage your guests by giving them the Waldorf treatment. Make it a DO-IT-YOURSELF VACATION. If your sister-in-law doesn't offer to help—ask her to. People who let others impose of them in the name of hospitality deserve the aching back that is sure to follow.

★ ★ ★

CONFIDENTIAL TO "GIL" AT THE PLANT: You're looking for a 19-year-old girl with 30 years' experience. You'll never find her.

★ ★ ★

To get ABBY'S booklet, "What Every Teenager Wants To Know," send 25 cents and a large, self-addressed, stamped envelope to ABBY in care of this newspaper.

JoANN B. HOVER

Mr. and Mrs. Boyd K. Hover of Hartford announce the engagement of their daughter, JoAnn Barbara, to Brian W. Boyle of Murphy street. The bride attended Michigan State University and her fiance attended Eastern Michigan University.

Shower Fetes Miss McLean at Smith Home

Bernice M. McLean, daughter of Mr. and Mrs. Clifford E. McLean of Elizabeth Lake road, was honored Friday evening at a miscellaneous shower given at the home of Patricia Smith of Mark street. Mrs. John Such and Barbara Wilkinson were cohostesses.

★ ★ ★

Guests at the shower were Deanna Dovre, Carolyn Hawn, Mrs. Joseph Kosik, Mrs. Ken Pearce, Mrs. Norbert Capistrant, Nicki Folsom, Mrs. Robert Sanders, Mrs. Joseph Wilkinson, Mrs. Oscar Schumann and Mrs. Clyde Smith.

Others were Mrs. Eric Halladay, Patricia Halladay, Mrs. Clifford McLean, Mrs. Ronald Stanhouse, Karen Barling, Marilyn Goode and Mrs. Richard Slade.

★ ★ ★

Miss McLean will be married to Michael T. DeWitt, son of Mr. and Mrs. Noble DeWitt of Harbor Springs, Aug. 8 at Oakland Avenue United Presbyterian Church.

Hawaiian Luau Honors Three

Sally Reid, bride-elect of Fred Zittle, and Dr. and Mrs. Robert C. Brown III of Palo Alto, Calif., were honored at an Hawaiian luau Friday evening given by Mr. and Mrs. James R. Wilkinson of Gateway drive. Eighteen guests attended the beach party.

On Wednesday afternoon Mrs. Wilkinson was hostess at a pantry shower honoring Miss Reid. Mrs. William Kovin and Mrs. James Arnold assisted in serving the luncheon to 24 guests. Out-of-town guests attended from Detroit, Jackson, Grand Ledge, and California.

Wash 'n' Wear Takes Wear 'n' Tear

Wash and wear garments are improving with leaps and bounds.

Labels should give a buyer a close idea of what to expect from the garment once it is laundered.

According to the Ohio State University clothing specialists, all items of a wash and wear garment should perform alike.

This includes thread, trim, tapes, zippers, shoulder pads, facings, interfacing, interlining, linings and finish.

Women may serve on juries in 44 of the states and in addition may serve in the District of Columbia.

MRS. GERALD W. KURKOWSKI

Married Saturday at Sacred Heart Church were Shirley M. Palmer and Gerald W. Kurkowski. Their parents are Mr. and Mrs. W. A. Palmer and Mr. and Mrs. Frank Kurkowski.

Shirley M. Palmer Weds Gerald Kurkowski of Troy

For her wedding Saturday morning to Gerald W. Kurkowski, Shirly M. Palmer selected an intermission-length gown of sheer organza featuring a scalloped square neckline and short sleeves. She carried a bouquet of shattered carnations centered by an orchid.

Some 100 guests attending the wedding held at Sacred Heart Church. The Rev. Francis Stack officiated at the ceremony.

Parents of the couple are Mr. and Mrs. W. A. Palmer of Boyd street and Mr. and Mrs. Frank Kurkowski of Troy.

Lorraine Kurkowski was maid of honor with Lorretta Kurkowski as bridesmaid. Both are the bridegroom's sisters. Mrs. Kenneth Kurkowski of Rochester also served as bridesmaid.

All were dressed in white dresses with pale blue trim and blue taffeta cummerbunds. They carried colonial bouquets of white and pink carnations.

Attending the bridegroom were his three brothers, Jack and James, both of Troy, and Kenneth of Rochester.

Three hundred guests attended the reception held at the American Legion Hall.

Mrs. Palmer wore a beige dress with a pink rose corsage and Mrs. Kurkowski was dressed in pink with a yellow rose corsage.

Bride-to-Be Honored at Shower

Bride-elect Mary Bateman was honored at a miscellaneous shower Thursday at the Oliver street home of Mrs. Niels C. Madsen. Mrs. Lester Kasten was cohostess.

★ ★ ★

Guests were Mrs. T. William Brown, Mrs. William Hudson, Mrs. Thomas Bateman, Susan Bateman, Mrs. Barbara Dorris, Mrs. Grover Remley, Mrs. Frank Kucera, Barbara Kucera, Mrs. Harold Bateman, Margaret Bateman, Mrs. Todd Brackett and Mrs. Russell Carlson.

Others were Barbara Kasten, Dolores Kasten, Mrs. Edward Backes, Mrs. William Boddy, Mrs. James Glynn and Mrs. Louis Petrusha.

★ ★ ★

Margaret Bateman will be her sister's only attendant for her September wedding to Rene J. Adams, son of Mr. and Mrs. Herve Adams of Highland Park. Miss Bateman is the daughter of Mrs. Harold Bateman of Lowell street and the late Mr. Bateman.

Sailing Series Starts Tuesday

The boom of the starting gun Tuesday morning will find the Orchard Lake Country Club Women Sailors opening their second sailing series of the season.

★ ★ ★

Mrs. Berrien C. Ketchum is in charge; Mrs. Basil E. Brown is arranging the luncheon following the event, and Elizabeth Miller is in charge of prizes.

Prizes will be awarded to the winners of the first series by Mrs. Benjamin Brewster. First prize goes to Mrs. Edward S. Reid Jr. and second prize to Mrs. George H. Crane.

Group Has Picnic

Following services at First Congregational Church Sunday, members of the Plymouth Group and their families met for a picnic at the J. L. Van Wagoner home on Andersonville road.

Koreiba-Shover Rites Held in Pilgrim Church

Pilgrim Holiness Church, Port Huron was the scene of the Saturday evening wedding of Glenda Antonia Shover and Michael David Koreiba. The Rev. Harold C. Rickner officiated at the candlelight ceremony before 250 guests.

The bride is the daughter of former Pontiac residents Mr. and Mrs. Glenn Shover of Port Huron and the granddaughter of Mr. and Mrs. James Chiappelli of Florence avenue. The bridegroom is the son of Mrs. John Troy and Michael F. Koreiba, both of Port Huron.

The bride's floor length gown was of Alencon hand-clipped lace over satin. It featured a Sabrina neckline trimmed with sequins and seed pearls and a satin cummberbund formed a butterfly bow at the back.

A tiara of sequins and seed pearls held her fingertip veil of imported silk illusion and she carried a cascade of stephanotis and white snow drop roses centered by an orchid.

MRS. MICHAEL D. KOREBA

Sandra Shover was her sister's maid of honor. She wore a dress of pink lace over taffeta with a matching jacket and pink flowered hat with an illusion veil. Her colonial bouquet was of light blue carnations.

Mrs. Ralph Koppelburger of Kingston and Mary Ann Hicks were bridesmaids. They were dressed like the maid of honor but in light blue and their colonial bouqets were pink carnations. Flower girl, Melissa Ann Dell of Pontiac, wore a dress of pink organdy with an eyelet embroidered skirt and carried a basket of carnations.

★ ★ ★

Gary Koreiba, the bridegroom's brother of Port Huron, was best man. Ushers were James Mills and Oba Johnson, both of Port Huron, and Donald H. Dell of Pontiac and Ralph Koppelburger of Kingston.

A reception was held at YMCA. Before leaving for a honeymoon to Niagara Falls, the bride changed to a light blue linen sheath with white accessories and the white orchid from her bridal bouquet. The couple will make their home in Port Huron.

Mrs. Shover wore a rose lace sheath with white accessories and a corsage of white snow drop roses for her daughter's wedding. Mrs. Troy was dressed in a blue silk organza dress with white accessories and a corsage of pink roses and shattered carnations.

She looks pretty posing on the board, but if she wants to retain that curvaceous figure she should slip into the pool for some exercise.

Benefits Whole Body

Learn to Swim at Any Age

By JOSEPHINE LOWMAN

Today I would like to suggest that swimming is a sport you can LEARN at any age.

I shall never forget the classes I taught some years ago. These were made up mostly of middle-aged women who never had even tried to learn to swim before. They not only became quite good at it but it was amazing what a psychological lift it gave them.

It always boosts interest in life and adds lustre to personality when you add a new activity, and it certainly builds the ego when you conquer even a small, unreasoning and unimportant fear. Some of the women in my classes had not learned to swim because they had had no opportunity to do so.

The fear of water can be overcome. You can begin this in your own bathroom by learning to hold your breath and submerge your face under water in the bowl. At this season you can hold onto someone's hands and do the same thing in a pool or in the shallow water of a lake or river.

Certain swim strokes are especially good for certain figure faults. For instance the breast stroke is a splendid spinal exercise and is corrective to round shoulders and to flabby upper legs, especially an inner leg line.

The breast stroke and the overarm stroke or the crawl will increase the bust measurement by building up underlying chest muscles.

One reason swimming builds such lovely curves rather than bunchy muscles is because the body weight is supported by the water.

I think that one of the defects in figures which women most dislike is the flabby inner upper leg line. The following is a wonderful corrective exercise. When in the water hang onto the end of a boat or float or pier. Separate the legs widely (stiff knees). Bring the legs together.

Continue separating the legs and bringing them together. The resistance of the water makes this exercise more efficient than the same type when done out of the water.

If you would like to learn to swim or teach your children to swim, or improve your strokes or add a new one, you may want my leaflet, "Learn To Swim." Send a stamped, self-addressed envelope with your request for leaflet No. 22 to Josephine Lowman in care of this newspaper.

JUST FOR FUN

by Rowena Wilson

Your best investment for a vacation of fun is a flattering hairdo that will require just a minimum of your valuable time. Plan a "do" that is casual enough for your fun in the sun and yet sophisticated for your lovely summer evenings. You must realize that it takes an experienced technician to create that easy-to-care-for coif that was meant for you alone.

You must realize that now is the time to change your hairstyle. Don't miss the beauty-boat. Have a becoming as well as comfortable coif for the warm weather. Rowena Beauty Salon, 4831 Dixie Highway, Drayton Plains, OR 3-3541. 14 S. Main, Clarkston, MA 5-1000. 1216 Baldwin, Pontiac, FE 5-3735.

Must Challenge Poor Authorities at Times

By MURIEL LAWRENCE

This June, because he was failing him in history, Sid's teacher told him he'd have to go to summer school.

As this meant changing his family's vacation plans, his mother was upset. Finally, she thought, "It doesn't really matter where Sid studies his history so long as he studies it. If I see to it that he works an hour on it every day at the beach house, he could take the summer school exam in the fall and our plans won't have to be canceled."

But when she asked Mr. Horne for an appointment to propose this solution, the teacher said impatiently, "This is a very busy time for me. If it's about Sidney's promotion, it depends on his going to summer school."

At once Sid's mother discarded her good solution. She told her husband they'd have to accept Mr. Horne's. After an angry scene with Sid, Father agreed that they'd have to rent the beach house.

If Mr. Horne had been "nice" to Sid's mother, she'd have felt quite safe in proposing her idea. But Mr. Horne wasn't "nice" and so insistence on a hearing became dangerous for Sid's mother.

We all have devices by which we try to organize safety for ourselves. One such device is never provoking anyone. Our secret belief is, "If I withhold all protest, if I never arouse anyone's resentment of me, I'll be safe. Though I may never get anything better for myself, I can at least keep what I've got by attracting no hostile attention."

We develop this safety device in childhood. Through long experience with authorities that always know what's best for us, we go on believing that other authorities possess all the answers. Like Sid's mother, we lose all trust in our own ideas the moment the Mr. Hornes of our world say: "I'm too busy to listen to you. Do as I say — or else."

It's only poor authorities who claim a monopoly of good ideas. Good authorities, just because they're so busy, know they haven't time to create new answers to old problems. So we can usually tell a good authority from a poor one by the former's willingness to listen to new answers.

★ ★ ★

When we're up against a poor authority, we can't just knuckle under. If America's founding fathers had discarded their new notion of freedom because it provoked George III, we'd have ended up with no country, just as Sid's mother ended up with no vacation.

MRS. DONALD J. MORGAN

Nannette Hammond and Donald James Morgan were married this noon at St. Hugo of the Hills Church. Parents of the couple are Mr. and Mrs. Frederick M. Hammond and Mr. and Mrs. William S. Morgan.

Bloomfield Girl Wed at St. Hugo of the Hills

St. Hugo of the Hills Church was the scene of the wedding Saturday of Nannette Hammond and Donald James Morgan. The Rev. Francis Stack officiated at the double-ring ceremony before 200 guests.

Parents of the couple are Mr. and Mrs. Frederick M. Hammond of Bloomfield Hills and Mr. and Mrs. William S. Morgan of Millington, N. J.

The bride's princess style gown of silk taffeta embroidered with seed pearls featured a chapel length train. Alencon lace outlined the portrait neckline. Her fingertip veil of French silk illusion was held by a Juliet shell cap of orange blossoms and she carried a spray of white baby orchids, stephanotis and roses.

★ ★ ★

Mrs. John B. Mager of Pontiac was her sister's matron of honor. Attendants were Denise Baldwin, Nancy Carlisle, Jane McDaniel and Judy Essig all of Birmingham and Mrs. Richard Bowman of Flint.

They wore dresses of white organza over taffeta with bell shaped skirts and pink picture hats and carried baskets of pink flowers.

W. S. Morgan Jr. of Fanwood, N. J., was his brother's best man. Ushers were Frank Burr and Charles Hood of Birmingham, Richard Bowman of Flint and the bride's brothers, James K. Hammond and Frederick M. Hammond Jr.

Ring bearer was Scot Morgan and Marsha McKee was flower girl.

★ ★ ★

A lawn reception was held at the home of the bride's parents. Before leaving for a honeymoon to Nantucket Island, Mass., the bride changed to a white linen sheath dress with light blue accessories. The couple will live in Birmingham.

The bride attended University of Colorado where she was a member of Alpha Omicron Pi sorority and the bridegroom is a graduate of Lafayette College. He was affiliated with Phi Gamma Delta fraternity.

Mrs. Hammond wore an ice blue lace dress and Mrs. Morgan was dressed in a gray chiffon dress with pink accessories. Both had corsages of white baby orchids.

Mrs. Smiley Honored With Baby Shower

A baby shower honoring Mrs. Bruce Smiley of Anoka drive was held Wednesday at the home of Mrs. William Morris on Second street.

Cohostesses were Mrs. Morris, Mrs. Bill Morris, Mrs. Charles Mason and Mrs. Louis Romeos.

Guests included Mrs. Bertha Miller, Mrs. Richard Miller, Mrs. William Cartier, Mrs. Donald Deragon and Mrs. Myles Turnbull.

Others were Mrs. John Combs, Mrs. E. W. Watchpocket, Mrs. Donald Treece, Mrs. Joseph Perez, Mrs. Vernell Duggy and Margaret Dwire.

False Eyelashes Are Just for Extra Dashes

False eyelashes are fun and they can change a girl's whole attitude toward an evening out. They can make her feel self-assured, like a real, genuine femme fatale. And they're easily applied.

But don't decide that just because you look great in them during the evening, you should wear them in the daytime, too. This is just too much. The girl who carries on like a siren all day is likely to be tiresome.

Wear false eyelashes, eye shadow and gold nail polish in the evening. But next day, switch to natural make-up and pale polish.

Current population of Greece is about 8 million.

MRS. ROBERT C. LEONARD

Married Saturday in Birmingham were Sue Carolyn Miles and Robert Collins Leonard. Their parents are Mr. and Mrs. George F. Miles of Birmingham and Mr. and Mrs. Thomas J. Leonard of Ferndale.

Married in Birmingham

Birmingham's First Methodist Church was the scene of the Saturday afternoon wedding of Sue Carolyn Miles and Robert Collins Leonard.

The bride is the daughter of Mr. and Mrs. George F. Miles of Birmingham. Parents of the bridegroom are Mr. and Mrs. Thomas J. Leonard of Ferndale.

Following a reception at Devon Gables, the couple left for a Northern Michigan honeymoon. They will reside in Des Moines, Iowa.

Hostess May Provide Extra Boys

By EMILY POST

"Dear Mrs. Post: My 18-year-old daughter received an invitation to a party that is being given by a friend of hers. The invitation states to bring a boy friend. My daughter does not have a steady boy friend and does not feel like asking just an acquaintance to go with her. She feels that she has to decline this invitation.

"I think it would be perfectly proper for her to go alone and that the hostess merely added this so that she would feel free to bring a special boy if she wanted to. Would it be proper for my daughter to go unescorted without feeling embarrassed?"

Answer: It would be best for your daughter to telephone the hostess and ask her frankly if it will make too many girls if she accepts, and comes without bringing a boy friend.

"Dear Mrs. Post: A question has arisen among some of my friends as to what is correct in the following instance: If one takes fruit to a sick friend in the hospital in a basket, or bowl, should the basket, or bowl, be returned, or should the friend keep it? Will you please advise us?

Answer: If the fruit was arranged in the basket, or bowl, by a store, then it need not be returned. But if it is one belonging to the person who presented the fruit, it should be returned — or at least your friend should be asked whether or not she would like it returned.

"Dear Mrs. Post: My son is going to be married in the early fall. I would like to know if I must consult the bride-to-be as to what she would prefer that I wear at the wedding. I have been told that this is necessary."

Answer. It is not necessary, but usual for the mother of the groom to ask what the bride's mother is going to wear and then try to choose for herself a dress that will make a harmonious picture when they stand together in the receiving line.

When you "sear" meat you brown its surface by intense heat. The process is a big aid to appearance and flavor.

When it comes to trade relations, almost everyone would like to.

Get This Valuable Deluxe Encyclopedia Volume

WORTH $4.00

FREE!

Brand New Edition!

WORLD-WIDE ENCYCLOPEDIA

in 10 Deluxe Volumes

Complete! Authoritative! Up-to-Date! 3,200 Pages . . . many printed in 2 colors — new type —non-glare paper . . . Over 2,000,000 words — more than 1,000 illustrations.

Volume One, pictured at left, is full library size, richly bound and beautifully stamped in gold.

A treasure-house of interesting facts and stories—worth every bit of $4.00—and you get it absolutely free. All you need do is ask for it!

NO STRINGS! NO CATCHES! IT'S YOURS FOR THE ASKING!

YES, the valuable book illustrated —Volume One of the World-Wide Encyclopedia—is ABSOLUTELY FREE to a limited number of readers of this newspaper. All you need do to receive it is send us your name and address on the Free Gift Coupon at the right!

The reason we give you this wonderful reference volume is a simple one!

We could write pages and pages of sales arguments about why you should own a set of the World-Wide Encyclopedia—but we know it's hard to sell anything without first showing what you are getting for the money. So before we ask you to buy . . . we make a gift to you of the first volume. We want you to examine it carefully and convince yourself. Then, and only then, decide whether you want the remaining volumes. There is no gamble for this book—you are under no obligation to pay anything or buy anything—WE TAKE ALL THE GAMBLE—because we believe we can convince you how much you need this wonderful set of books.

YOU'VE ALWAYS WANTED TO OWN A FINE SET OF ENCYCLOPEDIA — NOW YOU CAN AFFORD IT!

Now you might say, "That's fair enough, I don't see how anyone has anything to lose by getting this $4.00 book absolutely free . . . but suppose I send the Free Gift Certificate for Volume One of the World-Wide Encyclopedia and like it, and decide to buy the rest of the set—how much will the remaining 9 volumes cost me?"

"How much will each of the remaining 9 volumes of your set cost you?" Not $4.00, not $2.50, or even $2.00! All you pay is $1.19 per volume plus 11c handling costs. That's all you pay for these valuable reference books. We know it sounds unbelievable, but it's true! Do you wonder now why we want to give you the first volume Free?

We know you migth not expect much of an encyclopedia at this low price, but wait until you see it . . . you'll never believe your eyes! You can compare it with volumes in sets selling for $50.00 and more.

A TRULY GENEROUS OFFER!

This is truly a golden opportunity to obtain a really fine set of encyclopedia for your family. We have brought down the cost of producing and distributing an encyclopedia volume to a point so low that now every family everywhere can own a wonderful encyclopedia. There is no greater boost to better living than knowledge and culture—and a great encyclopedia should be included in building a better future for your family. Here in the World-Wide Encyclopedia you will find all man's knowledge—everything under the sun, from the earliest stirrings of recorded history to the latest events in Europe . . . from the mysteries of immeasurable space to the newest discoveries of the atomic era—the Space Age. Yes, this is the reference work you have been waiting for! Priced to fit the needs of American families who have decided to own a fine encyclopedia but have been kept from doing so because the price has always been prohibitive.

So don't fail to take advantage of this limited opportunity! Get your copy by sending in the Free Gift Coupon below, and find out for yourself what a great publishing achievement we have accomplished—and what a great thrill is in store for you!

THIS OFFER IS A LIMITED ONE

Never before in our history has it been so essential to have at hand an authentic, up-to-date encyclopedia —and never before has there been a set like this at a price so low, to help you and your children meet the demands of today — and tomorrow. In making this present spectacular offer, however, the number of first volumes we can give away free is naturally limited. Quick action is therefore most important. So whatever you do, don't delay. Mail the coupon at right today — right now — to be sure of getting your Volume One FREE!

FREE GIFT COUPON

World Educational Service, Dept. NA-177
P. O. Box 535, Lynbrook, N. Y.

As per your offer, I would like to have, absolutely free, the first volume of the new World-Wide Encyclopedia. Also please give me full details concerning the price and method of delivery of the rest of the set. It is understood that in accepting the gift volume, I am under no obligation whatsoever to buy any other volumes or to make any payment whatsoever. The Volume One is absolutely free, and is mine to keep in any event.

Tigers' Pennant Talk Quiets Down

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Bengals Go 7½ Games Off Pace in League Race

Foytack Wins Opener 6-2, but Detroit Blows Lead in 2nd Game

CLEVELAND (AP)—Those Tigers are back on the treadmill again and Detroit fans are no longer talking pennant.

A doubleheader split with the league-leading Cleveland Indians yesterday before a throng of 54,727 kept the Tigers in fifth place. They now have lost eight of their last 10.

The Tigers won the opener 6-2 behind Paul Foytack's six-hit pitching and four double plays. They lost the nightcap 8-4, blowing a four-run lead, fouling up defensively and getting bombed by Cleveland home runs.

The bedraggled Bengals took a day off today and found themselves seven and one-half games out of the lead that was so close just a few weeks ago. They trail the fourth-place New York Yankees by half-a-game and are only one and one-half lengths in front of the Washington Senators.

The Senators and the Tigers will clash in a three-game series starting Tuesday night in the Nation's Capital.

Bobby Locke gave up all the Detroit runs in the opener. Detroit scored four times in the fourth inning after Locke walked two batters and started the trouble. Frank Bolling, returning to the lineup after a 15-game absence because of a chipped bone in his ankle, contributed a single to the rally.

So did Al Kaline and Gus Zernial, and the Indians chipped in with a passed ball and a couple of errors.

Harvey Kuenn smacked a two-run home run to complete the Tigers' scoring in the fifth.

Foytack weakened momentarily in the fifth, yielding Jim Baxes' two-run homer. But the strong-throwing righthander, who walked only one batter, faced just nine batters over the last three innings. Two twin killings helped him out over that span.

After one inning of the nightcap, it looked like the Tigers were going to pull off a double victory. A walk, doubles by Kuenn and Maxwell and a sacrifice fly produced three quick runs off ex-tiger Al Cicotte.

A walk to Yost — his fourth of the day and the fourth time he started a run-scoring inning with a base on balls — led matters off in the third. Red Wilson doubled Yost home and knocked out Cicotte.

Minnie Minoso and Rocky Colavito hit Tom Morgan for home runs in the fourth. Colavito slammed his 28th roundtripper in the sixth after Morgan yielded singles to Minoso and ex-Detroiter Tito Francona.

A one-run margin was all lanky Jim Perry needed. The tamed Tigers never seriously threatened against him.

Meanwhile, the Indians took advantage of some sloppy fielding and some shaky relief pitching by Ray Narleski to score three more runs in the seventh. Jim Baxes, Vic Power and Minoso clubbed singles.

Shortstop Rocky Bridges threw away Francona's grounder, letting in another run. Kuenn recovered the ball in right field and threw it to catcher Red Wilson, who fumbled it. Another run came home and it was 8-4.

Callison's Replacement Helps Chicago Beat KC Twice

McAnany Raises Sox Hopes

CHICAGO (AP)—A 20-year-old outfielder from California has added a considerable glow to the Chicago White Sox pennant hopes.

He's Jim McAnany, who has taken over for John Callison who once was touted as the White Sox' main hope for rookie of the year honors.

Callison, also 20, failed to make the grade and the Sox sent him to Indianapolis and called up McAnany.

In the 10 games McAnany has played for the Sox, he has belted out 14 hits for a .378 average. He also has driven in 11 runs and proved he can field in the big leagues.

★ ★ ★

The former University of Southern California outfielder helped the Sox to a double win over Kansas City yesterday. He clouted a bases-loaded triple in the first inning of the first game which the Sox won 5-3 and then duplicated the feat in the fifth inning of the nightcap to pave the way for a 9-7 triumph.

In addition, he made a great running catch of Jerry Lumpe's line drive in the eighth inning with two out to save the second game for the Sox who pulled within one game of league-leading Cleveland.

"He's a fine looking player," said Sox Manager Al Lopez. "He's in the lineup to stay. I'm using him against all kinds of pitching."

McAnany bats an throws right-handed. He is 5-10 and weighs 190. A muscular kid, McAnany wears thick glasses because "I'm near-sighted."

★ ★ ★

He came up to the Sox at the end of the 1958 season after batting .400 at Colorado Springs in the Western League.

Baltimore's third place Orioles defeated Washington 5-1 and Boston made it four in a row over New York with a 7-3 triumph.

Killebrew, whose 30 home runs in Washington's 83 games match the pace of Ruth when he slammed his record 60 in 1927, went hitless yesterday.

Jackie Jesen drove in four runs with a home run and two doubles and relief pitcher Bill Monbouquette hurled five-hit ball through 6 and one-third innings as the Red Sox won their sixth game in eight starts under their new manager, Billy Jurges. The defeat dropped the Yankees under the .500 mark again with a 41-42 record.

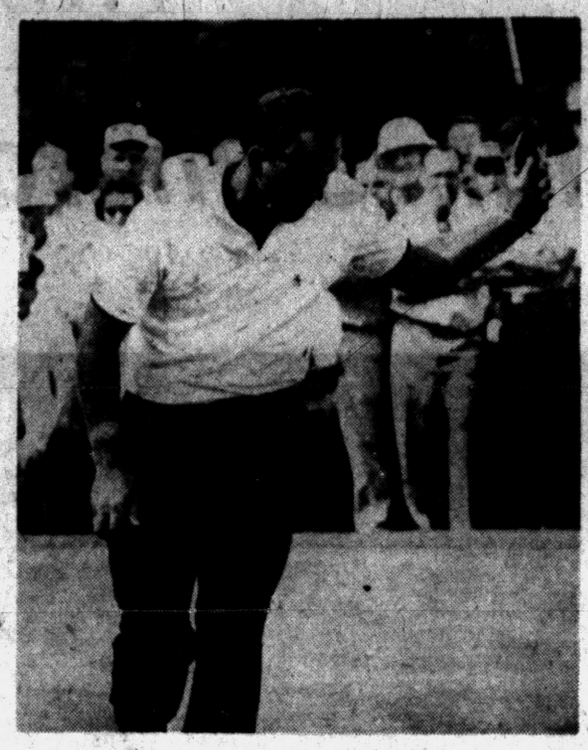

Hoyt Wilhelm finally won his 10th game. The knuckleball specialist, who lost four straight after winning his first nine games, hurled a four-hitter for the Orioles. Billy Gardner and Joe Taylor homered off loser Russ Kemmerer and Baltimore outfielders Gene Woodling and Willie Tasby collected three hits apiece.

WEEKEND FIGHTS
By The Associated Press

Tony Blom, 31-year-old steel salesman, won the 53rd Ohio State Amateur Golf Championship yesterday defeating Dr. Harry Ducilli. Both are from Cincinnati.

★ ★ ★

The Detroit Tigers have signed their third bonus baby of the year. He is 18-year-old catcher Don Bryant from Jacksonville, Fla., who signed for $30,000.

Detroiter Is State Amateur Golf King

By The Associated Press

PORT HURON — The new king of Michigan amateur golf is a long-driving spray shooter who took the scenic route and wound up with the biggest victory of his career.

Melvin (Bud) Stevens, 26-year-old Detroiter and former caddy champion, edged Gene Hunt of Flint yesterday 1-up in 19 holes for the 53rd state amateur golf championship.

One of the biggest hitters in the state — either pro or amateur — Stevens put his tee shots on the fairway at Black River Country club only once in the first 12 holes.

Despite his erratic work off the tee, the former Michigan and Michigan State student made one brilliant recovery shot after another for a thrilling come-from-behind triumph.

★ ★ ★

He gained the coveted trophy on his third try. Hunt, skinny 20-year-old sophomore at Flint Junior College, staged one of the most dramatic duels in the long and storied history of the event and made himself a popular runner-up with his refusal to fold in the stretch drive.

★ ★ ★

Hunt is a shy 135-pounder who makes up for a banana slice off the tee with deadly iron shots and a brilliant touch around the greens.

Crowned Michigan Public Links champion just two weeks ago, the young collegian — playing Pirate-bold golf against a man who was outdriving him on every hole — came from behind four times.

He was one down after two holes when Stevens, defending Detroit district champion, knocked in an 18-foot birdie putt. Hunt evened the match two holes later when Stevens took a bogey after being trapped.

Hunt fell behind again at No. 6. Both hit their second shots over the green. Stevens chipped past but made a three-footer for par. Hunt needed two putts after chipping 25 feet past the flag.

But Hunt roared back on the next hole, canning a 12-foot birdie putt as Stevens took a bogey.

Again Stevens went ahead, this time on the 11th where both were trapped. Stevens blasted out and made par but it took Hunt two putts. At 14, Hunt squared the match with a 14-foot birdie putt.

Hunt lost the next hole to Stevens' 15-foot birdie putt but tied the match for the fourth time at the 16th green with a five-footer for his fourth birdie of the match.

★ ★ ★

The cool, methodical youngster went ahead for the first time at 17 where he dropped in an 11-foot putt, getting a birdie while Stevens was going one over par.

Stevens went for broke on 18. He boomed his drive a solid 50 yards ahead of Hunt's drive. His second shot was near the green, but at the bottom of a sharp incline. Hunt was well short with his and pitched onto the green some 45 feet past the pin.

Stevens wedged his third shot across the hole and the ball slid three feet past. He got his first putt down for a birdie-four. Hunt needed two putts and the match went into overtime.

Stevens won it on the first extra hole, putting his second shot a foot from the flag and getting his birdie. Hunt was short of the green in two and missed a chip shot that would have given him a tie.

"I just got a few lucky breaks," said Stevens, who walloped Tom Draper in Sunday morning's semi-final match 6 and 5 to gain the final round. Hunt had defeated veteran Tal Smith of Fremont 1-up in the morning.

Stevens, ousted by Draper in the 1958 semifinals, succeeds Glenn Johnson as the amateur titlist. Johnson lost out to Smith in the quarterfinals 5 and 3 after winning the event four times in the last five years.

AP Wirephoto

STATE AMATEUR CHAMP — Mel (Bud) Stevens, 26, of Detroit is the new Michigan Amateur Golf Champion. He edged Gene Hunt of Flint yesterday 1-up in 19 holes of the 53rd state championship. He was only on the fairway once in his first 12 holes at Black River Country Club but managed to recover remarkably in defeating Hunt for the title.

State Amateur Tourney Results

Results of Saturday and Sunday matches in the 53rd State Amateur Golf tournament, played at Black River Country Club in Port Huron (length 6,521 yards, par 35-36—71):

THIRD ROUND

Glenn Johnson, Grosse Ile, def. Dave MacHarg, Dearborn, 3 and 2; Tal Smith, Fremont, def. Harold Brink, Grand Rapids, 3 and 1; Tom Stevens, Detroit, def. Jack Zinn, Royal Oak, 1-up on 19th hole; Gene Hunt, Flint, def. Harry MacCallum, Midland, 3 and 2.

Tom Draper, Detroit, def. Bob Zimmerman, Jackson, 5 and 3; Sam Kocsis, Detroit, def. John Kledis, Grand Rapids, 2 and 1; Dick Norton, Grand Rapids, def. John Molenda, Detroit, 1-up; Bud Stevens, Detroit, def. John Jawor, Dearborn, 2-up.

QUARTER-FINALS

Smith def. Johnson 5 and 3; Hunt def. Tom Stevens 6 and 4; Draper def. Kocsis 3 and 2; Bud Stevens def. Norton 1-up.

SEMI-FINALS

Hunt def. Smith 1-up and Stevens def. Draper 6 and 5.

FINALS

Stevens def. Hunt 1-up on 19th hole. (Championship).

17 Swimmers Try for Atlantic City's Cash

ATLANTIC CITY, N.J. (AP)—A field of 17 sturdy distance swimmers plunge into the water today on the sixth annual Around-the-Island Swim.

Twenty-five miles and about 12 hours later the winner will come ashore to take the biggest share of $11,000 in prizes.

Pre-race favorites for the water marathon are defending champion Tom Park of Bellflower, Calif., and Cliff Lumsden of Toronto.

HIGH POINT MAN — Alan Somers, a double winner, was high point man with 18 points in the National AAU men's swimming championships in Los Altos, Calif. Somers of Indiana University won the 400-meter freestyle in 4:30.6 for a new American citizen's record.

Reducing Mike Souchak Is Western Open Victor

PITTSBURGH (AP) — Shed pounds and save strokes says golfer Mike Souchak.

The 196-pound hard hitter from Grossinger, N.Y., says the fact that he has trimmed off 20 pounds in recent weeks was a big factor in his Western Open championship. He won it yesterday by a single pressure-packed putt on the eighteenth green of the Pittsburgh Field Club. Picking up the $5,000 check made the careful dieting well worth while, he observed.

Actually, the difference between winner and runnerup was more easily measure in inches than in pounds.

Souchak putted accurately from four feet on the final green for a brilliant 65, five shots under par, a 72-hole total of 272.

His closest rival, Arnold Palmer of Ligonier, Pa., missed his putt from two feet and had to settle for a shaky 71 round that wiped out his lead at 54 holes and left him all alone in second place with 273 strokes.

The difference amounted to $2,500. Palmer got just half as much as Souchak.

The duel of the two fairway stars was a dramatic climax to a par shattering tournament which was, surprisingly, a substantial failure at the box office.

The course records were set at the Field Club, first at 65 and Friday at 63 strokes, the latter by Dutch Harrison, of St. Louis.

Souchak and Palmer played together yesterday, with Palmer holding a 5-shot edge at the first tee. Souchak caught up at the eleventh, then they matched stroke for stroke with a birdie and five pars to the 220-yard uphill eighteenth.

Third money of $2,000 went to big George Bayer, from Lemont, Ill., who finished with 274, six under par and a stroke better than Ted Kroll, Sarasota, Fla., who won $1,500.

Mike Souchak, $5,000 Grossingers, N. Y.	67-67-73-65—272
Arnold Palmer, $2,500 Ligonier, Pa.	67-66-69-71—273
George Bayer, $2,000 Lemont, Ill.	69-67-72-66—274
Ted Kroll, $1,500 Sarasota, Fla.	71-67-70-67—275
Fred Hawkins, $1,200 El Paso, Tex.	68-69-71-68—276
Pete Cooper, $1,200 Lakeland, Fla.	71-66-72-67—276
Julius Boros, $900 Mid Pines, N. C.	69-75-66-67—277
E. J. Harrison, $900 St. Louis	72-71-63-71—277

Ed Draper, $96.77 Seattle	70-74-69-72—284

Muskegon Boat Racer Winner

GRAND HAVEN (AP) — Leon Linstrom of Muskegon won the class A utility division of the 6th annual 100-mile Western Michigan Outboard Marathon on the Grand River Saturday with a time of 2 hours, 34 minutes and 42 seconds.

Tullio Celano Jr., of Bronx, N. Y., took the 36 class title with a time of 2 hours, 27 minutes and 57 seconds. Roy Lenk of Detroit won class D utility honors in one hour, 49 minutes and 16 seconds.

Phil Van Sycle of Battle Creek was first in class B utility, finishing in one hour, 58 minutes and 26 seconds. Butch Hall of Eaton Rapids came in first in class C utility with a time of 2 hours and 38 seconds.

Combines, Golf-Grid

SAN FRANCISCO (UPI) — John Brodie, quarterback for the San Francisco Forty-Niners, is such a good golfer that he may join the touring pros after the 19** National Football League season.

In 1908 Walter Johnson shutout the Yankees on Friday, Saturday and Monday in successive starts.

SPORTS

Savage and DeBolt Repeat

Stan Savage and Mrs. Zadah DeBolt got off to a good start, then hung on tenaciously to win the annual City Mixed Two-Ball Foursome golf tournament for the second consecutive year Saturday afternoon at Pontiac Municipal golf course.

Mrs. DeBolt, six-time women's city champion, and Savage, one of Pontiac's better public links golfers for many years, survived a shaky finish to claim victory in the scotch foursome event by two strokes with an 18-hole total of 77, eight over par.

Capturing runnerup honors were Glenn Harding, former city champ, and partner Chris Tate with a scorecard of 42-37—79. All alone in 3rd place at 43-37—80 were Joe Kocsis and Betty Ritzenheim.

Three teams shared 4th spot with 81s—Joe Burgdorf and Mrs. C. R. Zahm (42-39), Del and Jewell Hammett (41-40) and Jim and Bobbie Miller (41-40).

The Savage-DeBolt team almost let a second straight title slip away. They made the turn in 36 blows, only two above par, then soared to 41 knocks on the south side, six over regulation figures.

Savage and DeBolt birdied the 1st and 3rd holes on the north nine while slipping to bogies on Nos. 2, 6 and 7.

Twenty-six teams competed in the alternate shot tourney, the largest turnout in the history of the event, and perfect weather prevailed. Colorful costuming by the participants added flavor to the golfing menu.

Stan Savage-Zadah DeBolt, ...36-41—77
Glenn Harding-Chris Tate ....42-37—79
Joe Kocsis-Betty Ritzenheim ....43-37—80
Joe Burgdorf-Mrs. C. R. Zahm..42-39—81
Del Hammett-Jewell Hammett 41-40—81
Jim Miller-Bobbie Miller.....41 40—81
Aldred-Pierce 83, Wright-Wright 84, Janczarek-Eve Miller 84, Wettlaufer-Lee 84, Ed Boyer-Phyllis Boyer 86, Tate-Hickson 86, Hammett-Bone 89, Dennis-Tefend 90, Jackson-Huzyk 91, McLaughlin-Wallace 93, Hammett-Childress 94, Syron-Wilson 94, Coleman-Smith 94, Robertson-Robertson 95, Legg-Larson 96, McClintock-Dawson 97, Bourgue-Kingswell 98, Myers-Douglas 97, Rose-Rose 101, Darek-Williams 103.

Boat Livery, Police Win Softball Battles

Langdon's Boat Livery defeated Pontiac State Hospital, 10-9, and the Pontiac Police trimmed Griff's Grill, 8-2, in City League softball games Sunday night at Northside Park. Both were makeup contests from previous rainouts.

A seven-run spree in the 3rd inning, highlighted by Bill Ligon's grand slam homer, iced the decision for Langdon's. Hospital's four-run rally in the 6th fell one short.

The Policemen also nailed down victory with one big inning, scoring five runs in the 4th as nine men batted. Harry Conkle pitched five-hit ball and fanned eight for the winners.

Miss Detroit Wins Race

DETROIT (AP) — Chuck Thompson drove Miss Detroit to a new heat and lap record Saturday and won the fifth annual international trophy race for unlimited power boats on the St. Clair River.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

Patient's Complaint: Still lacking improvement in my backswing.

Diagnosis: Careless takeaway.

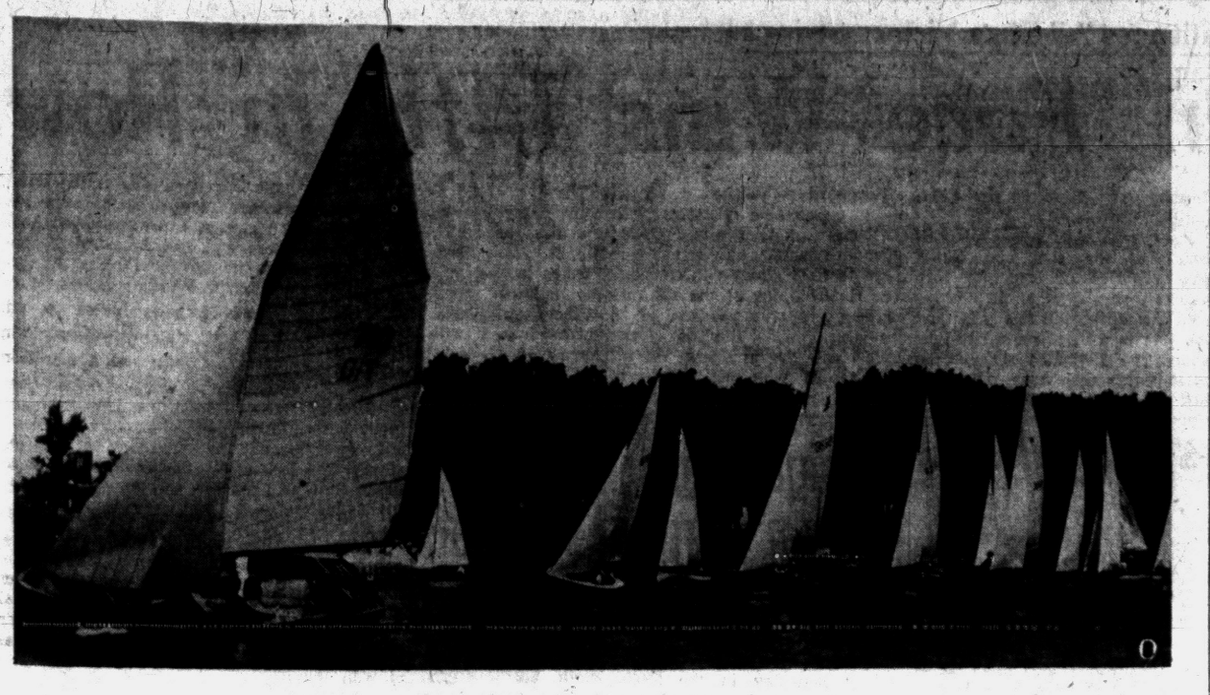

TREATMENT: One of the most important single phases of the golf swing — and one which all golfers can concentrate on with benefit — is the first 12 inches or so that the clubhead travels on the backswing. This part of the swing generally is called the takeaway.

The idea here is to see that the clubhead moves straight back away from the ball, and that this early backswing action is smooth and unhurried. If this is done with care and precision, chances for an overall good swing are greatly increased. In this, we're merely following the old theory, "a good beginning makes for a good ending."

As I have stated many times, no golfer can swing well if his mind is burdened with a lot of "do's" and "don'ts" during the swing. But this takeaway is one point that you can concentrate on without getting things too complicated, because the takeaway comes so early in the swing.

If your problem is farther back in your swing, my booklet, "Left Arm Control," will probably be of some help to you. Though it contains many "do's" and "don'ts", they're the kind that are handled on the practice range.

Pontiac Press Photo

FAST START — First time Watkins Lake Yachting Assn. tried a one-heat all-class handicap race, the event, Sunday, proved interesting, exciting, and successful. The start was snapped (above) with Don Zannoth's thistle, Seaweed (No. 710) at left, off to a fast start. Zannoth placed 2nd in the day's totals, with Glenn Fries lightning, Jo-Dee, 1st and Fred and Bruce Brede's lightning, Busy-Bees, 3rd. Neil Wheeler's snipe, Little Faster, won in the morning, Zannoth was 1st in the afternoon race.

National Clay Court Netters Get Under Way

CHICAGO (AP)—The 50th annual National Clay Court tennis tournament opened today with Alex Olmedo, Barry MacKay and Bartzen favored for the men's singles championship.

Olmedo, officially ranked No. 2 among the nation's amateurs and top-seeded in the tournament, has rocketed up the net ratings on his victories for the conquering United States Davis Cup team and his recent singles championship at Wimbledon, England. He and MacKay are not expected to arrive from Europe until tomorrow.

Olmedo, 23-year-old native of Peru and now of Los Angeles, has a first round bye as do all other seeds except MacKay, No. 2, of Dayton, Ohio. His match with unranked David Nelson of Skokie, Ill., will be postponed until Barry arrives.

Joins Navy Grid Staff

ANNAPOLIS, Md. (AP) — Don Ross, a former T.C.U. lineman and assistant football and track coach, was named today to Navy's football coaching staff.

★ ★ ★

Capt. Slade Cutter, director of athletics, said Ross will assist Phil Monahan in coaching the Navy junior varsity and will scout for the varsity.

2 PYC Sailors Make Cup List

Holman, Goodwin Finish in Top 10 for District Lightning Regatta

Pontiac Yacht club's lightning fleet returned today from the district regatta at East Tawas with two qualifiers for the President's Cup races at Crescent Sail and Yacht club, in August.

Clarence Holman, who finished 7th in overall standings for the 3-day series and Mack Goodwin, 9th, were the qualifiers. PYC skippers were shut out from the qualifying list for the International regatta, to be sailed Aug. 21-23 at Crescent, on the Detroit river.

International list included Hank Cawthra (CSYC), 1958 champion who was 8th, back of Bill and Ed McKinley, (Tawas) who won. Other top finishers included; 2 Jim Schudel (Bayview); 3, Alex Carlin (Higgins Lake); 4, Wes Wedrick (Bayview); 5, Herm Nickels (Fenton); 6, Alex Allerdyce (Crescent); 10, Bob Grant (Crescent).

Sally Sharp Prepares Title Defense

Pontiac Press Photo

NO CHANCE FOR BASS!—The streamlined smallmouth black bass displayed in the picture was doubly a thrilling prize. It was taken by Mrs. Ruth (Leo) Broniecki, 659 Briarvale, Auburn Heights and was her biggest fish. Nine-year-old son Jim helped land it, and measures the prize (17 inches long, 3 pounds). The fish didn't quite make the list in The Press contest, so Mrs. Broniecke and Jim are going back to Walters lake (Clarkston-Orion rd.) and try for a "really big one."

Lady Amateur Golfers Begin State Tourney

Birmingham Starlet Battles 4 Ex-Champs for Crown

JACKSON (AP) — Sally Sharp of Birmingham will be up against four ex-champions when she defends her title in the Michigan Women's Amateur golf competition here this week.

Miss Sharp is exempt from today's 18-hole qualifying session at the Country Club of Jackson course. She will swing into action when match play starts tomorrow.

Miss Sharp captured all three major women's golf crowns in Michigan last year. The Jackson tournament is the second major title defense for the 22-year-old champion in the last two weeks.

The four former winners in the 90-player tournament are Mrs. Don Weiss of Flint, who won the last of five titles in 1957; Mrs. H. G. Marquardt of Mount Clemens, 1953 winner and runnerup to Miss Sharp last summer; Mrs. E. O. Reynolds, Lansing lefthander who captured the title in 1954, and Mrs. C. U. Wilson of Ann Arbor, who triumphed in 1951.

★ ★ ★

Two others in the field have worked their way into the finals before being ousted. They are Margie Watkins, 1957 runnerup from Grosse Point, and Mrs. Jack Scripsema of Grand Rapids, finalists in 1956 when Miss Sharp won the title the first time.

Mrs. Dwight Anneaux of St. Joseph, a former Illinois champion, may have a slight advantage in that she knows the course well, having won the Women's Western Michigan title here last year.

Hillsdale Wins Gold Cup

INGLEWOOD, Calif. (AP)—The youngsters of racing, the 2-year-olds, take over the scene at Hollywood Park this week, with the $100,000 added Hollywood juvenile championship set for Saturday.

★ ★ ★

But the hero of the backstretch is 4-year-old Hillsdale, who two days ago added the $162,100 Hollywood Gold Cup Handicap to his list of seven previous rich stakes victories.

He beat off a truly magnificent old guy, Alfred G. Vanderbilt's Find, spotting him 12 pounds, as well as another tough old customer, Terrang, in the Cup battle.

Included will be a decision on the possibility of a match race with Round Table proposed by Ben Lindheimer, Chicago track baron.

Smith made it clear conditions will have to be right for such a race, however.

"I'll tell you this," the big ex-athlete declared, "we won't take any of the worst of it with Round Table because, after all, he's a great horse, too."

Hollywood Park, of course hopes Hillsdale will remain and race in the $100,000-added Sunset Handicap at a mile and five-eighths which closes the meeting July 22.

Hillsdale dispelled any doubt that he can win at a mile and one-quarter in winning the Gold Cup.

What about a mile and five-eighths?

"I think he can run as far as a horse can run," said Hillsdale's lanky young rider, Tommy Barrow.

THE SPOILS — Mike Souchak of Grossinger, N.Y., reaps the spoils of the Western Open Golf Championship. He claimed the trophy at the Pittsburgh Field Club with a final round of 65 for a 272 total. Souchak beat Arnold Palmer by one stroke as Palmer muffed his chance to tie by missing a 2-foot putt on the 18th. On the right presenting the trophy is Harold A. Moore, president of the USGA.

Buc Relief Hurler Challenges All-Time Victory Strings

'Fireman' Face Wins 14th in Row

By The Associated Press

The consecutive game - winning records of Rube Marquard and Carl Hubbell, which have withstood the assaults of such pitching goliaths as Walter Johnson, Lefty Grove, Bob Feller and Dizzy Dean, were challenged today by a modern David. He is 5-foot, 7-inch Elroy Face of the Pittsburgh Pirates..

Face, who uses a baffling fork ball as his sling shot, came within five victories of equalling both marks yesterday when he won his 14th straight game this year and his 19th in a row over a two-year span. The 155-pound relief artist is unbeaten this year. He hasn't lost since May 30, 1958.

Marquard established a record of 19 consecutive victories with the New York Giants in 1912. No other 20th century pitcher has won more than 16 straight in one season. Hubbell, one of the six major leaguers who reached 16 in one season, holds the two - year record with 24 in a row. He set that record with the Giants in 1936-37.

The 31-year-old Face worked in both games yesterday, winning the first as Pittsburgh defeated the St. Louis Cardinals 6-5. The Pirates led 5-4 in the ninth when the nightcap was halted because of the Pennsylvania 7 p.m. (EDT) curfew law. It will be completed August 19.

★ ★ ★

Milwaukee's Brones defeated San Francisco 4-2 to move within a game and a half of the league leading Giants. San Francisco retained its one-game margin over Los Angeles, which bowed to Cincinnati 4-3. Chicago split with Philadelphia, the Cubs winning the first game 7-6 and the Phillies taking the second 4-1.

Face rescued Harvey Haddix in the eighth inning of the first game. He yielded the tying run in the ninth, but was credited with the victory when Roberto Clemente singled with the bases full. He was called upon again in the second game to protect a 5-4 lead in the ninth. The Cards had a runner on first and none out. The little right-hander fanned pinch hitter George Crowe. Before Elroy could pitch again, the clock halted proceedings.

★ ★ ★

The two appearances were the 34th and 35th of the year for Face, who worked in 68, 59 and 57 games, respecitvely, in the three previous campaigns. Besides his 14 victories, Face has saved nine others and has been chiefly responsible for the Pirates' 12 victories in 13 overtime games.

Eddie Mathews batted in all Milwaukee's runs with a three-run homer, his 26th, and a sacrifice fly. Mathews' slugging helped Lew Burdette gain his 12th triumph. The fidgety right-hander scattered seven hits, including a two-run homer by Jackie Brandt. Jack Sanford was the loser.

★ ★ ★

Gus Bell's ninth inning single scored Johnny Temple with the run that gave the Reds their first victory under their new manager, Freddy Hutchinson. Cincinnati had lost six straight, three under Hutchinson. Bob Purkey hurled a five-hitter against the Dodgers for his eighth victory. Home runs by Vada Pinson, Ed Bailey and Frank Robinson accounted for the first three runs.

Earl Averill sparked a seven-run fourth inning for the Cubs with a three-run homer against Rube Gomez and reliever Jack Meyer. Ray Semproch gave the Phils a split by hurling a four-hitter in the nightcap. Ed Bouchee's homer, his second of the day, was the decisive blow in a four-run first inning.

Southfield Wins 1st Round Title

3-2 Triumph Over RO Earns Spot in Legion Zone Tournament

Alert base-running was the difference yesterday as Southfield won the first round title in the 18th District Junior Legion Baseball Leaue with a 3-2 victory over Royal Oak in their showdown battle at Southfield.

Some daring work on the base paths by Ned Simmons accounted for Southfield's winning run in the 4th inning. Simmons reached 1st on an error, took 2nd on a sacrifice fly, moved to 3rd on another miscue and dashed home while the Oaks were trying to run down Spicer between 1st and 2nd.

It was Southfield's 9th win in 10 starts compared to an 8-2 record for Royal Oak and the victory entitled Southfield to enter the American Legion zone tournament. Second round play begins Wednesday.

In other Junior Legion games Sunday, Birmingham absorbed a 4-3 defeat from Rochester on the latter's diamond and Milford went 13 innings for a 9-8 triumph over visiting Troy.

Four consecutive singles in the 13th frame tallied the winning run for Milford with the 3rd hit striking pitcher Forest Culp in the chest Culp, who had pitched all the way for Troy, was removed from the mound and the game-winning single came off reliever Davidson.

Michigan Mile to Total Traffic

DETROIT (UPI) — Total Traffic, a five-year-old chestnut gelding which had won only two of 12 starts this year, raced to an easy victory Saturday in the $50,000 added Michigan Mile at the Detroit race course.

The G & K stable horse took the lead at the first turn and breezed to a track record of 1:41.4, as a 30-1 shot, returning $67, $25.60 and $11.60 across the board.

The gelding, which had earned only $6,330 in its 12 previous starts, collected a whopping $40,350 for its triumph. Total purses for the 13-starter race was $58,400.

Jockey Herbert Hinojosa kept Total Traffic about three lengths ahead through the back stretch and then opened up an even wider lead in the dash for the wire.

Racetracker and Plion, two imports for the richest race in Michigan, ran second and third, respectively.

U.S. Swimmers Set World Marks

LOS ALTOS, Calif. (AP) — A smashing performance that brought two world, seven American and 11 AAU meet records also brought proof today the United States grows stronger in swimming with the approch of the 1960 Olympic year.

Tomorrow, the two fellows who established fresh world standards —Frank McKinney in the 200-meter backstroke and Mike Troy in the 200-meter butterfly—head a 16-man team going to Japan for a big meet July 20-22 in Tokyo.

★ ★ ★

McKinney and Troy also helped the Indianapolis Athletic Club successfully defend its team title with 103 points, but it was 17-year-old Alan Somers, just out of Indianapolis Tech High School, who won individual point honors with 18.

Somers, who will join McKinney and Troy at Indiana University this Fall, set American citizens' records in the 400 and 1,500-meter freestyle races. His times were 4 minutes 30.6 seconds for the former and 17:51.3 for the latter. He'll duel Japanese Star Tsuyoshi Yamanaki in both.

★ ★ ★

Coach Willis Casey of North Carolina State, who heads the U.S. team's trip to Japan, rated the upcoming meet a "tossup."

McKinney, 20-year-old pre-law student, starred in last night's windup as he swam the 200-meter backstroke with seeming ease but timed in 2:17.9 to shatter Australian John Monckton's world record of 2:18.4.

★ ★ ★

Troy, an 18-year-old, had established his world mark the night before with 2:16.4 in the 200-meter butterfly.

★ ★ ★

The Detroit AC 400-meter medley relay team, with John Smith swimming backstroke, Ron Clark breaststroke, Dave Gillanders butterfly and Carl Woolley the freestyle, brought an American citizens' record in the event with a 4:21.9 clocking.

Lance Larson, 19, of Los Angeles scored a double triumph in winning the 200-meter individual medley in 2:24.7 for an American record and the 100-meter butterfly in 1:01.1, a meet record.

★ ★ ★

In other event on last night's program, Cuba's Manual Sanguily held onto his meet record in the 100-meter breaststroke with a 1:14.6 performance that beat New York's Fred Munsch. Earlier in the qualifying, Munsch turned in the best time of 1:15.5 that eclipsed the Cuban's former meet record of 1:15.9.

★ ★ ★

Gary Tobian of Los Angeles retained his platform diving title. He declined consideration for the trip to Japan and it went to Don Harper, the 3-meter springboard champion.

150 Begin Play in Publinx Test

Low 64 to Qualify in National Golf Event on Denver Layout

DENVER (AP)—Qualifying play in the National Public Links Tournament gets under way today with 150 of the country's top amateur golfers taking part.

★ ★ ★

The lowest 64 scorers will enter match play competition Wednesday — compared with the original entry list of 2,437 pared down in regional eliminations.

Defending champion Dan Sikes of Jacksonville, Fla., and 1957 winner Don Essig of Indianapolis are entered again. Others competing include Bob Ludlow of Indianapolis and Gene Towry of Dallas, former runnersup, and Gene Dahlbender of Atlanta, Ga., one-time Southern amateur champion.

★ ★ ★

The tourney will be played over the 6,617-yard, par-71 layout at Wellshire Country Club.

Heading Michigan's entrants are Cass Jawor, 24-year-old Dearborn elementary school teacher and State Publinx champion, and two three-time state champions, Mike Andonian of Pontiac and Jay Law of Harper Woods.

★ ★ ★

Other Michigan entrants are Wally Smith and Charley Barker, both of Pontiac; Veikko Juhola, Clawson; Ed Briegel, Ann Arbor; Stan Sabat, Birmingham, and Doug Wilson, Ypsilanti.

Ullman Is First Red Wing Signed

DETROIT (UPI) — Center Norm Ullman has become the first player to agree to terms for the 1959-60 season with the Detroit Red Wings.

General manager Jack Adams announced yesterday signing the 23-year-old veteran for his fifth season with the National Hockey league club.

Ullman reportedly received a pay increase. Last year the five-foot, 10-inch, 185-pounder scored 22 goals and 36 assists for 58 points, ranking second on the Detroit club behind right wing Gordie Howe.

Jones Trap Champ

Birmingham Shooter Wins

ST. JOSEPH — Johnny Jones of Birmingham scored 199x200 yesterday and won the singles title of the Michigan State trap shooting tournament at the Berrien County Sportsmen's Club.

Howard Marquardt of Sturgis was runnerup with a score of 198-200.

L. F. Locks of Charlotte hit 197x200 and won the State Class AA championship.

Other class winners were:

Class A Adolph Nelson of Detroit, 197x200; Class B Kenney Jones of Charlotte 195x200; Class C Merritt Kirk of Eau Claire, 197x200; and Class D, Albert Liggett of Kalamazoo 191x200.

Robert Conrad of Sturgis hit 96x100 from 22 yards for the state handicap title, finishing ahead of W. J. Marriot of Battle Creek who hit 94x100.

Ned Lilly of Stanton won the Michigan all-around trophy when he scored 385x400 during the three-day tournament.

In Saturday's competition Kurt Heidi, Utica, took the Junior division title with a 96 score and Mrs. Rita Piccobotta, Flint, was named winner in the women's events with 88.

Jim Wink Takes Cage Post at Ferris College

DETROIT (UPI) — Jim Wink, Highland Park, one of the most successful coaches in high school basketball, is moving into a college coaching job.

Wink has accepted a basketball coach post at Ferris Institute in Big Rapids.

He coached the Highland Park High School basketball squad for the past 12 years. His teams won 172 games while losing only 42.

The Parkers won the Border Cities conference crown nine years in a row and claimed the state Class A title in 1952. Wink also took his team to the state semi-finals on four other occasions.

Hollywood Headlines

Lee Remick Inks Contract With Preminger Again

By LOUELLA O. PARSONS

HOLLYWOOD—Just before Otto Preminger took off for Israel, he signed Lee Remick to play the lead in "Bunny Lake Is Missing."

★ ★ ★

Lee is so good in "Anatomy of a Murder" that he hastened to get her name on a contract.

Otto says he'll start "Bunny Lake" in November in New York. While he's in Israel he will arrange for Leon Uris' "Exodus" which is on Otto's program for next year.

He expects to be back in this country Aug. 1 when he'll name a costar for Miss Remick.

A year ago the name Dick Clark wasn't worth a nickel at the box-office, but how the picture has changed.

★ ★ ★

Dick is the teenagers' delight and they are putting down the red carpet at Columbia when he arrives the last of the month for "Harrison High."

Tuesday Weld, who is the most sophisticated 15-year-old who has ever come to our town, plays opposite Dick.

I found that he is just as popular in New York, if not more so, as he is right here with our own Hollywood contingent.

Jack Benny whispered in my ear that he had a story for me and he did indeed. On his first TV show of the season his guest will be former President Harry S. Truman.

★ ★ ★

"Will he play 'The Missouri Waltz'?" I asked Jack.

"No, much as I would like to have him, I couldn't ask him to play the piano or do anything of that sort, but he will be a very exciting and interesting guest," said Jack.

I don't think I've ever seen Jack look better. He's one of the best liked people in our town and he's never let success go to his head.

I've always thought Dorothy McGuire was a good actress but she was never better than she was in "This Earth Is Mine," playing something different for her—a scheming, conniving, greedy woman.

★ ★ ★

But it's back to sweetness and light again for Dorothy who is returning to Walt Disney to play the mother in "Swiss Family Robinson."

This $5,000,000 technicolor classic will be shot on location in the British West Indies.

This makes the second time Dorothy has played the mother of Kevin Corcoran and Tommy Kirk, the first Disney movie being "Old Yeller."

★ ★ ★

Other stars of "Swiss Family" are John Mills, James MacArthur Jr., and Janet Munro.

Snapshots of Hollywood collected at random:

★ ★ ★

The Jane Yyman-Freddie Karger romance is getting hotter and hotter. I won't be surprised if they try it again.

★ ★ ★

There will be a new baby in the Nelson Riddle family in January (he's the famous musical arranger). Dorie, the mother-to-be, whispered her secret at a recent party.

Paulette Goddard, who gets around, has accepted an invitation to be in Moscow for the World Trade Fair.

Fred Astaire is back in town after a successful appearance with his book. A magazine writer has been following him to get material for an article and he can't find anyone to say a word against Fred.

★ ★ ★

A different kind of party was hosted by Kim Novak at Blum's. She bought an ice cream soda luncheon for her mother, her aunt and uncle.

Picket 'Labor News' for Contract Violation

DETROIT (AP) — Picket lines were set up by mailing department employes today at offices of the Detroit Labor News, official publication of the Wayne County AFL-CIO.

The strike was called by mailers local 40 of the International Typographical Union over what union officials termed collusion between the publication of American Mailers to violate the local's contract with the Labor News.

Milton Lomas, an ITU official, said the union label, designating a publication printed and mailed by trade union members, cannot now be displayed at the News.

Lomas also said the mailing firm does not meet wage scales and other employment conditions established by the local for such establishments.

★ ★ ★

Business Is Booming

Living to Cost More This Autumn

By WILLIAM FERRIS
AP Business News Writer

NEW YORK (AP) — You probably will find living even more expensive this autumn.

★ ★ ★

Signs that prices of some things you buy—things like clothing and houses — are headed higher appeared on the business scene last week.

These are normal developments during a boom period, and there is no doubt that the country's economy is booming.

A check of resident buying offices in New York city disclosed that prices this autumn will be higher on fur coats, men's suits, rugs and hand bags, among other items.

★ ★ ★

These buying offices order goods which later are put on retail counters in hundreds of department stores throughout the country.

★ ★ ★

A big shoe manufacturer raised wholesale prices 3 per cent on all but one of its lines this week. Others are expected to follow. A week or so ago prices of men's shirts which stores will be carrying this autumn were advanced.

Engineering News-Record and Construction Daily reported its building costs index—which measures wages for skilled building trades and prices for key materials such as lumber—has gone to a record high this month.

When it costs more to build houses, it usually costs more to buy houses.

Price hikes are an unpleasant aspect of the boom. This boom continued to roll along during the past week and found reflection in a stock market which advanced to record high on several days.

Business has moved up since April 1958, now generally conceded to have been the low point of the recession. In other words, we are now in the 15th month of expansion in the business cycle.

How long may you expect expanding periods of the economy to last?

The National Bureau of Economic Research has made studies of business cycles dating back more than 100 years. In the 25 cycles over that period the expanding phase lasted an average of nearly 30 (actual 29.9) months.

Thus, if the current expansion just matched the average, it would reach a peak in October 1960. A contraction would follow.

In the three business cycles since World War II, however, the expansion phase has been longer than average.

The upward move lasted 37 months from October 1945 to Novenmber 1948, a longer 45 months from October 1949 to July 1953 and a smaller 35 months from August 1954 to July 1957.

The average expansion phase for these three post-World War II business cycles was 39 months.

If the current expansion phase matches the average of its three immediate predecessors, it would reach a peak in July 1961, to be followed by contraction.

Detroit Area Business Rises

Board of Commerce Notes Steady Increase Over Past Year

DETROIT (UPI) — The Detroit Board of Commerce reports that business and industrial activity in the Detroit area has increased steadily over the past year, with especially big gains in recent months.

★ ★ ★

John R. Stewart of the board's staff said manufacturing operations in the Detroit area top any other period except some months in 1955, the record auto sales and production year.

Car and truck output of 2,037,000 in the second quarter of 1959 was 6.7 per cent over the first quarter and 66.7 per cent better than the second quarter of 1958, he said.

Industrial power consumption, called the best single short-term measure of local manufacturing activity, has climbed steadily since the second quarter of 1958.

Factory employment in the area for the second quarter was 516,000 or 12.9 per cent above 1958. Total factory payroll was up 26.2 per cent, and total unemployment down by 45.5 per cent.

★ ★ ★

All types of buying were up by 17.5 to 76.5 per cent and the consumer price index in Detroit was down by 0.7 per cent, compared with a year ago.

Take Your Choice, Buyer

SAN DIEGO, Calif. (AP)—Signs at a used car lot heralded the dealer as the "Poor Man's Friend." Across the street, a rival dealer retaliated with signs referring to himself as "Everybody's Friend."

Business and Finance

Soybeans Gain, Corn Weakens

CHICAGO (AP) — Grain futures prices reacted rather sharply today on the Board of Trade to the government crop report with all grains and soybeans substantially ahead and corn weak.

★ ★ ★

The sharpest runup of the year came in January soybean delivery which started the day up as much as 6⅜ cents a bushel above the close of Friday. All other soybean contracts were ahead by 2 cents or more.

★ ★ ★

Brokers said that corn showed surprising resistance to the selling which was related entirely to the report.

After an hour wheat was ⅜-⅞ cents a bushel higher July 1.87⅝; corn ⅜-¾ lower July 1.23; oats ⅝-1⅛ higher July (new type contract) 67¼; rye 1½-2⅜ higher July 1.27; soybeans 1¾-3⅜ higher July 2.20¾.

Drayton Plains Man Winner in Boat Race

COLUMBUS, Ohio (AP) — Dr. William Linss of Newport, Ky., was credited with a world record yesterday in his 280-cubic-inch hydroplane at the Dispatch-Journal charities regatta here.

He drove his boat 81.008 m.p.h. over the five-mile course, topping the old record of 80.573 m.p.h. set in May 1958 by Alton Pierson at Elizabeth, N.C.

Winners in other classes included 48 cubic inch, Henry Ball, Drayton Plains, Mich.

Expect Apartment Boom

CHICAGO (UPI) — With 49 per cent more apartment units started in the first quarter of this year than in the same 1958 period, the chances are that apartment building in 1959 will reach a new post-war high, the United States Savings and Loan League said. It noted that apartment starts in 1958 amounted to 185,300 units, only slightly below the record 197,000 units started in 1950.

Adds Insult to Injury

ST. CATHARINES, Ont. (UPI)—William Hodge was fined $100 for striking his wife after she complained that not only did he hit her, but even brought his girl friend to the coffee shop where she worked and insisted she wait on them.

Most Fathers Need This Valuable Brochure . . .

Here's news for 4 out of 5 fathers. There's a valuable and informative brochure that's just out, especially prepared for fathers. It is Life of Virginia's Protection Check-List. William Green, Life of Virginia's representative, would like to provide you this brochure. It's a simple, but thorough, way of checking every single point in your family security plans. It tells you exactly what you should know — and do — to protect your family's future.

There's no charge or obligation for this interesting brochure. William Green would like to give you your copy. Telephone him today. It's valuable. It's free.

News in Brief

An estimated $100 worth of clothing, linen, and furniture was stolen by thieves who broke into a farm house, at 11022 Andersonville Rd., Independence Township, owned by Tracie Price, of Sylvan Lake, according to Oakland County Sheriff's Deputies Saturday.

Notice—Coal Users. Coal prices are lowest at this time of the year, so retail prices are lower also. Mine prices increase when lake shipments start to the north in June and July, and retail prices will probably increase some about August 1. We wish to offer you our lowest price as it means a saving on next winter's heating cost. Place your order soon and save. Blaylock Coal & Bldg. Supply Co. 81 Orchard Lake Ave., FE 3-7101. —Adv.

One of Michigan's Oldest Doctors Dies

LAPEER — One of the state's oldest practicing physicians, Dr. Arthur Burnham of Metamora, died yesterday in Lapeer County General Hospital after a brief illness.

Dr. Burnham, 80, had practiced in Metamora since 1913. He was graduated from the Detroit College of Medicine in 1903

Surviving besides his wife, Edna, are a son, J. Robert of Metamora, two grandchildren and four great-grandchildren.

★ ★ ★

Service will be held at Muir Brothers Funeral Home at 2:30 p.m. tomorrow, with burial in Metamora Cemetery.

The greatest deposit of manganese on the North American continent is located in Maine's Aroostook County, which is more famous for its potatoes.

Market Active; Key Stocks Fall

NEW YORK (AP)—The stock market declined in active early trading today.

Key stocks fell from fractions to more than a point.

U. S. Steel dropped about 2 points at the start and shaved its loss fractionally. Bethlehem was off around a point.

The virtual certainty of a steel strike by tomorrow's deadline was reflected in some market uneasiness. At the same time, prices were near historically high levels and there was some concern over a third-quarter slowdown in business.

Youngstown Sheet dropped about 2. All major steels took losses. Motors, aircrafts and airlines were mixed. Rails were down decisively. Oils were unchanged to a bit lower.

The proposed merger of Mack Trucks and Northeast Capital Corp. found Mack with a fractional loss and Northeast with a drop of well over a point.

Bloomfield Leader, H. G. Corbet, Dies

Service for Henry G. Corbet, 61, former president and fire chief of Bloomfield Village, will be at 2 p.m. tomorrow from Christ Church Cranbrook. Burial will follow in Roseland Park Cemetery.

Mr. Corbet died Sunday at his home in Hastings, where he has been residing since his retirement in 1954 as chief engineer for the Hyatt Bearing Division of General Motors Corp.

He was president of Bloomfield Village in 1945-46 and served as chief of the volunteer fire department for five years. He also was a member of the Bloomfield Township Board of Trustees.

Surviving besides his wife, Katherine, are a daughter, Mrs. Richard Williams of Hastings and three grandchildren.

The body will be at the William R. Hamilton Bell Chapel in Birmingham tomorrow until time of funeral.

Mishaps Leave 22 Dead in State During Weekend

By United Press International

Separate traffic accidents which took the lives of eight members of two families pushed to 22 the total number of persons killed in Michigan accidents over the weekend.

★ ★ ★

Four members of a Flint family were killed Saturday night near Traverse City when their station wagon was struck from the rear by an auto and burst into flames.

Victims of the fire were Lloyd David, 57, his wife Stella, 52, their daughter, Mrs. Alma James, 34, and a 15-year-old grandson, Gerald Anger.

Four in a South Bend, Ind. family died in a two-car, head-on collision on M60, one mile east of Three Rivers Saturday afternoon.

SWERVED INTO PATH

State Police said the accident occurred when 30-year-old Robert L. Cunningham of South Bend swerved into the path of an oncoming car while trying to pass a truck.

Cunningham, his father Richard, 58, his mother Mary and his teenage sister Mary Anne were killed.

★ ★ ★

Seven other persons were killed in traffic accidents over the weekend, while four drowned, two died in home fires and one man was struck by a train.

Gustave A. Schettling, 73, Pontiac, was killed late Friday in a head-on collision on Telegraph road.

A 67-year-old Camden man, Charles E. Freed, died Saturday night in a two-car crash in Hillsdale County.

Mrs. Margaret Simon, 29, Detroit, was killed when struck by a car early Sunday while crossing a street.

THROWN FROM CAR

Donovan Reisig, 23, Buchanan, was killed in an accident Sunday morning in Allegan County.

A 25-year-old Flint man, Michael Clement, died when thrown from the car in which he was riding when it went off a road near Grayling.

Harry Schmidt, 54, Port Austin, was killed Sunday morning when he lost control of his car near Huron City.

Drowning victims included 38-year-old Harry R. Temple, a Grand Rapids father of seven who drowned Friday night while fishing under a bridge in suburban North Park.

A Grand Rapids boy, 12-year-old John Latimer, drowned Saturday in Pigeon Lake, Ottawa County.

George Smith, 39, Levering, drowned Sunday in Douglas Lake, Cheboygan County.

Four-year-old Terry L. Snider of Wyoming drowned Sunday in Green Lake, Allegan County when the boat in which he was riding capsized.

A seven-year-old Detroit boy, Donald Plummer, burned to death late Saturday when he and his brothers went to bed, forgetting to turn off a stove on which they had cooked French fried potatoes.

Nellis L. Carrier, 50, Ypsilanti, was killed early Sunday when he tried to run across a railroad track ahead of a train. He didn't make it.

A 44-year-old Romulus man, Harmon D. Emmons, died in a house fire early Sunday when he fell asleep while smoking a cigarette.

Claims Ouster From Ambulance

No Funds, No Service, Area Resident Charges

A Milford man, injured in an automobile accident Friday, said he was forced to get out of an ambulance in Detroit enroute to a Pontiac hospital because he didn't have money enough with him to pay.

F. Dale Wilson, 37, of 401 First St., said the driver of the ambulance demanded cash on the spot saying, "We aren't running no free taxi service out on the highway."

The manager for the Quick Ambulance Service, 4567 Harding St., Detroit, Warren D. Rose, said Wilson became "very abusive and perturbed" when the driver asked how he planned to pay for the service.

Wilson, an engineer for the Mechanical Handling Corp., Detroit, said he was returning home with his office car pool Friday evening when their car was involved in an accident with another on Mt. Elliott in Detroit.

★ ★ ★

He said while police were investigating the accident he suddenly fainted and was taken to Holy Cross Hospital in Detroit by police ambulance. Asked who his doctor was, he named Dr. W. D. Hackett of Milford who practices at Pontiac Osteopathic Hospital.

The Quick Ambulance Service was then called to transport Wilson to Pontiac.

Wilson, laying on a stretcher in the back and accompanied by an attendant, said the driver, Roger Rinke of Detroit, reached the corner of Connor and Outer drive and stopped. He quoted the driver as saying, "What about the cash to pay for this?"

★ ★ ★

With only 35 cents with him, Wilson said he intended to pay for the service either from a savings account or from insurance, but that he didn't have the money with him then. It was then that the driver made the remark about the "free taxi" rides, Wilson said.

He said the ambulance remained at the Detroit corner for about 20 minutes while the driver demanded money. Wilson said the soonest he could have it was Saturday morning when his wife could secure it.

Apparently not satisfied with this offer, Wilson said the driver said he would call Holy Cross and see if the hospital would take him back. He returned to the ambulance saying the hospital wouldn't.

Rose said Rinke, a veteran of seven years driving for the company, stopped when he did to call him to see what he should do after Wilson informed him he didn't have any money.

"This is standard procedure," Rose said. "We have $8,000 to $9,000 tied up in court right now and we want to know how we are going to be paid."

"We didn't dump this man out. He got out on his own. Our men can't strap him down and hold him," Rose said.

Wilson said Rinke asked him to sign a paper stating that he was getting out of the ambulance of his own free will. Wilson said he refused to sign the paper unless Rinke added that he was leaving because he could not meet his demand for money immediately.

★ ★ ★

Rinke, according to Wilson, finally pressed a button releasing the back door. Wilson, who said he was attired in only shorts, grabbed his clothes got out, and hurriedly slipped into his trousers.

He then said he walked about a half mile and called a friend, who later took him to Pontiac. A spokesman for the Pontiac hospital said Wilson was treated for a possible fractured neck and was released Sunday under a doctor's care.

Land Crippled Plane in Windsor

WINDSOR, Ont. (AP)—A TAG Airlines twin-engine plane with 11 persons aboard made a safe emergency landing here today after one engine failed over Lake Erie.

The plane, with nine passengers and a two-man crew, was en route from Cleveland to Detroit City Airport when the pilot, Ernest H. Thorp, 39, of Plymouth, Mich., radioed that an engine had stopped. George S. Botysil, 37, of Lansing, was co-pilot.

Thorp feathered the propeller and landed the crippled DeHaviland Dove at Windsor Airport. There was no damage and no one was injured.

The pilot said the engine began acting up when he was about 20 minutes out of Cleveland. Thorp said he told the eight men and one woman passengers of the situation. He said they remained calm when told the plane colud land on a single engine.

The passengers were not immediately identified.

TAG provides service between Detroit Cleveland and Chicago.

YMCA Slates 5-Week Course in Self-Defense

A Japanese student attending Michigan State University will teach a course in self-defense at the Pontiac YMCA.

Classes will be held from 7:30 to 9:30 p.m. Tuesdays and Thursdays for a five-week period beginning July 21.

The instructor, Hiroshi Orito, is professor of the third-degree black belt in kara-te (self-defense).

A fee of $20 will be charged of non-YMCA members for the 20-hour course. Members will pay $15.

Registrations are now being accepted at the 'Y', 131 Mt. Clemens St.

Pair of Waterford Children Injured

A four-year-old Waterford Township boy is in fair condition at Pontiac General Hospital with head injuries as a result of running into the path of a car Saturday morning.

William J. Welch, of 3237 Signet St., told police he was chasing his brother across the street and didn't see a car driven by Milton Fuller, 55, of 4458 Seeden St., Waterford Township, until it was too late.

William is the son of Mr. and Mrs. Chester E. Welch.

Another township girl, Mary McGinley, 16, of 2908 Lansdowne St., suffered a fractured skull yesterday afternoon when she fell from a horse at a riding stable located at 8318 Gale Rd., Waterford township.

She is in fair condition at the same hospital today.

Deaths in Pontiac and Nearby Areas

WILLIS WINKLER

Willis Winkler, 73, died suddenly Thursday at his residence on 2260 Oxley St.

Formerly employed with Fisher Body, and member of the Masonic Lodge No. 448 and Eagles Societies, Mr. Winkler is survived by one sister.

Funeral service will be held at 1:30 p. m. Tuesday at the Huntoon Chapel of Huntoon Funeral Home with burial in Pontiac.

HERBERT ENGUS

ROMEO — Service for Herbert Engus, 73, will be held at 2 p.m. Tuesday at the C. F. Sherman Funeral Home, Ortonville. Burial will follow at Mt. Pleasant Cemetery, Oakwood Mich.

Mr. Engus died suddenly at his daughter's home Friday.

He is survived by three daughters, Mrs. Marion Duckert of Romeo, Mrs. Floyd King of Leonard and Mrs. Arthur Gage of Lake Orion.

Also surviving are two sisters, one brother and five grandchildren.

WALTER W. JENNINGS

ROYAL OAK—Service for Walter W. Jennings, 88, of 215 E. Farnum St. will be held at 8:30 a.m. Wednesday at William Sullivan and Son Funeral Home and at 9 a.m. at St. Marys Catholic Church. Burial will be at Mt. Olivet Cemetery. The Rosary will be said at the funeral home at 8:30 p.m. Tuesday.

Mr. Jennings died Sunday at his home after a cerebral hemorrhage.

Surviving are two sons and two daughters, Leo H. of Detroit, Mrs. J. J. Curtin of Royal Oak, Mrs. Ray Droste of Detroit and Elmer of Pontiac. A sister, 18 grandchildren and 17 great-grandchildren also survive.

ROBERT E. NOLAN

TROY—Rosary service will be said for Robert E. Nolan, 69, of South boulevard, at 8:30 p.m. tonight at the William R. Potere Funeral Home, Rochester. A Requiem Mass will be said at 10:00 a.m. Tuesday. Burial will follow at the Mt. Avon Cemetery.

Mr. Nolan died Saturday after a long illness.

He is survived by four sons, Donald and Charles of Rochester, Robert of Royal Oak and Gerald in the state of Washington.

Also surviving are two brothers, two sisters and seven grandchildren.

PETER RACZKOWSKI (RASKI)

WEST BLOOMFIELD TOWNSHIP — Services for Peter J. Raczkowski (Raski), 67, of 7110 Walnut Lake Rd. will be held at 1 p.m. Wednesday at Richardson Bird Chapel with burial at Oakland Hills Memorial Gardens. Graveside service will be under the auspices of Commerce F&AM Lodge 121.

Mr. Raczkowski died suddenly Sunday at his home. He was a member of Commerce F and AM Lodge 121.

Surviving are his wife, Hazel; his daughters, Mrs. Erwin Bruner of Pleasant Lake, Mrs. Walter Lamphere of Pontiac and Mrs. Kenneth Hausauer of Commerce. Also surviving are his mother, Mrs. Catherine Raczkowski of Manistee, five sisters, a brother, 19 grandchildren and three great grandchildren.

CHARLES SCHOCKE

ROMEO — Service for Charles Schocke, 74, of 7290 26 Mile Rd., who died Friday at Community Hospital, will be held at 2 p.m. today at Roth's Funeral Home.

Burial will follow at Romeo Cemetery.

Surviving are his wife, Clara Schocke, and two sons, James of Romeo and Martin of Washington, Mich. Also surviving are one sister and two grand children.

MRS. GEORGE SLOUGH

LAPEER — Service for Mrs. George (Julia) Slough, 90, of 240 N. Saginaw St. will be held at 2 p.m. Wednesday at Muir Brothers Funeral Home. Burial will follow at Mt. Hope Cemetery, Lapeer.

Mrs. Slough died Sunday night.

She is survived by one daughter, Mrs. Wilson Force of Lapeer, a sister, Mrs. Jennie Shumway of Alma; six grandchildren, 13 great-grandchildren and three great-great-grandchildren.

MRS. MABEL E. ST. AMANT

ORTONVILLE—Service for Mrs. Mabel E. St. Amant, 76, of 1895 Bird Rd. will be held at 1:30 p.m. Tuesday at Voorhees-Siple Chapel with burial at Brandon Cemetery.

Mrs. St. Amant died Sunday at Pine Knob Rest Home after a six-month illness.

She is survived by her sons and daughters, Mrs. Blanche Stratton of Long Beach, Calif.; Roger, Ralph, John M. and Mrs. George Morgan, all of Pontiac; Monroe of Drayton Plains and Mrs. Katherine Winter of Ortonville. Sixteen grandchildren and 15 great-grandchildren also survive.

MRS. JOHN A. WHITMARSH

LAKE ORION—Service for Mrs. John A. (Viola S.) Whitmarsh, 56, of 426 Central St. will be held at 1:30 p.m. Wednesday at Donelson-Johns Funeral Home with burial at Ottawa Park Cemetery.

Mrs. Whitmarsh died Sunday at Pontiac Osteopathic Hospital after a long illness.

Surviving are her husband and son, Jay Wheeler of Drayton Plains; and her sisters and brothers, Mrs. Alice Wells of Holly, Mrs. Leola Vaillancourt of Clarkston, Mrs. Lottie Schram of Pontiac, Herbert Aldrich of Holly and Fred Aldrich of Keego Harbor.

MRS. H. (MARY OLIVA) WALTON

OXFORD—Service for Mrs. Herbert (Mary Oliva) Walton, 85, will be held at 2 p.m. Tuesday at the Muir Brothers Funeral Home. Burial will follow at the Dryden Cemetery, Dryden.

Mrs. Walton died unexpectedly Saturday at Stephens Convalescent Home, Oxford.

She is survived by four sons, Harold of Almont, Theodore of Detroit, John, Donald and Charles, all of Pontiac, and one daughter, Mrs. Elizabeth Bartlett of Bradenton, Fla.

Legislature Pans Hookey Playing

Attendance of Solons Perplexes State During Second Longest Meeting

LANSING (AP) — Michigan's 1959 Legislature enters its 27th week Tuesday night with attendance of lawmakers at their desks a growing and perplexing problem.

The much publicized decision of Rep. Gilbert L. Wales (D-Stambaugh) to stay home until his vote is needed on a critical issue is symptomatic.

Other lawmakers, particularly those from the Upper Peninsula with long weekend trips to and from Lansing, have threatened to play hooky. A few — like Wales—are in personal financial straits somewhat comparable with the state's.

Last week Rep. Allison Green of Kingston, Republican floor leader, found it necessary to object to indefinitely excusing Rep. Clyde C. Cooper (R-White Cloud) from the session starting July 16.

Cooper said he had planned a visit to Montreal starting then.

Before the Senate last week reversed a plan to return to work tonight, seven senators asked for and were granted excuses to be absent from the Monday night meeting.

It was only after this happened that agreement was reached to come back tomorrow instead. The long weekend decision met resistance in the House and is not likely to be repeated this week.

On Thursday, the current session will equal the 1933 Legislature's record meeting, longest from a working days' standpoint in state history.

And barring developments Tuesday night or Wednesday not now foreseen, a solution to the marathon stalemate over new taxes still will be out of sight—perhaps as the state experiences its second major payless payday.

The week may produce the first showdown vote on a flat rate income tax, although this is by no means assured.

Walled Lake Woman Injured in Accident

A Walled Lake woman, Wilma Volinsky, 30, of 3868 Tahoe St., is in fair condition today at St. Joseph Mercy Hospital with nose and chest injuries suffered in an auto accident last night on U.S. 10 north of Williams Lake road, Waterford Township.

★ ★ ★

Pontiac State Police said her auto smashed into the rear of another driven by Lloyd Fisher, 46, of 5110 Oak Cliff Rd., Waterford Township. Fisher was not injured.

Supervisors Proceedings

APRIL SESSION
APRIL 14, 1959

Meeting called to order by Daniel T. Murphy, Jr., County Clerk.

Clerk called for nominations for Temporary Chairman.

Mr. E. Smith nominated William C. Hudson. Mr. Yockey seconded the nomination.

Moved by Cyril Miller supported by Cardon that nominations be closed, the rules suspended, and the Clerk be instructed to cast the unanimous vote of the Board for Mr. Hudson.

A sufficient majority having voted therefor, the motion carried.

Mr. Hudson declared elected Temporary Chairman and escorted to the Chair.

Clerk read the following appointments

Pleasant Ridge: Arthur G. Elliott, Jr. (replaces Winson S. Moberly)

Berkley: John G. Semann, Theodore Ollar, Genevieve Schock, Donald N. McPherson (replaces Howard Crenshaw)

Troy: Fred Hildebrandt, Robert J. Huber (replace Scott C. Belyea and J. Lawson Lockhart), Roy L. Duncan

Clawson: Robert D. Romer (replaces Robert O. Wright)

Pontiac: R. C. Cummings, Maurice Croteau, Robert R. Boyer, Margaret E. Hill, Wm. K. Ewart, Marvin Alward, W. Ray Ransom

Birmingham: Luther Heacock, Carl F. Ingraham, David Levinson, Hope F. Lewis

Walled Lake: Marshall E. Taylor

Huntington Woods: Fred L. Yockey, David R. Calhoun (replaces Harriett Phillips)

South Lyon: Herbert R. Sinclair (replaces Albert J. Weinburger)

Mr. Curtis Hall, Farmington Township Supervisor, replacing Mr. Frank Stephenson, and Mr. Edward Cheyz, White Lake Township Supervisor, replacing Mr. Forest Brendel, were introduced to the Board.

Roll Called: Allerton, Alward, Bender, Bonner, Boyer, Calhoun, Cardon, Carey, Castle, Cheyz, Christensen, Clack, Clark, Clawson, Croteau, Cummings, Davis, Dickens, J. W. Duncan, R. Duncan, Elliott, Fouts, Frid, Goodspeed, Hall, Hamlin, Heacock, Henry, Hildebrandt, Hill, Hoard, Holmes, Horkey, Huber, Hudson, Hulet, Hursfall, Ingraham, Johnson, Kelley, Kephart, Kiser, Knowles, Lahti, Levinson, Lewis, Lilly, McGovern, McPherson, Clarence Miller, Cyril Miller, Mitchell, O'Donoghue, Oldenburg, Ollar, Quinlan, Ramsey, Ransom, Remer, Rhinevault, Romer, Schock, Semann, Sinclair, F. Smith, W. Smith, Solley, Staman, Stevens, Swanson, Taylor, Thatcher, Tiley, Tinsman, Voll, Webber, Yockey. (77) Quorum Present

Nominations in order for Permanent Chairman.

Mr. Carey nominated Delos Hamlin for a one year term, the limit to be one year. Mr. Cummings seconded the nomination.

Moved by Clawson supported by Voll that nominations be closed, the rules suspended, and the Clerk be instructed to cast the unanimous vote of the Board for Delos Hamlin.

A sufficient majority having voted therefor, the motion carried.

Mr. Hamlin declared elected Permanent Chairman and escorted to the Chair.

Mr. Hamlin thanked the Board for their cooperation during the past year.

Nominations in order for Chairman pro tem.

Mr. Levinson nominated Hiland M. Thatcher. Mr. Cyril Miller seconded the nomination.

Moved by Clawson supported by Voll that nominations be closed.

A sufficient majority having voted therefor, the motion carried.

Moved by Lilly supported by Clawson the rules be suspended and the Clerk be instructed to cast the unanimous vote of the Board for Hiland M. Thatcher.

A sufficient majority having voted therefor, the motion carried.

Mr. Thatcher declared elected Chairman pro tem and escorted to the Chair.

Clerk read cards of thanks from Harold K. Schone, Robert O. Wright and the family of Eleanor M. Barnard. (Placed on file)

Clerk read letter from the Michigan State University thanking the Board for the grant of $30,000 to assist in the construction of the Student Center Building at Michigan State University-Oakland. (Placed on file)

Clerk presented resolutions requesting that the Contagious Hospital be used as a Psychiatric Short-Term Diagnostic Hospital. (Placed on file)

Misc. 3503
By Mr. Cardon
IN RE: CIVIL DEFENSE POLICY AND ORGANIZATION
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

At the meeting of the Board on February 24, 1959, your Civil Defense Committee gave notice that it would present a resolution to the Board at this meeting to "establish a Civil Defense policy and organization and to define the duties and responsibilities of the Director and other personnel." This resolution is required under Act 154 of the Public Acts of Michigan for 1953.

A copy of the resolution as prepared and approved by the Civil Defense Committee, was forwarded to all members of the Board on April 7, 1959.

The resolution provides as follows:

A resolution to establish a civil defense policy and organization; to define the duties and responsibilities of the director of civil defense and other personnel; to authorize the use of the material resources and manpower of the county in civil defense operations; and to prevent, minimize and relieve damage to persons and property resulting from enemy action in any form or from natural disaster.

The County of Oakland Resolves:

SECTION 1. Intent and Purpose.

a. It is the intent and purpose of this resolution to establish an organization that will insure the complete and efficient utilization of all of the county's facilities to combat disaster resulting from enemy attack or natural disaster as defined herein.

b. The Oakland County Office of Civil Defense will be the coordinating agency for all activities in connection with civil defense. It will be the instrument through which the Board of Supervisors and its Chairman may exercise the authority and discharge the responsibilities vested in them by this resolution, and Act No. 154, Public Acts 1953, as amended by Act No. 98, Public Acts of 1954.

c. This resolution will not relieve any county department of the normal responsibilities or authority given to it by general law or local ordinance, nor will it affect the work of the American Red Cross or other volunteer agencies organized for relief in natural disaster.

SECTION 2. Organization For Civil Defense Created:

a. The Chairman of the Board of Supervisors, with the approval of the Board of Supervisors, is hereby authorized and directed to create an organization for civil defense within the County. The Chairman of the Board of Supervisors, as executive head of the county government shall be responsible for their organization, administration and operation, working through the Director.

b. The Civil Defense Organization shall consist of the following:

1. An office of Civil Defense within the executive department of the county government and under the direction of the Director. There shall be an executive head of the Office of Civil Defense who shall be known as the Director of the Office of Civil Defense, and such assistants as are deemed necessary for the proper functioning of the organization.

SECTION 3. Appointment of Director And Employees.

a. The Board of Supervisors shall appoint a Director who shall be a person experienced in public safety, disaster relief work and well versed and trained in planning operations involving the activities of many different agencies which will operate to protect the public health, safety and welfare in the event of damage from enemy action or natural disaster.

SECTION 4. Emergency Powers and Duties of The Chairman.

a. The Chairman of the Board of Supervisors may exercise the emergency power and authority as specified herein. Whenever a situation requires that the Chairman of the Board of Supervisors invoke such power and authority he shall, as soon as reasonably expedient, convene the Board of Supervisors to perform its legislative and administrative powers as the situation demands, and shall report to that body relative to civil defense activities. Nothing in this resolution shall be construed as abridging or curtailing the powers of the Board of Supervisors unless specifically provided herein.

b. The Chairman of the Board of Supervisors shall order civil defense forces of the county to the aid of other communities when required in accordance with the statutes of the state; and he may request the state, or political subdivision of the state, to send aid to the county in case of natural disaster or in case of disaster resulting from attack, when conditions in the county are beyond the control of the local civil defense forces.

c. Whenever the Chairman of the Board of Supervisors finds that any condition in the county has attained the proportions of a natural disaster, he may assemble and utilize civil defense forces and he may prescribe the manner and conditions of their use. He may, when he deems it in the public interest, send civil defense forces of the county to the aid of other communities stricken by natural disaster when such disaster is affecting the national defense effort, or is seriously affecting the health, welfare, or security of the stricken community; provided, that after the Board of Supervisors convenes, the future continuance of any such natural disaster relief and the period thereof, shall be subject to the action of the Board.

SECTION 5. Powers and Duties of The Director of The Office of Civil Defense.

a. The Director shall be responsible for the administration, planning, coordination and operation of all civil defense activities in the county. He shall maintain liaison with the state and federal authorities and the authorities of other nearby political subdivisions so as to insure the most effective operation of the civil defense plan.

b. His duties shall include, but not be limited to the following:

1. Development of plans for the immediate use of all of the facilities, equipment, manpower, and other resources of the county for the purpose of minimizing or preventing damage to persons or property; and protecting and restoring to usefulness governmental services and public utilities necessary for the public health, safety, and welfare.

2. Coordinating the recruitment and training of volunteer personnel and agencies to augment the personnel and facilities of the county for civil defense purposes.

3. Through public information programs, educating the civilian population as to actions necessary and required for the protection of their persons and property in case of enemy attack, natural disaster, or planned evacuation.

4. Conducting public practice alerts to insure the efficient operation of the civil defense organization and to familiarize residents of the county with civil defense regulations, procedures and operations.

5. Coordinating the activity of all other public and private agencies engaged in any civil defense program.

6. Negotiating with owners or persons in control of buildings or other property for the gratis use of such buildings or property for civil defense purposes, and designating suitable buildings as public shelters.

SECTION 6. Cooperation With Director and Compliance With Orders:

a. All civil defense forces shall notify the Director of conditions in the county resulting from enemy attack or natural disaster, and they shall inform the Director of any conditions threatening to reach the proportions of a natural disaster as defined herein. Failure to notify the Director, however, shall not prevent the Director from exercising any authority assigned to him by this resolution or delegated to him by the Chairman.

SECTION 7. Appointment of Volunteers.

a. The Director may at any time appoint volunteer citizens without remuneration to augment the personnel of any county department in time of civil defense emergency. Such volunteer citizens shall be enrolled as civil defense volunteers in cooperation with the heads of the county departments affected, and they shall be subject to the rules and regulations set forth for such volunteers.

b. The Director may also appoint volunteer citizens, without remuneration, to form the personnel of a civil defense service for which the county has no counterpart, or to temporarily augment personnel of the county engaged in civil defense activity.

Mr. Chairman, on behalf of the Civil Defense Committee I move the adoption of the foregoing resolution.

CIVIL DEFENSE COMMITTEE
CHARLES E. CARDON,
Chairman
MARGARET E. HILL
VANCE C. OUTS

Moved by Cardon supported by Carey the resolution be adopted.

Discussion followed.

Moved by Carey supported by McPherson the resolution be referred to the Ways and Means Committee.

A sufficient majority having voted therefor, the motion carried.

Misc. 3504
By Mrs. Bonner
IN RE: LEGISLATION — SECOND PROBATE JUDGE
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Whereas the matter of the need for a second Probate Judge for Oakland County was referred to the Ways and Means and Juvenile Affairs Committees at the meeting of the Board on December 22, 1958, and

Whereas your Committees have held several meetings to consider the matter and have also conferred with representatives of the Oakland County Bar Association, and

Whereas your Committees, after a thorough study have found that the need for a second Probate Judge is increasing each year and recommend that steps be taken so that the matter can be presented to the electors of the County in sufficient time to have the position filled as of January 1, 1961.

Now Therefore Be It Resolved that the Legislative Committee be authorized to study the existing legislation and propose such additional legislation as may be needed at the 1960 Legislative Session so as to provide the necessary machinery to have a second Probate Judge elected to take office on January 1, 1961.

Mr. Chairman, on behalf of the Juvenile Affairs and Ways and Means Committees, I move the adoption of the foregoing resolution.

IN RE: SALARIES COMMITTEE REPORT FOR 1960 ALLOCATION BUDGET
To the Honorable Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Salaries Committee and the Board of County Auditors jointly recommend the following amounts to be included for salaries in the 1960 Allocation Budget.

To be appropriated in the various departmental budgets for 1127 positions which have been previously approved ... $5,048,502

To be placed in the Salaries Reserve Fund for new positions, emergency salaries and possible salary adjustments*.... 582,661

Total $5,631,163

*The Salaries Reserve fund consists of:

37 new positions $171,655
(69 positions costing $314,981 were requested by the various departments)
Emergency salaries 160,200
Possible salary adjustments 250,806

Total $582,661

Moved by F. Smith supported by Semann the resolution be adopted.

A sufficient majority having voted therefor, the resolution was adopted.

By Mr. F. Smith

At a meeting of this Board held on April 15, 1958, Miscellaneous Resolution No. 3362, presented by the Ways and Means Committee, was adopted.

Said resolution provided for an appropriation of $50,000 from the 1958 Contingent Fund to provide funds for the temporary security confinement of a limited number of mentally ill persons during the balance of the year 1958.

We are pleased to state that program worked very successfully and a large portion of the appropriation was returned to the General Fund at the close of business for the year 1958.

The budget for the year 1959, as adopted by this Board on September 15, 1958 (Miscellaneous Resolution No. 3421) included an appropriation of $50,000 for the care of emergency mental cases during the present fiscal year.

In the opinion of your Ways and Means Committee, the program could be strengthened and improved if an amendment was added to the original Miscellaneous Resolution No. 3362 which would spell out more fully the types of cases to be handled by the program and we wish to offer the following resolution for the consideration of this Board.

Misc. 3507
IN RE: EXPANDING EMERGENCY MENTAL PROGRAM
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

The provisions of Miscellaneous Resolution No. 3362, as adopted by this Board on April 15, 1958, provided for a special appropriation to cover the estimated cost for the temporary security confinement of a limited number of mentally ill persons in designated facilities equipped and staffed to handle such cases. The appropriation made at that time was to cover the estimated cost of such a program for the balance of the year 1958.

Your honorable body expressed its desire to continue the program for the year 1959 by including an appropriation of $50,000 under the caption of "Emergency Mental Cases" in the budget for the year 1959 as adopted on September 15, 1958.

In the opinion of your Ways and Means Committee, the program as outlined above could be strengthened and expanded if the said Miscellaneous Resolution No. 3362 was replaced by the following resolution which your Committee wishes to offer at this time for the consideration of your honorable body.

Be It Resolved that the appropriation of $50,000 which was included in the budget for the year 1959 as adopted by this Board on September 15, 1958, under the caption of "Emergency Mental Cases" be made available to cover the cost of providing temporary security confinement of a limited number of mentally ill persons, with special emphasis on those exhibiting homicidal, suicidal or other dangerous tendencies, in a designated facility or facilities equipped and staffed to provide suitable care and treatment, on an emergency basis, of such mentally ill persons;

Be It Further Resolved that the program be expanded to provide for the emergency care of a limited number of extremely handicapped, mentally deficient children in designated nursing homes especially licensed by the State Welfare Department to care for the mentally handicapped. Provided, however, that no child shall be admitted to such licensed nursing home unless the child's case has first been duly processed by the Probate Court and that such child is awaiting admittance to a state institution and, in addition, the investigation reveals that the child's admittance to a licensed nursing home is necessary and essential because of one of the following reasons:

1. That such child is homeless and possesses no responsible relative, as defined by law, to provide care while awaiting admittance to a state institution.

2. That such child's parents or parent, though death or illness of a parent, inadequate housing facilities, eviction from home or, in fact, any other extreme circumstances which would prevent reasonable adequate care in the home while awaiting admittance to a state institution.

Be It Further Resolved that the Board of Auditors be authorized to make the determination as to the child's eligibility under the above outlined provisions, and to arrange for the admittance of such child in a designated licensed nursing home while awaiting admittance to a state institution.

Be It Further Resolved that the Board of Auditors be authorized to make the determination as to the child's eligibility, under the above outlined provisions, and to arrange for the admittance of such child in a designated licensed nursing home while awaiting admittance to a state institution and said Board of Auditors shall authorize payment for the cost of care rendered by such licensed nursing homes and charge the same against the funds provided in the budget for the year 1959 for the care of emergency mental cases.

Mr. Chairman, on behalf of the Ways and Means Committee, I move the adoption of the foregoing resolution.

WAYS AND MEANS COMMITTEE
FRED W. SMITH,
Chairman
R. C. CUMMINGS
DAVID LEVINSON
HILAND M. THATCHER
ORPH C. HOLMES
FRANK J. VOLL, SR.
JOHN L. CAREY

Moved by F. Smith supported by Heacock the resolution be adopted.

Discussion followed.

Moved by Ingraham supported by Tiley the resolution be tabled until the next meeting and copies be furnished to all members for study.

A sufficient majority having voted therefor, the motion carried.

Misc. 3508
By Mr. F. Smith
IN RE: APPROPRIATION FOR ADDITIONAL EMPLOYEES—PROBATE COURT
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Ways and Means Committee and Juvenile Affairs Committee, acting jointly, respectfully submit the following report:

Following the preliminary report presented by the Joint Committees to the Board on February 24, 1959 (Miscellaneous Resolution 3497), further study has been made concerning the need for a second Probate Judge. Since it will not be possible to submit the question of a second Probate Judge to the electors until 1960, your Joint Committees recommend that the needs of the Probate Court can presently be met by the appointment of a lawyer-clerk and stenographic help. The need for these employees has been presented to your Committee by Probate Judge Arthur E. Moore who advises that additional employees are required to handle the legal work concerning adoptions and licensing of marriages and issuing marriage application waivers. The volume of this work has increased greatly so that now there are approximately 800 adoptions per year. The volume of secret marriages has also increased to a total of 202 for 1958 and the licensing and issuing of orders waiving marriage applications increased to 165 last year.

In order to properly handle these matters, your Joint Committees recommend that the Probate Judge be authorized to employ a Lawyer-Clerk and stenographic help for the balance of the current year.

Be It Resolved as follows:

1. That a sum of not to exceed $10,000 be appropriated from the Salaries Reserve Fund to pay the salary for the balance of the current year for a Lawyer-Clerk and stenographic help to be added to the Probate Court.

2. That the classifications and salary rates for such employees be referred to the Salaries Committee with authority to act.

Mr. Chairman, on behalf of the Ways and Means Committee, and with the concurrence of the Juvenile Affairs Committee, I move the adoption of the foregoing resolution.

WAYS AND MEANS COMMITTEE
FRED W. SMITH,
Chairman
R. C. CUMMINGS
DAVID LEVINSON
HILAND M. THATCHER
ORPH C. HOLMES
FRANK J. VOLL, SR.
JOHN L. CAREY

A sufficient majority having voted therefor, the 1960 Tentative Budget, as amended, was adopted.

Moved by Kelley supported by Yockey that the tax allocation procedure for county and township budgets be referred to the Legislative Committee for report and recommendation.

A sufficient majority having voted therefor, the motion carried.

NOTICE OF CHANGE IN BY-LAWS
By Mr. Heacock
IN RE: PROCEDURE FOR SALE OF COUNTY PROPERTY
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

A review of the rules of the Board as contained in the By-Laws relating to the basic function of the Buildings and Grounds Committee has just been completed, especially as they relate to the procedures for the sale of County-owned property.

Your Committee recommends that Section 4 of Rule XII under the heading "Buildings and Grounds" be amended to read as follows:

To annually, between the fifteenth day of April and the fourth Monday of June, inspect all county owned buildings and grounds and file with the Board of Supervisors, a detailed written report with recommendations as to the necessary improvement, repair or upkeep needed to place the buildings in a reasonably sufficient state of repair and the lands in a reasonably sufficient condition considering the aesthetic surroundings; to biennially survey excess lands owned by the County or acquired by any of its subsidiary corporations and recommend either retention of the same or disposal and, if disposal is recommended, the report shall show the concurrence of the departmental committee assigned to the department which was instrumental in acquiring said lands; to conduct the sale of lands, the sale of which has been approved by the Board of Supervisors and in the conduct of such sale, the following procedures shall be involved and followed:

If there are no statutory regulations or restrictions on the sale it may be conducted as follows:

1. The Board of Auditors, with the concurrence of the Buildings and Grounds Committee, shall employ two real estate appraisers, one of whom shall be approved by the American Institute of Real Estate Appraisers or senior member of the Society of Residential Appraisers, and pay the standard fee therefor, or as an alternative and appraisal staff of the Equalization Committee may be used by the Auditors if authorized by the Board of Supervisors or the Buildings and Grounds Committee. No land shall be sold at less than the lowest appraisal price unless such appraisal shall be waived by the Board of Supervisors.

Moved by F. Smith supported by Cyril Miller the 1960 Tentative Budget (Misc. Res. No. 3506), as amended, be adopted.

2. All sales of lands shall be made in one of the following ways:

a. Private Sale: The Board of Auditors, with concurrence of the Buildings and Grounds Committee, may sell at private sale for not less than the lowest current appraisal price placed upon the property in accordance with (1) above.

b. Public Sale: The Board of Auditors, with the concurrence of the Buildings and Grounds Committee, may advertise once each week for two successive weeks (unless otherwise prescribed by Statute) and either a public auction held or sealed bids received up to but not later than the time fixed for opening of the same, which shall be in full view of the interested public. The Committee shall fix a minimum acceptable price at which said lands can be sold which minimum price shall not, unless otherwise authorized by the Board of Supervisors, be less than the lowest appraisal under (1) above.

c. Whenever the requirements of (a) or (b) above have been fulfilled and no sale made within thirty (30) days thereafter, the Buildings and Grounds Committee may authorize the Board of Auditors to notify the licensed brokers in the area that the lands are for sale at not less than the lowest appraisal or highest bid received and the Auditors shall be authorized to pay from the proceeds of such sale the customary broker's fee therefor.

3. The Buildings and Grounds Committee shall be vested with the authority to determine the amount and type of advertising to be done, the time and place of sale, provide for such terms as it deems reasonable, the manner in which it is to be conducted and make reasonable rules and regulations pertaining to the same not in conflict with the requirement of the By-Laws.

4. In all cases the Committee may withdraw any lands authorized for sale up to the time the Auditors shall have received a commitment thereon and shall at any public sale reserve the right to reject any or all bids received.

5. All new construction and all alteration of existing structures beyond what would normally fall in the category of maintenance shall be under the general jurisdiction of the Buildings and Grounds Committee, such committee shall be charged with, subject to the approval of the Board of Supervisors, establishing location of buildings, employment of architects, preparation of plans and specifications.

6. The Board of Auditors shall advertise for and receive bids, then notify the Ways and Means Committee of date of opening bids and, in conjunction with the Ways and Means Committee and the Buildings and Grounds Committee, open the same. The Chairman of the Ways and Means Committee shall report to the Board of Supervisors on the bids received with the joint recommendation of the Board of Auditors, the Buildings and Grounds Committee and the Ways and Means Committee as to disposition thereof and appropriate action to be taken thereon. The Buildings and Grounds Committee and the Board of Auditors shall make necessary inspections. No payment shall be made to the contractor or architect until the Buildings and Grounds Committee or the Board of Supervisors approve the same.

Mr. Chairman, I move that the proposed amendment be referred to the By-Laws Committee for report back to the Board.

BUILDING AND GROUNDS COMMITTEE
LUTHER HEACOCK,
Chairman
HARRY W. HORTON
J. WESLEY DUNCAN
PAUL W. McGOVERN

Kephart, Frank Webber, John Austin, Norman Banard.

WATER — Yockey, Goodspeed, Miller, Johnson, Swanson, Hocking, Horkey. (First named is Chairman).

Moved by Clawson supported by Hudson the appointments be approved by this Board.

A sufficient majority having voted therefore, the motion carried.

Clerk read resignation of Scott C. Belyea as a member of the Southeastern Michigan Water Authority. (Placed on file).

The Chairman recommended the appointment of Robert J. Huber as a member of the Southeastern Michigan Water Authority for the term expiring June 30, 1959.

Moved by Clawson supported by Hudson the appointment be approved.

A sufficient majority having voted therefor, the motion carried.

Clerk read appointment of Hazel Park City Supervisors Clarence J. Miller, Alex Majer (replaces Calvin Henry) and Edmund R. Hocking (replaces Melville G. Ramsey).

Clerk read resolution from the Huron Clinton Metropolitan Authority requesting that a tax be levied, of one quarter of one mill upon each dollar of equalized value according to the state equalization for 1959. (Referred to the Ways and Means Committee.)

Clerk read letter from Probate Judge Arthur E. Moore requesting that Resolution No. 3507 be amended. (Referred to the Ways and Means Committee.)

Special order of business at 10:00 A.M. (1960 Tentative Budget).

Amendment
By Mr. Fred Smith
AMENDMENT TO 1960 TENTATIVE BUDGET
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

The Huron-Clinton Metropolitan Authority has asked for one-quarter (¼) mill instead of one-twentieth (1/20) mill for 1960. This will mean an increase of $90,433.45 to the 1960 Budget.

This will make a total of $13,997,018.11 and a total to be raised by taxes of $11,796,018.11.

Mr. Chairman, I move that the Tentative Budget, as presented to the Board on April 14, 1959, be amended accordingly.

WAYS AND MEANS COMMITTEE
FRED W. SMITH, Chairman
HILAND M. THATCHER
ORPH C. HOLMES
FRANK J. VOLL SR.
JOHN L. CAREY

Moved by F. Smith supported by Voll the amendment be adopted.

A sufficient majority having voted therefor, the motion carried.

IN RE: BY-LAWS CHANGE—AMENDMENT TO SECTION 4, RULE XII, "BUILDINGS AND GROUNDS"

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Pursuant to notice given at the meeting of the Board on April 27, 1959 by the Buildings and Grounds Committee and referred to the By-Laws Committee, I hereby move that the By-Laws be amended as follows:

Amend Section 4 of Rule XII under the heading "Buildings and Grounds" to read as follows:

"To annually, between the fifteenth day of April and the fourth Monday of June, inspect all county owned buildings and grounds and file with the Board of Supervisors, a detailed written report with recommendations as to the necessary improvement, repair or upkeep needed to place the buildings in a reasonably sufficient state of repair and the lands in a reasonably sufficient condition considering the aesthetic surroundings; to biennially survey excess lands owned by the County or acquired by any of its subsidiary corporations and recommend either retention of the same or disposal and, if disposal is recommended, the report shall show the concurrence of the departmental committee assigned to the department which was instrumental in acquiring said lands; to conduct the sale of lands, the sale of which has been approved by the Board of Supervisors and in the conduct of such sale, the following procedures shall be involved and followed:

If there are no statutory regulations or restrictions on the sale it may be conducted as follows:

1. The Board of Auditors, with the concurrence of the Buildings and Grounds Committee, shall employ two real estate appraisers, one of whom shall be approved by the American Institute of Real Estate Appraisers or senior member of the Society of Residential Appraisers, and pay the standard fee therefor, or as an alternative the appraisal staff of the Equalization Committee may be used by the Auditors if authorized by the Board of Supervisors or the Buildings and Grounds Committee. No land shall be sold at less than the lowest appraisal price unless the appraisal shall be waived by the Board of Supervisors.

2. All sales of lands shall be made in one of the following ways:

a. Private Sale: The Board of Auditors, with concurrence of the Buildings and Grounds Committee, may sell at private sale for not less than the lowest current appraisal price placed upon the property in accordance with (1) above.

b. Public Sale: The Board of Auditors, with the concurrence of the Buildings and Grounds Committee, may advertise once each week for two successive weeks (unless otherwise prescribed by Statute) and either a public auction held or sealed bids received up to but not later than the time fixed for opening of the same, which shall be in full view of the interested public. The Committee shall fix a minimum acceptable price at which said lands can be sold which minimum price shall not, unless otherwise authorized by the Board of Supervisors, be less than the lowest appraisal under (1) above.

c. Whenever the requirements of (a) or (b) above have been fulfilled and no sale made within (30) days thereafter, Buildings and Grounds Committee may authorize the Board of Auditors to notify the licensed brokers in the area that the lands are for sale at not less than the lowest appraisal or highest bid received and the Auditors shall be authorized to pay from the proceeds of such sale the customary broker's fee therefor, or less.

3. The Buildings and Grounds Committee shall be vested with the authority to determine the amount and type of advertising to be done, the time and place of sale, provide for such terms as it deems reasonable, the manner in which it is to be conducted and make reasonable rules and regulations pertaining to the same not in conflict with the requirement of the By-Laws.

4. In all cases the Committee may withdraw any lands authorized for sale up to the time the Auditors shall have received a commitment thereon and shall at any public sale reserve the right to reject any or all bids received.

5. All new construction and all alteration of existing structures beyond what would normally fall in the category of maintenance shall be under the general jurisdiction of the Buildings and Grounds Committee, such committee shall be charged with, subject to the approval by the Board of Supervisors, establishing location of buildings, employment of architects, preparation of plans and specifications.

6. The Board of Auditors shall advertise for and receive bids, then notify the Ways and Means Committee of date of opening bids and, in conjunction with the Ways and Means Committee and the Buildings and Grounds Committee, open the same. The Chairman of the Ways and Means Committee shall report to the Board of Supervisors on the bids received with the joint recommendation of the Board of Auditors, the Buildings and Grounds Committee and the Ways and Means Committee as to disposition thereof and appropriate action to be taken thereon. The Buildings and Grounds Committee and the Board of Auditors shall make necessary inspections. No payment shall be made to the contractor or architect until the Buildings and Grounds Committee or the Board of Supervisors approve the same.

Mr. Chairman, on behalf of the By-Laws Committee, I move the adoption of the foregoing resolution.

BY-LAWS COMMITTEE
WILLIAM C. HUDSON, Chairman
FRED L. YOCKEY
ROY C. STEVENS
HUGH G. ALLERTON, JR.

Moved by Hudson supported by Cyril Miller the resolution be adopted.

A sufficient majority having voted therefore, the motion carried.

Misc. 3521

By Mr. Ransom

IN RE: EQUALIZATION REPORT 1959

To the Honorable Board of Supervisors Ladies and Gentlemen:

Your Committee on Equalization respectfully reports that it has carefully examined properties and compared assessment rolls of the several Townships and Cities within the said County, assessed for the year 1959, and have equalized the same by adding to or deducting from the valuation of the taxable property in the several Townships and Cities so assessed, such an amount as in its judgment will produce relatively an equal and uniform valuation of the taxable property in the County, according to the report as shown below, and herewith submits the same with the recommendation that it be adopted by this Board as the County Equalization for the year 1959.

A sufficient majority having voted therefor, the report was adopted.

By Mr. Levinson

IN RE: JOINT MEETING—SIX COUNTY BOARDS OF SUPERVISORS

Mr. Chairman, Ladies and Gentlemen:

Whereas this Board, through its Inter-County Supervisors Committee, has established a fine working relationship with the Counties of Macomb, Monroe, St. Clair, Washtenaw and Wayne, through the Supervisors Inter-County Committee, resulting in greater cooperation in the six county area for the solution to area-wide problems, and

Whereas members of this Board who participated in the first of such joint sessions last year were very enthusiastic in their endorsement of such a meeting, and

Whereas at the December 22, 1958 meeting of the Board, a resolution was adopted approving the continuance of the combined meeting of the six Boards, and

Whereas your Supervisors Inter-County Committee recommends that the Boards of Supervisors of the six member counties hold a joint meeting in the Veterans Memorial Building in the City of Detroit on May 21, 1959 at 2:00 P. M. in the interests of the inter-county relations,

Now therefore be it resolved that the Oakland County Board of Supervisors meet as a Committee of the Whole at the Veterans Memorial Building in Detroit, Michigan on May 21, 1959 at 2:00 P. M. to join with Supervisors of the six counties to discuss and promote the interests of inter-county relations.

Mr. Chairman, on behalf of the Inter-County Committee, I move the adoption of the foregoing resolution.

DAVID LEVINSON, Chairman
Inter County Committee

Moved by Levinson supported by Taylor the resolution be adopted.

A sufficient majority having voted therefor, the motion carried.

Mr. Levinson gave a report on the proposed Court House.

IN RE: 1958 ANNUAL REPORT—BOARD OF COUNTY ROAD COMMISSIONERS

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Whereas Section 25 of Chapter IV of Act No. 283, P. A. 1909, as amended, requires the submission by the Board of County Road Commissioners to the Board of Supervisors, of an accurate account of all moneys received and disbursed, a detailed statement of all work done, right-of-way acquired and road constructed, and

Whereas said Law requires the publishing of said report in the proceedings of this Board, and

Whereas said report was filed with the Clerk of this Board on the 13th day of April, 1959, and

Whereas your Committee on Roads and Bridges has perused this report, and

Whereas the Board of Oakland County Road Commissioners has appointed Irwin P. Nichols a Secretary who shall be, and act as, Clerk of said Board of County Road Commissioners, whose salary shall be paid from County Road Funds under the provisions of Section Nine of Chapter IV (County Road Law) of the General Highway Law, as last amended by Act 50 of the Public Acts of 1951;

Now therefore be it resolved:

(1) That the Report as filed by the Board of County Road Commissioners be approved.

(2) That the appointment of Irwin P. Nichols as Secretary-Clerk of the Board of County Road Commissioners be ratified and approved.

(3) That it be recorded in the Journal of this meeting and published as required by law.

Mr. Chairman, on behalf of the entire Committee on Roads and Bridges, I move the adoption of the foregoing resolution.

ROADS AND BRIDGES COMMITTEE
EARL B. RHINEVAULT,
DUANE HURSFALL
EDWARD CHEYZ
THOMAS H. O'DONOGHUE
CURTIS HALL
ARNO L. HULET

Moved by Hursfall supported by O'Donoghue the resolution be adopted.

A sufficient majority having voted therefor, the resolution was adopted.

46TH ANNUAL REPORT
OF THE BOARD OF COUNTY ROAD COMMISSIONERS
to the Board of Supervisors
of Oakland County Michigan,
for the year 1958

Robert O. Felt, Chairman
Lee O. Brooks, Vice-Chairman
Sol D. Lomerson, Commissioner
Paul Van Roekel, County Highway Engineer
2420 Pontiac Lake Road,
Pontiac, Michigan

April 1, 1959

The Honorable Board of Supervisors of the County of Oakland
Pontiac, Michigan

Gentlemen:

We are pleased to submit to your honorable body and to the people of Oakland County, our annual report for the fiscal year ending December 31, 1958.

Combined in this report is a summary of our activities relating to the construction and maintenance of roads and bridges, of funds received and disbursed, and other information which will be of interest to you.

Respectfully submitted,
BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF OAKLAND, MICHIGAN

ROBERT O. FELT, Chairman

LEE O. BROOKS, Vice Chairman

SOL. D. LOMERSON, Commissioner

COUNTY ROAD MAINTENANCE

County roads are divided into two classifications, namely, Primary and Local. The Primary Roads are the main county roads as approved by the Michigan State Highway Department. The balance of the public roads and subdivision streets outside of municipal incorporatons are local roads. Funds for the mantenance of these roads are provided from Motor Vehicle revenues under Act 51 of the P.A. of 1951, as amended and supplemented by Acts 153 and 262 of 1957.

Local roads have been maintained within the funds available supplemented by contributions from the townships and individuals. The maintenance of county local roads during 1958 cost $892,709.14, including labor, material, equipment rental, and indirect expenses for an average of approximately $510.00 per mile. These figures include sale of culvert pipe, calcium chloride brine as a dust layer and contributions by townships and individuals.

The Cities of Hazel Park, Oak Park, Ferndale, Berkley, Huntington Woods, and Madison Heights have maintained some primary roads, within their respective City Limits, under an agreement with this Commission.

Maintenance cost of County Primary Roads during 1958 was $1,350,297.27 including labor, material, equipment rental, overhead, and indirect expenses, for an average of approximately $1,985.00 per mile.

State Trunk Line Highways are maintained by this Commission under a contract with the Michigan State Highway Department for the fiscal year July 1, 1958, to June 30, 1959. This contract amounts to $534,850.00 for an average of $2,959.00 per mile.

During 1957 the State Legislature repealed Act 87 which was a special gas tax for road construction only. The money received from this gas tax was added to the gas-weight tax fund of which the various County Road Commissions receive 35%. The net result was that we received slightly more funds than before.

Another change made by the Legislature is that all construction done by the Road Commission on County local roads must be matched by some other source. The townships have been notified as to what amount of funds we have budgeted for such construction and may match any amount up to the limit set for their township. A number of projects were done in this manner in 1957 and still more in 1958. (See 1958 Local Road Construction Schedule).

1958-'59 Winter Maintenance

It has been claimed by many people that this past winter has been the most severe winter we have had in twenty years. From Thanksgiving Day on, the Road Commission was confronted with a continuous snow and ice removal problem. Several times, storms followed each other so closely that we were unable to finish snow and ice removal on a large share of our roads before the men and equipment would have to be shifted back to snow and ice removal on main roads again. Because of this, many roads had a gradual buildup of packed snow and ice on the traveled portion of the road to a depth of 8 to 10 inches. This made repeated sanding necessary on hills, curves, and intersections. It also caused the traveling public considerable difficulty on even the flattest roads. During the spring thaw this same packed snow and ice caused still more expensive maintenance and difficulty to the public. A large amount of nighttime and weekend overtime work was put in by our employees in a sincere effort to keep the main state and county roads free of snow and ice and to minimize the trouble of lessor traveled roads.

Another factor in the severe winter was the generally colder weather that prevailed. This resulted in the roadbed freezing to deeper depth than is ordinarily true. Since the action of freezing tends to collect moisture under the road surface, the usual result is for more breakup to occur during or after the spring thaw. Some of this breakup has already occurred, but the month of April will be much worse.

A third characteristic of this winter was the repeated thawing followed by quick freezing. The rapidity with which old and new patches "popped out" on old concrete pavements in comparison to previous years was expensive and a real problem to both the motorist and our maintenance department. Most of the temporary patches will have to be replaced with different material this summer. As a result of the damage to these old pavements, most of them will be capped this year with a bituminous mat.

A comparison of costs for snow and ice removal is shown below:

	Fall of 1957 to March 1, 1958	Fall of 1958 to March 1, 1959
State Trunk Lines	$109,742.42	$159,360.93
County Primary Roads	171,147.96	317,869.19
County Local Roads	83,243.55	171,589.97
Totals	$364,133.93	$648,820.09

You will note that this is an increase of 78% over the previous year. Just how much this increased expenditure to date will affect and limit our road maintenance for the rest of the year is not known at this time. Some decrease in the amount and quality of maintenance is inevitable. No decrease in the construction program is contemplated, however, the type of construction and location was influenced by the severe winter

HIGHWAY NEED STUDY

Section 9a. of Act 51 of 1951 provides that, "A continuing study or survey of highway conditions and deficiencies" shall be made so that the 1955 Need Study shall be kept up to date.

At the present time the Road Commission is in the midst of making this study and the work will continue until it is completed this summer. Upon completion we will have tabulated and estimate separate reports on each individual section of county road in the entire county. On all primary roads and that portion of the local roads which are not subdivision streets, detailed data concerning identification, classification, present road data, traffic data, character of deficiencies, proposed improvements by 1978, and cost estimate of proposed improvements will have been determined and reported to the State Highway Department. Separate reports are being made on all subdivision streets on the cost of reconstruction to present day standards.

All counties, cities, villages and the State Highway Department are making similar studies. The amount of revenue to be obtained in the future and the method in which it will be divided between the various road systems will undoubtedly be governed to some extent by the results of these studies.

The 1955 Need Study did not include a section by section study on local roads and subdivision streets, therefore, this is the first time that our entire county road system has been studied in an effort to determine future needs.

Next year's annual report will include the results and conclusions.

ANNUAL REPORT ON DUTCH ELM DISEASE

During the year of 1958, we have removed a total of 549 elm trees which were either infected with the above mentioned disease or were condemned as being breeding places for the beetles, which are the carriers of the above mentioned disease. This is an increase of 291 trees, or 112% over the number of trees removed in 1957. It is apparent that we will continue to have this problem in our county, and that it will affect road funds available for other maintenance.

Due to the disposal problem and because this wood has to be destroyed by burning, we estimate that the average cost of this removal is $100.00 per tree. This average includes the removal, hauling, and burning of the wood at the disposal sites.

Following is a list showing what roads and townships were affected by the Dutch Elm Disease:

Roads	Location	No. of Trees	Approximate Cost of Removal
Primary	County Wide	215	$21,500.00
State Hwy.	County Wide	26	2,500.00
Local	Avon	37	3,700.00
Local	Bloomfield	48	4,800.00
Local	Brandon	9	900.00
Local	Farmington	34	3,400.00
Local	Groveland	2	200.00
Local	Independence	9	900.00
Local	Lyon	1	100.00
Local	Novi	1	100.00
Local	Oakland	29	2,900.00
Local	Orion	9	900.00
Local	Pontiac	14	1,400.00
Local	Rose	13	1,300.00
Local	Southfield	3	300.00
Local	Springfield	1	100.00
Local	Waterford	10	1,000.00
Local	W. Bloomfield	89	8,900.00
	Total approximate cost		$54,900.00

WEIGHT AND PERMIT DEPARTMENT

The following is a composite report of the Weight and Permit Department concerning trucking activities on County Roads for the year 1958:

Vehicles stopped and examined	760
Warning violations issued	85
Total amount of actual violations	210
Speed	36
Weight	105
Posted	54
Scattering	3
Safety	3
No Permits	7
No License	2
Total	210
Total amount in fines	$7,658.10
Total amount in court costs	978.40
Grand Total	$8,636.50

Numerous complaints involving scattering and littering on County Roads were investigated resulting in the violators being made to clean up the debris.

Fifty-two requests were granted to weigh and examine vehicles to determine weights allowed on County Roads. Six special escorts were conducted by this department of extra large equipment where ordinary permits would impede the normal flow of traffic or cause a safety hazard.

Once a month spot checks were made at various points throughout the County to examine vehicles for safety and the different types of loads traveling our roads. Five accidents were investigated involving trucks at the request of the Prosecutor's Office and the Sheriff's Office to determine if defective equipment or overloading could have caused an accident.

There were 4,840 special permits issued covering the moving of extra large equipment.

Two hundred and three complaints were answered concerning various violations such as dust control, vending on County Roads, working on right of way, excessive truck traffic on County Roads and various miscellaneous complaints.

Any accident involving County equipment was investigated by this department to determine the cause, and if our operators were at fault.

These reports are examined and action taken if our operators are at fault.

The posting and closing of roads during spring restrictions is done by this department and the maintenance department.

PERMITS ISSUED BY ENGINEERING DEPARTMENT

One of the services required of the Commission's Engineering Department is checking the size and location of driveway culvert requests and issuing permits for their installation. In 1958, these requests totaled 587.

Any excavation or construction within the right of way of a road also required checking and issuing of proper permits. There were 585 such permits processed and issued in 1958. Similar permits for work on State Trunk Lines are usually processed through this Commission and 172 such permits were handled during 1958.

PERMITS ISSUED BY FORESTRY DEPARTMENT

Most permits for work done in the right of way by utility companies are processed by our Forestry Department, since they usually involve removal or trimming of trees. In 1958, 580 such permits were issued and 101 permits were issued to individuals.

MATERIAL REPORT

The following listed material was used during 1958 and charged out of our County Stock:

Liquid Calcium Chloride (Dust Layer)	2,548,800 gal.
Liquid Calcium Chloride (Ice Control)	100,800 gal.
Flake Calcium Chloride (100 lb. Sacks)	5,156 Sacks
Bulk Rock Salt	8,472 tons
Bulk Calcium Chloride (Ice Control)	140 tons
Bituminous Material:	
AE-1M (Hand Patching)	62,991 gals.
AE-3A (Resealing)	239,904 gals.
AC-85/100 (Patching)	29,760 gals.
MC-5 (Resealing)	104,520 gals.
MC-O (Priming)	871 gals.
S.O.A. (Patching)	3,897 gals.
Total	441,943 gals.
Tar:	
T-3	None
T-10 (Patching)	2,884 gals.
T-12 (Patching)	87,116 gals.
Total	90,000 gals.
PAVEMENT MARKING PAINT	
White Paint	2,341 gals.
Yellow Paint	3,490 gals.

42"x18"	270 ft.
48"x12"	60 ft.
48"x18"	72 ft.

STATE TRUNKLINE CONSTRUCTION

In the fall of 1957, John C. Mackie, State Highway Commissioner, announced a state-wide, five year construction program and a ten year metropolitan program. Both programs will be of great value in the development of Oakland County and also solve some of our major traffic problems. It will also create some new road problems, most of which will have to be handled at the county or city level.

The two programs indicate that the major projects will include a parallel route to the present State Trunk Line No. 10 from downtown Detroit to Flint and that the northern portion will be put under contract in the spring of 1960. Another portion down into Madison Heights will be put under contract in 1961. The County Road Commission has had several meetings with the State Highway Department concerning grade separations, frontage roads, road closures and other problems with which we are concerned. Progress has been good, and final agreements will be approved during 1959. The Cities of Troy and Madison Heights have approved the route through their respective Cities and other considerations are in progress. Work has started in Detroit on the southern end and it is planned that all portions will be completed and connected during the last half of the ten year program.

An east-west limited access highway will be built from Grand River east to the vicinity of Lake St. Clair. The portion from Grand River to Northwestern will be located between Eleven and Twelve Mile Roads and is to be put under contract late in 1960. Grade separations at all mile roads and an interchange at Orchard Lake Road have already been agreed upon by the County Road Commission and the State Highway Department. The rest of the route is scheduled for planning and right of way acquisition during the ten year plan only.

Northwestern from Eight Mile Road to Telegraph Road will be rebuilt as a limited access road and is scheduled to be put under contract in the spring of 1960. Right of way acquisition beyond Telegraph Road is in progress on a limited scale even though no positive date has been set for construction.

Eight Mile Road from Northwestern to Grand River is to be rebuilt as an expressway with grade separations at major intersections. This work was put under contract in 1958. Reconstruction of M-24 from Lake Orion to the north county line was put under contract in 1958 and will be a divided four lane highway.

Southfield Road from Northwestern south into Detroit is to be reconstructed as an expressway with service roads on each side. Preliminary planning is underway and both the City of Southfield and the Road Commission have started negotiations with the State Highway Department.

APPOINTMENT OF SECRETARY-CLERK

William R. Carrigan, who has been Clerk for the Board of County Road Commissioners for twenty-six years, retired on March 14, 1959. "Bill" was well-known throughout the county and state and was a highly regarded and valuable employee.

The following appointment was made by this Board, subject to the approval of the Board of Supervisors:

Whereas, it is the opinion of this Board that the work of the Board is of sufficient volume to warrant and justify the appointment of a Secretary who shall be, and act, as Clerk of this Board, and whose salary shall be paid by this Board from County Road Funds under the provisions of Section Nine of Chapter IV (County Road Law) of the General Highway Law, as last Amended by Act 50 of the Public Acts of 1951. (See Supplement and Section 224.9 as so amended. Compiled Laws of 1948).

Now therefore be it resolved:

1. That in the opinion of this Board it's work is of sufficient volume to warrant and justify the apppointment of a Secretary who shall be, and act, as Clerk of the Board.

2. That Irwin P. Nichols be, and he is hereby appointed as Secretary-Clerk of this Board, subject to the approval of the Board of Supervisors as in said Section Nine, as amended, provided, such appointment to continue, subject to the discretion of this Board.

3. That the salary of said Secretary-Clerk shall be paid from County Road Funds.

4. That this resolution is adopted under the provisions of C.L. 1948, Section 224.9 as last amended as referred to in paragraph A hereof.

Motion carried.

STATE AND COUNTY ROAD MILEAGE IN OAKLAND COUNTY on March 1, 1959

STATE TRUNK LINE HIGHWAYS

Surface Type	Miles	Total Miles
Surface Treated Gravel	10.88	
Mixed Bituminous—Gravel Base	16.08	
Mixed Bituminous—Concrete Base	101.22	
Cement concrete	52.89	
Ramps (All types)	8.00

Project No. SP-324		
Farmington Road		10,000.00
Between 12 Mile Road and		
13 Mile Road.		
Twin multiplate pipe arches		

1959 PROPOSED CONSTRUCTION, LOCAL ROADS

These local road construction projects are in the process of being set up at matching projects or have already been approved. Each township will pay 50% of the total final cost and the Road Commission will pay the other 50% from road funds budgeted for matching purposes. Quite a few more projects will be added by May 15, 1959, as other townships submit projects and their share of the funds.

Project No		Miles	Total Cost
Project No TM-281			
	Duck Lake Road	0.50	12,600.00
	Jackson to Eagle		
	Grade, drain, gravel surface		
	Contractor—C. W. Anderson		
	Highland Township		
Project No. TM-318			
	Willow Road	1.1	32,700.00
	Hiller to 300' east of Lochaven.		
	Grade, drain, gravel base.		
	West Bloomfield Township		
Project No. TM-319			
	South, Church and East Street	0.3	18,567.00
	In New Hudson		
	Grade, Drain, Gravel Base.		
	Bituminous Aggregate Surface.		
	Lyon Township		

In addition to the projects listed above, the following projects are under consideration at this time. They, and others, may or may not materialize.

Road	Location	Township
13 Mile Road	West of Orchard Lake	Farmington
Maple & Benstein	Walled Lake, west & north	Commerce
Willow Road	Keith to Lochaven	West Bloomfield
Quarton Road	Telegraph to Wing Lake Rd.	Bloomfield
Hospital Road	Amount undetermined	Waterford
Squirrel Road	Walton Boulevard south	Pontiac
Army Road	Hill west of Rochester Rd.	Addison

1959 PROPOSED CONSTRUCTION OF STRUCTURES ON LOCAL ROADS

These projects are made possible by an appropriation of $50,000.00 from the Board of Supervisors. Without this appropriation, very little could be done because of the necessity for local "matching" on local road construction projects.

Road	Location	Estimated Cost
Drahner Road	East of Newman Road	$ 8,000.00
Oxford Township		
Coats Road	½ mile north of Indianwood Road	6,500.00
Orion Township		
Milmine Street	Lakeville	4,500.00
Addison Township		
Kensington Road	Between Big Beaver Road and	
Bloomfield Township	Charing Cross Road	10,000.00
Drake Road	Between 13 Mile Road and 14	
Farmington Township	Mile Road	5,000.00
LaMothe Street	Section 28, off Cooley Lake	
Waterford Township	Road	6,000.00
Teggerdine Road	Between Pontiac Lake Road and	
White Lake Township	Gale Road	7,000.00
Eagle Road	Between Rattalee Lake Road and	
Rose Township	Railroad Crossing	9,000.00
	Total Estimated Cost	$ 56,000.00
Appropriation by Board of Supervisors		$ 50,000.00
Road Commission Gas-Weight Tax Funds		6,000.00
TOTAL		$56,000.00

The above locations need replacement as soon as possible, however, we prefer to reserve judgment until such time as we know if there are any locations that become more pressing than these listed above. If there were, we would want to make the necessary changes in the above schedule.

IN RE: TRANSFER OF FUNDS IN THE MATTER OF THE RED RUN DRAIN
To the Oakland County Board of Supervisors
Mr. Chairman, Ladies and Gentlemen:
At the last meeting of the Board, the recommendation of the Drain Committee that surplus construction funds of the Red Run Drain in the amount of $92,564.03 be transferred to the maintenance fund in lieu of a maintenance assessment was referred to the Ways and Means Committee.
This matter was discussed at a meeting of the Ways and Means Committee on April 29, 1959, and a resolution was adopted recommending the approval of Resolution No. 3516 as presented to this Board by the Drain Committee.
Therefore, Mr. Chairman, on behalf of the Ways and Means Committee, I move the adoption of Miscellaneous Resolution No. 3516 as presented to this Board by the Drain Committee on April 27, 1959.

WAYS AND MEANS COMMITTEE
FRED W. SMITH, Chairman
R. C. CUMMINGS
DAVID LEVINSON
HILAND M. THATCHER
FRANK J. VOLL, SR.
JOHN L. CAREY.

Moved by F. Smith supported by Cummings the resolution be adopted.
AYES: Allerton, Alward, Bender, Bonner, Boyer, Calhoun, Carey, Castle, Cheyz, Christensen, Clack, Clark, Clawson, Croteau, Cummings, Davis, Dickens, Dohany, J. W. Duncan, R. Duncan, Elliott, Fouts, Frid, Goodspeed, Hall, Hamlin, Heacock, Hildebrandt, Hill, Hoard, Hocking, Horkey, Huber, Hudson, Hulet, Hursfall, Ingraham, Johnson, Kelley, Kephart, Knowles, Lahti, Levinson, Lilly, Majer, McCartney, McGovern, McPherson, Menzies, Clarence Miller, Cyril Miller, Mitchell, O'Donoghue, Oldenburg, Ollar, Quinlan, Ransom, Remer, Rhinevault, Romer, Schock, Semann, Sinclair, F. Smith, W. Smith, Solley, Staman, Stevens, Swanson, Taylor, Thatcher, Tiley, Tinsman, Voll, Webber, Yockey. (75)
NAYS: None. (0)
A sufficient majority having voted therefor, the resolution was adopted.
Misc. 3525
Submitted by Mr. Thatcher
Recommended by the Board of Public Works
IN RE: AMENDING RATES FOR WATER AND SEWAGE TREATMENT SYSTEMS
Mr. Chairman, Ladies and Gentlemen:
I offer the following resolution:
Whereas pursuant to Ordinance No. 3394 the Board of Supervisors did, under Miscellaneous Resolution No. 3395, passed June 23, 1958, did establish Rates for Water and Sewage Treatment Systems, and
Whereas the Board of Public Works has deemed it advisable to amend the Service Rates for each premise to include a flat service charge for water, where meters are not used as a means of determining actual water consumption,
Now Therefore Be It Resolved that the "Schedule of Service Rates for each Premise," as established by Miscellaneous Resolution No. 3395 be amended to read as follows:

SCHEDULE OF SERVICE RATES FOR EACH PREMISE

	Metered Services	
Water Rate	$1.50 per 1000 cu. ft.	Min. $2.50 per Quarter plus monthly meter
Meter Service Rate	$ .50 per month—⅝" meter .65 per month—¾" meter 1.00 per month— 1" meter	
Sewage Disposal Rate	$ .60 per 1000 cu. ft. of water consumed	Min.

NAYS: None (0)
Moved by Levinson supported by Elliott that the meeting be adjourned.
A sufficient majority having voted therefor, the motion carried
The Chairman announced that the Board would meet on June 2, 1959 at 9:30 a.m.
DANIEL T. MURPHY, JR.
Clerk

DELOS HAMLIN,
Chairman

MAY 21, 1959

The Board met at 2:00 p.m. in the Veteran's Memorial Building, Detroit.
Meeting called to order by Chairman Delos Hamlin.
Roll Called: Allerton, Alward, Bender, Calhoun, Carey, Cheyz, Christensen, Clack, Clark, Clawson, Cummings, Dickens, Dohany, J. W. Duncan, R. Duncan, Elliott, Ewart, Fouts, Goodspeed, Hall, Hamlin, Heacock, Hildebrandt, Hill, Hoard, Horkey, Horton, Huber, Hudson, Hulet, Hursfall, Kelley, Kiser, Knowles, Lahti, Levinson, Lewis, Lilly, MacDonald, McCartney, McGovern, McPherson, Clarence Miller, Cyril Miller, Mitchell, O'Donoghue, Oldenburg, Ollar, Quinlan, Ransom, Remer, Rhinevault, Romer, Schock, F. Smith, Solley, Staman, Stevens, Taylor, Thatcher, Tiley, Tinsman, Voll, Webber, Yockey. (65) Quorum Present
The Chairman announced that the Board would meet as a Committee of the Whole.
Misc. 3531
Recommended by the Board of Public Works
IN RE: M.S.U. OAKLAND SANITARY SYSTEM
Submitted by Mr Thatcher
Mr. Chairman, Ladies and Gentlemen:
Whereas the Oakland County Board of Supervisors did, by the adoption of Miscellaneous Resolution No. 3323 on December 23, 1957, authorize the Department of Public Works, through the Board of Public Works, to proceed with the development of plans for sewers and sewage treatment facilities for that portion of the Clinton River Drainage Basin lying within Oakland County, and
Whereas the Department of Public Works has completed construction plans for sewers and temporary treatment facilities to serve Michigan State University-Oakland and adjacent areas, which is a part of the Clinton River Basin, and
Whereas the Board of Public Works is desirous of proceeding with the construction of this portion of the system so that said facilities will be available to the University properties by September 1, 1959, and
Whereas the Board of Public Works proposes to construct said facilities under contracts providing for private financing.
Now Therefore Be It Resolved that this Board of Supervisors, meeting as a Committee of the Whole, does hereby recommend that the Board of Supervisors, at their next meeting, establish the M.S.U. Oakland Sanitary System as a county system under the Board of Public Works as provided for in Act No. 185 of the Michigan Public Acts of 1957, and
Be It Further Resolved that the Board of Public Works be authorized to take all necessary steps to construct, acquire, operate and maintain said M.S.U. Oakland Sanitary System to serve all or parts of Sections 6-7-8-16-17-18-19-20-21 and 22 of Avon Township, Oakland County, Michigan and all or parts of Sections 11-12-13 and 14 of Pontiac Township, Oakland County, Michigan
Mr. Chairman, I move the adoption of this resolution.
HILAND M. THATCHER
Supported by Mr. Cyril Miller.
A sufficient majority having voted therefor, the resolution was adopted.
The Committee of the Whole arose.
Moved by Levinson supported by Cummings the Board adjourn until June 2, 1959 at 9:30 a.m.
A sufficient majority having voted therefor, the motion carried.
DANIEL T. MURPHY, JR.
Clerk

DELOS HAMLIN,
Chairman

JUNE 2, 1959
SPECIAL MEETING

Meeting called to order by Chairman Delos Hamlin.
Invocation given by Reverend Paul T. Hart of the First Methodist Church, Pontiac.
Roll called: Allerton, Alward, Bender, Bonner, Boyer, Calhoun, Carey, Castle, Cheyz, Christensen, Clack, Clark, Clawson, Croteau, Cummings, Davis, Dohany, J. W. Duncan, Elliott, Ewart, Fouts, Frid, Goodspeed, Hall, Hamlin, Heacock, Hildebrandt, Hill, Hoard, Hocking, Holmes, Horkey, Horton, Huber, Hudson, Hulet, Hursfall, Ingraham, Johnson, Kephart, Kiser, Knowles, Levinson, Lewis, Lilly, MacDonald, Majer, McCartney, McGovern, McPherson, Menzies, Clarence Miller, Cyril Miller, Mitchell, Oldenburg, Ollar, Quinlan, Ransom, Remer, Rhinevault, Romer, Schock, Sinclair, F. Smith, W. Smith, Solley, Staman, Stevens, Swanson, Thatcher, Tinsman, Voll, Webber, Yockey. (74). Quorum present.
The Clerk read the request for this meeting which was filed with him on May 21, 1959. Said request was ordered filed with the Clerk. A true copy of the same appears in the notice of meeting hereinafter set forth.
The Clerk also presented the notice of this meeting together with his affidavit as to the mailing of said notice, which notice and affidavit are as follows:

"NOTICE OF SPECIAL MEETING
To the Members of the Board of Supervisors of the County of Oakland, State of Michigan:
Notice is hereby given that a special meeting of the Board of Supervisors of the County of Oakland, State of Michigan, will be held at the time and place and the purpose stated in the following petition which has been filed with me, to-wit:
"We, the undersigned, Members of the Board of Supervisors for the County of Oakland, do hereby petition pursuant to the provisions of Act 156 of the Public Acts of 1851, as amended, (M.S.A. 5.330), for a Special Meeting of the Board of Supervisors of the County of Oakland, to be held on the 2nd day of June, A.D., 1959 at 9:30 A.M., at the Oakland County Office Building, No. 1 Lafayette Street, Pontiac, Michigan, for the purpose of:
1. Considering the recommendation of the Building and Grounds Committee that certain county-owned lands be sold and the time, place, manner and conditions of the proposed sale;
2. Considering the recommendation of the Committee-of-the-Whole that the County establish the Michigan State University Oakland Sanitary System as a "County" system under the Oakland County Department of Public Works as provided for in Act 185 of the Public Acts of 1957, as amended;
3. Accepting, rejecting, postponing or extending the time for accepting, of the bids heretofore submitted for the construction of the Oakland County Courthouse Building, and authorizing the Chairman and the Clerk of the Board to enter into contracts for the construction of said building, and to consider the transfer of monies to the Building Fund from other funds;
4. Considering the recommendation of the Special County Building Committee that a petition be prepared and signed requesting the annexation of that part of the Service Center lying "east" of Telegraph Road, to the City of Pontiac;
5. Considering the recommendation of the Boundaries Committee relative to the petition for annexation of certain territory to the Village of Wolverine Lake, said petition having been filed February 4, 1959;
6. To consider and do all things that may be proper and necessary in order to effectuate any or all of the aforesaid proposals, either in part or in whole."

PROOF OF SERVICE AND MAILING
State of Michigan, County of Oakland, SS.
Daniel T. Murphy, Jr., deposes and says that he is County Clerk of Oakland County and Clerk of the Board of Supervisors for Oakland County, and that he served a true copy of the foregoing notice on each member of the Board of Supervisors, by certified mail, with return receipt requested, by depositing such notices in the U.S. Post Office in Pontiac, Michigan on May 23, 1959 and that return receipts from all members of said Board are on file in his office.

(Signed)
DANIEL T. MURPHY, JR.
DANIEL T. MURPHY, JR.
Oakland County Clerk

Subscribed and sworn to before me this 29th day of May, 1959
Julia Maddock (signed)
Notary Public, Oakland County, Michigan.
My commission expires November 22, 1960.

The Chairman appointed Marshall E. Taylor a member of the Civil Defense Committee to replace Robert R. Boyer, and Robert R. Boyer a member of the Veterans Committee to replace Marshall E. Taylor.
Clerk read letter from Hugh G. Allerton, Jr., Southfield Township Supervisor, explaining his "no" vote on the Equalization Report. (Placed on file.)
Clerk read invitation from the City of Flint to inspect their new Municipal Center. (Placed on file.)
Report presented from the Michigan State Tax Commission recommending that the state equalized valuation for Oakland County be set at $1,822,915,300. (Placed on file.)
Clerk presented an appeal by the City of Wixom of the 1959 equalization valuation of the City of Wixom. (Placed on file.)
Resolution read from Temple Beth Jacob, Pontiac, and Hamlin School P.T.A. relative to use of the former Contagious Hospital for a psychiatric short-term diagnostic hospital and clinic. (Placed on file.)
Clerk read letter from Merrill O. Bates, President of the Oakland County School Boards Association, favoring the retention of taxes in the county for use of schools and county government. (Placed on file.)
The Report of the Oakland County Employees' Retirement System for 1958 was presented by R. E. Lilly, Executive Secretary. (Placed on file.)
Misc. 3532
By Mr. Hulet
IN RE: WOLVERINE LAKE VILLAGE—COMMERCE TOWNSHIP ANNEXATION
To the Oakland County Board of Supervisors
Mr. Chairman, Ladies and Gentlemen:
Whereas a petition was filed with the County Clerk on February 4, 1959, asking for the annexation to the Village of Wolverine Lake and the detachment from the Township of Commerce of territory described as follows:
PAGE 28 28
Beginning at the Center Post of Section 27, T2N, R8E, Commerce Township, Oakland County, Michigan, then S 00° 46' 20" E, along the North and South centerline of said section, 1315.43 feet, thence N 89° 58' 30" E, 2677.67 feet to the center line of Commerce Road, thence N 1° 26' 39" W, along center of said road, 166.35 feet, thence along a curve to the right, said curve having a radius of 409.81 feet and long chord bearing N 10° 55' 01" E, an arc distance of 176.82 feet, thence along a curve to the right, said curve having a radius of 765.72 feet and a long chord bearing N 29° 53' 51" E, an arc distance of 176.93 feet, thence along a curve to the left, said curve having a radius of 741.56 feet and long chord bearing N 31° 35' 32" E, an arc distance of 127.58 feet, thence S 89° 58' 30" W, 1191.65 feet, thence N 00° 01' 30" W, 714.58 feet, thence West, 1687.16 feet to the place of beginning; and
Whereas the petition is submitted under the authority of Act 278 of the Public Acts of 1909, as amended, and
Whereas it appears to this Board and a majority thereof that said petition does not conform to the statute in that the description is misleading and contains an area already in the Village, the verification by the petitioner does not state that he is a petitioner, there is no statement in the petition that the petition is signed by not less than one per centum of the population of the territory affected, the petition signed by the land owner is in different form from the petition signed by the electors of the Village and there is no "sworn statement giving the total area of the land, exclusive of streets, included within such uninhabited district to be annexed" as required by the statute, and
Whereas at a meeting of the Boundaries Committee held on May 12, 1959, a resolution was adopted recommending that no further proceedings be taken on said petition, without prejudice as to the rights of the petitioners to file a new petition which conforms with the requirements of the statute,
Therefore be it resolved that no further proceedings pursuant to said petition shall be had.
Mr. Chairman, I move the adoption of the foregoing resolution.

BOUNDARIES COMMITTEE
ARNO L. HULET, Chairman
EMANUEL CHRISTENSEN
FRED W. HILDEBRANDT
CLAYTON G. LILLY

Moved by Hulet supported by Hudson the resolution be adopted.
A sufficient majority having voted therefor, the resolution was adopted.
Misc. 3533
IN RE: SALE OF COUNTY OWNED LANDS
To the Oakland County Board of Supervisors
Mr. Chairman, Ladies and Gentlemen:
Whereas the County Welfare Board, with the approval of the Welfare Committee, has furnished your Buildings and Grounds Committee with a list of county-owned properties, in the opinion of the Welfare Board, are described as surplus properties and the holding of such lands would serve no useful purpose to the County, and
Whereas this Committee believes it would be to the best interest of the County if such lands were sold and the property placed on the tax rolls of the various assessing districts, and
Whereas the Committee has made a personal inspection of the properties which are all vacant with the exception of the Orion Township description, and has secured appraisals thereon and recommends that the selling price be not less than the appraised value;
Now Therefore Be It Resolved that the Board of Auditors and the Buildings and Grounds Committee be authorized to sell the following descriptions of land in accordance with the By-Laws and the above recommendations, to-wit:
Lots Numbered 54, 67, 74, 75 84, 172 and 200 Bloomfield Hills Addition Subdivision of part of West ½ of Northwest ¼ of Section 4, T2N, R10E, City of Pontiac, Oakland County, Michigan, according to the plat thereof as recorded in Liber 6 of Plats, page 26, Oakland County Records;
Lots Numbered 45, 54 and 55 of Bloomfield Hills Addition No. 2 Subdivision, of part of the West ½ of Northwest ¼ Section 4 T2N, R10E, City of Pontiac, Oakland County, Michigan, according to the plat thereof as recorded in the Oakland County Register of Deeds Office;
Lot Number 327 of Crystal Lake Subdivision, City of Pontiac, Oakland County, Michigan, according to the plat thereof as recorded in Liber 16 of Plats page 17, Oakland County Records;
Lots Numbered 42, 43 and 44 Crystal Lake Bloomfield Subdivision, City of Pontiac, Oakland County, Michigan, according to the Plat thereof as recorded in Liber 19 of Plats, page 26, Oakland County records;
Lots Numbered 100, 101, 102, 103, 104, 106 and 107 of Supervisors Plat of Dodge-Auburn Park Subdivision Township of Avon, Oakland County, Michigan, according to the plat thereof as recorded in Liber 50 of Plats, page 17, Oakland County Register of Deeds Office; and
A parcel of land in Section 23, Orion Township, Oakland County, Michigan, described as beginning at the quarter post on the North side of said Section 23 in said Township; thence easterly along the North Section line a distance of 220 feet to a point which is the Northeast corner of the school lot, so-called, as described in a certain deed recorded in Liber 104 of Deeds, page 229, as the point of commencement of this description; thence South along the East side of the said school lot a distance of 148½ feet, thence East and parallel with the North line of said section a distance of 366 2-3 feet to a point, thence North parallel with the North and South quarter section line of said Section a distance of 148½ feet to the North line of said Section, thence West along the North line of said section a distance of 366 2-3 feet to the point of beginning;
Be It Further Resolved that the following described parcels of land which were previously offered for sale by advertising be authorized for sale in accordance with the By-Laws as above recommended to-wit:
Lot 84 of Symphony Park Subdivision, of the E. ½ of the S.E. ¼ of S.E. ¼ of Section 14, T1N, R11E, Royal Oak Township, Oakland County, Michigan, according to the plat recorded in Liber 29 of Plats, page 26, (purchaser to take title subject to the condition that the structure presently on the premises be either brought up to conformance with the Madison Heights Building Code, or razed, within a period of 60 days from the date of purchase;)
The East 42 feet of Lot 8 of Nute's Addition, Block 1, Village of Milford, Oakland County, Michigan, (206 Oakland Avenue, Milford Michigan); and
Lots 574 and 609 of Supervisor's Plat of Brooklands Park Subdivision of part of the West ½ of the S.E. ¼ of Section 25, T3N, R11E, Avon Township, Oakland County, Michigan, (2461 Emmons Road, Rochester, Michigan)
Be It Further Resolved that the Chairman and Clerk of this Board be and they are hereby authorized to execute the necessary conveyances to complete such sales if and when they are sold, and that this Committee report back to the Board on the results of such sales.
Mr. Chairman, on behalf of the Committee, I move the adoption of the foregoing resolution.

IN RE: INTER-COUNTY LEGISLATIVE PROGRAM
To the Oakland County Board of Supervisors
Mr. Chairman, Ladies and Gentlemen:
The Legislative Committee of the Supervisors Inter-County Committee has requested the reaction of this Board of Supervisors on proposed Public Defender Bill (House Bill 72) and the Mental Health Bill (House Bill 156 and Senate Bill 111?) now pending before the Michigan State Legislature
These bills have been reviewed by your Inter-County Committee and your Legislative Committee and the following joint recommendation is made:
1. That this Board go on record as favoring the tabling of the Public Defender Bill by the State Legislature, at least for the present Session, so that the County may review further the feasibility of such legislation and the effect which the passage thereof would have on the already tight budget of Oakland County.
2. That this Board go on record as favoring the passage of the proposed Mental Health Bill if such proposed legislation can be amended to make the procedures workable as outlined by Oakland County representatives at a public hearing on said bill in testimony presented before the House Judiciary Committee on May 6 1959.
Now Therefore Be It Resolved:
1. That the foregoing recommendations be adopted.
1. That the foregoing recommendation be forwarded to the Supervisors Inter-County Committee.
Mr. Chairman, on behalf of the Inter-County and Legislative Committees, I move the adoption of the foregoing resolution.

Misc. 3535
By Mr. F. Smith
IN RE: TRANSFER TO BUILDING FUND AND APPROPRIATION FOR FIRST UNIT OF COURT HOUSE
To the Oakland County Board of Supervisors
Mr. Chairman, Ladies and Gentlemen:
The Board of Auditors have presented to your Ways and Means Committee the following statement of funds available and to be made available for the new Court House:

Building Fund Balance March 31, 1959	$1,879,680.17
Indigent Housing Fund	150,000.00
Parking Lot Fund	14,000.00
Royal Oak Market Fund (county share)	5,000.00
Garage Construction Fund	5,924.04
.1 Mill for 1960—Estimated	182,200.00
.1 Mill for 1961—Estimated	191,300.00
Interest and contract payments made from January 1, 1959 to March 31, 1959 —$15,278.40—estimated for the balance of 1959	45,000.00
Interest for six months of 1960	30,000.00
Sale of Court House, 92 acres and 26 lots	500,000.00
	$3,003,104.21

This statement includes four items, that is, Indigent Housing Fund, Parking Lot Fund, Royal Oak Market Fund (County share) and Garage Construction Fund which can legally at this time be transferred to the Building Fund. The total of these four funds is $174,924.04. If this transfer is approved by the Board, there will then be $2,054,604.21 in the Building fund available at this time to apply on the contract for the construction of the First Unit of the new Court House building at the Service Center.
Therefore, Mr. Chairman, on behalf of the Ways and Means Committee, I move that this Board hereby approves the transfer of $150,000.00 from the Indigent Housing Fund, $14,000.00 from the Parking Lot Fund, $5,000.00 from the Royal Oak Market Fund (County share) and $5,924.04 from the Garage Construction Fund to the Building Fund, making a balance in the Building Fund as of this date of $2,054,604.21, which sum, along with additional sums to be transferred to said Building Fund in the future are hereby appropriated to pay the costs for construction of and architectural fees for the First Unit of the Oakland County Court House at the Service Center.
Mr. Chairman, I move the adoption of the foregoing resolution.

NAYS: Hursfall. (1)
A sufficient majority having voted therefor, the resolution was adopted.
Mr. Harry M. Denyes, Jr. and Mr. O. A. Luckenbach presented sketches of the proposed First Unit of the new Court House and answered questions from Supervisors concerning the plans.
Misc. 3536
By Mr. Levinson
IN RE: CONTRACTS FOR FIRST UNIT OF OAKLAND COUNTY COURT HOUSE
To the Oakland County Board of Supervisors
Mr. Chairman, Ladies and Gentlemen:
In accordance with Miscellaneous Resolution No. 3498, your Special County Building, Ways and Means and Buildings and Grounds Committees and the Board of Auditors met in joint session on April 21, 1959, to receive and tabulate bids on the proposed First Unit, Oakland County Court House, Oakland County, Michigan, to be constructed at the Service Center.
Bids were received and tabulated as per tabulation attached, details of which have been previously furnished each member of the Board present. Proper bid bonds have been filed by all bidders and O'Dell, Hewlett and Luckenbach, the architects, report that all low bidders are responsible firms.
The Joint Committees recommend that the Mechanical and Electrical contracts be assigned to the General Architectural Contractor and the percentage fee stated in its bid be paid for such assumption. The Committees further recommend that only Alternate 5B be accepted at this time and that the right be reserved to accept Alternates 4A (in the Architectural bid) and Alternate M-1 (in the Mechanical bid) at a later date if recommended by the Architects. Alternate 5B substitutes Haughton Elevator for Otis Elevator, Alternate 4A is a substitution of metal movable office partitions and Alternate M-1 is an addition for temporary heat.
It is further recommended that the Joint Committees and the Board of Auditors be authorized to make such other substitutions and revisions to the original specifications and drawings as may be recommended by the Architects. At the present time it is estimated that several possible substitutions of material and revisions to the original specifications and drawings may effect a savings of $100,000 and upwards on the cost of construction of the Court House.
Your Joint Committees recommend that the contract for the First Unit of the Court House Office Building, Oakland County, Michigan, be awarded to:
General Architectural Trades — J. A. Fredman Company,
Mechanical—R. L. Spitzley Company
Electrical—Schultz Electric Service.
Now therefore be it resolved:
1 That the foregoing recommendations be approved;
2. That the "General Contract" be awarded to the J. A. Fredman Company of Pontiac, Michigan, at the figure of $2,116,740.00 computed as follows:

BASE BID	$2,103,937.00
Add 1-½% for subcontractors (Mechanical and Electrical), including Bond Security	14,281.00
	$2,118,218.00
Deduct for Alternate No. 5B	1,478.00
	$2,116,740.00

the "Mechanical Contract" to the R. L. Spitzley Company at the figure of $645,550.00 (after deduction of Bond Security); and the "Electrical Contract" to the Schultz Electric Service at the figure of $306,542.00 (after deduction of Bond Security);
3. That since the grand total of the bids is $3,068,832.00 and presently the County can only guarantee payments up to $2,054,604.21, the execution of a contract or contracts, not to exceed a total of $3,068,832.00 with total guaranteed payments up to a total of $2,054,604.21 be authorized;
4. That the issuance by the Board of Auditors of a letter of intent to proceed with the work subject to the substitution and revision of work as recommended be authorized;
5. That the Chairman and Secretary of the Board of Auditors be authorized to execute the Contracts on behalf of the County of Oakland; said contracts to be prepared by the Architect and approved by the Corporation Counsel.
Mr. Chairman, on behalf of the Special County Building, Ways and Means, and Building and Grounds Committees and the Board of Auditors, I move the adoption of the foregoing resolution.

SPECIAL COUNTY BUILDING COMMITTEE

By Mr. Levinson
IN RE: PROJECT ENGINEER — NEW COURT HOUSE BUILDING
To the Oakland County Board of Supervisors
Mr. Chairman, Ladies and Gentlemen:
Whereas construction work on the new Court House at the County Service Center will be started in the near future, and
Whereas the architects have recommended to your Joint Committees that a Project Engineer be employed to make daily inspections of the work as it progresses, and
Whereas your Joint Committees recommend the employment of a Project Engineer to work under the supervision of the Board of Auditors for such purpose, and that a sum not to exceed $10,000.00 be appropriated for such purpose;
Now Therefore Be It Resolved:
1. That the Board of Auditors be authorized to employ a Project Engineer whose duties shall include inspection of the construction of the new Court House and utilities at the Service Center;
2. That a sum not to exceed $10,000.00 be appropriated from the Contingent Fund to the Auditors' budget for this purpose for the balance of the current year;
That the classification of said position and the salary range be referred to the Salaries Committee with power to act.
Mr. Chairman, on behalf of the Special County Building Committee, Ways and Means Committee, and Buildings and Grounds Committee, I move the adoption of the foregoing resolution.

Two-thirds of the members elect having voted therefor, the motion was adopted.
Misc. 3539
By Mr. F. Smith
IN RE: LEGISLATION TO BROADEN COUNTY TAX BASE
To the Honorable Board of Supervisors
Mr. Chairman, Ladies and Gentlemen:
The County Tax Allocation Board held its final session yesterday and set the County rate at 5.62 mills. This is the same rate as allowed the County last year and will leave the County $1,460,800.52 short in balancing the tentative 1960 budget as approved by this Board on April 27, 1959.
The feasibility of an appeal to the State Tax Commission has been considered but is not recommended. We are dealing with a situation that is more involved than what might be accomplished through such an appeal, even if successful from the County standpoint. We are confronted with a problem that cannot be solved under the present 15 mill Constitutional limitation.
The record of the Tax Allocation proceedings for the past several years very positively shows that the property tax is inadequate to meet the revenue requirements of the County. This is also true as to the school districts.
Since it appears that the County will not be able to balance its 1960 and future budgets with income under the 15 mill tax limitation, we will have to look to the Legislature for relief.
The School Districts of the County have indicated that they are favorable to assisting the County in a program to have the State assume a proper share of the welfare costs and other legislation which will broaden the tax base of both the County and School Districts.
Mr. Chairman, I offer the following resolution: Be It Resolved that Oakland County Board of Supervisors go on record as favoring legislation which will permit the State of Michigan to assume a larger share of the welfare costs now paid by the County, and new legislation designed to broaden the tax base of the County.
Be It Further Resolved that the Legislative Committee of this Board be authorized to make a study of such legislation as will carry out the intent of this resolution and be given power to act in making such recommendations to the State Legislature on behalf of this Board as may be approved by a majority of such Committee acting on behalf of this Board between meetings thereof, all such recommendations and action to be reported to this Board at the following meeting;
Be It Further Resolved that the County Clerk forward certified copies of this resolution to the President and Clerk of the State Senate, the Speaker and Clerk of the State House of Representatives, to each of the Legislators representing Oakland County, to each of the Boards of Supervisors in the State, the State Association of Supervisors and the Supervisors Inter-County Committee.
Mr. Chairman, on behalf of the Ways and Means Committee, I move the adoption of the foregoing resolution.

WAYS AND MEANS COMMITTEE
FRED W. SMITH, Chairman
R. C. CUMMINGS
HILAND M. THATCHER
ORPH C. HOLMES
FRANK J. VOLL, SR.
JOHN L. CAREY

Moved by F. Smith supported by Cummings the resolution be adopted.
Discussion followed.
Moved by Elliott supported by Allerton the resolution be tabled
A sufficient majority not having voted therefor, the motion lost
Moved by Carey supported by Hudson the resolution be amended by changing the seventh paragraph to read as follows:
"Be It Further Resolved that the Legislative Committee of this Board be authorized to make a study of such legislation as will carry out the intent of this resolution and report back to this Board for approval before taking action;"
A sufficient majority having voted therefor, the motion carried.
Vote on resolution, as amended:
A sufficient majority having voted therefor, the resolution, as amended, was adopted.
Moved by Goodspeed supported by McPherson that a copy of the notice of the appeal of Wixom City be sent to all assessing officers.
A sufficient majority having voted therefor, the motion carried.
Moved by Clawson supported by Cummings that the meeting be adjourned.
A sufficient majority having voted therefor, the motion carried.

DELOS HAMLIN,
Chairman

DANIEL T. MURPHY, JR.
Clerk

JUNE 22, 1959

Meeting called to order by Chairman pro tem Hiland M. Thatcher.
Invocation given by Reverend Francis T. Stack of St. Hugo of the Hills Catholic Church, Bloomfield Hills.
Roll called: Allerton, Alward, Bender, Bonner, Cardon, Carey, Castle, Cheyz, Christensen, Clack, Clark, Clawson, Croteau, Cummings, Davis, Dickens, Dohany, J. W. Duncan, Elliott, Ewart, Fouts, Frid, Goodspeed, Hall, Hamlin, Heacock, Hildebrandt, Hill, Hoard, Hocking, Horkey, Horton, Huber, Hudson, Hulet, Hursfall, Ingraham, Kephart, Kiser, Knowles, Levinson, Lewis, Lilly, MacDonald, Majer, McCartney, McGovern, McPherson, Menzies, Clarence Miller, Cyril Miller, Mitchell, Oldenburg, Ollar, Quinlan, Ransom, Remer, Rhinevault, Romer, Schock, Semann, Sinclair, F. Smith, W. Smith, Solley, Staman, Stevens, Swanson, Taylor, Thatcher, Tiley, Tinsman, Webber, Yockey. (74). Quorum present.
Mr. Ingraham stated that he had contemplated making a motion to reconsider the resolution regarding the court house contract, but since this action might lead to further litigation, the motion would not be made.
Moved by Cyril Miller supported by Lilly the minutes of the previous meetings be approved as printed.
A sufficient majority having voted therefor, the motion carried.
Moved by Cummings supported by Bender the Journal for the April Session be approved and closed and the April Session stand adjourned sine die.
A sufficient majority having voted therefor, the motion carried.

Revolt Crushed in Honduras

Report Sunday Fighting Is Second Attack Led by Veleasquez

WASHINGTON (AP) — The State Department reports that for the second time in two months the Honduran government has crushed an armed revolt led by the same man.

★ ★ ★

The department quoted the U.S. Embassy in Tegucigalpa as saying Sunday's revolt was short-lived but that there was heavy firing in the area around police headquarters in Tegucigalpa.

The embassy said government troops and police beat back the attack, launched with a few pieces of field artillery as well as rifles and pistols.

★ ★ ★

The reports named the leader of the revolt as Armando Veleasquez Cerrato, former army chief of staff, and said by agreement he was permitted to leave the Central American country again.

The State Department received no information on the number of troops involved in the fighting, nor of the casualties.

But travelers arriving in Nicaragua from Honduras Sunday night said more than 100 persons were killed in Tegucigalpa. They said police, cadets of the Military Academy and troops at the San Francisco barracks took part in the revolt.

★ ★ ★

A Honduras government radio broadast blamed the revolt on a "black army of civilians and Cuban Communist mercenaries."

Veleasquez led an attack by 500 rebels last May 11 on Gracias, a state capital in western Honduras. Those rebels were driven into the mountains and Veleasquez reportedly took refuge in Costa Rica.

The Honduran government of President Ramon Villeda Morales has been hit by sporadic revolts and terrorism since it was elected to office 20 months ago. The president was named for a six-year term as the candidate of the Liberal party.

Mute on Charge Mrs. Millican

Trial in Shotgun Slaying of Husband Expected to Be Held This Fall

Mrs. Edna L. Millican appeared today in Oakland County Circuit Court to answer to a charge of manslaughter in the June 22 shooting of her husband.

Mrs. Millican, of 1570 Perry Lake Rd., Brandon Township, stood mute on the charge and asked Circuit Judge William J. Beer to appoint Pontiac attorney David C. Pence to defend her in her coming trial.

Judge Beer appointed Pence as well as entering a plea of innocent for Mrs. Millican. She was released on a $2,500 bond. Her trial will probably be reached this fall.

Ernest Millican, a 40-year-old Pontiac factory worker, was shot to death in the basement of the Millican home where he discovered his wife trying to hide his 12-gauge shotgun.

Mrs. Millican later admitted to Oakland County Sheriff's Detective Leo Hazen that she loaded the gun for her protection, fearing her drinking husband might use the gun on her.

Push Lake Diversion as 'Harmful to None'

WASHINGTON (AP)—Illinois supporters of a bill to permit Chicago to divert more water from Lake Michigan insisted today no damage to other Great Lakes states and Canada would result.

Gov. Nelson A. Rockefeller of New York contended the additional diversion would cost users of the Great Lakes and St. Lawrence River many millions of dollars annually.

Rep. Thomas J. O'Brien (D-Ill), sponsor of the measure which passed the House earlier this year, testified it "will not be injurious in any respect to any of the communities on the Great Lakes."

Sen. Paul Douglas (D-Ill) told a Senate public works subcommitte "much good and no harm" would come from the one-year trial diversion and two-year study called for in the bill.

French Socialists Elect Guy Mollet as Leader

PARIS (UPI)—The French Socialist Party last night elected ex-premier Guy Mollet as its leader for the 14th consecutive time.

The Congress endorsed Mollet's line of "constructive opposition" to the De Gaulle government and called for new efforts to arrange a liberal cease-fire solution in Algeria.

Wishes U. S. 'Peace, Prosperity'

Kozlov Flies Back Home

NEW YORK (AP)—Soviet Deputy Premier Frol R. Kozlov wished the American people "peace and prosperity" today. Then he stepped aboard a Soviet jet plane and took off for Moscow.

In a brief message at the airport he said one of his chief impressions of his visit to the United States is that "the American people as the Russian people are striving for eternal peace between our two countries."

★ ★ ★

He expressed appreciation "for the warm welcome I received during my two-week trip around the United States." He arrived here June 28 to open the Soviet Scientific and Cultural Exhibition.

He flew back in the same plane that carried him here, a four-engine jet-prop TU114, the world's largest airliner. He was accompanied by the plane's designer, Andrei Tupolev.

★ ★ ★

Asked if Premier Nkita Khrushchev would visit the United States, Kozlov replied "it is difficult to say now."

Kozlov said Sunday he agreed with Khrushchev's prediction — made in a televised interview — that the grandchildren of present-day Americans would live in a Socialist society.

He said, however, that he believes the system any country adopts should be the internal business of its people.

Letters Reveal Fiscal Concern

Congressional Mailbag Shows Public Interest in Inflation Issue

WASHINGTON (UPI) — A glimpse into the congressional mailbag disclosed today that more and more voters are writing their congressmen to appeal for action to halt inflation.

★ ★ ★

Members of congress polled informally by United Press International generally appeared to be aware of and sensitive to this change in the content of their mail.

They said letters now being received reflect "more constant talk" about inflation and that "the people seem to have this idea in mind" more and more.

The letters run the gamut of fiscal issues. Some writers complain of the inroads on fixed income caused by inflation. Others want their congressmen to cut federal spending, reduce waste, increase employment.

The mail has been augmented by a coupon campaign. The poll showed people have been clipping from newspapers, signing and mailing in anti-inflation coupons. (The Pontiac Press recently published such coupons and urged readers to use them in combating inflation.

Rep. Alfred E. Santangelo (D-N.Y.) said his office sent out mimeographed replies to 200 or more "stop inflation" coupons he received.

He said he thought the campaign was effective. He said it "enforced" his belief that voters considered fiscal issues of prime importance and "compelled me to think of cutting expenses wherever possible."

Rep. Peter F. Mack (D-Ill) said the coupon mailings were not like an organized pressure campaign because, "after all, people had to go to some effort to clip them, find a stamp and mail them."

He said his own thinking was not influenced "because I don't think I'm the spender type in the first place." However, Mack said, it indicated people have "given a lot of thought to the tremendous federal outlays, particularly for foreign aid and defense."

★ ★ ★

Sen. Henry M. Jackson (D-Wash) said there seemed to be a "cumulative effect" that had built enough interest to prod voters to write their congressmen about inflation.

Jackson, who said indirect controls such as the "tight money policies" have failed, foresaw no cuts in spending due to a "25 to 50-year economic conflict with the Russians." He advocated stringent standby wage and price controls to halt inflation.

Rep. Armistead Selden (D-Ala) said that "people, at least in my district, are disturbed about inflation." He said voters' opinions definitely "carry some weight." He added he was willing to vote to cut spending and "glad to have my people's support."

Rep. John E. Moss (D-Calif.) said he replied to the coupon senders by suggesting they name specific expenditures that could be cut.

Tooted His Horn Loud and Often —to Wrong Guy

A 22-year-old Pontiac driver tooted his horn at the wrong fellow Friday.

Vern Coleman of 288 First St. blew and blew at a car he was following down West Walton boulevard Friday afternoon.

But the other fellow wouldn't speed up.

Coleman then pulled up alongside the other driver and gave him a piece of his mind.

The "other fellow" was an off-duty Pontiac police officer, Lt. George T. Scott.

And the "other fellow" was mad. He signed a warrant against Coleman.

Coleman was quiet Saturday. He pleaded guilty to making excessive noise when brought before Municipal Judge Maurice E. Finnegan.

He was fined $5.

Ike Asks 1½ Million to Utilize Sea Water

WASHINGTON (AP)—President Eisenhower today asked Congress for $1,550,000 to be used for construction of the first demonstration station for conversion of sea water to fresh water.

This request for the Interior Department's office of saline water was one item in a total of $3,435,000 asked by Eisenhower.

Royal Oak Woman Dies in 2-Car Crash

A Royal Oak woman was killed in an automobile accident Saturday near Southampton, Ontario.

Mrs. Edward S. Waltz, 41, of 2834 Bamlet St., Royal Oak, died instantly when a car driven by her husband crashed head-on into another vehicle on Highway 21, 20 miles west of Owen Sound, Ont., near the Lake Huron resort town.

Her husband and two daughters also were injured in the crash and taken to the hospital. No report on their condition has been issued by the hospital yet.

Waterford to Study Employe Pay Setup

Additional classification of Waterford Township employes will be the main item scheduled for tonight's township board meeting.

A discussion, continued from last week, will involve a more definite plan for salary setups of new and experienced employes, according to Clerk James R. Seeterlin.

Police Chief Millard J. Pender is expected to present a recommendation for an additional patrolman.

The department already has hired three of the five newly authorized policemen.

UAR Rejects Red Bid

BEIRUT (UPI)—Beirut radio reported last night that the United Arab Republic has rejected a bid by Communist East Germany to open a diplomatic mission in Cairo.

Convicts Hold 3 Hostage in Tennessee Coal Mine

PETROS, Tenn. (AP) — Convicts in Brushy Mountain State Prison coal mine seized three mine foremen today and are holding them hostage, Warden Frank Llewellyn said. The warden said 116 convicts in the mine released one foreman, Tom Jones, who brought out word about the seizure.

Llewellyn identified the men being held as Ben Davis, Shirley Bunch and Earl Hensley.

"The prisoners seized the men about two hours after they went to work in the mine this morning," Llewellyn said.

"So far we don't know what they want," the warden went on. "There has been no complaint and we haven't had any trouble in the mines before."

The prison operates three coal mines in the Cumberland Mountains which produce coal for state institutions.

The warden said that so far as he knows the prisoners are not armed.

"The foremen go into the mines with the prisoners unarmed," Llewellyn said. "Their job is to make safety checks."

The warden said that up to 11:30 a.m., two hours after the men were seized, the prisoners had issued no ultimatum.

"They haven't threatened the men—they're just holding them," Llewellyn said.

The prison is about 40 miles west of Knoxville.

The mine is about three-fourths of a mile from the prison.

Prison guards patrolled outside the mouth of the shaft.

Romulus Man Suffocates

ROMULUS (AP) — Herman Emmons, 44, of suburban Romulus Township, suffocated when a fire swept his home yesterday. Deputies said Emmons apparently fell asleep while smoking.

Dog Needs Interpreter

McALESTER, Okla (AP) — The Puerto Rico-born dog of Bob Alexander had a two-fold problem. He became lost temporarily and, according to his master, was unable to understand English.

BARBARA J. ROBINSON

Graduating from Central Michigan University with a B.S. degree in English and an elementary teaching certificate was Barbara Joan Robinson, daughter of Mr. and Mrs. Bobbie Robinson, 393 Ditmar St.

Butler Refuses to Be Replaced

Democratic National Chairman Doesn't Think Plot Will Succeed

WASHINGTON (AP)—Paul M. Butler says some Democrats want to replace him with a member of Congress as Democratic national chairman so they can control the party's 1960 convention. He doesn't think they will succeed.

Butler said he will continue to urge a more "positive and aggressive" legislative program in Congress. He considers it his job, he said, to express "what I feel to be the majority point of view."

★ ★ ★

In a news conference Saturday and in a television interview Sunday, Butler insisted he's only reporting the sentiment he finds and not directly criticizing such leaders as Senate Democratic Leader Lyndon B. Johnson of Texas and House Speaker Sam Raburn (D-Tex).

Butler in turn has come in for criticism in Congress since he said a week ago the party faces trouble in the 1960 elections unless its leadership in Congress moves more in the direction he advocates.

He said Sunday there are reports his Capitol Hill critics already have agreed to support a Western senator as his successor. Others discounted his report.

Sen. Mike Mansfield (D-Mont), the assistant Democratic leader, said he knew of no move to replace Butler with a Western senator.

"I would like to see Butler stay on and do just a little bit better job than he has been doing," Mansfield told a reporter.

Without reference to Butler's talk of an ouster move, Sen. Stuart Symington (D-Mo) said he was not suggesting at this time that Butler should resign.

Butler expressed confidence he will continue as chairman, and said the national committee "is not about to elect a member of the Senate or House as chairman."

Any ouster move probably would come up at a mid-September meeting of the Democratic National Committee. Butler said he has no plan to resign unless a majority of the committee thinks he should quit.

Girl, 15, Injured Water Skiing

Hurt on Cooley Lake; Weekend Also Brings Arrest of Area Boater

One arrest and one injury were recorded over the weekend on area lakes, according to the Oakland County Sheriff's Department.

Delphine Stempien, 15, of 8015 Edward St., Center Line, was listed in satisfactory condition today at Pontiac General Hospital with a fractured pelvis suffered when she was water skiing on Cooley Lake late Saturday.

Deputies she she was unable to avoid a boat operated by a 9-year-old boy, Russell Lentz, of 8868 Charbane St., Milford. She was being pulled by a boat operated by her father.

Neither operator was held. Deputies said the girl's "inexperience" as a water skier was mainly responsible.

The same afternoon Deputies Mel Pierce and Donald Johnston noticed an Avon Township man, Paul J. Timmreck, 57, of 1150 E. Avon Rd., getting into a boat at a landing on Lakeville Lake, Addison Township.

"He nearly fell into the water," said Pierce: "Then he took off across the lake at a high rate of speed."

When deputies caught up, they said the man was unable to bring his boat alongside. Timmreck, deputies said, dumped a bottle of beer into the water and they found more in his boat.

He was arrested and charged with operating a motor boat while under the influence of alcohol, and is scheduled to be taken to court today.

Harriman Asks West to Accept East Germany

NEW YORK (AP) — Limited acceptance of the East German Communist regime by the West without giving it diplomatic recognition is proposed by W. Averell Harriman, former ambassador to the Soviet Union.

Harriman, Democratic ex-governor of New York, added that he considers control of nuclear weapons the vital issue and Berlin largely a diversion in the current East-West impasse.

★ ★ ★

Harriman gave his views on a CBS television program. Harriman discussed the impressions he got in talks with Soviet Premier Nikita Khrushchev during a recent trip to the Soviet Union.

Harriman said Khrushchev gave hi the impression that something might be worked out on Berlin "if we give some acceptance to the East German regime."

Rebels Try to Hold Argentine Navy Fleet

BUENOS AIRES, Argentina (UPI) — Rebellious naval officers tried to hold the Argentine fleet in Buenos Aires harbor today to force the resignation of Adm. Adolfo B. Estevez as secretary of the navy, but it appeared the move would fail.

The new rebellion was part of a series against the government of President Arturo Frondizi by military men who believe he has been too lenient with the followers of former dictator Juan B. Peron. There have been a series of such crises since early summer.

The frigate "Heroina" sailed out of the harbor shortly after a command conference aboard the carrier Independence yesterday and it was expected the rest of the fleet would follow this morning.

The fleet was assembled in the harbor for Independence Day celebrations last Thursday and was scheduled to leave today.

Reds Say China Missed Grain Production Goal

TOKYO (AP) — China's Communist party has made plain the country did not reach the 525-million-ton grain production goal Premier Chou En-lai fixed for 1959. It hinted that Chou had set the mark too high.

★ ★ ★

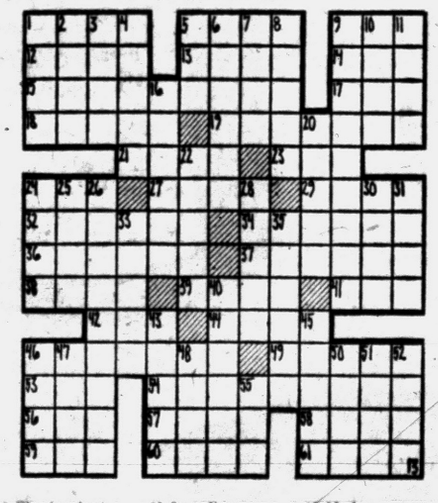

Severe floods in vast agricultural areas of south China have cut further into the prospective crop.

VISITORS FROM INDIA — J. N. Chaudry (left), information officer for the Indian Embassy in Washington, D.C., his wife and his brother, V. N. Chaudry, design engineer for Clearing Machine Corp. of Chicago, inspect truck manufacturing operations during a visit to GMC Truck & Coach Division facilities here.

Judge Cancels Rights Hearing

Federal Jurist Frees 17 Louisiana Registrars of Voters From Probe

SHREVEPORT, La. (AP) — A federal judge canceled the appearance of 17 voter registrars before a U.S. Civil Rights Commission hearing today and ordered a three-judge panel to test the law creating the commission.

★ ★ ★

U.S. Dist. Judge Ben C. Dawkins Jr. said rules of the hearing denied the registrars their constitutional rights to know their charges, confront witnesses and cross-examine accusers.

★ ★ ★

Dawkins added there was also a serious question raised about the validity of the act establishing the commission. He said he would leave that to the three-judge court.

The judge granted a temporary restraining order on a petition by Louisiana Atty. Gen. Jack P. F. Gremillion, and set the special tribunal date as July 22. Gremillion had described his petition as the first aggressive action against the commission.

★ ★ ★

The six-member commission, headed by President John A. Hannah of Michigan State University, came here to study complaints of 67 north Louisiana Negroes who alleged registrars had unlawfully deprived them of their rights to vote.

★ ★ ★

The commission, after investigation were unsuccessful in questioning registrars, subpoenaed the registrars and their records.

Hollywood TV Goes Commercial

Show Was All Spots

HOLLYWOOD (UPI) — They said it couldn't be done but a local television station has done it — a half-hour show made up exclusively of commercials.

The show, which is being shown over station KTTV, brought only congratulations from listeners after its Saturday night debut, according to a station spokesman.

"Twenty-one calls were received in the first 10 minutes after the show," said the spokesman, "and they were all positive. We had no callers saying they didn't like it, as far as I know."

But, he noted, viewers were requested at the end of the show to write letters telling how they felt about the experiment, so a true sample of the response probably won't be available until later in the week.

The show, entitled "Cavalcade of Spots," was malde up of 15 commercials. Eleven came from abroad. Actor Richard Carlson sat in as a narrator, filling in the gaps between commercials.

★ ★ ★

KTTV, listing the show as "entertainment," said one of the points it was trying to prove was that any show will sell — as long as it's entertaining.

"We are trying to answer persons who criticize commercials simply because they are commercials," said a spokesman. "We think the public is interested only in whether a show is entertaining, not whether it's labeled sustaining or commercial."

Dodge Workers, Leave Detroit, Says UAW Head

DETROIT (AP) — The head of a United Auto Workers local told 4,000 unemployed workers yesterday that they would be better off if they left the world's auto capitol and sought jobs elsewhere.

C. Patrick Quinn, president of UAW Local 3 at the huge Dodge Main plant, advised jobless Chrysler workers at a rally to go to St. Louis where he said Dodge cars will be built after the 1959 model changeover.

The production shift was denied man who said the firm will conlater by a Chrysler Corp. spokes-tinue to produce Dodges at the suburban Hamtramck plant along with its new compact cars, the Dart and the Valiant.

Quinn had told the rally that the plant would produce the compact cars exclusively after the model changeover, scheduled to begin in about six weeks.

"If I had seniority less than of 1949, I would go to St. Louis," Quinn said. "That is a new plant, designed for today's production."

Quinn said Chrysler has offered to transfer 390 workers to the St. Louis installation but the labor leader said he hoped to persuade the company to raise the number to 1,000.

★ ★ ★

Quinn told the workers, representing 13 UAW locals in Detroit's east side, that the Dodge main plant may end up like the Packard Motor Car Co. and Hudson Motors plants here. Both were abandoned when the two firms eased operations as independents.

The Chrysler spokesman said that with the addition of the Valiant and Dart some 4,000 workers will be added at Dodge main.

"We're not going to move out of Hamtramck," he said. "We're going to stay there and put on a lot more people."

Sherry Goes Dramatic and Will Strip No More

By EARL WILSON

NEW YORK — All over the world, the strip-tease is becoming the great art form—but Miss Sherry Britton is giving it up . . . to work with her clothes on.

★ ★ ★

Sherry wants to act, to emote, to cause a tear to plop down the nose of the lady from Teaneck, N. J., in the 17th row, to bring a gulp instead of a whistle from the bald-headed old geezer with the misty bifocals in seat A-1.

WILSON

"Yes, I know that all over the globe they are strip-teasing," said Miss Britton a few hours since. "In Japan, in France, where the Crazy Horse and Le Sexy are the big things, and also in supposedly sedate old England.

Sherry's out in God's country (Ohio, of course), doing summer stock around Warren and Dayton.

She will be seen (clothed) in "Out of This World" with Gene Nelson in Dayton the week of July 21, and in "On the Town" with Harold Lang in Dayton the week of July 28.

"Oh, it seems wonderful," Sherry glowed one day recently at the Spindletop. "For the first time the summer theater is paying me more than my night club salary.

"My artistic desire and my financial desire finally caught up with each other."

Sometimes her strip-tease fans are perhaps a little miffed at seeing her all wrapped up in a lot of clothes, but mostly they know she wants to act, and are very sensible about it.

JILL

THE MIDNIGHT EARL . . .

Louis Armstrong visited the Roundtable, played a set with the **Jack Teagarden** group . . . **Orson Welles'll** narrate **ex-King Leopold's** African documentary film . . . **Lance Reventlow's** girl friend, redhead **Jill St. John,** becomes a brunette for "Holiday For Lovers."

Queen, Philip Do Well With Fishing Gear

KAMLOOPS, B.C. (AP)—Queen Elizabeth II went fishing Sunday and she and Prince Philip each pulled in several rainbow trout.

★ ★ ★

The report from Pennask Lodge, a remote mountain retreat, was received by Royal Canadian Mounted Police radio after an RCMP plane carrying dispatches from Pennask was unable to land in Kamloops because of turbulence.

The royal couple attended a morning prayer service and communion.

★ ★ ★

Dean J. C. Jolley of St. Paul's Anglican Cathedral in Kamloops flew into the 4,600-foot-high lake resort to conduct the service.

The Queen and her party are staying at a lodge built in 1929 by James Dole, Hawaiian pineapple king, and now owned by a club made up of United States and Canadian citizens.

Report Peak Rice Crops

ROME (UPI)—The United Nations Food and Agriculture Organization (FAO) reported today that rice production hit a new record this year. It said production for the 1958-59 period reached 135 million tons, nine million tons more than in the previous year.

TV News and Reviews

Wayne, Shuster Brighten Summer With 12 Corpses

By FRED DANZIG

NEW YORK (UPI)—Wayne and Shuster, almost the only delegates to weekend TV from the world of comedy, managed to litter the Ed Sullivan Show's stage with a dozen corpses during a Charlie Chan spoof that used hula hoops for murder weapons.

★ ★ ★

While some of the gags they incorporated into the sketch were groaners, their flair for zaniness pulled them through. They hold up well on these long summer nights.

Speaking of summer, pantomimic-banjoist Gene Sheldon, who was a guest on the NBC-TV Chevy Show Sunday night, seems to be as much a part of the warm weather TV scene as the one and only Mike Stokey of Pantomime Quiz.

They say no actor can resist the lines put forth by Shakespeare, and I suppose that was what lured Claude Rains into appearing as an alcoholic actor-turned-blackmailer in last night's Alfred Hitchcock Presents on CBS-TV.

He even died reciting lines from Hamlet.

Perry Presents, the somewhat ruffled summer replacement for the unruffled Como Show, offered Gloria DeHaven in place of Teresa Brewer on Saturday night.

★ ★ ★

But that's not the answer to this show's troubles. A quick injection of Point Four financial aid might do it better.

The talent on the show, Tony Bennett, Miss DeHaven and The Four Lads, all sing good like good singers should.

And the special material manages to be surprisingly crisp.

But I think this NBC-TV hour needs more opulent sets to help spread the feeling of joy-through-music and dispel the vaudeville air.

Incidentally, just before the show began, a prerecorded plug by Bennett asked NBC-TV viewers to stay tuned for Teresa Brewer (who was dropped from the show five days earlier).

I've heard of low budgets . . .

A new series, consisting of taped tendrils of past Jack Paar shows began unwinding Friday night.

★ ★ ★

Called the Best of Paar, these NBC-TV re-Parr-titions seemed to have more pace than second-best Paar shows.

The quick switches from chit-chat to commercials and back to lively doings is an asset.

But only time will tell if this plus makes up for the loss of spontaneity previously found in those "live" Friday night doings.

BILLING NOTE: Dick Clark on his Saturday night ABC-TV half-hour introduced Connie Francis as "America's number one female vocalist." To arms, fans of Dodie Stevens.

May Complete Control Measure

Labor-Management Bill Rights Provision Last Problem for House

WASHINGTON (AP) — The House Labor Committee may complete work this week on a labor-management control bill.

This was reported today by committee members after a month of wrangling behind closed doors over details of the bill already passed by the Senate.

The faction-split committee this week tackles the major controversial provisions of the Senate measure—the "Bill of Rights" for labor, and amendments to the Taft-Hartley labor relations law.

Although the big fight still is to come, Chairman Graham A. Barden (D-NC) has won an agreement from a majority of the committee to try to wind up bill-drafting sessions by Friday night.

Completion of a committee bill this week could clear the way for House action possibly by Aug. 1, thereby removing one barrier to adjournment by Labor Day.

A number of factors are seen as improving chances for a committee windup this week.

One is the conviction of House leaders that Congress must enact some labor lregislation this session.

Another is the evident belief among many members of the labor group that regardless of what kind of a bill they draft, a floor fight for wholesale revision of the committee version is inevitable.

NAACP Convention Opens in New York City

NEW YORK (UPI) — About 2,000 delegates from throughout the nation gathered today for the opening session of the annual week-long convention of the National Association for the Advancement of Colored People.

The delegates, marking the association's 50th anniversary, will meet in the New York coliseum throughout the week, then move to the polo grounds for a final session Sunday.

Welcoming addresses will be delivered at a mass meeting tonight by Gov. Nelson A. Rockefeller, Acting Mayor Paul T. O'Keefe and Manhattan Borough President Hulan E. Jack. Dr. Channing H. Tobias, the association's board chairman, will make the keynote address.

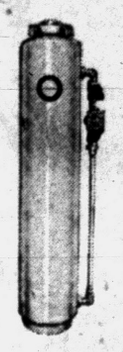

At a news conference yesterday, Roy Wilkins, the NAACP's executive secretary, cited a virtual end to lynching as among the association's major accomplishments in recent years.

A man who saw his wife come from an auction loaded down with antique junk, sighed, "It's amazing the things some women would rather have than money." —Earl Wilson.

'World Refugee Year' Challenges Decency

By PHYLLIS BATTELLE

NEW YORK—Three years ago on a bleak day when a petulent wind froze the "welcome smile on your face and changed you to a grinning gargoyle, the first Hungarian refugees landed at Camp Kilmer, N. J.

They came in assorted sizes and sexes and emotions, but all the recently brave Hungarians had one expression in common—numbness.

Life had moved too fast. Maybe two weeks before they had frantically taken their lives and whatever else was not too burdensome in their hands and fled their homes. Now, abruptly, they were in a new land and now, after a long sad flight across an ocean they'd never thought to cross, they realized the revolt was over and they had lost everything.

The losers straggled off the big plane onto the runway. When the wind hit them they shivered, under the smallest child's sweater and the bulkiest wheelchair robe. And there they waited, docile and silent, until a large man in an officers' uniform stood up on a small wooden platform and gave them a "greeting" in keeping with the weather.

By one of those happy freaks of memory which sometimes blots unpleasantness out of your subconscious, I do not remember his name or his rank or the exact words he spoke. But their meaning was clear, and they were degrading.

★ ★ ★

First, he commanded the refugees to remove their hats and salute the American flag. He said they were fortunate indeed to be allowed to come here. He commanded them to forget the blood that was still being spilled among their friends and families in Hungary (a sensible order that brought tears to the more sensitive Hungarians, and curdled the blood of warmer hearted Americans).

And finally he warned, rather than welcomed—said that these people would find a kindly reception in the great United States IF they behaved themselves like decent citizens.

As I said, the refugees were cold and numb. The callenge to be decent citizens followed so closely the wrenching reference to their suffering friends back home, it got lost. The "welcome" was not quite as cold as the terror that ha' evived in their minds, were not offended.

I prayed that night, along with dozens of other Americans who had watched this spectacle of official insensitivity, that these brave refugees would find some warmth west of Camp Kilmer.

They did, most of them. Of 40,000 Hungarians who migrated, only 604 returned to their native land out of homesickness.

★ ★ ★

Source of that news is Mrs. Ruth Tropin, an official in ICEM (Intergovernmental Committee for European Migration) who has met thousands of planeloads and shiploads of refugees since that day. She came to the office to discuss "World Refugee Year," which began officially July 1st. "There are so many sad confusing facts, so many overwhelming statistics," she said, "but it does no good to discuss the 'poor poor refugees' and break the hearts of Americans who are already sympathetic."

Better, in world refugee year, she said, to clear up the record and advise people who may be prejudiced against America's continually-expanding immigration quotas that:

"When you are lucky enough to meet a new refugee in your community, you meet a person of intelligence and high ideals.

"Refugees are about as fiercely anti-Communist as any group you can find anywhere, because they've tasted Communism and rejected it—at a cost of losing perhaps 10 or 15 years of normal living, in order to be free.

"They have gumption and high principles, or they would not have exchanged the known for the limbo. When they discover freedom in the United States, they are loyal—a higher percentage of refugees become citizens than any other migrant group."

"Be kind to them." If not out of pure sympathy, then out of pure realism—knowing that these people who will fight even more fiercely for freedom than could a generation of Americans who have never, personally, felt the loss of liberty.

MID-SUMMER TERM

STARTS MONDAY JULY 20

Speedwriting Shorthand
Gregg Shorthand
Business Administration
Clerk - Typist
Higher Accounting
Typewriting
Comptometer – Calculator

Special Courses Are Available

VETERAN APPROVED

The Business Institute

7 W. Lawrence St. PONTIAC Phone FE 2-3551

A Free Demonstration Class in Speedwriting (the Shorthand written with ABC's) will be held Monday Evening, July 20, at 7:00 P. M. The public is invited.

SEARS ROEBUCK AND CO.

SUMMER THRIFT DAYS SALE!

Master-Mixed HOUSE PAINT

Regular 5.29 Gal.

3.99 Gal. in 5 Gal. Pail

✓ Gallon covers 600 sq. ft.
✓ Fume & mildew resistant

One coat protects; hides similar colors. Produces tough seal, locked-in beauty and contains mildew resistant ingredients. Available in white only. Come in today and bestow new dignity to your home. Hurry in now!
