

Sheriff Given Eight More Deputies

Increased County Road Program Seen

Supervisors OK New Personnel in Two Offices

State Awaiting Turnpike Action to Decide Plans

Lt. Gov. Philip A. Hart Queries Deputy Road Commissioner

By BURDETT C. STODDARD

Deputy State Highway Commissioner George Foster yesterday said the list of priorities of planned road improvements to come from the new 1½-cent gas tax is "not the last word as far as Oakland County is concerned."

Lt. Gov. Philip A. Hart interviewed Foster on request of the Pontiac Press. The priority list, announced last week, included only one project on an Oakland road, despite the fact the county will pay the second highest share of the added levy.

Foster told Hart the Highway Department is waiting to see whether the proposed toll road will be built to run north through the county. (A court decision, settling the matter, is expected this fall.)

Foster indicated that even if the turnpike is built, Oakland can expect an increased program on other state roads inside its boundaries, said Hart.

"Foster said the Highway Department will not be able to plan where road expansion will be most needed in Oakland until it knows whether the toll road will be built," Hart explained.

"Once the turnpike decision is final, the department feels it will be free to plan more road improvement in the county from both the new and old highway funds," Hart added.

Foster mentioned, in particular, work needed on U.S. 10 (Woodward).

INVESTIGATE NEEDS

Meanwhile, the Oakland County Board of Supervisors yesterday passed a motion directing its Road Commission and Plan Commission to investigate Oakland's highway needs and communicate them to the state.

Troy Township Supervisor Norman R. Barnard said, "It appears Oakland has been slighted in this priority list and we've got to bring some pressure to bear."

Just what main Oakland highways are eligible for improvement through funds supplied by the new 1½-cent tax?

The act, authorizing the increase, stipulates that 75 per cent of new money must be used on the interstate-highway system. The (Continued on Page 2, Col. 2)

4 U.S. Women Tennis Victors

Hart, Brough, Fleitz, Hard Gain Semi-Finals at Wimbledon

WIMBLEDON, England — Four American women tennis stars, headed by former champions Doris Hart and Louise Brough, swept into the semi-finals of the Wimbledon women's singles championships today with straight set victories.

Mrs. Beverly Baker Fleitz of Santa Monica, Calif., seeded third, completed the quarter with a 6-2, 6-2 victory over Britain's last player, Angela Buxton, after Miss Hart, Miss Brough and Darlene Hard of Long Beach, Calif., had won easily.

Miss Hart, the 1951 Wimbledon champion from Coral Gables, Fla., defeated Mrs. Dorothy Head Knode of Alameda, Calif., 4-1, 6-3.

Miss Brough, of Beverly Hills, Calif., three-time Wimbledon singles winner, routed Australian champion Beryl Penrose, 6-2, 6-0, and Miss Hard eliminated the only unseeded quarter-finalist, Mrs. Zsuzsi Koermoczy of Hungary, 6-2, 6-3. Miss Hart is top-seeded and Miss Brough second.

Back to His Real Parents

AP Wirephoto

PAWN IN COURT BATTLE — An Ohio court has ruled that nine-month-old Kevin (Gene) Smith be returned to his natural parents. Kevin has been the object of a custody fight between his natural parents, Mrs. and Annis Smith of Vag Wert, Ohio, and his foster parents, Darrell and Veneda Brown of Columbus. Mrs. Brown said Mrs. Smith gave her the baby with the understanding that the Browns could adopt him after the Smiths were divorced. The Smiths later reconciled.

Officials Discuss Method of Getting New Armory

City officials and National Guard leaders laid the groundwork for acquiring a new armory last night, as they met in a procedural session.

"We discussed several sites," City Manager Walter K. Willman said, "and reviewed the complicated procedure to be used for getting the new building."

"Pontiac is way down on the list of cities wanting new Guard buildings," the manager added, "because many other cities have already deeded a site for a building to the Guard."

Action Planned to Ease Traffic Congestion Here

The first in a series of recommendations to ease traffic congestion in downtown Pontiac will be undertaken within a week.

At a meeting of city officials yesterday, it was agreed to remove parking meters 50 feet from the intersections on Saginaw street from Auburn to Lafayette, and to adjust parking spaces in the same stretch to 23-foot lengths.

Metered parking spaces along the street now vary from 18 to 23 feet. Making them all 23 feet will ease parking and eliminate traffic line-ups behind parkers, experts believe.

Eliminating parking 50 feet from the intersections will enable right-hand turning cars to make the turns from along the curb, allowing through traffic exclusively to use the second-from-the-curb lane.

The recommendations were among a number included in a lengthy report on solving the traffic problem in Pontiac, released last week by T. M. Vanderstempel, traffic engineer.

At yesterday's meeting were City Manager Walter K. Willman, Electrical Supt. John W. Emerson, Vanderstempel and Lt. Joseph Koren, head of the Police Dept.'s traffic and safety bureau.

Taft Memorial Scored

WASHINGTON — Several senators today questioned whether erection of a 100-foot monument to the late Sen. Robert A. Taft (R-Ohio) on the Capitol grounds would establish a healthy precedent.

3,354 Acres Burned

LANSING — Twenty-six forest fires on 29 acres of land last week boosted the year's damage to 3,354 acres, the State Conservation Department said today.

Back-to-Work Parade Begins at Willow Run

Wildcat Strike Closes Flint Plant as Skilled Workers Defy Orders

DETROIT (AP)—A back-to-work movement at General Motors' Willow Run transmission plant was reported today after a court order prohibiting wildcat strikers from any violence on picket lines.

An unauthorized strike of 150 tool sharpeners closed the plant Wednesday, idling 8,000 workers.

The CIO United Auto Workers called on the men to return to their jobs and to ignore unauthorized picket lines. But they were reluctant to enter the plant after the disorders started.

Circuit Judge James R. Breakley Jr. in Ann Arbor last night issued an order prohibiting trespassing on company property, violence, threats and interference with persons entering the plant.

TOOLERS ARGUE

The tool sharpeners were dissatisfied with the 20-cent hourly package agreement reached between GM and the union two weeks ago.

They contended they were skilled workers and were entitled to an increase of 8 cents an hour like skilled workers in addition to the 6 cents increase allowed unskilled workers.

Harold S. McFarland, GM industrial relations director, said employees began returning to work on the midnight shift and there probably would be a partial day shift working this morning. But he added resumption of full production depended upon a vote on the return to work issue scheduled by the union's local this afternoon.

FLINT STRIKE

Meanwhile, Chrysler Corp. and the UAW scheduled the second day of their talks on a new contract. Also, Flint the GM Ternstedt plant was closed today by an unauthorized strike that idled 8,000 workers. Picket lines were set up yesterday by skilled workers protesting terms of the new GM-UAW contract. Negotiations on local issues were scheduled today.

U.S. Will Ask Full Damages

See Renewed Request for Russian Payment on Plane Attack

WASHINGTON — Early renewal of a request that Russia pay full damages for the shooting down of a U. S. Navy plane appeared likely today.

Secretary of State Dulles gave President Eisenhower a full review of the case last night while they were returning to Washington.

Dulles had flown to Bangor, Maine, earlier so that he could talk over international developments which occurred during Eisenhower's six-day trip through New England. On their arrival late last night at National Airport, Presidential Press Secretary James C. Hagerty said the two men had discussed plans for next month's Big Four summit talks.

Dulles said yesterday the Russians offer of half the damages was "not . . . all that we consider appropriate under the circumstances."

While a renewal of a request for full reparations seemed likely, it did not appear that this country would be adamant in its position. Dulles has already voiced pleasure at Russia's expression of regret, and has made it clear he does not expect the incident to upset plans for the Big Four talks at Geneva.

Voluntarily, of Course

BUENOS AIRES — The boss of Argentina's giant General Confederation of Workers (CGT), the backbone of President Juan Peron's support, reportedly has resigned.

Missing

LT. D. W. BELL

AP Wirephoto

JET FLIERS DOWN—Lt. David W. Bell, son of president of General Mills, Inc., is one of the two Marine jet fliers missing since Sunday night. They are believed alive and drifting in tiny rubber rafts in the western Pacific. A huge air and sea search is in progress for the two Marines. Faint radio signals have been heard and they have been identified as coming from Bell's raft.

Strike Looming in Steel Industry

Union, Firm Meeting Today in Pittsburgh as Deadline Nears

PITTSBURGH (AP)—A nationwide steel strike at midnight Thursday hung in the balance today as top negotiators of U.S. Steel Corp. and the CIO United Steelworkers gathered for a negotiating session. A strike already has been authorized unless big steel and the companies which usually follow the world's largest producer can come up with a wage increase acceptable to the big union.

Big steel has shown no indication that it will up the ante in a counter proposal but some observers thought this was entirely possible.

U.S. Steel, which employs about 150,000 of the 600,000 USW members in the basic steel industry, has offered a wage hike of about 10 cents an hour.

Meanwhile, in Washington some government officials expressed concern over the situation. One unnamed official declared:

"We are pessimistic about a strike being prevented."

Tornadoes and Thunderstorms Kill Five

By THE ASSOCIATED PRESS

Tornadoes or violent thunderstorms that struck in parts of the mid-continent, South and East left five persons dead, more than a score injured and heavy property damage today.

A man and a woman were killed late yesterday when a twister smashed 25 homes at the Hillcrest housing development northeast of Scottsbluff, Neb. Some 25 persons received hospital treatment.

Two persons were killed by lightning in storms that swept parts of Texas and New Mexico last night. Property damage was expected to run between \$100,000 and \$500,000.

Winds estimated at 80 miles an hour lashed several sections of Carlsbad, N. M., tearing down telephone and power lines and flooding streets. Rain and hail followed the winds.

Carlsbad is in southeastern New Mexico near the Texas border. Hail and rain caused severe crop damage in Greenwood Township in east central Pennsylvania. Four inches of rain fell in one hour.

Killed in the Nebraska tornado were Mrs. V. J. Daniels, 50, and

3 Billion Dollar Foreign Aid Bill Opposition Seen

Bentley, Others Attack Appropriation Amount as Being 'Blank Check'

WASHINGTON (AP)—A bill to authorize new foreign aid spending of more than 3.25 billion dollars came up for House action today with critics aiming to pare it down in size.

In advance of debate of the \$3,285,800,000 global aid program, Chairman Richards (D-SC) of the Foreign Affairs Committee told newsmen:

"I hope the bill will not be cut appreciably. The bill passed by the Senate is already cut 139 million dollars. I think that's enough. But what the House will think is another matter."

President Eisenhower requested 3.5 billion dollars in foreign assistance funds for the book-keeping year beginning Friday. Aside from the money cuts, the House bill is substantially in the form outlined by the administration. The bill is merely an authorization which sets a ceiling on foreign aid spending; actual funds will be voted separately.

A sharp attack was leveled at the program in a minority report prepared by four Republican members of Richards' committee. The signers were Representatives Church of Illinois, Bentley of Michigan, Adair of Indiana and Lawrence Smith of Wisconsin. They contended the aid program should be critically reappraised before new funds are authorized, and contended it is so broad as to be no more than a "blank check."

Another section under criticism would give the President a special 200-million-dollar fund for use in Asia without a requirement for immediate accounting.

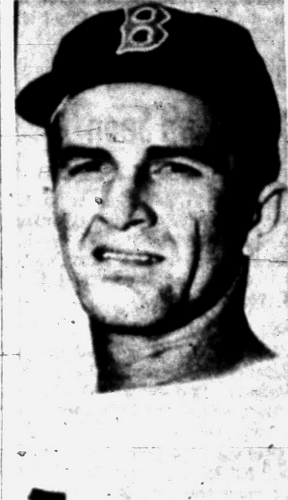

Fair Weather Seen for Today, Tomorrow

Fair tonight and tomorrow with little change in the temperature is the weather forecast for the Pontiac area.

The low tonight is expected to hit between 60 and 64. A high of 80 to 84 is predicted for tomorrow. Light variable winds between 8 and 12 miles per hour are forecast.

Today's low, downtown, before 8 a.m. was 60 degrees. The thermometer registered 84 at 1 p.m.

Career Ends

HARRY AGGANIS

AP Wirephoto

ATHLETE DIES—Harry Agganis, 25, Boston Red Sox first baseman and former college football star, died Monday in a Cambridge, Mass., hospital. Agganis had been ill for several weeks with a pulmonary infection and complications. (See story on page 20).

Area Man Held in Fatal Crash

Lumberman Hugh Rader Jailed Pending Probe of Manslaughter

The Oakland County prosecutor's office today ordered a manslaughter warrant issued for Hugh H. Rader, 40, of West Bloomfield Township, after Rader was involved in a 2-car crash last night which killed an 18-year-old driver and hospitalized three other persons.

Rader, a prominent Highland Park lumber dealer, was to be arraigned before Springfield Township Justice Emmett J. Leib.

Injured fatally was John C. Welch, of 128 Oakwood Rd., Walled Lake. He died at 1 a.m. in Pontiac General Hospital, 1½ hours after the crash on Middlebelt road near Lone Pine road.

His passengers were admitted to the hospital with serious injuries. Iris Richardson, 18, of Northville, was listed in serious condition while Wallace Welch, 19, of Walled Lake, and Richard Fairfield, 20, of Northville, were reported in fair condition by authorities. Police said the Welch youths are not related.

Rader, 40, of 2370 Pine Lake Rd., refused to make a statement this morning to Oakland County Prosecutor Frederick C. Ziem.

State Troopers of the Pontiac Post said the crash occurred when Rader's northbound convertible apparently crossed the center line of the 2-lane highway and crashed broadside into Welch's southbound sedan. Rader, owner of the Hugh Rader Lumber Co. in Highland Park, was alone in his car.

Juvenile Bureau Also Granted 4 Additional Employees

Personnel increases were granted two Oakland County departments by the Board of Supervisors yesterday.

The Juvenile Department was allotted \$6,500 to hire three new case workers and one stenographer.

The Sheriff's Department was granted \$24,460 to obtain eight additional deputies.

The additional Juvenile Department employees were requested by Probate Judge Arthur E. Moore who said case loads were becoming too heavy for the present staff to handle adequately.

A dissenting note was sounded by Walled Lake Supervisor Marshall E. Taylor who said he felt perhaps better organization rather than more workers was the answer.

'EFFICIENT JOB'

Chairman of the Juvenile Affairs Committee, Mrs. Helen P. Roberts, said she thought the department was doing a generally efficient job.

The first motion submitted by the Ways and Means Committee called for only four more sheriff's deputies.

Troy Township Supervisor Norman R. Barnard introduced an amendment wiping the number to eight.

He said sheriff's duties were increasing yearly and the men were needed to maintain proper law enforcement.

Birmingham Supervisor David Levinson opposed the increase from four to eight saying size of the sheriff's budget has almost doubled in the last few years.

Some of the load has been taken on by police departments organized in townships, he asserted. Approval of eight deputies would leave only about \$6,000 in the county's emergency fund, Levinson stated. The amended motion passed with the increased figure. Levinson promptly introduced another to do away with township's subsidizing deputies and have them paid completely by the county.

Warning Issued on Fireworks

Court Fines Awaiting Violation of Ordinance, Chief of Police Says

In an effort to avoid fireworks injuries here over Independence Day, Police Chief Herbert W. Straley today warned residents that possession and use of fireworks are against both state and city laws.

"Every year about this time, children are burned painfully or maimed by fireworks which their parents allow them to handle," Straley stated.

Persons found with fireworks in their possession will be brought into court to face stiff fines, the chief warned. If offenders are under 18 years of age, their parents will be held responsible, he added.

The same holds true for persons found selling fireworks.

The only exception to the statutes are toy pistols which use paper caps, and sparklers.

Straley said special permits will be issued to qualified persons in charge of large public fireworks displays.

Governmental Study Commission Reports

President Eisenhower's highway financing plans came under fire today from a new quarter.

The Commission on Intergovernmental Relations, a non-partisan group set up by Congress two years ago to study tax boundaries and limits to the authority of the various branches of government, filed a 311-page report today. Among other things, it advised highway building by the states, with federal aid, on a pay-as-you-go basis, rather than through borrowing. For full details of the report, see page 12.

After Washington, Home Is Peaceful, Says Wilson

"It is a comfort to come back home to Oakland County and be among our old friends," said Secretary of Defense Charles E. Wilson to a representative of the Pontiac Press during the current weekend.

"Our friends here talk about the things we used to talk about," went on the former president of General Motors. "They don't question me repeatedly about national and international affairs. It is a distinct pleasure to come home from Washington for a weekend."

Mrs. Wilson accompanied the Secretary on his weekend visit.

WILSON

Grant Education Board Request

Addition Is Approved to County Department Headquarters

The Oakland County Board of Education was authorized to build an addition on its new headquarters in the County Service Center yesterday.

The Board of Supervisors approved the request from County Superintendent of Schools William J. Emerson. The Board of Education will finance the \$18,000 addition to the building located off North Telegraph road, said Emerson.

In other action, the board gave its Building and Grounds Committee the go-ahead on selling 57 acres of county-owned land on North Perry street on a "lease" basis.

The Building and Grounds Committee submitted its annual report following an inspection of county buildings and property.

EXPANSIONS PLANNED

The children's home, the report stated, will soon have to be expanded as will the South Oakland County Health Center at Stevenson and Fourth in Royal Oak.

The committee recommended investigation of the revenue bond type of financing to provide a faster-moving public works program.

A resolution was passed directing the Road and Agriculture Committees to set up a county-wide sanitation and spraying program to check Dutch Elm Disease.

The Ways and Means Committee was given authority to advertise for bids on construction of the planned \$270,000 health building in the service center.

RESOLUTIONS PASSED

Resolutions were passed honoring the memory of Isaac Bond and George C. Westfall, former supervisors who died recently.

The road commission was authorized to hold a vote among its employees to decide whether they will come under federal social security.

Supervisor Eugene Swem, of Southfield Township, attended his first meeting.

The Supervisors were invited to Camp Oakland for lunch following the meeting. Probate Judge Arthur E. Moore conducted them on a tour of the summer camp and Boys' Ranch facilities.

Donald Egbert Hurt in Two-Car Crash

BIRMINGHAM — City Manager Donald C. Egbert, 52, of 620 Frank St., received a broken left leg yesterday when his car rammed into the back of another on Grand River avenue near Lake Chemung, outside Brighton.

Egbert was driving to Lansing on a business call with the State Health Department at the time of the crash. Dorothea McPherson, 19, driver of the other car, and her sister, Cheryl, 9, both of Brighton, received bruises in the collision.

Egbert was ticketed by State Police of the Brighton post for excessive speed and failure to have his car under control.

He was treated at McPherson Hospital, Howell, and was scheduled to be taken by ambulance to Beaumont Hospital in Royal Oak this afternoon.

Given Year Probation for Carrying Blackjack

Ralph Watson, 22, of 4151 Crane, Detroit, was placed on one-year probation and assessed \$100 court costs by Oakland County Circuit Judge Frank L. Doty yesterday.

Watson admitted June 20 carrying a blackjack when arrested May 31 in Royal Oak.

The Weather

PONTIAC AND VICINITY — Mostly fair tonight and tomorrow. Not much change in temperature. Low tonight 66, high tomorrow 81-82. Light variable winds 5-15 miles tonight. Partly cloudy with little change in temperature tomorrow night, low 66-67.

Lowest temperature preceding 8 a.m. 60. At 8 a.m.: Wind velocity 3 m.p.h. Direction: Southwest. Sun sets Tuesday at 8:13 p.m. Sun rises Wednesday at 4:58 a.m. Moon sets Wednesday at 11:51 a.m. Moon rises Tuesday at 2:53 p.m.

Downsides Temperatures: 8 a.m. 61, 11 a.m. 63, 2 p.m. 65, 5 p.m. 67, 8 p.m. 69, 11 p.m. 71, 10 a.m. 72.

Monday in Pontiac (As recorded downtown): Highest temperature 84, Lowest temperature 62, Mean temperature 73, Weather—warm, sunny.

One Year Ago in Pontiac: Highest temperature 79, Lowest temperature 59, Mean temperature 69, Weather—Cooler, Sun.

Highest and Lowest Temperatures This 101 in 1934. Date in 95 Years: 40 in 1939.

Monday's Temperature Chart: Pontiac 84, 79, 62, 73, 80, 85, 88, 90, 92, 94, 96, 98, 100, 102, 104, 106, 108, 110, 112, 114, 116, 118, 120, 122, 124, 126, 128, 130, 132, 134, 136, 138, 140, 142, 144, 146, 148, 150, 152, 154, 156, 158, 160, 162, 164, 166, 168, 170, 172, 174, 176, 178, 180, 182, 184, 186, 188, 190, 192, 194, 196, 198, 200.

Supervisors OK Water Group Appropriation

The Oakland County Board of Supervisors approved an \$11,000 appropriation for its water committee to use in obtaining technical assistance yesterday.

Some \$3,000 will go to reimburse the Plan Commission for services to the committee and \$8,000 to the Drain Commission.

The committee is working with similar groups from Macomb and St. Clair Counties to formulate a program aimed at meeting this area's long-range water needs, probably by bringing water from the Great Lakes.

Committee Chairman Howard K. Kelley, of Royal Oak, yesterday said Wayne and Monroe Counties have indicated an interest in joining in the project.

The tri-county group will hold its first joint meeting tomorrow at 8 p.m. in the Royal Oak City Hall.

Increased County Road Plan Seen

(Continued From Page One)

remaining 25 per cent is to be split between cities and counties. Only two Oakland roads are included in the interstate system—U.S. 16 (Grand River) and U.S. 10 (Woodward).

U.S. 16 WORK LISTED: Work on U.S. 16 is listed among Highway Commissioner Charles M. Ziegler's "priorities." But the project was slated before the new tax was voted.

Oakland Plan Commission Highway Engineer Robert A. Larson has cited two congested stretches of U.S. 10 which need relief badly, probably from construction of parallel routes to take traffic from them.

They are the section through the heart of Pontiac out into Waterford Township plus the stretch from Eight to Twelve Mile roads through the Ferndale-Royal Oak area.

Ziegler's priority list calls for 1,440 miles of new construction in rural areas and includes a number of bypasses around cities at a cost of \$613,600,000.

In addition to this, the Highway Department must spend 40 per cent of its 75 per cent of new money on interstate routes inside the corporate limits of cities and on more bypasses around cities.

Ziegler estimated that \$600,000,000 more from the new money will be spent in this way.

NO LIST ANNOUNCED

No priority list for spending inside cities was announced. Highway Department Publicity Director Elmer Hanna yesterday said the state is waiting results of the Detroit Metropolitan Area Origin and Destination traffic survey in September before setting up a program on interstate routes inside cities.

Oakland County's southeast portion is included in the Detroit survey. Pontiac is not.

Larson has listed construction of an M58 (Telegraph) bypass from Square Lake road north to U.S. 10 as a much-needed project. This might qualify as a city project allowable under the new money.

Another "critical" stretch in Oakland, Larson said, is M59 from the vicinity of Auburn Heights through Pontiac to the Pontiac Lake area.

This, however, is not a part of the interstate system and is not eligible for improvement from the added 1 1/2-cent tax.

County highway officials point out, though, that the state still is receiving its regular highway money in addition to the new tax.

ABILITY LIMITED

The Highway Department should take notice of the fact that Oakland's ability to participate in benefits from the new tax is seriously limited, they say, because only two interstate routes run through the county.

It is pointed out, Oakland will pay the second highest share of 30 1/2 cents a mile. It is only fair, they state, that this county be allotted an increased amount of money from the old highway income to make up for its inability to benefit sufficiently from the new tax.

Other much needed projects on state trunklines here which are not part of the interstate system include:

M150 from Eight Mile Road north to Rochester.

Extension of Northwestern Highway from Fourteen Mile Road northwest to Fenton.

Realignment of M87 through Holly.

Realignment or widening of M218 from Pontiac to Orchard Lake.

Miketa, Rookie Rogers Signs Lions' Contracts

DETROIT — The Detroit Lions announced today center Andy Miketa had signed a 1953 contract with the National Football League club.

The Lions also announced signing of Bobby Lee Rogers, a quarterback from Houston, who is returning from military service. He first was signed in 1952, as a free agent.

GOP to Fight for Atom Ship

Senate Battle Looms Over Republican Try to Restore Funds

WASHINGTON — Senate Republicans planned a floor fight today to restore funds for President Eisenhower's demonstration peace ship project.

Sen. Hickenlooper (R-Iowa) told a reporter in advance of debate (noon EDT) on the measure that he would offer an amendment to the Atomic Energy Commission construction bill to put money back for the ship.

However, Sen. Anderson (D-NM), chairman of the Senate House Atomic Energy Committee, said he was ready to back his group's action in knocking out the 21 million dollars asked by Eisenhower for a reactor to run the ship.

The House passed the bill, which authorized \$267,700,000 in AEC construction projects, by voice vote after brief debate yesterday.

House GOP leaders did not seek to restore the ship reactor money. The President had asked that such a move be made after the Democratic majority on the joint committee stripped the 21 million from the bill last week.

The bill authorizes funds for atomic projects over the country. It includes five millions for the program announced by the President June 11 to help other nations build atomic power reactors.

It also carries large allocations for three big AEC reactor projects—for aircraft, an improved submarine engine and large surface vessels.

Airport, Taxes Head Agenda

City Commission Set to Hold Hearing on Appropriations

A discussion of the expansion program at the Pontiac Municipal Airport and a resolution establishing the 1955 tax rate are slated to highlight tonight's City Commission meeting.

The commission also is set to hold a public hearing and adopt an amendment to the 1955 appropriation ordinance which will enable use of additional tax revenues in the capital improvement program.

Also to be considered are requests to transfer ownership of tavern and package beer and wine licenses held by Ronald Johnston to LeRoy and Mary Goldworthy, and to change the package liquor license at 422 W. Huron St. to Mrs. Helen F. Haase.

TO MULL PETITIONS

Petitions to be mull included one for curb, gutter, drainage and blacktop on Liberty street from Henderson to North Johnson, and another protesting curb, gutter and drainage installation on Carlisle avenue from Walton to New York.

Following a resolution declaring public necessity, engineer's estimates are to be presented for the following sidewalk projects:

West side of Jessie street from Auburn to Whittemore.

West side of South Johnson avenue from lot 2, assessor's plat 74 to Orchard Lake.

North side of Menominee road from Seminole to lot 18, Croft Western addition.

North side of Orchard Lake avenue from Voorhees to Telegraph.

West side of Paddock street from Elm to Racine.

West side of Perkins street from Whittemore to Willard.

East side of Telegraph road from Ruth to Gold Drive.

East side of Telegraph road from West Huron to north line of Ottawa Hills Subdivision.

North side of Voorhees road from Ottawa to west line of Seminole Hills Subdivision.

To be confirmed are special assessment rolls for blacktopping on Westbrook avenue from Joslyn to east end of street, and Mainfield avenue from Joslyn to University.

A public hearing is scheduled for a special assessment roll for curb, gutter and drainage on Blaine avenue from Oakland to Montclair. Also set is a resolution to receive a special assessment roll for water main in Durant street from Ingleswood to Pershing.

Wedding Called Off; Finds Bride Roving

SLOW DROPPER — A new type of parachute is demonstrated by Stiles T. Burke, left, of the Radioplane Company in Van Nuys, Calif. Called a Rotafall chute, it rotates from a low-friction swivel. Centrifugal force flares out the skirt, causing much greater drag and increased stability. A four-pound Rotafall can handle a falling object weighing 6,000 pounds, the makers say. The chute is not intended for human escape, but for slowing down fast-landing planes and dropping supplies with greater stability and accuracy. Assisting in the demonstration is Marilyn Carter of Van Nuys.

Navy Searches for Two Fliers Drifting in Rafts

TOKYO — A vast air and sea search spread over 20,000 square miles of the foggy western Pacific today for two Marine jet fliers missing since Sunday night.

They are believed alive and drifting in tiny rubber rafts, from one of which faint radio signals can be heard.

By grim coincidence, the wife of one arrived today from Minneapolis with her 5-year-old son. She is Mrs. David Winton Bell. Her husband, a second lieutenant, is the son of Charles H. Bell, president of General Mills, Inc. The Navy notified Bell yesterday that his son was missing.

The two drifting fliers were hidden by fog from more than 50 planes and nine ships combing the sea around the volcanic islands south of Tokyo.

"It's frustrating... maddening," a Navy officer said as he reported feeble, sporadic radio code signals were received from a little emergency radio set aboard one of the rafts.

Yesterday one raft was reported seen by a search plane that made five passes over it—only to lose it again before a ship could reach the spot.

Detroit Gets Prison Sentence in Breakin

Joseph D. Lovett, 35, of Detroit, received from 2 to 15 years in Jackson state prison when he appeared before Oakland County Circuit Judge Frank L. Doty yesterday.

Lovett admitted June 20 breaking into a Commerce Township store June 13.

Clinic Nearly Finished

SAUGATUCK — A 14-room medical clinic, being built for Dr. Kenneth C. Miller, is scheduled for completion this summer. Dr. Miller will operate the clinic with his associate, Dr. Donald DeWitt, formerly of Grand Rapids.

School Vote Slated

DOUGLAS — Voters at a special election next Wednesday will be asked to approve a six-mill tax increase and a \$90,000 bond issue for a new grade school. If approved, the new school will replace a two-story frame school building which has served the area since 1909.

Voters Reject Blacktop

CASCADE — Cascade Township voters turned down Monday a proposal for a \$200,000 bond issue to finance blacktopping of 20 miles of township roads.

Senate OK Seen on Debt Limit

House Votes 226-56 to Allow Six Billion Temporary Expansion

WASHINGTON — Sens. Byrd (D-Va) and Millikin (R-Colo.) predicted today the Senate will approve a six-billion-dollar temporary expansion of the national debt limit.

The House passed it 226-56 yesterday.

Byrd, who heads the Senate Finance Committee, said he would like to see the ceiling placed a little lower. But he said he regards the House figure as "the best we can do."

"At that," he said, "the limit will be three billion dollars tighter than it was last year because of the expected deficit of about that amount this year."

Millikin said he is confident the Senate Committee will approve the House bill without major changes.

As passed by the House, the measure would fix the legal ceiling at 281 billion dollars until July 1, 1956, when it would fall to the 275 limit set in permanent law.

County Directories Set for Distribution

The official 1955-56 Oakland County directories are now available in the offices of County Clerk Lynn D. Allen in the courthouse at Saginaw and Huron Sts. here.

Compiled by Allen, the booklet contains a list of national, state, county, city, village and township officers, Pontiac Press writer Joe Haas has supplied a resume of the county's recent growth.

Members of the Board of Supervisors are listed along with the board's by-laws and meeting dates. A new feature this year is a county government organization chart. Other data includes terms of court, naturalization hearings and first date of county records. An Oakland map is attached.

Van Dyke Man Jailed for Whipping Infant Son

After pleading guilty June 20 to whipping his 22-month-old son, James Brazzell, 22, of 7519 Page St., Van Dyke, was sentenced to one to 10 years in Jackson state prison yesterday.

He appeared before Oakland County Circuit Judge Frank L. Doty after admitting he struck the child with a belt.

The Day in Birmingham

Changes in Building Code Approved by Commission

BIRMINGHAM — The City Commission here last night passed an amended building code aimed at eventually eliminating frame houses in the business district.

The revised code provides for occupancy permits to be issued annually following inspection by the building inspector and fire marshal, and states that no changes or additions may be made other than those required by health or building code requirements.

Owners, formerly limited to using only 40 per cent of the structure for business purposes, can now use the entire first and second floors.

However, business-wise the buildings may be used only for business or professional offices or display rooms, not for retail sales. They may still be used partially for residential use if the residents are in some way connected with the business operation.

SEEN AS STOP-GAP

Thomas Brien, building inspector, said the revised code was a stop-gap measure to limit long-term leases on the buildings between now and the time it is economically possible to have them replaced with masonry structures.

In other action, the Commission declared public necessity for a dust-laying oil seal coat on Gulfview Heights and authorized the city assessor to prepare special assessment rolls for the program.

Streets involved are Arden Lane from Lincoln to Fairway, Gulfview boulevard from Lincoln to Northlawn, Greenlawn boulevard from Hillside to Northlawn, Hillside from Lincoln to Cranbrook and Fairway from Arden to Cranbrook.

COMPENSATION OKED

Approved was workmen's compensation coverage for city employees. Purchase of 11 new vehicles, including two police cars, six administrative cars and two trucks, was authorized.

Approval of a seventh administrative auto was shelved pending inspection of damage to City Manager Donald C. Egbert's car, in which he had an accident yesterday afternoon.

Much Ado About a Doe—Yet the Fawn Is Gone

JAMESVILLE, N. C. — There won't be any legal battle over Rudolph, a fawn rescued from a forest fire, who captured the hearts in this Martin County community. The fawn broke its neck against a fence yesterday after being frightened by a power mower.

The legal battle shaping up before Rudolph's death was to be between Wilbur Garganus, a garage mechanic, who rescued the fawn, and the state.

The state said he'd have to turn the animal over because he had found it in closed season.

Residents raised \$100 toward legal expenses. But the state, in the form of a game warden, got the fawn anyway.

The warden disposed of the body.

Detroit Man Sentenced

In Oakland County Circuit yesterday, William Bierer, 32, of 861 Pallister, Detroit, was placed on three-year probation and assessed \$200 court costs by Judge Frank L. Doty.

Bierer admitted June 20 cashing a bogus \$67 check in Waterford Township last July 9.

At Last Someone Comes Up With Different Idea

Well, someone had to do it. We've finally seen the first current forecast of a "mild business down turn." But it's marked for next spring. There's some comfort in that.

Fortune magazine is the source of this prediction, but it qualifies the assertion with the added suggestion that 1956 will be another "best business year in history."

Reconciling these is a bit difficult for this humble editorial mind which never did evince a flair for higher mathematics. Anyway, no matter what happens, Fortune ought to be able to say "I told you so."

Let's Celebrate It

Birthdays are fun. They are especially enjoyable to young people. Our country is going to celebrate its birthday in a few more days. As nations go, the United States of America is a youngster, so the Fourth of July should be a big occasion and an enjoyable one for all Americans.

Here is a suggestion for celebrating it that will be new to a lot of us; to too many of us.

Let's celebrate the Nation's birthday this year by buying an American Flag and flying it. Fly it from a flagpole, from your front porch, or any other appropriate place you can find. But fly it.

Pontiac's downtown business area does an outstanding job of flying the Flag, but Flags are seen all too infrequently in the residential areas.

It may be, too, that as your youngster helps you put the Flag up, or take it down, you may find an opportunity for a little instruction on the meaning of citizenship and loyalty, as well as freedom.

Freedom means more in the world today than it ever has meant before. For freedom is being attacked on all sides. It is time all of us who believe in it should stand up and declare our faith in it.

We can do just that by flying our Flag of freedom on each holiday. Let's celebrate the Fourth of July by flying the Flag; and if we don't own one, let's take care of that little oversight before the Fourth. Preparedness is also a good word to remember in these troubled days.

Progress in Our Schools

Supt. DANA P. WHITMER is completing his first year as Superintendent of Pontiac's public schools. He has had time to become acquainted with the system's physical plant and personnel. Therefore his statements being made during this Commencement period before various groups carry real weight and are of more than passing interest.

Dr. Whitmer says that Pontiac's schools today rank high among Michigan's public schools. He adds that it is his aim to place Pontiac in the very forefront among all the schools of the State.

Judging by the careful, methodical and thorough manner in which he has gone about his task of evaluating the present school program, and the nature of the changes he has thus far proposed, it is apparent that Supt. Whitmer is now ready to move toward his goal. Nothing lies closer to the hearts of

the people than their children and the schools in which they receive so much of their training. The people have manifested their confidence in the schools and in the Board of Education, so Dr. WHITMER is assured of full co-operation in his efforts to provide the very finest possible education facilities, teaching staff and teaching methods.

Thousands of parents are watching his program with intense and sympathetic interest.

Reparations Cut to Fit

In reaching a reparations agreement with Japan, the Philippine Republic wisely has assented to provisions which will keep the damages within the defeated aggressor's ability to pay.

As a result, President MAGSAY-SAY was able to reveal that the Tokyo government's cash payment would be only \$20,000,000, spread over a five year period. In addition \$500,000,000 will be paid by Japan over a 20 year period in such capital goods as steamships, locomotives and machinery.

Services to be performed by Japan to the extent of \$30,000,000 will be discharged mainly by marine salvage. Finally, private Japanese sources are to invest \$250,000,000 in Philippine enterprises.

It is reasonable to believe that both nations will benefit from this commonsense agreement. Not only does it recognize Japan's obligation to make good some of the war damage, but it should improve the two countries' trade and cultural relations without imposing an unbearable burden on Japan.

The Man About Town

Five Generations

Adams Family Occupies Prominent Role in County

Weeds: What, if you give them an inch, they'll take a whole yard.

To know one family through five generations is the privilege of MAT. In the middle generation is

Clark J. Adams, just appointed as Oakland County's new Circuit Judge. When a boy I ran cattle for his grandfather.

Charles Adams, for many years an Oakland County stock buyer. His son was Clark's father, the late Jayno W. Adams, for a third of a century or more either supervisor or school officer in Waterford Township, where Clark was born in 1904. Clark has two daughters.

Mrs. Dorothy Burris and Miss Janet. The former has a son,

Roger Burris, the fifth generation. All are natives of this area. The family has been prominent among Oakland County Democrats for close to a century. Clark's home is approaching eligibility as a centennial farm.

Word comes from Cantu, Italy, that Gunnar G. Birkerts of Bloomfield Hills, won first prize in one section of a recent international competition for furniture design there.

Newest member of the Oakland County Board of Supervisors,

Eugene Swem, recently chosen to fill the vacancy caused by the death of

William Roeser, finds himself in a city job. He has been named chairman of the commission to draw up a charter for a form of government in his Southfield Township, which voted that way after his appointment to the township position.

Pheasants do more good than harm, according to

Wesley Artman who has been making a study of them on his acreage near Rochester. He says they feast on bugs, worms, grasshoppers, and just dote on—poison ivy berries.

Devotees of the old fashioned square dance,

"Swing 'em in gingham," are not suspending for a summer vacation in some sections of the Pontiac area.

An exceptional pianist and member of this year's class in Pontiac High School is

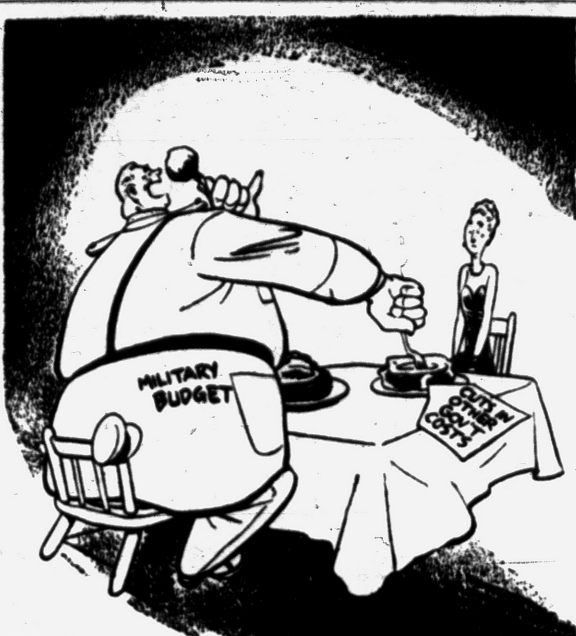

Miss Greta Phipps of 231 Oneida Road, whose name was inadvertently omitted in the published list of those in a recent recital program.

Verbal Orchids to—

Mrs. Edith Curran of 1009 Argyle St.; eighty-seventh birthday.

Mr. and Mrs. George Wolfe of Ortonville; golden wedding.

Dr. and Mrs. C. O. Roberts of South Lyon; golden wedding.

Jack Spratt Who Eats Fat and Everything

David Lawrence Says:

World Law Must Solve Riddle of Air Rights

By DAVID LAWRENCE

WASHINGTON — There was a time when International Law meant something in the world. Such things as the right to travel on the seas—which is parallel to the right to travel through the air—were jealously guarded by the principal nations.

Today, however, the international lawyers of yesterday would have a hard time defining just what is the present status of affairs. Is the United States, for example, in a "state of war" with Soviet Russia? Many times in history acts of war have been committed without being officially recognized as such. That's what is happening nowadays, too.

For when the Russians shot down a U. S. Navy patrol plane off the coast of Alaska last week, they committed an act of war. Also when the so-called Chinese Communist Air Force, operated by Russians, shot at a commercial airliner carrying an American doctor on a mercy flight to the Matsu Islands a couple days ago, another act of war was committed.

The air is free, just as are the seas. While some governments claim three miles, others insist on drawing a line twelve miles from their coasts as within their lawful jurisdiction. Beyond that line no nation has the right to attack except in wartime.

The Russian fighter planes, flying the Communist Chinese flag, violated American rights on the high seas when they jeopardized the life of an American citizen aboard the commercial airliner. Under International Law, this is a flagrant defiance of the status of a neutral country. For, while Nationalist China and Red China may be at war, the United States does not consider itself in a state of war with the Communist Chinese.

STATE OF WAR?

The Peiping government, however, may feel it is in a state of war with the United States. This has been denied by its spokesmen but, if the Communist fighter planes, manned by Russians, continue to attack noncombatant air planes, the inference will be plain that the immunity of commercial airplanes from attack is being disregarded.

It was precisely this sort of an issue which led to the American entry into World War I. When German submarines torpedoed not only the vessels of belligerents but also neutral ships carrying American passengers. There is no more right under International Law for the Communist Chinese or the Russians to attack the commercial airlines than there was for the Germans in 1917 to attack passenger steamers carrying American citizens.

But, since the Soviet Government is permitting its aviators to operate the fighter planes of Red China, it may be contended also that, so far as Moscow is concerned, a state of war exists and orders apparently have been issued to fire at will on any planes flying a foreign flag no matter if they are outside the territorial limits of Red China and Soviet Russia.

A whole series of incidents in the Baltic in recent years points up to the fact that, from the Communist viewpoint, there is a war on. Nations at peace with one another do not fire on each other's vessels or airplanes. There have been far too many episodes of this kind in the last few years for them to be regarded as mere accidents.

President Eisenhower and Secretary of State Dulles were gratified to receive the expression of "regret" by the Soviet Government concerning the latest plane incident off Alaska, but the offer to pay half the indemnity indicates that Moscow feels it has only a fifty-fifty responsibility for the attack and that both sides were at fault. This is the customary alibi. But it does not explain why any firing was done by the Russians. Certainly the American planes do not have orders to fire on Communist planes of any kind outside of Korean waters. As for Formosa waters, instructions to shoot have

been given American ships and planes only if they are attacked.

CHANGE ORDERS?

The mere fact that both sides are aware of the so-called "accidents" may make necessary a revision of instructions. Both sides will continue to engage in patrol work. There would normally be no risks, because the seas and the air above them are free under International Law. The crux of the problem is the usurpation of Soviet Russia in recent months of the right to fire on anything beyond the twelve-mile territorial limit.

If the subject has been threshed out in any exchange of notes covering the legal phases, there has been no publicity given the matter.

Certainly the coming Four Power Conference at Geneva could well afford to seek a clarification of the rights of noncombatant air planes to travel anywhere so long as governments profess to be at peace with one another. As for military planes, they should be free from attack except when they fly close to the shores of another country without advance permission. Failure to clear up legal rights in these cases could conceivably lead to an episode that could inflame public opinion and lead to grave consequences. (Copyright 1955)

Case Records of a Psychologist

Give Children Simple, Factual Answers When They Start Asking Sex Questions

Joel surprised his well educated mother by a simple universal query of children. And she didn't know what to say! For a college diploma often leaves you without the practical solutions to everyday problems, which is why your newspaper offers this educational column daily. Newspapers make up for deficiencies in the college curriculum.

By DR. GEORGE W. CRANE

Case O-368: Joel B., aged 3, is now at the questioning age.

"Mommy, where did I come from?" he asked, as do other intelligent youngsters of this age, for that's when they become interested in origins.

In past generations, even college graduates have hemmed and hawed and then replied with some bizarre story, such as the fact the stork brought the baby.

"But, Dr. Crane," many mothers have asked me, "how much should I tell my child?"

"I'm afraid that if I tell him too much, then he may grow unduly interested in sex. So where do you draw the line?"

SEX EDUCATION

On several previous occasions I have asked you readers to write to me about your childhood tutelage in sex matters.

I've urged you to tell me if you obtained scientific sex counsel too early in life or in too big doses, when it came from reputable sources such as parents, the physician, Scout Master, teacher, etc.

And nobody from coast to coast has thus far ever replied that he was given too much scientific sex information or at too early an age.

On the contrary, however, I have had many patients and have received hundreds of letters from you readers who said you had been affronted in your childhood by stupid falsehoods, such as the stork story.

TOPIC TABOO

Many had then grown so suspicious of their parents that they never asked mother or daddy another question in the realm of sex.

Voice of the People

Reader Deplores Lack of Summer Jobs Open to College Students on Vacation

easy because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published unless the writer so requests unless the letter is critical in its nature.

It seems a crying shame to me that there are no jobs open to summer-free college students.

I realize that it is a problem for employers to hire students for a short three months.

There is a prodigious number of jobs that are only at their apex during the summer. It seems like college men and women could be given first chance at such jobs.

I am safe in saying that most college students can type, write, and follow instructions. The preceding are definite prerequisites for almost any job.

Am I right in assuming that we are to worry about our own finances? I have heard it said many times—"where there is a will there is a way." We have the will. Do you have the way?

Hal Boyle Says:

No Real Scientist Today Can Even Explain Sleep

NEW YORK, (AP)—The poor man's adventurer:

My child, my child! This world lies before you, the great unknown.

So many boundaries unexplored. The mighty Greeks, and they did many things, said "Know thyself."

The Romans, boisterous prisoners of the Greek mind, after robust centuries said the same thing.

The torch of inquiry, handed down by every wandering tribe who held the sword of conquest since then, remains both a question and a commandment.

We work by the back door. We try to understand nature while refusing to try to admit even that this is only a window glimpse into ourselves.

But the magnificent power that can now be massed and take a magnificent look at the human race — the poor things we are after all these centuries, the great things that by a power above us had endowed us with the ability to do — must not merely bleed into death.

Here is our time. Here are our weapons.

The weapons by the grace of God — if that is the word — have always lain like dust in the world. The main tool is the mind of man, if man is destined to survive on this crowded earth and raise the hard victory of the mind against the pull of easy ignorance.

How little we know, after these centuries, and they have been many suffering centuries.

No real scientist today can tell even what sleep is. Or why he can't build life.

The doctor surrounds his patient with soft words and soft medications, but he fools neither himself nor his patient. The mystery of final knowledge escapes both—and both yearn to know.

Man, the Divine animal, is a totem pole, a tall and enduring monument on which is scratched both ignorance and discovery.

The reach for what is true is the tremendous voyage of man, and man has but put his foot in a

houses which are photographic and interesting in decor as well as story background. We like to visit a house before we make final decision and will pay you a visit when your house is completed.

trembling canoe he created himself and pushed with a small courage into a roaring dark.

Who are you? Where can you go? What can you learn? What can you really do for people? What can the human race become?

More than it is. For all that we know, we remain as a folk a child, curious, but a-tiptoe, loving the light behind us — and afraid of carrying a candle forward into the blackness ahead.

Smiles

Bars on cell windows are not put there to keep you out. Drive at a safe rate of speed!

A judge's advice to keep young daughters at home nights is okay, except when parents have to stay there too, to be sure.

When it's the wife who bought it is about the only time when a dog isn't a friend of man.

This is the season of more yearning and less earning capacity.

Talking to one's self is not a sign of insanity, says a scientist. We feel better already!

The usual number of boys will leave the farm this summer—to plow through life some place else.

The successful business man studies all the angles, says a banker. At least he's not running around in circles.

In a Connecticut town a taxi driver lets passengers decide what they think a trip is worth. Doubtless he avoids bumpy roads.

An educator says most folks are smarter than they think. Every man should read this to his wife.

Some women admit they'd like to marry for money—making the American dollar go farther than cupid's dart.

THOUGHTS FOR TODAY

Therefore, when he was going out, Jesus said, Now is the Son of man glorified, and God is glorified in him.—John 13:31.

Never be afraid to bring the transcendent mysteries of our faith, Christ's life and death and resurrection, to the help of the humblest and commonest of human wants.—Phillips Brooks.

3 Glasses of Milk a Day Prevent Premature Aging

By DR. WILLIAM BRADY, M.D.

Milk, whole fresh milk, skim milk, buttermilk, sour milk, Bulgarian milk, acidophilus milk, evaporated milk, dried powdered milk, whichever you prefer, is the best food source of calcium.

Any and every kind of cheese is second only to milk in this respect.

Not less than 1½ pints, three large glasses, of milk daily is the most essential item in the high calcium health diet.

No other food is so nearly perfect as milk. No other food can be more properly called health food.

GULLIBLE CUSTOMERS
 The trick specialists and "clinic" racketeers, who almost outnumber honest doctors today, are still telling their gullible customers that "too much" calcium is dangerous, as it may be "deposited" in the bones, joints, arteries, etc.

This makes the poor souls stop asking foolish questions and readily submit to a series of "shots," which are expensive, of course, even if they are calcium gluconate or calcium chloride in solution! Whatever it is, the poor souls imagine it must be more powerful that way.

To the best of my knowledge none of the purported medical authorities who warn about "too much" calcium, "too much" vitamin D, etc., has ventured to specify how much too much would be. From the clippings collected for me I gather that any amount the p.m. authorities have not yet learned to prescribe is too much.

Why are the bones of elderly people more fragile than the bones of young persons? Any schoolboy who studied physiology in the 19th century can answer the question—and there are a lot of 19th century schoolboys practicing medicine today.

QUOTES TEXT

From the text book Fourteen Weeks in Physiology, by J. Dorman Steele, Ph.D., a copy of which a namesake kindly sent me, I quote:

"The composition of the bones at maturity is about one part animal and two parts mineral matter. In youth it is nearly half and half, while in old age the mineral is greatly in excess."

Steele conjured his notion out of fancy, for precise chemical analyses of bone had not yet been made. Today there can be no question that the bones of the aged are easily broken because the bones become gradually demineralized with advancing age.

The demineralization is especially a steady loss of calcium, and the steady loss of calcium is due primarily to nutritional deficiency (malnutrition), especially inadequate intake of calcium, that is, less than the amount one gets in 1½ pints of milk—three full glasses daily. And how much calcium does one get in 1½ pints of milk? Maybe 10 or 12 grains. Not enough for a growing child, but perhaps enough to keep a mature adult from aging prematurely.

Signet letters, not more than one page or 10 words long, pertaining to health and hygiene, not to fiction, drama, or travel, are sent to the Pontiac Press, Pontiac, Michigan, by Dr. William Brady, M.D., a stamped and addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

Pontiac Republican Women Hear Talk on 'Communism and Socialism'

Mrs. Sadie M. Patten of Augusta avenue (right) presented a gift to Mrs. Grace Shulz of State street on behalf of the Pontiac Republican Women's Club Monday afternoon. Mrs. Shulz is president of the group which met in the garden of Mrs. John Susin of Bloomfield Hills. Presenting the gift were Mrs. Frank McGregor of East Iroquois road (left) and Mrs. Charles Barrett of Mohawk road (center). Mrs. Shulz is president of the group which met in the garden of Mrs. John Susin of Bloomfield Hills.

Rev. Burton Is Speaker on Monday

Group Gathers at John Susin Home in Bloomfield

The Rev. Malcolm K. Burton of First Congregational Church was the speaker Monday afternoon at a meeting of the Pontiac Republican Women's Club. The garden of the Bloomfield Hills home of Mrs. John Susin was the setting for the gathering.

"Communism and Socialism" was the topic chosen by the Rev. Mr. Burton who was introduced to members by Mrs. Eleah Patten.

Mrs. Grace Shulz gave a short talk on the past years of the organization and Mrs. Frank McGregor, nomination chairman, introduced the new officers.

Mrs. Shulz is president; Mrs. McGregor is first vice president; Mrs. Charles Barrett is second vice president; Agnes Hilton is secretary and Mrs. Ernest Huthwaite is assistant secretary.

OTHER OFFICERS
Mrs. Duncan McVean was named corresponding secretary. Mrs. Fred Ziem is assistant secretary; Mrs. Emma Pelican is treasurer; Mrs. Janette Bathum is assistant secretary; Mrs. J. L. Slaybaugh is parliamentary and Mrs. Mary Chapman is auditor.

Mrs. Robert L. Stacey of Birmingham, state central committee woman, gave a short talk on important dates and complimented members of the local club on a recent fund-raising campaign of which Mrs. McGregor was chairman.

Tea was enjoyed on the patio of the Susin home following the meeting. Mrs. Maude Place and Mrs. Hugh Christie assisted the hostess.

Mrs. Shulz presented gifts to the retiring officers.

Commenting on the interesting talk made by the Rev. Malcolm K. Burton of First Congregational Church (center) before members of the Pontiac Republican Women's Club on Monday afternoon were Mrs. Lula Luby of Lowell street (left) and Mrs. Amelia Ball of Seminary avenue (right).

TUESDAY, JUNE 28, 1955 PAGES 14-15

Judith I. Nosanchuk Becomes Bride

Judith Irene Nosanchuk, daughter of Mr. and Mrs. David E. Utley of Henry Clay avenue, was married Thursday evening in Holiday Manor, Detroit, to Stuart Carl Hords. Stuart's parents are Mr. and Mrs. Lawrence Hords of Pasadena avenue, Detroit.

Rabbi Henry Roschander of Congregation B'nai Israel performed the ceremony.

The bride wore a white silk gown with fitted bodice accented with a portrait neckline. The short sleeves were trimmed with Alencon lace. Floral inserts of the

lace were appliqued to the bouffant skirt which fell in unpressed pleats and ended in a long cathedral train.

A Juliet cap of matching lace held her triple-tiered veil of silk illusion in place. She was carrying a white orchid, stephanotis and ivy on a mother-of-pearl Bible.

ATTENDED BY SISTER
Brenda Utley of Detroit, a sister of the bride, was maid of honor. Bridesmaids included Deborah Wanner and Diane Skar, cousins of the bride, both of Detroit.

They were attired in dresses of pink crystallette with the bodices studded with rhinestones, and they carried cascade bouquets of pink roses.

The brother of the bride, Mel Nosanchuk, served as best man, and seating the guests were Hilary Kelley and Seymour Kleinman, both of Detroit.

The bride's mother chose a powder blue dress of Belgium lace, ballerina length. A Chantilly lace gown of the same shade was worn by the bridegroom's mother.

Mrs. Louis Nosanchuk, grandmother of the bride, wore a rose lace dress and a lavender orchid. Both mothers chose to wear pink orchids.

When the bride left with her husband for a wedding trip to Florida, she was wearing a gray cotton suit. Upon their return, Mr. and Mrs. Hords will live in Detroit.

MR. and MRS. CHARLES HAMPTON

The bride's mother wore a pink nylon dress with corsage of white carnations and red roses. A light blue lace dress with cor-

sage of red roses and white carnations was the choice of the bridegroom's mother.

When the newlyweds return from a honeymoon in northern Michigan they will reside on Racine street.

Admiring the roses in the garden of Mrs. John Susin of Bloomfield Hills (center) H. B. Christie of Royal Oak (left) and were members of the Pontiac Republican Women's Club. Touring the garden with Mrs. Harry Place of North Saginaw street.

Residents Making Plans for Holiday

Dr. and Mrs. Paul E. Kaschel with their daughters, 3-year-old Bonnie and Judy, 7 months, will arrive Friday to spend the July Fourth holiday with Mr. and Mrs. C. E. Summers of Commerce road. Mrs. Kaschel is the former Eleanor Summers.

Ninety-two members of the family of Mrs. George Ogg gathered at Cass Dodge Park Sunday for a family reunion. Mrs. Ogg, who makes her home with her son Edith Ogg of Troy and Pontiac, has 15 grandchildren and 34 great-grandchildren.

Roy Ogg traveled from Berkeley, Calif., for the reunion.

Mrs. M. E. Markell has returned to her home in Caldwell, N. J., after attending the wedding of Judith Nosanchuk and Stuart Hords in Detroit Thursday. She was a guest of the David E. Utleys of Henry Clay avenue.

Leaving Thursday for Basil, Ohio, will be Margaret Steward of Washington street. She will visit friends and relatives.

Vacationing with the John Bensons of Tilden avenue for two weeks are Mrs. Lee Erickson, her daughter, Shelly, and son, William. They will spend the week at Elma, Wash. They will spend the weekend with the Bensons in their cabin at Fairview.

Charles S. Hutchins of West Long Lake road is attending Wayne University for the summer session, enrolled in the School of Mechanical Engineering.

Jeanne Bird, daughter of Mr. and Mrs. Carl Bird of Otsego road, is visiting for a week with Mary Ann Barnum and her parents at their summer cottage near Oscoda. Mary Ann is the daughter of Mr. and Mrs. Walter Barnum of West Huron street.

Newly appointed Circuit Judge and Mrs. Clark Adams have returned from a fishing trip to Cowie Lake, Ont.

They were surprised at the Sault Ste. Marie Airport in Ontario by Mr. and Mrs. E. K. Wellman of Pontiac Lake road and the P. G. Bundys of Davisburg.

The group then went to dinner at the Indian River Inn in northern Michigan to celebrate Judge Adams' birthday.

The Allen Elliotts of Chippewa road will motor to Morgantown, W. Va., this weekend accompanied by their daughter, Kathleen, and Suzanne DeMund.

Suzanne, whose home is in Morgantown, came to Pontiac to attend Kathleen's graduation from Pontiac High School. She is the granddaughter of the Claude DeMunds, former Pontiac residents.

Mr. and Mrs. Harold Blackwood of Ottawa drive entertained 12 guests Sunday evening to honor their son, Richard, on his 25th birthday.

Richard will fly to New York City next week to spend four days with John J. Adams.

Mrs. Clyde Nelson entertained the Pontiac Hooked Rag Club at her home in Davisburg Monday. She was assisted by Mrs. Eugene T. Cleland of Waterford.

Dr. Edward A. Welden of Lewis

Married Saturday afternoon in First Methodist Church of Birmingham were C. Fae Baughan and Harry C. Tatigian. She is the daughter of Mr. and Mrs. Paul Baughan of Birmingham, and his parents are Mr. and Mrs. Jack Tatigian of Detroit.

C. Fae Baughan became the bride of Harry C. Tatigian Saturday afternoon at two o'clock in First Methodist Church of Birmingham.

The Rev. Allen E. Wittrup performed the ceremony in the presence of 150 guests.

The bride is the daughter of Mr. and Mrs. Paul Baughan of Birmingham, and Harry is the son of Mr. and Mrs. Jack Tatigian of Detroit.

A gown of white Chantilly lace was worn by the bride. The bodice line and long pointed sleeves. The bouffant skirt of the gown was tiered in back.

LACE HEADPIECE
A lace headpiece secured her fingertip veil. The bridal bouquet was composed of white carnations, pink roses and ivy.

Mrs. Douglas Reynolds of Owosso attended her sister as matron of honor wearing a ballerina length gown of yellow crystallette. She carried a bouquet of yellow carnations.

Marilyn Tatigian, sister of the bridegroom, was junior bridesmaid. She wore a gown of white net over aqua in ballerina length.

To Leave or to Stay Is Problem

Unexpected Guest Shouldn't Interrupt Game or Talk

By EMILY POST

Today's first letter asks: "Will you please tell me when going to visit a friend in the afternoon and you find that she has other guests, is it proper for the unexpected visitor to stay, or must she take leave as soon as possible?"

Answer—If they are playing bridge, or seem to have been having a conversation that you are interrupting, you should make some excuse and leave. But if you think the conversation is general, you stay.

"Dear Mrs. Post: I have been asked to propose a toast at a golden wedding anniversary and I can't for the life of me think of a suitable toast. Can you help me?"

Answer: It is very difficult to suggest definite toasts because they ought to be personal and spontaneous and express the sentiment of the person proposing.

However, as a suggestion, you might say something like the following: "To Mr. and Mrs. Longlife—May the saddest days of their future be like the happiest days of their past."

"Dear Mrs. Post: I am planning to be married late this summer and am having trouble deciding who should give me away. Both my parents are deceased. I have an older married sister and younger married brother.

"The invitations are going out in my sister and her husband's names. I lived with them for 10 years after my parents' death, but have been on my own now for the past three years.

"I would like to know if my younger brother should be asked to give me away, or should my brother-in-law be asked since his name will appear on the invitations. I am paying for the wedding myself."

Answer: Ordinarily a bride would be given away by her brother, even though he be younger, but in your case you may, if you prefer, choose your brother-in-law.

Newlyweds Travel East After Rite

F. Chris Strebe claimed Muriel Joy Hutchinson as his bride Saturday evening at 7:30 in Central Methodist Church, Dr. Milton H. Bank performed the ceremony before an altar decorated with palms, candelabra and baskets of gladioli.

The bride, who resides on Chipewa road, is the daughter of Mr. and Mrs. Frank Hutchinson of Clyde, Ohio. The bridegroom is the son of Mr. and Mrs. Frank Strebe of Petrolia street.

A floor-length gown of white net and lace over satin was worn by the bride. Her fingertip veil was secured by a cap embellished with iridescent sequins.

Mrs. William Hurtubise, sister of the bridegroom, was matron of honor. She wore a ballerina-length gown of green lace with a matching headpiece and carried an arrangement of white and yellow daisies.

GOWNED IN YELLOW

Wearing identical gowns in yellow were the bridesmaids, Barbara Cullin and Virginia Fowler. They also carried arrangements of white and yellow daisies.

Rex Lamoreaux served as best man, and seating the guests were Fred Lynch and William Hurtubise.

A reception was held during the evening at Knights of Pythias Hall. The bride's mother wore a navy and white print dress. A gray and red print dress was worn by the bridegroom's mother.

The couple left on a trip through New York state and the Thousand Islands. Muriel is a graduate of Bowling Green State University and Chris attended Michigan State College.

Bride Claimed by John Slater

Honeymooning in Washington, D. C., and West Virginia are Mr. and Mrs. John Slater. The bride is the former Marion Ruth Lumpkin, daughter of the Rev. and Mrs. Charles Lumpkin of Richmond Hills, N. Y.

The bridegroom is the son of Mrs. Albert Slater of East Huron street and the late Mr. Slater.

The Rev. Ralph Pardee of First Baptist Church of Pontiac assisted with the ceremony performed June 18 by the bride's father in Belrose Baptist Church of New York City.

Mrs. Slater will entertain at an open house honoring her son and daughter-in-law on June 30. The couple will make their home in Detroit.

Physical Action Necessary for Westerns

Cowboy Movies Teach Morality

Roy Rogers Maintains Film Plots Are Aimed at Proving Good Wins

By ROY ROGERS

There's a question I hear over and over, and it runs about like this: "You're a church-going, God-fearing man, and yet you act in films that have violence in them, and even killing, and they're stories that are watched by millions of kids. How do you figure it adds up?"

The answer is perfectly plain to me. If I didn't sincerely think that our stories aim to do good, and that children accept them as doing good, then I wouldn't have any truck with them.

The basic thing in drama, in history and in life is the conflict between good and evil. It goes on inside and outside of us all the time. It starts in the Bible with Adam and Eve in the Garden of Eden being tempted by the snake, and it goes on all through the Bible. Take away that conflict, and you don't have a story to tell at all.

Now the basic thing in Westerns is action. The Western version of the good-versus-evil story is physical action. When the final showdown between good and evil comes, it comes in action.

As for the stories we use in our TV series, we couldn't be more careful about what they say if we were picking them out for our own children at home. In fact, that's one of the big things we consider in making our selections. There are good guys and bad guys in the stories. The bad guys do some pretty awful things, and the good guys try to stop them. They also try everything they know to reform the characters that are fighting law and order.

We think it's a good idea to show a villain finding out that reading the Bible and living by its rules can be a very fine thing, and to show him taking steps toward changing his way of life. After all, that's the outcome we all hope for in the battle between good and evil.

In the course of that battle, exciting and sometimes violent things happen, whether you're talking about fiction or real life. An innocent victim is kidnapped, a house is burned down, a guy can fall off his horse.

We don't show these things in a way that can possibly be interpreted as making them attractive or desirable. We don't insert violence just for effect but we do show how it can logically be met and conquered by fair play. I do not use my gun at all except when there is simply no other answer to the situation, when I have to use it I shoot the villain's gun out of his hand. I do not actually shoot him, and I do not kill; you figure that these two answers don't belong in our stories of the way for good to fight evil.

Wherever it fits into the story, we show how children can take an active part in helping good win out over evil. The example of a villain's earnest prayer makes the child turn his sights on a better life. A youngster's quickness and right thinking help the hero head off the villains.

I hope there's excitement in the way we tell our stories. The day there isn't any excitement, I don't expect there'll be very many people paying attention.

EVEN IF YOU'VE NEVER DANCED BEFORE...

YOU CAN ACTUALLY GO DANCING AFTER ONE LESSON!

JOIN THE FUN AT ARTHUR MURRAY'S

BEGINNERS who come to us are always surprised that they start right out dancing on their very first lesson.

The whole secret is Arthur Murray's amazing discovery, The Magic Step To Popularity. This basic step gives you the key to all dances and is so easy you can master it in just 5 minutes. Yes, even if you've never danced before!

So don't be an unhappy sideline sinner. Come to Arthur Murray's now and be a star on the dance floor. Studios open 10 AM to 10 PM daily.

WILL YOU ACCEPT A 1/2 HOUR \$1.00 TRIAL LESSON?

ARTHUR MURRAY School of Dancing 25 E. Lawrence St. Phone FE 2-0244

No surgery needed to reduce swelling of painful piles at home!

An amazing new stainless steel compound has been developed for home treatment of piles, hemorrhoids, itching, burning, and pain. Called "Stainless Pile," it brings instant relief in doctor's tests! Internal and external relief without surgery!

No other preparation offers this proof of results. Here's why. Pile combines 6 medically-proven ingredients to relieve pain, itching instantly. Reduce swelling. Promote healing. You sit, walk in comfort.

Get new Stainless Pile at drug stores. Only stainless pile remedy. Ointment or Suppository form that's easy to use, gives exact dose.
