

Yes, There Are Leprechauns

DANI'S A BELIEVER—Three-year-old Dani's A. Keesling, daughter of Mr. and Mrs. Daniel J. Keesling of 428 Kuhn St., found today that the wee people are very apt to appear on St. Patrick's Day, as this merry leprechaun—completing with fairy lore—sought the warmth of a child's smile rendering her a sprightly Irish ju.

Prospects Brightest in Years

Pay Boost Bill in Senate

LANSING (AP)—Prospects for healthy salary boost for state lawmakers were the brightest in years today.

A bill raising the annual pay of the 144 senators and representatives from \$4,000 to \$6,500 moved into the Senate yesterday after swift approval in the House. The 68-34 vote, retaining the \$1,000 expense allowance, came without a word of debate.

Area representatives voting for the raise were Arthur J. Law (D-Pontiac), Farrell E. Roberts (R-West Bloomfield Township), James Clarkson (D-Southfield), William Hayward (R-Royal Oak), and John C. Mitchell (D-Hazel Park). Not voting was Rep. Lloyd L. Anderson (R-Waterford Township).

Senate approval would boost lawmakers into the top salary bracket among the nation's state legislators. Only New York pays as much as \$7,500 on a yearly basis.

DIFFERENT ATTITUDE?
A similar measure got past the House last year, but money-conscious senators quickly buried it. Their attitude seemed changed yesterday.

If the Senate approves, salary increases the House voted for the governor and four elected state officials would start in July 1961, after current terms expire. The governor's pay would move from \$22,500 to \$30,000, fourth highest in the nation behind New York, California and Pennsylvania, and equal to New Jersey.

Salaries of the attorney general, secretary of state, auditor general and treasurer would go up from \$12,500 to \$17,500, putting them on a par with the superintendent of public instruction and the state highway commissioner.

The "orphans" of the State Administrative Board, the lieutenant governor, would remain unchanged at \$8,500.

The Senate also was busy endorsing pay raises yesterday. A bill to bump the eight Supreme Court justices from \$14,500 to \$27,000 was passed.

3 Women Brutally Killed

Melt Snow for Murder Clues

Legislators Peril College Plans of Area's Students

Varner Fears Results of Austerity Financing by GOP in Lansing

By MAX F. SIMON
EAST LANSING — Several hundred Oakland and Macomb county school graduates will have to postpone or even miss a college education if the Legislature fails to grant more funds this year to Michigan State University Oakland, the MSU Board of Trustees were warned today.

In a report on the potential fiscal crisis, D. E. Varner, MSUO chancellor, warned that youth would suffer the most from the austerity program recommended by Senate Republicans.

"And the youth in our area will suffer the most of any in the state," Varner stated.

Varner, MSU President John A. Hannah and MSU Provost Paul A. Miller outlined to the Board the impact on enrollment that the austerity program would have if it is adopted.

Varner said that of the 700 high school graduates expected to apply for entrance to MSUO this fall, only about 350 could be accepted without more funds.

"Of the 350 we might be forced to turn down, many wouldn't have enough money to attend school," he said.

"This is one of the big reasons for MSUO to provide nearby facilities for a great number of young people who must live at home," he said.

MURDER WEAPON — This gnarled tree limb may have been used to kill three women at Starved Rock State Park near Ottawa, Ill. The possible death bludgeon is examined by Sup't. of Highway Police William Morris (left) and LaSalle County State's Atty. Harlan Warren. Police have little to help solve the brutal triple slaying.

City Planning Group Eyes New Urban Renewal Project

City planners are eyeing a new urban renewal program in the heart of downtown Pontiac—a venture small in size but important in scope—it was disclosed yesterday as business leaders tentatively approved a two-phase campaign to spearhead downtown revitalization.

The city may be asked to request federal help to purchase all of the two-block area bounded by Saginaw, Pike, Cass and Orchard Lane avenue, said Robert A. Stierer, assistant city manager and urban renewal coordinator.

If acquired and cleared by the city, the land could prove to be "an especially attractive" spot for a large-scale commercial redevelopment, he said—redevelopment that might set the pace throughout the downtown area.

Stierer's disclosure came as the mayor's 10-member steering committee for downtown redevelopment met for the first time and approved, tentatively, a one-two punch combination to bolster the slumping business district.

WANT ESTIMATES
Committee told city planners and planning consultants, first, to estimate costs of a master plan for redevelopment.

These are to be ready by April 13, the day after the public hearing on the urban renewal project now in the works.

Costs for such plans elsewhere have ranged around \$65,000 or more.

Committee then indicated that when and if they are armed with such a plan, they would be willing to spearhead a drive to make it a reality.

Present to describe the kind of plan that was proposed to the committee was David S. Geer, head of Geer Associates of Birmingham, the city's planning consultants.

If the city asks for a downtown master plan, Geer is expected to be a likely choice for the job. He has helped the city on many plans, including urban renewal and the Civic Center.

Geer detailed to the committee a master plan his firm prepared for Mount Clemens, which has a downtown redevelopment program under way.

Funds for one were not included in the city budget this year. But Mayor Philip E. Rowston and City Manager Walter K. Williams said the City Commission might be approached for an appropriation. Both Rowston and Williams are on the committee.

Stierer said that Pontiac might (Continued on Page 2, Col. 3)

Socialites Meet Gruesome Fate on Holiday Trip

Wives of Executives Battered to Death in Illinois Park

OTTAWA, Ill. (AP)—Knee-deep snow was melted with flame throwers today in the search for clues to the slaying of three women.

Crews worked near the mouth of a cave in Starved Rock State Park where the battered bodies of the victims were found yesterday.

Their heads had been smashed and their bodies bruised from beating. State's Atty. Harlan Warren said all indications pointed to rape, too.

But that point, and the precise cause of death, will not be known until a state pathologist makes his report.

A bloodied tree limb and a length of cord were being studied. They were found near the bodies.

The victims, all wives of Chicago business executives and well known socially in the Chicago suburb of Riverside, were:

Mrs. Frances Murphy, 47, wife of R. W. Murphy, vice president and general counsel for Borg-Warner Corp.

Mrs. Mildred Lindquist, 39, wife of Robert Lindquist, vice president of the Harris Trust & Savings Bank.

Mrs. Lillian Osting, 54, wife of George H. Osting, general supervisor of internal audits for the Illinois Bell Telephone Co.

The investigation moved slowly. Snow in St. Louis Canyon was knee deep and the temperature 22 above zero.

STREAKS ON FLOOR
Within the cave investigators found a piece from a pair of spectacles and a piece of brown comb.

There were streaks of blood on the ice-covered floor of the cavern, and blood spots were seen on a path leading to the cave.

In the cave searchers found (Continued on Page 2, Col. 1)

Dollar Days Feature Old-Fashioned Buys

Free parking in city parking lots plus loads of values are features of the first Downtown Dollar Days sale tomorrow and Saturday.

State prices will be rounded off to the even dollar in most cases; you won't have to spend any extra pennies, according to Clifford Grovogui, manager of Walte's Department Store.

And sales personnel in many stores will be wearing old-fashioned costumes "to point up the fact that shoppers will be getting values based on the worth of the old-fashioned dollar," explained Grovogui, who is chairman of the Downtown Merchants Assn.'s sales committee.

Stores will be open from 9:30 a.m. to 9 p.m. tomorrow and 9:30 a.m. to 5 p.m. Saturday.

Many Auto Collisions Reported

Nine Injured as New Snow Blankets Pontiac Area

A hazardous, wet snow caused dozens of automobile accidents and injuries to nine persons in Oakland County within the last 24 hours.

And weathermen say there'll be more snow today through Saturday.

Light snow and flurries with little change in temperature is the forecast for the three-day period. A high of 34 is expected today, dropping to a low of 25 tonight.

Winds today were reported southerly 10 to 20 miles per hour becoming westerly tonight.

The lowest recording in downtown Pontiac preceding 8 a.m. was 30 degrees. The temperature at 2 p.m. was 30.

Pontiac police reported a number of property damage automobile accidents and three collisions which resulted in injuries since yesterday.

One woman, pedestrian, was struck by a car and another housewife had to be hospitalized after she slipped on an icy sidewalk.

Stewart M. Belts Jr., 15, of 186 Strathmore St., was treated for injuries to his face at Pontiac General Hospital after he lost control of his motor scooter yesterday on Montclair street near Summit street.

Mrs. Helene Rink, 68, of 2411 Opdyke Rd., was admitted to Pontiac General with facial injuries yesterday after she slipped on an icy sidewalk on Mt. Clemens street. Her condition today was listed as good.

Mrs. Elsie R. Manriquez, 51, of 86 W. Howard St., was treated for an injured left leg and released from Pontiac General last night after she was struck by a car at Saginaw street and Clark street.

Driver of the automobile, Irvin Brado, 22, of 23 Carlton (Continued on Page 2, Col. 3)

They've Got Something to Cheer About

WHOOPIING IT UP FOR CHIEFS—Pontiac Central High School cheerleaders and their enthusiastic cheering section let out victory yells Wednesday night at the University of Detroit Memorial Building as the Chiefs score a resounding 71-52 quarter-final triumph over Taylor Center to advance to Friday's Class A state semifinals at East Lansing. The Chiefs will meet Austin Catholic in the semi. Oakland County's other tournament hope, Class B Troy, was eliminated by Flint Berdie, 76-61, at Pontiac Northern yesterday. (Details on sports pages.)

News Flashes

EDWARDS AIR FORCE BASE, Calif. (AP)—The rocket ship X-15 got its severest test today, undergoing a first-of-its-kind climb that gravity during a climb turned high over the desert. Crack test pilot Scott Crossfield led a short period weighing 1,800 pounds instead of his normal 170. He came through in good shape.

SAN ANTONIO, Tex. (AP)—John B. Hussey, member of the Federal Power Commission, collapsed and died here today. He was in San Antonio to make a speech.

ST. LOUIS (AP)—Teddy Neuffer, 44, a well-known comedian for prospective circus takers today. The chunky former clerk who won \$264,000 on television quiz shows fidgeted and fretted through an hour-long map reading and vocabulary test.

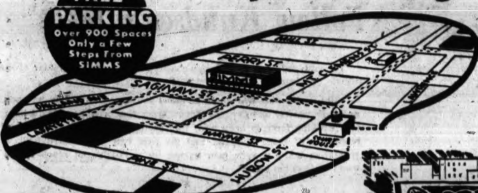

WASHINGTON (AP)—The Commerce Department today announced it has revoked licenses to export helicopters to Cuba. The announcement confirmed a report in the Houston Post which said the action appeared to be the start of a general crackdown on arms and shipment of military goods to Cuba.

WASHINGTON (UPI)—The head of the Cuban delegation to the Inter-American Defense Board resigned today after denouncing Prime Minister Fidel Castro as a stooge of international communism. Navy Cmdr. Miguel F. Pons announced his resignation at a closed meeting of the 21-nation hemisphere defense body and was applauded.

Group to Co-ordinate Future Foreign Help

Representatives of European nations, Japan and the United States are meeting in Washington for the purpose of co-ordinating aid to less developed countries.

In 1958, the latest year for which figures are available, European nations contributed \$1.1 billion in development aid and the U.S. \$2.25 billion. Other members of what is now known as the Development Assistance Group include Belgium, Britain, Canada, France, West Germany, Italy and Portugal. Representatives from the six nations of the European Common Market and Japan also are attending.

The U.S. will present two proposals at the meeting; that all aid be co-ordinated through the World Bank and that long term credit be given in supporting development projects. It is felt that in the past too much of the aid was in the form of short term export credits or guarantees by nations to their own businessmen against loss from exports.

By banding together to work on aid programs, duplication of assistance will be avoided and funds used to better advantage. The group also will be able to concentrate on the most needed projects without any national political implications.

This Plan May Solve Air Drinking Problem

Liquor in the wild blue yonder has become quite commonplace. In fact, it is served on most planes where the runs are of any length. This is not unusual since it has been served on trains and boats for years.

But it seems to have served to create considerable discussion on just how to regulate it. It occurs to us that it is a lot of unnecessary hubbub. Why is it so different than drinking anywhere else?

The Federal Aviation Agency decrees that the airlines must not serve alcoholic drinks to passengers obviously squiffed. They also say that passengers bringing their own bottles aboard must be served drinks from them only as the stewardess sees fit.

In the case of a violation the Federal Agency recommends a fine of up to \$1,000.

This probably is as good a solution as any. It will never be solved to everybody's satisfaction. But then the same question arises daily in our bars on land with the same hickering.

Central's Van Ryzin Is Coach of the Year

Art Van RYZIN, head coach at Pontiac Central High School, has been named Michigan's high school basketball coach of the year 1960.

It couldn't happen to a nicer guy. Throughout his 13 years at Pontiac Central, Art has managed to keep the Chiefs at the top of the Saginaw Valley League or a No. 1 challenger.

This has been no small task, and Coach Van RYZIN deserves a great deal of personal credit. It has been largely because of his careful tutelage and zest to have a winner that the Chiefs have ranked high year after year.

His selection was made by six leading coaches of the Michigan

High School Coaches Association. To be honored by fellow coaches is an especially high tribute, one Art is entitled to.

We salute the coach of the year for his brilliant record.

Hoover Says Don't Take Chance on Hitchhikers

J. EDGAR HOOVER comes up with some pungent remarks on hitchhiking which is sound advice from our chief of the Federal Bureau of Investigation.

Mr. Hoover's words were like this: "Don't pick up trouble! Is he a happy vacationer or an escaping criminal—a pleasant companion or a sex maniac—a friendly traveler or a vicious murderer? In the gamble with hitchhikers, your safety and the lives of your loved ones are at stake. Don't take the risk!"

We agree, and hope everyone will follow these wise words of advice.

The Man About Town

'Tis St. Pat's Day And Many Local Residents Are Proudful of the Green

Green: A color that today doesn't blend well with orange.

Probably there are few other cities whose residents have a greater proportion of Irish blood than Pontiac. It is conservatively estimated that this applies to at least one-third of our people.

A survey must include a great number whose names do not indicate an Irish ancestry. Intermarriage down through the generations makes this true.

In our early settlement many Irish people came here. A roster of a century ago shows the disciples of St. Patrick rule predominant. This is the case with the areas of Oakland County outside of Pontiac more than it is on a strictly local basis.

The life term of their patron saint, placed around 389 to 463 A.D., is surrounded with fact and legend. He Christianized Ireland, and did many other good things for it.

Assuming that the snake legend is true, we could use a St. Patrick in Oakland County in these modern times. He might also drive out some other undesirable things.

No wonder so many of our good citizens are proudly wearing the shamrock today.

A colony of goldfinches, numbering a dozen or more, have been spending the winter near the home of Mr. and Mrs. Arthur Mangold of Drayton Plains, but disappeared a few days ago, having evidently decided that it was time to go south.

Besides booming many points in the Pontiac area as ski resorts, this winter, according to that long time observer, John Oberon

of Waterford, is proving that March should lose its classification as a spring month.

It is pointed out that, not only the farmers, but also every garden and flower grower and every owner of a lawn will profit by the manner in which this winter's snow largely remained where it fell.

Recently moving from Detroit to Clarkston, Elmer Orestu writes me that his family have used that old fashioned sulphur and molasses combination for a "spring system cleanup" for over 30 years, and never have employed a doctor during that time.

The business battle between the cement and asphalt interests is bringing a drop in the cost of building our paved roads. Latest advices from State Highway Commissioner

John C. Mackie is to the effect that both are OK, and are being used according to the conditions that favor either.

Verbal Orchids to—

The Monkey on His Back

David Lawrence Says:

Negro Sit-Ins Are Illegal, Unjust

WASHINGTON—Gov. Leroy Collins of Florida is known as one of the "moderates," as contrasted with the "extremists," with respect to racial strife in the South, so what he has said in criticism of the "sit-in" demonstrations is indicative of the deep feeling that is being engendered by these episodes.

The governor made a public LAWRENCE speech on Tuesday in Lakeland, Fla., which, so far as this writer can determine, was not generally reported in the northern press. He said:

"Today we see white Americans and colored Americans facing each other with glowing hate, willing to get shude communities aflame, all over whether they are to be permitted to sit at the same counters in 10-cent stores."

"Racial discord in America is following a Communist script, whether or not it is written from the Kremlin. I would not know about this. But, frankly, if the leaders in the Kremlin had worked up a plan to weaken us throughout the world, I can think of none which would be more effective than the script we are now following."

The Florida governor declared that the "sit-in" in our great national Congress is being projected before the world as a bitter controversy between Americans over whether Negro citizens are free to vote in our free elections. The truth is, as Sen. Talmadge of Georgia pointed out the other day, large numbers of Negroes do vote in southern states. The question of their qualifications hitherto has been a state problem.

"The men," said the governor, "if the men in the Kremlin were writing a prescription for destroying American influence, they would include a discrediting American freedom and democracy by presenting to the world as a nation torn by internal dissension, incapable of dealing justly with one another in a spirit of mutual respect and brotherhood."

President Eisenhower came up with a good suggestion when he proposed at his press conference on Wednesday that there be "bi-racial conferences in every city and every community of the South," which, he said, would be much better than "trying to get up here and direct every single thing from Washington."

The President was asked if he believed that Negroes have "guaranteed rights to eat with whites at lunch counters." He replied:

"Now, my own understanding is that, when an establishment belongs to the public, opened under public charter, and so on, equal rights are involved, but I am not sure that this is the case whatsoever. I was talking about lunch counters."

The best remedy I know to control dandruff (I'm not going to say there's no cure for dandruff) is a pomaded consisting of a dram (teaspoonful) of sulphur and (twenty) 30 grains of salicylic acid in an ounce of U.S.P. ointment of rose water.

U.S.P. ointment of rose water is sometimes called "cold cream," but, unlike the numerous commercial ready-made "cold creams," it contains no paraffin, petroleum, petroleum jelly, mineral oil.

Part the hair here and there and apply a little pomade by rubbing it into the scalp (not the hair) with the fingertips, covering about one-fourth of the scalp in this way each evening, three or four evenings in the week. Once a week shampoo instead of the pomade. Continue this systematically for four or five weeks.

Generally this controls (no, sir, I didn't say it cures) the dandruff for several months. Have a further course of treatment when you need it.

Many persons with dandruff will

demonstrations of marching in the streets or any other kind of peaceful assembly.

"Now then, to my mind, as long as they are in orderly fashion, are not only constitutional, but they have been recognized in our country as proper since we have been founded. Now, the different types, different ways in which resentment or defiance could be expressed, I just can't. I couldn't possibly go into all those details—I don't know."

SO DID LITTLE ROCK Constitutional lawyers would add, however, that the people of Little Rock also had a right to assemble

Dr. William Brady Says:

Don't Sop for Dandruff—Try This Pomade

Dandruff is the \$1.80 name for it, but doctors have other names for it, such as pityriasis, seborrhea sica if you care to go as high as \$10.

I don't know, but I doubt that dandruff is due to any sort of germ and that the condition is contagious.

In appreciation of this, barbers should refrain from offering me complimentary shaves or haircuts—not that I mind paying but I just haven't time to visit a barber shop.

Seborrhea sica is the dry scaly type of dandruff. Seborrhea means the profuse secretion of sebum (oil) by the sebaceous glands of the skin; sica means dry.

Both acne (blackheads and pimples) and dandruff are consequences of seborrhea, in my opinion, and a certain degree of seborrhea, or superabundant secretion of sebum (natural skin oil and hair oil) is normal in youth.

The sebum, nature's beautifier, is far better for the complexion and the hair than any cosmetic one can apply. Young persons are well advised to use only sparingly either soap or other detergent preparations for removing oil from skin or hair. Even water may remove too much oil in some instances.

In general it is a good rule for a person under 30 to make the bath as short as possible and to shampoo, with plain toilet soap and water, only once a month. Except as I shall describe presently, for dandruff.

The best remedy I know to control dandruff (I'm not going to say there's no cure for dandruff) is a pomaded consisting of a dram (teaspoonful) of sulphur and (twenty) 30 grains of salicylic acid in an ounce of U.S.P. ointment of rose water.

U.S.P. ointment of rose water is sometimes called "cold cream," but, unlike the numerous commercial ready-made "cold creams," it contains no paraffin, petroleum, petroleum jelly, mineral oil.

Part the hair here and there and apply a little pomade by rubbing it into the scalp (not the hair) with the fingertips, covering about one-fourth of the scalp in this way each evening, three or four evenings in the week. Once a week shampoo instead of the pomade. Continue this systematically for four or five weeks.

Generally this controls (no, sir, I didn't say it cures) the dandruff for several months. Have a further course of treatment when you need it.

In the vicinity of Central High School in 1957, but mere fear of mob violence caused the federal government to send in troops to disperse any assembly, peaceful or otherwise.

Today Negro leaders are provoking bitter feeling in the South by "sit-in" demonstrations which, in themselves, are unlawful and a violation of the rights of private owners of restaurants. Any organization that planned the demonstrations must have known that sooner or later the participants would be ejected and, if disorderly, would be arrested and punished.

Chief Pontiac VI

Chief Appreciates Help of Others

We give our sincere thanks for a job well done by officers and men of the White Lake, West Bloomfield, Independence and Union Lake Fire Departments. Our assist given our department by the lumber company fire on Highland road.

Under the adverse conditions which the department had to work, all did a remarkable job on protecting exposures as well as buildings involved.

Chief Elmer Fagbender Waterford Township Fire Department

Case Records of a Psychologist:

Don't Make Child Merely a Puppet

Mabel is like most of us parents, for we are all inclined to mold our children's careers to fit our own dreams. But a good parent should not forcibly train his youngsters to be a mere Charley McCarthy. If you can tactfully teach him to "want" a musician or doctor, then it's O.K. So send for the "Vocational Guidance Kit" below.

By GEORGE W. CRANE CASE E-418: Mabel G., aged 34, is the mother of Della, described yesterday.

"Dr. Crane," Mabel added, "I'll just die if Della doesn't become a great concert pianist."

"All her life I have planned and dreamed of such a career for her."

"She has definite talent, as her mother has told her, so she must DR. CRANE cultivate it for mankind. It's a God-given talent."

"So please help me keep her at the piano every day."

MUSICAL FALLACIES Our brains are God-given, and so is our vision, hearing and intelligence (I. Q.).

But be cautious about musical or mathematical or engineering or other learned reaction an inherited talent.

At the risk of shocking a lot of you old-fashioned readers, I'd like to give you the latest scientific facts. Millions of kids have just as keen tonal range and as fine a distinction of pitch, as does the child who is regarded as a musical genius.

Voice of the People

'Let's Have City Officials Follow Knudsen's Ideas'

The editorial on S. E. Knudsen's speech is a striking example of the attitude city leaders should have developed years ago.

Many cities this state would be proud and happy with industry such as Pontiac Motor and General Motors Truck that would put tax dollars in a working force to keep pace with changing times. Pontiac has a reputation of being stagnant and the past two years have built a reputation that's a very poor excuse for a laugh and reached into every state in the Union.

Businessmen can promote progress, but city government must not suffer with stagnant theories. No government or business can move forward without insight, vision, ambition, ability and efficiency within the ranks. Several commissioners boast of our progress, but in my 30 years of knowledge we've received millions of tax dollars and the change is very small compared with other cities of equal size.

Last year we spent thousands to reorganize the police department and now we're where we started. Four years ago we had the blunder of about a quarter of a million on the hospital.

In April we'll have an election. Let's take a good look at our commissioners' records and get out and vote. Some need to be retired if we're to progress with Mr. Knudsen's theories that have proven to be effective.

James Chesser

Missing Names Disappoint Readers

We at Commerce School feel information in your recent article on Brandy, the St. Bernard rescued from the Huron River, was not complete. Two of our teachers, Burton Howe and John Batistak, played a very important role in this rescue. We were disappointed to find no mention made of them.

13 Disappointed Readers

(Editor's Note: Unless a reporter actually sees such a crime, the Press must rely on information given to us by witnesses. Since no one at the scene mentioned the two teachers and their names did not appear on the Sheriff's Department report, they were not included in the story. No slight was intended.)

We Should Be Glad to Pay Our Taxes

Every person in this entire community should be very happy to pay his city, school, county, state and federal taxes. What a wonderful nation we have and what we want to live in any of the other countries in the world—tax-free?

We're the fortunate people of the entire globe and it isn't becoming for us to write about taxes that make it all possible. There weren't any taxes when my great-great-grandfather ran this community, but do you want to compare what you have now to what his people had then?

Chief Pontiac VI

Portraits

By JAMES J. METCALFE

I do not wonder, darling, what... My life would be today... If never in the years gone by... Your eyes had looked my way... I know it would not be the same... But, darling, I know, too... I never could be equal to... God has been extra good to us... Especially to me... He guided you to me, and bless... My soul with ecstasy... Just being with you day and night... Each moment at your side... Fills me with love and gratitude... And not a little pride... I have no cause to wonder what... My life would be today... It never could have been as sweet... As when you looked at me.

Tax Tips

INTERNAL REVENUE SAYS:

Children who earn over \$500.00 may still qualify as your dependent if you pay over half of your child's support. The child must be under 19 years of age. A child earning \$100.00 or more who is 19 or older can qualify as a dependent if he is a full time student.

Carthy's who simply express your own suppressed urges.

Mable is doing that with Della. Mable married against her father's wish, for Mable was in Music College at the time.

Her mother became alienated. And Mable's husband finally deserted her.

So Mabel is trying, belatedly, to carry out her father's ambition by

making Della into a concert pianist, thus fulfilling two generations of frustrated dreams.

Send for my "Vocational Guidance Kit," enclosing a stamped envelope, plus 20 cents (non-profit). It contains some dandy tests for church groups.

Always write to Dr. George W. Crane for care of The Pontiac Press, Pontiac, Michigan. Money should be enclosed in a stamped envelope and do not forget to enclose the test results and send for the psychological charts and pamphlets.

Guards Freedom to Worship, Work

Religion should have no bearing on Mr. Kennedy's being elected President. Don't condemn anyone for his religion; just thank God he has some.

If Kennedy's elected, no one will be forced to go to his church. Remember, Congress makes our laws.

Let's watch the union. Once we had a right to work for whom and when we wished. When our Constitution was set up, I believe our forefathers intended it as a shield not have to pay anyone for the right to work.

The President doesn't control Congress, but if voters don't watch out, in a very short time the union will. I still believe in the right to worship and the right to work. Let's not lose our freedom.

Southerners Working for Limit on Referees

WASHINGTON (AP)—Southerners campaigned in the House today to try to confine powers of voting referees to elections of federal officers.

The provision now in the pending civil rights bill provides for a federal court and referee enforcement system for Negro and other minority voting in all kinds of elections — from president to minor local officers.

Backers of the provision won two major test votes Wednesday over the hard-fighting Southern House members.

Privately, some Southern leaders conceded they are probably outmanned in the House and must pin their remaining hopes on their Senate colleagues. The Senate meanwhile was marking time.

while the House battle went forward.

On the other side of the controversy, members of the bipartisan civil rights group were taking for granted approval of the referee plan and talking of writing in a ban on poll taxes.

The House Wednesday adopted 188-120, provisions to avoid legal delays that might be used to keep Negroes away from the polls even after they took the cases to federal referees. The bill as amended now provides for provisional voting in unsettled cases, with the ballots to be kept separate until final determination.

This provision offered by Democratic Rep. James C. O'Hara of Macomb County, Mich., helped solidify the support of some Northern Democrats who objected to the administration-inspired bill as too weak.

The next key vote beat down 168-121, a move by Rep. Edwin E. Willis (D-La.) to require stricter proof by applicants that they were refused voting rights solely because of race or color. Civil rights supporters said it would defeat the bill by making possible man for ox tail soup, snails, rabbit and potato nanakes.

Willis said House actions were shaping the bill in such a way that "if it should pass" it will be decent. The winner gets to select "no objectionable to the Southern St. Patrick's Day menu."

senators they will filibuster, if necessary."

If the Senate changes the bill, or adopts its own different one, Southerners in the House would have new opportunities for harassment and delay.

Willis said the proposal to limit the referee plan to election of federal officers — such as members of Congress — is only one of six or more amendments the Southerners will press before the showdown vote on the plan.

Hasenpfeffer!

Just the Thing for St. Pat's Day

DETROIT (AP) — There are some very sad Irishmen at the University of Detroit today—St. Patrick's Day.

The Irish of the St. Francis Club will dine on ochsenschwanz, schneck, hasenpfeffer, and kartoffelpuff, which is German for potato nanakes.

The reason is the Irish lost their annual tug-of-war to fellow shaping the bill in such a way that "if it should pass" it will be decent. The winner gets to select "no objectionable to the Southern St. Patrick's Day menu."

Hunt Murderer of County Man

Nathan Ruzumna Lived in Oak Park, Was Slain at Detroit Shop

Detroit police have found few clues yet in the Tuesday slaying of an Oak Park man.

They are working on the theory that Nathan Ruzumna, 38, of 2820 Church St., was murdered for his money.

If so, the murderer didn't get much for his crime. Ruzumna had deposited most of his money at the bank shortly before he was shot to death.

Ruzumna's body was discovered in the back room of his Detroit shop, the Standard Linoleum and Rug Co., 15218

Livermore, by a salesman making a routine call.

He summoned police. They discovered Ruzumna had been slugged on the back of the head and shot once through the chest by a .38-caliber pistol.

His pockets had been turned inside out and two empty billfolds were found near the body.

The victim is survived by his wife and two daughters, Mrs. Francine Dimes and Mrs. Milton Silverman, all of Oak Park.

Six Shoe Stores Open: Fit-Em-Yourself

DETROIT (UPI) — Six new fit-yourself shoe stores opened for business today.

Owners of Crown self-service shoe stores said shoes would be displayed along wide aisles and customers would select their own style and size shoes.

Gray or blue make an attractive finish for Southern Pine paneling. The natural color is golden.

YMCA Expects Far East Report at Annual Dinner

A report on conditions in the Far East is expected from John Nuveen, speaker at the annual dinner meeting of the Pontiac YMCA, at 8:30 p.m. April 18.

Nuveen, a nationally recognized Chicago economist, is chairman of the national advisory committee for CARE and recently returned to this country after a six-month tour of underdeveloped areas in the Far East.

Nuveen heads a Chicago investment company and is a member of the YMCA's international committee.

About 200 members of the YMCA and the YWCA are expected at the dinner, said John Benson, chairman of the affair.

During normal times, the U.S. steel industry produces about 35 to 40 per cent of the world's total output.

Housing Starts Are Down

Mortgage Money's Hard to Get

By SAM DAWSON

AP Business News Analysis

NEW YORK (AP)—Money may be less tight in other fields but many home builders still find a mortgage hard to come by.

And the official guess is that this year may see about 180,000 fewer housing units than last year. This would mean a total of about 1 1/4 million units.

But the Census Bureau reports that housing starts are running behind that annual rate.

* * *

Although building usually picks up in February, the Census Bureau says that this year it fell to 74,400, a drop of 400 from January. On a seasonally adjusted basis this would put February's performance at an annual rate of 1,115,000.

REASONS GIVEN

Some builders blame the late winter this year. More are pointing a finger at tight money.

Money has been easing since the first of the year. But Norman Mason, federal housing administrator, says it takes time for build-

ers to turn an easing money situation into new building plans and operations.

Bankers hold out the hope that still more money will be available for mortgage financing as the effects of higher interest rates spread. Bankers say the reason money tightened up in some forms of home financing, chiefly the government insured ones, is that interest rates were too low and investors put their money to work elsewhere. With the raising of mortgage costs, more money is flowing that way.

* * *

For the conventional mortgages—the one not backed by the government—rates are now running as high as 9 per cent in New York and New England, and better than 7 per cent along parts of the West.

Government agency data tend to offset the Census Bureau's report for February. The FHA says applications for mortgage insurance on new homes rose 30 per cent in February. In almost every part of the nation rates are higher than a year ago.

Costs of carrying a mortgage backed by the Federal Housing Administration often rise above the interest rates set by those agencies within limits set by Congress.

This is because many lenders discount the loans — your loan reads \$10,000, say, but you actually get \$9,500 or less, and pay interest on the face amount of the loan.

* * *

Many lending institutions refuse to buy 1960 as a declining year, at least not for them. The U.S. Savings & Loan League says its members as a whole should have more money to lend because savings are still rising. These associations, the league says, have the largest single share of the home mortgage market.

February, the VA says requests in February for appraisal of new home plans increased more than for any month since June.

These appraisals and applications could mean greater home building activity later this year. It takes time between the application and ground breaking.

Taking a longer view, Dr. George Cline Smith, vice president and chief economist of F. W. Dodge Corp., construction news specialists, sees some veering away from single-family homes toward more construction of apartment houses.

The one-family unit will still outrun all others, but he thinks increased family formation among the young approaching marriage age will add zest to apartment building, since most newweds start out there.

University TV Station Marks 2nd Anniversary

LANSING (AP)—Michigan State University's WSMB-TV, a unique television operation in the nation, marked its second anniversary Tuesday.

Since March 15, 1958, the university station has shared a commercial channel, and currently is on the air 38 1/2 hours a week. It is one of two educational stations that telecast seven days a week.

Bay City Plant Sells Out to Firm in Milwaukee

BAY CITY (UPI)—Sale of Bay City Shovelers, Inc. to a Milwaukee, Wis. firm for \$2,100,000 has been formally announced.

* * *

A. R. Corbett, vice president of the Unit Crane and Shovel Corp. of Milwaukee said the Bay City firm would retain its present name and operate as a subsidiary of Unit Crane.

San Diego OKs Salk Center

Action Is Up to Voters; \$3 Million Unit Would Study Any Diseases

SAN DIEGO, Calif. (AP)—Dr. Jonas Salk and his City Council endorsement of plans to establish a multimillion-dollar health research institute here.

Whether the plans will be carried out will be up to the voters, and possibly the University of California.

* * *

Proposed location for the institute is a 40-acre site owned by the city.

University of California representatives claim 20 acres of the site has been pledged to the university, which plans a campus in the area. Salk proposed sharing the site.

* * *

MILION DOLLARS

Salk, developer of the polio vaccine bearing his name, said the institute would cost about three million dollars. He said it would be open for research on all human diseases.

President Basil O'Connor of the National Foundation said his organization would contribute 10 million dollars a year indefinitely for support.

* * *

Salk is with the University of Pittsburgh, Dr. Edward H. Litchfield, chancellor of the university, said he regrets the school may lose Salk but added: "I naturally wish him further success."

* * *

Jordan Prince Visits Texas Cotton Rancher

CANUTILLO, Tex. (AP)—Prince Mohammed of Jordan talked agriculture over the supper table Tuesday night with Idus Gillett, who has a cotton farm along the Rio Grande here.

The prince's visit to Gillett's home was arranged by an officer at Ft. Bliss where Mohammed had been inspecting U.S. weapons facilities since Monday.

He told Gillett that Jordan has two million acres of land under cultivation and about 120,000 acres are irrigated.

All Agog at Pontiac Motor: It's the Music Man Troupe

By HARVEY ZUCKERBERG
You should have seen the excitement at Pontiac Motor Division. Workers on the line usually are unaffected by the tours of visitors through the plant. Yesterday, they knew it was something special.

"Say, it couldn't be a school group, even though there are a few kids with them."

"I don't think it's a club. Look at all the difference in their looks and ages."

"Hey, look at those two cute gals over there!"

76 TROMBONES LA DE DA — Buel E. Starr (left), general manufacturing manager of Pontiac Motor Division, enjoyed his company yesterday when 26 members of the "Music Man" production paid him a visit for lunch and a tour of the plant. The tour left GM employees humming

at the plant yesterday whistling and humming "76 Trombones la de da de da." You should have had a good inkling.

A large portion of the "Music Man" company were, luncheon guests of Pontiac Motor Division and then went to watch the cars being built.

The Broadway hit musical has been on the road for more than a year and expects to tour through 1961. The show currently is at the Riviera Theater in Detroit through April 8.

Predicts Stall in Kennedy Blitz

Humphrey Is Confident of Wisconsin Victory Over 'Psychology'

WASHINGTON (AP) — Sen. Hubert H. Humphrey (D-Minn.) predicted today results of the Wisconsin presidential primary will halt the "psychological blitz" he said Sen. John F. Kennedy (D-Mass.) is trying to engineer.

Although Humphrey accused Democratic National Chairman Paul M. Butler of "aiding and abetting" this blitz, the Minnesota senator indicated he will pursue no further his contention that Butler has outlived his usefulness.

That had been Humphrey's initial reaction to reports Butler told a group of reporters that Kennedy looks like a winner in Wisconsin's April 5 primary and an early ballot voter at the Los Angeles convention in July.

Butler said in New York Wednesday he has no intention of resigning. He promised that he would not use his office "to the benefit or detriment of any candidate."

Green Glows the Capital: It's St. Patrick's Day!

PROVIDENCE, R.I. (AP)—The State House dome was bathed in a green glow on the eve of St. Patrick's Day.

John R. Cioci, chief of public buildings, said the effect was achieved with green filters over the lights that illuminate the dome.

That had been Humphrey's initial reaction to reports Butler told a group of reporters that Kennedy looks like a winner in Wisconsin's April 5 primary and an early ballot voter at the Los Angeles convention in July.

Butler said in New York Wednesday he has no intention of resigning. He promised that he would not use his office "to the benefit or detriment of any candidate."

Did Your Mither Come From Saginaw?

Just What's Your Link to Auld Sod?

By PETER OLOCHBILER
There's a remarkable thing about St. Patrick's Day.

Today, anyone who can lay claim to some link with the Emerald Isle will probably find excuse to toast that fair land's legendary patron saint.

Folks with names like O'Reilly or O'Rourke are in the midst of things.

Others with names like Smith or Jones are going along for the ride.

Even the Schmidts from Germany, the Smythes from England, the Adamas and the Zyskowskis from Poland. They're being heard from, too.

We, who carry around after our first name such an unlikely combination of letters as "Lochblair" we will be there also.

76 TROMBONES LA DE DA — Buel E. Starr (left), general manufacturing manager of Pontiac Motor Division, enjoyed his company yesterday when 26 members of the "Music Man" production paid him a visit for lunch and a tour of the plant. The tour left GM employees humming

The Road to Faith . . . by Will Oursler

We Mustn't Lose Belief Over One Bad Incident

By WILL OURSLER
Chapter Fourteen

In the beginning of our consciousness of its existence, faith is in the distance, a shining mountain. One does not see the road to it clearly, the twistings, the gurs, the pitfalls.

Far off it remains; while the past is here, the clutching memory that will not let go, the resentment, hurt and pain and defeat, the triumph of our enemy — all of it clings to us like an invisible encircling vine.

Too often religious faith is destroyed for us in a single episode or moment of terror or despair that lives on in the shadows of our minds — and our souls.

A boy lies in a darkened room but is not asleep. In the next room the boy can hear the voices of his parents. Familiar voices and words to which he may at first pay no attention.

Then he hears something unreal, like a dialogue out of a movie or television play, with people saying words that seem real but are not.

This is his father speaking: "These things happen, that's all. I meet someone else and fall in love with her. I can do nothing to change that; it is simply a fact."

The child listens. He tells himself it is a dream. He will awaken and there will be darkness and quiet.

"You want a divorce so you will be free?"

"That's right."

"I won't give it to you."

"But that would be foolish. Why make things more difficult? It only prolongs and drags out and hurts everyone."

The mother is crying.

It is not a dream. The child now knows this. It will not vanish in a moment or two; it is happening. All the reality to which he has clung in his brief experience suddenly is crashing around him.

His mother is saying, "So I must surrender to a woman who comes in and smashes up my home and family? I must give you to her?"

"We haven't been happy for years."

"Our son thinks we're happy."

"We've been putting on a performance for him, that's all. It's wrong to live a sham, for any reason."

"Not for our son's sake, even?"

"It's too late, that's all. He'll be better off afterward."

There is anger in his father's voice. The boy has heard this contemptuous tone before, but not with his father talking to his mother.

PART OF LIFE

There have been quarrels before, and anger before, but the stormy have broken and ended. All married people quarrelled some of the time, his mother said once. It was part of nature, of life; people had to let off steam on occasion.

There had been quarrels and arguments and they had always ended with smiles and forgiveness, the child believed.

"I'll fight you all the way on this," his father is saying. "I'm not giving up my son forever because of your vindictiveness."

"Courts make the rules about that, I understand. If I go into court . . ."

To how many thousands did it happen in this or some similar way? To how many thousands is it happening now, in one way or another, one set of words or another, one pattern of havoc and destruction or another?

A boy lies in the dark and listens as his universe crumbles. An eight-year-old child — of such is the

Kingdom of Heaven. Only in this case and for these people — of such is the kingdom of Heaven. And of wrecked homes.

ONLY FORMAL RITUAL

It is easy to explain an episode, to justify it, excuse it, condone it, to say that vows are only formal ritual in any case.

It is easy to make a mockery of our lives and our values, with or without divorce or open rift in the family.

We hold on to memories of forgotten episodes sometimes like children with battered toys that have become symbols.

The child is indeed father of the man, and the childish moment of fear, loss, pain, grief, rage or frustration is the father of grown-up hate, prejudice, irrational reaction, allergy and disease.

Above all, those half-forgotten episodes are parents of disbelief, forebears of a personal nihilism that may leave our lives purposeless and without direction.

Often we do not recognize this

latent force that submerges itself in our religious life as in our psychological patterns. The child is young and will get over it, we insist.

We have a right to live our lives. And on our own terms. We owe nothing to the public, to society, to codes, provided we do not break any seriously enforced laws. Sometimes, unhappily, it almost appears to work out.

But the road to faith, in such cases, is blocked by an avalanche and a cascade of destruction that crushes all in its path.

And far off the mountain of faith is lost in mist.

(To Be Continued)
(Copyright 1960)

Will Arrange Election for Detroit Local 247

DETROIT (U) — Two representatives of the American Arbitration Assn. have come here to arrange the first election in Teamster Local 247 in more than seven years.

The election was ordered last year by the Union's board of monitors.

Local 247 includes about 7,000 truck drivers. It was placed under an international union trustee in 1953 because of alleged violations of the Teamster constitution.

There's a Man Who Can Think for Himself

LOUISVILLE, Ky. (AP) — Television commercials helped Jürgen Metzger realize his ambition to enlist in military service.

After arriving from Bad Homburg, Germany, the 20-year-old immigrant tried to get into the Army but flunked the English test.

Metzger started reading books with a German-English dictionary and listened avidly to radio and television.

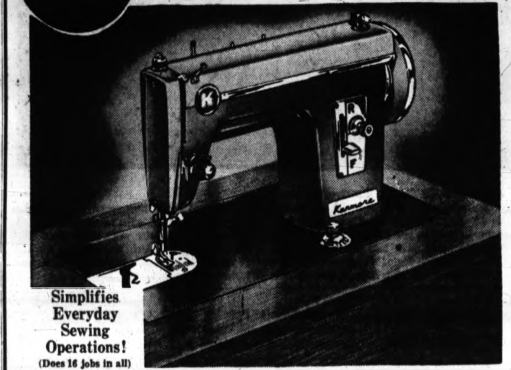

He found TV commercials were his best instructors because they combine a picture with written and spoken words, and because of the frequent repetition of words.

Tuesday and enlisted in the Marine Corps.

Judge Brown on Board

LANSING (U) — Gov. Williams has announced the reappointment of Circuit Judge Charles L. Brown of Traverse City to the veterans trust fund board of trustees for a two-year term.

MISSILE MOSQUE — This is the first mosque in the Moslem world which does not conform to traditional Islamic architecture. The modern mosque stands outside Cairo. Its tower resembles a missile.

U. S. Says B26s Filched by Dominican Republic

WASHINGTON (AP)—The United States has demanded immediate return of five B26 medium bombers which it claims the Dominican Republic government acquired illegally.

Informed authorities who disclosed this today said the five American-built planes, rebuilt twin-engine models used during World War II, have shown up as part of the Dominican air force although arms shipments have been banned to the Caribbean area for two years.

The aircraft were shipped by a Miami exporter last year with assurances they were going to Chile to be used in aerial photography work. Chilean authorities report the planes never arrived.

After months of investigation, U.S. officials say they have traced the planes to the Dominican Republic. They also have what they believe is evidence that the Dominican air force actively collaborated in the mysterious maneuverings that acquired the planes.

The State Department is understood to have sent a formal note

Will Add to East Side Park

City to Buy More Land

The new Kiwanis Park on Pontiac's east side is growing. City Commissioners have approved purchase of 1½ lots to add to the year-old park, generally bounded by Osborn, Sandford, Whittemore and Going streets. The cost was \$463. David E. Ewalt, director of the Department of Parks and Recreation, said he will recommend purchase soon of two lots on Sandford street, already under city option. The park has 600 feet on Going, but is landlocked elsewhere. The Sanford purchase would give it a western entrance, said Ewalt. The park was started last year with the help of a \$14,000 donation by the Downtown Kiwanis Club. Ewalt said that the city, matching donated funds dollar for dollar, intends to complete most of the grading and seeding this year in time to get started on recreational facilities at the park next summer. Reliever Larry Sherry finished all four games won by the Dod-gers in the 1959 world series.

AP Photo/... NAMED SENATOR — Oregon Supreme Court Justice Hall S. Lusk, 76, has been named by Gov. Mark Hatfield to fill out the unexpired term of the late Sen. Richard L. Neuberger. Lusk is a Democrat and by naming him Republican Hatfield avoided a court test of a state law requiring that vacancies must be filled by persons of the same party.

He Has Inside Dope on 3 Imperialisms

TOLEDO, Ohio (U)—Maj. Gen. Mian Hayaud Din, Pakistan's military attache in the United States, gave this light description of three types of imperialism in a speech here: American—where a man feeds his cow every day but fails to milk it. British—where a man milks his cow every day but never feeds it. Russian—where a man doesn't want to bother to feed his cow, doesn't want to milk it, so cuts it up and eats it.

'Buddy, Can You Spare a Dime?' Joins U.S. Lore

LOS ANGELES (UPI)—The knights of the road no longer will be able to ask, "Say, Buddy, got a dime for a coffee?" When they reach Los Angeles — they'll have to ask for 15 cents. That's the new price for a hot cup of java at most Los Angeles restaurants. Robert M. Riley, general manager of the Southern California Restaurant Assn., said the hike from 10 or 12 cents to 15 cents for a cup of coffee in most of the city's 5,000 restaurants was due mainly to a 7 per cent pay increase in restaurant employees.

Paint Group Official Dies After Long Illness

WASHINGTON (UPI)—Laurence Kiefer, 55, executive vice president of the National Paint, Varnish and Lacquer Assn., died Monday at a hospital here after a long illness. Kiefer had joined the U.S. Gardner Laboratories of the Institute of Paint and Varnish Research in 1926. He stayed after the institute merged with the association and became director of the trade sales division in 1934, assistant to the president in 1953, and executive vice president in 1959.

Death Notices

MRS. WILLIAM T. BRIGHT
Mrs. William T. (Grace H.) Bright of 530 E. Madison St. died yesterday at Pontiac General Hospital after an illness of two months. She was 67.

Mrs. Bright was a member of the Spiritual Fellowship Church. Surviving are three daughters, Miss Evelyn Kent of Caro, Mrs. Charles Bommer and Mrs. David Sherman, both of Pontiac; a son, William C. of Drayton Plains; 17 grandchildren and two brothers.

Services will be held at 1:30 p.m. Saturday at the Voorhees-Siple Chapel with burial in Perry Mount Park Cemetery.

MRS. ALBERT VAN BUSKIRK
Mrs. Albert (Holly) VanBuskirk, 66, of 737 Bingham St. died of a stroke yesterday after a long illness.

She was an employee of the Waldron Hotel for 10 years. Mrs. VanBuskirk leaves her husband and three daughters, Mrs. Charles (Hazel) Hubbard of Pontiac, Mrs. Cyril (Beatrice) Reeves of Berkeley and Mrs. J. L. (Marie) Fisher of Cleveland, Ohio.

Services will be held at 11 a.m. Saturday at the Hutton Chapel with burial in Perry Mount Park Cemetery.

KENNETH L. COOMBS
Service for Kenneth L. Coombs, 38, of 6781 Andersonville Rd., Waterford Township, will be held at 1 p.m. Friday at the Coats Funeral Home, Drayton Plains. Burial will be in Drayton Plains Cemetery.

Mr. Coombs is survived by his wife, Eleanor; his parents, Mr. and Mrs. Roy E. Coombs; four children, Roy, Robert, Jane and Janice, all at home; two brothers, Mrs. Ray (Marjorie) Keel of Oak Park and Mrs. Connie (Violet) Camp of Pontiac; and a brother-in-law, Mr. Coombs died yesterday morning at his home.

MRS. IRA WRIGHT
Mrs. Ira (Viola M.) Wright, 39, of 5301 Rowley St., died yesterday at St. Joseph Mercy Hospital after an illness of nine months.

Surviving are her husband; two daughters, Lorraine and Sally, both at home; a brother, James Bateman of Sault Ste. Marie; and two sisters, Mrs. Mary Woods of Pontiac and Mrs. Reva Smith of Rochester.

Service will be held at 2 p.m. Saturday at the Purlsey Funeral Home with burial in Perry Mount Park Cemetery.

MRS. WILLIAM ANDERSON
METAMORA — Service for Mrs. William (Ethel Mae) Anderson, 75, of 73 Burrows St., will be held at 1:30 p.m. Sunday in Baird Funeral Home, Lapeer. Burial will be in Rich Cemetery, Maysville.

Mrs. Anderson died Wednesday following a heart attack. She was a member of the Congregational Church of Metamora and the MOMS Club of America.

Surviving are two daughters, Mrs. J. E. Obenauer of Roseville, and Mrs. Donald Cascardian of Metamora; a son, Harold T., of Seattle, Wash.; two sisters, seven grandchildren and three great-grandchildren.

Man, 91, Gets Divorce From 82-Year-Old Wife
MEMPHIS, Tenn. (AP) — A 91-year-old man has been granted a divorce from his 82-year-old wife on ground of desertion.

Reuben Henson Boone said Wednesday he married Mrs. Boone in 1927 and they separated in 1943. The divorce was not contested.

Duck-Killing Oil in Detroit River Will Be Probed

LANING (UPI) — Water Resources Commission investigators today searched for the source of oil on the lower Detroit River that has killed "hundreds of ducks" in an important wintering area.

Francis B. Frost, regional engineer for the commission, was expected to report here tomorrow.

The conservation department said extreme cold weather concentrated the ducks in small feeding areas and large numbers of lesser scaup (blue bills) and early migrating canvasbacks were killed in the polluted water.

The oil removed waterproofing from the ducks' feathers and destroyed insulating qualities. When they left the water, they froze to death, the department said.

Census Crew Starts but Just Testing

WASHINGTON (AP) — Ten thousand census crew leaders made the rounds of 80,000 households today to get advance experience for the 1960 national head count.

The census straw bosses arranged to visit homes picked at random from Maine to Hawaii. Each stop called for going through all the motions of taking a census, which doesn't begin officially until April 1.

Actually, the crew chiefs were more than going through motions. Their reports will become part of the official tally and households visited today won't be counted again.

However, to keep all data accurate as of April 1, a special form was being left at each household so any births or deaths during the rest of the month may be reported later by mail.

Trainer Plane Hits 2 Houses

Pilot, Passenger Die in Indiana Crash and Two Hurt in Home

INDIANAPOLIS, Ind. (AP) — An Air Force T-33 jet trainer crashed out as it circled Weir Cook Municipal Airport after missing its first approach and crashed into two houses late yesterday, carrying two officers to their deaths.

The pilot and his passenger either ejected their seats or were thrown from the plane as it hit the houses, half a mile northeast of the airport at the edge of Indianapolis.

The victims were Maj. David F. Cooper, 38, Wheatland, Ore., and Lt. Lloyd Cogdill, 27, Clovis, N.M.

Lillie Pritchett, 72, and a tenant, Larry D. Crabtree, 19, were trapped temporarily in the wreckage of one house, but they suffered only cuts and bruises.

"I knew this was going to happen sooner or later because there were just too many planes flying over my house," Mrs. Pritchett said.

Iraq Is Asking Russia to Help Plan Reservoir

BAGHDAD, Iraq (AP) — Iraq is planning a \$6 million dollar reservoir on the Euphrates, the irrigation director, Dr. Bagir Kasal, Alqatta, announced Wednesday.

Under the Iraqi-Soviet economic and technical cooperation agreement Iraq has asked Soviet experts to draw up designs.

Sorry, Baby, No 'Doll'

LOS ANGELES (UPI) — Dancer Lea Ansotti's attempt to change her name to "Baby Doll" was denied in Superior Court yesterday because the name is a "term of affection towards children."

NAACP Calls Upon Negroes for Nationwide Store Boycott

By The Associated Press

Negroes throughout the nation were urged not to spend their money in chain stores that refuse to let Negroes eat at lunch counters alongside white customers.

The element of economic pressure was introduced Wednesday by the National Assn. for the Advancement of Colored People as hundreds of Negroes in half a dozen Southern cities faced fines and jail terms for demonstrating against segregated eating facilities.

N.Y. BOYCOTT SOUGHT

The NAACP said in New York that all its members would be asked to withhold patronage from branches of four variety chains—Woolworth, Kresge, Kress and Grant's — and one independent department store, Thalheimer's in Richmond, Va.

The development came on the heels of mass Negro demonstrations and a statement by President Eisenhower that there is nothing improper or unconstitutional about orderly marching in the streets and peaceful assembly by groups seeking to show their desires for equality.

NO DIRECT COMMENT
But the President, in his news conference, made no direct comment on sit-down demonstrations.

Eisenhower's position was challenged by one Southern governor, Ernest F. Hollings of South Carolina, where tear gas and fire hoses were turned on 1,000 Negro paraders earlier this week and hundreds were arrested.

Hollings said the President's statement caused "great damage to peace and good order in South Carolina." The governor said the

issue is one of maintaining the public peace and not of establishing rights.

Shortly before the Negro organization issued its statement, segregation policies crumbled in downtown San Antonio, Tex. Six variety stores and a city-wide chain of pharmacies opened their lunch counters to Negroes on an integrated basis.

Four Negroes also received integrated service at a bus station in Nashville, Tenn., scene of a sit-in demonstration in which 56 Negroes were arrested recently.

Can You Blame Him?

DURHAM, England (UPI) — Headmaster William Sumner, 60, bought a bicycle yesterday to get around the corridors of Spenny-moor Grammar and Technical School which covers 20 acres.

May Seek Dem Bid for Lt. Governorship

GRAND RAPIDS (AP)—Machinery dealer George E. Clay of Grand Rapids said today he is "strongly considering" seeking the Democratic nomination for lieutenant governor.

Clay, 48, also is chairman of the Michigan Water Safety Commission. As chairman of the bonding agency, he is linked with Secretary of State James M. Hare, candidate for the Democratic nomination for governor.

Clay's announcement was made through Kent County Democratic Committee Treasurer Theodore H. Williams. Clay unsuccessfully opposed Rep. Gerald R. Ford Jr. (R-Mich) two campaigns ago.

FOG-HORN — Looking like the Swiss version of Paul Bunyan and his ox, this mountain farmer shows the newest thing in bovine accessories—a fog light. It is set in the middle of the cow's horns to protect it against cars as it strolls on misty roads in the Vaud section of Switzerland.

AEC Nominee Fears A-Tests

Wilson Seeks a Lower Rate; Says He Would Hesitate to Add Fallout

WASHINGTON (UPI)—Robert E. Wilson, nominated to be a member of the Atomic Energy Commission, says he "seriously questions" whether the United States should ever test another nuclear device within the atmosphere.

Wilson, of Chicago, former board chairman of the Standard Oil Co. of Indiana, made the statement shortly before Senate members of the congressional Atomic Energy committee voted unanimously to recommend Senate confirmation of his appointment.

Wilson told the committee he was opposed to a continuation of nuclear weapons tests "at anything like the previous rate" before the United States, Great Britain and Russia decided their present moratorium on A-tests.

He said he would want to "look at very carefully" any proposals to add even up to 20 per cent more fallout to that already in the atmosphere from previous tests. Wilson said that not enough was known yet about the possible health dangers which might result.

**Russ to Fly Jet Planes
Into 18 National Capitals**

LONDON (UPI)—Moscow Radio has announced that expanded summer airline schedules will put Soviet jets in service to 18 national capitals on April 1. Aeroflot, the government airline, has agreements with 23 nations and plans to conclude them with 17 others. The planes on the routes are jet-prop IL18 and TU104 pure jet airliners.

State Commissioner Against

Cheaper Insurance Rates for Compacts Unlikely

By JACK VANDENBERG

UPI Automotive Editor

DETROIT—Some owners of compact cars who are expecting special insurance discounts may be in for a jolt.

Many of them began figuring on the extra money they would be able to spend as soon as a large group of insurance companies announced they would seek approval of special insurance discounts for owners of compact cars.

A few of the agencies regulating insurance rates in the various states, particularly those in the home states of the filing companies, have approved the discounts.

But the vast majority of the state insurance regulating agencies withheld immediate approval of the discounts and many of them are expected ultimately to reject them.

Michigan Insurance Commissioner Frank Blackford says he expects the Michigan agency to reject all requests from insurance companies for special compact car discounts on the basis of presently available information.

Blackford said the Michigan Insurance Commission can find no basis for approving the special discounts at this time.

WANTS PROOF
"This does not preclude the possibility that we may approve special discounts if any company can show, on the basis of experience, that compact cars are safer or less costly to repair," he said. "But the burden of proof is on those doing the filing."

Blackford said he felt that if Michigan's commission, with the heart of the auto industry close at hand, can't find justification for the discounts, it is doubtful many other states would be able to do so.

"Discrimination in favor of one type of car owner without a solid basis for it would be unfair," Blackford said. "If we give drivers of compact cars rates lower than repair costs warrant, we will, in effect, be forcing owners of larger cars to subsidize them through comparatively higher insurance rates."

"And we're not about to give compact or foreign cars an advantage they don't warrant over

larger American-made cars," he said. There hasn't been enough experience with either American-made or foreign small cars to decide that their insurance costs should be less, Blackford said.

Negroes Demonstrate Against Bias in Flint

FLINT (UPI)—Pickets are marching in protest of alleged discriminatory practices in hiring by a variety store here. The local National Association for the Advancement of Colored People chapter said the demonstration was also meant to indicate support of antidiscrimination in the south. Officials of the local NAACP unit said the demonstration would continue every afternoon this week. The group said the store does not hire Negroes. The store did not comment.

Sees Wall Street Staying Steady

**GOP Likely to Ease
Money, Support More
Construction**

NEW YORK (UPI)—Record business, stable prices, steady profits and improving dividends are apparently not enough for a bull market that has pushed beyond the normal historical valuations of earnings and dividends, notes Prentice-Hall.

But with more than 13 million people now owning corporate stocks, P.H. says in its weekly report on business, a real bear market would have very substantial business and political repercussions.

"So it's unlikely that the administration will sit on its hands and let nature take its course in Wall Street."

Prentice-Hall looks for definite moves by the GOP administration to ease money, spur government public works, encourage more road and home construction and even step up defense outlays.

Some further irregularity is to be expected as the lows are tested, but there are indications that the long market decline is running out of steam, says Standard & Poor's. "We would advise against indiscriminate selling and believe that judicious purchases could be rewarded by good trading profits before long."

Business Reports, Inc. offers the following comment on the stock market: "As we've said before: We think the bull market is over—certainly the wild uprush of glimmer stock prices. We refuse to believe, however, that this means an end to intelligent and selective purchases of stocks."

Unique British Liner Launched by Australian

BELFAST, Northern Ireland (AP)—The Canberra, a 45,000-ton British ocean liner of revolutionary design, was launched Wednesday by Mrs. Robert Menzies, wife of the Australian prime minister. The ship is the biggest built in the United Kingdom since the 83,670-ton Queen Elizabeth slid down the ways in 1940.

Although only slightly more than the weight of the Elizabeth, the Canberra can carry approximately the same number of passengers—2,250.

The vessel was lightened by the liberal use of aluminum. The Canberra has 15 decks, the topmost one nearly 100 feet above the waterline. Her length is 820 feet.

U.S. Charges Fraud Pacifist Won't Pay Taxes

NEW YORK (AP)—Can a pacifist refuse to pay federal income taxes because the money helps to pay for atomic weapons? That is a question now before the U. S. Tax Court here.

The government is trying to collect \$1,165 from the Rev. Abraham J. Muste, who hasn't paid any income tax since 1948.

He is a Presbyterian minister, a Quaker and secretary emeritus of the Fellowship of Reconciliation, a religious pacifist organization.

CHARGED WITH FRAUD
Under questioning in court Tuesday, he said he takes the position that thermuclear weapons "are in their very nature aggressive."

But he added he was not saying that U. S. policy is aggressive in comparison with other nations' policies. He also denied any tax evasion in the usual sense of the term.

Smiths Decide to Make Confusion Permanent

COLUMBUS, Ohio (U-P)—By coincidence, the families of Jack K. Smith and Jack P. Smith located in apartments at the same address here. There followed the inevitable mixups in mail and telephone calls.

Then each family had a daughter. Good friends now and needing more space with the newest arrivals, the families moved. They're again living in the same apartment building—but this time by plan.

The Tree's All Right,

LOCKPORT, N.Y. (U-P)—Passers by sometimes get the impression a tree is growing upside down in Dr. T. Edwin O'Brien's yard.

The family explains that it isn't tree.

even a tree, but an eunymos vine planted by Louis G. Merritt, the home's former owner. Because of a kind of "trunk" and downward pointing "branches," the vine gives the appearance of an upside down tree.

1st Color Movies of High Compression

Film New Car Engine at Work

DETROIT — For the first time, color movies can be taken of fuel burning in a high compression automobile engine, the Society of Automotive Engineers was told today.

Dr. Fred W. Bowditch of General Motors Research Laboratories described a new single-cylinder overhead valve engine with a quartz-topped piston. He said it has made possible a series of high-speed color photos of combustion at compression ratios as high as 10.7-to-1.

There have been window engines in laboratories previously but these usually were "L-head" designs with quarts heads and they could not be operated above a 7-to-1 compression ratio. Engines in today's cars range from 8-to-1 to 10.5-to-1.

Bowditch said the new engine gives researchers a more realistic view than they could get previously of combustion occurring under both road load and full throttle engine conditions.

A mirror is mounted beneath the piston top and the image is then photographed.

In another paper prepared for presentation today at the SAE's National Automobile Meeting, sessions, A. E. Cleveland and J. N. Bishop of the Ford Motor Co. discussed the possibility of improving the economy of automobile engines.

They pointed out that due to the many losses in the conversion of heat to mechanical energy, less than one-fourth of the energy in motor fuel ever gets to the flywheel.

They said a legitimate estimate points to possible recovery of about another 20 per cent of the original energy, or 42 per cent altogether.

This, they said, is possible if not altogether probable in the immediate future. If such an advancement comes, it should be obvious it will not come because of any single invention or development.

"No new carburetor, distributor,

Detroit Firm Negotiates for Ex-Straits Ferry

LANSING — Negotiations for sale of the state ferry Vacationland to a Detroit firm have resumed, the State Highway Department reported today.

A new offer by the Detroit Atlantic Navigation Corp., for the former queen of the straits ferry fleet is being considered, said Howard E. Hill, the department's managing director.

Last fall Highway Commission-

er John C. Mackie recommended approval of sale of the vessel for \$1,500,000, but wasn't satisfied with the Detroit outfit's plans for financing the purchase.

Staying Alive a Must

MARKET DEEPIING, England (UPI) — The Market Deeping Parish Council, noting that the local graveyard was full, voted yesterday to tell the nearby 1,200 villagers: "Stay alive at all cost. We've nowhere to put you if you die."

Wearing of the Green Means Greenbacks

KERRVILLE, Tex. (AP) — Contributors to the city's Industrial Foundation Fund were wearing dollar bills instead of green ribbon on their clothing to mark St. Patrick's Day.

The foundation group has raised \$23,000 toward a \$40,000 goal aimed at keeping industry at home. To help spur the drive contributors are wearing a \$1 bill on

their clothing instead of a bit of green ribbon.

Of the 16 major league teams, only five have had the same manager for the past three seasons.

De Gaulle Facing Serious Challenge

PARIS (AP)—President Charles de Gaulle today faced the most serious challenge from the National Assembly of his 21 months in power.

A majority of deputies demanded a special session of the Assembly — not due to meet until April 26 — to debate the government's freezing of farm prices as an anti-inflation move.

Assembly Speaker Jacques Chaban-Delmas said 287 deputies — 10 more than the required half of the members — had signed a petition for recall of Parliament to debate the government farm program.

De Gaulle, who must sign any decree bringing the deputies into session, is opposed to a special session. He feels it would undermine the executive in yielding to pressure groups.

Puerto Ricans Protest to Ike

Ruling Houses Dislike His Support of Ferre, Republican Candidate

SAN JUAN, Puerto Rico (AP)—The Puerto Rican Senate early today joined the House of Representatives in a resolution censuring President Eisenhower's expression of support for the Republican candidate for governor of the island commonwealth.

The resolution expressed the President of "improper intervention" in Puerto Rico's internal politics.

The senate voted 18-9 in favor of the resolution after a marathon 10 1/2-hour debate. Both houses are dominated by Gov. Luis Muniz Marin's Popular Democratic Party, which is independent of the mainland Democrats.

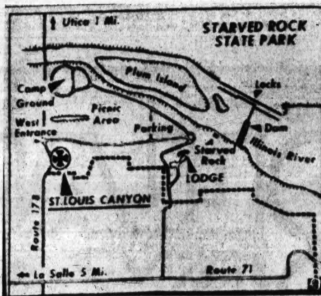

Eisenhower on his way back from his South American tour took Luis Ferre, the island's Republican leader, back to Washington with him.

The White House press secretary James C. Hagerty, predicted at the time Eisenhower would back Ferre against Munoz Marin in the November gubernatorial election. Hagerty said it would be only logical for the President to support the local Republican candidate.

Wanted to Relax

Slain Women Enjoyed Outdoors in Bank Alleged

CHICAGO (UPI)—Three women north-central Illinois and met at sheltered homes in a pleasant Chicago suburb traveled to a snow-covered wilderness area of a midwinter vacation.

DEATH SITE — The circled X marks the spot where three prominent Chicago women were found beaten to death in Illinois' Starved Rock State Park. The lodge is where they were staying during their midwinter vacation.

Starved Rock Is Steeped in Tradition of Violence

STARVED ROCK STATE PARK, Ill. (UPI)—Tragedy is an old story to Starved Rock State Park, where three prominent Chicago women were found murdered yesterday. The park is steeped in Indian lore and takes its name from a legend nearly 200 years old.

According to the story, a band of Illinois Indians was forced to the top of a huge rock by

aggressive Ottawa braves in 1267 and stayed there. Ever since then, the spot was known as Starved Rock.

Legend also said that Starved Rock was the place where an Indian princess and her lover, Belx, were attacked by an unfriendly tribe.

When the warriors killed Belx and threatened to take the princess captive, she jumped 140 feet to her death in the Illinois River.

A short distance from Starved Rock is another promontory known as Lover's Leap. According to legend, this is where the daughter of an Illinois chief met and fell in love with a warrior from another tribe.

When it appeared a war between the two tribes would prevent the lovers from marrying, they embraced and jumped together into the river and drowned.

The first white man to visit the area, was the French explorer LaSalle, who traveled down the Illinois River in 1681. Joliet and Marquette stopped at an encampment of Kaskaskia Indians across the river from Starved Rock in 1673.

LaSalle built Ft. St. Louis du Rocher on Starved Rock in 1681. The area was opened as a park in 1912. Its 1,436 acres are interlaced with deep canyons, some with 150 foot drops. It was in one of these canyons that the bodies of the three women were found.

"All of them enjoyed the outdoors and liked hiking," said Nancy Oetting, 22, daughter of one of the victims.

Miss Oetting, a high school Spanish teacher, said her mother and the other women had planned the trip because "they wanted to relax and enjoy a sort of midwinter break."

Besides Nancy, Mrs. Lillian Oetting, 50, had another daughter and a son. Her husband, George, is general supervisor of internal auditors for the Illinois Bell Telephone Co.

Mrs. Oetting and the other two women, Mrs. Mildred Lindquist, 50, and Mrs. Frances Murphy, 47, were neighbors in Riverside, Ill., a west side Chicago suburb.

Mrs. Murphy's husband, Robert W., is vice president and general counsel of the Borg-Warner Corp. He was educated at Knox College, Harvard and the University of Chicago.

Mrs. Lindquist's husband, Robert, has been vice president of the Harris Trust and Savings Bank since 1952. A native of Grand Rapids, Lindquist was associated with the Grand Rapids National Bank before joining Harris. He is a University of Michigan graduate.

A neighbor, Mrs. J. M. Smith, said the three women had been close friends for years and often went on outings together.

Expect Cold to Delay Lake Shipping Start

SAULT STE. MARIE — Start of navigation in the St. Marys River is expected to be delayed because cold temperatures over the past week have increased ice depth by one inch to 21 inches.

The United States Coast Guard says there is no sign of ice deterioration in steamer channels of the river.

In Lake Superior and Whitefish Bay, normally trouble spots for navigation opening, conditions are favorable.

Crews have reported to many ships at lower lake ports, U.S. shipping firms are anxious for the breakup to make up time lost during last year's steel strike.

A meeting of the Lake Carriers Assn. ice committee scheduled for Cleveland Wednesday was postponed until Friday because of cold weather and ice conditions.

One of four locks at the U.S. canal in the Michigan Soo is scheduled to open April 1. The Canadian canal is to be ready April 4.

Don't Get Sick Now

SOUTHWOLD, England (UPI) — A cottage hospital closed temporarily yesterday because its two nurses went on honeymoon.

Wilson Interest in Bank Alleged

Commissioner Said to Have Sought Views on His Wife's Facility

LANSING — Circuit Court witnesses heard testimony yesterday that State Banking Commissioner Alton L. Wilson showed an early interest in establishment of a new bank in the Traverse City area.

The testimony was given before the court fight over how many banks should serve the area was adjourned until Monday.

The Traverse City State Bank and the First People's State Bank of Traverse seek a permanent injunction against establishment of the Empire State Bank just outside the city limits. Wilson's department has approved the franchise.

Wilson previously had testified his wife owned stock in the Empire Bank.

The existing banks contend Wilson should not have a say in the matter because he is an interested party.

James Clune, a former director of the People's Bank, testified yesterday Wilson once told him he was interested in establishing a new bank in the area.

SAYS HE WAS ASKED

Fred van Maren, former executive vice president of the Traverse City State Bank, said Wilson asked him if he would object to the new bank.

Van Maren testified he told Wilson he thought it would be unfair competition because of Wilson's familiarity with operations of one of the existing banks. Wilson was president of the Traverse City State Bank until Gov. Williams appointed him commissioner in 1957.

Williams asked his appointee to resign last fall when the conflict of interest charge first was made. Wilson since has said he will resign when the case is settled.

The record low temperature in the United States was measured at Rogers Pass, Mont., Jan. 20, 1954. It was -69.7 degrees.

National Committeeman Hails Ike's Nod to Nixon

LANSING — Republican National Committeeman John B. Martin of Grand Rapids has joined those applauding President Eisenhower's endorsement of Vice President Nixon as his successor.

Martin said Eisenhower "evidently has found in Mr. Nixon the qualities necessary to lead our people to achieving our national goals of peace and prosperity."

135,000 Phone Gain Reported for 1959

DETROIT (U)—Michigan Bell Telephone Co. reported Wednesday a gain of 135,000 telephone installations in 1959, about twice the increase for the previous year.

The gain, listed in the company's annual report, was accompanied by a new high in telephone calls. Michigan Bell said customers made an average of 14,300,000 calls each day of last year—an increase of 60,000 over 1958.

The company said it made \$43,800,000 in 1959 on an investment of \$57,000,000, a return of 6.66 per cent. This was \$5,500,000 up from 1958 on a larger investment, the firm said.

East Berlin and West Berlin have separate laws and separate water supply and the same elevated railroad system.

Names Unveil History

One-Eighth of U. S. Linked to Ireland

By HAL BOYLE

NEW YORK (U)—At least one out of every eight living Americans is connected by birth or ancestry to a small island across the sea called Ireland.

On St. Patrick's Day they like to wear the green again in prideful acknowledgment of their heritage—all 20 million or more of them.

Many a man who sports a shamrock on his lapel today is unfamiliar with troubled Ireland's long struggle for unity and self-rule. But a bit of Irish history is mirrored in scores of family names now common in America.

Here are the meanings of some well-known Irish names:

Barry—one who came from the height; one who was diligent; Begley—grandson of the little poet; Bolger—light-complexioned, one who made leather bags; Bourke or Burke—dweller near the stronghold or fortified place; Brady—spirited.

Brennan—grandson of the raven; Brennan—son of the raven; Brogan—son of the rowing; Browder—brother; Bryant, Bryan, Brian—hill; Byrnes—grandson of Bran (raven) or Biern (bear); Callahan—contention; Carey—grandson of the dark-complexioned man; Carney—victorious; Cassidy—curly-haired; Cavanaugh—comely.

Clancy—ruddy warrior; Cochran—confident; Coniskey—confuser; Conant—little hound; Connel—high or powerful; Corrigan—warrior; Coughlin—a hooded cloak; Cowan—dweller at a hollow.

Deegan—black head; Dempsey—proud; Dennehy—humane; Dever—successful one; Dillon—spiller; Dolan—dweller with black hair or a dark complexion; Donovan—grandson of the little brown poet.

Doran—the alien or foreigner;

Dorsey—grandson of the dark man; Doyle—grandson of the black foreigner; Duffy—black; Durkin—the gloomy one; Egan—son of fire; Enright—unlawful.

Fallon—ruler; Fanning—the little blond man; Farrell—super valer; Foster—descendant of the soldier; Flanagan—fair; Flanagan—the little ruddy man; Forrestal—custodian of the forest, gamekeeper.

Gaffey—rich in cattle; Garry—hound or hunting dog; Gillespie—

servant of the bishop; Gleason—the little green man; Haggerty—Halihan—handsome or beautiful; Halloran—stranger from beyond the sea; Hanlon—great hero or warrior; Houlihan—proud; Joyce—joyful.

Kane—warrior; Keenan—ancient; Kelleher—spouse-loving; Lawler—one who mumbles; MacArthur—valorous; McCarthy—loving; McDermott—free from leprosy; McEvoy—yellow-haired lad.

McGrath, McGraw—grace, prosperity; Madigan—little dog; McGuire—pale or light-complexioned; Maher—hospitable; O'Day, O'Dea—good luck.

O'Donnell—world mighty; O'Grady—noble, illustrious; O'Hara—bitter or sharp; Parnell—little rock; Quigley—escort or companion.

Reardon—royal poet; Riley, Reilly—sportive; Talley—quiet, peaceful; Toomey—a sound; Touhy, Tooy—sturdy man; Whelan—little wolf.

'No Promises' by Khrushchev

President Clears Up Wrong Reports About Red Status Quo

WASHINGTON (UPI)—President Eisenhower declared Wednesday that Soviet Premier Nikita S. Khrushchev never promised him to refrain from any actions that might stir up trouble before the May summit conference.

The President also said his latest message from Khrushchev received last week, contained no promise not to create any new East-West difficulties before the U.S. presidential elections next November.

Thus, at his news conference, the President rejected a series of reports that some kind of agreement had been reached between him and the Soviet leader to keep relations on an even keel between now and the summit meeting.

He implied it was only coincidence that Russia backed down on its demand for more restrictive passes for allied personnel in Red East Germany after the United States decided against testing the 10,000-foot ceiling imposed by Russia on allied flights to Berlin.

Renew License by Friday

Can Save on Driver Fees

LANSING (U)—Anyone whose driver license expires before mid-June can save 50 cents by applying for a renewal by Friday.

Effective Saturday, the price of license renewals will go up from \$2 to \$2.50, original licenses will go from \$3.50 to \$4 and chauffeur's licenses from \$2.50 to \$2.75.

The law permits drivers to renew their licenses 90 days before expiration date.

Licenses must be renewed every three years. The increased income will be used to support the driver education program.

French A-Bomb Triple Hiroshima Variety

PARIS (U)—The French atomic bomb exploded in the Sahara desert last month had a power equivalent to between 60,000 and 70,000 tons of TNT, it was officially announced today.

The first U.S. bomb exploded at Hiroshima, Japan, in World War II, was equivalent to 20,000 tons of TNT.

Fifty-nine per cent of department stores spend by far the greatest portion of their advertising budgets in the daily news as well as cash customers, dealers.

More than 11,000 persons in 250 establishments in New York State are engaged in the manufacture of dolls.

Members of the Women's Auxiliary to the Michigan State University Club of Oakland County relax with coffee at a recent benefit planning session. The group will sponsor a luncheon, fashion show and

bridge party April 7 at the Kingsley Inn. From left are Mrs. John Sterling and Mrs. Karl Zint, both from Birmingham, who will model, and Mrs. James Garrity of Birmingham, program chairman.

Auxiliary Plans Show for Scholarship Fund

"Here's a sample of our tickets and invitations," smiles Mrs. Paul Wheaton, right, of Birmingham, Mrs. Emerson Brown, left, and Mrs. Donald Borgeson, both of Birmingham, seem to approve as they prepare to mail invitations and issue tickets for the MSU Club auxiliary benefit.

Club Notes Birthday

The Suburban Woman's Arts and Crafts Club in Waterford Township celebrated its third birthday at the home of Mrs. Edward Serravallo.

New officers elected were Mrs. James Crothers, president, Mrs. Stanley Larkin, treasurer, and Mrs. James Willette, secretary. Mrs. Joseph Deni will be the hostess chairman, and Mrs. Jack Mackay, the publicity chairman.

Will Discuss Work of Kant

Waterford Great Books Group will meet Friday evening at 8 in the library of the CAI Building.

They will conclude their discussion of Immanuel Kant's "Critique of Judgment" under the leadership of Kenneth Valentine.

Five Pages Today in Women's Section

GLORIA JEAN UTSCHIG

Gloria Jean Utschig, daughter of Mrs. Leonard Utschig of Appleton, Wis., and the late Mr. Utschig, will wed Eugene Urban Bego, son of Mr. and Mrs. Anton Bego of Osceola drive, July 2. The bride-elect is a graduate of Lawrence College, and her fiancé of General Motors Institute.

Told About Disturbed Children

Jerome Breen, principal of the Fairview School for emotionally disturbed children at Pontiac State Hospital, was guest speaker at the Parliamentary Study Club's annual luncheon Wednesday at Rotunda Inn.

"An Effective Program for the Emotionally Disturbed Child" was Mr. Breen's subject.

Officers elected for the coming year were: Mrs. Lee Hill, president; Mrs. Lester Oles,

first vice president; Mrs. William Pfahler, second vice president; Mrs. Dale Nolt, recording secretary; and Mrs. J. R. Shaffer, corresponding secretary.

Mrs. Ervin Christie was named treasurer and Mrs. Joseph Phillips, auditor.

Committees appointed included Mrs. I. J. Gossin, Mrs. Louis Stieb and Mrs. John Braid, program; Mrs. Norman Tibbitts, Mrs. Russell Auten, Mrs. Har-

ry Henderson and Mrs. William Graves, membership. Mrs. Fred Goines, Mrs. Stanley Warwick and Mrs. Russell Larkin were appointed to the house committee.

New custodian for the club is Mrs. John Gemmel. H. N. Watson is historian.

Guests of the day were Sandra Anable, Mrs. Roy Curry, Mrs. Clegue Webster, Mrs. Heery Simpson and Mrs. Floyd Sanchez.

Parliamentary Study Club observed its annual luncheon Wednesday at Rotunda Inn. These three members served on committees planning the

gathering. From left are Mrs. George H. Watters, Mrs. Russell French and Mrs. Lewis Swartz.

It's Okay to Invite Neighbors

By EMILY POST

Dear Mrs. Post: The invitations to my wedding have already been sent out. I had planned on having about 75 guests at the reception and in order to keep to this number I had to omit my neighbors. Now it seems that several of the guests cannot come to the wedding and I would like to invite some of my neighbors to come in their place. Would it be proper to call them on the telephone and invite them to the reception at this late date? My mother thinks I should let the guest list stand as it is because she thinks to invite them now would make them feel that they are second choice and in all probability hurt their feelings. What is your opinion?

Answer: If you know them at all well, you can surely explain to them that you now at this late date find you can include a few more guests at the wedding reception than you thought, and you would love to have them with you.

Dear Mrs. Post: A friend of mine is going on a trip shortly to a country that is noted for its fine woolsens and they are far less expensive than they are here.

Would it be an imposition to ask her to bring me back a cashmere sweater? I have always wanted one but held back from buying one because of the price.

I intend, of course, to pay for it.

Answer: If she is not flying with a limited baggage allowance, you might ask her to do this, paying her not only for the sweater but also for any customs duty she has to pay.

Dear Abby Says: Keep Out of It

Let Driver Tell Widow to Stop Her Chattering

By ABIGAIL VAN BUREN

DEAR ABBY: Please tell me if you think my mother-in-law is "all there." She left her husband about a year ago. The first six months she spent crying to every one who'd listen to her. (I know it is sad to be left a widow, but she did have 38 happy married years, and her husband left her in good financial shape.)

Lately she has spent almost every day riding around on a certain bus. She sits behind the bus driver and talks to him. She says this is her only pleasure. I have seen this bus driver and he acts very annoyed with her.

Do you think it's right of my mother-in-law to force her company on a poor defenseless bus driver? Or shouldn't somebody tell her to leave him alone?

DAUGHTER-IN-LAW

DEAR DAUGHTER-IN-LAW: It seems to me that there are rules about passengers needlessly talking to bus drivers. (Their duties require their undivided attention.) Stay out of it. Maybe the bus driver will tell her where to get off.

DEAR ABBY: Have you a solution for neighbors who use your phone more than you do? They have a habit of walking right in. We can't lock our door because of the kiddies run-

ning in and out. It starts early in the morning and we have had them coming in as late as midnight to use the phone. We can't even use our own phone in private because they will come in and stand in the same room with you until you hang up.

TELEPHONE OWNERS

DEAR OWNERS: Some people have to be told bluntly that they are abusing a privilege. Tell these clods that you have a one-party line—and you're the party!

DEAR ABBY: My husband caught me in a lie once. (Nothing serious. I told him I was going to a movie with my mother, but instead I went to a bar with an old flame. Nothing happened.)

Anyway, ever since then he has been checking up on me. It is very embarrassing. He calls my mother and sisters and wants to know where I am every minute I am away from home. That lie he caught me in happened two years ago, but he can't seem to forget it. How can I prove to him once and for all that I can be trusted?

NOT TRUSTED

DEAR NOT: It won't be easy. Trust is built on actions, not words. Behave as a woman and not a moth and one day your husband will realize that checking up on you is a waste of time. Then he'll quit.

CONFIDENTIAL TO "THE NEW GIRL": Wait until he tries it again. When you are sure his intentions are strictly

dishonorable, let him have it with the paperwork.

"What's your problem?" For a personal reply, write to Abby in care of The Pontiac Press and enclose a stamped, self-addressed envelope.

For Abby's pamphlet, "What Every Teen-Ager Wants to Know," send 25 cents and a large self-addressed, stamped envelope in care of The Pontiac Press.

Pontiac YW Sponsoring Two Events

Two special events are scheduled by Pontiac YWCA.

Instructors from a local dance studio will give a dancing exhibition for members of Mrs. Dody O'Connor's teen-age Charm class Monday at 7:30 p.m. All teen-agers in the junior and senior high school age bracket are invited.

Howard H. Hawn, a member of the Michigan Lapidary Assn., will give an illustrated lecture on precious stones Monday, March 28, at 7:30 p.m. This program is under the sponsorship of the Y's silver-smith class of which Amy Krueger is instructor. The evening is open without charge to anyone interested in the history and uses of precious and semiprecious stones.

Mrs. Lee Hill, right, incoming president of Parliamentary Study Club; was photographed as she chatted with Mrs.

John McNeely at the luncheon table Wednesday. Mrs. McNeely is past president of the club.

Whittier PTA Has Election, Honors Scouts
Election of officers and a program honoring the Girl Scouts highlighted the March meeting of the Whittier PTA.
Officers elected were Joe Singleton, president; Mrs. J.C. Thomas, mother vice president;

Clifford Eason, father vice president; Mrs. Cassie B. Forest, teacher vice president; Mrs. Emile Guy, secretary; and Mrs. Henry Stewart, treasurer.
The Girl Scouts of Whittier, under the direction of Beatrice Ringgold, presented a program on knot tying, first aid and outdoor camping.
Save the juice from maraschino cherries and use on grapefruit halves at dessert time.

Personal News of Local Interest
Marlene Lazenby, secondary education major at Western Michigan University, spent a recent weekend with her parents, Mr. and Mrs. Royce Lazenby of Rowley street, Drayton Plains.
Currently appearing on the high scholastic list, Miss Lazenby has been elected president of Siedschlag dormitory. She is assistant vice president of Associated Women's Student Organization; a member of the Women's Judicial Board, and treasurer of Alpha Sigma Alpha, national honorary society.

A daughter, Lisa Renee Corbat, was born March 14 to Mr. and Mrs. Richard Corbat at Huntington Hospital, Long Island, N.Y. Paternal grandparents are Mr. and Mrs. Louis D. Corbat of Vinewood avenue. Mrs. Corbat is at her son's home to help in the care of another daughter, Cherie.
Mrs. Louis G. Lendick has returned to her home on Seminole drive after a three-week vacation in Florida. She had dinner with Mrs. E. B. Rockwell at Pioneer drive who is wintering in Miami. At Vero Beach, she visited her brother-in-law and sister, the George W. Tucks of Kalamazoo, who are spending the winter there.

A son, Michael Brian, was born March 12 in St. Joseph Mercy Hospital to Mr. and Mrs. James E. Wilcox of Lombard lane. Grandparents are Mr. and Mrs. Donald Upton of Third avenue, and Ernest Wilcox of Wrentham drive.
Surprise birthday party at the home of Blanche Meidlein on Charlotte avenue honored Harriet L. Murphy of Waterly street, Waterford Township. Mrs. Kay Hall was hostess. The guest list included Mrs. Stuart Herbert, Mrs. Harold Farnester, Mrs. Forrest Hatfield, Mrs. Julius Kachinski and Ann Brennan. From Dearborn, were Mrs. Lawrence Rowsey and Mrs. Phyllis Larcord.

many Grandparents are Mrs. Anna Lattiver of Rhododendron, Germany, and Mr. and Mrs. Irwin Spencer of Franklin road.
Nancy Tregenza, daughter of Mr. and Mrs. William Tregenza of Linda lane, Bloomfield Hills, has been elected intersorority council representative of Kappa Alpha Theta social sorority at DePue University, Greencastle, Ind.
Catherine E. Crouch of Pontiac and Michael Reese Choquette of Birmingham are listed on the honor roll for the fall semester at University of Oklahoma.

You Can Look Young . . . or Old

Eyeglass Frames Important

By JOSEPHINE LOWMAN

Not every woman can afford an eyeglass wardrobe but it would be fun if every woman could do so. Colored frames are so very flattering that it is too bad that it is sometimes essential to buy frames you can wear with every shade.

If you can afford two sets of glasses, why not select one frame in a color which blends with several of the shades you most often wear?

Blues go with many different colors and it is amazing how many reds look well with it. I myself think that white frames are most attractive with spring and summer pastels and white.

PASTEL BECOMING

I do not like silver frames on the gray or silver-haired woman. It is too much of a sameness. Pastel frames are becoming to many women. Blondes especially go for them.

I think that deep amber is more flattering than a dead brown, and black frames which have some rip in the shape are smart looking.

Of course the shape of the frames is important too. If you have a square face, avoid heavy, square-shaped lens. The average face will profit by a little upsway at the frame corners. This is youthful but if the swing is too extreme the glasses will look too small unless you have a very small face.

REDHEADS BEWARE

Redheads must be a little careful about the color they use for fear of a clash with their vivid tresses. They look lovely in blues, amber, white, yellow, gold, bronze or green.

It really is a mistake to think of your glasses or those for dis-

tance or your sun glasses as utilitarian only because they can be so in case.

Moore-Elwell Ceremony at Grace Lutheran Church

Wynette Clara Elwell exchanged wedding vows with Lawrence E. Moore of Oxford Saturday in the Grace Lutheran Church two hundred guests were present.

The Forest Leon Elwell of Berwick boulevard, parents of the bride, were hosts at the reception in the VFW hall on Orchard Lake road. The bridegroom is the son of Mrs. Wilbur Crump of Lake Orion and the late Norman Moore of Oxford.

Medallions of Swiss embroidery enhanced the white silk peau de sole bridal gown at the bateau neckline and on the full skirt which swept into a chapel train. The short sleeves were shirred, and large roses accented the back skirt fullness at the hipline.

The veil of silk French illusion fell from a silk headpiece. A white hybrid orchid centered the bride's crescent bouquet of yellow cymbidium orchids and stephanotis.

The attendants appeared in identical gowns of emerald green satin, styled with scoop necklines and long sleeves. The bride's sister, Mrs. Evert Agelink, carried a crescent of gold fuji mums and white hyscinth florita. Bridesmaids Mrs. Elwood Elwell and Katherine Seebald, both of Pontiac, held crescents of gold fuji mums and dracena foliage.

OFF TO FLORIDA

Raymond Spencer of Oxford was best man, and Irvin Eberstein and George Slick of Oxford acted as

guests. Forest William Elwell, nephew of the bride, was ring bearer.

To begin a motor trip to Florida, the new Mrs. Moore were

MRS. LAWRENCE E. MOORE

belonged to her, with brown accessories and the orchid from her bouquet.

For her daughter's wedding, Mrs. Elwell chose a sheath of light green linen taffeta with matching accessories. She pinned a black orchid to her gray mink stole. The bridegroom's mother, in light blue silk crepe and accessories to match, also wore a black orchid.

Dancers Gather at Pierce School

Allemanders Square Dance Club met Saturday evening at the Pierce Junior High School.

"Happy Waltz," round dance of the month was introduced by the Sam Joans.

Guests were Mr. and Mrs. Roland Hurteau, Mr. and Mrs. Donald Allen, Emma Bentley, Fred Suppus and Mr. and Mrs. George Kish.

Refreshments were served by the Noble Merediths. The next dance is set for March 26.

Betty Brandrup, George Jensen Exchange Vows

Announcement is made of the marriage of Betty Louise Brandrup and Sgt. J.C. George C. Jensen, Feb. 26, in Clarksville, Tenn.

The bride is the daughter of Mrs. Svend A. Brandrup of North Andover street, and the late Mr. Brandrup. Parents of the bride-

groom are Mrs. Erick Jensen of St. Paul, Minn. and the late Mr. Jensen.

The couple is en route to Monterey, Calif., where Sgt. Jensen, who has been serving in Greenland, will be stationed at Fort Ord.

Improve Velvet

(NEA)—Love the velvet touch? Now it doesn't develop a flat look where you sit, for it's made of nylon and rayon. Stash-spurge it to remove spots that used to wreck velvet.

Wash Food, Rinse Cans

(NEA)—In this day and age of hyperacidity it may be strange to suggest additional cleanliness.

It has been discovered though, that many of the old diseases are creeping up on us because of laxity. Remember to wash vegetables and fruits thoroughly before you eat them and rinse off cans and bottles before opening.

To Fete Camp Fire Anniversary

"Camping the Camp Fire Way" is the theme for the Pontiac Council of Campfire Girls program Saturday at Madison Junior High School gymnasium.

Set for 7 p.m., the affair will mark local celebration of Camp Fire's 50th anniversary.

According to Chairman Mrs. Eldon Gardner, the program will demonstrate activities at day camp and group camps. Pioneer camping will be highlighted.

Special event is a stage show at 7:30 p.m.

BIRD BIRDS TO PERFORM
Blue Birds, the youngest group, will illustrate cooking, bird watching, hiking, swimming and singing.

A "let's pretend" session and display of nature collections will also be featured.

Older Campfire girls will publish a special edition of their camp paper, "The Camp Oweki News."

In addition, they will demonstrate activities in a typical day camp unit.

Other demonstrations by this group will include boating skills, archery, fire building, lashing, weaving and tenting.

Development of Camp Oweki

Navy Mothers Hear Plans for Installation

The Pontiac Navy Mothers' Club met Friday evening at the Naval Training Center.

The group will join other clubs this year in a joint installation of officers in May. This will replace the usual private installation ceremony.

Contribution was approved for the Navy Family Chapel in San Diego where many Pontiac area servicemen are stationed.

Members are asked to bring game prizes and one dish to a cooperative luncheon March 31 with Mrs. Maude Morgan on Clifford street.

Purchase of a commander's official pin to be worn by the commander currently in office was approved. The outgoing commander will receive her past commander's pin at the installation.

The next business meeting will be on April 7.

Sisterhood Studies Food

The Sisterhood of Temple Beth Jacob met Tuesday afternoon at the Consumers Power auditorium for a demonstration of holiday foods.

Named delegates to the Michigan Federation of Temple Sisterhoods annual convention are Mrs. Sherrin Birkenstein and Mrs. Malcolm Kahn. The event will be in Pontiac April 25 through 27.

The group will sponsor a rummage sale the week of March 28.

Opening and closing prayers were given by Mrs. Alfred Simonson and Mrs. Martin Kabe-nell.

Entertains 15 Dinner Guests

Fifteen members of Xi Alpha Nu chapter of Beta Sigma Phi sorority were dinner guests of Mrs. Richard Benham of Avery street Tuesday evening.

Cohostesses were Mrs. Richard Ferris, Mrs. Stewart Sovey and Marie McGill of the social committee.

Isaac Prevette Jr. of the Oakland County Juvenile Court will speak on juvenile problems at the April meeting at the Coleman street home of Mrs. Harvey Kerr.

near Clarkston has been a major endeavor of the local council in recent years.

"The activities at our camp are geared to the girls' own interests and capabilities and to the degree to which they contribute to the girls' appreciation of the outdoors, development of initiative, creativity, resourcefulness and self-reliance," said Reita Smith, camp program committee chairman.

Anna Murray, Sergeant Wed in Evangelical Rite

A church reception followed Saturday noon nuptials of Anna Marie Murray and Sgt. John Milton Robinson, solemnized by the Rev. Myron R. Everett in Baldwin Avenue Evangelical United Brethren Church.

The Maurice Benjamin Murrays were hosts at the wedding dinner.

MRS. JOHN M. ROBINSON

in their home on Silver Sands drive, Liverton Plains.

The bridegroom is the son of Mrs. Bernice Katherine Williams of Jefferson street.

Scalloped white embroidered tulle over silk taffeta fashioned the tiered skirt of the ballerina bridal gown.

The brief sleeves of the basque bodice were shirred and scalloped outlined the sabrina neckline.

An elbow-length veil of silk illusion was attached to a beaded coronet. White rosebuds were mounted on the bride's white prayer book.

Joanne Evelyn Murray was her sister's only attendant. Complementing her ballerina dress of seafair silk organza was a cascade of yellow chrysanthemums. She wore a matching veiled headband.

Camp Oweki is supported by the girls' annual candy sale and by contributions from service clubs and individuals.

Saturday's public program, which tells the camping story, is without charge.

The local council, a member agency of the Pontiac Area United Fund, provides leisure time activities for all interested girls from 7 to 18.

Soroptimist Club Dines

Soroptimist-International of Pontiac met for dinner Monday evening in the Hotel Waldron. Mrs. Kenneth R. Wright, vice president, conducted the meeting in the absence of Mrs. Richard Paschke, president.

Mrs. Arnold Hillerman reported on the Monday meeting of the Pontiac Federation of Women's Clubs.

Mrs. Karl Schultz and Mrs. Harold James were named delegates to the Midwestern Regional Conferences in Cleveland, to be held in April.

The Pontiac club will be a cohostess club during the Soroptimist-International Biennial convention at the Sheraton-Cadillac Hotel, Detroit, next July.

Ways and Means Chairman Mrs. Oliver Lemaux announced a spring rummage sale, with the date to be disclosed later.

Mrs. Francis Coons was appointed a delegate to the Michigan Soroptimist Presidents' Council at the Women's City Club, Detroit, Wednesday.

Taimae Suola and Mrs. Wright will represent the club at the Oakland County Marketing Information Council.

Travel Bug Nips Many Bloomfield Hills Folk

By RUTH SAUNDERS
BLOOMFIELD HILLS.—Bloomfield Open Hunt Club will be especially gay at the weekly musicale ride this evening in honor of Good St. Patrick.

The riders will wear green top hats, table decorations will be "likewise" and a well known "combo" will play for after-dinner dancing.

Dominating the cocktail lounge will be a large mural by Rocco di Marco.

Mr. and Mrs. A. Howard Macdonell are cochairmen of the entertainment committee, assisted by Mr. and Mrs. Elsie Saarnen, Mr. and Mrs. Harry Hoyt, Mr. and Mrs. Edward Neale, Mr. and Mrs. M. B. Cather and Mr. and Mrs. William Mitchell.

Eight-year-old John Oglesby will accompany his parents Mr. and Mrs. Richard C. Oglesby to Florida early next week.

They will fly to Miami Beach for a visit with his aunt Mrs. J. W. Merritt at her winter home.

Highlight for John, even better than swimming in winter, is the 2 1/2-hour jet flight.

Mr. and Mrs. Marc T. Patterson, who formerly lived in Bloomfield Hills have returned to their home in Wyoming after a visit with Mr. and Mrs. Denton Anderson of Lone Pine road.

They visited their son-in-law and daughter the Charles E. Suddlers in Urbana, Ohio, before coming to Bloomfield Hills.

Everett E. Fisher Jr. will arrive Sunday to spend spring vacation with his parents Mr. and Mrs. E. Fisher of "Thimble Farm," Pon Valley road.

He is a student at the Phelps School near Philadelphia.

Mr. and Mrs. Russell Strickland returned Sunday from a skiing trip to Switzerland.

Mr. and Mrs. Howard C. McDonald with their son Graham and daughter Joan who attends Kingswood School drove East Wednesday to visit college.

Joan plans to fly South March 21 from Boston for a visit in Pompano Beach with her classmate Gail Burgess and her parents Mr. and Mrs. Charles R. Burgess who formerly lived in Birmingham.

Virginia Cross of Detroit and Suzanne Haple of Los Angeles will also visit the Burgesses and the four girls will return to Kingswood School together at the end of vacation.

Mr. and Mrs. Edward H. Lerchen and their four children will travel West for spring vacation, visiting Mrs. Lerchen's uncle and aunt Mr. and Mrs. Morris Murry in Phoenix, Ariz., en route to California.

Sylvanites Hear State Chairman

Mrs. Jack Kirksey opened her home Thursday evening to members of the Sylvan Manor Branch of the Women's National Farm and Garden Assn. Hostesses were Mrs. John Collison and Mrs. Thomas Phillips.

Mrs. W. H. Garrison, state chairman on international cooperation, spoke on the international cooperation extended by garden club members.

She told of the international farm youth exchange program and her recent experiences in Edinburgh at the conference of the Associated Countrywomen of the World.

The group will meet next at the home of Mrs. Donald Carroll, with Mrs. Fred Scott assisting.

Presbyterian Women Meet

The Women's Assn. of Joslin United Presbyterian Church met Tuesday evening, with 24 members present.

A program on the literature for 1960 and Ecumenical Missions was given by Mrs. Howard Dow and Mrs. Warren Stewart.

Mrs. Floyd Miller, president, and Mrs. Francis Oak, assistant program director, gave a program on spiritual life and stewardship, missionary education and social education and action.

Mrs. Clifford Brown gave the devotion, and Mrs. Walter Hubner, fellowship.

Six members of the Association received reading course certificates for 1959.

Mrs. Glenn Holmington and Mrs. Robert Bunker of Ruth Circle served refreshments.

Some Serious, Some Just Curious

Teeners Want to Peek Behind Iron Curtain

By EUGENE GILBERT

The iron curtain has no insurmountable terrors for American teen-agers.

Given the chance, they say, they would like to visit Russia right now.

They want to see how the Russians live, talk with Khrushchev if possible, and explain to Russia's common people the facts of American life and government.

Recently we put the question, "Would you like to go to Russia?" to several hundred young people across the nation.

Seventy-eight per cent said yes, 21 per cent said no, and 1 per cent couldn't make up their minds.

Among those anxious to visit Russia are many who acknowledge that they would like to go anywhere, mostly out of curiosity and to broaden their knowledge.

Others, however, say they are interested particularly in Russia.

Most — almost half — say they would like to see how people live. For instance, George C. Heubner, 17, of Amelia, Ohio, who says he would like to see "the average home to compare it to my own everyday surroundings."

THEY'RE CURIOUS

The next most popular desire is to see Russian schools. Here again, the teen-agers want to compare their schools with those in the Soviet Union.

Moscow and the Kremlin are on the list because the youngsters feel they want a look at the center of Russian government and culture.

Many are interested in the Kremlin architecture.

MR. K IS NO. 1

Many of the boys, but none of the girls, say they would like to see Russian weapons. Many of the girls, but none of the boys, say they would be interested in Russian clothing styles.

"To whom would you most like to talk?" we asked.

The most popular choice — the choice of 29 per cent — is Premier Nikita Khrushchev. In second spot as the choice of 26 per cent of the teen-agers is a Russian worker. A typical teen-ager gets the third largest vote.

Donald Harms, 18, of Farmington, Mich., would like to speak with a laborer living outside Moscow

"to see what he thinks of communism and capitalism."

Fifteen per cent of the youngsters say they would like to speak to a Russian teen-ager because they feel they would have much in common to discuss.

Finding out how the Russian people live is the primary thing 36 per cent of the teen-agers would like to find out if they visited the Soviet Union. Learning all about their government is the main aim of 20 per cent.

Seven per cent want most to find out about the Russian school system; 4 per cent the Russian scientific and military advances, and 3 most part, are happy, and that a government of the people, by the people, and for the people is the best and only way.

Beverly Robin, 14, of Los Angeles, says she would like to tell them about "the way we live, our high standard of living, democracy, freedom of press, religion and speech."

Reva Bowers, 17, of Cincinnati, says she would tell every Russian she could "that our citizens, for the most part, are happy, and that a government of the people, by the people, and for the people is the best and only way."

Presents Work-Education Plan to Law Officers

Judge Explains Camp Project for Idle Boys

By DICK HANSON
Suburban News Editor

What becomes of the boy who drops out of school between the ages of 15 and 18?

More often than not, police records show, he is unable to gain employment because of his limited education and becomes a juvenile delinquent.

There is another, far better an-

swer possible, according to Oakland County Probate Judge Arthur E. Moore. He presented it yesterday to law enforcement authorities from throughout Michigan.

A statewide work-education program for dropouts is what Judge Moore proposed to some 45 of those officials when they met at Camp Oakland, near Oxford.

The judge has been the major force behind state legislation to set up work-education camps for idle boys, similar to those of the

old Civilian Conservation Corps (CCC) camps of depression years.

Undaunted when the bills failed in clear committees at Lansing in time to enter the Legislature this year, Judge Moore is planning his hopes on a federal bill in Washington which keeps the plan alive.

He wants to see eight camps—geared to fitting programs—be placed in society-launched in Michigan this summer. He already has a small pilot model under way at Camp Oakland, with 14 boys enrolled.

Yesterday's meeting was aimed at uniting support of police authorities behind the youth program. Almost unanimously, the men agreed that such camps would serve a definite need, and pledged their support.

Differences of opinion were expressed as to which agency should administer the program, and who would arrange admittance of boys to the special camps.

Some of the agencies suggested were police, education, correction, conservation and welfare departments.

Judge Moore said this question doesn't matter too much as long as money can be appropriated for the program's support.

He suggested that admittance of boys could be arranged locally by schools throughout the state, since teachers would best know who needed the special facilities.

Teachers inevitably come to know which of their pupils need special guidance, but their hands are tied by classes too large to permit individual attention," he pointed out.

The intent of the work-education program is the important issue at this time, the judge stressed.

"We want to provide the means to teach idle boys some thing useful and develop good work habits in them so that they can fit into society without backing its laws," he explained.

"However, we must devise useful work on a plane that will not deprive family bread-winners of their employment," he added.

His plan is to equip youths for

employment in the care and maintenance of state conservation parks and similar projects. At the same time, they would be expected to continue their formal education at a level suitable to them.

CHILDREN FOR PLAN

A staunch supporter of Judge Moore's program, State Police Commissioner Joseph A. Childs said he felt funds should be available for the camps.

"Prisons cost money, too, and they're filled," said Childs.

"Some of this money could be better spent on places like Camp Oakland, where the best solution is to get the boy when he first comes to police attention and divert him then from the life of a criminal," Childs contended.

Following a luncheon served in the new Girl's Ranch building at Camp Oakland, officials toured the neighboring pilot camp and talked to the boys as they worked on various projects.

Half of the group was attending formal classes in the three r's, while others, who had attended half-day classes in the morning, were working on shop projects and clearing woods which abounded at the camp.

None of the boys enrolled in the program are juvenile delinquents, but had dropped out of school in their teens.

Law officials were visibly impressed with the youngsters' avid interest in their work and their cheerful demeanor. Those interviewed were enthusiastic over their surroundings, friends and instructors.

WIDE OPEN SPACES

Part of the day for the boys is devoted to recreation, enjoyed in a fresh setting of lakes and woodlands. They have fields for organized sports as well.

"The important thing here is that something is being done FOR the boys," Judge Moore stressed. "They have been given a useful purpose and a means of improving themselves. They are not being wasted."

Among officials attending yesterday's meeting were Detroit Police Commissioner Herbert W. Hart and several members of his Youth Bureau, representatives of several county sheriff's associations, members of the Pontiac Police Department, and police chiefs and officers from Bay City, Southfield, Grand Haven, Monroe, Oak Park and Saginaw.

Others were from Mount Clemens, Port Huron, East Lansing, Berkley, Troy, Farmdale, Ann Arbor and Dearborn.

Also attending were Mayor Orville L. Hubbard of Dearborn, and AFL-CIO Education Director Roy Reuther.

\$3 Million School Building Plan Presented by Rochester Board

ROCHESTER — Formal presentation of a suggested \$3,450,000 school building program to meet the needs of the district for the next five years was made last night by the Rochester Board of Education.

Included were elementary school expansion plans to take care of the district, through the 1962-63 school year and for the next five years on the junior and senior high levels.

Major projects are a new 14-room elementary school, extensive remodeling of the present junior high school, a new \$1,600,000 junior high, a 24-room

addition to the high school and additions to two grade schools.

On the elementary school level it has been determined that four more rooms are needed at Hamlin School and six at Meadow Brook besides the proposed new 14-room Howard L. McGregor School.

The Board figures that McGregor would cost an estimated \$500,000 and the Hamlin and Meadow Brook additions, \$200,000 each.

It was explained that since no building program can be completed by next fall, projected enrollments show a total shortage of three rooms on the elementary level — two at Hamlin and one at Harrison Central.

This problem can be met, ad-

ministrators said, by using the library and special activities rooms at North Hill and the basement room at Woodward School next year.

One of the main factors taken into consideration in the elementary school planning was the administration's desire to have all children in specified areas going to the same schools instead of being split up as some are now.

The capacity of the new McGregor School would be 420 students.

The site for the proposed new junior high school has not been selected, Schools Supt. Donald C. Baldwin said, but based on 30 students per class, it would have a capacity of 900.

By remodeling the existing junior high, the administration expects to be able to match educational programs in the two junior high schools except for physical education. The capacity of the older building will be 600 students.

PRESENT STUDY

Baldwin said that by 1964 there would be between 1,400 and 1,500 junior high students in the district.

Linn Smith of Linn Smith Associates Inc., Birmingham architectural firm, presented the space study of the present junior high explaining plans to install new acoustical ceilings and new lighting throughout in addition to remodeling of special areas and classrooms.

The cafeteria, as expanded, could double as a study hall four or five periods a day, he said.

Smith also suggested that Harrison Central, attached to the junior high be torn down. The \$300,000 figure for remodeling included demolition of the building now housing grade school classes.

Baldwin said if the Board wanted to tear down Harrison Central it could not be done until the construction program was completed in 1964.

Instead he said it may be converted into administrative offices.

The high school expansion program includes plans to add 20 classrooms at a cost of \$20,000 each, plus a home economics room, shop, drafting and science rooms and additional equipment for the cafeteria to serve more students.

In addition, money set aside for site acquisition and development would cover cost of a 400-car parking lot off West University Drive. Based on the future floor plan in the architect's design for the new high school in 1964, the new classrooms would probably be built at the northwest end of the building, although that has not yet been decided.

Not included in the high school expansion plans are a swimming pool, auditorium and music department. These would cost an estimated \$750,000, architects said, \$200,000 for the pool alone.

The proposed building program for the district was presented last night to members of the elementary and junior high study committees who worked on the two projects for many months before making their recommendations.

Many of the decisions reached, administrators said, resulted from their work.

The Board said that a special election may be held early in May. Voters could be asked to authorize a five-mill tax levy to cover cost of the proposed building program.

Baldwin said this could mean a net increase of three mills, dropping off two mills by not calling in some bonds, or the total levy of five.

Presently 7.5 mills are being levied for building and debt service, he said.

Community Hospital License is Renewed

ALBANY — Community Hospital Director James W. Cray announced today that the hospital's license has been renewed by the Michigan State Department of Health.

The license is granted only after the State has made its medical and sanitary inspections and found no serious deficiencies, Cray said.

ABSORBED IN WORK — These two boys, participating in a pilot model work-education program for school dropouts, enjoy working on a shop project. Many of the youths' products are sent to the Oakland County Children's Home.

INTEREST REKINDLED — Discouraged when they couldn't keep up with classmates in local schools, these teen-age boys quit. They are among 16 such youths now getting much-needed attention in the prototype work-education program at Camp Oakland. Shown with them is one of the special instructors at the boys' camp.

Councilman Hurt as Cars Crash

Three Injured Near Romeo

ROMEO — A Romeo councilman and three others were injured yesterday in a two-car collision on the curve at Oak Lake on 32-Mile road, two miles west of here.

The councilman, John Kegler, 49

of 455 N. Bailey St., was thrown through the windshield of one car and suffered severe cuts on the face and legs and possible broken ribs.

Also injured were the driver of the other car James R. Greenway, 35, of 400 Summit St., Lake Orion, and his passenger Mrs. Mildred Peck, 35, of 476 Summit St., Lake Orion.

The driver of the car in which Kegler was riding was William E. Stokes, 47, of 6760 Van Dyke, Romeo.

WOMAN'S CONDITION POOR All were taken to the Community Hospital near Albion where Mrs. Peck is listed in poor condition and Kegler and Greenway in satisfactory condition.

Stokes was treated and released.

According to Romeo State Police, Greenway lost control of his car on the snow-covered curve and skidded into the path of Stokes' vehicle.

Stokes' car slid over the embankment but was stopped by some trees before reaching the bottom, police said.

Both cars were total wrecks. Greenway was ticketed for reckless driving.

She'd Seen Enough at 90

Area Woman Marks 103rd Year Sunday

UNION LAKE — Mrs. Moses Russell will quietly celebrate her birthday Sunday.

She will be 103.

MRS. MOSES RUSSELL

Mrs. Russell, who has lived in the Oak Lake area most of her long life, has been confined to her bed the past several weeks.

However, she still gains much enjoyment from the radio, her constant companion since she lost her sight more than a decade ago.

Her spirit has never been dampened by her blindness, though. "By the time I was 90, I'd seen enough, anyway," she claims.

She said that her parents came from Ireland more than a century ago and settled on the shore of Cas Lake.

It was here that Mrs. Russell was born, raised, married and lived with her husband for more than 45 years. After her husband's death, she traveled a bit, but always returned to Cas Lake.

Mrs. Russell lives with a niece and her husband, Mr. and Mrs. Leon Keith, 7120 Cooley Lake Rd.

Council Query Won't Halt Holly Annexation Hearing

HOLLY — A Council request to the Board of Supervisors that an earlier petition seeking annexation of 18 square miles be reconsidered will not cancel the public hearing on the issue Tuesday.

Official opposition to the proposed annexation was expressed Tuesday by four of six councilmen in a letter to the supervisors.

At that time Council went on record opposing any adoption or approval by the supervisors of the annexation.

"Opposed to it or not, the public hearing will still have to be held," vice chairman of the Board of Supervisors Arno Hulet said.

He said he had not received the formal resolution from the Council, but had checked with county corporation counsel after being informed of the opposition by phone.

"Notice of the meeting has appeared in the paper, and it would be illegal to call it off," Hulet said he was told.

The formal opposition came in one of the first actions taken by the revamped Council.

Voicing opposition to annexation were John Van Dusen, Allan C. Kerion, Leo C. Oberheim and Clarence Hubbell.

Van Dusen was re-elected to Council Monday and Kerion and Oberheim upset the incumbents.

Only Councilmen Samuel Wright and Fred Disbrow voted to retain the original petition.

Later last year the village petitioned the Board of Supervisors to annex an area bounded by Eddy Lake road on the west, Tatum Lake road on the south, Tucker Lake road on the east, and Shields, Lahring and Tinsman roads on the north.

Though a public hearing will air the views of persons affected by the proposed annexation, the final decision will be up to the Board of Supervisors.

There would be no vote of the people on the annexation.

The public hearing will be at 8 p.m. in the Holly High School Student Center.

Concert Stated at Oxford High

OXFORD — The Oxford Music Club will present two well-known Detroit artists, Miss Olie McFarland, contralto, and Richard Elliott Luby, violinist, in a concert Monday at Oxford Area Community High School.

The public concert will start at 8 p.m. in the auditorium.

Miss McFarland has given many recitals in the United States and Canada and has appeared on television and radio.

She has had roles in several operas of the New York City Opera Co. and also is a member of the Celeste Cole Opera Workshop.

MISCHAKOFF'S PUPIL Luby, a student at Cass Tech High School, is a pupil of renowned violinist Mischa Mischakoff.

The youth was the recipient of the first Karmazin String Award of the Michigan Federation of Music Clubs.

Mrs. Norman Geisler and Mrs. Ralph Curtis are concert chairmen.

Tax Note Issue OK'd

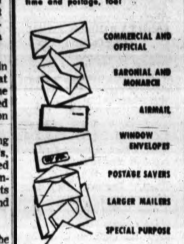

ALBANY — The Albion Community School District was given approval by the State Municipal Finance Commission yesterday to issue \$29,500 in tax anticipation notes for operating expenses.

Calvert, who is undertaking the project himself, said construction will begin on the 25 by 125 foot building as soon as he receives city approval in use as a drain for water runoff.

The drain discharges into a privately owned swamp area.

City officials want to check with the property owner and residents in the runoff area before approving the use of the storm sewer.

Plans Car Wash for Walled Lake

WALLED LAKE — Plans for a \$25,000 automatic car wash, the city's first, have been announced here by Ralston W. Calvert, Chamber of Commerce president.

It will be at Pontiac Trail and Maple road.

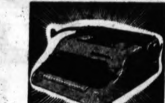

Calvert, who is undertaking the project himself, said construction will begin on the 25 by 125 foot building as soon as he receives city approval in use as a drain for water runoff.

The drain discharges into a privately owned swamp area.

City officials want to check with the property owner and residents in the runoff area before approving the use of the storm sewer.

Low Caloried Sauce Yummy

Baked apples, still warm from the oven... here's a homey treat that should make more frequent appearances on American dinner tables. If you've forgotten how good they can taste on a wintry day, don't let another meal go by without serving them to your family.

This simple dessert fare becomes extra special when the apples are smothered in creamy smooth Vanilla Nutmeg Sauce. Unlike most dessert sauces, this one is not heavily laden with calories. The sauce tastes lusciously sweet and rich, but because it's sweetened with a non-caloric sweetener, extra unnecessary calories disappear as if by magic.

VANILLA NUTMEG SAUCE

(Low-Calorie)

1/2 cup applesauce
1/2 cup nutmeg
1/2 cup vanilla
1/2 cup water
1/2 cup sugar
1/2 cup non-caloric sweetener

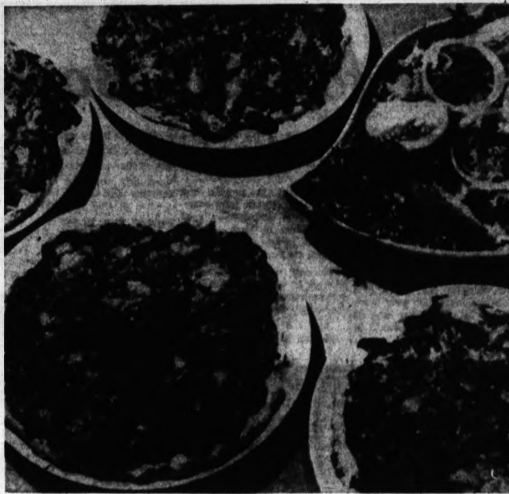

Combine cornstarch, nutmeg and salt in a small saucepan. Gradually add Sugar and a little of the water to make a smooth paste. Add remaining water and cook, stirring constantly, until thickened. Remove from heat; add butter and vanilla. Cool. Good over baked apples, pudding, cake, ice cream.

Makes 1 1/2 cups or 2 servings. Each serving contains 24 CALORIES; no protein; 2 grams fat; 15 grams carbohydrate. If made with sugar, each serving would contain 216 CALORIES.

Mold Deviled Eggs Halves in Lime-Flavored Gelatin

As refreshing as springtime, this salad is perfect for the Easter season. To prepare, pour lime-flavored gelatin into an oiled shallow mold. Chill until partially set, then press deviled egg halves into the gelatin, about one inch apart. Pour enough more gelatin into the pan so the eggs are surrounded, but the entire top portion is still exposed. Chill until gelatin is set.

Cut into squares and serve on a bed of crisp lettuce with a carrot cut garnish. (Use your favorite "deviled" egg recipe for the yolks, and fluff the creation into the whites until lofty peaks are formed.)

LENTEN PIZZA — Why not let Lenten Pizza take over the main dish honors for your next meatless meal? The zesty flavor of this quick pizza is bound to perk up Lenten appetites.

Lenten Pizza Features Anchovies, Not Meat

Pizza—a favorite Italian open-face pie—is traditionally made with a crust of yeast dough. But, our Americanized version is a "quickie." The crisp, tender crust is made with an easy basic biscuit dough.

Lenten Pizza rates tops in taste, appeal as well as in nutritional value. Anchovies, cheese and tomato sauce team up for an outstanding filling. Oregon—an Italian herb—gives an added dimension to the flavorful zest of Lenten Pizza.

Planning a menu that features Lenten Pizza is easy. To complete a real Italian meal, serve the pies with minestrone, a thick Italian vegetable soup, a generous tossed

Lenten Pizza
1/2 cup yeast
1/2 cup milk
1/2 cup oil
1/2 cup sugar
1/2 cup non-caloric sweetener
1/2 cup water
1/2 cup salt
1/2 cup cornstarch

1/2 cup garlic minced
1/2 cup onion
1/2 cup tomato sauce (two 8-ounce cans)
1/2 cup anchovies
1/2 cup cheese
1/2 cup oil
1/2 cup sugar
1/2 cup non-caloric sweetener
1/2 cup water
1/2 cup salt
1/2 cup cornstarch

Drain oil from anchovies and measure 2 tablespoons into heavy skillet. Add mushrooms, onion and garlic. Cook gently, stirring occasionally, about 5 minutes. Stir in oregano and pepper. Blend in tomato sauce. Set aside 12 anchovies for garnish.

With scissors cut remaining anchovies into 1-inch pieces. Stir into tomato mixture. Bring to boiling, then reduce heat and simmer 15 to 20 minutes.

Meanwhile, sift together flour, baking powder and salt. Cut or rub in shortening. Add milk to make

a soft dough. Mix well. Divide dough into four equal parts. Pat out each portion on greased baking sheet to 7-inch circle, making a slight ridge around the edge. Brush circles of dough with butter or margarine. Sprinkle with about 2/3 of cheddar cheese. Spoon tomato mixture over cheese. Top with remaining cheddar cheese and then sprinkle with Parmesan cheese. Garnish with anchovies. Bake in hot oven (425 degrees F.) 15 minutes. Reduce heat and bake in moderate oven (350 degrees F.) 15 minutes longer. Makes 4 servings.

*If self-rising flour is used, omit baking powder and salt.

Sardines on Celery

Here's a variation for stuffed celery to brighten meatless menus. Cut stalks into uniform lengths and fill with a mixture of chopped hard-boiled eggs, chopped parsley and mayonnaise. Top each with a whole Norway sprout. Ideal as appetizers.

Instant Potato Flakes Thicken Lenten Soup

Professional chefs and many homemakers use potato flour as a thickener for hearty soup—because they like both the flavor and texture. Now, you may already have on your pantry shelf the new instant potato flakes for making mashed potatoes in a hurry. These flakes also make an excellent thickener for a main course soup such as this Lenten Soup.

You could serve it with a green salad and with a loaf of French bread. Add shrimp partially thawed and cut into 3 or 4 pieces, and the carrots and peas cooked according to package directions. Cook over low heat until the shrimp turn pink. Remove from heat, and stir in potato flakes. Allow to stand for 3 minutes and serve immediately. Makes 4 large or 6 medium servings.

Potato Soup De Luxe

1 quart rich milk
1 can (12 oz.) sliced or chopped broiled mushrooms
1/2 cup onion flakes
1/2 cup potato flakes
1/2 cup salt
1/2 cup sugar
1/2 cup non-caloric sweetener
1/2 cup water
1/2 cup salt
1/2 cup cornstarch

Feed Them Right
The candy and soft-drink hazard is a real threat to your child's nutrition. Roberta Hershey, nutrition specialist at Michigan State University, says it may be especially harmful to his teeth. If the child acquires the sweet-snacking habit, he may cease to enjoy the bland foods in his normal diet. He's likely to eat less and less of the bland foods and become undernourished.

Need a topping for ice cream? Ball maple syrup to thicken it slightly—about 5 minutes—then pour over the ice cream; garnish with salted almonds.

Green Foods Honor Irish Saint

By JANET ODELL
Pontiac Press Home Editor

Sure, an' you're wearin' a bit of green today? Despite the sound of our name, we're not Irish; we were born an' Oberlander which is about as German as you can get. But we still enjoy St. Patrick's Day.

Now an all-green menu is too much, even for an Irishman celebrating his favorite saint's day. But there are green touches you can give to different dishes in honor of the occasion.

Take, first of all, the rice dish pictured in the accompanying photograph. Bits of minced green onions, green pepper and parsley make it appropriate for an Irish green meal. If you want to go a step further, add two drops of green vegetable coloring to the chicken stock in which you cook the rice.

St. Patrick's Green Rice
1 cup minced green onions
2 tablespoons olive oil
1 cup minced green pepper
1 cup minced celery
2 cups chicken broth
1/2 teaspoon salt
1/2 teaspoon pepper
1 cup water

Cook onions in olive oil until soft but not brown (use tops as well as bottoms). Add remaining ingredients, cover and cook about 15 minutes. Fluff with fork, then press into shamrock mold and let stand one minute.

Unmold and garnish with parsley in shamrock design. (The green rice may also be baked in a covered casserole or 1-quart shamrock mold, covered, for about 45 minutes, or until set.) Makes 6 servings.

According to some natives of Eire, corned beef is NOT an Irish dish. However, it has become so completely associated with the Irish that no one argues the point. Here is a new recipe for corned beef that you may like to try soon.

When you slice this meat, always cut across the grain. If you have a whole brisket, the grain begins to change about halfway through. Then turn the meat so that slicing can continue across the grain. Cut paper thin slices for sandwiches, thicker ones for main dish servings.

CORNEB BEEF BRISKET
(With Lemon-Minced Sauce)
2-3 pound piece corned beef brisket
1 cup water
2 tablespoons cornstarch
1/2 cup water
Juice of 1 lemon

1 cup minced
1 tablespoon grated lemon peel

Simmer brisket in water to cover until fork tender. (About 2 to 3 hours.) Drain.

TO MAKE SAUCE:
Combine sugar and cornstarch in a saucepan. Add water and lemon juice. Stir until smooth. Add minced onion and green pepper. Cook over medium heat until thick and clear. Spread sauce thinly over cooked corned beef brisket. Serve with additional sauce.

Asparagus is a cosmopolitan dish. But it's green. We like the sound of this recipe and we've been saving it for a proper occasion. It is said to be a good complement to fish.

ASPARAGUS CRISP STICKS
12 spears cooked asparagus
1 egg
1/2 cup milk
Pinch each of salt and pepper
Plus bread or cracker crumbs
Parsley oil

Drain asparagus spears on paper toweling. Combine egg, milk, salt and pepper. Dip asparagus one spear at a time, into the egg mixture and then in the bread or cracker crumbs. Set aside for a few minutes. Then dip again in crumbs.

Fry in shallow skillet in hot oil until golden brown; drain on paper towel. Serves 2.

One St. Patrick's Day dessert that should be as popular on a hot summer afternoon as it will be today is Mint Ice Cream.

Crush 1/2 cup of green and white candy mints. Stir into a quart of vanilla ice cream that has been allowed to soften just a bit. Return to freezer or freezer unit until firm. Serve with hot chocolate sauce.

If you're in a hurry, make up regular chocolate sundae and sprinkle the crushed mints on top.

GREEN RICE — It's not the "wearin' of the green," but the serving of the green — rice in this case. Carry out a St. Patrick's Day theme for a meal with this colorful dish. Of course, you can use the rice any time you like throughout the year as it goes well with meat, poultry and fish.

Rainbow Spuds
WASHINGTON (UPI)—Ever see a blue potato? They exist—in other countries. Spuds abroad come in blue, yellow, pink and red, the Americans like them.

Department of Agriculture reports. But the white-fleshed potatoes are the only ones grown in the United States, because that's the way the meat mixture between your palms.

Weather Ups Food Prices: Buy Eggs, Frozen Fish

Continuous price advances in red meats, poultry and fish have been prompted mainly by bad weather which has hindered marketings. These prices have now sifted down into wholesale and retail channels and even store specials are at a higher level this week.

PORK: Snow storms have again slashed marketings and last week pork production was the lowest in five months — in 12 major markets 31,000 head less than a year earlier. Live hog prices were up nearly 25 per cent since the start of the year and on the wholesale market pork loins were at a three-month high in price.

Compare low prices in loin roasts and center-cut chops, in fresh ham, spareribs, bacon and roll sausage, in a variety of luncheon meats and in canned hams — a preview to Easter shopping.

BEEF: Steer prices are at the highest point since last July — up 10 per cent since January. Wholesale prices have also increased and meat experts see little likelihood of much of a lower trend for a month or more. Current beef prices could be at or near their high for the year.

The current store specials on round and sirloin steaks, on rib and rump roasts and on ground beef are being sold near cost. Corned beef is another good value in many stores this week, along with such "budget" cuts as boiling beef, short ribs and neck bones.

Weather conditions have caused a great decrease in fresh fish supplies. Frozen packages are the better buys and a wide variety is available at cost per servings varying from 8 - 99 cents — depending upon the variety and the amount of service.

Although decreased production and increased Lenten demand have caused large egg prices to increase 2-4 cents per dozen since early February, eggs are still one of the best protein buys when you figure high cost per servings of red meats. Large sizes are also much the better buy on a cost per pound basis.

The local fruit picture is generally unchanged. Most Michigan McIntosh and Delicious apples are coming out of Controlled Atmosphere storage, but there are still ample stocks of Steeds Red and Winesaps available at reasonable prices. Bananas and avocados may be found at the lowest prices in many years for this season.

California Navel oranges are about the same in supply and price as a week ago when prices started to climb. However, Florida oranges took their first wholesale

price drop in two months due to poor shipping weather. Harvesting of Valencia oranges is just reaching peak. Grapefruit prices have not yet been influenced by weather conditions. Lower prices on fresh pineapples are available in many stores and strawberries also wear lower price tags in most markets.

VEGETABLES: Cabbage quality has been affected more than yields by poor harvesting conditions in Florida and Texas. In celebration of St. Patrick's Day it is being offered at extremely low prices although quality is variable. Carrots are another excellent value along with dry onions.

Potato prices have begun to take a rapid advance in price as the Michigan supplies are nearing the cleanup stage, quality is only fair and Maine and Idaho are the main shipping sources. Mushrooms are in a heavy supply and they are being sold in all units. California asparagus shipments are increasing every day.

Tang of Rhubarb Cuts Chocolate Sweetness
Choose Rhubarb-Chocolate Cookie Parfait to serve as an inspiration for the spring planning committee. Make it from 1 pound of fresh rhubarb, sweetened and cooked to a sauce.

Then dissolve 1 package lemon-flavored gelatin with 1 cup boiling water and chill. When slightly congealed, beat until foamy and fold into it the rhubarb sauce and 1 cup heavy cream, whipped. In parfait glasses, alternate layers of rhubarb mixture with crisp chocolate cookie crumbs, starting and ending with a layer of crumbs.

Lemon, Herbs Flavor Chicken

Chicken is always a favorite family as well as party food, particularly in the spring. Serve it for luncheon, dinner, or late evening buffet, and it will be a well-earned treat. Lemon-Herb Chicken combines the zesty flavor of lemon juice with the piquant aromas of a variety of herbs.

Lemony-Herb Chicken
2½ to 3 lb. frying chicken, cut into 4 pieces
¼ cup shortening
¼ cup flour
2 teaspoons salt
1 teaspoon pepper
1 teaspoon rosemary
1 teaspoon thyme
1 tablespoon chopped parsley
1 tablespoon lemon juice
1 cup chopped onion
1 cup chopped canned mushrooms
1 cup instanton juice

1 cup sliced tomatoes, fresh or canned
Heat shortening in heavy skillet. Combine flour, 1 teaspoon of the salt, pepper, rosemary, thyme and parsley. Dip chicken pieces in seasoned flour and brown well in hot fat. Remove browned chicken to a platter. Add tomatoes, onion and mushrooms and cook until onion is soft. Stir in remaining seasoned flour. Add mushroom juice, lemon juice, sugar, tomatoes, the remaining teaspoon of salt and bring to a boil. Lower heat, add chicken, cover and cook about 45 minutes, or until chicken is tender. Garnish with sliced tomatoes and parsley serving platter.

SCOTCH WAFFLES — Scotch waffles served with plenty of corn syrup are an appetizing way to start the day! Sautéed apple rings and crisp bacon are good with the waffles. Begin breakfast with orange juice.

New Breakfast Dishes Start Family's Day Right

Imagination is needed to keep breakfast menus from falling into the same pattern. To help create variety in breakfasts, home economists have come up with tempting suggestions which are perfect dishes to start the day.

Waffles are prepared a new way with oats as an ingredient in the Scotch Waffles recipe, and French toast is presented served sandwich fashion with bacon.

What will really make these treats a hit with your family is that they are served with plenty of hearty, melon, deliciously flavored corn syrup. Breakfast dishes topped with generous amounts of corn syrup are just the kind of fare for cold winter mornings.

Scotch Waffles
1 cup sifted all-purpose flour
1 teaspoon salt
2 teaspoons baking powder
2 cups quick-cooking oats
2 eggs
2 tablespoons corn oil
1 cup milk
1 cup corn syrup
Sift together flour, salt, pepper and baking powder. Add oats and mix. Combine eggs, milk and corn oil and mix well. Add egg mixture to flour mixture and beat well. Bake on hot waffle iron until browned on both sides. Serve waffles with corn syrup. Makes 4 servings.

Cream Onions With Peanuts

If a contest is ever held to determine the most important vegetable in our American way of eating, you can bet that the onion will be right up there. In fact, a recent survey showed that about 45 per cent of the recipes tallied called for onions either as a main ingredient or for flavoring.

That's easy to understand, of course, because onions are tantalizing. You simply use your imagination, add onions to a recipe and it becomes something really lip-smacking. In other words, onions simply have "it"—that indescribable quality which has a magic power to lift your cooking out of the ordinary.

You know, of course, that onions just have a natural flavor affinity for your meats, fish, poultry, eggs, vegetables and many fruits, and one could go on and on citing the number of dishes and concoctions that demand onions, such as soups, chowders, dips and dressing, to mention a few.

Here's a recipe calling for onions that may sound unusual to you, but it's really a taste treat personified. It's Creamed Onions with Peanuts, and you prepare it like this:

Steam thick onion slices, or peeled small onions, in salted water until tender. Be sure to drain. Then place the onion slices in a buttered casserole dish and cover with a white sauce filled with chopped salted peanuts. Scatter a combination of chopped peanuts and buttered bread crumbs over the top and bake in a moderate oven about 20 minutes.

Peas and Onions in Macaroni Dish

A new canned vegetable combination is used in a delightful way.

Shells And Peas
1 package (16 ounces) small macaroni shells
1 can (1 pound and 1 ounce) medium green peas with their liquid
2 tablespoons butter
Dried Parmesan or Romano cheese (if desired)

Cook shells according to package directions using the amount of boiling water and salt called for; drain in colander. Drain peas; add peas and ¼ cup of their liquid to saucepan; heat rapidly; liquid will evaporate. Add hot drained shells and butter; toss together over low heat. (A good deal more butter may be added for a richer dish.) If desired, serve with grated cheese. Makes 4 servings.

Onions Parisienne

You don't need to take a trip to the Continent to enjoy a dish like Onions Parisienne. Combine 2 tablespoons butter, 1 teaspoon bottled lemon juice, 2 teaspoons brown sugar and a dash of paprika in a saucepan; heat until butter has melted, mixing lightly. Add drained canned (1½ lb. size) small whole onions and salt and pepper to taste; heat. Serve sprinkled with chopped parsley.

Robin Hood Flour AND JELL-O PUDDING BRING YOU THIS NEW TASTE DELIGHT!

ROBIN HOOD JELL-O PUDDING ROLL
2 cups baking powder
½ cup salt
1 pkg. JELL-O Pudding and Pie Filling
1 cup sugar
1 cup cold water
1 cup vanilla
1 cup sifted ROBIN HOOD All-Purpose Flour
1 egg
BEAT... eggs until thick and lemon colored (5 minutes).
ADD... sugar gradually, continuing to beat until light and fluffy.
ADD... water and vanilla. Add sifted dry ingredients and blend until smooth. Pour into greased, waxed paper lined 15-inch jelly roll pan.
BAKE... at 375° for 15-16 minutes. Turn out immediately onto towel sprinkled with powdered sugar. Trim any rough edges. Remove waxed cloth and place on rack to cool.
MIX... contents of JELL-O package with sugar. Beat one whole egg for two yolks as directed. Cool.
UNROLL... cake and spread on cooled filling. Roll up again and chill until ready to serve.
YIELD... 6 to 10 servings.

FREE A Package of Lemon JELL-O Pudding and Pie Filling in Special Bags of Robin Hood Flour

Serve this new Jell-O Pudding Roll soon. It looks and tastes like a dessert chef's masterpiece — yet is so easy to make. Your whole family will agree, they never tasted anything so different, so delightful, so delicious. And it will taste even better because it's made with Robin Hood Flour.

Everything you bake with Robin Hood — breads, cakes, pies, biscuits —

tastes better. That's because Robin Hood is milled from a variety of high protein wheats. This high protein richness gives you better baking — better nutrition, too!

Look for Robin Hood Flour at your grocer's now, and get the easy recipe and a package of Jell-O Pudding and Pie Filling free! Use Robin Hood for everything you bake!

UNIQUE HANGARS — Two circular hangars, housing planes on a turntable, will be built at Lansing's Capital City Airport this spring. Gerald Francis, backer of the \$400,000 project, said

they will be the first of their kind. The circular shape and revolving turntables will save ground space and the need for multiple taxiways. The combined capacity will be 15 planes.

AP Photos

Others Can Learn From Their Hardships

Senator Says '59ers Weren't Prepared

WASHINGTON (AP)—Sen. Ernest Gruening of Alaska may Grueening (D-Alaska) said today help other would-be homesteaders the hardships suffered by a hard do better in the future.

"It seems to me that the Michigan '59ers didn't know exactly what they were getting into," Gruening told a reporter. "I don't think most of them were adequately prepared."

Gruening had printed in Tuesday's Congressional Record a published account of the Detroit area group which went to Alaska last year.

The article said only four of the original 41 families who made the trip, plus three "winter bachelors," still remain in the rugged wilderness north of Anchorage.

"To settle in wilderness areas," Gruening said, "you must be a real do-it-yourselfer, be adequately financed and have real know-how."

"Above all, settlers should be realistic about the prospects and get all available information before starting out."

He said he believed the group's insistence on starting out as a community, making it impossible for them to settle on the more hospitable and more crowded Kenai Peninsula, had much to do with the failure of the expedition.

The original settlers finally picked the isolated Sustina Valley, 115 miles north of Anchorage.

"Now that we're a state," Gruening said, "I think things can be done more efficiently. It might be possible for the state to set aside certain lands especially for such settlement."

Many Alaskan homesteaders have had much better luck than the Detroit group, Gruening said. "Some have homesteaded their 160 acres with very little effort, developed it, and been able to sell the surplus for as much as \$500 an acre, keeping perhaps 40 acres for themselves free and clear."

Sassafras was a medical expert from Maine as early as 1802. It was then believed to be a remedy for almost all body ailments.

Where Will They Put New Members?

U.N. Building Bursting Its Seams

UNITED NATIONS, N.Y. (UPI)—The United Nations showcase headquarters has growing pains. The human pressure on its seams is mounting with each year, and how to avert a bursting point has become the prime concern of architects and building experts here.

The problem is now acute because the U.N., exceeding even the most hopeful expectations, has undergone its own kind of population explosion since 1945.

At first fifty-one nations belonged; now there are eighty-two, and by the end of this year another four and possibly seven or eight, mostly from Africa, will probably have joined.

When the East River headquarters was still on the architect's drawing board, few men foresaw this rapid growth in membership. Everyone thought it would be poor psychology to build gigantic conference rooms and lounges for the distant time when there would be one hundred members, and have these rooms half empty in the meanwhile.

Their half empty look, it was thought, would only be an unpleasant reminder that the U.N. still does not encompass the whole world.

So, the General Assembly and conference buildings were designed to accommodate comfortably no more than about seventy nations.

Their seams first had to be let out in 1955, after a package agree-

ment between East and West admitted sixteen new members all at once.

This year's anticipated inundation of newly independent countries poses a more serious problem, and the U.N. may find itself expanding visibly at the waist, through major construction, to make room for additional delegates and their advisers.

Ten seats must be found in the General Assembly hall for each incoming member delegation. Right now there is space for only about two new ones.

Since building experts cannot go beyond the existing four walls of the hall, they will probably have to turn some of the area now used by the press and the public over to the delegates.

Each new member requires a

diapole to display its national emblem. Finding one is easy enough, but where to put it is the question.

The eighty-two poles in front of the U.N. building now are already so close together that there is just barely enough room for their flags to flap about without getting torn.

How will the U.N. cafeteria and the delegates dining room, both already crowded during lunchtime, be able to feed several new national contingents?

Where will the delegates find quiet retreat in the building? The delegates lounge, originally intended for spacious relaxation, is now as hectic as grand central station during the fall sessions of the General Assembly.

Will the U.N.'s air conditioning system be able to stand the strain

of the many additional people who will work here when new members are admitted?

These are some of the many questions about to be studied in detail by the architectural firm, Harrison and Abramowitz, which cooperated in the original designing of the headquarters. It will recommend how the U.N. can physically adjust to its population explosion.

Dubliners Trek to Dog Show for 'Celebration'

DUBLIN (UPI)—Dubliners who wanted to "wet the shamrock" on this St. Patrick's Day had to go to the dogs first — that is, the fashionable dog show in Ballsbridge.

Most pubs are supposed to close down on this great feast day for Ireland's patron saint. The dog show is one of the few places permitted to keep the bars open and as a result each year about half of Dublin streams to Ballsbridge.

A new liquor bill before parliament, not yet passed, would open the pubs on St. Patrick's Day — bars that have been shut since the days of the old "Donnybrook" fairs when fighting and drunkenness were virtually the order of the day.

Says Libraries in Need of Funds

Bemoans Piddling Hike in Appropriation by State Legislature

LANSING (AP)—Legislators still don't recognize the state library as an educational institution facing the same problems as college and universities, the state librarian complained today.

Increases approved by the Senate for other educational institutions ranged from 4 1/2 to 13 per cent, said Mrs. Leola D. Fyan.

The state library grant was upped from \$551,000 to \$564,000 for next year but \$459,000 in basic grants for libraries remained the same.

"Our increase is less than three per cent and there is no increase at all for grants," Mrs. Fyan said. She added that book costs have gone up more than 66 per cent in the past 10 years, books are being worn out faster than they can be replaced and the increase in school enrollments has placed "a terrific load" on the libraries.

Policies Are Worthy

An average life insurance policy has about 4,000 words.

Tokyo rivals Venice as a city of canals. The Japanese capital has 1,300 miles of canals and 5,264 bridges.

Would Carry On Rackets Probe

Senate Subcommittee Moves to Follow Up Works of McClellan Unit

WASHINGTON (U)—The Senate investigations subcommittee is seeking authority to take up where the Rackets Committee leaves off in exploring wrongdoing in the labor-management field.

The Rackets Committee goes out of business at midnight, March 31.

Sen. John L. McClellan (D-Ark), chairman of both groups, and Sen. Karl E. Mundt (R-SD) introduced a resolution Tuesday asking the Senate's permission for the transfer. Mundt is vice chairman of the Rackets Committee, and senior Republican member of the investigations subcommittee.

Under the resolution the Rackets Committee would hand over its records and authority to the permanent investigations group, which serves as a sort of general detective agency for Congress.

Mundt said he and McClellan agreed that much of the value of the rackets probe would be lost unless some Senate group is given wide powers to follow through.

"We would be concerned primarily with current matters," Mundt told a reporter. "I would think we wouldn't trigger off an investigation to look into old matters, but if some new inquiry had a background that extended back some years, of course we'd look at all of it."

The two senators backed the resolution in a rival Republican and Democratic factions on the Rackets Committee filed clashing reports to the Senate on their investigations of the United Auto Workers Union.

It amounted to a split verdict. Complicating things, there were separate statements of additional views signed by two of the committee's four Democrats, disclosing they also were not seeing exactly eye to eye on some points.

The four Republican committee members contended investigations had shown that "corruption, misappropriation of funds, bribery, extortion and collusion with the underworld has occurred within the UAW."

The total dead on both sides of the Civil War was approximately half a million. Of these, 364,000 were Union soldiers who either were killed or died of disease.

Won't Send Children to Public School

Amish Dads Prefer Jail to Fine

MORGANTOWN, Pa. (AP)—"Can't you give us any consideration?" the man asked compassionately.

"What kind? We're giving you every consideration under the law," answered Justice of the Peace W. O. Trindle.

"There are human considerations," replied Aaron Beller, a spokesman for nine Amish fathers sent to jail for refusing to send their children to a school they claim is too worldly.

Trindle Tuesday night fined each of the fathers \$5 plus \$14 in costs but they refused to pay the fines and took a five-day jail sentence.

"The men are going to jail because of their beliefs and their convictions," Beller explained to a newsman. He said if they paid the fines it would mean admission of guilt.

The austere fathers believe the new, two-million-dollar Twin Valley Junior-Senior High School in nearby Honey Brook is too distracting and too far from their farm homes.

School officials said new warrants will be issued charging the fathers with violation of Pennsylvania's compulsory school attendance laws every three days until the children return to school.

Tuesday night's warrants covered the first three days missed last week. Francis Wood, principal of the school, Tuesday filed information for Thursday and Friday of last week and Monday of this week.

The fathers, when asked by Trindle if they wished to cross-examine witnesses or produce witnesses of their own, said only: "I am at the mercy of the court."

Since September the fathers have steadfastly refused to send their 17 children to the school. The children have been attending a school of their own a half day each week in a house and receiving instructions from an Amish teacher. School officials say she is unqualified.

Named to Head Nursing

LANSING (U)—Miss Julia Brandeberry of Lansing has been named chief of the public health nursing section of the State Health Department. She will also serve as public health nursing adviser to the state health commissioner, Dr. Albert E. Hestitis, who announced the appointment.

AP Photos

SENT TO JAIL — William Trindle Jr., left, justice of the peace at Honey Brook near Morgantown, Pa., hands commitment papers to an officer (not in picture) for the jailing of Levi F. Kaufman, center, an Amishman, after Kaufman, along with eight other Amishmen, were sent to jail for five days. The nine Amish fathers violated the state's compulsory school attendance law by refusing to send their children to public school.

Pontiac Central Cagers Shout: East Lansing, Here We Come!

PCH Quintet Is Classy in 71-52 Triumph at U-D

Outgun Taylor Center All the Way; Austin Is Next for Chiefs

By BILL CORNWELL
A Pontiac Central basketball squad which seems to be getting stronger and smoother every time it takes the court is bound for East Lansing for the second consecutive year.

The hot-shooting, ball-hawking Chiefs completely outclassed a taller Taylor Center quintet Wednesday night at the University of Detroit Memorial Building to reach the semifinals of the annual Michigan high school tournament.

With Booker Hurner and George Fed showing the way and Vern Ellis and Leon Prentice making their sparkling contributions, the Chiefs plastered Taylor Center, 71-52, in the state quarter-final at the U. of D. Fieldhouse before a capacity crowd.

Now it's Michigan State's Jenison Fieldhouse for the Chiefs and a Friday night semifinal engagement with Detroit Austin Catholic, which squeaked by Highland Park, 47-45, in the opener of last night's Class A quarter-final doubleheader at U-D.

The Chiefs and Austin will clash at 8:30 on the Jenison floor with defending state champion Lansing South and Grand Rapids South colliding in the 7 o'clock opener.

South gained its semifinal berth yesterday by eliminating Flint Southwestern, 37-33, at the Lansing Civic Center, while the Big Reds from Sexton were making mince meat of Ann Arbor, 83-48, at Michigan Center's gymnasium.

Semifinal winners square off Saturday night at 8 o'clock on the Jenison court to decide the Class A state championship for 1960.

Fed never jumped better or higher than he did yesterday on the U-D floor as he really outclassed Fred Thumann, Taylor Center's 6-foot-9 all-state center. Thumann had only three field goals and 10 points to his credit when he fouled out late in the 3rd quarter.

In the meantime, was having a banner evening at Thumann's expense. He grabbed 20 of Pontiac's 50 rebounds while Thumann was hanging down only 10 and Central's trapping 63 forward bagged 17 points before he himself drew his 13th personal foul midway through the 4th period.

Hurner spark-plugged Pontiac's scoring efforts with 20 points, 13 in the 1st half, as he netted five field goals and a near-perfect 10-for-13 from the foul line. Ellis, the quick-moving guard, had the best scoring night of his prep career with a dozen points and Prentice added eight "clutch" points to the high-powered attack.

The game was close only in the 1st quarter. The score was tied five times during the first eight minutes and Taylor Center laid a 19-9 edge midway through the stanza, the only time in the contest that the Chiefs were behind.

Central enjoyed quarterly leads of 16-14, 34-21 and 50-34 and outscored the Reds in every period. From the 2nd stanza on, the Chiefs pulled steadily away and there never was any doubt about the eventual outcome.

The Chiefs actually led the decision in the 2nd stanza. After Wayne Thwaitt fired a fielder to cut Central's margin to 23-18, the Chiefs bounced back with eight straight points for a 31-18 lead and Taylor Center never threatened again.

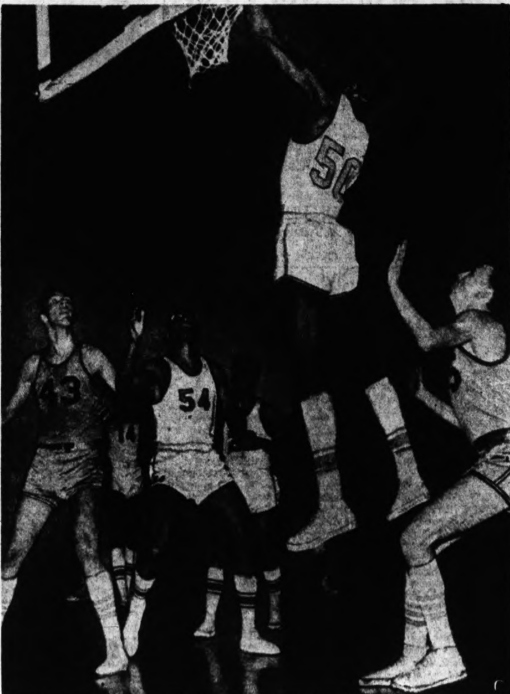

Even during the nip-and-tuck 1st quarter, you still somehow got the idea that the Chiefs were in command of the situation — that they were sooner or later going to take full control of the ball game and win going away. They did exactly that.

Taylor Center never came closer than 11 points in the 2nd half and Central's margin twice hit 22 points late in the 4th period.

Spencer Hammons was Taylor Center's best offensive weapon with 18 points and Thwaitt tossed in 13.

Two free tosses by Bill Fitzgerald in the final three seconds brought Austin its hard-earned victory over the Parkers in their see-saw dogfight. A desperation jump shot by Highland Park's Bob Hill in the last second hit the rim and fell off at the final buzzer.

Fitzgerald paced Austin with 15 points and teammate Bill Hodgman contributed 12. Longworth Mapp led the Parkers with 19 points and Hill added 11.

WAY UP — Leaping George Fed of Pontiac Central goes way up to tap one in against Taylor Center in last night's state quarter-final basketball game at the U. of D. Fieldhouse. Watching Fed at work are Taylor Center's Fred Thumann (42), Pontiac's Bill Pritchett (54) and Taylor

Center's Russ Stroud (far right). In the background are Booker Hurner (14) and Phil Rabala, both of Central, and Taylor Center's Wayne Thwaitt. The Chiefs trounced Taylor Center, 71-52.

Acton & Co. Start Slow, Can't Recover at PNH

Bendle Ousts Troy, 76-61

By CHUCK ABRAH

One of Troy's slowest starts of the season coupled with an excellent shooting performance by Phil Bendle last night to leave Oakland County with only one remaining contender for state championship honors — Pontiac Central.

Bendle made a big early lead stand up for a 76-61 Class B quarter-final trouncing of Troy before over 2,000 fans at Pontiac North.

Question mark center Bud Acton went most of the way for the Colts but was noticeably favoring a cracked ankle bone suffered in last week's regional win over Clarkston.

He wound up with 18 points but was the big reason for the "cold" start by the losers. The 64 senior star could hit only two of his first 16 shots — most of them his favorite little jumpers right around the basket.

By the time he found the range

just before halftime, Bendle was breezing along with a 31-16 lead, with no signs of being caught. Acton finished with 18 but it took him 25 attempts to make eight baskets. Bud missed six in a row in one stretch and then seven straight.

His jumping was way off which enabled Flint big boys Gerry Drews and Paul Krause to control the boards. Krause, who hit from all over the court, totaled 30 for the night featuring 20 in a big first half.

Jerry Glidewell prevented Troy from having a miserable shooting night in posting a 32.7 percent defense. Troy had 33.1 thanks to Glidewell.

Bendle never had a bad shooting quarter in posting a 32.7 percent defense. Troy had 33.1 thanks to Glidewell.

The game was dominated by Flint after the first quarter. The opening session had been close

until a seven-point spree — five by Krause — left the count 28-11 following eight minutes of play. Bendle almost matched Troy with 13 in the 2nd quarter making the scoreboard read 41-18 at intermission.

Coach Peyton Goodwin's county five started to hit better in the 3rd period but was hindered constantly by ragged play, floor violations and Mr. Krause in trying to move without striding distance.

It was still a 15-point difference opening the final but Glidewell and Acton talked buddies to make it 54-43 with 7:02 yet to go but never got any closer. Freshman Bob Sorenson led a 22-digit wrapup that matched Troy and retained the big advantage.

Bendle gained the right to meet Detroit Holy Redeemer Friday night in the upper bracket semifinals at Lansing Sexton High School.

It was the third post-regional

elimination in the last five years for Troy. The Colts dropped out in the "quarters" in 1957-58 and reached the semi five years back.

Goodwin said the combination of Flint's good shooting, his team's poor defensive play and Acton being below par doomed this hopes. He said the defense was not shifting well against the good Bendle pace.

Happy winning skipper Vern Alward called it "one of the best performances" put on by his charges all season. This is the furthest a Bendle quintet has ever gone in tournament play.

Bendle Score by Quarters
Troy 1st 10 2nd 13 3rd 22 4th 16 Total 61
Bendle 1st 10 2nd 13 3rd 22 4th 16 Total 61

It was the third post-regional

U. of M. Favors Continuance of Playoff

ANN ARBOR, Mich. (UPI)—The University of Michigan has officially gone on record today in favor of continued Big Ten competition in NCAA post-season tournament.

Michigan's board in control of intercollegiate athletics agreed Wednesday night to vote for post-season competition at the May Big Ten meeting.

The board also voted increased ticket prices for football games next season because of "increased operational costs." Tickets for home games will be \$4.50, a 50 cent raise, and \$27 for season tickets for six home games, an increase of three dollars.

Pre-Olympic Cage Test

DENVER (AP)—The National AAU basketball tournament, as the big gateway to the 1960 Olympics in Rome, has already attracted 24 entries and a 32-team bracket is likely.

All-Star Pin Points

By Billy Sixty
ANGLED FOR SPARES
Each spear has a scoring value of 10 points, so it pays well to practice spear shooting. Most top fliers give a lot of time to converting single pin clusters, or complete leaves.

As sketch shows, spear bowling actually works off three prime angles. —The No. 5, the No. 7, at the end, after the extreme left side of the alley, calling for a right-to-left cross-alley shot, and the No. 10, at the thing.

ANOTHER PCH REBOUND — Pontiac Central's Leon Prentice (34) grabs another one off the boards for the Chiefs, taking the ball away from an unidentified Taylor Center cager in last night's state quarter-final duel at U. of D. The Chiefs advanced to the semifinals Friday in East Lansing with a 71-52 triumph.

Pirates Throw No-Hitter at Bengals, 5-0

Detroit Batters Able to Get Only 2 Balls Out of Infield

FORT MYERS, Fla. — A pair of Pittsburgh pitchers panted the Detroit Tigers with a no-hitter yesterday, 5-0, in a rare feat for a spring exhibition game.

Bennie Daniels, promoted to the Pirates' starting pitching staff this year, and rookie Jim Umbricht were the Tiger killers. They allowed just one man, Eddie Yost, to reach first, and that came when Daniels hit him on the leg in the fourth inning.

Yost was forced out by Chico Fernandez.

Tiger manager Jimmie Dykes, a veteran of more than 40 years in the Major Leagues, said he couldn't remember a spring no-hitter before, although old-timers with the Pirates recalled Cy Blanton once hurled one. Blanton left the majors more than 20 years ago.

This wasn't the Tigers' top team that went down swinging at thin air yesterday. The only 1959 regular on the field was third baseman Yost and sometimes catcher Lou Berberet.

Daniels struck out four Tigers in his five-inning stint, and Umbricht, who faced the minimum number of batters, struck out four in the last four innings, including two of the last three.

The Pirates collected 11 hits off Ray Semproch, Phil Vrean and Dave Sisler, with Bill Reagan getting three, including a pair of triples.

Dick Groat and Vrean each drove in two Pittsburgh runs as the Pirates scored twice in the third and seventh and once in the fifth inning.

The Tigers hit just two balls out of the infield, both caught by the centerfielder.

Who's Best Derby Bet? Bally Ache, They Say

MIAMI, Fla. —The horses are heading North from Florida and it's time to evaluate the crop. How do the Derby candidates look at this stage, and who are the hand-picked stars?

Bally Ache, recent winner of the Flamingo, heads the list of 3-year-olds in the East, with Victoria Park, All Hands, Keenation, Bourbon Prince, Moslem Chief, Hillborough, Our Hope and Pied O'Or, also well regarded.

Most trainers who wintered in Florida figure Bally Ache the best of the lot and that the hard-working son of Ballydun, who already has won the Hibiscus, Bahamas and Flamingo, is the colt to bet in the Florida Derby next month.

Victoria Park, second in the Flamingo, will have another shot at Bally Ache in that race.

"There are no Citations among them but the crop shows promise," said H. A. (Jimmy) Jones, who has Hillborough, Pied O'Or and others in his Calumet string.

Jones trained Citation, last Triple Crown winner 1948 and has had Ponder, Gen. Duke, Iron Liege and Tim Tam since.

"I don't see any Nashua around," said Sunny Jim Fitzsimmons, at 85 the dean of American trainers who conditioned Nashua to become the leading money winner in 1960. "I like Bally Ache. I think he is a real good colt."

Fitzsimmons lost his best Kentucky Derby prospect, Progressing, when the colt broke a leg and was destroyed last month.

Trainer Horatio Laro, the veteran conditioner from the Argentine, likes his Canadian champ, Victoria Park. The colt set a track record for a mile and a sixteenth in February and Laro says "extra distance shouldn't matter to a good horse."

Warfare, first in the 1960 Experimental Free Handicap weights at 126 pounds, is in California and

is being shipped to New York to start his 1960 campaign. Warfare was the champion 3-year-old last year.

Venetian Way, second in the Experimental weights prepared by Jimmy Kilroe, handicapper and racing secretary for The Jockey Club, has not raced this winter and missed the Flamingo because of an intestinal upset.

Among older horses, Calumet's On-and-On developed into a steady winner in Florida. Others who showed well were Cain Hoy Stable's Bald Eagle, Mrs. Herbert Herff's Tudor Era, Mrs. Tilyou Christopher's Amerigo and Ada L.

INVOLVED IN TRADE — The Boston Red Sox yesterday traded catcher Sammy White (left) and infielder-outfielder Jim Marshall (center) to the Cleveland Indians for catcher Russ Nixon, a left-handed hitter. The announcement of the trade was made in Scottsdale, Ariz. It indicated that no cash was involved.

Brave Pitcher Shines Against Chisox

Spahn Shows No Sign of Slipping

By The Associated Press
Charley Dresen, the new Milwaukee manager, has to iron out a few problems before the Braves open the National League baseball season next month. But there's one fellow he has little to worry about — Warren Spahn.

Spahn will be 39 next month. Yet, he shows no sign of slipping. He has won 267 big league games and at least 20 games 10 times since becoming a regular in 1946.

He joined Sam Jones of San Francisco, Early Wynn of the Chicago White Sox and teammate Lew Burdette in the 20-game bracket in 1959.

Spahn started the star roles with Pittsburgh Pitchers Bunde Daniels and Jim Umbricht in Wednesday's exhibition action. He hurled five scoreless innings as the Braves handed the White Sox their first setback 4-2.

In other games, the New York Yankees downed Washington 1-0, Kansas City walloped Baltimore 8-1, San Francisco edged the Chicago Cubs 7-6 on Hobbie Landrith's 11th inning homer and the Boston Red Sox, led by Frank Malone, whipped Cleveland 8-2.

The Los Angeles - Cincinnati and St. Louis-Philadelphia games were canceled because of bad weather.

Red Schoendienst, who Manager Dresen hopes will solve his second base problem, got his first hit of the spring for Milwaukee, when he drove in a three-run second inning off Barry Latham. After Spahn and Ron Fiebig blanked the White Sox for seven innings, Chicago picked up two runs off Fiebig in the eighth on a single

by Joe Hicks and two batters by Earl Torgeson and Dick Donovan. The Yanks-Sentators game was called after eight innings because of rain. Two walks and an error by third baseman Harmon Killebrew enabled the Yanks to pick up their run in the second. Johnny James, up from Richmond of the International League, struck out seven in four innings.

Kansas City got some neat pitching from Ned Garver, But Daley and Dick Hall, combined to hold Baltimore to seven hits. The A's got to lefty Art Malone.

Malone batted in four runs with three hits in three at bats as Boston won its fourth in a row. Tom Sturdivant, Frank Sullivan and Ted Bowfield combined to hold Cleveland to nine hits.

While the Indians-Red Sox game was in progress, the clubs' general managers, Frank Lane of Cleveland and Buck Harris of Boston, completed a three-player trade. Catcher Sammy White and first baseman Jim Marshall moved to Cleveland in exchange for catcher Russ Nixon.

Trade Between Redskins and Eagles Called Off

PHILADELPHIA (AP) — The trade which sent defensive back Lee Riley from the Philadelphia Eagles to the Washington Redskins has been voided, Eagles General Manager Vince McNally announced Wednesday.

McNally said the National Football League deal in which the Eagles would have received Ed Voytek, a guard, and Will Rentfro, a tackle, was called off when Riley disclosed he was retiring from pro football. He had hoped to mix business and football if he remained with the Eagles.

SURE as it's a great day for a great whiskey!

NCAA Semifinals at 'Frisco Friday

Cincinnati Plays Cal, Buckeyes to Meet NYU

NIT Will Resume Action Tonight as Bradley and Utes Seek Finals

SAN FRANCISCO (AP)—Cincinnati's top-ranked basketball team, all business on the eve of the won't see much except their hotel and the Cow Palace on this trip to California.

"We didn't come here to sight-see," Coach George Smith said Wednesday night when the Bearcats arrived by charter plane. "We've got a job to do."

The plane was late getting in, but Smith hustled his troops, led by All-American Oscar Robertson, to the new University of San Francisco gym for a workout. Dinner could wait.

Ohio State, Big Ten champion, and New York University, the sleeper in this basketball spectacular, arrived today and will work out in the evening on the Cow Palace floor.

The two squads meet in the 7:30 opener Friday night. Then comes the Cincinnati-California game. Both teams have 27-1 records. Cincinnati, whipped by the defending champion Bears in the semifinals last year, wound up the season ranked the best team in the nation. California was rated No. 2.

The two clubs take their line workouts on the Cow Palace floor earlier in the day.

The 16,000-seat arena has been sold out for weeks, and the demand for tickets for Friday and Saturday night games approached the ridiculous.

Three-dollar seats were going for \$10 and as much as \$30 was being offered for \$5 and \$6 seats. The NCAA has refused to permit television on the semifinals, but has played a live, local telecast of the Saturday championship game.

Misfortune struck Ohio State Wednesday when starter John Havlicek, 4-foot-5 sophomore, injured his hand on a towel rack. Nine stitches were required to sew up two fingers on his right hand.

The wound was painful, but the Buckeye team physician said Havlicek could play in the 7:30 p.m. PST, opener.

The question of who gets the job of controlling Robertson, the nation's leading scorer the past three seasons, remained a mystery.

Tandy Gillis, a 64 senior who held West Virginia's Jerry West to one field goal, was deemed the most likely man to guard the Big O, but Cal Coach Pete Newell said the important assignment is still in the air.

St. Bonaventure and Providence, a couple of teams which forgot to look at the seedings and care less, square off against the two top rated teams in the semifinals of the National Invitation Basketball Tournament tonight.

St. Bonaventure, riding the crest of an 18-game winning streak, pits its highly effective "nervous" defense against top seeded Bradley in the opener. Game time is 7:30 p.m. EST.

Providence, which has lost only four of its 27 starts and those by a total of 19 points, goes against fast, smart and aggressive second seeded Utah State in the second game.

The winners clash Saturday at 4 p.m. in the nationally televised (NBC) title game.

OSU'S STAR FORWARD HURT — Ohio State basketball coach Fred Taylor (right) looks at the bandaged fingers of his defensive ace, John (Hondo) Havlicek. Havlicek had nine stitches taken in his fingers yesterday after cutting them

on a towel dispenser. But he plans to play with his team in the NCAA tournament in San Francisco Friday and hopes the injury won't bother him.

Birmingham Man Takes Honors for Large Moose

Charles E. Wilson Jr., of Birmingham, took first place honors in the Canadian Moose Division of the awards banquet of The Boone and Crockett Club held at the American Museum of Natural History in New York recently.

Wilson's moose was taken in the Cold Fish Lake area of British Columbia near the Yukon border. The animal was the 4th largest moose shot in the last 40 years and currently is in 11th place in the Records of North American Big Game, a book compiled by the Committee on Records of The Boone and Crockett Club.

The Club was founded by President Theodore Roosevelt in 1887 and is the recognized authority on the size of North American big game.

Player Wins Golf Title

CAPTOWN (AP) — Gary Player, the British Open champion, won the South African Open golf title Wednesday with a remarkable 72-hole total of 280, 20 below par. He finished with a 9-under par 66 despite stormy weather.

Cellar-Dwelling Sunoco Wins Waterford Title

M59 Sunoco, the team which finished in last place in Class B in the Waterford Basketball League during the regular season schedule, won the playoff championship. Wednesday night at Pierce Junior High by whipping Dickie's Marathon, the club which won the 1959-60 "ace."

Sparked by the Hubson boys, Bob and Dick who scored 21 and 18 respectively, the Sunoco cagers downed Dickie's quintet, 60-53. Clarence Beers made 16 points for the losers. Dickie's entered the playoffs with a 7-1 record while Sunoco's mark was 1-7. Sunoco won the playoff crown by posting three straight victories.

631 Oakland at Cass — Pontiac

Federal 5-4161

11th Frame

By CHUCK ABRAH

Bowling establishments at Union Lake and Clarkson will have been completely modernized and moved to new locations by the time the 1960-61 ke season gets under way next fall.

Cooley Lanes and Howe's Lanes will be the businesses joining Motor Inn in a switch to a different place with improved facilities.

Chestnut Wins Unanimous Call

CLEVELAND (AP) — Artistic Larry Jeffery of Detroit figures he learned enough Wednesday night from why Ike Chestnut to reverse the decision he lost to veteran New Yorker in a televised (ABC) fight.

The two featherweights, last-minute substitutes in the main event as a knee injury to Mike Delaney of Syracuse exacted his bout with Zora Folley of Chandler, Ariz., put on a whale of a scrap.

Promoter Larry Adkins, in a frantic last minute effort to keep the show on the road, contacted Ike said Leroy Wednesday morning. He flew in from New York but Jeffery—despite a wind-blown snowstorm raging in the Lake area—elected to drive from Detroit.

He made the 180 miles in about five hours, and no pre-bout rest, but the 23-year-old ex-collegian almost won it all. He sank a left hook into Ike's mid-section in the seventh, bringing a combined whimper and moan from the New Yorker, who backed away holding his hands over the injured spot.

Jeffery tore in, landed two more to the same spot, and Ike was down for a six count. He got up, badly hurt, weathered the round and went on to win a close but unanimous decision.

County Skaters Among Winners

Oakland County Ice skaters won their share of honors in the Michigan State Indoor Championships held at East Lansing recently.

Loretta Chapman of Waterford took honors in the Intermediate girls division with 15 points, while brother George finished a tie for second in the pony boys. Bill Freeman of Farmington captured the juvenile boys division with 13 points and he broke a 12 year old record in the 300 race by doing it in 1:35.

Miss Chapman's time of 2:37.4 in the three-quarter mile was also a new record.

Other local entries in the meet were Sheila and Roger Young of Birmingham, Paul Mehl of Southfield, Karen and Christine Walden of Royal Oak and Dorothy and Caludia Dziepak of Oak Park.

Use of Cotton Bowl by Pros to Be Limited

DALLAS, Tex. (AP)—The State Fair of Texas announced Wednesday that beginning in 1961 the Cotton Bowl will be available to professional football teams only on Sundays.

R. L. Thornton Sr., president of the State Fair of Texas, said following a meeting of the fair directors that it is hoped that the Dallas Rangers of the National Football League "will not find it necessary" to play in the Cotton Bowl on two Saturdays this fall.

The ban on use of the Cotton Bowl started when the Dallas Texans of the newly formed American League obtained a contract from the State Fair for its pick of Sunday dates.

USC Cage 'Revolt' Simmers to Nothing

LOS ANGELES (AP)—The University of Southern California's basketball "revolt" apparently has simmered down to nothing.

Five sophomores, some apparently peeved at Coach Forrest Twogood, say they intend to "sit" next season.

Many of Twogood's former players, as well as older ones on the 1959-60 squad, volunteered support of his personal and professional policies.

Twogood, a head coach for 24 years, said he still doesn't know what stirred up the controversy but thinks the sophomores "are terrific players." He added: "In fact, they'll be my whole ball club next year. I'm going to sink or swim with those kids—and I'm not worried about it."

Junior Alpine Championships Start at Aspen

180 to Compete for National Skiing Honors

All 1959 Champions Back to Defend Titles in Slalom, Downhill

ASPEND, Colo. (UPI) — The National Alpine Junior Championships began today with the downhill competition on Aspen Mountain, which was covered with a lot of new snow.

Veterans of this resort area said the early week snow had created conditions as good as they had ever seen for competition. Sandy Sabatini, organizing director for the three-day championships, said the downhill course, and the slalom courses on Aspen Highlands, were technically excellent.

The bulk of the 180 competitors, and hosts of students from nearby schools trooped down the slopes yesterday to pack them. Sabatini said the courses were in perfect condition.

All the 1959 National Junior champions are back to defend their titles. They include Bill Marshall of Aspen, boys downhill; Gary McCoy, Mammoth Lakes, Calif., slalom and combined; Jean Sauer, Seattle, Wash., girls slalom and combined; and Madeline Tschopp, Reno, Nev., girls downhill.

A new national junior event, the giant slalom, will be run Friday. The slalom will be run Saturday. There are two courses laid out for the slalom, and each contestant will run both 60-gate courses. The combined time will be the basis for determining standings.

Ranger Rookie Goalie Happy

NEW YORK (AP) — Jack McCann left for his St. Paul, Minn., home today, satisfied that he had done a good job as a four-game goalie with the New York Rangers of the National Hockey League.

"I did even better than I ever expected," said the goalie who helped lead the United States to its first hockey gold medal in the recent Winter Olympics.

"Actually, I can't say I'm a bit disappointed, except for last (Wednesday) night's game," he said. The Boston Bruins stayed in the race for a Stanley Cup playoff berth, beating McCann and the Rangers 3-2 at Madison Square Garden. It was his only loss after a victory and two ties on home ice, during which time he allowed only seven goals.

Dick Meisner's clincher in the third period Wednesday night was the only solid shot he let get through, and 11:58 saluted his over-all performance with a terrific ovation when he left the ice.

CHANGE OF PACE — Trying out a new speed medium, the world's top swimmer, John Konrad, 18, of Sydney, Australia, recently tackled water-skiing at Perth. Konrad holds most world's freestyle records, and is a top favorite to collect gold medals in the summer Olympics, at Rome.

"Tired of Coaching" Seymour Quits at Syracuse

SYRACUSE, N.Y. (AP) — Paul Seymour, who spent 13 years with the Nats as a player and coach, quit Wednesday night as coach of the Syracuse Nationals of the National Basketball Assn. because "I'm tired of coaching," he said.

Seymour said his relationship with the Nats "always has been good." He added: "This isn't a case of wanting more money. I have no quarrel with anybody. I simply want to get out of the Syracuse picture."

Seymour said he had no immediate plans. He said, however, he could not "think of himself out of basketball. I don't think that's good business. I think if I got a good offer I would take it—in this league or any place."

Earlier, Seymour said the Cincinnati Royals had asked him informally whether he was interested in a change. Two years ago the St. Louis Hawks were interested in Seymour but not now, owner Ben Kerner said Wednesday.

Rain-Hampered St. Pete Tourney Ready to Start

ST. PETERSBURG, Fla. (AP)—The St. Petersburg Open golf tournament starts today with the effects of heavy rain likely to complicate play for the field of 150.

—Favorites in the \$15,000 Palmer tourney include Arnold Palmer, going for his fourth consecutive tournament win; Dr. Cary Middlecott, defending champion, and Ken Venturi.

Bob Nichols of Midland, Tex., and Art Doering of Pittsburgh turned the best cards among players who had to play a qualifying round Wednesday. Despite a piling rain and a violent thunderstorm that delayed the qualifying round, Nichols and Doering turned in a 1-under par 72 on the 6,233-yard Lakewood Country Club course.

WEDNESDAY'S FRUITS
By The Associated Press
CLEVELAND—Rita Chestnut, 138 New York, captured Leroy Jeffery Boy Jr. 10-10, 10-10, 10-10.
MARTIN—Frieda, 138, Martin, knocked out Harold Green, 138, Providence, 11-7 for the world's junior lightweight championship.

Recommend Cost Study of County Government

Analysis of the county's proposed 1961 operating budget of \$13,306,821, which, he said, will require a hike in the county tax rate anywhere from .03 of a mill to .30 of a mill.

Moore pointed out, however, that all depends on the county's state-qualified valuation figure.

This year's operating budget is \$12,636,784. Tax rate was 5.62 for each \$1,000 of equalized valuation.

A new rate anywhere from 5.65, figured on an optimistic 10 per cent jump in valuation, to 5.92 (five per cent valuation increase) was envisioned by the head auditor.

The Ways and Means Committee of the Board decided this yesterday.

At the same time, it was decided to recommend also that \$100,000 in county surplus funds be given to the County Road Commission, as requested, for improvement of local township roads. City supervisors had opposed the grant.

This recommendation also will be made to all 13 city and township supervisors at their April reorganization meeting.

In other action at yesterday's committee meeting, a four-member special committee was named to study the investment of county funds. Harry Horton, Royal Oak supervisor, had raised some objections to past investments.

Named to the committee were Horton, Robert Y. Moore, chairman of the Board of Auditors, Norman R. Barnard, corporation counsel, and County Treasurer Charles A. Spauls, who is responsible for these investments.

Moore yesterday handed David Levinson's W-M Committee preliminary

line items in a 1961 budget of \$13,306,821, which, he said, will require a hike in the county tax rate anywhere from .03 of a mill to .30 of a mill.

City Tax Rate Repeat Likely

Assessor Is Optimistic About Rise in Assessed Valuation for Year

Assessor Is Optimistic About Rise in Assessed Valuation for Year

Hopes that the city's tax rate will remain steady this year were voiced today after City Assessor Edward C. Bloe expressed optimism about a rise in assessed valuation.

As this year's assessment picture began to come into definite focus, Bloe said he believed property valuations would rise at least one or two million dollars.

The final figure won't be known until after the Board of Tax Review concludes hearings next week.

The City Commission has said the 1960 budget can be financed by a tax rate of \$15.37 for each \$1,000 of assessed valuation. If the assessed valuations remain as high as last year, **FIGURES NOT FINAL**.

Although final figures are not ready, Bloe said he believed he would be recommending to the tax board personal property assessments totaling "several" million dollars over last year.

Bloe has already recommended assessments on real property totaling \$145,861,500, an increase of \$2,514,000 over what was recommended last year.

Last year, the board logged nearly \$1,000,000 off the assessor's recommendations on real property and reached a final figure of \$142,707,500.

Personal assessments, covering the big industrial and commercial inventories, last year were set at \$134,200,000 by the board, putting the city's total assessed valuation at \$277,212,800.

This was a rise of more than \$6,500,000 over the year before.

City officials earlier this year expressed fears that slumping land values and dwindling inventories would adversely affect the \$15.37 tax rate, the lowest rate since 1949.

The city has held the \$15.37 rate two years.

Board of review hearings on real property assessments will conclude tomorrow.

Next week it will conduct hearings on personal assessments from 9 a.m. to 4:30 p.m. Monday through Friday. The hearings are at City Hall.

Teenagers are tomorrow's home- of age and 40.4 per cent will be mothers. By 1970 almost one half under 20. According to Gilbert Re- (48.5 per cent) of the United States search Co. 94 per cent of all teen- population will be under 25 years agers read a newspaper regularly.

Election of 2nd Jurist OK'd 102-0

Lake Level, Judge Bills Survive

Surviving the House's high mortality rate on bills yesterday was Oakland County's top priority measure, giving the district commissioner the right to establish lake level control procedures.

Also was a bipartisan bill to call for the election of a second probate judge in November. This unexpectedly increased chances of the election, bolstered further with a like bill which has passed the Senate.

House passage, by a surprising 102-0 vote, strengthened chances that Gov. Williams would sign the bill.

"I would think that a 102-0 vote in the House and a substantial margin in the Senate (26-0) would give him pause before he thinks of vetoing it," said Rep. Farrell E. Roberts (R-West Bloomfield Township).

Roberts, sponsor of the bill, said Sen. L. Harvey Lodge of Oakland County assured him he will not bring out the House-passed bill for a vote in the Senate. If it clears there it moves to the governor's desk.

The bill would give the Board of Supervisors the right to place on the Nov. 5 ballot the election of a second jurist—not just the question as to whether a second judge is needed as originally planned.

He would start a two-year term Jan. 1, 1961.

Roberts' name is also on passed

Bee Budget Takes Wing — No Bumbling Here

Bees have been bounced from county budgets.

For years now the little bees and big bees were guaranteed a health inspection in Oakland County as budget planners always included \$1,200 for apary (bee) checks. But no longer.

Saying they don't have enough money as it is, members of the ways and means committee of the Board of Supervisors chopped this allocation out of the 1961 budget proposal. Study of the budget began yesterday.

"Did anybody get stung last year?" inquired chairman David Levinson.

"The way I figure," Supervisor John L. Carey of Springfield Township injected, "is that if anybody got stung hunting honey, he shouldn't blame the bees."

Besides, Carey added, there probably aren't "more than two bee swarms left in the entire

county," Carey lives in the country and he should know.

Taken back by the slash is an old bee raiser himself, Robert Y. Moore, now keeper of county budgets as chief auditor. But he didn't oppose the deletion.

Moore explained that the funds in the past were used to defray expenses of state agriculture inspectors to make sure Oakland bees stayed healthy. He said he has assurance from the state that the inspections will continue with county reimbursement.

So the busy were bees and big bees won't be completely neglected after all.

The U. S. population, now above 178 million, is likely to grow by 35 million by the time 1970 rolls around. And daily newspaper circulation has been keeping pace—it has nearly quadrupled in the past 60 years.

DAILY NEWSPAPERS SELL FOOD FROM FARM TO FAMILY

THE FOOD INDUSTRY, biggest business in all the world, depends on the daily newspaper to help it move its many thousands of different items off grocers' shelves. In 1958 consumers spent a record \$79,000,000,000 for food—more than they spent for any other product.

Food processors use the daily newspaper to keep consumers constantly aware of the brand names that appear on their packages and containers. They rely on it as the most important medium to carry news of over 6,000 new products they announce every year. Because food is news, they naturally turn to the world's outstanding news medium.

On the local scene the daily newspaper plays an equally efficient and important role for food

distributors and retailers. For them the daily newspaper is an indispensable means of communication between them and the food-conscious housewife. It is indispensable because it generates immediate results.

All along the vital food line, from growers and processors to the hungry consumer, the daily newspaper, with a record circulation of 58,605,000 copies, performs a gigantic task of moving this mass of goods. It moves all kinds of products because it sells them nationally and locally with dependable regularity.

THE TOTAL SELLING MEDIUM IS THE DAILY NEWSPAPER

Economic Plight Plays Big Part in Negro Lunch Counter Balking

By AL KURTNER
ATLANTA (UPI)—It's been argued for a long time whether racial misunderstandings in the South actually are more economic than racial.

A large part of the answer to the riddle may come out of the current stage of racial transition in Dixie. This phase centers around the Negro's position as the dollar is worth as much as the white man's dollar and that he is accumulating enough greenbacks to put in a strong bid for the regional economic product.

Thirty years ago, a pretty good Negro domestic could be employed for from \$5 to \$10 a week in the big cities of the South, for less in the rural areas. Today the rate is from \$5 to \$7 a day. For outsiders domestic work the figure is \$10 a day.

High schools and colleges are turning out thousands of new potential employees every year, well trained for manual trades, highly educated for the professions. They are commanding the highest Negro salaries ever.

Just 10 years ago, only one out of five Negroes in the South earned more than \$3,000 a year. By 1956, the last year for which reliable figures are available, almost one out of every two Negroes in the region earned at least that much.

In metropolitan Atlanta, where one of the largest big-city concentrations of Negroes in the South is located, the average Negro's earnings increased 40 per cent between 1949 and 1956.

The 1960 census figures are expected to show even greater emphasis that the southern Negro, long shackled by the thinness of his pocketbook, has become an economic factor measured in terms of actual buying power.

BUYING POWER
The Negro's buying power is playing a large but incalculable part in the current lunch counter revolution and its offshoots. No merchant wants to say flatly that the protests are anything more than of nuisance proportions. But this kind

Checking Complaints Over Milk Pricing

DETROIT (U)—A congressional investigator has opened interviews with dairy industry workers here to check complaints of unfair milk pricing in southeast Michigan.

Brooks Robertson, U.S. House Committee special investigator, said he came here for a field check at the request of Detroit area congressmen and dairy workers.

The workers have asked for a congressional hearing on grounds that dairies are giving special favors to some customers.

Hex-Chasing Candle Fire Burns Woman

DETROIT (UPI)—A hex-chasing candle caused a fire that left an 85-year-old woman in critical condition Wednesday with third degree burns.

Police said Mrs. Minnie Griffin fell asleep yesterday holding the candle in her second-floor apartment. Her clothes caught fire and she was burned from the waist up. The candle was supposed to ward off hexes that someone was working on her, police said.

Saginaw Man to Seek Rep. Bentley's Post

SAGINAW (UPI)—Harvey D. Walker, a Saginaw attorney, Wednesday announced his candidacy for the Republican nomination in the 8th Congressional District.

He will seek the seat being vacated by Rep. Alvin M. Bentley (R-Mich.) who has announced his candidacy for the GOP nomination for U.S. Senator.

Walker, a former Saginaw County Republican chairman, is the second to announce for Bentley's post in the GOP race. Former Saginaw Mayor James Harvey announced earlier he would seek the Ontario Republican's House seat.

Death Valley, Calif., is the place where the highest temperature in the United States was recorded. On July 10, 1913, the temperature reached 134 degrees.

REFUGEE TO WED—Izolda Silkovskis, 26, a refugee from Latvia now living in Hamilton, Ont., is to marry Dr. Hayes C. Lamont of New York at Hamilton in April. Miss Silkovskis, a graduate in biology of McMaster University, met Dr. Lamont, also 26, a year ago at a biology convention. Dr. Lamont is the grandson of the former president of the J. P. Morgan financial empire.

Negro Refutes Discrimination

Says He Resigned of Own Accord but Might Have Been Fired

WASHINGTON (UPI) — A 22-year-old Negro college student said today he was not fired by the Civil Rights Commission because he planned to marry a white girl but added he felt he would have been asked to resign if he hadn't quit.

Fred D. Allen of Washington, a student at the District of Columbia Teachers College, said he resigned to enroll at school and knew he would even before he took the clerical job with the commission last March.

Allen became the center of a controversy between Gordon M. Tiffany, staff director of the commission, and John T. R. Godlewski, former commission attorney. Godlewski, at a press conference, charged Tiffany fired Allen because the youth planned to marry a white girl he met in Germany while stationed there with the Air Force.

Godlewski also said Tiffany and the commission was guilty of "numerous instances" of discrimination in the hiring of staff personnel.

Allen said Tiffany's version of his departure from the commission was "absolutely correct." He said he did not know where Godlewski got his ideas.

But Allen said Tiffany told him "that in view of the marriage it was a good thing I was leaving because repercussions would come from this (the marriage)."

Recommend Parole for Ex-Terrorist

LANSING (AP)—A commutation of sentence has been recommended for former Black Legion member Urban Lipps, the State Parole Board said Wednesday.

The recommendation is expected to go to Gov. Williams early next week.

Lipps, now 45, was among nine men in the terrorist group convicted of the first degree murder of Charles A. Poole near Detroit on May 12, 1956.

If the governor agrees to commutation, Lipps would become eligible for immediate parole. Lipps appeared before the board to plead his case last Feb. 12.

Lipps, 21 at the time of sentencing, said he went to only one meeting of the Black Legion after he was initiated.

He said he had no idea Poole was going to be killed when he went with the other men in several cars to a party at a lake resort near Detroit.

The military services and various agencies of the Federal government purchased more than 650,000 American flags last year.

Yes, There Are Leprechauns

DAN'S A BELIEVER—Three-year-old Dan Ann Keesling, daughter of Mr. and Mrs. Daniel J. Keesling of 428 Kuhn St., found today that the wee people are very apt to appear on St. Patrick's

Day, as this merry leprechaun—complying with fairy lore—sought the warmth of a child's smile rendering her a sprightly Irish jig.

Prospects Brightest in Years

Pay Boost Bill in Senate

LANSING (AP)—Prospects for a healthy salary boost for state lawmakers were the brightest in years today.

A bill raising the annual pay of the 144 senators and representatives from \$14,000 to \$15,500 moved into the Senate yesterday after swift approval in the House. The 65-34 vote, retaining the \$1,000 expense allowance, came without a word of debate.

Area representatives voting for the raise were Arthur J. Law (D-Eastland), Farrell E. Roberts (R-West Bloomfield Township), James Clarkson (D-Southfield), William Haywood (R-Royal Oak) and John C. Hitchcock (D-Hazel Park). Not voting was Rep. Lloyd L. Anderson (R-Waterford Township).

Senate approval would boost lawmakers into the top salary bracket among the nation's state legislators. Only New York pays as much as \$7,500 on a yearly basis.

DIFFERENT ATTITUDE?
A similar measure got past the House last year, but money-conscious senators quickly buried it. Their attitude seemed changed yesterday.

If the Senate approves, salary increases the House voted for the governor and four elected state officials would start in July 1961, after current terms expire. The governor's pay would move from \$22,500 to \$30,000, fourth highest in the nation behind New York, California and Pennsylvania, and equal to New Jersey.

Secretaries of the attorney general, secretary of state, auditor general and treasurer would go up from \$12,500 to \$17,500, putting them on a par with the superintendent of public instruction and the state highway commissioner.

The "orphan" of the State Administrative Board, the lieutenant governor, would remain unchanged at \$14,000.

The Senate also was busy endorsing pay raises yesterday. A bill to bump the eight Supreme Court justices from \$18,500 to \$27,

000 was steered to the lower chamber on a 22-8 vote. Members of the high court currently earn less than 31 circuit and probate judges whose courts they supervise.

Another Senate bill would increase minimum salaries of probate judges by \$1,000 to \$2,500, depending on county populations. Pay of most Circuit Court stenographers would go up \$1,000 a year under another senate measure. A House bill would grant

\$1,000 increases to county welfare agents.

House members found a way to finance their legislative pension system, which currently allows retired lawmakers to collect up to \$2,000 a year for life.

After heated debate, the House passed a bill to raise Circuit and Superior Court filing fees from \$5 to \$10, channeling \$2 to the judges' retirement system and \$2 to the legislative system.

Tired State Solons Snarl in 15-Hour House Session

By DALE ARNOLD

LANSING (UPI)—Pressure of a heavy calendar brought minor revolutions during yesterday's 15-hour House session and raised some question as to how informed some lawmakers were on the volume of bills they approved.

"Not a person can tell me what the heck we voted on," Rep. John J. Fitzpatrick (D-Detroit) complained, last night in one of his frequent trips to the microphone to ask for more discussion of legislation.

To cries that he "pipe down," Fitzpatrick replied:

"I don't think there's a man big enough to make me keep my mouth shut."

About 125 bills had to be acted on in the House before the midnight deadline and the pressure of a par with the superintendent of public instruction and the state highway commissioner.

One legislator was nearly dozing in his chair in the late afternoon when a vote came on one bill and his colleagues yelled for him to vote.

Rousing himself, he punched the voting button, turned to the lawmaker behind him and asked:

"What was the bill?"

Republicans fought with Democrats and Democrats with Democrats.

House Democratic Leader Joseph J. Kowalski (D-Detroit) was shouted down on occasion by his own party members last night.

Reps. Gilbert Wales (D-Stam- borough) and T. John Lesinski (D-Detroit) were criticized by Democrats for alleged filibuster tactics. Rep. Raymond Wurzel (R-Port Huron) called the session "a very shameful act."

This is the biggest piece of larceny I've ever seen occur in public," said Rep. Robert Gilbert (R-Saginaw), who took on Rep. Allison Green (R-Kingston), the GOP House floor leader.

Women Brutally Murdered

Push Hunt in Killing of 3

Senate OKs Funds for MSUO Building

Funds to get the proposed \$2,000,000 science and engineering building started at Michigan State University Oakland are included in \$14,361,000 worth of construction under consideration by the Legislature in Lansing today.

The MSUO allotment of \$500,000 in construction funds for 1960-1961 was contained in measures approved yesterday by the Senate.

The construction funds are separate from operating funds, also under legislative consideration. University officials are fighting for an increase in operating funds.

In other bills that stood at the legislative midpoint, Lapeer State Home and Training School was allotted \$720,000 for the first unit of a proposed \$1,200,000 nursery building.

And \$25,450 was earmarked for radio towers at State Police posts in Pontiac, Redford Township and Ypsilanti.

Pattened by the proposals for construction, the 1960-61 general fund spending program being shaped by Republican legislative budgeters rose to \$112,000,000.

The amount topped \$66, William's recommended budget for roughly three million dollars and actual appropriations for the fiscal year ending June 30 by about \$17,000,000.

The 12 appropriation bills making up the legislative budget all rested at the halfway point—each approved by one chamber only—and further changes were possible.

BEYOND INCOME?
When the capital outlay figure was sprung on the Senate, Sen. Edward Hutchinson (R-Fennville) questioned if the sum wouldn't put state spending beyond income with the state deeply mired in debt.

He was told nobody could tell for sure.

The last of 45 bills approved during the day, the capital outlay measure sped through on a 249 roll call. Some adjustments in the House seemed certain.

In their capital outlay recommendations, GOP finance chiefs chose a pay-as-you-go route rather than the borrowing approach favored by the governor to finance a huge \$44-million-dollar new construction program.

If the GOP plan were finally accepted, it would end a three-year virtual moratorium on new buildings.

Taking into account money certain to be included for maintenance, remodeling and fire protection work, the bill probably would represent the largest outlay for this purpose since lawmakers voted \$7 millions in 1956.

Gina Scorns Divorce Talk
PARIS (AP)—Gina Lollobrigida today termed "fantasy" the talk of a divorce between her and Dr. Milko Stefan.

Present to describe the kind of plan that was proposed to the committee was David S. Greer, head of Greer Associates of Birmingham, the city's planning consultants.

If the city asks for a downtown master plan, Greer is expected to be a likely choice for the job. He has helped the city on many of its planning projects.

Space Weapons Ban Proposed

U.S. Delegate Prods 10-Nation Conference for Speedy Decision

GENEVA (AP)—U.S. delegate Frederick M. Eaton asked the 10-nation disarmament conference today to agree at once on the banning of weapons in outer space.

He also called for auditing of missile flights and a halt in production of nuclear materials for arms.

Eaton told the delegations that such steps would give an impetus to their work in seeking general disarmament.

He warned that the final banning of all weapons would not be accomplished all at once like the legendary birth of Venus. Armistice from the sea.

He said he believed the conference could take steps now to deny the use of outer space to weapons of mass destruction forever.

A reporting of missile flights to some center which would keep track of them would ease the chance of miscalculations that might start a war, he said.

The Western powers say they are seeking a disarmament pact before scientists can develop nuclear-armed space satellites.

Pat Nixon Marks 48th Birthday; Born in '12 or '13?

WASHINGTON (AP)—Pat Nixon, wife of the vice president, observes her 48th birthday today.

Actually, Mrs. Nixon was born on March 16, but she has celebrated on St. Patrick's Day for years.

This year, the vice president's office gave the date of Mrs. Nixon's birth as 1912. For years the Republican National Committee had listed it as 1913.

Nixon observed his 47th birthday in January.

RAVE INDICATED
'State's Atty.' Harlan Warren said all indications pointed to rape too. State Police Superintendent William Morris, who headed a three-man team of troopers from Springfield, agreed it was a sex crime, "one of the worst in my 19 years of a policeman."

The victims, all socially prominent in the western Chicago suburb of Riverside, were:

Frances Murphy, 47, wife of R. W. Murphy, vice president and general counsel for Borg-Warner Corp.

Mildred Lindquist, 36, wife of Robert Lindquist, vice president of the Harris Trust and Savings Bank.

Lillian Oetting, 36, wife of George H. Oetting, general supervisor of internal audits for the Illinois Bell Telephone Co.

They had checked into the all-year resort Monday for a few days of rest and hiking along the trails which have made the 1,425-acre park along the Illinois River famous.

They were not missed until Wednesday when Mrs. Murphy telephoned the lodge to check up. A search was organized and a group of boys from a state correctional camp discovered the gay scene snuggling through heavy snows.

The six juvenile delinquents who found the women were the first inmates of the state youth camp to visit the park since December, their supervisor said today.

Stan Potter, director of the camp, told the Illinois Youth (Continued on Page 2, Col. 5)

Many Auto Collisions Reported

Nine Injured as New Snow Blankets Pontiac Area

A hazardous, wet snow caused dozens of automobile accidents and injuries to nine persons in Oakland County within the last 24 hours.

And weatherman says there'll be more snow today through Saturday.

Light snow and flurries with little change in temperature is the forecast for the three-day period. A high of 34 is expected today, dropping to a low of 25 tonight.

Winds today were reported southwesterly 10 to 20 miles per hour becoming westerly tonight.

The lowest recording in downtown Pontiac preceding 8 a.m. was 30 degrees. The temperature at 1 p.m. was 31.

Pontiac police reported a number of property damage automobile accidents and three collisions which resulted in injuries yesterday.

One woman pedestrian was struck by a car and "another housewife has to be hospitalized after she slipped on an icy sidewalk."

Stewart M. Beltz, Jr., 15, of 196 Strathmore St., was treated for injuries to his face at Pontiac General Hospital after he lost control of his motor scooter yesterday on Montclair street near Summit street.

Mrs. Helene Kink, 68, of 2441 Opdyke Rd., was admitted to Pontiac General with facial injuries yesterday after she slipped on an icy sidewalk on Mt. Clemens street. Her condition today was listed as good.

Mrs. Eliza R. Manriquez, 51, of 86 W. Howard St., was treated for an injured left leg and released from Pontiac General last night after she was struck by a car at Saginaw street and Clark street.

Driver of the automobile, Irvin Brado, 22, of 23 Carlton (Continued on Page 2, Col. 1)

They've Got Something to Cheer About

WHOOPIING IT UP FOR CHIEFS—Pontiac Central High School cheerleaders and their enthusiastic cheering section let out with victory yells Wednesday night at the University of Detroit Memorial Building as the Chiefs score a resounding 71-52 quarter-final triumph over Taylor Center to advance to Friday's Class A state

semifinals at East Lansing. The Chiefs will meet Austin Catholic in the semi. Oakland County's other tournament hope, Class B Troy, was eliminated by Flint Bendle, 76-61, at Pontiac Northern yesterday. (Details on sports pages.)

Dollar Days Feature Old-Fashioned Buys

Free parking in city parking lots plus loads of values are features of the first Downtown Dollar Days sale tomorrow and Saturday.

Sale prices will be rounded off to the even dollar in most cases—you won't have to spend any extra pennies, according to Clifford Grovogui, manager of Walte's Department Store.

And sales personnel in many stores will be wearing old-fashioned costumes "to point up the fact that shoppers will be getting values based on the worth of the old-fashioned dollar."

Mrs. Eliza R. Manriquez, 51, of 86 W. Howard St., was treated for an injured left leg and released from Pontiac General last night after she was struck by a car at Saginaw street and Clark street.

William Jennings Bryan Centennial Day Slated

SALEM, Ill. (UPI)—Residents of his old home town, some of whom still remember him, Saturday will note the centennial of the birth of William Jennings Bryan, "The Great Commoner."

It is fitting the centennial should come in the year of a presidential election. Three times Bryan ran for the presidency, three times he lost the race.

A friend of the Bryan family said Bryan "would have been hard to stop today" because radio and television would carry his enthralling appeals to the people.

Jean McMackin, a Salem real estate man, was a member of the 1919 graduating class at Salem High School. Bryan was the commencement speaker.

A member of the same graduating class was a young man named John T. Scopes. Scopes' father,

"I can see him as he spoke with one thumb in his vest pocket and one arm upraised," said McMackin. "He spoke in the language of the common man and the words just rolled out."

Perhaps the most famous speech of the great orator was the one which won him the Democratic nomination for president at Chicago in 1896. In attacking the gold standard, Bryan said: "You shall not press down upon the brow of labor this crown of thorns. You shall not crucify mankind upon a cross of gold."

Bryan was born in a two-story frame house which stands some three blocks south of the public square at Salem, a town of some 6,000.

His father, Silas Bryan, was a state senator and circuit judge and one of the framers of the Illinois constitution of 1870.

Salem school children Friday will visit the Bryan birthplace, which Bryan later bought and deeded to the city as a museum. On Saturday, the Daughters of the American Revolution will hold an annual open house at the museum. Some 650 persons have visited it during the past year.

CHINESE BOMBERS—A report emanating from India that China will explode its first atomic bomb March 28 has been greeted with skepticism in Moscow, London and Tokyo. Dr. Raghuvira, a member of parliament, started the Indian government by claiming that such a device would be set off near the Russian border (X).

Wants Stamp to Honor Paderewski, All Poles

WASHINGTON (AP)—Rep. Charles E. Chamberlain (R-Mich.) wants the Post Office to issue a stamp to honor Polish pianist and political leader Ignace Paderewski. Nov. 6 will mark the 100th anniversary of Paderewski's birth.

"In honoring Paderewski," Chamberlain told Congress, "we would be honoring the Poles still striving for independence in their homeland. Polish-Americans who are endeavoring to help in restoring Poland to the family of free nations and freedom-loving peoples all over the world."

Note in Dead Miner's Hand 'I Love You, Mabel'

LOGAN, W. Va., (AP)—Some 12 hours before the first body was brought up from the Holden No. 22 mine, a car stopped before a row of white bungalows in a seat-by-mine camp.

A neatly dressed man, summoned by a neighbor's wife, then called at the front door of the Josh Chafin Jr. residence.

"Mrs. Chafin, your husband's body has been identified as one of the dead miners."

The disbeliever which swept the face of the quiet woman dissolved into sobs of grief.

A rescue crew member said a simple note was found clutched in the hand of the 46-year-old man. It obviously was written in his final moments before deadly carbon monoxide gas from a hellish

low workers.

The note from Chafin said:

"Mabel, 'I love you more than you will ever know. Take care of the kids and raise them to serve the Lord.' It was signed, 'JHL.'—the name he went by."

It was penciled on a sheet of paper from a time book.

Chafin, one of two foremen among the victims, was responsible for recording the hours his men worked.

Newspaper readers want to read local ads. The Continuing Study of Newspaper Reading shows that median readership of one or more local ads throughout the year by women is 94 per cent; by men, 74 per cent.

Would Show Off Army in Far East

RAKERY AIR FORCE BASE, Puerto Rico (AP)—Secretary of the Army Wilbur M. Brucker said today he wants to follow up the current Army-Air Force maneuvers here with longer hops of troops and equipment to Europe and Asia.

Brucker emphasized there are no such plans now, but said: "I am anxious to have another exercise such as this in the near future and then I would like to see us go to Europe, maybe as far as Turkey, and then to the Far East, possibly in such areas as Indonesia."

Brucker suggested at a news conference that "if we would drop in on Indonesia, some day" he believed Red China's designation of the United States as a paper tiger would soon be dropped.

Death Notices

MRS. WILLIAM T. BRIGHT
Mrs. William T. (Grace H.) Bright of 599 E. Madison St. died yesterday at Pontiac General Hospital after an illness of two months. She was 67.
Mrs. Bright was a member of the Spiritual Fellowship Church. Surviving are three daughters, Miss Evelyn Kent of Caro, Mrs. Charles Bonner and Mrs. Sherman, both of Pontiac; a son, William C. of Drayton Plains; 17 grandchildren and two brothers. Service will be held at 1:30 p.m. Sunday at the First Presbyterian Church of Pontiac. Burial will be in Perry Mount Park Cemetery.

MRS. ALBERT VAN BUSKIRK
Mrs. Albert (Holly) VanBuskirk, 66, of 751 Bingham St. died of a stroke yesterday after a long illness.
She was an employee of the Walden Hotel for 10 years.
Mrs. VanBuskirk leaves her husband and three daughters, Mrs. Charles (Hazel) Hubbard of Pontiac, Mrs. Cyril (Beatrice) Reeves of Berkey and Mrs. J. L. (Marie) Feuchter of Cleveland, Ohio. Service will be held at 11 a.m. Saturday at the Huntington Chapel with burial in Perry Mount Park Cemetery.

KENNETH L. COOMBS
Service for Kenneth L. Coombs, 38, of 6761 Andersonville Rd., Waterford Township, will be held at 1 p.m. Friday at the Coombs Funeral Home, Drayton Plains. Burial will be in Drayton Plains Cemetery.
Mr. Coombs is survived by his wife, Eleanor; his parents, Mr. and Mrs. Roy E. Coombs; four children, Roy, Robert, Jane and James, all at home; a brother, James Bateman of Sault Ste. Marie; and two sisters, Mrs. Mary Woods of Pontiac and Mrs. Reva Smith of Rochester.
Service will be held at 2 p.m. Saturday at the Pursey Funeral Home with burial in Perry Mount Park Cemetery.

MRS. IRA WRIGHT
Mrs. Ira (Vola M.) Wright, 35, of 5991 Rensley St. died yesterday at St. Joseph Mercy Hospital after an illness of nine months.
Surviving are her husband; two daughters, Lorraine and Sally, both at home; a brother, James Bateman of Sault Ste. Marie; and two sisters, Mrs. Mary Woods of Pontiac and Mrs. Reva Smith of Rochester.
Service will be held at 2 p.m. Saturday at the Pursey Funeral Home with burial in Perry Mount Park Cemetery.

MRS. WILLIAM ANDERSON
METAMORA — Service for Mrs. William (Ethel Mae) Anderson, 75, of 73 Burrows St., will be held at 1:30 p.m. Sunday in Baird Funeral Home, Lapeer. Burial will be in Rich Cemetery, Mayville.
Mrs. Anderson died Wednesday following a heart attack.
She was a member of the Congregational Church of Metamora and the MOMS Club of America. Surviving are two daughters, Mrs. J. E. Oberauer of Roseville and Mrs. Donald Cascardi of Metamora, a son, Morris T., of Seattle, Wash.; two sisters, seven grandchildren and three great-grandchildren.

Man, 91, Gets Divorce From 82-Year-Old Wife
MEMPHIS, Tenn. (U-P) — A 91-year-old man has been granted a divorce from his 82-year-old wife on ground of desertion.
Reuben Henson Boone said Wednesday he married Mrs. Boone in 1927 and they separated in 1945. The divorce was not contested.

Duck-Killing Oil in Detroit River Will Be Probed

LANSING (UPI) — Water Resources Commission investigators today searched for the source of oil on the lower Detroit River that has killed "hundreds of ducks" in an important wintering area.

Francis B. Frost, regional engineer for the commission, was expected to report here tomorrow.
The Conservation Department said extreme cold weather concentrated the ducks in small feeding areas and large numbers of lesser scaup (blue bills) and early migrating canvasbacks were killed in the polluted water.

The oil removed waterproofing from the ducks' feathers and destroyed insulating qualities. When they left the water, they froze to death, the department said.

Census Crew Starts but Just Testing

WASHINGTON (AP) — Ten census crew members today began testing the 1960 national head count.

The census crew members are ranged to visit homes picked at random from Maine to Hawaii. Each step called for going through all the motions of taking a census, which doesn't begin officially until April 1.

Actually, the crew chiefs were doing more than go through motions. Their reports will become part of the official tally and households visited today won't be counted again.

However, to keep all data accurate as of April 1, a special form was being left at each house, hold so any births or deaths during the rest of the month may be reported later by mail.

Trainer Plane Hits 2 Houses

Pilot, Passenger Die in Indiana Crash and Two Hurt in Home

INDIANAPOLIS, Ind. (AP) — An Air Force T-33 jet trainer crashed out as it circled West Cook Municipal Airport after missing its first approach and crashed into two houses late Wednesday, carrying two officers to their deaths.
The pilot and his passenger, both Air Force officers, were thrown from the plane as it hit the houses, half a mile northeast of the airport at the edge of Indianapolis.

The victims were Maj. David F. Cooper, 38, Wheatland, Ore., and Lt. Lloyd Coghill, 27, Clovis, N.M.

Lt. Coghill, 72, and a tenant, Larry D. Crabtree, 19, were trapped temporarily in the wreckage of one house, but they suffered only cuts and bruises.
"I knew this was going to happen sooner or later because there were just too many planes flying over my house," Mrs. Fritschett said.

Iraq Is Asking Russia to Help Plan Reservoir

RAGHIDAH, Iraq (U-P) — Iraq is planning a \$6 million dollar reservoir on the Euphrates, the irrigation director, Dr. Bagir Kashif Alghila, announced Wednesday.
Under the Iraq-Soviet economic and technical cooperation agreement Iraq has asked Soviet experts to draw up designs.

LOS ANGELES (UPI) — Dancer Lea Anscoff's attempt to change her name to "Baby Doll" was denied in Superior Court yesterday because the name is a "term of affection towards children."

NAACP Calls Upon Negroes for Nationwide Store Boycott

By The Associated Press
Negroes throughout the nation were urged not to spend their money in chain stores that refuse to let Negroes eat at lunch counters alongside white customers.

The element of economic pressure was introduced Wednesday by the National Assn. for the Advancement of Colored People as hundreds of Negroes in half a dozen Southern cities faced fines and jail terms for demonstrating against segregated eating facilities.

N.Y. Boycott Sought

The NAACP said in New York that all its members would be asked to withhold patronage from branches of four variety chains—Woolworth, Kresge, Kress and Grant's—and one independent department store, Thalheimer's in Richmond, Va.

The development came on the heels of mass Negro demonstrations and a statement by President Eisenhower that there is nothing improper or unconstitutional about orderly marching in the streets and peaceful assembly by groups seeking to show their desires for equality.

No Direct Comment

But the President, in his news conference, made no direct comment on all-down demonstrations. Eisenhower's position was challenged by one Southern governor, Ernest F. Hollings of South Carolina, where tear gas and fire hoses were turned on 1,000 Negro paraders earlier this week and hundreds were arrested.

Hollings said the President's statement caused "great damage to peace and good order in South Carolina." The governor said the

issue is one of maintaining the public peace and not of establishing rights.
Shortly before the Negro organization issued its statement, segregation policies crumbled in downtown San Antonio, Tex. Six variety stores and a city-wide chain of pharmacies opened their lunch counters to Negroes on an integrated basis.

Four Negroes also received integrated service at a bus station in Nashville, Tenn., scene of a sit-in demonstration in which 56 Negroes were arrested recently.

Can You Blame Him?
DURHAM, England (UPI) — Headmaster William Sumner, 60, bought a bicycle yesterday to get around the corridors of Spenny-moor Grammar and Technical School which covers 20 acres.

May Seek Dem Bid for Lt. Governorship

GRAND RAPIDS (U-P) — Machinery dealer George E. Clay of Grand Rapids said today he is "strongly considering" seeking the Democratic nomination for lieutenant governor.

Clay, 48, also is chairman of the Michigan Water Safety Commission. As chairman of the bonding agency, he is linked with Secretary of State James M. Hare, candidate for the Democratic nomination for governor.
Clay's announcement was made

through Kent County Democratic Committee Treasurer Theodore H. Williams. Clay unsuccessfully opposed Rep. Gerald R. Ford Jr. (R-Mich.) two campaigns ago.

Sees Wall Street Staying Steady

GOP Likely to Ease Money, Support More Construction

NEW YORK (UPI) — Record business profits and improving dividends are apparently not enough for a bull market that has pushed beyond the normal historical values of earnings and dividends, notes Prentice-Hall.

But with more than 13 million people now owning corporate stocks, F.H. says in its weekly report on business, a real bear market would have very substantial business and political repercussions.

"So it's unlikely that the administration will sit on its hands and let nature take its course in Wall Street."

Prentice-Hall looks for definite moves by the GOP administration to ease money, spur government public works, encourage more road and home construction and even step up defense outlays.

Some further irregularity is to be expected as the 100 are tested, but there are indications that the long market decline is running out of steam, says Standard & Poor's. "We would advise against indiscriminate selling and believe that judicious purchases could be rewarded by good trading profits before long."

Business Reports, Inc. offers the following comment on the stock market: "As we've said before, we think the bull market is over—certainly the wild uprush of glamor stock prices. We refuse to believe, however, that this means an end to intelligent and selective purchases of stocks."

The Fitch Survey says the outstanding record of American Express Co., its strong financial resources and high-dividends-paying ability, all impart the investment merit of the common stock. Its potentials in the credit card field is an added attraction, Fitch notes.

Unique British Liner Launched by Australian

BELFAST, Northern Ireland (AP)—The Canberra, a 45,000-ton British ocean liner of revolutionary design, was launched Wednesday by Mrs. Robert Menzies, wife of the Australian prime minister. The ship is the biggest built in the United Kingdom since the \$25,674-ton Queen Elizabeth slid down the ways in 1940.

Although only slightly more than the weight of the Elizabeth, the Canberra can carry approximately the same number of passengers—2,250.

The vessel was lighterized by the liberal use of aluminum. The Canberra has 15 decks, the topmost one nearly 100 feet above the waterline. Her length is 339 feet.

U.S. Charges Fraud Pacifist Won't Pay Taxes

NEW YORK (AP) — Can a pacifist refuse to pay federal income taxes because the money helps to pay for atomic weapons? That is a question now before the U.S. Tax Court here.

The government is trying to collect \$1,165 from the Rev. Abraham J. Muste, who hasn't paid any income tax since 1948.

He is a Presbyterian minister, a Quaker and secretary emeritus of the Fellowship of Reconciliation, a religious pacifist organization.

CHARGED WITH FRAUD
Under questioning in court Tuesday, he said he takes the position that thermonuclear weapons "are in their very nature aggressive."

Bht he added he was not saying that U.S. policy is aggressive in comparison with other nations' policies. He also denied any tax evasion in the usual sense of the term.

Smiths Decide to Make Confusion Permanent

COLUMBUS, Ohio (AP)—By coincidence, the families of Jack K. Smith and Jack P. Smith located rivals, the families moved. They're in apartments at the same address again living in the same apartment dresses here. There followed the building—but this time by plan.

inevitable mixups in mail and telephone calls.

Then each family had a daughter. Good friends now and needing more space with the newest arrivals, the families moved. They're in apartments at the same address again living in the same apartment dresses here. There followed the building—but this time by plan.

The Tree's All Right,

LOCKPORT, N.Y. (AP)—Passers-by sometimes get the impression a tree is growing upside down in Dr. T. Edwin O'Brien's yard.

even a tree, but an eucalyptus vine planted by Louis G. Merritt, the home's former owner. Because of a kind of "trunk" and downward pointing "branches," the vine gives the appearance of an upside down tree.

To Fete Camp Fire Anniversary

"Camping the Camp Fire Way" is the theme for the Pontiac Council of Campfire Girls program Saturday at Madison Junior High School gymnasium.

Set for 7 p.m., the affair will mark local celebration of Camp Fire's 50th anniversary.

According to Chairman Mrs. Eldon Garbler, the program will demonstrate activities at day camp and group camps. Pioneer camping will be highlighted.

Special event is a stage show at 7:30 p.m.

BLUE BIRDS TO PERFORM
Blue Birds, the youngest group, will illustrate cooking, bird watching, hiking, swimming and singing.

A "let's pretend" session and display of nature collections will also be featured.

Older Campfire girls will publish a special edition of their camp paper, "The Camp Owaki News."

In addition, they will demonstrate activities in a typical day camp trip.

Other demonstrations by this group will include boating skills, archery, fire building, lashing, weaving and tenting.

Development of Camp Owaki

Navy Mothers Hear Plans for Installation

The Pontiac Navy Mothers' Club met Friday evening at the Naval Training Center.

The group will join other clubs this year in a joint installation of officers in May. This will replace the usual private installation ceremony.

Contribution was approved for the Navy Family Chapel in San Diego where many Pontiac area servicemen are stationed.

Members are asked to bring game prizes and one dish to a cooperative luncheon March 31 with Mrs. Maude Morgan on Clifford street.

Purchase of a commander's official pin to be worn by the commander currently in office was approved. The outgoing commander will receive her past commander's pin at the installation.

The next business meeting will be on April 7.

Sisterhood Studies Food

The Sisterhood of Temple Beth Jacob met Tuesday afternoon at the Consumers Power auditorium for a demonstration of holiday foods.

Named delegates to the Michigan Federation of Temple Sisterhoods annual convention are Mrs. Sherwin Birnkant and Mrs. Malcolm Kahn. The event will be in Pontiac April 25 through 27.

The group will sponsor a rummage sale the week of March 28.

Opening and closing prayers were given by Mrs. Alfred Simmons and Mrs. Martin Kabeen.

Entertains 15 Dinner Guests

Fifteen members of Xi Alpha Nu chapter of Beta Sigma Phi sorority were dinner guests of Mrs. Richard Benham of Avery street Tuesday evening.

Cobhostesses were Mrs. Richard Ferris, Mrs. Stewart Sovey and Marie McGill of the social committee.

Jaac Prevette Jr. of the Oakland County Juvenile Court will speak on juvenile problems at the April meeting at the Coleman street home of Mrs. Harvey Kerr.

near Clarkson has been a major endeavor of the local council in recent years.

"The activities at our camp are geared to the girls' own interests and capabilities and to the degree to which they contribute to the girls' appreciation of the outdoors, development of initiative, creativity, resourcefulness and self-reliance," said Reta Smith, camp program committee chairman.

Anna Murray, Sergeant Wed in Evangelical Rite

A church reception followed Saturday noon nuptials of Anna Murray and Sgt. John Milton Robinson, solemnized by the Rev. Myron R. Everett in Baldwin Avenue Evangelical United Brethren Church.

The Maurice Benjamin Murray's were hosts at the wedding dinner.

MRS. JOHN M. ROBINSON

in their home on Silver Sands drive, Uxorton Plains.

The bridegroom is the son of Mrs. Bernice Katherine Williams of Jefferson street.

Scaled white embroidered tulle over silk taffeta fashioned the tiered skirt of the ballerina bridal gown.

The brief sleeves of the basque bodice were shirred and scalloped outlined the sailor neckline.

An elbow-length veil of silk illusion was attached to a jeweled coronet. White rosebuds were mounted on the bride's white prayer book.

Joanne Evelyn Murray was her sister's only attendant. Complementing her ballerina dress of seafash silk organza was a cascade of yellow chrysanthemums.

Camp Owaki is supported by the girls' annual candy sale and by contributions from service clubs and individuals.

Saturday's public program, which tells the camping story, is without charge.

The local council, a member agency of the Pontiac Area United Fund, provides leisure time activities for all interested girls from 7 to 18.

The bridegroom will report to Fort Knox, Ky., for assignment in Hawaii on conclusion of his two-week tour.

Mrs. Murray selected a pure silk printed beige dress, with white lace bodice, for her daughter's wedding. Her accessories were of alligator skin. The bridegroom's mother wore pale blue silk and matching hat. Their shoulder corsages were gardenias.

Donald Braunegal served the bridegroom as best man. Guests were seated by Robert Wallace and Branton Dennis. All are of Pontiac.

The bridegroom will report to Fort Knox, Ky., for assignment in Hawaii on conclusion of his two-week tour.

Mrs. Murray selected a pure silk printed beige dress, with white lace bodice, for her daughter's wedding. Her accessories were of alligator skin. The bridegroom's mother wore pale blue silk and matching hat. Their shoulder corsages were gardenias.

Soroptimist Club Dines

Soroptimist-International of Pontiac met for dinner Monday evening in the Hotel Waldron. Mrs. Kenneth R. Wright, vice president, conducted the meeting in the absence of Mrs. Richard Paschke, president.

Mrs. Arnold Hillerman reported on the Monday meeting of the Pontiac Federation of Women's Club.

Mrs. Karl Schultz and Mrs. Harold Jachet were named delegates to the Midwestern Regional Conferences in Cleveland, to be held in April.

The Pontiac club will be a cohostess club during the Soroptimist-International Biennial convention at the Sheraton-Cadillac Hotel, Detroit, next July.

Ways and Means Chairman Mrs. Oliver Lemeau announced a spring rummage sale, with the date to be disclosed later.

Mrs. Francis Conn was appointed a delegate to the Michigan Soroptimist Presidents' Council at the Women's City Club, Detroit, Wednesday.

Taimie Sorela and Mrs. Wright will represent the club at the Oakland County Marketing Information Council.

Caraway Dumplings New Addition to Stew

Corn meal dumplings lightly flavored with caraway seeds. How does that sound when the north winds blow? With beef stew, of course, perfectly seasoned with vegetables.

REEF STEW — CARAWAY DUMPLINGS

3 pounds beef stew meat, cut in 1½ inch cubes
1 tablespoon shortening
1 teaspoon salt
1 teaspoon pepper
1 clove garlic, minced
1 cup caraway seed, onion
1 cup water
1 cup milk

10-minute package frozen peas
10-minute package frozen peas

For stew, brown beef in shortening in large kettle or Dutch oven. Pour off drippings. Add salt, pepper, garlic, onion, bouillon cube and water. Cover and simmer 1½ hours. Add carrots; cover and simmer 10 minutes longer. While car-

Put caraway seed, egg and milk into bag of mix. Squeeze upper part of bag to force air out. Close top of bag by holding tightly between thumb and index finger. With bag resting on table, mix by working bag vigorously with fingers. (Mix about 2 seconds or until egg is completely blended.) Add peas to stew.

For each dumpling, squeeze bag to empty ¼ of batter (about 3 tablespoons) onto boiling stew. Repeat squeezing bag to form 8 dumplings. Cover tightly and simmer 15 minutes. Do not remove cover during cooking. Serve immediately.

Try substituting your stale cake crumbs in a bread pudding recipe, cutting the usual amount of sugar.

Lemon-Cranberry Relish Is Versatile

Springtime meals call for special treats that can be prepared ahead of time, leaving the hostess leisure time for gardening, enjoying the outdoors and welcoming the spring.

Here's a recipe for a versatile lemon flavored celery and cranberry relish that can be kept in the refrigerator for several weeks, and used as a spread on rolls, as a sauce with fruit salads, or as an appetizer when spread on crackers. Use it also as a filling for long celery stalks to add color to your springtime table.

Lemon-Cranberry Relish

1 pound fresh cranberries
¾ cup finely chopped celery
1 medium lemon, sliced
1 cup lemon juice
1½ cups sugar

Put cranberries, celery and apple bottled food chopper. Add bottled lemon juice and sugar. Chill. Yields 2 pints.

Finicky Eater Can Breakfast on Odd Foods

Is there a "problem" eater in your house? The youngster who's never hungry in the morning, the youngster who's in such a tearing hurry he can't take time to eat? There's a way to stop them in their tracks. Make breakfast a meal of foods that aren't "breakfast!"

After all, the idea of "breakfast" is just what the word says: break . . . fast. And there's absolutely no law that insists that you break the fast of the night in any particular way. You may not want to go to the lengths of the British and have steak and kidneys as an eye-opener — but there's no reason why you can't serve a finicky or impatient eater a morning meal that's nutritionally sound, whether it's a standard regulation breakfast or not.

You can get a child to drink milk in a great many forms — in celery or tomato soup, for example — or even in ice cream.

If he's down on eggs, hide an egg in some other food. For example, shake up an orange egg nog with milk, powdered orange drink and egg. With it serve a peanut butter and bacon sandwich. By the use of dry skim milk in the orange juice egg nog, plus the peanut butter-bacon sandwich, you've given him a nutritionally correct breakfast in a brand new form.

Peanut butter is popular and it's excellent from a nutritional standpoint since it contains B vitamins and proteins. In the type A school lunch, which is carefully balanced by trained nutritionists, 4 table-spoons of peanut butter is considered a substitute for a serving of meat.

Here are three nutritious, energy-rich "unbreakfasty" breakfasts to try out on your problem eaters.

Meal-in-One Scramble

For each serving dice two or three slices of bacon, and fry until crispy and brown. Pour off half the fat and add ½ cup chopped, cooked potatoes and 1 tablespoon minced onion. Fry until potatoes are lightly browned. Stir in two well-beaten eggs, sprinkle with salt and pepper and continue cooking until eggs are "set." Serve immediately with hot buttered biscuits.

1. A ham and tomato sandwich on whole wheat bread and a peanut butter chocolate milk shake (mix 2 tablespoons peanut butter and 2 tablespoons chocolate syrup with a small amount of milk until blended, stir in enough milk to make a tall glass, and add a scoop of vanilla ice cream.)
2. Cream of celery soup, fresh fruit cup, French fried peanut butter and cheese sandwich. (Dip

sandwich in mixture of egg and milk and fry in shallow fat.)
3. Creamed chicken and hard cooked egg served on whole wheat cereal squares, orange sections. Just make sure that the dishes are those that your "problem eater" likes and he'll forget he has problems.

Q. What is the name of this cut of meat?

A. Veal Loin Chop.

Q. Where does it come from and how is it identified?

A. It comes from the loin section of the animal and includes the T-shaped bone. The muscles include the loin, tenderloin and flank. The tenderloin differentiates this chop from a rib chop and becomes smaller as the chops near the rib section.

Q. How is it prepared?

A. Loin chops are cooked slowly by braising. Chops cut ½ to ¾ inch thick require 45 minutes to 1-hour cooking time.

Potted Eggs Are Just Baked Ones

Did you ever stop to think where or how some of the terminology used in recipe writing originated?

"Take the word 'potted,' for instance. In American slang it has a distinctly dubious connotation. But in cookery it seems to mean a lot of different things, and most of them are good.

Margaret Spader, home service editor of the Gas Appliance Manufacturers Association, says she has encountered it often in her research of cooking methods. Some of the wording she has uncovered in recipes, she says, would puzzle even the seasoned cook, and utterly confuse the neophyte in the kitchen.

Some cookbook authors link the word with recipes that use wine or spirits. Cookbooks written during the Victorian age use "jugged" and "potted" interchangeably for meat dishes cooked for a long period of time over low heat. In supermarkets today there are many ready-to-eat meat products that are labeled "potted." They do not fit into either of the aforementioned cookbook classifications.

So, when in doubt, Miss Spader advises, relax and enjoy the mystery. And to contribute to the confusion, she adds her own potted recipe that can't be classified either:

Potted Eggs With Cheese

Preheat oven to 300 degrees. Place 2 cups of light cream and 1 cup of grated Swiss cheese in a saucepan over low heat and cook until the cheese is melted. Beat 4 egg yolks until thick and add to the cream and cheese mixture. Season with ½ teaspoon salt and a dash of Tabasco sauce.

Pour the mixture into buttered custard cups, set in a pan of hot water and bake 15 to 20 minutes or until the mixture is set. Serves 4.

Anyone Can Make Perfect Light Biscuits

Light, tender biscuits served piping hot are the quickest and easiest to make of all soft-dough-type quick breads. Here are a few hints to help you make perfect biscuits every time.

A light texture in biscuits depends upon one important factor — the proportion of liquid to flour. Add the liquid slowly, not all at once, to determine the amount of liquid needed for the type of flour. The correct proportion gives a soft, easily handled dough.

Fat, cut into the flour with a pastry blender or fork, shortens the gluten strands of the flour and gives biscuits their characteristic flakiness. The fat is evenly distributed when the flour-fat mixture looks like coarse cornmeal.

Undermixing biscuit dough produces hard, leathery products. It is important not to knead the dough too much, for the over-mixed product will be tough, heavy and undesirable. Gently kneading the soft dough for 30 seconds effects a thorough combination of the ingredients and gives a light, tender product.

Here are three tips for achieving biscuits with straight, even sides: (1) flour the edge of the cutter before each cutting, (2) press straight down on the cutter, without twisting it, and (3) transfer the biscuits from the board to the baking sheet with a spatula.

Waffle Style Omelets Have Jelly Filling

Make a paste of one-third cup flour and one-third cup water, add 4 beaten egg yolks, 2 tablespoons melted butter, salt and pepper. Mix well. Fold in egg beaten whites. Pour in heated waffle iron. Bake about 3 to 4 minutes. Cut into halves.

Spread bottom half with cranberry jelly or orange marmalade. Top with second half and cover lightly with more jelly or marmalade. Sprinkle with powdered sugar. Serve with a dash of crispy bacon.

Nuts to Tours—K Wants DEtours in France

By HENRY SHAPIRO
PARIS (UPI)—The French proposed and Khrushchev's visit to Paris was made painfully aware, before postponement and shortening of Soviet Premier Nikita Khrushchev's visit to France, of his displeasure with the program originally worked out for him by the foreign ministry.

Diplomatic observers in Moscow and the French authorities in Paris have not been inclined to doubt the genuineness of Khrushchev's flue which compelled him last week to leave the Soviet capital for a brief breather in a Crimean resort.

But the Quai d'Orsay also knew that Khrushchev just was not accepting the grueling 15-day tour of France it had worked out for him for the visit that was to have begun today. It is now 11 days, starting March 23, and less ambitious.

On March 11 a high Soviet official impatiently waved aside the official schedule shown to him by this correspondent and said, "Don't pay any attention to this—the program is not yet accepted."

HAGGLE OVER PROGRAM

Within 72 hours of last weekend, when Khrushchev's illness and postponement of the French visit were announced, Soviet Ambassador Sergei A. Vinogradov made five calls on top French officials and finally emerged with a curtailed, modified and mutually acceptable program.

Khrushchev's health and energy are legendary. But the globe-trotting premier will be 68 next month. He is considerably overweight and is believed to be suffering from a kidney ailment.

He recently told a western ambassador in Moscow that men over 60 should take at least two months vacation annually.

In the past eight months Khrushchev has traveled more than 83,000 miles. He faces at least another 25,000 miles of travel in 1960.

In America last autumn he was happy with the original French travel plan for him.

Once the Soviets and French accepted that the visit was equally desirable for both sides, the controversy seemed to rage around the question of who was going to exploit whom for propaganda purposes (after the De Gaulle-Khrushchev exchange of views).

President Charles de Gaulle already had more than gratified French national pride by forcing postponement of the East-West summit conference until after his meeting with Khrushchev.

He had thereby established French equality in the Big Four club. He apparently wanted to extract more mileage from the first visit to France of a Russian chief of state since czarist days.

So, among other things, the French offered to take Khrushchev to the Sahara and they hoped to persuade him to visit Algeria, which might give the effect of indirect Russian support of De Gaulle's African policy.

They planned to show Khrushchev an air force academy that trains fliers for the African campaign.

The shrewd planners of the Quai d'Orsay arranged a tight schedule which would have kept Khrushchev going nonstop almost around the clock and prevented contact with the French masses.

He was to be deprived of any opportunity to meet left-wing trade unions and of addressing the pro-Soviet, Communist-front organizations of France—U.S.S.R.

The superlateman of international communism was not to be given a chance to flaunt the glories of communism to all and sundry as he did in America.

"It may be all right in America, where Communist influence is nonexistent, for the world's No. 1 Communist to shout from the rooftops that our grand-children will be Communists," a right-wing editor here told me. "But we could not allow this in a France where the Communists are strong."

The proud and astute former comrade, now in the order of all the Russias, would not be drawn into acceptance of the French plans. He refused to agree to a cook's tour which would have confined him to endless sightseeing.

"I will not accept house arrest," he told this correspondent at a critical point in his American visit when he threatened to return home in mid-June. And in France he would reject visits to cities whose municipal leaders said they would not welcome him.

Could Save You Money

Heirs, Know Your Rights

By FAYE MENLE
NEA Columnist

Estate plans don't get settled over night!

Until you become involved, you may be innocent of the complexities of estate settlement. You shouldn't be.

The federal government taxes all estates valued over \$40,000. Some states levy taxes on estates smaller than \$60,000. How soon might you expect estates of either size to be settled?

The answer depends largely upon your interpretation of settlement. I learned this when I posed the question to banks and lawyers that specialize in estate matters.

For an estate subject to federal tax to be absolutely settled—mean all creditors paid—could take up to three years for an uncomplicated estate, longer if there are complications.

An under-\$60,000 estate could be settled within a matter of weeks; but if a bank were executor or trustee they would not wish to do this. The earliest they would settle such an estate would be seven months. Usually it would take close to a year.

HERE'S WHY

Why the time lag? First, there is a stipulated period during which creditors are allowed to file claims against an estate. In New York this is seven months. Even the smallest estate should not be closed until it is certain no one will file a claim.

On taxable estates the law permits the choice of two dates for the purpose of evaluating how much an estate is worth for tax purposes. The first is the date of death, the second the exact day one year later.

An executor might attempt to settle an estate quickly, evaluate it on the date of death and file estate tax return. He might discover a year later that the securities markets had declined and the estate thus was worth less and

liable to a lower tax. He could be held liable for choosing the earlier date and forced to pay the beneficiaries the amount of money lost them as a result of his decision.

Under the law, federal estate taxes are not due until 15 months after death. It is rare for the government to get around to auditing a return in less than this time. Usually it takes considerably longer.

It is unnecessary, however, for

Do Battle for a Party, Businessmen Told

ADRIAN ON — A top Republican spokesman wants businessmen to pick a party "and fight for it to victory or defeat."

"If politics is to be effective it has to be partisan," Mrs. Peter Gibson, president of the National Federation of Republican Women, said last night.

"It's time for businessmen to take a good square look and get themselves busy in support of policies that are good for the nation," she told a Chamber of Commerce meeting.

Union President Urges Minimum Wage of \$1.25

WASHINGTON (UPI)—The president of the Amalgamated Clothing Workers of America urged Congress Wednesday to up the federal minimum wage to \$1.25 an hour to wipe out "poverty in the midst of plenty."

Jacob S. Potofsky, who also is a member of the AFL-CIO executive council, testified before the house labor subcommittee in support of a bill to raise the wage floor 25 cents from the current \$1.00 an hour and extended coverage to an additional 7,500,000 workers.

beneficiaries to wait until an estate is settled before any benefits are paid.

While a widow might not be permitted to touch principal, she is entitled to income during the period before final settlement. If an insurance policy forms part of the estate, she is entitled to these proceeds since they will not fluctuate in value as securities or a business might.

MAY FREE CASH

If the principal of an estate is small and the executor realized that the chance of a claim against the estate was negligible, there's little doubt that if the heirs really needed cash, some would be freed. It might be necessary to post a bond with a surety company to do so.

While waiting for an estate to be settled, the heirs are entitled to request an audit to determine as closely as possible what the proceeds might be once all claims are paid. Nothing prevents heirs from asking the tax department to speed review of the estate once a return is filed.

Occasionally, in the case of larger estates, it is advantageous to keep them open. This is but one of many reasons why it is important to choose experienced lawyers, executors and trustees.

DAILY NEWSPAPERS SELL FOOD FROM FARM TO FAMILY

THE FOOD INDUSTRY, biggest business in all the world, depends on the daily newspaper to help it move its many thousands of different items off grocers' shelves. In 1958 consumers spent a record \$79,000,000,000 for food—more than they spent for any other product.

Food processors use the daily newspaper to keep consumers constantly aware of the brand names that appear on their packages and containers. They rely on it as the most important medium to carry news of over 6,000 new products they announce every year. Because food is news, they naturally turn to the world's outstanding news medium.

On the local scene the daily newspaper plays an equally efficient and important role for food

distributors and retailers. For them the daily newspaper is an indispensable means of communication between them and the food-conscious housewife. It is indispensable because it generates immediate results.

All along the vital food line, from growers and processors to the hungry consumer, the daily newspaper, with a record circulation of 58,605,000 copies, performs a gigantic task of moving this mass of goods. It moves all kinds of products because it sells them nationally and locally with dependable regularity.

THE TOTAL SELLING MEDIUM IS THE DAILY NEWSPAPER
