

Hail Put to Good Use

AP Wirephoto
SAVED FOR EMERGENCY — Mrs. Clarence R. Hummel, bookkeeper in a sea food market, counteracted 90-degree heat in Buffalo Wednesday by cooling her feet in a bucket of hail that fell in Buffalo last Thursday. She preserved the hailstones in a freezer for just such an emergency.

Scattered Thundershowers to Cool Air by Friday Night

A late afternoon thunderstorm came to the rescue of residents panting yesterday under the ninth day of at least 88-degree weather, and more cooling downpours are expected to give some relief from the heat wave by Saturday.

The Pontiac area received only .16 inch of rain, but the storm hit the Romeo area harder. Power lines were down for five hours in some spots there, and telephone service was knocked out for 30 minutes.

Ask to Search European Ships

U. S. Wants to Prevent Arms Being Shipped to Guatemala

COPENHAGEN, Denmark (UP) — The United States has asked European seafaring nations to allow American warships to search their vessels at sea to prevent arms shipments to Guatemala, it was disclosed today.

The Danish Foreign office said the starting American request was being studied.

The British Foreign Office in London, queried about the Copenhagen report that all seafaring nations of Europe had received similar requests from the United States, confirmed that the U. S. had made such a request of Britain orally in Washington.

The British Foreign Office spokesman commented: "It raises important issues and the matter is being carefully studied."

The request to Denmark was understood to have been made in a note.

Danish observers generally expected it to be refused, but believed it would be discussed with other Scandinavian governments before any reply is given.

No arms can be exported from Denmark without a license from the Danish government.

Man Pulls Rescue Act, Gets Tagged by Police

MINNEAPOLIS (UP) — Carleton J. West Jr., 24, University of Minnesota law student, stopped his car on a Mississippi River bridge here Wednesday night and went to the rescue of a woman who had just leaped from the span.

West ran down the bank, pulled the woman from the water and applied artificial respiration until firemen and an ambulance arrived.

When the dripping rescuer returned to his car, he found it tagged for illegal parking on the bridge.

Reds Send Ambassador

LONDON (UP) — Moscow radio said today A. N. Abramov, Soviet minister to Israel, will become his nation's first ambassador to that Middle East republic.

Pledges Indo Peace

Rebels Reported Set for Assault on Guatemala

Arbenz Regime Asks Neighboring Honduras to Stop Exiles

TEGUCIGALPA, Honduras (AP) — Guatemala called on Honduras last night to stop reported massing on the border for an assault against President Jacobo Arbenz Guzman's Communist-influenced regime.

The appeal was made by Guatemalan Ambassador Amadeo Chinchilla to Honduran Foreign Minister J. Edgardo Valenzuela as reports here and in other Central American nations indicated a showdown might be imminent between the Arbenz government and its anti-Communist opposition at home and abroad.

"We have reports that well-equipped soldiers carrying guns are being flown and driven by car to points near our border," Chinchilla told newsmen. "They are being flown in chartered planes."

The Guatemalan envoy said Valenzuela had given him assurances that Honduras "will prevent any incidents at the border and has given orders for seizure of any arms there."

Reports here and abroad indicated the anti-Arbenz forces were pushing their preparations for a try at unseating the Guatemalan regime. Among these were:

1. Dispatches from Belize, British Honduras, quoted Guatemalan exile sources there as saying anti-Communist parachute troops already have been dropped into Guatemala. The sources gave no details.

2. Usually reliable sources here said Guatemalan exiles are being airlifted to points near the border. The sources also said a well-armed boat left the Honduran port of La Ceiba yesterday, apparently for a strike at Puerto Barrios in Guatemala.

3. A close aide to Carlos Castillo Armas, head of the Guatemalan exile movement here, claimed 5,000 anti-Arbenz men stand ready along the frontiers of El Salvador and Honduras and "at least 50,000 support."

Think It's Hot? Take a Look at Texas Town

BRI — Pontiac has chilly weather compared with Presidio, Texas.

The small western town on the Mexican border 200 miles southeast of El Paso had the following daily high temperatures from June 8 through June 15: 110, 110, 111, 106, 102, 105, 104 and 103 degrees.

A check of the U.S. Weather Bureau in Detroit also showed that Pontiac's 90-plus weather is still far from the all-time high.

Over the past 81 years, the hottest day in this area was July 24, 1934. On that day the mercury reached a blistering 105 degrees.

Feel better?

Adlai Sees Good Chances for Democratic Win in '54

LANSING (AP) — Adlai Stevenson said today his trips around the country have convinced him the outlook for Democratic control of Congress in the 1954 election is "very good."

At a press conference in Gov. G. Mennen Williams' office, Stevenson said this outlook was especially bright in the South and East but that he had not visited the Western states recently enough to make predictions there.

"I imagine we will win the House and I think we have very good prospects of winning the Senate," he said.

The 1952 Democratic presidential candidate said he found many regional political issues exciting the people but everywhere "the more basic feeling of apprehension about the international situation."

The Tennessee Valley Authority's future in the Middle South, agriculture prices, the condition of the economy and employment and "the feeling of an inadequate and indecisive leadership, especially in foreign affairs," are

other issues interesting the people, he said.

Asked about his prospects for 1956, Stevenson cracked:

"I hope good health and continued prosperity."

He rejected a direct question as to whether he would be a candidate again for the presidency.

He largely declined to discuss specific domestic and international questions.

The former Illinois governor will speak at a box luncheon this afternoon.

Pet Lover Houses Lions in Home and Barn

AP Wirephoto
NOW HAS FOUR — Bobbyetta Porter, who keeps a full-grown lion for a pet in a knotty pine room in her home at Herscher, Ill., now has three more lions to care for. Miss Porter is minding the lions for a circus performer and keeps them in a barn in back of her house. She is shown directing Tyrone, one of the circus lions, in a cage adjoining the barn and connected with it by a passageway. (Herscher is about 50 miles from Chicago.)

Jury Uncertain of Lebron Fate

To Restudy Verdict for Puerto Rican Woman; 3 Others Guilty

WASHINGTON (UP) — Mrs. Lolita Lebron waited alone as the sole subject of jury deliberations today on the fanatical shooting in the House of Representatives March 1.

A federal jury of seven men and five women, behind closed doors for 9 hours, emerged late last night with verdicts of guilty on all 10 counts of assault lodged against her three male associates:

Rafael Cancel Miranda, 25, Andres Figueroa Cordero, 29, and Irving Flores Rodriguez, 28.

The 34-year-old Mrs. Lebron, already convicted along with the three men on five counts of assault with a dangerous weapon, whispered when she heard the verdict:

"I don't see why they don't convict me too."

With five charges of assault with intent to kill still outstanding against the woman defendant, U.S. Dist. Judge Alexander Holtzoff sent the jury home for the night and told them to return today to pass final judgment.

Mrs. Lebron's fellow Puerto Ricans gave no show of emotion upon hearing the verdict, which carries a maximum penalty of 75 years in prison. But soon afterwards Cancel and Cordero chatted and smiled, and Flores, although not smiling, joined briefly in the conversation.

All four admit to opening up with wild pistol fire from the House gallery. Five congressmen were wounded. But the Puerto Rican nationalists say they meant to kill or harm no one, their only aim being to dramatize their demand for Puerto Rican independence.

Under the law, each defendant could possibly receive a sentence of up to 10 years apiece on each of the weapons counts and 15 years apiece on each of the intent-to-kill counts, or a maximum of 125 years.

Golfer Injures Wife in Lesson Accident

DETROIT (INS) — A 27-year-old novice golfer critically injured his wife last night when he accidentally struck her with a golf club he was showing her how to use.

Frank Kuroski of Inkster, a plant guard at the Cadillac Motor Division, had a day off yesterday and he bought an expensive set of matched golf clubs.

At home, Kuroski and his wife, Delores, 24, took the clubs to their back yard and Delores asked to be shown how to play. Kuroski swung one of the clubs, but his wife had stepped too close. The club hit her in the forehead and fractured her skull.

Mrs. Kuroski is in critical condition at Wayne County General Hospital, but doctors said she would recover.

Dondero States Seaway to Bring New Era Here

Construction of the St. Lawrence Seaway will open "a new era of economic development and expansion" in the Great Lakes Region, Congressman George A. Dondero told 300 persons last night in Elks Temple.

He said the seaway will permit manufacturers in the region to ship products more cheaply and compete more fully in world markets.

The Royal Oak Republican also denounced worldwide communism in an address given in observance of Flag Day, celebrated nationally Monday.

"World wide communism constitutes the greatest threat in modern times to our country," said Dondero. "For nearly a generation now, vigilance . . . has been more necessary than ever before . . . and this country has borne a heavy burden."

He pointed out that the sea route linking the Great Lakes Region with the Atlantic Ocean would play a vital role in the defense of the United States and Canada.

With high grade iron ore reserves running low, the seaway (Continued on Page 2, Col. 6)

Start of Open

REX BAXTER JR.

Youngest to compete in the 54th National Open Golf championship, Rex B. Baxter Jr., 18, of Amarillo, Tex., tees off in first threesome in today's opening round at Springfield. N. J. Baxter is a business student at the University of Houston.

Shoulder Still Bothering Sneed

Texas Trying to Take National Open Crown at Baltusrol

SPRINGFIELD, N. J. (UP) — Sam Sneed, still complaining of a painful soreness in neck and left shoulder, was the first of the ranking favorites to begin play today in the 54th National Open Golf Championship at the historic Baltusrol Golf Club.

Sneed's ailment, which bothered him all during the practice sessions, failed to improve with a change in the weather. He said when he "let out" on a long shot the stiffness was just as bad as ever.

The 7,027-yard, par 34-36 — 70 Baltusrol lowers course is one which requires players to "let out" frequently on their tee shots.

The course was bathed in bright sunshine when the early starters began the first round of the 72-hole tournament today. There was little wind and temperatures in the 70s were expected by afternoon.

Sneed was in a threesome with George Fazio of Clementon, N. J., and amateur Harvie Ward of San Francisco. Defending Champion Ben Hogan, ranked just ahead of Sneed among the favorites, was not due to tee off until later today.

Al Mengert, young assistant pro at New York's Winged Foot Club, was the first to break par on the front nine. He went out in 33, getting birdies on the seventh and eighth holes after going over par on the 467-yard, par 4 sixth.

Feel Quake in Aleutians

WESTON, Mass. (UP) — The Boston College seismograph station reported today it recorded a "strong" earthquake last night at 9:51:38 (EDT). The Rev. Francis Donahue, S.J., said the disturbance took place about 3,900 miles northwest of Boston, probably in the Aleutian Islands.

New Dispute Threatening to Extend Army Hearings

WASHINGTON (INS) — A new clash over Democratic advice to Army Secretary Robert T. Stevens in his dispute with Sen. Joseph R. McCarthy brought angry charges today and threatened to disrupt efforts to end the McCarthy-Army hearings this afternoon.

Sen. Stuart Symington (D-Mo.) accused Chairman Karl E. Mundt (R-SD) of an "unfair and extremely partisan" attack on Clark Clifford, White House counsel in the Truman administration, who advised Stevens before his controversy with McCarthy became an open explosion.

McCarthy repeated his challenge to Symington to tell "under oath" the full story of Clifford's connection with the dispute, and Symington reiterated that he would testify under oath if McCarthy would face an investigation of his personal finances.

Meanwhile, the senators discussed in sharp language the famed "chicken luncheon" of Feb. 24 in which Stevens made

Mendes-France to Resign if Goal Is Not Attained

Deputies Hear Policies of Would-Be Premier; May Vote Tomorrow

PARIS (AP) — Pierre Mendes-France told the French National Assembly today that if he is voted in as France's new premier, he will offer his resignation if he has not achieved peace in Indochina before July 20.

Mendes-France spoke before a packed chamber. He was turned down by 13 votes in a similar bid a year ago but he said he believed many who had voted against him then or abstained might support him now because of "coming together of views."

After Mendes-France finished his speech, a number of deputies were expected to ask specific questions on his proposed policies. This may take until late tonight.

Mendes-France has announced that after all these questions have been asked, he will ask for a recess until tomorrow when he will give his answer. The vote is not expected before late tomorrow night.

If confirmed, he would become France's 14th premier in the 10 years since liberation, head of the nation's 20th Cabinet.

He said he was offering the deputies a contract. He asserted he would offer his resignation if he failed in any one of the three stages that he had suggested but that Parliament would have to agree to leave him free to work on his projects.

"If the conflict in Indochina is not settled — and settled very quickly — is the risk of war, of an international war — and perhaps an atomic war — that must be envisaged," he said.

"France does not have to accept and will not accept conditions for settlement which would be in conflict with its most vital interests. France will remain in the Far East. Neither our Allies, nor our enemies must harbor the least doubt on the meaning of our determination."

He told the Assembly he had studied the files on Indochina at length and had talked with diplomatic and military experts.

"My conviction has been confirmed that a peaceful settlement is possible."

Mendes-France did not, however, outline any precise plan for achieving peace or explain how he would change the policies of the government of Premier Joseph Laniel and Foreign Minister Georges Bidault.

Wants National Use of Red Stop Signs

DETROIT (INS) — The Technical Council of the Institute of Traffic Engineers, meeting in Detroit, today recommended that red stop signs be adopted throughout the nation.

The institute's board of directors is expected to approve the recommendation tomorrow, according to Mansfield Todd, Executive Secretary.

Favorable Bids Submitted for Proposed Fire Station Acceptance Due Monday

From Our Birmingham Bureau
BIRMINGHAM — Favorable bids were submitted for the proposed fire station acceptance due Monday.

A low bid of \$60,317.50 was made by E. J. Swink, which was followed by Chas. Construction Co.'s bid of \$75,000. The third lowest bidder was Kipper Pulte, who submitted a figure of \$78,375.

The stamp of approval placed on a \$225,000 bond issue last April for two new stations ended a two-year struggle to obtain more adequate fire-fighting facilities for fast-growing Birmingham.

In 1952, voters turned down a \$350,000 bond proposal for one station.

To be located at Maple Ave. and Chesterfield Rd., the west-side station will be started within a month after contracts are let, Walker said, with construction to be completed within four months.

Final plans for the city's main fire hall, a \$130,000 building, to be built at Adams Rd. and Bowers St., are near completion by the architect, Walker said.

Leaving its mark almost a month earlier than last year, the tree-killing Dutch elm disease has attacked its first tree here this year, City Forester William Lebold said Wednesday.

He said some 20 other suspect trees have been sampled. Results from tests at the State Department of Agriculture have not yet been returned.

The latest case was discovered at 450 Tooting Lane, a new area hit by the bark-boring beetle which infects sap streams with the disease. The infection may spread easily to other trees within a quarter-mile radius.

"I strongly urge residents to have the July DDT spray, particularly if they did not have a spring spray or if they live east of Adams road, where the majority of our cases in the past have been found," Lebold said.

The Department of Agriculture believes spring and July sprays are adequate protection against the disease.

Last year, 26 elm trees were destroyed by the disease. The year before, when the disease first struck here, only one tree died.

Mark Orlich, Highland Park's deputy director of civil defense and a Highland Park policeman, spoke before 21 men in the city's new civil defense auxiliary police department this week.

Orlich will continue his instruction in traffic directions at the June 29 meeting, Police Chief Ralph W. Moxley said.

The training program will continue until the men "have some notion of what is expected of them," Moxley said.

The nine-member committee set up to study the problem was asked to make further revisions and perhaps refine its recommendations, Charles B. Kass, temporary chairman, said today.

In addition, a slate of officers was proposed for presentation to the council next September. These include: Charles B. Kass, president; Mrs. Martin L. Butzel, vice president; Mrs. Harvey B. Greene, secretary; Paul D. Carter, treasurer. Names of 23 board members will also be presented in September.

The appointment of Shan Rosso

Accident Kills First Manager

Irving Brower Served Pontiac for Four Years From 1920

An auto accident has claimed the life of the first man to serve as Pontiac city manager under the city charter adopted in 1920.

Former city manager Irving Clinton Brower, 73, and his wife Mary, 45, were killed and four others injured outside Cocoa, Fla. Monday.

Brower served from 1920 to 1924, coming to Pontiac when discharged from the Army following World War I. An active man, he often led the police and fire department personnel in early morning exercises during his tenure here.

The former president of the International City Managers' Assn. also served as manager of Lima, Ohio, Greensboro, N. C., and New Rochelle, N. Y.

During his career he was general manager of the Codg. Authority for the bituminous coal producers of eastern Ohio and Western Virginia, under part of the National Recovery Act in 1933.

He left New Rochelle about 10 years ago to retire in Orlando, Fla. According to accident witnesses, the Brower car skidded off the highway on wet pavement and struck another car when returning to the road.

Registrations will still be taken from 3:30 to 5 p. m. tomorrow for the Vacation Church School at the First Methodist Church. Youngsters between the ages of 4 and 11 are welcome to attend the school, Monday through July 1.

Classes will be from 9:30 a. m. to noon each week-day, with this year's theme, "The Church."

With games in the local YMCA Softball League getting under way last week, Michigan Bell split its two games, beating Electronics Service 7-3 and losing to Goebels by a score of 8-4. Electronics won a second game, this one a 10-4 win over Reeves Service Station. The latter came back to defeat Detroit Edison 11-6.

Activities for the coming year will be planned at a meeting called by the Prudential Committee of the Congregational Church for 8 tonight at the church. All boards, committees, fellowships and interest groups are urged to attend.

City Manager Donald C. Egbert was instructed by the City Commission this week to make further negotiations with John Rosso over the sale of a portion of the Rouge River, a part of assessor's plat No. 12.

He will also confer with property owners in the area, who had previously expressed a desire to purchase the land.

Rosso has stated he will sell the property for \$15,000. The city's appraisal price was far below that sum, Egbert said.

Rosso was enjoined last year from using a right-of-way through the park that lies between Hawthorne road and his property, upon the complaint of residents.

Stevenson Visiting Birmingham Today

(Continued From Page One)

noon at the farm of Le Roy Lang near Davison. The "farm problem" was expected to be the theme of this gathering.

The ex-presidential candidate then will dash by auto to Birmingham where he is to be the guest of honor at a reception at the home of Ben Goldstein. A member of the 1952 "Volunteers for Stevenson" which is sponsoring the gathering. Then he will go into Detroit for an 8 p. m. reception and talk at the Masonic Temple.

Stevenson's visit to Michigan was marked by a rebuttal over the Birmingham visit, Oakland County Democratic, notably Willis M. Brewer, county Democratic chairman, were made because they felt they were snubbed by Neil Stuebler, Democratic state chairman, in arranging the affair outside normal party channels.

Brewer said he had declined an invitation to attend because "the rank and file of Oakland County Democrats are not invited." He said only about 50 persons had been invited to the Goldstein reception.

A spokesman for the governor's office said Brewer's blast was the result of a misunderstanding.

The affair at Birmingham is sponsored by the "Volunteers for Stevenson" which is largely a group of Detroit business and professional men, the spokesman said. "It just happened that the only one willing or able to make his home available for the reception was Mr. Goldstein and he happened to live in Oakland County. It is a Detroit affair, really, and not Oakland County's. Mr. Brewer simply misunderstood the basis of the affair."

Rain to Cool Air by Friday Night

(Continued From Page One)

to 92 degrees, an all-time high for June 15.

Southerly winds of 10 to 15 miles per hour are scheduled to breeze in Friday. The low temperature preceding 8 a. m. today was 69. The mercury rose to 71 by 8 a. m. and to 82 by 1 p. m. in downtown Pontiac.

Mrs. Sadie Carl, of Romeo, suffered a heart attack during the height of the storm there. Attempt by the fire department rescue squad to revive her were unsuccessful.

Pontiac Deaths

William A. Donovan

Funeral for William A. Donovan, 70, of 499 Omar St. will be Saturday at 2 p. m. from the Voorhees-Siple Chapel. The Rev. John Mulder, associate pastor at Central Methodist Church, will officiate and burial will be in Perry Mount Park Cemetery.

Mr. Donovan died early Wednesday morning.

Mrs. Laura Marshall

Funeral service for Mrs. Laura Marshall, 37, of 58 Chapman St., will be held Saturday at 2 p. m. from the Trinity Baptist Church of which she was a member. The Rev. Richard H. Dixon Jr., her pastor, will officiate. Burial will be in Oak Hill Cemetery.

The body will be taken to her home at 7 p. m. Friday.

Surviving are her mother, Mrs. Artie Rinkins, four sons and a daughter, Joel in the Air Force at Great Falls, Mont., Charles, Kenneth, Rose Lee and Alfred, all at home.

Also surviving are a brother and two sisters, A. C. Rinkins and Mrs. Johnnie Reynolds, both of Detroit, and Mrs. Theresa Marshall, of Pontiac.

Loretta Mays

Funeral for Loretta Mays, 17-month-old daughter of Clide and Luella Hyman Mays of 240 Harrison Ave. was held today at Frank Carruthers Funeral Home. The Rev. Charles Peoples, assistant pastor at New Bethel Baptist Church officiated, and burial was in Oak Hill Cemetery.

The baby was born in Pontiac Jan. 10, 1953 and died Tuesday in St. Joseph Mercy Hospital. She had been ill three months.

Besides her parents, brothers and sisters surviving are Maurice, DeLores, Marie and Marlee all at home.

Mrs. Thomas Middleton

After an illness of one year, Mrs. Thomas (Carrie M.) Middleton, 78, of 207 Oliver St., died in Pontiac General Hospital at 6:30 Wednesday evening.

Born in Pierceton, Ind., June 28, 1875, she was the daughter of James H. and Elizabeth Green and the widow of Mr. Middleton.

Mrs. Middleton came to Pontiac from Indiana 58 years ago and was a member of the Central Methodist Church.

Surviving are seven daughters and a son, Mrs. Alberta Salisbury of Fort Wayne, Ind., Mrs. Lily Duke of Chubbuck, Ind., Mrs. Mary Rea of Detroit, Mrs. Alice Elsholtz, Mrs. Gladys Conklin and Mrs. Frances Davis, all of Pontiac. Mrs. Thelma Wetterlund of Lake Bronson, Wis., and Thomas Middleton of Wolcottville, Ind.

Also surviving are nine grandchildren and nine great-grandchildren.

Funeral service will be held Saturday at 1 p. m. from the Donelson-Johns Funeral Home. Burial will follow in White Chapel Memorial Cemetery.

Paul S. Vangeloff

Graveside service was held today in Oak Hill Cemetery for Paul Stanley Vangeloff of 439 Orchard Lake Ave. Son of August and Mary E. Smith Vangeloff, the baby died at 11:15 a. m. Wednesday shortly after birth in St. Joseph Mercy Hospital.

Besides his parents he is survived by his grandparents, Mr. and Mrs. Clifford Smith of Pontiac, a sister and two brothers, Kathleen, Nicholas and Robert. Arrangements were by the Dudley H. Moore Funeral Home in Auburn Heights.

Kass Named to Board

BIRMINGHAM — Charles B. Kass was one of three men appointed to a board of inquiry Wednesday to investigate possible fire department negligence in a fire Monday in which three persons were killed. His name was incorrectly spelled in yesterday's Press.

McClellan called the Feb. 24 memo of understanding "information" and asserted: "If you Republicans would consult with Democrats a little more and welcome our help, you'd have a better administration had a better government."

Boy Treated for Bruises After Running Into Car

David Moreno, 8, of 24 Whitfield St., was treated for bruises at Pontiac General Hospital Wednesday after he ran into the side of a car on Chamberlain street.

The driver, George McGill, 65, of 137 E. Iroquois Rd., said the boy ran from behind a parked truck.

Rebels Seen Near Guatemala Border

(Continued From Page One)

porters inside Guatemala will rise up to fight with us when the moment comes."

Castillo Armas, in a message to his Guatemalan "compatriots," said he would be with them "very shortly." The exile leader called on the Guatemalan people to prevent Arbenz and his aides from fleeing.

Chinchilla told newsmen it was rumored the Castillo Armas forces would "start fighting Friday."

A dispatch from Associated Press Correspondent Jack Rutledge in Guatemala, delayed five hours by the new strict censorship, reported last night that the capital city was quiet and international airlines had resumed normal service after a temporary government — ordered halt.

Dondero said the seaway might reduce living costs for persons in this region by cutting transportation costs of imported goods.

New Era Forecast With Seaway Project

(Continued From Page One)

will be necessary to transport the ore from rich deposits in the wilds of Labrador and Quebec.

"That ore can be brought to our steel industry, using the same facilities now used in bringing ore down the lakes through the locks at the Soo," Dondero explained.

He said the seaway will directly benefit the entire Midwest, especially highly industrialized cities such as Detroit and Pontiac.

"The Great Lakes region now produces 65 per cent of the nation's wealth," Dondero continued. "To maintain the industrial pre-eminence of the region and keep it pegged in the area, raw materials must continue to be made available at low cost. The seaway's actual construction will give industry this assurance."

He pointed out that small transports now use the St. Lawrence, but the enlarged route will bring bigger, 10,000 to 20,000-ton ships into the Great Lakes.

Citing the decrease in shipping costs with the use of larger ships, the congressman said the estimated savings on a carload of refrigerators shipped from the Detroit area to Europe would amount to \$114. The savings on shipping an automobile to any Baltic port would be \$22.

Dondero said the seaway might reduce living costs for persons in this region by cutting transportation costs of imported goods.

In denouncing communism, Dondero cited the many advantages of the American system of free enterprise.

He said the United States flag is a symbol of a free people. The flag is 177 years old, he said.

said, and the custom of honoring the flag's birthday is 65 years old.

Speaking directly to some 80 new citizens in the audience, Dondero said the constant stream of immigrants enriches the country and replenishes its strength.

The Flag Day program was sponsored by Pontiac Elks Lodge 810 and arrangements were handled by the lodge's Americanism committee headed by Lynn D. Allen.

Recover Body of Man Who Drowned Oct. 18

FLINT — The body of Francis E. Thomas, 48, of 1103 Wyandotte, Royal Oak, who drowned last Oct. 18, was recovered from Lake Fenton today.

Identification was made by a billfold, Thomas drowned when he fell out of a boat.

Vote on Birth Control Report

Augustana Favor Planned Parenthood

REPORT — A report on birth control comes before the Augustana Lutheran Church 95th Synod for discussion today. The Executive Council has recommended its adoption.

A vote on the subject was deferred last year. The report on "responsible parenthood" was begun in 1952 by the Commission on Social Relations of the American

Lutheran Conference, a federation of five church bodies including Augustana, and has been revised since last year. A spokesman said, to emphasize a spiritual basis, in part:

"The means which a married pair uses to determine the number and the spacing of the births of their children are a matter for them to decide with their own consciences, on the basis of competent medical advice and in a sense of accountability to God."

Temperature of the burning end of a cigaret is between 1200 and 1325 degrees Fahrenheit.

U. S. Translates Unmilitary Titles of Jap Officers

TOKYO — The men who command Japan's security forces have strictly unmilitary titles such as superintendent.

So there was some surprise today when the U.S. Navy base said Rear Adm. Yasumaro Taniguchi had visited the aircraft carrier Boxer.

Inquiry showed that U.S. officials have been privately translating titles to military rank. Taniguchi is vice superintendent of the coastal safety force.

A Navy spokesman was mildly surprised when asked about it all. "You mean they have some other titles?" he asked.

Warns of Curb on Court News

Counsel for Publishers Cites Use of Contempt Citations

ANN ARBOR, June 16.—John Hansen, general counsel for the American Newspaper Publishers Assn., warned last night against new attempts by judges to control court news through employment of contempt citations.

Hansen addressed a Communications Media Institute, sponsored by the University of Michigan.

He defined the struggle between some judges and newspapers as "the conflict between the ideology of freedom and totalitarianism."

The attorney deplored the "hue and cry in some areas for a return to the discredited system of judicial control of court news."

Hansen also said there can be no such thing as "trial by newspapers" in criminal cases if the judge, lawyers and police do their jobs right.

He noted recent U.S. Supreme Court decisions which have reaffirmed the guarantees of freedom of speech and a free press. Hansen specifically cited the case of Pennekamp vs. Florida in which the high court reversed a contempt conviction against the Miami Herald and its editors.

The newspaper had been found guilty of contempt by a judge if it had criticized editorially.

Earlier, Dr. Harold L. Cross, author and associate dean of journalism at Columbia University, cited statistics to show how, what he called secrecy is practiced in Congress.

Dr. Cross, author of "The People's Right to Know," explained that most legislation is worked out in committee session.

Yet a survey shows, he said, that both press and public were barred from 44 per cent of all committee and subcommittee meetings during the first session of the 83rd Congress.

He said politicians' fears of what will happen when people are given access to information often are not borne out.

Dr. Cross noted that 20 states have relaxed their restrictions on formerly secret relief roles. And there is no known instance where the public has abused the privilege of seeing them, he said.

The attorney general was not a member of the President's cabinet until 1814.

LOOKING AHEAD—Mrs. Anthony Barnett of New York demonstrates the simple test which a Paris doctor devised to tell the sex of an unborn child. The expectant mother places a special wafer on her tongue to moisten with saliva and the inventor places

an ingredient on the wafer. He then is able to tell from the color it turns whether the blessed event will be a boy or girl. Inventor claims a record of 98 per cent accuracy in tests on French women.

Junior High Librarian Will Attend Convention

Librarian of Eastern Junior High School, Miss Lorna MacKellar, of 7 Prall St., leaves Friday to attend the National Convention of the American Library Assn. in Minneapolis.

She will be accompanied by her sister, Miss Lois MacKellar, librarian of the Mansfield (Ohio) Public Library.

Usual Ballot Mixup Starts Reform Move

DETROIT (INS) — The Detroit Citizens League Wednesday asked the State Legislature's Interim Committee on Election Reform to study practices of "loading" ballots with "phony" names.

League Director Chester J.

Morse asked the committee to attend hearings on requests by candidates to gain such designations as "Present State Representative" beside their names on Detroit and Wayne County ballots.

Morse declared "About 30 of the legislative aspirants are phony candidates. They filed to enable some other person with a similar name to set up a claim for an identifying designation on the ballot."

Mob Gangs Up on Alleged Red

Employees at Chevrolet Beat Fellow Worker, Put Him on Bus

FLINT (INS) — An angry mob of 200 Chevrolet employees attacked a fellow worker Wednesday and forced him from the grounds because of his alleged Red activities. The incident occurred in front of Chevrolet Plants 4 and 5 when the mob surrounded 27-year-old James Zarichny, who was expelled from Michigan State College in

1948 for alleged Communist activities.

Zarichny was pushed, shoved and beaten while attempting to move through the crowd. Finally, the mob threw him on a bus and shouted at him:

"Go to Moscow!"

Zarichny was expelled from Michigan State several months after he had been convicted of contempt of the State Senate for refusing to tell a Senate investigating committee whether he was a member of the Communist party.

The demonstration Wednesday marked the first outbreak of violence in a series of wildcat strikes which have intermittently tied up the two Chevrolet plants since Monday.

The term "tabby" refers to the markings on a cat.

200 Donors Needed in Bloodmobile Visit

Two hundred men and women are needed to give blood at Monday's American Red Cross "Bloodmobile" visit here. Mrs. N. E. Durocher, Pontiac area blood donor recruitment chairman for Oakland County's Red Cross chapter, urged anyone who can to give blood Monday.

"We usually experience a drop in donations during summer months," she said. "But there never seems to be a drop in demand — local hospitals and our sick and injured people go on needing blood just as badly."

The Red Cross "bloodmobile" will take donations from 2 until

8 p.m. Monday at Pontiac Elks' Temple, 114 Orchard Lake Ave. Donors may call Red Cross office, Federal 4-3375, this week for appointments or just "walk in" during "mobile" unit hours.

Appoint Rankin Dean of Men at Ferris Institute

BIG RAPIDS (AP) — Donald F. Rankin, Mayor of Big Rapids and Dean of Men at Ferris Institute, has been appointed Dean of Students by the Ferris Board of Control.

Rankin, who came to Ferris in 1945, will be responsible under the new title for administration of student personnel services, student activities, housing, veterans advisement and college student welfare services.

Don't Request Hamburgers on Visit to Hamburg

HAMBURG, Germany (UP)—Don't ever ask for a hamburger in Hamburg. Just ask for "klops" or "hacksteak."

There is no explanation why the delicious patties of ground meat in buns are called "hamburgers." A Hamburger is a resident of this city and is known as such for the same reason that Pittsburghers are called Pittsburghers.

Some say overseas visitors who landed in Bremen or Hamburg saw the German-chopped meat for the first time in these cities. But that does not explain why they aren't called "Bremenburgers," too.

Hamburgers—the people of

Hamburg, that is—long ago took revenge on Americans for confusing the issue. Just walk into a Hamburg bakery and ask for an "Amerikaner."

The baker will ask no questions and give you as many "Amerikaners" as you demand. They are light, white-yellow round cookies coated with chocolate or vanilla icing and sell for about four cents each.

Nobody knows why they are called "Amerikaners," but even Hitler couldn't change the name. Frankfurters are popular here under the same name as abroad, but doughnuts, which have no holes in Germany, are called "Berlins."

Annual milk supply of the United States contains 1,450,000,000 pounds of nutrients, such as protein, minerals, lactose and fat.

Red China Sees Return of Horse

TOKYO (AP)—The horse is making a comeback in Red China. A recent Peiping broadcast said communist cooperatives in seven provinces "will supply the peasants with more than 130,000 draft animals this year."

"The growing demand for more draft animals," Peiping explained, "is a result of the wide use of new horse-drawn farm implements and the large scale farming methods adopted by the agricultural cooperatives."

The broadcast reported that 10,000 horses will be imported from Mongolia to improve local breeds.

Austerity on Formosa Tightened by Chinese

TAIPEH, Formosa (AP)—Austerity on Chinese Nationalist Formosa is becoming more austere.

The provincial government has clamped new restrictions on the opening of new cafes and bars, bans Chinese from serving foreign wines and cigarettes except when foreign guests are present, and has placed a tighter curb on the import of luxury goods.

The first Chinese student ever to graduate from an American college or university received his B.A. from Yale just 100 years ago. The student was Yung Wing who served as China's Commissioner of Education and Associate Minister of China in Washington after graduation from Yale in the Class of 1854.

Hal Boyle Says:

Adenauer May Be Europe's Abraham Lincoln

BOON, Germany (U. P.)—The danger to the free world is not the Soviet Union, but the East German government, says Hal Boyle, a 70-year-old American statesman who has been a true European for many years.

And that is running out for the old man.

As of the first of this year Chancellor Konrad Adenauer was the strongest and most influential political figure between London and Moscow.

By the end of this year Adenauer will probably either go down in history as a kind of European Abraham Lincoln—or merely another old titan with a faded dream, cultivating his rose garden in quiet bitterness as his countrymen forget him.

The issue is simple. His coalition German Federal Government so far has gone along with him in his program for European defensive cooperation. But the coalition is wavering. How long can he hold it together in the face of France's refusal to vote for a six-nation European army in which French and German troops would serve together?

Just last week the sturdy elderly Chancellor told a group of visiting American former war correspondents about his dream of European freedom. Lean and erect, he has the dark impressive facial immobility of an Indian chieftain.

But although he has lived eight years behind man's Biblical age, his voice was firm and strong, his eyes bright and intense, as he talked for more than an hour on the present plight of Europe.

Many German leaders now like to play down the question of Germany's guilt in the last war. But Dr. Adenauer makes no concessions to his people's desire to forget the past. He despised Adolf Hitler's aggression in the latter's lifetime and has no wish to minimize now the disaster that Nazi policies brought to the world.

Then turning to communism, he remarked:

"But a terrible dictatorship has gained control of half of Europe. This dictatorship is even worse and stronger and more cruel than that of Hitler."

The Chancellor remarked he thought it a delusion for leaders in his own or other individual countries to believe they could deal separately with Soviet Russia. He said nothing impressed Russia's Communist ruler but power equal to their own, and the only power they now feared was the United States.

Then he went on to add that if the six-nation European army did become a reality the Russians would find that within four years it would no longer even serve their purposes to continue the cold war real peace might be won.

"We can no longer think in national terms only," he said. "The development of Germany since 1945

could be a threat to another country. We must overcome the selfish egoism of European nationalities."

The strong old man sat there a moment, his firm face framed against the white-walled reception room in the Palace Schaumburg, then he rose and quickly walked out.

Seeing him leave, some of us couldn't help wondering who, if Dr. Adenauer falls, would have his strength of will or purpose to weld a free and united Europe. He seems the tallest tower in a dubious landscape still darkened by ancient fears and old distrust.

Oregon's Crater Lake is 2000 feet deep.

Tombstone Not Doomed to Be Ghost City Marker

TOMBSTONE, Ariz. (U. P.)—This historic mining camp always has boasted it was "the town too tough to die." Now it really has a new lease on life. Newmont Development Co., a subsidiary of Newmont Mining Co., is pumping water from the once-rich mines to explore the silver and lead veins.

A group of Illinois business men is planning a 100-house subdivision and a 26-unit motel. The reactivation of nearby Ft. Huachuca as an electronics proving grounds is expected to be a boon to Tombstone business. The fort is expected to have 8,500 military and civilian personnel.

X-ray machines are sometimes used by the U. S. post office to check for goods mailed in violation of the law.

Notice of Intention to Construct Sanitary Sewer in Pleasant View Avenue from Hillmont Avenue to East Line Lot No. 181 Woodward Estates Subdivision.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan, held on the 15th day of June, 1954, by resolution it was declared to be the intention of the City Commission to construct a sanitary sewer in Pleasant View Avenue from Hillmont Avenue to East Line Lot No. 181 Woodward Estates Subdivision, at an estimated cost of \$1,980.00 and that the plan, profile and estimate of said improvement is on file for public examination.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage, and that all of the lots and parcels of land fronting upon either side of Pleasant View Avenue from Hillmont Avenue to East Line Lot No. 181 Woodward Estates Subdivision shall constitute the special assessment district to defray \$1,972.48 of the estimated cost and expenses thereof and that \$207.52 of the estimated cost and expenses thereof shall be paid from the Sewerage Treatment Fund.

NOTICE IS HEREBY GIVEN That the Commission of the City of Pontiac, Michigan, will meet in the Municipal Court on the 22nd day of June, 1954 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

Dated: June 16, 1954. ADA R. EVANS, City Clerk, June 17, 1954

LEGAL NOTICE A resolution has been passed by the Pontiac Township Board to divide the two voting precincts into four (4) as follows:

Precinct No. 1—Sections 1-2-11-12-13-14-23-24
The people in these sections will vote at the Township Hall, 3060 Opdyke Road
Precinct No. 2—Sections 35 and 36 voting at the new fire hall in Auburn Heights.
Precinct No. 3—Sections 25 and 26 voting at the old fire hall in Auburn Heights.
Precinct No. 4—Sections 3-4-5-6 and north half of Sections 7-8-9-10 voting at the Township Fire Hall, 2533 Johns Avenue

Bride-Elect Is Enjoying Party Whirl

Martha Werden to Repeat Her Vows on June 26

Martha Werden, who will speak her wedding vows June 26 with Richard Wesley Labadie of Decatur, has been caught up in a whirl of pre-nuptial parties and luncheon showers.

Saturday Mrs. H. B. Stillman of Birmingham and Mrs. Verne Hampton entertained in her honor at Oakland Hills Country Club, and Monday she was guest of honor at the Lower Straits Lake home of Mrs. Russell Streeter for a luncheon shower.

Mrs. Stephen Clemon Jr. and Mrs. William Dean Jr. have planned a luncheon shower at Devoy Gabies for Tuesday, and on Wednesday friends and relatives will gather at Rotunda Inn where Mrs. Ashton Emory and Marion Emory, both of Waterford, will entertain for Martha.

The rehearsal dinner will be served next Thursday at Rotunda Inn. Parents of the bride-elect are the Mel W. Werden of Edgewood drive.

Banish Fish Odor on Dishes, Pans With Baking Soda

Fried flounder and broiled trout taste wonderful on the table, but unfortunately, the odor of our finned friends is apt to linger on—clinging to cooking utensils, especially the frying pan, and can be quite unpleasant.

A soap and water bath sometimes is not enough to remove the odor of fish from cooking utensils, china and silver. But here's a trick which will not only remove fish odors but make china, silver, pots and pans sparkle and shine to a glorious luster.

a baking soda solution—about three tablespoons soda to one quart water, then wash as usual.

Try soaking pots and pans in this treatment is recommended for all types of pots and pans except aluminum. With these, sprinkle a little dry baking soda over the spots and rub with a damp cloth or sponge. Spots will vanish, odors will be quickly routed.

For china, about three tablespoons baking soda in your dishpan when you're adding your favorite soap or detergent will rid your plates of unpleasant smells.

For silver, sprinkle some dry baking soda on a damp cloth and rub over the silver. Not only will fish odors disappear, but soda is non-abrasive so it can't scratch or mar the finish of your best china and silver.

ARLEEN JANE SOFKO

A recent graduate of the Mercy School of Nursing in Detroit is Arleen Jane Sofko, daughter of Mr. and Mrs. Charles S. Sofko of West-acres.

MARILYN RUTH KATZEN

Announcing the engagement of their daughter, Marilyn Ruth Katzen, to Joseph Partney are Mr. and Mrs. Joseph Katzen of Hartford, Conn. Joseph is the son of Mr. and Mrs. Nathan Partney of Dick avenue. A fall wedding is planned.

Movies Are Shown to Mission Belles

The Rev. Carl Nelson showed movies of church gatherings Tuesday evening when Mission Belles of St. John Lutheran Church met in the church parlors.

Hostesses were Mrs. Freeman Thoe and Mrs. William Parks. The Rev. Mr. Nelson gave devotions and the group rolled bandages and made hospital gowns for the African Mission Hospital. Sewing materials were donated to the Lutheran Old People's Home in Illinois. Mrs. Samuel McMurry is chairman of the picnic planned for July.

MARY LYNNE BOWER

A bachelor of science degree from the Missionary Training Institute at Nyack, N. Y., was received by Mary Lynne Bower, daughter of Mr. and Mrs. William C. Bower of Summit avenue.

WILLIAM DONNELLY

A doctor of medicine degree from Wayne University will be conferred upon William Donnelly of Delaware drive at the commencement exercises Thursday.

Royal Curves Rate High

NEW YORK — Princess Margaret is more petite and more curvaceous than the average American girl of the same age, reports a popular magazine in its current issue. Nature, says this magazine has endowed her with the hourglass figure which the average American girl can acquire only by "mechanical constriction."

The princess, who is 5 feet 1 inch, weighs 100 pounds, while Miss Average America at 23 is 5 feet 6 inches (in heels) and weighs 123 pounds. The Princess' waist measures 24½ inches as compared with the latter's 26½ inches, and her hips, which measure 33 inches, are 4½ inches smaller.

Their bust measurements are more nearly alike — that of the Princess being 33½ inches while the average American girl's is 33.9 inches. But the average American girl has much larger feet: She takes a 7½ A shoe while Margaret wears a 4½ AAA.

The Princess is careful about the clothes she puts on this curvaceous figure of hers. She never accepts a sketch without suggesting ideas and eliminating frills or bows, which she abhors.

Most of her clothes for daytime wear are designed by Stiebel, although her clothes for home wear are often made by Miss Ford, one of the royal dressmakers.

Norman Hartnell generally designs her evening dresses, particularly those for state occasions. The Princess also has evening gowns from Dior and Desse.

She never wears black in the daytime, since members of the royal family are expected to be readily seen. But, other than that, there are no restrictions on what she may wear.

By comparison with the princesses of fiction, Princess Margaret does not own much jewelry. Most of the family jewels are heir-

PRINCESS MARGARET ROSE

looms and, as such, belong to her sister, the Queen. Pearl necklaces, of which she has three, are her favorite jewelry. She never wears rings and seldom wears earrings.

Her makeup is adapted to her clear complexion and pale skin and she uses moderately dark shades of lipstick. She uses mascara, with a little eyeshadow, only at night. She uses colorless nail polish but does use pale pink on occasion.

Her hairdo, of necessity and from choice, is a simple one. She knows that an elaborate hairdo, or a boyish haircut, would not be becoming with hats, which for her are a must.

Coming Events

Ladies Auxiliary of Eagles Aerie 1330 will hold an officers' meeting this evening at 7:30, followed by a regular meeting in the hall at 26 W. Mont-calm St.

TRI Women's Club will meet with Mrs. Lehr Miller, 3416 Clayton St., Drayton Plains, at 4 p.m. Saturday. Cooperative supper will follow at 8 o'clock.

Malta Temple Board will meet Saturday at 8 p.m. in the Malta Temple, 82 Perkins St.

Two Will Leave Saturday for Year Through Europe

Joseph Wagley and Duane Bigsby Sail From Montreal for 3-Month Holiday

Joseph L. Wagley, 2140 10th street, who will graduate today from Wayne University, and Duane Bigsby of Lakeview avenue will sail Saturday from Montreal for a three-month tour of Europe.

Mr. and Mrs. Thomas C. Moreau have returned to their home in Lansing after spending a few days with his family, Mr. and Mrs. Frank J. Moreau, John and Margaret Moreau, at their home on East Iroquois road.

Mr. and Mrs. J. M. Darling of Cincinnati, Ohio, were weekend visitors at the Dean Fiddler home on Devon road.

On Sunday the Ray Slaughters entertained at dinner in their honor. Other guests included the Ivan Sheltens and the Wayne Dones of Detroit.

The Otto Beckers of Bloomfield Hills will leave Saturday for their farm in Virginia. On the way they will stop over in Greenbrier.

They will return home around the first of July, and then, after a week at home, they will return to Virginia for the rest of the summer.

Mr. and Mrs. Gustav Kendall of Binghamton, N. Y., were recent guests in the West Walton boulevard home of Mrs. Harley Bowers.

Margaret Soderberg, daughter of Mrs. Anne Soderberg of Shore View drive, left Saturday for Washington, D. C., where she will be assistant to the editor of the Catholic Periodicals Index, Catholic University. While there she will study library science at the university.

Mrs. Myron Buck will be hostess in her West Iroquois road home when Fireside Club meets Friday.

Mr. and Mrs. Kline Dudley Jr. of James K boulevard are announcing the birth of a daughter, Michele Lee, June 15 at St. Joseph Mercy Hospital. Grandparents are Mrs. M. T. Hofmann of Algonac, Kline Dudley of Menominee, Wis., and the J. A. McKinnies of South Johnson avenue.

Mr. and Mrs. Robert Pritchett (nee Bernice Nesbitt) of Starr avenue are announcing that their daughter, Lorine June, was born June 12 in Pontiac General Hospital. The William T. Nesbitts of Bondale avenue are the baby's grandparents.

Receiving degrees at Hillsdale College commencement exercises recently were three area residents.

Jacqueline Broad of Berwick boulevard was awarded an A.B. degree, Maria Lee Jackson of B-linets avenue received an A.B. degree and Albie LaBarge, now living in Hillsdale, received a B.S. degree. Maria received a secondary teaching certificate and Albie, an elementary teaching certificate.

Mortar Board, society for outstanding women leaders on college and university campuses, announces a new member, Shirley Ann Senters, senior at Michigan State College. Shirley is the daughter of Mr. and Mrs. Ivan Senters of South Johnson avenue.

A Stitch in Time

The smallest repairs are the ones likely to be neglected. To remember your stitch in time, keep a little box holding needle, thread and scissors near your ironing board. Then you can mend dangling buttons and open seams as they appear.

Maggy Rouff matches polka-dotted footwear to polka - dotted dresses. The shoes can be worn with plain dresses to match polka-dotted accessories.

White pique shoes printed with a rosebud pattern are the most romantic Paris shoe styles, but the smartest, simplest and most elegant shoe this year is of white snakeskin.

Used by several Paris shoe designers, this Makassar snake is as soft as the finest glove-leather and has a very fine, lizard-like grain. Dior shows a glove-fit white snake pump. Shoe designer Corder comes up with a white Makassar snake model with a Persian twist—the shining black sole turns up at the toes to form a slight triangle in front.

132 Rochester Seniors Will Graduate
Joan Rewold, Roger Forbush Will Lead Graduates

ROCHESTER—With Dr. Charles Ervin of Michigan State College as commencement speaker, 132 Rochester Community School seniors will receive their diplomas tonight in the high school gymnasium.

Heading the graduates will be Joan Rewold and Roger Forbush, Honor Girl and Honor Boy of the Year, respectively.

The surprise awards were made to the pair at the Honor's Convocation Tuesday night by Principal Marian Johnson.

Miss Rewold, the daughter of Mr. and Mrs. Clarence Rewold of 762 Ludlow Ave., was president of the Junior-Senior Girls Club and also the Future Nurses Club.

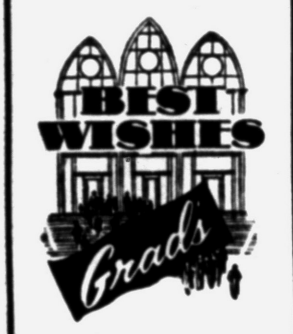

Governor of Boys State, local Student Council president and a member of a statewide youth committee, Forbush is the son of Mr. and Mrs. Edwin H. Forbush of 312 Highland Ave.

Awarding of the honors was based on activities as well as scholarship.

Methodist Church Plans Reception Friday Night

IMLAY CITY—A reception for new members and parents of children baptized during the past year will be held at the Methodist Church here at 8 p.m. Friday.

The program will be followed by a social hour and refreshments. Mrs. LaVerne Crandall, Mrs. Y. W. Pelong, Mrs. Glenn Spencer and Mrs. Kenneth Samson are on the committee in charge of the affair.

MR. AND MRS. WILLIAM HOEHN

Rochester Couple Travels North

Ardith Scribner Speaks Vows in St. Paul Church

ROCHESTER—Before an altar embanked with white mums and white majestic daisies in St. Paul Methodist Church Saturday, Ardith Marilyn Scribner became the bride of William Garrison Hoehn in a double-ring candlelight ceremony.

Ardith is the daughter of Mr. and Mrs. Wilmer O. Scribner of 500 Second St. William's parents are Mr. and Mrs. Walter H. Hoehn of 152 Albertson St.

Attending the evening ceremony were 200 guests.

The bridegroom had a lace top over white satin, a nylon tulle skirt over white satin in front, lace over white satin in back, and a train. Scallops of lace adorned the sides and skirt edge of the train.

Her veil was a nylon tulle band in fingertip length. She carried a

white orchid with lily-of-the-valley streamers on a white prayerbook.

Serving as maid of honor for her sister was Sandra Jean Scribner. Bridesmaid was Mrs. Robert Watson, also a sister of the bride.

Both wore identical gowns with lace bodices, matching boleros and net-over-satin skirts. The maid of honor chose a blue gown and the bridesmaid, pink.

Walter Hoehn Jr., twin brother of the bridegroom, served as his best man. He is from Wisconsin. Ushers were Paul Hoehn, also a brother; Rod Arnold of Rochester and Steve Bruce of Detroit.

A reception was held in the American Legion Hall of Rochester before the newlyweds left for a honeymoon in northern Michigan. They will live in Rochester when they return.

For her going-away costume the bride selected a mauve linen suit with white accessories and wore the orchid from her bridal bouquet.

Mrs. Scribner wore blue lace over taffeta, a pink and navy accessories and a white rose corsage for her daughter's wedding. Mrs. Hoehn chose sheer beaded print with white accessories and a yellow rose corsage.

Marilyn Halsema Repeats Vows in Windsor Rite

KEEOG HARBOR—At a ceremony in United Church of Windsor, (Ont.), Saturday Marilyn Halsema, daughter of Mr. and Mrs. Frank Halsema of Keego Harbor, became the bride of ABQR Myles Cascaden, of the Royal Canadian Navy.

The bridegroom is the son of Mr. and Mrs. Melvin Brophy of Windsor.

Attendants at the ceremony, which was attended by the immediate families, were the bride's sister, Janet Halsema of Keego Harbor, and the bridegroom's brother, Fred Cascaden of Windsor.

The newlyweds are honeymooning at Colchester, Ont. on Lake Erie.

Women's Relief Corps Meeting in Grand Rapids

ROCHESTER — Attending the State Department Woman's Relief Corps convention in Grand Rapids today and tomorrow are eight delegates from the William P. Everett Corps.

The representatives are Mrs. Florence Hosking, Mrs. Gale Clark, Mrs. Emma Price, Mrs. Susie James, Mrs. Ben Jones, Mrs. Sarah Lindsey, Mrs. Ada Toutsaint and Mrs. Frank Rewold.

Also to Decide Disposal of Sites

4 Candidates Seeking Board of Education Positions

ROCHESTER — School electors will choose two board of education trustees from four candidates and decide the disposal of former primary schools and properties now within the district when they go to the polls in July.

At the regular meeting of the Rochester Community Board of Education Wednesday night the petitions of Dr. Eve Schlecte, incumbent; William L. I. McDaniel and Roy F. Plasmann were officially checked and approved.

Resolutions were also adopted requesting permission of the voters to dispose of the following properties:

- 1 — One acre of land, the site of the old Mount Vernon School.
- 2 — Buildings on the sites of Christian Hill, Hubble and Brewster Schools with property to be returned to original owners if title is proved.
- 3 — Buildings on Brush, Kline Snell and Bigler sites to be disposed of with rightful owners of property to be determined and if the school district has the title, sell the site and building.

Following several months of study and review, Henry Purdy, president of the Rochester Citizens' Committee, presented to the board the final recommendations on the new high school program.

"These recommendations," said Purdy, "are predicated upon what we believe is essential in a sound, basic educational program for the children of our community."

The board adopted a resolution commending the committee for their work and said they would study the reports hoping to incorporate the citizens' ideas in the drafting of plans for the new high school.

New appointments in staff personnel were approved with Miss Alvina Good named to the principalship of the Brooklands School. She has served in the Rochester schools for several years and prior to this was principal of schools in Kalamazoo, Ionia and Monroe.

Mrs. Lois Thompson was named principal of Woodward, Stone Creek and the Lathrup Annex Building. She will also serve as an instructional consultant to work with new teachers in the elementary school program.

Robert McKenney will assume the duties of combination principal-teacher at Goodison. He has held this post at Avon school this year. Tim Baxter, a seventh grade teacher at Brooklands, becomes the new principal-teacher at Avon.

Mrs. Minnie Thorpe is the principal-teacher at Hamlin School.

Imlay City Schools Fill Two Vacancies

IMLAY CITY — Two vacancies on the staff of the Imlay City Schools were filled recently by the Board of Education.

Florence Baur of Elkton, will teach kindergarten and Judith Klann of Capac, will teach a first grade section.

Miss Baur has eight years' teaching experience in Huron County schools and earned her degree at Central Michigan College. Miss Klann also holds a degree from Central Michigan.

RALPH E. PLASKOWSKI

Boy Scout Leader Wins Promotion

ROYAL OAK — Promotion of Ralph E. Plaskowski of 4501 Elmhurst, to the post of district executive for District One, Detroit Area Boy Scout Council, was announced today.

In the new position, he assumes administrative responsibility for all scouting in Oakland County from Bloomfield Hills to Baseline—an organization of 9,313 boys and leaders.

Plaskowski moved to this area from Alton, Ill., where he spent more than three years in scout executive work. An Air Force veteran, he holds an A.B. degree from George Williams College, Chicago. He and his wife, Phyllis, are the parents of two children, Sharon and Mark Edward.

The seemingly heavy, unwieldy bill of the hornbill bird is actually quite light. The outer walls are thin but strong and the insides are a network of delicate, bony fibers.

Purchased This Week

Rochester Buys Bulldozer to Cut Dump Leveling Cost

ROCHESTER—Two new items of equipment needed by the Village of Rochester were purchased this week—a diesel bulldozer at a cost of \$6,997 and a water leak indicator for \$232.50.

Village Manager Robert Stone and representatives of the water, sewer and highway departments of the village tested the huge bulldozer at the village dump.

Stone said that the cost of keeping the dump in order would soon be minimized by purchase of the machine. Heretofore, bulldozing of the dump had been done by private firms.

The water leak indicator will be used by the water department to re-locate water mains and will also ascertain where old lines are located as well as sewer lines.

Village councilmen this week put the new electrical licensing schedule on the third and final reading. The schedule is an amendment to the electrical Ordinance.

Placed on the first reading was a proposed disorderly ordinance. Points covered in the ordinance are drinking on village streets, loitering in groups, throwing beer bottles out of cars, and loitering in any alley, in houses, halls or other places to which the public has access.

Persons found guilty of violation of the ordinance would be subject to a maximum fine of

Form New PTA Group in County

Organization Contains 2,500 Members From Eastern Oakland

Formation of a new council composed of 27 parent-teacher organizations in eastern Oakland County was announced this week.

To be known as the East Oakland Area Council of Parent-Teacher Assn., the body will embrace schools in the area bounded on the north and east by the Oakland County line, on the west by Woodward and Baldwin road and on the south by the southern Clawson limits.

Most of the groups formerly belonged to the Oakland County PTA Council, "but feel that by setting up our own council closer to home, we can more successfully accomplish our aims and purposes," said publicity chairman Marie Roussville.

Approximately 2,500 members are reported in the new group. Mrs. Walter Huff of Troy Township, a former president of the Oakland County PTA Council, is president, and Mrs. Robert Sanford of Lake Orion, is vice president.

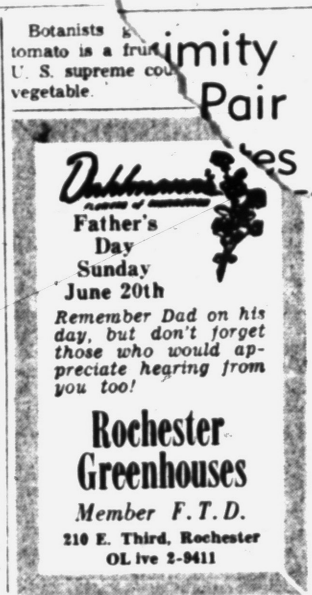

Other officers are Mrs. G. A. Goforth of Avon Township, treasurer; Mrs. William Chapman of Clawson, recording secretary; Rosco V. Crowell, Avondale High School principal, corresponding secretary; and Mrs. Helen Allen of Rochester, historian.

The first regular meeting will be an all-day workshop in September.

The Capuchin order of friars received its name from the pointed hood, or capuche, which is part of their brown or gray habit.

Hazel Park Motorist Killed Near Cadillac

CADILLAC — George F. Cerutti of Hazel Park, was killed Wednesday night and four teenagers suffered minor injuries in a head-on auto collision on M115, four miles southeast of Cadillac. The teenagers, all from Marion, 20 miles southeast of Cadillac, were treated at Mercy Hospital. They are Albert Johnston, 18; his sister, Ruth, 14; Wanda Mosher, 16; and Duane Boonstra, 15. Police said Johnston ran head-on into Cerutti's car while attempting to pass another auto.

Geneva's 'Shadow Man' Leaves Talks Disillusioned

By CHARLES M. MCCANN
United Press Staff Correspondent
The shadow man of the Geneva Conference has left for the United States, sadder but wiser.
V. K. Krishna Menon, sometimes called "the patient peacemaker," went to Geneva as Indian Prime Minister Jawaharlal Nehru's personal representative.

He hoped to bridge the gulf between the Communists and the free world in the negotiations on Indochina. He did not succeed—but he learned a lot about the way Communists do business.

Krishna Menon warned the Russians privately at Geneva that they would lose support among East Asian neutrals if they did not agree to a group consisting entirely of Asian delegates to supervise an armistice in Indochina.

The Communists did not agree. They want any supervisory group to contain at least 50 per cent Reds so that it can do nothing to prevent cheating, and so that the Reds will have a built-in veto power.

Krishna Menon left Geneva, after three fruitless weeks, somewhat bitter against the Soviet Russian and Chinese Communist delegations.

Advices from the conference say he thinks the Reds deceived him by pretending they would compromise on means to control an armistice. He also believes the Reds asked too much in their attempt to take over part of the Indochina associated states of Laos and Cambodia, where the rebels have only scattered guerrilla forces.

But Krishna Menon distributes

his blame. He criticizes the United States for not recognizing Red China and criticizes France for not giving Indochina complete independence.

United States officials hope that Nehru and Krishna Menon will now be less inclined to believe in the possibility of Communist good faith.

Krishna Menon has become internationally known as a foreign policy adviser to Nehru. He won a notable success as the author of the plan which broke the West-East deadlock on the disposition of Korean war prisoners who did not want to be sent home.

Krishna Menon is 57. He is small in stature with the features of an intellectual. He has a remarkably bushy, curly head of whitish-gray hair that makes him stand out in a crowd. He thinks so fast that he sometimes stammers in his speeches. His brain gets ahead of his tongue.

A follower of the late Mohandas K. Gandhi, he neither smokes nor drinks. His strict vegetarianism makes him a problem at banquets.

Krishna Menon went to college in England, and has lived in London most of the time since 1924. He practices law there. He ran unsuccessfully for the House of Commons several times as a Labor Party candidate. He was made Indian High Commissioner in London in 1947.

As Nehru's adviser, he is India's No. 1 diplomat.

He is now going to United Nations headquarters in New York. When he is there, he serves as the real head of the Indian delegation.
