ON DECK — A handy man with a recruiting pitch is U. S. Navy Reserve Cmdr. Richard C. Fell, who convinced his own son to join the Navy. Fell, 2388 Renfrew, Sylvan Lake, swore in 18-year-old Charles yesterday. An assistant Pontiac Schools superintendent, Fell has been in the Navy for 24 years and is in charge of recruiting for the Reserves in the Pontiac area.

Division Expanding

New GM Plant for Pontiac

Work to Start Next Month on Large Facility

Machining, Assembly Operation Planned at North End of City

Pontiac Motor Division will add a new manufacturing plant to its already large facilities sprawling across a portion of the city's north end.

Plans to build a manufacturing plant covering more than 280,000 square feet were announced today by John Z. DeLorean, a General Motors vice president and division general manager.

DeLorean said the new plant would house machining and assembly operations of some of the chassis parts which are now being performed in both the engine and axle plants.

Ground for the new facility will be broken next month with completion scheduled in the fall of next year.

★ ★ ★

The new plant will be located on East Columbia just north of the frame plant and west of the newly erected service parts warehouse.

MAJOR STEP

"This is another major step in our long-range planning which centers on the future growth of Pontiac in the Columbia Avenue area," DeLorean said.

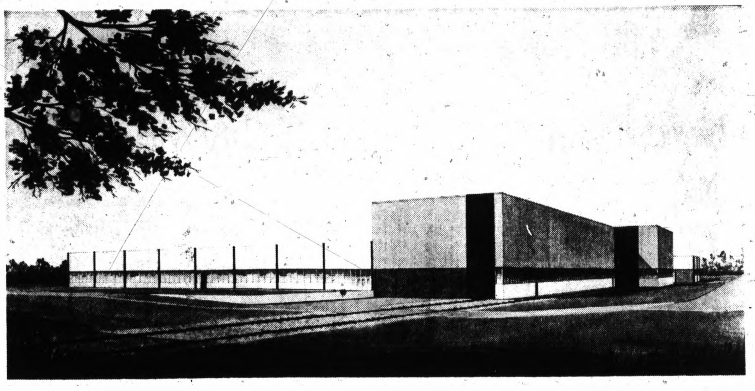

The new plant will be a modern one-story building and will include a partial mezzanine for lockers, washroom and cafeteria.

★ ★ ★

In addition to the installation of modern machining and assembly equipment, some of the operations currently conducted in other Pontiac manufacturing plants will be transferred to the chassis parts plant, allowing for expansion of the remaining operations in the other plants.

★ ★ ★

The new plant is designed as an expandable unit to allow for future growth potential.

New Pontiac Motor Manufacturing Plant Slated For The North End

GOP Leaders Favor Nixon as '68 Nominee

NEW YORK (AP)—Richard M. Nixon says he'd rather talk about a "civil war" among some Democrats than a survey which showed that many Republican state chairmen and national committeemen thought him the likely GOP presidential nominee in 1968.

The former vice president said the "civil war" is among friends of President Johnson, Vice President Humphrey and Sen. Robert F. Kennedy of New York.

Nixon, in Denver on a speaking tour, has declined to discuss "at this time" an Associated Press poll of GOP political pros predicting he will be the party's next candidate for president.

Nixon did not elaborate on the Democratic "civil war" statement, but said in a speech:

"Those birds are really flying out of Washington these days. Lyndon is flying all around the country trying to elect his Congress. Bobby is flying all around the country trying to elect delegates for 1968. Hubert is just flying around."

Of a total of 48 state chairmen and national committeemen expressing positive views, the poll showed 36 believe Nixon will win the nomination and 12 think it will go to Gov. George Romney of Michigan.

Romney declined comment on the survey, but Rep. Melvin R. Laird of Wisconsin, chairman of the House Republican Conference, said the governor would emerge as the leading candidate if he makes a good showing in his bid for reelection in November.

GI Makes Entry in Press Contest

Old newsboys never die — and apparently they don't fade away, either.

An airmail letter received yesterday at The Pontiac Press contained an entry in the annual Press football contest — from a Pontiac GI and ex-newspaperboy stationed with the U.S. Army in West Germany.

★ ★ ★

Spec. 4 Tom Upcott, 22, whose parents live at 1014 Durant, submitted his selections from Third Infantry Division headquarters in Wurzburg.

Tom's loyalty shows in his predictions — he picks the Pontiac Arrows to beat Flint Sept. 28 and backs his alma mater high school in the cross-town game against Pontiac Northern Nov. 18.

Ford Move on Exhaust Is Revealed

ANN ARBOR (AP) — The president of Ford Motor Co. says the firm is developing a battery-powered system for automobiles that could eliminate the problem of air pollution from car exhausts.

General Motors Corp., Chrysler Corp., and American Motors Corp., also are known to be

Related Story, Page A-2

working toward an electric power system or other means of propulsion.

Ford's Arjay R. Miller made his disclosure in a speech Thursday at the University of Michigan.

Miller was unavailable to newsmen today, but a Ford spokesman said it was safe to assume local transportation needs precluded use of battery power for long-distance trips in the next few years at least.

LI'L ONES

"Maybe just this once we could change our password to ice cream."

Back at Cape

Gemini Crew Gets a Heroes' Welcome

CAPE KENNEDY, Fla. (AP) — Grinning from ear to ear, the Gemini 11 astronauts came back to Cape Kennedy today and thanked the launch crews for the perfect lift-off that enabled them to achieve their remarkable, record-shattering space flight.

Navy Cmdr. Charles Conrad Jr. and Navy Lt. Cmdr. Richard F. Gordon Jr. landed here in separate helicopters at 9:53 a.m. after a two-hour trip from the carrier Guam, 160 miles offshore.

As they bounded to the ground, wearing blue flight suits, the astronauts were greeted by a 12-foot banner that read: "Welcome back Pete and Dick." Another read: "Even the roaches in the trailer are glad you're back."

A group of about 200 National Aeronautics and Space Administration, Defense Department and industry people and newsmen welcomed America's newest space heroes on their return to land. The public is not permitted in the cape landing strip area.

★ ★ ★

Conrad told the applauding crowd:

CARRIED BALL

"I sure can't say enough about the performance of the Titan 2, the Atlas, the Agena and the Gemini. They really carried the ball for us."

★ ★ ★

Gordon then stepped to the microphone and said:

"It was an absolutely fantastic flight. The perfect launching made possible the M equals one — the first-orbit rendezvous. It was phenomenal, really a lot of fun. Thank you, for all the help you've given us."

Gordon is being promoted from lieutenant commander to commander in the Navy, the White House announced today.

Conrad won't get a promotion. He received one last year for his Gemini 5 flight.

Parents, Students to Scan School Dropout Problem

Young people and their parents will take a hard look at the school dropout problem at a day-long conference sponsored by the United Auto Workers here tomorrow.

The free parent-youth conference will begin at 9 a.m. at the Pontiac Motor Div. Local 653 Hall, 990 Joslyn, with registration scheduled to begin at 8:30 a.m.

Cooperating with the local's education committee in sponsoring the program is the education department of the international union and the union's regional office.

A film entitled "I Never Went Back" will be shown at the conference. Other features scheduled are a panel discussion, question-and-answer period and discussion groups.

Participants will include Arnold Embree, director of pupil personnel for the Pontiac School System; Merrill Walls, manager of the Pontiac office of the Michigan Employment Security Commission; and Edward P. Revis, assistant director of the Pontiac Office of Economic Opportunity center.

PARTICIPANTS

Others are Ken Morris, co-director of UAW Region 1, and Bill Hardy, education technician of the international union.

Following the morning session, a free luncheon will be served at noon. Afternoon sessions will end at 4 p.m. and be followed by a social period.

Area Is Not Likely to Lose Its Cool

Temperatures will continue cool over the weekend but Monday or Tuesday will be somewhat warmer.

For the next five days the mercury will hover around a high in the 70s and a low near 50.

The U.S. Weather Bureau day by day forecast reads like this:

FRIDAY — Sunny and cool today, highs 65 to 72. Partly cloudy and cool tonight, lows 38 to 46. Winds variable 5 to 15 miles.

SATURDAY — Mostly cloudy and cool with chance of some rain extreme southern portions, highs 64 to 70.

SUNDAY—Partly cloudy with no important change in temperatures. Precipitation probabilities less than 5 per cent.

Pontiac Press Photo

MEXICAN OBSERVANCE — Robert J. Slingerlend, D-Lake Orion, (second from right) displays a State Legislature resolution saluting Michigan's Mexican Americans on their observance of Independence Day today following a Mexican Flag raising ceremony at the Oakland County Courthouse. Looking on (from left) are Delos Hamlin, chairman of the County Board of Supervisors; Olga Moran of Pontiac, state queen of the Latin Americans Unified for Political Action (LAUPA); and Tom Chavez, president of the Pontiac LAUPA organization.

On Taubman Plan

Enthusiasm Is the Word

There is an enthusiastic interest in revitalizing downtown Pontiac.

This was the one obvious conclusion to emerge from the announcement earlier this week of a possible $40-million shopping center for downtown Pontiac.

Numerous merchants and local businessmen back the proposal of Oak Park developer A. Alfred Taubman.

The prospects of getting brick and mortar going up on the city's vacant urban renewal land particularly appealed to downtown businessmen.

Downtown merchant Monroe M. Osmun of Osmun's Men's Wear, 51 N. Saginaw, enthusiastically supported Taubman's plans for an enclosed mall-type shopping center.

"I think it's terrific," said Osmun. "It's what we've been after for three or four years. I can't understand why people would oppose it."

"I'm in favor of moving, and I think we must move," commented Robert R. Eldred, executive vice president of Community National Bank of Pontiac.

"Taubman has the capability to move, if anyone has," added Eldred.

Pontiac Motor Division General Manager John Z. DeLorean also appeared in favor of action.

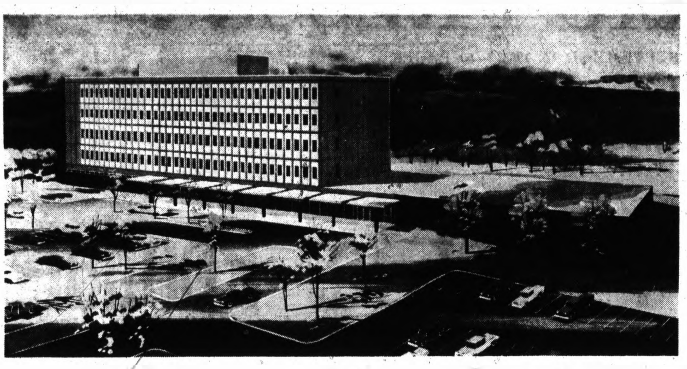

RIGHT DIRECTION

Said DeLorean, "Certainly, the (Taubman) proposal is out of the dream stage and is a step in the right direction. It seems to be well conceived architecturally and financially. We hope fruition of the plan is not too far off."

Pontiac realtor Bruce J. Annett said, "I was very much impressed and, as of now, it's the only real solution to downtown."

Myer Simons of Simms Broth-

SCHOOLS HEADQUARTERS — The Oakland Schools Board of Education has approved plans for this $2.5-million structure to be built in the Oakland County Service Center between Telegraph and Pontiac Lake roads. The five-story headquarters, due to be completed by Aug. 31, 1968, was designed by Denyes Associates Inc. of Pontiac. Construction of the building, shown here in an architect's rendering, will be financed through a 25-mill property tax.

Police Guard Grenada Pupils

GRENADA, Miss. (AP) — Negro pupils marched to two newly desegregated schools without incident here today under the watchful eye of Mississippi highway patrolmen.

Officers barricaded a two-block area around the schools and turned away all but students and parents.

* * *

The patrolmen today were in regular uniform in contrast to the riot dress they wore earlier in the week after Negro students were attacked by angry whites.

Newsmen counted 149 Negroes entering the two schools but it was not apparent how many white pupils were in attendance. No white spectators were in sight.

CLASSES SUSPENDED

Classes were suspended Thursday while U.S. District Judge Claude Clayton heard newsmen and others tell of white persons, some with ax handles, beating Negro pupils.

Judge Clayton continues the hearing today at Oxford.

* * *

The Justice Department asked for the hearing after whites turned on Negro students and newsmen when classes were desegregated Monday and Tuesday.

A detail of 200 state officers, mostly riot trained highway patrolmen, remain on duty in Grenada, 45 miles south of Oxford.

CHURCH RALLY

At a rally Thursday night in the Bell Flower Church, Hosea Williams, a lieutenant in the Southern Christian Leadership Conference, said Dr. Martin Luther King Jr., would come to Grenada next week, probably Monday or Tuesday.

In Thursday's hearing some Negro parents said their children would have been killed if they had left cars which had pulled up in front of Grenada schools Monday.

Pontiac Press Photo

REMNANTS OF THE PAST—F. H. Heineman, general manager of Swanson Associates of Bloomfield Hills, checks over the old bell and cupola which were removed this week from Swanson's old offices on Long Lake Road. The offices, which have been housed in the old Circle school, are being moved into a new building soon. The 100-year-old bell will be used as an historical marker and the cupola will be given to the Oakland County Historical Society.

Jury Convicts Area Motorist

White Lake Township Man Is Found Guilty

An Oakland County Circuit Court jury yesterday afternoon found a White Lake Township man guilty of manslaughter in the traffic death of a teen-ager three months ago.

The jury deliberated 45 minutes before returning the verdict against Gerald L. Grayden, 22, of 898 Mallock, following his two-day trial.

Grayden was the driver of a car that forced another off Cooley Lake Road near Canton in Commerce Township. The car smashed into a tree.

Fatally injured in the June 20 accident was Gerald A. Major, 16, of 2710 Jackson, Highland Township.

Major was one of two passengers in the car driven by Ray Johnston III, 18, of 890 Farnsworth, White Lake Township.

SEEKING TREATMENT

Johnston was taking Major to the hospital for treatment of a cut arm he suffered in an earlier encounter with Grayden and two other youths.

Grayden, who along with his companions had been drinking before the incident, did not stop when the Johnston car hit the tree.

tree. Grayden was arrested two days later by detectives from the Sheriff's Office.

The cars had reached speeds of about 90 miles an hour just before Johnston's auto went off the road, according to testimony.

Grayden will be sentenced Oct. 4 at 9 a.m. by Judge Frederick C. Ziem. A manslaughter conviction can bring a prison term of up to 15 years.

Marcos Owes Life to City Man

Silvestre T. Yapo of Pontiac didn't know it at the time, but when he rescued a drowning boy some 40 years ago he played a role in shaping world history.

* * *

Had Yapo and a schoolmate not been around at just the right time, President Ferdinand Marcos of the Philippines wouldn't be around at all.

Marcos has Yapo to thank for his life in pulling him from the water, and his gratitude will be reaffirmed Monday when he arrives at the University of Michigan during his two-week visit to the United States.

A special invitation has been received by Yapo, 51, of 945 Voorheis, to attend a luncheon in Marcos' honor.

* * *

It's been 19 years since Yapo last saw Marcos, then a practicing attorney in Manila.

LAST MEETING

It was on that occasion in 1947 that Marcos first learned that it was Yapo who had saved him. A mutual friend introduced them and during the conversation the rescue came to light.

* * *

"Five seconds more and it would have been too late," said Yapo as he told how he and a friend, Eladio Lopez, pulled the unconscious Marcos from a river flowing through their native city of Batac on Luzon Island.

"We were walking along the river during a recess from school, when we saw bubbles on the surface and then saw him struggling," said Yapo, a maintenance man at General Motors Truck & Coach Division since arriving in Pontiac from Hawaii 16 years ago.

"He revived right after we got him out of the water, and it was a good thing, because we didn't know anything about artificial respiration," added Yapo.

* * *

"He had a stomach full of water and was crying," Yapo recalled.

YOUNG BOY

"He must have been only eight or nine at the time."

Yapo said he didn't see Marcos again until their chance meeting in 1947, when he returned to his native homeland for a visit.

* * *

Yapo left the Philippines in 1932 to live in Hawaii.

"I'm looking forward to meeting him again," said Yapo, "and to see if he remembers that when I saw him last I predicted that someday he would be president."

OCC Workers Go on Strike

Oakland Community College maintenance and custodial employes went on strike this morning following a breakdown in contract negotiations yesterday afternoon.

Picket lines were set up at the Auburn Hills and Highland Lakes campuses as well as at the administration building in Bloomfield Hills.

A five-cent difference on a wage package separates the employes and management from reaching agreement, according to Charles W. Anderson chairman of the negotiating team for the American Federation of State, County and Municipal Employes.

Anderson said the majority of the 38 employes involved rejected a contract at a Wednesday night meeting.

James W. Hobson, OCC treasurer, said college negotiators had "reached the limit we feel we can offer."

* * *

"The college has offered an economic package which exceeds the level of similar positions in comparable organizations," he said.

Zambia's Not Out of Britain Talks Yet

LONDON (AP) — Commonwealth diplomats watched today for an indication President Kenneth D. Kaunda intends to lead Zambia out of the 23-nation organization over its handling of of the Rhodesian crisis.

Kaunda said before the opening of the Commonwealth conference that his country's delegation would walk out if Zambia's demands on Rhodesia were not met. They weren't, but Zambia remained represented to the end of the 10 day conference Thursday.

However, Foreign Minister Simon Kapwepwe returned to Lusaka, the Zambian capital, maintaining that British Prime Minister Harold Wilson is a "a racialist and an imperialist" out to preserve white domination over Rhodesia's 4 million black Africans.

Birmingham Area News

Option Taken on Land for Elementary School

BIRMINGHAM—The board of education has taken an option on property near Fromm Drive in the southwestern part of the district, anticipating the need for a new elementary school in the area.

The decision to purchase the property will depend on whether voters approve a $9.8 million bond issue in the special referendum Oct. 6.

The property is located north of Thirteen Mile between Lahser and Telegraph.

The board of education meeting, originally scheduled for Tuesday, has been postponed until 8 p.m. Sept. 27.

* * *

Schools Supt. Dr. John B. Smith will be participating in the 37th annual convention of the Michigan Association of School Administrators to be held Sunday through Tuesday on Mackinac Island.

* * *

First rehearsal of the Birmingham University Chorus under the direction of John Dovaras will be held Tuesday at the Northminster Presbyterian Church, Troy.

SPONSORS

The mixed choral group is sponsored by the Division of Continuing Education at Oakland University.

Numbering up to 150 voices, the group receives training in vocal and choral techniques and specializes in singing master choral works.

* * *

The 16th annual antique show and sale, sponsored by the Piety Hill Chapter of the Daughters of the American Revolution, is being held at the Birmingham Community House through tomorrow.

* * *

The show is open from 1 to 10 p.m. today and from 1 to 6 p.m. tomorrow.

FURTHER INTERESTS

Proceeds from the show enable Piety Hill Chapter to further its interests in educational, historical and patriotic projects.

OU Parley to Air Impact of Federal Funds on Safety

The impact of federal funds on local traffic safety programs will be a principal topic of discussion Monday at the first of Gov. Romney's annual series of safety conferences.

The day-long meeting, to be held at Oakland University, will also include workshop sessions in specific areas such as motorcycle regulations, driver licensing and new trucking laws.

* * *

Scheduled to speak to the group on federal traffic monies is an as yet unnamed representative of the U.S. Secretary of Commerce.

Citizens wishing to express opinions or obtain information have been invited to the conference along with law enforcement and government officials area.

Dem Office Being Opened

Grand opening ceremonies of a new Democratic headquarters in Rochester will be held at 7 p.m. today, with a parade along Main Street kicking off the event.

The new office located at Walnut and Fourth, will serve the townships of Avon, Oakland and Orion, and the Auburn Heights area.

Among the guests attending the opening will be Mrs. G. Mennen Williams, appearing in behalf of her husband who is the candidate for U. S. Senate; William H. Merrill, congressional candidate from the 18th District; and State Rep. Robert Slingerlend of Lake Orion.

Refreshments will be served during the program.

* * *

The headquarters will be open six days a week, noon to 6 p.m. Monday through Thursday; noon to 9 p.m. Friday; and 10 a.m. to 5 p.m. on Saturday.

Enthusiasm's the Word

(Continued From Page One)

ers Inc., 98 N. Saginaw, said he had mixed feelings on the Taubman project, but indicated he didn't want anything to slow the process of rejuvenating the city's center.

* * *

"My first impression is that things cannot get worse, they have to get better," said Simons.

GET TOGETHER

William Dickinson of Dickinson's Men's Wear, 31 N. Saginaw, thought both sides should definitely get together. Dickinson referred to the plans for the total city unveiled Monday by the University of Detroit School of Architecture.

He added that he didn't like the idea of closing the Auburn-Orchard Lake crossover.

The Taubman center would begin, according to tentative plans, just south of Lawrence and extend southward to a point where the east and west legs of Wide Track meet.

City officials, who have generally indicated support for Taubman's plans, have been most impressed with the interest in downtown redevelopment.

OVERFLOW CROWD

An overflow crowd of nearly 500 persons heard a presentation of the Taubman proposal at a luncheon last Tuesday.

* * *

Because of this turnout, the City Commission plans to move its Sept. 27 meeting from City Hall to the Oakland County Courthouse auditorium.

Sept. 27 is the date set for a public hearing on the proposed contract between Taubman and the city.

Hanger Chosen for Committee

Pontiac Police Chief William K. Hanger has been selected to serve on the police personnel committee of the Michigan Association of Chiefs of Police.

He was named to a one-year term on the committee by association president Arthur E. Lowers, chief of police in Grosse Pointe Park.

Hope Dims for Crew of W. German Sub

HAMBURG, Germany (AP) — Rescuers today abandoned virtually all hope for 12 crewmen from the sunken West German submarine Hai (Shark) as high seas hindered search efforts in the North Sea.

* * *

"There is not much hope that we will recover any more survivors," a navy spokesman said last night. Only one member of the 20-man crew has been rescued. Six bodies were recovered yesterday and a seventh was picked up today by a fishing boat.

NATIONAL WEATHER—Scattered showers are forecast tonight for the Plains states, Mississippi Valley, sections of the Gulf Coast and along the northern Pacific Coast. It will continue to be cool east of the Mississippi and moderate in the West.

Workable Program Officially Approved

City officials have received word that Pontiac's workable program for community improvement has been recertified.

The workable program is necessary for various forms of federal aid. It must be recertified annually.

* * *

After a six-month wait, the city had received unofficial word last week that the document had been recertified.

* * *

City officials are to pick up the document today while they are in Chicago for a conference with Housing and Urban Development officials on the Taubman proposal for downtown redevelopment.

DAV Flower Sale This Weekend

The annual Forget - Me - Not flower sale, organized by Disabled American Veterans Chapter 16 and 101, is being held today and Saturday throughout the Pontiac area and in the shopping centers.

The proceeds from the sale are used to aid Pontiac disabled veterans in times of financial need and illness.

The flowers are made by hospitalized veterans.

Accent Is on Safety

Ford Division's 1967 Models Unveiled

DETROIT (AP) — The accent was on safety as Ford Motor Co. today joined the parade of auto companies which have unveiled their 1967 models at press previews.

More than 200 newsmen saw Ford Division's new Mustangs, Fords and Thunderbirds at a national press preview in suburban Royal Oak.

Donald N. Frey, Ford vice president and general manager of Ford. Division, took note of the fact that the Mustang will be challenged this year by two sporty new entries, Chevrolet's Camaro and Lincoln-Mercury's Cougar.

Ford, still pushing "better ideas," today took the wraps off the division's five car lines for the 1967 model year.

The five — Ford, Fairlane, Mustang, Thunderbird, and Falcon — may be seen Sept. 30 at the following Pontiac area dealers:

Beattie Motor Sales, 5806 Dixie, Waterford Township; Jerome - Ferguson Inc., 215 Main, Rochester; John McAuliffe Ford Inc., 630 Oakland; Tom Bohr Inc., South Milford Road, Milford; Shuman Ford Sales, Inc., 209 E. Walled Lake, Walled Lake; Skalnek Ford, 941 S. Lapeer, Orion Township; and Harold Turner Ford, 484 S. Woodward, Birmingham.

"With the 1967 Ford, we will offer the new car buyer smart, fresh styling as well as advance mechanical and body refinements," said M. S. McLaughlin, Ford Division general marketing manager.

The new Ford is three inches longer than last year's model. The "fastback" look has been extended to nearly all models, excepting only convertibles, station wagons and four-door hardtops.

Safety features include an impact-absorbing steering wheel, padded windshield pillars and a remote - control outside - view mirror.

Fairlane, after reportedly running 37 per cent ahead of 1965 sales figures, features a new recessed grille and redesigned side panel trim.

Engineering refinements include new valve train design on V-8 engine. The competition-bred eight-cylinder engine with four- or eight-barrel carburetion is available in two-door sedans and hardtops except "GT" models.

* * *

A four-door model will be added to the 1967 Thunderbird line, according to Donald N. Frey, Ford Division general manager.

THUNDERBIRD SHARE

The change will be aimed at "substantially increasing Thunderbird's share of the personal luxury-car market," he said.

Rear decks have been shortened on the Thunderbird, while the traditional canted roof lines have been retained.

Mustang, according to Frey, has been newly styled for the first time since its introduction in April 1964.

* * *

The body is nearly three inches wider and two inches longer than previous models, with rear-end styling featuring a new concave rear panel.

NEW ADDITION

Engine selections for 1967 have been bolstered with the addition of a new 320-horsepower V8.

CHANGED MUSTANG — The "first major changes" in Mustang styling since introduction of the car in April of 1964 can be seen in the 1967 model announced today. The car is wider and longer than in previous years. Mustang, along with Ford's four other model lines, was officially introduced today.

Says Angry Representative

'Let's Not Be Found Dead in France'

WASHINGTON (AP)—The House Armed Services Committee chairman, irked by French demands for U.S. military withdrawal, says perhaps the 60,501 American soldiers buried in France should be removed, too.

Rep. Mendel Rivers, D-S.C., added his angry comment Thursday to a subcommittee report recommending that France pay removal and replacement costs of U. S. facilities which are being withdrawn under order of French President Charles de Gaulle.

★ ★ ★

In other developments:

The Belgium foreign ministry reported it will cost $43 million to transfer the North Atlantic Treaty Organization military headquarters from France to Belgium.

ADVANCE PAYMENT

Treasury Secretary Henry H. Fowler announced that France has made an advance payment of $70.8 million on its post-World War II debt to the United States.

U.S. officials cautioned that if American troops are withdrawn from Europe in substantial numbers, no Western European country appears ready to take up the slack. This, they said, could give the Soviet Union an opportunity to take advantage of Western weakness.

★ ★ ★

Rivers declared that U.S. "generosity and good will are being rewarded by the ingratitude of President de Gaulle and the government of France."

He said 60,501 "American men lie in French cemeteries after giving their lives to save that nation from a disgraceful defeat."

"Perhaps we should make our removal from French soil complete by reinterring the bodies of these American men on American soil," Rivers said.

Votes to Bar China Entry in U.N. Seen

WASHINGTON (AP)—U.S. officials are reported confident they have enough votes to again block an anticipated move to admit Communist China to the United Nations.

The officials, who refused to be named, said Thursday they expect the same group of countries to resubmit in the U.N. session beginning Tuesday the so-called Albanian proposal which would admit Red China in place of Nationalist China.

★ ★ ★

The vote on the proposal, which needs a two-thirds majority, was 47 to 47 last year. Officials predicted a vote this fall at least as strong as last year's against giving Peking a seat.

In other Asian developments Thursday:

Officials in Washington said although the South Viet Nam election so far has resulted in no discernable effect on the military situation, its success indicates more stability in the country's political institutions that could be predicted months ago.

Secretary of State Dean Rusk compared Communist efforts in Southeast Asia with Hitler's in Europe before World War II. Noting that "there were people who thought Hitler would be satisfied with just one more bite," he said U.S. firmness is needed in the Far East because "we dare not let aggression move beyond control."

Road Proposal Hearing Held

Would Serve as Link Between I-696, M59

A proposed new highway between I-696 and M59 was billed as a "means to a prosperous future" for the western Oakland County area last night at a public hearing held by the Michigan State Highway Department.

* * *

Representatives of the Highway Department explained the future route, to be known as M275, to more than 200 persons attending the hearing at Walled Lake High School.

Public hearings director John Knecht pointed out that the highway will "offer an opportunity for economic development" of the area and is the first of many sections of a new highway system in the Toledo to Saginaw corridor.

First to be constructed is an extension of Northwestern Highway from Telegraph to the M275 site west of Haggerty at Oakley Park. From this point, the two will merge and connect with M59 near Bogie Lake Road.

Plans call for construction to start in 1972. Knecht said it should be open to traffic in late 1974.

HAVE TO WAIT

The rest, from Oakley Park south to I-696, will have to wait until the Highway Department has the money, said Knecht.

Right of way plans are to be complete for the first section by 1970, Knecht said, and acquisition is to begin shortly thereafter.

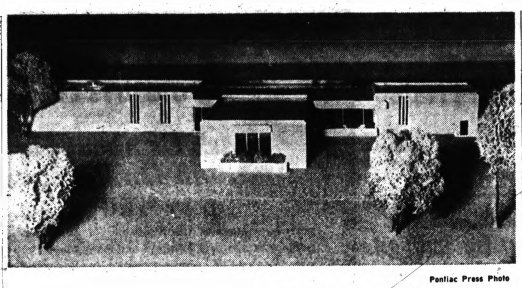

Following the explanations, citizens were given an opportunity to express their views and ask questions.

* * *

Only about five persons had questions or comments. Paul VanRoekel, Oakland County Highway Engineer, expressed his department's support of the new freeway.

He said the road commission has been aware for years of the need for a highway in the corridor but did not have the funds or resources to build one.

A second hearing will be held Oct. 13 at North Farmington High School.

Pontiac Press Photo

FUTURE CITY HALL — Walled Lake city officials are trying to reduce the costs of the proposed new municipal building before they award contracts. A second set of bids taken this week were higher than those previously received so the architect is to meet with the lowest bidders and attempt to reduce costs. The proposed building will house city offices, court, police, fire and library departments.

Area News

Teachers' Group in Utica Hits New Recess Practice

UTICA — So far there's been no election for sole bargaining representative of the Utica teachers, despite last year's state ruling.

This is a fact that is quite evident to the Board of Education — having been brought before the State Labor Mediation Board last spring on a charge of unfair labor practices.

The charge was lodged by the Utica Federation of Teachers.

The charge led to the board's being required to post a 60-day cease and desist order, thereby postponing the bargaining agent election again.

Now the UFT, which says it last year had a membership of 70 to 75 teachers and which is currently conducting a membership drive, has issued a communication to all elementary teachers asking whether the board is "pursuing a policy of regression rather than progression" in reducing the number of recess periods.

The UFT's George Glinke contends, "This denial of the recess period affects both students and teachers. When students are not provided the opportunity to release their pent-up energies the results are that students are not fresh and alert in the classroom.

"Teaching under this kind of restricted condition precludes realistic learning experiences for our students."

"The UFT is also disturbed," Glinke added, "because the voice of the most concerned party — the teacher — was ignored."

Schools Supt. Philip Runkel issued a statement clarifying his stand on the recess procedure, and while Utica's in-session time requirements were not mentioned in the statement, it is understood that they have a lot to do with the new recess procedure.

REGULAR RECESS

Said Runkel, "All our elementary classes will receive a regular 15-minute recess in the morning or afternoon.

"They will also receive approximately 25 minutes of supervised physical education during the other half of the day. These, of course, are in addition to the regular noon lunch periods.

"This procedure has been adopted on the recommendation of our elementary physical education department because we felt it benefits the student more to have a daily supervised physical education program than just another 15-minute play period.

"Daily physical education periods will be planned and conducted by the physical education consultant with the assistance of the classroom teacher.

* * *

"Under this procedure teachers will still receive a break in their morning and afternoon teaching day by cooperating with fellow teachers in supervising these recesses and physical education programs."

He continued, "We hope that this improvement in our utilization of free time will add to the length and effectiveness of our instructional days."

The Utica School District has been hard hit by expanding population and enrollment, and as a consequence several schools have had to be operated on a half-day basis until new schools are completed.

Runkel says this rearrangement of the recess procedure has nothing to do with those schools however.

Board Adopts Record Budget

LAKE ORION — Lake Orion Board of Education this week adopted a record budget of $2,043,247 for the coming year.

Schools Supt. Lewis Mundy says the figure represents a $315,000 increase over last year's budget, with the largest portion going to staff salaries and an increased instructional budget.

Three new school buses are listed in the capital outlay program.

The budget breaks down to $1,521,953 for instruction; $62,205 for administration; $2,350 for health services; $122,122 for transportation; $209,633 for operation; $34,780 for maintenance; $54,125 for capital outlay; and $36,069 for fixed charges made up largely of insurance costs.

Lake Orion Schools recorded an even 4,600 students on the first day, an increase of 215 over last year.

AT CAPACITY

Mundy says that the district, while not engaged in a building program, is currently at capacity.

"Some relief will be needed in both elementary and secondary education areas," he said.

JACK KREINER

Soil Expert Gets Position in County

Soil Conservationist, Jack Kreiner, has been assigned to the Work Unit Office of the Oakland County Soil Conservation Service.

He will help soil conservation district cooperators develop basic soil and water conservation plans and assist them in applying good soil and water conservation practices.

* * *

Kreiner, a 1950 graduate of Michigan State University, has taught vocational agriculture, biology and physical science for nine years.

For the past two years, he served at the Adrian Work Unit Office.

Rochester Vote Tuesday

Cityhood Issue Heats Up

AVON TOWNSHIP — Next Tuesday's referendum for the incorporation of the village of Rochester was notable up to this week for its lack of opposition.

This week a meeting, which some township trustees say was not official and of which they were not informed, produced a list of objections to the village becoming a city.

While irritated by publication of the objections, Trustee Donald Campbell says he agrees in main with most of them.

Village Manager William Sinclair had nothing to say about the meeting, but a great deal about the list.

* * *

It appears that this third time around for the incorporation question, while a slow-starter, is once again embroiling the area in controversy.

STILL HOPEFUL

Village officials, who are backing the cityhood drive, still feel hopeful about the outcome.

Campbell reported the statement of objections came out of a meeting called Monday night and attended only by Township Supervisor Cyril Miller, Clerk Thelma Spencer, Treasurer Helen Allen, and Trustee William McCullough.

He says he, Trustee Wayne Holman and Trustee Clarence Shaw were not informed of the meeting, that records were not kept of attendance, and that in fact it was not an official meeting.

* * *

Campbell said, "I don't like to have them issuing statements for the township board without my being consulted. I'm pretty irked about it."

NOT REQUIRED

Nevertheless he agrees with the first point of the statement which says that residents of the village would in no case be required to help finance a township sewer system, since the Avon Township Board has refused to sign a contract with the Oakland County Department of Public Works that involves the village. The village operates and maintains its own system.

Sinclair refutes the township's ability to sign a contract not involving the village.

Says he, "If tap-in fees are not adequate (for the proposed Clinton-Oakland Sewer Interceptor) the township must spread an ad valorem tax.

* * *

"In an opinion rendered by our village bonding attorneys, the Detroit firm of Miller, Canfield, Paddock and Stone, the state law is quoted as giving no authority to levy more taxes than needed."

TAX SPREAD

Sinclair continued, "The township board has believed that it could spread such a tax heavily enough over the township so that money collected from village residents could be refunded. The opinion we have says they could not do that legally."

Sinclair further stated that at no time has anyone ever said that residents of a city do not have to pay county and school taxes, as charged in the township's second objection.

A statement to the effect that the village's assumption of Mount Avon Cemetery alone would use up that portion of the township tax now paid by village property owners was cited as "incongruous" by Sinclair.

According to the village manager at a meeting recently the township board voted to encourage industry for tax base purposes stating that it stood to lose 25 per cent of its base should the village incorporate.

VOWS TRUTH

Campbell contends that the board statement is true.

* * *

He says the village will gain only 1.35 mills equalized in tax should it incorporate, and that, he says, is just about equal to the cost of running the cemetery.

* * *

Sinclair says the Mount Avon cemetery yields a yearly income of $10,000 in grave openings and sales.

Of a township budget of $361,200, about $27,000 is used to maintain the cemetery, according to township figures.

Area Church to Mark 50th Anniversary

LAKE ORION — The Reorganized Church of Jesus Christ of Latter Day Saints will mark its 50th anniversary tomorrow and Sunday.

An open house is slated for 3 to 6 p.m. tomorrow. A fellowship service will be conducted at 9 a.m. Sunday with the morning anniversary service set for 10:30 a.m.

Duane E. Couey of Independence, Mo., high priest and a member of the First Presidency of the World Church, will be principal speaker. E. E. Jennings, high priest and president of the Detroit-International Stake, will be present.

Dinner will follow the service.

* * *

A special "Service of Recognition," honoring those who were charter members of the congregation in 1916 and former pastors, will take place at 7 p.m.

Wixom Meeting Open to Gripers

WIXOM — Residents wishing to speak at the "gripe session" with city officials Tuesday are not required to file a request with the city clerk.

Anyone may speak at the session as long as they identify themselves.

At Troy

It's Moving Day Today

TROY — It's moving day today in Troy.

Employes of the city will be packing and loading boxes of records, office equipment and furniture for the mile-and-a-half trek to new quarters.

The old city hall, built originally to house the Troy Township government, has housed city employes since incorporation of the area in June of 1955, the last six years in cramped condition.

Since incorporation the staff has grown from 15 to 63, according to Deputy Clerk Frances Teasdale.

* * *

Employes go to a brand new building, completely air-conditioned, located on 16 Mile Road between Livernois and I-75.

ALL OFFICES

The $695,000 structure will house all of the administrative offices in the old city hall, plus the police and fire departments and the municipal court including the judge's chambers.

New phone numbers for Troy services go into effect at 10 a.m. Sunday. The police and fire departments will be reached at 689-4455, and the city hall on Monday morning will answer to 689-4900.

The new building, which covers 30,000 square feet is planned for eventual expansion to about double its size.

* * *

Ground was broken for the new edifice in May of 1965.

FIRST MEETING

The first Troy Commission meeting in the new building is slated for 7:30 p.m. Monday in the new Commission chambers.

Said Mrs. Teasdale, long-time employe of the city, "it's going to seem sad leaving the old building. It's seen a lot."

* * *

City Manager Paul York says future use of the old building has not yet been determined, but that there are several ideas now being discussed.

New Vicar Is Appointed

St. Alfred's Episcopal Church of Lake Orion and Oxford has appointed Rev. Merrill D. Liller, former deacon of Detroit St. Mark's, as its new vicar.

Rev. Mr. Liller replaces Rev. C. Douglas Simmons, who has accepted a position in Mexico City.

* * *

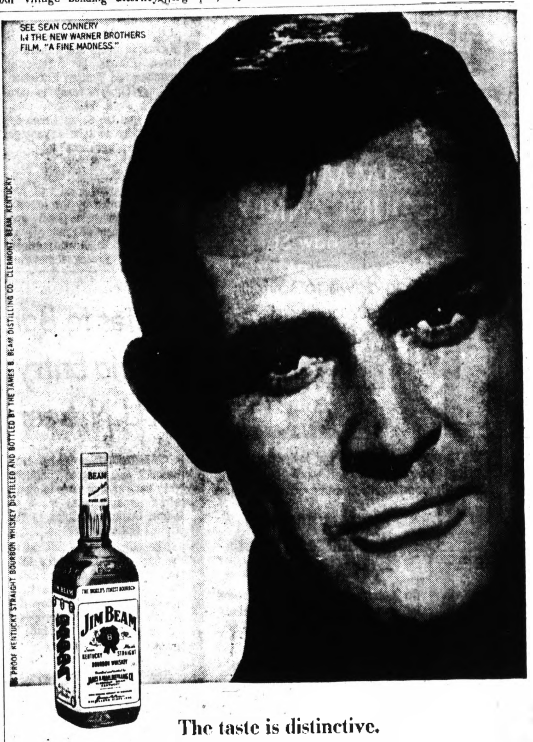

The church has started its regular fall schedule with Sunday morning worship and Sunday School at 11 a.m. Holy Communion will be the third Sunday of every month.

Rt. Rev. Archie H. Crowley, suffragan bishop of the Episcopal Diocese of Michigan, will be the celebrant at a special Holy Communion service at 11, a.m. Sunday, Oct. 9.

Woman's Death Linked to Drugs

WALLED LAKE — The body of Mrs. George Friend, 53, of Detroit was discovered in a parked car at 14 Mile and Decker at 1 p.m. yesterday by Walled Lake Police Chief Leland Pratt while on patrol.

Cause of death is listed as an overdose of drugs.

The taste is distinctive.
The man is Sean Connery.
The Bourbon is JIM BEAM.

Viet Nam Election a Good Beginning

One election does not a democracy make, nor does a constitutional convention guarantee the emergence of a stable, self-governing nation.

All things considered, however, the election in South Viet Nam appears to have been a step in the right direction.

Some of the positive things to be considered include the facts that:

● At least 70 per cent of the nation's registered voters cast ballots.

● They voted despite threats of retaliation from the Communist Viet Cong, in some cases walking to the polls while government troops skirmished with guerrillas only yards away.

● No skullduggery at the polling places was reported, nor was government muscle used to make the people vote.

★ ★ ★

While on the negative side, it must be acknowledged that:

● The total number of registered voters constituted only two thirds of the population over 18, so that the vote was really a percentage of a percentage — actually, about half the nation's adults.

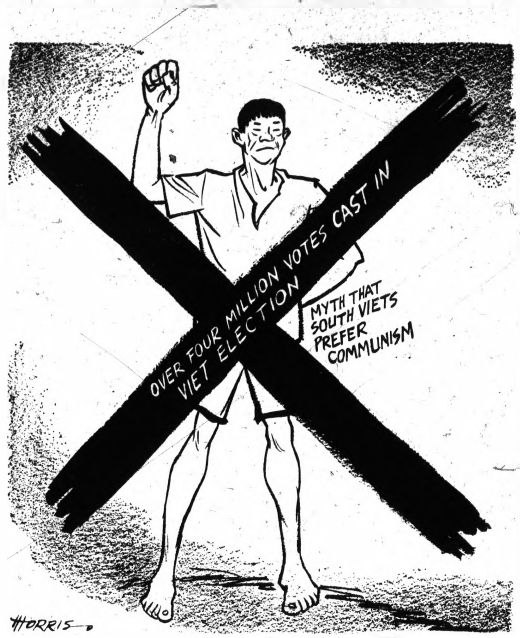

● Communists and proneutralists were not permitted to run, so that anyone desiring to vote anti-Saigon was denied the privilege.

● Government pressure need not have been overt to have exercised a considerable influence on the peasantry, especially in army occupied hamlets.

Nevertheless, considering where and under what circumstances it took place, the Vietnamese election was a significant and encouraging event.

Sometime early next year—if the military junta behaves itself and if the constitutional convention does not attempt to set itself up as a directorate and if half a dozen other ifs do not conspire to prevent it — the people will be offered a constitution and a slate of candidates for a representative assembly.

Perhaps the Vietnamese may not be ready for democracy. But their mass turnout at the polls, despite all the factors operating against it, is impressive evidence that they are quite ready to start getting ready.

Crossed Out!

Costs of Higher Education Soaring Higher

A silent prayer is in order for all the parents who have to bear the costs of a college education. With about six million American boys and girls going to college and universities this fall compared with about 5½ million last year more families will be feeling the pinch.

In this affluent society, almost any qualified student who tries can make it to college. And for some parents the financial costs will be a real hardship.

★ ★ ★

As an example, tuition, fees, and room and board at Yale will average $3,000—up $200 from last year. Duke on the same basis is up from $2,197 to $2,297. Allegheny is up from $2,163 to $2,438 and Coe from $2,275 to $2,480.

These figures are not juggled or cooked. They represent a national trend. Tuition, room, and board are only part of the cost structure. Clothing comes high even in these days of conscious campus slouch. Carnaby St. mod stuff may not cost what jackets and slacks from a New Haven tailor will, but it isn't cheap.

And don't forget the special course fees, books, sports equipment, and personal spending. The U.S. Office of Education estimates extra expenses at an average of $700 to $800 per school year, and that sounds low.

Federally guaranteed loans for college have been facilitated by the Higher Education Act of 1965. This in a sense augments the National Defense Student Loan program of 1958. Under the latter act, about 968 thousand needy students have borrowed approximately $834 million to go to college.

Nearly half a million students at approximately 1,600 institutions will be able to borrow this year. More than $179 million is available. Students will be able to borrow up to $1,500 a year for up to six years of study, with the government paying the interest until the repayment period begins.

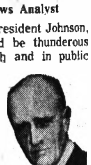

★ ★ ★

Students in our area are lucky and more fortunate than others to have Oakland University and the Community College. They can live at home and save a great portion of this huge expense.

LBJ's Popularity Shine Fading

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — For President Johnson, the happy condition would be thunderous applause both in the flesh and in public opinion polls.

MARLOW

In his recent trip to the East and Midwest, he found conditions heartening for a politician: big crowds, cheers, and a lot of handshaking, which seems important to him.

But, in the past month, two of the biggest polls showed a drop in general approval of Johnson. His standing in the polls slipped from 54 to 56 per cent in midsummer to 50 or 51 per cent.

November's congressional elections may be taken as another barometer of the public attitude toward him. But they should not be considered an absolute.

★ ★ ★

The present Democratic-run Congress of 1965-66, under Johnson's prodding, set a performance record in 1965 but did much less this year, partly because he had less influence this year.

A TOUGHER JOB?

If the Democrats suffer big losses in November — Republicans predict a gain of 40 to 50 House seats — Johnson will have an even tougher job of getting his programs through in 1967 and 1968.

Big Republican gains would be interpreted by some, particularly Republicans, as a loss of confidence in Johnson. This would not be necessarily so, for a couple of reasons.

The in-party traditionally loses some seats in an off-year election like this one. And then there are the cases of Presidents Dwight D. Eisenhower and Harry S. Truman.

★ ★ ★

For six of Eisenhower's eight White House years, the voters gave the Democrats control of Congress while overwhelmingly endorsing Eisenhower and giving him two terms.

ASSUMED CONTROL

In 1946, seventeen months after Truman succeeded to the presidency, the Republicans won control of Congress for the first time since the early 1930s. Then, in 1948, the voters elected Truman over New York's Thomas E. Dewey.

The polls indicated dwindling confidence in Johnson in such fields as civil rights, the economy, and labor-management relations. Apparently he still has public support on the war in Viet Nam.

Thus his trouble seems to be in handling domestic problems. But there may be another reason for loss of confidence not disclosed in the polls: a public feeling, not necessarily conscious, that Johnson has lost his zip.

★ ★ ★

He has not displayed in 1966 the same bang-bang decisiveness and endless energy he showed in 1965.

If Johnson in 1965 gave the impression of dashing with great self-assurance through the labyrinths of office, this year he has often seemed like a man on tip-toe.

Voice of the People:

Dems and Republicans Approve Viet Elections

According to a recent article in The Press, Mr. William H. Merrill called Rep. William S. Broomfield a charlatan for making the statement he made with regard to South Viet Nam.

Mr. Broomfield has a lot of company, from the President on down, who wish to deal with a duly elected civilian government and have been prodding President Ky to elect same, so they would not have to deal with the Viet Cong and so they may show the Vietnamese people the U.S. wants to help a free South Viet Nam. President Johnson and his advisers believe by free elections we will see the end of the Viet Cong.

If Mr. Merrill does not, then he is opposed to his own party's policies.

A Compliment for Our Public Servants

The addition and improvements to the public parking lot adjacent to the Pontiac Police department and the City Hall prompt this expression of thanks to the City Engineering department.

In communities of the metropolitan area of Detroit, free parking adjoining municipal buildings is frequently absent. That our lot remains unmetered is a feather in the caps of this city's fathers.

Question and Answer

Where did the saying come from that "You can lead a horse to water but you can't make him drink?"

J. W. J.

REPLY

From John Heywood's "Proverbes," first printed in England in 1546. It originally said, "A man may well bring a horse to the water, but he cannot make him drinke without he will."

David Lawrence Says:

U.S. Ignoring Vow to Business

WASHINGTON — When an administration goes back on its word to American business and pulls the props out from under a program of modernization of equipment already in progress and for which hundreds of millions of dollars of stockholders' funds have already been committed, something serious is bound to happen to the national economy.

LAWRENCE

For how can any planning be undertaken and contracts made for two and three-year projects when the government suddenly refuses to honor its past pledges?

This is the situation confronting the country today by news that the President intends to pressure Congress to "suspend" the tax credit promised not as a temporary measure but as a permanent change in the American system of taxation.

It will mean, of course, the loss of many jobs to workers involved. It will also help foreign producers to grab more of the American market in such products as steel.

If the nation were face to face with a need for tax money and couldn't raise it in any other way, the durable-goods industries of America — which now are to be made the victims of a discriminatory tax measure — might be ready to bear the disappointment in silence.

But the government has not disclosed any plans to impose new taxes generally or to increase existing taxes on any other segment of the economy. It has singled out the businesses engaged in modernization or improvement of existing plant facilities.

The administration has plenty of alternatives to use, among them being a moderate increase in income-tax rates for both corporations and individuals. This means a uniformly-applied tax plan, instead of placing the burden on certain industries.

But even if there were need for some modification of any tax credits already written into existing law, the question is raised as to whether it is fair to apply such changes retroactively.

When excess-profits tax laws have been enacted in war-time, provision has been made to exempt any changes in plant capacity or production to which the taxpayer was committed "as evidenced by a contract, the expenditure of money in the commencement of the desired changes" or by factors that establish "the intent to make the changes."

When the investment tax credit went into effect in 1962, businessmen understood that this was to be permanent legislation based on the long-term needs of the country. They have been repeatedly assured since that time that this still remained the policy of the administration.

What will the steeel companies do now? They will just have to borrow more money to take care of the increased capital expense. This, of course, could put further strain on credit and add more heat to the economy, instead of cooling it off.

Bob Considine Says:

Ky's Flamboyance Isn't All It's Cracked Up to Be

SAIGON—People . . . places . . . things. . . .

Premier Ky isn't living up to his reputation for flamboyance these days.

CONSIDINE

At a reception given by U. S. Ambassador Lodge just before the elections, the head of the military government wore a rather drab gray business suit. He arrived in something less than a Klaxon-sounding, bulletproof limousine. He was riding in a Falcon.

We asked him to give a guess on how many Vietnamese would vote for constitutional assembly candidates known to be progovernment.

"I don't know," he said in his slow but correct English. "Some believe it may be as high as 75 per cent."

★ ★ ★

"That would be wonderful," an American friend enthused.

Ky looked at him with faint amusement.

"In China, the government would win by 100 per cent," he said.

Ambassador Lodge delightedly repeats Bob Hope's gag to the effect that Hope saw a man picketing the U. S. Embassy here carrying a placard reading Go Home, Lodge.

"I moved in for a closer look at the picket," Hope said, "and guess who it was? Lodge."

The ambassador's life is an arduous one, filled with complexities of war and peace, a daily drama played out among sensitive Vietnamese officials and VC's who would like to take a potshot at him.

But the former reporter-soldier-senator and vice presidential aspirant remains tall, trim and in excellent shape. He doesn't look half of his 64 years.

"I try to get in a swim each day," he told us, answering a question about his fitness. "It's the only exercise you can take in Viet Nam without sweating."

You'd think that the men fighting this war would be sick of war. But in a recent poll they informed the TV branch of the Armed Forces Network that they wanted to see more of "Combat."

★ ★ ★

So now "Combat" is rained down into their sets from the airborne broadcasting plane that is the beginning of Viet Nam's television industry.

The Better Half

Reviewing Other Editorial Pages

Criminal Brutality

The Muskegon Chronicle

How many more have been beaten and injured in the process of making arrests and in trying to quell riots? Over the past five years in this county alone more than 100 officers and deputies have been injured by physical assault.

This is criminal brutality — people brutality. It should be recognized and condemned. This country has been leaning over backward for the law-breaker, and he's never had it so good. We've gone overboard in his defense.

Full civil rights for the Negro will be secured only under, not outside the law. If law and reason prevail, they will be secured. Violence will not only delay that day — it could forever destroy the hope.

This newspaper is for civil rights.

It shares the overwhelming desire of white Americans to see that the Negro citizen achieves equality and is treated justly. In a number of fields he does not have equality. And he is the victim of injustices. We deplore this, and we support his efforts, and the work of thousands of right-thinking white Americans to see that he achieves and is protected.

★ ★ ★

Progress has come slowly, simply because it must. Laws cannot erase prejudice. Education can. But it must be footed solidly in the kind of understanding which can grow in an atmosphere of reason, restraint and cooperation. It will not happen overnight. It will not come as the result of demogogic rantings, of riots, looting, assault, arson or civil disobedience. And it will not come as a result of deliberately inflammatory protest marches.

The march has the potential for doing great disservice to the cause of Negro equality. It promises to inflame, not quiet, prejudice. And it would only serve to solidify racist bigots.

The rioting in downtown Muskegon was but a smaller cut from the same fabric of disorder which has wrapped Chicago, Cleveland and other points. The rioting here should have opened the eyes of responsible leadership, both white and Negro, to the explosive potentials of racial strife.

★ ★ ★

It had been hoped a meeting would serve as a stage for a calm town-meeting-of-minds on racial problems here. It erupted instead in heat, bitterness and shouting, and resulted in passage of a resolution opposing "police brutality." This newspaper abhors police brutality. It is our informed opinion, after both on-the-scene observation and investigation, that the officers involved in the Aug. 13 riot used no more force than was necessary to control the situation. They used laudable restraint.

★ ★ ★

It is high time something was said in defense of the policeman who is charged with the responsibility of protecting the public from crime and disorder at the daily risk of his life. We hear of police brutality, but who says anything about criminal brutality, except to condone, excuse or accept it? And what about cursing, punching, rock-and-brick-throwing rioters? Is this not people brutality?

The cry of police brutality has been unjust and greatly exaggerated. Our society sits back and listens to maudlin sympathy for the criminal and forgets about the innocent victims of our mobs and crimes.

And who thinks of the policeman, increasingly handcuffed in protection of our society, criticized for brutality, underpaid for his services, who puts his life on the line for our safety?

The newspaper shown carries a headline about the late President's grandfather, John F. (Honey Fitz) Fitzgerald..

Gas Well Drilling Worries State Officials

LANSING (AP)—A gas drilling permit recently issued by the Province of Ontario could "do great violence" to the water supplies of Detroit, Mount Clemens, Monroe and other communities, two Michigan officials allege.

John Vogt of the Public Health Department and Loring Oeming, executive secretary of the Michigan Water Resources Commission, protested the Canadian action in a letter to the International Joint Commission.

* * *

The permit, issued by Ontario's Department of Energy and Resources Management, allows gas well rilling on Fawn Island, on the Canadian side of the St. Clair River across from Marine City, Mich.

Vogt and Oeming wrote they had "very grave concern about the real prospects for pollution of the waters downstream from the well site." The possible polluting agents, they said, were oil and brine, which "do great violence to a water supply."

Steel Firm 'Gift' Blasted by Udall

CHICAGO (AP) — Interior Secretary Stewart L. Udall sharply criticized Thursday Bethlehem Steel Co.'s plan to fill part of Lake Michigan near its plant at the Burns Ditch Harbor in Indiana.

* * *

"Why is this company singled out for a gift of 333 acres?" he asked at a news conference.

The company plans to create 333 acres of land in the lake adjacent to its property. The site is close to the dunes park east of Gary, Ind.

To keep from drowning, Iroquois Indians carried miniature canoes as amulets.

Named to Post

LANSING (AP) — The State Board of Education has appointed Dr. Charles Blackman, professor of education at Michigan State University, chairman of the State Curriculum Planning Committee this year.

One of 160 crisp green reasons why Mrs. Diehr chose an electric dryer

A mountain of diapers talked Mrs. Diehr into wanting a clothes dryer. She considered the facts, decided on an electric dryer, and will save about $160 in the bargain. Here's how you can do the same.

Model for model, electric dryers cost up to $40 less than gas dryers. So you save right from the start.

And you keep on saving. There's no charge for *any* electrical repairs, or labor on an electric dryer, thanks to Edison's No-Charge service. So you don't have to worry about unexpected repair bills.

Can you get this kind of worry-free assurance with a gas dryer? Sure—with a manufacturer's repair service policy—but it will cost you up to $120 over the first five years of operation alone!

One thing more, Edison's No-Charge service applies even if you *don't* buy from Edison—so long as the dryer is electric and you get your electricity from Edison. *Remember, Edison offers the only no-charge service by a utility company in this area.*

So add it up. Up to $40 savings on initial cost, $120 savings with No-Charge service. A $160 total that looks good in any bank book.

And if you buy now, from a participating dealer, the low price of the electric dryer includes the cost of wiring, if any's needed.

Next time somebody starts bragging about pennies, do them a favor. Talk dollars. The *real* savings you get with an *electric* dryer.

EDISON

Problem of Intellectually Gifted Student Is Tackled in Oregon

ASHLAND, Ore. (AP) —The most brilliant high school students are sometimes bored because the work is too easy — and the most able teachers are often unable to provide them with creative, challenging assignments.

Oregon educators have long sought money from the legislature to establish special classes for intellectually gifted students, but without success.

* * *

New Southern Oregon College, in a $100,000 project financed by the U.S. Office of Education, has tackled the problem.

College administrators assembled 200 of the state's brightest junior and senior high school pupils on the Ashland campus this summer for six weeks of special training.

'PROMETHEUS'

"Project Prometheus," as the program was labeled, was designed to update high school education by strongly emphasizing modern problems. Students were exposed to challenging courses they can't get in high school.

Pupils chosen for the pilot session this summer were selected for proven ability—they came from the top one-half of one per cent of their classes, plus a few exceptions for pupils who had high intelligence but poor grades.

A general topic was chosen for each of the program's six weeks. This year pupils read, listened and spoke about technology and human values, racism, urbanization, aspirations of undeveloped countries, conflict between the individual and the state, and leadership in a multicultural world.

CHOSE CLASSES

Each pupil chose two of the fourteen classes available in the humanities, biological sciences and social sciences. Included in course offerings were Celtic and Gothic literature, Southeast Asia, history of China and Russian geography.

Robert Casebeer, assistant professor of English and admissions director at the college, directed the program. Teachers came from all over the country, Casebeer said, "because they were allowed to teach as they always wanted to teach."

* * *

The pupils, in filling out evaluation sheets and interviews, said they were highly pleased. They said the project gave them a new stimulus to learning, and opened windows to things they never knew existed.

* * *

The project is named after Prometheus, the mythical Greek god who stole fire from Mt. Olympus and gave it to man, thus becoming the patron of arts and sciences.

Youth Beat

THE NATIONAL REPORT ON WHAT'S HAPPENING

DON'T MISS OUT IN THE JOB HUNT: Because of kooky clothes — Millions of you will be looking for jobs this fall . . . a new job, a first job . . . part-time or full time. One of the chief things that people who do hiring notice is how you look. Put your best foot forward . . . starting with the crown of your head. **Hair** — not too long . . . for either girls or men. And GIRLS, **go easy on the makeup** — spare your future boss that sirenlike heavy eyeshadow, fluttering false eyelashes, sick-white lipstick. **Dress or skirts — should be business-like** . . . not too short (not too long) or too tight . . . and the same goes for sweaters. Don't come clanking in with pounds of jewelry . . . or flaunting textured stockings or tights. **Much of the same goes for MEN** — wear slacks, reasonably conservative ones . . . avoid tight hipster pants . . . and, anyway, wear a jacket over them and wear a tie. Since you dress to impress others, dress to impress employers that you're businesslike . . . when you go on that job interview.

★ ★ ★

COLLEGE, YES — MARRIAGE, NO: Does going to college influence your getting married — and vice versa? A great deal — the figures show — for men, and even more for girls. Today, a quarter of all students graduating from college are married . . . but four out of five of them are men . . . because married coeds tend to drop their courses or only attend part time. And, though more high school grooms than brides go on to college, marriage means the end of higher education for many of them. Among high school girls the most frequent age for marriage is 18 . . . among college graduates it's 22. So — like it or not — chances are that going to college will keep a girl an "old maid" for four more years.

★ ★ ★

PLAY IT SAFE: About personal safety—Too many unexpected and ugly things have been happening on the streets, not to be careful these darker fall and winter nights . . . especially—but not only—if you're a girl. **First and foremost rule always:** whether you're walking or driving in a car, **stick to well-lit streets** (statistics show light balks criminal attacks). When you park, **keep your car locked** . . . before you get in again, check that no one is hiding in the back seat. After getting in, lock the doors again and roll the windows up . . . stick to this—don't unroll or open them at traffic lights. Check, before driving at night, that your car is O.K.—that it won't stall, that your lights pick out things clearly, your horn works. **When you use a bus, wait at a stop near a light** and where other people are waiting. No matter where you are, don't go out of your way to attract attention, don't encourage strangers—either by the way you act or dress.

★ ★ ★

WILL LYNDA'S BEAU HIT BIG-TIME TV? "Class of '65", the Sept. 10, one-hour, variety show special, was beamed on the airwaves for **two reasons**—to showcase George Hamilton, Lynda Johnson's actor escort, and to present television's picture of what's happening in the college world today. If this new format, built around a collegiate musical, pulled a big audience, it **foreshadows a new television trend—away from the expiring rock 'n' roll musical to more sophisticated fare** . . . and it'll win a regular spot for young adult viewers on the 1967 net.

★ ★ ★

BAREFOOT IN THE CITY: An end of the summer survey shows **shoelessness continued to increase** — bare feet walked right in the middle of towns around summer resorts and near beaches . . . some young adults dispensed with shoes during supermarket shopping . . . But a **new barefoot bomb dropped** at the close of the summer when mid-teen girls showed up in the midtown streets and Grand Central railroad stations—"**barefoot**"—**in New York City.** YOUTHBEAT verified this—groups of girls carrying their shoes . . . looking rebellious but not too comfortable on dirty, hot pavements. Maybe it's a plot of hosiery manufacturers to wear out girls' stockings faster!

Wave Shortage Hits Surfers

By DICK KLEINER
West Coast Correspondent
Newspaper Enterprise Assn.

LOS ANGELES — Who would ever have believed the time would come when there would be a shortage of waves?

★ ★ ★

That's the biggest problem facing southern California's surfers. The waves keep rumbling in, rolling up in a blue-green swell and cresting with an inviting kiss of white water before crashing on the beaches. There would seem, to a casual wave-watcher, to be plenty of them.

But not to surfers. As beach after beach limits both the time and the area in which the surfboard set can frolic, the shortage of waves has become acute.

Now, on any of the better surfing beaches along the Pacific Coast, you can see surfers vying for position, competing for waves.

★ ★ ★

More and more people are taking up surfing — although some feel the surf flood tide has crested. But more and more limits are being set on when and where the surfers can practice their art. It's the law of supply and demand, operating in the water.

LIMITATION REASONS

The reason for the limitations is expressed simply by Seal Beach senior life guard Peter Kobzev:

"Surfers and swimmers do not mix."

Any beach that has a family trade — kids paddling about at the edge of the surf — cannot allow free surfing. A surfer who "wipes out" (falls off) lets loose a dangerous weapon—his board, about 30 pounds of tough polyurethane foam built around a wood core.

★ ★ ★

As the wave catches the board and tosses it about, it could and often has, make contact with a swimmer's head.

EQUAL RIGHTS

Surfers understand this and are sympathetic, but they feel they have a right to the ocean, too. And many are chafing under the restrictions. Most beaches have set aside a certain area for surfing, and then only at specified times.

Typical is San Clemente Beach in Orange County. There, surfers are only allowed a stretch of about 100 yards. Surfing hours are dawn to 10 a.m., and then from 5 p.m. to sunset. The rest of the day—and the rest of the beach—belongs to the swimmers.

Naturally, this means there are a lot of surfers concentrated in a small area, when the beach is open to surfing. Life guard Kobzev estimates that on a busy weekend, there are as many as 400 surfers crowded into Seal Beach's 100-yard-wide surfing area.

★ ★ ★

"The congestion makes for dangerous conditions," Kobzev says. "We may have to go after 12 kids on a busy day — cut heads and abrasions from being hit by a board."

CHALLENGING

The flavor of surfing is changing in southern California. It is no longer a fad; now it is a sport. There are fewer gremmies and more hot doggers.

A gremmy is a kid just starting out. A hot dogger is an experienced surfer, who can handle his board well.

Southern California lends itself to surfing. The beaches are usable the year around—it gets chilly in winter, but not too chilly for a healthy young man in a wet suit—and most beaches have good surfing conditions.

SMALLER WAVES

The waves here are not as large, as in, say, Hawaii, but they are better than the East Coast.

Surfers have developed their own language, their own music, their own customs and mores. Because the sport attracted some of the idle teenagers, it got a bad name. It was associated in most minds with juvenile delinquency.

That has changed in the last year or so. The faddists moved on to the frug and watusi. This left the beaches for the dedicated enthusiasts — and there are thousands of them.

★ ★ ★

They still have their own language — if you've done a good job, you've "stoked," if you're just sitting around the beach, you're a "hoe-dad" — and they have their own clothes—surfers prefer "baggies," a kind of loose-fitting trunks for surfing—and many of the old customs survive.

CLEAN-CUT

But today's surfers are clean-cut, short-haired, well behaved. They are seldom in trouble. They go about their sport with a single-mindedness that precludes delinquency.

And most of them have surfer's knots — calcium deposits on their feet and knees from long hours of kneeling on a hard board. These can be cut out surgically, but few surfers like to go that route. Many of them find surfer's knots are a convenient thing to have at draft time; they lead to a deferment.

Most of today's surfers own their boards, an indication of their seriousness of purpose. The average board—9'8" of plastic-coated wood—costs $140. But many cost more because of their larger size or special decorations.

★ ★ ★

Dewey Weber, a board builder in Venice, recently put a picture of Batman on the bottom of a 10'4" board, and the purchaser happily paid $50 for the art work.

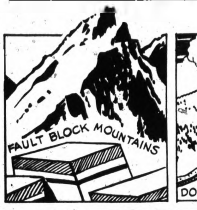

CHANGE IMAGE

All this has helped to change the image of surfing. Today there are surfing meets, surfing races, surfing contests. It is a sport and, in their enthusiasm, surfers run neck and neck with golfers. Today's surfer, if he wants to find a reasonably open slice of ocean, must get up at 5 a. m. and start out.

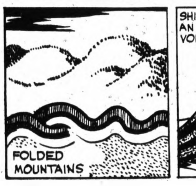

Surfing At Sunset

Junior Editors Quiz on MOUNTAINS

QUESTION: Why do mountains have different shapes?

★ ★ ★

ANSWER: Inside the earth are powerful forces which have caused its crust to buckle or crack, and to lift up or sink down. It is these forces which have built the four main types of mountains.

Fault-block mountains are caused by sharp breaks or cracks in the crust allowing forces underneath to move blocks or rock, either up, down or sideways.

The Sierra Nevada Mountains and the Grand Tetons are examples of this type.

In domed mountains, molten rock has risen toward the surface, but instead of breaking through, it has caused a huge blister under the overlying rock which then hardened.

In the White Mountains of New Hampshire, the outer rock has eroded away, revealing the rounded domes which has solidified into light-colored granite.

When vast forces pushed the earth's crust together, it crinkled into folded mountains, which lie in parallel ridges, like those in the Western Appalachians.

Finally, molten rock, erupting into the air, spews out cinders and lava which build up volcanic mountains. Many mountain ranges show combinations of these processes.

FOR YOU TO DO: Try to decide which process made the mountains nearest to where you live. Then find out if you were right.

Trustees Elected

NEW YORK (AP) — Eisenhower College has elected four new members to its board of trustees. This brings to 24 the number of trustees on the board.

Millions Starving but Rats Eating

MYSORE, India (AP) — A government ministry for rat and infestation control was proposed by Dr. H. A. B. Parpia, director of the government food research institute.

He said rats in India consume as much food as 400 million people.

Wheeling It

Drag Racing Speeds Ahead

By BOB COCHNAR AND DAVE BURGIN
Newspaper Enterprise Assn.

NEW YORK—Ten years ago there couldn't have been a more improbable exchange between father and son than this one:

"How'd you do in the drags today, Butch?"

"Great, Pop. Turned 95.3 in the quarter and did in a Chevy, a Ford and a Dodge Charger."

Man, has drag racing in the United States changed!

★ ★ ★

It has come a long way since junior did his drag racing on Sunday afternoons at the local strip by borrowing dad's car under the guise of taking Honey Bee for a ride in the country.

DANGEROUS RIDE

Or worse yet, the Saturday night date often turned into of is its knowledge of the sport dangerous through-the-gears and over-all contribution to races on suburban and rural automotive progress.

back roads.

"These kids are unbelievable," says a Ford Motor Co. executive. "The modifications they make on some of the cars not only work well but sometimes baffle the engineers.

Now the sport of drag racing has acquired dignity, but not just because it has won parental acceptance. Rather, the young people who are drag racing (about 80 per cent are in the 16 to 25 age group) try hard, and very often succeed, at being sophisticated about it.

For one thing, in most sections of the country, drag racing on all levels is well-organized. The two big sanctioning bodies, National Hot Rod Association and American Hot Rod Association, have seen to that.

And safety regulations are much tighter than they were 10 years ago. No drag driver, no matter what age or what class, goes off the line with his seat belt unbuckled and his equipment unchecked.

★ ★ ★

Still, the thing the drag racing set today can be proudest

"We get letters from 18-year-olds all the time suggesting we alter this or try that. They are growing up in the era of the automobile and they know what they're talking about."

The scope of drag racing has broadened mainly because there has evolved a system that offers a racing class for nearly every type car imaginable.

★ ★ ★

Classes are rigidly controlled so that competition is kept close. This means races are won by microseconds which, in turn, means competitors must keep sharp scientifically.

DRAWBACK

The drawback for young enthusiasts, of course, is the expense of the sport.

At the top of drag racing are the professionals — the Don Nicholsons and the Arnie Beswicks—who are to the amateurs what Willie Mays is to Little Leaguers.

★ ★ ★

"We used to run around trying to impress upon these kids that competition was the thing, not the kicks," Nicholson said. "But I got behind the times. They already know. The ones who don't either learn it fast or get out."

FIRST RACE

Nicholson, 39 came up through the ranks. His first drag race, believe it or not, was in a "modified 1930 Oakland sedan tractor." When he was 14, his parents moved from their Missouri farm to California, the home of drag racing.

And there, a few years after the war, Nicholson started driving coupes, sedans and roadsters in drags.

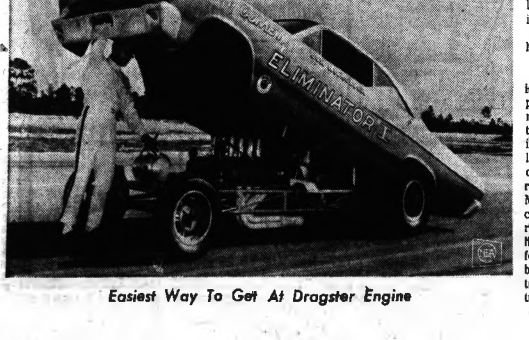

Now he's at the top, driving the supersophisticated "funny cars" — cars with stock-looking glass fiber bodies which house powerful engines and wild suspension systems.

Nicholson's factory-backed car, Eliminator I, is a special Mercury Comet Cyclone that to all outward appearances would look right at home in any family's driveway.

Except pop wouldn't know how to drive it.

★ ★ ★

SPINOFFS—The motorcycle industry is taking steps to improve the safety record of motorcycles and scooters. Anticipating federal pressure, the industry plans to prepare guidelines for sound licensing procedures . . . A "Wheeling It" reader asks, "Why isn't General Motors as active in racing as its competitors?" Consensus among racing people is that GM, which has half the car market already fears more sales brought about by racing promotion would attract the attention of federal trustbusters.

Board, WEA Make Pact Official

Official signing of a 1966-67 master contract for teachers by the Waterford Township Board of Education and Waterford Education (WEA) highlighted last night's school board meeting.

* * *

Approved last week by negotiating teams representing both sides and ratified by the WEA membership and school board, the contract set the salary range from $5,800 to $9,000 for teachers with bachelor degrees and from $6,200 to $10,000 for those with masters' diplomas.

The agreement averted a teacher walkout in the district and assured that school would start on time.

Last night, representatives of the school board and WEA commented on the contract prior to the signing.

* * *

School Board President Norman L. Cheal termed the event "a significant occasion," and extended thanks to members of both bargaining teams for reaching a "reasonable" agreement after nearly seven months of negotiations.

* * *

"It was no small feat," Cheal asserted.

Referring to the amended Michigan Public Employment Relations Act which gave public employes the right to bargain collectively with their employers this year, Cheal said the legislature has created a labor-management relationship between teachers and school board, causing both to act as antagonists rather than partners.

"I hope and expect we will remain partners, not antagonists," he said.

* * *

WEA President Robert Hutchinson agreed that the school board and teachers should serve in a partnership role.

'A BEGINNING'

He remarked that although the contract was not completely satisfactory to both sides, "we think this is a beginning."

"We hope we can improve on the contract in future years," said Hutchinson.

Supt. of Schools Dr. Don O. Tatroe said subsequent rising expenditures for teacher salaries should not be derived from property taxes.

* * *

He said it will take fiscal reform, like a state income tax.

TWO CONTRACTS

In other business last night, the board awarded two contracts in connection with a remodeling project at Waterford-Kettering High School.

Classrooms, Inc., of Grand Rapids, which outbid two other firms Sept. 1, was awarded a contract for equipping a proposed science laboratory at the school.

The company's bid was $15,456.

* * *

After lengthy debate, E. E. Powell General Contracting Co. of Waterford Township was awarded a contract for a project aimed at converting a journalism room into a science laboratory and part of the lobby into a student activities room.

THE LONE BID

The firm had submitted the lone construction bid totaling $40,393 at the Sept. 1 board meeting.

School attorney Marshall Smith had recommended readvertising of bids since the state school code and an attorney general's ruling call for competitive bidding (more than one bid) in school alteration projects.

Waterford School Affairs

Treasurer Donald Porter was instrumental in reversing the recommendation. He thwarted a motion which would have meant readvertising of bids for opening at the board's Oct. 6 meeting.

* * *

Porter said that other firms had an equal opportunity to bid on the project, thus creating a competitive element.

AGAINST DELAY

He spoke against delaying the project, especially in view of a possible strike involving construction workers and also contended there is no guarantee more than one firm will submit bids by Oct. 6.

Porter stated that the board has not had a firm policy against accepting one-bid contracts in the past. He praised the Powell firm for its excellent work record in the school district.

Also last night, the board agreed to apply for advance state aid totaling $1.1 million to pay bills the first half of the school year.

* * *

The basic pay rate for the district's substitute teachers was increased last night from $20 to $22 a day.

HALF-DAY $12

For a half-day of work, they now will receive $12.

In still other business, the board appointed 39 election officials to work the eight precincts in the district in the special Oct. 5 county school reorganization election.

They will be paid $22 to $24. Election cost to the district will be about $1,000, according to school officials. Voting will be by paper ballot.

* * *

Voters will decide proposed school district annexations involving Oxford-North Oxford and Walled Lake-Dublin.

400-ACRE AREA

The latter merger would also include a 400-acre area in White Lake Township, now part of the Waterford system.

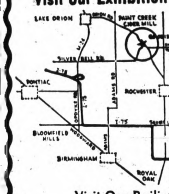

A piece of land on the Mason Junior High School site between Loon Lake Shores and Loon Lake was sold by the board to an individual for $1,100.

Also approved by the board last night were 1966-67 contracts for 10 teachers and four resignations.

$3,000 Holdup

WYANDOTTE (UPI)—A lone gunman wearing large sunglasses departed with an estimated $3,000 from the Guarantee Federal Savings and Loan Association yesterday.

Soft Whiskey. Is it just another slogan?

If that were true, we'd be in big trouble by now.

But it took more than some sharp talk on Madison Avenue to make Soft Whiskey soft.

It took time, money and thousands of experiments that failed miserably before we had it.

A whiskey that went down as easy as...well, Soft Whiskey.

But take heed:

Tippecanoe and Tyler, too!

That softness we're talking about goes just so far.

After that, Soft Whiskey is 86 proof. Doing what any other respectable 86 proof whiskey can do.

(It's just that getting there is a whole lot easier.)

Naming Soft Whiskey was almost as easy as swallowing it.

One sip and you could have done it yourself.

Appointments Okayed for OU

MSU Trustees Pass 3 Faculty Changes

The appointment of two Oakland University department heads and one new faculty member has been approved by the Michigan State University Board of Trustees.

Dr. Harvey Burdick, professor and acting head of psychology, was named chairman of the department, and Dr. Robbin R. Hough, associate professor and acting chairman of economics-business, was appointed to the chairmanship in his area.

Burdick, 190 Ottawa, joined the OU faculty in 1962. He earned his bachelor's degree at Syracuse University and his master's and doctorate from the University of Minnesota.

Hough, who earned his bachelor's degree from the University of Montana and his doctorate from the Massachusetts Institute of Technology, came to OU in 1962. He lives at 118 Walnut, Rochester.

* * *

The board also approved the appointment of John N. Dorvas, who is completing his doctorate at the University of Michigan, as instructor in music.

AT ALPENA

Director of music at Alpena Community College from 1962 to '65, he has taught in the public schools in Fort Wayne, Ind., and Madison, Wis. He earned his bachelor's at Boston University and his master's degree at Northwestern University.

Openings Still Exist in Class for Retarded

The North Oakland Association for Retarded Children (NOARC) has openings in its three classrooms, which are scheduled to begin operation Monday.

The association sponsors programs for retarded children not admissible to the public school program. Openings are available this year because of the expansion of facilities operated by Oakland Schools.

Oldest NOARC facility, the Jack and Jill Room at Longfellow School, provides 9 a.m.-noon sessions for students 10 years and older.

Younger children can attend classes from 9:30 to 11:30 a.m. at the First Methodist Church of Pontiac or Covert Methodist Church in Waterford Township.

* * *

Further information on the Jack and Jill Room can be obtained from Mrs. Harlan Johnson, 316 Castell, Rochester.

Parents in the Pontiac and North Oakland area who have younger children needing training can contact Mrs. Maynard Johnson, 115 Genesee. Mrs. Robert McClendon, 1334 Alhl, Waterford Township, is director of the program in her area.

Sharp Salary Upswing Forecast for Pontiac Area Nurses

By L. GARY THORNE

Competition for nurses is as keen as that for highly touted baseball or football players.

And Pontiac Osteopathic Hospital has met it head-on, announcing drastic pay hikes for its nursing personnel.

Thus, the financial returns to hospital nurses, at least in the Pontiac area, can be expected to take a sharp upswing.

Pontiac Osteopathic is to initiate 25 to 60 per cent pay boosts for its nurses, along with a general review of wages paid all of the hospital's personnel.

News Analysis

* * *

Jumping the monthly compensation of its nurses to new highs for the city, making them also among the highest paid in the state, Pontiac Osteopathic wants more and better personnel.

MEET TREND

Hospital officials indicate that they think it only a matter of time until the general demand by nurses for higher pay reaches the Pontiac area. Such demands have already been made in California and Chicago.

"We are striving for the best qualified personnel in all areas," commented Edward Derbabian, chairman of the hospital board's finance committee.

The new wage raises for nurses and other hospital personnel have still another purpose besides being competitive with area industry and hospitals.

Derbabian said Pontiac Osteopathic hopes to add 150 to 200 employes in order to expand from its present 176 beds to its rated capacity of 400 beds.

* * *

The competition for nurses in the Pontiac area has been particularly sharp. For example, nurses on the payroll of one institution will get letters from another institution asking them to switch employers.

NURSE SHORTAGE

The competition results from the nationwide shortage of nursing personnel, which so far has not reached too noticably into the area of wages.

* * *

At Pontiac Osteopathic, the new minimum salary for supervisory nurses will be $670 per month with a maximum of $804. Staff (registered) nurses will receive $603 to $723 a month.

Current salaries at Pontiac General Hospital are under Pontiac Osteopathic $87 and $165 per month at the minimum and maximum for supervisory nurses. The drop for staff nurses is $78 and $93 per month at the same tenure levels.

St. Joseph Mercy Hospital wages, meanwhile, are $40 and $38 per month under Pontiac Osteopathic for supervisory nurses. The difference is $83 and $60 per month for staff nurses.

The total cost of the pay boosts at Pontiac Osteopathic is estimated at nearly $500,000 a year.

Union Has a 'Striking' Picket Line

NORTH HOLLYWOOD, Calif. (AP)—The picket line had never been in better shape, observers agreed.

Leading it Thursday were Sandra Sullivan, 36-25-36, a blonde professional model wearing a bikini, and two scantily dressed companions.

They were parading for the National Association of Broadcast Employes and Technicians Union, which is asking Film Fair, a television commercial producer, to negotiate.

Film Fair officials had no comment on the proportions of the picketing but reported that one male employe saw Miss Sullivan and asked, "How do I join her union—where do I sign up?"

Modernizing?
New Heating System?

Decisions.
Decisions.
Decisions.

(May we help you with an important one?)

Your choice of a heating system is one you'll live with for a long time. So, naturally, you'll want to make sure you get a system that won't cost too much to own. That's where our new electric heat guarantee comes in.

Here's how it works: We'll see that you get a written estimate of heating costs—*before you buy.* Then, your monthly bills may be less, but they won't be one cent higher than the estimate. We guarantee it.

If the installation needs adjustments to meet the guaranteed cost figure, we'll see that it's done. And if at the end of three complete, consecutive heating seasons the system is still not operating within our estimate, we'll remove it and refund your money.

Before you make any more important modernizing decisions, get the facts on modern electric heat. You can't lose!

Man Crushed to Death

ST. CLAIR SHORES (AP)—Earl Dream, 48, of Detroit was crushed to death Thursday when buried under eight feet of clay when a sewer excavation collapsed.

Arresting Senators Rather a Dull Show

By DICK WEST
United Press International

WASHINGTON — In a newsletter published today Rep. Otis G. Pike took note of the trouble the Senate had last week in raising a quorum for the civil rights debate:

WEST

Only after Senate leaders threatened to have absentees arrested "were 51 reluctant senators rounded up," the New York Democrat recalled.

And even then, he added, "They came slowly, there being no recorded charge of police brutality in all the history of arresting absent senators."

This is what I call putting a situation in its proper perspective. As Pike so adroitly pointed out, a threat to enforce senatorial attendance by serving warrants sounds more dramatic than it actually is.

For one thing, such a threat is rarely carried out. Not since Nov. 14, 1942, have arrest warrants actually been issued.

On that occasion, the Senate had before it a bill to amend an act "to prevent pernicious political activities." The late Alben W. Barkley, then a senator and subsequently vice president, looked around the chamber and noticed something strange.

* * *

"There seems to have taken place an exodus from the Senate equal to the exodus of the Children of Israel from Egypt," Barkley pointed out.

WARRANTS ISSUED

Warrants were issued to halt the exodus and three senators eventually were served before a quorum was reached.

I would like to report that the recalcitrants were hauled into the chamber kicking and screaming, but such was far from the case. They submitted meekly to the Senate sergeant-at-arms.

The sergeant-at-arms did not summon his deputies and tell them: "Here's the list of senators who missed that last roll call, men. Bring them in—dead or alive."

* * *

In short, from a dramatic standpoint, it was a big flop.

The next time the Senate voted to issue warrants for absentees —in July, 1950, during consideration of a rent control extension bill — it was an even bigger letdown.

Before any arrests were made enough stragglers showed up to constitute a quorum and the order was rescinded.

It seems to me that senators are missing a golden opportunity by turning themselves in or surrendering without a struggle.

If they hid out a few days they could write a book called "I Was a Fugitive from a Senate Roll Call." It should make a fortune.

Viet Casualties Are Identified

WASHINGTON (AP) — The Defense Department announced today the following four Army men and three Marines were killed in connection with the Viet Nam war:

Killed in action:

ARMY

NEW YORK — Pfc. Thomas C. Newkirk, Saugerties; Pfc. Harold M. Patenaude, Mechanicville.
PENNSYLVANIA — WO David P. Kuhns, Schnecksville.
TEXAS — Pfc. Orlando L. Soliz, San Antonio.

MARINE CORPS

CALIFORNIA — Pfc. David P. Fohrman, Los Angeles.
NEW MEXICO — Cpl. Francis X. Nava, Santa Fe.
NEW YORK — 2nd Lt. Albert C. Doody, Franklin Square.

Died of wounds:

MARINE CORPS

CONNECTICUT — Lance Cpl. James A. Branson, Stamford.

Missing as a result of hostile action:

Capt. Douglas D. Peterson
Capt. Robert F. Wagoner

Died not as a result of hostile action:

ARMY

INDIANA — Spec. 4 Jerry R. Bloomer, Anderson.
NEW YORK — Pfc. Alfred L. Stonehouse, Monsey.

MARINE CORPS

MICHIGAN — Pvt. John M. Scott Jr., Grand Rapids.

This year's most talked-about book

In Cold Blood Truman Capote

Six months on the best-seller list

Starting Sunday in the Free Press

IN COLD BLOOD is a terrifying but true story of mass murder. It starts with the shotgun slaying of an entire family in Kansas in 1959 and ends with the execution of the two murderers in 1965. Truman Capote's detailed account of the lives and deaths of these people is even more significant in view of the recent multiple murders in Chicago and Dallas.

IN COLD BLOOD has been a best seller ever since it was published earlier this year. Now you can read it exclusively in the Free Press — in 18 installments starting this Sunday.

GLENWOOD PLAZA CORNER NORTH PERRY AT GLENWOOD

Cigar Smokers Are Less Jittery Mates Than Cigarette Addicts

By HAL BOYLE

NEW YORK (AP)—Jumping to conclusions:

If a girl is looking for a contented married life, she'll do better to wed a cigar smoker than a cigarette smoker. The man who enjoys a stogie is less jittery than chain-smoking cigarette addicts, and not as dull and stodgy as the pseudophilosophers who puff away on pipes.

Secretaries who use a pencil to dial their telephones are usually the biggest chatterboxes in the office, but I can't figure out why.

* * *

Scratch a detective and you'll find an actor. There are more frustrated Hamlets among Manhattan detectives than among the membership of Equity, the theatrical union. And some of them are better performers than those who get huzzas on Broadway.

The ambition of every tuna in the ocean must be to make a luncheon sandwich of a housewife some day.

DUMB FORECASTER

The only man in America who can fool more people than a smart politician is a dumb weather forecaster.

* * *

The plots of television programs have become so predictable that the only fun left in watching the idiot box is to see how the commercials come out.

* * *

Half the guys you hear claiming they lost their shirt in the stock market probably never had much of a wardrobe in the first place.

* * *

Never lend money to a man under 40 who gets his fingernails trimmed by a barber shop manicurist. He's a bad risk.

PENMANSHIP

Why do so many modern executives, in signing their names, leave an undecipherable scribble that looks like the marks left by a skittish hen? They pompously say it's because of the pressure they're under. Yet the signature of Abraham Lincoln remained clear and legible throughout the terrible ordeal of the Civil War.

* * *

It's time for a man to go on the wagon when he starts trying to place long-distance calls through a fire alarm box.

* * *

An old-fashioned husband is one who can remember when his wife took the cake out of the oven instead of the refrigerator.

Dogs have made a greater comparative gain in life expectancy than people for the simple reason they now eat more wisely than do most people.

State Position

LANSING (AP)—Gov. George Romney Thursday announced the appointment of William Morgan of Garden City to the State Construction Safety Commission. Morgan succeeds Arthur Cowlin of Detroit. Senate confirmation is required.

Teen Girl Speaks Out About Peers

By ELIZABETH L. POST

The following letter has been chosen as the most interesting one for this week. A copy of Emily Post's Etiquette has been sent to Nancy Smith of Lynchburg, Virginia.

Dear Mrs. Post: I'm a 14-year-old girl and I feel out of place. You can call me "old-fashioned" but I believe that kids my age and younger are making themselves out to be older than their age. It seems that many don't want to enjoy their childhood.

I know I can't change the feelings of other kids but how am I supposed to act around them when most of the ones I know act this way? I can't bring myself to act like a real neat teen or a "sharpy," as some say.—Nancy Smith

BE TRUE

Dear Nancy:

Don't give in and act like a "sharpy" because your friends do, but act the way you think a 14-year-old should.

Try not to be disapproving of the others; that will make you a real square. Try to give the impression you're not doing certain things because you just don't want to, not because you think the others are wrong.

* * *

You may suffer some cuts and criticisms, but you won't be 14 forever, and you'll arrive at 18 with a lot more character-building behind you than those who tried to get there ahead of time. Good luck to you!

GAY COLORS

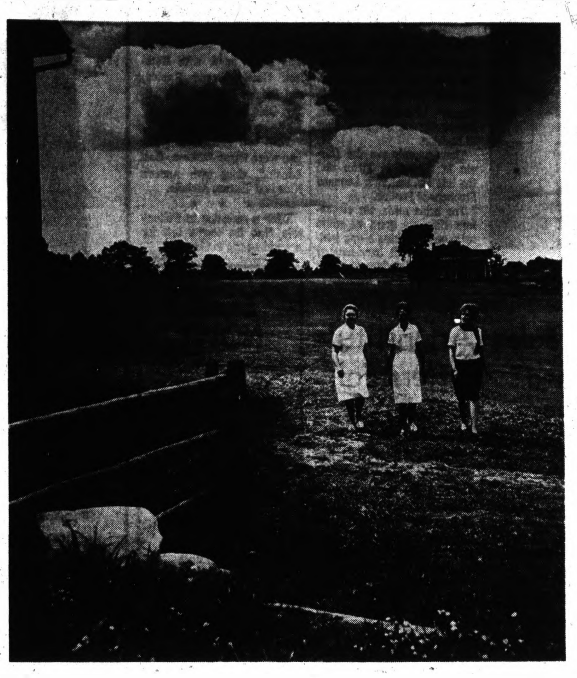

Dear Mrs. Post: I am a teenager and I recently purchased some clothes for the school year. I want to know if it's all right to wear bright colored flowered skirts during the fall and winter months? — Jeannie S.

Dear Jeannie: Bright flowered skirts are great as long as warm weather lasts. Winter materials, wools for example, are not usually made up in bright prints, but if you can find anything that is warm enough, I see no reason not to wear gay colors all year.

* * *

"Etiquette Tips for Teenagers" by Elizabeth L. Post, is now available to readers of "The Press." This brand new, 16-page booklet will answer many questions for teenagers and their parents. To get your copy, send twenty-five cents to cover booklet and shipping expenses, to Elizabeth L. Post, in care of The Pontiac Press.

County Dental Assistants Society Contributes Funds to Camp

These three members of the Oakland County Dental Assistants Society inspect the grounds at Camp Oakland. The camp receives donations from the group for equipment and buildings. From the left are Mrs. Sam Howlett and Mrs. Robert Milligan, both of Rochester, and Mrs. Donald Lovell of Oxford.

Pontiac Press Photos

William Matus, director of Camp Oakland, looks on as Mrs. Thomas Cauley of Francis Street, president of the Oakland County Dental Assistants Society, presents a check to be used for camp facilities. The society has again selected Camp Oakland as its charitable project for this season.

WOMEN'S SECTION

Young Opera Singers Can Win Awards

The scholarship committee of the Detroit Grand Opera Association has announced dates for audition for the Grinnell Foundation of Music $2500 opera scholarship, and other awards given through the Metropolitan Opera National Council Regional Auditions program.

* * *

All auditions will be held in the Detroit Institute of Arts. The first or preliminary audition will be on Dec. 3.

Singers selected will be asked to sing again in a semi-final audition on Dec. 5.

Final auditions will take place on Jan. 30. All finalists are also eligible for the Metropolitan Opera Regional Auditions, which will take place in Cleveland, Feb. 12.

* * *

Applicants must be in the following age brackets: sopranos 19-30, altos 19-32, tenors 20-32, baritones 20-32, basses, 20-35. Photostatic copy of birth certificate or similar proof of age must be submitted with application.

The purpose of these auditions is to help and to encourage young singers in their careers. The Grinnell Foundation of Music $2500 opera scholarship is for advanced study in voice and opera training under the supervision of the scholarship committee of the Detroit Grand Opera Association.

* * *

The Metropolitan Opera National Council Regional Auditions also offer many opportunities for young singers to qualify for: A Metropolitan Opera Association contract, a Metropolitan Opera National Company contract.

The $2,000 Stuart and Irene Chambers Award, The $2,000 Fisher Foundation Award, The $1,000 Euclid W. McBride Memorial Award, The Anne Rosoff Memorial Award, The Virginia Marvin Stoughton Award, The Gladys Axman Taylor Award, The $2,500 Madame Lilliana Teruzzi Award, The $2,000 Frederick K. Weyerhaeuser Award.

In addition to these several admissions to the Metropolitan Opera Studio and the Kathryn Turney Long Opera Courses, and the $3,000 New York Community Trust/Schoen-Rene Award, to be divided among three or more finalists in the form of cash awards and to underwrite a public recital.

Applications are now being accepted for the 1966-67 auditions. Completed forms must be returned before Dec. 1. Requests for application may be made by writing Mrs. Sam B. Williams, scholarship chairman, Detroit Grand Opera Association, Ford Auditorium, Detroit, Mich. 48226.

AP Wirephoto

Paris designer Hubert de Givenchy's fall and winter collection included this red woolen coat, worn over a navy blue gabardine dress. The hat is red, diamond-shaped navy motifs adorn the stockings and the shoes are low-heeled.

Garden Club Hears Talk on Science

Hawthorne School was host to the Better Home and Garden Club on Thursday for a nature program.

William Neff, principal, and Edwin Rydell, science specialist for the Pontiac School System spoke on the nature project being developed by sixth graders.

* * *

Mr. Rydell explained soil erosion, boulders, animal shelters, bird and insect homes, trees and plant growth as the group toured the trail.

Officers will be elected at the annual meeting, Oct. 20, in Devon Gables.

Mrs. Alfred Rothweiler was chairman for the day. On her committee were Mrs. John Frerick, Mrs. John McCormick, Mrs. W. Earl Campbell and Mrs. Walter DeNio.

Mrs. Burton Hodges from Long Beach, Calif. was a guest of the group at the picnic luncheon in the multipurpose room.

Stop Wasting Time

He Doesn't Want Marriage

By ABIGAIL VAN BUREN

DEAR ABBY: How can I help the man I love overcome his fear of marriage? We are both in our forties and have been married before. My marriage ended in failure after 19 years, and his was a happy one until his wife died of a lingering illness after ten years. He says he will never marry again because he couldn't bear to go through the experience of losing another wife. His mother, with whom he lives, is raising his children, and he has a good home with her, so it's not as if he needs a home.

ABBY

He says he loves me very much and he knows he would never find a better wife, but he just cannot face another marriage. I love him, Abby, and want so desperately to be his wife. How can I help him get over his fear of marriage?

BREMERTON

DEAR BREMERTON: For a man to deny himself happiness today because he may lose it tomorrow doesn't make much sense. Very few things in life are "forever" — and there are no guarantees.

Don't waste too much time on this man if you have marriage in mind. He hasn't.

* * *

DEAR ABBY: I am an unattached woman in my late fifties. I frequently receive dinner invitations from gentlemen who come to town on business, having been in business myself for many years.

I enjoy their company and want to reciprocate without going to the fuss and bother of preparing a dinner for two in my own apartment, so I invite them to be my guests at a fine restaurant.

I stress that they are to be my guests, but somehow, when the waiter presents the bill, I wind up being the guest. Not wanting to make a scene I quietly surrender, but it bothers me knowing that in some cases I am better able to pay the check than the gentleman.

How does a lady get the check when she truly wants to be the hostess?

STUMPED

DEAR STUMPED: When you make the dinner reservation, select a restaurant where you are known and have an account. Instruct the maitre d' to charge everything to your account, including the usual gratuities.

No muss, no fuss, no check, no embarrassment, and everyone will be happy.

* * *

Troubled? Write to Abby, in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

To Meet Saturday

There will be a meeting of the National Association of Negro Business and Professional Women's Club on Saturday at 8 p.m. in the home of Mrs. Warren Fowler of Lake Street. This is the club's annual "Round-up."

Paulsen Exhibit Opens Tuesday

A one-man show of photographs, drawings, travel sketches and color enlargements of recent works by Glen Paulsen, A.I.A., new president of Cranbrook Academy of Art, will open Tuesday at the art academy galleries.

Included in the exhibition titled "Architecture in Evolution" — Recent Works by Glen Paulsen" are over 40 photographs, some 30 drawings and several travel sketches and color enlargements.

The galleries will be open from 2 to 5 p.m. Tuesdays through Fridays and from 1 to 5 on weekends. There is an admission charge.

Lincoln Center Is a Tourist Must

NEW YORK (UPI) — It draws fewer tourists, so far, than the United Nations or the Empire State Building, two old-timers on the visitor's lists.

But give New York's newest attraction, the Lincoln Center for the performing arts, some time. It's still an "infant" of four years, yet by next Easter those taking guided tours of the center will have passed the half million mark, said Carl Cannon, director of Visitors' Services.

Those taking the guided tours now run 500 per day, at peak season on up to 1500, and come from all parts of the globe, report two of the 30 girls who steer the tours.

One of them is brunette Susan Compton, of Bedford, N.Y., returning soon to Randolph Macon College in Lynchburg, Va., for her senior year as a political science major.

The other is Charlotte Savitz, who holds a bachelor's degree in Drama from Converse College, in Spartanburg, S. C., and is studying for her master's in audiology (therapy for those with impaired hearing) at Columbia University.

This marked the second summer as tour guide for Miss Compton. Miss Savitz is guiding to pay her way through graduate school while she also studies drama with a private coach.

"We get a large portion of foreign visitors," the girls said. They've included tourists from Israel, South Africa, Cambodia, Canada, and Australia.

"Tours are a fun job because of the people you meet," said Miss Compton. "Not long ago I had the Australian Prime Minister's wife and the wife of our ambassador to Australia along."

Center guides, girls only, give four tours a day and each tour is more than a mile, by the time they've visited the assorted buildings of the cultural complex — Philharmonic Hall, The New York State Theater, The Vivian Beaumont Theater, the library and museum, and the Metropolitan Opera House.

The Juilliard School is to be finished next year.

* * *

Officials said the center, when completed, can reach audiences of 3.2 million a year, not to mention additional ones through radio and television.

"We're always interested in the questions people ask," said Miss Savitz, a native of St. Matthews, S.C.

"How much did the ceiling cost? How much does that statue weight? We may not konw all the answers, but we always tell them, 'we'll look it up.' "

"You get attached to the place," said the blonde Miss Savitz. "When someone belligerently calls something ugly, it hurts — like saying you have an ugly child."

* * *

But visitors' reactions more often one of awe at the modern structures, in which each building is faced with travertine, a textured marble quarried near Rome.

Girl guides wear uniforms in garnet red (taken from colors in the New York State Theater) with gaberdine beige jacket designed by Vera Maxwell.

Although they cover more than four miles each day, flat heels are not permitted. Mediums are, however, although shoes must be black.

Heavy makeup, jewelry other than, for example, watches or single pearl earrings, and hair ribbons are forbidden.

The center is to have some distinguished names among its visitors — Mrs. Lyndon B. Johnson and President and Mrs. Ferdinand E. Marcos, of the Philippines. They plan to attend the Metropolitan Opera Company's premiere performance of "Antony and Cleopatra" tonight.

Mrs. Lynn A. Townsend of Island Lake (left) is honorary chairman of the committee planning the fall visit of the Metropolitan Opera National Company General chairman for the seven performances at the Fisher Theatre, Oct. 10-15 is Mrs. William M. Walker Jr. (right) of Detroit.

Get-Acquainted Plan

A "get - acquainted" evening is planned Wednesday for members of the Women of St. Andrew's Episcopal Church. Festivities will get under way at 7:30 p.m. in the church.

★ ★ ★

Mrs. Carl Hoffman and Mrs. Richard McPartlin, cochairmen of the Oct. 12 salad tasters' luncheon, will discuss plans for the upcoming event.

Hairpin Can Repair

A bobby pin will serve as a substitute cotter pin when a wheel comes off a child's small toy.

MRS. J. G. STEPHENS

Former Area Resident Takes a Bride in Ohio

The First English Lutheran Church in Tiffin, Ohio, was the setting for the recent marriage of Cynthia Sue Lowe to former Pontiac resident, James Gordon Stephens, now of Lansing.

Their parents are the Darvin M. Lowes of Tiffin and the late Mr. and Mrs. Leonard Stephens of Pontiac.

The bride made her sleeveless Empress gown of white satin and matching A-line wedding-coat with hand-beaded cuff design. Her lace mantilla was brought from Venice.

Linda Fruth, East Lansing was honor maid, with Kathleen Gately, Grand Rapids, and Sandra Starliper of Findlay, Ohio, as bridesmaids.

★ ★ ★

With best man, Robert Dugan were Roger Jackson, East Lansing, along with Andrew Kies and Thomas Nichols.

★ ★ ★

After a reception in Fellowship Hall the couple left for a wedding-trip to Chicago.

Benefit Sale Is Planned

The Soroptimist Club of Pontiac announces its fall benefit sale of clothing and household articles, from 9:00 a.m. until noon, Sept. 24, in the Four Towns Methodist Church, Cooley Lake Road.

The September social meeting has been canceled so that members may join the Detroit Soroptimists at their Founder's Day dinner, Sept. 28, in the Women's City Club.

Plans for the forthcoming District III meeting in Holiday Inn of Battle Creek were discussed at a recent dinner meeting in the Elks Temple.

Art Institute Offers Fall Programs

"Modern Drawings and Prints — Collectors Purchase" is the exhibition to be offered at the Detroit Institute of Arts. The exhibition, a selection of some 200 works from local galleries is sponsored by the Founders Society Drawing and Print Club. It opens on Wednesday and will run through Oct. 2.

★ ★ ★

On Sept. 13, there will be an exhibition of selected Michigan artists on loan from the institute at the First Federal Savings and Loan Association, Detroit.

★ ★ ★

The institute will present a lecture "How Prints are Made" by A. Hyatt Mayor, on Wednesday at 8 p.m.

WORKSHOPS

Beginning Sept. 27 at the institute, there will be adult workshops in acting and theatrical makeup beginning at 7:30 p.m.

Workshops in acting and puppetry will be given children on Saturdays beginning Sept. 24.

Grade and high school students will be offered a workshop on Saturdays in six suburban locations and at the museum.

★ ★ ★

Additional information may be obtained by contacting the Detroit Institute of Arts.

Soap Film

Gray discoloration of fabrics is often caused by a build-up of detergent. It's sometimes possible to return the fabric to its original white by washing the clothes in warm or hot water and a cup of water conditioner.

Don't add soap. The whole idea is to let the solution release soap film.

Mr. and Mrs. Percy Searle of Pickering Street observed their golden wedding anniversary Tuesday. They have five children, Mrs. Harold Humphries, Grand Junction, Colo.; Mrs. Marcel Moreau, New Jersey; Dan, Grand Haven; William and Vincent of Pontiac. The couple has 21 grandchildren and nine great-grandchildren.

Polly's Pointers

Add Elastic Strip

DEAR POLLY—I am answering Mrs. A. A.'s question about her too small foundation garment. I had one that was too snug and I sewed in a three-inch-wide piece of elastic all the way from the top to the bottom where I had slit the garment.

It works just fine and the necessary half yard of elastic is stiff enough to keep the garment in shape. — MRS. R. S.

DEAR POLLY — I had the same experience as Mrs. A. A. and wanted to stretch a too-small foundation garment. is needed, dip a cotton-dipped slide the wet garment over my ironing board as far as it would go. Leave the garment on the board until it is completely dry. — MRS. L. B.

DEAR POLLY — When camping and an emergency candle is needed, dip a cotton-tipped stick into a jar of petroleum jelly and then stick the end of the stick into the middle of a jar so that it is well anchored and light will come through.

This will burn almost as long as a regular candle of the same size and both these items are usually among a camper's first aid gear, whereas a candle is often forgotten.—M. J. T.

DEAR POLLY—My grandson used to start working a jigsaw puzzle on the dining room table and usually would not finish it before the next mealtime. I got a piece of thin, lightweight wood just a few inches larger than the puzzle he works and now he can pick up a partly completed puzzle and move it when the table is needed.—MRS. M. C.

DEAR POLLY — How does one prevent organdy material from curling when it is being ironed? I would be most grateful for a solution. — M.R.C.

DEAR POLLY—I am a housewife who also works in a bank. I have noticed how important it is for everyone to carry his Social Security number with him at all times. New government regulations even require it to be supplied when one opens a new savings account.

It is a good idea for every husband and any of her children who may have them.

Wives often transact the family business and if these numbers are readily available many a call back to supply this information is saved.—MARJORIE.

* * *

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar if Polly uses the item in Polly's Pointers.

If detected early, a cure is possible by telecobalt radiation therapy in 90 out of 100 cases of vocal cord cancer.

Spring vows are being planned by Lorraine Bryant, daughter of the Charles Bryants of East Longfellow Avenue and Seaman John Evans Runyan, son of the Clyde E. Runyans of First Avenue.

Food Price Increase Blamed on Law 78

DETROIT (UPI) — One cause of recent food price increases, a food dealers association said recently, is the government ban on braceros, foreign farm laborers.

The Associated Food Dealers of Greater Detroit (AFD), in a "position paper" report answering recent criticism of alleged "price gouging," urged Congress to reconsider Public Law 78 to bring back the braceros.

* * *

"We need manual labor badly on the farms, and the federal laws should be passed to allow foreign labor," the report said. "Millions of dollars worth of food products are wasted by being left on the vines to rot."

Inadequate labor supply on the farms was one of the reasons given by the AFD for higher food prices.

Other reasons, the AFD report said, are increased costs in labor, handling and transportation.

NO LOCAL HELP

"Domestic labor needed to do the job is practically nonexistent," the report said. "It will be a long time before Americans enjoy the benefits of lower prices due to mechanization."

The report cited low profit margins in the food industry. "Any increase in costs must be passed down the line," said Edward Deeb, executive director of AFD.

"No longer can farmers, processors, wholesalers and retailers continue to absorb the increased costs to them," Deeb said.

* * *

The report said the increased costs "is not a case of retailers gouging the public as government officials are leading citizens to believe."

Ballet Classes Are Scheduled After School

The Pontiac Parks and Recreation Department is continuing its ballet program for girls on an after-school basis as was done last year.

The program, under the direction of Mrs. Carol Wolfe, is open to girls attending kindergarten through six grade.

The two locations for the classes are Mark Twain School on Thursdays at 2:45 p.m. and Herrington School on Fridays at 3:30 p.m.

Classes will start at Mark Twain Sept. 29 and Herrington on Sept. 30. Applications for the 15 week course may be obtained from the school offices or the Pontiac Parks and Recreation Department.

Shower Fetes Bride-Elect

Alice Faye Cooper, daughter of the Kelly Coopers of West Colgate Avenue, was honored at a recent shower in the Marimont Baptist Church where she will exchange vows with Pfc. Ronald G. Shelton this evening.

Hostesses for the affair attended by more than 40 guests were Dianna Giles, Karen Lundeen and Mrs. Dennis Vincent.

Food Budget Soars as Crops Harvested

By PATRICIA McCORMACK
United Press International

You've heard of the victory garden? Make way for the defeat garden.

★ ★ ★

The former—circa World War II—were vegetable patches planted in backyards to ease a threatened food shortage.

Contemporary victory gardens aim to fight the cost of living.

With such in mind, young hayseeds at Trembling Timbers, name of our unstately manor in Westport, Conn., knotted their spines over the ritual of digging, planting, weeding and digging some more last spring.

★ ★ ★

At harvest time the vegetable plot, started with great expectations, is an original "defeat garden."

VISIONS GONE

Gone are visions of letters from the U.S. Department of Agriculture—either congratulating us on our crops or asking us to please accept soil bank status.

When your farmland goes into the soil bank, Uncle Sam pays you a certain amount to stop sowing.

The payments, while not cutting the cost of living, enable one to meet it more easily.

★ ★ ★

Thanks to insects, four-footed furry creatures and unexplained disasters our defeat garden sets a new low in productivity.

Planted were peas, beans, tomatoes, corn, potatoes, lettuce—in quantities designed to cut the food bill during summer and leave enough to can or jar for use through the winter.

The only jarring experience: Contemplating the sparse harvest.

★ ★ ★

Out of 40 mounds of corn seeds, insects, rabbits and squirrels kindly allowed five to grow.

DROUGHT THREAT

These tender stalks, threatened by the drought, responded to daily waterings.

If all continues to go well, we should have eight ears of corn by October. Not bushels. Ears.

Of the two dozen tomato plants, winged things with rapid jaws overlooked seven.

★ ★ ★

These are loaded with large green tomatoes. By the next full moon, they should ripen—if a hurricane doesn't get them.

The lettuce disappeared overnight when it was high as a crew-cut.

We don't know if the platoon of insects attacking it mowed it off at ground level—or pulled it back through by the roots, feasting underground.

★ ★ ★

Attackers of the pea patch, though unidentified, left no mystery.

COWARDS ALL

The cowardly creatures charitably left the bean plants intact.

Other insects didn't. But the **sturdy beans put plenty of starch into counterattack.**

We got enough beans for one meal.

★ ★ ★

The potato plants never did emerge. Moles or something of the sort decided to help control the potato explosion.

They ate what we planted, keeping the spuds from propagating.

This defeat garden's tomatoes cost about $3 a pound.

The corn: about $5 per half-dozen ears. That's not counting labor.

It's no way to cut the cost of living, is it?

Use Good Seed

The better the grass seed you use — with as little annual, coarse grass possible — the better your lawn will be and the less chance weeds will have to gain control.

October Picked as Planting Time

Legislation that would designate the first week in October annually as "National Spring Garden Planting Week" has been introduced in Congress by Sen. Warren O. Magnuson, D-Wash.

★ ★ ★

The fall period was chosen because it is ideal for gardeners nationally to plant lawns, shrubs, trees and flower bulbs for more colorful spring landscapes.

★ ★ ★

"Beautification results obtained by public agencies now can and must be matched by individuals," Magnuson said.

★ ★ ★

"What we must have is a beautification program that includes in its scope every private home and dwelling in our country."

Baptisia tinctoria blooms from June to August, making it especially desirable for rock gardens.

Illegal to Move Plant Materials Uninspected

If on one of your occasional visits to Aunt Mary's place she wants to give you plants, trees, or shrubs to bring home, remember there is a state law requiring an inspection certificate to transport such materials.

★ ★ ★

The material has to be certified by the Michigan Department of Agriculture's Plant Industry Division. It stems from a law passed way back in 1875. The intent of the law and the amendments that have been made to it from time to time is to prevent the spread of plant diseases and insect pests.

Pest-free areas can become infested by bringing in uncertified material from areas that are infested.

Provision for certification applies to wild plants, shrubs, and trees as well as those grown by commercial nurseries.

Is it worth $5 to you to have a better lawn?

That's all it costs for a big bag of Scotts famous TURF BUILDER. And there's no better way to perk up a lawn than with Turf Builder — right now. That's right — NOW.

Our customers have proved it for themselves. Always works: you get more results for your money than at any other time of year. Worth 4.95 to see for yourself?

GLENWOOD PLAZA North Perry Street Corner Glenwood

Autumn Best Time for Lawns

By EARL ARONSON
AP Newsfeatures

Many experts consider autumn the best time for seeding cool season lawns with Kentucky bluegrass, fine fescue and Highland bentgrass.

The reasons are that soils are warm, weather conditions are favorable, weed growth is decreasing then, and there is no rush of spring garden activity.

Dr. Robert W. Schery, director of The Lawn Institute, says turf grasses need moisture immediately to help them sprout.

All seeds have virtually water-repellent coats. This is beneficial during storage, but is a hindrance to quick sprouting.

* * *

Moisture must soak through the protective shell into the live part of the seed for the embryo to begin growing.

Constant moisture, warmth and air is needed for best sprouting.

Frequent, light waterings will supply moisture if there is no rain.

Application of a mulch over the new seeding will help retain humidity near the surface and protect against soil-washing.

Straw that is free of grain seeds is a good mulch, and in expensive when spread a few straws deep.

Other mulches readily available include excelsior, glass fiber mats, woven netting, sprayed emulsions, coarse bark chips or even a thin layer of grass cuttings.

If you are reseeding a small area, pin a clear plastic at the edges with bent wire staples or large headed nails.

This will act as a miniature greenhouse, retaining moisture and warmth.

In reseeding a lawn, don't overwork the soil. Churn it a few inches deep.

Mix in fertilizer while preparing the soil so that the nutrients can reach the grass roots. If no grading is needed, just spread the fertilizer before cultivation.

If grading is needed, spread the fertilizer after moving the soil. Add lime if tests indicate it is necessary — about 50 lbs. per 1,000 sq. ft. of lawn.

* * *

Pulverizing the soil until it is fine is more harmful than helpful. The tiny grass seeds take hold better when sifted into chinks between small lumps of soil.

Working the soil to a dust will permit the seed to rest on the surface or wash or blow away.

If your seed bed is fine and dusty, you may have to rake the seed into the top quarter inch of soil or roll the seedbed to help it become established.

A small amount of seed will go a long way with good seedbeds and mulching that will retard surface drying and encourage quicker sprouting.

Many Hints for Arrangers

Harvest Festival Success

By JODY HEADLEE
Garden Editor,
The Pontiac Press

Gardeners who missed the recent Harvest Festival of the Michigan Horticultural Society at the Belle Isle Casino should put a string around their hoe handle to remind them to attend next year.

An annual event, it is well worth the trip and traffic to see the bounteous harvests of area gardeners. It closed yesterday.

Dominating the center stage was a colorful display of organically grown vegetables by Mrs. Stacy Klingersmith of 611 Predmore, Oakland Township.

Exhibiting a luncheon-for-four flat table arrangement in the invitational class was Mrs. F. Gordon Davis of 1152 Buckingham, Birmingham.

* * *

Showing in the same class, Mrs. Simon Banda of Dearborn came up with a clever idea for napkin holders. She stained and shellacked natural drapery rings to blend with her teakwood luncheon plates.

YELLOW GOATSBEARD

Arrangement schedule chairman, Mrs. Spencer J. Fairhead of Dearborn, displayed many arrangements using dyed seedhead of the Yellow Goatsbeard. It is the common meadowland specimen that looks like a gigantic dandelion seedhead.

"Pick the plant as soon as its seedpod opens. Treat it gently," said Mrs. Fairhead, "or you'll lose some of the seeds and spoil the head.

"If you want to maintain the natural color, merely spray with hair spray. This will help hold the seeds tight to the head.

* * *

"If you want to use them in colored arrangements, spray with any of the aerosol packaged paints. Wear your oldest clothes and prepare for a mess, for the paint is inclined to get all over everything.

"You might try using a large cardboard box. Hold the material to be sprayed inside of it before releasing the paint bomb.

"To do the stems . . . and I usually do five or six of these at a time . . . all of the same color, of course . . . place them in a block of Styrofoam before spraying.

* * *

"Be sure when you are doing the heads to keep turning them so that the paint covers all sides."

Assisting the team of six arrangement judges was Mrs. Arthur Schaldenbrand of 27615 Halstead, Farmington Township.

Horticulture entries were judged by J. T. Cochran of 155 Oaklane, Avon Township, with the help of Mr. and Mrs. Elmore Frank of Grosse Pointe.

* * *

Also contributing their efforts to make the show a success were Mrs. Warren K. Kruger of 7270 Cedarcroft, West Bloomfield Township, miniatures chairman, and Mrs. William H. Burlingame of 3891 Oakhills, Bloomfield Township, public relations.

Blossom Quota Can be Raised

Geraniums like crowds — crowds of roots in clay pots.

* * *

For some reason, "pot bound" geraniums, when regularly fed and watered, seem to produce more blooms than plants with less fulness of roots.

Supply Moisture for Favorite Plant

During the winter, set a potted plant in a shallow bowl which has a deep layer of pebbles, which are kept just barely covered with water.

This provides humidity for the plant at the time when humidity is often lacking in the home.

Study Begun on Crime, Law Enforcement

LANSING (AP) — Judges, professors, attorneys, businessmen and sociologists—urged by Gov. George Romney to transcend "routine thinking" — launched a long-term study into all aspects of crime and law enforcement Thursday.

The 48-member Governor's Special Commission of Crime held its organization meeting Thursday. It selected a 35-year-old assistant prosecutor as its staff director, at $15,000 a year.

Louis Rome a University of Michigan Law School graduate, was named to the post. Rome has specialized in working on youth problems in New York, Ann Arbor and Lansing. He was an unsuccessful candidate for Ingham County probate judge in the Aug. 2 primary.

The commission is part of a nationwide system of study backed by President Johnson and U.S. Atty. Gen. Nicholas Katzenbach.

In Dem Runoff

To Test Georgia's Sentiment

ATLANTA, Ga. (AP) — Converging toward a runoff Democratic primary for governor, moderate Ellis Arnall and segregationist Lester Maddox promise a clash which will test the weight of growing progressive sentiment in Georgia.

Arnall, 59, who led six candidates in Wednesday's primary, and Maddox, 50, who ran second with about four-fifths as many votes, have little in common but the desire to halt in November the first Republican threat in a century.

★ ★ ★

Rep. Howard H. Callaway, the state's first GOP congressman since Reconstruction, quit his Washington post to try for the governor's office.

Ironically, Arnall, who served one term as governor 20 years ago, and Maddox, now an Atlanta furniture dealer, have so far campaigned least of all on one of the issues on which they differ the most — race.

They didn't have to.

It was common knowledge that Maddox abandoned the restaurant business in 1964 after a federal judge ruled he would be fined $200 a day if he refused to serve Negroes.

★ ★ ★

Although he is commonly labeled a liberal and a friend of the Johnson administration, Arnall shuns classification, saying he is "just a native-born Georgian with a program to carry Georgia forward into the 21st century."

Georgia's Republican resurgence, beginning with a Gold-water sweep in 1964, has emphasized that conservative power in the state is still strong.

But it has tended to obscure a gain in liberal-moderate strength which gave Arnall and State Sen. Jimmy Carter together more primary votes than Maddox and three other antiadministration candidates combined.

Free Library Plan to Be Discussed

DETROIT (UPI) — A proposed two-year library project to open the Detroit Main Library without charge to all residents of the six-county metropolitan area will be the subject of a meeting at the City-County Building Sept. 22.

Gov. Romney and Detroit Mayor Jerome Cavanagh will be the featured speakers at the session to which more than 400 government officials, librarians, board members and education leaders have been invited.

Businessmen Asked to Hire More Negroes

LANSING (AP) — Civil rights leader Whitney M. Young today urged Michigan business leaders to hire more Negroes and to support "responsible Negro leadership."

Young, executive director of the National Urban League, told members of the State Chamber of Commerce:

★ ★ ★

"Our problem is not good will or ill will but no will. If responsible people do not lead, irresponsible people will. Thus we have our Black Muslins and you have your John Birchers and Klans and these Nazi groups."

Young, usually regarded as a moderate among Negro leaders, was critical of Stokely Carmichael, head of the militant Student Nonviolent Coordinating Committee.

"Charmichael was nothing. He's still nothing," Young said.

On the basis of that strength, Arnall, who has defended the federal government without being specific about it, predicts victory as confidently as he did a year ago when he started campaigning.

Older than most of his competition, Arnall still has tried to project an image of youthful progressiveness, promising to revamp the state government and begin a host of new programs with Georgia's rapidly growing tax revenue.

Maddox, who attributes his success so far to "God and a lot of wonderful Georgians," has berated the federal government but left many details of his conservatism to the imagination. His grass-roots handshaking campaign brought a rich harvest of rural returns, but stress on mental health and industrial development gave him city strength as well.

Police Laud Negro Aid

DES MOINES, Iowa (AP) — Police credit Negro youths with help in rounding up hoodlums who set off a riot here last Monday night that sent a mob of some 300 young Negroes on a rampage of destruction.

Officers have made 12 arrests.

The helpful Negroes were among the crowd at a charity high school football game where the disturbance broke out.

"We're keeping their names anonymous, but they sure helped us," said Police Sgt. John Swan of the Juvenile Bureau.

Northern Plays Troy Tonight

PCH Cautious Choice in SVC Home Opener Saturday

The Swami Association of The Press' Grapevine has made Pontiac Central a unanimous victory choice in tomorrow night's season liftlifter at Wisner Stadium against Saginaw Arthur Hill.

Neither coach Paul Dellerba nor his PCH assistants nor the Swamis themselves think 1966's meeting will be that easy — though none of the four games the two schools have split beginning with the 1962 season has been closer than 19 points.

This feast-or-famine pattern could very easily continue tomorrow night and there's no guarantee the Chiefs won't come up hungry.

The Chiefs conquered Arthur Hill, 33-7, last year in their Saginaw Valley Conference starter at Saginaw.

Pontiac Northern uses the Wisner turf tonight for its encounter with Troy. Waterford visits West Bloomfield and Kettering is under the Township gridiron lights against Lake Orion.

Arthur Hill lost only nine letterwinners from last year's 2-6-1 edition, and has 20 returning (that's twice as many as PCH).

Included among the returnees are fullback Tom Bondell—who scored the Lumberjacks' lone touchdown against PCH last September—and versatile quarterback John Decker.

RECEIVERS

Two veteran ends are back and pose definite pass threats to the Central secondary. Tom Thon stands 6-5 and weighs 220, teaming with Jim Kundinger, a 6-2 receiver.

As usual, the Chiefs will be outweighed in the line and will have to depend upon quick, aggressive drive by their blockers up front.

Coach Hi Becker of Arthur Hill can insert in the line veteran tackles Jim Weigl, 250 pounds, and Mike Eldred, 215. Guards Dave Grubaugh and Bob Cady both weigh 185 or better. Letterwinning centers Joe Oeming and Tom Alsgaard are 200-pounders.

★ ★ ★

PCH can counter with what is likely the biggest backfield in the SVC — providing 205-pounders Bennie Williams and Alton Wilson, plus Bruce Turpin (170) are the runners.

★ ★ ★

The quarterbacking is senior Lee White's job. He's small and his passing may be hindered by big opposing lines.

Vidmer at QB for Michigan Opener; MSU Awaits Wolfpack

Oregon State 1st Opponent for Michigan

Clancy Prime Target for Wolverine Aerial Attack Saturday

ANN ARBOR, Mich. (AP) — Dick Vidmer finally gets his chance to start the season at quarterback when Michigan opens its football campaign against Oregon State — its 1965 Rose Bowl foe — Saturday.

Vidmer, a top prospect in 1963 when he was a freshman, broke his leg the next year and Bob Timberlake went on to win the quarterbacking job and directed the Wolverines to the Big Ten title.

★ ★ ★

Vidmer played 106 minutes last year as an understudy to Wally Gabler. A much improved showing in spring drills and continued improvement through the fall sessions prompts coach Bump Elliott to feel the Wolverines will be somewhat better in the passing department.

Jack Clancy, team captain, and holder of two U-M pass receiving marks set last year, figures to be Vidmer's prime target. The 6-foot-1 split end caught 52 passes for 762 yards in 1965.

NO. 2 MAN

Rick Volk, a defensive back, has been groomed to back up Vidmer. Others who may see action are junior John Thomas and Dennis Brown.

★

Lettermen Carl Ward and Dave Fisher and either Ernie Sharpe or Jim Detwiler round out the Wolverine backfield.

★

Elliott has declined to say whether Sharpe or Detwiler will draw the assignment at left half although it appears Detwiler has not yet fully recovered from knee surgery and may need a week or two.

The only sophomore expected to break into the starting lineup is defensive end Tom Slincic, a 6-3, 217-pounder from Cleveland.

THIRD GAME

This will be the third meeting between the two schools with Michigan the victor in the first two. The Wolverines dumped the Beavers 18-7 in 1959, Elliott's first year as coach, and again, 34-7, in the Rose Bowl.

Counting the time spent as an assistant at Iowa, Elliott has never lost to Oregon State, the first team to hire him as a football alde following his graduation.

★ ★ ★

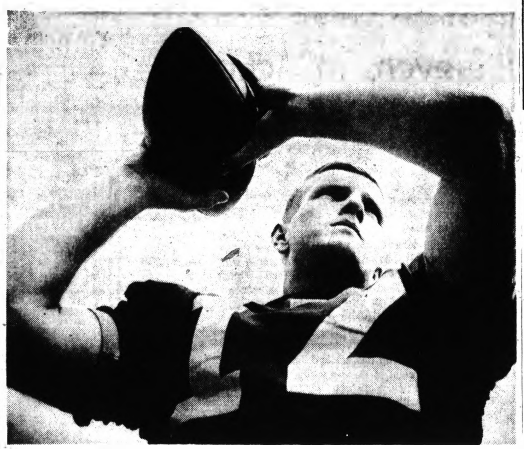

Paul Brothers, who quarterbacked the Beavers in the Rose Bowl game, will direct them against the Wolverines. He completed 45 of 121 passing attempts last year for 416 yards and four touchdowns.

The Beavers, 5-5 last year, present a prime rushing threat in junior fullback Pete Pifer, second leading ground gainer on the West Coast.

★ ★ ★

Pifer carried 234 times, gained 1,099 yards and scored six times.

Ward, who gained 639 yards, and Fisher, who added 575, are the Wolverines' chief running threats. Sharpe averaged more than four yards a carry in his brief appearances last season.

AP Wirephoto

PURDUE PLAYMAKER — Quarterback Bob Griese will start his 20th straight game for Purdue Saturday in the season opener with Ohio University. Last season, the Indiana-born passer connected on 142 aerials; and a lot of this fall's Boilermaker hopes depend upon the senior's efforts.

New Season, New Threats

4 Prep Streaks on Line Again

Four county high school football winning streaks that were protected throughout last season are open for target shooting this weekend.

Two teams — Royal Oak Kimball and North Farmington — have gone 11 games without a loss, but success could end tonight.

Kimball has a big season opener at always dangerous Walled Lake. North Farmington's Raiders are taking their hopes to Grand Rapids Central.

Neither Kimball nor North Farmington is heavily favored.

★ ★ ★

The county's longest winning streak belongs to Ferndale St. James. The Dales have won 18 straight and are picked to make it 19 against St. Gertrude Sunday afternoon.

TURNABOUT

Waterford Our Lady of Lakes closed the 1964 season with a resounding 47-0 loss, but new coach Mike Boyd turned the Lakers into a 7-0 performer during his initial campaign.

They'll attempt to extend that victory drive Sunday afternoon by playing host to New Baltimore St. Mary.

A big rivalry being renewed tonight finds Rochester at Utica. The Falcons finished last year without a loss in their last five starts and want to avenge 1965's opening setback to their hosts.

Utica only lost once all season and has some talent returning from that fine team.

Another 1965 one-time loser, Bloomfield Hills, will kick off the current season at 1:30 p.m. tomorrow on the Oak Park gridiron with high hopes for a perfect mark this campaign.

Interesting renewals could be in store for Clarkston, Avondale and Birmingham Groves' fields this evening.

Oxford is looking to shake some losing habits at Clarkston.

Groves has never beaten arch rival Seaholm but may make a good showing if Mike Rafferty's ailng back has responded to treatment.

Avondale has hopes for a productive season but must replace speedy back Bob Coronado who is out for the season after a scrimmage game injury last week. Milford's Redskins provide the opening opposition and are a formidable test.

Celtics Give Coach Help With Veterans

BOSTON (UPI) — The Boston Celtics apparently want to give rookie Coach Bill Russell as much experienced help as possible when the National Basketball Association opens shop this winter.

★ ★ ★

The defending NBA champions picked up their third veteran in a month Thursday when they persuaded former Cincinnati Royals center Wayne Embry to forget about retirement.

★ ★ ★

In return, the Royals received cash and an undisclosed draft choice.

Embry, a 29-year-old musclebman who had announced his retirement Sept. 2 to accept an executive position with a soft drink firm, averaged 15.1 points per game since joining the Royals in 1958 from Miami of Ohio.

Embry's forte was getting under the boards and pushing some of his 6-foot-8, 260-pound bulk around while rebounding.

With Jerry Lucas, he formed a potent 1-2 rebounding combination for the Royals.

Russell, who succeeded Red Auerbach as coach of the Celtics, will be a playing coach.

Although virtually a 48-minute-a-game player in past seasons, he is expected to spend more time on the bench this season while directing the team.

The Embry deal marks Boston's third dip into the trade market since the beginning of August. The Celtics picked up former Duke All-America Art Heyman from New York and added veteran high-scoring forward Bailey Howell earlier this month by sending seven-foot Mel Counts to Baltimore.

Play Four Games in Musial Series

BATTLE CREEK (UPI) — Four games were scheduled today in the second round of the finals of the annual Stan Musial World Series of amateur baseball.

In first round action Thursday Waterbury, Conn., defeated Evansville, Ind., 5-2, and Seattle, Wash., topped Dearborn, 17-7, in a game called after eight innings.

Seattle, the 1960 national champion, jumped off to a 10-0 lead in the first two innings on 11 hits. Dearborn, the 1959 national champ, rallied in the seventh inning for three runs but Seattle put the game away with five more runs in the eighth.

Beloit, Wis., defeated Birmingham, Ala., 4-1, Thursday while Dallas, Tex., fell to Waterloo, Iowa, 5-4 in 11 innings.

3 Skippers in Tie for Yachting Title

STAMFORD, Conn. (AP) — Three skippers were tied for first place after the fourth day of racing Thursday in the international 5.5-meter yacht competition for the United States championship.

The fifth and final race is scheduled for today with 15 to 25 knot winds expected on Long Island Sound.

Scott Allan of the Newport Harbor Yacht Club in California won Thursday's race to become one of the three yachtsmen tied for the lead.

The other two are A. E. Luders of the host Stamford Yacht Club, who finished third, and Ernest B. Fay of the Texas Corinthian Yacht Club, who finished fourth.

Sailing Lead Held

NEWPORT, R.I. (AP) — Karl Stagl of Montreal held a slim lead today with two races remaining in the International Dragon Class sailing series for the English speaking Union Cup.

SPORTS

Grateful Northrup Repays Pilot Skaff

DETROIT (AP) — Jim Northrup wasn't as surprised at hitting his first major league grand slam homer Thursday as he was at getting the chance to hit it in the first place.

Northrup rocketed a Bill Pleis fast ball into the bleachers in right center field during the fifth inning Thursday, carrying the Tigers to an 8-5 victory over the Minnesota Twins.

★ ★ ★

The game-deciding blow came after Norm Cash struck out on a passed ball for what would have been the final out of the inning. Al Kaline and Willie Horton walked, setting the stage for Northrup's blow.

"I don't know if they were pitching away from Kaline and Horton to get to me because Pleis was a lefthander," Northrup said. "But I was surprised when Frank Skaff let me hit.

"I expected he would call in a pinch-hitter but he gave me the sign to get up there and hit away," Northrup added.

GIVEN CHANCE

"It was just my way of showing I had confidence in him," the Tiger manager explained. "I'm not platooning Northrup and Stanley because either of them is poor in a particular situation. I'm just trying to give them a chance because some day they will be regulars.

"I really got my money's worth on that move, didn't I?"

Skaff continued. "You know what he said when he came off the field? 'Thanks a lot, Frank.' "

The triumph gave the Tigers a sweep of the three-game series and moved them 2½ games ahead of the third-place Twins.

The Tigers fell behind four times in the game but battled back to tie the score twice and go ahead twice themselves.

★ ★ ★

Minnesota took the lead for the last time on Harmon Killebrew's disputed home run leading off the fifth inning. The Tigers claimed the high fly was a foul ball.

But third base umpire Emmett Ashford signaled the ball was fair and the argument continued for five minutes.

"He said that in his opinion the ball was fair when it left the park," Skaff said. "What could we say, really? It's his call and that was that."

The homer routed Johnny Podres and Dave Wickersham, came on and held the Twins to two hits after that to gain credit for the victory.

NO DOUBT ABOUT IT — Both Umpire Emmett Ashford and Detroit catcher Bill Freehan (11) are emphatic in commenting on a disputed home run by Minnesota's Harmon Killebrew Thursday at Tiger Stadium. Tigers' Don Wert (right), also, is firm with his observations. Bengals rallied for an 8-5 victory and a sweep of the crucial series.

Classy Field in 'Mile' at Detroit Track

LIVONIA, (AP) — Tom Rolfe, Amberoid and Beaupy head the classiest field ever in the 18th renewal of the $100,000-added Michigan Mile at the Detroit Race Course Saturday.

A field of 11 is expected in the event, actually run at a mile and one-eighth.

★ ★ ★

Tom Rolfe, winner of the Preakness, second in the Belmont and third in the Kentucky Derby in 1965, is top weighted at 127 pounds in this, the first $100,000 race in the state's history.

Willie Shoemaker will make his first appearance in the Detroit area when he rides the Powhatan Stable entry, victor in four of seven starts this year and second in two others.

BELMONT WIN

Amberoid, the Belmont and Wood Memorial winner this year, will be ridden by Benny Feliciano and carry 115 pounds. He's also won two other major events at Aqueduct and has earned $288,212.

Beaupy, winner of three races and in the money seven times in nine starts, is expected to be the front runner. Bob Ussery is expected to ride Beaupy, second to Selari in a race at the same distance at Aqueduct earlier this year.

Bout Is Scheduled

BUENOS AIRES (AP) — Light-heavyweight champion Jose Torres will meet Gregorio Peralta of Argentina in a 10-round, non-title bout here on Nov. 2, it was announced today.

Spilled Jockey Quits

NEW YORK (UPI) — Tommy Burns, steeplechase jockey who was injured in a spill at Aqueduct Thursday, announced his retirement as a rider immediately following the spill.

2nd Round Today

Deadlock in Golf Open

PORTLAND, Ore. (AP) — The Portland Open golf tournament is a free-for-all going into today's second round, but you get the feeling Billy Casper means business.

The leading money winner on the pro tour with $107,715, Casper shot a five-under par 67 Thursday to tie three others for the early lead in the $50,000 event.

★ ★ ★

Although 11 more challengers were within two strokes of the top as the second round began, Casper seemed confident on the 6,436-yard Columbia Edgewater Country Club course.

Bob Goalby, Bill Martindale and Pete Brown were tied with Casper, who was strong on tee and green, but faltered on a hole many birdied.

RARE SLIP

His drive on the 512-yard 14th hole was good, but he left a wood short of the green. He watched his chip stop 20 feet short on a soft green and twoputted for a par five. It was a rare slip as he bid for his fourth Portland Open title. He won in 1959, 1960, 1961.

Casper, Brown and Goalby had rounds of 33-34 on th epar 36-36-72 layout. Martindale scored 35-32. All four had strings of three birdies on a course that offers few hazards for long, straight hitters. Many birdie putts were little more than tap-ins.

Pete Brown	33-34—67
Bill Casper	33-34—67

Stingy Defense of Spartans to Receive Test

North Carolina State Visits East Lansing in Opening Game

EAST LANSING (AP) — The writers who looked at Michigan State's half dozen or more returning football stars and picked MSU to finish No. 2 in the nation were not using a crystal ball.

A crystal ball reader would lose his license if he didn't consider:

—This is Coach Duffy Daugherty's 13th season.

—MSU was the Big Ten's Rose Bowl delegate last year and, according to Daugherty's figures, the last 15 Rose Bowl teams finished an average of fifth in the next Big Ten season.

—Big Ten sportswriters picked the Spartans to win the league title again, and they have been right only once in 13 years.

★ ★ ★

Forget the crystal ball, but remember the defense, when MSU opens its season against North Carolina State at East Lansing Saturday.

Last year's MSU squad, which went undefeated and held No. 1 rank in the nation until its 14-12 loss to UCLA in the Rose Bowl, was stingy enough to hold three opponents— Michigan, Ohio State and Notre Dame — to minus rushing yardage.

BIG END

Five of the seven front-liners on that defense didn't return, and this year's line averages less than 210 pounds a man if you don't count returning standout end Bubba Smith, a 283-pounder.

Smith isn't the only strong defender. Daugherty has cocaptain George Webster at rover back, Charles (Big Dog) Thornhill at linebacker and Jesse Phillips at safety.

★ ★ ★

But on both offense and defense, Daugherty worries about what happens if one of his stars is injured.

"This fall's team will have less depth than any in recent history," he said.

"We'll need the same kind of luck (as last season), especially freedom from injuries to top players," Daugherty added.

Returnees on offense include end Gene Washington, who caught 40 passes for 638 yards and four touchdowns last season, and halfback Clinton Jones, who led MSU in rushing with a 4.8-yard average in 165 carries.

HAWAIIAN DUO

Also back is MSU's "Hawaiian Punch" — fullback Bob Apisa, who has recovered from a knee injury suffered late in 1965, and barefooted place kicker Dick Kenney.

At quarterback is Jimmy Raye, a speedster who played only 55 minutes last year as relief man to All-America Steve Juday, but ran for 192 yards in 28 carries — an 8.8 average. His passing is unproven.

3 Local Golfers Lead Tourney

Three Pontiac golfers led the field of the two-month-long March of Dimes golf tournament that concluded this week.

In the men's division a Pontiac trio Jim Johnson had a net 64, followed by Don Erskine with 68 and Gary Page with 70.

Mrs. Everett Boyer of Pontiac finished 3rd in the women's division with a net 78.

The tourney drew 1,800 entries at courses throughout the county.

Dodgers Pad Lead Over Pirates, 5-3

By the Associated Press

Give the Los Angeles Dodgers a mile and they'll take an inch — all the way to the bank.

The Dodgers, walking the wire toward another National League pennant, danced to a five-run lead in the first inning of Thursday night's series opener against Pittsburgh but were teetering at the finish of a 5-3 victory that sent them 2½ games ahead of the runner-up Pirates.

* * *

Don Drysdale threw a three-hitter at the stumbling Bucs for 8 2-3 innings, then threw a scare into the Dodger Stadium crowd of 50,599 with successive home run pitches to Roberto Clemente and Willie Stargell before Phil Regan came out of the bullpen to nail the final out.

It was the Dodgers' seventh straight victory and their 12th in 14 games. Few have come easy, but they wouldn't have it any other way.

BIG INNING

After rocking Vern Law and reliever Billy O'Dell for four hits in the five-run first, the Dodgers collected three more hits the rest of the evening.

Drysdale, however, overpowered the Pirates, retiring the first nine men he faced and setting down 13 in a row after Bob Bailey's fifth-inning double. But, when he threw change-ups to Clemente and Stargell in the ninth, they wound up in the seats.

Regan ended the bid with one pitch, retiring Dom Clendenon on a fly ball to protect Drysdale's 10th victory against 16 setbacks.

Third-place San Francisco moved within one-half game of Pittsburgh by trouncing the New York Mets 10-4 and Chicago whipped Atlanta 8-2, snapping the Braves' winning streak at eight, in the only other NL games.

Dick Schofield, a former Pirate acquired by Los Angeles from the New York Yankees last week-end, started the Dodgers' first-inning binge with a one-out single. After Law retired Willie Davis, Fairly and Jim Lefebvre singled for one run and Lou Johnson doubled another across, chasing the Pirate starter.

* * *

O'Dell walked John Roseboro, filling the bases, and the third run scored when shortstop Gene Alley booted Wes Parker's grounder. Drysdale bounced to third baseman Bailey, but Parker beat the throw to second as Johnson crossed the plate. O'Dell then balked the fifth run home.

* * *

The Pirates scored in the fourth on Matty Alou's single and a double by Stargell, but Drysdale had no further trouble until the ninth.

The Giants buried New York under a 14-hit attack that included two homers by Tito Fuentes and another by Jim Hart, while Bob Bolin scattered eight Met hits and squared his record at 10-10.

Cassius Clay Inks Contract

Champion to Defend Crown in Astrodome

HOUSTON (AP) — Cassius Clay, saying he wants to be the busiest heavyweight champion in history, has officially signed a contract to defend his title for the fifth time this year.

Clay and Cleveland Williams of Houston, signed Thursday to meet in a 15-round title match Nov. 14. The signing took place in a ring in the center of the baseball field of the Astrodome where the fight will be held.

* * *

It will be the first boxing match in the multi-purpose, air-conditioned domed stadium, which will seat 66,000 for the fight. Promoters claim the fight will break the indoor attendance record for a fight and also the top money mark paid to see an indoor bout.

"I want to be the fightingest champion in history," Clay said at a news conference following the signing. "I want to give everybody a shot at the title."

* * *

The five defenses in one year will place Clay second only to Joe Louis, who put his crown on the line seven times in 1941.

Clay repeated his boast that he would retire anytime he was beaten but declined to make a prediction about the fight.

Northern Harriers in Successful Debut

Pontiac Northern opened its crosscountry season with a 16-41 triumph over Inter-Lakes League foe Livonia Stevenson Thursday at Cass Benton Park.

* * *

The Huskies took the first four places, led by Mark Cook's 10:51 winning time. Lawrence Carter, Gene Santos and Mark Kay were two-three-four. The hosts John Gore prevented a blanking by taking fifth place.

* * *

The PNH reserves also prevailed, 19-40, led by Denny Davis.

CANDY FOR THE LIONS — David Blum (87), 204 S. Tilden, presents a box of candy to Detroit Lions' captain Alex Karras (71) while Wayne Rasmussen (47) and Bob Kowalkowski of the Lions look on. David is a member of the Lakeland Lakers team in the Suburban Midget Football Conference. The Lakers, plus league members in Walled Lake, Royal Oak, Troy, Clawson and Madison Heights are currently conducting their annual candy sale to defray the operating and equipment costs of the little league grid program.

State Small Elevens in Action

By the Associated Press

Ten more of Michigan's small college football teams join the three major schools in opening the season Saturday with two of them hoping for victories for widely different reasons.

Albion, owner of the state's longest winning streak with seven straight victories, opens at Wheaton in a night game.

Ferris State, which hasn't tasted victory since a 13-3 triumph over Ohio Northern in the 1963 season finale, plays host to the same team in another night encounter.

Oregon State is at Michigan, North Carolina State at Michigan State and Lamar Tech at Western Michigan in the state's major games.

Michigan Tech is at Alma, Grand Rapids J. C. at Northwood, and Olivet at Franklin in day games, while Marietta is at Hillsdale, Manchester at Adrian, Augustana at Hope and Eastern Michigan at Findlay in night season openers.

In addition, Central Michigan will attempt to get back on the winning track when it plays host to Youngstown in an afternoon game and Northern Michigan goes after victory No. 2 in a night game at Akron.

Albion held the longest unbeaten streak in the Midwest last year only to see it snapped when Wheaton took a 21-14 decision. The Britons went on to win their second straight MIAA championship and finished with a 7-2 mark.

Ferris, which played two ties in 1964 and lost all eight of its games last year, will field a relatively young team with Muskegon freshman Chuck Allard and Owosso senior Walt Haskins expected to share the quarterbacking chores.

Eastern Michigan, where Ed Mass leads a strong field of quarterback candidates, will be playing the first of two straight road games. The Hurons do not play at home until Oct. 1 against Kentucky State.

Hillsdale has a slim 33-32-8 edge in season openers in its history but has been 9-2-1 since Muddy Waters took over as head coach. The Dales defeated Marietta 19-7 last year.

Western Michigan will be facing Lamar Tech—Winner of the Southland Conference Championship last year—for the first time.

The Broncos are headed by veteran quarterbacks Ron Seifert and Jim Boreland, both juniors. Seifer was the Mid-American Conference's second-best quarterback in completions last year.

Coach Bill Doolittle has come up with a number of formidable reserves in rebuilding the interior and defensive line which was weakened by graduations.

Eight to Join Football 'Hall'

Tributes Are Planned for Ex-Pros

CANTON, Ohio (UPI)—Eight new members will join the elite of professional football this weekend during the fourth annual enshrinement at the National Professional Football Hall of Fame.

* * *

The Hall of Fame building is the termination point of a large parade in which the new members will ride in open cars amidst floats in view of about 100,000 persons Saturday.

The new members, who will raise the total to 39 enshrined, were Joe Guyon, former halfback with the old Canton Bulldogs and New York Giants; Arnie Herber, halfback with Green Bay and the Giants; George MacAfee, former Chicago Bears halfback; Steve Owen, long-time coach of the Giants.

* * *

Hugh (Shorty) Ray, National Football League official; Clyde (Bulldog) Turner, center with the Chicago Bears; Bill Dudley, great halfback with the Pittsburgh Steelers and Detroit Lions, and Walt Kiesling, long-time player with many NFL teams and former Steeler coach.

Owens, Ray and Kiesling are deceased, but representatives will be here Saturday to accept the tribute in their name.

Ex-Lion Joins New York Giants

NEW YORK (UPI) — Defensive back Dick Lynch was placed on the disabled list Thursday and will be lost to the New York Giants for the next four games. Lynch suffered a spinal injury in the Giants 34-34 tie with Pittsburgh last Sunday. Dan Lewis, an ex-Detroit offensive back, was added to the Giants roster.

Jet Auto Stops By

Drag Car on Goodwill Tour

By FLETCHER SPEARS

Hanging from the sleek body of Fred Sibley's jet dragster is a sign: 'Help Wanted.'

It's one of several small signs Sibley places on the dragster when it's on display. All of the others warn the curious to keep 'Hands Off.'

The dragster's one of several owned by Walter Arfons Enterprises of Akron, Ohio.

Sibley, one of several drivers working with the Arfons' organization, was in Pontiac with his jet auto yesterday for a brief stop before heading to Motor City Dragway where he made a benefit appearance last night.

* * *

Proceeds from the show last night went to a driver friend of Sibley's, Doug Rose, who lost both legs in an accident July 4 when his Green Monster racer went out of control and hit the guardrail.

LOSES LEGS

The guardrail sheared off the nose of the auto, at the same time slicing off both of Rose's legs. There was no insurance money, so the money from last night's performance was to be used in fitting Rose with artificial limbs.

* * *

The 32-year-old Sibley, married and father of three children, is a member of that breed of racers who get their kicks and make their living on the drag strips.

Sibley's 'Help Wanted' sign may or not be a joke. Either way, there's no long-line of applicants.

The hours are good. Sibley works about 18 seconds a night. He gets $750 for an appearance.

For the money, Sibley crawls into the front end of a needle-nosed, 3,480-pound jet dragster, turns on the jet engine that develops 10,000 pounds of thrust and skims along a quarter-mile track three inches from the ground an almost 300 miles an hour. He makes three runs. Each takes about six seconds.

GREAT REFLEXES

"You need great reflexes," says Sibley. He might have added, "and nerve."

Sibley has been racing for 15 years. "I've ridden everything from a go-cart to the jet dragster," he said.

The Elkhart, Ind., native is in a different city every week with his dragster. Last week it was Bowling Green, Ky., and then Huntington, W. Va. Next week he'll be in West Salem, Ohio.

From a dead start, Sibley zooms to 295 miles an hour in 1,380 feet. He uses a couple of parachutes along with normal brakes to bring the vehicle to a halt.

Sibley has no idea how fast the car will go.

"It'll go 295 when it isn't even breathing hard," he said.

Bears, Rams Meet Tonight

LOS ANGELES (AP) — The Chicago Bears, stung by defeat in the first regular season game, and the Los Angeles Rams, a winner, meet in a National Football League game tonight and the pressure presumably is on the visitors from the Windy City.

Fifty-thousand or more are expected in Memorial Coliseum for the 8:05 p.m., PDT, kickoff.

* * *

Sharing top billing with the players is the feud between the Bears' 70-year-old owner-coach, George Halas, and his former chief aide and now head coach of the Rams, George Allen.

The two parted company in a storm of controversy last January. Halas accused the Rams of pirating his assistant and filed a breach of contract suit against the 43-year-old Allen.

Erect Scoreboard as Grid Memorial

EAST JORDAN (UPI)—A scoreboard at the East Jordan football stadium will be erected in honor of William J. Taylor III, the first Northern Michigan man to lose his life fighting in Viet Nam.

Taylor, son of Mr. and Mrs. William Taylor, was active in high school sports and Little League baseball.

What should you ask of a bottle of whiskey?

Taste that suits you. Flavor that mixes well. Quality you can be proud to serve to anyone . . . a any time.

We don't think that's too much to ask.. That's why we make Seagram's 7 Crown the way we do. Which could be the reason it's the most popular whiskey in the world.

Seagram's 7 Crown
The Sure One

Seagram Distillers Company, New York City, Blended Whiskey, 86 Proof. 65% Grain Neutral Spirits.

Canadien Signs

MONTREAL (AP) — Right winger Bobby Rousseau, leading scorer for the champion Montreal Canadiens last season, has signed his 1966-67 contract with the National Hockey League Club. Rousseau had 30 goals and 49 assists in 1965-'66.

BASIC INTRODUCTION—Comedian Dick Van Dyke did a movie sequence recently at a California bowling establishment. Van Dyke apparently thought a preliminary meeting of the ball and a pin might improve his scoring potential.

By JERE CRAIG

Yes, Kay is at Airway! Frank Benning lost count of the times he had to answer the question last weekend.

The problem arose as a result of a story in last Friday's special Press bowling section that announced the appointment of Jim Rutkowski at Airway Lanes.

Jim was listed as an assistant manager at Airway, a post the popular Kay Rourke has held since the establishment opened.

Although the story included a mention that Mrs. Rourke still holds her position at the establishment, many of the readers apparently didn't notice it and were concerned about Kay's whereabouts.

Benning disclosed he's never had so many telephone calls about the same subject.

Happily, let it be known that Kay retains her responsibilities as Benning's general assistant. Rutkowski will concentrate on instructing and running the pro shop. He also is very interested in stimulating league bowlers to contribute to the Steve Nagy Fund.

* * *

Benning reports interest is growing in an afternoon ladies' classic league at Airway for women with 145-or-better averages. Neoma Johnston is arranging the league details.

RECUPERATES

Mel Moore, longtime manager of Fairgrounds Bowling in Milford, is recuperating in Room 425A at Pontiac General Hospital after surgery on his gallbladder.

Wife Dorothy, a business partner for 18 years at Fairgrounds and a marital mate for 88 years, reports that Mel, 59, is recovering well and hopes to be home this weekend.

Dorothy is picking up the counter duties while Chuck Heimke will oversee the mechanical items for Mel who won't return to work for at least another month.

He entered the hospital Sept. 6, the couple's wedding anniversary, and the surgery was done two days later.

It was almost two years ago that Mel suffered a heart attack that led to his wife's increasing her dual responsibilities.

* * *

Here's wishing a steady, complete recovery to Mel, and a sincere salute to dedicated, industrious Dorothy.

Check Injuries

BOSTON (UPI) — Catcher Mike Ryan and infielder Eddie Kasko of the Boston Red Sox will undergo special back examinations today to determine the extent of their current injuries.

Orioles Find Limited Help

By the Associated Press

Forgive Hank Bauer for his furrowed brow.

Sure, Baltimore is winning games again and edging closer to its first American League pennant, but Bauer's still frowning.

The Orioles reduced their magic number for clinching the flag to seven Thursday night with a 2-0, 4-3 sweep against California but the heroes were a pair of players who won't be able to help Bauer against the National League champions next month.

Rookie Tom Phoebus, making his first major league start, pitched the four-hit shutout in the first game, striking out eight. He was brought up from Rochester of the International League after Aug. 31 and is ineligible for the World Series.

PINCH SINGLE

Veteran Charley Lau, who has spent most of the season on the disabled list, delivered a pinch single that drove in the winning run in the bottom of the ninth in the nightcap. He was added to the active roster after Aug. 31 and also will watch the Series from the sidelines.

The double victory ended a four-game Oriole losing streak but the lame duck heroes left Bauer less than ecstatic.

He wasn't the only one unhappy in the American League Thursday.

* * *

There was Sonny Siebert, who allowed only four hits and went all the way for Cleveland, but lost a 1-0 toughie in 11 innings to Kansas City.

The winner? Wes Stock . . . one of seven pitchers who shared the shutout for the Athletics. The Indians outhit the A's 10-4, but Kansas City scored the only run.

YANKS RESCUED

New York Yankee Manager Ralph Houk couldn't have been too happy over the prospect of falling into last place after dropping the opener of a double-header to Washington 5-4. Rookie Stan Bahnsen rescued the Yankees from that indignity by beating the Senators 10-5 in the nightcap.

Carl Yastrzemski's 1,000th major league hit highlighted Boston's four-run second inning and helped the Red Sox to a 5-4 victory over Chicago. It was Boston's eighth straight triumph over the White Sox in Fenway Park and Eddie Stanky wasn't smiling over that.

Consecutive homers by Brooks Robinson and Curt Blefary gave Phoebus his victory in the first game. The homers came in the sixth inning against loser Dean Chance.

Two Bowlers Near Record

AKRON, Ohio—With just two more PBA tournaments remaining on the 1966 schedule, Dick Weber of St. Louis and Atlanta's Wayne Zahn continue inching forward in their quest to break Don Carter's official one-year earnings record of $49,972 set in 1962.

Weber leads the 1966 PBA money race with $48,255, including $330 for a 21st-place finish in New Orleans last weekend. Zahn finished 11th in New Orleans and picked up a check for $800 to bring his 1966 official earnings to $44,670 and remains second behind Weber.

The pros take a several-week break now to prepare for the 1966 PBA National Championship at Garden City, Long Island, Nov. 1-6. First place in the National Championship will pay $10,000, with $5,000 going to the runner-up.

1. Dick Weber, St. Louis	$48,255.00
2. Wayne Zahn, Atlanta	$44,670.00
3. Dave Davis, Phoenix	$28,466.00
4. Bob Strampe, Detroit	$23,380.00
5. Les Schissler, Denver	$21,620.00
6. G. Rhode, Valparaiso, Ind.	$18,390.00
7. Bobby Jacks, New Orleans	$17,435.00
8. Nelson Burton Jr., St. Louis	$17,230.00
9. John Guenther, Seattle	$16,397.50
10. Harry Smith, Redwood City, Calif.	$16,180.00
11. Pete Townlas, Tucson	$15,820.00
12. Don Johnson, Kokomo, Ind.	$15,805.00
13. Bill Lillard, Dallas	$15,360.00
14. Dave Soutar, Detroit	$14,838.00

Airway Classic Has Top Totals

Good Scores Posted at Huron, West Side

Airway Classic League bowlers outshone the keglers in the West Side and Huron classics with some highly respectable scoring Tuesday night.

Bob Angell was top man, getting a 289—683 combination. His chief competition came from Don Ogg (250-257—676) while Joe Bonfiglio had 664.

Keith's Collision hit a 3098 team series, followed closely by Wonderland Lanes' 3081.

Monday night at West Side, Ed Gibbs posted 245-224—667. Don Pennell hit a 256 and the North Hill Lanes squad reached 3084 in winning eight points. The house team had a 1093 game.

At Huron Bowl last Friday, defending champion Herk's Auto Supply started off in first place by taking eight points. Individually, Don Martell was best with 248—650. Joe Foster recorded 232—649 totals.

Controls Are Urged to Guard Kangaroos

By Science Service

SYDNEY, Australia — An American conservationist has advised Australian government controls to protect the country's kangaroo industry.

Government control would develop and stabilize the industry, and protect the kangaroo from uncontrolled slaughter, Dr. R. E. Dasmann, senior associate in the American Conservation Foundation, Washington, told a wild life seminar in Adelaide.

Maintenance of the kangaroo meat and hide trade is, in the long run, important for the conservation of the kangaroo itself, he said.

Only if the economic value of the meat and hide trade is recognized, is it likely that the kangaroo will be protected from uncontrolled shooting as a resource of some value to the nation.

★ ★ ★

"But the industry is so unstable, it is a very risky thing for private enterprise to tackle," he said.

Consensus of the seminar was that state governments should handle marketing of the meat and hides, thus bringing in a substantial income to the government.

The harvest of kangaroos could thereby be kept at a level the population could support.

Government control of skinning and preparation of the meat would ensure the production of high-quality meat.

"I think this type of approach would do much not only to protect the kangaroo as a species but to stabilize the industry and bring some revenue into the state faunal departments," Dr. Dasmann said.

Pass	Pass	Pass	

Opening lead—♦ 10

By OSWALD AND JAMES JACOBY

South counted eight top tricks. He also assumed he would make a ninth trick with dummy's king of spades. His problem was to find a tenth trick somewhere. One possibility was his fourth diamond. If diamonds broke 3-3 he could simply set it up, but it looked as if West had opened a short diamond suit so South decided not to count on that.

JACOBY

He was looking at four sure trump tricks. There were two ways that he could make a fifth. One way would be to ruff two of dummy's clubs in his own hand. The chief risk would be if West held only two clubs. (South would have to ruff the first club with his seven of trumps.)

South decided against that play. The alternate play was to ruff a diamond in dummy. Since South had assumed that West was short in diamonds there would be no danger of an overruff by East but an uppercut by West might prove embarrassing.

South finally decided to go after the diamonds. He won the first diamond in his own hand and promptly led a diamond back to dummy's ace. A third diamond was won by East.

West discarded the queen of spades and East led a spade to his partner's ace. A spade continuation was won by dummy's king. South came to his own hand with the king of clubs and led his last diamond.

West forced dummy's king by ruffing with the six spot but it did the defense no good. South played out his three top trumps. Then he led a club to dummy's ace and ruffed a club with the seven of hearts.

East used his high trump to ruff his partner's good spade.

♠♥ CARD Sense ♦♣

Q—The bidding has been:

West	North	East	South
1 ♦	Dble	2 ♣	
3 ♥	3 ♠	4 ♥	4 ♠
Pass	Pass	5 ♥	Pass
Pass	Dble	Pass	?

You, South, hold:
♠ Q J 10 9 7 5 ♥ 5 ♦ Q 3 2 ♣ 8 5 4

What do you do?

A—Remember the bid of two spades? If partner understands what it showed you trust his judgment and pass.

TODAY'S QUESTION

You pass. West redoubles. North and East pass. What do you do now?

Answer Tomorrow

The Chinese were the first to produce objects made of cast iron. Cast-iron objects have been found, there which date back to 513 B.C., according to the Encyclopedia Britannica.

Retail Sales Show a Drop

WASHINGTON (AP) — The Commerce Department said Thursday retail sales dropped almost 9 per cent during the week ended Sept. 10. The week included the Labor Day holiday.

★ ★ ★

Estimated sales at $5.488 billion were 9 per cent above the comparable week last year, which also included Labor Day.

★ ★ ★

Sales of durable goods totaled $1.616 billion and nondurables $3.872 billion.

Crash Injuries Fatal to Woman

LANSING (AP) — Lydia Morrow, 75, of Lansing was injured fatally Thursday in a two-car smashup on M43 in Eaton County. Her husband, Fred, 81, was hospitalized at Lansing in fair condition. Driver of the other car, Miss Nancy Leak, 19, of Lake Odessa suffered minor injuries.

Astrological Forecast

By SYDNEY OMARR
For Saturday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 - Apr. 19): Your chance to perceive truth is enhanced. Be persistent, courageous, if you live up to principles you represents real achievement. Give your best . . . and you get the best.

TAURUS (Apr. 20 - May 20): Changes possible where partnerships, legal matters are concerned. Be ready, alert. Keep mind open to creative suggestions. Get sufficient rest in evening.

GEMINI (May 21 - June 20): Home, domestic conditions accented. Your ability to work out intelligent program is highlighted. Best to accept cooperation offered. Don't try to go it alone.

CANCER (June 21 - July 22): Children could require some attention. Concentrate on creative approach . . . investigate meaningful hobbies. Day features pleasure, romance, self-expression.

LEO (July 23 - Aug. 22): Now you can push ahead to complete essential tasks. Further delay only complicates affairs. Know this and act accordingly. Best course one of reliance upon past experience.

VIRGO (Aug. 23 - Sept. 22): Accent dealings with relatives. Take journey if necessary. Be ready to go anywhere to accomplish mission of harmony. Then you won't have cause for regret later.

LIBRA (Sept. 23 - Oct. 22): Fine time to pay and collect debts. Keep eye on possessions. Seek out genuine bargains. Don't believe fantasies . . . do insist upon FACTS.

SCORPIO (Oct. 23 - Nov. 21): Utilize intuitive intellect. Follow through on hunch . . . then circumstances favor your best efforts. You can shine at social affair tonight.

SAGITTARIUS (Nov. 22 - Dec. 21): Clandestine meeting, agreement indicated. Be ready to utilize alternative method. Key is being versatile, ready for surprises. Keep senses attuned.

CAPRICORN (Dec. 22 - Jan. 19): Unusual procedure rings bell of accomplishment. Friends ready, willing to aid. Don't permit pride to stand in way of progress.

AQUARIUS (Jan. 20 - Feb. 18): Career potential can be profitably discussed. Express confidence. Realize your own worth. Be a little selfish if necessary to accomplish basic aim.

PISCES (Feb. 19 - Mar. 20): Add to knowledge. Consolidate facts. Information. Find out where you are going and why. Love, money, health emphasized. Highlight domestic tranquility.

★ ★ ★

IF SATURDAY IS YOUR BIRTHDAY . . . you are capable of handling responsibility. You are a natural organizer . . . are capable of helping others find their proper niche.

★ ★ ★

GENERAL TENDENCIES: Cycle high for SCORPIO, SAGITTARIUS. Special word to VIRGO: Finish essential tasks. No more delay!

"Sorry we can't make the loan, laddie, but as I said—money's a wee bit TIGHT now!"

BOARDING HOUSE

OUT OUR WAY

Hospitals Due Survival Kits

Emergency Items to High-Risk Locations

By Science Service

WASHINGTON—Medical supplies that will take care of the critical needs of disaster victims for 30 days are to be placed in the nation's hospitals by the U.S. Public Health Service.

Also, Packaged Disaster Hospitals, formerly assigned to the Office of Civil Defense, but the responsibility of the Public Health Service since 1962, will be transferred from 2,600 locations throughout the United States to community hospitals in high-risk locations. Each package contains 200 Army cots, a water tank and other emergency items.

Dr. Henry C. Huntley, chief of the PHS division of health mobilization, said that any massive disaster, whether brought about by a weather catastrophe or a nuclear attack, would create a strain on available medical resources.

Close coordination between the local Civil Defense organization and the local medical community is therefore being encouraged.

★ ★

Salvaging of items that cannot be kept on the shelf indefinitely will be a prime advantage of the new approach, inasmuch as hospitals can rotate such expendable material.

Senators Pick Douglas, Hart

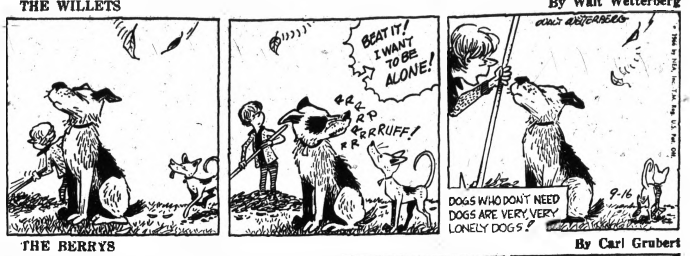

WASHINGTON (AP) — The Great Lakes Conference of Senators announced Thursday the election of Sen. Paul Douglas, D-Ill., as its chairman and Sen. Philip A. Hart, D-Mich., as vice chairman.

The group, at a meeting called by Sen. William Proxmire, D-Wis., chose Douglas as a successor to the late Sen. Patrick V. McNamara, D-Mich.

Rally Struggles

Market Gains Being Trimmed

NEW YORK (AP) — The stock market struggled to continue its rally into a sixth straight session but gains were being trimmed early this afternoon as pre-weekend caution prevailed.

The market was mixed at the opening and soon afterward developed a generally higher trend despite profit taking both on glamor stocks and blue chips. The list began to ease off after about an hour, however.

Even so, the Dow Jones industrial average by noon could show a gain of 2.68 at 816.98.

Some of the strength was linked with precautionary short covering — that is, the selling of stock borrowed to effect short sales in the hope of profiting by buying replacement stock at lower future prices. This is typical profit taking when the major trend is downward, and it is so regarded despite the recent sharp rallies.

SMALL GAIN

The Associated Press average of 60 stocks at noon held a small gain of .3 at 294.0 with industrials up 1.9, rails off .4 and utilities off .6.

Prices advanced in moderate trading on the American Stock Exchange. Puerto Rico Telephone rose 3, O'Okiep Copper and Zapata Off-Shore nearly 2 each. Gains of a point or better were made by Duval Corp., Esquire, Solitron Devices and Inflight Motion Pictures. National Video sank about 2½. Down about a point were Williams Brothers and Syntex. Fractional gainers included Canadian Superior Oil, Silicon Transistor and Dom Petroleum.

14 State Candidates Blast Away at Meeting in Lansing

LANSING (AP) — The 14 political candidates who agreed to appear before the State Chamber of Commerce didn't agree on very much else.

Two candidates for governor disagreed on state finances. Two aspirants for attorney general argued about pretrial publicity, and a pair of would-be secretaries of staet clashed over how well Michigan's traffic violation point system works.

Although warning the state and nation are going through "a period of inflation and uncertainty," Gov. George Romney pointed with pride to a state treasury surplus as of last June 30 of $167.5 million.

His Democratic opponent, Zolton Ferency, Thursday pointed to that same surplus, but critically. He said Romney should have spent more of it on education, mental health and water pollution control.

TAX REFORMS

Ferency and Romney both said they would, if elected, submit tax reform proposals to the Legislature. Ferency indicated he might seek a state income tax.

"If elected," he said, "I will submit a tax reform program to the Legislature which will provide as much graduation as possible within the flat-rate limitation." The State Constitution prohibits a graduated tax.

Ferency did not specifically promise to ask for an income tax, but he did say: "A three per cent flat-rate personal income tax with a $1,000 or higher exemption per person would permit some graduation."

He also said that, if necessary, he would lead a petition drive to change the constitutional ban on the graduated tax.

Attorney Gen. Frank Kelley clashed with the Republican candidate for his job, Lawrence Lindemer, over Kelley's statements to newsmen about alleged illegal meat processing in Kent County.

Kelley told a news conference Monday that five men had been arrested in connection with what he termed an operation involving illegal sale for human consumption of meat from animals not killed in licensed slaughterhouses.

Lindemer, accusing Kelley of "operating his office by press release," said the five defendants might now be able to help their case by pointing to Kelley's "pretrial publicity."

Replied Kelley: "If any case that my office has handled so far has been upset because of pretrial publicity, I'd like to hear about it. If any one of the 575 formal opinions I have issued has been overturned by an appellate court, then I'd like to hear about that."

POINT SYSTEM

Republican George Washington, meanwhile, said the major issue in his race against Secretary of State James Hare would be whether the state's driver violation point system is currently well administered.

Washington charged too many bad drivers are still on Michigan roads and the State Department is too slow in learning of court convictions of traffic law violators.

Hare agreed there were too many bad drivers, but said it wasn't his fault. He said his department was not responsible for making sure persons with revoked licenses didn't drive, and he said many of Michigan's bad drivers are in this category.

Hare called again for a system under which police who ticketed a motorist would take his license at the time, issuing him a temporary driving permit which would expire on his court date.

JUDGES CLASH

Another session of the conference produced a debate pairing two Supreme Court justices who were nominated by the Democrats against a Supreme Court candidate endorsed by the GOP.

Challenger Thomas Brennan, a Wayne County circuit judge, said the high court too often divides on an issue along partisan lines. He said a judge "should be outside of, beyond and above partisan politics."

* * *

Chief Justice Thomas Kavanagh and Justice Otis Smith said legal disagreements on the Supreme Court bench stemmed not from politics but from differing judicial philosophies and the individualism of the justices.

"They are strong men," Kavanagh said. "They come from all areas of life and they express their opinions vehemently. As a result this court has won recognition across the country as one of the best in the nation."

FINAL SPEAKER

U.S. Sen. Robert Griffin, R-Mich., was the final speaker Thursday. He said "Washington sources" predict "wage and price controls are coming right after the election. . .and I am sure it is no news to you that a whopping increase in income taxes is going to be urged by the administration—again, right after election day."

This did not provoke a debate because Griffin's Democratic opponent, G. Mennen Williams, was not there. Williams still is recovering from a kidney operation.

Who's LBQ?

Zolton Retaliates

LANSING (AP) — Democratic gubernatorial candidate Zolton Ferency might never forget a name but he has trouble remembering initials.

During a Labor Day visit to Detroit, President Johnson mispronounced Ferency's name.

In an aside to the Michigan State Chamber of Commerce yesterday Ferency referred to Henry Ford II's backing of Johnson during the 1964 presidential campaign. He said:

"Henry Ford's concerned with disposable income. I imagine that's why he backed LBQ."

Sean Connery or Not, 007's Number Isn't Up Yet

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — Whither James Bond? The world's No. 1 secret agent is likely to continue his cinema strife with Smersh even though Sean Connery intends to turn in his beretta pistol.

THOMAS

That's the report from the improbably named Cubby Broccoli, who should know. Together with Harry Saltzman, he produces the fantastically successful Bond sagas, and it's not likely that they or United Artists will kill their golden sleuth.

* * *

Broccoli (real first name: Albert) is a rotund New Yorker who worked in and around the movie business here but couldn't convince anyone he could produce movies. He had to go to England to prove it! And his Warwick Productions pioneered American filming in Europe.

But Broccoli didn't come into full flower until he combined with Saltzman to produce "Dr. No" with a little-known Scottish actor, United Artists, concerned about the investment, trimmed his budget to under a million dollars.

FIFTH FILM

The producer has now just returned from Japan, where he oversaw locations for the fifth Bond film, "You Only Live Twice," which will cost a shade under $8 million.

"I don't think United Artists is worried about the cost," understated Broccoli, who calculates that the first four films have collected $150 million.

Continuance of the series has been questioned because of the intransigance of the star. Connery has expressed concern that Bond will overwhelm his acting career and render him incapable of portraying anything else.

* * *

"I don't think Sean is unhappy now," said Broccoli, adding with a rueful grin, "At least he hasn't been issuing any statements about the 'fat producers.'

"He was very cooperative on the Japan location, and I think part of his contentment is because this is his last Bond picture for us. Or at least that is what he says. Well, if he is tired of playing Bond, it's his privilege to make this his last one. Maybe it's my last one, too."

QUIT AT TOP?

Can the last statement be taken seriously? Broccoli mused that it might not be a bad idea to quit at the top, "like Rocky Marciano." But box-office champions don't retire and it's probable that Broccoli-Saltzman will continue running through the remainder of the Ian Fleming novels.

* * *

"If Sean does quit and we continue the series," said Broccoli, "we would get another unknown. That is the essence of the films' success — that the actor assumed the identity of James Bond. After all, Batman is Batman, not a well-known actor assuming the role."

With or without Connery, the producer is confident that James Bond will continue to occupy the world's fancy.

Today in Washington

To Probe Eavesdropping

WASHINGTON (AP) — A Senate subcommittee will investigate the possibility of American Telephone & Telegraph Co. employes monitoring confidential telephone conversations of government officials.

Sen Edward V. Long, D-Mo., the subcommittee chairman, made the announcement Thursday. His panel is investigating wiretapping and eavesdropping.

* * *

Robert B. Conrad, acting commissioner for transportation and communications in the General Services Administration, testified Thursday that AT&T had been conducting "service observing" on the government's vast telephone communications system since 1963.

Conrad said agencies using the system included the Central Intelligence Agency, the Federal Bureau of Investigation and the State, Justice and Treasury Departments. He added that the Defense Department had its own communications system.

NO MONITORING

Although Conrad explained that service observing did not include the monitoring of telephone calls, Long said there is a possibility that AT&T employes could overhear government conversations.

But Conrad said telephone company observers work with coded lines and have no way to identify the agency originating calls. He said operators check the calls from the time they are dialed until the correct number has been reached, then disconnects.

WASHINGTON (AP) — Undersecretary of Commerce Alan S. Boyd says it will take time to issue intelligent auto and highway safety regulations.

"You just can't do that overnight," he said at a news conference Thursday after the second meeting in two days to implement the highway safety law signed last Friday by President Johnson.

Boyd said, however, that guidelines for state highway safety programs will be drawn up as quickly as possible. Under the law, a state could lose 10 per cent of its federal highway aid if it does not have a safety program approved by the federal government by Jan. 1, 1969.

Boyd asked state and local officials attending Thursday's meeting to submit their suggestions for guidelines to the department as soon as possible.

TELL AMOUNT

Boyd also said the department expects within several weeks to tell the states how much federal money each can expect under the safety program for the fiscal year ending next June 30. The $55 million to be distributed this year must be matched on a 50-50 basis by the states.

Special 'Bugs' for LBJ Cars

WASHINGTON (AP) — President Johnson's limousines are bugged—in reverse. He can hear people along the curb but they can't hear him.

There's no "big brother" tactics in installation of tiny microphones—just heads-up politics.

★ ★ ★

If special measures weren't taken, Johnson could drive for miles through crowded streets in the air-conditioned presidential limousines and—with the windows rolled up—never hear a cheer.

For any politician—and they all crave popular approval—silence is perhaps the unkindest cut of all.

OUTSIDE TALK

But knowing what people say on the outside is particularly important to Johnson. He makes a habit of popping out of his car along motorcade routes for unscheduled speeches and handshaking sessions and he doesn't want to make this effort if the people along the way are unenthusiastic.

If he hears cheering and shouts of approval, he knows he'll get a good reception.

★ ★ ★

In 1964 when the White House got a new bubbletop limousine, tiny microphones were mounted inconspicuously on the outside to pick up crowd noises and transmit them to the insulated interior.

In a busy campaign, however, this particular vehicle—the only one of its kind in the world—can't be everywhere. If Johnson rides in four motorcades in one day, he's lucky if the big bubbletop is on hand for two of them. Cars can't be carted around the country as quickly as people.

2ND LIMOUSINE

Because the President often must drive through crowds in another, less well-equipped car, a second White House limousine has been outfitted to listen to the crowds. This is a bullet-resistant Cadillac he regularly uses in Washington.

Technicians still are experimenting with the apparatus just installed in this vehicle. It may be ready for Johnson on Monday, when he is expected to make appearances in St. Louis and Kansas City, Mo., and Atlantic City, N.J.

★ ★ ★

In everyday travels around Washington, Johnson has little or no interest in curbside comments. The "bug" can be turned off on such occasions.

House Seen Ready to OK Tax Proposal

WASHINGTON (AP) — The House will pass President Johnson's proposal to suspend special business tax incentives, the chairman of the House Ways and Means Committee predicts.

And Rep. Wilbur D. Mills, D-Ark., believes the President's anti-inflation program has had a good psychological effect even though "maybe we were a little late in moving."

★ ★ ★

The business tax proposal is expected today to win support from labor but draw an exemption plea from farmers at a hearing of Mills' committee.

Another anti-inflation tool is headed for the President's desk. It is a bill granting federal regulatory agencies the power to set interest ceilings on bank deposits. The House-passed measure won Senate approval Thursday and is expected to get Johnson's signature quickly.

★ ★ ★

Mills, interviewed at the Arkansas Democratic convention, said he didn't know whether a tax increase would be necessary or whether there will be a major increase in Viet Nam war spending.

Curtain Set to Open at the 'New' Met

NEW YORK (AP) — "The Met" opens its season tonight in culture's most glamorous new palace.

★ ★ ★

The scene will be its lavish new $45.7 million home, nearly four years in the building and one of the finest opera houses in the world. It is part of New York's performing arts complex, Lincoln Center.

Before an audience as fashionable for its day as the one that witnessed the opening of the original house in 1883, the Metropolitan Opera will present the world premiere of Samuel Barber's "Antony and Cleopatra," a work commissioned especially for the occasion.

★ ★ ★

After the final curtain, the 100 orchestra musicians will resume their strike which they lifted in deference to the opening which has attracted interest around the world.

AP Wirephoto

HAS LEAD ROLE—Soprano Leontyne Price is shown in the elaborate costume she will wear tonight when she sings the lead role in "Antony and Cleopatra" at the opening of the new Metropolitan Opera House in New York City. The new opera was written by Samuel Barber.

British 'Flat Earthers' Cling to Old Theory

By RICHARD KASISCHKE

LONDON (AP) — No matter what astronauts Charles Conrad Jr. and Richard F. Gordon Jr. said about seeing the earth as a ball, they can't convince Britain's Flat Earth Society.

"Those chaps splashed down in an Atlantic that wasn't revolving as they claimed it was," said Sam Shenton, honorary secretary of the society today.

"The Atlantic was down there waiting to receive them," he said in a telephone interview from his home in Dover, England.

Shenton's organization has been arguing the earth is flat despite photographic and visual testimony of American and Soviet spacemen.

THEIR POSITION

If you can follow this reasoning—and many people can't—here is the organization's position as outlined by Shenton: "The thing is this. Astronaut Conrad said: 'I will tell you we can't believe it—just out of my left window I could see all the way up to the top of the world—all the way around for 150 degrees including the horizon all the way around.'

★ ★ ★

"Now my comment is this. That means to say that astronaut Conrad, at some 800 miles up, has a horizon which is horizontal all the way around for 150 degrees. That means to say that, if he were looking in any other direction that same horizon, level with his eyes, would continue to encircle him.

"Now, we flat earthers have always stated, since the early days of balloons and such like adventures into the upper stratosphere, that the horizon is level with the eye of the observer or the camera."

"That means to say that at any height, the astronaut is still bounded by land or sea horizon, the great point being that, if the earth were revealed as one complete planet or ball, it would also imply that it was flying through space at 20 miles per second which is 1.5 thousand miles per day, to complete an imaginary orbit around the sun.

"Now, if the astronauts had got to land or splash down in the Atlantic, their very means of landing or splash-down is by parachutes or drags. Therefore, it stands to reason that their Atlantic splashdown is not moving away from under them at over 20 miles per second.

"The Atlantic is there waiting to receive them."

Just for good measure, Shenton said "the earth is so much higher than we were ever taught. Why, we're only on the crust of the earth. We have been misguided from childhood."

Our Man in the Far East

They Dance by Hand in Japan

(EDITOR'S NOTE — Pontiac Press editorial and feature writer Howard Heldenbrand is currently touring the Far East, gathering facts and impressions.)

By HOWARD HELDENBRAND

Well, let's see—where were we?

Oh, yes. We wound up the first week with a flourish — a cormorant fishing trip at Nagoya—after three days in Tokyo (with its 11 million inhabitants the world's largest city) and a night at fascinating Fujiya Hotel, a 2-iron shot from Japan's sacred Mt. Fujiyama.

Heldenbrand

Then on to Kyoto by motor coach, sightseeing along the way.

That evening, your correspondent went in violently for Japanese culture. He was womanhandled into attending a performing arts center to observe Japanese traditions.

Flower arrangement, tea pouring (we got the short form, but the full treatment can last an hour) and hand dancing were featured.

At the risk of straining U.S.-Japanese relations, I must confess that dancing exclusively with hands doesn't exactly move me.

The next day, busing to Osaka (Japan's second largest city with 3.2 million population) a stop was made at Todaiji Temple for a look at the world's largest Buddha, erected in 742 A.D. The figure is 53 feet high and weighs 450 tons.

★ ★ ★

Two days later, another train ride took us to Hiroshima.

A visit in this city is bound to inspire awe. It was buf a short 21 years ago that the world's first atom bomb killed or fatally injured 240,000 of the city's 400,000 inhabitants and stroyed 40 per cent of its structures.

NOW REBUILT

Entirely rebuilt, with a present population of 530,000, it stands as one of Japan's most modern and attractive cities and a monument to Japanese courage and initiative.

Only one bomb-shattered building (the former Industrial Promotion Hall) remains untouched as a grim reminder of the Aug. 6, 1945, holocaust.

On to Fukuoka the next day —still on the rails (the Japanese main lines are entirely electrified.) That evening, the touring group of 32 newspaper people had a geisha dinner.

★ ★ ★

Incidentally, it is pronounced "gay-sha"—and gay it is.

CHECK YOUR SHOES

On entering the restaurant you check your shoes.

You then don slippers and shuffle to a private dining room. At the entrance you shed slippers, and spend the evening unshod.

Diners sit on the floor on pallets with the elongated table about two feet above sea level, and try to ingest a continuous flow of Japanese food mysteries with chop sticks. Two chickened out and sent out an SOS for forks.

(Guess who one of them was.)

★ ★ ★

The three geisha girls divided their time between clapping hands (the Japanese are great hand clappers), laughing merrily, playing games and spoon feeding — uh, chop-stick feeding — the males of the party — to the great amusement of their wives.

HOTEL COMFORT

This is probably as good a place as any to say that Japanese hotels where we stayed are superb — equal in all respects to U. S. hostelries and superior in many.

The bathroom of our Osaka hotel room even had a telephone. It occurs to me that Americans are about due for a new status symbol, and what could be a better one than bathroom telephones?

The morning after the geisha party I had a Japanese haircut. Lots of ceremony, with total cost of haircut and ceremony 400 yen ($1.15) . . . Pontiac barbers please note.

★ ★ ★

But besides the haircut, the top of my head, neck and shoulders got a bruising pummeling under the guise of massage. I think the barber was a jujitsu buff trying out some new stuff on me.

OFF TO KOREA

After that racking experience, I just made it to Fukuoka by bus and, following a night spent alternately sleeping and trying to reassemble my neck, took off by air over the Korean Strait for Seoul, Korea — A 336-mile flight.

Beautifully quartered at Walker Hill Resort, we spent a full next day with briefings, visits and sightseeing, winding up with a reception and dinner hosted by Lt. Gen. Kim, Ret., just back from South Viet Nam.

May Extradite Dr. Coppolino

N.J. Officials Hopeful of Getting Him Back

SARASOTA, Fla. (AP) — Florida Gov. Haydon Burns says Dr. Carl Coppolino may be handed over to New Jersey authorities to stand trial for murder in that state.

But the author-doctor's attorneys say Coppolino isn't going anywhere—at least for the present.

★ ★ ★

Burns said Thursday in an interview at Tallahassee he had signed a rendition warrant holding Coppolino for New Jersey authorities at the request of Florida State Atty. Frank Schaub.

Unless his attorneys take steps to block extradition, the governor said, Coppolino probably will be held another two days or so and then be released to New Jersey officials.

LEGAL STEPS

But defense attorney James M. McEwen said Coppolino can't be transferred to New Jersey until he appears in court and either waives extradition, stands mute, or refuses to waive extradition.

Coppolino, 34, is charged with murdering his first wife, Carmela, 32, in Florida last year and with killing retired Army Lt. Col. William Farber, a former next door neighbor in 1963. He has been in jail at Sarasota since late July.

If he refuses to waive extradition, Circuit Judge Lynn Silvertooth will have to rule on the case, McEwen said.

Silvertooth has set bail for Coppolino at $15,000 but the doctor has failed to pay it.

"It wouldn't make any difference if he did post bond," said McEwen. "He can't be released as long as the governor's special rendition warrant is in effect."

Surveying Begun for Rest Area

LANSING (UPI) — Surveying has begun for a safety rest area to be built for northbound traffic on I-75 south of Pinconning in Bay County.

Construction of the $350,000 rest area is set to begin next spring on the section of freeway now under construction and due to be completed next summer.

Bread Boycott Is Not Rising

PHOENIX, Ariz. (AP) — Is the big bread boycott crumbling?

After two weeks at the oven, making their own bread in protest to the high price in supermarkets, several thousand housewives are giving the baking chore up.

They decided it didn't really save any money.

"They still had to buy flour, one of the main reasons for the high price of bread," explained Marlene Kresse.

SMALL BAKERIES

Mrs. Kresse heads Housewives Organized for Better Living, which claims 2,000 members. In a letter to members Thursday she urged them to buy bread from small independent bakeries, not large chain markets.

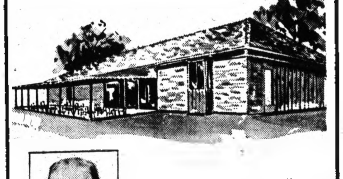

Elsewhere in the Phoenix area, a larger group called the Housewives' Voice for Lower Prices, vowed to carry on the fight. Almost daily, the members get together in small groups over homemade bread to discuss the fight against inflation.

The boycott was having its effect on bread sales, although spokesmen for major bakeries admit only that a movement was taking place. In some supermarkets Thursday, major bakery bread was selling as low as four loaves for $1 in contrast to between 35 and 45 cents a loaf a short time back.

WASHINGTON (AP) — Former President Dwight D. Eisenhower left Walter Reed Army Hospital today after a stay of two nights and a day for what a spokesman called a routine checkup.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Pontiac City Commission, Tuesday, October 18, 1966 at 8 o'clock p.m. Eastern Standard Time in the Commission Chamber, City Hall on the proposed vacating of a part of Riverside Drive between Maines and M-59 right-of-way, in accordance with the following resolution adopted by the Pontiac City Commission, September 13, 1966, being Resolution No. 744.

"By Comm. Wood, supported by Comm. Fowler, whereas, the City Plan Commission has recommended the vacating in Pontiac Heights Addition, City of Pontiac, Oakland County, Michigan that part of Riverside Drive described as:

lying north of the north property line of Maines Avenue and south of the M-59 right-of-way line

Now, Therefore, Be It Resolved, that a public hearing notice be given in accordance with Section 2, Chapter XIII of the City Charter, as amended of the proposed vacating.

Be it further resolved, that a public hearing be held on the proposed vacating above described on Tuesday, October 18, 1966 at 8:00 p.m. E.S.T. in the Commission Chambers, City Hall.

Be It Further Resolved, that a permanent easement be retained over the width of the street right-of-way."

By order of the City Commission
Dated September 14, 1966
OLGA BARKELEY

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Pontiac City Commission, Tuesday, October 18, 1966 at 8 o'clock p.m. Eastern Standard Time in the Commission Chamber, City Hall on the proposed vacating of an alley and the Northeast corner of Baldwin and Fisher Streets, in accordance with the following resolution adopted by the Pontiac City Commission, September 13, 1966, being Resolution No. 744.

"By Comm. Fowler, supported by Comm. Dugan, Whereas, the City Plan Commission has recommended the vacating in Golden and Van Wagoner Addition, City of Pontiac, Oakland County, Michigan of an alley described as:

The north 20 feet of Lots 125, 126, 127, 128 and 35 feet of Lot 125 except the north 20 feet

Now, Therefore, Be It Resolved, that a public hearing notice be given in accordance with Section 2, Chapter XIII of the City Charter, as amended of the proposed vacating.

Be it further resolved, that a public hearing be held on the proposed vacating above described on Tuesday, October 18, 1966 at 8:00 p.m. E.S.T. in the Commission Chambers, City Hall.

Be It Further Resolved, that the City Attorney be requested to prepare the necessary deed to transfer the alley to the present property owners."

NOTICE OF PUBLIC HEARING
CITY OF PONTIAC
URBAN RENEWAL PROJECTS
MICHIGAN R-20 AND R-44
NOTICE IS HEREBY GIVEN

That a public hearing will be held on Tuesday, September 27, 1966, at the regular meeting of the City Commission of the City of Pontiac, on the proposal to sell property from the above Urban Renewal Projects to A. Alfred Taubman. Said meeting will be held at 8:00 p.m. in the Commission Chambers, City Hall, 450 Wide Track Drive East, Pontiac, Michigan. The property which is proposed to be sold for the development of a Mall-type Shopping Center, is located generally in the area between East Wide Track Drive and West Wide Track Drive and South of Lawrence Street.

At this hearing, an explanation of this development proposal will be presented, and all interested persons will be afforded the opportunity to ask questions and present their views.

By Order of the City Commission
Dated: September 9, 1966

Ex-SS Trio Found Guilty

Germans Sentenced in Auschwitz Deaths

FRANKFURT, Germany (AP) — Three former members of the Auschwitz concentration camp staff were convicted today of having had a part in mass killings and sentenced to terms ranging up to life imprisonment.

Former SS Sgt. Josef Erber, 68, was sentenced to life prison; former SS Maj. Wilhelm Burger, 53, head of the camp administration, drew an eight-year term and former SS Sgt. Gerhard Neubert, 57, was sentenced to 3½ years.

* * *

Presiding Judge Emil Opper said the court would credit Burger for eight years he spent in a Polish war crimes prison. The ruling means that Burger, who spent no time in custody during the trial, will remain free.

The court also ordered that Neubert be credited for time spent in confinement. Both were found guilty of aiding and abetting murder.

* * *

Erber, who belonged to the camp's secret police, was convicted of complicity in murder on 70 counts. The prosecution said he was a willing member of the extermination machinery which murdered 125,000 men, women and children.

Tire Thief Gets 60-Day Sentence

Charged with stealing a tire from a van truck, a Pontiac man yesterday began a 60-day sentence in the Oakland County Jail after pleading guilty before Municipal Judge Cecil B. McCallum.

Willie L. Duncan, 26, of 374 Osmun entered the plea after an original felony charge was dropped and a misdemeanor count lodged in its place.

* * *

Two men arraigned with Duncan — Herbert Jones, 27, of 240 Hughes and Willie Jackson, 30, of 213 Harrison — were released by Pontiac police and charges were dropped.

Award Contracts for Expansion of OU's Library

Contracts have been awarded for a $252,000 program of alterations at Oakland University's Kresge Library.

Submitting the low bid of $59,553 for the architectural trades contract was Albert T. Thomas Inc. of Grosse Pointe Farms.

Other successful low bidders were Benjamin Muskovitz Co., Utica, mechanical trades contract, $46,796, and Schultz Electrical Service, Pontiac, electrical contract, $47,000.

* * *

The construction will complete the basement and third floors, providing additional reading room and shelf space.

Pinckney Death Ruled a Murder

PINCKNEY (UPI) — Livingston County authorities determined yesterday a 33-year-old Pinckney mother found dead Wednesday night was murdered.

An investigation was launched into the death of Mrs. Barbara Davis, whose body was found by her 13-year-old son Michael Sharratt. Police said Mrs. Davis died from gunshot wounds. No arrests have been made.

Total $21,207

Five Grants Accepted for OU

Five grants to Oakland University totaling $21,207 have been accepted by the Michigan State University Board of Trustees.

Formally approved was a $7,500 grant from the Rockefeller Foundation for the support of a group of Latin American student conductors at the Meadow Brook School of Music.

A $5,000 grant from the U.S. Office of Education will pay for library acquisitions under the Higher Education Act.

The division of continuing education will use two grants from the Michigan Department of Education, one for $3,580 and the other for $2,967.

The first will be used for a program to provide college-trained personnel working in social agencies with basic orientation to poverty.

Benefiting from the second grant will be a workshop on community organization for community school directors, social work personnel and neighborhood volunteers.

A grant of $2,160 from the Michigan Employment Security Commission will be used to develop a small area unemployment index based on MESC applications for employment.

Beer Habit of Britons Clears Up

LONDON (AP) — A foreigner long resident in Britain says he knows the answer to a question that has puzzled thousands of Americans for years — why do the British like warm beer?

"They like tepid beer," said William Schlackman, 37, "because they regard beer primarily as a food and not as a thirst quencher."

* * *

American-born Schlackman is an industrial psychologist who has been living and working here for six years. He has just carried out a survey for a local brewery.

"To the British beer drinker," he said, "beer subconsciously bears an image very close to that of soup."

DRINKING HABITS

Eighty Britons were subjected to depth interviews and psychological tests. Schlackman also held group discussions on drinking habits in 10 pubs.

Schlackman said Britons he questioned spoke of beer drinking as getting the fog out of their system, of restoring their strength after a day's work, of putting blood in their veins.

* * *

"Hunger means a general state of emotional tension, strong enough in primitive man to stimulate the hunt and the kill, and it is a more powerful motivating factor than sex," Schlackman said.

"That primitive tension is what the beer drinker feels as pub opening time approaches. In civilized man, it may outweigh the sex drive."

SECONDARY LIFE

He said the regular drinker put his love life secondary to his pub life.

"That's why so many marriages founder over drink," he said.

* * *

"Confirmed drinkers are rarely womanizers. In fact, they are often hostile to women in pubs that encourage women's custom."

The psychologists said that lager is the only type of beer that Britons regard as just a drink.

SERVED COLD

"Lager, of course, is served iced," he said.

Draught beer is far more popular in British pubs than lager.

Birthday Observed by Penney Founder

ANAHEIM, Calif. (AP) — J. C. Penney, founder of the chain of retail stores, celebrates his 91st birthday today in Anaheim, Calif.

Penney opened his first store in Kemmerer, Wyo., starting a chain called "Golden Rule Stores." It now links 1,664 outlets around the world.

* * *

Its sales in the past year were second only to Sears, Roebuck & Co. among nonfood chains.

With Penney on his birthday are many retired store managers. A celebration was held Monday in the J. C. Penney Building in New York, before Penney left for Anaheim.

Name Chairman

LANSING (AP) — Harold Boyer of Grosse Pointe, a retired General Motors Corp. executive, has been named chairman of the Michigan Aeronautics Commission. Jackson Beatty of Mount Pleasant was named vice chairman.

In Company Stock

Execs' Wives Holding Purse Strings

WASHINGTON (AP) — The wives of some American business executives are far more prosperous than their husbands, at least as far as stock ownership in their husbands' companies is concerned.

Documents in the files of the Securities and Exchange Commission showed today that the holdings of some wives are as much as 50 times greater than those of their executive husbands. In some cases the percentage is even higher.

* * *

The documents were filed as a result of a new commission ruling requiring businessmen to report major stock held in their companies by their wives and minor children.

The ruling is in line with commission policy for fuller disclosure of the ownership of corporations selling securities to the public.

EXISTING LAW

Existing law requires directors or officers of a company to report to the SEC the amount of stock owned beneficially either directly or indirectly.

Because of some confusion over the meaning of beneficial ownership, the commission earlier this year said that generally speaking a person is regarded as a beneficial owner of securities if the stocks are held in the name of a spouse or minor children.

It said reports, proxy solicitations, registration statements and other materials filed after May 1 should reflect the new definition of beneficial ownership.

One filing since then showed that the wife of a Texaco, Inc. director owns 1,464,510 common shares of the company's stock. The records disclosed her husband, Lester J. Norris, owns 216,860 shares with another 118,595 shares owned through a trust or holding company.

* * *

Another filing showed that the family of G. W. Humphrey, board chairman of the M. A. Hanna Co., owns 206,542 shares of the firm's stock. Humphrey, however, owns 32,000 shares plus another 225,660 shares through trusts, the records showed.

Howard Hall, a director of the Quaker Oats Co., previously had reported holdings of 110 shares in the company. SEC records showed his wife owns 22,245 shares.

Another board chairman, David Van Alstyne Jr. of the New Idria Mining & Chemical Co., previously had reported owning no common shares of his company although he listed 24,000 shares in the names of children. An additional holding of 285,660 common shares by his wife was reported as a result of the new SEC ruling.

AP Wirephoto

PLAYWRIGHT DIES—Anne Nichols, author of "Abie's Irish Rose," a play that brought her an estimated $15-million since its debut in 1922, died yesterday in Englewood Cliffs, N.J. She was 71.

Lethal Poison Still Missing

Two toolboxes containing packets of highly lethal rat poison that were stolen Wednesday afternoon still are missing according to police.

* * *

The poison was reportedly taken from a station wagon owned by Patrick Dischinger, a serviceman for Arwell Inc., pest exterminators.

* * *

Dischinger said he discovered the loss of the score of powder-filled envelopes after returning from a personal call to Pontiac General Hospital.

* * *

Pontiac police are seeking information on the whereabouts of the missing poison.

Unsmiling Girl Now Happy Man

COLUMBIA, S. C. (AP) — The state agency for vocational rehabilitation spent four years and $3,924 to change a rather drab, unsmiling girl into a married, bright-faced man of 24.

A copyrighted story by Thom Billington of the Columbia State tells of the change.

* * *

Started with a letter sent to a Baptist minister in 1962. The minister forwarded the letter to the office of vocational rehabilitation, where Billington first discovered the case.

"Marty" wrote that he was never examined by a doctor from the date of his birth until he was almost 20 years old.

MAKE CHANGE

When he did see a doctor, "I broke down and told him about my life," wrote "Marty" to the minister. "He (the doctor) advised me to get some men's clothing, have my hair cut and make the change."

* * *

After "Marty's" letter was forwarded to rehabilitation officials, contact was made by Evans F. Shealy, a state area supervisor.

* * *

"He was just the most maladjusted person you ever saw," Shealy recalls. "He couldn't smile."

The doctor who was to perform the corrective surgery on "Marty" was moved by his plight. "I look forward to trying to help this child," the physician wrote Shealy.

PERSONAL HISTORY

Accompanying the letter was "Marty's" personal history.

The doctor wrote: "At 10 or 11 she noted she was more like her brothers than the girls with whom she played. At age 14 she developed 'fuzz on her face' and a change in her voice, her voice becoming lower in pitch. At age 15 she began to leave, both her legs and her face. She was teased by boys and girls in high school.

* * *

"Marty" made nine trips to the hospital for corrective surgery between the winter of 1962 and April 1966. Between trips he attended business college and attained better than average grades.

Shealy, meanwhile, went to "Marty's" community — and sought understanding from his minister, schoolmates and friends.

HE'S BEAMING

Of Marty's current lot in life, Shealy has this to say: "He's perfect. He is happy and successful. His face is just beaming with smiles.

* * *

"He is as happy as I've seen him since he came into the world," says Marty's mother.

Soon after his treatments ended "Marty" married and settled into a new job and a new home.

City Man Gets 15 to 30 Years

A 15- to 30-year prison term was ordered yesterday for a Pontiac man convicted of second-degree murder last month.

The sentence was imposed on James S. Walker, 40, of 154 Franklin Road, by Circuit Court Judge James S. Thorburn.

Walker was found guilty by a jury of shooting Jerry M. Draper, 20, of 409 S. Jessie, during a scuffle at Draper's home May 21.

Thorburn remanded Walker to the county jail pending a hearing Monday on a motion by his attorney, Clarence Smith, for a new trial.

* * *

During his trial, Walker took the stand and denied that he had shot Draper. Walker claimed that Draper had met him at the door with a revolver, and that when he pushed it aside it went off, shooting Draper in the stomach.

* * *

Seven witnesses testified, however, that they saw Walker fire the weapon.

Hare Readies Driver School Legislation

LANSING (UPI) — Secretary of State James M. Hare said yesterday he will have a bill ready for introduction in January that would require state licensing and regulation of all private driving schools.

Hare said a recent Detroit case in which seven persons were charged with conspiring to cheat and defraud their driving students pointed up the need for such legislation, particularly involving schools that teach illiterates.

* * *

He said that under his bill, each vehicle used in the school applying for a license would have to have liability insurance, and that the operator and his employes would have to supply evidence of good character and ability to serve as an instructor.

Area Candidate to Visit Shoppers

Nineteenth Congressional District candidate Jack McDonald will campaign today and tomorrow at the Bloomfield Miracle Mile Shopping Center, during its ninth anniversary celebration.

McDonald, a Republican, will be at the center until 9 p.m. today and from 10 a.m. until 9 p.m. Saturday.

Romney Backer Gets Early Start

MILWAUKEE, Wis. (UPI)—A Milwaukee youth yesterday announced the formation of a "Youth for Romney in '68" committee.

Nik J. Santilli, who will be chairman of the group, said the purpose of the group is to gain support for Gov. Romney of Michigan in an effort to make him the Republican candidate for president in 1968.

Dismissal Asked in Detroit Slaying

DETROIT (AP)—Judge John C. Seiler, visiting Detroit Recorder's Court from suburban Wayne County asked for dismissal of murder charges against Terry Ingland, 19, and Donald Keaton, 20, both of Detroit.

The same charge against Keaton's brother, Daniel, 17, and Robert Brock Jr., 18, both of Detroit, was reduced to manslaughter. No trial date was set.

Richard Farwell, who died of head injuries Aug. 30, was severely kicked about the head and upper body at a drive-in restaurant.

Measle Shots Slated in 3-County Drive

Oakland County will participate in a three-county campaign starting Oct. 23 to immunize 125,000 children against measles.

* * *

The program is expected to reach half of the 250,000 children in Oakland, Wayne and Macomb counties who have not had vaccinations or become immune by contracting the disease.

Cost of the tri-county attack on measles is estimated at $300,000 which will be appropriated by the state.

Dr. Bernard Berman, director of the Oakland County Health Department, is chairman of the tri-county program.

An estimated 35,000 youngsters in Oakland County are eligible for immunization through the program and health officials hope to reach more than half of them.

Immunization sites throughout Oakland County will be announced later. All sites will be staffed by volunteer doctors and nurses.

Highland Boy Hurt as Wall Collapses

An 11-year-old Highland Township boy was hospitalized yesterday after suffering a broken hip when a brick wall in a house being demolished fell on him.

In satisfactory condition at Pontiac General Hospital is Timothy Barham, of 5181 White Lake.

* * *

Sheriff's deputies said the boy was playing in a house across from 5180 White Lake when the accident occurred at 5:30 p.m.

Deaths in Pontiac Area

George H. Cummings

Private burial service for former Pontiac resident George H. Cummings, 42, of Philadelphia, Pa., will be tomorrow at Oak Hill Cemetery by the Melvin A. Schutt Funeral Home.

Mr. Cummings, a member of the Baptist Church, died Sunday.

Elect Detroiter to Head Union

MIAMI BEACH, Fla. (AP)—Peter Bommarito, 51, a Detroit tire builder, was chosen by acclamation to succeed George Burdeon Thursday as president of the United Rubber Workers Union. Burdeon quit his race for reelection. Bommarito had been vice president under Burdeon during three terms.

Reports Slated on Resources

EAST LANSING (AP) — The Northern Great Lakes Resource Development Committee will hear reports Tuesday and Wednesday on possibilities for development of dairying and vegetable production in northern areas. The 21-member committee, with members from Michigan, Minnesota and Wisconsin, will meet in Bemidji, Minn.

TV Features

Batman and Hornet

TARZAN, 7:30 p.m. (4) A former film Tarzan, Jock Mahoney, has role in this story about family whose father was accidentally killed by Tarzan.

GREEN HORNET, 7:30 p.m. (7) Diana Hyland is guest star as the Green Hornet goes after a mystery man who is keeping reporter from getting evidence on wealthy racketeer.

MILTON BERLE, 9:00 p.m. (7) Long guest list includes Phyllis Diller, Adam (Batman) West, Van (Green Hornet) Williams, songstress Donna Loren, TV host Joe Pyne and Paul Revere and the Raiders.

T.H.E. CAT, 9:30 p.m. (4) Reformed cat burglar (Robert Loggia) exposes racketeering on the waterfront.

Opposes Subsidy for Entertainers as Unnecessary

NEW YORK (AP)—City Councilman Matthew J. Troy Jr. says entertainers like the Beatles make millions of dollars and should not be subsidized by the city treasury.

Troy, a Queens Democrat, complained Thursday of the cost to taxpayers of assigning 700 city policemen at last month's Shea Stadium appearance by the British quartet.

* * *

He urged Mayor John V. Lindsay to prohibit assignment of anyone except off-duty policemen to such events and require sponsors of the events to post bond for "definite assurance" of reimbursement to the city.

Admiral Dies

LIVINGSTON, N.J. (AP) — Adm. Herbert Gladstone Hopwood, 67, former commander in chief of the U.S. Pacific Fleet, died Thursday after a brief illness. At the time of his death, Hopwood was vice president in charge of operations of the Grace Line Steamship Co.

Rail Walkout Ends in Detroit

DETROIT (AP)—Freight engine crews today halted their wildcat strike at three New York Central Railroad yards in Detroit after a federal judge signed a temporary restraining order.

Judge Talbot Smith of U. S. District Court ordered some 150 members of Local 569 of the Brotherood of Locomotive Firemen and Enginemen to stop their walkout.

* * *

A hearing on whether the temporary order should be made permanent was to be scheduled for next week.

A union spokesman said the men struck late Thursday in a dispute over lunch breaks. But a railroad spokesman said two other issues were involved, including disciplining of two non-union employes and work assignments on freight runs between Benton Harbor and South Bend, Ind.

* * *

Supervisor personnel manned some engines Thursday night as the walkout disrupted runs between Detroit and Jackson.

Passenger service was reported as normal.

Raps 'Profiteering'

UAW Asks Corporate Probe

DETROIT (AP)—The United Auto Workers Union called on Congress and the Johnson Administration Thursday to expose what it called "corporate price-profiteering" as a move to halt inflation.

The auto union's international executive board, declaring the automobile companies should be among "leading targets," said such a program could arouse public opinion into persuading corporations to reduce "excessive prices."

A public statement issued by the UAW board also backed President Johnson's proposed suspension of both the 7 per cent investment tax credit and depreciation taxes.

In addition, the union called for an increase in the tax rate on corporate profits as part of an anti-inflation effort and a ceiling on interest rates of bank time deposits.

ASKS PROBE

The UAW board, which speaks for more than one million union rank and file members, called for an immediate Congressional investigation to "head off unjustifiable increases" in car prices.

Automobile manufacturers, now busy turning out new 1967 models, have made no announcement regarding prices of their new cars.

However, it has been felt in Detroit that the companies may raise prices in view of new appliances which Congress has required in the car safety program.

There was no immediate comment from the industry on the UAW statement.

Convicted Man Files for Retrial

DETROIT (AP) — One of three men convicted of the slaying of Royal Oak car dealer Parvin (Bill) Lassiter six years ago filed a motion for a new trial yesterday.

Circuit Judge Joseph G. Rashid took the motion, by Roy C. (Buck) Hicks, under advisement.

The sensational trial broke open when Hicks, Charles W. Nash and Richard Jones, all of Chattanooga, Tenn., pleaded guilty to second-degree murder at their first degree murder trials. Lassiter was slain April 6, 1959.

Then, in an unexpected move, the Wayne County prosecutor's office charged Lassiter's widow, Nelle, an attractive blonde ex-model, and Gordon Watson with conspiracy in hiring the three men to murder Lassiter.

Nash, the admitted triggerman, Hicks and Jones were sentenced to life imprisonment by Rashid.

Mrs. Lassiter and Watson, Lassiter's business partner, were tried in tandem. During the trial, Mrs. Lassiter suffered a breakdown and was ordered committed to a hospital by Rashid.

Watson, eventually acquitted, moved to California with his wife, a constant companion during the trial.

Charges against Mrs. Lassiter were dropped.

Killed in Action

WASHINGTON (AP) — The Defense Department announced Wednesday that Army Pfc. Benjamin P. Norton, husband of Mrs. Benjamin P. Norton of Battle Creek, has been killed in action in Viet Nam.

Prisoner Dies After Gulping Substance

JACKSON (AP)—An inmate of Southern Michigan State Prison died 20 minutes after apparently swallowing a drug while trying to avoid its apprehension by a guard, State Police reported Thursday.

The inmate, in prison on a drug conviction, shortly before had been visited by two persons, prison officials said.

* * *

Sanders Mallory Jr., 31, of Detroit, died Wednesday in the prison hospital.

State Police detective L. F. Burder, assigned to district headquarters here, said laboratory tests pointed to cocaine as the cause of Mallory's death.

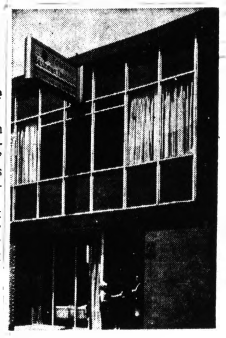

Top LA Fugitive Placed on Bond by Detroit Judge

DETROIT (UPI) — The man police files describe as Los Angeles' "most wanted fugitive," Robert Melvin Alperin, was placed on a $5,000 bond yesterday by a local judge.

Judge Benjamin C. Stanczyk ordered the bond and jury adjournment for 30 days after Alperin remained silent during his extradition hearing in Wayne County Detroit Court.

The postponement will allow California to start legal proceedings for Alperin's return.

Alperin, 25, is sought by California authorities for rape and sodomy and is a suspect in the kidnap-rape-slaying of Janice Sorem, 17, in Granada Hills, Calif.

Good to the taste—smooth, mellow, satisfying. Good to the pocket, too. It costs only $4.80 and it's really worth much more. And, if you're skeptical about a value like that, here's how McMaster's does it. McMaster's is made and aged in barrels in Canada. It's bottled only after it reaches this country. That means solid savings on taxes, shipping, handling, etc.

Price is only one reason for trying McMaster's Canadian, a taste or two of its goodness will tell you the rest of the story.

$4.80 4/5 Qt.
Tax included

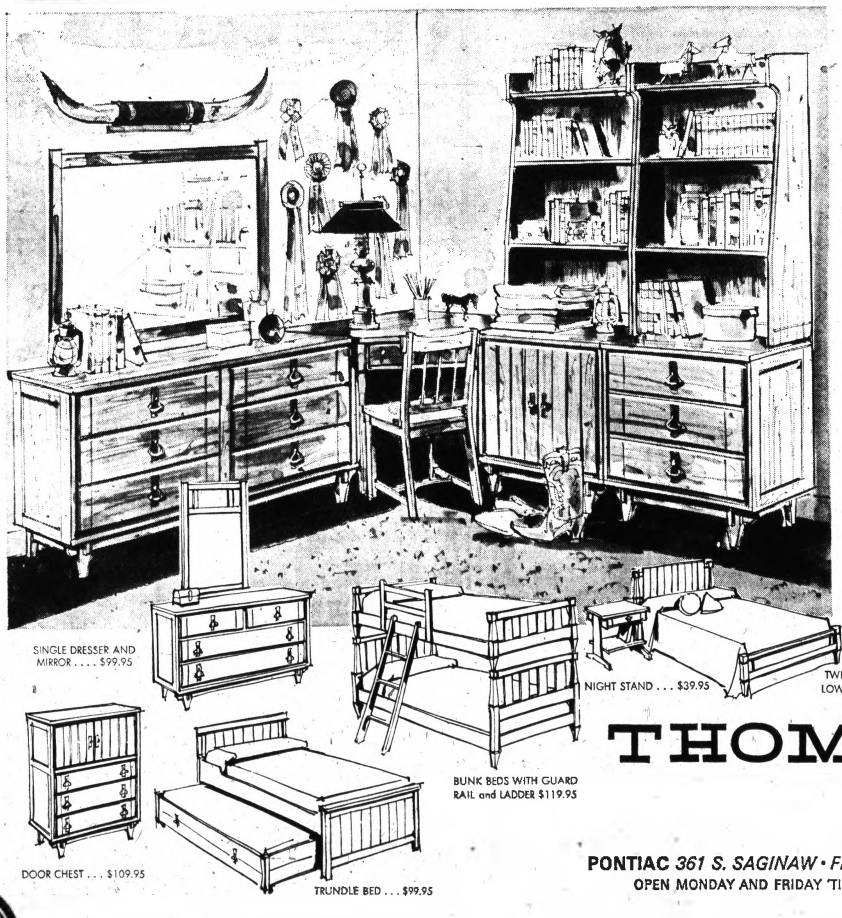

McMaster's Canadian

Good and expensive?
No, just good.

Rough, Rugged, Practical ... Furniture That Kids Will Love to Grow Up With!

BUNK HOUSE

STURDY OAK IN A NATURALLY DISTRESSED, SADDLE TAN FINISH

Shades of round-up time, good guys and saddle leather echo through Thomas Furniture's 'Bunk House' Collection. Here is authentic 'Old West' nostalgia translated into rugged furniture for 'rough and ready' young cowpokes. There are dressers and chests, stack units and bunks crafted with plenty of wide open space. The saddle tan finish highlights nature's own distress marks and blends perfectly with blows from cap pistols and baseball bats. Stirrup drawer-pulls complete with horseshoe nails and strong-box strapping add a finishing touch.

ON DECK — A handy man with a recruiting pitch is U. S. Navy Reserve Cmdr. Richard C. Fell, who convinced his own son to join the Navy. Fell, 2388 Renfrew, Sylvan Lake, swore in 18-year-old Charles yesterday. An assistant Pontiac Schools superintendent, Fell has been in the Navy for 24 years and is in charge of recruiting for the Reserves in the Pontiac area.

Division Expanding

New Plant for Pontiac

Work to Start Next Month on Large Facility

Machining, Assembly Operation Planned at North End of City

Pontiac Motor Division will add a new manufacturing plant to its already large facilities sprawling across a portion of the city's north end.

Plans to build a manufacturing plant covering more than 280,000 square feet were announced today by John Z. DeLorean, a General Motors vice president and division general manager.

DeLorean said the new plant would house machining and assembly operations of some of the chassis parts which are now being performed in both the engine and axle plants.

Ground for the new facility will be broken next month with completion scheduled in the fall of next year.

★ ★ ★

The new plant will be located on East Columbia just north of the frame plant and west of the newly erected service parts warehouse.

MAJOR STEP

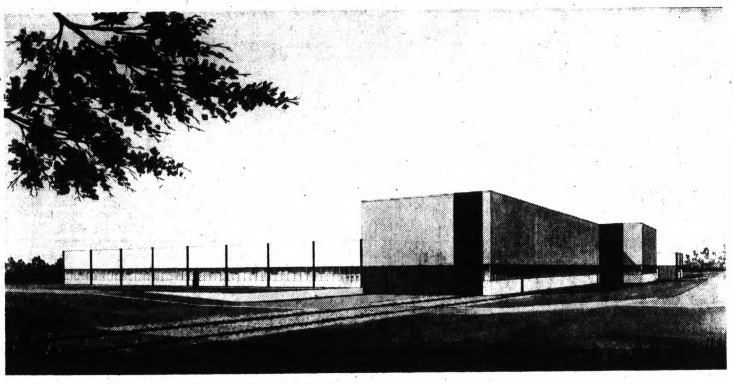

"This is another major step in our long-range planning which centers on the future growth of Pontiac in the Columbia Avenue area," DeLorean said.

The new plant will be a modern one-story building and will include a partial mezzanine for lockers, washroom and cafeteria.

★ ★ ★

In addition to the installation of modern machining and assembly equipment, some of the operations currently conducted in other Pontiac manufacturing plants will be transferred to the chassis parts plant, this allowing for expansion of the remaining operations in the other plants.

The new plant is designed as an expandable unit to allow for future growth potential.

New Pontiac Motor Manufacturing Plant Slated For The North End

GOP Leaders Favor Nixon as '68 Nominee

NEW YORK (AP) — Former Vice President Richard M. Nixon, named by Republican leaders as the party's most likely choice for the presidential nomination in 1968, says he prefers just now to talk about what he called a Democratic "civil war" between friends of President Lyndon B. Johnson, Vice President Hubert H. Humphrey and Sen. Robert F. Kennedy.

Nixon, in Denver on a speaking tour, has declined to discuss "at this time" an Associated Press poll of GOP political pros predicting he will be the party's next candidate for president.

Nixon did not elaborate on the Democratic "civil war" statement, but said in a speech:

"Those birds are really flying out of Washington these days. Lyndon is flying all around the country trying to elect his Congress. Bobby is flying all around the country trying to elect delegates for 1968. Hubert is just flying around."

Of a total of 48 state chairmen and national committeemen expressing positive views, the poll showed 36 believe Nixon will win the nomination and 12 think it will go to Gov. George Romney of Michigan.

Romney declined comment on the survey, but Rep. Melvin R. Laird of Wisconsin, chairman of the House Republican Conference, said the governor would emerge as the leading candidate if he makes a good showing in his bid for reelection in November.

GI Tackles Picks in Press Contest

Old newsboys never die — and apparently they don't fade away, either.

An airmail letter received yesterday at The Pontiac Press contained an entry in the annual Press football contest — from a Pontiac GI and ex-newspaperboy stationed with the U.S. Army in West Germany.

★ ★ ★

Spec. 4 Tom Upcott, 22, whose parents live at 1014 Durant, submitted his picks from Third Infantry Division headquarters in Wurzburg.

Tom's loyalty shows in his predictions — he picks the Pontiac Arrows to beat Flint Sept. 28 and backs his alma mater high school in the cross town game against Pontiac Northern Nov. 18.

Ford Move on Exhaust Is Revealed

ANN ARBOR (AP) — Ford Motor Co. is developing a battery powered system for automobiles that could lead to a solution of air pollution from car exhausts, the firm's president said yesterday.

Arjay R. Miller disclosed the electric power system in a

Related Story, Page A-2

speech to a University of Michigan audience.

"We now have in the early stages of development a new battery power system that we expect could offer tremendous improvement in range, performance and cost," Miller said.

"Eventually we hope that it will lead to a practical, emission-free vehicle for local transportation needs," he said.

★ ★ ★

Miller said the auto industry bears a responsibility in solving air pollution from auto exhaust.

He said that rapidly changing technology has forced corporate management to broaden its traditional view of responsibility.

Back at Cape

Gemini Crew Gets a Heroes' Welcome

CAPE KENNEDY, Fla. (AP) — Grinning from ear to ear, the Gemini 11 astronauts came back to Cape Kennedy today and thanked the launch crews for the perfect lift-off that enabled them to achieve their remarkable, record-shattering space flight.

Navy Cmdr. Charles Conrad Jr. and Navy Lt. Cmdr. Richard F. Gordon Jr. landed here in separate helicopters at 9:53 a.m. after a two-hour trip from the carrier Guam, 180 miles offshore.

As they bounded to the ground, wearing blue flight suits, the astronauts were greeted by a 12-foot banner that read: "Welcome back Pete and Dick." Another read: "Even the roaches in the trailer are glad you're back."

A group of about 200 National Aeronautics and Space Administration, Defense Department and industry people and newsmen welcomed America's newest space heroes on their return to land. The public is not permitted in the cape landing strip area.

★ ★ ★

Conrad told the applauding crowd:

CARRIED BALL

"I sure can't say enough about the performance of the Titan 2, the Atlas, the Agena and the Gemini. They really carried the ball for us."

★ ★ ★

Gordon then stepped to the microphone and said:

"It was an absolutely fantastic flight. The perfect launching made possible the M equals one — the first-orbit rendezvous. It was phenomenal, really a lot of fun. Thank you for all the help you've given us."

Someone asked if they were tired, and Gordon replied: "We slept a few hour last night and are now back in the flight line."

★ ★ ★

"We're ready to go again," Conrad added.

Parents, Students to Scan School Dropout Problem

Young people and their parents will take a hard look at the school dropout problem at a day-long conference sponsored by the United Auto Workers here tomorrow.

The free parent-youth conference will begin at 9 a.m. at the Pontiac Motor Div. Local 653 Hall, 990 Joslyn, with registration scheduled to begin at 8:30 a.m.

Cooperating with the local's education committee in sponsoring the program is the education department of the international union and the union's regional office.

A film entitled "I Never Went Back" will be shown at the conference. Other features scheduled are a panel discussion, question-and-answer period and discussion groups.

Participants will include Arnold Embree, director of pupil personnel for the Pontiac School System; Merrill Walls, manager of the Pontiac office of the Michigan Employment Security Commission; and Edward P. Revis, assistant director of the Pontiac Office of Economic Opportunity center.

PARTICIPANTS

Others are Ken Morris, co-director of UAW Region 1, and Bill Hardy, education technician of the international union.

Following the morning session, a free luncheon will be served at noon. Afternoon sessions will end at 4 p.m. and be followed by a social period.

Area Is Not Likely to Lose Its Cool

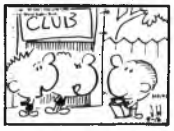

Temperatures will continue cool over the weekend but Monday or Tuesday will be somewhat warmer.

FRIDAY — Sunny and cool today, highs 65 to 72. Partly cloudy and cool tonight, lows 38 to 46. Winds variable 5 to 15 miles.

SATURDAY — Mostly cloudy and cool with chance of some rain extreme southern portions, highs 64 to 70.

SUNDAY—Partly cloudy with no important change in temperatures. Precipitation probabilities less than 5 per cent.

LI'L ONES

MEXICAN OBSERVANCE — Robert J. Slingerland, D-Lake Orion, (second from right) displays a State Legislature resolution saluting Michigan's Mexican Americans on their observance of Independence Day today following a Mexican Flag raising ceremony at the Oakland County Courthouse. Looking on (from left) are Delos Hamlin, chairman of the County Board of Supervisors; Olga Moran of Pontiac, state queen of the Latin Americans United for Political Action (LAUPA); and Tom Chavez, president of the Pontiac LAUPA organization.

On Taubman Plan

Enthusiasm Is the Word

There is an enthusiastic interest in revitalizing downtown Pontiac.

This was the one obvious conclusion to emerge from the announcement earlier this week of a possible $40-million shopping center for downtown Pontiac.

Numerous merchants and local businessmen back the proposal of Oak Park developer A. Alfred Taubman.

The prospects of getting brick and mortar going up on the city's vacant urban renewal land particularly appealed to downtown businessmen.

Downtown merchant Monroe M. Osmun of Osmun's Men's Wear, 51 N. Saginaw, enthusiastically supported Taubman's plans for an enclosed mall-type shopping center.

"I think it's terrific," said Osmun. "It's what we've been after for three or four years. I can't understand why people would oppose it."

"I'm in favor of moving, and I think we must move," commented Robert R. Eldred, executive vice president of Community National Bank of Pontiac.

"Taubman has the capability to move, if anyone has," added Eldred.

Pontiac Motor Division General Manager John Z. DeLorean also appeared in favor of action.

RIGHT DIRECTION

Said DeLorean, "Certainly, the (Taubman) proposal is out of the dream stage and is a step in the right direction. It seems to be well conceived architecturally and financially. We hope fruition of the plan is not too far off."

Pontiac realtor Bruce J. Annett said, "I was very much impressed and, as of now, it's the only real solution to downtown."

SCHOOLS HEADQUARTERS — The Oakland Schools Board of Education has approved plans for this $2.5-million structure to be built in the Oakland County Service Center between Telegraph and Pontiac Lake roads. The five-story headquarters, due to be completed by Aug. 31, 1968, was designed by Denyes Associates Inc. of Pontiac. Construction of the building, shown here in an architect's rendering, will be financed through a .25-mill property tax.

Grenada Quiet in Wake of Strife

GRENADA, Miss. (AP) — Negro pupils marched to two newly desegregated schools without incident here today under the watchful eye of Mississippi highway patrolmen.

Officers barricaded a two-block area around the schools and turned away all but students and parents.

* * *

The patrolmen today were in regular uniform in contrast to the riot dress they wore earlier in the week after Negro students were attacked by angry whites.

Newsmen counted 149 Negroes entering the two schools but it was not apparent how many white pupils were in attendance. No white spectators were in sight.

CLASSES SUSPENDED

Classes were suspended Thursday while U.S. District Judge Claude Clayton heard newsmen and others tell of white persons, some with ax handles, beating Negro pupils.

Judge Clayton continues the hearing today at Oxford.

* * *

The Justice Department asked for the hearing after whites turned on Negro students and newsmen when classes were desegregated Monday and Tuesday.

A detail of 200 state officers, mostly riot trained highway patrolmen, remain on duty in Grenada, 45 miles south of Oxford.

CHURCH RALLY

At a rally Thursday night in the Bell Flower Church, Hosea Williams, a lieutenant in the Southern Christian Leadership Conference, said Dr. Martin Luther King Jr., would come to Grenada next week, probably Monday or Tuesday.

In Thursday's hearing some Negro parents said their children would have been killed if they had left cars which had pulled up in front of Grenada schools Monday.

Pontiac Press Photo

REMNANTS OF THE PAST—F. H. Heineman, general manager of Swanson Associates of Bloomfield Hills, checks over the old bell and cupola which were removed this week from Swanson's old offices on Long Lake Road. The offices, which have been housed in the old Circle school, are being moved into a new building soon. The 100-year-old bell will be used as an historical marker and the cupola will be given to the Oakland County Historical Society.

Jury Convicts Area Motorist

White Lake Township Man Is Found Guilty

An Oakland County Circuit Court jury yesterday afternoon found a White Lake Township man guilty of manslaughter in the traffic death of a teen-ager three months ago.

The jury deliberated 45 minutes before returning the verdict against Gerald L. Grayden, 22, of 898 Mallock, following his two-day trial.

Grayden was the driver of a car that forced another off Cooley Lake Road near Canton in Commerce Township. The car smashed into a tree.

Fatally injured in the June 20 accident was Gerald A. Major, 16, of 2710 Jackson, Highland Township.

* * *

Major was one of two passengers in the car driven by Ray Johnston III, 18, of 890 Farnsworth, White Lake Township.

SEEKING TREATMENT

Johnston was taking Major to the hospital for treatment of a cut arm he suffered in an earlier encounter with Grayden and two other youths.

Grayden, who along with his companions had been drinking before the incident, did not stop when the Johnston car hit the detectives from the Sheriff's office two days later.

The cars had reached speeds of about 90 miles an hour just before Johnston's auto went off the road, according to testimony.

Grayden will be sentenced Oct. 4 at 9 a.m. by Judge Frederick C. Ziem. A manslaughter conviction can bring a prison term of up to 15 years.

Marcos Owes Life to City Man

Silvestre T. Yapo of Pontiac didn't know it at the time, but when he rescued a drowning boy some 40 years ago he played a role in shaping world history.

* * *

Had Yapo and a schoolmate not been around at just the right time, President Ferdinand Marcos of the Philippines wouldn't be around at all.

Marcos has Yapo to thank for his life in pulling him from the water, and his gratitude will be reaffirmed Monday when he arrives at the University of Michigan during his two-week visit to the United States.

A special invitation has been received by Yapo, 51, of 945 Voorheis, to attend a luncheon in Marcos' honor.

* * *

It's been 19 years since Yapo last saw Marcos, then a practicing attorney in Manila.

LAST MEETING

It was on that occasion in 1947 that Marcos first learned that it was Yapo who had saved him. A mutual friend introduced them and during the conversation the rescue came to light.

* * *

"Five seconds more and it would have been too late," said Yapo as he told how he and a friend, Eladio Lopez, pulled the unconscious Marcos from a river flowing through their native city of Batac on Luzon Island.

"We were walking along the river during a recess from school, when we saw bubbles on the surface and then saw him struggling," said Yapo, a maintenance man at General Motors Truck & Coach Division since arriving in Pontiac from Hawaii 16 years ago.

"He revived right after we got him out of the water, and it was a good thing, because we didn't know anything about artificial respiration," added Yapo.

* * *

"He had a stomach full of water and was crying," Yapo recalled.

YOUNG BOY

"He must have been only eight or nine at the time."

Yapo said he didn't see Marcos again until their chance meeting in 1947, when he returned to his native homeland for a visit.

* * *

Yapo left the Philippines in 1932 to live in Hawaii.

"I'm looking forward to meeting him again," said Yapo, "and to see if he remembers that when I saw him last I predicted that someday he would be president."

OCC Workers Go on Strike

Oakland Community College maintenance and custodial employes went on strike this morning following a breakdown in contract negotiations yesterday afternoon.

Picket lines were set up at the Auburn Hills and Highland Lakes campuses as well as at the administration building in Bloomfield Hills.

A five-cent difference on a wage package separates the employes and management from reaching agreement, according to Charles W. Anderson chairman of the negotiating team for the American Federation of State, County and Municipal Employes.

Anderson said the majority of the 38 employes involved rejected a contract at a Wednesday night meeting.

* * *

James W. Hobson, OCC treasurer, said college negotiators had "reached the limit we feel we can offer."

* * *

"The college has offered an economic package which exceeds the level of similar positions in comparable organizations," he said.

Zambia's Not Out of Britain Talks Yet

LONDON (AP) — Commonwealth diplomats watched today for an indication President Kenneth D. Kaunda intends to lead Zambia out of the 23-nation organization over its handling of the Rhodesian crisis.

Kaunda said before the opening of the Commonwealth conference that his country's delegation would walk out if Zambia's demands on Rhodesia were not met. They weren't, but Zambia remained represented to the end of the 10 day conference Thursday.

However, Foreign Minister Simon Kapwepwe returned to Lusaka, the Zambian capital, maintaining that British Prime Minister Harold Wilson is "a racialist and an imperialist" out to preserve white domination over Rhodesia's 4 million black Africans.

Hanger Chosen for Committee

Pontiac Police Chief William K. Hanger has been selected to serve on the police personnel committee of the Michigan Association of Chiefs of Police.

He was named to a one-year term on the committee by association president Arthur E. Louwers, chief of police in Grosse Pointe Park.

Birmingham Area News

Meeting Rescheduled by Board of Education

BIRMINGHAM — The board of education meeting, originally scheduled for Tuesday, has been postponed until 8 p.m. Sept. 27.

Schools Supt. Dr. John B. Smith will be participating in the 37th annual convention of the Michigan Association of School Administrators to be held Sunday through Tuesday on Mackinac Island.

The board has taken an option on property near Fromm Drive in the southwestern part of the district, anticipating the need for a new elementary school in this area.

The decision to purchase the property will depend on whether voters approve a $9.8 million bond issue in the special referendum Oct. 6.

* * *

The property is located north of Thirteen Mile between Lahser and Telegraph.

* * *

First rehearsal of the Birmingham University Chorus under the direction of John Dovaras will be held Tuesday at the Northminster Presbyterian Church, Troy.

SPONSORS

The mixed choral group is sponsored by the Division of Continuing Education at Oakland University.

Numbering up to 150 voices, the group receives training in vocal and choral techniques and specializes in singing master choral works.

The 16th annual antique show and sale, sponsored by the Piety Hill Chapter of the Daughters of the American Revolution, is being held at the Brimingham Community House through tomorrow.

* * *

The show is open from 1 to 10 p.m. today and from 1 to 6 p.m. tomorrow.

FURTHER INTERESTS

Proceeds from the show enable Piety Hill Chapter to further its interests in educational, historiacl and patriotic projects.

OU Parley to Air Impact on U.S. Funds on Safety

The impact of federal funds on local traffic safety programs will be a principal topic of discussion Monday at the first of Gov. Romney's annual series of safety conferences.

The day-long meeting, to be held at Oakland University, will also include workshop sessions in specific areas such as motor-eycle regulations, driver licensing and new trucking laws.

* * *

Scheduled to speak to the group on federal traffic monies is an as yet unnamed representative of the U.S. Secretary of Commerce.

Citizens wishing to express opinions or obtain information have been invited to the conference along with law enforcement and government officials area.

Dem Office Being Opened

Grand opening ceremonies of a new Democratic headquarters in Rochester will be held at 7 p.m. today, with a parade along Main Street kicking off the event.

The new office located at Walnut and Fourth, will serve the townships of Avon, Oakland and Orion, and the Auburn Heights area.

Among the guests attending the opening will be Mrs. G. Mennen Williams, appearing in behalf of her husband who is the candidate for U. S. Senate; William H. Merrill, congressional candidate from the 18th District; and State Rep. Robert Slingerlend of Lake Orion.

Refreshments will be served during the program.

* *

The headquarters will be open six days a week, noon to 6 p.m. Monday through Thursday; noon to 9 p.m. Friday; and 10 a.m. to 5 p.m. on Saturday.

Enthusiasm's the Word

(Continued From Page One)

ers Inc., 98 N. Saginaw, said he had mixed feelings on the Taubman project, but indicated he didn't want anything to slow the process of rejuvenating the city's center.

* *

"My first impression is that things cannot get worse, they have to get better," said Simons.

GET TOGETHER

William Dickinson of Dickinson's Men's Wear, 31 N. Saginaw, thought both sides should definitely get together. Dickinson referred to the plans for the total city unveiled Monday by the University of Detroit School of Architecture.

He added that he didn't like the idea of closing the Auburn-Orchard Lake crossover.

The Taubman center would begin, according to tentative plans, just south of Lawrence and extend southward to a point where the east and west legs of Wide Track meet.

City officials, who have generally indicated support for Taubman's plans, have been most impressed with the interest in downtown redevelopment.

OVERFLOW CROWD

An overflow crowd of nearly 500 persons heard a presentation of the Taubman proposal at a luncheon last Tuesday.

Because of this turnout, the City Commission plans to move its Sept. 27 meeting from City Hall to some other quarters that will accommodate an expected large crowd.

Sept. 27 is the date set for a public hearing on the proposed contract between Taubman and the city.

Hope Dims for Crew of W. German Sub

HAMBURG, Germany (AP) — Rescuers today abandoned virtually all hope for 12 crewmen from the sunken West German submarine Hai (Shark) as high seas hindered search efforts in the North Sea.

"There is not much hope that we will recover any more survivors," a navy spokesman said last night. Only one member of the 20-man crew has been rescued. Six bodies were recovered yesterday and a seventh was picked up today by a fishing boat.

NATIONAL WEATHER—Scattered showers are forecast tonight for the Plains states, Mississippi Valley, sections of the Gulf Coast and along the northern Pacific Coast. It will continue to be cool east of the Mississippi and moderate in the West.

Workable Program Officially Approved

City officials have received word that Pontiac's workable program for community improvement has been recertified.

The workable program is necessary for various forms of federal aid. It must be recertified annually.

* * *

After a 5½-month wait, the city had received unofficial word last week that the document had been recertified.

* *

City officials are to pick up the document today while they are in Chicago for a conference with Housing and Urban Development officials on the Taubman proposal for downtown redevelopment.

DAV Flower Sale This Weekend

The annual Forget - Me - Not flower sale, organized by Disabled American Veterans Chapter 16 and 101, is being held today and Saturday throughout the Pontiac area and in the shopping centers.

The proceeds from the sale are used to aid Pontiac disabled veterans in times of financial need and illness.

The flowers are made by hospitalized veterans.

'Fresh Styling on 1967s'

Ford Division's 5 Car Lines Unveiled

Ford Motor Co., still pushing "better ideas," today took the wraps off the division's five car lines for the 1967 model year.

The five — Ford, Fairlane, Mustang, Thunderbird, and Falcon — may be seen Sept. 30 at the following Pontiac area dealers:

Beattie Motor Sales, 5806 Dixie, Waterford Township; Jerome - Ferguson Inc., 215 Main, Rochester; John McAuliffe Ford Inc., 630 Oakland; Tom Bohr Inc., South Milford Road, Milford; Shuman Ford Sales, Inc., 209 E. Walled Lake, Walled Lake; Skalnek Ford, 941 S. Lapeer, Orion Township; and Harold Turner Ford, 464 S. Woodward, Birmingham.

"With the 1967 Ford, we will offer the new car buyer smart, fresh styling as well as advance mechanical and body refinements," said M. S. McLaughlin, Ford Division general marketing manager.

The new Ford is three inches longer than last year's model. The "fastback" look has been extended to nearly all models, excepting only convertibles, station wagons and four-door hardtops.

Safety features include an impact-absorbing steering wheel, padded windshield pillars and a remote - control outside - view mirror.

Fairlane, after reportedly running 37 per cent ahead of 1965 sales figures, features a new recessed grille and redesigned side panel trim.

Engineering refinements include new valve train design on V-8 engine. The competition-bred eight-cylinder engine with four- or eight-barrel carburetion is available in two-door sedans and hardtops except "GT" models.

* * *

A four-door model will be added to the 1967 Thunderbird line, according to Donald N. Frey, Ford Division general manager.

THUNDERBIRD SHARE

The change will be aimed at "substantially increasing Thunderbird's share of the personal luxury-car market," he said.

Rear decks have been shortened on the Thunderbird, while the traditional canted roof lines have been retained.

Mustang, according to Frey, has been newly styled for the first time since its introduction in April 1964.

The body is nearly three inches wider and two inches longer than previous models, with rear-end styling featuring a new concave rear panel.

NEW ADDITION

Engine selections for 1967 have been bolstered with the addition of a new 320-horsepower V8.

A fuller choice is also available in transmissions with the new "Select Shift automatic.

Changes in Falson are directed mainly to economy- and safety-minded auto buyers.

A dual hydraulic brake system, break-away rear-view mirror, and new lane-change turn signal are among safety features cited by company officials.

* * *

As in 1966, Falcon will be available in seven basic models including two sedans, three club coupes, and two station wagons.

CHANGED MUSTANG — The "first major changes" in Mustang styling since introduction of the car in April of 1964 can be seen in the 1967 model announced today. The car is wider and longer than in previous years. Mustang, along with Ford's four other model lines, was officially introduced today.

Arresting Senators Rather a Dull Show

By DICK WEST
United Press International

WASHINGTON — In a newsletter published today Rep. Otis G. Pike took note of the trouble the Senate had last week in raising a quorum for the civil rights debate.

WEST

Only after Senate leaders threatened to have absentees arrested were 51 reluctant senators rounded up," the New York Democrat recalled.

And even then, he added, "They came slowly, there being no recorded charge of police brutality in all the history of arresting absent senators."

This is what I call putting a situation in its proper perspective. As Pike so adroitly pointed out, a threat to enforce senatorial attendance by serving warrants sounds more dramatic than it actually is.

For one thing, such a threat is rarely carried out. Not since Nov. 14, 1942, have arrest warrants actually been issued.

On that occasion, the Senate had before it a bill to amend an act "to prevent pernicious political activities." The late Alben W. Barkley, then a senator and subsequently vice president, looked around the chamber and noticed something strange.

★ ★ ★

"There seems to have taken place an exodus from the Senate equal to the exodus of the Children of Israel from Egypt," Barkley pointed out.

WARRANTS ISSUED

Warrants were issued to halt the exodus and three senators eventually were served before a quorum was reached.

I would like to report that the recalcitrants were hauled into the chamber kicking and screaming, but such was far from the case. They submitted meekly to the Senate sergeant-at-arms.

The sergeant-at-arms did not summon his deputies and tell them: "Here's the list of senators who missed that last roll call, men. Bring them in—dead or alive."

★ ★ ★

In short, from a dramatic standpoint, it was a big flop.

The next time the Senate voted to issue warrants for absentees—in July, 1950, during consideration of a rent control extension bill — it was an even bigger letdown.

Before any arrests were made enough stragglers showed up to constitute a quorum and the order was rescinded.

It seems to me that senators are missing a golden opportunity by turning themselves in or surrendering without a struggle.

If they hid out a few days they could write a book called "I Was a Fugitive from a Senate Roll Call." It should make a fortune.

Viet Casualties Are Identified

WASHINGTON (AP) — The Defense Department announced today the following four Army men and three Marines were killed in connection with the Viet Nam war:

Killed in action:

ARMY

NEW YORK — Pfc. Thomas C. Newkirk, Saugerties; Pfc. Harold M. Paten audd, Mechanicville.

PENNSYLVANIA — WO David P. Kuhns, Schnecksville.

TEXAS — Pfc. Orlando L. Soliz, San Antonio.

MARINE CORPS

CALIFORNIA — Pfc. David P. Ephriam, Los Angeles.

NEW MEXICO — Cpl. Francis X. Neva, Santa Fe.

NEW YORK — 2nd Lt. Albert C. Doody, Franklin Square.

Died of wounds:

MARINE CORPS

CONNECTICUT — Lance Cpl. James A. Bronson, Stamford.

Missing as a result of hostile action:

Capt. Douglas D. Peterson
Capt. Robert F. Waggoner

Died not as a result of hostile action:

ARMY

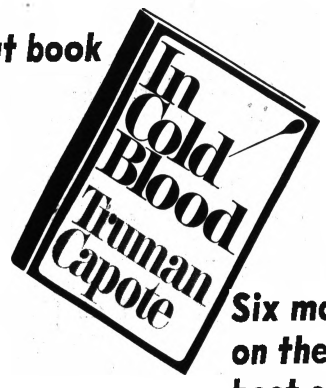

INDIANA — Spec. 4 Jerry R. Bloomer, Anderson.

NEW YORK — Pfc. Alfred L. Stonehouse, Monsey.

MARINE CORPS

MICHIGAN — Pvt. John M. Scott Jr., Grand Rapids.

This year's most talked-about book

Six months on the best-seller list

Starting Sunday in the Free Press

IN COLD BLOOD is a terrifying but true story of mass murder. It starts with the shotgun slaying of an entire family in Kansas in 1959 and ends with the execution of the two murderers in 1965. Truman Capote's detailed account of the lives and deaths of these people is even more significant in view of the recent multiple murders in Chicago and Dallas.

IN COLD BLOOD has been a best seller ever since it was published earlier this year. Now you can read it exclusively in the Free Press — in 18 installments starting this Sunday.

Northern Plays Troy Tonight

PCH Cautious Choice in SVC Home Opener Saturday

The Swami Association of The Press' Grapevine has made Pontiac Central a unanimous victory choice in tomorrow night's season lidlifter at Wisner Stadium against Saginaw Arthur Hill.

Neither coach Paul Dellerba nor his PCH assistants nor the Swamis themselves think 1966's meeting will be that easy — though none of the four games the two schools have split beginning with the 1962 season has been closer than 19 points.

This feast-or-famine pattern could very easily continue tomorrow night and there's no guarantee the Chiefs won't come up hungry.

The Chiefs conquered Arthur Hill, 33-7, last year in their Saginaw Valley Conference starter at Saginaw.

Pontiac Northern uses the Wisner turf tonight for its encounter with Troy. Waterford visits West Bloomfield and Kettering is under the Township gridiron lights against Lake Orion.

Arthur Hill lost only nine letterwinners from last year's 2-6-1 edition, and has 29 returning (that's twice as many as PCH).

Included among the returnees are fullback Tom Bondell—who scored the Lumberjacks' lone touchdown against PCH last September—and versatile quarterback John Decker.

RECEIVERS

Two veteran ends are back and pose definite pass threats to the Central secondary. Tom Thon stands 6-5 and weighs 220, teaming with Jim Kundinger, a 6-2 receiver.

As usual, the Chiefs will be outweighed in the line and will have to depend upon quick, aggressive drive by their blockers up front.

Coach Hi Becker of Arthur Hill can insert in the line veteran tackles Jim Weigl, 250 pounds, and Mike Eldred, 215. Guards Dave Grubaugh and Bob Cady both weigh 185 or better. Letterwinning centers Joe Oeming and Tom Alsgaard are 200-pounders.

★ ★ ★

PCH can counter with what is likely the biggest backfield in the SVC — providing 205-pounders Bennie Williams and Alton Wilson, plus Bruce Turpin (170) are the runners.

★ ★ ★

The quarterbacking is senior Lee White's job. He's small and his passing may be hindered by big opposing lines.

Vidmer at QB for Michigan Opener; MSU Awaits Wolfpack

Oregon State 1st Opponent for Michigan

Clancy Prime Target for Wolverine Aerial Attack Saturday

ANN ARBOR, Mich. (AP) — Dick Vidmer finally gets his chance to start the season at quarterback when Michigan opens its football campaign against Oregon State — its 1965 Rose Bowl foe — Saturday.

Vidmer, a top prospect in 1963 when he was a freshman, broke his leg the next year and Bob Timberlake went on to win the quarterbacking job and directed the Wolverines to the Big Ten title.

★ ★ ★

Vidmer played 106 minutes last year as an understudy to Wally Gabler. A much improved showing in spring drills and continued improvement through the fall sessions prompts coach Bump Elliott to feel the Wolverines will be somewhat better in the passing department.

Jack Clancy, team captain, and holder of two U-M pass receiving marks set last year, figures to be Vidmer's prime target. The 6-foot-1 split end caught 52 passes for 762 yards in 1965.

NO. 2 MAN

Rick Volk, a defensive back, has been groomed to back up Vidmer. Others who may see action are junior John Thomas and Dennis Brown.

Lettermen Carl Ward and Dave Fisher and either Ernie Sharpe or Jim Detwiler round out the Wolverine backfield.

★ ★ ★

Elliott has declined to say whether Sharpe or Detwiler will draw the assignment at left half although it appears Detwiler has not yet fully recovered from knee surgery and may need a week or two.

The only sophomore expected to break into the starting lineup is defensive end Tom Stincic, a 6-3, 217-pounder from Cleveland.

THIRD GAME

This will be the third meeting between the two schools with Michigan the victor in the first two. The Wolverines dumped the Beavers 18-7 in 1959, Elliott's first year as coach, and again, 34-7, in the Rose Bowl.

Counting the time spent as an assistant at Iowa, Elliott has never lost to Oregon State, the first team to hire him as a football aide following his graduation.

★ ★ ★

Paul Brothers, who quarterbacked the Beavers in the Rose Bowl game, will direct them against the Wolverines. He completed 45 of 121 passing attempts last year for 416 yards and four touchdowns.

The Beavers, 5-5 last year, present a prime rushing threat in junior fullback Pete Pifer, second leading ground gainer on the West Coast.

★ ★ ★

Pifer carried 234 times, gained 1,095 yards and scored six times.

Ward, who gained 639 yards, and Fisher, who added 575, are the Wolverines' chief running threats. Sharpe averaged more than four yards a carry in his brief appearances last season.

AP Wirephoto

PURDUE PLAYMAKER — Quarterback Bob Griese will start his 20th straight game for Purdue Saturday in the season opener with Ohio University. Last season, the Indiana-born passer connected on 142 aerials; and a lot of this fall's Boilermaker hopes depend upon the senior's efforts.

Sailing Lead Held

NEWPORT, R.I. (AP) — Karl Stagl of Montreal held a slim lead today with two races remaining in the International Dragon Class sailing series for the English speaking Union Cup.

New Season, New Threats

4 Prep Streaks on Line Again

Four county high school football winning streaks that were protected throughout last season are open for target shooting this weekend.

Two teams — Royal Oak Kimball and North Farmington — have gone 11 games without a loss and each could have success end tonight.

Kimball has a big season opener at always dangerous Walled Lake. North Farmington's Raiders are taking their hopes to Grand Rapids Central.

Neither Kimball nor North Farmington is heavily favored.

★ ★ ★

The county's longest winning streak belongs to Ferndale St. James. The Dales have won 18 straight and are picked to make it 19 against St. Gertrude Sunday afternoon.

TURNABOUT

Waterford Our Lady of Lakes closed the 1964 season with a resounding 47-0 loss, but new coach Mike Boyd turned the Lakers into a 7-0 performer during his initial campaign.

They'll attempt to extend that victory drive Sunday afternoon by playing host to New Baltimore St. Mary.

A big rivalry being renewed tonight finds Rochester at Utica. The Falcons finished last five starts and want to avenge 1965's opening setback to their hosts.

Utica only lost once all season and has some talent returning from that fine team.

Another 1965 one-time loser, Bloomfield Hills, will kick off the current season at 1:30 p.m. tomorrow on the Oak Park gridiron with high hopes for a perfect mark this campaign.

Interesting renewals could be in store for Clarkston, Avondale and Birmingham Groves' fields this evening.

Oxford is looking to shake some losing habits at Clarkston.

Groves has never beaten arch rival Seaholm but may make a good showing if Mike Rafferty's ailng back has responded to treatment.

Avondale has hopes for a productive season but must replace speedy back Bob Coronado who is out for the season after a scrimmage game injury last week. Milford's Redskins provide the opening opposition and are a formidable test.

Celtics Give Coach Help With Veterans

BOSTON (UPI) — The Boston Celtics apparently want to give rookie Coach Bill Russell as much experienced help as possible when the National Basketball Association opens shop this winter.

★ ★ ★

The defending NBA champions picked up their third veteran in a month Thursday when they persuaded former Cincinnati Royals center Wayne Embry to forget about retirement.

★ ★ ★

In return, the Royals received cash and an undisclosed draft choice.

Embry, a 29-year-old muscleman who had announced his retirement Sept. 2 to accept an executive position with a soft drink firm, averaged 15.1 points per game since joining the Royals in 1958 from Miami of Ohio.

Embry's forte was getting under the boards and pushing some of his 6-foot-8, 260-pound bulk around while rebounding.

With Jerry Lucas, he formed a potent 1-2 rebounding combination for the Royals.

Russell, who succeeded Red Auerbach as coach of the Celtics, will be a playing coach.

Although virtually a 48-minute-a-game player in past seasons, he is expected to spend more time on the bench this season while directing the team.

The Embry deal marks Boston's third dip into the trade market since the beginning of August. The Celtics picked up former Duke All-America Art Heyman from New York and added veteran high-scoring forward Bailey Howell earlier this month by sending seven-foot Mel Counts to Baltimore.

3 Skippers in Tie for Yachting Title

STAMFORD, Conn. (AP) — Three skippers were tied for first place after the fourth day of racing Thursday in the international 5.5-meter yacht competition for the United States championship.

The fifth and final race is scheduled for today with 15 to 25 knot winds expected on Long Island Sound.

Scott Allan of the Newport Harbor Yacht Club in California won Thursday's race to become one of the three yachtsmen tied for the lead.

The other two are A. E. Luders of the host Stamford Yacht Club, who finished third, and Ernest B. Fay of the Texas Corinthian Yacht Club, who finished fourth.

Play Four Games in Musial Series

BATTLE CREEK (UPI) — Four games were scheduled today in the second round of the finals of the annual Stan Musial World Series of amateur baseball.

In first round action Thursday Waterbury, Conn., defeated Evansville, Ind., 5-2, and Seattle, Wash., topped Dearborn, 17-7, in a game called after eight innings.

Seattle, the 1960 national champion, jumped off to a 10-0 lead in the first two innings on 11 hits. Dearborn, the 1959 national champ, rallied in the seventh inning for three runs but Seattle put the game away with five more runs in the eighth.

Beloit, Wis., defeated Birmingham, Ala., 4-1, Thursday while Dallas, Tex., fell to Waterloo, Iowa, 5-4 in 11 innings.

Spilled Jockey Quits

NEW YORK (UPI) — Tommy Burns, steeplechase jockey who was injured in a spill at Aqueduct Thursday, announced his retirement as a rider immediately following the spill.

SPORTS

Grateful Northrup Repays Pilot Skaff

DETROIT (AP) — Jim Northrup wasn't as surprised at hitting his first major league grand slam homer Thursday as he was at getting the chance to hit it in the first place.

Northrup rocketed a Bill Pleis fast ball into the bleachers in right center field during the fifth inning Thursday, carrying the Tigers to an 8-5 victory over the Minnesota Twins.

★ ★ ★

The game-deciding blow came after Norm Cash struck out on a passed ball for what would have been the final out of the inning. Al Kaline and Willie Horton walked, setting the stage for Northrup's blow.

"I don't know if they were pitching away from Kaline and Horton to get to me because Pleis was a lefthander," Northrup said. "But I was surprised when Frank Skaff let me hit.

"I expected he would call in a pinch-hitter but he gave me the sign to get up there and hit away," Northrup added.

GIVEN CHANCE

"It was just my way of showing I had confidence in him," the Tiger manager explained. "I'm not platooning Northrup and Stanley because either of them is poor in a particular situation. I'm just trying to give them a chance because some day they will be regulars.

"I really got my money's worth on that move, didn't I?"

Skaff continued. "You know what he said when he came off the field? 'Thanks a lot, Frank.' "

The triumph gave the Tigers a sweep of the three-game series and moved them 2½ games ahead of the third-place Twins.

The Tigers fell behind four times in the game but battled back to tie the score twice and go ahead twice themselves.

★ ★ ★

Minnesota took the lead for the last time on Harmon Killebrew's disputed home run leading off the fifth inning. The Tigers claimed the high fly was a foul ball.

But third base umpire Emmett Ashford signaled the ball was fair and the argument continued for five minutes.

"He said that in his opinion the ball was fair when it left the park," Skaff said. "What could we say, really? It's his call and that was that."

The homer routed Johnny Podres and Dave Wickersham came on and held the Twins to two hits after that to gain credit for the victory.

NO DOUBT ABOUT IT — Both Umpire Emmett Ashford and Detroit catcher Bill Freehan (11) are emphatic in commenting on a disputed home run by Minnesota's Harmon Killebrew Thursday at Tiger Stadium. Tigers' Don Wert (right), also, is firm with his observations. Bengals rallied for an 8-5 victory and a sweep of the crucial series.

Classy Field in 'Mile' at Detroit Track

LIVONIA, (AP) — Tom Rolfe, Amberoid and Beaupy head the classiest field ever in the 18th renewal of the $100,000-added Michigan Mile at the Detroit Race Course Saturday.

A field of 11 is expected in the event, actually run at a mile and one-eighth.

★ ★ ★

Tom Rolfe, winner of the Preakness, second in the Belmont and third in the Kentucky Derby in 1965, is top weighted at 127 pounds in this, the first $100,000 race in the state's history.

Willie Shoemaker will make his first appearance in the Detroit area when he rides the Powhatan Stable entry, victor in four of seven starts this year and second in two others.

BELMONT WIN

Amberoid, the Belmont and Wood Memorial winner this year, will be ridden by Benny Feliciano and carry 115 pounds. He's also won two other major events at Aqueduct and has earned $288,212.

Beaupy, winner of three races and in the money seven times in nine starts, is expected to be the front runner. Bob Ussery is expected to ride Beaupy, second to Selari in a race at the same distance at Aqueduct earlier this year.

Bout Is Scheduled

BUENOS AIRES (AP) — Light-heavyweight champion Jose Torres will meet Gregorio Peralta of Argentina in a 10-round, non-title bout here on Nov. 2, it was announced today.

2nd Round Today

Casper Leads Portland

PORTLAND, Ore. (AP) — The Portland Open golf tournament is a free-for-all going into today's second round, but you get the feeling Billy Casper means business.

The leading money winner on the pro tour with $107,715, Casper shot a five-under par 67 Thursday to tie three others for the early lead in the $50,000 event.

★ ★ ★

Although 11 more challengers were within two strokes of the top as the second round began, Casper seemed confident on the 6,436-yard Columbia Edgewater Country Club course.

Bob Goalby, Bill Martindale and Pete Brown were tied with Casper, who was strong on tee and green, but faltered on a hole many birdied.

RARE SLIP

His drive on the 512-yard 8th hole was good, but he left a wood short of the green. He watched his chip stop 20 feet short on a soft green and two-putted for a par five. It was a rare slip as he bid for his fourth Portland Open title. He won in 1959, 1960, 1961.

Casper, Brown and Goalby, had rounds of 33-34 on th epar 36-36-72 layout. Martindale scored 35-32. All four had strings of three birdies on a course that offers few hazards for long, straight hitters. Many birdie putts were little more than tap-ins.

Bob Brown	33-34—67

Bowling Lead Held

NEW YORK (AP) — Joe Joseph of Detroit, Mich., holds a slim lead in the Professional Bowlers Association's $100,000 Championship Tournament with a 1,200 total for 12 games.

Stingy Defense of Spartans to Receive Test

North Carolina State Visits East Lansing in Opening Game

EAST LANSING (AP) — The writers who looked at Michigan State's half dozen or more returning football stars and picked MSU to finish No. 2 in the nation were not using a crystal ball.

A crystal ball reader would lose his license if he didn't consider:

—This is Coach Duffy Daugherty's 13th season.

—MSU was the Big Ten's Rose Bowl delegate last year and, according to Daugherty's figures, the last 15 Rose Bowl teams finished an average of fifth in the next Big Ten season.

—Big Ten sportswriters picked the Spartans to win the league title again, and they have been right only once in 13 years.

★ ★ ★

Forget the crystal ball, but remember the defense, when MSU opens its season against North Carolina State at East Lansing Saturday.

Last year's MSU squad, which went undefeated and held No. 1 rank in the nation until its 14-12 loss to UCLA in the Rose Bowl, was stingy enough to hold three opponents— Michigan, Ohio State and Notre Dame — to minus rushing yardage.

BIG END

Five of the seven front-liners on that defense didn't return, and this year's line averages less than 210 pounds a man if you don't count returning standout end Bubba Smith, a 283-pounder.

Smith isn't the only strong defender. Daugherty has cocaptain George Webster at rover back, Charles (Big Dog) Thornhill at linebacker and Jesse Phillips at safety.

★ ★ ★

But on both offense and defense, Daugherty worries about what happens if one of his stars is injured.

"This fall's team will have less depth than any in recent history," he said.

"We'll need the same kind of luck (as last season), especially freedom from injuries to top players," Daugherty added.

Returnees on offense include end Gene Washington, who caught 40 passes for 638 yards and four touchdowns last season, and halfback Clinton Jones, who led MSU in rushing with a 4.8-yard average in 165 carries.

HAWAIIAN DUO

Also back is MSU's "Hawaiian Punch" — fullback Bob Apisa, who has recovered from a knee injury suffered late in 1965, and barefooted place kicker Dick Kenney.

At quarterback is Jimmy Raye, a speedster who played only 55 minutes last year as relief man to All-America Steve Juday, but ran for 192 yards in 28 carries — an 8.8 average. His passing is unproven.

3 Local Golfers Lead Tourney

Three Pontiac golfers led the field of the two-month-long March of Dimes golf tournament concluded this week.

In the men's division a Pontiac trio Jim Johnson had a net 64, followed by Don Erskine with 68 and Gary Page with 70.

Mrs. Everett Boyer of Pontiac finished 3rd in the women's division with a net 78.

The tourney drew 1,000 entries at courses throughout the county.

Controls Are Urged to Guard Kangaroos

By Science Service

SYDNEY, Australia — An American conservationist has advised Australian government controls to protect the country's kangaroo industry.

Government control would develop and stabilize the industry, and protect the kangaroo from uncontrolled slaughter, Dr. R. E. Dasmann, senior associate in the American Conservation Foundation, Washington, told a wild life seminar in Adelaide.

Maintenance of the kangaroo meat and hide trade is, in the long run, important for the conservation of the kangaroo itself, he said.

Only if the economic value of the meat and hide trade is recognized, is it likely that the kangaroo will be protected from uncontrolled shooting as a resource of some value to the nation.

★ ★ ★

"But the industry is so unstable, it is a very risky thing for private enterprise to tackle," he said.

Consensus of the seminar was that state governments should handle marketing of the meat and hides, thus bringing in a substantial income to the government.

The harvest of kangaroos could thereby be kept at a level the population could support.

Government control of skinning and preparation of the meat would ensure the production of high-quality meat.

"I think this type of approach would do much not only to protect the kangaroo as a species but to stabilize the industry and bring some revenue into the state faunal departments," Dr. Dasmann said.

Movements Irregular

Stocks Pause at 5-Day Break

NEW YORK (AP)—The stock market moved irregularly early today in moderate trading.

Gains and losses of fractions to a point were the general rule among leading issues.

* * *

Some evening-up of positions followed five straight daily advances and prior to the week-end was expected by analysts. Despite this, the general tone was fairly steady.

Du Pont climbed almost 2 points. Further support to the averages came from gains of about a point by Anaconda, International Nickel and Caterpillar.

STOCKS EASE

Xerox slipped about 1½. General Motors eased as did American Telephone.

Beech Aircraft was down ⅞ to 27 on a huge block of 125,000 shares, insuring a high ranking among the day's most active stocks.

Opening blocks included: Pennsylvania Railroad, off ½ at 46¼ on 6,000 shares; Chrysler, off ¼ at 38¾ on 6,000; and Westinghouse Electric, off ¼ at 47 on 3,500.

Thursday the Associated Press Average of 60 Stocks rose 2.8 to 293.7.

Prices were narrowly mixed on the American Stock Exchange.

MAKE OVER PAGES

Ike Discharged

WASHINGTON (AP) — Former President Dwight D. Eisenhower left Walter Reed Army Hospital today after a stay of two nights and a day for what a spokesman called a routine checkup.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Pontiac City Commission, Tuesday, October 18, 1966 at 8 o'clock p.m. Eastern Standard Time in the Commission Chamber, City Hall on the proposed vacating of a part of Riverside Drive between Maines and M-59 right-of-way, in accordance with the following resolution adopted by the Pontiac City Commission, September 12, 1966, being Resolution No. 764.

"By Comm. Wood, supported by Comm. Fowler, Whereas, the City Plan Commission has recommended the vacating in Pontiac Heights Addition, City of Pontiac, Oakland County, Michigan that part of described as:

lying north of the north property line of Maines Avenue and south of the M-59 right-of-way line

Now, Therefore, Be It Resolved, that a public hearing notice be given in accordance with Section 2, Chapter XIII of the City Charter, as amended of the proposed vacating.

Be it further resolved, that a public hearing be held on the proposed vacating above described on Tuesday, October 18, 1966 at 8:00 p.m. E.S.T. in the Commission Chambers, City Hall.

Be It Further Resolved, that a permanent easement be retained over the width of the street right-of-way."

By order of the City Commission
Dated September 14, 1966
OLGA BARKELEY
City Clerk
September 16, 1966

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Pontiac City Commission, Tuesday, October 18, 1966 at 8 o'clock p.m. Eastern Standard Time in the Commission Chamber, City Hall on the proposed vacating of an alley in the Northeast corner of Bagley and Fisher Streets, in accordance with the following resolution adopted by the Pontiac City Commission, September 13, 1966, being Resolution No. 744.

"By Comm. Fowler, supported by Comm. Dugan, Whereas, the City Plan Commission has recommended the vacating in Gillespie and Van Wagoner Addition, City of Pontiac, Oakland County, Michigan of an alley described as:

The north 20 feet of Lots 125, 126, 127, 128 and east 20 feet of Lot 123 except the north 20 feet

Now, Therefore, Be It Resolved, that a public hearing notice be given in accordance with Section 2, Chapter XIII of the City Charter, as amended of the proposed vacating.

Be it further resolved, that a public hearing be held on the proposed vacating above described on Tuesday, October 18, 1966 at 8:00 p.m. E.S.T. in the Commission Chambers, City Hall.

Be It Further Resolved, that the City Attorney be requested to prepare the necessary deed to transfer the alley to the present property owners."

Ex-SS Trio Found Guilty

Germans Sentenced in Auschwitz Deaths

FRANKFURT, Germany (AP) — Three former members of the Auschwitz concentration camp staff were convicted today of having had a part in mass killings and sentenced to terms ranging up to life imprisonment.

Former SS Sgt. Josef Erber, 68, was sentenced to life in prison; former SS Maj. Wilhelm Burger, 63, head of the camp administration, drew an eight-year term and former SS Sgt. Gerhard Neubert, 57, was sentenced to 3½ years.

* * *

Presiding Judge Emil Opper said the court would credit Burger for eight years he spent in a Polish war crimes prison. The ruling means that Burger, who spent no time in custody during the trial, will remain free.

The court also ordered that Neubert be credited for time spent in confinement. Both were found guilty of aiding and abetting murder.

* * *

Erber, who belonged to the camp's secret police, was convicted of complicity in murder on 70 counts. The prosecution said he was a willing member of the extermination machinery which murdered 125,000 men, women and children.

Tire Thief Gets 60-Day Sentence

Charged with stealing a tire from a van truck, a Pontiac man yesterday began a 60-day sentence in the Oakland County Jail after pleading guilty before Municipal Judge Cecil B. McCallum.

Willie L. Duncan, 26, of 374 Osmun entered the plea after an original felony charge was dropped and a misdemeanor count lodged in its place.

* * *

Two men arraigned with Duncan — Herbert Jones, 27, of 240 Hughes and Willie Jackson, 30, of 213 Harrison — were released by Pontiac police and charges were dropped.

Award Contracts for Expansion of OU's Library

Contracts have been awarded for a $252,000 program of alterations at Oakland University's Kresge Library.

Submitting the low bid of $59,553 for the architectural trades contract was Albert T. Thomas Inc. of Grosse Pointe Farms.

Other successful low bidders were Benjamin Muskovitz Co., Utica, mechanical trades contract, $46,796, and Schultz Electrical Service, Pontiac, electrical contract, $47,000.

* * *

The construction will complete the basement and third floors, providing additional reading room and shelf space.

Pinckney Death Ruled a Murder

PINCKNEY (UPI) — Livingston County authorities determined yesterday a 33-year-old Pinckney mother found dead Wednesday night was murdered.

An investigation was launched into the death of Mrs. Barbara Davis, whose body was found by her 13-year-old son Michael Sharratt. Police said Mrs. Davis died from gunshot wounds. No arrests have been made.

Total $21,207

Five Grants Accepted for OU

Five grants to Oakland University totaling $21,207 have been accepted by the Michigan State University Board of Trustees.

Formally approved was a $7,500 grant from the Rockefeller Foundation for the support of a group of Latin American student conductors at the Meadow Brook School of Music.

A $5,000 grant from the U.S. Office of Education will pay for library acquisitions under the Higher Education Act.

The division of continuing education will use two grants from the Michigan Department of Education, one for $3,580 and the other for $2,967.

The first will be used for a program to provide college-trained personnel working in social agencies with basic orientation to poverty.

Benefiting from the second grant will be a workshop on community organization for community school directors, social work personnel and neighborhood volunteers.

A grant of $2,160 from the Michigan Employment Security Commission will be used to develop a small area unemployment index based on MESC applications for employment.

Beer Habit of Britons Clears Up

LONDON (AP) — A foreigner long resident in Britain says he knows the answer to a question that has puzzled thousands of Americans for years — why do the British like warm beer?

"They like tepid beer," said William Schlackman, 37, "because they regard beer primarily as a food and not as a thirst quencher."

* * *

American-born Schlackman is an industrial psychologist who has been living and working here for six years. He has just carried out a survey for a local brewery.

"To the British beer drinker," he said, "beer subconsciously bears an image very close to that of soup."

DRINKING HABITS

Eighty Britons were subjected to depth interviews and psychological tests. Schlackman also held group discussions on drinking habits in 10 pubs.

Schlackman said Britons he questioned spoke of beer drinking as getting the fog out of their system, of restoring their strength after a day's work, of putting blood in their veins.

* * *

"Hunger means a general state of emotional tension, strong enough in primitive man to stimulate the hunt and the kill, and it is a more powerful motivating factor than sex," Schlackman said.

"That primitive tension is what the beer drinker feels as pub opening time approaches. In civilized man, it may outweigh the sex drive."

SECONDARY LIFE

He said the regular drinker put his love life secondary to his pub life.

"That's why so many marriages founder over drink," he said.

* * *

"Confirmed drinkers are rarely womanizers. In fact, they are often hostile to women in pubs that encourage women's custom."

The psychologists said that lager is the only type of beer that Britons regard as just a drink.

SERVED COLD

"Lager, of course, is served iced," he said.

"Draught beer is far more popular in British pubs than lager.

Birthday Observed by Penney Founder

ANAHEIM, Calif. (AP) — J. C. Penney, founder of the chain of retail stores, celebrates his 91st birthday today in Anaheim, Calif.

Penney opened his first store in Kemmerer, Wyo., starting a chain called "Golden Rule Stores." It now links 1,664 outlets around the world.

* * *

Its sales in the past year were second only to Sears, Roebuck & Co. among nonfood chains.

With Penney on his birthday are many retired store managers. A celebration was held Monday in the J. C. Penney Building in New York, before Penney left for Anaheim.

Name Chairman

LANSING (AP) — Harold Boyer of Grosse Pointe, a retired General Motors Corp. executive, has been named chairman of the Michigan Aeronautics Commission. Jackson Beatty of Mount Pleasant was named vice chairman.

In Company Stock

Execs' Wives Holding Purse Strings

WASHINGTON (AP) — The wives of some American business executives are far more prosperous than their husbands, at least as far as stock ownership in their husbands' companies is concerned.

Documents in the files of the Securities and Exchange Commission showed today that the holdings of some wives are as much as 50 times greater than those of their executive husbands. In some cases the percentage is even higher.

* * *

The documents were filed as a result of a new commission ruling requiring businessmen to report major stock held in their companies by their wives and minor children.

The ruling is in line with commission policy for fuller disclosure of the ownership of corporations selling securities to the public.

EXISTING LAW

Existing law requires directors or officers of a company to report to the SEC the amount of stock owned beneficially either directly or indirectly.

Because of some confusion over the meaning of beneficial ownership, the commission earlier this year said that generally speaking a person is regarded as a beneficial owner of securities if the stocks are held in the name of a spouse or minor children.

It said reports, proxy solicitations, registration statements and other materials filed after May 1 should reflect the new definition of beneficial ownership.

One filing since then showed that the wife of a Texaco, Inc., director owns 1,464,510 common shares of the company's stock. The records disclosed her husband, Lester J. Norris, owns 216,860 shares with another 118,595 shares owned through a trust or holding company.

* * *

Another filing showed that the family of G. W. Humphrey, board chairman of the M. A. Hanna Co., owns 206,542 shares of the firm's stock. Humphrey, however, owns 32,000 shares plus another 225,660 shares through trusts, the records showed.

Howard Hall, a director of the Quaker Oats Co., previously had reported holdings of 110 shares in the company. SEC records showed his wife owns 22,245 shares.

Another board chairman, David Van Alstyne Jr. of the New Idria Mining & Chemical Co., previously had reported owning no common shares of his company although he listed 24,000 shares in the names of children. An additional holding of 285,660 common shares by his wife was reported as a result of the new SEC ruling.

PLAYWRIGHT DIES—Anne Irish Rose," a play that Nichols, author of "Abie's brought her an estimated $15-million since its debut in 1922, died yesterday in Englewood Cliffs, N.J. She was 71.

Lethal Poison Still Missing

Two toolboxes containing packets of highly lethal rat poison that were stolen Wednesday afternoon still are missing according to police.

* * *

The poison was reportedly taken from a station wagon owned by Patrick Dischinger, a serviceman for Arwell Inc., pest exterminators.

* * *

Dischinger said he discovered the loss of the score of powder-filled envelopes after returning from a personal call to Pontiac General Hospital.

* * *

Pontiac police are seeking information on the whereabouts of the missing poison.

Unsmiling Girl Now Happy Man

COLUMBIA, S. C. (AP) — The state agency for vocational rehabilitation spent four years and $3,924 to change a rather drab, unsmiling girl into a married, bright-faced man of 24.

A copyrighted story by Thom Billington of the Columbia State tells of the change.

* * *

Started with a letter sent to a Baptist minister in 1962. The minister forwarded the letter to the office of vocational rehabilitation, where Billington first discovered the case.

"Marty" wrote that he was never examined by a doctor from the date of his birth until he was almost 20 years old.

MAKE CHANGE

When he did see a doctor, "I broke down and told him about my life," wrote "Marty" to the minister. "He (the doctor) advised me to get some men's clothing, have my hair cut and make the change."

* * *

After "Marty's" letter was forwarded to rehabilitation officials, contact was made by Evans F. Shealy, a state area supervisor.

* * *

"He was just the most maladjusted person you ever saw," Shealy recalls. "He couldn't smile."

The doctor who was to perform the corrective surgery on "Marty" was moved by his plight. "I look forward to trying to help this child," the physician wrote Shealy.

PERSONAL HISTORY

Accompanying the letter was "Marty's" personal history.

The doctor wrote: "At 10 or 11 she noted she was more like her brothers than the girls with whom she played. At age 14 she developed 'fuzz on her face' and a change in her voice, her voice becoming lower in pitch. At age 15 she began to shave, both her legs and her face. She was teased by boys and girls in high school.

* * *

"Marty" made nine trips to the hospital for corrective surgery between the winter of 1962 and April 1966. Between trips he attended business college and attained better than average grades.

Shealy, meanwhile, went to "Marty's" community and sought understanding from his minister, schoolmates and friends.

HE'S BEAMING

Of Marty's current lot in life, Shealy has this to say: "He's perfect. He is happy and successful. His face is just beaming with smiles.

* * *

"He is as happy as I've seen him since he came into the world," says Marty's mother.

Soon after his treatments ended "Marty" married and settled into a new job and a new home.

City Man Gets 15 to 30 Years

A 15- to 30-year prison term was ordered yesterday for a Pontiac man convicted of second-degree murder last month.

The sentence was imposed on James S. Walker, 40, of 154 Franklin Road, by Circuit Court Judge James S. Thorburn.

Walker was found guilty by a jury of shooting Jerry M. Draper, 28, of 409 S. Jessie, during a scuffle at Draper's home May 21.

Thorburn remanded Walker to the county jail pending a hearing Monday on a motion by his attorney, Clarence Smith, for a new trial.

* * *

During his trial, Walker took the stand and denied that he had shot Draper. Walker claimed that Draper had met him at the door with a revolver, and that when he pushed it aside it went off, shooting Draper in the stomach.

* * *

Seven witnesses testified, however, that they saw Walker fire the weapon.

Hare Readies Driver School Legislation

LANSING (UPI) — Secretary of State James M. Hare said yesterday he will have a bill ready for introduction in January that would require state licensing and regulation of all private driving schools.

Hare said a recent Detroit case in which seven persons were charged with conspiring to cheat and defraud their driving students pointed up the need for such legislation, particularly involving schools that teach illiterates.

* * *

He said that under his bill, each vehicle used in the school applying for a license would have to have liability insurance, and that the operator and his employes would have to supply evidence of good character and ability to serve as an instructor.

Area Candidate to Visit Shoppers

Nineteenth Congressional District candidate Jack McDonald will campaign today and tomorrow at the Bloomfield Miracle Mile Shopping Center, during its ninth anniversary celebration.

McDonald, a Republican, will be at the center until 9 p.m. today and from 10 a.m. until 9 p.m. Saturday.

Romney Backer Gets Early Start

MILWAUKEE, Wis. (UPI)—A Milwaukee youth yesterday announced the formation of a 'Youth for Romney in '68" committee.

Nik J. Santilli, who will be chairman of the group, said the purpose of the group is to gain support for Gov. Romney of Michigan in an effort to make him the Republican candidate for president in 1968.

Measle Shots Slated in 3-County Drive

Oakland County will participate in a three-county campaign starting Oct. 23 to immunize 125,000 children against measles.

* * *

The program is expected to reach half of the 250,000 children in Oakland, Wayne and Macomb counties who have not had vaccinations or become immune by contracting the disease.

Cost of the tri-county attack $300,000 which will be appropriated by the state.

Dr. Bernard Berman, director of the Oakland County Health Department, is chairman of the tri-county program.

* * *

An estimated 35,000 youngsters in Oakland County are eligible for immunization through the program and health officials hope to reach more than half of them.

Immunization sites throughout Oakland County will be announced later. All sites will be staffed by volunteer doctors and nurses.

Highland Boy Hurt as Wall Collapses

An 11-year-old Highland Township boy was hospitalized yesterday after suffering a broken hip when a brick wall in a house being demolished fell on him.

In satisfactory condition at Pontiac General Hospital is Timothy Barham, of 5181 White Lake.

* * *

Sheriff's deputies said the boy was playing in a house across from 5180 White Lake when the accident occurred at 5:30 p.m.

Dismissal Asked in Detroit Slaying

DETROIT (AP)—Judge John C. Seiler, visiting Detroit Recorder's Court from suburban Wayne County asked for dismissal of murder charges against Terry Ingland, 19, and Donald Keaton, 20, both of Detroit.

The same charge against Keaton's brother, Daniel, 17, and Robert Brock Jr., 18, both of Detroit, was reduced to manslaughter. No trial date was set.

* * *

Richard Farwell, who died of head injuries Aug. 30, was severely kicked about the head and upper body at a drive-in restaurant.
