OAKLAND UNIVERSITY

In 1957, the late Alfred G. and Matilda Wilson donated \$2 million and their 1,500-acre Meadow Brook estate to Michigan State University to establish a college in Oakland County.

Oakland University was founded in 1957 as a branch campus of MSU, with 570 first-year students. By the mid-1960s, it had evolved into a medium-sized university and in 1970 became an independent, state-assisted university. It now offers more than 70 undergraduate programs and more than 30 graduate programs, and enrolls about 12,000 students.

OU's distinct instructional programs — the college of Arts and Sciences, School of Economics and Management, School of Engineering and Computer Science, School of Health Sciences, School of Human and Education Services and School of Nursing — offer a diverse curricula of general education and career preparation courses. Virtually all of these courses are taught by faculty members, not teaching assistants.

The Honors College, a division of the College of Arts and Sciences, meets the educational needs of highly motivated students. The Division of Continuing Education meets the needs of nontraditional adult learners through evening and extension programs.

Academic support facilities include such notable entities as the Eye Research Institute, the only major eye research center in the United States not affiliated with a medical school; the Meadowbrook Health Enhancement Center, which provides health maintenance/health improvement and cardiac rehabilitation community outreach programs; and the Center for Robotics and Advanced Automation, a unit of the school of Engineering and Computer Science that utilizes high technology manufacturing methods.

And OU's professional arts programs annually attract thousands to the campus. OU has received national recognition and local kudos for its Meadow Brook Theatre, Meadow Brook Art Gallery, Meadow Brook Hall and Meadow Brook Music Festival, the summer home of the Detroit Symphony Orchestra.

OU is located 25 miles north of Detroit, in the small town of Rochester. OU's modern campus, which houses the university's many academic and public service programs, is located on a beautifully wooded site — much of it still undeveloped.

OU ATHLETIC STAFF

DR. PAUL HARTMAN

Athletic Director

Oakland University Director of Athletics Dr. Paul Hartman has never been one to turn down a challenge. The seven-year chief of Pioneer athletics has taken four different athletic programs to new heights in an administrative career that has spanned four decades. But Hartman may have faced his biggest challenge this past summer, recovering from a heart attack

suffered in late April to return to work at OU in time for the 1989-90 school year.

The OU athletic program has flourished under Hartman. In 1988-89 Oakland equalled its best finish ever in the President's Cup, the all-sports trophy in the Great Lakes Intercollegiate Athletic Conference. The Pioneers finished third in the Cup standings with just 10 league sports, trailing winner Ferris State, which has 16 sports, and runner-up Hillsdale, with 14. OU had the highest average of points per sport of any GLIAC school. OU won four GLIAC Championships last year, and eight of the 10 league teams finished no lower than third. Men's and women's swimming won league titles and finished in the top three nationally. Women's basketball and women's volleyball also won league crowns, with the hoopsters advancing to the NCAA tournament. Soccer, Oakland's only non-GLIAC sport, was defeated in the national semi-finals.

Hartman has made a number of changes since arriving at OU. The department has brought back a Varsity "O" club for former athletes, brought back baseball as a varsity sport, and made a number of improvements in the Lepley Sports Center, ranging from the refurbishing of the locker rooms and equipment area to renovation of offices. The department has also

added the Pioneer Lounge, which is used for conferences and athletic receptions.

Previously Hartman had developed additional summer camp programs, created a new season ticket plan, instituted a Hall of Honor for exceptional Pioneer athletes, and introduced the first athletic team banquet. Additionally since Hartman's arrival, there has been a large changeover in the coaching staff, as well as the department's support staff.

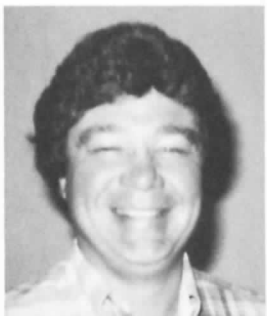

The OU athletic director also made a large impact in his previous posts. At Plymouth State College in New Hampshire, his first post, Hartman started a football program with enthusiastic student support. Fifteen years later, a running back named Joe Dudek put that program on the map with a bid for the Heisman Trophy. In his second post, at Florida International University, Hartman began a women's golf program. One of the first women's scholarship award winners was Pat Bradley, who later became the first \$2 million winner on the Ladies Pro Golf Association tour. Hartman did not begin the basketball program at his next stop, the University of Wisconsin-Stevens Point, but one of his athletes there, Terry Porter, drew national attention as an NBA draftee from a non-scholarship school, and is now a successful pro basketball player.

A graduate of Ohio State University and a native of Columbus, Ohio, Hartman lives in Rochester with his wife, Jane. He is the third OU director, succeeding Corey Van Fleet in June of 1983. The only other AD was OU's founding father of athletics, Hollie Lepley.

The program has seen improved records, improved attendance, and improved camp numbers since Harman's arrival in 1983. After winning the battle with his heart, the optimistic Pioneer athletic director is sure the best is yet to come.

MEET THE COACHES

GREG KAMPE

Head Basketball Coach

When Greg Kampe arrived at Oakland University to take over the men's basketball program five years ago, his goal was a modest one — make the Pioneers a consistent winner and a GLIAC contender. It wasn't a small task by any means, considering OU's less than outstanding history in men's hoop. In the last three seasons, that goal has been achieved. OU has gone 59-25 in the last three

years, including its first two 20-win seasons, and has finished third in the GLIAC in each of the past two campaigns, its highest finish ever. With credibility on the court a reality, Kampe has now set his sights on bigger targets, like a league title and a trip to the NCAA Tournament. Both would be firsts for an OU men's basketball squad.

Kampe has also added credibility to the OU program in the classroom, something he takes great pride in. Last year's only senior, John Henderson, was an All-GLIAC honoree for his performance both on the court and in the classroom. He also became OU's second Academic All-District winner and Academic All-America candidate during Kampe's tenure. Former OU captain and assistant coach Robb Skinner was an Academic All-American candidate in 1985-86. Scott Bittinger was GLIAC Player of the Year in 1987-88 and an Academic All-GLIAC choice the same year. In the last three years 40 percent of the nominees for Academic All-GLIAC and five first

team selections were Oakland basketball players.

"We've been able to go out and find very good students who are also very good basketball players," Kampe said. "Scott Bittinger is a perfect example of this. He was an All-American and league Player of the Year, graduated with over a 3.00 and got a good job out of college. This is what coaching is all about."

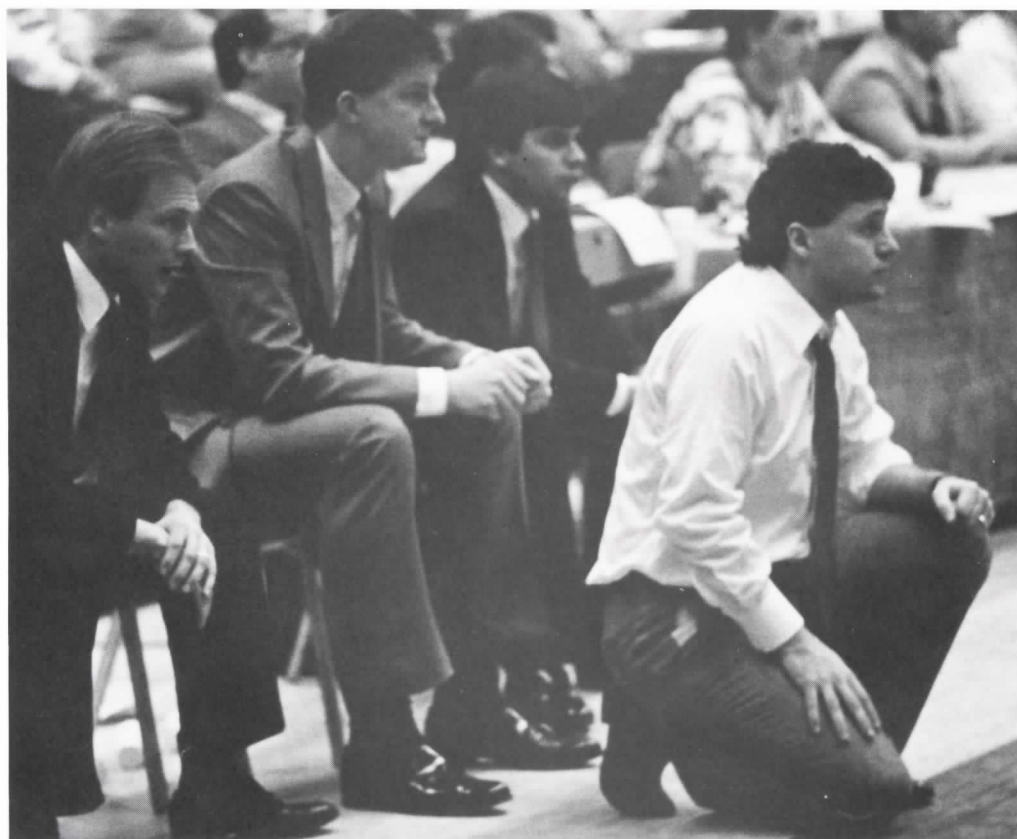

Kampe came to OU from a program that has a long history of combining athletic and academic excellence. The Pioneer coach spent six years as an assistant coach at the University of Toledo before coming to OU. During Kampe's six years at Toledo, the Rockets captured three Mid-American Conference (MAC) basketball championships and compiled a 117-57 overall record. The school earned two NCAA tournament bids and one to the NIT. Academically, 91 percent of Toledo's basketball players earned bachelor's degrees, 33 percent of those continuing to earn graduate degrees.

Kampe is a 1978 graduate of Bowling Green State University with a bachelor's degree in business and journalism. He started his coaching career as a graduate assistant at Toledo before accepting the full-time assistant coach's position in 1979. He earned a Master of Arts degree in physical education while at Toledo.

Kampe personally combined excellence as an athlete and in the classroom in college. He is the only athlete in MAC history to earn first team All-Academic honors in both football and basketball. He earned dean's list honors with a 3.40 grade point average at BGSU, and received the President's Award as an outstanding senior student.

His father, Kurt, was a guard on the University of Michigan's 1947 Rose Bowl championship team which went 10-0. Brother Kurt Jr., was a two-year letterwinner for the Wolverines in 1974 and 1975.

The 33-year-old Kampe lives in Rochester Hills with his wife, Susan, and their three-year-old son, Keith.

QUOTING COACH KAMPE

HOW DOES YOUR LARGE SENIOR CLASS AFFECT YOUR APPROACH ON RECRUITING THIS YEAR?

This is a very big recruiting year for us. I have one of the finest classes I ever recruited as my sophomore class this year. We have five scholarships available and we need to bring in three players that can step in and play right away. We have a strong class that will be back next year, but we need to fill in with players that can help us. This is probably the second most important recruiting year we've had, after the John Henderson/Dave Hintz class of four years ago.

WHAT KIND OF SIDELINE COACH ARE YOU?

We try very hard to be prepared. We do a lot of film work and scout our opponents constantly. We go into a game and we think we know what it takes to win that game, and we try to stick to a game plan. The sideline coaching is a continuation of that. To make sure we are implementing our game plan and don't stray from it.

WHAT ARE YOUR GOALS FOR THE NEXT FIVE YEARS?

We would like to stay at the level we are at now. My athletic director has told me that the sign of a good basketball program is to stay there. We've put three consecutive good years together, and with our personnel I think we will make it a fourth. I don't want to have a season where we win less than 17 games, even in a rebuilding year. My second goal, and this is the first time I've set this as a goal, is that I want to win a conference championship. If you don't win the conference championship, you're not going to the NCAA tournament.

HOW HAS OAKLAND UNIVERSITY CHANGED IN THE FIVE YEARS YOU HAVE BEEN HERE?

Drastically. We have shown that we can win and win under the philosophy of Oakland University. We have also shown that people will rally behind you. We are getting good crowds, there is an awareness on campus, we are getting tremendous media coverage, and people know we exist. When I got here we had 175 people at our first game. The level of expectations has also changed. A few years ago when we started 7-0, I was being stopped on campus by people asking if we were really that good. Now people are saying that we better win 20 again next year.

WHAT DID THE RETIREMENT OF SCOTT BITTINGER'S JERSEY MEAN TO YOU PERSONALLY?

There will always be sentimental value when it comes to Scott Bittinger because he was my first recruit as a head coach. The fact that he was the first All-American in school history and was nominated for Academic All-American, the type of person he is and the close relationship I had with him, he will always be special to me. Scott was a big person in getting this program turned around, and when I walk into the gym and see his name and number it will remind me of the things he did for this program and where we were when he got here.

HOW DO YOU SEE THE GLIAC RACE THIS YEAR?

I think it's wide open. There are four or five teams that have a legitimate shot to win it. I think you have to put Ferris State on top, and then Northern Michigan, Saginaw Valley, and Grand Valley. Any one of those four teams could win the league championship. Where we fit in, we'll just have to wait and see.

WHAT DO YOU EXPECT OF BRIAN GREGORY THIS YEAR?

Brian is a great basketball player. I wish everyone I coached was like Brian Gregory, not just talent-wise but as a person. At the end of last year, Brian was playing exactly like I wanted to play. He was so caught up in getting assists early in the year that he wasn't scoring the way we want him to score. If we are going to be successful, he is going to have to score between 14 and 15 points per game. He knows how I want him to play, and I'm just going to try to let him go.

WHAT DO YOU WANT TO DO WHEN YOU ARE DONE COACHING?

Being a journalism major, I have a fetish for writing. The day that I give up coaching I would probably pursue my doctorate and try and teach at the university level. That would give me time in the summer to pursue my writing. I can see myself teaching in the university level, probably in sociology.

MARK COFFMAN

Assistant Coach

Mark Coffman becomes the Pioneers' top assistant coach this year, his third at Oakland. Coffman came to the Rochester campus with a strong Division I background.

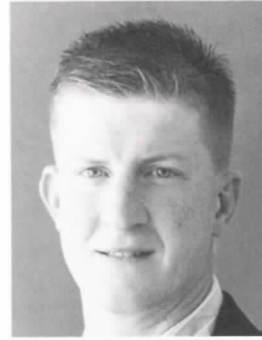

The Mishawaka, Indiana native spent four years prior to coming to Oakland at New Mexico State University in Las Cruces. Prior to his stint at New Mexico State, he

was an assistant coach for two seasons at Texas Tech University. The 1980 graduate of Western New Mexico University started his coaching career as a student-assistant for three years at his alma mater. After graduation he spent two years as a high school assistant coach in New Mexico before moving on to Texas Tech.

"I believe we have a program now that ranks among the nation contenders in Division II," Coffman said. "We are very close to competing for a national championship. Being a part of this has made it a pleasure to work in coach Kampe's program."

Coffman is a graduate of Mayfield High School in Las Cruces, where he played on the varsity basketball squad. He played for one season at Western New Mexico before becoming a coach there. He earned a master's degree in educational administration from New Mexico State in 1985.

The 31-year-old Coffman lives in Pontiac with his wife, Karen, and their three-year-old son, Ryan.

ERIC STEPHAN

Assistant Coach

Eric Stephan is elevated to the post of assistant coach this year after spending two years as the graduate assistant on coach Kampe's staff. He will add recruiting to his list of duties, which also include scouting and practice work.

"I am looking forward to my third year with coach Kampe's program," Stephan said. "Being moved up to assistant coach will give me additional experience in the field, especially with the addition of off-campus recruiting to my duties. Our program is now at the point where we can challenge nationally."

Stephan was a four-year letter-winner at Carthage College in Kenosha, Wisconsin. He started as a senior, averaging five points and seven boards per contest. His high game of 19 points and 15 rebounds came against Concordia-Mequeon. Stephan earned a Bachelor of Science degree in business administration from Carthage, where he was also Chairman of the President's Advisory Committee and President of the Student Activities Board.

Stephan is a camp veteran, having worked three years at the Metro Index Basketball Camp, as well as at camps at Penn State and James Madison Universities. Stephan has also worked both the OU and Isiah Thomas Basketball Camps at Oakland.

A four-year basketball letterman at Berkley High School, the 24-year-old Stephan is single and lives in Pontiac.

JOHN HENDERSON Graduate Assistant Coach

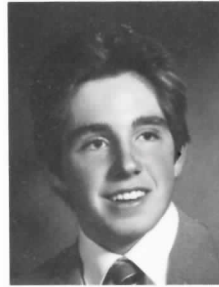

John Henderson enjoyed one of the most outstanding four-year careers in OU men's basketball history. Now Henderson continues his affiliation with OU as a graduate assistant coach in the men's basketball program.

A two-year starter, Henderson led the Pioneers in scoring and rebounding as a senior last year. He was an All-GLIAC and Academic All-GLIAC selection after earning honorable mention in both categories in each of the previous two seasons.

Henderson appears in OU's career top ten in 13 different categories, including first in three-point field goal percentage and second in free throws made and charity percentage. He was 13th nationally in free throw accuracy as a junior, and holds a school mark with 16 free throws made against St. Mary's as a senior. He ended his OU career with 1,435 points.

Henderson earned 12 letters as a prepster at Michigan Lutheran Seminary, four each in basketball, cross country, and track. A three-time basketball MVP, Henderson earned All-State honors as a junior and senior and garnered All-State laurels in cross country as well.

A native of Warren, the 23-year old Henderson is completing his degree in elementary education at OU.

MATT KOSKELA Team Manager

Beginning his fifth year as basketball team manager is Matt Koskela. The 22-year-old native of Lake Orion is a communications major at Oakland. Koskela was basketball team manager while attending Lake Orion High School, and still resides in Lake Orion.

PIONEERS HOPE TO STAND TALL IN THE GLIAC

Sixth-year men's basketball coach Greg Kampe has presided over the renaissance of Oakland University basketball during his reign as the Pioneers' head man. OU is 59-25 over the past three seasons, including a pair of 20-victory campaigns, the first ever at OU. Oakland has also seen the best GLIAC record and finish in its history during that span. Now the renaissance is about to take on a different form. This year's Pioneer squad will be the biggest in history, standing as tall as the towers of the Renaissance Center in nearby downtown Detroit.

"For the first time we have the ability to score inside at any time," Kampe said. "The past few years we have played a fast-paced game because we couldn't score inside. That was our way of getting easy baskets in the past. Now we won't have to play at such a high tempo to get easy baskets. We have real size inside, and we have some players who can score in the post," the coach added.

Oakland has six players 6-6 or taller, and also has the benefit of five seniors for leadership. Still, it will be the little guys that will make the squad go. Senior Brian Gregory is back for his final season as the Pioneer point guard. The 5-9 Gregory was second nationally in assists last year at 10.9 per game, and holds every assist record at OU and in the GLIAC. Gregory averaged 13.4 points and shot 84% from the foul line last year. Another senior is 6-5 Andre Bond, who will see action as both guard and forward this year. Bond is OU's top returning scorer at 15.7 points per contest, and led the team in field goal accuracy, hitting almost 55% of his shots. Another senior who will split time between guard and forward is Wallace Davis. Davis, a rugged defensive player and rebounder, plays much bigger than his 6-3 frame. He was one of OU's top performers over the second half of the year. Another player who fits into that category is the lone non-senior in the Pioneer backcourt, Eric Taylor. One of the GLIAC's top freshmen a year ago, Taylor became a starter over the second half of the season and averaged 10.3 points per game. The poised rookie led the league in free throw percentage as well.

OU has two seniors back up front. The 6-7, 230 pound Dave Hintz returned last year after missing the previous season due to knee surgery, and average 7.4 points and five boards per contest. Also back for his final year is 6-9, 240 pound Skip Townsend. After seeing limited playing

time his first three seasons, Townsend could see valuable action in the middle this year. Sophomore Bryan Paraham stands 6-4, 210, but plays much bigger. The outstanding leaper averaged 3.1 points and 2.5 boards off the bench a year ago. Junior Dan Kosnik was bothered by injuries last year, but is healthy and ready for increased playing time this season. The 6-6 Kosnik averaged 2.2 points in 1988-89. OU's other frontcourt returnee is 6-7 Lee Fitzpatrick. Now a sophomore, Fitzpatrick could develop into a solid player at the forward spot.

The Pioneers' inside fortunes may ride on the efforts of two players. Stacy Davis is back after a two-year hiatus. The 6-6, 270 pound sophomore has the potential to be a dominant force for Oakland. Davis has the ability to score inside and out and could carry a big offensive load this year. The other player is the biggest in Kampe's tenure at OU, 6-10, 260 pound Joel Jensen. Another transfer from the Naval Academy, Jensen possesses an outstanding shooting touch for a big man. With his height and abilities, he could be an exceptional scorer in the GLIAC.

But it's still the seniors that Kampe will depend on.

"You'd like to think that to be successful you need a lot of seniors," Kampe explained. "It doesn't always work like that, but you like to think that way. These seniors have had so much success, with a 59-25 record. I know I count on them. They will make sure we are ready at the start of practice and on opening day."

The Pioneers will have to get out of the gate fast. They open with a tough tournament at Northern Kentucky which includes powers on the Division II (NKU), Division III (DePauw), and NAIA (Taylor) level. OU also lists 24-game winner Christian Heritage and NAIA quarter-finalist Siena Heights among its early-season foes. And the GLIAC should be as tough and well-balanced as ever in 1990, leading to what could become a five-team race for the league title.

Oakland has achieved a great deal in the Kampe regime. The program has become a solid winner in the last three years as the Pioneers have executed a basketball revival. All that's absent now is a much-coveted GLIAC title and an NCAA tournament birth. OU's renaissance men could bring home those missing pieces.

OU's guard tandem of senior Brian Gregory (l) and sophomore Eric Taylor (r) is one of the best starting duos in the GLIAC.

PIONEERS AT A GLANCE

OU BY HEIGHT

6-10: Joel Jensen
 6- 9: Skip Townsend
 6- 7: Lee Fitzpatrick, Dave Hintz
 6- 6: Stacy Davis, Dan Kosnik
 6- 5: Andre Bond
 6- 4: Bryan Paraham
 6- 3: Wallace Davis
 5- 9: Brian Gregory, Eric Taylor

Great Temple, Basketball Coach
John Huntington

*"I'd only been there ten minutes
and I knew Signature Inn was
different. The phone rang. It was
the front desk calling just to make
sure everything was all right."*

"Really?"

"That's what I said."

The call you receive soon after you check in is all part of how we take care of you. One of your first signs that you've found a place with a difference. Give us a call. And we'll give you one. Sincerely yours, Signature Inn. For reservations, **1-800-822-5252**.

Sundays Noon 'til Midnight

BORICS WILL GIVE YOU A NEW REASON TO SMILE.

BECAUSE YOU'LL LIKE THE WAY YOU LOOK.

If you've never had your hair cut at BoRics, this is your perfect opportunity. We know you'll be so satisfied with our professional stylists that you'll want to come back again. And again. Just like millions of other satisfied BoRics customers throughout the U.S. and Canada.

Because, at BoRics, you get haircare exactly the way you want it.

Our trained professionals can cut your hair to match your style or create a new one. Either way, we guarantee you will like it.

Our stylists will wet your hair with a special cutting solution, cut your hair into exactly the style you want, and blow it dry.

Clean hair is necessary for accurate hair cutting. You can shampoo your hair on the day of your visit, or, for a small charge, we'll shampoo it for you. Because, at BoRics, you pay only for the services you need.

You can't beat BoRics for convenience, either. No appointments are necessary. Just walk into one of our convenient locations Monday through Friday 9 a.m. to 9 p.m., or Saturday 9 a.m. to 6 p.m.*

Don't settle for the uninteresting styles of a barbershop or the high prices of a beauty salon. Come to BoRics, and give yourself a look—on us. You're going to like what you see. We're sure. *Mall hours may vary.
