HAPPY FELLA — Joel Goldberg, production director for Michigan Junior Miss Pageant, is shown surrounded by three of the 24 contestants at a party in their behalf last night. Goldberg is clapping hands to the piano rhythm of Catherine Mackin, representing St. Joseph-Benton Harbor, while Donna Heino of Oscoda (left) and Mavis Kallio of Houghton look on. The Pontiac Area Junior Chamber of Commerce is conducting the pageant, which ends tomorrow night with the crowning of the Junior Miss.

In Letter to Romney

Dem Boosts Fiscal Reform

Plan for State Has Graduated Tax on Income

Legislator's Program Calls for a Vote on Constitution Change

LANSING (AP) — Senate Majority Floor Leader Basil W. Brown proposed a Michigan fiscal reform program yesterday that would include a graduated income tax and basic elements of Gov. Romney's 1963 tax reform package.

The Senate's second-ranking Democrat proposed, in a six-page letter to Romney, that:

- The legislature pass the governor's 1963 fiscal reform plan, including a flat-rate state income tax, and
- Legislators then place an amendment before the public to repeal the constitutional provision against a graduated income tax.

If the amendment was approved, Democrats then could substitute a graduated income tax for the flat-rate levy, Brown said.

He said each step would require bipartisan support and that neither party thus could hang the onus of "tax party" on the other in the 1966 election campaign.

Brown said he had supported most aspects of Romney's defeated 1963 proposal.

TAX RELIEF

It had called for senior citizen property tax relief, sales tax relief, downward adjustment of certain other taxes and the start of a flat-rate income tax on individuals, corporations and financial institutions.

Then, he said, Democrats, with fringe Republican support, could take to the public a constitutional amendment repealing the prohibition against a graduated income tax.

He said he thought the public would choose a graduated tax over a flat tax although, he added, it probably would prefer none at all.

Brown said he had received no immediate reaction to his plan.

ON HIS OWN

He said he proposed it strictly on his own, not as a party spokesman.

Romney was out of town early today. But Lt. Gov. Wil-

City Gets Deferment in Scrap Yard Trial

The Circuit Court trial over alleged noise created by a metal-crushing machine at the Sam Allen & Son, Inc., scrap yard has been scheduled to begin April 6.

The trial had been tentatively scheduled to start Feb. 24 but was deferred on the request of City Attorney William A. Ewart yesterday.

Ewart said the postponement was necessary because Allen's attorney has not filed his answer to the original complaint.

"We need this answer to obtain further information so we can properly prepare our case," said Ewart.

"It will also give us additional time to take testimony from witnesses."

The city and 15 residents sued the company at 22 Congress in December, claiming the machine was a public nuisance and that it disturbed the neighborhood.

Yesterday Judge Frederick C. Ziem visited the scrap yard to view the machine in operation. The inspection was made as part of a pre-trial hearing.

The hearing, however, also was adjourned when it was learned that a crossbill may be filed by Allen against the complainants.

Ziem already has signed an order halting the delivery of loose scrap metal to the yard between the hours of 10:30 p. m. and 6 a. m. The order becomes effective Feb. 15.

2-Man Gemini Shot Due Soon

Grissom-Young Trip May Be Next Month

CAPE KENNEDY, Fla. (AP) — After months of delay, the Gemini program is picking up steam.

As a result, astronauts Virgil I. Grissom and John W. Young may make America's first two-man space trip next month, instead of in April. Three more tandem crews may follow them into orbit during 1965.

★ ★ ★

There have been rumors all week at this spaceport that the National Aeronautics and Space Administration was aiming for a late March date for the Grissom-Young flight.

Last night the spacecraft suddenly was moved to the launching pad six days ahead of schedule.

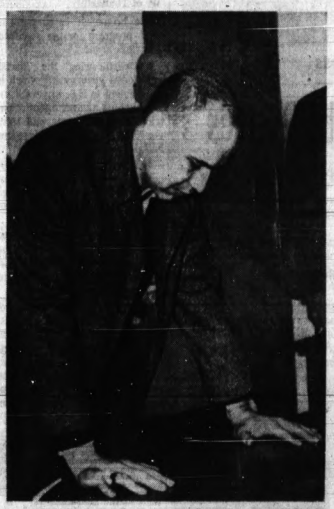
The Titan 2 booster rocket has been on the pad since Jan. 25.

★ ★ ★

NASA normally keeps its launching dates secret until 10 days before a scheduled launching and it has said only that the first manned Gemini flight is slated in the "second quarter of 1965," which starts April 1.

ADVANCE DATE

However, it is known here that the space agency would like to advance the date to the first quarter to meet criticism because the Gemini program is 16 months behind schedule.



AP Photofax

CHARGED IN FIRE DEATHS — Harry M. Belcher, division manager of a Ferndale machinery company, leans on a table with bowed head yesterday as he hears himself charged with murder in the deaths of his wife and six children in a home fire Jan. 25.

Murder Charge in Fire Stuns Ferndale Neighbors

FERNDALE (AP) — "This guy tried to do everything for his family," a neighbor says of a 32-year-old father arraigned on first-degree murder charges in connection with the fire deaths of his wife and six young children.

The serving of the warrant on Harry Belcher while he was at work yesterday took his neighbors in this Detroit suburb by surprise.

Said Markos Tsatsanis: "This guy tried to do everything for his family. He always played with the kids. Everytime his wife had another kid, he'd bring over a cigar."

Mrs. Rose Wagner added: "I just can't believe it. It seems incredible."

Belcher's wife, Katherine, 35; their two daughters, Dawn, 9, and Melody, 8, and their four sons, Mathhew, 6, Timothy, 5, Jeffrey, 3, and Daniel, 2, all died Jan. 25 when a fire swept their home.

Belcher was hospitalized for shock and treatment of smoke inhalation.

Investigating officers declined to reveal details of the case.

On City Housing

Enforced Code Urged

A door-to-door program of housing code enforcement is a must, city officials were told yesterday.

However, Pontiac's difficulties over recertification of its annual workable program for community improvement may be worked out.

Meeting with top city officials, a pair of Housing and Home Finance Agency (HHFA) representatives visited Pontiac yesterday.

The HHFA representatives — Thomas S. Kilbride and Edwin Goodman — reiterated the federal agency's policy on housing code enforcement.

In essence, city officials were told that a systematic enforcement plan must be "in the past tense" before the workable program can be recertified.

HHFA policy, according to Kilbride, is aimed at getting local communities to take certain steps toward community improvement.

Without recertification of the workable program, federal aid to local projects would be cut off.

City officials expressed concern for federal assistance to projected developments here. They said they were fearful developers might locate elsewhere.

Previously, City Manager Joseph A. Warren and Planning and Urban Renewal Director James L. Bates were concerned also that Pontiac's two urban renewal projects might be held up for lack of recertification.

URBAN RENEWAL

However, Bates has concluded that urban renewal projects now under way would not be affected. He said that the revised R-20 plan, now awaiting HHFA approval, would also not be affected.

Bates based his conclusion on the fact that only 4½ acres

(Continued on Page 2, Col. 3)

Segregated Schools May Lose U.S. Aid

WASHINGTON (AP) — With millions of dollars as a lever, the government is seeking steps toward racial integration of every federally aided school by the time classes open next September.

The price, if a school district fails to produce a guarantee those steps will be taken is an end to its federal assistance.

In the South alone, the U.S. Office of Education distributes more than $300 million in aid each year.

The school-opening target date is one goal set in enforcement of the civil rights law provisions barring federal aid for programs in which discrimination exists.

The general provision covers an assortment of more than 190 federal programs which will contribute an estimated $13.6 billion to state and local governments, hospitals and universities and other operations during the next year.

Voluntary compliance is the watchword of the men charged with enforcing the law.

"We want to work with any school district that is having problems," said a spokesman for the Office of Education. "We want to help them integrate. We don't want to cut off any money."

OU Chancellor Raps Budget

Critical of Proposed State Appropriation

Chancellor D. B. Varner of Oakland University registered a gripe yesterday about the amount of money his institution is scheduled to receive in the budget submitted to the legislature by Gov. George Romney.

Varner, appearing before the Michigan State University Board of Trustees, was critical of what he termed a disparity in the level of appropriation increases for Oakland compared with Grand Valley College at Grand Rapids.

"If what I hear is true, that the governor is recommending a $383,000 increase for Oakland, then I would have to register a strong protest," Varner said.

Oakland University, a four-year branch of MSU, this year has an operating budget of $2.19 million and had asked for a $497,000 increase.

Grand Valley, with a current operating budget of about $1 million, is scheduled to receive a $500,000 increase, Varner said.

GRAND VALLEY

"Get me straight," Varner said. "I'm not complaining about Grand Valley's needs. I know what it is to start a new four-year college. I'm just complaining about the disparity in those increases when you consider our own needs at Oakland."

Varner said Oakland apparently was getting only about 60 per cent of the increase it asked.

He said Oakland estimated a 27 per cent increase in enrollment this fall and had asked for money enough to take care of the new students.

Russia Reaffirms Plan to Hold Red Meeting

MOSCOW (AP)—The Soviet Union reaffirmed today its determination to hold a controversial meeting of Communist parties here March 1. The meeting of leaders of Communist parties from 26 nations is intended to lay the groundwork for a conference of all Communist parties on the Soviet-Chinese dispute.

School Aid Bill OK'd by House Committee

WASHINGTON (AP) — President Johnson's $1.25 billion school aid bill was approved 6-0 by a House Education Subcommittee today.

Mercury to Bounce Into 40s Tomorrow

Springlike weather is in store for the Pontiac area. The mercury will bounce up to a high of 40 to 47 tomorrow, after hitting a low of just 20 to 27 tonight.

Sunday will stay mild.

Today in Pontiac, winds are southerly to southwesterly at 10 to 20 miles an hour.

Eight above was the low temperature for this morning. However, by 2 p.m. the mercury had scooted up to 33 in downtown Pontiac.

Learns A-maze-ingly Fast

Smart Rodent Proves Prudent Student

By JODY HEADLEE

Worrying about raising kids? Trying to teach your old dog new tricks?

Relax! There's nothing to it. Follow Dr. Rolland Pullit's "snacks instead of smacks" method and your troubles are over.

Pullit, the educated rodent, revealed his thought-provoking maxim at a press conference this week in the main hall of Oakland University's Science Building.

Collegians and reporters clustered about his glass workshop as he prepared to disclose his findings.

★ ★ ★

His whiskers twitched in anticipation. With a wriggle of his nose and a flick of his tail, Pullit's pink eyes darted to the blue chute entering his lecture platform.

BALL DESCENDS

A hush fell over the spectators as a silver ball clattered down the chute.

One follower wondered out loud if Pullit, who had received his doctorate in balls and levers (class of '64), was ready for such an ambitious undertaking.

The white light flashed and the gleaming sphere rolled onto the stage.

★ ★ ★

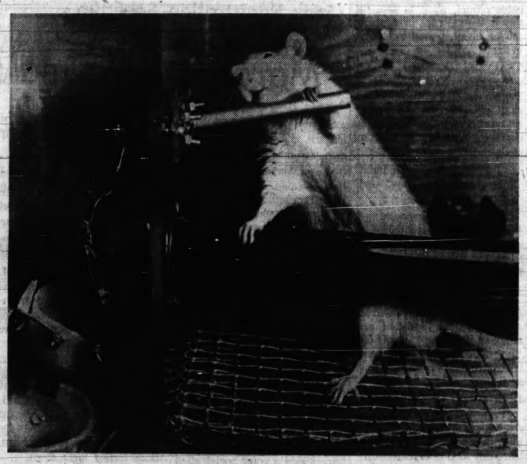
His educational background standing him in good stead, Pullit proved ripe for the lecture circuit. Without a moment's hesitation, he nosed the oversize ball bearing along the uphill grade of the gutter to the waiting slot.

MAKING SURE

Shoving it in, he poked his snout into the hole to make certain all was secure.

Pullit paused for a slight bow before triumphantly raising up on his haunches. With

(Continued on Page 2, Col. 4)



YOUR ATTENTION, PLEASE — Dr. Rolland Pullit, Oakland University's educated rodent, exhibits his profound knowledge in the field of psychological conditioning at Tuesday's press conference. Pullit received his Ph. D. of balls and levers under the able direction of Roger Blau, OU psychology major from Detroit.

Choice for OU Dean OK'd

Appointment of Thomas B. Dutton, current dean of men at Ohio University, as dean of students at Oakland University was approved by the Michigan State University Board of Trustees yesterday.

Effective July 1, he will assume the position filled temporarily this year by Herbert J. Stoutenburg, who will become full-time administrative assistant to the chancellor on that date.

In announcing the appointment, Chancellor D. B. Varner described the student personnel office as a vital part of Oakland University's efforts to provide the best possible educational experience for its students.

"We are extremely pleased to add to our staff a young man with this outstanding personal background and successful professional experience," Varner said.

A native of California, Dutton earned his bachelor's degree with highest honors, and his master's and doctor's degrees from the University of California, Berkeley.

THOMAS B. DUTTON

Red Chinese Plan Thailand Take-Over

TOKYO (UPI) — Communist China today announced the formation of a "patriotic front" to overthrow the pro-Western government of Thailand and eradicate American influence there.

It was the first time that Peking had openly named Thailand as the next target of a campaign to take over Southeast Asia.

Thailand is the staunchest U.S. ally on the Asian mainland. Bangkok, the capital, is the headquarters of the Southeast Asia Treaty Organization (SEATO) — the American-led defense alliance in the Orient.

Thailand has a population in excess of 26 million. It is about the size of the state of Texas. The country was originally called Siam. It is bounded by Burma, Laos and Cambodia.

* * *

Thanom Kittikachorn, prime minister of Thailand, said last week that Communist Chinese agents were infiltraint his country from neighboring Laos.

RADIO OUTLINE

Communist China's designs on Thailand were made clear in a broadcast of the New China News Agency heard here today.

It urged "all patriotic people to unite as one and launch a resolute struggle to drive out U.S. imperailism and realize the independence, democracy, peace, neutrality and prosperity of Thailand."

The broadcast listed a six-point program for the so-called "patriotic front:"

- Overthrowing the fascist dictatorial government which is subservient to U.S. imperailism, establishing a government of patriots and democrats and safeguarding the people's freedom and democratic rights.
- Withdrawing from SEATO, ceasing intervention in the affairs of neighboring countries . . . and opposing the war provocations of U.S. imperialism.
- Abolishing all unequal treaties signed by Thailand with the U.S. and driving all imperialist troops and aggressive forces out of Thailand.
- Promoting agricultural production, helping the poor peasants, assisting and protecting industry and commerce, restricting foreign capital whose aim is to seize profits from Thailand and establishing an independent and self-reliant national economy.
- Improving the people's livelihood, suppressing and meting out severe punishment to traitors and bureaucrats who oppress the people. Distributing land to the peasants."
- Developing education and public health . . . improving school facilities and opposing imperialism's corrupt culture."

* * *

The "reforms" followed the same revolutionary textbook that the Communists have used in Viet Nam and tried to use in Malaya and the Philippines.

The next step in the pattern is the establishment of subversive bans and a propaganda network to begin winning over villagers and peasants in the countryside.

Mom's a Waitress

Kitten With '9 Lives'

GRAND RAPIDS (AP) — If awards were given for the most unlikely job of the year, Mrs. Orville Stout certainly would have to be in the running.

* * *

Mrs. Stout, dressed in a brief red costume similar to a one-piece bathing suit, high heels, mesh stockings, a tail and a kitten-ears headpiece, is a "Kitten Girl" waitress in a Grand Rapids restaurant.

* * *

Mrs. Stout, known to her customers as "Annette", also is the mother of nine children. They range in age from two to 14.

The attractive woman applied for the job last year when her truck-driver husband needed an operation that would prevent him from working for several months.

HIGHER PAYING

Although she was a waitress at the time, she decided to change to a higher paying position to supplement the family income.

* * *

The 37-year-old mother says: "They didn't want anyone over 26, so I said I was 26. And I certainly couldn't say I had nine children. So I said I had four and got the job."

After her husband was released from the hospital, Mrs. Stout continued to work, using the money for the children's education.

"I enjoy the work very much because I enjoy meeting people," she says.

HOURS GOOD

The hours are good, too, she says. "I don't have to hire a baby sitter because my husband is home at night and I can take care of the kids in the morning."

How does Mr. Stout feel about being the husband of "Kitten Annette"?

"He's not jealous. He's real proud of me."

MRS. STOUT

Conservatives Retain Three Commons Seats

LONDON (AP) — The Conservative party retained three House of Commons seats today in elections to fill vacancies, cutting the Labor party's working majority in Parliament back to four.

* * *

The outcome in Altrincham, Salisbury and East Grinstead came as no surprise, since the Conservatives won those districts in the October general election.

NATIONAL WEATHER — Snow and flurries will fall tonight in Rockies and from Ohio Valley into New England. Rain and showers will fall from western Gulf coast to Florida, along southern Pacific Coast, in southern Rockies and Pacific Northwest. It will be colder from northern Rockies to Great Basin and warmer from Plains to Atlantic Coast.

Pontiac Press Photo

BATTLE SHOP BLAZE — The rear of a vacant body repair shop building at East Wide Track and Judson was shrouded by smoke yesterday afternoon as Pontiac firemen brought the blaze under control. Cause of the fire in the second story of the condemned building and damage have not been determined. Cy Owens of Waterford Township, the owner of the building said he paid $65,000 for it in 1954.

Charge Stuns Neighbors in Ferndale

(Continued From Page One)

S. Jerome Bronson, who recommended the warrant against Belcher, only would say: "During their routine investigation of the fire, Ferndale police and detectives from the State Police Crime Laboratory uncovered evidence indicating the fire was other than accidental."

A newspaper report said: "One investigator who declined to be identified said the defendant took a lie detector test and 'flunked it cold.' Another said the body of his (Belcher's) wife was bruised."

* * *

Belcher stood mute at his arraignment before Ferndale Municipal Judge Earl Nash.

HEARING SET

A preliminary hearing was set for next Thursday.

He was held without bond in Pontiac at the Oakland County Jail.

Belcher covered his face with his hat as he was led to arraignment but later looked up and said: "What's the sense of covering my face? Sooner or later someone's going to get a picture."

Although Belcher discussed cameras with some of the photographers present, he declined to talk with newsmen.

His attorney, John McIntosh, said, "I don't think Harry is in any state of mind where he can give any statement at all. He's lost his wife. He's lost six children."

Urge Enforced Housing Code

(Continued From Page One)

were added to R-20 in the revised plan. HHFA regulations state that 5 per cent or 10 acres would have to be involved to be affected by any shutoff of federal funds.

But what of recertification?

* * *

Explaining the situation, Kilbride said the city should get started this year on a door-to-door plan, and not wait until late 1965 or early 1966.

INSPECTION STAFF

He added that HHFA would not demand a complete inspection staff this year, but rather a beginning with the promise that the staff would be enlarged each year.

At the conclusion of the 2½-hour meeting, city officials were working on a proposal to have two employes reassigned on a part-time basis to the door-to-door program.

These two workers would make initial inspections of local buildings and then refer the violations to the various specialties, such as electrical, plumbing, fire or health departments.

* * *

The plan is still tentative, but will be worked out and sent to HHFA in Chicago.

NORTHWEST SECTION

The door-to-door program was tentatively slated to begin in the northwest section, an area already receiving scrutiny by a community group there.

Kilbride, who indicated that the rest of the workable program was well received by the regional HHFA office, said the recertification process takes about two months.

Kilbride said the HHFA policy on code enforcement was ironclad with the order for intensive local programs coming direct from Congress.

City officials appeared pleased with the meeting and hopeful that the workable program might clear the regional office.

Prudent Rodent A-maze-d Student

(Continued From Page One)

a handlike paw he yanked the lever above the opening.

A click resounded, the ball disappeared down the return ramp and Pullit became the "rat of the hour."

Stopping to collect his applause in the form of a food pellet, he scurried toward the chute's inlet, as if to say, "If this is the rat race everyone is talking about, I want to be first in line."

TRAINING SHOWS

Nonsense? Not a bit of it. Pullit's reactions were the results of a three-week training or conditioning experiment by psychology major, Roger Blau of Detroit.

"I have worked with Pullit 15 to 45 minutes a day," said Blau.

"He has never been punished. Pullit has been conditioned by receiving food pellet rewards whenever he moved in the pattern I sought to establish."

* * *

Blau's superior, Dr. R. A. Kammann of 579 Nawakwa, Avon Township, assistant professor of psychology, points out, "Behavior is generally better controlled by reward rather than punishment.

DECREASES ABILITY

"Punishment produces too many emotional disturbances and decreases the ability to learn any kind of detailed skill."

On this evidence, parents might as well scrap paddles and punishments and open their pantries and pocketbooks.

Snacks, not smacks, are the order of the day.

Salaried School Employes Get Benefits in Waterford

Waterford Township Schools last night became the eighth of Oakland County's 29 school districts to provide hospital and medical insurance benefits to salaried employes.

The insurance program approved by the school board will cover all salaried personnel in the school system.

Effective Feb. 1, it is estimated to cost from $30,000 to $35,000 for the balance of this year and $80,000 for the 1965-66 school year.

Hourly rated employes of the school district already are covered by a hospitalization-medical plan.

Under the insurance program adopted for salaried employes the school district will pay $11 per month or 2 per cent of an employe's basic salary, whichever is greater, toward the monthly premiums.

ALREADY COVERED

Persons already covered for hospitalization or medical benefits may apply the benefit toward life or salary protection insurance.

Insurance coverage was limited to Blue Cross Blue Shield, Michigan Education Association and Washington National Insurance Co.

The school system will pay insurance premiums directly to the insurance companies.

Personnel committee members who recommended the insurance program to the full board felt that school personnel should enjoy benefits offered to most employes of area business firms.

Unbudgeted state aid funds will finance the insurance program for the balance of the present school year.

A provision for approximately $80,000 will have to be incorporated in the coming year's budget to cover cost of the program.

The board also approved inclusion in the plan of the three former school system employes now serving as directors in the community school program.

They will be compensated at base pay as if they were full-time employes of the school system.

SALARY SHARE

Half of the salary of the directors is paid by a Mott Foundation grant and the other half shared equally by the township and school system.

Generally, the insurance proposal specifies that benefits be extended pro rata to other part-time salaried employes.

Rabbi's Belief Brings Ban by Masons

The congregation of Rabbi Sherwin Wine, who says he does not believe in God, has been forbidden to continue meeting in the Birmingham Masonic Temple.

The Birmingham Council of Churches has asked the Masons for an explanation of their order banning the Jewish congregation.

Wine, who said his group is concerned with the "development of man," is rabbi for a congregation of some 145 families.

He noted "atheism" is the wrong word for his beliefs.

* * *

The Birmingham Protestant church organization has asked C. Fuller Dorr of Grand Rapids, grand master of Masons in Michigan, for a clarification.

According to Harry Velick, president of the congregation, the Masons refused further use of their premises "because of our religious approach."

The Masonic order, Velick said, "insisted that a positive commitment to the existence of a supreme being was requisite for the continued use of the temple."

Seek Registration Speedup

Marches in Selma to Resume

SELMA, Ala. (AP) — Negro leaders said today that street demonstrations would resume in this west Alabama city because the chairman of the Board of Registrars refused to operate on a daily basis and the mayor declined to meet a civil rights delegation.

* * *

The Rev. Andrew Young, one of the key men in the drive, said that a demonstration would be staged and that Dr. Martin Luther King Jr. would get out of jail under bond. King was jailed Monday in a street march.

* * *

Racial unrest began simmering anew despite a federal court order requiring faster registration procedures.

A group of congressmen were headed to Selma and civil rights leaders said a voter registration drive will start next week at Montgomery but that no demonstrations are planned there.

GROUP ARRIVES

A group of Alabama congressmen arrived here in advance of the delegation from other states.

* * *

The Rev. James Bevel, who conferred with King in a jail cell, said that King decided there must be faster processing of Negro applicants by the Board of Registrars before street marches would be ended.

U. S. Dist. Judge Daniel H. Thomas of Mobile issued an injunction against the registrars and ordered them to step up the pace of registrations.

* * *

A six-member delegation led bv the Rev. C. T. Vivian of Atlanta, Ga., called on V. H. Atkins, chairman of the Board of Registrars and asked for fulltime operation of the board. Atkins turned them down.

WILL ABIDE

"I refer you to the court order which we are going to abide by to the best of our ability," Atkins said. "I am not going to ask for any special phase for registration at this time or any assistance."

* * *

The board has two registration days this month as set up by the state law.

* * *

Thomas set up streamlined procedures for processing Negro voter applications, barred the use of a complicated literacy test and assured Negroes of the right to apply directly to the court if rejected.

JOHNSON'S VIEWS

At a Washington news conference, President Johnson expressed indignation that Negroes had been denied the right to vote and said he intended to see that this right is secured for all citizens. "All Americans should be indignant when one American is denied the right to vote," said the President.

In Marion, Ala., more student demonstrations were planned following the arrest of about 200 Negroes there Thursday.

Birmingham Area News

Clothing Drive to Aid Needy in Appalachia

BIRMINGHAM — Needy children in Appalachia will be helped by this year's Bundle Days used clothing collection in the Birmingham school system.

All schools in the district will serve as collection depots for the 23rd annual drive of Save the Children Federation, scheduled for Feb. 22-26.

As in past years, parents are asked to send or take clothing to any of the schools during the week.

The articles received will be distributed to needy children in the southern Appalachian mountain area where last winter's flood and hard-core poverty have made it impossible to satisfy even basic living needs.

* * *

In some cases, children are unable to attend school for want of wearing apparel. Although emphasis is on children's clothing, that for adults also is needed.

STURDY, WEARABLE

Both summer and winter shoes and garments will be accepted. They need not be perfect, but should be sturdy and in wearable condition.

Save the Children Federation was founded in 1932 and is registered with the United States State Department Advisory Committee on Voluntary Foreign Aid.

The organization helps children here and abroad, through sponsorships, self-help scholarships and family-school and self-help projects in addition to the annual clothing drive.

* * *

Local chairman for the drive is Arthur Roller, principal of Torry Elementary School.

BLOOMFIELD HILLS — Junior high school students can learn about basic ideas in astronomy during a seven-week course to begin Tuesday at the Cranbrook Institute of Science.

The classes will meet from 4 to 5:30 p.m. every Tuesday.

A portion of each session will be spent in the planetarium learning to recognize objects in the night sky with the unaided eye.

* * *

Weather permitting, the last two classes will meet evenings in the observatory to use the six-inch refractor telescope.

Registration can be made by telephoning the institute.

Dem Proposes Tax Reform

liam Milliken said if Brown "is able to obtain the support of Democratic majorities in the Senate and House, we should be able to proceed immediately with a meaningful tax reform program."

The governor has called for fiscal reform but stated he would not make specific proposals until receiving assurances the legislature was favorably disposed toward reform.

Brown said Democrats have more to lose than Republicans because "if the amendment to the constitution fails, the Democratic tax reform would also fail, and we would then have fiscal reform to the extent contemplated by the 'Romney fiscal reform' program."

"The flat-rate income tax is repugnant to me," he said. But he said he'd accept it as a step toward what he considers full fiscal reform.

The Detroit Democrat would not estimate what rate flat or graduated income tax would be necessary.

LBJ Aide Meets Viet Strongman

SAIGON, South Viet Nam (AP)—McGeorge Bundy, special presidential fact finder, met today with strongman Lt. Gen. Nguyen Khanh in what was described as a warm and cordial session.

U.S. Ambassador Maxwell D. Taylor, with whom Khanh has often quarreled, also attended. The session had been postponed for a time at U.S. request.

* * *

Earlier, Bundy met with Acting Premier Nguyen Xuan Oanh, installed by Khanh in a patchwork government.

Bundy and his party arrived Thursday and spent the day in talks with American Embassy officials.

POLITICAL SITUATION

While the discussions reportedly covered the whole range of Vietnamese problems, they centered on the unstable political situation.

Khanh and his staff reportedly were trying to organize the 20-member mixed civilian and military council which he said would become the nucleus of a new government. Khanh, who ousted Premier Tran Van Huong in a bloodless coup Jan. 27, said he did not intend to participate directly in the new government itself.

Khanh said the council he was organizing would have representatives of Viet Nam's four major religions — Buddhism and Catholicism, and the militant Cao Dai and Hoa Hao sects. But neither Buddhists nor Catholics have shown much enthusiasm for participating.

Catholic leaders have said they had no objection to Catholics sitting on the council as individuals, but not as formal delegates of the Catholic Church. Buddhist leaders also have been unwilling to name council delegates.

College Loses Out on Funds

Oakland Community College lost out yesterday in the allocation of federal funds under the Higher Education Facilities Act.

Some $2.26 million were distributed between two other Michigan community colleges to help finance construction of academic facilities.

Previously, Oakland Community College officials had said that the new two-year school "was in a very advantageous position."

Oakland and Macomb counties were rated as highest in priority in qualifying for the federal monies, local officials thought.

BALANCE OF MONEY

Macomb Community College got its money — $1.8 million, but the balance ($442,282) of the $2.26 million went to Ingham County Community College.

The federal funds were distributed by the Michigan Higher Education Facilities Commission with the actual grants coming from the U.S. Office of Education.

Dr. John E. Tirrell, Oakland president, had said that any federal funds would be in addition to the $415,000 previously granted by the state.

A college spokesman, Vernon Fitch, said the loss of federal funds would be investigated. Fitch is a member of the college board of trustees.

"We will check with Lansing and see on what basis Ingham was given the number two rating," said Fitch.

"We felt we were justified for the number two rating."

Adlai Views World Body on 65th Birthday

'Indonesia Shows Need for Stronger U.N.'

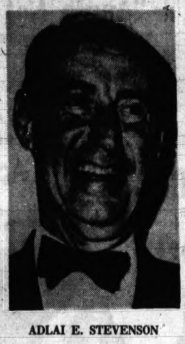
UNITED NATIONS, N.Y. (AP) — As Adlai E. Stevenson sees it, some countries want to weaken the United Nations, and Red China seeks to break it up — but Indonesia's withdrawal actually shows the need for a stronger U.N.

Stevenson, the chief U.S. delegate to the United Nations, is 65 today.

* * *

In a birthday interview with the Associated Press, he said:

"There is strong leadership from the Chinese Communists to break up the organization — either because it is a peace-keeping organization or because it doesn't promote the ambitions of the Chinese Communists."



ADLAI E. STEVENSON

PEKING DRIVE

Peking's drive has intensified a hazard that "every frustrated member" might feel a conflict with its national interest and follow Indonesia out, Stevenson said, "but I don't think it is likely."

Indonesia announced its withdrawal last month because Malaysia was elected to the Security Council.

* * *

"I don't apprehend much trouble from that source," Stevenson observed. "I think that while the example of Indonesia is there, it has served to dramatize to the rest of the membership the importance of a stronger U.N."

He expressed belief the United States could get a two-thirds vote, if necessary, to apply Article 19. That provision of the U.N. Charter says any member two years behind in paying its assessments — like the Soviet Union, France and 11 others — shall have no vote in the assembly.

ARTICLE 19

Stevenson said the dispute over Article 19 is "between those who want to preserve the organization intact . . . and those who don't, or don't care, or don't even perceive what's involved here."

He remarked of the last group, "I'm afraid there are a good many."

* * *

The basic deadlock is whether the assembly's pace-keeping assessments are binding. If the deadlock is not broken by the time the assembly reconvenes Monday, Stevenson said, he thought it might name a committee to negotiate all differences. If the assembly wants a postponement, he said, the United States would like it as short as possible because "it ought to be possible to ascertain quickly" if the dispute can be settled.

Here are some of the questions and answers in the interview:

* * *

Q. You have been at the U.N. for more than four years now. How much longer do you intend to stay?

LOGICAL TIME

A. That's a subject I really haven't grappled with. I have thought that in anything you're doing there comes a logical time to move on and do something else. But I haven't seen that yet . . . I have no present intention of leaving.

Q. Do you think the U.N. peace-keeping force got out of the Congo too quickly when it withdrew last June after four years in that country?

* * *

A. Yes, but it was unavoidable. If you remember, we put up a heroic battle to keep it in that last six months, December to June. When the Indians indicated they would have to pull out after the Chinese attack, there was the difficulty of getting troops from other countries to fill the forces up. I regret very much that the Africans didn't, at that time, say, "This is our responsibility and we're going to help matters here and work with the Congolese and give this new republic a chance."

Q. Why do you say the U.N. troops pulled out of the Congo too quickly?

INTERNAL ORDER

A. Because they had never succeeded in training the Congolese army to do the job itself, to maintain internal order itself . . . on the one hand, the African countries wouldn't allow training by non-African countries, and on the other hand they didn't provide the forces to preserve order while the training went on . . . Also there was the fact of the Congolese saying they could do the training on their own. Political stability had not even been restored to the country.

Q. Do you think the present deadlock over peace-keeping finances means that the United Nations will never again be able to undertake an operation so large as the one in the Congo?

* * *

A. I never use the word "never" about things because circumstances can change in such a way as to make any such flat prophecies meaningless. I think the problem is one that rests largely with the great powers, and it surely is illustrated in the experience of the Congo operation. The refusal of two permanent members of the Security Council, one of whom voted for it, to contribute to its support and to the execution of the mandate has presented the basic problem of the future of major peacekeeping operations, which is what underlies the present conflict and controversy over the application of Article 19 which the U.N. has to work out and resolve.

Q. The Security Council is paralyzed by the veto and the General Assembly by the financial deadlock. If Indonesia started a big attack on Malaysia tomorrow, what could the United Nations do to stop it?

A. I think that's hard to answer . . . There are certainly some things it could do. It could call on the combatants to stop — cease fire and negotiate . . . If that was frustrated by a veto, possibly the General Assembly could have a meeting where the veto wouldn't apply. If you have a massive attack in contrast to infiltration, the jurisdiction of the U.N. is clear . . . It isn't just the sheriff in the Western who enforces the law; it's the sense of outrage of the whole community . . . Cure may be beyond the reach of the power of the organization. Prevention is often within its reach. Basically the usefulness of the U.N. has been to prevent brushfire conflicts.

* * *

Q. Can it keep on preventing them?

A. It's hard to predict. We've managed to hold off Greece and Turkey in Cyprus, and the extent to which you find initiatives in the organization is often impressive. I think it's very clear that the burden of peace-keeping has to depend to a large extent and primarily upon those who have the means, and their peaceful purposes, and their interests.

Q. Is the U.N. decision-making in the Johnson administration any different from the U.N. decision-making in the Kennedy administration?

A. There's no difference.

Earth Mover, Law Tangle

OKLAHOMA CITY (AP)—Police Sgt. Jim Clark went yesterday to an intersection where traffic was being blocked and found earth-moving machine operator Tommy L. Lorett working on the street.

Clark said he had asked Lorett where he could find the construction superintendent and was ignored.

Not only that, Clark reported, but Lorett used his machine to tear up paving and a curb underneath the officer.

The duel between the policeman and Lorett went on for 10 minutes, the operator holding Clark at bay with a huge swinging bucket.

* * *

Lorett finally lost and was charged with assault with a dangerous weapon. He posted $20 bond and was released to his superintendent.

14 Prisoners Slash Arms in Louisiana

ANGOLA, La. (AP) — Fourteen maximum security prisoners at the Louisiana State Prison slashed their forearms with a jagged piece of glass late yesterday to protest their isolated status.

"They made the statement that they wanted some attention," said Wayne Allgood, former sociology professor who became the warden of the sprawling penal institution here last Monday.

"They wanted television and more exercise privileges," he said.

Allgood said the incident occurred after one prisoner threw a bottle of pills in a guard's face and was taken to a punishment cell.

* * *

The prisoners at first refused medication but finally agreed to be treated. Allgood said he would meet with the group today to go over their grievances.

"They're some of the worse troublemaker prisoners we have, and they just can't live together and get along with each other," said Allgood. "That's why they're in these cells."

Cure Your Sick Batteries By *Recharging* Them
Over and Over Again With The New 'Dynamic' PLUG 'n CHARGE

Mrs. Carlson Uncertain on Future

Slain Missionary's Wife Tries to Forget Past

EVANSTON, Ill. (AP) — Immediate things occupy Lois Carlson's attention — not past tragedy and not plans beyond the weeks just ahead.

Mrs. Carlson's husband, Dr. Paul Carlson, was murdered Nov. 24 by Congolese rebels in Stanleyville, the Congo. Carlson, a medical missionary, took his wife and their two youngsters to safety in the Republic of Central Africa when the situation in the Congo became menacing.

When he returned, hoping to secure his hospital and help his patients, he was seized and summarily sentenced to death.

Execution was delayed while U. S. officials and rebels negotiated. But Carlson was killed when rebels fired into a group of prisoners as Belgian paratroopers landed in Stanleyville to free white hostages.

Far from central Africa today, the doctor's family is trying to forget the past. It isn't easy. Carlson's son, Wayne, 9, is in Swedish Covenant Hospital at Chicago, under treatment for infectious hepatitis, which he apparently developed in Africa.

The doctor's widow and their daughter, Lynette, 7, have been living with Mrs. Carlson's sister, Sharon Lindblom, 22, a nurse at Evanston Hospital. Mrs. Carlson also is a nurse.

Mrs. Carlson and Lynette went to Menominee, Mich., today for a weekend visit with her mother, Mrs. Elmer Lindblom, and other relatives.

"We have to visit now," she said, "because the doctors feel that Wayne should be taken to a warmer climate to recover. We're going to California when he is discharged from the hospital in a few days."

"We'll visit Paul's family in Alhambra, Calif.," she said.

The doctor's parents, Gust and Ruth Carlson, live in Alhambra. His brother, Dwight, 31, is a physician at Orange County General Hospital.

"We'll settle down in the neighborhood where we lived before, around Torrance, and then we'll be among friends we have had for years."

Dr. Carlson completed his resident requirements at Harbor General Hospital in Torrance and practiced at Redondo Beach.

What about the future?

"I don't know," she said. "We'll have to get settled. But I could always get back into nursing."

AP Photofax

MRS. CARLSON CARRIES ON — Lois Carlson, whose medical missionary husband, Dr. Paul Carlson, was murdered Nov. 24 by Congolese rebels, visits son Wayne, 9, in a Chicago hospital. He is under treatment for infectious hepatitis, which he apparently developed in Africa.

Rep. Ford to Return

GRAND RAPIDS (AP)—Rep. Gerald R. Ford Jr., R-Mich., returns here next Wednesday for two days of public appearances. Scheduled are a news conference plus addresses on United States foreign policy, the Warren Commission report and the proposed federal budget.

Retiring U. S. Airman Rates Nation's Cheers

Few figures become legends during their lifetime, but Gen. CURTIS LEMAY, Air Force chief of staff made it easily. Now retiring at age 58, "Iron Pants" at 36 had already attained legendary status.

LE MAY

It was under the leadership of the hard-driving general that Nazi Germany was rocked by American B-17 bombers, strategic Japan virtually destroyed by fire bombing as prelude to invasion, the only atom bombs ever employed in warfare were loosed, the 1948 Berlin airlift was initiated and the modern Strategic Air Command created.

★ ★ ★

A tough soldier celebrated for his mastery of tough jobs, LeMay has at times been at odds with viewpoints of civilian and Congressional defense authorities toward makeup and utilization of our vast military air power. But he was never a sensationalist, always aired his views through proper official channels and held the admiration and respect of whatever opposition he had.

The general was one of the few U.S. military leaders to reach the top without having attended a service academy. He was graduated from Ohio State University with a civil engineering degree. But he took pilot training, was commissioned in the Air Corps Reserve, and when he went to England in 1942 with his bombardment group his outstanding traits were quickly recognized. Thereafter, he was off and flying.

★ ★ ★

The Nation is indebted to the indomitable fighter who played so big a part in American victory at arms and in the preservation of peace through strength that followed.

Give Mailmen a Hand —Helping Hand, That Is

"Now is the time for every good householder to come to the aid of his letter carrier."

In the hurly-burly of the times it is easy to take for granted the delivery of mail and the fine army of public servants who put it in our hands.

Their celebrated service code is an inspiration, not only to themselves, but to all — which includes most of us — who bear responsibility for service to others.

★ ★ ★

The least we can do as customers of the post office department is to lighten as much as possible the labors of those who "carry the mail."

And the winter season — right now—is the time to show that our hearts and snow shovels are in the right place by keeping walks and doorsteps free from snow and ice.

Not only is such good housekeeping at all times incumbent upon occupants of premises, but currently it will remove the hazard of injury for many a letter carrier. Not only that, but it will enable him to make better time on his route, relieving him of added hardship from increased exposure to severe weather.

★ ★ ★

Incidentally, for the information of the few dwellers who need a prod to assume their responsibilities, City Ordinance No. 75 takes a pretty dim view of those "owning or occupying any lots, lands or premises," who fail "to keep same free from snow, dirt or other obstruction."

And the ordinance doesn't hesitate to spell out what will happen if they fail to meet their obligation. They'll either get nicked for a ten-dollar fine or be given a five-day privilege of receiving their mail in care of the county jail.

True, the ordinance was signed on Jan. 25, 1867 — but that's the only thing about it that's out of date. The "snow, dirt or other obstruction" are as current as the mail you received today.

SOME believe the U. S. will change its policy with reference to Viet Nam as soon as it can find out what it is.

'Summitry' Value Is Questionable

By LEON DENNEN
Newspaper Enterprise Analyst

NEW YORK — President Johnson's announced hope to visit Russia raises anew the question of the value of "summitry" versus quiet professional diplomacy.

It is nothing new for statesmen to try to influence foreign public opinion by personal appearances. This presumably will be part of the reason for the President's trip to Moscow — in addition to his desire to get to know better the Kremlin's leaders.

But does public opinion in a dictatorship have any influence on the country's foreign policy?

And would this be an opportune moment for the President of the United States, the free world's leading nation, to follow Britain's Prime Minister Harold Wilson on a pilgrimage to Moscow?

In any relations with Red governments, the element of timing often determines the outcome.

★ ★ ★

And there is every indication that this is not an auspicious occasion for the President to talk, let alone negotiate, with the Kremlin leaders in the glare of worldwide publicity.

DISARRAY IN RED WORLD

The disarray in the Red world precludes any meaningful talks of heads of state. Now is the time for quiet negotiations by professional diplomats.

As long as the fight against Nikita Khrushchev's shadow goes on in Moscow, his uneasy successors must pursue a cautious policy of waiting and short-stepping. They will continue to watch for the emergence of the real successor to Khrushchev.

This handicaps the Central Committee of Russia's Communist party. It serves as a brake on Leonid Brezhnev, the new party chief, and Premier Alexei Kosygin.

★ ★ ★

They obviously fear that they will be digging their own graves by risking bold decisions, especially foreign policy ones. It might leave them open to the charge that they are trying to create a "personality cult," a crime for which Khrushchev ostensibly was sent into retirement.

SOME CHINA AGREEMENT

Nor are the Soviet leaders likely to engage in serious negotiations with the West until they reach some agreement with Red China.

In the view of specialists on communism, a truce with Mao Tse-tung was the main reason for the Red summit meeting just held in Warsaw.

All the rest — attacks on the West and the NATO multinational nuclear fleet and the promise of help to Viet Nam and the Congo rebels — was the usual icing on the stale Red cake.

★ ★ ★

But can the Russians reach an understanding, however limited, with the Chinese?

Their quarrel is no longer confined to Marxist-Leninist theory. It has assumed the form of a great power conflict.

MIGHT SUCCEED EVENTUALLY

Moscow and Peking might succeed eventually to paper over their doctrinal differences. But neither Brezhnev nor Kosygin will dare to open negotiations with Mao on the Soviet territories that China claims. Nor can they acknowledge Peking's claim for leadership of the undeveloped nations.

Red China has made such claims in the past and has repeated them even more forcefully since Peking achieved atomic power.

Why, then, should President Johnson consider such a futile mission to Moscow?

★ ★ ★

Even a suggestion that he might go to Russia will raise false hopes in the West and strengthen Russia's bargaining position with Red China.

More To Be Pitied—

David Lawrence Says:

Prayer Breakfast Is Inspiring

WASHINGTON — Church and state are supposed to be separate, and formally they are. But the 13th annual presidential prayer breakfast yesterday at the Shoreham Hotel here, attended by the President of the United States and prominent branches of the government, was an outstanding example of the role that religion plays in governmental life in America.

LAWRENCE

★ ★ ★

Just four years ago, at the 9th annual presidential prayer breakfast, Lyndon Johnson, then vice president, said:

"We need to remember that the separation of church and state must never mean the separation of religious values from the lives of our public servants."

In his address this week to the prayer breakfast — now as president — Mr. Johnson said:

"I find for myself, as I know men and women throughout this great government of ours also find, a sustaining strength from the moments of prayer, whether we assemble together or whether we pray silently alone.

★ ★ ★

"What has become a tradition and practice in our times is actually one of the oldest public traditions of our national life."

SOUNDS PARADOXICAL

All this may sound paradoxical in view of the decisions of the Supreme Court of the United States which have banned the use of prayers as a classroom exercise in the public schools. But the annual presidential prayer breakfasts here have become inspiring manifestations of devotion to the concept of prayer, whether public or private.

Besides President Johnson, there were in attendance Vice President Humphrey, Speaker McCormack, Justice Clark of the Supreme Court of the United States, and some of the leaders of the Senate as well as the House of Representatives.

The brief speeches were particularly significant.

★ ★ ★

One by Gen. Harold K. Johnson, chief of staff of the Army told of the value of prayer to him as he passed through dangerous moments in World War II and in the Korean War.

IN ATTENDANCE

In attendance at the presidential prayer breakfast this year were more than 70 presidents of national and international labor unions, more than 100 leaders in the field of industry and business, the chancellors and the presidents from a number of universities and colleges, and prominent men from the courts, from communications and from every phase of economic life.

★ ★ ★

So it can hardly be said that the use of prayer has been discouraged in American public life.

(Copyright, 1965, New York Herald Tribune Syndicate, Inc.)

Bob Considine Says:

Death of Beloved 'Pop' Leaves His World Poorer

KANSAS CITY, Mo. — There was a funeral here this week that was closer to home and hearth than one I covered last week in London's Westminster Hall and St. Paul's. But every bit as important to the persons concerned.

CONSIDINE

My wife's father, Jasper Jefferson Anderson, as gallant and witty a gentleman as you'd want to meet, died at 88—leaving a devoted wife, a son and daughter, eight grandchildren and 12 great-grandchildren.

The obit in the Kansas City Star ran four full paragraphs. A stranger reading it, never knowing Doc as old cronies called him, Dad as dear mom spoke of him, Pop as his kids and in-laws addressed him, and Gran'pa as the small fry knew him, could have felt no pang as he read the little death notice.

Still, Pop had attributes as worthy of emulation as those Sir Winston bequeathed to the world.

★ ★ ★

Pop was a rarity in these tense times. He was a happy man. He could treat both his ups and downs with level-headed good humor. He was a man wholly bereft of spite and hate. Not many ever saw him moved to anger or give way to the pettiness in every human system.

MOST PATIENT

He was a most patient man, the kind of man who when he missed a bus, or a good break, could shrug and say, "Another one will be along in time."

Pop had a gift that lesser men would pay fortunes for: He could make friends with utter strangers in nothing flat: waiters, waitresses, delivery boys, the man behind the cigar counter, conductors and, in time, his nurses, who instantly adored him.

He kept three generations in stitches.

★ ★ ★

What people sensed keenest about Pop Anderson, I often felt, was that he was a fellow who didn't want anything from anybody. He played life's cards as they fell, never pined for an ace up the sleeve of his always freshly laundered white shirt, never cursed his luck.

MARRIED 63 YEARS

Pop loved his easy chair at the end of a long day and night in the store, enjoying his Kansas City Star, his cigar in the days when Dr. Perry let him smoke, and the sound of mom in the kitchen whipping up what he liked best. They were married 63 years. Pop probably felt sorry for the Rockefellers.

Pop had a priceless trait: He was interested. He was as interested in fixing the broken toy of a great-grandchild as in some hair-raising adventure related by the son who fought the Navy's wars all over creation.

Newcomer and Son Funeral Parlor doesn't resemble Westminster Hall, but the people who came to Pop's bier loved him just as much as the multitudes loved Sir Winston.

★ ★ ★

The chapel at Newcomer's isn't St. Paul's, but we were all just as moved by the prayers of Dr. Frank Johnson Pippin, and by the old chants sung by Mrs. Mary Craig French . . . "Rock of Ages," "I Love You Truly."

★ ★ ★

There are funerals every day, alike only in the central fact of death, but identical in one poignant respect: the touching and inspiring example of brave persons like Mom Anderson — and Lady Churchill, too — carrying on in life and making do, when all seems irretrievably lost.

Voice of the People:

'Working Girls Enjoyed Night Cooking Classes'

Hurrah for night cooking school! It was a boon for girls who work. Everything was so nice. Next year we hope to get all our birthday club to come for at least one night—all 14 girls who love to cook.

Thanks to The Pontiac Press. We hope it will continue.

'Memorial Day Parade Needs Your Help'

The Greater Pontiac Memorial Day Association appeals to Pontiac. On May 30 there will be another Memorial Day Parade. Everyone is needed to take part in this big effort to pay tribute to our fallen heroes. This is not a day for veterans alone. We need many more to join this endeavor—more marching units, more floats and bands for a more impressive parade. Everyone is invited to attend the monthly meetings to plan the details of the parade. The first meeting will be at Cook-Nelson No. 20, Thursday, February 11 at 7:30 p.m.

Favors Compulsory Drivers' Insurance

I thought the State of Michigan was in the hands of sensible men until I read of a bill aimed at uninsured motorists. If this bill goes through and some people can pay just $50 a year to drive on our highways, how many will continue to hold their insurance policies? When the State has a law that will make it compulsory for every driver to carry insurance, the State will be accomplishing a great deal.

'Independent Businesses Are Expanding'

The small butcher, the baker and the candlestick maker apparently spent in 1964 the amazing sum of almost $30 billion in modernization and expansion. If the trend indicated by these first returns holds up, projected over the nation's 4.5 million independent business enterprises it indicates that last year 1,485,450 independent firms expanded and provided 4,790,576 new jobs.

The total estimated investment made by the smaller intrepreneurs also far exceeds the $18.5 billion generally considered to have been invested by the big industrial complexes.

Your state of Michigan was one of the top leaders.

Here Are Two

The Elizabethtown (Ky.) News

There are two well known finishes for automobiles: lacquer and liquor.

Swedish Precedent

The Daily Oklahoman

One of the world's major experiments in socialized medicine occurs in Sweden. Even Britain's program pales in contrast. What has happened in Sweden could be an indication of possibilities here as similar measures are proposed.

★ ★ ★

State-aided health services have made medical attention available to almost everyone in Sweden. As a result, long lines of people wait for hospital beds. Some of them with nonemergency surgical problems have waited for six years. The state recently has opened another center, believed the largest in Europe, but the demand for beds grew even faster. There are a reported 4,000 persons on waiting lists, most of whom applied last year, with a few earlier than that.

Thirty-four persons on waiting lists for surgery died before being called. Twenty of those were suffering from cancer. Some died of that and others from other causes. Delayed treatment was not the sole cause of deaths but it was a factor. The new center has a "half-way" house, a step between the doctor's office and hospital, where out-patients may be cared for. Minor operations and recovery rooms are available with all types of specialists.

★ ★ ★

Under the national health plan, patients are reimbursed 75 per cent of the official fee for visiting a doctor. The state provides doctors with X-ray machines with the understanding that patients will be charged "reasonably low" fees for their use. The new center, according to a Reuters dispatch, will aid the situation. It by no means has pleased either the professional people or patients, but both are stuck with it. Socialized medicine creates about as many problems as it solves.

Quite Shrewd

The Chicago Tribune

Joe Alsop, the columnist, is loud in his praise of the political shrewdness of Mrs. William W. Scranton, wife of the Pennsylvania governor, whom Alsop nominates as a possible Republican challenger to Lyndon Johnson in 1968.

★ ★ ★

It seems that the Scrantons were riding in an open car during the parade at the Johnson inauguration. When the parade slowed to a temporary halt, Alsop says, Mrs. Scranton spotted a Negro child on the curb, beckoned, and rode the rest of the way past the Presidential reviewing stand with the child on her knee. Mr. Alsop regards this as a triumph of imagination, symbolic of serving notice on Mr. Johnson that her Bill is going out after those votes next time.

★ ★ ★

Yesterday a group of Negroes returned the compliment by picketing the Scrantons in the governor's mansion at Harrisburg, on the general theory that Scranton hadn't shown them enough sympathy.

Junior Editors Quiz on BUBBLES

QUESTION: In boiling water, where were the bubbles before they started to move up?

ANSWER: Before the water boiled, there were no bubbles. The bubbles formed on the bottom of the pot or container. It should be easy to understand this by remembering that matter has three states: solid, liquid and gaseous.

Ice is the solid state of water; water is the liquid state, and the gaseous state of water is "water vapor," some of which is always in the air, even if we don't see it.

When you warm ice, it melts or changes into the liquid state of water; and when you heat water to the boiling point, the liquid begins to turn into the gaseous state.

The bubbles forming on the bottom of your pot were the parts of water, nearest the heat, turning into gas. They were pressed by the water around into circular shapes or bubbles.

Light things tend to rise in water, and so the bubbles are forced up by the heavier water and pop out of the surface, where they escape into the air.

This hot steam, meeting the cooler air above it, condenses into a mist formed of tiny water droplets. We often incorrectly call this mist steam. Steam means water vapor, or gaseous state of water before being condensed.

FOR YOU TO DO: Heat some water in a pot and watch the bubbles form on the bottom, very small at first, much larger when the water boils.

Warning: don't use anything of transparent glass, as it will crack—unless it is a special kind made for use over a stove, such as Eddie is looking at in the drawing.

Family of 4 Dies in Flaming House

FRAMINGHAM, Mass. (UPI) —A family of four, including two children, were killed early today when a wind-whipped fire swept their eight-room wooden ranch home as they slept, officials said.

* * *

Police said the fully clothed body of the father, John Sugarman, was recovered from the smoldering debris.

A search was underway for the bodies of the mother and their two children. Cause of the blaze was not determined immediately.

Exec's Widow Expires

MOUNT VERNON, N.Y. (AP) — Frances Murphy Schaffer, 85, widow of Frederic W. Schaffer, former president of the Goodyear Rubber Co., died Thursday after a brief illness.

Inmates Aid Guard Hit by Falling Tree

HILLSDALE (AP) — Eight Southern Michigan Prison inmates working on a tree clearing detail near Hillsdale Thursday came to the aid of a guard struck by a falling tree.

Edward J. Hartford of Grand Blanc, assigned to watch the inmates, was stunned by the falling tree.

* * *

First the inmates went to a nearby farmhouse and asked the owner to call Hillsdale County Sheriff Edward Webb. Then the prisoners took Hartford to Hillsdale Community Hospital.

The inmates waited for Sheriff Webb and went to the county jail to await a new guard from Southern Michigan Prison.

Doctors said Hartford would be held overnight for observation.

Claims Evidence of Teacher Assaults in Chicago Suppressed

CHICAGO (AP) — Student violence is on the increase in Chicago public schools, and some teachers who have been victims say they have to turn the other cheek and save the schools' image.

A report recently issued by Benjamin C. Willis, superintendent of schools, said 57 teachers had been assaulted in 1964, more than double the 1963 figure and triple that of 1962.

★ ★ ★

But John M. Fewkes, president of the Chicago Teachers Union, said in an interview Thursday that many incidents are never reported to the board of education.

"We have had reports from our teachers," said Fewkes, "that evidence of teacher assaults has been suppressed by administrative officials.

RECORD OF VIOLENCE

"It becomes more and more difficult to recruit teachers for schools that have record of violence. And the longer the assaults continue, the bigger our shortage will become."

Fewkes said Chicago is short 5,000 teachers.

★ ★ ★

Said a woman teacher, who wished to remain anonymous: "There is great pressure on teachers not to make an issue of attacks for fear of damaging a school's image. They don't like that downtown (the board of education)."

Willis has denied there is any policy to suppress violence reports, saying whether an incident is reported is left to individual principals.

NOT MEANINGFUL

Warren H. Bacon, a member of the board, said the violence figures Willis gives the board "don't really tell us anything."

Board President Frank Whiston was not available for comment.

Alderman Robert J. O'Rourke said Thursday that in talking with teachers, he found "there sometimes is reluctance on the part of the teacher to report a situation which might place her in a bad light."

★ ★ ★

O'Rourke said he had been told by a school psychologist that about 50,000 of Chicago's 549,902 public school students need treatment but that there are neither funds nor personnel for the job.

★ ★ ★

O'Rourke, who has asked the City Council to start hearings on school violence early next month, said: "We can't even hope to start on the task until we get an accurate accounting of violence and know what we're fighting."

About three-fourths of the world's population lives on about one-eighth of the earth's land surface.

Study Poison for Medicine

Deadliest Venom May Have Healing Powers

WASHINGTON (UPI) — Government scientists have moved a step closer to transforming the world's most deadly poison into what they hope will be a drug to benefit man.

The U.S. Public Health Service announced yesterday that scientists had partially deciphered the chemical structure of batrachotoxin — the strongest of all known venoms.

The poison is extracted from the kokoi frog found in the jungles of Colombia. Jungle tribes have used the venom on arrow tips for centuries.

Batrachotoxin, named from the Greek word for frog (batrachos), paralyzes a victim within a minute and can cause death within eight minutes.

★ ★ ★

Curare, another South American arrow poison, is weak in comparison to the kokoi frog venom.

CHEMISTRY REPORT

Drs. John W. Daly and Bernhard Witkop of the National Institute of Arthritis and Metabolic Diseases reported on the chemistry of the venom.

Tests show the poison is chemically related to steroid hormones and is similar in structure to hormones secreted in human adrenal glands.

Researchers hope to discover a medical function for the poison as they have with curare. The cuare drug is now widely used in operations requiring a muscular relaxant.

★ ★ ★

The next step is to discover the molecular structure of batrachotoxin. Then it can be compared to other substances, permitting creation of a synthetic form of the venom.

EFFECT ON HEART

So far, scientists have learned that it has a strong effect on the heart similar to an African poison.

The African venom, strophantus glycosides, also was used on native arrow tips and has been developed into a heart stimulant.

There are about 700 million adult illiterates in the world, according to the United Nations Educational, Scientific, and Cultural Organization.

Land Option Is Signed for State Mental Center

LANSING (AP) — The state signed Thursday an option to purchase a $120,000, 40-acre site in Muskegon to build a 250-bed mental retardation treatment center.

The State Department of Mental Health said the total project cost would be about $5 million. The facility would serve a population of 322,500 in the six-county area of Muskegon, Mason, Lake, Oceana, Newaygo and Ottawa counties.

Area Police Offered Interrogation Class

The Pontiac Department, in cooperation with the Federal Bureau of Investigation, is sponsoring a training program Tuesday for area police officers.

The topic of the program will be "Due Process of Law in Criminal Interrogation."

★ ★ ★

FBI agents will acquaint officers from 17 local departments with what must be done before and during an interrogation to insure that a suspect's rights are not violated.

The classes will last the entire day.

Quits Holland Post

HOLLAND (AP) — Laverne Serne announced his resignation Thursday from an eight-year post as Holland city engineer to become assistant city engineer at Battle Creek. He takes up his new duties March 1.

Winter Eases Icy Grip on Much of U.S.

By The Associated Press

Temperatures moderated over much of the eastern half of the nation today, but some sections still lay in the grip of sub-zero weather.

Warming temperatures brought rain to some areas. As the arctic high shifted eastward, a rapid warmup began over the central and northern Plains and Rockies.

Temperatures climbed into the 50s as far north as northern Wyoming and southwestern Montana. Readings in the 60s defrosted portions of southwestern Idaho and western Nebraska.

The temperature rose more than 50 degrees Thursday in parts of the Dakotas and Wyoming. Sheridan, in north central Wyoming, had a zero reading Thursday morning and 56 in the afternoon. Aberdeen, in northeastern South Dakota, warmed from —28 to an afternoon high of 26 above.

RAIN IN WEST

Rain moved into the central and northern Pacific Coast.

Oswego, N.Y., in the snow belt off Lake Ontario, had a 4-inch snowfall in a half-hour Thursday night and visibility was zero. Oswego now has 23 inches on the ground. A 10-to-12-inch snowfall blanketed central New York State.

Temperatures of zero and below prevailed throughout New England.

Ice congestion was expected on the Ohio River above Gallipolis, Ohio, by Saturday. A 1- to 3-inch sheet of ice covered most of the river from Pittsburgh to Wheeling, W.Va.

KENTUCKY COLD

Schools in six Kentucky counties remained closed today because of the snow and cold.

In Chicago, city workers used dynamite to keep Lake Michigan ice from disrupting the city's water supply. The dynamite was set off around the underwater intakes at a water crib three miles out in Lake Michigan.

Heavy rains pounded Texas. San Antonio reported 4.05 inches.

Asks No Bias in Dixie Business

JACKSON, Miss. (AP) — Directors of the Mississippi Manufacturers Association have joined with the Mississippi Economic Council (MEC) in calling for compliance with equal employment sections of the new Civil Rights Act.

The board said in a statement yesterday it felt all Mississippi employers should familiarize themselves with the new law which goes into effect July 2.

"We submit that the greatest gain to all of the people of Mississippi comes through gainful employment, in a useful occupation, in an expanding economy; in which all citizens, all Mississippians have the equal opportunity to enjoy the fruits of their own individual labors," the association said.

President E. J. Palmer of Columbus called on the business community to seek the solution to problems now facing the state.

* * *

The statement urged Mississippians "not to overlook in the months ahead, the many opportunities to be gained through positive and progressive attitudes and actions."

EDUCATION GOAL

It also called on the state leadership to emphasize the special types of education, training and skills which "Mississippi has only recently begun to provide."

The Mississippi Economic Council, which serves as the state Chamber of Commerce, adopted a statement yesterday urging state residents to adjust to the impact of the 1964 Civil Rights Act.

It urged order and respect for the law and communications between white and Negro leadership. The MEC statement also said registration and voting laws should be fairly and impartially administered.

ONE COLOR

Squabbling Over Finance Cloaks World's Fair in Confusion

By FRANCIS J. STILLEY

NEW YORK (AP)—People around the country must be mystified over the great hue and cry concerning the World's Fair. People around New York are mystified, too.

★ ★ ★

The situation is this:

As fairs go, the billion-dollar New York venture went over pretty well last year — but not as well as the rosy predictions — and probably will again this season. Most visitors have enjoyed it.

All the squabbling people read about is a sort of family fight over finances. It involves bankers, politicians, factions within factions, and the redoubtable Robert Moses.

FAIR PRESIDENT

This latter-day Moses is president of the fair and eagle-eyed supervising master, planner and pusher of public works projects costing many billions of dollars during the past 40 years or so.

What Moses wants done generally gets done, even though it might take him 40 years to get it done. An example: The recently completed Verrazano-Narrows Bridge, linking Brooklyn and Staten Island. That one took just about 40.

★ ★ ★

He also has worn numerous hats all at the same time in the building of highways, parkways, parks, power dams, public beaches and almost anything that he thinks is needed now or in years to come.

He is a man accustomed to running the show his own way, and he does not take kindly to any criticism about the way he runs his shows.

BACK TO THE FAIR

Now, back to the World's Fair.

All the current flap and commotion over the fair is largely the result of the fact that paid admissions during the six months last year didn't total as much as had been hoped.

★ ★ ★

The hope was for 40 million in 1964 and 30 million this year. The actual figure for the first season turned out to be 27,148,280.

Several unanticipated developments had an adverse effect on the gate. Among them were bad weather during the opening weeks, and then widely chronicled reports of New York race rioting and hotel room shortages.

PEOPLE WAITING

A great many people around the country decided that "We'll wait and go to the fair next year." Surprisingly enough, many New Yorkers adopted the same attitude, but for various other reasons.

With the end of the first season, the fair began a financial belt-tightening.

★ ★ ★

Ninety-five persons in the publicity and promotion departments were dismissed. Budget cuts of one-third were ordered in all departments. The adult admission charge was raised from $2 to $2.50 for this year.

Then it was announced that the fair probably wouldn't be able to pay back the city $24 million advanced for "permanent park improvements" on the fair site. That really set off a tizzy.

CRIES FOUL

City Controller Abraham Beame cried foul and a City Council investigation of the fair's finances was proposed. Beame announced he would send his own auditors out to the fair for a checkup.

Moses snapped back that the $24 million wasn't a loan in the first place, and was to be repaid only in the event that the fair made a big enough profit.

★ ★ ★

As for the proposed City Council investigation, Moses asserted: "It is characteristic of city councilmen to ask for anything that'll get their names in the paper."

It also developed that the fair will need $3.5 million in cash for operating expenses before the new season opens April 21. Moses said this will be no problem, that the money can be easily obtained. He didn't say how.

BANKERS RESIGN

In the midst of the general hubbub, five of nine top bankers on the fair's finance committee resigned with a protest that they hadn't been given full audited information concerning the fair's financial condition, and that they didn't like the way finances were being handled.

Moses retorted that all necessary information had been available to them at any time. He said some hadn't even bothered to attend committee meetings.

★ ★ ★

He added that some of them had voted with the majority last August in deciding to use fair receipts to retire $7.5 million of money borrowed through bond issues in original fair financing. This represented 25 per cent of the bonds.

Moses said that if there had not been such haste in starting to pay off the bonds the fair wouldn't need to be borrowing $3.5 million now. He acknowledged that he himself, however, went along with the early payoff.

TOP OF CONFUSION

Topping off the confusion and controversy, Thomas J. Deegan Jr., executive board chairman of the fair and head of the firm which handled the fair's publicity-promotion activities, announced that his organization was bowing out of its $300,000-a-year contract.

Deegan said his action was based on Moses' refusal to provide the bankers with audited figures on the fair's financial position, and the increase in the unpaid board chairman.

★ ★ ★

In any case—and despite all the fussin' and feudin'—the fair will reopen as scheduled April 21 after some refurbishing and partial replacement of commercial amusement enterprises which failed last year largely because of competition from free spectaculars.

★ ★ ★

Said Moses: "No doubt we failed to anticipate some difficulties and made mistakes, but the public response, excepting a few discordant voices, has been friendly, grateful and favorable, and we now go on to a larger attendance and further world-wide interest as the gates reopen."

He said an attendance of 37.5 million is expected this year, and that, in the end, the fair will come out "in the black" after having met all its obligations. Others have expressed doubt that attendance can be boosted with the gate price being hiked.

"Only the myopic are skeptical and captious," said Moses.

There are no counties in Alaska, Connecticut or Rhode Island.

CHEVROLET

Impala Super Sport Coupe

CHEVROLET
Redecorate your driveway

Park out front, at least for a while, and let the neighbors enjoy that sleek Impala Super Sport styling. After all, you have everything else to yourself: the luxurious Super Sport interior with its cushy bucket seats up front, handy center console and deep-twist carpeting underfoot; the smooth and easy Chevrolet ride, courtesy of Full Coil suspension and new Wide-Stance; and Chevrolet power, starting with our famous 140-hp Turbo-Thrift 230 Six. This '65 Chevrolet's a home improvement if you ever saw one.

Nova 4-Door Sedan

Malibu Super Sport Coupe

CHEVY II
Economy on the upswing

Who says bargains always come in a brown paper bag? Not Chevy II. Nova models include all the niceties: foam-cushioned seats, armrests, dual visors and more. Who says economical means stodgy? Not Chevy II! Besides the 120-hp Hi-Thrift 194 that powers Nova, we've another Six you can order—Turbo-Thrift 230, an even sprightlier 140-hp.

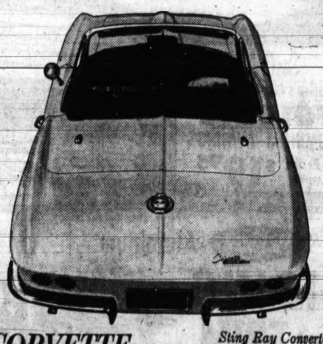
CHEVELLE
Looks, luxury and lots more

The looks you can plainly see. The luxury that's a Malibu Super Sport you can just imagine: bucket seats, full carpeting, patterned vinyls and eight interior color schemes. The rest you'd better sample for yourself. And soon.

Monza Sport Coupe

CORVAIR
Everything's new but the idea

The idea still is, make Corvair the sportiest low-priced car this side of the Atlantic Ocean. So, underneath its suave new continental styling, you'll find all those familiar Corvair things like quick, light steering, sure-footed independent suspension and legendary rear-engined traction. Inside this Monza, you'll also find a brace of bucket seats, carpeting, a floor-mounted shift and lots of fun. Try it.



Sting Ray Convertible

CORVETTE
Disc brakes to STOP

Four-wheel discs: Need we say more about *that*? As for going, choose your V8—including a fuel-injected 375-hp stormer.

PTSA Meeting Will Focus on Juniors

By JEAN PERRY

Waterford Township High School juniors and their parents are invited to Wednesday's Parent Teacher Student Association meeting to be held in the school gym 8 to 9:30 p.m.

* * *

Included in the program are such topics as the senior trip, the junior "Showboat" to be held this spring and other junior activities that will be of interest.

Preenrollment for their senior year of '66 and credits toward graduation will be stressed.

Refreshments will be served.

Three new teachers are on the WTHS faculty. They are Miss Mary Kinville, English instructor; Mrs. Dorothy Dowcett, shorthand teacher; and Homa Tindall, cooperative occupational educational coordinator.

WTHS swim club is developing a branch called the life-saving club. Its first meeting will be Feb. 13. Students from both Waterford Kettering High School and WTHS are invited to join this activity.

Swim club holds its meets every Saturday in the Pontiac Northern High School pool from 4:30 until 6 p.m.

The new semester's classes are in full swing. Sophomores, juniors and seniors are all dropping old subjects and getting acquainted with new courses, new teachers and new friends.

Report cards were given out Monday to officially end the first semester.

Other School News Throughout Week

WKHS Band to Give Concert Sunday

By JAMIE SCHUTT

A treat is in store for the audience Sunday at the Waterford Kettering High School Winter Band Concert. Under the direction of George Fetter, the annual Concert will be presented at 2:30 p. m. in the gymnasium.

Highlighting the performance will be the "Haydn Trumpet Concerto" with sophomore soloist, Michael Reeds. Also appearing will be a brass trio presented by Michael Reeds, first cornet; and, seniors, Daniel Howell, second cornet; and Richard Sies, first trombone. They will perform the "Concerto Grosso" by John Morrissey.

As a preview of the forthcoming faculty musical, the band will play the "Flower Drum Song Overture."

Some musical selections played in Sunday's Winter Concert were presented recently to the student body in an all-school assembly.

The band concert is sponsored by the varsity club, and proceeds will help pay for the scoreboard on Waterford Kettering's football field.

General admission tickets are available from any varsity club or band member or can be purchased at the door.

Wrestling coach James Tolfa and the wrestling team are trying to increase wrestling interest and draw larger crowds to the matches.

Gym classes and gym study halls recently were shown demonstrations and explanations of the sport, with a detailed description of the match procedure and the scoring system.

An after-game dance will be held tonight in the gym following the basketball game with the Lapeer Lancers.

Pontiac State Hospital volunteers, a service group of Waterford Kettering students, met Tuesday at the hospital for a recreational evening with teen-age patients.

The hospital plans recreational parties for its teen-age patients in an effort to help them act in a more acceptable manner in a community group and to create and develop a greater understanding of mental illness on the part of the community.

* * *

Students at the hospital play cards or ping pong, dance or just talk to the patients.

The regular meeting of the Parent-Teacher-Student Association will be held Wednesday. Following a short business meeting, scenes from "Flower Drum Song" and "Tom Jones," the next dramatics club production will be performed.

Pontiac Press Photo

SWEET MUSIC — Coaxing melodious notes from their horns in an extra practice session are (left) Mike Reeds of 2290 Lake Angelus, Lake Angelus, and Dick Sies of 5967 Andersonville, Waterford Township. Members of the Waterford-Kettering High School band, the boys will take part in the annual Winter Concert to be presented Sunday at 2:30 p.m. in the school gym.

PNH Vocal Groups in Festival

By ALICE TURNER

Several of Pontiac Northern's singing ensembles will participate tomorrow in the annual Solo and Ensemble Festival.

* * *

The festival, to take place at Oakland University, is sponsored by the Michigan State Vocal Association. All schools in district 11 will be taking part in this festival.

Groups participating from Northern are: the Northern Nine, the Northern Singers, the Men's Ensemble and the Northern Barbershoppers.

The festival is not to be competitive between schools. However groups and individuals will be rated from one to five.

* * *

Northern also will enter several soloists: Christine Bexell, Donna Chancey, Debbie Hopper, Sherry Johanson, Lilian Ristich and Margaret Stuart.

Ticket sales for Northern's coming musical, "Carousel," officially started Monday. They can be purchased from any cast member.

STUDENT DIRECTOR

Judy Slabenski, a senior, will act as the student director.

Northern's a capella choir has been performing at local junior high schools singing several songs from "Carousel." Appearing with the choir, a few members of the play's cast presented a short skit from the musical.

Eastern Junior High was visited Wednesday and Madison Junior High today. Kennedy and Lincoln Junior High Schools are on the agenda for next week.

* * *

Students of Northern's machine shop class recently attended the 1965 Michigan Regional Foundry Conference in Saginaw. Teachers Mike Karageusian and Bill Taylor accompanied the group.

DEBATE TEAM

Northern's debate team will soon compete for honors in the state regionals. Debaters are putting forth their best efforts in hopes of attending the Mackinac Island debate in June.

Northern's swim team, the Candy Stripers, will swim against Ferndale High School tonight at Ferndale.

PCH Dolphins to Go to Clinic

MSU Offers Study on Synchronization

By KAY COSMA

Pontiac Central High School girls' synchronized swimming team, the Dolphins, selected swimmers to go to Michigan State University tomorrow for a girls' synchronized swimming clinic.

* * *

The group will leave Central at 7:15 a. m. and return around 5 p. m. They have chartered a bus with Pontiac Northern.

Girls selected are Cynthia Burke, Linda Storey, Kathy Sutt, Ann Marie Mazur, Aleda Reid, Judy Slade, Sharon Kincaid, Peggy O'Neil, Chris Blakeney, Sonja Hutchinson, Vicki Leczel, Lynn Henderson, Cindy Howlett and Lorraine King.

The adviser accompanying the girls from Central is Mrs. Arthur Chantler.

* * *

Tomorrow is the day of the Solo, Ensemble Festival at Oakland University. Soloists from Central are Nancy Wheeler, Edith Payne and Roger Putnam.

SKIERS RETREAT

This afternoon Central's ski club left for its second retreat. Members will remain at ski club adviser John Zimmerle's "Wolverine Lodge" and ski at Nubs Knob and Thunder Mountain. They will return Sunday.

Central seniors paid another $10 toward their senior trip this week and reservations were made with the boat company. The next payment is due April 15.

Senior Edie Payne won $100 first prize in the Elks Outstanding Leadership Contest. Senior Roger Putnam won third with $25. Both will attend the dinner Feb. 11 where they will receive their awards.

* * *

Central's a cappella choir chose its officers for the new semester. They are William Kimball, president; Roger Putnam, vice-president; Cynthia Burke, secretary; and Linda Storey, terasurer.

Area Schools Abound With Activities

Brandon

By LYNDA VITALES

Slavery hasn't been abolished. The ski club of Brandon High School sold its members as slaves to the student body for one day this week.

This project was under taken by the ski club and its advisers Glen Palmer-Smith, art teacher and Larry Meier, special education teacher, to replenish its dwindling budget.

Members were auctioned off Thursday during lunch periods. Bids began at 25 cents.

Today, slaves were seen carrying books, getting lunches and tying loose shoelaces.

Lady of Lakes

By ANN LONGO

Last Saturday six varsity cheerleaders at Our Lady of the Lakes High School, Elvira Mauro, Jean Nichols, Patricia Budnik, Mary-Jo Hagen, Lynn Springer, and Barbara La Brie, attended a cheerleading clinic at the Civic Center in Lansing.

Elvira Mauro, our cheerleading captain, was awarded a one week's scholarship to Camp All American, for cheerleaders. Elvira was chosen the most outstanding clinic participant.

The cheerleaders are holding a sock hop after tonight's home game with St. Michael's High School. All students are invited to attend.

Science students are preparing science projects for the annual Science Fair March 5-6.

Bloomfield Hills

By KAREN TRIMMER

Members of the foreign exchange club at Bloomfield Hills High School have planned a busy weekend Feb. 12 and 13

Friday evening, preceding the Baron basketball game with Holly, a pancake supper will be held in the school cafeteria. Pam Istead, a foreign exchange student from the Republic of South Africa; and Patricia Bramman are serving as co-chairmen.

* * *

They hope to raise funds to support the exchange program.

The following night, "Cupid's Caper," a Valentine sock hop will be held in the school gym.

The "Marauders," a local band, will provide the music.

Rochester

By FLORENCE PITTS

Anne Marie de Nenezes, from Rio de Janeiro, Brazil, is the new foreign student at Rochester Senior High School. Anna will be living with the Hollis W. Hinkel family of 215 Perrydale, Avon Township for the next six months. She will be 17 this Saturday. Anna speaks Portuguese, French, and English.

The Rochester Timing Association strives to create more interest in cars and promote safer driving habits. Sponsored by the industrial arts teacher,

Milford

By BOB GORSLINE

Sixteen members of the Milford High School Choir have been chosen as members of the Wayne-Oakland County League Choir.

They are Judith Wert, Karen Campbell, Geri Horner, and Charlene Van Schoick, sopranos and Cathy Horner, Karen Dovre, Carol Barnett, and Susan Mortimore, altos.

Others selected were Burke Kingsbury, Robert Hewett, Leon Sharpe and Donald Soja, tenors; and Greg Murnock, William Gray, Robert Simmer, and Chris Ganzel, basses.

Emmanuel

By TIM MAYER

Emmanuel Christian School's varsity cheerleaders presented their biggest and best pep assembly of the season recently. With Captain Cheryl Jackson leading the way, the students yelled school cheers.

Highlighting the rally was the comedy skit presented by the varsity basketball players behind team captain, Mike Hickmott.

Troy

By ANITA CAPRON

On Thursday, the vocal departments of Troy High School and Baker Junior High presented their first annual All-City Secondary Vocal Festival.

Susan Latta, editor of the "Scroll," announced the paper would be printed by a regular printer instead of mimeographed. This means that more people will have to buy the paper to pay for the additional expense.

On Thursday, the Troy High School band will hold its annual winter band concert. It will be at 8 p.m. in the high school gym.

Lake Orion

By PATRICIA WARD

Several Lake Orion High School musicians participated in a recital last night to prepare for the State Solo and Ensemble Festival.

Competing for position as the band's student conductor at tryouts this week were Robert Bowman, Sam Chapin, and Raymond Whelpley.

Selected as Junior Rotarian for February is Greg Mann, junior class president. He will attend all the meetings of the Lake Orion Rotary Club this month.

Eligible for further consideration for state scholarships are 15 of 21 seniors who took the Michigan competitive examination. Included are Ruth Ann Carman, Jerry Carney, Thomas Clement, Eileen Crane, Cheryl Day, Michael Dwyer, and Michael J. Fitch.

* * *

Others are Norman Irish, Jill Kwasnica, Linda Rochette, Linda Shafer, Donald Shields, Wayne Strandberg, Thomas Welty, and John Wilson.

At Avondale High

'A Little Honey' on Stage

By SHARON BRANER and LINDA TONG

Avondale Senior High School will present the second performance of its annual junior-senior play today at 8 p.m.

This year, the Dale players have chosen a three-act comedy, "A Little Honey" by William Davidson.

The play's central characters are Diana Minton, played by Karen Burt and her boyfriend Tom Corning, played by Paul Veen. The whole family gets involved in a series of unusual circumstances while trying to get the young couple married.

Other members of the cast are Andrea Peterson, Ed Granger, Linda Conners, Sharon Thompson, Joe Emmerth, Charity Wilson, Lois Cornell, Sandy Mehlberg and Larry Evon.

The play is under the direction of Margaret Ross and student director Barry Brown. Proceeds of the event will go to the dramatic club.

Pontiac Press Photo

WHAT NEXT? — Father, Joe Emmerth of 161 Roberts, Pontiac Township, scratches his head wondering what kind of skulduggery his daughter Scoots, played by Linda Connors of 240 Hurst, Troy, is dreaming up as his older daughter's boyfriend, Paul Veen of 90 Guanonocque, Pontiac Township, looks on in amusement. The trio is rehearsing a scene from Avondale High School's junior-senior play, "A Little Honey." The final performance will be presented at 8 tonight in the gym.

At St. Michael

Books Theme of Month

By HERVEY LAVOIE

February is Catholic Book Month and students at St. Michael's are carrying this theme out to its fullest.

Student librarians and Sister M. Callista have set up a display of Catholic books, pamphlets and magazines in the auditorium.

Thirty-one students met or surpassed the 16 honor points necessary to place them on the first semester honor roll.

Seniors on the honor roll were Roger Cook, James Stickle, Hervey Lavoie, David Martin, Thomas Mullen, Evelyn Daugherty, Lynn Steinhelper, Patricia Duross, Sarah Raymond, Mary Finnegan, Eileen Clark, Rosemary Cecilia, Carol Haddad and Susan Greek.

* * *

Juniors in the 16-plus category were Frances Franzel, Florence Henretty, Patricia Richards, Larry Bieri, Mary Cassabon, Margaret Finnegan, Lorraine Hylla and Bobbette Roselli.

SOPHOMORE WINNERS

Sophomore honor winners were Dianne Campbell, Roger Walther, Carol Freiberg, Lynn Bauer, and Roger Magerman.

Also earning a post on the roll of honor were four freshmen. They are Richard Land, Atwood Lynn, Joseph Nurek and Christine Stickle.

This afternoon, the student council met before the student assembly. Beginning today and continuing for a period of ten days, students will seek markets for their quota of chocolate bars.

* * *

Proceeds of the school candy sale will be contributed by the school to the Catholic Central High School Building Fund.

PRESENT CHECK

James Stickle, senior president, presented the student council with a check for $43. Profit from the recent slave sale, this will also be given to the fund.

The junior class is sponsoring a high school dance Saturday night from 8 to 12. "The Queen of Hearts" will be a casual dress affair.

Pontiac Press Photo

BOOK BROWSERS — Patricia English of 364 N. Paddock and Neil Paquette of 43 Gingell browse through the stacks of books on display at St. Michael's High School. February is Catholic book month and student librarians and Sister M. Callista have placed a collection of material on exhibit in the school's auditorium.

Cheerleaders to Be Honored

By CATHY RICHARDSON

To honor the senior cheerleaders at Clarkston, the junior varsity and varsity squads will spend tomorrow afternoon in Detroit. Chaperoned by their sponsor, Mrs. Suzanne Palmer-Smith, the girls will go out to lunch and attend the play, "My Fair Lady."

Cindy Johnson and Cathy Richardson will leave for Clear Lake Camp, near Battle Creek, Feb. 12.

The senior class recently voted in mock elections. Best dressed girl and boy were won by Linda Theis and Doug Osbo; class clowns, David Coulter and Connie Papi; prettiest eyes, Arch Hinkley and Kris Smith; most athletic, Kathy DeArmond and John Wilberg, and most polite, Cindy Humphrey and Ted Hollis.

Others winning were best physique and best figure, Dan Jenks and Penny Brockman; best looking, Arch Hinkley and Bobette Buehrig; "the" couple, Paul Allen and Donna Davis; best dancers, Cricket Embrey and John Garlak.

Winning neatest hair title are George Denton and Carol Sage and Robyn Rutzen and John Maier were chosen class intellects.

Many at St. Fred's Make Honor Roll

By JANIS QUARLES

Many students at St. Frederick High School made the first semester honor roll.

Seniors on the honor roll are Mary Garland, Kathy Kalush, Sandra Lavallis, Candy Lease, Carol Manion, Linda Mitchell, Frank O'Neill, Frank Polasek, Peg Polmear, Janis Quarles, Carlotta Roselli, Karen Spanski, Marcia Sprague, Mary Lou Tyrell, Julie Vallier, Mike Vosburg, Larry Walter, Mary Webster and Pat Yarnold.

Juniors are Marilyn Hiller, John Carry, Margaret Fitzgerald, Kerry Dammer, Mary Schmansky, Mary Smith, Nancy St. Clair, Stephanie Williams, Ernie Moore and Senta Pavlinac.

Sophomores are Kathy Culloty, Debbie Doyon, Margaret Ewald, Greg Gallagher, Tim Hall, John LaLonde, Larry Mason, Karen Mercier, Tom Quarles, George Zaha, Janusz Bora, Chris Dawson, Laurie Doyon, Therese Gayton, Steve Hamilton, Maria Landry, Pete Miller, and Joan Roach.

* * *

Freshmen are Michael Culloty, Carol Hobson, Mark Staszkiewicz, Barb Tewksbury, Mary Zaha, Maria Bora, Mary C. Denhim, Elizabeth Garland, Judy Peoples, Kathy Slabinski, and Noreen Spanski.

PERSONALITY TRAITS

Students who didn't make grade honors had a chance to be on the cooperative list. This requires a B average in all personality traits.

Today students had an opportunity to view the Peru slides taken by Sister Marie Fidelis while she was there on assignment. Sister Marie who has her doctorate in science, is a biology teacher and department head at Marygrove College.

John Carry and Kerry Kammer have been selected to be the guests of the General Electric Co. for the science youth day Wednesday. They will tour the GE plant and later have lunch at Greenfield Village.

* * *

John Rebholz, a junior, will be a guest at Cranbrook Institute the same day and will join the group at luncheon.

Recently, Mike Dean and Jenny White attended a Waldron Hotel luncheon with other youth representatives and participated in a discussion on a proposed community center for young and old.

Plane Interception of Missile 'Success'

PANAMA CITY, Fla. (AP) — Air Force officials say the interception of a Bomarc drone target traveling in excess of 1,500 miles per hour by airplanes is a first for the Air Defense Command.

Two F101s and an F106 from Tyndall Air Force Base, Panama City, intercepted the modified Bomarc missile launched from Eglin Thursday during tests over the Gulf of Mexico at an altitude of 55,000 feet.

Brig. Gen. R. W. Burns, commander of the 73rd Air Division, described the tests as "highly successful."

Policeman Loses Trousers in Mishap

MEMPHIS, Tenn. (AP)—Motorcycle policeman Ronnie P. Smith lost his trousers in a mishap here. When the motorcycle's transmission locked, he was thrown from the vehicle and slid some 200 feet down the pavement. He was not seriously hurt, but his trousers were ripped off.

Family May Leave to Keep Pet Horse

TOWACO, N.J. (AP) — Township officials have refused to lift a ban on a shaggy horse named Maggie, a pet of 12-year-old Sharon McDermott.

So Sharon's father, Vincent McDermott, 45, a disabled veteran out of work for two years, is thinking of selling the house and moving out of town.

★ ★ ★

"My daughter is heartbroken," McDermott said Thursday. "People just don't understand the feelings involved in a situation like this. I'd move because I have my child's health to consider. She loves that horse."

EVERYTHING CHECKED

McDermott also said: "When we bought the house last July, the real estate agent told us he had checked everything with township officials and we would be allowed to keep the horse."

Sharon said of her 12-year-old pet: "I don't want to get rid of Maggie and I don't want to board her out. If she has to go, I go too. I love her."

★ ★ ★

Two other children in the family live at home, and two others away from home. The mother, Catherine, runs an antique shop in the house.

Officials have set next Thursday as the deadline for Maggie's departure from the McDermott property in the heart of this Morris County hamlet in northwestern New Jersey.

BUSINESS ZONE

The officials have ruled that Maggie can't stay because the McDermott property lies well within a 200-foot-deep business zone.

★ ★ ★

McDermott sought a zoning change so the horse could stay. The Montville Township Board of Adjustment, refused, saying it had acted on a complaint by neighbors that Maggie was a health menace.

Society Plans Joint Session

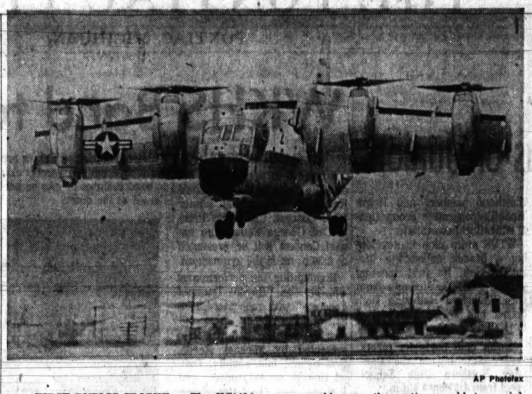
The February meeting of the Oakland County Medical Society, will be a joint session with the women's auxiliary.

★ ★ ★

Albert Burke, Ph. D. and TV commentator, will speak on "Education for What?"

★ ★ ★

The dinner meeting will be in the Hotel Grand Ballroom of the Kingsley Inn Wednesday at 7:30 p.m.



AP Photofax

FIRST PUBLIC FLIGHT — The XC142A, Ling-Temco-Vought's experimental transport plane, which can take off and land vertically, is shown lifting from the runway at the plant airport near Dallas yesterday. It was the first public flight for the craft, which its builders say could open the entire world to aerial transportation. After the vertical takeoff, achieved by tilting wings and engines, the plane can fly at speeds up to 430 miles per hour, then use the same method to land in a small space.

New Heli-Plane 'Rises' to the Occasion

DALLAS (UPI)—The XC142A resembles a very dowdy bird. It is short, fat and squatty. Its one touch of elegance — spats over the wheels — fails to make it handsome.

But it flies — like a bird.

The plane takes off like a scared quail — straight up. Then the four helicopter-like propellers flop over 90 degrees and the craft zooms away from the would-be hunters.

Two models of the $100 million hybrid with tilt wings were shown off yesterday to aviation and military officials at the Dallas Naval Air Station.

★ ★ ★

Five of the craft have been built for military testing. Ling-Temco-Vought, prime contractor for the project, said the plane also has many potential uses for civilian duties.

TILTED WINGS

LTV chief test pilot John Konrad demonstrated the capabilities of the craft. He tilted the wings and propellers of the four-engine aircraft straight up.

The squatty "hell - plane rose 30 feet into the air. It stayed there. The four propellers whirled and the plane backed up.

Konrad, then nosed the controls forward and the wings slowly lowered into normal airplane position and the craft buzzed off at 200 miles an hour.

★ ★ ★

Konrad brought the plane back in front of the reviewing stand and with about 400 dignitaries watching, the wings changed from horizontal to vertical position. The mechanical monster hung momentarily in space and then landed easily.

MORE ECONOMICAL

The aircraft engineers said the plane operates more economically if a short takeoff run is used. The other prototype showed how.

The 58-foot-long craft scooted down 50 feet of runway with the wings and engines tilted at a 45-degree angle. After the short run the plane hopped airward with the whine of its turboprops slicing the air.

Once it is in the air, the pilot can shut off two of the engines. He also doesn't have to bother with a stubby propeller on the tail. It is used for balance when the craft is playing helicopter.

When the XC142A is going forward it can travel at speeds up to 430 miles an hour, outpacing many of the counterinsurgency fighter aircraft currently used to fight the Viet Cong in Viet Nam.

NOT FIRST

The XC142A is not the first such "vertical and takeoff and landing plane" (VTOL). Similar types have been built over the last 10 years and the British and Germans are currently working on their own VTOLs but none of the projects is as far advanced as the XC142A.

After the demonstration, Konrad said, "The flights were very smooth."

★ ★ ★

He and LTV officials see the plane's potential not only as an ideal troop carrier to rush men to out of the way Cold War hot spots but as potential airliners for use at postage-stamp sized airports.

The word turnpike came from an early American custom of blocking toll roads with pikes or polls. When the toll fee had been paid, the pikes were lowered.

Four out of five automobile accidents happen within 25 miles of home, according to the National Safety Council.

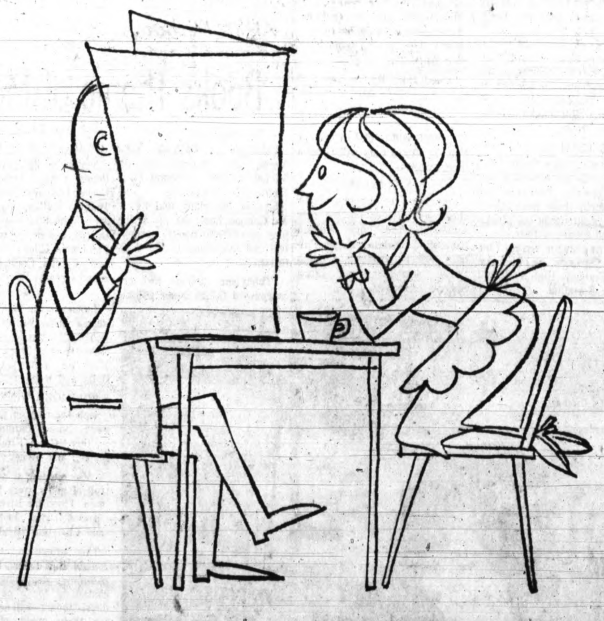
Newspapers are for hiding behind ...and getting exposure in!



It's a poor bargain that won't work both ways. And the daily newspaper is just about the best bargain that money can buy, for reader and advertiser. It's the time-honored right of the man of the house to escape into his newspaper, but that's also a great chance for the advertiser to speak out across the table to the little woman on the subjects closest to her heart. So if you want to sell her something, tell her about it in the newspaper.

Zenith Heir's Death Probed

Bullet Wound in His Head; Wrists Slashed

TUCSON, Ariz. (UPI) — How and why did Eugene Francis (Stormy) McDonald III—coheir to the $24-30 million Zenith radio fortune, kill himself?

Disturbed by these questions, authorities yesterday expanded their investigation into the death of the 23-year-old youth, who appeared to have had every reason to live.

McDonald's body was found Wednesday night outside a photographic darkroom in his rented $50,000 home in this desert sun and fun city.

He was lying in a pool of blood. Both his wrists had been slashed and there was a bullet wound in his head.

Sheriff's homicide investigators found a 22-caliber pistol beside McDonald's body. It had been fired once.

THREE ASPECTS

But some authorities were curious about three aspects of the case:

- The implement used in the wrist slashing was not found.
- The bullet entered the back of McDonald's head.
- There was no suicide note, although friends reported he had been despondent recently.

However, the thing that puzzled authorities was the question, WHY?

"Why would a guy with millions of dollars and so young want to take his own life?" asked one puzzled detective.

"We are very interested in this case," said Pima County attorney Norman Green. "There are a lot of unexplained things which must be answered."

County pathologist Dr. Edward Brucker conducted an autopsy yesterday and announced he concurred with detectives, who listed McDonald's death as suicide.

But Green asked Brucker to confer with another pathologist, Dr. Louis Hirsch, to determine whether McDonald might possibly have died by a means other than his own hand.

Justice of the Peace Toby La Vetter late yesterday convened a coroner's jury to view McDonald's body and examine the circumstances of the youth's death.

BIRTHDAY GIRL — Anna Marie Jackson helps her daddy, Sen. Henry M. (Scoop) Jackson, D-Wash., at a Senate hearing room in Washington, D.C., yesterday. Anna Marie was allowed to visit her daddy, who is chairman of the interior and insular affairs committee, as a birthday gift. She'll be 2 Sunday.

Fugitive After Abortive Revolt

Tables Turn on Rightist Laos General

VIENTIANE, Laos (AP) — Premier Prince Souvanna Phouma emerged today as Laos' strongman but the once-powerful deputy premier, Gen. Phoumi Nosavan, is described as a fugitive in the jungle with a handful of policemen.

A sharp turn of events after the week's fighting in the tiny kingdom has left Phoumi without the major role he held as right-wing leader in the shaky neutralist-rightist coalition government headed by neutralist Premier Souvanna.

★ ★ ★

"The government declared him a rebel and will arrest him if he tries to come back," a cabinet minister said in an interview.

The official, Ngon Sananikone, minister of transport and public works, added that the military may shoot Phoumi if he is captured.

DOMINANT FIGURE

Phoumi, 44, had been a dominant figure in the confusing struggle for power in Laos since 1959 when he became defense minister, thus controlling the 30,000-man royal Laotian army.

His rise began after he engineered an army coup that forced the resignation of Phoumi Sananikone as premier on Dec. 31, 1959. He also directed the military operation in 1960 that ousted the regime of Premier Souvanna.

★ ★ ★

Souvanna regained the premiership in June 1962 and made himself defense minister. Phoumi was relegated to finance minister, losing control of the army.

Now forces loyal to Souvanna have crushed Phoumi's apparent bid to regain power in 10 hours of furious street fighting. Military sources said at least 60 persons were killed in the abortive revolt Wednesday and uncounted others wounded.

VILLA BURNED

Army chief of staff, Gen. Ouane Rathikone, said Phoumi fled with a rebel band toward the rightist stronghold town of Paksane, 70 miles northeast of Vientiane on the Mekong River. His luxurious villa was reported burned in the battle.

All shops in Vientiane have been closed since Monday and the city's 80,000 population is hiding behind shuttered doors.

★ ★ ★

The city is dark at night and streets are deserted except for military checkpoints. A shred of life began to show again today.

All police stations in the city and two big police camps on its outskirts are gutted or occupied by soldiers. Fire sparked by bombardment of the centrally located police headquarters burned down a block of buildings, including the Pan American World Airways office.

★ ★ ★

During the fighting, British Ambassador Donald Hopson, returning from a conference with Souvanna in a French hospital, was caught in the crossfire and took refuge in the U.S. Embassy.

Witch Doctor in Congo Turns Against the Rebels

LEOPOLDVILLE, the Congo (AP) — A wrinkled little witch doctor who made fetishes for the Congolese rebels that were supposed to turn enemy bullets into water says she has turned her magic against them.

She is Henriette (Mama) Onema, 4 feet 8 and about 60 years old — a member of the Tetela tribe from which the rebellion against the central government of Premier Moise Tshombe draws much of its support.

After her capture last Jan. 25, she made a tape recording warning rebel warriors she has reversed her magic and the bad effects would cease when they laid down their arms.

Reports reaching here from the northern Congo say that some of the rebel Simbas (lions) began surrendering after her capture and more results are expected to follow broadcast of the recording.

Rebel Lt. Gen. Nicholas Olenga brought Mama Onema to Kindu in the northern Congo when his troops held the town. She claims Olenga welshed on payment for her services.

Rebel warriors were told that if they were killed by enemy bullets, they would be resurrected after three days. Witnesses say young rebels in Albertville have calmly walked in front of government firing squads to be shot because they were convinced they would not really die.

Mama Onema gave a press conference in Leopoldville wearing animal skins, bracelets and a skin cap. She carried a basket full of charms. She spoke through an interpreter but much of what she said was incoherent.

The broadcast is one of the first efforts by Tshombe's government to use psychological warfare against the rebels.

McDonald or Abel to Be Elected Tuesday

Bitter Steel Union Leadership Fight Nearing End

PITTSBURGH (UPI) — "Smear campaign . . . innuendo . . . guilt by association . . . I will win by an overwhelming margin . . . the polls show we are ahead . . ."

Charges, claims and ballyhoo such as the foregoing, usually associated with spirited political campaigns, have been uttered in the strangest places during the past three months.

In the open hearths . . .

At plant gates . . .

The utterances have come from the mouths of David J. McDonald and I. W. Abel, central figures in one of the most bitter and expensive leadership fights in the history of organized labor.

The fight is nearing an end.

★ ★ ★

The battle concludes Tuesday when one million members of the United Steelworkers Union (USW) will elect either McDonald or Abel to the union presidency for the next four years.

12 YEARS

McDonald, the incumbent president, and Abel, the union's secretary-treasurer, have held their jobs for the past 12 years. Seemingly, they have been friends.

But recently they have spared few adjectives in the heat of the preelection tumult and shouting. Their paths have crossed many times, but they have never appeared jointly at a news conference.

Their first, and only, confrontation will be Sunday on the television program "Meet the Press" (NBC).

★ ★ ★

McDonald has clamored repeatedly for such an encounter as a means of "putting the issues before the membership." Abel, as often, has demurred, saying "I do not want to turn this campaign into a public circus."

SECOND TIME

This is the second time McDonald's leadership has been challenged. Donald Rarick, a rank-and-filer from McKeesport, Pa., who headed a "dues protest committee," lost to McDonald by a 2-1 margin in 1957.

At stake in addition to the $50,000-a-year presidency will be the positions of vice president, secretary - treasurer, three international tellers, 29 district directors and 21 national convention delegates.

This is what the victor has planned for the vanquished:

McDonald—"I have no job for him. He can go fishing, or he can work for the government if he wants to, or he can stay in the union and go to work in some plant."

★ ★ ★

Abel—"I doubt if Mr. McDonald will be interested in a job. I wouldn't be able to pay him as much ($50,000) under our constitution as he'd get on pension. I couldn't afford him."

SIDE EFFECTS

The ferocity of the race has had its side effects.

Negotiations with the basic steel, aluminum and can and container industries have been suspended while the union carries out its intrafamily fight.

When they resume, industry representatives are said to fear the eventual winner will adopt a militant posture. To this the candidates reply:

McDonald — "I am not going to be backed or maneuvered into a strike by either I. W. Abel or the industry because of the politics in this union."

★ ★ ★

Abel — "Certain elements in the steel industry and some publications are engaged in scare campaigns picturing me as strike-happy. I am shocked that Mr. McDonald has not denounced these unofficial mouthpieces for the steel industry for their efforts to frighten workers."

BOTH SPEAK OUT

In their tours across the length and breadth of the land, the candidates and their supporters have been prolific and vociferous, in their respective denunciations.

Basically, Abel has accused McDonald of negotiating weak contracts, losing touch with the membership and getting "buddy-buddy" with his management counterparts. He refers to this as "tuxedo trade unionism."

McDonald charges Abel sits in negotiations "half asleep," has neither the experience nor the knowledge to lead the union. He describes Abel as "a pretty good bookkeeper."

★ ★ ★

On McDonald's slate are incumbent Vice President Howard R. Hague and Al Whitehouse, the candidate for secretary-treasurer. Abel's mates are Walter J. Burke for secretary-treasurer and Joseph P. Molony for vice president.

The new administration will not take office until June 1, one month after the union will have been legally free to strike the basic steel industry if no contract accord is reached. As yet, a definite date for resumption of talks has not been set.

There are about 700 artificial ice skating rinks in this country.

Hospital Start Set

PAW PAW (AP) — A June construction start has been scheduled on a 61-bed, $1,257,700 hospital here which will permit converting the present 45-bed Lake View Community Hospital into a facility for chronic illness and long-term care. The present structure was opened in May 1954.

Maximum Set on Steel Pact

Industry Official Says 2 Per Cent Hike Limit

PITTSBURGH (AP) — The basic steel industry has decided on a maximum package increase of about 2 per cent in any contract negotiated with the United Steelworkers, a highly placed industry official said Thursday.

He said the industry would not voluntarily — presumably meaning without a strike — grant a contract higher than the average of the 1962 and 1963 settlements. These were about 2½ per cent and less than 2 per cent respectively.

★ ★ ★

The official, speaking with the understanding that he would not be identified, said the industry made no offer prior to the recessing of talks early in the year.

The negotiations were suspended because of the Feb. 9 union election. Incumbent President David J. McDonald is being opposed by USW Secretary-Treasurer I. W. Abel.

★ ★ ★

The official said both candidates apparently realize the companies cannot grant contract improvements greater than steel industry economics dictate. This conclusion was reached from their campaign statements, he said.

5 Men Killed by Dynamite

CRYSTAL RIVER, Fla. (AP) — Five men setting charges to blast a canal were killed Thursday in the explosion of their dynamite-laden barge. The roar was heard 18 miles away.

The explosion occurred in a remote area of Citrus County, 70 miles north of St. Petersburg, where a canal from the Gulf of Mexico is being cut to haul coal to a new power generating plant.

★ ★ ★

The bodies of two men, Price Taylor of Okeechobee and Carl White of Yankeetown, were recovered.

The three missing men were identified as Dewey McCranie of Yankeetown, Reuben Bullard of Moorehaven and Leslie O'Berry of Dunnellon.

★ ★ ★

Officials estimated that 1,000 sticks of dynamite had exploded.

E. German Guards Flee

BERLIN (UPI) — Three East German border guards fled to West Berlin today under the cover of darkness. All were in uniform.

Talks Drag On in Dock Strike

PHILADELPHIA (AP) — Negotiations dragged on slowly today in the paralyzing East and Gulf coast dock strike, which has caused losses of millions of dollars daily, left hundreds of ships anchored in rivers or at docks and shut down factories and mills for lack of raw materials.

To many of the 60,000 longshoremen involved in the strike, entering its 26th day, it means using their savings and borrowing from friends and relatives until they go back to work.

★ ★ ★

Dockers at ports where agreements have been reached refuse to return to their jobs until agreements are worked out in all ports.

Local disputes in Philadelphia, Galveston, Tex., Miami, Fla., and Hampton Roads, Va., are delaying an end to the walkout.

STUMBLING BLOCK

The major stumbling block in talks between Local 1292 of the International Longshoreman's Association and the Philadelphia Marine Trade Association continues to be the dispute over a guaranteed annual work period. Longshoremen are asking a minimum of 1,600 hours and shippers have pledged only 1,300.

Federal Mediator John R. Murray, who has kept negotiators in Philadelphia at it for 10 hours and more every day, says, "We've got lots of work to do yet. We're banging into the walls of the dispute hard. But there isn't any settlement in immediate sight."

★ ★ ★

It is estimated that the nation's economy is being set back $25 million a day because of the strike.

Sen. A. Willis Robertson, D-Va., cited government figures in the Senate Thursday that the dock strike is costing the national economy about $67 million a day. He introduced a bill to make strikes like that of the dockworkers subject to anti-trust laws.

DAILY LOSSES

He said estimates were that the Hampton Roads ports are losing about $230,000 a day.

Daily losses were estimated at $1.2 million in New York City, $1.8 million at New Orleans, $600,000 in Philadelphia, and $150,000 in Boston.

★ ★ ★

In Mobile, Ala., where a Circuit Court judge has ordered the dockers back to work on the — with a "no-strike" clause — had been reached there, shippers estimated the strike has cost the area economy $6.5 million.

In Baltimore, losses since the strike began were estimated at $34 million.

CONSIDER RETURN

Some 2,500 members of ILA's largest local, 1814, in New York City, voted unanimously to ask the union executive council to consider a return to work if the Philadelphia contract is settled, though carrying on the strike against Galveston and Miami shippers who have been what they called "obstinate and uncooperative."

★ ★ ★

ILA President Thomas Gleason declined comment on the proposal.

There are 214 public libraries in New York City containing more than 11 million volumes and about 400 other special libraries.

State Senate Rescinds Rule

Voids Brief Ban on Cameras, Equipment

LANSING (AP) — The State Senate rescinded Thursday its one-day ban on cameras and recording equipment and said the rule had been misinterpreted.

The rule adopted Wednesday had said "no camera, television or recording equipment shall be permitted on the Senate floor or gallery for 30 minutes preceding, during, or 30 minutes following any Senate session except as authorized by the majority floor leader or chairman of the Senate Business Committee."

★ ★ ★

But majority leader Raymond Dzendzel, D-Detroit, said Thursday the Senate only wanted to prohibit tape-recording or filming of entire sessions. He said this was prohibited anyway.

Radio and television newsmen who often film or record interviews in the Senate chamber proposed relaxation of the rule in a meeting with the business committee Thursday.

WITHDRAW RULE

The committee decided to withdraw the rule, pending work on a substitute which would more accurately define what the Senate wished to prohibit.

Youth continued its rebellion against age in the House Thursday but lost to the old-timers.

The 54 freshmen legislators—they are two votes shy of a majority in the 110-member House—started a good-natured show of strength against the senior members Wednesday.

★ ★ ★

It continued Thursday in three attempts to show their voting strength. Rep. George F. Montgomery, D-Detroit, tried to get the House to recess for a half-hour.

Each time, his motion was amended to a five-second recess, once by veteran Rep. Joseph Kowalski, D-Detroit, House Speaker, and once from the floor.

VOICE VOTE

A motion for a roll-call vote on the weekend adjournment was defeated in a voice vote.

The bill which started the seniority debate, meanwhile, passed 97-6. Sponsored by freshmen Rep. H. James Starr, D-Lansing, it amends the State Probate Code to allow a woman's funeral expenses to be taken from her estate if she and her husband die simultaneously.

★ ★ ★

Both houses adjourned Thursday for a long weekend.

AP Photofax

SON FREED — Mr. and Mrs. H. Lee Landermann of Riverside, Calif., and their daughter, Helen Alice, read copy of magazine that described arrest and jailing of son Peter by Russians. The family was notified yesterday that Soviet officials had released Peter after he served 16 months of a three-year sentence for the death of a Russian motorcyclist in a road accident. Peter is expected home this weekend.

AP Photofax

FIRE IN THE FIRE HOUSE — Walls crumble and fly apart as the Laytonsville, Md., volunteer fire department building burns to the ground yesterday. Fire companies from nearby communities had to be summoned to battle the blaze.

Amid Charges of Deal, Sellout

N.Y. Legislature Finally Ready to Go

ALBANY, N.Y. (AP) —The New York State Legislature finally had its Democratic leaders today, was organized and ready to get down to business that included consideration of Gov. Nelson A. Rockefeller's record budget and tax program.

Charges of "deal" and "sell-out" continued to reverberate as a result of the Republican intervention that cracked a month-long deadlock between two powerful factions of the new Democratic majority.

★ ★ ★

The last major step in organization came Thursday night with the election of Democrat Anthony J. Travia of Brooklyn as Assembly speaker, chiefly with Republican votes.

On Wednesday, Republicans contributed the majority of the votes needed to elect Sen. Joseph Zaretzki of Manhattan as temporary president of the Senate.

WAGNER BOOSTED

Both of the new leaders are aligned with Mayor Robert F. Wagner of New York City. Their election was seen as an enormous boost to his position as a leader of the state Democratic organization.

The big losers were in a faction siding with Sen. Robert F. Kennedy, considered a challenger to Wagner for control of the state party.

★ ★ ★

Kennedy, in New York City for a speech Thursday night, agreed that Wagner would consider the Albany developments "a victory for himself."

Asked if he thought it was a defeat as far as he was concerned, Kennedy replied: "I don't. But maybe something is wrong with me."

DEMS SPLIT

Travia was elected by a vote of 81-56 over Stanley Steingut, who had 53 Democratic and three Republican votes.

Previously, all 62 Republicans had been voting for their minority leader, George Ingalls. The Democratic vote had been split between Steingut and Travia, with both short of the majority needed for election in the 150-member house.

★ ★ ★

Steingut was the candidate of an anti-Wagner faction led by William H. McKeon, Democratic state chairman. After backing the losers in the all-out fight, McKeon faced an uncertain future as state chairman. McKeon raised charges of "sell-out" following Zaretzki's election on Wednesday.

After Travia's selection, Chairman John English of Nassau County asserted that William Pfeiffer, a top aide to Rockefeller, and Michael H. Prendergast, former Democratic state chairman, had engineered a deal.

WORK OUT DEAL

English said they had worked out a bargain under which Republican legislators would back Wagner's candidates for the leaders' posts and the mayor would instruct Democratic legislators loyal to him to back Republican Rockefeller's fiscal program.

Both denied the charge.

★ ★ ★

The governor has submitted a record, $3.5-billion budget, which calls for a 2 per cent statewide sales tax, doubling motor vehicle registration fees and doubling cigarette taxes. The deadline for passage is April 1.

★ ★ ★

Rockefeller earlier denied McKeon's charges of a deal. So did the GOP minority legislative leaders, who directed the intervention move, and the new Democratic majority leaders.

★ ★ ★

Both houses of the legislature adjourned Thursday until Monday night, when regular sessions will begin.

Proposal Accepted on Records Center

A proposal to relocate and expand Oakland County's electronic data processing center was accepted yesterday by the buildings and grounds committee of the board of supervisors.

A recommendation to approve the plan, previously accepted by the ways and means committee on recommendation of the board of auditors, will be presented to the supervisors at their next regular meeting.

If the board approves the plan, the IBM records center, now located in the County Social Welfare Building, will be relocated in the former jury assembly room in the basement of the courthouse wing.

Remodeling of the room to make it suitable for the sophisticated machinery will cost nearly $38,000, according to engineers' estimates.

★ ★ ★

The most expensive part of the project is the installation of heavy - duty air conditioning equipment, estimated at $15,870.

LEVEL TEMPERATURE

Joseph Joachim, county engineer, explained that the air-conditioning unit will have to operate constantly in order to maintain the constant level of temperature and humidity necessary for the efficient operation of the electronic equipment.

Daniel T. Murphy, chairman of the board of auditors, said the new equipment for the center will begin arriving May 1.

It will be leased and can be replaced at no expense to the county as improved models are developed, Murphy said.

The data recording equipment now being used by the county is rapidly becoming obsolete due to the steady increase in the amount of records being processed, according to Murphy.

AMPLE ROOM

The new location proposed for the records center should provide ample room for storage and additional equipment for at least 15 years, Murphy said.

The employes' lounge on the fifth floor of the courthouse wing will be used for a jury assembly room if the supervisors approve the proposal.

Former State Official Dies in Grand Rapids

GRAND RAPIDS (AP)—Oscar E. Waer, 81, a one-time state assistant attorney general (1911-12), died Thursday in Butterworth Hospital, where he had been admitted after suffering a heart attack. He had served 25 years until 1937 as a U. S. commissioner here, was Kent County's Republican Committee chairman in 1942-44 and once practiced law in Muskegon before becoming secretary to former 9th District Congressman James C. McLaughlin.

Ghost of Titanic Is Raised to Clear Scapegoat Captain

LONDON (UPI) — An organization representing British ship captains today raised the ghost of the Titanic, the "unsinkable" luxury liner which plunged to the bottom of the Atlantic Ocean 53 years ago with 1,503 passengers and crewmen.

The Mercantile Marine Service Association demanded a new inquiry into the disaster for the purpose of clearing the name of a steamship captain blamed for not coming to the aid of the stricken vessel. He died three years ago.

The Titanic was the pride of the White Star Line when it was commissioned in 1912. It was built at a cost of $7.5 million under specifications designed to make it the safest ship afloat.

On the night of April 14, 1912, while making its maiden voyage from Southampton, England, to New York, the proud ship struck an iceberg in the North Atlantic off Newfoundland. It sank three hours later in the predawn darkness of April 15.

All but 704 of the 2,207 persons aboard died.

IN PETITION

The Mercantile Marine Service Association, in a petition submitted to the British Board of Trade today, took issue with the original inquiry's findings about Stanley Lord, captain of the steamship Californian.

The petition states that allegations of malfeasance against Lord made him the scapegoat of grossly defamatory attacks.

The British investigation said the Californian was within five miles—visual range—of Titanic when the iceberg cut through its hull below the waterline. The 1912 investigators said the Californian saw the Titanic's distress rockets and should have assisted.

★ ★ ★

"Had she (the Californian) done so she might have saved many, if not all, of the lives that were lost," the inquiry ruled.

REST OF LIFE

Lord had to resign, but spent the rest of his life trying to clear his name.

He maintained the Californian was at least 25 miles from the Titanic and was not aware of the disaster until after the ship had disappeared.

In 1958, when he was more than 80 years old, Lord asked the Marine Association to take up the case for him.

The association investigated and declared in 1962 that Lord was "the victim of the grossest miscarriage of justice in the history of British marine inquiries."

AWARE OF FINDINGS

Lord died two months before that report was issued but was aware of the findings because he had read a preliminary version.

The steamship captain said logbooks he was never permitted to produce for the government proved that the Californian had stopped for the night because of ice in the water. He admitted seeing another ship, but said it was much smaller than the Titanic.

The association's petition today said the identity of this smaller ship, apparently a medium-sized tramp, remains a mystery.

The 1963 report of the association, however, said a ship reported having been seen by the Titanic was a Norwegian sealing vessel, the Samson.

The Samson's late first officer, Henrik Naess, is said to have told the Norwegian consul in a confidential report in 1912 that he sighted lights and rockets but steamed away because the ship was hunting seals illegally.

Naess was reported to have said that he heard about the Titanic's sinking only after reaching Iceland.

"We now understand the meaning of the lights and rockets," Naess said. "We had been 10 nautical miles away when the Titanic went down.

"There we were with our big excellent ship and eight boats in calm, excellent weather. What might we not have done if we had known.

Ruling Curbs Lake Canals

Developers on Water Property Restrained

LANSING (AP)—Lake property developers may not cut canals to create additional lake lots, a Barry County Circuit Court ruling says.

★ ★ ★

Acting Aud. Gen. Allison Green forwarded to county plat boards Thursday a summary of a decision by Judge Archie McDonald denying the right of a developer to subdivide land near Gun Lake and dig a canal to provide lot owners with access to the lake.

★ ★ ★

Green, who has the responsibility for final review and approval of plats, said the decision is sure to be appealed. But state legal experts admitted privately they expected the ruling to stand.

The auditor general's office regards the decision as virtually setting a precedent "because all previous cases were based on the basic rights of riparian owners, while this one answers the question: 'may a developer provide access to a lake?'" said Robert D'Amelio, director of the administrative division.

CHANGE LAKE

"To hold that the defendants may proceed with their project would be to say that they can change the entire character of the lake, and it would seem that one of the obvious purposes of owning of property on an inland lake is to enjoy the use thereof, regardless of whether or not used only for fishing, swimming or bathing," said Green's summary of the case.

AP Photofax

LOVE WINS OUT — James Keat, 25, holds hands with his fiancee, Japanese-born Reiko Ohi, in a Detroit hospital yesterday where they are recovering from injuries sustained in a New Year's Day auto crash. The crash delayed their wedding, but they are now going to be married in the hospital.

Doctors Charting Pair's Marital Plans

DETROIT (AP)—If all goes well, James Keat and his Japanese bride-to-be, Reiko Ohi, will be married in Wayne County General Hospital within the next two weeks.

★ ★ ★

At the moment final plans for Keat and Miss Ohi rest with medical charts, relatives and friends.

★ ★ ★

Miss Ohi was a secretary at Yakota Air Base near Tokyo when Keat was stationed as an airman first class. Several dates blossomed into romance.

Keat returned to Detroit last March after his discharge. Finally he arranged for Miss Ohi to visit his home and meet his parents, Mr. and Mrs. Fred Keat.

AFTER VISIT

Last New Years' day, Keat and Miss Ohi were returning to Detroit after visiting in nearby Ann Arbor.

Keat's car skidded on ice. Miss Ohi suffered a broken neck. Keat sustained four broken ribs, a collapsed lung and other injuries.

★ ★ ★

Friends and relatives have pitched in to complete wedding plans for the couple.

"I can't remember too much about the accident," Keat said from his bed in Room 306," except that Reiko covered me with her coat and somehow managed to crawl up the hill and get help."

DAILY VISITS

Keat visits Miss Ohi almost daily, making a trip to his fiancee's fourth floor room in a wheelchair.

★ ★ ★

In addition to wedding plans, Keat and Miss Ohi face another major problem.

VISA PROBLEMS

The attractive Japanese girl's visa to this country expires March 23. However, immigration officials say Reiko probably will be granted an extension because of her accident.

"After we're married," Keat said, "I hope to petition to have Reiko stay here permanently."

★ ★ ★

Reiko says she has been writing to her family in Osaka daily. But thus far she has said nothing about the accident.

"I only tell them that I'm having a good time and that everyone is very kind here."

★ ★ ★

"But that's true," Reiko adds. "The doctors, nurses and everybody are very good to me. I'll tell my mother about them and the accident—but not until I've recovered.

Aleutian Quake After-Shock Is Recorded Today

BERKELEY, Calif. (AP) — The University of California seismologic station in Berkeley recorded a heavy after-shock of the Aleutian Islands earthquake early today.

★ ★ ★

Dr. Bruce Bolt, director of the station, said the tremor was recorded at between 6 and 6.5 on the Richter scale at 1:40 a.m. Wednesday's quake was recorded at 7.6 on the scale that sets the San Francisco quake of 1906 at 8.25.

★ ★ ★

Bolt said the epicenter of the new quake was in the area of the Kamchatka Peninsula, near the point where the Aleutian Island quake was felt Wednesday.

At Newberry State Hospital

Attorney Upholds Nurses' Suspension

Pontiac attorney David Pence, ruling as a hearing officer of the State Civil Service Commission, yesterday upheld the five-day suspension of eight attendant nurses at Newberry State Hospital.

★ ★ ★

Pence, a past president of the Michigan Bar Association, also reinstated a fired union steward by substituting a 31-day suspension and banned night inspections of outside buildings by unaccompanied nurses.

His ruling was announced in Lansing on the basis of a day-long hearing he conducted as commission officer in Newberry on Jan. 26.

Prior to December 1964, night inspections of cottages housing female patients recovering from mental illnesses were made by pairs of nurses. In December that policy was discontinued and nurses were instructed to make the inspections alone.

★ ★ ★

Eight female attendant nurses who refused to make the inspections alone were suspended for insubordination. Richard Carroll, a union steward for the Michigan State Employes Union and an attendant nurse, was dismissed later for unauthorized absence from duty.

NO JUSTIFICATION

Pence said the employes "had no justification for flatly refusing to make the inspection alone" and "should have obeyed orders under protest."

There had been stories that footprints in the snow were seen leading to the cottages, suggesting an intruder, and that lethal weapons were found in nearby cottages.

Pence said "It is not proper to send a lone woman into the basement of an unattended and locked building at night." He ordered a policy of inspection by the women in pairs be adopted.

★ ★ ★

Carroll was fired for failure to comply with a new rule that he should have written permission from the hospital superintendent to leave his post for union business, rather than verbal permission, as was the past practice.

LEFT DUTY

He left duty to attend a union meeting protesting the suspension of the women workers.

The rulings of the hearing officer stand unless they are appealed to the four-member Civil Service Commission by either the employes or the hospital management.

Electric Blast Kills Five Men

KANSAS CITY (AP) — An electrical explosion took the lives of five Kansas City Power & Light Co., workmen in a downtown underground transformer vault yesterday.

Flames shot up through a sidewalk grate in the 900 block of Main Street. Dense smoke filled the vault and poured from the opening.

The five men had been working on the 13,200-volt transformer since Wednesday morning.

"What happened down there probably will never be known," said Charles F. Monnier, executive vice president of the power company. "Apparently a short-circuit developed, destroying the switch and causing the transformer to explode."

★ ★ ★

He said the transformer was of the latest design and was filled with nonflammable synthetic oil.

VICTIMS

The victims were Lawence Leo Coulter, 35; Robert A. Gish, 35; George Curtis Haley, 50; Columbus W. Wood, 40; and George Richard Ross, 48.

Three of the men apparently were killed in the explosion and the other two died in a hospital soon afterward.

Costa Ricans often are called "Ticas" because many of their words end with those five letters.

ULICK O'CONNOR

Announce Town Hall Series for '65-'66 Season

Pontiac-Oakland Town Hall, Inc. announces that four men and one woman will appear in the 1965-66 series. Tickets are now on sale.

★ ★ ★

Town Hall, in the Pontiac area, is an all volunteer group organized for the purpose of promoting and encouraging educational and cultural activities in Pontiac and Oakland County.

★ ★ ★

Net proceeds from the 1963-64 series have been divided among the Pontiac Symphony Orchestra, the Lita O. Kern scholarship at Oakland University and Pontiac Business Institute scholarship.

★ ★ ★

Other contributions have been made to scholarship funds at St. Joseph Mercy Hospital and Pontiac General Hospital and a special donation to the citizens' committee on youth of the city of Pontiac.

DWIGHT COOKE

Dwight Cooke, foreign correspondent, author, news analyst and commentator, will open next fall's series with a speech, "You and the World."

★ ★ ★

Cooke has worked extensively in radio and as a magazine editor. During World War II, he ran the largest U.S. short-wave station, WRUL, with a 22-hour-a-day schedule of broadcasts in 26 languages.

He has authored a book, "There is No Asia."

In October, he will come to Pontiac after an extended fact-finding tour around western Europe.

WILLIE ETHRIDGE

Willie Snow Ethridge has been writing humorous books about herself and her family for years.

★ ★ ★

She is married to Mark Ethridge, now editor of "Newsday" and formerly editor-publisher of the Louisville Courier-Journal.

★ ★ ★

The mother of four grown children, she continues to write, to travel, to lecture and to maintain her reputation as a charming southern hostess.

★ ★ ★

One of Mrs. Ethridge's books is "Nila," a biography of her close friend Nila Magidoff. Mrs. Magidoff was a Town Hall speaker several seasons ago.

BOB WRIGHT

Bob Wright, Broadway, Hollywood and TV personality, will bring a program of songs from musical comedy and light opera.

VINCENT PRICE

Vincent Price, well known motion picture and stage actor, and now major art collector and critic will bring a word portrait of Van Gogh to the Town Hall audience.

★ ★ ★

Price is a direct descendant of Jean-Pierre Desnoyers, the first treasurer of the state of Michigan.

ULICK O'CONNOR

Concluding the 1965-66 lectures will be Ulick O'Connor, young Irish genius. He has been seen recently on Johnny Carson's "Tonight" show.

★ ★ ★

His subject will be "The Irish Literary Renaissance: Yeats, Synge, O'Casey and their European Sources."

★ ★ ★

Tickets for the 1965-66 series may be obtained from Mrs. Andrew Gulacsik, Mohawk Road, or by direct mail to Pontiac-Oakland Town Hall, 838-40 Riker Bldg., Pontiac.

Well, Who Hit You?

By JANET ODELL

If you ever get a black eye, you may as well say good-bye to truth telling — at least temporarily.

For some reason, the sight of an individual with black, purple, green and-or yellow markings around his eye makes everyone else a humorist, at your expense.

But after several days, the remarks begin to sound like a broken record.

Your friends fall into two categories: those who look intently at you, but say nothing; and those who blurt out the first thing that occurs to them.

You know, of course, what the first group is thinking and occasionally you take great delight in ignoring their obvious, but restrained curiosity.

NEED SENSE OF HUMOR

The second group you answer glibly.

After all, you are the innocent victim and may as well have a little fun out of your trouble.

Unlike ordinary bruises, black eyes don't just gradually fade away.

Each morning, you look in the mirror to see where the bruise has traveled and to note the change of colors.

"I wonder where the yellow went," is the beginning of the end.

I've had a chance to see what deep purple eye shadow would do for me. Nothing.

And if I were to tell you how I acquired this black eye, you wouldn't believe me, anyway.

It wasn't easy.

Mrs. Main on Board of Girlstown

Mrs. Ralph A. Main of Birmingham and Mrs. W. H. Winkelhaus of Ann Arbor represented southeastern Michigan when the board of Girlstown Inc. met Tuesday in the Albert Pick Motel, East Lansing.

Girlstown is a project of the Michigan State Federation of Women's Clubs. The first unit, named Loch Rio, is located in Belleville.

This is a home for emotionally-disturbed girls with accommodations for nine at one time. Since its opening in June, 1958, the home has helped some 50 girls.

It is hoped that the mortgage on the property will be burned at the Girlstown birthday party during the State convention of the Federation April 27-29 in Kalamazoo.

Plans Made by Sorority

The 300 Bowl meeting room was the scene of the Wednesday evening gathering of Alpha Alpha chapter of Epsilon Sigma Alpha sorority.

★ ★ ★

The chapter was elected to secure a meeting place for the Founders Day luncheon to be held on April 24.

Mrs. Richard Falls reported on the "Hat Sale" scheduled for April.

★ ★ ★

Another scheduled event will be the bowling party on Feb. 27.

★ ★ ★

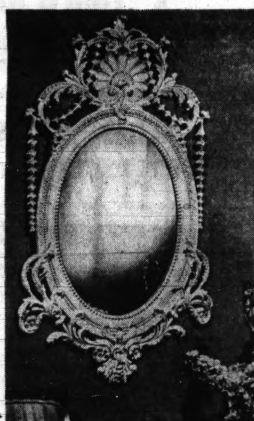
Mrs. William Kay was hostess for the meeting.

Change Date of Lecture

Ticket holders to the OU lecture series are reminded by Mrs. Walter Reuther that Harold Taylor will speak on Feb. 22 at 8 p.m.

★ ★ ★

Original announcements indicated that he would speak on Feb. 8. It was necessary to change the date of his appearance after it was learned that he would be sent on a mission to Greece by the State Department.



All the intricate detail of a museum masterpiece has been authentically duplicated in this Madame du Barry wall mirror. Measuring 21x38 inche it comes in a choice of patina gold or white gold. About $35.

Travel Opens Doors for Widow

By MRS. DONN SUTTON
Newspaper Enterprise Assn.

Grief takes a terrible toll of your health, endurance, and emotions. It depresses, is useless and serves no purpose.

When grief overtakes a woman, she becomes completely numb. She thinks of nothing, not even her children.

★ ★ ★

When in this state, it is well to get away, to travel wherever your purse and inclination take you.

Even a little trip helps. Plan to visit your more cheerful friends or relatives.

★ ★ ★

You cannot afford to be around critical people who tear down your ego and make you feel unhappy. Unfortunately, we all know such people.

★ ★ ★

In your bereavement they only make you feel more despondent.

This was Helen Martin's state of mind when her husband died and left her with their life savings depleted by his long illness, two young children, a meager amount of life insurance and a trailer.

It was early June. The weather was balmy, an ideal time to take a motor trip.

★ ★ ★

She packed plenty of provisions, all their clothes, put her two children — Laura, 9, Bill, 7, and their pet cat, Puffy, in the trailer and set out for the Ozarks to visit her mother.

NO HURRY

They traveled leisurely and picnicked along the road in grassy, shaded areas.

This was a treat which they all looked forward to — especially Puffy, who amused them by hunting field mice.

★ ★ ★

The visit in the Ozarks with her mother gave Helen time to plan her course for the future, and took the children's minds off the loss of their father.

★ ★ ★

She must go to work to contribute to the security of her children, must show a smiling face to them and to the world.

She left the trailer there to be rented to hunters and fishermen. One source of income for her.

★ ★ ★

When they returned home at the end of the summer Helen got a position selling lingerie in one of the big department stores.

The children were enrolled in a nearby day school which furnished their lunch and dinner.

★ ★ ★

In this way she did not come home to hungry, lonely, uncared-for children. The years went by.

They lived, at times precariously, but the three worked things out together.

COLLEGE A MUST

They had one obsession, that Bill and Laura receive a college education. By hard work and preseverance they were putting money aside for Laura, who would be the first to go.

From the time she was in the seventh grade her mother started collecting a college wardrobe for her.

She bought on sale, soiled and damaged sweaters, dresses, skirts for which she paid little, then had them cleaned and put aside.

★ ★ ★

When Laura went to college on a partial scholarship she had 21 cashmere sweaters, six skirts and two dresses.

Now she is out of college and working to help her brother Bill graduate from engineering school in June.

Their gallant mother is now a noted bridal consultant.

★ ★ ★

She plans to remarry after graduation day, her dreams for her children fulfilled.

The trailer in the Ozarks became a symbol of the trip years ago that set them on the right path.

PLANS UPSET

Dorothy and Dick had been planning and saving for a long trip together when he met death suddenly.

She was so bereft that her friends suggested that she take the ocean trip alone to get away for a while.

As soon as she had her affairs settled she took off, packing her simple, uncluttered wardrobe — the best she had — so that she would always feel well dressed.

She felt that if she were always dressed for the occasion it would give her more self-assurance.

★ ★ ★

Although she had always kept in the background during her husband's life, she resolved to be friendly and cheerful and to make a determined effort to meet fellow passengers.

Fortunately, the ship was small. The dining steward seated her with congenial people at a mixed table of eight.

The captain's party on the second night out gave her an opportunity to get acquainted.

She, in turn, decided to invite 12 people for cocktails to reciprocate. She entered into the activites aboard ship with zest.

KEPT ACTIVE

She enjoyed the shore trips, exploring and shopping. She took dancing lessons.

There were times when waves of depression hit her and she wished she could jump overboard and swim home, but the exhilaration of the salt air and the busy life kept her so occupied that she was able to push sadness aside.

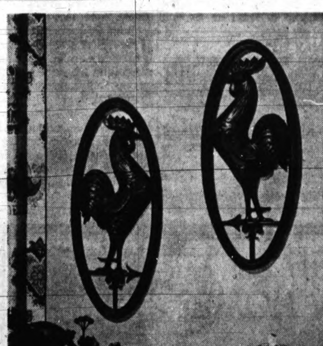
★ ★ ★

Her good spirits and friendliness made her a sought-after companion on shore trips, in games aboard ship and in the various contests and activities.

When she returned home she decided to put her traveling experiences to good use and opened a travel agency of her own.

She sent out letters to all her friends and her late husband's business friends, also to various business firms for which she arranges salesmen's and executive trips.

You can never tell where a trip will lead you.



Roostervanes can still be seen throughout the New England countryside. These oval-framed reproductions turn the weathervane into an item of indoor decor. The plaques have an antique black or jade finish for a "weathered" wrought iron look. Each is an authentic reproduction of an original carving. About $6 each. Wall decorations by Arabesque of Traverse City.

Mrs. Williams in Command of Auditions

By SIGNE KARLSTROM

Mrs. Sam B. Williams of South Hammond Lake Drive, audition chairman for the Detroit Grand Opera Association has been fortunate to interest some of the country's most distinguished artists to come to Detroit.

★ ★ ★

They will judge the aspiring young singers competing for the annual Grinnell Foundation of Music Scholarship next Thursday at Masonic Temple.

Many will remember Mrs. Williams as the former Barbara Gibson who would commute from Italy to sing on the Bell Telephone Hour or with the San Francisco Opera.

★ ★ ★

Judges are Lester Freedman, director of the Toledo Opera Association, Mrs. Carolina Segrera Holden, formerly with the LaScala Opera but now residing in New York.

★ ★ ★

Others are Lorenzo Alvary, one of Metropolitan's important artists who has been soloist with the Detroit Symphony Orchestra and Mrs. Frederick Matthaei of Ann Arbor, the former Frances Green, another renowned artist from the Metropolitan.

DINNER PARTY

Following the auditions, Mr. and Mrs. Williams will entertain the judges and some of their friends for dinner at the Detroit Athletic Club.

★ ★ ★

Among the guests will be Mrs. Lynn Townsend, general opera chairman, John Gutman, assistant manager of the Metropolitan Opera; the Howard Harringtons, Mr. and Mrs. Fredrick Oliver and Mrs. Alvary.

Absent this year will be Mr. and Mrs. Walker A. Williams who at this time are enjoying their home in Florida.

Uniformity Prevails

Girl Likes Brassy Males

ABBY

By ABIGAIL VAN BUREN

DEAR ABBY: I met a fellow who flies for an airline, and we clicked right away, so we made a date for the next layover he had here.

When he showed up he was wearing a regular suit, and he didn't look nearly as good to me. I kiddingly told him that on our next date I wanted him to wear his uniform.

He said he wouldn't wear his uniform off duty for the Queen of Sheba, and if that's all I liked about him there wouldn't be any NEXT date.

I pretended it didn't matter and I dropped it. But, Abby, it DOES matter. Somehow, I can't seem to work up the enthusiasm for him without the uniform.

Don't you think if he really liked me he'd wear his uniform?

LIKES UNIFORMS

* * *

DEAR LIKES: No! Only people who are compelled to wear uniforms day in and day out can appreciate what a bore it is. I don't blame him.

Your brass-happy attitude is an admission that you're more interested in the packaging than you are in the product.

* * *

DEAR ABBY: We received an invitation to attend a wedding which was to take place two thousand miles from here. The daughter of an acquaintance of ours was being married.

They knew we couldn't possibly attend the wedding, but they sent us an invitation anyway. This, of course, meant a gift, which we sent.

It was last June and we haven't received a "thank you" note from the girl as yet.

I do not blame the child, she is young. But I do blame the parents for not having taught her right from wrong.

A HOUSTONIAN

DEAR HOUSTONIAN: A girl who is old enough to be married is no child. And even if parents do not teach their children to write thank you notes promptly, by the time they are married they should have learned that basic rule of courtesy somewhere.

So don't blame the parents. I'll wager their embarrassment (if they are aware of their daughter's negligence) is greater than hers.

* * *

DEAR ABBY: I can't request this information elsewhere without risking a lot of embarrassment, so please answer if you can.

And put it in the paper because my mail is sometimes opened and this is very confidential.

Will a veteran's hospital take a veteran who has had a dishonorable discharge? And will the veterans bury him when he dies?

MUST KNOW

DEAR MUST: Whether or not a dishonorably discharged veteran can receive hospitalization at a veteran's hospital depends on the reason for his discharge.

All the facts should be given to the nearest veteran's hospital when application is made, and they will rule on his eligibility.

A veteran must have an honorable discharge in order to be eligible for a veteran's burial.

* * *

Troubled? Write to Abby, in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

* * *

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, in care of The Pontiac Press.

Thos. B. Appleton, Consultant

The George E. Riddles of Holly announce the engagement of their daughter, Carolyn Sue to David Cotcher, son of Mrs. Lloyd Tyson of Silver Lake Road, Lyon Township, and the late Paul Cotcher. Her fiance is a senior at University of Michigan. A May wedding is being planned.

MSU Group Sponsors Fashions and Luncheon

The ninth annual scholarship luncheon and fashion show sponsored by the Michigan State University Women's Alumnae Club of Oakland County will be held in the Kingsley Inn at noon, Feb. 18.

Fashions will be styled from Saks Fifth Avenue.

* * *

Cochairmen for the event are Mrs. Douglas McFetters and Mrs. Karl M. Krueger Jr.

* * *

Serving on the reservation and ticket committees are Mrs. Clifford Mezey and Mrs. Arthur O. Moran Jr.

* * *

Other committee members are Mrs. Walter J. Matthes Jr., Mrs. Robert Maund, Mrs. Jack T. MacFarlane, Mrs. Diane Burgess Baker, and Mrs. R. Richard Ensworth.

* * *

More are Mrs. Robert E. Benjamin, Mrs. Dwan V. Ziegler and Mrs. Joseph Colucci.

FOR SCHOLARSHIPS

Proceeds from the luncheon will be used for scholarships. Last year, three such awards were given to seniors of Oakland County high schools.

Reservations will be made for complete tables of six or eight, and seatings for smaller groups will be reserved as tables become available.

'Wet Look' Is Staying Awhile

The new "wet look," that made its mark in beachwear, outerwear and raincoats, has appeared in rain hats — and in sharp styling and hot colors.

If the well-dressed men seen in southern resorts are pacesetters for this summer's styles, you'll be seeing more white slacks and white shoes than in any year since the '20s.

THE PONTIAC MALL

Waldron Hotel Site of Tipacon Meeting

The Tipacon Chapter of American Business Women's Association (ABWA) held its regular monthly meeting Wednesday evening at the Waldron Hotel.

★ ★ ★

Lawrence B. Cole, manager of the local district office of the Michigan Department of Revenue, was the guest speaker.

Mr. Cole defined the largest revenue producing of the 14 separate taxes collected by this department and explained where tax monies collected from the major sources were allocated.

He stated that Michigan has the third lowest ratio of collection expense to total revenues received in the United States.

Mrs. Margaret Spalding spoke of her vocational duties as secretary to the Superintendent of the Waterford Township schools.

★ ★ ★

The ABWA district meeting will be held May 15 and 16 at Erie, Pa.

TEA IN MARCH

Mrs. John House told of her committee's plans for the "Hand of Friendship" membership tea to be held March 14, at the Waldron Hotel from 2 to 4 p.m.

★ ★ ★

The chapter's annual Boss Night plans were given by Mrs. Charles Stark, who is co-chairman with Ruth Woodworth.

★ ★ ★

This dinner meeting which honors the members' employers is scheduled for April 21 at Edgewood Country Club.

Guests at this meeting were Mrs. Orben Wilkins and Mrs. Emerson Leslie.

Newlyweds at Home in Lake Area

At home on Steep Hollow Drive, White Lake Township, after a brief honeymoon in Canada, are the Robert Fulton Schmidts who were wed recently in Christ of the Lakes Lutheran Church.

★ ★ ★

The former Marcelle E. Kitson who resided on Cooley Lake Road, is the daughter of Mrs. Clarence H. Kitson of Downing Court and the late Mr. Kitson.

E. James Kitson of Royal Oak escorted his sister at the family ceremony performed by Rev. Ivan C. Ross, followed by a church reception.

★ ★ ★

Attending the couple were Mrs. Joseph J. Duran and William Drescher of Orchard Lake.

★ ★ ★

The bridegroom is the son of the late Mr. and Mrs. Alva Schmidt, formerly of Chicago.

The new Mrs. Schmidt is a graduate of Eastern Michigan University.

Priscilla Dawe, daughter of the Ralph Dawes of Osceola Drive was graduated with honors from Central Michigan University at midyear commencement, with a bachelor of arts degree. At the university she was a member of Alpha Gamma Delta social sorority, Senior Women's Honor Board and the honor societies of Kappa Mu Epsilon, Kappa Delta Pi, Pi Kappa Delta and Alpha Lambda Delta.

She is also listed in "Who's Who Among Students in American Universities and Colleges."

Flurry of Showers

Mr. and Mrs. E. Glen Roberts will host the rehearsal dinner for their daughter Glenda Jean and her fiance David Ramsay McLellan, this evening in their home on Highland Road.

★ ★ ★

The Saturday wedding will be in All Saints Episcopal Church with Rev. C. George Widdifield officiating.

★ ★ ★

Mrs. James Muir and Mrs. Laine Hetherington honored the bride-elect at a recent shower in the home of Mrs. John Scales on Peyton Road.

★ ★ ★

Mrs. Ronald May, Pioneer Drive, and Mrs. Ernest Kyte, Lakeside Drive, also entertained at showers.

Mrs. Harry Kinney of Birmingham and Mrs. Alphonse Adams of Detroit gave a shower for their niece in the Kinney home.

★ ★ ★

Parents of the bridegroom-elect are David R. McLellan of Playview Court, Farmington Township, and the late Edith Jenette Bjornstad McLellan.

Boys' Moms Lunch, Tour New House

Boys Club Mothers held the February business meeting at the Boys Club on East Pike Street.

★ ★ ★

Luncheon was served amidst valentine decor by hostesses, Mrs. Edwin Sutherland, Mrs. Arthur Longbrake, and Mrs. Charles Lucas.

Mrs. Jerry McKay was a guest.

★ ★ ★

A tour was made of the new facilities for the organization on East Columbia Street.

Plans were discussed for the March 2 card party, at which time Mrs. Frank Lesco will be kitchen chairman and Mrs. Lester Christiansen her assistant.

She Hosted Amvet Group

Mrs. Roy Williams of Sylvan Lake was hostess Thursday to the Amvets Auxiliary of Jimmy Dey post 12.

★ ★ ★

A valentine motif was featured in the decorations at the meeting which marked the end of a membership drive.

Guests were Mrs. Richard Stark, Mrs. Alice Poss, and Mrs. Margaret Kevorkian.

★ ★ ★

New members included Mrs. Robert Lazelle and Mrs. Frank Hayman.

Assisting the hostess with tea were Mrs. Stewart Houghton and Mrs. Charles Cohen.

Have You Tried This?

Put Gelatine in Fudge

By JANET ODELL
Pontiac Press Food Editor

An unusual recipe for fudge arrived in the mail not long ago. It gives directions for a chocolate fudge that can become caramel fudge if you omit the cocoa. That's versatility for you.

Mrs. P. L. Newingham is our cook today. She's mother to and chief cook and bottle washer for three children.

They like either kind of fudge, but her husband prefers it without cocoa.

SPECIAL BUTTER FUDGE

By Mrs. P. L. Newingham

3 cups white sugar
1 envelope unflavored gelatine
6 tablespoons cocoa (optional)
1 cup evaporated milk
½ cup white corn syrup
1¼ cups butter or margarine
2 teaspoons vanilla
1 cup chopped nuts (may omit)

Mix sugar, gelatine and cocoa (if used). Add milk, syrup and butter.

Cook over medium heat to 238 degrees, or until it reaches soft-ball stage. Stir occasionally. Takes 30 to 35 minutes.

Remove from heat, pour into large mixing bowl. Add vanilla and let cool 15 or 20 minutes. Beat until thick.

Add nuts. Pour into buttered pan and cut into squares.

Editor's Note: We wonder how the fudge would taste, if 2 tablespoons of instant coffee were substituted for the cocoa. Guess we'll have to try that.

Lovely Fragrance Beckons Cupid

By MADELEINE DOEREN

St. Valentine's Day in the morning! It can be lovely when you wreathe yourself in a provocative, romantic fragrance diffused with each beat of your heart.

Apply it to every pulse spot and the nearest jack-of-hearts is honor - bound to respond. Choose something zingy, sparkling . . . and unexpected, like some of the newest scents to arrive on the cosmetic counter.

Highly appealing feminine gifts for Valentine's Day, Easter, Mother's Day, graduation, or for a bride to give her attendants, are these elegantly-packaged products.

An exciting new price incentive offering features Max Factor's famous Hypnotique, Primitiff and Golden Woods creations in their two most popular forms . . . spray mist cologne and perfume.

All three include a unique combination offer of a free flacon of perfume with the purchase of a matching fragrance in a three and three-quarter ounce bottle of spray mist cologne.

A one-dram bottle of perfume is packaged with the first two fragrances mentioned above. The Golden Woods ensemble includes a one-dram vial of matching bath perfume.

Dr. Oliver Marton, world-famous for his 'nose for scents' discovered a light, sweet touch of precious woods in Shulton's 'Escapade' along with a fresh modern blend of lilac, jasmine and pink roses.

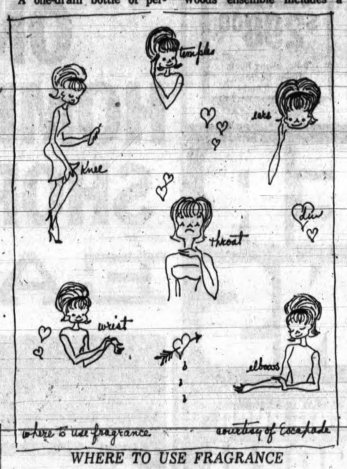
Apply this one to your "popliteal" (accent on second syllable). So look it up in your dictionary. The "popliteal" is the pulse behind the knee.

"Escapade" comes in stick cologne, bubbling bath crystals, dusting powder, "Golden Spray" and "Goddess Touch" cologne.

The packages are sophisticated and would be in good taste to take to a trousseau shower or for a hostess gift.

Houbigant, the renowned French perfumer, in step with the romantic day, offers a new perfume "Chantilly" in a new combo which holds skin perfume and eau de toilette.

Formulated with a cream base, skin perfume is exceptionally lasting, as well as a pleasant way to apply fragrance. It does not stain clothing, feels like silk as it's smoothed on, and is spill-proof.



WHERE TO USE FRAGRANCE

Mr. and Mrs. Duard Beasley of Springville, Tenn., announce the engagement of their daughter, Sudie to Pfc. Ronald Carl Johnson, son of the Arthur E. Johnsons of Forestal Avenue. Her fiance is stationed at Fort Benning, Ga. A June wedding in Tennessee is planned.

Test on Wrist

When testing the temperature of water, drop a little on the inside of your wrist.

Several thousand members of the Mennonite religious sect live in the forest and swamp land of the Chaco in western Paraguay.

Cali Student Speaks to Garden Club

Renato Fuchs, a 22-year-old student from Cali, Colombia, spoke before Lorraine Manor branch, Woman's National Farm and Garden Association on Tuesday.

Mrs. Ray Allen of Fernbarry Drive was hostess.

Mr Fuchs is enrolled for a year at Oakland University, studying chemical engineering on a scholarship granted under the Alliance for Progress.

* * *

Two OU students are spending a year at the University of Cali, which has a population of some 815,000.

The weather, according to the speaker is never colder than 60 degrees nor hotter than 80 in Cali.

Mrs. Glenn Hickson is chairman and Mrs. Robert Smith cochairman for the group's benefit sale today in the CAI Building.

Why Grow Old?

By JOSEPHINE LOWMAN

This week I am bringing you some expert advice about makeup from New York's Eddie Senz.

SHADES OF MAKEUP

Many women simply do not know what shade of makeup would be most flattering to use. I asked Senz if he could give me some general rules for my readers to follow. He did, and here they are.

Try to get a foundation the color of your skin, or if any different, a shade darker. Your powder should be one shade lighter than your foundation.

* * *

Senz says that many women do just the opposite, with the most unattractive results.

Remember, your powder should be a bit lighter than your foundation and your foundation should be the same color as your skin or a shade darker.

This is one of those little tricks the experts know, and most women don't, which can make such a difference.

AROUND THE EYES

If you have lines or wrinkles under your eyes use very little makeup on this area. Otherwise you will emphasize the lines because the makeup will settle in them. Blend makeup upward from the rest of the face, very lightly, into this area.

DARK CIRCLES

If you have dark circles use one of the splendid products which will hide them. However, use it sparingly, not heavily.

If you use too much you will overcome one problem (dark circles) and introduce another (wrinkles).

HAIR COLORING

Since a woman's skin tone becomes lighter as she grows older, if she wishes to dye or tint her hair, she should use a color at least one shade lighter than the original color of her tresses. Otherwise the effect is harsh.

* * *

Senz said, "Even if she had coal black hair as a girl she should select a color a couple of shades lighter."

EYEBROWS

Many women pluck their brows incorrectly, thus creating a hard artificial look. They might as well have drawn a hard line with an eyebrow pencil.

The brows should not be plucked from the top browline, only from beneath. Make the under-browline as neat as you wish, but you should not do the same to the top browline.

Leave the little fine hairs at the upper edge of the brows if you wish to have them look natural. Remove only those which are far out of line at the top.

If you have unruly hairs in your brows use the tiniest bit of beeswax to hold them in place.

If you would like to have my free leaflet "Puffs and Lines" send a stamped, self-addressed envelope with your request for leaflet 60 to Josephine Lowman in care of The Pontiac Press.

Valentines Popular Then

In 1857, over three million valentines, ranging in price from three cents to thirty dollars each, were mailed in the United States.

* * *

About half of these were comic valentines, while the other half were highly sentimental messages of love and regard.

* * *

Harper's Weekly for February 13th, 1858 gave a very glowing account of the popularity of St. Valentine's Day.

Niblick Club Met

Members of the Niblick Club met at the Elks Temple recently for a business meeting and luncheon.

A Valentine party is planned for Feb. 9.

Maroon Tie Is Very Flexible

Douglas Fairbanks, Jr., one of today's best-dressed men, offers this tip, "A maroon tie is suitable for all but most formal occasions."

C. B. D. Bryan, whose novel, "P. S. Wilkinson," won the $10,000 Harper Prize, never writes unless he's wearing a necktie. It's not just an idiosyncracy — the young author feels that a man's work is more likely to be neat if he's neatly dressed at the time.

Honor Group for Sewing

Fifteen-year service pins were awarded to six members of Pythian Sisters Temple 41 by Mrs. George McCorkle of the Michigan Cancer Foundation on Wednesday.

* *

Honored were Mrs. Harry Winkley, Mrs. Wilbur Morey, Mrs. Hubert Endries, Mrs. Clyde Lankton, Mrs. Ivan Johnson and Mrs. Isaac Meyers.

West Bloomfield Trustees Will Consider Zone Appeal

AREA NEWS

WEST BLOOMFIELD TOWNSHIP — The rezoning request of Peter Popek is going to get another hearing.

For the first time in the memory of township officials, a dissatisfied property owner has asked the township board to review a planning commission rejection of his request.

Popek's appeal left the board slightly stunned — trustees didn't know exactly where they stood in the scheme of things.

They assumed the request had met a dead end when it was denied by the planning commission.

On the other hand, the commission only makes recommendations to the Township Board — when planners approve a request, the final action must be taken by trustees.

LAWYER CALLED

The board asked Township Attorney Joseph T. Brennan to clear up the matter.

He suggested the board follow the same procedure it does when the commission recommends rezoning.

So the matter will be referred to the Oakland County Coordinating Zoning and Planning Committee for a recommendation before being reconsidered by trustees.

It was with the county group that the request hit its first snag last summer.

COMPLEX ON LAKE

Popek seeks to have a 39-acre site at Mirror Lake on the south side of Pontiac Trail changed to allow the construction of a $2-million multiple residence complex.

After studying the plans and holding two public hearings at which they heard no objections, planning commissioners originally approved the change and sent their recommendation to the county coordinating committee.

Owners of neighboring property protested to the county group and the matter was referred back to the planners.

* * *

In accord with public sentiment, the planners reversed their initial decision Jan. 26.

DISAPPOINTED

Some 25 persons attended Wednesday night's Township Board meeting and strongly voiced their disappointment that the matter will be reopened.

In other action, the board adopted a fire department ordinance which establishes a three-man committee to govern the department.

"The operation was hit-and-miss before," Township Supervisor John C. Rehard said. Fire Chief Herbert Morgan formerly reported directly to the Township Board, but he now will be responsible to a committee of trustees.

* * *

Members of the committee are expected to be named at the board's next meeting Feb. 17.

BOARD APPOINTMENT

Appointed to the board of review Wednesday were Percy Lawrence, 6610 Commerce, and John Rexford, 7255 S. Ward Eagle.

Lawrence will serve for the one year left in the term of Richard McClurg, who resigned because of business commitments.

Rexford, appointed for three years, replaces Rehard, who cannot serve on the board under new state statute.

Pontiac Press Photo

SURPRISE PRESENTATIONS — Mrs. David W. Hackett (center) and Mrs. William U. Porter (right) were unaware they were to be awarded plaques in recognition of their service to youth in the Avondale School District at last night's PTA Founders' Day banquet. They are shown here expressing their pleasure to Avondale PTA Council president Mrs. Floyd L. Cobb Jr.

Cited for PTA Service

Active Avondale Pair Honored

Two of the most active women in school affairs in the Avondale District were cited last night for their years of service.

* * *

Given special awards at the PTA Founders' Day banquet were Mrs. David W. Hackett and Mrs. William U. Porter.

Mrs. Hackett, mother of seven — eight, if you include the foreign exchange student now making his home with the Hackett family — was presented with the Distinguished Service Award.

Mrs. Hackett, of 1380 Ruby, Avon Township, was recognized for her work in PTA, on the district's school study committee and in Band Boosters.

* * *

She has been president of both the elementary and junior high school PTAs and now is directing the activities of the senior high association.

WORKS ON DEGREE

Besides caring for her family at home, the award recipient finds time to work on a teaching degree at Oakland University and serve as choir director and organist at St. Philip's Episcopal Church, Rochester.

She and her husband, a former Avondale Board member now a trustee of Oakland Community College, had a foreign exchange student last year and are foster parents of Veera Tharanon of Thailand this year.

Their own children are David, 18; Mary Ann, 16; Sally, 14; Joan, 13; Tommy, 7; Peter, 5; and Matthew, 4.

* * *

Mrs. Hackett's Distinguished Service Award is given in recognition of her "outstanding contributions to children and youth" in the district.

SHARING HONORS

Sharing honors with her at the banquet held at Avondale Junior High School was Mrs. Porter, former school board treasurer.

Mrs. Porter, of 1889 W. South Blvd., Troy, was presented with a life PTA membership from the local PTA Council.

She has been president of the elementary and junior high PTAs and also of the local council.

Her service has extended, however, beyond the local district up to the state level.

PAST PRESIDENT

Mrs. Porter, a grandmother of four, is a past president of the East Oakland PTA Council which awarded her a Distinguished Service Citation about five years ago.

She has also been a director of PTA District 7 and is now serving as director of district services for the Michigan Congress of Parents and Teachers and chairman of the Avondale Area Juvenile Assistance Committee.

Mother of four boys — two married, one employed in Pontiac and the fourth a junior in high school — Mrs. Porter sees no immediate end to her service to the district.

* * *

She and Mrs. Hackett both plan to continue working for PTA and for the "welfare of the youth of the community" which was the reason the plaques were given.

* * *

The presentations preceded a talk by Dr. D. L. McKinney, principal of the Youth Home School of Wayne County and a president at Berkshire Junior High School PTA, Birmingham.

* * *

The Founders' Day dinner and program were sponsored by all Avondale PTA units in cooperation with the local PTA Council.

DAR to Honor 7 Senior Girls

5 Area Students Are Among Recipients

LATHRUP VILLAGE—Seven high school girls, all seniors, Monday will receive good citizenship awards from the Three Flags Chapter, Daughters of the American Revolution.

* * *

The awards are made on the basis of dependability, service, leadership and patriotism.

Recipients and their schools are Susan Segar, Southfield; Janet Lam, North Farmington; Sandra Schulze, Farmington; Shirley England, Walled Lake; Nancy Partridge, Milford; Judy Vander-Pol, McBain; and Karen Quist, Lake City.

Presentation of the awards will be made at a 1:30 p.m. tea for the girls and their mothers Monday at the home of Mrs. William Arveson, 18635 San Diego.

* * *

A feature of the tea will be songs by the girls choir of Southfield High School under the leadership of Mrs. Robert Jones.

2 Named to Pesticide Unit

Two area residents are on a pesticide advisory commitee named Wednesday by the State Agriculture Commission to advise the State Agriculture Department on use of pesticides in Michigan.

* * *

They are Mrs. William Scramlin, 3694 Jossman, Groveland Township, and Dr. Louis R. Newlin, 66841 S. Van Dyke, Romeo.

* * *

Mrs. Scramlin is president of the Michigan Farm Bureau Women and Dr. Newlin, a past president of the Michigan Veterinary Medical Association.

Shiawassee Players Postpone Production

Holly's Shiawassee Players has postponed indefinitely its production of "Angel Street," which was to be presented this weekend and next.

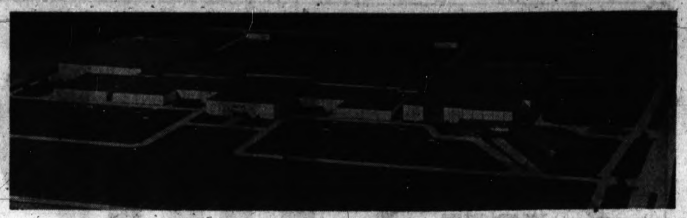
* * *

Because of production difficulties, the play will not be presented until spring, according to Players president Bob Clock.

File by Tomorrow in Wood Creek Farms

Deadline for filing nominating petitions for the March 8 election in Wood Creek Farms is 4 p.m. tomorrow.

At stake are the two-year terms now being held by Village President Norman E. Kreider and Councilmen Benjamin DeCooke and Virginia Swift.



Model Of Troy's New Oakland Mall Shows Sears, Crowley's Stores

Union Hits Policy on Uniforms

LAPEER (AP) — Members of the Lapeer State Hospital local of the Michigan State Employes Union voted unanimously Wednesday to reject a management proposal that some women workers be required to buy and wear new colored uniforms.

* * *

Dr. A. M. Abruzzo, hospital director, had ruled that women workers in the dietary and housekeeping departments, with some exceptions, should buy new blue and green uniforms and start wearing them by March 1.

Some 160 women represented by the union said they were willing to wear the uniforms but wanted the management to do the buying.

Abruzzo amended his order by saying that employes, except supervisors, who were hired before March 1 of last year could still wear the present white uniforms with an identifying shoulder patch.

* * *

"This is one of the most non-uniform uniform statements I've ever read," commented Robert Grosvenor, union director.

GROUP GRIEVANCE

The women told the union to seek another meeting with the hospital director to continue negotiations and asked local officers to file a group grievance.

* * *

The union also said it plans to carry the uniform fight to Gov. Romney, the House Mental Health Committee, the State Civil Service Commission and individual legislators.

Crowley's to Join Sears at Troy Shopping Center

TROY—Crowley Milner & Co. has announced it will build its biggest suburban department store at Troy's new Oakland Mall shopping center.

The Crowley store will make the firm a "partner" with Sears, Roebuck & Co. in a Detroit metropolitan area shopping center for the third time.

The 350,000-square-foot Sears store now under construction will be the main unit of the mall, which will include 70 stores when the first phase is completed.

The Crowley's department store will occupy 130,000 square feet.

* * *

All the stores will be enclosed under one roof, with an interior mall that will be air-conditioned in summer and heated in winter.

128 ACRES

When finished, the mall will spread over 128 acres, bounded by I-75 on the west, John R Road on the east and 14-Mile Road on the south.

The Sears store is slated for fall completion, while Crowley's is expected to open in the fall of 1966 with the balance of the stores.

A second stage of construction involves office facilities, public auditorium, indoor theater, bowling alley, restaurants and community service and recreational facilities.

* * *

Sears and Crowley's have worked as a team in other enclosed malls opened in October 1964 — the Macomb Mall in Roseville and the Livonia Mall in Livonia.

'FILLING NEED'

Crowley president Robert E. Winkel said that "judging by the volume of business at these two malls, we're filling a need in the communities.

* * *

"The growth potential of Troy makes Oakland Mall an especially wise choice for our third joint venture," he added.

First Motel Is Likely in Orion Twp.

ORION TOWNSHIP — **If the** Township Board goes along with action taken by the zoning board, Orion Township will soon get its first motel.

* * *

The zoning board has approved a rezoning request that involves 13.6 acres of township land at the northwest corner of Baldwin Avenue and I-75 to allow a motel, gas station and restaurant.

The request asked that the property be reclassified from residential to business status.

A total of 21¼ acres are actually involved in the site for the buildings, but some of the land lies in Pontiac Township.

* * *

The buildings, however, are to be located solely on Orion Township property.

JOINT MEETING

The approval action came after a joint meeting of the zoning board and the planning commission to review detailed plans indicated building locations and size.

* * *

Approval of the Oakland County Coordinating Zoning Committee will next be sought, before the request goes to the Township board for its decision.

The average cost of running a public school classroom in Oakland County last year was $10,918.77 per teacher.

C. of C. Slates Dinner-Dance

Rochester Bank Exec to Act as Toastmaster

ROCHESTER — The Chamber of Commerce annual dinner dance has been set for Feb. 20 at the Stephenson Club, 24930 Stephenson at 10 Mile and I-75 in Hazel Park.

Jack Taylor, vice president of the National Bank of Detroit in charge of the Rochester office, will act as toastmaster for the evening.

He will preside over the installation of new officers, including Robert Shueller, president; Neil Hartwig, vice president; Don Foss, treasurer; and Mrs. John C. Levick, secretary.

Outgoing president William W. Toussaint will be recognized for his successful year in office, and an award will be presented to the person chosen as the Outstanding Citizen for the past year.

Reservations are necessary for the dinner-dance, and tickets can be obtained at the chamber office or from any chamber member.

The affair is open to the public.

Will Address Avon Church

Ecuador Missionary to Speak on Sunday

AVON TOWNSHIP — A missionary to the head-shrinking Jivaro tribe of Ecuador, South America, will speak at the closing service of the school of missions at Elmwood Methodist Church Sunday.

Frank Drownd, author of a book on the Jivaros entitled "Mission to the Headhunters", will describe his experiences at the 7 p.m. service.

Drownd began his work in Ecuador in 1946, taking over a mission radio station at Maeuna which broadcasts to natives carrying transistor radios distributed by the mission.

He also led the rescue team to recover the bodies of five missionary men killed by the Auca Indians in 1961.

* * *

Both Drownd and his wife, Marie, a Rochester native, graduated from Northwestern College of Minneapolis, Minn.

The public is invited to the program at the church, located at Grant Street and Auburn Road.

Academy Sets Oxford Dance

OXFORD — "Cupid's Holiday," the first annual dance sponsored by the Dominican Academy, will be held tomorrow evening at the parish hall in Lake Orion, 36 Beebe.

The 8-11 p.m. affair, open to all high school students, will feature live music by the Cavaliers Quartet.

Dress for the dance is semi-casual. There is an admission charge.

RUTH ANN CARMAN

Officers Installed by Rainbow Group

LAKE ORION — Ruth Ann Carman was recently installed as worthy advisor of Rainbow Assembly No. 51 in special ceremonies at the Masonic Temple in Oakwood.

She is the daughter of Mr. and Mrs. Gordon R. Carman of 622 W. Clarkston, Orion Township.

* * *

Other officers installed include Pat Ward, worthy associate advisor; Linda Bracken, charity; Mary Louise Jones, hope; and Cindy May, faith.

Will Know Soon if Nigeria Mother Can Give Kidney

ANN ARBOR (AP) — A decision may come next week on whether a mother who made a mercy flight from Nigeria to Michigan can donate one of her kidneys to her ailing son.

Spokesmen for University Hospital at Ann Arbor said Mrs. Asabi Adedire, who came from her home in Ife, Nigeria, to the bedside of her stricken son, Abraham, 26, still was undergoing tests. It would not be known until next week whether the transplant operation was possible, they said.

Adedire, a Michigan State University graduate in chemistry, entered the hospital Nov. 17. Doctors said his kidneys were failing and that he needed a transplant to continue living. Kidney transplants have the best chance of being successful, doctors said, if a sound kidney is taken from the body of a close relative.

Blood Donations Urged

OAKLAND TOWNSHIP — Local residents are being urged to donate blood when the Red Cross Bloodmobile is set up Monday from 3 to 9 p.m. at the township hall, 4393 Collins.

All township residents between 18 and 60 years of age should plan to donate blood to protect themselves and others living in the township in the event they need blood at some future date, Red Cross officials said.

The Orion Farm Bureau, the bloodmobile sponsors, also invite those living in Avon and Orion townships to give blood in Oakland Township and credit their own community blood banks.

Blood donations may also be made to replace blood used by relatives and friends in any one of the 110 hospitals in the Detroit Regional Blood Center area.

* * *

Oakland Township blood drive chairman is Mrs. Raymond Ault assisted by Mrs. Robert Bakham and Mrs. Keith Middleton.

CLEAR SNOW FAST!

Now on display . . . the New INTERNATIONAL CUB® CADET with 36-inch Rotary Snow Thrower

You'll clear walks and drives in minutes instead of hours when you use an easy driving International Cub Cadet. New rotary snow thrower cuts 36 inches wide through deep snow, casts snow to either side as far as 20 feet. Start, stop, raise, lower, or change angle of discharge spout, on-the-go, from tractor seat. Highest quality construction—auger and rotor run on ball and roller bearings. Low-cost, 42-inch snow blade also available. Don't dread snow shoveling this winter . . . come in and see the Cub Cadet!

The hardest working ads on the Classified page are those which are written best.

FOLLOW THESE HELPFUL SUGGESTIONS FOR WRITING A GOOD AD

1—IT'S ALWAYS BEST to start your advertisement with the name of the article, or service you have to offer. If you have an apartment or room for rent or property for sale, start your advertisement with the subject.

2—BE CLEAR. Readers respond more quickly and favorably when given complete, or definite information.

3—MAKE IT EASY for the reader-prospect to reach you. Always insert your telephone number or your name and address. If you do not have regular hours, give a preferred time to have prospects contact you.

4—THE GREATEST READER ATTENTION can be secured for your advertisement by using consecutive insertions.

You can stop your ad in the event of results, and then you pay only for the days it is published.

5—PLACE YOURSELF in the reader's position and ask yourself what you would like to know (about your offer). The answer you give will make a good Classified Ad.

6—CLASSIFIED readers are already interested in buying your used or new merchandise. These people have the money and are already in the market to buy. So give them every advantage you can with good ad copy.

7—WANT ADS THAT FAIL to bring satisfaction do so, not through any lack of readership, but because they are often carelessly worded and do not contain enough information to get prompt action.

TO PLACE YOUR WANT AD call for a Classified AD-VISOR. It's as easy as calling a friend. She will gladly assist you in composing a Want Ad which will bring you quick results.

BE SURE TO ORDER THE THRIFTY SIX-TIME RATE

Johnson Irks D.C. Reporters

Grumbling Is Heard Over Hasty Confabs

WASHINGTON (UPI)—President Johnson's latest news conference, called on short notice and held in crowded quarters, did little to quiet reporters' complaints about the timing and form of such sessions.

★ ★ ★

Nor did the chief executive score many points — among newsmen, at least — with his explanation of why he did not send Vice President Hubert H. Humphrey to London for the funeral of Sir Winston Churchill.

For most Washington newsmen, there was less than 40 minutes notice yesterday that the President was planning a news conference at 11 a.m. in the White House theater. The theater has been converted into a television studio.

Reporters scurried to the White House only to find 40 or so chairs in the theater room had long since been taken by full-time White House correspondents.

★ ★ ★

So more than 100 newsmen stood jammed together in the back of the room, or at one side. Many were unable to hear Johnson's remarks, or to be recognized to ask questions.

GRUMBLING HEARD

There had been grumbles among Washington reporters that Johnson's office news conferences, called without warning, prevented experts on foreign policy, military affairs, economics and other matters from attending and asking pithy questions in their fields.

Several foreign policy experts were on hand yesterday, but Johnson gave all of them the same answer he gave "regulars" about U.S. intentions in South Viet Nam.

Because of the brief advance notice, the number of newsmen who turned up was less than half the average which appeared at the few sessions Johnson held after one day's or even several hours' notice.

★ ★ ★

There were far fewer than the number who attended news conferences by the late President John F. Kennedy at the State Department auditorium.

NO MORE ROOM

But the White House theater couldn't have held any more people, anyway — and many who were there could not see because of television and newsreel cameras.

Many newsmen who were grumbling on their way in were grumbling just as much on their way out. One was heard to say that the 37-minute meeting was "Johnson's revenge."

The President's counterfeelings about the press came through when a reported asked him about "some criticism both abroad and here" about not sending Humphrey to London for the Churchill funeral.

★ ★ ★

Smilingly, but caustically, Johnson said:

"I am glad to have the press' reactions and the reactions abroad on the protocol involved in connection with funerals . . . In the light of your interest and other interests, I may have made a mistake by asking the chief justice to go and not asking the vice president.

Jean Seberg of Paris

Actress Still Yearns for Iowa

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — "There remains," says Jean Seberg of Marshalltown, Iowa, and Paris, France, "a strong strain of Iowa in me."

THOMAS

Perhaps the strongest indication is her hankering for the solidness of the soil. Not content with a Paris apartment and a home on a Greek isle, she is negotiating for a place in the Caribbean. And she tried to buy an Iowa farm.

"I thought it would be a good idea, just to own it and let a cousin run it for me," she said. "But everyone talked me out of it, even the farmers themselves."

CHANGED PERSON

In most outward respects, Jean Seberg is much changed from the days when she attended proms and husking bees in Marshalltown. Now she is the star of new wave films, wife of French diplomat and literary lion Romain Gary, and an ornament of the leading salons of Paris.

Although an international star, Jean has not made a film in Hollywood until now. She is appearing in Mervyn LeRoy's "Moment to Moment," a suspense and love story laid in the Riviera, where location scenes were filmed.

★ ★ ★

Jean figures she might never have made it to the film capital except for LeRoy.

"He told Universal he wanted either Audrey Hepburn, who turned out to be unavailable, or Jean Seberg," she remarked.

UNIQUE SAGA

It's possible that Jean underestimates the extent of her fame. Her saga is unique: How Otto Preminger plucked her from Marshalltown to play Shaw's "St. Joan," how the critics scorned her inadequacy, how he cast her as the Sagan heroine in "Bonjour Tristesse" with little better results, how the new, young film makers of France recognizes her qualities and starred her in their experimental movies.

She has retained her citizenship and is even old-fashioned and Iowan enough to go on paying American income taxes. Odd but true.

★ ★ ★

I asked Jean if she had been able to improve Franco-American relations.

"I do think Parisians have become much more polite to Americans in the past six months," she said. "The loss of tourist trade has hurt a lot of them. Actually, Americans are too nice; they submit to poor service and high prices without complaining. Not me. When Frenchmen hear my American accent and try to be rude, I bring out my dirtiest French words. That gets action."

AP Photofax

'DOLLY' AND DOBRYNIN — Carol Channing, star of the Broadway musical "Hello, Dolly," dances with Soviet Ambassador Anatoly Dobrynin at a party in New York last night. The party followed the opening of the American visit of the Moscow Art Theater, first time the group performed here in 41 years.

'Farm Lessons Can Aid Cities'

EAST LANSING (AP) — Lessons learned in helping the farmer could give the government clues on how to solve some major city problems, says Michigan State University President John Hannah.

Hannah told a Farmer's Week banquet at MSU Thursday that the government helped farmers with land grant colleges, agriculture experiment stations and the cooperative extension service.

"The discovery of ways to deal with insect pests and weeds, the development of new crop varieties, improvements in techniques, all brought about a revolution in agriculture and increased the productivity of farms enormously, all to the economic benefit of farmers and city dwellers alike," Hannah said.

★ ★ ★

"Is there reason to doubt that the use of federal resources in solving (city) problems would bring results any less spectacular in their way. . .?" he asked.

He added: "if the nation is wise, it will build on the experience, the know-how, the expertise that exists more fully in the cooperative extension service than anywhere else in our society."

MSU, he said, was the "first college in America where agriculture was offered as an academic course leading to a bachelor's degree."

Teaching of agriculture must be broadened, he said.

The farmer, he added, "must be a broadly educated man, acquainted to a degree with the agricultural sciences, to be sure, but with business methods, too, and with more than a smattering of knowledge of political science, sociology, world affairs, and a variety of other areas of human interest and activities."

The 400 all electric homes that use TVA power averaged more than 22,000 kilowatt-hours each in fiscal 1964. At this level of use their average rate per K.W.H. was .78 of a cent.

Coney Island Park Closing

NEW YORK (AP) — The doors are closing on Steeplechase Park, Coney Island's famed amusement center which in its heyday drew hundreds of thousands each summer.

For more than six decades, the thrill rides on the sprawling 25-acre Steeplechase Park have been a boardwalk fixture on the Atlantic Ocean beach front.

There has been no official closing announcement, but many of the 300 regular summer workers know the news already. The reason is dwindling crowds.

James J. Onorato, the park's general manager for 30 years, said the owners will have an announcement in a few days.

There are approximately 900 bookstores in New York City.

BELATED WAR DECORATION — The Distinguished Flying Cross is pinned on George B. Rader of Newark, N.J., yesterday, as his wife and children look on. Rader was decorated at McGuire Air Base, N.J., some 20 years after his heroic deeds as a bombardier in a flight over Czechoslovakia.

Medals End Fade-Out for Forgotten GIs

MCGUIRE AIR FORCE BASE, N.J. (AP) — "We're thankful that the government remembered him after all these years," Mrs. George Rader said as an Air Force brigadier general presented her husband with a Distinguished Flying Cross.

Rader got the medal Thursday in recognition of his "professional competence, aerial skill and devotion to duty" one day in August 1944 when he was the lead bombardier on a key mission over Czechoslovakia.

* * *

Rader, an engineer with the Newark Housing Authority, knew he had been recommended for the medal, along with others on the mission, but he never asked about it.

He received the medal through the efforts of his daughter, Ellen, 13, who wrote President Johnson asking why her dad didn't have a medal which he said had been awarded him.

TAMPA, Fla. (AP) — After 20 years of trying to get his purple heart for being wounded in battle, Joseph Valenti finally got it —and several others.

The World War II combat engineer, now 54, has received a package from Washington containing: The Purple Heart and a citation, a Victory Medal, Good Conduct Medal, Army of Occupation Medal and those of the European and Middle East battle zones.

Mexico Appeals for Cuban Lives

MEXICO CITY (AP) — Mexico has appealed to Fidel Castro's Cuban government to spare the life of captured rebel leader Eloy Gutierrez Menoyo and three companions.

* * *

The Mexican foreign ministry said today it asked clemency for the captured rebels "for humanitarian reasons."

The appeal was made Monday through the Mexican Embassy in Havana. Mexican officials said the Cuban foreign ministry replied that the matter was pending before the revolutionary tribunals.

People in the News

BY THE ASSOCIATED PRESS

Earl Warren, chief justice of the United States, was welcomed with military honors today on his arrival in Manila to be guest of honor on the 30th anniversary celebration of the Philippine constitution.

The chief justice and Mrs. Warren were greeted by high ranking Filipinos from the judicial and executive branches and rode in a motorcade to Malcanang Palace, their home for the next six days.

Warren is to receive an honorary doctorate from the University of the Philippines Monday and visit Corregidor Island Tuesday.

'Closed Door' Policy in Arizona

Arizona Gov. Sam Goddard found out when he took office last month that "everybody in town" had keys to the Arizona statehouse in Phoenix. He ordered the locks changed.

Floyd Williams, superintendent of state buildings, said yesterday that under the new arrangement, "Nobody, including Gov. Goddard, will have a key."

Ike Chairman of Churchill Fund

Former President Dwight D. Eisenhower has been selected as honorary chairman of a Winston-Churchill memorial fund to be established by the English-Speaking Union of the United States.

Eisenhower

The fund will be used to help "perpetuate Churchill's aims and ideals and to strengthen understanding between the English-speaking peoples of the world."

$500 Reward Posted on Errant Army Missile

WHITE SANDS MISSILE RANGE, N.M. (AP) — The Army has posted a $500 reward for information leading to the recovery of a Pershing missile launched from the Hueco Range last November.

The missile is believed to have impacted somewhere near the southern Colorado town of Creede, officials said yesterday. A combined Army-volunteer search failed to turn up any leads to the errant missile.

PNH Plays Host to Waterford

Pontiac Central, Saginaw to Battle for League Lead

Lady Luck has been unkind to Pontiac Central's Chiefs in recent visits to Saginaw.

★ ★ ★

The PCH basketball squad journeys to Saginaw this evening to take on the Trojans in a game that should produce the Saginaw Valley Conference champion.

The two quintets share the SVC lead with 7-1 records. Saginaw Arthur Hill (6-3) is two games back and virtually out of contention.

In the last three trips to Saginaw, the PCH five has fallen before the Trojans. The last time the Chiefs won on the Saginaw court was Jan. 22, 1960.

The PCH squad (10-1) would like to end that short losing string and also avenge the 53-46 defeat it suffered at home against the Trojans (9-2) two weeks ago.

OTHER GAMES

Other games on the Valley schedule have Flint Southwestern (7-4) at Bay City Handy (6-11), Bay City Central (5-6) at Midland (2-9) and Flint Northern (5-6) entertains Flint Central (4-6).

★ ★ ★

Arthur Hill takes on Saginaw McArthur in a non-league encounter.

Pontiac Northern (7-4) entertains Waterford (5-5) tonight and a victory would give the Huskies the Inter-Lakes League championship.

A victory for Waterford would assure the Skippers of a piece of second place and it would keep alive their hopes of gaining a share of the title.

The other game on the I-L schedule has Walled Lake (5-7) visiting Farmington (4-8). Both are 1-3 in league competition.

HILLS HOME

In the Wayne - Oakland League, Bloomfield Hills (10-1) is at home with Milford (4-7) providing the opposition, Clarkston (5-5) travels to West Bloomfield (5-5), Brighton (1-10) journeys to Holly (7-4) and Clarenceville (1-10) entertains Northville (7-6).

Bloomfield Hills leads the league with an 8-1 record and the team needs victories in only three of their final five games to wrap up a share of the W-O title.

Northville and Holly are nestled in second place with 6-3 records.

Avondale (7-3) travels to Warren Cousino (9-3) this evening and the Yellow Jackets need a victory to keep their Oakland A League title hopes alive.

Troy (9-2) leads the league and will take on Madison away from home. Rochester (6-4) entertains Fitzgerald (2-9) and Lake Orion (7-3) travels to Clawson (2-10).

KEY GAME

A key game in the Tri-County League finds Lapeer (5-0) invading Kettering (2-2). Oxford (1-4) is at L'Anse Creuse (0-5) in another loop tilt, and Romeo (5-4) plays host to North Branch (1-9) in a non-conference outing.

★ ★ ★

A victory for defending champion Kettering would keep the team in contention for another title. A loss would knock the Captains out of the race.

Ferndale (11-0) will try to extend its unbeaten string to 12 in a visit to Berkley (4-8). The Eagles sit atop the Southeastern Michigan Association with a 6-0 record.

Other SEMA games have Birmingham Seaholm (7-3) at Southfield (6-6) and Royal Oak Kimball (5-4) at Hazel Park (5-5).

AP Photofax

MAKES SAVE — Goalie Roger Crozier of the Detroit Red Wings keeps his eyes focused on the puck after making a save off the stick of Reg Fleming (19) of the Boston Bruins in the first period of their game in Boston last night. In the play are Parker McDonald (20) of the Wings and Orland Kurtenbach (7) of the Bruins. Boston won, 3-1.

Boston Outskates Wings, 3-1

2 Late Scores Sink Detroiters in Wild Game

Fans, Wings, Police Join Off-Ice Melee in Third Period

BOSTON (AP) — Defenseman Leo Boivin and penalty killer Forbes Kennedy scored third period goals which lifted last place Boston to a wild 3-1 National Hockey League victory over Detroit Thursday night.

In the midst of the hectic finale there was a moment when Detroit players, Boston fans and local police were engaged in a wholesale melee next to the Red Wing goal.

It all started between a couple of fans and trainer Ross Wilson.

STREAK ENDS

The Boston uprising ended Detroit's four game winning streak and a like losing skein for the Bruins.

While the late flurry decided the contest, the highlight for many of the spectators was a stick swinging duel between Red Wing Bill Gadsby and Bruin Reg Fleming at the outset of the third period. Both drew game and misconduct penalties and automatic $100 fines.

★ ★ ★

A little later, Detroit's Gary Bergman waved his stick menacingly at a few spectators, one of whom grabbed the stick. The fans were ushered out and it was then that other spectators accosted Wilson.

Until the high sticking battle, it was a serene, often dull 1-1 tie.

Boston went in front to stay at 3:22 of the third period when each team operating one man short — when Boivin fired home a screened 15 footer as he cut in front of the goal it was Leo's 50th goal in his 13th major league season.

SHORT HANDED

Kennedy struck with his team short-handed at 8:26. Hebroke in around Alex Delvecchio, came in alone and close and lifted a shot in behind Roger Crozier.

★ ★ ★

The Red Wings were operating with five forwards on the power play at the time.

Before the contest ended, Detroit's Gordie Howe left with a major high sticking penalty after he opened a cut in Don Awrey's forehead.

It was Awrey, scoring his first major league goal, who got the game off the mark in the first period. Red Wing Norm Ullman, registering his 217th NHL goal, evened the count just 62 seconds later.

SPORTS

Early Opener April 12 in AL

BOSTON (AP) — The nation's capital won't have its usual monopoly this season when the 1965 American League baseball season gets under way. Three other games besides the traditional opener at Washington are scheduled for opening day — Monday, April 12.

The schedule released today by Joe Cronin, President of the American League, also shows a record 445 night games, fewer doubleheaders and an increase in the number of twilight single games.

The Washington Senators play host to the Boston Red Sox and New York will be at Minnesota in opening day afternoon games. Cleveland will be at Los Angeles, and Detroit will visit Kansas City for night games.

Chicago and Baltimore will wait a day before getting their campaigns under way at Baltimore April 13.

LONG WAIT

The Yankees must wait nine days before their home opener, as must Detroit and Cleveland.

After two games at Kansas City April 12-13, two at Minnesota, April 14-15 and three at Los Angeles, April 17-18-19, the Tigers finally open at home, April 21 with the A's.

The delay for New York will mean some anxious waiting to get fan reaction to the controversial firing of the popular Yogi Berra as manager.

★ ★ ★

The entire baseball world will be watching the Yankees for possible changes ordered by their new owner, the Columbia Broadcasting System. The first startling move was taken after the Yanks lost the World Series to the Cardinals last fall. Berra, a pennant winning manager, was replaced by the man who beat him in the series, the Cardinals' Johnny Keane.

Boston also will have a new manager in Billy Herman, a coach under deposed manager Johnny Pesky in 1964.

The total of 445 night games, including twi-night doubleheaders and early evening starts pioneered by the Yankees for the benefit of suburbanites, is two more than 1964 and 67 more than the number scheduled before the league expanded to 10 teams.

60 AT NIGHT

Baltimore leads the pack with 60 night games scheduled, Los Angeles is top with 11 twi-night doubleheaders and New York leads with eight games to start at 7 p.m.

Among the oddities reflected in the 1965 slate is the lack of a single daytime doubleheader at Los Angeles. And neither Cleveland nor Minnesota has scheduled a twi-night doubleheader.

Counting the 31 twi-nighters on the slate, there are only 82 doubleheaders scheduled, 10 below last season's high but still ahead of the 79 in the 1963 schedule.

AF Cadet Coach Hopeful

Must Rebuild at Air Force

20 Gridders for '65 Out of School

AIR FORCE ACADEMY, Colo. (AP) — Air Force Academy coaches are getting ready to pick up the pieces and rebuild for the 1965 football season after losing 20 players in the examination theft scandal at the school.

Of the 105 cadets resigning during the investigation, 29 were football players, but nine of these were seniors. No names have been released.

"This is a body blow, but not a knockout," Coach Ben Martin said.

★ ★ ★

"Heck, I've started some seasons with fewer established winning football players. In my first year here, 1958, there were only 23 out for football the first day of practice."

He figures to count a lot more helmeted heads than that when the Falcons open spring drills March 29.

FROSH OKAY

None of the freshman players was caught in the wave of resignations of the last two weeks and they had some capable-looking performers in their ranks last fall.

Martin, once a football player at the U.S. Naval Academy, declined to say how many lettermen he expects in March, but it was reported there will be not more than nine or 10.

The Falcons will play Army at Chicago on Nov. 6. The Military Academy's football team 14 years ago was wrecked by a cribbing scandal.

Helpful Rangers Give Chicago Heavy Boost

NEW YORK (AP) — The New York Rangers, who helped Toronto to the Stanley Cup championship last season, now have handed Chicago the biggest 150-pound boost in hockey.

"We've strengthened our chances of finishing first," said Chicago Coach Billy Reay after the Black Hawks had acquired slick little Camille Henry from New York in a surprise, seven-player swap Thursday.

The Black Hawks, currently tied with Montreal for the league lead, have never won the National Hockey League's regular season championship.

"Any time you get a second All-Star at this stage of the season, you have to be pleased," Reay said. "Henry will help with out depth and maneuverability."

KEY FIGURE

He didn't say it, but Henry also should be a key figure in improving the Hawks' power play. While Chicago leads the league in goals, the Hawks are — surprisingly — the poorest in the league on the power play, that is when they hold a man advantage.

★ ★ ★

And the diminutive Henry, one of the league's more prolific goal scorers, is one of the best in hockey on the power play. He has scored 13 of his 21 goals this season in such a situation.

The 32-year-old Henry, frail-looking and injury-prone, was the key man in the deal in which the fifth-place Rangers sought youth.

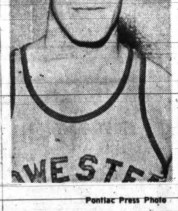
★ ★ ★

"We're building a young hockey team," explained Ranger General Manager Emile Francis, "and these three players will give us not only youth, but also depth. This lack of depth has hurt us all season."

The Rangers, all but mathematically eliminated from the playoffs, sent farmhands Don Johnson and Billy Taylor, plus a player to be named later, along with Henry to Chicago. The Black Hawks gave New York left wings Doug Robinson and John Brenneman and defenseman Wayne Hillman.

★ ★ ★

Henry, New York's leading scorer this season, has 248 goals in nine-plus NHL seasons and was chosen to the league's second All-Star team at the halfway mark of the season. He is one of the lightest players in the league.



Pontiac Press Photo

TOP SCORER — Forward Larry Thompson will be in the lineup when Midwestern Baptist Seminary takes on Michigan Christian Junior College Saturday. Thompson is averaging 20 points a game.

Position Battle for Local Units

Pontiac's two Michigan Christian College Athletic Association entries will fight for the final playoff berth at 7:30 p.m. Saturday night on the Avondale High School court.

Michigan Christian Junior College will play host to Midwestern Baptist Seminary with only a half-game separating the two quintets in their scrap for fourth place.

★ ★ ★

Both teams opened their MCCAA campaigns with three losses. Midwestern has bounced back to square its mark at 4-4, while the Warriors are now 3-4.

Michigan Christian was Midwestern's first victim, 96-79, back in early December; but the academic quarter has changed now and so has the Warriors' roster.

Rec Quintet Is Unbeaten

Unbeaten Hi-Dry (5-0) continued to pace the National League of Waterford Recreation basketball play last night by defeating Buckner, 56-49.

Jim Rebucka led the winners with 28 and Jerry Paul the losers with 20.

In American League action, O'Neil Realty won over Bill's Towing, 72-61 with Bill Bryce getting 24 and Dave Struble 19 for O'Neil.

Jim Chamberlain topped the losers with 22.

Wilt Shines as Defender

PHILADELPHIA (AP) — Recognize that defensive ace in Thursday night's Philadelphia 76ers-St. Louis Hawks game?

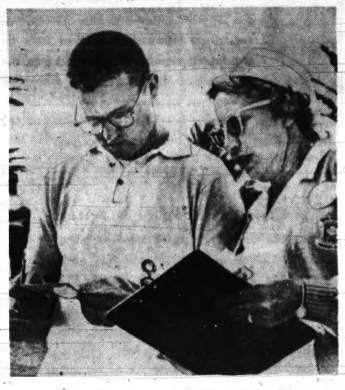
The one who opened up all the shots for the 76ers' Hal Greer, who scored 25 points in their 124-119 victory over the Hawks? The one who picked off a back-court pass by Len Wilkens in the last period and galloped three-quarters of the court for a stuff shot?

★ ★ ★

It was Wilt Chamberlain, leading the 76ers to their fifth straight victory. Wilt topped all scorers in the only National Basketball Association game of the night with 35 tallies.

THURSDAY'S FIGHTS

MIAMI, Fla.—Jerry Powers, 126, St. Louis, and Jackie Richmond, 127, Chicago, draw, 8.
COPENHAGEN, Denmark — Chris Christensen, 132, Denmark, outpointed Ray Philippe, 135, Luxembourg, 10.
BARCELONA, Spain — Mimoun Ben Ali, 115, Spain, outpointed Pierre Vetroff, 118, France, 15. Ben Ali regained European bantamweight title.



AP Photofax

MAKING SURE — John Lotz of Hayward, Calif., checks his card with scorer Mrs. John R. Price after touring the Indian Wells Country Club course in a record 63 yesterday during second round of the Bob Hope Golf Classic near Palm Springs, Calif. Lotz carded an 83 in the opening round.

Goalie Helps Toronto Beat Montreal, 5-2

By The Associated Press

Terry Sawchuk had a hand in helping Toronto turn back Montreal's bid to take over sole control of the National Hockey League lead Thursday night.

Maple Leaf Coach Punch Imlach, who has started five forwards before, put five rearguards on the ice for the opening face-off.

★ ★ ★

The move made him look good when veteran Tim Horton rifled in a goal from 50 feet out with 10 seconds gone.

But that was Montreal's last big moment. Andy Bathgate broke the 1-1 tie on a goal less than five minutes into the game, and Toronto was off and running to a 5-2 victory that left the Canadiens in a tie with idle Chicago for the top spot.

★ ★ ★

Sawchuk started the play that produced the tie - breaker for Toronto. It ended with Bathgate lofting a 100-foot shot from outside the blue line which goalie Gump Worsley stopped with his stick, and then let trickle into the net.

AP Photofax

THE PUTT FELL—Kermit Zarley danced for joy after sinking a four-foot putt for a par on the 17th hole during second round of Bob Hope Golf Classic yesterday at La Quinta Country Club in Palm Springs, Calif. Zarley finished the day in a tie for the lead with Stan Thirsk of Kansas City, Mo., at 134.

3 Top Bouts on Mat Slate

Three main events are listed on the Saturday night professional wrestling slate.

In the first bout, Duke Noble will take on Ricky 'Crusher' Cortez, and Mr. Clean will meet Bernie Dunn in the second bout.

Closing out the card is a tag-team match with Mary Jane Moll and Sky Lo Lo battling Lucile Dupre and Tiny Tim.

The first bout starts at 8:30 p.m. at the National Guard Armory on Water Street.

NHL Standings

	W	L	T	Pts	GF	GA
Chicago	36	17	5	57	158	118

Big Names Falter

2 Share Hope Golf Lead

PALM SPRINGS, Calif. (AP) — The $100,000 Bob Hope Desert Golf Classic swung into the third round today with fifty-four holes remaining before the players divide the loot Sunday in this 90-hole tournament.

And if the big name performers such as Jack Nicklaus, Arnold Palmer, Tony Lema, Bill Casper Jr. and Mike Souchak, are to make a move, it's time they started.

The picture at the start of today's exercise was dominated by golfers who are a little less than internationally famous.

The leaders going into the round were Stan Thirsk and Kermit Zarley, each at 134. One stroke back were Rod Funseth and Don January, the latter certainly an old warrior of the gold circuit.

BIG NAMES DOWN

Palmer was in the 140 group, and Nicklaus at 142.

Lema was in better position, at 139, and Souchak contending at 138.

Three shots off the pace at 137 were Frank Beard, Randy Glover and Jerry Steelsmith, and tied at 138 were Souchak, Tommy Aaron and Chi Chi Rodriguez.

★ ★ ★

There were two notable reversals Thursday.

Defending champion Tommy Jacobs had a first round 70, but Thursday Tommy leaped to an 80, for a 150.

In contrast, John Lotz cut 20 strokes off his first round — an 83 in the first round, a 63 Thursday.

★ ★ ★

Thirsk, 36, elected to play only five or six tournaments a year, mostly in the winter, and is perfectly happy as a club pro in Kansas City, Kan. Thirsk has had two straight 67s.

Stan Thirsk	67-67—134
Kermit Zarley	68-66—134
Rod Funseth	68-67—135
Don January	68-67—135
Frank Beard	66-71—137
Randy Glover	72-65—137
Jerry Steelsmith	67-70—137
Tommy Aaron	69-69—138
Mike Souchak	70-68—138
Chi Chi Rodriguez	69-69—138
Tony Lema	72-67—139
Doug Sanders	73-67—139
Chuck Courtney	68-71—139
Gay Brewer	69-70—139
Babe Hiskey	69-70—139
Bill Casper Jr.	70-70—140
Butch Baird	71-69—140
Arnold Palmer	70-70—140
Bob Rosburg	68-72—140
Skee Reiger	72-68—140
Miller Barber	70-70—140

Rated Indiana, Providence Gain Wins

BLOOMINGTON, Ind. (AP) — Indiana revised its line-up midmiday in the first half Thursday night and spurted ahead of Loyola for a 109-82 basketball victory.

With the seventh ranked Hoosiers down 25-20, Coach Branch McCracken substituted Al Harden, Larry Cooper and Gary Grieger, who combined for 12 straight points in 2½ minutes. The visiting Ramblers were held scoreless in that stretch.

The half ended with Indiana in front 50-42, and Loyola never got closer than six points thereafter.

Billy Smith, Rambler junior playing his fourth game of the season, was high scorer with 29 points Jon McGlocklin, returning for his first game since suffering an ankle injury Jan. 16 against Ohio State, led the Hoosiers with 25.

Providence, the nation's only unbeaten college basketball team, made it 15 in a row with a 72-70 home court triumph over the DePaul Blue Demons Thursday night.

★ ★ ★

It was the second straight squeak for the Friars, fourth-ranked nationally in The Associated Press poll. Last week they pulled out a 77-76 victory over St. Bonaventure in the closing seconds.

Brigham Young, Louisville and Cincinnati similarly won on their home courts while the St. Louis Billikens edged Oklahoma City on the road. BYU downed Marquette 91-64, Louisville tumbled Tulsa 73-67, Cincinnati crushed North Texas 80-54 and St. Louis came from behind to defeat the Chiefs 77-75.

BIG TEN

Iowa, Minnesota and Illinois try to remain in contention for the Big Ten basketball championship Saturday while front-running Michigan rests on its laurels.

The Wolverines, the nation's No. 1 team and leaders in the Big Ten with a 5-0 record, are idle until their pivotal game against Iowa at Ann Arbor Monday night.

Iowa, a rapidly improving team which dislodged UCLA as the nation's top-ranked team, faces Northwestern Saturday night.

★ ★ ★

The game will be at Iowa and the Hawkeyes shouldn't have too much trouble. Northwestern has only two victories, both over winless Michigan State.

Illinois (3-1) takes on Purdue Saturday afternoon. Purdue (1-4) has been an early season disappointment but remains a dangerous club with such marksmen as Dave Schellhase and Bob Purkhiser.

★ ★ ★

Minnesota, tied for second with Iowa at 4-1, faces trouble at Michigan State. The Spartans are pining for a triumph.

The Spartans lost two games to Northwestern by a total of three points and then forced Michigan into an overtime in losing a 103-98 decision.

Rounding out Saturday's schedule, Ohio State (1-3) is at Wisconsin (1-4) in a regionally televised game.

TIME TO PUNT? — Loyola's Bill Smith (11) has the ball knocked away from him by Indiana's Al Harden (left) while Smith's teammate Bill Daly (10) moves to pick up the loose round ball. Indiana defeated Loyola, 109-82 in Bloomington last night.

No Trade for Patriot QB

SAN DIEGO, Calif. (AP)—Mike Holvak, coach of the Boston Patriots, says he won't accept an offer to trade quarterback John Hadl and halfback Paul Lowe.

"I wouldn't make the trade because I think Babe is the best quarterback in football," the American Football League coach said Thursday.

★ ★ ★

But Coach Sid Gillman of the Chargers said he didn't make the offer in the first place, adding:

"I wouldn't trade Hadl for love nor money. I'm going to stick with Hadl and I think he'll make it big."

CAUSES SURPRISE

The report of the offer caused some eyebrow raising in San Diego. Hadl has been carefully groomed by Gillman for three years and led the Chargers to the AFL's Western Division title last season.

Hadl himself was philosophical about it.

"If it's true, it must be a good deal in Sid's opinion," he said. "If it happens, it happens. That's part of the business and if you can't get used to that, you'd better get out."

Lowe was miffed about the reported offer, despite the fact he has publicly asked Gillman to trade him.

Lowe noted that Parilli is 34 and has a limited pro future.

"I think Gillman would at least get a water boy thrown into the bargain," he said.

Miami Cager Retains College Scoring Lead

NEW YORK (AP) — Rick Barry of the University of Miami Hurricanes again is No. 1 on the major college basketball scoring list released Thursday by the National Collegiate Athletic Bureau. He's been there all season.

The 6-foot-7 star has an average of 38.2 on 649 points in 17 games in this latest tabulation that includes games of Jan. 30.

He fell below his average against Miami of Ohio, with 29 points this week, a game which is not included in the current statistics.

Russell Leads Big 10 Scoring Race

CHICAGO (AP)—Pace-setting Cazzie Russell has a fair margin as the Big Ten's top basketball scorer but a free-for-all had developed for the runnerup spot.

★ ★ ★

Official league statistics Thursday credited Russell with a 28.4 average in top-ranked Michigan's 5-0 conference pace.

Second best scorer is Iowa's Chris Pervall with 23.0 for five games. But within one point of the Hawkeye star are three others.

★ ★ ★

These include Purdue's Dave Schellhase with 22.6; Michigan State's Bill Curtis with 22.4, and Ohio State's Ron Sepic with 22.0.

In the important rebounding department, the league leader is angular Skip Thoren of Illinois with a four-game average of 18. Thoren is tied for seventh in scoring with Michigan State's Marcus Sanders at 20.0.

★ ★ ★

In team play, Michigan leads offensively with a 96.6 scoring average and is tops in rebounding with 52.6 per game. Illinois (3-1) has the best defensive record, a 64.5-point yield.

Phils Sign Herrnstein

PHILADELPHIA (AP)— The Philadelphia Phillies announced Thursday the signing of John Herrnstein, outfielder-first baseman, to a new contract.

★ ★ ★

The former U. of M. athlete is the 26th Phil to agree to terms for the 1965 baseball season.

Famed U.S. Trotter Beaten by Old Age

MAPLE PARK, Ill. (AP) — Greyhound, the fabled Grey Ghost whose 26-foot stride catapaulted him into the elite of harness racing, was buried in the frozen turf Thursday.

The fastest trotter in harness racing history died in his sleep in the luxurious, paneled stall of the R. C. Falnery Farm. The 33-year-old snow white gelding — equal to 132 human years — was buried in nearby Red Gate Farm, once operated by his late owner, Col. E. J. Baker.

★ ★ ★

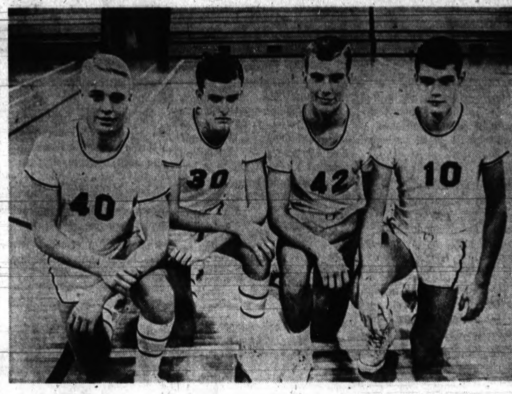
Greyhound succumbed to infirmaties of age. His caretaker, Vernon (Dooley) Putnam, said the majestic animal "just deteriorated from old age and went to sleep and died very peacefully."

Greyhound established 25 world records — 16 still standing — in a six-year career beginning in 1934.

★ ★ ★

Called the Man o' War of harness racing, Greyhound reached his peak with a 1:55 world record for a mile against the clock at Lexington, Ky., Sept. 29, 1938.

But in winning 71 of 82 starts, Greyhound earned only $54,505 in his career. Baker purchased the gelding for $900.



Pontiac Press Photo

SKIPPER AIDES — These four members of Waterford's basketball squad will be on hand when the Skippers meet Pontiac Northern tonight. The four (l-r) are Mike Freeland, Jim Lefurgy, Dick Miller and Bill Lemaux. Freeland, Miller and Lemaux are expected to draw starting assignments.

Ferndale Ace Stays Atop Scoring Ladder

Ferndale and Lee Palmer keep rolling along.

The Ferndale (11-0) quintet is the lone unbeaten squad in Oakland County and the 6-3 Palmer continues to hold down the top spot on the county scoring ladder.

While helping the Eagles keep their slate clean, Palmer has dumped in 286 points for a hefty 26.0 average.

Pontiac Northern's Roger Hayward, third last week, jumped into the second position with a mark of 23.6. Bruce McDonald of Rochester slipped to third with a 23.5 showing.

Roy Hinton of Saginaw, is setting the pace in the Saginaw Valley Conference scoring race with a mark of 21.6 in 11 games.

CHIEF SECOND

Trailing the 6-7 Hinton is Carl Arnold of Pontiac Central's Chiefs with a mark of 21.1. Saginaw and PCH meet tonight in a battle for the lead in the Valley and Hinton and Arnold are expected to wage a personal duel for the scoring lead.

In the area race, Bob McKenna of Lapeer holds down the No. 1 spot with an average of 22.5.

Pontiac Pro 5 Duels for Third

Local Cagers Meet Muskegon Squad

NABL STANDINGS

	W	L		W	L
Benton Harbor	8	3	Muskegon	5	7
Grand Rapids	9	4	Chicago	2	9
Pontiac	6	7			

The battle for third place in the North American Basketball League tomorrow night at Muskegon will offer the Pontiac Nationals a little more than just the opportunity to play out the season.

★ ★ ★

Although neither the Nationals nor Muskegon's Panthers can finish first and second place seems very remote, too, the contest does provide an opportunity to salvage what would otherwise be a mediocre season.

A win would give Pontiac some much-needed impetus for its trip to Grand Rapids next week when the Nationals will play a vital tilt with the runner-up Tackers.

The latter is only percentage points behind pace-setting Benton Harbor after the Sailors' loss in Pontiac last Saturday. Grand Rapids must beat Pontiac, though, to continue its challenge. The Tackers are idle tomorrow while the Sailors meet last-place Chicago.

The Nationals have won two straight and a win tomorrow will square their season's mark at 7-7.

Russian Jumper Eyes Own Mark in U.S. Meet

PHILADELPHIA (AP) — Olympic champion Valery Brumel opens another American campaign tonight with his sights, as usual, set on his own world high jump record but without old foe John Thomas offering the opposition.

"I was very sorry to hear that my old friend Thomas has retired," the 22-year-old Brumel said before the Philadelphia Inquirer Games, then recalled their dramatic duel in the Tokyo Olympics.

"It was a match between equals," Brumel said. Both he and Thomas cleared 7-feet-1¾, and Brumel took the gold and the frustrated Thomas the silver medal on the basis of fewer misses at 7-1.

PNH Unit, Walled Lake Share League Mat Lead

Pontiac Northern and Walled Lake scored wrestling victories over Inter-Lakes League foes yesterday to move into a tie for the loop lead at 2-0-1.

★ ★ ★

Northern knocked off Waterford in a tight match, 26-18, and Walled Lake handed Farmington a 34-13 setback. The league championship will be decided when the four squads meet in the league tournament Feb. 20.

CHIEFS LOSE

Pontiac Central's Saginaw Valley Conference record was evened at 2-2 yesterday when the Chiefs dropped a 26-21 decision to defending SVC champion Flint Northern.

★ ★ ★

In other matches, Kettering's Captains ran their record to 8-2 with a 32-18 victory over Lake Orion, and Farmington Our Lady of Sorrows evened its season mark at 5-5 with an easy 34-11 decision over L'Anse Creuse.

State Bounty Payments Hurt License Fee Till

LANSING (AP) — Michigan's bonus payments took a record chunk of cash out of hunting and fishing license fees last year, reports the State Conservation Department.

Last year's payoff to bounty hunters and trappers was $254,090, topping the previous year's high by some $12,000.

Leading the list was $184,585 paid for 36,917 foxes. Another $67,035 went for 3,845 coyotes and $2,470 was paid for 494 bob cats.

"This bounty business has become downright ridiculous," claimed Conservation Director Ralph MacMullan.

"Since 1935, nearly $4 million in hunting and fishing license money has been squandered on bountied animals under the flimsy pretext that the system would reduce those predators and result in more game," he said.

The bounty hunters, in the cases of foxes, are just taking off surplus animals and are not hurting the basic breeding population, MacMullan said.

Gov. George Romney backed a bill to eliminate the bounties last year, it was killed in the legislature. Another attempt to ban the bounties is scheduled for this year.

Will Add Salmon to State Fish List

LANSING (AP) — Another 500,000 fertilized coho salmon eggs will be flown to Michigan next week, stepping up the State Conservation Department effort to add the fish to Michigan's sports fishing list.

The latest supply of eggs, donated by the State of Washington, will be rushed to the department's Oden and Harrietta hatcheries after they reach the Pellston airport.

One half million eggs were flown in last month from the Oregon Fish Commission.

Survivors from the two batches will be released as the "seed stock" of the hoped-for new game fish in Michigan. They will be planted in northern tributaries of the Great Lakes, where their chances of spawning are expected to be best.

Amateur 2 Strokes Up

MIAMI, Fla. (AP) — Buddy Short of Lafayette, La., fired a 71 Thursday and took a two-stroke lead with a 215 total going into the final round of the Dixie Amateur Golf Tournament.

DeBusschere Ponders Offer From Pistons

DETROIT (AP)—Rangy Dave DeBusschere has been offered a permanent job as coach of the Detroit Pistons but DeBusschere isn't sure he wants it.

Currently temporary coach of the National Basketball Association club, DeBusschere took over following the firing Nov. 10 of Charley Wolf. Under Wolf the Pistons won 2 and lost 9. Since DeBusschere took over they compiled a 22-25 record.

★ ★ ★

Piston General Manager Don Wattrick offered DeBusschere, 24, the coaching job on a permanent basis Wednesday night. Watrick said owner "Fred Zollner and I are completely happy with Dave."

But DeBusschere isn't sure. "I don't know yet," he said. "A lot of things enter into it."

DeBusschere plays baseball in the Chicago White Sox system in the summer. He misses the early spring training in baseball and the early basketball training in the fall in order to follow his two careers.

Wattrick said he had a plan to tide the Pistons over training camp if DeBusschere takes the permanent coaching job and continues in baseball.

Billy 'G' Leads PBA Again

Detroit Pro After Third Straight Win

MOBILE, Ala. (AP) — Billy Golembiewski led 16 semifinalists into Friday's match-game play in the Professional Bowlers' Association $30,000 Mobile Open.

The Detroit pro who is a part-time instructor at Pontiac's 300 Bowl, averaged 222 for the 24 qualifying games to end up with a 5,347 total.

His closest foe was Bill Allen, the defending Mobile champion who closed with 5,112, 235 pins behind the slim 130-pound Golembiewski.

★ ★ ★

Billy G. will be seeking his third PBA title in as many starts when he takes to the lanes in Friday's match-game competition.

Last week he won the Hialeah Open after closing the pro-tour last year with a victory in the Columbus, Ohio Open.

Pontiac's Monroe Moore who finished 7th at Hialeah, rests in 11th place.

The 16 semifinalists will shoot 16 games in Friday's action with the top four advancing into Saturday's nationally televised finals. The top prize is $5,000.

The finalists are:

Golembiewski, 5,347; Allen of Orlando, Fla., 5,120 Dick Weber, St. Louis, 5,097; Ed Bourdase, Fresno, Calif., 5,081; Don Fix, Missoula, Mont., 5,021; Dave Soutar, Detroit, 5,011; Bill Tucker, Los Angeles, 4,997; Mack Biondolillo, Houston, Tex., 4,965; Carl Lumdquist, Jackson, Miss., 4,960; Dick Hoover, Akron, Ohio, 4,959; Monroe Moore, Pontiac, Mich., 4,954; Jim St. John, San Jose, Calif., 4,954; Andy Marizich, Torrance, Calif., 4,953; Nelson Burton Jr., St. Louis, 4,950; Ray Bluth, St. Louis, 4,943, and Harry Smith, Boston, 4,939.

By JERE CRAIG

This is a progress report on the suggestion that Pontiac bowlers unite to create a local bowling Hall of Fame.

In case you missed the original proposal—apparently many did — it was suggested in this column New Year's Day that there was a definite need for such a shrine locally.

It is not just for bowlers within the city limits, but also to recognize the deeds of Oakland County bowlers.

Every year a bowler, frequently right here in Pontiac, does something that no other bowler anywhere in the world can surpass: has a perfect game.

Such performances, plus the accomplishments of the 300 Bowl team in the American Bowling Congress and the Western Hemisphere Tournaments last year, plus local bowlers success in state, city and area tournaments, are worthy of perpetuation.

★ ★ ★

Progress with the idea has not been evident. It is much too soon to drop the suggestion, however, with the thought no one cares.

★ ★ ★

The Oakland County Bowling Proprietors Association comprises some 14 active members and would seem the logical group to put impetus and clarity into this presently nebulous suggestion.

Undoubtedly a little prompting and encouragement from the bowling public would do much to activate such a move by the proprietors.

This project obviously has to have the solid support of the mass of county bowlers since it would be for them and of their deeds. The time is right to speak up. Bowling will be gaining attention during the next three months as the bigger tournaments demand their share of the sportlight.

Make your feelings known.

SPARE PINS

Proprietor Joe Puertas of 300 Bowl is smiling these days over the pro bowling accomplishments of Bill Golembiewski.

Billy "G" is wearing the establishment's colors this season on the tour and has been doing very well in the early going.

Monroe Moore of Pontiac is bowling out of Troy's Gold Crown Lanes and also is making most of the Professional Bowlers' Association Tournament stops.

The Elks Ladies Invitational continues this weekend with very few changes in the standings. Last weekend a new high doubles game mark was set by a Muskegon duo and a Chicago entrant bowled a 159 triplicate.

★ ★ ★

Pontiac's John Bennett has started the second half of the Thunderbird Lanes Prep Teen Classic in sharp form. He hit a 241 game and a 614 series to rank right behind the leading figure in each classification.

BOWLING

The Huron Bowl Classic had a new high series mark this week after George (Chico) Chicovsky bombed the establishment's pins for a 256-244—724 performance as 300 Bowl swept eight points from Waterford Realty.

★ ★ ★

The team's 3109 was also high, although All-Star Lanes' 1089 took high-game honors. First place went to Felice Quality Market on another sweep led by Tony Ledesma's 237—683.

Herk's Auto Supply sidetracked former leader Lloyd Motors and slipped into second place.

In Huron's General Hospital League, Margaret Romanelli of Hoffman's Quality Meats led the way with 506.

The West Side Lanes Classic Monday saw Doug Swords have both high game and high series with 211-268—681. The 26 points for Orchard Lanes' team leads the circuit by two over Oakland Vending.

In the Pontiac Motor Mixed loop at West Side, Bob Law earned a Century Club patch with a 243 on his 138 average for Colonial Lounge. Keego Cab's John Harding had 233, 88 pins over; and Hank's Gulg Gas has the league lead by one point.

★ ★ ★

There was a 213-223—634 by Owen Collins in the Sunday night Lakewood Pinspillers Mixed League. Eula Vick had 557, Forest White 225 and Helen Fry 534.

The Lakewood St. Benedict's Mixed circuit that same night listed Rick Servoes with 225-201—615, and Gary DeFrayne with 220-201—614.

NARROW LEAD

300 Bowl's Pontiac Motor Friday morning loop reports the "Cinci" Bombers five points in front of the 300 Pro Shop. Ray Bishop commanded individual honors last week with 269—659. Joe Sawyer had 202-213—609.

Saturday Night's Ins & Outers Mixed loop recorded a 223—580 for Mary Keller and 203-211 duo for Dan Cook.

Auburn Lanes' scores include 277—601 for Tom Baylis and 247—601 for Bill Sherman in Monday's Lions circuit; 235-236—636 for Howie Rohn, 214-204—614 for Mal Schiebel and 531 for Bonnie Stockard in Sunday's Ball 'n' Chain League.

★ ★ ★

Keith White had 243 and Casey Fischer 206—538 among the Thursday Holy Rollers last week, proprietor John Eldon's mother, Zennie, bowled 203—541 and "Bob" VanConant hit 227 in the Thursday Ladies League.

The Thursday Trios saw Lee Hayward's first 200, a 211, and Norma Weberg's first 500, a 509, last week.

The Monday morning Men's Trios at Montcalm Bowling Centre listed Axel Newman with 226 and Frank Welch with 204-221. Ted Rabaja had 214 and Mike Portwood 205 in Saturday morning junior activity.

Billiard Ace Sharp in Opening Round

BURBANK, Calif. (AP)—Jimmy Moore of Albuquerque made a sensational debut in the World Pocket Billiard Championships Thursday night as he edged Bill Staton of Washington, D. C., 150-147.

★ ★ ★

Moore, a five-time runner-up in world play, scored an 88-ball high run to bounce back from a 62-147 deficit.

Defending champion Luther Lassiter of Elizabeth City, N. C., also meets Staton tonight in his first match in the 36-day $19,500 tournament.

★ ★ ★

Both Lassiter and Moore must catch leaders Jack Breit of Houston, Tex., and Cicero Murphy of Brooklyn, N. Y., both with 5-0 records.

Drake Takes Gridders

DES MOINES, Iowa (AP)—Three former football players for the University of Detroit have enrolled at Drake, coach Bus Mertes said Thursday. The transfers are fullback Ray Malcoun, end Douglas Kozel and guard Bob Lynch. Lynch was a starter part of last season before Detroit dropped football.

Michigan Pros Capture PGA Best Ball Crown

WEST PALM BEACH, Fla. (AP) — The PGA Senior-Junior Best Ball Championship went to Michigan pros Lorin Shook and Bob Gajda Thursday when they scored a 15-under-par 67-62—129.

Shook, of Saginaw, and Gajda, of Forest Lake Country Club, shared $500 top money in the $3,000 tournament.

Sectional Viet Hostility May Be Hurting Cong, Too

BACKGROUND OF THE NEWS — SPECIAL REPORT

SAIGON, South Viet Nam (AP)—Hereditary hostility among Vietnamese, a major factor in Saigon's political upheavals of the past year, may have begun cracking the unity of the Viet Cong itself.

Leaflets have been turning up lately from what purports to be a new faction of the Viet Cong, essentially anti-North Vietnamese in character.

* * *

"If they are authentic," an intelligence officer said, "it looks as if our side is not alone in having troubles. If this thing catches hold within Viet Cong ranks, it could spell real trouble for them."

There have been occasional reports of clashes between rival Viet Cong units, especially near the Cambodian frontier.

RED JARGON

The leaflets, distributed mostly in Viet Cong-controlled provinces around Saigon, are signed by the "People's Revolutionary Group of Nam Bo." "Nam Bo" is Communist jargon for "South Viet Nam."

The propaganda contains the usual injunctions to fight harder against American imperialists but it also denounces the "National Front for the Liberation of South Viet Nam" — Viet Cong proper — the Communist Labor party of North Viet Nam, and Communist China.

* * *

"On orders of the Chinese Communist party," one leaflet reads, "military and political cadres of North Vietnamese origin have gradually replaced the cadres of southern origin in the most important positions of the National Front for the Liberation of South Viet Nam.

"This policy in practice is aimed at gradually transforming Nam Bo into a province of Red China."

NO MEASURES

The North Vietnamese Communist party has taken no measures to frankly counter the policy of assimilation by China in the fields of political, military, economic, cultural, educational and social activities. A concrete example of this is the uncontrolled sex relations between the Chinese advisers and Vietnamese women and young girls."

There are significant cultural and linguistic differences among North, Central and South Vietnamese. These have plagued Viet Nam ever since it became independent of France in 1954.

* * *

The languages of the three parts of Viet Nam are separate dialects. Food and customs of the three groups are quite different.

When Viet Nam was all one country, Hanoi and Hue were the main centers of educational and political activity, with Saigon running a third despite its much larger population.

MEKONG DELTA

The majority of South Viet Nam's 15 million inhabitants are ethnic South Vietnamese, most of them living in the Mekong River delta and adjacent areas. There also are about two million ethnic North Vietnamese in the country, about half of them refugees from Communist North Viet Nam.

These North Vietnamese and the resident Central Vietnamese have dominated the nation politically since independence, and still do. They tend to live in their own communities, apart from the South Vietnamese.

Tran Van Huong, premier of South Viet Nam until his ouster last week, is a southerner. A major driving force in the various elements that sought to unseat him was the fact that insurgent factions are dominated by Central or North Vietnamese. This particularly includes the militant antigovernment Buddhists.

Leadership of the Vietnamese Roman Catholic Church, the labor movement, the universities and even the army is predominantly North or Central Vietnamese.

PURELY SOUTHERN

The Viet Cong, while purportedly a purely southern organization, increasingly has come under North Vietnamese dominance. Intelligence men believe that more than 90 per cent of the high-ranking Communist leaders and experts infiltrated into the South during the past year have been ethnic North Vietnamese rather than Communist southerns. This is certain to make trouble for the Viet Cong.

Inevitably, there has been a southern backlash.

When Huong was overthrown, leaflets appeared in the streets denouncing the North and Central Vietnamese behind the coup. Huong appeared to be popular with South Vietnamese.

Lt. Gen. Nguyen Khanh, leader of the coup, is a southerner but critics regard him as too much under the influence of Central Vietnamese, and say he is more interested in winning friends in Hue than he is in Saigon.

CAN'T TRUST THEM

"I don't mean to sound prejudiced," a southern civil servant said this week, "I have many North and Central friends. But in general, you can't trust them. Regardless of what group it is that's making trouble, you'll find that 90 per cent of the trouble around here is caused by Central and North Vietnamese."

A North colleague replied, "What about the Mekong delta? The delta is the main stronghold of the Viet Cong, and if the delta isn't southern, I'll eat it. I have many southern friends, but in general, I must say, southerners are lazy and unwilling to fight. We get what we want because we are energetic, and for no other reason."

Khanh has called for unity in fighting communism.

Nguyen Huu Tho, chairman of the Central Committee of the Viet Cong, has also called for unity in fighting the "U.S.-Khanh imperialists."

It seems both are having trouble.

Arrives for India Visit

NEW DELHI (AP) — Burma's military ruler, Gen. Ne Win, arrived here today for an eight-day good will visit to India and talks with Prime Minister Lal Bahadur Shastri.

Shastri and President Sarvepalli Radhakrishnan headed a large delegation welcoming Ne Win at Palam Airport.

Washington News Roundup

U.S. Unemployment Rate Dipped to 7-Year Low in January

WASHINGTON (AP) — The nation's unemployment rate hit a seven-year low last month.

The Labor Department fixed the figure at 4.8 per cent, and said it was the lowest since October 1957. In January of last year, the rate was 5.5 per cent.

* * *

Despite the percentage low, the number of unemployed in January rose about 500,000. The department said this was about 300,000 fewer than normally expected in the post-Christmas letdown.

Figures are adjusted on a seasonal basis.

* * *

The department said 69 million persons were working last month while 4 million were unemployed. The labor force shrank by 850,000, an expected seasonal change.

Harold Goldstein, assistant commissioner of the Bureau of Labor Statistics, said the figures pointed up a continued improvement in the job situation.

WASHINGTON (AP) — A months-old dispute ended Thursday when three railroad shop craft unions won a three-year contract providing hourly pay hikes totaling 30.6 cents.

Affected are some 60,000 members of the International Association of Machinists, the Sheet Metal Workers' International Association and the International Brotherhood of Electrical Workers.

The dispute began last Nov. 4 when the AFL-CIO unions refused to accept a 27-cent raise recommended by a presidential board and accepted by four other shop unions.

Spokesmen for the unions said the agreement was historic because it recognized that they have higher skills and should receive more money than other crafts.

The wage boosts are retroactive to Jan. 1, 1964.

The contract also provides an eighth paid holiday, a maximum four weeks vacation after 20 years instead of three weeks after 15 years and $2,000 in employer-paid life insurance.

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara has gone home after a six-day stay at Walter Reed Army Hospital. McNamara was hospitalized last Friday for what was believed to be a cold. It later was diagnosed as a mild form of pneumonia.

A desk top computer system uses known facts and statistics on the reproduction ability, weight increase, life span and similar data on fish species to project information about fish population.

Science Quiz

By BOB BROWN

PROBLEM: Air Pressure.

NEEDED: A tin can with a tight-fitting cork or top, nail and hammer, water.

DO THIS: Make a small hole in the side of the can near the bottom. Pour water into the can, and it runs out in a stream. Close the mouth of the can, and the water stops running out.

HERE'S WHY: Pressure due to the weight of the water forces it out of the hole as long as air can get in at the top to replace the water that is running out.

If no air can get in, the pressure of the atmosphere outside the can holds the water in because there is a partial vacuum above the water in the can.

If the hole is large, air can bubble into the hole and let the water come out in spurts.

But if the hole is small, the surface tension of the water makes a seal over the hole so that air cannot get in and water out at the same time.

A collection of these scientific puzzles is in book form under the name "Science Circus." It is in bookstores and libraries.

Do you know that only
Pfeiffer gives you its
DRAFT BEER
in BOTTLES?

Well...
it's true!

Pfeiffer - On Tap and Under the Cap- it's exactly the same
Extra Smooth . . . More Flavorful . . . the Full-Taste Beer

3¾ out of every 7 women in Detroit prefer the cleanliness and controllability of electric heat!

Now, if only their husbands knew the facts about the costs!

We'll be the first to admit that not all homes can be heated economically with electricity.

In many cases, however, electric heat really isn't expensive. And the many added advantages are usually well worth it.

After all, what other heat provides such even warmth from floor to ceiling? And what other heat allows you to control the temperature of *each room individually*? And what other heat is so clean?

We'd like the opportunity to prove what we say. If you're planning to build, or add a room, or perhaps convert the attic . . . call your Edison office. We can arrange to have one of our heating engineers give you or your contractor a free estimate—figure out how much electric heat will cost to install—and how much your monthly bills are likely to be.

Or, if you're not quite ready for that . . . send for our 20-page book on electric heat. It's free. And a great way to find out what electric living is really like!

EDISON

Markets, Business and Finance

MARKETS

The following are top prices covering sales of locally grown produce by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets as of Wednesday.

Produce

FRUITS

Fairly Active Trading

Mart Backs Away Irregularly

NEW YORK (AP) — The stock market backed away irregularly early this afternoon in fairly active trading.

Gains and losses of fractions to about a point were the general rule for key stocks.

★ ★ ★

Trading remained at a brisk pace. Some Wall Street comment was that the market was digesting recent gains made in the recent sustained drive to repeated new highs.

Goldmining stocks obtained a new lease on life with wider publication of French President Charles de Gaulle's proposals for a world monetary system more closely based on gold.

SLIGHTLY LOWER

Cigarette stocks, building materials, oils, rails and electronics were slightly lower. Steels inched higher on balance. The trend among motors was unchanged to a shade lower.

The Associated Press average of 60 stocks at noon was off .4 at 337.2 with industrials off .7, rails off .2 and utilities up .1.

As the golds advanced, Homestake tacked on well over a point. A drop of $100 million in U.S. gold stocks served to underline the problem of the U.S. dollar. Gains of around a point were scored by Dome Mines, American-South African Investment and Campbell Red Lake.

ON AMERICAN

Prices were mixed in active trading on the American Stock Exchange. A.C. Gilbert dropped about 2. Off a point or so were D. Kaltman, Rollins Broadcasting and Solitron Devices. Up a point or so were Bunker Hill and New Process.

★ ★ ★

Corporate bonds declined. U.S. government bonds drifted lower amid concern over possible credit tightening.

Sales figures are unofficial.

Unless otherwise noted, rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Special or extra dividends or payments not designated as regular are identified in the following footnotes.

a—Also extra or extras. b—Annual rate plus stock dividend. c—Liquidating dividend. d—Declared or paid in 1965 plus stock dividend. e—Paid last year. f—Payable in stock during 1965, estimated cash value on ex-dividend or ex-distribution date. g—Declared or paid so far this year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1964 plus stock dividend. t—Paid in stock during 1964, estimated cash value on ex-dividend or ex-distribution date.

z—Sales in full.

cld—Called. x—Ex dividend. y—Ex Dividend and sales in full. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vi—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies. fn—Foreign issue subject to interest equalization tax.

To Give Report on UAW Funds

More Money May Be Lost in Colorado

DETROIT (AP)—A news conference to air a report that the United Auto Workers Union has $50,000 deposited in a Colorado bank that was closed was to be held by UAW officials today.

The conference was set for 3 p.m.

★ ★ ★

The UAW has confirmed that it has $3 million on deposit with the San Francisco National Bank. It and the Brighton, Colo., National Bank were declared insolvent and closed Jan. 22 by the U.S. comptroller of the currency.

UAW officials at Detroit, headquarters of the giant union, declined to confirm or deny a report that $50,000 of union money was on deposit in the Brighton bank.

UAW ASSETS

UAW assets currently are estimated at $53 million, including a $25 million strike fund. The money invested in the San Francisco bank involved general funds and not pension funds.

In related action, the Federal Deposit Insurance Corp. Thursday asked a San Francisco Court to determine whether insurance should be paid on some large deposits in the closed San Francisco and Brighton banks.

★ ★ ★

The suit covers 100 holders of certificates of deposit issued by the banks.

The United Auto Workers Union and the Security Savings and Loan Association of San Jose, Calif., were among 12 large depositors not named in the suit.

HIGHER INTEREST

The FDIC has contended that federal insurance should not be paid on some certificates on which a closed bank had paid higher than the legal interest rate.

★ ★ ★

The FDIC insures deposits up to $10,000 per deposit. Most of the certificates are considerably larger than the insurance ceiling. The suit pertains only to the first $10,000 of ea 1 certificate.

Sharp Losses Hit Soybean Futures

CHICAGO (AP)—Soybean futures prices took some fairly sharp losses and grains trended lower in early dealings today on the Board of Trade.

Near the end of the first hour soybeans were ⅛ to 2 cents a bushel lower, March $3.09¼; wheat ⅛ to ⅝ lower, March $1.50¾; corn unchanged to ¼ lower, March $1.28⅜; oats unchanged to ½ lower, March 70¾ cents, and rye was ¾ to 1½ cents lower, March $1.21¼.

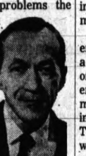
Fewer Seasonal Layoffs

Spring Job Hopes Up

By SAM DAWSON
AP Business News Analyst

NEW YORK—Hopes are rising today that spring will bring a drop in unemployment, one of the knottiest problems the nation faces.



DAWSON

The hopes are strengthened by what didn't happen in January — Joblessness didn't ries as much as it usually does when the extra help hired for the Christmas rush are let off.

This lets the government adjust seasonally its estimates of employment and unemployment and their total, the labor force. The January percentage of the labor force unemployed thus is adjusted seasonally to the lowest figure since late in 1957 when it was 4.7 per cent of that period's much smaller labor force.

★ ★ ★

If January wasn't as bad as it usually is, the arrival of spring with its expanded outdoor job opportunities could bring the jobless rate even lower, despite all the forces working against the solution of this seven-year problem.

In that period the jobless rate has risen as high as 7.5 per cent and rarely, and only temporarily, has dropped below 5 per cent of the labor force. The force is expected to grow even faster in the years just ahead.

JOBLESS RATE

The jobless rate is closely watched as one of the key indicators of the health, and direction, of the economy. In his economic message to Congress, President Johnson noted:

"Some 3.7 million of our citizens want work but are unable to find it. Up to a million more—'the hidden unemployed'—would enter the labor force if the unemployment rate could be brought down just one percentage point.

★ ★ ★

"In the next year, 1.3 million more potential workers will be added to our labor force, including a net increase of one half million below the age of 20."

The government statistics on employment are compiled from a monthly survey of a sample of households. Counted as unemployed are those who at the middle of January weren't working but were looking for work. This includes those who may be waiting to return to a job from which they have been laid off and those expecting to take a new job within 30 days.

OFFICIALLY UNEMPLOYED

From the sampling, the government estimates how many in the nation are officially unemployed, and how many report they have jobs. The total is the labor force — those working or looking for work. It doesn't include those who may not be seeking jobs because they think it useless.

And the statistics can be scrambled later by the uncounted numbers who may enter the labor force once general prosperity increases opportunities or raises the pay or makes the hours more acceptable.

★ ★ ★

The statistics are adjusted for the seasonal trends — extra hiring in December, followed by lay-offs in January, extra numbers looking for work in June after schools let out and fewer looking for work in August and September when schools reopen, and fewer outdoor jobs in winter and more in spring.

These adjustments affect the announced rate of unemployment. They do not affect the total of the job-holders or the total of those who wish they were. These totals can only be estimated under the sampling system. But the statisticians say it's the best system yet devised to get near the truth.

Successful Investing

By ROGER E. SPEAR

(Q) "My wife and I are retired. We have sufficient annuities to take care of our needs, but we are at odds concerning investment. One-third of our money is invested in what we consider reasonably secure stocks with good dividends. I would like to invest one-third more in growth stocks because our grandchildren are growing up and in a few years they will need our help. My wife is against more investment but will heed your advice." E. K.

(A) Since you are buying for gains over a fairly long period ahead, you can disregard any fluctuations which may occur in the interim.

I advise you to buy Texaco; Sears, Roebuck; and Safeway Stores — which could increase your capital over the next few years.

★ ★ ★

(Q) "I'm going into the army for six months. I have $2,000 with which I can buy stocks. Can you name one or two which should be selling higher when I come out? I'm going to need money at that time." P. R.

(A) I urge you very strongly not to put your money in the stock market with the idea that you can take it out profitably in six months' time.

No one, in my opinion, should ever buy stock knowing that it must be sold within a specified time limit. If the market should happen to be down when you need your funds, you could suffer a loss of principal that would be hard to recover.

The only thing certain about stocks is that they fluctuate.

I sincerely believe that your money belongs in a savings account where you will be able to recover it intact with accrued interest, when your army stretch is ended.

De Gaulle's Plan for Gold Leaves U.S. Officials Cold

WASHINGTON (AP) — French President Charles de Gaulle's call for a return to the gold standard for international settlements is getting a frigid reception in Washington and in the American banking community.

"A step backward" was a Treasury official's description of the Frenchman's suggestion. It would be a retreat to 1931, when the world's economic system collapsed, the Treasury said in a statement.

★ ★ ★

Even before De Gaulle spoke at a Paris news conference Thursday, American monetary officials and many bank executives had gone on record against his proposal.

Some feel that its adoption would lead to raising the price of gold from the present $35 an ounce, returning to a strict gold standard or dropping all gold backing for American currency. And they don't think much of any of these steps.

LBJ'S STATEMENT

Immediately after De Gaulle spoke, President Johnson told a news conference here that the United States will maintain the $35-an-ounce gold price, bolster its international trade and monetary position and keep the dollar sound.

The President has said as much before, but the restatement coupled with the Treasury statement may have reflected anxiety that De Gaulle's remarks could touch off speculation against the dollar.

★ ★ ★

Nerves didn't get any steadier either by the Federal Reserve System's report in late afternoon that U.S. gold reserves were at their lowest level since March 22, 1939.

In the week ended Wednesday the reserves dwindled by $100 million, sinking to $15,088,000,000. The ratio of gold reserves to the total of Federal Reserve bank notes and deposits of its member banks dropped to 27.2 per cent from 27.7 per cent.

REQUIRED AMOUNT

The official requirement for both is 25 per cent. At the moment Congress is debating the wisdom of ending the gold reserve requirement for bank deposits, as recommended by the administration.

Frazar B. Wilde, a spokesman for the Committee for Economic Development, an organization of businessmen and educators, urged the Senate Banking Committee Thursday to remove the backing requirement both for the deposits and for currency.

January Mark Is Set in GM Dealer Sales

New passenger car and commercial vehicle sales by General Motors dealers during the month of January were the highest in history for that month, K. E. Staley, vice president in charge of the marketing staff, announced today.

★ ★ ★

Retail sales of new passenger cars totaled 375,762 for the month to surpass the previous record of 312,295 during January of last year.

New car sales during the final 10-day selling period of January also established a new record for that period. Dealers sold 135,227 new cars to exceed the previous record of 128,072 for that January selling period last year.

Dealer sales of commercial vehicles totaled 52,006 during January, a new high compared to 48,795 in the same month a year ago.

★ ★ ★

Sales during the final 10-day selling period totaled 18,511 units compared with the record of 20,493 a year ago.

Waterford Music Store Is Sold to Area Man

Jack Hagan of 263 Ravine, Birmingham, has purchased the former Weigand Music Center, 469 Elizabeth Lake, Waterford Township, and has changed the name of the store to Jack Hagan Music Center.

★ ★ ★

The music center will continue to carry pianos, organs, and other musical instruments as well as sheet music under the new ownership.

Engineering Society Will Meet Tuesday

The Oakland County Engineering Society will hold its general monthly meeting Tuesday at 8 p.m. at Pontiac's new water distribution plant on Opdyke between E. South Boulevard and Auburn.

The program will consist of a guided tour of the recently constructed pump station, distribution center and reservoir.

Feels Like Human Molehill

Boyle Birthday Between Great Holidays

By HAL BOYLE

NEW YORK (AP)—The cards of condolence are already coming in.

They are from friends to remind me that I'm having another birthday later this month—the 34th, if the abacus is working right.

That's one of the cheering things about friends: They may forget they owe you money, but they always remember your birthdays—particularly if they themselves are a few years younger.

The thing I dislike most about my birthday is that it is poorly located on the calendar, strategically speaking. It happens to fall between the natal anniversaries of Abraham Lincoln and George Washington.

HUMAN MOLEHIILL

That makes me something of a human molehill between two peaks of grandeur. After celebrating the birth of the great emancipator, America rests up to celebrate the birth of the father of his country. Thus my birthday has so far escaped attention from a grateful nation.

I don't blame the people; it's just an unfortunate result of poor parental timing.

However, Congress at long last is doing something about the situation. This year it will remain in adjournment on my birthday—Feb. 21. Mayor Wagner is also closing down City Hall, and church bells will peal throughout the land.

RATHER SEE ONE

I'm even taking the day off from work myself—since it happens to be a Sunday.

Many people who hate the thought of turning 40 wonder what it's like to be a person in the midfifties. Truth to tell, it's pretty much like the fellow said about the purple cow: "Id rather see than be one."

Return Pouch at Top Speed

GREAT BEND, Kan. (AP) — George Yarbrough of Great Bend must be impressed with the speed with which the sheriff's office recovers lost items.

While he described a money pouch containing $90 which he lost, a deputy set the bag before him.

Mrs. Dan Mace of Claflin, Kan., had found the money and turned it in shortly before Yarbrough reached the sheriff's office.

English kings and queens have been coronated in Westminster Abbey since 1066.

Band Leader Dies

BERLIN, N.J. (AP) — Oscar Borrelli-Dumont, 48, who as Oscar Dumont was a popular bandleader on a nationwide radio network in the early 1950s, died Wednesday.

Both vulnerable

See article for bidding and opening lead.

By OSWALD JACOBY

Take a look at the East hand only. With everybody vulnerable South opens one spade and West and North pass. What should you do?

JACOBY

Four of eight East players in the World Championship team trials chose to reopen with either one no-trump or two diamonds. The other four passed.

The problem of reopening the bidding when an opening one bid is passed is one of the most difficult that faces bridge players. They are entitled to assume that their side has the balance of power but frequently they will find that their opponents have better cards and can move to a superior contract.

Thus the four East players who passed decided to try to pick up points by defending against one spade. Their major strength was in that suit and they had no defense against hearts in case North and South moved into that suit. The other four East players looked at their 11 points and decided to take action.

This time the four who passed came out in fine shape. Their partners opened clubs and when the smoke had cleared away South had been set two tricks at his one spade contract. Two of the four who bid wound up defending unsuccessfully against heart contracts and the other two made one no-trump and two diamonds respectively.

You may remember that there were nine tables in action in the trials. One East player opened one spade. North and South kept quiet until East and West reached four spades whereupon South doubled. East's play was as bad as his bidding and he went down 1,100.

That type 11 point opening is not recommended. You need a good five card suit or better for those short-count bids.

♥♦CARD Sense♠♣

The bidding has been:

North	East	South	West
1♣	Dble	1♥	1♠
Pass	3♣	?	

You, South, hold:
♠2 ♥KJ765 ♦52 ♣AQ943

What do you do now?

A—Bid four clubs. You expected your opponents to bid spades and you have tremendous club support.

TODAY'S QUESTION

West bids four spades and North and East pass. What do you do now?

Answer Tomorrow

Astrological Forecast

By SYDNEY OMARR
For Saturday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Cycle high. PERCEPTION is heightened. Display original methods . . . take initiative. Friends prove helpful. Overcome tendency toward extravagance. State needs. Then demonstrate abilities.

TAURUS (Apr. 20 to May 20): Inner strength evident . . . you move toward goal. Good to express confidence. Attend to details personally. Get routine work finished early. Tonight relax with loved one.

GEMINI (May 21 to June 20): Creative forces surge to forefront. Change due. Unexpected need for travel indicated. Aid forthcoming from unusual source. Fine for visiting, being entertained.

CANCER (June 21 to July 22): Help one, who demonstrates sincerity. Avoid one who constantly complains. Good for actions which advance cause of community project. Handle responsibility with dignity.

LEO (July 23 to Aug. 22): Very productive time . . . if you PLAN AHEAD. If you demand immediate answers . . . there would be letdown. Utilize wonderful extra-sensory perception. Trust hunch. Be willing to wait!

VIRGO (Aug. 23 to Sept. 22): Interest in unusual persons, subjects highlighted. Nothing ordinary today! Intellectual curiosity works overtime. You will be rewarded through stimulating contact.

LIBRA (Sept. 23 to Oct. 22): Utilize sense of elegance. Realize public image of paramount importance today. Spread influence. Read and write . . . speak and listen. You could win popularity contest!

SCORPIO (Oct. 23 to Nov. 21): Put ideas to work. Gain joy through efforts toward self-improvement. Valuable period if you begin significant project. Money required WILL be made available.

SAGITTARIUS (Nov. 22 to Dec. 21): Good lunar aspect highlights romantic opportunities. Life brightens. EXCITEMENT is feature of day. Creative efforts rewarded. Make changes that free you from aimless details.

CAPRICORN (Dec. 22 to Jan. 19): Aspects feature solid accomplishment. Gain indicated through HOME ACTIVITY. Stress security. Highlight family harmony. Discussion with dear one proves fruitful.

AQUARIUS (Jan. 20 to Feb. 18): Vitality receives lift. This due to NEW INTEREST in your life. You move around. A year get encouraging news. Time to rebuild, to streamline — day to expand horizons.

PISCES (Feb. 19 to Mar. 20): Be aware of INCOME OPPORTUNITIES. Communicate . . . let others know you have original ideas. Good for change, travel, variety. Previously "dark" areas shimmer with light. You make progress!

★ ★ ★

IF SATURDAY IS YOUR BIRTHDAY . . . you love peace and order — but you are willing to battle for principles.

★ ★ ★

GENERAL TENDENCIES: Cycle high for ARIES, TAURUS, GEMINI. Special word to SCORPIO: Be a positive thinker. Then you RECEIVE what you NEED.

U.S. Pondering Viet Role if Buddhists Pull the Strings

By JOHN M. HIGHTOWER
AP Special Correspondent

WASHINGTON — Will the Buddhists in South Viet Nam keep overturning governments until they finally get one that asks the United States to stop the anti-Communist war and get its 23,000 soldiers out of the country.

★ ★ ★

That was the toughest unasked question at President Johnson's news conference Thursday.

★ ★ ★

It almost was asked when a reporter wanted to know what
An AP News Analysis
the United States would do if requested to pull its troops out of South Viet Nam.

It almost was answered when Johnson said he would cross that bridge if he ever came to it, but that he did not anticipate having to cross it.

The President would have to "cross that bridge" if a government came to power in war-weary Saigon which believed it could handle the Communist guerrilla problem without U.S. help and probably by some kind of "neutralization."

The only practical way such a government could come to power, as U.S. experts assess the prospects, would be by action of the politically powerful Buddhist leadership, possibly in a deal with some group of military men.

★ ★ ★

Whether such a deal is possible is one of the things Johnson's top foreign policy aide, McGeorge Bundy, is trying to find out in his talks with U.S. Ambassador Maxwell D. Taylor, other American officials and South Vietnamese leaders this week in Viet Nam. Bundy is due back to report to the President Monday or Tuesday.

The questions Bundy is asking, administration officials insist, have far more bearing on the future U.S. role in South Viet Nam than the persistent reports out of Paris that secret diplomatic probings are under way for a negotiated settlement.

Anonymous Paris informants have reported contacts there between North and South Vietnamese unofficial representatives, with the United States being informed.

Johnson tried to smash these Paris reports at his news conference Thursday, denouncing them as incorrect and saying they had "no validity."

★ ★ ★

Later, other officials said the administration sees no basis whatever for a negotiated settlement under present conditions. They concede the situation is chaotic and frustrating and that much of Congress and the country is fed up with pouring money and men into a war which the United States not only cannot seem to win but cannot even control.

★ ★ ★

However the implication that the cure for discouragement and frustration is to give up and get out of South Viet Nam is rejected by high officials at the White House, State Department and Defense Department.

WHAT KIND?

These administration policy-makers say it is not a case of being against a negotiated settlement. The critical question is what kind of settlement could be negotiated. This poses the key problem from the U.S. point of view.

So far as the administration has ever been able to determine, the Communists directing the war in Viet Nam are interested only in negotiating a South Vietnamese-U.S. surrender.

★ ★ ★

Actually there seems to be one indispensable condition on each side.

The Communists insist the United States must pull its troops out of South Viet Nam.

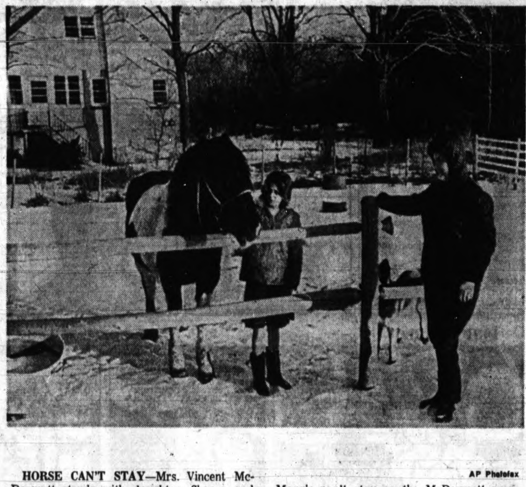
FREE CHOICE

The United States insists that in any kind of settlement, provision must be made to secure the independence and free choice of the people of South Viet Nam.

With sufficient safeguards, in other words, the United States evidently would be prepared to withdraw from South Viet Nam if the Communists were prepared to put an end to their guerrilla efforts to take over the country.

★ ★ ★

The impression held by some of the best informed Washington officials is that the Communists in North Viet Nam and Red China are convinced they are approaching victory — a victory which would give them not only South Viet Nam but far greater power and influence throughout Asia!.



AP Photofax

HORSE CAN'T STAY—Mrs. Vincent McDermott stands with daughter, Sharon and their 12-year-old horse, Maggie, at their home in Towaco, N.J. Township officials have ruled Maggie can't stay on the McDermott property. Sharon's father is thinking of selling the house and moving out of town.

Woman Trapped Day and a Half in Wreck, Dies

MOSES LAKE, Wash. (AP) — Mrs. Joseph A. Haines, 45, died en route to a hospital yesterday after spending a day and a half trapped in the wreckage of her car in a creek east of Moses Lake.

★ ★ ★

A helicopter crew on a routine training mission from Larson Air Force Base spotted the wreckage, landed, and pulled her out. She never regained consciousness.

★ ★ ★

It was not determined at once whether she died of injuries or exposure. Temperatures dropped into the 20s overnight.

★ ★ ★

Washington State Patrol Sgt. Norman Gardner said it appeared Mrs. Haines went to sleep at the wheel early Wednesday morning. She and her husband, a construction worker, were moving to Spokane.

By Waterford School Board

Attendance Areas Are Revised

A proposed revision in junior high school attendance areas was approved last night by the Waterford Township Board of Education.

The opening of Mason Junior High School next fall will alleviate present crowded conditions at Pierce and Crary junior high schools which now have respective enrollments of 1,670 and 1,-546.

Under the revised attendance areas Crary will have an enrollment of 1,153 next fall, Mason 1,063 and Pierce 1,281.

Crary will draw students from Burt, Covert, Donelson, Four towns, Haviland, Lambert, Leggett, Sandburg and Stringham elementary schools.

★ ★ ★

The Mason students will come from Adams, Drayton Plains, Grayson, Lotus Lake, McVittie, Schoolcraft, Silver Lake and Waterford Village schools.

PIERCE STUDENTS

Pierce will take students from Beaumont, Cooley, Houghton, Lutes, Monteith, Pontiac Lake, Riverside, Waterford Center and Williams Lake schools.

It also will draw the Drayton Plains School pupils living south of Dixie Highway and Waterford Village pupils in the Huntoon area.

In other action last night, the board named Stuart Thorell and Douglas Kuechle, both teachers in the school system, as house coordinators at Mason Junior High School effective in September.

★ ★ ★

The new assignments will involve administrative duties in the two houses, or separate sections, of the new school.

TO TEACH PART-TIME

Both men will continue to teach on a part-time basis in conjunction with their administrative duties.

Also last night the board heard a report on the secondary school science program by science consultant Donald E. Maxwell and four high school students.

Participants included Sandy Malone and Kenneth Main who described the engineering-physics program at Waterford Township High and Sandy Johnson and Cindy Newman who discussed Kettering High School's lab techniques curriculum.

Final plans and specifications for a bus garage building were approved by the board and bids on the project will be opened March 4.

Scouts Slate Camp Week

Boy Scouts from 41 troops in the Clinton Valley Council are planning now to take part in one week of camp this summer at Camp Agawam, near Lake Orion, Charles Shull, council camping and activities chairman announced today.

Reservations are well ahead of the past several years when the camp was filled to capacity, Shull said.

The 114-acre camp will be operated by the Scout council from June 27-Aug. 14 as a training camp for the Scouting program.

Their Lot Was Not a Happy One

Nearly 100 Pontiac General Hospital employes got parking tickets this week to go with their brand new parking permits.

The tickets were issued by police when a communication breakdown occurred in the administrative offices of City Hall.

A new parking system was put into effect around the hospital and apparently the police were not notified, according to city officials.

Under the new arrangement, day shift hospital employes with special parking permits can use the municipal lot at the rear of the hospital, as well as the general public.

★ ★ ★

The employes are charged $3 a month for the parking convenience, rather than having to pay on an hourly metered basis.

Parking is also being limited on side streets. City officials anticipate no further ticket problems.

Area Judge Files Reply to Charge

Answers to charges brought against Circuit Judge James S. Thorburn by a Detroit attorney were filed with the State Supreme Court yesterday, but no action was taken.

The attorney, Robert E. Sullivan, is asking the Supreme Court to exercise its superintending powers over lower courts by quashing an $800 assessment brought against him by Thorburn.

The assessment was ordered in an opinion by Thorburn Tuesday when Sullivan failed to appear in court for a trial. The order has not been signed.

Sullivan claims it was impossible to be there since he had another case ready to begin the same day in the Wayne County Circuit Court.

★ ★ ★

He said all attempts by him to inform Thorburn's court of the conflict were met with the answer, "It's assigned — someone better be here."

DIVIDE MONEY

The assessment against Sullivan was to be divided between Sullivan's client, the other party in the case and to the court.

Edward Barrett, Thorburn's attorney, said that he and the judge traveled to Lansing yesterday to make an appearance before the high court but were unable to see the justices because they were hearing other cases.

"We were advised that we would be informed of the justices' opinion after the case was reviewed, or if we and Sullivan are to appear, we would be contacted.

"This matter is without precedent, so I don't know the procedure that will be followed."

Fraternity's 1st House Is Destroyed by Fire

SEWANEE, Tenn. (AP) — The first Sigma Alpha Epsilon fraternity house in the nation was destroyed by fire Thursday at the University of the South.

A university spokesman said the house was worth $90,000.

Awaits Exam in Bribe Case

A City of Pontiac employe, charged with accepting a $50 bribe to help obtain a drivers license for a city resident, demanded examination yesterday at his arraignment before Municipal Judge Cecil McCallum.

★ ★ ★

Free on personal bond awaiting the examination scheduled at 9:30 a.m. Wednesday is Lafayette Wiley, 45, of 52 Franklin Blvd.

A deputy court clerk whose main duty is to serve violations bureau warrants, Wiley is accused of accepting money from Sullivan Green, 32, of 244 S. Edith.

A telephone tip to police yesterday led to the arrest of Wiley.

★ ★ ★

Police said the possibility of other bribes accepted by Wiley in connection with helping obtain licenses is under investigation.

Ready S. Koreans for S. Viet Nam Duty

SEOUL, Korea (AP) — U.S. Special Forces from Okinawa are preparing 2,000 South Korean troops for noncombat duty in the guerrilla war in South Viet Nam.

★ ★ ★

Maj. Newlin R. Happersett of Rawlins, Wyo., detachment commander, said the training was to familiarize the South Koreans with conditions in South Viet Nam's dense, Communist-infested jungles.

South Korean Premier Is in Japan for Talks

TOKYO (AP) — South Korean Premier Chung Il-kwon arrived by plane today for talks with Japanese Prime Minister Eisaku Sato on settling differences between the two countries and establishing normal diplomatic relations.

Chung and Sato will meet Saturday for the first conferences between top level officials of the two governments since 1961.

Waterford School Board Okays Purchase of Parcel

Waterford Township Board of Education members last night authorized purchase of a 75-acre parcel to be used as a future site for both a high school and elementary school.

Located adjacent to the TB Sanitarium on Cooley Lake Road, which was recently purchased for use as a community college, the parcel will cost $749 per acre, or $56,000.

The school system's option to buy the land would have expired Feb. 12.

The site approved for purchase is one of two parcels for which the school system is seeking a 30 per cent reimbursement in federal funds.

Under the Open Space Land program, the board has applied for federal funds to cover cost of the excess land in school site aquisitions.

EXCESS LAND

Excess land is defined as that portion of a parcel which would exceed the minimum school site standard.

Approximately 58 acres of the site would be required for the school plants.

The parcel is located in the west side of the Hospital between Cooley Lake and Elizabeth Lake roads.

Construction on the site is not planned in the immediate future.

Deaths in Pontiac Area

MRS. EDWARD C. GRIMWOOD

Service for Mrs. Edward C. (Bertha L.) Grimwood, 82, of 961 Emerson will be at 2:30 p.m. Monday at the Voorhees-Siple with burial in the Drayton Plains Cemetery.

Mrs. Grimwood died yesterday after a four-day illness.

Surviving are her husband; a daughter, Mrs. Edward Fosdick of Vanderbilt; five grandchildren; and seven great-grandchildren.

ROBIN MOORE

Prayers for Robin Moore, infant son of Mr. and Mrs. Russell Moore of 52 Gladstone, will be offered at 10 a.m. tomorrow in the Huntoon Funeral Home with burial in Oak Hill Cemetery.

The baby was dead at birth Wednesday.

Surviving besides the parents are a brother and sister, Russell Jr. and Veronica G., both at home and grandparents, Mr. and Mrs. Raymond Moore of Rochester and Mrs. Beulah Ballard of Avon Township.

WILLIAM N. PIPE

William N. Pipe of 2451 Voorheis, Waterford Township, in charge of the Office of Price Administration for the State of Michigan during World War II, died yesterday after a two-week illness.

Service will be at 3 p.m. tomorrow in the Donelson-Johns Funeral Home with burial in Roseland Park Cemetery. Pontiac Lodge No. 21 will conduct the graveside service.

During the war, he served as chief clerk for Pakland County draft board No. 9.

A former sales manager for National Varnish Co. in Detroit, he had been a member of Pontiac Masonic Lodge No. 21, Elks Lodge No. 1523 of Royal Oak, Berkley Exchange Club and the Presbyterian Church in Kingston, Ont.

Surviving are his wife, Mary N.; two daughters, Mrs. John H. McFall Jr. of Plymouth and Mrs. John Varjias of Garden City; four grandchildren; two sisters; and two brothers.

BENJAMIN WORDEN

Benjamin Worden, 66, of 1487 Giddings died yesterday after a brief illness. His body is at the Huntoon Funeral Home.

Mr. Worden had been employed at the Auburn Heights Mfg. Co.

Surviving are his wife, Tena; his mother, Mrs. John Worden; a son, Dale of Kalamzoo; a daughter, Mrs. Gale Stern of Lake Orion; and a brother, Wilson Gisse of Rochester.

HUBERT S. DODGE

COMMERCE TOWNSHIP — Service for Hubert S. Dodge, 65, of 2892 Benstein will be 10 a. m. Monday at Lighthouse Assembly of God Church, Walled Lake. Burial will follow in Walled Lake Cemetery.

A gardener, Mr. Dodge died Wednesday after a long illness. His body is at Richardson-Bird Funeral Home, Walled Lake.

Surviving are his wife, Parline; three sons, Curtis of Walled Lake, Earl of Chicago and Billie Linville of Paris, Tex.; two daughters, Annie Sue of Walled Lake and Mrs. Elizabeth Clayton of Illinois; a brother; and three grandchildren.

MRS. LEWIS DORNTON

LAKE ORION — Service for Mrs. Lewis (Mary G.) Dornton, 76, of 523 Central Drive will be 1:30 p. m. Saturday at Flumerfelt Funeral Home, Oxford. Burial will follow in Park View Memorial Cemetery, Plymouth.

Mrs. Dornton died yesterday after a long illness.

MRS. WILLIAM KORFF

ROCHESTER — Service for Mrs. William (Maud C.) Korff, 87, of 640 W. University will be 10 a. m. Monday at Pixley Memorial Chapel. Burial will be in Woodlawn Cemetery, Detroit.

Mrs. Korff died yesterday after a long illness.

She was a member of the First Congregational Church.

Surviving are a niece and a nephew.

EDWARD E. PORTER

FARMINGTON TOWNSHIP — Service for Edward E. Porter, 61, of 27975 Alyce Kay will be 1 p.m. tomorrow at Thayer Funeral Home, Farmington. Burial will follow in Glen Eden Memorial Cemetery, Livonia.

A bus driver for Farmington Public Schools, Mr. Porter died yesterday after a long illness.

Surviving are his wife, Winifred; three sons, Edward M. of Garden Grove, Calif., Ralph J., with the U.S. Armed Forces, and Raymond R. of Farmington; a sister; and a brother.

Gas Station Robbed of $100 by Bandit

Louis Backnak, attendent at the Clark gas station, 382 Orchard Lake, told police that a lone bandit robbed the station of $100 at gunpoint early today.

Backnak, 21, of 471 Kenilworth said the man came to the station on foot at 1:50 a.m. displayed gun and demanded all the money.

The bandit then pulled the telephone cord from the wall and fled, Backnak said.

STATE OF MICHIGAN — In the Circuit Court for the County of Oakland. No. 15074

Order of Publication

MARTHA L. CONRAD, Plaintiff, vs. WILLIAM HAWLEY CONRAD, Defendant.

At a session of said Court held in the Court House in the City of Pontiac, Oakland County, Michigan, this 11th day of January, A.D. 1965.

Present: Honorable Philip Pratt, Circuit Judge.

On the 11th day of January, A.D. 1965, an action was filed by Martha L. Conrad, Plaintiff, against William Hawley Conrad, Defendant, in this Court to obtain partition or judicial sale of the following described premises:

Lot 58 of Straits Lake Hills, a subdivision of part of West ½ of N.E. ¼ and part of East ½ of N.W. ¼, Section 20 and part of S.E. ¼ of S.W. ¼, Section 17 and part of the S.W. ¼ of S.E. ¼ of Section 17, Town 2 North, Range 9 East, West Bloomfield Township, Oakland County, Michigan, according to the plat thereof as recorded in Liber 47 of Plats, page 9 of the Oakland County Records.

It Is Hereby Ordered that the Defendant, William Hawley Conrad, of P.O. Box 5097, Fort Lauderdale, Florida, shall answer or take such other action as he may be permitted by law on or before the 15th day of February, 1965. Failure to comply with this Order will result in a Judgment by default against the Defendant, William Hawley Conrad, for the relief demanded in the Complaint filed in this Court.

SALESMEN — SEE OUR BUSIness opportunities ad! Landmesser Tools Warehouse. 682-4689.

SALESMEN!
The biggest business in the world is the real estate business. When you work on high commissions, your salary level is unrestricted. Depending on your own efforts your yearly income should be above $15,000. If you're a good salesman and will work as we direct, you should earn twice that. If you're a man with drive, who wants to make big money fast, and is willing to work hard to do it, come in and talk it over with us. The big money is in selling business, commercial, industrial and investment property, not houses. Call Mr. Partridge or Mr. Lovett, for appointment to discuss this opportunity, at FE 4-3581.

SERVICE STATION HELP, MORNing and afternoon shifts available. Apply Woodward and Long Lake Mobile Service.

SATURDAY

BOB HOPE DESERT GOLF CLASSIC, 5:00 p.m. (4) Fourth round is telecast from Palm Desert, Calif.; numerous celebrity golfers dot the field (final round Sunday afternoon).

Star to Bid U.S. 'So Long' as He Heads for Hong Kong

By EARL WILSON

NEW YORK—Gifted comedian Bill Cosby has already decided that playing an American spy with Robert Culp on TV is going to be a ball.

"April 1 we move out to Hong Kong," Bill gloated the other day at the Cordial bar on Broadway. "We're going to Thailand—to Tokyo . . . it's narrowed down to about every country that'll let us in—and out."

WILSON

He figures that he and Culp, working under Producer Sheldon Leonard, will for the first time give a Negro his deserved place on TV.

"We're going to be two guys enjoying h— out of each other," he said, "with a show that, if I were out of it, could just as well have a white fellow in it and it wouldn't matter."

For Cosby it means finally leaving Philadelphia.

"Joey Bishop, Fabian, Bobby Rydell, Chubby Checker, Frankie Avalon, Ernie Kovacs—I think they all lived in South Philadelphia," he said.

"I come more from Germantown. Grace Kelly's more from our part of town. Of course they got more money and got hedges around the house, so you can't see inside.

"My father, same name as mine, is a steward in the Navy, and he floats around at sea. He don't watch TV so people have to tell him when I'm on. He likes me all right on TV. He wants to be buried at sea which is going to be difficult if he dies at home.

★ ★ ★

"My brother Bob Cosby is probably getting a football scholarship. He was offended when the sports writers kept referring to him as 'the brother of Bill Cosby' so I got one sports writer to mention me and refer to me as 'the brother of Bob Cosby.' He got a great kick out of that."

EARL'S PEARLS: Bernie Allen's description of a schnook: "A guy who tells the TV repairman to use his own judgment."

Pontiac Press Photo

HAPPY ENDING — Douglas Dalton (left, seated) is presented his trust fund check from W. W. Weaver, assistant treasurer-manager of the Chief Pontiac Credit Union. Watching are some of the men who 10 years ago raised the fund. Pictured are (from left, standing) Brant Davis, 368 Newport; William Zeeman, 2855 Tienken, Avon Township; Anthony Strumpo of Imlay City; John Kosky, 1016 LaSalle, Waterford Township, and Joseph Courtney, 492 Algene, Lake Orion.

And Funds, Too

Orphan Has Wealth of Friends

A happy ending, often a rare occurrence in real life, concluded a 10-year-story in Pontiac recently.

Douglas Dalton, 21, of Cadillac met several old friends at the Chief Pontiac Credit Union, 790 Joslyn, and was presented a check for nearly $1,800.

The sum had been on deposit at the credit union for 10 years in the form of a trust.

The story began in 1953 when Dalton's parents and three sisters were killed in an auto accident.

The 10-year-old youth survived the mishap. He was orphaned and hospitalized.

BEGAN FUND

Friends of Dalton's father, a Pontiac Motor employe, began a fund for the boy. Within a month after the crash, the collection amounted to more than $1,000.

The group also replaced Dalton's dog who died in the auto crash.

The youth left Pontiac when he was released from the hospital and now is living with his grandmother in Cadillac.

★ ★ ★

When he turned 21, he was contacted by his friends in Pontiac and told he could come to the city and claim his trust fund — which had grown to nearly $1,800.

REDEPOSITED FUND

Dalton came to Pontiac recently, redeposited the fund in the credit union, and took the opportunity to see his many good friends.

Rebuilt automotive parts are becoming a lucrative business. A recent survey disclosed that 97 per cent of all replaced starters and 81 per cent of generators are rebuilt.

Start Program on New Scalpel

Bloodless Surgery Would Be Possible

SAN FRANCISCO (UPI) — A research program began yesterday on a revolutionary scalpel with a blade as bright and hot as the sun for use in possible high-speed, bloodless surgery.

★ ★ ★

The instrument would work at such high temperatures that body tissues would instantly vaporize and then reseal as they are cut, thereby preventing bleeding.

The program was announce by the Institute of Medical Sciences at San Francisco's Presbyterian Medical Center. It will be a joint effort of the institute and the Columbia University School of Engineering and Applied Science in New York.

The project is being financed by a $379,540 grant from the John A. Hartford foundation of New York.

Dr. Robert A. Shaw, who will lead the program at Presbyterian, said as much as 85 per cent of a surgeon's operating time now is spent controlling bleeding caused by surgery.

★ ★ ★

Thus the new instrument would sharply reduce operating time and would permit surgeons to extend operations into such regions as the liver, where they have been hesitant to work because of the dangers of uncontrolled bleeding.

Dem Proposes Tax Reform

AP Photofax

CHARGED IN FIRE DEATHS — Harry M. Belcher, division manager of a Ferndale machinery company, leans on a table with bowed head yesterday as he hears himself charged with murder in the deaths of his wife and six children in a home fire Jan. 25.

Murder Charge in Fire Stuns Ferndale Neighbors

FERNDALE (AP) — "This guy tried to do everything for his family," a neighbor says of a 32-year-old father arraigned on first-degree murder charges in connection with the fire deaths of his wife and six young children.

The serving of the warrant on Harry Belcher while he was at work yesterday took his neighbors in this Detroit suburb by surprise.

Said Markos Tsatsanis: "This guy tried to do everything for his family. He always played with the kids. Everytime his wife had another kid, he'd bring over a cigar."

Mrs. Rose Wagner added: "I just can't believe it. It seems incredible."

Belcher's wife, Katherine, 35; their two daughters, Dawn, 9, and Melody, 8, and their four sons, Matthew, 6, Timothy, 5, Jeffrey, 3, and Daniel, 2, all died Jan. 25 when a fire swept their home.

★ ★ ★

Belcher was hospitalized for shock and treatment of smoke inhalation.

NO DETAILS

Investigating officers declined to reveal details of the case.

Oakland County Prosecutor S. Jerome Bronson, who recommended the warrant against Belcher, only would say: "During their routine investigation of the fire, Ferndale police and detectives from the State Police Crime Laboratory uncovered evidence indicating the fire was other than accidental."

A newspaper report said: "One investigator who declined to be identified said the defendant took a lie detector test and 'flunked it cold.' Another

Enforced Housing Code Urged

A door-to-door program of housing code enforcement is a must, city officials were told yesterday.

However, Pontiac's difficulties over recertification of its annual workable program for community improvement may be worked out.

Meeting with top city officials, a pair of Housing and Home Finance Agency (HHFA) representatives visited Pontiac yesterday.

The HHFA representatives — Thomas S. Kilbride and Edwin Goodman — reiterated the federal agency's policy on housing code enforcement.

In essence, city officials were told that a systematic enforcement plan must be "in the past tense" before the workable program can be recertified.

HHFA POLICY

HHFA policy, according to Kilbride, is aimed at getting local communities to take certain steps toward community improvement.

Without recertification of the workable program, federal aid to local projects would be cut off.

City officials expressed concern for federal assistance to projected developments here. They said they were fearful developers might locate elsewhere.

★ ★ ★

Previously, City Manager Joseph A. Warren and Planning and Urban Renewal Director James L. Bates were concerned also that Pontiac's two urban

Mercury to Bounce Into 40s Tomorrow

Springlike weather is in store for the Pontiac area. The mercury will bounce up to a high of 40 to 47 tomorrow, after hitting a low of just 20 to 27 tonight.

Sunday will stay mild.

Eight above was the low temperature for this morning. However, by 1 p.m. the mercury had scooted up to 25 in downtown Pontiac.

2-Man Space Flight May Be Next Month

CAPE KENNEDY, Fla. (AP)—After months of delay, the Gemini program is picking up steam.

As a result, astronauts Virgil I. Grissom and John W. Young may make America's first two-man space trip next month, instead of in April. Three more tandem crews may follow them into orbit during 1965.

There have been rumors all week at this spaceport that the National Aeronautics and Space Administration was aiming for a late March date for the Grissom-Young flight.

Last night the spacecraft suddenly was moved to the launching pad six days ahead of schedule.

The Titan 2 booster rocket has been on the pad since Jan. 25.

NASA normally keeps its launching dates secret until 10 days before a scheduled launching and it has said only that the first manned Gemini flight is slated in the "second quarter of 1965," which starts April 1.

ADVANCE DATE

However, it is known here that the space agency would like to advance the date to the first quarter to meet criticism because the Gemini program is 16 months behind schedule.

Sources said that checkouts of the Grissom-Young Titan 2 booster and the spacecraft were progressing so well that Grissom and Young could rocket into space as early as March 23.

Even a small problem, they said, could push the flight back into April.

★ ★ ★

There was no official NASA comment.

REENTRY TEST

The Gemini troubles cleared Jan. 19 when a spacecraft survived an atmospheric reentry flight.

The Martin Co., prime Titan 2 contractor, and McDonnell Aircraft, which builds the capsule, report development of future Gemini hardware is progressing as a result of the Jan. 19 flight.

Sources said that, barring a major problem, Gemini flights could be conducted every 9 to 10 weeks.

OU Chancellor Raps Budget

Critical of Proposed State Appropriation

Chancellor D. B. Varner of Oakland University registered a gripe yesterday about the amount of money his institution is scheduled to receive in the budget submitted to the legislature by Gov. George Romney.

Varner, appearing before the Michigan State University Board of Trustees, was critical of what he termed a disparity in the level of appropriation increases for Oakland compared with Grand Valley College at Grand Rapids.

"If what I hear is true, that the governor is recommending a $303,000 increase for Oakland, then I would have to register a strong protest," Varner said.

Oakland University, a four-year branch of MSU, this year has an operating budget of $2.19 million and had asked for a $497,000 increase.

Grand Valley, with a current operating budget of about $1 million, is scheduled to receive a $500,000 increase, Varner said.

GRAND VALLEY

"Get me straight," Varner said. "I'm not complaining about Grand Valley's needs. I know what it is to start a new four-year college. I'm just complaining about the disparity in those increases when you consider our own needs at Oakland."

Varner said Oakland apparently was getting only about 60 per cent of the increase it asked.

He said Oakland estimated a 27 per cent increase in enrollment this fall and had asked for money enough to take care of the new students.

Pontiac Press Photo

HAPPY FELLA — Joel Goldberg, production director for Michigan Junior Miss Pageant, is shown surrounded by three of the 24 contestants at a party in their behalf last night. Goldberg is clapping hands to the piano rhythm of Catherine Mackin, representing St. Joseph-Benton Harbor, while Donna Heino of Oscoda (left) and Mavis Kallio of Houghton look on. The Pontiac Area Junior Chamber of Commerce is conducting the pageant, which ends tomorrow night with the crowning of the Junior Miss.

To Use Aid in Integration Drive

WASHINGTON (AP) — With millions of dollars as a lever, the government is seeking steps toward racial integration of every federally aided school by the time classes open next September.

★ ★ ★

The price, if a school district fails to produce a guarantee those steps will be taken is an end to its federal assistance.

In the South alone, the U.S. Office of Education distributes more than $300 million in aid each year.

The school-opening target date is one goal set in enforcement of the civil rights law provisions barring federal aid for programs in which discrimination exists.

★ ★ ★

The general provision covers an assortment of more than 190 federal programs which will contribute an estimated $13.6 billion to state and local governments, hospitals and universities and other operations during the next year.

WATCHWORD

Voluntary compliance is the watchword of the men charged with enforcing the law.

★ ★ ★

"We want to work with any school district that is having problems," said a spokesman for the Office of Education. "We want to help them integrate. We don't want to cut off any money."

★ ★ ★

Vice President Hubert H. Humphrey has said a cutoff in federal aid will be used only as a last resort.

"Your federal government wants to walk the extra mile in the hope that people will observe the law," he said, "rather than compel the instrumentalities to enforce the law."

21 AGENCIES

All told, the Civil Rights Commission says, 21 agencies are involved. But 95 of the aid programs covered by the law are centered in the Department of Health, Education and Welfare, and that agency's regulations serve as a model for most of the others.

★ ★ ★

"The assurances have been coming in at a fairly good clip," said Assistant Secretary James M. Quigley, overseeing the enforcement operation there.

City Junk Yard Trial Deferred

The Circuit Court trial over alleged noise created by a metal-crushing machine at the Sam Allen & Son, Inc., scrap yard has been scheduled to begin April 6.

The trial had been tentatively scheduled to start Feb. 24 but was deferred on the request of City Attorney William A. Ewart yesterday.

Ewart said the postponement was necessary because Allen's attorney has not filed his answer to the original complaint.

"We need this answer to obtain further information so we can properly prepare our case," said Ewart.

"It will also give us additional time to take testimony from witnesses."

The city and 15 residents sued the company at 22 Congress in December, claiming the machine was a public nuisance and that it disturbed the neighborhood.

Yesterday Judge Frederick C. Ziem visited the scrap yard to view the machine in operation. The inspection was made as part of a pre-trial hearing.

Plan for State Has Graduated Income Levy

Legislator's Program Calls for a Vote on Constitution Change

LANSING (AP) — Senate Majority Floor Leader Basil W. Brown proposed a Michigan fiscal reform program yesterday that would include a graduated income tax and basic elements of Gov. Romney's 1963 tax reform package.

The Senate's second-ranking Democrat proposed, in a six-page letter to Romney, that:

- The legislature pass the governor's 1963 fiscal reform plan, including a flat-rate state income tax, and
- Legislators then place an amendment before the public to repeal the consittutional provision against a graduated income tax.

If the amendment was approved, Democrats then could substitute a graduated income tax for the flat-rate levy, Brown said.

He said each step would require bipartisan support and that neither party thus could hang the onus of "tax party" on the other in the 1966 election campaign.

★ ★ ★

Brown said he had supported most aspects of Romney's defeated 1963 proposal.

TAX RELIEF

It had called for senior citizen property tax relief, sales tax relief, downward adjustment of certain other taxes and the start of a flat-rate income tax on individuals, corporations and financial institutions.

Then, he said, Democrats, with fringe Republican support, could take to the public a constitutional amendment repealing the prohibition against a graduated income tax.

He said he thought the public would choose a graduated tax over a flat tax although, he added, it probably would prefer none at all.

★ ★ ★

Brown said he had received no immediate reaction to his plan.

ON HIS OWN

He said he proposed it strictly on his own, not as a party spokesman.

Romney was out of town early today. But Lt. Gov. William Milliken said if Brown "is able to obtain the support of Democratic majorities in the Senate and House, we should be able to proceed im-

Learns A-maze-ingly Fast

Smart Rodent Proves Prudent Student

By JODY HEADLEE

Worrying about raising kids? Trying to teach your old dog new tricks?

Relax! There's nothing to it. Follow Dr. Rolland Pullit's "snacks instead of smacks" method and your troubles are over.

Pullit, the educated rodent, revealed his thought-provoking maxim at a press conference this week in the main hall of Oakland University's Science Building.

Collegians and reporters clustered about his glass workshop as he prepared to disclose his findings.

★ ★ ★

His whiskers twitched in anticipation. With a wriggle of his nose and a flick of his tail, Pullit's pink eyes darted to the blue chute entering his lecture platform.

BALL DESCENDS

A hush fell over the spectators as a silver ball clattered down the chute.

One follower wondered out loud if Pullit, who had received his doctorate in balls and levers (class of '64), was ready for such an ambitious undertaking.

The white light flashed and the gleaming sphere rolled onto the stage.

★ ★ ★

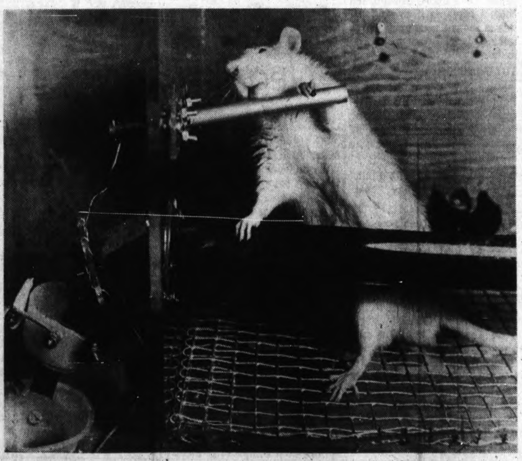
His educational background standing him in good stead, Pullit proved ripe for the lecture circuit. Without a moment's hesitation, he nosed the oversize ball bearing along the uphill grade of the gutter to the waiting slot.

MAKING SURE

Shoving it in, he poked his snout into the hole to make certain all was secure.

Pullit paused for a slight bow before triumphantly raising up on his haunches. With

(Continued on Page 2, Col. 4)



Pontiac Press Photo

YOUR ATTENTION, PLEASE — Dr. Rolland Pullit, Oakland University's educated rodent, exhibits his profound knowledge in the field of psychological conditioning at Tuesday's press conference. Pullit received his Ph. D. of balls and levers under the able direction of Roger Blau, OU psychology major from Detroit.

Choice for OU Dean OK'd

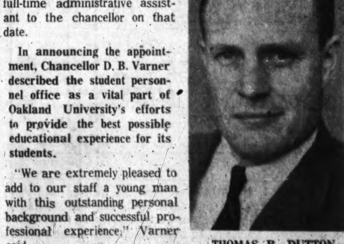
Appointment of Thomas B. Dutton, current dean of men at Ohio University, as dean of students at Oakland University was approved by the Michigan State University Board of Trustees yesterday.

Effective July 1, he will assume the position filled temporarily this year by Herbert J. Stoutenburg, who will become full-time administrative assistant to the chancellor on that date.

In announcing the appointment, Chancellor D. B. Varner described the student personnel office as a vital part of Oakland University's efforts to provide the best possible educational experience for its students.

"We are extremely pleased to add to our staff a young man with this outstanding personal background and successful professional experience," Varner said.

A native of California, Dutton earned his bachelor's degree with highest honors, and his master's and doctor's degrees from the University of California, Berkeley.



THOMAS B. DUTTON

Red Chinese Plan Thailand Take-Over

TOKYO (UPI) — Communist China today announced the formation of a "patriotic front" to overthrow the pro-Western government of Thailand and eradicate American influence there.

It was the first time that Peking had openly named Thailand as the next target of a campaign to take over Southeast Asia.

Thailand is the staunchest U.S. ally on the Asian mainland. Bangkok, the capital, is the headquarters of the Southeast Asia Treaty Organization (SEATO) — the American-led defense alliance in the Orient.

Thailand has a population in excess of 26 million. It is about the size of the state of Texas. The country was originally called Siam. It is bounded by Burma, Laos and Cambodia.

★ ★ ★

Thanom Kittikachorn, prime minister of Thailand, said last week that Communist Chinese agents were infiltraint his country from neighboring Laos.

RADIO OUTLINE

Communist China's designs on Thailand were made clear in a broadcast of the New China News Agency heard here today.

It urged "all patriotic people to unite as one and launch a resolute struggle to drive out U.S. imperialism and realize the independence, democracy, peace, neutrality and prosperity of Thailand."

The broadcast listed a six-point program for the so-called "patriotic front:"

- Overthrowing the fascist dictatorial government which is subservient to U.S. imperailism, establishing a government of patriots and democrats and safeguarding the people's freedom and democratic rights.
- Withdrawing from SEATO, ceasing intervention in the affairs of neighboring countries . . . and opposing the war provocations of U.S. imperialism.
- Abolishing all unequal treaties signed by Thailand with the U.S. and driving all imperialist troops and aggressive forces out of Thailand.
- Promoting agricultural production, helping the poor peasants, assisting and protecting industry and commerce, restricting foreign capital whose aim is to seize profits from Thailand and establishing an independent and self-reliant national economy.
- Improving the people's livelihood, suppressing and meting out severe punishment to traitors and bureaucrats who oppress the people. Distributing land to the peasants."
- Developing education and public health . . . improving school facilities and opposing imperialism's corrupt culture."

★ ★ ★

The "reforms" followed the same revolutionary textbook that the Communists have used in Viet Nam and tried to use in Malaya and the Philippines.

The next step in the pattern is the establishment of subversive bans and a propaganda network to begin winning over villagers and peasants in the countryside.

Pontiac Press Photo

BATTLE SHOP BLAZE — The rear of a vacant body repair shop building at East Wide Track and Judson was shrouded by smoke yesterday afternoon as Pontiac firemen brought the blaze under control. Cause of the fire in the second story of the condemned building and damage have not been determined. Cy Owens of Waterford Township, the owner of the building said he paid $65,000 for it in 1954.

Mom's a Waitress

Kitten With '9 Lives'

GRAND RAPIDS (AP) — If awards were given for the most unlikely job of the year, Mrs. Orville Stout certainly would have to be in the running.

★ ★ ★

Mrs. Stout, dressed in a brief red costume similar to a one-piece bathing suit, high heels, mesh stockings, a tail and a kitten-ears headpiece, is a "Kitten Girl" waitress in a Grand Rapids restaurant.

★ ★ ★

Mrs. Stout, known to her customers as "Annette", also is the mother of nine children. They range in age from two to 14.

The attractive woman applied for the job last year when her truck-driver husband needed an operation that would prevent him from working for several months.

HIGHER PAYING

Although she was a waitress at the time, she decided to change to a higher paying position to supplement the family income.

★ ★ ★

The 37-year-old mother says: "They didn't want anyone over 26, so I said I was 26. And I certainly couldn't say I had nine children. So I said I had four and got the job."

After her husband was released from the hospital, Mrs. Stout continued to work, using the money for the children's education.

"I enjoy the work very much because I enjoy meeting people," she says.

HOURS GOOD

The hours are good, too, she says. "I don't have to hire a baby sitter because my husband is home at night and I can take care of the kids in the morning."

How does Mr. Stout feel about being the husband of "Kitten Annette"?

"He's not jealous. He's real proud of me."

MRS. STOUT

Conservatives Retain Three Commons Seats

LONDON (AP) — The Conservative party retained three House of Commons seats today in elections to fill vacancies, cutting the Labor party's working majority in Parliament back to four.

★ ★ ★

The outcome in Altrincham, Salisbury and East Grinstead came as no surprise, since the Conservatives won those districts in the October general election.

LBJ Aide Meets Viet Strongman

SAIGON, South Viet Nam (AP)—McGeorge Bundy, special presidential fact finder, met today with strongman Lt. Gen. Nguyen Khanh in what was described as a warm and cordial session.

U.S. Ambassador Maxwell D. Taylor, with whom Khanh has often quarreled, also attended. The session had been postponed for a time at U.S. request.

★ ★ ★

Earlier, Bundy met with Acting Premier Nguyen Xuan Oanh, installed by Khanh in a patchwork government.

Bundy and his party arrived Thursday and spent the day in talks with American Embassy officials.

POLITICAL SITUATION

While the discussions reportedly covered the whole range of Vietnamese problems, they centered on the unstable political situation.

Khanh and his staff reportedly were trying to organize the 20-member mixed civilian and military council which he said would become the nucleus of a new government. Khanh, who ousted Premier Tran Van Huong in a bloodless coup Jan. 27, said he did not intend to participate directly in the new government itself.

Khanh said the council he was organizing would have representatives of Viet Nam's four major religions — Buddhism and Catholicism, and the militant Cao Dai and Hoa Hao sects. But neither Buddhists nor Catholics have shown much enthusiasm for participating.

Catholic leaders have said they had no objection to Catholics sitting on the council as individuals, but not as formal delegates of the Catholic Church. Buddhist leaders also have been unwilling to name council delegates.

NEW ASSEMBLY

Khanh has stipulated that the mixed council, along with his own military council, would set up the mechanics of a new constitutional assembly, serving in the meantime as an advisory body to the government.

College Loses Out on Funds

Federal Money Split by 2 Other Schools

Oakland Community College lost out yesterday in the allocation of federal funds under the Higher Education Facilities Act.

Some $2.26 million were distributed between two other Michigan community colleges to help finance construction of academic facilities.

Previously, Oakland Community College officials had said that the new two-year school "was in a very advantageous position."

Oakland and Macomb counties were rated as highest in priority in qualifying for the federal monies.

BALANCE OF MONEY

Macomb Community College got its money — $1.8 million, but the balance ($442,282) of the $2.26 million went to Ingham County Community College.

The federal funds were distributed by the Michigan Higher Education Facilities Commission with the actual grants coming from the U.S. Office of Education.

The Macomb and Ingham schools were rated first and second in priority.

Dr. John E. Tirrell, Oakland president, had said that any federal funds would be in addition to the $415,000 previously granted by the state.

College officials were out of town and unavailable for comment.

Prudent Rodent A-maze-d Student

(Continued From Page One)

a handlike paw he yanked the lever above the opening.

A click resounded, the ball disappeared down the return ramp and Pullit became the "rat of the hour."

Stopping to collect his applause in the form of a food pellet, he scurried toward the chute's inlet, as if to say, "If this is the rat race everyone is talking about, I want to be first in line."

TRAINING SHOWS

Nonsense? Not a bit of it. Pullit's reactions were the results of a three-week training or conditioning experiment by psychology major, Roger Blau of Detroit.

"I have worked with Pullit 15 to 45 minutes a day," said Blau.

"He has never been punished. Pullit has been conditioned by receiving food pellet rewards whenever he moved in the pattern I sought to establish."

★ ★ ★

Blau's superior, Dr. R. A. Kammann of 579 Nawakwa, Avon Township, assistant professor of psychology, points out, "Behavior is generally better controlled by reward rather than punishment.

DECREASES ABILITY

"Punishment produces too many emotional disturbances and decreases the ability to learn any kind of detailed skill."

On this evidence, parents might as well scrap paddles and punishments and open their pantries and pocketbooks.

Snacks, not smacks, are the order of the day.

Salaried School Employes Get Benefits in Waterford

Waterford Township Schools last night became the eighth of Oakland County's 29 school districts to provide hospital and medical insurance benefits to salaried employes.

The insurance program approved by the school board will cover all salaried personnel in the school system.

Effective Feb. 1, it is estimated to cost from $30,000 to $35,000 for the balance of this year and $80,000 for the 1965-66 school year.

Hourly rated employes of the school district already are covered by a hospitalization-medical plan.

Under the insurance program adopted for salaried employes the school district will pay $11 per month or 2 per cent of an employe's basic salary, whichever is greater, toward the monthly premiums.

ALREADY COVERED

Persons already covered for hospitalization or medical benefits may apply the benefit toward life or salary protection insurance.

Insurance coverage was limited to Blue Cross Blue Shield, Michigan Education Association and Washington National Insurance Co.

The school system will pay insurance premiums directly to the insurance companies.

Personnel committee members who recommended the insurance program to the full board felt that school personnel should enjoy benefits offered to most employes of area business firms.

STATE FUNDS

Unbudgeted state aid funds will finance the insurance program for the balance of the present school year.

A provision for approximately $80,000 will have to be incorporated in the coming year's budget to cover cost of the program.

The board also approved inclusion in the plan of the three former school system employes now serving as directors in the community school program.

They will be compensated at base pay as if they were full-time employes of the school system.

SALARY SHARE

Half of the salary of the directors is paid by a Mott Foundation grant and the other half shared equally by the township and school system.

Generally, the insurance proposal specifies that benefits be extended pro rata to other part-time salaried employes.

West Probe Is Accused of Stalling

LANSING (AP) — A Republican accused a Democrat-dominated House committee of stalling yesterday in the investigation of Rep.-elect Daniel W. West.

Rep. Robert Waldron of Grosse Pointe, the House minority leader, made the charge as the committee scheduled a public inquiry for Feb. 26 on qualifications of the Detroit Democrat.

Rep. Albert Kramer, D-Oak Park, chairman of the 4-week-old committee, said the inquiry into noncriminal charges against West tentatively was scheduled for Detroit.

"This committee has been stalling," Waldron said. "Some of the members have been pushing (for action), but the others have been dragging their feet.

"This new hearing date—surprisingly late — will make us review our position, he said.

West, 54, has been indicted on 117 counts of income tax violation. He has been charged with voting irregularities and with forgery.

Faster Voter Registration

Negroes Weigh Court Order

SELMA, Ala. (AP) — Dr. Martin Luther King Jr. summoned civil rights leaders to his jail cell today to weigh the effect of a federal court order requiring faster registration of voters in Dallas County.

The injunction evoked a wide varity of reaction, including sharp disappointment among some Negroes and a pledge of compliance from the chairman of the Board of Registrars.

★ ★ ★

King withheld comment Thursday night after deputy marshals served the three registrars with the order by U.S. Dist. Judge Daniel H. Thomas of Mobile.

Thomas set up streamlined procedures for processing Negro voter applications, barred the use of a complicated literacy test and assured Negroes of the right to apply directly to the court if rejected.

JOHNSON'S VIEWS

At a Washington news conference, President Johnson expressed indignation that Negroes had been denied the right to vote and said he intended to see that this right is secured for all citizens. "All Americans should be indignant when one American is denied the right to vote," said the President.

★ ★ ★

A dozen Northern and Western congressmen headed for Selma despite urging in House speeches Thursday by their Alabama colleagues to stay out of the city. "We go in with an attitude of listening and learning," said Rep. Charles C. Diggs Jr., D-Mich., who acted as spokesman for the group.

★ ★ ★

"I would warn against this unofficial visit to my state at a time of such a tremendous pitch of emotion," said Rep. Glenn Andrews, R-Ala., who represents Selma.

In Marion, Ala., more student demonstrations were planned following the arrest of about 200 Negroes there Thursday.

These arrests pushed to more than 2,500 the number of persons jailed since King opened his voter drive nearly three weeks ago in Selma and it spread quickly to the adjoining county. Most of the Negroes arrested earlier had been released by Thursday night.

The court order was termed a victory in a statement from the NAACP legal defense and educational fund in New York.

★ ★ ★

"This marks the beginning of the end of voter discrimination in Selma," said the statement issued on behalf of Jack Greenberg, chief counsel.

★ ★ ★

However, the Rev. Andrew Young of Atlanta, a key man in King's organization, said he was deeply disappointed because the judge failed to take any action against Sheriff James G. Clark Jr., already under an injunction against interfering with voter applicants. Contempt proceedings are pending against Clark.

Birmingham Area News

Clothing Drive to Aid Needy in Appalachia

BIRMINGHAM — Needy children in Appalachia will be helped by this year's Bundle Days used clothing collection in the Birmingham school system.

All schools in the district will serve as collection depots for the 23rd annual drive of Save the Children Federation, scheduled for Feb. 22-26.

As in past years, parents are asked to send or take clothing to any of the schools during the week.

The articles received will be distributed to needy children in the southern Appalachian mountain area where last winter's flood and hard - core poverty have made it impossible to satisfy even basic living needs.

★ ★ ★

In some cases, children are unable to attend school for want of wearing apparel. Although emphasis is on children's clothing, that for adults also is needed.

STURDY, WEARABLE

Both summer and winter shoes and garments will be accepted. They need not be perfect, but should be sturdy and in wearable condition.

Save the Children Federation was founded in 1932 and is registered with the United States State Department Advisory Committee on Voluntary Foreign Aid.

The organization helps children here and abroad, through sponsorships, self - help scholarships and family - school and self-help projects in addition to the annual clothing drive.

★ ★ ★

Local chairman for the drive is Arthur Roller, principal of Torry Elementary School.

BLOOMFIELD HILLS — Junior high school students can learn about basic ideas in astronomy during a seven - week course to begin Tuesday at the Cranbrook Institute of Science.

The classes will meet from 4 to 5:30 p.m. every Tuesday.

A portion of each session will be spent in the planetarium learning to recognize objects in the night sky with the unaided eye.

★ ★ ★

Weather permitting, the last two classes will meet evenings in the observatory to use the six-inch refractor telescope.

Registration can be made by telephoning the institute.

Charge Stuns Neighborhood

(Continued From Page One)

said the body of his (Belcher's) wife was bruised."

★ ★ ★

Belcher stood mute at his arraignment before Ferndale Municipal Judge Earl Nash.

HEARING SET

A preliminary hearing was set for next Thursday.

He was held without bond in Pontiac at the Oakland County Jail.

Belcher covered his face with his hat as he was led to arraignment but later looked up and said: "What's the sense of covering my face? Sooner or later someone's going to get a picture."

Although Belcher discussed cameras with some of the photographers present, he declined to talk with newsmen.

His attorney, John McIntosh, said, "I don't think Harry is in any state of mind where he can give any statement at all. He's lost his wife. He's lost six children."

Enforced Housing Code Urged

(Continued on Page 2, Col. 1)

renewal projects might be held up for lack of recertification.

URBAN RENEWAL

However, Bates has concluded that urban renewal projects now under way would not be affected. He said that the revised R-20 plan, now awaiting HHFA approval, would also not be affected.

Bates based his conclusion on the fact that only 4½ acres were added to R-20 in the revised plan. HHFA regulations state that 5 per cent or 10 acres would have to be involved to be affected by any shutoff of federal funds.

But what of recertification?

★ ★ ★

Explaining the situation, Kilbride said the city should get started this year on a door-to-door plan, and not wait until late 1965 or early 1966.

INSPECTION STAFF

He added that HHFA would not demand a complete inspection staff this year, but rather a beginning with the promise that the staff would be enlarged each year.

At the conclusion of the 2½-hour meeting, city officials were working on a proposal to have two employes reassigned on a part-time basis to the door-to-door program.

These two workers would make initial inspections of local buildings and then refer the violations to the various specialties, such as electrical, plumbing, fire or health departments.

★ ★ ★

The plan is still tentative, but will be worked out and sent to HHFA in Chicago.

NORTHWEST SECTION

The door-to-door program was tentatively slated to begin in the northwest section, an area already receiving scrutiny by a community group there.

Kilbride, who indicated that the rest of the workable program was well received by the regional HHFA office, said the recertification process takes about two months.

Kilbride said the HHFA policy on code enforcement was ironclad with the order for intensify local programs coming direct from Congress.

City officials appeared pleased with the meeting and hopeful that the workable program might clear the regional office.

Dem Proposes Tax Reform

(Continued on Page 2, Col. 1)

mediately with a meaningful tax reform program."

The governor has called for fiscal reform but stated he would not make specific proposals until receiving assurances the legislature was favorably disposed toward reform.

Brown said Democrats have more to lose than Republicans because "if the amendment to the constitution fails, the Democratic tax reform would also fail, and we would then have fiscal reform to the extent contemplated by the 'Romney fiscal reform' program."

"The flat-rate income tax is repugnant to me," he said. But he said he'd accept it as a step toward what he considers full fiscal reform.

The Detroit Democrat would not estimate what rate flat or graduated income tax would be necessary.

The Weather

Fairly Active Trading

Stock Mart Moves Unevenly

NEW YORK (AP)—The stock market moved unevenly early today with some gold mining stocks gaining again. Trading was fairly active.

Eastman Kodak and du Pont advanced well over a point each.

IBM sank nearly 3.

U.S. Smelting continued strong, spurting 5 points as talk continued it may be working out a deal with Sunshine Mining, which slipped nearly a point.

SHOW GAINS

Responding to wider publication of French President Charles de Gaulle's proposals for a gold-backed world money system, Homestake gained about a point, Dome Mines more than a point and American South African Investment a fraction.

International oils continued to yield ground.

★ ★ ★

Zenith and International Harvester were off about a point each.

Chrysler dipped fractionally. Other leading auto stocks, as well as steels, showed very little change.

OPENING STOCKS

Opening blocks included: Heinz, off ½ at 46 on 30,000 shares; Chrysler, off ⅜ at 57¾ on 15,000; and Kayser-Roth, up ⅛ at 27 on 10,000.

Thursday, the Associated Press Average of 60 stocks rose .3 to 337.6, a new high.

Sales figures are unofficial.

Unless otherwise noted, rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Special or extra dividends or payments not designated as regular are identified in the following footnotes.

a—Also extra or extras. b—Annual rate plus stock dividend. c—Liquidating dividend. d—Declared or paid in 1965 plus stock dividend. e—Paid last year. f—Payable in stock during 1965, estimated cash value on ex-dividend or ex-distribution date. g—Declared or paid so far this year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1964 plus stock dividend. t—Paid in stock during 1964, estimated cash value on ex-dividend or ex-distribution date.

z—Sales in full.

cld—Called. x—Ex dividend. y—Ex Dividend and sales in full. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vj—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies. fn—Foreign issue subject to interest equalization tax.

Stocks of Local Interest

To Give Report on UAW Funds

More Money May Be Lost in Colorado

DETROIT (AP)—A news conference to air a report that the United Auto Workers Union has $50,000 deposited in a Colorado bank that was closed was to be held by UAW officials today.

The conference was set for 3 p.m.

★ ★ ★

The UAW has confirmed that it has $3 million on deposit with the San Francisco National Bank. It and the Brighton, Colo., National Bank were declared insolvent and closed Jan. 22 by the U.S. comptroller of the currency.

UAW officials at Detroit, headquarters of the giant union, declined to confirm or deny a report that $50,000 of union money was on deposit in the Brighton bank.

UAW ASSETS

UAW assets currently are estimated at $53 million, including a $25 million strike fund. The money invested in the San Francisco bank involved general funds and not pension funds.

In related action, the Federal Deposit Insurance Corp. Thursday asked a San Francisco Court to determine whether insurance should be paid on some large deposits in the closed San Francisco and Brighton banks.

★ ★ ★

The suit covers 100 holders of certificates of deposit issued by the banks.

The United Auto Workers Union and the Security Savings and Loan Association of San Jose, Calif., were among 12 large depositors not named in the suit.

HIGHER INTEREST

The FDIC has contended that federal insurance should not be paid on some certificates on which a closed bank had paid higher than the legal interest rate.

★ ★ ★

The FDIC insures deposits up to $10,000 per deposit. Most of the certificates are considerably larger than the insurance ceiling. The suit pertains only to the first $10,000 of each certificate.

U. S. N-Submarine Sails From Tokyo

TOKYO (AP) — The U.S. Nuclear submarine Seadragon sailed for Sasebo today with about 700 leftists standing in a drizzle chanting "Go home, atomic submarine."

★ ★ ★

The government science and technology agency took samplings at Sasebo for possible radioactive contamination and reported it found no change in the water. The Seadragon paid a four-day rest and recreation visit, during which as many as 7,300 leftists demonstrated in protest.

Engineering Society Will Meet Tuesday

The Oakland County Engineering Society will hold its general monthly meeting Tuesday at 8 p.m. at Pontiac's new water distribution plant on Opdyke between E. South Boulevard and Auburn.

★ ★ ★

The program will consist of a guided tour of the recently constructed pump station, distribution center and reservoir.

Fewer Seasonal Layoffs

Spring Job Hopes Up

By SAM DAWSON
AP Business News Analyst

NEW YORK—Hopes are rising today that spring will bring a drop in unemployment, one of the knottiest problems the nation faces.

DAWSON

The hopes are strengthened by what didn't happen in January — Jobless-ness didn't ries as much as it usually does when the extra help hired for the Christmas rush are let off.

This lets the government adjust seasonally its estimates of employment and unemployment and their total, the labor force. The January percentage of the labor force unemployed thus is adjusted seasonally to the lowest figure since late in 1957 when it was 4.7 per cent of that period's much smaller labor force.

★ ★ ★

If January wasn't as bad as it usually is, the arrival of spring with its expanded outdoor job opportunities could bring the jobless rate even lower, despite all the forces working against the solution of this seven-year problem.

In that period the jobless rate has risen as high as 7.5 per cent and rarely, and only temporarily, has dropped below 5 per cent of the labor force. The force is expected to grow even faster in the years just ahead.

JOBLESS RATE

The jobless rate is closely watched as one of the key indicators of the health, and direction, of the economy. In his economic message to Congress, President Johnson noted:

"Some 3.7 million of our citizens want work but are unable to find it. Up to a million more—'the hidden unemployed'—would enter the labor force if the unemployment rate could be brought down just one percentage point.

★ ★ ★

"In the next year, 1.3 million more potential workers will be added to our labor force, including a net increase of one half million below the age of 20."

The government statistics on employment are compiled from a monthly survey of a sample of households. Counted as unemployed are those who at the middle of January weren't working but were looking for work. This includes those who may be waiting to return to a job from which they have been laid off and those expecting to take a new job within 30 days.

OFFICIALLY UNEMPLOYED

From the sampling, the government estimates how many in the nation are officially unemployed, and how many report they have jobs. The total is the labor force — those working or looking for work. It doesn't include those who may not be seeking jobs because they think it useless.

And the statistics can be scrambled later by the uncounted numbers who may enter the labor force once general prosperity increases opportunities or raises the pay or makes the hours more acceptable.

★ ★ ★

The statistics are adjusted for the seasonal trends — extra hiring in December, followed by lay-offs in January, extra numbers looking for work in June after schools let out and fewer looking for work in August and September when schools reopen, and fewer outdoor jobs in winter and more in spring.

These adjustments affect the announced rate of unemployment, They do not affect the total of the job-holders or the total of those who wish they were. These totals can only be estimated under the sampling system. But the statisticians say it's the best system yet devised to get near the truth.

Successful Investing

By ROGER E. SPEAR

(Q) "My wife and I are retired. We have sufficient annuities to take care of our needs, but we are at odds concerning investment. One-third of our money is invested in what we consider reasonably secure stocks with good dividends. I would like to invest one-third more in growth stocks because our grandchildren are growing up and in a few years they will need our help. My wife is against more investment but will heed your advice." E. K.

(A) Since you are buying for gains over a fairly long period ahead, you can disregard any fluctuations which may occur in the interim.

I advise you to buy Texaco; Sears, Roebuck; and Safeway Stores — which could increase your capital over the next few years.

★ ★ ★

(Q) "I'm going into the army for six months. I have $2,000 with which I can buy stocks. Can you name one or two which should be selling higher when I come out? I'm going to need money at that time." P. R.

(A) I urge you very strongly not to put your money in the stock market with the idea that you can take it out profitably in six months' time.

No one, in my opinion, should ever buy stock knowing that it must be sold within a specified time limit. If the market should happen to be down when you need your funds, you could suffer a loss of principal that would be hard to recover.

The only thing certain about stocks is that they fluctuate.

I sincerely believe that your money belongs in a savings account where you will be able to recover it intact with accrued interest, when your army stretch is ended.

De Gaulle's Plan for Gold Leaves U.S. Officials Cold

WASHINGTON (AP) — French President Charles de Gaulle's call for a return to the gold standard for international settlements is getting a frigid reception in Washington and in the American banking community.

"A step backward" was a Treasury official's description of the Frenchman's suggestion. It would be a retreat to 1931, when the world's economic system collapsed, the Treasury said in a statement.

★ ★ ★

Even before De Gaulle spoke at a Paris news conference Thursday, American monetary officials and many bank executives had gone on record against his proposal.

Some feel that its adoption would lead to raising the price of gold from the present $35 an ounce, returning to a strict gold standard or dropping all gold backing for American currency. And they don't think much of any of these steps.

LBJ'S STATEMENT

Immediately after De Gaulle spoke, President Johnson told a news conference here that the United States will maintain the $35-an-ounce gold price, bolster its international trade and monetary position and keep the dollar sound.

The President has said as much before, but the restatement coupled with the Treasury statement may have reflected anxiety that De Gaulle's remarks could touch off speculation against the dollar.

★ ★ ★

Nerves didn't get any steadier either by the Federal Reserve System's report in late afternoon that U.S. gold reserves were at their lowest level since March 22, 1939.

In the week ended Wednesday the reserves dwindled by $100 million, sinking to $15,088,000,000. The ratio of gold reserves to the total of Federal Reserve bank notes and deposits of its member banks dropped to 27.2 per cent from 27.7 per cent.

REQUIRED AMOUNT

The official requirement for both is 25 per cent. At the moment Congress is debating the wisdom of ending the gold reserve requirement for bank deposits, as recommended by the administration.

Frazar B. Wilde, a spokesman for the Committee for Economic Development, an organization of businessmen and educators, urged the Senate Banking Committee Thursday to remove the backing requirement both for the deposits and for currency.

★ ★ ★

Complete repeal would "further strengthen international confidence in the dollar," said Wilde, chairman of the board of the Connecticut General Life Insurance Co.

Some conservative bankers disagree. They feel the dollar would lose face in the eyes of foreigners and might be devalued formally.

END DEPENDENCE

Behind De Gaulle's call for a return to the international gold standard is a wish to end dependence on the dollar and the pound in international transactions and to hold down inflation at home.

De Gaulle said the problem should be examined "calmly" by the International Monetary Fund. And he did not go so far as some thought he would — announce that France intends to convert her dollar holdings into gold.

News in Brief

Between $325 and $350 was reported stolen yesterday from a safe at Reeves City Service, 3450 Walton, Pontiac Township. Sheriff's deputies said the safe was not forcibly opened.

Paul Hefner, 477 Marion, Waterford Township, told police yesterday that a camera, valued at $127, and $40 in cash were stolen from his house.

January Mark Is Set in GM Dealer Sales

New passenger car and commercial vehicle sales by General Motors dealers during the month of January were the highest in history for that month, K. E. Staley, vice president in charge of the marketing staff, announced today.

★ ★ ★

Retail sales of new passenger cars totaled 375,762 for the month to surpass the previous record of 312,295 during January of last year.

New car sales during the final 10-day selling period of January also established a new record for that period. Dealers sold 135,227 new cars to exceed the previous record of 128,072 for that January selling period last year.

Dealer sales of commercial vehicles totaled 52,006 during January, a new high compared to 48,795 in the same month a year ago.

★ ★ ★

Sales during the final 10-day selling period totaled 18,511 units compared with the record of 20,493 a year ago.

Waterford Music Store Is Sold to Area Man

Jack Hagan of 263 Ravine, Birmingham, has purchased the former Weigand Music Center, 469 Elizabeth Lake, Waterford Township, and has changed the name of the store to Jack Hagan Music Center.

★ ★ ★

The music center will continue to carry pianos, organs, and other musical instruments as well as sheet music under the new ownership.
