Weeks Snubs Car Price Cuts

Secretary of Commerce Tells Reuther Industry Is Best Judge

WASHINGTON (AP) — United Auto Workers President Walter P. Reuther found little encouragement yesterday when he made another effort to get government approval of his proposal to slash car prices.

Seeking support from Secretary of Commerce Weeks, Reuther was told by the cabinet officer that car prices are a matter for the manufacturers to decide.

Weeks declined to answer Reuther's request for support directly, but said instead:

"The management of the business enterprises has many factors to consider in setting its prices. It is the best judge when it comes to maintaining the delicate balance between profitable and unprofitable operation."

Th UAW chief had suggested that the "inflationary spiral" might be rolled back by a cut of \$100 in the price of next year's cars. He indicated possible concessions at next spring's UAW contract talks in return for such reductions from manufacturers.

The big three auto companies—General Motors, Ford and Chrysler—all rejected the proposal.

Weeks told Reuther that he agreed with his views about inflation being a threat to the national economy, but added:

"This administration believes that the role of the government in our economy is to maintain a climate where the free competitive forces are given a chance to work."

A similar reply was sent to Reuther by Secretary of Labor Mitchell earlier this month.

News Flash

NEW YORK (AP) — Two men held up a Park Ave. jewelry store opposite the Waldorf-Astoria Hotel today and fled with jewelry valued at \$100,000. The men brandished pistols and tied up three employees of the Mercader, Inc., jewelry store. They took the jewels from two display trays.

Sen. Douglas Slated

MARQUETTE (AP) — Sen. Paul Douglas (D-Ill.) will be the principal speaker at the Upper Peninsula Teachers Conference here Oct. 24.

By E. H. SIMS

Will the weather ever become a cause for wars between nations? Why do some believe in such a possibility?

It is thought by many modern-day thinkers that control of the weather over the earth's surface will one day become a matter of power politics and strategy. If one country can control the weather over another, it will possess life and death power over that country.

If rain, for example, were prevented, all life could eventually be brought to a precarious state of existence. Science as yet knows relatively little about the weather. Rain can be triggered today, by cloud seeding, but no way is yet known to prevent it.

Knowledge about the movement and intricacies of weather still unfolds very slowly to modern-day scientists and control of the weather.

The Weather

Floodwaters Cover Texas City

LET'S GO SWIMMING — This San Antonio, Tex., youth found an "old swimmin' hole" in his own front yard yesterday after 15 inches of rain fell on the city. Serving as a "raft" in the five feet of water is a street signpost. Houses in the background are also flooded.

Troubles Appear to Slow Teamster Drive for Hoffa

MIAMI BEACH, Fla. (INS) — An expulsion threat by the AFL-CIO and a perjury indictment against James R. Hoffa appeared to have dampened the Teamster Union's pre-convention meetings today at Miami Beach.

Individual union leaders adopted a "wait and see" attitude in the wake of the new blasts which seem to have slowed — if not stalled—the Hoffa for union president bandwagon.

The convention officially opens Sept. 30.

The vice president of the million and half member union was indicted yesterday by a federal grand jury in New York on five counts of perjury, stemming from his testimony on the alleged wiretapping of telephones in his Detroit headquarters.

(This development came as the AFL-CIO Executive Council, also meeting in New York, officially ordered the Teamsters to "clean house" within 30 days or face expulsion from the parent body.)

Hoffa, for the first time since the pre-convention meetings began a week ago, did not meet with newsmen yesterday. Retiring Teamster President Dave Beck, who also has indictment troubles, refused to comment on either the AFL-CIO order or the Hoffa indictment.

MERGER POSSIBLE Hoffa's two chief opponents for the presidency, Milk Drivers boss Thomas J. Haggerty of Chicago and Thomas L. (Honest Tom) Hickey of New York, indicated that they might merge if necessary to block Hoffa's election, which some predict may occur on the first ballot.

Other developments in the sessions were: —Haggerty and Hickey forces claimed a combined total of 1,500 of the 1,800 votes to be cast by convention delegates.

— Supporters of the Chicago candidate challenged the credentials of more than 100 delegates representing so-called "paper" locals and locals now in trusteeship. Haggerty's supporters complained they got "a royal run-around" in these challenges.

—Peter J. Hoban, chief spokesman for Haggerty, charged that Hoffa owes what strength he has in the union to "the same type of fear psychology that created Hitler, Mussolini and Stalin."

Hoban said that if a secret ballot were employed, Haggerty would be elected to the presidency by a "four-to-one margin."

Although AFL-CIO President George Meany refused to specify what union leaders should be ousted in the cleanup, the Haggerty and Hickey forces stepped up their campaigns to contrast the AFL-CIO findings with their own reform platform.

TIME NECESSARY Hickey told newsmen it would "take a long time for the union to repair the harm that has been done and to rebuild the confidence in the eyes of the public and the Teamster membership itself."

Chief Counsel Robert F. Kennedy of the Senate Rackets Committee told newsmen there is a "30-50 chance" that Hoffa will be ordered

to testify by Saturday on charges made yesterday. Two of the charges were:

—He got "payoffs" of more than \$3,000 a year for the last six or seven years from the Detroit Restaurant Guild, an employers' organization, for whom he "settled" a strike several years ago.

—An undisclosed number of Michigan "government officials" have had what Kennedy called "financial arrangements" with the Teamsters, including John McElroy, a Wayne County Highway Commission official and a labor negotiator for the Restaurant Guild.

The vice president of the million and half member union was indicted yesterday by a federal grand jury in New York on five counts of perjury, stemming from his testimony on the alleged wiretapping of telephones in his Detroit headquarters.

(This development came as the AFL-CIO Executive Council, also meeting in New York, officially ordered the Teamsters to "clean house" within 30 days or face expulsion from the parent body.)

KEITH E. ELLIBEE

Association Names Promotion Director

Former advertising man, Keith E. Ellibee, has been named to fill the newly created post of promotion director for the Downtown Pontiac Assn., Victor Hoerath, promotion committee chairman announced today.

Ellibee, who will work out of the Chamber of Commerce offices, in the Waldron Hotel, will serve as coordinator for all Downtown Pontiac promotional activities.

He has been in advertising and promotional work since 1940, having worked as advertising manager on daily newspapers in Michigan and Oklahoma. Prior to coming to Pontiac, Ellibee was an account executive for the DeFolice Advertising Agency, Tulsa, Okla.

Ellibee, who is married and has two children, served in the U.S. Navy during World War II and the Korean war. He lives at 6556 Northview Dr., Clarkston.

Shorts Receive Approval at Bloomfield Hills Club

Reason finally triumphs. At the annual meeting of the Bloomfield Hills Country Club last evening, the membership voted to allow the feminine contingent to wear Bermuda shorts henceforth on the golf course.

This has been a highly controversial subject at the staid and decorous old institution on Long Lake road and it was only resolved after a spirited debate in which many normally inarticulate, masculine souls declared themselves freely—on both sides. But the spirit of an emancipated womanhood won a ringing victory.

The winning side was headed by Edwin J. Anderson and George T. Trumbull Sr., with many eager cohorts assisting.

In fact, after the turmoil from this epic-making event had subsided, another member with breath-taking temerity proposed men be allowed to wear shorts, also. This was passed by a shout of acclamation and another tradition was shattered.

The opposition was headed by a one-man rebel named... but in the circumstances, his identity should fade into nameless obscurity through a charitable anonymity.

Chief Counsel Robert F. Kennedy of the Senate Rackets Committee told newsmen there is a "30-50 chance" that Hoffa will be ordered

to testify by Saturday on charges made yesterday. Two of the charges were:

—He got "payoffs" of more than \$3,000 a year for the last six or seven years from the Detroit Restaurant Guild, an employers' organization, for whom he "settled" a strike several years ago.

—An undisclosed number of Michigan "government officials" have had what Kennedy called "financial arrangements" with the Teamsters, including John McElroy, a Wayne County Highway Commission official and a labor negotiator for the Restaurant Guild.

The vice president of the million and half member union was indicted yesterday by a federal grand jury in New York on five counts of perjury, stemming from his testimony on the alleged wiretapping of telephones in his Detroit headquarters.

(This development came as the AFL-CIO Executive Council, also meeting in New York, officially ordered the Teamsters to "clean house" within 30 days or face expulsion from the parent body.)

Hoffa, for the first time since the pre-convention meetings began a week ago, did not meet with newsmen yesterday. Retiring Teamster President Dave Beck, who also has indictment troubles, refused to comment on either the AFL-CIO order or the Hoffa indictment.

The Day in Birmingham

Carleton Smith Will Open Baldwin Library Series

BIRMINGHAM—Carleton Smith, close friend of world leaders, will open the 1957-58 season of the Friends of the Baldwin Public Library when he speaks here on Oct. 9. The program will be in the library auditorium at 8:15 p.m.

The November program will bring Tom Patterson, founder and director of planning the world-famous Shakespearean Festival in Stratford, Canada, to Birmingham.

Smith, who counts such figures as Albert Schweitzer, Arnold Toynbee, Nehru, Carl Jung, Bertrand Russell and Pablo Casals among his friends, weaves these famous personages into his talks, bringing his audience a cross-section report on the world-at-large.

Patterson will tell of the Stratford activities, its history and the human interest side as well as the problems involved in the huge undertaking. His Festival has become known throughout this country and Canada by Shakespearean students and lovers.

Two more programs will complete the series for this season, with speakers to be announced shortly. Tickets for all programs are available to all Friends of the Library. Membership may be made, or information obtained, from Miss Sylvia Parker, through the library or by writing her at 763 North Woodward.

Dr. J. Clark Moloney's film, "Island Hopping," will highlight the dinner meeting of the Soroptimist International of Birmingham at Devon Gables at 6:30 this evening, according to Marion Schmidt, club president.

Committee heads appointed for the coming year are Josephine Ward, attendance; Edith Foster, budget; Lindo Moore, by-laws; Mary Dewey, classification and membership; Nina Noble, extension and assimilation; Helen Reye, program.

Others are Maxine Luscombe, publicity; Helen Reye, service; Irene Hanley, bulletin; Nan Deagan, flowers and cards; Helen Larkin, parliamentary. Gladys Heinz, sister club; Gertrude Arnold, press book; Winona Singers, civil defense and legislative.

The Rev. Paul Shippert, pastor of Ascension Lutheran Church, has been named archivist for the district, comprising churches from coast to coast as well as in Canada. The appointment was made by the Rev. H. Eleiner, president of the

Fifth Amendment Cover for Keating

(Continued From Page One)

Hoffa aides accused of bombings and extortion, investigators say.

Keating served six months and Lintea five for their part in the shakedown racket. The men demanded and received a fee of five cents per load of dirt excavated from large building projects in Detroit. The contractors were threatened with labor troubles if they refused to pay.

CHARGE VOTE DENIED

In other testimony yesterday, Floyd Hook, a leader in an anti-Hoffa movement in Pontiac, charged that 2,000 members of Local 614 are kept from voting by officials.

Hook, whose address is unknown, said he had been a member of the local for 14 years until officers refused to accept his dues in 1954.

The insurgent group, which members say numbers around 2,000, are seeking to end Hoffa's four-year trusteeship over the local. They also seek an election from the rank-and-file membership which, they say, has been denied them since Hoffa was appointed trustee by President Dave Beck in October, 1953.

Committee investigators were known to have questioned members of the group during visits to Pontiac and Detroit.

The shakedown scheme was reported to have taken place between 1948 and 1953.

CHARGE TAX EVASION

Keating last year was indicted on four counts of alleged income tax evasion amounting to more than \$29,000.

Lintea is awaiting trial after being indicted this year for his part in an alleged GI mortgage home payment racket involving a development in Waterford Township.

The Washington committee entered on a new phase of investigation when they said Hoffa had received payoffs from Detroit restaurant owners.

Chief Counsel Robert F. Kennedy promised a further look into the charge made by John Leyhan, a Detroit restaurant man.

Leyhan said he had overheard talk of payments of \$1,500 every six months to Hoffa, who is presently bidding for the union's presidency in Miami Beach.

Ted Kartsen, president of the Detroit Restaurant Guild, and Kartsen's brother-in-law, Garrett L. Reading, named in the reported payoffs, quickly denied any irregularities.

The feathers of yellow canaries will turn red if the birds are fed paprika. Balikpapan, big oil center of Borneo, handles 2,700,000 tons of crude oil annually.

CLEAR & PREVENT CLOGGED SEWERS FOR ONLY \$3.95

IT'S EASY WITH NEW R-D! AN AMAZING DEVELOPMENT FROM THE HERCULES CHEMICAL COMPANY.

Exclusive new formula contains no lye, caustics or acids — absolutely safe in septic tank, cesspool or city systems.

New Hercules R-D chemical formula is the most economical and effective method ever found for preventing and clearing root stoppages. With Hercules R-D, there's no need for expensive labor, the unsightliness and trouble of digging up lawn and pavement. All you do is pour R-D crystals directly from the box into the toilet bowl. The exclusive R-D chemical compound does the rest.

One 1 lb. application of Hercules R-D will not only remove these roots permanently, but will prevent them from forming in your sewage system again! Semi-annual treatment with Hercules R-D will assure you root-free sewer and drain lines.

GUARANTEE: R-D MUST WORK OR YOUR MONEY BACK Use R-D as directed. If it doesn't clear your sewer line of roots and prevent these roots from growing back for a month, Hercules will refund the full price.

Simply pour R-D into toilet bowl or directly into sewer line. R-D crystals dissolve and are absorbed by the root. Fast-acting chemical kills the root — but does not harm the tree or shrub.

In most cases, R-D travels through the root and destroys it even beyond the sewer line. And that root cannot grow back into the sewer line to cause stoppage again!

Michigan Bell Opening Showroom at New Center

J. W. KOKOWICZ

Should you have more than one telephone in your home? If you're wondering about this, a good place to find an answer is at Michigan Bell Telephone Co.'s new Telephone Showroom.

The showroom opened today at the Miracle Mile Town & County Shoppers City on Telegraph road.

Its attractive facilities are designed to help customers with such questions as:

How many phones should there be in the home? Where should they be located and of what color? How can the telephone be best integrated into family life?

These questions are important ones, if you take your telephone seriously as one of the many modern conveniences found in the well-planned home nowadays.

The showroom's manager, J. W. Kokowicz, thinks there should be as much planning about the telephone as about the television set. He has a staff of specially-trained young ladies on hand to help customers with their planning.

They can take a set of architects' blue-prints and design a telephone system that completely suits the needs of the individual home, said Kokowicz.

Miracle Mile's showroom will be the first in the nation, offering the family with the same advisory service formerly provided only to business.

In addition, the show room will exhibit telephone equipment against varied backgrounds of home furnishings and color schemes.

Kokowicz, has been with the telephone company 16 years. He has

Puts Police in Tears

OGDEN, Utah (U)—Fellow officers were wracked by sobs yesterday when they saw what policeman Frank Landenslager dropped on the floor at headquarters. A tiny round object fell from

the officer's shirt pocket and exploded on the floor, spraying tear gas around the room.

An antelope has such remarkable eyesight that it can see objects much smaller than itself several miles away.

Drop Big Leaflet Load

TAIPEI, Formosa (U)—Nationalist air force planes flew over the Red mainland last night on what was described as one of the biggest leaflet-dropping missions of the year. One formation flew low over Nanking, the old Nationalist capital deep in central China.

Arid and semi-arid areas, with low food productivity, cover between one-quarter and one-third of the earth's land surface.

Was It Drunk Driving?

RALEIGH, N.C. (U)—A city court judge here yesterday sentenced 61-year-old William Jones to 30 days in jail, suspended plus a \$100 fine and court costs for operating a mule and wagon on a Raleigh road while intoxicated.

A committee report submitted to officials of Belfast, Northern Ireland, urged a ban on curbside parking of private cars throughout the entire downtown area.

2135 SOUTH TELEGRAPH ROAD

Bob Considine Says:

Integration Hardest Nut to Crack Since 1861

LITTLE ROCK, Ark. (INS) — sure. Hence the hurried call from Newport to New York. Hence the presence on the plane of a first class pro, and gentleman, Montgomery.

It would be interesting to take a poll of Negroes of school age in the South and discover how great is the percentage of those who do not want to integrate in previously all-white schools.

Half a block away, under scalding bright lights, a junior varsity football game was being played before almost empty stands, and the thin chants of aficionados sounded through the night. The troops were in full battle gear, somber as the night.

"We've got a technical problem here," a reporter said to two of them as they paced back and forth on the side lawn, the barrels of their guns jutting like rugged antennae. "Are airborne troops paratroopers?"

"We can't answer," a boy said, his chin moving firmly in the leather chin strap that bound his glinting helmet to him.

There would be a long night ahead, but the worst would be the dawn and what it might present.

That's what it was like the night Little Rock fell to the feds.

TOUGHEST ISSUE SINCE '61

The integration problem—toughest constitutional nut to crack since 1861—comes in many forms, many faces. On the first plane leaving New York in the direction of Little Rock after the federalization of Fausb's irregulars, sat Robert Montgomery. He was headed for Washington, the first stop.

The former film star had been summoned, as usual, to supervise the President's TV appearance, the speech "From the House of Lincoln." Lincoln, at Gettysburg, might have wondered if reason was tottering. If he had been approached just before going on and tested by cameraman, cosmetician and klieg lighter. ("We'll have to lighten up that beard a bit, Abe.")

The world changes, and one of its changes is not only the existence of television but the medium's rules and regulations which keep it aloof from the message it imparts, be it in reference to soap or segregation.

This is not without reason. If Ike had been amateurishly presented, his momentous words would not have reached their marks. The performance had to be right and

with surprise. "Why, of course, girls out of a white school," she brought us here strolled back said. "They're good enough to go among the swarm of reporters and to any school, and I'd like them to know that and have other folks recognize that. But I just don't want them to go to a white school, and I never will."

"Because I would work eight times harder than I have in the past."

The pilot on the plane that brought us here strolled back said. "They're good enough to go among the swarm of reporters and to any school, and I'd like them to know that and have other folks recognize that. But I just don't want them to go to a white school, and I never will."

Gov. Frank Clement's Negro maid, who has two teenage daughters, said to him just after the bombing of the Nashville school. "I've worked hard for you and Mrs. Clement, haven't I?"

The Governor of Tennessee said,

5 Quit Draft Board to Protest Ike's Act

OAK GROVE, La. (AP)—The five members of the West Carroll Parish (county) draft board resigned in protest of using federal troops in the Little Rock integration dispute.

The board issued this statement yesterday to Brig. Gen. Raymond Hufft, state adjutant general and head of state selective service system:

"We will not lend our support or time to be instrumental in any way in calling into the service any of the young men of our community for such a purpose. We cannot help but wonder if the people of Hungary, in protesting rulings made arbitrarily by a commissar, were not also branded by leaders of the Soviet Union with the Russian equivalent of the word 'mob' and thereupon subdued by the Russian equivalent of federal troops."

Will Be Own Barbers

ALBANY, N.Y. (AP)—Thrifty parents in suburban Voorheesville have this word from the school board—the adult education program this year will include a do-it-yourself course in barbering.

With surprise. "Why, of course, girls out of a white school," she brought us here strolled back said. "They're good enough to go among the swarm of reporters and to any school, and I'd like them to know that and have other folks recognize that. But I just don't want them to go to a white school, and I never will."

Race Problems Seem Universal

Graham Finds Them All Over World, Urges Prayer, Love, Charity

GARDEN CITY, N.Y. (U) — Everywhere in the world there are race problems, says evangelist Billy Graham. And everywhere, he maintains, the real solution lies not in laws but in the individual human heart.

The 38-year-old North Carolinian who has carried his evangelistic message to people of many different colors in widely different parts of the earth, said last night that he found race relations a problem everywhere he has traveled.

"I've seen them wherever I've been," he told 10,000 people at the Roosevelt Field shopping center in this Long Island community. "They are wherever people look different and talk different."

He added, "I honestly don't think any of us here can point a self-righteous finger at Little Rock."

The Southern Baptist minister, whose New York crusade meetings in Madison Square Garden and elsewhere in the city drew a total audience of more than two million persons, began a short speaking tour of suburban New York areas with last night's service.

At a news conference before the service, Graham was asked about the Little Rock situation.

"This is a time for prayer and love and charity," he said. "The gospel of Christ is the answer. You can't legislate morals... this has got to come from the heart."

Graham said he has considered making a special broadcast to plead for calmness and a lessening of racial tension in the South, but no definite plans have been made. Mrs. Oveta Culp Hobby, former secretary of health, education and welfare, made the suggestion.

In any case, he said, he plans to discuss the subject this week in his regular Sunday broadcast. He indicated, however, that he would avoid going into the situation specifically but added:

"I do endorse obedience to the law. It is the law and we are to obey it. There are thousands of devout Christians in the South who do not agree with the law but who intend to obey it."

The evangelist used Second Corinthians II, Chapter 6, beginning with Verse 17 as his text last night. He keyed his speech to three words: "Chaos, Cause and Cure." At his urging, 437 persons made "decisions for Christ."

Little Hope for Baby Whom Ike Helped

PHILADELPHIA (U) — Doctors today held slight hope for the life of a little girl for whom President Eisenhower helped arrange an operation.

One-year-old Ida Kane underwent surgery yesterday. She was born without a bile duct. Doctors wanted to see if they could do anything to aid her. But they said later they knew of no way to correct the condition.

A family friend, Walter Weiland, had thought the child was suffering from ileitis. He wrote the President, who had suffered an attack of that disease. Eisenhower notified his personal physician, Maj. Gen. Howard Snyder. Snyder wrote to Dr. Isidor Ravdin of Philadelphia, who assisted in the President's ileitis operation, and Dr. Ravdin arranged for Ida's operation.

School Strike Over; Boys Can Go Hunting

TWIN FALLS, Idaho (U) — Thirty high school boys have ended their three-day strike against school officials in a dispute over absenteeism.

Negotiations for three days resulted in the students agreeing to return to their tasks and school authorities agreeing that the three days of freedom would count only as one day of absence.

The dispute flared when school officials said there would be no more official excuses for deer and elk hunting trips.

Wholesale Food Prices Drop for Second Week

NEW YORK (U) — Wholesale food prices dropped sharply this week for the second consecutive week, Dun & Bradstreet reported.

At \$6.17 the index compared with \$6.24 a week ago and was only 1.5 per cent higher than the \$6.08 figure a year ago. The seven-cent drop this week, on top of an eight-cent decline the previous week, put the index at its lowest point since it stood at \$6.11 May 28.

Middle East Diagnosis Proves Uncertain Task

By ED CREAGH
Associated Press News Analyst
WASHINGTON (U) — What, if anything, is going to blow up in the Middle East?

It is easy to spot symptoms of trouble. It is less easy to be sure of your diagnosis.

Syria cancels officers' leaves. Jordan reinforces its patrols on the Syrian border. Israel fears new armed pressure from its Arab neighbors. Turkey wonders uneasily if it's being caught in a Communist nutcracker.

These are only a few of the symptoms. They all tie in with the contest between the United States and the Soviet Union for top position in what President Eisenhower has called the most "strategically important area in the world."

This country was there first, more or less taking over from the British when they had to reduce their overseas commitments. Later the Russians have been moving in. They make no secret of their intention to stay in.

First Egypt veered toward the Red magnet. Later Syria and relatively unimportant Yemen moved in that direction. Syria is the most obvious potential source of future trouble. It has been granted a big, low-interest Russian loan. It is being supplied with Soviet arms. Its army has been taken over by supposedly pro-leftist elements.

To illustrate the temper of the region: Egypt and Syria for months have poured scathing propaganda against none-too-stable, pro-Western Jordan. Jordan finally, in the past few days, has started hitting back. It has accused Syria of inciting the Jordan people to revolt.

It is possible for an onlooker to hear the rattle of gunfire right over the horizon. And he would

get small reassurance from either Washington or Moscow. Secretary of State Dulles tells the Russians they are up to "risky business" in the Middle East. Soviet Foreign Minister Gromyko accuses the West of turning the region into "a permanent hotbed of military conflicts."

Some calming voices have been heard. One, rather oddly, in the White House lobby. A burnoose visitor to President Eisenhower this week, Crown Prince Faisal of Saudi Arabia, said in effect that there's really nothing to get excited about.

"There is no danger," said the prince, who is his country's prime

minister and foreign minister. "There is no Arab country which will endanger the security of any other Arab country."

This attitude—whether justified by the facts or not—helps explain why the Arab world in general viewed with disfavor this country's well-publicized shipment of arms to Jordan after the Syrian army shakeup. The attitude seems to be: thanks, but we really can manage our own affairs.

Maybe so. But even in this era of rampant Arab nationalism affairs aren't always in the hands of the Arabs, particularly when they get cozy with the Soviet Union.

American Youth Group Returning to Peiping

CANTON, China (U) — Members of an American youth group visiting Communist China left Canton today by train to return to Peiping.

The Americans plan to witness Oct. 1 celebrations of the Communist revolution in the Red Chinese capital before departing for home. Some will return by way of Moscow and others will travel through Southeast Asia.

This dispatch was filed to The Associated Press by Fred Grab of Arlington, Va., one of the Americans visiting Communist China.

China Opens Bridge

HONG KONG (U) — Red China yesterday opened the first bridge across the mighty Yangtze River at Hankow in central China, Peiping radio said. The twin-deck bridge is a little more than a mile long. A six-lane highway runs on one deck and double railway tracks on the other.

Wants Broader Labor Controls

NLRB Chairman Says Legislation Is Needed to Catch More Crooks

KANSAS CITY (U) — Chairman Boyd Leedom said today the National Labor Relations Board can catch some labor crooks under the Taft-Hartley law. But he said further legislation is needed to "widen the nets for a still greater catch."

Taking note of recent labor racket disclosures, Leedom said the NLRB will move wherever it can to "eliminate the uncovered evils." His remarks were prepared for the Labor Law Institute of the Missouri Bar Assn.

Leedom said that beyond what the board can do, "the good sense of the American people should prevail to legislate anew and precisely only in those areas which clearly require legislation."

"The Taft-Hartley Act can deal with some of the crooks," he said, "and the honest labor movement will take care of a great deal more, and whatever new legislation Congress decides to pass should widen the nets for a still greater catch."

But, Leedom said, no law can guarantee morality. What is needed to cure evil practices in labor-management relations, he said, is a conviction by management that employees' welfare is more important than profits, and a belief by union leaders that members' rights mean more than the leaders' own income and union powers.

FBI Joins Hunt for Boy With Coronary Ailment

EDMONDS, Wash. (U) — The FBI has joined weary searchers looking for Lee Cray, 8-year-old victim of a heart ailment missing since Monday evening.

An FBI spokesman at Seattle said last night it had been asked to enter the case. There was no explanation.

Agents soon deployed through Edmonds, a town of about 2,000 15 miles northwest of Seattle. They questioned residents and studied the terrain, broken here and there by heavy clumps of brush and thick stands of trees.

About 500 volunteers withdrew from the search at the request of the police.

The boy had been getting 400,000 units of penicillin daily to ward off the after-effects of a bout last

winter with rheumatic fever. His parents, Mr. and Mrs. Ed Cray, expressed a fear exposure would endanger his life. Cray is an auto parts salesman.

Mrs. Cray said she found Lee riding about the neighborhood on his bicycle about 5 p.m. Monday. She sent him home with a sharp scolding. His clothes were wet. She said she did not learn until later some larger boys had tossed him into the water. He had gone to the beach against her orders.

Lee arrived home ahead of his mother and took off his water-soaked shirt. He was gone when Mrs. Cray arrived. A neighbor boy said he saw Lee riding away from the house on his bicycle. The bicycle was found near his school. Bloodhounds could not trail him.

MORE HOT WATER WITH EDISON'S NEW ELECTRIC WATER HEATING SERVICE

Only electric water heaters give you all these important advantages:

- ☑ Plenty of hot water—24 hours a day
- ☑ Safe—flameless
- ☑ Install anywhere—no flame, no fume
- ☑ Long-lasting—meets Edison's rigid standards

Pontiac Press Home Editor.

STARTING THE NEW YEAR — Mrs. Marvin Finkelstein of Argyle avenue lights the candles that symbolize the beginning of Rosh Hashana, the Jewish New Year. Three-year-old Marcia and five-year-old Arnold watch wide-eyed, while Mr. Finkelstein looks on approvingly. The table

conservative Jews the holiday lasts until sundown on Friday. For the reform group it ends today at sundown. * * * Candles twinkled on many tables last evening as Jewish mothers began the traditional New Year's Eve feast. The table in each home was set with the best linen, china and silver. In the center of the table a loaf of cholla (Jewish bread) was covered with a clean white napkin. Other Rosh Hashana foods are a dish of honey and a decanter of sacramental wine. In olden days, the grandfather of the family used to make this wine. Now, of course, it is all pressed and bottled commercially and is available everywhere. After the candles were lit, the cloth was removed from the cholla and the feast began. First of all there was chicken soup with kreplach in it. Kreplach is dough with meat inside, sort of like ravioli. Gefulte fish is a must for Rosh Hashana dinner. For the Finkelstein family in the accompanying picture this delicacy was prepared by Mr. Finkelstein's mother. Roast chicken was their main course, with potatoes and a tossed salad. Everyone dipped pieces of the cholla into honey. This practice gives the children something sweet to start the new year. A fruit dessert followed. Happy New Year!

Little Loaves of Bread Will Intrigue Family

The current trend in some fine restaurants is to serve individual loaves of freshly baked bread. That's an attractive idea home-makers can use to get their families and themselves to eat an adequate breakfast.

Spiced Oatmeal Raisin Bread
2 cups sifted all-purpose flour
1/2 cup sugar
2 1/2 teaspoons baking powder
1/2 teaspoon soda
1/2 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon ginger
1/2 cup rolled oats, uncooked
1 1/2 cups buttermilk or sour milk
2 tablespoons melted fat
1/4 cup raisins

Sift together flour, sugar, baking powder, soda, salt, and spices. Add rolled oats and mix thoroughly. Combine buttermilk with slightly cooled fat. Add to flour mixture with raisins. Stir just until dry ingredients are moistened.

Four into four well-greased 4 1/2 x 1 1/4 inch pans. Bake in moderate oven (350 to 375 degrees F.) 25 to 30 minutes or until done. Turn out onto rack to cool.

Note: If preferred, this bread may be baked in a well-greased 9x5x3-inch pan in a moderate oven (350 to 375 degrees F.) about 1 hour, or until done.

You can bake a supply of these

Buttermilk Means Tender Griddle Cakes

Sift together the dry ingredients for these griddle cakes the night before; then mix them quickly the next morning.

Buttermilk Griddle Cakes
1 1/2 cups sifted flour
1 teaspoon double acting baking powder
1/2 teaspoon baking soda
1/2 teaspoon salt
1/2 teaspoon sugar
1 egg
1 1/2 cups buttermilk
3 tablespoons butter or margarine (melted)

Sift together the flour, baking powder, baking soda, salt and sugar. Beat egg with rotary beater (hand or electric) until it begins to get thick and pale yellow; beat in buttermilk and partly cooled melted butter. Add sifted dry ingredients and beat until just smooth.

Bake on hot greased griddle unless manufacturer's directions for griddle call for no greasing. Turn griddle cakes when they are bubbly on top. Makes 4 to 6 servings.

Difference in Grade Decides Beef Cost

Do you ever wonder why the difference of twenty cents a pound can be found in the same cuts of beef? There could be several reasons states the MSU Marketing Information Agent, Mrs. Josephine Lawyer, but most likely the reason is the difference in grade.

Prime and choice grades of beef come from grain-fed cattle. These have a thicker covering of fat on the outside with more thin fat streaks running through the lean. Naturally these grades will be more tender and will cost more.

Standard grade beef comes from young range cattle that have been feeding on grass. Range fed beef will have more lean, less fat and will need moist heat to cook it tender.

If twenty cents a pound makes a real difference to you, you might choose more range-fed cuts for roasts, stews and other dishes cooked with moist heat. Although these cuts have less distinctive beef flavor, they are just as nutritious as the higher grades.

To steam a vegetable, place it in a perforated pan over rapidly boiling water; cover the pan tightly.

Split Pea Soup Best With a Ham Bone

A palatable pair that is especially delicious served on the first brisk days of fall is split peas and ham. Soup, of course, is the best way to combine the two, and ham flavored split pea soup is a long-time favorite.

Here's a version of the hearty soup that uses extra meat for extra good flavor:

Ham and Split Pea Soup

1 ham bone
2 1/2 quarts boiling water
1 1/2 cups split peas
1 medium onion, sliced
2 1/2 teaspoons salt
1/2 teaspoon pepper
1 1/2 cups cubed cooked ham

Simmer ham bone, water, peas, onion and seasonings in large covered kettle for two hours. Discard bone. Strain soup through coarse sieve.

Return to kettle, add ham cubes, and reheat to serve. 6 servings.

Lowly Carrot Flavors Pork

Pork tenderloin is usually thought of as deluxe party food, for the meat is the most tender of all pork cuts. It is small, and it is often priced higher per pound than other pork cuts. Accounting for its high price is the fact that the meat is delicious in flavor, it has no bone — every bit is edible — and it is easily prepared for four or forty.

An unusual cooking ingredient for pork tenderloin is carrot, yet the earthy vegetable gives a delightful flavor to the sweet meat.

Pork Patties With Carrot Sauce

1 whole pork tenderloin (about 1 1/2 pounds)
2 tablespoons lard or drippings
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 cup bouillon
1 large carrot, grated

Cut tenderloin crosswise into two-inch thick slices. Flatten slightly with meat hammer or edge of heavy plate, then brown in hot fat in a heavy skillet. Add seasonings, bouillon and carrot; cover and cook over low heat 45 minutes or until meat is tender. Remove meat from skillet and thicken drippings. 5 to 6 servings.

Jelly Dots Meringues

Small fry will enjoy this: Beat an egg white until it is foamy, then gradually beat in a couple of tablespoons of sugar along with a dash of salt and a quarter teaspoon of vanilla. Drop by spoonfuls of vanilla pudding and put a tiny blob of red jelly on each miniature meringue.

Poultry giblets include the heart and gizzard of the bird. They can be used along with the neck and wing tips for stock. When you are buying a waste basket for your kitchen, look for one that has no grooves so cleaning will be easy. If you pour the batter for each griddle cake in a continuous stream, your pancakes will have a good round shape.

Corn and Soys Show Stability

CHICAGO (AP) — Corn and soybeans showed stability on the board of trade today with other grains holding at about yesterday's closing levels.

There was some short-covering in corn and beans on forecasts for freezing weather in Minnesota and the likelihood of scattered frosts in other parts of the corn and bean producing belt.

Wheat started unchanged to fractionally higher, influenced by some commercial buying and a little export business. Also, a lake steamer left Chicago for Buffalo, N.Y., today with 253,000 bushels of wheat and this helped stimulate the bread grain.

Soybeans showed the greatest strength in early dealings, moving up more than a cent on the distant July delivery.

Near the end of the first hour, new style wheat was 1/4 lower to 1/2 higher, Dec. \$2.16 1/2; corn was 1/4 to 1/2 higher, Dec. \$1.20 1/2; oats were 1/4 lower to 1/2 higher, Dec. \$1.28; soybeans were 1/2 higher, Dec. \$12.28; and land was 1/2 to 1/4 higher, Dec. \$11.30.

City Grade Pupils to Get Afternoon Off

Children in the Pontiac public elementary schools will take the afternoon off tomorrow while their teachers work so that city schools can receive state aid.

Dr. Dana P. Whitmer, superintendent of Pontiac public schools, has received permission from the Board of Education to dismiss the children from school in the afternoon so teachers will have time to submit data on forms used to compute state aid.

Whitmer said compilation of data and filing these reports with accuracy involves considerable time. The children were dismissed last year for the same purpose.

Auto Output for Week: Drops to 1957 Low

DETROIT (AP) — Passenger car production in the United States dropped to a 1957 low last week, the Automobile Manufacturers Assn. report. Production last week totaled 52,302 units, the association said.

Truck and motor coach output last week totaled 13,508 units.

Total production so far this year includes 4,621,519 cars, 803,234 trucks and 3,052 coaches — 5,420,805 units. Production in the corresponding period last year was 5,018,889 units.

FOOD FAIR MARKET IN MIRACLE MILE SHOPPING CENTER

Another Addition to Michigan's Fastest Growing Super Market Chain Will Be OPEN DAILY 9 A.M. to 9 P.M. CLOSED ALL DAY SUNDAY

Dad Wishes Sick Son Could Weep Again

NEW HYDE PARK, N. Y. (AP) — "When Bobby was little I used to be annoyed when he cried in the night and woke up. How I wish he could cry now."

It was Joseph Spierer speaking yesterday from the hospital bedside of his son Robert, 8, who has been in a coma most of the time for the past two months.

Robert's plight began with a bike accident July 19. The boy was taken to Long Island Jewish Hospital, seemingly recovered rapidly, and was discharged after two weeks.

Then, on Aug. 2, the Spierers heard a cry in the night: "Help me. My head hurts. Don't leave me, daddy."

Robert's daddy didn't leave him. Spierer let his job slide, although his employer, an electronics firm, still pays part of his salary.

Farmington Justice Hits Driving Law

Farmington Justice Allen C. Ingle today criticized Michigan's drunk driving law because of its mandatory provision for revoking licenses.

Ingle, speaking for the Michigan Justices of the Peace Assn., told Secretary of State James M. Hare in Lansing:

"Jurors are reluctant to convict drunk drivers because of the mandatory provision. In my own mind, the whole subject is open to question."

Ingle is president of the justices' organization.

Four Solons Reject New Pension Plan

State Rep. Theodore F. Hughes (R-Berkley) and three other Republican legislators have backed out of participation in the new legislative pension plan which takes effect tomorrow.

'Harbourmaster' Crew Makes Big Hit With Rockport

Delights Town Coming of Show

Barry Sullivan Series
of Sea Stories Begins
on TV Tonight

By DICK KLEINER

ROCKPORT, Mass. — (NEA)—It's Saturday night in this seacoast resort on Cape Ann. There's not a sound, except for the lonely screech of seagulls and the lapping of the water on the rocky shore.

But drive a few miles out, to a place called Folly Cove, and suddenly you hear the happy sound of a party.

"It's an 'unlaxing party,' a big, noisy, singing kind of party which is a weekly event for the cast and crew of 'Harbourmaster'."

This is a filmed show, starring Barry Sullivan and Paul Burke, about the skipper of a boat for hire.

And it's a good show, judging by the script quality and the cast's past performances. And also, judging by the amount of work they put in—14 hours a day, six days a week, working on each show.

A GALA AFFAIR

Which is why, come Saturday night, everybody gathers at the big house Sullivan rents at Folly Cove.

VIDEO SEAFARER — Barry Sullivan plays the role of David Scott, descended from a long line of New England seafaring men, in "Harbourmaster," which begins tonight at 7 on CBS-TV. The show is being filmed around Gloucester and Rockport, Mass.

Despite Slight Jealousy Wilson Quotes Others

By EARL WILSON

NEW YORK — D'you have my trouble — always a little jealous of other people's ad glibs?

Groucho Marx told Goodie Ace concerning his new Beverly Hills home, "It's taking shape just as I'm losing mine."

Patti Page was hurt by the reviews of "The Big Record" TV show. As her husband, Charles O'Curran, tells it, "Patti's so sensitive, when she watches 'This Is Your Life,' she starts crying when the announcer says 'This is . . .'" "The one land John Foster Dulles hasn't visited," says Buddy Carroll, "is Birdland."

"How'd you like Tel Aviv?" I asked globe-trotter George Jessel, who retorted, "I like Tel Aviv better than I like television! . . . TV's rash of 'pre-recorded' songs have got to go! Public isn't that stupid and resents them . . . Perry Como's son Ronnie's a Notre Dame freshman."

Frank Sinatra playing his life story with Jeanne Crain and Mitzi Gaynor irks Comedian Joe E. Lewis who tells Copa audiences, "Frank has more fun playing my life than I had living it."

Two grandmothers were bragging, and one, quite impressed, asked the other, "How old are your grandsons?" The other replied, "Well, the doctor's two and the lawyer's four."

THE MIDNIGHT EARL . . . Sugar Ray's ex-pal, Joe Glaser, bet a huge wad on him against Basilio . . . Singer Suzanne Bernard's back in the Broadway cafes after a serious stomach ailment. Boxer Archie Moore brought \$150 worth of jazz records . . . Johnnie Ray's round-the-world tour will earn him \$425,000 . . . Harry Belafonte's ex-wife Marguerite was named as editor of the N.Y. Amsterdam News . . . EARL'S PEARLS: The world wasn't made in a day — but it's beginning to look as though it may end in one. That's earl, brother.

Territories' Governors in Pacific Much Alike

HONOLULU — The recent nomination of William F. Quinn of Honolulu to be governor of Hawaii, brought out these coincidental facts about the governors of the Pacific territories: Quinn, Michael Steppovich of Alaska and Peter T. Coleman of American Samoa are all 38 years old. Each is a lawyer. Each is a Roman Catholic.

To Honor Judge Doty for 50 Years on Bar

Oakland County Circuit Judge Frank L. Doty will be honored next week for his half-century membership in the State Bar of Michigan. Judge Doty and 31 other Michigan Lawyers will receive 50-year awards from John W. Camphouse, state bar president, at a Detroit luncheon Oct. 3.

Workers Cry 'Politics'

SAGINAW — The City Employees Assn., supported by the City Council, have protested a decision by the State Highway Department that state employees, rather than city, with man the \$4,920,000 Veterans Memorial Bridge when it is opened this fall. Monroe Causley, president of the association, said the move to use state employees is "strictly a political maneuver."

Cannel coal is a type of coal formed from the seeds and spores of plants, rather than the wood, bark and leaves.

Several Nations Oppose Debate

Cool to Dulles' Plea to
U.N. Discussion of the
Syrian Situation

WASHINGTON — Secretary of State Dulles apparently faces opposition from several key countries to his plea that the United Nations discuss Soviet arms shipments to the Middle East.

Italy, Japan, Greece and Saudi Arabia have made it clear within the past few days they believe backstage diplomacy rather than public debate would be more effective in easing tensions.

Dulles, reportedly undisturbed by their attitude, was described as confident of enough support from other countries to put across his proposal.

Britain and the commonwealth countries along with many Latin-American nations are reported ready to back any American move to focus world attention on the dangers of Soviet propaganda and arms deliveries.

Crown Prince Faisal of Saudi Arabia is reported to have made known his government's opposition to such public debate on the Middle East during his call on President Eisenhower Monday.

The Saudi Arabian Prime Minister also is known to have suggested that as a matter of tactics Dulles soften his outcries about the danger that a Soviet-armed Syria poses in the region.

Italian Foreign Minister Giuseppe Pella told somewhat the same line in a meeting yesterday with Dulles at the State Department.

Japan's foreign minister, Aichihiro Fujiyama, is understood to have advised Dulles to play down the Syrian situation lest too much outcry drive the Syrians deeper into Moscow's embrace.

The Greek government also is reported to be very cool to Dulles' idea, fearing that any full-fledged U.N. debate would add to rather than diminish Middle East tensions.

Fire-Fighting Smokey Bear May Get Mate

WASHINGTON — If the Forest Service carries out its plot, the bachelor days of Smokey the bear are numbered. Right now, officials of the service are making plans for a new home for the popular fire-fighting bruin at the Washington Zoo. And the plans, complete to an artist's sketch, include accommodations for a Mrs. Smokey.

How Smokey's legion of youthful admirers—reaches up to 2,000 letters a day—are going to react to this bit of news is something that the Forest Service isn't discussing publicly.

Nor has the service yet picked any mate for Smokey, a 7-year-old black bear of the "cinnamon phase." Officials would prefer that his prospective mate be of the streaked or light-colored variety.

She may even be of Canadian origin, since the Canadians, too, have taken up Smokey as a symbol of forest fire control.

Smokey has lived in conventional cages quarters since he was brought to Washington in 1950 after being rescued, a badly burned and frightened cub, from a fire-devastated area of the Lincoln National Forest in New Mexico. It was this experience that led the Forest Service to make him the popular symbol of a drive to save the nation's forest lands from fire.

Fearful Villagers Return

POSADAS, Argentina (AP) — Brazilian villagers who fled in terror to Argentina after a gunfight began crossing the border to their homes today. Squatters in Santo Antonio in the southern tip of Brazil fought a battle with a colonization company's employees. The villagers fled, fearing involvement, but Brazilian officials have promised they will not be prosecuted.

Hair Stylist Plans 'Girls Day' at New Miracle Mile Center

Little girls — or more properly speaking, their mothers — will receive a break at the Miracle Mile Town & Country Shoppers City. The Donnell Hair Stylists shop, which opens at the center today, has announced that Mondays, Tuesdays and Wednesdays will be "Little Girl's Day" at Donnell's.

Donnell's will trim the young ladies' coiffure at half-price on those days, said the shop's owner and manager, Donnell Thomas.

Thomas' breath-taking shop will provide the usual hair-styling services for women: trimming, wash-

ing, curling, styling, permanents and coloring. The studio's decor features white leather furnishings contrasting with black backgrounds and turquoise trim. A pleasant place for the ladies, Thomas hopes.

The hair-stylist was trained at the Virginia Farrell school in Detroit and is a member of the Junior Virginia Farrell Hair Styling Group.

A Detroit, Thomas operated a styling shop in Detroit for five
