# Goldwater Wins Narrow Victory in California

Pontiac Press Photo

UNCOVER CLINTON — A portion of the Clinton River lies exposed for the first time in many years in this excavation along Cass just north of West Lawrence. Construction crews are installing a large storm drain here as part of the over-all Clinton River Drain project. The river now flows underground to a point about a block south of Cass and Lawrence, where it comes out into the open for a brief stretch between Pike and Patterson.

## City Budget Revised, Set for Adoption

### Expected to Require Tax Rate of $17.16 Per $1,000 of Value

A revised 1964 city budget which is now expected to require a tax rate of approximately $17.16 per $1,000 of assessed value, will be up for adoption at next Tuesday's City Commission meeting.

Commissioners unanimously approved a resolution last night directing city officials to prepare the revised budget figures for public hearing and final approval next week.

**The action came after commissioners were handed an opinion by City Attorney William A. Ewart supporting the move, although there are presently eight Pontiac tax appeals now pending before the State Tax Commission (STC).**

The eight property owners are arguing that the assessed values placed on their properties by City Assessor Edward C. Bloe are too high.

★ ★ ★

Ewart pointed out that the total assessed value of all eight properties is $1,737,200, representing $86,860 in city, school and county tax revenues this year.

★ ★ ★

"It is fair to assume," Ewart noted, "that the tax commission should not reduce the valuations more than 25 per cent, which would mean a loss to the city of $21,715" in total tax revenues.

**"It is, therefore, my opinion that the situation presented by the eight appeals today is not comparable to the General Motors appeal in 1963."**

This year's city budget will total an estimated $7.5 million and require tax revenues totaling $5,022,648.

★ ★ ★

The major reason for the tax rate hike over last year's rate of $16.10 per $1,000 is a separate levy of 84 cents per $1,000 to retire some $240,000 in sewage treatment plant bonds.

★ ★ ★

The bond payments had formerly been included in capital improvement millage, although former City Manager Robert A. Stierer had pointed out in his budget message to commissioners last year that they could be paid for through the separate levy.

★ ★ ★

This is possible without a vote of the general public approving the levy because the plant was built as the direct result of a court order, said city officials.

## Adds 86 GOP Delegates

SAN FRANCISCO (AP) — **Sen. Barry Goldwater grabbed a commanding lead for the GOP presidential nomination today with a stunning California primary victory.**

★ ★ ★

Confounding the pollsters who had made him the underdog, the Arizona senator came from behind in the vote count to nose out New York Gov. Nelson A. Rockefeller for the state's 86 Republican presidential nominating votes.

**Goldwater's victory had been forecast by the electronic projections of the television networks. But it took all-night tabulations of the actual votes to establish him firmly as the winner.**

Rockefeller carried most of the California counties in what was a liberal-vs-conservative battle.

Southern California returns, chiefly from Los Angeles, gave Goldwater his first victory in a major contested primary after losses in New Hampshire and Oregon. This put him near the 655 delegate votes required for the nomination.

The Associated Press tabulation of returns from 31,519 of the state's 31,861 precincts showed:

| | |
|---|---|
| Goldwater | 1,029,783 |
| Rockefeller | 994,592 |

Goldwater was getting 50.9 per cent of the vote, slightly less than any of the network projections had indicated for him.

**Most of these ranged around 51 per cent. An early evening sampling by CBS based on 42 selected precincts had given him a 53 per cent edge.**

Absentee ballots — approximately 100,000 — are counted simultaneously with the regular vote in California, so they have no special significance, nor could they change a trend.

★ ★ ★

Oblivious to a short-lived bomb scare, Goldwater took a transcontinental nap as he flew from Los Angeles to Washington.

SEARCH SATCHEL

Police hustled a passenger off Goldwater's jet airliner in Los Angeles and made him unpack a satchel. When no bombs or guns were found in it, airline officials let him back on.

**In high good humor, Goldwater joked with reporters on his arrival in Washington.**

Alluding to the long dispute between Arizona and California over the waters of the Colorado River, the Arizona senator cracked:

"I have a different attitude toward Californians now. They can have all the water we have."

★ ★ ★

Goldwater previously had called his California victory a "giant step" toward the presidential nomination.

**Goldwater's presidential primary sweep came only after a cliff-hanging count of votes that had Rockefeller ahead for a while.**

Gov. Mark O. Hatfield of Oregon, who will serve as convention keynote speaker and temporary chairman, said the senator appeared to have clinched the nomination.

**The final outcome wasn't definite, however, until Los Angeles, with 40 per cent of the state's vote, reported the bulk of its ballots — and Goldwater maintained his commanding lead there.**

Rockefeller, in a televised statement at 12:45 a.m. Eastern Daylight Time from New York, congratulated Goldwater on his large vote but said, "the show isn't over yet."

★ ★ ★

**The election capped a bitter campaign. Rockefeller staked his California chances on the Republicans' middle of-the-road voting patter, and banged away at Goldwater's political positions as extremist.**

Goldwater called his showing a "victory for the mainstream of Republican thinking." He thus tossed back Rockefeller's assertion that his views represented the GOP mainstream.

AP Photofax

TALKS OVER VOTE — Arizona Sen. Barry Goldwater talks over how the vote is going with newsmen in Los Angeles last night. Goldwater was running a close race with New York Gov. Nelson Rockefeller in the California GOP presidential primary as early reports came in.

## Kelley Eyes Complaint

## Claim Strikebreaking

LANSING (AP) — Atty. Gen. Frank Kelley said today his office is investigating complaints that Michigan's "strikebreaker law" has been violated by the hiring of professional strikebreakers in the Essex Wire Corp. strike.

"Complaints have been made to my office this morning concerning possible violations of this new law," he said.

**"Such violations in the tense situation at Hillsdale would not only be illegal but highly provocative."**

Kelley said the law, passed in 1962, prevents the hiring of "known strikebreakers" by a plant involved in a strike and also bars the recruiting of workers to replace strikers without stating this as a condition of employment.

★ ★ ★

Deputy Atty. Gen. Leon Cohan said the complaints came from "the union side." He did not elaborate.

COMPANY RIGHT

"It is clear that the company has the legal right to employ individuals to do work to replace striking employes," said Kelley.

**"On the other hand, it has no legal right to employ known strikebreakers or to recruit individuals without informing them that they are replacing strikers."**

Earlier, Gov. George W. Romney stated that he "abhors" the hiring of strikebreakers by Essex but is without authority to prevent it.

★ ★ ★

Romney made the comment while discussing the breakdown of negotiations yesterday between the company and the International Union of Electrical Workers.

'DISAPPOINTED'

He said he was "disappointed" that the contract talks failed.

★ ★ ★

He added that his "public emergency" order for the city of Hillsdale will continue indefinitely.

★ ★ ★

Nonstriking workers returned to the Essex plant without incident this morning as some 200 National Guardsmen — many with bayonets at the ready — and about 50 state policemen maintained a careful scrutiny.

## Views Report on Call Girls

### Said Made Available for Public Employes

MOUNT CLEMENS (AP) — A judge's decision was awaited today on whether a one-man grand jury should look into reports that some state and county employes attended a party at which call girls were "available."

Presiding Judge Alton H. Noe was to make the decision after conferring with Macomb Country's three other Circuit Court judges.

**Macomb County Prosecutor George N. Parris requested the probe yesterday after studying state police reports of lavish parties, Christmas gratuities and the call-girl incident.**

Parris said Robert Dunn, 33, of 43137 Fortner, Utica, ousted from his State Highway Department weighmaster's job, told of the parties and gifts.

He quoted Dunn, father of four children, as saying that some Highway Department workers and some employes of the Macomb County Road Commission has accepted gifts of Christmas turkeys and gift certificates.

ADMITTED GIFTS

Dunn was fired Monday after admitting that he accepted an automatic washer and shrubbery from trucking firms, authorities said. Weighmasters determine whether trucks using

## Rocky Retains 87 N.Y. Votes

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller repelled attacks on his home-state delegation by partisans of Sen. Barry Goldwater and today was assured of at least 87 of New York's 92 votes for the Republican presidential nomination.

★ ★ ★

Rockefeller lost one delegate to the Republican National Convention to Goldwater in a district the governor had not contested. The four other delegates are uncommitted.

**Rockefeller won 77 votes in yesterday's primary and will gain another 10 when the Republican State Committee, which he controls, meets June 11 to select delegates at large.**

State Chairman Fred A. Young said the New York delegation "will be the hard-core nucleus of a national delegate movement which, I am confident, will lead to his (Rockefeller's) nomination."

There were direct clashes between Rockefeller and Goldwater delegate slates in 10 districts, a total of 20 delegates. The governor won all of them.

No official total of the overall turnout was available but voting was heavy in districts which had contests.

**A record round of 86 primary contests for nominations for Congress and the legislature were decided. Most incumbents won renomination, but Rep. Charles A. Buckley, boss of the Bronx, lost to Jonathan B. Bingham in an upset.**

Rockefeller did not contest for five delegates in the Buffalo area, where he has been embroiled in a long dispute with the Republican organization.

PIERRE SALINGER

## Ex-Press Aide Wins on Coast

SAN FRANCISCO (AP)—Pierre Salinger, hoping to move from the White House to Capitol Hill on California votes, today captured a sharply contested Democratic senatorial nomination.

★ ★ ★

The former press secretary for Presidents Kennedy and Johnson was promised united Democratic support in November by the man he edged out, State Controller Alan Cranston, and state party leaders.

They will aim to smash the political aspirations for former actor George Murphy, the Republican nominee.

**Salinger, who bounced into the race on the last possible day and couldn't even vote for himself because he's not registered in California, rode to victory on ballots from populous Los Angeles County.**

The latest AP returns from 31,470 of 32,861 precincts gave Salinger 1,116,145, Cranston 988,-903.

PLANS TO SUE

Cranston, while announcing his support of Salinger in the general election, noted he still plans to proceed with a $2-million libel suit filed against Salinger and three others concerning charges made during the heated race.

Cranston had taken an early lead, but Salinger quickly caught up.

Murphy, 61, beat out San Francisco financier Leland Kaiser and former Kansas Gov. Fred Hall.

## Exiles Report Cuba Terror

MEXICO CITY (UPI)—A Cuban exile student group today reported a wave of governmental terror in central Cuba, with 140 executions of anti-Castro dissidents in the past week alone.

★ ★ ★

The charge was made by the Revolutionary Student Directorate which said underground sources in Havana reported the repression measures especially severe in Camaguey Province.

**More than 140 persons have been executed in the past week in the cattle-growing section, 1,500 suspects seized and 4,000 homes raided, the exiles reported. Public indignation was said to be at a peak and "serious outbreaks of violence" may follow.**

## Mercury to Take Ride on Elevator

First they're up and then they're down. That is the way of temperatures forecast for the next few days.

**The U.S. Weather Bureau predicts temperatures will average 5 or 6 degrees below the normal high of 76 and low of 57.**

**Friday will be a little warmer, but Saturday and Sunday will be cooler.**

**Forty-eight was the low temperature prior to 8 a.m. The mercury had climbed to 65 by 2 p.m.**

## Group Named to Advise on Bar Licenses

Mayor William H. Taylor Jr. last night appointed a citizens advisory committee to help settle the question of upgrading tavern licenses in Pontiac.

★ ★ ★

The five-man committee will study upgrading taverns to Class C status from State Liquor Control Commission (LCC) regulations down through local aspects.

**Named to the committee were Philip R. Sauer, a downtown restaurant owner; John Cowe, a prominent Pontiac businessman; Dr. Milton H. Bank, pastor of Central Methodist Church; Mitchell Bacow, a Pontiac attorney; and John A. Riley, Pontiac Press advertising director.**

The commission has received several requests to upgrade tavern licenses.

"This is a problem of the entire city, not just the commission," Taylor said at last night's City Commission meeting.

"All the commissioners and myself recognize we should try and do something about it. We hope this committee can recommend a suitable solution; possibly something along the lines of a code of ethics or similar criteria to base our decision on."

**Taylor called upgrading "a community problem of political nature.**

"It lends itself to bribery and other ills which can undermine good government," he said. "This thing has plagued past commissions and will be a problem to future commissions as well."

★ ★ ★

There are currently 17 taverns (beer and wine by the glass) in Pontiac, 37 Class C establishments (liquor by the glass) and two Class B (hotel) licensed bars.

## City to Keep Curb Trash Pickup

After considerable discussion last night, the City Commission agreed unanimously to continue Pontiac's current curbside garbage-rubbish collection system.

★ ★ ★

The matter came up for discussion at the request of Commissioner Wesley J. Wood, who had favored going back to the former backdoor garbage collection program.

**Commissioner Leslie H. Hudson summed up general commission sentiments in his remarks.**

Hudson said he found a majority of customers in his hardware store favored the new curbside pickup, and that his wife liked it too.

Wood indicated there might be reason to believe that opposition to the curbside collection might not be as strong in the community as he had previously thought.

"Personally, I'd rather see

(Continued on Page 2, Col. 3)

Rusk, McNamara Return

# New SE Asia Action?

WASHINGTON (AP)—Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara returned today from a Honolulu conference with "a number of recommendations" for President Johnson on new action to strengthen Southeast Asia against Communist pressures.

★ ★ ★

Landing at Andrews Air Force Base, Rusk told newsmen "We brought back a number of recommendations, as we usually do from these meetings."

★ ★ ★

He said "the commitment of the American nation, its people and its government," to protect Southeast Asia against Red aggression "are well-known."

Then he added: "The problem is to make sure the other side fully understands that we mean what we say."

**SEE LBJ**

Rusk and McNamara were scheduled to see Johnson late in the day after the President's return from a speaking trip to New England.

McNamara was asked whether there are any plans for expanding the Vietnamese war into North Viet Nam. He declared that "no plans have been recommended to the President for approval and none has been approved."

★ ★ ★

This stopped short of denying that plans have been made by military experts, but it was in line with Johnson's statement Tuesday that he was not personally aware of any plans.

Aides traveling with Rusk and McNamara said much of the planning in the two-day Honolulu strategy conference, which ended Tuesday night, was concerned with ways of strengthening the anti-Communist war effort in South Viet Nam and supporting more effectively the government of Premier Nguyen Khanh.

**DECLINED TO SAY**

Officials returning with the two Cabinet officers declined to say exactly what steps would be proposed to Johnson for achieving the purpose Rusk stated of making Communist North Viet Nam, Red China and the Soviet Union aware of U.S. determination not to let Southeast Asia fall to Red conquest.

McNamara flew from Washington to Hawaii last Sunday.

★ ★ ★

Rusk went there from India where he served last week as President Johnson's special representative at funeral services for Indian Prime Minister Nehru. He said his time in India had been a "sad but deeply moving experience." He expressed admiration for the manner in which the new Indian leadership had acted to fill the gap created by Nehru's death.

★ ★ ★

U.S. officials indicated Tuesday night in Honolulu that military action might be taken against Communist North Viet Nam if it and Red China continue backing rebellions in South Viet Nam and Laos. But they said Rusk and McNamara so far have not proposed plans "to enlarge the war to the north" in Viet Nam or to send troops into Thailand.

★ ★ ★

As the Honolulu session ended, newsmen there were told no change was planned in the role of U.S. forces in South Viet Nam—a role which has been described as advisory and training rather than front-line combat.

**UP TO JOHNSON**

Actual decisions on what is to be done in the trouble area are up to Johnson.

★ ★ ★

Administration informants said they rather doubted that Rusk and McNamara would press for any particular combination of actions. These officials thought they would lay alternative possibilities before the President together with assessments of the probable results which might be obtained according to what the President chose to do.

★ ★ ★

Johnson was represented as being determined to do whatever is necessary to secure "the future of Southeast Asia as a whole"—a phrase he used at his news conference Tuesday.

★ ★ ★

At the same time he was reported anxious to avoid any unnecessary risks or troop commitments.

## Oxford Plans Rec Program

### Summer Activities Slated for Youngsters

OXFORD — For the first time Oxford's younger students have a summer recreation program. More than 65 children have already signed up for each week

*See Photo, Page A-4*

of the six-week summer recreation program planned for students in grades 1-8.

**Assisting the school board and village council in backing the program are the Oxford Child Study Clubs 1 and 2 as well as the Oxford Junior Women's Clubs.**

Mrs. Robert Brower, program committee chairman, expects other organizations to add their support.

Beginning June 29, the participants will report at Daniel Axford Elementary School at 9:30 a.m. Monday through Friday.

**FITNESS TRAINING**

The younger children will begin with physical fitness training while older students take part in a flag-raising ceremony and general assembly.

**Later games, story-telling and dancing will keep the little folks busy, as upper-grade students work on crafts, and take part in baseball, basketball and other activities at the school.**

Trips to Bloomer State Park and the Detroit Zoo are also included in the schedule.

★ ★ ★

Everyone will return home at 3:30 p.m. daily.

Other activities to be offered include swimming in Stoney Lake, nature hikes, scavenger hunts, bowling, and trampoline training.

## Woman Charged With Murder in Fatal Shooting

A 48-year-old Pontiac woman was charged yesterday with murder in the fatal shooting of a man Saturday night.

**Arraigned before Municipal Judge Cecil McCallum, Mrs. Mozelle K. Poe, 306 S. Edith, was released on $2,000 bond pending a preliminary examination June 10.**

★ ★ ★

Mrs. Poe is accused of the shotgun death of Leon Cobb, 44, no known address. He died at Pontiac General Hospital five hours after the 7:50 p.m. shooting.

She told police that she fired one shot at Cobb when he tried to re-enter her house after she chased him out for beating up her husband, Joseph, 59.

AP Photofax

**OUSTS CONGRESSMAN** — Jonathan B. Bingham receives telephoned congratulations with his wife, after beating Bronx political boss Rep. Charles A. Buckley, D-N.Y., yesterday. Buckley, a 30-year Congress veteran, lost the nomination for reelection in the 23rd District of New York. Bingham ran on a reform platform.

## Barry's Win Minimized by Romney

LANSING (AP)—Gov. George W. Romney said today the closeness of the California presidential primary makes the results "less meaningful" than they would have been with a more clear-cut decision.

★ ★ ★

"But I also think it adds strength to the wisdom of the Michigan Republican delegation to remain uncommitted while we learn more about the potential candidates and their positions," said Romney.

★ ★ ★

The Michigan governor has refused to declare himself in favor of any candidate and has insisted that the state's GOP convention delegation, which he will lead, remain neutral until the convention.

★ ★ ★

Romney said he still wants "an extended, private talk" with Arizona Sen. Barry Goldwater before the convention to find out more about the senator's views.

**'VIEWS NOT CLEAR'**

Romney says he believes Goldwater's position on certain key issues, among them civil rights, labor - management relations and foreign affairs, have not been made clear.

★ ★ ★

He said he is more familiar with the views of New York Gov. Nelson Rockefeller from having associated more closely with him at governors' conferences and other events.

★ ★ ★

"His views, I believe, are quite public and explicit," said Romney.

Asked whether he felt the California outcome was in the "mainstream" of the Republican party — a term used by Goldwater on television to describe his own apparent victory —Romney said:

**MUST SPELL OUT**

"I think the Republican party needs to spell out just what the mainstream is.

★ ★ ★

"The party has the opportunity to meet the needs of the nation and of the day, and stop this political pussyfooting that's been going on for some time."

★ ★ ★

He said the latter remark applied to both parties, "in fact, more to the Democrats than to the Republicans."

## Reformer Beats Buckley, Long-Time Boss in Bronx

NEW YORK (AP)—Jonathan B. Bingham, a former diplomat with an Ivy League background, has won Democratic nomination for Congress, defeating Rep. Charles A. Buckley, Bronx political boss and a congressman 30 years.

Bingham, 50, who ran on a reform ticket, said he believed the voters of the 23rd Congressional District favored him because "they were fed up with old-fashioned bossism."

★ ★ ★

Buckley, 73, angrily declined comment on his defeat in Tuesday's primary by an opponent he had called a "punk" and a "stiff." The vote was 26,473 to 22,488.

The campaign was so bitter that Bingham began a $500,000 libel action against Buckley. The summons was served on the congressman at a polling place.

**JARS PRESTIGE**

The defeat does not automatically deprive Buckley of his Bronx leadership, but it jarred the congressman's prestige.

The prestige of Mayor Robert F. Wagner, mentioned for the Democratic vice presidential nomination, correspondingly increased as a result of the primary balloting.

Wagner, who had vowed to oust Buckley in an "anti-bossism" drive, backed Bingham and three other candidates in the city. All won.

Wagner supported Edward I. Koch, a reformer, who dashed the latest comeback bid of Carmine G. DeSapio, former chief of Tammany Hall, Manhattan Democratic organization. Koch defeated DeSapio by 164 votes to retain the Democratic leadership in Greenwich Village.

**OTHER WINNER**

The mayor also backed winner James H. Scheuer against the renomination bid of Rep. James C. Healey, a Buckley lieutenant, in the 21st District in the Bronx, and Rep. Leonard Farbstein, a regular, who defeated reformer William F. Haddad in Manhattan's 19th District.

Buckley, chairman of the influential House Public Works Committee, is a long-time friend of the Joseph P. Kennedy family. U.S. Atty. Gen. Robert F. Kennedy expressed hope during the campaign that Buckley would have "30 years more in Congress." President Johnson had sent Buckley a message saying he was looking forward to working with him.

★ ★ ★

For Bingham, the victory was the first political brass ring he has grabbed. The Democratic nomination in the district usually means election.

## Views Report on Call Girls

(Continued From Page One)

Michigan roads conform to weight restrictions.

**Dunn reportedly told state police that call girls were made "available" to state and Macomb County road employes at a suburban Detroit motel in 1960.**

Chief Weighmaster Robert Murray asked state police to investigate Dunn after a trucking firm official complained that he was "harassing" his trucks by issuing violation tickets.

★ ★ ★

The complaint was made by John A. Castellano, of the Louis Garavaglia Construction Co. Dunn said yesterday that Castellano had arranged for the washing machine and other gifts "and obviously was looking for something in return."

**NEVER AGREED**

Police said Dunn admitted that his acceptance of the gifts "was a mistake," but said he never agreed that "I wouldn't write tickets."

**State police interviews with other weighmasters "indicated" that it has been common practice for them to accept gifts and gratuities from trucking firms," troopers said.**

State police said Dunn added that "everybody in the highway department gets gifts — hams, turkeys, things like that — at Christmas time."

Howard Hill, managing director of the highway department, said Dunn made "generally unsupported allegations" about call girls during interrogation by state police.

"I don't want to give the impression that the entire highway department is involved," Parris said. "They asked for the investigation in the first place and then fired Dunn."

## Garbage Pickup Will Not Change

(Continued From Page One)

garbage kept in the backyard than in the front," Wood noted. "I feel there is some burden on elderly people under the new system, but am now advised they can get some help."

**ELDERLY PEOPLE**

Wood referred to a report from Department of Public Works Superintendent Clyde Christian in which it was noted that DPW crews would collect all refuse at the back door for persons who can't carry it to the curb due to advanced age or physical disability.

★ ★ ★

Persons must call city hall and request such service, however, before it is offered.

**Commissioner John A. Dugan quoted Michigan Municipal League statistics showing a majority of cities in Pontiac's population range utilize the curbside program.**

He and other commissioners felt some refinements could be added to increase efficiency of the program, but recognized the estimated cost savings as a major item favoring the new system.

★ ★ ★

DPW officials expect it will cost some $111,000 less annually than the former system.

## City GMTC Plant Gets Order for 27 Tractors

GMC Truck & Coach Division has received an order for 27 tilt-cab highway tractors from REA Express, headquartered in New York City and operating throughout the Midwest, South and Atlantic Coast areas.

★ ★ ★

These units, model LA5505, will be equipped with GMC's 401 cubic inch, 210 horsepower V6 gasoline engines, and have gross combination weight ratings of 55,000 pounds.

## First of New Quads Dies; Rest Doing Well

NEW YORK (AP)—The firstborn of the one-day-old Peloro quadruplets, a 2-pound, 13-ounce boy, died in a hospital shortly before noon today.

A hospital spokesman said the boy's three sisters were doing well as they rested in special incubators at the premature babies ward of Long Island Jewish Hospital. The girls weighed 2 pounds; 2 pounds, 8 ounces; and 2 pounds, 13 ounces.

**NATIONAL WEATHER** — Showers and thundershowers are expected tonight in the Plains and eastern Rockies area. Rain is forecast for the Northwest Coast. Cooler weather is expected in the upper Lakes area and northern New England. Generally fair weather will be the rule elsewhere.

# 5 Other States Hold Primaries

By United Press International

Though the main political show yesterday was California's Republican presidential primary, six other states held primary races.

Some could figure prominently in final selection of the GOP presidential candidate at the party's convention in July.

**CALIFORNIA**

Overshadowed somewhat by the GOP battle, the Democrats in California still managed to provide a cliff-hanger.

Pierre Salinger, press secretary to two presidents, won the Democratic nomination for the U.S. Senate in his first bid for public office, defeating State Controller Alan B. Cranston. Salinger will face onetime movie actor George Murphy, the GOP senatorial nominee, in November.

**NEW YORK**

Rockefeller supporters won 77 of the 82 GOP National Convention delegate posts at issue in yesterday's New York primary with the other five going to uncommitted delegates.

New York's remaining 10 convention delegates will be chosen at the state convention later.

On the Democratic side, New York Mayor Robert F. Wagner won a prestigious victory when Jonathan B. Bingham upset Bronx political boss Rep. Charles A. Buckley, D-N.Y., who was running for nomination to his 15th term in Congress.

**ALABAMA**

Six incumbents and a newcomer won nominations to Congress in Alabama's Democratic primary Tuesday, but veteran Rep. Carl Elliott, D-Ala., apparently was the loser to State Sen. John Tyson of Mobile in a low - man - out race for the eighth nomination.

Elliott, a congressman since 1948, was accused by Tyson of being liberal, an unpopular designation in conservative Alabama.

**MISSISSIPPI**

Sen. John C. Stennis and five congressmen won renomination in Mississippi's Democratic primary yesterday. The contests featured the largest number of Negro candidates for major office in the segregationist state since Reconstruction days.

Rep. William M. Colmer, the 74-year-old dean of the State House delegation, had the stiffest competition, but managed to turn back Eddie Khyat of Moss Point and the Rev. John Cameron of Hattiesburg, a Negro clergyman, in a hotly contested race.

**MONTANA**

Senate Democratic leader Mike Mansfield easily defeated his opposition to win renomination in the Montana primary yesterday.

Mansfield took a 7-1 lead over attorney Joseph P. Monaghan of Butte in early tabulations and his margin of victory gradually widened as the vote count proceeded.

The state's two incumbent congressmen, Democrat Arnold Olsen and Republican James F. Battin, had no primary opposition, and neither did Republican Gov. Tim Babcock.

**SOUTH DAKOTA**

An uncommitted slate of delegates to the Republican National Convention defeated a slate pledged to Sen. Barry Goldwater in yesterday's South Dakota primary.

Birmingham Area News

## Community House Use Is Growing With Area

BIRMINGHAM — The popularity of the Community House is growing.

★ ★ ★

Some 151,554 persons were entertained and/or informed there during 1963-64, compared to 145,509 the previous year.

**The total is among several in the annual report published this week, indicating the non-profit facility did more for more people in the year ending May 30.**

Executive Director Robert A. Bogan Jr. attributes the center's increased popularity to the fact that "there are more clubs, organizations and people in the community."

★ ★ ★

"We've been attracting new groups and the ones already meeting here are growing," he said.

**MEETINGS CLIMB**

The number of meetings held climbed from 3,335 to 3,597. The busiest month was October, with 512 meetings. But the largest number of people—17,197—used the building in January and the most groups—155—in February.

**Lows were reached in July and August when the totals for both months were 4,428 persons, 72 meetings and 33 groups.**

The Community House staff processed 8,273 job applications and 5,171 requests from employers. Both of these figures are up about 500 over last year.

Enrollment in educational activities jumped from 1,568 to 2,142, but then the number of classes was increased from 97 to 154.

**POPULAR CLASSES**

The most popular classes this year were bridge, with 420 enrolled; ballet, 192; and French, 168.

★ ★ ★

One of the departments used less this year was food service. Food or refreshments were served at 51,848 gatherings. For 1962-63 the figure was 54,407.

The other decrease was noted in equipment loans and rentals where sickroom supplies were loaned 297 times compared to 403 and home equipment rented 153 times compared to 221.

## Deadlines for Filing Announced

New filing dates for Sept. 1 primary elections were announced today by Oakland County Clerk-Register of Deeds David R. Calhoun.

Petitions to run for precinct delegates must be in the clerk-register's office by July 14, while candidates for county, state and congressional offices have until July 21, he said.

Petitions already filed for county offices are still valid, but this doesn't apply to those filed for state and congressional posts, according to Calhoun. He said the latter must file new petitions by the new deadline.

No decision has been reached in Lansing yet as to when township officials will be elected, he added.

## Will Study Reassessment of Pontiac

City officials will be studying the feasibility of a complete reassessment of the city in the next few months and what effect such a move would have on Pontiac's tax base.

★ ★ ★

Commissioner Robert C. Irwin asked City Assessor Edward C. Bloe to "give us some information on the cost of a total reassessment of the city."

Irwin also said he'd like some estimate from Bloe on "what increase or decrease we might expect in the total tax base from such a project."

The District 2 commissioner added that "there hasn't been anything like this done in a number of years."

★ ★ ★

Irwin indicated that he merely wanted to know what a reassessment would cost the city before officially going on record as favoring it.

## County Names CD Director

A new Oakland County civil defense director has been named. He is Wallace C. Crane, former case work supervisor in the Juvenile Court Division.

His appointment is to be ratified by the County Board of Supervisors June 22.

The new director succeeds John E. Madole who was sent to Cali, Colombia, last month as the county's representative there.

Madole is expected to remain in Cali for at least a year in a local community approach to the federal government's Alliance for Progress with Latin America.

**Crane, 41, of 462 Algene, Lake Orion, was picked for the $8,000-a-year post by the board's civil defense committee from among several candidates.**

He has served with the county's Juvenile Court Division for the past five years. Before that he was employed by Pontiac Motor Division in the personnel department.

★ ★ ★

Crane was codirector of civil defense in Orion Township for three years. He is chairman of the township's zoning board and of its board of appeals.

★ ★ ★

He also is a member of the Orion Area Youth Guidance Casework Committee.

Crane is married and has three children.

## Name Is the Same, but Price Changed

BELGRADE (AP) — When filter cigarets first appeared on the market here, one tobacco factory turned out a brand called "Filter 65." It got the name because the price was 65 dinars a pack.

Prices have risen since then and the pack now costs 100 dinars. But the name is still "Filter 65."

## Foxes Beat Hunters to Partridge Chase

KOPER, Yugoslavia (AP) — Eager hunters in this region along the Italian frontier brought 30 crates of partridges to release in the hopes of stocking their hunting fields. The crates were left overnight at the edge of a woods where the birds were to be released the next morning.

But when morning came, the hunters found foxes had broken open the crates and finished off all the birds.

## State Road Toll at 780

EAST LANSING (AP)—Traffic accidents have killed 780 persons in Michigan so far this year, provisional figures compiled by state police showed today. The highway death toll at this date last year was 636.

# Both Sides Shift Tactics in Rights Debate

WASHINGTON (AP) — Both sides shifted tactics today in the Senate's civil rights debate.

Southerners stood by, saying they were ready to vote on some amendments, while the measure's backers took up the speaking chores.

★ ★ ★

Dixie senators called this a "counterfilibuster." But Senate leaders said the change of heart came too late, that all of their plans now were centered on the cloture vote set for next Tuesday.

If the bill's supporters muster the necessary two-thirds vote for cloture, all further debate will be limited tightly and leaders are confident the bill then can be passed by the third week in June.

**JOHNSON CONFIDENT**

"I have confidence in the action that the Senate will take," President Johnson told a news conference Tuesday. "I believe it will pass a good bill."

★ ★ ★

The Southerners, who have prevented voting on the bill except on two of the 69 days of debate so far, decided on their change of strategy at a caucus Tuesday.

But when their leader, Sen. Richard B. Russell, D-Ga., announced this on the floor, Democratic Leader Mike Mansfield of Montana said he saw no possibility of arranging votes this week now.

Mansfield said that the bill's sponsors would need considerable time to explain the revised version which Senate leaders expect to win the votes needed for cloture.

Assistant Democratic Leader Hubert H. Humphrey of Minnesota, the bill's floor manager, told newsmen he would lead off with a speech explaining the substitute in detail today.

Republican Leader Everett M. Dirksen of Illinois, chief author of the revised bill, had planned to do this but was ill with a heavy cold and deferred his speech. Mansfield cosponsored the revisions with Dirksen.

★ ★ ★

Humphrey said he considered it significant that the Southerners did not announce their willingness to allow any votes until Mansfield and Dirksen announced Tuesday that a cloture petition would be filed Saturday.

Russell said his group was willing not only to vote before the cloture test on a pending amendment to assure jury trials in criminal contempt cases but also on others to assure that no one shall be subjected to double jeopardy by criminal proceedings in civil rights cases, to eliminate the equal employment opportunity title of the bill, and to knock out the title which would allow a cutoff of federal funds to projects where discrimination is practiced.

---

Urban evening colleges in the United States last year conferred 8,224 bachelor degrees, 3,152 graduate degrees, 1,175 associate degrees, and 5,314 certificates and diplomas.

## At Least They'll Die Trying

## *This Gimmick Should Beat the Beatles*

By DICK WEST

WASHINGTON (UPI) — In a memorable scene from the musical "Gypsy," a group of veteran strippers attempt to explain some of the tricks of the trade to a newcomer in their midst.

WEST

It is not enough, they sing, for a young lady merely to undress upon the stage. To reach the top in this highly competitive field, you gotta have a gimmick.

**The same thing is true in a number of other fields, quite notably the rock and roll music field. The ability to produce cacophonic sound will no longer automatically produce stardom.**

Patrons of that art are now demanding a gimmick, and I'm afraid the young practitioners in this country are falling behind in this department. They are permitting their counterparts overseas to steal the laurels.

★ ★ ★

Everyone is familiar with the thunderous success of the Beatles, who conquered both sides of the Atlantic by the simple expedient of combing their hair with a 110-volt wire.

Coming along behind them in hot pursuit are such other European marvels as the Egg-heads, who have bald pates; the Animals, who are outfitted to resemble wild beasts, and the Undertakers, who undertake to emulate the funeral dress and mien of the professional mortician.

★

There is no reason why we in America should sit idly by and let these foreigners overshadow us. We must strive to beat them at their own game.

**As a starter, I am asking volunteers to come forward and join me in the formation of a sensational new musical group called the Scubas.**

The letters of scuba, as you know, stand for "self-contained underwater breathing apparatus." Which explains the gimmick. When giving a concert, this group will wear skindiving equipment.

I have in mind a quartet. During vocal numbers we will accompany ourselves on two Spanish guitars, a set of drums and a snorkel.

**SECOND GIMMICK**

Costuming alone, however, may not be enough to win audiences away from the established favorites. I have therefore devised a second gimmick to increase the Scubas' appeal.

★ ★ ★

Immediately after the first number, we will haul a big glass tank onto the stage and do the rest of the program under water. And that still isn't all.

★ ★ ★

For an encore, the Scubas will switch to electric guitars and the entire group will be electrocuted.

# Protest Stall of Rights Rule

## MSU Students March on Occupancy Law

EAST LANSING (AP) — Michigan State University students and a scattering of faculty members picketed the university administration building and the East Lansing City Hall Tuesday, protesting the apparent sidetracking of a proposed open occupancy ordinance.

★ ★ ★

About 50 marchers carried signs in the demonstration sponsored by the campus chapter of the National Association for the advancement of Colored People.

★ ★ ★

They protested City Council action Monday on an ordinance proposed by its human rights commission. The council voted 3-2, against referring the proposed ordinance to the city attorney for a determination of its legality. The action apparently stymied progress toward enactment of such an ordinance.

★ ★ ★

Melvin Moore, a sophomore in social work from Inkster and president of the campus NAACP chapter, said the picketing at the administration was to protest the university's failure to do enough in the area of minority housing and the vote of Councilman Max Strother, who also is assistant to the university purchasing agent.

**OTHER MARCHING**

Some of the pickets also marched in front of the East Lansing Savings and Loan Association office, where Councilman Kenneth Dillinger is employed.

★ ★ ★

Moore said the demonstration was the beginning of a summer of such incidents. He said activity would slack off for a few weeks as students prepare for final examinations, and then would resume — possibly with the help of other groups, such as the Student Non - Violent Coordinating Committee and the Congress of Racial Equality.

Pontiac Press Photo

SIGN UP—Two children, Bonnie Carter, 9, and Michael Van Hee, 11, turn in their applications to participate in Oxford's first summer recreational program. They are shown handing them to Daniel Axford School Principal Joe Raymer and Mrs. Robert Brower, chairman of the activity's organization committee. Youngsters can register for any or all of the six-week program.

# Priest to Celebrate 25 Years of Service

CLARKSTON — Father Donald L. Hessler, Maryknoll (N.Y.) missioner from Clarkston, will observe the 25th anniversary of his ordination to the priesthood on June 11.

★ ★ ★

**A veteran of mission service in China and on Mexico's Yucatan Peninsula, Father Hessler now is working with the Christian Family Movement in Mexico City.**

**Following his ordination in 1939, Father Hessler began his mission work in the Kweilin section of China.**

He was imprisoned by Japanese forces during World War II, and returned to the United States to work for the Maryknoll Fathers in New Mexico after his release.

★ ★ ★

Father Hessler then worked at Maryknoll stations in the Hawaiian Islands for a year before his assignment to Mexico in 1950.

**MEXICO INDIANS**

For the ext nine years he served among the Mayan Indians in Mexico's Yucatan Peninsula, where Maryknollers have established schools, medical clinics, community development projects, adult education programs, credit unions and farm cooperatives.

★ ★ ★

In 1959, he was appointed to work in Mexico City, where he has worked with the Catholic Relief Services (CRS-NCWC) to distribute food and donated clothing from the United States, and with the Catholic Family Movement in Mexico.

★ ★ ★

The brother of Mrs. Ted Henning of 8180 Allen, Independence Township, Father Hessler attended schools in Lake Orion before entering Maryknoll in 1934.

He was ordained at Maryknoll, N.Y., in 1939 and left soon after to begin work in China.

# Competition Set for Grants

## 4-H Farm Study Is Criterion for Awards

Members of 4-H as well as their clubs in Oakland County, can again compete for scholarships, plaques and pins in the 1964 farm business educational program sponsored by the American Institute of Cooperation (AIC).

The AIC is the national educational and research agency for farmer cooperatives.

**It will present a $50 scholarship to a boy or girl from each state for outstanding work in studying about farmer cooperatives, and being active in business dealings with cooperatives.**

The winning boy or girl will receive the award at the 1964 annual summer session of the institute to be held at the Michigan State University, East Lansing, Aug. 9-12.

★ ★ ★

Scholarship winners are selected by state 4-H Club leaders, while the responsibility for additional financing of the trip, arrangements and chaperoning is ordinarily assumed by executive secretaries of the State Council of Farmer Cooperatives.

# Street Signs Switched Back

## Nicolet Residents No Longer 'Commoners'

WALLED LAKE — There'll be no Common Court in Walled Lake.

At least what's left of it will be confined to a swamp.

**About six or seven weeks ago people living on Nicolet north of Pontiac Trail noticed that their street sign suddenly said "Common Court."**

Last night, they protested the change to the City Council.

★ ★ ★

The problem apparently arose from the fact that Nicolet jogs about 30 feet at Pontiac Trail. Its northern portion runs into what is designated as Common Court on Oakland County Road Commission maps.

**ONLY EASEMENT**

The court actually is only an easement running through swampy land, city officials noted.

The council decided last night that the people could once again live on Nicolet after more than a month as Commoners.

# MEA Picks Area Pair for Posts

Two area teachers are among five from Oakland County who have been appointed to positions and committees of the Michigan Education Association.

Ray Lawson, a teacher at Rochester High School and president-elect of the MEA, was re-appointed to a two-year term on the Staff Personnel Policies Committee.

**Lawson also was named to a one-year term on the MEA-Michigan Association of School Boards Joint Committee.**

Charles Lemke, principal of Bloomfield Hills' Conant Elementary School, was appointed to the Finance and Membership Commission for four years.

★ ★ ★

Besides Lawson and Lemke, three Ferndale teachers were among those receiving appointments.

★ ★ ★

Melvin Leasure was named to a three-year term on the Ethics Commission, Harold B. Wilcox to four years on the MEA Retirement Committee and Morris Beider to one year on the Professional Negotiations Committee.

## Most Farm Produce in South Part of State

Most of Michigan's agricultural production with two exceptions is concentrated in the southern part of the Lower Peninsula below a line from Saginaw Bay to Muskegon.

Cherries come from a fruit belt along Lake Michigan stretching as far north as Grand Traverse Bay while potatoes are produced in volume at several northern Michigan and Upper Peninsula locations.

Michigan's agricultural manufacturers, suppliers, farmers and marketing firms employ nearly 750,000 workers who produce products with a total sales volume of $9.6 billion.

# Area-State News

# Three Communities Plan Church Anniversary Fete

TROY — A tri-community reception is planned for Sunday by the St. Thomas Moré Catholic parish at the beginning of a series of celebrations marking the church's first anniversary.

More than 100 civic, educational and religious leaders from Bloomfield Township, Birmingham and Troy are expected to attend the 3-5 p.m. event in the church and hall on Adams.

**Purpose of the affair will be to acquaint community leaders with the parish and its facilities, and to introduce Rev. William L. Anderson, pastor of St. Thomas More.**

"To love our neighbor we must know him," Father Anderson said, describing the goal of the reception. "It seemed natural to take this first step on the occasion of our first anniversary."

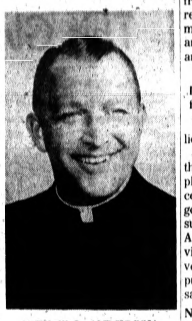
★ ★ ★

On June 19, actual anniversary date, in addition to morning Masses a special 7:30 p.m. evening Mass will be celebrated.

**FAMILY PICNIC**

A family picnic is planned for 1-6 p.m. June 21, climaxing the anniversary activites.

Hay rides, pony rides and games will be featured at the event at Upland Hills Farms, Oxford Township.



REV. W. L. ANDERSON

# 55-Year-Old Barn Consumed by Fire

INDEPENDENCE TOWNSHIP—A 55-year-old barn which was something of a landmark here was consumed by fire early this morning.

The barn, owned by Mrs. Jacob Chapoe of 10140 Rattalee Lake, was no longer in use. The 30 by 60-ft. structure was across the road from her home, just east of Dixie Highway.

The fire of undetermined origin was spotted by a motorist about 4:30 a.m. Springfield Township firemen confined it to the barn, which had an estimated value of $5,000.

# Plans Made to Promote Apple Crop

Promotional plans for an expected record crop year have been unveiled by the Michigan State Apple Commission.

According to Commission Chairman Erwin Klenk, Sparta fruit grower, 1964-65 will see a record number of in-store promotional display kits produced and used throughout 28 states and Canada.

**"We expect a crop of at least 16 million bushels this fall," said Klenk.**

Last year's crop was 12 million bushels.

Because of a recent shift in the utilization of Michigan's apple crop, with more than 52 per cent of the state's apples now going into processed products such as apple sauce, Michigan's Apple Commission also reviewed plans for a regional advertising schedule in national publications promoting apple sauce.

**NORMAL PROMOTION**

Michigan's promotional fund is normally completely invested in in-store promotional pieces only.

Tie-in promotions, with institutional bakeries will also receive the attention of the commission this year. Layouts were reviewed by commissioners for place mats, menu clip-ons, and table tents — promotional items commonly seen in restaurants.

## Hormone Suspected of Harming Cattle

An essential hormone called ACTH is suspected by Michigan State University researchers as the cause for short life span of dairy sires.

Scientists are hoping to use this information to lengthen the life of animals with characteristics for efficient production.

# To Hold Party for Seniors

ORCHARD LAKE—Dancing, a hootenanny and a 4 a.m. breakfast will highlight the first graduation party for West Bloomfield High School seniors.

The event is to be held June 10 after commencement exercises at the school. Dancing to the music of the Fugitives will begin at midnight.

★ ★ ★

The Cianco Brothers will conduct a hootenanny as part of the night's entertainment.

Mrs. Edward D. Auchard, 5151 Commerce, serves as chairman of the parents committee which planned the party.

## Flashing Light Solves Birds-in-Loft Problem

The bothersome and sometimes destructive problem of birds in hay lofts can be solved by the use of a flashing light.

A revolving cylinder with two amber and two clear lenses placed over a 75-watt bulb will annoy the birds and drive them away.

# Six MSU Profs to Battle 'Massachusetts Ballot'

EAST LANSING (AP) —Six Michigan State University political science professors have banded together to fight to so-called "Massachusetts ballot" out of concern that it will "weaken effective, broad and intelligent citizen participation in politics."

The ballot, signed into law by Gov. George W. Romney last Thursday, rearranges candidates into office groupings, doing away with the party columns on the ballot.

★ ★ ★

It is generally feared by Democrats, who depend more heavily than the Republicans on straight - party voting. They have announced a petition campaign to in effect block its use in the forthcoming presidential election.

The MSU group, headed by Associate Professor Samuel Krislov, calls itself the Citizens Committee for a Free Choice Ballot.

**HOPE TO CAMPAIGN**

The group, Krislov said, hopes to participate in the campaign to submit the ballot legislation to a referendum by state voters.

"We hope to become an informational organization which will add to the constructive discussion of this issue by rational and objective comment," Krislov said.

★ ★ ★

Krislov said the group opposes adoption of the new ballot as "a step backwards — toward the evils of the long or 'bedsheet' ballot."

It was a step in the opposite direction of reforms sought by the Constitutional Convention which tried to reduce the number of electoral choices made by voters, he said.

To Forensics Workshop

# 2 Students Win Scholarships

COMMERCE TOWNSHIP — The high grades of the top two students at Clifford H. Smart Junior High School have won them scholarships to a forensics workshop this summer.

Douglas R. Strait, valedictorian of the ninth grade class, and Elizabeth L. Sauder, salutatorian, were recognized for their academic achievements at an honors and awards assembly yesterday.

Douglas, son of Mr. and Mrs. Wendell Strait, 4343 Elder, West Bloomfield Township, is president of the National Junior Honor Society and has participated in football and track.

Elizabeth's parents are Mr. and Mrs. Kenneth Sauder, 6620 Pontiac Trail, West Bloomfield Township. She has been historian of the honor society.

★ ★ ★

The two honor students will have their expenses paid for a two-week workshop in forensics at Ohio University, Athens, Ohio.

**CHAPTER ADVISER**

The awards were made by Edmund Parpart, adviser to the school's honor society chapter.

This is the second year the group has given special recognition to two of its outstanding members.

Members raised funds for the scholarships by selling cakes and sponsoring a dance.

England, The Netherlands Cases in Point

# Queens Actually Do Not Rule Royal Houses

LONDON (AP)—Queens rule nations, but princes rule royal homes.

At least that's the way it is with a pair of the world's best known princes—Bernhard of the Netherlands and Philip of Britain.

★ ★ ★

Eleven years ago, Bernhard gave the following advice to his friend Philip:

"To succeed as both husband and subject, I believe you need a tightrope walker's sense of balance and an understanding wife. In the nation it is my wife who rules. In my home it is I."

**GIVES ADVICE**

Prince Bernhard, the husband of Queen Juliana, gave the advice to the husband of Queen Elizabeth II in 1953, shortly before her coronation. The prince of the Netherlands volunteered it in an interview with a former Dutch court reporter, Donald Canter.

★ ★ ★

There is nothing to suggest that Prince Philip doesn't follow the advice. There is, however, a slight suspicion that Prince Philip doesn't have his way all the time.

★ ★ ★

Lord Kinross has said that Queen Elizabeth once asked a woman friend: "What do you do when your husband wants something badly and you don't want him to have it?"

"Well, ma'am," the queen's friend is reported to have replied, "I try to reason with him and dissuade him and sometimes we reach a compromise."

**DIFFERENT METHOD**

To this Her Britannic Majesty is said to have retorted: "Oh, that's not my method. I tell Philip he shall have it, and then make sure he doesn't get it."

★ ★ ★

But, according to persons close to the British throne, there is overwhelming evidence to suggest that Prince Philip rules the British royal home as surely as Bernhard does the one in Holland.

For instance:

- The queen opposed Prince Philip flying. He flew.
- The queen was against Philip landing helicopters on the lawn at Buckingham Palace. He landed them.
- The queen was not entirely in agreement with overhauling palace protocol. It was overhauled.
- The queen was opposed to Prince Charles going to Gordonstoun, the tough Scottish public school. Charles went to Gordonstoun.

★ ★ ★

Then there was the time the queen appeared before a royal party wearing a dress of her own choosing. In the hearing of several persons, Philip took a look at the frock, frowned and said rather sharply: "You're not going to wear THAT, are you?"

★ ★ ★

"No, dear," answered the queen, and went and changed the dress.

**ADVICE FOLLOWED**

So, it appears Philip is following his friend Bernhard's advice.

In many ways the two princes are surprisingly similar.

★ ★ ★

They both like fast cars and both have crashed them.

They both like airplanes and helicopters and fly them like professionals.

**LIKE AIRPLANES**

They are family men who adore their wives and children. Bernhard and Juliana have four daughters. Philip and Elizabeth have three sons and a daughter.

Both princes work extremely hard at being princes.

Both like to travel and both get criticized for spending time away from their wives and countries.

But for every critic there seem to be a dozen defenders, saying that Bernhard and Philip are supersalesmen for their nation's institutions, goods and produce.

**GOSSIP TARGETS**

Both are handsome men, and quite naturally the gossips gossip about them.

Bernhard has said: "Princes, unfortunately, are choice targets for the gossipmongers. Even the smallest incident—however innocent —sometimes is magnified and distorted into a major issue. And we must especially be careful when in the company of women —at least 10 times as more careful than any prudent ordinary husband."

★ ★ ★

Both princes are good at sports.

Bernhard is a splended swimmer, horseman and skier. Philip is a fair swimmer, expert polo player and yachtsman.

**JUNE BABIES**

Both were June babies.

Bernhard will be 54 on June 29. Philip will be 43 on June 10.

★ ★ ★

Both are good dressers and both go to British tailors. Bernhard is the better dresser, though. And he's a trifle more of a dandy. He always wears a white carnation in his buttonhole for one thing. Philip seldom sports a flower.

Bernhard's suits seem more sharply tailored to the times. A fashion writer recently said Philip should retire some of his suits, saying that some of his trousers are almost bell-bottomed in their floppiness.

**GO HATLESS**

Both go hatless most of the time—to the annoyance of British hat makers.

Both are good speakers and talkers.

Prince Philip possesses a slightly outrageous way of talking—on occasion. It is hard for him to resist a wisecrack. Bernhard seldom makes them in public.

★ ★ ★

Philip can be outspoken, almost to the point of tartness. Comedian Bud Flanagan once asked Philip if it was true that he was bored with horse racing, a sport dear to the heart of Queen Elizabeth.

**HE'S BORED**

The comedian said Philip replied: "Frankly, I'm bored stiff with it. Not that I don't like it as a sport. But I'd rather be out there riding and they won't let me. I've got plenty of years ahead to watch sport."

Going to Royal Ascot once, Prince Philip strapped a transistor radio under the crown of his high formal hat so he could follow the play-by-play of a cricket match.

★ ★ ★

In Rio de Janeiro, Philip once told a British newspaperman, from Lord Beaverbrook's Daily Express: "Your paper is a bloody awful newspaper."

It would be difficult to image Bernhard saying that.

## Mercy to Hear Romney

DETROIT (AP)—Gov. George W. Romney will speak at Mercy College ground-breaking ceremonies Thursday which inaugurate of $15-million expansion program over the next 12 years. The college, said the first $5-million phase will include a student center, student residence hall and a power plant.

## State's Redistricting Sound, Equitable Plan

After months of partisan sparring highlighted by some pretty fancy foot and mouth work on the part of the legislature, the State suddenly finds its redistricting woes resolved.

Resolved, that is, subject to announced court appeal by a handful of individual dissidents.

★ ★ ★

**First to materialize was the blueprint for reapportioning the State's Senate and House districts. A Republican concept known as the Hanna-Brucker plan, it had been stymied, along with three Democratic proposals, in the State Supreme Court as that body vainly awaited ruling on the nationwide issue of reapportionment from the U. S. Supreme Court.**

Now, with the court's approval of the plan, Michigan has a 140-member House apportioned almost entirely on population and a Senate of 38 members, following the mandate of the new Constitution, based 80 cent on population and 20 per cent on area.

★ ★ ★

Under the plan, the numerical composition of the House is unchanged while that of the Senate is increased by four.

**Following close on the heels of approval of the State's reapportionment plan, the legislature passed a bill delineating Michigan's 19 Congressional districts.**

Thus the largest district (the 18th) has 417,174 inhabitants, the smallest (the 10th) 403,263—variations from the norm of 411,000 considered not unreasonable.

★ ★ ★

In the wake of enactment of the Congressional pattern of redistricting, the legislature passed with immediate-effect provision a bill postponing to Sept. 1 the primary election scheduled for Aug. 4.

**Had such action not been taken, Michigan would have faced the chaos resulting from legal necessity of holding two primaries, since the redistricting bill failed of "immediate effect" provision and was thus subject to the "90-days-after-passage" implementation requirement.**

★ ★ ★

Although the legislators kept the State's citizenry on tenterhooks for much too long as they hammered out the new representation boundaries, we think the two concepts are good ones and equitable to both Republicans and Democrats.

## Economy to Stay Firm Following Defense Cut

From time to time, there has been conjecture within the business community on the effect cutbacks in defense spending would have on the general economy of the Nation.

**While conceding that there will inevitably be temporary regional dislocation in some cases and perhaps initially a slight decline in total national production, government and private economists are not concerned about the long-range outlook.**

★ ★ ★

A leading financial publishing firm sees projected decline in defense spending offset — and outweighed — by heavier expenditures on civil public works and nondefense services.

**To rejuvenate American cities, an annual outlay of $10.5 billion in public and private funds over a 20-year span is envisioned. Only about $1.5 billion of that amount was spent last year.**

★ ★ ★

Capital outlay to relieve congestion in downtown areas by fast rail and bus service is pegged at $1 billion a year for 10 years. Present annual spending in this direction runs to less than one-fifth of that.

**And spending of about $4 billion yearly through 1970 is needed to eliminate the backlog of urgent needs for water and sewer systems. Only about half that amount is being spent now.**

All this development is of concrete nature and on the drawing boards. Who can foresee the destined miracles ahead with galvanizing effect on the economy of America and its people?

## *Loyalty of Clan Steers Kennedys*

By RUTH MONTGOMERY

WASHINGTON — Unique in the annals of American political history is the fierce clan loyalty of the Kennedys. "All for one and one for all" has been so deeply ingrained in the sons and daughters of Joseph Patrick Kennedy that they seem almost to think as a unit.

RUTH MONTGOMERY

**The latest family endeavor to raise $10 million for the John F. Kennedy Memorial Library at Harvard is the logical outgrowth of a long line of similar labors-of-love for one another.**

Theirs is a panoply of family devotion. Heartsick at word that Joe Jr., the handsome eldest son who was earmarked for the presidency, had been killed in World War II, the family rallied as one man to keep his memory green.

★ ★ ★

Together, they set up a philanthropic fund, called the Joseph P. Kennedy Jr. Foundation, which perpetuates his name.

The family "togetherness" has manifested itself in many ways. To aid JFK's presidential campaign, his parents, brothers and sisters pitched in to buy him a plane which was named "The Caroline," for his little daughter.

After he won the White House prize, the clan secured the offer of the first-night proceeds of a Broadway-bound play which opened here in behalf of the Kennedy Foundation.

The brothers and sisters then pitched in to ensure that the glittering social event was a financial success as well.

The same procedure was later followed with the first night of a motion picture gala in New York City, which also swelled the coffers of the charitable foundation.

**All of these activities paled by comparison with the drive which the Kennedy clan is now spearheading to raise money for the John F. Kennedy Memorial Library on the banks of the Charles River in Boston.**

Here in Washington, an intensive solicitation drive has been launched among federal employes. Interior Secretary Stewart Udall sent a request for funds to all offices and requested a weekly report on contributions.

★ ★ ★

Some Justice Department employes have complained that their bosses asked them for contributions as their paychecks were handed out.

Postmaster Gen. John Gronouski requested that the National Association of Postmasters and the National League of Postmasters conduct fund-raising drives among their membership in behalf of the Kennedy Library project.

The Kennedy family, which dazzled the nation with its vote-getting abilities, is proving equally effective as fund-raisers. The memorial library, according to the attorney general, will be dedicated to politics and public life. The Kennedy clan has shown the way.

'So Where Do You Put The Rescue Net?'

David Lawrence Says:

## Two Judges Blast Oath Decision

WASHINGTON — The Supreme Court of the United States by a vote of 7 to 2, has just forbidden the states to pass a law requiring public employes in schools or other governmental offices to take an oath pledging that he or she is not a "subversive person" and not "a member of the Communist party or knowingly of any other subversive organization."

LAWRENCE

★ ★ ★

Such a statute enacted by the state of Washington now is held to be "unconstitutionally vague," even though it defines "subversive" as one who "engages in or advocates, abets, advises or teaches" activities directed at the overthrow of our constitutional form of government "by revolution, force, or violence."

**Virtually the same language is used in the Smith Act, a federal law, and now it is being asked whether the federal statute is also to be regarded as unconstitutional.**

★ ★ ★

The majority of the court declared that the language of the law of the State of Washington requiring a "loyalty oath" of employes is "unduly vague, uncertain and broad," and argued that the statute does not spell out exactly what is "loyal" or "disloyal."

★ ★ ★

It is the vagueness, rather than the objective which is held, to be at fault.

**NO INTENTION**

There is an inference that the teaching of communism or giving counsel to members of the Communist Party does not necessarily mean an intention to overthrow the government by "revolution, force, or violence."

★ ★ ★

**But a layman's criticism of the decision is unnecessary, because justices Clark and Harlan, in a dissenting opinion, set forth in penetrating terms their own denunciation of the majority opinion.**

The dissenters said in part:

"It is strange that the (Supreme) court should find the language of this statute so profoundly vague when in 1951 it had no such trouble with the identical language presented by another oath in Gerende v. Board of Supervisors of Elections, 341 U.S. 56.

★ ★ ★

"There, the constitutionality of Maryland's Ober Law, written in language identical to (the State of) Washington's 1955 act, was affirmed by a unianimous court against the same attack of vagueness.

**UNFORTUNATE CASE**

"It is unfortunate that Gerende (case) is overruled so quickly. Other state laws have been copied from the Maryland act — just as Washington's 1955 act was — primarily because of our approval of it, and now this court would declare them void.

**"Such action cannot command the dignity and respect due to the judicial process. . ."**

**The majority in their opinion** declared that "measures which purport to define disloyalty must allow public servants to know what is and is not disloyal."

But this is a good deal like saying that no restrictions can be imposed and no laws passed unless the exact nature of every offense is defined specifically.

Many Americans will wonder why it is objectionable to ask a person who applies for a job as a teacher in public schools or colleges to sign an oath stating plainly that he would not advocate or advise or assist anyone else to overthrow the government of the United States by "revolution, force, or violence."

(Copyright, 1964, New York Herald Tribune Syndicate, Inc.)

Bob Considine Says:

## *Secret Service Checking Possible Use of Heliport*

NEW YORK — Two Secret Service men were quietly aboard the helicopters making test runs to and from the 59-story Pan Am Building last week.

CONSIDINE

Their counsel probably will not be sought by the commission which must decide whether to approve use of the world's highest and costliest heliport.

But both reported back to their boss that the controversial skyscraping midtown roost for whirlybirds would be ideal for the goings and comings of presidents, kings, queens and prime ministers visiting the city.

President Johnson, as usual, took a chopper from Kennedy Airport to the Wall Street heliport on his most recent trip here.

The motorcade proceeded up the East River Drive to midtown, tying up traffic and hundreds of police, and exposing him to imponderable dangers en route.

**Had he been able to land on the Pam Am Building he could have saved five miles, and spared the further graying of many security guards' hairs.**

★ ★ ★

It's still the best sign I've ever seen in a New York shop window, the one in Tiffany's which read, "To Whom It May Concern."

"This window is made of several alternate laminations of glass and plastic.

**IT'S UNBREAKABLE**

"It cannot be broken through, only the surface can be scarred.

The first blow, however, sets off the alarm and a police squad car will receive the signal within seconds.

**"At the risk of giving gratuitous advice, we, nevertheless, would like to suggest that it would be safer for would-be burglars, and perhaps more profitable, to use their talents to better advantage."**

The neat note, composed by Tiffany president Walter Hoving and engraved most elegantly, was surrounded by a display of diamonds, an income tax blank, and a spray of aspirin.

Gene Tunney, just turned 67 and looking great, is about to embark on an unusual stumping tour, speaking in behalf of a Democrat.

The retired undefeated heavyweight champion of the world is a Republican.

The Democrat is Jonathan Rowland Tunney, the youngest of his three sons.

Jonathan is running for Congress from California. He was a classmate of Sen. Teddy Kennedy at Harvard.

Voice of the People:

## *Feels Year-Round School Would Increase Dropouts*

I agree with the writer who stated that students and teachers need a vacation. If students had to go to school all year with just a Christmas and Easter vacation, they would be sick of school, and there would be more dropouts than ever.

DIANNA TIBBETTS
56 W. CHICAGO

### 'Must Be Born Again for Eternal Life'

A VOP writer stated that the Bible doesn't say you must be born again. The Bible says a man must be born again or he cannot see the kingdom of God. It also says "Whosover believeth in Me shall not perish, but have eternal life." To believe means to accept.

CHURCHGOER

### 'NLRB Not Impartial Judge in Disputes'

The National Labor Relations Board serves as the lawmaker, police, judge and jury in labor disputes. While an appeal can be taken into court, this procedure is often too costly and time-consuming. Chief complaints against the NLRB by independent businessmen is that it is an agency bias toward labor, and lacks prompt and effective interest when business is subjected to illegal practices by unions.

★ ★ ★

**The majority of businessmen feel their problems will be handled on a much sounder and fairer basis in their home states, not overshadowed by a Washington bureaucracy. The present system goes against every concept of justice. When a union takes action against a business, the work of preparing the union case is in the hands of the National Labor Relations Board. Then the same agency is supposed to sit as an impartial judge on the evidence it has prepared for the union side of the case.**

This is patent nonsense.

C. WILSON HARDER
PRESIDENT
NATIONAL FEDERATION OF
INDEPENDENT BUSINESS

### Opposes Rezoning Request From Elks

A public hearing is to be held to consider a request of Rochester Elks to rezone a parcel of vacant land. This request, if granted, would permit Elks to qualify for club liquor license.

★ ★ ★

**The property is now zoned residential and should so remain as recommended by the planning commission. Avon Park is across the street from the requested rezoning area and the dangers of such rezoning are self-evident, what with the increased use of the park. The street is heavily traveled already. You do not minimize a traffic problem by adding more congestion.**

★ ★ ★

I petition the citizens of Avon Township and the Village of Rochester who pay taxes to operate and maintain this park, to protest this potential rezoning.

NORMAN H. PETERS
ROCHESTER

### Reader Answers 'President of PTA'

Letter writer signed "President of the PTA" is wrong about my not attending any meetings. Some of the mothers try to convince the teachers that their youngsters are angels and smart; but that the others are little monsters.

★ ★ ★

They will also tell you that the PTA isn't a money-making group, but with the money they get from plays, parties, etc., it has become big business.

**The PTA is run by the upper crust, and being of the lower crust I know we feel we don't belong. I agree that the hickory stick should be used at home, but also at the schools.**

ROY RUMBLE
ROCHESTER

# Reviewing Other Editorial Pages

## *Second Thoughts*

*The Sussex (N. B.) Kings County Record*

*Think twice before you speak —if you intend to say what you think.*

## *Ideological Dispute*

*The London Times*

Anyone who has followed the ideological dispute between Russia and China from the beginning, feels like a judge coming to the end of the evidence in an exhausting trial.

★ ★ ★

**All that can be done now, as the witnesses make their last appearances in court, is to take note of their dilemma and to assess their characters while making notes for the summing up. The Russians have called on the Chinese to search for areas of cooperation. On broader problems, the Russians admit Chinese charges about Czarist expansion, but say Chinese Emperors have also been expansionist in their day, and historically formed boundaries now exist.**

★ ★ ★

The Chinese avoid offensively slapping this outstretched hand only by busily and angrily pointing to the wounds inflicted by past Russian barbarity. Each side has no doubt what the other intends. Each is determined when the final break comes to be able to point to the other as the cause of it all.

★ ★ ★

**Both sides are more or less agreed that before there is a world Communist conference it must be preceded by a bilateral meeting and a larger preparatory meeting. But the Russians want the process completed within a year; the Chinese think five years or more will be necessary for full reconciliation — long enough, the Russians consider, for China to win a majority to her side.**

★ ★ ★

It is interesting to see what parts of the world are affected, and how. The seventeen parties the Chinese want at the preparatory meeting adds only Cuba to the parties from Europe and Asia; the Russians' list of twenty-six would add Argentina and Brazil as well.

From this it is obvious that the revolutionary terrain of Africa and Latin America are much more important as zones of straight revolutionary contest between China and Russia than they are as zones of allegiance of Communist parties.

## *Top Secret*

*The Blakesburg (Iowa) Excelsior*

*A woman's idea of keeping a secret is refusing to tell who told it to her.*

## *Four to Go*

*The Chicago Tribune*

Brazil has become the 16th Latin American country to cut off diplomatic relations with Cuba. This move on the part of Brazil's new right-wing government wasn't unexpected — but judging from Fidel Castro's violent reaction, it hit him where it hurt.

**It is a blow particularly to his plans to spread Communist revolution throughout the Americas, because Brazil had been his largest and most promising prospect before the Goulart regime was tossed out.**

Only four of the 20 Latin American nations still maintain official relations with Cuba: Bolivia, Chile, Mexico, and Uruguay.

Bolivia, in its chaotic condition, is not in a position to be of any help to anybody. Chile and Uruguay are relatively prosperous countries which should know better but are susceptible enough to pro-Communist propaganda so that they joined the Afro-Asian bloc in voting against Britain and the United States on the United Nations resolution regarding Aden.

**Mexico, however, is a country which should owe nothing to the Communists and has a great deal to fear from them.**

**We hope it will be the next country to drop Castro and bring the hemisphere one step nearer to solidarity against the bearded despot who seems determined to get a foothold on somebody else's land, even if he has to milk Cuba dry to do so.**

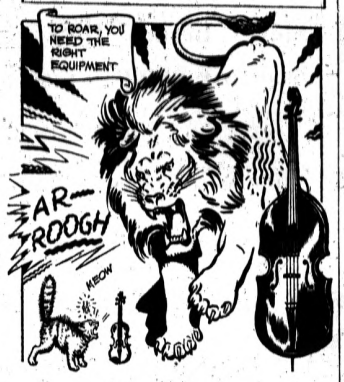
## A Junior Editors Quiz About CATS



QUESTION: Why can't a cat roar like a lion?

★ ★ ★

ANSWER: Next to the roaring lion, our artist has drawn a double bass, the largest and deepest-voiced instrument in the violin family.

**The strings of the double bass, vibrating in its large body, produce the deep tone, and in a similar way, the lion's large vocal chords (shown to left of double bass) vibrating in his large body, produce the deep-throated roar.**

By comparison, the cat's little vocal chords vibrate with a higher-pitched sound, more like that of the small violin. To roar like a lion, a cat would have to lug around a huge sound-making apparatus which would be out of proportion to his size.

**Did you ever wonder why lions roar? These animals are fond of hunting at night, often besides some water-hole where game animals come to drink.**

When such an animal appears, a lion will let out his terrifying roar. It is a sound which seems to come from all directions and is very apt to confuse the game animal, who hesitates, wondering which may to run. Before he has decided, the lion is upon him.

★ ★ ★

FOR YOU TO DO: A violin is an example of a string instrument which produces sounds by vibrating chords. The other types of instruments are wind and percussion. See if you can find out how they produce sound.

### Romney Proclaims June 14 as Baltic Day

LANSING (AP) — Gov. George W. Romney has proclaimed June 14 as Baltic Day in Michigan "to express our encouragement for the independence of Estonia, Lativa and Lithuania."

The three countries were taken over by the Soviet Union in 1940, but the United States "has never recognized the fabricated incorporation," Romney's proclamation said.

# Funds Freed for Relief Sewer

The city's most vital trunk sewer project — the Murphy Park relief sewer —, should be under construction within a few days and is expected to be completed by November 1.

★ ★ ★

The long-standing problem of financing the $469,000 sewer was solved last night as the City Commission unanimously approved an amendment freeing $395,495 in surplus funds to pay for the sewer.

**The surplus was left in the $3.5-million sewage treatment plant construction fund after the plant was completed last year.**

★ ★ ★

The remaining $72,000 needed to cover construction costs of the big sanitary sewer will come from capital improvement funds or surpluses in the sewer fund (revenue from sewage service bills), according to City Engineer Joseph E. Neipling.

★ ★ ★

The Murphy Park trunk will relieve overloaded sanitary sewers in the southeastern sector of Pontiac.

**TREATMENT PLANT**

It will run from St. Joseph Mercy Hospital on Woodward to the new sewage treatment plant on Opdyke north of Auburn.

**The sewer is needed before a new addition to the hospital can be opened and before GMC Truck & Coach Division can plan any future expansion.**

Both empty into presently overloaded sewers.

★ ★ ★

The sewer will be built under two contracts. The first, for $192,000, was signed last week. The second was approved last night.

Last night's second contract was for $277,590 and will go to the lowest of six bidders, E. E. Tripp, a Waterford Township contractor. It should be signed next week.

### Injuries Fatal to Man

DETROIT (AP) — Andrew Dobie, 82, of Detroit, died Monday night in Detroit's Brent Hospital from injuries suffered when he was struck by a car April 5.

# City Unit on Youth Sets Honors Dinner

Pontiac Citizens' Committee on Youth will honor five individuals and an organization Friday for their work with children.

Receiving certificates of appreciation at a 6:30 p.m. dinner in the Waldron Hotel will be:

**Rabbi Ernst J. Conrad of Temple Beth Jacob; Mrs. Dorothy Reason, supervisor of the Oakland County Adoptions Department; Dr. Charles L. Bowers, new president of the executive board of the Citizens' Committee on Youth; Mrs. Mary P. Caronis, Pontiac policewoman; Mrs. Evergrace Seay, a teacher at Mark Twain School; and the City Federation of Women's Clubs.**

The awards will be presented by Probate Court Judge Norman R. Barnard.

★ ★

Featured speaker will be James J. Brennan, professor at the School of Police Administration at Michigan State University.

Brennan, a retired New York police captain and the holder of a Ph. D. degree in sociology from Columbia University, is a consultant on juvenile matters to many police departments in the nation.

**LEADERSHIP TRAINING**

In New York, he organized leadership training courses for police juvenile officers and the police athletic league.

**Other new executive officers, besides Dr. Bowers, will be introduced at the meeting.**

They are Mrs. Arnold Hillerman and Fred V. Haggard, vice presidents; Mrs. Grace Carrothers, corresponding secretary; and Mrs. Socrates Sekles, treasurer.

Max Adams, manager of the Pontiac Area Chamber of Commerce, will serve as toastmaster.

# Norway Ship, U.S. Carrier Collide in Fog

NORFOLK, Va. (AP) — The aircraft carrier Lake Champlain and the Norwegian motor vessel Skauvaag collided in dense fog in Chesapeake Bay at 3:30 a.m. today.

Atlantic Fleet headquarters said no injuries were reported on either ship.

Fire broke out in two of the Champlain's hangar deck bays but were put out in 45 minutes.

Both ships were damaged in the collision, which occurred 138 miles south of Annapolis, Md., near Patuxent River, Md.

**SHIP REPORTS**

The Champlain reported she had no underwater damage. The Skauvaag reported to the Champlain that she needed no assistance.

On May 6, the Lake Champlain and the destroyer Decatur collided 140 miles east of Cape Henry. There were no injuries on either ship, but the Decatur's superstructure was damaged heavily.

# Officers Nab 'Most Wanted'

TAMPA, Fla. (AP) — A 42-year-old man who made the FBI's 10 most wanted list only last Thursday has been captured and charged with fleeing Ohio to avoid prosecution.

The man, Edward Newton Nivens, had been working as a furniture mover here for six weeks. He did not resist when arrested Tuesday.

★ ★ ★

Nivens was charged with robbing a Toledo bartender of $375 on March 1, 1963. When the bartender and a customer tried to chase Nivens, the customer was shot in the stomach, the FBI said.

★ ★ ★

Nivens, a native of York, S.C., has been convicted of armed robbery, interstate transportation of a stolen car and forgery, the FBI said.

## Bay City Man Killed

PINCONNING (AP) — James W. DeMitchell, 20, of Bay City, was killed today when his car ran off U.S. 23 here and crashed into a tree.

## Dr. Wayne G. Brandstadt Says:

# Altitude Factor in Internal Distress

Q—We live at an altitude of 4,600 feet. Every weekend we spend a day at a lake that is at 6,200 feet. While at the lake, we feel fine but on the way home we suffer from stomach gas.

BRANDSTADT

Does the altitude cause this or is it the sugar in the coffee and the cookies we eat?

★ ★ ★

A—There is always some gas in the stomach because of swallowed air. Some people swallow great quantities of air in their attempts to belch.

**This is the commonest cause of gas in the stomach. Since gases tend to expand when air pressure decreases, you would have more trouble with internal gas pressures when going up to the lake than on the return.**

Fermentation of sugars and starches in the intestines is a source of abdominal discomfort and bloating. The gas in the intestines causes pressure on the stomach and in that way may increase belching.

Since this fermentation usually occurs in the lower rather than the upper part of the intestinal tract, it usually involves foods eaten one or two days before the discomfort is felt. That would rule out any cookies eaten on the day of returning home.

Look for the cause in foods eaten earlier or in emotional upsets associated with returning to the old grind.

★ ★ ★

Q — What are myocardial ischemia and hypochromic anemia? What can be done for them?

A — When one of the small coronary arteries that nourishes the heart muscle (myocardium) becomes plugged through hardening of the arteries or a clot, it cuts off the blood supply to a part of the heart. That part is then said to be ischemic and the victim may have coronary heart disease or angina pectoris, depending on whether the circulation to the area is cut off completely or only partially.

**When it has been determined how severe the damage to the heart is — usually by an electrocardiogram — there is much your doctor can do to improve your health.**

There are several kinds of anemia. Hypochromic or iron-deficiency anemia is the type in which the hemoglobin (red coloring matter in the red blood cells) is deficient. This is the only anemia for which iron salts are a specific cure.

Q— My doctor says I have chronic nasopharyngitis. What is the cause and can it be cured?

A — Nasopharyngitis is an inflammation of the area where your nasal passages join your throat. It may be caused by allergy (hay fever), a head cold or chronic exposure to smog. The treatment would depend on the cause but, like all chronic conditions, this one is hard to shake.

(Written for Newspaper Enterprise Assn.)

## To Celebrate Birthday of Mediation Board

DETROIT (AP) —The silver anniversary of Michigan's Labor Mediation Board will be celebrated with a testimonial dinner June 11 at Cobo Hall.

Malcolm Lovell Jr., board chairman, says principal speakers for the 25th anniversary event will be Gov. George W. Romney, Michigan AFL-CIO President August Scholle and American Motors Corp. vice president Edward L. Cushman.

The average American food supermarket contains 6,000 items.

Some five million people now live in Parana, Brazil, which has an area of 77,000 square miles—approximately the same as South Dakota. In 1890 the population was only 25,000.

# State Plans Strict Enforcement of Accommodations Law

LANSING (AP) — Michigan's Civil Rights Commission has told the tourist industry it intends strict enforcement of the state public accommodations law — and will not hesitate to use its legal powers if necessary.

The new commission's attitude toward racial and religious discrimination in resorts, hotels, motels and restaurants was made crystal clear Tuesday in a meeting with representatives of the tourist industry.

★ ★ ★

"It is not our purpose to be punitive and we attempt always to reach adjustments through conciliation — but we will not hesitate to use the powers given us by the constitution," said Burton Gordin, the Commission's executive director.

He said the commission seeks the industry's help in an "affirmative, voluntary program to make sure there is equal opportunity for all in public accommodations."

**SET UP PROGRAM**

To help guarantee that Negroes and other minority group members are not victims of discrimination in public places, Gordin said, the commission has set up a program including:

—Spot check visits by teams of inspectors, including members of the commission itself, to various areas of Michigan to see how the law is being obeyed.

—A ban on advertising of any kind which specifies or even intimates discrimination, such as "restricted" or "selected" clientele, or references to certain kinds of churches being available.

—Posting, in more than 20,000 places of business, uniform signs explaining the public accommodations law and advising that complaints may be filed with the commission.

★ ★ ★

The spot checks will be made in the next six weeks. One purpose will be to see if the posters are being properly displayed, another to "review advertising practices" with individual business proprietors, Gordin said.

The commission's policies are spelled out in its administrative rules and it has the power to issue "cease and desist" orders for violations thereof. Failure to comply with such orders can result in a contempt of court citation.

**COMMISSIONERS HELP**

Assisting Gordin in explaining the commission's objectives were six of its eight members, including cochairmen John Feikens, a former U.S. District judge, and Detroit attorney Damon Keith.

Although the public accommodations law—in effect since 1885—applies equally to all businesses, Tuesday's meeting dealt only with the tourist and resort industry, particularly in Northern Michigan.

★ ★ ★

Attending were representatives of the Michigan Tourist Council, the four regional tourist associations, the State Chamber of Commerce and other organizations.

Gov. George W. Romney and Atty. Gen. Frank J. Kelley also paid brief visits to the meeting.

**RAISE QUESTIONS**

Tourist industry spokesmen raised questions regarding the commission's policies and enforcement methods, but reserved other comment except for expressing general support for its objectives.

★ ★ ★

Feikens urged that tourist-oriented businesses cooperate to wipe out discriminatory practices all at one time.

"It seems to me you folks are more concerned economically with having everybody come under the tent at the same time," he said in what apparently was a warning against the use of racial or religious factors as a competitive device.

Keith noted that few Negroes travel in Northern Michigan or try to use resort facilities there "because they are made to feel unwelcome."

★ ★ ★

Many of them prefer to vacation in Canada, he said.

Walter Paterige, president of the State Chamber of Commerce, told the meeting he did not think restrictions on resort advertising which says such things as "Christian churches nearby" was proper.

★ ★ ★

Gordin said such a reference in advertising, under the commission's rules, would be illegal.

**PREVENT IMPRESSION**

But he said the policy is intended to prevent advertising which conveys the impression of discrimination or selectivity.

"If advertising is a flagrant breach, it will be halted, notwithstanding the amount of money that has been invested in it," he stated.

★ ★ ★

Kenneth Dorman, director of the Upper Michigan Tourist Association, foresaw a problem for motel operators in that region during the month of August when occupancy normally is 100 per cent.

"It would be difficult for some motel operators to convince some people that they were not being mistreated if they were turned away," said Dorman.

The answer, he said, would be for persons desiring accommodations to make advance reservations.

Donald S. Leonard, State Liquor Control Commissioner, told the group that discriminatory practices might endanger liquor licenses, but said some problems almost certainly will arise.

"For example, suppose a licensee refuses to serve a Negro—not because he is a Negro—but because he is intoxicated," said Leonard.

"He could be accused of violating one state law or another."

## Dixie Whites Throw Rocks

JACKSON, Miss. (AP) — Two huge plate glass windows in front of the Council of Federated Organization (COFO) office were splattered by rock throwing white youths Tuesday night, police said.

A white minister from Michigan and a summer volunteer of COFO were hit by rocks, a COFO spokesman said, but they were not injured.

★ ★ ★

Capt. D. B. Harrell of the Jacksop Detective Bureau said an investigation was being made.

Robert Wilde of COFO said two carloads of white youths passed by the office in a predominantly Negro neighborhood and threw the rocks.

**ROCKS CLOSE**

He said Rev. R. Dotson of Ann Arbor, Mich., and Nedra Winant of Altadena, Calif., were brushed by the rocks.

The minister and a handful of COFO workers were unloading a car in front of the office.

★ ★ ★

Wilde said that Sunday morning other office windows were knocked out by unknown persons.

COFO is a pro-integration organization representing the major civil rights groups. The group has been active in civil rights work in the state since its formation last year.

## City Names Two to Aviation Group

Mayor William H. Taylor Jr. last night appointed Commissioners T. Warren Fowler and Leslie H. Hudson to the city's aviation committee, filling two vacancies on the board.

Fowler and Hudson will assume the committee posts which were held by former Commissioners Charles H. Harmon and Loy L. Ledford.

The committee, comprised of city and county representatives, was formed to study the possible future operation of Pontiac Municipal Airport as a city-county airport.

News of the World

# 2 Bolivian Leaders End Hunger Strike

LA PAZ, Bolivia (AP)—Two former allies of President Victor Paz Estenssoro ended a four-day hunger strike against his reelection Tuesday night but said they would try to unite political opposition to the president.

Vice President Juan Lechin and former President Hernan Siles Suazo said they were joining the Authentic Revolutionary party and would call on other opposition political parties to join against Paz Estenssoro, who won a four-year term Sunday.

Lechin, Siles and all other opposition candidates withdrew from the election, contending that Paz Estenssoro did not have the constitutional right to succeed himself.

MOSCOW (AP) — The Soviet Union has completed a 224-mile canal from the Baltic Sea to the Volga River. The Soviet news agency Tass said it will take over at least 15 million tons of cargo a year from over burdened railroads.

Tass said ships of more than 5,000 tons could use the 12-foot-deep waterway.

TAIPEI, Formosa (AP) — Foreign Minister Shen Chang-huan said today termination of U.S. economic aid to Nationalist China in June 1965 will not seriously affect Formosa's normal economic growth because the country has a "sound industrial and agricultural foundation."

Shen made the statement after signing an agreement under which the United States will sell Nationalist China $18 million worth of agricultural commodities, including about $12 million worth of cotton.

BRUSSELS, Belgium (AP)—Under West German pressure, the decision setting a single grain price scale for the European Common Market has been postponed until Dec. 15.

The West German delegation told the other five Common Market nations the Bonn Parliament would not approve the proposed scale since it would mean lowering the high German prices. A West German spokesman said there is no assurance his government will agree to the scale in December.

★ ★ ★

The market's executive commission said a single grain price is needed to negotiate lower trade barriers on farm goods.

## Ohio Woman Killed

DETROIT (AP) — Mrs. Anna Hensel, 84, of Cleveland, Ohio, was killed Tuesday when a car driven by her husband, LeRoy, 79, went out of control and struck an abutment on the Edsel Ford Freeway.

London's subway, referred to as the tube, opened in 1863, predating the metro in Paris which began operations in 1900.

## Things to Be Grateful For in These Troubled Times

By HAL BOYLE

BOYLE

NEW YORK (AP) — Things to be grateful for in a troubled time:

All things young and fair—colts and calves and grave-eyed babies and romping puppies chasing butterflies.

Lying in the grass and hearing the drone of a nearby bee drowning out the distant jet plane as you look into a soft summer sky and try to tell your fortune in the drifting milk-white clouds.

**All the tastes of summer—corn on the cob, sourgrass, great red strawberries heaped with sugar like miniature Mt. Fujiyamas, great ripe tomatoes bursting with juice that runs down your chin, huge slices of watermelon in which a small boy can bury his face from ear to ear.**

Having the repair man tell you, "No, I don't think you'll have to buy a new air-conditioning unit this year. This one ought to hold out okay through September."

Young couples holding hands self-consciously on park benches as they watch pigeons indulging in bold courtship on the sidewalk.

Tremulous daughters in shimmering summer dresses waiting with moist hands to walk to the platform and get their high school diplomas.

**Old ladies leaning fat arms on pillows in tenement windows as they stare down at the passing street life below them like wrinkled goddesses, careless of mankind.**

The cool smell exuded from ancient taprooms, made redolent by the echoing fragrance of beer spilled long ago in forgotten revelries at the bar.

The pace at the office slows down as the boss leaves earlier in the afternoon for an important conference with an important customer, taking his golf clubs along — just in case.

**LAWN MOWED**

Waking in the morning to find that your wife has already got up and mowed the lawn. Bully for her. Good old girl!

Sitting on the front porch in the clamorous night and having a small child inquire, "Daddy, why can't you catch falling stars and put them in a bottle —just like fireflies?"

## MSU Profs to Probe Lakes

### Geologists Search for Clues of Bottom

EAST LANSING (AP) — Michigan State University geologists will start working over the Great Lakes Thursday. Their objective: to find out what's underneath it all.

They will shuttle back and forth in a plane over Lakes Michigan, Superior and Huron recording variations in the earth's magnetic field to learn about the geological structures under the lakes.

These will provide clues to what oil or other minerals lie under the water.

The plane will trail a two-foot-long cylinder to detect the variations. A bank of electronic instruments inside the plane will collect, process and record the data.

The project, supported by a $44,000 grant from the National Science Foundation, is under the direction of Drs. William Hinze and James Trow of the MSU geology department.

## a two-trouser suit is such a boon in summer . . .

Chances are you wear your suit coat a lot less than your trousers in the summer. A very nice way to even up the wear . . . and to have a freshly-pressed pair of trousers always ready—is to have a 2-trouser summer suit. More and more, it's the choice of well-dressed men.

## and this two-trouser VAN CARR suit is such a great value anytime

For many good reasons. It's tailored of an excellent fabric: a fine, lightweight blend of Dacron® and wool that retains its press, resists wrinkling. It's excellently constructed, with firm stitching, smooth seams, carefully matched patterns. Well styled, in 2- and 3-button models with plain front or pleated trousers, of muted plaids, neat patterns, and solid shades; in a full range of proportioned sizes. By every standard, a great value at

Pontiac Press Photos

*Mrs. Robert Trachet, East Mansfield Avenue (from left), Mrs. William Porter, West South Boulevard and Mrs. Thomas Henson, Bald Mountain Road, arrive early for Tuesday evening's dinner of the Pontiac PTA Council. The occasion was the mass installation of officers and school of instruction, held at Madison Junior High School.*

# 430 Attend PTA Council Mass Installation Meeting

"Let's Join Hands for a Better PTA" was the theme Tuesday evening as some 430 members of the Pontiac PTA Council attended mass installation and school of instruction at James Madison Junior High School.

Thirty-four local PTA units were represented.

Mrs. William Porter, director of district services of the Michigan Congress of Parents and Teachers, installed council officers for the coming year.

★ ★ ★

Coordinating the group's activities will be Mrs. Robert Trachet, president.

*Dorothy Dow, Brooks Avenue (left) accepts the 14th PTA scholarship from Mrs. James Morse, Lorberta Lane. A 1964 graduate of Pontiac Northern High School, Dorothy will have the scholarship for four years of teacher training.*

Assisting her will be Mrs. William White, first vice president; Mrs. Leslie Hotchkiss, second vice president; Mrs. Fred Goines, recording secretary; Mrs. Thomas Bartle, corresponding secretary; Mrs. Howard McConnell, treasurer; Mrs. Willis Schnekenburger, historian; and William Condon, auditor.

★ ★ ★

George Yansen, principal of the host school, gave the invocation. Dr. Dana P. Whitmer extended greetings to the group from the board of education.

★ ★ ★

Mrs. Thomas Henson, outgoing council president opened the session and gave the welcoming address.

**STUDY COMMITTEE**

She also introduced the representatives from the Pontiac schools study committee, Ralph Norvell, William Belaney, Charles Buck and Curtis Patton, who spoke briefly on the needs of the schools.

★ ★ ★

Mrs. Goines was general chairman of the affair. Assisting her were Mrs. Trachet, Mrs. Ervin Christie, Mrs. Charles Woodworth, Mrs. Allen Ebéy, Mrs. Bartle, Mrs. Schnekenburger; Mrs. Harrol Beebe, Mrs. Harry Whitener, Mrs. Marvin McVicar, Mrs. Donald McMillen, Mrs. William Coffing and Mrs. McConnell.

**WINNER**

Dorothy Dow, a 1964 Pontiac Northern High School graduate, is this year's winner of the PTA four-year teaching scholarship.

Also introduced were past recipients Charlene Deeg Stasiuk; Judy Noren, now teaching in Malkim School; Cynthia Williams, practice teaching at Mark Twain; and Nicolie Kniffen, attending Oakland University.

★ ★

**This is the 14th PTA scholarship (including one given by the Police Officers Association) given since the program was instituted in 1954.**

**LUNCHEON**

**A luncheon for present and incoming council officers and chairmen will be held Tuesday at 12 noon in the Joslyn Avenue United Presbyterian Church.**

# Women's Section

## Jo-Ann Reynolds Returns to Hills for Her Wedding

By SIGNE KARLSTROM

Jo-Ann Reynolds, daughter of Mrs. Harry Stewart of Philadelphia and the late Gordon F. Reynolds, has decided to have her wedding here amongst her friends and where she formerly lived.

★ ★ ★

She is the niece of Mrs. M. M. Burgess and Mrs. A. J. Macksey.

The marriage will take place at Kirk-in-the-Hills on June 13 at 2:30 p.m. to John Smith Kingdom, son of Mr. and Mrs. Henry R. Kingdom of Indianapolis.

**COCKTAIL PARTY**

On June 11 Dr. and Mrs. Thomas S. Torgerson will give a cocktail party in their home honoring the young couple. On the 12th Henry R. Kingdom will give the rehearsal dinner at Bloomfield Hills Country Club.

★ ★ ★

The day of the wedding Mr. and Mrs. A. J. Macksey of Winlane will give a brunch for the bridal party, relatives and out-of-town guests.

**RECEPTION**

Mrs. M. M. Burgess will give the wedding reception in her home on Country Club Lane.

★ ★ ★

At the home of her parents, Mr. and Mrs. Frank Klotz of King Richard Court, Marilyn Klotz entertained her coworkers on Wylie E. Groves High School yearbook at a 6:30 a.m. breakfast Monday.

This was the first time any of the group had seen the completed yearbook, the 1965 Talon. The same group had worked together on last year's publication for which they won national honors.

**ADVISER**

Catherine Steffek, adviser to the group, was honored in the list of acknowledgements with these words:

"To Miss Steffek, our adviser, we owe the life of our book. By her gift of time, spirit and knowledge to the Talon and its staff she has practiced the true friendship which 'knows no solitary joy or sorrow.'"

★ ★ ★

This was signed by Sherry Lugers, editor-in-chief, and her coworkers: Marilyn Klotz, Paul Burstadt, Camille Brunk, Jane Upward, Ann Pizer, Nany Howard, Royann Kidney, Nancy Tarvis, Wendy Horasan, Mary Robertson and Heather Shafer.

## Anybody Old-Fashioned?

# 'Nice' Girl Gets the Gate

By ABIGAIL VAN BUREN

DEAR ABBY: I am 18 and I want to ask you a serious question. Do ANY boys like nice, sweet, old-fashioned girls?

ABBY

If you don't give them what they want, they think you don't like them and they go find someone who will.

This guy I went with was real nice at first, then he started getting "fresh." He said if I liked him I'd go along with his ideas.

I really liked him, but I couldn't explain why I would not give in without sounding stupid or juvenile.

He said I was too "nice" for him, and he left. Now I realize how much I liked him. How can I get him back?

DEE

DEAR DEE: Plenty of boys still like "nice, sweet, old-fashioned" girls. (That's the kind they look for when they have marriage in mind.)

If you have to defend your moral standards with a debate, you are in the wrong company. Forget this boy.

But don't be surprised if he turns up after he's grown up, and tells you that you were right, and he'd like to have another chance—this time with YOUR rules.

DEAR ABBY: This is for BUSY MOTHER, whose children answer the phone, "Who is this?"

My son is a lawyer and he has four children ranging from five to eleven years of age.

He once overheard his daughter answer the telephone "Nobody is home. Goodbye."

My son was furious. He lined them all up and taught them to say, "This is the Joseph residence. Linda speaking."

Why can't other parents do this?

GRANDMOTHER M.

★ ★ ★

DEAR GRANDMOTHER: They can. And they probably would if they ever caught their youngsters answering the telephone the way your grandchild did.

DEAR ABBY: My husband has been dead for 22 years. I have continued to call myself MRS. JOHN SMITH.

A friend of mine recently pointed out to me that I was breaching etiquette; that since there is no longer a JOHN SMITH, neither is there a MRS. JOHN SMITH, and I should be calling myself MRS. GERALDINE SMITH.

Please set me straight.

MRS. GERALDINE OR MRS. JOHN?

★ ★ ★

DEAR MRS. JOHN SMITH: Your friend is the one who needs to be "set straight."

When you took John's name, you took it for as long as YOU lived (unless you took another husband), not for as long as HE lived.

## Opti-Mrs. Club to Ask Another to Join Forces

The Lakeland-Waterford Opti-Mrs. will invite the Lakeland-Drayton Optimist wives to become members of their group. The motion was passed at the recent meeting in the Hillcliff Street home of Mrs. Leonard Peres.

★ ★ ★

Prior to the business meeting, members coinstructed table decorations for the joint installation of officers to be held by the two groups June 13 at Eagles Lodge.

★ ★

The group voted to donate funds toward the tuition of Kay Jewell, student librarian at Waterford Township Library. Miss Jewell is planning to attend the Western Michigan library workshop to be held in Kalamazoo this month.

## Artists Club Will Meet on Friday

Election of officers will highlight the Friday meeting of the Pontiac Society of Artists at 8 p.m. in the Community Services building on Franklin Boulevard.

★ ★ ★

Mrs. Leslie Hearn, vice president, will preside in the absence of club president Mrs. Herbert Swingle.

★ ★ ★

At a recent exhibition of graphics, drawings and sculpture at the Scarab club in Detroit, Hazel Nauman won a ribbon in sculpture.

Mrs. Nauman is a past president of the society and has studios at Oxbow Lake.

Her native head, "Study of John," was the winning entry. It had won ribbons in two previous exhibits.

## At Christ Church

# Women Elect Officers

**Mrs. Robert H. Flint of Bloomfield Hills was elected president of the Episcopal Churchwomen of Christ Church Cranbrook for the 1964-65 season.**

**Others elected to office during the group's annual meeting Tuesday at the church were Mrs. John VanderRoest, first vice president; Mrs. Edward T. Bennett, second vice president; Mrs. Robert Livesay, recording secretary; and Mrs. George O. Cutter, corresponding secretary.**

**Also holding office will be Mrs. Waldemar Adams, treasurer; Mrs. Jervis McMechan, assistant treasurer; Mrs. John H. Albrecht, UTO treasurer; and Mrs. Theodore Walker, assistant UTO treasurer.**

★ ★ ★

Rev. Gerald B. O'Grady Jr., rector of Christ Church, conducted the induction ceremony.

★ ★ ★

Following the meeting a picnic luncheon was served on the church lawn.

Pontiac Press Photo

*Mrs. Morris Bletstein, Berkley Avenue (left) and Mrs. David Saks, Bloomfield Terrace, set out for the annual luncheon and installation of officers of the Sisterhood of Cong. B'nai Israel on Tuesday. Mrs. Bletstein turned her president's gavel over to Mrs. Saks for the coming year.*

# Alumnae Present $2,100 to Hospital Foundation

The Foundation for the Emotionally Disturbed Children at Pontiac State Hospital received $2,100 Tuesday. It came from the North Woodward Association of Kappa Kappa Gamma alumnae.

★ ★ ★

Mrs. Louis J. Colombo Jr., president of FEDC, accepted the check from tournament chairman Mrs. Frank Carlson at a Kappa Golden Key luncheon at the Village Woman's club.

★ ★ ★

Money was raised by sponsoring a year-long bridge tournament. The annual tournament saw Kappa Alumnae and husbands and friends gather for bridge once a month.

★ ★ ★

Mrs. Dale M. McKay was chairman of the luncheon and took reservations for the affair. Mrs. Colombo was guest speaker.

★ ★ ★

Prizes (a first, second and third in each of the 29 leagues) were awarded at the affair. Guests were invited to stay and play bridge following luncheon and the presentations.

★ ★ ★

Registrations for next year's Kappa Kappa Gamma bridge tournament were taken at the luncheon by Mrs. Kenneth Bement, 1964-65 tournament chairman.

Pontiac Press Photo

*Not the ace of spades, but a check for $2100 is what Mrs. Gordon C. Bolling, Westwood Court pulls out of a bridge hand. Proceeds of a year-long bridge tournament sponsored by Kappa Kappa Gamma alumnae, the money was given to Mrs. Louis J. Colombo Jr., Lahser Road, president of the Foundation for Emotionally Disturbed Children at Pontiac State Hospital.*

## Two New Girls Land in Towns

A daughter, Sara Ellen, was born May 24 to Mr. and Mrs. William H. Olney (Charlene Sparks) of Edwardsville, Ill.

Grandparents are Mr. and Mrs. Charles A. Sparks of Hatchery Road and Mr. and Mrs. William Olney Sr., of Chicago, Ill.

★ ★ ★

Dr. and Mrs. K. L. Day (Ellen Boston) of Milwaukee, Wis. announce the birth of a daughter, Melinda Suzanne, May 17.

Grandparents are the Carl E. Bostons of Thorpe Street and the Claude Days of College Springs, Iowa.

## Flower Sale at Meeting

Mrs. Lyde B. Stevens of West Huron Street opened her home to members and guests of the Silver Lake Branch, Woman's National Farm and Garden Association for luncheon today.

★ ★ ★

For this last meeting of the season Mrs. Robert C. Woods and Mrs. Allen Mix shared cohostess honors.

Members exchanged flowers and a flower sale followed the meeting.

# Officers Hear of 'Good Works'

Rabbi Israel Goodman spoke on the theme "Mitzvah (good works)—a Divine Commandment" for the installation of officers by the sisterhood of Congregation B'nai Israel at a Tuesday luncheon in Detroit.

★ ★ ★

Mrs. David Saks is the new president. Serving as vice presidents are Mrs. Michael Davis, Mrs. Jerry Margolis, Mrs. Sol Newhouse and Mrs. Irving Newhouse.

★ ★ ★

Other officers are Mrs. Joseph Partney, Mrs. Belmont Kershenbaum and Mrs. Irving Gordon, secretaries; Mrs. Arnold Wine, treasurer and Mrs. Irving Schlyfestone, parliamentarian.

★ ★ ★

New members of the board are Mrs. Edward Avadenka, Mrs. Abraham Tauber, Mrs. Ralph Merkovitz, Mrs. Charles Toby and Mrs. Marvin Finkelstein.

★ ★ ★

Mrs. Sidney Czuzler installed the officers and Mrs. Morris Bletstein was honored as outgoing president. Chairman for the luncheon was Mrs. Wine with Mrs. Jack Gamburd as her cochairman.

## Lady Golfers Add Members

Two new members were accepted and club rules reviewed at the first June meeting of the Ladies Tuesday Tee Golf League at Pontiac Country club.

★ ★ ★

Mrs. David Wood and Mrs. Arthur Skarbo were introduced into the club during the program conducted by Mrs. Thomas J. Zielinski, golf chairman, and Mrs. Euell Smith, president.

## Concert Tonight

The all city senior high orchestra, under the direction of Robert M. Peterson, will present its annual spring concert, featuring outstanding high school soloists, tonight at 8 p.m. in the Pontiac Central High School auditorium.

There is no admission charge.

# Susan Kay Johnson Honoree at Showers

Susan Kay Johnson of South Berkshire Road who will become Mrs. Herman Albert Meinke, Saturday, in St. Hugo of the Hills Church was honored at three recent showers.

Janet Weber and Virginia Ball, who will be among the bridesmaids, entertained at a shower in the former's home in Detroit.

★ ★ ★

Salli Johnson gave her sister's spinster dinner in Carrie Lee's Chinese Tea Room, Birmingham. Among the 16 guests were Hope Ulch of Utica also Ina Schut and Judith Cosgrove of Ann Arbor. A surprise trousseau shower in the Johnson home followed the dinner.

Mrs. Fred Rosevear of Union Lake honored the bride-elect at a combined bathroom-kitchen shower with Mrs. Morrell Galbraith and Mrs. Kenneth Thompson cohostesses. Out-of-town guest was Mrs. Richard Ash of Lansing.

Miss Johnson's parents are the Theodore Johnsons. Her fiance is the son of Mrs. Herman Meinke of Huntington Woods and the late Dr. Meinke.

pre-tested for 360 hours... to assure you a lifetime of proud possession

Ω OMEGA

Gravity-powered self-winding Constellation Chronometer. Bracelet models $190 to $1260. Strap models from $175

Before it can receive the coveted rating of "chronometer"... every Omega Constellation must undergo 15 days of rigid testing by an official testing bureau. This is in addition to the 1497 quality-control checks which all Omega watches receive during manufacture. The Constellation requires no hand-winding or power-cell to keep it running. It's *gravity-powered* by a pendulum-like rotor, which continuously winds the movement while you wear it. All Constellations are water and shock-resistant. Some models offer the added convenience of date-telling dials. See our complete selection today.

# Visitors Can Stay Too Long

By The Emily Post Institute

Q. I am the office manager of a fairly large company and I often have to see salesmen and other visitors who come to the office on business matters.

★ ★ ★

Sometimes these visitors stay longer than need be. Will you please tell me how I can politely conclude these visits without seeming abrupt and rude?

★ ★ ★

A. You can say that you are sorry you can't talk any longer but you have an appointment you must keep or that you are due at a conference in a few minutes or make any similar excuse.

Q. Our wedding date is set for August. The ceremony will take place in church at five p.m. with a reception following for 200 guests.

My fiance is very partial to white tie and tails.

I know that these clothes are evening attire but considering the lateness of the ceremony and the fact that the reception will take place after six p.m., would it be proper for the men to wear white tie and tails?

★ ★ ★

A. I'm sorry but white tie and tails will not be proper at five p.m. in the afternoon especially during the summer when darkness is still hours away.

The Emily Post Institute cannot answer personal mail, but all questions of general interest will be answered in this column.

*October vows are planned by Carol Ann Roberts, daughter of Mr. and Mrs. Noble E. Roberts of Rich Drive and Richard Lee Kelley, son of the Gordon A. Kelleys of Ortonville Road, Independence Township.*

# SEW SIMPLE

By Eunice Farmer

"Dear Eunice:

"I have a beautiful, large splashy print fabric that I want to use for a simple dress. If I make a seam in the back it will spoil the pattern, can one ever eliminate the seam?"

Mrs. M. M. S.

★ ★ ★

Dear Mrs. M. M. S.:

I usually don't recommend a skirt without a center back seam. However, rules are made to be broken. In this case I would eliminate the back seam. Also, with any large patterned fabric, it is best to use a pattern with as few seams as possible, a broken up design loses the effect.

JUMPER FROM DRESS

This week's winner of a Tailor Trix pressing board is Mrs. M. L. Schwartz, Portland, Ore., who sent this suggestion.

"In answer to 'what to do when you have ruined your dresses from perspiration stains,' here is my suggestion. Nothing is more in style today than jumper type dresses. Convert yours into a jumper by removing the sleeves and adding a contrasting blouse.

"Of course this won't work with every dress, but you should be able to salvage a few. Perhaps the neckline should be changed also, to look more like a jumper. Use your imagination and you'll be pleased with yourself as well as your creative ideas!"

"Dear Eunice:

"There's one thing I'll never understand in a pattern. When there is a curved seam in the bodice front or back (usually in suits) that extends into the sleeve seam, I never know how far to stitch the seam.

"No matter what I do, it will never lie straight and flat. Would love to hear from you!"

Mrs. C. S.

★ ★ ★

Dear Mrs. C. S.:

You will notice on almost every pattern of this type where the seam extends into the armhole, there will be a mark about ⅝ inch to 1 inch from the edge of the pattern at the point where the two seams end at the armhole.

Instead of stitching off the edge of the fabric, back stitch to the mark on your pattern. Next, clip straight in to the point where you have secured the stitching, and arrange seams so that they will lie nice and flat. Hope this helps you and all of the others who have been concerned by this.

KNIT NOTES:

"Some patterns call for making sweaters on circular needles and then cutting the sweater down the center to make a cardigan. This cutting makes me so nervous, I'm afraid I'll ruin all my work. Isn't there another way to knit this sweater?"

Mrs. N. Q.

★ ★ ★

Dear Mrs. N. Q.:

You may still use the circular needles. However, divide the number of stitches for the entire front in order to find the center front. Knit back and forth from the center front around to the other center front (eliminating the side seams). This will save countless minutes counting rows to find if they're even.

"Dear Eunice Farmer:

"Whenever there is a shawl collar on a pattern, I simply can't get the back to come out nice and smooth. How can I I make nice smooth corners where the undercollar joins the neck edge?"

Mrs. H. M.

★ ★ ★

Dear Mrs. H. M.:

You are failing to "clip" your pattern before beginning to set in the undercollar; thus it pulls. This is a "type" of gusset detail, and is explained in detail in my leaflet on GUSSETS. You may receive your copy by sending a self-addressed, stamped envelope with 10 cents to Sew Simple in care of The Pontiac Press.

YOUR SEWING GLOSSARY:

Stay: This is a separate piece of fabric cut to the exact size you should have when there is gathering or shirring. This not only serves as a guide, but will prevent the gathering from stretching.

# Auxiliary Elects Delegates

The Auxiliary to Metropolitan club, Spirit 6, has elected delegates to the national convention in Grand Rapids August 11, 12 and 13.

Mrs. John DePauw and Mrs. Ralph M. Dean will represent the group.

★ ★ ★

Plans have been made for a cooperative dinner and meeting July 7 at the South Marshall Street home of Mrs. John Wilson.

★ ★ ★

Mrs. Harry Isenberg and Mrs. Park Nique hosted the Tuesday meeting in the club rooms on Yale Street.

## Newlyweds See Florida and Nassau

Off to Florida and Nassau for their honeymoon are the Martin E. McClures (Carole Lynn Conley) who were wed recently in The Congregational Church of Birmingham.

Reception at Devon Gables followed the candlelight ceremony performed by Rev. Raymond Fenner.

★ ★ ★

Parents of the couple are the Edward J. Conleys of Troy, and the Norman C. McClures of Birmingham.

A Bianchi original of Imported white silk organza over peau de soie, for the bride, was touched with Alencon lace and styled with chapel train.

A French illusion veil and cascade bouquet of white roses completed her ensemble.

With honor matron, Mrs. James Haslock were bridesmaids Mrs. Richard Gann, East Lansing, and Virginia Durham of Detroit.

★ ★ ★

Richard Gann of Midland was best man. Michael McClure and Russell Holcomb ushered.

## PTA's in Action

**DOUGLASS-HOUGHTON**

Ice cream and conversation are offered for the Saturday social scheduled from 4 to 7 p.m. Open to the public, the affair will provide money for a school project.

**DELLA LUTES**

Pies, cupcakes, popcorn, coffee and milk will augment the menu of the Thursday ice cream social to be held from 5:30 to 7:30 p.m. Mrs. Richard Shaftoe is chairman of the affair.

**OWEN**

Retirees will be honored at a reception in the school multipurpose room from 3 to 5 Sunday.

Those retiring are Warren Abbott, principal, G. Chester Gremore, engineer; E. Cleo Wiley and Elizabeth Wood, teachers.

Mrs. Ralph Bowers is in charge of the affair.

### To Blanch Nuts

Blanch nuts by dropping the shelled nuts into boiling water, letting stand two to five minutes or until skins are loosened. Pour off hot and add cold water.

*At Monday Dinner*

## Honor Three Members

One man and two women were presented with life membership certificates at the Monday night dinner honoring life members of Pontiac Chapter No. 228 of the Order of the Eastern Star (OES).

Those honored were: Mrs. George Hill, Mrs. Eugene Rockwell and Paul Hagle. Mr. Hagle was given his certificate by Mrs. Walter Drake, a member for 50 years and the person who initiated Mr. Hagle 38 years ago.

Mrs. N. D. Vincent and Mrs. Hagle helped to conduct the evening's ceremonies.

★ ★ ★

Those presenting the program were: Mr. and Mrs. Nathaniel Bank of Detroit, who presented pantomimes, and Dr. Sarah Van Hoosen Jones and Miss Alice Servell who showed movies and narrated personal travelogues.

★ ★ ★

Guests were present from Detroit, Royal Oak and Dearborn. More than 100 attended.

*The engagement is announced of Flint Junior College students, DeAnna M. A. Ward of Pear Street, Independence Township, and Larry Stanley Stelmach, son of the Stanley Stelmachs of Waldon Road, Independence Township. Miss Ward is the daughter of Mrs. Hartley LaButte and William A. Ward, both of Garden, Mich.*

## Directors and Officers Are Installed

New officers and directors were installed at the Tuesday evening meeting of the Mother's Club of the Boys Club held in the Pontiac Boys Club.

★ ★ ★

Mrs. William Rogers is the new president; Mrs. Floyd Hampton, vice president; Mrs. Otto Fink, secretary and Mrs. Charles Lucas, treasurer.

★ ★ ★

The board of directors consists of: Mrs. Paul Bruce, Mrs. Charles Meabon, Mrs. John Dushane, Mrs. Joe Gibson, Mrs. Thomas Dodson, Mrs. Walter Peters and Mrs. Arthur Longbrake.

★ ★ ★

James Skinner, program director of the Boys Club installed the officials at the meeting, followed by a cooperative dinner.

★ ★ ★

Mrs. Cressy Larson, Mrs. Hampton, Mrs. James Clancy and Mrs. Willard Hardenburg were hostesses.

### Skin Them First

Cook sweet potatoes with the skins left on, since the covering is easier to remove when the yam is cooked than when it is raw.

Use a knife with a sawtoothed edge to cut fruits and tomatoes.

### Shirt to Lining

Take a cotton flannel shirt, the same size as your son's jacket, and use it for a lining when the original lining has worn out.

Many of English Extraction Still Do Not Smell Smoke

# French Canadians' Discontent Smoldering—but Embers Real

*(Editor's Note—This is the second of a four-part series on French-speaking Quebec's struggle with the rest of Canada and with itself.)*

BY JERRY SHEEHAN

OTTAWA, Ontario (NEA) — The discontent within Canada's 5.5-million French population has been compared to a smoldering mattress fire.

The first sign that a blaze has started in the attic may be when the fire trucks pull up at the unsuspecting homeowner's doorstep.

**Many English-Canadians in this gray capital city still do not smell smoke.**

For others, bombings in Quebec are the first indication that something is going wrong.

★ ★ ★

Their response has been that of an indulgent parent, amazed to learn that his son has been beating up his schoolteachers.

**WHY FUSS?**

"Don't know what all the fuss is about," said an engineer.

★ ★ ★

**"This trouble just seemed to pop out of nowhere about a year ago," remarked a young woman, the manager of an Ottawa employment agency.**

"Hotheaded Frenchmen at the University of Montreal are making a lot of noise out of proportion to their numbers," said a banker.

★ ★ ★

While the English here drink their beer and partake of the sunshine of spring, a healthy percentage of Frenchmen grow restless in a long winter of discontent.

**PARALLEL COMPLAINTS**

French complaints parallel those of the Negro in the United States.

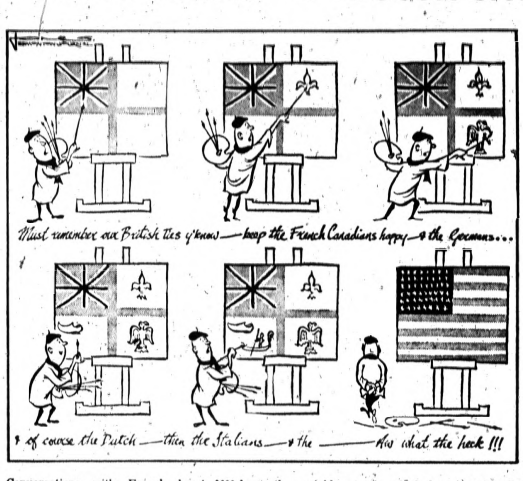
For years he has felt divided from his neighbor, not by skin color but by language and tradition.

The French population is about half that of the English.

**An additional 2.5 million Canadians are split among another dozen language groups —many of them admittedly awaiting a chance to migrate south of the border.**

"I don't pay attention to this English-French thing," said a Belgian hairdresser. "I'm heading for New York."

Unlike the U. S. Negro, most of the French are consolidated in one area, Quebec province—Canada's second largest in population and area.



Conversations with French-speaking Canadians in universities, restaurants, shops, beauty parlors and over executive conference tables reveal a broad pattern of grievances. Among them:

★ ★ ★

● The average per capita yearly income of French Quebec is $600 lower than neighboring Ontario.

● **Because the commercial power is held by English, it is hard for the French to advance in business. (Sensitive to this charge, some firms are now rapidly promoting Frenchmen — such as the Telephone Company of Canada which has just installed Marcel Vincent as president.)**

● In times of economic depression the French are first to be on the streets. The unemployment rate in Quebec today, in fact, is 9 per cent—twice that of Ontario.

● **The English have never made any effort to learn the French language or to appreciate French culture.**

● The Ottawa government has not returned a fair share of the tax dollar to Quebec.

● **Federal civil service jobs held by the French—7 per cent—are far below the proportion of French in the nation—28.**

The radical solution to these grievances—real or imagined—is to have Quebec pull away politically from the rest of Canada, as demanded by Separatist leader Marcel Chaput and others.

★ ★ ★

This would split the bulk of the nation from its Maritime provinces the way India divides East and West Pakistan by 1,000 miles.

**NEGRO MOVE**

Many Canadians foresee under these conditions a move by some provinces to merge with the United States.

**Opinion polls previously taken have shown some areas favoring union with the United States by 55 per cent.**

While separatism is championed by probably a relative handful of men, the majority of French-Canadians have never been far removed from this mood. Quebec politicians have won office for years on such slogans as "Masters in our own house."

Government and private observers agree that the situation today is the most alarming since the abortive French-Canadian revolt of 1837.

**BROAD POWERS**

After much fingernail chewing, the government set up a committee with broad powers of investigation.

**Its droning title: Royal Commission on Bilingualism and Biculturalism.**

Nobody is sure what the commission is supposed to do. But they hope it will air out the problem.

★ ★ ★

The commission's headquarters itself is a model of bilingualism. Even the in - out trays are in two languages.

**IT'S SERIOUS**

"Several things came together at once to make the situation serious," said French-speaking Paul Lacoste, one of the commission's joint secretaries (the other is an English-Canadian).

**"First, we are in the middle of another wave of nationalism — which has cropped up regularly since the British beat the French in 1759.**

"Second, there is an awareness by the French that their situation is unfavorable. Like the U.S. Negro, they want something done—now.

"Then there is the natural pride in the French culture.

"True, there is some talk of union of Quebec with the United States. Some French feel that if you are going to be a minority anyway, you might as well join a more prosperous majority."

Warned Lacoste, "If Separatism really gets rolling there is no telling where it will stop."

(NEXT: Separatism's price tag.)

## Romney Signs Education Bill

LANSING (AP) — Gov. George W. Romney Tuesday signed a record $147.64-million education bill into law.

The bill, providing for Michigan's first state scholarship program, a strengthened student loan program and one of the healthiest increases for education in a single year, is "one of the most significant single pieces of legislation adopted this year," Romney said.

★ ★ ★

**The bill increases** Michigan's spending for state colleges and universities by $21 million. It will enable state-supported colleges and universities to enroll an estimated 128,400 students next fall — an increase of 10,000 over the current academic year, Romney said.

**COMMUNITY COLLEGE**

The bill also provides for increases in community college enrollments, a highway traffic safety center and the start of a pesticide research center at Michigan State University — as well as additional funds to approve vocational education.

"It is a pleasure to sign this bill," Romney said.

## 2 State Prep Grads Among Best in U.S.

WASHINGTON (AP) — Two high school graduates from Michigan are included in the 121 young persons being proclaimed as the nation's outstanding scholars, Sens. Pat McNamara and Philip A. Hart, Michigan Democrats announced Tuesday.

★ ★ ★

The two are John S. Turk of East Lansing and Miss Mehrene E. Larudee of Ann Arbor.

The graduates are to be honored at a White House ceremony June 10 at which time President Johnson will present each with a bronze medallion.

## State to Continue Civil Service College Tuition

LANSING (AP) — State Civil Service employes will be able to continue their college education at partial state expenses for another year, the Civil Service Commission decided Tuesday.

★ ★ ★

The commission extended its three - year - old program for another year and boosted tuition refunds from $15 to $20 a term and from $20 to $30 a semester. Some $12,000 in constitutionally earmarked funds have been set aside for the coming school year, the commission said.

★ ★ ★

State Personnel Director Franklin K. DeWald told the commission he expects some 375 employes to take part next year. He said some 342 civil service employes are taking 488 job-related courses this year — at a cost to the state of $9,000.

# JFK Probers to Recall Oswald Widow

WASHINGTON (AP)—In the news from Washington:

Warren: The Warren Commission, investigating the slaying of President John F. Kennedy, has decided to hear more testimony from the widow of Lee Harvey Oswald, accused of the assassination.

In announcing Tuesday that Mrs. Oswald would return on June 11, the commission declined to say why she is being recalled.

★ ★ ★

The commission on Thursday is to hear from several FBI and Secret Service men.

**STATE DEPARTMENT**

Dallas Dist. Atty. Henry M. Wade and Police Sgt. Patrick T. Dean of Dallas are scheduled to appear Monday. A number of present and former State Department officials and employes are scheduled to testify on next Tuesday.

Secretary of State Dean Rusk is due to appear next Wednesday, June 10. James J. Rowley, chief of the Secret Service, is scheduled for June 16.

Castro: State Department press officer Richard I. Phillips has denounced as "absurd and preposterous" charges by Cuban Prime Minister Fidel Castro that the United States is conducting germ warfare against Cuba.

★ ★ ★

Scoffing Tuesday at Castro's statement that three men executed in Cuba were agents of the Central Intelligence Agency, Phillips said:

"Castro self-servingly brands opponents of his regime as CIA agents whenever it suits his purpose to do so. I have no other comment on that charge."

★ ★ ★

Crash: Federal Aviation Administrator Najeeb E. Halaby predicts the May 7 Pacific Air Lines crash in which 44 persons were killed near Concord, Calif., may soon be reclassified as a "case of murder and sabotage."

★ ★ ★

During a discussion of airline security measures Tuesday, Halaby told newsmen he expects the FBI and the Civil Aeronautics Board to issue a statement soon on their investigation of the crash.

★ ★ ★

The plane went down on a flight from Reno, Nev., to San Francisco, killing all aboard.

Investigators traced a revolver, found in the plane wreckage, to Frank Gonzales, 27, a passenger who had domestic troubles and who had taken out a large insurance policy.

A tape recording of the final communications between the air traffic control network and the airplane crew indicated the pilot had been shot.

# Congo Sends Urgent Plea to U.N. as Rebels Threaten

LEOPOLDVILLE, The Congo (UPI) — The Congolese government urgently pressed for United Nations help today against Communist-led rebels who have turned Kivu Province into chaos.

Reliable sources said the situation in Kivu was deteriorating, and whites were being removed from the city of Bukavu for fear of a rebel attack on the city.

**Premier Cyrille Adoula anxiously awaited a reply from U.N. headquarters in New York on his request to send Nigerian U.N. troops to Bukavu.**

A U. N. spokesman in New York said Secretary General Thant was studying Adoula's request carefully and was in contact with his representatives in the Congo.

The Nigerian troops were standing by in Leopoldville, waiting to be airlifted to the eastern province with their armored cars and support weapons.

They are among the last of the U.S. force whose phasing out is scheduled to be completed June 30.

**The Nigerians are the only combat troops the United Nations has left in the Congo outside Katanga province to the south.**

There were reports from Katanga that the withdrawal of the troops, which once numbered 21,000 at the height of the Congo crisis, was being slowed because of the rebel activity.

Concern in the national capital rose yesterday with reports that the rebels in Kivu Province had wiped out a 100-man Congolese Army company with poisoned arrows and spears in an ambush.

The ambush was reported to have occurred in Rizizi, a village to the south of Bukavu.

## *Pharmacists Pick Officers*

Officers of the Oakland County Pharmaceutical Association have been elected.

★ ★ ★

Gerald Dunsmore of 4141 Meyers, Waterford Township, was elected president. He will be installed at the group's June 25 meeting.

★ ★ ★

Other officers include Ray Jenson, 70 Manor, Birmingham, president-elect; Howard L. Dell, 201 Draper, vice president; Louis Sesti, 164 Erie, secretary; and Fred Arnold, 14 Calalpa, Berkley, treasurer.

★ ★ ★

Two members, Gerald Hoerauf and John Hadd, were elected to the association's board of directors.

# U.S. Mightiest, Johnson Declares

AP Photofax

FAIRLY BEAMING — Former President Dwight D. Eisenhower visits the Johnson's Wax Theatre at the New York World's Fair. In his capacity as board chairman of the international People-to-People program, he viewed the "To Be Alive" film at the theater.

## 'Nazis Played Death March'

### Says German Music Greeted Jew Inmates

FRANKFURT, Germany (UPI) — The Nazis sent 400,000 Hungarian Jews to their death to the tunes of German march music, a former woman prisoner at the Auschwitz extermination camp testified today.

★ ★ ★

Dr. Ellen Lingens-Reiner testified in the war crimes trial of Adolf Eichmann's aides, Otto Hunsche and Hermann Krumey, that death was inevitable for the Hungarian Jews shipped to Auschwitz.

**"It was in the spring of 1944 — we didn't know the date because we had no calendars — when the rumor first spread through the camp a half million Hungarians were arriving," the woman doctor testified.**

"We were stunned — we knew there were no barracks, no clothes, no food and no water for these prisoners — there was only one possible fate: death," said Dr. Lingens-Reiner, who earlier testified in the Auschwitz trial about her experiences in the death camp.

★ ★ ★

**"The Hungarian Jews would have died even without the gas chambers," she said. "But when the first shipments arrived, a prison band was playing music.**

**ROLLING TO DEATH**

"It was almost a beautiful picture — the band playing happy tunes on the lawn as the freight trains rolled in. The prisoners did not realize they were rolling to their deaths.

**"Then the death mills began to work at top capacity. Black greasy smoke emerged from the huge crematory chimneys for six to eight weeks until the grisly job was finished," she said.**

"Newcomers probably mistook the crematories for factories. They did not resist when they were herded into the gas chambers."

★ ★ ★

"I recall only a single instance when death candidates revolted against their masters," she said. "That was when two Italian women who realized they were to be killed grabbed the pistol of an SS guard and shot him dead."

**FATHER'S FOOTSTEPS** — Horst Eichmann, 24, son of Adolf Eichmann, told a press conference in Buenos Aires, Argentina, yesterday, that he is active in the Argentine Nazi party. Adolf Eichmann was tried and executed as a mass murderer by Israel for his activities in World War II.

AP Photofax

GRIM AFTERMATH — Rescue workers lift injured woman from a chartered bus which overturned today after skidding on wet pavement at Gurnee, Ill. Three women were killed and at least 47 others injured. The bus passengers, all women, were en route to Milwaukee after touring a cosmetic plant at Morton Grove, Ill.

### Mechanical Defect Suspected

## Illinois Bus Crash Kills 3, Injures 47

GURNEE, Ill. (AP) — Three women were killed and 47 other persons injured yesterday when a chartered bus struck a bridge abutment and overturned on a rain-slick highway.

Sheriff Charles E. Larson said a mechanical failure on the bus may have caused the accident on US41, about 40 miles north of Chicago as the bus was en route to Milwaukee.

**Larson said several passengers told him the driver, Clarence Lorch of Waukesha, Wis., stopped the bus and "got out with a wrench and monkeyed around with it back wheel" a few miles before the accident.**

Lorch, who was 60 yesterday, was listed in critical condition at St. Therese Hospital in nearby Waukegan, and was not questioned.

Four women passengers also were described in critical condition.

Larson said the bus, chartered from the Wisconsin Coach Lines, will be inspected today for possible mechanical defects.

**PLANT TOUR**

The 49 passengers, all women, were returning to Milwaukee from a tour of the Avon Products, Inc., cosmetics plant in Morton Grove, a suburb of Chicago. Although the tour was privately sponsored, most of the women are members of the Christian Mothers Society at St. Paul Roman Catholic Church in Milwaukee.

**Larson confirmed earlier reports the bus skidded at a sharp curve before jumping a low curb on a bridge and striking an abutment.**

Just before the accident, rain had made the busy highway slippery.

After hitting the abutment, the vehicle skidded, wildly, dumping the driver and 10 to 12 passengers to the pavement, then tipped on its side.

"There were people scattered all over the highway," said a witness, Gene Edmonds, 42, of nearby rural Zion.

At least three women were trapped under the bus. One was trapped for 30 minutes as rescue workers awaited a wrecker to lift the toppled bus.

"It was a terrible thing to see," said Sheriff's Deputy Harold Scheskie. "She was inside the bus, but her arms were sticking out through a window, caught between the bus and the ground. She was screaming and there was nothing we could do."

Another deputy, James Repp, said he arrived at the scene five minutes after the crash.

"There was blood all over the bus," Repp said. "The left front side of the bus had been crumpled and most of the windows had been knocked out."

## Hearing to Review City School Budget

**A public hearing on the 1964-65 school budget and tax rate will be held tomorrow at 7 p.m. in the Pontiac School Board offices at 40 Patterson.**

**Required under the new State Constitution, the public hearing will pave the way for final adoption of the school district's budget for next year.**

**Final adoption is expected later this month when all income figures are known. Estimated expenditures for next year call for a budget of $11,065,768, according to a study of school needs.**

The school board does not actually set the tax rate, but certifies a levy to the city.

The tax rate to be considered tomorrow night is lower than the current year's $20.53 per $1,000 of state equalized valuation, for city residents according to schoolmen.

**DROP REFLECTED**

Supt. Dana P. Whitmer said that the recommended levy would be $19.58 per $1,000 of state equalized valuation for city residents, reflecting a drop in the debt retirement millage of $1.64.

**Outside the city in portions of West Bloomfield, Waterford, Orion and Avon Townships, the recommended rate will be $18.18, dropping from the $19.13 levy of this year.**

Although the school district's income from local tax revenues is expected to drop slightly from earlier estimates because of a reduction in the state equalized valuation for Pontiac, state aid revenues are expected to increase.

Incorporating a 4.25 deductible millage factor, the legislature last week hiked the state formula to $236.50 per pupil, giving Pontiac a $5.50 net increase over the current year's state aid, Whitmer said.

**ANOTHER CHANGE**

Another income change to be considered by the school board is a cut in the school district's share of the county allocation.

**This year the Pontiac district received $8.31 per $1,000 of SEV, but this was trimmed to $8.23 by the County Tax Allocation Board.**

The school board previously approved a preliminary 1964-65 budget of $10,957,422, which included a $200,000 contingency fund.

★ ★ ★

However, this budget did not include several staff study items. Foremost among these was an occupational - vocational program that is planned to get under way this fall.

Tomorrow's meeting will replace the board's regular June 11 session.

## Says Strength Designed to Put End to Conflict

NEW LONDON, Conn. (AP) — President Johnson said today the United States is stronger militarily "than any adversary or combination of adversaries" but "the staggering strength is not to destroy but to save, not to put an end to civilization but to put an end to conflict."

In a speech prepared for graduation exercises at the Coast Guard Academy, Johnson predicted that this country's strength will continue to grow more rapidly than the might of all others.

**"Our adversaries, convinced that direct attack would be aimless, now resort to terror, subversion and guerrilla warfare," Johnson said.**

He told the Coast Guard cadets that Americans share responsibility "not only for our own security but for the security of all free nations, not only for our own society but for an entire civilization, not only for our own liberty but for the hopes of all humanity." He added:

"In pursuit of such responsibilities, national security requires more than national strength.

"It requires, first of all, a nation dedicated to justice and the improvement of life for its own people. It requires a nation determined to help others eliminate the despair and human degradation on which the enemies of freedom feed. It requires a nation devoted, through speech and deed, to showing those who may grow weary of will, or fearful of the future that the cause of human dignity is on the march, its shadow is lingering, and victory is moving nearer.

**AIMS OF PEACE**

"But our hope for success in the aims of peace rests also on the strength of our arms . . .

**"We, as well as our adversaries, must stand in awe before the power our craft has created and our wisdom must labor to control.**

"In every area of national strength America today is stronger than the combined might of all the nations in the history of the world."

★ ★

In predicting this country's strength will continue to grow more rapidly than that of all others, Johnson said the first area of increasing strength must be our ability to deter atomic destruction.

"In the past three years we have increased our nuclear power on alert two and one-half times, and our nuclear superiority will continue to grow until we reach agreement on arms control."

## Bomb Scare Disrupts LBJ Visit

WASHINGTON (AP) — President Johnson, in an apparent spur - of - the - moment decision, dropped in last night at a dinner honoring Adlai E. Stevenson in a local hotel. Minutes earlier, the hotel lobby had been cleared because of a bomb threat.

**The bomb threat was apparently not related to Johnson's appearance. The President had only decided to show up at the dinner after he and Mrs. Johnson attended a reception given by Israeli Premier Levi Eshkol at another hotel.**

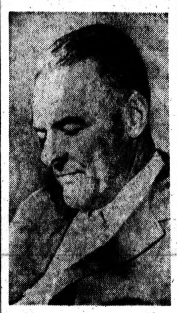
**Stevenson, U.S. Ambassador to the United Nations and twice Democratic presidential candidate, was honored at the Sheraton Park Hotel by the Women's National Democratic Club.**

Hotel officials said a switchboard operator received a call at 6:57 p.m. EDT from a man who said: "I'm going to drop a bomb in your lobby at 7 o'clock."

District of Columbia police were called, and they quickly evacuated the lobby. A careful 10-minute search revealed nothing.

Shortly before 7:30 p.m., the Johnson party pulled up at the hotel, and Secret Service men guarding the President learned of the bomb threat from security men.

Johnson spent about five minutes at the hotel. If he was aware of the bomb threat, he appeared unconcerned.



AP Photofax

**THOUGHTS UNKNOWN** — Ambassador to Viet Nam Henry Cabot Lodge studies early reports of Goldwater's voting strength in California, but keeps comments to himself. Lodge is in Honolulu for a conference on Southeast Asia and disclaimed interest in domestic politics.

## Training May Earn Credit for Employers

WASHINGTON (AP) — The government is considering a proposal which proponents say would give American job training its biggest boost since the GI Bill.

The idea, proposed by the Federal Committee on Apprenticeship, is to treat job skills like capital investments and give employers tax credits for training new workers and upgrading the abilities of present employes.

★ ★ ★

"Cost to the employer is the greatest single bar to an adequate apprenticeship and training program in America," the committee said in making the recommendation to Secretary of Labor W. Willard Wirtz.

High Labor Department officials view the recommendation as an important proposal in their efforts to combat growing technological job displacement and persistently high unemployment.

**CARRIES WEIGHT**

The apprenticeship committee —made up of one government, five management and five labor members — carries considerable weight. Its recommendations have led to federal equal employment policies and other important programs in job training in the past.

The committee said employers should be encouraged to undertake more job training by granting them a tax write-off at least as great as the 7 per cent they now get for certain capital expenditures designed to spur business investment.

★ ★ ★

But, the committee indicated, an even higher tax credit would be justified because of the risk involved in training a man for a job and then losing him to a competitor.

"Skill is capital; it does not show on the balance sheet as an asset and is really owned by the man who has acquired it. He is at liberty to withdraw this capital from the firm at any time he pleases," said a task force report adopted by the full committee.

**RISKY INVESTMENT**

"This makes skill creation by industry a risky investment and justifies more liberal allowances than those made for other forms of capital investment," it added.

The committee said the government has made no large scale contribution to on-the-job training since Congress passed the GI Bill after World War II to train and educate war veterans.

## Rep. Ford Hits LBJ Spending

### Notes Total Outgo Sets 3-Month Record

WASHINGTON (AP) — Rep. Gerald R. Ford, R-Mich., says that despite all the economy talk by President Johnson, federal spending goes on and on.

"During his first three months in office (December-February) President Johnson spent more money than any president in history during a comparable period, a total of $24.3 billion," Ford said in a statement.

"This is $2 billion more than the late President Kennedy's peak December - February quarter of 1962-63.

"In fact, the spending rate under Mr. Johnson was $22 million more per day than during Mr. Kennedy's comparable peak quarter and $48 million more per day than during President December through February period of 1958-59."

**DEBT LIMIT REQUEST**

Ford noted that Johnson has asked Congress to raise the national debt limit to $324 billion from the current ceiling of $315 billion.

"The debt today stands at $308.7 billion, up by $5.7 billion over one year ago," Ford said. "The President has announced that the deficit for this fiscal year ending June 30 will be $8.8 billion while the estimated deficit for next year is set at $5.8 billion.

"We can't forget that an increase of $1 billion in the public debt means an increase of $33.4 million in the annual interest charges, payable each year from federal revenues."

Ford is a member of the House Appropriations Committee and is chairman of the House Republican Conference.

## Colombian Official Plans County Visit

A member of the House of Representatives of Colombia is scheduled to visit Oakland University and county offices June 17.

Alberto Dangond will be accompanied by a member of the U.S. State Department.

**Dangond's visit is in conjunction with a current exchange of interests between Oakland County and the Cali Region of Colombia, as part of the federal government's Alliance for Progress with Latin America.**

He will spend half the day at the university here and the other half touring offices at the County Service Center and meeting officials.

Dangond, 30, of Bogota, is serving his second term with the central government. He also is a political columnist, and is seeking material for newspaper articles.

# Korea Put Under Martial Law After Riots Shake Regime

SEOUL, South Korea (AP) — About 20,000 students and citizens demanding that President Chung Hee Park resign fought a bloody battle with police today and on into the night. His shaken regime proclaimed martial law.

Street fighting swirled around the capital and on the approaches to the capital in a day of wild disorder. Outbreaks were reported in other South Korean cities.

★ ★ ★

The decree putting the nation under martial law was announced after Park, who came to power four years ago on the heels of another student uprising, called the National Security Council into urgent session.

Also summoned were the representatives of the United States, which bankrolls this land of poverty menaced by communism. They were U.S. Ambassador Samuel D. Berger and Gen. Hamilton H. Howze, the U.S. and U.N. commander in Korea.

**TRUCKS SEIZED**

So perilous were the streets, where students were seizing army trucks, battering at the capitol's gates and raining stones on police, that Berger and Howze flew to the conference in a helicopter.

Then as the fighting sputtered on after nightfall, the deputy information Minister, Lo Suk-chan, announced the emergency martial law decree gives the army power to crush the demonstrations and drive people from Seoul's teeming streets.

The decision was reached after Park had conferred for more than two hours with Berger and Howze.

**THREE CONFER**

As the talks went on in the presidential mansion, 1,000 infantrymen about a mile away hurled tear gas shells into a throng of students trying to march on the National Assembly.

The students, detaching from a crowd of 20,000 students and adults who had demonstrated and rioted in the capital, swarmed over barbed wire barricades before the capitol and forced police to retreat. It was then that 1,000 army regulars were brought up to stop the march.

★ ★ ★

National police said 409 policemen and 200 demonstrators were injured. Hundreds of students were hauled off to jail.

The rioting raged into the night. The antigovernment demonstrators battled army paratroopers guarding Park's mansion.

**NEW RIOTING**

Fresh rioting broke out shortly after darkness fell when army soldiers of the capital defense command began pushing back 1,000 demonstrators milling around in the plaza in front of the capitol.

The mob answered with rocks and bricks. The crowd built bonfires and hurled flaming pieces of wood at the soldiers. The soldiers retreated into the compound and locked the gate.

★ ★ ★

Demonstrators driving at least seven commandeered trucks roamed the broad Capitol Avenue. One driver rammed his truck against the iron gate of the capitol compound. The army troops retaliated with tear gas shells. The driver fled.

Student demonstrations began in March as a protest against Japanese-Korean negotiations to normalize relations. The students have since broadened their complaints.

★ ★ ★

They charge government corruption, indifference to poverty of the great masses of people, and police state methods and want Park to step down. The complaints are similar to those students voiced against President Syngman Rhee, leading to his downfall four years ago.

★ ★ ★

The opposition Democratic party's executive council issued a statement demanding Park "step down peacefully and form a caretaker government to hold new presidential and parliamentary elections in an honest way."

★ ★ ★

The trouble began early in the day when the crowds began moving on the capitol. A similar march on the presidential palace fizzled.

The students commandeered at least nine army trucks and three police jeeps in their assault on the police barricades.

They drove the vehicles 100 yards up Capitol Avenue but stopped at a new barricade thrown up by the troop reinforcements. The students dismounted and returned the trucks to army authorities.

★ ★ ★

Scribbled on the abandoned trucks were such slogans as "Park regime go away," "We are hungry. We cannot live on."

★ ★ ★

It was along Capitol Avenue that bloody clashes between students and police led to the overthrow in 1960 of President Syngman Rhee.

Marching toward the National Assembly, the students raided three police stations and four police boxes, breaking window panes and doing slight damage to the buildings.

★ ★ ★

In early stages of the demonstrations, hundreds of students were hauled off to police stations. Dozens of students and police were injured.

★ ★ ★

A U.S. army bus driven by a Korean was stoned in downtown Seoul. Witnesses said none of the American passengers was hurt.

★ ★ ★

They said the students apparently mistook the bus for a Korean police bus.

# NY Hooligans Get Challenge

## Overtime Duty Given to 1,000 Policemen

NEW YORK (AP) — Nearly 1,000 policemen soon will be patrolling New York City's streets and subways on an overtime basis in a campaign to halt attacks by Negro hoodlums on whites.

The additional patrols were ordered Sunday by Mayor Robert F. Wagner, who said: "I am determined we are going to have law and order in this city of ours."

★ ★ ★

The order came two days after the Memorial Day weekend hooliganism on four subway trains and a Staten Island ferry. Bands of Negro teen-agers terrorized, robbed and beat whites.

Wagner also ordered all 20,000 patrolmen to wear their uniforms to and from work. Most travel by subway.

**KEY EXPERIMENT**

He ordered a speedup in the installation of an experimental two-way radio network in subway trains. One Manhattan subway line is expected to get such a system in four to six months.

Wagner expressed concern over the anti-white rampages of Negro gangs, but he added:

★ ★ ★

"There are other gangs in the city besides Negro and Puerto Rican; there are white gangs."

★ ★ ★

Civil rights leaders have deplored the attacks, but say frustration of Negroes in their search for adequate education, employment and housing is responsible.

**OVERTIME WORK**

Wagner met with police and Transit Authority officials for an hour and then announced that within two days 500 city patrolmen would be there and announced that within two days 500 city patrolmen would be added to the streets and 200 transit police to the subways, both groups on overtime.

'Merely Shifting Base of Operations'

# Richard Boone Moves to Oahu

BY BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — It's goodbye Hollywood, for Richard Boone.

The moving vans have pulled up before his westside home, his cars have been shipped, and next Monday he shifts to his new residence on the island of Oahu, Hawaii.

THOMAS

After 14 years as a Hollywood actor, including service in three television series, Boone is moving his wife and 10-year-old son to the islands. That doesn't mean he's relegating himself to a life of ease among the palms and pineapples.

"I am not capable of retiring," he explained. "I'm merely shifting my base of operations to a place that is only 4½ hours away from Hollywood by jet. I expect to be here often, if producers call me, and I hope they do."

**AMBITIOUS PLAN**

He also hopes to be working in the islands. He has an ambitious plan in mind.

"I think I've learned the production side of our business pretty well—I'd be pretty stupid if I hadn't," he said. "I want to establish a film studio in Hawaii with the purpose of producing features and television series and providing a base for other movie companies that come to Hawaii for locations.

★ ★ ★

"The idea would be to build two sound stages—one for shooting and one where sets would be prepared—plus an office complex. It would have to be on Oahu because of transportation. Also, the film lab is there, and the four television stations can provide tape and other facilities.

"The studio would be a boon for film locations. It would give companies cover sets to use in case of bad weather; within two hours they could be shooting indoors. Time lost by weather can be murder on a budget."

**FIRST RENTS**

Boone has rented 'a house near Honolulu for 15 months, then will decide where he wants his permanent home in the islands. There can be no doubt as to his pulling up stakes. He has shipped his fishing boat to Hawaii, and his son Peter is registered at the famed Punahou School.

The rough-hewn actor admitted that his son was a factor in his decision to leave Hollywood.

★ ★ ★

"I think it will be a good thing for the boy," he explained. "In this town kids are subjected to the wrong kinds of pressures."

Boone said that his friends in the islands are from all walks of life. But are there any actors in Hawaii?

"I hope not," he replied with a burst of Paladin-like laughter.

# Catholics Pay Homage to Pope John's Memory

VATICAN CITY (AP)—Pope Paul VI led the Roman Catholic Church today in homage to Pope John XXIII on the first anniversary of his death.

Th pontiff descended into the crypt beneath St. Peter's Basilica to celebrate a memorial Mass before the flower-decked tomb of Pope John. Then he knelt for several minutes in silent prayer.

A succession of Masses followed before the tomb. One was celebrated by Msgr. Loris Capovilla, who was Pope John's private secretary.

Another memorial Mass was scheduled in the basilica above the tomb. Giovanni Cardinal Urbani, patriarch of Venice, was chosen to celebrate it in the presence of Pope Paul.

Another memorial service was scheduled at Sotto il Monte, Pope John's native village where his brothers still work their farms.

**PILGRIMS THRONG**

Pilgrims by the thousands thronged to the Pope's birthplace in the north Italian mountains. A petition with 50,000 signatures, asking the start of a beatification cause for Pope John, was brought to Bishop Clemente Gaddi of the Bergamo diocese, which includes Sotto il Monte.

Beatification is the first step toward possible sainthood.

★ ★ ★

It was at dusk last June 3 that Pope John died at the age of 81 after four days of agony from a stomach tumor.

He had reigned less than five years, but the work he began—the renewal and transition of Roman Catholicism—lives on.

**PROFOUND MARK**

Few popes in the church's nearly 2,000 years made so profound an impression.

★ ★ ★

He summoned the Ecumenical Council to let the fresh air of modern times into the church. He hoped renewal of the Church would help the growing movement toward Christian unity.

Through word and deed he showed himself an unconventional pope. He ventured freely from the Vatican. He received a top Communist in private audience, Soviet Premier Khrushchev's nephew Alexei Adzhubei. He said in his encyclical "Peace on Earth" that in certain situations Catholics and Communists could work together for the common good of man.

This brought him criticism, particularly in Italy after the Communist party made strong gains in a genral election. But Pope John once said the Pope had to be a father to all.

# Order Police Checked for Klan

JACKSONVILLE, Fla. (UPI) —St. Johns County Sheriff L. O. Davis, who said neither he nor his men were Ku Klux Klansmen, was ordered to produce in federal court today a list of special deputies he has hired since racial demonstrations began in St. Augustine.

"I think as a law enforcement officer, sheriff, you can appreciate the danger of having members of the Klan in your organization in situations like this," Judge Bryan Simpson told Davis yesterday.

**Davis testified during the second day of a federal hearing on a suit by Negroes attacking a police ban on racial demonstrations in St. Augustine.**

The sheriff said the demonstrations were held "for the sole purpose of creating disorder or possible violence."

Davis said the Negroes could not be seeking to arouse public sympathy because the demonstrations were held so late at night there was no one around to see them.

**PERSONNEL LIST**

Davis told Simpson he could not recall how many special deputies he had hired. The judge told him to bring his personnel lists to court today.

St. Augustine Police Chief Virgil Stuart testified earlier that three men who said they were Klansmen asked him last week for permission to parade through the Negro section of the city in the same manner as the Negroes had marched through the downtown area. Stuart said he refused.

★ ★ ★

Asked by Simpson if he had gotten the names of the men, Stuart said the men would not give them. He said the request had not been in writing.

**NO TROUBLE** — Little Cynthia Ann Gage of North Hollywood, Calif., has a good time in the police station. The child's mother left her with a baby sitter on May 2 and didn't return. The mother, Mrs. Beatrice Sloan, called from Arizona and explained she was looking for work.

# GM's Vehicle Output Up 26,135 for May

DETROIT — General Motors produced 511,609 passenger cars and commercial vehicles in the United States and Canada during May, as compared with 485,474 during May 1963.

★ ★ ★

Of the total vehicles produced by GM during May, 443,210 were passenger cars and 68,399 were commercial vehicles.

## Highest Movie House in India Mountains

NEW DELHI (AP) — Indian Army troops in the Himalayas on India's northern frontier have opened what they think is the world's highest movie theater. They show movies in Leh, 11,000 feet above sea level.

# 6 Electric Firms Must Pay $29 Million in Price-Fix

PHILADELPHIA (AP) — Anti-trust damages of nearly $29 million have been won by two Philadelphia utilities that successfully sued six of America's largest electrical manufacturers for price-fix and bid-rig overcharges in the sale of power transformers.

The defendant firms, including General Electric Co., and Westinghouse Electric Corp., promptly said they would appeal yesterday's jury verdict in U.S. District Court. They called it unwarranted.

**The jury of seven men and five women had deliberated 10½ hours — seven hours Monday and the rest yesterday — after listening to 43 days of testimony since the trial's start on March 15.**

It awarded almost $9.7 million to Philadelphia Electric Co., and its Maryland Subsidiary, Conowingo Power Co., and to United Gas Improvement Co.

★ ★ ★

Judge John S. Lord III, as provided under the antitrust laws, tripled the damages. It was the biggest civil damage verdict in the eastern district of Pennsylvania.

**OTHER DEFENDANTS**

Besides GE and Westinghouse, the other defendants are Allis-Chalmers, West Allis, Wis.; Moloney Electric Co., and Wagner Electric Co., both of St. Louis, and McGraw-Edison Co., Elgin, Ill.

**Meanwhile, in Chicago, eight midwestern utilities companies agreed to a $4.7-million settlement on contested purchase from three electrical goods manufacturers that engaged in price-fixing.**

Agreeing to the settlement in U.S. District Court were GE, Westinghouse and Allis-Chalmers. GE agreed to repay $2,714,398 on sales of $39,266,468 to the firms; Westinghouse agreed to repay $780,931 on sales of $14,590,766, and Allis-Chalmers agreed to repay $1,261,312 on sales of $40,687,277.

★ ★ ★

The firms involved are Northern Indiana Publix Service Co., Wisconsin Electric Power Co., Iowa Power and Light Co., Central Illinois Public Service Co., Central Illinois Light Co., Iowa Electric Light and Power Co., Public Service Co. of Indiana, Inc., and the Iowa-Illinois Gas and Electric Co.

**SIX TO PRISON**

The Philadelphia suits grew out of criminal antitrust convictions of 29 electrical manufacturers and 46 of their executives by federal government in 1961. Fines of more than $2 million were imposed and six men served short jail terms.

**PE and UGI had no comment on how they would use the windfall, if and when they get it.**

The largest portion of the award — $9,374,557 or $28.1 tripled — went to PE, which serves some 1,300,000 customers in the Philadelphia area.

★ ★ ★

Presently it is constructing with other utilities an atomic power plant in York County, Pa., near the Maryland border.

**INCREASED BY JUDGE**

Its subsidiary, Conowingo, was awarded $124,709 or $374,127 tripled, while UGI's share was fixed by the jury at $158,140 which was increased to $474,420 by Judge Lord.

**GE and Westinghouse immediately after the verdict said they would appeal.**

GE called the result against the evidence, while Westinghouse described it as "clearly unwarranted by the facts."

★ ★ ★

GE said "no generalizations about damages to the electric utilities should be drawn from this one trial" and added that its share of the damages cannot now be determined "but it should be noted that our company was not the principal seller of the products involved to the plaintiffs in this case."

# Youngsters Vie for Title in Spelling

WASHINGTON (UPI) — Top spellers from across the country today open the 37th annual National Spelling Bee, brain-wracking contest that has featured multisyllable challenges such as "antimacassar," "punctilious" and "cholesterol."

★ ★ ★

Forty-four girls and 26 boys ranging from 10 to 14 years old will participate in the two-day long competition sponsored by Scripps-Howard newspapers in 16 cities and 53 other U.S. daily and Sunday papers.

**Candidates for the first prize of $1,000 and a weekend trip to New York City and the World's Fair were chosen from among six million youngsters in local bees. None of the contestants has completed the eighth grade.**

If last year's contest is a guide, more than 750 words will be pronounced and spelled before the national spelling champion is crowned. Past winners since the contest began in 1925 include 24 girls and 15 boys. There were cochampions in three bees.

★ ★ ★

The youngest contestant this year is 10-year-old Debra Edwards of Pittsburgh, Pa. Twenty-three are 14 years old; 29 are 13; 13 are 12, and four are 11.

**ONE RETURNEE**

Only one contestant, Baker Peeples of Fort Worth, Tex., competed in the contest previously. He finished 18th in the 1962 bee.

# Punch Is Cooling, Refreshing

By JANET ODELL
Pontiac Press Food Editor

Receptions and open house occasions call for punch. Even if the weather is a little cool, a glass of fruit punch is refreshing.

Don't worry about quantities. Two and a half gallons of punch will serve 100 punch cups; that's three-quarters of a cup per serving. If it's unusually hot, your guests will drink more naturally.

* * *

Tea is often the base of fruit punch. In the following recipe, berry juice provides a different flavor.

**Lemon Tea-Berry Punch**

1 quart boiling water
¼ cup loose tea
4 quarts chilled carbonated water
4 cups sugar
1 quart fresh lemon juice
1 quart fresh, frozen or canned loganberry, blackberry, or boysenberry juice
Lemon slices
Fresh strawberry slices

Bring water to a full rolling boil in a saucepan. Remove from heat and immediately add all the tea at one time. Brew 4 minutes. Stir and strain into a container. Stir in sugar, lemon and berry juice.

When ready to serve, pour into punch bowl over chilled carbonated water. Makes about 55 4-oz. servings.

**The next punch recipe will be a pretty pink. The sherbet not only flavors it, but keeps it cooled without diluting.**

**Ruby Red Frost**

½ pint bottle cranberry juice cocktail
1½ cups fresh lemon juice
1 cup sugar
2 28-ounce bottles chilled ginger ale
1 pint raspberry sherbet
Lemon slices

Combine cranberry juice cocktail, fresh lemon juice and sugar, blending well. Chill. To serve, pour over ice in punch bowl. Add chilled ginger ale and sherbet. Garnish with lemon slices. Serve at once. Makes 24 punch cup servings.

**Try fresh or frozen melon balls in a lemon pineapple punch. Use cantaloupe, honeydew and watermelon for an attractive, colorful combination.**

**Summer Special**

1 cup fresh lemon juice
1 cup pineapple juice
1 cup sugar
1 10-ounce package frozen melon balls thawed, undrained or 1-1¼ cups fresh melon balls and juice
7 cups ice water or 2 28-ounce bottles chilled sparkling water
1 lemon, sliced
Fresh mint

Combine lemon juice, pineapple juice and sugar; stir to dissolve sugar. Chill. Just before serving pour over ice in large pitcher or punch bowl. Add ice water or chilled sparkling water and melon balls and juice. Garnish with lemon slices and fresh mint. Makes 20 punch cup servings.

**Save Space**

If freezer space is at a premium with garden supplies coming in at a good pace, you might consider having large roasts boned and rolled so they take less space. This will make for easier carving, too, when they're brought to the table.

Three-fourths of the kangaroo's size and weight are in its hindquarters.

**Make It Richer**

You can enrich packaged pudding and pie filling by using part cream (instead of milk) when you make up the mix. Or you can stir in a little butter as soon as the mixture is removed from the range and just before cooling and chilling.

Lake Superior is the largest body of fresh water in the world.

NO PUNCH BOWL? — Dress up your largest mixing bowl with a floral wreath around the base. Set on a flat tray to catch any condensation or spilled drops. Tie narrow ribbon around the base of each glass for a colorful decoration. The candles stand in long-temmed goblets, hold firmly with a bit of florist's clay. Glassware is Libbey's.

## Savory Stuffing Bakes in Veal

Economical and so good!

**Stuffed Veal Breast**

4-pound veal breast in 1 piece and cut with pocket
¼ cup butter or margarine
½ cup each minced onion and celery
1 teaspoon salt and ¼ teaspoon pepper
½ cup stock
1½ cup dry herb-seasoned bread stuffing

Have the veal pocket cut so narrow end is open. In a 10-inch skillet melt the butter and in it lightly cook the onion and celery. Add salt, pepper and stock; heat. Stir in stuffing; spoon into veal pocket.

Roast on a rack in a covered roasting pan in a moderate (350 degrees) oven until tender, 1½ to 2 hours. Baste occasionally and turn halfway through roasting period. Makes 6 servings.

Flush stains down the drain!

NEW!
Gerber Chicken Sticks for Toddlers

How's this for bliss? Gerber's newest finger food is brimming with chicken goodness right down to the last marvelous munch. Gerber Chicken Sticks are extra nutritious, too, because they're made from tender poultry selected by Armour plus nonfat dry milk for protein galore. Mildly seasoned, they rate low in fat...score high in flavor. Offer at room temperature or heat slightly. And, can you think of a more nourishing way to help your toddler's hand-to-mouth co-ordination? P. S. For a change of taste, don't forget Gerber Meat Sticks.

## Knowledge Not Enough

# Test-Taking Skills Need Sharpening

By LESLIE J. NASON, Ed.D.

Year - end examinations are just around the corner, and naturally every student wants to do his best.

Merely knowing the subject matter doesn't guarantee a high grade however. Tests measure what the student can put down on paper, not everything he actually knows.

More tests are failed because of lack of skills for taking exams, than because of lack of study.

There are different techniques and skills involved in taking different kinds of tests — essay, true-false, multiple choice and problem solving. If the student keeps a basic plan in mind as he faces each test, he will be able to approach the exam with confidence.

Essay - type tests, for example, require organization and planning. The work should be divided, one thing must be done at a time. The first reading of the test tells the student what type of answer is needed for each question. He then can plan and write the answers as clearly and concisely as possible.

During the second reading the student can check for errors in grammar and spelling. The third time through the test, he should expand his answers with appropriate examples and illustrations, so the teacher will know exactly what is meant.

The key to taking true-false tests is accurate reading. Each question must be read and re-read carefully to be completely understood.

Such quizzes usually include a large number of questions and the value of each individual question is small. For greatest success therefore, the student should not spend too much time on any one problem

GO TO NEXT

He should answer each question to the best of his ability, forget it and go on to the next.

If there is any time left over, the student should try going over the questions, this time using a completely new approach, thinking of something the teacher said in class or a fact from the textbook.

Success on multipe - choice tests also involves getting just the right approach to each question. This kind of question is often tricky and a slight error in the way the student looks at the problem may lead him to make the wrong choice.

The main thing to remember when taking tests is that the teacher is not a mind reader. He cannot grade a student on what the student meant to say — only on what was really said.

Knowing the subject is only part of the battle, presenting it is the rest.

| 3 N.T. | Pass | Pass | Pass |

Opening lead—♥Q

By OSWALD JACOBY

One of my pet peeves arises from that type of bridge player I have dubbed the "no-trumpist."

JACOBY

Everyone likes to play no-trump contracts, but the no-trumpist goes miles out of his way to get the no-trump play in his own hand. It always delights me when he is properly punished for this type of misbid.

**West opened the queen of hearts and dummy's king was gobbled up by East's ace. Back came a heart and the defense cashed six fast heart tricks while South was busy discarding winners.**

South complained bitterly about his bad luck. He pointed out that his bidding had forced West to make a blind lead and that West might well have opened a spade or a diamond. It also was even money that West would hold the ace of hearts, whereupon the heart lead would not have hurt him anyway.

For some strange reason, North had nothing to say. Perhaps, she was just too nice to speak up or maybe she had learned that it wouldn't do any good.

**There is no cure for this no-trump disease. Any criticism of a no-trumpist is apt just to lead to more and worse no-trump bids from him in an effort to show a profit on one of them.**

I did not comment either. Kibitzers should be seen and not heard and I am not going to comment now, except to point out that if North had been the no-trump declarer nothing could have hurt him.

### ♠♥CARD Sense♦♣

Q—The bidding has been:

| North | East | South | West |
|---|---|---|---|
| 1♣ | Pass | 1♦ | Pass |
| 1♥ | Pass | 1♠ | Pass |
| 2 N.T. | Pass | ? | |

You, South, hold:
♠KJ75 ♥53 ♦KQJ104 ♣A6
What do you do?

A—Bid four no-trump. You have 14 good points and a very nice diamond suit.

**TODAY'S QUESTION**

Your partner bids five diamonds to show one ace. What do you do now?

**Answer Tomorrow**

## Astrological Forecast

By SYDNEY OMARR

**For Thursday**

**"The wise man controls his destiny . . . Astrology points the way."**

ARIES (Mar. 21 to Apr. 19): Cycle moving up. Aspects favorable for TAKING INITIATIVE. Persons not previously committed—will come over to your side. Make double check of facts, figures, directions and plans.

TAURUS (Apr. 20 to May 20): Don't look for trouble. Trying to find out everything at once not wise policy. Many due to take you into their confidence. Respect confidential information. Say YES to request from organization.

GEMINI (May 21 to June 20): Get family behind plans. Hopes, wishes will be fulfilled if you are "happy within." This only possible if there is harmony at home. Recent conflict can now be fully resolved. Be careful!

CANCER (June 21 to July 22): Resolve to accomplish goal, fulfill promises to YOURSELF. Important to have SENSE OF DIRECTION. Don't be afraid of delay...Slow but steady pace is now most effective.

LEO (July 23 to Aug. 22): Utilize assets. Realize your own value. Then others will follow suit. Don't accept short-cut methods. Be THOROUGH. Maintain dignity. Give your best. Obtain hint from CANCER message.

VIRGO (Aug. 23 to Sept. 22): Finish what you start. Hold off on new enterprises. Wait for all facts. Associate confides problem. Be sympathetic. Avoid preaching. Offer sincere opinion. You'll be appreciated!

LIBRA (Sept. 23 to Oct. 22): Much depends upon DEFINITE ACTION. Merely talking about matters does not help. Public reaction important in personal life, loved one is puzzled. Up to you to supply answer.

SCORPIO (Oct. 23 to Nov. 21): Intuitive intellect serves you well. Trust hunch. One who works with you should be given praise. The more good you spread, the better. One who has been aloof due to make friendly gesture.

SAGITTARIUS (Nov. 22 to Dec. 21): Joy indicated through children. Rapid as the result of CREATIVE EFFORTS. Break from routine. Refresh yourself by trying different methods. Time to revitalize your own interests.

CAPRICORN (Dec. 22 to Jan. 19): Day when facts are of paramount importance. Speculation should be ruled out. Don't contemplate project which is merely a "house of cards." Be ultra-practical. Otherwise, there can be loss.

AQUARIUS (Jan. 20 to Feb. 18): Avoid tendency to scatter forces. You want to expand. You have questions and you want answers. But it is necessary to take one step at a time. Take special care in traffic. Be PATIENT.

PISCES (Feb. 19 to Mar. 20): Reward due as result of recent efforts, investment. Key to greatest success is diplomacy. No time to force issues. Relaxed attitude will now bring additional allies.

★ ★ ★

IF THURSDAY IS YOUR BIRTHDAY . . . you are practical, have a way with figures, can wade through red tape and come up with results.

★ ★ ★

GENERAL TENDENCIES: Cycle high for ARIES, TAURUS, GEMINI. Special word to LIBRA: Show one close to you that you are aware of valuable aid received.

# Growing Typhoid Epidemic Isolates Leading Scottish Resort

ABERDEEN, Scotland (AP)— The growing typhoid epidemic in Aberdeen has turned Scotland's leading resort into a pariah city.

The epidemic, which has caused the death of one woman, continues unchecked. The total of identified cases reached 241 today and 30 suspected cases were under observation.

★ ★ ★

Coming at the start of the tourist season, the outbreak already has cost Aberdeen hundreds of thousands of dollars.

★ ★ ★

As a government inquiry sought the cause of the outbreak, Secretary of State for Scotland Michael Noble ordered two brands of corned beef removed from store shelves throughout the country because Aberdeen health officials believed one of them had spawned the epidemic.

**NO EVIDENCE**

Noble told the House of Commons, however, that there was no positive evidence that the two brands—both South American—were responsible. It had not been established, he said, that corned beef was to blame.

★ ★ ★

But Dr. Ian MacQueen, chief public medical officer of Aberdeen, a city of 186,000 told a news conference: "There is no shadow of doubt that this outbreak started from a tin of corned beef."

★ ★ ★

MacQueen came into conflict again with Noble when he said the infection may have come from 13-year-old tins of beef released from government Food Ministry stocks recently because of a rise in fresh beef prices.

**NO GROUNDS**

Noble said there was no ground for suggesting government stocks were to blame.

One theory is that the epidemic began in an Aberdeen market where six-pound tins of beef were sold by the slice and the contaminated slicer used for other meats.

MacQueen warned tourists to stay away from Aberdeen until the epidemic is over. Aberdeen residents find it difficult to go elsewhere.

★ ★ ★

People who booked into the Billy Butlin holiday camps for summer vacations have received telegrams canceling their reservations. Aberdonians trying to find accommodations in English resorts are told "sorry-full up."

An Aberdeen salesman who went to Dundee to call on a customer was ordered out of the first store he entered. He telephoned other customers and was told by all to stay away.

★ ★ ★

An Aberdeen family who wrote to relatives in Glasgow were told: "Please don't send any more letters until the typhoid has gone. You can phone if you like."

★ ★ ★

Schools for the city's 32,000 children are closed indefinitely. So are swimming pools and dance halls. Social life has come to a virtual halt.

★ ★ ★

Restaurants and bars are open but aren't doing much business. People are seen carrying their own glasses into bars.

★ ★ ★

It's the biggest shutdown since the outbreak of World War II. Business people fear that visitors will be afraid to come in future years.

"No matter how we scrub ourselves and our towns we can't erase those headlines," said a gloomy landlord.

**BRITAIN'S WORST**

Aberdeen's typhoid epidemic is Britain's worst since 1937, when 344 people were afflicted and 43 died at Croydon, outside London. Antibiotics are credited with keeping the death toll down this time.

★ ★ ★

Asian flu a few years ago caused many more deaths here than this typhoid wave.

A visitor from London remarked that Aberdeen has become so hygienic that "even the money smells of carbolic acid."

★ ★ ★

City authorities reported only 40 empty beds left in the hospitals. If the epidemic grows some patients will have to be sent to other towns.

★ ★ ★

At least five persons who have been in the "immediate region" of Aberdeen during the epidemic have returned to Canada, Montreal health authorities said Tuesday night. All are being kept under surveillance.

# Subway Trains Crash; 25 Hurt

## Injuries Are Slight in Brooklyn Tunnel

NEW YORK (AP)— A Coney Island-bound subway passenger train crashed into the rear of a standing work train and derailed it in a Brooklyn tunnel today. Police said 25 persons claimed injuries.

★ ★ ★

All were taken to hospitals. Some were admitted. None was reported seriously hurt.

**The motorman of the passenger train was pinned in his cab but rescue workers freed him.**

The motorman, listed by police as Carlton Edwards, 33, of St. Albans, Queens, was taken to Methodist Hospital, Brooklyn, with leg injuries.

★ ★ ★

The crash occurred at 4:30 a.m. on the D line of the IND subway division near the 15th street station at Prospect Park West.

**SKIPPED STOPS**

Because of the accident, Coney Island-bound trains on the D line skipped stops at the 4th Avenue, 15th Street and Fort Hamilton Parkway stations, whose facilities are not sufficient to handle the retracked train movements.

The passenger train and the work train each had four cars. The crew of the work train was picking up debris from the tracks.

The transit authority said it believed that none of the work crew was injured.

Police and transit authority spokesmen said they had no immediate clue to the cause of the crash.

---

There are about 800,000 persons confined to mental institutions in the United States. Another 1.5 million receive treatment yearly.

Wake up rarin' to go

without nagging backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size. Get Doan's Pills today!

## Gas Workers to Vote

DETROIT (AP)—About 2,100 members of Gas Workers Local 80 of the Building Service Employes International Union will vote Saturday on a new contract, local President Charles Shipp said Tuesday. The local includes servicemen and other hourly employes who maintain gas lines of the Michigan Consolidated Gas Co.

## Detroit Schools Seek $75-Million Bond Issue

DETROIT (AP) — The Detroit Board of Education decided Tuesday night to ask the voters on Sept. 1 for authority to issue $75 million in bonds to pay for a construction program. If approved, the financing would cost property owners an estimated 90 cents per $1,000 of assessed valuation.

## Naval Air Station Eyed as Community College

GROSSE ILE (AP) —A group of citizens in Detroit's Downriver suburb is seeking first crack at the Grosse Ile Naval Air Station as a possible site for a community college.

The group wants priority as a bidder when the base is shut down in 1967, said its chairman, Mrs. Charles Kane of Wyandotte.

Inquiries to the National Better Business Bureau in 1963 outnumbered complaints 25 to 1.

## Detroit Traffic Toll Up

DETROIT (AP) —A total of 101 persons have been killed in Detroit traffic so far this year, Detroit police reported Tuesday, compared to 77 last year.

## Predict 200,000 Hike in Vehicle Registrations

LANSING (AP) — Secretary of State James Hare predicts a registration of more than 4.25 million vehicles in Michigan by the end of the license year, an increase of more than 200,000 from last year.

Hare noted there was an increase of more than 180,000 licenses sold in the first five months of the license year, from November through April.

Last year consumers spent more than $109 million for sun glasses compared to $91.7 million a year previous.

## Publication Head Dies

NEW YORK (AP)—Bruce C. Forbes, 48, president of Forbes, Inc., publishers of a leading business and financial publication, died Tuesday of cancer. Forbes, who became president of the company after the death of his father in 1954, had worked with the firm since 1932. He was born in Brooklyn.

## Newsman Dies at 82

ERIE, Pa. (AP)—Arch Bristow, 82, an active newsman for more than 50 years until he became ill three months ago, died Tuesday. He had written a local column of folky wit for the Erie News since 1957 and had been a columnist for the now defunct Erie Dispatch - Herald for 30 years.

European silver monograms are placed on the under side of the fork. Since the continental way of eating is to keep the fork in the left hand, the monogram is more easily seen on the under side.

Now in Delegation to Attend Ceremonies in France

# Commander Recalls Harrowing D-Day Assignment

*(Editor's Note—Every commander worries about "accidents of the terrain"—an unexpected ditch, a patch of hidden swamp that can lose a battle. There was nothing unexpected in what a Texan faced 20 years ago. What he faced made a man sweat.)*

COLLEGE STATION, Tex. (AP) — "First time you mentioned it, I thought you were trying to scare me," said Lt. Col. Earl Rudder to Gen. Omar N. Bradley.

Assignment: Land 200 men on a difficult shelf, scale a 100-foot cliff and destroy German guns trained so they would cut to pieces any troops landed on Omaha Beach.

* * *

"No soldier in my command has ever been wished a more difficult task than that which befell the 34-year-old commander of this Ranger force," Gen. Bradley wrote in his book, "A Soldier's Story."

New recognition of Rudder, now president of Texas A&M University and a Reserve major general, will come Friday when he becomes an official representative of the United States to mark the 20th anniversary of the Allies' crash-through into Europe in World War II.

He is in the delegation headed by Gen. Bradley and appointed by President Johnson to attend ceremonies in France.

**ISLE OF WIGHT**

To prepare his troops, Rudder trained them on the stony cliffs of the Isle of Wight. Ropes with grappling hooks and ladders carried by amphibious trucks were to be used in scaling the Normandy cliffs. The trucks proved useless.

"As Rudder closed in on Pointe du Hoe, enemy artillery raked his landing craft," Bradley wrote.

"As the Rangers went up the ropes hand over hand, the enemy dropped greades on their heads. A destroyer raced in and swept the top of the cliffs with her guns.

"Within five minutes after they had landed, the first Ranger had bellied over the top. Seconds later his companions swarmed up behind him."

**FIRST ONE**

Rudder's boat was the first to reach shore, official Army records show.

About noon of D-Day, Rudder sent this message:

"Location Pointe du Hoe — mission accomplished — need ammunition and reinforcements. Many casualties."

About three hours later came a reply: "No reinforcements available."

Relief came on D-Day plus 2. The battalion had suffered more than 50 per cent casualties and Rudder himself had been wounded three times.

**DECORATED**

Rudder received decorations from three countries, including the Distinguished Service Cross, the United States' second highest award for individual valor.

He later commanded an infantry regiment which helped repulse the last major offensive of the Germans, the Battle of the Bulge.

* * *

Like other heros, Rudder returned to the United States to a prosaic role in business. He had varied interests in Brady, Tex., and was that town's mayor several years.

The Texas Land Commission was going through a series of scandals in 1955, and Rudder was named to clean it up. That same year, he assumed command of the 90th Infantry Division, an Army Reserve outfit.

Last year he was named deputy commanding general for Reserve components of the Continental Army Command.

In the meantime, he became president of Texas A&M from where he had been graduated in 1932 and where he lettered in football.

## From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

When Hayes Jones returned from the 1960 Olympics where he took a Bronze Medal for third place in the sweep of the high hurdles for Uncle Sam, the was somewhat upset at the pathetic showing of the U.S. women's track team.

"Except for a few of the women on our track team, our showing was pretty bad," he remarked.

The Russians ran away with the women's events except for the individual star of the Olympics Wilma Rudolph.

**Now aiming for the gold medal in the 1964 games at Tokyo, Jones vowed he would try to do something to help the U.S. women's track situation.**

He has been doing some volunteered tutoring in the Detroit area, and Saturday at Wisner Stadium, Hayes will bring five of his proteges to compete in an all-girls track meet.

**DEVELOPS PROGRAM**

Dr. Lee Haslinger, director of physical education in the Pontiac school district has arranged the track and field meet for girls and is hoping that this could be the start making Pontiac a strong focal point for developing women's track in Michigan.

**Any girl, starting from 12 years of age, can compete in any of the events at Wisner and Hayes will be a close observer to see if any of the girls offer any competitive track potential.**

With Hayes in a feature hurdles exhibition Saturday will be another Jones. He is Paul Jones, Wayne State runner who hopes he can follow the Jones track tradition.

★ ★ ★

Speaking of Hayes Jones, the "Jones to Tokyo" fund sponsored by the Pontiac Jaycees is still in effect. Contribution is one-dollar mailed to the Jaycees.

**GET IN THE SWIM**

The city recreation department is also offering an extensive indoor and outdoor swimming program this summer, using Pontiac Central and Pontiac Northern pools and also the Hayes Jones recreation center pool on Wessen.

There are times and swim sessions offered for all ages and this would be a good time to make it a point to have all members of the family "get in the swim" for safety's sake this summer.

The complete schedule of the swim program was printed in yesterday's Press sports page. It would be worth clipping, saving and following the program.

## Orioles' Boss Vows to Keep League Lead

### Baltimore's Surge Reaches Top Spot; Bauer Praises Play

KANSAS CITY (AP)—"We're up there, now we gotta stay," said Manager Hank Bauer after his Baltimore Orioles took over first place in the American League with their 20th victory in the past 26 games.

★ ★ ★

The gravel-voiced ex-Marine surprised almost everyone by flatly predicting a third-place finish for his club in spring training now what does he think?

"What counts is where you are on Oct. 4," Bauer said. "I'll let you know then. So far, they have been playing very good ball, and we've won about eight games in the ninth inning.

**SOMEONE ELSE**

"First one guy gets the job done, then the next game it's someone else, but always someone comes through. First Norm Siebern and Brooks Robinson were hot, back-to-back, then John Powell started hitting the long ball.

★ ★ ★

"Jackie Brandt was next, then Sam Bowens got hot. Luis Aparicio is having a great year—what's he got, 26 stolen bases already."

Bauer said the only real surprise has been the pitching of rookie Wally Bunker, a 19-year-old fast ball pitcher with a 6-0 record.

★ ★ ★

"I started him against Washington because we had two pitchers hurt and he pitches a one-hitter. Then he just kept going," Bauer said.

**Bauer is happy with his pitching staff.**

**PITCHING DEPTH**

"I think we've got the best pitching in the league because of our depth," he said. "Our bullpen has done an outstanding job."

Young Dave McNally shut out the A's 4-0 Tuesday night, snapping back after three straight ineffective starts. Robin Roberts, tonight's starter, has a 1.93 earned run average, best among the starters.

★ ★ ★

Baltimore has won 15 of 16 games decided by one run. **A major reason is the bullpen of Harvey Haddix, Stu Miller, Dick Hall and Wes Stock, which has a combined 11 victories and 11 saves.**

## Run Deluge Swamps Class A Team, 11-0

An 11-run deluge in the third and fourth innings last night at rain-soaked Jaycee Park lifted the Clippers past Pontiac Business Institute, 11-0.

★ ★ ★

The victory "floated" the winners to second place with a 2-1 mark in the city men's Class A baseball standings, one game behind the smooth sailing, unbeaten Huron-Airway squad.

**PBI, in losing its first game, sank into a tie for third place at 1-1 with CIO 594. The business school's defenses were leaky in defeat.**

The Clippers scored 11 runs on just six hits, and only two of the tallies were earned. A five-run third capped by Gene Cox's slicing, two-run triple iced the decision. Warren Stephens had a three-run homer in the fourth.

Right-hander Bob Readler, making his first start of the season, held the losers to two hits and never was in trouble. No one reached second base against him.

★ ★ ★

The game was halted after four-and-a-half innings by the 10-run lead rule.

At 8 p.m. tonight, Huron-Airway will play M.G. Collision.

| PBI (11) | AB | R | H | CLIPPERS (0) | AB | R | H |

AP Photofax

**MAJORS' TOP BATTER** — Billy Williams of the Chicago Cubs gets good wood on the ball during batting practice yesterday. He continued to meet the ball squarely in the Cubs' 5-2 win over St. Louis, collecting three hits and upping his major league leading average to a torrid .422.

## Semifinal Play Thursday Night at Jaycee Park

### Pitchers Dominating Action; Run Scoring Has Added Value

Four county teams will enter the semifinal round of the Pontiac High School Baseball Tournament at Jaycee Park tomorrow night looking for hitting punch.

All four — Walled Lake, Kettering, Milford and Royal Oak Kimball (the defending champion) — have the strong, steady pitching of winning ball teams.

**Thus the key to victory would appear to be hitting. Which one will find the necessary batting power to augment the outstanding hurling it already has?**

The two probable favorites would be Milford and Walled Lake. The Redskins could have the inside track.

**They'll meet Waterford Kettering, a team they have split two decisions with this season, in the 8:30 p.m. nightcap tomorrow.**

Walled Lake, meanwhile, will be going against Kimball in the 6 p.m. opener. Neither Walled Lake nor Milford are clear-cut favorites to reach the Friday night finals, however.

**TOP HURLER**

Kimball will have speedy Kim Hillstrom, probably the best pitcher in the tournament, going against the Vikings. Hillstrom won his 30th high school game against only three losses last Saturday in defeating Romeo, 1-0.

He has never lost by more than one run in a prep contest and is under the watchful eye of several scouts. But the Knights will have to produce some hitting against Walled Lake's Don Rickard, a smart pitcher.

**Milford has hard-throwing left-hander Ed Sparkman, its main cog, to throw against Kettering's Bob Bogert. The Redskins' hitting seems stronger than the Captains'.**

The former hit Pontiac Northern ace Roger Hayward hard when they needed to; and a resumption of this clutch work could be the determining factor. Kettering is not averse to clutch swinging, either, since it was down to the last strike before rallying to defeat Rochester, 2-1, in its tourney opener.

**Right-hander Bogert is a veteran moundsman who has good poise at the mound and the plate.**

**Tickets are $1 per adult and 50 cents per student for the Thursday and Friday sessions. There is no additional charge for those who already have tournament tickets.**

A consolation game at 6 p.m. will precede Friday's 8:30 p.m. championship contest. The tournament is cosponsored by the city Parks and Recreation Department and The Pontiac Press.

## Trade Talks on Increase

### Report Tigers Seek Swap for Aguirre

NEW YORK (AP)—Dugouts are buzzing with trade talk as the June 15 deadline approaches and both the New York Yankees and Los Angeles Dodgers appear vulnerable.

Bullpen problems prompted the St. Louis Cardinals to deal 37-year-old Lew Burdette to the Chicago Cubs for Glen Hobbie, another veteran right-hander, in a Tuesday deal.

★ ★ ★

The Dodgers are doing their level best to bolster a pitching staff that developed a leak when Johnny Podres went on the shelf.

Hank Aguirre may be next to walk the plank at Detroit and could be Dodger-bound if the Tigers could get waivers on the lefty in the American League.

★ ★ ★

Chuck Dressen already unloaded one of his veterans when he sent Frank Lary to the New York Mets on a conditional purchase.

**SEEK McBRIDE**

The Minnesota Twins reportedly are interested in Ken McBride, the Los Angeles' Angels' pitcher who has been having a tough time winning.

With the Yanks limping along only a few games over the .500 mark, the Twins are convinced they can make a strong move for the pennant if they can come up with some more pitching.

★ ★ ★

The Phillies are in the market for a right-handed hitting outfielder and reportedly are willing to give up an extra infielder—probably Ruben Amaro—and pitching to land the man they want.

### Williams Hitting .422

## Bat Silences Skeptics

CHICAGO (AP)—The excitement generated by Billy Williams' hot bat has invaded such usually skeptical spots as the press box and the dressing room.

No sooner had Williams doubled in the first inning of what became a 5-2 Chicago victory over St. Louis Tuesday than sports writers asked Don Biebel, traveling secretary and publicity director of the Chicago Cubs, what heights Williams' average had reached.

★ ★ ★

Biebel, who had exploited fully the fact that Williams went into the game with a .414 average, shouted ".418."

The next time Billy hit his 14th home run and before anyone could ask, Biebel shouted ".421." Williams singled his third time at bat and Biebel hollered ".425."

The Cardinals finally retired Williams in the seventh inning and Biebel apologetically said, "He's now batting .422, gentlemen."

**LEFTY VS. LEFTY**

But there was more to the statistical barrage being compiled by the left-handed hitting sensation.

In his last eight times at bat against left-handed pitchers he has hit safely. He is batting .440 at home and .403 on the road. His average for day games is .443 compared to .359 at night. He is .441 against left-handers and .412 against right-handers.

★ ★ ★

In the dressing room Williams told sports writers "I'll answer any question you have. But remember, when I go 0 for 50 I want to see you guys come around. Don't leave me holding the bag."

His teammates shake their heads in amazement at the 26-year-old outfielder who batted .278, .289 and .286 in his first three seasons.

"He's got everybody watching him," said Ernie Banks. "Billy goes up to the plate like he's getting ready to take a drink of water instead of worrying about facing a major league pitcher.

"Can he hit .400?" asked Banks. "Why not. Everybody says the day of the .400 hitter went when night baseball came in. But we don't play nights at home, which means 81 day games. And we also play 23 day games on the road.

### 'Cookie' Doesn't Crumble

## Phillies' Bench Helps

By The Associated Press

Gene Mauch reached into his bag for a Cookie and came up with a Cracker-Jack.

Sniffing a pennant and looking for the big trade that might bring one, the Philadelphia Phillies decided to display some of their excess talent last week in the hopes of drumming some business in the National League market place.

★ ★ ★

Manager Mauch looked down his bench and there, residing in a quiet corner, was utility infielder Cookie Rojas, a career .221 hitter. With an average like that, you've got to be considered excess. So Mauch tapped Cookie to take over for Tony Taylor at second base for a couple of games.

That was a week ago and Taylor hasn't started a game since. Rojas has 14 hits in 21 at bats since taking over for a .667 batting average. Of course that's much more than his season's average which is only .548 on 17 for 31.

**CAUSE HEADACHES**

The only thing excess about those figures is the number of headaches they've been causing rival NL managers.

Rojas continued his hot streak with two hits against the Los Angeles Dodgers Tuesday night as Philadelphia maintained its National League lead with a 4-3 victory.

Cookie scored the Phillies' first run when he doubled, stole third and came in on Richie Allen's long fly. After Ken McMullen's two-run homer had tied it at 3-3 in the top of the seventh, Rojas opened the Phillie half with a single.

Allen's single and an intentional walk loaded the bases and Cookie trotted home with the winning run when Ron Perranoski walked Wes Covington.

★ ★ ★

The victory, coupled with San Francisco's 3-1 loss to Pittsburgh, extended the Phillies' league lead to 1½ games. In other NL games, Cincinnati rallied to beat Warren Spahn and Milwaukee 7-5, New York came from behind and whipped Houston 7-4 and Chicago downed St. Louis 5-2.

## Nigerians Try to Slow Hurrying Cassius' Exit

LAGOS, Nigeria (AP)—Cassius Clay is in a big hurry to get to Egypt, but Nigeria isn't giving up its honored guest without a battle.

The globe-trotting heavyweight champion's plan to slice a proposed six-day visit here in half got him into a shouting match Tuesday with Hogan (Kid) Bassey, Nigeria's former world featherweight king.

Clay and Bassey, ignoring squirming officials at the U.S. Embassy where they had appeared for a courtesy call, swapped verbal punches in an exchange that rivaled a United Nations debate.

Cassius led with a series of underhand jabs:

"They got big things lined up for me in Cairo, Egypt. Nasser is gonna see me and its gonna be really big. They lined me up two months ago. They're paying the plane fare and the only plane this week is Wednesday. So, I gotta go."

**ROUND HOUSE**

Then, a haymaker:

"Besides, Cairo, Egypt, is more important than Nigeria."

Bassey, angry because his countrymen had sold thousands of tickets for a boxing exhibition by the champion tonight, waded in:

"Cairo is not more important than Nigeria," snapped the Kid. "We are the biggest country in Africa. You are the champion and you are supposed to keep your promises."

Clay backed off a step:

"Aren't the Egyptians the powerfulest country in Africa, with all their rockets and that big army and that dam?" he asked.

"Never mind that," replied the Nigerian. "You came here first and if you leave now, you'll mess up everything."

That was enough for Muhammed Ali.

"Nobody tells me what to do and when to do it," he roared.

He arranged his new Algerian Agbada robes, a gift from the government, and stalked out in search of a captive audience.

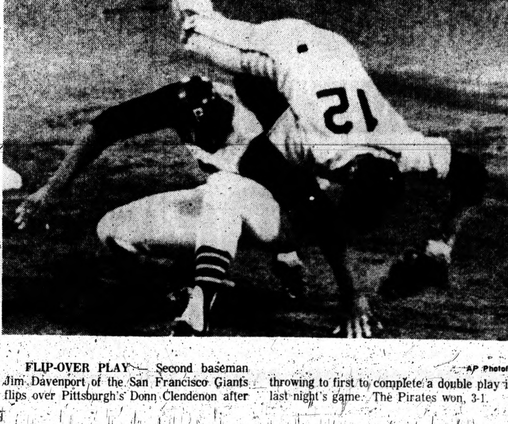
### Midget Racers to Vie

FLAT ROCK (AP)—Mel Kenyon of Davenport, Iowa, and Tommy Copp of Fresno, Calif., second and third place finishers, respectively, in the national point standings last year, head the list of early entries for the 50-lap national championship midget auto race at the Flat Rock Speedway Sunday.

### Wins Low Gross Honor in Silver Lake Golf

A 45 low gross for Madeline Castleberry led the Silver Lake Women's Golf League yesterday while Kay Dando won low putt honors with 13.

Flight leaders included Louise Wright with 35 (first), Mrs. Dando with 34 (second) and Mickey Hotchkiss with 37 (third).



AP Photofax

**FLIP-OVER PLAY** — Second baseman Jim Davenport of the San Francisco Giants flips over Pittsburgh's Donn Clendenon after throwing to first to complete a double play in last night's game. The Pirates won, 3-1.

### Battle Creek 5 for Sale

BATTLE CREEK (AP)—Executives of the Battle Creek Warriors said Tuesday the team could not continue in the Midwest Professional Basketball League under present ownership.

They said the recent death of the co-owner, coach and general manager, Ray Campbell, was a crippling blow to the team's future.

Remaining owners Tom Nelson and Jerry Askler said the club was up for sale in hopes another Battle Creek organization could take over the franchise rather than return it to the league.

### Wins 1st Match Race

HAZEL PARK (UPI)—Before Sun nipped Princess Cloud by a head Tuesday to win the first match race in the 16-year history of the Hazel Park Race Track.

### Sports Season Nearing End for Cranbrook

The spring sports season appears to be drawing to a close too soon for Cranbrook teams. The tennis and baseball squads both posted victories yesterday.

For the net squad, it was the final match and the 4-3 win over Hazel Park left the Cranes with a 10-6 mark.

**The baseball nine still has one more to go after a 2-1 triumph over Redford Union Tuesday that was only its fourth win in 11 tries.**

Larry Schiller scored the opening run, and drove in the second following a double by Pete Werble in the fourth inning as Bill Price held the losers to only a last-inning tally.

Dick Moon and Norm Zuckerman in singles, and the Dave Weidemer - John Gardner and Bruce Henderson-Dave Hatfield doubles pairings posted the Cranes tennis points against Hazel Park.

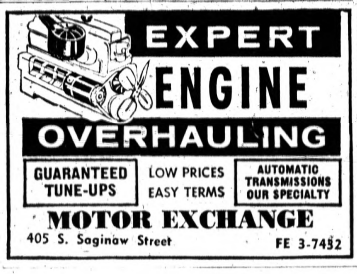
| | | | | |
|---|---|---|---|---|
| Redford Union | 000 000 1—1 | 4 | 2 |
| Cranbrook | 100 010 x—2 | 4 | 1 |

FISHER and Kendrick; PRICE and Bosley.

**FIGHT RESULTS**

WEMBLEY, England—Dave Charnley, 137½, Britain, outpointed Kenny Lane, 137½, Muskegon, Mich., 10.

LAS VEGAS, Nev. — Norman Parra, 117½, San Jacinto, Calif., outpointed Lenny Brice, 116½, Las Vegas, Nev., 10.



## Rain Postpones Tiger Game

# 'Tell Me if (Rules) Are Too Hard'—Dressen

DETROIT (AP) — Detroit Tiger Manager Charlie Dressen moved to end the numerous questions about his alleged "strict rules" for players by printing copies of the rules Tuesday night.

★ ★ ★

Dressen passed out the sheets, which contained 14 rules, to each sports writer after Tuesday night's scheduled game between the Tigers and Washington Senators was postponed.

As he gave out the copies, Dressen said, "take a look at them and tell me if they're too hard. They are the same rules I've had my players stick to since I started managing. And that includes the championship teams."

The question of Dressen's alleged strict rules started with an attack on the Detroit Manager by former Tigers pitcher Frank Lary, now with the New York Mets.

**BED TIME**

Rule No. 1 states that "all players must be in bed at a given time—this will be announced after each game."

Dressen explained that the time varies from city to city. "But I never ask the players to hurry. I give them plenty of time," Dressen added.

★ ★ ★

A ban against excessive drinking and the playing of golf on days when games are scheduled are two other rules on the list.

Times when the players are expected to be in uniform in the clubhouse are included in two other rules, while another states that pitchers who have been knocked out of a game must remain in the clubhouse or on the bench until the game is over.

Players must also accompany the team in transportation furnished by the team, unless special permission is given by Dressen.

**OTHER EDICTS**

Other Dressen edicts direct players to wear coats and ties on road trips and "players must conduct themselves like professional ball players at all times."

Horseplay on the bench or in the bullpen when the game is in progress also is taboo.

Probably the most important rule to Dressen, though they are listed at the bottom of the sheet, are that the players will respect the coaches' authority at all times and that what is said in the clubhouse stays there.

"No individual record is more important than our winning a ball game," states another Dressen rule. This one comes just before the final restriction which states simply that the rules apply to every member of the club.

★ ★ ★

"Sure I've had fellows break these rules," Dressen confessed, "especially when it came to curfew. Those who broke it more than once were fined."

Dressen later remarked that no player had ever come up to him and said his rules were "too rough."

In New York, Lary charged that his former manager "is more strict than any other manager I've played for and I think it's hard for a club to win if they're not relaxed."

"I hope this will stop some of the questions," Dressen said. "I think these rules are simple, and I can't think of any reason why any player should have difficulty in sticking to them."

**GAME CALLED**

Tuesday night's game was called just five minutes after it was scheduled to start. The rains did not start until some 20 minutes before game time.

The decision to postpone the contest came after the club consulted the weather bureau which said that the showers would continue through the night.

The game will be played as part of a twi-night doubleheader July 3.

Dave Wickersham and Claude Osteen are the probable starters for tonight's game.

2 STORES IN PONTIAC . . . PERRY AT MONTCALM . . . MIRACLE MILE SHOPPING CENTER

# Upset Causes Tie in Softball Race

One upset and two postponements marked the city and township recreation softball play last night.

The surprise came in the city International League where Buckner Finance handed Local 653 its first loss, 7-4.

**This permitted Motorcar Transport, a 14-10 slugfest winner over the Pontiac Merchants, to tie the union for the lead at 3-1.**

Waterford Township action found Lakeland Pharmacy staying one game ahead of Haskins Chevrolet in the Class C league with a 7-0 victory over Pink Poodle.

Haskins bombed Huron Bowl, 11-1, in the other Drayton Plains contest.

**RAINOUT**

The early evening rain postponed the city's American League twinbill at Beaudette Park.

Six singles and a double led to five runs in the second and third innings as Buckner dumped Local 653. Jim Paul had three hits for the winners while Cas Zalewski tossed a three-hitter and fanned 10.

**Dick Fitzgerald's two-run homer and Gary Acker's triple sparked a 10-run uprising in the fourth for Motorcar as it overcame a 10-4 deficit.**

Wayne Janks' three-hit pitching paced Lakeland by the Pink Poodle nine. John Strong and Paul Emerson each had two hits.

An 11-hit attack paced by Lou Vodry's three-for-three and a three-run inside-the-park homer by Landon Morris carried Haskins to its fourth win in six tries.

George Adams tossed a two-hitter in the five-inning contest. Huron Bowl is now 0-7.

"The Best In The House"® in 87 Lands

# Along the Outdoor Trail

with DON VOGEL—Outdoor Editor, Pontiac Press

# Poor Angling Start Becomes Successful

Bill Nolin's first fishing experience got started off on the wrong foot, but he took everything in stride and the trip had a happy ending.

★ ★ ★

"I couldn't seem to handle the rod right," said Nolin, who lives at 387 Scott Lake, Waterford Township.

"Two of my neighbors, Joe Dennis and Jim Schell, took me to Upper Silver Lake Monday evening. I was using one of Joe's spinning rods.

"Everytime I would cast, the nightcrawler would sail 80 feet and the hook would go only 20. After using up half a dozen crawlers, I finally figured out how to use the button on the reel.

**"Then I hooked a fish and jerked too hard. All I got back was the line."**

But Nolin was persistent and eventually joined his companions in catching a large number of bluegills. Two black bass also were boated.

One of Nolin's bluegills weighed 10½ ounces. This fish leads the bluegill division of The Pontiac Press Big Fish Derby.

**TOP BASS**

Larry Gee, 336 S. Marshall, has the top entry in the bass division, a 2-pound, 14-ounce largemouth. It was among eight bass Gee and his wife caught early Monday at Woodhull Lake.

★ ★ ★

Six of the bass were taken on a Hula popper and two on nightcrawlers.

**Orchard Lake received the heaviest opening day pressure from bass fishermen, but no limits were reported.**

Good catches of large bluegills and perch were being made Sunday and Monday at Pontiac Lake and calicoes were hitting in Silver Lake.

Rainbow fishing was spotty with the best results being reported at Elizabeth Lake.

A few pike are being caught at Oxbow and Leer lakes, but the pressure on these species has been light.

★ ★ ★

Bluegills, bass and crappies are spawning in the shallows on all area lakes. Poppers take the gills and calicoes while nightcrawlers dragged along the bottom seems best for bass.

The walleyes continue to run small on Lake St. Clair and the action is beginning to taper off.

## Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

| Day | A.M. Minor | A.M. Major | P.M. Minor | P.M. Major |
|---|---|---|---|---|
| Today | 11:50 | 5:35 | — | 6:00 |
| Thursday | 12:10 | 6:20 | 12:35 | 6:45 |
| Friday | 12:55 | 7:05 | 1:20 | 7:30 |
| Saturday | 1:40 | 7:50 | 2:05 | 8:15 |
| Sunday | 2:25 | 8:35 | 2:50 | 9:00 |
| Monday | 3:10 | 9:25 | 3:40 | 9:50 |
| Tuesday | 4:00 | 10:20 | 4:35 | 10:45 |
| Wednesday | 4:55 | 11:20 | 5:35 | 11:45 |

Pontiac Press Photo

**BEGINNER'S LUCK**—Bill Nolin, 387 Scott Lake, Waterford Township went fishing Monday night for the first time. He caught this 10½-ounce bluegill that leads the Pontiac Press Big Fish Derby's bluegill division. The catch was made on Upper Silver Lake.

## 'Duck Factory' Is Patchwork of Waterways

With their northward migration almost complete to the continent's "duck factory," waterfowl are faced with a perplexing patchwork of water conditions, according to U.S. and Canadian wildlife specialists.

★ ★ ★

On both sides of the Canadian border, conditions affecting duck production range from "as dry as it's ever been" to "the wettest in the past 12 years."

**While rainfall has averaged above normal in parts of the prairie provinces since April 1, it has not fallen evenly across the prairie pothole country of Canada and the U.S.**

Extensive areas remain where surface water conditions are poor.

★ ★ ★

Bright spots in the water picture for ducks are western Minnesota, eastern South Dakota, southern North Dakota, southwest Manitoba and southeast Saskatchewan.

## Motorcycle Kills Three State Deer

Herbert Oscrom of Harrietta is thanking his lucky stars these days instead of seeing them.

Riding a motorcycle north of Boon, Mich., late one night last week, Oscrom crashed into two adult does and a buck, killing all three animals.

★ ★ ★

Somehow, the Wexford County man escaped any apparent serious injuries from the accident which also claimed three unborn fawns.

Prompted by his "close-shave," Conservation Department officials warn motorists that this is one of Michigan's peak periods for highway deer accidents. In the last three years, vehicles have killed an average of 14 deer per day during May and June.

### Investigator Dies

DETROIT (AP) — Joseph V. Krug, chief investigator for the Michigan Racing Commission, collapsed and died while installing sod in front of his home last night. He was 62.

★ ★ ★

Krug retired in 1957 as a senior inspector on the Detroit Police Department.

### Fish, Food Supply Killed

# Pollution Becomes Anglers' Enemy

By JOHN ALDEN KNIGHT

On the banks of one of New York state's fine trout streams, the east branch of the Delaware River, once stood a creamery.

Extending from the rear of the building to the river was a four-inch pipe through which was discharged each day the useless by-products of this plant. These, at first, were thought to be non-poisonous and the creamery pool was a famous place for big brown trout.

★ ★ ★

But time went on and the fishing downstream from the creamery grew increasingly worse as the years passed. Now and then, during times of low water, unexplained fish kills would occur.

At last, a team of state biologists came to investigate. They found that the river bottom below the creamery was coated with a fetid sludge which removed much of the oxygen from the water, now and then killing fish and destroying all bottom life.

**In short order the creamery was forced to make other arrangements for the disposal of its waste products. The creamery is gone now and its site lies beneath the waters of a huge reservoir, but a valuable lesson was learned.**

With our expanding population, every stream is of vital importance. Clean, clear water cannot be treated casually.

★ ★ ★

Now we know that water must be guarded and protected as a vital part of today's economy. Now we have penalties, expensive ones, that are imposed on those who pollute our streams. Fish kills no longer are the common occurrence that they once were.

**VISIBLE EVIDENCE**

Unfortunately, fish kills constitute the only visible evidence that a stream has been polluted to the point that it no longer will support fish life. But, so far as the fisherman is concerned, the sight of dead fish, drifting with the current, is the final chapter of the story of that particular pollution.

**In order for fish to live in a stream, they must have available food.**

In polluted water much damage has been done before the poison reached the point where it will kill fish. Milder pollution, in which fish can live quite well, destroys bottom life, the food on which the fish live.

And this bottom life—insect larvae, tiny crustaceans, plankton, etc.,—is difficult to reestablish, once the damage has been done. But pollution penalties are difficult, if not impossible, to fix for destruction of bottom life.

Currently in Washington, D.C., the U.S. Department of Health, Education and Welfare is putting out a booklet titled "Be a Pollution Detective."

**It is vital that fish kills be reported as soon as possible. But the sportsman's chance to help the authorities does not stop there.**

Water samples should be taken above, below and at the spot where the fish kill is observed. He is advised to use glass containers that will hold at least a quart.

These should be rinsed thoroughly with the water to be collected. Then the containers should be filled. A label, containing the following information, should be attached to each bottle or container:

Name of stream; location; time and date of discovery; number and species of dead fish found; location where samples were taken (in relation to landmarks); remarks on condition of the water, such as color, odor, turbidity, etc.; and name, address and phone number of the sportsman providing the samples.

Samples of less than a quart are of not very much use as complete analysis is almost impossible with smaller amounts.

Once your samples have been taken and tagged, make your way upstream and try to locate the source of the pollution.

(Released by The Register and Tribune Syndicate, 1964)

## Walleye Program Starts

LANSING (AP) — Fishermen who like to go after big ones may benefit from an experimental walleye planting program being conducted this summer by the State Conservation Department.

★ ★ ★

Some two million walleye fry and fingerlings are being planted to see if the fish will prosper, if a single species is given the run of a lake.

**This is an extension of the trout planting program — utilizing larger lakes with warmer waters.**

Walleye live a long life if not caught or killed by natural causes. Fish planted this season will fatten up to a pound next year, two pounds in two years and grow up to between five and 12 pounds.

★ ★ ★

The lakes selected are poisoned out first so the walleyes won't have any competition from other species. The experimental lakes will be checked by netting and a fisherman census.

**EXTENSION PLANNED**

Repeated plantings and an extension of the program is planned if the pioneer walleyes take hold.

Plantings already have been made in Beaverhouse Lake and Parent Lake, both in Luce County. Others are planned in Lime Lake, Benzie County, Little Bear Lake, Otsego County, and Eff Lake, Montmorency County.

**One or two more southern lakes also will be selected for the survival test, with those under consideration including Mill Lake, Barry County, and Selkirk Lake, Allegan County.**

"This year we're trying to get some experience," said Wayne Tody, of the department's lake and stream improvement section. "We may have a more ambitious program in 1965."

### Area Club Hosts Shoot

# Top Guns Plan Big Showdown

North America's top guns are coming to Oakland County this weekend for a first class showdown.

Only these crack shots will limit their gunning for each other to computations made on scoresheets.

★ ★ ★

They will be seeking coveted championships in the third annual Mid-America Open Skeet competition at the Detroit Gun Club, 2775 Oakley Park, Commerce Township, Friday through Sunday.

The large field of shotgunners will be liberally sprinkled with members of the recently selected All-America team. This is expected to be the biggest skeet shoot in Michigan outside of when the nationals were held in the state.

**Among the men's first team All-Americas expected is Bob Shuley, Roselle, Ill., who compiled the year's highest averages in skeet in two divisions.**

Other first team members entered are Ken Sedlecky, Baldwin, Mich., the Pan-American Games champion; John Dalton Jr., Chevy Chase, Md.; Al Shuley, Bob's brother; John Kujawa, South Bend, Ind.; and Howard Confer, Detroit.

**LOCAL SHOOTERS**

Pontiac's Bob Thiefels and Larry Smith of Birmingham will head a large entry of second team members.

Kathleen McGinn, Houston, Texas, captain of the women's All-America will compete. So will first team member Florence Schmidt of Franklin Village.

South Lyon's Bob Brengle, a member of the junior All-America team, is one of that division's favorites. Barney Hartman, Quebec, will be top All-American pro.

**A total of 27 first and second team members are entered.**

The Mid-America region covers Indiana, Michigan, Illinois, Kentucky and Ohio. This doesn't limit entries from other states and provinces.

Shooting will start each morning and continue through the afternoon.

## Works Project in 2nd Phase

Nearly $1,600,000 will go into improvements for fishing, hunting, camping and timber production in Michigan during the next two years under the second phase of the federal Accelerated Public Works program, the Conservation Department reports.

This latest wave of conservation projects brings to more than $3 million the amount of state and federal money committed through the APW program to produce jobs in areas hard hit by unemployment.

**The new two-year effort will see about $343,000 turned loose to carry out a long list of lakes and stream work.**

Included in the department's plans is the construction of dams to create 550 acres of new trout fishing waters on Alpine Creek, Mackinac County; Cornwall Creek, Cheboygan County; and the Sturgeon River, Dickinson County.

★ ★ ★

Another dam will be built to restore 200 acres of northern pike waters at Mud lake, Marquette County.

About 45 lakes and ponds are in line for chemical treatments which will either wipe out rough fish, bring over-populations of stunted panfish under control, or lead the way for reestablishing trout waters.

### 48,446 Tickets Sold

DETROIT (UPI)—A total of 48,446 tickets, with a face value of $84,666.12 after taxes were sold for Monday night's exhibition game between the St. Louis Cardinals and Detroit Tigers. The proceeds went to amateur baseball in Michigan.

## Key Gainers Outnumber Losers

# Mart Has Technical Snapback

NEW YORK (AP)—The stock market staged a technical snapback early this afternoon in light trading.

Gains of key stocks outnumbered losers and ran from fractions to about a point.

★ ★ ★

The list met support near a level from which it rebounded in late April. After two days of decline, traders picked up stock at relatively cheap prices.

Conspicuous on the upside were airlines, which have been under severe long-term profit taking.

**VOLATILE ISSUES**

Some of the higher-priced, more volatile issues in office equipment or photography rose 2 to 5 points.

The trend was slightly higher among rails, motors, tobaccos, chemicals, retails, electronics and aerospace issues.

★ ★ ★

Trading was so dull, however, that first-hour volume was below a million shares for the first time in weeks.

The Associated Press average of 60 stocks at noon was up .5 at 305.0 with industrials up .6, rails up .5 and utilities up .2.

★ ★ ★

Prices on the American Stock Exchange worked generally lower in quiet trading. Losses of Corporate bonds were mixed. U.S. Government bonds were mostly unchanged.

# The New York Stock Exchange

Sales figures are unofficial.

Unless otherwise noted, rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Special or extra dividends or payments not designated as regular are identified in the following footnotes.

a—Also extra or extras. b—Annual rate plus stock dividend. c—Liquidating dividend. d—Declared or paid in 1963 plus stock dividend. e—Declared or paid so far this year. f—Paid in stock during 1963, estimated cash value on ex-dividend or ex-distribution date. g—Paid last year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1964 plus stock dividend. t—Payable in stock during 1964, estimated cash value on ex-dividend or ex-distribution date.

z—Sales in full.

cld—Called. x—Ex dividend. y—Ex Dividend and sales in full. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vj—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies. fn—Foreign issue subject to proposed interest equalization tax.

# Award Given to Area Man

### 'Outstanding Young Engineer of 1964'

A 30-year-old West Bloomfield Township man, Charles W. Missler, has been named outstanding young engineer of 1964 by the Engineering Society of Detroit.

MISSLER

Missler, 2573 Worcester, is manager of Ford Motor Co.'s Technical Review Department of the Product Engineering Office, Dearborn.

Following his graduation from the U.S. Naval Academy in 1956, he accepted an Air Force commission and received pilot training. In 1957 he was stationed with the Department of Guided Missiles, Lowry Technical Training Center, Colo.

**In June, 1958, he was appointed chief of the Missiles Electronic Branch of the department.**

He became systems engineer with Ramo Wooldridge in 1960, joining the staff of the Data Systems Laboratory at Denver. Later he assumed responsibilities in Thompson Ramo Wooldridge, the parent corporation, for the military requirements of both Ramo and Space Technology Laboratories.

From 1961 until August, 1963, when he joined Ford, Missler was senior scientist for System Development Corp., a nonprofit trust that was formerly a division of Rand Corp.

Missler will receive his award at the Society's annual meeting June 12.

# Trading Is Mixed in Grain Futures

CHICAGO (AP) — Trade became somewhat more mixed in the grain futures market today and prices ranged mostly small fractions either way from previous closes in rather quiet early transactions.

Setbacks ranged to major fractions in spots during the first several minutes but dealers said they appeared to have reflected a little profit cashing from the two successive advances earlier this week.

Analysts said there probably were no actual new factors in the pits and that the activity was almost entirely by speculators.

# Closed-Circuit TV Most Useful Device

By SAM DAWSON
AP Business News Analyst

NEW YORK — A Florida bowler watches television to see where he, or the ball, went wrong.

A Philadelphia dental student can study, at long distance, a closeup of an expert drilling a patient's tooth.

DAWSON

Management at New York State Theater in Lincoln Center can see on a screen backstage what's going right or wrong out front.

**And makers of closed-circuit television equipment and accessories can rejoice at annual sales now running at $16.5 million a year.**

Delighted right along with them is the telephone industry.

★ ★ ★

The giant Bell System and the hundreds of independent companies find in the growing business a bright new market for sales of their services.

**USE SPREADING**

The use of closed-circuit television is spreading.

**It's found in classrooms, banks, hotels, hospitals, on the launching pads of Cape Kennedy and, in movie theaters.**

The closed-circuit device in electronic signal is carried in by a narrow band or slow-scan—one picture every 10 seconds—over regular telephone wires; or broad band or fast-scan—30 frames per second—via coaxial cable or microwave relay linking the pickup camera with the receiver.

**This year some four million students are receiving at least part of their education by closed circuit.**

In South Carolina, 170 high schools, 13 colleges, 14 hospitals and 36 elementary schools are on a network using circuits of the Southern Bell Telephone & Telegraph Co., and 46 independent telephone companies.

★ ★ ★

Washington County, Maryland, claims the first — 1956 — large scale educational television network, operated by the Chesapeake & Potomac Telephone Co.

**COLLEGE LINKS**

Since 1958, Stephens College, Columbia, Mo., has been linked theaters let hordes of Americans watch the Cassius Clay-Sonny Liston fracas and argue about the outcome as heatedly as did the fans at the ring side.

★ ★ ★

Stores and banks use forms of the closed-circuit to trap holdupmen and larcenous old ladies, check pilfering and make visual records of the faces of check signers.

**METHOD EXPLAINED**

In closed-circuit television the with 11 small liberal arts colleges in an operation set up by General Telephone & Electronics Corp.

**The University of Pennsylvania's School of Dentistry in Philadelphia can demonstrate to more than 700 students at various monitoring locations treatment of patients' teeth.**

Before closed circuit a maximum of 12 students could watch the instructor.

The British Columbia Cancer Institute at Vancouver is using a system as a clinical aid in diagnosing cancer.

**BOWLING AID**

A Florida bowling alley has a television training line with a camera behind the pin spotter to flash the act of the pins as the ball hits.

The bowler out front can study his technique close up.

**A system devised by International Telephone & Telegraph Corp. lets a teller of the Union Federal Savings & Loan Association at Lincoln, Neb., verify visually in 20 seconds the validity of a check signature as recorded at the central office.**

Equipment includes cameras, microphones, film scanners, video tape recorders, monitors, receivers.

★ ★ ★

Sales of such devices for closed-circuit operations have jumped 43 per cent since 1961.

**SALES PREDICTION**

R. E. Rudolph, president of the U. S. Independent Telephone Association, representing some 2,700 companies operating 13,465,500 phones, predicts sales will approach $70 million a year by 1970.

★ ★ ★

And phone companies will benefit markedly.

But right now latecomers to the New York State Theater at Lincoln Center have four closed circuit sets they can watch out front while waiting for seats.

# U. N. Reds Fight Mission for Cambodia, Viet Nam

UNITED NATIONS, N.Y. (AP)—The Soviet Union and Czechoslovia voiced strong criticism today of a new plan to send a Security Council mission to Cambodia and South Viet Nam to study how to stop border violations.

**The two Communist countries declared that the proposed three-nation mission is unnecessary. They also objected to the moderate language of the resolution, presented by Morocco and Ivory Coast, and demanded that it be amended to include the name of the United States in connection with the violations of Cambodia's border.**

Czechoslovak delegate Jiri Hajek opened the attack in the 11-nation council and he was quickly followed by Soviet ambassador Nikolai T. Fedorenko.

In view of their objections, it appeared likely there would be no vote before tomorrow. Both Hajek and Fedorenko asked for a delay of at least 24 hours to permit time for consultations with their governments and other delegations.

**NO INDICATION**

There was no immediate indication which of the council's three members would be named to the mission, if the plan finally wins approval.

A Communist source said Cambodia had accepted it only as a compromise, disliking the provision for the U.N. committee. He said the United States had refused to vote for the resolution unless that part stayed in.

★ ★ ★

Cambodia accused South Viet Nam and the United States before the council of aggression in attacks this year on two Cambodian border villages. The United States and South Viet Nam denied aggressive intent, and the United States said that only on one occasion did U.S. advisers enter Cambodia. Both countries said the border crossings were mistaken for Communist rebels fighting South Vietnamese forces.

The resolution did not mention the United States. Its key provisions:

**INCIDENTS HIT**

1. Deplored "the incidents provoked by the entry of elements of the army of the Republic of Viet Nam into Cambodian territory."

2. Requested "that just and equitable compensation be offered to the government of Cambodia."

3. Invited "those responsible to take all appropriate measures" to prevent new incidents.

4. Called on "all states and authorities, and particularly members of the (1954) Geneva conference, to recognize and respect Cambodia's neutrality and territorial integrity."

**MISSION SET**

5. Decided "that three of its members shall go to the two countries and the place where these recent incidents occurred to examine measures intended to avoid their recurrence."

The United States and South Viet Nam proposed during the debate that a U.N. or a Cambodian - Vietnamese military force should patrol the border. Cabodia proposed that the council recommend a new Geneva conference to authorize the International Control Commission to do the border watching.

That commission — Canada, India and Poland—was set up by the 1954 Geneva conference on Indochina.

# News in Brief

**J. W. Kuklinski, 2881 Woodbine,** Waterford Township, told police yesterday fishing equipment valued at from $75 to $100 was stolen from his boathouse on Sylvan Lake.

**A telephone valued at $100 and containing approximately $60 in coins was reported stolen yesterday from a public phone booth in front of Rael's Drive-In,** 6225 M59, Waterford Township. Damage to the booth was estimated at $150.

# Business Notes

Paul A. Hofmeister, senior supervisor in the estimating section of Detroit Edison's overhead lines department, will be honored by the company this month upon his 35th service anniversary.

HOFMEISTER

Hofmeister, 1712 Hamilton, joined Edison in Birmingham in June 1929.

## $ Successful Investing $

By ROGER E. SPEAR

**Q) "I am a retired physician and own General Motors, Jersey Standard, California Standard, and duPont. I am tempted to buy Creole Petroleum because of the good dividends they pay at the present time. Does Creole have a good growth outlook, and would you recommend its purchase?" J.P. m.d.**

A) You have a fine group of stocks — but I do not think I would weaken it by the addition of Creole.

Creole is not a bad stock by any means, and it is an important subsidiary of Jersey Standard. Nevertheless, its oil reserves and production are entirely in Venezuela, which lends a strong speculative flavor to the stock. Our present relations with that country are very friendly, but no one knows what the future will bring.

The fact that the shares sell to yield 7 per cent is itself an indication that the market sees more risk than growth here. I believe the issue should be avoided.

★ ★ ★

**Q) "My wife and I have a few shares of General Motors; Marine Midland; Allied Mills and W.T. Grant. We have 266 shares of Marathon Oil. We are interested in good investments with income and not growth. Do we have too much Marathon?" R.W.**

A) In the sense that your holdings in Marathon amount to $17,000, they appear to be disproportionate in value to your list as a whole.

Marathon is a pretty good stock which has risen rather strongly, mainly in its Libyan play. There is, however, no sounder investment rule than diversification, which dictates that no list should contain any individual holding representing more than the owner can afford to lose.

I would hold 50 shares of Marathon and switch the balance into equal dollar amounts of Norfolk & Western Rwy; Puerto Rican Cement; Marshall Field; Duquesne Light — all good stocks yielding 4 per cent or higher.

# Two Men Rape Fair Waitress

### Kidnaped on Leaving Bus in Queens, N.Y.

NEW YORK (UPI)—A 19-year-old waitress at the World's Fair was raped at knife-point today by two men she described as Negroes as police launched a $5-million war on street and subway terror.

The attack came only hours after Mayor Robert F. Wagner announced plans to curb increased incidents of violence which have plagued the nation's largest city.

**The plans included the assignment of hundreds of additional police to nighttime patrol duty.**

Police withheld the identity of the girl, who is of Chinese descent and who works at a Chinese restaurant at the fair.

★ ★ ★

Detectives said she told of being grabbed as she left a bus in the Bellrose Manor section of Queens while returning home from work.

**WOODED AREA**

"Keep quiet, you won't get hurt," she quoted her accoster as saying. She said he led her to a nearby car where a second man waited and they drove to a wooded area in Bayside where both men attacked her.

★ ★ ★

They seized her purse before pushing her out of the car, she said. The girl was treated for bruises and shock at Queens General Hospital and released.

# Police Trying to Link Two Gun Deaths

PAW PAW (AP) — The possibilty that the killer of Plymouth schoolteacher Gary Albert Smock might have slain an Indiana man was awaiting a further ballistics check today.

A preliminary report from Indiana state police indicated that the bullet which killed an Elkhart filling station attendant early Saturday matched the one recovered from Smock's head.

Detective Sgt. Karl W. Luth of Paw Paw state police post asked the Indiana authorities to try and determine whether the two slugs were fired from the same .22 caliber gun. Indiana troopers said more tests would be required to make the analysis.

Smock's body was found in the trunk of his abandoned car near Kalamazoo Saturday at about the time he was reported overdue on a trip to Battle Creek and Kalamazoo.

Smock, 30, a lay leader in the Church of God, had been looking over convention sites for the church in the Battle Creek area.

## Beatle Drummer Ringo Collapses in London

LONDON (AP) — Ringo Starr, 23, the Beatles' drummer, collapsed today while posing for a photograph with other members of the group.

He was stricken at a photographic studio in suburban Richmond. "We don't know yet what's wrong with him," said a spokesman at the office of the Beatles' Manager, Brian Epstein.

# Cuban Radio Claims Raids

MAMI, Fla. (AP) — Anti-Castro forces backed by the United States have been attacking Cuban coastal cities, causing great damage and loss of life, the Cuban Red Cross says.

The statement was broadcast Tuesday by the Cuban radio, monitored here. It was one of the few acknowledgements by Fidel Castro government that attacks have occurred. It has announced the execution of sven "CIA" agents in the past week.

★ ★ ★

Anti-Castro leader Manuel Artime predicted a long, Viet Nam-type war against Cuba's Communist regime.

"It might be one year or three years," the head of the Revolutionary Recovery Movement said in a statement his office delivered to the Miami Herald. Artime's whereabouts remain secret.

## A Possible Quake Beneath Montreal

MONTREAL (AP) — Canada's largest city sits atop an active geological fault that could set off an earthquake as devastating as the one which recently shook Alaska.

**The fault, which runs through a major portion of Quebec Province, has not triggered a severe earthquake since the 17th Century tremor which seismologists say compared in intensity to the Alaska quake.**

However, Rev. Maurice Buist, S.J., seismologist at Montreal's Jean-de-Brebeouf College, says a new quake could occur in six months or not for another 100 years.

He adds that the Montreal skyscrapers are built to withstand such a quake, although they would sway.

## Pioneer in Pay TV Dies at 52 in N.Y.

NEW YORK (AP)—Matthew M. (Matty) Fox, 52, a pioneer in pay television, died Tuesday. Fox was president of Skiatron, a company that introduced pay-as-you-see television into the United States. He was a former executive vice president of Universal - International Pictures and board chairman of Unitd World Films. He was born in Racine, Wis.

# Nehru Last Request: No Religious Rites

NEW DELHI (AP)—The last will and testament of Prime Minister Jawaharlal Nehru requested no religious ceremonies after his death, but his daughter overruled this, it was revealed today.

"I do not believe in such ceremonies and to submit to them even as a matter of form would be hypocrisy and an attempt to delude ourselves and others," Nehru wrote in his will, dated June 21, 1954.

**Parts of the will were released for broadcast tonight, a week after Nehru's death at 74 from a heart attack.**

The will requested that "a handful of my ashes be thrown into the Ganges River at Allahabad (his birthplace) to be carried to the great ocean that washes India's shores."

★ ★ ★

A professed agnostic, Nehru wrote that he wanted this not for any religious significance, but because "I have been attached to the Gange and the Jumna rivers in Allahabad ever since my childhood, and as I have grown older this attachment has also grown.

**ASKS CREMATION**

"When I die, I should like my body to be cremated and no part of these ashes should be retained or preserved," he said.

**Despite Nehru's instructions, his religious - minded daughter, Mrs. Indira Gandhi, had all ceremonies performed in accordance with Hindu religious customs and traditions.**

The body was cremated last Thursday in rites accorded to the Brahmin caste in which Nehru was born. His 17-year-old grandson, Sanjaya Gandhi, set fire to the sandalwood pyre.

★ ★ ★

The bones and ashes were collected with due religious ceremonies. The main portions of his ashes will be immersed at the confluence of the sacred rivers at Allahabad Monday.

**THROUGHOUT INDIA**

Other ashes will be strewn in fields throughout India and in other rivers of India's 15 states.

**Nehru spoke in his will of "the great love and affection which people have showered on me," saying he had been overwhelmed.**

"To my innumerable comrads and colleagues, I owe an even deeper debt of gratitude," he wrote. "We have been joint partners in great undertakings and have shared the triumphs and sorrows which inevitably accompany them."

★ ★ ★

Lal Bahadur Shastri, one of his old colleagues, has been named by the ruling Congress party to succeed him as prime minister.

**SWEARING-IN SET**

Shastri, 59, will be sworn in by President Sarvepalli Radhakrishnan Tuesday, the day after dispersal of Nehru's ashes.

**Visitors streamed to Shastri's home to congratulate him.**

"This is not a time for congratulations," Shastri said. "What I need is your sympathy and support in the great tasks lying ahead of us."

★ ★ ★

The government is seeking a residence for Shastri that will satisfy security requirements. It has decided to convert the huge mansion where Nehru lived — former home of British commanders in chief of the Indian Empire — into a memorial to Nehru.

*New Den for Caesar?*

# Roseville May Oust Lion

ROSEVILLE (AP) — Caesar, an 18-month-old African lion, may soon be declared a pet non grata.

The city council of this Detroit suburb Tuesday night authorized the drafting of an ordinance to bar the likes of Caesar, a 120-pounder who measures six feet in length.

★ ★ ★

He's the pet of Mr. and Mrs. Edgar J. Herz, two 23-year-old veterinary assistants. They made Caesar part of their household when they moved into a home here last November.

It seems that city councilmen got wind of the animal's presence only days ago. Councilman Glen Alsip said he proposed the ordinance "for the safety of our community as a whole no matter where some individuals place their sympathies."

**NO THREAT**

One of the Herz' neighbors, William Cunningham, said that "coming to know Caesar at close hand has convinced me that our neighbors can control him and that he does not have to be considered a threat to our children.

"I am willing to accept the couple's promise that they will keep Caesar chained indoors at all times when they can't have him under personal control.

★ ★ ★

"Good neighbors have to expect some eccentricities from each other," Cunningham added. "For instance, I like to play the bagpipes."

Another neighbor, Mrs. Joseph Buczkowski, asked: "Maybe this lion seems domesticated and behaves well when its owners are present, but what would happen if it reverted to its natural instincts when they were away?"

**MILD TEMPERAMENT**

Herz, who bought Caesar 16 months ago, said the animal has been declawed and defanged and "his temperament is so mild that he seems to think of himself as an ordinary house cat.

"I've seen him back off when a regular tabby cat hissed at him," Herz said.

## Grants Established for Drama Students

NEW YORK (AP) — Fellowships to aid apprentice dramatists have been established by the Sam S. Shubert Foundation at 13 universities.

**The grants, of up to $3,000, will go to graduate students. Two fellowships were also provided in directing and theater management.**

The foundation was established in honor of the elder brother of Lee and J. J. Shubert.

The three together created the Shubert theater system which operates 17 Broadway playhouses and theaters in a number of other cities.

## *This Stove Really Works*

LOUISVILLE, Ky. (AP) — During a recent home show, one manufacturer sent out a high-salaried engineer to demonstrate a new stove that cleans itself by the high heat method.

The engineer opened the oven and found the job already had been done for him.

A young workman, hired the night before to clean up the "model home," spotted the dirty stove and cleaned it.

# Deaths in Pontiac Area

**MILFORD ABEL**

Milford Abel, 60, of 19 S. Paddock died yesterday of a heart attack. His body is at the Huntoon Funeral Home.

**MRS. BERT J. ALLEN**

Service for Mrs. Bert J. (Ethel) Allen, 59, of 1684 Alma, Waterford Township will be at 2 p.m. tomorrow in the D. E. Pursley Funeral Home with burial in Pine Lake Cemetery.

Mrs. Allen died Monday after a two-year illness.

**JAMES H. AUSTIN**

James H. Austin, 63, of 630 E. Tennyson died unexpectedly yesterday. His body is at the Voorhees-Siple Funeral Home.

Mr. Austin, a metal finisher at Pontiac Motor Division for the past 36 years, attended First Church of Christ Scientist. Surviving are his wife, Ruth; a daughter, Mrs. Jacob Schnegg in Pennsylvania; and a son, Allen of Pontiac.

**ARTHUR F. BLYNN**

Service for Arthur F. Blynn, 62, of 251 Osmun will be at 1:30 p.m. Friday in Sparks-Griffin Chapel with burial in Oak Hill Cemetery.

Mr. Blynn, an employe of Pontiac Motor Division, died yesterday after a two-week illness.

Surviving besides his wife Frances are two sisters, Mrs. John Renton of Huntington Woods and Mrs. Martin F. Hofmann of Algonac.

**ALFRED N. MARTIN JR.**

Prayers will be offered for Alfred N. Martin Jr., infant son of Mr. and Mrs. Alfred N. Martin of 62 N. Johnson, at 2 p.m. tomorrow in Mt. Hope Cemetery. Arrangements are by the Voorhees-Siple Funeral Home.

The infant died 11 hours after birth yesterday.

Surviving besides the parents are a sister, Deonna Lynn at home; grandparents, Mrs Helen Martin of Pontiac, Mr. and Mrs. Kenneth Haddix of Rochester; and great - grandparents, Mrs. Ethel Rhue of Hastings, Tenn., Mr. and Mrs. Warren Haddix of East Tawas, and Mr. and Mrs. Carl Oppenheimer of Detroit.

**MRS. CHARLES CLARK**

AUBURN HEIGHTS — Service for former resident Mrs. Charles (Laura A.) Clark, 69, will be 1:30 p.m. Friday at Moore Chapel of the Sparks-Griffin Funeral Home. Burial will follow in Ottawa Park Cemetery, Pontiac.

Mrs. Clark died Monday after a lengthy illness.

Surviving are a son, Preston of Pontiac; a daughter, Mrs. Claude Billington of Troy; and a brother.

**BENJAMIN E. DAVIS**

TROY—Service for Benjamin E. Davis, 50, of 2119 Chancery, will be 10 a.m. Saturday at Virgo E. Kinsey Funeral Home, Royal Oak. Graveside service will be conducted by Royal Oak Lodge No. 464, F&AM, in White Chapel Memorial Cemetery.

Mr. Davis died yesterday of a heart attack. He was a commercial pilot and instructor at the Dupont-Lapeer Airport in Lapeer.

Surviving are his wife, Katherine; nine children, Everett of Ferndale, Benjamin of Oxford, Mrs. Charles Ebarra of Royal Oak, Mrs. Frank Crowell and Mrs. Thomas McKeown, both of Rochester, Pvt. William, stationed with the U.S. Army in Germany and Ronald Lee, James and Terrence, all at home; two brothers; and nine grandchildren.

**JAMES G. FREYBURGHER**

WEST BLOOMFIELD TOWNSHIP — James G. Freyburgher, 50, of 3794 Sandcroft, died yesterday after an illness of two years.

His body is at the C. J. Godhardt Funeral Home, Keego Harbor.

Mr. Freyburgher was a pattern maker at the GM Technical Center, Warren.

Surviving are his wife, Marceil; a daughter, Mrs. William McDonell of Union Lake and four sons, Jerome, Michael, Donald and Bruce, all at home.

# To Start Work on Area School

## Ground-Breaking Set at Waterford Site

Ground-breaking ceremonies for the $2.5-million Mason Junior High School in Waterford Township will be at 2:30 p.m. Sunday on the school site.

School Board President Robert E. Field will preside at the program. The public is invited.

**Speakers will include Dr. Don O. Tatroe, superintendent of Waterford Township Schools, and Dave Freeman, principal at Crary Junior High School and chairman of the committee that worked with the architects in planning the new school.**

James E. Seeterlin, Waterford Township supervisor, and Robert C. Wakely of Wakely-Kushner Associates, architects for the new building, also will be present.

Following the series of brief talks, Field will turn the first shovel of earth. Completion of the building is scheduled for September, 1965.

**Special guests at the program will include members of the school board, township board, township recreation board, the citizens advisory committee, Probate Court judges and parents of youngsters who will attend the new school.**

Ample parking space will be available on the grounds of Grayson Elementary School, 3800 W. Walton, across Walton from the junior high school site.

The new school site is on the south side of Walton and extends south nearly to Loon Lake.

# Young Writers Receive Advice

COLUMBUS, Ohio (AP) — To encourage creative writing by teen-agers, the Martha Kinney Cooper Ohioana Library has begun a workshop program in which established authors spend a day conferring with the young people.

About 40 high school youngsters were selected to attend the first workshop in February.

**The Railroad Community Service committees of Cleveland, Cincinnati, Columbus and Toledo paid expenses.**

The library, named for the wife of a former governor, seeks to preserve literary, musical and artistic values in Ohio life. Its executive director, Dr. Walter Rumsey Marvin, says:

★ ★ ★

"After 35 years of extensively promoting and publicizing established Ohio authors, the library now seeks to give aid and encouragement to aspiring young Ohioans who show talent in creative writing."

# Abortionist Gets 3- to 4-Year Term

Convicted of abortion, a former Flint car dealer was sentenced to prison for from 3 to 4 years yesterday by Oakland County Circuit Court Judge Philip Pratt.

Kenneth Redwitz, 42, was found guilty May 13 by Judge Pratt, along with Melvin O. Springer, 45, of 447 E. Montcalm.

Springer is to be sentenced Tuesday.

Redwitz already is serving a 4½ to 5-year term in Southern Michigan Prison at Jackson for larceny from a building in Flint. His past record includes 10 felony convictions.

Redwitz and Springer were found guilty of performing an abortion on a 39-year-old woman.

# New Center for Advisers

UNIVERSITY PARK, Pa. (AP) —A contract for $84,200 for conducting a Counselling and Guidance Training Institute was recently awarded to Pennsylvania State University under the National Defense Education Act.

Arthur M. Wellington, director of the Institute, said there is a need for 25,000 school counselors in the nation right now and that a further need for 5,000 new counselors each year through 1970 is anticipated.

# Aid to Laos 'Expansive'

BAN NA LONG, Laos (AP)—A company of right-wing troops in this desolate Laotian village has found American aid a trifle too expensive.

A supply of rubber-soled canvas combat boots arrived the other day as part of U.S. assistance to the little kingdom's anti-Commuunst forces.

Only one man, the biggest in the company, found a pair he could use. The boots ranged in size from 10 to 12F. The average Laotian soldier wears a 5 or 6.

# K Claims No Danger in Berlin

MOSCOW (UPI) — Soviet Premier Nikita S. Khrushchev has indicated he sees no immediate danger in the Berlin situation, informed sources said today.

The Soviet leader's attitude was made known to visiting British Labor party leader Harold Wilson, who conferred with him for two hours Tuesday on a variety of international problems.

**The sources said Khrushchev took a "more relaxed" view of the German and Berlin problems than he has previously in recent years.**

Khrushchev's position was a further indication that the Kremlin apparently is not contemplating any new moves over Berlin in connection with the current visit of East German Communist leader Walter Ulbricht.

★ ★ ★

During a speech made on a visit to the Urals earlier this week, Ulbricht said the construction of the Berlin wall had reduced the Western "threat" to East Berlin.

Khrushchev was reported to have told Wilson that the Kremlin is interested in arms control measures to promote a healthier climate between East and West.

# Bolt Damages 2 City Homes

Lightning struck a tree between two Oakland Avenue homes during yesterday's rainstorm, causing damage to both residences.

The two-story frame home of Murray Huffman at 355 Oakland suffered about $250 damage when the bolt hit at 6:30 p.m. Approximately $75 damage was caused to the home of his neighbor, Mrs. Charles Brooks, 349 Oakland.

Pontiac fire officials, who estimated the damage, said the lightning did not start a fire but displaced some items and scorched others.

# Driver Sentenced for Killing 2 Youths

Found guilty of manslaughter in the traffic deaths of two youths, George H. Paulson, 32, of 59 Wall was sentenced to two to 15 years in prison yesterday by Oakland County Circuit Court Judge James S. Thorburn.

Paulson was convicted by a jury in the deaths of Ronald Church, 18, of 21634 Albion, Farmington, and Carl B. Neely, 17, of 43831 Grand River, Novi.

★ ★ ★

The teen-agers were killed Oct. 19 while changing a tire alongside Telegraph north of 13 Mile.

Paulson said he was lighting a cigarette when his car ran onto the shoulder and struck the youths.

## Says Device Eliminates Soot From Chimney

PIRAN, Yugoslavia (AP) — Dragutin Krizanec claims to have invented a device which will eliminate soot from factory chimneys.

It is a system of metal pipes in the chimney in which the smoke passes through water evaporating from ventilators. He calls it "Domokendenz," which is short for smoke condenser.

# Jailbreakers Rounded Up

LINCOLN, Neb. (UPI)—Three inmates of the state penitentiary, one a convicted killer, were back behind bars today after a short bid for freedom.

Prison officials immediately

★ ★ ★

blamed the Monday night escape on negligence on the part of a guard. When called in for questioning, the guard resigned.

**The first escapee to be captured, and the most dangerous, was Harry Benjamin Harrison, 34, Omaha.**

Harrison was sentenced to life imprisonment on a second degree murder charge in 1958 for the butcher knife slaying of another Omaha man.

★ ★ ★

Captured later in the day by the Nebraska safety patrol were William R. O'Kelly, 24, Denver, and Milton Schooler, 31, Dakota City, Neb. O'Kelly was serving a burglary term, while Schooler was sitting out a robbery sentence.

NOTICE OF REVIEW OF SPECIAL ASSESSMENT ROLL FOR THE TOWNSHIP OF BLOOMFIELD (District No. 149)

To the owners or other persons interested in the following described lots and parcels of land:

Lots 1 thru 69 inclusive, Colonial Hills Subdivision; Lots 70 thru 166 inclusive of Colonial Hills Subdivision No. 1; Lots 167 thru 188 inclusive of Colonial Hills Subdivision No. 2; all located in Section 4, Bloomfield Township, Oakland County, Michigan.

Please take notice that a Special Assessment Roll has been prepared and is on file in the office of the Township Clerk for public examination. Said Special Assessment Roll has been prepared for the purpose of assessing the cost of the following described improvement to the above described properties which are to be benefited therefrom:

Construction of water main and appurtenances as follows:

700 feet of 8" water main in Franklin Road from the south side of Square Lake Road to the north line of Colonial Hills Subdivision No. 1.

2830 feet of 6" water main in Kendry Drive from Franklin Road to the cul-de-sac.

4210 feet of 8" water main in Eileen Drive from the south side of Square Lake Road to Bratton Drive.

230 feet of 6" water main in Eileen Drive from Bratton Drive to the east line of Colonial Hills Subdivision.

940 feet of 8" water main in Emerson Avenue from the south side of Square Lake Road to Eileen Drive.

580 feet of 6" water main in Parcells Circle from Eileen Drive.

900 feet of 8" water main in Bratton Drive from the south side of Square Lake Road to Eileen Drive.

530 feet of 6" water main in Sanders Place from Eileen Drive, all located in Section 4, Bloomfield Township, Oakland County, Michigan.

Take further notice that the Township Board will meet at the Township Hall, 4200 Telegraph Road, in the Township at 8:00 o'clock p.m., on June 8, 1964, for the purpose of reviewing said Special Assessment Roll and hearing any objections thereto.

DELORIS V. LITTLE
Township Clerk
May 27 and June 3, 1964

REALTOR BUILDER
SERVING PONTIAC SINCE 1936

THREE BEDROOM BRICK RANCH . . . CLARKSTON AREA. This home has a large 20 foot living room, a real country style kitchen, three LARGE bedrooms, ceramic tile bath, full basement, oak floors, community water, and an extra large lot that is entirely Anchor fenced and beautifully landscaped. The full price is only $15,400 and it is vacant ready for immediate occupancy.

DELUXE TRI-LEVEL. This beautiful home has literally everything to offer. First of all it is a builder's own home and the workmanship and materials are the finest. Second, it is spacious and roomy (over 1800 sq. ft. of living area). There are three large carpeted bedrooms. A ceramic tile bath and a ½ bath. A large 14x20 living room with a picturesque view of the countryside, a full dining room. There are two kitchens; one on the main level and the other off the huge family room. OTHER FEATURES INCLUDE: full fiberglas insulation, 2½-car attached garage, half an acre yard, beautifully landscaped. Priced at $23,000.

WEST SIDE LOCATION . . . Exceptionally nice older home with: Large 22 ft. carpeted living room, natural fireplace, full dining room, carpeted sunroom, two large bedrooms, full basement, 2-car garage. Large 250 ft. lawn. Excellent location. Priced at $11,500 with $1,200 down or your present home in trade.

CUSTOM BUILT RANCHER . . . AN ACRE OF LAND . . . Really a lovely home with all of the appointments of a custom-built home: 24-ft. living room with two large picture windows giving you a panoramic view of the surrounding countryside, large kitchen, tile bath, 2-car attached finished garage, beautiful landscaping. Priced at only $10,990 with $1,100 down or your present home in trade.

WHY RENT . . . when you can buy a cute bungalow in a real nice location, with gas heat and a big lot for only $250 down and $56 per month including taxes and insurance. Full price only $7,200.

DO YOU HAVE A HOME TO SELL OR TRADE? FOR STRAIGHTFORWARD, EFFICIENT SERVICE ON YOUR REAL ESTATE PROBLEMS GIVE US A CALL. 27 YEARS' EXPERIENCE SERVING PONTIAC. MULTIPLE LISTING SERVICE.

# Top Students to Get Outing

## City Urban League Caps Year's Program

Some 425 students and 50 chaperons will journey to Green Pastures Park, near Jackson, Saturday for an all-day outing.

**The trip is the climax of a program by the Pontiac Area Urban League to motivate scholastic achievement in schools of designated "culturally deprived areas."**

**Students from nine schools will participate. They were picked on the basis of a "B" average during the second semester.**

Each student will receive an award signifying he has achieved excellence in scholarship during the last semester.

★ ★ ★

An added attraction of the outing will be a series of games and contests which will offer some 60 prizes to the winners.

**BRAIN POWER**

According to Urban League officials, the purpose of the Scholastic Achievement Day is to point up the high potential of "brain power" existing in so-called "culturally deprived areas."

★ ★ ★

Cooperating schools include Jefferson and Eastern junior highs and Bethune, Bagley, Whittier, Franklin, Wilson, McConnell and Central elementary schools.

The students will leave from Jefferson Junior High School about 7 a.m. Saturday and return about 5 p.m.

# Bomb Slayer Fined for Court Outburst

ANGLETON, Tex. (UPI) — Harry Washburn leaped to his feet in District Court yesterday, shouting that a witness lied. He was fined $100 and sentenced to three days in jail for contempt.

He didn't seem to mind, though. He has already been convicted twice for the bomb slaying of his mother-in-law and sentenced to 99 years in prison.

**Judge G. P. Hardy said he could begin serving the three days whenever he is released.**

Washburn was in court seeking a reversal of his last conviction on charges that he murdered Mrs. Helen Harris Weaver in San Angelo, Tex. in 1955.

★ ★ ★

Mrs. Weaver was killed when a bomb wired to her car's ignition exploded when she started the auto.

**Washburn was convicted at his first trial in Waco, Tex. but the conviction was overturned later by the Texas Court of Criminal Appeals. In his second trial, held in Dallas, he was again convicted and sentenced.**

Defense Lawyer Clyde Woody of Houston is attempting to have the conviction overturned and a new trial ordered on the ground that evidence was suppressed during the two trials.

★ ★ ★

The outburst that tacked three days onto Washburn's sentence came when a San Angelo lawyer Earl Smith testified at the hearing that he understood Washburn claimed when he was first arrested for the murder that he was innocent because he was in a house of prostitution at La Grange, Tex. when Mrs. Weaver was killed.

★ ★ ★

Washburn jumped up and shouted: "That's a lie."

Hardy beat the gavel on the bench and ruled Washburn was in contempt.

## Teller Will Address U. of D. Graduates

DETROIT (AP)—Dr. Edward Teller, the nuclear physicist who helped develop the atomic and hydrogen bombs, will address 1,506 University of Detroit graduates on "Responsibilities in the Scientific Revolution" at commencement exercises June 11.

The Very Rev. Laurence V. Britt, S.J., university president, will confer an honorary doctor of science degree on the 56-year-old Dr. Teller.

# Army Has 10,000 Men in Viet Nam, Chief Reveals

WEST POINT, N.Y. (AP) — The Army currently has 10,000 men deployed in Viet Nam, Secretary of the Army Stephen Ailes said today.

This was the first time an official figure on the major element of the U.S. military manpower had been given.

**Ailes announced the Army strength total in an address prepared for commencement exercises at the U.S. Military Academy.**

In Washington, the Pentagon said the overall total of U.S. forces in Viet Nam is about 15,500 — 1,000 below last fall's peak—but did not officially detail the totals for each branch of service.

★ ★ ★

However, Air Force manpower is understood to be about 4,000, Marine and 1,000 and Navy about 500.

**FORMAL EXPLANATION**

Washington's formal explanation for the presence of American fighting men in Viet Nam is that they are there to train and advise the South Vietnamese forces. This they do. But a substantial proportion also are in combat on the ground and in the air.

**In his talk to the cadets who were about to become Army officers, Ailes said the main task of the Army "is to support the foreign policy of the United States."**

To do this, there is:

The 7th Army in the line in Germany. "The best trained and best equipped peacetime army in the history of the world; with the 1st and 7th infantry divisions in Korea backed up by the 25th division in Hawaii, with 10,000 men in Viet Nam."

★ ★ ★

In addition, there are eight divisions in the strategic reserve kept ready in the United States for quick deployment to any trouble spot in the world.

**BASIC MANPOWER**

Ailes said that the basic manpower of the Army consists of about 400,000 men who are short-tour enlisted men, such as two-year draftees and three-year enlistees.

★ ★ ★

"The attitudes of these men are important," Ailes said, "first because they constitute the bulk of our foxhole strength and second because some 70 per cent of the national impression of the Army is derived from what these men say when they return home from their tour of Army duty."

## 'Equal Footing' Gothamites Even Take LBJ in Stride

By EARL WILSON

NEW YORK — New Yorkers are proud people . . . they're willing to accept a President of the United States as their equal.

**There's an airy democratic irreverence about all authority when a Chief Executive comes here that makes these events memorable. President Johnson was rather late getting to Madison Square Garden the other night—partly due to a "crank threat," according to an unconfirmed rumor. Motion picture tycoon Joseph E. Levine hoisted himself from his expensive seat, grinned, and said to me:**

"Who the blazes does LBJ think he is . . . Jimmy Walker?"

**WILSON** I had stopped off at CBS TV en route to the Garden to speak to Peter Lawford who was taping "Password."

You remember Peter used to be at all the JFK galas.

"Are you going to the Garden?" I asked.

"No. I wasn't . . ." Peter paused eloquently.

"Invited?" I said.

"You could say that," he said.

★ ★ ★

**Johnny Carson claimed that he himself was late . . . "Somebody stopped and asked me directions to Albany. It was Gov. Rockefeller. He has to go there every two years to get his driver's license renewed." Carson told the Johnson daughters that they were lucky and so are the guys they date.**

**"It isn't every fellow who can sit with a girl on a couch in the White House while her father runs around the house turning out the lights . . ."**

★ ★ ★

### THE MIDNIGHT EARL . . .

**Richard Burton** and Robert Preston discussed a co-starring version of "Othello" (with the duo alternating nightly in the roles of Iago and Othello): also discussed, **Burton** and **Sammy Davis** doing "Othello" for the Welsh National Theater . . . Pianist **Dudley Moore** (of the Rainbow Room) will fly to London for a one-nighter at **Princess Margaret's** party.

TV producer **Cy Howard** denies that the unlovable TV producer in "Nobody Loves an Albatross" was patterned after him: "If he was, he would have been much handsomer, more charming and virile, and wear clothes better." . . . **Tony Martin** added a Beatle impersonation to his act. (He'll be at the Concord July 4).

★ ★ ★

**REMEMBERED QUOTE:** "Even children with perfect table manners will spill the beans now and then."

**EARL'S PEARLS:** Hollywood, claims a recent visitor, is where couples stop going steady after the wedding.

Comic Rip Taylor, a bachelor, complains that the cleaning woman dusted his telephone table—and erased all his messages. **That's earl brother.**

(The Hall Syndicate, Inc.)

## Marx Funny —Sometimes

LONDON (AP) — "My husband is funny," says Mrs. Groucho Marx, "but he's not funny 24 hours a day."

★ ★ ★

Mrs. Marx — actress Eden Hartford — is in London with her husband to start a television series.

★ ★ ★

Reporters asked if Marx, who made the ogle a comedy trademark, is really a woman chaser.

"Well," said she, "he appreciates them."

# Chief Counsel Quits on Ruby

## Texas College Dean Third to Leave Case

DALLAS, Tex. (AP) — Jack Ruby's third chief defense counsel, legal-medical expert Dr. Hubert Winston Smith, has resigned to return to teaching at the University of Texas Law School.

Another defense lawyer, Phil Burleson, announced the action Tuesday and said he and Joe Tonahill will carry on the legal battle for Ruby, convicted of slaying Lee Harvey Oswald, accused assassin of President John F. Kennedy.

★ ★ ★

"We do not anticipate any new attorney in the case and do not for the present see any necessity for one," Burleson said.

Smith, dean of the University of Texas Law School, was not present Monday when Burleson and Tonahill conferred with Judge Joe Brown about Ruby's mental condition. They contend he has become insane since his March 14 conviction and sentencing to death.

**MONEY MATTER**

Burleson said Smith felt he should return to teaching "to sustain himself and his family." He had accepted the case without a fee. University regents ruled Smith must take a leave of absence without pay while working on the Ruby case.

Ruby's original chief lawyer was fiery Melvin Belli of San Francisco, who was dismissed after the trial for remarks about the jury and Dallas.

★ ★ ★

His replacement, Percy Foreman of Houston, quit after four days over what he called a disagreement with Ruby's family.

# Ailing Judy to Take Slow Boat to U. S.

HONG KONG (AP)—Ailing Judy Garland plans to "take a slow boat to the United States," says Mark Herron, her traveling companion.

★ ★ ★

Herron said today Miss Garland is very weak and an ocean cruise will provide her with a chance to rest. He wouldn't say when the 41-year-old singer will leave Hong Kong, but did say she'd probably spend a week in Hawaii before returning to Hollywood.

★ ★ ★

Miss Garland's physician, Dr. Lee Siegel, said she is "recovering slowly." He said she has pleurisy which developed from "a coma of unknown origin."

## Judge Is Reviewing 'Party Girl' Charge

MOUNT CLEMENS (AP) —A judge's decision was awaited today on whether a one - man grand jury should look into reports that some state and county employes attended a party at which call girls were "available."

Presiding Judge Alton H. Noe was to make the decision after conferring with Macomb County's three other circuit judges.

**Macomb County Prosecutor George N. Parris requested the probe yesterday after studying state police reports of lavish parties, Christmas gratuities and the call girl incident.**

Parris said Robert Dunn, 33, of 43137 Fortner, Utica, ousted from his State Highway Department weighmaster's job, told of the parties and gifts.

He quoted Dunn, father of four children, as saying that some Highway Department workers and some employes of the Macomb County Road Commission has accepted gifts of Christmas turkeys and gift certificates.

**ADMITTED GIFTS**

Dunn was fired Monday after admitting that he accepted an automatic washer and shrubbery from trucking firms, authorities said. Weighmasters determine whether trucks using Michigan roads conform to weight restrictions.

**Dunn reportedly told state police that call girls were made "available" to state and Macomb County road employes at a suburban Detroit motel in 1960.**

Chief Weighmaster Robert Murray asked state police to investigate Dunn after a trucking firm official complained that he was "harassing" his trucks by issuing violation tickets.

The complaint was made by John A. Castellano, of the Louis Garavagoia Construction Co. Dunn said yesterday that Castellano had arranged for the washing machine and other gifts "and obviously was looking for something in return."

**NEVER AGREED**

Police said Dunn admitted that his acceptance of the gifts "was a mistake," but said he never agreed that "I wouldn't write tickets."

**State police interviews with other weighmasters "indicated" that it has been common practice for them to accept gifts and gratuities from trucking firms," troopers said.**

State police said Dunn added that "everybody in the highway department gets gifts — hams, turkeys, things like that — at Christmas time."

Howard Hill, managing director of the highway department, said Dunn made "generally unsupported allegations" about call girls during interrogation by state police.

"I don't want to give the impression that the entire highway department is involved," Parris said. "They asked for the investigation in the first place and then fired Dunn."

## Essex Nonstrikers Back; No Trouble Is Reported

HILLSDALE (AP) — Nonstriking wrokers returned to the Essex Wire Corp. plant today as some 200 National Guardsmen — many with bayonets at the ready — and about 50 state policemen maintained a careful scrutiny.

The first carload of nonunion employes rolled past the plant gate about 6:45 a.m. Five pickets took up their stations 15 minutes later after some 30 hourly rated workers and 28 supervisory employes had gone inside. Essex said it recalled a total of 52 production workers on two 12-hour shifts.

**Within minutes six cars carrying the workers had pulled into the plant grounds while only a few townspeople watched from their nearby front porches or windows.**

The cars were stopped by National Guard officers and were allowed to proceed when identification was made.

★ ★ ★

Gov. George W. Romney gave permission yesterday for the factory to reopen. At the same time he imposed a curfew and beefed up the guard force to nearly 1,000.

**FIVE PICKETS**

He said five pickets would be permitted outside the plant.

The curfew, which applied to all Hillsdale County, begins to night. It orders people off the streets from 10 p.m. till 6 a.m. at Lansing.

**Romney issued the orders in extending his state of emergency proclamation for Hillsdale.**

He did so Tuesday when company-union negotiations collapsed

★ ★ ★

Romney declared the state of emergency in the volatile strike last Thursday when he first required the closing of the factory.

**NEAR-RIOTS**

The strike of the International Union of Electrical Workers (IUE) had been accompanied by near-rioting and picket line injuries to both workers and strikers. The IUE went on strike Feb. 28 in demands for a first contract with Essex Wire.

**Bitterness toward Romney over his order permitting the plant reopening was evident from the strikers.**

(Continued on Page 2, Col. 8)

## City Budget Revised, Set for Adoption

### Expected to Require Tax Rate of $17.16 Per $1,000 of Value

A revised 1964 city budget which is now expected to require a tax rate of approximately $17.16 per $1,000 of assessed value, will be up for adoption at next Tuesday's City Commission meeting.

Commissioners unanimously approved a resolution last night directing city officials to prepare the revised budget figures for public hearing and final approval next week.

**The action came after commissioners were handed an opinion by City Attorney William A. Ewart supporting the move, although there are presently eight Pontiac tax appeals now pending before the State Tax Commission (STC).**

The eight property owners are arguing that the assessed values placed on their properties by City Assessor Edward C. Bloe are too high.

★ ★ ★

Ewart pointed out that the total assessed value of all eight properties is $1,737,200, representing $86,860 in city, school and county tax revenues this year.

"It is fair to assume," Ewart noted, "that the tax commission should not reduce the valuations more than 25 per cent, which would mean a loss to the city of $21,715" in total tax revenues.

**"It is, therefore, my opinion that the situation presented by the eight appeals today is not comparable to the General Motors appeal in 1963."**

This year's city budget will total an estimated $7.5 million and require tax revenues totaling $5,022,648.

★ ★ ★

The major reason for the tax rate hike over last year's rate of $16.10 per $1,000 is a separate levy of 84 cents per $1,000 to retire some $240,000 in sewage treatment plant bonds.

AP Photofax

TALKS OVER VOTE — Arizona Sen. Barry Goldwater talks over how the vote is going with newsmen in Los Angeles last night. Goldwater was running a close race with New York Gov. Nelson Rockefeller in the California GOP presidential primary as early reports came in.

## Narrow Win Gives Senator 86 Delegates

### Increases His Lead Over Rocky for Bid as GOP Nominee

SAN FRANCISCO (AP)—Sen. Barry Goldwater swept to a stunning California victory and a commanding position today in the Republican presidential race.

By a narrow margin, the Arizona senator captured a rich bloc of 86 delegates from Gov. Nelson A. Rockefeller in California's showpiece primary yesterday.

**Rockefeller captured most of the state's [illegible] counties, but a decisive surge [illegible] Goldwater in late Southern California returns, chiefly from Los Angeles, nailed down the contest for the Westerner.**

MAKE OVER PAGES

Results from 30,462 of 32,861 precincts showed: Goldwater, 983,638; Rockefeller, 960,179.

★ ★ ★

The victory in this last presidential primary before the July 13 GOP National Convention brought Goldwater within striking distance of the 655 votes he'll need for the nomination.

**GIANT STEP**

He called it a "giant step" toward his quest to lead the Republican ticket into the November election.

**Goldwater's presidential primary sweep came only after a cliff-hanging count of votes that had Rockefeller ahead for a while.**

GOP National Chairman William E. Miller said the California results pushed Goldwater very close to the 655 convention votes needed for the nomination.

★ ★ ★

Gov. Mark O. Hatfield of Oregon, who will serve as convention keynote speaker and temporary chairman, said the senator appeared to have clinched the nomination.

**WATCHED EARLY**

Goldwater flew to Washington after watching early results flow into his Los Angeles headquarters. He claimed victory last night on the basis of electronic computations.

**The final outcome wasn't definite, however, until Los Angeles, with 40 per cent of the state's vote, reported the bulk of its ballots — and Goldwater maintained his commanding lead there.**

With 10,775 of the big county's 12,156 precincts in, Goldwater

(Continued on Page 2, Col. 6)

## Rocky Wins Battle in Home State

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller repelled attacks on his home-state delegation by partisans of Sen. Barry Goldwater and today was assured of at least 87 of New York's 92 votes for the Republican presidential nomination.

★ ★ ★

**Rockefeller lost one delegate to the Republican National Convention to Goldwater in a district the governor had not contested. The four other delegates are uncommitted.**

**Rockefeller won 77 votes in yesterday's primary and will gain another 10 when the Republican State Committee, which he controls, meets June 11 to select delegates at large.**

State Chairman Fred A. Young said the New York delegation "will be the hard-core nucleus of a national delegate movement which, I am confident, will lead to his (Rockefeller's) nomination."

★ ★ ★

There were direct clashes between Rockefeller and Goldwater delegate slates in 10 districts, a total of 20 delegates. The governor won all of them.

**VOTING HEAVY**

No official total of the overall turnout was available but voting was heavy in districts which had contests.

**A record round of 86 primary contests for nominations for Congress and the legislature were decided. Most incumbents won renomination, but Rep. Charles A. Buckley, boss of the Bronx, lost to Jonathan B. Bingham in an upset.**

Rockefeller did not contest for five delegates in the Buffalo area, where he has been embroiled in a long dispute with the Republican organization.

★ ★ ★

There, Republicans elected the four uncommitted delegates and one pledged to Goldwater from a roster that included five candidates pledged to no one, two pledged to Goldwater and two to Ambassador Henry Cabot Lodge.

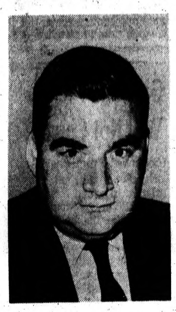
★ ★ ★

State Republican leaders hope to win over the four uncommitted members before the roll call at the national convention in mid-July.

## Salinger Wins Nomination as Dem Senate Candidate

SAN FRANCISCO (AP)—Pierre Salinger, hoping to move from the White House to Capitol Hill on California votes, today captured a sharply contested Democratic senatorial nomination.

The former press secretary for Presidents Kennedy and Johnson was promised united Democratic support in November by the man he edged out, State Controller Alan Cranston, and state party leaders.



PIERRE SALINGER

They will aim to smash the political aspirations for former actor George Murphy, the Republican nominee.

**Salinger, who bounced into the race on the last possible day and couldn't even vote for himself, because he's not registered in California, rode to victory on ballots from populous Los Angeles County.**

The latest AP returns from 30,462 of 32,861 precincts gave Salinger 1,067,312, Cranston 952,230 with 83 per cent of the vote tallied.

**PLANS TO SUE**

Cranston, while announcing his support of Salinger in the general election, noted he still plans to proceed with a $2-million libel suit filed against Salinger and three others concerning charges made during the heated race.

**The two once worked to help revive a dormant California Democratic party, but their race turned from calling each other a "nice guy" to bitter personal exchanges.**

Earlier, Salinger was buoyed by telephoned best wishes from President Johnson and Mrs. John F. Kennedy. That led him to cautiously claim victory before the belated Los Angeles County results finally started rolling in.

Cranston had taken an early lead, but Salinger quickly caught up.

Murphy, 61, beat out San Francisco financier Leland Kaiser and former Kansas Gov. Fred Hall.

## Picks Group to Advise on Bar Licenses

Mayor William H. Taylor Jr. last night appointed a citizens advisory committee to help settle the question of upgrading tavern licenses in Pontiac.

The five-man committee will study upgrading taverns to Class C status from State Liquor Control Commission (LCC) regulations down through local aspects.

**Named to the committee were Philip R. Sauer, a downtown restaurant owner; John Cowe, a prominent Pontiac businessman; Dr. Milton H. Banks, pastor of Central Methodist Church; Mitchell Bacow, a Pontiac attorney; and John A. Riley, Pontiac Press advertising director.**

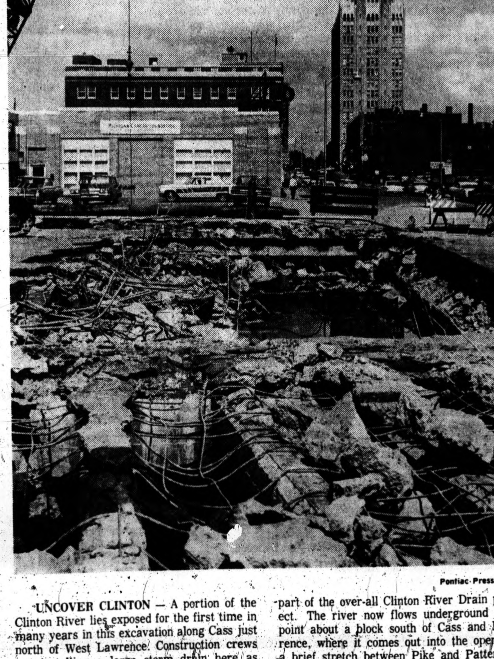
The commission has received several requests to upgrade tavern licenses.

"This is a problem of the entire city, not just the commission," Taylor said at last night's City Commission meeting.

**HOPE FOR SOLUTION**

"All the commissioners and myself recognize we should try and do something about it. We hope this committee can recommend a suitable solution; possibly something along the lines of a code of ethics or similar criteria to base our decision on."

**Taylor called upgrading "a community problem of political nature."**



Pontiac Press Photo

UNCOVER CLINTON — A portion of the Clinton River lies exposed for the first time in many years in this excavation along Cass just north of West Lawrence. Construction crews are installing a large storm drain here as part of the over-all Clinton River Drain project. The river now flows underground to a point about a block south of Cass and Lawrence, where it comes out into the open for a brief stretch between Pike and Patterson.

## To Continue Curb Pickup

### City Commission Agrees on Garbage

After considerable discussion last night, the City Commission agreed unanimously to continue Pontiac's current curbside garbage-rubbish collection system.

The matter came up for discussion at the request of Commissioner Wesley J. Wood, who had favored going back to the former backdoor garbage collection program.

**Commissioner Leslie H. Hudson summed up general commission sentiments in his remarks.**

Hudson said he found a majority of customers in his hardware store favored the new curbside pickup, and that his wife liked it too.

Wood indicated there might be reason to believe that opposition to the curbside collection might not be as strong in the community as he had previously thought.

★ ★ ★

"Personally, I'd rather see garbage kept in the backyard than in the front," Wood noted. "I feel there is some burden on elderly people under the new system, but am now advised they can get some help."

**ELDERLY PEOPLE**

Wood referred to a report from Department of Public

(Continued on Page 2, Col. 3)

## Evacuate 600 Pupils in State Bomb Scare

GRAND RAPIDS (UPI) — More than 600 pupils were evacuated from Sheldon Elementary School here today after a bomb scare.

★ ★ ★

Police said the 634 pupils filed out in orderly fashion after the bomb hoax was perpetrated by phone from a "young, disguised voice."

## Mercury to Take Ride on Elevator

First they're up and then they're down. That is the way of temperatures forecast for the next few days.

The U.S. Weather Bureau predicts temperatures will average 5 or 6 degrees below the normal high of 76 and low of 57.

**Friday will be a little warmer, but Saturday and Sunday will be cooler.**

About .08 of an inch in showers fell in the Pontiac area last night.

Forty-eight was the low temperature prior to 8 a.m. The mercury had climbed to 65 by 1 p.m.

Rusk, McNamara Return

# New SE Asia Action?

WASHINGTON (AP)—Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara returned today from a Honolulu conference with "a number of recommendations" for President Johnson on new action to strengthen Southeast Asia against Communist pressures.

★ ★ ★

Landing at Andrews Air Force Base, Rusk told newsmen "We brought back a number of recommendations, as we usually do from these meetings."

★ ★ ★

He said "the commitment of the American nation, its people and its government," to protect Southeast Asia against Red aggression "are well-known."

Then he added: "The problem is to make sure the other side fully understands that we mean what we say."

**SEE LBJ**

Rusk and McNamara were scheduled to see Johnson late in the day after the President's return from a speaking trip to New England.

McNamara was asked whether there are any plans for expanding the Vietnamese war into North Viet Nam. He declared that "no plans have been recommended to the President for approval and none has been approved."

★ ★ ★

This stopped short of denying that plans have been made by military experts, but it was in line with Johnson's statement Tuesday that he was not personally aware of any plans.

Aides traveling with Rusk and McNamara said much of the planning in the two-day Honolulu strategy conference, which ended Tuesday night, was concerned with ways of strengthening the anti-Communist war effort in South Viet Nam and supporting more effectively the government of Premier Nguyen Khanh.

**DECLINED TO SAY**

Officials returning with the two Cabinet officers declined to say exactly what steps would be proposed to Johnson for achieving the purpose Rusk stated of making Communist North Viet Nam, Red China and the Soviet Union aware of U.S. determination not to let Southeast Asia fall to Red conquest.

McNamara flew from Washington to Hawaii last Sunday.

★ ★ ★

Rusk went there from India where he served last week as President Johnson's special representative at funeral services for Indian Prime Minister Nehru. He said his time in India had been a "sad but deeply moving experience." He expressed admiration for the manner in which the new Indian leadership had acted to fill the gap created by Nehru's death.

★ ★ ★

U.S. officials indicated Tuesday night in Honolulu that military action might be taken against Communist North Viet Nam if it and Red China continue backing rebellions in South Viet Nam and Laos. But they said Rusk and McNamara so far have not proposed plans "to enlarge the war to the north" in Viet Nam or to send troops into Thailand.

★ ★ ★

As the Honolulu session ended, newsmen there were told no change was planned in the role of U.S. forces in South Viet Nam—a role which has been described as advisory and training rather than front-line combat.

**UP TO JOHNSON**

Actual decisions on what is to be done in the trouble area are up to Johnson.

Administration informants said they rather doubted that Rusk and McNamara would press for any particular combination of actions. These officials thought they would lay alternative possibilities before the President together with assessments of the probable results which might be obtained according to what the President chose to do.

★ ★ ★

Johnson was represented as being determined to do whatever is necessary to secure "the future of Southeast Asia as a whole"—a phrase he used at his news conference Tuesday.

★ ★ ★

At the same time he was reported anxious to avoid any unnecessary risks or troop commitments. This suggested that what he is looking for at this stage is some use of U.S. power in the area to demonstrate to the Communists that he is determined to meet any challenge they present in order to protect non-Communist regions and at the same time to stabilize peace in Southeast Asia.

AP Photofax

**OUSTS CONGRESSMAN** — Jonathan B. Bingham receives telephoned congratulations from his wife, after beating Bronx political boss Rep. Charles A. Buckley, D-N.Y., yesterday. Buckley, a 30-year Congress veteran, lost the nomination for reelection in the 23rd District of New York. Bingham ran on a reform platform.

# Goldwater Oblivious to Bomb Scare

WASHINGTON (AP) — Sen. Barry Goldwater took a transcontinental nap early today, oblivious to a short - lived bomb scare, as his race with New York Gov. Nelson A. Rockefeller in California's presidential primary swept toward the finish line.

The senator flew from Los Angeles to Washington and said upon his arrival that he would stand on the election night statement in which he claimed victory on the basis of computer projections.

"I seem to be the winner," he said in Los Angeles.

As he arrived here, Rockefeller held to a small lead in California with the outcome depending on uncounted votes in populous Los Angeles, where Goldwater had run strongly in early tabulations.

**BOMBS, GUNS**

Police hustled one man off Goldwater's jet airliner in Los Angeles and made him unpack a satchel. Airport policemen said the man told a stewardess "I have bombs and machine guns in there." After looking through his bag, police and airline officials let him reboard the plane.

The senator slept almost all the way to Washington.

An aide, Karl Hess, got some California returns from the pilot as the plane winged eastward but Goldwater was asleep and the returns were not relayed to him.

At Dulles International Airport, outside Washington, Goldwater was welcomed by the cheers of about 30 early-rising supporters.

He told reporters: "I made a statement last night. I haven't seen a vote since I left California."

# Reformer Beats Buckley, Long-Time Boss in Bronx

NEW YORK (AP)—Jonathan B. Bingham, a former diplomat with an Ivy League background, has won Democratic nomination for Congress, defeating Rep. Charles A. Buckley, Bronx political boss and a congressman 30 years.

Bingham, 50, who ran on a reform ticket, said he believed the voters of the 23rd Congressional District favored him because "they were fed up with old-fashioned bossism."

★ ★ ★

Buckley, 73, angrily declined comment on his defeat in Tuesday's primary by an opponent he had called a "punk" and a "stiff." The vote was 26,473 to 22,488.

The campaign was so bitter that Bingham began a $500,000 libel action against Buckley. The summons was served on the congressman at a polling place.

**JARS PRESTIGE**

The defeat does not automatically deprive Buckley of his Bronx leadership, but it jarred the congressman's prestige.

The prestige of Mayor Robert F. Wagner, mentioned for the Democratic vice presidential nomination, correspondingly increased as a result of the primary balloting.

★ ★ ★

Wagner, who had vowed to oust Buckley in an "anti-bossism" drive, backed Bingham and three other candidates in the city. All won.

Wagner supported Edward I. Koch, a reformer, who dashed the latest comeback bid of Carmine G. DeSapio, former chief of Tammany Hall, Manhattan Democratic organization. Koch defeated DeSapio by 164 votes to retain the Democratic leadership in Greenwich Village.

**OTHER WINNER**

The mayor also backed winner James H. Scheuer against the renomination bid of Rep. James C. Healey, a Buckley lieutenant, in the 21st District in the Bronx, and Rep. Leonard Farbstein, a regular, who defeated reformer William F. Haddad in Manhattan's 19th District.

Buckley, chairman of the influential House Public Works Committee, is a long-time friend of the Joseph P. Kennedy family. U.S. Atty. Gen. Robert F. Kennedy expressed hope during the campaign that Buckley would have "30 years more in Congress." President Johnson had sent Buckley a message saying he was looking forward to working with him.

For Bingham, the victory was the first political brass ring he has grabbed. The Democratic nomination in the district usually means election.

★ ★ ★

# Barry Victor in California

(Continued From Page One)

had 412,225 to 275,254 for Rockefeller.

Rockefeller, in a televised statement at 12:45 a.m. Eastern Daylight Time from New York, congratulated Goldwater on his large vote but said, "the show isn't over yet."

**POLLSTERS WRONG**

The pollsters, to a man, had given the edge to Rockefeller. But all indicated the outcome would hinge on the sizable undecided vote they detected.

**Goldwater called his showing a "victory for the mainstream of Republican thinking." He thus tossed back Rockefeller's assertion that his views represented the GOP mainstream.**

NBC's electronic vote analysis center noted that Rockefeller ran strong in the San Francisco Bay area, farm and mountain areas, and that Goldwater did not come up to expectations in San Diego County.

The EVA center report spotted a trend to Rockeffer among minority groups. First returns from San Francisco's Chinatown, for instance, favored the governor 5 to 1. A similar swing was evident among Italian-Americans.

The NBC analysis emphasized Goldwater's strength in the state's high population centers. Rockefeller was favored in the north — considered more sophisticated and more liberal than the south — and that's the way the vote went. But 60 per cent of the population lives in the south.

**The election capped a bitter campaign. Rockefeller staked his California chances on the Republicans' middle-of-the-road voting patter, and banged away at Goldwater's political positions as extremist.**

## Foxes Beat Hunters to Partridge Chase

KOPER, Yugoslavia (AP) — Eager hunters in this region along the Italian frontier brought 30 crates of partridges to release in the hopes of stocking their hunting fields. The crates were left overnight at the edge of a woods where the birds were to be released the next morning.

But when morning came, the hunters found foxes had broken open the crates and finished off all the birds.

# Oxford Plans Rec Program

## Summer Activities Slated for Youngsters

OXFORD — For the first time Oxford's younger students have a summer recreation program. More than 65 children have already signed up for each week

See Photo, Page A-4

of the six-week summer recreation program planned for students in grades 1-8.

**Assisting the school board and village council in backing the program are the Oxford Child Study Clubs 1 and 2 as well as the Oxford Junior Women's Clubs.**

Mrs. Robert Brower, program committee chairman, expects other organizations to add their support.

Beginning June 29, the participants will report at Daniel Axford Elementary School at 9:30 a.m. Monday through Friday.

**FITNESS TRAINING**

The younger children will begin with physical fitness training while older students take part in a flag-raising ceremony and general assembly.

**Later games, story-telling and dancing will keep the little folks busy, as upper-grade students work on crafts, and take part in baseball, basketball and other activities at the school.**

Trips to Bloomer State Park and the Detroit Zoo are also included in the schedule.

★ ★ ★

Everyone will return home at 3:30 p.m. daily.

Other activities to be offered include swimming in Stoney Lake, nature hikes, scavenger hunts, bowling, and trampoline training.

# Woman Charged With Murder in Fatal Shooting

**A 48-year-old Pontiac woman was charged yesterday with murder in the fatal shooting of a man Saturday night.**

Arraigned before Municipal Judge Cecil McCallum, Mrs. Mozelle K. Poe, 306 S. Edith, was released on $2,000 bond pending a preliminary examination June 10.

★ ★ ★

Mrs. Poe is accused of the shotgun death of Leon Cobb, 44, no known address. He died at Pontiac General Hospital five hours after the 7:50 p.m. shooting.

She told police that she fired one shot at Cobb when he tried to re-enter her house after she chased him out for beating up her husband, Joseph, 59.

# Garbage Pickup Will Not Change

(Continued From Page One)

Works Superintendent Clyde Christian in which it was noted that DPW crews would collect all refuse at the back door for persons who can't carry it to the curb due to advanced age or physical disability.

★ ★ ★

Persons must call city hall and request such service, however, before it is offered.

**Commissioner John A. Dugan quoted Michigan Municipal League statistics showing a majority of cities in Pontiac's population range utilize the curbside program.**

He and other commissioners felt some refinements could be added to increase efficiency of the program, but recognized the estimated cost savings as a major item favoring the new system.

★ ★ ★

DPW officials expect it will cost some $111,000 less annually than the former system.

# Will Study Reassessment of Pontiac

City officials will be studying the feasibility of a complete reassessment of the city in the next few months and what effect such a move would have on Pontiac's tax base.

★ ★ ★

Commissioner Robert C. Irwin asked City Assessor Edward C. Bloe to "give us some information on the cost of a total reassessment of the city."

★ ★ ★

Irwin also said he'd like some estimate from Bloe on "what increase or decrease we might expect in the total tax base from such a project."

The District 2 commissioner added that "there hasn't been anything like this done in a number of years."

★ ★ ★

Irwin indicated that he merely wanted to know what a reassessment would cost the city before officially going on record as favoring it.

**NATIONAL WEATHER** — Showers and thundershowers are expected tonight in the Plains and eastern Rockies area. Rain is forecast for the Northwest Coast. Cooler weather is expected in the upper Lakes area and northern New England. Generally fair weather will be the rule elsewhere.

Birmingham Area News

# Community House Use Is Growing With Area

BIRMINGHAM — The popularity of the Community House is growing.

★ ★ ★

Some 151,554 persons were entertained and/or informed there during 1963-64, compared to 145,509 the previous year.

**The total is among several in the annual report published this week, indicating the nonprofit facility did more for more people in the year ending May 30.**

Executive Director Robert A. Bogan Jr. attributes the center's increased popularity to the fact that "there are more clubs, organizations and people in the community."

★ ★ ★

"We've been attracting new groups and the ones already meeting here are growing," he said.

**MEETINGS CLIMB**

The number of meetings held climbed from 3,335 to 3,597. The busiest month was October, with 512 meetings. But the largest number of people—17,197—used the building in January and the most groups—155—in February.

**Lows were reached in July and August when the totals for both months were 4,428 persons; 72 meetings and 33 groups.**

The Community House staff processed 8,273 job applications and 5,171 requests from employers. Both of these figures are up about 500 over last year.

Enrollment in educational activities jumped from 1,568 to 2,142, but then the number of classes was increased from 97 to 154.

**POPULAR CLASSES**

The most popular classes this year were bridge, with 420 enrolled; ballet, 192; and French, 168.

★ ★ ★

One of the departments used less this year was food service. Food or refreshments were served at 51,848 gatherings. For 1962-63 the figure was 54,407.

**The other decrease was noted in equipment loans and rentals where sickroom supplies were loaned 297 times compared to 403 and home equipment rented 153 times compared to 221.**

# Deadlines for Filing Announced

New filing dates for Sept. 1 primary elections were announced today by Oakland County Clerk-Register of Deeds David R. Calhoun.

Petitions to run for precinct delegates must be in the clerk-register's office by July 14, while candidates for county, state and congressional offices have until July 21, he said.

Petitions already filed for county offices are still valid, but this doesn't apply to those filed for state and congressional posts, according to Calhoun. He said the latter must file new petitions by the new deadline.

No decision has been reached in Lansing yet as to when township officials will be elected, he added.

# Essex Recalls Nonstrikers as Hillsdale Waits

(Continued From Page One)

George Gould, IUE international representative, said the governor's action gave Essex Wire an unfair position. He said the company could use it to "club the union into submission."

★ ★ ★

Gould and others at an IUE Local 810 mass meeting last night — at which it was agreed not to return to work—repeated the criticism of the governor.

**WOULD NOT USE**

Essex Wire, at odds with Romney over the latter's criticism of company conduct in the strike, said it would not use the reopening to its advantage.

**In Detroit, Leonard Woodcock, a vice president of the United Auto Workers — sister AFL-CIO union of the IUE — called Romney's order "a naked act of agression against the people of Hillsdale and against the workers."**

Woodcock made his charge in a public statement. He said Romney performed a "disservice" to "enlightened labor-management relationships" built up in Michigan over a period of years.

★ ★ ★

The IUE and Essex Wire stated their positions after the negotiations collapsed at Lansing. The breakdown followed 45 hours of prior talks with only brief interruptions.

Earlier in the day hope had been held out that the negotiations might succeed. Malcolm R. Lovell Jr., state labor mediation board chairman, had expressed optimism.

Gould said the company had insisted on keeping non-union employes at work instead of bringing back all the 180 strikers.

# County Names CD Director

A new Oakland County civil defense director has been named. He is Wallace C. Crane, former case work supervisor in the Juvenile Court Division.

His appointment is to be ratified by the County Board of Supervisors June 22.

★ ★ ★

The new director succeeds John E. Madole who was sent to Cali, Colombia, last month as the county's representative there.

Madole is expected to remain in Cali for at least a year in a local community approach to the federal government's Alliance for Progress with Latin America.

**Crane, 41, of 462 Algene, Lake Orion, was picked for the $8,800-a-year post by the board's civil defense committee from among several candidates.**

He has served with the county's Juvenile Court Division for the past five years. Before that he was employed by Pontiac Motor Division in the personnel department.

★ ★ ★

Crane was codirector of civil defense in Orion Township for three years. He is chairman of the township's zoning board and of its board of appeals.

He also is a member of the Orion Area Youth Guidance Casework Committee.

Crane is married and has three children.

## Name Is the Same, but Price Changed

BELGRADE (AP) — When filter cigarets first appeared on the market here, one tobacco factory turned out a brand called "Filter 65." It got the name because the price was 65 dinars a pack.

Prices have risen since then and the pack now costs 100 dinars. But the name is still "Filter 65."

# 6 Other States Hold Primaries

**By United Press International**

Though the main political show yesterday was California's Republican presidential primary, six other states held primary races.

Some could figure prominently in final selection of the GOP presidential candidate at the party's convention in July.

**CALIFORNIA**

Overshadowed somewhat by the GOP battle, the Democrats in California still managed to provide a cliff-hanger.

Pierre Salinger, press secretary to two presidents, won the Democratic nomination for the U.S. Senate in his first bid for public office, defeating State Controller Alan B. Cranston. Salinger will face one-time movie actor George Murphy, the GOP senatorial nominee, in November.

**NEW YORK**

Rockefeller supporters won 77 of the 82 GOP National Convention delegate posts at issue in yesterday's New York primary with the other five going to uncommitted delegates.

New York's remaining 10 convention delegates will be chosen at the state convention later.

On the Democratic side, New York Mayor Robert F. Wagner won a prestigious victory when Jonathan B. Bingham upset Bronx political boss Rep. Charles A. Buckley, D-N.Y., who was running for nomination to his 15th term in Congress.

**ALABAMA**

Six incumbents and a newcomer won nominations to Congress in Alabama's Democratic primary Tuesday, but veteran Rep. Carl Elliott, D-Ala., apparently was the loser to State Sen. John Tyson of Mobile in a low-man-out race for the eighth nomination.

Elliott, a congressman since 1946, was accused by Tyson of being liberal, an unpopular designation in conservative Alabama.

**MISSISSIPPI**

Sen. John C. Stennis and five congressmen won renomination in Mississippi's Democratic primary yesterday. The contests featured the largest number of Negro candidates for major office in the segregationist state since Reconstruction days.

Rep. William M. Colmer, the 74-year-old dean of the State House delegation, had the stiffest competition, but managed to turn back Eddie Khyat of Moss Point and the Rev. John Cameron of Hattiesburg, a Negro clergyman, in a hotly contested race.

**MONTANA**

Senate Democratic leader Mike Mansfield easily defeated his opposition to win renomination in the Montana primary yesterday.

Mansfield took a 7-1 lead over attorney Joseph P. Monaghan of Butte in early tabulations and his margin of victory gradually widened as the vote count proceeded.

The state's two incumbent congressmen, Democrat Arnold Olsen and Republican James F. Battin, had no primary opposition, and neither did Republican Gov. Tim Babcock.

**SOUTH DAKOTA**

An uncommitted slate of delegates to the Republican National Convention defeated a slate pledged to Sen. Barry Goldwater in yesterday's South Dakota primary.

## A Junior Editors Quiz About CATS

*QUESTION: Why can't a cat roar like a lion?*

**QUESTION:** Why can't a cat roar like a lion?

★ ★ ★

**ANSWER:** Next to the roaring lion, our artist has drawn a double bass, the largest and deepest-voiced instrument in the violin family.

**The strings of the double bass, vibrating in its large body, produce the deep tone, and in a similar way, the lion's large vocal chords (shown to left of double bass) vibrating in his large body, produce the deep-throated roar.**

By comparison, the cat's little vocal chords vibrate with a higher-pitched sound, more like that of the small violin. To roar like a lion, a cat would have to lug around a huge sound-making apparatus which would be out of proportion to his size.

**Did you ever wonder why lions roar? These animals are fond of hunting at night, often besides some water-hole where game animals come to drink.**

When such an animal appears, a lion will let out his terrifying roar. It is a sound which seems to come from all directions and is very apt to confuse the game animal, who hesitates, wondering which may to run. Before he has decided, the lion is upon him.

★ ★ ★

**FOR YOU TO DO:** A violin is an example of a string instrument which produces sounds by vibrating chords. The other types of instruments are wind and percussion. See if you can find out how they produce sound.

### June 14 as Baltic Day Romney Proclaims

LANSING (AP) — Gov. George W. Romney has proclaimed June 14 as Baltic Day in Michigan "to express our encouragement for the independence of Estonia, Lativa and Lithuania."

The three countries were taken over by the Soviet Union in 1940, but the United States "has never recognized the fabricated incorporation," Romney's proclamation said.

Pontiac City Affairs

# Funds Freed for Relief Sewer

The city's most vital trunk sewer project — the Murphy Park relief sewer — should be under construction within a few days and is expected to be completed by November 1.

★ ★ ★

The long-standing problem of financing the $469,000 sewer was solved last night as the City Commission unanimously approved an amendment freeing $395,495 in surplus funds to pay for the sewer.

**The surplus was left in the $3.5-million sewage treatment plant construction fund after the plant was completed last year.**

★ ★ ★

The remaining $72,000 needed to cover construction costs of the big sanitary sewer will come from capital improvement funds or surpluses in the sewer fund (revenue from sewage service bills), according to City Engineer Joseph E. Neipling.

★ ★ ★

The Murphy Park trunk will relieve overloaded sanitary sewers in the southeastern sector of Pontiac.

**TREATMENT PLANT**

It will run from St. Joseph Mercy Hospital on Woodward to the new sewage treatment plant on Opdyke north of Auburn.

**The sewer is needed before a new addition to the hospital can be opened and before GMC Truck & Coach Division can plan any future expansion.**

Both empty into presently overloaded sewers.

★ ★ ★

The sewer will be built under two contracts. The first, for $192,000, was signed last week. The second was approved last night.

Last night's second contract was for $277,590 and will go to the lowest of six bidders, E. E. Tripp, a Waterford Township contractor. It should be signed next week.

## Injuries Fatal to Man

DETROIT (AP) — Andrew Dobie, 82, of Detroit, died Monday night in Detroit's Brent Hospital from injuries suffered when he was struck by a car April 5.

# City Unit on Youth Sets Honors Dinner

Pontiac Citizens' Committee on Youth will honor five individuals and an organization Friday for their work with children.

Receiving certificates of appreciation at a 6:30 p.m. dinner in the Waldron Hotel will be:

**Rabbi Ernst J. Conrad of Temple Beth Jacob; Mrs. Dorothy Reason, supervisor of the Oakland County Adoptions Department; Dr. Charles L. Bowers, new president of the executive board of the Citizens' Committee on Youth; Mrs. Mary P. Caronis, Pontiac policewoman; Mrs. Evergrace Seay, a teacher at Mark Twain School; and the City Federation of Women's Clubs.**

The awards will be presented by Probate Court Judge Norman R. Barnard.

★ ★ ★

Featured speaker will be James J. Brennan, professor at the School of Police Administration at Michigan State University.

Brennan, a retired New York police captain and the holder of a Ph. D. degree in sociology from Columbia University, is a consultant on juvenile matters to many police departments in the nation.

**LEADERSHIP TRAINING**

In New York, he organized leadership training courses for police juvenile officers and the police athletic league.

**Other new executive officers, besides Dr. Bowers, will be introduced at the meeting.**

They are Mrs. Arnold Hillerman and Fred V. Haggard, vice presidents; Mrs. Grace Carrothers, corresponding secretary; and Mrs. Socrates Sekles, treasurer.

Max Adams, manager of the Pontiac Area Chamber of Commerce, will serve as toastmaster.

# Norway Ship, U.S. Carrier Collide in Fog

NORFOLK, Va. (AP) — The aircraft carrier Lake Champlain and the Norwegian motor vessel Skauvaag collided in dense fog in Chesapeake Bay at 3:30 a.m. today.

Atlantic Fleet headquarters said no injuries were reported on either ship.

Fire broke out in two of the Champlain's hangar deck bays but were put out in 45 minutes.

Both ships were damaged in the collision, which occurred 38 miles south of Annapolis, Md., near Patuxent River, Md.

**SHIP REPORTS**

The Champlain reported she had no underwater damage. The Skauvaag reported to the Champlain that she needed no assistance.

On May 6, the Lake Champlain and the destroyer Decatur collided 140 miles east of Cape Henry. There were no injuries on either ship, but the Decatur's superstructure was damaged heavily.

## Key Gainers Outnumber Losers

# Market Prices Slightly Higher

NEW YORK (AP) — Stock market prices firmed early today and moved slightly higher on balance. Trading was moderately active.

★ ★ ★

Fractional gains outnumbered losers among key stocks.

The trend was a bit higher among chemicals, electronics, cigarette issues, retails, oils, utilities and motors.

On average the list was down near a bottom established earlier this spring and the question in Wall Street was whether prices would again receive buying support there or fall through.

**NEW STRENGTH**

Enough internal strength appeared to be generated to bring buying back into the market after Tuesday's sharp spell of long-term profit taking.

Chrysler gained a fraction, Ford was steady but General Motors lost a little.

Trading on the over the counter market in stock of the newly-issued Communications Satellite Corp. was still a prominent feature of the Wall Street scene. "Comsat" stock eased from Tuesday's latest bid prices.

Tuesday the Associated Press average of 60 stocks declined 1.5 to 304.5.

★ ★ ★

Prices were narrowly mixed on the American Stock Exchange.

# The New York Stock Exchange

Sales figures are unofficial.

Unless otherwise noted, rates of dividend in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Special or extra dividends or payments not designated as regular are identified in the following footnotes.

a—Also extra or extras. b—Annual rate plus stock dividend. c—Liquidating dividend. d—Declared or paid in 1963 plus stock dividend. e—Declared or paid so far this year. f—Paid in stock during 1963, estimated cash value on ex-dividend or ex-distribution date. g—Paid last year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1964 plus stock dividend. t—Payable in stock during 1964, estimated cash value on ex-dividend or ex-distribution date.

z—Sales in full.

cld—Called. x—Ex dividend. y—Ex Dividend and sales in full. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vl—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies. fn—Foreign issue subject to proposed interest equalization tax.

# Award Given to Area Man

## 'Outstanding Young Engineer of 1964'

A 30-year-old West Bloomfield Township man, Charles W. Missler, has been named outstanding young engineer of 1964 by the Engineering Society of Detroit.

MISSLER

Missler, 2573 Worcester, is manager of Ford Motor Co.'s Technical Review Department of the Product Engineering Office, Dearborn.

Following his graduation from the U.S. Naval Academy in 1956, he accepted an Air Force commission and received pilot training. In 1957 he was stationed with the Department of Guided Missiles, Lowry Technical Training Center, Colo.

**In June, 1958, he was appointed chief of the Missiles Electronic Branch of the department.**

He became systems engineer with Ramo Wooldridge in 1960, joining the staff of the Data Systems Laboratory at Denver. Later he assumed responsibilities in Thompson Ramo Wooldridge, the parent corporation, for the military requirements of both Ramo and Space Technology Laboratories.

★ ★ ★

From 1961 until August, 1963, when he joined Ford, Missler was senior scientist for System Development Corp., a nonprofit trust that was formerly a division of Rand Corp.

Missler will receive his award at the Society's annual meeting June 12.

# Labor Loss Over Strikes to Top '63

DETROIT (AP)—Labor strikes in the first five months this year idled nearly as many Michigan workers as in all of 1963, the State Labor Mediation Board said today.

Some 33,000 workers were affected by 51 strikes from Jan. 1 to June 1, the board reported.

★ ★ ★

The U. S. Labor Department said 135 strikes idled 36,800 workers in Michigan last year.

Hyman Parker, chief mediation officer of the state board, said strikes "seem to be the pattern in a year when labor contracts in the automobile industry and in many other industries come up for renegotiation."

**PACT TALKS**

The United Auto Workers Union will bargain with automakers on new contracts this summer. Numerous automotive supplier firms also will begin contract talks.

Many union contracts in the construction industry ran out May 1.

# Closed-Circuit TV Most Useful Device

By SAM DAWSON
AP Business News Analyst

NEW YORK — A Florida bowler watches television to see where he, or the ball, went wrong.

A Philadelphia dental student can study, at long distance, a closeup of an expert drilling a patient's tooth.

DAWSON

Management at New York State Theater in Lincoln Center can see on a screen backstage what's going right or wrong out front.

**And makers of closed-circuit television equipment and accessories can rejoice at annual sales now running at $16.5 million a year.**

Delighted right along with them is the telephone industry.

★ ★ ★

The giant Bell System and the hundreds of independent companies find in the growing business a bright new market for sales of their services.

**USE SPREADING**

The use of closed-circuit television is spreading.

**It's found in classrooms, banks, hotels, hospitals, on the launching pads of Cape Kennedy and in movie theaters.**

The closed-circuit device in electronic signal is carried in by a narrow band or slow-scan —one picture every 10 seconds —over regular telephone wires; or broad band or fast-scan—30 frames per second—via coaxial cable or microwave relay linking the pickup camera with the receiver.

**This year some four million students are receiving at least part of their education by closed circuit.**

In South Carolina, 170 high schools, 13 colleges, 14 hospitals and 36 elementary schools are on a network using circuits of the Southern Bell Telephone & Telegraph Co., and 46 independent telephone companies.

★ ★ ★

Washington County, Maryland, claims the first — 1956 — large scale educational television network, operated by the Chesapeake & Potomac Telephone Co.

**COLLEGE LINKS**

Since 1958, Stephens College, Columbia, Mo., has been linked theaters let hordes of Americans watch the Cassius Clay-Sonny Liston fracas and argue about the outcome as heatedly as did the fans at the ring side.

★ ★ ★

Stores and banks use forms of the closed-circuit to trap holdupmen and larcenous old ladies, check pilfering and make visual records of the faces of check signers.

**METHOD EXPLAINED**

In closed-circuit television the with 11 small liberal arts colleges in an operation set up by General Telephone & Electronics Corp.

**The University of Pennsylvania's School of Dentistry in Philadelphia can demonstrate to more than 700 students at various monitoring locations treatment of patients' teeth.**

Before closed circuit a maximum of 12 students could watch the instructor.

The British Columbia Cancer Institute at Vancouver is using a system as a clinical aid in diagnosing cancer.

**BOWLING AID**

A Florida bowling alley has a television training line with a camera behind the pin spotter to flash the act of the pins as the ball hits.

The bowler out front can study his technique close up.

**A system devised by International Telephone & Telegraph Corp. lets a teller of the Union Federal Savings & Loan Association at Lincoln, Neb., verify visually in 20 seconds the validity of a check signature as recorded at the central office.**

Equipment includes cameras, microphones, film scanners, video tape recorders, monitors, receivers.

★ ★ ★

Sales of such devices for closed-circuit operations have jumped 43 per cent since 1961.

**SALES PREDICTION**

R. E. Rudolph, president of the U. S. Independent Telephone Association, representing some 2,700 companies operating 13,465,500 phones, predicts sales will approach $70 million a year by 1970.

★ ★ ★

And phone companies will benefit markedly.

But right now latecomers to the New York State Theater at Lincoln Center have four closed circuit sets they can watch out front while waiting for seats.

# U.N. Mission Is Proposed in Cambodia-Viet Dispute

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council got a proposal today that it send three members to Cambodia and South Viet Nam to study how to stop border troubles. Complications were expected from the Communist side.

The Ivory Coast and Morocco sponsored the resolution for a council fact-finding mission. A Communist diplomat said Czechoslovakia might introduce amendments to "strengthen" the resolution at the council's meeting today to continue debate on the border dispute.

★ ★ ★

A Western diplomat expressed fear that the Soviet Union would insist that Czechoslovakia be put on the committee.

Another Western delegate said the committee was likely to consist of Brazil, the Ivory Coast and either Bolivia or Morocco, which with Norway and Czechoslovakia make up the nonpermanent membership of the 11-nation council.

**ALL AGREED**

Council President Arsene Assouan Usher of the Ivory Coast said all 11 council members and Cambodia had agreed to the resolution.

A Communist source said Cambodia had accepted it only as a compromise, disliking the provision for the U.N. committee. He said the United States had refused to vote for the resolution unless that part stayed in.

★ ★ ★

Cambodia accused South Viet Nam and the United States before the council of aggression in attacks this year on two Cambodian border villages. The United States and South Viet Nam denied aggressive intent, and the United States said that only on one occasion did U.S. advisers enter Cambodia. Both countries said the border crossings were mistaken for Communist rebels fighting South Vietnamese forces.

The resolution did not mention the United States. Its key provisions:

**INCIDENTS HIT**

1. Deplored "the incidents provoked by the entry of elements of the army of the Republic of Viet Nam into Cambodian territory."

2. Requested "that just and equitable compensation be offered to the government of Cambodia."

★ ★ ★

3. Invited "those responsible to take all appropriate measures" to prevent new incidents.

4. Called on "all states and authorities, and particularly members of the (1954) Geneva conference, to recognize and respect Cambodia's neutrality and territorial integrity."

**MISSION SET**

5. Decided "that three of its members shall go to the two countries and the place where these recent incidents occurred to examine measures intended to avoid their recurrence."

The United States and South Viet Nam proposed during the debate that a U.N. or a Cambodian - Vietnamese military force should patrol the border. Cabodia proposed that the council recommend a new Geneva conference to authorize the International Control Commission to do the border watching.

★ ★ ★

That commission — Canada, India and Poland—was set up by the 1954 Geneva conference on Indochina.

# News in Brief

HOFMEISTER

Hofmeister, 1712 Hamilton, joined Edison in Birmingham in June 1929.

## $ Successful Investing $

By ROGER E. SPEAR

**Q) "I am a retired physician and own General Motors, Jersey Standard, California Standard, and duPont. I am tempted to buy Creole Petroleum because of the good dividends they pay at the present time. Does Creole have a good growth outlook, and would you recommend its purchase?" J.P. m.d.**

A) You have a fine group of stocks — but I do not think I would weaken it by the addition of Creole.

Creole is not a bad stock by any means, and it is an important subsidiary of Jersey Standard. Nevertheless, its oil reserves and production are entirely in Venezuela, which lends a strong speculative flavor to the stock. Our present relations with that country are very friendly, but no one knows what the future will bring.

The fact that the shares sell to yield 7 per cent is itself an indication that the market sees more risk than growth here. I believe the issue should be avoided.

★ ★ ★

**Q) "My wife and I have a few shares of General Motors; Marine Midland; Allied Mills and W.T. Grant. We have 266 shares of Marathon Oil. We are interested in good investments with income and not growth. Do we have too much Marathon?" R.W.**

A) In the sense that your holdings in Marathon amount to $17,000, they appear to be disproportionate in value to your list as a whole.

Marathon is a pretty good stock which has risen rather strongly, mainly in its Libyan play. There is, however, no sounder investment rule than diversification, which dictates that no list should contain any individual holding representing more than the owner can afford to lose.

I would hold 50 shares of Marathon and switch the balance into equal dollar amounts of Norfolk & Western Rwy; Puerto Rican Cement; Marshall Field; Duquesne Light — all good stocks yielding 4 per cent or higher.
