

Waterford or Union Lake ...Which One to Be City?

Threatened with the loss of land to the proposed City of Union Lake, the Waterford Township Board last night appointed its own committee to study the feasibility of city incorporation for the township.

Township Board members were critical of a drive now under way to incorporate sections of White Lake, Commerce, West Bloomfield and Waterford townships into a 16-square-mile city.

The question for persons living in the Union Lake area, according to Township Supervisor Elmer Johnson, "is how would we get the most benefits — as Union Lake City or as Waterford City?"

"Whose tax base would be the most favorable?" asked Johnson. Johnson spoke out against the Union Lake incorporation plan after a group of residents from the Waterford Township portion of the proposed city asked what could be done to defeat it.

'GET TOGETHER'

The supervisor urged them to "get together" with residents of the three other townships to form "organized opposition" against the Union Lake incorporation.

He explained that the approximately four-square-mile section of Waterford would be "forced" into becoming part of the "new city" if residents in the affected area from the other townships carried a large enough percentage of yes votes to swing the election.

Only those living within the boundaries of a proposed city may vote on incorporation. The incorporation question is decided by the percentage of the total vote, not by each township section individually.

A group of residents and business known as the Union Lake Citizens' Committee for Progressive Government presented the township board with a resolution at the township board meeting, seeking a referendum vote on incorporation of the 16-square-mile city.

Public Works Bill Gets Committee OK

WASHINGTON (AP) — The House Appropriations Committee today approved legislation to provide \$4,613,907,000 for public works throughout the country.

The total, including funds for a start on new construction projects, is \$4,613,907,000, the public works appropriations for the year that ended June 30, but \$131,524,000 of that was for the fiscal year ended June 30, 1962.

The committee recommended allocations to 425 projects and activities of the Corps of Engineers and the Bureau of Reclamation. The allocations for the current year total \$1,077,514,000 for work which the committee will represent a federal investment of about \$17 billion.

Cautions Against War

NEW DELHI (AP) — Prime Minister Nehru warned today that clashes between Indian and Chinese troops could drift into war, and said war between India and China "may become a world war."

County to Resume Talk on \$15.4 Million Budget

The ways and means committee of the Oakland County Board of Supervisors will resume deliberations tomorrow on a proposed \$15.4-million budget to operate the county government next year.

The proposal for a final budget was presented to the committee yesterday by the county board of supervisors.

It represents \$11-million less than the tentative '63 budget approved by the Board of Supervisors in April and a \$67,601 increase over this year's budget.

The actual amount recommended by the auditors is \$14,412,632. The present year's budget totals \$14,845,586.

According to the auditors, the '63 budget they are recommending can be financed by a \$1,090,143 tax levy and an estimated \$4,322,500 in receipts for county services.

The \$11-million is the county's share of the total 15-mill levy for schools and township and county governments.

One-way in which auditors working with the Board of Supervisors' salaries committee managed to reduce the proposed budget for next year was by eliminating all but four of the 61 new employee positions sought by department heads.

ONLY SALARY HIKES

The only salary increases recommended by auditors are for the elected officials of the county. Their salaries would range from \$3,000 to \$2,500.

Some of the areas where increases in the budget over the current year are being recommended are:

County drains up from \$17,253 to \$18,241; employees' hospitalization from \$309,210 to \$451,196; County Security from \$180,000 to \$205,000; and board of auditors from \$381,710 to \$412,723.

Also up are building operations from \$287,556 to \$401,731; health department from \$80,171 to \$110,271; juvenile Court division from \$309,210 to \$451,196; prosecuting attorney from \$187,966 to \$209,832; sheriff from \$173,414 to \$195,828; and social welfare from \$2,549,910 to \$2,884,020.

Decreases from current budget:

NATIONAL WEATHER — It will be warmer tonight in the Rocky Mountain area and in the Gulf coast states while cooler weather is expected in the northern Plains and in the Northeast. Precipitation will be limited to rain in western Oregon and showers on the Carolina coast.

GOLDWATER AND GOLDWATER — Sen. Barry Goldwater, R-Ariz., (right) meets Larry Bockus, an actor who portrayed him last evening at a Saints and Sinners dinner in Atlantic City. The senator was the "fall guy" lampooned by the club. Goldwater was treated to a skit which pictured him as president of the U.S. He said he loved poking fun at politicians. He also said he didn't know what he would do without "the Kennedy boys."

Cloture Vote Red Space Skill Due Today

WASHINGTON (UPI) — The Senate headed for a showdown vote today on curbing debate on the administration's communications satellite bill with majority leader Mike Mansfield predicting there was a "reasonable chance" of success.

The vote was scheduled at noon today on a formal cloture move to end a dogged liberal Democratic filibuster against the bill.

If successful, it would be the first time in 35 years that the cloture rule has been imposed to check off debate on a bill.

Mansfield made his prediction after the weekly breakfast of Democratic congressional leaders with President Kennedy, who has endorsed the bill.

The Senate leader defended the bill against charges by liberalizing forces that it is a "give-away" to private industry.

Both sides admitted the vote would be close but both also were privately voicing optimism. It requires a two-thirds vote of all senators present to invoke the little-used cloture rule, so the number — and viewpoint — of absentees could determine the outcome.

If cloture is invoked, future debate will be limited to a total of one hour for each senator for all amendments and the bill itself.

But more than 200 amendments have been introduced and could be called up for a vote if their sponsors insisted.

Eyeing Atomic Control

INDEPENDENCE, Mo., — Special interests are trying to gain control of atomic energy, says former President Harry S. Truman. He said in a news conference yesterday that "special interests have tried to use both the Tennessee Valley Authority and the Northwest Power pool."

PanAm Refused Order to Halt Strike by Union

NEW YORK (AP) — A federal court judge refused today to grant Pan American World Airways an injunction against a strike by the Transport Workers Union. But there appeared little immediate chance of a walkout.

John O'Donnell, an attorney, told Judge John F. Dooling Jr. that President Kennedy appoints an emergency board in the dispute, the union would not strike for the duration of the board's deliberations and for 30 days thereafter.

Judge Dooling had made the ruling against Pan American.

Pan American, which immediately filed notice that it would appeal Judge Dooling's ruling, said the case had been referred to the President. The line indicated it would appeal in the U.S. Circuit Court of Appeals in Manhattan.

UP TO CONVENTION

"I will not dictate to the convention," he said. "I want the result to be what the convention feels is the right result."

Straley Pension Being Held Up

Judge Delays Payment Pending Ruling on Suit Challenging Legality

An agreement was reached in circuit court yesterday to hold up payment of a pension for former Pontiac Police Chief Herbert W. Straley.

Circuit Judge H. Russell Holland and attorneys for Straley and William Ewart agreed to a delay in payment pending the outcome of a lawsuit in which Hodge, representing a Pontiac taxpayer, charges a pension for Straley violates the city charter.

Judge Holland said he will order an early trial of the case. Final pleadings are expected to be filed Thursday by Hodge, on behalf of the plaintiff, John J. Brandenburg of 665 N. Perry St.

Straley's pension is illegal because it was awarded by the City Commission rather than the City Retirement Board.

FORGOTTEN RIGHT

He also asserts that Straley forfeited his membership in the retirement system because he was fired from his job.

In an answer to Brandenburg's suit, Ewart, representing Straley, said the plaintiff has no cause for action because he has not shown how he will suffer damages or injury by the pension.

Ewart contended that Straley's pension "will not increase the city's contribution to the pension fund and, therefore, no damage to Pontiac taxpayers will result."

The answer said that Straley had contributed the required funds and had rendered the necessary service to qualify for a pension under provisions of the city charter.

An affidavit attached to the answer, signed by Ewart and city attorney, said that Straley's pension will not increase Brandenburg's taxes.

Straley was awarded a \$115-a-month pension last month by the city commission. His claim for some \$12,000 in back pay also was approved.

Brandenburg's suit challenges only the pension.

Urges Ike Aide Quizzed in Case

WASHINGTON (AP) — A government auditor told Senate special investigators today they should question George M. Humphrey, former secretary of the Treasury, about burning of records covering multimillion dollar profits on stockpiled nickel.

Walter M. Henson, a supervisor for the General Accounting Office who has spent months auditing the records and income taxes of the M. A. Hanna Corp., said the records were destroyed in February and March of this year.

That was shortly after President Humphrey urged the current Senate inquiry led by Sen. Stuart Symington, D-Mo.

Henson testified that two companies, not the Hanna interests formerly headed by George Humphrey, had netted profits of more than \$39 million in investment of about \$4.5 million in supplying nickel under a series of contracts signed Jan. 16, 1953, just before Humphrey took office as secretary of the Treasury.

The choice was confirmed by Detroit's former mayor, Louis Mirani, who made the appointment.

Mayor Cavanagh said the reason he didn't appoint Schimmel president at the beginning of the year was because he "had more pressing matters to contend with."

That was the year the water board was under good control.

Named to Head Water Board

Louis H. Schimmel, First Nonresident to Steer Detroit Body

Detroit Mayor Jerome Cavanagh has appointed Louis H. Schimmel of Pontiac president of the Detroit Water Board, Delos Hamlin, chairman of the board, said today.

Schimmel is the first nonresident of Detroit to be named head of the water board, Hamlin noted.

Schimmel of 500 W. Tropicale Road was chosen for a position on the seven-member water board by the County Board of Supervisors in 1960 when it was decided to expand the Detroit Water Department to serve Oakland and Macomb counties as well as Wayne County.

Schimmel's term as president will expire Jan. 1, 1963. He was appointed vice president of the board at the beginning of the year.

Schimmel of 500 Tropicale Road was chosen for a position on the seven-member water board by the County Board of Supervisors in 1960 when it was decided to expand the Detroit Water Department to serve Oakland and Macomb counties as well as Wayne County.

The choice was confirmed by Detroit's former mayor, Louis Mirani, who made the appointment.

Mayor Cavanagh said the reason he didn't appoint Schimmel president at the beginning of the year was because he "had more pressing matters to contend with."

That was the year the water board was under good control.

Office Seekers After Romney's OK

LANING OFF — The rush is on to jump on George Romney's bandwagon.

State Republican leaders have tried to tie to both of the candidates for state office when the GOP assembly in Detroit Aug. 24-25 to pick a slate for the November election.

"With Romney at the head of the ticket, I'm a little surprised that we don't have a big line-up for every office already," said George Van Pelt, Republican state chairman.

More candidates eager to join the GOP assault on the statehouse are showing up every day, though not as many as some had anticipated.

The Day in Birmingham

\$10,185-Contract Is Let to Expand DPW Garage

BIRMINGHAM — Contract for construction of an addition to the Department of Public Works North Garage was awarded to Mc-Pel, Inc., of Detroit for \$10,185 by the Birmingham City Commission last night.

Completion date has been set at Nov. 1. Construction is expected to begin Monday.

Commissioners also approved a request by the City of Troy for use of property on the north side of Maple Road for an access road from Maple Road to Delamere St.

The road will be used by police and fire vehicles and residents of the area during reconstruction of Big Beaver Road, which is expected to take two or three months.

A group hospitalization plan for Birmingham Chamber of Commerce members and their employees was announced today by the chamber's board of directors.

The plan, to be available to members and employees on a voluntary basis, was developed to make use of the chamber's group purchasing power to effect a savings over individually purchased policies for local businesses not large enough for a group plan, according to C. C. president Harris O. Machus.

No contribution will be required of employers and no participation percentage will be required to qualify Machus said.

Details on the plan will be sent to members within about a week, he added.

Truck Walkout Settlement Vote Due at 3 Today

A membership vote on settling a strike against three trucking firms was scheduled for 3 p.m. today at the Pontiac Teamsters Local 614 hall, 1410 S. Telegraph Road, according to Local spokesman Joe Bane.

Involved in the strike are truckers for Mather Supply Co., Mather Inc. and Farmington Transportation Co.

Bane said the firms had agreed that regular grievances procedure will be used on pending grievances, including seniority disputes and that if no agreement is reached, Gov. John B. Swainson will be asked to appoint an arbitrator.

Soviets Could Down U.S. Spy Satellites

(Continued From Page One)

direct from their ships. A heavy heard was visible on the face of Nikolayev, who has rocketed up at 11:30 a.m. Saturday.

When Popovich's face flashed on the screen he began a conversation with Nikolayev. Only matches could be understood.

"I feel fine. How about you?" I hear everything well ... Greetings.

The satellites' route for one circuit is roughly 25,500 miles.

At that rate, Nikolayev would have covered 1,326,000 miles in 52 orbits and Popovich 918,000 miles in 36.

Most observers believed Nikolayev and Popovich were being permitted to make their own decision on when re-entry should begin. All official statements and broadcasts stressed their continued well-being.

About an hour before the joint message was sent, the 22-year-old Nikolayev made another appearance on Soviet television when re-entry should begin.

"Greetings to all!" in a direct transmission from space.

It was the 12th space broadcast since Nikolayev was sent into orbit last Saturday.

Glenn Allen, former mayor of Kalamazoo and a delegate to the state, said he was pleased to see Robert J. McIntosh, onetime Seventh District congressman, as other possibilities.

OTHERS MENTIONED

Most frequently mentioned for the post were: William S. Tynne, a Kalamazoo resident; Tyrone Gillespie of Midland, an attorney and assistant to the president of Dow Chemical Co.; a lobbyist for the chemical firm in Lansing.

Others who have been mentioned for one or the other of the finance posts are William Seldman, Grand Rapids accountant and head of the governing body of the new Grand Valley College; G. Stewart Francis, Saginaw mayor; Timothy J. Quinn of Caro; Circuit Judge Louis D. McGrover of Flint; and Michael D. O'Hara of Meridian, who failed in bids for the high court twice before.

The only announced candidate for secretary of state is Norman O. Stockmeyer, Detroit lawyer, who resigned recently as Wayne County Republican chairman.

Others who have been mentioned for one or the other of the finance posts are William Seldman, Grand Rapids accountant and head of the governing body of the new Grand Valley College; G. Stewart Francis, Saginaw mayor; Timothy J. Quinn of Caro; Circuit Judge Louis D. McGrover of Flint; and Michael D. O'Hara of Meridian, who failed in bids for the high court twice before.

Both of those two posts will be made appointments to the people adopt the new state constitution next spring. Van Pelt pointed out we haven't had more interest in those so far."

Tighten Security in Code Agency

Secret Unit Shake-Up Reported After Two Defected to Russia

WASHINGTON (UPI)—A congressional committee said yesterday that the government's secret code-breaking agency has taken 22 steps to tighten up its internal security since two employees defected to Russia in 1960.

Such a drastic shake-up in the security measures was necessary, according to a report by the House Committee on Un-American Activities. The committee said it was "amused and shocked" at what had gone on before.

The report on the National Security Agency (NSA) would set a two-year committee investigation of the defection of code breakers Herbert F. Mitchell and William T. Martin, who have turned up inside Russia and denounced the United States.

When the men fled this country, according to the committee, NSA did not know that Mitchell had posed for nude photographs or that Martin was "sexually abnormal" and had been associated with Communist party members while studying at the University of Illinois in 1959.

Rep. Francis E. Walter, R-Pa., chairman of the committee, said NSA's personnel security was "deplorable" before the two men defected.

Walter said that when the committee started its investigation, both NSA and the Defense Department were "reluctant to cooperate." But by last summer, he said, both were cooperating and were making rapid and important changes in the agency's security practices.

"The committee report shows that their efforts were enormous," he said.

Receiver Given OK to Sell Haddix Grain

DETROIT — The receiver of the Bud Haddix elevator operations was granted permission in federal court yesterday to sell grain in the Haddix elevator at Blissfield to the Commodity Credit Corp. to determine the warehouse shortage.

M. S. Klein of Fenton was appointed receiver after agriculture department investigators reported shortages estimated at \$700,000 in five Haddix elevators.

Klein already had been given permission to sell grain from the Monroe warehouse.

The National Bank of Detroit was also permitted to intervene in the suit because Bud Haddix and Sons Elevators, Inc., owes it a \$200,000 loan.

Expect 700 Delegates for Ohio AA Meeting

TOLEDO, Ohio (AP) — Some 700 delegates from Ohio, Michigan and Kentucky are expected to attend the annual Ohio General Service Conference of Alcoholics Anonymous to be held here Aug. 17-19.

The three-day meeting will include panel discussions, speeches by members of the national A.A. organization and a banquet Aug. 18.

Shock to Laymen and Scientists

Space Gap Back, Wider Than Ever

By ALVIN R. WEBB JR.
CAPE CANAVERAL (UPI)—Remember the "space gap"? Well, it's back.

And worse than ever, maybe, to America. Two years now, and probably more.

That's the advantage the Soviet Union apparently has over the United States in the race to land men on the moon. It's all because the old rule that "what's sauce for the goose is sauce for the gander" applies to space races as well as to geese.

Perhaps the "gap" has been there all along. If so, its gloomy aspects had been softened by a rosy picture painted by U.S. scientists and space leaders — that America was working on a new two-step technique that would make the lunar landing derby.

Unfortunately, every silver lining has a cloud. In this case, it was an almost nationwide failure to realize that Russia could use the same technique and thus keep the lead it had to start with. And that, apparently, is just what the Soviet Union has done. The orbital flights of two Soviet "space brothers" this past week was a stunning surprise to U.S. space authorities.

TO OBTAIN DATA

Radio Moscow passed the word that the twin-orbit spacecraft was working on a new two-step technique that would make the lunar landing derby.

"Direct contact" involves a concept more commonly referred to on this side of the

Iron Curtain as "rendezvous," one of two techniques scientists have proposed as means of reaching the moon with men sometime this decade.

"Rendezvous" works in one of two ways: 1. Using comparatively small rockets to loft manned capsules and propulsion units into separate orbits around earth, then linking them there for the long flight to the moon and back; or 2. Using one such rocket to send a "mother ship" into orbit around the moon, with a smaller "bug" that would be detached,

Red-Aided Steel Mill Shows Good Gains

NEW DELHI (UPI) — Russia and India today issued a joint statement noting "significant" production gains by the Bhilai steel works, financed partially with Soviet aid money.

The report said the steel works has reached a capacity of one million tons.

It contrasted sharply with a report received by parliament yesterday charging Indian officials with poor management of the steel plant at Bhilai.

The statement today said "It is a matter of great satisfaction" to Russia and India that the Bhilai plant exceeded production requirements.

Of 94,077 tourists who visited Turkey last year, the largest number, 33,986, were Americans. British and Germans were next.

land directly on the lunar surface and return.

The other approach is the "direct" technique, in which a single huge rocket would be built to carry crew, capsule and return booster directly from earth to the moon and back.

Brothers Turn \$2 Into \$80,555 at Race Track

AGUA CALIENTE, Mexico (AP) — Two brothers, unemployed house painters, are \$80,555.60 richer today because they picked six winners at a race track.

Kenneth Hallinan and Harold Hallinan of Pasadena, Calif., paid \$2 for a "5 and 10" pari-mutuel ticket that contained their choices for six races on last Sunday's card. They were the only ones among the 13,000 spectators who had all the races correctly selected, so they got the entire major award from the gross pool of \$126,332.

Agua Caliente racetrack officials said the payoff was one of the largest in North America.

About 79 per cent of all white births occur in hospitals.

Cheaper ways of doing things in space are important to both nations. If the United States has still hills for defense and foreign aid, the Soviet Union is just as pressed for rubles because of agricultural failures that have played havoc with the Communist economy lately.

America has decided to go with rendezvous idea No. 2 — Putting a "mother ship" named Apollo into orbit around the moon and then detaching a two-man "bug" to make the direct landing. This is expected in 1965 or 1967.

Russia has not revealed which approach it will go for — nor the target date.

But whatever, the Soviet Union now possess a solid lead in the important experimental aspects of rendezvous techniques, thanks to the remarkably successful "Orion" flights of cosmonauts Andrian Nikolayev in Vostok III and Pavel Popovich aboard Vostok IV.

The two spacecrafts were circling the globe within sight of each other, and apparently there were no plans to bring them together. Still, the feat demonstrates spectacular accuracy and a proven ability to time the launchings of large rockets precisely.

The United States is at least two years away from its first "rendezvous" experiments, and even then they will not be like the Nikolayev-Popovich flights. U.S. scientists will send two men into orbit aboard a single "Gemini" spaceship, too "lock on" to an unmanned object.

Wernher Von Braun, America's most famous space scientist and a top proponent of the "rendezvous" concept, was not available for comment on the Soviet exploits. But this second-in-command, Dr. Eberhard Rees, indicated the stunned surprise that a lot of U.S. scientists felt.

Rees, chief of research and development at the National Aeronautics and Space Administration's Center in Huntsville, Ala., said the Russian flights came "six months to a year" earlier than he had expected.

OFFICIAL RULES: "ROYAL CROWN COLA'S SHOWER OF SILVER" CONTEST

1. Estimate the total value of the money in the picture. Write your estimate on either a printed entry blank or a plain sheet of paper. Print your name and address plainly. The estimate closest to the actual amount of money in the picture will win first prize, the next closest will win second prize, etc.
2. Mail your completed entry with appropriate proof-of-purchase (as described in Rule 3) to "Royal Crown Cola's Shower of Silver" Contest, P. O. Box 605, New York 46, N. Y. Entries must be postmarked by midnight, September 1, 1962, and received by September 15, 1962. You may submit as many entries as you wish, but each entry must comply with all the rules and be mailed in a separate envelope.
3. To be eligible for any prize, you must submit proof-of-purchase (special "bottle-hanger") packed with every six-bottle carton of Royal Crown Cola featuring the "Shower of Silver" Contest.
4. The prizes are as follows: 1st Prize—Everything in the picture (guaranteed minimum of \$10,000, three 2nd Prizes—1962 Ford Ranch Wagon (\$3,000 value), five 3rd Prizes—Zenith Color TV Set (\$550 value), ten 4th Prizes—Zenith Portable TV Set (\$150 value), 100 5th Prizes—Zenith Transistor Radio (\$60 value). All winners will receive a full year's supply of Royal Crown Cola—60 cartons (360 bottles)—\$39 value.
5. SPECIAL BONUS—1962 FORD RANCH WAGON—If you submit proof-of-purchase from at least two six-bottle cartons of Royal Crown Cola, you will receive a 1962 Ford Ranch Wagon (\$3,000 value) as a special bonus if you are the 1st prize winner.
6. In the event of ties, which are possible, high contestants will be required to complete a statement dealing with Royal Crown Cola. No proof-of-purchase will be required with a tie-breaking entry. Tie-breaking statements will be judged on the basis of originality, sincerity and aptness of thought. All judging will be performed by the U. L. Blair Corporation, an independent judging organization. Duplicate prizes will be awarded in the event of further ties.
7. Any resident of Continental United States including Alaska and Hawaii may compete, except employees of Royal Crown Cola Co., its advertising agencies and their families. Government regulations apply.
8. Judges' decisions will be final. Except for incidental help from family and friends, entries must be wholly the work of the person in whose name the entry is submitted and will be disqualified for outside, professional or compensated help. Only one prize will be awarded to any person or household. In compliance with company policy, Royal Crown Cola Co. has deposited \$38,000 in the First National City Bank of New York to cover the total value of all prizes. No entries will be returned. Entries, contents and ideas therein being inequally to Royal Crown Cola Co. for any and all purposes. Contents of winning entries will not be disclosed. The winners or complete winners list will be available, as soon as possible after the close of the contest. A complete winners list will be available, as soon as possible after the close of the contest, to anyone sending a stamped self-addressed envelope for same.

7 REASONS WHY A WAITE'S CHARGE SAVES YOU TIME AND MONEY

1. CHOICE OF CHARGE PLANS

With a Waite's charge account there is no need to wait till payday to buy the things you need, or, to take advantage of our timely advertised items, special purchases and storewide sales. With a 30-Day Charge there is no service charge; use a Flexible CCC account and pay a small amount monthly; on major purchases use a Budget Account, no money down, pay 1/3 monthly with no service charge; or arrange a Deferred Payment Plan, no money down, up to 2 years to pay.

2. CHARGE-PLATE CONVENIENCE

At Waite's you have the speedy convenience of Charge-Plate service.

3. SHOP BY PHONE

No need to leave your home to buy—just charge your purchases to your account. Delivery is FREE on purchases over \$3 and you need not be home to pay as you would on a C.O.D. delivery.

4. ADVANCE NOTICE OF STOREWIDE EVENTS

All Waite's charge customers receive advance notice of major storewide events. And, Waite's always lists the items on sale and their prices.

5. OTHER SPECIAL MAILINGS

All Waite's charge customers receive other special mailings. Our annual Christmas catalog is a good example.

6. BE ASSURED OF QUALITY

Even shopping by phone or mail you can be assured of quality at Waite's—backed by national brands and 66 years of dependable service in Pontiac.

7. YOU PAY NO MORE AT WAITE'S

We will not be undersold. Tell us if we're wrong. Yes, you get all of the services listed, plus others, yet you pay no more at Waite's!

U.S. Takes Back Seat in Space Race

There is no mistaking the fact the Russians have gained another first in the space contest. In all probability this gives them a definite advantage in the race to the moon.

For the United States to attempt to take any coy attitude and try to pretend that we are not running second in this particular scientific race would be foolhardy.

The Soviet Union scientists have had the edge, and apparently we have been unable to close the gap. This latest flight into orbit by two Russian cosmonauts is a fantastic achievement. It is too early for anyone to predict the results to be gained from the launching of the two spaceships.

It is entirely possible that this twin shot may cut by half the estimated eight years that has been discussed as the time schedule before man reaches the moon.

The two cosmonauts, **Andrian Nikolayev** and **Pavel Popovich**, along with the Soviet Union, are to be congratulated for this latest space accomplishment.

Undoubtedly a great deal can be learned from this double flight. The ability to send up a second capsule 24 hours after the first one has gone up and to bring it into orbit in the vicinity of the first craft marks an important advance toward the day when some sort of a space launching pad can be established.

Such a launching pad often has been discussed as the vital first step toward an eventual flight to the moon. Under our schedule the setting up of such a base or the joining of two spaceships is a year and a half to two years away.

Just where this leaves the U.S. we don't know. On the surface there is no doubt about who is ahead. Yet we can't help but feel that our government and scientists have made some compensating developments which perhaps have not been disclosed.

This particular facet of space exploration is a single segment and does not necessarily dovetail at this time into the overall defense program. It is our understanding that we are still ahead in nuclear subs and medium missiles.

We do not wish to discredit the Russian achievement one whit, yet we strongly feel that the United States defense setup is second to none. And this includes the Russians'.

Sister Niceta Has Been Blessing to Our Area

Hospital officials come and go, but fortunately for the Pontiac area, Sister Mary Niceta spent the last 32 years at St. Joseph Mercy Hospital where she headed the obstetrical and nursery department. Oftentimes hospital supervisors, like other department heads, are disliked because the nature of the job requires SISTER NICETA them to issue orders.

This was not the case with Sister Niceta. She was loved by everyone in the hospital as well as

by her department. The thousands of mothers and babies who came under her direct supervision have nothing but praise for her kindly care.

It was her personal interest in each patient that endeared her to so many. Her nature radiated security and warmth, which immediately ingratiated the Sister to new and frightened patients.

In leaving for a new post Sister Niceta is certain to be missed because of her close relationship with so many new and expanding families.

On behalf of the thousands that she served so competently we can only say thank you and Godspeed.

The Man About Town

Possum No Play Help of Good Samaritan Nixed by Tree Dweller

By **HOWARD V. HELDENBRAND**
You couldn't exactly say that **Howard Fogelsanger** of 1024 Lochaven Road was playing possum recently, but you might say the possum was playing Fogelsanger — for a sympathetic fall guy.

Felling a tree recently on nearby property, a possum came to earth with it. Picked up stunned, it was taken home and assigned quarters in an enclosure containing a ranch-type doghouse.

But before leaving the possum to recuperate and set up housekeeping in her own way — changing the furniture around, seeing to the drapes, etc. — the captor suddenly discovered that he was not entertaining one guest, but 12. The mama was traveling with 11 babies en-pouched as they are right after birth.

Well, came the night and peace settled over the human household — but not the whole deal — and just as the day, mama had been unable to develop any nourishment for her brood, and one and all were hungry — and making quite a to-do about it.

On investigation, our humanitarian found the parent, again with all hands aboard but this time occupying an upper deck buried in the fur of her back with only bits of tail visible, trying to get out and presumably head for a night snack at some all-night walk-in.

Deciding sadly that care and feeding of possums was a little beyond his zoological training, our friend liberated his complaining guest and her secreted progeny. She went leisurely off into the night, still emitting foul disatisfaction over the whole deal — and just as she disappeared, he swore an unmistakable Bronx cheer floated back to him!

With the 22nd annual 4-H Fair now history, some well-deserved hours are in order for the fine job done in staging it and the evidence on all sides of progress by the young members during the past year. Although it would be impossible to mention all those who had a part in the event, the following should be mentioned as having spear-headed the fine project: the two County 4-H Club Agents

John Worthington and **Mrs. Ruth Montney** both of Drayton Plains, and **Keith Middleton** of Lake Orion, president of Oakland County 4-H leaders, and an outstanding leader who worked in close association with the president.

Leon Storm of Oxford.

Very proud of the unusually flourishing state of his Triple Crop and Hybrid tomatoes is

Robert McCormack of 56 Clayton St. Growing in low land near Crescent Lake, the soil seems to be just what the doctor ordered.

Dagmar the comedienne noted for her ample proportions, offering her view on smoking and cancer, said: "I smoke heavily, but frankly I've never had any trouble with my chest."

Verbal Orchids to—

Ray Allen of Hatchery Road; 80th birthday. **William A. Mow** of Rochester; 80th birthday.

Anybody Got a Compass?

David Lawrence Says:

Timing Plays Part in Tax Reform

WASHINGTON — The political advantages and disadvantages in the timing of a tax cut played a significant part in President Kennedy's decision to ask Congress to wait till his January session to enact tax legislation.

For, as Secretary of the Treasury **Lawrence** told a group of business leaders interviewed on the subject, the "people must keep in mind that these things do take a tremendous time."

He called it a "slow process" and added that this "may mean that the Congress may not get to it till next summer, if you are waiting for this reform of the whole tax structure."

Yet "tax reform" means revision of dozens of regulations that harass and impede business progress and expansion. The confidence of businessmen in the economic outlook for the future will hardly return if there is only a cut in the various income brackets.

So, from a political point of view, the Democrats will be going to the country this November mainly with a general promise of tax reduction that will be legislated some time between next January and midsummer.

The rates will, of course, be specified by the new law as retroactive. This means they will take effect as of Jan. 1, 1963.

WILL BE CORRECTED
But it also means that the Treasury during the first half of 1963 will be getting estimates and payments from taxpayers based on the present law. These will have to be corrected later in the year in order to give full credit to whatever reductions are made by Congress — a complicated book-keeping procedure.

As for tax regulations generally, any changes probably will not go into effect until Jan. 1, 1964.

Politically speaking, therefore, the taxpayers will not be able to feel the full effect of the change until the latter part of 1963 and in 1964. Also the full impact on Treasury receipts and the size of the Treasury deficit will hardly be known until the end of the fiscal year on June 30, 1964, which will be at the start of President Kennedy's campaign for reelection in November of that year.

But, even so, the deficit cannot be measured then in its entirety, because the reduction in tax rates for individuals will not be the only change that affects Treasury revenues. The changes in tax regulations themselves will mean reductions in some revenue items and increases in others.

Thus the administration and the

Democratic candidates for Congress will be running for office in November 1964, with a huge deficit marked up against them.

But the political tactic in rebuttal will be to compare this with the \$12-billion deficit that occurred during the latter part of the Eisenhower administration. So anything below \$12 billion in the Treasury deficit will be considered an "improvement" and as politically defensible.

The administration nevertheless is risking its political fortunes on an improvement in business and particularly in employment. The theory back of the reduction in tax rates is that there will be more money to spend for consumer goods.

Dr. William Brady Says:

Peevish, Eh? When Did You Last Drink a Pint of Milk?

Some persons are generally cheerful, good-natured, friendly and easy to get along with. Others are crabby, irritable, scowling, complaining and difficult to get along with.

What makes the difference? A common explanation is that the affable kind have no nerves or their nerves are dull, coarse, unrefined, whereas the stuffy, unsocial kind have delicate, sensitive nerves.

Of course this is the old hokey. The actual difference between a peevish, cranky, touchy person and one of good disposition is essentially a question of nutrition. For example, a man or woman who has been fairly active, playing or working or walking enough every day to maintain good calcium metabolism, inevitably suffers from calcium depletion — a steady loss of calcium from the bones, muscles, nerves, etc. — if he or she is confined to bed or chair for weeks or months as a result of accident or illness.

One of the striking signs of calcium depletion is increasing peevishness. The invalid needs a quart of vitamin D milk every day or six calcium capsules (calcium combined with vitamin D) daily to maintain good calcium metabolism until he or she can again get a reasonable amount of exercise.

Yesterday, a correspondent told us how much relief her migraine calcium and D had brought about — she had been eating calcium capsules for about 10 months and she said "improvement started after two months... now the headaches occur only once in two or three weeks. My general health and disposition have improved greatly, especially my disposition."

REGULATES EXCITABILITY
One of the physiological functions of calcium in the body is regulation of the excitability of nerve fibers and nerve centers in other words, calcium "steadies" the nerves. Of course this steadying of the nerves is inadequate if you attempt to, for example, to sustain on calcium-poor diet.

Milk and cheese are the best food sources of calcium — especially skimmed milk and cottage cheese. Every growing child should consume a quart of milk a day, every adult 1 1/2 pints, whole milk or skim milk, to insure an adequate daily ration of calcium.

The person who gets such a daily ration of calcium, from the foods mentioned and/or from other foods

But, oddly enough, in the argument during the last few weeks over whether or not to grant an immediate tax cut, even these prospective advantages were outweighed by the public fear of the effects of a big deficit.

Certainly if government spending goes on at its present pace, even as tax revenues are reduced, the federal deficit may go beyond the \$12 billion of the past administration.

So the full effect of the President's decision this week as outlined in his message to Congress will hardly be known until a few months before the 1964 election.

(Copyright, 1962)

Peevish, Eh? When Did You Last Drink a Pint of Milk?

calcium foods, such as green leafy salad vegetables, peas, beans, greens, nuts, peanuts, and, of course, enough vitamin D to insure assimilation and utilization of the calcium, is less sensitive to achy, pain than the average Yankee customer, who doesn't know enough to select his own diet but eats whatever the chef-food people tell him is good for him.

Signed letters, not more than one per person, still containing a personal health and hygiene, not dieting, still submitted, will be answered by Dr. William Brady, if the letter is addressed to him at The Pontiac Press, Pontiac, Michigan.

In Washington:

Transportation: Four-Way Woe

By **PETER EDSON**

WASHINGTON — (NEA) — The United States transportation system is in a state of emergency in the world — it is nevertheless characterized by experts looking at the whole network of rails, highways, waterways and airlines as "a terrible shape and getting no better every day."

A crisis resulting in complete collapse of it all transportation is described as imminent. The condition is described as malignant, like cancer, with long suffering ahead.

Transportation may be considered America's biggest industry. If you include automobiles, it represents about a fifth of the economy. And if this fifth isn't doing well, the other four-fifths are bound to suffer, too.

Failure of business to boom as predicted earlier this year has held down freight car loadings. This has reduced income just at the time the railroads are saddled with a \$105 million increase in off-train labor costs.

Extensive railway labor layoffs are in sight. Rail management has given rail on-train employees an ultimatum to accept work rule changes that will eliminate "leash-berthing" on Aug. 16. An immediate nationwide rail strike has been averted for 60 to 90 days by presidential action. But eventually comes a showdown.

Some of the roads like Southern, Santa Fe and Union Pacific seem to be doing all right. Other carriers in more competitive areas are proposing a series

Voice of the People:

City Manager Gives Reply Concerning Tank Award

The representative of the Graver Tank & Mfg. Co., regarding the bid on the elevated water storage tank did not state all the basic facts.

The original bid by this company was contingent upon receiving the award on the two large ground reservoir tanks, also which did not make them the low bidder. After the bid opening, their representative wrote that he had misunderstood the specifications and asked that the contingency be withdrawn.

Even if this were done, the Graver Co. would not be the low responsible bidder, in the opinion of our consulting engineers and the City administrative staff because it failed to meet the specification that the tank be constructed "by a manufacturer that has at least ten such tanks in successful operation." Graver advised that they are presently building a 2.5 million gallon tank for a city in Wisconsin, but they admit that they do not have any tanks of the proposed size and design in operation, although they have designed and built several tanks. The smallest tank to be built at Wells and Mainland is very large, with a capacity of 2-million gallons. (The Baldwin Avenue tank holds 1-million gallons.)

We cannot afford to take a chance on the new tank. A tried and true design is necessary to protect the interests of the City. The Chicago Bridge and Iron Co., which was second low and received the award, built several tanks identical to the one proposed and many more of similar design.

Robert A. Stiver
City Manager

'Let's Investigate Erie's Plan'

Erie, Pa., is taking advantage of an improved constitution allowing local government to reduce taxes on buildings. The Erie Land Tax Association is distributing sheets demonstrating how the tax change affects properties. Economically producing improvements reap sizeable reductions—some by 50 per cent. The needed revenues and vacant land on underused sites and vacant land.

Michigan would do well to investigate.

Carl F. Shaw

'How's Pontiac's Youth Program?'

Three cheers for President Kennedy's physical fitness program in which he emphasizes the physical improvement for our young.

Detroit, Birmingham and Bloomfield Hills have responded to the President's idea.

How is Pontiac's youth program doing?

Zachary Thomas

'Personal Lawyer and Official?'

Do I understand this correctly—that Milton Henry, serving as City Commissioner, taking part in the discussion between Yellow Cab owned by Peter Theodore and Chief Cab owned by Louis Linette is also Louis Linette's personal lawyer?

Are the other Commissioners afraid of Henry?

Frank Foster

Smiles

It's great when a flock of grandchildren rush in for a visit, and when they go home — a-a-a-h.

After the dental checkup for kids during vacation comes the long hard grind of school days.

The new father walks the floor for hours smoking cigars but always has enough left to hand out

'Why Give Others Our Business?'

With steel mills at 50 per cent capacity and truck and vehicle plants capable of producing far more, we have four million Americans unemployed.

The Federal payroll is over \$14 billion a year and the Kennedy administration has just placed a \$2 billion order for Japan for 100,000 motor trucks and vehicles. They also ordered \$200 million worth of steel from Germany and are negotiating for 2,000 more thus depriving the American worker and the manufacturer of thousands of jobs of steel together with parts, tires and accessories plus the assembly of 100,000 vehicles. Why weren't these orders kept in our own country? The Kennedy administration did put 500 new income tax inspectors on the Federal payroll. For what? We are not supposed to inspect the Japanese and West German income.

The American tourist was cut from \$50 to \$100 duty-free goods to protect our gold supply. Yet this \$2 billion contract with Japan obligates 12 per cent of our \$16 billion gold reserve.

Germany contract obligates still more.

Edward L. Penny

Drayton Plains

'False Information' Merely Opinion

Peru's military junta complained that U.S. Ambassador James Loeb had been sending "false information" to Washington, accusing the diplomat of "showing clear prejudice for one of the presidential candidates" (Haya de la Torre) and of "creating a climate of misunderstanding in Washington."

It was an open secret that the U.S. favored Haya; but what might seem like "false information" to the junta could more properly be termed an ambassadorial opinion. That's why Mr. Kennedy summoned Ambassador Loeb to Washington "for consultation."

Carlos Todd

Miami

structure subsidies, \$180 million for ship operating subsidies, plus another \$70 million subsidy for inland waterways. American seamen and longshoremen benefit from these subsidies, too.

The United States has only one-sixth of the world trade, but only half of this is carried in American bottoms. American-owned foreign flag carriers present another problem in the basic Common carrier has found a satisfactory solution.

Of the four principal means of transportation, only the motor carriers seem to be operating in the black. Common carriers have their competition from unregulated and privately owned truck lines that carry two-thirds of the freight.

The hidden factor in this prosperity is the \$3.25 billion a year of federal funds going into new highway construction, plus state funds for construction and maintenance which bring the total to \$10 billion a year.

All motor carriers have their problems with Jimmy Hoffa and his Teamsters Union. But he is given credit for favoring expansion and modernization of the industry. The objective is bigger benefits for his union members. Nobody in government has an answer for Hoffa, either.

The Associated Press is entitled exclusively to the use of photographs and illustrations as well as all AP news material.

The Pontiac Press is delivered by carrier for 50 cents a week; short notice delivery is \$1.00 a week. Subscriptions are \$5.00 a year in advance. Single copies are 10 cents. All subscriptions payable in advance. All subscriptions payable in advance. All subscriptions payable in advance.

As for the seamen's unions, they have now raised pay scales and benefits so high that a third of their members are on the beach, unemployed.

American merchant marine rates are so high that only Americans — principally those required to do so by law — can afford to ship in United States bottoms.

American flag carriers are supported in this luxury service by this year \$30 million in ship con-

Don't Count Sheep... Just Count Your 'Dislikes'

By HAL BOYLE

NEW YORK (AP)—Instead of counting sheep the next time you have insomnia, why not instead mentally make a list of things you feel the world would be better off without?

The trouble with playing this game is that you may get so enthusiastic about compiling your dislikes you will stay awake until dawn.

Here's one man's sample checklist of things he'd be glad to do without:

Cathedral living rooms.

Marlinis made with vodka.

Salads in which the garlic outweighs the lettuce.

All television commercials showing symbolic diagrams of how headache remedies and upset-tummy cures work in the human body.

Ring Liberty Bell (Rubber Mallet) to Protest 'Wall'

PHILADELPHIA (AP) — The Liberty Bell, silenced many years by its famous crack, was rung yesterday to signal the first anniversary of the Berlin Wall.

City Council President Paul D'Oronzo used an eight-inch rubber mallet and pounded on the bell in Independence Hall for about two minutes.

Pictures and recordings of the event are scheduled to be shown here and in Europe in protest of the Berlin Wall.

Authorities fear that if the Liberty Bell were struck in a more conventional manner it would be split.

Carpenters Meeting on Flooring Contract

DETROIT (AP) — Carpenters Union Local 2265 President James Pollo said members will meet tonight to consider ratification of a two-year contract with the resilient floor decoration industry.

Pollo said 600 members have been striking for eight weeks against the industry, which includes about 70 contractors for carpets, linoleum and asphalt tile. He said a tentative agreement was completed last night.

University of Rhode Island in 1988 offered the first complete course of study in poultry husbandry.

Rusk on Foreign Aims: Victory for All Mankind

MINNEAPOLIS, Minn. (AP) — "We intend to win—and we are going to win. Our objective is victory for all mankind." Secretary of State Dean Rusk said Monday night in reply to charges that the Kennedy administration is pursuing a "no win" foreign policy.

"The global struggle for freedom against Communist imperialism is our main business in the State Department," Rusk told the 33rd annual convention of the Veterans of Foreign Wars.

"This struggle will continue until freedom prevails. It goes without saying that our purpose is to win."

Rusk termed the present world one of turmoil and change and said the primary cause of danger to the United States "is the existence of powerful forces which are determined to destroy our free way of life."

REDS IN CONFLICT

But the secretary said he found encouraging signs in the West's fight. He cited improvements in Western Europe, economic and otherwise, and sharp differences which have developed within the Communist bloc.

"The notion that we in America somehow resent or regret this new vitality and confidence in Europe is plain nonsense," said Rusk.

"We applaud results thus far and warmly support the prospects for an even stronger and more unified Europe."

Rusk called the Berlin wall, erected a year ago Monday, a monument to the failure of "competitive co-existence" that dared not compete.

"Successful societies do not have to build walls and string barbed wire against their own people," he said.

In improving its own military position, Rusk said, this nation seeks to show its adversaries that any resort to force would be not only unprofitable but dangerous.

CAN'T SUCCEED

Referring to an improved capacity for dealing with guerrilla warfare, such as is now on in South Viet Nam, Rusk said: "It will not be allowed to succeed."

Woman Learns Hearing Has Its Little Drawbacks

WARWICK, R.I. (AP)—A Warwick woman is able to hear but in some respects this has brought complications.

Irene Brown, 51, is home from Rhode Island Hospital, where a bone cyst was removed from her left ear. She had been able to hear only loud noises, since she was 14.

Now, however, Mrs. Brown says everything seems too loud, the television and radio, for example. She says she is always asking her husband to turn them down.

Then, there are the cars going by the house: she never heard them before. Fire sirens and airplanes, she says, frighten her.

Still, Mrs. Brown acknowledges, the benefits from putting an end to the confusion and occasional helplessness of the other, silent world far outweigh the disadvantages of joining the world of noise.

Appointed Administrator of Battle Creek Hospital

GRAND RAPIDS (AP) — Lee W. Yothers takes over Oct. 1 as administrator of Battle Creek Community Hospital after 11 years in a similar post at Ferguson-Drost-Ferguson Hospital in Grand Rapids.

Yothers a member of the American College of Hospital Administrators is a board trustee of the Michigan Hospital Association.

To Open Highway Friday

LANSING (AP) — A \$340,440 modernization project on 13 miles of M-56 from Kalamazoo to the Manistee River will be completed and opened to traffic Friday, the State Highway Department announced.

Albany Negroes Aim at Schools

Will Try to Integrate 'White' Junior, Senior Institutions

ALBANY, Ga. (AP) — Schools are now a target of desegregation efforts by Negroes seeking to batter down all major racial barriers in this southwest Georgia city.

Negro students and parents were urged at a mass meeting Monday night to join attempts at integrating white junior and senior high schools next month.

"We're stopping at lunch counters," said the Rev. James Bevel of Cleveland, Miss., after asserting that city leaders had refused to accede to minor desegregation demands.

He urged parents with school-age children to join in a court suit to desegregate schools. The Negro minister said the National Association for the Advancement of Colored People "has loads of money and is just waiting for somebody to file a suit."

TEY REGISTRATION
Bevel told Negro parents to take their children to the white schools and try to register them for the fall term.

Taken integration in secondary public schools has been effected in only one Georgia city—Atlanta. Bevel said city officials "are going to really kick and scream" when efforts are made to integrate the schools.

Dr. Martin Luther King Jr. returned from a weekend in Atlanta and repeated his pledge to stay in the Albany integration fight.

He expressed dissatisfaction with the failure of U.S. Dist. Judge J. Robert Elliott of Columbus to set a hearing on a suit seeking desegregation of parks, the library and other public facilities.

"If Judge Elliott doesn't hurry up and do something about it, we'll just go up a little higher," King said.

Many JFK Bills in Trouble

WASHINGTON (UPI) — President Kennedy has said Congress is the key to effective economic recovery, but some of the doors he wants it to unlock already may be sealed beyond opening.

The President listed six bills in his tax speech last night which he said would speed up economic growth.

Several of the measures appeared likely to pass, although in different form than he originally asked. Others were in trouble, and some may be lost.

Kennedy's request for broad new tariff-cutting powers, approved with few changes by the House, was in the last stages of public hearings before the Senate Finance Committee.

House leaders said the public works bill would be tough. One Republican predicted the bill would be killed.

Kennedy's limited tax reform bill, passed by the House, nearly ran aground in the Senate Finance Committee. The bill originally would have provided businessmen with tax credits on new equipment, and provided for withholding taxes from dividends and interest.

But the committee cut out the withholding provisions, revised the tax credits and made other drastic changes. It awaits action on the Senate floor.

The President called "most important" his "youth opportunities" program.

The most likely legislation, a three-year \$25-million proposal for a new youth conservation corps similar to the CCC of the 1930s, and a "home town peace corps" to carry on local projects, was stalled before the House Rules Committee. A Senate committee has approved a much larger bill.

House Democratic leaders believed they had enough votes to spring the youth bill from the Rules Committee. But another rough battle was envisioned on the House floor.

SCHOOL BILL DISPUTED
The school bill Kennedy urged currently enmeshed in the same church-state dispute that killed aid for grade and high schools last year.

Senate and House conferees have been unable to resolve differing \$1.5 billion construction aid plans for college academic buildings because the House approved direct grants to private and church-connected schools.

House members close to the conference have all but abandoned hope. Senate members are saying it is too soon to give up and express cautious confidence that a solution will be found.

A Senate-passed, \$300-million college scholarship program also stands in the way of agreement, but this is regarded as the smaller obstacle.

The President's call for another extension of unemployment compensation benefits which have expired appears to have excited the least controversy.

The first such extension got strong bipartisan support last year. But one key Republican said little work had been done on writing a new extension bill and suggested it might be too late to do so this session.

Art Patroness Dies
TAOS, N.M. (AP) — Mabel Dodge Luhan, 85, wealthy and internationally famed patroness of the arts, author and socialite, died Monday. She was perhaps best known for her sponsorship of writers and artists and as a booster around the world of Taos and its art colony. She was born in Buffalo, N.Y.

Army General Expires
SAIGON, Viet Nam (AP)—Brig. Gen. John A. Dunning, 48, assistant chief of staff for planning with the U.S. Forces command in Viet Nam, died Monday in the Philippines. U.S. authorities said he died of a spinal ailment at Clark Air Force Base where he was flown from Saigon 10 days ago.

Introduces Bill on Car Safety

Solon Wants Cars for Federal Use to Have Seat Belts

WASHINGTON (AP) — The House passed a bill yesterday aimed at inducing automobile manufacturers to concentrate more on safety features for cars than on speed and horsepower.

Any added costs of such features, said Rep. Kenneth A. Roberts, D-Ala., would be more than offset by eliminating "frills, chrome and clocks that never work."

The bill, which now goes to the Senate, applies specifically only to cars purchased by the federal government—about 10,000 a year.

It would provide that no cars could be bought that did not meet safety standards set by the secretary of commerce.

But Roberts, chairman of a House subcommittee on auto safety and author of the bill, made it clear the basic purpose is to establish safety standards for all cars.

"When the manufacturers stress speed and horsepower," he said, "it is time for the government to step in on behalf of the public and stress safety."

The bill does not specify safety features should be made standard equipment on passenger cars, leaving that to the secretary of commerce to determine, through consultation with the manufacturers.

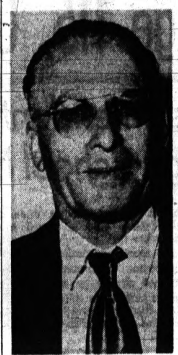

Among safety features recommended by the American Medical Association to Roberts' committee were seat belts, crash padding on dashboard, roof and other impact areas, steering wheels with recessed posts, safety door locks and elimination of protruding handles.

There are about 450 species of carnivorous plants in the world that use some kind of equipment to attract, capture and digest small forms of animal life.

Named for Horse
LEXINGTON, Ky. (AP) — A lot of race horses are named after people, but not many people are named after horses.

Dr. Robert Copelan, a veterinary surgeon, named his daughter Jane Gail, after the dam of 1952 Kentucky Derby winner Hill Gail.

Copelan broke and galloped Hill Gail at Calumet Farm near here.

AF President Haugen, 69, the oldest Peace Corps volunteer, poses in New York last night before leaving today for Tunisia with 39 other experts in the care and use of heavy road building equipment.

Union Modifies Name
CHICAGO (AP) — The AFL-CIO Executive Council approved yesterday the change of one member union's name. The United Auto Workers, officially known as the International Union of Automobile, Aircraft and Agricultural Implement Workers of America, changed one word in its title. The Union substituted aerospace for aircraft.

10 Pilots Leave Space Tester

30-Day Endurance Run Measures Efficiency for Long Missions

MARIETTA, Ga. (UPI) — Ten Air Force pilots embarked yesterday from a simulated vehicle in which they have spent the past month. The first news they heard was that two more Russians are orbiting the earth.

The pilots were volunteers in a psychological test to determine how long a team of astronauts can work efficiently on a prolonged mission in outer space.

The men did not know psychologists would open the door to the 1,000-foot cabin at 9 a.m. today. They had expected the tests would continue another 16 days.

"We missed radio, television and newspapers," said 1st Lt. Don V. Hubbard of Bismarck, N.D.

Told that two Soviet spacecrafts were orbiting the earth, Hubbard said "that's not good news. I only hope we can catch up."

Hubbard said most of the pilots gained weight during the first few days but later dieted. He said most lost from one to four pounds.

He said the men read, played chess and exercised.

The pilots worked on mental problems such as might be faced by astronauts. They alternately worked four hours and were off duty four hours.

"I had some difficulty sleeping, particularly at the beginning of the test," Hubbard said. "Toward the end of the period I was sleeping a full eight or 10 hours a day."

Dr. Earl Allard, project director, said the experiment "far exceeded our expectations." He said the men could have stayed in the cabin for 40 days with no difficulty.

Allard said the men had been told they would be in the cabin for 40 days "so they would not key up their performance in the home stretch of the study."

Avondale School Controversy Grows Bigger

BY JIM DYER

The controversy abate in the Avondale School District keeps getting hotter.

Three events yesterday fed the fire that began Aug. 6 with the resignation of Leroy R. Watt as school superintendent.

It broke into the open Thursday with the announcement of a recall vote against the school board's four officers, and gained heat Thursday night when the board appointed a new superintendent.

A statement urging the recall of the four officers — Floyd L. Cobb, president; David W. Hackett, vice president; Raymond N. Baker, secretary; and Mrs. Genevieve Porter, treasurer — will be mailed this week to Avondale voters, Thomas B. Rocker announced yesterday.

GET BUSY ON OUSTER

Rocker is president of the Avondale School District Improvement Association, formed last week to start the ouster move.

McAllister Stock, chairman of the Citizens' School Study Committee that proposed and backed the recently approved \$1.29-million bond issue and five-mill operating

tax increase, yesterday announced his support of the recall movement.

Stock charged the four board members were not fulfilling their duties to the electorate because their actions were influenced more by teachers and administrators than by the wishes of citizens.

Thirdly, it was learned that a teacher who was helping organize a farewell dinner for Watt, Thursday night at the high school, backed out of working on the project because of a fear that taking too large a part in organizing the

event might be misconstrued and jeopardize her job.

Another teacher also said she couldn't do much more work on the project. She gave the same reason to Mrs. Don Bohls, who is in charge of plans for the 7 p.m. dinner.

Rocker said mailing of the statements will be followed by door-to-door circulation of petitions. The statement says the four board members "are not and have not been sufficiently dedicated to their basic duties of providing the best administration of education with-

Rochester Hotel, Age 115, Condemned to Die

Estate Agrees, Legal Feud Ends

Village to Raze Building Called Health Hazard; Climaxes 1 1/2-Year Fight

ROCHESTER — After 115 years at the main intersection here and a 1 1/2-year legal battle, the Rochester Hotel has succumbed to the inevitable.

It will be demolished by the Village of Rochester under an agreement with representatives of the Lottie C. Smith estate, Councilman Roscoe Martin reported to the Village Council last night.

Action to raze the building as a hazard to health and safety was begun in January 1961, but was halted three months later by a Circuit Court injunction obtained by the estate.

The village filed a countersuit to force condemnation and demolition, and the case has been in court since then.

The agreement, which Martin said was accepted in principle by representatives of the Smith estate, will give the village use of the property until sufficient revenue is obtained to reimburse the village for demolition costs.

CONSIDERS PARKING

Martin said a possible use of the property for this purpose might be as a municipal parking lot.

After demolition costs are recovered, use of the property will revert to the estate, Martin said. If the property is sold before costs are recovered, the estate will pay the remainder out of the proceeds, he explained.

Martin said signing of a formal agreement is expected after details are worked out.

Action on condemning the building was taken after reports from a county health officer and a structural engineer agreed the building was a fire hazard and dangerous to the public health, welfare and safety.

Village Council ordered condemnation after a public hearing on Feb. 14, 1961. The subsequent court action against the move was based on charges that the condemnation order was "unreasonable" and "unconstitutional."

Utica Superintendent Says New High School Necessary

UTICA — Another high school will be needed in the Utica School District by 1964.

This was one of the needs cited by Supt. Fred M. Atkinson at the board of education meeting here last night. Others named by Atkinson were a new elementary school by 1965 and a 10-room addition to the Switzer Elementary School now under construction.

The superintendent, whose report dealt with building needs through the 1965-66 school year, said the district's three junior high schools, including the Shelby Junior High now under construction, provided adequate junior high space through 1966-67.

School board members last approved an agreement with Shelby Township and the Macomb County road and drain commissions resolving the dispute over drainage at the Switzer school site.

NEW AGREEMENT

The agreement grants a 40-foot easement for construction of an open drain at the north end of the property. It also provides for the school board to pay half the \$250 cost of the drain and half the \$650 cost of ditching the east side of Shelby Road.

Construction of the school, located on Shelby Road just north of 24-Mile Road, was halted by the township because an area on the school site had been filled in.

The township called the area a natural waterway and a drain, while school officials termed it only a low spot.

The school was denied a building permit, but construction was resumed after a two-week delay on the basis of an opinion by the state attorney general that a permit was not required to build a school.

In other action, the school board accepted the resignation of Lyle Robertson as principal of Eppler Junior High School and appointed assistant principal David Lathers in his place.

Philip Runkel, a junior high principal in the Clintondale School District near Mount Clemens, was named assistant principal at Eppler.

Robertson resigned in order to accept a position as curriculum coordinator for U. S. Air Force schools in Spain, Atkinson said.

The school board also gave final approval to a \$3.6-million budget, some \$100,000 higher than the tentative budget adopted in April. It set up a rotation plan for contributing the tax levy at 21.28 mills — 8.76 allocated for operating, 5 in voter-approved special operating millage, and 7.52 for debt retirement.

Doctor on Way to Africa Today

Member of the Orion Medical to Take Turn at Kenya Hospital

ORION TOWNSHIP — Dr. E. Arthur Calkins will leave today for his turn at missionary-hospital work in Africa.

He is one of three doctors known as the Orion Medical Group who set up a rotation plan for contributing toward improvement of health standards first in the Congo, then in Kenya.

Dr. William W. Oliphant, the second to make the journey, recently returned from the Kenya Bay Mission Hospital in Kenya, where Dr. Calkins will arrive Aug. 21.

Dr. Calkins will depart from Detroit's Metropolitan Airport at 5:30 p.m. today.

STARTED IN CONGO

First of the three to go to Africa on the rotation plan, Dr. Percy C. Marsh, served from 1957 to 1960 in a missionary hospital in Katanga Province of the Congo. He was forced to leave shortly before his scheduled departure date when civil war erupted in the Congo.

Dr. Calkins headed an expedition into the Congo last fall in an attempt to set up another hospital, but was forced to turn back after reaching Elizabethville.

The three doctors, all Seventh Day Adventists, planned their rotating missionary journeys while attending the College of Medical Evangelists in Los Angeles, Calif.

They later interned at Pontiac General Hospital before establishing the Orion Medical Group and completing plans for their work in Africa.

Dr. Calkins will be accompanied on his trip by his wife, Viola, and two daughters.

After Novitiate at Colombiere

12 to Take Vows of Jesuits

SPRINGFIELD TOWNSHIP — Twelve seminarians will pronounce perpetual vows of poverty, chastity and obedience at Colombiere College, the novitiate for the Detroit Province of the Society of Jesus, tomorrow and Sept. 8.

Those who will repeat their vows tomorrow are Anthony Balts, son of Mr. and Mrs. Henry J. Balts, Cambridge, Ohio; John Linn, son of Mr. and Mrs. G. B. Linn, South Euclid, Ohio; Patrick Peppard, son of Dr. and Mrs. J. P. Peppard, Cleveland, Ohio; and Thomas Reiss, son of Mr. and Mrs. Raymond Reiss, Detroit.

Pronouncing their vows Sept. 8 will be Philip Bodrock, son of Mr. and Mrs. George Bodrock, William Brodhead, son of Mr. and Mrs. William Brodhead, J. J. Michael Clynne, son of Mr. and Mrs. John Clynne, and Edward Luttrell, son of Mr. and Mrs. John J. Luttrell, all of Cleveland, Ohio; and Thomas Dunne, son of Mr. and Mrs. Walter J. Dunne, Detroit.

Others are Edward Flint, son of Mr. and Mrs. E. P. Flint, Huntington Woods; William Korth, son of Mr. and Mrs. William Korth, Bloomfield Hills; James Nussbaum, son of Mr. and Mrs. Michael Nussbaum, Toledo, Ohio; and Dennis Rygiel, son of Mr. and Mrs. Walter Rygiel, Seven Hills, Ohio.

Rev. Fr. Ara F. Walker, S.J., Colombiere seminary rector, will receive these vows which are taken upon the completion of a two-year novitiate. They mark the first major step toward the Roman Catholic priesthood in the Society of Jesus.

All the men will now continue their 15 years of training which includes study in the humanities, philosophy, theology and three years of teaching in one of the schools of the Detroit province. This province, which includes Michigan and most of Ohio, is one of the eleven provinces of the Society in America.

The Society of Jesus, commonly known as the Jesuits, is the largest men's religious order in the Roman Catholic Church.

Among the schools staffed and operated by the Jesuits are the University of Detroit, Marquette University, John Carroll University and Fordham University.

Palshan Vows Repeated

United in Double-Ring Rite

BRANDON TOWNSHIP — Court Street Methodist Church in Flint was the setting Saturday evening for the wedding of Joanne Kay Palshan and Lewis Joseph Palshan. Rev. J. M. Smoot performed the double-ring ceremony.

Parents of the couple are Mr. and Mrs. C. Cheney of Flint and the Lee Palshans of 79 Oakwood Road.

The bride chose a gown of Chantilly lace and tulle for her wedding. The fitted bodice featured a scalloped Sabrina neckline accented with pearls and the full skirt of lace had a tulle insert with lace appliques and scalloped lace band on the hem. It extended into a chapel train.

A pearl and crystal crown held her silk illusion veil. She carried a bouquet of orchids surrounded by orange blossoms.

Maid of honor was Patti Ann Brown of Flint. Cherlynn Ann Flanagan of Flint, cousin of the bride, and Karen Lee Palshan, sister of the bridegroom, were bridesmaids.

Serving as best man was Richard Lacina of Flint. The guests were seated by Charles, James and George Palshan, brothers of the bridegroom.

Southfield Officer Placed in Hospital

SOUTHFIELD — Patrolman Richard L. Wort, 30, of the Southfield police force, who hauled a woman driver he had stopped to a tree, July 10, was committed to Pontiac State Hospital yesterday.

Oakland County Probate Judge Arthur E. Moore ruled on the petition filed by Wort's wife, Mary Ann, seeking the commitment for mental illness.

Wort, of 2859 Fairfax St., was suspended from the force following the incident.

Start Work on Freeway

LANSING — Work has started on a \$3.4 million project for three miles of Interstate 696 freeway at Southfield, the State Highway Department reports.

Struggle on IRS Tax Site Coming to Front Today

WASHINGTON — The struggle between Detroit and Port Huron for the proposed data processing center of the Internal Revenue Service was expected to be in drawing to a head today.

Albert Jacoby, director of the mayor's committee on industrial and commercial development, was expected to be in Detroit in his meeting with IRS Commissioner Mortimer M. Caplin today.

In a letter to General Services Administrator Bernard L. Boutin, Rep. James G. O'Hara, D-Utica, said the federal government would be guilty of a breach of faith if it passes over Port Huron in choosing the site.

O'Hara urged Boutin to accept Port Huron for the center in light of the city's offer of a new \$2.2-million dollar center to be leased to the IRS for \$1 a year.

Port Huron voters have approved the bond issue for construction along lines of IRS specifications.

O'Hara called the Roosevelt Post Office Annex in Detroit an "obsolescent facility at a totally inadequate site which has already been abandoned by another department of government as unsuitable."

O'Hara's week-old letter was made public yesterday. It followed publication of a letter from Detroit Mayor Jerome Cavanagh criticizing Port Huron's offer and urging acceptance of a Detroit site.

The center, which will process tax returns for Michigan, Illinois and Wisconsin starting in 1964, is expected to employ 1,500 to 2,000 workers with an average payroll of \$5.8 million annually.

In Washington, Rep. Harold M. Ryan, D-Detroit, said O'Hara has been invited to the meeting with Caplin.

"O'Hara is invited, but it's our show," Ryan said. "And one thing all of our Detroit Democrats are agreed on is that we want the thing to be in Detroit — anywhere in Detroit."

"Port Huron's made a juicy offer," Ryan said, "but we think Detroit is the best location for a number of reasons, and we want to be heard once more."

"That's why I asked for the meeting. We want to make sure it does go to Detroit."

Honeymoon Out West

Wed in W. Highland

MILFORD TOWNSHIP — Honeymooning in Montana and Wyoming are newly-wed Mr. and Mrs. Delno V. Munson who recently exchanged their nuptial vows in the West Highland Baptist Church.

Rev. M. N. Meeden officiated. The bride is the former Arlene Franklin, daughter of Mr. and Mrs. Thomas Bell, 25 W. Gwyn Drive. Parents of the bridegroom are Mr. and Mrs. Victor Munson, 1293 Burns Road.

For her wedding the bride chose a floor-length gown designed with a lace bodice and tulip overskirt of crystal. Her finger tip veil of nylon net was fastened to a lace headpiece featuring a large crystal elette rose in front. She carried a cascade of white roses and chrysanthemums.

Mr. Glenn Buck was master of honor for her sister. Bridesmaids were Dorothy Cartwright of Hartland, cousin of the bride, and Lorraine Hensel of Royal Oak. Assisting his brother as best man was Dennis Munson. The guests were seated by Dan Lancaster and Ben Toncray.

A luncheon at the church followed the afternoon ceremony.

Upon their return from their wedding trip the newweds will live in Allen Park.

Union Lake Girl Wins 'WAC of Week' Title

UNION LAKE — Twenty-year-old Pvt. Judith G. Greenthal, daughter of Mr. and Mrs. Merlino Greenthal, 1525 Canton Road, recently was selected "WAC of the Week" in an Army-wide survey.

A 1960 graduate of Waterford High School, Judy was selected from among thousands from pictures and vital statistics sent in to the Army Times, an armed forces newspaper.

Presently Judy is employed as a clerk typist in the G3 section of the U.S. Army Headquarters Air Defense Command at Colorado Springs. Col. Judy's hobbies are mostly sports — roller skating, water skiing and fishing.

Crashes Into Abutment; Condition Listed Good

ROMEO — Dale Simmerman, 41, of 168 First St., is in good condition at Community Hospital after his car smashed into a bridge abutment on 32-Mile Road, a half mile east of North Ave. early this morning.

The car was totally damaged, but Simmerman received only a fractured left leg and cuts in the 2:30 a.m. accident.

Nikita Having Troubles Over Foreign Aid Same as U.S.

By RUTH MONTGOMERY

WASHINGTON — If President Kennedy thinks he's having trouble with congress over foreign aid, he should pity poor Nikita Khrushchev.

The roly-poly Soviet dictator is discovering that when the Communists try to pattern a foreign aid "giveaway" program after the capitalists, they might as well expect giant, sized capitalist headaches.

House Appropriations Committee begins marking up the \$4.5-billion foreign aid bill next week, at least \$400 million dollars worth of it will get the ax.

There is also growing sentiment among election-minded legislators to write in a limitation barring the use of any of the funds for Communist nations like Yugoslavia and Poland.

A similar stipulation passed by the Senate in the authorization bill last month was removed in

conference, after the administration brought heavy pressure to bear on the House.

MR. KENNEDY will undoubtedly fight the limitation with everything at his command, just as he did before, when he called the Senate move a "windfall" for Soviet Russia.

Khrushchev frankly could use a few windfalls. In fact, the Kremlin boss is so harried by his own foreign aid problems that he would undoubtedly like to

wrap headaches with John F. Kennedy.

At the start of our gargantuan \$40-billion dollars aid, we were feeling so charitable that we were feeling to make it available for Russia, too.

The Kremlin haughtily scorned our largesse, and started a rival foreign aid program of its own. Since then the fence-sitting neutrals of the world have been playing us against each other, threatening to go to the Russians unless we gave them bigger handouts,

and vice versa. Some like India look from both sides simultaneously, but only insulted the West.

IF A CORNER Recently, however, the Kremlin boys seem to have painted themselves into a corner. Just when Indian Premier Nehru was scolding Western protests and preparing to buy Soviet jet fighter planes, Communist China kicked up a

trifling row about it. Peiping, which is theoretically allied to the Kremlin by bonds of eternal friendship, angrily protested that India would use the MIG

jets to strengthen her position in their red-hot border skirmishes.

The Red Chinese are also kicking vehemently over Moscow's aid to underdeveloped countries, because it detracts from aid the hungry Marxists think they should be getting.

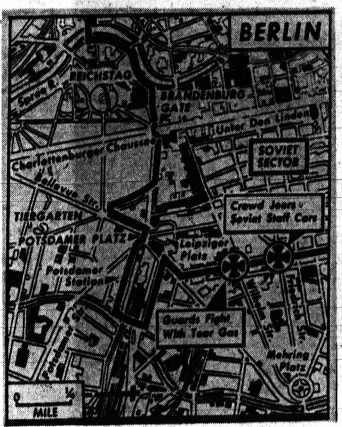

This has a remarkably familiar ring to Americans, who are constantly being accused by friendly nations of short-changing them at the expense of such non-Aligned nations as India, Ghana and Yugoslavia.

It is a body blow to Nehru's current five-year plan, since he had counted heavily on the equipment

to reach a power target of 12 million kilowatts by 1965.

Diplomats say Russia is renegeing on economic rather than political grounds: That she has overextended her aid commitments due to agricultural failures and the costly space race.

It so, Nikita's immediate problems are more acute than JFK's. On the other hand, many American economists are warning that unless something is done to stem the alarming drain on our gold reserves, we too must drastically curtail foreign aid.

W. Germans Hurl Stones, Curses at Wall

See Red Protests After Berlin Rows

By GEORGE BOULTWOOD

BERLIN (AP) — The Western powers expected strong Soviet protests and new threats today following West Berliners' attacks on the Red wall and Russian vehicles during the first anniversary of the blockade.

Rioting crowds hurled paving blocks and curses Monday night at the barricade which was begun a year ago and now divides Berlin with stone, steel, barbed wire and military fortifications.

SCATTERED RIOTERS Newsmen at the scene said the

stones appeared to be aimed at East German police beyond the wall, but that some struck West police cars blocking the way to the wall. West police finally scattered the rioters with a water cannon.

Earlier in the day East and West police hurried hundreds of tear gas grenades across the border at Wilhelmstrasse after an East German water cannon drenched youthful West Berlin marchers.

West Berlin officials had urged a quiet observance of the day, including three minutes of silence at noon to be broken only by the tolling of the Freedom Bell, a replica of the American Liberty Bell. West Berliners drowned out most of the bell's peals with blaring auto horns.

Both sides of the border were heavily patrolled, by the West to prevent violence that could lead to an East-West shooting scrape and by the East to destroy parts of the wall.

Elected GOP Unit Head DETROIT (AP) — Peter B. Spivak, 29, who ran unopposed, was elected chairman of the Wayne County Republican Committee Monday. Spivak replaces Norman O. Stockmeyer, who did not seek re-election after four years in the post. Stockmeyer is a candidate for secretary of state.

Boy, 6, Fighting for Life After Near-Drowning TAWAS CITY (UPI) — Six-year-old Kenneth Greif of Saginaw fought for life into the fourth day today following his near drowning last Saturday.

The boy had been under water for almost 30 minutes when he was rescued. Spokenmen at the Tawas City Hospital reported his condition was still critical.

The boy was in a coma but doctors said he responded to injections and being moved in bed by fluttering his eyelids and moving his arms and legs slightly.

"We've tried almost everything there is," one doctor said. "All we can do is wait."

It was feared the boy may have suffered severe brain damage as a result of having oxygen cut off to the brain during the near-drowning.

C'mon, Kids, Cut It Out FORT MADISON, Iowa (AP) — An editorial in The Press-Scout, a Peasantry magazine, said: "Look, we aren't children any more. Let's stop the petty pilfering of our school supplies."

ANNIVERSARY INCIDENTS — Map of Berlin locates points along the Red-built wall (heavy line) where incidents occurred yesterday as the city marked the first anniversary of the wall's erection by Communist East Berlin. The most heated incident was the tear-gas battle between border guards at the Wilhelm Strasse crossing.

52 Girls Excited Over Long Beach Beauty Contest

LONG BEACH, Calif. (UPI) — Excitement was building today among contestants in the International beauty congress going through last-minute rehearsals for the preliminary judging which begins tomorrow and the final competition scheduled for the weekend.

The 52 beauties from all over the world are seeking the coveted crown of "Miss International 1963."

They were to participate in final backstage tutoring sessions today aimed at coordinating the pageant which is to be televised.

Typical of the anticipation of the coming competition was Miss India, Sheila Chankar, who missed yesterday's rehearsals because she was too upset "from the excitement."

To Help Build Hospital WASHINGTON (U.S. Community Facilities Administration announced yesterday the approval of an \$850,000 loan to Wyandotte to help finance construction of an 1,350,000 addition at the Wyandotte General Hospital.

"Might as well go back to the barracks" There's nothing lonelier than wandering among crowds of strangers hearing strange tongues... alien customs. Ask any GI.

Then think of what it means to these young Americans—so far from home—to have a USO nearby, where there is understanding, spiritual help... an atmosphere of home.

In addition to its clubs, USO entertainers bring laughter to GIs' the world over. But there are 2,750,000 GIs today. Over half are under 25. The USO wants to reach them all... build more USO's. But it takes money, young.

No matter where he is, no GI should ever have to wonder...

"Does anybody know I'm here?" Support the USO drive to build more USO's. Fund or join Community Chest.

Japan, U.S. Amend Technical Aid Tax

TOKYO (UPI) — Japan and the United States today signed an amendment to a 1954 tax agreement aimed at stimulating the flow of technical knowledge between the two countries.

A U.S. embassy spokesman said the amendment was made necessary to cover "certain situations" which arose since the signing of the original agreement.

The measure reduces the tax rate for royalties received from the sale of technical information.

FREED VEHICLES The angry demonstrators hurled stones and beer bottles, smashing the windows of a bus. Youths closed in on two sedans shouting "pigs" and "dirty bums." West German police finally freed the Soviet vehicles.

HIS NAME IS CASTRO SMITH

Ninety miles off the coast of Florida, people struggle under the horrors of a police state. Food is in short supply. Private enterprise is strangled by the government. Neighbors spy on one another and families disappear because "there is doubt as to their loyalty to the cause."

Jails are filled with political prisoners; and others are arrested for no reason. Religious services are interrupted constantly. Newspapers preach the Communist philosophy as dictated by bearded men bearing machineguns.

Could this happen here?

Could a "Castro Smith" become the first dictator of the United States?

Our newspapers voice the opinions of the people and print the news to keep a wide-awake public well informed. Broadcast media operate under federal control, but newspapers have no restrictions.

The Bill of Rights guarantees freedom of the press. When people are armed with accurate information, and make their views known they guarantee freedom. As long as newspapers are free there will never be a "Castro Smith."

There is no substitute for a newspaper's voice of freedom.

The Pontiac Press

Lusk-Young Nuptials

Pair Weds in Drayton Rite

Carol Jo Young and John W. Lusk exchanged wedding vows and rings before Rev. Walter J. Townsend Saturday afternoon in the Community United Presbyterian Church, Drayton Plains.

Daughter of Mrs. Edward A. Young, Lomley Drive, Drayton Plains, and the late Mr.

Young, the bride appeared in white silk peas de sole styled with sweep train. Her bouffant veil fell from a double crown of Alencon lace and pearls. Phalaenopsis orchids rested on her small white Biele.

Frances Young, her sister's

honor maid, and Sandra Bougie, bridesmaid, were assisted by chaffin and carried champagne. The bridegroom wore a white tuxedo, and the groom wore a white tuxedo.

Serving the aunt as flower-girl and ring-bearer were Susan Allard, Royal Oak and Joel Barber.

The bridegroom, son of Mrs. O. E. Lusk, of Birmingham and the late Mr. Lusk, had his cousin Peter VanCamp of Orchard Lake for best man. The bride's brother J. C. Young, Drayton Plains, ushered with the bridegroom's half-brothers, Alan Donahue, of Royal Oak and Conan Donahue, Grand Rapids.

After their honeymoon in the Upper Peninsula, the newlyweds will live in Birmingham. The bride attended Michigan State University.

Mrs. Young attended the wedding and church reception wearing light blue linen and carrying a purse topped with white Cymbidium orchids. Mrs. Lusk chose beige embroidered silk organza and clipped brown Cymbidium orchids to her purse.

Dr. and Mrs. Robert Willis of Elkhart came for her sister's wedding, also Mrs. Frances Walker of Ubbly.

MRS. ROBERT W. SCHRAM

Newlyweds in Ontario Following Schram Rites

The Robert W. Schrams left for a northern Ontario honeymoon and their future home in New Orleans after vows pledged before Rev. Edward Auchard Saturday evening in the Orchard Lake Community Presbyterian Church.

Parents of the former Sharon Marie Hunter are the George W. Hunters of Canterbury Drive. The bridegroom is the son of the Robert E. Schrams of Lakeview Drive, Waterford.

The bride's semibeneath gown of embroidered white silk organza featured a detachable chapel train of crystalite. A beaded floral headpiece secured her bouffant veil of silk illusion. She held an elongated cascade of gladioli in mutation shades of orange.

Maid of honor Shirley Gruber carried orange gladioli and

bridesmaids Alice Harrington and the bride's cousin Gail Hunger of Sylvan Lake held white gladioli in contrast to dresses of Cypripedium taffeta styled with bouffant overskirts. Cindy Futrell was flower-girl.

The bridegroom had Clare Payne for his best man and chose Donald Dittmer of Au Gres and Darrell Campbell of Lake Orion for ushers.

Mrs. Hunter appeared in a rose gold lace sheath dress over taffeta and wore a corsage of matching gladioli. The mother of the bridegroom, attended in champagne organza, chose pink accessories and pink gladioli corsage.

The Edward Hunters of Spanaway, Wash., came for his sister's wedding, also the William MacIntyres of Toronto, Ont.

Joanne May Tracy, daughter of the Harold A. Tracys of Savoy Street, Waterford Township, pledged vows to Edwin G. Moore, Albemarle, N.C., son of Mrs. Archie G. Moore of Robbins, N.C., and the late Mr. Moore, Saturday, in Calvary Baptist Church.

Attending her sister as matron of honor was Mrs. William Lemble, the bridegroom's sister Sharon and Mrs. Ronald Bunch were bridesmaids. They carried painted daisies.

From East Lansing were Roland Tollefson, best man, and Terry Tollefson, who ushered with the bride's brother, John Lillquist.

Kimberly Upton was flower girl and Michael Lemble carried the rings.

The bridegroom, who is a senior at Eastern Michigan University, is affiliated with Tau Kappa Epsilon fraternity. White gladioli atop her purse accented an ice-blue embroidered silk organza dress for Mrs. Lillquist.

Wearing identical flowers at a prewedding shower, Mrs. Abney who appeared in turquoise silk organza.

Mrs. Ronald Bunch entertained at a prewedding shower. Sandra Arnold and Arlene Runeman were cohostesses at a kitchen shower in Miss Arnold's home on Going Street.

Following a family buffet dinner in the bride's home, the couple left for a northern Michigan trip and then to their home in Albemarle, N.C., where Mr. Moore will be pastor at the Parkway Methodist Church. Both are graduates of the Moody Bible Institute, Chicago.

Pink roses and accessories accented Mrs. Tracy's navy blue eyelid sheath dress.

The John N. Robertsons of Hallman Avenue, Waterford Township, announce the engagement of their daughter, Mary Carol to Airman 3.C. David R. Yarber, son of Mr. and Mrs. Delbert A. Yarber of Lakeview Avenue, Waterford Township. The prospective bridegroom is stationed in Germany.

Wearing deep purple silk taffeta were Sherry Dreyer, her sister's maid of honor, and Marilyn Dreyer who joined Dinah Lee and Julie Prusi of Detroit and Shelly Simmons, Orchard Lake, as bridesmaids. They carried pink miniature chrysanthemums and purple statice.

Jerry Berkey of Grosse Pointe was best man. Seating guests were Donald Green, Warren; Robert McCall, Royal

Greet 200 at Reception

Some 200 guests attended a reception and luncheon in the Hillside Room at Devon Gables following the nuptials of Sharon Lee Stanton and Charles E. Patterson Saturday in St. Michael's Church.

For the morning ceremony performed by Rev. Herbert Mansfield, the bride chose white peas de sole with bodice and front skirt panel of Chantilly lace.

Her bouffant veil was topped with a headpiece of lilies of the valley around a pearl tiara. A hand cascade of white roses and lilies of the valley rested on a white mother-of-pearl prayer book.

Lynne Stanton attended her sister as maid of honor. They are the daughters of the Thomas Stanton of Stirling Avenue. Mrs. Stanley Hisselman of Rochester was bridesmaid. They wore lilac silk organza and matching hats.

Linda Stanton was her aunt's flower girl and Michael Stanton carried the rings.

On the esquire side from Cass City were Edward Freeman, best man; William Free-

man, groomsmen and Robert Freeman, who seated guests with Walter Koch of Detroit.

The bridegroom, son of the Grant Pattersons of Perry, is

a graduate of Michigan State University. The couple will live in Pontiac following their honeymoon on Mackinac Island and the Upper Peninsula.

MRS. CHARLES E. PATTERSON

Wed Saturday in St. Michael's Church were Sharon Lee Stanton, daughter of the Thomas Stantons of Stirling Avenue to Charles E. Patterson of Mechanic Street, son of the Grant Pattersons of Perry.

Wed in Marimont Church

Robert Abneys on Honeymoon

Attendants in aquamarine silk organza preceded Sandra Lee Lillquist to the altar in the Marimont Baptist Church Saturday evening where she became Mrs. Robert O. Abney in a candlelight ceremony performed by Rev. Phillip W. Somers.

The newlyweds received some 200 guests, with their parents, the John H. Lillquists of Newport Avenue and the Jesse O. Abneys of North Telegraph Road, in the church parlors. After a New England honeymoon, they will live on Dwight Avenue.

Styled along process lines, the bride's gown of white silk organza featured Alencon lace at the lavalier neckline and on the skirt, styled with chapel train. Pearlized flowers and a Dior bow secured her bouffant veil of silk illusion. She carried white Shasta daisies and yellow roses.

Attending her sister as matron of honor was Mrs. William Lemble, the bridegroom's sister Sharon and Mrs. Ronald Bunch were bridesmaids. They carried painted daisies.

From East Lansing were Roland Tollefson, best man, and Terry Tollefson, who ushered with the bride's brother, John Lillquist.

Kimberly Upton was flower girl and Michael Lemble carried the rings.

The bridegroom, who is a senior at Eastern Michigan University, is affiliated with Tau Kappa Epsilon fraternity. White gladioli atop her purse accented an ice-blue embroidered silk organza dress for Mrs. Lillquist.

Jerry Berkey of Grosse Pointe was best man. Seating guests were Donald Green, Warren; Robert McCall, Royal

MRS. ROBERT O. ABNEY

Sandra Lee Lillquist and Robert O. Abney spoke vows Saturday in Marimont Baptist Church. Their parents are the John H. Lillquists of Newport Avenue and the Jesse O. Abneys of North Telegraph Road.

Bridal Shower Given for Margaret McQueen

Margaret McQueen was honored Friday at a bridal shower in the home of Mrs. Webster Gemmel of East Pike Street. Co-hostess was Mrs. Charles Young.

Guests included mothers of the engaged couple, Mrs. E. L. McQueen and Mrs. A. J. Young; also, Nancy McQueen, Mrs. Donald Bradley, Mrs. Leo Young, Mrs. William Hagwood, Mrs. Gerald Jones, Mrs. Gerald Staley, Mrs. Fred Beedle and Mrs. William Fellers.

The guest list continues with

Joyce Young, Mrs. Alvin Dubois, Mrs. Duane Dubois, Mrs. James Lobby, Mrs. Roy Graves and Mabel West, all of Keego Harbor.

Coming from out of town were Mrs. Robert Young, Davisburg; Mrs. Clarence Appman, Ferndale; Mrs. George Lawson and daughter Margaret, Farmington.

The honoree will exchange vows with Kenneth R. Young, Sept. 22 in the First Presbyterian Church.

Arlene Dreyer, Donald Voelker Marry in Candlelight Service

The Donald E. Voelkers left by plane for the Carlton-Beach Hotel in Bermuda following their candlelight vows in Kirk-in-the-Hills solemnized by Rev. Robert Hermanson of Farmington.

Some 500 guests attended the reception in the Edgewood Country Club where the former Arlene Mae Dreyer and her bridegroom joined their parents, the Edwin R. Dreyers of Ward Point Drive, Orchard Lake and the Edward Voelkers of Royal Oak.

The bride's gown of white silk organza featured an Empire waistline and controlled skirt with Watteau back ending in a long chapel sweep. Her bouffant veil of pure silk illusion fell from a silk organza rose. Gardenias formed the bridal cascade.

Wearing deep purple silk taffeta were Sherry Dreyer, her sister's maid of honor, and Marilyn Dreyer who joined Dinah Lee and Julie Prusi of Detroit and Shelly Simmons, Orchard Lake, as bridesmaids. They carried pink miniature chrysanthemums and purple statice.

Jerry Berkey of Grosse Pointe was best man. Seating guests were Donald Green, Warren; Robert McCall, Royal

Oak; Lance Kulkis, Monroe and Donald Berseley, Detroit. For her honeymoon the bride wore a pale yellow Italian knit suit with silk blouse and matching silk shoes and purse. She is a senior at Wayne State University, where her husband received his degree.

Mrs. Dreyer appeared in an imported pink Chantilly lace sheath jacket dress and pink silk slanting shoes. Pink rosebuds rested on her purse. The mother of the bridegroom wore powder blue sheath with organza overskirt and corsage of white rosebuds.

MRS. DONALD E. VOELKER

Arlene Mae Dreyer, daughter of the Edwin R. Dreyers of Orchard Lake and Donald E. Voelker, son of the Edward Voelkers, Royal Oak, were wed in Kirk-in-the-Hills.

Women's Section

Sharon Warren Exchanges Vows With Flint Man, Richard F. Hoover

Wearing a Blanche gown of white peas de sole and veil of silk illusion fitted to a satin pillbox, Sharon Lee Warren exchanged nuptial vows with Richard F. Hoover of Flint Saturday in St. Luke's Methodist Church, Rev. Wayne

Brookshead performed the candlelight ceremony. A yoke of Battenberg lace touched with pearls highlighted her fitted bodice and the bouffant skirt, fell into a chapel train. She wore the bridegroom's gift strand of pearls

and held white roses and Baker's fern.

The Ray A. Warrens of Snellbrook Road were hosts at their daughter's church reception.

Attending the sister were matron of honor Mrs. William Miller, Rochester, and Mrs. Harvey Hoffman of Oxford, who served as bridesmaid, with Jane Arnold. Pale yellow carnations complemented their dresses of cerulean blue nylon sheer over silk.

Michael Hoover of Reseda, Calif., was best man for his brother. They are the sons of the Cyril C. Hoovers of Sherman Oaks, Calif. Ushers included Larry Maier and Harold Scott of Flint; Dallas Mart, Livonia; and Fred Fecht, Daniel Miller of Rochester were ringbearers.

Returning from a honeymoon in Maine, Cape Cod and New York, the couple will live on Berwick Boulevard. The bride was graduated from the University of Michigan and her husband from General Motors Institute.

Mrs. Warren chose a shirtdress of beige silk organza, embroidered with pink roses, which matched her corsage. The mother of the bridegroom, clipped miniature yellow roses to her sheath dress of aquamarine silk organza.

The Calvary Baptist Church was the setting for the Saturday nuptials of Joanne May Tracy to Edwin G. Moore of Albemarle, N.C.

Rev. Henry Wrobel performed the mid-afternoon ceremony before some 200 guests who also attended the church reception.

Daughter of the Harold A. Tracys of Savoy Street, Waterford Township, the bride appeared in white silk organza and held a crescent of white roses and carnations. Chantilly lace, touched with seed pearls, formed the bodice and medallion applique on the bouffant floor-length skirt. Silk illusion veiling was attached to a queen's crown of lace, pearls and crystals.

Yellow carnations complemented turquoise silk organza dresses for maid of honor Cynthia A. Johnson and bridesmaids, Patricia A. Tracy and Brenda Moore, Robbins, N.C., and Dawn Sager of Southfield.

The bridegroom, son of Mrs. Archie G. Moore of Robbins, N.C., and the late Mr. Moore, Saturday, in Calvary Baptist Church.

Attending her sister as matron of honor was Mrs. William Lemble, the bridegroom's sister Sharon and Mrs. Ronald Bunch were bridesmaids. They carried painted daisies.

Silk illusion veiling was attached to a queen's crown of lace, pearls and crystals.

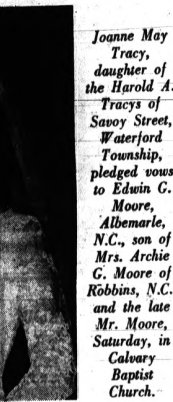

Yellow carnations complemented turquoise silk organza dresses for maid of honor Cynthia A. Johnson and bridesmaids, Patricia A. Tracy and Brenda Moore, Robbins, N.C., and Dawn Sager of Southfield.

The bridegroom, son of Mrs. Archie G. Moore of Robbins, N.C., and the late Mr. Moore, Saturday, in Calvary Baptist Church.

Attending her sister as matron of honor was Mrs. William Lemble, the bridegroom's sister Sharon and Mrs. Ronald Bunch were bridesmaids. They carried painted daisies.

From East Lansing were Roland Tollefson, best man, and Terry Tollefson, who ushered with the bride's brother, John Lillquist.

Kimberly Upton was flower girl and Michael Lemble carried the rings.

MRS. EDWIN G. MOORE

On Honeymoon

The Calvary Baptist Church was the setting for the Saturday nuptials of Joanne May Tracy to Edwin G. Moore of Albemarle, N.C.

Rev. Henry Wrobel performed the mid-afternoon ceremony before some 200 guests who also attended the church reception.

Daughter of the Harold A. Tracys of Savoy Street, Waterford Township, the bride appeared in white silk organza and held a crescent of white roses and carnations. Chantilly lace, touched with seed pearls, formed the bodice and medallion applique on the bouffant floor-length skirt. Silk illusion veiling was attached to a queen's crown of lace, pearls and crystals.

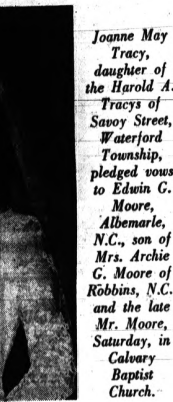

Yellow carnations complemented turquoise silk organza dresses for maid of honor Cynthia A. Johnson and bridesmaids, Patricia A. Tracy and Brenda Moore, Robbins, N.C., and Dawn Sager of Southfield.

Be at the Door With Love

Word to Wise Is Sufficient;
Make Him Glad He's Home

By ABIGAIL VAN BUREN

DEAR ABBY: In answer to SMALL QUARREL: Several years ago I worked with a man who once said to me: "I'd give anything if my wife would greet me when I get home from work, and make me feel she's glad I'm home." He said he'd never tell her because if he had to ASK her, it wouldn't be the same. Sometime later he and another man went on a fishing

trip. Their jeep went out of control and he was killed. At 38! I've never forgotten this. Now, every time I see his still-young widow, I think of all the wonderful opportunities for affection she passed up, and how now, if she could hear his footsteps on the porch, or his key in the lock, she'd come running, and throw herself into his arms.

Please don't use my name because the widow has never known this. So, to SMALL QUARREL, "Be glad your husband told you he wanted to be greeted at the door. And do it with love, not a sense of duty." Thanks for printing this, Abby. I wouldn't miss your column for the world.

LIL

DEAR JUST: Say, "I would prefer that you leave the children at home. This is an adult party."

Unload your problem on Abby. For a personal reply, send a self-addressed, stamped envelope to ABBY, care of The Pontiac Press.

I'm not much of a talker. Abby, what I mean is, I can say something better in a letter than I can in person. I guess it's because I am on the shy side. My girl is also on the shy side.

Please don't think I'm stupid, but I honestly don't know what words to use when I ask her to marry me. If you will tell me what to say, I will memorize the speech.

DEAR SHY: If you love each other, she will have to hear four little words: "Will you marry me?" She's probably all set for the question and has memorized her answer.

DEAR ABBY: What is a person supposed to say when she invites people to dinner and they say, "Can I bring the kids?" I never plan on children at my dinners and I don't ask people if I can bring mine.

DEAR JUST: I would prefer that you leave the children at home. This is an adult party."

Horseplay Demanded by Social Swimmers

By RUTH MILLET
Newspaper Enterprise Assn.

According to many Washington columnists, the quickest way to achieve status in the Capital these days is to get pushed into Atty. Gen. Robert F. Kennedy's home swimming pool.

Once you've had a hilarious dunking — fully clothed in party splendor — you've really arrived. Since the Kennedy clan seems to be setting the fashions for the whole country, the idea of pushing fully-clothed guests into private swimming pools is sure to catch on.

But how are you going to entertain in the New Frontier manner if you don't have a swimming pool to shove your guests into after the third highball? Isn't there a poor man's substitute for dunking?

Well, maybe those of us who can't make a social splash by pushing guests in pools — because we don't have private pools to push them into — can think of some other cute stunts that will serve the same purpose.

How about throwing custard pies at each other? That ought to have pretty much the same effect. A cocktail dress smeared with custard pie ought to be just as much of a mess as one that has served as a swimsuit.

Or we could pull chairs out from unsuspecting guests just as they start to sit down! That's a bit dangerous, but it's another prank that might pop up a party.

Guests wouldn't dare to protest because being a good sport and coming up laughing like crazy is part of the code. (So far there hasn't been a Kennedy dunking reported where a guest got insulted and left the party.)

Oh well, we all ought to be able to think of something as bright and gay and too, priceless as showing each other in pools in order to be in the social swim. Even if we just arm our guests with water pistols and let them fire away at each other, we can carry on the spirit of New Frontier "horseplay/pitilality."

Need Brush, Soap Suds

The best way to wash wicker furniture is with a brush dipped in soap or detergent suds. A long-handled bowl brush with stiff nylon bristles is good, supplemented by a bottle or percolator brush for coaxing dirt from interstices or small openings.

If you wash wicker furniture outdoors, rinse it with a fine spray from the garden hose. Then set it in a breezy spot to dry.

Victorian Jewelry

Victorian jewelry, the real thing, is enjoying a new vogue in this country. But before you buy, make sure that these antique pieces do not need extensive repairs. For the repairs can sometimes cost more than the jewelry itself.

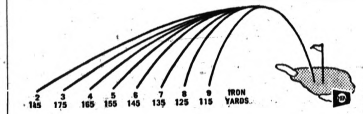

Couple Weds

Gleem S. Johnson, son of Mrs. Ruth Ladd of Pine Street, and the late John W. Johnson, exchanged vows with Eloise Kurts July 9 at the Evangelical parish at Ewart.

Words of wisdom on adolescence in Ruth Millet's booklet, "Tip on Teen-Agers." Mail 25 cents to Ruth Millet Reader Service, care of The Pontiac Press, P.O. Box 66, Dept. A, Radio City Station, New York 19, N. Y.

The Fair Way

Keep Downswing Smooth, Graceful

By SANDRA MAYNIE
Writes for NEA

With a couple of important exceptions, the downswing is the reverse of the backswing.

It begins when the split-second pause at the top has ended and the body starts unwinding for the downswing.

The hips rotate to the left and the weight shifts back toward the left foot in coordination with the swing.

FULLS CLUB DOWN

As the body turns, the left arm — still straight but not rigid and with elbow tucked in close — pulls the clubhead down and through the ball.

In perfect harmony, the right arm should go along in the swing primarily guiding it.

The hands lead the clubhead to the hitting area, which usually is at the waist or a bit below. Now the left leg should be your main foundation.

The wrists should uncock naturally, giving the clubhead that smooth added impetus for distance.

KEEP IT SMOOTH

It is this last-second application of power that you have been conserving your strength for throughout the comparatively slow backswing and the less powerful start from the top.

Few can efficiently use all their strength, even in the hitting area.

Stay well within physical limitations, applying power in the hitting area only to the extent that you can do so and still maintain the rhythm of the swing within its arc.

TAKE IT EASY

Most women, especially those new to the game, get much better drives if they use only about three-quarters of their strength in the hitting area, but you may be able to apply a little more muscle and still hit the ball well.

Don't try so hard to hit the ball hard that you destroy the smoothness, control and grace that women and unathletic men must use to compensate for physical shortcomings.

ACCEPTED BY MANY! Model of New Miniature Hearing Aid Given

A most unique free offer of special interest to those who hear but do not understand. The miniature hearing aid, known as the Audiotone, is a true-life, actual size replica of an actual hearing aid. It is given absolutely free in addition to a free hearing test to anyone answering this advertisement. Wear-test it in the privacy of your own home without cost or obligation of any kind. It's yours to keep. Free. The size of this Audiotone is only one of its many features. It weighs less than a third of an ounce and it's all at ear level. It does not hurt. No wires lead from body to head. There is only one hope for the best of hearing.

These models are free while the limited supply lasts, so we suggest you call or write for yours now. Again, we repeat, there is no cost and certainly no obligation.

Dance Club Has Outing

The annual family campout of the Merry Mixers Square Dance Club took place this weekend at Fort Austin's Gallop Park.

Over 50 campers of all ages enjoyed camping, boating and swimming as well as square dancing at the park pavilion.

Club callers were Hal Brown, Lee Kaines, Bill Turbeck, Don Harrison, Reg Edwards and Brandon Adams.

Mrs. Hal Brown was in charge of snacks and mimosas which were interspersed with the square dancing.

A program of club talent was given Saturday night. Chairmap of the campout was Brandon Adams.

The club's September outing will be a hayride at the Hal Brown farm in Holly.

Couples Must Have Fun

By JOSEPHINE LOWMAN

So many of the tall dreams of youth shatter against the realities and disillusionments and disappointments of later years. So often the fresh, eager spirit becomes dulled with the wear and tear of daily life.

Since this is true of life, it is doubly true of marriage because marriage is a highly concentrated chunk of life. This summer many young couples are starting their lives together with faith and hope and tenderness. Judging by the divorce rate, many of these marriages are marked for failure.

More social workers and psychologists and colleges are giving thought to the high divorce rate. Marriage should be a safer investment in happiness. All of this study seems to indicate that most marriages break up on the rocks of small lacks and irritations and hurts and resentments rather than big ones.

The general pattern of life is not made up of a series of large crises, but consists of constant small frustrations and problems. Often husbands and wives who would give their lives for each other, nevertheless make one another miserable over trifles and fail to treat each other with the courtesy which they extend to their friends.

How can human beings be so foolish? They hammer away at any lacks in their marital partners and constantly undermine the charming picture they had of them as though bent on self-destruction.

Married folks should have fun together. They should laugh as well as cry together. They should be unselfish and thoughtful in dozens of little ways each day.

To those of you who were married this summer or are going to be married soon, keep the sheen on your marriage with a sense of humor, tolerance, tenderness, understanding and adaptability.

Exhaust Control Device Studied

California Unit OKs
New Idea for Testing in
Automobiles

LOS ANGELES (UPI) — The California Motor Vehicle Pollution Control Board has accepted another smoke control device for official state fleet and service life testing, the fifth such device now ready for testing.

Twenty-five prototypes of the exhaust emission control device were approved yesterday for installation on a variety of automobiles for testing taking at least nine months.

The device is manufactured jointly by Davison Chemical Division of W. R. Grace and Co. and Norris-Therandor Corp. both of Los Angeles.

Exhaust comprises about 70 percent of motor vehicle emissions that produce smog.

The other principal source of air pollutants in crankcase blowby, for which nine devices were approved by the board previously.

Devices for controlling crankcase blowby have been installed on all new cars sold in California since 1961 and will be standard equipment on all American Motor vehicles starting with the 1963 models.

Installation of the exhaust devices will not become compulsory under California law until two or more are approved.

'Senators' Can't Hit

Why Is Economy Lagging?

By DICK WEST
WASHINGTON (UPI) — All sorts of theories and opinions are being offered these days to explain why the American economy isn't growing at a rate fast enough to please everybody.

Some say it's because business has lost confidence in the administration. Others say it's because the administration has lost confidence in Congress.

OTHER REASONS

Still others say it's because Congress has lost confidence in Billie Sol Estes.

I have even heard it said that it's because Peter Lawford has lost confidence in Frank Sinatra.

Apparently, however, it has not occurred to anyone, except me, that it's because every one has lost confidence in the Washington baseball team.

It must be obvious to even the most casual observer that the local club has been following a "no win" policy and that its hitters have been "muzzled" at the plate.

Perhaps you have heard those terms used in another context. That shows how influential baseball can be.

Other cities have, of course, harbored chronic failures on the diamond. But only a person living in the U.S. capital can ap-

preciate how truly depressing a ball club can be.

WHAT'S A FENNANT?

I think the record will show that there hasn't been a pennant here since Franklin Pierce was in office, or a first division finish since the administration of Chester A. Arthur.

These years of frustration and despair are certain to have had a psychological impact, even on those who aren't baseball fans. And since this is the place where national policy is formed, the consequences are felt far beyond the ball yard.

Suppose that a Treasury official goes out to the park for a night doubleheader. The next day he is spotted in the corridor by a couple of tourists, who notice his pained expression.

"Things must be worse than we thought," they tell each other. The word gets around and the next thing you know

stocks have dropped another 10 points.

Franklin D. Roosevelt sought to stimulate the economy in 1933 by telling the nation it had "nothing to fear but fear itself."

It seems to me that a similar declaration by President Kennedy might help out in the present situation.

He should go out to the stadium, stand resolutely on home plate and assert in ringing tones that, "You have nothing to fear but the Yankees, Twins, Angels, Orioles, Indians, White Sox, Tigers, Red Sox and Athletics."

One Pitch Then Time

WASHINGTON, D. C. (U) — One of the few snafus in the Washington All-Star game cropped up in the first inning. After the first pitch by Detroit's Jim Bunning, time was called while the National League bullpen crew trotted across the outfield to the bullpen entrance gate in centerfield.

Really Gets Around

LOUISVILLE, Ky. (AP) — Name any big race track, and Gus Petty has worked there.

He's been on the job since 1939, dispensing drinks and advice about horses.

Gus, 30, who grew up at Hot Springs, Ark., made his first bet at 18 on a 100 to 1 shot that won. "I giv'd up bell hoppin' then and there and been a-racin' ever since."

He's a good judge of horsemesh but has been wrong a time or two. At the Saratoga sales one year, Gus guffawed when one horse went under the hammer.

"He looked like a mule. I sure found out different."

The horse was Man o' War.

Will Enter Hospital

ANN ARBOR (U) — Sen. Stanley Norris, D-Detroit, will enter the University Hospital at Ann Arbor today for an operation on a strained knee. He is expected to be hospitalized for about two weeks.

Going! Going! Gone! Shouts the Auctioneer

By LEE WINBORN

The gavel is raised. Auctioneer Bud Hickmott begins his chant:

"Here's a nice shaving mug. The date's right on it—1873. Who'll give me two dollars to get it started? I've got one. Who'll give me two?"

And another country antique auction is under way, this one at 5631 Metamora Road, five miles north of Oxford.

The crowd, ranging from babies in strollers to grandmothers munching sandwiches, is all attention.

What bargain can they snap up "for a song" before a dealer who knows its true value wins it for his shop?

It's an all-day affair for people from all over the area who come perhaps to add to a collection or help furnish a recently purchased old farmhouse.

Pontiac Press Photo by Ed Nohs

Bid Battle

There's a convex mirror going up for sale that would fit in just right over a dry sink in the front hall. Looks like that fellow over there has his eye on it, too.

As the bidding becomes spirited, the crowd divides into groups rooting for the competing bidders. A cheer goes up when the first bidder walks off with it—a satisfied smile on his face.

A young couple strolls up to and old maple chest, examines the finish, pulls out a drawer or two, trying to decide how high they can go to get it for their master bedroom.

A dealer from Owosso gets a cranberry glass pickle jar, adds the price to his list so he can settle up later.

Boy Jumps

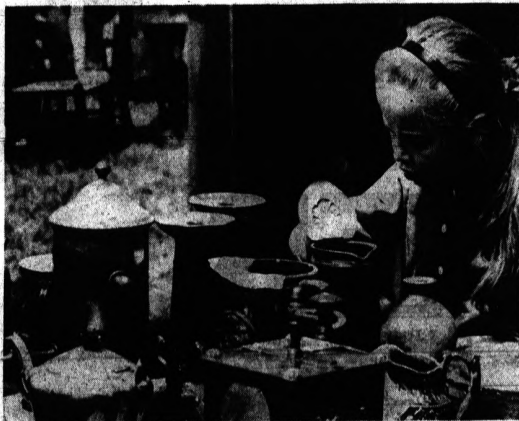

The auctioneer moves to a pair of straight-backed Hitchcock chairs.

Up and away goes a small boy who, was resting on one of them after a fast game of baseball with a new-found friend. He sits on a comfortable-looking settee, instead.

The boy's father is fascinated by that player piano. It comes with many music rolls, including "Nola," "Alexander's Ragtime Band," and "Stars and Stripes Forever."

Hunger besets the youngsters. They run over to the refreshment wagon for hamburgers, hot dogs and cold pop.

Mother calls after them. "Don't forget, I've brought some cake," and turns back to the bidding on the Limoges china bowl she wants for the dining room table.

Just Fun

Besides dealers and collectors, many have come to the auction just for the fun of bidding on something they don't need for a spot that's already filled—just to join in the spirit of oldtime "horse trading" and getting "something for nothing."

More often than not, they pay too much for what they buy, but go home happy just the same.

It's a lot of fun, too, for the small fry, whose eyes widen at the sight of so many things to whet their endless curiosity—things that may be old to parents but new to them.

One little girl lifts a lid on an old mug, perhaps to see if there's anything inside; another examines some gas lanterns. They, too, go home happy with the day's meanderings, though, perhaps, like everyone else, a little tired.

"SOOO BOSS!"—That's a familiar phrase for Pontiac's dairy inspector Carl Carr. He "hits" about 10 dairy farms a day and travels in every direction checking cattle, their milk and environment.

Inspector Pounds Away for Dairy Cleanliness

What a change has taken place in milk production since grandpas sat on an oak stool and occasionally squirted warm milk into a begging cat's open mouth. There wasn't much worrying about sanitation and the pesky flies that harass man and beast. They existed, and there was no solution as they swarmed lazily through the old-time barn.

Bacteria count was high, and cooling operations were unheard of as pasteurization was a thing of the future.

An recent as ten years ago, a bacteria count of one million per centimeter was allowed before an investigation was started. Today that has been lowered to a maximum of 100,000 per centimeter.

Sterilized stainless steel equipment, huge bulk storage tanks and insect deterrents now discourage bacteria, tuberculosis and Bangs disease in barns and animals. Also, careful periodic inspections and tests have kept farmers on their toes in keeping a low bacteria count (the most important measure of a dairyman's operation).

Pontiac's one dairy inspector, Carl Carr, travels far and wide making once-a-year unannounced calls to hundreds of dairy farms that help supply the city with milk.

Within a 25-mile radius, about 20 local farmers have milk hauled into dairies for distribution. However, through various milk companies, some 2,000 farmers are now supplying Pontiac's nearly 65,000 population.

Carr's job is to cover the health of the herd, check the condition of the dairy barn, milkinghouse, utensils, milking apparatus, procedure and raw milk storage.

He concentrates on general cleanliness, proper construction, ventilation and lighting of buildings.

Out at the big Emerson Terry farm, 3695 Silver Bell Road, Pontiac Township, where 28 milkers cows produce about 1,100 pounds of milk daily, a new 400-gallon bulk storage tank has been installed.

Only the pungent smell of newly drawn raw milk and the odor of

thoroughly cleaned equipment fills the air of the specially built milkinghouse. The tank, constructed like a giant refrigerator, dominates the center of the room, keeping milk below 40 degrees, of the tightly screened milk house.

Some farms such as the Edgar Suttons' at 3500 Five Lakes Road, Lapeer Township, have a real foot-proof sanitary milking system.

Known as the "pipeline" operation, cows are milked by automatic milking machines. Then the milk is pumped in pipes directly to the cooling storage tanks.

To get the milk out, tank-truck haulers install a hose from their truck tanks through a stainless steel hole in the building to the raw storage tanks, then pump the milk directly into their trucks. It's never touched by human hands.

Once a month, farmers are required to submit a sample of milk for test runs. If tests are not satisfactory, a farmer is "cut off" until corrections have been made.

This means an inspector must make several checkups to the farm to help get the trouble corrected before the farmer goes bankrupt.

Flashlight inspection — Pontiac's lone dairy inspector Carl Carr takes a good look at freshly sterilized equipment at the Emerson Terry farm, 3695 Silver Bell Road, in Pontiac Township. Ventilation of barns, bacteria count in milk and condition of the cattle are all part of Carr's job.

"Goodbye Again"

Actors Fortunate to Get Jobs Today

By CYNTHIA LOWRY
AP Television-Radio Writer

HOLLYWOOD — "I read the script," goes the classic phrase, "and the television (or part) was just so great I couldn't resist it."

This is one of those delightful fictions of this make-believe land—that actors are artists and above the every-day necessity of earning rent money and paying the grocer.

"As a matter of fact, a performer is very lucky to land a

regular part in television series," said actor Allyn Joslyn. "There's more work around now than there has ever been because of all the television (or part) was just so great I couldn't resist it."

This is one of those delightful fictions of this make-believe land—that actors are artists and above the every-day necessity of earning rent money and paying the grocer.

"As a matter of fact, a performer is very lucky to land a

DiMag Resigned to Be Near MM

Former Employer Says Ex-Yankee Star Was Worried About Marilyn

HOLLYWOOD (AP) — Joe DiMaggio quit his \$100,000-a-year job to be near his ex-wife Marilyn Monroe, says DiMaggio's former employer.

V. H. Monette of Smithfield, Va., said Monday the one-time New York Yankee baseball star resigned Aug. 1 as a vice president of a company which supplies military post exchanges. DiMaggio reportedly was deeply worried about his ex-wife days before she died.

AGENT SEEN FIRED

Two women close to the late actress have left Hollywood.

The blonde star's personal press agent, Pat Newcomb, was reported "no longer with us" at the Arthur Jacobs Agency, and a Hollywood trade paper said she had been fired.

Marilyn's housekeeper, Eunice Murphy, who found her dead of an overdose of sleeping pills last Aug. 5, has checked out of her Santa Monica apartment. She left no forwarding address.

THE HOLLYWOOD REPORTER said Miss Newcomb had gone to Hyannis Port, Mass., as guest of the late actress' friends.

In Smithfield, Va., Monette said he believed DiMaggio was still in the lower law courts. Patricia Kennedy Lawford is the President's sister.

DiMaggio married playwright Arthur Miller after divorcing DiMaggio. After she divorced Miller, she married DiMaggio frequently and vacationed with him in Florida.

2nd Hovercraft Put Into British Service

PORTSMOUTH, England (AP) — Britain's second ferry service by Hovercraft—a flying boat that supports itself on a cushion of air—has opened between the south of England port and the Isle of Wight.

The fare is 10 shillings—\$1.60—for the 10-minute, 5-mile crossing which is three times as expensive as the ordinary ferry, but the service is three times as fast.

The first Hovercraft ferry began operations in Wales last month.

"Goodbye Again"

Actor John Derek 'Suings' Landscaping Led to Slide

ENCINO, Calif. (AP) — Actor John Derek is suing four neighbors and three construction firms he says caused him to be almost buried alive in mud last February.

Derek filed suit Monday for \$150,000. He said the defendants

subdivided and graded a hill near his home, changed the natural flow of water and caused a mud slide during heavy rains.

Sheffer Heads 10 Amateurs to Make Open

Qualifying for PBA Pro-Am to Close Tonight at 300

Preliminary action for the Pontiac Open of the Professional Bowlers Association tour comes to a close tonight when Pro-Amateur qualifying is concluded at 300 Bowl.

Proprietor Joe Puertas is planning a marathon elimination session possibly going into the hours of the morning to accommodate any and all who might be interested in trying to make the only location where Pro-Am can

be held. One of every ten tries will be eligible. Men can also enter by paying a \$30 fee.

The tourney site will be the only location where Pro-Am can

be held. One of every ten tries will be eligible. Men can also enter by paying a \$30 fee.

The tourney site will be the only location where Pro-Am can

Drawing for pro partners will be held Wednesday at 7:30 p.m. at 300. All contestants are requested to attend. Those unable to be there will have their mates drawn for them.

The purpose for the Pro-Am will be less than \$5,000 advertised due to the participation being down but the figured ratio will remain the same.

100 PROS SET

Over 100 P.B.A. members have signed up for regular tourney and started moving in for practice

sessions yesterday led by Steve Nagy and Pat Patterson. They have until Friday to sign up. There is still a chance that Don Carter and the few other big stars missing may join the fold. South-paw Roy Lowen has become the 14th All-American to enter. Glenn Allison may be No. 15.

The local amateur qualifying is over for the pro meet with 10 men assured berths. All those following in order are considered unless otherwise noted. They will compete against the pros not take all the remaining places.

Arley Sheffer of Pontiac won the non-member rolloff by scoring 123-18 points and winning 12 games against 8 defuncts. He averaged better than 209 with 3.36 pins for

16 games and accomplished a rare feat by winning nine successive matches.

Detroiters Dick Preston and Jim Pantazides followed. Preston had 122-23 points, a 10-6 record and 3.83 pins. Pantazides 118-17 points. He scored 3.27 pins and won 9-5 and lost 7 matches.

Bob Briarton, Mr. Clemens, completed the list of those averaging over 200 with 3.20 pins. He topped 200 with 115-25 points. Next was Bob Walter of Lapeer with figures of 3.193, 9-7 and 115-13. Hal Hazzett of Wyoming, Mich., took 7th at 115-13 points. He matched Briarton's 7-9-8 and got 3.27 pins.

BULL ELIGIBLE

City veteran Bill Bull finished

No. 8 with 3.174 with an 8-9 record and 113-24 points. Southfield's Bill Spargo had 112-13 points, 3.118 pins and 8-9-7. Rounding out the group was Jim Rutkowski, 1.02, and Hal Jolley 1.001.

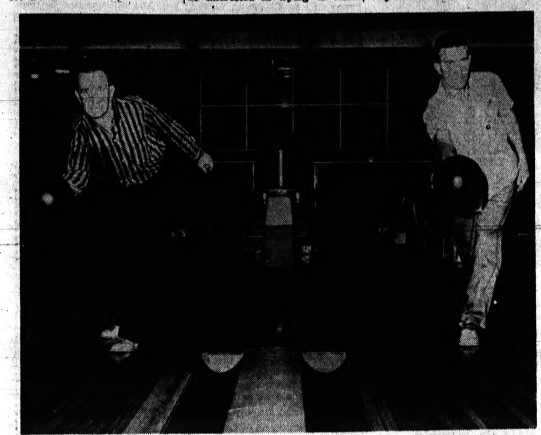

The alternates are: Bill D. Smith, Roseville, (108-24, 7-9, 3.064); Ben Vereckee, Grand Rapids, (106-25, 7-9, 2.998); Tom Donnelly, Howell, (106-22, 4-12, 2.888); Garth Green, Pontiac, (105-22, 8-4, 2.839); Earl Castle, Pontiac, (105-16, 6-10-1, 2.971); and Corky DeGraft, Grand Rapids, (103-24, 5-11, 2.964).

Other high scores in the pre-rolloff eliminations were: Bob Frick and Ray Brunchone 1,022; Jack Born and Bill Johns 1,019; Gene Shell 1,017. Tom Ranges

1,014. Dwight Pugh, a Pro-Am qualifier, 1,012. Doug Swords 1,010; Gareth Thompson 1,009; Dean McKown and Don Wray 1,007; Stan Kurzman 1,005; Art Emmel 1,002 and Hal Jolley 1,001.

Donnelly led the qualifying scorers with 1,132. Sheffer had topped the pack with 1,058.

Seats will be erected for 540 spectators. Tickets are available for separate sessions or for the complete tourney program. Pro-Am action will be Thursday night. The Open will have qualifying rounds Friday and Saturday afternoon and evening and the finalists will night Sunday afternoon and night.

COMPETE WITH PROS — Two Pontiac bowlers, Ray Olson (left) and Bert Henley, were at 300 Bowl practicing last night. They will team with professional leggers in Thursday night's pro-am meet that opens the \$28,000 PBA tournament at 300, Olson, 454 Fourth St., hit 975 to qualify while Henley, 747 St. Clair, rolled a 988.

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

A member of the Cleveland Browns' press and radio troupe made a couple passing comments upon his departure from Tiger Stadium Saturday night after the Browns won a 17-14 decision from the Lions.

"It's about time we left this place with a victory," he said, "it was getting so that we could write our material in advance except for the score."

Of course he was referring to the wide over-all margin of victories the Lions hold over the Browns through the years. It now stands 20-7-1 for Detroit.

One other passing comment, however, was interesting. He said, "The Lions are dreaming if they think they can win with Plum. They'll know how it feels to be a contender every year but not a champion."

He was pointing to the fact that Cleveland, under Purn's quarterbacking, finished 2nd three times and third another time.

The Lions were bridesmaids themselves for the last two years with Jim Ninowski helping with the signals so they know how it feels.

New pastures may help both Ninowski and Plum. If so, we can hope for a real showdown Sunday, Dec. 30th in the home of the Eastern Division champion.

SHORTER HAPPY

Former Pontiac Central griddler Jimmy Shorter said he "looked forward to the game at Tiger Stadium for a long time."

"I didn't know if I'd be around when the Browns came to Detroit, but I sure was hoping I'd be here."

Shorter started at right defensive halfback and was used on kickoff and punt returns. His chances of sticking with the Browns are pretty good, although quite light by NFL weight standards.

DITTOES FROM THE PRESS BOX

A verbal pat on the back should go to Ed Daw and Harry Wenzel for their work in promotion of swimming and tennis respectively in the Pontiac area.

Daw has devoted great efforts for the swimming program through the Pontiac Swim Club and Wenzel likewise through the Pontiac Tennis Club, a couple organizations which should grow and help these sports in the city within a few years.

E-F District Playoffs to Continue Wednesday

Class E and class F district playoffs in the recreation junior bowls final stages Wednesday after four games were played yesterday at Pontiac Jaycee fields.

In class E, VFW of East Detroit defeated Elmer Service of Waterford, 6-2 while Roseville struck out Livonia, 11-0. In class F, East Detroit Colts won over Livonia 7-1, while Waterford Hawks topped the measure of Roseville Falcons, 6-3.

Ray Randall held the Elmers team scoreless until the 11th frame when the hoppers got both runs on two hits and an error. Two walks, Mike Freeland had two of the five Waterford hits while Brian Hansen had two for VFW of East Detroit.

Larry Maguffey the loser gave up six hits.

Roseville's Ed Rutenberg struckout 12 batters and gave up only two hits in beating Livonia, No. 1 and East Detroit facing Purn while his teammates led by Frank

day night's pro-am meet that opens the \$28,000 PBA tournament at 300, Olson, 454 Fourth St., hit 975 to qualify while Henley, 747 St. Clair, rolled a 988.

One other passing comment, however, was interesting. He said, "The Lions are dreaming if they think they can win with Plum. They'll know how it feels to be a contender every year but not a champion."

He was pointing to the fact that Cleveland, under Purn's quarterbacking, finished 2nd three times and third another time.

The Lions were bridesmaids themselves for the last two years with Jim Ninowski helping with the signals so they know how it feels.

New pastures may help both Ninowski and Plum. If so, we can hope for a real showdown Sunday, Dec. 30th in the home of the Eastern Division champion.

SHORTER HAPPY

Former Pontiac Central griddler Jimmy Shorter said he "looked forward to the game at Tiger Stadium for a long time."

"I didn't know if I'd be around when the Browns came to Detroit, but I sure was hoping I'd be here."

Shorter started at right defensive halfback and was used on kickoff and punt returns. His chances of sticking with the Browns are pretty good, although quite light by NFL weight standards.

DITTOES FROM THE PRESS BOX

A verbal pat on the back should go to Ed Daw and Harry Wenzel for their work in promotion of swimming and tennis respectively in the Pontiac area.

Daw has devoted great efforts for the swimming program through the Pontiac Swim Club and Wenzel likewise through the Pontiac Tennis Club, a couple organizations which should grow and help these sports in the city within a few years.

E-F District Playoffs to Continue Wednesday

Class E and class F district playoffs in the recreation junior bowls final stages Wednesday after four games were played yesterday at Pontiac Jaycee fields.

In class E, VFW of East Detroit defeated Elmer Service of Waterford, 6-2 while Roseville struck out Livonia, 11-0. In class F, East Detroit Colts won over Livonia 7-1, while Waterford Hawks topped the measure of Roseville Falcons, 6-3.

Ray Randall held the Elmers team scoreless until the 11th frame when the hoppers got both runs on two hits and an error. Two walks, Mike Freeland had two of the five Waterford hits while Brian Hansen had two for VFW of East Detroit.

Larry Maguffey the loser gave up six hits.

Roseville's Ed Rutenberg struckout 12 batters and gave up only two hits in beating Livonia, No. 1 and East Detroit facing Purn while his teammates led by Frank

Tigers Entertain 'Cousins'

DETROIT (AP)—Tiger Stadium's most welcome guests are back in town.

The floundering Baltimore Orioles, victors in only two of 11 games with Detroit this season, square off with the Tigers in a three-game set that could be a struggle for the first division's darkest corner.

Currently riding a losing streak

Umpire Blasts at 'Squawkers'

Donatelli Says Players, Managers Are Alike as Bad Actors

HOUSTON (AP)—Augie Donatelli, a National League umpire struck back today at baseball players who squawk.

"The ball players spend more time bawling us than they do the other club," he said. "You'd think we were the ones they had to beat."

Donatelli is the man who threw out Norm Larker of the Houston Colts last week for squawking on a strike call. The Colt first baseman then went on a bat-throwing tear.

Donatelli sees this as a somewhat of an ominous trend.

MANAGERS ALIKE
"The fans don't bother us," he said. "You know you can't please them unless you call every play for the home team, so you just shut your ears to them."

"It's the players. We got 30 guys, including coaches, on either side and each team may have 10 or 15 bad actors. And the managers are all alike. When the time comes, they'll choke you for a pitch or a play."

Some players complain: Donatelli has a quick temper.

"Patience is a fine quality, but it isn't an umpire," he said. "If an umpire gets a reputation for being patient, it means he isn't running the game. It takes judgment, conditioning and courage to last in this business. You can't let them push you around."

He continued:
"You put up with a lot. Some of the things the players say to you is called a man those names on the street, he'd go looking for you with a .45."

"Did you ever work in the mines? Well, I did, and I don't want to go back. Umpiring is bad, but it's not that bad."

Pine Lake Pair Tie for Pro-Lady Title
Teaching Pro Elmer Priekrom of Pine Lake and Mrs. Gene Eyley teamed to share first prize honors in the pro-lady title golf tournament at Warwick Hills yesterday.

The Pine Lake pair fired a best ball 55 to tie for honors with Jerry Townsend and Mrs. Jerry Hagan of Warwick Hills. Townsend is assistant pro to Gene Bone at Warwick.

Bob Gajda and Mrs. Sally Sharp were one stroke behind in the Western while of Oakland Hills and Eddie Kirk and Ethel Ryden of Flint Golf Club.

Mac McInerney and Mrs. Art Rosenberg of Kewlwood, Bill Dennis and Vi Sterling of Beach Grove and Gene Bone and Mrs. Dave Barbour of Warwick Hills all tied at 57.

The veteran third baseman, who hit 26 homers last year, broke his right ankle March 5 while sliding in spring training.

—three straight, six of the last seven games — manager Billy Hitchcock's shaky charges are coproprietors with Cleveland at fifth place in league standings.

The Tigers and Orioles were solid pre-season guesses to be in contention for the pennant but military service and illness have strapped Baltimore while injury was striking hard at the Tigers.

Coming into tonight's two-night win bill, the Orioles have scored just 34 runs in their last seven starts and Tiger manager Bob Scheffing will be trying to make the most of that situation. Howie Kopits (3-0) and his 2.81 earned run average will go against Jack Fisher (5-5) in the opener.

BRIGHT SPOTS

Kopitz is one of the bright spots on Scheffing's horizon. With Ron Kline, after his strong performance in Sunday's 2-0 loss to the

Track Stars Giving Pro Football a Whirl

From Cinders to Gridirons

By The Associated Press
Old track stars never say die—they become pro football players.

Or so it would seem glancing through the rosters of the National and American Football League teams now engaged in pre-season training. There are seven of Uncle Sam's top stars during the past three years now engaged in the much rougher business of professional football, and an eighth, Charlie Tidwell of Kansas, was cut a week ago by the NFL's Minnesota Vikings.

Ted Woods, the 1960 NCAA 400-meter champion and a member of the U.S. Olympic team, was named to Ohio State.

Another '60 Olympian, Glenn Davis, is with the Detroit Lions, who last year set up their "star" offense to take advantage of his great speed. Davis was named to Ohio State.

ZEPHYRUS OFFENSE
Another '60 Olympian, Glenn Davis, is with the Detroit Lions, who last year set up their "star" offense to take advantage of his great speed. Davis was named to Ohio State.

Pontiac Elks and two Rochester teams posted victories last night in the opening round of district softball play.

Elks 8-0 whipped Rochester McElroy Collision and the Rochester Rockets. Rochester McElroy Insurance rolled past Ströber's Beer in "B" at Drayton; and Rochester Grismom—Cherry edged Spencer Floors of Waterford 2-1 in a "C" League 5-7.

In Pontiac city league softball playoffs last night, State Hospital reached the National League lower bracket finale with a 4-4 rout of Motorcar Transport. First Presbyterian reached the final round of the National upper bracket by ousting 2-0.

International action saw Dixie Tool & Machine trounce Langdon's 16-7, and Oakland Automotive beat St. Joseph hospital, 15-5.

Elks put its game away with four-run thrashing in the third inning highlighted by Lenny Grant's two-run homer. Bob Stephenson doubled home one run and another on an error as Elks upped its margin to 6-1 in the fourth.

SPURRED BY UMP
The winners last night in the seventh when he was spiked by the umpire while sliding into second.

Long Hall pitched the distance for Elks, giving up five hits. The Pontiac team will be in action tonight at 7:30 on Hallock Field.

Five wins in the first inning on two singles, two walks and an error got McElroy off to a good start. Kit Wesolowski allowed only two hits, fanning 14, for the winners. Both safeties were by Jim

New York Yankees. Scheffing is hopeful he has found a pair of starters who can plug some of the gap left by the loss of 23-game winner Frank Lary, now on the disabled list.

Kline's loss to the Yankees was his first in two seasons. Scheffing noted, "We'll start him from now on." Kline was 2-4 against New York last year.

The Tigers, separated from the fourth-place Chicago White Sox by three games, could improve their position considerably if their success with the Orioles holds up in this series. A sweep would push them past the Birds and allow them to gain ground on the Indians and New Sox, who are meeting in a four-game set at Cleveland.

Scheffing, who says he still has his eye on second place, will send Phil Regan (6-4) against Hal Brown (5-5) in the nightcap.

The most notable graduate of the track world trying to make it in pro football, of course, is Frank Budd, co-holder of the world 100-yard dash mark of 9.2 seconds. He is a flanker back with the Philadelphia Eagles. Although he has no collegiate experience while at Villanova University, he was an all-state player for Ashbury Park (N.J.) High School, performing at tailback.

Another top trackman in football training is Texas Southern's Charlie Frazier, with Houston of the AFL. He was a member of the U.S. 400-meter team that set a world record in 1961 in Moscow in a U.S.-U.S.S.R. meet. The AFL's Denver Broncos have Jerry

of Tarr, top U.S. hurdler this past year while at Oregon. He was their No. 17 draft choice.

Both are halfbacks. The Cleveland Browns, whose backfield personnel is still unsettled with the loss of rookie All-American Ernie Davis and the trade of veterans Bobby Mitchell, Mill Plum and Tom Watkins, obtained Ernest Green, a rookie back, from Green Bay Monday.

Franchise Wanted

New Orleans Becomes Popular in AFL Bids

NEW ORLEANS (AP) — This city seems to be increasingly popular with the American Football League and it makes the group seeking an AFL franchise for New Orleans quite happy.

What's even better, they point out, is that Atlanta, considered New Orleans' chief rival for an AFL franchise, has lost an exhibition game between the New York Titans and the Buffalo Bills Saturday night.

Disappointing attendance at two earlier AFL exhibitions in Atlanta led to the cancellation of the Titan-Bills game and also one scheduled Aug. 25 between the Titans and the Buffalo Bills Patriots.

REPORT DENIED

A New Orleans group headed by David Dixon has a \$15,000 deposit with the AFL for a franchise. One of the latest reports about pro football here has the Dallas Texans shifting to New Orleans. The report, however, is strongly denied by Gilman Lamar Hunt, owner of the Texans and president of the AFL.

The Houston Oilers play the Patriots in an exhibition game here Saturday night. Sponsors of the contest, who are not affiliated with the group seeking a franchise, expect a turnout of over 25,000.

Now, Harry Wismer, the one-time sportscaster who owns the Titans, wants his team and Buffalo to play in New Orleans Saturday night, making it a double-header with Houston and Boston. "I don't like the idea of the game in Atlanta from the start," Wismer commented in New York. "But I do think it would go over well in New Orleans."

But Jack DeFoe of Louisiana

Pro Sports, Inc., backers of the Oiler - Patriot exhibition game, says Wismer waited too late to talk about a doubleheader. He said Wismer had not contacted his group.

"I can't imagine how a doubleheader could be arranged on such a short notice," said DeFoe, who is chairman of the Louisiana Racing Commission. "I believe our obligation is to the people in Houston and Boston who made plans for our games months ago."

Weather Is Cool, but Not Cowboys

MARQUETTE, Mich. (AP) — Working in 55 degree weather, the Dallas Cowboys prepared Monday for Saturday's date with the Detroit Lions in the first game of a doubleheader at Cleveland.

The Browns and the Pittsburgh Steelers will meet in the second game of the unique pre-season warmup.

Coach Tom Landry moved 65, 25-pound Don Talbot to offensive tackle to bolster a line hard hit by injuries.

Watching from the sidelines as the Cowboys worked on the Northern Michigan College practice fields were halfback Don Perkins, defensive tackle Don Healy and linebacker Chuck Howley. Perkins and Healy will miss the Detroit game due to ankle and foot injuries but Howley, suffering a strained neck, may be ready.

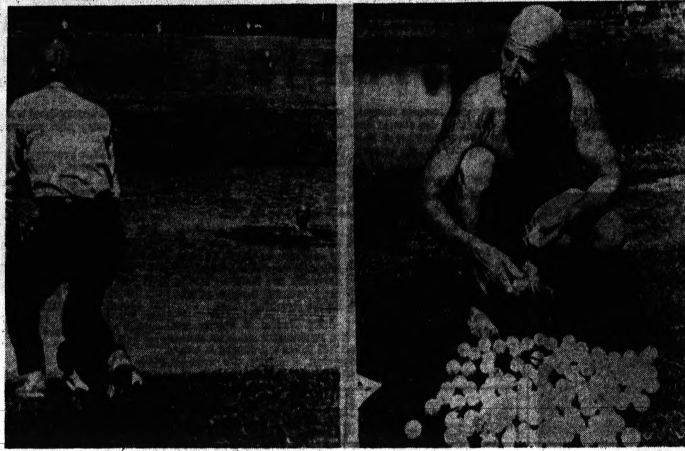

Birmingham Junior Wins District Medal Tourney

Bill Stephenson of Birmingham defeated three other players in a nine hole playoff to win the Junior District medal play championship at Birmingham Country Club yesterday.

Stephenson along with John French of Bloomfield Hills, Tom McCormick of Loomis and Larry Grov of Fox Hills all fired 81's at Birmingham CC. Stephenson then shot a 39 in the nine hole playoff.

In the match play division, Paul Topolka of Atlas Valley defeated Chuck Menefee of Barton Hills, 3 and 2, to win the title.

The girls' medal title went to 14-year-old Cathy Hendrickson of Atlas Valley who shot a 92.

YOUR SLICES ARE HIS BREAD — Harold (Dutch) Fensel, right picture, who earns his livelihood diving for lost golf balls, counts up part of a morning's haul. The 49-year-old father of eight, says he averages \$130 a week salvaging balls silted in the 35 lagoons of New Orleans' three municipal courses. In the left picture, Fensel tosses balls to a helper.

9th Straight for Cincinnati

Redlegs Again Make Bid in NL

By The Associated Press
The Cincinnati Reds have been written off more times in the National League than the first World War debt.

But they won't go away. It was standard practice all last year, and the first thing you knew they were in the World Series.

They weren't picked to repeat as NL champion this year when slugging third baseman Gene Freese broke his ankle in spring training.

They were written off after a sluggish start. And again when they blew three straight to the San Francisco Giants in June. And again when they dropped three in a row to, of all people, the lowly New York Mets, on Aug. 6-8.

NINTH STRAIGHT
So the Reds won their ninth straight Monday night, 10-2, over the Milwaukee Braves, and here they are again, in third place 6½ games back of the first place Los Angeles Dodgers.

The Dodgers were idle Monday, as were the Giants, who are 2½ games off the pace, and the rest of the league.

The Reds used the old formula, pitch tugging by one of their young flamethrowers, and the big

bat of Frank Robinson, to chop the Braves, and run their record over their last 28 games to 23-5.

Jim O'Toole, 25-year-old left hander who won 19 games last season, ran his record to 13-12 as

Robinson, who began defense of his most valuable player award even more feebly than his team did the league crown the week ending 246 after six weeks), crashed his second grand slam home run of the year and had five RBI in all.

Robinson boosted his batting average to .342 to Stan Musial for second, his RBI total to 102, the Red Sox by 112.31. The others with deficits are the Kansas City A's, 96.89, the Chicago White Sox, 92.67 and the New York Yankees, 78.28.

The Milwaukee Braves have the largest deficit in the National League, 104.82. Cincinnati is down 145.91, Pittsburgh 145.03 and the Chicago Sox 137.34.

SHOWING WAY
The Los Angeles angels, the Dodgers and the Angels, are well ahead of last season. The Dodgers are up 455.10 and the Angels 314.84. The other clubs showing increases are St. Louis 119.10; Cleveland 104.31; Philadelphia 95.47; Washington 80.82; San Francisco 78.90 and Minnesota 12.85. The figures include last Sunday's games.

The Giants, with Jack Sanford (15-0) open a three-game series against the Chicago Cubs, who will start Glenn Hobbie (4-11). After the Cub series the Giants move to Milwaukee for four games.

Watch Those Redskins

BLACKSBURG, Va. (AP) — Sam Hornor, a 205-pound back, says watch out for the Washington Redskins this season in the National Football League. Hornor, who will be playing his third season with the Redskins, says experience, several trades and confidence in the new system installed last year, by Coach Bill McPeak are the big reasons why he thinks the Redskins will be tough to beat. The big back has been studying here at Virginia Polytechnic Institute to prepare himself for veterinary medicine.

Strike Out King Kayode

COLUMBUS, Ohio (AP) — Bob Veale, Columbus Jets shoutout who set an International League record of 22 strikeouts in his last start against Buffalo, fanned 12 Toronto batters in 4.3 innings Monday night before he was knocked out.

he threw six perfect innings before a Brave reached base on an error in the seventh. Eddie Mathews then singled and scored on Hank Aaron's hit. It was O'Toole's second flirtation with a perfect game this season. He got 23 Pittsburgh Pirates in a row July 23 before Bob Skinner doubled.

GRAND SLAM
Robinson, who began defense of his most valuable player award even more feebly than his team did the league crown the week ending 246 after six weeks), crashed his second grand slam home run of the year and had five RBI in all.

Robinson boosted his batting average to .342 to Stan Musial for second, his RBI total to 102, the Red Sox by 112.31. The others with deficits are the Kansas City A's, 96.89, the Chicago White Sox, 92.67 and the New York Yankees, 78.28.

Seattle Skipper Wins First of 5 Sail Races

SEATTLE (AP) — William Buchanan of Seattle won the first of five races in the North American star class sailing championships on Lake Washington Monday.

Buchanan was followed by Alan Holt, Seattle; David Bolles, San Francisco; Skip Allan, Newport Beach, Calif.; Tom Knight, Los Angeles; and Eugene Walet, New Orleans.

There will be a race each day for the next four days.

Seven out of eight assistant football coaches at Mississippi are graduates of Ole Miss. But Texas coach John Vaught went to head coach.

Cubans Show Prowess by Quitting Country

KINGSTON, Jamaica (UPI) — Four Cuban weight lifters and their coach, here for the ninth Central American and Caribbean Games, were expected to pick up visas today that would enable them to gain political asylum in the United States.

The five Cubans, one of whom lost his match earlier, rocked games officials last night when they deserted their delegation and went into hiding. Their exact whereabouts were unknown, but Miguel Roldan, director of the Catholic Center in Kingston, said they are "hidden in safe places" awaiting permission to travel to the United States.

The Catholic organization, which reportedly helped 11,000 Cuban refugees get to Miami, has left its doors open to all refugees in need of aid to get to the United States. This island nation was granted independence only last week.

The organizers of the games have tried hard to avoid political incidents, but they admit that they have been powerless. The games officially got under way last night following ceremonies on Saturday.

But right from the start, the Cubans have been attracting attention to themselves by their boasting of athletic superiority. As a result, politics instead of athletic prowess has commanded most of the attention here.

The five Cubans who deserted their team were identified as Julio Cespedes, coach; bantamweight lifter Ignacio Herrera, who lost his first match; middleweight Gerardo Diaz, welterweight Sergio Oliva, and lightweight Juan Torres.

THEATRE EVENT

The desertions took place shortly before the start of the weightlifting competition at a local theater. It came after Cuban officials had tried to impress other delegations by saying their country had converted itself into a "major sports power" in the Caribbean. Athletic coaches from the Soviet Union have been in Cuba for several months helping train the Cuban team for their games.

Wood's Record for Coast Trip May Be Broken

MIAMI, Fla. (AP) — Gar Wood's 14-year-old speed boat record from Miami to New York was in danger today.

A Miami sportsman, Ed Stanton, and a two-man crew planned to cruise up the Hudson River sometime Wednesday.

Stanton, along with navigator Sandy Talon and mechanic Bud Beavers, were in a Alim Marine v-10, powered by a 300-horsepower Chrysler engine hooked to a mercruiser stern drive.

They were out to beat Wood's venerable record set in 1947, 1,000 miles-plus in 47 hours and 15 minutes. Wood drove his 600-horsepower, 50-foot wooden boat by daylight only.

Stanton had laid out stops at Charleston, S.C., Beaufort, S.C., Oregon Inlet, N.C., and Cape May, N.J. He planned the run to be 91 miles, after a 100-mile brief passage through the Inland Waterway near Cape Hatteras, N.C.

Ann Arbor Wins Title

MARSHALL (UPI) — Ann Arbor came back yesterday to whip Marshall, 11-1, in the final round of the Connie Mack state baseball tournament.

With the victory, Ann Arbor won the right to represent Michigan in the regional tournament at Fort Wayne, Ind., next weekend.

P.W.B.A. Workshop Wednesday at Elks

The annual Pontiac Women's Bowling Association workshop will be held tonight at 7:30 at Elks 810 for all league officers.

A question and answer session will be conducted, material for the coming season will be distributed and scoring instructions will be given, according to secretary Peggy Bender.

Who Thinks of His Furnace At a Time Like This?
You probably don't, and we don't blame you. But we do want to offer you an appropriate reminder that while summer time is outdoor time, it is "furnace fixin'" time too.
We have special lower rates on summer gas and oil furnace service, so why not beat the fall rush and let us service your heating system now. Call us now and you can forget about your furnace. It will be ready when winter comes.

Lowly Senators Respond to General's Pep Talk

By The Associated Press
Can a Senator override a General?

Harry Bright has taken the first step toward tackling the ticklish problem.

Responding to a pep talk pre-empted by the General's displeasure with his forces, Bright unleashed a home run salvo Monday night that carried Washington's last-place Senators to a doubleheader sweep over Cleveland, 11-2 and 3-2 in the American League.

It all started Sunday when General Elwood (Pete) Quesada, president of the Senators, indicated the ax was being sharpened for General Manager Ed Doherty and Manager Mickey Vernon, his chief lieutenants since the club entered the AL as a new member in 1961.

Said the general: "Prudent thought dictates some major changes in the organization. I have no intention of firing anybody at this time. But again, I don't deny the possibility that changes could be made."

PEP TALK
When Doherty arrived in Cleve-

land, he was confronted with a bunch of grumbling Senators. He decided on the pep talk method to close ranks, and referring to the Sunday announcement, told the players before the game:

"Just because you don't like what's happened is no reason to quit trying."

The Senators didn't. They pounded out 16 hits in the first game triumph, including a three-

run homer by Bright, then won the nightcap when Bright tagged another three-run shot in the ninth inning.

Meanwhile, the second-place Los Angeles Angels closed within 4½ games of league-leading New York by beating Boston 5-1 behind Ted Bowfield's five-hit pitching while third-place Minnesota knocked off the Yankees 6-4 on Harmon Killebrew's three-run double in the eighth.

Those were the only games scheduled in the AL.

Bright got the Senators off to a 3-0 lead against Indians' starter Dick Donovan (15-6) in the opener. Don Lock tagged a three-run shot in the sixth and the Senators continued to pile it on. Jim Hanan (2-2) needed Ed Hobaugh's relief help to get the victory. The Indians led the nightcap 2-0 with Barry Latman (4-10) pitching a two-hit shutout until the last inning when two walks and Bright's second three-run homer gave the Senators another victory. The winner was reliever Marty Kutyna (4-6).

NEAR SHUTOUT
Bowfield (8-5), going the dis-

tance for the first time this season, had the Red Sox blanked on three hits until the ninth when Ed Bressoud tripled and Frank Malzone singled.

Singles by Lee Thomas, Leon Wagner and Bob Rodgers gave the Angels a 1-0 lead in the first. They made it 2-0 in the third on singles by Billy Moran and Wagner, then broke it open with three in the seventh on a walk and singles by Albie Pearson, Moran and Lee Thomas. The loser was Gene Conley (10-11).

Killebrew was the big gun for the Twins, going 4-for-5 against the Yankees and smashing a sinking liner with the bases loaded and two out in the eighth inning that eluded Tony Kubek and accounted for the winning runs. Killebrew drove in five runs, moving into the league RBI lead with 85. The Yankees had tied it in the seventh on Roger Maris' run-scoring single and moved in front in the eighth on Cleve Boyer's run-producing single. Ray Moore (8-3) won it in relief with Bud Daley (5-3) taking the loss.

Warriors Sign Hightower

SAN FRANCISCO (AP)—Wayne Hightower, former college star at Kansas, signed today with the San Francisco Warriors of the National Basketball Association. He played last season in Spain with Real Madrid.

FRAMED RUNNER—Jack Reed of the Yankees is framed by the umpire and Minnesota catcher Jerry Zimmerman as he slides across the plate in the eighth inning against the Twins last night. The Twins won, 5-4.

St. Louis Club Owner Disgusted With Team

ST. LOUIS (AP)—St. Louis Cardinal owner August A. Gussie Busch Jr. said today he's "disgusted" with his fifth-place Redbirds and is ready to shake up the club with trades. Even the top brass may be in jeopardy.

Now in his 10th year as head of the National League club he bought from Fred M. Saigh, Busch and his organization have spent 10 million dollars in ball park improvements and purchases in talent. The result: no pennants.

Sets Speed Records on Utah Salt Flats

BONNEVILLE SALT FLATS, Utah (AP)—Race driver Andy Granatelli broke 14 world's land speed records yesterday, and planned to try for several short distance marks today.

Granatelli, driving a 1963 Studebaker Avanti, set a straightaway mark of 189.5 miles per hour yesterday, nearly 16 m.p.h. faster than the stock car record set two weeks ago by Mickey Thompson.

Granatelli, of Santa Monica, Calif., set a mark of 131.66 m.p.h. for the 10-mile standing start, about eight miles faster than Thompson's earlier record.

The Santa Monica driver hopes to attack the 500 mile speed-endurance record tomorrow. Later he will attempt 12-hour and 24-hour endurance marks.

U.S. 'Blondie' Turns Tables on 'Red' Netter

MOSCOW (AP)—Donna Floyd, the blonde U.S. National Clay Courts champion from Arlington, Va., led the field into the third round of the Moscow International Tennis Tournament Monday with a 6-0, 6-1 victory over Galina Bakshneva of the Soviet Union.

Frank Froehling of Coral Gables, Fla., one of the four American men competing, also gained the third round by defeating Andrei Potanin of the Soviet Union, 7-3, 8-6, 8-6, 6-3.

Four British players—two men and two women—got into action, and three of them won their first round matches.

Michael Hann turned back Viktor Anisimov of the Soviet Union, 6-3, 6-2, 4-6, 6-3, and Allan Mills downed Stanislav Mirza of the Soviet Union, 6-3, 6-1, 6-2.

Caroline Yates eliminated Tia Soome, 17, of the Soviet Union, 6-2, 6-2. But Jill Mills dropped 6-3, 6-4 decision to Svetlana Aspasova of the Soviet Union.

Chrysler Active, GM Higher

Over-All Tone of Market Mixed

NEW YORK (AP)—The stock market lapsed into an irregular pattern early Tuesday afternoon in continued light trading.

Prices had opened mixed but soon turned upward in response to President Kennedy's words that the economy is in no clear and present danger. By mid-day, however, many of the gains were reduced and the over-all tone was mixed at best.

SPECIAL SESSION

The lack of specific recommendations on next year's tax cut in

the President's speech apparently kept the market from making some marked move, analysts said. Other markets were heartened by the President's promise to call a special session of Congress if he thinks an emergency tax cut is necessary before the end of the year.

There were several other favorable economic indicators acting on the market, including an increase in the Gross National Product for the second quarter and an increase in July dividend payments over a year ago.

Some of the high-priced stocks had moved up 2 to 4 points early in the session but these gains were clipped or erased. Most key issues registered only fractional changes.

Chrysler, one of yesterday's big gainers, was active. It declined about 1/4 after showing an early gain. The company's press preview of 1963 cars started today and the company promised a more competitive new line.

GM was up a little, Ford off a little and American Motors and Studebaker unchanged.

The rails showed only small changes, mostly on the plus side. Santa Fe, New York Central, Chesapeake & Ohio and Illinois Central were all higher by small fractions.

Prices on the American Stock Exchange were generally higher in quiet trading.

Bonds Move Cautiously

NEW YORK (AP)—The bond market moved cautiously today showing little apparent reaction to President Kennedy's tax speech last night.

Corporates on the New York Stock Exchange held within a narrow range. Government bonds were firm to up 2/32 on longs. Trading was quiet.

One of the major corporate bonds

Canadian Pacific 4s slipped 1/2 to 73 1/2. American and Foreign Power 5s were off 1/4 at 62 and General Motors Acceptance Corp. 3 1/2s dropped 1/4 to 92 1/2.

Grain Trade Mixed; Some Profit Selling

CHICAGO (AP)—Trade was somewhat mixed in the grain futures market today. Prices ranged from firm to weak during the first several minutes of trading.

Brokers said the fairly broad corn market had been fairly recently had attracted some profit selling in wheat and new crop soybeans. Wheat was off a major fraction at the extreme, but other declines were smaller.

August soybeans continued in moderately active demand on further short covering. Advices said that the grain market was firm to weak during the first several minutes of trading.

Labor Out to Get 35-Hour Week

AFI-CIO Chief Tells of Campaign in Battle for Full Employment

CHICAGO (AP)—Organized labor has revealed its primary weapon in the battle for full employment will be a national campaign for a 35-hour work week.

AFI-CIO President George Meany announced Monday a drive to require double-time pay for hours worked in excess of 35 a week. He termed the shorter work week "a national necessity."

The federation represents more than 11 million of the 65 million national work force.

The federation's executive council, composed of two groups, attacked on the unemployment problem at the opening of its five-day summer session.

It established a committee to develop a resolution which will be presented to Congress next year. It set up a task force within the federation to aid affiliated unions in bargaining for the 35-hour work week without loss in pay.

Many told a news conference the proposed double-time pay for keeping a man on the job beyond 35 hours is calculated to make it economically necessary for employers to enlist additional manpower.

"All other attempts to deal effectively with unemployment have failed," he said. "We feel a shorter week will take up considerable slack in the unemployment picture. If we had it now, there wouldn't be very many unemployed."

President Kennedy's administration has consistently opposed shortening the work week on the grounds the nation cannot stand a cut-back in effort or a sharp boost in labor costs in its space competition with the Communist world.

JFK Talk Didn't Change Much

AP Business News Analyst

NEW YORK—Business confidence today is just about where it was before President Kennedy made his tax-cut speech.

The talk is unlikely to have changed many opinions or to influence corporate or individual spending plans.

The debate will go on. The question is how best to stimulate the economy.

All that has been made clear is that the administration won't act for a quick tax cut this year, and that came as no surprise to business or stock market circles.

The President's view that the tax structure in 1963, lowering rates but topping off some deductions and exemptions, would stimulate spending and thus business activity would offset any ill effects from a larger federal deficit.

One of the big arguments for a cut in tax rates on corporate incomes is that business would have

more cash in hand to finance expansion. A chief result hoped for was that the new cash in hand would be used to replace obsolete equipment.

It is still a question whether business will step up its spending plans. To date there is little evidence of it and some signs of still more waiting.

Pontiac Area Deaths

MRS. ANDREW JONES — Service for Mrs. Andrew (Ethel L.) Jones, 41, of 399 Branch St. will be at 1 p.m. Wednesday in New Bethel Baptist Church with burial in Oak Hill Cemetery. Her body is at the Frank Caruthers Funeral Home.

Mrs. Jones died Saturday in Pontiac General Hospital after an illness of three months. She was a member of the New Bethel Church.

Surviving are her husband; eight children, Vernon Lee, Eugene Edwards, Jessie Vernon, Emily, Maxwell, Donald, Ronald and Evelyn Jones, all at home; a brother, Charles Dinkins of Pontiac; and three sisters, Mrs. Alice Adams of Pittsburgh, Pa., Mrs. Maggie Lawrence of Pontiac; two brothers; a sister and four grandchildren.

MISS ALICE O'DEA — Service for Miss Alice O'Dea, of 110 Whittemore St. will be at 10 a.m. Thursday in St. Vincent de Paul Catholic Church. Burial will be in Mt. Hope Cemetery.

The rosary will be recited at 8:15 p.m. Wednesday in the Melvin A. Schutt Funeral Home.

Miss O'Dea, 82, was a member of the Third Order of St. Francis. Daughters of Isabella No. 497, the Quick Sewing Circle, St. Vincent de Paul Church and the Altar Society of her church.

She died yesterday after an illness of several weeks.

MRS. WILLIAM SCARBOROUGH — Mrs. William (Myrtle) Scarborough, 67, of 59 W. Strathmore Ave. died early this morning at Pontiac General Hospital after an illness of eight months.

Mrs. Scarborough leaves her husband; a daughter Mrs. Anna Vallad of Pontiac; and two sons, Kenneth of Pontiac and Raymond of Detroit.

Coast Guard Ice Cutter to Service Detroit River

DETROIT (AP) — A Coast Guard ice-breaker cutter will be in service on the Detroit River and vicinity this winter.

The cutter the USS Bramble will arrive from Florida in mid-October. The USS Hollywood which has been based in Detroit and serviced the buoys in the river is being overhauled at Curtis May Mfg. and will replace the Bramble in Florida.

The people in the potentially mobile group are predominantly renters and younger people.

More than half of all renters plan to move within the next five years, but only one out of five home owners.

Nearly 40 per cent of the families who have been in their present home less than six years plan to change within five years and 30 per cent intend to remain.

Among those who have been in their home six to nine years, about half plan to stay and one-fourth are considering a move within five years. Seventy per cent of the long-term residents feel more permanently settled, and only 14 per cent plan to move.

The group with incomes under \$5,000 (which constitutes 50 per cent of the population) has a higher rate of families planning to stay in their present home than do the groups with incomes above \$5,000.

The survey also revealed that two out of five families would like more space in their homes, while many would like to live further outside the central cities.

The United States Post Office at Washington was established by act of Congress on July 4, 1839.

Finale a Hit in New 'Mr. President' Show

Bits of Trivia About JFK and His Yachting

By MERRILL SMITH
 Left White House Reporter
 WASHINGTON — Backstairs at the White House: Spies in the music world say the big hit from the forth-coming Irving Berlin musical, "Mr. President," is expected to be the star-spangled finale, "This Is A Great Country." The show opens in Boston this month with a high-fashion premiere in Washington Sept. 25 before moving on to Broadway.

Someone had a suggestion the other day for the weeks in which President Kennedy does not hold a news conference.

Run some of the old ones on television. At least, during the summer.

The Republicans probably would object however, at prospects of "The Best of John F. Kennedy."

Kennedy had such a fine time last weekend on the coast of Maine that he is seriously considering a repeat visit, probably next year. On Johns Island, the summer home of former heavyweight champion Gene Tunney, the Chief Executive had far more privacy than in his own family compound on Cape Cod.

He also enjoyed being able to sail and have lunch in the open stern of a yacht without, as he has told friends about Cape Cod, "having a battery of cameras peering down my throat and watching every bite I take."

Rites Today for Clerics

DETROIT (AP) — Memorial Mass will be said Tuesday for the Rev. Charles R. Fleckenstein, who drowned with his brother, the Rev. Norbert Fleckenstein, while swimming in Lake Huron Thursday near Port Huron. Father Charles Fleckenstein was director of the Family Service Bureau of the Detroit archdiocese.

Kennedy attracted considerable attention from small craft in Boothbay Harbor last Sunday as he left church and returned to Johns Island by Coast Guard patrol boat, but this was the only concentration of waterborne sightseers he encountered over the weekend.

As Kennedy sailed from the lobstermen's cooperative dock in front of the Catholic Church at Boothbay Harbor and 50 or more outboards and small cabin cruisers spluttered along in his wake, a spectator on the dock said, "There goes the Pied Piper of Boothbay."

In running routine errands such as delivery of newspapers and mail, White House helicopters last weekend used a farm about three miles from the town of Boothbay Harbor.

Late Saturday afternoon, there was a steady procession of helicopters bearing passengers and

official papers to and from Johns Island.

A farmer raced up late in the day with his wife and child.

"This is our fourth trip today," he said. "We've never had such excitement in this part of Maine — I wish our boy were old enough to understand it."

HAY-FEVER Pollen Allergy Sufferers

Here's good news for you! Exclusive new "hard core" SYNACLEAR decongestant tablets act quickly and continuously to drain and clear all nasal-sinus cavities. One "hard core" tablet gives up to 8 hours relief from pain and pressure of congestion, allows you to breathe easily—checks watery eyes and runny nose. Satisfaction Guaranteed by maker. Buy it today at your THIRTY DRUG STORES... 3 Convenient Locations... Telegraph Road at West Huron St. ... 148 North Saginaw St. in downtown Pontiac at 4895 Dixie Highway, Drayton Plains.

Detroit automotive engineers asked for it...

American Oil Research
 developed it...

FINAL FILTER

Look for it
 right on the gasoline pump nozzle

Final Filtered Gasolines

—ONLY AT STANDARD OIL DEALERS

When automotive engineers raised engine compression, they asked for higher octane gasoline—and got it.

Now, to meet today's car needs, they ask for another improvement—gasoline free of the microscopic particles that were no problem a few years ago. These contaminants clog the filter that car makers now put in your fuel line to protect modern precision carburetors. Filter clogging cuts your power and acceleration, can even stop your car.

American Oil Research has found a solution—the American FINAL/FILTER, the red filter you'll see on the gasoline pump nozzle only at Standard Oil Dealers. At no extra cost, you get AMERICAN Brand Gasolines Final Filtered as they go into your tank to protect you against fuel-line-filter clogging and frequent replacement. Look for the new American FINAL/FILTER at Standard Oil Dealers. It's the gasoline improvement you can actually see... your assurance of the final step to the finest gasoline ever sold!

You expect more from Standard and you get it!

Parolee Admits 'Stocking' Slaying

Tax Cut and Reform to Be Pushed for '63 Says President to U.S.

WASHINGTON (AP)—President Kennedy, rejecting an immediate tax cut as an economic weapon that might boomerang, has set his sights on multibillion-dollar reductions and tax reform for 1963.

But he told a nationwide television-radio audience last night that the unexpected happens—that if the nation slides toward recession later this year—he will call Congress into special session to lighten the "far too heavy" tax burden.

He described the present tax system as "a drag on economic recovery and economic growth, biting heavily into the purchasing power of every taxpayer and every consumer."

Labor Out to Get 35-Hour Week

AFL-CIO Chief Tells of Campaign in Battle for Full Employment

CHICAGO (AP)—Organized labor has revealed its primary weapon in the battle for full employment will be a national campaign for a 35-hour work week. AFL-CIO President George Meany announced Monday a drive to require double-time pay for hours worked in excess of 35 a week. He termed the shorter work week "a national necessity."

The federation represents more than 15 million of the 55 million national work force.

The federation's executive council formulated a two-pronged attack on the unemployment problem at the opening of its five-day summer session.

It established a committee to draft new legislation which will be presented to Congress later this year. It set up a task force within the federation to aid affiliated unions in bargaining for the 35-hour work week without loss of pay.

Meany told a news conference the proposed double-time pay for keeping a man on the job beyond 35 hours is calculated to make it economically necessary for employers to call additional man-power.

"To all other attempts to deal effectively with unemployment have failed," he said. "We feel a shorter week will take up considerable slack in the unemployment picture. If we had it now, there wouldn't be very many unemployed."

President Kennedy's administration has consistently opposed shortening the work week on the grounds the nation cannot stand a cutback in effort or a sharp boost in labor costs in its space competition with the Communist world.

Dusts Off a Memory

THE PONTIAC DAILY PRESS EXTRA TRUMAN ANNOUNCES FULL JAP SURRENDER

Gen. MacArthur Named Allied Chief

WASHINGTON (AP)—President Truman announced on Aug. 14, 1945, that Gen. Douglas MacArthur was named Allied Supreme Commander for the Pacific. The announcement came through the radio and newspapers. The Japanese had surrendered on the same day.

No Hint of Landing Time Cosmonauts Still Orbiting

From Our News Wire MOSCOW—Russia's twin cosmonauts bumbled through space today, setting new records with every orbit but giving no indication of when they would be brought back to earth.

Moscow radio reported that Maj. Andrian Nikolayev, now in his fourth day aloft, and Lt. Col. Pavel Popovich, in his third day in flight.

Related Stories on Pages 8, 9, 24

sent a joint message at 4:32 p.m. (8:32 a.m. Pontiac time) saying "We are feeling excellent."

At that time, Nikolayev had completed 32 orbits and Popovich 26, each completing one orbit about every 88 minutes at a speed of 17,500 miles an hour.

In a joint message, the two said, "We are but a short distance apart from each other and we have established dependable communications with each other."

They followed PLAN. Their message also asserted "the outlined flight program will be carried out fully."

But there wasn't the slightest official indication how long the program would last.

Moscow's central television station broadcast at 4:10 p.m. what it claimed was a direct television transmission from Vostok III, piloted by Nikolayev.

Nikolayev could be seen raising his right hand, at one time, smiling. The announcer pointed to a parabolic and said that, through it, it was possible to see Popovich's Vostok IV.

This would indicate that the two craft, launched a day apart on all most identical orbits, were still close together. Western trackers, who first sighted the two ships when they were 75 miles apart, have said several hundred miles now separates them.

The Vostok III was followed on Moscow television screens later with images of both astronauts direct from their ships. A heavy beard was visible on the face of Nikolayev, who was rocketed up at 11:30 a.m. Saturday.

When Popovich's face flashed on the screen he began a conversation with Nikolayev. Only variations could be understood.

"I feel fine. How about you? I hear everything well... Greetings... The satellites' route for one circuit was roughly 25,500 miles. At that rate, Nikolayev would have covered 1,326,000 miles in 32 orbits and Popovich 918,000 miles in 26.

Most observers believed Nikolayev and Popovich were being permitted to make their own decision on when re-entry should begin. All official statements and broadcast stressed their continued well-being.

About an hour before the joint message was sent, the 23-year-old Nikolayev made another appearance on Soviet television and, the announcer said, sent "greetings to all" in a direct transmission from space.

It was the 13th space broadcast (Continued on Page 2, Col. 8)

Red Space Skill May Hurt U.S.

Soviet Accuracy With Missiles Could Be Used to Down 'Sky-Spies'

WASHINGTON (AP)—Soviet precision in launching satellites—plunking a pair of manned spacecraft into matching orbits could spell trouble for the U.S. "spy in the sky" systems.

These warning and surveillance satellite systems are still in the development stage.

A number of vehicles have been put into orbit during the past months, some of them presumably equipped with instruments for reporting data back to U.S. receiving stations. The systems are still a year or more away from being completely operational and at useful.

Over the weekend, the Soviet Union showed that she has achieved a long, step leading eventually toward ability to intercept satellites—either for purposes of peaceful space exploration or for inspection and destruction.

On SAME PLANE The Soviet scientists succeeded, on the basis of their own reports and on data from other sources, in putting Vostok IV on the same plane and virtually within sight of Vostok III.

To do this, fantastic accuracy in timing, rocket-engine burning control and computation had to be attained.

Scientists figure the Soviet launchers had an interval of less than 14 seconds to fire Vostok IV during the 18th orbit of the first satellite, in order to put them both into the same track and in proximity.

There were reports in Washington that the precision was even better than announced initially by the Soviet Union, being virtually perfecting 8 a.m. The reading was 79 at 1 p.m.

Page told Prosecutor Tempin to let that the slaying of Vasilou did not produce one cent of the clothing, but so the number of the store, throwing away their stocking masks, and escaped in a car driven by Stroman.

FOUND NOTHING Nothing was found in the cash register, Page said in the state trial. Relatives of the slain man's mother had estimated the loss at \$1,500, believing that Vasilou had kept that much on hand to cash checks for customers.

Police revealed today that the \$1,500 missing and believed taken in the robbery was discovered hidden in the store the second time officers searched it.

Page told police an argument followed the holdup when it became clear no money was gained.

Working on the case since they received a tip Friday night have been Detective Sgt. John Williams and John DePaul, Capt. Donnie Ashley, Detective Orville Johnson, and State Police Detective Charles Lead.

Rewards had been offered for the arrest and conviction of the slayers of Vasilou. The city offered \$1,000 which police officers were not obliged to receive.

The Pontiac Press offered \$1,000 to the person or persons responsible for the arrest and conviction of the killers, and the city offered \$1,000 to the person or persons responsible for the arrest and conviction of the killers.

Page was paroled from Jackson Prison after being sentenced to 5-15 years for armed robbery in March 1957. He was arrested for the \$56 holdup of a Franklin Road pharmacy.

In the meeting, Oakland County's delegation to the state convention will be chosen after a round of business which includes election of convention officers and the appointment of committees.

Delegates also will decide on resolutions which form the basic local party platform and hear a review of campaign plans by Sander Levin, newly re-elected chairman of county Democrats.

At a pre-convention meeting of the county Democratic meeting held Sunday, Levin and five other incumbents are retained as officers to the executive board.

Implicates Two Others in Grocery Store Killing

By DON FERMOYLE Joseph Page, a 26-year-old Jackson Prison parolee, last night admitted the July 30 slaying of Pontiac grocer Eftimias Vasilou.

Page, 249 Orchard Lake Ave., admitted being the "stocking bandit" triggerman in the robbery-murder of Vasilou in a statement to Assistant Oakland County Prosecutor Robert Tempin last night.

He also implicated Benny L. Spells, 23, and R. G. Stroman, 29, both of 235 S. Anderson St., as accomplices in the robbery once believed to have netted an estimated \$1,500.

Page said he shot Vasilou with a 22-caliber revolver when the market owner attacked him with a knife. Vasilou had routed two young would-be robbers in June charging them with a butcher knife.

Page, Spells and Stroman were among eight persons rounded up early Monday morning following the July 30 slaying.

An hour after the robbery, Rufus Wilson, 29, of 44 Maple St., walked into police headquarters and admitted taking part in the beer store robbery which netted \$220.

His surrender touched off a series of quick arrests. Also nabbed were: W. Alexander, 28, of 3611 Harlan St., and George Page Jr., 30, brother of Joseph Page, who also lives at 249 Orchard Lake Ave., a few doors from the scene of the Vasilou slaying.

Two women, with the men when they were picked up, were held for questioning but were scheduled to be released today.

Police were questioning those arrested about a gas station robbery and rape of a Waterford Township woman by men wearing nylon stockings for masks.

In his confession last night, Page said he, his brother George and Wilson were responsible for the Key Kanteen holdup.

He also admitted taking part in the beating and armed robbery of an elderly couple on Central Avenue about a month ago, together with Alexander, Stroman and Spells.

Page told Prosecutor Tempin to let that the slaying of Vasilou did not produce one cent of the clothing, but so the number of the store, throwing away their stocking masks, and escaped in a car driven by Stroman.

FOUND NOTHING Nothing was found in the cash register, Page said in the state trial. Relatives of the slain man's mother had estimated the loss at \$1,500, believing that Vasilou had kept that much on hand to cash checks for customers.

Chrysler Builds Car in Class of Tempest

By JOHN CROWLEY City Editor, The Pontiac Press

NEW YORK—Chrysler Corporation President Lynn A. Townsend today announced that Chrysler's 1963 model line will feature a "super-compact" car designed to compete with the Pontiac Tempest.

The new entry will be a Dodge Dart which Townsend termed "a big family-sized compact." It is expected to run in size between this year's Dodge Lancer and Dodge Dart.

The Lancer will be dropped in 1963. The new Dart is expected to be in dealers' showrooms beginning Oct. 2.

Addressing newsmen at the Plaza Hotel here this noon, Townsend promised "a more diversified and better balanced marketing offensive than this company has had in many years."

Also included in the offensive, he said, would be a new Plymouth styling and a full line of Dodge 880s—a car introduced in February.

More than 250 newsmen from the United States and Canada are in a preview of the 1963 Chrysler line in Tamiment, Pa., about 9 miles from New York City tomorrow morning.

The three-day national preview program, first in the automobile industry this year, began today.

"Since plans for the 1963 line were decided upon over two years ago," he told newsmen today, "we have made an additional investment of more than \$50 million in these new models."

Chrysler, Townsend said, was entering the 1963 market with two lines of cars in each of three major sectors of the car market.

One of these, the new Dart, said a public relations representative of Chrysler, is aimed at the same market in which the company's Tempest made its debut.

It is Chrysler's first entry in the field of larger compacts. Townsend indicated the greatest

Sun, Showers Seen Through Saturday

Sunshine and showers is the forecast for the Pontiac area through Saturday.

The weatherman said tonight's low will be a cool 58 but Wednesday will be mostly sunny and a little warmer, the high near 82. Thursday will be a little cooler but temperatures will warm up again Friday and Saturday.

Precipitation will total less than one-half inch in scattered showers Wednesday night or Thursday and again about Saturday.

Morning north to northwest winds at 8 to 15 miles per hour will be come light and variable tonight.

Fifty-eight was the lowest temperature in downtown Pontiac preceding 8 a.m. The reading was 79 at 1 p.m.

There were reports in Washington that the precision was even better than announced initially by the Soviet Union, being virtually perfecting 8 a.m. The reading was 79 at 1 p.m.

Page told Prosecutor Tempin to let that the slaying of Vasilou did not produce one cent of the clothing, but so the number of the store, throwing away their stocking masks, and escaped in a car driven by Stroman.

GOP Dems to Meet Here to Elect State Delegates

Republicans and Democrats will stage their election-year conventions in Pontiac tomorrow night to elect delegates to the state political conventions and establish party platforms.

The conventions will mark the official seating of precinct delegates for each party who were elected in last Tuesday's primary election.

For the first time in history, a Negro will be the keynote speaker at the Republican party's county convention, which begins 8 p.m. at Pontiac Northern High School.

Grant Reynolds, legal counsel for GOP National Chairman William Miller, will address the assembled delegates in a highlight of the evening's activity.

Prior to the convention, Republicans will honor Reynolds at a dinner in the Waldorf Hotel starting at 5:30 p.m.

Other convention activities call for the election of 100 delegates and 100 alternates to the state convention slated for Detroit's Cobo Hall Aug. 24-25.

Delegates also will consider nine pages of resolutions which form the basic local party platform and hear a review of campaign plans by Sander Levin, newly re-elected chairman of county Democrats.

At a pre-convention meeting of the county Democratic meeting held Sunday, Levin and five other incumbents are retained as officers to the executive board.

Page told Prosecutor Tempin to let that the slaying of Vasilou did not produce one cent of the clothing, but so the number of the store, throwing away their stocking masks, and escaped in a car driven by Stroman.

Avondale Controversy Grows Bigger

BY JIM DYGIERT

The controversy about the Avondale School District keeps getting hotter.

Three events yesterday fed the fire that began Aug. 6 with the resignation of Leroy R. Watt as school superintendent.

It broke into the open Thursday with the announcement of a recall vote against the school board's four officers, and gained heat Thursday night when the board appointed a new superintendent.

A statement urging the recall

of the four officers — Floyd L. Cobb, president; David W. Hackett, vice president; Raymond N. Baker, secretary; and Mrs. General Thomas B. Rocker announced yesterday.

Stick charged the four board members were not fulfilling their duties to the electorate because their actions were influenced more by teachers and administrators than by the wishes of citizens.

Thirty, it was learned that a teacher who was helping organize a farewell dinner for Watt Thursday night at the high school backed out of working on the project because of a fear that taking part in a large party in organizing the

NEWS OF THE AREA

event might be misconstrued and jeopardize her job.

Another teacher also, said she couldn't do very much work on the project. She gave the same reason to Mrs. Don Bohls, who is in charge of plans for the p.m. dinner.

Rocker said mailing of the statements will be followed by door-to-door circulation of petitions. The statement says the four board members "are not and have not been sufficiently dedicated to their basic duties of providing the best administration of education with-

out regard to political ramifications according to Rocker.

It also criticizes the board for appointing a successor to Watt within a few days after his resignation and without first canvassing the field to determine whether a more qualified man might be available, Rocker said.

George E. Shackelford, 49-year-old principal of Elmwood Elementary School, was named to succeed Watt. He assumed his new duties yesterday.

The statement further chides the board for refusing to comment on a petition signed by more than 900 residents urging a new contract for Watt, Rocker added. His group has charged the board forced Watt to resign by refusing to renew his contract.

NOT AVAILABLE

Watt said last Tuesday he resigned to accept a position as school superintendent in Wooster, Ohio, and has not been available for comment since then. Effective date of his resignation was Aug. 21, but the board relieved him of duties as of yesterday when it appointed Shackelford.

Most members of the Improvement Association also were members of the citizens' study group. They claim they backed the bond issue and tax bills on the understanding that Watt would be implementing the proposals.

Members of the association have said there were members of the administrative staff and teachers who had wanted to let go and save their own jobs by backing board candidates opposed to the superintendent.

The association's mailer cited Watt as "an able leader, an excellent administrator and a man fully acquainted with our problems."

After Novitiate at Colombiere

12 to Take Vows of Jesuits

SPRINGFIELD TOWNSHIP — Twelve seminarians will pronounce perpetual vows of poverty, chastity and obedience at Colombiere College, the novitiate for the Detroit Province of the Society of Jesus, tomorrow and Sept. 8.

Those who will repeat their vows tomorrow are Anthony Balis, son of Mr. and Mrs. Henry J. Balis, Cambridge, Ohio; John Linn, son of Mr. and Mrs. G. R. Linn, South Euclid, Ohio; Patrick Peppard, son of Dr. and Mrs. J. P. Peppard, Cleveland, Ohio; and Thomas Reiss, son of Mr. and Mrs. Raymond Reiss, Detroit.

Pronouncing their vows Sept. 8 will be Philip Brodbeck, son of Mr. and Mrs. George Brodbeck, William Broadhead, son of Mr. and Mrs. William Broadhead, J. Michael Cygne, son of Mr. and Mrs. John Cygne, and Edward Luttner, son of Mr. and Mrs. J. Luttner, all of Cleveland, Ohio; and Thomas Dunne, son of Mr. and Mrs. Walter J. Dunne, Detroit.

Others are Edward Flint, son of Mr. and Mrs. E. P. Flint, Huntington Woods; William Korth, son of Mr. and Mrs. William Korth, Bloomfield Hills; James Nussbaum, son of Mr. and Mrs. Michael Nussbaum, Toledo, Ohio; and Dennis Rygiel, son of Mr. and Mrs. Walter Rygiel, Seven Hills, Ohio.

Rev. Fr. Ara E. Walker, S.J., Colombiere's seminary rector, will receive these vows which are taken upon the completion of a two-year novitiate. They mark the first major step toward the Roman Catholic priesthood in the Society of Jesus.

All the men will now continue their 15 years of training which includes study in the humanities, philosophy, theology and three years of teaching in one of the schools of the Detroit province. This province, which includes Michigan and most of Ohio, is one of the eleven provinces of the Society in America.

The Society of Jesus, commonly known as the Jesuits, is the largest men's religious order in the Roman Catholic Church.

Among the schools staffed and operated by the Jesuits are the University of Detroit, Marquette University, John Carroll University and Fordham University.

Struggle on IRS Tax Site Coming to Front Today

WASHINGTON — The struggle between Detroit and Port Huron for the proposed data processing center of the Internal Revenue Service was expected to be in drawing to a head today.

Albert Jacoby, director of the mayor's committee on industrial and commercial development, was to urge selection of Detroit in his meeting with IRS Commissioner Mortimer M. Caplin today.

In a letter to General Services Administrator Bernard L. Rust, Rep. James G. O'Hara, D-Utica, said the federal government would be guilty of a breach of faith if it passes over Port Huron in choosing the site.

O'Hara urged Rust to accept Port Huron for the center in light of the city's offer of a new \$2.2-million dollar center to be leased to the IRS for \$1 a year.

Port Huron voters have approved the bond issue for construction along lines of IRS specifications.

O'Hara called the Roosevelt Post Office Annex in Detroit an "obsolescent facility at a totally inadequate site which has already been abandoned by another department of government as unsuitable."

O'Hara's week-old letter was made public yesterday. It followed publication of a letter from Detroit Mayor Jerome Cavanagh criticizing Port Huron's offer and urging acceptance of a Detroit site.

The center, which will process tax returns for Michigan, Illinois and Wisconsin starting in 1964, is expected to employ 1,500 to 2,000

Honeymoon Out West

Wed in W. Highland

MILFORD TOWNSHIP — Honeymooning in Montana and Wyoming are newly-wed Mr. and Mrs. Delno V. Munson who recently exchanged their nuptial vows in the West.

For her wedding the bride chose a floor-length gown designed with a lace bodice and full overskirt of crystallic. Her fingertip veil of nylon was fastened to a lace headpiece featuring a large crystallic rose in front. She carried a cascade of white roses and chrysanthemums.

Mrs. Glenn Buck was matron of honor for her sister. Bridesmaids were Dorothy Cartwright of Hartland, cousin of the bride, and Lorraine Hensel of Royal Oak. Assisting his brother as best man was Dennis Munson, the guests were seated by Dan Lancaster and Ben Toncay.

A luncheon at the church followed the afternoon ceremony.

Upon their return from their wedding trip the newlyweds will live in Allen Park.

Crashes Into Abutment; Condition Listed Good

ROMEO — Dale Simmerman, 41, of 168 First St., is in good condition after his car crashed into a bridge abutment on 32-Mile Road, a half mile east of North Ave. early this morning.

The car was totally damaged, but Simmerman received only a fractured left leg and cuts in the 2:30 a.m. accident.

Rochester Hotel, Age 115, Condemned to Die

Estate Agrees, Legal Feud Ends

Village to Raze Building Called Health Hazard; Climaxes 1½-Year Fight

ROCHESTER — After 115 years at the main intersection here and a 1½-year legal battle, the Rochester Hotel has succumbed to the inevitable.

It will be demolished by the Village of Rochester under an agreement with representatives of the Lottic C. Smith estate, Councilman Roscoe Martin reported to the Village Council last night.

Action to raze the building as a hazard to health and safety was begun in January 1961, but was halted three months later by a Circuit Court injunction obtained by the estate.

The village filed a counterclaim to force condemnation and demolition, and the case has been in court since then.

The agreement, which Martin said was accepted in principle by representatives of the Smith estate, will give the village use of the property until sufficient revenue is obtained to reimburse the village for demolition costs.

CONSIDERS PARKING

Martin said a possible use of the property for this purpose might be as a municipal parking lot.

After demolition costs are recovered, use of the property will revert to the estate, Martin said. If the property is sold before costs are recovered, the estate will pay the remainder out of the proceeds, he explained.

Martin said signing of a formal agreement is expected after details are worked out.

Action on condemning the building was taken after reports from a county health officer and a structural engineer agreed the building was a fire hazard and dangerous to the public health, welfare and safety.

Village Council ordered condemnation after a public hearing on Feb. 14, 1961. The subsequent court action against the move was based on charges that the condemnation order was "unreasonable" and "unconstitutional."

Utica Superintendent Says New High School Necessary

UTICA — Another high school will be needed in the Utica School District by 1964.

This was one of the needs cited by Supt. Fred M. Atkinson at the board of education meeting here last night. Others named by Atkinson were a new elementary school by 1965 and a 10-room addition to the Switzer Elementary School now under construction.

The superintendent, whose report dealt with building needs through the 1965-66 school year, said the district's three Junior High schools, including the Shetley Junior High now under construction, provided adequate junior high space through 1965-66.

School board members last approved an agreement with Shetley Township and the Macomb County road and drain commissions resolving the dispute over drainage at the Switzer school site.

NEW AGREEMENT

The agreement grants a 40-foot easement for construction of an open drain at the north end of the property. It also provides for the school board to pay half the \$250 cost of the drain and half the \$650 cost of ditching the east side of Shetley Road.

Construction of the school, located on Shetley Road just north of 24-Mile Road, was halted by the township because an area on the school site had been filled in.

The township called the area a natural waterway and a drain, while school officials termed it only a low spot.

The school was denied a building permit, but construction was resumed after a two-week delay on the basis of an opinion by the state attorney general that a permit was not required to build a school.

In other action, the school board accepted the resignation of Lyle Robertson as principal of Lyle Robertson Junior High School and appointed assistant principal David Lathers in his place.

Philip Runkel, a junior high principal, also gave final approval to a \$3.6-million budget, some \$100,000 higher than the tentative budget adopted in April. It set the tax levy at 21.28 mills — 8.76 allocated for operating, 5.16 for approved special operating millage, and 7.32 for debt retirement.

Southfield Officer Placed in Hospital

SOUTHFIELD — Patrolman Richard L. Wort, 30, of the Southfield police force, who handcuffed a woman driver, he had stopped to a tree, July 19, was committed to Pontiac State Hospital yesterday.

Oakland County Probate Judge Arthur E. Moore ruled on the petition filed by Wort's wife, Mary Ann, seeking the commitment for mental illness.

Wort, of 2803 Fairfax St., was suspended from the force following the incident.

A pearl and crystal crown held her silk illusion veil. She carried a bouquet of orchids surrounded by orange blossoms.

Maid of honor was Patti Ann Brown of Flint. Cherylee Ann Fligand of Flint, cousin of the bride, and Karen Lee Palshan, sister of the bridegroom, were bridesmaids.

Serving as best man were Richard and Lacinia of Flint. The guests were seated by Charles, James and George Palshan, brothers of the bridegroom.

Doctor on Way to Africa Today

Member of the Orion Medical to Take Turn at Kenya Hospital

ORION TOWNSHIP — Dr. E. Arthur Calkins will leave today for his turn at missionary hospital work in Africa.

He is one of three doctors known as the Orion Medical Group who set up a rotation plan for contributing toward improvement of health standards first in the Congo, then in Kenya.

Dr. William W. Oliphant, the second to make the journey, recently returned from the Kenya Bay Mission Hospital in Kenya, where Dr. Calkins will arrive Aug. 21.

Dr. Calkins will depart from Detroit's Metropolitan Airport at 5:30 p.m. today.

STARTED IN CONGO

First of the three to go to Africa on the rotation plan, Dr. Percy C. Marra, served from 1957 to 1960 in a missionary hospital in Katanga Province of the Congo. He was forced to leave shortly before his scheduled departure date when civil war erupted in the Congo.

Dr. Calkins headed an expedition into the Congo last fall in an attempt to set up another hospital, but was forced to turn back after reaching Elisabethville.

The three doctors, all Seventh Day Adventists, planned their rotating missionary journeys while attending the College of Medical Evangelists in Los Angeles, Calif.

They later interned at Pontiac General Hospital before establishing the Orion Medical Group and completing plans for their work in Africa.

Dr. Calkins will be accompanied on his trip by his wife, Viola, and two daughters.

Start Work on Freeway

LANSING — Work has started on a \$3.4 million project for three miles of Interstate 696 freeway at Southfield, the State Highway Department reports.

Union Lake Girl Wins 'WAC of Week' Title

UNION LAKE — Twenty-year-old Pvt. Judith G. Greenthal, daughter of Mr. and Mrs. Merin Greenthal, 1325 Canton Road, recently was selected "WAC of the Week" in an Army-wide survey.

A 1950 graduate of Waterloo High School, Judy was selected from among thousands from pictures and vital statistics sent to the Army Times, an armed forces newspaper.

Presently Judy is employed as a clerk typist in the G3 section of the U.S. Army Headquarters Air Defense Command at Colorado Springs, Col. Judy's hobbies are mostly sports — roller skating, water skiing and fishing.

ACCEPTED BY MANY! Model of New Miniature Hearing Aid Given

A most unique true offer of special interest to those who hear but do not understand words has been announced by Audiotone. A true-life, actual-size replica of the smallest Audiotone ever made will be given absolutely free in addition to a free hearing test to anyone answering this advertisement. Weakest it is in the history of your own hearing without cost or obligation of any kind. It's yours to keep free. The size of this Audiotone is only one of its many features. It weighs less than a third of an ounce and it's all at one level, in one unit. No wires lead from body to head. There is truly new hope for the hard of hearing.

Dance Club Has Outing

The annual family campout of the Merry Mixers Square Dance Club took place this weekend at Port Austin's Gallop Park.

Over 50 campers of all ages enjoyed camping, boating and swimming as well as square dancing at the park pavilion.

Club callers were Hal Brown, Lee Kaines, Bill Turbeck, Don Harrison, Reg Edwards and Brandon Adams.

Mrs. Hal Brown was in charge of rounds and mixers which were interspersed with the square dancing.

A program of club talent was given Saturday night. Chairman of the campout was Brandon Adams.

The club's September outing will be a hayride at the Hal Brown farm in Holly.

Couples Must Have Fun

By JOSEPHINE LOWMAN

The general pattern of life is not made up of a series of large crises, but consists of constant small frustrations and problems. Often husbands and wives who would give their lives for each other, nevertheless make one another miserable over trifles and fail to treat each other with the courtesy which they extend to their friends.

To those of you who were married this summer or are going to be married soon, keep the above in your marriage with a sense of humor, tolerance, tenderness, understanding and adaptability.

More social workers and psychologists and colleges are giving thought to the high divorce rate. Marriage should be a safer investment in happiness. All of this study seems to indicate that most marriages break up on the rocks of small lacks and irritations and hurts and resentments rather than big ones.
