

Don't Snicker—Think of Added Tax Intake

Licenses for Pedestrians?

By HAL BOYLE

NEW YORK (AP)—The big problem in America today is—how can the government live off everybody when everybody is trying to live off the government?

Practically every government—federal, state or local—is running short of money. They also seem to be running out of ideas for new taxes.

What governments need is the courage to reach firmly into new and unplumbed areas of the public purse and pluck boldly therefrom the money needed.

Here are a few tentative suggestions:

Why not tax pedestrians? If drivers have to fork up money to get a license to use the city streets, why shouldn't pedestrians be made to pay for the privilege of wearing out the city sidewalks?

The issuance of \$10 a year pedestrian licenses would not only add millions of dollars in revenue to most big municipalities, it would enable them to weed out reckless walkers unable to pass periodic inspection tests.

BABY BUGGIES TOO

Why not also sell baby buggy licenses? Why should an infant, at the very start of its existence, get the idea there are any free rides in life?

It might even be a good idea to put a \$15 tax—split equally between local state and federal governments—on birth itself, payable at the hospital by the parents before they would be allowed to take their child home.

This way a baby would still be born free, and even after drawing its first breath it would still only owe \$15, which it could repay its parents on its 21st birthday.

A few other ideas:

Taxes on girl watching. (If this popular indoor and outdoor spectator sport ever paid its own way, all government deficits would be wiped out overnight).

Taxes on park bench sitting. Philosophers such as Bernard Baruch might object to these, but those who use public services ought to pay at least part of the costs.

SPECIAL STAMPS

Special tax stamps to be affixed to letters written to Congress complaining about taxes.

Anyone who thinks he has seen the end of new taxes just doesn't know what lies ahead! Such as maybe a burial tax stamp. If you tax a guy for the privilege of going underground, isn't that really an inducement to make him want to keep on living?

Meeting Ends Surprisingly Soon

West Unites for Soviet Talks

BULLETIN Godfrey in Surgery for Cancer of Lung

An appeal will be made of the decree which apparently cleared the way for the construction of a new Oakland County courthouse after three years of legal delay, a spokesman for the Oakland County Taxpayers' League said late today.

State Payments on Wages, Bills Brought to Halt

Cash Storm Breaks as Legislature Fails to Avert 'Bankruptcy'

LANSING (AP)—A long-impending financial storm broke on Michigan today climaxing a bitter political feud between Republican state senators and Democratic Gov. G. Mennen Williams.

Payment was halted on payrolls and bills for fuel, food, telephone and travel in what the governor called an "artificial bankruptcy" brought on by GOP legislative stalling.

A last-minute decision averted a shutdown of \$3,000,000 in state payments for the benefit of 200,000 persons on poor relief.

The drastic curbs were ordered late yesterday by the State Administrative Board in the face of a \$116,900,000 deficit by May 15, and a plunge into financial chaos.

Republican lawmakers meanwhile sat on the key to 43 million dollars worth of veterans trust fund securities that would tide the state over another three months.

Williams called the sudden GOP refusal to move a "stab in the back of Michigan." A Republican senator had blamed the collapse on the governor's "incredible arrogance."

At the root of the legislative impasse was a bitter struggle over Williams' demand for a state income tax and a Republican vow to head it off by boosting the three cent sales tax to four cents.

Use of the trust fund securities, urged by the six-term governor since Jan. 15, became a pawn in the head-on collision of political wills that threatened to smash Williams' White House hopes.

COULD HIT 28,000

If the deadlock persisted, 28,000 state employees, including prison (Continued on Page 2, Col. 2)

NEW YORK (AP)—Part of Arthur Godfrey's left lung was removed today along with a malignant tumor there. The director of the hospital said: "He withstood the operation well. His general condition immediately post-operative is good."

NEW YORK (AP)—Surgeons today found a cancerous tumor in Arthur Godfrey's left lung and operated to remove it. At noon, 3½ hours after the exploratory surgery was begun, it was announced that another hour would be required for the tumor removal.

An earlier report said a portion of the lung also was being removed, but the noon announcement gave no further details on this score.

The operation on the radio-TV star began at 8:25 a.m., an hour after he was taken to the operating room.

At 10:30 a.m., as the operation proceeded, a doctor reported that Godfrey's chest tumor had been found to be cancerous and it was expected another hour would be required to complete the surgery.

Three surgeons, one anesthetist and three nurses were in the operating room.

A hospital spokesman said just before the operation that "Godfrey slept well last night under sedation."

The 55-year-old radio and television star has been in the Harkness Pavilion of the Columbia-Presbyterian Medical Center since Monday in preparation for the surgery.

Godfrey's wife, Mary, visited him before he was wheeled to the operating room. She came here Wednesday night from their Virginia home and spent the night at Harkness Pavilion.

The mailroom reported it was swamped with thousands of letters and telegrams for Godfrey from all parts of the country.

The American Cancer Society in its 1959 publication "Cancer Facts and Figures" says 24 per cent of lung cancer victims are saved if the diagnosis is made early and they receive proper treatment.

WASHINGTON (AP)—The State Department announced today two specially equipped U.S. Navy planes have been made available to the organization of American States for patrol duty off the coast of Panama.

The Navy crews, are en route to the Panama area, Joseph Reap, State Department press officer said.

Jaycee Home Show Opens With Parade, 65 Displays

The Pontiac Armory will be near bursting with displays tonight during the opening hours of the sixth annual Home Improvement Show, sponsored by the Pontiac Area Junior Chamber of Commerce.

A kickoff parade this afternoon was scheduled to lead into the 4 p.m. opening of the show, which will run until 10 each night through Sunday.

The parade, featuring the Pontiac Northern High School Band, a beauty queen, and a giant key to the Home Improvement Show, was to begin about 3:45 p.m. at the Oakland County Courthouse, Huron and Saginaw Sts.

Scheduled to ride from the courthouse to the buildings show in gleaming Pontiac automobiles were Mayor Philip E. Rowston and Shirley Hutchinson, Pontiac Jaycee's Michigan Junior Miss.

The show will open at 1 p.m. Friday, 10 a.m. Saturday and 1 p.m. Sunday.

SPECIAL ATTRACTIONS

Besides the many displays, there'll be special attractions such as movies and prizes every night. The show is the Jaycees' biggest venture of the year to build up funds for their many civic and youth projects.

Thirty-six area concerns have moved their displays into the Water street armory, filling the 65 available display booths.

Check full of advice and ideas for persons desirous of fixing up their homes, the show touches on just about every phase of home improvement, from building supplies to financing, gardens to pianos, and real estate to plumbing.

Every night at 9:30, Jaycees (Continued on Page 2, Col. 5)

Secret Accord Contains Some Concessions

Ministers Not Going to Geneva 'With Idea of Falling Back'

PARIS (AP)—Western foreign ministers ended their pre-Geneva consultations today with unexpectedly quick agreement on a common front for their talks with the Soviet Union on Berlin and other problems of central Europe.

The four-power meeting, which opened here Wednesday morning with tentative plans for a three-day stand, was adjourned shortly after noon.

The secret Western package proposal contains some Western concessions.

But a U.S. spokesman emphasized "We are not going to Geneva with the idea of falling back."

Drawn up by foreign ministers of the United States, Britain, France, and West Germany the package will be presented to the Soviet Union at a foreign ministers conference opening in Geneva May 11.

Spokesmen for all delegations at the Paris conference agreed that complete accord had been reached. A final communique in the same vein gave no details.

The American spokesman told newsmen: "We reached our common position without wrangling. There is nothing left up in the air. It's all down on paper."

The last snag was cleared away this morning when a British proposal for a central European security zone was watered down.

The United States, France and West Germany had objected to the original British proposal, fearing the West would be put at a disadvantage militarily.

The ministers said they stood four-square behind the West's pledge to hold firm in Berlin and to refuse to abandon the 2½ million residents of that city.

Though the communique did not say so, official sources reported (Continued on Page 2, Col. 4)

Jet Crashes in Field by Emmett

PORT HURON (AP)—Air Force guards today patrolled a 20-foot crater on a farm field where a supersonic jet fighter plane crashed yesterday with a live rocket and missile load.

Abandoned by the pilot because of trouble aloft, a Delta Dagger F102 smashed to pieces in the field and presumably buried her load of weapons if they did not disintegrate. Apparently none exploded.

First Lt. David W. Smith, 26, of Frederick, Md., flying in exercises in rainy weather with a score of planes from Selfridge Air Force Base, parachuted safely to the ground five miles away.

Smith bailed out at 4,500 feet. He said he did so when he heard what sounded like an explosion aboard the plane.

The crash, near the village of Emmett 20 miles west of Port Huron, attracted hundreds of spectators, mostly motorists traveling on Keegan and Rynn roads which run nearby.

State Police and St. Clair County Sheriff's men quickly encircled the area, keeping onlookers at a distance.

An Air Force spokesman said the plane carried at least one Falcon air-to-air missile. He said the demolition men would dig the rockets, or what remained of them, from the field.

Lt. Smith, who flies with the 71st Interceptor Fighter Squadron, landed on the farm of Albert Mackey, three miles north of Emmett. He called his base from the farm house.

Quarterly GM Net Profit Close to 1955 Record

DETROIT (AP)—General Motors Corp., biggest of the world's auto makers, earned \$23,482,419 of \$1.03 a share in the first three months of 1959.

The figures give emphasis to the rising automobile market. They compare with net profit of \$181,369,191 or 65 cents in the same 1958 period. Sales totaled \$3,206,185,716 compared with \$2,721,573,342 in the same 1958 period.

Industry analysts noted that this year's January-March profits for GM were not far below the \$309,467,000 or \$1.11 a share.

Pontiac Convertibles Sell at Record Pace

A heavy demand for Pontiac convertibles has boosted convertible sales to a record 8.6 per cent of all current Pontiac deliveries, it was announced today by S. E. Knudsen, General Motors Corp. vice president and general manager of Pontiac Motor Division.

Sales have been increasing since last fall and are expected to reach an even higher peak during the warm weather buying season, said Knudsen.

Over a six-month period, 8.5 per cent of the 1959 Pontiac sales have been in convertibles, compared to 7.7 per cent for the same period last year, he said.

Pontiac produces convertibles in both the Bonneville and Catalina series.

Modernization at the Pontiac Fisher Body plant will make that plant capable of producing convertible and station wagon bodies as well as the other Pontiac body styles, it was announced yesterday.

the corporation showed for the first quarter of record-smashing 1959. That was the year in which GM had a net profit of more than one billion dollars.

Earlier this month, Ford Motor Co. reported net income of \$134,800,000 for the initial quarter, compared with \$29,800,000 last year. American Motors had \$12,463,993 net compared with \$2,380,805; and Studebaker-Packard \$7,754,991 compared with a net loss of \$6,294,480.

Chrysler's report for this year's January-March quarter is scheduled to be issued today. President L. L. Choltz told Chrysler shareholders it would show an increase over the corporation's best 1958 quarter.

That would mean something in excess of the 11½ million netted in the October-December period.

The General Motors report, issued by Chairman Frederic G. Donner and President John F. Gordon said:

"General Motors sales during the first three months of 1959 were maintained at a relatively constant level. During the three comparable months of last year, sales declined steadily as the effects of the recession in the United States were felt."

They reported also that GM sold

914,705 cars and trucks produced in this country in the first quarter, compared with 780,941 last year. Total unit sales from all sources, including England, West Germany, Canada and Australia, numbered 1,131,480 units against 981,963 last year.

General Motors employed an average of 342,899 workers in its U. S. plants in this year's January-March quarter, compared with 333,649 last year. Weekly earnings this year averaged \$113.72 for U.S. wage earners against \$97.17 last year.

Showers Likely Here Tonight and Tomorrow

Possible showers have been forecast for tonight and tomorrow in the Pontiac area. It will be partly cloudy, with little change in temperature, the U.S. Weather Bureau predicts. Tonight's low will be near 40 degrees.

Friday's high will reach around 64 the low 38-44. Winds at 10 - 20 miles an hour today will become northwesterly this evening and northeasterly tomorrow.

Partly cloudy and a little warmer is the outlook for Saturday. The lowest temperature in downtown Pontiac preceding 8 a.m. was 40 degrees. The mercury read 30 at 2 p.m.

It's the Principle of It

WETUMPKA, Ala. (UPI)—The Alabama Power Co. was less outraged by a small fire in its offices yesterday than by the principle of the thing. Firemen reported it was caused by a short circuit in a lighting fixture.

Here's MSUO as Seen From the Air

NEW UNIVERSITY IN THE MAKING — Here is the Michigan State University Oakland campus as seen from above. In the upper foreground is a paved parking lot with space for approximately 500 cars. Dominating the campus is the two-wing academic building in which fixtures are now being installed. The three-story section

will house classrooms while the other will house faculty and administrative offices and laboratories. In the lower left of the picture is the excavation for MSUO's \$700,000 student center which is slated for completion by September when the first freshman class enters the new university.

Newspaper Should Be Free to Declare Itself

One of the finest explanations of a newspaper's position in the community, was enunciated by Editor GEORGE W. HEALY recently, when he said:

"The responsibility of a newspaper to all the people, is greater than it is to any group. A newspaper should never be handicapped by obligations."

The New Orleans Times-Picayune is one of the powerful and best known newspapers in the country and the Editor played his finger squarely on a basic and fundamental concept.

Newspapers can not "have obligations."

They cannot "be indebted."

Independence and the freedom to declare itself unhesitatingly is the cornerstone of a free press. The Pontiac Press is under obligations to NO ONE. We would like to feel that we have many friends in all segments of the community. We would like to feel we've earned this. But no one—anywhere—can tell us what to do.

We aim to play everything squarely and fairly. You may disagree with our editorial opinions occasionally—or frequently.

But they're honestly our own. No "special interest" is calling the shots.

You can bank on that!

Audit of State Finances Needed for Crisis Action

With ideas and suggestions running rampant concerning our State money crisis, we feel free to set forth what might be considered a possibility.

If a cash emergency really exists, the legislators should join together and agree to a temporary borrowing of funds to solve the imminent problem. Next they should call for an immediate independent certified public audit of the State's financial structure.

The State books should be examined, and the findings should be made public. The taxpayers are entitled to an honest, forthright appraisal.

Both sides would scream this would take time. So it would. But we have already spent four months and apparently no one can tell us actually what the State's money needs are.

If the State has a deficit, let's know the exact figure.

St. Lawrence Opens New Vistas of Trade

The always exciting opening of ice-bound lake shipping means something more this year. It is a prelude to the formal dedication of the new St. Lawrence route on June 26 when Queen ELIZABETH and President EISENHOWER participate in joint ceremonies at St. Lambert, the first from seaward of the seven new locks which replace 22 small ones.

Oakland County has a particular sense of gratitude and satisfaction in the realization of the Seaway, as our George A. Dondero spent a score of years in its development.

velopment, both in his long tenure in Congress and since.

Britain's Royal Yacht and 28 U.S. warships led by the heavy cruiser U.S.S. Macon will steam into the Great Lakes and joint celebrations are slated in 23 cities. The capacity of the deepened seaway is estimated by the United States at 50 million tons a year with Canadian estimates much higher.

Midwest imports and exports are bound to increase and the impact on the national economies of both Canada and the U.S. scarcely can be exaggerated. Deep draft navigation to the head of the lakes will bring new marketing opportunities, new competition and passenger travel.

Cheaper transportation will cut the cost of foreign goods. In turn, midwest farm products will be better able to compete in foreign markets, as will U.S. made trucks, heavy machinery, steel pipe and chemicals.

Inbound ocean shipping for Lake Huron and beyond, including Chicago, Milwaukee and Duluth, is limited by the 21 foot depth of some connecting channels which will be deepened to 27 feet by 1962. The U.S. Government is spending \$136 million on dredging these links. Lake ports are building piers, terminals and other installations to take care of ocean going vessels but the full potential of the deepened waterway will not be realized for several years.

The Man About Town About Those Oaks

One Is Like County Seal; Other Largest in Diameter

Dandelion: A spring blessing and summer pest.

The oak tree that appears on the new Oakland County seal happens to be an exact replica of a tree on the property of George N. Higgins.

In Springfield Township. It stands quite alone in a field on the west side of Edgar Road and just north of the Grand Trunk track. It is not an exceptionally large tree, but is truly typical of the oaks for which our county was named.

The oak tree with the largest diameter in the county is at the corner of Auburn and Livernols Roads in Avon Township. However, it is not a good specimen, being rather flat topped. It also has the largest limb spread of any of our oak trees.

A young carrier pigeon was stunned when it flew against a window at Pontiac Northern School the other day, and is being cared for in the laboratory. According to Science Teacher Al. Madden,

it bears a leg band with the inscription AU59FHC127. Is it your bird, or do you know how to identify it?

The weeds must go unmolested and spoil his garden, or

George Penrose of Clarkston may borrow a cultivator. A pair of robins are hatching out a brood in a nest they built on his cultivator.

Getting ready to entertain larger crowds than any other Michigan recreational area is Superintendent David Laidlaw

of Kent Lake Park on Oakland County's west edge. Dave counts 'em in the millions every year, and has several new attractions for 1939.

A pair of wild ducks who have been nesting for several years near the home of Mr. and Mrs. Arthur Selkirk at Pontiac Lake have arrived and immediately commenced building a new nest. This time they're accompanied by two youngsters who appear to be a little dilatory about preparing for a family.

A phone call from Mrs. Elizabeth Burroughs of Rochester registers the first claim for cooking a 1939 mess of dandelion greens. She was surprised I couldn't smell them over the phone.

Verbal Orchids to—Mr. and Mrs. Anson Preswell of Auburn Heights; 55th wedding anniversary.

Mrs. Honora Ashford of Sylvan Lake; 81st birthday.

Mr. and Mrs. Preston Palmerston of Waterford; 52nd wedding anniversary. Gregory Orcutt of Birmingham; 82nd birthday.

The Framework

David Lawrence Says:

Allies Should Be Secret on Plans

PARIS—What a familiar paradox—50 reporters unsuccessfully pressing an American government spokesman to tell them what the Western Allies plan to agree to at the forthcoming Geneva conference, while a French afternoon newspaper prints the details of the so-called "package plan" which is to be offered to the Soviets.

Forty years ago it was much the same. This correspondent then watched the American delegation keep faith on the secrecy rule while the British and French "briefed" their own newsmen on important news developments at the Paris peace conference. It did not matter then, because the enemy was not to be present anyhow.

But today the "enemy" is very much in evidence. The Communists, of course, have plenty of stooges in Paris nowadays, but they only have to read the French press to get vital information before the negotiations start.

Notwithstanding these handicaps, it is apparent that Secretary of State Herter is standing firmly on a broad plan that offers the Soviets a palatable program—if they are in a conciliatory mood—but one that does not alter the substance of things.

The idea now is to present a three-step plan with the ultimate purpose of establishing a unified Germany through free elections. When former Secretary Dulles recently abandoned temporarily the concept of free elections as a requisite to discussions with the Soviets, it did not mean that the United States was giving up the proposal altogether.

The program now, in the first stage, is to issue a number of declarations of a "non-aggression" character, along with the establishment of two committees. One would be a permanent four-power committee to discuss European security, and the other an East-West German committee or "council" to discuss continuing contacts between the two rival German governments and to draft an electoral law.

This "council" would not be created unless the Soviets accepted from the outset the proposal that within a stated period—probably five or six years—free elections would be held to unify Germany.

The second stage would provide a system of control of forces and armament in a "zone" as large as possible in Europe, preferably from the Atlantic to the Ural Mountains.

The third stage would be a reunification of Germany by free elections, which would be followed

by a "free choice" by Germany as between an alliance with the North Atlantic Treaty Organization and a position of "neutrality." The German choice would determine the kind of permanent security structure that would be established in Europe.

Only in this stage would there be a limitation or a ceiling on armed forces and on armaments in general. Berlin would meanwhile be kept in its existing status until the third stage had been accomplished, when it would become the capital of a reunified Germany.

The information that was officially divulged by the American delegation was confined to the statement that very few differences appeared between the Western foreign ministers and

that they were agreed upon a general approach to be made at the Geneva meeting on May 11. There is indeed a very pleasant feeling between the Western governments.

Even the stupid remarks on an American television program by Viscount Montgomery, who managed to insult the United States and its present leaders in a dozen ways, are not likely to spoil the friendly relations which exist between the governments of the United States and Great Britain.

Maybe the eccentric Britisher, who now is trying to make headlines by his talks with Khrushchev in Moscow, will realize the big blunder he has made when he reads the scathing denunciations. (Copyright, 1939)

Dr. William Brady Says:

Poultice Good First Aid for Run-Around or Felon

A run-around paronychia is annoying. It may even make you say ouch! It is a suppurating infection of the skin at the edge of the nail.

Good treatment: Paint the entire end of the finger or thumb with mild tincture of iodine and then soak the finger or thumb for 10 or 15 minutes in water as hot as bearable, tablespoon of table salt in a half-pint of water, and then apply a poultice—gauze wet with the same hot salt solution—and keep the wet dressing hot or at least as warm as possible for several hours or perhaps overnight.

Only occasionally is it necessary to open or incise run-around, when pus formation is evident and does not drain under wet dressing.

A felon or whitlow is a painful, throbbing inflammation of the covering of the bone of the thumb or finger. It suppurates, if not promptly incised, and because of the toughness of the periosteum, the infection may quickly spread to the palm and thence up the arm.

There is only one safe treatment for felon—sterile steel to the bone. Of course, under anesthesia. To temporize with any kind of poultice, or other palliative or even an antibiotic or other miracle medicine is dangerous—until free drainage is established, there's always the possibility of general blood poisoning.

First aid or home treatment for run-around, whitlow, felon, boil, or any such localized acute inflammation (color, dolor, rubor, tumor—heat, pain, redness, swelling) or suppurating (throbbing pain, increased when the part is dependent) calls for a poultice.

But not a genuine flaxseed meal poultice. Flaxseed meal might be a good culture medium and so encourage growth of pus-producing germs. So, if you don't mind, I'd prefer a poultice that supplies soothing heat and moisture which aid the natural localization and healing processes, and the best "drawing" or drainage.

In other words, a large wet dressing, yards and yards of gauze (washed cheesecloth) kept constantly wet with salt water as hot as endurable—say two tablespoons of salt dissolved in each quart of water. Two or three times in 24 hours

Dr. William Brady Says:

Poultice Good First Aid for Run-Around or Felon

I'd soak the finger, thumb, or hand in such a salt solution at the highest endurable temperature, for 15 or 20 minutes. If this poultice treatment brought positive relief within 24 hours I'd feel lucky. If not, I'd give the surgeon the green light.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1939)

Case Records of a Psychologist:

Can 'Heredity' Ever Be Changed?

Tom's question is a dandy. It would make an excellent topic for a debate. Remember, you are really just the river-banks of your own blood vessels, held together within a cover called your skin. What you eat and drink thus combines with your inherited traits to give you long life, or make you die of a heart attack at 50. Scrapbook this case for later use.

By DR. GEORGE W. CRANE
CASE B-422: Tom G., aged 25, is a graduate student in chemistry.

"Dr. Crane, I delve into family history from the angle of longevity," he began. "For example, I notice that some families have many members who live to be 80 or 90 years of age, while others are plagued with earlier deaths, at maybe 45 to 55 years of age."

"Do doctors figure long life is due chiefly to heredity? Conversely, if a man dies of cancer or a heart attack at 50, and his father and grandfather did likewise before him, is that proof that such a family inherits a shorter life span?"

SIMPLIFIED SCIENCE
In this column I always try to clinch my points with simple examples drawn from real life.

Suppose two automobiles, just off the assembly line, were sold on the same day. Both are then driven 200 miles per day.

But one is kept loaded with an extra 500 pounds of cement, stuck in the trunk compartment. Which car will wear out first and thus "die" prematurely? "Dr. Crane, the one that carries

Voice of the People

Death of Conversation Is Mourned by Sad Reader

After a painful, lingering illness, Art O. Conversation has quietly passed on. He is survived by his daughters, Station Break and Long Commercial.

Alas, poor Art, I knew him well. There was a time when his spontaneous, unedited charm was welcomed everywhere. No more. This progressive age of space flight, ultra conformity and the sixty second TV commercial has outgrown him. He belongs, now, with those other time-worn discards of progress, the radio, the family dinner table and the people-sized automobile.

There are a few who will grieve his passing and who will, from time to time, feel a sentimental twinge when remembering his antiquated charm. Here note the passing of a dear friend.

R. Eugene Bullock
170 N. Opdyke

Readers Make Plea for Safer Driving

What kind of a person would hit a helpless dog and leave it to die? Wouldn't this same person do the same to a child? Two screaming children witnessed the act of cruelty but still the driver wouldn't stop. By the Grace of God, the dog lived.

Willow Road has always been used as a drag strip. I hope neighbors in that vicinity will read this and open their eyes to the tragedy that can result from speeding and reckless driving. We need an enforced posted speed limit.

Today it was just a helpless dog, but tomorrow it may be one of your own children left in the road to die. Act now.

Frances Peterson
Union Lake

What does it take to make people on McCormick Drive slow down. My husband has talked to some of the people and even got "Slow Children" signs, but it does no good. They've been taken down more than a dozen times by someone who lives on the street. We've done everything but get down on our knees to them. We only want safety for our boys, but people won't stop until one of them is killed.

Mrs. Thomas M. Collins
3068 McCormick Dr.

'Let's Boost Soapy Right Out of Capitol'

There should be a big board of Michigan citizens from all political parties or non-political parties to boost Williams, but definitely not for President, but right out of Michigan government.

I would never wish him onto the whole country. Of course, there will always be a job for him with the union. That's who he works for now. Those proven crooked union leaders have had Gov. Williams by the nose all along.

Find a better use for your money, Angela.

More Thrifty
THOUGHTS FOR TODAY
Be afflicted, and mourn, and weep: let your laughter be turned to mourning, and your joy to heaviness.—James 4:9.

By his trials, God means to purify us, to take away all our self-confidence, and our trust in each other, and bring us into implicit, humble trust in Himself.—Horace Bushnell.

Praises Concert by City Symphony

I was greatly impressed at the fifth and last concert by the Pontiac Symphony Orchestra. It was one that denoted congratulations to the conductor and to the City of Pontiac, its home.

This was my first attendance at the Pontiac Symphony, and it will not be the last. Pontiac has achieved a cultural achievement of fine music played by its own orchestra, an orchestra which can far surpass many a civic musical group.

Aside from the Symphony's very able renditions, the guest artist had excellent ability and remarkable talent and was most interesting. Other artists of his musical caliber would be greatly welcomed here for musical patrons, which the City seems to have in abundance.

Thanks to the City of Pontiac for recognition of the need for such a musical organization, and congratulations to the conductor for his fine ability at the baton.

Donald Zielinski

'Life's Too Short to Be So Lonely'

I've heard of a gathering for single people, but haven't been able to find out when it meets. Meetings are on Perkins street, I believe. It's a shame more lonely people can't get together, for life is short at the most and it would be a wonderful thing for the lonely ones to know they're welcome to share company of others like themselves.

S. J.

Portraits

By JAMES J. METCALFE

As surely as the clock runs on... So April turns to May... And now once more our hearts salute... That final April day... April has been wonderful... It always is each year... Yes, even every drop of rain... Has been a happy tear... Memories so beautiful... Both sweet and somewhat sad... Dreams, except for April days... We never might have had... Other months are treasured times... With happiness to hold... But somehow April seems to blow... A kiss to young and old... It winks and flirts, and darts about... As in a springtime dance... And often with a wisp of wind... Begins a true romance. (Copyright, 1939)

More Thrifty

THOUGHTS FOR TODAY
Be afflicted, and mourn, and weep: let your laughter be turned to mourning, and your joy to heaviness.—James 4:9.

By his trials, God means to purify us, to take away all our self-confidence, and our trust in each other, and bring us into implicit, humble trust in Himself.—Horace Bushnell.

Even if two brothers both started out with the SAME inheritance, it would still be possible for one family to outlive the other in successive generations until it looked as if heredity were the real explanation.

For instance, suppose one family got more interested in education 100 years ago, and thus passed along a greater liking for books and cultural things.

Being more educated in successive generations, it would probably be the first to get its children vaccinated. The more ignorant family would skip vaccination.

The smarter family of 100 years ago would be more careful about pure water supplies and pure milk. As a result, more of its children would survive, so more would likewise live to a ripe old age.

Just one mother 100 years ago could have colored the food preferences for succeeding generations, too, since children usually get their food likes from the menu their mother taught them.

Thus, corned beef and cabbage can run through many generations of one family. Spaghetti may characterize another.

Rice or hominy grits may typify a third, while a fourth may prefer a lot of fresh vegetables or be a heavy meat-eating clan. Such food preferences descend from one generation to another.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets. (Copyright 1939)

Deaths in Pontiac and Nearby Areas

HERBERT H. WENDLAND

Herbert H. Wendland, 49, of 2476 Voorhees Rd., died of a heart ailment yesterday afternoon at Pontiac Osteopathic Hospital after a brief illness.

He was shift superintendent at General Motors Truck & Coach Division.

Surviving are his wife, Kathryn; a son, Donald R. at home; a sister, Mrs. Frank Richards of Manistique; and two brothers, George G. of Pontiac and Claude of Manistique.

Service will be held at 1:30 p.m. Saturday at the Donelson-Johns Funeral Home with burial in Oakland Hills Cemetery.

EDWIN G. ALLEN

KEEGO HARBOR—Service for Edwin G. Allen, 44, of 2890 Beland St., will be held at 2 p.m. tomorrow at Pursley Funeral Home with burial in White Chapel Memorial Cemetery, Troy.

Mr. Allen, who was a machinist at Daniels Manufacturing Co. here, died unexpectedly Monday in Eau Gallie, Fla. The body will be at the funeral home tomorrow morning.

Surviving are two sons, Wayne and Robert, both of Keego Harbor; two sisters, Mrs. Emmett Moles of Pontiac and Mrs. Sydney Lillycrop of Florida; and his parents, Mr. and Mrs. William S. Allen.

MRS. FREDERICK DIX

MILFORD — Service for Mrs. Frederick (Mary) Dix, 80, of 685 S. Park St., will be held at 2 p.m. tomorrow at Richardson-Bird Funeral Home with burial to be in Hillburt, Wis.

Mrs. Dix was a member of the Highland Methodist Church and had been a resident of the Milford area for 10 years. She died at home today.

Surviving are one daughter, Mrs. T. D. Northquist of Milford; three sons, Robert of Milford and Lester and Earl, both of Milwaukee, Wis.; and two grandchildren. Three brothers and two sisters also survive.

The family suggests that memorial donations be sent to the Highland Methodist Church Organ Fund.

GEORGE A. EAST

DAVISBURG—Service for George A. East, 50, of 10186 King Rd., will be held at 2 p.m. Saturday at the Lewis E. Wint Funeral Home, Clarkston, with burial in the Davisburg Cemetery.

Mr. East was dead on arrival at Pontiac General Hospital yesterday after an illness of two years.

Surviving are his wife, Dorothy; a daughter, Mrs. Edgar Dowd of Davisburg; one sister and two grandchildren.

MRS. FRANK SNYDER

MILFORD — Service for Mrs. Frank (Edith M.) Snyder, 60, of 2715 Gollers Dr., will be held at 1:30 p.m. Saturday at Richardson-Bird Funeral Home with burial in Oakland Hills Memorial Cemetery.

Mrs. Snyder, a member of the Rebecca Lodge, died at home yesterday after an illness of seven years.

Surviving besides her husband is one daughter, Mrs. Robert Oxford of Milford; her parents, Mr. and Mrs. Thomas Richards of Aberdeen, S. Dak.; and six sisters.

Judge Gets Out of Traffic Rap on Color Note

PHILADELPHIA, Pa. (AP) — Chief Judge John Biggs Jr. of the U.S. 3rd Circuit Court of Appeals went before Chief Magistrate Joseph Hersch to argue against a traffic ticket Wednesday.

The chief magistrate overruled most of the chief judge's legal objections, but freed him on a technicality.

Judge Biggs was accused of passing a red light in the city last Nov. 17. Two policemen testified they saw a car, bearing license plates issued to Judge Biggs, pass the light. Judge Biggs said no, sir, he wasn't driving that day — he took the train.

Judge Biggs said his car was light green and dark green, greens which "anyone with normal eyesight could distinguish as green." The policemen said the car, which they lost in crowded traffic after a chase, was light green and black.

Magistrate Hersch said tactfully that he didn't doubt anyone's word but since a doubt had been raised as to the color of the car in question, "case dismissed."

Composer Loesser Weds Jo Sullivan

NEW YORK (AP) — Composer Frank Loesser and actress Jo Sullivan were married Wednesday in private chambers of Judge Stanley H. Field of the State Court of Appeals.

Loesser, 48, was divorced last year from Mary Alice Blankenbaker. The bride, 31, was divorced in 1937 from Donald Allen Jacobs.

Tough Skating for Canoe

SARANAC LAKE, N.Y. (AP) — Seven Long Island, N.Y., youths arrived here this week for a three-day canoe outing through the Saranac Lakes, a chain of three lakes. They had a little trouble — the water still is frozen.

Churchill Is Brief

LONDON (UPI) — Sir Winston Churchill made what may have been the shortest speech of his career last night in replying to a toast at a Royal Academy of Art dinner honoring his amateur painting. Text of his speech: "Thank you very much." There was thunderous applause.

Beauty Salons File Bankruptcy Petition

NEW YORK (AP) — Slenderella Systems, Inc., operator of more than 100 beauty salons throughout the country, including several in the Detroit area, filed a petition in federal court yesterday to arrange for settlement of its debts with creditors.

The petition was filed voluntarily under the Federal Bankruptcy Act to permit the corporation to continue its operations and pay its creditors over a period of time.

Slenderella listed assets of \$423,214 and liabilities of \$315,492. Among the listed creditors were the District Director of Internal Revenue in Hartford, Conn., \$250,330 in taxes, and the New York State Tax Commission, \$2,086.

Free Press Promotion

PUZZLE NO. 3
Identify This Place in Michigan, Win \$15,000 Cash!

Your knowledge of Michigan history can lead you to the richest rewards you ever heard of! The Detroit Free Press is offering \$30,000 in 1959 cash prizes to readers who play their great new Michigan Tangle Towns game.

It's a local puzzle game that's just starting and that will pay \$15,000 to the first prize winner, \$3,000 to the second prize winner, \$2,000 to the third prize winner, and \$1,000 to the fourth prize winner, plus thousands of dollars in additional cash prizes.

Michigan Tangle Towns is fun, it's educational, and there's nothing to buy or sell. All you do is solve a different puzzle like this one each day for 45 days. But start now! Get the Free Press! Call your local distributor and order home delivery immediately.

Bufalino Asks Senators Be Left Off Committee

DETROIT (AP) — Detroit Teamsters official William Bufalino has asked that Senate Rackets Committee Chairman John D. McClellan (D-Ark.) and Sen. Sam J. Ervin (D-NC) be disqualified from serving on a judiciary committee considering his petition for redress of grievances.

Bufalino, president of Detroit Local 985, made the request in a letter today to Felton M. Johnson, secretary of the senate.

CD to Hold Meeting on Mind Warfare

The Oakland County Office of Civil Defense will hold a public meeting on psychological warfare at 8 p.m. May 14 in the Birmingham Community House.

The speaker will be Kit Clardy, former assistant to the state's Attorney General and an ex-congressman who served on the House Un-American Activities Committee. Clardy will speak on Communist infiltration tactics.

Also scheduled to talk briefly is Fred Niedermiller, state chairman of the Americanism Committee of the American Legion.

Pedestrian Is Killed

DETROIT (AP) — Giuseppe Far-chione, 64, of Detroit, was injured fatally Wednesday when hit by a car on a Detroit street.

Eye Exams Are Important

By RAY HENRY

Notes for and about the older generation:

What are the basic needs of an older person?

Dr. Edward L. Bortz, specialist in aging and former American Medical Assn. president, lists these: (He's 63 himself.)

(1) A balanced diet (2) regular elimination (3) adequate rest (4) recreation (5) emotional control (6) pride in one's work (7) a sense of humor (8) companionship (9) active in community affairs (10) preserving an open mind.

★ ★ ★

Eye examinations at least once a year are in order after a person reaches 50.

Why? Because glaucoma—a disease which frequently causes blindness in older people, can usually be caught in the early stages by eye exams and further trouble can be prevented.

The Veterans Administration says about one in every 19 men over 50 is faced with possible blindness from glaucoma.

Eye exams can detect glaucoma before a person with the disease feels any discomfort since deterioration due to the disease is gradual.

★ ★ ★

A woman applying for social security offered this explanation for why her marriage license showed one age and her birth certificate another:

"When I got married, I was 19 years old. My father got the marriage license for me and put my age at 15 so he could send my husband to the penitentiary. He was not able to do so, however."

★ ★ ★

Of the 15 million Americans 65 or over—

—One-third have passed their 75th birthday and one in seven is at least 80.

—The ratio of women outnumber the men nearly 120 to 100.

—Fifty-five per cent are widows.

—One out of every five has a paying job.

—Seventy per cent are eligible for social security.

★ ★ ★

The range in attitudes toward retirement is as broad as the rainbow and comes in many hues.

Take, for example, this letter received some years back from a man applying for social security:

"Well, the wheels have rolled around to three score and ten. I understand I shall receive a donation from our good old U.S.A. I have the enclosed number and am self employed. I have purchased me a rod and reel and a .22 to kill frogs for bait. I have retired."

Group to Hear Strauss Despite Some Protests

WASHINGTON (AP) — The American Physical Society says it intends to have Secretary of Commerce Lewis L. Strauss speak at its annual dinner Friday, despite protests by some of its members.

The objectors questioned whether the invitation might "be construed as an endorsement of Adm. Strauss and his past policies by the American Physical Society

and the scientific community" while his nomination as secretary is before the Senate. Some objections had been raised because of Strauss' actions while head of the Atomic Energy Commission.

The worst thing about money is that you can only use it once. . . . Nowadays the old nursery rhyme should go: "One for the money, two for the show, three to make ready, four to go — and five bucks for the baby sitter." —Earl Wilson.

NOTICE OF INTENTION TO CONSTRUCT CURB, GUTTER, GRAVEL, DRAINAGE ON VICTORY DRIVE.
You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan held April 28, 1959 by resolution it was declared to be the intention of the City Commission to construct curb, gutter, grade, gravel, drainage and related work on Victory Drive from Mt. Clemens Street to the south line of Outlots "B" and "C" Pontiac Knolls Subdivision at an estimated cost of \$4,467.77, and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of Victory Drive from Mt. Clemens Street to the south line of Outlots "B" and "C" Pontiac Knolls Subdivision shall constitute the special assessment district to defray \$4,467.77 of the estimated cost and expenses thereof and that \$3,179.12 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund.

Notice is hereby given that the Commission of the City of Pontiac, Michigan will meet in the Commission Chamber on May 5, 1959 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

NOTICE OF INTENTION TO CONSTRUCT CURB, GUTTER, GRAVEL, DRAINAGE ON TANNAMIA AVENUE.
You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan held April 28, 1959 by resolution it was declared to be the intention of the City Commission to construct curb, gutter, grade, gravel, drainage and related work on Tannamia Avenue from Maines Avenue to Riverside Drive at an estimated cost of \$4,467.77, and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of Tannamia Avenue from Maines Avenue to Riverside Drive shall constitute the special assessment district to defray \$4,467.77 of the estimated cost and expenses thereof and that \$3,179.12 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund.

Notice is hereby given that the Commission of the City of Pontiac, Michigan will meet in the Commission Chamber on May 5, 1959 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

U.S. Lowering German Flights

But New Challenge From Soviets Brings Urgings for Review

WASHINGTON (AP)—The United States has tentatively decided to send no more high-altitude planes to West Berlin — for the next few weeks.

Some officials were urging today a review of this decision in the light of a new Soviet challenge. The Soviet Union disputed again Wednesday the American view that such flights are perfectly legal.

Most authorities appeared ready, however, to stand by the temporary ban to avoid further controversy in advance of meetings with the Soviet Union.

The temporary halt was decided upon last week jointly by the State and Defense departments in a confidential review.

They took the decision mainly because of Britain's misgivings

Church Women Work on Events at Rochester

ROCHESTER — Members of the Women's Society of Christian Service of St. Paul Methodist Church here are currently working on two special events they will sponsor next week.

The first is their May meeting which will be a Pledge Service and Membership Tea scheduled for 1 p.m. Wednesday at the church.

Honored guests will be new members as well as members who have served the Society for more than five years. Hostesses will be Starite Circles I and II. The nursery will be open.

The society will have a Mother and Daughter Banquet at 6:15 p.m. May 7 in the cafeteria of Rochester Community High School.

Banquet chairman Mrs. L. O. Fairchild said tickets must be purchased by tomorrow. They are available from any WSCS member.

It costs more than \$500 to create facilities to make one ton of steel per year, including finishing facilities, working capital and the sources of raw materials.

Panama Troops Ready for Action

U.S. Fighter Planes Up Hunting for More Reported Invaders

PANAMA (AP) — Panamanian troops today were reported preparing to go into action at any minute against invaders from Cuba holed up on the north coast 20 miles from the entrance to the Panama Canal.

A screen of U.S. fighter planes was ordered up over Panama's north coast today to detect the approach of more invaders reported crossing the Caribbean from Cuba. The air patrol was requested by the five-ambassador team sent by the Organization of American States to help end the vest-pocket attempt to overthrow Panamanian President Ernesto de la Guardia.

An informed source who reported the imminence of attack on the invaders said the National Guard

had held off to protect the 1,000 inhabitants of Nombre de Dios, the coastal town taken over by the invaders who landed last Saturday from Cuba.

Between 200 and 300 guard troops have been deployed around Nombre de Dios since Tuesday.

The government said the invading force in Nombre de Dios numbered 39, including 84 Cubans, 3 Panamanians, 1 American and 1 Puerto Rican. The identity of the American was not known. The government claims the foreigners were hired by Panamanians in Cuba plotting to overthrow De la Guardia.

The U.S. Air patrol was ordered after Panamanian authorities reported one or two more invasion boats carrying up to 300 men left the Cuban port of Surgidero, on Bababano Bay, Tuesday.

Driver Is Killed in Milford Crash

Man From Fowlerville Alone as Car Runs Off Wixom Road

A Fowlerville businessman was killed early yesterday afternoon after his car ran off Wixom road in Milford Township and down an embankment.

Morris D. Beloskur, 47, of 5023 E. Grand River Ave., Fowlerville, was pronounced dead on arrival at 2:30 p.m. at Pontiac General Hospital. He suffered a crushed chest.

The accident occurred at 1:30 p.m. as Beloskur was driving east on Wixom road east of Burns road. Brighton State Police said he apparently was driving at a high rate of speed and failed to negotiate a curve.

Beloskur was alone in the car.

Take Time for Tea
ST. CATHARINES, Ontario (UPI) — Officials of the Premier Trust Co. here discovered several dirty tea cups in the vault of the bank after thieves had broken in and taken over \$500,000 in cash and securities.

Reds to Take Over

BERLIN (AP) — East Germany intends to take over control of Western lifelines to West Berlin regardless of the results of the coming East-West negotiations, its Communist boss, Walter Ulbricht, said in a speech published today.

that further flights above the 10,000-foot level might look as if the West were deliberately trying to provoke an incident which might torpedo east-west talks on the future of Berlin and Germany.

High-flying C130 turboprop jets flew to West Berlin at altitudes of about 25,000 feet March 27 and April 15. Soviet fighters buzzed each flight, provoking American protests.

The new Soviet protest summed up all Moscow's old arguments. It was quickly rejected by the State department last night.

Little Richard Freed From Coon's 'Tomb'

OWASSO, Okla. (AP) — Little Richard, the spirited hound dog freed Wednesday from a rocky "tomb" six days after being lured there by a smart coon, has had other difficulties with the wily creatures.

In the future, 2½-year-old Little Richard probably would go into the same rocky bluff's crevice which had trapped him, his owner Larry Wilson said.

Little Richard was under the care of Dr. John Collins, a veterinarian in nearby Tulsa, today. Collins said he had "every chance in the world" to pull through.

The hound was freed after Wilson and 200 volunteers chipped away at limestone and stubborn granite in a persistent vigil.

Dynamite charges and jackhammers were used to widen the crevice inch by inch. An air hammer removed the last boulder and Little Richard crawled feebly into his master's arms, whining affectionately.

Ike's News Conference Just Skims Over Crucial Question About Iraq

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP)—It was a pleasant, warm, sunny day outside as President Eisenhower answered questions at his news conference Wednesday. The question about Iraq was just one among others.

And the President's answer didn't take long. Yet the question and answer threw across the room

a somber shadow hardly noticeable as the reporters pressed ahead with other questions of their own.

For in Iraq — and what may happen to it and the Middle East later — lies the possibility of one of America's greatest cold war defeats.

Just the day before, Allen Dulles, head of the Central Intelligence Agency, told the Senate Foreign Relations Committee: Com-

munist are in almost complete control in Iraq.

If they are, then it would seem in a short time they should be able to take over. If they delay, it will be because of these two things:

1. That Moscow, for reasons of its own, will order the takeover delayed.

2. That the United States and its allies can find some way to prevent it. Sen. J. William Fulbright, chairman of

the committee, said the situation is not hopeless if such a policy can be found.

But none is in sight now.

Two years ago Iraq was linked with the United States through its defense agreement with Iran, Turkey, Pakistan. That was when Eisenhower asked, and Congress approved, a declaration that the President could use U.S. troops to help any Mideast country against armed aggression from any country controlled by international communism.

One of the weak spots in that policy has always been this: What can the United States do if native Communists take over a country from within, and without obvious outside aggression?

Last summer, when the Iraqi army overthrew the government — which had linked itself with this country — by killing the King, Eisenhower sent American troops into neighboring Lebanon.

Lebanon itself at the time was torn by civil war. Eisenhower said

he acted then on the request of the Lebanese President, Camille Chamoun, to guard American lives and protect Lebanon against indirect aggression.

But could Eisenhower use these powers to send American troops into Iraq to prevent a Communist takeover from within? It seems unlikely.

For one thing, Iraq's premier Abdel Karim Kassem, who led the revolution against the King, has surrounded himself with Commu-

nists. If they took over, they'd be his boys, not outsiders. And even if he tried to disown them at the last moment, he might be eliminated too fast to do what the Lebanese President did: ask for American help.

Most of what he said can be summed up in his last paragraph: "If there is anything we can do to promote better relations with this country without making other enemies in the same region, why that is a good policy to follow. And we do follow it."

At his news conference the President was asked if there was any way to save Iraq from slipping behind the Iron Curtain. There was nothing concrete in the President's answer.

Most of what he said can be summed up in his last paragraph: "If there is anything we can do to promote better relations with this country without making other enemies in the same region, why that is a good policy to follow. And we do follow it."

Negro Boy Jailed in Georgia

Woman Names Rapist

QUITMAN, Ga. (AP)—"It was him."

With those words, a 25-year-old married white woman singled out a teenage Negro boy as the person who raped her on the bank of a fishing pond near her home.

Sheriff R. W. Jones of Brooks County said the victim identified the 16-year-old Negro immediately after facing him Wednesday.

Jones said the boy was being held in an undisclosed jail outside of Brooks County and that rape charges were being prepared.

Names of rape victims and juveniles charged with crimes are withheld by state law.

Earlier Wednesday, the woman exonerated Jesse G. Graham Jr., 21-year-old Negro who had been held in connection with the case. She had told officers her attacker said his name was Jesse G. Graham Jr.

Graham surrendered to Jones Tuesday night after learning he was being sought by a posse. Jones spirited him to the Thomasville jail, 29 miles west of Quitman, to avoid possible violence.

The woman viewed Graham in a lineup with three other Negroes.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning Johnny Ray Rose Marie and Judy Howard, minors. Cause No. 16643.

To John Howard, father of said children.

Petition having been filed in this Court alleging that the present whereabouts of the father of said minor children are unknown and said children are dependent upon the public for support, and that said children should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Oakland County Service Center, Court House Annex, 12000 West Blvd., in the City of Pontiac, in said County, on the 15th day of May, A.D. 1959, at one o'clock in the afternoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereon, this summons and notice shall be served by publication of a copy of this notice in said hearing in The Pontiac Press, a newspaper printed and circulated in said County of Wayne, Michigan, on the 15th day of April, A.D. 1959.

ARTHUR E. MOORE, Judge of Probate.

ELMER J. VANCE, Clerk.

Probate Register.

Juvenile Division.

April 29, 1959.

and said her attacker was not among them.

Graham gave the sheriff names of five Negroes he had been associating with and who had been in the area where the attack occurred Tuesday. The 16-year-old was among those named.

Jones reported the youth said he was at home at the time of the incident.

The sheriff said the boy told him he received scratches on his face and teeth marks on his chest from another girl last week.

U.S., Soviet Vets Mark War Meet at Elbe River

MOSCOW (AP)—U. S. and Soviet veterans Wednesday night celebrated the 14th anniversary of their World War II meeting at the Elbe River by exchanging hopes for good relations between the American and Soviet people.

Joseph Polowsky of Chicago, Ill., leader of the seven Americans here for the reunion, told the reunion meeting that the "plain people of both countries don't want war."

The reunions have been held since 1955, commemorating the joining of the American and Soviet armies on the Elbe in the drive that split Germany in two. Last year's meeting was in the United States.

The American veterans arrived Tuesday. They will be guests at the Soviet May Day parade in Moscow.

BOOMING AFFAIR — Smoke drifts above this crowd on Janiculum Hill in Rome after a cannon is fired at the hour of noon to resume ancient Roman practice which was suspended at the outbreak of World War II. Romans with nostalgic memories of the colorful practice have for some time been bringing pressure on authorities for restoration of the mid-day boom, which echoes across the seven hills of the ancient city.

Captain Says It Damages Modern Ships

New Seaway Construction Obsolete?

By HUGH MULLIGAN
ABOARD SANTA REGINA in Lake Erie — The captain of the first American ship to pass through the St. Lawrence Seaway expressed some reservations Wednesday about the new \$57-million-dollar water route.

Capt. Hawley MacDermid of the Grace Line freighter Santa Regina said that, unless the Seaway changes its methods of operation, ocean-class ships will have to be redesigned to avoid damaging other hulls and superstructures in the narrow canals and locks.

"In the Panama Canal," MacDermid said, "ships are held away from the walls; but here the system seems to be to hold ships in close to one wall, and that's where the damage results."

Ted B. Westfall, executive vice president of the Grace Line, aboard for this voyage to Chicago, said the locks seem to have been designed around the old lake freighters and with no thought for ocean ships.

This 15,000-ton vessel has now passed through all seven of the new Seaway locks and the 27-mile

Welland Canal between Lake Ontario and Lake Erie and is somewhat the worse for wear.

She dented two hull plates, scraped her sides and lost part of her deck railing in negotiating the narrow canals and cement-walled locks. The Santa Regina has a 63-foot beam. The locks are only 80 feet wide.

Both MacDermid and Westfall said they were not knocking the Seaway, but offering constructive suggestions based on their passage.

Among other things they suggested:

1. Have crews available on both sides of the locks to keep big ships in mid-channel.

2. Use clusters of wooden pilings in all approaches to prevent ships from banging against the concrete seawalls.

3. Line the locks with wooden bumpers.

4. Slow the rate at which water flows into the Welland Canal locks to prevent a rock and roll action on big ships.

Westfall said some alterations will be made on other Grace Line

ships due to follow the Santa Regina to inaugurate the first American flag service between the Great Lakes and foreign ports.

Asked if he thought his first trip on the Seaway was a rugged experience, MacDermid said "There is no doubt about it."

"However I'm confident most of the bugs will be worked out in time," he said.

Let's Be Honest, Gals

LONDON (UPI) — Mrs. Margaret Whines, a delegate to the annual Congress of the Women's Cooperative Guild, complained yesterday that if the posters, publications and motion pictures gathered for the congress were preserved for posterity, "A future generation will think all we wore was pants and bras."

Family Keeps Busy in Scouting Roles

MILWAUKEE (AP) — Scout work is almost a full-time project for the John J. Brumer Sr. family. Brumer is advisor to an Explorer post. His wife, Cecilia, is leader of a Brownie troop. Their son, John Jr., is an Explorer Scout. Michael is a member of a Boy Scout troop, and Beverly, Barbara

and Beatrice are Girl Scouts. The only non-scouting member of the family are six-year old Sharon and three-year old Lori.

Plant Smells Trouble

NIAGARA FALLS, N. Y. (UPI) — The Hooker Chemical Co. is worried about keeping a promise to Grand Island residents that no unpleasant odors would emanate from its research lab. A family of five skunks has moved in under a section of the plant.

Ear of Police Chief Is Tuned for Trouble

DOERUN, Ga. (AP) — Police Chief C. L. Hall's ear for music helped catch a bank burglar. Hall heard a radio playing in the coat of a young man and asked him where he got it. The youth said he took the radio as security for a \$1.50 loan from a friend. The friend admitted to Hall that he had taken the radio from the bank when he was unable to break into the vault.

Sentence Killer of Olga Duncan

California Jury Decries Moya to Die for Part as Hired Slayer

VENTURA, Calif. (AP) — Luis Moya must die in the gas chamber for his part in the strangulation of nurse Olga Duncan.

A jury so decreed Wednesday night. Moya is the final member of a trio convicted of first-degree murder in the slaying of the 39-year-old pregnant nurse.

Moya, 20, pleaded guilty to first-degree murder but asked for mercy. His attorney said Moya had been converted to Christianity and, if spared, would help other prisoners acquire religious faith. The jury had only two alternatives—death or life imprisonment. Moya will be formally sentenced May 7.

Moya and Augustine Baldonado said they were hired to kill the Canadian-born nurse by Mrs. Elizabeth Duncan, the victim's intensely jealous mother-in-law. The two men kidnaped her from her Santa Barbara, Calif., apartment last Nov. 17, strangled her and dumped the body in a roadside grave.

Mrs. Duncan and Baldonado are awaiting automatic review of their death sentences. Neither Moya nor members of his family in the courtroom showed any emotion when the verdict was announced.

About 72 per cent of the nation's labor force worked on farms in 1820, but the number had fallen to about 12 per cent in the 1950 census.

Moscow Glitters in Readiness for May Day Parade

MOSCOW (AP) — Perhaps more brightly than ever before, this drab-looking old city is being splashed with banners and bunting for the annual May Day parade of Soviet might.

The holiday atmosphere has already touched Moscow. Most Muscovites were looking forward to a three-day holiday beginning Friday.

Five-foot color pictures of the entire Soviet President line the main building just off Red Square. Pictures of Lenin five times that size are mounted on buildings throughout Moscow. Oldtimers say they've never seen so much bunting and red decorations.

The celebration's major slogan is a call to support Soviet Premier Khrushchev's seven-year economic plan.

One huge placard on the Kremlin walls carries this jawbreaking slogan in red and white letters: "Be in the vanguard of the nationwide struggle for fulfillment of the decisions of the 21st congress of the Communist Party of the Soviet Union for the construction of communism in the U.S.S.R."

Lost 50 Years, Glasses Turn Up Unbroken

SIDNEY, Maine (UPI) — A pair of eyeglasses lost more than 50 years ago was found unbroken recently in a field that had been plowed at least five times in the interim.

The glasses, still in their case, were turned up by Ray E. Philbrick while he was digging potatoes. He remembered the day his grandfather lost them in the 1900s.

29 Plagued by Financial Illness

States Secede, Then Ask Foreign Aid?

(Based by various fiscal ailments, state governments generally have resorted to more and higher taxes. This is the last article of a three-part series.)

By CHARLES STAFFORD
Associated Press Writer

"Maybe," an eastern Kentucky civic leader said, "we should secede from the United States and apply for foreign aid."

He was discussing remedies for the ailing economy of his area, where mechanization and depression in the coal industry have caused widespread unemployment.

The secession proposal was delivered tongue-in-cheek, but many a state official would get the point. A check of state capitals by The Associated Press indicates that 29 states are encountering some measure of financial difficulty today.

Higher taxes are the common remedy. Cigarettes are a favorite target of the revenue hunters of 1939. Sales and income tax increases also are common.

Withholding plans for state income taxes, which increase revenue by cornering tax dodgers, have been adopted by Utah, Massachusetts, South Carolina, and New York. Five more states are seriously considering them.

Some tax programs have been whoppers.

Gov. Michael V. DiSalle of Ohio has presented the Legislature with plans to increase cigarette, beer, corporation franchise, gasoline and diesel fuel taxes. Sales taxes are to be upped to produce some 119 million dollars in the next two years. Adopted without change, DiSalle's program would produce 360 million dollars in new revenue in the next two years.

New York raised its tax revenue 239 million dollars. The Pennsylvania Legislature is studying Gov. David L. Lawrence's proposal for an additional 237 million in taxes to balance the record-breaking biennial budget of \$1,907,000,000. The lawmakers have already raised the 3 per cent sales tax to 3 1/2 per cent, making it second only to Washington state's 4 per cent.

Getting a new tax program approved isn't an easy matter. The Minnesota Legislature adjourned April 24 after 3 1/2 months of work without finding the \$4 million dollars needed to balance Gov. Orville L. Freeman's proposed 470-million-dollar budget.

The governor, who has recommended increases in liquor, cigarette, tobacco, iron ore, gifts, inheritances and income taxes, called the lawmakers back into special session the very next day to finish the job.

In Massachusetts, Gov. Foster Furcolo's efforts to balance his 456-million-dollar budget have touched off a fight within his Democratic party. He proposed that the Democratic-controlled Legislature enact a sales tax.

However, the No. 1 plank in the Democrats' campaign platform was a stand against the sales tax. At a party harmony dinner Feb. 14, Lt. Gov. Robert F. Murphy said that if the Democrats approve a sales tax "We deserve what will surely befall us — defeat for our perjury; defeat for our hypocrisy; and finally the inevitable loss of the confidence of the voters."

Furcolo, the next speaker, promptly took issue with Murphy. Murphy, he said, was "either trying to kid the public or he doesn't have the solution to our problem." The governor said the platform plank applied to a general sales tax, while he has suggested a limited tax which would exempt food, fuel, children's clothing, medicines and similar necessities.

Gov. Edmund G. Brown of California, a Democrat, has asked a politically friendly Legislature to tax cigarettes, oil and gas and increase taxes on horse racing.

beer and income to provide 236 million dollars in new revenue. His headache: a rapidly expanding deficit.

"Up to now it has been possible to avoid facing up to the fiscal realities because surpluses built up during and after the war have been used to meet the deficits," he says. "By using the fund surpluses to meet annual deficits we have succeeded only in postponing the day of reckoning."

But, says GOP Assemblyman Joseph C. Shell of Los Angeles — and he has supporters in both parties — "I can see no point in increasing taxes or levying new ones when we have surpluses available to us."

In Georgia, economy is the word. Gov. Ernest Vandiver, who ran on a platform of no new taxes unless absolutely necessary, ordered state departments to reduce their operating expenses by 10 per cent during the final quarter of the fiscal year, which ends June 30. The Legislature economized by elimination and consolidation of several agencies.

The governor is holding a tight rein on budget requests. He has a committee studying government reorganization and economy. And he has ordered a crackdown on loose practices in the purchasing and tax departments where there

GI Drivers in Germany Get Mass Punishment

HELMSTEDT, Germany (AP) — GI's owning private cars in this West German town have been banned from driving them for 30 days.

The U.S. Army imposed what it called "collective preventive punishment" because of a spate of accidents, resulting largely from speeding and drunken driving.

The Army ordered all owning cars to hand in their drivers' licenses and keys, and walk or take bus until late May.

Asks OK to Lease State Ferry Docks

LANSING, Mich. — The State Highway Department has asked the House State Affairs Committee for a go-ahead on leasing surplus Mackinac Straits ferry dock property this summer.

Commissioner John C. Mackie said a number of firms have made inquiries on leasing facilities on the four docks—three at St. Ignace and one at Mackinaw City.

If agreements aren't made soon with transit lines wanting to use the docks during the summer the state will lose "considerable revenue," he said.

Mackie stressed the department has no interest in continuing its jurisdiction over the docks, which were declared surplus property when the straits ferries went out of business with the opening of the Straits of Mackinac Bridge.

The State Affairs Committee is considering several proposals for disposal of the docks, including offers from St. Ignace and Mackinaw City to take them over on a lease basis or on an outright grant.

Bored? Not a Chance

CHICAGO (UPI) — George A. Smidl, 69, announced on his retirement yesterday that in 51 years as a letter carrier he: walked 70,000 miles, wore out 180 pair of shoes, and was 10 times bitten by dogs.

Japan Refuses Visa to Bridges' Assistant

TOKYO (AP) — The Japanese Foreign Office today refused to explain its refusal of a visa for Harry Bridges' right-hand man to attend an Asian dock workers conference in Tokyo.

Louis Goldblatt, secretary-treasurer of Bridges' International Longshoremen's and Warehousemen's Union, said in San Francisco that he had been denied a visa.

"This problem is not at present at a stage where it can be discussed. It is too early to comment," said a Foreign Office spokesman.

urer of Bridges' International Longshoremen's and Warehousemen's Union, said in San Francisco that he had been denied a visa.

"This problem is not at present at a stage where it can be discussed. It is too early to comment," said a Foreign Office spokesman.

Research Need Cited

Decries Spaceman Funds

MELBOURNE, Australia (AP) — The chief of Britain's atomic research program today said the "fantastic amounts" the United States and the Soviet Union are spending trying to put a man into space could be better employed in medical and biological research on earth.

Sir John Cockcroft told a press conference "normal" space research is not a waste of time, but he believes the "thousands of millions being spent by the United States and the Soviet Union to get a man into space is not warranted."

"Space travel will not be of great use to humanity," he said, adding, "I think there will be great difficulty in getting such a spaceman back to earth safely."

Cockcroft is director of the Harwell Atomic research establishment and the member for research of Britain's Atomic Energy Authority. He is lecturing in Australia and conferring with government officials.

Suffocate, Drown Like Humans

Plants Need Oxygen, Too

EAST LANSING (AP) — If plant roots could talk, their first words would probably be a plea: "Give me air."

Plants, like people, need oxygen to keep alive, says Prof. Earl Erickson of Michigan State University.

Too much water and they drown; too little air and they suffocate.

Erickson knows this is true because he has tuned in on plant roots and, in effect, listened to them shouting for air.

INGENIOUS MACHINE

He does this with an ingenious machine which measures the rate of oxygen movement in the soil.

Platinum wires attached to the machine are buried in the ground. Oxygen molecules in the soil spread to the platinum "roots." This action causes a small flow of electric current.

By measuring the current recorded by the machine, soil scientists like Erickson get an idea of the quantity of oxygen in the ground.

He has found that insufficient oxygen for ever a short spell can damage plants. They become sluggish and their growth is stunted.

And, they just give up and die when oxygen is cut off for a long period.

Erickson reports poor aeration in the soil can result from packing by heavy farm machinery, too much rain or excessive irrigation.

The air-measuring study he is conducting is part of an MSU project designed to improve tillage practices and solve excess water problems.

Helpful Hints for Photo Fans

Check Your Camera Before Taking Journey, Cut Down on Gadgets

By United Press International

If you plan to do some photography while traveling abroad this season, here are some camera tips to remember:

To maintain a sharp focus, keep the camera set on a distance of about 10 feet, set a small lens opening (the f reading) and use fast films, both color and black and white.

Check the camera before leaving. Take lens tissues and a lens brush. Buy some thin layers of foam rubber to wrap equipment in and hold the bundle together with rubber bands. This will prevent vibration, especially in aircraft, from affecting the camera and light meter.

Cut down on the gadgets. A haze filter and a graduated yellow filter for black and white film are enough. The graduated yellow filter can be left on the camera for almost all shots to give depth and contrast. For color film, a skylight filter eliminates haze.

Tropical damp sometimes causes a light meter to stick. If this happens, open the meter cell to the sun for a few moments, or until the meter needle registers.

Film is often very expensive outside the United States, so for shorter trips, it might be wise to take what you need with you.

Some countries don't let you in with more than one camera. Any others you have are placed in bond until you leave. Try to leave at the point you entered, or else make provisions to have the camera forwarded to wherever you intend to depart.

If you take a foreign-made camera with you, register it before leaving America. Otherwise, you may have to pay duty on it when you get back.

The coot, erroneously known as the mud-hen, is neither duck nor chicken. It is a marsh bird related to the rail. But in taste it resembles duck, and both are prepared and cooked practically the same as poultry.

Gas Grenades Subdue Widow

She Holds Off Police With Shotgun to Make Point About Parking

PHILADELPHIA, Pa. (AP) — A widow with a shotgun barricaded herself in her apartment for three hours Wednesday and tossed back the tear gas grenades fired by police.

Mrs. Catherine Ranonis, about 60, held 30 policemen at bay by threatening to shoot at them if they stormed her third-floor apartment.

Two policemen tried to sneak up the back stairs and found out she wasn't bluffing. She fired at them, but the pellets lodged in the wall and the two backed off unhurt.

Finally, however, the tear gas got the better of Mrs. Ranonis and officers wearing gas masks entered the apartment and disarmed her.

Mrs. Ranonis has had a long feud with a neighborhood funeral home over parking of funeral cars in front of the apartment building where she lives. The dispute erupted again Wednesday, and police were called.

Mrs. Ranonis barricaded herself in the apartment and threatened to fire. Thirty tear gas grenades were hurled. She picked them up as they landed and threw them back.

Then police, wearing gas masks mounted the stairs, broke in and disarmed her.

She was taken to Philadelphia General Hospital for psychiatric examination.

More than 10,000 high schools in the U.S. now provide behind-the-wheel driving instruction. In some schools the course is compulsory.

Picked From 14 Candidates

Leads State Military at 48

LANSING (AP) — A 48-year-old military man who rose through the ranks to brigadier general has been named Michigan's adjutant general.

He is Ronald D. McDonald of Okemos who was picked by Gov. Williams from 14 candidates for the top administrative post in the state's military establishment.

McDonald succeeds Maj. Gen. George S. Morris who retires today after 11 years in the post.

The new adjutant general is a native of Hibbing. He is married and has four children.

McDonald is the 25th adjutant general in the state's history.

His appointment comes as the state's Army and Air National Guard complement of 12,208 men is being reorganized under the new pentomic concept.

As he takes over, his top problem is to ensure a smooth transition to the new concept which calls for a divisional set up of five battle groups with atomic capabilities. The pentomic concept, ordered into effect March 15, replaces the triangular divisional organization based on three infantry regiments.

McDonald is a veteran of 28 years in the National Guard service. He was graduated in 1933 from Michigan State University.

During World War II he spent 34 months in the Alaska area. He also was assigned to the southwestern Pacific area as a special representative on Gen. Douglas MacArthur's staff.

Before his latest appointment, he served as the state's quartermaster general.

McDonald is active in the Community Chest, Red Cross and civil defense.

He belongs to the Okemos lodge of the AF & AM, the Lansing

Claim Chinese Caught Snowman

LONDON (AP) — Chinese peasants captured an abominable snowman in Kansu province and even trained him to work, Moscow radio reported today. But then they killed him.

The broadcast gave no further details of this first claim to domesticating the snowman, or who supposedly walks upright

over the high mountains of Asia but flees at the approach of man. The Russians admitted that they themselves were outwitted on a yeti-hunting expedition to the Pamir Mountains of Central Asia last summer.

The Pamir expedition was badly planned, Moscow said. It chose the wrong time of year when there was no snow. It also disregarded Western advice and hunted in large groups. They made a lot of noise and yeti beat it to the hills.

Moscow radio said more expeditions will be organized.

Woman Can Replace Man With Politics

DENVER (UPI) — Marriage is not necessary for happiness, according to Dr. Allen Kraft, chief psychiatrist at the National Mental Health Center here.

He urged unmarried women to go into politics as one of several substitutes for the time-honored role of housewife. Teaching, he said, is another way for a single

woman to fill the marital void in her life.

"Singleness itself is not a good or bad state," Dr. Kraft said. "Singleness is not necessarily an indicator of a sick or neurotic mind. Single people can be happy or unhappy as individuals, just as married folk can be happy or unhappy as individuals."

Britain's Imperial crown contains nearly 3,000 diamonds and 300 pearls, and is acclaimed as one of the richest crowns still to be preserved.

Janitor Invents Device to Guard Patrolboys

COLUMBUS, Ohio (AP) — Mutual Burton, a junior high school janitor, has devised a machine by which a school safety patrolboy can extend his crosswalk safety flag four feet into the street without leaving the curb.

Burton explained that he had a special reason for his invention. Five of his sons have been school patrol members and "I didn't like the idea of my boys having to stand in the street," he explains.

Carmaker Cuts Prices 10 Pct.

But What's the Catch? Autos Are New Models of 1901 Oldsmobiles

PORT LAUDERDALE, Fla. (UPI)—Here's one automobile manufacturer who's cutting prices 10 per cent on next year's model.

But don't get your hopes up. The next year's model in question is really a little behind times in style—59 years to be exact.

American Air Products Corp., maker of the "Merry '01," a modern replica of the 1901 Oldsmobile, announced today it is reducing the price of its tiller-steered gasoline buggy from \$1,495 to \$1,350 f.o.b. at the factory here.

The 700-pound classic, powered by a one-cylinder, four-horsepower Clinton engine, has found a ready market during the past two years as a promotional gimmick. Some firms are even using it for delivery service.

IMPROVED TECHNIQUES

The firm said improved assembly line techniques and stepped up production made the price cut possible.

The auto is an exact replica of the E. E. Olds classic except for a self-starter, seal beam headlights and the Clinton engine.

It can reach top speeds of 35 miles per hour and will get 65 miles to a gallon of regular gasoline.

It is now being sold by franchised dealers through the United States, Canada and Latin America. It is being produced at the rate of 2,500 a year.

Lack of English Helps to Foil Pair in Holdup

DETROIT (AP)—Aelheid Pfeiffer's unfamiliarity with the English language sometimes is helpful in her adopted land.

It foiled two gunmen Wednesday in a German-American bakery where she works.

Mrs. Pfeiffer, 35, came here only 17 months ago from Germany. She reads English well enough to get by. But some things puzzle her.

A note handed her by the would-be holdup men was one of those things.

"Give me all the money you have in the bag," it said.

Mrs. Pfeiffer strolled casually to a back room to get an explanation from Loretta Stoyke, 19, daughter of the bakery owner.

Astonished, the gunmen fled through the front door.

WIDOW GETS CITATION—At a dinner last night at the Elks Temple, Mrs. Claud A. Coons received a citation honoring the memory of her late husband, a Pontiac letter carrier for 38 years before his death Feb. 13. The presentation

was made by Postmaster Robert C. Miller (left), with James H. Rademacher Jr., regional director for the National Assn. of Letter Carriers, looking on.

U. S. Rejects Test Ban

Red Plan Nixed

WASHINGTON (AP)—U.S. authorities see many potential loopholes in the Soviet offer of limited inspection to back up a nuclear test ban.

With only a general outline of the Soviet idea presented thus far, officials here have found enough weak spots to make the plan unacceptable to the West.

They are awaiting clarification before deciding whether the proposal shows promise of breaking the long deadlock in the Geneva talks on banning nuclear tests.

While Western powers had called for an inspection system to police any agreement to halt atomic explosions, Moscow had pushed for veto power.

In a switch Tuesday night, the Soviets announced in Geneva they would cooperate in a veto-free system of spot checking the sites of suspected nuclear explosions—provided the Big Three atomic powers fix in advance the number of such checks to be allowed each year.

President Eisenhower pointed out some of the loopholes Wednesday. He said there is no sense in talking about the number of inspection visits to be allowed as

long as the Soviets insist on veto rights on who is to serve on control committees and inspection teams and what can be inspected.

Washington officials also said that if the Reds still reserve veto rights on the planned seven-nation control commission they could cripple inspections by chopping appropriations, barring the hiring of experts and other devices.

The Soviets have demanded, too, that the inspection teams be headed by nationals of the country being inspected and that the majority on the teams be nationals. Americans contend this amounts to self-inspection.

In the U.S. view, the number of inspections to be allowed would be of great importance.

According to one set of scientific calculations, there may be from 200 to 1,000 natural events a year—such as earthquakes—which would have to be checked to assure they were not atomic blasts.

Thus if the Communists propose only a half-dozen inspections a year, for instance, this would clearly fall short of an adequate inspection system in the West's view.

Blind Man Saved From Subway Death

NEW YORK (AP)—A fast acting subway clerk saved a blind man from possible death Wednesday night when the latter apparently lost his sense of direction and walked off a station platform.

The blind man, George Moeller, 58, fell to the tracks at a subway station in Flushing, Queens.

William Holmes, 54, the clerk,

dashed from his change booth and jumped to the tracks, in time to flag down an incoming train.

Moeller was taken to a hospital for treatment of shock and bruises.

Candidate Given Right Won't Stay Too Long

MILWAUKEE (AP)—Atty. F. R. Duffy Jr. won his battle to have his name placed on a ballot as candidate for civil judge despite a citizen's contention that a candidate's first name, not his second, be spelled out.

The legal opinion supporting Duffy came from Milwaukee County Corporation Counsel C. Stanley Perry.

Rolls 300 at Duckpins

Herter Relives Boyhood in Visit to Paris School

PARIS (AP)—U.S. Secretary of State Christian A. Herter made a sentimental journey today to a French school he attended more than half a century ago.

A band of youngsters gave him a rousing cheer as they marched in review in the same courtyard where young Chris Herter used to play.

Born of American parents living in Paris, Herter entered the famed Ecole Alsacienne in 1902, as a boy of 7. He studied there three years.

Now 64, Herter took time out today from the conference of Western foreign ministers to return to his old classroom. On the blackboard, in blue chalk and careful English, were the words "Welcome, Mr. Herter."

Georges Gallienne, president of the school's administrative council, led the visitor to the desk where he once sat. He showed him an old school registration book which mentioned him as a "tres bon eleve," a very good student. Gallienne gave Herter a history of the school and a commemorative medal.

Jeannie Auschman, director of elementary classes, gave him a duplicate of an old award certificate he earned in his school days. The secretary's eyes glistened with emotion as he walked about the school.

"All men have two countries, their own and Paris," Herter told pupils massed in the courtyard.

"I believe that this phrase, which has been repeated millions of times, represents my own feelings."

He spoke in perfect French and drew a big cheer.

"It was in Paris that I was born," said Herter, "two steps from the Luxembourg Gardens. Thus it is with understandable emotion that I find myself here today and remember my childhood in the capital."

Ecole Alsacienne is a private coeducational school founded after the 1870-71 war with Germany by refugees from German-occupied Alsace. It has always had a considerable attendance of foreign children living in Paris.

Asks Phone Punishment

LANSING (AP)—People who make threats or use abusive language over the telephone could be charged with disorderly conduct under a bill introduced by Rep. Joseph A. Gillis Jr. (D-Detroit). Present law, he said, makes charges possible only in extortion threats or in use of obscene language in interstate calls.

UP Tourist Business Holds Steady in '58

EAST LANSING (AP)—Tourist and resort business in the Upper Peninsula held steady last year, the first full year that the Mackinac Bridge was in operation.

The report comes from Robert W. McIntosh, a tourist and resort specialist at Michigan State University.

He says the steadiness was a notable achievement for Upper Peninsula operators, in view of the general business recession in 1958.

McIntosh estimated tourist and resort business in the Upper Peninsula totaled \$138,235,000 last year—about \$36,000 less than in 1957.

He said gains by counties in 1958 included: Delta \$3,366,000; Dickinson, \$1,518,000; Chippewa, \$1,018,000; Luce, \$773,000; Schoolcraft, \$608,000; Houghton \$427,000, and Baraga, \$38,000.

Decreases included: Gogebic, \$3,469,000; Marquette, \$2,096,000; Mackinac, \$1,145,000; Iron, \$569,000; Alger, \$326,000; Ontonagon, \$168,000, and Keweenaw, \$79,000.

No report was made for Menominee County.

Wives Wanted, Must Be Able to Boil Water

MONROE (AP)—Speedy Combs, a Monroe hillbilly musician, put up a big sign in front of the home of two friends:

"Hurry! 2 wives wanted, 18 to 80; any condition, must be able to boil water."

Speedy, 28 and single, thought it a good joke because the wives of Jess Gilbert, 27, and Rufus Shoffner, 42, had left them they were doing their own cooking in a small house on a well-traveled road near Monroe.

At first, the sign in red paint wasn't a bit funny to Gilbert and Shoffner.

Then they got to liking the attention.

"Must have had a million phone calls," said Gilbert.

Gilbert and Shoffner operate a small amusement firm in a garage near the house. They supply juke boxes and other equipment.

They got so many calls they had Speedy help them install a telephone answering device.

"The trouble is," said Gilbert, "not one of the gals has stopped by to show her face. They all said they could boil water."

Luce Episode Inspires Sendtor to Read Poem

WASHINGTON (UPI)—Text of the poem read to the Senate by Sen. Stephen M. Young (D-Ohio), after the Mrs. Luce episode:

THE WOMAN WITH THE SERPENT TONGUE

By William Watson
She is not old, she is not young.
The woman with the serpent's tongue.
The haggard cheek, the hungry eyes
The poisoned words that wildly fly.
The famished face, the fevered hand—
Who slights the worthless in the land,
Sneers at the just, condemns the brave,
And blackens goodness in its grave.
In truthful numbers be she sung.
The woman with the serpent's tongue:
Ambitious from her natal hour.

And scheming all her life for power:
With little left of seemly pride;
With venomous fangs she cannot hide;
Burnt up within by that strange seed.
She cannot slake or yet control:
Malignant-lipped, unkind, unsweet;
Fest all example indiscreet;
Hecate, and always oversteering—
The woman with the serpent's tongue.

To think that such as she can mar
Names that among the noblest are!
That hands like hers can touch the springs
That move who knows what men and things?
That on her will their fates have hung!
The woman with the serpent's tongue.

To Manage Orchestra

ANN ARBOR (AP)—James D. Shortt Jr., who is a member of the University Relations Staff at the University of Michigan, will become manager of the Philadelphia Orchestra July 1. He received his Doctor of Philosophy degree from the U. of M. in 1955.

Senate Okays Board for Great Lakes

WASHINGTON (AP)—The Senate has passed and sent to the House a bill to give congressional consent to creation of a Great Lakes Commission to provide for the development and conservation of water resources of the area.

The bill would authorize congressional approval of a compact that would become effective when approved by the legislatures of any four of the states of Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania and Wisconsin.

Six Americans Killed in French Road Crash

CHATREAUROUX, France (AP)—The U.S. Air Force today identified six Americans killed in a car-truck crash near here yesterday. They were:
Staff Sgt. Decker W. McQuillan, 25, his wife, Carolyn B., 22; their children, Helen, 4, Wanda, 3, and Decker Jr., 1, and Mrs. Mary Lou Curtis, 29.

The Air Force said McQuillan's last address in the United States was Wilmington, N.D., and that his parents live in Detroit.

Wins Mahon Scholarship

DETROIT (AP)—Paul Lucas, 18, of Holland, has been awarded a four-year college scholarship by the R. C. Mahon Foundation in nationwide competition. Lucas is a Holland High senior who likes to tinker with electronic machinery.

Move to Up Truck Speed

LANSING (AP)—A bill to boost the truck speed limit on Michigan highways from 45 to 50 miles an hour has headed toward the Senate after unanimous approval in the House. Rep. Albert R. Horrigan (D-Flint), the sponsor, said the measure would improve traffic safety by discouraging motorists from weaving around slow-moving trucks. Most trucks, he said, now drive 50 and 55 miles an hour.

Say Recording Cracks Charge

Officials in Mississippi
Deny Pressure Used
in Rape Questioning

POPLARVILLE, Miss. (AP) — Officials offered a tape recording today as proof that they didn't browbeat a witness into giving false statements in the rape case against Mack Charles Parker, 23-year-old Negro dragged from his cell by a masked gang.

Neither federal nor state officers had anything new to report on their search for Parker, who was presumed dead, or the 8 or 10 men who staged the kidnapping early Saturday.

In Chicago, Lee C. Underwood, Parker's brother-in-law, made a statement to a Negro newspaper, the Defender, that he was bullied.

L. F. Parker and Howard Pulley of the Defender staff said they took Underwood out of Lumberton, Miss., near Poplarville, Monday night.

The newspaper quoted Underwood as saying authorities made him and his companions say that Parker told them he was going to rape a white woman.

Authorities here denied Underwood's statement. They said he was lying.

And, at Lumberton, Miss., another prosecution witness, Tommy Lee Grant, reiterated that the evidence he had given against Parker, accused of raping a white pregnant mother, was the truth.

Grant, 22, said officers did not intimidate him or any of the other Negro witnesses in the case.

Another Negro witness, David Alford, also of Lumberton, supported Grant's story about not being intimidated.

Underwood's father, Earnest Underwood, also came to the defense of officers and said he didn't think his son was beaten while he was being questioned.

Officers played or reporters a tape recording of statements made by Lee Underwood, Grant and two other Negroes who were with Parker the night of the attack.

On the Detroit River, a man and a woman lost their lives apparently when they panicked as their rented outboard motor boat was swept into a whirlpool.

The two, identified at the boat livery as Thomas Mitchell of Lincoln Park and Mary Ann Smith of Redford Township, stood up in the 14-foot boat and were pitched overboard, fishermen witnesses said.

A witness said "they got excited and both stood up. The boat dipped and they fell out." The scene was in the Stony Island vicinity 25 miles downriver from Detroit.

In harbor waters off Harbor Beach on Lake Huron, an outboard motorboat containing two Saginaw couples was swamped as the winds kicked up high seas.

In the swamped boat were Fred Riedinger, 45, and his wife, Anita, 44, and Michael Romback, 54, and his wife, Clara, 57. They were out fishing.

The Coast Guard lighthouse spotted their plight, a quarter-mile out from the Coast Guard station.

Two boats put out from the station. One took aboard the two men and the other the two women. On the way toward shore the boat containing the women also swamped. A third boat went out and took aboard the occupants.

Samuel Hollis, 25, a guardman aboard the swamped second boat, was taken to Harbor Beach Community Hospital with Mrs. Riedinger and Mrs. Romback. All were reported in good condition.

About 83 per cent of the total of a normal man's span of knowledge comes to him through his eyes. The other four senses share in the remaining 17 per cent.

CLASSY CLICKING — Physics is just a snap course for Roger Field, who photographs the blackboard instead of taking notes in a classroom at Columbia College in New York. A sophomore, Field has found it much easier and more accurate to use his 35 mm. camera rather than pencil and paper to copy elaborate formulas and diagrams. He says his professors don't mind, since he does his picture taking after class, and his fellow students set up quite a demand for prints, which Field sells.

Whirlpool Gulps Man, Woman

Panic on Detroit River;
Coast Guard Rescues 4
From Lake Huron

By The Associated Press
Two persons drowned in Michigan waters Wednesday while four others, caught in high winds on Lake Huron, were rescued.

Coast guardmen rescuing the four on Lake Huron had to send out an extra boat when one of their own two crafts was swamped in high waves.

On the Detroit River, a man and a woman lost their lives apparently when they panicked as their rented outboard motor boat was swept into a whirlpool.

The two, identified at the boat livery as Thomas Mitchell of Lincoln Park and Mary Ann Smith of Redford Township, stood up in the 14-foot boat and were pitched overboard, fishermen witnesses said.

A witness said "they got excited and both stood up. The boat dipped and they fell out." The scene was in the Stony Island vicinity 25 miles downriver from Detroit.

In harbor waters off Harbor Beach on Lake Huron, an outboard motorboat containing two Saginaw couples was swamped as the winds kicked up high seas.

In the swamped boat were Fred Riedinger, 45, and his wife, Anita, 44, and Michael Romback, 54, and his wife, Clara, 57. They were out fishing.

The Coast Guard lighthouse spotted their plight, a quarter-mile out from the Coast Guard station.

Two boats put out from the station. One took aboard the two men and the other the two women. On the way toward shore the boat containing the women also swamped. A third boat went out and took aboard the occupants.

Samuel Hollis, 25, a guardman aboard the swamped second boat, was taken to Harbor Beach Community Hospital with Mrs. Riedinger and Mrs. Romback. All were reported in good condition.

Henry Ford II Looks Ahead Sees Car Market Doubling

DETROIT (AP) — Henry Ford II predicted today that the nation's economy will have doubled in size within the next 20 years and there will be a market for twice as many automobiles a year.

Ford made his prediction in celebrating the production of the Ford Motor Co.'s 50 millionth automobile this afternoon. The next 50 million, he said, will be produced in 20 years—in about one-third the time it took to make the first 50 million.

He predicted revolutionary changes in motor vehicles.

"In the future," he said, "the vehicle may or may not have wheels. It may move on the ground or in the air or on the water — or conceivably be at home in all three elements."

Ford said the company was "exploring the problems of free flight — of the wingless flying automobile" — as well as new kinds of substantially stronger materials, new fuels of much greater power density and propulsion systems to produce greater power and efficiency for each pound of weight.

Leaves Dental Clue

LOCKPORT, N. Y. (UPI) — Mrs. Anna Chamberlain reported to police someone had siphoned gasoline from her car. She also presented them with a clue to the culprit — a set of dentures she found near the auto.

Detroit Kidnaper Faces Two Charges

DETROIT (AP) — Charges of robbery and kidnapping were being prepared today against a 26-year-old unemployed laborer who was wounded and captured as he struggled with an attractive blonde he had abducted from a Detroit bar.

The prisoner, Roger M. Henderson, was in serious condition in the hospital with bullet wounds in the chest and right shoulder.

Henderson was shot by two policemen after the girl, Diane Martin, 25, grabbed his gun hand and struggled with him in his car.

Henderson, who has a lengthy record of arrests, told police that he robbed the bar and kidnaped

Miss Martin on an impulse. He said he had been out of work and needed money.

Detectives said he told them he had served with Fidel Castro's revolutionary army in Cuba for a month last fall but quit and returned to the States, because "there was too damn much shooting for me."

Witnesses said Henderson forced Miss Martin to leave the bar, where she was employed as a waitress, after robbing the owner and the bartender.

Bob Considine Says:

Monty Pulls No Punches Slamming U.S.

NEW YORK — What a magnificent television show that was, the one on CBS the other night in which Field Marshal Bernard Law Montgomery answered the searching questions of Edward R. Murrow and Charles Collingwood!

This was outstanding journalism with no punches pulled.

By now, one would guess, the papers will carry stories about Montgomery's trip to Moscow where, chances are, he'll be as provocative as he was in his memoirs and on that portion of the spectrum owned or operated

by CBS. That's as provocative as anybody can get. Here are some of his opinions, stimulated by astute questions and presented in a straightforward manner that brooked no question about his sincerity:

MACARTHUR — "I was visiting Ike at the White House and I said to him that I wanted to see MacArthur. I had never met him. I said I wanted to ask MacArthur about the war in the Pacific. Ike said he could tell me plenty, and that I wouldn't have to ask any questions. Well, true. I was fascinated as I listened to him in the

Waldorf-Astoria. He lives on the top. I came away convinced he was the best service chief the United States produced in World War II."

TRUMAN — "He will go down in history as one of your great Presidents."

FDR — "He always thought he could handle the Russians after the war. He couldn't."

EISENHOWER — "One of my great arguments with Ike was that we must press on to Berlin. To get to Berlin we should have planned from Normandy. He

and I differed. You go to war only for political reasons. You finish a war with the hope of a political balance or victory. The U.S. leaders thought only of military decisions."

GENERALS BRADLEY AND GRUENTHER — "I wouldn't expect to hear from them (after his memoirs which criticized both). But I must say that as you get older you don't want to lose your friends. I feel a great sadness that they took it this way... a great sadness that they should have taken that line. It is possible to remain friends. Ike and I are

friends, yet I wrote that Ike didn't understand the battle plan that he himself drew when he was in Washington early in 1942. It called for an early second front. In the UK our plan was to weaken the German through the years, then knock this guy out. All German thinking today is on my side."

GERMANY — "The Russians will never allow a united Germany, a united Germany with nuclear weapons. They are genuinely afraid of Germany."

U.S. LEADERSHIP — "It has

become increasingly intermittent in its policies, indeed, suspect in recent years." (He suggested that Prime Minister Macmillan might very well assume the leadership of the Western spokesmen). "Britain has the wisdom of the centuries as opposed to your wisdom of the decades. You have much to learn. Your leaders aren't awfully well. John Foster Dulles, a decent chap, has cancer. Your President has had three serious physical attacks. The new head of your State Department walks about on two crutches. Let us face it: U.S. leadership has slipped."

Murrow reminded him sternly that President Roosevelt "didn't walk well" but, in effect, saved Britain. "Yes," Montgomery said

testily, "but he was very dying at Yalta and look what's happened since." It was a call for physical fit statements.

NATO — "It has become a mutual congratulations society. A Frenchman should be in over-all charge, with a German field commander. But it is far from perfect. If NATO went to war tomorrow we'd have some pretty good disasters."

SUMMIT — "We should skip the foreign ministers' conference and go straight to the summit. I agree (he didn't mention the first person to suggest it: W. R. Hearst Jr.) that there should not only be a summit meeting but a summit meeting perhaps every six months."

WORLD WAR III — "No chance that Russia will attack."

Trace Form of Cancer to Faulty Hormones

ST. LOUIS (U)—Two Washington University scientists say they have traced a common form of uterine cancer to a fault in hormone production. Findings of Dr. Alfred I. Sherwood and Dr. Ralph B. Wolf were announced today by the American Cancer Society. The report said the St. Louis scientists are investigating a proposed preventative treatment. The scientists said their research indicates that certain women are born with hormone-producing cells which make them likely cancer candidates when their reproductive potential wanes.

Rochester Backs Youth Guidance Committee Now Will Seek Support of Two Townships

Dry Weather Generally Noted Throughout U.S.

By The Associated Press
There were a few wet spots but dry weather prevailed across the major part of the country today.

Storms which raked sections of the Southeast Wednesday abated in most areas from the Carolinas to Alabama. Hail, rain and strong winds hit the region near the Georgia-South Carolina border. Funnels clouds were reported near Mobile, Ala., and in the Holly Hill, S.C., area. Florence, S.C., was doused with nearly 2 inches of rain in a six-hour period. A severe hail storm hit Cordelle, Ga.

Storms also battered areas in Indiana and Ohio, with wind gusts of 76 m.p.h. at Cleveland. Severe thunderstorms rumbled across parts of Texas. Hail measured three inches deep in the Wichita Falls area.

Smelt Fry Planned

ROCHESTER — Members of Explorer Scout Post 40 of St. Philip's Episcopal Church will hold their second annual Smelt Fry between 5 and 8 p.m. Friday in the undercroft of the church. The boys and their fathers will both cook and serve the meal.

First of the states to levy a registration fee upon automobiles was New York which imposed the tax in 1901.

Violence Erupts in Coal Strike

NLRB Plans Action as Dynamitings, Gunfire Mark Kentucky Dispute

WHITESBURG, Ky. (AP) — A nonunion coal loading ramp was dynamited Wednesday night during one of the heaviest outbreaks of violence since the United Mine Workers strike began in eastern Kentucky.

Earlier in the day another ramp was dynamited and guards at a mine exchanged more than 200 shots with hidden snipers.

The National Labor Relations Board planned to move into the strike picture today by filing injunction suits against the UMW in federal court at Lexington. The NLRB will ask that the union be restrained from hampering coal operations in four Kentucky and two Tennessee counties.

Paul Taylor, co-owner of the Uva Coal Co., where the latest blast occurred, said union pickets held to railroad cars entering the ramp and tossed dynamite under the tipples.

One guard at the ramp received a slight leg injury. Another man on the ramp was unhurt.

Taylor said about 12 sticks of dynamite exploded. Twenty-six others that failed to explode were found near the ramp.

Surplus Food for Pioneers to Alaska Urged

Number of settlers testing the vast natural resources of Alaska would be enlarged if Congress would authorize donations of surplus food to homesteaders, Congressman William S. Broomfield (R-Oakland County) said yesterday.

In a letter to Chairman Wayne Aspinall (D-Colo.) of the House Interior Committee, Broomfield said:

"If enough food can be provided from surplus stocks by our federal government to assure that there will be no starvation or hunger among homesteaders then I think we will see a great many more people who are willing to settle in Alaska."

Urging favorable committee action on his bill to permit homesteaders to draw on federal surplus foodstocks until they obtain land titles, Broomfield said that the government has nine billion dollars worth of stored agricultural products.

"It makes sense," he said, "to use some of these products to the very best advantage of our nation, and that is to promote the settlement of our last remaining frontier state."

ROCHESTER — The newly organized Rochester Area Youth Guidance Committee, which has grown from a steering committee of four to an organization of 50 members, now has the official sanction of the Rochester Village Council.

An ordinance has been adopted recognizing the committee and its program designed to handle youth problems before they become matters for juvenile court concern.

The program encompasses the Rochester Community School District which covers 50 square miles.

The next move of the committee will be to get the approval of

the Avon and Oakland Township Boards, according to co-chairmen Eugene V. Rounds and the Rev. Edgar A. Lucas.

Specifically, Rounds is chairman of the General Citizens Committee and the Rev. Mr. Lucas heads the Executive Case Work Committee of the parent organization.

Other officers are Mrs. Paul Christensen, recording secretary; Mrs. Muriel Pearsall, corresponding secretary; and Arthur Cox, treasurer.

According to present plans, Thomas Pfeiffer, assistant director of Protective Services for the Oakland County Juvenile Court, will be in Rochester one day a week to work with the local case work committee.

Based on the principle that "an ounce of prevention is worth a pound of cure," case workers will function closely with school and other public officials. They will be concerned primarily with children who have behavior problems or have committed some misdemeanor.

It will be the function of case workers to try to straighten miscreants out before they get into more serious trouble, Rounds said. "We have the wholehearted support of Rochester school officials, Police Chief Samuel Howlett and many other civic and youth leaders in the area," he added.

Three cases already have been referred to the organization. The case workers' next step is to determine the cause of the unacceptable behavior and to see what measures should be taken to correct it, the cochairman said.

Similar organizations have been formed in other communities throughout the state and are functioning favorably at the present time, officials reported.

Probate Judge Arthur E. Moore will be present at a public meeting of the committee on May 12 at Rochester Junior High School. He and committee officials will explain the guidance program to those in the area wishing to learn more about it.

Find Lady Bug in 'Who's Who'

South Lyon Man Works to Complete Exclusive Listing in Michigan

SOUTH LYON — An amateur scientist here has joined forces with another amateur and two university specialists in gathering data for a "who's who" of the Michigan insect world.

According to J. H. Newman of 9821 Peer St., work is well under way on the book and the final manuscript should be ready in January, 1962.

So far, records of about 17,000 insect species common to the state have been compiled.

The list will contain information about all insects, spiders and other land arthropods (jointed animals), according to general editor for the project, Robert R. Driesbach, in Midland. He is a retired research chemist for the Dow Chemical Co., Midland.

Working with Newman on gathering data are Research Associate Henry K. Townes of the University of Michigan Museum of Zoology, R. L. Fischer of the Michigan State University Department of Entomology and George Steyskal of Detroit.

Only three other states have complete insect lists. They are New York, North Carolina and New Jersey.

CAROL JANICE VANDERWERP

Mr. and Mrs. Cecil E. Vanderwerp of 250 Mill St., Orionville, announce the engagement of their daughter, Carol Janice, to Charles E. Burnett, son of Mr. and Mrs. Willard E. Burnett of Madeira Beach, Fla. A wedding is planned for June 6. The fiancée is stationed at Lakehurst, N.J., with the U.S. Navy.

Dedicate Bar Building Saturday Attorneys to Visit Lansing

Several carloads of Oakland County attorneys will take a day off tomorrow and travel to Lansing for the official dedication of the new State Bar of Michigan Building which they helped build. The dedication, which is expected to attract a large share of the Bar's 8,500 members, is being held in conjunction with "Law Day" in the nation.

In order for local attorneys and judges to take part in the dedication ceremonies, the four Oakland County Circuit Courts will be closed all day tomorrow. The remainder of the courthouse offices will remain open.

There is no local ceremony planned for "Law Day," according to William B. Hartman, president of the Oakland County Bar Assn.

"Many of our members will be in Lansing for the dedication," Hartman said.

NEAR CAPITOL
The \$300,000 building, the first of its kind for Michigan lawyers, is located in the shadow of the State Capitol at 306 Townsend St. It is a one-story, brick and concrete building, 66 by 112 feet in size, and with adequate parking facilities.

Major dedication address will be made by John D. Randall of Cedar Rapids, Iowa, president-nominee of the American Bar Assn.

The building, financed entirely by subscriptions from Michigan attorneys, will serve as an office away from the office when they are in Lansing to appear before any one of the hundreds of state agencies and state committees, Hartman said.

"It offers the camaraderie of

The Towel You Save May Be Your Next Pay

LANSING — A sign in the Secretary of State's office advises state employees: "Stop waste. The towel you save may be your next pay check."

State workers, faced with payless pay days, saw some irony in the notice.

"I can't cash in a wet paper towel," one commented.

Chicago Hails Seaway Opening Dutch Ship Is in First

CHICAGO (AP)—Chicago, 800 miles from an ocean, became a deep-draft seaport today.

The happy, historic event touched off a noisy celebration.

The Friso Johan Willem Friso, the first ship to go through the new St. Lawrence Seaway and on to Chicago, glided into the harbor with an escort of yachts and tugs.

Fireboats spouted plumes of water. Planes crisscrossed under a canopy of low, dark clouds. Aerial bombs boomed. Small balloons floated overhead. Horns and whistles blasted.

The Friso docked at Navy Pier, fitting into Lake Michigan on the near north side, at 10:35 CDT.

Mayor Richard J. Daley went aboard and presented Capt. Sander Klein with the flag of the City of Chicago.

Then the mayor and the skipper of the Dutch flag vessel stepped down on the pier. Capt. Klein thanked Chicagoans for a wonderful reception.

The 5th Army Band played "The Star Spangled Banner" while detachments of Marines and airmen stood at attention.

The greeting drew a crowd of about 3,000 to Navy Pier on a chilly day. A cold rain fell as the ceremonies ended.

The Friso, 333 feet long, is the largest salt water ship to come to Chicago. The spectators gazed at the high-riding vessel as she stood at the pier with Dutch and American flags aflutter.

The 11-year-old diesel-powered freighter arrived hours ahead of

its nearest competitor, the speedier Santa Regina, an American Grace Line cargo flagship. The Regina was held up by delays in negotiating the seaway and by celebrations en route in other Great Lakes ports.

The Friso, operated by the Fjell-Oranje Line, bore a 2,000-ton cargo of wines, artificial flowers, mushrooms, toys, poppy seeds, nuts and bolts, brine-marinated onions, twine, window glass and green salted hides.

It was to leave Calumet harbor Monday with a Europe-bound cargo of industrial and agricultural products.

Senate Votes to Halt Cutback in Marines

WASHINGTON (AP) — Senators voted unanimously today to halt a reduction in the Marine Corps ordered by Pentagon leaders in defiance of Congress.

They tacked on to a big catchall supplemental money bill a rider by Sen. Mike Mansfield (D-Mont) that would tie up Navy personnel funds unless the strength of the Marines is increased to 200,000.

By a similar voice vote the Senate Wednesday added a rider by Sen. Russell B. Long (D-La.) that would require a minimum Army of 900,000 or tie up Army operating funds.

"I think the politicians who are running the Army ought to sit up and take notice," Majority Leader Lyndon B. Johnson (D-Tex.) told the Senate.

Congress provided more funds than asked by President Eisenhower last year and directed that the Army be maintained at 900,000 and the Marines at 200,000.

Instead civilian defense leaders have been reducing both forces, aiming at an Army of 870,000 and Marine Corps of 175,000 by the end of the current fiscal year next June 30.

Masked Thug Gets Only \$1.50

Enters Pontiac Doctor's Home, Snatches Purse, Flees Into Night

A masked gunman entered the home of a Pontiac doctor early today and made off with a purse containing \$1.50.

Dr. and Mrs. R. Mark Todd of 224 Cherokee Rd. were watching television shortly after midnight when Mrs. Todd heard noises in the kitchen.

She went to investigate and saw the masked man with her purse in one hand.

"At first I thought it was a prank," Mrs. Todd said, "until I saw the revolver in his other hand."

Mrs. Todd said the bandit muttered something unintelligible because of the white scarf covering his face and she backed away.

The intruder then fled, taking with him the purse containing a billfold, pair of prescription sunglasses, several credit cards and miscellaneous papers.

He was about 20 years of age, five feet-nine inches tall, with sandy hair, Mrs. Todd told police.

Girl Scouts Plan Benefit Style Show

AUBURN HEIGHTS — A spring fashion show sponsored by local Girl Scout Troop 448 will be presented at 8 p.m. tomorrow in the Avondale High School.

All proceeds will go into an expense fund for sending a Girl Scout to the annual Round-Up at Colorado Springs, Colo.

Sue Latendress has been selected as one of the Oakland County Girl Scouts leaving June 30 for the two-week round-up.

Mitzi's Department Store in Rochester will present the fashions for the show. Refreshments will be served.

U.S. United on Berlin

BERLIN (AP)—Walter Reuther, president of the United Auto Workers Union, declared Wednesday America is more united on the issue of defending West Berlin than on any other public question.

Honduras' greatest potential wealth is in its rich mineral deposits.

Summer Experiments Planned

Weathermen Are Hoping to Turn Lightning Off

WASHINGTON (UPI)—Government weather experts will head for the Rocky Mountains this summer for experiments which may one day help man to turn lightning on and off.

The Commerce Department said the joint experiments by Weather Bureau and Forest Service technicians will include seeding and photographing clouds, recording electrical current and counting lightning strokes.

Part of the so-called Project Skyfire, under way for several years around Missoula, Mont., the efforts will be aimed at halting the \$25,000,000 in timber losses suffered each year from some 7,500 forest fires—mostly in the West—caused by lightning.

Eastern thunderstorms usually are accompanied by heavy rains

that put out any forest fires caused by lightning. In the West, however, rain released from a high cloud may disappear in the dry air and never hit ground.

The department said the basic research is designed to find out what makes thunderstorms grow and how they generate and release their lightning charges from cloud to cloud and from cloud to ground.

Dever Colson, Weather Bureau research meteorologist, said that "So far, we feel that under certain conditions we can modify the form of a cloud and its electric field, but we are not sure yet whether we have actually averted lightning."

"We want to make certain that we are not increasing lightning from a given storm or creating trouble elsewhere by upsetting the atmosphere balance," he said. "A lot more field work and careful evaluation have to be done."

SCHOOL DISTRICT OF THE CITY OF Pontiac, Oakland County, Michigan.

Notice of last day of registration for residents of the City of Pontiac, Michigan.

Whereas, The Annual Election is to be held in said school district on Monday the 28th day of June, 1959.

Therefore, notice is hereby given, that Monday the 11th day of May 1959 up to 8:30 o'clock p.m. Eastern Standard Time, is the last day on which all registered persons to the City of Pontiac may register in order to be eligible to vote at said annual school election.

Application for registration should be made to the City Clerk of the City of Pontiac.

Persons already registered on the registration books of the City of Pontiac need not re-register.

WALTER L. GOSWELL, Secretary

Board of Education of the City of Pontiac, Michigan.

April 29, 30, '59

NOTICE OF SALE

Clarkston Community School District, Oakland County, Michigan

NOTES

Sealed bids for the purchase of tax anticipation notes of Clarkston Community School District, Oakland County, Michigan, of the par value of \$135,000.00 will be received by the undersigned at Clarkston Elementary School, Clarkston, Michigan until 5 o'clock p.m. Eastern Standard Time on the 11th day of May 1959, at which time and place they will be publicly opened and read.

The notes will be dated May 1, 1959 and will mature July 1, 1960 and will bear interest at a rate or rates not exceeding 4% per annum. Both principal and interest will be payable at such place as may be agreed upon with purchaser. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

Said notes or notes shall be subject to redemption prior to maturity to inverse numerical order at par and accrued interest on the first day of any month prior to maturity upon fifteen (15) days notice served upon the holder or holders thereof or published in a newspaper of general circulation in the State of Michigan, which carries as a part of its regular service notice of the sale of municipal bonds.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining at the rate or rates specified therein, the total dollar value of all interest on the notes from June 1, 1959, to their maturity and deducting therefrom any premium.

The notes will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Clarkston Community School District.

No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the 1959 tax.

Envelopes containing the bids should be plainly marked "Proposal for Notes."

A certified or cashier's check in the amount of 2% of the par value of the notes, drawn upon the incorporated bank or trust company and payable to the order of the Treasurer of Clarkston Community School District, must accompany each bid as a guarantee of good faith on the part of the bidder.

Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at Clarkston Elementary School, 6885 Walden Rd., Clarkston, Michigan.

The right is reserved to reject any and all bids.

Approved April 23, 1959

Europe's Schools Aren't Better

Educator Raps Ideas of Introducing Central Control in U.S.

WASHINGTON (UPI)—Critics who want American schools changed to fit the European pattern don't know what they're talking about, says an American educator who spent six years abroad.

"Those who argue for such changes aren't really aware of what's going on either here or there," Dr. Byron S. Hollinshead told a workshop of educational organizations here.

Adm. Hyman G. Rickover, who helped develop the atomic submarine, has been one of this country's most outspoken advocates of the European educational system. Hollinshead didn't mention Rickover by name, but he had harsh words for another Rickover proposal—the setting of national educational standards by some agency outside the schools themselves.

"That would be the worst thing that could possibly happen to us," he said. "Where that is being done in Europe, children take tests at age 11 or 13 that determine their futures forever. In this country, there are no legal or curriculum bars to keep a student from going as high as he wants to go in any field."

Dr. George Bereday of Teachers College, Columbia University, said that Rickover has never studied the schools in this country or anywhere else.

Critics like Rickover, he said, "are right in one respect—they didn't get what they wanted from American schools, and they should have gotten it. Where they're wrong is that they now want to legislate for everyone else what they didn't get."

Hollinshead, former president of Coe College in Iowa, said European countries are coming around to our point of view on education because they're dissatisfied with what they have now.

PENNEY'S

ALWAYS FIRST QUALITY!

END-OF-MONTH CLEAN-UP!

STARTS TOMORROW 10 A.M.

These Items On Sale at Penney's Miracle Mile

EXPANDING ITS HARBOR—A gateway to Canada by means of the Blue Water bridge, Port Huron is on the move to attract new industry and develop its waterfront along the St. Clair River. Here

a freighter is tied at a river wharf unloading cargo at a Port Huron cement factory.

People Convince Firm to Stay

Port Huron Builds Industrial Climate

(This is the sixth in a series of articles in Michigan's industrial and cultural achievements written by Michigan newsmen as an introduction to Michigan Week 17-22.)

By ROBERT STRATTON
Reporter, Port Huron
Times-Herald

PORT HURON — Aroused citizens of Port Huron are determined to keep the industry the city has and meet the challenge of all comers who seek to lure it away. The shocked came last November when it was announced that Mueller Brass Co., Port Huron's main industry with about 3,000 employees, was planning to build a

new \$5,000,000 tube mill and had other communities, including some from out of state, to locate the expansion project in their areas. Port Huron city officials, civic leaders, businessmen and city residents reacted fast.

Mueller Brass officials said location of their new plant would be based on economic factors like freight rates; utility, land and construction costs; local and state taxes; "business climate," and the availability of a labor force which shows evidence of a reasonable loyalty to both their employer and the community.

Port Huron, a one-time lumbering port with some 20 sawmills within the city limits, has long since been dependent upon industry for its existence, and the community rose to the challenge.

ALL-AMERICAN CITY

Long famous for community action to get things done—Port Huron was named All-American City in 1936 for this attribute—public meetings were held and petitions circulated telling Mueller Brass of its importance to the community and pledging the community to make Port Huron the best possible

place for Mueller Brass and other companies to grow and prosper.

More than 8,000 Port Huron residents signed the petitions. Others called or wrote letters to the company.

A Joint Action Committee of the Chamber of Commerce and the Industrial Development Corporation of the Port Huron-Marysville area then was formed to carry out the city's pledge.

Port Huron began to take a closer look at itself. There were many good points.

Last June, Port Huron, in co-

operation with neighboring Marysville and St. Clair, saluted presidents of 42 industries which make up the economic life blood of the area.

The city administration has provided the site for a planned industrial area. It had a reappraisal of property made to provide a more equitable tax base. It started an urban redevelopment project, the first of its kind in the nation, now almost completed, to rid the city of a blighted area in the downtown district. And the city acquired some 1,045 feet of frontage along St. Clair River for port development to be ready for the St. Lawrence Seaway.

Through the widest cooperation of industry, merchants, churches, service clubs, civic and veteran organizations and just plain John Q. Public, Port Huron since World War II has completed an imposing list of community projects which excite high praise from officials of other cities twice its size.

The four largest projects are the \$945,000 addition to Port Huron Hospital, the \$2,000,000 Mercy Hospital, the \$750,000 Memorial Recreation Park and Stadium and a \$1,600,000 YMCA building.

A unique organization, the Port Huron District Foundation, formed as a clearing house for proposed capital funds projects and to provide the necessary leadership, spearheaded these campaigns, with the major portion of the money coming from public and industrial subscription.

But in taking stock of Port Huron, the Joint Action Committee realized that more has to be done

to keep existing industry and attract new industry.

AREA COORDINATION

The committee is looking into the business climate of the community, labor-management problems and the necessity of cooperative action by all units of government in the greater Port Huron vicinity.

The committee seeks consolidated planning and thinking on major capital improvements by Port Huron and Marysville and the township of Kimball, Port Clair to determine what improvements would benefit the area the most.

Mueller Brass recently took a full page newspaper ad to thank the people of the area for the petitions, letters and calls it had received.

Fred L. Riggins Sr., president of the firm, said: "This unsolicited demonstration of public feeling has been a heart-warming experience to all of us at Mueller Brass and we acknowledge it with deep appreciation."

Write It Out for Sitter, Advises Health Group

ALBANY, N.Y. (UPI) — When you hire a baby sitter, don't trust her memory.

The New York State Health Department advises you to leave a written list with the baby sitter containing the telephone number where you, the police and the fire department can be reached in case of emergency.

Written instructions on feeding and child-care also are advised.

17 Sue, Claim Exposure to Radioactivity

LOS ANGELES (AP) — Damages of \$1,751,200 are asked in two suits filed by 17 men who say they were exposed to a radioactive capsule.

Named as defendants are Air Frame Inspection Inc. and Isotopes Specialties Co., identified as owner and manufacturer, respectively, of the capsule.

The plaintiffs say the capsule was dropped from an X-ray camera May 25, 1938, at a Santa Susana field laboratory operated by North American Aviation Co.

For four days, the petitioners claim, the capsule wasn't detected.

and one of the men, George H. Burns, claims he touched it. He asked \$151,200 damages, the others \$100,000 each.

He and the others maintain they were burned and are subject to future illness and danger of malignant growth.

Railroad Fatality Rate Lowest for Travelers

CHICAGO (AP) — On the basis of passenger miles traveled last year, train travel had a lower fatality rate than bus, scheduled airliner, taxi or private car transportation. Trains magazine says the fatality rate for each 100 million passenger-miles was 2.6 for cars and cabs; 0.14 for buses; 0.12 for airlines; and 0.07 for the rails.

Michigan Crisis Raises Questions

Guards to Desert Our Prisons?

LANING (AP) — What happens when a state runs out of money to pay its employees and pay its bills?

Will guards desert state prisons, and attendants quit their jobs at mental institutions?

Will suppliers cut off food and fuel deliveries to state tuberculosis sanatoriums?

Will hospitals refuse to accept state-supported crippled children and turn others out?

How long will telephone and power companies carry the state on the cuff?

IMPLICATIONS UNFOLD

These and other questions burst upon state officials and employees alike today as implications of Michigan's financial picture began to unfold.

Payment was halted on salaries of 28,000 employees and bills for fuel, food, telephones and travel in what Gov. G. Mennen Williams said was an "artificial bankruptcy" brought on by stalling in the Republican-controlled Legislature.

The curbs were ordered Wednesday by

the State Administrative Board in the face of a \$116,900,000 deficit expected by May 15.

They followed a refusal by GOP lawmakers to cash veterans trust fund securities which would tide the state over another three months.

Republicans insisted on attaching a rider which would have raised the state sales tax to four per cent from three.

As for the effects of the governor's move, Williams and his all-Democratic Cabinet agreed they will have to feel their way day by day, relying chiefly on a priority system for dispensing available funds.

CANT DO IT LONG

One of the early problems thrust upon state officials was the question of paying the thousands of firms and individuals that supply the state with foodstuffs, clothing, fuel, office supplies and hundreds of other items.

"I'm worried about some of the small vendors especially," said Philip R. Peek, deputy state controller. "Some of those people I'm sure can't carry us on the cuff for very long."

Work on some major construction projects also could stop.

Airline Workers End One-Day Strike

TULSA, Okla. (AP) — Talks toward settlement of a dispute that sent 2,600 members of the Transport Workers Union on strike against American Airlines here will be resumed today.

Meanwhile, the workers were to return to their jobs at the airline's huge maintenance center under federal court order.

Union President E. R. Burns said the union will comply fully with the temporary restraining order issued by U.S. Dist. Judge W. R. Wallace.

The strike was called because the union said, the company declined to negotiate "unresolved issues" involving stock room workers and suspended other employees who refused to accept overtime work. A company spokesman replied "as far as we are concerned,

the agreement is settled and signed." The one-day walkout started Tuesday but did not interrupt passenger service.

Asks Legislators to Urge Telephone Tax Repeal

LANING (AP) — Rep. Josephine D. Hunsinger (D-Detroit) has introduced a resolution in the House urging Congress to repeal the 10 per cent telephone excise tax.

She said the tax, introduced as a military measure to clear telephone lines in World War II, never was intended to become permanent.

Grabs Rope to Safety

OAKLAND, Calif. (AP) — Construction worker Bill Bell, 36, lost his balance and fell from a fifth-floor girder—but dropped only a few feet. He grasped a rope used to haul up air refrigeration equipment and swung into a fourth-floor window.

Road Deaths Rise 9 Pct. in March

CHICAGO (AP) — Automobile accidents killed more than 8,000 persons in the nation in the first three months this year, an increase of 5 per cent over the first quarter of 1958. The fatalities in March were 9 per cent higher than in 1958.

The National Safety Council also said disabling injuries during the three-month period numbered 300,000.

The council said March was the third straight month the death toll on the highways was higher after two years of almost unbroken decreases. Fatalities for the first three months totaled 8,080 compared with 7,690 in the corresponding period last year. The March death toll was 2,790, compared with 2,560 in March 1958.

The council attributed the upward trend to complacency.

Buffalo Police Hunt for 3-Year-Old Girl

BUFFALO, N. Y. (AP) — Police pressed a search today for three-year-old Sharon Crossman, whose mother tucked her in for a nap Tuesday morning and discovered her missing seven hours later.

The child might have been kidnapped or wandered away unnoticed, Detective Chief John J. Whalen said.

Mrs. Robert Crossman, 27, told police that, after she put Sharon

to bed, she did the family laundry in the basement and then took a nap. Police said the child apparently disappeared between 11 a.m. and 6 p.m.

Police dragged several ponds and dug up two fresh mounds of earth yesterday. They asked railroads to check their freight cars.

Crossman, 28, is a factory worker. The couple has two other children, both boys.

Sharon, described as small for her age, has blond hair and blue eyes. She has a bruise on her nose and a cut under her chin, the result of falls.

Gets \$33,239 Grant

DETROIT (AP) — The American Cancer Society has awarded a grant of \$33,239 to Wayne State University's Dr. James E. Lofstrom for a one-year study of the effects of radiation on body functions. He is professor and chairman of the radiology division in the College of Medicine. He plans to use laboratory mice in the project.

Production of coal in Turkey has increased from about four million tons in 1948 to more than six million tons now, and the totals are rising.

Denies Complaints Brought Resignation

MONROE (P) — William F. Zorn has denied complaints about an untidy restroom resulted in his resignation Monday as manager at Custer Municipal Airport. The City Commission asked him to quit.

The complaints reportedly came from Mrs. Jack Hart, wife of Michigan's Sen. Philip A. Hart, and Mrs. Nancy Williams, wife of the governor.

"I don't believe it," said Zorn. "I remember Mrs. Hart landed here in March but all she used was the telephone. The toilet was out of order."

Zorn said he didn't recall seeing Mrs. Williams at the airport.

Zorn opened his own airport in 1946 and took over as manager when the city opened its field in 1950. He blamed his resignation on a feud with city officials.

Subscriptions Sweet to Newspaper, Readers

BROKEN ARROW, Okla. (P) — "The sweetest deal ever offered," was announced by C. A. McWilliams, publisher of the weekly Broken Arrow Ledger.

He said a five-pound sack of sugar would be given to each new subscriber and each person who renews his subscription.

BOUND DOGS ALOFT—A pair of Hound Dog missiles, a new Air Force air-to-ground weapon, are nestled beneath the wings of a B-52 heavy bomber in flight. The Air Force made its first

launching of the Hound Dog recently over the Atlantic Missile Range. The missile, which travels at supersonic speed, has a range of 500 miles and can carry a nuclear warhead.

Reid Will Be First

Senate to Look Closer at Envoys After Luce Tiff

WASHINGTON (AP) — Sen. J. William Fulbright (D-Ark.) said today the uproar over Clare Boothe Luce's nomination is likely to sharpen the Senate's investigation of other diplomatic appointments.

Agreeing, Sen. Everett Dirksen (R-Ill.) said he thinks Democrats may make President Eisenhower's selection of Ogden Reid Jr. as ambassador to Israel the first example of this sharpened scrutiny. Reid is the former editor of the New York Herald Tribune.

Fulbright, who heads the Senate Foreign Relations Committee, has said that he and some other committee members have grave doubts about Reid's professional qualifications for the post. The committee plans to take up the nomination the week of May 11. Dirksen said the Israeli government has made it clear it regards Reid as well qualified. He added he has found no indication that Eisenhower is considering a withdrawal of the nomination despite prospects of a fight over it.

The Senate, which on Tuesday had confirmed Mrs. Luce's nomination to be ambassador to Brazil by a 79-11 vote, started up a brief new debate on the matter Wednesday.

Dirksen, criticizing Sen. Wayne Morse (D-Ore.) for having inquired of the doctor, quoted Dr. Milton Rosenbluth of New York as saying Mrs. Luce had not received psychiatric treatment.

Morse said he had made a quiet inquiry and then dropped the matter. Morse had fought bitterly against Senate confirmation of the appointment.

Dirksen said Morse's inquiry amounted to an effort to get a doctor to violate the traditional secrecy between a physician and his patient.

Morse denied that, but said there are times when doctors have the duty to make information about their patients known to persons in positions of responsibility.

The debate followed up a Tuesday exchange which included a

statement from Mrs. Luce that her troubles with Morse started after the senator "was kicked in the head by a horse." Morse retorted that "this is part of an old pattern of mental instability on her part."

Wednesday's Senate debate ended after Sen. John A. Carroll (D-Colo.) said that "if we continue along with this debate, not only the whole country but also Latin America will think we are all nuts."

But all the debate appeared unlikely to upset Mrs. Luce's return to ambassadorial status, despite her husband's suggestion that she resign. She formerly was ambassador to Italy.

Brazil's Foreign Minister Francisco Negreiros de Lima said his government is pleased that the Senate has confirmed the appointment.

Eisenhower earlier had dismissed her remark about Morse by saying that "even if ill-advised, it was human." He said he did not think her usefulness as ambassador had been damaged in any major way by the Senate row over her appointment.

Spanish Gymnasts Among Plane Dead

MADRID, Spain (AP)—Five of Spain's top gymnasts were among 28 persons killed in the crash of a Spanish airliner on a hill near Madrid Wednesday.

The twin-engine DC3 of the government-owned Iberia Airline was en route from Barcelona to Madrid. Officials blamed bad weather or the crash.

The gymnasts, bound for a meet in the Canary Islands, were Joaquin Blume, European champion; Olga Sole; Pablo Muller; and Jose and Ruy Aguilar. Blume's wife also was killed.

There are more than 500 varieties of cheese, including types made from the milk of llamas, reindeer, camels, and zebu.

Why Seek Votes Again? He Just Wants Job

NASHVILLE, Tenn. (AP)—Vice Mayor H. Sanders Angles had this to say when he announced for re-election:

"My many friends have not prevailed upon me to become a candidate for re-election, and I have not been told that the city needs my services. The truth of the matter is, I want the job again."

Sneaky Viewer Pays

SYRACUSE, N.Y. (UPI) — The manager of a local movie house received an unsigned letter which said, "Here's \$1.50 for the times I sneaked in. Thank you."

In this Kingswood—as in all Chevrolets—every window is Safety Plate Glass.

Nicest wagon that ever joined your family!

Chevy's station wagons should really be called family wagons. They're roomiest where you need the room. And you can choose from five models, including the Kingswood, with its rear-facing rear seat that gives passengers a whole new outlook!

Here's a brisk and breezy wagon that'll take on any chore you name, from a trip to the beach to a journey home from the lumberyard. There's room, you see, for a whole half-ton of cargo. And plenty of flat, unobstructed space it is—ten feet long, with the rear seat and tailgate down. These wagons are easy to load, too—you just roll the rear

window into the tailgate and flip it down flat. There's no liftgate to wrestle with. Of course, the nicest thing about a Chevy wagon is the way it takes care of its tasks. Chevrolet's got a crisp, smooth brand of roadability so easy to handle it's a natural for the lady of the house. Chevy's even got bigger tires—they come as

standard equipment on every one of our wagons. Big, safer brakes, too. But why not fall in love with a Chevy wagon firsthand—at your Chevrolet dealer's!

The car that's wanted for all its world!

Third of Freshmen Need Reading Aid

LOS ANGELES, Calif. (AP) — Between 30 and 40 per cent of college freshmen need reading instruction.

So says Prof. William Sheldon, director of the Syracuse University reading laboratory.

Sheldon told interviewers that the trouble lies with teachers whose reading instruction techniques are adequate through the first six grades, deficient thereafter.

Sheldon's solution: continue reading instruction for all students through the 10th grade.

Mother Swims for Aid as Car Runs Into River

HYNDMAN, Pa. (AP) — "It was a horrible experience, but thank God my husband and children are all right."

So exclaimed Mrs. Nellie Bridges of Corringville, Md., Wednesday after she dived into a rain-swollen stream to summon aid for her husband and three children, trapped in their partially submerged auto.

Mrs. Bridges, 41, who was driving, said she missed a curve on a country road near the Pennsylvania-Maryland line about 20 miles southwest of Bedford, Pa., and the car plunged into the creek.

Mrs. Bridges said: "We were

in about five feet of water in mid-stream. The water was very cold but I kept on going. I hadn't swam for more than 23 years, long before I was married. But I knew I had to reach shore."

She ran about half a mile to a farmhouse and phoned for help. Two volunteer firemen swam to the car and brought the father and children to shore.

Bridges, 51, a furloughed Baltimore & Ohio railroad trackman, told his rescuers he and the children spent a harrowing hour. He said the swift current carried the auto about 100 feet downstream before it wedged against a rock.

Kenneth Ray and Sharon Kay, 3-year-old twins, and Walter, 4, were taken to Memorial Hospital at Cumberland, Md., for observation. Walter had some water in his lungs. The parents were treated for shock.

Panty Raids Just Cover Up

Happy and Carefree College Student Said Only a Myth.

By JOHN BARBOUR
AP Science Writer

Despite the panty raids and telephone booth shenanigans, the idea of a happy, carefree college student is just a myth, a psychiatrist said today.

College students are just as confused — as prone to emotional and mental ills — as anyone else, reported Dr. Melvin L. Selzer of the University of Michigan.

In fact, freshmen carry with them the very emotional problems they had at home, he told the American Psychiatric Assn. annual meeting.

The stresses of college life are more liable to bring these problems to a head, if anything.

The case load at the mental hygiene clinic on the university campus regularly show two peaks — one at mid-semester examinations and one at final examination time.

What about panty raids and the like? This is just a way of blowing off some of the stresses and anxieties college students build up during the school year, Dr. Selzer said. It is neither alarming nor abnormal behavior.

More organized ways are pep rallies and intramural athletics.

Each year nearly 8 per cent of the nearly 20,000 students at Michigan come for counseling at the mental hygiene clinic. Some 40 per cent of these come on their own. The others are referred by faculty, doctors and academic counselors.

The patients seen by a college health service psychiatrist are comparable with patients found in almost any public outpatient psychiatric clinic, he said.

Steel Union Committee Meets to List Demands

NEW YORK (AP) — The 171-man Wage Policy Committee of the United Steelworkers of America meets here today to formulate union demands to be presented next week in negotiations with steel producers.

The union is expected to give its negotiators a mandate for a pay raise plus improvements in fringe benefits. The steel industry enlists rare new leadership the teams will be USWA President David J. McDonald.

TUNA KEBABS—The Turks whom we have to thank for the idea of kebab cookery never had canned tuna to use. Here is a brand new combination of foods to cook on a skewer. Experiment with it on your indoor grill, then try it again outside this summer.

Chunks of Tuna New in Kabobs

Although cooking on a "stick" dates back to pre-historic times, the art of skewer cookery is a comparatively modern way of preparing foods. Many varieties of dishes can be cooked in this manner to add new interest to family and party menus.

Usually large skewers are used for outdoor barbecues, but for indoor meals the metal cooking pits are more suitable for preparing this type of meal.

Here's an unusually tasty dish which uses chunks of prime tuna—that really good meat from the sea—in combination with tomatoes, pineapple, pickles and olives placed alternately on a skewer. Be sure that you prepare plenty BOW—MKT BSRT as everyone will come back for second helpings.

Star-Kist Tuna Kebabs
1 can family size tuna, chunk style
1/2 cup mayonnaise
1 1/2 cups packaged bread crumbs
1 egg
Tomato, quarters
Pickles, sliced
Pineapple chunks
Melted butter

Combine tuna with mayonnaise, bread crumbs and egg. Shape into small balls; roll in bread crumbs. Place alternately on a stick with tomato quarters, stuffed olives, pineapple chunks and pickles. Brush with melted butter or oil and place under broiler to heat. Makes three kebabs.

Cheese Lovers Will Take to Deep Fried Sandwich

Mozzarella in Carrozza means "Mozzarella cheese in a carriage." Actually, it is a cheese sandwich dipped in a batter or beaten egg and shallow fried to a golden turn.

The Neapolitan way of serving Mozzarella is with an anchovy sauce, the recipe for which is given here. The sandwich would make a provocative luncheon or supper dish or a fine late-evening snack.

Mozzarella in Carrozza
8 slices bread
1/2 pound Mozzarella cheese
Flour for dusting
Batter for dipping
Corn oil for frying

Remove crusts from bread so that each slice forms a round. Place a slice of Mozzarella cheese about 1/4 inch thick between bread slices. Fasten with wooden picks or small skewers. Dust entire surface lightly but evenly with flour.

Dip in batter; drain. Fry in hot corn oil in heavy skillet or kettle at 375 degrees. Corn oil should be at least 1 inch deep, but should not fill skillet or kettle more than 1/2 full.

Turn to brown both sides. Drain on absorbent paper. Remove picks

Pork Still a Good Buy Along With Produce

Weather conditions, seasonal changes, production yields and how shoppers react to current food supplies are all related to the cost of your "market basket" each week.

"Old man weather" is a bigger force than we often realize when it comes to controlling fresh food supplies that arrive in our markets states the MSU Marketing Agent. A current example is strawberries. Warm dry weather throughout the winter and spring in California has brought the earliest strawberry season there since that state became the major berry producer. Cold rainy weather damaged Louisiana's early strawberry crop and the late crop is just starting.

Variation in seasonal supplies as well as the cuts and amounts customers demand influence meat prices. Although wholesale pork prices are beginning a slight seasonal increase, liberal supplies are keeping this meat one of the best values from a price standpoint. Beef, veal and lamb remain at about the same price levels you have found during the past month.

Nature's smelt run is now bringing quantities of this tiny silvery fish at thrifty prices.

More eggs and poultry than last spring, without too great a change in customer demand, is related to lower prices than you found a year ago.

or skewers and serve hot with anchovy sauce. Makes 4 servings.

Dipping Batter
Stir 1/2 cup corn oil into 1 cup flour, mixing until smooth. Add 1 egg to 1 1/2 cups milk and add all at once to corn oil-flour mixture. Beat with rotary beater until smooth. Mixture will be consistency of heavy cream.

Anchovy Sauce
2 tablespoons corn oil
1 tablespoon corn starch
2 teaspoons sugar
1 1/2 cups water
1 chicken bouillon cube
1/2 teaspoon Worcestershire sauce
1 (7 oz.) can anchovies, diced
1 tablespoon lemon juice
1 tablespoon finely chopped parsley

Heat corn oil in saucepan; add corn starch and sugar, blend well. Gradually add 1 cup water, mixing until smooth. Cook over medium heat, stirring constantly, until mixture thickens slightly and comes to a boil. Add bouillon cube, Worcestershire sauce, remaining 1/2 cup water, bring to a boil again, stirring constantly, until bouillon cube is dissolved.

Remove from heat; stir in anchovies, lemon juice and parsley.

LOOKING FOR MEAT—Overall, pork prices look much like those of a week ago. It will pay to check pork features before and as you shop. If your family could use a 4 to 6 pound picnic from the front shoulder or a ham from the back leg you might like to check these.

Rib-end lion roasts and center cut pork chops have special tags in some stores. Bacon and roll sausage are breakfast "musts" at current prices.

You may want to check all types of poultry. Generally, retailers say that fryer prices are slightly higher. If you can use a stewer, which takes long cooking at simmering temperature, you can find it for as little as 17 to 20 cents a serving. Plump fryer-roaster turkeys are 49 to 59 cents a pound. Young hens and tom turkeys are less.

Ground hamburger, round steak and liver are the economy beef choices. If you remember that most of the beef coming to market at this time is U. S. Choice grade, you can realize why beef prices seem to stay at a high level.

If you choose round steak of U. S. Choice grade, you can use the top portion for broiling. If you choose a lower grade round steak, then both the top and bottom should be braised in moist heat, with the lid on and with liquid added.

A pound of liver will serve 4 to 5 persons. Loosely wrap it and use within a day. Cook slowly to keep it tender.

FRESH PRODUCE—Head lettuce, carrots, Florida celery, radishes, grapefruit, pineapple, lemons, apples, bananas, oranges and avocados are on the "good supply" list. This much variety makes menu planning easy and more economical than it has been most of this year.

Limited supplies and adverse weather conditions are responsible for variable quality and prices you find on corn, peppers, green beans, cucumbers and squash.

You can expect lower asparagus prices after New Jersey starts shipping in volume quantities after this week.

Dry Texas onions are being artificially dried to improve their keeping qualities. Prices will decline when more are ready to market.

Layer Hot Muffins With Ice Cream

When children announce in mid-afternoon, "We're starving," mothers enjoy responding with an occasional treat that's different enough from the usual 3 o'clock menu to elicit cheers from the youngsters. Satisfying the after-school appetites can be special fun for both mom and the kids with delicious, easy-to-make blueberry muffin ice cream towers.

To make this new version of cake'n ice cream try a package of blueberry muffin mix which includes a set of paper baking cups and a can of wild blueberries. Mix and bake muffins according to the simple package directions.

Before the muffins cool, without removing them from the paper cups, slice off a thin layer from the top mound of each muffin, place a slice of ice cream on this base, and replace the muffin top. The warm muffin will start to melt the ice cream, so serve pronto. Let the youngsters remove their own paper cups as they eat their way down the towers.

Fancy Croutons

Fancy-up your croutons by cutting bread with small cookie cut-

ters; make "almond" shapes by cutting a round and then (with the round cutter) making elliptical-shaped pieces around the edge.

It's All Useful Food

Canned salmon is an economical food as well as a healthful com-

modity. The entire contents of the can can be used. The soft bones contain essential body building calcium, and iodine, another im-

portant mineral, is present, making canned salmon an important food in the iodine-poor sections of our country.

Glamorize Pancakes for Dessert

By JANET ODELL
Pontiac Press Home Editor

Modern pancakes are a far cry from the sordid variety beloved of the old time Alaskan pioneer. We thought you might like some new ideas for serving pancakes. They make wonderful out-door food, you know, and can be an important part of your breakfast on the patio or the beach.

Although pancake mix is probably a staple on most cook's shelf, it is not at all difficult to make up your own. All the recipes we are about to give you are the make-your-own kind.

Apple pancakes are a Dutch specialty. They may be eaten as dessert, or even as a main dish with coffee or tea. They are a hearty food.

Dutch Apple Pancakes
2 cups sifted enriched flour
1 cup light cream
1/2 cup milk
1/2 teaspoon salt
1/2 cup melted butter or margarine
1 large apple, peeled and thinly sliced
Combine all ingredients except the apple. Beat until fairly smooth. Melt about 2 teaspoons butter in an 8-inch skillet. When butter is hot, spoon in batter to a depth of about 1/4 inch.

Sprinkle with apple slices; spoon a little more batter over apples. When pancake is browned underneath, turn to brown on other side. Makes about 4 large pancakes. Serve with syrup.

Another delicious pancake dessert is this one which calls for buttermilk. Have you ever noticed how tender any food is that contains buttermilk?

Buttermilk Puff Pancakes
1 egg
1/2 cup buttermilk
1 cup prepared biscuit mix
1/2 teaspoon baking soda
1/2 cup sugar
2 tablespoons melted butter
Beat egg, blend in buttermilk. Mix biscuit mix, soda, and sugar together. Add to buttermilk and mix just until thoroughly dampened. Stir in butter. Bake four extra-large pancakes, using 1/2 cup of batter for each one. Pour onto medium hot griddle. When puffed up and bubbles begin to break, turn and brown on other side.

Stack with drained, chilled canned fruit or partially thawed frozen fruit between each layer, or roll and fill with fruit. Top with whipped cream or fresh cultured sour cream and serve in pie-shaped wedges. Makes 4-5 servings.

The French take little pancakes, fold them and serve them in a flaming sauce — presto — crepe suzettes. The Russians fill theirs with sour cream or jam and call them blintzes.

You can make delicate lemon flavored pancakes, fill them with crushed pineapple and have Hawaiian Pancake Roll-Ups. Serve them piping hot with a tart fruit sauce.

Hawaiian Pancake Roll-Ups
2 cups sifted flour
1/2 cup sugar

Scramble Eggs With Cottage Cheese

Even when you're lunching alone it's important to have a nutritious meal.

Pan-Scrambled Cottage Eggs
1 tablespoon butter
2 large eggs
Salt
1/2 cup cream-style cottage cheese (small curd)
Pepper

Slowly and thoroughly heat a small skillet — a 7-inch porcelain enameled ironware one is perfect. Add butter; when it is melted and very hot but not brown, drop in the eggs straight from their shells; add a dash of salt. Stir constantly with a fork, holding tines flat, to mix yolks and whites.

When almost congealed, add cottage cheese and stir in with fork. Allow eggs to set without stirring for a few seconds, then lift out with wide spatula or pancake turner. Grind a little fresh black pepper over the top. Makes 1 serving.

1 teaspoon baking powder
1/2 teaspoon salt
1/2 cup vegetable shortening
1/2 cup grated lemon rind
4 eggs, well beaten
3 cups milk
Sift flour, sugar, baking powder, and salt into mixing bowl. Cut in shortening fine. Add grated lemon rind. Combine beaten eggs and milk; add to dry ingredients, mixing until smooth.

For each pancake, pour 1/3 cup batter onto hot greased griddle. Turn when bubbles appear on surface and edges of pancakes are dry and brown on other side. Spread sweetened

crushed pineapple on top of each pancake and roll up quickly. Serve hot with Pineapple Sauce. Makes 16 pancakes.

Pineapple Sauce
Mix 1 cup brown sugar and 1 tablespoon cornstarch in saucepan. Add 1 cup unsweetened canned pineapple juice and 1 tablespoon butter and boil 3 minutes. Add 1 tablespoon lemon juice.

Here are two sauces to serve on any kind of pancakes, those made from a mix or the ones you beat up with your own two little hands.

Cream Cheese Sauce
1 package (3 oz.) softened cream cheese
1 cup confectioner's sugar
1/2 cup milk
1/2 cup lemon juice
1/2 cup grated lemon rind
Beat softened cream cheese until fluffy. Add confectioner's sugar gradually, beating until fluffy after each addition. Stir in milk, lemon juice and rind, beat until smooth. Cover mixture and chill. Serves as a topping for pancakes. Yield: 1 cup.

Cherry Flavor Sauce
1/2 cup softened butter
1/2 cup confectioner's sugar, sifted
1/2 cup maraschino cherry juice

DUTCH APPLE PANCAKES — Man-size pancakes filled with thin slices of apple make an unusual and interesting dessert. This is a recipe that came originally from the Netherlands. A New York hotel has these pancakes on their menu. Give your family a taste of glamorous eating.

Frosty Acres Family Size PIES 39¢

Pimientos and Nuts Sealed in Hamburger

Interesting way witho hamburger. Worth trying!

Canadian Hamburgers
1 pound ground beef
2 whole drained pimientos
Salt
Pepper
Make six large patties of the ground beef. Place a whole pimen-

to on three of the patties. Tuck several walnut pieces in each pimiento. Place remaining three meat patties over the filling; seal edges thoroughly by working together with fingers. Brown rapidly on both sides in heavy greased skillet, then reduce heat to cook to desired doneness. Makes three servings.

Eggplant takes to company: Tomatoes, onions and green pepper.

Herb Bread Nice With Spaghetti

Flatter an Italian spaghetti meal by the addition of a nippy, herb bread. Melt 1/2 cup butter or margarine and add 2 tablespoons minced parsley, 1/2 teaspoon dried basil and 1/4 teaspoon sage.

Brush mixture over 12 slices of white bread. Stash bread in loaf pan and bake at 400 degrees F. for 5 to 10 minutes or until heated thoroughly.

TICKLED TO WIN—Diane Nicholson stomps, stabs, tickles, teases and terrorizes her pet turtle "Callopie St. George" over 12 feet of track at the Phi Delta Theta fraternity's turtle derby at Southern Methodist University. "Callopie St. George" set a new course record of 34.8 seconds for the event.

Convention-Goer Finds Stepdaughter in Chorus

NEW ORLEANS (AP)—L. D. "Bigger grades in school. She came Red" Webster, a Dallas business man attending a convention here, found his 15-year-old runaway stepdaughter in the cha-cha chorus line of a French Quarter nightclub.

Angered and shocked, Webster slipped from the club and returned minutes later with two policemen.

The officers stopped music and dancers, arrested the owner on a charge of contributing to the delinquency of a minor and placed the girl in a convent.

Webster, former sports editor for a Dallas newspaper, is vice president in charge of public relations and advertising for the Lone Star Steel Co.

His pretty, blonde stepdaughter, Lydia Hayes, ran away from home April 2 after having trouble with

her. She was hired as a dancer at the club.

Send Owens, 42, owner of the club, told officers he did not know Lydia was a juvenile. Owens said the girl produced an affidavit stating she was over 18.

"How does a man feel when he sees his daughter come cha-cha-ing out in a chorus line?" asked Webster, who had gone into the club with several other delegates attending the convention here.

"My first impulse was to wreck the joint. But then, after I thought about it a second, I stepped outside to think what I'd do. . . I couldn't have gone to the owner because she might have seen me, become frightened and run away again. Besides, I had no witnesses."

The girl first identified herself as "Poni Lamarr" but later admitted her identity. Her father said it was the third time she had run away.

Miami Beach Selected for '60 Legion Conclave

INDIANAPOLIS (AP)—The National Executive Committee of the American Legion has selected Miami Beach, Fla., as the site of the organization's annual convention in 1960.

The committee, meeting in national headquarters here, said tentative dates for the gathering are Oct. 14-20.

Boston had previously been awarded the convention, but withdrew its invitation.

The Legion's 1959 convention is scheduled for Aug. 22-27 in the Minnesota twin cities of Minneapolis and St. Paul.

The world's first gas-turbine seagoing vessel was built in Britain. It was a naval gunboat.

Average American Pays 62 Cts. an Hour in Taxes

CHICAGO (AP)—Mr. Average American—age 29; taxes are going to grab one dollar of every four you make in the remaining 35 years of your working life.

That's a minimum tax chunk of \$47,221.18—25.3 per cent of your earnings.

That's about 62 cents of your hourly wage in every eight-hour five-day week you work until you retire at 65.

All this is the word today of the Commerce Clearing House, a national reporting authority on tax and business law, which created Mr. Average American.

He is described thusly: 29, with an income of \$5,183.71; a wife, a daughter, 2; a son, 5; a low-priced car; and a mortgaged home taxed at \$214.17 a year.

Says the CCH: this citizen will pay on the average, \$5.05 in taxes for every working day, \$25.23 a week and \$1,311.70 a year.

ASSUME STATUS QUO

And the CCH is somewhat of an optimist—it has assumed that the current tax rate will be in effect

this doesn't include such things as the excise tax of 10 per cent on transportation fares, TV tubes, home movie film and some sporting equipment—or that 13 cents tax on playing cards.

But the CCH has one word of cheer. Being average, Mr. X will live to 70. He will enjoy five years of collecting tax-free social security.

Modern Will Expand Kalkaska Operations

KALKASKA (AP)—A boost for this village of about 1,500 persons was announced today in plans of Modern Manufacturing Co. to expand, ultimately giving employment to at least 125 persons.

The announcement followed a special meeting of the Village Council last night with Arthur Nummer, vice president, and three other officials of the Detroit-headquartered firm which makes stampings for the auto industry.

The Kalkaska plant now employs 18 to 20 workers. Nummer said 34 more would be hired immediately. Work will start at the same time on plant expansion, he said.

The firm thus will become Kalkaska's second largest employer. Wayne Wire Cloth Co. has about 130 persons on its payroll.

Mr. X will pay taxes on the one pack of cigarettes he and his family smoke each day, the six-pack of beer consumed each week and the fifth of hard liquor bought each month—not to mention the tax on the one fur coat he'll buy for his wife in that time.

The CCH has broken down the taxes this way:

Federal income, \$20,870; social security, \$7,248; real property, \$7,710; personal property, \$720; automobile, including gas and license and excise on new cars, \$4,236.

All this plus these taxes for everyday purchases: sales at 3 per cent; cigarettes, \$1,464; liquor, \$1,338; luxury, \$166; telephone \$324 and home appliances, \$35.

More bad news. The CCH says

The hostesses try some African rhythm to get into the spirit of the "safari" banquet held Wednesday evening by Beta Sigma Phi sorority. Left to

right are Mrs. Richard Benham, Mrs. Duane LaTurneau and Lora Sparks. All three will be council officers this coming year.

Mrs. Robert Terry, left, smiles her approval as Lillian Bullock pins an orchid corsage on Marilyn Carlson at the Beta Sigma Phi banquet celebrat-

ing the 28th anniversary of Founder's Day. All three took part in the program Wednesday evening.

Hold Party to Benefit Hospital

A benefit bridge party was held Tuesday by Pontiac Branch of Woman's National Farm and Garden Club. Proceeds are to be used to furnish a room at Pontiac General Hospital.

Mrs. Gelston Poole was chairman, assisted by Mrs. Arthur Young and Mrs. Harold A. Fitzgerald.

Members opening their homes were Mrs. Heltsch, Mrs. Donald Box, Mrs. Poole, Mrs. Victor Nelson, Mrs. William Rogers, Mrs. Milo Cross, Mrs. James Nye, Mrs. Dora Dawson, Mrs. C. T. Ekelund, Mrs. Edward Barrett, Mrs. P. A. Voelker, Mrs. Fitzgerald, Mrs. Robert Oliver, Mrs. Jack VanCovering and Mrs. Harold Euler.

Kingswood, Cranbrook to Stage 'Quality Street'

The junior class of Kingswood School Cranbrook and the Ergasterion dramatics club of Cranbrook School will present "Quality Street," a comedy by James M. Barrie, on Friday and Saturday evenings.

The two public performances will begin at 8:15 p.m. in the Kingswood auditorium. Local students appearing in the cast are Patricia Shile of Birmingham, Jane Ensign, Franklin and John Woolley of Pleasant Ridge.

Crew members include Sue Allan, Sara Bartholomew, Maud Cooper, Barbara Cripps, Susan Fead, Patricia Kelley and Jane Stevenson, all of Birmingham; Sarah Horton, Carol Klenke, Nancy Knorr, Betty Prance, Carol Thomas

and Sally Weckler, all of Bloomfield Hills; Joan Akers, Huntington Woods; Donna-Jean Haven, Orchard Lake; Margaret McMehen, Royal Oak; Marilyn Potruide, Berkeley; and Ann Witham, Romeo.

Peggie Jones, Kingswood faculty member, is director of the play, assisted by Temolin Licklider, master at Cranbrook; Marion Mercer, Kingswood student from Fort Wayne, Ind., is student director.

Just a Reminder

Tie a knot in stained clothes before you put them in the clothes hamper. This way, you'll be sure not to overlook them on washday.

Child Study Unit Elects Officers

Child Study Group III elected officers at its meeting, held Tuesday at the Cherokee road home of Mrs. George Petroff. The present president, Mrs. Ralph Humphries, is moving to Denver, Colo.

New officers are Mrs. E. W. McGovern, president; Mrs. Robert Bego, first vice president; and Mrs. R. S. Nelson, second vice president.

Mrs. Bego will be program chairman for the coming year. On her committee are Mrs. E. E. Elder Jr., Mrs. William Wright, Mrs. Richard McPartlin, Mrs. Richard L. Kieft and Mrs. Thomas Knight.

Mrs. Paul Gorman was speaker for the meeting. Her topic was "How to Prepare a Child for School."

Hostesses for the day were Mrs. Jack Habel, Mrs. Robert Nelson, Mrs. Robert Reynolds and Mrs. Roy Corwin. Mrs. Thomas Reed was a guest.

Mothersingers Hold Cooperative Dinner

Pontiac Mothersingers held a cooperative dinner Tuesday evening at the home of Mrs. Cecil Diehl of Seward street. Assisting the hostess was Mrs. Harry Dickey.

The annual banquet dinner will be held May 21 in Flint. Following the dinner, the group will return to the home of Mrs. Ransom Robbs, of Sashabaw road for evening of entertainment.

JAMES RICHMOND

Area Big Brother Earns Volunteer-of-Month Title

The Central Volunteer Bureau of Pontiac Area United Fund has announced the selection of James Richmond as its April Volunteer of the Month.

Mr. Richmond was selected for his outstanding volunteer service to the Big Brothers of Oakland County.

SUBSTITUTE FOR FATHER
The Big Brother agency is dedicated to helping young boys who lack the guidance a father should provide, by finding volunteer Big Brothers for them. After careful screening, the Big Brother is assigned to a boy living within his vicinity, whose interests and religion match his own, and whose needs can best be met through his friendship.

A boy needing mature guidance and companionship may come to the agency from one of a number of sources. As the friendship develops the boy finds himself wanting to identify more closely with his Big

'African Safari' Is Theme of Beta Sigma Phi Dinner

Mrs. Rehm Is Council President

The nine local chapters of Beta Sigma Phi celebrated the 28th anniversary of their Founder's Day Wednesday evening at Elks Temple with an "African Safari." Wall decorations, favors and programs at the banquet all carried out the theme of the Dark Continent. Guest speaker Dr. M. C. Worster showed colored movies of his recent hunting trip in Africa.

GREW FAST

Beta Sigma Phi, now an international sorority, was organized in 1931 by a man, Walter W. Ross. From a nucleus of 7 women in Abilene, Kan., it has grown to an organization of over 6,000 chapters with 150,000 members.

President of Beta Sigma Phi city council, Mrs. Richard McVicker, welcomed new pledges and chapter presidents and announced council officers for the coming year.

They are: Mrs. Carl E. Rehm, Zeta Lambda, president; Marilyn Carlson, Phi Alpha Iota, vice president; Mrs. Duane LaTurneau, Zeta Eta, recording secretary; Mrs. Richard Benham, Xi Alpha Nu, corresponding secretary; and Lora Lynn Sparks, Phi Alpha Iota, treasurer.

SPEECHES GIVEN

Myrtle Shore of Ewart gave the invocation. Marilyn Carlson summarized the highlights of various chapter activities for the past year.

Mrs. Robert Terry read a message from the founder, Mr. Ross, who now lives in Kansas City, Mo. Mrs. Carl Rehm, Lillian Bullock and Mrs. Ray Slaughter proposed tributes. Group singing was led by Mrs. William Cheal, accompanied by Mrs. Russell Hester.

These two have a lot to talk about. The incoming president of Beta Sigma Phi city council, Mrs. Carl E. Rehm,

gets some tips from Mrs. Richard McVicker, outgoing president, before the banquet.

Stoles Won't Slip

Stoles, as shown in Paris, form a ring around the shoulders and thus eliminate the

problem of slipping. The stole stays in place and provides wanted cover-up without clutching.

Add thin slices of avocado to potato salad. Dip the slices in fresh lemon juice first to prevent discoloring.

Wait for Mr. Right — Abby

Don't Marry a Man Who Has Hand Outstretched (Palm Up)!

By ABIGAIL VAN BUREN

"DEAR ABBY: I am a girl 19 years old and I have a very good paying job. I manage to save a little something out of my pay check every payday. I go steady with a guy who is 20. He hasn't had a steady job in a year. I love him very much and want some day to be his wife. But I am sick of paying both ways every-where we go. He says 'money isn't everything' but, Abby, it is making me lose my respect for him. Have you any advice?"

ABBY

DEAR J. M.: Your boy friend should not permit you to pay both ways, and if you continue to do so, you are making a sad mistake. Girls who let men lean on them encourage weakness and dependence. Don't give this fellow your hand unless you want his outstretched (palm up) for the rest of your life.

"DEAR ABBY: I understand how 'OVERCOME' feels because I have the same problem with my husband. He not only refuses to take a bath, but won't shampoo his hair or

cut his fingernails or toenails unless I start a real battle royal. His argument is he has to build up an immunity to germs. (What germs would live on him?) Is this a sensible argument or am I crazy?"

ALSO OVERCOME
(in addition to being next to Godliness) is essential to good health. His argument doesn't hold water—but he should try some.

"DEAR ABBY: I have an idea for OVERCOME, whose hubby wouldn't bathe. Take him fishing and dump him overboard (accidentally, of course.) That's the way I solved my problem. I only had to do this once."

SYMPATHETIC

"DEAR ABBY: I have a daughter 14 years of age. She is going to have a baby. I would like to put her in a home for unwed mothers. Nobody should know, please. Will you tell me how to contact such a home? I can pay a little but not much. Thank you."

HEART-SICK MOTHER

DEAR MOTHER: Get in touch with your FAMILY SERVICE ASSOCIATION. If there is none in your area, call your local COMMUNITY CHEST. If you are unable to find either, send me your name

and address and I will put you in touch with a Home for Unwed Mothers nearest to you. This will be kept strictly confidential. Good luck.

"DEAR ABBY: Before I got married I went with a girl and you might say we were practically engaged although I never gave her a ring. She gave me a gold wrist watch, which I wore all the time. Nothing was said about this watch until two years after I got married to another girl. My wife and I were driving along (we were on a trip) when all of a sudden she said to me, 'I won't believe that you love me unless you take off that watch and throw it in the lake. So I took off the watch and threw it in the lake. Was my wife right or wrong in asking me to do this?'"

WONDERING

DEAR WONDERING: She shouldn't have asked you to throw it in the lake. (You're lucky she let you take it off first.)

"Is it fair to go steady?" Get Abby's booklet, "What Every Teenager Wants to Know." Send 25 cents and a large, self-addressed, stamped envelope to Abby, care of this newspaper.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

What We Won't Do . . . ?

There are really a lot of these things — and they are most important.

We will not stock or sell inferior drugs! We will not offer specials of questionable quality. We will not be anything but courteous and helpful. You will like our products and our service.

CLOONAN DRUG CO.

Patient Load Down

Better Treatment Succeeds

By JOSEPHINE LOWMAN

1936 was the first year the records showed a drop in the number of patients in mental hospitals in the United States. This does not mean that fewer people were admitted to mental institutions (more than ever were admitted), but that more were discharged as completely or partially cured.

Hospital admissions have been rising during the past three years but this has been overbalanced by the sharp increase in hospital discharges. This is due to several factors, mainly improvement in the treatment of mental illness.

The "open hospital" is one of the newest and most dramatic changes. Many mental hospitals over the country are removing bars from their windows and taking locks off their doors. The patients are made to feel free to wander from ward to ward, go out onto the hospital grounds and sometimes even into the community. This alone has caused great improvement in many instances.

The National Association for Mental Health has just published a booklet called "New Trends in the

Care and Treatment of the Mentally Ill." Its author, Leonard Engel, says of the open hospital idea, "The basic philosophy behind the open hospital is the conviction among many psychiatrists that the closed hospital breeds an atmosphere hostile to good psychiatric and medical treatment of the patient, and that the repressive atmosphere actually provokes much of the difficult behavior it is intended to control."

The fact that many general hospitals now take patients needing psychiatric help whereas before they had to go to mental hospitals is a great help. Sometimes the mental hospital is far from home, family and friends. This also takes away the stigma and horror so long associated with mental trouble. For this reason many more folks who need help are willing to get it.

The tranquillizing drugs also have been a wonderful help in alleviating the tensions which can cause mental illness. Many more patients are receiving intensive treatment of whatever sort they require. Mental hos-

pitals are being made attractive and comfortable. They are better staffed and have planned activities and programs which make life pleasant and interesting.

Athena Pappas, Music Therapist for The Musician's Emergency Fund and Hospitalized Veterans Service, has done some wonderful work at Manhattan State Hospital. Some of the most disturbed and withdrawn patients have found themselves through music and the accompanying companionship of a group.

Even with these encouraging results there is still much to be desired in the care of the mentally ill. More money is needed for improvement in the care of patients in state mental hospitals. More money is needed for research as to the causes and the cures of mental disorders.

U. of M. Alumnae Hear Talk by Foreign Students

Doris Haynes and Gertrude Overton were hostesses to some 30 members of the University of Michigan Alumnae Club of Pontiac Tuesday evening.

American Field Service exchange student Jacqueline Bar-on of Rouen, France, and Renate Walterskirchen of Vienna, Austria, who attends Pontiac Central High School while living here with her grandparents, were introduced by Iama Hook.

The two students told of the friendliness of Pontiac students and discussed their struggle in adjusting to our language, agreeing that learning to think in English was their biggest hurdle.

Mom Can Describe Gifts to Gal

By EMILY POST

"Dear Mrs. Post: The day after my daughter was married she had to leave for California. It was a quiet wedding with only the families present and announcements were sent out after to all others. Wedding presents are arriving every day from her many friends throughout the country. Since my daughter will be gone for at least six months, would it be proper for me to open the presents and thank the givers for her, or just how should this be handled?"

Answer: You should open the presents and send a description of each to your daughter who could then write a brief but appreciative note of thanks from where she is, saying: "Mother has described the lovely (whatever it is) you sent me. I do thank you for it and am eagerly looking forward to seeing it when I get home."

"Dear Mrs. Post: Is it rude, or in bad taste, to leave a plastic covering on furniture, such as living room sofa and chairs, when entertaining guests — especially when they are expected and there would be time to remove them. This may seem a rather far-fetched point of etiquette but it has caused much criticism and would appreciate your opinion."

Answer: These protective coverings should certainly be removed when guests are expected.

This summer, Miss Baron will leave for a tour with AFS students in this area. The group will visit Niagara Falls, New England, and Washington, D.C., where they will meet President Eisenhower. After a stay in New York City, she will board ship at Montreal to return to France, where she plans to attend a college specializing in languages for a career as an interpreter.

Officers elected for 1959-60 were Miss Haynes, president; Miss Overton, vice president; Mrs. Harold Northon, secretary; Dorothy Cummings, treasurer; Mrs. R. Grant Graham, senior counselor; and Lillian Jacobs, junior counselor. Miss Jacobs, hospitality committee chairman, was assisted by Mrs. Katherine Quick, Mrs. Jay A. Wagner and Mrs. Richard Wells.

Club Hears Talk on Contact Lens

Dr. Lynn Allen spoke on "Contact Lens" at the meeting of Pontiac Business and Professional Women's Club held Tuesday evening in Hotel Waldron.

Richard Irving of Northland Playhouse outlined the summer program which starts June 8 and will continue for 12 weeks.

Guests were Myrtle Shore, a former member, and Mrs. Harry Loch.

Paris shows the white satin coat for evening. It has wide sleeves and is cut with great flair.

What Young People Think

Who Are Teenagers' Heroes? Mom and Dad!

By EUGENE GILBERT

Has American youth run out of public heroes? Or are the nation's young people simply not hero-minded anymore?

One or the other must be true. Two years ago we asked a typical group of American teenagers, "Who would you like to be most like when you grow up?" They had heroes then — President Eisenhower and Elvis Presley among the boys, Grace Kelly, Queen Elizabeth and Marilyn Monroe among the girls.

But this year when we asked the same question across the nation of 653 teenagers, we got this surprising answer: Mom and Dad.

One in every five boys said they wanted to be like their father while 39 per cent of the girls said mother was their ideal. Ike made the list, but his popularity with the boys had slipped from 31 per cent in 1957 to only 7 per cent. Princess Grace, the ideal of 21 per cent of the girls two years ago, was favored this year by only 9 per cent.

The only others who made the heroes' list this year were Mrs. Eleanor Roosevelt and Dr. Jonas Salk, though occasionally some other personality was mentioned by an individual youngster.

IMPERSONAL IDEALS

Instead of listing a specific person, many of the teenagers gave a profession they hope to enter: teaching, nursing, science and the like. Many of the youngsters — 7 per cent — said they just want to be themselves.

The reaction to the question this year could mean two things: either there isn't a public figure right now who attracts the teenagers' idolatry, or young people have a new set of values.

Perhaps the uncertainties of the last few years have led them to believe that a happy home is preferable to fame and fortune.

This seems evident from their answers.

Craig Hannum, 18, of Los Angeles, said he wanted to be like his

father because "my Dad is successful, respected and happy."

"I believe my father's family life at present is happy, and his life in general is satisfying," said 17-year-old Robert Sudakow of Miami, who agreed with Craig.

Raymond Fiore, 18, of St. Louis, chose his father "because he is a cheerful and likable man."

With the girls who preferred mother, the answers were in the same vein.

"She does her best and makes the most of her life," said Barbara Pytho, 16, of Hoosick Falls, N. Y. "She rarely complains and seems happy with life on the whole."

The idea of being "a happy housewife . . . like my mother,"

also appealed to 15-year-old Margery Merkin of Washington. "She is content, secure, and leads an interesting life," Margery said.

Among the hero-minded boys, those who picked the President said he has "a nice manner," that he is "a great man," and that they think he gives people confidence.

Four per cent of the boys named Dr. Jonas Salk, who developed a serum for polio, as their ideal. "He made valuable contributions to society," said 14-year-old Martin LeWinter of Brooklyn, N. Y.

Eight per cent of the boys said they want to be doctors, 6 per cent biochemists, 4 per cent some other kind of scientist, and 2 per cent teachers.

Two per cent of the boys listed man, 14, of Coatesville, Ind., by uncles as their heroes. "He's in way of explanation. Among the 9 per cent of the

girls who named Princess Grace as their idol, Deldre Smith, 13, of Brooklyn, N. Y., gave a typical answer: "She is famous and she is a princess."

In Washington, 15-year-old Tom Wise had the same thought. "I don't want to be like anyone else," Tom said. "I want to think for myself."

GOD SPEED — Burning up the road near Genoa, Italy, an unidentified priest leaves a group of Italian cyclists behind in an impromptu race. From the smiles on the faces of the racers, it looks like a put-up job, doesn't it?

Hollywood Headlines

'Where's That Sunshine?' Says Actor Dirk Bogarde

By BOB THOMAS
AP Movie-TV Writer
HOLLYWOOD (AP)—Dirk Bogarde, Britain's top leading man, finally succumbed to the lure of Hollywood to seek some sunshine. So what happens? He has been spending 10 hours a day in a stuffy rehearsal hall learning to play the piano.

The reason is, that he is portraying Franz Liszt in Columbia's "The Magic Flame." Since Liszt was a whiz at the keyboard, Dirk has been forced into long practice so he can look convincing. During a rare moment of relaxation at the Bel-Air Hotel.

TEEN-AGE DANCE
Starring in Person
Dale Young
and Many Top Recording Stars!
ELKS TEMPLE
7 to 10 P. M. 90c SUNDAY

Bogarde explained why he held out so long against the Hollywood offers. "I was doing well in British films, so there didn't seem much reason to come over here, where I was little known. In England, I had approval of director and co-stars and story veto, which I probably couldn't get here."

FINDS SUNSHINE
"Then I fell ill with double pneumonia and pleurisy and was holding out — not very anxiously — to my life. I finally decided I had better get out of the English climate and find some sunshine."

He has managed to steal some time from the piano to make some observations on his first trip to California. "It's much more beautiful than I had been led to expect by expatriates and other malcontents who have returned to England."

He did note these drawbacks: "None of the hotel rooms are equipped with corkscrews; the food, except in some private homes, has the flavor of wet Kleenex; there seems to be a great preoccupation to dine or to die."

Everywhere you look are advertisements for food or some mortuary. Even the benches at bus stops have ads offering a liberal credit plan for your funeral."

This Paratrooper Has Upside Down Life

FT. CAMPBELL, Ky. (AP)—If you want to know what it's like to look at the world upside down, ask Pfc. Frederick M. Kamradt, an 18-year-old paratrooper. He dangled head down from an airplane for almost 10 minutes Wednesday after he became fouled up in parachute paraphernalia at an altitude of 1,450 feet. He said he tripped over a 100-pound bag of equipment he was carrying as he made ready to leap through the door of the C123 aircraft.

The next he knew he was suspended at the end of the 15-foot static line attached to a cable inside the plane to open the chute. The static line caught through his legs and left him dangling. S. Sgt. Richard W. Collins of Memphis, Tenn., came to his aid after the plane had climbed to 2,500 feet. Kamradt, of East Jordan, Mich., resumed his descent earthward, this time using a reserve chute.

Then, about 10 miles from here, he landed in a tree—upside down again. He dangled 10 feet above ground until persons living nearby freed him. Kamradt's next jump will be his 13th.

1st Park Preview Slated Sunday at Walled Lake
Sunday will mark the first of this season's preview openings at Walled Lake, prior to the park's grand opening later this spring.

The spring and summer fun spot will be open with the entire park in operation Sunday, including thrill rides and the children's Kiddieland. School picnics at the park's twin picnic gardens have shown an increase in bookings this year due to the new expressway system, which puts Walled Lake within convenient range of Southeastern Michigan areas, a park spokesman said.

Poston's Breaking Up That Old Allen Gang

By EARL WILSON
NEW YORK — "Hollywood's not for me just now — I'm a Broadway cat," Tom Poston said. "I dig that legit stage."

And so Steve Allen's great TV comedy trio of Tom, Louis Nye and Don Knotts, comes unglued when Steve moves his whole show to California in about five weeks, lock, stock and wife.

"Steve and Jules Green (Steve's manager) asked me — but I think my field is here," added Tom, the zany from Boston and Columbus who can never remember his name on the show.

"What if Ed Sullivan made you an offer?" "Oh, I don't see how I could do that, out of loyalty!"

"You've got a deal with a Sullivan already!" snapped a feminine voice — that of his wife, busy TV commercialist Jean Sullivan.

The Bolshoi Ballet will go on TV live from Hollywood in June via Skiatron (in theaters in about 60 cities over closed-circuit, just like championship fights). It's a big coup for Skiatron Head Matty Fox who shut out other TV bidders.

Hugh O'Brien will give a party for Miss Rheingold losers. Bernard Baruch will host Sir Winston Churchill here. Lee Mortimer's hospitalized and (no connection) the Hy Gardner are planning a happy announcement.

THE MIDNIGHT EARL... Ed Sullivan'll take 40 people to Russia for two Tvers, for he'll also put on shows nightly at the Moscow Trade Fair for 3 weeks, (request of State Dept.)

Perry Como's top writer Goodman Ace says he's made no deal to quit Perry yet, though there are offers. Denying he gets \$13,000 to \$15,000 a week, he says, "If I do, the FBI should get after me, because I don't declare that much."

The Aga Khan's phoning from Harvard to London, to socialite Pat Rawlings.

WISH I'D SAID THAT: We heard of the woman who had to let her maid go—because her husband wouldn't.

TODAY'S BEST LAUGH: Comic Joey Adams tells of the deep sea diver who got a frantic message from the surface: "Come up quick—the boat's sinking!" That's earl, brother. (Copyright, 1959)

Paper Deliverers Union Faces Rackets Probe
WASHINGTON (AP)—The Senate Rackets Committee has set May 5 to start hearings on charges that racketeers have a powerful hold on the Newspaper and Mail

Deliverers Union of New York and vicinity. The independent union shut down New York City newspapers for several weeks in a strike last year.

Doctor Put on Tanker to Aid Burned Crewmen
PERTH, Australia (AP)—The Italian liner Australia reached the fire-swept Norwegian tanker Farmand in the Indian Ocean today and put aboard a doctor to treat eight injured crewmen. Eight other sailors were killed in the engineroom explosion Wednesday aboard the 11,000-ton tanker 780 miles northwest of Fremantle.

The Farmand, after sending out an SOS, reported the fire out and said she no longer needed assistance.

Anita Ekberg, Husband Confer on Reconciliation

HOLLYWOOD (AP)—Swedish actress Anita Ekberg has conferred with her husband Anthony Steel on the possibility of a reconciliation. Her lawyer, Simon Taub, said he arranged the discussion Wednesday. Miss Ekberg arrived from Europe last Monday amid rumors that she would seek a divorce. She is 27, Steel is 41. They were married in 1956.

Make It Appropriate

SAN DIEGO, Calif. (AP)—A signboard showing three small girls, each holding her nose with a tissue, was put up on Harbor Drive. Just across the highway is a sewage disposal plant.

Windfall Offered to Michigan

How to Save \$50 Million on Prisons

(This is the last of a series of articles dealing with a projected 20 per cent increase in Michigan's prison population in the next 10 years — and suggesting what can be done about it.)

LANSING—A survey of Michigan's mushrooming prison costs suggests that increased parole and probation officer staffs can produce substantial immediate savings and tremendous savings in the future.

The Michigan Crime and Delinquency Council, which obtained the survey from the National Probation and Parole Association, said it was not overlooking the tremendous social savings which would result from keeping casual law violators usefully occupied in society, but that it recognized financial considerations must be given great weight in view of the state's fiscal distress.

The Council contended that the employment of 258 additional probation officers, including secretarial expenses, would cost the state \$2,669,500, but that the additional officers would make it possible for the courts to send 1,538 fewer men to prison at a savings of \$2,757,000 a year—or a net savings of \$87,000 a year on prison operation costs alone.

The Council estimated conservatively that every man in prison costs the taxpayers an additional \$1,500 a year on the average in charitable costs for the care of his dependents and the loss of tax revenues from his employment and spending.

\$689,000 MORE

The Council said also that changes in sentencing laws to permit quicker paroles could reduce the prison population another 960 inmates, at a savings of \$1,440,000 a year in operating costs alone. To do this,

would require 72 more parole officers, costing \$750,000 a year—or a net savings of \$689,000 a year.

It estimated that the return of 960 inmates to a useful role in society would save the state \$1,440,000 in charitable costs and lost taxes.

"In total, therefore," the Council said, "a system which has good standards, a 70 per cent use of probation, and a 15 month median first release period (in paroles) would save the public a total of \$4,659,500 annually."

But, the Council said, the most important fiscal savings would be in addition — by removing the necessity for building more prisons.

The Council re-emphasized the NPPA survey showed that Michigan's already-jammed prisons, now holding 10,138 inmates, will house 10,600 in 1960, 11,610 in 1965 and 12,980 in 1970 according to present trends.

To build more cells to handle this increase, the Council estimated, will cost \$6,530,000 more by 1960, \$22,080,000 by 1965 and \$42,630,000 by 1970.

Putting these estimates together, the Council said, the current costs could have been reduced \$8,473,500 if the suggested reforms were in effect. The savings, it said, would amount to \$8,707,000 in 1960, \$9,184,220 in 1965, and \$9,757,000 in 1970.

The Council emphasized: "Millions of tax dollars can be saved by this program, to say nothing of the great savings in human values."

Could Be Joke, but Sharks Found in Rio Grande

SANTA FE, N.M. (AP)—From the Fish and Game Department of Dryland, N.M., to the admirer of the Rio Grande fleet, Albuquerque:

Be on the lookout for sharks in your waters.

A dead fish, a stranger to these parts, was picked up on the bank of Berrendo Creek near Roswell last week and identified by fisheries biologist Dick Navarre as a bonnethead shark. Two hundred miles distant, along one of the Rio Grande drains near Albuquerque, a similar fish was found and identified by Dr. William Koster, University of New Mexico authority on fish, as a bonnethead shark.

The bonnethead is native to the Atlantic Ocean south of Long Island and is also a denizen of the Pacific south of Mazatlan on the Mexican coast. It is strictly a salt water fish.

Navarre theorized that the fish were brought in, probably by some fisherman, "just to get us all balled up."

Youth Cleared in Bride's Death

18-Year-Old Tells How He Tried to Stop His Wife's Suicide

TALLAHASSEE, Fla. (AP)—Robert Hale, slender boy bridegroom from Texas, was cleared of guilt Wednesday night in the fatal shooting of his 16-year-old pregnant wife.

A coroner's jury found that Kathleen Hale died Tuesday after she was struck by the accidental discharge of a .20-gauge shotgun.

Hale, who was 18 April 7, is the son of I. B. Hale, former FBI man and a football star at the Texas Christian University in the 1930s.

Kathleen — nicknamed K. K. — was the daughter of John Connolly, once an aide to Sen. Lyndon Johnson (D-Tex.). Both families live in Fort Worth.

The youngsters eloped to Ardmore, Okla., and married March 16. The boy has been working for a boat company here.

At times young Hale was almost incoherent as he told the jury of a stormy honeymoon and then finding his bride of 44 days seated on a couch in their small apartment with a shotgun in her hands.

He knelt at her feet, he said, and pleaded with her to put it down. She wouldn't.

"She was telling me she was going to kill herself," he said. "She said, 'Bobby, I'm sick in my mind and I need help. I know now that no one can help me.'"

She brought the gun up to her head, Hale said.

"At the last desperate moment, I lunged at the gun and hit it. I hit it as hard as I could. It hit the wall and she was still . . ."

His voice died away and he sat mute and wide-eyed for several moments.

"Did the gun go off before you hit it?" asked County Judge James Gwynn, conducting the inquest.

"I don't know. She opened her eyes and fell back and I caught her and said 'K. K.'"

A fingerprint expert and a lie detector operator both testified they could find nothing to implicate Hale in the shooting.

In Bid for French Market

Licensing Plan Profitable

By SAM DAWSON

AP Business News Analyst

PARIS (AP)—Many American companies who don't want to build plants here but still want to get the competitive advantages of being inside the market are turning to licensing French companies to produce their products. Both methods have advantages.

Americans make a nice penny out of licensing. Official French figures show that last year American firms collected 37 million dollars from the French in royalties on these licenses.

The U.S. firms say foreign countries like the licensing idea because it encourages the investment of local capital, increases jobs, new worker skills, and sets an example of efficient American production techniques.

One American company trying both licenses and overseas production in its own plants is Kelvinox International, a division of American Motors.

It has a wholly owned plant in England — which sometimes competes with its American-based plants in world markets, especially in Africa. And the company has 15 licensees abroad who make its products. The oldest is Kelvinox, Australia, licensed in 1931.

But today France is its biggest market in the license field. Kelvinox expects French sales to surpass the Canadian market next year for the first time to become its No. 1 market outside the United States.

The license system works so well for the company that last year the total sales of household refrigerators abroad topped its sales in the United States.

The American firm says its biggest competition now comes from Germany because of labor productivity and aggressive merchandising.

Its hopes for an expanding French market are based on growing personal incomes here, rising standards of living, plus these figures:

At present, refrigerator saturation in France is estimated at 17 per cent. Electrified homes in France without refrigerators, the company says, represent a market potential of six to eight million units.

This is how the typical licensee system is set up:

The American firm supplies the licensee with production plans and specifications and with tooling information. It assists in plant layout for maximum efficiency and in the selection and purchase of necessary equipment.

Accord Set on Bridge to Connect the Soos

LANSING (AP)—State Highway Commissioner John C. Mackie reports an agreement has been reached on a general plan for financing and constructing a bridge to connect Sault Ste. Marie, Michigan and Sault Ste. Marie, Ontario.

The agreement was reached yesterday at the American Soo by representatives of the province of Ontario, the Michigan Highway Department, the International Bridge Authority and investment bankers.

Mackie said the investment bankers indicated construction can get under way in the spring of next year. If this deadline is met, the facility will be open to traffic in the fall of 1961, he added.

Car Exhaust-Smog Ban Now Law in California

SACRAMENTO, Calif. (AP)—A bill to set the limit for auto smog emission by Feb. 1, 1960, the first step in blocking the sale of smoky cars in California, is law today.

Gov. Edmund G. (Pat) Brown signed the measure Tuesday, directing the state director of public health to establish the maximum

allowable standards for exhaust fumes from motor vehicles.

Brown said once standards are set up by the state, local air pollution control districts or the state could be authorized to ban the sale of automobiles without exhaust devices.

He said no auto control law should be passed until the standards are determined. Doing so, he said recently, might be unconstitutional.

Dead Pair Thought Heart Victims

WORCESTER, Mass. (AP)—The bodies of a man and his schoolteacher daughter were found Wednesday night in their apartment.

Police said Thomas E. Stafford, 72, and his daughter Ruth, 40, apparently died last Monday. Both

had histories of heart trouble.

Police theorized Miss Stafford collapsed and her father was stricken while trying to help her.

The bodies were discovered by a son, Frederick E. Stafford of Holyoke.

About 24 million Americans now living will die of cancer if present mortality rates continue, according to estimates currently made by the American Cancer Society.

Grocery Coupon Flood Puts Mailman in Soup

LOS ANGELES (AP)—Investigators said supermarket operators became curious when Mrs. Elwood E. Kist demanded cash up on redeeming large groups of coupons. They said she cashed as high as \$50 worth of coupons at a time. She had 400 altogether.

Her postman husband was jailed on a charge of stealing merchandise coupons mailed to residents on his route. He denies guilt.

NOTICE OF INTENTION TO CONSTRUCT CURB, GUTTER, GRADE, DRAINAGE, AND RELATED WORK ON TENNYSON AVENUE

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan, held April 28, 1939, by resolution it was declared to be the intention of the City Commission to construct curb, gutter, grade, gravel, drainage and related work on Tennyson Avenue from Bonaventure Avenue to University Avenue at an estimated cost of \$9,771.75, and that the plan, profile and estimate of said improvements is on file for public inspection.

It is further intended to construct said improvements in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of Tennyson Avenue from Bonaventure Avenue to University Avenue shall constitute the special assessment district to defray \$7,634.46 of the estimated cost and expenses thereof and that \$2,137.29 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund and that \$934.00 of the estimated cost of sewer stubs shall be defrayed by special assessment against Lots 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

Woman Is Shot Working at Mill

Struck in Shoulder by 1 of 9 Bullets Fired as Violence Continues

HENDERSON, N.C. (AP) — A woman employee of the struck Harriet-Henderson cotton mills was wounded slightly Wednesday night by one of nine rifle shots fired into the building.

It was the latest eruption of violence in the long and bitter strike by the Textile Workers Union of America.

Police said the woman, Mattie Lindsey, was hit in the shoulder by a .22-caliber bullet while at work in the south Henderson mill. The mill is manned by nonunion workers. Police said the bullet had about spent itself before striking her and that the wound was minor.

The rear window of a cruising police car was shattered by a heavy object near the same mill. Relative quiet prevailed at the north Henderson mill.

Meanwhile, Company President John D. Cooper Jr. said federal mediator Yates Heafner was trying to arrange a union-management meeting for today or Friday in an effort to settle the strike that began Nov. 17.

"In view of this development and until the matter is resolved," Cooper said, "I plan to postpone the beginning of the third shift indefinitely."

A third shift was to start last Tuesday night but Cooper delayed it at the request of Gov. Luther Hodges and Mayor Carroll Singleton, who feared an outbreak of violence might result.

Prince Charles Has Royal Time on HMS Eagle

WEYMOUTH, England (UPI) — Ten-year-old Prince Charles, looking trim in a gray flannel suit with short pants, steered the 43,000-ton aircraft carrier Eagle for a full minute yesterday and won the praise of a naval officer standing at his side.

The heir to the British throne held the carrier on a steady 155 degree course at a speed of 23 knots.

"Jolly good," said the officer. "Have you steered the royal yacht?"

"Yes," said the prince proudly. Charles has received sailing lessons aboard the Britannia from his father, Prince Philip, who is returning tomorrow from a world cruise.

Charles took the wheel of HMS Eagle, one of the mightiest warships afloat, during a four-hour tour of the vessel with his mother, Queen Elizabeth II.

The queen and her son arrived here from Windsor aboard the royal train to watch a fly-past by navy jets and an exhibition of submarine-bombing by propeller driven planes.

A large took them to the carrier, which the queen christened in 1944 when she was Princess Elizabeth.

A royal navy whirlwind helicopter crashed as it was taking off from Portland, four miles away, to provide cover for the queen's trip to the Eagle. Both helicopter crewmen were unhurt.

As the Eagle began a short cruise in and out of Weymouth Harbor, Charles slipped away from his mother and began scurrying up and down numerous ladders, patting occasionally to talk with some of the 2,400-officers and men.

"Is it hot in there?" he asked a pilot in a jet fighter.

"Yes," said the pilot.

Surveying the crew's midday meal of steak, lamb chops and pork pie, Charles asked, "Do you get a choice every day?"

"Yes," was the reply. Charles scratched his chin when a deep sea diver told him he was able to descend to a depth of 300 feet.

The prince eyed crewmen receiving their daily rum ration. He received a souvenir rum keg in which to keep the royal cuff links. Later he examined a frogman's knife. And finally he popped from a gun turret to rejoin his mother.

Tending of Lighthouse Not So Lonely Anymore

PORT ARTHUR, Ont. (AP)—Tending a lighthouse is not the lonely existence it once was, says James McLean, keeper of a beacon on the nearby Welcomes Islands in Lake Superior.

He and his wife are looking forward to returning to their island home after a winter ashore.

"It's wonderful there," he said. "We have our work, television, a battery radio, boxes full of library books, our own chickens, a little garden, fishing — everything a person could want."

The McLeans' charge is a 50-foot light, run by kerosene, which dominates the string of four islands guarding the entrance to the harbor of Port Arthur and Fort William.

5-ROOM BUNGALOW

The family lives in a new five-room bungalow on the island. Mail arrives three times a week. There are scheduled radio-telephone calls twice a day, and local boatmen are always dropping in.

Raising a family presents a problem though, says Mrs. McLean. She may have to stay

ashore this year because her oldest daughter now is of school age. There is a baby boy since last season, too.

McLean is a second-generation light keeper. His father, James McLean, is retiring this year after 26 seasons "in the lights." He may help his son tend the light this year.

Mrs. McLean for weeks has been making preparations for her husband's departure. Food supplies are taken in by the case, but a flock of chickens supplies eggs. "Near the end of the season we have many chicken dinners," she said.

Two jet aircraft flying toward each other head on at 600 m.p.h. close a one-mile gap in three seconds.

TWA Hostesses Take Strike Vote Over Pay, Hours

KANSAS CITY, Mo. (AP)—Trans World Airlines hostesses are taking a strike vote to support their demands for more pay and shorter hours.

Alanna Schenkosky of Los Angeles, master chairman of the TWA Hostesses and Purser's Union, said Wednesday negotiations between the hostesses and TWA on a new contract have been broken off. The current contract expires May 1.

She said the union's demands are based on "increased productivity" caused by TWA's change from conventional to faster jet

airliners. The union wants flight time cut to 63 hours per month plus a wage increase. Amount of the union's wage demands were not revealed.

Union officials said the company has declined to lower the present 85 hours-per-month maximum flight time, and had offered a pay increase of \$15 monthly. Top pay for hostesses with eight years experience is \$375 a month.

TWA sources had no comment on the dispute.

The American scientific station at the South Pole has determined the Pole's location within a probable error of 100 feet in any direction. This is the first time that either of the earth's extremities has been so precisely marked. It is not possible to spot the exact axis at the North Pole. It is located on drifting ice.

Walton League Will Explore U.S. Needs

CHICAGO (AP)—The Isaac Walton League's 37th annual convention in Philadelphia will probe the problem of meeting the nation's outdoor recreation needs.

Laurance S. Rockefeller, chairman of the Outdoor Recreation Resources Review Commission, is scheduled to make the keynote speech at the 5-day convention April 22.

Senate Group Against Lie Detector Tests

WASHINGTON (AP)—The Senate Rules Committee has voted against future use of lie detectors to check testimony of witnesses in Senate racket hearings, unless authorized by the Senate itself.

'Graveyard' Votes Cast in College Election

WINSTON-SALEM, N.C. (AP)—Some of the candidates in the student election at Wake Forest

College Tuesday had some strong support. But things were carried a little too far.

It developed in the vote count Wednesday that 37 more ballots were cast in the races for vice president and secretary than the total number of registered students. And votes were listed for 21 persons no longer in school.

The student elections committee decided there will have to be another election next week.

A new rubber life raft that can be inflated in 30 seconds and carry up to 10 passengers has been developed by a New York rubber company. The entire assembly folds into a compact carrying case when not in use.

Don't Confuse Emotional Binge With Love

By PHYLIS BATTELLE
NEW YORK—A man with the decidedly unsentimental name of Van Den Haag has stirred up a storm among the dewey-eyed of America lately, by stating that love and marriage are incompatible and should not be mentioned in the same sigh.

He contends that the proper basis for marriage is "liking and respect," as opposed to "love," and that couples in the heat of romance should forget the altar and just have fun—while it lasts.

As a woman who married the guy who brought out the most goose pimples in the moonlight, this idea at first distressed me.

But after giving the matter some profound thought, I decided he has a point.

It depends entirely on what a couple means by "love." Love has been described a number of ways: as an itchy feeling around the heart that you can't scratch; as a sensation of being confused by, and confusing, a representative of the opposite sex; as a feeling you feel when you feel you are going to feel a feeling you never felt before.

Now, all people who find love to be an itchy, confused foreboding—as above—had best follow Dr. Van Den Haag's advice, and live

through it in single blessed (or cursed) bliss.

What they are being consumed by is an emotional-martini jag which, upon awakening, will be followed by an enormous hangover. Suddenly, over post-honey-moon breakfast, their real Adonis may be a real dog.

On the other hand, if the lovers are mature enough to recognize, and define, their feelings as an expansion of their own self-respect and self-liking, they are ready for the rice and Niagara.

A person must genuinely love himself in order to genuinely love another person—and this

is why so many "romances" die with the orange blossoms. As Confucius should have said, he who kicks himself inevitably kicks Cupid.

Or, as another unromantically named professor—F. Alexander Magoun—once expounded: the true song of love is, "because I was born good, when I am my real self, I have a wonderful power to love and to be loved."

If you can respect my uniqueness and dignity, as I respect both mine and yours, we can love each other.

With this kind of mutual enlightenment, a couple heading into

June can disregard Dr. Van Den Haag's dire warnings and get hitched. And if they have goose-pimples, butterflies or lack of appetite, they needn't be disheartened either.

IS SEX NECESSARY?

Of course, there is too much analysis of love in America in recent years, according to our two favorite experts on passion as related to domesticity, E. B. White and James Thurber.

In their book titled, "Is Sex Necessary?" they point out that in no other civilized country is there so much emphasis on the "sacredness" of love as in Amer-

ica. In China, love is biology. In France, it's biology mixed with humor.

In America it is two-thirds psyche.

"The American," say White and Thurber, "would be lost without the psyche, lost and a little scared. As a result of all this there is more confusion about love in America than in all the other countries put together."

As soon as one gets the physical mixed up with the physical—a thing which is likely to happen quite easily in a composing room, but which should not happen anywhere else at all—one is almost certain to get appetite mixed up with worship.

"This is a whole lot like trying to play golf with a basketball, and is bound to lead to maladjustments."

Foresees Bottleneck in Nation's Colleges

ADRIAN (AP)—Michigan is moving toward an era when there will be more students than its colleges can handle, the Council of Michigan College Presidents has been told.

Dr. Irwin J. Lubbers, Hope College president, told the group the state and Michigan citizens should feel equal responsibility toward the problems of higher education.

The college presidents gave unanimous endorsement to the theory of a dual system of education in which the private colleges work hand in hand with public institutions of higher education. The council agreed that more

support must be found for public and private institutions alike.

Dr. Clarence B. Hilberry, president of Wayne State University, was elected council president. William E. Sturton, University of Michigan vice president, was elected secretary.

Named to the executive committee were Rt. Rev. Celsistia J. Steiner, University of Detroit president, and Weimer Hicks, president of Kalamazoo College.

Lourdes Grotto Filmed

LOURDES, France (AP)—American equipment was hauled into the Grotto of Lourdes Tuesday for the first scenes ever filmed inside the famed Roman Catholic shrine. The grotto was closed to pilgrims for two hours.

Tigers Finally Win so They End Trade Talks

Lary Is Winner of 7-1 Verdict in Short Game

Osborne Pounds Three Hits Plus Homer in Start at First

DETROIT (U)—A popular superstition is that a broken mirror brings seven years of bad luck. Feeling that the fortunes of the Detroit Tigers could get no lower, trainer Jack Homel deliberately smashed a mirror in the clubhouse just before Wednesday's game against Baltimore.

The Tigers went out and won the contest 7-1. The teams could play only five innings because of rain. The field was soaked after the fourth interruption.

Manager Bill Norman refused to pose for a picture with the mirror after the game. "I'm not superstitious," he growled. Nevertheless, it was decreed that the mirror shall not be moved from the spot where the trainer threw it—at least, not until things get bad again.

Norman was surly almost to the point of being antisocial after his team's second victory in 14 starts. He barked back when asked questions like "were the Tiger butters going for the first pitch?" and "did you order Al Kaline to steal third?" and "maybe this is the kind of victory the club needs to get rolling, eh Bill?"

"This is the story," Norman dictated. "We got the hitting and the pitching at the same time and we won a ball game. That's it."

And after the game, things were back to normal in the players' quarters. There was stinging in the showers and splashing in the whirlpool bath. The feeling was that now, at long last, perhaps the club is over the hump and headed for the things everyone said they were capable of in the first place.

"We all came alive at the same time," said Norman. "I was a little concerned in the fourth inning—I didn't want the rain to lick us."

More than anyone else, the man responsible for the Detroit victory was Larry Osborne, and as a reward he probably will be back at first base for at least a few more games. Norman benched Gail Harris and sent in Osborne, a 23-year-old rookie up from Charleston.

In the first inning, Osborne hit a tape-measure home run atop the roof of the third deck in right field. It followed a walk to lead-off batter Eddie Yost, and before the inning was over Kaline hit one into the lower left centerfield seats for a 3-0 lead against Arnie Portocarrero.

"That one of Osborne's—that was a Williams or Mantle shot," said Norman.

So Osborne will be back at first base today against Washington, when Paul Foytack pitches against the Senators' Bill Fischer, an ex-Tiger. For only the third time this season, there will be no lineup changes—and no batting order switches—when the Tigers take the field.

Winners have been hard to come by, and Norman is sticking with the one that won for him yesterday as long as he can.

Frank Lary went the five innings and though he yielded seven hits and hit one batter, he managed to avoid serious trouble.

Homers for Mantle, Bauer and Skowron

Yankees Love Those Chisox

By The Associated Press

What is it about the Chicago White Sox that peps up the New York Yankees?

There was for instance, that dreary, final-two-month slump the Yankees had last season before clinching the American League pennant. At one stage they had lost four of their last six games before playing Chicago, then took two of four from the White Sox. Later, they lost four of five, but then took two of three from the Sox. And just before locking up the flag they swept two from Chicago, after again losing four of six games.

The Yankees had their first run-in of the season with the

White Sox yesterday. They went into Comiskey Park below .500 after losing four in a row. Bob Turley, the Yanks' right-handed ace, had lost two straight. And the club hadn't been able to score twice in any of its last 31 innings.

So the Yankees rapped three home runs, scored twice in the first inning and beat the White Sox 2-2, although giving up nine hits.

That hoisted the Yankees to fifth with a .500 record and helped to hand the Cleveland Indians, whose game with Boston was rained out, a 1½-game lead. The Baltimore Orioles, who had won four in a row, remained tied with Chicago for second despite a 7-1 loss at De-

troit. Kansas City defeated Wash-

ington 7-6. Mickey Mantle, Hank Bauer and Bill Skowron homered for the Yankees, who had eight hits. Mantle's came with a man on in the first off loser Ray Moore (9-2).

The White Sox, hit by flu which sidelined manager Al Lopez and six players, left 11 men on base. Only Nellie Fox, who was 4-for-5, gave Turley any real trouble as he beat the White Sox for the fifth time in a row since 1956.

With or without the help of rain, Frank Lary (2-1), became the first complete game pitcher this season for the Tigers, who had lost six straight for the second time.

Lary gave up seven hits, but didn't

walk a man. Hector Lopez drove in four runs for the A's, singling home the winner in the ninth. He also hit a two-run homer. Joe Demaestri also homered for the A's, while Jim Lemon hit a home run for the Senators. Tom Gorman (1-0) won it in relief after the Nats chased Ralph Terry in a three-run ninth that tied it 6-all. Vito Valentini (0-2) was the loser in relief.

Ferrell Gives Up Efforts to Make Any Deal

Players Get Jittery So All Negotiations Are Dropped

DETROIT (U)—The Detroit Tigers rebuffed all around in their frantic efforts to trade, have given up trying to swing a deal for a slugger.

They've also made an obvious effort to calm down their jittery players who feared they might be traded.

"We've dropped all negotiations with other clubs," said general manager Dick Ferrell. "We'll try to snap out of it ourselves."

Many of the Detroit front liners had been mentioned last week in trade talks with Washington, Baltimore, Kansas City and New York. The Tigers made a concrete offer of \$100,000 and a top pitcher for the Senators' Roy Sievers. They also bartered for the Orioles' Gus Triandos and the Athletics' Bob Cerv was prominently mentioned in trade talk.

The Tigers, whose 7-1 victory over Baltimore yesterday, was only their second in 14 games, had become tense again.

Manager Bill Norman told his players in a clubhouse meeting yesterday not to worry about being traded.

"I told them all this trade talk they've been hearing is a bunch of rumors," Norman said. "It's nothing more than gossip."

"These fellows are professionals and professionals have to realize that sometimes they might get traded. It's just like a manager knowing he can't manage forever."

Ferrell said he hasn't conferred about a swap since last week.

"A trade isn't actually necessary," Ferrell said. "I think the improvement has to come from within, from the players we have now and I think it will."

Ferrell, however, spent considerable time chatting with Lee MacPhail, the Orioles' general manager, before yesterday's game. The Detroit general manager said no deal was discussed with MacPhail.

SPORTS

Work Ends for Patterson

Champ Will Be in Best Form, Says Manager

Floyd in Same Shape as He Was for Fight Against Moore

INDIANAPOLIS (U)—The "real" Floyd Patterson will be on display against British challenger Brian London in their heavyweight title fight Friday night.

That was almost the final word from the champion's camp today as Patterson went through his last light workouts for his fourth title defense.

"Floyd will be 100 per cent better than he was against Roy Harris—and he had better be," said Manager Gus D'Amato. "London is a tough fighter."

"This is going to be the Patterson you saw knock out Archie Moore," said trainer Dan Florio. "He's in about the same shape as he was for Archie. You're going to see the real Patterson against London. Not like the guy who fought Harris. He didn't have his zip then. Now he's fast and sharp and can do everything he wants to do."

Patterson flattened Moore in the fifth round Nov. 30, 1956, in a flawless performance. He was far off that form in stopping Harris, the Texan from Cut and Shoot, in the 12th round at Los Angeles last Aug. 18. That was Patterson's last fight.

The 24-year-old champion agreed he was in top shape and ready to go. But, as usual, Floyd declined to make any predictions.

"I feel real good," he said. "I'm anxious to get in there. But I respect my opponent. I hear he is strong, likes to bull his opponents and has a good right hand punch. I will be prepared for anything."

London didn't appear to be ruffled. The jut-jawed Briton is the most affable fellow in the area. Everywhere he talks about his \$60,000 purse his face glows.

He had a light workout yesterday and winds up his preparations with more gym work this afternoon.

"I've never been better," Brian of Blackpool said. "All I hope is that I have the perfect edge when I step into the ring tomorrow night. Then it will be a good show."

Boxing Writers Pick Patterson by Solid Vote

INDIANAPOLIS, Ind. (UPI)—Every boxing writer participating in a United Press International poll to pick the winner of the Floyd Patterson-Brian London heavyweight championship fight favors the defending titleholder, but London had surprising strength in the number of writers who picked him to last more than seven rounds.

Even the five British newspapermen among the 38 voting anticipated a triumph for Patterson. One of the British contingent, Tom Phillips of the London Daily Herald, expected the fight to go to a 15-round decision.

U.S. Official Predicts Tokyo Will Get Games

ANN ARBOR (UPI)—A U.S. Olympic official said today Tokyo is the leading contender for the 1964 Olympic games.

Doug Roby, vice president of the American Olympic Committee, predicted that Tokyo will get three votes to every two for Detroit when the issue is decided next month.

Detroit and Tokyo are the two strongest bidders for the games. Other contenders are Brussels and Vienna.

The International Olympic Committee will meet May 27 in Munich, Germany, to pick the location of the 1964 games. Roby is one of three American voting delegates.

Roby said Vienna and Brussels have only outside chances of getting the games.

He said that Detroit's chances will be hampered because several South American delegates will not be at the meeting.

"Right now, our hopes lie in the European vote," he said, because the Europeans don't want to make a long and expensive trip again like the one to Melbourne, Australia, for the 1956 games.

"Of course," Roby said, "I will definitely be voting for Detroit. I've been trying to get the games there for 20 years now and this is our biggest hope yet."

"Practically no influencing of the international committee is possible. From now on it all depends on the sales pitch of the respective bidders," he said.

"Practically no influencing of the international committee is possible. From now on it all depends on the sales pitch of the respective bidders," he said.

Prep Football Star Killed in Accident

CONNELLSVILLE, Pa. (AP)—An auto crashed into the rear of a stalled car being pushed by three youths last night and instantly killed one of them, a high school star football player.

John E. Eperus, 17, of nearby Leisnering No. 1, was crushed against the stalled car. A senior, he starred as a halfback for Dunbar Twp. High School last season.

Area Women Debut in WIBC

4 Teams Start Invasion Friday; Local Events at Rochester, Dixie

Women bowlers from the Pontiac invasion will begin a month-long invasion of the big WIBC tournament at Buffalo tomorrow while two local events are on tap here.

Four teams will get things started tomorrow, another will follow Saturday and two Sunday in the shot at national women's honors. Many of the team members will also roll in doubles and singles.

Talbot Barber Shop, Rouse Plastering, Griff's Grill and Huron Bowl will be the opening entries from Pontiac, Stroh's, A. N. Hickson and Ward's Furniture are to complete the weekend.

A Six-Ball Headpin contest is slated for Rochester lanes Friday through Sunday. Men and women can compete as often as they like in separate divisions. Top shooters will divide merchandise prizes. Action starts at Noon each day.

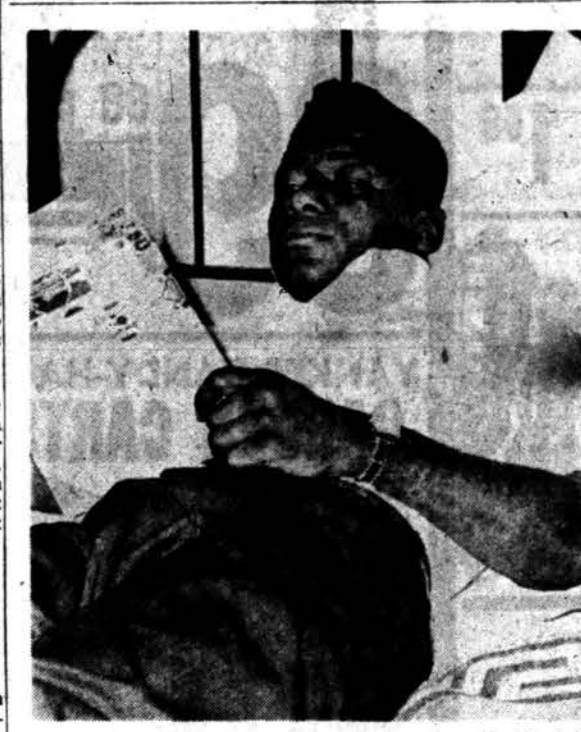

Meanwhile, the Dixie Doubles at Dixie Recreation will swing into another full weekend of activity.

Major Leagues Name Liaison Man Today

NEW YORK (AP)—The hiring of a major league representative to act as liaison man between the players and club owners will be announced today at a press conference.

The announcement will be made by Robin Roberts, star pitcher of the Philadelphia Phillies, and National League player representative.

The duties of the new players' representative will be confined to promotion, public relations and good will, as well as dealing between players and owners.

DAY TO LOAF — Heavyweight champion Floyd Patterson relaxes after having ended his heavy workouts yesterday at his training camp in Indianapolis. Patterson failed to show up for press and TV interviews yesterday. He meets Brian London tomorrow night.

From The PRESS BOX

The 6th annual football coaches clinic will be held at Michigan State May 14-16 with Ed Wernet of Grosse Pointe High and Vinco Carillot of East Lansing High as guest prep speakers.

Flat Rock Speedway opens its 7th season of auto racing Sunday afternoon.

First live telecast of a soccer game in Detroit will be made Sunday when two teams of Detroit's Major Division play an indoor game at State Fair Coliseum. Time is 3:00 p.m.

The Detroit Red Wings have scheduled three exhibition hockey games in the new 16,000 arena at Los Angeles next September against their Edmonton farm club of the Western Hockey League.

Michigan NAIA District will begin its sports playoffs May 26 at Battle Creek with baseball. The small college teams will meet in golf May 29 at Central Michigan and tennis the same day at Ferris Institute.

New York, Peoria, Louisville, Wichita, Denver and Seattle will be included on a six-stop tour to be made starting Nov.

Bahama Stops Moyer in West Coast Bout

PORTLAND, Ore. (AP)—Young Phil Moyer's attempt to parallel the spectacular rise of his younger brother, Denny, to national ring prominence through a nationally televised bout failed last night. The 21-year-old Portland welterweight was stopped by the steady left jab of the more experienced Yama Bahama, who won a unanimous decision in the 10-round battle before 1,361 fans.

National Open Draws Record Field

'M' Expects Half a Million Fans Next Season

Grid Ducat War Under Way

ANN ARBOR (AP)—The University of Michigan's athletic ticket director, Don Weir, feels that the Wolverine football team will draw half a million fans to six home games in 1959.

This should enable Michigan to win handily the battle of prestige over arch-rivals Michigan State and Ohio State, both of whom play at Michigan this fall.

So bitter is the attendance battle that all three schools now will count everyone inside the stadium—ticket takers, ushers,

boy scouts, bands, news-radio-TV personnel and washroom attendants—just to show that "my attendance is bigger than yours."

Next month Weir's staff will mail 110,000 football ticket announcements. Michigan probably will sell 30,000 season tickets, with one Detroit firm already down for its annual allotment of 528 season books. There are many purchases of season books over the 200 and 250 marks, says Weir.

A favorite practice of many

firms is to have meetings on Thursday and Friday and wind up the session with a football party.

"We like the large groups," said Weir. "Naturally it's a guarantee of money when people buy season tickets, but also it keeps people off the highway when we have large delegations of fans in buses and trains. Everyone wants tickets to the State and Ohio games, of course, but the season book purchase guarantees a pretty good crowd at some of the lesser games, too."

There is a great difference in the number of tickets sold by visiting teams. Schools like Northwestern, Indiana, Illinois and Purdue may dispose of 2,000. Iowa will move about 3,000. Army and Notre Dame, with many people Weir calls "pseudo-alumni," may sell as many as 10,000 to 12,000.

Ohio State and Michigan State, on the other hand, will require from 20,000 to 25,000 tickets. As many as 14 to 16 special trains are on the siding near Michigan Stadium for an Ohio State-Michigan game. Bus trips have become so popular at Michigan that the university has set aside a special lot not too far from the stadium for parking the big vehicles.

Students and faculty got first crack at the tickets on June 1. On June 15 the general public gets its chance. The Michigan State tickets will be gone in two or three days, the Ohio tickets in 10 days to two weeks.

Unlike many of his colleagues,

Weir has few complaints about bad seats at Michigan Stadium.

Out of 101,001 available seats, less than 1,000 could be called poor seats with poor views. There are no post seats in the huge bowl. "People sometimes gripe because they can't get sideline seats," said Weir, "but they forget that despite our plus-100,000 seats, only 30,000 of them are between the goal lines."

Optioned Player Wants No Part of Minor Loops

CHICAGO (UPI)—Outfielder Gordon Windhorn of the New York Yankees today wanted no part of Minor League baseball, even if it meant giving up the game.

Windhorn, who gained a try-out with the Yankees this season, was optioned yesterday to Richmond of the International League. But the 26-year-old ballplayer immediately threatened to quit baseball.

"I don't see any sense of going back to the minors now," he said. "I'm certainly not going to improve. There's just no point to it."

Milwaukee also dropped a rookie yesterday. Pitcher Gerry Nelson was assigned to Sacramento. The Phillies may be making a change or two soon. General manager John Quinn says he wants to land a southpaw hurler with Curt Simmons out after an elbow operation.

10 Past Champs Among Largest List of Entries

Total of 2,400 Entered With Double Qualifying for First Time

NEW YORK (AP)—A record 2,400 golfers, including ten past champions, have entered the National Open championship, scheduled June 11-13 at the Winged Foot Golf Club in Mamaroneck, N. Y.

But only one out of 16 will be able to tee off in the event proper after two preliminary qualifying tests.

Making the announcement Wednesday, Joe Dey, executive director of the U.S. Golf Assn., said entries for the blue ribbon tournament have risen 25 per cent in the last two years.

Last year the list numbered 2,132. The 1959 entry exceeds this by 268.

Double qualifying tests, all over 36 holes, will be held for the first time, replacing the usual single set of playoffs.

The first eliminations, on a local plane, are scheduled at 60 centers—59 of them on May 15 and the other at Chicago May 19. The sectional tests, 13 in all, are slated June 1.

In the first playoffs, a total of 2,331 players will shoot for 427 places. In the second, 476 for 130 berths. Forty-nine are exempt from the opening tests, twenty are exempt all the way. The starting field will number 150.

The prize money will amount to \$40,000, with the winner collecting \$10,000.

Seven former champions are among the 20 players exempt all the way. They are Tommy Bolt, the current champion; Dick Mayer, Cary Middlecoff, Jack Fleck, Ed Furgol, Julius Boros and Ben Hogan. This exempt list also includes Peter Thomson of Australia the British Open champion; Dow Finsterwald, the PGA king. National Amateur champion Charlie Coe and South Africa's Gary Player, runner-up to Bolt in the open last year at Tulsa.

Three former champions—Gene Sarazen, Lew Worsham and Tony Manero—will have to qualify sectionally. Others who must win places in the field in sectional tests include Sam Snead, Masters champion Art Wall and former Masters champion Arnold Palmer. Jimmy Demaret must qualify both locally and sectionally.

Lake Orion's Drake Leads Dale Trackmen

OLIVET—Jim Drake of Lake Orion won four events, placed second in a fifth and ran anchor on the winning mile relay team in leading Hillsdale to a track meet victory over Olivet yesterday 69 2/3-57 1/3.

Drake won the 100 and 220-yard dashes, broad jump and pole vault. He placed second in the high jump.

Hogan Fires 63 in Tuneup

'Hawk' Haunts Colonial

FORT WORTH, Tex. (AP)—The shadow of the Hawks hangs over a field of 48 that started out in the \$27,300 72-hole Colonial National Invitation golf tournament today.

It is Ben Hogan, a fellow who used to haunt them all when in his prime and capable now of throwing a scare into the best. He did just that yesterday when he shot a 7-under-par 63 over the rugged 7,011-yard Colonial Country Club course.

While it was a "shadow boxing" tuneup round, still it was the lowest score ever posted at Colonial and was two strokes under the competitive course record 66.

Hogan shot in 1946 in winning the first tournament. He took three more Colonial titles, the last in 1953.

Mike Souchak of Grossinger, N.Y., Arnold Palmer of Ligonier, Pa.; Jack Burke of Klamath Lake, N.Y., and Cary Middlecoff of Hollywood Beach, Fla., were favored in the odds 7 to 1 to take first money of \$5,000. Hogan, the Fort Worth Golf Club manufacturer; Gene Littler of Singing Hills, Calif., and Ken Venturi of Palo Alto, Calif., were 10 to 1.

East vs West in Derby Field

Clay Wins 36th Straight Fight to Make Finals

MADISON, Wis. (AP)—Cassius Clay, national lightweight champion, won his 36th straight fight Wednesday night, beating James Jackson of Baltimore to reach the finals in the Pan-American boxing trials.

Eight knockouts or technical knockouts were seen in the 19-bout semifinal card. Finals will be held Thursday.

Winners by knockouts or technical knockouts included Vince Shomo of New York; James Jones of Gary, Ind.; Richard Gilford of Youngstown, Ohio; Dean Harrison of Aberdeen, Wash.; Wilbert McClure of Toledo; Amos Johnson of Stockton, Calif.; Petros Spanakos, New York; and Allen Hudson of Glen Cove, N. Y.

AP Wirephoto

PRAISE FOR OPEN VIEW — Trainer Ray Metcalfe has a few words of praise and encouragement for Open View the first horse he will be starting in the Kentucky Derby. Open View won one of the stakes of the Derby Trials Tuesday. Entries are being dropped in the box today.

PNH 3rd in Quadrangular

Wolves, Troy Track Victors

Clarkston and Troy were track winners while Pontiac Northern finished 3rd in a quadrangular as the thinclads braved heavy rains and muddy courses yesterday.

Bill Powell won the 100 and 220 while piling up 14-one-third points to pace Clarkston to a 50-50 verdict at home against Brighton. Bob Porritt added 7½ digits to the Wolves' cause. Don Appleton had 9 for Brighton.

It was Clarkston's 2nd straight dual triumph. Two other outings resulted in 2nd places in triangulars.

Troy whipped Avondale 65-43. Clawson upset Lake Orion 63-46 and Oak Park downed Madison 65-43 in a night trip at Fitzgerald.

Nine lets, two of them by speedy Paul DePaauw, sparked the Colts. Jim Greenlee led a listless Avon team with 13 points — high for the meet.

Balance paid off for Clawson with a sweep of the shot put a key factor. Freshman Bob Burnett won it with a 45-1 heave as all three bettered 40 feet. Orion was again without ineligible dash man Lee Shoop.

PNH took part in an afternoon-evening affair at Grand Blanc with the host school taking the honors with 54 points. Flint Mandeville was runnerup with 47½. The Huskies scored 41½ and Clio 40 in a close battle.

Mike Montgomery won the 880 in 2:15.9 while teammates Mike Fedynik and Jan Lawrence shared first in the pole vault to lead Northern. The pole vault height was 9 feet, 6 inches. Steve Toth, another Husky, was 2nd. Fedynik also placed in the high jump.

Bob Hocking was runnerup in the broad jump and Lawrence added a 2nd in the high hurdles to help in the PNH scoring. Ed Murray was 2nd in the mile. Bob Merwin had a 2nd and 3rd in the dashes.

Armada and Roland Lashbrook added another baseball triumph. A

Entries Slated to Be Entered Today for Race

17 Horses Expected to Start in Classic Saturday

LOUISVILLE, Ky. (AP) — The 85th running of the Kentucky Derby at historic Churchill Downs Saturday has developed a strong East-West atmosphere with a pert filly adding the romantic touch.

Four colts from the East look like possible winners in the mile-and-a-quarter classic. The West has four invaders likely to start with high ratings.

Silver Spoon, C. V. Whitney's eye-catching filly, may become the sentimental favorite — if not the top betting choice.

The East challenges with Christopher T. Cheney's First Landing, undisputed 2-year-old champ last year. The West replies with Tony Lee, a British-bred colt owned by Texan Fred Turner Jr. Sword Dancer, Our Dad and Easy Spur are the other Eastern hopefuls rated a good chance.

Finnegan, California Derby winner, and Royal Orbit, third in that race, showed they are Kentucky Derby contenders in the Derby Trial here this week.

Silver Spoon also is a Westerner, but bettors are likely to overlook that and recall only one filly in history has won.

And Silver Spoon is owned by the son of John Payne Whitney — the man who brought Regret here in 1915 to become the first filly to win a Kentucky Derby.

Adding emphasis to the East-West conflict is Calumet Farm's absence. The famed farm in Kentucky's bluegrass copped the past two Kentucky Derbys with Iron Liege and Tim Tam.

But trainer Jimmy Jones pulled On-And-On out of the race yesterday, saying the colt is not ready.

The race remains wide open. Seventeen names are slated to be dropped into the entry box today. Should all 17 start, the race would be worth \$183,500—\$119,400 of it net to the winner.

Voted City's Best Cager

MVP Award Goes to Keller

John Keller, the lanky sharp-shooter whose all-around play carried the Knights of Columbus to the city Class A basketball championship, will be Keller's reward for the accomplishment.

JOHN KELLER

Keller averaged nearly 18 points per game for the Knights and was a tower of strength defensively. The 6-foot-2 forward also performed well on both backboards.

The K. of C. quintet rose from the lower half of the final regular season standings to win the "A" playoffs and reach the semifinals of the state MRA tournament and Keller was the leading contributor to the surge.

Keller starred as a prep cager at St. Michael and received all-county honors in 1956. It is the 2nd straight year that the city MVP award has gone to a K. of C. player. Hal Trott, Bloomfield Hills basketball coach, won the Press trophy last year.

City League coaches, in conjunction with the Pontiac Parks and Recreation Department, select the MVP winner annually on the basis of all-around court performance and sportsmanlike conduct.

Athletes Allegedly Paid Too Much Cincinnati May Defy NCAA Probation Rule

NEW ORLEANS (AP)—The National Collegiate Athletic Assn.'s advisory council watched the University of Cincinnati today to see what action it plans to comply with an indefinite probation sentence.

The NCAA's 18-man council slapped the penalty on Cincinnati yesterday for the school's 53-year-old cooperative education plan.

There were indications from the school last night that it might defy the ruling.

Dr. Walter C. Langsam, president of Cincinnati, said school officials feel they have done nothing wrong and the ruling "does not mean we are going to give up the co-op system for the sake of the NCAA."

He called the ruling outright discrimination against the cooperative system.

The NCAA decided grants-in-aid to 13 football and basketball players, plus their on-the-job salaries under the co-op plan put them over the NCAA-allowed limit on financial help.

Under the co-op program, students attend classes for seven weeks and then work at paying jobs for seven weeks.

Walter Byers, executive director of the NCAA, said the Cincinnati probation will not keep its athletic teams out of post-season events or NCAA championships.

All-America Oscar Robertson, the nation's leading basketball scorer last season, was not involved, Byers said.

The council also put Gustavus Adolphus College of St. Peter, Minn., on one-year probation for playing in a non-certified post-season football game last year.

The game matched Gustavus-Adolphus against Arizona (Flagstaff) State. It was to determine the teams for the Holiday Bowl at St. Petersburg, Fla. Neither the Adolphus-Arizona State game nor the Holiday Bowl was certified by the NCAA.

Under terms of the probation, Adolphus' football team is ineligible for one year for post-season games. The college's other teams are not affected.

Due in Washington Monday

Churchill Visit Remains Uncertain

By MERRIMAN SMITH
UPI White House Reporter
WASHINGTON — Backstairs at the White House:

It still remains somewhat touch-and-go whether Sir Winston Churchill will go through with his plans and fly here next Monday for a three-day visit with President Eisenhower.

The former British prime minister and World War II associate of the President is 55 years old and traces of winter illnesses continue to nag him.

Eisenhower is hopeful that Churchill can make the trip and plans are going forward for entertaining him.

The President's personal staff has been going over lists of Churchill's friends in this country and, particularly, some of the men with whom he was closely united in the conduct of World War II.

Sees New Era for Great Lakes

Earth's Busiest Waters In for Shipping Boom as Seaway Opens

WASHINGTON — On a map of North America, the most eye-catching feature is a chain of broad blue splashes representing the Great Lakes—Ontario, Erie, Huron, Michigan and Superior.

Sprawled across a rich inland domain, the lake system contains the world's largest accumulation of fresh water. It covers 95,000 square miles, equal to the combined area of Belgium, the Netherlands, and Luxembourg—plus four Denmark.

Melting ice has again unlocked the Great Lakes to trade and traffic, and the opening of the St. Lawrence Seaway downstream is expected to touch off a regional boom.

New locks and deeper channels are taking the first big seagoing ships into America's heartland. New power supplies will speed development in both the United States and Canada.

In a recent National Geographic Magazine, Nathaniel T. Kenney of the senior editorial staff reports on a recent survey of "the busiest ship-crossed waters on earth." His article, "New Era on the Great Lakes," describes man-made and natural wonders along the newly acquired "seacoast."

Kenney's first major stop was at Michigan's Straits of Mackinac, between Lakes Michigan and Huron. There a miracle of modern construction has raised the giant Mackinac Bridge.

"Mighty Mac"—five miles long with its approaches—connects the divided Michigan peninsulas. Opened to traffic in November 1957, it can carry 6,000 cars an hour. Confounding the doubters, it has withstood the strongest winds and thickest ice jams.

TIGHTROPES CABLE

To make one of the article's most spectacular pictures, photographer Willis D. Vaughn tightroped a thick suspension cable to a 552-foot bridge tower. On his way up, he encountered two painters working in rusts so strong that paint was blown from their buckets.

Traveling through "Lakeland," the author watched slab-sided lakers load and unload endless cargoes of iron ore, grain and coal.

At Gary, Ind., he saw a bulk carrier discharge limestone from northern Michigan, then head routinely back for another pickup. Later he learned she was the Carl D. Bradley and had broken up in a Lake Michigan storm, losing all but two members of her 35-man crew. The pleasant lakes can also be cruel.

The article describes Lakeland's resort playgrounds and wildlife preserves, its fiery steel mills, automobile factories, and the expanding facilities of big and smaller ports whose businessmen anticipate burgeoning opportunities.

Though the pattern of seaway traffic has not yet been established, and nobody knows for certain which lake cities will become great seaway ports, current statistics hint that there is plenty of business for all.

Dead trees are known to West Coast loggers as "snags" or "widow-makers." French-Canadian woodsmen call this hazard "la chute de chiots," literally, "the fall of dead trees."

of evening affairs at the White House Monday, Tuesday and Wednesday — probably one big dinner and two smaller ones.

Sir Winston on Thursday would move from the White House to the British embassy where a big dinner is being planned.

If the British visitor has any desire to see another old friend, former President Harry S. Truman, it would seem more likely that a reunion would take place at the embassy rather than at the White House.

There'll Be Jokes to Aid the Party on Harry's 75th

WASHINGTON (AP) — Harry Truman will get a bulging bundle of laughs on his 75th birthday.

Jack Benny will tell about the time he played violin with the Kansas City Philharmonic Orchestra and the former President conducted.

Jimmy Durante will give his interpretation of some of Truman's favorite music.

Danny Kaye and Mort Sahl also will add their wit to a 90-minute closed circuit television program May 8 in celebration of Truman's birthday. Much of the program will originate at a \$100-a-plate Democratic dinner which Truman will attend at the Waldorf-Astoria Hotel in New York.

The program dramatizing highlights of Truman's life will be received at Democratic gatherings in key cities around the country.

The Democratic National Committee said former Secretary of State Dean Acheson and other Democratic leaders will also appear on the program.

A check at the White House earlier this week produced no evidence that Eisenhower was planning to include Truman among those being invited to the executive mansion.

Of necessity, the White House invitations must be relatively last-minute documents because of the ever-present possibility that Sir Winston might cancel or postpone the trip.

It therefore is possible that the former president, scheduled to be here most of next week to celebrate his 75th birthday, might get a White House invitation.

But those familiar with the still chilly relations between Eisenhower and Truman doubt if one will be issued.

There has been some obviously unfounded speculation that Churchill, with his love of the dramatic, might seize upon the opportunity of a Washington visit to bring Eisenhower and Truman together.

Possible, yes. Probable, no.

In the first place, Churchill knows from his own experience just how mortal political enemies can be.

There also is the blunt truth that an Eisenhower-Truman reconciliation after more than six years would overshadow Churchill's visit — and the former Prime Minister would not like that.

Jumps Gun on County Supervisors

Wixom Fights Valuation

The city of Wixom has jumped the gun and appealed its 1959 equalized valuation while Oakland County supervisors were studying one of the smallest countywide property valuation increases in the last six years.

For tax purposes, the total value of all property in Oakland County this year has been estimated at \$1,822,915,328.

Although this is a \$14,245,728 increase over the 1958 countywide valuation of \$1,808,669,600, it is far below the \$37,966,800 increase between 1957 and 1958.

County equalization officials, who report that the 1958 to 1959 increase is one of the smallest in six years, say it is a result of poor business conditions, lack of new building, and depreciation of old buildings.

The infant city of Wixom this week prematurely filed an appeal of its first equalized valuation as approved by the Equalization Committee of the Board of Supervisors. Mayor Joseph T. Stadnik admitted the appeal was somewhat premature, but said it stands as an "insurance policy" to a second one which he said the city will file with the Michigan State Tax Commission after the county valuations are approved by the Board of Supervisors Monday.

He said the first one was filed because he was misled as to the deadline for filing the appeal.

Wixom's complaint, Stadnik said, is that its equalized valuation has been made too high by too large an increase in its 1959 equalizing factor.

Stadnik also said assessing of the Lincoln-Mercury plant in Wixom is "partially" the reason for the appeal. He said he reserved

further comment until he issues a statement tomorrow.

The committee set the new city's valuation at \$18,982,952.

Supervisors today received copies of the committee's equalization report which reflects substantial decreases in growth in different communities. It also shows some large increases for growing new cities like Southfield.

However, Pontiac's equalized valuation dipped from \$335,045,188 last year to \$319,580,931.

Of Oakland's 25 townships, 12 showed decreases in valuations between the two years, while 13 had increases.

Total equalized valuation for all townships is \$754,727,887, or 31.5 per cent of the total worth of Oakland County.

Twenty-two Oakland cities, which had a total valuation of \$1,248,387,441, or 68.5 per cent of the county total, showed decreased valuations for 12, increases for 8, and no comparison possible for Wixom and Southfield as they are new cities.

In size of property valuation, the top six cities in the county are: Pontiac \$319,580,931; Royal Oak \$186,277,573; Southfield \$121,903,127; Oak Park \$97,251,320; Ferndale \$87,843,096; and Birmingham \$86,275,885.

Besides Pontiac, Oak Park, Ferndale and Birmingham experienced a lowering of property valuations since last year. Royal Oak's climbed only slightly.

With Southfield sprouting from the township as a new city during the last year, it left little Southfield Township with a whopping drop in valuation. The township went from \$155,526,003

— for the largest township in property value last year — to \$40,991,247 this year.

Bloomfield Township represents the largest township in Oakland County as far as property values are concerned. The committee has set a tentative valuation of \$106,283,356 for Bloomfield. This is a \$9,421,404 boost over its 1958 valuation, due mostly to more homes being built.

Other large township valuations are: Waterford \$84,966,506; Farmington \$58,128,832; West Bloomfield \$45,995,781; Avon \$45,735,255; Southfield \$40,991,247; Commerce \$30,608,774; Independence \$19,866,047; and Orion \$19,259,010.

Next in line in size is Novi Township which saw its valuation trimmed from \$29,416,385 last year to \$16,946,682.

Equalization valuations are arrived at by multiplying an equalizing factor against assessed value of the property, both real and personal.

Purpose of using the equalizing factor, according to William B. Grabendick, director of the Equalization Dept., is to provide a uniform taxation on all property.

Grabendick emphasized that all valuations contained in the committee's report released yesterday were subject to final approval by the supervisors Monday and later by how the state adjusts the figure.

With Southfield sprouting from the township as a new city during the last year, it left little Southfield Township with a whopping drop in valuation. The township went from \$155,526,003

— for the largest township in property value last year — to \$40,991,247 this year.

May Open Way to Sewer Bonds

The State Senate last night approved without dissent an amendment which Oakland County officials hope will make possible the sale of bonds to finance the Farmington and Evergreen sanitary sewer systems.

Sen. L. Harvey Lodge (R-Oakland County) said the amendment is now before the House of Representatives where Oakland's six legislators will try to guide it through to passage.

It was introduced in the Senate by Lodge after the State Supreme Court twice refused to alter its 4-4 split decision which has stymied the two \$12,667,000 Department of Public Works projects.

The amendment to the 1957 DPW Act is to assure four dissenting justices that areas which enter into contract with the county will not have to exceed the 15-mill constitutional taxing limitation to pay their share of the project.

County legal officials say it also is aimed at making general obligation bonds salable.

Both projects have now been sidetracked awaiting passage of the DPW amendment.

Plan Family Breakfast

NEW HUDSON — The WSCS of New Hudson Methodist Church is sponsoring a family breakfast, starting at 9:30 a.m. Friday in the church hall. Hawaii will provide the theme for special music and pictures to be shown.

May's Futures in Wheat Break

CHICAGO (AP)—The May wheat future broke sharply today on broad liquidation in early dealings on the board of trade while other grains and soybeans generally were steady to slightly easier.

At one time within the first few minutes May wheat was down two cents a bushel within three cents of the season's low price.

The selling was on the belief that offers to deliver on May commitments would be heavy, probably with tenders running as large as three million bushels or more in first notices to-day.

There were no commercial influences of sufficient importance to affect prices otherwise.

After about an hour wheat was 1/4 to 1/2 cents a bushel lower May \$1.92 1/2; corn 1/4 higher to 1/2 lower May \$1.24 1/2; oats 1/4 to 1/2 lower May \$1.39 1/2; soybeans 1/4 to 1/2 lower May \$2.27 1/2.
