

Reports Hot Word Feud at Soviet-China Confab

STOCKHOLM (AP) — A ranking West European Communist has returned from Peking with a report of stormy scenes between Soviet and Red Chinese leaders at a labor conference in the Chinese capital.

The conference — primarily an Asiatic pact of labor leaders held early in July — reached a

showdown when the Chinese Reds tried to ram through a resolution approving a free hand for Peking to use any conflict situation in Asia for war purposes. The resolution was blocked by stiff opposition from the Soviets, the West European Red said.

The rift between Peking and Moscow proved wider than any

of the Western Communists had believed. Soviet Premier Nikita Khrushchev's theories on peaceful coexistence were condemned by Chinese Reds of all ranks and standing.

The Chinese leaders, referring to Lenin's teaching, said a new world war is not only inevitable, it is even desirable from a Com-

munist point of view. The informant reported.

Chinese Premier Chou En-lai stressed repeatedly that "the capitalist world will not survive another great war."

"The capitalist states will break down from inside, and the destruction of the Western powers can cause the Communist world

is not irreparable," Chou was quoted as saying.

The informant said when the Chinese premier went on criticizing Khrushchev in extremely sharp words, the Soviet delegation openly expressed its dissatisfaction.

Chou was to speak again the following day. Before he mounted the rostrum, the chief Soviet dele-

gate, a man named Solovchov, stood up and declared angrily, "If comrade Chou En-lai intends to speak in the same tone and the same language as yesterday, the Soviet delegation is going to leave the hall."

Chou did not speak, and the atmosphere remained very tense. Throughout the conference, the

labor delegations from North Korea, North Viet Nam, Indonesia, Burma and most other Asian nations backed the Chinese point of view. Of the Asians, only the Indian Communists sided with the Soviet delegates and other Euro-

peans.

The Chinese premier's secretary tried to edit the published

texts of the speeches made by the Soviets. The Soviet delegation then embarked on a lengthy and thorough check of all notes and shorthand accounts taken during the conference and asked European Communists to help them.

The parley ended without any attempt to ease the tension between the Chinese and the Soviets.

Cuban Cabinet May Switch Castros Today

Session Could Shed
Some Light on Nature
of Fidel's Ailment

HAVANA (UPI)—Cuba's revolutionary Cabinet assemblies today for a session which may shed some light on the nature of the ailment which has kept Premier Fidel Castro on the sidelines in recent weeks.

Despite official denials, observers here believed the Cabinet might give Castro's brother Raul, the job of acting premier while his brother is laid up.

The premier's whereabouts were unknown.

The latest of a number of conflicting reports placed him yesterday in a hideaway in the Ciénaga de Zapata swamps, where he was said to be resting in preparation for an appearance tomorrow at the closing session of the current youth convention here.

The Cabinet adjourned an hour-long session just before midnight last night without making any known decision on Castro's fate.

An official announcement said the meeting dealt only with two minor domestic issues — legalization of the student-dominated Superior Council "which seized control of Havana University last month and tax relief for various processing industries.

The Cabinet's endorsement in effect that the government was turning over control of Cuba's principal institution of higher learning to the students, the plot-packing medical Council "which seized control of Havana University last month and tax relief for various processing industries.

Cubela's federation is believed to represent only about 15 per cent of the student body.

The council endorsed by the Cabinet last night has four student members and four pro-Castro faculty members.

Cubela is the student chief of the council.

Olympics Postponed

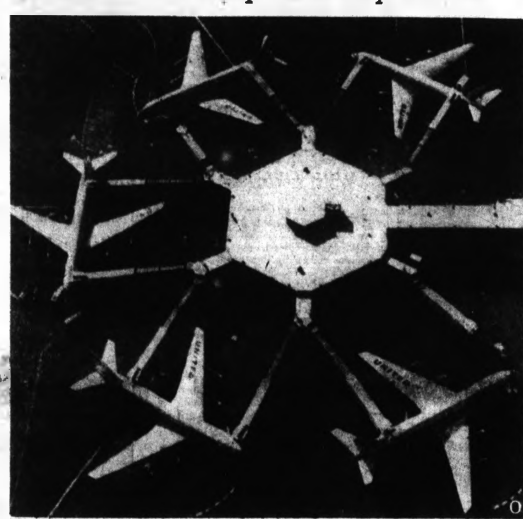

Waterford Township's second annual Summer Playground Junior Olympic Championships, originally scheduled for today, have been postponed until 1:30 p.m. next Thursday due to wet grounds at the Drayton Plains ball park.

Loaded for Bear

McNamara Says He's Fit

DETROIT (AP)—Democratic Sen. Patrick V. McNamara said today he is in "great shape" physically, flatly denying reports that he has cancer and declared he plans to wage an intensive campaign for re-election.

McNamara told a news conference that so far as he knew the surgery he underwent recently did not involve cancer, and "if it does, I know nothing about it." After persistent questioning, he added:

"I do not have cancer. I could not say it more definitely. I am through with the doctor."

McNamara said he saw no reason to discuss the technical terms of his operation.

"I'm not going to do it," he said. "It would give you an opportunity to blow up the technical details, which are strictly academic. The question is whether I am still able to go on."

"If I didn't feel physically fit, I wouldn't undertake this campaign."

LOOKED VIGOROUS — The 67-year-old senator looked vigorous and in a fighting mood. He said he weighed 200 pounds without his clothes, having gained 13 pounds in the past 15 days.

Asked if he thought the Republicans would make his health an issue, McNamara shot back: "I think the newspapers have given them a leg up in that direction."

McNamara was asked whether pressure had been brought by top political leaders to get him to withdraw from the race because of his health.

"Not that much," he replied with a snap of his fingers. "The press" (Continued on Page 2, Col. 2)

Japs Pause —Remember Hiroshima

WASHINGTON (AP) — Fifteen years ago tonight an explosion obliterated a city, signaled the end of a global war and spawned a lethal fear that still clouds the future of mankind.

In the new Japanese city of Hiroshima people of all faiths will pause for a minute of silent prayer at 7:15 p.m. Eastern Standard Time tonight—Saturday morning, Aug. 6, Japan time—in memory of some 70,000 who were killed outright and many others who were injured in the explosion of the first atomic bomb.

Elsewhere in the world the anniversary may pass virtually unnoticed. But it will be remembered by the 10 surviving American servicemen on board the B29 "Enola Gay."

They delivered the payload of a World War II program that cost the United States two billion dollars. Here then, many times that amount has been spent in making vastly more lethal nuclear weapons or in seeking to devise means to control them.

LANSING (AP) — A controversial rule barring state licensed real estate brokers from making race, creed, color or nationality terms of sale, has been formally disapproved.

The rule, drafted by Lawrence Gubow, head of the Corporations and Securities Commission, will still have the effect of law as of Aug. 14, said Solicitor General Samuel J. Torina.

Official Won't Allow Troops to Leave Plane

Tshombe Shows Dog
He Means Business by
Session

ELISABETHVILLE, the Congo (AP) — A 20-man advance guard to pave the way for U.N. soldiers was barred from entering Katanga today and sent back to Leopoldville with U.N. Undersecretary Ralph J. Bunche.

Bunche said the men were technicians and should be allowed to start work here. Katanga officials said they were U.N. soldiers and refused to allow them to get off their plane.

Premier Moise Tshombe of Katanga, who has proclaimed the secession of his province from the new Congo republic, showed no interest in Bunche's refusal to allow the United Nations to put his territory under U.N. patrol.

He had said U.N. forces would have to fight their way in.

Bunche, top troubleshooter in the Congo for Secretary-General Dag Hammarskjöld, came here Thursday and failed to work out a compromise with Tshombe. Today Bunche went back to the Congo capital of Leopoldville to report to Hammarskjöld.

The plane that came to pick him up was surrounded by Katanga police and soldiers as it stood on the airfield.

Godofredo Munongo, Katanga interior minister, went aboard, and personally informed the U.N. delegation it would not be allowed to get out.

Munongo told newsmen he had warned Bunche that intervention of U.N. soldiers would be regarded as aggression and Katanga would then be entitled to take legitimate measures of defense.

He said Bunche had told him that U.N. soldiers would not come until after further negotiations. Just before Bunche left, Tshombe told a news conference:

"I have gathered all tribal chiefs of Katanga in Elisabethville to explain the internal and external situation of Katanga. I have informed them of the decision to oppose the arrival of U.N. troops. The chiefs agree with me. Dr. Bunche has been informed of my decisions and he realizes the situation is dangerous."

Private Rights Curbed, Claim Solons

LANSING (AP) — A controversial rule barring state licensed real estate brokers from making race, creed, color or nationality terms of sale, has been formally disapproved.

The rule, drafted by Lawrence Gubow, head of the Corporations and Securities Commission, will still have the effect of law as of Aug. 14, said Solicitor General Samuel J. Torina.

'Hail to the Keef!'

HE'S FLYING HIGH — Sen. Estes Kefauver is hoisted high on the shoulders of avid supporters for a victory ride into his headquarters in Nashville, Tenn., Thursday night. He scored a smashing primary victory at the polls against Judge Andrew (Tip) Taylor for a Democratic nomination to the U. S. Senate.

Kefauver Smashes Racist in Landslide

NASHVILLE, Tenn. (AP) — Sen. Estes Kefauver won a third term with a stunning landslide victory in Thursday's Tennessee Democratic primary, in which civil rights was the overriding issue.

The race, billed as the tightest of the lanky 57-year-old senator's career, turned into his greatest triumph as the state's voters made it unmistakably clear they preferred his liberal philosophy to that of Judge Andrew T. Taylor, a strong advocate of segregation and states rights.

Kefauver, the Democratic vice-presidential candidate in 1956, led from the outset and quickly grabbed a two-to-one margin which he maintained throughout the night.

With tabulations from 1,381 of the state's 2,655 precincts, the vote was:

Kefauver 433,087
Taylor 218,861

The outcome had been watched nationally for an indication of the depth of Southern reaction to the civil rights proposals adopted by the Democratic National Convention. Taylor sharply criticized this platform plank, while Kefauver said only that it was a little too far.

DEFENDS SOUTH

Kefauver, termed his victory an "emphatic answer" to the "detraction of the South, who tried to say that we are a backward people."

"The South will continue to move forward in the main stream of American civilization," he said.

The senator, who skyrocketed to national fame as a result of his crime-busting investigations in the early 1950s, said Tennessee by its vote showed the Democratic presidential ticket, headed by Sen. John F. Kennedy, "will win the allegiance of Americans everywhere."

To Finish Output of 1960 Pontiac

End of Run Tonight Will
See 396,716th Car for
Best Year Since 1956

Pontiac Motor Division will complete its 396,716th 1960 automobile tonight at the end of this year's production run.

The company has had its biggest production year since 1956, according to final figures released today by S. E. Knudsen, General Motors Corp. vice president and general manager of the division.

He said there were 13,394 more Pontiacs produced this year than last, when the company made its big production upswing.

The 1960 production total is less than 10,000 below the 1956 record of 465,000 units.

Both Pontiac Motor and the adjacent Fisher Body Division plant will be silent by midnight.

Assembly-line operations are scheduled to begin again at Pontiac Motor Sept. 8, with 1961 model production, Knudsen said.

Courthouse Financing Plan Sought

County supervisors Thursday held a brief but stormy Tuesday's defeated courthouse building proposal and postponed any discussion of what to do next.

John B. Osgood, chairman of the special county building committee, reported the first proposition was crushed 35-38 to 21-17, while the second question drew 35-37 to 19-38.

He said his committee would meet in the next few days and will evaluate "the entire situation and review the possibilities which may now be taken by the Board of Supervisors to provide the necessary finances to build the administrative wings on the courthouse tower at the Service Center."

Osgood asked in the meantime for suggestions from fellow supervisors.

For Coast Guard Flotilla

To Discuss Auxiliary

The next qualification meeting for area residents interested in forming a U.S. Coast Guard Auxiliary Flotilla in Pontiac will be held at 8 Sunday evening.

The new Pontiac Flotilla No. 12-13 meets at the Naval Reserve Training Center, 469 S. East Blvd. The unit has 22 members and is accepting registrations.

Organizing the new flotilla in Coast Guard Auxiliary training officer Vance Powers of 3660 Lincolnshire Rd., Waterford Township.

When the members have passed their qualification tests, which should be next month, the flotilla will elect officers.

Formation of a flotilla here came as a result of the overwhelming response last spring to the auxiliary's boat operation course sponsored by The Pontiac Press. Any person wishing to register

Car Registrations

Up From '59 Period

DETROIT (UPI)—New car registrations for the first six months of 1960 totaled 3,413,180, an increase of 330,288 over the similar period of last year, R. L. Polk & Co. reports.

Polk, official statistician to the auto industry, said 786,348 of the total registrations were domestic compact cars. Compacts accounted for a record 25 per cent of the 595,864 new cars registered in June, when registrations dipped below the 600,000 mark for the first time since March.

They passed each other over the Atlantic in the night. It was the nearest they have been to each other for four months.

"Jean is going to America to get a divorce," Granger said. "That's the way it is."

The British-born actor said he was going to see his 3-year-old daughter Tracy, who is in London in the care of a nursemaid.

Asked why his marriage had broken up, Granger threw his arms in the air and said: "No comment."

Greenfield Car Festival to Be Held Sept. 10-11

DETROIT (UPI)—The Old Car Festival held annually at Detroit's Greenfield Village Museum has been set for Sept. 10 and 11.

The two-day meet is expected to draw nearly 400 antique cars ranging in age from 35 to 70 years old.

The old cars will be judged to find a grand champion in each class of autos and there will be contests and races in cranking, coasting, balancing and blindfold obstacle driving. There also will be drag races.

JOINS RIGHTS GROUP—Members of the Federal Civil Rights Commission join Thursday to congratulate their newest member, Dr. Robert S. Rankin of Durham, N. C., after he is sworn in at a White House ceremony in Washington. Left to right are the Rev.

Theodore M. Hesburgh, Robert G. Storey, Chairman John A. Hannah, who is president of Michigan State University, Dr. Rankin, Doyle E. Carlson and George M. Johnson.

House Wants to Know

Why Is Project Mercury Lagging?

WASHINGTON (UPI) — The ready was two months behind House Space Committee is considering whether to schedule then and NASA officials trying a full-scale investigation to now concede the test failure will determine why the Mercury man-set back the project by several months.

Immediate cause of the committee's alarm was last week's failure of the National Aeronautics and Space Agency (NASA) to launch an unmanned Mercury space capsule aboard an Atlas ballistic missile. The man-in-space project is behind schedule, it has been learned.

A source close to the committee said public hearings might be held after the new Congress convenes in January. This source indicated a preliminary staff inquiry would get under way within a few weeks.

The reasons are working on a similar project and some officials feared that the U.S. setbacks may enable the Soviet Union to score another dramatic space "first."

It was learned that last week's unsuccessful test originally was planned for late May or early June. The two-month delay was only part of the evidence that the whole program has fallen behind schedule.

Under the original time-table, these test flights were to be made sometime this summer.

NASA officials are now talking about making the manned sub-orbital flights in January. They suggested that this phase of the Mercury project might be as much as six months behind schedule. These sources said NASA officials will be lucky if it is able to launch a manned sub-orbital flight in January.

Some congressional sources questioned whether NASA even will be able to meet the December target. These sources said NASA officials will be lucky if it is able to launch a manned sub-orbital flight in January.

World Bank OKs Loan to Israel for Harbor

JERUSALEM, Israeli Sector (AP)—The World Bank has approved a 27½ million dollar loan to Israel for construction of Ashdod Harbor on the eastern Mediterranean Coast. The announcement was made State.

Thursday by David Horowitz, president of the Israel State Bank. He said the loan, covering a 25-year period, lists very favorable conditions. Carbon monoxide from automobile exhausts is colorless, odorless and tasteless. It kills about 300 persons annually in the United States.

SPEED RECORD SET—The X-15 rocket plane, piloted by Joe Walker of the National Aeronautics and Space Administration, settles to a landing at Edwards AFB, Calif., Thursday, after flying at a record 2,150 m.p.h. It was the fastest speed ever attained by a manned aircraft. Just above it is one of three F104 chase planes which kept watch while the flight was made. In the bottom picture, pilot Walker prepares to leave the X-15 after his flight. The test, which topped the previous 2,094 m.p.h. record of 1956, was completed at 78,000 feet. More powerful X-15s are expected to fly 4,000 m.p.h. at altitudes of 50 to 100 miles later this year.

Miss Channing Blames Nudes Carol Cancels at Vegas

BEVERLY HILLS, Calif. (AP)—Miss Channing said she and producer-husband Charles Lower would reactivate their musical "Show Girl" and begin rehearsals for a November opening in Baltimore. She estimated her decision to give up the remaining two years of her contract cost her \$200,000.

Faubus Renominated in Arkansas Primary

Gov. ORVAL FAUBUS of Arkansas is again in the limelight. He has won an unprecedented fourth nomination for Governor of Arkansas with 60% of the total vote. Running against four Democratic opponents he carried every county. The vote for Faubus was 232,000 and the total for the other four was 164,000. His election in November will be only a formality.

The Governor's leading opponent, Joe Hardin, was instrumental in ousting three Faubus extremists from the Little Rock school board. But the segregation issue was played down more or less this year. Mr. Hardin forced debate on other matters such as a large loss of population.

On the other hand Little Rock Prosecutor, J. FRANK HOLT, defeated an ardent segregationist leader, AMIS GUTWINE, for attorney general by a 30,000 majority.

Having reached the top in state politics it was thought that Gov. Faubus would run for national office this year against Sen. McClellan. He may have his sights set on a 1962 try to oust the highly regarded Sen. Fulbright.

If Gov. FAUBUS does choose the latter course, says the St. Louis Post-Dispatch, "Arkansas will present a race between its champion local voter-puller and its greatest contribution to Congress and national foreign policy."

More Business Sense Needed in Government

One of the best watchdogs for the taxpayers is Senator HARRY F. BYRD, the Virginia Democrat who is chairman of the Joint Committee on Reduction of Non-Essential Expenditures.

Senator Byrd is a businessman that cannot tolerate waste. His office recently issued figures announcing that 2,500 Pentagon workers would be dismissed this fall because of a Congressional cut in defense appropriations.

The Senator is merely operating like any other sound business by keeping costs within the budget. This certainly makes sense to us and we are sure it will appeal to the taxpayers.

It would appear that the Federal Government was pretty well staffed when the Congressional report shows that there were 2,382,679 civilian workers on the payroll on June 30, the end of the 1960 fiscal year. This happens to be an increase of 15,688 within the year.

More of our lawmakers should view our government's operation with a cold, calculating business sense rather than always appealing for votes.

Hoffa Assured of Vote If Election Is Held

One man stands out as a sure bet to be elected president and he is not even giving it a second thought. He is JAMES R. HOFFA, boss of the International Brotherhood of Teamsters.

His problem differs from the other two young men that are dreaming of a bid in the White House. Mr. Hoffa's chief worry is not getting elected, but rather having an election held. He has run amuck some pretty stiff competition along this line.

If he can get the election held he is sure to win. The monitors have been frustrated in their clean-up attempts. His chances look mighty good. He has triumphed over the combined opposition of the White

House, Congress and the American Federation of Labor and Congress of Industrial Organizations.

Not even old John L. Lewis ever faced such sustained hostility from so many powerful forces. The Teamsters' leader still exerts a strong hold after criminal prosecutions, investigations, special legislation, ouster from the merged federation plus public censure.

Public sentiment among his members seems to be "why should we complain as long as we're getting ours."

The court appointed monitors after a chain of events are what you might term immobilized. Up to now they were the chief threat in JIMMY's way.

Yet, in the face of everything Mr. Hoffa has emerged unscathed with an empire that grows bigger and stronger each month.

It appears that Hoffa is strongly ensconced in the driver's seat in the country's biggest and most powerful labor union.

The Man About Town

Freckles in Plenty

Promise to Be on Exhibition at Coming 4-H Club Fair

Freckles: What are usually the indication of a live wire.

The young people of the Pontiac area are grooming their freckles. They hope to make them count at next week's 4-H Club Fair.

There on Tuesday evening at 8:15 o'clock this column's annual freckle contest will take place. Our alert freckle faced boys and girls will reign supreme. It costs nothing to enter the contest, and the winner will receive a \$50 U.S. savings bond from The Pontiac Press. Easy way to earn a \$50 investment in the best security in the world, isn't it? All that is necessary is to be on hand at the appointed time—and bring your freckles.

In our previous such contests the girls have carried off the bond. Are our boys going to permit a continuance of this? A Rochester boy phones me that he was laid up with the measles, "but that only made still more freckles and I'm going to be on hand with all of them next Tuesday evening."

Congratulations to my own home town of Holly. Among the 311 precincts in Oakland County, its election board was the first to report the result.

The Christmas cactus of Mrs. Albert Pence of 703 East Beverly St. bloomed at Christmas, and now's again in blossom.

Raising a cucumber "on a bottle" is Andrew Fulcomer of Watford. He stuck the end of the vine into a bottle, and it is producing a good sample of its "fruit," with name of a popular beer emblazoned on it.

Asserting that his father, then a Watford resident, never voted in favor of building a new courthouse early in the century.

Peter Ludwig of Flint writes that it was because he felt that Oakland County could not afford to spend \$100,000 on anything.

It isn't going to sit on a flagpole or eat spaghetti or spinach until the Tigers win the pennant," writes Gerald Ramussen of Birmingham. "But I'm not going to knock them even if they lose it, for they're really giving us some great baseball."

Mr. and Mrs. Merle Hubbard of 11 Olmsted Court, golden wedding. Mrs. William Balchelor of 65 East Ann Arbor Ave., 83rd birthday. Mr. and Mrs. Buell Hanford of Watford, 54th wedding anniversary.

Harley M. Carmody of Keego Harbor, 82nd birthday.

Mr. and Mrs. Palmer Perios of Watford, 52nd wedding anniversary.

Mr. and Mrs. Carey Cole of Farmington, golden wedding.

Mrs. William Balchelor of 65 East Ann Arbor Ave., 83rd birthday.

Mr. and Mrs. Robert W. Natsel of Ulica, golden wedding.

Siesta

David Lawrence Says:

Before Acting, We Consider Allies

WASHINGTON—When will the American people be given the complete story to supplement the diplomatically and tactfully phrased versions of just how their foreign relations have to be conducted in operating "with an alliance?"

Will the critics, including Sen. Kennedy, concede that the president of the United States does not alone make our foreign policy?

Or would those who have been pounding away at the administration—as, for instance, Adlai Stevenson, who may be secretary of state if Kennedy is elected—ignore the allies of the United States in making decisions?

President Eisenhower made a significant speech on this very point at a breakfast held in Chicago during the Republican convention. He spoke off-the-cuff. This speech of July 27 is of historic importance in outlining some aspects of the process of making foreign policy in this difficult time.

President Eisenhower said in part:

"Now here is a point: There is no such thing as a unilateral arrangement with nations—just as our platform makers have to take me into account in a small way (laughter), so does every diplomatic interchange—let us say between Arabia and the United States, or Britain and the United States, or Japan and the United States—It always affects our actions."

"Just as all international trade is almost invariably a multilateral affair—like when we develop our food-and-peace-plan—we have to think how it affects Canada, Australia, the Argentine and any other wheat or surplus-producing country, or any country that produces the same surplus as we do."

"This is a serious matter. So it is not merely a matter of saying we have so many bunnies we would like to get rid of. Of course, there has to be an exponent on that. But if we do it in unwise ways, we have damaged very fine friends who want to stay in the very same corner we are fighting and working for—the freedom of men and the independence of their own countries—and the safety of their own countries."

The Democratic Party Strategy of blaming President Eisenhower for every decision of foreign policy shows an unfamiliarity with the difficulties of operating within an alliance.

If the Democrats were candid about it, they would be the first to admit that, although the U.S. Joint Chiefs of Staff wanted to push the war in Korea to the banks of the Yalu River and pursue enemy planes to their bases in Red China—a military mission known as "hot pursuit"—six of our allies vetoed the plan.

This decision changed the whole course of history in the Far East. An alliance will at times be as strong as the strongest member of the group, but it often is as weak as the weakest member.

FORCED INTO SUMMIT

There has, for instance, been a good deal of criticism voiced in the United States from time to time about attendance by the President at summit conferences.

The point has repeatedly been made that these meetings should not be convened unless adequate preparations have been made in advance and a basis for agreement reached beforehand at another level—that is, between foreign secretaries.

The truth is this is exactly what the Washington government all

along favored, but the American people have never been told just why our position was altered.

Diplomatic relations with our allies were involved.

It was important for Prime Minister Macmillan of Great Britain to get the president to go to the summit conference. Inside Great Britain the socialists were hammering away politically at the prime minister.

The socialist leaders were opposing the use of American military bases in Britain, which made it look as if Moscow might benefit through a change of government in London.

Dr. William Brady Says:

Nutrition-Packed Meals Required for Well-Being

A meal that is adequate—that supplies not just one or two but all of the elements required for good nutrition—sticks to your ribs, sustains you until the next mealtime comes. The elements required for good nutrition are not just carbohydrate (sugar, starch) but carbohydrate plus fat plus protein plus cellulose (wood fiber), vitamins, minerals.

If instead of an adequate meal you take just tea and toast, coffee and a roll, cakes and syrup or fish and chips you are likely to get an empty feeling on a full stomach before next mealtime and resort to candy, soft drink, gum, chewing, smoking, aspirin, a stimulant, a quick one with the neighboring bar.

Even a narcoleptic dog never quits eating. The craving, which is the demand of the undernourished body for food. When I say undernourished, the term applies whether the body is underfed or overfed.

Chewing, smoking, aspirin, a stimulant, a quick one with the neighboring bar.

BRADY

Case Records of a Psychologist:

Designing Parents Push Marriage

Samuel was trapped by a designing woman twice his age. Secure of these modern Jesuits, for there are thousands of them. And thank your editor for exposing these pitfalls of teen-agers, for they are far more numerous than many of you good folks ever imagine.

By DR. GEORGE W. CRANE
Case F-425: Samuel T., aged 17, is a high school senior.

"Dr. Crane, I am almost crazy with worry about him," his distressed mother began.

"For he has been in love with a classmate named Dorothy for the last three months and insists on marrying her."

"His father forbids him to do so, but Dorothy's mother is very eager to have them drop out of school and set up housekeeping."

"Samuel is begging me to give my consent so he can get the license. Should I do so, Dr. Crane?"

CRANE SEQUELS

Thousands of high schoolers are in the same boat with Samuel and Dorothy.

They fall wildly in love and then imagine that they cannot go on living unless they marry.

So let me give the tragic sequel of this actual case in order to let you teen-agers out of Cupid's hypnotic trance.

Before Samuel's mother had made up her mind to give her consent for the wedding, Dorothy's mother suddenly telephoned that Dorothy was expecting a baby, and threatened she'd put Samuel behind prison bars if he did not marry Dorothy at once.

Voice of the People

Clerk Would Not Permit Man to Vote at 8 P.M.

As I was getting out of my car in front of the Independence Township Hall we had three minutes left to vote. Due to the fact that I'm partially paralyzed from my waist down, I probably took three minutes to get inside and up to the table with the clerk, Harold Decker informed me he had just called and it was 8:00 p.m. Hag there was a line I could have understood, but there was only one person in the booth ahead of me.

Clarkston

Wonder Why Men Aren't Chivalrous?

Chivalry is not dead, dear lady, but the femininity of womanhood is. I saw an accident in the street in front of this location with the resulting broken glass strewn over the street. Upon my return an hour later, the road-way had been swept clean. I found that an employee of this station had cleaned up the debris as they had in other similar cases.

Also, have you noticed the way they have beautified the city property between the sidewalk and curb by planting flowers and shrubs? Congratulations on these examples of civic pride.

W.W.D.

Praises Gas Station for Civic Pride

Orchids to the service station at the corner of West Huron and Henderson.

Last week afternoon last week I saw an accident in the street in front of this location with the resulting broken glass strewn over the street. Upon my return an hour later, the road-way had been swept clean. I found that an employee of this station had cleaned up the debris as they had in other similar cases.

Smiles

The dad of a six-foot Michigan boy stands only 5 feet, 8 in. The dad's a block off the old chip.

Improving property these days consists of cutting down trees and putting up gas stations.

Why do people have to write "warmest regards" on vacation postcards during the bad weather?

When mother does her summer cleaning she'll probably find a lot of candy hidden for kids at Easter-time.

We wish some TV crooners would really pitch their voice—far, far away.

There may be others but the chief cause of divorce is marriage.

Most people measure distances by miles, but husbands still go by rods.

Case Records of a Psychologist:

Designing Parents Push Marriage

"I don't want to marry her, though," Samuel then exclaimed to his mother, when he found out about the situation.

"Why didn't I have a sense enough to leave her alone and date other girls for a few years," he added, as he peered up and down the living room of his home.

"But I thought you loved Dorothy," his mother asked in surprise.

"Oh, I thought I did for awhile," Samuel replied, "but I guess I was misled."

"Besides, her mother pushed us into it. I can see it now as plain as the nose on my face."

"When her mother would have dates with her older men friends, she'd push Dorothy and me into her bedroom and tell us to make love there, for she wanted to have the parlor for her own sweetie."

"And she'd do the same thing with Dorothy's 15-year-old sister, who has been going with a fellow of a good family."

"Mary and her boy friend would be pushed into one bedroom and Dorothy and I into another, while their mother had the parlor."

"Now I wonder if that wasn't just part of her plot to force us into marriage, for she always kept urging Dorothy and me to elope."

TRAPS FOR BOYS

Latest information now reveals that 15-year-old Mary's likewise going to have a baby and the mother is also trying to force Mary's 22-year-old sister into marriage, using the same old trap.

In line with the standard American newspaper policy of exposing evils in politics as well as social life, I'm giving you this all too common case to warn 15-year-old boys.

For I get hundreds of cases just

Foundation Gets \$1 Million

U. S. Pays for Infringing on Early Rocket Patents

WASHINGTON (AP)—The federal government Thursday announced a million-dollar settlement for infringing the patents of rocket pioneer Dr. Robert H. Goddard, who died in 1945 without seeing the giant rockets he foretold and made possible.

The money will go to the Daniel and Florence Guggenheim Foundation in New York, a nonprofit organization which financed most of the inventor's research between 1930 and 1941.

The settlement gives the government the right to use more than 200 of Goddard's patents on basic inventions in rockets and guided missiles. But the agreement, for reasons of simplicity, dealt specifically with just two patents.

The government acknowledged infringement of these two patents on the liquid propellant engines used in all the first of the large rockets—the Air Force Atlas and Thor, the Army Jupiter and Redstone and the Navy Vanguard.

Under the agreement the Air Force will pay \$765,000, the Army \$25,000 and the Navy \$10,000. The remaining \$100,000 will be paid by the National Aeronautics and Space Administration.

The inventor's widow, Mrs. Esther C. Goddard of Worcester, Mass., also signed a settlement, which transfers her rights to the foundation.

Mrs. Goddard agreed to transfer her rights for a consideration. Size of the consideration was not disclosed but her attorneys said the government agencies involved were advised and found it satisfactory.

THEY ALL LAUGHED
The pleasant faced, middle-aged widow is active in rocket organizations and is interested in space developments as she was in the days when her husband was a struggling young college professor ridiculed for believing that rockets someday might be fired hundreds or even thousands of miles into space.

Goddard, generally recognized as the father of modern rocketry, started active research in rockets in 1914, while teaching at Clark University at Worcester.

The Smithsonian Institution financed his early efforts with grants, and in 1917, when World War I began, Goddard worked for the Army at the Mount Wilson, Calif., observatory and produced several tactical rocket projectiles.

After the war military interest in his work ended and Goddard returned to Clark.

Goddard's rocket experiments near Auburn, Mass., aroused so much alarm and opposition that eventually he transferred his work to the Guggenheim Foundation to the Mesaleiro Ranch near Roswell, N. M.

One of the few in the nation to suggest an unfavorable outlook six months ago, the firm had this to say about the future:

"While business will in time recover, there is little reason to assume that confidence (as reflected by increased orders, production, and in turn, profits) can be revitalized quickly."

But, it points out, it is clear that neither revering or declining markets eliminate the possibility of building up capital values.

"Even in the volatile and cynical markets, there are opportunities for worthwhile investment appreciation."

Federal Flags With 48 Stars About Used Up
WASHINGTON (AP)—The government is fast running out of the old-fashioned variety of Old Glory with a mere 48 stars.

Almost any day now a spokesman said, federal buildings practically everywhere will be sporting the up-to-date national flag with its 50 stars accounting for the new states of Alaska and Hawaii which has been official since July 4. The flag had carried 49 stars for just one year, since Alaska's admission.

But not all official flagpoles have been flying the latest number of stars along with the stripes. The reason, taxpayers will be glad to know, is that President Eisenhower ordered government stocks of the 48 and 49-star versions used instead of being tossed out.

Life's golden age is when the family car... Tally Tuttle met did you start as a convict and NEW YORK — About 5,000,000 Eastern state one person out of One fishing trawler can net a kids are too old for baby sitters a prison warden and asked. Farmers Earn More for Food

Receipts Up 3 Per Cent
From January-March
Quarter; Outlook Good

WASHINGTON (UPI) — The Agriculture Department said Thursday prices farmers received for food products in the April-June quarter were 3 per cent greater than those received in the January-March period.

The rise was caused by higher prices for hogs, eggs and some fresh fruits and vegetables, the department said in its publication, "The Marketing and Transportation Situation." Prices during the second quarter also averaged higher than in the corresponding period in 1959.

The department said farmers' prices of food products during the second half of 1960 probably would continue to average above year-ago levels, mainly because marketing of hogs, eggs and some fresh fruits and vegetables will be smaller than last year.

Charges for marketing farm food products made about the usual seasonal advance from the first to the second quarter this year, the department said. The second-quarter level was up one per cent from a year earlier. The department said wages and some other costs incurred by marketing firms were higher than a year ago.

Retail prices of farm food products in the second quarter of 1960 were 2 per cent higher than in the preceding three months and one per cent higher than in April-June 1959.

The farmers' share of the consumer's food dollar in the April-June period was 39 cents, the same as in the preceding quarter and in the second quarter of last year.

Houses in Trees Dens of Iniquity, Sheriff Says

SAN RAFAEL, Calif. (AP) — Kids' tree houses are "dens of gambling, drinking, smoking and pornography," says Sheriff Louis P. Mountanos. "Mountain" said his deputies have been looking in tree houses all over Marin County.

One, he said, was stocked with supplies stolen from a parochial school.

Another was constructed from stolen lumber. Others were built by youngsters who chopped down trees for material.

And in one, the sheriff said, were pictures of nude women, a wine bottle, beer cans, 33 packs of cigarettes, dice, cards and a list of gambling debts.

Says She Directed Showgirl Prostitution

NEW YORK (AP) — Elizabeth Spedding, 45, a onetime courtesan, described as the "leading madam in New York City," has pleaded guilty to transporting women for immoral purposes. She was held in \$25,000 bail Wednesday for sentencing Aug. 12.

Authorities said she grossed more than \$100,000 a year using about 20 showgirls, models and unemployed actresses as prostitutes. Officials accused her of transporting the girls between New York, Miami, Fla., Atlantic City, N.J., Havana and Caracas, Venezuela. An assistant U.S. attorney told the court that she used her home in addition to various hotel suites and that the girls collected fees ranging up to \$300.

Miss Spedding, who said she was once married to Romanian Count Louis Maresca, could get a maximum sentence of five years and a fine of \$5,000 on each of four counts.

White Man Indicted in Negro's Whipping

COLUMBIANA, Ala. (AP) — Noting the "number of mass 'whippings' in this area, a grand jury indicted one white man and continued the case against another in the abduction and hogging of a young Negro man.

Thomas L. Kelly, 34, was indicted on kidnap charges tracing to the incident after he surrendered voluntarily.

The case against Emmett V. Levere, 42, was continued. He also is charged with kidnapping.

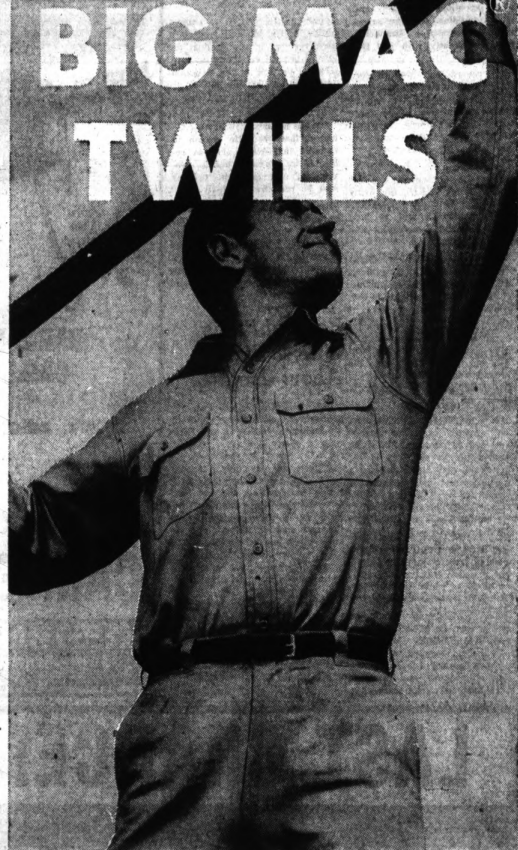

Circuit Solicitor Frank Head said he had heard of several beatings in recent months but this is the first one on which concrete evidence could be obtained.

CANBERRA — The weekly minimum wage in Australia averages \$3.50. It varies according to the cost-of-living index in the several states.

Always Said 'Sir'—Recent Employee

Tony Wouldn't Let 'Im Buttle

LONDON (AP) — Thomas Cronin, the stately former butler for Princess Margaret, announced Thursday he quit the princess' household because he just couldn't get along with her husband, Anthony Armstrong-Jones.

"There were differences of opinion, a clash of personality," he explained.

Cronin said the trouble was that Armstrong-Jones — "I always called him 'Sir,' as he didn't like to be called 'Mr. Jones'" — usurped a butler's duties.

"I was not allowed to employ my staff. I didn't pay them their wages and many other matters were not left in my hands as they should have been."

When he worked for U.S. Ambassador John Hay Whitney, he said, he had charge of 37 employees and "that's the right way" to run a household.

"To my mind there is only one person to whom a new employee should be responsible — the butler. The master of the house must recognize this."

Cronin made it clear that the clash of personalities was with Armstrong-Jones. Princess Margaret, he said, is "a most gracious and charming lady. She was always very good and kind to me."

"I have heard some rumors," the 46-year-old butler continued, "that Mr. Armstrong-Jones and I exchanged blows. I have been in my job far too long to allow such a thing to happen."

"I am going to forget all about my days at Kensington Palace . . . and the only point I have ever left in unfortunate circumstances."

Published reports said Cronin was paid \$80 pounds (\$2,560) a year plus board, room and laundry, but he would not talk about that, except to say there was no argument about his stipend.

Cronin went to work for the Joneses at Kensington Palace on their return from their honeymoon cruise July 4. He quit Tuesday and broke a self-imposed silence Thursday.

As can be expected in the case of royalty, there was no statement from Armstrong-Jones.

NEW JOB A CURE

Cronin went into the courtyard for a holiday until he takes a new job, as a butler, of course.

He'll have little difficulty, the London Butler Agency says, especially with his background of having butted not only for royalty but for Whitney and various lord mayors.

Samuel Bretson, Britain's

champion butler who has for the last 29 years been running a butler school, says Cronin can hang on anywhere he likes and do well.

There is an increasing demand Bretson said, and the real money lies in the United States, where "English butlers can earn up to 140 pounds (\$320) a month."

They think there's something rather grand about having an English butler who knows everything about etiquette and other finer points in society."

AP Photo/Max

QUIT MEG AND TONY — Silver-haired Thomas Cronin, known as Britain's perfect butler, has quit his new job with Princess Margaret and Anthony Armstrong-Jones after three months. Here he is shown receiving Queen Elizabeth on her arrival at a U.S. Embassy reception in 1958 while he was in the service of Ambassador John Hay Whitney.

Prisoner Sues Warden to Keep His Mustache

PHILADELPHIA (AP) — William Farmer, a prisoner, sued warden William J. Bannister of the Pennsylvania Correctional Institution Thursday over a regulation which forced him to shave off his mustache.

Farmer, 41, a Philadelphia serving a 7½-15-year term on a second degree murder charge involving the slaying of a fellow convict, asked the Commonwealth's Court for an injunction, saying the order violated his constitutional rights against "unreasonable searches and seizures."

The prisoner said he had worn a mustache the last 14 years.

No date was set for a hearing. The warden said the order was instituted three months ago to effect a neater appearance because some prisoners were going in for all shapes and sizes of mustaches and beards.

Lodge to Stump on Both Coasts

Says He'll Also Be in South and Midwest but Won't Tell When

BEVERLY, Mass. (AP) — Republican vice presidential nominee Henry Cabot Lodge plans to campaign along the East and West coasts, in the South, and in Ohio, Indiana and Illinois.

Lodge told a news conference Thursday these plans were made at Newport, R.I., when he and Vice President Richard M. Nixon, the presidential nominee, conferred recently with President Eisenhower.

The U.N. ambassador did not indicate when he would start campaigning. He had said earlier that this depends on how soon his work at the U.N. can be cleared up. He said he has an assignment from Eisenhower to attempt to bring about U.N. meetings on disarmament, and would not talk politics until this task has been finished.

During a vacation at his Beverly home, Lodge has been studying issues, dictating campaign speeches and getting in some sailing and motor boating with Mrs. Lodge and some of their grandchildren.

The ambassador said Rep. William H. Bates (R-Mass.) will accompany him on his campaign tours.

Pilot Wings Off Without Using His Wings at All

WASHINGTON (AP) — Imagine the airborne Navy flier's surprise when he looked out and discovered the wings of his carrier-type jet plane partially folded down.

He brought the ship to a safe landing however, with only very minor stresses and strains to the craft, said the Navy Thursday in reporting the incident that occurred over a land base near Naples, Italy, Aug. 2.

Chance Vought Aircraft, builder of the F8U Crusader jet, said in Dallas, Tex., the pilot climbed to 3,000 feet and flew for about 24 minutes before getting down. The ship has a normal wing span of 35 feet 8 inches. For storage aboard an aircraft carrier, the wings are folded back to a vertical position.

Harmonium Hits a Sour Note— at Least to Hymn

LONDON (AP) — A British churchman pulled out the stops Thursday to launch an attack on the Harmonium—the American organ played in many British churches.

"Hymn-singing children ought not to be affronted and penalized by a poor instrument in such a vital period of their early religious training," the Rev. Mr. Horace Spence, clerical commissioner at the Royal School of Music, said in a booklet. "A bright-toned piano played firmly and rhythmically is infinitely preferable to the Harmonium."

Meteoritic iron containing 5 to 25 per cent nickel was used for knives, axes, and other implements as early as 4,000 B.C.

3 Killed in Accident as Train Hits Car

RIVERVIEW (AP) — Three persons perished and another was injured critically last night when a train struck their car in this Detroit suburb.

Dead are Charles McElmurry, 45, Lincoln Park; Mrs. Dore Jes'LO, 34, and Olga Lavender, 28, both of Wyandotte. The fourth passenger in the car, Ervin E. Bailey, 43, of Southgate, was in serious condition in a Wyandotte hospital.

Police said the car was dragged down the tracks, spilling its occupants. The crossing where the car and train met is marked but now protected by signals, officers said.

The decimal equivalent of the fraction 1-64 is .015625.

LODGE'S SUCCESSORS:
James J. Wadsworth, 55, U.S. ambassador to the U.N., is odds-on favorite to take Highty C. Lodge's place when he resigns as chief of U. delegate to campaign for the vice presidency. For nearly two years, Wadsworth has been at the Geneva disarmament conference.

Foreign capital will develop Kyliki spa, in Greece's Peloponnese area.

Celebrating 103rd Anniversary

Mormon Church Returns to East

PALMYRA, N.Y. (AP) — Started once for us," said Gerald G. Smith, president of the church's eastern states mission, with headquarters in New York City.

It is also a period when the church, driven westward by early opposition and often considered a western regional institution, is expanding rapidly back into the east.

The beginning was in the drowsy, rolling countryside near this western New York community on a great swell of earth, Hill Cumorah. There, on that hill, flowered the seed of the church.

This year is the 103rd anniversary of its founding, and there, on that same hill, it is recounting the story, in colossal pageantry. Thursday, Friday and Saturday nights the panorama unfolds on 25 stages stretching over an area the size of a football field, in a blaze of lights, music, curtains of water and stereophonic sound effects.

About 650 performers and technicians take part in the production, "America's Witness for Christ." Because of the anniversary, "the 1960 pageant has special significance."

no member ever need seek public relief, and which also aids others in distress.

Overall, it includes 650 welfare farms, more than 100 storehouses, 30 canneries, soap and clothing factories, a coal mine, flour mill and other plants.

KUALA LUMPUR — Malaysia's Central Electricity Board, 10 years old, has spent \$10,000,000 on capital developments and plans to spend \$100,000,000 more in the next eight years.

Membership in the area has grown from 8,500 to 28,400.

Eastern stakes (Dioceses) of the church also have started "welfare farms" in the area, a 220-acre farm at Washington, N.J.; an 800-acre farm in Virginia, another at Trappe, Md.

These are part of the church's elaborate welfare system, by which

Olivet College to Begin \$750,000 Student Center

OLIVET (UPI) — Olivet College will begin construction of a \$750,000 student center within the next 90 days as part of an eventual \$5 million dollar expansion plan. The plan calls for 19 new buildings over a six to eight year period.

Lapeer Rejects Jail Plans

Will Ask Lower Specifications

May Not Be Able to Take New Bids Until This October

By DON FERMOYLE

LAPER—Plans for the proposed Lapeer County Jail will have to be started from scratch again. The County Board of Supervisors Thursday night rejected all bids for the new building.

"The Board will ask the State to lower its specifications for a new jail," County Clerk Lyle Stewart said today.

"The plans we have now are out the window," he continued. "I don't think we will be able to take new bids until October."

Acting on a recommendation by its building construction committee, the Board unanimously rejected construction bids received last week because all were thought to be too costly.

State Jail Inspector William H. Nestle last winter had urged construction of a 35-prisoner jail that could later be enlarged to accommodate 50.

As a cost-cutting measure, the Board decided Thursday night to ask the state if it could build the structure without facilities for the addition.

This would mean that the new lock-up would have no provisions for expansion beyond the 35-prisoner limit.

Many of the bids submitted were twice the \$250,000 cost expected to be spent on the new jail. The lowest was in the neighborhood of \$400,000, Stewart said.

Cuthbert and Cuthbert Architects of Dearborn, the firm handling design of the building, previously had been forced to revise its original plans.

REJECTED IN FEBRUARY
In February, the architects presented plans for a jail that would have cost \$378,000.

They were sent back to their drawing boards with instructions to design a less expensive building.

However, the bids rejected by the Board were made on the architects' revised plans which included several cost-cutting measures.

From \$550,000 to \$600,000 in tax funds will be available for construction of the jail and a new county office building.

"If all the money were spent on the jail," Stewart explained, "there wouldn't be enough left over to build the offices."

CONDEMNED IN 1954
The present century-old lockup is listed as a 10-man facility, and was condemned in 1954.

The old jail, which was termed "overcrowded and unsafe" by the state jail inspector, sometimes handles up to 20 prisoners.

BOYS' CLUB GETS HOME—Two of the 800 young members of the West Bloomfield Boys' Club, Terry Bradburn and Larry Zidar, beam happily as Club President Vern Bradburn, left, signs a one-year lease for the Keego Harbor VFW 2706 Hall with Post President Bob Vetter. The club will use the upper floor of the hall on Orchard Lake road for recreation facilities. The club has been without headquarters for several months. It had been using a temporary, wooden building at Roosevelt school. The club is expected to move into the renovated quarters Sept. 1. The large room will be divided into smaller rooms to include two recreation rooms, a wood working shop, a hobby shop, library, study and office.

Saturday Mrs. Hahn's Day Utica to Applaud Dora

UTICA—Guest of honor at a specially planned luncheon Saturday will be former City Treasurer Dora M. Hahn, who retired in June. Mrs. Hahn served 25 years as treasurer, 23 of them during Utica's operation as a city and two when it was a village.

The City Council has designated Saturday as Dora M. Hahn Day and has slated a luncheon for her at 8 a.m. and Stella's Restaurant.

Local officials, including Mayor Edward R. Gurch, will be present.

WORKED IN PONTIAC
Other guests will include Miss Hahn's cousin, City Clerk Edward

Southfield Justice Hears Car Death Case

SOUTHFIELD—A 20-year-old Southfield man, charged with negligent homicide in the death of a companion in a July 4 car crash, was to appear today before Southfield Justice of the Peace Charles A. Reid Jr.

James Smith of 24509 Lahser Rd. is charged with driving the car in which David B. Nelson, 20, of 21446 Avon Ln., was killed and Darryl Ashley, 20, of 23465 Lee Baker Dr. was severely injured.

Another occupant of the car, Michael Bockhorst, 19, of 28226 Westover Rd., who said he was asleep in the back seat was unharmed.

The accident occurred on Franklin road near 11-Mile road. Smithfield police said that the four young men were returning from the Homestead Recreation Park, Bloomfield Township, when Smith lost control of the car which crashed into a tree.

Officers said all four young men had been drinking.

Jack Names Coordinator

HYANNIS PORT, Mass. (AP)—Sen. John F. Kennedy today appointed William Rivkin, Chicago lawyer, to be his campaign coordinator in Minnesota and Iowa.

Each will examine an aspect of Student Council operations independently as a group member, later reporting their findings to workshop members.

Included on the six-day agenda will be studies of group planning, citizenship, leadership training, participation problems and relations between education and activity programs.

FROM ALMONT
Almont Community High School students attending will be Raymond Bollaert, Judith Herr, Tresa Herr and Douglas Spalding.

Representing Southfield High School will be John Gillespie and Judy Parker.

Those from Lyon Township Junior High School will be Franklin W. Friedmann, Lynn Kendall, Pamela and Sally Schuster and Joanne Wiseman.

Farmington High School representatives will be Brian Beck and James Wall.

The two from Rochester Community High School will be David Prior and Diane Stewart. The workshop is sponsored by the U. of M. Bureau of School Services, school of education, extension service and the summer session. A 10-member staff has charge of the program.

Fair Feeders Day Aug. 18
EAST LANSING (AP)—The annual Cattle Feeders Day will be held Aug. 18 on the Michigan State University campus. Feeders will hear latest research findings in cattle breeding and feeding.

Pontiac UF Will Aid Boys' Club

Auburn Heights Youths Get Group's Help First Time; to Expand

AUBURN HEIGHTS—Financial support from the Pontiac Area United Fund will be given the Auburn Heights Boys' Club for the first time in the club's four-year history this fall.

Official word of the backing has been received from United Fund directors, H. C. Newingham, club president, said today.

"Acceptance as a legitimate beneficiary by the United Fund has been an objective of the Boys' Club since its organization here," Newingham stated, "and represents unceasing effort on the part of its directors toward that end."

During the past year, the club was given the use of the Auburn Heights Community Clubhouse at 220 South Squirrel road as its headquarters.

The club, which is now using the building on trial, will be given full title and ownership to the clubhouse if certain requirements are met at the end of a probationary period, the club president said.

Meanwhile, members meet in the building and hold a weekly dance there for young people, with proceeds going into the club's operational fund.

Sam Sheehy, a Wayne State University student, is the club's summer recreational director. He is in charge of an active baseball league with nine teams under his supervision.

"With the help of the United Fund," Newingham concluded, "a more comprehensive Boys' Club program can be carried on in the future and more area boys may be included in a wider variety of activities than have been available in the past."

New Lutheran Church to Rise in Clarkston

CLARKSTON—A recent graduate of Augustana (Ill.) Seminary will establish a new Lutheran church here on a site near M-16 at the northern edge of the village.

The Rev. Paul A. Johns, originally from Mankato, Minn., will be the first minister of the church, which will be known as Calvary Lutheran.

Rev. Johns said Thursday that it is unknown as yet when construction will start on the church. He and his wife are now living at a recently acquired parsonage at 6046 Church St.

"I am presently surveying the area for religious backgrounds of the people here," he said. "We will hold the first services Sept. 18."

Rev. Johns said that Christ Lutheran of Waterford will be the mother church of his new congregation and his mission is to be organized in Clarkston.

He asked that anyone interested in the new Lutheran congregation call him at the parsonage.

Geerlings to Study State Property Taxes

LANSING (AP)—Sen. Clyde H. Geerlings (R-Grand Rapids), chairman of a Senate committee named to study the state's real and personal property taxes, has announced plans for a series of hearings to be held in six Michigan cities.

The hearings will be held Sept. 29 at Muskegon, Sept. 30 at Traverse City, Oct. 3 at Escanaba, Oct. 10 at Port Huron, Oct. 11 at Detroit and at Lansing Oct. 18 and 19 with members of the State Tax Commission and State Board of Equalization.

Geerlings said a study conducted by Dr. Dwight R. Yntema of Hope College for the Senate Tax Study Committee showed that local taxes, and local personal property taxes in particular need critical examination.

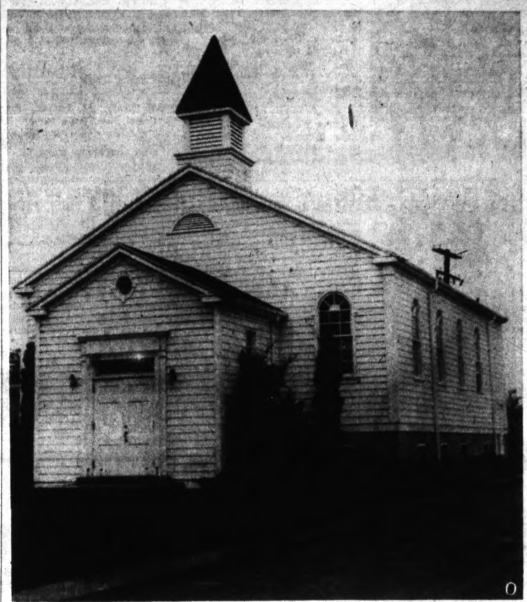

Local taxes should be evaluated, Geerlings said, to determine if they encourage industrial expansion in the state and so cut employment opportunities.

Taxpayers' and tax officials will be invited to express their opinions at the hearings, Geerlings said.

Prison Guards Receive Pay for Lunch Periods

LANSING (AP)—Physicians and maintenance personnel on eight-hour shifts at the State Prison of Southern Michigan have been ordered by the Civil Service Commission to eat lunch on their own time.

Guards and other prison employees who work on one of three continuous eight-hour shifts during 24-hour period will not get working time credit for short lunch periods.

Pontiac Press Photo

REACHES MILESTONE—Founded in 1835, White Lake Presbyterian Church in White Lake Township celebrates its 125th anniversary Sunday with 11 a. m. services. It is one of the oldest churches in the state and the first church built west of Pontiac in Oakland County.

The present structure is the fifth building to serve the congregation. It was built in 1941 after fire destroyed a similar building that was in use 68 years.

Plan 125th Anniversary at White Lake Church

WHITE LAKE TOWNSHIP—One of the oldest churches in the state, the White Lake Presbyterian Church, celebrates its 125th anniversary Sunday.

The history of the church on White Lake and Ormond roads dates back to Aug. 1, 1835, when nine men and a woman met in a log cabin to organize the first church in Oakland County, west of Pontiac.

The rough-hewn building was the home of Thomas Garner, one of the founders who played a predominant role in the early history of the church.

Yellowed and dog-eared church records place much emphasis on Garner's mother who, during the religious persecutions in Ireland and Scotland, baked a Bible in a loaf of bread to preserve it from harm.

The church records show that the Bible later was passed on to her son Thomas who brought it to this country when he emigrated. However, the Bible has disappeared without a trace.

Five years after holding its organizational meeting the congregation began holding services.

Then in 1848, members of the congregation were able to build their first church. It stood for 25 years until another church was built in 1873.

NEW CHURCH
That building was in use for more than 68 years until it burned in 1941. The present church, with a capacity of about 150, was built in that year to serve its members.

The congregation today totals 281 persons. In its 125-year history the church has had 1,300 members.

Pastor of the first small congregation was the Rev. George Hornell. He has been followed through the years by 21 other pastors, including the present minister, the Rev. Robert von Oeyen.

He will conduct the 11 a. m. services Sunday.

The anniversary sermon will be among our visitors and our own given by Dr. Harold Fredrick, drivers," said Loveless.

stated clerk of Detroit Presbytery, and executive director of the Board of Church Extension of Presbytery.

The congregation has been invited to a luncheon buffet immediately following the service.

Indiana, Iowa Plan Driver Crackdown

LANSING (AP)—Warning to Michigan motorists who plan trips through Indiana or Iowa: Both states have launched new traffic law enforcement programs intended to curb reckless driving by both visiting and home-state drivers.

Gov. Williams got telegrams from Gov. Herschel C. Loveless of Iowa and Robert J. Fink, chairman of the Indiana Traffic Safety Committee, warning that both states plan strict and intensive law enforcement on their highways.

"Our purpose is to save lives and property," said Loveless.

Mrs. Mills died Thursday after a long illness at her residence. She was a member of Armada Methodist Church.
Surviving are daughters Mrs. Frank True of Armada, Mrs. Nettie of Rochester, Mrs. Wade Easton of Lincoln Park, Mrs. Donald Flemming of Berkeley, Calif., and Mrs. Archie Phom of Stratford, Ont.; 26 grandchildren; and 50 great-grandchildren.

Mrs. Mills died Thursday after a long illness at her residence. She was a member of Armada Methodist Church.
Surviving are daughters Mrs. Frank True of Armada, Mrs. Nettie of Rochester, Mrs. Wade Easton of Lincoln Park, Mrs. Donald Flemming of Berkeley, Calif., and Mrs. Archie Phom of Stratford, Ont.; 26 grandchildren; and 50 great-grandchildren.

Two-Time Leader of Canada Is Dead
TORONTO (AP)—Arthur Meighen, 85, twice prime minister of Canada, died today.

A former leader of the Conservative party and a senator for 10 years, he was ranked as one of the great orators of Canada.
Death came in his sleep at his Toronto home where he had been ill for about 10 days. A relative said "it was just old age."
Meighen headed a Conservative government in 1920 and 1921 and again in 1926. He was one of the nation's most controversial figures during his 23 years in Parliament.

TWO NABBED — Thomas L. Kelly, 34, of Gadsden, Ala., top, and Emanuel V. Levelette, 42, of Sylacauga, Ala., bottom, have been arrested on kidnap warrants. They are held in connection with the abduction of two Negroes at Harperdale, Ala., Saturday night. One of the Negroes was fogged.

Urges State Support of D.C. Voting Rights

LANSING UP — Gov. Williams says Michigan's Legislature should swing behind a move to extend voting rights to residents of the District of Columbia.

The governor urged lawmakers to ratify a proposed amendment to the U.S. Constitution which would allow voters in the nation's capital to vote for president and vice president.

In effect, it would grant to the District of Columbia three votes in the electoral college, the same as the smallest state.

To become effective, it must be ratified by Legislatures of three-fourths of the states.

"There should be no second class citizens in our nation," said Williams in letters sent yesterday to Lt. Gov. John B. Swainson, president of the Senate, and House Speaker Don R. Pears (R-Buchanan).

Cites Discrimination by Westinghouse

WASHINGTON (UPI)—The Federal Trade Commission has charged Westinghouse Electric Corp. with giving discriminatory discounts to some purchasers of its miniature lamps and sealed beam automobile headlights.

The FTC said Westinghouse gives certain of its franchised distributors an 18 per cent discount on orders of \$250 or more and an additional 5 per cent cut to those making annual purchases of more than \$25,000.

The complaint also alleged that Westinghouse gave a 25 per cent discount to General Motors Corp. on lamps sold to its car and truck dealers.

As a result of these discounts, the FTC said, many Westinghouse distributors have to pay higher prices.

The complaint charges that "these price discriminations may substantially lessen competition."

In violation of antitrust laws, Westinghouse was given 30 days to answer the complaint.

Syria will spend \$800,000 this year on continued oil exploration, Damascus learns.

\$909,818 Bid on Road Project

To Construct 4.4 Miles in Oakland and Wayne Counties From Xway

A low bid of \$909,818 has been made for construction of 4.4 miles of temporary three-lane road between the roadways of James Couzens and Northwestern highways in Oakland and Wayne counties.

At an \$898,289 highway construction bid-letting in Lansing, the Denton Construction Co. of Grosse Pointe was low bidder on the Oakland-Wayne project.

Completion date is Nov. 15.

The temporary road — from the end of the John C. Lodge freeway north to Cornell road in Oakland County — is the first phase of extending the Lodge freeway to the into Northwestern highway about a half-mile north of Eight Mile road.

It will be used alternately by traffic while retaining walls are being built for depressed Lodge freeway extension.

In another letting job for Oakland County, a joint bid of \$29,088 from Max Friesinger of Ann Arbor and Hutchins Co. of Lansing was submitted for 2.5 miles of resurfacing of M28 and various repair jobs.

A contract for 2.5 miles of the new Southfield expressway in Detroit accounted for almost half of the State Highway Department bid letting.

Officials said the \$4,019,345 contract for the Southfield job went to Lewis Garavaglia of Warren, with a completion date of Nov. 30, 1961.

LANSING (UPI) — Proposals calling for annexation of areas of Westinghouse and Lansing townships to the City of Lansing are on the ballot in the primary election here today.

The proposals have to be approved by voters in the townships as well as those in the city.

Michael Wilding, Third Split After 2½ Years

LONDON (AP) — British actor Michael Wilding and his third wife, Susan, have separated after 2½ years of marriage, but a spokesman said neither is interested in anyone else.

"It is not a question of either Susan or Michael being interested in anyone else, but for personal reasons," said David Jacobs, legal adviser to the wealthy Mrs. Wilding. The actor was her fourth husband.

Jacobs said the separation was being announced because American movie star Elizabeth Taylor, Wilding's second wife, is due to wed soon and Susan did not want anyone to get the wrong impression.

Tots Tell Their Opinions

Politics a Kind of Sickness?

By KATHY SMALL
ELMIRA, N. Y. (AP)—The five-year-old, aged 6 to 10, is at least slightly confused about the national political situation.

This is proved by a survey conducted in the town of Elmira, N. Y., where the five-year-olds are asked to tell their opinions on the political situation.

Most of those interviewed had ready answers. A few seemed reluctant to commit themselves and asked for time to consult their friends. One young man answered every question with: "Gee, I know

the answer to that but I forgot it."

"What do you think of the world situation?" was our first question. An eight-year-old gave it some thought. "I think it's round," he answered. Other answers included: "It's okay." "It's in outer space."

When asked to identify Soviet Premier Nikita Khrushchev, the young people answered: "I think he's a wrestler." "He's a German spy." "He's a president who travels around the world."

An eight-year-old said: "He's a communist's man."

Our next question: "What politics?" got this answer from a six-year-old boy. "Is it some kind of sickness?"

"What is a mayor?" drew these opinions: "It's a bad dream." and "a home." (A majority of those questioned knew positively that a mayor was a horse.)

"Who do you think will be the next president?" was answered: "Washington or President Eisenhower." "Kennedy." Ninety per cent favored George Washington, although some expressed doubt that Washington still was living.

"What's the Senate?" we asked and drew a blank from all but a six-year-old lover of jet planes. "It's a big loud noise!" he said. "I heard a genuine boom one time when I was playing in my backyard."

SO THAT'S IT! "What's a convention?" was the next question.

An eight-year-old girl said: "It's where they vote for two men to see who will be president." Other answers: "It's a kind of news report." "People with signs."

A 10-year-old interrupted at this point to tell us he saw a convention on television and it was just because nobody would sit down and the leader kept telling them to be quiet and sit down or they couldn't have the meeting.

"What does the president do?" we asked.

"He takes care of atom bombs and things like that." "He travels all over the world like the cops do to see if people are good."

"What's a caucus?" "It's a prickly plant that hurts if cowboys sit on them."

At this point, someone yelled "I saw a lightning bug!" and off went the future voters, leaving us to mul over the results of our survey.

Gary Crosby Curbed by Heart Condition

LAS VEGAS, Nev. (AP) — A mild heart condition requires Gary Crosby to end his Flamingo Hotel engagement a week early. Crosby, son of crooner Bing Crosby, has been under a doctor's care. His condition has been aggravated by recent diet, and the physician has ordered rest.

U.S. Helps Congo to Re-Establish

WASHINGTON (AP)—Officials estimated today that the United States will have to put up about 100 million dollars to help establish peace and order in the riot-torn Congo during the next 11 months.

The total needed for that period is estimated at about 200 million dollars.

The State Department and other agencies working on Congo assistance plans are reported agreed that the United States should not provide more than half this sum. The remainder is being furnished by other members of the United Nations.

Lincoln White, State Department Press Officer, told a news conference that the U. S. Government is awaiting recommendations from U. N. Secretary General Dag Hammarskjöld as to what the program will be and what financing requirements are contemplated.

White said "we would make our fair share of contributions toward that end."

The cost total, officials said, consists of two elements: 1. The financing necessary for the transport and maintenance in the Congo of 11,000 U. N. troops provided by half a dozen different countries.

2. The expense of providing technicians and training Congolese leaders in many fields of government, industry and commerce and helping reform the army.

All these are regarded as steps toward making the Congo stable and independent.

Question Saginaw Population Recount

SAGINAW (UPI) — A recount of the city population appears to have collapsed today in the wake of an announcement by Census Bureau officials that many of the 2,454 names submitted are duplicates.

Robert Gillespie, acting field director for the bureau, said that of a test batch of 157 names checked against the Census Bureau master list, 119 were duplicates leaving a possible 38 which could be added to the city rolls.

He indicated that the bureau felt about 300 of the names may prove to be persons not counted by enumerators in the regular census.

Cuba in Firm Grip of Red Ideals

Fidel Gives Hotel to Workers

By BOB CONSIDINE
NEW YORK — Here's a report from a former manager of the famed National Hotel in Havana:

"They knocked on my door at 5 in the morning and announced they were taking over the hotel. There were two of them, one with a machine gun.

"I found out later that the same thing was happening at the Havana Hilton. Five a.m. has become the witching hour in Havana. Once you pass that hour, you can breathe more or less easily for the rest of the day and night. If something bad is going to happen to you it happens at 5 o'clock.

"In the case of the National, Castro called all my workers together and, in a long speech, gave them the hotel.

"By the next morning you wouldn't have recognized the place. It had been turned into a tenement, and that goes for the pool, too.

"There were the remains of picnics all over the formal gardens, and gar-

bage and papers had been tossed from the hotel rooms. The dinner price had come down to \$1.50, for 'all you can eat.' That won't last long because there's not that much food left.

"Everything the big and little farmers produce must be sold to the revolutionary government. If a farmer is caught selling you an egg, or a fisherman a fish, both seller and purchaser are subject to stiff fines and six months in jail. Produce must bear a government stamp.

"No fish on Wednesday, no meat on Friday, no chicken on some other day in the week. No American cigarettes at all. The cells in the jails are crowded, six and eight to a crib. All are political prisoners, it seems.

"No one gets arrested any more for robbery or rape; there is no room to imprison them. Government people, and there seem to be more of them than of any other class, ride free in cabs, and give no tips to waiters.

"That nice big apartment building you could see from your window the last time you were at the National now houses 600 Russians."

Auto Production Off This Week

Rambler, Pontiac End Model Runs; Some '61s Included in Total

DETROIT (UPI) — Automobile production in the United States dipped slightly again this week, Automotive News reports.

The trade paper estimated passenger car production at 104,857 units for the week compared with 107,108 last week and 106,239 in the similar week of 1959.

Production of compact cars was estimated at 29,911 units compared with 29,535 a week ago.

Rambler, one of the two biggest producers of compact cars, ends its 1960 model run this week. So does Pontiac.

A few 1961 models are included in this week's total, mainly from Plymouth and Buick.

Truck production dropped sharply, from 21,951 last week to 14,255 this week. A year ago 10,680 trucks were built.

In Canada only Ford is still operating and it scheduled only 300 vehicles for completion this week. Last week's Canadian output was 2,605.

Veteran Exercise Boy

MIAMI, Fla. (UPI) — Pinky Browne has been an exercise boy for Ben Jones of Calumet Farm for 36 years.

UP Bug Projects a Poor Image in Screening

MARQUETTE (UPI) — Every one who watched a television movie on a local station Wednesday night was justified in any complaints about a "bug in the net."

A large spider couldn't be ignored by viewers when it walked across Gene Tierney's shoulder during a love scene with Randolph Scott in the movie.

The spider was inside the station's projector and walked in front of a magnifying petam, making it clearly visible to viewers.

State Figures Proving Value of Point System

Figures released by the Michigan Department of State in Lansing are proving the value of Michigan's 12-point system of rating motorists.

The system enables officials to keep track of violation-prone drivers, and as their licenses are revoked or suspended traffic accidents and fatalities decrease in a direct ratio.

For example, according to James M. Hare, secretary of state, in the first six months of this year 11,604 errant drivers lost their licenses—a sharp increase of 66 per cent over the 7,774 suspended or revoked in the first half of 1959.

State Police records show that 46 fewer people were killed on Michigan highways in April, May and June of this year than in the same months of 1959.

"We have known since 1955 that as more habitually negligent drivers are re-examined or suspended, the number of deaths and crippling accidents decreased in the state," said Hare.

Suspensions in the second quarter of 1960 totaled 3,395. For this year's second quarter the total was 7,823.

The National Safety Council million so far in 1960.

estimates the second quarter drop from 376 deaths last year to 330 in 1960 has resulted in a saving of more than \$7 million in accident costs.

Unfortunately, Oakland County motorists are on the losing end. Using the council's estimate, county motorists figure to have lost in the neighborhood of \$3 for Ben Jones of Calumet Farm for 36 years.

And That's A Fact!

Four 1940 graduates of Pontiac Central High School reminisce over their senior yearbook as they outline plans for an Aug. 27 reunion at Waterford's Community Activities Building. From left are Robert Everett of Lenox avenue, Mrs. William Weaver of

Orchid street, Mrs. Robert Pote of Dick avenue and Clarence G. Carlson of Devonbrook court, Bloomfield Hills. Some 625 invitations have been mailed to graduates, along with a questionnaire for use in preparation of an up to date class book.

Be Friendly, Says Abby

She Got Her Dates Mixed, but No One's Perfect, Lady

By ABIGAIL VAN BUREN

DEAR ABBY: Am I being narrow-minded? We have been invited to the home of a couple who are very good customers of my husband. I do not want to go because the woman (while married) once tried to make a date with my husband.

It happened six years ago when he was still single. He made the date but broke it because he realized how wrong it would be to date a married woman.

Should my husband's friends be my friends, regardless of their pasts?

TROUBLED DEAR TROUBLED: Don't hold a woman's past foolishness against her. Judge her on

her present behavior. We've all done a few stupid things in the past.

DEAR ABBY: When I have pictures taken of my children, my mother-in-law is the first one with her hand out. "How about this," she says. I have spent a lot of money on pictures of the kids for her (and she asks for the best colored ones), but when I go to her house I have to hunt in her drawers to find them.

Don't you think, if a person asks for pictures, she should put them out where everybody can see them or else keep still?

BOILING MAD DEAR BOILING: There is not always a simple room to display all the family pictures. In the future, have small ones made up for your mother-in-law. If she asks for the large, expensive kind — give her the negatives!

Plans Holiday Tea

Farm and Garden Group Meets at Buckley Home

The board of directors of the Pontiac Branch of Women's National Farm & Garden Association met at the Commerce road home of its president, Mrs. Edward M. Buckley, Wednesday morning for coffee and a business meeting with 23 members attending.

Mrs. Harold B. Euler of Ottawa drive, social chairman announced that the second annual "Holiday Hospitality" tea will be Nov. 29 at Pontiac Federal Savings and Loan Association building.

Mrs. C. R. Gaffey of Onelia drive is chairman of the display of holiday table and other arrangements. Scholarship Chairman Mrs. John E. Windlate of Union Lake road read letters of appreciation from MSUD, Janet Lichner of East Beverly avenue and Vicki Anna of East Iroquois road.

SLATES BENEFIT BRIDGE: The group decided upon Oct. 7 as the date for benefit bridge parties in members' homes.

Proceeds will be used for the Grace Fitzgerald Scholarship Fund and the Civic Improvement Fund.

Assisting Mrs. Robert J. Alton of West Iroquois road, chairman, will be Mrs. John H. Patterson of Illinois avenue as cochairman.

Other committee members are Mrs. James C. Clarke of Ledgestone drive, Waterford; Mrs. Russell H. Galbraith of Cherokee road; Mrs. Donald D. Box of West Iroquois road; Mrs. Edmund S. Rogers of

Can't Be Perfect

NEW YORK (UPI)—The National Association for Mental Health recommends that you quell the "superman" urge if you want to reduce tensions. "Folks with a superman urge tend to expect too much from themselves and get into a constant state of worry. They think they are not achieving much."

Linden road; Mrs. Robert G. Lagrange of Menominee road. The first general membership meeting will be held at the Bloomfield Hills home of Mrs. Howard B. Barker on Sept. 19.

Potential Presidents 'Skirt' the Issues

Petticoat Power Helps Hopefuls

NEW YORK (AP)—Politicians totalling up the vital factors in electing their man to the presidency linger over such things as party, platform, personality.

If they're shrewd, they add the candidate's wife.

A charming woman, good-looking enough to attract men's interest, yet with the unassuming modesty to win over the most critical feminine voters, is an asset not to be underestimated.

Now that women outnumber men at the polls, the potential first lady might seem an even more important consideration.

Women cast their ballots for a man, but they understand all about petticoat power in the privacy of the home. They've got it figured that after the shouting and the tumult dies, the leader who's larger than life goes home to become a human-sized father and a husband who listens respectfully to his wife's opinions.

WIVES WHEELED

In the almost-forgotten days before woman suffrage, human nature wasn't noticeably different — on any social level. "Even the meekest little wife who was scandalized by the borshness the candidate's spouse wore, or by what she'd heard about her gay parties, could wheedle her voting mate to her unfrictioned persuasion."

the campaign trail in behalf of his candidacy?

"Back when women were ladies and left political issues to

Wedding Bells to Ring

the menfolk — at least publicly — candidates' wives mostly stayed home, kept the roof patched over the children's

heads and pondered with mingled delight and dread the prospect of living in the presidential mansion.

DEAR ABBY

Some exerted influence in quiet ways. Abigail Adams never took to a soapbox, but she probably did more than anybody to get John Adams elected the second U. S. president. Considered by many a better statesman, she gave him the benefit of her keen intelligence in private.

Abigail was practical, too, and not easily overawed. The first lady to live in the White House, she hung out her washing in its great unfinished

audience room.

About eight decades later, Lucretia Garfield worked by the side of her husband, James, all that summer before he was elected. Telegraph linemen ran special wires to the shed that Garfield had made into an office. Their farm in Mentor, Ohio, became a little city of reporters, political leaders and well wishers. While Garfield gave out interviews and wrote letters, Lucretia fed, entertained and provided lodging for the troops of visitors.

Forty years after that, another Eleanor Roosevelt was elected president. His wife, Florence, who had made a financial success of his newspaper, also was credited with leading him into the White House.

DEAR ABBY: I am planning to be married shortly and would like your advice on a question that has arisen. We are having a luncheon immediately following the ceremony for the bridal party and members of the immediate families.

As we cannot invite our many friends to the luncheon, we would like at least to invite them to come later to my parents' house for a drink and some light refreshments.

However, our plans are to leave immediately after the luncheon on our wedding trip, which means we will not be present to greet these guests when they come to our house. Would such an arrangement be proper?

Answer: I'm sorry, but it will not be proper to invite anyone to any sort of a reception when you and the groom will not be there to receive them.

Dear Mrs. Post: What is your opinion of people who acknowledge an invitation with, "I'll let you know." I have in mind a young woman who always says this instead of, "Yes" or "No." This is a check to me that if nothing better turns up in the meantime, she will accept my invitation. Don't you think such behavior is inexcusable?

Answer: Yes, she must give an immediate answer or else, if she is a very busy person, say that she will have to look in her engagement book, or ask her husband if he has made some other engagement for them for that evening.

DEAR Mrs. Post: The son of a very dear friend of mine is being married and I would like to give a check for a wedding present. I have never met the bride. To whom should the check be made payable?

Answer: Although all presents are correctly sent to the bride, in your personal situation, the bridegroom would be permissible.

Tipac Chapter of the American Business Women's Association saw color slides of Alaska at the August meeting Wednesday in Hotel Waldron.

Carl Hoard, the evening's speaker, narrated. Pictures of the Alcan Highway, Canadian Rockies, Fairbanks and Anchorage, Alaska as well as wild life, hunting trips and the Aurora Borealis were shown.

Plans for the group's Sept. 10 rummage sale at the West Pike street, United Rubber Workers Union Hall were announced by Mrs. Clifford Marsh, cochairman of the ways and means committee.

Pontiac Country Club will be the setting for the Hand of Friendship Tea Sept. 18. Mrs. Carroll Welch and Mrs. Ben Elbling are cochairmen.

President Mrs. Charles Irish will represent the chapter as a delegate to the national convention slated Oct. 21-23 at Hotel Clappay in Indianapolis. Vice president Ruth Cramer is alternate delegate.

Mrs. M. F. Coleman, Mrs. Donald Gerber and Jean K. Miller were guests at Wednesday's meeting.

For Abby's pamphlet, "What Teen-agers Want To Know," send 25 cents and a large, self-addressed, stamped envelope in care of The Pontiac Press.

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

DEAR JUST: "Hello" is sufficient and proper but if you are being annoyed by wrong numbers, then say, "Smith's residence." If the party asks, "Who is this?" politely say, "Who is THIS?" Am I being rude or are they?

JUST WONDERING DEAR JUST: "Hello" is sufficient and proper but if you are being annoyed by wrong numbers, then say, "Smith's residence." If the party asks, "Who is this?" politely say, "Who is THIS?" Am I being rude or are they?

CONFIDENTIAL TO TEX: The doctor who treats himself has a fool for a patient.

DEAR ABBY: I have always said, "Hello," but lately I have had many calls (usually wrong numbers) when the caller, probably puzzled at hearing a strange voice, will say, "Who is this?" This strikes me as an unnecessary invasion of my privacy. (Like going up to a stranger's door and asking "What's your name?") So when I answer the telephone by saying, "Hello," and they ask, "Who is this?" I politely say, "Who is THIS?" Am I being rude or are they?

JUST WONDERING DEAR JUST: "Hello" is sufficient and proper but if you are being annoyed by wrong numbers, then say, "Smith's residence." If the party asks, "Who is this?" politely say, "Who is THIS?" Am I being rude or are they?

Raisin Nut Cream Filling Cooked in Double Boiler

By JANET ODELL
Pontiac Press Home Editor

Isn't it interesting that sour
cream has become such a
widely used food in the past
few years? We are always
happy to get a new recipe
using this tangy food.

Mrs. Arthur C. Arnold is
today's cook. We know her
best as a member of the Wa-
terford Book Club and its
current chairman. In addition
to books Mrs. Arnold is in-
terested in gardening.

SOUR CREAM RAISIN PIE

By Mrs. Arthur C. Arnold

1 1/2 cups sour cream
1 cup sugar
1 teaspoon cinnamon
1/2 cup raisins
1/2 cup shortening, coarsely chopped
2 egg yolks, well beaten
1/2 cup raisins

Put all ingredients in a
double boiler and stir until
well mixed. Cook until mix-
ture is consistency of heavy
cream and dark in color. Stir
occasionally.

Pour into 8-inch baked pie
shell. Top with meringue.
Very rich!!! (Exclamation
marks are Mrs. Arnold's.)

Don't Forget Soap

Be sure to take some soap
along on summer outings in
the woods. A thorough sud-
sing is one of the best antidotes
for poison ivy and poison oak.

Honored With Bridal Shower

Phyllis Raymond, bride-elect
of Leo Vandenberg, was honored
at a miscellaneous shower
Wednesday hosted by Mrs.
Michael F. Clever at her home
on East boulevard.

The couple will exchange vows
Sept. 17 at St. Michael Catholic
Church. Their parents are Mr. and
Mrs. George Raymond of Wy-
pikant avenue, Mrs. Robert Sonnen-
berg of Stout place and Bernard
Vandenberg of Mount Clemens.

Miss Raymond chose this
occasion to announce attendants
for her wedding. Mrs. Dan
Dropps, sister of the bride-to-be,
will serve as honor matron.
Bridesmaids will be another of
Miss Raymond's sisters Mrs.
Gerald McHane, Mrs. Edward
Smith of Marion, Ind., and Mrs.
Clever.

Sarah Raymond will attend her
sister as junior bridesmaid, and
niece Cynthia Raymond will be
flower girl.

With the exception of Mrs.
Smith and Cynthia Raymond, all
of the bride's attendants were
present for the shower, along with
Mrs. Thomas Thornberry, Barbara
Kucera, JoAnn Moore, Patricia
Harbert, Carol Lynn, Betty
Cronan, Joyce Dropps and Mrs.
James Wysocki.

Also attending were Frances
Goulet, Mary Dege, Mary Ann
Johnson, Mrs. Kenneth Halpin,
Joanne Fruithomme, Edna Pow-
ers, Susan Green, Connie Shindorf,
Mrs. Harold Anderson and Betty
Lauinger.

Mary Ann Saghy Wed to Stewart M. Green

Mary Ann Saghy and Stewart
Mason Green exchanged wedding
vows Saturday morning at St.
Benedict Catholic Church. Some
150 guests were present for the
ceremony.

Parents of the couple are Mr.
and Mrs. Paul J. Saghy of Watkins
Lake and Mr. and Mrs. Frank
Sweeney of Fenton avenue, Dear-
born.

The new Mrs. Green chose a
floor-length gown of white nylon
organza with a bell skirt and chap-
el sweep train.

The dress was accented by a
fitted embroidered bodice and por-
tal neckline. Her fingertip veil
of illusion fell from a crown of
orange blossoms.

Attending the bride as honor
maid was Patricia Saghy, her
sister, and as bridesmaids, De-
bra Calender of Muskegon,
Elda Jaengel, the bridegroom's
sister, and Alice Lamparter of
Detroit.

All the attendants were gowned
alike in ballerina length dresses of
milk green with velvet sashes and
matching headpieces and shoes.
They carried white baskets of yel-
low and white daisies.

Harry Smith of Dearborn served
as best man while Paul Saghy,
brother of the bride, Peter John-
son and George Basquette uh-
tered.

Immediately following the cer-
emony, a reception was held at
the Rotunda Inn, Pine Lake, for
which Mrs. Saghy chose an em-
broidered organza dress of grey
mist with matching accessories and
small hat of moss-green velvet.
The bridegroom's mother wore a
mauve organza dress with match-
ing accessories. Both mothers had
white rose corsages.

Honeymooning in East

Barbara Hagan Weds

Honeymooning in the New Eng-
land states are Mr. and Mrs.
Robert John Sulkowski who ex-
changed wedding vows and rings
Saturday afternoon in St. James
Episcopal Church, Birmingham.

The Rev. David Van Dusen per-
formed the candlelight ceremony
before some 150 guests.

The former Barbara Ann
Hagan is the daughter of the
Harold T. Hagan of Colonial

MRS. STEWART M. GREEN

Upon return from a honeymoon
in Upper Michigan and Mackinac
Island, the couple will reside on
Maple street in Dearborn.

Shower Songbirds May Grow Famous

According to their manager
—also their proud dad — the
Lennon Sisters of television
fame first got into the habit
of singing together while wash-
ing and drying the dishes.
This homey little task led the
girls to their present very
successful show business
careers. Take heart, shower
songbirds and scrubbing so-
ranos of the world!

TOKYO — Japanese automobile units last year, exceeding 1958 on-
production set a record of 382,814 per cent.

Engagement ring \$150
Wedding ring \$75

Personality-Femininity

Identify a delightfully different diamond set. Dainty
in design, the engagement ring can double as a fancy
ring for the third finger, right hand. The maximum
effectiveness, however, is achieved when worn together.

Color Concept

(UPI) — Stocking colors for
fall reflect the new concept of
color coordination. Jet brown
blends black and brown; black
amethyst, a gem tone, is for
wearing with the amethyst cou-
lure. To wear with black or
brown, there's green only.

Returning from their honeymoon
the two will live in Royal Oak.

Bride-Elect Has Shower

Bride-elect Patricia Eaton was honored with a miscellaneous shower Wednesday evening given by Madeline Johnson of West Columbia avenue.

Daughter of Mr. and Mrs. Harry W. Eaton of West Longhollow avenue, Miss Eaton will marry George D. Crockett, son of Mr. and Mrs. Robert Belev of West Ypsilanti avenue on Sept. 24.

Attending were Mrs. Eaton, Mrs. Belev, Mrs. Oliver French, Mrs. Charles Henderson, Mrs. Richard Lehman, Kay Crampton, Carolyn Mills, Shirley Fawcett, Mrs. Robert Kelley and Helen Beatright.

Phyllis Dooley, Jan Sapalek, Shirley Jackson, Virginia Myers, Nancy Newcomb, Peg Cooper-Smith and Sandra Hogue were also present.

Newlyweds to Reside in Calif.

Mr. and Mrs. Percy S. Hammond of Cedar Rapids, Iowa, announce the marriage of their daughter Barbara Diane to Robert Carlton Russell July 30 in Upland, Calif.

Mr. Russell, son of Mrs. Everett C. Russell of West-Iroquois road and the late Mr. Russell, is principal technician with the Citrus Experiment Station at University of California in Riverside.

The couple will reside in Upland where the new Mrs. Russell is teaching.

(UPI)—Boys' shoes are taking on the slip-on or high riser lines of men's shoe styles. Reverse seam patterns, moccasin toes, swift and heart and diamond wing tips trim the shoes they'll wear to class—and after.

Modern Parents 'Got No Gumption'

By RUTH MILLETT

Society in the United States suffers from a lack of principles, says a home economist.

Miss Velma M. Riley, in a recent address before the American Home Economics Association, went on to explain:

"Too many people slide along, doing whatever seems expedient at the moment, rather than make decisions based on valid principles."

She's right, of course. She starts dating, not when her parents feel she is old enough to be going out on dates, but when she is able to convince them that "all the other girls my age can have car dates."

Junior starts driving, not when his parents think he is responsible enough to be at the wheel of a car, but on the day he is old enough to get his driver's license, because all his friends are on wheels.

All too many families live beyond their means.

It is more important to them to put up a good front and keep up with the Joneses than to pay their bills on time and teach their children, by example, the wisdom of living within one's income.

All too many families give their children more freedom than they know how to handle because it's easier to say "Well, all right," than "No, absolutely not," and because it is easier to go to bed and hope the kids will get home at a reasonable hour than to sit up and make sure that they do.

Even in matters of honesty and integrity, many families find themselves compromising and side-stepping instead of being entirely fair and square with others.

And certainly there are a lot of parents who shy away from the words "good" and "evil" and talk all around them with such phrases as "unwise" or "foolish" or "short-sighted."

So many parents today just don't seem to have the gumption to say

The underweight woman needs exercise, too. It will help firm and will increase appetite. It is a valuable

asset in gaining, firming and developing lovely curves without bulges.

Girl Should Gain Weight

Her Bulge May Be Bone

By JOSEPHINE LOWMAN

Q. "My problem is not quite as simple as losing pounds. I am 5 feet 4 inches tall and weigh 115 pounds. My problem is not reducing. I have very thin legs, but the upper and inner portion of my thighs are bulky and fat. I am wondering if there are any exercises which will help."

A. I do not see how in the world you could have a bulge! Are you sure it isn't a bone? Even if you have a small build you should weigh around 119 pounds. I think that what you see is a

muscle and that you do not have enough fat to fill out the contour of your leg properly. You really should gain weight.

It is true that even slim women who are not at all overweight sometimes have rolls and bulges which make their silhouette out of proportion. Specialized exercise is the answer and works wonders.

However, in the case above, when the woman is so underweight, I rather think the problem is as I stated it. Exercise will help firm and will increase appetite and therefore is a valuable asset in gaining, firming and developing lovely curves without bulges.

DESPERATE

Q. "Please help me with my problem because I am desperate. I am a young teen-ager and still growing. My legs are fatter than they should be and there are marks on my legs showing where the skin has stretched. I am wondering if these marks will ever disappear and my skin adjust to its proper position if I reduce. I hate to wear shorts because people ask me about those marks."

A. Well, I think people are rude to ask you about the marks. You did not tell me your height or weight or how much overweight you are. However, it is true that

overweight can cause the marks you mention.

Let's put it this way—staying fat certainly will not help them. I cannot say whether or not they will ever disappear, but they will fade with time. Put yourself in the hands of your family physician for a loss of weight. In the meantime do not let the marks spoil your fun or happiness. This is a very small defect, and you can hide the marks with a waterproof make-up.

Q. "Is it usual for women to have an itch around the waistline due to wearing a girdle? I have this even when I do not perspire and the girdle is worn loosely. It's such an aggravating condition."

A. No, it is not usual. I suggest that you ask your doctor about it. It could come from an allergy to the material from which the girdle is made.

Going on Safari?

Planning to go on a safari? Then take along plenty of wash-and-wear clothing. You do the wearing, and the native "boys" on the junket do the washing—except for your lingerie. These days, keeping clean is a luxury to be enjoyed even on jaunts into the jungle.

Anzures-Delgado Nuptial Attended by 75 Guests

Married at the home of the bride Saturday afternoon were Lydia Delgado and Andres G. Anzures. Judge Emmett J. Leib performed the ceremony in the presence of 75 guests.

The couple's parents are Mr. and Mrs. Francisco Delgado of Bagley street and Mrs. Petra Anzures of West Newberry road and the late Mr. Anzures.

For her wedding Lydia chose a gown of white lace over tulle accented by a large tulle bow. A rhinestone and pearl crown secured her quarter-length veil.

Her jewelry was a white pearl necklace with matching earrings, a gift of the bridegroom. She carried a bouquet of carnations and stephanotis.

Mrs. Mary Hernandez attended as honor matron wearing an aqua crepe dress with the lace bodice and crown veil and matching shoes. Serving as junior bridesmaid was Virginia Delgado, the bride's niece. Her strawberry chiffon dress was accented by a matching satin bow and crown veil. Both attendants carried pink carnations tied with bows in aqua and strawberry, respectively. Pedro Hernandez attended as best man.

A reception was held at the home of John Delgado on Midway Avenue, following the ceremony. The bride's mother chose a baby blue lace over tulle dress for her daughter's wedding. Mrs. Anzures wore a silk dress in blue.

MRS. ANDRES G. ANZURES

print. Both had coronas of pink and white carnations.

The couple plans to live on Midway Avenue.

Polaris Passes First Full Test

Leaps Another Major Hurdle in 1,300-Mile Land-Based Flight

CAPE CANAVERAL, Fla. (AP) — The launching of a Polaris over the intended operational range for the first time has passed the submarine missile over another major hurdle in its fast-paced development program.

One of the stubby rockets streaked 1,300 miles down the Caribbean range Thursday. This is 130 miles farther than any previous Polaris flight and only 80 miles short of the planned initial combat range of 1,330 miles. Heavy instrumentation required for test firings have prevented the rocket from covering the full course.

The land pad launching was the fourth Polaris shot in six days and 10th in a month. The system passed a big milestone in the last three weeks when three of four underwater launchings from a nuclear submarine were successful.

Strangle Victim Divorced Twice

Two Decrees Found in Papers of Widow Killed on Mackinac

DETROIT (AP) — Two divorce decrees, dated in the early 1950s, were found yesterday in the private papers of a wealthy Dearborn widow raped and strangled on Mackinac Island July 24.

The decrees, found in a safe deposit box opened by the Wayne County Treasurer's Office as part of the investigation into the death of Mrs. Frances Lacey, 49, were both issued in Michigan.

Mrs. Lacey's son, William E., refused to discuss the decrees.

"All I can say is that there is nothing in the box which would shed any light on the crime," he said.

Mrs. Lacey's husband, Ford, who died in 1958, had been divorced. The divorce papers, which were registered in the name of her son and daughter, Mrs. Kay Kuster, Dearborn.

State Police in Lansing were watching movies in the state crime laboratory, seeking possible clues to the sex slaying. The movies, Lt. Robert Bigen said, were taken by a White Pigeon family July 24, the day Mrs. Lacey disappeared while on a walk from her hotel across the island.

Her body was found four days later under a brush pile.

Webster Takes Diving Prelims This Morning

Comb Highland Lake After Calls for Help

Sheriff's deputies searched the Highland Recreation Area near Pickett Lake all night after nearby residents reported hearing a man call for help.

The search was hampered by dense fog, but continued under better conditions after sunrise.

No sign of a boating mishap had been uncovered as of 10 a.m.

The search began around 10:30 last night when Hans Brock of 945 Milford Rd., reported he heard a man calling for help and moments later heard what seemed to be a woman calling for help.

The calls, he told deputies, seemed to come from the nearby lake. Deputies at first feared a possible drowning.

In a \$4.6 million expansion, Egyptian cities will add 39,400 telephone lines.

"FLEET" MEN — Mrs. Leona Gage Covacevich, who held the Miss U.S.A. title one day in 1957 until it was discovered she was married, has been booked on a charge of endangering a child's life. She was arrested following a report to police that she had beaten her son David, 4. She said she strangled him with a belt to keep from playing with razor blades. The child was born of her first marriage, to a serviceman.

ONE WAS MISSING — Five RB47s fly over Arlington National Cemetery Thursday as Maj. Willard G. Palm is buried with military honors here. One aircraft is missing from the formation — Maj. Palm's. He was the pilot of an RB47 shot down over the Barents Sea by Soviet planes July 1. The major's body is the only one the Russians have returned. Two of his crewmen are known to be alive and the fate of the other three is unknown. The U. S. government has again asked the Soviet Union to free the two survivors and to allow an impartial inquiry into the shooting.

Has a Weighty Problem Car Loaded With 6 Tons

DENVER, Colo. (AP) — What does a man do with a car loaded with six tons of concrete?

Joseph Nelson has that problem. His car is parked on the street in front of his home, the rear tires flat, springs broken and the concrete now rock-hard.

Nelson says he ordered concrete Thursday for delivery later the same day. He later changed his mind, called the company and asked to have it delivered today.

The wood came too late for the truck driver, Robert O. Porter. He and Nelson have been friends. That's where the rub is.

"I won a bet from him a while ago," said Porter, "and I guess I waited about 45 minutes for him to show up at home. The longer I sat there in the truck waiting for him, the more I thought he was trying to stick me with \$30 worth of cement to get even on the bet, and the madder I got."

Nelson was attending a neighborhood ball game when Porter arrived.

Porter said he finally unloaded the wet concrete into the back seat of Nelson's car, drove the truck to the company garage and went home.

Marine Battalion Set Afloat in Asia

HONG KONG (AP) — The U.S. Navy announced today a Marine battalion landing team is being assigned to duty afloat in Asian waters "to further readiness of the 7th Fleet."

The announcement did not suggest the move was motivated by any new emergency. It appeared to be part of long-range U.S. planning.

The move parallels the standing assignment of the U.S. Marine battalion aboard ships of the U.S. 6th Fleet in the Mediterranean.

Union Units Eye Chrysler Probe

Rank and File Caucus Calls Newberg, Stand Wishy-Washy

DETROIT (AP) — Two United Auto Workers groups asked the parent union yesterday to call a national Chrysler conference of the UAW to "review the entire situation between the Chrysler Corp. and the union."

The request was made by a group calling itself the National Committee for Democratic Action in the United Auto Workers and another group which calls itself the Rank and File Caucus of UAW Local 212. This local covers workers in the former Briggs plants.

The requests were addressed to Norman R. Matthews, UAW international vice president and director of the national Chrysler department of the union.

The Rank and File Caucus referred to a letter Matthews wrote Chrysler Board Chairman L. L. Colbert following the corporation's disclosure that former President William C. Newberg received \$30,000 in profits from interests in Chrysler suppliers.

The caucus referred to the letter as a "wishy-washy stand."

In his letters Matthews referred to the amount of work farmed out by Chrysler and said the union never had "stood in the way of the exercise of this 'managerial prerogative' when the motive was obviously economy and efficiency of operation."

Both groups today told Matthews the national conference should stop the farming out of jobs and return all lost jobs to Chrysler workers. Among other demands was that the Chrysler contract, which expires next year, should be reopened now to establish a 30-hour week without reduction in weekly pay.

U. S. Would Give Nikita Ice Cubes

WASHINGTON (AP) — Soviet Premier Nikita Khrushchev will get the official cold shoulder treatment from the United States if he actually succeeds in arranging a visit to the Western Hemisphere in the next few weeks.

U. S. officials reporting this said it appears Khrushchev is fishing for a bid to visit — or more U. S. neighbor nations.

Failing that, he could attend meetings of the U.N. General Assembly which opens in New York in late September.

Any head of a U.N. government has the right to come to the headquarters of the international organization — but to go elsewhere in the United States would require an invitation from this country.

NO WASHINGTON INVITE — Officials said Khrushchev would not be invited to Washington or elsewhere in this country if he came to the U.N. No U.S. official would take cognizance of his presence in New York.

A similar policy of pointedly ignoring his presence would be followed by U.S. officials if Khrushchev visited any other American country.

Diplomatic informants in New York said Khrushchev had notified the Mexican government he plans to visit Mexico in mid-September.

Officials said, however, they had been unable to find any evidence that Khrushchev definitely intends going to Mexico or that he had so notified the government.

The Mexican government, these officials said has heard nothing about a Khrushchev visit.

Under normal diplomatic procedures, Khrushchev would not be able to go to Mexico unless invited. He would lay himself open to embarrassment if he sought directly to obtain an invitation and the Mexican government refused to give it.

Put Doctor's Specimens Under Microscopes

Sick Nuns Fight Cancer in Bathroom Lab

DEVON, Pa. (AP)—In a cramped little laboratory that was once a bathroom, a small band of physically afflicted nuns are doing their bit in the fight on cancer.

The nuns, members of the Roman Catholic Congregation of Jesus Crucified, pore over microscopes examining specimen slides for the presence of uterine cancer. The specimen slides are brought to the convent each week by Dr. Edward Rehak, chief pathologist at St. Agnes Hospital in Baltimore. He takes back the finished work and the nuns' reports.

Dr. Rehak supplied the first inspiration for the project while casting about for some productive activity that would also have a therapeutic value for the nuns themselves.

They suffer from such illnesses as polio, heart disease, rheumatism, arthritis, osteomyelitis and tuberculosis.

Mother Marie Landri, prioress of Regina Mundi Priory, gave her approval and the laboratory was set up in the bathroom of what was once a doctor's mansion.

The lab, headed by Japanese-born Mother Marie Aimee, examines about 50 slides a week on its present schedule. It hopes to reach 100 a week before long. Doctors say the laboratory detectives have spotted between five and 10 unsuspected cancer cases out of every 1,000 specimen slides they have examined.

RIGHT IN LABORATORY
Eight of the 30 nuns in the community now do the laboratory

work. They are trained by Mother Marie Aimee, who prepared herself by taking a course at Temple University Medical Center in Philadelphia.

A number of other nuns would like to take up the work. But training takes time and the facilities and space are limited.

The Congregation of Jesus Crucified was founded in France in 1930. Regina Mundi, the order's only priory in the United States, was opened in 1955 with six nuns from France.

It was organized for the benefit of the physically handicapped. Women between the ages of 20 and 30 are eligible to join, unless their illness is mental, nervous or contagious.

Mother Marie Aimee, who speaks fluent French, English and Japanese, was a hospital patient for 11 years in Tokyo. Her ambition is to open a priory in Japan because "many there want to join (but) it takes time to open a house."

Orders Houston to Mix Schools

Judge Calls Board's Plan Sham; Decrees Immediate Integration

HOUSTON, TEX. (AP)—Federal Judge Ben C. Conally has ordered immediate desegregation of the Houston public schools—beginning with the first grade this September.

He turned down the school board's proposed desegregation plan submitted to him in June, terming it a "sham and subterfuge."

The turned-down plan would have designated an elementary, a junior high and a high school as integrated, with permission for any member of a racial minority in any school to transfer out.

The Houston School District is the largest segregated district in the nation.

Judge Conally's order finally determined the suit filed on behalf of two Negro girls, Delores Ross and Beneva Delois Williams, in 1956.

The judge ordered that "beginning with the first grade each student may—at his option, attend any former all white or all Negro school within the geographical boundaries in which he may reside."

He further ordered that the plan shall be extended to the first and second grades in September 1961 and progress one grade higher each year until complete desegregation is accomplished.

Rep. Ford Assails Dem Spending Plea

WASHINGTON (AP)—Rep. Gerald R. Ford (R-Mich.) assailed Democratic demands for increased defense spending as "a political grandstand play."

Ford, ranking Republican on the House Defense Appropriations subcommittee which originates all military spending legislation, took strong issue with what he called talk that more money is needed. Ford's remarks came on the heels of reports published by New York newspapers that President Eisenhower intends to release for spending some defense funds already appropriated by Congress, but held up by executive order.

U.S. Nazi Chief Declared Sane Enough for Trial

WASHINGTON (AP)—George Lincoln Rockwell, 42, self-styled head of the American Nazi party, was declared to be of sound mind Thursday and competent to stand trial on charges arising from a rally of his party on July 24.

Dr. James A. Ryan, assistant chief psychiatrist at the hospital told the court that Rockwell is "of sound mind, able to understand the charges and capable of assisting counsel in his own defense."

FARMER MAN—Gov. Herschel Loveless of Iowa has been asked to form a Farmers for Kennedy and Johnson movement in connection with the Democratic presidential campaign. Loveless has been mentioned as a possible secretary of agriculture if Kennedy is elected.

Hawk Hits Missile for Second Time

WHITE SANDS MISSILE RANGE, N.M. (UPI)—The second successful interception of a missile by a Hawk antiaircraft missile, this time using a target about half the size of the first test, was announced Thursday by the Army.

The experiment, which took place at White Sands Missile Range in southern New Mexico on July 27, saw a Hawk catch and destroy a Little John rocket at 5,000 feet altitude, the Army said.

The Army first shot down a missile in June when a Hawk intercepted an Honest John, about twice as long as the 14½ foot Little John.

The Hawk is a mobile missile system designed to intercept aircraft at extremely low altitude. It is a dual thrust, solid-propellant missile with an electronic homing guidance system.

A spokesman here said the test was a continuation in a series designed to prove the Hawk's capacity as a defense against fast moving field army targets and is not directly associated with the development of an intercontinental ballistic missile defense system.

Missouri May Seize KC Light, Power Co.

KANSAS CITY, Mo. (AP)—The state will seize the strike-bound Kansas City Power & Light Co. today unless a wage dispute is settled, says Gov. James T. Blair. Union officials say they will defy a seizure order.

The governor issued his ultimatum Thursday night, saying the company and Electrical Workers local 184 have had plenty of time to settle their dispute.

Blair said he would invoke Missouri's antistrike law which provides for technical seizure of a utility if a strike endangers public welfare. Supervisory employees have been operating company facilities since the strike began three weeks ago. There has been no suspension of service.

Few Ask for Patents from Research Boom

ANN ARBOR (UPI)—The large scale research boom hasn't greatly increased patent applications, according to the U.S. assistant commissioner of patents.

While research efforts are up 8 to 12 times over the past couple of decades, patent applications have risen only by one-sixth.

Don't Sizzle This Summer!

Keep Cool and refreshed

with a **Carrier** ROOM AIR CONDITIONER

Rafael Trujillo Will Go to U.N.

Dominican Shifts Seen as Try to Soothe Critics From Hemisphere

CIUDAD TRUJILLO, Dominican Republic (U.P.)—Generalissimo Rafael Trujillo, ruler of the Dominican Republic for 30 years, was appointed Thursday to head its delegation to the 1960 U.N. General Assembly.

The appointment was made by the new president, Joaquin Balaguer, Balaguer, who had been vice president, moved on Wednesday. Trujillo's brother Hector, president since 1962, quit the office on grounds he was ill.

Balaguer immediately deplored Trujillo's removal from the command of the armed forces and the secretaryship of the presidential office. He told Congress his main job will be "continuing the process of democratization."

He said his government sought to bring about an atmosphere "that will guarantee the Dominican people the opportunity to elect officials of their choice." He requested a Trujillo pledge of free city and provincial elections next Dec. 15 and a fair presidential election in August 1962, when his own term runs out. He promised to push agrarian reform started by the generalissimo.

SAFARI LEAVES OFFICE

Rafael Trujillo only this week announced he was leaving his office in the national palace here and withdrawing to his country estate. He had previously given up the jobs of head of the Dominican Party and chief of the armed forces.

Government sources said he will go to New York before the assembly begins its three-month annual session Sept. 25. They said he is to head the Dominican delegation because the assembly will deal with questions of vital importance to Latin America's future. He headed it since before, in early 1952, after leaving over the presidency to his brother.

There were unofficial reports that Hector Trujillo would become ambassador to some country in Europe.

Speculation was that the Trujillo had been moved from center stage to quiet criticism abroad and lessen the likelihood of inter-American action on Venezuela's charges that the Trujillo planned the bomb explosion June 24 that burned his president, Romula Betancourt. Western Hemisphere foreign ministers will discuss this charge when they meet Aug. 16 in San Jose, Costa Rica.

Bigoted Appeals Up, Antidefamer Says

DETROIT (U.P.)—The Anti-Defamation League of B'nai B'rith Thursday has received reports indicating a sharp increase in bigoted appeals based on religion and race in the 1960 election campaign.

The league reported its findings to the Michigan Fair Elections Practices Commission.

It stressed that none of the material is being distributed by candidates.

Sol I. Littman, state regional director of the Anti-Defamation League, said anti-Catholic extremists are importing literature published outside Michigan.

The league said "it is apparent that the increase in anti-Catholic literature... is due to the presence of a Roman Catholic candidate for the presidency."

There may be some things that are dirt cheap, but any substance will tell you that isn't one of them... Most men wonder what the future will have in store, while most women wonder what the stores will have in the future.—Earl Wilson.

53 Reported in July

Waterford Fires Increase

The Waterford Township Fire Department recorded almost twice as many fires in July as it did in the previous month, Chief Elmer Langbecker announced today.

Of 53 fires reported, 16 were in buildings while brush and grass accounted for 34. A total of 35 fires was reported in June.

Direct financial loss for July was listed at \$2,485 as compared to \$3,650 for June. Total loss figures for the year amount to \$66,855.

No deaths or injuries resulting from fires were reported in either month, while yearly figures to date show one person killed and two injured.

Following is a list of fire and other calls answered by the Fire Department in July:

PROVIDENCE, R.I. — Rhode Islanders claim the discovery of Johnnycake and insist that they make this cornmeal treat from colonial days better than anyone else.

Asks Daughter Receive Money

Robber Willie Sutton No Longer Wants to Go to Delinquents

NEW YORK (AP)—Bank robber Willie Sutton wants his daughter—not ex-convicts and delinquents—to have his money.

Sutton, 60, had set up the "Willie Sutton Helping Hand Fund" eight years ago from book and television earnings from his life story, "I, Willie Sutton." The money was to go to help rehabilitate juvenile delinquents and ex-convicts.

But now Sutton has changed his mind, claiming there were irregularities in the creation of the trust.

Sutton's action was disclosed Wednesday when State Atty. Gen. Louis J. Lefkowitz filed an answer to the complaint in State Supreme Court "on behalf of the wards of the state."

Sutton, one of the most colorful of modern-day criminals, is serving a 30-year-to-life sentence after a long career of holding up banks and escaping prison.

He was convicted in 1950 of a \$64,000 Queens bank robbery. Arnold Shuster, the youth who tipped police to Sutton's whereabouts, was murdered. Sutton has denied any knowledge of the still unsolved murder.

Sutton claims in his complaint that when he set up the fund—said to be more than \$100,000—he was tired and couldn't think clearly enough to understand legal terms. He said he was "duped" into cutting off his daughter from receiving any of the proceeds.

New Delhi Planned City

NEW DELHI — Like Washington, D.C., and Brasilia, Brazil, New Delhi, India, was planned and built to serve as a national capital. The seat of government was moved here in 1912 from Calcutta.

WARREN COVINGTON

Climb Peak in Colorado for 1st Time

ESTES PARK, Colo. (AP) — "First ascent of the diamond."

That comment in a logbook at the summit of 14,256-foot Long's Peak today marks a feat never before accomplished in 92 years that climbers have been scaling the Rocky Mountains.

The entry was made Wednesday by Robert Kamps, 27, North Hollywood, Calif., schoolteacher, and David F. Rearick, 28, of Pasadena.

The two spent 53 hours inching their way up a 1,000-foot precipice on the east face of Long's Peak, a landmark on the eastern fringe of the Rockies.

The perpendicular formation is roughly diamond-shaped and has been known to climbers for years as the Diamond.

Kamps and Rearick began their assault Monday. Tuesday night they slept on a ledge so narrow they had to rope themselves to it. They endured violent winds and rain.

They pounded pitons into the mountainside to hold their ropes.

Finds Controlled Lighting Booms Laying of Eggs

DAVIS, Calif. (UPI)—A poultry researcher said Thursday that controlled lighting for laying flocks had brought a 45.8 per cent rise in cash income from egg production.

Manfred F. Lavinich, poultry nutritionist at the Cargill Nutrena Research Farm, Elk River, Minn., revealed results of his two-year experiment at the 8th annual meeting of the Poultry Science Association here Thursday.

He said his tests—believed to be the first such full-scale studies of the economics of controlled lighting for laying flocks—proved that optimum quantities of light are basic to efficient egg output.

His process increases the "day light" hours of a laying flock during the productive portion of a hen's life.

The researcher reported that the Cargill-Nutrena light rationing experiments differed from others in that his test group received only six hours of light daily from 8 to 20 weeks of age, then 18 minutes increments each week for the next 52 weeks.

The other flock, under more conventional lighting, received 18 hours daily from 8 to 30 weeks and 14 hours daily through the laying period.

He said the specially-lighted group laid an average of 251 eggs during their production life—10.8 per cent more than the other flock. Large premium eggs made up 33 per cent of the test flock, some 21 per cent more than the normal birds.

The test flock consumed more total feed per bird, but 6 per cent less for each dozen eggs produced.

U.S. Lashes Out at Castro Land

Says Cubans Harass and Arbitrarily Detain American Newsmen

WASHINGTON (AP)—The United States Thursday accused Cuba of deliberately seeking to "molest, harass and arbitrarily detain U.S. reporters."

State Department press officer Lincoln White made the accusation while discussing the release of Charles Wiley, a New York radio newsmen, by Cuban authorities.

White said Wiley has been deported from Cuba and that no charge ever was made against him although he was held for eight days.

"His case," White said, "was the most recent of a series of deliberate acts by Cuba to molest, harass and arbitrarily detain U.S. reporters."

The State Department, he said, has expressed its "grave concern" over these incidents on June 17 and again on July 15, when formal notes of protest were sent.

"In each instance," White said, "when a correspondent has been detained, our consular officials in Havana have sought to obtain his prompt release."

White said that Cuba had not, to his knowledge, responded to the July 15 note about the arrest and expulsion of three U.S. correspondents, Cuba did reply to the June 17 note, he said, by declaring on June 20 that "since January 1959 Cuba has maintained unrestricted freedom of press, free from any censorship, monopoly or control."

Flint Man to Oversee Aviation Information

LANSING (AP)—The appointment of Ward J. Maynard of Flint as supervisor of aviation information has been announced by the State Department of Aeronautics.

Maynard, 36, is president of the Michigan Valley Pilot's Association and is a member of the news and special events staff of Flint television station WJRT.

12-Year Old Kills Kin With Poison Dinner

DANIA, Fla. (AP)—Three Negro children died after eating a lethal luncheon of guava fruit, pancake flour, onion, spice and roach powder prepared by a 12-year-old brother.

Ernest Nuby Jr. could not explain why he added the poison—parathion—to the concoction Thursday.

Deputy Sheriff Jim Spears said Ernest apparently didn't realize what he was doing.

The deaths were termed accidental by coroner's officers. The victims were Dorothy May, 4, Marilyn Juanita, 9, and Charles, 11.

Two others who ate the mixture, Alan 6, and Sharon, 11, received medical treatment in time to save their lives.

The parents, Mr. and Mrs. Ernest Nuby, left young Ernest in charge when they left for work.

Upper Volta Joins List of Free Lands

QUAGADOUGOU, Upper Volta (AP)—Upper Volta, not even marked on maps 16 years ago, today became the world's newest independent nation.

The sparsely settled inland state in former French West Africa is half the size of France but has only 3½ million people. It is the third French African territory to become independent this week, as part of a process which will see all French African territory except Algeria independent by November.

However, all the new states are remaining in the French Community, a loose association similar to the British Commonwealth.

The State Department, he said, has expressed its "grave concern" over these incidents on June 17 and again on July 15, when formal notes of protest were sent.

"In each instance," White said, "when a correspondent has been detained, our consular officials in Havana have sought to obtain his prompt release."

White said that Cuba had not, to his knowledge, responded to the July 15 note about the arrest and expulsion of three U.S. correspondents, Cuba did reply to the June 17 note, he said, by declaring on June 20 that "since January 1959 Cuba has maintained unrestricted freedom of press, free from any censorship, monopoly or control."

Copter Fire Rescue in Vain, Youth Dies

BROWNFIELD, Tex. (AP)—The dramatic helicopter rescue of a 17-year-old youth from a window in a blazing grain elevator here was in vain.

Philip Reeves of Cotton Valley, La., died Thursday of burns suffered July 19 when twin explosions and a raging fire ripped through the big elevator. Five other men also died in the west Texas disaster or died later of burns.

Young Reeves clung to a window 230 feet above ground for more than two hours screaming at spectators, "Help me! Help me! I'm burning to death!"

Finally, when a helicopter from Reese Air Force Base at Lubbock, Tex., maneuvered close, Donald Ethington, 28, snatched Reeves from the ledge.

Dave Gillanders Qualifies in Swim Trials

County Gains 2nd Olympic Representative

Royal Oak Ace Gets Berth in Butterfly Event

Only 2 Michigan Men in Games Thus Far From Oakland County

By BRUNO L. KERNAN

DETROIT — Oakland County gained its second representative to the Olympic games last night when Royal Oak's Dave Gillanders qualified in the 200-meter butterfly event of the U.S. Swimming and Diving Trials at Brennan Pool.

Gillanders joins Pontiac's Hayes Jones who qualified with the U.S. track team. The Oakland County men are Michigan's only two male representatives thus far.

The Royal Oak swimmer, who is the Pan-Am 1959 butterfly champion, was one of four who bettered the world record in the event in last night's finals.

Mike Troy, who set the world mark of 2:15.0 in the AAU games last month, won the event in 2:13.2. Gillanders took the second berth in 2:14.6.

In third place was Tony Tashnick, a teammate of Gillanders at the University of Michigan, in third place with 2:15.5 and Lance Larson in 2:16.8.

The existing world mark is 2:14.6. Troy's mark in the AAU had not been approved as official yet, but he holds the existing record.

Gillanders, a 5-foot-11, 135-pound senior next fall at Michigan, started slowly. He was a distant sixth after the first lap, which was led by Larson, the 10-meter freestyle champion.

With 40 meters to go, Gillanders finally pulled even with Tashnick who was in the next lane and in the second spot. In the last 10 meters he pulled ahead and finished 1.5 seconds ahead of Tashnick.

"I figured if I stayed in line with Tony's feet, I'd be in pretty good position, because I know he would be in the race all the way. When I saw I was even with him, I decided to give it all and try to make the break," said Gillanders.

An exciting race developed in the men's 100-meter backstroke. Bob Bennett, the top qualifier, was also the final winner as he set a new American record in 1:04.4.

Olympic veteran Frank McKinney of Indianapolis was second in 1:07.2.

Two surprises developed in the women's 100-meter butterfly and the women's 200-meter breast stroke. Nancy Ramsey, the current world record holder, finished a poor 8th in the butterfly which was won by Carolyn Wood in 1:09.4. Carolyn Schuler was a dark horse runner-up in 1:09.5.

In the breast stroke Ann Warner, holder of the U.S. record, took first in 2:53.2 while Patty Kemper, who had the poorest qualifying time, made a surprising finish to take second in 2:56.6.

Pretty Lynn Burke, 17, of New York bettered her own backstroke mark with a world record of 1:16.0 in a preliminary heat.

She, along with Chris von Salza and Miss Warner from one of the country's big trios in women's swimming.

Miss von Salza in the freestyle. Miss Warner in the breaststroke and the top three.

Miss Wood, 14, was the first double winner as she added the butterfly to a second in the freestyle.

Eight men will go in the finals of the 200-meter freestyle led by George Harrison of Santa Clara who won in a time of 2:02.2 in the semi-finals.

Dick Blix was second in 2:04.6 and Bill Darnton of Detroit third in 2:06.5. In 4th place was Doug Rowe in 2:06.1. Tom Winter in 2:05.7 and next was popular favorite Jeff Farrell in 2:05.7.

Steve Clark and John House followed with 2:06.6 each. Six of the eight will go to Rome, with Farrell almost certain to be among the six.

Birmingham's Pete Sinitz, trying to make the trip in the third different event, again failed as he finished 8th in the first heat. His preliminary time was 2:06.7 but he faltered to 2:07.5 in the semi-finals.

Nine final events were scheduled for the last day of the trials. The men's and women's platform diving is the highlight of the morning and afternoon events, along with the men's 1,500-meter freestyle final.

Summaries:

Sharon Miller Wins Title

GRAND RAPIDS, Mich. (UPI)—Nineteen-year-old Sharon Miller of Marshall fired an 81 yesterday to capture the women's Western Michigan Golf Association championship.

Miller shot a 72-hole total of 223, one stroke better than runner-up

FAST BUTTERFLY — Mike Troy of Indianapolis is on his way to breaking his own world record for the 200-meter butterfly last night in the Olympic swimming trials. Troy's time was 2:13.2. His standing mark is 2:16.3 although he bettered that in the AAU in July in 2:13.4. It had not been given official approval as yet.

ON WAY TO ROME — Oakland County got the first Michigan representative in the Olympic Swimming trials at Brennan Pool last night when Dave Gillanders of Royal Oak qualified in the 200-meter butterfly for the trip to Rome. He had a time of 2:14.6 to finish second behind Mike Troy of Indianapolis.

Assured of Consideration for '61

Dykes, Lane in Agreement

CLEVELAND (AP) — Genial Jimmie Dykes comes to Cleveland today to sign a contract to manage the Indians for the remaining seven weeks of the 1960 baseball season.

However, Frank Lane, Cleveland general manager, has assured Dykes he'll be given "every consideration for 1961" if the team shows a "distinct improvement" in the 38 games left on the schedule.

Dykes had threatened not to report to Cleveland unless he also got a contract for next season, similar to the one Joe Gordon held when Detroit and the Indians made their unprecedented swap

of managers Wednesday.

But the 53-year-old cigar-smoking Dykes spoke to Lane for a half hour after the telephone Thursday and the two reached "a very agreeable understanding," Lane said he has made no commitments to anybody for the 1961 managerial job.

"You and I have no misunderstanding. I'll be there (in Cleveland), I'll do nothing to embarrass you," Lane said Dykes will receive a raise of about \$2,000 from his Detroit contract, bringing his annual salary to \$35,000.

Dykes said he plans no changes for the 14-game home stand opening against Baltimore tonight. He plans to huddle with his coaches shortly after signing his contract.

Harvey Kuen, the Cleveland player-representative who played for Dykes at Detroit last season, has asked his teammates to "give a little extra" for the new manager. The Indians, counted on as pennant contenders, are in a deep slump and in fourth place in the American League East.

Bob Minneweaver Takes Position at New School

Former St. Michael athletic director and coach Bob Minneweaver was named to hold the similar positions at the new Our Lady of Laker Lake High School.

The school which will open its doors through the 11th grade next month will have an enrollment of 130 in the three secondary grades.

The school will add its senior year in 1961 and hopes to enter competition in the Suburban Catholic League.

Minneweaver is now working on preliminaries for fielding a football and basketball team this fall and winter.

Head Across Superior

HANCOCK (UPI)—Les and Jean Morris, Berkley, Mich., who have crossed four of the Great Lakes in their 14-foot, 35-horsepower outboard boat, left this morning behind the Isle Royale cruise ship Ranger III for a trip across Lake Superior to Canada. They plan to return tomorrow.

SPORTS

Gordon Takes Over Tonight

Detroit's New Manager Meets DeWitt Today

Tigers Meet Red Sox at Briggs Stadium in Series Opener

DETROIT (AP) — Joe Gordon arrived in Detroit last night without any concrete arrangements for 1961, but the former Cleveland Indian manager is planning to tackle the remainder of the 1960 season first.

He was to meet with Tiger president Bill DeWitt today to make some kind of arrangements. Whether they include 1961 depends on the club's success this year and on his working conditions, Gordon said.

He indicated he wouldn't stand in the way of a manager change next season if the Tigers don't improve, even though it was announced his two-year contract with Cleveland would be continued here.

But Gordon wasn't predicting that the Tigers would continue at their present pace in sixth place. "Things could be better with a little more hitting, they tell me," he said. He promised to give the club's weak hitting attention.

"I'll get out there and swing a bat with them anytime I might be able to help them," Gordon said.

On working conditions, Gordon said he wanted to know the one man to whom he would be responsible. In Cleveland Gordon had direct boss, general manager Frank Lane, slashed often.

The new manager, who came to Detroit in an unprecedented manager trade for Jimmie Dykes, got his first test as Tiger strategist under the lights at Briggs Stadium tonight when Detroit plays the Boston Red Sox.

De Delleck (5-4) is scheduled to go for Boston against Detroit's Frank Lary (10-9).

Babe Ruth Tournay in Session Today

The state finals of the Michigan Babe Ruth League started today with Farmington, the lone Oakland County representative facing Crosswell at 11:00 a.m. this morning.

At 1:30 p.m., on the Grose Pointe University School Field, Northwestern of Detroit was meeting Eastwood, and Ypsilanti drew 4 p.m.

At 4:00 p.m., Ironwood will meet Lincoln Park. The semi-finals Saturday at 11:00 and 2:00 p.m. will be played on the same site, and the finals will be Sunday at 1:30 p.m.

Mosses 150 Ringers

HUNTSVILLE, Ind. (AP) — Kenneth Jensen, St. Joseph, Mich., threw 150 ringers for a score of 497 yesterday to qualify for Class A baseball competition in the world and national horseshoe pitching tournament.

TODAY A TIGER — This is the day Joe Gordon officially takes over the Detroit Tigers after the swap which sent manager Jimmie Dykes to Cleveland. Gordon and his wife arrived in Detroit yesterday and the Tigers meet Boston at Briggs Stadium tonight.

Batter 'Repay's' His Former Mates

It happened so many times only one hit in 2 2/3 scoreless innings, to gain credit for the victory. It was the fourth straight day for the defending American League champions, who dropped 1 1/2 games behind the first place New York Yankees.

In the only other league action, Boston's Red Sox swept an afternoon doubleheader from Kansas City, 5-3 and 9-1. Baltimore, Cleveland, Detroit and New York were idle.

Moore, held by the Sox to the Senators last June, stopped Chicago cold in a relief role, yielding

his major career. At bat, he had a perfect three-for-three, and in the field, he started two double plays and nipped two would-be base stealers.

Early Wynn was tagged with the defeat. The 40-year-old right-hander was sailing along in the eighth and his first complete Thruway in the eighth. Batley followed with his first home run since June 21 to shake Wynn with his eighth defeat against seven victories.

Veteran first baseman Vic Wertz drove in six runs, three in each game, and right-handers Bill Monbouquette and Earl Wilson turned in fine mound performances to help the Red Sox pull two games away from the last place Athletics.

Wertz' three-run homer in the opener paved the way for Monbouquette's 12th victory. John Briggs, making his first start since purchased from Cleveland, was the

winning pitcher. Wynn, recalled from Minneapolis last month, registered his second and major league victory in the eighth and his first complete game. Catcher Jim Pagliaro, who just reported to the Red Sox from Spokane contributed a two-out strike, and pitcher Monbouquette ran down the first inning for Bud Leslie, John Hadler and Lee Miller. The association convenes the first Tuesday of each month.

Doctoring Your Golf

By DR. CARY MIDDLECOFF
PATIENT'S COMPLAINT: "Floundering around in the rough."

DIAGNOSIS: Choosing the wrong club.

TREATMENT: The slick Judge says the grass in the rough is a more important consideration in choosing a club than the depth, although both thickness and depth are factors to be considered.

In thin rough, if the lie is fairly decent, a 4-wood can often be used for getting out with maximum distance. But if the rough is thick—and always when the lie is bad—an iron should be chosen.

The reasoning is that the head of the wood can part the grass and move through it if the grass is thin. In thick grass, however, the clubhead must CUT through the grass in order to contact the ball.

In playing shots from the rough, it is always best to be on the safe side. Judge your position from the standpoint of grass thickness and depth. Then take a club with which you are sure you can get the ball up and away. Finally, concentrate on hitting the ball solidly.

Guard against overswinging on this shot. There is always a strong temptation to wrongly try to get something extra into the swing when playing from the rough.

Pistons Have 11 Under Contract

The list of Detroit Pistons' signees for the 1960-61 National Basketball Association season was created today with the arrival of forward Arnie Dees Contract by mail to General Manager Nick Kerhawy.

Dees is only the third holdover from 1959-1960 to sign, but Kerhawy said he expects most of the other veterans to come to terms in the near future. Other members from last year's squad also in the fold are Center Walter Dukes and Forward Bailey Howell.

This will be Dees' third season in the NBA and his second with Detroit. He was No. 1 on Cincinnati's draft list in 1958 following a brilliant collegiate career at Indiana University and was acquired by the Pistons a year later in exchange for Center Phil Jordan.

An 8.2 average scorer with the Royals in 1958-59, Dees boomed his mark to 9.5 in his first full term with the Pistons. At season's end, the 6'8" ex-Hoosier star took over as the club's No. 1 relief man at center and forward.

Dees is only the third holdover from 1959-1960 to sign, but Kerhawy said he expects most of the other veterans to come to terms in the near future. Other members from last year's squad also in the fold are Center Walter Dukes and Forward Bailey Howell.

An 8.2 average scorer with the Royals in 1958-59, Dees boomed his mark to 9.5 in his first full term with the Pistons. At season's end, the 6'8" ex-Hoosier star took over as the club's No. 1 relief man at center and forward.

Dees is only the third holdover from 1959-1960 to sign, but Kerhawy said he expects most of the other veterans to come to terms in the near future. Other members from last year's squad also in the fold are Center Walter Dukes and Forward Bailey Howell.

U. S. WOMEN GYMNASTS — These six women will represent the U. S. in the Olympic games. Miss Gail Sontagarth (top middle) of West Palm Beach, Fla. had the top score of 149.432. Second was Betty Maycock of Parma, Ohio (bottom middle) and third was Mrs. Marjorie Grosfield (top left). Others are Sharon Richardson of Jackson, Mich. (top right); Teresa Montefusco (bottom left) and Doris Fuchs of Rochester, N. Y., (bottom right).

Youngest Doubles Team

MEXICO CITY (AP) — The expect them to come of age, hit their peak any time.

Bernard Barntzen, 32-year-old left-hander from Dallas, is the team's other singles player. Although top-rated, he has been beaten several times this year by 24-year-old McKinley.

The draw to determine opening match opponents will be held late today at the Chapultepec Sports Center, where the matches will be played.

The Mexican line-up probably will be revealed for the first time then. Freed says the team is so young that the captain is having trouble making his choice.

Burt Mario Llanas, veteran of many an international match, seems certain to be one singles choice. The other may be either fast-rising, 17-year-old Rafael Oros, or veteran Tony Palafios.

Teeming Off

By BILL CORNWELL

Take it from a couple of Pontiac's most well-known public golfers who know what they're talking about, those Hawaiians really did out the hospitality. In fact, they almost overwhelmed you.

The authorities on this subject are Mike Andonian and Wally Smith, who recently returned from Honolulu where they competed in the National Public Links golf tournament at Ala Wai Golf Club.

"I've never received such wonderful treatment in my life," enthused Smith, the Royal Oak policeman who bowed out in the first round of match play. "The whole thing was nearly unbelievable," he said.

"Do you think this great display of hospitality was due to the existing situation?" someone asked Smith. "In other words, was it because they were playing host to a national golf event and you were a playing celebrity?"

"No, I don't think so," Smith replied. "I really believe that's just the way they are all the time — to everybody — and I doubt that circumstances have anything to do with it. They just naturally seem to be a friendly people."

The next comment came from Andonian, the Pontiac Central math teacher who went to the semifinals before losing to the eventual champion, Vern Callison of Sacramento, Calif.

"Talk about deluxe treatment," Andonian remarked. "The entire deal was red-carpet all the way."

"You should have seen what they fed us the night before the tournament began," Mike said. "All of the golfers were given a pre-tournament dinner and they served everything from raw oysters to fried bananas. You might not like all of it, but what a spread!"

The newspaper coverage was tremendous, Mike went on. "Our pictures were splashed all over the sports pages every day, especially toward the end when Bob (McMasters of Royal Oak), Ty (Caplin of Plymouth) and myself had a chance to win the title. They really made a big deal out of it."

How would they like to live in the 50th state of the union? "Not me," said Smith. "I'd feel too hemmed in." Andonian made no comment.

BRAVO, MRS. LALLY:

It was Mrs. Edwin Lally's turn to win the weekly Women's Silver Lake Golf League competition. Her low net score of 22 was four strokes better than Mrs. Fred Stimpert (Ty Caplin of Plymouth) and myself had a chance to win the title. They really made a big deal out of it."

SHORT PUTTS

Mrs. C. P. Mebas of Pine Lake, Mrs. Floyd Schoonover of Plum Hollow and Mrs. Arthur Redmond of Western competed in the women's Western Amateur last weekend at Kansas City.

The new champion of the President's Cup handicap tournament was

WATERLOO, Iowa (AP) — The best round of her career gave 23-year-old Wiffi Smith a two-stroke lead going into the second round of the Waterloo Women's Open Golf Tournament today.

The St. Clair, Mich., professional blundered the Sunnyside Country Club course with a 68 in the first round Thursday, one-putting eight greens and scoring five birdies and an eagle. She bogeyed one hole.

Wiffi needed the blazing round to stay in front of the field of 27 professionals and 13 amateurs who found the course an easy mark. The worst score was an 83. Men's par is 72.

Leading the challengers was Mariene Bauer Hage of Delray Beach, Fla., with a 68. Tied at 70 were Mickey Wright of San Diego, and Marie MacKemie of Pinellas Park, Fla.

Betsy Rawls of Spartanburg, S. C., the defending champion, had a 38 on the front nine and wound up with 73, for a tie for 12th.

Top-Seeds Clash in Semifinals of Jaycee's Tourney

MIDLAND, Tex. (AP) — The four top-seeded players, following predictions to perfection, square off today in the semifinal round of the seventh International Jaycee Tennis Championships.

Only Butch Newman of San Antonio was extended in quarterfinals play Thursday, needing three sets to beat Fritz Schmekel of Orlando, Fla., 3-6, 6-3, 6-3.

Newman, seeded fourth, faces top-seeded Paul Palmer of Phoenix in today's feature. Palmer rolled over John Hedrick of Garden City, N. Y., 6-1, 6-3 Thursday.

Dave Reed, La Jolla, Calif., seeded No. 2, meets Clark Gracner, Lakewood, Ohio, in the other semifinal.

THURSDAY'S STARS

By The Associated Press
BATT—Seri Bittay, Hungary, battered a 10-11 winner in the eighth round for 2-1 victory over the White House.

PITCHING—Ray Adcock, Cardinals, 16-year-old outfielder, batted a 10-11 winner in the eighth round for 2-1 victory over the White House.

North County All-Stars Begin Drills Tomorrow

Physical Exams to Be Held at Wisner Tonight

North Coaches to Meet Squad; Plan 2 Drills Tomorrow

The Oakland County High School Football All-Stars will get together tonight on friendly terms when they take their physicals at Wisner Stadium at 7:00 p.m.

Tomorrow the prep stars head for their respective training camps. The North team under coach Leon Hart has two workouts planned for Saturday at Wisner at 9:00 a.m. and at 3:00 p.m.

Sunday the North team will practice at 1:00 p.m. and during the week the drills will be starting at 7:00 p.m. at Wisner. Hart and his assistant Jack Simmons will be on hand to meet the North squad tonight during the physicals with a short meeting before planned.

The South coach Lou Creekmur returns from vacation Saturday, but his assistant Wally Frankmeyer is expected to be here tonight to meet the South County stars.

The South team will get its first practice session started Sunday afternoon.

A squad of 33 North players has accepted invitations to play in the game, August 10th at Wisner Stadium. The South has 30 players.

Hart has mailed training instructions to players from the North, and at the meeting Saturday morning he will go over his sheets of plays.

Tickets for the All-Star game have been selling briskly at various locations around the county. Prices are \$2.00 for reserved seats and \$1.25 for general admission.

They're Stealing Dodgers' Act as They Win 7th in Row

Cards Another 'Cinderella'?

By The Associated Press

"Los Angeles did it last year. Why can't we do it this year?" That was St. Louis Manager Solly Hemus' reply today when asked whether he thought his Cardinals could make the jump from seventh to first place in one year.

Solly was right about the Dodgers, of course. But whether he's right about his Redbirds is something else. The odds are overwhelmingly against him. After all, only the 1956 Yankees, 1946 Red Sox and 1959 Dodgers were able ever to leap from seventh to first in one year.

No club in modern major league history ever has climbed from last to first in one year. Hemus, the eternal optimist, laughed at the odds.

"What would you say the odds were last spring against our being in second place this late in the season?" he asked.

That's exactly where the surprising St. Louis club landed Thursday night after knocking out Milwaukee 4-2 to sweep the three-game series and extend its winning streak to seven. It's the Cards' longest streak since May of 1958, when they were managed by Fred Hutchinson.

The defeat was the Braves' fourth straight, seventh in the last eight games, and dropped them into third place, half a game behind St. Louis and four lengths back of Pittsburgh.

The Pirates defeated the Dodgers 4-1 to remain 3½ games in front of St. Louis. San Francisco came from behind to nip Philadelphia 8-7, and the Chicago Cubs downed Cincinnati 5-3.

It was a day of "firsts" in the National League. The Cards shipped Bob Buhl for the first time this season, cutting all their runs and six of their seven hits.

Defending champion Ed Stewart, of Greensboro, N. C., was in fifth place with a 72-79-73-224.

Johnny 'O' Inks New Pact With Washington

LOS ANGELES (AP) — Full-back Johnny Olaszewski dispelled rumors that he was about to be traded when he signed a new contract with the Washington Redskins Thursday.

Olaszewski had been holding out for better terms but has been settling daily with the Redskins at Occidental College. This will be his third season with Washington.

Asked if Olaszewski got a raise, a Redskins' official said only, "I would think so."

off the Milwaukee right-hander, who departed after six innings. He has beaten them twice.

Ray Sadecki, 18-year-old southpaw, hurled a shattering and registered his sixth victory with a pair of singles. Ken Boyer drove him home in the third with a single and Joe Cunningham did the same in the fifth. Rookie second baseman Julian Javier, who has been an important factor in the Cards' drive since he joined them on May 28, tripped and scored the first St. Louis run.

George Witt posted his first victory since Sept. 3, 1959, for the Pirates in the rubber of the three-game series with the Dodgers.

The red-haired right-hander, who has been troubled with a sore tendon near his right shoulder, permitted only five hits in six innings. Elroy Face finished up.

Rocky Nelson's homer and Dick Groat's sacrifice fly, following Buhl's triple, snapped Don Drysdale's six-game winning streak and enabled the Pirates to defeat the right-handed ace for the first time this season. He has beaten them twice.

Willie McCovey's first hit since his recall by the Giants—a two-run pinch-hit triple—climaxed a five-run rally in the seventh inning that enabled the Giants to overcome a 7-3 deficit. Willie Mays and Orlando Cepeda each had three hits as the Giants salvaged the last of the four-game series from the Phillies. Johnny Antonelli won his fourth game in 10 decisions, burling two-hit ball in 4-23 innings of relief.

Tony Gonzalez drove in four runs for the losers.

Bob Will drove in two runs with a single in the seventh to break a tie and give the Cubs their third victory in the four-game series with the Reds.

The most damaging blow, however, was thrown by the Reds' Billy Martin. Objecting to a close pitch by rookie Jim Brewer, whom he claimed deliberately threw at his head, Martin first flung his bat toward the mound, then charged out and clipped Brewer under the right eye.

The 22-year-old southpaw rookie suffered a fractured orbital bone. He is expected to be out for a month. How long Martin will be out or how much he will be fined, has not yet been determined.

National League President Warren Giles has taken the matter under advisement.

Palmer said he was having trouble concentrating, but expected to get into the swing today. He complained about his wedge shots.

Kenny Lane Has Date With Towhee Sept. 4

MUSKOGEE, Mich. (AP) — Southpaw boxer Kenny Lane, a former top lightweight contender, has a tentative date Sept. 4 to meet Willie Tower at Johannesburg, South Africa.

First, however, he is scheduled to box Aug. 16 at Miami Beach, Fla., in a 10-round match with Doug Valiant, ranked third in the lightweight class. The matches are a test of Lane's comeback hopes.

The Muskogee fighter slid from the lightweight division's upper echelon shortly after losing a 15-round decision to champion Joe Brown two years ago.

Going into today's second round of the 72-hole tourney, the stocky pro from Overland Park, Kan., holds a one-stroke lead over Dick Knight, Apple Valley, Calif., and Don Fairfield, Jacksonville, Ill.

Rosburg was as hot as the sun that burned the course. The longest putt he canned was a 25-footer on the 12th. Two were 5-footers and the others "real close."

Down the list among the big wheels are Doug Ford, Crystal

WETHERSFIELD, Conn. (AP) — A surprised Bob Rosburg, last year's National Professional Golf Association champion, is setting the pace today in the \$30,000 insurance City Open.

He posted a brilliant six-under-par 65 in the first round at the Wetherfield Country Club Thursday. He had six birdies and seven one-putts. He missed the green only once.

The 33-year-old veteran pro was surprised for two good reasons. He has been playing mediocre, for him, this season, and the tight 65-68 par 35-36-71 course here has been a jinx.

"I've played here five times so far, and have yet to win a penny," said the 5-11, 185-pound Rosburg. He has won \$6,310 so far this season.

He played here five times so far, and have yet to win a penny," said the 5-11, 185-pound Rosburg. He has won \$6,310 so far this season.

Lions Plan Full Scrimmage Sunday

Williams Breaks Hand Bone in Thursday Drill

First Exhibition Game Next Friday Against Cleveland Browns

A pair of minor injuries marked a half hour play-testing scrimmage by the Detroit Lions yesterday, benching two newcomers for a few days.

Rookie linebacker Jack Laraway suffered a slight shoulder separation and defensive end Sam Williams, who came to the Lions from Los Angeles, broke a bone in his right hand.

Doctors said Williams would be out for three or four days. Laraway was expected back by Sunday.

Coach George Wilson said he would cut several this weekend, probably after Sunday's full scale scrimmage. The Lions play their first exhibition game Aug. 13 here against Cleveland.

Wilson said Jim Ninowski and rookie Warren Rabb quarterbacked during yesterday's workouts and Earl Morrill and Robert Newman would probably play in the game today.

"We will probably start using Rabb as a defensive halfback next week," Wilson said, "we have to start working him in soon."

Lazio line coach Aldo Forte, 250-pound center Bob Scholtz, a third round draft pickup from Notre Dame.

"In the brief time Scholtz has been in camp," Forte said, "he has done everything we asked of him. Bob has shown us a lot and I predict he'll play a lot of football for us this fall."

Forte dismissed some early scout reports to the contrary with, "they must have been looking at someone else."

Medalist in Western Golf Quarter-Finals

DULUTH (AP) — Medalist Phil Rodgers, 23-year-old student from San Diego, Calif., drilled into quarter-finals of the Western Amateur Golf Championship Thursday with a 2 and 1 victory over Leo Spooner, Duluth clothing salesman.

Rodgers, a husky blond, withered at first under three straight birdies by Spooner and was 4-down after 10 holes in the opening round match play. But he rebounded to win three consecutive holes with two pars and a birdie pulling even on the 11th with a 10-foot birdie putt.

The Marine was 2-under-par for the 35 holes over Northland Country Club's 6,728-yard, par 71 course.

District Gals Too Tough for Metropolitan Golfers

The Women's District golf squad was too much for the Women's Metropolitan team Thursday in their inaugural inter-association match at Detroit Golf Club. The WDGA ladies handed the WMGA a 31-4 1/2 trouncing.

Medal honors in the 18-hole event went to Mrs. John Hume of the WDGA. Mrs. Hume shot 18. Mrs. H. G. Marquardt and Sally Sharp, also WDGA players, followed with 20 and 21, respectively. Mrs. Joseph Koss paced the WMGA golfers with 32.

MSU GATHERING — There's an alumni association of former Michigan State football players in the Detroit Lions' camp at Cranbrook. Gathered are left to right, Earl Morrill, QB; Gary Lowe, HB; Jim Ninowski, QB; Walt Kowalczyk, FB and end Sammy Williams. Williams suffered a bone fracture in the hand yesterday.

Matches Zinn's 69 at Forest Lake

Green DDGA Co-Medalist

Orchard Lake's Pete Green and Jack Zinn of Red Run shared 18-hole medal honors Thursday in the 18-hole opening round of the annual Detroit District Golf Association match play championship at Forest Lake Country Club.

Green, the 19-year-old Franklin High School golfer, and the veteran Zinn each carded a two-under-par 69 to lead the field in today's opening round qualifying rounds for the annual Detroit District Golf Association match play championship at Forest Lake Country Club.

Summerville honors were shared by Red Run's Tom Draper, Tony Skaver of Meadowbrook and Indianapolis' Don Cochran Jr. They were tied with 71.

Deadlocked at even par 71 were Tommy Grace of Detroit Golf Club and Harold Brink from Grand Rapids.

Green, a University of North Carolina sophomore and a former links star at Birmingham Seaboard High School, fired three straight birdies on his round and missed a 4th when a 4 1/2-foot putt didn't quite reach the cup.

Summerville in last spring's North and South Amateur tournament and the new club champion at Orchard Lake, Green is entering the DDGA tourney for the first time.

Zinn had four birdies, two bogies and an eagle three. His eagle came on the 18th hole where he knocked an 80-yard wedge shot into the cup.

Defending champion Bud Stevens, exempt from qualifying, and yesterday's low 31 shooter, began match play today. Stevens is seeking his 3rd straight DDGA crown.

Two rounds of match play are slated today and Saturday with a 36-hole championship battle set for Sunday.

Winning Tennis Debuts

DEAUVILLE, France (AP) — Robert Hallett of France and Andres Gimeno of Spain, the two newest recruits in Jack Kramer's professional tennis troupe, made winning debuts Thursday.

Hallett defeated Mal Anderson of Australia, 6-4, 6-3. Gimeno defeated Alex Gimeno of Peru, 6-1.

Olympic Mat Candidates Reach 'Do-or-Die' Stage

NORMAN, Okla. (AP) — They get down to the do-or-die part of the U.S. Olympic wrestling elimination tonight.

Holding the spotlight are the bouts between Terry McCann of Tulsa and Dave Aulsebrook of Ithaca, N. Y., at 125 1/2 pounds freestyle, and Doug Blubaugh of Proctor City, Okla., and Phil Kinyon of Stillwater, Okla., at 100 1/2 pounds freestyle.

McCann defeated Aulsebrook in unanimous decision Thursday to set up tonight's winner-take-all match. The ferocious little McCann changed his usual role of aggressor and let Aulsebrook come to him. It worked well, McCann catching the current NCAA champion wide open for a split second and every nearly pinning him early in the match.

Blubaugh and Kinyon fought their eighth and ninth draws in as many matches, three of them during the Olympic tests. The Olympic committee decided after their second draw Thursday that if they tie tonight, the four judges will vote on which wrestled the better match. If Blubaugh wins, he gets another crack at Kinyon Saturday. If Kinyon wins, he goes to Rome.

The same situation applies in freestyle heavyweight, where big Bill Kernake of Cleveland, and even bigger Hallow Wilson of the Navy have fought three straight scoreless ties in the past two days. Because he is ranked first, Kernake needs only one victory, while Wilson needs two.

Another top match is expected between Shelby Wilson of Ponca City and Frank Butcher, a 156 Olympian, of Ithaca, N. Y. Wilson needs two victories against the top ranked Butcher, who still is recovering from a serious shoulder injury.

Wilson already has a trip to Rome sacked up. He won the 147 1/2-pound Greco Roman berth earlier this week. But he prefers freestyle.

Sorry Folks, No Fight

LOS ANGELES (AP) — Fire, smoke and a power failure halted a boxing card at the Olympic Auditorium Thursday night.

The basement fire, discovered during a semifinal match, was extinguished quickly by firemen, but forced more than 3,000 fans to leave the building. The main bout, between featherweights Ricardo Gonzalez of Argentina and Hans Aever of Los Angeles, was postponed until Tuesday.

Brundage Will Retire as President of IOC

CHICAGO (AP) — Avery Brundage, who has served eight years as president of the International Olympic Committee, Thursday said he is not a candidate for re-election when the votes are cast at the opening of the 1960 Games in Rome this month.

Use Garden Redwood for all your garden needs. It's attractive, long lasting and inexpensive, too. Perfect for all your lawn and garden furniture.

Farm and Garden News

That 'Ole Debil' Crabgrass Rears Its Head Again

At this time of the year, ninety per cent of America's top lawns ten times ten thousand crabgrass seedlings have come out full fledged digitaria sanguinalis because spring pre-emergence control did not adequately destroy the seeds before or as they were germinating.

Just as long as the weather is nice and warm and the soil temperature remains above 55 degrees, gardeners in most areas can expect to see crabgrass sprout from mid or late May throughout the summer. And, sprout, it does, growing taller with speed almost perceptible to the naked eye and at the same time broadening and crowding out good turf at the grass roots level.

Modern chemistry's answer to the crabgrass problem is a fast-acting, selective post-emergence chemical, which can be applied in early or mid-summer to destroy the weed before or after it becomes established.

Crab Grass Killer is a mixture of acetyl and doctyl ammonium acetate (AMA), which begins to destroy crabgrass in three days as opposed to the usual four to five days. Properly used, it offers home gardeners a second chance to acquire a healthy, springy lawn and for best results application has to be accurate, direct and thorough.

Before applying, determine the square footage to be treated. This can be done by multiplying the length of the area by the width (for example, the area 20 ft. by 30 ft. contains 1,000 sq. ft.), then prepare an accurate solution for the area to be treated by following mixing instructions on the label. Apply as a wet spray, thoroughly wetting all crabgrass plants. Be sure soil is moist before treatment, and keep lawn mowed at 1" to 1 1/2" during a treatment.

During dry spells, water lawns thoroughly before application is made, but discontinue watering for two days after application. However, normal rainfall after application will not affect results. Newly seeded lawns should not be treated until after the third mowing.

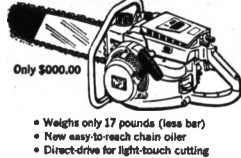

Lawn owners will know that Crab Grass Killer is working by certain turf appearances. After the first treatment, crabgrass will turn light yellow, then brown in three to five days. After second treatment, it will continue to wither until dead. Mature crabgrass generally requires two applications, repeated at seven day intervals.

Trees Can Get Off-Color Too!

Tree leaf reading can help foretell the future for your landscape. The color-sensitive tree expert often sees clues into what may be wrong with woody plants from studying barely perceptible variations in the green of a leaf.

This is why it is important to call in the experienced tree man when a tree is obviously off-color at this time. In mid-June, only at the start of their most difficult work, trees should sport their lush, greenest foliage, advises R.L. Smith, field representative of the Davey Tree Expert Co. Otherwise, there is a deficiency of one kind or another.

The tree doctor often can identify the specific shortage by the leaf color, which is quite a trick. Deficiencies may range from lack of light to a shortage of mineral trace elements.

Tree treatments that also affect the greenery include girdling roots, boron injections, scale insect depositions, malnutrition, fungus and bacterial diseases, and many others. The knowledgeable arborist makes no snap decision when turning over a new, or old, leaf.

He'll not only examine for color and size, he'll measure twig growth, check for bark fissures and fruitfulness and dig below ground level for new root growth. That's not all. He'll also look for insect injury past and present, decay and structural weaknesses and anything else that could be causing trouble.

There is almost certainly one thing he'll prescribe for an ailing tree. It's a mid-summer feeding with a tree food high in nitrogen content. This will fortify the tree's resistance to what may be affecting it.

Norway claims to have more large recorders per 100 fathoms than any other country and to be a leading exporter of them, Oslo reports.

Well Timed Sprays Curb Scale Pests

Certain insects follow a disciplined diet, lots of greens in the Summer and a heavier diet in the Fall. The worst and hungriest of these tree invaders are the unarmored scale insects of the Lecanum type — and they're not what the tree doctor ordered.

Now in the crawler stage, some of them are feeding on the underside of leaves. When Summer wanes, they'll move over on branches and trunks and dine on wood.

H. A. Toney, field representative of the Davey Tree Expert Co., warns it's best to apply malathion sprays while they're young and soft and vulnerable. While they're not arming at any time, their bodies become thicker and harder with maturity. It's generally a good idea to repeat the spraying in two or three weeks for complete control.

Look at New Varieties You'll Plant Next Year

By EARL ARONSON

Now that most of us have finished our planting, let's take time out to check on some of the new items in the garden world, and what the future will offer. Horticulturists are busy developing new strains of plants for us. They are searching for roses that will be more rugged and require less care. They are working to provide strawberry plants that will withstand the severe cold of the northland.

They have broken through the million-blockade to introduce a "Cash-a-type" that will mature early even in New England. They are experimenting with a watermelon plant that will ripen before heavy frost, and a tomato that is easier to plant and thin out. Another vegetable of the future is a dwarf pea with edible pods.

A watermelon with a built-in ripeness indicator. The midge turns from green to a golden color when it is ready for your table. This melon, of a size easy to handle and store in the refrigerator, matures in 65 days and has high sugar content.

Another new early watermelon is the New Hampshire Market Midget, which has a light green skin, matures early, is quite productive and sweet. It has kept in the field after frost.

Sweetheart beet is a new late extra-sweet variety, solid and deep red. It is a cross of Detroit, Dark Red and a white sugar beet from the Red River Valley of the Southwest.

A compact bush squash of Taber Queen type is Sweetnut. It has edible seeds considered nutritionally equal to peanuts. This fine-flavored squash is a cross between bush summer squash and a German pumpkin with uncoated (naked) seeds.

If you have water-kill troubles with strawberry plants, try the new Chief Benard next time. It has been known to survive 50-degree below-zero cold of Minnesota.

The University of Minnesota also has developed Park blue-grass

Prime offenders against the landscape are the European fruit lecanium, the torus scale, European elm scale and the cottony maple scale. They're on the rampage this summer partly because unfavorable early spring weather retarded applications of dormant oil sprays in many areas.

Heavy infestations of the pests will kill entire branches of trees and shrubs. There are many instances where the scouring scale populations sound the death knell of woody plants.

Week-end gardeners should remember best time for control measures is when the insects are young and tender and most susceptible to contact sprays. It will pay to declare war on them at once.

Chrysanthemums Like Fertilizing

Chrysanthemums seem awfully easy to grow, yet here is a pet which may help them be even better. Sometimes older clumps seem to get thick with a lot of small flowers. The color is just as good, but size is poor. A mid-summer fertilizing makes a remarkable difference with flower size. Mums seem like lawn grass. When well fertilized they seem to grow better, have more attractive leaves and larger clumps of blossoms.

Lawn fertilizer seems especially effective for this task. For new plants, a heaping tablespoon of fertilizer, while a large clump will require three or four spoonfuls. Spread the fertilizer on top of the soil near the clump, then water in to thoroughly soak the soil.

Where large clumps occur, overcrowding frequently occurs. Very often large clumps will have some shoots that are vigorous and large, while some of the shoots will be thin and spindly. Removal of these spindly shoots greatly strengthens the larger plant, and greatly adds to the color and size of flowers.

Recognize Your Insect Enemies

APHIDS (Plant Lice)
Soft bodied insects about 1/8" long. Green, pink, red or brown in color. Usually found at tips of young shoots in clusters. Reduce plant vigor, curl or distort leaves and buds, cause malformation of flowers by sucking plant juices. Controlled by spraying with nicotine sulphate (Black Leaf 40) as soon as infestation is noticed.

RED SPIDER MITES
Extremely tiny mites. Found generally living in swarms on undersides of leaves. Their attack causes paling or browning of foliage. Red spots first appear on upper sides of leaves then entire leaf reddens, curls and drops. For control, spray with 10 per cent Malathion or spray frequently with a strong stream of water.

ROSE LEAFHOPPERS
Soft bodied insects with slender shaped body, not over 1/2" long. Yellowish-white in color. Cause leaves to wither and curl. Kill tender plant tips by draining plant juices. Repeated spraying with nicotine sulphate (Black Leaf 40) is recommended for control. Take care to spray both tops and undersides of leaves.

ROSE CRABER
Hard shelled beetles with very long legs. Grayish-brown in color. Generally between 1/2 inch and 1 1/2 inch long. Found in clusters feeding upon flowers. Very destructive to roses and iris too. Controlled by frequent dusting with Rose Leaf Floral Dust.

THRIPS
Slender shaped, hairy insects. Yellowish to brownish in color. Cause flower petals to become flecked and discolored. Deform flowers by feeding on their tender parts. Thrips can be controlled by weekly sprayings with nicotine sulphate (Black Leaf 40). Their spread can be prevented by disposing of blossoms that have reached their prime.

Press Has New Film Listing Garden Films
Program chairman of the various local garden clubs may be interested to know that the Pontiac Press Garden Editor now has an extensive file of 16mm films and 35 mm slides on garden subjects.

Anyone is welcome to come in and look over this file which is probably the largest one of its kind locally. Many of the films are new and would be welcome additions to programs.

Cold tea makes good fertilizer for house plants and acts as an insecticide, too.

Mowers Like Autos Need Regular Care

Owners of power mowers who have neglected to give their machines the same periodic care they give their automobiles were reminded today that a few simple chores will avoid trouble in the late mowing season — and extend the life of their mowers.

1. Clean out accumulated dust and dirt on the mower and engine. Remove grass and leaves from sprockets and reel or blade.

2. Clean and refill the oil bath after on the carburetor to prevent rust, ring and connecting rod wear. Unscrew the spark plug, clean or replace it, making sure the electrode gap is at the width recommended in the instruction booklet. Then clean the cylinder head fins with a wire brush.

3. Fill tank with fresh gasoline for a four-cycle engine. (Approximately 75 per cent of all power mowing engines are four-cycle.) Change the crank case oil periodically.

4. Adjust cutting units for rotary or reel type mowers. If blades or cutter bars are dull, have them sharpened; a dull tool will bruise the tender tips of grass and cause discoloration.

To check the reel type, hold a glass of water between the knife blade and the reel and slowly turn the reel by hand. If correctly adjusted, each blade will cut the paper along the entire cutting unit. If not, adjust as the manual suggests.

It has happened fast. In fact, almost overnight, these new cluster-flowered roses have become about as important as our standard garden roses of the past fifty years, the Hybrid Teas. Just consider that even the name "Floribunda" is less than ten years old.

The reasons for all this are simple ones. First, few if any plants have the ability to bloom so freely over such a long period of time. Months after months during the entire spring, summer and fall, the plants are covered by big bursts of flower clusters which follow one another in rapid succession.

Secondly, Floribundas once planted are permanent. They are quiet and do not require a lot of special care outside of requiring a bit more water and fertilizer.

Floribundas Are Growers' Pets

Now, whenever there is gardening talk, Floribundas are almost certain to figure prominently in the discussion. And well they should, because this new and fascinating race of roses makes it possible to do with roses many things which were heretofore not possible.

It has happened fast. In fact, almost overnight, these new cluster-flowered roses have become about as important as our standard garden roses of the past fifty years, the Hybrid Teas. Just consider that even the name "Floribunda" is less than ten years old.

The reasons for all this are simple ones. First, few if any plants have the ability to bloom so freely over such a long period of time. Months after months during the entire spring, summer and fall, the plants are covered by big bursts of flower clusters which follow one another in rapid succession.

Secondly, Floribundas once planted are permanent. They are quiet and do not require a lot of special care outside of requiring a bit more water and fertilizer.

PET DOCTOR

By A. W. Moller, D.V.M.

Marc Connelly OK; Pains Not Appendicitis

BROCKPORT, N.Y. (U) — Playwright Marc Connelly, stricken with abdominal pains that prevented his appearance in a stage show, was released from the hospital Thursday.

A hospital spokesman said the attack was not appendicitis as had been feared. Connelly, in his 70th year, was to have been narrator in "Our Town."

'Seals' Cut Water Loss

WASHINGTON — The United States Bureau of Reclamation, trying to find a way to halt evaporation from artificial lakes and reservoirs in the West, has poured 200

compounds on test lakes. So far, ethyl and steryl alcohol have been found to seal the water in best.

(The world's first railroad train to be run by electricity was 1887, stated in the United States in 1887.)

Bridge to Be Covered

TRENTON — New Jersey's last covered bridge, 88-year-old Green Sergeant's Bridge in Hunterdon County, will be replaced with a steel bridge. But a wooden wall

and a shingle roof will be built over the new structure to mollify traditionalists.

President Franklin D. Roosevelt was a fifth cousin of President Theodore Roosevelt.

Exports Exceed Output

BRASILIA — Brazil's cocoa exports last year totaled 181,000 tons, about 7,000 more than the production that year. Exports in 1958 totaled only 145,000 tons.

CLARKSTON GARDENS

announces the **GRAND OPENING** of its Newest Section featuring "The AMERICANA"

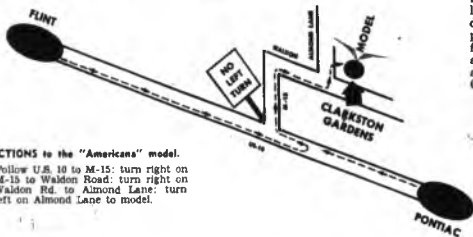

The AMERICANA

F.H.A.

\$750
DOWN

MODEL OPEN: DAILY and
SUNDAY 10:00-5:00 P.M.

DIRECTIONS to the "Americana" model.
Follow U.S. 10 to M-15; turn right on M-15 to Walden Road; turn right on Walden Rd. to Almond Lane; turn left on Almond Lane to model.

In answer to hundreds of requests . . . we proudly announce the opening of another new section of the popular Clarkston Gardens subdivision.

"The Americana" becomes your introduction to the finest suburban living in this area. Choice lots . . . an attractive, spacious ranch style home . . . and the benefits of living in the midst of one of Michigan's leading recreational areas, just 20 minutes from downtown Pontiac and Flint, close to schools, shopping, parks, laundries and churches. Bring the entire family to see "The Americana," we're sure you'll agree that there is no better buy for your money . . . and no better place for your family . . . than Clarkston Gardens.

"The AMERICANA" custom features include:
3 LARGE BEDROOMS • BIG, COUNTRY STYLE KITCHEN, PLUS A SEPARATE DINING EL. • FACE BRICK • FULL BASEMENT • 1½ BATHS, WITH GRADE LAVATORY • ROOMY WARDROBE CLOSETS • LOTS 100' x 150' (FULL ½ ACRE!)

FULL PRICE \$16,500 . . . \$750 Down

for maximum counter space, there's no kitchen like an

ELECTRIC KITCHEN

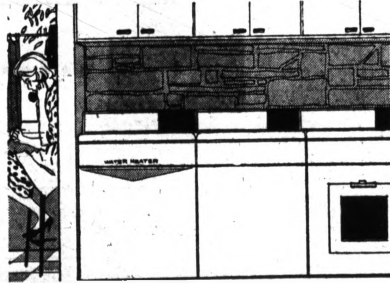

ELECTRIC APPLIANCES GO SO WELL WITH KITCHEN COUNTERS, offer so many installation possibilities. Sometimes they extend counters, sometimes fit beneath. And their time-saving operation frees you for family and community projects.

WASHING DISHES SEEMS SIMPLE AS PUTTING THEM AWAY when you have a dishwasher beneath the counter—especially when it's teamed up with a food waste disposer. They're typical electric servants that cut housework to a minimum.

CLEAN, COOL ELECTRIC COOKING makes any kitchen a more pleasant place to be. Free standing range or built-in units, these electric workers again help make maximum use of kitchen countertop space. Your dealer has a wide selection of models.

AN ELECTRIC WATER HEATER GOES ANYWHERE YOU WANT TO PUT IT! Since it's electric, there's no flame. So it needs no flue—you can fit in unusable corner counter space, put it near the hot-water-hungry washer, even have it disappear under a counter!

STORE FOOD BENEATH, WORK ON TOP. Some refrigerator and freezer models can go under, on or above the counters. Only electric appliances are so versatile, make such efficient use of precious kitchen space. You always have quick, clean, quiet servants when you live better electrically.

It's so easy
to love an

Closer Together Than Many Might Think

Jack, Dick Labor Stands Debated

Editor's Note: How do the great minds of the nation compare? The answer is in the picture on the left. The best looks like the record!

By NORMAN WALKER

WASHINGTON (AP) — Try to chart the Nixon, Kennedy positions on big issues, and you'll find the picture is not all black-and-white. There are gray areas, too. This is true of labor-management problems, as well as many others.

Many a union official will tell you that, if past records are a guide, Richard M. Nixon can be expected to side with employers in any labor-management showdown, and John F. Kennedy with employees.

The labor men point to a number of past decisions to back up this thesis.

An examination of the gray areas, however, turns up evidence for an argument that the two presidential rivals are closer together on some labor issues than is generally imagined.

Either, if elected, would undoubtedly proclaim that he was operating for the best interests of the country as a whole, rather than taking sides in the continuing labor-management conflict.

The newly adopted platforms of both parties, moreover, pledge they will cultivate labor-management discussions toward improving the climate of industrial relations.

STEEL PACT CITED

Sticking out in Nixon's record is his personal role in settling the big steel strike early this year. Nixon stepped quickly into the deadlock, warning both sides they faced an unwanted, directed settlement by Congress unless they got together on an agreement.

In secret meetings, many held in his own home here, Nixon chalked out the settlement terms. Neither side got all it wanted but both sides were happy that Nixon got them off the hook and got steel production rolling again.

Kennedy has been a lighter for organized labor's cause ever since he entered Congress in 1947. That was the year the Taft-Hartley law was enacted, over bitter union opposition. Nixon favored the law. Kennedy, then just 30 years old, was among those who kept the T-H legislation from becoming more than a wastepaper from the labor union standpoint.

This is a role Kennedy has

played effectively and consistently in Congress to date—including the Landrum-Griffin law last year. Here again Kennedy led the forces that helped modify new restrictions placed on unions.

DOESN'T BACK ALL

But it's a mistake to tag Kennedy as a down-the-line backer of any old kind of labor union. As chairman of the Senate's labor law drafting subcommittee it was he who wrote much of the anti-corruption union controls into the 1959 law.

And the Democratic nominee's brother and current campaign manager, Robert F. Kennedy, was counsel to the McClellan committee that turned up the union scandals which led to the Landrum-Griffin law.

A scorecard comparison of the labor voting records of Nixon and Kennedy has been prepared by the AFL-CIO Committee on Political Education. Going back to the start of the two men's congressional careers it rates Kennedy as voting 100 per cent right on labor bills by AFL-CIO standards and Nixon only 6.7 per cent right.

On a broader comparison of general interest legislation the AFL-CIO score is Kennedy 90.2 per cent and Nixon 23 per cent. Differences between the two nominees are likely to be pinpointed when Congress reconvenes in Aug. 8.

On the controversial question of health care for the aged, Nixon prefers a federal-state subsidy financing arrangement. But Kennedy wants a broader program financed by increased social security taxes.

NIXON MORE MODERATE

On the federal minimum wage, also a hot issue for the resumed session, Nixon favors a moderate

increase in the present dollar-an-hour minimum. Kennedy is sponsoring the Democratic bill for a 12.5 per cent level.

But on still another point, the two men take surprisingly out-of-character stands. Nixon in 1955 forecast an early adoption of a four-day work week, a long-time labor union goal.

Shortly before his nomination Kennedy said: "I do not support a shorter work week—I am not for the four-day week."

Both industry and labor feel Nixon is more inclined toward

business than toward labor. But they concede he has become far more liberal in recent years. In this, Secretary of Labor James P. Mitchell is credited with having been a major influence. Example: Nixon's rejection of "right-to-work" laws.

The unions are expected to side mostly with Kennedy in the election campaign. But they are suspicious. It is plain, that with Sen. Lyndon B. Johnson of Texas on the Democratic ticket they may be buying a lot more conservative combination than they would like.

TV News and Reviews

Fellows Cheer, Gals Jeer: Football to Flood Video

By STEVE SNIDER
NEW YORK (UPI) — It'll be a great year for the nation's armchair quarterbacks who watch their football on television. The big show starts with the All-Star Game in Chicago the night of Aug. 12 and runs through mid-January when the last of the pro spectacles will be played.

"Two professional leagues and the regular college TV schedule give the fans a real bonanza this year," said young Pete Razzelle, now commissioner of the old National Football League.

"It's conceivable that viewers of certain cities may have as many as four televised games to choose from on a given day."

3 NETWORKS INVOLVED
Three networks (ABC, CBS, NBC) are involved in the greatest saturation coverage for football since the early days of television when individual colleges were allowed to make their own TV deals and flooded the air with action.

Ten years ago the National Collegiate Athletic Association decided the colleges were hurting each other with unrestricted TV and voted "controls."

The 1960 schedule (on ABC) calls for 21 games, nine on a coast-to-coast basis and the rest regionally.

But formation of the new American Football League more than makes up for NCAA controls.

With a league package obtained by ABC, the AFL will be on the air with 36 games from Sept. 11 through Dec. 15.

The NFL, which admits it's interested in a TV package such as the new league worked up, permits each club to negotiate its own deal.

SIGNS COLTS, STEELERS
NBC has signed TV rights with the world champion Baltimore Colts and the Pittsburgh Steelers. One or the other will be seen nationally each week from Sept. 13 through Dec. 15.

CBS has nine clubs (New

York, Philadelphia, Chicago, St. Louis, San Francisco, Green Bay, Los Angeles, Detroit and Dallas) for the 10-game telecast schedule — highest total ever.

Some games will reach up to 200 cities.

The remaining NFL team, the Cleveland Browns, has lined up its own TV network.

Both pro leagues will have blackouts within 75 miles of one of their own cities in which a league game is being played.

However, both leagues will "invade" the other's territory regardless of whether a rival game is in progress.

"The fans will love it," said Razzelle. "I'm not too sure the advantage will be pleased with the saturation, though."

"Where more than one game is available on TV, interest obviously is to be divided and the commercial market is diluted."

EASE ON SHOWING BRAVIES

One of the beefs about previous pro football coverage has been the failure of cameras to keep pointed at player fights, spectator riots and similar distractions.

The late Commissioner Ben

Bell said the NFL will ease the policy.

Razzelle may ease the policy slightly and Commissioner Joe

Pontas of the AFL indicates he'll permit cameras at his games to record everything.

"I wouldn't want to see a concentration on any disturbance or

any injury," said Razzelle.

"But neither do I want television to follow any such ludicrous practice as pointing at the flag or blue kit when viewers know there's a riot on the field."

"I've talked with officials of both networks carrying our games. We'll let them decide."

Last night, NBC finally unfurled the first episode of its new western series, "Wrangler," starring Jason Evers as a trail-

blazing wanderer who seems dedicated to a career of bailing other people out of trouble.

The debut had been delayed a month, reportedly while trying to decide which episode to use for the opener.

The one selected, "The Incident at the Bar M," was adequate to get the show on the road.

Evers as the "Wrangler" was nifty in the bunkhouse scene in which he proved his right to be the new foreman of the Bar M. The rest was routine.

Florida Representative Buys Large Citrus Farm

FROSTPROOF, Fla. (AP) — State Rep. Ben Hill Griffin Jr. of Frostproof has purchased the 4,400-acre Scitelle citrus farm in one of the largest citrus deals in Florida history.

The price reportedly totaled eight million dollars or more.

Griffin already owns an impressive network of groves. He also operates a frozen orange concentrate plant, two fresh fruit packing houses and a canning plant and a cattle ranch.

TOGETHER AGAIN — Pamela Ludwig happily hugs the family dog as it arrived Thursday at Detroit's Metropolitan Airport. She had about given up Saucy for lost after her father spent 10 days combing the area around New York's Idlewild airport where the dog had jumped out of the cargo hatch of a jetliner as it landed. The dog was found in the backyard of Mrs. Fred Koch about a quarter-mile from the airport. She turned it over to the SPCA which got in touch with the Ludwigs.

Behind Ishombe Secession, So She Tells Him

By United Press International
WALT DISNEY PRESENTS 7:30 p.m. (7). (Rerun) Despite their animosity, Ishombe and Gerontimo ride John Slaughter's ranch in a deadly personal feud. Stars Tom Tryon and Pat Hingle.

Frankly, I was back in Ohio looking for corn relish.

That wasn't the original purpose of my trip — that's just the way it turned out.

My beautiful wife loves corn relish.

Actually, I brought the wife and our son Sluggo out here to look at Ohio State University and Denison University, at nearby Granville.

I drove around the Ohio State campus pretty fast.

Ohio State's just a little teeny-weeny school of 22,500, going on 50,000.

This year the last of the GI Bill of Rights students graduated, one at the age of 33, father of an 11-year-old daughter and two sons, 8 and 5.

After looking at the beautiful campus here and the even more picturesque grounds at Denison, we developed an appetite. Following a steak lunch, we began the corn relish hunt, going from store to store along the return route to Columbus.

"Ohio has the best corn relish in the union," I assured her. "We'll find it instantly."

It was very strange to me that we couldn't find any store that had any... and that people looked at me rather strangely when I asked for it.

I found corn relish finally in a super-market just outside Columbus.

Personally I saw nothing unusual — as the wife and Sluggo did — (they even regarded it as hilarious) — that the corn relish was bottled in Chicago. I'm sure it was Ohio corn. My wife says if anybody knows what Ohio corn is, I do.

THE MIDNIGHT EARL IN N.Y.

Comic Jack Carter and singer Paula Stewart postponed their wedding till after the GI camp tour, so he can arrange a religious ceremony.

See DuMaggio Jr.'s make his acting debut in the Tab Hunter TV series.

EARL'S PEARLS: You never know how many kinds of pests there are, signs a suburbanite, till you have a garden or a garden party.

TODAY'S BEST LAUGH: All those little sports cars have eased our traffic problems. Now you can get twice as many autos into a traffic jam.

WEN'D I SAID THAT: The easiest way to find out if your wife is at home is to see if the telephone is still warm.

Man doesn't realize that a dog is his best friend (says Sid Brody) till he has bet on a horse.

That's earl, brother.

Rocky Undergoes an Eye Operation

BINGHAMTON, N.Y. (AP) — Gov. Nelson A. Rockefeller underwent minor surgery Wednesday for removal of a growth under his right eye, he disclosed Thursday night.

Rockefeller, here in company with state Republican leaders on the forthcoming presidential campaign, was reluctant to remove his glasses for photographers.

He explained that he had the growth removed in New York City.

Reporters said there were three stitches under the lower eye lid. They said the eye was swollen and red-rimmed.

BREATHE PURER, FRESHER AIR IN MINUTES WITH PURITRON®
New electronic miracle helps rid the air of dust, pollen, odors and smoke!
No bigger than a radio, the portable Puritron can do so much for the air in a 15 x 15 ft. room... even an unventilated place like a basement rumormonger, apartment-house kitchen, or office without windows. Just plug it in. It cleanses the air electronically, then recirculates it in a constant fresh supply. (Imagine sleeping in such clear air.) Wonderful in a kitchen, Puritron actually "sucks" grease particles before they can stain walls, white or gray. It does all we say, or your money back.

Reports Hot Word Feud at Soviet-Chinese Conference

STOCKHOLM (AP) — A ranking Western Communist has returned from Peking with a report of stormy scenes between Soviet and Red Chinese leaders at a labor conference in the Chinese capital.

The conference — primarily an Asiatic parley of labor leaders held early in July — reached its

showdown when the Chinese Reds tried to ram through a resolution spurning a free hand for Peking to use any conflict situation in Asia for war purposes. The resolution was blocked by stiff opposition from the Soviets, the West European Red said.

The rift between Peking and Moscow proved wider than any

of the Western Communists had believed, Soviet Premier Nikita Khrushchev's theories on peaceful coexistence were condemned by Chinese Reds of all ranks and standing.

"The Chinese leaders, referring to Lenin's teaching, said a new world war is not only inevitable, it is even desirable from a Communist point of view," the informant reported.

Chinese Premier Chou En-lai stressed repeatedly that "the capitalist world will not survive another great war."

"The capitalist states will break down from inside, and the destruction of the Western powers can ease the Communist world

is not unrepresentative," Chou was quoted as saying.

The informant said when the Chinese premier went on criticizing Khrushchev in extremely sharp words, the Soviet delegation openly expressed its dissatisfaction.

Chou was to speak again the following day. Before he mounted the rostrum, the chief Soviet dele-

'Hail to the Keef!'

HE'S FLYING HIGH — Estes Kefauver is hoisted high on the shoulders of avid supporters for a victory ride into his headquarters in Nashville, Tenn., Thursday night. He scored a smashing primary victory at the polls against Judge Andrew (Tip) Taylor for a Democratic nomination in the U. S. Senate.

To Finish Output of 1960 Pontiac

End of Run Tonight Will See 396,716th Car for Best Year Since 1956

Pontiac Motor Division will complete its 396,716th 1960 automobile tonight at the end of this year's production run.

The company has had its biggest production year since 1956, according to final figures released today by S. E. Knudsen, General Motors Corp. vice president and general manager of the division.

He said there were 15,396 more Pontiacs produced this year than last, when the company made its big production upswing.

Courthouse Financing Plan Sought

County supervisors Thursday held a brief post-mortem on Tuesday's defeated courthouse building proposal and postponed any discussion of what to do next.

John B. Osgood, chairman of the special county building committee, reported the first proposition was crushed 35,908 to 21,747, while the second question drew 25,374 to 19,983.

Off to China Jail Again

HONG KONG (AP) — Mary Downey of New Britain, Conn., arrived by plane today en route to be second victim to her son as a Chinese Communist prison.

Kefauver Smashes Racist in Landslide

NASHVILLE, Tenn. (AP) — Sen. Estes Kefauver won a third term with a stunning landslide victory in Thursday's Tennessee Democratic primary, in which civil rights was the overriding issue.

The race, billed as the tightest of the lanky 57-year-old senator's career, turned into his greatest triumph as the state's voters made it unmistakably clear they preferred his liberal philosophy to that of Judge Andrew T. Taylor, a strong advocate of segregation and states rights.

Kefauver, the Democratic vice presidential candidate in 1956, led from the outset and quickly grabbed a two-to-one margin which he maintained throughout the night.

With tabulations from 2,361 of the state's 5,623 precincts, the vote was:

Kefauver	53,097
Taylor	21,981

The outcome had been watched nationally for an indication of the depth of Southern reaction to the civil rights proposals adopted by the Democratic National Convention. Taylor sharply criticized this platform plank, while Kefauver said only that it went a little too far.

Kefauver, termed his victory an emphatic answer to "the detractors of the South, who think that we are a backward people."

"The South will continue to move forward in the main stream of American civilization," he said.

The senator, who skyrocketed to national fame as a result of his crime-busting investigations in the early 1950s, said Tennessee by its vote showed the Democratic presidential ticket headed by Sen. John F. Kennedy, "will win the allegiance of Americans everywhere."

Cuban Cabinet May Switch Castros Today

Session Could Shed Some Light on Nature of Fidel's Ailment

HAVANA (UPI) — Cuba's revolutionary Cabinet assemblies today for a session which may shed some light on the nature of the ailment which has kept Premier Fidel Castro on the sidelines in recent weeks.

Despite official denials, observers here believed the Cabinet might give Castro's brother Raul the job of acting premier while his brother is laid up.

The premier's whereabouts were unknown.

The latest of a number of conflicting reports placed him yesterday in a highway in the Cienega de Zapata swamp, where he was said to be resting in preparation for an appearance tomorrow at the closing session of the current youth convention here.

The Cabinet adjourned an hours-long session just before midnight last night without making any known decision on Castro's fate.

An official announcement said the meeting dealt only with two minor domestic issues — legalization of the student-dominated "Superior Council" which seized control of Havana University last month and tax relief for various processing industries.

The Cabinet's endorsement of the university council meant in effect that the government was turning over control of Cuba's principal institution of higher learning to Maj. Rolando Castro, the pistol-packing medical student who heads the university students' federation.

Cubela's federation is believed to represent only about 15 per cent of the student body.

The council endorsed by the Cabinet last night has four student members and four pro-Castro faculty members.

Cubela is the student chief of the council.

10th Reunion Is Sunday

KEEOGE HARBOR — The 10th reunion of the 153 class of the Roosevelt High School will be 11 a.m. Sunday at Marshbank Metropolitan Park.

Private Rights Curbed, Claim Solons

LANSING (AP) — A controversial law barring state licensed real estate brokers from making real estate sales in select potential buyers, has been formally disapproved.

The rule, drafted by Lawrence Gobow, head of the Corporation and Securities Committee, will still have the effect of law as of Aug. 14, said Solicitor General Samuel J. Torma.

The Joint Legislative Committee on Administrative Rules, headed by Rep. Harry J. Phillips (R-Port Huron), drafted a formal resolution Thursday criticizing the rule as infringing on the rights of private citizens in selling their own property. It also objected that it went beyond the authority of the commission.

Pretty Smiles for Beauty Fans

PAGEANT HOPEFULS — The International Beauty Pageant begins today at Long Beach, Calif., and here are two of the contestants, Charlene Landberg, left, of Joliet, Ill., was chosen by the National Press Photographers Association to represent the United States. The other beauty is Michiko Takagi who will carry the Japanese flag. The contest is the successor to the more liberal Miss Universe contest which moved to Miami Beach, Fla., this year.

Rivals Blue Cross-Blue Shield

New Health Plan to Start

DETROIT (AP) — A new group of health insurance plan that will rival Blue Cross-Blue Shield in the Detroit area has announced it expects to start recruiting members this fall at rates slightly higher than its competition.

However, the new Community Health Assn. would pay doctor bills for home and office calls, a service not offered by Blue Cross-Blue Shield.

CHA offers medical services in hospitals and clinics affiliated with the association for members paying monthly dues of \$8 for a single person, \$18 for a couple and \$20 for a family.

Blue Cross-Blue Shield uses a sliding scale of rates. For members earning over \$5,000 a year, CHA will cost from 15 to 35 cents a month more than Blue Cross-Blue Shield.

Membership in CHA is open to groups of persons with a common employer who live in Wayne, Macomb, Oakland, Washtenaw and Monroe Counties. Individuals, with in a group will have the choice of joining CHA or staying with Blue Cross-Blue Shield.

When he looked back, he said, he saw the woman too late to avoid hitting her. The man, who was the only witness to the accident, got back in his car and drove away, Borden said.

Police are looking for the mysterious witness. They said the woman was about 22 years old, five-foot-three inches tall, wearing a white sweater and slacks.

Borden was not hurt.

Men with children should wear seat belts. Detroit Police Department is looking for a driver who hit a child.

Congo Province Sticks to Guns Over Secession

Official Refuses to Let 20-Man Vanguard Out of Plane There

ELISABETHVILLE, the Congo (AP) — A 20-man advance guard to pave the way for U.N. soldiers was barred from entering Katanga today and sent back to Leopoldville with U.N. Undersecretary Ralph J. Bunche.

Bunche said the men were technicians and should be allowed to start work here. Katanga officials, said they were U.N. soldiers and refused to allow them to get off their plane.

Premier Moise Tshombe of Katanga, who has proclaimed the secession of his province from the Congo republic, showed he meant business in refusing to allow the United Nations to put his territory under U.N. patrol.

He had said U.N. forces would have to fight their way in.

Bunche, top troubleshooter in Dag Hammarskjold's name here Thursday and failed to work out a compromise with Tshombe. Today Bunche went back to the Congo capital of Leopoldville to suggest to Hammarskjold.

The plane that came to pick him up was surrounded by Katanga police and soldiers as it stood on the airfield.

Godofred Mungongo, Katanga interior minister, went aboard, and personally informed the U.N. delegation it would not be allowed to land.

He said Bunche had told him that U.N. soldiers would not come into after further negotiations. Last before Bunche left Tshombe told a news conference:

"I have gathered all tribal chiefs of Katanga in Elisabethville in order to explain the internal and external situation of Katanga. I have informed them of the decision to oppose the arrival of U.N. troops. The chiefs agreed with me. Bunche has been informed of my decision and he realizes the situation is dangerous."

It appears that Tshombe has carried his opposition to U.N. intervention as far as possible on the diplomatic level, and the next move is up to the U.N.

To Draft Nine Thousand

WASHINGTON (AP) — The Army has issued a draft call for 9,000 men in October, 1,000 more than the September quota, bringing to 2,536,839 the number of draftees since the draft was resumed in September 1950.

Foundation Gets \$1 Million

U. S. Pays for Infringing on Early Rocket Patents

WASHINGTON (AP)—The federal government Thursday announced a million-dollar settlement for infringing the patents of rocket pioneer Dr. Robert H. Goddard, who died in 1945 without seeing the giant rockets he invented and made possible.

The money will go to the Daniel and Florence Guggenheim Foundation in New York, a nonprofit organization which financed most of the inventor's research between 1930 and 1941.

The settlement gives the government the right to use some 300 of Goddard's patents on basic inventions in rockets and guided missiles. But the agreement, for reasons of simplicity, dealt specifically with just two patents.

The government acknowledged infringement of these two patents on the liquid propellant engines used in all the first of the large rockets—the Air Force Atlas and Thor, the Army Jupiter and Redstone and the Navy Vanguard.

Under the agreement the Air Force will pay \$750,000, the Army \$125,000 and the Navy \$10,000. The remaining \$100,000 will be paid by the National Aeronautics and Space Administration.

The inventor's widow, Mrs. Esther C. Goddard of Worcester, Mass., also signed a settlement, which transfers her rights to the foundation.

Mrs. Goddard agreed to transfer her rights for a consideration. Size of the consideration was not disclosed but her attorneys said the government agencies involved were advised and found it satisfactory.

THEY ALL LAUGHED

The pleasant faced, middle-aged widow is active in rocket organizations and is interested in space developments as she was in the days when her husband was a struggling young college professor ridiculed for believing that rockets someday might be fired hundreds or even thousands of miles into space.

Goddard, generally recognized as the father of modern rocketry, started active research in rocketry in 1914, while teaching at Clark University at Worcester.

The Smithsonian Institution financed his early efforts with grants, and in 1917, when World War I began, Goddard worked for the Army at the Mount Wilson, Calif., observatory and produced the 48 and 49-star versions used several tactical rocket projectiles.

After the war military interest in his work ended and Goddard returned to Clark.

Goddard's rocket experiments near Auburn, Mass., aroused so much alarm and opposition that eventually he transferred his work for the Guggenheim Foundation to the Menckler Ranch near Roswell, N. M.

Firm Doesn't Expect Stock Prices to Rise

NEW YORK (UPI)—Oppenheimer & Co. doesn't expect a quick reversal in the gradual decline in general economic activity. One of the few in the nation to suggest an unfavorable outlook six months ago, the firm had this to say about the future:

"While business will in time recover, there is little reason to assume that confidence (as reflected by increased orders, production, and in turn, profits) can be revitalized quickly."

But, it points out, it is clear that neither reversing or declining markets eliminate the possibility of building up capital values. "Even in the volatile and cynical markets, there are opportunities for worthwhile investment appreciation."

Federal Flags With 48 Stars About Used Up

WASHINGTON (AP)—The government is fast running out of the old-fashioned variety of Old Glory with a mere 48 stars.

Almost any day now a spokesman said, federal buildings practically everywhere will be sporting the up-to-date national flag with its 50 stars accounting for the new states of Alaska and Hawaii which has been official since July 4. The flag had carried 48 stars for just one year, since Alaska's admission.

But not all official flagpoles have been flying the latest number of stars along with the stripes. The reason, taxpayers will be glad to know, is that President Eisenhower ordered government stocks of the 48 and 49-star versions used instead of being tossed out.

Life's golden age is when the family car... Tuffy Tuttle met did you start as a convict and... NEW YORK — About 5,000,000 Americans appeared in court last year for traffic violations. In one last year...

Deaths in Pontiac and Nearby Areas

WILLIAM KEECHER

William Keicher, 61, of 5600 Rowley St., Drayton Plains died this morning at St. Joseph Mercy Hospital after a brief illness. He was an employee of Fisher Body Division and a member of Our Lady of the Lakes Catholic Church.

Surviving besides his wife, Marcella, are two daughters, Mrs. Roberta Winchester at home and Anne Keicher in California, a grandchild, 31 brothers and sisters. Mr. Keicher's body is at the Hutton Funeral Home.

OSCAR BAILEY

AVON TOWNSHIP—Service for Oscar Bailey, 80, of 3192 Grant St. will be 2 p.m. Saturday at Moore Chapel of Sparks-Griffin Funeral Home, Auburn Heights. Burial will be in White Chapel Memorial Cemetery, Troy.

Mr. Bailey died Thursday at his residence after a long illness. He was a member of the First Church of the Nazarene, Pontiac. Surviving besides his wife Mattie are sons Ralph of West Branch, Virgil of Alexandria, Va., and Roy and Clyde of Pontiac, and daughter Mrs. Verna Bliss of Rochester. Also surviving are 16 grandchildren, 31 great-grandchildren and four great-great-grandchildren.

WILLIAM N. BROWN

TROY — William N. Brown, 76, of Yazoo City, Miss., died yesterday at the home of his daughter Mrs. Robert H. Sims of 1641 Withers.

Service and burial will be in Yazoo City. Arrangements are being made by Manley Bailey Funeral Home in Birmingham. Mr. Brown, a gold professional, he retired in 1957. He had been a resident in Chicago, Tennessee and Mississippi. He is survived, beside his daughter, by a son, Frederick of Yazoo City and two grandchildren.

\$909,818 Bid on Road Project

To Construct 4.4 Miles in Oakland and Wayne Counties From Xway

A low bid of \$909,818 has been made for construction of 4.4 miles of temporary three-lane road between the roadways of James Couzens and Northwestern highways in Oakland and Wayne counties.

At an \$8,881,280 highway construction bid-letting in Lansing, the Denton Construction Co. of Grosse Pointe was low bidder on the Oakland-Wayne project.

Completion date is Nov. 15.

The temporary road — from the end of the John C. Lodge freeway north to Cornell road in Oakland County — is the first phase of extending the Lodge freeway to the into Northwestern highway about a half-mile north of Eight Mile road.

It will be used alternately by traffic while retaining walls are being built for the depressed Lodge freeway extension.

In another letting job for Oakland County, a joint bid of \$206,886 from Max Frislaeger at Ann Arbor and Hutchins Co. of Lansing was submitted for 2.9 miles of resurfacing of M56 and various repair jobs.

A contract for 2.5 miles of the new Southfield expressway in Detroit accounted for almost half of the State Highway Department bid letting.

Officials said the \$4,019,345 contract for the Southfield job went to Lewis Garavaglia of Warren, with a completion date of Nov. 30, 1961.

LANSING (UPI) — Proposals calling for annexation of areas of Detroit and Lansing to the City of Lansing are on the ballot in the primary election here today. The proposals have to be approved by voters in the townships as well as those in the city.

BURT CHURCHILL

LAPER — Service for Burt Churchill, 83, of 107 Pope St. will be 2 p.m. Saturday at Baird Funeral Home. Burial will be in Mt. Hope Cemetery.

Mr. Churchill died Thursday after a long illness.

Surviving are daughter, Mrs. Charles of East Tawas, one grandchild and one great-grandchild.

MRS. WILLIAM HASKILL

LAPER — Service for Mrs. William (Minnie) Haskill, 73, of 213 Five Lakes Rd., will be 1:30 p.m. Sunday at Baird Funeral Home. Burial will be in Stiles Cemetery.

Mrs. Haskill died Thursday at her residence after a long illness. Surviving besides her husband are sons Irvin and Emery, both of Lapeer, and Earl of Millersburg; sister Mrs. George Rowden of Lapeer; brother Carl Westcott of Pontiac; four grandchildren and four great-grandchildren.

MRS. FESTUS E. MILLS

ARMADA — Service for Mrs. Festus E. (Martha) Mills, 90, of 2171 Center Rd., will be 1 p.m. Monday at Tiffany-Young Funeral Home. Burial will be in New Baltimore Cemetery.

Mrs. Mills died Thursday after a long illness at her residence. She was a member of Armada Methodist Church.

Surviving are daughters Mrs. Frank True of Armada, Mrs. Nell Ross of Rochester, Mrs. Wade Easton of Lincoln Park, Mrs. Donald Flemming of Berkeley, Calif., and Mrs. Archie Phoon of Stratford, Ont.; 26 grandchildren; and 50 great-grandchildren.

Two-Time Leader of Canada Is Dead

TORONTO (AP)—Arthur Meighen, 86, twice prime minister of Canada, died today.

A former leader of the Conservative party and a senator for 10 years, he was ranked as one of the great orators of Canada.

Death came in his sleep at his Toronto home where he had been ill for about 10 days. A relative said "it was just old age." Meighen headed a Conservative government in 1920 and 1921 and again in 1926. He was one of the nation's most controversial figures during his 23 years in Parliament.

State Highway Position Offers Open Competition

LANSING — The State Civil Service Commission has announced it will hold an open competitive examination for the post of Director of the Right of Way Division of the State Highway Department.

The job currently is held under provisional appointment by Victor H. Eichhorn, former head of the Detroit office of the Corps of Army Engineers. The salary ranges from \$11,504 a year to start to a top of \$14,385.

PARIS French textile exports in 1959 topped \$406,500,000, up 30 per cent over 1958.

COLLEGE STATION, Tex. (UPI)—Hot weather gives laying hens an engineering problem, according to Dr. J. H. Quisenberry of Texas A. & M. College. He says that heat cuts the bird's ability to use calcium, and many egg shells aren't too strong structurally.

Be Friendly, Says Abby

She Got Her Dates Mixed, but No One's Perfect, Lady

By ABIGAIL VAN BUREN

DEAR ABBY: Am I being narrow-minded? We have been invited to the home of a couple who are very good customers of my husband. I do not want to go because the woman (while married) once tried to make a date with my husband.

It happened six years ago when we still single. He made the date but broke it because he realized how wrong it would be to date a married woman.

Should my husband's friends be my friends, regardless of their past?

DEAR TROUBLED: Don't hold a woman's past foolishness against her. Judge her on her present behavior. We've all done a few stupid things in the past.

DEAR BOILING: There is not always ample room to display all the family pictures. In the future, have small ones made up for your mother-in-law. If she asks for the large, expensive kind — give her the negatives!

DEAR TROUBLED: Don't hold a woman's past foolishness against her. Judge her on her present behavior. We've all done a few stupid things in the past.

DEAR TROUBLED: Don't hold a woman's past foolishness against her. Judge her on her present behavior. We've all done a few stupid things in the past.

Must Be Present at Reception

By EMILY POST

Dear Mrs. Post: I am planning to be married shortly and would like your advice on a question that has arisen. We are having a luncheon immediately following the ceremony for the bride party and members of the immediate families.

As we cannot invite our many friends to the luncheon, we would like at least to invite them to come later to my parents' house for a drink and some light refreshments.

However, our plans are to leave immediately after the luncheon on our wedding trip, which means we will not be present to greet these guests when they come to our house. Would such an arrangement be proper?

Answer: I'm sorry, but it will not be proper to invite anyone to your sort of a reception when you and the groom will not be there to receive them.

Dear Mrs. Post: What is your opinion of people who acknowledge an invitation with, "I'll let you know." I have in mind a young woman who always says this instead of answering "yes" or "no." This always makes me feel that if nothing better turns up in the meantime, she will accept my invitation. Don't you think such behavior is inexcusable?

Answer: Yes, she must give an immediate answer else, if she is a very busy person, say that she will have to look in her engagement book, or ask her husband if he has made some other engagement for them for that evening.

Dear Mrs. Post: The son of a very dear friend of mine is being married and I would like to give a check for a wedding present. I have never met the bride. To whom should the check be made payable?

Answer: Although all presents are correctly sent to the bride, in your personal situation a check to the bridegroom would be permissible.

Dear Mrs. Post: The son of a very dear friend of mine is being married and I would like to give a check for a wedding present. I have never met the bride. To whom should the check be made payable?

Political hair styles are a current fad with the distaff side of American voters. A hair stylist from an Atlanta department store makes an adjustment on a wig styled after the hair of Mrs. Richard Nixon. At left, a model wears a wig styled after Mrs. Jack Kennedy's controversial coiffure. The fad reportedly started following a recent story that Mrs. Kennedy bought a wig so she would look attractive even when her natural hair didn't.

Association Assembled in Waldron

Unit's Rummage Sale Discussed Date — Sept. 10

Tipacoon Chapter of the American Business Women's Association saw color slides of Alaska at the August meeting Wednesday in Hotel Waldron.

Carl Hoard, the evening's speaker, narrated. Pictures of the Alcan Highway, Canadian Rockies, Fairbanks and Anchorage, Alaska as well as wild life, hunting trips and the Aurora Borealis were shown.

Plans for the group's Sept. 10 rummage sale at the West Pike street United Rubber Workers Union Hall were announced by Mrs. Clifford Marsh, cochairman of the ways and means committee.

Pontiac Country Club will be the setting for the Hand of Friendship Tea Sept. 18. Mrs. Carroll Welch and Mrs. Ben Elbing are cochairmen.

President Mrs. Charles Irish will represent the chapter as a delegate to the national convention slated Oct. 21-23 at Hotel Claypool in Indianapolis. Vice president Ruth Cramer is alternate delegate.

Mrs. M. F. Coleman, Mrs. Donald Gerber and Jean K. Miller were guests at Wednesday's meeting.

Pair Wed in Richville; to Teach in Missouri

To reside in Florissant, Mo., where both are teachers at Ateneum Lutheran School are newlyweds Mr. and Mrs. Donald Frank Reas.

The couple was married Sunday at St. Michael Lutheran Church in Richville with the Rev. William Schoenow officiating.

The former Carl Helen Keimath, is the daughter of the Walter Keimaths of Vassar, Mo. Parents of the bridegroom are the David Reases of Overton street.

Carol chose a white gown featuring a V-neckline, short sleeves and bouffant skirt of net over tulle with lace overlays. Pink and white roses comprised her cascade bouquet.

Mrs. Raymond Bergdolt of St. Johns attended as matron of honor with Audrey Reas of Pontiac, Mrs. Waldemar Keimath of Vassar and Katherine

Recent Doings in Bloomfield Hills

By RUTH SAUNDERS

BLOOMFIELD HILLS—The approaching wedding of Barbara Mason and Guy Grant Bratton of Detroit is occasioning many lovely parties.

Among the first will be a luncheon Aug. 10 when Mrs. Walter J. Truettner and Mrs. Roy E. Stringer will be joint hostesses at luncheon and a

shower in the Truettner home in Lakeview drive.

Mrs. William James gave a luncheon Wednesday at Orchard Lake Country Club and Mrs. John E. Hauser gave a luncheon last week when her daughter Mrs. Gerald Gilbert of Charlottesville, Va., was visiting her parents.

Mrs. George T. Trumbull will entertain August 18 and Mrs. Richard Wagner on August 20. Several other affairs will be given in September before the wedding Sept. 17.

The bride-elect is the daughter of Mrs. Miller Bushnell of Harborside road and the late George W. Mason.

Her fiancé's parents are Mr. and Mrs. Guy C. Bratton of Detroit.

Mr. and Mrs. Roy G. Leitch Jr. will be hosts at dinner this evening. This is the second of a series of dinners they are giving in their home on Lone Pine Hill.

Mr. and Mrs. Richard D. Sharpe Jr. moved this week to their new home on Canterbury drive.

Mr. and Mrs. Graham Shinnick were hosts at a recent barbecue supper party honoring Betty Milligan and Don Kipp who will be married Aug. 20.

Mr. and Mrs. Donald P. Kipp, parents of the bridegroom-elect, will give the rehearsal dinner Aug. 19 at Orchard Lake Country Club. Betty is the daughter of Mr. and Mrs. W. M. Milligan.

Mrs. Maurice Garabrant will

Bergdolt of St. Johns serving as bridesmaids and flower girl, respectively.

The bridesmaids' dresses of light blue tulle were accented with white dotted nylon overskirts. Both the matron of honor and flower girl wore gowns in medium blue. All the attendants carried cascade arrangements of white carnations.

Serving as best man was Myrtil Hall of Newburg, N. D., and as ushers, Raymond Bergdolt of St. Johns and Waldemar Keimath of Vassar.

Some 150 guests attended the reception in the church school following the ceremony.

The newlyweds are both graduates of Concordia Teachers College, River Forest, Ill.

Minature Golf Is Scheduled by Figure Club

Fashion Your Figure Club members will play miniature golf following Thursday's 7 p.m. meeting in Adah Shelly Library.

Mrs. Wilbert Horton was named trophy winner for the greatest weight loss during the week at last evening's meeting. Runner up was Mrs. Conrad Burison.

Members spent an evening at Bob-Lo Island last week. A few women interested in losing weight can attend the club's meetings Thursdays 7 p.m. in Adah Shelly Library.

Plans Holiday Tea

Farm and Garden Group Meets at Buckley Home

The board of directors of the Pontiac Branch of Women's National Farm & Garden Association met at the Commerce road home of the president, Mrs. Edward M. Buckley, Wednesday morning for coffee and a business meeting with 23 members attending.

Mrs. Harold B. Euler of Ottawa drive, social chairman announced that the second annual "Holiday Hospitality" tea will be Nov. 29 at Pontiac Federal Savings and Loan Association building.

Mrs. C. R. Gately of Onondaga drive is chairman of the display table and other arrangements.

Scholarship Chairman Mrs. John E. Windlate of Union Lake road read letters of appreciation from MSUO, Janet Lichner of East Beverly avenue and Vicki Annas of East Iroquois road.

SLATES BENEFIT BRIDGE The group decided upon Oct. 7 as the date for benefit bridge parties in members' homes.

Proceeds will be used for the Grace Fitzgerald Scholarship Fund and the Civic Improvement Fund.

Assisting Mrs. J. Alton of West Iroquois road, chairman, will be Mrs. John H. Patterson of Illinois avenue as cochairman.

Other committee members are Mrs. James C. Clarke of Ledgestone drive, Waterford Mrs. Russell H. Galbraith of Cherokee road, Mrs. Donald D. Bos of West Iroquois road, Mrs. Edmund S. Rogers of

Linden road and Mrs. Robert G. Lagging of Menominee road. The first general membership meeting will be held at the Bloomfield Hills home of Mrs. Howard B. Barker on Sept. 13.

NEW YORK (AP) — Politicians totaling up the vital factors in electing their man to the presidency linger over such things as party, platform, personality.

If they're ahead, they add the candidate's wife.

A charming woman, good-looking enough to attract men's interest, yet with the unassuming domesticity to win over the more critical feminine voters, is an asset not to be underestimated.

Now that women outnumber men at the polls, the potential first lady must seem an even more important consideration.

Women cast their ballots for a man, but they understand all about political power in the privacy of the home. They've got it figured that after the shouting and the tumult dies, the leader who's larger than life goes home to become a human-sized father and a husband who listens respectfully to his wife's opinions.

WIVES WHEELED In the almost-forgotten days before woman suffrage, human nature wasn't noticeably different — on any social level. Even the meekest little wife who was scandalized by the bonnets the candidate's spouse wore, or by what she'd heard about her gay parties, could wheedle her voting mate to her undying persuasion.

But what about the nominee's better half? Did she ever hit

Potential Presidents 'Skirt' the Issues

Petticoat Power Helps Hopefuls

the campaign trail in behalf of his candidacy?

Back when women were ladies and left political issues to the menfolk — at least publicly — candidates' wives mostly stayed home, kept the roof patched over the children's

heads and pondered with mingled delight and dread the prospect of living in the presidential mansion.

DEAR ABBY Some exerted influence in quiet ways. Abigail Adams never took to a soapbox, but she probably did more than anybody to get John Adams elected the second U. S. president. Considered by many a better statesman, she gave him the benefit of her keen intelligence in private.

Abigail was practical, too, and not easily overawed. The first first lady to live in the White House, she hung out her washing in its great unfinished audience room.

About eight decades later, Lucretia Garfield worked by the side of her husband, James, all that summer before he was elected. Telegraph line men ran special wires to the shed that Garfield had made into an office. Their farm in Mentor, Ohio, became a little city of reporters, political leaders and well wishers. While Garfield gave out interviews and wrote letters, Lucretia fed, entertained and provided lodging for the troops of visitors.

Forty years after that, another Ohioan, Warren G. Harding, was elected president. His wife, Florence, who had made a financial success of his newspaper, also was credited with making him into the "White House."

Mr. and Mrs. Randall N. Strickland of La Salle avenue announce the engagement of their daughter, Randallyn Carole to Airman First Class Neil H. Ullman, son of Mr. and Mrs. Herman C. Ullman of Garden avenue. An early September wedding is planned.

Announcing the engagement of their daughter Dorothy to Pfc. Danny Donnelly are Emerson Duncan of Oxford and Mrs. Alice Henry of Wyandotte. His parents are Mr. and Mrs. John Donnelly of Midvale street. No wedding date has been set.

Can't Be Perfect

Russia Readies Ruble Switch

Will Wipe Out Many Billions in Smuggled Illegal Currency

GENEVA (UPI)—Russia apparently is aiming to kill two birds with one stone by introducing a new ruble next January. United Nations currency experts said today.

The new ruble is to be worth 10 percent rubles. Thus, the Soviet money reform will introduce a "heavy" ruble much as President De Gaulle introduced a "heavy" franc in France.

Currency experts of the United Nations Economic Committee for Europe said one aim of the Soviet government is to make worthless millions of the present rubles smuggled out of Russia illegally after the war.

The smugglers took these rubles and sold them to currency speculators who gambled that the Soviet government some day would make the ruble convertible.

The Soviet government did legalize the importation of rubles from abroad last November and some of the illegally smuggled rubles undoubtedly were sent back with considerable profit to the foreign speculators.

But by introducing the new heavy ruble the Soviet government will effectively wipe out most of the remaining foreign holdings of smuggled rubles.

The other aim, according to the U.N. committee report, is to create a ruble in which it is easier to compare accurately the value of Soviet and foreign products. The report quoted Chairman A. Korovin of the Soviet State Bank to this effect:

At the present official rate of four rubles to the dollar, the new heavy ruble would make the dollar worth only 40 kopecks.

But since the present ruble sells for about 10 times the official rate on the free world currency markets, Swiss experts are inclined to think the heavy ruble may find a free market level of about 50 cents in American money. That is roughly what the czarist ruble sold for many years.

That is exactly what President De Gaulle achieved with his heavy franc—a new franc comparable to the franc—the dollar of the World War I days.

Planned Parenthood Approves New Pill

NEW YORK (AP)—The medical committee of the Planned Parenthood Federation of America has approved a contraceptive pill for distribution by the organization's clinical centers throughout the country.

The approval was given Wednesday by the drug Enovid, manufactured by G. D. Searle & Co., Chicago.

Enovid previously had received approval of the Food and Drug Administration as being safe for birth control use. It may be dispensed only on a physician's prescription.

The Planned Parenthood Medical Committee recommended that Enovid be offered routinely at the organization's clinics along with other medically approved forms of contraceptives.

KILZER — This is Theresa Vucetich. She cut the throats of her three children Wednesday, and then turned the butcher knife on herself as the youngsters bled to death. The 30-year-old Yugoslavian immigrant is in critical condition. She was brought to this country by the United Church, Organization to a farm near Copake, N. Y., scene of the tragedy.

TACTICAL DRONE — The Army has unveiled this pilotless craft called a scout drone that can buzz over a battlefield and report on conditions such as the results of the nuclear missile Pershing. The drone has a range of less than 1,000 miles and hence has no connection with the strategic craft U2, says the Army. The craft has a wing span of 24 feet and is 36 feet long. The instrument-packed scout will both radio back messages and take photographs.

Where Are the Gallant Nonconformists? Men Accept Sartorial Slavery

By PHYLIS BATTLE
NEW YORK—Every year about this time, I dress myself down to the bone and go for a stroll on Park Avenue — seeking men of courage.

Who are these men? They are men who refuse to be hobbled by heat and humbled by humidity and social pressures, men who would rather be comfortable than conform; men who are not ashamed to nude their knees.

Men, in short, in shorts. For ten years, I have watched the American male either rebel or conform in the face of grave sartorial inutility; have watched them helplessly try to buck a totally unfair fashion dictum which declares that they must be fully blanketed from Adam's apple to toe — while their ladies can turn out in miniskirts, sans hose, sans girdle, sans almost everything. And with only enough shoe to keep their heels off the pavement.

About five years ago, it appeared that the American male might be about to win his battle for air-conditioned style equality. New Yorkers at any rate, spurred by much publicity, were seen in large numbers up and down the avenue. Occasionally, one even saw a set of noble knees in a better restaurant. (Although even in those days of flourishing enlightenment, men were not admitted to the better restaurants and offices without ties and jackets.)

(For some curious reason, exposure of the male throat was always offensive, and a "gentleman" may get by with forgetting his shoes, his credit cards, his inhibitions and his manners — but never his jacket!)

Alas, though, in the last few years the fashion regulations have been tightening up again. Though pavements have sizzled with the same heat, it has become increasingly difficult to locate men with the bravado to bare their

elves. It has come to the point of insensitive women, the fish-eye single nonconformist swinging attitude of restauranters who insisted upon "lending" him a tie or jacket or pair of slacks before allowing him to set foot in the beaver of his choice.

I think, rather, that the American male has become thoroughly cowed. His pride has been bent, his spirit broken. He tries, briefly, to buck convention.

But at every turn he was rebuffed — either by the giggles

of some curious reason, exposure of the male throat was always offensive, and a "gentleman" may get by with forgetting his shoes, his credit cards, his inhibitions and his manners — but never his jacket!)

Union Units Eye Chrysler Probe

Rank and File Caucus Calls Newberg Stand Wishy-Washy

DETROIT (AP)—Two United Auto Workers groups asked the parent union yesterday to call a national Chrysler conference of the UAW to "review the entire situation between the Chrysler Corp. and the union."

The request was made by a group calling itself the National Committee for Democratic Action in the United Auto Workers and another group which calls itself the Rank and File Caucus of UAW Local 212. This local covers workers in the former Briggs plants.

The requests were addressed to Norman R. Matthews, UAW international vice president and director of the national Chrysler department of the union.

The Rank and File Caucus referred to a letter Matthews wrote Chrysler Board Chairman L. J. Calbert following the corporation's disclosure that former President William C. Newberg received \$430,000 in profits from interests in Chrysler suppliers.

The caucus referred to the letter as a "wishy-washy stand."

In his letters Matthews referred to the amount of work farmed out by Chrysler and said the union never had "stood in the way of the exercise of this managerial prerogative" when the motive was obviously economy and efficiency of operations.

Both groups today told Matthews the national conference should stop the farming out of jobs and return all lost jobs to Chrysler workers. Among other demands was that the Chrysler contract, which expires next year, should be re-opened now to establish a 30-hour week without reduction in weekly pay.

Under normal diplomatic procedure, Khrushchev would not be able to go to Mexico unless invited. He would lay himself open to expiring next year, should he re-embarkment if he sought direct opening now to establish a 30-hour week without reduction in weekly pay.

Under normal diplomatic procedure, Khrushchev would not be able to go to Mexico unless invited. He would lay himself open to expiring next year, should he re-embarkment if he sought direct opening now to establish a 30-hour week without reduction in weekly pay.

U. S. Would Give Nikita Ice Cubes

WASHINGTON (AP)—Soviet Premier Nikita Khrushchev will get the official cold shoulder treatment from the United States if he actually succeeds in arranging a visit to the Western Hemisphere in the next few weeks.

U. S. Officials reporting this said it appears Khrushchev is fishing for a bid to visit one or more U.S. neighbor nations.

Falling that, he could attend meetings of the U.N. General Assembly which opens in New York in late September.

Any head of a U.N. government has the right to come to the headquarters of the international organization but to go elsewhere in the United States would require an invitation from this country.

NO WASHINGTON INVITE
Officials said Khrushchev would not be invited to Washington or elsewhere in this country if he came to the U.S. No U.S. official would take cognizance of his presence in New York.

A similar policy of pointedly ignoring his presence would be followed by U.S. officials if Khrushchev visited any other American country.

Diplomatic informants in New York said Khrushchev had notified the Mexican government he plans to visit Mexico in mid-September. Officials said, however, they had been unable to find any evidence that Khrushchev definitely intends going to Mexico or that he had so notified the government.

The Mexican government, these officials said, has heard nothing about a Khrushchev visit.

Under normal diplomatic procedure, Khrushchev would not be able to go to Mexico unless invited. He would lay himself open to expiring next year, should he re-embarkment if he sought direct opening now to establish a 30-hour week without reduction in weekly pay.

NEW DOMINICAN HEAD — Joaquin Balaguer, left, is the new president of the Dominican Republic, replacing Hector Trujillo, right, who resigned, reportedly because of failing health. The republic's real power long has been Hector's brother Rafael, who now heads the country's delegation to the United Nations. The shift is seen as a move to quiet dissatisfaction with the Dominican regime in the Western Hemisphere.

Dave Gillanders Qualifies in Swim Trials

County Gains 2nd Olympic Representative

Royal Oak Ace Gets Berth in Butterfly Event

Only 2 Michigan Men in Games Thus Far From Oakland County

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

DETROIT—Oakland County gained its second representative to the Olympic games last night when Royal Oak's Dave Gillanders qualified in the 200-meter butterfly event of the U.S. Swimming and Diving Trials at Brennan Pool.

Gillanders joins Pontiac's Hay Jones who qualified with the U.S. track team. The Oakland County men are Michigan's only two male representatives thus far.

The Royal Oak swimmer, who is the Pan-Am 1959 butterfly champion, was one of four who bettered the world record in the event in last night's finale.

Mike Troy, who set the world mark of 2:15.0 in the AAU games last month, won the event in 2:13.2. Gillanders took the second berth in 2:14.0.

In third place was Tony Tashnick, a teammate of Gillanders at the University of Michigan. In third place with 2:15.5 and Lance Larson in 2:16.0.

The existing world mark is 2:14.4. Troy's mark in the AAU had not been approved as official as yet, but he holds the existing record.

Gillanders, a 5-foot-11, 155-pound senior next fall at Michigan, started slowly. He was a distant 4th after the first lap, which was led by Larson, the 100-meter freestyle champ.

With 40 meters to go, Gillanders, finally pulled even with Tashnick who was in the next lane and in the second spot. In the last 15 meters he pulled ahead and finished 15 seconds ahead of Tashnick.

"I figured if I stayed in line with Tony's feet, I'd be in pretty good position because I knew I would be in the race all the way. When I saw I was even with him, I decided to give it all and try to make the break," said Gillanders.

An exciting race developed in the men's 100-meter backstroke. Bob Bennett, the top qualifier, was also the final winner as he set a new American record in 1:02.4.

Olympic veteran Frank McKinney of Indianapolis was second in 1:02.8.

Two surprises developed in the women's 100-meter butterfly and the women's 200-meter breast stroke. Nancy Ramey, the current world record holder, finished a poor 8th in the butterfly which was won by Carolyn Wood in 1:09.4. Carolyn Schuler was a dark horse runner-up in 1:05.4.

In the breast stroke Ann Warner, holder of the U.S. record, took first in 2:32.2 while Patty Kemper, who had the poorest qualifying time, made a surprising finish to take second in 2:36.6.

Pretty Lynn Burke, 17, of New York bettered her own backstroke mark with a world record of 1:10.4 in a preliminary heat.

She, along with Chris von Salza and Miss Warner form one of the country's big trio in women's swimming.

Miss von Salza in the freestyle, Miss Burke in the backstroke and Miss Warner in the breaststroke are the top three.

Miss Wood, 14, was the first double winner, as she added the state prize club.

Eight men will go in the finals of the 200-meter butterfly led by George Harrison of Santa Clara who won in a time of 2:03.2 in the semi-finals.

Dick Bilek was second in 2:04.6 and Bill Darston of Detroit third in 2:04.8. In 4th place was Tony Tashnick in 2:05.1. Tom Winter in 2:05.7 and next was popular favorite Jeff Farrell in 2:05.7.

Steve Clark and John House followed with 2:06.0 each. Six of the eight will go to Rome, with Farrell almost certain to be among the six.

Birmingham's Pete Sintz, trying to make the trip in the third different event, again failed as he finished 8th in the first heat. His preliminary time was 2:06.7 but he failed to 2:07.5 in the semi-finals.

FAST BUTTERFLY — Mike Troy of Indianapolis is on his way to breaking his own world record for the 200-meter butterfly last night in the Olympic swimming trials. Troy's time was 2:13.2. His standing mark is 2:15.3 although he bettered that in the AAU in July in 2:13.4. It had not been given official approval as yet.

Assured of Consideration for '61

Dykes, Lane in Agreement

CLEVELAND (AP) — General Jimmie Dykes comes to Cleveland today to sign a contract to manage the Indians for the remaining seven weeks of the 1960 baseball season.

However, Frank Lane, Cleveland general manager, has assured Dykes he'll be given "every consideration for 1961" if the team shows a "distinct improvement" in the 38 games left on the schedule.

Dykes had threatened not to report to Cleveland unless he also got a contract for next season, similar to the one Joe Gordon held when Detroit and the Indians made their unprecedented swap.

Dykes said he plans no changes for the 14-game home stand opening against Baltimore tonight. He plans to huddle with his coaches shortly after signing his contract.

Harvey Kuenn, the Cleveland player-representative who played for Dykes at Detroit last season, has asked his teammates to "give a little extra" for the new manager.

The Indians, counted on as permanent contenders, are in a deep slump and in fourth place, six games behind first place New York.

Bob Mineweaser Takes Position at New School

Former St. Michael athletic director and coach Bob Mineweaser was named to hold the similar positions at the new Our Lady of Lakes High School.

The school which will open its doors through the 11th grade next month will have an enrollment of 130 in the three secondary grades.

The school will add its senior year in 1961 and hopes to enter competition in the Suburban Catholic League.

Mineweaser is now working on preliminaries for fielding a football and basketball team this Fall and Winter.

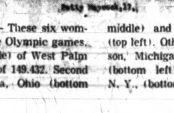

Head Across Superior

HANCOCK (UPI)—Les and Jean Morley, Berkeley, Mich., who have crossed four of the Great Lakes in their 14-foot, 35-horsepower outboard boat, left this morning to find the life Royale cruise ship yesterday to qualify for Class A Ranger III for a trip across Lake Superior to Canada. They plan to return tomorrow.

He Tosses 150 Ringers

SPORTS

Gordon Takes Over Tonight

Detroit's New Manager Meets DeWitt Today

Tigers Meet Red Sox at Briggs Stadium in Series Opener

DETROIT (AP) — Joe Gordon arrived in Detroit last night without any concrete arrangements for 1961, but the former Cleveland Indian manager is planning to tackle the remainder of the 1960 season first.

He was to meet with Tiger president Bill DeWitt today to make a new kind of arrangement. Whether they include 1961 depends on the club's success this year and on his working conditions, Gordon said.

He indicated he wouldn't stand in the way of a manager change next season if the Tigers don't improve, even though it was announced his two-year contract with Cleveland would be continued here.

But Gordon wasn't predicting that the Tigers would continue at their present pace in six places. "Things could be better with a little more hitting, they tell me," he said. He promised to give the club's weak hitting attention.

"I'll get out there and swing a bat with them anytime I might be able to help them," Gordon said.

On working conditions, Gordon said he wanted to know the one man to whom he would be responsible. In Cleveland Gordon and his direct boss, general manager Frank Lane, clashed often.

The new manager, who came to Detroit in an unprecedented manner, said Jimmie Dykes, who played his first test as Tiger strategist under the lights at Briggs Stadium tonight when Detroit plays the Boston Red Sox.

Joe DeLoach (5-4) is scheduled to go for Boston against Detroit's Frank Lary (10-9).

Babe Ruth Tourney in Session Today

The state finals of the Michigan Babe Ruth League started today with Farmington, the lone Oakland County representative facing Crowsville at 11:30 a.m. this morning.

At 1:30 p.m., on the Grose Pointe University School Field, Northwestern of Detroit was meeting Eastwood, and Ypsilanti drew a bye.

At 4:00 p.m., Ironwood will meet Lincoln Park. The semi-finals Saturday at 11:00 and 2:00 p.m. will be played on the same site, and the finals will be Sunday at 1:30 p.m.

Detroit's New Manager Meets DeWitt Today

Tigers Meet Red Sox at Briggs Stadium in Series Opener

DETROIT (AP) — Joe Gordon arrived in Detroit last night without any concrete arrangements for 1961, but the former Cleveland Indian manager is planning to tackle the remainder of the 1960 season first.

He was to meet with Tiger president Bill DeWitt today to make a new kind of arrangement. Whether they include 1961 depends on the club's success this year and on his working conditions, Gordon said.

He indicated he wouldn't stand in the way of a manager change next season if the Tigers don't improve, even though it was announced his two-year contract with Cleveland would be continued here.

But Gordon wasn't predicting that the Tigers would continue at their present pace in six places. "Things could be better with a little more hitting, they tell me," he said. He promised to give the club's weak hitting attention.

"I'll get out there and swing a bat with them anytime I might be able to help them," Gordon said.

On working conditions, Gordon said he wanted to know the one man to whom he would be responsible. In Cleveland Gordon and his direct boss, general manager Frank Lane, clashed often.

The new manager, who came to Detroit in an unprecedented manner, said Jimmie Dykes, who played his first test as Tiger strategist under the lights at Briggs Stadium tonight when Detroit plays the Boston Red Sox.

Joe DeLoach (5-4) is scheduled to go for Boston against Detroit's Frank Lary (10-9).

Pontiac's Club Plays the Toledo Asean

The venerable Pontiac Oldtimers increased its activities during the off season. This fall and winter it will take up bowling, with Darryl international tour, Saturday at 8 o'clock. Detroit Oldtimers will then oppose the winner of the Pontiac-Toledo tilt for the title. Title game is set for 1 p.m. the following day, Sunday, Aug. 11, at Butler field.

The association, headed by Ed Hawley, president, is also expanding.

Pistons Have 11 Under Contract

The list of Detroit Pistons' signees for the 1960-61 National Basketball Association was increased to 11 today with the arrival of forward Archie Dees' contract by mail to General Manager Nick Kerby.

Dees is only the third holdover from 1959-1960 to sign, but Kerby said he expects most of the other veterans to come to terms in the near future. Other members from last year's squad also in the fold are Center Walter Dukes and Forward Bailey Howell.

This will be Dees' third season in the NBA and his second with Detroit. He was No. 1 on Cincinnati's draft list in 1958 following a brilliant collegiate career at Indiana University and was acquired by the Pistons a year later in exchange for Center Phil Jordan. An 8.2 average scorer with the Royals in 1958-59, Dees boosted his mark to 8.5 in his first year with the Pistons. At season's end, the 6'8" ex-Hoosier star took over as the club's No. 1 relief man at center and forward.

Buckholtz, McKinley Get Big Test

Youngest Doubles Team

MEXICO CITY (AP) — The youngest American doubles team to compete in the Davis Cup tennis history may come of age in the U. S. team's Mexico opening Saturday, predicts Capt. David L. Freed.

"They'll have to, to beat the best team Mexico ever has fielded," he said.

Earl (Butch) Buckholtz and Chuck McKinley, both 19 and from St. Louis, took as the U. S. team if McKinley fully recovers from a stomach infection which had him in bed Wednesday.

If McKinley is unable to play, singles star Barry MacKay of Dayton, Ohio, will take over. Freed said. But the teen-ager from St. Louis seemed in good trim during training matches Thursday.

"Butch and Chuck are the youngest doubles team we've ever had, and I think in time they'll be the greatest," Freed said. "They're good now, but you can

The expert them to come of age, but their peak, any time."

Bernard Barzen, 32-year-old left-hander from Dallas, is the team's other singles player. Although touted, he has been beaten several times this year by 20-year-old MacKay.

The draw to determine opening match opponents will be held late today at the Chapultepec Sports Center, where the matches will be played.

The Mexican line-up probably will be revealed for the first time then. Freed says the team is in good, the captain is having trouble making his choice.

Burt Mario Lamas, veteran of many international matches, seems certain to be one singles choice. The other may be either fast-rising, 17-year-old Rafael Oana, or veteran Tony Palafox.

Teeing Off

By BILL CORNWELL

Take it from a couple of Pontiac's most well-known public golfers who know what they're talking about, those Hawaiians really dish out the hospitality. In fact, they almost overwhelm you.

The authorities on this subject are Mike Andonian and Wally Smith, who recently returned from Honolulu where they competed in the National Public Links golf tournament at Ala Wai Golf Club.

"I've never received such wonderful treatment in my life," enthused Smith, the Royal Oak policeman who bowed out in the 1st round of match play. "The whole thing was nearly unbelievable," he said.

"Do you think this great display of hospitality was due to the existing situation?" someone asked Smith. "In other words, was it because they were playing host to a national golf event and you were a playing celebrity?"

"No, I don't think so," Smith replied. "I really believe that's just the way they are all the time — to everybody — and I doubt that circumstances have anything to do with it. They just naturally seem to be a friendly people."

The next comment came from Andonian, the Pontiac Central math teacher who went to the semifinals before losing to the eventual champion, Vern Callison of Sacramento, Calif.

"Talk about deluxe treatment," Andonian reminded. "The entire deal was red-carpet all the way."

"You should have seen what they fed us the night before the tournament began," Mike said. "All of the golfers were given a pre-tournament dinner and they served everything from ratatouille to fried bananas. You might not like all of it, but what a spread!"

"And the newspaper coverage was tremendous," Mike went on. "Our pictures were splashed all over the sports pages every day, especially toward the end when Bob (Mc) Masters of Royal Oak, Ty (Captain of Plymouth) and myself had a chance to win the title. They really made a big deal out of it."

How would they like to live in the 50th state of the union? "Not me," said Smith. "I'd feel too hemmed in." Andonian made no comment.

BRAVO, MRS. LALLY:

It was Mrs. Edwin Lally's turn to win the weekly Women's Silver Lake Golf League competition. Her low net score of 32 was four strokes better than Mrs. Fred Slinger's. This is an attempt. Barner said, to make it more convenient for those who might have time conflicts.

Barner still needs more scorekeepers. He has a leg on hand for duty, but additional volunteers are needed. All volunteer scorekeepers will be granted 36 holes of free golf at the city links.

Barner said.

Top-Seeds Clash in Semifinals of Jaycee's Tourney

MIDLAND, Tex. (AP) — The four top-seeded players, following predictions to perfection, square off today in the semifinal round of the seventh International Jaycee Tennis Championships.

Only Butch Newman of San Antonio was extended in quarterfinals play Thursday, needing three sets to beat Fritz Schunk of Orlando, Fla., 3-6, 6-2, 6-2. Newman, seeded fourth, faces top-seeded Paul Palmer of Phoenix in today's feature. Palmer rolled over John Redrick of Garden City, N. Y., 6-1, 6-3 Thursday. Dave Reed, La Jolla, Calif., seeded No. 2, meets Clark Grabner, Lakewood, Ohio, in the other semifinal.

THURSDAY'S STARS
By The Associated Press
BATTING—Earl Batty, Senators, batted a terrific home run in the sixth inning for 21 runs over the White Sox.

KITCHING—Ray Sadock, Cardinals—18-year-old southpaw hurled a shutout, whipped the Braves 5-0.

Wiffi Out Front With Sizzling 66

Michigan Girl Slams 5
Birds, Eagle to Start
Waterloo, Ia. Open

WATERLOO, Iowa (AP) — The best round of her career gave 22-year-old Wiffi Smith a two-stroke lead going into the second round of the Waterloo Women's Open Golf Tournament today.

The St. Clair, Mich., professional blizzarded the Sunnyside Country Club course with a 66 in the first round Thursday, one-putting eight greens and scoring five birdies and an eagle. She bogeyed one hole.

Wiffi needed the blazing round to stay in front of the field of 27 professionals and 15 amateurs who found the course an easy mark. The worst score was an 83. Men's par is 72.

Leading the challengers was Marlene Bauer Hagge of Delray Beach, Fla., with a 68. Tied at 70 were Mickey Wright of San Diego, and Muriel McKenzie of Pinellas Park, Fla.

Betsy Rawls of Spartanburg, S. C., the defending champion, had a 38 on the front nine and wound up with 73, for a tie for 12th.
