

Fate of 4 in Air Crashes Unknown

JAMES R. HOFFA

Hoffa Closer to Prison Cell

Expected to Retain Control of Teamsters

WASHINGTON (UPI)—James R. Hoffa, head of the nation's largest labor union, found himself yet another step closer to a prison cell today.

There appears to be little his lawyers can do aside from delaying briefly the day Hoffa goes to prison. But even behind bars, Hoffa was expected to retain control of his union, the 1.7 million member International Brotherhood of Teamsters.

Hoffa lost an appeal yesterday to the U.S. Supreme Court, which upheld a 1964 conviction by a federal court of jury tampering.

Unless the high court decides to reconsider, the case, which seems highly unlikely, Hoffa will begin serving an eight-year sentence in a federal penitentiary within the next six weeks.

The 53-year-old Teamster chief has 25 days to file a formal petition with the court asking for reconsideration, but the last-ditch effort is considered merely as a delaying tactic since the court rarely ever grants such requests.

In 1964 Hoffa was convicted in a Chattanooga, Tenn., federal court on charges that he tried to rig a Nashville, Tenn., jury while he was on trial for conspiracy in 1962.

Accidents Kill Three Area Men

Three Pontiac area men lost their lives in separate traffic accidents last yesterday and early today, one of them when he apparently fell asleep at the wheel of his car.

Dead are Thomas A. Bishop, 43, of 53267 Villa Circle, Utica; Russell Linebaugh, 56, of 2515 Mann, Waterford Township; and William J. Cox, 75, of 1937 Woodland, Sylvan Lake.

Bishop was killed almost instantly when his car ran off Parkdale Road in Avon Township and hit a tree about 12:25 a.m. today, according to Oakland County sheriff's deputies.

Deputies said there were no skid marks and said they found no swerving tracks to indicate the victim had attempted to avoid the tree.

Bishop was alone when the accident occurred about one-half mile east of Miller.

Linebaugh was dead on arrival at Pontiac General Hospital after his car collided head-on with another automobile on Clintonville Road in Waterford Township.

The Irwin youth is listed in satisfactory condition at Pontiac General. Police said the accident occurred south of Detroit Street about 4:45 p.m.

Cox was fatally injured about (Continued on Page 2, Col. 3)

12 DAYS TILL CHRISTMAS

Funds, Airport on City Agenda

Tonight's Top Items for Commission Meeting

A proposed \$9.2-million budget and Oakland County's revised offer for purchase of Pontiac Municipal Airport are the top items or consideration tonight by the City Commission.

City Manager Joseph A. Warren is scheduled to present the proposed budget for 1967. The commission will set a date for a public hearing.

On the airport question, the commission will likely weigh the county's action in deleting a portion of the city's offer to turn over the airfield to the county.

The city's proposal had been to retain ownership of the 50 T-hangers at the airport until the county turned over the County Annex building at 1 Lafayette.

The principal properties in the airport transport are the annex and the county-owned parking lot at Huron and Saginaw.

HEATING CODE In other business, the commission will receive a revised heating code ordinance, a report on setting up a drainage district to cover the water shed of the Clinton River, and recommendation to seek state approval for the sale of bonds to finance construction of the Galloway Creek trunk sewer and a trunk line down Opydke, between the treatment plant and Square Lake Road.

SIGN CHARTER — James Hill, chairman of the Rochester city charter commission, signs the proposed charter last night as William B. Chapman (left), chairman, and Thomas B. Case, secretary, look on. After a public hearing Monday, the charter goes on the ballot Jan. 24 for voter approval. See story, page A-4.

Ike Condition 'Quite Satisfactory'

WASHINGTON (AP) — Former President Dwight D. Eisenhower, reported snapping back fast from his gallbladder operation, has his sights set on swinging his golf clubs by early spring.

"Quite satisfactory" was the latest word from Walter Reed Army Hospital on the five-star general's condition after his one and three-quarter hour operation yesterday morning.

"Multiple large and small gallstones were in the gallbladder which was removed," said the bulletin issued shortly after 5 p.m. yesterday.

These were the stones which Eisenhower jokingly had referred to as "rocks."

The incision was made in the upper right abdomen not far from the scar left by an operation 10 years ago in the same hospital for ileitis, a constriction of the intestine.

This previous surgery, plus two major heart attacks and a minor cerebral stroke in the patient's history, made the doctors particularly watchful.

No blood transfusion was necessary since "before and after surgery his blood pressure and pulse were in the normal range and his response during surgery was normal," doctors said.

The doctors apparently did not fear the possibility of cancer, because they said they took no tissue for biopsy.

Besides the stones, the surgeons found "the gallbladder was surrounded by density and filmy adhesion which indicated previous trouble."

ADVISERS RIGHT Other physicians, interpreting this official statement, said it was proof that Eisenhower's medical advisers were right in recommending that he have the gallbladder taken out at this time. The adhesions could have spelled serious danger in the future.

The late afternoon bulletin outlined Eisenhower's plans after his hospital stay, which could last 10 days or two weeks.

"Following his discharge from the hospital," the statement said, "Gen. Eisenhower expects to return to his farm in Gettysburg, Pa. then early in January will go to Palm Desert (near Palm Springs), Calif. He will stay in Palm Desert the usual length of time. He hopes to be playing golf by early spring."

Christmas shoppers will find temperatures just a little bit warmer tonight and tomorrow. The U.S. Weather Bureau forecasts variable cloudiness with a slight moderating trend.

Wintry Weather Will Wane a Bit

Christmas shoppers will find temperatures just a little bit warmer tonight and tomorrow.

The U.S. Weather Bureau forecasts variable cloudiness with a slight moderating trend.

RISING TEMPERATURES

the low near 17 to 24, and the high aiming for the 30s.

The outlook for Thursday is partly cloudy with not much change in temperature.

Variable morning winds at 5 to 15 miles per hour will continue tonight.

The low prior to 8 a.m. in downtown Pontiac was 17. By 1 p.m. the mercury had climbed to 32.

Bomber Down in Kentucky; 2 Jets Collide

Search for Survivors of Helicopter Mishap Continues in Pacific

By the Associated Press

Three Air Force planes were involved in crashes that have left the fate of four crew members unknown today.

Two of the planes — F101 jet fighters — collided over the Atlantic off Long Island early today. Three crewmen were rescued by helicopter and search operations were under way for a fourth man, the Coast Guard said.

The third plane — a B58 bomber with a crew of three — crashed last night near Stanford, Ky., the Air Force said.

A witness to the crash said he saw the body of the pilot descending, his parachute partially open. He said the body was afire and that he and some neighbors extinguished the flames.

The bomber, from the 365th Bomber Wing at Bunker Hill Air Force Base, Ind., was reportedly on a routine practice bombing mission.

ROUTINE MISSION

The jet fighters that collided over the Atlantic were flying out of Suffolk County Air Force Base in Westhampton, N.Y. They had taken off on a routine training mission 35 minutes prior to the crash.

Air Force spokesmen said the three rescued crewmen were in good condition.

Meanwhile, Navy and Coast Guard forces including two destroyers continued their search through the night for 10 men who went down with a Navy helicopter early yesterday 34 miles off the California coast. The craft was destined for the assault ship Tripoli.

There were no signs of survivors, although some debris has been sighted.

Big Favorite of Legislators Is Maddox

ATLANTA, Ga. (AP) — A check of Georgia legislators, who will elect the state's next governor, gives Democrat Lester G. Maddox almost a 4-to-1 margin over Republican candidate Howard Callaway.

But many lawmakers still were undecided.

The General Assembly, consisting of 230 lawmakers, has 229 Democrats, 46 out of 54 in the Senate and 183 out of 265 in the House.

The legislature is expected to select the next governor Jan. 10, the day after the next legislative session begins.

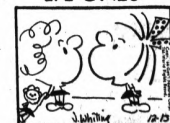

The Associated Press sampling shows: Maddox 33, Callaway 9, undecided 33.

THE UNDECIDED

Among the undecided were 11 Negroes, and one commented he would not vote for either of the candidates.

The legislators were asked what their decisions would be at an annual legislative institute at the University of Georgia in Athens, and by telephone.

L'I' ONES

"If you want boys to like you, don't let on that you're a girl."

County Studies Cycle Problem

(First of Two Parts)

By DAVID J. COOK

Except for a handful of hardy practitioners, the thousands of motorcyclists in Oakland County have packed away their two-wheeled vehicles until spring.

Adventure and daring as many of them are, cyclists for the most part are unwilling to face the bitter winds and treacherous roads of a Michigan winter.

With the predictable return

of motorcycles in the warming months of April and May, however, law enforcement and traffic officers will once again face what proved to be a serious highway safety problem in 1966.

It was in May of this year that accident figures first gave Oakland County sheriff's deputies an indication of the coming trend in motorcycle mishaps.

Eleven accidents were reported in that month, more than the total of the previous four months.

The first Pontiac area fatality occurred May 25, when 16-year-old Gerald Olson of Farmington Township died in a motorcycle-pickup truck collision.

Three more deaths were reported in June, four in July, two in August, and one in September.

With one fatality reported in South Oakland County early in 1966, the summer death surge pushed the motorcycle toll to 12.

As of today, that figure represents about one-tenth of the number to die in automobile and truck-related mishaps.

ABOVE RATIO The proportion — about 8 per cent — is far above the ratio of registered motorcycles to registered cars, trucks and buses combined.

Most expert opinion — ranging from doctors to the deputies and troopers called to the scene of fatal accidents — suggests that the primary factor in the high motorcycle

death rate is the almost complete lack of protection afforded drivers and passengers.

"I'm not so sure motorcyclists drive much differently than other people," commented one

officer. "It's just that when a cycle piles up, anybody on it keeps going until a tree or car or something else stops them."

The lack of protection is reflected not only in the high number (Continued on Page A-8, Col. 1)

A Young Motorcyclist (Lying Next To Stretcher) Escaped Serious Injury When He Collided With A Car.

Cong Answer U.S. Air Raid

SAIGON, South Vietnam (AP) — U.S. B52 Stratoforters unloaded a cascade of bombs on an enemy base close to Saigon today, and the Vietcong retaliated with an outbreak of grenade throwing in the capital and near it.

Although more than 1,000 South Vietnamese troops pushed a search-and-destroy mission in the Mekong Delta 105 miles south of Saigon, ground fighting across the country dwindled and only light skirmishes were reported.

Divers Ready to Probe Hulk in Lake Huron

HARBOR BEACH (AP) — Divers prepared today to investigate the hulk of a ship believed to be that of the sunken carrier Daniel J. Morrell.

The hulk, about 26 miles off Harbor Beach, was found a few days after the Morrell sank in a Lake Huron storm Nov. 29. Dennis Hale, only survivor of the Morrell's 29-man crew, said the hulk is in the area in which the Morrell sank.

The three skin divers have been hired by Bethlehem Steel Corp., owner of the Morrell. Authorities said a salvage crew from Ontario was standing by to aid, but was not expected to set up salvage operations.

A Harbor Beach Coast Guard spokesman said the divers would probably begin operations today if weather permits.

Meanwhile, the 22nd body from the Morrell crew washed ashore Saturday at Tiverton, Ont., across Lake Huron from Harbor Beach. The body was identified as that of Salvatore Grippi, 33, of Ashtabula, Ohio. Six bodies are still missing.

Workers, Bell Sign Contract

LANSING (AP) — The Communications Workers of America have ratified a contract with Michigan Bell Telephone Co.

The contract is virtually the same as one that was rejected in a statewide ballot less than two months ago. The agreement was approved by a 3-1 margin. Eighty per cent of the state's 17,000 members mailed in their votes.

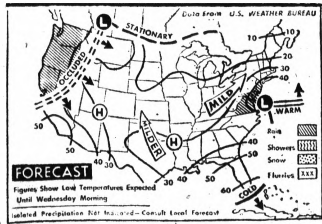

In Detroit, Dan Smith, vice president of personnel for Michigan Bell, said:

"Although the agreement will result in added wage costs of about \$10 million a year, we will try through continued efficiencies and technological improvements to keep rates at their present levels."

NATIONAL WEATHER — Rain is the weather picture tonight for the mid-Atlantic states, changing to snow in the Appalachians. Rain is also expected along the northern Pacific Coast, turning to snow in the northern Rockies and Plains. It will be milder in the Midwest and the Northeast states.

U.S. planes Monday had their busiest day over North Vietnam in weeks, flying 99 bombing missions or 300 to 350 individual strikes. This was still well below the average of 150 missions flown daily before the monsoon storms moved north.

In one of the missions two all-weather Navy Intruders from the carrier Kitty Hawk struck only five miles from Haiphong, North Vietnam's main port. The jet bombers made radar precision runs on a missile assembly installation, and one of the pilots said the explosions "looked like flashbombs in the night."

REPEAT RAIDS
The B52 had hammered at a Viet Cong base camp and storage area 30 miles north of Saigon, repeating raids last week in the same area aimed at knocking out the lairs from which the Vietcong launch terror attacks against the capital.

The closest B52 raid to Saigon was staged last March 28, when the eight-engine bombers hit 18 miles southeast of the city.

Three terrorist attacks in and around Saigon were reported. One terrorist threw a grenade at four national policemen patrolling in a car in Cholon, the Chinese section of the capital. Three policemen were wounded.

Another grenade was thrown in a hamlet headquarters on the edge of Saigon, wounding a Vietnamese policeman and four civilians.

to exploit their oil by themselves and run company installations, too." The broadcast added: "Let the company know that the people of the two countries, as well as all Arabs, will carry on the battle until the company submits to our rights or meets its end."

The Syrian government radio said the company's suspension of pipeline deliveries to its refinery at Banias would have no effect on the oil industry.

The Syrian government radio said the company's suspension of pipeline deliveries to its refinery at Banias would have no effect on the oil industry.

The broadcast added, however, the IPC's "rash attitude toward Syria would only lead to such consequences," and indication that the threat would be lifted if the company paid up.

The broadcast also said that the Iraqis, "after 40 years of experience, have become able to exploit their oil by themselves and run company installations, too."

Separate Accidents Kill 3 Area Men
(Continued From Page One)

Woodward in front of another car, and was hit broadside, according to Pontiac police.

Driver of the second car, Robert R. Bukosi, 19, of 52 Fairgrove was exonerated by police after testifying he was unable to avoid the collision.

INTO TREE
Cox's automobile was knocked from the roadway into a tree. The accident took place about 400 feet south of Nebraska Street.

Russian Roulette
DETROIT (AP) — A 19-year-old Detroit man was released from custody today after the fatal shooting of his girlfriend during a game of Russian roulette.

The prosecutor's office ruled that Pfc. Willie A. Smith accidentally shot his 17-year-old girlfriend, Jacqueline Jones, Saturday.

FAR AFIELD
"He's drifted far afield," said Huber. "He doesn't represent all the Republicans in the county."

Farnham, 40, of 2061 Avon, Birmingham, is assistant chief engineer in the Engine Electrical Department of Chrysler Corp.

Eight persons were wounded when a terrorist threw a grenade in another hamlet office on the outskirts of Saigon. Among those wounded was the hamlet chief.

County GOP Heading for Tough Battle

By JIM LONG
Oakland County Republicans appear to be heading toward a tough battle in the near future. But the war cry isn't coming from the Democrats.

The fight is among party members, between the moderates headed by County Chairman Joseph R. Farnham, and conservatives led by Sen. Robert J. Huber of Troy.

Huber announced yesterday that he intends to form a group "for the sole purpose of opposing Farnham and his followers."

Farnham was reelected chairman of the county GOP at a meeting of the Republican executive committee Saturday. The vote was 30-5.

He was first elected to the post in January, succeeding Dale Feet who resigned.

PHILOSOPHIES DIFFER
Differing philosophies in the way the party should be run and what it should stand for has kept Huber and Farnham at odds throughout the year.

Several attempts have been made by Huber and other conservative members to wrestle control from Farnham.

In August, Farnham narrowly won the chairmanship of the county's delegation to the state convention when he defeated Huber by a 105-96 vote.

Farnham, however, gained prestige, and assurance that he would be reelected county chairman when all but one of the candidates nominated by moderates were elected to the executive committee.

"THOROUGHLY UPSET"
Huber, who represents the county's 16th District, said he was "thoroughly upset" by a remark made by Farnham after his election Saturday that he would establish a "Kitchen Cabinet."

"In my opinion," said Huber, "this would be an advisory group, not elected by party members, to give directions to Farnham."

"The executive committee would be no more than a rubber stamp," Huber said. There is no provision in the law for a "Kitchen Cabinet."

Huber said it would be early in January when he calls together supporters to make plans to raise funds, and to "clean up Farnham's mess."

DEATH SCENE — Tire marks in the snow at a school crossing in Bay City indicate the path taken by a car that killed two schoolchildren yesterday. Police are investigating the accident, and the driver, Dale B. Jackson, 19, is held on a charge of manslaughter. The schoolcrossing guard said the man came right through the crossing, despite waved warnings. The man seemed to be asleep at the wheel. Square marks on the photo are the children's bodies were found. A sheared-off stop sign is at upper left.

Ruby's Cancer Is Studied to See How Long He'll Live

DALLAS, Tex. (AP) — The physician in charge of Jack Ruby's treatment said today Ruby's cancer has developed too far to be cured by surgery.

DALLAS, Tex. (AP) — The source of Jack Ruby's cancer has stirred conflicting estimates on how long the slayer of Lee Harvey Oswald has to live.

Medical specialists speculate the main cancerous growth lies in a lung, the pancreas or the gastro-intestinal tract.

They said the type of cancer involved is an adenocarcinoma, which denotes relationship to glands.

Ruby, 35, former Dallas nightclub operator, was taken from the county jail to Parkland Hospital Friday night. The hospital first said he appeared to have pneumonia.

GOTHAM Ice Pro
A real game with puck handlers that you control yourself. Full for all ages.

Birmingham Area News Commission Considers Citizens Traffic Group

BIRMINGHAM — A mounting number of traffic problems has prompted the City Commission to give serious consideration to the formation of a citizens' traffic advisory group.

The citizens committee was proposed by Commissioner Ruth McNamee during a lengthy discussion last night about the east leg of the city's perimeter road.

Commissioner William Roberts agreed, noting that a considerable portion of the meeting's agenda was devoted to traffic problems and related issues.

"We could spend all our time on these questions," said Roberts. An informal meeting was scheduled by the commission for the first week in January to discuss the eastern route of the ring road.

REOPEN TALKS
Commissioner Carl Ingraham proposed that the city reopen discussions with the State Highway Department on the use of Hunter Boulevard as the east leg. Commissioners rejected the idea until they review all of the objections at the informal gathering.

The state highway department controls Hunter and has only agreed to Hunter as the east leg if the city modifies its plans, and pays the estimated \$100,000 for the cost of the improvements.

Troy Defends Police Hirings

'Pirating' Allegation Denied by City Aide

TROY — Good working conditions and the greater possibility of advancement are cited by city officials here as reasons they've been able to hire a number of experienced police officers from other departments.

The allegation by anyone of "pirating" such officers is denied by Patrick Hynes, Troy assistant city manager.

Cause of the controversy has been Troy's hiring of five new officers in the last three months, four of them from Birmingham and one from Detroit.

"We advertise in the papers, but we do not send letters to personnel of other departments," said Hynes.

"Some of our people here have been in receipt of such letters from other cities, but we do not feel this is right," he continued.

Hynes attributes the tremendous potential for growth in the Troy department as one of the big incentives to employees of other fully-staffed police bureaus.

He said, "We have 56 men on the payroll now, and within ten years we can expect to have 150 officers. The chance for advancement therefore becomes much better in a place like Troy."

The city's Civil Service Commission board was to meet this week to pass acceptance on two other officers, again one of them an experienced man.

Hynes confirmed the fact that Birmingham pays its officers \$8 a year more than does Troy.

New Bloomfield Hills High School Under Construction

In Bloomfield Hills

School Building Zooms

BLOOMFIELD HILLS — New construction dotting the school district's landscape gives evidence to the district's attempts to stay one jump ahead of increasing enrollment.

The new buildings are part of an \$11-million bond issue approved by voters last April. Some were started with funds from an earlier bond issue.

Three new schools in various stages of progress are expected to be ready by the time school opens next fall. The first portion of the district's second high school is now under construction at Lahser near Long Lake.

When the first section housing 600 pupils is completed next summer, an addition to house 600 more students will be started immediately. A second addition

is also planned for the future.

Also currently under construction are a junior high school, an elementary school and a bus garage.

Other construction planned for the future includes five new elementary schools and a swimming pool at the present high school.

Schools Supt. Eugene Johnston estimates that the district's present enrollment of 8,000 pupils will jump to at least 12,000 in the next five years.

Area News

2 Sports OK'd in Clarkston

CLARKSTON — The addition of interscholastic wrestling and skiing to the Clarkston High School athletic program was approved last night by the board of education.

A competitive schedule for both sports will soon be under way.

According to Supt. of Schools Dr. L. F. Greene, the two sports will be self-supporting within the system's athletic program.

In other business, the board accepted a bid of \$4,365 from Anchor Fence Division of Pontiac for about 700 feet of 8-foot-high fencing to enclose the system's new bus parking lot.

Total cost of the parking lot project, including the fencing, is \$34,190. Due for completion in February, the lot is located immediately south of the high school. Workers are now in the process of grading the 21,000-square-foot lot.

TO HOLD 50 BUSES

School officials said the lot will be able to accommodate up to 50 buses. Eventually a new garage will be built on the site.

Also last night, the board accepted a low bid of \$3,723 submitted by Pontiac Tractor and Equipment Co. for purchase of a tractor, equipped with snow-removing and lawn equipment.

Six firms submitted bids, which ranged as high as \$5,594. Discussed with township officials last night was the feasibility of connecting the proposed new junior high school (North Sahasbari), at Maybee and Pine Knob roads, with the existing Goodrich Farms Subdivision water supply system.

It is one of three township water supply systems.

The school is earmarked for completion by the fall of 1968.

For Master Plan

Romeo Votes Funds

ROMEO — The village council voted \$5,000 as its share in a \$15,000 planning grant made available by the Department of Housing and Urban Development.

The money will be used to draw up a master plan of the village, according to its president, Byron Nichols.

Despite a public hearing requested by the recently resigned police chief, Lyle

Jewell, for purposes of withdrawing his resignation, the resignation was accepted.

Nichols said, "I accepted his resignation because he was no longer running the police department. It got away from him."

Jewell had been prompted to ask for the hearing because of what he termed "strong public support" for his position.

Charter Vote Slated Jan. 24 in Rochester

By JEAN SAILE
ROCHESTER — Voters of this small village east of Pontiac will cast ballots Jan. 24 to accept or reject a just-drafted city charter.

The election date was set last night with the presentation by James Hill, chairman of the nine-man charter commission, of the tentatively state-approved charter.

Would-be councilmen for the proposed city have just 17 days — until Dec. 30 — to file their nominating petitions for a seat on the proposed seven-member council.

A public hearing on the charter was slated for 7:30 p. m. next Monday in the municipal offices.

At the January vote the seven councilmen will be chosen to implement the new charter. If the charter is accepted they will take office at the first meeting after the election.

IF TURNED DOWN

If the charter is turned down, the election of the councilmen running at that time will be nullified and the village will move on into its annual spring election in March, according to manager William Sinclair.

Deadline for filing nominating petitions for the council is Dec. 30. The deadline for registration to vote is Dec. 27, according to Clerk Maxine Ross.

Hill said the charter had been returned from the state attorney general's office with three recommended corrections and that these had been made.

He said the charter is now back in Lansing with the assurance that Gov. George Romney will give his approval.

WHEELS IN MOTION

The wheels were hurriedly put into motion for the election. The council has been consistently faced with the knowledge that only incorporation can guarantee the small town's immunity from having to participate in the expensive Clinton-Oakland Sewer Interceptor program, entered into by Avon Township.

Another complication was added within the last two weeks as residents of the township began petitions to incorporate the remainder of Avon Township.

The move was made, according to spokesmen, not so much to achieve actual incorporation of the remainder of the township as to buy two years' time in which residents of both Rochester and Avon might consider incorporating as one unit.

Village observers felt that while similar suggested propositions have gone to defeat in the past, the raising of the issue at this time can beget what seemed assuredly to be prime conditions for a favorable village incorporation vote.

INITIAL VOTE

The initial vote for incorporation was held last September.

In other business the council accepted an amended contract with Federal urban renewal authorities, which while taking in the general rising costs of construction, also allows an additional \$18,975 for relocation of families from the urban renewal area.

A four-man committee to rule on rent supplements for displaced persons was given tentative approval. Named to the committee were Arthur L. Keyes, a banker; Dr. Alvin Gursin, a dentist; Neil Hartwig, a realtor; and Charles Rutenacht, a social worker.

The bid for moving one of the houses from the East Third renewal area to a new location on Lounsbury was awarded to Goetz House Moving for the sum of \$5,385.

HOPES TO SELL

George Wilhelm, Rochester renewal director, said the village could hope to sell the house for at least \$8,400 later and thereby provide low-cost housing for an elderly retired couple being moved out of the renewal area.

Charles Rosemergy was reappointed to the Rochester Zoning Board of Appeals for a three-year term.

A public hearing to rezone land on Romeo from residential to commercial led to the council's approval, despite objections stated by nearby residents.

The land will be used as a building site for a carpet outlet for White's Village Square, according to Calvin White, owner. He still must face the Zoning Board of Appeals for waiver of certain restrictions, made necessary by the topography of the site, according to village officials.

APPOINTMENT

Councilman Samuel Howlett was appointed the council delegate to meet with representatives of the Junior Woman's Club, the Lions Club and the Senior Citizens' Club at 1 p. m. Thursday to hear George Cherry of Oakland County Office of Economic Opportunity discuss the establishment of a drop-in center for senior citizens.

The Junior Woman's Club said it had rented the Avon Pavilion on a once-weekly basis beginning Feb. 7 as a center.

County Farmers to Meet Thursday

An Oakland County convention to fill vacancies on the County Agricultural and Conservation Committee has been called for Thursday. A county chairman will be elected.

The committee has charge of the administration of such farm-action programs as the Agricultural Conservation Program, the feed grain program, the voluntary wheat program, the National Wool program, commodity price-support loans, and storage facility loans.

An election to name delegates to the convention was conducted last Tuesday.

Break-In Nets Jewelry, TV Set

WEST BLOOMFIELD TOWNSHIP — An undetermined amount of expensive jewelry and a television set were taken yesterday from the home of Mr. and Mrs. Felix Wichowski, 7094 Stonebrook, while the family was at work.

Township police said the home was broken into through a service door sometime between 8 and 9 p. m.

Pontiac Press Photos

SUPER CHEFS — Eighth grade boys at Clifford Smart Junior High School, Walled Lake, prepare a pizza as part of their home economics class. The young cooks are (from left) David Duncan, 368 W. Beechdale, and Jerry Pace, 103 Commerce, both of Commerce Township, and Devon Stacy, 4163 Middledale, West Bloomfield Township. The chef's cap and aprons are also handmade products of the class.

Hot Criticism Follows Fire That Leveled Bruce Home

BRUCE TOWNSHIP — Misunderstanding and recrimination clouded the handling of a fire yesterday morning that destroyed a house at 2935 32 Mile.

Two dogs perished in the fire. They were alone when the blaze broke out.

The fire leveled a large white frame ranch variously estimated at \$40,000 to \$150,000, but said to be more in the neighborhood of \$50,000 to \$60,000 by Township Supervisor Jerome Schoof.

The home, part of the former Philip Savage estate, was occupied by the Stanley A. Schreiber family.

The Romeo Fire Department was called at either 9:25 or 10:25 a. m. — the figure reported by is blurred on the police log.

TIME OF CALL

Chief Walter Werth contends his department was not called in time to save the house since it was unoccupied when the blaze broke out.

Neighbors agreed the department would have had more of a chance of dousing the blaze had the call been turned in sooner.

However, they charged that it took the department "a good 25 minutes" to report to the scene.

One neighbor said a scout car had been dispatched to the house before a second call from neighbors brought out the fire department.

OTHER QUESTIONS

Antiquated equipment and understaffing of the Romeo Department were questions raised by witnesses, including Rochester Councilman Roy Rewold, who as a volunteer fireman, made an informal report at last night's Rochester council meeting.

The Rochester Fire Department was called in shortly after the arrival of the Romeo department, but Rochester left within two hours, having accomplished what the Romeo Department asked it to do, according to Rewold.

Romeo Fire Chief Werth said his department stayed on the job most of the afternoon, but that the house was leveled.

Buenos Aires, Argentina, is the second largest city south of the equator.

Gals in Shop, Boys Cook

Students Swap Roles

By JANICE KLOUSER
WALLED LAKE — Eighth grade boys learning to cook and sew and loving every minute of it?

Girls learning how to fix a dripping faucet or repair a lamp cord?

Unlikely as it may seem these are the latest and possibly the most popular innovations at Clifford Smart Junior High School.

In a departure from the usual home economics class for girls and shop class for boys, the junior high girls are spending the last 10 weeks of the school semester in a shop class and the boys in home economics.

Judging from the comments the boys and girls seem to enjoy their new roles.

IT'S A BALL

"It's a ball," said one girl, struggling with a leaky faucet. "Much better than home ec."

And down the hall, young boys who look more like candidates for the school football team, whip up a pizza and contend they'd much rather do that than take a shop class.

The reversed classes started this year and were an immediate hit. More than 80 boys and girls signed up but the number had to be limited to 80.

The first 10 weeks of school, the girls took the usual home-making and boys took shop. They switched for the last 10 weeks.

She will learn how to replace a fuse, switch or outlet, how to repair a lamp plug and other household appliances, how to fix a faucet, how to hang pictures and curtain rods, and how to refinish furniture.

She'll also learn how to prevent overloading circuits, all about fuses and circuit breakers and how to use them as well as simple facts about wall construction.

When the boys get through their course they will know how to take care of small children, bathe a baby, sew on buttons, mend rips, wash and iron, and how to use a sewing machine.

They will also know how to care for a sick person, plan a meal, make baked goods, cook, and clean a house.

Both the boys and the girls are doing quite well, according to their teachers Mrs. Jan Wischoff and Robert Slack.

If enthusiasm counts for anything, they should come through with flying colors.

BUDDING ELECTRICIANS — Repairing an electrical fixture is all part of the day's class work for girls at Clifford Smart Junior High School, Walled Lake. The young electricians are (from left) June Sanderson, 3458 Winterberry, West Bloomfield Township and Violet Heiken, 8158 Eldora, Commerce Township.

Yule Concert Is Dec. 20 at Baker School

TROY — Baker Junior High will play themes from Tschai-School will present its band and kowsky's "Nutcracker Suite" choral concert at 8 p. m. Dec. 20 in the school auditorium.

Winds" by Cavacas

The choir will sing "Little Bells" from Mozart and "Mistletoe" by Fred Waring. The band will perform, according to John Peterson, director.

Results Upheld by Recounts

Recounts conducted yesterday in Groveland and Oxford townships failed to upset the outcome of challenged elections in the Nov. 8 general election.

Three additional votes were received, however, by Donald J. Rinevault who had petitioned for the recount in Groveland where he lost the race for township supervisor to Republican incumbent Earl B. Rinevault.

The recount revealed that Rinevault won by a 10-vote margin, rather than the 13 he had initially been credited. The final tally was 256 to 226.

In Oxford Township, the Oakland County Board of Canvassers uncovered no discrepancies in the 869 to 855 vote that defeated a proposal to sell liquor by the glass.

The canvassing board was to conduct a recount today in Pontiac Township, where Mont D. Bodman has questioned the vote that failed to gain him a seat on the board of trustees.

Bodman, 310 Auburn, lost his bid for township trustee by five votes.

Union Chosen by Custodians

MILFORD — Huron Valley School District custodians unanimously chose the American Federation of State, County and Municipal Employees, AFL-CIO, as their bargaining representative last week.

The 22 employees petitioned the board of education last month for a vote to elect a representative.

'Aroused Citizenry Key to Cleaner Air'

WASHINGTON (AP) — A young articulate people who have decided that they need not and will not tolerate this assault on their senses.

Mrs. B. Brand Konheim of New York, president of Citizens for Clean Air, Inc., made her suggestion in one of several dozen papers presented at panel sessions of the National Conference on Air Pollution.

Other suggestions aimed at speeding action on control included a system of effluent fees to be imposed on polluters by the federal government, tighter regulations and stiffer penalties for violators of state enforcement rules, granting industry tax incentives and limiting travel of motor vehicles into heavily contaminated urban areas.

Rep. John D. Dingell, D-Mich., criticized the Department of Health, Education and Welfare for not setting air quality criteria under the federal Clean Air Act.

NECESSARY STEP

He said such criteria are a necessary first step in setting uniform emission standards without which he said pollution cannot be controlled.

Dingell said he would introduce legislation to tighten federal pollution control law.

He said more than 7,000 U.S. communities have a smog problem. "There is really no way to accurately judge just how much property damage occurs, but it is substantial. Estimates vary greatly, ranging upwards from \$10 billion a year."

Mrs. Konheim said, "I would like to look almost exclusively at air pollution as an esthetic problem, for I believe that no aspect of dirty air so motivates public anger as its assault on the senses. The American public has reached a new threshold of awareness of its environment."

MOTIVATION

"Esthetic considerations, however, are rarely the factors which motivate the experts, the engineers, and the professional control officials. But they are what motivates the citizens."

"The fight for cleaner air is not being led by asthmatics, or the victims of emphysema, or by those people of marginal health who first feel the effects of pollution," she continued.

"It is being led by healthy."

Request Leads to \$310 Holdup

A Pontiac plant worker told police he was robbed of \$310 early today by a man who asked to borrow a snow scraper from him, then drew a gun on the victim.

Lester Pittman, 49, of 498 Harper said he was sitting in his automobile on South Boulevard near Tex waiting to start work at GMC Truck & Coach Division when the robber walked up to his car.

Pittman said the man asked for a snow scraper, then pulled out a revolver and jumped into Pittman's car.

The victim said he was forced to drive to a nearby dead end where the gunman took the money and then fled on foot.

Harvard is the oldest college in the U.S., founded in 1636.

Deaths in Pontiac, Nearby Areas

Wilbur J. Cox

Requiem Mass for Wilbur J. Cox, 75, of 1937 Woodland, Sylvan Lake, will be 10 a.m. Thursday at Our Lady of Refuge Catholic Church, Orchard Lake, with burial in Perry Mount Park Cemetery. The Rosary will be said at 6 p.m. tomorrow in the C. J. Godhardt Funeral Home, Keego Harbor. An Elks Lodge of Sorrow will follow at 8 p.m. in the funeral home.

Mr. Cox, a retired road test driver for Pontiac Motor Division, was fatally injured in an automobile accident yesterday afternoon. He was a member of Our Lady of Refuge Church and an honorary member of Pontiac Elks Lodge No. 810.

Surviving are his wife, Nellie T., and a brother, George F. of Pontiac.

Diann Lynn DeBarnore

Prayers will be offered for Diann Lynn DeBarnore, 3-day-old daughter of Mr. and Mrs. John DeBarnore of 100 W. Princeton, at 10:30 a.m. tomorrow in the chapel at Oak Hill Cemetery by the Voorhees-Siple Funeral Home.

Surviving are her parents; a sister, Vickie at home; and grandparents Mr. and Mrs. Harold N. Nichols and Mrs. Erma Encardo, all of Pontiac.

Russell A. Linebaugh

Service for Russell A. Linebaugh, 56, of 2515 Mann, Waterford Township, will be 1 p.m. Thursday at Coats Funeral Home, Waterford Township, with burial in Ottawa Park Memorial Cemetery, Independence Township.

Mr. Linebaugh, a welder at Pontiac Motor Division, died yesterday.

Surviving are his wife, Mildred; a daughter, Mrs. Gerald Wolfe of Holly; a son, Russell D. at home; three grandchildren; and a brother.

Clifford J. Vardon

Service for Clifford J. Vardon, 69, of 30 Washington will be 10:30 a.m. Thursday at Sparks-Griffin Chapel with burial in Glen Eden Cemetery, Livonia.

Mr. Vardon, an employee of Nye Dairy, died Sunday after a long illness.

Surviving are three daughters, Mrs. Richard Stolzenberg of Los Angeles, Calif., Mrs. Douglas Ainge of Waterford Township and Mrs. Clifford Stasiuk of Pontiac.

Also surviving are five grandchildren and two sisters, Mrs. Margaret Nash of Pontiac and Mrs. Rose Stange of Forest Park, Ill.

William M. White

Service for William M. White, infant son of Mr. and Mrs. Michael White of 801 Scottwood, will be 1 p.m. tomorrow at Donahoe-Johns Funeral Home with burial in Perry Mount Park Cemetery.

The 8-week-old infant died yesterday.

Surviving are the parents; a sister, Robin L. at home; and grandparents Mr. and Mrs. William Cox of Pontiac and Mr. and Mrs. Fred Hewitt of Lake Orion.

William Whitehead

Service and burial for William Whitehead, 85, of 198 W. Chicago will be from the Landis Funeral Home in Malden, Mo. His body was taken there by the D. E. Purley Funeral Home.

Mr. Whitehead, a former section foreman on a California railroad, died yesterday after a long illness.

Surviving are eight children, Lawrence, Bud, Vernice, Mrs. Mabel McCaslin and Mrs. Frank Bryant, all of Pontiac; Virgil and Dayton, both of Bernie, Mo.; and Mrs. Paul Stake of Doniphan, Mo.

Also surviving are 25 grand children and 13 great-grandchildren.

William H. Kennedy

ROCHESTER — Requiem Mass for William H. Kennedy, 68, of 421 Parkdale will be 10 a.m. Thursday at St. Andrew's Catholic Church. Burial will be in Mount Avon Cemetery. Rosary will be 8:30 p.m. Wednesday at Pilex Memorial Chapel.

Mr. Kennedy died yesterday. He was an employee of Construction Consultants, Inc., Detroit.

Surviving are his wife, Edna; a son, William H. Jr. of Bloomfield Hills; four grandchildren; and a sister.

Mrs. James King

TROY — Service for Mrs. James (Ellen) King, 72, of 2876 Wisconsin will be 1:30 p.m. Wednesday at Price Funeral Home. Burial will be in the Cadillac Memorial Gardens, East, Clinton Township.

Mrs. King died yesterday. She was a member of the True Vine Church of Jesus Christ.

Surviving besides her husband

are a daughter, Margaret King of Ferndale; a son, Lawrence A. Bagnell of Tucson, Ariz.; two sisters; a brother; and two grandchildren.

Dr. John Downing, who has been studying England's ITA program since it was introduced there five years ago, cautioned educators and the public against the "misleading" and "harmful" advertising claims used to sell one ITA series in the United States.

"Your goal is not to see how many children you can have jump through the hoop by the end of first grade," Downing told an audience of more than 120 educators at the Pontiac Elks Temple.

"We should be careful not to destroy the three main values of ITA," he said.

Through use of the ITA, children can be better equipped for self-discovery in reading and creativity in writing, he said. The third value is encouragement of the right attitudes toward reading for pleasure and enjoyment.

"DELIGHTFUL" After a tour of Rochester schools which use the 44-symbol simplified alphabet in teaching reading, Downing said he was "delighted by what I saw today."

"Schools in this area are making a really important contribution to use of the ITA in America," he said.

Downing praised Rochester teachers for their "relaxed attitude."

They are not working under pressure to claim early achievement at the expense of educational values, he said.

134 CLASSROOMS The Rochester classrooms visited by Downing are among some 150 in Oakland County in which ITA is used.

It is ridiculous to expect youngsters to transfer to traditional orthography after only one year of ITA, Downing said.

Using statistics from his research in England, the speaker indicated the transfer probably will be most successful after the third grade.

"The child should be fluent in ITA first," he said. "The bottom 25 per cent of the population will not get benefit from ITA unless it is continued beyond the third year."

"SERIOUS CAUSE" Downing said his research led him to believe that "traditional orthography is a serious cause of difficulty in reading."

After the first year, there is a dramatic difference in the reading progress of children trained under the two systems, he said.

His statistics indicate reading

productively under the traditional orthography is about two-fifths what it could be with use of a simplified alphabet.

Other figures presented by Downing indicated ITA pupils are able to use a greater number of words and are able to spell as well as other pupils after making the transfer to the traditional alphabet.

However, Downing noted that there is a temporary setback when a pupil makes the change.

"The transition is not traumatic," he said. "But there is a statistically significant loss."

While they initially cannot read as well in traditional orthography as in ITA, youngsters taught with the simplified method eventually can read about 25 per cent more words than their peers after recovering from the transition, Downing said.

Downing's study covers the first five years of ITA usage in England. The alphabet developed by Sir James Pitman was introduced in this country in 1963.

Checks Stolen Pontiac police warned area merchants today to be alert for persons attempting to cash stolen checks made out to the Oakland Distributing Co.

The checks, numbered 10541 through 10615, are drawn on the Manufacturer's National Bank.

A native of Flint, Fitzgerald joined General Motors in 1934 as a student of General Motors Institute. He graduated in industrial engineering in 1938 and joined AC Spark Plug Division on a full-time basis.

In 1953, Fitzgerald was named director of the Process Development Section of the General Motors Manufacturing Staff, a post he held until February of 1957 when he returned to AC as chief engineer. Later that year he was promoted to director of engineering and equipment sales. He continued in that capacity until 1963 when he was transferred to Rochester Products as works manager.

Fitzgerald is a member of the SAE and the Rochester Engineering Society.

He and his wife, Mary Louise, have four children. They are in the process of moving to the Pontiac area.

Infant Found Dead in Crib

A Pontiac infant was found suffocated in his crib yesterday, according to Pontiac police.

William M. White, 8-week-old son of Mr. and Mrs. William M. White of 801 Scottwood, was discovered dead about 11 a.m.

Stick to the Facts on ITA, Pioneer of Method Warns

The revolutionary Initial Teaching Alphabet (ITA) probably can help children learn to read better — but not necessarily earlier, one of the pioneers in use of the method warned area teachers at an Oakland Schools dinner last night.

Dr. John Downing, who has been studying England's ITA program since it was introduced there five years ago, cautioned educators and the public against the "misleading" and "harmful" advertising claims used to sell one ITA series in the United States.

"Your goal is not to see how many children you can have jump through the hoop by the end of first grade," Downing told an audience of more than 120 educators at the Pontiac Elks Temple.

"We should be careful not to destroy the three main values of ITA," he said.

Through use of the ITA, children can be better equipped for self-discovery in reading and creativity in writing, he said. The third value is encouragement of the right attitudes toward reading for pleasure and enjoyment.

"DELIGHTFUL" After a tour of Rochester schools which use the 44-symbol simplified alphabet in teaching reading, Downing said he was "delighted by what I saw today."

"Schools in this area are making a really important contribution to use of the ITA in America," he said.

Downing praised Rochester teachers for their "relaxed attitude."

They are not working under pressure to claim early achievement at the expense of educational values, he said.

134 CLASSROOMS The Rochester classrooms visited by Downing are among some 150 in Oakland County in which ITA is used.

It is ridiculous to expect youngsters to transfer to traditional orthography after only one year of ITA, Downing said.

Using statistics from his research in England, the speaker indicated the transfer probably will be most successful after the third grade.

"The child should be fluent in ITA first," he said. "The bottom 25 per cent of the population will not get benefit from ITA unless it is continued beyond the third year."

"SERIOUS CAUSE" Downing said his research led him to believe that "traditional orthography is a serious cause of difficulty in reading."

After the first year, there is a dramatic difference in the reading progress of children trained under the two systems, he said.

His statistics indicate reading

Independence Woman Is Hurt in Area Crash

A 33-year-old Independence Township woman was injured last night in a one-car accident on Williams Lake Road near Hatfield in Waterford Township.

Listed in satisfactory condition at Pontiac General Hospital on the road.

Two Seaholm Girls Share DAR Award

By HOLLY ALFS

The vote for the Daughters of the American Revolution Good Citizen Award at Seaholm High School ended in a tie.

For the first time, teachers and students agreed that seniors Janice Poplack and Claudia Torn should share the honor.

Janice was chairman of J-Hop last year, a member of Student Congress, and voted into the National Honor Society.

This year, she is secretary of the senior class, costumes committee chairman for YFU, and Field Day chairman of YFU.

Claudia Horn has also proven herself a leader.

She was Field Day chairman in her sophomore year and did such an outstanding job that she was reelected this year as chairman for the seniors. She is a varsity cheerleader and a member of Student Congress.

SHS's Student Congress is

Clarkston Club Has Toy Drive

By LINDA HEATH

The true Christmas spirit shines at Clarkston High School as the Medics Club sponsors a Christmas toy drive for the new children's wing at the Pontiac State Hospital.

The drive runs from yesterday through Dec. 23.

Contribution boxes are located at the Clarkston Post Office, the Clarkston Community Center, and other local stores.

CLUB OFFICERS

The club is under the direction of faculty adviser Bonnie Bant. Nancy Milligan is president, Carol Taylor secretary and Cassie Jacobs treasurer.

CHS also hosts a newly organized ski team this year. With faculty adviser Larry Walters as coach, and Russell Cockerill as assistant coach, the team includes both a girls' and boys' division with ten members in each.

The first meet will be Jan. 5 with Flint Holy Redeemer.

WKHS Dinner for Thespians

By JUDY FRANCIS

Waterford Kettering High School's dramatics Club will initiate new Thespian members at a dinner Monday.

The dinner is for members of the dramatics club and their parents.

Students will provide food for the 6:30 p.m. dinner. A special tickets and programs and Linda Awrey, refreshments.

Many Seaholm graduates attended the Thanksgiving Dance while home on vacation and many more are expected at the Christmas Dance.

"The Candle Glow" will be Saturday from 9 p.m. to midnight.

"Dark of the Moon" has been chosen by Richard Bagg, dramatics instructor, as the all-school play this year.

He says it is a legend combining comedy, tragedy, fantasy, and music in one dynamic play based on the story of Barbara Allen. The setting is the hills of Kentucky at the turn of the century.

The following students hold leading parts in the production: Chato Hill, Tim Fritz, Doug Wassel, Roe Heal, and Jamie Twayman.

All but one of these students has had previous acting experience.

Milford Seniors Hold Semiformal Dance on 'Ice'

By PAULA MIREAU

The Milford High School senior class presents "Imagery in Icicles" as the theme of Saturday's semiformal Christmas dance. It will be held from 8-11 p.m. in the cafeteria.

Music will be supplied by the Northville band. The decoration committee, headed by Connie Parks, is trying its best to keep the dance on "ice," while Nancy Beaman, publicity chairman, and Joe Mills, tickets, are trying to inform the public and raise the ticket sales.

Geometrical designs made of colorful tissue, tissue paper and colored paper are placed on large ceiling tiles and put on the ceilings of the main lobby and library lobby.

Future Teachers at Kettering are having a caroling party Dec. 23 at Mary Lou Marino's house. The party will start at 7:30 as members wander through the subdivision singing Christmas carols.

Cookies, hot chocolate and candy will be served at Marino's house afterward.

Children's Village Gets PCH Gifts

By CHRIS BLAKENEY

Each year, students at Pontiac Central High put themselves into the Christmas spirit by contributing gifts to the Oakland County Children's Village. Collections are being made this week in the homerooms. Students may give presents, money, or canned goods.

All presents must be appropriate for children between 1-18 years of age, must be wrapped and must be labeled according to the age and sex of the recipient.

To go along with the students' gifts, the Student Council has added a portable television set.

A theme of a department store has been chosen by the Dolphins, girls' synchronized swimming team, for the annual water show.

At the senior tryouts Thursday, Pat Macchiella and Molly Sellman were chosen as soloists. A duet will be composed of Judy Slade and Martha Forman.

There will be two trios: one, Sonya Hutchison, Nancy Gately, and Ann Dunlap, and the other, Peggy O'Neill, Sandy Norton, and Christine Blakeney.

Five members attended a clinic at Central Michigan University Saturday and learned new stunts and float formations to bring back to the club.

HOLIDAY GIFT — Pontiac Central High School students (from left) Lynda Cline of 131 Elizabeth Lake and Student Council president Prentice Hill of 288 Branch present Mrs. Lillian Wickham, head supervisor of Children's Village with a portable television set from the school's Student Council. Central's students are also contributing individual gifts for the children.

SCHOOL NEWS ROUNDUP

Adelphian

By JO ROSEN

The Adelphian Academy Band presented its Annual Christmas concert Saturday in the school's E. P. Weaver Auditorium. Dan Shultz is band director.

North Farmington

By KATHY KOURTJIAN

North Farmington Y - Teens Club held its annual cooperative supper last Wednesday. Six courses were served. Playing children's games (like Old Maid and Uncle Wiggily) provided the entertainment. Prizes were awarded to winners.

The 30-member club is under the sponsorship of Mrs. Ron Holland and Mrs. M. Lobanoff.

Ten NFHS students qualifying as finalists in the Michigan Math Prize Competition are: Kicab Castaneda, Michael Cary, John Harris, Jan Mäsel, Paul Mingo, Thomas Moher, Richard Nielson, Don Peterson, Janice Purdy and Kenneth Rosen.

Sacred Heart

By MARY GRACE ALTALTO

Last week at Sacred Heart, activity was centered around preparations for Thursday's feast of the Immaculate Conception.

High school class representatives chosen were Olga Manikoff, Mary Helen Lorenz, Melinda Churches, Jane Johnston, Joanne Justi, Kathy Jarvis and Patricia Pop.

Others were Mary Mahlmier, Mari Fisher, Christine Milon, Joan Colombo, Susan Tindal and Julie Kirtcher.

St. Lawrence

By JAMES PAKLEDINAZ

St. Lawrence High School yearbook staff will meet tomorrow after school and on Saturday.

The future Teacher's Club is observing teaching methods at the grade school through May.

After the observations have been recorded a report will be made to the other members.

The Christmas spirit has pervaded the corners of every class room in St. Lawrence.

Each class will fill Christmas baskets for the holiday dinners to be distributed to needy parish families.

Romeo

By EDD CHATFIELD

Beginning this year, Romeo High School, as well as cooperative occupational training program to the curriculum. Only seniors may participate.

Brother Rice

By GARY MILLER

The Student Council of Brother Rice High School will sponsor its annual Christmas dance Dec. 22 with the theme "A Swiss Noel."

Rogor Schreiber, chairman of the Student Council's Social Committee, is in charge. The dance is open to seniors, juniors, and alumni of Brother Rice.

The semiformal dance will be from 8:30 p.m. to 12:30 a.m.

The fugitives will provide entertainment.

The sophomore class will work at the dance, checking coats, taking tickets and serving refreshments.

Members of the club, sponsored by Mrs. Lotta Cousins, will act as ushers for the senior play.

"The Mad Woman of Chailot" by Jean Giraudoux has been chosen for the senior class play of 1967.

Sandy MacAbee, a faculty member, will direct the performance.

Club officers are: Martha Crump, president; Linda Rice, vice president; Kay Firestone, secretary; and Noreen Eckler, treasurer.

En Garde

By RICHARD BOSLEY

As Christmas vacation approaches, Cranbrook School is not only preparing for end-of-term examinations but also for the traditional Christmas Pageant.

This annual event takes place on the last evening before Christmas vacation begins.

The pageant itself is no ordinary show but rather a replica of an Old English feast complete with boar's head, plum pudding and a yule log.

It is performed by the Cranbrook Glee Club for the 10th, 11th and 12th grades, faculty members and their wives, and honored guests of the headmaster.

Everyone attended the pageant in former years when the

school was small, but this is no longer possible.

All the guests, wearing dark suits or black ties, gather in the Page Hall Common Room before the pageant and await the cost jester, who is dressed in cap and motley with a fool's bauble, to bid them to feast with the words "Salve! Salve!" which is Latin for welcome.

Many of the speeches and songs are authentic and were spoken or sung hundreds of years ago.

SONG AND STORY

After the guests are seated, Christmas carols are sung. Biblical passages concerning the nativity are read by the Rev. Dorval Ward, school chaplain, and a creche scene is reenacted by the Glee Club.

Following this, the herald announces the jester, who again

makes a short speech before the first course is served.

Then the Glee Club forms the ancient procession of the Boar's head, singing traditional songs: "The boar's head as I understand, is the fairest dish in all the land; caput aspi defero, redens laudes domini."

The serving of the main course, the singing of carols, and the processions of the plum pudding and the yule log follow in order.

Finally, the Mimmers' play of St. George and the Dragon is played between the tables in the dining hall. Several seventh and eighth graders, dressed in costumes, act as St. George, the Dragon, the Prince, the Doctor, the Giant, and the Saracen.

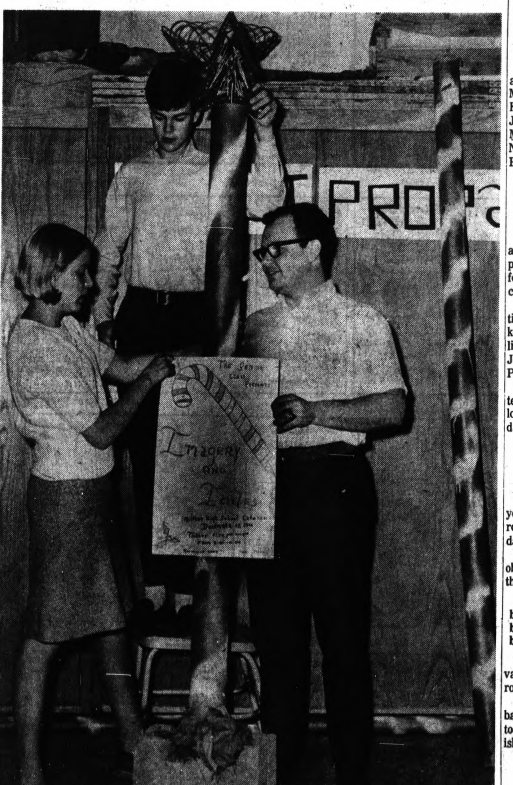

Finally, the Mimmers' play of St. George and the Dragon is played between the tables in the dining hall. Several seventh and eighth graders, dressed in costumes, act as St. George, the Dragon, the Prince, the Doctor, the Giant, and the Saracen.

CONVICTED SLAYER ATTACKED — Max Ward, sentenced to life imprisonment for the slaying of Dow Wilson, Painters Union leader, is carried in an ambulance after having been attacked in a San Francisco courtroom

yesterday by Wilson's son, Scott (right). Ward suffered facial wounds when his glasses were broken. Ward had just been sentenced in Superior Court when Wilson leaped from the audience and attacked him.

Part of 'M' Faculty Military Slaps University's Policies

ANN ARBOR (AP) — The College of Literature, Science and Arts faculty militantly slapped the hand of the University of Michigan administration Monday night for the university's ban on student sit-ins and its cooperation with the House Un-American Activities Committee last summer.

A resolution charging the administration with "less responsibility and less fidelity to the Democratic process than the university community had every right to expect" was forwarded

U. of M. President Harlan Hatcher and the Board of Regents.

Last summer, the university, under subpoena, turned over to HUAC a list of 65 students in three left-wing campus organizations. In September, the university banned sit-ins which interfered with its operations.

The Treaty of Lateran, in 1929, recognized Vatican City as an independent state.

Missouri Senator in Charge

Hearing on Bugging Is on Tap

WASHINGTON (AP) — The wiretap flap between Sen. Robert F. Kennedy and FBI Director J. Edgar Hoover will move into the arena of a Senate hearing next year.

Sen. Edward V. Long, D-Mo., announced the scheduling Monday night. Long, who has been investigating invasions of privacy by wiretappers and electronic snoopers since February 1965, stepped into the Kennedy-Hoover dispute minutes after his return to New York from a month-long visit to Greece.

At issue is who — Hoover or Kennedy — is telling the truth about who authorized the wiretapping and electronic eavesdropping which has jeopardized a host of federal prosecutions.

BAKER CASE
One of those cases on the endangered list involves Bobby Baker, former secretary to Senate Democrats and a friend of President Johnson.

As for the two principals in the dispute, both Kennedy, a New York Democrat, and Hoover were practicing the silence-is-golden routine Monday night. In entering the dispute, Long said, "Now that some of the principal participants have opened up in these matters, we feel that an on-the-record airing is necessary."

Long is chairman of the Senate subcommittee on administrative practices and procedures. The committee staff has already drawn five proposed laws, one of which Long has

said he will submit to Congress early in the next session.

The Kennedy-Hoover quarrel opened last Saturday with the release of a letter from Hoover to Rep. H.R. Gross, R-Iowa.

In this letter Hoover asserted Kennedy knew about the wiretapping and electronic surveillance activities of the FBI and attached a memorandum signed

by Kennedy purporting to show this.

Further, Hoover said that during Kennedy's 1961-64 tenure as attorney general, these activities had increased with Kennedy's approval.

Kennedy said maybe he was supposed to know about these activities, but he didn't and certainly he had never authorized them.

Death of Housewife Probed in Detroit

DETROIT (AP) — Police are investigating the death of a Detroit housewife, found Monday with a knife in her chest.

The 34-year-old twin daughters of Mrs. Patricia Topalian, 37, found the body.

Mrs. Topalian's husband, John, told police a prowler had been seen in the neighborhood of their apartment Sunday. He also said his wife had threatened suicide recently.

Loans Approved
WASHINGTON (AP) — The Department of Housing and Urban Development today approved a \$25,000 loan to Muskegon to plan for 200 low-rent homes. It also approved an additional \$4,019 grant to the Detroit Metropolitan Area Regional Planning Commission to aid further planning for growth and development in the six-county region.

In ancient times, the Black Sea was known as the Euxine Sea.

WAKE TO THE SOUND OF MUSIC

You may never hear some of the best things about this radio, like Vue Alarm to show you when the alarm is set. Or wait! Let it change the alarm for the next sleephead. Or snooze alarm to give you 40 extra winks. But, what you WILL hear — makes up for it!

ONLY
\$49⁹⁵
