

Who's an Old Codger?

YOUTHFUL "100" — Life is still going strong for James Robbins who will celebrate his 100th birthday May 4 at the Bloomfield Hospital. Born in Brooklyn, N.Y., his Irish heritage makes him a favorite with nurses at the hospital. From left are Mrs. Bernice Woods, Mrs. Virginia Foster and Mrs. Cherri Barnett.

15-Mill Limit Is Reinstated

Con-Con Reverses Vote on Property Tax With Ballot of 100-30

LANSING — Constitutional convention delegates voted overwhelmingly today to reinstate the historic 15-mill property tax limitation in the proposed new constitution after once having tentatively decided to remove the provision.

The proposal was adopted, 100-30. It was the second reversal of a previous vote within 24 hours.

Yesterday, the convention reversed itself in setting up the state board of education by deciding to make the governor a member of the board. The action represented a personal victory for George Romney, probable Republican candidate for governor.

As second-reading debate opened today on the finance and taxation article, delegates quickly approved proposals continuing the earmarking of gas and weight taxes for highway purposes, as defined by the legislature, and a provision allowing the refinancing of some \$100-million in Mackinac Bridge revenue bonds.

Restoration of the 15-mill property tax limitation was part of a compromise package agreement worked out by Romney and D. Hale Brake, R-Stanton, a leader of the GOP conservative bloc, to prevent a threatened split in Republican ranks.

'I'll Tell You a Story,' Says Young Irishman

A burst of laughter in the front room of the Bloomfield Hospital—and attendees know that James Robbins is telling another of his humorous-memory stories. Although the energetic Irish gentleman will be 100 years old May 4, his constant chatter of stories with a "punch line" fills the halls with merriment.

Jim gets up early, dresses and wanders down to the dining hall, tossing cups like popcorn to pigeons. He gently prods his friends for being "old."

A bow tie and cap set at a jaunty angle are his trade marks. Born in Brooklyn where he says the home are, Robbins himself had icky feet. He hummed all over the world before settling down in Pontiac — "I forgot how many years ago."

He worked as a mechanic before entering the Oakland County Medical Center Facility and then the Bloomfield Hospital.

When he was 35 years old he married, but shortly afterward his wife died of cancer. He was on the go again.

Because he was 38 years old at the time of World War I, he couldn't enlist so he joined the Merchant Marines and saw every part of the world by boat and submarine.

His memories and tales of Coney Island are a delight to all. "There was always lotsa people at Coney Island. They didn't swim — just stood around there in the water. Too many to do any swimming! In the old days the women wore long skirts over petticoats and big pants. In kids use to dive under water and unhook their skirts, but they had enough underneath to keep their modesty."

The formula for his century on this earth? "I guess the good Lord just allowed me to stay a little longer than most."

Many congregations will hold joint services during the three-hour period from noon to 3 p.m., the time according to Holy Scripture that Christ was crucified.

Others will observe Good Friday with evening hours of worship. Some churches have chosen Easter Eve as a time for the sacrament of baptism and all-night prayer.

Among the Good Friday services planned by the Pontiac Pastor's Association is the traditional downtown observance held this year from noon to 3 p.m. in First Pres-

byterian Church. Rev. Galen E. Herby is host pastor.

The service will be centered around the "Seven Last Words of Jesus" spoken from the Cross. Speakers will include Rev. James Johnson of New Bethel Baptist Church and Rev. Frank Brannon of Aldersgate Methodist during the first hour.

During the second hour Rev. Harold Johnson, an associate pastor of Central Methodist, Rev. Jack H. S. Clark of First Christian and Rev. Myron R. Everett of Baldwin Evangelical United Brethren will bring the message.

Seen as Move to Ease Tension

Recall E. Berlin Army Chief

From Our News Wire
MOSCOW — The Soviet Union today recalled Marshal Ivan Konev, military commander in East Germany who backed up the Communists when they built the Berlin wall.

The return to Moscow of the soldier who moved into the East German command as a sign of the Soviet Union's tough policy on Berlin last August was seen as a possible Kremlin move at this time to further reduce tension over the divided city.

Konev's departure came shortly after it was disclosed that Gen.

Luchin Clay, President Kennedy's personal representative in Berlin, is returning to the United States.

Col. Gen. Ivan I. Yakubovskiy succeeded Marshal Konev, who returned to Moscow to resume his duties in the Soviet Defense Ministry, Tass said.

Konev, a former commander of the Communist Warsaw Pact forces, had been the Soviet commander in East Germany since August 1961. At that time, he succeeded Yakubovskiy.

Today's move restores the command situation prevailing before the East Germans built the wall across Berlin last August. Yakubovskiy was then the commander of the 20 to 22 Soviet divisions in East Germany.

On Aug. 10 it was announced Konev had come out of retirement to take over from Yakubovskiy. Three days after his appointment, the East Germans began putting up the wall to stop the flight of refugees.

Word of Konev's departure

came as a surprise to Western officials in Berlin.

Konev has the reputation of being a tough and resolute commander. That was assumed to be the reason for his return to duty when the East was about to launch the perilous operation of sealing off West Berlin.

Under his orders two Soviet armored divisions moved into position on Berlin's outskirts while the East Germans began the wall.

Three weeks later President Kennedy sent retired Gen. Lucius D. Clay to Berlin as his personal representative. The termination

of Clay's mission was announced by the White House last week. He leaves Berlin May 4.

Thus the two top figures dispatched by the Kremlin and the White House to Berlin at the height of the crisis will have left. In political circles here there was speculation the moves were related, bound up with the present phase of U.S.-Soviet negotiation over Berlin.

The announcement of Konev's new assignment came three days after Secretary of State Dean Rusk and Soviet Ambassador Anatoly F. Dobrynin met in Washington to discuss the Berlin situation.

Reds Maneuver in Try to Block U.S. N-Testing

America, British Stand Fast Against Pressure of Soviet Union Drive

GENEVA (AP)—The Soviet Union launched a series of diplomatic maneuvers today in an attempt to block the American atmospheric nuclear weapons tests due soon in the Pacific. The United States and Britain stood fast against the pressure.

Soviet Deputy Foreign Minister Valerian A. Zorin called in the United Nations today for an implied invitation on testing—a move firmly resisted by the American ambassador.

Zorin demanded that the United States promise to refrain from conducting shots over the Easter holiday weekend. He declared the Soviet Union would not agree to a recess of the conference unless such a promise was received.

Zorin's maneuvers tied up the conference in a procedural wrangle. The delegates — many with their bags packed — had been scheduled to recess today until Tuesday.

Zorin coupled his move with a qualified Soviet offer to negotiate on those portions of a neutralist proposal which conform to Moscow's ideas on enforcement.

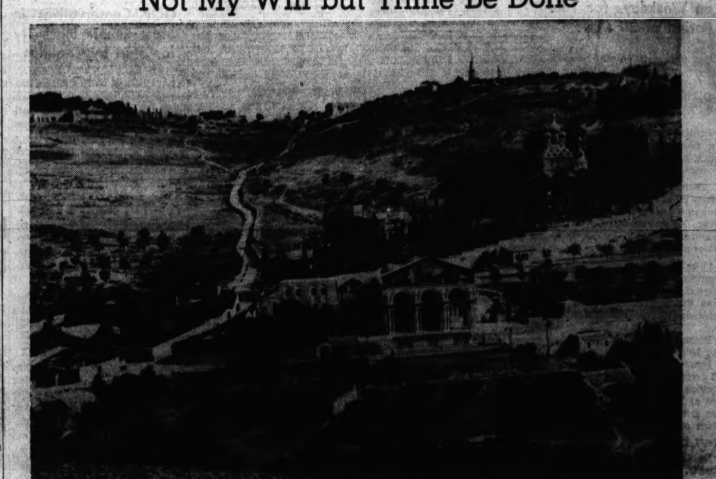

The United States and Britain said they also would be willing to use the neutralist proposal for negotiating purposes provided the Soviets accepted the concept of scientifically sound international enforcement.

U.S. Ambassador Arthur H. Dean rejected the moratorium proposal.

The neutralist plan was submitted to the conference three days ago by the eight nonaligned countries at the conference—Brazil, Burma, Ethiopia, India, Mexico, Nigeria, Sweden and the United Arab Republic.

The idea was to require a return to the lower steel price level for a specified cooling off period during which there would have been hearings and discussion of any necessity for higher steel prices.

This is much like the present Tull-Hartley law arrangement in which labor unions are required by court injunction to refrain from engaging in strikes during 90-day cooling off periods while (Continued on Page 2, Col. 3)

THE MOUNT OF OLIVES — Then He went out and made His way as usual to the Mount of Olives, accompanied by the disciples. . . . He Himself withdrew from them about a stone's throw, knelt down, and began to pray: 'Father, if it be Thy will,

Christ With His Cross Walks Road to Calvary

EDITOR'S NOTE—A somber, twisting street test in today's Jerusalem—was it like the street on which Jesus walked to a hill called Golgotha? An AP religion writer who visited Christianity's holy places recreates the drama in this fourth of five articles on his pilgrimage.

BY GEORGE W. CORNELL
AP Religion Writer

JERUSALEM, Jordan (AP)—The past lives here, unseen and seen, above and underground. The present atmosphere is ancient, yet it harbors time more ancient still.

City lies on city, tier on tier, house on house, wall on wall, buried chronicles of man, still mirrored in the face of old Jerusalem. Along these aged streets, 2,000 years ago, the Man of Galilee was driven, bearing on his back a wooden crossbeam for His execution.

"Whoever would save his life shall lose it, and whoever loses his life for my sake, he shall find it."

The way is cavernous and shadowy along the narrow stone and brick defiles that weave among the huddled houses, markets, courts and shrines. Open booths dispense their wares — cheeses, bangles, beaded rugs and butchered lambs. Beside such cluttered stalls as these, passed Christ condemned.

"The living bread . . . the way, the truth and the life."

The passageways run crisscross through the maze of mortared walls, descending, climbing, slanting. Overhead the buttressed roofs and arches alternate with open sky, producing strange effects of light and shade.

"He who follows me will not walk in darkness, but will have the light of life."

Underfoot, the slabs stone mirror with the march of centuries. Beneath each alley, stair and stoop, the epochs have left their architectural legacy, still visible in places.

RUIN ON RUIN
Ruin on ruin, heap on heap—Jewish, Syrian, Roman, Byzantine, Crusader, Arabic — rooted deep. The track of conquest's stubborn cycle — build, destroy, rebuild, destroy and build again.

" . . . all they that take the sword shall perish with the sword."

The dead have voices here among the living, etched in tombs and monuments, preserved in dusty corridors, in age-worn tiles and massive blocks heaved up by Herod's slaves. Time seems cumulative here, instead of passing. A half-way floor may once have been the paving on a bridge.

City and county offices, as well as many stores in the Pontiac area, will be closed tomorrow from noon to 3 p.m., in observance of Good Friday services.

Banks will remain open as will stores at Pontiac Mall and Miracle Mile Shopping Center. Tel-Huron Center will close.

In downtown Pontiac there is no standard policy. Many stores will remain open while others will close.

The special service from noon to 3 p.m. Friday at the Trinity Methodist Church, Keego Harbor.

Rev. O. P. Eastman will be host pastor to 10 northeast Pontiac churches from 1 to 2:30 p.m. on Good Friday at the First United Missionary Church, 149 N. East Boulevard.

Cooperating churches and pastors include Rev. Lelloy Shaler, First Church of the Brethren; Rev. Edot D. Moore, Pike Street Church of God; Rev. Mrs. Lela Marlen, Christian Temple; Rev. K. D. Johnson, First Church of God; Rev. Lyl H. Bowdon, First Free Methodist; and Rev. Geoffrey Day, Evangelist Temple.

Others are Rev. Robert Garner, Friendly General Baptist; Rev. (Continued on Page 2, Col. 3)

Argentina Hit by New Crisis

Post Troops as Guido Resists Move to Bar Peronists From Office

BUENOS AIRES, Argentina (AP)—Battle-equipped troops deployed through Buenos Aires today as a new Argentina crisis flared between President Jose Maria Guido and the military leaders who put him into office three weeks ago.

Soldiers and national policemen were posted at key points in the capital to guard against Peronist disturbances as the military chiefs pressed Guido's government to bar the followers of ex-Dictator Juan Peron from politics once again.

An estimated 5,000 more troops were summoned from the provinces to Buenos Aires.

Guido was reported standing firm against the military demand, but his new government began to wobble under the same pressures the military put on President Arturo Frondizi before ousting him last month.

Interior Minister Rodolfo Martinez resigned and charged the government was planning to defy the constitution by taking over the provincial governments. Labor Minister Oscar Gueguen stated that he also would quit.

There was no immediate reaction from the Peronists.

Sun to Peep Out on Good Friday

There's a chance of a few aprils hitting the Pontiac area late today but tonight will be fair and continued cool, the low near 34.

The weatherman forecasts mostly sunny and warmer for Friday, the high climbing to about 57. Saturday's outlook is partly cloudy and a little warmer with a chance of scattered showers by evening.

Morning northwesterly winds at 10 miles per hour will become northwest to west at 14 to 18 m.p.h. late today and tonight.

Thirty-four was the lowest recording in downtown Pontiac preceding 8 a.m. The mercury registered 46 at 1 p.m.

Christ Walks the Road to Calvary, Bearing His Cross

(Continued From Page 1)

to evening prayers by Moslem muezzins, along the route that mankind's harvest Jesus.

"He who sees me sees Him, who sent me."

Customs here in old Jerusalem, within the Jordan sector, come from eras past. Open cooking braziers, burn in central rooms. Along the street a peddler carries a plate of steaming shawarma, head, then stops to ladle portions out in folded strips of paper.

I stopped inside a barber-shop to get a shave and found they used an old technique of crossing threads to shear the finer whiskers close. They served me potent tea, perhaps to ease the price.

The people here are effortlessly friendly. Most of them have little but their wealth of warmth. It comes so artlessly it seems almost a feature of some bygone day, archaic, quaint, as old-fashioned as their habits, shops and dress. The past survives in them, also, in things long gone that still exist today, where Jesus trudged.

"I go to prepare a place for you..."

Our guide, a bright and gracious Jordan youth named John Assad, who hopes to go into the Presbyterian ministry, led us to the spot where Pilate ordered Jesus crucified — the pavement called the Lithostrotos.

Several sections, worn to glassy smoothness, still are there, encompassed by a convent, church and Modern boys' school on ground once occupied by Rome's Fort Antonia.

A crimson rank of bougainvillea blooms along a terrace near the judgment court. Nearby, within a somber room, a column stands, where He was tied and whipped.

"Peace I leave with you; my peace I give to you; not as the world gives do I give you."

The Via Dolorosa courses briefly to the west, then south, then west again, a slow half-hour's walk, through narrow, gloomy passages, past noisy bazaars, up steps and ramps, through heavy gates and open squares.

The path is marked by chapels, monuments and churches of all kinds and shape — eastern, western, old and new. And tablets in the wall denote stations of the cross, although nine of them before He reached the crucifixion scene.

THE PLACES

The several places where He fell.

Where Simon of Cyrene relieved him of the heavy beam.

The point at which He saw His mother.

Where Veronica supposedly rushed out and wiped His face of sweat.

Where He met the weeping daughters of Jerusalem.

The route goes by the Jewish quarter, now devoid of Jews in hostile Arab territory.

"A new commandment I give you, that you love one another, even as I have loved you."

Numerous policemen walk the streets, in enlaid olive drab, and shining metal helmets, topped by spear-like prongs.

The troops that prodded Jesus and through these close confines were met with swords and braided whips, bare-legged in their tunics and cuirasses, flowing orange-bred capes across their backs.

"God sent the Son into the world not to condemn the world, but that the world through Him might be saved."

From deep within a dark alcove came snarls of dogs, competing for some scraps. Up above, a dripping blanket hangs across a window ledge, in search of sun.

Peasants, babbling merchants, tourists, children, mingle in the crowded streets, so closely-walled that you're inclined to pat the donkeys on the rumps as they go by.

Along the tight, dark lanes, the accented Jesus moved.

"... the gate is narrow and the way is hard that leads to life..."

The cobbled street negotiates a mild depression. Then it rises gradually. In Jesus' day, the climb was steep, laborious and long.

But changing structures, time shifting earth have nearly filled the Tyropoean Valley running lengthwise through the city.

The great, arched bridge that once traversed that cleft, from eastern Temple Hill to Herod's palace in the upper city on the west, is gone.

The execution party threaded through the zone below, congested, mostly, rent with shouting, boots and staves. And woe.

"If any man would come after me, let him deny himself and take up his cross daily and follow me."

To the south, atop the hill beside the city's western wall, are ruins of Herod's castle grounds and parts of giant monuments he built. Not far away, the site where Caligula, the high priest, lived, where Jesus, bound in cords, was quizzed and pummeled.

BETHSHEBA POOL

Over to the north and east, remains can still be seen of porticoed Bethsheba pool, the spot where Jesus healed decrepit men, before the world's reigning powers intervened.

John, our guide, recited scripture, history dates, with skill and sensitivity.

We wandered, so it seemed, through misty veils of time, through labyrinthine stag-on-stage of mood and scenery. The somber street winds slowly up a hill. The hill is called Acra.

The fluctuating walls, the shutter-like extensions overhead, the intermittent gaps of light and sinking reddened sun, distributed phantasmagoria streaks along the slabs of stone that led, at length, to where the soldiers lifted Jesus up from earth — up on a cross.

"... And I, when I am lifted up from the earth, will draw all men to myself."

(Tomorrow: A tomb.)

Pontiac Man to Be Arraigned in Traffic Death

A Pontiac man has been bound over to Wayne County Circuit Court on a charge of involuntary manslaughter in the traffic death of an elderly school crossing guard April 3.

Martin D. Koenig, 21, 187 S. Anderson St., waived examination on the charge yesterday before Municipal Judge John C. Seiler in suburban Wayne. No date was set for Koenig's circuit court arraignment.

Koenig is free on \$1,000 bond. He told police that he apparently dozed at the wheel before he went over a curb and struck John Henry, 73, in front of a Wayne School. Henry was dead on arrival at Wayne County General Hospital.

Will Hear Report on Parking Problem

The Pontiac General Hospital Board of Trustees will hear a report from board member Robert S. Nelson tonight on ways and means of providing more employee parking space at the hospital.

Nelson is chairman of a six-man committee of trustees and city commissioners appointed last month to study the parking problem.

The major problem is financing a lot that would handle 200 or more cars.

Nelson will outline the committee's findings to trustees. The board meeting is scheduled for 7:30.

Mental Patient Flees, Could Be Dangerous

IONIA (U) — A man described as potentially dangerous escaped last night from Ionia State Hospital for the criminally insane.

State police identified him as Marvin Rawson, 35, who was committed in 1945.

Rawson escaped by tunneling through the brick wall of a barred-window dormitory, then used a rope to escape over an outside wall.

Superintendent Alfréd Birzgalis described Rawson as "potentially dangerous."

Asphyxiated in Fire

DETROIT (U) — Thomas Smith, 46, of Detroit, was asphyxiated last night in a fire which damaged his home. Police said the fire apparently was set by a cigarette.

Waite's Children's Easter fashions

Girls' 7-14 Poplin Rain 'n' Shine Coats \$7.98
Fully lined coats with a collar that converts to a hood. Water resistant poplin. Beige or willow. Subsizes 10-99.

Where's a Hatching Post? Council to Look Around

IOWA CITY, Iowa (AP)—The City Council has voted to give serious consideration to Milo Yoder's parking problem.

Yoder, a resident of the nearby Ames community of Kalona, wrote the council recently complaining that where he made a trip to town he always had difficulty finding a hitching post.

The rarest animal in America is the black-footed ferret.

Parole Violator Homesick for Old Prison Job

DETROIT (AP)—Homesick for his old job as the warden's cook at Indiana State Prison, Herman Lawson, 45, was headed back there today.

Lawson, an admitted parole violator, surrendered to Detroit police Wednesday and then waived extradition.

He called from an East Side De-

troit restaurant where he had been working and said he was tired of running from the law; that he had violated his parole by leaving Indiana without permission.

Small silver change had almost disappeared in Washington by the summer of 1962. New "shin-plasters," small paper notes, were used instead and were unpopular. The Treasury tried postage stamps printed on heavy paper without mutilage for small change, but they also were unpopular.

Pre-Election Query Injected Race Issue

DETROIT (AP)—The Fair Election Practices Commission has found that a questionnaire sent to candidates in a Grand Rapids suburb prior to the April 2 elections was "violative of fair campaign practices because the injected religious and racial issues."

The FEPC finding was reported

yesterday by Walter Klein, secretary of the commission which was called in to investigate a protest over religious and political influences allegedly contained in the questionnaire.

The questionnaire was prepared and circulated in advance of the April 2 elections by the South League of Christian Reformed Men's Societies of Wyoming.

A portable electric pump is particularly useful for boat-owners. It is a battery-powered and runs for seven hours on a charge.

1st Nine Titans Accepted by AF as Operational

DENVER (UPI)—The Strategic Air Command yesterday officially accepted the nation's first nine Titan missiles, buried in underground sites on the plains east of here.

An additional nine missiles will be declared operational within

the next two weeks, the Air Force said.

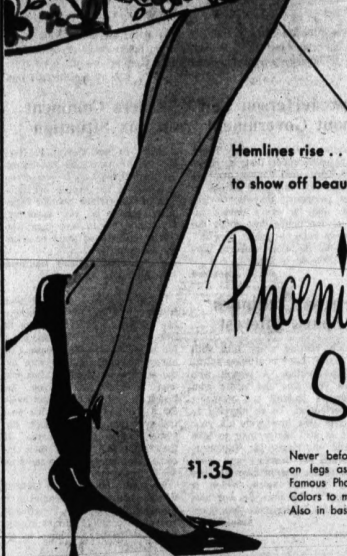

The transfer of the nine missiles, each fitted with a nuclear warhead, brought the U.S. intercontinental ballistic missile force to about 75. The missiles, including all 18 here, are in self-supporting sites, three to a site, protected by steel and concrete to withstand all but a direct nuclear hit.

Some X-ray pictures are so bright they can be viewed by television.

Future Looks Bright for Area Farmers

In spite of a disagreeable winter, it now appears that 1962 will be a profitable year for agriculture in the Pontiac area.

Wheat and other winter crops generally had a good snow coverage, there being but little drifting, so the snow remained in the fields.

There was some damage by the layers of ice smothering the crops, but that is negligible.

The spring thaws took off the snow and ice in a gradual manner, so there was little damage by erosion or flooded low grounds in the fields.

Wheat, hay and all forage crops generally escaped the "lifting," often brought about by intermittent spring thaws and freeze ups.

The frost went out of the ground quickly, giving all crops and vegetation a good start, keeping the moisture where it does the most benefit.

While the ground is well-filled with moisture, it seems quite paradoxical that the greatest need right now is a good spring rain, to settle the land and facilitate spring plowing.

Some farmers already have their cattle at pasture, which means a substantial addition to their milk checks.

The fruits seem to have withstood the extra zero temperatures in good shape, but have yet to run the gamut of a heavy frost at blossom time.

There promises to be a good acreage of corn, oats, potatoes and other spring crops.

Should summer rainfall be up to normal, it now seems that in this area there will be little reason in 1962 to extend any sympathy to the "poor" farmer.

Hoover Says Courts Are Too Easy on Criminals

In the April FBI Bulletin, J. EDGAR HOOVER, the greatest law-enforcing officer in the world speaks again on a subject that he deplors frequently—"softness toward criminals." He says: "The right of society in many jurisdictions are trampled in the administration of justice involving habitual criminals."

"Suspended sentences, paroles, and probation are meted out to murderers, rapists and depraved thugs as though they were badges of merit. This is a contributing factor in the alarming rise of criminality. Favored by some form of lenience, known repeaters flout the laws and make a mockery of our judicial processes in some areas. Many are barely behind the confines of prison walls before they prey again on the public, and again, law enforcement must ferret them out."

"There is no intent to question our rehabilitation systems. Dedicated and conscientious parole and probation officers, faced with increasing case-loads and outmoded clemency regulations in many localities, cannot be blamed. The fault lies with those who permit such conditions."

"It is difficult to follow authorities who seem bent on changing our whole structure to mollify the criminals. Overly protective courts tilt the scales of justice in favor of the lawless, and experimentations by some parole officials in prematurely releasing habitual offenders defy comprehension."

"Since the inception of the FBI's Ten Most Wanted Fugitives, 167 criminals have been on the list and 140 received some form of leniency. More than 21,000 parole and probation viola-

tors are listed in the 'fugitive stop notices.'"

"Criminal reaction to lenient practices is considered an invitation by the gloating hoodlum to renew his life of crime. Scores who witness 'soft justice' swing confidently into illegal operations."

"A distinguished Federal judge advised me that potential offenders are drawn into crime with the hope that they will not have to face the consequences of their acts. These individuals gamble on the fact that, because others have been lightly dealt with, they will have the same chance."

"Justice goes hand in hand with the fight against criminality. We shall see no abatement as long as 'soft justice' is the vogue. Our legal machinery in some areas has departed from its primary purpose—the protection of society. It remains to be seen how long the people of the Nation will tolerate this injustice."

The Man About Town

Looks Like Arson

Several Thousand Trees Are Destroyed in Grass Fires

By JOE HAAS

The heaviest grass fire loss in Oakland County this spring resulted in the destruction of over 11,000 spruce and pine trees on farms in Groveland Township. Since the fires were started on the same day and at quite separate and isolated spots, the crime of arson is suspected.

On the Conrad farm 8,000 4- to 6-year-old blue spruce were burned. The Turnbull farm lost 2,000 pine, most of them 10 years old. Other losses included the Kild and Campbell farms.

Happiness: Not to have what you want, but to want what you have.

Thanks are extended to Mr. and Mrs. O. K. Marsh of 417 E. Beverly Ave. for their tip off on what makes this column interesting. Their initials express how we feel about them.

A hint to the modern supermarket comes from Fred Kadey of Birmingham, who phones that they should have a pet turtle store (symbol of the old merchandising days), even if they never have a fire in it.

Spring has surely arrived, as Raymond Barreau of Drayton Plains phones that he heard a squealing in his back yard, and found that it came from a frog, being swallowed by a large garter snake. The latter was killed, and the former broke the long-distance jump record in getting away.

Thanks for a long letter from Robert Haslock of Davisburg, describing the building and operation of highway freeways in his London, England, and their bridges, there called "flyovers."

They all make 'em. But the most glaring error of the season is made in a beautiful wall calendar, put out by one of our nation's largest cosmetics makers, in which

Easter is one week late, the mistake being almost in the terrible category, as they are posted in most beautiful parlor. For the benefit of the gals who wish to be dolled up for the occasion, we announce that Easter is on April 22—and that's almost here.

"We wish you'd plug for some turtle races," phones

Mrs. Gladys Williver of Rochester, who says her children have a pet turtle that always crawls in a straight line, and should be a winner over the antics of most turtles in such races.

Verbal Orchids to—

Mrs. Millie Kaid of 11 South Jessie St.; 83th birthday.

Mr. and Mrs. Elmer Hanfordson of Drayton Plains; 82nd anniversary.

Mrs. Almira Everall of Waterford; 82nd birthday.

Mr. and Mrs. Dewey Driesman of Birmingham; 51st anniversary.

Mrs. Catherine Glassing of Walled Lake; 80th birthday.

"This is a Private War or Can Anybody Join?"

David Lawrence Says He Fails:

President Sweet-Talks Business

WASHINGTON—President Kennedy tried in yesterday's press conference to "butter up" American business, including the steel companies.

He said there was no ill will to ward anybody and that there was no room on either side of any feeling of hostility or vindictiveness.

But, unfortunately, the President nullified much of what he said when he refused to answer a reporter's question as to how he would treat labor unions if they do the same thing the steel companies did—namely, if they make demands for wage increases that go beyond the administration's formula for a "hold the line" or stabilization program.

Kennedy's avoidance of an answer is regarded as particularly significant, because it means that the administration intends to continue to put pressure on business and threaten it with lawsuits and the withdrawal of orders by the Defense Department, but will exercise no analogous pressure on the labor unions.

Kennedy pleaded that he does not really have the "power" to restrain wage increases. Actually, he has no legal power to restrain price rises either.

The President insisted that he had merely attempted to put before the parties on both sides the importance of the public interest, and he did say that the interrelationship of various factors makes the public interest "mandatory" in these matters.

Kennedy nevertheless did not hesitate last week to use all the pressure and power of the United States government to force the steel companies to recede from their announcement of a price increase. There is no power to do this under the law, but he applied it nevertheless.

The Defense Department withheld orders promptly and ignored the principle of competitive bids by simply shifting contracts without requiring formal submission. Coincidentally, a federal Grand Jury investigation of certain steel companies was ordered.

Kennedy's remarks were particularly unsettling, however, when he discussed future profits and productivity. He gave the impression that shareholders should be content with a record of high returns on their investment during the last ten years.

He said nothing about the current situation, in which the value of the stock held by U.S. Steel

shareholders is approximately \$63, compared to \$108 two years ago.

MUST WAIT

Kennedy also seems to think that the steel industry would get a \$500 million increase in profits when steel production goes up to 85 or 90 per cent of capacity. But nobody in the steel business expects any such result as this for a long time to come.

In fact, the realistic experts among them say that what's important is not the total amount of profits, but the return per shareholder.

They also say that a better way to measure progress is by the rate of return on sales which the steel companies receive. The industry figures show that in the last four or five years these percentages have been steadily going downhill.

A noteworthy piece of information in the President's press conference was his admission that at no time during the administration's discussion with the steel companies, before the decision was reached to raise prices, was there

any assurance given that there would or would not be a price increase.

One of the reporters had asked whether such assurances were given, either directly or indirectly, because the day the contract was ratified the President had stated that the settlement was "noninflationary."

Kennedy replied finally that they were not asked and they were not given.

The foregoing is an example of what American business is up against. The President himself hasn't revealed clearly just what happened in his attempts to get a "noninflationary" settlement, or the kind of pressure he used in coercing the steel companies to withdraw their price increase.

(Copyright 1960)

THOUGHT FOR TODAY

One Lord, one faith, one baptism.—Ephesians 4:5.

God is the one great employer, thinker, planner, supervisor.—Henry Ward Beecher.

Dr. William Brady Says:

Advices Kin, If You Love That Baby, Don't Kiss Him

"Our 9-month-old baby has just recovered from a serious illness." (Just say an illness. Any illness in such a young lady is serious.)

"Members of my wife's family insist on kissing the baby on his hands, cheek, and even on the mouth."

The doctor warned us that this is dangerous to our baby or any baby, for the germs transferred in that way may be deadly to a baby, who has not yet developed any immunity such as projects adults.

Wouldn't it be a blessing for all young babies if you could make people understand how wicked it is to subject the unprotected infant to such danger just to express their love for the little guy? We're afraid we'll offend them if we raise any objection." (A. M. K.)

Even at that risk you should protect your baby, and the back with your wife's relations if they choose to be unreasonable about it. Tell them it is doctor's orders. Tell them what the doctor said. If they really love the baby, of course they will understand and in future govern themselves accordingly.

Your query reminds me that I once suggested that the place to kiss a baby is on the sole of the foot, but that was a mistake because immediately after you plant a sample of your pneumococci on the foot, the baby may put it in his mouth.

A good rule for everyone would be "Never kiss the baby you love."

Let's not take baby kissing too seriously, let me cite an outbreak of syphilis in a group of young girls about three weeks (incubation period) after a birthday party where a kissing game was played. A youth at the party had syphilis in the highly communicable secondary stage, and the girls he kissed developed the initial

any assurance given that there would or would not be a price increase.

One of the reporters had asked whether such assurances were given, either directly or indirectly, because the day the contract was ratified the President had stated that the settlement was "noninflationary."

Kennedy replied finally that they were not asked and they were not given.

The foregoing is an example of what American business is up against. The President himself hasn't revealed clearly just what happened in his attempts to get a "noninflationary" settlement, or the kind of pressure he used in coercing the steel

Hope for Heart Victims

Report Medical 'Finds'

By The Associated Press

Medical research reports offered new hopes today for male heart attack victims and babies born with inoperable heart conditions.

Dr. Jeremiah Stamler and associates of Chicago told a symposium on coronary-heart disease in Philadelphia Wednesday that female sex hormones apparently can give many men extra years of life after a heart attack.

BIG STEP FORWARD

At the same time, in St. Louis, four Stanford University surgeons reported a giant step forward toward heart surgery outside the body, which they said they be-

lieved might help many of the 15,000 babies born annually in the United States with inoperable heart conditions.

Stamler told the Hahnemann Medical College symposium that he used a preparation of natural, mixed female hormones, or estrogens, in a five-year study among 775 middle-aged men.

He said that among men who suffered a single, uncomplicated heart attack, only seven per cent taking the hormone died within five years, compared with 17 per cent not treated. Statistically, he said, this represented a reduction of 59 per cent in the mortality rate.

REMOVE HEARTS

In St. Louis, the Stanford surgeons said they had removed dogs' hearts for as long as two hours, then replaced them without apparent harm to the animals.

"So far the experiments have been successfully carried out on four dogs, which are still alive from five to nine months after the operations," the surgeons told the annual meeting of the American Thoracic Society.

The report, presented by Dr. Edward J. Hurley, said the technique may be the first step toward operations in which a patient's heart is cut out of his body to correct serious heart defects.

Gen. Clay to Leave Berlin on 6th of May

BERLIN (AP) — Retired Gen. Lucius D. Clay will leave here May 6 after eight months as President Kennedy's personal representative to Berlin, the U.S. headquarters announced Wednesday.

It was announced last week that Clay's mission to Berlin was to be terminated.

Clay plans to return to private business but will remain the President's adviser on Berlin affairs, the White House has said.

Clay has promised to visit Berlin from time to time. The announcement said he would return here for a visit in July.

JFK Gets Key to Open Fair Saturday at 3

WASHINGTON (AP) — President Kennedy received today the historic gold telegraph key which he will use Saturday in opening Seattle's World Fair.

"Isn't this something? It's a beauty," Kennedy said as he received the key from Sen. Warren G. Magnuson and Henry M. Jackson, Washington Democrats. At a ceremony in the President's office, they also gave Kennedy a solid gold pass to the fair.

Kennedy will press the key at 3 p.m. Saturday in Palm Beach, Fla., where he is going for an Easter vacation.

Six previous presidents have used the key, fashioned from gold nuggets by George W. Carmack who started the Klondike gold rush in 1897-1898.

Stevenson, Williams Said to Hate Africa

CAPE TOWN, South Africa (AP) — Foreign Minister Eric Louw charged in parliament yesterday that Adlai Stevenson, the U.S. ambassador to the United Nations, is "dedicated to hatred of South Africa."

Louw said, G. Mennen Williams, U.S. assistant secretary of state for African affairs, is another man who "fits into this picture."

He said, however, "I have a very high regard for Mr. Rusk (U.S. secretary of state) who made an excellent impression."

Louw reported to parliament on his fight against criticism of South Africa's racial segregation in the recent session of the U.N. General Assembly. He said many Western nations had joined in this criticism and the "United States has taken the lead in the anti-colonialism campaign."

Pontiac City Affairs

Hearings and Zonings on Docket

Public improvements and zoning proposals filled the major portion of Tuesday night's City Commission meeting.

Public hearings were held on plans to blacktop nine streets. Hearings on the special assessment rolls for six other projects were also held.

One zoning ordinance was approved and four others introduced for first reading.

Public hearings were held on the city's plans to blacktop portions of Bassett, Stanley, Woodland and First Avenues; Stebbins Court; Foster, High and Elm streets; and Hillside Drive.

No objections were voiced and resolutions were adopted ordering the city assessor to prepare special assessment rolls for each project for presentation next Tuesday.

Hearings on special assessment rolls for curb and gutter construction on parts of Howard Street and Ingewood Avenue were scheduled for next Tuesday.

Also slated for hearings at next week's meeting were special assessment rolls for black topping parts of Cameron, Kenilworth, Monticello and Stirling avenues.

An ordinance to resume a portion of Herrington Hills subdivision from Residential-2 to R1 was given final approval after no one objected at a public hearing.

The area contains 190 lots and lies south of Herrington Hills Elementary School and north of Featherstone Road.

The move was made to prevent multifamily dwellings from being built in the area. The rest of the subdivision is zoned R1 and the development trend has been to

ward single-family homes in the portion being rezoned.

Three proposed ordinances to rezone parcels on Pontiac's east side were introduced for first reading and slated for public hearings on May 8.

36-ACRE SITE

The parcels comprise an 80-acre site east of the Grand Trunk Western Railroad's Belt Line north and south from Mt. Clemens Street. City planners propose the site should be rezoned from manufacturing to residential use.

Also introduced for first reading and slated for a May 8 public hearing was an ordinance to rezone from personal service use to Residential-3 Lot 30 and the easterly 77 feet of Lot 31 on the southwest corner of Franklin Boulevard and W. Huron Street.

After considerable debate, commissioners voted approval to an application for transferring ownership of a tavern license from Noble

and Rosalie Benning to West Side Lanes, Inc., and upgrading it to a Class C license.

The move didn't constitute issuance of a new Class C license since one had been approved for the Benning in 1953. They never used it and their present tavern license is being held in escrow by the State Liquor Control Commission.

Mayor Philip E. Rowston and commissioners Robert Landry, Milton R. Henry and Winford E. Botten voted in favor of the motion.

Rowston said he was against the issuance of new Class C licenses but this was not a new license. The others strongly favor increasing the city's limit on Class C licenses which now stands at 37.

Voting against it was Commissioner William H. Taylor Jr. Abstaining were Commissioners John A. Dugan and Wesley J. Wood whose terms officially expire next week. They had previously asked that action be delayed one week.

AP Pontiac CANDIDATE — Don Yarbrough, a Houston, Tex., attorney, usually runs third in the political polls, but is considered the sole liberal Democrat in the Texas gubernatorial race.

Pontiac Commission Reorganizes Monday

The City Commission will meet Monday night at 7:30 to reorganize. Commissioners will be installed and a mayor elected to serve for a two year term.

Tuesday night's regular meeting was the last for Mayor Philip E. Rowston, who didn't run for re-election, and District 5 Commissioner John A. Dugan and District 6 Commissioner Wesley J. Wood, both defeated in Monday's election.

The three made brief farewell speeches before adjourning the meeting until tomorrow at 9 p.m. when they will convene briefly to canvas election results.

A fur trading post established by John Jacob Astor in 1805 at Astoria, Ore., was the first real U.S. foothold in the Pacific Northwest.

DOWNTOWN PONTIAC

On the other hand, people who work in the capital contend that the system is logical but the visitors are confusing.

With a new tourist season now getting under way, I thought it might contribute to better understanding between the public and the Congress if I undertook to explain just how the system works.

It's simple, really, and once you get the hang of it you have no trouble finding your way around, particularly if there's a guard handy to give you directions.

For instance, if we enter the new House Office Building through the main door, we might think of ourselves as being on the ground floor.

But technically we will be on the first floor.

Or, if we enter the main door of the old House Office Building, we will be on the second floor, which corresponds to the first floor of the new building.

'FOLLOW ME'

Technically, the old building does not have a ground floor, so its street level is either the first floor or the second floor. You follow me thus far? Very well.

If we now take an elevator to the lowest level, we will be on what is technically known as the basement floor. Here we will see a sign which says "subway to the fourth floor."

This doesn't mean the subway runs to the fourth floor. It means the elevator runs from the subway to the fourth floor.

The subway runs to the Capitol proper, where the floors are lettered, "B," "F," "P" and "G." If we ask the elevator operator for the ground floor, he will let us off at "F," not "G."

"F" stands for "first," but is

usually called the street floor. There is no "S" floor except in the old Senate Office Building. But there "S" stands for "subway," not "street." Elsewhere the subway is lettered "B," which stands for "basement."

The level on which the House and Senate chambers are located is called the "floor." It, however, is not lettered "F." It is lettered "P," which stands for "principal."

In the Capitol itself, "G" stands for "gallery," but in the new Senate Office Building, "G" stands for "ground." However, the "G" floor is at ground level only at one end. At the other end, the ground, or street, level is the first floor.

This completes our orientation tour of the capital. All we have to do now is find our way out.

Railroad Gets Okay to Expand Service

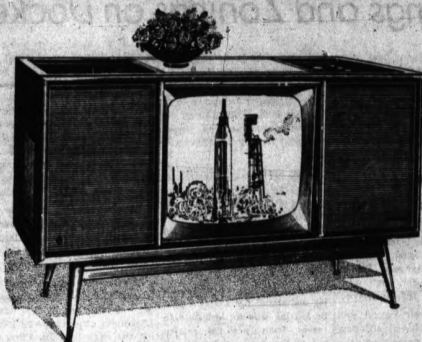

LANSING (AP)—Plans by Marquette and Huron Mountain Railroad Co. to expand its service and extend its lines in the Lake Superior resort area have been approved by the Michigan Economic Development Department.

The plans will be forwarded to the Area Redevelopment Administration (ARA) in Washington, which will consider the railroad's application for a \$135,000 loan.

Private investors and civic groups will furnish \$105,000 of the cost of the \$300,000 project, the department said.

The railroad company was formed to acquire the Lake Superior and Ishpeming Railroad Co., which operates from Marquette to Big Bay along the Lake Superior shore. The present 24 miles of track would be extended 1 1/2 miles to terminate at a municipal park in Marquette.

JFK Has Given People Voice in Economics

By NORMAN WALKER
Associated Press Labor Writer
WASHINGTON—President Kennedy has taken out a chair for the government—or as he views it, for the people—at the hitherto sacrosanct corporation boardroom and

collective bargaining tables across America.
This has been a firm administration policy for some time, but now it is, despite frequent statements, doesn't seem to have

generally accepted through. It was the root of all the upsurge in the recent steel price freeze.
Simply put, the policy is that the national interest requires the government to state clearly and positively how price and wage decisions, put into effect or contemplated, stack up with require-

ment of maintaining wage-price stability. The President has stated a few rules to follow.
'LAW OF NECESSITY'
There is no law prohibiting this. There is none precisely authorizing it either, except perhaps the unwritten law of necessity of everyone, as Kennedy says, sticking together in a nation faced with worldwide problems and commitments.

News Analysis

Clearly Kennedy is depending upon the force of public opinion to keep wages and prices in line to foster economic growth and keep this country ahead in world trade in the face of growing foreign sales competition.
"This interrelationship," Kennedy told his news conference Wednesday, "makes the public interest mandatory in these matters, and it is our responsibility to present it to those involved. That is what we tried to do in the steel case."

STRESSES POINT
"We can attempt, it seems to me," he said at another point, "to bring before the (private) parties in the most effective way possible, the public interest that is involved, and must be involved, particularly in these basic industries."
In getting the major steel companies to rescind their price increases Kennedy's most effective way possible included channeling government steel purchases through those firms that maintained the lower price line.

Some members of Congress have questioned whether this was legal. But the administration defended the action, saying a firm which had boosted prices had thus boosted itself out of the lowest price bracket on a negotiated contract.
JFK DECISION
Early in his administration Kennedy seems to have decided that letting some businesses set prices according to whatever the market would bear, without relation to costs, and hence without any employers for economically-disruptive wage increases, no longer could be tolerated without public disapproval via the government.
Kennedy established a labor-management advisory committee with older statesmen from business, labor, government and the public. This committee has been

busy on such varied problems as wage-price stability, foreign competition, economic growth, how to deal with automation problems and unemployment, and so on.
This group has been making some slow but steady progress, leading the President and his chief strategist on the home front economic situation, Secretary of Labor Arthur J. Goldberg, to schedule a broader White House Conference on National Economic Issues here May 21-23.

TO SELL PLAN
Kennedy personally is inviting top business, labor and public sources to come to this open meeting to hear him and principal administration figures talk on the whole gamut of economic problems. The whole idea is to sell the Kennedy plan of economic togetherness.

The President says he has no wage-price fixing powers and has never suggested they are desired.

Swanson Signs Bills Into Law

One Measure to Allow County Prisoners Out of Jail to Work

LANSING (AP)—Ninety days after the legislature adjourns prisoners will be able to leave county jails for the day to work, look for jobs, run a business, care for a family, go to school or see a doctor.
The day-parole was authorized in a bill signed into law yesterday by Gov. Swanson.

Other bills signed yesterday would:

—Allow libraries in noncontiguous counties to cooperate in area-wide library services;

—Empower governing bodies of public corporations or governmental units to authorize the burning of obligations or interest coupons within a year of the date they were paid off.

—Authorize construction of a bridge over Muskegon Lake in Muskegon County to connect an island with the mainland and permit land subdivision and development.

Industrialist Expires

TORONTO (AP)—James Young Murdoch, 71, a lawyer who became one of the top men in Canada's mining industry, died Wednesday after a brief illness.

South Africa now provides about half the world's gold. Each day its mines pour \$2,436,000 worth of newly mined gold into bars for refining and shipment.

able. But he said he expects business and labor to cooperate so that their wage and price decisions will continue economic stability.

This injection of the government into wage-price decision-making — for that's what it amounts to on a strongly persuaded advisory basis — has brought protests not only from steel on the business side but also from AFL-CIO President George Meany on the labor side.

Meany said once in February that he didn't like government in-

a free society telling labor and management what they ought to do. Meany hasn't repeated the criticism lately.

And Kennedy certainly hasn't altered his third man theme of government looking over labor's and management's shoulder.

News of Service Personnel

Two local servicemen now stationed with their respective branches are Airman Basic Ernest F. Oliver, with the U.S. Air Force, and Airman Apprentice Earl L. Wilkinson with the U.S. Navy.

Airman Oliver, son of Mr. and Mrs. Raymond Oliver of 236 West Brooklyns Ave. is attending the technical training course for Administrative Specialists at Amarillo Air Force Base in Texas.

A January graduate of Pontiac Northern High School, he completed his basic training at Lackland Air Force Base, Tex.

OLIVER WILKINSON

The son of Mr. and Mrs. Donald Wilkinson, of 1655 Cypress St., Union Lake, Airman Wilkinson is presently stationed with the U.S.S. Independence V-1 Division CVA-62.

Having attended Waterford Township High School, he entered the service in December, completed his basic training at Great Lakes, Ill.

Major Delos F. Keelean, son of

Mrs. Duncan McVess of 675 East Beverly St., has been promoted to Lieutenant Colonel at Fort Lee, Va. where he is provost marshal with the U.S. Army.

Lt. Col. Keelean left Pontiac on April 7, 1961, serving 37 months with the European Theater Operation and landing on Normandy, D. Day. He also served in the South Pacific, 18 months and in the Canal Zone three years.

He is married and has four children. The Pontiac Central High School graduate was formerly with the Sylvan Lake Police and the Oakland County Sheriff's Department.

Completion of a contract with the U.S. Army for an expansion of ROTC training at Western Michigan University will include pilot training for selected advanced students.

Among them is David Eldridge, son of Mr. and Mrs. M. A. Eldridge, of 1389 Holland St., Birmingham.

ELDRIDGE MOODY

A 1956 graduate of Birmingham High School, he is one of five students currently in this program, and is a senior in business administration, majoring in personnel administration.

Army Pfc. Robert J. Moody, son of the Eugene J. Moody of 21 E. Chicago Ave., recently participated with other personnel from the 4th Airborne Division in Exercise Banyan Tree III, a two-week Army-Air Force mobility exercise in Panama.

Private Moody, a rocket-launcher gunner in Company A of the division's 504th Infantry, entered the service in February, 1961, and completed basic training at Fort Dix, N.J.

He attended Pontiac Northern High School. His wife, Judith, lives in Fayetteville, N.C.

The sons, Frederick M. and David G. of Mr. and Mrs. Stanley Sherman of 1150 Joy St. are now serving with the U.S. Air Force.

Airman S. C. Frederick M. Sherman is now assigned to the 15th Air Command at Westover Air Force Base, Mass.

Having entered the service in August, 1961, he received his basic training at Lackland Air Force Base, Tex. Airman Sherman is a 1961 graduate of Waterford Township High School.

Airman 2. C. David G. Sherman has been transferred to Goose Bay, Labrador. He took his electronics

training at Chanute Air Force Base, Ill. Upon completing the course he was promoted to his present rank and transferred to

M. SHERMAN D. G. SHERMAN Lincoln Air Force Base, for on-the-job training, prior to his present assignment.

He is a 1960 graduate, also of Waterford Township High School.

Ninety per cent. of all tourists to Mexico come from the United States, says the Mexican Government Tourist Department. Only 2.62 per cent come from neighboring Central American countries.

OUR BEAUTIFUL NEW PONTIAC MALL STORE IS NOW OPEN

Casinos!

the trim, slim pant for boys with the 13 inch vented leg bottoms

4⁹⁸

Super slim and super tapered—for the second-look look that's all the look this year. And to help you pour yourself in, the 13" leg bottoms have smart rounded vents. Plain front, with half-top front pockets, beltless extension waistband, concealed side tabs, flapped back pockets. And in these swinging shades: black, pewter green, new blue. In new, narrow horizontal rib cotton; waist sizes 26-32; inseam lengths 28-31. Also available in checks and plaids.

NOTE: these pants ride low on the hips, so add an extra inch to your usual waist measurement.

OUR PONTIAC MALL STORE OPEN EVERY NIGHT 'TIL 9

Hey, little brother, I guess we showed 'em in the 1962 Mobil Economy Run from Los Angeles to Detroit. I won Class G, medium-priced, standard-size cars, with 19.48 m.p.g.!

And don't forget my win in Class C, compacts with large engine and automatic shifts. (My 27.3 m.p.g.* was better than any other competing car with an automatic transmission!)

*Premium Fuel

Naturally, we were sharply tuned and driven by experts who can squeeze more miles out of a gallon than the average driver!

—Don't apologize! So were all the cars we beat!

WRITES TO JFK — Utah National Guardsman Pfc. Larry D. Childers of Salt Lake City, who faced court martial for writing a letter critical of President Kennedy, is writing another letter to the President, from Ft. Lewis, Wash., thanking him for dropping the charges.

Two Reservists Freed in 'Easter Spirit' . . . JFK

FT. POLK, La. (AP)—"I'll be a much happier Easter now," said Pfc. Dennis Owen after he was released from the post stockade on orders from President Kennedy.

Owen, 23, from Seadrift, Tex., freed Wednesday, had served three weeks of a six-month, hard-labor sentence by a court-martial which found him guilty of disrespect to his commanding general. He also was fined \$50 a month.

In Washington, President Kennedy told a news conference he was remitting the sentence and also releasing another reservist. "In the spirit of Easter week," the other man was Pfc. Larry D. Childers of Salt Lake City. Childers, 24, had been facing court-martial at Ft. Lewis, Wash., for suggesting among other things that perhaps Kennedy figured "the job left open by my calling will reject him on the basis of low unemployment."

The President ordered Childers' court-martial canceled. In Owen's case, he was accused of having said the general's order hitting "we-want-out" demonstrations was "a hilarious climax to a chain of injustices."

"I want to go back to my unit and be a good soldier," Owen said after his release. "I'm very sorry that this thing developed into the bad egg that it did. When I made these statements, I thought at that time I was doing right."

After leaving the stockade, Owen packed his gear and moved out to join his company in the field. He is in Company D, 4th Armored Rifle Battalion, 6th Armored Division of the Texas National Guard.

At Seadrift, his mother, Mrs. Paul Owen, said "are you sure it's true? I can't believe it. It's so wonderful. My husband will be the happiest man in the world."

Owen's unit is scheduled for release from federal service in August.

Set Celery Hearings
LANSING 10 — The State Agriculture Department will hold a public hearing in Lansing April 23 on proposed standards for celery that would carry the Michigan seal of quality. The Michigan Celery Growers Association is seeking use of the seal.

It Takes Real Talent to Be a Successful Borrower

By HAL BOYLE
NEW YORK (AP)—Are you a good borrower?

Borrowing in the average business office today has been raised to the level of a fine art.

The ability to borrow successfully is more than a test of personal charm or salesmanship to most white collar workers — it is a test of survival.

Shakespeare's famous line, "Neither a borrower nor a lender be," has no application at all in office life. A few low with an attitude like that as a parish.

The general philosophy is to lend and let lend, to borrow and let borrow. If you don't lend a fellow worker a paper clip today, he may refuse to let you borrow one from him tomorrow—when you need it most desperately.

TYPICAL CASES
You can judge an office employee by what and why he borrows. Here are a few typical borrowers you may have noted in your own firm:

Pompous Paul—"Let me have 30 bucks now and it'll be well worth your while later," he says importantly. "I've got a big deal cooking with the boss and want to take him to lunch, and when I get him softened up I'll be sure to put in a good word for you." Later you find he needed the dough to make an alimony payment to his ex-wife.

Phobic Phil—This is the compulsive borrower. He has to borrow to be happy. He'd prefer to borrow the shirt off your back, but if you just lend him a last year's commuting timetable, he'll go away content.

While the Weeper-It isn't your money he wants to borrow; it's your ear. And if you lend it to him, he'll return it full of all his woes and the trouble he's been having with everybody from his girl friend to his landlady.

A REAL FAVOR
Ambrose the Abstainer — He's

Sam, the Big-Time Sharer—

"Can I borrow a quick five, pal?"

Roundabout Robert—He begins by inquiring about your health,

your views on motherhood and atomic fallout. After a 45-minute build-up of your ego, he asked casually as he gets up to leave, "Oh, by the way, could you let me have \$3.57 until Friday? I need it to pay for my laundry."

Cunning Carl—This bright lad

he asks, "I've got a sure thing in the fifty race at long odds. If the long comes in, we'll split the winnings, 50-50." But if the horse loses, guess who else does, too?

read in a psychology book that people tend to like anyone for whom they have done a favor. So he borrows from everyone, whether he needs it or not, figuring that once he is in their debt they will love him forever and ever.

LOVED BY ALL
Bert, the Brain Picker — The junior executive doesn't want your money. It's your ideas he wants to borrow, and once he does, you never, never get them back. They become his ideas.

His Omnipotence — The boss

himself isn't after your wallet either. All he wants to borrow from each employee is about an hour from his personal daydreams during working hours so that somehow the firm can get the job done. "Is that too much to ask?" he waits.

Some days it is. The office hired hands are so busy borrowing everything from lipsticks to gossip from each other that sometimes they simply don't have the time or energy to lend a little attention to the firm's business.

1st in U.S. in 44 Years

Elephant Calf Doing Fine

PORTLAND, Ore. (AP)—Belle, the elephant and her five-day-old baby, are doing fine, and the city of Portland is as proud as any new parent.

The 25-pound male calf was born at the Portland Zoo Saturday. It was the first elephant calf born in the United States in 44 years.

Queen Alice, a Sells-Floto circus elephant, was the last to bear a calf in captivity. She had four, but none of them lived.

Yale Listening to Pounding on the Door

NEW HAVEN, Conn. (U)—Yale men gave deep thought yesterday to a recommendation that women be admitted to the student body. The suggestion was made in a report to Yale President A. Whitney Griswold by a special university committee.

Yale now admits women only for graduate work.

Chris Corvey, a senior from Englewood, N.J., said there are many on the campus who want to keep women outside the gates, the better to keep to the serious business of education. But when asked how most students would react if several hundred girls appeared on campus tomorrow, he replied: "I think they would be ecstatic."

There was a general feeling on the campus that Yale will hardly rush into the business of educating women, report or no report.

GOP Trying to Kill Reorganization Plan

LANSING (U)—House Republicans have started a move to kill all but one of Gov. Swainson's proposals for reorganization of state agencies.

Republicans agreed informally to accept the Democratic governor's plan to place the State Civil Defense Organization under state police supervision. It now operates as a separate agency.

It and other reorganization moves take effect automatically unless rejected by either the House and Senate within 60 days after the governor proposes them.

A resolution introduced yesterday would block a move to create a department for economic progress, merging the functions of the State Economic Development Department and the State Tourist Council.

Thank You . . .

I shall endeavor to serve you as City Commissioner in a manner that will warrant the confidence placed in me by the voters in District 2 at the polls Monday.

YOU'LL EVER WANT!**

MONTGOMERY WARD

All the Children's Store You'll Ever Want!

The best-dressed kids in town have Mothers who save at Wards

**Our smart little fashions
are very big on value!**

Dressing a growing family is quite a task—but it doesn't have to cost a lot. Not if you shop at Wards! Here you'll find a world of good-looking "little fashions". At very attractive prices.

How does Wards do it? To meet the demands of millions of customers at 1100 Ward retail and catalog stores, we buy in huge quantities. Volume like this means lower costs. We save. So you save. And our designers watch for new fashion trends to give you both style and value!

Tiny World clothes for sizes 1 to 6X. When you see our Tiny World collection, you'll think the charming little dresses were Paris inspired. (Many were!) You'll find lovely "go-in to church" dresses. Perky playsuits. Colorful sister sets. Handsome dress shoes for the little miss and master. All at savings!

Popular styles from our Prep Shop. Here's why Wards Prep Shop is big with teens! "Sharp" Dobie Gillis shirt in new hot colors just \$2.98. New double-breasted suit only \$18.95 in Prep sizes.

Pre-teens adore Charm World styles. If she's ready for school, she's ready for Charm World. And Wards has everything she'll need—from outercoats to underclothes. All the latest in clothes for school, play or dress-up. Even special let-out clothes for "children on the grow". Our "Gain-a-Size" coats have an extra year's wear built-in. To lengthen, pull hem thread and re-hem. To make sleeves longer, just snip sleeve stitching. Another thoughtful Wards extra!

Little-longie suits "just like Daddy's". While we have a complete selection of short pants for small boys, we have long-pants suits and sport outfits, too. And at such small prices! A 2-piece poplin dress suit that costs only \$8.98.

A Royal Oak suit for graduation—under \$20.00. More proof of how you save at Wards! Our grammar school clothes are remarkably low-priced, but "plenty sharp-looking". And in all the newest fabrics including real wash 'n wear. Many items are treated with Scotchgard® to save you money on cleaning bills.

SHE'S NOT CHINESE — Mrs. Marion G. Buckley, 27, shows she knows how to use chopsticks after getting a divorce in Los Angeles Monday from Bryan Buckley, 29, a camera maker. She testified her husband insisted she "look, dress, speak and act like a Chinese woman," even though she is British-born and speaks with an English accent. She said she didn't mind while they lived in Hong Kong but found it embarrassing after they moved to Los Angeles.

Fifteen Men, 3 Women Join AF During March

Fifteen men and three women joined the service in March at the U.S. Air Force Recruiting Office at 53½ W. Huron St. It was announced today.

Women Air Force enlistees are Catherine H. Hawn, 231 Chippewa St.; Janet K. Hines, 2770 M59, Highland Township, and Loretta H. Heiljan, 568 Raskob Ave.

Others enlisting were Robert Hudson, 72 S. Marshall St.; John R. Langdon, 651 Berry Patch Drive, White Lake Township; Ralph E. Seybert, 629 E. Walton Blvd.; George F. Bailey, 484 Tilmor Drive; Harold F. School, 2331 Uplong Drive; and Michael W. Gerber, 75 Oakhill St.

The list also includes Louis D. Shivel, 335 Grandis St.; Otis J. Davis, 273 Shirley St.; James F. Honhart, 3404 Curwood St., Drayton Plains; Gerald D. Franks, 1570 S. Millard Road, Milford Township; Kenneth Britt, 935 W. Clarke to Road, Orion Township; Henry S. Nelson, 7765 Clement Road, Clarkston; Harvey M. Burns II, 959 Round Lake Road, Union Lake; Ronald L. Winkler, 1837 Shanklin St., Walled Lake.

All March enlistees except Otha D. Craven, 151 Ogema Road, were assigned to five weeks basic training at Lackland AFB, Texas.

Craven, who has re-enlisted after serving four years with the Air Force, was sent to electronics school at Keeler AFB in Mississippi.

London Drunk Sleeps It Off in Wrong Spot

LONDON — After a night of drinking, 26-year-old Henry Hatt got sleepy.

He entered an open door, went along a corridor, climbed some stairs, opened a door and flopped down on the floor.

He was in a police station. Arraigned in court on a charge of being on the premises for an unlawful purpose, he told magistrate Neil McGillott:

"I drank and drank and then wanted to sleep. I had no idea where I was, but I had no bad intentions."

"Next time be more careful where you spend the night," the magistrate said as he dismissed the charge.

\$700-Million CD Plan May See Speed-Up

By FRED S. HOFFMAN
WASHINGTON — The Kennedy administration's \$700-million civil defense program may pick up speed in Congress after the Easter recess.

The House Armed Services Committee plans to open hearings early in May, although no firm date has been set.

The legislation also is before the Senate Armed Services Committee. That group has not yet placed it on the hearing calendar.

President Kennedy asked Congress in January for a major broadening of civil defense, including the sharing of costs in building

fallout shelters in schools, hospitals and other community structures.

The Berlin crisis brought a sharp upswing in public interest in civil defense but officials noted a drop-off in that interest in recent months.

While waiting for Congress to act on the expanded program, civil defense authorities have been plugging away at plans to put into effect elements of the program previously authorized.

A pivotal part of Kennedy's program is a proposal to offer federal grants to help pay the cost of fitting community buildings with public shelters designed to protect

an estimated 20 million persons from deadly radioactive fallout in event of a nuclear attack.

OPEN TO PUBLIC
To qualify for federal aid, each shelter would have to be built to accommodate at least 50 persons and would have to be open for public use.

Already well under way is a nationwide survey in which technicians are marking suitable shelter space for about 50 million persons in existing buildings.

A total of 680 shelter survey contracts have been issued to architect and engineering firms across the nation. The Civil De-

fense Office expects to finish analyzing the data by June 30.

Officials said they are optimistic that the 50 million shelter spaces will be earmarked and usable by the end of this year.

At the same time, the civil defense agency reported it has virtually completed a 14-city pilot test of ways and means of stocking existing shelters with a wide variety of survival food, storable water, medical supplies and radiation measuring instruments.

The 14 cities are Baltimore, Washington, Los Angeles, Houston, Indianapolis, Raleigh, N.C., White Plains, N.Y., Tallahassee, Fla.,

Battle Creek, Mich., Springfield, Ill., Los Alamos, N.M., Jefferson City, Mo., Boise, Idaho, and Olympia, Wash.

\$6 MILLION ASKED
In his budget for the bookkeeping year starting July 1, Kennedy asked for \$6 million to complete the shelter survey program and to supply all the shelters with what is needed to sustain life after atomic attack.

The administration also hopes to start installing during the next fiscal year a buzzer system for warning all households of enemy attack or national disaster.

The system, called NEAR for

National Emergency Alarm Re-

peater, would involve placing special buzzers in homes, offices, factories and stores. The block-like devices would be tied into ordinary powerlines which would carry the alert signal from civil defense or air defense centers.

Still unresolved is the method of financing the special generators, which would cost about \$50 million, and the warning buzzers, which would come to between \$5 and \$10 apiece.

Another major feature of the administration's stepped-up civil defense was the printing of 25 million booklets giving house-

holders information on how to protect themselves and their families against fallout.

The Civil Defense Office said about 30 million copies are now in the hands of the public.

After Kennedy took office he placed civil defense under the Pentagon. In this fiscal year the Civil Defense Office has received \$250.6 million—five times as much as was spent for this purpose in any year of the past decade.

We're told that one out of five employed people in the country works for the federal government. But with April 15 coming on, taxpayers feel that everybody's working for the government.

Sentenced to Prison for Break-In in Area

Convicted of breaking and entering at Southfield's Vineyards Restaurant Dec. 23, James Roberts, 24, of 287 Wilson St., was sentenced Tuesday by Circuit Judge Frederick Ziem to 3 to 15 years in Jackson Prison.

Roberts was found guilty last month by a circuit court jury. William Griffin of 236 S. Edith St., who was apprehended with Roberts, earlier pleaded guilty and was placed on two years probation.

The largest office building in the world is the Pentagon in Washington.

'So Tired' He Resigned

Debre of France Took Guff for De Gaulle

By PHIL NEWSON
UPI Foreign News Analyst
It was nearly 9 o'clock in the evening, and outside the Hotel Matignon, traditional headquarters of French prime ministers, a cold drizzle was falling.
Past French security officers at the gate and up a curving marble staircase, was the office of Prime Minister Michel Debre.

Debre received this correspondent there at the end of a long day

which for him had included a speech before the chamber of deputies, four cabinet meetings and a reception for the visiting president of Senegal.
A shaded desk lamp provided the room's only illumination and in his chair behind the big desk, Debre leaned back in obvious weariness.
This was to be a background briefing session which meant that information passed on by Debre could be written but not attributed to him.

It was Debre's fate that he was to perform his greatest service in the shadow of the deeds and personality of President Charles de Gaulle.

It also was his fate that his loyalty to De Gaulle was to lead him to fight for issues he once had bitterly opposed.

So, in the chamber when he defended De Gaulle's program for an independent Algeria, he took the barbed rightwing shafts which really were intended for De Gaulle.

ONCE WAS 'ANGRY'
This was the same Debre who, under previous governments, had been one of France's angry men bitterly attacking any move that seemed to weaken French prestige of French overseas territories.

That night at the Hotel Matignon he was asked if he expected closer relations with the new U.S. administration of President Kennedy than the experiment began.

His reply, a smile and another question: "Can I be frank?"

Then he said, yes, because he believed the new men were backgrounded in government and history rather than business and that therefore their decisions would be based on history.

The rest of his conversation ranged over questions of NATO, Berlin and the Algerian war. The government still had hoped,

he said, that Algerian peace would be restored by the end of the year.

MANY DISAPPOINTMENTS
In the intervening months there were disappointments. Relations with the United States chilled over differences of opinion toward Congo policies, the United Nations and negotiations with the Soviet Union on Berlin.

In Algeria, a cease fire with the Algerian rebels led only to another blood bath instigated by Arabized Europeans who labeled both De Gaulle and Debre traitors to France.

There were triumphs, too, for Debre had an important hand in moves to stabilize French government, to moderate French agriculture, industry and transport and

to see France rise to unprecedented prosperity in the Common Market.

Early this month, after De Gaulle's overwhelming victory in the referendum approving his Algerian policies, it was reported that differences arose between De Gaulle and Debre over the latter's belief that now was the time for general elections to strengthen still further De Gaulle's hand. This, it was said, led to Debre's resignation.

This correspondent does not believe it. There may have been differences. But not enough to sway Debre's loyalty. It simply was that France was entering a new phase and Debre was terribly tired.

Gets 90 Days in Jail for Assault, Battery

A Madison Heights man convicted of assault and battery was sentenced Tuesday by Circuit Judge Stanton Dondoro to 90 days in the Oakland County Jail.
Frank Marston, 25, of 2546 States,

John R. was found guilty last month of attacking a Madison Heights woman, Dec. 31.
Marston was originally charged with felonious assault but a jury convicted him of assault and battery, a misdemeanor.

There are about three widows to every widower in the United States.

Scientists Lose Bearings Ahead of Their Time

CUNEO, Italy (AP) —Twenty scientists spending a week without clocks in a pitch-black cave have lost their time bearings so completely that some are mentally six years fast.

The time experimenters arise long before the roosters crow and blink it must surely be broad daylight outside.

Nineteen Italian professors and students and one Peruvian went 200 feet down into the cave near Cuneo last Friday to try to learn why animals keep their sense of time and men lose theirs in total darkness.
They took along five roosters, five hens and four rabbits. They'll

all stay there until next Saturday. A team of scientists on the surface reported that not one of the cave-men had been able to guess the correct time in the five days since the experiment began.

The experiment is sponsored by the Turin Mental Hygiene Institute.

The man who repaired his own Model T with a few simple hand tools now has a grandson who doesn't know how to open the glove compartment of his snappy new car. . . . A hospital patient complained about the cost of his operation, and sighed: "What this country needs is a good five-cent scar." Earl Wilson

Grand Rapids Helped Pioneer Experiment

State City 'Smiles' Over Fluoridation

GRAND RAPIDS (AP)—After a 17-year experiment, Grand Rapids and suburbs which use its water supply are all smiles because of fluoridation.

Antifluoridationists contend however that placing the tooth decay deterrent in public water supplies is an invitation to a multitude of bodily ills and even a shorter life.

Grand Rapids helped pioneer fluoridation in 1945 and has been the site of periodic tests and evaluations by United States Department of Health experts on variables from bone and blood to beauty.

Only last November a team of national and state public health and dental researchers made a photographic study of nearly 1,700 Central High School students' smiles in color.

They sought to establish a classification of "improved appearance" of teeth due to the ingestion of fluoride.

Most of the students had dental fluoridated water all their lives and the question was whether their teeth are "more appealing esthetically" than teeth developed in the absence of fluoride.

BETTER LOOKING

Pending evaluation, some experts estimate that fluoridated smiles are "much better looking."

"Even schoolteachers can tell," says Dr. Fred Wertheimer, director of the dental division of the Michigan Department of Health and recently named honorary president of the Michigan State Dental Association.

"We know that fluoride prevents an awful lot of tooth decay and the best way of doing it is to put it into the public water supply," he explains.

"The next best way," Dr. Wertheimer continues, "is topical application—painting a stronger solution directly onto the teeth."

He supported his stand this way: "We feel and I'm speaking now for the Michigan Department of Health and the MSDA both—that every public water supply should be fluoridated. It's inexpensive, easy, very effective, reduces dental caries by at least 65 per cent.

and decay that appears is much less severe and teeth are better looking."

Dr. Wertheimer said objections to fluoridation "seem to be letting up." He said antifluoridationist claims that hundreds of cities were discarding the fluoridation program are true—mainly because of political battles. But every year the number of cities adopting water fluoridation increases.

"I know of very little opposition to it in the dental profession," Dr. Wertheimer adds. "I would say you might find only half a dozen dentists in the state opposed to it. And I think every manufacturer of dentifrice now offers one with some fluoride."

Proposes Price Control

LAKELAND, Fla. (AP)—A proposal to stockpile frozen citrus concentrate to hold up prices during bumper years and hold down prices during periods when the crop is small is being studied by Florida Citrus Mutual.

Eye Operation on Blind Teacher Success So Far

NEW YORK (UPI)—An eye specialist said yesterday that a corneal transplant operation on the eyes of a blind English teacher from Bay City, Mich., was "a technical success to date."

The teacher, Leonard Ecker, 34-year-old father of four, underwent surgery at the New York Eye and Ear Infirmary April 7. The students at Bay City Central High School, where he teaches six classes, raised the \$300 for expenses in connection with the trip to New York.

Dr. Jorge Buxton, the surgeon who performed the delicate corneal operation, using corneas from an eye bank, said he expected to remove the stitches from Ecker's eyes around the end of the month. Ecker has only been able to distinguish light from darkness since an illness robbed him of sight at 14 months of age.

Each of the 2,000 species of frogs has a distinctive call which lures only females of the same kind.

Pontiac Schools Plan Elementary Science Fair

Pontiac Public Schools will hold their first separate elementary school Science Fair May 4, 5, 6 and 7 at Mark Twain School, 728 Linden Vista Ave.

The exhibits prepared by elementary school children will be open to the public from 9 a. m. to noon and from 1 p. m. to 5:30 p. m. on May 4 and 5. The earlier hours are reserved for setting-up of displays (May 4) and judging (May 5).

There is no admission charge. A registration fee of 25 cents is paid by each exhibiting pupil.

Purpose of the showing is to draw from the pupil's original work in demonstrating a scientific principle or the application of a scientific principle, according to chairman Arthur Bell, principal of Wesley School.

The separate fair was organized by an elementary science fair committee after elementary schools started taking up too much space in the annual High School Science Fair, Bell explained.

College Bill Dies in State Senate

Sponsor Admits Move to Let County Units Run Institutions Dead 'til '63

A bill allowing county boards of education to operate community colleges is dead at least until next year, one of its sponsors admitted yesterday following defeat of the measure in the State Senate.

"We'll try again next year," added Sen. George C. Stech, R-Macomb, who had cosponsored the original bill with Sen. Farrel E. Roberts, R-Pontiac. He had brought it up a second time after it was defeated earlier in committee.

Vote on passage yesterday was 16-15, two short of the needed majority of 18.

The bill would have permitted the Oakland County Board of Education to run and levy taxes (after voter consent) for its community college system now under study by a citizens' committee.

Wayne and Macomb counties also would have been affected under a provision which would have allowed school districts with a pupil population of 10,000 or more to set up community colleges or trade schools following approval by a majority of voters.

Sen. Roberts went to bat for the bill in yesterday's session, arguing:

"This would save the state taxes. An area with 80 per cent of the state's population needs this action of creating community colleges. Not every student can go to the University of Michigan or Michigan State University. We just want a chance to take care of them locally."

Says Too Much State Aid Creating Fiscal Problem

DETROIT (AP)—"Michigan's fiscal problem at the state level can be simply described as too much state aid," says Willis H. Hall, general manager of the Greater Detroit Board of Commerce.

In a letter to Gov. Baldwin, Hall attacked the governor's proposed fiscal reform program as being "completely inadequate for the needs of Detroit, Wayne County and other metropolitan areas."

Hall noted that the current deficit of Detroit, which he estimated at \$35 million, and of

Avon Twp. Boy Hurt by Blast From Rocket

A 14-year-old Avon Township boy was injured last night when a homemade rocket blew up as he was attempting to launch it in his yard.

In satisfactory condition today at St. Joseph Mercy Hospital is Robert Deland, son of Mr. and Mrs. Donald L. Deland of 722 Willow St.

Mrs. Deland told Oakland County Sheriff's deputies her son told her to look out the window of their home about 7:30 p. m. because he was going to set off his rocket.

She heard an explosion and then saw Robert fall, Mrs. Deland said. She called an ambulance and he was rushed to the hospital.

Deputies reported that the boy suffered a four-inch cut on his left leg, possibly by a fragment from a CO2 cartridge. Mrs. Deland said the boy owned a chemistry set, but neither she nor her husband knew what their son had used to build the rocket.

Man Shot Down in Detroit Street

Member of Trio Slain by Blast From Resident's Gun in Mix-Up

DETROIT (AP)—Lawrence W. Harper, 21, of Detroit was killed last night by a shotgun blast on a residential street.

Police said Harper and two youths, Frederick Sias, 18, and Gary Harrington, 18, both of Detroit, were on their way home from a drive-in. The window of their car wouldn't open and one of the youths opened the door to throw out a cigarette butt.

When they did, a howling ball fell out and rolled into a parked car.

Mrs. and Harrington told police they drove around the block and parked while Harper went to look for the ball.

Officers said Walter Bukarski, 47, owner of his window and saw Harper crawling under his parked car. He grabbed his shotgun and ran out.

Police said Bukarski told Harper, "You'd better wait for the police." The two youths told police that they drove up to the scene and as Harper started toward the car, the shotgun fired, striking Harper in the neck and killing him.

Police quoted Bukarski as saying he thought Harper was either robbing his car or had damaged it in a traffic accident.

Official's Mother Dies

NEW YORK (AP)—Mary Washington Frazer Edwards, 74, mother of the Assistant secretary of commerce, Hickman Price Jr., died yesterday. Mr. Edwards was widow of Hickman Price, publisher of the old Nashville (Tenn.) Democrat.

Find No Sign of Pilot in Plane Wreckage

LELAND (AP)—Bits of wreckage scattered along more than a mile of Lake Michigan beach near Northport are the only items recovered thus far from a private plane lost in flight, says Leland County Sheriff Robert White.

No trace has been found of pilot Russell Cannon of Marquette, missing since last Dec. 25 on a flight from Monroe to Marquette.

Federal Aviation Agency inspectors have identified the plane remnants, discovered last Saturday, as those of the craft flown by Cannon.

White believes the main portion of the wreckage lies not far offshore from Christmas Cove. Otherwise, he said, the debris already ashore would have been scattered over a wider range of beach or might have missed the cove entirely.

Funeral Set Tomorrow for Hal Wallis' Wife

HOLLYWOOD (AP)—Funeral service will be held Friday for Hal Wallis' wife of producer Hal Wallis and a longtime queen of Hollywood comedy.

Rabbi Morton Bauman will conduct the service at Grace Chapel at Jackson Park Cemetery.

She died Tuesday at 66 of a cerebral hemorrhage.

Wayne County, which he said was \$50 million, was proportionately greater than the deficit of the state of Michigan. He added that the need for expanding job opportunities is greater in this area than in many other sections of the state.

The Detroit businessman, in part blamed the policy of state aid for Michigan's financial difficulties.

"Increased state aid should not form the basis of a new state-local fiscal program," Hall said, adding:

"No state administration, either Democratic or Republican, can develop a state aid program that will effectively meet the needs of Michigan citizens without creating excessive tax burdens and greatly diminishing state aid to many areas and thousands of our citizens."

Hall cited a January 1962 report from the research department of the Michigan AFL-CIO, which he said "points to the inequitable distribution of state aid to Wayne, Oakland, Macomb and Genesee counties."

Hall said the report shows that the people of Wayne County contribute \$10.81 to the State Treasury and received in return \$66.15 in the form of per capita state aid distributions.

To remedy this "inequitable distribution of state aid," Hall said the state should "give back to the local communities the responsibility for assuming some of the local services of government that are now financed from state aid funds."

Signed Picture of Abe Returned; Thief Repents

OYSTER BAY, N.Y. (AP)—An autographed photograph of Abraham Lincoln, missing from the Theodore Roosevelt Museum here for the past month, has been returned by mail.

The 5-by-8-inch bust photo, mounted in an oval frame, had been on display at the Roosevelt Mansion.

Wrapped in cardboard and brown paper—but with the frame missing—the picture returned to the museum Wednesday. An anonymous note in crayon read: "I am sorry but please forgive me."

3 State Trainmen Die in Indiana Smashup

LA PORTE, Ind. (AP)—A Chesapeake & Ohio freight train hit a tank truck loaded with liquid gas yesterday and three railroad men died in the explosion and fire that followed the crash.

The victims were engineer Garner C. Jones, 35, Wynedale, Mich., and brakemen Richard P. Hollis, 34, and fireman Gertrud D. Huber, 33, both of New Buffalo, Mich.

The truck driver, Ralph McKee, 50, Westville, Ind., thrown from the cab of the truck as the trailer exploded, was reported in serious condition in a La Porte hospital.

The engineer apparently jumped from the locomotive after the crash and died in the quickly spreading flames. His body was found 50 feet from the train. Hollis and Huber were trapped in the burning wreckage.

Beacon Powered by Atoms Eyed at Bottom of Sea

WASHINGTON (AP)—The Navy is planning a navigational beacon powered by atomic energy, at the bottom of the sea.

The Atomic Energy Commission announced Wednesday award of a \$90,000 contract to the Martin Co. of Baltimore for development of a deep-sea nuclear generator, an energy storage system and pressure housing for electronic equipment.

The announcement did not say where the beacon will be located. A prime purpose is for oceanographic research. A research vessel making studies can use the beacon to be sure it is returning each time to exactly the same spot.

"Viet Cong Guerrillas Getting More Help"

TOKYO (AP)—U. S. Army Secretary Elvis J. Staley said yesterday outside help for Communist guerrillas fighting in South Viet Nam is increasing.

Staley told a news conference after arriving from Saigon:

"Outside support has been increasing in men and materiel. I got the impression that they (the Communist Viet Cong) are becoming seriously concerned with growing success of the South Viet Nam forces and are attempting to step up their own effort."

The Army secretary, on his way home from a Far Eastern tour, said he felt that in South Viet Nam "we are getting ahead."

South Viet Nam has a very young army and they are acquiring more and more experience. As is shown, we are giving them more assistance."

Hunt Terrorists Through Oran

ALGERS, Algeria (UPI)—French troops in battle dress and carrying machine guns turned downtown Oran into an armed camp today in their hunt for European terrorists of the Secret Army Organization (OAS).

The soldiers, supported by armored halftracks and armored cars, moved into positions in the St. Michel section which borders the Moslem quarter and searched cars and pedestrians for weapons.

In Algiers, OAS terrorists had shot and killed three Moslems by midmorning.

Their deaths brought the 1962 casualty toll to 3,762 dead and 8,600 wounded. Terrorism throughout Algeria yesterday killed 18 persons and wounded 78.

Police in Philippeville reported seven plastic bombs exploded in the city last night. Two bombs were detonated in Bone today.

France's Algerian affairs minister Louis Joxe began a tour of Algeria today with orders from President Charles de Gaulle to crush the OAS and speed Algeria to independence.

His arrival here was timed with an outburst of violence by European terrorists who raked Algeria with gunfire and set off a huge bomb in Algiers' new city hall.

AF Generals Learning to Jump With Troops

WASHINGTON (AP)—The Air Force is developing a new breed, including a few flying generals, qualified to jump into battle along with Army paratroopers.

They are officers and men serving in the headquarters of the new unified Army-Air Force Strike Command and as air controllers whose job it is to direct fighter plane support operations by radio from front line positions on the ground.

UNIFORM TRAINING
Gen. Curtis E. LeMay, Air Force chief of staff, has let it be known he wants as many as possible of his people attached to the new command to take the rugged jump training at the Army's Airborne School, Ft. Benning, Ga.

Li Gen. Bruce K. Holloway, 40, Air Force deputy commander of the Strike Command, recently won his Army paratrooper wings by completing five qualifying jumps.

Another recent graduate of the Army jump school is Maj. Karl Truesdell Jr., 33, commander of the 12th Air Force.

The Strike Command, based at MacDill Air Force Base in Florida, was created last September to weld combat-ready land and supporting air units into task forces which can be moved swiftly to any part of the world in an emergency.

CAB Hearings Set May 10 on Airlines Merger

WILMINGTON, Del. — The Civil Aeronautics Board plans to open hearings May 10 on a proposed merger of American Airlines and Eastern Airlines which was approved Tuesday by stockholders of both firms meeting here.

The airlines, which announced the proposal last January, said they hope for a decision by the end of the year.

Shareholder sentiment against the merger was described as slight. It was reported at less than one half of 1 per cent of the stock voted in the case of American Airlines.

Under the plan, Eastern stockholders would get 1 3/70 shares of American Airlines common stock for each share of Eastern held. They also would receive a warrant good for five years to buy one-third of a share of American common at \$28 a share.

Ex-President Batista of Cuba Visits in Spain

SEVILLA, Spain (AP) — Fulgencio Batista, ex-president of Cuba, and friends who are entertaining him during the Holy Week celebrations, visited a few taverns to drink wine Wednesday.

Batista also visited the West Indies Archives to see some papers dealing with the Spanish domination over Cuba. He will fly back next week to his exile home in Punal, Madeira Islands.

At least an advance party of the headquarters likely would jump with the airborne troops on a combat mission.

Army Gen. Paul D. Adams, chief of the Strike Command, is a qualified jumper.

The 300-man headquarters staff is divided equally between Air Force and Army officers and enlisted men.

So far in the young program, 85 officers and men of the headquarters staff and the communications unit have passed the jump test.

TO TRAIN PILOTS
The tactical air command has decided that up to 10 air controllers from each of its 26 fighter squadrons should also qualify to jump with the airborne soldiers.

The aim is to get these controllers all pilots, in position quickly to make sure the soldiers get adequate fighter support when and where it is needed after the airborne troops land on their objectives.

To date, 60 of these controllers

have passed through the Ft. Benning classes which have space for training 15 Air Force men at a time.

Optician to Hear Extradition Decision

LANSING (AP) — A decision on the extradition of Chicago tenor-maker Benjamin D. Ritholtz to Michigan will be issued May 21, the attorney general's office has announced.

Ritholtz, convicted in 1956 of attempting to bribe members of the State Optometry Board, was fined \$2,000 and sentenced to two to four years in jail. He has managed to avoid extradition to Michigan since.

Over objections of Michigan Solicitor General Eugene Kraselsky, the Cook County Criminal Court gave Ritholtz' attorneys 14 days to file briefs in their appeal of an extradition order Monday.

South Ontario has about three inches of rain in the summer months.

Ottawa Deputy Sheriff Resigns to Oppose Boss

GRAND HAVEN (AP) — Laverne Beve, 35, of Spring Lake has resigned his three-year post as deputy sheriff to seek the Republican nomination as Ottawa County Sheriff.

His father William was the first

to serve more than two terms (1940-48) as sheriff of the county.

In the primary election Beve will oppose Sheriff Bernard Gryzen who earlier announced plans to seek re-election to the post he has held since 1958.

American farmers work an average of 45.5 hours in a normal week.

The average American today eats 15 per cent more vegetables than his grandparents did 50 years ago.

While birds have regular ears, their acute awareness of sound is aided through sensory feathers, especially their tail feathers.

Announcing 3 new Lively Ones from Ford!
They're at your Ford Dealer's now—
3 live-it-up new sports models—just in time
to make this the swiftest spring ever!

NEW FAIRLANE 500 SPORTS COUPE. Here's new frosting for the have-your-cake-and-eat-it car. Fairlane's room, ride and performance are big-car from the word go! But its price (brace yourself!) is under many compacts. Add bucket seats with a console in between... service only twice a year or every 6,000 miles... an optional "260" Challenger V-8... and you're looking at the biggest car buy anywhere near its low price!

NEW FALCON SPORTS FUTURA. This is the car that makes saving a lively art. Its price is Falcon-low. Its economies are Falcon-high. But look! A smart Thunderbird-style roof (vinyl-covered if you wish)! An optional 4-speed stick shift! Foam-cushioned bucket seats with a console in between! Lively, luxurious, low priced—no wonder the Sports Futura's the liveliest buy in the compact field!

NEW GALAXIE 500/XL. Take one hair-trigger 4-speed stick shift and connect it to an optional 405-hp Thunderbird V-8. The result? A sizzling bolt of lightning that will outperform America's costliest cars. This special brand of liveliness includes new bucket seats with a console in between... and a twice-a-year or 6,000-mile service schedule. All that's missing now is you!

See the Lively Ones at your Ford Dealer's
—the liveliest place in town!

'Took \$50,000 for Wife, Family'

Critically ill State Man Admits Embezzlement of Funds for 'Nest Egg'

MUSKIEGON (UPI)—Dudley M. Flanders, honored a little more than a year ago for 25 years of faithful service, pleaded guilty yesterday to a charge of embezzlement and said he took an estimated \$50,000 to provide a nest egg for his wife and family.

Flanders explained to Circuit Judge Noel P. Fox he had suffered from cancer for six years and began his systematic looting of the Ravenna co-op elevator about five years ago.

The finding of \$11,000 in a savings account and safety deposit box at the Lumberman's Bank here brought the total of embezzled funds recovered to \$28,515. The other funds had previously been recovered from Flanders' home in Ravenna and another safe deposit box.

After an operation for cancer, Flanders told the court, "I lost my mind over matters and started to take the money with the intent of providing for my wife and family after I die."

Prosecutor Harry J. Knudsen backed up the man's story of being critically ill when he told the court that due to Flanders' medical condition "It was almost impractical to keep him in jail." He asked that a bond of \$35,000 set at an arraignment Monday be reduced to a more reasonable figure.

Lemay in S. Viet Nam for 3-Day Inspection

SAIGON, South Viet Nam (AP) — Gen. Curtis E. Lemay, chief of staff of the U.S. Air Force, arrived yesterday for a three-day inspection of U.S. assistance in South Viet Nam's war against Communist guerrillas.

He will receive briefings from American and Vietnamese officials here and visit several military bases in the provinces.

Center Paving Bids to Be Opened May 2

The Oakland County Board of Auditors is accepting sealed bids for road paving, sewer construction and ditching at the County Service Center on Telegraph Road.

Bids will be opened at 10 a.m. May 2 in the supervisors' room at Lafayette St.

Construction will be to County Center Drive East, cutting for 7,000 square yards of asphalt paving, 125 lineal feet of ditching and 550 lineal feet of storm sewers.

The project also includes 21 light pole foundations, laying of 3,600 lineal feet of curb and catch basins.

Work is expected to be completed this summer.

Janice Antona Lauded for Citizenship Class

The City Commission has passed a resolution honoring Janice Antona of 133 W. Ann Arbor St., for her service to the community in conducting citizenship classes for more than 3,000 persons about to become U.S. citizens.

Miss Antona has been conducting the classes for 25 years. A public library employee, she has been the city's representative at the National Conference on Citizenship in Washington, D.C., for the past six years.

Pontiac Area Deaths

CHARLES W. CYMBALAK—Charles W. Cymbalak, a retired farmer, of 1188 Dorchester Drive died this morning at St. Joseph Mercy Hospital after a brief illness, was 69.

Surviving besides his wife Mary are three daughters: Mrs. Catherine Johnson of Hibbing, Minn.; Mrs. Mary McKenna and Mrs. Ann Shello, both of Pontiac.

Mr. Cymbalak's body is at the Sparis-Griffin Funeral Home.

MRS. AUGUST JOHNSON—Service for Mrs. August (Carrie) Johnson, 86, of 504 Lowell St. will be 7:30 p.m. Friday at the Donaldson-Johns Funeral Home. Her body will be taken to the Thomas Funeral Home in Calumet for services and burial in the Lakeview Cemetery Monday morning.

Mrs. Johnson died early this morning at Bloomfield Hospital after an illness of 22 months.

She was a member of the Methodist Church in Calumet.

Surviving are a son F. Herbert with whom she made her home; two grandchildren; and two great-grandchildren.

EUGENE P. RONDEAU—Service and burial for Eugene P. Rondeau will be from the Olinger Funeral Home in Denver, Colo. His body will be at the Voorhes-Siple Funeral Home until 8 p.m. today.

Mr. Rondeau of 245 Sherman

St. Denver died unexpectedly while visiting at the home of his nephew, William J. Talbot, of 231 S. Marshall St.

He was a retired barber.

Surviving are his wife Ida; a daughter Lucille of Denver; a son William of Denver; two grandchildren; and three sisters, Mrs. Ida Talbot of Pontiac, Mrs. Clara Davis of Joliet, Ill. and Mrs. Lillian McMahon of Milwaukee, Wis.

PETER STANIEWICZ—Service for Peter Staniewicz, 52, of 193 Fisher St. will be at 3 p.m. today at the Purley Funeral Home. Burial will be at 10 a.m. Friday in Mount Hope Cemetery.

Mrs. Staniewicz died Tuesday at Pontiac General Hospital after an illness of several weeks.

MRS. ANGUS DENT—Service for Mrs. Angus (Sadie Jane) Dent, 79, of 611 N. Mill Road, will be 3 p.m. Saturday at the Richardson-Bird Funeral Home, Milford, with burial to follow in Highland Cemetery.

Mrs. Dent died yesterday at her home after an illness of three years.

Surviving besides her husband are a sister, Mrs. Annie Heide of Highland, and a brother.

HOMER A. FORD—TROY—Service for Homer A. Ford, 42, of 1984 Mier St., will be 1 p.m. Saturday at Price Funeral Home. Burial will be in Crooke Road Cemetery.

Mr. Ford died yesterday at William Beaumont Hospital after several months' illness. He was a Detroit Edison Co. employee for 21 years and belonged to the International Brotherhood of Electrical Workers, Local 17, Detroit.

Surviving are his wife Jane; two sons, David and Frederick, both at home; two brothers, Laurence F. and Norman A., both of Troy; and his mother, Mrs. Marie Ford.

MRS. FRANK METZ—ROCHESTER—Service for Mrs. Frank (Anna A.) Metz, 55, of 327 Woodward St., will be 11 a.m. Saturday at St. John's Lutheran Church, with burial to follow at Davis Cemetery, Macomb County.

Mrs. Metz died unexpectedly this morning at her home.

Surviving besides her husband are three daughters, Mrs. Clara McArthur and Mrs. Marjorie Adams, both of Dryden, and Mrs. Anna Cassaday of Williamston; three grandchildren; and a sister. Her body is at the William R. Peters Funeral Home.

HARRY K. STURTZ SR.—LAKE ORION—Service for Harry K. Sturtz Sr., 76, of 381 N. Shore Drive, will be 10 a.m. Saturday at Fluenerfelt Funeral Home with burial to follow at White Chapel Memorial Cemetery, Troy.

Mr. Sturtz died yesterday after a brief illness.

Surviving are three sons, Kenneth of Belleville and Harry K. Jr. and Charles of California; two daughters, Mrs. Gean Rotzko of Taylor and Mrs. Helen Kolongowski of Lake Orion; 23 grandchildren and five great-grandchildren.

For Water Levels

Surveying Lakes

Consulting engineers for the Oakland County Drain Commission are surveying Cass and Commerce lakes preliminary to establishing permanent levels of the two lakes.

Surveys of Upper, Middle and Lower Straits lakes for the same purpose will follow, Drain Commissioner Daniel Barry said today.

The purpose of establishing lake levels is to assure the best possible distribution of water for lake frontage property and most efficient operation of septic tanks to handle sewage flow in the areas.

Once surveys have been completed, reports, plans and specifications for maintaining the lake levels will be submitted to the drain commission with estimated costs.

TO ESTABLISH BY LAW—Once the desired lake level has been determined in each case, the commission must go into Circuit Court to have the lake level legally established.

Steps are then taken by the commission to see that the prescribed level of water can be maintained through a system of dams.

The cost of establishing and maintaining the lake levels is assessed against property owners in the affected areas.

Surveys of Cass Lake are ex-

pected to be complete within a month, Barry said. Additional surveys may be required if reports of the consulting engineers, Johnson & Anderson, 2300 Dixie Highway, indicate that new dam construction is necessary.

Surveys and reports on Commerce Lake are expected to follow. The work there is being done by Kieft Engineering, 3852 S. Main St., Clarkston.

Cass Lake is only the third lake lake level project undertaken by the drain commission since new state laws were passed last year enabling the county to

assess property owners to have the work accomplished.

A decision on the level of Duck Lake is expected in Circuit Court later this month.

Following the court's decision earlier on Lakeville Lake, the county purchased for \$30,000 the site for a new dam to be constructed at an estimated \$23,500 this summer.

Other lakes waiting to be surveyed for lake levels are Cedar Island, Fox, Bush, Bevin and Long lakes.

In each case property owners have signed petitions to have their lake levels established and maintained.

TAKE IT MUTED, TAKE IT LOUD AND CLEAR but take it patterned this summer. For there's a new world of weaves looming up, and it's handsome as a summer's day is long. Here's just a sampling of what's in store:

A. HIGH PLAIDS in blues, browns, greys, olives, muted checks in the same smart shadings—tailored in regular or natural shoulder models with a variety of detailing. The fabric's a spring-weight blend of Orlon and wool **\$28.95**

B. CHARTER CLUB sport coats in muted plaids and checks of blue, olive, grey or brown. Tailored of Dacron and worned in regular, short, long, extra long **\$28.95**

C. MULTICOLOR STRIPES in light-weight wool worsted, impeccably tailored by Eagle. Three-button model with slanted flap pockets and side vents. The stripes are in blues, olives, greys **\$48.95**

D. INDIA SILK, handwoven, and tailored by one of the world's finest makers, Petrocelli. Blues and olives predominate these rich shadings. And the model is a very smart 3-button with slanted flap pockets and center vent. **\$79.95**

E. TEXTURED SOLIDS provide a change of pace, in Palm Beach's fabric's a spring-weight blend of 70% Orlon—30% wool **\$22.95**

F. SUBDUED CHECKS are chosen by Hart Schaffner & Marx, for this handsome sport coat, tailored of wrinkle-resistant Dacron and wool. Beautifully detailed **\$59**

G. DISTINCTIVE PLAIDS in a spring-weight blend of 55% Dacron and 45% wool. They're tailored by famous Botany 500, in a regular 3-button style **\$22.95**

P.S. We also have a world of solid shades in many spring-weight fabrics.

OUR BEAUTIFUL NEW STORE AT THE PONTIAC MALL is now open . . . and an exciting store it is, for this entire shopping area is built within a covered mall, for perfect shopping in any weather. We're proud of our 11th store, and we hope you come to visit.

Hughes Hatcher Suffrin

ARTIST IN SUGAR — Mrs. Raymond Raab of Lake Orion once took a cake decorating course. Inspired, she took another course in making sugar forms. Now look at what she does. The flowers she puts on the sugar eggs look real enough to pick. Some of the eggs have little scenes inside; others open like jewel boxes. Mrs. Raab does this just as a hobby and to please her friends. The eggs will last for years if carefully handled.

Lenten 'Meat' Balls Rich in Wheat Germ

Anyone who eats this spaghetti well. Shape into balls the size of walnuts.

Heat olive oil in a large skillet. Sauté balls, a few at a time, shaking the pan frequently to keep the balls round and to brown them evenly. If preferred, place the balls on a greased baking sheet, brush them with the olive oil and bake in a preheated hot oven, 400 degrees F., 15 minutes, or until hot and browned.

Meanwhile, cook spaghetti in boiling salted water according to package directions. Heat browned wheat balls in the marinara or spaghetti sauce and serve with thoroughly drained spaghetti. Yield: Six to eight servings (about two wheat balls).

In addition to its generous protein contribution, the wheat germ also supplies an abundant amount of iron, B vitamins and other essential nutrients—all good reasons why wheat germ should be added regularly and similarly to other vegetable, meat and seafood mixtures that end up as balls, loaves or croquettes.

Among the other ingredients that go into the wheat balls are peaches, cheese, eggs, onion and celery. The balls may be sautéed in a skillet or baked in the oven. They also may be prepared in advance, then reheated at the last minute in the spaghetti sauce.

Spaghetti With Wheat Balls
2 hard-cooked eggs, finely chopped
½ cup finely chopped celery
1 cup peaches, finely chopped
½ cup coarse dry bread crumbs
½ cup grated parmesan cheese
1 cup wheat germ
¼ cup (½ stick) butter or margarine, melted
2 eggs, beaten
1 teaspoon salt
2 cloves garlic, finely minced
¼ teaspoon pepper
1 tablespoon chopped parsley
¼ cup olive oil for frying or brushing
1 pound thin spaghetti
2 cans (16 ounces each) marinara or spaghetti sauce

Combine all ingredients except olive oil, spaghetti and sauce. Mix

Sardines Have a Place in Lenten Club Sandwich

Just because of Lenten fish meals, there is no reason to do without that all-time favorite—the Club sandwich. On mayonnaise spread toast, spread layers of tomatoes, sprinkling of minced sweet onion and bits of lettuce. Top with another piece of toast.

Top this with lettuce, drained Maine Sardines and thin, thin slices of dill pickle. Add a drizzle of lemon juice if you will. Then, top with final slice of toast. And here, ready to serve with your favorite beverage, is your Maine Sardine luncheon treat.

Budget minded? Stretch regular milk by adding reliquefied dry skim milk.

Children Will Like Lenten Lunch Salad

NEW YORK (UPI) — Fresh vegetable-tuna salad, spooned into individual paper containers, makes a tasty Lenten dish for lunch box carriers. Drain 1 (7 ounce) can of tuna. Toss lightly with ½ cup of cold cooked fresh snap beans, drained, ¼ cup each of diced celery and shredded carrots, 1 teaspoon each of salt and fresh lemon juice, and 1/16th teaspoon of ground black pepper.

Spoon into 4 paper containers large enough to allow for mixing with dressing. Pack separately in 4 small covered paper cups 1 tablespoon of mayonnaise or salad dressing. Mix dressing in lightly before eating.

These days a woman doesn't really know what she wants until she sees that Jackie Kennedy has one . . . You know your child's growing when you have to look up to see if he's washed behind the ears. — Earl Wilson.

3 SISTERS' SUPER MKT
608 W. HURON ST. Near Webster School

Cap With Candy

"Gild the lily" is this easy fruit cocktail dessert. It's ideal for the youngsters and applauded by the grown-ups, too. Place chilled fruit cocktail in sherberts or dessert dishes and cap with whipped cream. Gild by sprinkling with crushed peppermint stick candy.

Manitoba's lakes support one of the largest inland fisheries in the world with 90 per cent of the catch being consumed in the United States.

Jiffy Supper Dish

Camped roast beef offers a quick meat dish for hungry appetites. Slice the beef and place in a skillet. Add a can of spaghetti sauce with mushrooms and heat, stirring as little as possible. Serve

over hot rice, topped with very thin green pepper rings.

The primary purpose of soil testing is to supply individual farmers with information on the lime and fertilized requirements of their fields.

Dull Pans and High Heat Bake Bread in Half Hour

The kind of pan you use is an important factor in baking a golden brown loaf of bread. Home economists recommend using glass, darkened metal or dull-finished aluminum pans. Preheat the oven to 425 degrees, place the loaves in the center of the oven. Bake 25 to 30 minutes or until the crust is a deep golden brown. To test the loaf for doneness, tap the crust. It should sound hollow, the experts say.

TRY SCALLOPS — Scallops St. Jacques are a flavorful fish dish for Lent. Simmered first in a liquid spiced with Tabasco, they are baked in a pungent cream sauce with cheese and white wine.

Tender Tasty Scallops Baked in Fragrant Sauce

Scallops St. Jacques are a flavorful fish suggestion not only for Lent but other meatless days throughout the year.

To imbue them with flavor, the fresh or frozen scallops are first simmered in a liquid spiced with lemon juice, onion, bay leaf and Tabasco, the zesty red pepper seasoning. The hundred-year-old spice is a fish's best flavor friend. The scallops are then baked in a cream sauce containing grated Parmesan or Swiss cheese and white wine.

The scallop is a shellfish, not cut-up pieces of other fish, as some people seem to think. The part

marketed is the adductor muscle which opens and closes the valves or shells. The fish is 100 per cent meat — no bones, no waste. It's among the most nutritive of all seafoods, being high in quality protein and minerals and low in fat content.

Scallops St. Jacques

- 1 pound fresh or frozen scallops
- 2 cups water
- Juice of 1 lemon
- 3 tablespoons butter, divided
- 1/2 teaspoon Tabasco, divided
- 1 teaspoon dry onion
- 1 bay leaf
- 2 tablespoons flour
- 1 teaspoon salt
- 1 cup light cream
- 2 egg yolks
- 1/2 cup grated Parmesan or Swiss cheese
- 2 tablespoons dry white wine
- Paprika

Wash and dry scallops. If large, cut into pieces. Simmer in water with lemon juice, 1 tablespoon butter, 1/2 teaspoon Tabasco, dry onion and bay leaf for five minutes. Drain.

Melt remaining 2 tablespoons butter; stir in remaining 1/2 teaspoon Tabasco, flour and salt. Gradually stir in cream, mixing until smooth and well blended. Cook over low heat, stirring constantly, until smooth and thickened. Beat in eggs and cheese. Add wine and scallops. Pour into buttered scallop shells, or individual ramekins; sprinkle with paprika. Bake in moderate oven (350 degrees) 10 to 15 minutes until golden brown. Yield: 4 servings.

First Aid Help Always Ready in Kitchen

"Your kitchen is a first aid station," says Mary Jane Forest, home economist for B. T. Babbitt, Inc.

"Antidotes are given on the labels of products that contain poison, and they are the things that usually are found in your kitchen. Vinegar, lemon juice, olive oil, butter, cooking oil, soap and water — these are some of the first aid remedies that are recommended on these labels as antidotes."

"If any poison is accidentally taken, the first thing, of course, is to call your doctor at once. Always remember that poisonous household products should be kept out of reach of children."

Miss Forest urged housewives to follow product directions for safe use. She reminded them if there is some accidental misuse, especially if children get their hands on these items, that there is probably something in the kitchen that can be put to use as an antidote until the doctor arrives.

"Why not take a look as soon as possible at both labels and antidotes and see what you have immediately available? You'll feel safer for having done so," she said.

You Might Like Perch Baked With Sauerkraut

NEW YORK (UPI) — Serve perch fillets on a bed of sauerkraut for an easy Lenten entrée. Arrange 2 cups of sauerkraut, drained, in a shallow 1 1/2 quart baking dish. Top with (1 pound) package of frozen ocean perch fillets, thawed.

Mix 1/2 cup of firmly-packed brown sugar with 1/4 cup of vinegar and 1 tablespoon of capers. Pour over fish and kraut. Bake in preheated 350-degree oven 25 minutes, or until fish flakes easily with a fork. Serves 4.

These Cookies Please Kids

Take time out from your day's tasks to bake a simple batch of cookies. Then share a cookie break with your youngsters. While you enjoy a bracing cup of tea, fresh cookies with a small mug of milk and some fruit make for a nourishing snack for a child.

Bake wholesome Raisin Bran Shortbread Cookies, crunchy with the goodness of raisin bran flakes. Keep the cookies small when you shape them. Two-bit-sized cookies enable seconds, but don't spoil appetites for important meals later in the day.

Raisin Bran Shortbread Cookies
1 cup sifted flour
1 teaspoon baking powder
1/2 teaspoon salt
1/2 cup soft butter or margarine
1/4 cup sugar
1 egg
1 teaspoon vanilla flavoring
1/2 cup chopped nuts
1 cup raisin bran flakes

Sift together flour, baking powder and salt. Blend butter and sugar. Add egg and vanilla; beat well. Stir in sifted dry ingredients, nuts and raisin bran, mixing well.

Shape dough into balls about 1 inch in diameter; place on ungreased baking sheets. Flatten with tines of fork. Bake in moderately hot oven (400 degrees) about 12 minutes. Yield: About 2 1/2 dozen cookies, 2 inches in diameter.

Lots of Good Ways to Use Up Lamb

NEW YORK (UPI) — Lamb leftovers can be used in several ways. Diced, cooked lamb heated in a sauce of 1 (10 1/2-ounce) can of condensed soup and 1/2 cup of milk, and seasoned with curry powder, salt and pepper to taste, is delicious over cooked rice.

As garnishes, offer side dishes of chopped peanuts, toasted flaked coconut and chopped pimiento-stuffed olives. Or add diced cooked lamb to vegetable soups for a lunch main dish.

For appetizers, spread melba toast rounds with mustard and top with thin slices of cooked lamb, salt pepper and minced pimiento, diced and drained.

Dessert Quickie

Combine frosty cold pineapple tidbits or chunks with cognac, brandy, Mariani or dark rum and spoon into your prettiest glass dessert dishes. Dainty little butter cookies go well with this simple elegant dessert.

No Cheap Artificial Flavorings Give The True, Rich Flavor Of Burnett's Pure Vanilla

Burnett's is made from the finest pure vanilla beans with no artificial or imitation ingredients added. Burnett's is real vanilla! Nothing can compare with it for true flavoring of cakes, frostings and desserts. Also Available in Pure Almond, Lemon, Orange, Brandy and Rum Extracts.

MEAT COOKIES — Taking advantage of Americans' love for cookies, a famous test kitchen has come up with a cookie recipe that includes strained meat for babies in it. These cookies will add more than just calories to the diet. They're fine for between-meal munching.

A Little Bacon in Casserole Feeds Family

Bacon-Tomato Macaroni
8 ounces small elbow macaroni
8 slices bacon
1/2 cup finely chopped onion
1 cup (packed down) grated sharp cheddar cheese
1 can (about 10 ounces) condensed tomato soup
1 cup water
3 thin slices bread
1 tablespoon butter

Cook macaroni according to package directions; drain; turn into baking dish (12 by 8 by 2 inches). Cut bacon in 1-inch cross-wise pieces and cook in 9 or 10-inch skillet until crisp; remove bacon.

Cook onion in bacon drippings until golden; remove from heat; mix in bacon, cheese, undrained tomato soup and water; pour over macaroni. Crumb bread and mix with melted butter; sprinkle over macaroni.

Bake in moderate (375 degrees) oven 25 minutes or until hot and bubbly; brown top under broiler. Makes 4 to 6 servings.

FLAVORED COTTAGE CHEESE

No matter how you serve this flavored cottage cheese, you'll notice the superior flavor with the very first taste. And let you come back for more.

It's Dual Thermal Controlled for precision pasteurization.

Your guarantee of superiority

Richer, creamier, superior in flavor.

Strained Meat in Cookies Adds Protein Power

Direct from meat headquarters in Chicago comes a recipe for crisp and tasty refrigerator cookies packed with meat power. The cookies are a tried and true favorite oatmeal cookie with brown sugar and milk. The big news is that strained meats for babies has been added to give these goodies a nutritional boost with complete meat protein.

The reasoning behind the recipe is quite simple. Americans are great cookie munchers. Unfortunately most cookies provide little besides calories to the day's nutritional needs. By stepping up the protein content with meat in a

form easily blended with other ingredients, the cookies can actually contribute high quality complete protein to the diet.

Tiny tots welcome cookies because they are easily managed by small hands. The added meat power available to children during this period of rapid growth gives these cookies a real plus nutritionally.

Teenagers also are experiencing a time of rapid growth. Boys especially seem to be a ways hungry. Cookies and a glass of milk after school are standard fare in many homes. Here too meat proteins has a body building job to do.

Strained beef, pork, lamb, veal, ham or chicken may be used for cookie baking. Be sure to select the 100 per cent meats for they contain the most protein. After trying Martha Logan's recipe below and sampling the delicious cookies, mothers will want to experiment by adding meat power to their own favorite cookie recipes.

Meat Power Oatmeal Cookies
2 jars (3 1/2 ounces each) strained meats for babies
2 sticks (1 cup) butter, softened
1 cup packed brown sugar
1 cup sifted flour
1/2 teaspoon salt
1 teaspoon soda
3 cups quick cooking oats

Cream together butter and brown sugar. Sift flour, salt, and soda together. Add to creamed mixture. Add quick cooking oats and strained meats and mix until well blended.

Chill in refrigerator about 1 hour. Shape the dough into 2 long rolls about 2 inches in diameter. Wrap each roll in waxed paper. Chill in refrigerator until firm.

Cut chilled rolls into 1/4 inch slices. Bake on a cookie sheet in moderate oven (350 degrees) 12 minutes.

Banana Sauce Served With Glazed Ham

To give ham a festive appearance, many homemakers like to stud it with cloves and spread a glaze over it.

For an easily prepared and attractive glaze, mix together 1/2 cup brown sugar, 1/4 cup flour, 1 teaspoon dry mustard and 1/4 cup vinegar. Spread the glaze over the ham about 20 to 30 minutes before the ham is done. Return to oven to finish cooking and to set the glaze.

For a surprising flavor combination to accompany baked ham, serve banana sauce.

To prepare this sauce mash 2 ripe bananas until smooth. Add 2/3 cup mayonnaise, 1 teaspoon salt, 1 teaspoon prepared mustard, 1 tablespoon Worcestershire and 2 teaspoons finely chopped parsley. Mix well.

Serve with either hot or cold ham. This recipe makes 1 to 1 1/2 cups of sauce.

Turn Over Cake to Show Topping

Cranberry Nut Upside-Down Cake is a grand finale whenever it appears. Not only is it handsome, but has an outstanding deliciousness that's a surprise and delight. Not too rich, not too sweet... a dessert for luncheon, dinner, or party.

The cake is as easy to make as it is to eat, too. Canned whole cranberry sauce and packaged cake mix pare the preparation time to minimum.

Cranberry Nut Upside-Down Cake
1 1-lb. can whole cranberry sauce
2 tablespoons butter or margarine
1/2 cup sugar
1/2 cup coarsely chopped nuts
4 paper thin slices lemon
1 pkg. yellow or white cake mix

Put cranberry sauce in a 9-inch skillet and break into pieces. Add butter, sugar, nuts and 1 lemon slice. Cook over low heat until lemon is slightly tender, stirring occasionally.

Prepare cake mix following directions on package. Pour carefully over the cranberry mixture in the skillet. (If skillet has a wooden handle remove it before putting in oven.)

Bake in a moderate oven (375 degrees) 20 to 30 minutes. Remove from oven and allow to stand 5 minutes. Turn out on serving plate. One 9-inch cake.

It's wonderful to live in a country where you can say or do anything you want—providing, of course, it meets with your wife's approval. Adolescence is that period between hopscotch and real scotch. Progress is the continuing effort to make the things we wear, eat and drink as good as we think they used to be.—Earl Wilson.

Discover the old-time goodness in Silvercup

In the old days, Silvercup bread was known for natural goodness, flavor and aroma. It still is.

The bakers of Silvercup use more pure whole milk than all other bread bakers in your area combined. Silvercup is made with the finest natural ingredients... kneaded like old-time homemade bread... and baked slowly and carefully. What's more, it contains no chemical preservatives.

Many breads look alike, but there is a difference. In Silvercup, the difference is old-time goodness. Yet Silvercup costs no more than ordinary bread.

Try Silvercup. You'll find its old-time goodness toasts quickly to a golden crispness—the way only real bread does. That's just one reason particular people serve Silvercup.

Silvercup...
the world's finest bread

Prepare Festive Meal for Easter Dinner

By JANET ODELL

Need a little help with planning your Easter dinner? We hope our color page earlier this week gave you some ideas. Here are a few more.

You can serve the first course in the living room if you like. We had an appetizer a few weeks ago that was most refreshing and very simple to prepare. Small scoops of lime sherbet were dropped into glasses of pineapple juice. Served very cold, this is a light and tempting course.

Should you scorn ham or lamb, there is always turkey. Not too many years ago that would have been unthinkable at this time of year.

Here is a new recipe for a snappy-flavored turkey dressing. Sausage and chopped beef make it different. And remember not to stuff the bird until it is time to put it in the oven.

Pennsylvania Dutch Stuffing
1 large loaf stuffing bread
2 medium onions, chopped fine
1/2 cup celery, chopped fine
1/4 cup butter
1 lb. sausage meat
1/2 lb. chopped beef
1/2 cup chopped parsley
2 eggs
1 teaspoon savory
1/2 teaspoon salt and pepper
Soak bread in water for 10 minutes. Squeeze bread quite dry and flake. Sauté onions and celery in butter until golden. Add to bread. Then add remaining ingredients, mixing until well blended. Stuffing for 15 lb. bird.

There are so many different kinds of greens in the store at this time of year that we think you can't do better for the salad course than a green salad. If you want to serve a choice of dressings, pass regular French dressing and a creamy dressing.

Cottage Salad Dressing
1/2 cup cottage cheese
1/2 cup corn oil
2 tablespoons vinegar
1/2 teaspoon salt
1/4 teaspoon paprika
1/2 teaspoon dry mustard
1/2 teaspoon pepper
1 teaspoon finely chopped parsley

Combine all ingredients. Blend in electric blender or beat with rotary beater until creamy and well mixed. Chill thoroughly before serving. Makes about 1/2 cup dressing.

For dessert let's serve something that sings of spring. Raspberry Creme tastes as good as it looks. You can use several convenience foods to help you prepare this make-ahead dessert.

Raspberry Creme
2 pkgs. (10 oz. each) frozen rasp-

berries
1 pkg. (3 oz.) vanilla pudding mix (not instant)
1/2 teaspoon unflavored gelatin
1 tablespoon cold water
2 tablespoons sugar
1 cup whipping cream
Thaw berries; drain, reserving liquid. Add water to raspberry liquid to make 1 1/2 cups. Use in place of milk to make pudding as directed on pudding mix pkg. Soften gelatin in cold water; add to hot pudding. Stir to dissolve.

Chill until mixture mounds slightly when dropped from spoon. Add sugar to cream and whip until stiff. Fold into pudding mixture. Spoon raspberries and pudding alternately into sherbet dishes. Place Pastry Fingers (below) in pudding. 6 to 8 servings.

Pastry Fingers
1 stick Pie Crust Mix
1 tablespoon grated lemon rind
2 tablespoons butter
Heat oven to 450 degrees (hot). Prepare pie crust mix as directed on pkg. — except add lemon rind with the boiling water. Roll 1/4" thick, into rectangle. Combine butter and sugar; spread 1-3 on half of rolled pastry. Fold pastry, roll again into rectangle 1/4" thick; repeat process of spreading with butter and rolling into rectangle twice. Cut into 3x1" strips; place on baking sheet. Bake 9 to 10 minutes.

Stores Offer Big Choice of Spring Food for Easter

What meat will your family choose for Easter? It will be either a fully cooked or one which needs cooking-before-eating. A ham, a leg of lamb or a standing rib roast of beef? The Marketing Agent, Mrs. Josephine Laveroy, advises that all will be marked at special prices this week.

Good supplies of fresh potatoes, broccoli, lettuce and cabbage suggest that vegetable choices should be as easy as well as economical. Corn, peas and green beans in canned and frozen form are also marked to attract customer attention.

Fruit choices might include fresh strawberries from Louisiana or California and fresh pineapple. Or choose canned fruit cocktail, pineapple, or apple sauce; or frozen strawberries or raspberries. All these are offered as features in some stores.

Eggs for children and grownups are always a treat at Easter. Good supplies make it possible to offer large size eggs at an average of 45 to 49 cents per dozen. Remember that white eggs are needed for pastel egg colors.

If you wish to consider cost before selecting the Easter meat, you will be interested in these comparisons by the Marketing Agent for this week:

Wonder why turkey is used as a suggestion for this season? U.S. Department of Agriculture records show that on February 1 of this year, we had 853 million pounds of this fine meat, 81 million more pounds than a year earlier. These generous supplies make it possible to offer it at current prices.

Omelets Star at Easter Brunch

For a day as special as Easter, everything on your brunch table should sparkle with spring sunshine and delicious flavor. Your flowers should be fresh and perky, the coffee rich and hot, the luncheon plates carefully arranged.

Here's a fitting menu for Easter—Individual Fluffy Omelets, accompanied by Canadian-bacon and asparagus. Along with these wonderful little omelets, serve cups of fresh, fragrant coffee. To save steps, brew enough coffee to fill your largest, most decorative coffee-pot. Then set it on the brunch table, handsily ready to refill coffee cups.

Individual Fluffy Omelets
3 tablespoons quick-cooking tapioca
1 teaspoon salt
1/2 teaspoon pepper
1 cup milk
1 1/2 tablespoons butter or margarine
6 eggs separated

Combine first 4 ingredients in saucepan. Cook and stir over medium heat until mixture comes to a full boil. Add butter. Stir until melted. Cool slightly. Beat egg yolks until thick and lemon-colored. Add to tapioca mixture. Blend well.

Beat egg whites until stiff. Fold egg yolk mixture into egg whites. Spoon into 6 mounds on hot buttered griddle or 2 large frying pans with heatproof handles. Cook over low heat 3 minutes. Bake in moderate oven, 350 degree, 15 minutes or until firm. Serve with grilled sliced Canadian bacon. Makes 6 servings.

You've reached middle age when just putting on your sports clothes tires you out. . . . Some com- muters will agree with the weary suburbanite who sighs: "It's easier to get into orbit than into town." Behind every successful man, there's a woman out shopping. —Earl Wilson, of Sheba.

A "prized" possession of Mrs. Frank Theuerkauf's is her 1962 Pontiac Bonneville, top award in *Vogue* magazine's car contest for women. Wednesday she toured Pontiac Motor Division's assembly line

and discussed typical feminine needs and wants in cars with officials. Here she receives the owner's guide from plant protection officer Lyle Wiechert before returning home to Conneaut, Ohio.

Victor in Magazine Contest

Car Winner Tours Pontiac Plant

By LINDA LAMARRE
Because "one afternoon the baby was good" and she had "some time" to herself, a young Ohio housewife won a 1962 Pontiac Bonneville.

It took Mrs. Frank A. Theuerkauf five hours to complete *Vogue* magazine's November car contest for women. Yesterday she toured Pontiac Motor Division plant and witnessed how as many as 63 cars can be assembled in an hour.

"Fascinating" and "amaz-

ing" were her reactions after the little rubber-tired train left the automobile industry's screening symphony of sounds.

WHAT GALS LIKE

Before donning eyeshades for the tour, Mrs. Theuerkauf passed along a few suggestions of what women like and dislike in their cars.

By and large, she told Pontiac Motor officials, women hold a high opinion for the performance of today's automo-

biles. The 24-year-old wife of a Conneaut, Ohio surgeon said that the gals are interested not only in styling features, but in car utility as well. She feels that the many mechanical innovations in cars make a woman's life easier.

SEAT BELTS... YES

As for improvements, Mrs. Theuerkauf suggested higher roofs, to allow for that extravagant hairdo or high hats. She also would like to see windshield wipers that clear all the way over to the side of the glass and seatbelts installed in every car. The latter, she said, "should be on every car," and Mrs. Theuerkauf "doesn't go anywhere without fastening the safety belts. We use them all the time."

She also likes solid colors (Caravan Gold was her choice for her new Bonneville), power steering and brakes, and thinks tinted windshield glass is "wonderful, especially for people with sensitive eyes."

Since women spend so much time in cars, and not just for food totin' and as children's chauffeurs either, *Vogue* organized a contest to determine just which features in the 1962 cars appealed to women.

The magazine estimates that 30 per cent of the total 720 billion miles driver each year in the United States are logged by women.

Mrs. Theuerkauf's entry was rated tops by a panel of judges from *Vogue*. Response to the magazine's first car contest for women was "tremendous," according to Mary Jane Pool, promotion director. "Thousands of women replied," she said.

Never having entered any kind of contest before, Mrs. Theuerkauf said she was

amazed when notified she had won. "This is the first, last and final" contest for her, however, since she feels contest winners should stop when they're ahead.

According to the *Vogue* survey, Mrs. Theuerkauf's driving habits and views on cars represents a majority of American women. She thinks nothing of making the 38-mile trip to neighboring Erie, Pa., to pick up a hat or pair of shoes, or the 60-mile jaunt to Cleveland to select furniture for her new home.

Up until a few days ago, Mrs. Theuerkauf had been driving a compact, but sold it to make room in the garage for her new Bonneville.

Band Concert Planned

Pontiac Central High School's band concert is set for April 27 in the school auditorium at 8 p.m. Directing the program will be Richard L. Morse.

Selections include such works as "Procession of Nobles," the "Thunderbird Overture," and "On the Mall." Soloists will be Larry Reynolds and James Forman.

Working on the program are band council members: Judy Williams, chairman; Andy Oms, senior representative; Leon Leduc, junior representative; Jill Anderson, sophomore representative; and Robert Crane, drum majors. Assistants are James Howard and Joe Reyes.

Members of the band staff are: Roger McVicar, Bill Suhr,

Episcopal Church Sets Antique Show Tuesday

Sale Runs for 3 Days

Reminder of the simple elegance of early America. All Saints' Episcopal Church's 10th Annual Antique Show and sale begins Tuesday, continuing through Thursday from 11 a.m. to 10 p.m. daily.

The gymnasium will take on an atmosphere of Grandma's attic, with a varied display of rare and memorable things neatly arranged on counters and walls of booths strung across the floor. Old fashioned, hand-sewn quilts, coverlets and reams of colorful calico prints will complete the picture.

Mrs. Willard Nickel, a dealer from Flint exhibiting in the show, will offer fine jewelry and china, as well as two rare, wax madigan heads, dating from the early 1800s with natural hair.

An assortment of rare coins and stamps will be displayed by Mrs. Ruth Benson of Adrian. Her feature will include polished and unpolished stones, a tiger eye, apache, and rose.

Among the 18 dealers showing their wares will be Anne Thatcher of Oxford with various pieces of furniture, highlighting a nine-foot long wooden bench and Pennsylvania cupboard. One of her specialties is iron stone.

Althea Meier of Detroit, an expert on cut glass, will have a large display of those over-popular items, Allard Spoor of Birmingham, has a veritable treasure of china, glass, silver and lamps.

A general line of antique decorative accessories in wall hangings, pictures and mirrors, along with pine furniture and novel lamps will be offered by Leonard Berry of East Howard Street. Other dealers will have items ranging from pewter, copper, brass, and small guns to dolls and fine furniture.

Once again, a highlight of the show, will be Herb Martin, local resident's chair caning and rush weaving demonstration.

There will be an old-fashioned candy store filled with peppermint sticks, rock candy, fudge, maple and nut candies, among the 29 varieties. This booth will be operated by the "Sorta Quaint Shoppe" of Detroit.

Women of the parish will cook homemade pies, cakes, bread, and other delectable foods, to be served in an informal setting, in the dining room and tea room overlooking the show.

In a quaint and quiet corner Clara Peiford of Washington Street, (left), and Mrs. Frederick Cogle, Miami Road, meet at Clarkston's Green Shutters Antique Shop to help plan All Saints Episcopal Church's 10th annual

antique show Tuesday through Thursday. The early Victorian bed pictured has a crocheted popcorn pattern bedspread. The glass ball shade candle lamp dates to the late 1700s.

Use Praise for Their Politeness

By the EMILY POST INSTITUTE

Q: I have been going out with a young man in his mid-twenties for the past three months. He is a very nice person and I am quite fond of him. However, he has one fault that bothers me and that is, he never removes his hat when talking to a woman.

A few times when we have been out together and I have met friends of mine on the street with whom I stopped a few minutes to talk, he stood with his hat on his head the entire time.

I find this very embarrassing and would like to know if there is a tactful way to bring this to his attention.

A: The next time you are with him and a man takes his hat off while talking to you, tell him afterwards how polite the man was in removing his hat.

Q: My son was married recently to a girl in a distant city. I understand her family did not intend to send out wedding announcements. We have quite a large number of relatives and friends whom we would like to have know of our son's marriage.

Would it be proper for my husband and me to send announcements in our names to these friends and relatives? If not, how else can they be notified of the marriage?

A: You tell or write the news to as many of your relatives and friends as possible and they will tell others.

Probably the society editor of your newspaper will write of your son's wedding, not as an announcement from you but as an item of interesting news.

Q: We bought a new refrigerator last week. Two men came and delivered it and also installed it. When they left I thanked them. Later my son told me that I should have given them a tip. He said it is customary to do so.

I don't see why they should have been given a tip for doing what was their job and for which they were being paid. Will you please tell me if I was wrong not to have given them a tip?

A: Many would have given the men a tip. However, if the installation consisted merely of delivering the refrigerator and placing it in your kitchen and plugging it in, tipping was unnecessary.

terford. Yellow and white gladioli adorned the altar where Rev. Al Kasten performed the ceremony.
Parents of the newlyweds are the Cecil Wardens, Dixie Highway, Drayton Plains, and the Arthur Bergs of Clarkston. Carl Warden gave his sister in marriage.
A crown tiara with tulle blush veil complemented the bride's ballerina-length dress of white Chantilly lace over satin, styled

By EUGENE GILBERT
President, Gilbert Youth
Research, Inc.
"If we believe in God," said astronomer John Glenn to his fellow parishioners at Little Falls United Presbyterian Church in Arlington, Va., "we probably will wind up in church."
His remark set us wondering how many teen-agers today "wind up in church" and, moreover, what are their attitudes generally toward religion?

To find out, we questioned more than 1,300 students in a representative sample of the country and came up with some revealing facts.
We discovered, for example, that while 85 per cent are affiliated formally with some church only 44 per cent attend as often as once a week. More than half of those we questioned, 53 per cent, felt it doesn't matter whether they belong to a church so long as they live a good life.

WHAT IS DISTINCTION
We also asked: What distinguishes your denomination from others?

While it wasn't possible to measure the answer in comparative percentages, the replies in our judgment revealed vague knowledge at best of the characteristics of the various faiths the students said they professed.

My church, said one, "has a

more democratic government." Another said of his church: "Its liberalism and opportunity to let one think for himself" distinguish it from all others. Someone else regarded his faith as "a mixture of most denominations."

An Alabama girl, who defined her denomination as "Protestant," said its unique characteristic was that "it is not as narrow minded about such things as dancing and going to movies."

To the question of whether it matters what church you belong to, a 16-year-old from Prairie

Village, Kan., said individuals "should find a church they like just as they find a job that suits them."

Another, from Pottsville, Mich., said "when you get down to it they're all the same;" and an 18-year-old boy from Honolulu said, "a person should join a church whose doctrines fit his beliefs."

LITTLE INSTRUCTION

A majority of 55 per cent of the teen-agers said they attend sabbath school or receive some other formal religious instructions other than from their parents. But 41

per cent said they receive no religious instruction whatsoever.

Our sample was 47 per cent Protestant, but more than half of them (55 per cent) could not estimate how many Protestant denominations exist in America.

As many, 8 per cent, said there

were between 10 and 20 as said there were 30 or more. (According to the World Almanac, there are more than 250.)

With all the emphasis today on Christian unity, we decided to turn our questioning toward the Protestant ecumenical movement.

Sixty-five of the students

hadn't even heard of the movement, at least under its proper name, and 55 per cent said such unity would not even be desirable. Fifteen per cent declined to say whether they favored it or were against it.

An even larger majority, 66 per cent, felt unity of Protestants would never come about. Of those who did, however, 61 per cent thought it would happen during their lifetime.

Bride-Elect Entertained at Linen Shower

Gail Blamy of Birmingham opened gifts of linen Monday evening at a shower given by Mrs. W. Harold Kinley and daughters Kay and Betty in their home on Erie Drive, Orchard Lake.

Miniature parasols as guest favors encircled a large parasol covered with sweet peas and apple blossoms on the refreshment table.

Mrs. John Blamy of Birmingham and Mrs. Charles M. Lucas of North Marshall Street, mother of bridegroom-elect Donald Lucas, attended the party, also Mrs. William Herrmann, Mrs. Earle S. VanDyke Jr., Mrs. Robert Ferrier, Mrs. Hart Morris and daughters Jo Ann and Marilyn.

The list continues with Mrs. Elwood Bigler, Mrs. Franklin Read, Mrs. John Lambeth, Mrs. H. L. Baker and daughter Judith, Mrs. Clark Kimball, Mrs. Grant Halwig, Mrs. Gordon McLeod, Mrs. LaVerne Selmes, Mrs. Marion Benter and Mrs. Ralph Strang.

Mrs. Filon Simpson came from Orchard Lake, Mrs. Stanley Clark from Davisburg and Mrs. Frederick Carr, Union Lake.

The John P. Niggemans of Lakeland Avenue entertained Miss Blamy and her fiancé at a recent dinner-party in the Pontiac City Club.

Local PTAs Set Meetings

Family Night and new officers
headline news of local Parent-
Teacher Association meetings this
week.

FRANKLIN
Franklin School PTA will sponsor a Family Night Friday, April 27 with a dinner served from 6:30 to 7:30 p.m. Parents and children alike will participate in the talent show which will follow with proceeds from the affair to aid purchases of playground equipment for the school.

Reservations for the event open to the public are to be in by Wednesday, April 25. Any parent wishing to participate in the talent show is urged to contact the school.

EASTERN JUNIOR HIGH
Mrs. Thomas Bartle will serve as president of Eastern Junior High's PTA for the coming year. Other newly elected officers include Mrs. Marvin McVittie, vice president, Ronald Casher, teacher vice president; Chester Stafer, father vice president; Mrs. James Hartsock, secretary; and John Neilenbach, treasurer.

Council delegates are Mrs. Cecilia Linn, Mrs. Blonny Vancil, and Mrs. William Enfield. Mrs. Raymond Ellsworth is publicity chairman.

(NEA) — Don't ignore your eyebrow pencil just because your brows are naturally dark. Pencil can correct their shape, add depth and darken hairs that have been bleached by the sun.

Smell were introduced into Crystal Lake in Michigan in 1912 to provide forage food for stocked salmon. The salmon did not survive and smell fishing became a major sport.

Bowlers to Dine, Dance

"Strikes and Spares Pay Off" for members of Oakland Hills Country Club's mixed bowling league April 26, 6:30 p.m.

Dinner, dancing and the presentation of bowling awards for the 1961-62 season will culminate 26 Sundays of "strike 'n' spare" activity on that date. Special awards for the high-est average attained will go to Mrs. Henry O. Coucke for her 151 average, and to Edwin Schmink, with an average of 174.

The teams of Mr. and Mrs. Duncan R. Seaman Jr. and Dr.

Abby Says 'Lazy' Man Needs Tip

5-Time Loser Should Be Told

By ABIGAIL VAN BUREN

DEAR ABBY: I promised my wife I'd abide by your decision. I stuck my neck out and got a chap a job because I know that many times his family went hungry. He has lost five jobs in the past two years.

His last employer just sent me a confidential report on him stating the man is lazy, unreliable, attempts to be a big shot, abuses his authority and many other uncomplimentary remarks. I say I should show this report to his wife. She is a very refined and educated girl who thinks "the world" is against him.

My wife says she is blindly in love with him and we should not advise her up. I think it's time she knew these facts. What do you think?

FRIENDS
DEAR FRIENDS: If you really want to be helpful, show the report to the MAN, not his wife.

DEAR ABBY: Four years ago my husband died and left me with two small children. This summer I plan to marry a widower who has a son. His son's name is Gary and so is mine. It will be very confusing with two Garys in the house. Have you any suggestions?

MY PROBLEM
DEAR PROBLEM: If either Gary has a middle name, use

it. Or give one Gary a nickname. But don't say, "my Gary" and "your Gary" or it will be psychologically bad for all concerned.

DEAR ABBY: I have been going with a girl for three years. We shall soon be 21. After a year and a half we became engaged, when her parents said we could on one condition — that we not announce it. I gave her the ring (it took me a year to pay it off) but about three months ago she stopped wearing it. This really hurt me. I feel very unwanted.

She said people would talk about us being engaged for so long. I am still in college and can't afford marriage for a while. I love her with all my heart and think she loves me, too. How can I get her to wear my ring again?

UNWANTED

DEAR UNWANTED: Your girl could be under parental pressure and confess. But you had better be sure she WANTS to be engaged — ring or no ring.

CONFIDENTIAL TO LYNNE: Even more important than "where a man came from" is where he is going. Stop worrying. Let Abby help you with that problem. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50c to Abby, care of The Pontiac Press.

The population center of the United States in 1790, the first year of the census, was 25 miles east of Baltimore. Population of the nation that year was 3,929,412.

Women More Feminine?

Hair Style Reflects Status

By JOSEPHINE LOWMAN

Some psychiatrists have suggested that a woman's hair style may reflect her status in society. Just as long hair was once thought to be a symbol of man's strength and virility, the idea is that women's fashions somewhat reflected the roles they were playing in life at the time.

For instance, long ago when women played a more passive role they had long hair. As they acquired more freedom, socially, in business and politics, their hairdos became quite short.

This brings up some interesting speculation. Are women subconsciously returning to more feminine roles?

One wonders about the recent fashion of teasing the hair into balloon-like proportions and now the new Cleopatra hair style, and about the softer, more feminine modes.

DOMINATED

Are most women completely dominated by the hair fashion of the moment? I always have suspected that hair stylists are good psychologists, with a 10th sense about the feeling in the feminine atmosphere, and that women will

By Mayor's Proclamation

Next Week Set Aside to Honor Secretaries

Secretaries Week in Pontiac, April 22-28, has been officially proclaimed by Mayor Philip E. Rowston with Wednesday designated as Secretaries Day.

Secretaries Day will be observed by the Pontiac Chapter of the National Secretaries Association with a dinner at Fox and Hounds Inn honoring Oakland County's Secretary of the Year.

The annual secretarial workshop will be held Saturday, April 28 at Michigan State University Oakland with the theme, "Walk Worthy of Your Profession" beginning with a coffee hour and registration at 8:30 a.m. Mrs. Kay Rector is workshop chairman.

Speakers at the sessions will be James P. Dickerson, assistant director of Continuing Education at MSUO. His topic, "The Secretary, A Valuable Citizen" will precede speaker, Robert J. Koch, director, office management division, Michigan Hospital Service.

Following the luncheon Dr. David J. Goodman, head of secretarial department, Ferris Institute, will speak on "Effective Business Communications" and Margaret McInerney, CPS, education chairman retires Week will be focused upon Michigan Division of secretaries association will have as her topic, "Going Our Way?"

Reservations for the workshop closing with a tea is Wednesday. Present for the proclamation signing in the mayor's office were chapter President Theresa McVeigh and Secretaries Week Chairman Mary Eleanor Lockman of the Pontiac.

Mrs. McVeigh said "although NSA officially sponsors Secretaries Week, observance is not limited to our members alone, but to all secretaries everywhere who are an indispensable and integral part of management's administrative team in business, industry, education and government."

"Special attention during the Sec

Check Pleats

not accept a style unless they are ready for it.

However, it is probably not as complex as this. Women become tired of wearing their hair the same way, year after year. They like to change it just as they like to move the furniture about periodically.

SUITS IT TO SELF

The smart woman adopts the current fashion, but adapts it to herself. She does not sacrifice good looks for extreme fashion, but looks as pretty as she can and also stylish. She also considers the appropriateness of her hairdo.

With a good basic cut, and hair which is not too short, she can arrange it in an attractive, simple, practical way for day-time, and become more glamorous at night.

With the extra hair pieces available, she can be quite elaborate for special occasions.

Modern woman also is aware that good nutrition, cleanliness and scalp massage are essential if she hopes to have lovely tresses, no matter how she wears her hair.

If you would like to have my leaflet, "Stars in Your Crown," send a stamped, self-addressed envelope with your request for leaflet No. 52 to Josephine Lowman in care of The Pontiac Press.

Mr. and Mrs. Levey Prentiss of Franklin Road announce the engagement of their daughter Willy LaVera to Booker T. Hurner Jr., son of Rev. and Mrs. Booker T. Hurner of Pearl Street. Her fiancé attended University of Detroit. A June 2 wedding is planned.

WILLY LAVERA PRENTISS

Hide Shadows

(NEA) — No woman need suffer from unwanted shadows beneath her eyes from lack of sleep. A skin-tone stick, shaped like a lipstick has been designed to cover them until the proper rest removes them.

Women Prefer Men Just Their Own Age

RUTH MILLETT
Newspaper Enterprise Assn.

"At what age do you think a man is most interesting?" a staff writer for the Memphis-Press Scimitar asked a number of women.

Naturally, the reporter got a variety of answers—depending on the age of the woman questioned. Only one woman gave an answer with which most any woman would agree. It was:

"Whatever age a woman is, a man that age is the most interesting to her."

Most women do feel that way and that is why you rarely find women trading their husbands for younger models. It is also why middle-aged women find middle-aged film stars, like Cary Grant, far more fascinating than the young actors their daughters swoon over.

Women are realists and know that there is something a bit pathetic about a woman who is attracted to men years younger than she is.

Also, being realists, women know that nothing makes a woman's years more apparent than having

them compared with the more youthful looks of a man her junior.

Men, of course, aren't nearly as realistic. The middle-aged man who takes a young wife thinks that makes him young, too. He doesn't see that the contrast between youth and middle-age makes him seem older, rather than younger.

Nor does it even occur to the older man who thinks he is irresistible to young women that it is only his money or his position or his influence that makes young women pretend to find him fascinating.

So the answer the woman gave for women wouldn't be true for men. As a widow who is unashamedly husband-hunting points out:

"A woman of 50 who wants to marry has to face the fact that eligible men of 50 are looking for younger wives. So her only hope for marriage is to find a man of 60 or over to whom she will look young."

Sound reasoning: "How to Have a Happy Husband." Send 25 cents to Ruth Millett Reader Service, care of The Pontiac Press, P.O. Box 489, Dept. A, Radio City Station, New York 19, N.Y.

VIEW OF GREAT LAKES—This photograph of the Great Lakes area was made recently by the weather satellite Tiros IV on its 963rd orbit of the earth as it passed over the area at 9:45 a.m. Lake Superior and Lake Michigan are clearly visible while clouds cover parts of Lake Huron and Lake Erie. The western part of Lake Ontario is visible at right. At upper left is ice-covered Lake Nipigon in Canada. Tiros IV, launched last Feb. 8, has taken about 12,000 photographs.

Congressmen Have Solution

'Stop That Junk Mail'

WASHINGTON (UPI) — Is a man's mail box his castle? Two congressmen think so. They introduced bills yesterday giving the home and apartment owner a say about what the postman stuffs in his mailbox.

"We firmly believe," the two congressmen said in a joint statement, "that a person's mail box should be as inviolate as his home."

Rep. Morris K. Udall, D-Ariz., and Rep. Glenn Cunningham, R-Neb., charged that the basic civil right of protecting one's mail box has long been denied the American citizen.

"The American postal patron has for too long been the captive of the mass mailer," they declared.

To remedy this situation, Udall and Cunningham suggested that every person be given the right, under the law, to return unwanted mail with a request that his name and address be removed from the mailing list.

If the complaining person continues to get the unwanted mail, he then submits a sworn statement to the postmaster general who would be authorized to cancel or suspend all mailing permits that may have been issued to the sender.

Udall and Cunningham said their bills would offer the postal patron the "protection they have long needed — the right of privacy of the home."

"A man's home is his castle and he should be guaranteed the right to protect his home and family from outside invasion from whatever source," they said.

The two congressmen pointed out that anyone can refuse to buy a newspaper or magazine, can turn off the radio or television set or can hang up the telephone.

"But when his mail is deposited in his home he finds that someone else, not he, has made the decision as to what will be deposited," they said.

State Reapportionment Looking Up

Latest Version Now in House

Swainson May Approve District Changes in This Last-Chance Bill

LANSING — Chances for re-apportionment of Michigan's congressional districts took a turn for the better today.

Without a vote to spare, the Senate yesterday passed and sent to the House a last-chance reapportionment bill providing for 19 congressmen.

Michigan is entitled to another congressman because of population gains between 1950 and 1960. Unless the legislature acts and the governor approves its plan, the new congressman will be chosen from the state at large.

Gov. Swainson has vetoed one congressional reapportionment plan.

Alides said the latest version would be acceptable to the governor if it gets through the House.

OAKLAND IN AREA
The new proposal would carve the 13th District out of Livingston and western Oakland counties plus a sliver of northwestern Wayne County.

Macomb County, strongly Democratic, would become a separate district. The proposed 7th District in the Thumb area, plus Bay and Midland counties, is strongly Republican.

The dividing line for the new 19th district runs north and south about through the center of Oakland county but swings east to include Pontiac. It takes in everything west of Oxford, Orion, Pontiac, Bloomfield and Southfield townships. The new district also includes Livonia, Northville and Plymouth in Wayne county.

The new district might go either way.

Other districts would be substantially altered.

The change expected to arouse the most resentment in the House would make one congressional district of all but the two eastern counties of the Upper Peninsula. The two counties, plus a big chunk of the northern Lower Peninsula as far south as the Mecosta-Macomb county line, would form another.

"This bill tries to put the representation on a more reasonable population basis," said Sen. Carlton H. Morris, R-Kalamazoo, the chief Senate sponsor.

Opponents noted the new plan also would shift Kalamazoo County from the third to the 4th District, where its parents, Mr. and Mrs. Joseph V. Victor of 2208 Allen Road, Brandon Township. The prospective bridegroom is the son of Darwood Lewis of Detroit and the late Mrs. Lewis.

Neil Stuebler of Ann Arbor, Democratic national committee chairman and the party's former state chairman, is the only announced candidate for congressman at large.

Alvin M. Bentley of Owosso, former Republican congressman now a delegate to the constitutional convention, is expected to be the GOP nominee if an at-large representative is chosen.

Both men are wealthy enough to afford a campaign for statewide office.

Swainson's first veto of the 1962 legislative session killed a GOP-sponsored bill that would have created the 19th district from southern Macomb and southeastern Oakland counties.

The net result, based on past voting records, would have given Republicans another congressman. They presently have an 11-7 majority.

A June 2 wedding is planned by Margaret Maria Victor and Gerald R. Lewis, announce the bride's parents, Mr. and Mrs. Joseph V. Victor of 2208 Allen Road, Brandon Township. The prospective bridegroom is the son of Darwood Lewis of Detroit and the late Mrs. Lewis.

MARGARET M. VICTOR
A June 2 wedding is planned by Margaret Maria Victor and Gerald R. Lewis, announce the bride's parents, Mr. and Mrs. Joseph V. Victor of 2208 Allen Road, Brandon Township. The prospective bridegroom is the son of Darwood Lewis of Detroit and the late Mrs. Lewis.

UNIVERSITY WOMEN PLAN TALK BY MARKETING AGENT
"ROCHESTER — Speaker at next Wednesday's meeting of the Rochester branch of the American Association of University Women will be Mrs. Josephine Lawyer, Oakland County marketing agent.

Title of Mrs. Lawyer's talk is "Consumer Protection."

The session, to be held at 8 p.m. in the home economics room of Rochester High School, is open to all area women eligible for AAUW membership.

DONATION FOR LIBRARIES — Mrs. Walter Reuther yesterday presented to Supt. Donald C. Baldwin a check for \$2,000 to be divided equally among the secondary school libraries in the Rochester Community School District. Looking on are librarians Mrs. Ada Schaeffer, second from left, senior high school, and Mrs. Charlotte Miller, Central Junior High. The check is from the Reuther Labor Foundation and is from money received by AFL-CIO president, as income from books, magazine articles, and speeches. The Reuther's younger daughter, Lisa, is a ninth grader at Central Junior High. West Junior High, in open in September, also will benefit.

Avondale's Bond Issue Calls for Grade Change

Returning the ninth grade to junior high school and the sixth grade to elementary schools is part of the Avondale Board of Education's proposed \$1.28-million bond issue for school building improvements.

Voters will be asked to approve the bond issue, and a proposed operating tax increase in the June 11 school election.

Benefits to result from approval of the millage, according to Supt. Leroy R. Watt, include new programs and teachers in the elementary schools, salary increases for school board members and more money from the state.

The proposed bond issue, which provides for additions to all four elementary schools and the junior and senior high schools, would make mandatory a return to the traditional 6-3-3 arrangement of grades.

PRESENT SETUP
Avondale's current 5-3-4 setup has the sixth grade in junior high school and the ninth grade in senior high school.

The change was recommended, along with the bond issue and the millage hike, in the report presented to the board last month by the Citizens' School Study Committee headed by McAllister.

Success of the bond issue will also mean high school seniors soon will be able to return to full-day sessions, Watt said. School board action earlier this week put them on half-day sessions because of overcrowded conditions.

The millage increase (five mills for three years followed by three mills for two years) would mean, for the elementary schools, new art, music and foreign language programs.

It would also make possible a stepped-up physical education program and additional teachers for the triple-session kindergarten expected to become necessary in September, Watt said.

To bring approximately \$75,000 a year in additional operating funds, the new millage would also make possible salary increases for employees who saw recent pay raises confined to teachers.

Approval of the millage hike would also mean some \$40,000 more in distressed school aid from the state, as this state program is based partly on the millage rate.

The bond issue would not mean a tax increase for the first three years, as it is based on refinancing a 1954 bond issue.

It would call for a 1.3-mill levy after three years, to begin when the operating millage, if approved, would decrease by two mills.

First Baptist Church of Davisburg from 1:30 to 2:30 p.m. with the meditation given by Rev. Jack A. McCarty, pastor.

At 8 p.m. a union service of the Methodist Church and Baptist Church of Davisburg will be held at the Methodist Church.

Services at Four Towns Methodist Church on Good Friday will be from 1 to 2 p.m. This will be preceded by a noon luncheon.

Easter Sunrise Services will be held 6:30 a.m. by the Methodist Youth Fellowship of the churches. The morning service will begin at 10 a.m. at Mt. Bethel and 11:30 a.m. at Davisburg.

The young people of the First Baptist Church of Davisburg will conduct a sunrise service at 6:30 a.m. The morning worship service will start at 11 a.m. At 1:30 p.m., worship service also will be held.

At Four Towns Methodist sunrise service will be held at 6:30 a.m. and duplicate worship services will be conducted at 9 and 11 a.m.

Club Federation to Hold Classes to Train Officers

The annual officers training classes sponsored by the Oakland County Federation of Women's Clubs will begin at 10 a.m. Monday at headquarters of the Royal Oak Women's Club, 404 S. Pleasant St., Royal Oak.

Federation officers will conduct classes as follows:

Presidents and vice presidents: Mrs. L. J. Gossie of Lake Orion; Recording secretary: Mrs. Loren Seivers of Royal Oak.

Corresponding secretaries: Mrs. R. G. Cogger of Lathrup Village; Treasurers: Mrs. Ralph Schaller of Berkeley.

Program Committee Chairmen: Mrs. William Gilbert of Royal Oak.

Open House Set at State Home

Lapeer, Mental Health Facility Plans Tours April 28 and 29

Lapeer — The Lapeer State Home and Training School will hold a two-day open house for the public April 28 and 29.

To tie in with the National Mental Health Week theme, "Community Action for Mental Health," the Open House will feature tours of the general hospital at 30-minute intervals following short presentations by members of the staff.

The open house will begin at 1 p.m. on both days. Members of the Lapeer Parent's Association will join staff members as hosts.

The open house has been arranged because of the interest generated in the institution for the mentally handicapped by the television film, "A Mind Is Rising," according to officials.

Persons under 17 years of age will not be permitted on the tours.

Choir Will Present Good Friday Concert

TROY — The Chancel Choir of the Big Beaver Methodist Church will present a Good Friday concert at 7:30 p.m. tomorrow at the church.

A 6:30 a.m. sunrise service will begin Easter Sunday observance at the church. Rev. Albert E. Hartog will give a sermon on "Why Do You Seek the Living Among the Dead?" The service will be followed by a breakfast in the fellowship hall.

Festive Easter Services are scheduled for 9:30 and 11 a.m. They will include anthems by the Chancel Choir assisted by the 20-voice Choristers and the Cherub Choir and a sermon on "Jesus Himself Stood Among Them," by Rev. Hartog.

Detroit is outranked only by New York and Chicago in advertising billings and six of the top 10 American ad agencies maintain Detroit offices.

The meeting will be held at the Stone School.

AVON TOWNSHIP — American Field Service "exchange student" Rhodes Garwen will be the speaker at next Wednesday's 8 p.m. meeting of the Stone-Auburn Heights Parent-Teachers Association.

A member of the senior class at Avondale High School this year, Rhodes is a guest in the Earl Wright home at 790 Nichols Drive, Auburn Heights, during his stay in the community.

The meeting will be held at the Stone School.

Outlook Appears Dim

Union, Paragon Slate Meeting on Dispute

NOVI — The first meeting between union and management of the Paragon Bridge & Steel Co. since the plant was struck March 31, was scheduled for today.

George Clark, president of Detroit Shipmen's Local 508, International Association of Bridge, Structural and Ornamental Workers, AFL-CIO, said, however, that he didn't believe anything would be accomplished because the company was meeting "under protest."

Some 25 members of the local went on strike at the plant, 4000 Grand River Ave., when their contract expired.

State and federal mediators had scheduled the first meeting for 10 a.m. in the Federal Building, Detroit.

Clark said there were several problems in the wording of a new contract before "we even get around to discussing money."

He said the company wants to delete a portion of the contract that would guarantee the union that its members could work for the firm if they ever decide to build another plant in "Novi or the vicinity."

Since the strike began three weeks ago pickets have been at the plant around the clock. There has been no trouble reported.

No work has been done in the Troy.

Guest speaker will be Mrs. Jacob Wenzel, cofounder of the Grosse Pointe Council on Better Literature for Youth.

Mrs. Wenzel is also active in the metropolitan Detroit group co-ordinating good literature programs.

A temporary committee to promote concern and possible action to insure decent periodicals in the community, the local group is headed by cochairmen Mrs. Walter Huft and Clark Gill, both of Troy.

Cardinal Gives \$5,000 to Ransom Prisoners

NEW YORK (AP) — Francis Cardinal Spellman has contributed \$5,000 toward the \$62 million demanded by Cuban Prime Minister Fidel Castro for release of all the prisoners taken in last

year's invasion at the Bay of Pigs. Three of the 60 sick and wounded prisoners who have been freed called on the cardinal at his residence Wednesday night and received his personal check. One-tenth of the people of the United Kingdom live in Scotland.

Judge Roth of Flint Named to U. S. Court

WASHINGTON (AP) — Circuit Judge Stephen J. Roth of Flint, a native of Hungary who became attorney general of Michigan, is the fifth Democrat named to the U. S. District Court bench in Michigan by President Kennedy.

The 53-year-old Roth was nominated for a vacancy in the Eastern (Detroit) District by the President yesterday. Others appointed to the federal bench in Michigan by President Kennedy are Thaddeus Macrowicz, a veteran congressman from Hamtramck; Wade McCree, a Negro and Wayne County circuit judge; Talbot Smith, a justice of the State Supreme Court and Noel P. Fox, a Muskegon circuit judge and former state labor mediator.

Fox was named to the bench in the Western (Grand Rapids) District; the others to Eastern District judgeships.

Dorothy Lamour Plugging New 'Road' Show

Star in a Sarong Back in the Film Jungle

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD — A famous figure was back in town this week, and it belonged to Dorothy Lamour. It can report that the figure is still highly sarongable, even though the owner admits to having starred as "the jungle princess" 25 years ago. "I don't mind admitting it," she said. "In fact, people think I'm so much older than I really am that I have to correct them. Don't forget, I started as a kid."

Dorothy was back in town for a Bob Hope television show which airs next Wednesday on NBC.

She'll be plugging their mutual movie (with a guy named Crosby) "The Road to Hong Kong."

"My role in the television trailer is bigger than the one I've got in the picture," she said ruefully.

You'll recall that Dorothy almost staged a sit-down strike last summer when she was asked to come to London for a guest part in the movie. Joan Collins took over the role between Bing and Bob.

"Imagine me doing four lines and one small number in a 'Road to Hong Kong' picture!" she said. "Those jerks Bing and Bob—I don't know why I still love them."

But she does, and after many transatlantic phone calls, Dorothy agreed to do her stint.

"Now I feel like the cat that swallowed the canary," she said. "I read the reviews from England, and they're all great for me."

made a picture for nine years, the public is amazingly loyal."

Dorothy has found that out during summer theater and night club tours that have occupied some of her time in recent years.

BALTIMORE HOME — Home for her has been Baltimore, where husband William Howard is engaged in a promising bread-baking enterprise. They've lived there for three years, and she loves it.

What does she do? "I'm a member of the PTA, the American Legion Women's Auxiliary, I have my charity work, and if things get dull, I go down and visit my friends in the shopping center and browse through the shops."

How does she keep her figure so whistles?

The average housewife spends all day boasting to her friends how much her husband makes — and all night telling him it's not enough.

A fallen woman is a mother who failed to pick up her son's roller skates. . . . Some people can stay longer in a few minutes than other people can stay in a day. — Earl Wilson.

Swainson Gets Nonresident Bill

Holds Up Tax Measure to See What Program Is Worked Out

LANSING (AP) — A controversial bill to ban city income taxes on nonresidents headed for Gov. George W. Swainson's desk today with a warning from its sponsor that "there will be plenty of sore suburbanites" if he fails to sign it.

The legislature yesterday completed passage of the measure, which is aimed at Detroit's proposed 1 per cent income tax. The House, however, failed to give it immediate effect, meaning that the ban could not be imposed until 90 days after the legislature adjourns. The effective date probably will be in August.

Swainson has declined to indicate what he will do with the bill, saying he wanted to consider it in the light of the legislature's total tax program.

The move to make the bill effective with the governor's signature failed by 14 votes. "I suppose this means that Detroit could pass an income tax and collect \$1 or \$2 million from nonresidents before the bill went into effect," said Rep. John T. Bowman, D-Roseville, the sponsor.

Bowman said he feared Detroit could block the ban, at least temporarily, by submitting it to a court test.

"This would be a raw deal on Detroit's part, but I suppose it's possible," he said.

Rep. Michael O'Brien, D-Detroit, told the House that Detroit officials already are laying plans to delay or overthrow the ban via the courts.

Recent estimates, Bowman said, indicate that a 1 per cent income tax in Detroit would bring in \$9 million a year from nonresidents. The Democratic lawmaker predicted the governor would veto the bill.

"I'll tell you one thing," he said. "If he does, there will be plenty of sore suburbanites."

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

When a sports fan picks up a sports page, very often there is a particular event he looks for first. What may be of interest to one reader may be of no concern to another.

The biggest variation of interests comes in the high school ranks especially in regard to attention given to their respective schools.

Sportswriters recognize the fact that sports fans, taxpayers, players, coaches and students in the different communities have those particular interests in searching for the results of their favorite teams, and sportswriters do everything possible to keep a fair distribution of space devoted to each school or event.

The stories depend on many things: The number of events in proportion to the page space available; the caliber of the events, whether it be two unbeaten or two all-beatens playing; the time element in getting the news in print; the accuracy and the amount of information given when it is reported. There are many other problems, but the biggest factor is getting the information from the responsible person at the school.

Coaches must bear the brunt of getting their results reported, and this is usually the source unless some would-be student journalist is appointed by the athletic department to be the school's contact reporter.

If a school's score or result fails to appear in print, the first reaction of the reader is to curse the paper. A deluge of protests, remarks and a choice of unprintable expressions usually follow by phone or mail.

"You lousy bums, you always give Pontiac Northern a big play, you're a Central fan."

"Quit giving Central all the attention," says a Northern fan.

"Are you a graduate of St. Mike's?" writes a St. Fred fan. "You must go to church at St. Fred," says a note from St. Mike's fan.

"Already Waterford is second rate because we lose to Kettering," says a Skipper fan.

"Just because we're new why should we take a backseat to Waterford?" says a Kettering fan. "Is it too much to print our baseball score," write fans from every school in the area when it doesn't appear. The same for golf, tennis, track, swimming, etc.

Actually, we're happy to get the letters from the fans. It enables us to prove to coaches and people handling school results that the fans want the scores and information.

In defense of our sportswriters, we can honestly say that we have never turned down sports information and it is published in print if it is received by deadline—the first law to get the presses rolling.

THE CONCLUSION: If you don't see it, ask your school why?

IN TRIBUTE: The honor for the best and most thorough job of reporting goes to Fr. Stan Millewski at Orchard Lake St. Mary.

IN COMPARISON: These are the top schools in press-school relations listed in order: THE BEST—Orchard Lake St. Mary, West Bloomfield, Clarkston, Bloomfield Hills, Romeo and Walled Lake. THE OKAY—Avondale, Lake Orion, Holly, Rochester, Pontiac Central and Our Lady. THE AVERAGE—Milford, Pontiac Northern, Oxford, Kettering and St. Mike. THE FAIR—Waterford, St. Fred, Seaholm, Cranbrook, Southfield. THE OTHERS—Northville, Troy, Kibbini, Farmington, Grooves, Ortonville, Utica, Madison, Clawson, Oak Park, Lapeer, Hazel Park, Dondore, etc.

Veterans Mutual, Spahn Take Spotlight in NL

By The Associated Press

Aging Stan Musial was almost apologetic about it.

"I guess so," The Man admitted, who added whether his illustrious start may prompt him to try it again in 1963. "I told John (St. Louis manager Johnny Keane) I wanted to play this one more. But I think he knows if I had good year I'd probably be back."

And the 41-year-old Musial is also to one of his greatest starts. He lashed out two hits in the Cardinals' 15-2 romp over the New York Mets Wednesday and improved his National League leading batting average to .414.

SHARES SPOTLIGHT

But The Man had to share center stage with another cracking oldtimer, Milwaukee's apologetic Warren Spahn, and the veteran Ernie Banks of Chicago.

Spahn gained the 310th victory of his career in a 6-4 win over San Francisco while Banks' 300th career home run with two in the 10th brought the Cubs to a 3-2 decision over Houston. Cincinnati blasted the Los Angeles Dodgers 14-0 and unbeaten Pittsburgh edged Philadelphia 4-3 for its seventh straight victory.

Musial's two hits gave him a

total of 3,410, only 20 short of Homer Wagner's National League record. He needs only 10 more hits to tie Babe Ruth for second place in the all-time list behind Ty Cobb.

COLLECT 18 HITS

In all, the undefeated Cards, who have won five, pounded 18 hits off four Met pitchers, and included were a pair of home runs by Kenny Boyer and one each by Julian Javier and Carl Warwick. He was the sixth straight loss for the 26th man in the history of the majors to reach the 300 figure, and tied him for ninth on the all-time National League list with Chuck Klein of the Phillies.

Chick Letty Dick Ellsworth went the distance for the victory. San Francisco had a 3-2 lead on doubles by Jim Davenport and Jose Pagan, and then Haller's homer before Spahn started Milwaukee's winning rally by walking as the lead-off man in the eighth. Before the inning was over, Eddie Mathews doubled in two runs and Frank Bolling singled in two more, and the Braves were home safe.

Homer by Mathews and Hank Aaron produced the first two Milwaukee runs.

NO. 7 FOR BUCS

Bob Skinner's three-run homer and Earl Francis' sturdy relief pitching were the keys to the Pirates seventh straight. Francis blasted the Phillies on three hits after taking over for Wilmer Mizell in the third. Bill Mazeroski also had a homer for the winners. Jack Hamilton, the Philadelphia right fielder, retired 17 men in a row at one stretch.

Vada Pinson drove in five runs on a homer, and Jim Frazier, a rookie, finished Cincinnati's shutout of Los Angeles. Jerry Lynch also homered for the Reds. O'Toole, who had all the run he needed on Pinson's first inning close, retired 17 men in a row at one stretch.

Uelses Featured at Kansas Event

LAWRENCE, Kan. (AP)—Record-smashing baton-tossers from Texas Southern University and a special showing of miracle polio-vaulter John Uelses will be features of the 37th Kansas Relays opening with the 10,000-meter run today.

Bob Lindrud of Kansas, the defending champion, was the man to beat in the 10,000-meter grid, only event scheduled for today. The meet continues through Saturday.

Uelses, recently mustered out of the Marines, became the first man to pole vault 16 feet with clearance of 16 1/4 in the Millrose Games at New York Feb. 4. The next best was 16 1/2 in Boston. Uelses will engage in special competition here Saturday with Henry Wadsworth, an ex-Florida star stationed with the Marines at West Point.

Uelses, recently mustered out of the Marines, became the first man to pole vault 16 feet with clearance of 16 1/4 in the Millrose Games at New York Feb. 4. The next best was 16 1/2 in Boston. Uelses will engage in special competition here Saturday with Henry Wadsworth, an ex-Florida star stationed with the Marines at West Point.

Uelses, recently mustered out of the Marines, became the first man to pole vault 16 feet with clearance of 16 1/4 in the Millrose Games at New York Feb. 4. The next best was 16 1/2 in Boston. Uelses will engage in special competition here Saturday with Henry Wadsworth, an ex-Florida star stationed with the Marines at West Point.

Homer, Double by Kaline Lead Batting Attack

Detroit Starts Series Today at Boston; Lory to Hurl Saturday

DETROIT (AP)—The Detroit Tigers' pitching has become strong, steady, overpowering and effective—a manager's dream.

Bob Scheffing couldn't hope for stronger "back-to-back" performances than Jim Bunning and Don Mossi recorded in a two-game series with the Washington Senators.

Bunning was good Monday as the Tigers won 5-2. Mossi was better Wednesday as he stopped the Senators on five hits, 5-1.

The Senators could muster only 12 hits and just one walk—by Bunning—in the two games.

But really, is the Tiger pitching that good—or are the Senators that strong?

Washington's collection of cast-offs looked like inept minor leaguers in the two games here. The Senators showed no punch, no power in the two games here despite a team batting average of .281.

There was hardly a threat to Bunning or Mossi.

But it's also true the pitching has been brilliant despite the opposition.

"I can't have any complaints about it," said Scheffing. Mossi pitched well enough to beat anybody—and you can't laugh off just one walk in two games."

The question is—will the pitching remain this spectacular when the Tigers start playing first division rivals?

The Tigers go into their three-game road trip last night away from first place and full of encouragement.

Al Kaline has started hitting and only Rocky Colavito is in a severe batting slump. The Rock has just one hit in 19 at bats.

Kaline ignited a homer and a rally-killing double off Joe McElin in yesterday's mismatch. The home run—his second—came in the first inning.

The double started the Tigers off to a four-run romp. McElin issued two walks after Kaline's 40-foot shot that took one knee to the center field wall, flung the bases. Chico Fernandez unloaded them with a two-run single. Dick Brown drove in the next run with a sacrifice fly and the second of the Tigers' three wild game hits.

6-FOOT DOUBLE

Mossi was breezing on a one-hitter until two were out in the sixth when Chuck Hinton singled. Until then only Chuck Cutler's

trunk double marred Mossi's otherwise perfect performance.

Cutler hit a high pop-up in front of the pitcher's mound. Steve Boros, racing in to catch the wind-blown ball, tripped and fell. It just added Norm Cash's

lunge and fell for a double that traveled all of 45 feet.

Boros, having a perilous day in the field, also figured in the Senators' first run, his error costing Mossi a shutout. Dale Long and Willie Tasby singled. Bob Johnson followed with a hard bouncer to third base that Boros bunched.

But Boros threw wild to second and the error let Long score.

Big Ten Baseball Begins Friday

5th Game Pivotal in Stanley Cup

Hawks Seek Key Win

TORONTO (AP)—Chicago's gingery Black Hawks and the battered Toronto Maple Leafs clashed tonight in what should be a pivotal fifth game in their best-of-seven Stanley Cup hockey championship series.

Bouncing back from two defeats in Toronto to take two straight at home, the Hawks are ready to deliver what they believe will be the key blow—a victory in Toronto—and go on and wrap up the series on their home ice in game No. 6 Sunday.

Toronto has different ideas, although the Maple Leafs might have to play without the services of star goalie John Bower, who was injured in the 4-1 loss in Chicago Tuesday.

SAVE CAUSES INJURY

Bower suffered a groin injury after making a great save on one of Bobby Hull's burning shots. He slipped, did the splits and minutes later had to leave the game in the first period.

Chicago then pounced on substitute goalie Don Simmons for three more goals and the victory which evened what has become the win-at-home series.

A final decision on Bower's availability is not expected until shortly before game time, but it is highly improbable the 37-year-old veteran will play again in the series.

Punch Imlach, the Toronto coach, isn't particularly worried about the possible loss of Bower. He feels that Simmons can do the job and pointed out that Don's playoff record of goals against is better than that of either Bower or Chicago goalie Glenn Hall.

WON'T BE LACKING

On the way to Toronto, Hawk coach Rudy Pilius voiced the opinion that the Leafs will not be lacking a thing with Simmons in the nets.

"He's not only a National Hockey League goalie but he's stood us a few times," said Pilius. "He can do the job for them."

The Hawks, defending cup champions, are confident they can duplicate their semifinal feat when they lost the first two games and then swept four straight from Montreal to earn a finals berth.

"I see no reason why we shouldn't play the same type of hockey we did in Chicago," Pilius said. "I've told them we now have to win one-of-two here and tonight's as good a time as any. That's all it boils down to."

MSU Mat Captain

EAST LANSING (UPI)—John Baum, heavyweight on the Michigan State University wrestling team, has been named captain of the squad.

Pick Michigan Loop Contender Despite 5-6 Start

Title Defense Opens Against Strong Purdue State Hosts Purdie

By The Associated Press

Defending champion Michigan, Illinois, Minnesota and Indiana have been tabbed top contenders in the 1962 Big Ten baseball pennant race which starts this weekend.

Illinois, fourth-place finisher last season, has an outstanding spring time-up record with 10-2, including a four-game winning streak. Michigan is 5-4, Minnesota, second last year, is 7-4, and Indiana, third, is 4-3 entering today's game against Ball State.

Championship competition opens tomorrow with single games pitting Illinois at Michigan, Northwestern at Michigan, Northwestern at Indiana, Purdue (7-3-1) at Michigan State (6-4) and Wisconsin (4-1) at Ohio State (6-6).

For Saturday doubleheaders, Illinois is at MSU, Northwestern at OSU, Purdue at Michigan, and Wisconsin at Indiana.

Minnesota, winner of the 1960 Big Ten flag as well as the NCAA, is built around letterman Bruce Evans, captain and third baseman; outfielder Roland Carlson; pitcher Glenn Holzemer and catcher Steve Wally. Hurlers John Stephens Jr., and Ron Burt are fine prospects, each with 2-0 records. Another is Fulton Weckman. Shortstop Dick Thiel also is top rated.

Illinois has pitching depth with Jerry Roemer, Jerry Weygant, Ron Johnson, Doug Miller, Al Holland, Tom Fletcher and Lee Schinker.

Outfielders Ron Tate and Denny Spalla are Michigan's leading hitters so far. Best moundsmen are southpaw Fritz Fisher, Dave Roebuck, Wayne Slusher, Jim Kerr and Jim Bobell.

Ex-Miler Elliott Eyes Comeback, Win Over Snell

MELBOURNE, Australia (AP)—Herb Elliott, former mile record holder, already is considering a comeback according to a letter his coach Percy Cerutti received Wednesday.

He wrote: "When I have finished at Cambridge, if it suits you, I will be down at Proteas (the Cerutti training camp) and with some real hard work will do this chap, Snell."

"This I am fully convinced we can do if I get sufficient training in time."

If Elliott passes his exams he will finish at Cambridge next year.

Cerutti said he was confident he can get Elliott to run in the Commonwealth Games at Perth, where he would meet New Zealander Peter Snell, who holds the mile record of 3 minutes 54.4.

ester while Kettering and L'Anse
Creuse were winning Tri-County
meets in track yesterday.Algonquin Hills breezed to a
triangular triumph and Brighton
won a dual in Wayne-Oakland golf
action. Cranbrook dropped its
first tennis match.Four victories by sophomore
John Harris sparked PNH to a
39-19½ victory. He won the
high jump, broad jump, 100 dashand low hurdles. Soph Larry
Slater and Ernie Strossak, a
junior, were other Huskie stars.
Northern swept the pole vault
and low hurdles. Pete Long's
two 100s and two 200s paced the
winners.Kettering walloped Lajper by
19½ to 23½ featuring two win-
ners for Bill Haviland and Earl
Hook. The Captains won both re-
lays and got other 1sts from Tom
Campbell in the shotput, mile
John Popovich, Larry Harkey, 440and Mel Patterson in the 880. Orv
Mullins set a Kettering record al-
though 2nd to Dick Schlauf of Laj-
per in the 100 at 10.85. Schlauf also
took the 220 and Augie Maach
won the broad jump.Rick Jackson and Gary Christ-
mas were double victors in a 6-4
L'Anse Creuse verdict over Romeo.
Bulldog Jim Compton won the
high jump and 880. Joe Walker
and Steve Landfried had other
Romeo wins.**OXFORD ROMPS**

The Oxford thinclads blasted

South Central foe North Bran-
ton, 72½ to 36½. Royal Cripps and
Dan Kelley enabled the Wildcats
to easily stay unbeaten. Cripps
won the 100 and 220 and set a
school record with a broad jump
of 13.8. Kelley piled up 14½ points
with two 1sts and a 2nd plus an-
choring the mile relay team in a
school record in 3:49.3. Ray Con-
verse took the shot put.Orchard Lake St. Mary won
its 2nd straight in baseball nip-
ping St. Rita 4-3 with two in
the 7th when winner Larry Jan-
sewski and John Rompel singled
and the losers made three er-
rors. Rompel had two hits. St.
Rita had led 3-0 after 4½
innings.In golf, Bloomfield Hills totaled
162, host Milford 177 and Clarence-
ville 215. Baron Fred Ewald was
medalist at 35 followed by mate
Chick West's 38, 42 for Larry of
Milford and 42 by Baron Tom Fry.

Reds Press for Moratorium

Try to Halt U.S. Tests

By TOM OCHULTKEE
GENEVA (AP)—The Soviet Union launched a series of diplomatic maneuvers today in an attempt to block the American atmospheric nuclear weapons tests due soon in the Pacific. The United States and Britain stood fast against the pressure.

Soviet Deputy Foreign Minister Valerian A. Zorin called in the 17-nation disarmament conference for an unpolluted moratorium on testing—a move firmly resisted by the American ambassador.

Zorin demanded that "the

United States promise to refrain from conducting shots over the Easter holiday weekend. He declared the Soviet Union would not agree to a recess of the conference unless such a promise was received.

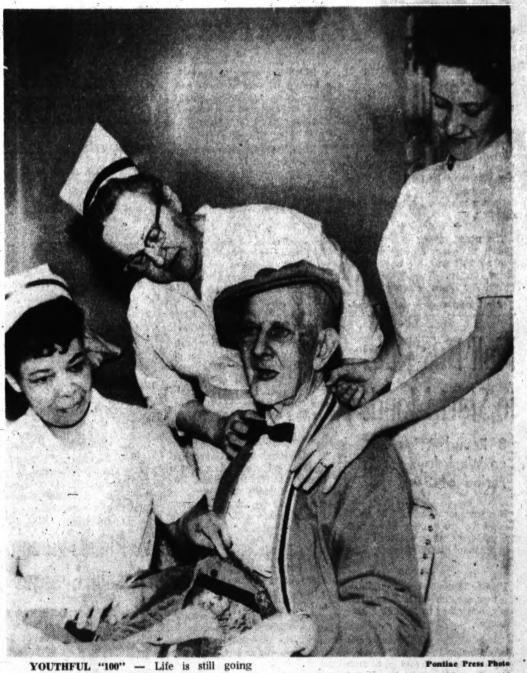

Zorin's maneuvers tied up the conference in a procedural wrangle. He delegates — many with their bags packed — had been scheduled to recess today until Tuesday.

OFFERS TO BARGAIN
Zorin coupled his move with a

qualified Soviet offer to negotiate on those portions of a neutralist test ban which conform to Moscow's ideas on enforcement.

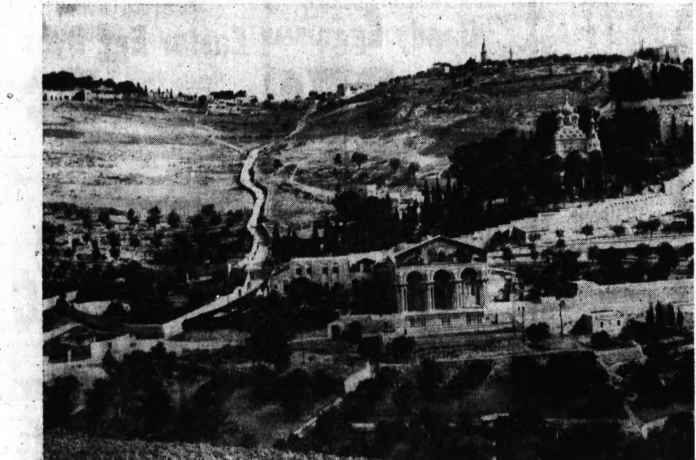

The United States and Britain said they also would be willing to use the neutralist proposal for negotiating purposes, provided the Soviets accepted the concept of scientifically sound international enforcement.

The United States and Britain said they also would be willing to use the neutralist proposal for negotiating purposes provided the Soviets accepted the concept of scientifically sound international enforcement.

YOUTHFUL "100" — Life is still going strong for James Robbins who will celebrate his 100th birthday May 4 at the Bloomfield Hospital. Born in Brooklyn, N.Y., his Irish heritage makes him a favorite with nurses at the hospital. From left are Mrs. Bernice Woods, Mrs. Virginia Foster and Mrs. Cheryl Barnett.

Where He Prayed in the Garden

THE MOUNT OF OLIVES — Then He went out and made His way as usual to the Mount of Olives, accompanied by the disciples... He Himself withdrew from them about a stone's throw, knelt down, and began to pray: "Father, if it be Thy will,

take this cup away from me. Yet not my will but Thine be done." Today, as then, one can gaze from the Mount of Olives and see Jerusalem.

Christ With His Cross
Walks Road to Calvary

EDITOR'S NOTE—A somber, fasting street in today's Jerusalem—was it like the street on which Jesus walked to a hill called Golgotha? An AP religion writer who visited Christianity's holy places recreates the drama in this fourth of five articles on his pilgrimage.

By GEORGE W. CORNELL
AP Religious Writer

JERUSALEM, Jordan (AP)—The past lives here, unseen and seen, above and underground. The present atmosphere is ancient, yet it harkens time more ancient still.

City lies on city, tier on tier, house on house, wall on wall, buried chronicles of man, still mirrored in the face of old Jerusalem.

Among the aged streets, 2,000 years ago, the Man of Galilee was driven, bearing on his back a wooden crossbeam for his execution.

"Whoever would save his life shall lose it, and whoever loses his life for my sake, he shall find it."

The way is cavernous and shadowy along the narrow stone and brick delves that weave among the huddled houses, markets, courts and shrines. Open booths display their wares — cheeses, bangles, bedouin rugs and butchered lambs. Beside such cluttered stalls as one technique of crossing through the shabby finery whisks close.

City, County Offices
to Close for 3 Hours

City and county offices, as well as many stores in the Pontiac area, will be closed tomorrow from noon to 3 p.m. in observance of Good Friday services.

Banks will remain open as will stores at Pontiac Mall and Miracle Mile Shopping Center. Tel-Huron Center will close.

In downtown Pontiac there is no standard policy. Many stores will remain open while others will close.

Christians to Mark Good Friday

Christians the world over will gather in city and country churches, chapels and cathedrals Friday for centuries old ceremonies commemorating the death of Christ on the Cross.

Many congregations will hold joint services during the three-hour period from noon to 3 p.m., the time according to Holy Scripture that Christ was crucified.

Others will observe the Good Friday observance with evening hours of worship. Some churches have chosen Easter Eve as a time for the sacrament of baptism and all-night prayer.

Among the Good Friday services planned by the Pontiac-Pastors' Association is the traditional dawn observance held this year from noon to 3 p.m. in First Presbyterian Church. Rev. Galen E. Hershey is host pastor.

The service will be centered around the "Seven Last Words of Jesus," spoken from the Cross. Speakers will include Rev. Amos Johnson of New Bethel Baptist Church and Rev. Frank Brannon of Aldergate Methodist during the first hour.

During the second hour Rev. Harold Johnson, an associate pastor of Central Methodist, Rev. Jack H. S. Clark of First Christian and Rev. Myron R. Everett of Baldwin Evangelical United Brethren will bring the message.

The final speakers will be Dr. Emil Kuntz of Bethany Baptist Church and Lt. Gary B. Crowell of the Salvation Army.

Organists will include London

Troops Posted
as New Crisis
Grips Argentine

President Guido Said Resisting Demands to Bar Peronists

BUENOS AIRES, Argentina (AP)—Battle-equipped troops deployed through Buenos Aires today as a new Argentine crisis flared between President Jose Maria Guido and the military leaders who put him into office three weeks ago.

Soldiers and national policemen were posted at key points in the capital to guard against Peronist disturbances as the military

WASHINGTON (AP)—The United States has recognized the new Argentine government headed by Dr. Jose Maria Guido after a delay of almost three weeks. The State Department made the announcement yesterday.

chiefs pressed Guido's government to bar the followers of ex-Dictator Juan Peron from politics once again.

An estimated 3,000 more troops were summoned from the provinces to Buenos Aires.

Guido was reported standing firm against the military demand, but his new government began to waver under the same pressures the military put on President Arturo Frondizi before ousting him last month.

Interior Minister Rodolfo Marini resigned and charged the government was planning to defy the constitution by taking over the provincial governments. Labor Minister Oscar Guigars hinted that he also would quit.

There was no immediate reaction from the Peronists. But they have repeatedly warned of social disturbances unless the government allows the many Peronist veterans in the March 18 elections to take office on schedule May 1. Leaders of the 3-million-member, Peronist-dominated General Confederation of Labor arranged to meet Tuesday to map strategy.

Informed sources said Guido turned down the military's demands in a 30-minute meeting last night with the three service secretaries, the army's Gen. Raul A. Poggi, the navy's Rear Adm. Gaston Clement and the air force's Brig. General Rojas Luyeva.

'I'll Tell You a Story,' Considered Law
Says Young Irishman on Steel Prices

A burst of laughter in the front room of the Bloomfield Hospital—and attendants know that James Robbins is telling another of his humorous-memory stories.

Although the energetic Irish gentleman will be 100 years old May 4, his constant chatter of stories with a "punch line" fills the halls with merriment.

Konev Recalled
From E. Berlin

Soviet Reassignment of Commander Possible Meye to Ease Tension

MOSCOW (UPI)—The Soviet Union recalled Marshal Ivan Konev from command of Soviet troops in East Germany and assigned him to a new Moscow command today in a possible Kremlin effort to diminish tension over Berlin.

Konev, 64, was named to the command of Soviet forces in East Germany early last August, and was in command there when the Communists built their anti-retrograde "wall of shame" through the center of Berlin.

His appointment at that time was viewed as a Russian demonstration of a tough policy in Berlin during the height of the East-West crisis over the city's future.

A brief Tass news agency announcement said Konev had returned to Moscow to resume his duties in the Soviet Defense Ministry.

Macmillan Sets Confab

LONDON (AP)—Prime Minister Macmillan announced today that a meeting of Commonwealth prime ministers will open in London Sept. 10 to discuss Britain's entry into the European Common Market.

Christians to Mark Good Friday

Rev. Philip W. Somers, pastor of the Marimont Baptist Church and Rev. Wayne Brooksbear of St. Luke's Methodist will speak. Philip Somers Jr., and Ardith Watts will provide special music.

These services are open to both pastors and employees of Pontiac General Hospital.

OTHER SERVICES
Other services sponsored by Pontiac Pastors will include the Good Friday observance at Free Methodist Church in Auburn Heights from 1 to 3 p.m.

Participating pastors will be Rev. Arthur Basler, Rev. Mrs. George Kibbe, Rev. F. William Palmer, Rev. George Kibbe, Rev. A. E. Polbury, Rev. Henry Powell and Rev. Charles Warner.

Rev. Elmer Snyder will conduct the special service from noon to 3 p.m. Friday at the Trinity Methodist Church, Keego Harbor.

Rev. O. P. Eastman will be host pastor to 10 northeast Pontiac churches from 1 to 2:30 p.m. on Good Friday at the First United Missionary Church, 149 N. East Boulevard.

Cooperating churches and pastors include Rev. LeRoy Shaler, First Church of the Brethren; Rev. Edw. D. Moore, First Street Church of God; Rev. Mrs. Lois Marion, Christian Temple; Rev. E. D. Johnson, First Church of God; Rev. Igal H. Hovson, First Free Methodist; and Rev. Geoffrey Day, Evangel Temple.

Others are Rev. Robert Garner, Friendly General Baptist; Rev. (Continued on Page 2, Col. 3)

Sprinkles May Hit
the Area Late Today

There's a chance of a few sprinkles hitting the Pontiac area late today but tonight will be fair and continued cool, the low near 34.

The weatherman forecasts mostly sunny and warmer for Friday, the high climbing to about 57. Saturday's outlook is partly cloudy and a little warmer with a chance of scattered showers by evening.

Morning northeasterly winds at 10 miles per hour will become northwest to west at 8 to 13 m.p.h. late today and tonight.

Thirty-four was the lowest recording in downtown Pontiac preceding 4 a.m. The mercury registered 38 at 1 p.m.

2 Big Airlines Flirt With Death for 42 Minutes

By ROBERT J. SERLING
UPI Aviation Editor
WASHINGTON — This is the story of 42 minutes.
That was the length of time two airliners, flying blind in a thick overcast near Washington National Airport, recently stayed on a potential collision course without realizing they had been assigned the same altitude.
Only a miracle kept them from colliding.
The near-tragedy occurred March 21 over Springfield, Va. One aircraft was an Eastern Air Lines Electra. The other was a United Air Lines Viscount.
Air traffic control inadvertently

Mall Bus Runs to Start Monday

8 Round Trips Slated on Weekdays for Trial Period of 30 Days
Bus transportation will be available from downtown Pontiac to the Oakland County Service Center and Pontiac Mall beginning Monday.
Pontiac Transit Corp. is initiating the new service on a 30-day trial basis, according to Neal B. Pilsen, manager.
There will be eight round trips daily Monday through Friday between the hours 8:15 a.m. and 6:30 p.m. No service will be offered Saturdays because the county offices are closed.
The trips are arranged to accommodate the majority of employees going to and from work plus midmorning, noon and mid-afternoon trips, Pilsen said.
Present fares will apply, including transfer privileges.
However, a special fare of about 15 cents a ride will apply at noon to service center employees wishing to eat at Pontiac Mall. Tickets good for five rides at 75 cents or less rates at \$1.50 will be available.
Starting at Pike and Saginaw streets, the route will be north on Saginaw to Huron, west on Huron to State street, north on State to Elizabeth Lake Road and west to Pontiac Mall.
The bus will continue north on Telegraph to the service center and return over the same route.
Daily departure times from Downtown Pontiac are 8:15, 8:45, 9:45, 11:45, 12:45, 2:15, 3:45 and 4:45.

Man Shot Down in Detroit Street

Member of Trio Slain by Blast From Resident's Gun in Mix-Up
DETROIT — Lawrence W. Harper, 21, of Detroit was killed last night by a shotgun blast on a residential street.
Police said Harper and two youths, Frederick Sias, 18, and Gary Harrington, 18, both of Detroit, were on their way home from a drive-in. The window of their car wouldn't open and one of the youths opened the door to throw out a cigarette butt.
When they did, a bowling ball fell out and rolled under a parked car.
Sias and Harrington told police they drove around the block and parked while Harper went to look for the ball.
Officers said Walter Bukerski, 47, looked out of his window and saw Harper crawling under his parked car. He grabbed his shotgun and ran out.
Police said Bukerski told Harper, "You'd better wait for the cops." The two youths told police that they drove up to the scene and as Harper started toward the car, the shotgun fired, striking Harper in the neck and killing him.
Police quoted Bukerski as saying he thought Harper was either robbing his car or had damaged it in a traffic accident.

Five Plead Innocent to Assault Charges

Five men arraigned yesterday on a charge of assault and battery in Waterford Township entered pleas of innocent. Bond for each was set at \$500 and a trial will be held Wednesday at 2 p.m.
The men were arrested early yesterday morning following the beating of an army sergeant home leave. Arthur Rodden told police he was assaulted near Dell's Inn, 381 Elizabeth Lake Road, Waterford Township.
Arraigned before Justice of the Peace Patrick Daly were: Jerry Zimmerman, 24, of 16 S. Sanford St.; Thomas Gonzalez, 24, of 663 Linda Vista Drive; Marvin Jewell, 22, of 32 W. New York Ave.; Steven Saunders, 22, of 116 Oakmont St.; Auburn Heights and Richard E. Meyer, 19, of 25 W. Auburn St., Auburn Heights.

Avon Twp. Boy Hurt by Blast From Rocket

A 14-year-old Avon Township boy was injured last night when a homemade rocket blew up as he was attempting to launch it in his yard.
In satisfactory condition today at St. Joseph Mercy Hospital, said Robert Deland, son of Mr. and Mrs. Donald L. Deland of 722 Wilwood St.
Mrs. Deland told Oakland County Sheriff's deputies her son told her to look out the window of their home about 7:30 p.m. because he was going to set off his rocket.
She heard an explosion and then saw Robert fall. Mrs. Deland said she called an ambulance and he was rushed to the hospital.
Deputies reported that the boy suffered a fourth cut on his left leg, possibly by a fragment from a CO2 cartridge. Mrs. Deland said the boy owned a chemistry set, but neither she nor her husband knew what his son had used to build the rocket.

Romney Wins Fight on Con-Con Issue

(Continued From Page 1)
The convention, without a vote, the convention recorded a reversal of a committee of the whole vote on a motion in which the provision was turned down, 69-50.
Romney, a convention vice president, had worked diligently behind the scenes and in the education committee to get the governor "on the board." He argued that the governor should play an active role on the board since he has the responsibility of preparing multimillion-dollar budgets for education.

College Bill Dies in State Senate

Sponsor Admits Move to Let County Units Run Institutions Dep'd 'til '68
A bill allowing county boards of education to operate community colleges is dead at least until next year, one of its sponsors admitted yesterday following defeat of the measure in the State Senate.
"We'll try again next year," added Sen. George A. Steh, R-Macomb, who had cosponsored the original bill with Sen. Farrel E. Roberts, R-Pontiac. He had brought it up a second time after it was defeated earlier in committee.
Vote on passage yesterday was 16-15, short of the needed majority of 18.
The bill would have permitted the Oakland County Board of Education to run and levy taxes (after voter consent) for its community college system now under study by a citizens' committee.
Wayne and Macomb counties also would have been affected under a provision which would have allowed school districts with a pupil population of 120,000 or more to set up community colleges or trade schools following approval by a majority of voters.
Sen. Roberts went to bat for the bill in yesterday's session, arguing:
"This would save the state taxes. An area with 60 per cent of the state's population need this action of creating community colleges. Not every student can go to the University of Michigan or Michigan State University. We just want a chance to take care of them locally."

Baby Badly Cut Up Falling Onto Glass

Nine-month-old Stanley Hughes Jr., 4061 S. Waterloo St., Waterford Township, suffered facial lacerations requiring 26 stitches yesterday when he fell out of his crib onto a broken baby bottle.
The child was rushed to the Drayton Plains Emergency Center by Waterford Township police. He reportedly climbed on top of a stuffed animal in the crib and toppled over the side after throwing his bottle out.
She heard an explosion and then saw Robert fall. Mrs. Deland said she called an ambulance and he was rushed to the hospital.
Deputies reported that the boy suffered a fourth cut on his left leg, possibly by a fragment from a CO2 cartridge. Mrs. Deland said the boy owned a chemistry set, but neither she nor her husband knew what his son had used to build the rocket.

Christians to Mark Good Friday Rites

(Continued From Page 1)
Methodist, Crescent Hills Baptist, Covert Methodist, Drayton Plains Presbyterian, Church of the Atonement, and Lakeland United Presbyterian churches.
The organist will be Mrs. Helen Covert.
Offering plates will be placed at the door, a free will contribution which will be used for special community projects. Following each meditation there will be a brief musical number when members of the congregation may enter or leave.
First Christian Church will be host to Bethany Baptist Church from 12:30 to 1:30 p.m. on Good Friday. Pastor Emil Kontz of Bethany will preach on "The Good in Good Friday."
CATHOLIC
Calvary Baptist Church, 3750 Pontiac Lake Road, will hold a Good Friday service in the sanctuary from 1 to 2 p.m. There will be special music and a message by Pastor Henry Wroblek.
SILVERCREST
The members of Gingelville and Marquette Baptist churches will worship with the Silvercrest Baptist Church congregation at 7:30 p.m. Friday. Rev. Sidney Hawthorne of the Gingelville Church

Blaze Damages Plant

DETROIT — A spectacular fire caused an estimated \$50,000 damage to the American Barrel Co. plant on Prairie near Livernois here last night. The fire, which 156 firemen used 30 pieces of equipment fought, an hour to bring under control, attracted thousands of spectators. No one was injured.

The Day in Birmingham

Ad Executive to Head Arts Festival in June

BIRMINGHAM — Colin H. John, vice president and account supervisor of MacManus, John and Adams, Inc., has been named chairman of the fifth annual Birmingham Arts Festival to be held June 21 through the 24.
The announcement was made by Robert B. Pender, president of the Birmingham Art Association, sponsor of the community-wide salute to all the arts.
John was program chairman for the previous three activities committee during the 1961 Arts Festival.
He is junior warden of the vestry of St. James Episcopal Church and serves on the board of directors of the Bloomfield Open Hunt Club and the Pere Marquette Rod and Gun Club.
Married and the father of five, he lives at 783 Puritan St.

Christ Walks the Road to Calvary, Bearing His Cross

THE PONTIAC PRESS, THURSDAY, APRIL 19, 1962

(Continued From Page 1)

They served me potent tea, perhaps to ease the price.

The people here are effortless friendly. Most of them have little but their wealth of warmth. It comes so artlessly it seems almost a feature of some bygone day.

archaic, quaint, as old fashioned as their habits, shops and dress. The past survives in them, also, in things long gone that still exist today, where Jesus trudged.

Pontiac Man to Be Arraigned in Traffic Death

A Pontiac man has been brought over to Wayne County Circuit Court on a charge of involuntary manslaughter in the traffic death of an elderly school crossing guard, April 3.

Martin D. Koenig, 31, 107 S. Anderson St., waived examination on the charge yesterday before Municipal Judge John G. Heller in suburban Wayne. No date was set for Koenig's circuit court arraignment.

Koenig is free on \$1,000 bond. He told police that he apparently lost control of the car when it went over a curb and struck John Henry, 73, in front of a Wayne School. Henry was dead on arrival at Wayne County General Hospital.

Will Hear Report on Parking Problem

The Pontiac General Hospital Board of Trustees will hear a report from board member Robert S. Nelson tonight on ways and means of providing more employee parking space at the hospital.

Nelson is chairman of a six-man committee of trustees and city commissioners appointed last last month to study the parking problem.

The major problem is financing a lot that would handle 200 or more cars.

Nelson will outline the committee's findings to trustees. The board meeting is scheduled for 7:30.

GOP Workshop Slated Tonight in Waterford

The third in a series of "Work for a Winner" workshops, sponsored by the Republican committee of Oakland County, will be held at 7:30 p.m. today in the Waterford CIA Building.

Directed by the county's Republican campaign director Paul A. Matchette, the workshop is designed to teach party members how to locate Republicans in the community, get them registered and make sure they vote on election day.

Mental Patient Flees, Could Be Dangerous

IONIA — A man described as potentially dangerous escaped last night from Ionia State Hospital for the criminally insane.

State police identified him as Marvin Rawson, 35, who was committed in 1945.

Rawson escaped by tunneling through the brick wall of a barred-window dormitory, then used a rope to escape over an outside wall.

Superintendent Alfred Birzgalis described Rawson as "potentially dangerous."

Asphyxiated in Fire

DETROIT — Thomas Smith, 86, of Detroit, was asphyxiated last night in a fire which damaged his home. Police said the fire apparently was set by a cigarette.

\$6.95

Men's Wear . . . Street Floor

"I go to prepare a place for you . . ."

Our guide, a bright and gracious Jordan youth named John Assad, who hopes to go into the Presbyterian ministry, led us to the spot where Pilate ordered Jesus crucified — the pavement called the Lithostrotos.

Several sections, worn to glassy smoothness, still are there, encompassed by a convent, church and "Modern boys' school on Ground once occupied by Rome's Fort Antonia.

A crimson rank of bougainvillee bloomed along a terrace near the judgment court. Nearby, within a somber room, a column stands, where He was tied and whipped.

"Peace I leave with you; as the world gives do I give my peace I give to you; not you."

The Via Dolorosa courses briefly to the west, then south, then west again, a slow half-hour's walk, through narrow, gloomy passages, past noisy bazaars, up steps and ramps, through heavy gates and open squares.

The path is marked by chapels, monuments and churches of all kinds and shape — eastern, western, old and new. And tablets in the wall denote stations of the cross, altogether nine of them before He reached the crucifixion scene.

THE PLACES

The several places where He fell.

Where Simon of Cyrene relieved Him of the heavy beam.

The point at which He saw His brother.

Where Veronica supposedly rushed out and wiped His face of sweat.

Where He met the weeping daughters of Jerusalem.

The route goes by the Jewish quarter, now devoid of Jews in hostile Arab territory.

"A new commandment I give you, that you love one another, even as I have loved you."

Numerous policemen walk the streets, in epauletted olive drab, and shining metal helmets, topped by spear-like prongs.

The troops that prodded Jesus

through these close confines were Roman mercenaries, bronze-helmeted with swords and brided whips, bare-legged in their tunics and cuirasses, flowing orange-hued capes across their backs.

"God sent the Son into the world not to condemn the world, but that the world through Him might be saved."

From deep within a dark alcove came snarls of dogs, competing for some scraps. Up above, a dripping blanket hangs across window ledge, in search of sun.

Peasants, babbling merchants, bachelors, children, mingle in the crowded streets, so closely-walled that you're inclined to pat the donkeys on the rump as they go by.

Along the light, dark lanes, the accented Jesus moved.

"the gate is narrow and the way is hard that leads to life . . ."

The cobbled street negotiates a mild depression. Then it rises gradually. In Jesus' day, the climb was steep, laborious and long.

But changing structures, time and shifting earth have nearly

filled the Tyropean Valley running lengthwise through the city. The great, arched bridge that once traversed that cleft, from eastern Temple Hill to Herod's palace in the upper city on the west is gone.

The execution party threaded through the zone below, congested, hostile, rent with shouting, moans and stares. And wonder.

"If any man would come after me, let him deny himself and take up his cross daily and follow me."

To the south, atop the hill beside the city's western wall, are ruins of Herod's castle grounds and parts of giant monuments he built. Not far away, the site where Caiaphas, the high priest, lived, where Jesus, bound in cords, was quizzed and pummeled.

BETHESDA POOL

Over to the north and east, remains can still be seen of porcoliced Bethesda pool, the spot where Jesus healed decrepit men, before the world's reigning powers intervened.

John, our guide, recited scrip-

ture, history dates, with skill and sensitivity.

We wandered, so it seemed, through misty veils of time, through labyrinthine stage-on-stage of mood and scenery. The somber street winds slowly up a hill. The hill is called Acra.

The fluctuating walls, the shutter-like extensions overhead, the

intermittant gaps of light and sinking reddened sun, distributed chiaroscuro streaks along the slabs of stone that led, at length, to where the soldiers lifted Jesus up from earth — up on a cross.

" . . . And I, when I am will draw all men to myself."

(Tomorrow: A tomb.)

Waite's Children's Easter fashions

Girls' 7-14 Poplin Rain 'n' Shine Coats

\$7.98

Fully lined coats with a collar that converts to a hood. Water resistant poplin. Beige or willow. Subteens 10.99.

Where's a Hitching Post?
Council to Look Around

IOWA CITY, Iowa (AP)—The City Council has voted to give serious consideration to Milo Yoder's parking problem.

Yoder, a resident of the nearby Amish community of Kalona, wrote the council recently complaining that when he made a trip to town he always had difficulty finding a hitching post.

The rarest animal in America is the black-footed ferret.

Parole Violator
Homesick for
Old Prison Job

DETROIT (AP)—Homesick for his old job as the warden's cook at Indiana State Prison, Herman Lawson, 45, was headed back there today.

Lawson, an admitted parole violator, surrendered to Detroit police Wednesday and then waived extradition.

He called from an East Side De-

troit restaurant where he had been working and said he was tired of running from the law; that he had violated his parole by leaving Indiana without permission.

Small silver change had almost disappeared in Washington by the summer of 1962. New "ship-plasters," small paper notes, were used instead and were unpopular. The Treasury tried postage stamps printed on heavy paper without maculage for small change but they also were unpopular.

Pre-Election Query
Injected Race Issue

DETROIT (AP)—The Fair Election Practices Commission has found that a questionnaire sent to candidates in a Grand Rapids suburb prior to the April 2 elections was "violative of fair campaign practices because they injected religious and racial issues."

A portable electric pump is particularly useful for boat-owners. It is a battery-powered and runs for seven hours on a charge.

yesterday by Walter Klein, secretary of the commission which was called in to investigate a protest over religious and political influences allegedly contained in the questionnaire.

The questionnaire was prepared and circulated in advance of the April 2 elections by the South League of Christian Reformed Men's Societies of Wyoming.

1st Nine Titans
Accepted by AF
as Operational

DENVER (UPI)—The Strategic Air Command yesterday officially accepted the nation's first nine Titan missiles, buried in underground sites on the plains east of here.

An additional nine missiles will be declared operational within

the near future.

The transfer of the nine missiles, each fitted with a nuclear warhead, brought the U.S. intercontinental ballistic missile force to about 75. The missiles, including all 14 here, are in self-supporting sites, three to a site, protected by steel and concrete to withstand all but a direct nuclear hit.

News of Service Personnel

Two local servicemen now stationed with their respective branches are Airman Basic Ernest F. Oliver, with the U.S. Air Force and Airman Apprentice Earl L. Wilkinson with the U.S. Navy.

Airman Oliver, son of Mr. and Mrs. Raymond Oliver of 234 West Brooklyn Ave. is attending the technical training course for Administrative Specialists at Amarillo Air Force Base in Texas.

A January graduate of Pontiac Northern High School, he completed his basic training at Lackland Air Force Base, Tex.

OLIVER

WILKINSON

The son of Mr. and Mrs. Donald Wilkinson, of 1655 Cypress St., Union Lake, Airman Wilkinson is presently stationed with the U.S.S. Independence V-1 Division CVA-62.

Having attended Waterford Township High School, he entered the service in December, completed his basic training at Great Lakes, Ill.

Major Delos F. Keelean, son of

Mrs. Duncan McVean of 675 East Beverly St., has been promoted to Lieutenant Colonel at Fort Lee, Va. where he is provost marshal with the U.S. Army.

Lt. Col. Keelean left Pontiac on April 7, 1941, serving 37 months with the European Theater Operation and landing on Normandy, D Day. He also served in the South Pacific 18 months and in the Canal Zone three years.

He is married and has four children. The Pontiac Central High School graduate was formerly with the Sylvan Lake Police and the Oakland County Sheriff's Department.

Completion of a contract with the U.S. Army for an expansion of ROTC training at Western Michigan University will include pilot training for selected advanced students.

Among them is David Eldridge, son of Mr. and Mrs. M. A. Eldridge, of 1389 Holland St., Birmingham.

ELDRIDGE

MOODY

A 1958 graduate of Birmingham High School, he is one of five students currently in this program, and is a senior in business administration, majoring in personnel administration.

Army Pfc. Robert J. Moody, son of the Eugene J. Moody of 21 E. Chicago Ave., recently participated with other personnel from the 42nd Airborne Division in Exercise Banyan Tree III, a two-week Army-Air Force mobility exercise in Panama.

Private Moody, a rocket-launcher gunner in Company A of the division's 504th Infantry, entered the service in February, 1961, and completed basic training at Fort Dix, N.J.

He attended Pontiac Northern High School. His wife, Judith, lives in Fayetteville, N.C.

The sons, Frederick M. and David G. of Mr. and Mrs. Stanley Sherman of 1150 Joy St., are now serving with the U.S. Air Force.

Airman 3. C. Frederick M. Sherman is now assigned to the 18th Air Command at Westover Air Force Base, Mass.

Having entered the service in August, 1961, he received his basic training at Lackland Air Force Base, Tex. Airman Sherman is a 1961 graduate of Waterford Township High School.

Airman 2. C. David G. Sherman has been transferred to Goose Bay, Labrador. He took his electronics

training at Chanute Air Force Base, Ill. Upon completing the course he was promoted to his present rank and transferred to

F. M. SHERMAN D. G. SHERMAN

Lincoln Air Force Base for on-the-job training, prior to his present assignment.

He is a 1960 graduate, also of Waterford Township High School.

Ninety per cent of all tourists to Mexico come from the United States, says the Mexican Government Tourist Department. Only 2.62 per cent come from neighboring Central American countries.

Garbage Men Experts on People

By DICK SAUNDERS

Do you look down your nose at garbage men and trash collectors? Well, secretly, they're laughing at you.

Aside from the fact that you look pretty funny peering down your proboscis, they know things about you and your family that might come as a surprise.

All garbage men and trash collectors are really human behavior experts in disguise. They know your secrets, your habits, hobbies, marital status — many things about you that you don't know, or won't admit, yourself.

These analytical giants don't come armed with a long list of psychiatric degrees and a couch. Their tools are insight and a broom.

They psychoanalyze trash.

At a recent "luncheon" at the city dump on Kennett Road, some of these "experts" revealed a few of their secrets.

"Man, you sure can tell a newly married couple quick," said Robert L. Reynolds with a sly wink and smile.

"The naive newbies move in, we start getting lots of burned food in the garbage."

CANNED MEALS

John W. Fowler, a sage analyst with seven years' experience, added, "You get a lot of canned food and ready-made meals from the younger folks."

"Of course the cans are empty by the time we get them. The mark of maturity is leftovers from a cooked meal."

"The older folks usually cook their food. We get less garbage from older couples, too," Fowler said.

Trash collectors can tell if you've just had an addition in the family. Empty bottles of baby food give this away.

"When garbage is neatly wrapped, you know the lady keeps her house in good order," Fowler continued. "In better than 90 per cent of the cases, messy garbage means messy housekeeping."

Another seven-year veteran on the local team, Charles McDonald, carried it a step further. "It's one thing to be sloppy but, man, when you go broken bottles you got a real lazy woman."

WORST ENEMY

"Glass is our worst enemy. Cans and bottles belong in the trash can. Wrapped in garbage they can be dangerous."

"You'd be surprised how much garbage there is in one load."

Fowler interrupted. "I swear sometimes the ladies take more out the back door than the old man brings in the front."

The trash men can tell if you celebrated on New Year's Eve or went to be early. "We get lots of empty whisky bottles in January," chimed in an anonymous voice.

"I remember a few years back one day some guy came running down the street hollering at a crew to stop. 'You've got my bottle,' he said when he got out of

ear shot of his home," related Morley Cameron, former refuse supervisor and now streets supervisor.

"It seems like home late the night before and hid it in the garbage can. He was wild when he saw us walking away with the garbage."

Magazines, although not legally acceptable in trash cans, pop up occasionally and are a good indication of age, sex and occupation.

COMICS MEAN KIDS

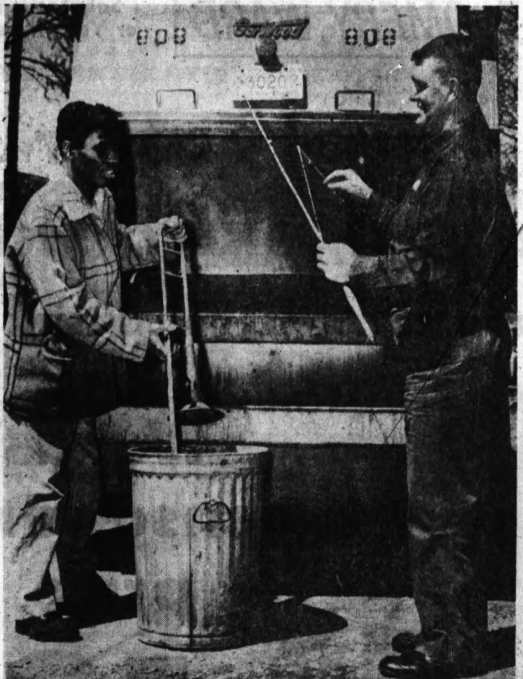

"Comic books mean kids in the family," said William G. Ogg, refuse supervisor. "Women's maga-

zines indicate unmarried women live in a given house. Men's magazines indicate bachelors. Types of magazines indicate people are in every kind of work from mechanical trades to investment firms."

Chairs are your refuse collector can tell you what your hobby is, too.

"We can tell a fisherman by occasional pieces of old tackle in his trash can," Ogg said.

"And we can tell how good a fisherman he is," added Reynolds. "He refused to comment further. He's on the garbage end."

TALE TELLERS — An old beat up trombone and a busted fly rod. These items might have little meaning to anyone else, but to Pontiac Department of Public Works employees, like Willie Driver, (left) 21, of 242 Earlsboro St., and William J. Morgan, 41, of 2831 Marlington St., Waterford Township, they reveal a little secret. DPW garbage and refuse collection crews can tell a lot about people.

"I had one place where we'd get a lot of little pieces of cut wood. The man was a cabinet maker," Fowler said.

Feelings in the garbage mean cleaning season is there. The garbage is also heavier.

Economic conditions show up in the garbage and trash cans in surprising ways. According to "experts," layoffs mean less garbage and a major strike cuts the garbage load in half.

"But the most needy families sometimes are easily spotted by large amounts of unopened food in the trash can," Ogg said.

SIGN OF HARDSHIP

"When a family on welfare becomes eligible for a box of government surplus food, they usually throw away any items they don't care for."

"You'd think they'd eat anything they could get, but a touch of bottles and canned foods is usually a sign of hardship rather than plenty."

Gus L. Rainey, a 15-year DPW veteran, is the man on the end of the line. He bulldozes all the trash at the dump.

"It amazes me how much food is dumped here. Like baked goods a day or two old. The big plants dump all the stuff they don't use in a day's time."

"I wish I knew how old some of it is. We could set it aside and give it to needy families. I'll bet we could feed the whole force every day on the good food I plow under," Rainey said.

"Once in a while we can tell when someone's real worried too," Ogg pointed out. "We occasionally find diamond rings in the trash barrels. I'd hate to think about how many we must have missed."

Such valuables are kept at Lakeside Street Yards until their owners call.

WHEN WIFE'S AWAY

"You can always tell when the wife is away on vacation or visiting friends or relatives for a week or two," said another "expert."

"When the husbands take over housework, things really go down hill."

The entire DPW team agreed on one big truth. No household is EVER at fault when a complaint is filed against her garbage can.

"It's always the kids, the neighbors, the husband or the house guests that are to blame. NEVER the housewife," they said.

The job gets a little exasperating at times, but these experts, unlike their professional counterparts, always see a little humor in their work.

Their sacks have silver linings.

FROM ANOTHER ERA — One end of the Paul Maize's Early American living room seems to be "alive" as the sunshine streams through the old vinegar cruets of many colors. There's every hue from pearly white, blood red and golden amber to sky blue, sea green and crystal clear.

Home From the Past

Pair Lives in 'Antiquity'

By REBA HEINTZELMAN

Stepping into the front hallway of the Paul Maize home near Davisburg is like opening the door to 100 years ago — only it's a lot more comfortable.

The century-old house is filled — not jammed — with satiny smooth hand-rubbed antique furniture. Everything from the low ceilings of yesteryear is tastefully and artfully placed.

Like the old grandfather's clock with all wooden works standing sedately in the hall, ticking out every second at every day. Or the beautiful honey-colored drop box beside an author's chair with its drop leaf writing arm.

On either side of the primitive white painted fireplace, two old pine benches stare at each other like a pair of somber deacons — their original users.

Those helped by the local committee after a minor violation of the law are spared having their names on a police record. The committee's work takes a burden off caseworkers and the court.

With all the time and efforts of civic minded committee members devoted to the program, costs are negligible. From the county standpoint, the program can result in a tremendous saving of tax money as each youngster sent by juvenile court to the Children's Home is cared for at an expense of \$3,000 a year.

When the 30-member general citizens committee begins to function in Waterford Township next month various subcommittees such as caseworker, factfinding, recreation and religious involvement groups will be formed. Then the program will be off and running.

Among the other communities that already have a similar plan in operation are Pontiac, Clarkston, Lake Orion, Keego Harbor, Southfield, Farmington and Royal Oak.

Man Commits Suicide After Murder Acquittal

CAIRO — Despite his pleas for a life sentence, Mohamed Qeweis was acquitted of slaying another Egyptian in Upper Egypt in a blood feud.

"Breaking into tears, he hurled himself under a car outside court and was killed instantly, the newspaper said."

He feared kidnappers of his victim, who had sworn vengeance.

When the dilapidated dining room floor had to be torn up, Mrs. Maize latched onto the old pine. She had 12 picture frames made to hold silhouettes of her grandchildren. These are hung in the entrance hall in two eye-catching rows.

Historical vinegar cruets of every color and description line the partitions of the Early American floor-to-ceiling window on the southwest wall.

There are rainbow colors of peach glow, crackle glass, amber, tan, bottom and red top, gold, pink, pink sandwich glass and Pigeon blood.

Wandering through the upstairs bedrooms, one subconsciously looks for a reproduction or a "treasure" held over from a nonantique era. However, it's just not there. Everything is authentic Early American.

The heavy four-poster beds blend together with dressers and commodes like golden maple syrup. Here again are field stone fireplaces, Boston rockers and two inch thick flooring.

In every room — upstairs and down — are all wool hand braided rugs. These are not rugs sloppily put together with odds and ends — but carefully planned, tightly braided reversible works of art.

Do the Maize collect antiques as a hobby? "Passively, yes," said the part time woman. "We actually LIVE it."

Egg Roll in D. C. Monday

WASHINGTON (AP) — Easter egg rolling on the White House lawn — a tradition started 72 years ago — will take place on Monday between 10 a.m. and 2 p.m.

Needs 30 Persons on Committee

Waterford Twp. Adopts Youth Assistance Plan

By action of the Township Board, Waterford Township recently became the 21st community in Oakland County to adopt the juvenile court-sponsored youth assistance program.

At present the Township Board is in the process of searching for 30 professional and lay persons to recommend for appointment as members of a general citizens committee which is the main cog in the entire program. Juvenile court confirms the appointments.

In essence the youth assistance program is designed to help stem the tide of juvenile delinquency at the local community level. Youngsters 17 and under come under the plan.

A study of the program's effectiveness from 1957 to 1962 in the county is a story of a 50 per cent reduction in delinquency through community-wide efforts.

It has proven that communities can prevent delinquency by aggressive action, by protecting their children, by strengthening good family influence and by caring for every needy youngster.

To some extent the success of this program is a story of the accomplishments of "Good Samaritans" within a given community who voluntarily become "Brothers' Keepers."

VAN LEUVEN IS HEAD

Heading up the 21-area operation is James H. Van Leuven, director of protective services for the county. Detective Arthur Holmes who is also the Waterford Township police department youth officer, will work closely with the program in Waterford Township.

In this capacity Holmes will meet regularly with the juvenile court caseworkers covering the Waterford area. Every effort will be made to resolve youth problems outside of court and here is where the general citizens committee fits in.

Steps will be taken to eliminate, or at least control delinquency trends before they get out of hand. Neglect is often the root of a delinquency pattern. In many cases a youngster who is made to feel he belongs to something will quickly respond and become a good citizen.

Getting a child interested in re-

ligious or recreational activities is usually a sure fire way of putting him back on the right track. This is a main function of the committee.

Among the other activities of the committee are formulating plans and gaining support for children's needs, to aid in conditions and facilities for child welfare and to maintain an up to date inventory.

SHOULD BE HELPFUL

"I'm extremely enthused about this program," Detective Holmes said. "It should be very helpful to us in Waterford Township."

Holmes feels that the citizens group will find that there is plenty of work to do.

"People who may be reluctant to call the police department or courts regarding their problem may not be hesitant to work through the committee," he said.

Van Leuven remarked that with the bulging population in Waterford that now numbers just under 50,000, the program in that area

will be one of the most extensive in the county. Total population of communities presently participating is nearly half a million.

Caseworkers covering the Waterford area will be Mary Ellen Burke and James McFarland. Jerry Judd is the case supervisor.

Van Leuven pointed out that cases handled by the citizens committee will be dealt with in the strictest confidence. When the caseworker presents details of a case to the committee, no name will be used. The youngsters will be referred to by numbers.

Those helped by the local committee after a minor violation of the law are spared having their names on a police record. The committee's work takes a burden off caseworkers and the court.

With all the time and efforts of civic minded committee members devoted to the program, costs are negligible. From the county standpoint, the program can result in a tremendous saving of tax money as each youngster sent by juvenile court to the Children's Home is cared for at an expense of \$3,000 a year.

When the 30-member general citizens committee begins to function in Waterford Township next month various subcommittees such as caseworker, factfinding, recreation and religious involvement groups will be formed. Then the program will be off and running.

Among the other communities that already have a similar plan in operation are Pontiac, Clarkston, Lake Orion, Keego Harbor, Southfield, Farmington and Royal Oak.

PLAN YOUTH PROGRAM — Outlining plans for a youth assistance program in Waterford Township are James Van Leuven, director of protective services for Oakland County (left) and Detective Arthur Holmes of the Waterford Township police department. A 30-member general citizens committee is now being organized in Waterford to work with Holmes and the Probate Court caseworkers on youth problems.

Man Commits Suicide After Murder Acquittal

CAIRO — Despite his pleas for a life sentence, Mohamed Qeweis was acquitted of slaying another Egyptian in Upper Egypt in a blood feud.

"Breaking into tears, he hurled himself under a car outside court and was killed instantly, the newspaper said."

He feared kidnappers of his victim, who had sworn vengeance.

NO FLIPPING NECESSARY — Mrs. Paul Maize thinks her tiny 100-year old pancake grill is more streamlined than today's. In the old days, the batter was poured, then covered,

eliminating the flipping process. Cast iron cast-iron cups, molds and trivets line the brick fireplace wall in the charming Maize kitchen near Davisburg.

Police Press Photos by Reba Heintzelman

Grand Rapids Helped Pioneer Experiment

State City 'Smiles' Over Fluoridation

GRAND RAPIDS (U)—After a 27-year experiment, Grand Rapids and suburbs which use its water supply are all smiles because of fluoridation.

Antifluoridationists contend however that placing the tooth decay deterrent in public water supplies is an invitation to a multitude of bodily ills and even a shorter life.

Grand Rapids helped pioneer fluoridation in 1935 and has been the site of periodic tests and evaluations by United States Department of Health experts on variables from bone and blood to beauty.

Only last November a team of national and state public health and dental researchers made a photostatic study of nearly 1,700 Central High School students smiles in color.

They sought to establish a classification of "improved appearance" of teeth due to the ingestion of fluoride.

Most of the students had drunk fluoridated water all their lives and the question was whether their teeth are "more appealing esthetically" than teeth developed in the absence of fluoride.

"BETTER LOOKING"

Pending evaluation, some experts estimate that fluoridated smiles are "much better looking."

"Even schoolteachers can tell," says Dr. Fred Wertheimer, director of the dental division of the Michigan Department of Health and recently named honorary president of the Michigan State Dental Association.

"We know that fluoride prevents an awful lot of tooth decay and the best way of doing it is to put it into the public water supply," he explains.

"The next best way," Dr. Wertheimer continues, "is topical application—painting a stronger solution directly onto the teeth."

He supported his stand this way: "We feel and I'm speaking now for the Michigan Department of Health and the MSDA both—that every public water supply should be fluoridated. It's inexpensive, easy, very effective, reduces dental caries by at least 66 per cent.

Dr. Wertheimer said objection to fluoridation "seems to be letting up." He said antifluoridationist claims that hundreds of cities were discarding the fluoridation program are true—mainly because of political battles. But every year the number of cities adopting water fluoridation increases.

"I know of very little opposition to it in the dental profession," Dr. Wertheimer adds. "I would say you might find only half a dozen dentists in the state opposed to it. And I think every manufacturer of dentine now offers one with some fluoride."

Eye Operation on Blind Teacher Success So Far

NEW YORK (UPI)—An eye specialist said yesterday that a corneal transplant operation on the eyes of a blind English teacher from Bay City, Mich., was "a technical success to date."

The teacher, Leonard Ecker, 34-year-old father of four, underwent surgery at the New York Eye and Ear Infirmary April 7. The students at Bay City Central High School, where he teaches six classes, raised the \$300 for expenses in connection with the trip to New York.

Dr. Jorge Buxton, the surgeon who performed the delicate corneal operation, using corneas from an eye bank, said he expected to remove the stitches from Ecker's eyes around the end of the month. Ecker has only been able to distinguish light from darkness since an illness robbed him of sight at 14 months of age.

Each of the 2,000 species of frogs has a distinctive call which lures only females of the same kind.

Proposes Price Control

LAKELAND, Fla. (AP)—A proposal to stockpile frozen citrus concentrate to hold up prices during bumper years and hold down prices during periods when the crop is small is being studied by Florida Citrus Mutual.

Official's Mother Dies

NEW YORK (AP)—Mary Washington Fraser Edwards, 74, mother of the Assistant Secretary of Commerce, Hickman Price Jr., died yesterday. Mrs. Edwards was widow of Hickman Price, publisher of the old Nashville (Tenn.) Democrat.

Says Too Much State Aid Creating Fiscal Problem

DETROIT (U)—"Michigan's fiscal problem at the state level can be simply described as—too much state aid," says Willis H. Hall, general manager of the Greater Detroit Board of Commerce.

In a letter to Gov. Swainson, Hall attacked the governor's proposed fiscal reform program as being "completely inadequate for the needs of Detroit, Wayne County and other metropolitan areas." Hall noted that the current deficit of Detroit, which he estimated at \$35 million, and of Wayne County, which he said was \$20 million, was proportionately greater than the deficit of the state of Michigan. He added that the need for expanding job opportunity "is greater in this area than in many other sections of the state."

The Detroit businessman, in part, blamed Swainson's policy of

state aid for Michigan's financial difficulties.

"Increased state aid should not form the basis of a new state-local fiscal program," Hall said, adding:

"No state administration, either Democratic or Republican, can develop a state aid program that will effectively meet the needs of Michigan citizens without creating excessive tax burdens and greatly discriminating against many areas and thousands of our citizens."

Hall cited a January 1962 report from the research department of the Michigan AFL-CIO, which he said "points to the inequitable distribution of state aid to Wayne, Oakland, Macomb and Genesee counties."

Hall said the report shows that the people of Wayne County contributed \$108.61 to the State Treasury and received in return \$66.45 in the form of per capita state aid distributions.

To remedy this "inequitable distribution of state aid," Hall said the state should "give back to the local communities the responsibility for assuming some of the local services of government that are now financed from state aid funds."

Signed Picture of Abe Returned; Thief Repents

OYSTER BAY, N.Y. (AP)—An autographed photograph of Abraham Lincoln, missing from the Theodore Roosevelt Museum here for the past month, has been returned by mail.

The 5-by-8-inch bust photo, mounted in an oval frame, had been on display at the Roosevelt Mansion.

Wrapped in cardboard and brown paper—but with the frame missing—the picture returned to the museum Wednesday. An anonymous note in crayon read: "I am sorry but please forgive me."

Beacon Powered by Atoms Eyed at Bottom of Sea

WASHINGTON (AP)—The Navy is planning a navigational beacon, powered by atomic energy, at the bottom of the sea.

The Atomic Energy Commission announced Wednesday award of a \$50,000 contract to the Martin Co. of Baltimore for development of a deep-sea nuclear generator, an energy storage system and a pressure housing for electronic equipment.

The announcement did not say where the beacon will be located. A prime purpose is for oceanographic research. A research vessel making studies can use the beacon to be sure it is returning each time to exactly the same spot.

Viet Cong Guerrillas Getting More Help

TOKYO (U)—U. S. Army Secretary Elvis J. Stahr said yesterday outside help for Communist guerrillas fighting in South Viet Nam is increasing.

Stahr told a news conference after arriving from Saigon:

"Outside support has been increasing in men and materiel. I get the impression that they (the Communist Viet Cong) are becoming seriously concerned with growing successes of the South Viet Nam forces and are attempting to step up their own effort."

The Army secretary, on his way home from a Far Eastern tour, said he felt that in South Viet Nam "we are getting ahead . . . South Viet Nam has a very young army and they are acquiring more and more experience. As is shown, we are giving them more assistance."

Hunt Terrorists Through Oran

Troops Armed With Machine Guns, Backed by Armored Cars

ALGIERS, Algeria: (UPI)—French troops in battle dress and carrying machine guns turned downtown Oran into an armed camp today in their hunt for European terrorists of the Secret Army Organization (OAS).

The soldiers, supported by armored halftracks and armored cars, moved into positions in the St. Michel section which borders the Moslem quarter and searched cars and pedestrians for weapons.

In Algiers, OAS terrorists had shot and killed three Moslems by midmorning.

Their deaths brought the 1962 casualty toll to 3,762 dead and 5,600 wounded. Terrorism throughout Algeria yesterday killed 18 persons and wounded 18.

Police in Philippeville reported seven plastic bombs exploded in the city last night. Two bombs were detonated in Bone today.

France's Algerian affairs minister Louis Joxe began a tour of Algeria today with orders from President Charles de Gaulle to crush the OAS and speed Algeria to independence.

His arrival here was timed with an outburst of violence by European terrorists who raked Algeria with gunfire and set off a huge bomb in Algiers' new city hall.

Noted Doctor Succumbs
NEW YORK (AP)—Dr. Henry D. Diamond, 41, who had Hodg-kin's disease for 17 years and been a leading authority on it, died of the ailment Wednesday. More tale is produced in the U.S., than in all the rest of the world.

New TRIPLE ACTION Crab Grass Killer

1. Stops crab grass before it starts
2. Completely fertilizes your lawn
3. Controls grubs and soil insects

Best time to defeat crab grass is in the spring—as it sprouts! Triple Action Crab Grass Killer contains TREFLAN,™ an ingredient from Greenfield Research, that is 95-100% effective in killing the germinating seeds of crab grass, goosegrass, foxtail and barnyard grass. It acts immediately, stays active all season. Triple Action is safe, when applied as directed. Will not harm established turf.

An ideal lawn fertilizer for spring feeding Triple Action Crab Grass Killer fertilizes your lawn, too! It provides the specific ingredients that experts say a lawn requires—nitrogen, phosphorus and potassium in 10-5-5 proportion. Long-lasting, non-burning.

No more grub, soil insect damage Greenfield Triple Action Crab Grass Killer contains an ingredient that kills grubs and other lawn pests, remains active all summer.

This week-end—do all three jobs in one application

One spreading of Greenfield Triple Action Crab Grass Killer does all three jobs at once. Save work, time and money—with Greenfield!

Greenfield Products are available from leading hardware, lawn and garden supply stores.

Pontiac Area Deaths

MRS. AUGUST JOHNSON
Service for Mrs. August (Carrie) Johnson, 86, of 594 Lowell St. will be 7:30 p.m. Friday at the Donaldson-Johns Funeral Home. Her body will be taken to the Thomas Funeral Home in Calumet for service and burial in the Lakeview Cemetery Monday morning.

Mrs. Johnson died early this morning at Bloomfield Hospital after an illness of 22 months.

She was a member of the Methodist Church in Calumet.

Surviving are a son F. Herbert with whom she made her home; two grandchildren; and two great-grandchildren.

EUGENE P. RONDEAU
Service and burial for Eugene P. Rondeau will be from the Olinger Funeral Home in Denver, Colo. His body will be at the Voorhes-Siple Funeral Home until 8 p.m. today.

Mrs. Rondeau of 245 Sherman St., Denver died unexpectedly yesterday while visiting at the home of his nephew, William J. Talbot of 251 R-Marshall St.

He was a retired barber.

Surviving are his wife Ida; a daughter Lucille of Denver; a daughter of Denver; two grandchildren; and three sisters. Mrs. Ida Talbot of Pontiac, Mrs. Clara Davis of Joliet, Ill. and Mrs. Lillian McMahon of Milwaukee, Wis.

PETER STANIEWICZ
Service for Peter Staniewicz, 52, of 150 Fisher St. will be at 9 p.m. today at the Purley Funeral Home, burial will be at 10 a.m. Friday in Mount Hope Cemetery.

Mrs. Staniewicz died Tuesday at Pontiac General Hospital after an illness of several weeks.

KATHLEEN J. TAYLOR
The engagement of Kathleen Jane Taylor to Jack R. McCall is announced by her mother, Mrs. Earl Taylor of 116 N. Main St., Clarkston. The prospective bridegroom is the son of Mr. and Mrs. Robert Phillips, 35 Orion Road, Clarkston. No date has been set for the wedding.

HOMER A. FORD
TROY — Service for Homer A. Ford, 53, of 1984 Muer St. will be 1 p.m. Saturday at Price Funeral Home. Burial will be in Crooks Road Cemetery.

Mr. Ford died yesterday at William Beaumont Hospital after several months' illness. He was a Detroit Edison Co. employee for 21 years and belonged to the International Brotherhood of Electrical Workers, Local 17, Detroit.

Surviving are his wife Jane; two sons, David and Frederick, both at home; two brothers, Laurin F. and Norman A., both of Troy; and his mother, Mrs. Marie Ford.

MRS. FRANK METZ
ROCHESTER — Service for Mrs. Frank (Anna A.) Metz, 85, of 327 Woodward St. will be 11 a.m. Saturday at St. John's Lutheran Church, with burial to follow at Davis Cemetery, Macomb County.

Mrs. Metz died unexpectedly this morning at her home.

Surviving besides her husband are three daughters, Mrs. Clara McArthur and Mrs. Marjorie Adams, both of Dryden, and Mrs. Anna Casaday of Williamston; three grandchildren; and a sister. Her body is at the William R. Potere Funeral Home.

HARRY K. STURTZ SR.
LAKE ORION — Service for Harry K. Sturtz, 76, of 381 N. Shore Drive, will be 10 a.m. Saturday at Plummer Funeral Home, with burial to follow at White Chapel Memorial Cemetery, Troy.

Mr. Sturtz died yesterday after a brief illness.

Surviving are three sons, Kenneth of Belleville and Harry K. Jr. and Charles of California; two daughters, Mrs. Gen Rotko of Taylor and Mrs. Helen Kolongchich of five great-grandchildren.

YMCA Toastmasters Install New Officers

The Toastmasters Club of Pontiac has installed as its new president Eugene M. Griffin of 5204 Cooley Lake Road, Waterford Township.

Also newly installed are First Vice President Ray Ritter, Second Vice President Charles Kelly, Secretary Al Smith, Treasurer, Floren Orvis and Sergeant-at-Arms George Crabtree.

The Rio Grande river is said to be diminishing in volume and width.

For Water Levels

Surveying Lakes

Consulting engineers for the Oakland County Drain Commission are surveying Cass and Commerce lakes preliminary to establishing permanent levels of the two lakes.

Surveys of Upper, Middle and Lower Straits lakes by the same purpose will follow, Drain Commissioner Daniel Barry said today.

The purpose of establishing lake levels is to assure the best possible distribution of water for lake frontage property and most efficient operation of septic tanks to handle sewage flow in the areas.

Once surveys have been completed, reports, plans and specifications for maintaining the lake levels will be submitted to the drain commission with estimated costs.

TO ESTABLISH BY LAW

Once the desired lake level has been determined in each case, the commission must go into Circuit Court to have the lake level legally established.

Steps are then taken by the commission to see that the prescribed level of water can be maintained through a system of dams.

The cost of establishing and maintaining the lake levels is assessed against property owners in the affected areas.

Surveys of Cass Lake are expected to be complete within a month, Barry said.

assess property owners to have the work accomplished.

A decision on the level of Duck Lake is expected in Circuit Court later this month.

Following the court's decision earlier on Lakeville Lake, the county purchased for \$30,000 the site for a new dam to be constructed at an estimated \$23,500 this summer.

Other lakes waiting to be surveyed for lake levels are Cedar Island, Fox, Bush, Revis and Long lakes.

In each case property owners have signed petitions to have their lake levels established and maintained.

'Hills' Has News Items

By RUTH SAUNDERS

BLOOMFIELD HILLS — Mr. and Mrs. William A. Hopkins announce the engagement of their daughter Ann D'Arcy to Lt. Richard Sheldon Burroughs. His parents are Mr. and Mrs. Ward Burroughs of Manhattan Beach, Calif.

The bridegroom-elect was graduated from the University of Southern California where he was a member of Phi Delta Theta fraternity. He is serving with the U.S. Marine Corps at Camp Lejeune, N.C.

Ann is a graduate of the Martha Washington College of the University of Virginia.

Mr. and Mrs. George W. Splane and their three children have left for their new home at Boca Raton, Fla.

Mr. and Mrs. William H. Breech will have as house guests over

Bride-Elect Entertained at Linen Shower

Call Blamy of Birmingham opened gifts of bridal linens Monday evening at a shower given by Mrs. W. Harold Knisley and daughters Kay and Betty in their home on Erie Drive, Orchard Lake.

Miniature parasols as guest favors encircled a large parasol covered with sweet peas and apple blossoms on the refreshment table.

Mrs. John Blamy of Birmingham and Mrs. Charles M. Lucas of North Marshall Street, mother of bridegroom-elect Donald Lucas, attended the party, also Mrs. William Herrmann, Mrs. Elsie S. Vandyrke Jr., Mrs. Robert Ferrier, Mrs. Harl Morris and daughters Jo Ann and Marilyn.

The list continues with Mrs. Elwood Bigler, Mrs. Franklin Reed, Mrs. John Lambeth, Mrs. H. I. Baker and daughter Judith, Mrs. Clark Kimball, Mrs. Grant Helwig, Mrs. Gordon McLeod, Mrs. Larverne Schines, Mrs. Marion Benter and Mrs. Ralph Strong.

Mrs. Filon Simpson came from Orchard Lake, Mrs. Stanley Carr from Davisburg and Mrs. Frederick Carr, Union Lake.

land Avenue entertained Miss Blamy and her fiancé at a recent dinner-party in the Pontiac City Club.

Easter Mr. and Mrs. William Dickerson of Dearborn and the Thomas Dickersons who are visiting the William Dickersons.

The Breeches have just returned from a visit to Jamaica and the Bellevue Billmore near Clearwater, Fla.

Couple Has Honeymoon in Northern Peninsula

Returned from a honeymoon in the Upper Peninsula and Mackinac City are Roy J. Berg and his bride, the former Martha Vivian Warden of North Perry Street, who were wed Saturday afternoon in the Faith Baptist Church, Wa-

ter.

With square neckline and wrist-point sleeves, her bouquet included red roses and white carnations.

Mrs. John Bullis of Rudyard, per cousin's matron of honor, appeared in orchid taffeta with white lace bodice and carried orchid carnations.

Sandra Warden of Drayton Plains, and Laura Berg of Clarkston, sisters of the bride couple, wore pink taffeta and held pink carnations.

On the equine side were brothers of the bride couple, Gary Warden, best man, and Cecil Warden and Norman Berg who ushered with John Maxwell, Auburn Heights and David Haugee.

A buffet luncheon in the Clarkston home of the bridegroom's grandparents, the Julie Bergs followed the ceremony. Some 100 guests attended an evening reception and dance in Fisher Body Union Hall.

Shoulder corsages of white carnations accented Mrs. Warden's dress of beige silk linen and fur-trimmed the turquoise knit suit for the mother of the bridegroom.

MRS. ROY J. BERG

terford. Yellow and white gladioli adorned the altar where Rev. Al Kasten performed the ceremony.

Parents of the newweds are the Cecil Warden, Dixie Highway, Drayton Plains, and the Arthur Bergs of Clarkston. Carl Warden gave his sister in marriage.

A crown tiara with tulle blush veil complemented the bride's ball-length dress of white Chantilly lace over satin, styled

Most Teen-Agers Are Hazy About Religion

By EUGENE GILBERT
President, Gilbert Youth
Research, Inc.

"If we believe in God," said astronaut John Glenn to his fellow parishioners at Little Falls United Presbyterian Church in Arlington, Va., "we probably will wind up in His remark set us wondering how many teen-agers today "wind up in church" and, moreover, what are their attitudes generally toward religion?

To find out, we questioned more than 1,300 students in a representative sample of the country and came up with some revealing facts.

We discovered, for example, that while 85 per cent are affiliated formally with some church only 44 per cent attend as often as once a week. More than half of those we questioned, 53 per cent, felt it doesn't matter whether they belong to a church so long as they live a good life.

WHAT IS DISTINCTION
We also asked: What distinguishes your denomination from others?

While it wasn't possible to measure the answer in comparative percentages, the replies in our judgment revealed vague knowledge at best of the characteristics of the various faiths the students said they professed.

My church, said one, "has a

more democratic government." Another said of his church, "Its liberalism and opportunity to let one think for himself" distinguished it from all others. Someone else regarded his faith as "a mixture of most denominations."

An Alabama girl, who defined her denomination as "Protestant," said its unique characteristic was that "it is not as narrow minded about such things as dancing and going to movies."

To the question of whether it matters what church you belong to, a 16-year-old from Prairie

Village, Kan., said individuals "should find a church they like just as they find a job that suits them."

Another, from Pottsville, Mich., said "when you get down to it they're all the same," and an 18-year-old boy from Honolulu said, "a person should join a church whose doctrines fit his beliefs."

LITTLE INSTRUCTION
A majority of 53 per cent of the teen-agers said they attend Sabbath school or receive some other formal religious instruction other than from their parents. But 41

per cent said they receive no religious instruction whatsoever.

Our sample was 67 per cent Protestant, but more than half of them (53 per cent) could not estimate how many Protestant denominations exist in America. As many, 8 per cent, said there

were between 10 and 20 as said there were 200 or more. (According to the World Almanac, there are more than 250.)

With all the emphasis today on Christian unity, we decided to turn our questioning toward the Protestant ecumenical movement.

Sixty-five of the students

hadn't even heard of the movement, at least under its proper name, and 53 per cent said such unity would not even be desirable. Fifteen per cent declined to say whether they favored it or were against it.

An even larger majority, 66 per cent, felt unity of Protestants would never come about. Of those who did, however, 61 per cent thought it would happen during their lifetime.

State Reapportionment Looking Up

Latest Version Now in House

Swainson May Approve District Changes in This Last-Chance Bill

LANSING — Chances for reapportionment of Michigan's congressional districts took a turn for the better today.

Without a vote to spare, the Senate yesterday passed and sent to the House a last-chance reapportionment bill providing for 19 congressmen.

Michigan is entitled to another congressman because of population gains between 1950 and 1960. Unless the legislature acts and the governor approves its plan, the new congressman will be chosen from the state at large.

Gov. Swainson has vetoed one congressional reapportionment plan.

Aides said the latest version would be acceptable to the governor if it gets through the House.

OAKLAND IN AREA

The new proposal would carve the 19th District out of Livingston and western Oakland counties plus a sliver of northwestern Wayne County.

Macomb County, strongly Democratic, would become a separate district. The proposed 7th District in the Thumb area, plus Bay and Midland counties, is strongly Republican.

The dividing line for the new 19th district runs north and south about through the center of Oakland County—but swings east to include Pontiac. It takes in everything west of Oxford, Orion, Pontiac, Bloomfield and Southfield townships. The new district also includes Livonia, Northville and Plymouth in Wayne County.

The new district might go either way.

Other districts would be substantially altered.

The change expected to arouse the most resentment in the House would make one congressional district of all but the two eastern counties of the Upper Peninsula. The two counties, plus a big chunk of the northern Lower Peninsula as far south as the Mecosta-Montcalm county line, would form another.

"This bill tries to put the representation on a more reasonable population basis," said Sen. Carlton H. Morris, R-Kalamazoo, the chief Senate sponsor.

Opponents meet the new plan also would shift Kalamazoo County from the third to the 4th District, where Morris could seek the seat now held by Rep. Clare Hoffman of Allegan, who is retiring.

Neil Staebler of Ann Arbor, Democratic national committeeman and the party's former state chairman, is the only announced candidate for congressman at large.

Alvin M. Bentley of Owosso, former Republican congressman now a delegate to the constitutional convention, is expected to be the GOP nominee if an at-large representative is chosen.

Both men are wealthy enough to afford a campaign for statewide office.

Swainson's first veto of the 1962 legislative session killed a GOP-sponsored bill that would have created the 19th district from southern Macomb and southeastern Oakland counties.

The net result, based on past voting records, would have given Republicans another congressman. They presently have an 11-7 majority.

MARGARET M. VICTOR

A June 2 wedding is planned by Margaret Maria Victor and Gerald R. Lewis announce the bride-elect's parents Mr. and Mrs. Joseph V. Victor of 228 Allen Road, Brandon Township. The prospective bridegroom is the son of Durwood Lewis of Detroit and the late Mrs. Lewis.

DONATION FOR LIBRARIES — Mrs. Walter Reuther yesterday presented to Supt. Donald C. Baldwin a check for \$2,000 to be divided equally among the secondary school libraries in Rochester Community School District. Looking on are librarians Mrs. Ada Schackelford, second from left, senior high school, and Mrs. Charlotte Miller, Central Junior High. The check is from

the Reuther Labor Foundation and is from money received by Reuther, AFL-CIO president; as income from books, magazine articles and speeches. The Reuthers' younger daughter, Lisa, is a ninth grader at Central Junior High. West Junior High, to open in September, also will benefit.

Avondale's Bond Issue Calls for Grade Change

Returning the ninth grade to junior high school and the sixth grade to elementary schools is part of the Avondale Board of Education's proposed \$12.9-million bond issue for school building improvements.

Voters will be asked to approve the bond issue and a proposed operating tax increase in the June 11 school election.

Benefits to result from approval of the millage, according to Supt. Leroy R. Watt, include new programs and teachers in the elementary schools, salary increases for school board employees and more money from the state for the millage.

The proposed bond issue, which provides for additions to all four elementary schools and the junior and senior high schools, would

Announce Area Services for Good Friday, Easter

The First Baptist Church, Holly, from 1 to 3 p.m.

A communitywide Good Friday Service will be held in the Good Friday and Easter Sunday service schedules were announced today by several area churches.

The Methodist churches of Davisburg and Mt. Bethel tomorrow will join in the union services at

Orion Council Gives \$1,500 to Youth Center

LAKE ORION — The Village Council here has upped its donation to the Lake Orion Youth Center by \$240.

This brings the village's total donation for this year to \$1,200, the same amount contributed by the Orion Township Board.

Permission to use the village park and its swimming area has been granted the local Child Guidance Committee by the council.

A resolution opposing the county's proposed new jet airport in Orion Township has been tabled pending further study. Council members, however, have indicated they are not in favor of the airport plan.

University Women Plan Talk by Marketing Agent

ROCHESTER — Speaker at next Wednesday's meeting of the Rochester branch of the American Association of University Women will be Mrs. Josephine Lawler, Oakland County marketing agent.

Title of Mrs. Lawler's talk is "Consumer Protection."

The session, to be held at 8 p.m. in the home economics room of Rochester High School, is open to all area women eligible for AAUW membership.

AREA NEWS

made mandatory a return to the traditional 6-3-3 arrangement of grades.

PRESENT SETUP

Avondale's current 5-3-4 setup has the sixth grade in junior high school and the ninth grade in senior high school.

The change was recommended, along with the bond issue and the millage hike, in the report

presented to the board last month by the Citizens School Study Committee headed by McAllister Stock.

Success of the bond issue will also mean high school seniors would be able to return to full-day sessions, Watt said. School board action earlier this week put them on half-day sessions because of overcrowded conditions.

The millage increase (five mills for three years followed by three mills for two years) would mean, for the elementary schools, new art, music and foreign language programs.

It would also make possible a stepped-up physical education program and additional teachers for the trip-lesson kindergarten expected to become necessary in September, Watt said.

To bring approximately \$75,000 a year in additional operating funds, the new millage would also make possible salary increases for employees who saw recent pay raises confined to teachers.

Approval of the millage hike would also mean some \$40,000 more in distressed school aid from the state, as this state program is based partly on the millage rate.

The bond issue would not mean a tax increase for the first three years, as it is based on refinancing a 1954 bond issue.

It would call for a 1.3-mill levy after three years, to begin when the operating millage, if approved would decrease by two mills.

The bond issue would not mean a tax increase for the first three years, as it is based on refinancing a 1954 bond issue.

David, 16, the son of Mr. and Mrs. David N. Elcher of 3218 Winterberry Drive, will enter as a freshman with prelaw and music majors.

A solo cellist, he plays with the Pontiac Symphony Orchestra and is principal cellist with the 150-piece Michigan Youth Symphony.

He has attended the National Music Camp at Interlochen as a scholarship student and this year was awarded a scholarship to the new Interlochen Arts Academy.

In addition to academic studies at the university, David will pursue his cello studies with Frank Miller, principal cellist of the Chicago Symphony Orchestra.

West-Ames Marriage Announced in Oxford

OXFORD — Announcement is made of the Jan. 2 marriage of Vera Marie Ames and Neil Bert West, son of the late Mr. and Mrs. Merle West of Metamora. Vera is the daughter of Mrs. Julius Ames, of 364 First St., and the late Mr. Ames.

Mr. and Mrs. West are making their home at Oxford Manor.

Open House Set at State Home

Lapeer Mental Health Facility Plans Tours April 28 and 29

LAFEEER — The Lapeer State Home and Training School will hold a two-day open house for the public April 28 and 29.

To tie in with the National Mental Health Week theme, "Community Action for Mental Health," the Open House will feature tours of the general hospital at 30-minute intervals following short presentations by members of the staff.

The open house will begin at 1 p.m. on both days. Members of the Lapeer Parent's Association will join staff members as hosts.

The open house has been arranged because of the interest generated in the institution for the mentally handicapped by the television film, "A Mind is Rising," according to officials.

Persons under 17 years of age will not be permitted on the tours.

Choir Will Present Good Friday Concert

TROY — The Chancel Choir of the Big Beaver Methodist Church will present a Good Friday concert at 7:30 p.m. tomorrow at the church.

A 6:30 a.m. sunrise service will begin Easter Sunday observance at the church. Rev. Albert E. Hartog will give a sermon on "Why Do You Seek the Living Among the Dead?" The service will be followed by a breakfast in the fellowship hall.

Festive Easter Services are scheduled for 9:30 and 11 a.m. They will include anthems by the Chancel Choir assisted by the Epworth Chorists and the Cherub Choir and a sermon on "Jesus Himself Stood Among Them," by Rev. Hartog.

Detroit is outranked only by New York and Chicago in advertising billings and six of the top 10 American ad agencies maintain Detroit offices.

WED 50 YEARS—Rev. and Mrs. Allen B. Hutchinson, 5971 Anglers Drive, Brandon Township, will be honored on their golden wedding anniversary at an open house next Tuesday from 2 to 8 p.m. The affair will be held at the home of their son-in-law and daughter, Mr. and Mrs. Russell M. Lindsay, 476 Midland St., Drayton Plains. The Hutchinsons also have five other daughters, five sons, 36 grandchildren and 19 great-grandchildren.

Outlook Appears Dim

Union, Paragon Slate Meeting on Dispute

NOVI — The first meeting between union and management of the Paragon Bridge & Steel Co. since the plant was struck March 31, was scheduled for today.

George Clark, president of Detroit Shipmen's Local 508, International Association of Bridge, Structural and Ornamental Workers, AFL-CIO, said, however, that he didn't believe anything would be accomplished because the company was meeting "under protest."

Some 325 members of the local went on strike at the plant, 4000 Grand River Ave., when their contract expired.

State and federal mediators had scheduled the first meeting for 10 a.m. in the Federal Building, Detroit.

Clark said there were several problems in the wording of a new contract before "we even get around to discussing money."

He said the company wants to delete a portion of the contract that would guarantee the union that its members could work for the firm if they ever decided to build another plant in "Novi or the vicinity."

Since the strike began three weeks ago pickets have been at the plant around the clock. There has been no trouble reported.

No work has been done in the Troy.

Literature Council Sets Public Meeting

The Good Literature Council formed last month by Troy, Rochester and Avon Township residents will hold its first public meeting at 8 p.m. April 26 at the Troy High School.

Guest speaker will be Mrs. Jacob Wenzel, cofounder of the Grosse Pointe Council on Better Literature for Youth.

Mrs. Wenzel is also active in the metropolitan Detroit group co-ordinating good literature programs.

A temporary committee to promote concern and possible action to insure decent periodicals in the community, the local group is headed by co-chairmen Mrs. Walter Huff and Clark Gill, both of Troy.

Orchard Lake Baseballers, Baron Golfers Win

Huskies, Captains Track Victors

Pontiac Northerners defeated Rochester while Kettering and L'Anse Creuse were winning Tri-County meets in track yesterday.

Bloomfield Hills bred to a triangular triumph and Blighton won a dual in Wayne-Oakland golf action. Cranbrook dropped its first tennis match.

Four victories by sophomores John Harris sparked PNH to a 50-40-1/2 victory. He won the high jump, broad jump, 100 dash

and low hurdles. Soph Larry Shayer and Ernie Stroszek, a junior, were other Huskie stars. Northerners swept the pole vault and low hurdles. Pete Long's two 100s and two 200s paced the losers.

Kettering walloped Laper by 79-1/2 to 25-1/2 featuring two wins each for Bill Haviland and Earl Hook. The Captains won both relays and got other 100s from Tom Campbell in the shotput, miler John Popovich, Larry Harkey, 440

and Mel Patterson in the 880. Orr Mullins set a Kettering record although 2nd to Dick Schlus of Laper in the 100 at 10.65. Schlus also took the 220 and 440 and set a school record with a broad jump of 19.8. Kelley piled up 14-1/2 points with two 100s and a 200 plus anchoring the mile relay team to a school record in 3:49.5. Ray Converse took the shot put.

Orchard Lake St. Mary won its 2nd straight in baseball slipping St. Rita 4-3 with two in the 7th when winner Larry Januszewski and John Rompel singled and the losers made three errors. Rompel had two hits. St. Rita had led 3-0 after 4-1/2 innings.

MSU Starts Defense of Handball Crown

CINCINNATI (AP)—Michigan State University will defend its team championship in the National Intercollegiate Handball Tournament opening at the University of Cincinnati today.

Terry Brenner heads the MSU team into the tournament that will run through tomorrow.

Bill Yambrick of Minnesota is defending singles champion and is entered again. Steve August, an 18-year-old freshman from the University of Michigan, is among top-rated competitors for Yambrick's crown.

South Central foe North Bronson, Brighton edged West Bloomfield 173 to 175 at Burroughs course featuring a 40 for Duane Denkehouse, Bob Aumhauger fired 42 and Dan Armistead 43 for the Lakers.

Strong Hamtramck swept all the matches to defeat Cranbrook by a 6-0 count. The Cranbs had been 2-0.

The PNH-Paloon track summary:
High jump—Harris, L'Anse Creuse and Ewosoda (H) tied for 3rd. Blight: 5-4.
Broad jump—Harris, L'Anse Creuse.
Pole vault—Harris, Golden (P), Wil-
liam (H).
Shot put—Shuler (H), Humphrey.
Mile relay—Harris, L'Anse Creuse.
High hurdles—Long, Ewosoda, Car-
roll (P).
100 relay—Won by PNH in 1:38.
Mile—Crosby (H), Benson (P), Lough-
lin (H).
100—Harris (H), Benson (H), Wad-
ley (P).
200—Harris (H), Benson (H), Wad-
ley (P).

Don't Tell Me You Panicked Too, Yells Rock

DETROIT (AP) — Rocky Colavito is mired in one of his frequent dreadful slumps. The Tigers' No. 1 home run hitter has just one single — a line drive, at that — in 19 official trips this season. That averages to .053.

"I'm not too concerned," said manager Bob Schefling. "He didn't hit much the first couple of weeks last year and we won anyway."

"Rocky's swinging at a few bad balls, he's a little anxious — that's all. He'll break loose in a couple of days."

But Colavito's slump already has cost him his berth as the Tigers' cleanup hitter. And in the two games since he's been demoted to the No. 3 spot, he's hit one ball out of the infield.

A writer walked over to Colavito after yesterday's game and was about to open his mouth to ask a question. Colavito, however, fired the first query.

"Don't tell me you're panicking too?" blurted the Rock.

"Well, what seems to be the trouble?" he was asked.

"Nothing," he said. "I'm swinging well, and meeting the ball well. The whole idea is not to panic. What did I do last year?"

"You started slowly and still finished with 290 and 45 homers," said the writer.

"That's right," said the slumper. "And I'll take 290 and 45 homers again, but I'd like to do better."

Cash and Schefling To Receive Awards

DETROIT (AP) — Bating champion Norm Cash and manager Bob Schefling of the Detroit Tigers will receive special awards at the 21st annual baseball dinner of the Cagahan Charity Guild April 28.

The entire Tiger team and the visiting Los Angeles Angels will attend the dinner in Cobo Hall.

Also receiving awards will be owner George A. Ahearn of the Angels and ex-Tiger Rocky Bridges now a Los Angeles coach.

Top Girl Swimmers Compete in AAU Traveled as Fast as Possible---Duby

GUNTERVILLE, Ala. (UPI) — Roy Duby, 32, Detroit, said today he felt he went as fast as possible in establishing a world's record of 200.44 miles per hour for propeller driven boats.

The veteran race boat driver and mechanic said he would not try to better the speed record he set on Gunterville Lake Tuesday until his broken. He was the first to reach 200 m.p.h. in a propeller driven boat.

Duby said his Miss U.S.I., a 500 horsepower hydroplane, suffered propeller stress in bettering the old record of 192.80 m.p.h. set in 1949 by Bill Mussey at Seattle, Wash.

"The propeller probably wouldn't hold up for another run" down the measured mile course, Duby said. He and his crew packed up yesterday to return to their home base at Detroit to get ready for racing competition. He said he would enter the Diamond Cup race at Cooch D'Almeida, Idaho, in late July and the Gold Cup at Seattle in early August.

TIMER GOES WRONG

Duby said he felt he could have posted an average time of close to 210, the mark he was shooting for, if an electric timer operated by the American Power Boat

Association had not malfunctioned. Duby can go any faster than "I really felt I was going about that without becoming airborne 215 on the run that the electrician then you get into aerial-dumping device failed on," he said. Duby said, "I think I 'Somebody got excited and stepped on one notch from take-off. The on the cord and unplugged the boat was pretty high in the water. She was just about in flight."

"I'll stand on my record. If one of the other boys breaks it then I will try it again," he said.

Bill Cantrell of Detroit tried for the record Tuesday afternoon but his Galt VII failed to perform as well as anticipated and the attempt was called off.

"I don't think these boats (hydroplanes) can go any faster than
