Romney Proposes $944.9-Million Budget

Johnson Says Economy Is Still Glowing

Soundness in Wage, Price Decisions Said Condition to Progress

WASHINGTON (AP) — President Johnson said today the nation has achieved the ability to ward off recessions, hold booms in bounds and keep an American economic miracle going in 1966.

Johnson attached a condition to this glowing outlook: wage and price decisions by labor and business must be "sound and responsible — just as I am determined that public decisions will be fuily responsible."

"If they are," the President said, "the American economic miracle will remain in 1966 the single most important force in the economic progress of mankind."

This was in an 8,000-word message he sent to Congress along with the annual report of his Council of Economic Advisers.

★ ★ ★

The report was a bit less exuberant in language than the message.

SEE OPTIMISM

But sprinkled through both were sentences and phrases of unvarnished optimism, qualified here and there with a word of restraint or caution.

They all added up to predictions that in spite of war in Viet Nam, and to some extent because of it, this will be another good, big financial year for just about everybody.

The forecasts are for more business, more jobs, more profits, more spending and what Johnson called a "strong thrust of progress."

★ ★ ★

The President said: "Our nation's industries, shops and farms—our workers, owners of business, professional men and women—prosper today far beyond the dreams of any people, anytime, anywhere."

OTHER POINTS

The President made some other points:

"Recessions are not inevitable."

"We have learned how to achieve prosperity."

"Our prosperity does not depend on our military effort."

DEFENSE NEEDS

"Our defense needs are great; but our growth is far greater."

"In only seven other countries of the world is total output in a year as large as the

Four of Mrs. Brown's children died in a fire at their home at 3980 Arcadia Park, Waterford Township, Jan. 5. In addition, about $3,000 was raised by area residents and her fellow employes at Pontiac State Hospital.

'Get Acquainted' Party Tonight

State Junior Miss Finals Open

Thirty-two contestants from throughout the state will officially open Michigan's 1966 Junior Miss contest tonight with a "get-acquainted" party at Community National Bank, 30 N. Saginaw.

★ ★ ★

The girls, selected in area contests held by Junior Chambers of Commerce, will gather at the bank along with their parents, Pontiac host families and sponsoring Jaycee members.

Local winners in contests held last month were Phyllis Grisham, 17, representing Pontiac, and Gayanne Mansfield, 17, selected in the Waterford contest.

Patricia is the daughter of Mr. and Mrs. James W. Grisham of 862 South Blvd., Avon Township. Gayanne's parents are Mr. and Mrs. Arthur Mansfield of 5186 Durham, Waterford Township.

★ ★ ★

Besides winning the right to compete in the national pageant at Mobile, Ala., in March, Michigan's Junior Miss will receive a $1,500 United States savings bond and a share in $3,300 in prizes donated by area merchants.

A BUSY DAY

Contestants will spend a busy day tomorrow, beginning with personal interviews in the morning with contest judges and winding up in the evening with preliminary talent competition.

Saturday's final pageant will be preceded in the afternoon with a judging on youth fitness and formal dress appearance before start of the final performance at 7:30 p.m.

Ten finalists will compete in the talent event prior to selection of Michigan's Junior Miss and four runners-up.

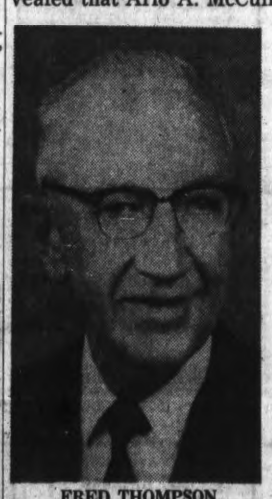

★ ★ ★

Both the final pageant and tomorrow's preliminary talent competition are open to the public at Pontiac Northern.

Press Circulation Manager Retires; Three Promoted

The retirement of Pontiac Press Circulation manager Fred Thompson was announced today, along with the promotion of three members of his department.

Pontiac Press Publisher Harold A. Fitzgerald revealed that Arlo A. McCully will assume the position of circulation manager. He has been assistant circulation manager since 1961.

FRED THOMPSON

ARLO A. McCULLY

Moving up to the assistant position is Albert E. Falkner. James T. Long will become circulation promotion manager.

Thompson has been with The Press since 1933. He was named circulation manager in 1961.

★ ★ ★

A member of the International Circulation Managers Association and the Central States Circulation Managers Association, he lives at 9 Liberty Manor.

STATE ASSOCIATION

Thompson is also a member of the Michigan Press Association.

★ ★ ★

McCully joined The Press in 1951 after working on newspapers in Manistee, Mount Pleasant and Owosso.

★ ★ ★

McCully is a member of the Central States Circulation Managers Assn.

HOME ADDRESS

He lives at 1545 Tanfield, West Bloomfield Township, with his wife and six children.

Both Thompson and McCully have attended circulation managers' seminars at Columbia University.

ALBERTO SANCHEZ

Killing Suspect Gives Self Up

SAN ANTONIO, Tex. (AP)—Alberto Sanchez, sought in the slaying of a 2-year-old boy whose battered body was found in an outhouse near Temperance, Mich., turned himself in to police today.

★ ★ ★

Sanchez, 22, is charged with second-degree murder in a warrant issued at Toledo, Ohio, in the slaying of Eddie Montalvo, whose body was discovered by a hunter Jan. 15.

Police said the boy was believed to have been beaten to death in Toledo where the child's mother, Carolina Montalvo, and Sanchez lived for a time last fall.

A search for Sanchez had been under way in Texas and Mexico.

The child's mother was being held in protective custody by Toledo police following her return from Texas.

GRAND JURY

Miss Montalvo, 20, was scheduled to appear before a grand jury which is considering the case in Toledo.

Toledo police said they were told Sanchez has agreed to waive extradition, and they planned to go to San Antonio to pick him up.

Governor Asks for Increase in State Spending

Plan Would Trim Michigan's Existing Surplus 50 Per Cent

LANSING (AP) — Gov. Romney proposed a $944.9-million state budget today that will cut the existing surplus in half.

His recommended spending for 1966-67 is a jump of $126.6-million over appropriations for the current fiscal year.

Romney said $96 million of the increase is needed just to keep pace with growing population and rising costs. He recommended $30.6 million worth of new programs.

Romney used his traditional "prudent and progressive" to describe the spending blueprint for the year beginning July 1.

★ ★ ★

He included no new tax recommendations and declared that "though large, it will not expose Michigan to a fiscal crisis in 1966-67 or the following year, while at the same time it will move our state forward in areas of continuing need."

STATE SURPLUS

Romney said the state would still have $134 million in its surplus when the new year begins —a drop of less than $2 million from the surplus of mid-1965.

But he declared that $66.8-million of it would have to be spent in 1966-67 to balance the budget.

The Republican governor forecast an economic growth rate of 7.5 per cent, a sharp jump up from the 4 per cent rate he originally predicted for this year.

★ ★ ★

The current year, he said, will show a 9.4 per cent growth rate.

Funds for OU Disappoint Chancellor

Gov. Romney's proposed budget released today, allotted $3.7 million to Oakland University for operational expenses and $3.4 million for capital outlay.

"If this represents, as it seems to, the total amount," said OU Chancellor Durward B. Varner, "It would appear that Gov. Romney has awarded OU approximately 50 per cent of the operational increase requested.

"This leaves many important areas uncovered.

"We could live with it but we would obviously have another difficult year ahead."

In December, Varner and five other OU representatives presented the school's $4.5 million 1966-67 budget to the State Department of Administration, budget division.

In addition to the operating budget, OU requested monies to cover two deficiency items: $348,150 for library improvement and $107,000 for the noncontributory retirement program for the nonprofessional staff.

This amounted to a 67.8 per cent increase over this year's $2.6 million appropriation.

Included in the university's immediate plans to utilize capital outlay funds are the completion of the $4.5-million engineering building and the proposed Learning Resources Center.

Ground is to be broken on the engineering building in April with completion planned for August 1967, according to Robert Swanson, OU director of business affairs.

800 Jam Cook School

Nearly 800 persons swarmed into Pontiac Central High School last night for the beginning of the third session of The Pontiac Press cooking school.

★ ★ ★

It was the largest crowd in the seven-year history of the cooking school.

They drank soft drinks and munched potato chips as they listened to organ music before the program started.

Robert Lilleyman of Calbi Music Co. is playing a Baldwin home-theater organ for the third year at the school.

Barbara Zimmerman and Harriet Cannon of Consumers Power Co. prepared a variety of new dishes on the stage and later gave away as prizes everything they had cooked.

During the intermission, Mrs. Josephine Lawyer of the Michigan State University extension service spoke on food buying with emphasis on labeling and purchasing meat for the freezer.

TRIO OF WINNERS—Grand prize winners at the Wednesday afternoon session of The Pontiac Press cooking school gather to admire each other's prizes. They are (from left) Mrs. Richard Lee, 229 E. It Will Be Snowy, Colder

Snow and subzero temperatures are in store for the Pontiac area tonight.

An additional inch or two of new snow is expected to cover the area by nightfall.

The weatherman reports skies will partially clear with temperatures ranging from 4 below to 4 above zero.

Partly cloudy and cold with brief periods of snow flurries and highs of 7 to 15 is Friday's forecast. Continued cold is the outlook for Saturday.

Blustery northerly winds at 15 to 35 miles per hour this morning will shift to northwesterly and diminish tonight and tomorrow.

State Rocked by Blizzard

Storm Called Nastiest of Winter in Michigan

By United Press International

Blinding snow whipped by shrieking winds struck Michigan today.

★ ★ ★

The Weather Bureau warned the state was under a siege of "blizzard conditions."

Temperatures sank below zero throughout the Upper Peninsula and dropped toward the zero mark in the western Lower Peninsula.

Winds up to 35 miles per hour drove snow squalls in slanting blasts that blinded motorists.

The storm swept down from the north, covering the entire Upper Peninsula and the western half of the LP.

★ ★ ★

It pushed southeast, its vanguard dropping light snow in Detroit.

The United States Weather Bureau said it was Michigan's "nastiest storm this winter."

The Michigan Highway Department said snow was drifting up to 12 inches deep between Petoskey and Muskegon. It said roads in the UP and northern LP were hazardous and the storm was getting worse.

The Weather Bureau said winds were gusting up to 35 miles per hour at Sault Ste. Marie, 29 mph at Traverse City and 33 mph at Marquette.

★ ★ ★

Temperatures hit 10 below at Houghton, 8 below at Marquette, 3 below at Flint and 2 above at Traverse City and were still dropping.

The snow fell in squalls. The gusty winds drove them ahead and picked up more from the ground.

Board OKs Busing of Whitfield Pupils

The Pontiac Board of Education last night unanimously approved "temporary" busing of some 100 Whitfield Elementary School students who presently walk to school, crossing Telegraph, in an area without sidewalks.

Supt. of Schools Dr. Dana P. Whitmer was authorized to implement one of two plans to transport students in the Washington Park area without adding to present equipment and personnel.

The board action followed a report by Whitmer on transportation problems throughout the school district and a question-answer session with a delegation of some 35 parents from the Whitfield and Kennedy Junior High School districts.

It was the second time the parent delegations had met with the board.

★ ★ ★

Representatives of both school groups had criticized the lack of school- or city-provided transportation for students in some cases walking as far as three-and-a-half miles to class.

REQUEST REPORT

Board members concurred with expressions of parent concern for safety of students and following the Dec. 8 meeting requested a report from Whitmer on the school district's present $130,000-a-year transportation program.

The superintendent last night stressed the administration's primary emphasis on expenditure of funds for educational purposes.

He also cited the implications of extending the district's transportation policy to include junior high school students and the legal requirement to provide equal auxiliary services to parochial schools.

★ ★ ★

After the parents left the meeting, board members agreed the Whitfield situation was hazardous and voted in support of "temporary" busing.

DESIGNATED TEMPORARY

Designation of the measure as "temporary" places the move in line with seven other busing arrangements at elementary schools in the district.

While not acting immediately on the problem described by Kennedy school parents, the board cited student transportation as a subject for administration study in the near future.

increase in our output last year."

"I am unwilling to declare a moratorium on our progress toward the Great Society."

★ ★ ★

"Expansion need not generate inflation."

Throughout the message and the economic report, nevertheless, there was repeated emphasis on holding the line against inflation.

The report spoke of possible restrictive fiscal and monetary policies to halt price increases should actions of unions and managements bring inflation.

Johnson spoke of wage and price controls, but in a negative way.

★ ★ ★

The government, he said, does not have power now to impose them. He made no bid for such power.

But he did tell labor and industry, repeatedly and in various ways, that it is vitally important for them to follow guideposts set out by the three-man Council of Economic Advisers headed by Gardner Ackley.

★ ★ ★

Designed to keep wage and price increases with noninflationary limits, the guidelines are pegged to increased productivity. The council — and it gets some arguments on this — figures that increase at 3.2 per cent a year.

EYES ON POTATO—Don Foster of Space Defense Corp., 1600 N. Woodward, Bloomfield Township, studies a piece of potato with a measuring instrument. A potato will be flown in outer space and returned to the firm for biological study.

Area Firm to Study Potato in Space 'Spudnik' Project

BLOOMFIELD TOWNSHIP — Sometime within the next two years a multimillion-dollar rocket will be launched into orbit by the National Aeronautics and Space Administration, carrying, of all things, a potato.

Watching the project anxiously will be the scientists and engineers of an area firm, Space Defense Corp., 1600 N. Woodward.

Purpose of the project, as explained by Bruce W. Pinc, a biologist with the firm, is to determine how much influence outside forces have on the growth of cells.

Potatoes are being used, Pinc said, because they are simple and cheap. Naturally, the project has been dubbed "Spudnik."

Spudnik is designed to probe what Pinc calls the "riddle of biorythmicity, one of the five most important questions in biological science."

Pinc said biorythmicity describes the tendency of living organisms to become active at regular, predictable intervals.

"It's all very well to say sudden spurts of growth in adolescents are due to an increased presence of the growth hormone," said Pinc. "What we want to know is what stimulates the gland which produces the hormone and why the stimulation occurs."

★ ★ ★

Pinc said one school of thought contends clock-like mechanisms inside the cell control activity and that no outside forces influence stimulation of cells.

Another view says outside forces such as the sun, moon and gravity dictate variations in organic activity. The greatest problem in attempting to prove the theory has been the near impossibility of elimination such outside forces in experimentation.

"By taking advantage of space we get away from the exertion of all earth-bound forces," Pinc said. "We have a virtually empty environment, and if standard biorythmicity occurs we can be relatively sure the cause is inside the cell."

POTATO TESTED

Scientists have for several months tested a potato encased in an aluminum alloy container like the one which will take it into space.

The container is a self-contained unit, capable of measuring the potato's intake of oxygen and expulsion of carbon dioxide to within 12-millionths of a cubic centimeter — less than one-10th the size of a pinpoint.

Pinc and Dan Foster, another scientist, say results of their tests so far tend to back up the theory of outside influence on cellular activity. But they're not drawing any conclusions yet.

3 Legislators Hit in Driving Records Row

LANSING (AP) — A House Republican accused three fellow legislators of compiling "a record of utter dishonor to themselves and this body" in a flare-up over driving records in the House Wednesday.

Even Gov. George Romney's driving record was drawn into the controversy which was sparked by bills to clamp a lid of secrecy on secretary of state's records of driver violation points.

Romney, said Rep. James Del Rio, D-Detroit, was ticketed in 1954 for speeding at 60 miles an hour in a 50 mile zone in Bay City; he was ticketed in Detroit for doing 40 in a 25 in 1957, in Marysville for improper passing the same year, and in Detroit in 1958 for failure to stop for a red light.

TWO SPONSORS

Del Rio was cosponsor—along with Rep. Edward Michalski, D-Detroit — of a House bill to suppress such information.

They said they had been asked by several Wayne County judges to introduce such legislation to prevent companies from using the information to cancel policies or raise rates unreasonably.

They and Sen. Basil Brown, D-Highland Park, sponsor of a similar measure, were the objects of an attack by Rep. Roy Spencer, R-Attica.

★ ★ ★

Spencer said news reports seemed to indicate the Legislature was trying to "prohibit access to public records concerning the membership (of the House and Senate) specifically in the area of traffic violations.

"It is easy to understand this analysis when the introducers of the legislation have compiled a record of utter dishonor to themselves and this body," he added.

Arlington Burial Nixed for War Hero-Red

WASHINGTON (AP) — The Defense Department today barred convicted Communist party leader Robert G. Thompson, who won the Distinguished Service Cross in World War II, from burial in Arlington National Cemetery.

Disclosure last week by Thompson's wife that the Communist leader would be buried in Arlington on Jan. 31 caused a wave of protests from veterans organizations and individuals.

Glue Sniffer Stuck in Jail

A Madison Heights youth has been sentenced to 90 days in the Oakland County Jail after pleading guilty to charges of being under the influence of glue fumes and probation violation.

Serving the jail term is Frederick Gravley, 17, of 1212 E. Guthrie.

Gravley was arrested by Madison Heights police last Saturday when his mother took him to the police station, complaining that he was under the influence of glue fumes and locked her out of the house.

The youth appeared before Madison Heights Municipal Judge Edward W. Lawrence Monday on both the glue fume charge and one of probation violation.

★ ★ ★

Police said that the youth had failed to report to the Oakland County Health Department for periodic treatments as ordered last month by Oak Park Municipal Judge Burton Shiffman.

Gravley also was free on $1,000 bond awaiting trial in Oak Park on a charge of unlawfully driving away a motor vehicle, according to police.

Ask School Committee to Make Opinion Study

BLOOMFIELD HILLS — The board of education wants to know if it's on the right track as far as the community is concerned.

★ ★ ★

"We want a reflection of the community's attitudes and desires so that we in turn can reflect them in our school system," Board President Richard H. McGraw told members of the board's new citizens study committee Tuesday.

His comments were made at the organizational session of the group which was formed as a communications link between school district constituents and the board of education.

The 39-member committee has no connection with the $11-million bond issue to be considered at a special election April 14.

★ ★ ★

"It is a coincidence and not a planned maneuver that this committee is being organized while we are considering a bond issue," board trustee C. Henry Haberkorn III said.

SCHOOL ROLLS

Impetus for the committee's study is a rapidly increasing school enrollment.

With so many new families moving into the district, the board decided it was time to see whether community attitudes have changed.

"We don't say we have any problems — nor do we say we don't have problems," McGraw said, noting that the board would prefer to hear criticism rather than compliments from the committee.

★ ★ ★

The group was asked to aim for a June deadline for its final recommendations.

The committee was given no specific goal, although board members did offer individual suggestions.

Bloomfield Township Supervisor Homer Case was appointed temporary chairman.

Budget Hike Is Proposed by Romney

(Continued From Page One)

grams dotted the spending program:

- $7.4 million for colleges and universities in addition to the $16 million needed to keep pace with growth and costs.
- $10 million to boost per pupil allowance in the school aid program from $255 to $260. Some of this will come from earmarked sales tax revenue rather than the general fund.
- $11.7 million to remove ceilings from the state's aid plan for poorer school districts, also partly paid from earmarked sales taxes.
- $5.6 million as the state's share in Medicare.
- $4.7 million to provide more aid to dependent children.
- $2.5 million to expand veterans' homestead tax benefits.
- $1 million for grants to cities and townships for construction of sewage plants—a move to fight water pollution.
- $2.9 million for various program improvements in mental health.
- $1.2 million to increase community college aid from $275 per student to $300.
- $1.5 million for more state scholarships.

RESTRICTED FUNDS

The governor devoted almost his entire message to the general fund budget.

★ ★ ★

But he pointed out that restricted funds would bring overall state finances to a slightly more than $2-billion operation.

The restricted operations include $374.1 million from gasoline taxes, weight taxes and other sources for the highway program and $348.9 million in earmarked sales tax for school aid.

The governor recommended quickening the pace of state building.

★ ★ ★

He proposed $79.4 million to carry more than 30 major projects toward completion, start construction on 30 more and begin planning another 40.

HIGHER EDUCATION

Higher education, with 70 of the 100 projects and $350 million, would have the bulk of the building dollar.

Each of the 11 colleges and universities would have at least two projects under way.

Mental health would eventually have 20 major buildings worth more than $40 million.

Board OKs Two Elementary Additions

Additions to two elementary schools costing an estimated $640,000, authorization of replacement of three school buses for some $18,000 and a pilot program implementing federal aid to education were approved by the Pontiac Board of Education at its regular meeting last night.

The additions are to be constructed at Herrington and Will Rogers schools.

Richard C. Fell, assistant superintendent - building and staff personnel, said each addition would include a team-teaching facility as well as audio-visual and conference rooms.

Fell said a tentative construction schedule calls for completion of the two additions in time for opening of classes next fall.

Funds for replacement of two 60-passenger school buses and one orthopedic bus are to be appropriated in the school district 1966-67 budget.

TO BE ORDERED AT ONCE

Fell said the buses will be ordered immediately to insure delivery of the vehicles by next September.

A one-day workshop in implementation of the Elementary Education Act of 1964 received unanimous backing of board members.

William J. Lacy, assistant superintendent-instruction and pupil personnel, said the project would be for teachers from and Jefferson junior high schools.

* * *

Faculty members will spend Feb. 9 with an educational consultant from a publishing firm studying instruction in secondary language arts.

Teachers will then lead students at the two schools in a two-week concentrated program aimed at improving reading skills in English, mathematics, science and social studies.

The board and representatives from Pontiac's two teacher groups also gave indication a settlement may be near in their disagreement over use of school mailboxes for campaign literature.

At their Jan. 12 meeting, board members voted against use of the mailboxes by members of the Pontiac Education Association (PEA) and the Pontiac Federation of Teachers (PFT).

* * *

Last week the PFT filed an unfair labor practice complaint with the State Labor Mediation Board because of the ruling.

Last night, however, board members Russell L. Brown and Mrs. Lucille Marshall agreed with PEA and PFT contentions that the campaign literature was being distributed at the schools despite the ruling.

PFT President A. Lynn Westhoven indicated his group would be willing to withdraw the labor board complaint if the teacher organizations and the school board could reach agreement on the issue.

At the suggestion of board member James L. Howlett, the board moved to explore the legal implications of filing of the unfair labor petition before reconsidering their position on the question.

In other business, the board gave official recognition to the the Administrators' Association, which represents the district's administrators in salary and policy matters.

Moderator Put 'Out of Order'

Radio Listeners Hear Unrehearsed Battle

TRENTON, N.J. (UPI) — A bearded college teacher who moderates a controversial radio talk program was knocked off the air last night by two men who crashed into his studio and beat him unconscious while thousands listened.

* * *

Robert Goldman, 36, who raises such questions on his show as "Should the United States Be in Viet Nam?" blamed right wing extremists for the attack. He said he had received five threatening telephone calls in the past week, including one early yesterday in which a man said: "We're going to get you, you commie . . ."

Thousands of listeners in New Jersey and Pennsylvania heard the attack which began when a five-pound door stopper was heaved through a studio window at station WTTM in Trenton. Goldman was alone at the station at the time.

About 2,000 persons called police to report hearing the attack, including moans and the crash of glass. Some heard Goldman saying, "I can't get up, I can't get up."

* * *

The attackers punched him, hit him on the neck with a microphone and kicked him in the mouth, Goldman said.

OFF THE AIR

The station was off the air from 11:30 p.m. until 12:12 a.m. EST.

Police immediately launched an investigation, but the broadcaster said he did not think he could identify the men if the police caught them. He said he never saw them before.

Goldman, who lives in Morrisville, Pa., across the Delaware River, teaches English at Trenton State College and acts in area theatrical productions as well as broadcasting at station WTTM twice a day. On his nighttime show, "Open Mike," Goldman discusses controversial issues with studio guests and with listeners by telephone.

* * *

He said the calls to the program had brown "quite strong" since he discussed the Viet Nam war with a folk singer with leftist views on the air twice last week.

PRETTY ROUGH

"I just told someone at dinner tonight (Wednesday) the tone of these calls was getting pretty rough."

The folk singer, Joe Frazier of the Chad Mitchell Trio, described himself over the air as a member of the W. E. Du Bois Club, a left-wing organization that fourishes on American college campuses.

Goldman told UPI he was alone in the studio, which overlooks the Delaware River in the New Jersey capital, when the attackers entered.

"I thought it was someone coming in to bring me something. As I walked around the console to look through the window, the light in the lobby went out.

"The next thing I knew there was this explosion and a brick (actually a five-pound steel door stop) came flying through the window. I jumped back and somebody grabbed me and started punching me."

S. African Sentenced for Report on Prison

DURBAN, South Africa (AP)—Former political prisoner Robert Harold Strachan was sentenced to 2½ years in jail today on charges of lying about South African prison conditions.

The charge was based on reports that Strachan, a 40-year-old white man gave Johannesburg's Rand Daily Mail last year of alleged brutalities and torture in South African prisons, especially against nonwhite prisoners.

Prize-Winner to Take Wife Along

He Cooks His Way to Las Vegas

By PAT McCARTY

WEST BLOOMFIELD TOWNSHIP — Let a man take charge of a couple back yard barbecues and the next thing you know he's winning prizes.

Which isn't so bad at all if the prize involves a trip for two to Las Vegas; Mrs. Walter Sadoway will be the first to admit.

There's been a lot of good-natured kidding in the Sadoway home at 6612 Aderley lately, ever since the man of the house was named regional winner in a national cooking contest for men.

Mr. and Mrs. Sadoway will leave Sunday for Las Vegas, where he will compete against three other men in the national cook-off of a contest sponsored by the Potato Chip Institute International.

Sadoway, a welding engineer for Progressive Welder and Machine Co. of Pontiac and Detroit, won the state and regional competitions with his recipe for baked potato chip pancakes.

RESEMBLES OMELET

Sadoway's main-dish rimmed pancake is baked in a cast-iron skillet and resembles an omelet. It is cut like a pie and served with a sausage and syrup sauce.

His was among some 179,000 recipes entered in the contest.

Although this is his first contest, 45-year-old Sadoway is no novice in the kitchen.

★ ★ ★

"I've been cooking for 20 years — ever since I got married," he said.

Mrs. Sadoway smiled and sighed, recalling that her husband's creative efforts in the kitchen usually result in dishwashing chores for her.

"He leaves twice as many as I do," she said. "When I cook, it's only a meal. When he cooks, it's a big production."

The hefty Sadoway said he's switched from his former specialties — pies and cakes — and now concentrates his efforts on weekend breakfasts and back yard barbecues.

★ ★ ★

The Sadoways have two sons, Richard, 8, and Mark, 6. Richard has taken a cue from his father and last Sunday prepared breakfast for the family.

BAKING FOR JUDGES

Although his pancakes have been prepared a dozen times thus far in the competition, Sadoway will be baking his pancake before judges for the first time Tuesday.

He admits to a little stage fright but says the baked pancake has never fallen yet, "although sometimes it looks prettier than others."

"I've been practicing three or four times a week," he said, noting he has had help in taste-testing from friends and relatives.

★ ★ ★

Mrs. Sadoway commented that her husband's fame has been a good ice-breaker in their new neighborhood, where they have lived since moving from Bloomfield Township in September.

STAY A WEEK

The Sadoways will stay at the Flamingo Hotel in Las Vegas for a week.

"We always said if we ever took a vacation without the kids that's where we wanted to go again," Sadoway said.

The national champ in the contest will receive $1,000, with the other winners getting $750, $400 and $200.

★ ★ ★

So from here on in Sadoway's bound to be in the money.

Referring to the obvious temptations of the nation's gambling mecca, Sadoway said he hoped he and his wife would be able to bring home at least part of his award.

His prize-winning recipe follows:

Potato Chip Pancakes

3 eggs
⅓ cup milk
⅓ cup flour
¼ teaspoon salt
2 tablespoons shortening
¼ cup thinly sliced apples
1 cup crushed potato chips

Preheat oven to 400 degrees. Beat eggs slightly. Add milk, then combine flour and salt, beating until smooth.

Have shortening heated in a heavy 10-inch skillet. Tilt skillet from side to side so all surfaces will be coated with the oil.

★ ★ ★

Quickly turn egg mixture into hot skillet and sprinkle apple slices and potato chips over top. Bake uncovered for 20 minutes. Remove from oven and pour syrup mixed with bits of fried sausage over top.

FIRST THINGS FIRST — His wife may be packing resort clothes, but Walter Sadoway of West Bloomfield Township wouldn't dream of going to Las Vegas without his own skillet. Not this time anyway. The couple will leave Sunday for a week in Las Vegas, where Sadoway will compete with three other men for the Men's National Cooking Championship title, baking his original potato chip pancakes.

Display Scheduled on Teaching Aids

WEST BLOOMFIELD TOWNSHIP—The newest teaching aids — from citizenship charts to satellite orbit demonstrators — will be on display Feb. 9 and 10 at Keith Elementary School, 2800 Keith.

While all subjects will be covered, emphasis will be on current areas of expansion and study in the Walled Lake School System — new math, reading, social studies and vocational education.

Some 500 educators are expected to visit the display after school hours each day. In addition to Walled Lake, the Dublin, Novi and Huron Valley school systems also will send representatives.

Sunday Event Listed by Brandon Seniors

BRANDON TOWNSHIP—The Brandon High School Senior Trip Club will hold a spaghetti dinner Sunday to raise money for the senior trip.

The dinner, to be held at the school, will be served from 1 to 6 p.m.

Schools Chief Asks to Quit

Lake Orion Board Given Resignation

LAKE ORION — Schools Supt. A. A. Reed submitted his resignation to the Board of Education last night after serving 14 years in that office.

★ ★ ★

All board members were not present so the resignation was taken under consideration to be acted on at the next regular meeting Feb. 9.

Reed, who told the board about three years ago of his intentions to retire this year, asked that his resignation become effective July 1.

The 57-year-old school head came to the district as superintendent in 1952.

★ ★ ★

Prior to that he was superintendent in Nashville from 1936 to 1938. He started his career there in 1931 as a coach and principal before going to Sunfield as superintendent from 1936 to 1938.

COLLEGE WORK

He received his bachelor's degree from Central Michigan University, his master's degree from Northwestern University and worked on a doctor's degree at Michigan State University.

★ ★ ★

Reed and his wife, who teaches in Oxford, have two sons: Jack, who is working on his doctorate at the University of Wisconsin and Tom, who will be graduated Saturday from Central Michigan University.

Reed said he has no definite plans at present for his retirement years.

"I've enjoyed my work here very much," he said, "but I've been talking about retiring for some time and feel that this is the time."

Board OKs Policy on Site Acquisition

TROY — The Board of Education has approved a site acquisition policy which differs only slightly from one suggested two weeks ago by School Supt. Rex. B. Smith.

Instead of allotting five acres of a junior high school site for buildings, parking lots, service drives and landscaping, seven or eight acres will be set aside.

AREA NEWS

Senior high acreage for the same will be increased from 10 acres to 12 or 14.

The rest of the land is set aside for playgrounds.

★ ★ ★

The policy sets forth standards to be followed in determining location and size of the sites, city use of the sites and development of sites.

OTHER ACTION

In other action, the board approved a salary schedule and budget for the adult education and community schools enrichment programs.

Adult education teachers of high school credit courses will receive $5 an hour the first year. Teachers of noncredit courses will receive $4.50 the first year.

Enrichment program teachers will earn $4 an hour, the supervisor of recreation activities, $3.50 and a student assistant $1.

★ ★ ★

The total budget for January through June will be $1,205.50.

STARTING DATE

The community schools program will start the week of Feb. 7 in the Morse School area.

Activities to be offered will be cooking, a story hour, roller skating, knitting, art, arithmetic for fun, baton twirling, after-school study time, leathercraft, science for fun, reading, family night recreation, a model car club and after-school recreation.

Meeting Is Tonight in Teacher Pay Rift

IMLAY CITY — The Board of Education will hold a special meeting tonight to consider the demands by teachers that they be given a $500 across-the-board raise.

The teachers have been at odds with the board since last November when board members refused to grant the pay increase.

The teachers have been boycotting all extracurricular activities. They say they will do so until they are granted some kind of financial consideration.

The salary committee recently demanded other incentives to end the boycott, including extra pay for extra duties, paid insurance and a bonus for this year's teaching.

Fund Drive Is Started for Ortonville Widow

ORTONVILLE —A fund drive has been organized for the widow of James D. Hutchings, 22, of 191 South who died Monday of injuries sustained in a traffic accident last week.

Checks payable to the James D. Hutchings Fund can be sent to Paul Valentino, 2249 Telegraph, or Mrs. John C. Edwards Jr., 2247 Telegraph, Pontiac.

Boy Is Critical After Clothes Catch Fire

SHELBY TOWNSHIP — A 4-year-old boy is in critical condition at St. Joseph Hospital, Mount Clemens, today with third degree burns over 80 per cent of his body.

★ ★ ★

Fire Marshall William Teise said Dennis Southern, son of Mr. and Mrs. Ehmon Southern, 47345 Jeffrey, was playing with a cigarette lighter about 1:30 p.m. and ignited his clothes.

Teise said Dennis, who was playing in the house with his 1½-year-old brother, Mark, and a 3-year-old friend ran across the street to a neighbors where his mother was drying clothes.

He said she apparently tried to smother the flames with a coat but by then he was badly burned.

★ ★ ★

Mrs. Southern told firemen she had only been gone from her house about 10 or 15 minutes.

Medical Training Classes Set to Begin in Oxford

OXFORD — Medical emergency training classes will begin at the high school at 8 p.m. Monday.

The course will cover such areas as basic medical disaster plan, first aid, shock and burns, emergency birth, radiation fallout, hypodermic and blood pressure techniques, isolation techniques, home protection and hospital conversion.

★ ★ ★

The classes are sponsored by the Oxford Civil Defense under the direction of the Oakland County office of Civil Defense.

Friends Talk Slated by Library Director

TROY — Jeanne Lloyd, director of the Baldwin Library, Birmingham, will speak at tonight's meeting of the Friends of the Troy Public Library.

The 8 o'clock meeting will be held at Troy High School, 3179 Livernois. Miss Lloyd's topic will be "Behind the Library Desk in the 1960's."

Independence Twp. Board Buys Site for Area's Third Fire Station

INDEPENDENCE TOWNSHIP — The Township Board this week took a step toward establishment of a third fire station with purchase of a 2.15-acre site at Maybee and Pine Knob roads.

The offer to sell the site, which includes a 3,000 - square-foot vacated school building, was made by the Clarkston Board of Education.

"Our intention is to establish another fire station to give people in that area better protection," said Township Clerk Howard Altman.

"This would give us quicker access to more populated parts of the township."

★ ★ ★

The township presently maintains two other fire stations in Clarkston and at the corner of the Clarkston - Orion Road and Sashabaw.

OKAYS PLATS

In other business Tuesday night, the board approved final plats for Waterford Hill Manor No. 4 Subdivision and Waterford Hill Golf Estates No. 2 Subdivision.

★ ★ ★

Preliminary plans were approved for Edgewood Manor Subdivision at Clintonville and Maybee and Timberline Estates Subdivision on White Lake Road.

Dance permits were granted for Manzella's, 7504 Dixie, and the Platterbox, 6696 Dixie.

Math Classes for Parents

MILFORD — Three classes in modern mathematics for parents will begin next week at Milford High School.

The Huron Valley School System has scheduled the 10-week course from 7 to 9 p.m., offering a choice of three nights.

★ ★ ★

Registration will be conducted during the first class sessions Tuesday, Wednesday and Thursday.

There is a nominal fee.

Firm Will Inspect Water, Sewer Lines

FARMINGTON TOWNSHIP — Engineers at Pate, Hirn and Bogue of Detroit have been designated as official inspectors of new water and sewer lines in the township.

The firm currently serves as consulting engineer for the township.

★ ★ ★

The new appointment was made by the Township Board in an attempt to streamline inspection of new lines, formerly handled by a person hired on a part-time basis, according to Township Clerk Floyd A. Cairns.

Oxford Study Group to Hear TV Personality

OXFORD — Lorene Babcock of television's "Living Program" will speak on "Creative Family Living" at the Tuesday meeting of the Oxford Child Study Club II.

The 9 p.m. program, to be held at Oxford High School, is sponsored by the Oxford Child Study Club I, Oxford Child Study Club II and Lake Orion Child Study Club.

U.S. Post Office

Bidding Due on Holly Facility

HOLLY — The U. S. Post Office Department will seek bids next month on construction and leasing of a new Holly post office, according to Congressman Billie S. Farnum, D-19th District.

The facility is to be located on the northeast corner of First and Maple.

Successful bidder will purchase the property, construct the building according to departmental specifications and lease it to the Post Office Department.

Bidding documents will be available on or about Feb. 1 from real estate officer Paul Bridgmen, Room 914, General Post Office Building, 1401 W. Fort, Detroit.

★ ★ ★

Bids must be returned by 2 p.m. April 1.

PAYING TAXES

The government's capital investment in the unit is limited to equipment, with the leasor paying all real estate taxes.

The local post office has been operated in a leased building at 216 S. Broad for the last 10 years.

More work space is needed inside and more parking area outside, according to Holly Postmaster Robert W. Fagan.

★ ★ ★

He estimated postal employes would have nearly 30 per cent more floor space in the new facility, plus a 7,100-square-foot area for parking and movement of postal vehicles.

The present site has no parking area.

Citizens' Phone Tips Help Chicago's 'Operation Crime Stop'

CHICAGO (AP) — A housewife looked out a window of her Southwest Side home and saw two men hovering near a garage in the dusk of an autumn evening. She telephoned PO 5-1313.

A police squad, alerted by radio, arrived quickly. The men fled. The officers fired a warning shot, collared them and retrieved the loot from a burglary of a nearby house.

Within a week during the recent Christmas-New Year period, calls from three different persons provided police with information for raids on two lottery games and a house where narcotics were stored on the South Side.

Those are examples of how the Chicago Police Department's "Operation Crime Stop" functions.

Supt. O. W. Wilson started it April 13, 1964, with an appeal to all citizens to report crime or suspicion of crime.

"Crime is everyone's business," he said. "We want to enlist the eyes and ears of all Chicagoans."

"Citizens reporting incidents to police," he said, "can remain anonymous if they desire."

Thousands of calls have been made since then. A report on the first 21 months shows that the telephoned tips resulted in 5,273 arrests. They involved such offenses as robbery, rape, burglary, shoplifting, pocket picking, auto theft, purse snatching and deceptive practices.

In some instances, the report said, citizens who saw crimes chased the offenders and captured them — an all the way effort the department doesn't recommend because of the danger.

Phase II of the program, begun in October 1964, is aimed at bringing in organizations, business firms, public utilities and governmental agencies by asking their top officials to pledge the aid of their members and workers.

"We have more than 500,000 cittizens pledged to support Operation Crime Stop," Wilson said.

Phase III, started Jan. 11, seeks cooperation of citizens in cracking down on narcotics, gambling, prostitution and the high-interest loan racket — sources of income for hoodlums and the enduring Chicago crime syndicate.

Wilson, in an over-all review of the police and public partnership, said it has been successful. It helped, he said, to reduce crime rates in 1964 and 1965.

Kansas City, Mo., provides another indicator. A similar project called Crime Alert, will be started there Feb. 1.

Drought Said Worse

TRENTON, N.J. (AP) — State Conservation Commissioner Robert A. Roe says the drought in northeastern New Jersey is worse than ever. He said rains and snow produced only half as much water in the last three months as in a comparable period a year ago.

Reports Professor

Executive Stress a Strain

OMAHA, Neb. (AP) — Know what executive stress is?

If not, listen to Dr. Merrill T. Eaton, psychiatry professor at the University of Nebraska College of Medicine.

He describes stress as hardship, strain, overwork or fatigue, accompanied by excessive or persistent emotional states such as anxiety or anger.

All of this, Eaton said in an interview, can combine to create a real or imagined threat to the person's security or self-esteem.

Eaton says an executive position can interfere with meeting some rather basic human needs.

For instance, maybe a person's competitive drive took him to the top but there he is likely to find competition inappropriate.

Again, a need to please others and have their approval may have sent a person to the top. But the top man can't always please people, says Eaton.

Voting Trend in Fall a Barometer for 1968

Nineteen sixty-six may well be the year of truth for the Republican party if its strength in America's two-party political system is to be restored.

The GOP has a lot of work cut out for it.

As business is resumed on Capitol Hill, the national political box score reads:

★ ★ ★

- **Democrats control the House 293 to 141.**
- **Democrats have a 68-32 margin in the Senate.**
- **Democratic state governors number 33, the GOP's 17.**
- **The Democratic total of 5,000 members of state legislatures is approximately double that of the Republican.**

★ ★ ★

But as the GOP girds itself for an upward climb from its lowest Congressional position since the 1936 landslide of FRANKLIN D. ROOSEVELT, party leaders are full of fight and optimism.

Sensing that a reaction favorable to them has set in across the land, Republicans are eying a minimum of 40 House seats they think can be wrested from incumbent Democrats in the November Congressional elections. Even with the 40, the GOP would lack 37 seats needed for control, but its power and influence would be mightily enhanced.

★ ★ ★

In the Senate, of the 35 members whose terms expire this year, 21 are Democrats, 14 Republicans. To garner the 51 seats needed to control the upper house, the GOP would have to pick up 19 new members in addition to its present total. No one expects this to happen, but a substantial inroad into the Dem majority is confidently expected.

★ ★ ★

Going for the Republicans in the 1966 elections are the potential gains traditionally racked up by the opposition party in nonpresidential elections. Whether the time-honored voting pattern will prevail this year in the face of the many vote-grabbing measures with which the JOHNSON administration has locked in sizable segements of the electorate is a question that only the voters can answer.

But pulse takers of both parties report constituent irritations that may well benefit Republican candidates in the contests ahead. People are complaining about Viet Nam, about some of the operations of the antipoverty program, about civil rights excesses, about rises in living costs. A national poll shows the popularity rating of LBJ at the lowest since his election.

★ ★ ★

All indications are that despite the present low estate of the GOP, the November elections will shape up as a spirited program of races between the donkey and the elephant.

Gas Stations Growing Like Spring Flowers

As sure as the flowers will bloom in the spring, the appearance of a new gas station at any given location will shortly be followed by at least one more of a rival brand.

This is called competition and, says a new study, it has become a "rough, tough and hazardous" kind of competition among the Nation's 211,000 retail dealers scrambling for their shares of the 175 million gallons of gasoline sold daily throughout the United States.

★ ★ ★

Gasoline Prices and Competition reports that an average of 29 different gasoline brands are fiercely competing in every state. The most brands found in any one state was 47; the least, 14.

★ ★ ★

According to the latest American Petroleum Institute figures, California has the largest number of stations — 17,545. At the bottom of the list is Alaska, with only 104.

Surprisingly, the number of service stations in the Country hasn't changed much in the past 10 years but their locations have, as new highway networks have come into being.

★ ★ ★

We've come a long way from the days when a pioneer motorist had to carry a reserve can of gas in case he couldn't find a general store doing a sideline business in catering to the new-fangled gas buggy.

Arms Race Grows in Middle East

By LEON DENNEN

UNITED NATIONS, N.Y. (NEA) — Two American scientists are reported to be working secretly for President Nasser on an Egyptian program to develop medium-range rockets ahead of Israel.

The Israelis, who see Nasser as their mortal enemy, have therefore decided to speed up the purchase of surface-to-surface missiles from France.

Add to this Saudi Arabia's purchase of supersonic jet fighters from Britain and little Jordan's acquisition of some 100 Patton tanks in the United States and you get a fair picture of the arms race in the Middle East.

There is strong evidence that the conflict between the Arab countries and Israel is warming up again. Diplomats are apparently so immersed in their private problems that they give little thought to the new crisis which is brewing on a much-greater scale.

If Viet Nam, Kashmir and Cyprus are precedents, the U.N. Security Council probably will not begin passing peace resolutions on the Middle East until after the shooting has started.

★ ★ ★

It was therefore refreshing for this writer to get the views of Dr. Simon Shereshevsky, Jerusalem's noted peace advocate, who is convinced that there can be a peaceful solution of the Arab-Israeli conflict.

PROMOTE FRIENDSHIP

Dr. Shereshevsky is head of the Ihud Association which was founded 25 years ago in Palestine by two distinguished Americans, Judah L. Magnes and Henriette Szold, to promote friendship between Jews and Arabs.

The philosopher Martin Buber was Ihud's leader until his recent death.

In Dr. Shereshevsky's view, the main causes for growing war tension in the Middle East are the Arab refugee problem and the escalating arms race.

"I therefore propose," he said, "the creation, with the aid of the United Nations, of a combined refugee commission with close and equal participation of Arab and Israeli experts."

ARAB REFUGEES

Every Arab refugee, whether wishing to return to Israel or to be settled elsewhere, should present his claim to such a commission and declare his wishes.

"The main aim of the proposal is the cooperation of Arabs and Israelis in the constructive task of settlement of hundreds of thousands of refugees by repatriation or resettlement," Dr. Shereshevsky said.

The vexing Arab refugee problem, he believes, has been "distorted and falsified." Once it is out of the way, Israelis and Arabs may be enabled to sit down at one table and talk of peace, concessions and their future as friendly neighbors.

Dr. Shereshevsky also urges the establishment of international armaments control through the United Nations, in cooperation with other countries, in order to lift the curtain of secrecy that shrouds the arms race in the Middle East.

Should the Arab states and Israel agree to international control of their arms—conventional and nonconventional—war tension in the Middle East would lessen and a first step toward cooperation between both sides will become possible.

David Lawrence Says:

Economic Forecasts Unreliable

WASHINGTON — How many presidents of large businesses could inform their stockholders 18 months in advance of a specific date exactly how much is to be spent?

LAWRENCE

Yet the President of the United States has just given the country an estimate that on June 30, 1967, receipts in the preceding 12 months will have increased by the enormous total of $11 billion over the previous year and that the budget will show a deficit of less than $2-billion.

Naturally, Mr. Johnson does not do all this forecasting by himself, but is dependent on a lot of financial experts.

The sad truth, however, is that, no matter how conscientious they are, they cannot read the future. They cannot know what will be the ups and downs of business and how much taxes are going to be collected as a result of the business activity in the country.

★ ★ ★

During a period of 20 years—from 1947 to 1966 inclusive—budget receipts of the United States Treasury have been overestimated in exactly half of those years, while budget expenditures have been underestimated in 12 years.

An example of how erratic some of the estimates have been is shown by adding up the deficits and surpluses from 1955 to 1966, inclusive. For those years, the original estimates equaled an accumulated net deficit of $18.4 billion, but the actual figures finally showed a net deficit of $49.5 billion, or almost three times as much as the original estimates.

The last two fiscal years, 1964 and 1965, have run counter to previous experiences. Budget receipts at the end of each of the fiscal years were higher than estimated, and outlays were lower. But, despite all this, the net result was an actual combined deficit of $11.6 billion, against an estimated deficit of $16.8 billion.

It is less than six months now to the end of the current fiscal year on June 30, 1966, but the official estimate now by President Johnson is that the deficit, which he forecast in January 1965 at $5.3 billion, is likely, 18 months later, actually to come to $6.4 billion—an underestimate of more than a billion dollars.

★ ★ ★

The January 1966 estimate for the fiscal year which ends June 30, 1967, may turn out the same way. It may reveal an overestimate of receipts and an underestimate of expenditures.

ECONOMIC TOOL

There was a time when a budget document was regarded as a bookkeeping or economic tool, designed to gauge the impact of federal finances on the economy.

In the past 10 years, however, this has changed drastically, and the estimates of the budget 18 months in advance have become more and more a political weapon wielded by the incumbent party.

President Johnson startled many observers by his announcement that receipts are going to jump $11 billion in the next fiscal year.

It is true that in war years, when huge tax increases are made, this has happened, but never in any peacetime years.

Receipts have jumped considerably at different times, due to sharp increases in tax receipts or immediately after a recession.

But it is surprising to find a presidential estimate of $11-billion increase in receipts in one year after at least three years of continuing prosperity.

Some of the figures, of course, which are placed among expected receipts of the budget are not derived from taxes owed in that same year, but represent accelerated payments.

Instead of letting the corporate taxpayer pay his taxes at the end of a calendar year or fiscal year, as the case may be, a business is expected to pay sums one year that normally it would not pay until the next year.

Likewise, when the coinage is changed and the silver is taken out of quarters and half-dollars, and the metal thus saved is regarded as a "profit" by the federal Treasury, it seems strange to record this as a "receipt" in the same category as other annual levies, when it is a nonrecurring item.

So it's hard to get any idea of whether the federal government is truly approaching a balanced budget or getting farther and farther away from it.

Bob Considine Says:

USO Still Going Strong as 25th Birthday Nears

NEW YORK — Twenty million Americans have donned the uniform of their country since that September day in 1940 when Congress passed the Selective Training and Service Act, the nation's first peacetime conscription, by the margin of a single vote.

CONSIDINE

All 20 million of them at some time had reason to be grateful to the USO, the remarkable organization which will be 25 years old Feb. 4.

No further proof of USO's indifference to political ties can be needed after one points out that the dinner of the New York USO Committee, to be held Feb. 3, has as its chairman Thomas E. Dewey and as its speaker Hubert H. Humphrey.

USO, born 10 months before Pearl Harbor, emerged from the desire of five private welfare agencies, each with a religious background, to provide for the welfare, recreation, morale and morality of the burgeoning U.S. armed forces.

★ ★ ★

Each agency brought to USO a good deal of experience, where the care and feeding of military personnel was concerned.

BOTH SIDES

The YMCA worked both sides of the Mason-Dixon Line during the Civil War. The Salvation Army began serving soldiers during the Spanish-American War. The National Catholic Community Service (via the Knights of Columbus) came aboard during the Mexican border troubles in 1916, the National Jewish Welfare Board joined up in 1917. All five operated separately during World War I.

It was clear to the five agencies that World War II would engulf them separately with its unprecedented call to arms.

John J. Allen, who held the rank of colonel in the Salvation Army, started the unification ball rolling with a call to Francis Matthews, supreme knight of the Knights of Columbus. Matthews contacted Frank L. Well, president of the National Jewish Welfare Board, who called a meeting of the interested parties.

★ ★ ★

Out of it, but not without birth pangs, came USO, headed by Walter Hoving and with office space contributed by Alfred B. Smith, then board chairman of the Empire State Building.

JUST AS NEEDED

The rest is history. Today, 20 years after it was supposed to be buried with fitting ceremonies, USO is as needed as it was at the height of World War II.

★ ★ ★

Since threatened with extinction in 1946, it has deployed its delightful troops and comforting services to U.S. forces assigned to the Berlin airlift, Korea, Lebanon, Cuban crises and Viet Nam.

Communist Way of Life Has No Appeal to Reader

I have read with interest the letters concerning this country's stand in Viet Nam. Coming from a Russian-Slovak parentage and knowing the background of how they live there, I want no part of it. Communism started in Russia and is now in China and North Viet Nam. Their ways of living are diametrically opposed to the standard of life anyone should live, according to God's way.

We are stemming the tide of communism so it does not overrun the world. Lincoln followed God from his mother's knee and saw this country through. We should be turning to the ways of God to see America through this critical period.

Discuss Representation of Latin Americans

Three cheers for Mr. Martinez for putting into writing what a lot of us have been thinking. We heartily agree that Mr. Tom Chavez is not qualified to represent the Latin American community. We have been doing very nicely without him for many years.

Speaking for our family, we have never met with any unfair treatment or prejudice in Pontiac because of our nationality. How about it, Mr. Chavez, by whom were you selected to represent our people?

MR. AND MRS. VINCENT QUINTANA
835 STIRLING

This is to answer recent statements by Tom Chavez. As far as the Office of Economic Opportunity for citizens of this community is concerned, I believe it is a good agency to aid those less fortunate than some of us. Tom Chavez stated that he represents the Latin American community of this city. As an American citizen of Latin ancestry and resident of this city for 20 years, I believe he is misleading the leaders of this community into believing such statements.

★ ★ ★

I served the United States Air Force for six years and have worked as a missile field technician seven years as a civilian. I have never required the assistance of a Latin American representative.

★ ★ ★

Tom Chavez must prove himself first to lead an ethnic group in a community as a whole. I agree that every leader should do his best, but in order to carry the great society to summit it takes the sincerity and true leadership of every leader.

Are We Giving Away Freedom to Worship?

Many churches are speaking of a renewal of their responsibilities in the coming years. We are told of present restrictions and more to come. No country lasts long as a great country without God. The free worship of God was taken away from some people, but are we in America giving it away? Is it religious freedom when you are told you cannot do certain things about your worship of God because you are forcing your thoughts on others?

Explains Insurance on Uninsured Drivers

The purpose of insurance against uninsured drivers is coverage to pay all sums which you may be legally entitled to recover as damages from the owner or operator of an uninsured automobile which accidentally causes bodily injury or death. A hit-run car is regarded as an uninsured automobile. This coverage applies even though you are not in an automobile when injury occurs, for example, while walking or bicycling.

The law provides that you have the right to reject this coverage by making a written request. For a nominal fee of $9 a year, both my husband and I have this additional protection. Some hit-and-run drivers are never apprehended and it isn't worth the risk to be without the coverage.

Comments on Deer Hunting in Michigan

In the section where I go deer hunting I have seen the hunters' success drop steadily. Let's face it, good deer hunting is gone now and for years to come, unless they ban the doe seasons.

★ ★ ★

If there are approximately 500,000 deer hunting licenses sold at $5 each, that's quite a sum. If doe seasons were abolished I would guess there would be at least 20 per cent fewer licenses sold. That's quite a bundle. It all boils down to one thing and that is the almighty dollar.

ROBERT BARCOME
LAKE ORION

It's a shame that when I take my family to Northern Michigan on vacation we have to go to private land or so-called animal lands to see deer. Conservation Department says antlerless deer have to be taken or they starve. How come there are so many deer on private land? I know a lot of private landowners don't feed the deer.

★ ★ ★

I believe it's time for a change. Let the management go back to the State, stop this slaughter, or let the people vote if they want it or not.

NORTH WOODS VACATIONER

The power grab going on in our state is a grave threat to the future of Michigan conservation. An examination of the leading proponents of legislative control of the conservation department would raise certain doubts.

★ ★ ★

Senator Mack, who recently called for a moratorium on the doe and fawn killing and claims to be vitally concerned with the future of our natural resources, is in reality the same senator responsible for taking the teeth out of the water pollution bill allowing mining interests in the U.P. to pollute streams and rivers. Would he be just as willing to sacrifice the deer herd to benefit the lumbering and paper industries? Senator Carl O'Brien has admitted never having hunted deer; yet he chairs the conservation committee. The manner in which he conducted recent hearings on deer hunting would indicate his main interest is the votes of unsuccessful deer hunters.

★ ★ ★

Representative E. D. O'Brian introduced the bill to take control away from the conservation department. This man has already shown his lack of respect for the State's traffic laws. Is this the type of person you could trust to control the conservation department? Working through local sportsmen's clubs and for the conservation department itself would be a better and more logical choice than relying on a politician to do the job.

At Lansing Dinner

Auto Heads May Reveal Safety Moves

LANSING (UPI)—The presidents of the big four auto companies are expected to make major new traffic safety suggestions at a dinner tonight called by Gov. Romney and legislative leaders.

★ ★ ★

The unusual dinner meeting, featuring talks by the auto presidents, follows a call by Romney for a "war on Michigan's appalling traffic accident problem."

Secretary of State James M. Hare said he hoped the meeting will provide additional guidelines for making Michigan, the auto production capital of the world, a showcase for traffic safety.

"Michigan's highway safety program needs involvement and cooperation by many groups and individuals," Hare said. "It is hoped that this dinner and program will help to bring about needed unity in the safety movement."

★ ★ ★

Presidents of the four auto companies—Roy Abernathy of American Motors Corp.; Arjay Miller of Ford Motor Co.; James M. Roche of General Motors and Lynn A. Townsend of Chrysler Corp.—will speak on separate aspects of dealing with traffic safety problems throughout the United States.

TRAFFIC SAFETY

Abernathy, president of the Automobile Manufacturers' Association, also will speak for the association on the auto industry's attempts to wrestle with the problem of traffic safety.

Miller will discuss driver education; Townsend, compulsory motor vehicle inspection plans, and Roche on traffic enforcement problems.

Romney, who two days ago made 21 traffic safety proposals in a special message to the state legislature, will also speak.

★ ★ ★

Other speakers include Carl Buchanan, chairman of the Michigan Highway Users Conference; August (Gus) Scholle, president of the Michigan AFL-CIO, and Dean Pridgeon, vice president of the Michigan Farm Bureau.

300 PERSONS

About 300 persons, including lawmakers, traffic safety experts, law enforcement officials, and auto industry representatives are expected at the dinner.

Reported highway deaths in Michigan for 1965 now stand at 2,131, the highest in 24 years and just two short of the second worst toll in state history.

There also were reported a record high 157,000 highway accident injuries and a record 318,000 accidents during 1965.

During the legislative session prior to the meeting, state Sen. Roger Craig, D-Dearborn, is expected to introduce a bill to require companies to provide additional mandatory safety equipment in new autos.

REQUIREMENTS

Craig said he will seek legislation to require the installation of popout windshields, heavily padded dashboards, breakable steering wheels, a warning system that will remind motorists to buckle seat belts, and possible legislation to limit horsepower.

The Dearborn lawmaker, whose district lies in the heart of the Ford Motor Co. complex, has been critical of alleged shortcomings in new car safety features.

Pay Officials More or Gripe Less---Ferency

DEARBORN (AP) — Democratic State Chairman Zolton Ferency said Wednesday night Michigan citizens "can pay their public servants a little more — or complain a little less."

★ ★ ★

Speaking to the Dearborn Democratic Club, Ferency said private employment offers higher wages and greater job security than ever before, making government employment less attractive.

★ ★ ★

This, he said, has led to "a constant and ever - growing shortage of public personnel with the skills necessary to carry forward the many new governmental services and programs designed to meet the increased and special needs of people."

11 Crime Bills Introduced in State Senate

LANSING (AP) — A package of 11 "war on crime" bills including the so-called "stop and frisk" proposal was introduced in the Senate Wednesday by Sen. Raymond Dzendzel, D-Detroit.

Dzendzel cited an FBI report that the crime rise in Detroit last year was the highest of any major city and said, "Michigan's crime situation is not normal."

★ ★ ★

He acknowledged his proposals "will not solve any of our social problems; however, they will help to provide assistance to law enforcement agencies."

★ ★ ★

The "stop and frisk" law would permit a policeman to stop and question anyone he reasonably suspected was committing or about to commit a crime. If the officer believed he was in danger, he also could search the suspect.

POLICE ORDERS

Dzendzel also proposed it be unlawful for three or more persons to assemble publicly to do anything illegal. It would also be unlawful for such a group to disobey police orders to disperse.

Other Dzendzel proposals would make it unlawful to:

—Flee from an arresting officer.

—Assault a known police officer.

★ ★ ★

—Sell, possess or use a switchblade knife.

—Quit school before age 17 instead of 16 as at present.

ALSO PROPOSED

He also proposed:

—Mandatory suspension of a driver's license for 30-90 days upon a first drunken driving conviction and mandatory revocation upon a second such conviction.

★ ★ ★

—Regulating use and possession of firearms by private police.

—The state pay prosecution costs relating to crimes committed by state inmates.

—Permitting probate judges to authorize use of names of juveniles involved in felony hearings and requiring such hearings be open to news media.

Sheriff Nabbed Bandit During Timely Stroll

BROWNSBORO, Tex. (AP) — Sheriff J. T. Browodaw walked by the First State Bank here at the wrong time for a 24-year-old Athens, Tex., man's future.

The law man saw something moving inside the bank. He arrested a man who was laboriously chiselling his way through an 18-inch wall to the bank safe.

Big Mac Proposal Sent Back for Study

LANSING (AP) — The Mackinac Bridge refinancing bill went back to committee Wednesday, but Senate leaders promised the measure would be brought back for action later.

Democratic and Republican caucuses agreed to send the measure to the Appropriations Committee, where indications are it will undergo major changes.

The bill had been headed back to the Highways Committee after a 90-minute partisan floor fight Tuesday. But that action was thrust aside Wednesday after minority Republicans agreed to recommittment.

Chief of Police Must Solve This Burglary

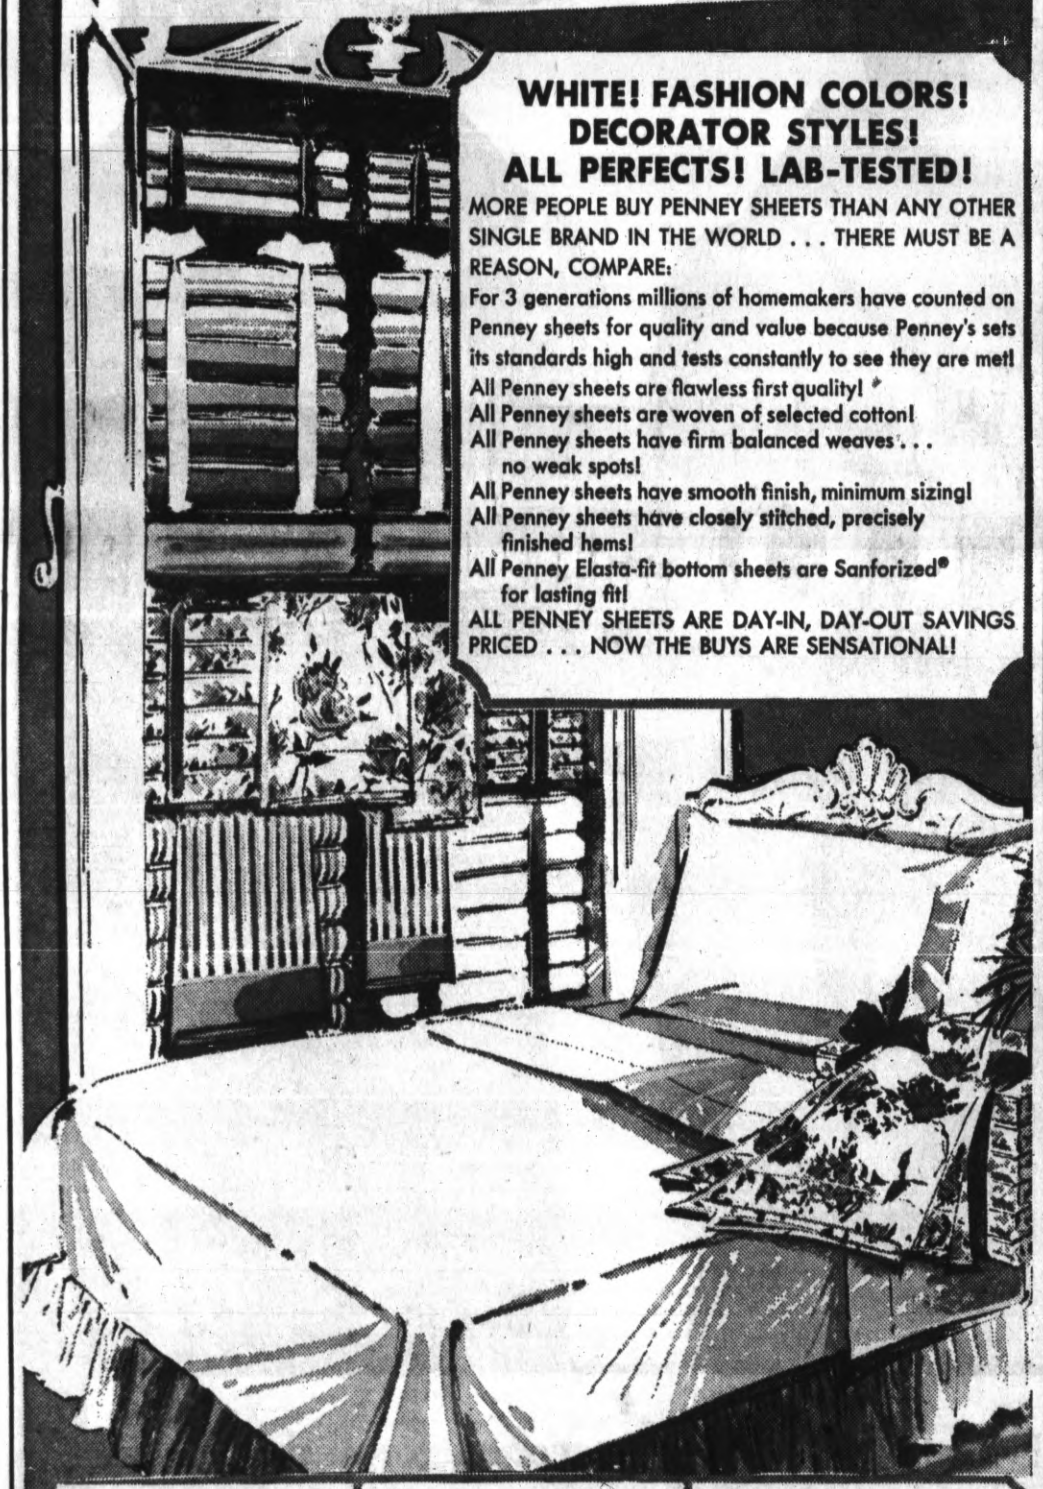

DARTMOUTH, Mass. (AP) — Chief of Police Manuel V. Medeiros is working particularly hard on a burglary case reported at a home in South Dartmouth. Thieves broke in while the family was on an outing and stole more than $600 in goods and cash.

The house broken into was his own!

Yanks Face Many Enemies in S. Viet

INJURED GI — NEA's Tom Tiede (right) and an unidentified lieutenant aid Jack Chang, a GI who was kicked and stabbed in a Saigon bar.

By TOM TIEDE

SAIGON, Viet Nam—(NEA)—The war is closing in on this capital city, and many discouraged GIs can't tell one enemy from the other.

There are the Viet Congs.

And there are the Viet Cons.

The former are politically on the other side of the rice paddy and the latter are there socially. Both are dangerous.

★ ★ ★

Ask Jack Chang, for example. He's an Hawaiian trooper with the 1st Infantry Division. He was in a Saigon bar when a couple of shady Vietnamese suddenly attacked him with a bottle and a blade.

'WHAT HAPPENED?'

"What happened?" a lieutenant asked him later.

"They kicked hell out of me," the beaten man groaned.

"How many?"

"Six of them . . . hit me with whisky bottles."

"What about the wound in your leg?"

STABBED

"I think they stabbed me there."

"Why did they do it?"

"God, I don't know, sir."

"Did anybody try to help you?"

★ ★ ★

"You kidding? I was the only GI here. Nobody helps a GI."

SKULL FLESH

Chang, a three-inch flap of flesh hanging from his skull, echoed the sentiments of a growing number of his fellows in this country.

The feeling is, simply, that Vietnamese citizens are looking out for themselves and that an American in trouble is in it alone.

And, increasingly, Americans are getting into trouble.

The bunco artists shade them, the bar girls bleed them, the businessmen cheat them and the bandits rob them.

ORIGINAL ENEMY

And, if that isn't bad enough, the original enemy in this war—the Communist guerrilla — is now stalking the U. S. serviceman day and night, along the boulevards or in the billets.

VC terrorist incidents are at an all-time high.

"A soldier," says one noncom, "just isn't safe anywhere nowadays."

The worry is multiplied by the galling apathy shown by Vietnamese officials — especially police.

FOREIGN CRY

They seem uncertain and unwilling, and often do an about-face when a foreign cry for help is given.

A Yank in the Marine Corps city of Da Nang, for instance, recently lost his field pack to a sticky-fingered Vietnamese army sergeant.

Although caught with his hands inside the pack, the soldier denied the accusation and other members of his unit backed him up. Stymied, the American asked passersby for aid but received only laughter.

"This man stole my bag," he yelled to a Vietnamese M.P.

"No unnerstand," the M.P. responded.

'ARREST HIM'

"Him. I want him arrested."

"No."

"Then at least give me his name and address."

"No."

"Won't you help me at all?"

"No unnerstand."

After 30 minutes of futility, the sergeant walked away to rob somebody else and the Yank felt fortunate to at least be left holding his bag.

The example is hardly uncommon, and the cops are not the only ones showing lack of concern.

A soldier mugged in a taxi, or robbed in a villa, or jumped on back street, will get little help from any of the populace.

Says one frightened American: "I made a test one night. I stood in the alley behind my apartment and screamed five times . . . 'Help, help, help, help, help!' Not even a window curtain parted. My neighbors couldn't have cared less."

UNPUBLICIZED PROBLEM

The unpublicized problem is beginning to fester and GI morale is dipping accordingly.

As a bleeding, confused Jack Chang wondered:

"Whose side are these people on, anyway?

Brain Tissue Acts as Caretaker

By Science Service

LOS ANGELES — The role of nonnervous brain tissue has been largely unknown, but research at the University of California at Los Angeles, suggests that it has a caretaker role, repairing brain damage and serving as a supply depot in brain emergencies.

Drs. David Maxwell and Lawrence Kruger of the UCLA Medical School have probed the tissue, known as neuroglia, with a powerful electron microscope. Their studies have helped to define functions of the tissue.

Neuroglia serves as support for the neurones, electrically active cells of the brain. Additional roles have not been clearly established.

Evidence obtained suggests that neuroglia also helps form scar tissue and is concerned with laying down of myelin, the protective sheath enclosing nerve fibers. Scientists studied repair function by inducing radiation injury in rat brains and examining damaged areas with the electron microscope.

★ ★ ★

In other studies they obtained evidence that when oxygen supply to the brain is temporarily interrupted, emergency supplies of energy sources (glycogen) may be obtained from neuroglia to nourish neurones. These supplies apparently are used rapidly and are adequate only for little more than a couple of minutes.

Taxes collected by state and local governments in the U.S. during the 12 months ending with June 1965 totaled $51.6 billion, an increase of $3.8 billion over the previous year.

OK Nonstop Detroit-California Flights

WASHINGTON (AP) — The Civil Aeronautics Board Wednesday granted three airlines — American, Trans World and United — equal authority to operate nonstop turn-around passenger service between Detroit and Los Angeles, San Francisco and Oakland, Calif.

The board said the airlines could carry cargo on the passenger flights, but could not operate all-cargo nonstop service between Detroit and California.

The new authority goes into effect March 28.

PLANNING — Sister Mary Xavier, administrator at St. Joseph Mercy Hospital, shows E. M. Estes (left) blueprints of new buildings that will be constructed in the hospital's $6,500,000 expansion and modernization program. Looking on is Bernard R. Tresnowski, assistant administrator. Estes, a General Motors vice president and general manager of Chevrolet Motor Division, is chairman of the building fund which is in the midst of a campaign to raise $3.25 million toward the cost of new construction.

Local UAW Officials to Attend Confab

The presidents of Pontiac's three major UAW locals, along with their shop committeemen and delegates to the General Motors Sub-Council, will meet in Washington, D.C., Feb. 8, 9 and 10.

Union officials at General Motors Corp. plant throughout the nation will be on hand for the GM Sub-Council and conference meetings.

John B. Maye, president of UAW Local 653, will head the Pontiac Motor Division union delegation.

Robert White will head the UAW Local 594 delegation from GMC Truck & Coach Division.

Leading Local 596 at Pontiac Fisher Body Plant will be Donald Johnson.

SOLONS ON HAND

On Feb. 8, senators and congressmen will be on hand to take part in the general meetings.

The skilled trades, engineering and production workers' problems will take up the time of the subcouncil Feb. 9.

The afternoon of Feb. 10, issues and negotiation patterns will be brought out in relation to the next bargaining sessions with General Motors.

★ ★ ★

The Feb. 9 session is expected to take up the question of the Society of Skilled Trades (SST), and that group's current attempt to regain its former membership of 50,000 skilled tradesmen.

RECRUITING DRIVE

The SST, headed by President Joseph Dunnebeck, has been reorganized, and a concerted drive has begun to recruit skilled workers from the UAW.

Dunnebeck claims the UAW has failed to gain wage and fringe increases for skilled workers comparable to those gained for production men.

It has been estimated that cancer of the colon and rectum will take the lives of 43,000 persons in the United States in 1966.

St. Joseph Fights Emergency Dept. 'Ills'

Accidents are not restricted to any one season of the year, or to any hour of the day or night.

They happen suddenly, any time—at home, on the highway, at the office or shop, or on the playground.

When they do, it is usually up to the emergency department of the modern community hospital to supply the pound of care needed because of failure to heed the rule about the ounce of prevention.

During 1964, a total of 25,174 patients were given emergency treatment at St. Joseph Mercy Hospital.

This is an average of 69 patients a day, or approximately three per hour throughout a 24-hour day. The emergency department never closes.

NEATLY SPACED

If patients were so neatly spaced—three to the hour—St. Joseph's emergency service would be busy enough.

But that is not the way things work out in actual practice. There may be no patients at all for a time; then suddenly a rush of sick and injured — all needing immediate attention.

In some instances even a slight delay may mean loss of life or limb.

Shock, one of the most serious complications of severe injury, must often be combatted by giving blood or plasma transfusions.

Large quantities of supplies—bandages, splints, sterile instruments, oxygen and anesthetics—must be kept on hand, together with many drugs and medicines.

Most important of all, highly trained personnel must be present and ready to go into action at a moment's notice.

Doctors and nurses at St. Joseph have been meeting emergencies, but their task is made difficult because of the limited facilities at their disposal.

★ ★ ★

To attain the peak efficiency that is so important at crucial times, an emergency unit has to be big enough and well enough arranged so that members of the staff do not get in each other's way when they are treating patients.

PRESENT SERVICE

The present emergency service at St. Joseph falls short of this requirement. It was not even big enough 10 years ago, when it was treating only about two-thirds as many patients as it does now.

One doctor describes the situation as "disturbing . . . a bad state of affairs."

Another says, "If we were suddenly called on to care for a large number of people as the result of some catastrophe . . . we would simply be swamped."

The emergency section now shares facilities with the outpatient clinics and has only about one-fifth of the space it needs. Such a situation creates cross-traffic and confusion, and makes it difficult for doctors and nurses to do their best at a time when top performance, without delay, is urgently needed.

NO WAITING ROOM

There is no waiting room, and patients as well as relatives have to wait in the hallway.

There is no place from which police or firemen can telephone their reports, except the nurses' station, and newspaper reporters often want to use the phone there, too.

Patients who must be admitted to the hospital for bed care are sometimes lined up on stretchers in the corridor because there is no other place where they can be kept until a bed is available.

★ ★ ★

These and other shortcomings will be remedied in the hospital's new emergency department which is part of the expansion and modernization program now under way. The new unit will have ample space, and will be arranged for smooth, efficient operation.

CAST ROOM

It will have five treatment rooms and a separate cast room for immobilization of fractures.

There will be one waiting room for ambulatory patients and a separate one for relatives of patients.

Britain's Chronic Debtors Still Face Prison Threat

LONDON (AP) — If you still read Dickens and squirm at old movies showing squalid debtors' cells, you should know that English judges still send thousands of people to prison every year for failure to pay debts.

Judges now are more lenient than in Dickens' day, even if some of the creditors are not. Judges first use the threat of prison as a deterrent for chronic debtors. The system is to threaten the debtor with jail first and then, through him, put pressure on wife, relatives and friends to find the money to save him.

★ ★ ★

An expert who recently investigated the situation reported:

"Every day in every county court in England hundreds of judgments are heard in which creditors seek to enforce payment of judgment debts, even to the point of having the debtor committed in prison. Every year county court judges make approximately 100,000 committal orders, out of which some 7,000 debtors actually spend an average of 16 days in prison."

The Debtors Act of 1869 was popularly believed to have ended the era of the debtors' cell, but the expert added:

BAD OLD DAYS

"The bad old days are not gone forever. But today, if a court is satisfied that the debtor has the means to pay but will not pay the judgment debt, the court at the instance of the creditor must hold the debtor to be in contempt of court and imprison him for a maximum of six weeks. The contempt is purged only by payment of the debt."

The process is fairly uniform. A debt collector enters the witness box and tells the county judge what the debtor's position is, where he works and what he earns. The judge looks into a record book indicating the amount of the debt and when the debtor was ordered to pay. The debtor, and frequently his wife, relates the travails of their household. If it becomes clear that the troubled family still should be able to pay, they are ordered to do so.

The law demands in such circumstances that the debtor should be imprisoned. But the order committing him is suspended if the debtor pays the arrears plus the court fees in perhaps three monthly installments. In most cases this works.

But then the debtor is apt to be in debt to get out of debt. As one judge put it, the poor guys "paddle all their lives ankle deep in debt." This judge had sympathy even for chronic debtors and thought social reformers should do something.

★ ★ ★

"One can only hope for the day that England will follow the example of other civilized countries and at least do away with the judgment summons and imprisonment for debt," he said.

Married Men Talk Less; Wives More

ITHACA, N.Y. (AP) — A Cornell University researcher who studied 800 married couples in Syracuse says married men are becoming quieter, meeker and less demanding.

★ ★ ★

And, says Prof. Harold Feldman of the State College of Home Economics, married women are becoming more talkative and aggressive. Feldman said similar research will have to be done in other parts of the country to produce a representative picture.

Abby Tells New Bridegroom, Listen to Wife's Complaint

By ABIGAIL VAN BUREN

DEAR ABBY: I have been married only three weeks and already I have a problem. I work in a warehouse and we aren't allowed to smoke on the job, so I chew tobacco.

ABBY

Doing heavy work, I sweat a lot. When I come home from work and go to hug and kiss my bride, she pushes me away and says, "Go brush your teeth and take a shower; you smell terrible!" How is that for a welcome home?

I say if she really loved me she wouldn't care how I smelled. She says if I really loved HER I wouldn't come near her smelling like that. A big fight follows, and even after I clean up I wouldn't go near her if she got on her knees and begged me to.

So it's been five days and I haven't gone near her. Am I wrong, or is she?

BIG JOE

DEAR JOE: You're wrong. She loves you, but tobacco breath and perspiration are enough to wither any passion flower.

So in the future, when you come home from work, head straight for the shower. Scrub up and wash out your mouth. (And a little men's deodorant and cologne wouldn't hurt, either.)

Then take her in your arms and see what kind of welcome you get.

DEAR ABBY: For years I had a wart on my finger. It didn't bother me much except when I'd catch it on something. Then it would bleed. But it never really hurt me or anything like that.

Well, I was at a neighbor's one afternoon and her mother was visiting her. She noticed the wart on my finger and told me if I wanted to get rid of it I should tie three knots in a piece of string and bury it in my yard. And when the string rotted, my wart would go away.

Abby, I did what she told me to do, and within three weeks my wart was gone. How can you explain this? Nobody believes me.

SYLVIA

DEAR SYLVIA: There is no scientific explanation for some of the "cures" that seem to work. The removal of warts is a medical problem.

There's no harm in burying a piece of string in the yard, providing one doesn't bury the string INSTEAD of seeing a doctor.

Players Call for Actors

Auditions for the Lakeland Players production, "The King and I," will be held Sunday at 3:30 p.m. in the CAI Building.

Besides the major singing roles, many smaller parts will need to be filled. There is a special need for children.

Anyone interested may obtain information from Kay Lewis and Pati Wilkinson or attend the tryouts.

To Install Officers

There will be an installation of officers for the Menscola Guild of Lourdes today at 7:30 p.m. in the nursing home on Watkins Lake Road.

Mrs. Robert Eisele is the group's newest member.

★ ★ ★

Mrs. John Collison, program chairman, introduced the speaker, Mrs. F. Hugh Warner, who spoke on "Sex Education of Children."

Child Study II

"Developing a Self-Concept" was the discussion topic when Waterford Child Study Club II met recently at the Forest Street home of Mrs. Gordon Keller. Mrs. Gerald Irish was cohostess.

Mrs. Warren Cleven and Mrs. Charles Cullen were in charge of the program.

★ ★ ★

The next meeting will be Feb. 28 at the home of Mrs. Fred Barnfather on Lorberta Lane. Speaker will be Judy Ayle, vice president of the Michigan Child Study Club.

Girl Wants to Impress His Family

By The Emily Post Institute

Q: I have just recently become engaged to a man whose family live in another city. His mother has written me a very nice letter and has asked me to come and visit them.

I plan to go this coming weekend with my fiance. They are complete strangers to me and the thought of meeting them is giving me a bad case of the jitters.

I do so much want to make a good impression. Will you please tell me how to be a composed and well-behaved house guest? It is so important.

A: The very first advice is to forget the word "impression." To think too intently about what they think of you is the one way to make you self-conscious and tense and ill at ease.

If you keep in mind that they are probably just as nervous about your impression of them as you are about theirs of you, that may help.

As for advice as to how to be a perfect house guest, whether you are staying with in-laws-to-be or anyone else, perfection will be measured by your ability to adapt yourself easily and quickly to the ways of the family.

And if you try to be responsive and good tempered and appreciative of whatever effort they make to please you.

CLOSE RELATIVES

Q: I spent last weekend at the house of my niece and her husband. I know it is customary when spending a night in someone's house to write a bread-and-butter letter to the hostess, but I would like to know if this formality is necessary when staying with close relatives.

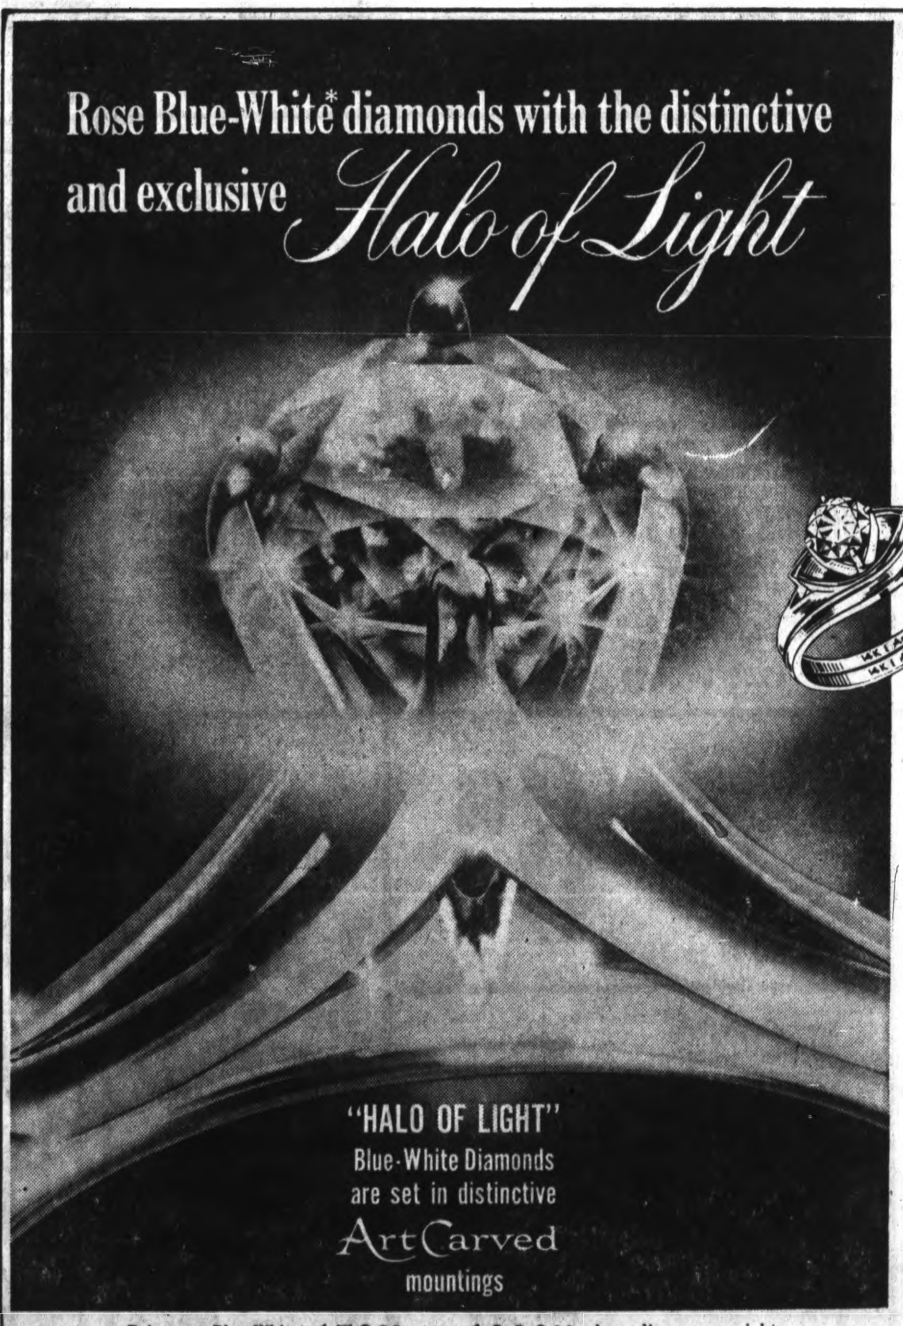

A: You should write, or telephone, to let them know that you arrived home safely and say how much you enjoyed your weekend with them.

FORMAL INVITATIONS

Q: When sending out handwritten third-person invitations on double fold note paper, should the invitation be written on the first page or on the inside page?

A: On the first page.

Polly's Pointers

Snaps That Bind

DEAR POLLY — If the children's hats and caps seem hard to find or fall on the floor in the hall or closet, place half of a large dress snap on the strap or tie and the other half on the child's coat, perhaps on the inside by the top button. Snap the cap to the coat and it is always at hand. — MAFALDA

DEAR POLLY — When knitting children's sweaters, use double yarn in the elbow section for added strength. This gives double wear where it is needed most. — HILDEGARDE

DEAR POLLY — I wonder how many of the readers who sew have discovered the many practical uses of ordinary bandage gauze. I use it to repair or reinforce sheer materials such as curtains and blouses. It is wider than seam binding and therefore easier to use.

This gauze is easily dyed any color, stretched to a bias or folded to reinforce the material on which a button is to be sewn. There is nothing like it to hem lace. One note of caution: it should be preshrunk if the article on which it is to be used will be washed. — MRS. W. M.

Drinking Enough Water?

Even under normal circumstances—much less a drought—most people simply don't drink enough water, a nutrition expert cautions.

★ ★ ★

Everyone needs at least two quarts a day, more on warmer days, or else runs the risk of "dehydration which can result in fatigue, lassitude, headaches, sullenness and — in extreme cases — collapse," says Dr. Charles Glen King of Columbia University's Institute of Nutrition Sciences.

★ ★ ★

And water is NOT fattening — "there isn't one calorie in a full reservoir."

September vows are planned by Patricia L. Mach, daughter of Mr. and Mrs. T. E. Mach of Indianwood Drive, Orion Township, and Donald Joseph Trautman, son of the Joseph P. Trautmans of Ste. Genevieve, Mo. She is a junior at Michigan State University. Her fiance, a graduate of Southeast Missouri State College, holds a master's degree from Central Michigan University.

In China, a gift of a package of handerchiefs was always particularly treasured, because they are used so close to the face.

Miss Woodcum Wed to Fred A. Bradley

A reception in the Oakland County Sportsmen's Club followed the recent vows of Suzette Marie Woodcum and Fred Allen Bradley in the Williams Lake Church of the Nazarene.

★ ★ ★

Parents of the newlyweds are Roger Woodcum of Clarkston, Mrs. Lois Woodcum of South Shore Drive, and the Joseph Bradleys of Bridge Lake Road, Springfield Township.

PEARL CORONET

Chantilly lace highlighted the bride's gown of white organza over taffeta, styled with cathedral train. A pearl coronet held her bouffant illusion veil.

★ ★ ★

During the afternoon rite performed by Rev. Paul Coleman, she held a bouquet of white carnations and lilies of the valley.

★ ★ ★

Honor attendant was Modest Woodard along with bridesmaids, Cathy Moon, Julie Jenks and Linda Olson.

Robert Bradley was best man. Phillip Ballard, David Roy and Edward Jenks seated the guests.

★ ★ ★

After a Niagara honeymoon, the couple will live in Clarkston.

Diane Dudley Speaks Vows in Rochester

A reception in the Rochester home of the Robert M. Dudleys followed the recent marriage of their daughter, Diane, to Benjamin T. Burkland Jr., in St. Paul's Methodist Church, Rochester.

Mr. and Mrs. Benjamin T. Burkland of Troy are parents of the bridegroom.

COSTUME SUIT

An open-crown veiled pillbox complemented the bride's winter white wool knit costume suit. She carried a semi-cascade of red-tipped white carnations.

★ ★ ★

Mr. and Mrs. John Smith attended the couple at the rite performed by Rev. J. Douglas Parker in the presence of the immediate families.

★ ★ ★

After a brief honeymoon, the newlyweds have resumed junior year studies at Oakland University.

Showers for Miss Grove

Kathleen Irene Grove was honored at a bridal shower Tuesday evening in the home of Mrs. Michael Rogers of Aquarina Drive, with Mrs. Harold Grove as hostess.

Mrs. William White of Birmingham also honored the Saturday bride-elect at an evening shower. Mrs. Douglas Williams of Davisburg assisted the hostess.

★ ★ ★

Sharing hostess honors at a recent shower in the home of Mrs. Loren Hutchkiss on Sashabaw Road were Mrs. Lyle Hotchkiss, Mrs. Roger Jacobs of Ortonville and Mrs. Daniel Carter.

A dinner in Harvey's Colonial House on Friday will follow the church rehearsal.

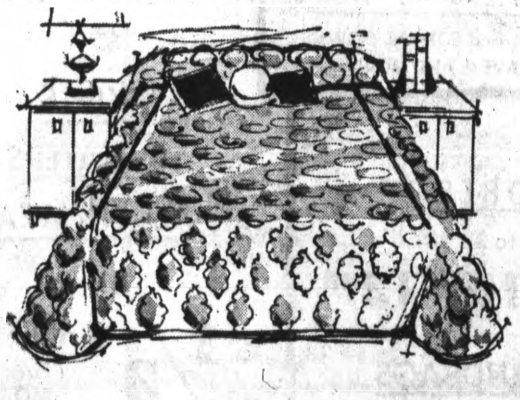

Miss Grove is the daughter of Glenn Grove of Woodlow Street and Mrs. Joseph Corte of East Tawas. Parents of her fiance, Lee Raymond Hotchkiss, are Mr. and Mrs. Roy E. Hotchkiss of Sashabaw Road, Brandon Township.

Bequest Is Her Dilemma

LA MESA, Calif. (AP) — Mrs. Diane Clare Hamren has received an inheritance from her grandfather which could vary from $500,000 to as little as $30,000 — depending on what she does with it. She has been bequeathed 31,050 half dollars specially minted for the 1935-36 California Exposition.

Currently, each coin has a value of $15, making the inheritance worth $500,000. But if she should dump all the coins on the market at the same time, coin dealers say, the value would slump and they would probably only be worth $1 each by the law of "supply and demand."

Story of Silver

The association of silver with weddings is almost as old as marriage itself. Even before wedding rings became symbols of matrimony, couples sealed their vows by breaking a silver coin in half, with each partner keeping a half. Even today, sterling silver flatware is the traditional gift to the bride from her parents.

Suicide Success

In the United States, men commit suicide almost three times as frequently as women. Women make more unsuccessful attempts.

Junior Editors Quiz on ELECTRIC CURRENT

QUESTION: What is the difference between direct and alternating current?

★ ★ ★

ANSWER: Direct current (D.C.) and alternating current (A.C.) are two different ways an electric current can pass along a wire. In a car (top of picture), many electric mechanisms operate by direct current.

This is produced in the car by its electric generator (some of the newer cars have alternators, generating A.C. which is then turned into D. C.)

The direct current, when turned on, moves in one direction around a circuit inside the car, operating such things as lights and the ignition system as it does so. A.C., the other kind of current, is that almost always used to bring electric power to our houses (center).

Here, the current produced in a generating plant flashes around a large circuit at inconceivable speed, supplying power to houses, towns and cities as it goes.

It keeps on whizzing around in the same direction until it has built up its power as far as it can go, keeping on while its power decreases to the zero point.

Then the current flow reverses itself, and now, as our simplified diagram suggests, it flows back along the path it came, whizzing round and round until it reaches its maximum and sinks to zero again.

With this reverse movement complete, the current has made one cycle. Home current has 60 such cycles to the second.

★ ★ ★

FOR YOU TO DO: This is a difficult subject to understand, but it is a most fascinating and important one, since we are living in an electrical age. Save this article for your science scrap book or ask your science teacher to explain it further.

Cong Training Camp Hit in Renewed Fighting After Truce

SAIGON, South Viet Nam (AP) — Allied forces reported today 91 Viet Cong killed and at least 123 captured in their first sizable clashes since the end of the lunar New Year truce four days ago.

The South Vietnamese army's 9th regiment struck the hardest single blow in a surprise attack on a Viet Cong training camp in the upper reaches of the Mekong Delta near the Cambodian border.

* * *

A government spokesman said 14 hard-core guerrillas were killed and 114 captured, including a training chief. The government troops also seized 117 suspects, many of them thought to be new recruits, and a batch of weapons and ammunition.

The 9th division carried off the strike Wednesday morning by sending a spearhead of infantrymen into the camp 80 miles southwest of Saigon while another regiment in armored personnel carriers blocked the enemy retreat. Government casualties were reported light.

A South Korean platoon patroling Route 1, the main north-south highway, bumped into a force of about 70 Reds last night near Bong Son, 275 miles northeast of Saigon. In the fight 35 Viet Cong were killed, two captured and two carbines seized while the Koreans took only light casualties, a spokesman said.

The U.S. 1st Cavalry Airmobile Division, operating in the same coastal plains as the Koreans, reported 27 Viet Cong killed and 78 suspects and eight tons of Communist rice stores seized.

U.S. Marines on similar missions outside the sprawling Da Nang military complex, 380 miles northeast of Saigon, counted seven Viet Cong dead and three captured. Three of the guerrillas were hit when the Leathernecks exploded grenades in a large tunnel, which also yielded three Soviet and two American rifles.

Tax Policy Ruling Eyed in Suicide

CHICAGO (UPI) — The state of Indiana appeared willing today to ease a tax collection policy that was blamed for the death of a young auto worker who committed suicide in despair because all his pay had been taken for taxes.

Indiana revenue authorities said they would meet with officials of the Ford Motor Co. to design a program that would ease the delinquent tax repayment burden of Indiana citizens who work in Ford's Illinois and Michigan plants.

Carl W. Clark, a 27-year-old married Ford employe at the company's Chicago Heights, Ill., plant, died Monday of self-inflicted gunshot wounds. He is to be buried today.

Rudolph Milasich, president of the United Auto Workers local at the plant where Clark worked, said the young man committed suicide because his entire Jan. 13 pay check had been taken by Indiana tax collectors.

He planned to take court action to prevent Ford from withholding the pay of two others when ordered to by Indiana tax officials.

'POUND OF FLESH'

"The state of Indiana got its pound of flesh from three of our men and one of them is dead," Milasich said. "But there are two more who won't find anything in their pay checks Thursday."

Clark, heavily in debt, got none of his $127 pay check Jan. 13. Advancing his vacation pay to cover debts, Clark found $208 was taken from that check Jan. 29 to pay the Indiana tax bill, Milasich said.

A 1963 Indiana tax law allows the state to seize entire pay checks, and the tax levy by the Porter County, Ind., sheriff's office upon Ford in Indianapolis regarding Clark's debt was of this type.

Milasich said Clark owed over $300 in Indiana income taxes for the period in which he lived in Porter County.

TO DEARBORN

From Indianapolis, the withholding order was sent to Ford's payroll operations in Dearborn, Mich., where it was processed.

The company said later it had no choice but to obey the law.

Clark's widow, Caroline, 22, back home in Jasper, Ala., for her husband's funeral today, said:

"If they had just given us enough money for food, he'd probably be alive now. He said to me, 'Caroline, how are we going to eat next week?' "

"(Clark) called me last Friday night, a few hours before he shot himself," Milasich recalled in a telephone interview.

Personal Income Tax Graduated Withholding Plan Is Facing Possible Modification

WASHINGTON (AP) — President Johnson's proposal for graduated withholding of personal income taxes probably will be modified to reduce the bite on middle and upper bracket paychecks before the legislation goes to the House floor.

This was the outlook today as the House Ways and Means Committee resumed hearings on Johnson's $4.8 billion tax package, of which graduated withholding is a part. Major components of it are a reimposition, for two years, of automobile and telephone excise taxes that had dropped Jan. 1 and a speedup in corporate tax collections.

Graduated withholding, like the corporate tax speedup, does not increase the amount of tax paid. It is designed to put collections more nearly on a pay as you go basis, so that fewer make-up payments would be required at the end of the year.

However, the schedule prepared by the Treasury and written into the bill has come under fire on the ground it calls for too much withholding from higher-income taxpayers, with the result that many of these would have to apply for refunds and would have money tied up without earning interest.

Republican members of the committee first raised this objection. A check today indicated substantial sentiment on the Democratic side also for adjustment of the withholding schedule.

The Treasury's own explanation of the bill concedes that the number of taxpayers in the $10,000-a-year and above income brackets who have too much tax withheld would be increased by the terms of the measure. Some ctitics say the effect would reach as far down as the $5,000 bracket.

Figuring Your Income Tax—4

Rules on Dependency Are Explained

EDITOR'S NOTE — It's not only children who may be claimed as dependents in making out your federal income tax — but specific rules apply as to how much money relatives can make and still be listed. This article, the fourth of five, explains the requirements.

By JAMES MARLOW

WASHINGTON (AP) — Each dependent you can claim on your 1965 income tax return means a $600 exemption off your income. A dependent could be your child, parent, some other relative, or a friend.

A wife is not a dependent. Husband-wife exemptions, explained earlier in this series, vary by age. But exemptions for a dependent, under or over 65, is a flat $600. There is no extra exemption for blindness.

★ ★ ★

One test of whether you can claim a person as a dependent is this: Did you contribute more than half his support in 1965? Hereafter, to save space, it will be referred to as the test.

You can claim your child as a dependent if he was born or died in 1965, but not a stillborn child, if you met the test in that part of the year in which the child lived.

$600 IS LIMIT

You can claim your child, stepchild or adopted child, under or over 19, if he had less than $600 income and you met the test.

If your under-19 child had $600 or more income, he'd have to file a return and take his own $600 exemption there, as does everyone with that much income, but if you met the test you could claim him as an exemption on your return without including his income.

★ ★ ★

But if your child 19 or over had $600 or more income you could not claim him as a dependent, even though you had met the test, unless he was a full-time student.

If he was a full-time student, he'd file his own return on his $600 or more income, taking his own exemption, but if you met the support test you could claim him as a dependent without listing his income.

WOULDN'T COUNT

Your child would not be considered a full-time student if he had a regular full-time job and went to night school, or took correspondence courses. If your child won a scholarship, that wouldn't count in deciding whether you had met the support test.

But, in the case of a married child who filed a joint return with his or her spouse, you couldn't claim an exemption even though you had met the support test for that child.

★ ★ ★

You can't claim a paid servant in your home as a dependent. But you could claim a friend or foster parent if he lived in your home a full year, got more than half his support from you, and did not have as much as $600 income of his own.

You can also claim the following relatives as dependents if you met the support test and they did not have $600 or more taxable income:

Your grandchild, great-grandchild, and so on; brother, sister, half-brother, half-sister; parent, grandparent, great-grandparent or other direct ancestor; stepmother or stepfather; aunt or uncle, meaning a brother or sister of your mother or father; niece or nephew, meaning a son or daughter of your brother or sister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law.

CAN CONTINUE

Neither death nor divorce ends any of the above relationships. Example: if you meet the support test you can continue to claim your father-in-law as a dependent even though your wife is dead or divorced.

Suppose one of the relatives listed above had, say, $700 in nontaxable income, like Social Security payments. Could you claim him as a dependent? Yes, if you met the support test.

★ ★ ★

There'd be no question if that dependent banked the nontaxable income and didn't use it to live on. If he spent some or all of it to help support himself, you'd have to decide whether your help was more than half his support.

Remember: If such a relative had taxable income of $600 or more, he'd have to file his own return and you couldn't claim him as a dependent, even though you had met the support test.

★ ★ ★

If a dependent died in 1965 but you paid more than half his support during the part of the year in which he lived, you could claim him as a dependent and take a $600 exemption for him, provided he did not have $600 or more taxable income of his own.

Draftees Not Allowed to Join Guard, Reserve

WASHINGTON (AP) — A new order restricting enlistment of draftees in the National Guard and Reserves is aimed at halting the siphoning of men available for filling draft quotas, defense officials said today.

The Guard and Reserves have other manpower sources available to them without drawing on youths already tapped for induction, the officials said.

★ ★ ★

This was the explanation given in response to questions about a Selective Service bulletin instructing local draft boards that young men under orders for induction no longer shall be allowed to sign up for the Guard and Reserves.

By joining the Army Guard or Reserves, a young man can escape two years of active duty. Instead, he serves only from four to 10 months in uniform getting his basic training and then, as a civilian, performs the remainder of his obligation, totaling six years, by drilling with his Guard or Reserve unit.

CANCEL ORDERS

The Selective Service bulletin, distributed last week, permits cancellation of induction orders only for youths enlisting in the regular Army, Navy, Marines or Air Force.

The Defense Department said: It was recognized "that Selective Service boards had some problem in their pipeline process with people scheduled for induction who were siphoned off by enlistment into the Reserve-Guard, while on the other hand there are otherwise adequate manpower supplies for fulfilling Reserve-Guard requirements."

★ ★ ★

Currently, there was a backlog of 94,000 young men awaiting their four to 10 months of basic training after signing up with the Guard and Reserve.

Until that backlog eases many of these young men will undergo no training other than a sort of stopgap drilling provided by their Guard or Reserve units.

HEAVY INCREASE

The backlog results from the heavy increase in the regular Army. Recruits for the regular service have priority in training at the various bases, leaving relatively few spaces for Guard and Reserve enlistees.

There have been indications that this situation may not ease until late this year, when much of the regular Army buildup will have been completed.

Many units of the Guard and Reserve assigned to a "select force" have reached their fully authorized strength and are taking in no more volunteers.

Not all camels are dromedaries — only the one-humped variety.

HEAD DINNER LIST — Chief Justice and Mrs. Earl Warren (left) and Vice President and Mrs. Hubert H. Humphrey flank President and Mrs. Johnson prior to a formal dinner at the White House last night.

AP Photofax

Chief Justice Warren and Vice President Humphrey were honored guests. It was the first formal dinner on the White House 1966 social calendar.

White House Social Has Ups and Downs

WASHINGTON (AP) — An early-departing President, a vice presidential slip of the tongue and a borrowed chef were all part of the launching of the 1966 White House social season.

Here's how it went as the President and Mrs. Johnson entertained 180 tuxedoed and elegantly gowned guests Wednesday night to honor Vice President Hubert H. Humphrey and Chief Justice Earl Warren:

Johnson retired to his private quarters almost immediately following after-dinner entertainment by Broadway luminary Tammy Grimes, who belted out a half dozen show tunes that drew some attention away from her clinging gold lame' gown. Johnson went to his living quarters with Secretary of State Dean Rusk.

Humphrey, responding to a toast in which the President described him and Warren as representing "the finest traditions of public service and of private integrity," got his titles mixed up and addressed Johnson as "Mr. Vice President."

The Johnsons, whose new chef reports for duty Feb. 1, borrowed William H. Dallas from the staff of neighboring Blair House to prepare the meal which, perhaps by design, lacked any of the French touches favored by the old chef, Rene Verdon, who quit with a blast at White House menus.

Blair House is government property, too. That's where visiting V.I.P.'s are entertained.

★ ★ ★

Johnson's early departure never was explained. Mrs. Johnson, gowned in sunshine yellow silk, mingled and danced with the guests for about another hour before retiring shortly after midnigrt.

Humphrey and his wife Muriel stayed until the departure of the First Lady.

IMPASSIVE LBJ

Humphrey's slip of the tongue during the toasts was received impassively by the President. Humphrey apparently erred because he had just been talking at some length about vice presidents, which seemed natural enough for a man in his position.

The guests dined on seafood newburgh, filet of beef, spinach rings, bibb lettuce, Trappist cheese and strawberries Nina. Like the food, all the wines including after-dinner champagne were domestic.

But if Verdon's native France was slighted, it was a good night for the British Isles. The gin was from England and the Scotch was from Scotland.

Program Urges Hiring of Job Corps Grads

WASHINGTON (AP) — The Plans for Progress Program will hold a series of one-day seminars in Detroit and 24 other cities to persuade industries to hire Job Corps graduates and trainees from other federal programs. Plans for Progress is a voluntary group formed by more than 300 corporations cooperating with the Labor Department to promote equal job opportunities.

Fifth Doctorate OK'd at Western Michigan

LANSING (AP) — The State Board of Education Wednesday approved establishment of a doctorate program in chemistry for Western Michigan University.

It was the fifth Ph.D. program given the go-ahead by the board for the university, which previously has not offered such advanced degrees.

The Everglades National Park comprising 1,400,533 acres of land and water at the southern end of mainland Florida, is the third largest in the U. S. National Park system.

King: Chicago Just Like Watts

CHICAGO (AP) — Dr. Martin Luther King Jr. says Chicago has the same problems that set off race riots in the Watts area of California last August.

King, organizing a drive against slum conditions in Chicago, listened to complaints about slum life Wednesday night. Then he said: "Many things you said tonight I heard in the same kind of session in Watts. The power structure better pay attention.

"The same problems that existed and still exist in Watts exist in Chicago today. If something isn't done in a hurry, we can see a darker night of social disruption."

King moved into a $90-a-month slum flat on Chicago's West Side Wednesday and told newsmen: "We'll have to have rent strikes to dramatize our problems."

TO BARGAIN

King plans to organize a union of slum dwellers to bargain with landlords as a first step of a showdown that could possibly lead to rent strikes in March or later.

King spent most of Wednesday night at a session in the First Church of the Brethren on the West Side. A crowd of 400 turned out to listen and a dozen or more of them voiced complaints about the way of life in the East Garfield neighborhood of the West Side. Negroes dominated the audience but there was a sprinkling of whites.

★ ★ ★

Martha Henry, with five small children, spoke of "rat holes big enough for a cat to go through" in her flat.

Millie Thompson said: "I'm not going to pay rent where there's rats, and nobody's going to throw me out."

BURST OF APPLAUSE

She drew a burst of applause.

Rudy Howard, a Marshall High School student, said the school was built for 2,000 and it now has 4,000 enrollees.

"The key to Negroes getting ahead is education and I feel I'm not getting a proper education," he said. "I'm sick of it."

★ ★ ★

He also touched off applause.

Leo McCarr, wearing a denim jacket and denim pants, said: "I don't like a precinct captain I don't see until election night with $2 in his hand."

MORE TIME LATER

King said that he will spend two or three days a week in Chicago and later spend most of his time here as his campaign picks up momentum.

In commenting on his rent, King said: "Negroes pay an average of $20 more for comparable apartments (than whites)."

In a related development, a state legislator said Wednesday that King's landlord will be subpoenaed by a legislative commission investigating slum housing.

Rep. Robert E. Mann, D-Chicago, said landlord Alvin Shavin and his company records will be subpoenaed for a March 2 appearance before the legislative commission on low income housing.

Letter Makes Brady Tired and a Bit Sad

By DR. WILLIAM BRADY

"I've been reading your column for a long time and I still enjoy it in our mountain retreat in New York. Your advice is to the point, simple and logical.

"I am 47, mother of seven children, working 8 hours a day, five days a week as a secretary, and spending all my leisure catching up at home with household duties, Cub Scouts, PTA, etc.

"I feel fine, but am skinny as a rail, getting gray and always have cold hands and feet..."

(Signed) ———

Your letter makes me tired, Ma'am, and a little sad—tired just to think about such a busy schedule and sad to think that a mother of seven children must be away from her children every school day.

Caring for one or two children is a job. Caring for a half dozen is a full-time job, and if a mother has to leave her children without her care or under other care most of the time in order to earn enough to house and feed them, the state is negligent.

Automatically the state should pay such a mother a monthly salary or stipend equivalent to what she could earn in employment, for the service she renders the state by staying home and taking care of her children.

★ ★ ★

Even though the children are left under the care of Nana, Aunt Ida or some other capable, dependable person while mother is at work, they are still deprived of the loving care and watchfulness that only a mother can give.

INADEQUATE BREAKFAST

You say nothing about your diet, but one can well imagine such a busy person snatching an inadequate breakfast of tea and toast or coffee and a roll and lunching on a cookie and a glass of pop.

No business woman, saleswoman, secretary or office worker can maintain good nutrition, vite, functional efficiency or good looks on that type of diet.

To keep at your best in every respect you must begin your day with a substantial breakfast, such as:

Fresh fruit in season, unsugared.
Undenaturized cereal, unsugared or
Whole wheat bread, toast or roll or
Hotcakes of wheat, corn, oats and
Egg, bacon, sausage, ham or fish
Tea, coffee or milk

★ ★ ★

In my booklet, "The 7 Keys to Vite" (35 cents and a stamped, self-addressed envelope) you will find the basic health, corrective, protective, regeneration, rejuvenation or reduction diet — it makes an excellent pattern on which to build your own diet to suit your individual requirements.

As outlined, the diet includes every essential nutritional factor, but, alas, no cereal. This, preferably undenaturized (unprocessed, unrefined) is to be added to supply the calories your work or play demands.

As it stands, the average diet is barely sufficient to maintain a person who sits hours every day at desk, at the movies, at the bridge table, behind the wheel, riding to and from work or school or at the cocktail place.

Heavy Snowstorm Batters Middle Atlantic States

By the Associated Press

A heavy snowstorm, termed by the Weather Bureau the biggest in years in the Middle Atlantic region, choked much of the region with wind-piled drifts today.

Virginia and the Carolinas were hard hit, and accumulations ranged up to 15 inches at Roanoke. Richmond was hard hit with 14 inches of new snow and Washington, D.C., caught 3 inches during the night to find a 7-inch mantle today.

The Coast Guard at Portsmouth, Va., said the SS Sea Train New Jersey, carrying 39 crewmen and a cargo of truck trailers and railroad cars, was drifting in the choppy Atlantic off Cape Hatteras, N.C. The ship was located near the center of the Atlantic seaboard storm. The Coast Guard reported the 483-foot vessel said she was in no immediate danger.

At least two persons died in the third wintry assault on Virginia in less than two weeks — and the first to hit every area of the state.

SNOW LESSENING

As the snow began to taper off, State Police and the Weather Bureau reported depths ranged to more than 16 inches and some drifts of 3 feet.

★ ★ ★

State Police said chains or snow tires were required for auto travel anywhere in Virginia.

There was some snow over a 14-state area from northern Georgia to southern New England and the big disturbance brought Weather Bureau warnings of gales and high tides along the coast.

St. Mary's City, Md., on western Chesapeake Bay had 14 inches of snow. In North Carolina, Greensboro had 10 inches of cover.

★ ★ ★

Gale warnings were posted from Savannah, Ga., to Eastport, Maine, and the Weather Bureau said tides 2 to 4 feet above normal were expected to flood some low shore areas and bring some beach erosion from pounding of waves.

The snow ended in West Virginia and tapered off in Virginia, western Maryland and Pennsylvania during the night, but 4 or more inches of new snow was forecast for the region from Chesapeake Bay, northeast to eastern Maryland, Delaware, southeastern New Jersey, eastern Long Island, eastern Connecticut, eastern Massachusetts and Rhode Island.

OFFICES CLOSED

In Washington, D.C., government offices closed early Wednesday and sent employes home.

A half hour's light snow fell in Fort Walton Beach, Fla., the first such precipitation in 10 years. There was no accumulation, however, in the northwestern Florida city, and it was 66 degrees in the southern part of the state where Key West had warm rain.

In Georgia, where snows ended and skies were clearing, temperatures dropped into the 20s during the early morning. The state had snow cover ranging from about one inch in Atlanta to a foot at Hogpen Gap in the northeast mountain area.

Bowie race track in southern Maryland canceled Wednesday's program because of snow, and in eastern Tennessee, where temperatures were in the teens, schools remained closed in about 30 counties.

SCHOOLS CLOSED

Some schools were closed in Pennsylvania where the snow was ending, but the concentration of snow cover was in the eastern portion of the state, the western third of Pennsylvania being virtually untouched by the storm.

Adjourn Case on Viet Protest

ANN ARBOR (AP) — A hearing for 29 persons convicted of trespassing during an anti-Viet Nam war sit-in at a local draft board office resumes Friday.

The hearing was adjourned Wednesday after a state Selective Service official testified he was present during the sit-in.

★ ★ ★

Col. Robert Lundquist was the last witness to testify before Washtenaw County Circuit Judge James R. Breakey. The prosecution then rested its case, and defense attorney Ernest Goodman asked for a directed verdict of acquittal, which was denied.

Lundquist testified he advised the demonstrators they were in violation of a Selective Service ruling prohibiting interference with Selective Service offices.

He told the court he witnessed the arrest of the 39 demonstrators after they refused to leave the draft board office at closing time.

ALL CONVICTED

All of those participating in the Oct. 15 sit-in were convicted of trespassing, fined and sentenced to 10 days in jail.

★ ★ ★

Thirteen of the demonstrators since have been reclassified and had their draft status changed to 1-A. Twenty-nine of the demonstrators are appealing the trespassing conviction.

Greek Town Shaken by Series of Quakes

AGRINION, Greece (AP)—A series of strong earth tremors rocked this central Greek tobacco town today.

★ ★ ★

Police reported five houses collapsed in a nearby village, but there were no casualties.

Probing Cavanagh's Campaign Records

DETROIT (AP) — Mayor Jerome P. Cavanagh confirmed Wednesday that records of his 1961 and 1965 campaign contributions are being examined by one-man grand juror Edward S. Piggins.

★ ★ ★

Photostatic copies of the campaign records of other candidates also are in the hands of the grand juror, according to Wayne County Clerk Edgar M. Branigin.

★ ★ ★

Branigin said "Two men from the grand jury came over a few days ago and asked for records of expense accounts of certain candidates."

★ ★ ★

State law requires that all candidates for political office file detailed reports of all campaign contributions and expenditures with county clerks within 10 days after each primary or general election. The contribution records are public documents.

New Evidence on Brain Fever

Say Measles Virus in Nervous System

By Science Service

CHICAGO — Evidence has been found that the dreaded brain fever, measles encephalitis, stems from invasion of the nervous system by the measles virus.

The American Medical Association has hailed the report, which appears in the current journal of the AMA as a "welcome addition" to the vague information available on the disease.

Report of the virus cause in the journal of the AMA was made by Drs. John M. Adams and Catherine Baird of the school of medicine, University of California at Los Angeles, and by Dr. Leoncio Fillow of Hospital Infantil, Mexico City.

Measles encephalitis may actually precede the onset of rash or occur on the first day of rash, although it usually begins from the second to the fifth day following eruption.

★ ★ ★

This sequence has caused most physicians to call the disease "postinfectious encephalitis."

300 CASES

In 1964, there were 300 cases of measles encephalitis among the 458,083 measles cases reported in the states and territories of the United States through the National Morbidity Reporting System.

In 1963, 364 deaths were attributed to measles and its complications, which also include hearing and sight damage.

Already in 1966, two measles encephalitis cases have been reported in the vicinity of Mount Pleasant, Mich., and immunization of 4,000 children has taken place to forestall a measles epidemic.

★ ★ ★

Rhode Island has set an example of state public health sponsorship of vaccination against measles, and it is possible that other health departments will follow suit.

The U.S. Public Health Service sent an observer to Providence, R.I., to see how the program worked out.

In Mount Pleasant, children aged 1 through 8 were given the new one-shot measles vaccine Lirugen, developed by Pitman Moore Division of the Dow Chemical Co.

Tommy's a Mother, Says Second Grader

HANKSVILLE, Utah (AP) — The Hanksville Herald, this small southern Utah community's elementary school newspaper, currently carries a poem by second grader Lynette Morrell.

It reads: "My kitty was wild, I named him Tommy. Now he's gentle 'cause he's a mommy!"

The Final Chapter

NEW YORK (AP) — A bookstore, going out of business, has this sign in its window: "Words failed us."

He Needed the Sign, but It Was Too Late

PHOENIX, Ariz. (AP) — Victor Boels, 49, was approached on the street by a group of local high school boys. "We're selling signs," they said. "Would you like to buy one?"

Boels looked at the sign. It said, "No peddlers, agents or solicitors."

Reading Postponed

RUSSELLVILLE, Ark. (AP) — Gerald Shook, who takes the readings on the weather at Russellville, ran into a problem that stopped him cold. His instruments were frozen.

Columnist Boyle Offers Another Double-Talk Drill

By HAL BOYLE

NEW YORK (AP) — It is time we had another double-talk drill.

One can get in shape for playing baseball by a few weeks of intensive training. But double-talk is a demanding skill, one that must be exercised constantly. Otherwise you might slip and start saying what you do really think. And what will that get you — except possibly a bloody nose?

Double-talk, as we have pointed out, is the conversational salve that keeps the human social order from rubbing itself raw.

For the uninitiated, here are a few typical examples of double-talk — with the literal translations:

ONE TO CUSTOMER

"Sorry, only one to a customer." Even we don't have the heart to unload more than one of these on you.

"Frankly, I don't like beards on most men, but on you, well."

Anything that hides even part of your face is an improvement.

★ ★ ★

"No, never mind pouring me another martini. I think I'll tote a glass of cold water instead." This guy must make his own cheap gin. No liquor store could sell it and stay in business.

"In all the confusion, I must have taken your umbrella by mistake." And now that I see it's broken, I might as well give it back.

BUS TRIP

"Just for a lark, Sidney and I decided to go on a honeymoon by bus to Niagara Falls." That's Sid's regular route. He drove, and I sat in the seat behind him.

"Let me take the matter under advisement until such time as I can give it the full attention I know it deserves." I can't make heads or tails of it.

"Well, of course, if you insist on doing it your way—" I'll be too busy to attend your funeral.

"Congratulations, Roscoe. This is the third month in a row you've led your department in putting new ideas in the office suggestion box." When are you going to buckle down and start doing the work you're being paid to do.

GREAT HONOR

"You have paid me a great honor, Horace, but I don't feel like I am ready yet to settle down and get married at—" At my age on your measly salary. But if you ever get promoted, you know where I live.

★ ★ ★

"You understand I don't give out my phone number to just anybody." Only to anybody who asks for it.

"This offer is good for only a limited time." From now until eternity.

"We found your last column particularly useful, Mr. Boyle." We tore it up and used it to line the cat's box.

Wants to Avoid Draft

ST. LOUIS, Mo. (AP) — An 18-year-old boy told police why he burglarized three apartments in University City, Mo., and stole a television set from a St. Louis home. He said he had heard that anyone with a criminal record would be exempt from the draft.

For Pear Desserts Use Canned or Fresh Fruits

By JANET ODELL
Pontiac Press Food Editor

Pear desserts need not be limited to summer time. Canned pears are delicious and the three varieties of winter pears offer choice eating.

Use whatever kind of fresh pears you can find for pear dumplings. With this recipe you have no trouble encasing the fruit. You merely wrap strips of dough around each pear.

PEAR WRAPAROUNDS

6 fresh winter pears
¼ cup firmly packed brown sugar
Pastry for a 2-crust pie
1¼ cups granulated sugar
1 cup water
2 tablespoons grated lemon rind
1 tablespoon lemon juice
1 tablespoon butter or margarine
1 teaspoon cinnamon
½ teaspoon nutmeg

★ ★ ★

Core pears from blossom end; do not pare. Fill centers with brown sugar.

Roll out pastry into a 21x6-inch rectangle; cut into six strips, each one-inch wide and 21-inches long.

Wrap a pastry strip around each pear, starting near stem end and working to base of pear. Place in large shallow baking dish. Bake at 450 degrees for 15 minutes.

Meanwhile in a saucepan, mix together the granulated sugar, water, lemon rind, lemon juice, butter, cinnamon and nutmeg. Stir over low heat until sugar dissolves; heat to boiling.

When pears have baked 15 minutes, reduce oven to 350 degrees and pour hot syrup over pears.

Continue to bake 30 minutes longer or until pears are tender and pastry is done. Serve warm. Makes six servings.

Rice Pear Melba is a simple dessert that looks elegant. Easily prepared rice pudding is combined with canned pear halves and garnished with jelly and nuts.

RICE PEAR MELBA

½ cup uncooked rice
1 cup water
½ teaspoon salt
2 cups milk
2 cinnamon sticks
¼ cup sugar
1 cup heavy cream, whipped
16 canned pear halves, drained
½ cup red currant jelly, melted
2 tablespoons Kirsch (optional)
½ cup chopped nutmeats

Combine rice, water, and salt. Heat to boiling. Cover and cook 5 minutes. Add milk, cinnamon sticks, and sugar. Cook over low heat, stirring occasionally, until thickened, about 30 minutes.

Remove from heat; discard cinnamon sticks. Cool. Fold in whipped cream. Chill.

There are two methods of serving this toothsome dessert. **The dramatic way:** Use part of the creamy rice pudding to fill two pear halves; then stand them upright in dessert dishes filled with more of the pudding, spoon melted jelly mixed with Kirsch over the top of each "whole pear" and use a Cashew nut for the stem.

The simple way: Spoon chilled pudding into individual dessert dishes and top each with two pear halves, cut sides down. Dribble on melted jelly and sprinkle with chopped nuts. Serve at once. Makes 8 servings.

PEAR WRAPAROUNDS — This version of fruit dumplings may be made with Anjou, Bosc or Comice pears. They're all winter varieties.

RICE PEAR MELBA

Two Meals Started at Once

Two man-pleasing beef dinners may be prepared in a hurry after beef short ribs have been browned and simmered until tender. This long, slow cooking might be accomplished on a day when you are otherwise busy in the kitchen for two hours. No special attention is needed.

On another later day you can save time by having planned the leftovers.

Short ribs are rich and hearty fare, made more palatable in Braised Short Ribs with Vegetables and Barbecued Beef Short Ribs by the addition of brightly flavored tomato sauce.

Serve noodles with the braised ribs, mashed potatoes with the barbecued version, and a favorite green vegetable with the latter.

For a pleasing contrast, serve bananas with vanilla ice cream and sliced strawberries as one dessert, angel cake with ice cream and sliced peaches with the other.

Short Ribs

6 pounds beef short ribs, in serving-size pieces
Instant meat tenderizer
¼ cup flour
2 tablespoons vegetable oil
¼ teaspoon pepper
1 bay leaf

Use instant meat tenderizer according to directions on the label. Roll short ribs in flour. Brown well in oil in Dutch oven. Add remaining ingredients and 1½ cups water. Simmer 2 hours or until meat is tender.

Skim fat from liquid. Freeze or refrigerate half of meat and liquid. Use remainder for—

Braised Short Ribs and Vegetables

Cooked short ribs
1 (8-ounce) can tomato sauce
1 can small white onions, drained
1 package frozen cut green beans

Combine short ribs and liquid with tomato sauce. Bring to a boil. Add vegetables and simmer 30 minutes. Gravy may be thickened if desired.

Barbecued Beef Short Ribs

1 clove garlic, minced
½ cup finely chopped onion
2 tablespoons cornstarch
1 (8-ounce) can tomato sauce
1 teaspoon salt
⅛ teaspoon pepper
1 tablespoon prepared mustard
1 teaspoon vinegar
1 teaspoon sugar
1 portion cooked beef short ribs and liquid (thaw if frozen)

★ ★ ★

Combine all ingredients except meat and liquid in a large saucepan. Add meat and liquid. Bring to a boil and simmer 30 minutes. Makes 4 servings.

Serve Brownies With Sour Cream

For a special dessert quickie spread over your favorite fudge brownies a glaze made from fresh dairy sour cream. Combine 1 cup dairy sour cream and a tablespoon of sugar. Sprinkle with a little shaved chocolate and return to the oven for 5 minutes.

For another tangy treat with brownies, serve with a generous dollop of sour cream and a tablespoon or so of chocolate sauce, for a spectacular taste surprise.

Common Carrots Get Glamorous

Treat dinner guests to this regally sauced vegetable dish. The recipe makes eight servings and is ideal for the buffet table.

Festive Carrots and Onions

1 pound (about 8) carrots, halved lengthwise
1 pound (about 25) small whole white onions, peeled
1 can (10½ ounces) condensed cream of mushroom soup
1 tablespoon chopped parsley
¼ teaspoon paprika
Toasted slivered almonds

★ ★ ★

Cut carrots in 3-inch pieces. In covered saucepan, cook carrots and onions in water for 30 minutes or until tender. Drain. Stir in soup, ½ cup water, parsley, paprika. Heat; stir now and then. Garnish with almonds. Makes 8 servings.

By JACOBY AND SON

Sometimes the experts in the trials agreed with ordinary players. At four of the nine tables in the trials this hand was passed out when no one could find a good reason to open the bidding. At the other five tables East decided to make a weak two bid in third seat.

JACOBY

At four of these five tables, everyone passed. In all cases South opened his doubleton club and eventually the defense collected six tricks to set the spade contract one trick. At the last table the weak two bid really exploded in East's face.

In spite of his bad distribution Ivan Erdos, sitting North, chose to reopen with a takeout double. Kelsey Petterson, sitting South, bid three diamonds and West doubled.

We now quote from the official book of the match: "Petterson played the hand double dummy to make four. He won the spade lead with his king and led a club to dummy's king.

He led a heart from dummy, winning Jordan's queen with the ace. A diamond was led and West's nine was covered by dummy's ten. A club return killed communications for the defense and Petterson was eventually able to ruff a heart in dummy to score 10 tricks."

It is worthy of note that no North player opened his hand in second seat. The hand holds 11 high card points in the form of two aces and a king and in addition there are three ten-spots.

It is not a "book" opening bid but experts don't always go by the book. What does worry them is their experience that hands with 4-3-3-3 distribution don't produce as well as hands with any shape at all.

Q—The bidding has been:

What do you do now?

A—Pass. Your partner just doesn't like no-trump and your king of spades doesn't look as if it will be worth anything in support of hearts.

TODAY'S QUESTION

Instead of bidding three hearts, your partner bids three clubs over your two no-trump. What do you do now?

Jobless Statistics Tell Less and Less

NEW YORK (AP) — Statistics on national unemployment are "telling us less and less," says the new U.S. commissioner of labor statistics, Arthur M. Ross. He said job statistics are more valuable in terms of areas.

For instance, he said, the unemployment rate in the Great Lakes area was "two per cent or less," compared with the national figure of about four per cent.

★ ★ ★

It would be an error, he said, for officials to develop a program to increase employment in that area based on the national figures.

Soo Vote Slated on Proposal to Recall Mayor

SAULT STE. MARIE (AP)—A special election on the proposed recall of Mayor David E. Foster was set for Feb. 28 Wednesday by City Clerk Dana K. Strickland.

Strickland said petitions calling for the special election filed Jan. 12, had been found to contain a sufficient number of valid signatures in accordance with state election laws.

He said a total of 1,616 valid signatures were counted. A total of 1,340 were required.

The drive to recall Foster got under way earlier this month—backed by a citizens' group which charged the mayor failed to work constructively for the city.

Cowboy Hats Day's Target

NEW ORLEANS, La. (AP) — Hombres wearing cowboy hats had a tough time of it poking around downtown New Orleans.

"Anybody we found with a cowboy hat, we questioned," said Police Lt. Harold Foster.

Two badmen — one in a 10-gallon hat — had robbed a clerk of $100 Wednesday.

Science Revolution 'Confined' to America

KAANAPALI, Hawaii (AP) — The United States is the only nation in the scientific revolution and "Soviet Russia, Great Britain and West Germany haven't made it yet," says one of President Johnson's science advisers.

Prof. Philip Handler of Duke University told the Asia-Pacific seminar here that the electronic computer is the symbol of the scientific revolution. He is one of 12 science advisers to the President.

Recovery Continues

Stock Market Picks Up Steam

NEW YORK (AP) — A stock market recovery picked up steam early this afternoon, stimulated by stock splits and reports of higher profits.

A 2-for-1 stock split by United Air Lines and a raised dividend gave another push to the airline group although these issues have been so strong recently that many were faltering on profit taking.

* * *

A 2-for-1 stock split for Standards Brands accompanied by a dividend hike pushed that stock up a couple of points or more.

Aerospace defense stocks continued to advance, with further buying prompted by talk that bombing of North Viet Nam may be renewed.

MOTORS ADVANCE

Coppers, electronics, rubbers and motors also advanced.

Utilities were somewhat steadier although American Telephone was just about holding its own, a shade above its 1965-66 low reached yesterday.

The Associated Press average of 60 stocks at noon was up .6 at 368.9 with industrials up 1.3, rails off .2 and utilities up .2.

* * *

The Dow Jones industrial average at noon was off .17 at 990.75. The Dow Jones 65-stock average was up .08 at 349.90.

AMERICAN EXCHANGE

Prices were irregularly higher on the American Stock Exchange. Trading was heavy. Up about 2 points were such stocks as Pacific Northern Airlines, O'Okeip Copper and Old Town. American Book rose 3. Ahead about a point were GTI and Astrodata.

Corporate bonds were mostly unchanged. U.S. Treasury bonds sagged on news the Treasury will issue a new 5 per cent coupon note.

Soviets Say Mott Killed Himself With a Razor Sent as U. S. Gift

MOSCOW (UPI) — The controversy surrounding the alleged suicide of American Newcomb Mott increased today with a Russian charge that the 27-year-old book salesman slashed his throat with a razor he received in a gift parcel from the U.S. embassy.

The charge was made early today in a broadcast by Moscow Radio that said Mott "behaved violently" before he committed suicide.

It said blame for the tragedy should be placed on the United States.

The English-language broadcast beamed at North American said Mott "beat himself against the walls of the compartment" of the train taking him to a Soviet labor camp last Thursday and "in a state of violent nervous disorder he cut his throat with a razor."

It said Mott used a razor blade from a parcel also containing drugs and medicines which he had received from the U.S. embassy here.

The embassy has confirmed that it sent Mott a package containing, among other things, razor blades.

Moscow Radio also implied that Mott was upset because U.S. officials rejected his request to be exchanged for a Soviet citizen being held on espionage charges in the United States.

"Neither Mott's parents nor official American quarters made an attempt to have him released," it said. "Apparently they did not want to establish official contact with Soviet authorities."

A U.S. spokesman in Washington yesterday confirmed that Mott had expressed hopes he might be exchanged for convicted Soviet spy Igor A. Ivanov, who faces a 20-year sentence in America.

Funeral Service Held for Fatally Beaten Boy, 2

ADRIAN (AP)—Funeral services were held Wednesday for Eddie Montalvo, the 2-year-old boy whose battered body was found in an outhouse on an abandoned farm Jan. 15.

Police at Toledo, Ohio, said an autopsy showed the boy died as a result of a beating. His body was then taken to the farm near Temperance where, police said, it was discovered by a hunter.

★ ★ ★

A warrant charging second-degree murder was issued at Toledo against Alberto Sanchez, 22. Police said Sanchez fled to Mexico and is sought there.

The boy's mother, Carolina Montalvo, 20, was held by police in protective custody. Two Toledo police officers brought the woman to the funeral.

The Bible's Book of Revelation is also known as the Apocalypse.

Veteran Units Still Against Romney Plan

LANSING (AP) — Representatives of Michigan veterans groups held firm Wednesday in their opposition to Gov. George Romney's scaled-benefits plan for disabled former servicemen.

Clarence Schumacher, state commander of the Veterans of Foreign Wars and chairman of a commanders' group representing eight organizations, said the groups were holding out for a bill vetoed by Romney last year.

"It was the consensus of the groups this bill would pretty well restore the cuts made in the exemption in 1963," he told the House Committee on Military and Veterans Affairs.

The exemption was amended in 1963 to switch from locally assessed to state-equalized valuation—which had the effect of cutting benefits for disabled veterans, their widows and widows of nondisabled vets from an average of $108.77 a year to an average $75.22, and knocking some 5,000 beneficiaries from the rolls.

Currently they get an exemption on the first $2,000 of state-equalized valuation. The vetoed bill would have increased the exemption to $3,500.

Romney objected, saying the change would raise the average to $131.65. He proposed, instead, that disabled vets and their widows get $3,000-to-$5,000 exemption annually, depending on the percentage of disability. He also proposed a $2,500 exemption for widows of non-disabled veterans —identical to the senior citizens property tax exemption.

RANGERS BEAT CROZIER — Detroit goalie Roger Crozier can do little more than stare at the puck after it was tipped into the net by New York Rangers' Bob Nevin (8) in the second period of the game in New York last night. At left is Detroit defenseman Doug Barkley. Rangers won, 4-3.

Chicago Gains With Win Over Montreal

By the Associated Press

Soft-spoken Jean Ratelle, playing with rambunctious Reg Fleming and two-fisted Vic Hadfield on his wings, has turned into a tiger who could put the bite on Detroit's National Hockey League championship aspirations.

New York's somewhat reticent center ended the Red Wings' nine-game unbeaten string Wednesday with a goal in the last two minutes that gave the Rangers a 4-3 victory over the rampaging league leaders.

OTHER GAMES

In Wednesday's other NHL game, Bobby Hull scored his 39th goal and Phil Esposito hit twice as Chicago moved within two points of the leaders with a 4-2 victory over Montreal.

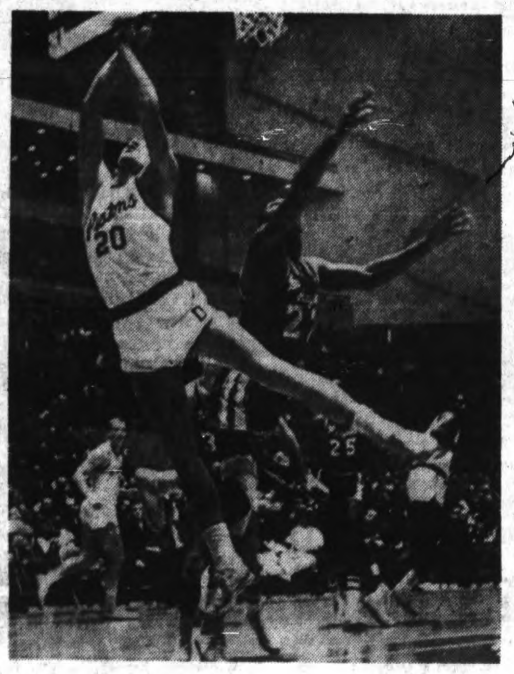

Ratelle has had Fleming and Hadfield on his wings for six games and has had three goals —two of them in the late stages of games against Detroit that gave New York a tie and a victory. Those are the only games Detroit has failed to win in the last 10 starts.

Donnie Marshall started the Ranger comeback with his 14th goal tying the game 3-3 midway through the final period. New York had erased an early 2-0 Detroit lead with the first Ranger goal coming off Red Wing Alex Delvecchio's stick.

It was credited to Hadfield, the last Ranger to touch the puck before it went into the net.

Delvecchio and Floyd Smith had given the Wings their early bulge but after the accidental Ranger goal, Bob Nevin tied it for New York on a power play. Then defenseman Bill Gadsby put Detroit back on top, setting the stage for the Rangers' third period comeback.

The Hawks ended a six-game winless string by beating the Canadiens. Esposito's 14th and 15th goals of the season came in the second period after Hull had blistered his 39th past Charlie Hodge.

THE SWINGIN' KIND — Detroit Pistons' Ron Reed (20) swings in under the net in collecting a basket against the Los Angeles Lakers last night in first half action at Detroit. Swingin' by, hoping for a rebound that never came, is Lakers' Elgin Baylor (22). LA won, 126-110.

Elgin Baylor Helps LA

By the Associated Press

The chronic knee trouble of Elgin Baylor, sufficiently serious to bench the Los Angeles sharpshooter earlier in the season, didn't seem to give him any trouble Wednesday night.

Baylor and Jerry West combined for the one-two punch in the Lakers 126-110 defeat of the Detroit Pistons in the nightcap of a National Basketball Association doubleheader in Detroit.

★ ★ ★

The New York Knicks spurted to a strong finish in the opener, downing the San Francisco Warriors 115-103 in the night's only other NBA game.

Baylor blazed to a fast start, dropping in 11 points and clearing the boards eight times in the first period. The Lakers took a 31-26 lead into the second period and led the rest of the way, increasing their Western Division lead to three games over the idle Baltimore Bullets.

SURGE TO EIGHT

Down 65-47 at halftime, Detroit surged to within eight points twice in the third period and to within six early in the fourth.

But eight consecutive points, four from West, dealt the last-place Pistons the final blow.

The Dog Has His Day

LONDON (AP) — The will of a famous woman tennis player who left her fortune to animals because she hated the human race stood Wednesday against a challenge in high court.

★ ★ ★

The will was drawn up on brown paper by Mrs. Phyllis Helen Satterthwaite, who died in 1962, age 74.

She left $140,000 to a non-existent "London animal hospital" soon after her bank manager said she told him that she hated all humans.

★ ★ ★

Mrs. Satterthwaite reached the finals of the All-Comers singles at Wimbledon in 1919 and 1921. She was a friend of novelist W. Somerset Maugham, who died recently.

Last year, a court ruled that Mrs. Satterthwaite's money should go to the Blue Cross, a charity for sick animals.

★ ★ ★

The appeal court dismissed a petition by Arthur Stewart Rich, who runs an animal hospital in London, that he was entitled to a share of the money.

Circuit Court Orders Braves 'Home'

Judge Rules in Favor of Suit by State

'Play in Milwaukee' During 1966 Season Team Is Told

MILWAUKEE, Wis. (AP) — Circuit Judge Elmer W. Roller, acting upon a petition by Wisconsin's attorney general, today ordered the Braves to prepare to play their home National League baseball games in Milwaukee this year and until league expansion takes place with the city gaining a replacement franchise.

★ ★ ★

Judge Roller, who held earlier this week that his court had jurisdiction in the state's antitrust suit against baseball, said that "the threatened injury to the public (in the Braves' proposed move to Atlanta, Ga.) outweighs possible inconvenience to the defendant."

The court added that it had ordered the suit to trial Feb. 1, but now was faced by a request from defense counsel for a delay of two to six months for preparation.

★ ★ ★

"From the nature of this action," the court said, "time and the status quo are elements of serious concern, and from the nature of the action and the record before this court, it appears that there is a serious question whether there can be any effective relief under the complaint unless there be a final determination of the action on the merits prior to the opening of the 1966 season."

The Braves already have transferred nearly all of their baseball operations from Milwaukee to Atlanta.

MOVE PLANNED

The Braves, who originally had planned to move the franchise from Milwaukee a year ago, played the 1965 season in Milwaukee under a similar injunction.

However, that was based upon fulfillment of a contract with Milwaukee County for use of the stadium. That contract expired Dec. 31.

THREE POINTS

The order today set forth three major points.

One restrained the Braves from entering any contractural or other obligations for the 1966 season in Atlanta.

A second ordered the Braves to make all necessary preliminary arrangements to enable them to play home baseball games in Milwaukee "during the 1966 baseball season and thereafter" if so ordered by the court.

★ ★ ★

The third directed that the defendants "shall make a plan or plans for expansion of the defendant league so as to permit major league baseball to be played in Milwaukee, in time for the 1966 season . . . to include within their scope the location of a franchise in Milwaukee . . . (and to) make available National League baseball of competitive quality in Milwaukee on an after the opening of the 1966 season."

Detroit Wants U.S. Backing for Olympics

WASHINGTON (AP) — A resolution aimed at encouraging Detroit's bid for the 1972 Olympic Games was proposed to Congress today by Sens. Philip A. Hart and Pat McNamara, Michigan Democrats.

The U.S. Olympic Committee has authorized Detroit to be the lone U.S. city to press an invitation before the International Olympic Committee in April.

Detroit made a strong try for the 1968 Games but was edged out by Mexico City.

FINE PRESENTATION

"The city of Detroit made a superb try last time and two years has done nothing to dim the luster of its presentation," Hart said.

The resolution said the U. S. Olympic Association will invite the International Olympic Committee to hold the Games at Detroit in 1972.

Bob Strampe Stays Sharp at All-Star

LANSING, Mich. (AP) — Qualifying leader Bob Strampe of Detroit hasnt slowed down any in the match play phase of the National All-Star Bowling Tournament.

Wednesday, first day of head-to-head competition for the 16 finalists, Strampe won 11 of 15 games against five opponents to take the early lead in the men's American Division. Roy Lown of El Paso, Tex., won 10 games to lead the National Division.

In the women's section, Joy Abel of Chicago and Jean Winsch of South Bend, Ind., were the early pace-setters. The 16 men finalists are split into two divisions, American and National, for the match play.

TOTAL PIN FALL

They bowl three-game matches, and standings are figured on total pin fall plus a 50-pin bonus for each game won. After next Saturday's 22nd match the two division leaders will bowl for the championship.

The women use the same format but bowl two-game matches.

★ ★ ★

Strampe won three games from Bob Materasso of New York City, and Virg Enger of Minneapolis; two from Les Schissler and Jerry McLary of Denver, and one from defending champion Dick Weber of St. Louis.

Strampe has 3394 pins plus a bonus of 550 for 3944 points. Weber is second in the same division with 3370 plus 425 bonus for 3795.

★ ★ ★

Lown swept three games from Bob Crawford of Detroit and Bill Johnson of New Orleans; won two from Gary Curry of Pasco, Wash., and one each from Billy Welu of St. Louis and Bill Allen of Orlando, Fla.

Lown has 3208 pins plus 500 bonus for 3708 points, Allen is second with 3203 plus 450 for 3653.

Miss Abel holds a seven-point lead over Jere Price of Fort Worth, Tex., in the women's American Division. Miss Abel won six of 10 games and had 2020 pins plus a 300 bonus. Mrs. Price won eight games but has only 1913 pins. She has a 400 bonus.

Mrs. Winsch won six on 1905 pins in the National Division. She has a 300 bonus. Helen Duval of Berkeley, Calif., is second with 1949 pins plus a 250 bonus.

The bowlers all roll five more matches today.

Ex-Pontiac Boxer Returning to Ring

★ ★ ★ ★ ★ ★ ★ ★ ★

One of Pontiac's most successful boxing products—Gene Linscott—is returning to the ring.

Linscott, 34, who retired a few years back, won't have the gloves on this time, however. He'll be the third man in the ring for the Golden Gloves bouts Saturday night at Pontiac Central High School.

The bouts at PCH are bringing several former boxers together and all will be acting in an official capacity.

Handling the judging for the contests will be Chuck Speiser, Dick LaForge and Roy Gray, all former boxers. A couple of other ring veterans will also be on hand—Bill Strange, the timekeeper, and Dick Compton, who'll be counting for the knockdowns.

★ ★ ★

Matchmaker Harold Dugan has 14 bouts lined up, starting at 8 p.m., and the Golden Glovers will be bidding for a trip to Grand Rapids and a shot at the state titles.

Having Dugan and Linscott next to a ring is something of a rematch itself.

It was Dugan, also a former boxer who is now head supervisor of child care facilities at the Oakland County Children's Center, who started Linscott along he trail.

Linscott began training under Dugan in 1947, and the following year, as a lightweight, he won the national championship.

He later won the Michigan middleweight championship and wound up with 25 victories as a pro.

★ ★ ★

Linscott, now married and father of two girls, ages 3 and 4, lives in Pontiac. He is employed as a foreman with the Sterling Construction in Utica.

WEIGH-INS

Weigh-ins for the bouts Saturday night start at 6 o'clock. Physical examinations will follow the weigh-ins, and the first bout is slated to get under way at 8 o'clock.

Tickets are on sale at several locations in the city. Ticket headquarters is Fortino's Steakhouse on Wide Track Drive.

Prices of tickets are $2 for ringside, $1.50 for reserved and $1 general admission. The ticket office will open at 6 o'clock Saturday at PCH.

Sponsor of the bouts is American Legion Post Chief Pontiac 377 in Clarkston.

Forte Resigns as Lions Aide

Offensive Line Coach Took Post in 1950

DETROIT (AP)— Aldo Forte resigned Wednesday as offensive line coach of the Detroit Lions of the National Football League.

Forte, 48, said his business interests demanded more of his time.

★ ★ ★

Forte, who lives in Farmington, was a Chicago Bears lineman following his graduation from the University of Montana in 1939.

He played briefly for the Lions in 1946 and joined the Detroit coaching staff in 1950 on a part-time basis.

In December 1964, head coach George Wilson and the entire staff was fired, including Forte.

When Harry Gilmer took over as head coach, Forte was rehired as the No. 1 assistant.

Clarkston Cager Sizzling in County Scoring Battle

Clarkston's sizzling Dan Fife shows no signs of letting up in his drive toward the Oakland County basketball scoring championship.

The 6-2 playmaker has sparked Clarkston to a 6-2 record in Wayne-Oakland League play and the team shares first place with Northville.

In nine outings, Fife has poured in 283 points for an average of 31.4, and he has gone over the 30-point mark in seven of his nine games.

Fife's lowest output was 22 points against Northville early in January.

Holding onto the No. 2 spot in the scoring race is Hazel Park's John Canine with an average of 27.1. Canine has tossed in 217 points in eight starts.

Roger Peltz of Royal Oak Kimball is nestled in the third spot with a mark of 23.9 after 10 games.

Waterford's Rick Ziem is among the leaders with a 21.6 mark, and Orchard Lake St. Mary has a couple of players among the top point producers—John Stepien (22.1) and Conrad Krogulecki (21.1).

Loop Doormats Eye 2nd Half Success

Romeo and Lake Orion will have a chance to regain some pride Friday night when they meet league rivals.

Both have been doormats for their respective league cage foes this season. They are hoping for improved success as the second half of the season develops.

★ ★ ★

Lake Orion will visit Avondale and an upset win could push the Dragons off the bottom of the Oakland A League. Madison, with whom Lake Orion is tied for seventh place, will travel to Rochester.

★ ★ ★

Other O-A contests will have Troy at Warren Cousino and Fitzgerald at Clawson.

Orion was a 68-54 victim of Avondale early in the season when the Yellow Jackets were in a hot streak. However, they have slumped and the Dragons have since snapped their losing spell.

Rochester's Falcons, also, have discarded their losing ways and are favored to handle Madison, although the Eagles won the first meeting, 68-63. Rochester is on a six-game winning streak.

The Falcons need a victory to keep after Cousino which had its 10-game string of conquests cut last week.

TRI-COUNTY

In the Tri-County League, Romeo is the only team without a triumph in the loop standings. The Bulldogs will be host to Oxford, an 84-72 winner in their first meeting.

That is the second highest point total posted against the Romeo quintet and marked the Wildcats' only league win. They have lost four of their last five starts.

Lapeer, a streaky team, is runner-up to idle, undefeated Kettering. The Panthers will visit Mount Clemens L'Anse Creuse which has won four of its last five games.

★ ★ ★

Lapeer had won three straight before Tuesday's non-league defeat by Port Huron Northern. Prior to the winning spell, it had lost three straight. The Panthers want to stop the current losing trend promptly and be ready for Kettering next week.

City Quintet Unbeaten

The Pontiac men's recreation basketball program's only undefeated quintet pulled away in the final period last night to stretch its winning ways to six straight games.

Coulacos Insurance withstood runner-up Local 653's attempt to tighten the International League race by spurting to a 58-46 victory with a balanced attack. Coulacos trailed, 26-25, at the half, and led only, 40-34, after three periods.

★ ★ ★

In the I-L nightcap, the All Stars romped for three quarters to defeat POH, 65-48, for their third win and sole possession of third place.

Ed Quirk's 26 points paced the Packers past Stanfill's Sinclair, 68-58, and to a share of fifth place in the American League.

The fourth-place All-Stars defeated UAS 653, 69-58, as Willie Harsten scored 10 of his game-leading 15 points in the final quarter.

Tonight's only action is an Inter-league twin bill at Madison JHS.

PNH Tankers Take Setback at Southfield

Southfield handed Pontiac Northern's swimmers a 58-47 setback last night, and Warren Fitzgerald swam past Madison, 64-4.

PNH's Carl Hiller set a pool and varsity record with a time of 2:12.4 in the 200-yard individual medley, and teammate Steve Yedlin won the 50 and 100-yard freestyle events.

The loss left PNH with a 5-4 record.

Jerry Rzepka won the 200 and 400-yard freestyle events and Dave Gagnon captured the 200-yard individual medley and the 100-freestyle in sparking Fitzgerald to its sixth win of the season.

Moves Clay Net Meet

NEW YORK (UPI) — The United States Lawn Tennis Association has awarded the 1966 National Clay Courts Championship to Milwaukee, bringing to an end the 30-year reign of the River Forest Club as host of the tournament.

U.S. Team After World Sled Title

CORTINA D'AMPEZZO, Italy (AP) — Three New York State men and an Air Force captain face an overwhelming task this weekend in trying to bring the two-man world bobsled championship back to the United States.

Gil Jones of Saranac Lake, N.Y., and Capt. Jim Compton of Travis Air Force base in California were named as one team while Fred Fortune and Joe P. Wilson, both of Lake Placid, N.Y., were selected as the other following Wednesday night's practice runs down the 1,700-meter Ronco chute.

Left off the U.S. teams for the championships that will be held Saturday and Sunday nights were Bill Thomas and John Migmacci, both of Mechanicsville, N.Y.

Joe Foss Said He'd Drop By, but What Day?

OELWEIN, Iowa (AP)—Efforts were being made Wednesday night to find out what happened to Joe Foss, commissioner of the American Football League, when he failed to show up for an Oelwein Chamber of Commerce dinner.

Officials in charge of the dinner said that Foss, former Governor of South Dakota, telephoned during the afternoon that he was scheduled for a stop at Waterloo but was coming to Oelwein.

About 250 persons waited at the dinner until 9:30 p.m., then left.

State Golfer Accepts Bid

HOLLYWOOD, Fla. — The defending champions have accepted invitations to capture an unprecedented third consecutive victory in the tenth annual Men's Amateur International Four Ball Golf Championship here March 22-27.

★ ★ ★

Jack Veghte of Clearwater, Fla., and Truman Connell of Jupiter, Fla. have won the past two years and have informed tournament chairman Cliff Harding they will attempt to make it three in a row.

★ ★ ★

Glenn Johnson, five-time Michigan amateur champion from Grosse Ile, and twice runner-up in the International Four Ball, has also accepted an invitation for the event.

Catholic Loop Titles on Line

Tomorow can be C-Day for St. Michael and Orchard Lake St. Mary in Catholic League basketball play.

Both can win championships and berths in the second division playoffs. Even if they lose, both will have another chance next week.

St. Michael goes to Waterford Our Lady of the Lakes for a Macomb showdown while OLSM is invading the Ferndale St. James gym bent on wrapping up the Northwest title.

Although some of the importance was taken out of the St. Mike's game when WOLL lost to Richmond St. Augustine Tuesday, the contest is a pivotal one for the Shamrocks.

And they will be the underdogs.

This may seem unusual since they lead the league with a 9-1 mark, but Our Lady cagers have been scoring at a blistering pace, particularly on their home court.

The Lakers have a chance to tie for the title. They must beat the Mikemen and then gain revenge against St. Augustine next week while hoping for St. Fredericks to knock off St. Michael.

St. Frederick (8-3) is a game and a half back of St. Michael and half a game in front of Our Lady (7-3). The Rams are not scheduled tomorrow.

OLSM is a heavy favorite to polish off St. James for the second time this season and assure themselves of a berth in playoffs.

'Must Win' Thumb Tilts

Dryden and Almont play "must win" games in the Southern Thumb Conference tomorrow night.

League-leading Capac hosts Dryden while Almont goes to New Haven and potential trouble. Dryden and Almont are tied with Anchor Bay for second place two games behind Capac (7-0). Another loss for any of the trio could prove fatal.

As the league opens its second round, Capac has the edge because of home dates with Dryden and Almont. The Chieftains must play at Anchor Bay.

Top Trotter Destroyed

WESTBURY, N. Y. (AP) — Proximity, considered harness racing's greatest trotting mare at the time of her retirement in 1951, was destroyed humanely at the Castleton Farm in Lexington, Ky., Wednesday after she had suffered a broken hip in an accident.

'Burned' Lakers Take On Clarkston

West Bloomfield, which jumped from the frying pan into the fire—and got burned—last week, will be struggling to keep its Wayne-Oakland basketball title hopes from going up in smoke tomorrow night.

The Lakers take on surging Clarkston. The Wolves will invade the West Bloomfield court fresh from two big victories that propelled them into a tie for first place.

★ ★ ★

Co-leader Northville will be counting on some help from the Lakers as they try to pull away from Clarkston at home against last place Clarenceville.

Holly goes to Brighton and Bloomfield Hills travels to Milford in the other W-O contests.

League play is in the second round and Clarkston will be looking for revenge. The Lakers eked out a 60-58 decision at Clarkston earlier in the campaign.

West Bloomfield's defense will be geared to stop the Wolves' high scoring Dan Fife who is the county's leading scorer with a 31.4 average. Fife had his second lowest scoring night of the season in the first meeting when he scored 28 points.

A victory for West Bloomfield would pull the Lakers into a tie with Clarkston. Another loss may be too much to overcome. The Lakers are a game out of first place.

Clarenceville does not appear strong enough to handle Northville. Likewise, Bloomfield Hills is expected to down Milford, tied for last place, and keep its slim title hopes alive.

The Holly-Brighton clash is rated a toss-up.

NBA's Newest Quintet Eying U-M's Cazzie

Chicago Will Join Professional Cagers for Third Time

CHICAGO (AP) — The hopes of Chicago's entry in the National Basketball Association for next season undoubtedly rest with the possible acquisition of home-towner Cazzie Russell, the All-America at Michigan.

★ ★ ★

Chicago twice before has failed to make a go in the NBA, but Wednesday it was given another chance by the league's board of governors in New York.

★ ★ ★

They voted to expand to 10 teams with the new franchise awarded to a Chicago group headed by Dick Klein, former basketball player at Northwestern and with the old Chicago Gears pro team of the 1940s, and now head of his own sales promotion company.

KINGPIN

Russell could become the hub of the team and kingpin of its promotion.

★ ★ ★

Cazzie reportedly said in Ann Arbor, Mich., Wednesday night: "Several people interested in a franchise for Chicago have talked to me. I am inquisitive about what the outcome will be. It will be a tougher decision about me playing in Chicago than a lot of people think."

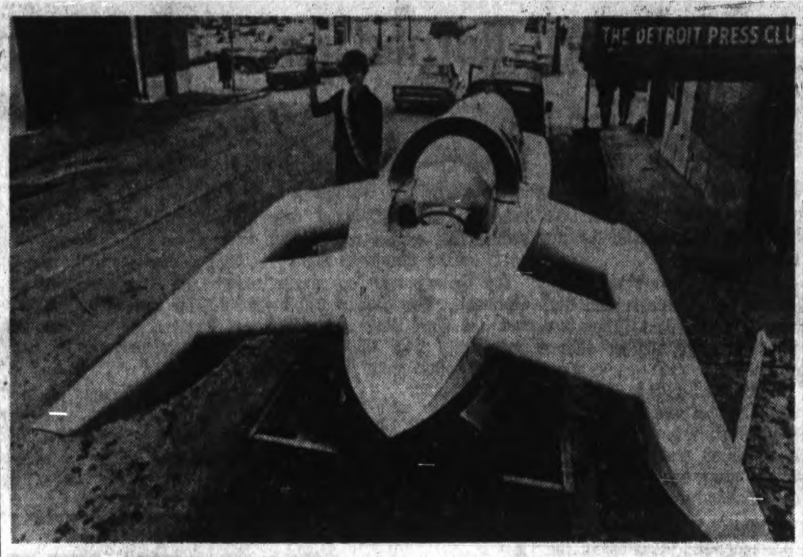

★ ★ ★

The last time Chicago made a run for it in the NBA was 1961. The team was first called the Packers and then the Zephyrs, and moved to Baltimore in 1963. Prior to that were the Stags who lasted from 1946 to 1950.

Kalamazoo Tumbles

CHICAGO (AP)— The University of Chicago won its fifth consecutive game with a 54-49 nonconference basketball victory over Kalamazoo Tuesday night.

Marty Campbell led Chicago scoring with 20 points. Gene Nusbaum was high for Kalamazoo with 15. Chicago now is 6-2 and Kalamazoo, 7-6.

AP Photofax

SPEEDY BOAT — This is a front-end view of Stars and Stripes III, a speedboat designed for an attempt at the world's water speed record this summer. The craft, resembling a crab, is owned by Detroit industrialist Robert B. Evans and appears here in a first public showing en route to the Detroit Boat Show. The boat is 31½ feet long, weighs 5,800 pounds and is powered by a 5,600-pound thrust J-35 jet engine, the one used in F-84s. The present record of 276.33 miles an hour is held by England's Don Campbell. The pretty miss beside the boat is Charlotte Hamady.

Spencer Five Sole Leader in Waterford

Spencer Floor Covering squashed Frushour & Struble in the closing half last night to gain sole possession of the lead in Waterford Township's men's basketball American League.

The floormen pulled away from a 28-26 halftime edge to a 74-48 final decision as Bill Gappy scored 21 of his 25 points. John Keller had 20 and Tom Durocher 18 for the winners.

Lakeland Pharmacy stayed close behind the leaders with a 70-56 win over winless Powell Trucking. Stu Thorell hit 13 of his 31 points in the third quarter when Powell made a bid to catch up.

Drayton Drugs overcame Local 594, 71-69, in the night's closest tilt. Mike Miley's basket in the closing minute put the Drugmen in front for good after trailing, 63-53.

He finished with 34 points. Three Continental League tilts are scheduled tonight at Crary JHS.

PNH Huskies in Key Game

Pontiac Northern and Waterford will be attempting to hold shares of first place in the Inter - Lakes League basketball race tomorrow night and setup a possible title showdown next week.

PNH's Huskies appear to have the easier game. They will take on Walled Lake which is in last place. The game will be at Northern.

★ ★ ★

Waterford, however, faces a major struggle.

The Skippers go to Farmington for a game which will eliminate one quintet from a tie for first place. PNH, Waterford and Farmington each have 2-1 league marks.

Pontiac Northern goes to Waterford next Friday and that's why tomorrow night's games are so important. Victories over PNH and Farmington would just about wrap up the crown for Waterford which would be left with one league title against Walled Lake.

Northern blistered Walled Lake with a strong second half the first time the teams met for an 80-50 victory.

Coach Dick Hall has been juggling his line-up continually while trying to find the best combinations. After the 63 - 43 loss to Farmington last week more changes may be made.

Don Hayward and Dana Coin probably will start, but the remainder of the lineup probably won't be announced until just before the game.

Walled Lake has lost nine straight since winning its opening game of the season. The Vikings are led by John Huebler who is a 20 points a game threat against any foe.

Waterford clipped Farmington 68-57 on the Skippers' floor in the first meeting this season, but this means little. The Falcons are always tough at home and they have been improving with each game.

Mike Wilson and Greg Dorow are the top scorers with able assistance from Mike Aimes who is a strong rebounder.

Waterford has Rick Ziem to lead the scoring and has strong rebounding — if Bruce Bookout's knee holds up. The Skippers have blown hot and cold during the season.

If they settle down for their next two games they could very well be in the driver's seat.

Ivy Loop Aide in Cornell Post

ITHACA, N.Y. (AP) — "Dartmouth has been good to me and I'm not going to raid its coaching staff," says Jack Musick, new head football coach at Cornell University.

Musick, 40, was named Wednesday from his post as line coach for Dartmouth College's undefeated Ivy League champions.

★ ★ ★

He succeeded Tom Harp, 38, who became head coach at Duke University after five years of guiding the Big Red.

During his 11 years with the Indians, Dartmouth gridders compiled a 69-27-3 record, including three Ivy titles and two unbeaten seasons.

Musick was a standout lineman at the University of Southern California from 1945 to 1947 and came to Dartmouth as part of head coach Bob Blackman's staff in 1953.

Yank Ousted in Net Action

SYDNEY, Australia (AP)—Australian John Newcombe defeated Clark Graebner of Beechwood, Ohio 3-6, 6-1, 6-7, 7-5 in the quarter-finals of the Australian men's singles Tennis Championships today.

Graebner broke Newcombe's service in the first set to lead 4-2 but after that never looked to have a chance of winning the 90-minute clash.

Graebner fought hard at the end and saved five match points in the last set—three in the 10th game when he doublefaulted twice for 15-40 and two by belting in unplayable services in the last game when he had been down 4-40.

Newcombe served with tremendous power and had 17 clean aces.

New Falcon Coach a Real Cagey Bird

ATLANTA, Ga. (AP) — The new head coach of the Atlanta Falcons sometimes goes by the name of J. Jones.

★ ★ ★

By now, those interested in National Football League affairs know that the Falcons' man is Norb Hecker.

He used the name "J. Jones" to keep secret Falcon owner Rankin Smith's selection of a new head coach.

★ ★ ★

"I felt like agent 007 coming into Atlanta," said Hecker, 38, who for the past six years has been assistant coach with the Green Bay Packers. "I thought the game was up on an airplane when a stewardess recognized me and said "Hello, Mr. Hecker." But no one else found out."

Hecker wasted little time getting to work. He started calling friends Wednesday afternoon in a search for five assistant coaches.

★ ★ ★

He said he doesn't plan to move his wife and five children to Atlanta until school is out "because I'm going to be so busy I wouldn't have time to spend with them anyway."

FIRST CONTACT

Hecker was first contacted by the Falcons last Saturday, and was told Tuesday to fly to Atlanta so he could be introduced at a news conference Wednesday.

★ ★ ★

"It was a whirl-wind five days for me," Hecker said. "I still have to go back to Green Bay and clean out my office."

★ ★ ★

Hecker said that he feels Atlanta has some top college players on its roster, "and with the 42 players we will get from the other teams I believe we will have pretty good talent."

The former Baldwin-Wallace College star, who played halfback for the Los Angeles Rams and the Washington Redskins before a knee injury ended his NFL career in 1957, said he will first build a strong defense with the Falcons.

★ ★ ★

"You can't win in the NFL without a good defense," said Hecker, who has been defensive backfield coach for the Packers.

"And it is easier to build a defense than an offense.

"Our biggest problem will be to instill a desire to win among our players," Hecker said. "I hope we can get some players from championship teams that will have that desire."

★ ★ ★

Hecker was never mentioned as a candidate for the Falcon post, and Smith said he was the only one "of about 10 prospects" interviewed for the job that had not applied.

Palmer Keeps Game Grooved

SAN FRANCISCO (AP)—Arnold Palmer continued his hot golf shooting of 1966 Wednesday firing a six-under par 65 in the pro-amateur prelude to the Lucky International Open which starts Thursday.

★ ★ ★

Palmer carded seven birdies and one bogey over the 6,692,-yard Harding Park Municipal Course on a cool, breezy day. Billy Maxwell of Indianapolis had a 67.

★ ★ ★

Don Massengale, the Jacksboro, Texan who won the $11,-000 top prize in the Crosby on Sunday, and Randy Glover of Florence, S.C. also had 67.

Ice Skate Champs Defending Titles

Figure Skaters at Nationals

Three Titlists Return for U. S. Team Tests

BERKELEY, Calif. (AP) — Champions in three divisions are defending their titles at the National Figure Skating Championships here this week, and trying for places on the United States team in the World Championships at Davos, Switzerland, next month.

★ ★ ★

Peggy Fleming, 17, is the only defending champion who is going for a third consecutive title. The senior ladies' champ first learned to skate at Berkeley Iceland when her father was a newspaper pressman in neighboring Oakland.

Gary Visconti, 20, of Detroit, upset Scott Allen, 17, in the senior men's event last year at Lake Placid, N.Y. Allen, the 1964 champ, is back to challenge Visconti.

SECOND TRY

Trying for a second consecutive title in the Gold Dance is the strikingly handsome Los Angeles pair of Dennis Sveum and Kristin Fortune.

★ ★ ★

There are four senior divisions and six novice or junior divisions in the Nationals and 121 carefully chosen participants.

Making the trip will be the first three senior men and ladies, the top two senior pairs and the leading three Gold Dancers.

★ ★ ★

Preliminary school figures for individual novice skaters started Wednesday on the large 200 by 100 foot Berkeley Iceland rink which is hosting its third Nationals.

The rink seats 3,500 and capacity crowds are expected for the last two nights.

Miss Fleming, now of Colorado Springs, Colo., has eight challengers. They include Albertina Noyes, 16, of Arlington, Mass., third last year; and 1965 junior champion Shari Bates, 18, of Oakland.

Sveum and Miss Fortune once again must contend with Lorna Dyer, 20, and John Carrell, 19, of Colorado Springs, second in this event last year.

Ronald Kauffman, 19, his 17-year-old sister, Cynthia, who finished second at Lake Placid in the senior pairs, try for the top spot this time.

Dances have compulsory figures that count 60 per cent. Free dancing makes up the other 40 per cent of the scores.

KNOW VARIABLES

Individuals must know all 69 of the traditional school figures which are variables of the two-lobed figure eights and three-lobed serpentines. They don't have to do all of them in this competition. But they do not know beforehand which ones they'll be called on to perform because the required figures are drawn by lot.

★ ★ ★

The school figures, which count 60 per cent, must be retraced three times without putting more than one edge of the 5-32 on an inch hollow ground blade on the ice at one time.

Considering all the precision needed, it is no wonder that it takes years and years of four hours a day practice or more to reach the national level.

Here are the men's novice figure standings after compulsory figures, with ages and hometowns:

1. Atoy Wilson, 14, Los Angeles, Calif. 298.1
2. Douglas Berndt, 16, Denver, Colo. 291.7
3. Kenneth Shelley, 14, Downey, Calif. 288.3
4. Torrey Sun, 14, Colorado Springs, Colo. 277.7
5. Robert Heimers, 13, Philadelphia, Pa. 276.2
6. Stephan LeRoy, 13, Minneapolis, Minn. 274.9
7. David Baffin, 15, Hull, Mass. 270.0
8. Craig Lyall, 13, Niagara Falls, N.Y. 256.8
9. Paul Spruell, 15, Tacoma, Wash. 247.1

Figure skating standings, with ages and hometowns:

1. Carol Newberry, 13, Colorado Springs, Colo.
2. Dawn Glab, 12, Paramount, Calif.
3. Sharon Davisson, 16, Paramount.
4. Patty Gracier, 12, Denver, Colo.
5. Christy Ito, 14, Portland, Ore.
6. Lise Gantz, 14, Paoli, Pa.
7. Candice Brown, 13, Summit, N.J.
8. Wen-An Sun, 12, Colorado Springs.
9. Cherylle Becke, Chevy Chase, Md.

Promotion Group Files Suit Over Clay Fight

CHICAGO (AP) — A $2.5 million damage suit was filed Wednesday in Circuit Court by Intercontinental Promotions, Inc., of Pennsylvania, against Ernie Terrell, recognized as the heavyweight champion by the World Boxing Association.

Intercontinental was matchmaker and promoter of the Cassius Clay-Sonny Liston heavyweight title fight last May 26 in Lewiston, Me.

ICE CAPER SOLVED — Last weekend, white game sweaters belonging to the Detroit Red Wings were stolen while the Wings were visiting Montreal. The sweaters showed up yesterday, one of them with the familiar No. 9 — belonging to Gordie Howe — on the back of Suzanne Durpas, 17, who was chosen queen of the physical education faculty of the University of Montreal. Students stole the sweaters Friday in an attempt to get an original carnival trophy.

Newest 'Prank' at Forum Has Art Work Gone

MONTREAL (AP) — Four large oil paintings depicting scenes of Stanley Cup hockey action vanished Wednesday from the prank-plagued Montreal Forum, and officials said they were stolen.

The pictures, which were bolted to forum walls, decorated the foyer leading to the business offices of the Montreal Canadiens Hockey Club.

They were painted by Tex Coulter, a former star with the Montreal Alouettes of the Eastern Football Conference.

Canadiens President David Molson said the bolts holding the pictures were cut with a saw.

Earlier, 45 sweaters belonging to the Detroit Red Wings, were taken from the forum.

Winter Theme at 4 Festivals

Blessed with a lingering cold wave, the state has several winter celebrations scheduled for this weekend.

The Clare County Winter Sports Carnival will begin tomorrow and Charlevoix's will start Saturday.

A winter festival will highlight the weekend at Missaukee Mountain near Lake City beginning Saturday.

The weekly Junior Alpine Ski Races will continue at Boyne Highlands; and Mount Holly has its annual Open Ski Races Saturday and Sunday.

Next week, the annual Michigan Tech Winter Carnival will begin Tuesday and run through Saturday at Houghton.

★ ★ ★

In addition, ski, ice boat, ice skating and snowmobile races on a lesser scale will abound throughout the state.

NURTURING A DREAM — When this picture was taken 20 years ago of Si Green — then in his 28th year with Pontiac Motor — he was just dreaming about owning his own ski resort. Now son John (in harness) is 21; Si and wife Velma own a flourishing lodge in their own canyon near Missoula, Mont.; and the Pontiac Ski Club, of which Si was a founder and first president, has moved from Mt. Judah to Temple Hill.

Fresh Powder Lures Skiers to Teeple Hill

Looking for a fresh powder trail to blaze with your skis?

★ ★ ★

Skiing has become so popular in Southeastern Michigan that it is almost impossible to go to a resort and find a run that someone hasn't been over before.

Pontiac Ski Club members, though, are proud of their Teeple Hill facilities, since fresh natural snow is a prerequisite for them to open the runs.

Several hundred skiers have used the Highland Recreation Area's three rope tows the past two weekends. Three-to-four inches of powder cover the ski runs and nearby bobsled trails.

Economy is another Pontiac Ski Club attraction since an adult can ski from 10 a.m. to 5 p.m. for $2. The slope is only open Saturday and Sunday, and there is no rental equipment.

★ ★ ★

The recreation area also has ice skating.

Caberfae Lists Area Changes

Caberfae Ski Area at Cadillac has announced many improvements and some new faces for the coming winter.

★ ★ ★

The Caberfae manager is Jim Clark who replaced Fred Bocks, now in Vermont.

Outside the lodge, George Stark is the new work foreman while Gary Echelberger is now head ski patrolman after his return from the Aspen, Colo., slopes.

Bob Meyer's ski school office is at the west end of the Old Lounge; and the management has added $60,000 worth of snowmaking equipment around the slopes.

CHANGES

The refreshment facilities have been expanded with the completion of the Crow's Nest and the new Skyview cafeteria and lounge. The old cafeteria is now the rental department.

The Ski Shop has moved into the former rental building. Bull Buck run, also, was rebuilt for better protection from the wind and more enjoyable skiing.

Austrian instructors Heinz Achhorner and Heiner Koch have returned for the season.

WINTER'S HERE — Winter has arrived in New Jersey and it's made this 18-month-old daughter of Mr. and Mrs. Frank Catena of Iselin a happy young lady. Gina's shown here with a hot water bottle in a strategic spot as a cushion and comforter while she goes about her sledding and sliding.

West Bloomfield Wins 2 Ski Events

West Bloomfield and Waterford ended up having a dual ski meet instead of a quadrangular yesterday in the Mount Holly Prep League.

The Lakers won both the girls and boys divisions with total times of 148.0 and 158.1, respectively. Four boys and three girls finishers are necessary to compile a team total.

Waterford had 151.2 (girls) and 176.8 (boys) totals.

Berkley's teams couldn't ski due to exams while Pontiac Central's boys' team failed to qualify. PCH hasn't a girls team.

158.1 WB — WTHS 176.8 Boys
148.0 WB — WTHS 151.2 Girls

Boys

1. Tom Webster (WT), 34.7; 2. Tom Carter (WB), 35.4; 3. Larry Walters (WB), 36.8; and 4. Terry Brennan (WB), 37.4; 5. Gary Edwards (WT), 45.2.

Girls

1. Julie Crary (WT), 46.6; 2. Betsy Shuler (WB), 48.3; 3. Sandy Elliott (WB), 49.0; 4. Debbie McNair (WT), 49.2; 5. April Welch (WB), 50.7; 6. Kathy Benson (WT), 55.4

Mexico Confirms Bout

MEXICO CITY (AP) — The Mexican Boxing Commission announced Wednesday that Feb. 12 is the definite date for the world featherweight title fight between champion Vicente Saldivar of Mexico and Floyd Robertson of Ghana.

Ski Team Trials Led by Entrants From Northeast

PUTNEY, Vt. (AP) — Mike Gallagher of Killington, Vt., held the cross country lead and John Bower of Auburn, Maine, was ahead in the Nordic combined standings today in trials for the U.S. FIS ski team.

★ ★ ★

Gallagher won the opening 15-kilometer cross country event Wednesday, topping a field of 36 with a time of 51:48. Trailing in order were Mike Elliott of Durango, Colo., 52:33, Larry Damon of Burlington, Vt., 53:42, and Bob Gray of Putney, 55:31.

★ ★ ★

Bower, a member of the 1964 Olympic team, led 12 entrants seeking combined berths for the FIS competition in Norway. He finished sixth in the cross country in 56:28 after posting a victory and a fourth in two jumping events.

Dutchman Has Speed

DAVOS, Switzerland (AP) — Ard Schenk of the Netherlands established a world 1,500-meter speed skating record Wednesday by clocking 2 minutes, 6.2 seconds.

★ ★ ★

He shattered the old record of 2:06.3 held by Juhani Jaervinen of Finland.

SKI AMERICAN

By ROBEL STRAUBHAAR
Written for NEA

Intermediate skiing starts with the stem christie. From a traverse position on the slope, the uphill ski is stemmed—that is, the tail of the ski pushed out—with an accompanying down motion of your body.

With an up motion, the weight is then transferred to the stemmed outside ski. The inside ski is brought forward and parallel to the outside ski as you enter the christie (or skidded turn) phase.

★ ★ ★

With another down motion, the outside (or downhill) shoulder is brought back and the body assumes the normal angulation of a traverse. The edges are reset to finish the turn.

A lot of exercising, like stemming the uphill ski without transfer of weight, is helpful to accomplish a good advanced stem christie.

(NEXT: Stem christie garland.)

STEM TURN — Robel Staubhaar of Crested Butte (Colo.) Ski School has finished his stem and ready for the christie.

City Residents Warned on Unlicensed Barbers

Pontiac residents were warned today not to patronize unlicensed barber shops.

★ ★ ★

The city health department, in cooperation with the Michigan State Board of Examiners of Barbers, warned that all barber shops and barbers have to be licensed.

A number of persons cutting hair and charging a fee in unlicensed establishments in the Pontiac area, such as in private homes, have been reported to the health department.

Licensed barber shops are properly equipped to effectively clean and sterilize all barbering tools.

★ ★ ★

This is to prevent spread of diseases of the hair and scalp.

Also, licensed barbers are trained to detect any such communicable disease.

Health officials added that such diseases of the skin and scalp can readily spread to all members of a family.

Any person or persons found to be cutting hair in any unlicensed shop will be subject to legal action.

Branch Law School in Lansing Is Urged

LANSING (AP) — The Senate asked the University of Michigan and Wayne State University Wednesday to consider establishing a branch law school in Lansing. The resolution was introduced by the majority and minority leaders, Raymond Dzendzel, D-Detroit, and Emil Lockwood, R-St. Louis.

EDWARD B. HODGES

Former Noted City Resident Dies in Texas

Edward B. Hodges of San Benito, Tex., former Pontiac real estate man and operator of the Oakland & Pontiac Auto Agency, died yesterday after a brief illness. He was 83.

Service will be 11 a.m. Monday at Sparks-Griffin Chapel with burial in Perry Mount Park Cemetery. His body will be brought to the funeral home at 2 p.m. Sunday.

After completing a course in mechanical engineering at Michigan State University, Hodges entered the automobile business in the engineering department of Olds Motor Division, Lansing.

He served in the engineering plant of Oakland Motor Car Co. and Pontiac Motor Division several years, prior to going into the sales field for himself in 1915.

He first operated a garage where the Riker building now stands.

In October, 1929, he became operator of Hodges Motor Sales, 147 S. Saginaw, as successor to Nephler Oakland Co. upon the retirement of the late C. J. Nephler.

Hodges and Ward E. Partridge announced the forming of a real estate firm Oct. 13, 1939. He left Pontiac to make his home in San Benito in 1950.

Hodges was a member of the Presbyterian Church, Pontiac Masonic Lodge, and Rotary Club of San Benito.

Surviving are a daughter, Mrs. Marion Benter of Pontiac; a son, James E. in California; eight grandchildren; three sisters and two brothers.

Memorials may be made to First Presbyterian Church.

Board to Eye Store Rezoning

Switch Is for Liquor Sales in Waterford

A rezoning request for transfer of a liquor licensed business from White Lake Township to the corner of M59 and Tull will be considered at a future meeting of the Waterford Township Board.

Recommended for approval by the Township Planning Commission, the proposed zoning change is from local business district (C-1) to general business district (C-2).

The business would occupy three lots. Jeannie Hemberg is the applicant.

Special approval has been granted by township planners to Lakecrest Baptist Church for construction of a church on Airport near Elizabeth Lake Road.

★ ★ ★

The planners will hold public hearings Feb. 23 on three rezoning requests.

RESTAURANT ZONING

Included in a request to rezone from C-1 to C-2 (extensive business district) restaurant property on M59 at Tull Court for structural changes.

★ ★ ★

Other proposals consist of rezoning from C-2 to M-1 (light industrial district) a plot of land on M59 near Irwin and from C-2 to R-2 (multiple residential) a parcel at Pontiac Lake Road and M59 for construction of an apartment building.

To Introduce Poverty Aides

The Oakland County Office of Economic Opportunity (OEO) will introduce its 10 newly trained neighborhood organizers at a 7 p.m. public meeting Feb. 3 at Jefferson Junior High School.

★ ★ ★

Purpose of the neighborhood organizers is to determine who are the poor and then encourage them to become involved in OEO programs aimed at eliminating poverty.

★ ★ ★

Speakers at the meeting will include Alvin Davis, director of the Pontiac Community Action Center; Edward P. Revis, assistant director; and Mrs. Adele Walker, neighborhood organizer supervisor.

Hamlin Reelected to Position on Fund

Delos Hamlin, chairman of the Oakland County Board of Supervisors, yesterday was reelected vice chairman of the Metropolitan Fund.

★ ★ ★

Dedicated to fostering close cooperation in governmental units as well as solving metropolitan problems, the Metropolitan Fund covers a six-county area in Michigan.

★ ★ ★

Also reelected at yesterday's annual meeting were William M. Day, president of Michigan Bell Telephone Co., board chairman; and Kent Mathewson, president.

CD Office Offers Radiology Course

In cooperation with the Oakland County Office of Civil Defense, the Pontiac Office of Civil Defense will present a 10-week training course in radiological monitoring.

★ ★ ★

The course will begin Feb. 7, from 7 to 9 p.m. at the county civil defense office, 1 Lafayette.

The course covers the basic concepts of nuclear radiation, use of radiological instruments, and decontamination exercises.

Satisfactory completion of the course enables certification as radiological monitors in the civil defense program.

WEDDING BELLS — Tina Louise, the voluptuous castaway on "Gilligan's Island," poses with Les Crane in Hollywood after announcing they'll be wed April 3. She said they planned to be married March 20 but had to postpone it because "so many of my friends will be in Europe at that time." March 20 is the first anniversary of their meeting.

'Castaway' to Wed Les Crane in April

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — Tina Louise, the voluptuous castaway of "Gilligan's Island," will be married April 3 to Les Crane, the undaunted two-time loser of ABC's Nightlife show.

THOMAS

Miss Louise reported the news at rehearsals for this week's Red Skelton show. She had just finished her lunch, which consisted of two hard-boiled eggs. She watches her weight, as did many a male observer at the rehearsals.

"We were going to get married March 20, which is the first anniversary of when we met," explained the actress, who had performed a dance in a negligible costume. "But so many of my friends will be in Europe at that time that we postponed the wedding until April."

The wedding will be the first for Miss Louise, the student of New York's Neighborhood Playhouse and Actors Studio who first achieved fame as Appassionata Von Climax in "Li'l Abner" on Broadway. Crane was married once before.

MODERN MANNER

The pair met in a modern manner — at a discotheque.

"It was at the Daisy Club last year," Miss Louise recalled. "I was coming in and he was going out. He was with Paddy Chayefsky, whom I know and adore, and Paddy introduced me to Les. Somehow they found a reason to return to the Daisy that night, and we talked until 4 a.m.

★ ★ ★

"Then I suggested they come to my house for breakfast, and we talked some more. But I must admit that I was more interested in talking to Paddy than Les."

Time changed that. Crane is one of the country's highest paid talkers, having starred twice in ABC's answer to Johnny Carson. He was putting in his second tour of duty with the late-night show while courting Tina.

FLYING TIME

"It was crazy," she remarked. "I was here doing 'Gilligan's' and he was stuck in New York doing 'Nightlife.' Every other weekend, I'd fly to New York to see him, and on the other weekend he'd fly here to see me. Once I had only one day off, but I went to New York anyway."

The travel situation was eased when his show was shifted to Hollywood. But once again the show succumbed to low ratings. Les is not discouraged, Tina reported, and would like another try at the chatter format. He is also preparing some programs he would produce himself.

He plans to work in Hollywood, since Tina will be stranded on "Gilligan's Island" for at least another season.

Distress Call Said Erroneous

Message Reported 40 on Lost Plane

NEW ORLEANS (UPI) — The U.S. Coast Guard said today that a report of a missing plane with 40 persons aboard off the Yucatan coast of Mexico apparently was erroneous.

"Nobody is reported missing. No aircraft is reported missing," the Coast Guard duty office said.

A mysterious distress message had been received last night by a Mexican naval station at Progresso, Mex., setting off a flurry of activity. The message identified the plane as a DC3 carrying 40 sons and having a registration No. WAOK-36.

"Those numbers are unauthorized for any country," the New Orleans Coast Guard reported.

★ ★ ★

Mexican officals were unable to find a missing plane.

RADIO FREAK

A spokesman for the Mexican navy said that no immediate action was planned. He said the call may have been a radio freak — a broadcast mysteriously coming in from perhaps thousands of miles away.

The Coast Guard said its initial report was received from Brownwood, Tex., where a citizen told the Federal Aviation Agency (FAA) he heard the distress signal on a citizen's band radio.

The FAA notified the Coast Guard.

★ ★ ★

"An airliner would not carry citizens' band radio," the Coast Guard said.

'EMERGENCY'

The message received by the Mexican naval station said the pilot "encountered an emergency situation" flying at 40,000 feet.

The Coast Guard also said 40 persons could not get aboard a commercial DC3.

"Nothing matches. We turned up one blank after another," the Coast Guard said.

★ ★ ★

The FAA in Houston said it had no report on the plane and expressed doubt about the story.

Radio-TV Exec in Detroit Quits

DETROIT (AP) — John F. Pival, president of WXYZ, Inc., and general manager of WXYZ-TV, announced his resignation yesterday, ending a 20-year association with the Detroit station.

Pival's resignation is effective Feb. 11. There was no immediate announcement of a successor.

Pival, 52, said he intends to form an independent television production company headquartered in Detroit.

Pival joined WXYZ as a radio director. He was program manager when WXYZ-TV went on the air in 1948, and was named president of both the radio and TV companies in 1960.

Answer to Previous Puzzle

Meredith Still Sparkles After Decade of Stardom

By EARL WILSON

NEW YORK—The great story of the resilience of Burgess Meredith will soon be breaking in all the magazines . . . but I think some of us oldsters know the facts even better.

Fifty-seven, married four times (once to Paulette Goddard), "Buzz" is coming into new prominence with the young for playing "The Penguin," a guest villain on "The Batman" TV show . . . which is remarkable because over 30 years ago Broadway was cheering him as the brightest new stage star in town in "Winterset."

WILSON

A character then (No. 1 Wolf and such), he's still playful . . . loves to drive his "Land-Rover," a sort of a jungle jeep, in front of posh 21, and startle all the Rolls and Caddy set.

His wife Kaja Sundsten, a former dancer who's also a licensed flying instructor, often takes him in their Cessna to Hollywood (making it in about four gasoline stops) and will take him to Miami Beach March 3 for the premiere of his film, "Madame X!"

Soft-voiced, gentle, sensitive, a much loved gentleman, Meredith tells how his wife had to instrument-land in rough New England weather recently when they visited a girls' school.

★ ★ ★

"Kaja did a great job of landing us," Meredith says. "It got a little scary.

THE BLACK HOLE OF CALCUTTA by Noel Barber. (Houghton Mifflin $3.95): A new report on an incident often cited as an example of callous cruelty.

The facts are simple: 14 Britons and an Eurasian woman were crammed into a 15-by-18-foot cell in the deadly heat of lowland India's spring; when the door was opened 10 hours later, 123 men were dead.

★ ★ ★

In June, 1756, Nabob Siraj-Uddaula of Bengal led an army of about 50,000 Indians against the 515 defenders of the East India Company's Fort William in Calcutta.

★ ★ ★

Despite the overwhelming odds, the defenders — a British-led force made up largely of Eurasian mercenaries — put up a good fight even in the face of repeated strokes of treachery and misfortune.

★ ★ ★

"The Black Hole of Calcutta" is a spirited and informative report on a small battle that played a large part in history.

★ ★ ★

RED MAN'S RELIGION by Ruth M. Underhill (University of Chicago Press $7.95): In tracing the beliefs and ceremonies of our country's first immigrants, Dr. Underhill discovered great diversity. Often their myths and legends, similar to those of primitives in Australia or the Philippines, quite drastically differed from the beliefs of offshoots of their own clan.

★ ★ ★

The term Great Spirit, so dear to the romantic white man's idea of customs of the noble red man, is meaningless in fact. Except for one or two highly developed Indian groups, the closest the tribes came to the idea of a supreme deity was the supernatural.

Ceremony and not worship was the keynote. They regarded the supernatural as both good and evil, depending on which side was invoked.

The Happy Hunting Ground, was peculiar to hunting tribes only and many of these never heard of it.

THE DOUBLE IMAGE by Helen MacInnes. (Harcourt, Brace & World $5.75.): Once again Helen MacInnes delves into the intricate world of master spy versus counter espionage agent, and moves her protagonists around from Paris to the colorful Grecian island of Mykonos.

A chance encounter between an ex-student of Columbia and his professor involves the American in as complicated a web of international intrigue as any James Bond might encounter, though under Miss MacInnes' expert hand the skullduggery is more cerebral and the mayhem on not quite such a grandiose scale.

For the Helen MacInnes fan here is all her intricate web spinning, plenty of suspense and skillful local color on the sun-drenched little island.

Assisted Motorist Ends Up Arrested

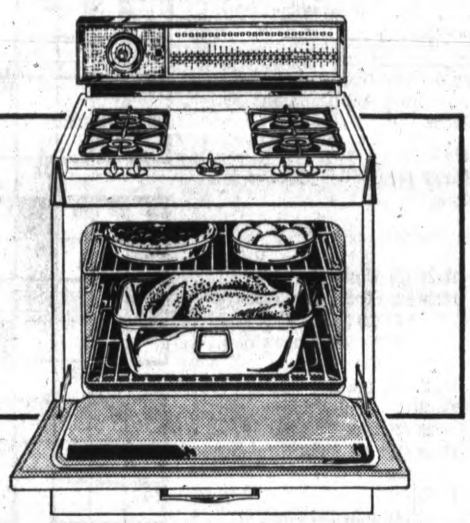

LA PORTE, Iowa (AP) — Police Chief Harold Burch stopped to help a motorist whose car had overheated and stalled. They were putting water in the radiator when Burch heard on his police car radio the report of a car stolen in nearby Waterloo.

Burch checked the license number of the car on which he was working. It was the one reported stolen. He arrested the motorist.

$944.9-Million State Budget Asked

Economy Is Still Glowing—LBJ

WASHINGTON (AP)—President Johnson said today the nation has achieved the ability to ward off recessions, hold booms in bounds and keep an American economic miracle going in 1966.

Johnson attached a condition to this glowing outlook: wage and price decisions by labor and business must be "sound and and responsible—just as I am determined that public decisions will be fully responsible."

"If they are," the President said, "the American economic miracle will remain in 1966 the single most important force in the economic progress of mankind."

This was in an 8,000-word message he sent to Congress along with the annual report of his Council of Economic Advisers.

★ ★ ★

The report was a bit less exuberant in language than the message.

SEE OPTIMISM

But sprinkled through both were sentences and phrases of unvarnished optimism, qualified here and there with a word of restraint or caution.

They all added up to predictions that in spite of war in Viet Nam, and to some extent because of it, this will be another good, big financial year for just about everybody.

The forecasts are for more business, more jobs, more profits, more spending and what Johnson called a "strong thrust of progress."

★ ★ ★

The President said: "Our nation's industries, shops and farms—our workers, owners of business, professional men and women—prosper today far beyond the dreams of any people, anytime, anywhere."

OTHER POINTS

The President made some other points:

"Recessions are not inevitable."

"We have learned how to achieve prosperity."

"Our prosperity does not depend on our military effort."

DEFENSE NEEDS

"Our defense needs are great; but our growth is far greater."

"In only seven other countries of the world is total output in a year as large as the increase in our output last year."

"I am unwilling to declare a moratorium on our progress toward the Great Society."

★ ★ ★

"Expansion need not generate inflation."

Throughout the message and the economic report, nevertheless, there was repeated empha-

Romney's Plan to Cut Existing Surplus in Half

Recommendation Is $126.6 Million Over Current Fiscal Year

LANSING (AP) — Gov. Romney proposed a $944.9-million state budget today that will cut the existing surplus in half.

His recommended spending for 1966-67 is a jump of $126.6 million over appropriations for the current fiscal year.

Romney said $96 million of the increase is needed just to keep pace with growing population and rising costs. He recommended $30.6 million worth of new programs.

Romney used his traditional "prudent and progressive" to describe the spending blueprint for the year beginning July 1.

★ ★ ★

He included no new tax recommendations and declared that "though large, it will not expose Michigan to a fiscal crisis in 1966-67 or the following year, while at the same time it will move our state forward in areas of continuing need."

STATE SURPLUS

Romney said the state would still have $134 million in its surplus when the new year begins —a drop of less than $2 million from the surplus of mid-1965.

But he declared that $66.8 million of it would have to be spent in 1966-67 to balance the budget.

The Republican governor forecast an economic growth rate of 7.5 per cent, a sharp jump up from the 4 per cent rate he originally predicted for this year.

★ ★ ★

The current year, he said, will show a 9.4 per cent growth rate.

These new and improved pro-

800 Jam Cook School

Nearly 800 persons swarmed into Pontiac Central High School last night for the third session of The Pontiac Press cooking school.

It was the largest crowd in the seven-year history of the cooking school.

They drank soft drinks and munched potato chips as they listened to organ music before the program started.

Robert Lilleyman of Calbi Music Co. is playing a Baldwin home-theater organ for the third year at the school.

Barbara Zimmerman and Harriet Cannon of Consumers Power Co. prepared a variety of new dishes on the stage and later gave away as prizes everything they had cooked.

During the intermission, Mrs. Josephine Lawyer of the Michigan State University extension service spoke on food buying with emphasis on labeling and purchasing meat for the freezer.

'Get Acquainted' Party Tonight

State Junior Miss Finals Open

Thirty-two contestants from throughout the state will officially open Michigan's 1966 Junior Miss contest tonight with a "get-acquainted" party at Community National Bank, 30 N. Saginaw.

★ ★ ★

The girls, selected in area contests held by Junior Chambers of Commerce, will gather at the bank along with their parents, Pontiac host families and sponsoring Jaycee members.

Local winners in contests held last month were Phyllis Grisham, 17, representing Pontiac, and Gayanne Mansfield, 17, selected in the Waterford contest.

Patricia is the daughter of Mr. and Mrs. James W. Grisham of 862 South Blvd., Avon Township. Gayanne's parents are Mr. and Mrs. Arthur Mansfield of 5186 Durham, Waterford Township.

★ ★ ★

Besides winning the right to compete in the national pageant at Mobile, Ala., in March, Michigan's Junior Miss will receive a $1,500 United States savings bond and a share in $3,300 in prizes donated by area merchants.

A BUSY DAY

Contestants will spend a busy day tomorrow, beginning with personal interviews in the morning with contest judges and winding up in the evening with preliminary talent competition.

Saturday's final pageant will be preceded in the afternoon with a judging on youth fitness and formal dress appearance before start of the final performance at 7:30 p.m.

Ten finalists will compete in the talent event prior to selection of Michigan's Junior Miss and four runners-up.

Both the final pageant and tomorrow's preliminary talent competition are open to the public at Pontiac Northern.

Press Circulation Manager Retires; Three Promoted

The retirement of Pontiac Press Circulation manager Fred Thompson was announced today, along with the promotion of three members of his department.

Pontiac Press Publisher Harold A. Fitzgerald revealed that Arlo A. McCully will assume the position of circulation manager. He has been assistant circulation manager since 1961.

Moving up to the assistant position is Albert E. Falkner. James T. Long will become circulation promotion manager.

Thompson has been with The Press since 1933. He was named circulation manager in 1961.

Funds for OU Disappoint Chancellor

Gov. Romney's proposed budget released today, allotted $3.7 million to Oakland University for operational expenses and $3.4 million for capital outlay.

"If this represents, as it seems to, the total amount," said OU Chancellor Durward B. Varner, "It would appear that Gov. Romney has awarded OU approximately 50 per cent of the operational increase requested.

"This leaves many important areas uncovered.

"We could live with it but we would obviously have another difficult year ahead."

In December, Varner and five other OU representatives presented the school's $4.5 million 1966-67 budget to the State Department of Administration, budget division.

In addition to the operating budget, OU requested monies to cover two deficiency items: $348,150 for library improvement and $107,000 for the noncontributory retirement program for the nonprofessional staff.

This amounted to a 67.8 per cent increase over this year's $2.6 million appropriation.

Included in the university's immediate plans to utilize capital outlay funds are the completion of the $4.5-million engineering building and the proposed Learning Resources Center.

Ground is to be broken on the engineering building in April with completion planned for August 1967, according to Robert Swanson, OU director of business affairs.

Inch or Two of Snow Due

An additional inch or two of new snow is expected to cover the Pontiac area by nightfall.

The weatherman reports skies will partially clear with temperatures ranging from 4 below to 4 above zero tonight.

Partly cloudy and cold with brief periods of snow flurries and highs of 7 to 15 is Friday's forecast. Continued cold is the outlook for Saturday.

Blustery northerly winds at 15 to 35 miles per hour this morning will shift to northwesterly and diminish tonight and tomorrow.

Seven above was the recording at midnight in downtown Pontiac. At 1 p.m., the mercury registered 8.

Blasts Rip 4 Homes, Hurt 7 in Indianapolis

INDIANAPOLIS, Ind. (AP) —Three shattering explosions and a spreading gas-fed fire virtually destroyed four houses on the Indianapolis west side today, injuring seven persons. None appeared hurt critically.

Capt. Emery Curl of the Wayne Township Fire Department, in charge at the scene, said "it looks like gas leaks to me."

3 Legislators Hit in Driving Records Row

LANSING (AP) — A House Republican accused three fellow legislators of compiling "a record of utter dishonor to themselves and this body" in a flare-up over driving records in the House Wednesday.

Even Gov. George Romney's driving record was drawn into the controversy which was sparked by bills to clamp a lid of secrecy on secretary of state's records of driver violation points.

Romney, said Rep. James Del Rio, D-Detroit, was ticketed in 1954 for speeding at 60 miles an hour in a 50 mile zone in Bay City; he was ticketed in Detroit for doing 40 in a 25 in 1957, in Marysville for improper passing the same year, and in Detroit in 1958 for failure to stop for a red light.

The record was confirmed by Harold Kimmel of the Driver

WASHINGTON (UPI) —The nation's living costs, climbing at the fastest rate in eight years, jumped to a new record high in December.

'Nastiest Storm of Winter'

Blizzard Sweeps State

By United Press International

Blinding snow whipped by shrieking winds struck Michigan today.

The Weather Bureau warned the state was under a siege of "blizzard conditions."

Temperatures sank below zero throughout the Upper Peninsula and dropped toward the zero mark in the western Lower Peninsula.

Winds up to 35 miles per hour drove snow squalls in slanting blasts that blinded motorists.

The storm swept down from the north, covering the entire Upper Peninsula and the western half of the LP.

It pushed southeast, its vanguard dropping light snow in Detroit.

The United States Weather Bureau said it was Michigan's "nastiest storm this winter."

The Michigan Highway Department said snow was drifting up to 12 inches deep between Petoskey and Muskegon. It said roads in the UP and northern LP were hazardous and the storm was getting worse.

The Weather Bureau said winds were gusting up to 35 miles per hour at Sault Ste. Marie, 29 mph at Traverse City and 33 mph at Marquette.

Temperatures hit 10 below at Houghton, 8 below at Marquette, 3 below at Flint and 2 above at Traverse City and were still dropping.

The snow fell in squalls. The gusty winds drove them ahead and picked up more from the ground.

Board OKs Busing of Whitfield Pupils

The Pontiac Board of Education last night unanimously approved "temporary" busing of some 100 Whitfield Elementary School students who presently walk to school, crossing Telegraph, in an area without sidewalks.

Supt. of Schools Dr. Dana P. Whitmer was authorized to implement one of two plans to transport students in the Washington Park area without adding to present equipment and personnel.

The board action followed a report by Whitmer on transportation problems throughout the school district and a question-answer session with a delegation of some 35 parents from the Whitfield and Kennedy Junior High School districts.

It was the second time the parent delegations had met with the board.

★ ★ ★

Representatives of both school groups had criticized the lack of school- or city-provided transportation for students in some cases walking as far as three-and-a-half miles to class.

REQUEST REPORT

Board members concurred with expressions of parent concern for safety of students and following the Dec. 8 meeting requested a report from Whitmer on the school district's present $130,000-a-year transportation program.

The superintendent last night stressed the administration's primary emphasis on expenditure of funds for educational purposes.

He also cited the implications of extending the district's transportation policy to include junior high school students and the legal requirement to provide equal auxiliary services to parochial schools.

★ ★ ★

After the parents left the meeting, board members agreed the Whitfield situation was hazardous and voted in support of "temporary" busing.

DESIGNATED TEMPORARY

Designation of the measure as "temporary" places the move in line with seven other busing arrangements at elementary schools in the district.

While not acting immediately on the problem described by Kennedy school parents, the board cited student transportation as a subject for administration study in the near future.

sis on holding the line against inflation.

The report spoke of possible restrictive fiscal and monetary policies to halt price increases should actions of unions and managements bring inflation.

Johnson spoke of wage and price controls, but in a negative way.

★ ★ ★

The government, he said, does not have power now to impose them. He made no bid for such power.

But he did tell labor and industry, repeatedly and in various ways, that it is vitally important for them to follow guideposts set out by the three-man Council of Economic Advisers headed by Gardner Ackley.

Designed to keep wage and price increases with noninflationary limits, the guidelines are pegged to increased productivity. The council — and it gets some arguments on this — figures that increase at 3.2 per cent a year.

It specifically recommends sticking to that percentage and holding all boosts within that boundary. The council got Johnson's complete backing.

"Perhaps our most serious economic challenge in 1966," he told Congress, "will be to preserve the essential stability of costs and prices which has contributed significantly to our balanced progress."

EYES ON POTATO—Don Foster of Space Defense Corp., 1600 N. Woodward, Bloomfield Township, studies a piece of potato with a measuring instrument. A potato will be flown in outer space and returned to the firm for biological study.

Area Firm to Study Potato in Space 'Spudnik' Project

BLOOMFIELD TOWNSHIP — Sometime within the next two years a multimillion-dollar rocket will be launched into orbit by the National Aeronautics and Space Administration, carrying, of all things, a potato.

★ ★ ★

Watching the project anxiously will be the scientists and engineers of an area firm, Space Defense Corp., 1600 N. Woodward.

Purpose of the project, as explained by Bruce W. Pinc, a biologist with the firm, is to determine how much influence outside forces have on the growth of cells.

Potatoes are being used, Pinc said, because they are simple and cheap. Naturally, the project has been dubbed "Spudnik."

★ ★ ★

Spudnik is designed to probe what Pinc calls the "riddle of biorythmicity, one of the five most important questions in biological science."

★ ★ ★

Pinc said biorythmicity describes the tendency of living organisms to become active at regular, predictable intervals.

SUDDEN GROWTH

"It's all very well to say sudden spurts of growth in adolescents are due to an increased presence of the growth hormone," said Pinc. "What we want to know is what stimulates the gland which produces the hormone and why the stimulation occurs."

★ ★ ★

Pinc said one school of thought contends clock-like mechanisms inside the cell control activity and that no outside forces influence stimulation of cells.

Another view says outside forces such as the sun, moon and gravity dictate variations in organic activity. The greatest problem in attempting to prove the theory has been the near impossibility of elimination such outside forces in experimentation.

★ ★ ★

"By taking advantage of space we get away from the exertion of all earth-bound forces," Pinc said. "We have a virtually empty environment, and if standard biorythmicity occurs we can be relatively sure the cause is inside the cell."

POTATO TESTED

Scientists have for several months tested a potato encased in an aluminum alloy container like the one which will take it into space.

★ ★ ★

The container is a self-contained unit, capable of measuring the potato's intake of oxygen and expulsion of carbon dioxide to within 12-millionths of a cubic centimeter — less than one-10th the size of a pinpoint.

★ ★ ★

Pinc and Dan Foster, another scientist, say results of their tests so far tend to back up the theory of outside influence on cellular activity. But they're not drawing any conclusions yet.

Glue Sniffer Stuck in Jail

A Madison Heights youth has been sentenced to 90 days in the Oakland County Jail after pleading guilty to charges of being under the influence of glue fumes and probation violation.

★ ★ ★

Serving the jail term is Frederick Gravley, 17, of 1212 E. Guthrie.

Gravley was arrested by Madison Heights police last Saturday when his mother took him to the police station, complaining that he was under the influence of glue fumes and locked her out of the house.

The youth appeared before Madison Heights Municipal Judge Edward W. Lawrence Monday on both the glue fume charge and one of probation violation.

★ ★ ★

Police said that the youth had failed to report to the Oakland County Health Department for periodic treatments as ordered last month by Oak Park Municipal Judge Burton Shiffman.

★ ★ ★

Gravley also was free on $1,000 bond awaiting trial in Oak Park on a charge of unlawfully driving away a motor vehicle, according to police.

3 Legislators Hit in Driving Records Row

(Continued From Page One)

Licensing and Records Division of the Secretary of State's office.

TWO SPONSORS

Del Rio was cosponsor—along with Rep. Edward Michalski, D-Detroit — of a House bill to suppress such information.

★ ★ ★

They said they had been asked by several Wayne County judges to introduce such legislation to prevent companies from using the information to cancel policies or raise rates unreasonably.

★ ★ ★

They and Sen. Basil Brown, D-Highland Park, sponsor of a similar measure, were the objects of an attack by Rep. Roy Spencer, R-Attica.

★ ★ ★

Spencer said news reports seemed to indicate the Legislature was trying to "prohibit access to public records concerning the membership (of the House and Senate) specifically in the area of traffic violations.

UTTER DISHONOR

"It is easy to understand this analysis when the introducers of the legislation have compiled a record of utter dishonor to themselves and this body," he added.

★ ★ ★

Spencer invited "anyone in this state to examine the traffic records, including criminal violations. This information should remain public."

★ ★ ★

He said later he was referring to his own driving record.

Del Rio, the Secretary of State's Office showed, had been convicted of 11 moving violations since 1954—"but I drive 400 miles a week," he said.

Michalski admitted to having 12 violations points on his record now—the result of four tickets in the past two years.

Ask School Committee to Make Opinion Study

BLOOMFIELD HILLS — The board of education wants to know if it's on the right track as far as the community is concerned.

★ ★ ★

"We want a reflection of the community's attitudes and desires so that we in turn can reflect them in our school system," Board President Richard H. McGraw told members of the board's new citizens study committee Tuesday.

His comments were made at the organizational session of the group which was formed as a communications link between school district constituents and the board of education.

The 39-member committee has no connection with the $11-million bond issue to be considered at a special election April 14.

★ ★ ★

"It is a coincidence and not a planned maneuver that this committee is being organized while we are considering a bond issue," board trustee C. Henry Haberkorn III said.

SCHOOL ROLLS

Impetus for the committee's study is a rapidly increasing school enrollment.

With so many new families moving into the district, the board decided it was time to see whether community attitudes have changed.

"We don't say we have any problems — nor do we say we don't have problems," McGraw said, noting that the board would prefer to hear criticism rather than compliments from the committee.

★ ★ ★

The group was asked to aim for a June deadline for its final recommendations.

The committee was given no specific goal, although board members did offer individual suggestions.

Bloomfield Township Supervisor Homer Case was appointed temporary chairman.

Budget Hike Is Proposed by Romney

(Continued From Page One)

grams dotted the spending program:

- $7.4 million for colleges and universities in addition to the $16 million needed to keep pace with growth and costs.
- $10 million to boost per pupil allowance in the school aid program from $255 to $260. Some of this will come from earmarked sales tax revenue rather than the general fund.
- $11.7 million to remove ceilings from the state's aid plan for poorer school districts, also partly paid from earmarked sales taxes.
- $5.6 million as the state's share in Medicare.
- $4.7 million to provide more aid to dependent children.
- $2.5 million to expand veterans' homestead tax benefits.
- $1 million for grants to cities and townships for construction of sewage plants—a move to fight water pollution.
- $2.9 million for various program improvements in mental health.
- $1.2 million to increase community college aid from $275 per student to $300.
- $1.5 million for more state scholarships.

RESTRICTED FUNDS

The governor devoted almost his entire message to the general fund budget.

★ ★ ★

But he pointed out that restricted funds would bring overall state finances to a slightly more than $2-billion operation.

The restricted operations include $374.1 million from gasoline taxes, weight taxes and other sources for the highway program and $348.9 million in earmarked sales tax for school aid.

The governor recommended quickening the pace of state building.

★ ★ ★

He proposed $79.4 million to carry more than 30 major projects toward completion, start construction on 30 more and begin planning another 40.

HIGHER EDUCATION

Higher education, with 70 of the 100 projects and $350 million, would have the bulk of the building dollar.

Each of the 11 colleges and universities would have at least two projects under way.

Mental health would eventually have 20 major buildings worth more than $40 million.

PLANNING — Sister Mary Xavier, administrator at St. Joseph Mercy Hospital, shows E. M. Esttes (left) blueprints of new buildings that will be constructed in the hospital's $6,500,000 expansion and modernization program. Looking on is Bernard R. Tresnowski, assistant administrator. Estes, a General Motors vice president and general manager of Chevrolet Motor Division, is chairman of the building fund which is in the midst of a campaign to raise $3.25 million toward the cost of new construction.

St. Joseph Fights Emergency Dept. 'Ills'

Accidents are not restricted to any one season of the year, or to any hour of the day or night.

They happen suddenly, any time—at home, on the highway, at the office or shop, or on the playground.

When they do, it is usually up to the emergency department of the modern community hospital to supply the pound of care needed because of failure to heed the rule about the ounce of prevention.

During 1964, a total of 25,174 patients were given emergency treatment at St. Joseph Mercy Hospital.

This is an average of 69 patients a day, or approximately three per hour throughout a 24-hour day. The emergency department never closes.

NEATLY SPACED

If patients were so neatly spaced—three to the hour—St. Joseph's emergency service would be busy enough.

But that is not the way things work out in actual practice. There may be no patients at all for a time; then suddenly a rush of sick and injured — all needing immediate attention.

In some instances even a slight delay may mean loss of life or limb.

Shock, one of the most serious complications of severe injury, must often be combatted by giving blood or plasma transfusions.

Large quantities of supplies—bandages, splints, sterile instruments, oxygen and anesthetics—must be kept on hand, together with many drugs and medicines.

Most important of all, highly trained personnel must be present and ready to go into action at a moment's notice.

Doctors and nurses at St. Joseph have been meeting emergencies, but their task is made difficult because of the limited facilities at their disposal.

★ ★ ★

To attain the peak efficiency that is so important at crucial times, an emergency unit has to be big enough and well enough arranged so that members of the staff do not get in each other's way when they are treating patients.

PRESENT SERVICE

The present emergency service at St. Joseph falls short of this requirement. It was not even big enough 10 years ago, when it was treating only about two-thirds as many patients as it does now.

One doctor describes the situation as "disturbing . . . a bad state of affairs."

Another says, "If we were suddenly called on to care for a large number of people as the result of some catastrophe . . . we would simply be swamped."

The emergency section now shares facilities with the outpatient clinics and has only about one-fifth of the space it needs. Such a situation creates cross-traffic and confusion, and makes it difficult for doctors and nurses to do their best at a time when top performance, without delay, is urgently needed.

NO WAITING ROOM

There is no waiting room, and patients as well as relatives have to wait in the hallway.

There is no place from which police or firemen can telephone their reports, except the nurses' station, and newspaper reporters often want to use the phone there, too.

Patients who must be admitted to the hospital for bed care are sometimes lined up on stretchers in the corridor because there is no other place where they can be kept until a bed is available.

★ ★ ★

These and other shortcomings will be remedied in the hospital's new emergency department which is part of the expansion and modernization program now under way. The new unit will have ample space, and will be arranged for smooth, efficient operation.

CAST ROOM

It will have five treatment rooms and a separate cast room for immobilization of fractures.

There will be one waiting room for ambulatory patients and a separate one for relatives of patients.

Local UAW Officials to Attend Confab

The presidents of Pontiac's three major UAW locals, along with their shop committeemen and delegates to the General Motors Sub-Council, will meet in Washington, D.C., Feb. 8, 9 and 10.

Union officials at General Motors Corp. plants in the nation will be on hand for the GM Sub-Council and conference meetings.

John B. Maye, president of UAW Local 653, will head the Pontiac Motor Division union delegation.

Robert White will head the UAW Local 594 delegation from GMC Truck & Coach Division.

Leading Local 596 at Pontiac Fisher Body Plant will be Donald Johnson.

SOLONS ON HAND

On Feb. 8, senators and congressmen will be on hand to take part in the general meetings.

The skilled trades, engineering and production workers' problems will take up the time of the subcouncil Feb. 9.

The afternoon of Feb. 10, issues and negotiation patterns will be brought out in relation to the next bargaining sessions with General Motors.

★ ★ ★

The Feb. 9 session is expected to take up the question of the Society of Skilled Trades (SST), and that group's current attempt to regain its former membership of 50,000 skilled tradesmen.

RECRUITING DRIVE

The SST, headed by President Joseph Dunnebeck, has been reorganized, and a concerted drive has begun to recruit skilled workers from the UAW.

Dunnebeck claims the UAW has failed to gain wage and fringe increases for skilled workers comparable to those gained for production men.

It has been estimated that cancer of the colon and rectum will take the lives of 43,000 persons in the United States in 1966.

Junior Editors Quiz on ELECTRIC CURRENT

QUESTION: What is the difference between direct and alternating current?

★ ★ ★

ANSWER: Direct current (D.C.) and alternating current (A.C.) are two different ways an electric current can pass along a wire. In a car (top of picture), many electric mechanisms operate by direct current.

This is produced in the car by its electric generator (some of the newer cars have alternators, generating A.C. which is then turned into D. C.)

The direct current, when turned on, moves in one direction around a circuit inside the car, operating such things as lights and the ignition system as it does so. A.C., the other kind of current, is that almost always used to bring electric power to our houses (center).

Here, the current produced in a generating plant flashes around a large circuit at inconceivable speed, supplying power to houses, towns and cities as it goes.

It keeps on whizzing around in the same direction until it has built up its power as far as it can go, keeping on while its power decreases to the zero point.

Then the current flow reverses itself, and now, as our simplified diagram suggests, it flows back along the path it came, whizzing round and round until it reaches its maximum and sinks to zero again.

With this reverse movement complete, the current has made one cycle. Home current has 60 such cycles to the second.

★ ★ ★

FOR YOU TO DO: This is a difficult subject to understand, but it is a most fascinating and important one, since we are living in an electrical age. Save this article for your science scrap book or ask your science teacher to explain it further.

Possible Modification Plan Is Facing Graduated Withholding Personal Income Tax

WASHINGTON (AP) — President Johnson's proposal for graduated withholding of personal income taxes probably will be modified to reduce the bite on middle and upper bracket paychecks before the legislation goes to the House floor.

This was the outlook today as the House Ways and Means Committee resumed hearings on Johnson's $4.8 billion tax package, of which graduated withholding is a part. Major components of it are a reimposition, for two years, of automobile and telephone excise taxes that had dropped Jan. 1 and a speedup in corporate tax collections.

Graduated withholding, like the corporate tax speedup, does not increase the amount of tax paid. It is designed to put collections more nearly on a pay as you go basis, so that fewer make-up payments would be required at the end of the year.

However, the schedule prepared by the Treasury and written into the bill has come under fire on the ground it calls for too much withholding from higher-income taxpayers, with the result that many of these would have to apply for refunds and would have money tied up without earning interest.

Republican members of the committee first raised this objection. A check today indicated substantial sentiment on the Democratic side also for adjustment of the withholding schedule.

The Treasury's own explanation of the bill concedes that the number of taxpayers in the $10,000-a-year and above income brackets who have too much tax withheld would be increased by the terms of the measure. Some ctitics say the effect would reach as far down as the $5,000 bracket.

King: Chicago Just Like Watts

CHICAGO (AP) — Dr. Martin Luther King Jr. says Chicago has the same problems that set off race riots in the Watts area of California last August.

King, organizing a drive against slum conditions in Chicago, listened to complaints about slum life Wednesday night. Then he said: "Many things you said tonight I heard in the same kind of session in Watts. The power structure better pay attention.

"The same problems that existed and still exist in Watts exist in Chicago today. If something isn't done in a hurry, we can see a darker night of social disruption."

King moved into a $90-a-month slum flat on Chicago's West Side Wednesday and told newsmen: "We'll have to have rent strikes to dramatize our problems."

TO BARGAIN

King plans to organize a union of slum dwellers to bargain with landlords as a first step of a showdown that could possibly lead to rent strikes in March or later.

King spent most of Wednesday night at a session in the First Church of the Brethren on the West Side. A crowd of 400 turned out to listen and a dozen or more of them voiced complaints about the way of life in the East Garfield neighborhood of the West Side. Negroes dominated the audience but there was a sprinkling of whites.

★ ★ ★

Martha Henry, with five small children, spoke of "rat holes big enough for a cat to go through" in her flat.

Millie Thompson said: "I'm not going to pay rent where there's rats, and nobody's going to throw me out."

BURST OF APPLAUSE

She drew a burst of applause.

Rudy Howard, a Marshall High School student, said the school was built for 2,000 and it now has 4,000 enrollees.

"The key to Negroes getting ahead is education and I feel I'm not getting a proper education," he said. "I'm sick of it."

★ ★ ★

He also touched off applause.

Leo McCarr, wearing a denim jacket and denim pants, said: "I don't like a precinct captain I don't see until election night with $2 in his hand."

MORE TIME LATER

King said that he will spend two or three days a week in Chicago and later spend most of his time here as his campaign picks up momentum.

In commenting on his rent, King said: "Negroes pay an average of $20 more for comparable apartments (than whites)."

In a related development, a state legislator said Wednesday that King's landlord will be subpoenaed by a legislative commission investigating slum housing.

Rep. Robert E. Mann, D-Chicago, said landlord Alvin Shavin and his company records will be subpoenaed for a March 2 appearance before the legislative commission on low income housing.

Letter Makes Brady Tired and a Bit Sad

By DR. WILLIAM BRADY

"I've been reading your column for a long time and I still enjoy it in our mountain retreat in New York. Your advice is to the point, simple and logical.

"I am 47, mother of seven children, working 8 hours a day, five days a week as a secretary, and spending all my leisure catching up at home with household duties, Cub Scouts, PTA, etc.

"I feel fine, but am skinny as a rail, getting gray and always have cold hands and feet. . ."

(Signed) ———

Your letter makes me tired, Ma'am, and a little sad—tired just to think about such a busy schedule and sad to think that a mother of seven children must be away from her children every school day.

Caring for one or two children is a job. Caring for a half dozen is a full-time job, and if a mother has to leave her children without her care or under other care most of the time in order to earn enough to house and feed them, the state is negligent.

Automatically the state should pay such a mother a monthly salary or stipend equivalent to what she could earn in employment, for the service she renders the state by staying home and taking care of her children.

★ ★ ★

Even though the children are left under the care of Nana, Aunt Ida or some other capable, dependable person while mother is at work, they are still deprived of the loving care and watchfulness that only a mother can give.

INADEQUATE BREAKFAST

You say nothing about your diet, but one can well imagine such a busy person snatching an inadequate breakfast of tea and toast or coffee and a roll and lunching on a cookie and a glass of pop.

No business woman, saleswoman, secretary or office worker can maintain good nutrition, vite, functional efficiency or good looks on that type of diet.

To keep at your best in every respect you must begin your day with a substantial breakfast, such as:

Fresh fruit in season, unsugared.
Undenaturized cereal, unsugared or
Whole wheat bread, toast or roll or
Hotcakes of wheat, corn, oats and
Egg, bacon, sausage, ham or fish
Tea, coffee or milk

★ ★ ★

In my booklet, "The 7 Keys to Vite" (35 cents and a stamped, self-addressed envelope) you will find the basic health, corrective, protective, regeneration, rejuvenation or reduction diet — it makes an excellent pattern on which to build your own diet to suit your individual requirements.

As outlined, the diet includes every essential nutritional factor, but, alas, no cereal. This, preferably undenaturized (unprocessed, unrefined) is to be added to supply the calories your work or play demands.

As it stands, the average diet is barely sufficient to maintain a person who sits hours every day at desk, at the movies, at the bridge table, behind the wheel, riding to and from work or school or at the cocktail place.

Aerospace Continues Climb

Stock Mart Recovers Slightly

NEW YORK (AP)—The stock market recovered slightly in active trading early today.

Aerospace defense issues continued to climb, aided by speculation that bombing of North Viet Nam may be resumed. Airlines, however, stumbled on profit taking.

Boeing and Douglas Aircraft rose a point or more, other defense issues adding fractions.

★ ★ ★

Freeport Sulphur gained 2 in further response to its 2-for-1 stock split. Western Union advanced about 1½ as discussions reportedly were begun with AT&T on possible sale of a Bell facility to Western Union.

Prices rose on the American Stock Exchange. Fractional gains were made by Seaboard World Airlines, Molybdenum, Falcon Seaboard Drilling, Barnes Engineering and Ogden.

Wednesday the Associated Press average of 60 stocks eased .1 to 368.3.

Rangers End Wings' Unbeaten String

RANGERS BEAT CROZIER — Detroit goalie Roger Crozier can do little more than stare at the puck after it was tipped into the net by New York Rangers' Bob Nevin (8) in the second period of the game in New York last night. At left is Detroit defenseman Doug Barkley. Rangers won, 4-3.

New Yorkers Hand Detroit 4-3 Setback

Streak Halted at Nine Games; Chicago Rolls Past Montreal, 4-2

By the Associated Press

Soft-spoken Jean Ratelle, playing with rambunctious Reg Fleming and two-fisted Vic Hadfield on his wings, has turned into a tiger who could put the bite on Detroit's National Hockey League championship aspirations.

★ ★ ★

New York's somewhat reticent center ended the Red Wings' nine-game unbeaten string Wednesday with a goal in the last two minutes that gave the Rangers a 4-3 victory over the rampaging league leaders.

OTHER GAMES

In Wednesday's other NHL game, Bobby Hull scored his 39th goal and Phil Esposito hit twice as Chicago moved within two points of the leaders with a 4-2 victory over Montreal.

Ratelle has had Fleming and Hadfield on his wings for six games and has had three goals —two of them in the late stages of games against Detroit that gave New York a tie and a victory. Those are the only games Detroit has failed to win in the last 10 starts.

★ ★ ★

Donnie Marshall started the Ranger comeback with his 14th goal tying the game 3-3 midway through the final period. New York had erased an early 2-0 Detroit lead with the first Ranger goal coming off Red Wing Alex Delvecchio's stick.

It was credited to Hadfield, the last Ranger to touch the puck before it went into the net.

★ ★ ★

Delvecchio and Floyd Smith had given the Wings their early bulge but after the accidental Ranger goal, Bob Nevin tied it for New York on a power play. Then defenseman Bill Gadsby put Detroit back on top, setting the stage for the Rangers' third period comeback.

The Hawks ended a six-game winless string by beating the Canadiens. Esposito's 14th and 15th goals of the season came in the second period after Hull had blistered his 39th past Charlie Hodge.

★ ★ ★

The victory broke a second place deadlock and left Montreal four points back of the Red Wings. Red Hay scored Chicago's other goal while J.C. Tremblay and Claude Provost tallied for Montreal.

Ex-Pontiac Boxer Returning to Ring

★ ★ ★ ★ ★ ★ ★ ★ ★

One of Pontiac's most successful boxing products—Gene Linscott—is returning to the ring.

Linscott, 34, who retired a few years back, won't have the gloves on this time, however. He'll be the third man in the ring for the Golden Gloves bouts Saturday night at Pontiac Central High School.

The bouts at PCH are bringing several former boxers together and all will be acting in an official capacity.

Handling the judging for the contests will be Chuck Speiser, Dick LaForge and Roy Gray, all former boxers. A couple of other ring veterans will also be on hand—Bill Strange, the timekeeper, and Dick Compton, who'll be counting for the knockdowns.

★ ★ ★

Matchmaker Harold Dugan has 14 bouts lined up, starting at 8 p.m., and the Golden Glovers will be bidding for a trip to Grand Rapids and a shot at the state titles.

Having Dugan and Linscott next to a ring is something of a rematch itself.

It was Dugan, also a former boxer who is now head supervisor of child care facilities at the Oakland County Children's Center, who started Linscott along he trail.

Linscott began training under Dugan in 1947, and the following year, as a lightweight, he won the national championship.

He later won the Michigan middleweight championship and wound up with 25 victories as a pro.

★ ★ ★

Linscott, now married and father of two girls, ages 3 and 4, lives in Pontiac. He is employed as a foreman with the Sterling Construction in Utica.

WEIGH-INS

Weigh-ins for the bouts Saturday night start at 6 o'clock. Physical examinations will follow the weigh-ins, and the first bout is slated to get under way at 8 o'clock.

Tickets are on sale at several locations in the city. Ticket headquarters is Fortino's Steakhouse on Wide Track Drive.

Prices of tickets are $2 for ringside, $1.50 for reserved and $1 general admission. The ticket office will open at 6 o'clock Saturday at PCH.

Sponsor of the bouts is American Legion Post Chief Pontiac 377 in Clarkston.

Bob Strampe Stays Sharp at All-Star

LANSING, Mich. (AP) — Qualifying leader Bob Strampe of Detroit hasnt slowed down any in the match play phase of the National All-Star Bowling Tournament.

Wednesday, first day of head-to-head competition for the 16 finalists, Strampe won 11 of 15 games against five opponents to take the early lead in the men's American Division. Roy Lown of El Paso, Tex., won 10 games to lead the National Division.

In the women's section, Joy Abel of Chicago and Jean Winsch of South Bend, Ind., were the early pace-setters. The 16 men finalists are split into two divisions, American and National, for the match play.

TOTAL PIN FALL

They bowl three-game matches, and standings are figured on total pin fall plus a 50-pin bonus for each game won. After next Saturday's 22nd match the two division leaders will bowl for the championship.

The women use the same format but bowl two-game matches.

★ ★ ★

Strampe won three games from Bob Materasso of New York City, and Virg Enger of Minneapolis; two from Les Schissler and Jerry McLary of Denver, and one from defending champion Dick Weber of St. Louis.

Strampe has 3394 pins plus a bonus of 550 for 3944 points. Weber is second in the same division with 3370 plus 425 bonus for 3795.

★ ★ ★

Lown swept three games from Bob Crawford of Detroit and Bill Johnson of New Orleans; won two from Gary Curry of Pasco, Wash., and one each from Billy Welu of St. Louis and Bill Allen of Orlando, Fla.

Lown has 3208 pins plus 500 bonus for 3708 points, Allen is second with 3203 plus 450 for 3653.

Miss Abel holds a seven-point lead over Jere Price of Fort Worth, Tex., in the women's American Division. Miss Abel won six of 10 games and had 2020 pins plus a 300 bonus. Mrs. Price won eight games but has only 1913 pins. She has a 400 bonus.

Mrs. Winsch won six on 1905 pins in the National Division. She has a 300 bonus. Helen Duval of Berkeley, Calif., is second with 1949 pins plus a 250 bonus.

The bowlers all roll five more matches today.

Forte Resigns as Lions Aide

Offensive Line Coach Took Post in 1950

DETROIT (AP)— Aldo Forte resigned Wednesday as offensive line coach of the Detroit Lions of the National Football League.

Forte, 48, said his business interests demanded more of his time.

★ ★ ★

Forte, who lives in Farmington, was a Chicago Bears lineman following his graduation from the University of Montana in 1939.

He played briefly for the Lions in 1946 and joined the Detroit coaching staff in 1950 on a part-time basis.

In December 1964, head coach George Wilson and the entire staff was fired, including Forte.

When Harry Gilmer took over as head coach, Forte was rehired as the No. 1 assistant.

Ask Congress to Okay Bid

Detroit Wants U.S. Backing

2 Senators Introduce Olympics Resolution

WASHINGTON (AP) — A resolution aimed at encouraging Detroit's bid for the 1972 Olympic Games was proposed to Congress today by Sens. Philip A. Hart and Pat McNamara, Michigan Democrats.

The U.S. Olympic Committee has authorized Detroit to be the lone U.S. city to press an invitation before the International Olympic Committee in April.

Detroit made a strong try for the 1968 Games but was edged out by Mexico City.

FINE PRESENTATION

"The city of Detroit made a superb try last time and two years has done nothing to dim the luster of its presentation," Hart said.

The resolution said the U. S. Olympic Association will invite the International Olympic Committee to hold the Games at Detroit in 1972.

It adds that Detroit has demonstrated a willingness and capacity to provide excellent facilities for the Games and the visitors who attend.

It also said Detroit's midwestern location will offer foreign visitors a revealing look at the American heartland, the United States has not hosted the Games since 1932 and would be honored to welcome the enterprise in international good will.

Under the resolution, the U.S. government would express the sincere hope that the Olympic Games be held in this country in 1972 and would pledge continuing support of the principles on which the Games are founded.

THE SWINGIN' KIND — Detroit Pistons' Ron Reed (20) swings in under the net in collecting a basket against the Los Angeles Lakers last night in first half action at Detroit. Swingin' by, hoping for a rebound that never came, is Lakers' Elgin Baylor (22). LA won, 126-110.

Elgin Baylor Helps LA

By the Associated Press

The chronic knee trouble of Elgin Baylor, sufficiently serious to bench the Los Angeles sharpshooter earlier in the season, didn't seem to give him any trouble Wednesday night.

Baylor and Jerry West combined for the one-two punch in the Lakers 126-110 defeat of the Detroit Pistons in the nightcap of a National Basketball Association doubleheader in Detroit.

The New York Knicks spurted to a strong finish in the opener, downing the San Francisco Warriors 115-103 in the night's only other NBA game.

Baylor blazed to a fast start, dropping in 11 points and clearing the boards eight times in the first period. The Lakers took a 31-26 lead into the second period and led the rest of the way, increasing their Western Division lead to three games over the idle Baltimore Bullets.

SURGE TO EIGHT

Down 65-47 at halftime, Detroit surged to within eight points twice in the third period and to within six early in the fourth.

But eight consecutive points, four from West, dealt the last-place Pistons the final blow.

★ ★ ★

West topped all shooters with 35 points while Baylor and Bob Boozer had 21 each. Pistons' center Joe Strawder scored 22 points to lead the losers.

Purdue Star, U-M's Russell Point Leaders

CHICAGO (AP) — Purdue's Dave Schellhase may have the national spotlight in basketball scoring but Michigan's Cazzie Russell is giving him jitters in Big Ten conference play.

Schellhase, who faces Minnesota Saturday while Russell meets Wisconsin, has a 32.1 overall season average for the nation's major college high.

Russell has 30.0. But in four Big Ten games, Russell leads the circuit with a 34.5 average to 29.8 for Schellhase, the defending champion.

Other Big Ten scoring leaders, in official statistics released Wednesday: Archie Clark, Minnesota, 26.3; Don Freeman, Illinois, 25.5; Jim Burns, Northwestern, 25.0; Bill Hosket, Ohio State, 22.3; Stan Washington, Michigan State, 20.8; Rich Jones Illinois, 19.5; Jim Dawson, Illinois, 18.8; Ron Kozlicki, Northwestern, 18.0.

The Dog Has His Day

LONDON (AP) — The will of a famous woman tennis player who left her fortune to animals because she hated the human race stood Wednesday against a challenge in high court.

★ ★ ★

The will was drawn up on brown paper by Mrs. Phyllis Helen Satterthwaite, who died in 1962, age 74.

She left $140,000 to a non-existent "London animal hospital" soon after her bank manager said she told him that she hated all humans.

★ ★ ★

Mrs. Satterthwaite reached the finals of the All-Comers singles at Wimbledon in 1919 and 1921. She was a friend of novelist W. Somerset Maugham, who died recently.

Last year, a court ruled that Mrs. Satterthwaite's money should go to the Blue Cross, a charity for sick animals.

★ ★ ★

The appeal court dismissed a petition by Arthur Stewart Rich, who runs an animal hospital in London, that he was entitled to a share of the money.

WEDDING BELLS — Tina Louise, the voluptuous castaway on "Gilligan's Island," poses with Les Crane in Hollywood after announcing they'll be wed April 3. She said they planned to be married March 20 but had to postpone it because "so many of my friends will be in Europe at that time." March 20 is the first anniversary of their meeting.

'Castaway' to Wed Les Crane in April

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — Tina Louise, the voluptuous castaway of "Gilligan's Island," will be married April 3 to Les Crane, the undaunted two-time loser of ABC's Nightlife show.

THOMAS

Miss Louise reported the news at rehearsals for this week's Red Skelton show. She had just finished her lunch, which consisted of two hard-boiled eggs. She watches her weight, as did many a male observer at the rehearsals.

"We were going to get married March 20, which is the first anniversary of when we met," explained the actress, who had performed a dance in a negligible costume. "But so many of my friends will be in Europe at that time that we postponed the wedding until April."

The wedding will be the first for Miss Louise, the student of New York's Neighborhood Playhouse and Actors Studio who first achieved fame as Appassionata Von Climax in "Li'l Abner" on Broadway. Crane was married once before.

MODERN MANNER

The pair met in a modern manner — at a discotheque.

"It was at the Daisy Club last year," Miss Louise recalled. "I was coming in and he was going out. He was with Paddy Chayefsky, whom I know and adore, and Paddy introduced me to Les. Somehow they found a reason to return to the Daisy that night, and we talked until 4 a.m.

★ ★ ★

"Then I suggested they come to my house for breakfast, and we talked some more. But I must admit that I was more interested in talking to Paddy than Les."

Time changed that. Crane is one of the country's highest paid talkers, having starred twice in ABC's answer to Johnny Carson. He was putting in his second tour of duty with the late-night show while courting Tina.

FLYING TIME

"It was crazy," she remarked. "I was here doing 'Gilligan's' and he was stuck in New York doing 'Nightlife.' Every other weekend, I'd fly to New York to see him, and on the other weekend he'd fly here to see me. Once I had only one day off, but I went to New York anyway."

The travel situation was eased when his show was shifted to Hollywood. But once again the show succumbed to low ratings. Les is not discouraged, Tina reported, and would like another try at the chatter format. He is also preparing some programs he would produce himself.

He plans to work in Hollywood, since Tina will be stranded on "Gilligan's Island" for at least another season.

Distress Call Said Erroneous

Message Reported 40 on Lost Plane

NEW ORLEANS (UPI) — The U.S. Coast Guard said today that a report of a missing plane with 40 persons aboard off the Yucatan coast of Mexico apparently was erroneous.

"Nobody is reported missing. No aircraft is reported missing," the Coast Guard duty office said.

A mysterious distress message had been received last night by a Mexican naval station at Progresso, Mex., setting off a flurry of activity. The message identified the plane as a DC3 carrying 40 sons and having a registration No. WAOK-36.

"Those numbers are unauthorized for any country," the New Orleans Coast Guard reported.

★ ★ ★

Mexican officals were unable to find a missing plane.

RADIO FREAK

A spokesman for the Mexican navy said that no immediate action was planned. He said the call may have been a radio freak — a broadcast mysteriously coming in from perhaps thousands of miles away.

The Coast Guard said its initial report was received from Brownwood, Tex., where a citizen told the Federal Aviation Agency (FAA) he heard the distress signal on a citizen's band radio.

The FAA notified the Coast Guard.

★ ★ ★

"An airliner would not carry citizens' band radio," the Coast Guard said.

'EMERGENCY'

The message received by the Mexican naval station said the pilot "encountered an emergency situation" flying at 40,000 feet.

The Coast Guard also said 40 persons could not get aboard a commercial DC3.

"Nothing matches. We turned up one blank after another," the Coast Guard said.

★ ★ ★

The FAA in Houston said it had no report on the plane and expressed doubt about the story.

Radio-TV Exec in Detroit Quits

DETROIT (AP) — John F. Pival, president of WXYZ, Inc., and general manager of WXYZ-TV, announced his resignation yesterday, ending a 20-year association with the Detroit station.

Pival's resignation is effective Feb. 11. There was no immediate announcement of a successor.

Pival, 52, said he intends to form an independent television production company headquartered in Detroit.

Pival joined WXYZ as a radio director. He was program manager when WXYZ-TV went on the air in 1948, and was named president of both the radio and TV companies in 1960.

Meredith Still Sparkles After Decade of Stardom

By EARL WILSON

NEW YORK—The great story of the resilience of Burgess Meredith will soon be breaking in all the magazines . . . but I think some of us oldsters know the facts even better.

Fifty-seven, married four times (once to Paulette Goddard), "Buzz" is coming into new prominence with the young for playing "The Penguin," a guest villain on "The Batman" TV show . . . which is remarkable because over 30 years ago Broadway was cheering him as the brightest new stage star in town in "Winterset."

WILSON

A character then (No. 1 Wolf and such), he's still playful . . . loves to drive his "Land-Rover," a sort of a jungle jeep, in front of posh 21, and startle all the Rolls and Caddy set.

His wife Kaja Sundsten, a former dancer who's also a licensed flying instructor, often takes him in their Cessna to Hollywood (making it in about four gasoline stops) and will take him to Miami Beach March 3 for the premiere of his film, "Madame X!"

Soft-voiced, gentle, sensitive, a much loved gentleman, Meredith tells how his wife had to instrument-land in rough New England weather recently when they visited a girls' school.

★ ★ ★

"Kaja did a great job of landing us," Meredith says. "It got a little scary.

"Afterward, I told her, 'Now you call the headmistress and explain why we're late for our appointment.'

"Kaja said, 'Oh, no, you call her. I'm too shy.'"

THE MIDNIGHT EARL . . .

Baseballers-turned-singers **Maury Wills** and **Jim (Mudcat) Grant** had their Basin St. E stint shortened; **Johnny Rivers** heads the new show . . . New romance for **Peggy Cass?** Texan **Raymond Newton** gave her a party at Gallagher's.

Ex-football star **Y.A. Tittle** said at Kenny's Steak Pub he's had several college coaching offers, but wants to stay near his family in San Francisco . . . Duo at Arthur: **Baby Jane Holzer** and author **Jan Cremer.**

TODAY'S BEST LAUGH: A magazine writer asked Marty Allen at the Concord about doing an article on his upcoming movie career, "Better grab me now," said Marty, "while I'm still humble."

WISH I'D SAID THAT: "A small town in California's had so many earthquakes they put seat belts on the park benches" (Shelby Friedman).

REMEMBERED QUOTE: "Universities are full of knowledge. The freshmen bring a little in, and the seniors take none away, and knowledge accumulates." — Harvard Pres. A. L. Lowell.

Publicist Mike Hall, visiting Paris, reports most of the restaurants seemed to have the same name: "Ferme Dimanche" (closed Sunday). . . . **That's earl, brother.**
