Ready for Campaign

AP Wirephoto

FRIENDLY ENEMIES — Democratic National Chairman Paul Butler, left, and GOP National Chairman Leonard Hall shake hands in Washington after signing a pledge to fight a fair campaign in the forthcoming national election. There's no doubt both will come out fighting at the opening bell. In rear is Charles P. Taft, head of the Fair Campaign Practices Committee. The major party leaders agreed to abide by the basic principles of decency, honesty and fair play.

Rainfall Nearly Tripled Over May, 1955 Figure

Pontiac Area 'Monsoon' Continues

Pass the hammer, brother!

Line those animals up two by two.

Another day of rain, and Oakland County's first Ark will be under construction.

County merchants are stocking up on aqua lungs and water wings as residents splash through what may be a record amount of rain and record number of rainy days in the county.

All the county's 400 lakes are at high levels, and many are ready to roll over their banks, because the heavens have unleashed for the first half of this month, nearly three times as much rain as fell during May 1955.

County farmers have been twiddling their thumbs, waiting to plant spring crops. Lyle Abel, county agriculture agent, reports farmers "three weeks behind in planting, in the worst spring the farmers have ever experienced."

"Water cress is the only crop that's going to thrive this spring," farmers are bitterly exclaiming.

Lawns, however aren't doing too badly by this soggiest, dampest spring in years. (If yours hasn't been saturated to swimming pool level by this time.)

So far this month 6.12 inches of rain have been dumped on Pontiac in 13 days of rain. During May, 1955 2.30 inches fell.

Last month residents took to umbrellas and slickers for 12 days dodging 4.96 inches of rain compared to 1.29 that poured down last year during April.

Residents of the Cass Lake area have watched the lake reach a level of more than 18 inches above what was recorded last year.

Union and Tipsico Lakes are eight and six inches respectively above the level registered last year, according to Don Ringler, chief engineer for the Oakland County Drain Commission.

Pontiac Lake might be a suitable Ark launching spot, as it too is slightly higher. But Ringler said the accurate height level is unattainable as two flood gates have been kept opened constantly to relieve excess water.

And all the while we are being drenched with this record rainfall, the price of frogs in Calcutta has soared because the (GET THIS) rainy season is late this year! And many county residents are fishing these creatures out of their flooded basements and giving them a free heave-ho.

This unmerciful amount of aqua is playing havoc with many a weekend golfer and baseball enthusiast. Courses have been flooded out in many areas and game after game of baseball has been postponed because of wet grounds.

Many species of fish have strayed miles from home only to be discovered on golf courses and front lawns.

And just wait another month or so when this rain stops, if it ever does, people will soon be asking for more. It never fails.

Hand me the saw, brother.

City Approves Route of Turnpike

A Question of Honor, Panther

Gator Scoffs, Seeks Mortal Combat With Elusive Bully

(The Pontiac Press is in receipt of the following startling communication from Al A. Gator, recent resident of Lower Long Lake, to Blackie Panther, late of the Leonard area. It is being published as a public service to the wildlife of Oakland County, and as a convenience to the U. S. Post Office Department, which might have a difficult time locating the permanent address of Blackie.)

• • •

To Blackie Panther
Leonard Swamp Area

Dear Blackie — This is to inform you that your recent appearances have not scared me at all. These cleverly planted calf corpses and other carrion, allegedly evidence of your existence, do not fill me with apprehension.

• • •

Nary a single goose bump bumps on my leathery hide.

I think your character has been well established — you're the kind who would menace a schoolbus full of children.

Your title of "Wild, Vicious, Uncaptured Beast of Oakland County" is hereby challenged.

Just because you have been reported roaming the entire northern section of the county, don't assume you are the undisputed Beast of Oakland County.

I lay claim to the 400 lakes of the county, and also the lower half of the area. However, to settle all territorial claims and disputed reigns, I challenge you to a duel.

• • •

Winner take all of Oakland County, with full rights and privileges of terrorizing its 500,000 residents at will. You name the weapons for an encounter of honor, at Wisner Stadium or the darkest swamp, if you prefer the latter.

Awaiting your reply.

Al A. Gator
Lower Long Lake

Charge Soldier in Papers Theft

FBI Arrests 3 Civilians Involved in Conspiracy Case With Airman

NEWARK, N. J. (INS)—An Air Force sergeant and three New Jersey businessmen have been charged in the theft of a secret government document from the Brooklyn Army Terminal.

FBI agents in New York and New Jersey arrested the men late yesterday but declined to discuss the nature of the case.

They reported, however, that the document had been returned and that no violation of the espionage laws were involved.

The suspects, arraigned in New Jersey last night and released on bail ranging from $500 to $5,000, were:

Staff Sgt. Harold E. Brill, 28, stationed at the Brooklyn military installation and accused of actually stealing the "classified" document.

Byrnat Ernest Schreiber, 43, of Millburn, N. J., operator of a Linden, N. J., photo service.

Sidney M. Stern, 39, and Seymour S. Hindman, also 39, partners in an East Orange, N. J., uniform and emblem factory.

The three civilians, charged with conspiring to remove the document, were required to post $5,000 bond each.

U. S. Commissioner Theodore Kiscaras set the sergeant's bail at $500 and indicated the airman had cooperated with the FBI.

The FBI statement, the size of the bail and the occupation of the individuals involved led to speculation that the paper might have been wanted for competitive business reasons.

New Auditor

FRANK SZYMANSKI

Ex-Football Star Named for Post

Szymanski Tapped for Auditor General's Job Held by Targonski

LANSING (AP)—In a shift as fast as any football play, Gov. Williams has called in Szymanski for Targonski.

Frank S. Szymnaski, former Notre Dame and pro football star from Detroit, was named by the governor late Thursday to fill out the unexpired term of Aud. Gen. Victor Targonski.

Targonski was appointed by Williams to the Wayne County Circuit Court to fill the unexpired term of George Edwards, elevated to the state Supreme Court.

The auditor general's post pays $12,500 a year and the Wayne bench position $24,500 a year.

Szymanski's appointment means he in all probability will run as the Democratic candidate for auditor general on the governor's ticket this year.

Targonski will submit himself to the voters as a candidate for Edwards' unexpired term, ending Dec. 31, 1959.

Szymanski, 33, has been a liquor control commission hearings examiner for the past five years. He also has a private law practice and is a vice president of the F. H. Midway Construction Co., and the St. Lawrence Insurance Co.

Szymanski attended Notre Dame and interrupted his college career in 1943 to enlist as a naval flyer.

He returned to Notre Dame and football in 1945 and was captain of the East team in the East-West football game that year.

Szymanski played pro football for the Detroit Lions in 1946, the Philadelphia Eagles in 1948 and the Chicago Bears in 1949. He attended law school nights at the University of Detroit while playing football and received his degree in 1951 and was admitted to the bar in 1952.

City to Toast Services in Armed Forces Parade

Some 34 marching units including 200 men and women and 44 vehicles are expected to take part in the Armed Forces Day parade in Pontiac tomorrow—officially proclaimed "Armed Forces Day in Pontiac."

The parade will step off at 9:30 a.m. and march north on Saginaw from Whittemore and turn left on Oakland, stopping at Sanderson.

Pontiac police will block off the area of march beginning at 9:15 and lift the detours at the conclusion of the parade.

The parade is part of a national celebration of "Armed Forces Week" May 14-20 symbolizing "Power For Peace" throughout the country.

Leading off the 30-minute march will be a color guard made up of representatives of all the armed services. Following the guard will be a jeep with Mayor William W. Donaldson. Later the mayor and rest of the City Commission will review the parade from a stand at the Courthouse steps.

After the parade the public will view a static military demonstration set up west of the County Health Building on West Huron at Wayne.

The display will include a "Nike" guided missile, M47 and M4 army anks mounting 90 MM. and 75 mm. weapons, a National Guard ordinance van, and four recruiting service booths.

Open houses will also be held at the Army Reserve Training Center, 37 W. Lawrence St., Navy Reserve Office, 469 S. East Blvd. and the National Guard Armory, 57 Water St.

Major Edgar W. Grotehueschen, publicity director of the parade, said no fly-overs by Selfridge Air Force jets were available because of a show at the base.

Music from the Pontiac and Waterford High School bands will provide the cadence for the marchers.

Providing the greatest number of military vehicles will be Company M, 125th Infantry Regiment, and the 107th Ordinance Co., both of the Michigan National Guard.

Following the Pontiac musicians will be a battery of men from the

Use of Machines Growing

3,128,444 Voters Listed in State's First Count

By ROGER LANE

LANSING (AP)—Michigan today got the first official count in its history on the number of the state's registered voters. The figure is 3,128,442. The state has 5,175 precincts, or 392 more than two years ago.

As the result of an upsurge in the popularity of voting machines, 2,598 precincts—just over one half—will use automatic voting in this year's Aug. 7 primary and Nov. 6 general election.

Oakland County, with 237,008 registered voters, will have voting machines in 233 of its 249 precincts for the August primary. Pontiac city precincts will be machine-equipped for the first time.

The statistics were gathered by the elections bureau. State election officials believe the registration count, made as of April 9, is little changed from November, 1954 when 2,187,027 ballots were cast for governor.

Arraign Thirteen on Dope Counts

Bonds of $10,000 Each Set on Alleged Members of Narcotics Ring

Thirteen persons charged in an alleged drug conspiracy in Pontiac's southwest area were returned to Oakland County Jail yesterday under bonds of $10,000 each, set at the request of Chief Assistant Prosecutor George F. Taylor.

Pontiac Municipal Judge Maurice E. Finnegan arraigned the group and scheduled a requested examination for 9:30 a.m. May 23. The 13 are charged with conspiracy to violate state narcotics laws.

Two more men out of the total of 22 persons named in the conspiracy, alleged to have existed at least since Sept. 1, 1955, were arrested shortly after noon yesterday at their homes.

Melvin Hatchett, 20, of 180 Wessen St., and Henry Thomas (alias Henry T. Banks), 25, of 85 Gillespie St., were arraigned along with the 11 others who had been held in jail this week for investigation.

The high bonds were sought, Taylor said, "because this is a highly unusual case and we are proceeding with caution."

have the bonds reduced.

Nine persons named in warrants signed yesterday by Finnegan are still at large. The warrants list Det. Herbert Cooley of the Vice Squad as the complainant.

The arrests came as a result of an eight months investigation by Vice Squad detectives, authorities said.

Toll Road Head Gets Resolution of Commission

Municipality Becomes First Along Highway to Give OK

Pontiac's Mayor William W. Donaldson this morning presented Michigan Turnpike Authority Chairman George Higgins a copy of the resolution passed at Tuesday's City Commission meeting formally approving the proposed location of the Rockwood-to-Saginaw toll road inside the city limits.

Pontiac is the first city on the proposed turnpike route to pass such a resolution, Higgins said today.

With MTA approval of one change suggested by commissioners and engineering studies of another now in process, the turnpike route now seems definite as it pertains to Pontiac city limits.

Crossing Woodward Avenue on an easterly run south of Square Lake Road, the toll road is planned to parallel Square Lake Road and turn northeast of Opdyke Road.

Running parallel to Opdyke Road to a point north of Featherstone Road, the turnpike will swing west to enter the city limits.

At this point, the approved city recommendation resulted in a northward shift to avoid the new Harrington Hills subdivision.

Continuing northwest, the road will cross Mt. Clemens Street, North Perry Street and Walton Boulevard on its way to the northern city limits.

An interchange was planned at North Perry Street, but a commission recommendation that its location be shifted to Walton Boulevard now is being studied by turnpike engineers.

"In places where the road affected the city of Pontiac, the Turnpike Authority has been very cooperative in trying to relocate the route so it wouldn't disturb us more than was absolutely necessary," Mayor Donaldson said today.

Meanwhile, in Allen Park, MTA authorities have proposed to relocate the route west and north of the village in response to protests from residents.

Previously planned to pass through the community, the turnpike drew opposition because "it would split the village right down the middle."

The newly-proposed route would miss Allen Park completely and traverse Ecorse, Taylor and Dearborn Townships.

Pentagon to Request Money for Missiles

WASHINGTON (AP) — The Pentagon put Congress on notice that **it is going ask funds for long-range weapons at a fast-increasing rate.**

• • •

"Major strides are being made in the missiles area," said Asst. Secretary of Defense W. J. McNeil, adding: "This is an area of rapidly increasing expenditures."

The Pentagon official appeared in support of the Defense Department's request for authority to obligate $1,776,000,000 for missiles in the next fiscal year.

• • •

This compares with 938 millions in the fiscal year ending June 30, and 345 millions in the 1955 fiscal year.

In addition to the proposed new spending, the Army has set aside some 800 million dollars for missiles out of funds previously voted by Congress.

Missile Range Eyed

WASHINGTON (AP)—The Navy said yesterday it is about to start a study to determine the practicability of a new guided missile test range extending out into the Pacific from California.

Harry Truman Stirs Curiosity of Italians

ROME (INS)—An American tourist is hardly a novelty in Rome but the visit of one named Harry S. Truman caused an unusual amount of friendly curiosity today.

The U.S. embassy reported that it was flooded with questions from Italians about the former president, who is making his first visit to the Eternal City.

Truman and Mrs. Truman will remain in Rome four days, then depart on a sightseeing trip that will take them to several other Italian cities.

Although Truman has goodnaturedly maintained that he is simply another tourist, his "schedule" includes a personal audience with Pope Pius XII, lunch with President Giovanni Gronchi, a visit with Premier Antonio Segni and a formal diplomatic dinner in his honor at the American embassy.

Stevenson in Florida

BARTOW, Fla. (AP) — Adlai Stevenson began a final drive for votes in Florida's May 29 preference primary today while awaiting word from the opposite end of the country on balloting in Oregon.

Predict More Rain to Saturate County

The U. S. Weather Bureau predicts showers for the Pontiac area this evening and tonight. The low will be 44 to 48 degrees.

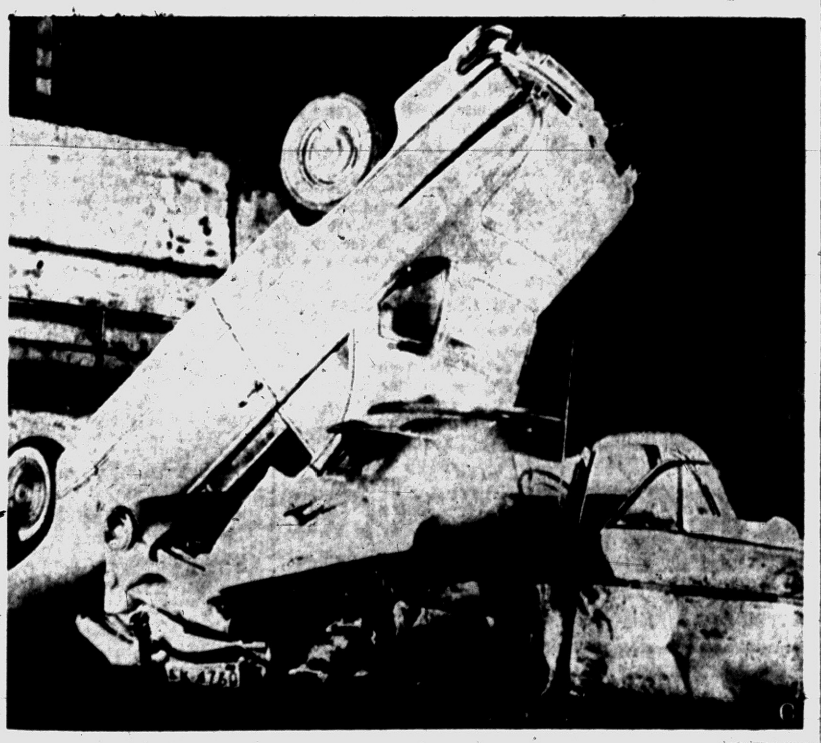

The forecast for tomorrow is is cloudy and cooler. The high will be 56 to 60 degrees.

The lowest temperature reading preceding 8 a.m. in downtown Pontiac was 40 degrees. The thermometer registered 55 degrees at 2 p.m.

H-Drop Set Sunday

ABOARD USS MOUNT McKINLEY (INS) — America's first airdrop of a hydrogen bomb has been rescheduled for Sunday.

Pusher Shoves a Bit Too Hard

AP Wirephoto

OVER AN EMBANKMENT — One car landed upright but the other landed upside down on top of it in Milwaukee after both plunged 17 feet over an embankment to railroad tracks. The drivers escaped with only minor injuries. One car was pushing the other when the accident occurred.

Thousands Watch Simulated A-Attack

FT. KNOX, Ky. (AP) — A mushroom cloud rolled up into the sky behind a roaring explosion — and thousands of persons watched from grandstand seats.

They were spectators who turned out to watch this armored center demonstrate realistically yesterday what it's like to go through an atomic attack.

The noisy exposition involved 16 jet planes, a helicopter and other aircraft which dropped 40,000 tons of TNT, numerous charges of napalm (flaming gasoline concentration) and fired 12,000 rounds of .50 caliber projectiles and 280 supersonic rockets.

Tax Cut Possible, Not Probable

WASHINGTON (AP)—Speaker of the House Rayburn (D-Tex) said today he regards a 1956 tax cut as "a possibility but not a probability" even though the prospective midyear surplus has been boosted by more than 1½ billion dollars.

That seemed the consensus among other congressional leaders in the wake of Secretary of the Treasury Humphrey's announcement last night that the June 30 federal surplus is now estimated at $1,828,000,000.

The last previous administration calculation, in January, was 230 millions.

Key members of both parties on the House Ways and Means Committee, which initiates tax legislation, for the most part supported President Eisenhower's stand for applying any such surplus to paying off the national debt ahead of tax reduction.

Democratic leaders, however, were keeping a sharp eye on future fiscal moves of the Eisenhower administration.

They were ready to move quickly with tax-cutting legislation of their own if the administration should indicate any intention of initiating a tax reduction program.

The new surplus estimate, sent to congressional leaders by Humphrey and Budget Director Percival Brundage, came as no surprise to Capitol Hill, where booming national income and tax receipts had been carefully noted.

Only a few hours earlier, congressional tax experts forecast a surplus of $2,300,000,000 for 1956 next year.

Humphrey made no forecast for fiscal 1957, starting July 1.

"A balanced budget, for which the President has been striving for three years, now appears assured for the 1956 fiscal year," Humphrey and Brundage said.

State GOP Bids for Labor Votes

Feikens Mails Letters to 1,000 Union Leaders in Michigan

LANSING (AP) — State Republicans today made a strong bid for the support of labor in a letter mailed out to 1,000 union leaders.

• • •

The letter, signed by Republican State Chairman John Feikens, asked the union officers to let Republican legislators, congressmen and party leaders meet with rank and file union members.

"We'd like to get your frank and honest opinions about what more can and should be done in behalf of labor," the letter said.

Feikens urged union men to visit state and local headquarters, where he said they would receive "prompt attention."

• • •

Feikens said Michigan is kind to its workers, paying them more than any other state when they are laid off and protecting their right to organize, bargain collectively and strike without a restrictive "right to work" law similar to those in other states.

INCOME TAX CUT

Under the Eisenhower administration, he said, workers have enjoyed a 10 per cent cut in income tax, the highest employment in history and the highest wages in history.

• • •

Michigan, with a Republican Legislature, has the best labor laws of any state in the nation, he said.

"We are thoroughly convinced that labor has a duty and a responsibility to make its voice heard in the political affairs of its community," the letter said. "It is our honest desire to work with labor to that end."

"Perhaps this objective on the part of Republicans has not always been clear. Let there no longer be any doubt as to our party's position."

"As we see it," the letter concluded, "labor will continue to benefit most when it looks to both political parties for assistance and support."

Pontiac Deaths

Wilbert Claiborne

Wilbert Clairborne, 29, of 385 Ditmar St. died Wednesday in Pontiac General Hospital after an illness of three months.

Born in Baton Rouge, La. May 27, 1926, he was the son of Mr. and Mrs. Albert Claiborne.

He was a member of the Baptist Church in Baton Rouge and had been employed here at Pontiac Motor Division.

He leaves his wife, the former Corine Burden, whom he married in 1953; his mother, Mrs. Hattie Grason of Baton Rouge, a brother and two sisters, Willie Claiborne, Mrs. Dorothy Bell and Mrs. Margaret Newman, all of Baton Rouge.

Mr. Claiborne's body will be at the Frank Carruthers Funeral Home from 7 p.m. until 11 o'clock tonight. It will then be sent to Baton Rouge for service and burial in Sweet Ollie Cemetery. The Rev. W. M. Pitcher of the Baptist Church will officiate.

William F. Shaw

William F. Shaw, 80, of Tawas City, a former resident of Pontiac died yesterday in the Tawas Hospital.

He was born in Romeo July 5, 1875, the son of Charles W. and Olive Groves Shaw. On May 11, 1904, he was married to the former Sophia Miles.

An interior decorator, Mr. Shaw moved from Pontiac to Tawas City in 1914.

Besides his wife, he is survived by a brother, Bert Shaw of Flint, several nieces and nephews.

Service will be held at 2 p.m. Saturday from the Jacques Funeral Home, Tawas City with the Rev. Ralph Edward officiating. Burial will follow in the Tawas cemetery.

Gasoline Blasts and Fire Ruin Plant, Kill 2, Hurt 8

GALENA, Md. (AP) — A series of explosions and fire wrecked a gasoline bulk storage plant in this small eastern shore town today, killing two firemen and injuring at least eight others.

Two big explosions and a number of smaller ones rocketed through four tanks of the Kent Oil Co., near the center of this town of 400 on U. S. 213 near the Delaware line.

DEAD IDENTIFIED

State police identified the dead as Richard Lockwood Loller, 38, of Chesapeake City and Harry Robert Brice, 25, of Betterton.

Firemen were battling the flames as the second big explosion occurred sending one big storage tank soaring 150 yards.

Lewin Steele, a volunteer fireman from Galena, said that as he headed for the fire several violent explosions "shook everything," showering him with debris.

• • •

Trees were knocked down and Steele said "glass fell all around me."

"When we got to the fire it looked like the whole upper end of the town was gone."

SEVERE DAMAGE

The blasts and fire wrecked the four storage tanks, a barn behind the storage depot, an office building and blew the rear second story off a nearby home and ripped a corner off another house.

• • •

Houses and the Galena school across the street were flash burned and their windows were shattered.

The storage depot was owned by James A. Ryan, mayor of Galena.

Police Continue Search for Scott

Authorities Stymied in Nationwide Trace for Missing Wife's Mate

LOS ANGELES (AP) — The search continues for L. Ewing Scott, who vanished as mysteriously this month as his wealthy wife did a year ago, but authorities say they haven't a clue to his whereabouts.

Scott, 59-year-old investment counselor, has been sought since Tuesday when he failed to appear for a hearing in connection with a 13-count indictment charging forgery and grand theft in the handling of his wife's $600,000 estate.

A bench warrant was issued for his arrest and his $25,000 bond was forfeited.

Mrs. Evelyn Throsby Scott, 63, dropped from sight a year ago. Her husband never reported her disappearance and the case didn't come to light until a petition was filed in court asking that her brother be named trustee of her estate.

Scott has said his wife disappeared while he was out buying her a tube of toothpaste.

Newsprint Use Hits New Peak in April

NEW YORK (AP) — U. S. newsprint consumption for April reached another record high, 6.9 per cent over April 1955, the American Newspaper Publishers Assn. reported today.

Newspapers reporting to the ANPA consumed 461,778 tons of newsprint in April, compared with 431,788 tons in April 1955, and 414,877 tons in April 1954. There were five Sundays in April 1956 and four Sundays each in April 1955 and 1954.

During first four months of 1956, reporting newspapers used 1,707,919 tons of newsprint, a gain of 5.5 per cent over 1955 and of 12.1 per cent over 1954.

Leonard Completes 4-Day Northern Tour

DETROIT (AP) — Donald S. Leonard, Republican candidate for the nomination for governor, returned to Detroit today from a four-day trip through 17 counties in the northern Lower Peninsula where he had been lining up his organization.

Meanwhile, Mayor Albert E. Cobo of Detroit, a rival candidate for the GOP nomination for governor, said he would speak before a two-county Republican rally in Albion Thursday and before the Battle Creek Rotary Club May 28.

4 Cranbrook Pupils Win French Honors

Four Cranbrook School students will be honored by the government of France for their prize-winning manuscripts in a recent national French contest.

Seniors Jonathan Himmelhoch, James Sniderman, and Michael Freeman, and Fred Bender, a member of the junior class, will receive bronze medals for their achievements. The awards are now enroute from France.

Over a thousand students from 60 high schools in southeastern Michigan participated in the contest which was sponsored by the American Association of Teachers of French. The Cranbrook winners studied under French department chairman Howard E. Coan.

Loot Welding Company of $40 During Breakin

About $40 was reported stolen from ransacked desks in a welding company office at 725 Oakland Ave., broken into Wednesday night, Pontiac police said.

The building was entered, police said, through a stockroom window and a door leading to the office was forced open.

Harriman Ends Tour

RENO (AP)—Gov. Averell Harriman of New York today concludes a whirlwind, four-day political tour of six Western states.

U.S. Scientists Flabbergasted by Reds' A Lab

MOSCOW (AP)—Western scientists have been given a look at the Soviet Union's hitherto top-secret atom-smashing laboratory.

"Absolutely first-class work," said one American.

The scientists, including American atomic physicists, are here for an international atomic conference. Their Soviet hosts took them to the huge plant about 90 miles north of Moscow yesterday.

"Anyone seeing it would be bowled over," Dr. Louis Alvarez, nuclear scientist from the University of California, commented. "They are doing absolutely first-class work. It was an extremely impressive visit."

In addition to Russia's huge synchrocyclotron, the American and British scientists saw a new and even more powerful machine scheduled to go into operation this year with a production capacity of 10 billion electron volts.

Foreign Aid Bill Goes to House

Restrictions on Military Aid to Allies May Cut Shipments to Reds

WASHINGTON (AP)—A foreign aid bill including tightened restrictions on aid for allies who ship strategic goods to the Communists was worked into shape today for House action.

The House Foreign Affairs Committee, which accepted the new restriction yesterday, resumed its revision of the $4,900,000,000 authorization measure and Chairman Richards (D-SC) said he hoped to finish it up during the day.

Still to come is a vote on the three billion dollars in new arms aid President Eisenhower has asked for the fiscal year starting next July 1.

That amount is three times what Congress voted for arms aid last year and looms as the likeliest target for congressmen bent on making cuts in an election year.

The trade restriction amendment, one of a number changing the program Eisenhower asked, could amount to a flat ban on aid shipments to the Communists.

Resident of Berkley Seeking Nomination

John G. Semann of Berkley, chairman of the County Board of Supervisors Drain Committee, recently announced he will be a candidate for the Republican nomination for County Drain Commissioner in the August primary election.

A member of the drain committee for eight years, Semann says he will carry on the program of retiring Drain Commissioner Ralph Main and "make every effort to expedite" drainage projects in the county.

Prominent in Republican circles, Semann is a former member of the Berkley City Council and past County Republican Chairman.

Oregon Voters Can Boost Hopes of Adlai, Kefauver

PORTLAND, Ore. (AP) — Adlai Stevenson and Sen. Estes Kefauver placed their presidential hopes before Oregon Democrats today in the Far West's first primary of 1956.

The big question for Republicans was whether they wanted former Secretary of the Interior Douglas McKay or hustling Phil Hitchcock as their nominee to take on Democratic Sen. Wayne Morse in the fall.

Neither race shaped up as a runaway.

As many as five separate ballots awaited an expected 52 per cent of the state's 780,000 voters. But with all that, Democrats had to pencil in their choice for president.

ADLAI, KEFAUVER MISS OUT

Kefauver and Stevenson entered Oregon too late to get on the presidential ballot. Both campaigned actively for write-in support that might help them along in the last two major primaries—Florida, May 29, and California, June 5.

• • •

The sleepless Tennessee senator, called from Oregon to Washington, D.C., to vote on the Niagara power bill, flew to Oregon again yesterday for a final swing through half a dozen towns. He predicted only, "I think our showing will be very good."

Stevenson finished up Wednesday. His managers likewise refrained from any victory claims that might boomerang.

• • •

President Eisenhower has the Republican ticket to himself, assuring him of 18 delegates to the GOP National Convention. The state's 16 Democratic delegates will be pledged to the high man in the write-in. No party switchover of voters is allowed here.

Schools Delay Worries Board

Bloomfield Hills Asks Architects and Builders to Rush Work

BLOOMFIELD HILLS — Worried that the Wing Lake Addition and the Westview Elementary School will not be completed by September, Bloomfield Hills board of education members have called their architects and contractors to a meeting next Wednesday night at Bloomfield Hills High School.

The meeting has been set back from the regular day, Tuesday, because of the special lecture that night to all the school district's PTO's.

Both the Wing Lake and Westview projects are behind schedule, Superintendent of Schools Eugene Johnson says the architects have told him.

"We must avoid any holdup of the opening of those two schools next fall," he says. The school may demand doubling or staffs of overtime work on construction, he says.

The Wing Lake addition's seven classrooms will accommodate about 200 pupils, who if left in the older Wing Lake section, would require either doubling up of classes or a half day schedule, he explains.

Westview is to take 150 from Vaughan School's enrollment in kindergarten to sixth grade classes. A delay in completing Westview would mean having 40 to 50 in each Vaughan classroom, because of increasing enrollment there, he warns.

And teachers have been hired for those classrooms, he adds.

At the meeting, plans for the annual school board election June 11 will be completed. David W. Lee is the only candidate who registered before the deadline, already past, to seek re-election to the one seat up for election this year.

• • •

Possible sale of Pine Lake school at Middlebelt and West Long Lake road will be discussed.

Lapeer Senior Elected

EAST LANSING (AP)—Pat Wilson, football quarterback from Lapeer, was elected president of the senior class at a special election held Thursday at Michigan State University.

Wilson defeated Barry Grant of Detroit 522-427.

The Day in Birmingham

New Evergreen Authority to Start Work Tuesday

BIRMINGHAM—With two of the four participating cities representatives still unnamed, the North Evergreen Sewage Disposal Authority has set its first meeting for next Tuesday.

The four representatives will convene at 8:30 a.m. in the Bloomfield Hills city offices to take initial steps in providing a sewage disposal plan for the areas.

Birmingham City Manager D. C. Egbert was named representative to the authority by city commissioners this week. Supervisor David E. Anderson has been chosen by Bloomfield Township trustees to represent the township.

The City of Troy and Bloomfield Hills are expected to have named their representatives in time for Tuesday's meeting.

All four communities have approved the authority's formation and its articles of incorporation.

The Water Resources Commission has informed Egbert that the action meets the May 1 deadline set in the commission's decree. But Egbert says that final plans for construction to prevent pollution in the Rouge River will not be in time for the July 1 deadline. He is asking an extension, he told commissioners in Birmingham recently.

The articles of incorporation outline the authority as a vehicle to acquire, own, improve, enlarge, and operate a disposal system or systems.

• • •

The city's new recreation director, Robert Girarden, who reported to work Monday, will be discussing the summer program's final details at next week's recreation board meeting. He is working with city coordinator Charles Gale and school coordinator Frank Whitney in arrangements. His office is in the former fire hall section of the municipal building.

• • •

Birmingham officials will be among those sharing in the honoring of visiting mayors to this area Monday noon at Northwood Inn. Attending, in company with L'Anse Village President and Mrs. Charles Moinanen, will be Mayor Pro-tem Harry Denyes, Councilman Florence Wallett, City Manager Egbert, City Clerk Irene Hanley, City Assessor Clark Hagstrom, City Engineer L. R. Gare, and Assistant City Manager Dana Whitman.

• • •

City Manager Egbert and Assessor Hagstrom attended the Norman Barnard Day Banquet in Troy last night.

• • •

Rotary Anns will have their annual meeting Monday at the home of Mrs. William Braley, 19300 Riverside Drive. Mrs. Chester McCormick has charge of the 1 p.m. luncheon.

• • •

Mort Neff of "Michigan Outdoors" will speak at the May 28 St. James Episcopal Church Men's Club meeting, for which tickets will be sold Sunday. The meeting is a 7 p.m. dinner.

Rogers' Adopt Korean

HOLLYWOOD (INS) — Roy Rogers and his actress wife, Dale Evans, will add to their family of adopted children Monday when they welcome to Hollywood a 3½-year-old Korean orphan. The youngster, In Ae Lee, will bring the Rogers' brood to seven children, five of whom are adopted.

Mexican Burros Being Replaced

Modern Machine Age Supplants Patient Beasts for Most Farm Work

WASHINGTON—Mexico's faithful friend, the burro, is declining in numbers as machines take over more and more farm work.

* * *

The drowsy-eyed little beasts now total only about 2,500,000 compared with the many millions that once worked the Mexican land and carried the nation's burdens.

Until recent times, the patient burro symbolized the old Mexico as picturesquely as cactus, the guitar or sombrero. Few visitors traveled anywhere without seeing them.

Descendants of the small gray donkey of North Africa, burros (Equus asinus) came to the New World with the Spanish conquistadores, says the National Geographic Society.

They hauled loads for Cortez in the land of Montezuma, the Aztec king. DeSoto reputedly used them on his journey from Florida to Mississippi. They served the Spanish padres who established missions in California and the Southwest.

AMERICAN CAMEL

Later, the burro became to western deserts of the United States what the camel is to Old World wastelands. In an ill-fated experiment in the mid-1800's, the United States Army imported camels to transport supplies to government posts in the dry Texas Rio Grande country.

The strange creatures stampeded horses, drew the wrath of soldiers, and were discarded when rocky trails cut their soft footpads. Hardy burros were substituted and became Americ-,ca's "ships of the desert."

By instinct and capacity, burros are well equipped to serve man. Like camels, they can scent water from afar. One burro is credited with saving its master's life by finding a spring 10 miles away. Another, the owner boasted, regularly brought home the family groceries when sent to the store with a basket and a written order. Increasingly, American youngsters are discovering that the little fellows make delightful pets.

NEVER COMPLAIN

More sure-footed and uncomplaining under heavy loads than horses, burros clamber with hunters and explorers along the ragged edge of mountain precipises that would daunt the larger beast. They have helped surveyors choose the way for future railroads, and carried supplies for the builders.

* * *

The amount of hay, wood and other produce that owners tie on the burros' backs demonstrates their surprising strength. They willingly transport children packed from ears to tail.

Auto Industry Backs Federal Highway Bill

WASHINGTON (INS)—The Automobile industry yesterday gave its full support to the federal highway bill passed by the U. S. House of Representatives.

James J. Nance, president of the Automobile Manufacturers Association, in a letter to Sen. Byrd, declared the House bill reflects "a realistic appreciation of the nation's principal highway needs, and the financing plan appears sound and reasonable."

The letter was sent as final committee hearings on the legislation opened in the Senate.

Orders Peron Return

BUENOS AIRES (AP)—The extradition of former President Juan D. Peron, who is living in exile in Panama, has been ordered by a federal court.

Heads Detroit Bar

DETROIT (INS)—Louis E. Dahling today had been named the 121st president of the Detroit Bar Association. He succeeded Nathan B. Goodnow as head of the group which has nearly 3,000 members.

Father Shoots at Rat and Hits Boy Instead

DETROIT (INS)—A 4-year-old Detroit boy was recovering today from a bullet wound in the leg he received when his father shot at a rat and missed.

Willard Harrison, 30, fired a .22 caliber rifle at a rate in his kitchen and missed, sending the bullet through the wall. His son, Leroy, asleep in a room off the kitchen, was struck in the fishy part of the leg. The youngster returned home after spending the night in Receiving Hospital.

Will Receive Award

YORK, Pa. (INS)—Dr. Donald A. Shelly, executive director of the Henry Ford Museum and Greenfield Village in Dearborn, Mich., has been selected to receive an award from the Chamber of Commerce of York, Pa.

Teenage Peeping Toms have been plaguing nurses at the hospital in Germiston, South Africa. Besides peeping they have whistled, jeered, shouted, sworn, and destroyed gardens in the hospital grounds.

W. Donnelly and E. Hogg of New Zealand cut through a white-pine lot in 10.3 seconds during a recent contest at Riverton to break the world record for 18-inch double-handed sawing.

Senator Defends Official's Tactics

Subversive Control Unit Employe Given Praise Before Reported Exit

WASHINGTON (AP)—Sen. Olin D. Johnston (D-SC) said today "I'd hate to see" Harry P. Cain dropped from the Subversive Activities Control Board "for telling the truth" about the administration's employe security program.

* * *

Cain, who frequently has criticized the program during the last 16 months, made one of his sharpest attacks last night in a Denver speech that sounded as though he did not expect President Eisenhower to reappoint him to the board.

"My usefulness to the President . . . is, I believe, rapidly drawing to a close," the former Republican senator from Washington told his audience.

Cain's term in the $15,000-a-year job expires in August. He was appointed to the post by Eisenhower.

CRITICISMS BENEFICIAL

Johnston said in an interview he thought Cain's criticisms "have been very beneficial to the administration and to government workers in that they have helped to show some of the mistakes made in the loyalty program."

He predicted that even if Cain is not reappointed, "the administration will eliminate some of the flaws he has pointed out."

Johnston is chairman of a Senate Civil Service subcommittee that has conducted a lengthy inquiry into the Eisenhower administration's program to keep any security risks off the federal payroll. A report on its findings is expected early in June.

* * *

Cain, who addressed a meeting of the Colorado branch of the American Civil Liberties Union, said he was speaking out in protest against the handling of the security program perhaps "for about the last time" in his present capacity.

Battery-Driven Cart Legs for Polio Victim

KALAMAZOO, Mich. (AP) — Paul Davidoff, a 10-year-old polio victim, has found new legs in a little battery-driven electric cart.

Paul also drives around his brother Bobbie, 4, also crippled by polio, in the three-wheeled cart patterned after those used in factories to carry parts.

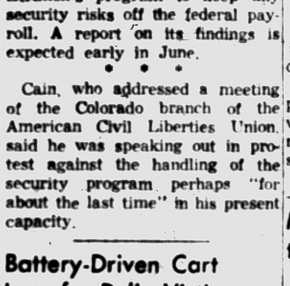

Publishing Resumed

EAST LANSING (AP) — The first book published by the University of Buenos Aires Press since the end of the Peron regime will be the work of a Michigan State University professor, the MSU Art Department said today. Dr. Martin S. Sorin is the author of the book on 16th Century Painting in South America. MSU spokesmene said cultural publications by the University Press were halted during the Peron regime.

Who Accomplished More?

NEW HAVEN, Conn. (AP)—Talking at a Yale Divinity School workshop on religious broadcasting and telecasting, Erick Barnouw of the Columbia University Communication Center used one graphic sentence to illustrate the ability of radio to carry a message. "A modern preacher," Barnouw said, "reaches more people in a broadcast than Jesus Christ talked to in His entire lifetime."

SCHOLARSHIP RECIPIENT — Pontiac Public School maintenance men and custodians give a $100 scholarship to Shirley Wright, 258 Auburn. Presenting the gift to Shirley are Robert Anderson (left), 38 Cadillac and Ralph Tracy, president, 943 Myrtle.

Pontiac High School Girl Awarded $100 Scholarship

A Pontiac High senior, Shirley Wright, was honored this week as first recipient of a $100 scholarship given by the American Federation of Labor, Local 719.

Headed by Ralph Tracy, the organization of Pontiac Public School maintenance men and custodians will continue the award on an annual basis.

Members of the selection committee included Tracy, Robert Anderson, Willard Largent and Pauline Lovse.

Outstanding achievement and scholarship were the bases for the choice, according to Tracy.

Francis Staley, Pontiac High principal and Grace McLaughlin, vocational coordinator, selected the nine candidates from which the student was chosen.

Shirley is presently working as a secretary and will pursue her training with the $100 at the Pontiac Business Institute at night.

MSU Dean Appointed to Educational Group

WASHINGTON (AP)—Commissioner of Education S. M. Brownell has appointed a nine-member advisory committee to assist in developing cooperative programs of research in education.

The committee will deal with cooperative research programs of the office of eduction with colleges, universities and state departments of education.

Brownell said yesterday that Willard C. Olson, dean of the school of education of the University of Michigan, was elected co-chairman of the committee at its first meeting here May 14 and 15.

So, He Likes Candy

ORANGEBURG, S. C. (AP)—Police recovered only part of the loot when they nabbed eight youngsters after a parked candy truck was rifled. They said one boy ate 240 pieces of the haul.

Scout Unit Receives Charter in Ceremony

Boy Scout Troop 121 of Oakland County Children's Home was formally presented its charter in a ceremony at the home this week.

E. H. Leland, Clinton Valley scout executive, made the presentation and William O. Moulton Jr., superintendent of the Children's Home accepted.

* * *

Committeemen of the local troop were also presented their official registration cards at the meeting. These included, Moulton, Ward Heath, William Smith, Pat Brazzil, Wes Johnson and Jo Block.

Guests presented for the occasion were from Troop 103 and included Scoutmaster Fremont H. Alden, James Hoke, William Berube and James Van Scoyoc.

If Headache Persists—

ANADARKO, Okla. (AP) — Roy Wilkins figures the person who mistook the Wilkins car for his should have a king-sized headache. When he returned to his automobile from a shopping trip Wilkins found a small package of meat and a bottle of 200 aspirins.

Allowed Four Wives

Jurist, 65, Weds Girl, 18

THE HAGUE, Netherlands (AP)—Reliable sources in The Hague and Damascus reported today that Sir Mohammed Zafrullah Khan, 65-year-old Pakistani member of the International Court of Justice here has taken an 18-year-old second wife.

* * *

There has been no report that the Pakistani jurist and diplomat has divorced his first wife, who lives in Pakistan.

Sources close to the bride's family said she was engaged to her 25-year-old cousin when Zafrullah Khan met her a month ago in Damascus, Syria, but broke off her engagement when he proposed.

A highly placed source said the bride is an Arab refugee from Palestine, Bushra Rabbani, whose family now lives in Damascus.

Zafrullah Khan's Moslem religion allows him four wives, but recent plural marriages by leading Moslem politicians have caused a furor among Islamic women's groups seeking an end to polygamy.

* * *

Zafrullah Khan was reported to have settled 45,000 Syrian pounds—about $12,600—in cash and property on his bride.

Communists Blamed for Two ROK Deaths

SEOUL, South Korea (AP)—South Korean police today blamed Communist gunfire for the drowning of two fishermen off the North Korean port city of Boopo.

Police said the South Koreans' boat sank under fire from the North Korean shore batteries and the two fishermen drowned as they tried to reach a second boat. A third fishermen was reported wounded in the firing.

Grand Mass Theft

CHARLESTON (AP) — While the Charleston Civic Chorus sang the Mozart Grand Mass at a public concert in Morris Harvey College Auditorium, thieves ransacked belongings of the singers which had been left in the rehearsal room. Five women reported a collective loss of $34 from their purses.

Best Possible Answer by Woman Still Costly

SOMERVILLE, Mass. (AP) — The best way to avoid an automobile accident?

While filling out an automobile accident report at police headquarters, one woman found the question:

"How could you have avoided the accident?"

"By staying home," she replied.

Spectacular Map

SAN ANTONIO, Tex. (AP)—Frederick A. March, a post office clerk, presented the San Pedro library a stamp map of the United States. It's illustrated with more than 100 stamps commemorating historical events and famous men.

City Joins in Tributes to Nation's Defenders

It is fitting that people of the Pontiac area are joining today and Saturday in tributes being paid by the State and Nation to the men and women of our armed forces.

Ceremonies here began at noon today with displays by all of the armed services in the area West of the County Health Service on West Huron Street. They are to be climaxed by the parade which begins on Saginaw Street at 10 a.m. Saturday.

★ ★ ★

Leading the parade will be Pontiac High School's band and marching in it will be representatives of all local military units. This two day Armed Forces observance will be concluded by open house programs at all service centers here.

It is well for us civilians during these two days to remember the importance of the service given by the 3,000,000 men and women of our Army, Navy and Air Force. They are stationed in many foreign lands, as well as in the United States, because national policy dictates that defense of this country must begin thousands of miles from our shores.

★ ★ ★

Let us therefore make special effort to show these defenders of our national heritage that we are aware of the sacrifices they are making and that we honor them for it.

Flood Insurance Bill Wins Senate Approval

One of the session's most important bills, a pilot measure to provide flood insurance, has won Senate approval by a 61 to 7 vote.

Back of the measure which reflects Administration thought on this complex problem, is last year's record of disastrous floods which plagued Northeastern and Far Western States.

★ ★ ★

As a matter of hard fact there isn't yet any such thing as flood insurance. Private companies are unable to supply it at rates the people could pay. The reason for this is that unlike fire insurance in which the risk is spread over a wide area, flood insurance could be sold only to those who live in danger spots.

★ ★ ★

Drafted along lines suggested by President Eisenhower, the Senate proposal has bipartisan support. It limits the Government's total insurance to $5 billion and provides that Federal and State Funds will meet 40 per cent of the premiums.

On this basis it has been estimated that home owners would pay $10 or less for every $1,000 of flood insurance, with an upper limit of $10,000. For business, the maximum amount would be $250,000.

★ ★ ★

One of the purposes of the bill is to determine what would be a reasonable rate for such insurance and whether it would be commercially practical. Another aim is to induce the participation of private companies by providing Federal reinsurance of privately issued flood policies.

We hope the House approves this measure and thus provides the people with some effective protection against natural disasters.

It's a great pity that, due to the force of gravity, it takes more energy to close the mouth than to open it.

For Continued Progress Automation Is Needed

Currently labor leader and Democratic bigwigs in this country are citing the unrest which is growing in some plants in England because of automation.

★ ★ ★

The theme they are selling is to scare workers into believing they will lose their jobs and that unemployment will run rampant. Naturally, there will be some relocation of workers and adjustment will be necessary.

Automation is just another word for mechanization and if the world or this country is to continue to progress and grow, modernization must continue.

Are we to believe this country should call a halt to easier and more efficient methods?

Should we as a nation revert to the horse and buggy days instead of the automobile?

★ ★ ★

In the long run over the years it has been industrial progress and modernization that has made our country.

If automation will increase production it will certainly raise the living standards. Opposing it will only halt progress which is the backbone of America.

"The national debt is nothing to worry about," says a college professor. This statement doesn't reassure us in the least, for the reason that any idea a college professor may have about finances is bound to be theoretical.

No "miracle" drug has yet been concocted that will cure spring fever—thank goodness!

The Man About Town

On Local History

Booklet Issued by Pontiac City Library Is Now Ready

Statesman: Often only a politician voting our way.

Some local history is covered in a booklet,

"Early Pontiac and Oakland County,"

just off the press and issued by the

Pontiac City Library.

It will be available for free distribution at the library. Its appearance is coincidental with next week's observance of

"Oakland County Week,"

which is to be a manifestation of our resources, and to run concurrent with

"Michigan Week."

"I hope The Press never will discontinue its

"Junior Editors"

feature, as my children look for it every day," phones

Mrs. Harriett Harrower

of Drayton Plains. She says it is one of the things that they have healthy quarrels about.

Those who are preserving the

Moses Wisner Home

as a local historical shrine will hold their annual luncheon next Wednesday at the Oakland Avenue Presbyterian Church. It is the meeting of the

Oakland County Pioneer and Historical Society,

at which the guest speaker is to be

Marquis Shattuck,

assistant superintendent of the Detroit public schools. At the same time

Richard Poole

will give a report of work done on the home.

One of the most substantial contributions ever received by a Pontiac area church is announced by the

Lake Orion Methodist Church,

in the sum of $34,386.97, coming from the **Fred and Edna Scott Memorial Fund,** and it has been invested in U. S. treasury bonds.

"Hospitality that is truly marvelous are the words expressed by

Mr. and Mrs. Fred Coley

of New Zealand, who are making a tour of this country. Just now they are guests of their niece and husband

Mr. and Mrs. Russell Otto

of Rochester. They say the same of Canada.

Verbal Orchids to—

Mrs. Emma Taylor

of New Hudson, eighty-eighth birthday.

A Strong Argument for Her Side

David Lawrence Says:

Indonesian Leader Astounds Congress by Taking Commie Aggressors Lightly

WASHINGTON — President Sukarno of Indonesia is a likable person, but his speech to a joint session of Congress was astonishing for what it omitted.

• • •

Nowhere in the address was there even a brief mention of the biggest menace to the freedom and independence of Indonesia itself, namely, the potential threat of an aggressor coalition comprising Soviet Russia and Red China.

"Is it conceivable that Sukarno purposely avoided all reference to the Communists and talked about political independence and how foreign aid should be granted his country without realizing that the whole western world is gravely concerned about the military situation in both Europe and Asia?"

The Indonesian leader is confronted by 39 Communists in his parliament, and there is infiltration by the Communists in the other political parties, too. In fact, money from Red China financed the campaign of the Communists in the recent elections in Indonesia.

TAKEN IN BY REDS?

Yet it is clear from Sukarno's speech that he has swallowed hook, line and sinker the Communist claim that America seeks to interfere in the internal affairs of his country when it grants aid. Unfortunately, too many so-called "liberals" in America and others who have been guilty of petty partisanship have criticized their own government by echoing this same Communist line not only as to Indonesia but other lands as well.

What could America possibly want of Indonesia except the new nation's own best interests—defense against the aggression of Communist Russia and Communist China? If Malaya goes Communist, the Soviets can soon begin to seize portions of Indonesia. The new republic of Indonesia is an island empire. It has no navy of its own. If it cannot rely on the navies of the West—Great Britain, France and the United States—how can it be protected, and how can its continuance as an independent country be assured?"

Sukarno reveals his distrust of the West in the following paragraph of his speech:

"The approach to the question of foreign aid should be based upon different principles in different countries. Without adequate knowledge of those countries, and even if your motives in granting aid were solely the stability of this region, the results could be adverse, and the flow of even billions of dollars could lead only to strained relations. Certainly military aid is no substitute for Asian stability. It will only serve to make countries accepting it more dependent upon America, and their worth as genuine partners in the universal struggle for liberty, peace and prosperity will consequently decline."

PROPAGANDA EFFECTIVE

When Sukarno says, "Even if your motives in granting aid were solely the stability of this region," it may be asked what other possible motive could the United States have? It's the Communists who have been spreading the propaganda attributing to America some selfish purpose in Indonesia—and this in the face of the historic fact that the United States has fought two world wars and has not annexed a single inch of territory as a consequence. Meanwhile, the Soviet empire has annexed country after country and robbed many nations of their independence.

Certainly Indonesia would become dependent on America. In fact, it is dependent militarily today on the United States Navy, which is the only barrier between it and Soviet aggression. It will be recalled that the United States Navy was not powerful enough in 1941 to prevent the sweep southward of the Japanese fleet and the occupation of Indonesia.

Military facts are not erased by wishful thinking, and it begins to look as if those in this country who are opposing foreign aid now will have a very valid argument presented to them by the Sukarno speech. For it is evident he is not concerned about the military danger of Soviet aggression and regards America's military defense operations as superfluous. In Congress economic aid is advocated primarily to bolster military aid—to make sure allied countries grow economically stronger.

As for building Indonesia's economy, this is not America's obligation at any time and certainly not if the new republic wants to embrace neutralism. For, unless the peoples themselves in the countries aided want the protection of the western powers militarily, there is no sense in offering economic aid.

A person who has tackled dif-

The United States should never. The United States should never "buy" allies but should help only those countries which fully understand the Communist military menace and sincerity seek to join us in a common defense plan.

Young Nurses Exploited by Modern Training Plan

BY WILLIAM BRADY, M.D.

Before radio and television replaced conversation and reading, any high school sophomore would have sensed the significance of Sairey Gamp.

The evenings Micky and I used to devote to reading we have latterly spent twirling the dials trying to find a little entertainment sandwiched in somewhere between the commercials. Now this pastime has palled, and we are turning it off earlier and earlier and going back to our reading.

I must admit that when I tried to read "Martin Chuzzlewit" again last year, I couldn't do it. I had a go at "David Copperfield" but found it too dull. I recalled the enjoyment I had found reading these and other Dickens stories years ago. So I selected half a dozen books I have liked, books by as many different authors, and tried earnestly to read 'em again. I just couldn't stick to it.

But I discovered that I now enjoy reading what I have always before regarded as strictly for the birds—poetry. Not just the few bits of poetry I have read before but stuff that is new to me.

Sairey Gamp in "Chuzzlewit" is a mid-wife nurse with an umbrella and a technique that makes one shudder. In this column a saireygamp is a pretentious uniformed near-nurse of doubtful or abbreviated training who brings her own tools and methods to use when the doctor is perhaps inexperienced. Or she may be a little tin doctor, a regular graduate or registered nurse employed in an industrial plant instead of a physician, or a smart office girl who gives the suckers their "shots" in the phony "clinic"; or a well-meaning neighbor who comes a-running to take Johnny's temperature and frighten Johnny's mother; or an unemployed R. N. who informs people of limited intelligence how such cases are treated back in the hospital where the great doctors work.

Let no knucklehead infer that I don't like nurses. I deplore and decry the way pupil or student nurses are exploited by shrewd hospital managers — stretching the course of so-called training to three years and getting a year of nursing service at virtually no cost. But the poor girls who are thus robbed of a year of their potential professional life are so hypnotized by the dramatic atmosphere in which they serve time that they do not like, they rather resent such comments as this.

A young woman can aspire to but one career nobler than nursing—and nursing like teaching affords ideal training for this career. Motherhood, of course.

Signed letters not more than one page or 300 words long pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright 1956)

Voice of the People

Blame for Auto Situation Laid to Farmers' Plight

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature.

Just a short time ago I met a gentleman from the front office at Pontiac Motors. We were talking over business and why cars are not selling.

He made the remark that salesmen have gotten lazy. I wonder what has happened . . . they must all be lazy.

The cars are not moving so fast and many people are being laid off. The best answer to the problem is in the farmer's situation. He is the backbone of this great country. When his income dropped and he could not buy trucks, tractors, combines and all other farm implements, and household goods they need, the workers in the farm implement factories could not buy a new car. Now it has created a log jam in the automobile industry.

With this new farm bill to help the farmers signed and passed, we hope it is not too late. With the government spending billions on our highways, seaways and bridges and building all over the country going strong, with the steel industry running at a top speed, I don't see any reason for a long slowdown in business.

We may not see another year like 1955 for a while. A lot of records were broken, but I think we will get leveled off and go on with good times in many years to come.

Indonesian Chief Sukarno Making Major State Visit

By JOHN H. MARTIN
INS Foreign Director

The arrival of Indonesian President Sukarno in Washington has started one of the biggest such state visits in many years.

• • •

Sukarno, who will be 55 years old June 6, is one of the outstanding orators of the Far East, and the main sparkplug in the drive that ousted Netherlands colonial rule from a rich chain of islands at a strategic point of the world.

It is his first visit to the United States and to any Western nation. He hopes to get aid for his struggling infant nation.

In return the United States, of course, hopes to establish better relations with Sukarno and his 80 million people who are committed to a "non-alignment" in the East-West political struggle.

• • •

Sukarno, as head of the host nation at the Afro-Asian Conference in Bandung in April 1955, surprised American observers by recalling the anniversary of the 1775 ride of Paul Revere.

QUOTED LONGFELLOW

He told of what he called the opening of "the first successful anti-colonial war in history," and even quoted the poet Longfellow on Revere's ride.

• • •

Sukarno, who was invited to the United States by Secretary of State John Foster Dulles on behalf of President Eisenhower, leads a nation whose land area is a quarter the size of the United States and is scattered over an area even wider than continental America.

The 3,000 islands stretch more than 3,000 miles from the Indian Ocean and Malaya on the west into the Pacific. Australia is less than 250 miles on the south. The Philippines approximately 50 miles to the northeast.

Sukarno, who was born at Surabaya in eastern Java, the main island, was the son of a schoolmaster and was swept into the current of overwhelming nationalist spirit while still in high school.

• • •

The boy who was to become the first president of an Indonesian republic was imprisoned three times in the long battle for freedom.

• • •

The President faced terrific factional struggles in creating a republic. There still are insurrections and the new Indonesian Cabinet is a somewhat uneasy coalition of non-Communist parties. Sukarno himself had wanted the strong Red group represented in the coalition.

HOME HEADACHES

Sukarno not only has suffered headaches in political life but also privately because he has two wives.

• • •

His first wife, Fatmawati, 30, was disclosed last December to have applied for a divorce after Sukarno, a Moslem, took a second wife, Hartini, 34, in June 1954. He considered divorce an indignity to his high presidential office.

Islamic law permits polygamy and Sukarno openly moved his second wife into his summer place at Bogor.

But Indonesian clubwomen refused to recognize her at social functions and signed protest petitions against her. The women called her "that lady of Bogor."

Portraits

By JAMES J. METCALFE

Some people use snap judgment, with . . . No good excuse in sight . . . And feel immensely proud if their . . . Decisions turn out right . . . It may be in a business deal . . . Or sizing up a friend . . . Or in selecting phrases for . . . The messages they send . . . They may be very lucky but . . . They take a foolish chance . . . And some day they may wish they had . . . Been cautious to advance . . . Sometimes there are emergencies . . . When verdicts cannot wait . . . But if there is sufficient time . . . They ought to contemplate . . . It takes less effort to be slow . . . In making up the mind . . . Than trying to rebuild the bridge . . . Their fire burned behind.

Case Records of a Psychologist

Teenage Boy Corrects Feminine Ways by Participating in Masculine Activities

Percy is worried because he has some feminine ways. Girls also face a similar dilemma when they are too tomboyish. For habits can color personality almost as effectively as basic glandular differences. Percy changed his masculinity by deliberate intent inside of 6 months.

By DR. GEORGE W. CRANE

Case R-359: Percy J., aged 15, has a rather common teen-age problem.

• • •

"Dr. Crane, my faculty adviser says I have feminine ways about me," he began unhappily.

"I never knew that, but it must be true. And my adviser said I could change myself if I wished to do so.

"But he didn't tell me how. I need some specific advice. How can I be more masculine?

"I'd even like to deepen my voice, too. So could you please help me?"

SEX DIFFERENCES

Percy had been reared by a widowed mother. They lived with his widowed grandmother and a maiden aunt who was a school teacher.

• • •

So Percy had been surrounded by an all-feminine environment in the home. Subconsciously, therefore, he had picked up feminine ways and a feminine outlook, since children learn by imitation.

Many girls who have several brothers but no sisters, may likewise become tomboys, both in speech and action.

So this situation affects both sexes. And it often causes a great deal of embarrassment and later shyness in the victims.

I urged Percy to take boxing lessons at his YMCA, for these would build up his general muscular physique and also give him confidence.

When a boy knows that he can defend himself cleverly with his fists, it does something for his morale that can hardly be duplicated in any other manner.

It doesn't make him a bully or show-off, but thereafter he has a

self-confidence that permeates everything he does and thus creates the "masculine" aura.

MASCULINE ATHLETICS

It isn't your weight or height which make you masculine but your mental outlook.

"It isn't the size of the dog in the fight that counts," runs an old adage, "but the size of the fight in the dog."

The latter may indirectly be due to glandular secretions, but it can also be based on training.

A person who has tickled difficult masculine tasks and always has finished them, soon develops a backlog of assurance that has a masculine flavor.

But cooking, sewing, dancing and such laudable hobbies have a feminine connotation.

Baseball, boxing, carrying a newspaper route and earning one's own money — these suggest masculinity.

• • •

So Percy needed to cultivate a greater interest in sports. He had been mollycoddled and overly protected by his widowed mother.

I also urged him to join the track team at high school and work out for the mile run, which is an event that determination and will power will affect, rather than sheer inheritance of speed or heft.

PERCY'S CHANGE

Six months later I saw Percy again. He had made a remarkable change. The boxing had given him self-assurance.

And he was now a member of the varsity track squad. Meanwhile, he had been handling a big newspaper route of almost 150 subscribers, so he had learned social poise and business confidence.

His voice had changed, partly because of his increased age itself, but also because he was a member of the school chorus and had been exercising his vocal cords.

By pitching his voice lower and using more power, he had cultivated a more masculine tone.

• • •

For other aids, send for the 200-point "Tests for Sweethearts," enclosing a stamped return envelope, plus 20 cents.

They are actually blueprints for developing popular personalities, as well as romantic charm.

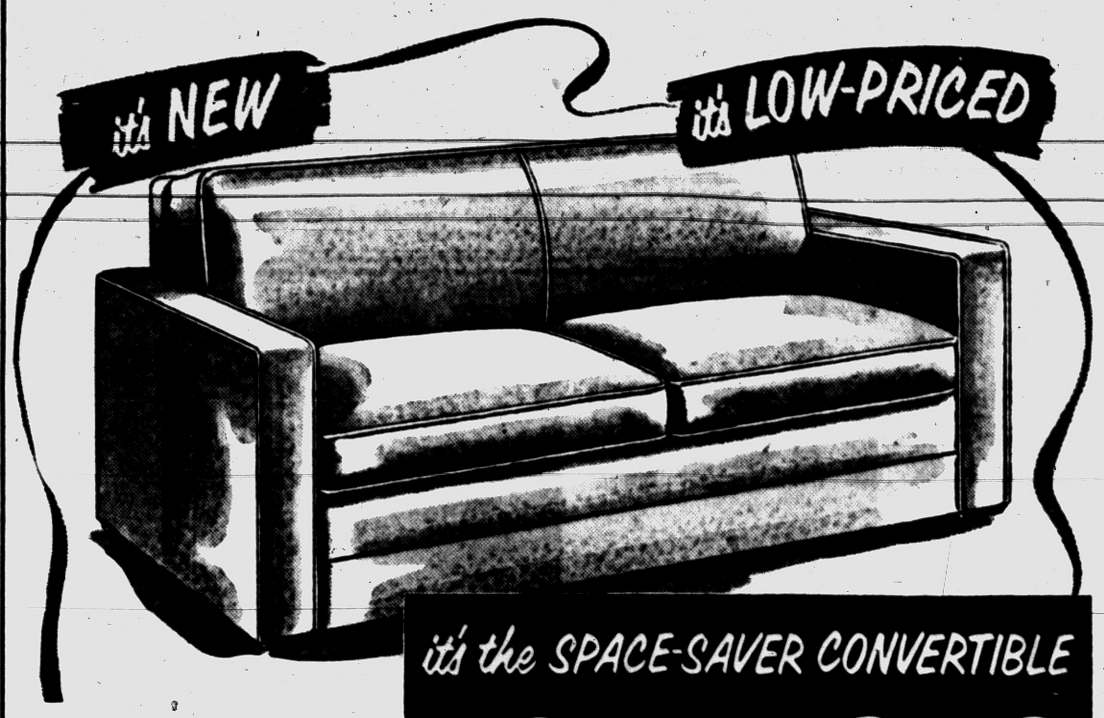

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Set of three seat and back cushions covered in weather resistant vinyl plastic. They come in choice of colors with attractive designs on back cushions. Set of 3 ... **$17.95**

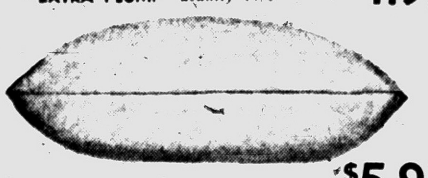

Latex FOAM PILLOWS

"REGULAR" HEIGHT *usually 5.95* **$3.95**

"EXTRA PLUMP" *usually 7.95* **$4.95**

"KING SIZE" *usually 9.95* **$5.95**

Choose the Size That Is Just Right

Even $9.95 is a wonderful price for a nationally famous sleep-inviting "King-Size" Playtex Pillow. But when you can get one of them as an "irregular" for as low as $5.95 (and as low as $3.95 for the "Regular" height) ... that's worth running for. Some minor surface flaws (that can't possibly affect the luxury comfort Playtex is famous for) and Playtex says they're "irregulars."

Stewart-Glenn Co.

86 to 96 South Saginaw Street — Opposite Auburn Avenue

Bob Considine Says:

U.S. Workers Form Own Colonies Abroad

ENIWETOK PROVING GROUND (INS) — How's about a three-steak dinner Saturday night, and then a trip to the Snake Pit for a few shots of bonded stuff (30 cents) under the tropical moon?

How's about no federal income taxes, no union dues and no mothers-in-law? and Room and Board (all you can eat) for $10.50 a week?

Heaven? No, this is the lot in life of 2,700 craftsmen of all types working on the atolls of this atomic proving ground.

They are civilian employes of the Los Angeles engineer-architect firm of Holmes and Narver, which built these incredible locations that did so much to make possible the progress we have achieved with the H-bomb.

• • •

We had a talk today with big, rugged, competent Sam Howell, 46-year-old chief of operations of this unique contracting job.

He is a good-natured, intelligent sort from South Dakota, via the University of Southern California, and his face is tanned and smeared with such historic thermonuclear tests as Greenhouse, Ivy, Castle, and now Redwing.

EASY RECRUITING

"We don't have any trouble recruiting people to work out here," he said of the small army of engineers, carpenters, electricians, bricklayers, steamfitter, pipefitters, ironworkers, power and distillation plant operators, cooks, laundrymen, kitchen helpers, etc. etc. etc., he has under him.

"A whole new breed of American workman has sprung up since the war . . . the fellow who signs on to do a job halfway around the world. They even have an organization and a newspaper now—the Overseas Craftsmen's Association.

"They all seem to know each other. Met years ago building an airstrip on Formosa, or digging a hole in Saudi Arabia, something like that."

We asked about individual contracts.

• • •

"We do most of our recruiting on the West Coast and in Hawaii," he began. "Why pay a men's fare from the East or Middle West if we can get what we want closer by? But we'd go anywhere to get the right man, of course.

"We sign them for a year at the prevailing West Coast union scale. We bank an additional $10 a week for them which they get only if they stay the full year. If they sign for an additional six months, there are extra bonuses.

NO U.S. TAXES

"If they work outside the country at least 510 days out of 18 months they don't have to pay federal taxes. We give them the best security and personality checkup we can find, then turn the prospects over to the AEC and the FBI for final checks. We haven't had any trouble.

• • •

"We maintain our own police force, grievance committees and brig. If somebody would get to be too much for us we'd just ship him home, that's all, but we haven't had any trouble."

Holmes and Narvell feed not only their own but the AEC, Army and Air Force people on all but Eniwetok Island itself. Every drop of water these men use must be distilled from sea water. There are no wells out here.

That means 8,000,000 gallons a month, plus 2,000,000 kilowatt hours of electricity and the importation of half a million pounds of frozen foods and an equal tonnage of canned and packaged goods per month.

• • •

The company has more than 40 big and little vehicles, 100 ships, repair shops and ingeniously saves countless sums by making its cement (for landing strips, block houses, etc.) out of crushed coral and sea water.

It maintains its own medical and dental services, TV network, and gets a better effort from its men than their Stateside counterparts, Howell figures, because "the whole job is a challenge and they have so few distractions."

He said the wives and mothers of the men deserve some of the credit for a job well done. "After all, they let them go," the big fellow observed.

Hall and Butler Slated to Sign Campaign Pledge

WASHINGTON (INS)—Republican and Democratic national chairmen are scheduled today to promise—in writing—that the 1956 campaign will be fought "in the best American tradition."

The pledge of a clean election battle were to be signed by Leonard W. Hall for the Republicans and Paul M. Butler for the Democrats at a special news conference.

The pledges were drawn up by the Fair Campaign Practices Committee, Inc., of New York, headed by Cincinnati Mayor Charles P. Taft, and are to be presented to all candidates nominated for national office.

Among other things, the national chairmen, and the candidates, promise to avoid misrepresentation, distortion, unfair attacks and such tactics as "character defamation, personal villification whispering campaigns, libel or slander."

The committee was established in 1954 to cut down on what Taft has called the "moral mayhem" of some election campaigns.

Saginaw Flood Tieup Broken by Tug Work

BAY CITY (AP)—A costly tieup due to heavy flood currents was broken yesterday when the last two stranded freighters safely cleared the Saginaw River.

The tug Lawrence Turner of Sault Ste Marie helped ease the 540-foot freighter Dow Chemical and the J. L. Rice out into the channel.

Seven vessels were stranded in the harbor more than a week.

Ferris Adds Dorm

BIG RAPIDS (AP) — A student center and two 250-bed dormitories, at a total cost of $2,550,000, soon will be added to Ferris Institute campus, according to President Victor E. Spathelf. Construction is scheduled to start by late summer and be completed by September, 1957. More than 2,000 students are expected in 1957, an increase of 600 over present enrollment.

Posse Finds Body of Missing Hunter

BESSEMER (AP)—The body of Walter Kline, 58, Benton Harbor Hunter who disappeared Nov. 15, was found yesterday in dense forest 28 miles north of Messemer.

Sheriff's officers said Kline apparently was a victim of exposure after wandering from his Gogebic County hunting camp.

The search for Kline was intensified when snow melted in the remote area. Rewards had been posted, $500 by relatives and $100 by the county.

UM Prof Wins Award

ANN ARBOR (AP)— Donald R. Pearce, assistant profession of English, has been named winner of the 1956 Henry Russel Award, given annually to an outstanding University of Michigan faculty member. Prof. Pearce is noted for his studies on the poet William Yeates and as a critic of contemporary literature.

UM Ends June 2

ANN ARBOR (AP) — Classes end for University of Michigan students on Saturday June 2, this year. Examinations begin the following Monday. Commencement is scheduled for Saturday, June 16.

K. of C. State Meeting

GRAND RAPIDS (AP) — The Knights of Columbus, Michigan State Council, has announced its 56th annual convention will be held June 8-10 in Grand Rapids.

Stassen Sees Soviet Leaders Accepting 'Open Sky' in Near Future

By RUTH MONTGOMERY

WASHINGTON—Harold Stassen declares there is no chance of outlawing atom and hydrogen bombs in the foreseeable future.

Stassen, just returned from seven weeks of disarmament negotations with the Russians in London, told this correspondent:

"No known scientific instrument yet developed could locate H and A-bombs already produced. The most sensitive Geiger counters in existence will not reveal nuclear bombs in the next room, if they are appopriately shielded, and the Russians know how to shield them."

Stassen expressed more hope, however, for eventual Soviet acceptance of President Eisenhower's "Open Skies" inspection plan for disarmament.

He said the Russians are "continuing to study the plan" and the odds are that they will accept it before too long. He explained that Ike's acceptance of a Soviet proposal to make our overseas bases available for aerial inspection decreased the difficulties of negotiations.

PROSPECT FOR PEACE

Propects for real peace, according to Stassen, have looked brighter during the past year. He told this writer there is "still great danger" if we relax, but that our present military-civilian balance is "about right" to scare off a Russian attack.

Stassen expressed cautious hope for a successful development of Ike's proposal for the pooling of peaceful atomic energy. Pointing out the Russians said "no" four times before agreeing at Geneva, he said 80 nations will gather in New York this fall to work out details of the International Atomic Energy Agency.

He expressed gratification at the work of the London Conference toward restricting arms ships from both sides of the Iron Curtain to the dynamite-laden Middle East. The situation in Isreal and the Arab countries, however, remains "extremely dangerous," he added.

Stassen, who began life on a Minnesota farm in Dakota County, enjoys such peaceful prusuits as photography, fishing, hunting, playing chess and collecting books.

Stassen, who once sought the presidency, wears a 7⅞ hat which must be specially made to order.

HAS BIG HEAD

He hastens to add, however, that his head size has not increased since high school days. Six-feet-three-inches tall, he lounges easily in a too-small office chair as he declares that the cold war has now entered a new phase.

"There is more movement now across the Iron Curtain than we ever thought possible a few years ago," Stassen pointed out. "The war risk is currently ebbing. The new phase is economic rivalry, and that's better than H-bombs."

Venezuela's new steel industry, using local iron ore, is due to produce in 1958.

Hint Lindbergh Son Still Living

Frehch News Agency Claims Kidnaped Youth Residing in Mexico

NEW YORK (INS)—The French news agency, Agence France Presse, reports from Mexicali, Lower California, that a young man there claims to be the kidnaped son of Charles Lindbergh.

• • •

Quoting no source for its story, AFP stated:

"A young freckled blond-haired man in his late twenties today asserted here that he is the kidnaped son of famous U. S. airman Charles Lindbergh. He gave his present name as Charles Augustus Campos.

"He told the Mexican police and specially - summoned American (Federal Bureau of Investigation) agents that he was brought up in Mexico by a Mexican woman who did not reveal the secret of his birth to him until she was on her deathbed a few months ago.

"He said that, after the kidnaping in 1932, for which Bruno Hauptmann, a German, was executed, he was taken first to Houston (Texas) and then Mexico.

"The young man also said that he wrote to Lindbergh, who asked the F. B. I. to investigate the matter."

• • •

(In the kidnap case, an infant's body found in brush besides a New Jersey road, was identified by the parents as that of their son, Charles A. Lindbergh Jr.)

Appointments to Academies Are Available

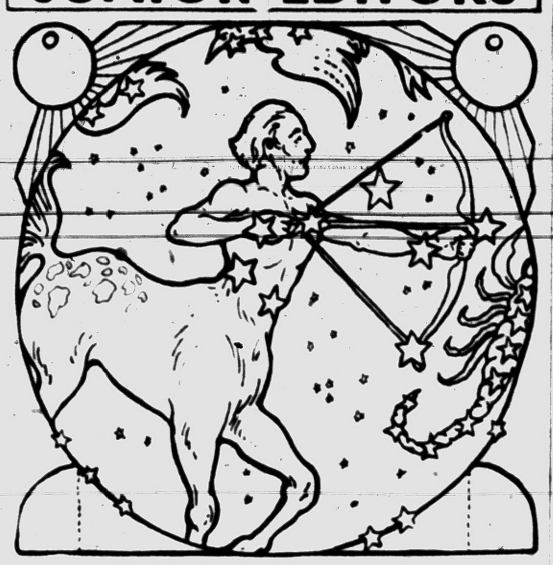

Retiring U. S. Congressman George A. Dondero recently announced that appointments to the U. S. Naval, Military and Air Force Academies are available to residents of Oakland County for classes entering about July 1, 1957.

A civil service competitive examination for the appointments will be held July 9 this year, Dondero said. Deadline for written applications to his office in the House of Reprsentatives is May 30.

Applicants are asked to state their preference as to place of examination, which will be given in Detroit, Pontiac and Flint.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

STORIES IN THE STARS — 5
SAGITTARIUS THE ARCHER

Here you see Sagittarius the Archer as the Greeks and Romans pictured him — a creature half horse, half man, called a centaur.

In the constellation, Sagittarius looks as if he has drawn a bow aimed at Scorpio the Scorpion.

Sagittarius is one of a dozen constellations that form an imaginary belt in the sky around the earth, known as the Zodiac. This girdle has been divided into twelve parts corresponding roughly to the months of the year, and astrologists believe that the sign of the Zodiac under which a person is born can affect his personality and life.

Color this picture with crayons and then paste it on thin cardboard. Make the sky a rich deep blue, and the upper part of Sagittarius a flesh color. His hair is yellow, but you may choose any color you like for the horse. Color the Scorpion red.

With a large pin prick out the outlined stars completely. Prick small holes in the various stars scattered over the sky. Then hold the picture up to a strong light and you will see the constellation.

(Carol Ramage, Olmsted Falls, Ohio, wins $10 for suggesting this idea first. Send your idea for Junior Editors care of this newspaper and it may be worth $10 to you. Violet Moore Higgins, AP Newsfeatures.)

Tomorrow: A Trip Into Outer Space.

Trolleyman's Estate to Aid With Hospital

GREENVILLE, Ill (AP) — This town of 4,500 is finally going to have a hospital — thanks to the family of a former St. Louis streetcar conductor which made a fortune in real estate.

• • •

Mrs. Edward Utlaut of St. Louis, only survivor of the family, made a $50,000 pledge toward the hospital to carry out the wishes of her dead husband and son.

She journeyed 45 miles to Greenville yesterday to make an initial payment of $10,000. Townspeople also are raising funds.

• • •

Mrs. Utlaut's husband, born on a farm near here, went to St. Louis and became a streetcar conductor. Their only son, Elmer E. Utlaut, although stricken with multiple sclerosis, managed the family's real estate investments.

The family prospered. Before the death of the son in 1949 and the father three years later, they decided to do something about giving Greenville its first hospital.

British golfers are watching hooks and slices more carefully since the price of first-grade golf balls went up 10 cents each.

Miss Minnie Gets 10 Years in 1st Trial

NORFOLK, Va. (AP)—Minnie Mangum, the charitable career woman accused of bilking her employer of nearly three million dollars, faced a 10-year prison sentence today but no end to her troubles.

• • •

The 52-year-old spinster was convicted in Norfolk Corporation Court late yesterday of lying to Virginia's banking regulatory agency about the financial condition of a local firm.

The case served as a prelude to next week's bigger legal battle when Miss Mangum goes on trial on a charge of embezzling $1,080,000 from the Commonwealth Building and Loan Assn., which she served as assistant secretary-treasurer.

• • •

She also faces 14 other charges, including one accusing her of taking a grand total of $2,884,000 from Commonwealth over a period of 22 years.

Actor and Wife Seek to Retain Custody of Boy

LOS ANGELES (AP) — Ian MacDonald, motion picture character actor, and his wife Jean are endeavoring in court to retain custody of a 16-month-old boy entrusted to their care seven months ago.

• • •

The child's mother Mrs. Betty P. Stoltz, 23, has petitioned Superior Court to return David Warren Stoltz. She admitted in court yesterday that she had placed David in the care of the MacDonalds shortly after she arrived here from Tupelo, Miss., where she had left the father, Donald W. Stoltz, 27, a petroleum salesman.

• • •

Mrs. Stoltz maintained she gave up the baby only because she was ill and in financial straits at the time. MacDonald, 41, and his 43-year-old wife, seeking guardianship of David, contend that the child was undernourished and in need of medical care, which they provided, at the time they took David into their home.

Wooden Cross Burns at Cleric's Residence

NEW ORLEANS (AP)—Firemen quickly doused an eight-foot fiery cross burned last night on the grounds of the residence of Archbishop Joseph Francis Rummel.

• • •

The gasoline-soaked wooden cross was propped against a wire fence in front of Notre-Dame Seminary adjoining the Catholic archbishop's residence.

• • •

The burning came on the second anniversary of the U.S. Supreme Court decision outlawing racial segregation in public schools. The high court's decision was given May 17, 1954.

• • •

The archbishop has come under fire from some Catholic laymen's groups in recent months for his opposition to racial segregation.

Army Gets Modernized

FT. CARSON, Colo. (AP)—Veterans who washed their denims with GI soap in a bucket will be interested in an announcement from 8th Infantry Division Headquarters. Post exchange officer, Capt. Gerald R. Stickney, called for bids for coin-operated automaitc washing machines in the troop barracks.

Mine Kills 2 Children

SUMMONTE, Italy (AP)—Children in this southern Italian hill village found a pie-shaped object in a field and took it to school. Several hours later, while they were carrying their discovery home, it exploded and killed a boy and a girl. The object was a wartime antitank mine.

Philip Harben, British cookery expert, has been sent to tour the United States talking on how to make a cup of tea.

YOU WOULD THINK that in this modern day and age, all the new cars could come up with a really modern transmission.

But listen:

Did you know that Buick is the world's only automobile to break completely with the past by developing an airplane-principled transmission?

Did you know that Buick's Variable Pitch Dynaflow* omits all gearshifting—but switches the pitch of its propeller blades for all-out performance, like a plane propeller at take-off?

And did you know that the thrills to be had from this modern wonder drive are such as you've never experienced before in earth-bound travel?

Now there's even more to it.

Now, in today's great Buick that's 97 ways new, Buick engineers have advanced Dynaflow still further with something they call "double regeneration."

It's a new way to make whirling oil add to its own velocity and produce a new fast-torque build-up at only *part* throttle—in the range where you do most of your normal driving.

Presto! In the first inch of pedal travel, you get a swift and solid new getaway response—with *absolute* smoothness—and with increased gas mileage to boot.

Then, when you need a zooming safety-surge to get out of a tight spot—you floor the pedal and switch the pitch. Instantly—and still with absolute smoothness—you're at full-power acceleration, like a pilot leaving the runway.

That's what we mean by a *modern* transmission.

And with it goes modern power—the highest horsepowers and compression ratios in all Buick history.

With it, too, goes a whole list of new advancements—a great new ride—a superb new handling ease and surer "sense of direction"—a tasteful luxury in the new interiors—a bold and rakish new sweep-ahead styling that says '56 Buick and nothing but.

Come see for yourself—the most modern thing on wheels, and the most sensible buy on the market. Can you make it today?

**Now Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

'Best' Policemen Err in Mock Hit-and-Run

NORMAN, Okla. (AP) — More than 100 of the Southwest's best law enforcement officers watched a mock hit-and-run accident here and couldn't do much better than the average citizen at identifying the driver or the automobile.

The officers, seated in the bleachers at the University of Oklahoma as part of the Southwestern Homicide Investigators Seminar, watched a "dummy" 3-year-old boy run down. The sleuths were caught by surprise.

Only one of the group spotted the license number of the car, and all differed on the model of the vehicle and how the driver was dressed.

Excessive speed was the principal cause of traffic accidents in 1955.

Prison Won't Welcome Thief Through Portals

CORTLAND, N.Y. (AP)—Raymond C. Emerson, 42, feels unwelcome. But he is happy about it.

• • •

Attica State Prison refused to accept the Freeville man after he was sentenced to three years for petty larceny. There was a legal technicality on the nature of his sentence.

• • •

The Onondaga County penitentiary, to which he was resentenced, refused him because they said he had a heart condition.

• • •

Judge Morse E. Ames of Cortland County gave up and put Emerson on three years' probation.

Vegetables and flowers grown at the Fairfield prison-without-bars in Gloucestershire, England, now are sold to the public from a store in the prison garden.

DISCUSS UF BUDGET — Oakland county delegates to the annual budget sessions of the Michigan United Fund are shown above as they gathered in Lansing Wednesday and Thursday of this week. Left to right are (seated) Albert Weinburger, of South Lyon; Robert P. Briggs, chairman of the Michigan United Fund Admissions and Budget Committee and executive vice president of Consumers Power Co.; and W. A. Hedgecock, of Pontiac. (Standing) are Marshall Smith, of Pontiac and Vern Willard, of Farmington. The two-day budget sessions ended with a recommendation that the Michigan United Fund increase by 15 per cent appropriations to its 34 member agencies.

3-Day Cruise Attracts Pontiac, Waterford Seniors

218 WTHS 'Gay Blades' Leave Today on Annual Trip

By JEAN LIMATTA

Having just recuperated from the weekend's prom and "skip day" Monday, 218 gay Waterford Township High School seniors boarded Greyhound coaches early this afternoon for their ship at Detroit, which will accommodate them on their three-day cruise to Mackinac with Pontiac High seniors.

• • •

Leaving Detroit about 3:30 this afternoon, the seniors will arrive at Mackinac Island Saturday about 1 p.m. Spending four hours on the island, the class will return to the school Sunday afternoon.

Although previous WTHS seniors have taken trips, this year's is only the second under the sponsorship of the two-year old trip club, in which members pay their way by one third—dues; one third—helping on concessions and in the bookstore; and one third—on magazine and candy sale projects.

• • •

Adding to the week's activity, Student Council elections were conducted yesterday and today by government classes. The council will send its new president to the national annual convention in Toledo in June.

WTHS golfers, sponsored by Peter Evarts, produly carried away the State Regional trophy last Friday.

• • •

Successful Sheldon Smith, senior, climbed to the finals of the national Hearst Oratory Contest last Friday when he took top position in the midwest competitioin.

Banquet atmosphere is in the air as the year draws near its end. Seniors will be honored at the Junior-Senior banquet, "Carousel," June 2, in the high school gym. Sandy White is chairman of the highlighting event, which features professional entertainment.

• • •

Senior girls will also be honored at the annual GAA Banquet a week from Saturday, May 26, at Devon Gables.

Barbara Tallerday has headed the planning of the event with assistance by Barbara Patton, chairman of tickets; Nancy Rose, favors; Sue Tindall, programs; and Pat Felix, entertainment. Sandy White will be toastmistress of the farwell occasion.

All Waterford High is looking forward to next Tuesday "Waterlog Day," when the yearbook is distributed to its 1,000 subscribers.

Varsity cheerleaders chosen at the annual assembly for next year are Carol Moore, Barbara Floyd, Laura Terry, Mary Lou Winters, Carol Ponn, and Carol Soules.

Instructor, Student to Take Camping Tour

PHS biology instructer, John Youngpeter, and student Bill Hansen, PHS sophmore will take a month's camping tour through Montana and Arizona collecting species.

• • •

Following the tour, Youngpeter and Bill will attend the University of Montana Biological Summer Station in Glacier National Park, Montana.

Bill was accepted as a special student, for only college students and graduates are usually accepted to this summer session.

Sixth Graders Visit Eastern Junior High

Eastern Junior High School held a visitation program Thursday for sixth graders who will enter the school next fall.

Seventh grade students acted as guides while seventh grade teachers told the visitors and their parents what to expect in the way of classwork in the fall. Refreshments were served following the meeting.

SHIP AHOY — The boat's a comin' and these Waterford and Pontiac High seniors are a goin'! Seniors from both Pontiac and Waterford High School left this afternoon for a weekend trip to Mackinac Island. They will return to Pontiac Sunday afternoon. Here anxious and waiting for 'THE TRIP' are (seated in front on the suitcases) Carolyn Campbell and Roger Stevens. Immediately behind on the ledge are Dorothy Giroux and Chuck Waltman; Carole Fortin (with life preserver); Bob Lippert behind Carole and Joan Jarrard standing top right. Tom Bank stands at far right.

Pontiac Press Photo

'World Travelers' of PHS Take Annual Excursion

BY VICKY MICU

Some 260 Pontiac High seniors left with Waterford grads today for a three day trip to Mackinac Island. The group will return Sunday afternoon.

PHS publications held their annual banquet Wednesday, at which time the 1956-57 staffs for the student publications were announced.

Vicky Micu and Mary Sarros co-editors of the Tomahawk (student newspaper) and advisor Robert Beauchamp announced Sharon Holland and Patricia Zielke will assume duties of editor next fall.

News editors are Sally Maier and Helene Prizant, assisted by Sara Hetherington and Judy Elwell. Headline editor is Kate Reeves. Co-feature editors are Marcia Petrie and Barbara Monteith, assisted by Jack Hendrickson.

Sports will be handled by Charles Williams, with Harry Van Matre and Gary Van Ryzin. New business manager is Harold Hanson, and handling advertising will be Jeff Siegel.

Circulation staff includes Becky Nickols, JoAnn Mize, and Evelyn Brown. Next year's photographer will be Dick Singleton.

Mrs. Charles Fournier, Quiver advisor, and this year's co-editors, Normalee Braid and Nancy Nicholson have announced their staff for the coming semester, Jane Austin and Lynda McCurdy are the coming semester's editors.

Organizations will be handled by Lee Patterson, and Carol DuFord will take care of the senior section. Richard Elsholz has charge of underclassmen, Roberta Brooks will head the faculty section.

Boys' sports will be under Emmanuel Williams, Girls' Sports under Sue Whitfield, and Judy Huntwork will be head of features. Fred Vest will be the staff photographer.

This past week has been the biggest week academic-wise for PHS seniors. Senior preliminary exams were held Monday, Tuesday, and Wednesday, and this was the week when research papers were due for the majority of seniors. Graduation caps and gowns fees were paid by seniors this week also.

Plans are near completion for the PHS art show which will be held May 26 and 27 in the girls' gym. Prizes will be awarded to first, second, and third place winners.

Tomorrow Spanish and French students will travel to Michigan State Normal College to participate in the annual Spanish-French poetry recital.

Besides poetry, short Spanish and French plays will be given as well as piano recital.

Richard Bashore, PHS senior, was recently awarded a scholarship to Ferris Institute. Former PHS student, a January graduate, Elaine Hamilton, received word of a scholarship to Central Michigan. Next week the University of Michigan Regeant's alumni scholarships will be announced.

SMH Students to Attend Ball

Only Formal Dance of Year Is Tonight at St. Michael

By JANET ENGLISH

Highlight of this week's news from SMH is the "Silver Cane Ball," which is being held tonight from 9 until midnight.

It is the year's only formal dance and the enthusiasm expressed by the students concerning the affair should bring for the sponsor—the athletic association—a substantial profit.

This dance is a re-creation of an annual affair and as is the custom the alumni are invited.

Wednesday the Children of Mary—both the Junior and Senior societies—witnessed the last of the meetings of the 1955-56 school year.

The final project of the senior girls of the junior and senior division, which consists of the classes, was the ransoming of a pagan baby which is a donation to abandoned children rescued by missionaries in the Far East. The name chosen for the baby was Michael John.

At the same time, the closing meeting of the Junior Holy Name Society was held. The boys were encouraged to attend the 7:30 Mass with the Holy Name Men on Sunday.

Members of the Michaelite Staff were kept busy this week as they began the actual construction of the final publication—the commencement issue. Added feature for this quarter will be a cover made up of pictures depicting various senior activities.

The sodality is sponsoring a contest about Our Blessed Mother during this month.

The first entries were turned in last Friday and the remaining entries are to be turned in on consecutive dates.

Many students are planning to attend the May Day celebration at the U. of D. Stadium on Sunday. This annual affair is scheduled at 3 p.m. and will be attended by Marian minded people throughout the state.

'Far Away Places' Lure Area Students

Senior trips are in the news at area schools this week as those "far away places" become actualities. Washington, New York, Mackinac Island are but a few of the places being visited by our area high school seniors.

AT OXFORD

Oxford Seniors began their final month of school "hectivities" on May 5 as guests of honor at the Junior-Senior Banquet held in the all-purpose room of the Daniel Axford School.

The Rev. Alfred Eddy was speaker for the program. The affair was planned by the juniors, whose mothers prepared the dinner. Sophomore, traditionally, serve the banquet.

On Tuesday, May 15, the near-graduates began their three day senior trip, going by bus to Holland and then by boat to Chicago, Mackinac and Detroit.

Janice Barrett, general chairman, will be assisted by Connie Inman, Mary Cooper, Pat Mitchell, Gwen Miller, Judy Salswedel and LeRoy Frailing. "Shangri-La" with its accompanying oriental motifs, has been chosen as theme for the decorations. The dance is open to all, students alumni, and their guests.

AT LAKE ORION

Seventy-two seniors and three sponsors will return from their trip to Chicago and Mackinac Island today. This represents nearly two-thirds of the class.

The five vocal groups of the junior and senior high school will present their annual spring concert at 8 o'clock Tuesday in the high school gymnasium.

The group will present religious, secular, and novelty numbers, finishing with the Battle Hymn of the Republic by all the groups combining a total of about 175 voices. Mrs. Lyle Bartlett is the director of vocal music at the school and their director.

Petitions are circulating through the school to place nominees on the slate for the Student Council. One hundred and fifty signatures are necessary for the president and 100 for the other officers.

The Greenback party, which began about seven years ago representing the Dragon, school emblem, has in late years been campaigning with play money as their symbol, while the United party which opposes them is using a variety of gimmicks.

The campaign assembly which completes the presentation will be May 21 and voting will take place all day the 22.

Students are also working on a layout for the local newspaper of Orion in Michigan's history.

AT AVONDALE

It's Spring Carnival time tonight at Avondale High. Besides concessions, games, activities, a king and queen will be chosen with penny votes.

Candidates include freshmen Pat Parker and Gary Acker; sophomores Carol Bristol and Larry Moore; juniors Mary Lou Ehrmann and Don Davis and seniors Doris Chase and Lynn Wright.

The festival sponsored by PTSA will last until midnight. Proceeds will go toward some school project.

Seniors have started their review as exams start next Thursday. They will leave for their trip May 29.

The girls' soft ball team will play their final game next week. Seniors playing for the last time include Shirley Cross, Joyce Fralick and Betty Goodell.

AT ORTONVILLE

Thirty-seven seniors of Brandon Township High returned home today from their eight day trip that took them to Washington, D. C., New York City and Niagara Falls.

Chaperons for the trip were Superintendent of Schools E. J. Hungerford and Mrs. Hungerford, Mr. and Mrs. Burl Glendenning and Miriam Myers.

AT CLARKSTON

Today the Clarkston Golf team went to the League meet at Brighton. There will also be a Spring League meet here at 8 p.m. Monday.

Today a faculty member of Michigan State University showed a movie, "West of the River." The movie was in full color and taken in North Dakota badlands.

The junior and senior classes are now working diligently to complete the decoration for the prom which is tomorrow. The theme will be "Oriental Gardens."

AT WALLED LAKE

After intense competition and exact judging, the winners for the teenage Road-e-o were determined at competition Sunday.

First place winner was Sue Tobin, Walled Lake senior and juniors Bob Scheib and Ed Brouillette, were second and third place winners.

Sue is now working with Don Smith, Walled Lake driving instructor and James Decker, chief of police, to brush up for the state tournament in which she will participate June 2 at Michigan State University.

The Walled Lake Board of Education donated the winner's cup and plaques. The Pontiac Junior Chamber of Commerce co-sponsored the event. Judges were teachers in the Walled Lake schools.

AT BLOOMFIELD HILLS

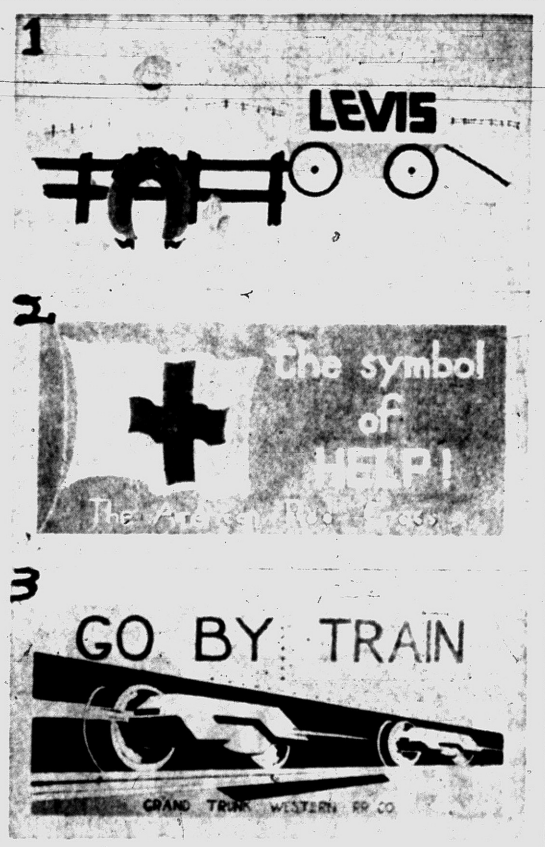

The Junior and Senior banquet was held last night at Northwood Inn.

Student Council elections will be held a week from today at Bloomfield Hills.

AT WEST BLOOMFIELD

Junior-senior prom comes Saturday, May 26 to West Bloomfield High School. Theme for the yearly event is "One Heavenly Night" and committee members are promising just that. Dancing will be from 8:30 to 12 at the school.

Co-chairmen of the dance are Kay Loveland and Sandy Gidcumb; band, Carole Kreilach; decorating, Jean Randall and Barb Bullock; tickets, Tim Hancok; programs, Gloria McKim and Greta Oman; favors, Sue Zimmerman and Judy Bellows; publicity, Carol Peterson, and refreshments, Pat Dunaway and Sandy Long.

WINNING POSTERS — The three winners in the 11th annual poster art contest for senior high students of Pontiac are shown above. First prize of $25 was won for Levis by Carole DuFord. Richard Palulian took second prize of $15 with the Red Cross poster and Roszel Scott was third prize winner with Grand Trunk Railroad. The contest was sponsored by Walker and Co. and conducted under the direction of John Allshouse of Pontiac High School.

Work Reigns at St. Fred

By ANN SCHACHERN

Spring fever caused a few homework problems this week at St. Frederick High School.

Seniors are thinking of proposing a new plan . . . no school for their last few weeks. . . just social life. It seems social activities have filled the calendars full. Homework doesn't have much of a chance.

After the annual Junior-Senior banquet last Wednesday evening, Seniors were guests of Elaine Hahnefeld for a get-together. Eating and dancing were the main activities.

At the banquet in the school gym, which hard working juniors paid for, upper classmen ate their fill of the delicious food which was prepared by the Parish Altar Society. Sophomore girls served as waitresses.

Next Thursday, the annual athletic banquet will take place. Athletes who will receive letters anxiously awaiting this event. Guest speaker will be Lt. Gov. Philip Hart.

Students will journey to the University of Detroit Stadium this Sunday, for the annual Mary's Day celebration. Rosary and Benedication will be main points of the Program.

Monday morning, representatives from the Bell Telephone Company demonstrated the technique to be used in dialing the 85 new exchanges Pontiac citizens will be able to reach on this coming July—8.

St. Freds golf team placed third in a regional meet last Friday at Flint. Members of the team are: Dick Doyon, Ed Kast, Frank Palopall, and Tom Davey.

The "Ramrod," St. Fred's first yearbook arrived this week. Students are now busily collecting autographs in them.

Junior girls will be the guests of the I.H.M. Sisters at Marygrove College next Monday when they will go there for a tour of the grounds and will be able to find out a little about college life.

Next Week Is Chuck Full of Activities at Junior Highs

A camp-out, dance and play are scheduled by area junior high schools this week.

AT EASTERN

Eastern eighth and ninth graders leave Sunday for a week at camp studying outdoor life. Some fifty students will make the trip.

Six hopeful candidates for the presidency of the Student Council gave their campaign speeches Monday, for the student body of Eastern.

The primary elections were Tuesday, May 15. The two finalists are Fred Mayers and Judy Haroutunian. Final elections will be next week.

GMC Truck and Coach held "Open House" for all ninth graders and their teachers Wednesday. The students were conducted on a tour of the plant.

Mrs. Eleanor McCandless' fourth and fifth hour history classes presented a Michigan Week Assembly "Know Your Michigan". Three pageants were presented showing various ways of life and opportunities offered in Michigan. The cast sang two new songs written for this year's Michigan Week, Water Wonderland and Michigan Pioneers. Frank Bloe was the narrator.

Eastern's band will present its annual concert tonight at 7 p.m. in the auditorium.

AT MADISON

Plans are taking shape for the annual all-school Spring Dance to be held on June 8. The students have chosen as the theme "A Dream Fantasy."

Last Monday evening Madison students presented their annual Spring Band Concert at the Wever school gym. The guest organization included the combined elementary school bands of Malkim, Owen and Willis schools. The audience was pleased with the fine program under the direction of Raymond R. Fixel.

Seventh grade students are preparing a series of slides of Madison Junior High School. These slides will be shown to the sixth graders who will enter Madison in the Fall to introduce them to the facilities of our new school.

Students in Arts and Crafts have just finished work on metal etched trays, plastic candle holders, and center plates. They are now experimenting in plastics and larger projects.

Seventh graders are at present working in copper foil.

Several completed projects are on display in the showcase in the glass enclosed hallway.

AT BLOOMFIELD HILLS

The Junior High Student Council is sponsoring a one-act play tonight at the school at 7:30 entitled "Elmer and the Lovebug" by Beatrice H. McNeal.

Teenager Elmer is a confirmed girl hater and the story concerns his change of heart when the sister of a movie star enters the picture.

Gordon Walker, Jane Durham and Sue Fry will play leading roles in tonight's production under the direction of Glenn Wooster and Elizabeth Ross.

Miss Ross' homeroom will give a dance following the play in honor of the cast of 12. The junior high band under the direction of Bruce Warnock will play.

CAMPBOUND — Eastern Junior High School eighth and ninth graders will leave Sunday for a week's campout at Sleeper State Park in Caseville (Mich.) Here talking over things they will see are (left to right) Judy Tanner, Judy Klesh, Mike Burrill and teacher-counselor Joyce Schmidt. Edwin Rydell will direct the program.

Pontiac Press Photo

Congregationalists Postpone Action on Merger With Evangelical Church

State Conference of Congregational Christian Churches concluded its sessions here Thursday and elected Dr. Harold N. Skidmore, of Lansing, to continue as conference chairman.

• • •

Dr. Joseph Q. Mayne, of Grand Rapids, will be moderator for the coming year and the Rev. Fred Marin, of Lansing, treasurer. Saginaw was selected as site of next year's conference.

Mrs. Earl Blinn of Jackson was elected president of the Women's

Other pictures, page 22

Fellowship to replace the retiring president, Mrs. D. R. Olson of Birmingham.

The First Congregational Church was host to the conference meetings.

The assembly assumed a lively tone when a resolution was introduced to request that the general council take no further action on the proposed merger with the Evangelical and Reformed Church to form the United Church of Christ. The resolution was tabled for a year.

A speaker, whose message had been eagerly awaited, was Dr. Truman Douglass, executive vice president of the Board of Home Missions of the Congregational Christian Churches. He spoke on "The Message Is the Mission."

• • •

"The Congregational church has a glorious heritage of concern for higher education," he said. "Not only Harvard, Yale and many of the leading eastern colleges were founded by our church, but it also has founded 509 Negro schools in the South. But we should no longer glory in our past record. We must rally to the aid of the modern college which needs both our money and our interest.

• • •

"We do not aim for church controlled schools but we should have church related colleges, where

DR. JERALD C. BRAUER

Christian culture and education are on the highest plane."

WOMEN MEET

Women of the assembly had luncheon at the First Presbyterian Church. They returned to the host church to hear Miss Lillian Gregory, executive secretary of the National Fellowship of Congregational Christian Women, speak on "What A Women's Fellowship Can Really Do."

"There are 15,000 vacant pulpits in the Christian church," said Miss Gregory. "Women can do a great deal to encourage young people to enter the Christian ministry. Even though they do not become preachers the world is crying out for Christian doctors, teachers, even engineers."

The men heard Dr. Jerald Brauer, dean of the Federated Theological Seminary, Chicago speak at Central M.E. Church on "A Learned Ministry." "The Christian faith calls for a learned ministry involving resources of the total man-spirit, body, mind and emotions to meet today's challenge," he said.

Speaking later at the evening banquet Dr. Brauer showed that church and community must be concerned with each other if we are to have "one nation under God." Rev. Charles Goudey of Lansing presided over banquet program.

Citations of merit were given to Mrs. D. R. Olson and the Rev. and Mrs. Howard A. Blamy of Benton Harbor for outstanding services.

Several entertaining features lightened the serious work of the Conference. Charles A. Wilson, organist, provided several recitals and accompaniments. Jane and Mary Moss and Kay Greer gave a skit "In Old New York," and Sarah Paull, Carolyn Mills, Sue Ann Hataway, Marvel Simson and Barbara Griffin also appeared in a song and pantomime number.

The violin and cello music of Diane Beach and Anton Simson pleased their audience as did the bassoon solos of Robert Pfeuffer. Mr. Wilson accompanied the latter musicians. The girls were accompanied by Mrs. M. A. Boersma.

Devotional services were given by Mrs. Skidmore, Mrs. Malcolm K. Burton and the Rev. Richard L. Ford.

Housing and meals for the almost 400 delegates were provided by members of the First Congregational Church with help from the First Presbyterian Church and Central M.E. churches.

DR. TRUMAN B. DOUGLASS

Auto Rams Gas Pump, Starts Fire at Station

Only minor damage resulted fro an unusual fire at a Dixie Highway service station in Clarkston yesterday. The blaze was extinguished quickly by the Independence Township Fire Department.

The fire began when a customer backed into a gasoline pump knocking it off the base. The Oakland County Sheriff's Department reported a Detroit man was turning his car around in the station when he struck the pump.

Bridge Colors Chosen

ST. IGNACE (AP)—The towers of the Mackinac Straits Bridge will be painted ivory and the superstructure pale green. The bridge will get the final of three coats of paint in 1958.

Detroit Firm to Merge With Standard Products

CLEVELAND (AP) — Merger of the Standard Products Co. and the Sheller Manufacturing Corp. of Detroit was approved yesterday by directors of the two firms.

Stockholders of Standard would receive $12 million worth of Sheller stock in the proposed transaction, which would make Standard a division of Sheller.

The deal is subject to approval of stockholders of both companies.

Clarkston Accident Bruises Man, Wife

A Canadian and his wife escaped with bruises when their car struck another vehicle on M15 in Clarkston Thursday morning.

Mr. and Mrs. William Mullins, an elderly couple from Sandwich East Essex, Ontario, were treated and released by Pontiac General Hospital following the collision. The other vehicle was driven by Wyandotte resident LeRoy H. White, 55.

Mullins told Oakland County Sheriff's deputies he could not stop his car in time when White made a U-turn in front of him. White said he had completed the turn and did not see the other car approaching when he was hit.

Passenger Injured as Trucks Collide

Adolph Kaatz, 23, of Austin, Texas, was reported in good condition at Pontiac General Hospital after being injured in a collision of two tractor-trailers at the intersection of US10 and M15 in Independence Township Thursday morning.

He suffered a head injury and cuts of the scalp in the crash. Kaatz was a passenger in a vehicle operated by Jack Kay, 35, of Buda, Texas. The other truck was driven by Alvin Travis, 28, of Detroit.

• • •

The accident happened when the trailers made left turns into each other at the crossroads, according to Pontiac State Police. The investigators estimated the truck damages at $1,100.

Labor Columnist Still Crusading Despite Blindness

NEW YORK (AP)—Victor Riesel, crusading labor columnist blinded by an acid attack, urges a congressional probe of "the underworld of the labor movement."

At a hospital news conference yesterday, six weeks to the day after an unidentified assailant threw sulphuric acid into his eyes, the 41-year-old syndicate newspaper writer said:

"There has got to be a federal investigation of labor racketeering which infests unions.

"It should be by friends of labor, like Senators Paul Douglas (D-Ill), Irving Ives (R-NY) or Styles Bridges (R-NH), or their counterparts in Congress.

"If it is carried on by men of good will it will command the respect of both sides, and the mobs can't say they're being persecuted by the government."

Wearing white surgical pads over his eyes, Riesel gestured vigorously as he talked with some 50 newsmen.

"I'm not sensitive about the fact that I'm blind," he said. "I can't see but I can hear and I can feel."

TO LEAVE HOSPITAL SOON

He said he expected to leave the hospital early next week.

"The day after I leave I will return to my office and my typewriter and will bang out my column as I always have," he said.

For the past years Riesel has been labor columnist for the New York Daily Mirror and about 190 other newspapers throughout the nation.

* * *

"I will write my column as long as people will read it," he said. "The same underworld crowd that hit me will be the same underworld crowd I will continue to fight.

"They have not scared me. They blinded me but it will not keep me from writing the same type of column as before."

Riesel said he was not indicting all unions, and he praised George Meany, president of the AFL-CIO. Riesel's column has been continued by his staff while he was in the hospital.

* * *

"The waterfront is not the only place you have a tough mob," he said.

He specifically mentioned the union of operating engineers, the construction trades, and the garment and teamster unions.

Early April 5, Riesel had just emerged from a Broadway restaurant accompanied by Miss Betty Nevins, an assistant, when an unidentified assailant threw acid in his face.

* * *

The columnist said he felt certain the attack on him was instigated by labor racketeers, "a warning to witnesses and others who might send them to jail . . . . They wanted to make me a walking and living symbol, obviously as a warning to others to stay away."

Trial of Solon's Aide Goes Up Before Jury

NEW YORK (AP)—The federal tax evasion trial of Mrs. Hattie Freeman Dodson, congressional secretary of Rep. Adam Clayton Powell (D-NY), goes to the jury today.

* * *

Both sides summed up yesterday before Judge Irvin R. Kaufman, who will charge the jury after a trial that lasted two weeks.

* * *

Mrs. Dodson is accused of evading payment of $5,000 in taxes from 1948 to 1952, and illegally collecting $2,000 in tax refunds. She also is charged with having listed false and nonexistent dependents.

Chaperones Seek End of Annual Capital Visit

WARE, Mass. (AP) — The ware school board indicated it may cut out the annual Washington visit by high school students after hearing chaperones complain the students don't seem interested in visiting the national shrines.

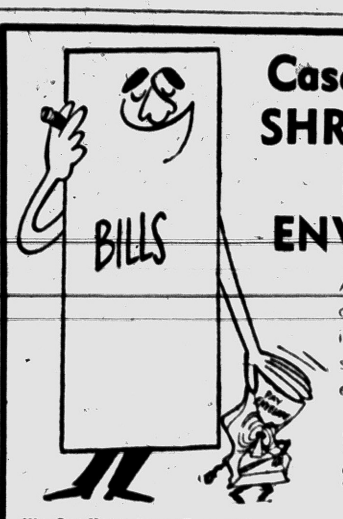

* * *

One chaperone told a hearing the students looked on thet rip as "a good outing."

Another said her main job was like "babysitting," waiting in the early hours for the pupils to return to their hotel.

* * *

Groups of Ware High School seniors have been taken to Washington on organized trips each year for the past half-century.

"Who's driving?"

Ambulance Man Meets Victim —His Mother

LOS ANGELES (AP)—The call to Georgia street emergency hospital said a passenger was injured on a bus.

* * *

Ambulance driver Dave Miller threaded his way through traffic with routine skill to the corner where the bus had been halted. Miller and his partner Eric Dodsley climbed aboard, and there Miller got the surprise of his life.

* * *

"What the dickens are you doing here?" he asked the victim.

"Do you know her?" inquired Dodsley.

"Do I? She's my mother," Miller replied.

* * *

Mrs. Sophie Miller, 84, wholl ves in suburban Venice, got a fast ride to the hospital, where she was treated for shock. The bus driver said a drunk going down the aisle had fallen on her and two other women passengers.

Know Your MICHIGAN

An exclusive 44-page edition of The Pictorial Magazine in next Sunday's Detroit News

SEE MICHIGAN—Builder for the Nation

Men and machines — in Detroit, the craftmen, the automation workers; Saginaw's foundries; Battle Creek's cereal empire; paper and drugs at Kalamazoo. See the heart of our nation's economy . . . learn to know your Michigan in The News' Pictorial Magazine next Sunday.

SEE MICHIGAN—Midwest Tourist Mecca

Here is why the nation's water-wonderland attracts an increasing number of tourists each year across the nation. Take this pictorial tour of some of Michigan's fabulous resorts that lure the tourist and the sportsman—in the 44-page Pictorial Magazine in next Sunday's News.

SEE MICHIGAN—Lifeblood of Industry

Learn how your state siphons iron and copper, salt, limestone, alabaster and other raw materials into America's industry. From the mining town of Calumet to the ghost town of Central, this special issue of The Pictorial Magazine describes the rich natural resorces around you.

SEE MICHIGAN—International Port

From the stevedores handling cargo on the Detroit docks to the Soo Locks, you'll see how Michigan's waterways hold promise of making your state an important international port—along with a pictorial visit to Michigan's little-known Cheboygan-Charlevoix inland waterway.

Detroit Woman Guilty in Slaying

Faces Life Sentence for Passing to Lover Pistol Used in Fatal Stickup

DETROIT (AP)—Because she took a boy friend a pistol with which he held up a bar and killed a policeman, 18-year-old Mrs. Allison Finley of Detroit faces the rest of her life behind bars.

• • •

A jury convicted her of both first degree murder and armed robbery in recorder's (criminal) court yesterday. A life sentence is mandatory for first degree murder.

Tense and white-faced, the young brunette shrieked "No! Oh My God, No!" when the jury announced its verdict. Hysterical, she had to be carried from the court room.

Carl Weideman, defense attorney, said he would appeal on grounds that intent was not proved. Recorder's Judge John A. Ricca set sentencing for May 31.

• • •

Mrs. Finley admitted to detectives that she took a gun to her boy friend, Charles Mattock, 26, last Jan. 17 at a bar. She said he had telephoned and asked her to bring it. She insisted she didn't know he was planning a holdup.

• • •

Both Mattock and Patrolman Sidney O'Connor were killed in a gun battle that erupted when O'Connor and another policeman walked into the bar in the midst of Mattock's holdup.

SKETCHES FOR CARS OF TOMORROW — Sketches of cars of tomorrow are shown by Harley J. Earl, (right), General Motors vice president in charge of styling, to Albert Bradley, (left), chairman of the board of General Motors, C. E. Wilson, secretary of defense and Harlow H. Curtice, president of GM, during a dedication day tour of the 330 acre GM Technical Center. Mr. Wilson was among 5,000 distinguished visitors from across the nation who attended the ceremonies and inspected the facilities of the giant new research and design center Wednesday.

4 Pontiac Area Men Join State Police

Four Pontiac area men were among eight from the state sworn in as probationary troopers of the Michigan State Police at graduation exercises held yesterday.

The local members sworn in were: Thomas A. Slais, of Walled Lake; Wallace E. Kobe, Farmington; William R. Head South Lyon; and Ralph M. Stites, of Ortonville.

The class numbered 105 and represented the second half of 200 new troopers authorized at the special session of the state legislature last November. The first half graduated April 6.

New troopers must serve a probationary period of six months before being confirmed in their appointments.

The state police are now recruiting 168 more men authorized at the recent session of legislature.

No Marriage Licenses After Noon Saturdays

DETROIT (INS) — Detroiters seeking marriage licenses may be disappointed if they apply at the County clerk's office on Saturdays after noon.

County Clerk Edgar M. Brannigan has obtained approval from Circuit Court to close his office at noon on Saturdays. Most of his business after that hour on Saturdays has been the issuance of marriage licenses.

Set Circuit Court Date for Guy L. Foster

A Pontiac man was bound over to Oakland County Circuit Court Thursday to face a statutory rape charge May 21. He is being held in Oakland County Jail under $1,000 bond.

Guy L. Foster, 22, of 299 W. Columbia Ave., waived examination at a hearing held by Justice Willis D. Lefurgy of Waterford Township.

Starting Out Wrong

WACO, Tex. (AP) — After 21 years as county clerk and three years before that as deputy clerk, Floyd Mitchell received his first hot check in payment of a marriage license fee. The bank returned the $2.50 check marked "Can't locate this account." Mitchell telephoned the address given on the check and nobody answered.

2 Lake Orion Men Hurt as Auto Rolls Over

Two Lake Orion men were treated for minor injuries at Pontiac General Hospital yesterday following a late Wednesday night accident on the Clarkston-Orion road in Orion Township.

Jack E. Ford, 20, suffered an injured right hip and Charles R. Harris, 19, of Lake Orion, received face lacerations and a bruised right foot. Both were released after treatment.

The injured pair were passengers in a car which rolled over while making a curve. The vehicle was operated by James R. Knight, 22, of Lake Orion. He told Oakland County Sheriff's deputies the car rolled over when he swerved to avoid a rock on the highway.

Bullets Hit Windows, Deputies Investigate

Oakland County Sheriff's deputies were called to investigate two incidents of bullets being fired through windows in the area yesterday. There were no injuries in either shooting.

The deputies found a .22 caliber bullet on the floor of an Avon Township home. The stray bullet had been fired through a screen and side door window and hit a curtain before dropping to the floor according to the report. Mrs. Janet Madden of Brookland Suburb told the men the blast had occurred late in the afternoon.

Investigators found a hole the size of a .22 caliber shell in a front window of a house at 5280 Oxford Rd., Oxford Township. The bullet could not be found and there was no hole in the wall opposite from the broken window, according to the deputies.

Veterans Warn About Magazine Solicitors

DETROIT (INS) — The Allied Veterans Council, representing 23 organizations in the Detroit area, warned today against magazine solicitors posing as veterans.

The council particularly warned against solicitors posing as disabled veterans.

Council Secretary Mike Whalen said many of the solicitations are "perfectly legitimate" until the solicitors start posing as vets. He said no veterans' group currently is soliciting magazine subscriptions.

Jaycees to Parade

JACKSON (AP) — Some 120 units, representing cities around the state, will march tonight in a "Parade of Cities" highlighting the annual Michigan Junior Chamber of Commerce convention. Some 1,000 Jaycees and their wives are expected at the two-day convention, which ends tomorrow.

Reuther Tells Group Economy Fouled Up

WASHINGTON (AP) — Walter Reuther says the American economy is heading into "trouble" because the wage-price-profit ratio is getting out of kilter.

• • •

Reuther, an AFL-CIO vice president and head of the United Auto Workers Union, said "tax policies of the Eisenhower administration are favoring big business and wealthy income groups." He complained too, that profits are too high.

Addressing the textile workers union convention, Reuther said last night "the pricing policies of America's great corporations continue to carry on the kind of scandalous hiking of prices even though their profits already are in the stratosphere."

Reuther accused the auto industry of over-production and over-pricing of cars.

Dodge Contracts Up

DETROIT (AP) — Construction contract awards in southern Michigan totaled $115,773,000 in April, 15 per cent below the same month a year ago, Dodge reports said. However, contracts in the first four months this year totaled $427,126,000, nine per cent over the corresponding period in 1955.

Can't Find Washboard

DETROIT (INS) — Jazz band leader Turk Murphy toured Detroit stores for a suitable instrument to uphold the traditions of his music. After a fruitless search, he said:

"They just don't make washboards like they did in the old days."

Hit and Move Mishap

PARIS, Ky. (AP)—Joe Gilvin woke in the wee hours to find that his boat had bounced into his garage, knocking out part of a wall. Parked on its small trailer near the street, the boat was struck by a passing automobile.

Teamsters Rap AFL-CIO Body

Truckers Endorse Men for Jurisdictional Spats With Big Union

CHICAGO (AP) — Sharp criticism of the AFL-CIO was voiced today by leaders of its largest affiliate, the International Brotherhood of Teamsters.

• • •

Delegates to the annual conference of 15 national trade divisions of the 1,400,000 member union unanimously adopted a resolution endorsing teamster officials in jurisdictional disputes with the AFL-CIO.

John English, teamster general secretary-treasurer, told the delegates that "We don't have to be afraid of the AFL-CIO."

He said the teamsters have more than 36-million dollars in assets and put more money into the AFL-CIO than any other affiliate.

• • •

Dave Beck, teamster president, said he would continue to take in "members who belong to the teamsters," despite protests by other unions against raiding.

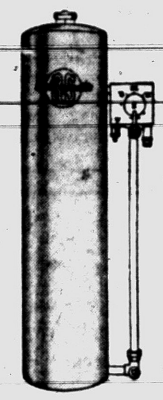

Beck said conflicts are inevitable because the teamsters are the only union to "criss-cross every single craft."

Taste of Own Medicine

OKLAHOMA CITY (AP) — Hugh G. Payne, general manager of the Oklahoma Medical Research Foundation, got a patient's eye view of the foundation hospital. Ill with bursitis, Payne checked into a hospital bed just around the corner from his office.

Buyers for every major brand purchasing leaf from Turkey's of American cigarettes have been high-grade leaf tobacco crop.

Dear Sally:

Remember when I told you I planned to modernize our kitchen, well I went down to the Michigan Fluorescent Light Co., at 393 Orchard Lake Ave. and they have everything, but everything that it takes to convert an old kitchen like ours into a time saving — work saving dream kitchen.

The people I talked to, were not just salesmen to give me just a good sales talk, but they were experts on kitchen planning, they made blue-prints, showing me exactly how my kitchen would look. Their displays of wooden kitchens and metal kitchens were out of this world. They also showed me how to decorate the room.

And Sally you should see the unusual light fixture they have. Come over soon and I know when you see our new kitchen — you will plan on having your own dream kitchen.

Democrats Attack Security Methods of Administration

By JAMES MARLOW

WASHINGTON (AP) — President Eisenhower started his security program three years ago this month. How has it worked? Democrats call it a "numbers racket." Republicans seem pleased with it.

But they have begun to tone down portions of the program under repeated attacks as too often unfair to individuals.

• • •

The public will have to wait until next year for anything like an impartial judgment: A special 12-member commission created by Congress last year to examine the program said this week it can't be finished before 1957.

This will hardly keep the politicians from kicking it around a bit in this year's campaign. But the Republicans won't be able to beat the Democrats over the head with the issue as easily as in the past.

BUT THEY WON

It turns out the Republicans themselves elected in 1952 with their charges of "Communists in government" and their attacks on President Truman's loyalty-security program.

When they won, they substituted their own program for Truman's but they oversold themselves on how good it was. When they put it in operation May 27, 1953, Atty. Gen. Brownell predicted all security risks would be out of the government by the following September.

• • •

But they kept on finding security risks, or so they said, and produced figures which they threw at the Democrats in the 1954 congressional elections in attempts to show that they had inherited a "mess."

The way the Republicans, particularly Vice President Nixon, used these figures angered the Democrats. Nixon, always a man for a colorful phrase, said:

'BY THE THOUSANDS'

"We are kicking the Communists and fellow travelers and security risks out of the government . . . by the thousands."

Last autumn Philip Young, chairman of the Civil Service Commission and the administration's chief custodian of figures on security risks, told a congressional committee:

• • •

1. Since the start of the Eisenhower program two years before, 9,270 persons had quit their government jobs or been fired under the security program but—

2. He had no breakdown on how many of the 9,270 were considered subversive and how many were alcoholics or sexual perverts or otherwise unfit for a government job.

Under the Truman program an employe whose agency head wanted to fire him could appeal to a special loyalty review board which could reverse the agency head.

Eisenhower wiped out this board. And Eisenhower gave each agency head broad authority for setting up his own standards for judging employes.

THE BERRYS — By Carl Grubert

Rangers Trying to Control Lightning by Seeds, Radar and Motion Pictures

WASHINGTON (INS) — Forest rangers, in an operation known as "Project Skyfire," are trying to control lighting today with such things as cloud seeding, radar and motion pictures.

Uncle Sam's fire fighters announced that experiments are beginning in Arizona's Coconino National Forest where lightning causes hundreds of blazes a year. It's the first known attempt of man to control the natural phenomena which causes lightning.

Forest service officials said scientists now know enough about the origin and makeup of lightning storm clouds to try the new project with hope for its eventual success.

The weather bureau, which is cooperating in the experiment, has mounted a mobile radar unit on a truck trailer to detect, track and analyze lightning storms. It will also be used to compare results of seed and unseeded cloud systems.

Motion picture cameras have been mounted on several towers to record the life cycle of lightning storms. By studying the behavior of the storms, the scientists hope they can eventually control lightning itself.

Government and private research organization scientists who will tackle the lightning-control project hope to have some idea by the end of July as to the ultimate success or failure of their experiments.

$50 MILLION DAMAGE YEARLY

Richard E. McArdle, chief of the forest service, emphasized that more than 6,000 lightning fires occur each year in western forests alone. The tangible damage has been estimated at more than 50 million dollars annually.

• • •

Silver iodide, which will be used in the experiments, is the same chemical used by scientists in cloud-seeding methods has been highly controversial. Some say it works while others say not.

A. A. Brown, chief of the division of forest fire research in the Department of Agriculture, said in an interview that silver iodide, which looks like a white powder, will be transformed into dust particles in the new experiments.

These particles will be carried—as smoke is—into lightning-producing clouds. The particles will also be dropped into the clouds by an airplane.

It was emphasized that actual cloud seeding will be on an exploratory basis only and will be limited to occasions when isolated lightning storms develop which are suitable for the experiments.

Locally-Sponsored Show Will Open Tuesday

The "World Pleasure Show," a carnival sponsored by the Marine Corps League and Amvets Post 16, is coming to Pontiac May 22-30.

It will be located on North Saginaw at Montcalm and will include 10 rides, four sows, and 40 concession booths.

Officer Finds Flaw in Reds' Army Cut

SAN FRANCISCO (AP) — Russia's announced demobilization of 1,200,000 troops means nothing without an arms inspection plan, Gen. Williston D. Palmer, U.S. Army vice chief of staff, said last night.

• • •

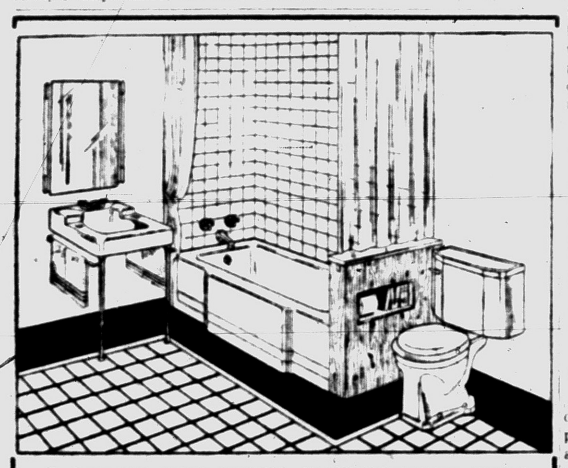

"No disarmament plan will be satisfactory as long as nobody can tell what Russia is doing in places nobody can see," Palmer told a press conference.

He said hydrogen and atomic weapons in no way reduce the Army's importance. He said the "mutually suicidal" nature of nuclear war made it increasingly unlikely any government will deliberately embark upon total disarmament.

What the Army needs, he said, is an increase in trained reserve strength, bringing it up to 1,700,000 National Guardsmen and reservists in addition to the 1,100,000 men in the regular Army.

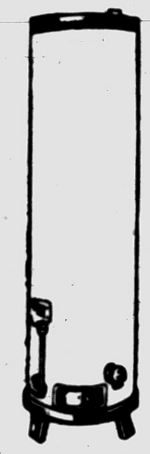

Reds Receive Apology

LONDON (AP)—Moscow radio reported that French authorities have apologized for an attack by hooligans on a Soviet book exhibition in Paris and promised to reimburse for the damage suffered.

Scientists Study Birds' Behavior

2 Major Forces Control Reactions of Majority of 'Feathered Friends'

WASHINGTON — Birds, like people, are creatures of habit.

• • •

If it were not for such things as weather and accidents, most birds would be as predictable as the swallows of San Juan Capistrano, which seem to come and go by the calendar and the clock. Or the puffins of Labrador, which give up a carefree life at sea at a definite time each spring to take up nesting duties ashore.

In general, a bird's behavior—migrating, singing, mating, building a nest, incubating the eggs, feeding the young—is controlled by two major forces, which apparently leave little room for the use of intelligence. These forces are described by Dr. Arthur A. Allen, emeritus professor of ornithology at Cornell University in "Stalking Birds With Color Camera," published by the National Geographic Society.

There is first the physiological control from within the body, apparently governed largely by the activity of the bird's pituitary gland. Second is the force from without in the form of what students of bird behavior term "releasers."

CHANGE THE SAESON

Most of the releasers are visual, Dr. Allen says, but many are associated with hearing, and a few are due to the senses of touch and smell. Thus the urge from within to migrate, breed and so on is not necessarily obeyed unless surroundings look, sound, feel or possibly even smell right.

Experimentally, autumn has been turned into spring for captive sparrows, crows, pheasants, and other wild species. Gland activity is stimulated by gradually increased doses of light in a manner corresponding to the lengthening days of spring. Hand-reared grouse and quail will actually produce eggs in winter; but birds trapped in the wild do not proceed quite so far, since nest building and egg laying are controlled by releasers which are not so easily supplied.

The birds that settle in the suburbs or provide a morning symphony even in the city do so because they find the surroundings fit the experiences of their youth. Others continue north to Canadian spruce forests or to treeless barrens of the far north, each because it must find the right combination of releasers on which Nature insists.

• • •

With song, plumage, and fancy strutting, the male contrives literally to raise the rate of the female's pulse. It is usually the female's job to build the nest. In most species, nest building appears to occupy the sixday period required for forming and developing the first egg. The instinct to build seems to come with the formation of the first yellow yolk.

• • •

Dr. Allen warns against the expression, "appetite like a bird's." During their period of maximum growth, young birds consume more than their own weight in food each day.

Really Just Judge

WAYCROSS, Ga. (AP)—Judge Cecil Roddenberry doesn't like to keep his court waiting. When he arrived seven minutes late at Ware Superior Court he explained he had thought court was supposed to open at 10 a. m. instead of 9. Then the judge rejected his excuse and fined himself $49—$7 for each minute he was late.

What Next for Blonde Driving Fire Wagon?

By EARL WILSON

NEW YORK—"I'll pick you up in my fire wagon about 11:30," Miss Russell Lee of Charlottesville, Va., and York, Me., said over the phone.

And a red hook-and-ladder pumper arrived with a pretty blond girl in a fireman's helmet at the wheel.

• • •

"My petticoats get in the way," Miss Lee complained, shifting gears.

I sat beside her as we clanged downtown and chugged to a stop in front of the Hampshire House.

Hollywood producer Bob Goldstein and Broadwayite Irving Hoffman had been waiting.

When the doorman had asked them a minute before, "Do you want a taxi?" they puzzled him somewhat by replying:

"No, thanks. We're waiting for our fire wagon."

Miss Lee, our fire lassie, was proving that an out-of-town gal can exist amusingly in New York.

She lived two weeks in a 14th Street store window. She also lived with 300 turkeys in a warehouse for several nights, and the things she could tell you about turkeys!. Miss Lee is a female Jim Moran.

The fire wagon—which is authentic—belongs to Holiday Magazine, and is to be given as first prize in a contest among ad agency people who are trying to figure out which ad executives look like their baby pictures.

"You mean," said Hollywood visitor Goldstein, "they're putting up all those beautiful buildings for people to sit in and think up screwy ideas like that?"

★ ★ ★ ★

Miss Lee, a 1950 graduate of the University of Virginia, who taught high school history for a year, hopes to become a TV actress. I forgot to tell you she also carries one of those baby fire extinguishers and recently lit a match to a $10,000 bill and put out the fire. Honest!

Key Norton, in 21 after her marriage to Bob Sylvester, told friends, "Not Kay—MRS Sylvester, please!" . . . Gina Lollobrigida arrives about June 2 for the "Trapeze" premiere . . . Jana Mason was in the new Wizard of Schnozz's show at the Copa Thursday.

Tullulah Bankheal peeled off and displayed her black and blue marks (from the Follies) to friends at her new home. She got 'em dancing. . . . Duo. Giselle MacKenzie and here manager, Shuttleworth . . . Rita Gam isn't seeing anybody . . .

Don Ameche, heading for LA soon, with "Silk Stockings," may find himself rediscovered by Hollywood. . . . Buddy Hackett follows Mae West into the Latin Quarter: a sudden booking.

EARL'S PEARLS . . .

A smart fellow is somebody who, when somebody hands him a lemon, makes a lemon pie out of it.

WISH I'D SAID THAT: "A botanist is a man who knows all about flowers; a florist is a man who knows how much people will pay for them."—Lebanon, Kan., Times.

TODAY'S BEST LAUGH: "This picture's terrible!" the Hollywood producer snorted. "Let's give it a big build-up!"

It's a description of a disliked Broadway character: "If he had his conscience removed, it would be a minor operation." . . . **That's earl, brother.**

Wayne's Daughter, 20, to Marry Law Student

HOLLYWOOD (AP) — Actor John Wayne's 20-year-old daughter Mary Antonia (Toni) and law student Donald L. LaCava, 27, will be married May 26.

• • •

After the wedding, at Blessed Sacrament Church in Hollywood, the young couple plans to set up housekeeping while LaCava completes his studies at Loyola University Law School, Los Angeles.

There's Gold in That . . .

The highest navigable body of water in the world is 12,500 feet high Lake Titicaca between Peru and Bolivia. According to legend, an immense siold gold chain which the Incas hid from the plundering Spanish conquistadores is at the bottom of this lake whose waters never freeze or rust steel.

Ex-Lover Denies Hand in Slaying

Massachusetts Mother Continues to Implicate 'Another Person'

NEWBURYPORT, Mass. (AP)—"So help me God, I didn't do it," declared Arthur G. Jackson, 24, last night as testimony continued to pile up before a grand jury reinvestigating the murder of his lover's husband.

Jackson issued the statement through his attorney George Karelitz from his cell in Salem Jail, where he is serving three years for adultery with Mrs. Lorraine Clark, 30.

• • •

Mrs. Clark was sentenced to life 18 months ago after she pleaded guilty to murder in the second degree in the shooting death of her husband and father of her three children, Melvin Clark Jr., 29.

Jackson's statement followed by a few hours Mrs. Clark's appearance for the second consecutive day before an Essex County grand jury reconsidering the entire case.

NEW EVIDENCE?

The case was reopened by Atty. Gen. George Fingold, who said he has new evidence implicating "another person." He did not name the "other person."

Mrs. Clark originally said that she and she alone, killed her husband and dumped his weighted body over a bridge into the Merrimack River not far from the Amesbury lakeside cottage where the Clarks lived.

Authorities indicated that Mrs. Clark now is telling another story — one that implicates another person.

• • •

She spent four hours before the grand jury yesterday and when she emerged she was shaking and trembling and there were tears in her eyes.

There was no indication what she told the jurors. All testimony before grand juries in Massachusetts is secret.

New Title for Judge

CARTHAGE, N. C. (AP)—A juror arose in Moore County Superior Court and addressed the bench, "Your honoress."

Susie Sharp, North Carolina's only woman Superior Court Judge, said later she had been called many things, but never that.

And Judge Susie, who is not adverse to quaint expressions, added: "It sounded to me like he'd hit on a right good expression, and I couldn't fault him for that."

That's a Lot of Hay

DES MOINES (AP) — So many visitors to the Veterans Auditorium, which can seat 15,000 spectators for high school basketball championship finals, say: "I'll bet this building would sure hold a lot of hay," that Manager Horace Strong decided to do something about it.

He figured the hay-holding capacity two ways.

The answers: Loose hay, 17,440 tons; baled hay, 54,480 tons.

Marathon Introduction

DETROIT (AP) — Writer-critic Russell McLaughlin rose to introduce guest speaker Tom Patterson, founder of the famed Shakespeare Festival at Stratford, Ont., and talked for two hours. An audience of 400 listened intently to impromptu remarks on bear baiting and Roman roads. Then Patterson, delayed by weather, arrived and talked for another hour.

Hal Boyle Says:

Busy Woman, 86, Reflects Mountain Spirit

BURNSVILLE, N. C. (AP)—The Southern highlands are full of wonderful old ladies with memories as green as a hemlock tree and an outlook on life as durable as an oak.

• • •

A fine example is Mrs. Julia Wray, who is 86 years old, weighs 185 pounds, and has 17 rocking chairs on her front porch.

TOP INNKEEPER

Mrs. Wray, who wears her age as lightly as a summer gown, is the queen bee innkeeper of this part of the Blue Ridge Mountains. She operates the Nu-Wray Inn, one of the best-known hostelries in the hills, with the help of her son, Rush, and daughter-in-law, Jane.

• • •

The inn, originally built in 1833, was bought by her father in 1870. In the years since then Julia grew up, married, raised five children and, in 1932, became a widow. The inn grew, too, from 8 rooms to 40.

A proud-spirited lady with eyes still as blue as a mountain sky at noon, Mrs. Wray never leaned on anything in her life until recently she had to start using a cane, which she detests. She loves to recall changing times, changing customs, changing prices.

• • •

"I first remember when we would put up a man for the night and serve him supper and breakfast — all for a dollar," she said, and added smiling: "Some people even kicked at that. They felt we ought to give them a prize for coming."

FAMOUS DINNER

Today folks often drive a hundred miles for Mrs. Wray's famous $2.50 Sunday dinner, served family style. There is no menu—but no lack of choice.

Here is what the guest usually finds on the table:

• • •

Hickory smoked country ham, chicken and dressing, rice and gravy, garden lettuce wilted down with bacon dressing, buttermilk biscuits, a salad plate, cole slaw, vine-ripened tomatoes, and—

Green peas, home-baked beans, corn pudding, candied yams, mashed potatoes with cheese, summer squash, turnip greens, navy beans, corn bread, country butter, apple butter, and—

Watermelon rind pickle, chow chow, sourwood honey, blackberry jam, homemade pie, buttermilk, sweet milk, iced tea, coffee, ice cream and fluffy homemade chocolate layer cake.

TRY EVERYTHING

Guests often make a game of sampling everything on the table, and this pleases Mrs. Wray.

"Young people don't look too bad if they're a mite thin," she said. "But older people don't look so well unless they have a little flesh on them."

"People used to work harder in the old days. They were out in the open air more, and their stomachs could digest an iron wedge.

"I don't think people are as healthy and well now as when I was young. We didn't seem to have all these new modern diseases and viruses."

HARDER WORK

Mrs. Wray has an idea this generation would feel better if it worked harder and worried less. She herself usually still gets into the kitchen each morning before the help arrives. She puts up hundreds of jars of fresh fruits and vegetables — "I never used store-bought preserves in my life" — and supervises the smoking and dipping of 300 country cured hams each year.

• • •

When I asked her the secret of her vigorous serenity at 86, Mrs. Wray looked surprised that anyone should think achieving the age of 86 was in any way remarkable.

"Why, I always done my part," she observed mildly, "but I was always the sickly one in my family."

Mountain people are instinctively modest and honest. A puzzled expression came over Mrs. Wray's fine, sturdy, time-lined old face as she mentally reviewed her long lifetime to see if she deserved any personal credit for her longevity. She decided she didn't.

"Maybe," she remarked, her eyes softening, "I was left here for a purpose I don't understand."

• • •

In the mountains God always gets his due.

State Residents Urged to Note Michigan Week

LANSING (AP)— Gov. Williams today called on Michiganders to count their blessings during the period May 20 through 26 which he formally designated Michigan Week.

He urged all citizens to pay tribute to their home state and to all the "opportunities for lucrative employment, the development of profitable enterprises, education, cultural pursuits and healthful recreation Michigan offers to those who live within its borders."

To Be Indian Princess

DETROIT (AP)— Pauline Wrightman, 18, will be crowned Princess of the North American Indian Club of Detroit Saturday. She is a full-blooded Chippewa and her Indian name is Za-Gaws-Ka-Qua (Lady of Sunshine).

Honor 'Man of the Year'

SAULT STE. MARIE (AP) — Top marine men of the Great Lakes states will gather tomorrow to pay tribute to John J. Boland Sr. of Buffalo, named as the lakes shipping industry's first "Man of the Year." Boland, who developed the self unloader system, will be honored at a banquet.

All Incumbents Race

GRAND HAVEN (AP) — In a joint statement issued Wednesday, all Ottawa County officials announced they plan to seek reelection this year. Deadline for filing nominating petitions for county partisan and non - partisan candidates is June 19.

Naaa, It Was Fun Leading Them a Merry Chase

CHICAGO (INS) — Billy, a mountain goat, claims to be the greatest wanderer of all time.

• • •

No one knows from whence he came but Billy, chased by 22 persons through Chicago yesterday, proved he knew his way around the town.

He was first seen by two Pennsylvania Railroad detectives in the rail yards at Canal and Taylor Sts. They gave chase.

Billy ran up a ramp into Canal Street where 20 other persons joined in chasing him through streets and alleys as far south as 16th St. and as far west as Halsted St.

He ran into a tavern. Startled patrons dropped off their stools. One customer, Russell Evans, 55, was knocked down when the goat tried to jump over him. Another customer seized the goat by the leg but let go when the tavern owner, James Vetros, cried out:

"No, no. Never catch a goat by the leg."

He let go and Billy fled through the rear door.

The goat finally ran into a fence where Vetros, in training to be a wrestler, applied pressure on a neck nerve.

• • •

The goat submitted and was taken to the Animal Welfare League.

Want Catholic Seminary

SAGINAW (AP) — Bishop Stephen S. Woznicki of the Saginaw Roman Catholic Diocese has asked a committee to study possibility of building a seminary for the diocese. A 19-member group was invited to make the survey.

What to WATCH for when selecting the most modern truck for your job!

You can start your "shopping tour" for a new truck right on this page! The salesman shown here is pointing out *modern* features that increase efficiency on the job and give you *more truck for your dollars*. So take a moment to follow him around in this on-paper demonstration. Then, when you go out after *your* new truck, you'll know what to look for and you'll know where to find it, too—right here, at your Chevrolet dealer's!

WATCH for concealed Safety Steps

Here's one mark of a truly modern truck! Chevrolet concealed Safety Steps stay clear of snow, mud and ice to give you firmer, safer footing. They're a big improvement over the old-fashioned exposed running boards still used on some "new" trucks.

WATCH for advanced Work Styling

The long, low, forward-sweeping lines of new Chevrolet trucks provide *modern* truck beauty that's good advertising for your business. Each weight class has its own distinctive styling—truck appearance is job-tailored to be *right* for your work!

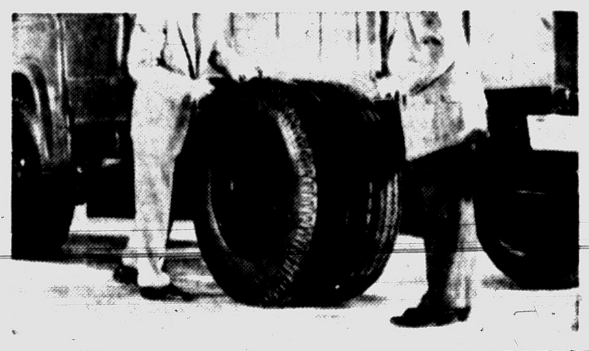

WATCH for modern visibility

Another sign of modern truck design is the Chevrolet panoramic windshield. A full 1000 square inches of safety plate glass makes viewing easier and safer. With Full-View rear window, an extra-cost option, visibility is virtually unobstructed, all around.

WATCH for High-Level ventilation

Here, the modern touch extends to the very air you breathe! That *high* intake receives air with a minimum of road fumes, channels it through a special chamber, where water is drained off. You get a more even flow of outside air in any weather.

WATCH for tubeless tires

Here's the greatest tire advancement of our time, now standard on all Chevrolet trucks! New tubeless tires minimize the possibility of blow-outs, retain air better when punctured, run up to 25° cooler, and last longer. They save you money on repair, too!

WATCH for modern cab design

You can recognize modern Chevrolet truck cabs by their *comfort!* There's lots of relaxing leg room, spacious head room and seat width to handle three big men without crowding. And the no-glare instrument panel puts everything within easy sight and reach!

WATCH for modern short-stroke V8's

There's a new V8—either standard or optional at extra cost—for *every* model. They're more compact, efficient engines, too—the leaders in their respective classes for horsepower-per-pound. You get low-cost hauling, weight-saving power to pull big loads!

WATCH for automatic transmissions

A great automatic transmission is available as an extra-cost option for whichever Chevrolet truck you choose! In 3000-4000 Series models, there's HYDRA-MATIC to bring you the ease of no-shift hauling. And for 5000 through 10000 Series models there's exclusive, revolutionary POWERMATIC!

WATCH for Ball-Gear steering

Modern Ball-Gear steering, featured in all Chevrolet Task-Force trucks, makes your job easier at every turn! In this precision steering gear, scores of polished steel balls minimize friction, keep steering light yet firm for quick, agile maneuvering. It's the next best thing to having power steering in your truck!

New Chevrolet Task-Force Trucks

Modern features such as those shown above are found everywhere in new Chevrolet trucks! Here are others you'll want to get acquainted with:

- Extra high-compression 6's—the world's most popular truck engines!
- Rugged Synchro-Mesh 3- and 4-speed transmissions!**
- Dependable 12-volt electrical system!
- New Triple-Torque tandem options!
- Great new 5-speed Synchro-Mesh transmission!*
- Safe, sure Twin-Action and Torque-Action brakes!

*Standard in Series 9-10000 models, optional at extra cost in Series 5000, 6000, 7000, 8000 models.

**4-speed Synchro-Mesh transmission is standard in 3800 through 8000 Series models, optional at extra cost in other 3000 Series models.

Anything less is an old-fashioned truck!

CHEVROLET

Drive with care . . . EVERYWHERE!

Bridge Parties Promote Beautification of Pontiac

Among the many homes opened for the dessert bridge sponsored by the Pontiac Branch of the Women's National Farm and Garden Association Wednesday was the Harold A. Fitzgerald home on Ottawa drive. Photographed as they arrived for the afternoon's enjoyments were (left to right) Mrs. Douglas Watson of Birmingham, Turry Welden and Mrs. Ralph W. Behler.

Pontiac Press Photos

Stopping the game long enough to have pictures taken at the Wednesday dessert bridge sponsored by the Pontiac Branch of the Women's National Farm and Garden Association were (left to right) Mrs. George Wellington Smith of Franklin Hills, Mrs. Herbert A. Fisher, Mrs. Alwyn W. Knight of Bloomfield Hills and Mrs. John G. Graham, also of Bloomfield Hills. Proceeds from the affair will be used to purchase shrubs to beautify Pontiac. The group above met at the home of Mrs. Clifford T. Ekelund on Ottawa drive.

Flowering Trees Given as Prizes

City Garden Club Sponsors Dessert Gatherings

Two years ago the Pontiac Branch of the Women's National Farm and Garden Assn. decided to do something that would really beautify Pontiac.

• • •

The idea was to have a benefit affair and give flowering crabapple trees as bridge prizes. These trees were to be planted by the winner, either at home or somewhere in the city.

And after finding strategic spots in the area—where the trees would be seen to best advantage—they planted them.

To date they have planted more than 700 trees, and they plan to do more. Not only do these members appreciate the beauty of the flowering crab trees, but many residents are able to enjoy the same effect.

• • •

Mrs. Walter Willman is chairman of the project and is working with the Pontiac Department of Parks and Recreation.

THIRD VENTURE

Wednesday was the third such venture. Members opened their homes for a dessert bridge, and the flowering trees again were given as table prizes.

Among those opening their homes were Mrs. Chauncey G. Burke of Birmingham, Mrs. Clifford. T. Ekelund and Mrs. Standish Sibley.

Mrs. Robert B. Oliver, Mrs. Benjamin Jerome Jr. and Mrs. John W. Fitzgerald of Birmingham also entertained.

Other hostesses were Mrs. Bruce Annett, Mrs. Howard B. Barker of Bloomfield Hills, Mrs. John P. Livingstone, Mrs. Harold B. Euler and Mrs. Harold A. Fitzgerald.

Prizes for the winners were flowering crab trees which are to be planted in Pontiac. To beautify Pontiac is the goal of members of the Pontiac Branch of the Women's National Farm and Garden Association. Among those admiring the shrub are (left to right) Mrs. Harold V. Lankey, Mrs. Douglas M. Campbell, Mrs. John C. Wright Jr. and Mrs. Walter Eis. They attended the party held at Mrs. Ekelund's.

Grouped together just before they began a game of bridge at the Ekelund home were (left to right, seated) Mrs. Donald Weddle and Mrs. Robert T. Lyons. Standing are Mrs. Royce Everett (left) and Mrs. James E. Graybiel.

Shower Honors Mary C. Wilson

Mrs. Henry M. McNalley of Rochester and Mrs. Bruce Frank of Franklin were cohostesses today at a kitchen shower honoring Mary Catherine Wilson at the McNalley home.

Mary Catherine, the daughter of the Cramer R. Wilsons of Birmingham, will marry Charles E. Whitney Jr., son of Charles E. Whitney of Birmingham.

Mary Catherine and Charles will be married in St. Mary Episcopal Church, Lake Orion, on June 30.

Delegates Chosen by VFW Auxiliary

At the recent meeting of the VFW Auxiliary 1008, delegates were elected for the department encampment being held in Bay City in June.

The delegates are Mrs. Loren Beach and Mrs. Frank Finkle. Mrs. Allen Hersee and Mrs. Florence Brown will serve as alternates.

Mrs. Beach, past president, was presented with a guard for her club pin, in recognition of her two-year service to the organization.

Lightweight Cottons Lavished With Lace

Combinations of lightweight cottons with rich, heavy laces are the choice of designers who use cottons lavishly and for the smartest evening designs.

Designers also tuck cotton into shell patterns, they pleat it, they ruffle it, and decorate it with rhinestones and beads for late-hour glamor.

Jewelry Goes to Head

This year jewelry goes to the head. Since all the Paris collections featured jeweled hair ornaments, American manufacturers have been turning out all kinds of fabulous glitter for the hair.

A few even anticipated the Paris trend with magnificently jeweled bobby pins and other ornaments for the chignon or the topknot.

Women's Section

FRIDAY, MAY 18, 1956 PAGES 20-23

Personal News of Interest in Area

Mr. and Mrs. Ronald Hersherburger and son, Terry Carl, of Berkley avenue are visiting in Phoenix, Ariz. They expect to remain in Phoenix until the early part of September.

• • •

Carol Ryan, daughter of Mr. and Mrs. Jack Ryan of Lansdowne avenue, was recently initiated into Alpha Mu Chapter of Delta Sigma Epsilon sorority at Central Michigan College.

Her roommate, Gail Bennett of Grand Blanc, formerly of Drayton Woods, was initiated into Gamma Psi Chapter of Delta Zeta sorority.

• • •

Eugene H. Pattison, son of Mr. and Mrs. Harry H. Pattison of Pontiac trail, was one of several students receiving special recognition at the annual Honors Convocation held Monday in the Alma College Chapel.

There are four pages in today's Women's Section

Eugene was named first as the recipient of the state scholarship to graduate school. In addition, he was named to membership in Lambda Iota Tau, national literary honor society, and in Phi Sigma Pi, scholastic honor society.

He received his certificate of election to "Who's Who in American Colleges and Universities."

Also receiving recognition was James F. Wagar, son of Mr. and Mrs. Frederick Wagar of Crittendon avenue, who was named to Phi Sigma Pi and also received his certificate of election to "Who's Who in American Colleges and Universities."

• • •

Rubin Tikka, son of Mrs. Elizabeth Tikka of Lari court, received a bachelor of education degree at the University of Alaska's 34th annual commencement exercises held recently.

• • •

Mr. and Mrs. Charles P. Selden (nee Loretta Maurer) of Corvallis, Ore., announce the birth of a son, Ronald Michael, May 13.

Grandparents of the infant are Mr. and Mrs. Arthur W. Selden of Cooley Lake road and the Rev. and Mrs. Richard Terwilliger of Whittemore.

• • •

Mr. and Mrs. Robert Burns of Third avenue are announcing the birth of a daughter, Shari Ann, May 15.

PHS Club Entertains at Dinner

Members of Office and Retail Group Fete Employers

"Maytime Is Thank-You Time" was the theme used by the members of the Office and Retail Club of Pontiac High School for their dinner Wednesday evening in the Hillside Room of Devon Gables.

• • •

One-hundred and fifty attended the affair which afforded members of the club the opportunity to extend their thanks to their employers, who were their guests.

Pati Govenis, general chairman, gave the invocation. Greetings were extended by Carol Bolton, who later introduced the toastmaster, Joe Dabbs.

The employers' response was given by Ralph Estridge and greetings from the Michigan Retail and Office Training Program were given by L. T. Thompson.

• • •

"Employer - Employe Relationship" was the subject discussed by Francis Schneider, manager-treasurer of the Chief Pontiac Credit Union, speaker of the evening.

MUST BE LOYAL

Mr. Schneider enumerated the requirements of a good employe and also of a good employer. He stated the importance of attitude which is a basis for our employment, and said, "We must be loyal to our employer, that loyalty is a must. Punctuality is also an important factor for both the employe and the employer.

• • •

"An employe should expect to learn three things from a good employer, he should know what his duties are, he should know how he is performing his work and he should know what progress he is making on the job."

Francis Staley, principal of Pontiac High School, presented certificates to students who have completed two to four semesters of on-the-job training in either offices or retail stores.

Committee chairmen for the affair were Jerry Peters, decorations; Connie Haaseth, hostesses; Joyce Watson, program; Georgina Vargo, favors; Joyce Thoe, invitations; Shirley Geyer, transportation, and JoAnn Chapin, speaker.

SHIRLEY HALL

Mr. and Mrs. Ira Hall of East Mansfield avenue announce the engagement and approaching marriage of their daughter, Shirley, to Kenneth Barnett. He is the son of the William Barnetts of Arkansas. The couple will be married May 25.

Grandparents of the infant are Virgil Burns of West Hopkins avenue and Mr. and Mrs. Theron Cochran of Royal Oak.

• • •

Mr. and Mrs. Richard L. Mineweaser of St. Joseph avenue are receiving congratulations on the birth of a daughter, Nancy Ann, April 20 at St. Joseph Mercy Hospital.

Mr. and Mrs. Leo Mineweaser of East Montcalm avenue and Mr. and Mrs. Edward M. Adams of Detroit are the infant's grandparents.

McCarroll PTA Holds Installation

Sarah McCarroll PTA met Wednesday afternoon at the school and installed officers for the coming year.

• • •

Mrs. Leon Woolverton installed Mrs. Reid Graham, president; Mrs. Orville Chambers, vice president; Mrs. Sidney Olson, secretary; Mrs. William Killen, treasurer; Mrs. Ferris Stevens and Mrs. Christian Schmidt, council delegates.

The afternoon program was presented by members of the speech and drama classes of Pontiac High School under the direction of Mary Parrish.

Barbara Kenney gave a dramatic reading, "St. Joan," and several exercises in characterization were presented by Janice Gain, Madaline Van Matre and Jack Larson.

Concluding the program was a one-act play, "Ladies of the Mop," presented by Gerine Smith, Doris Enbody, Pauline Logsdon and Carol Venner.

Following the meeting, refreshments were served by Mrs. Alvin Atwell, Mrs. Daniel Smith, Mrs. Stevens, Mrs. Harold Brabbs and Mrs. John Olson.

Mrs. Everett Peterson and Mrs. Wilma Pomeroy presided at the tea services.

Final Meeting Held by Whittier PTA

The final meeting of the Whittier School PTA was held at the school Wednesday evening. Mrs. Vida Walker, principal, introduced the special guests attending the gathering.

During the evening newly elected officers were installed by Mrs. William Wright. PTA pins were presented to Mrs. Madeline Brown and Mrs. Marie Drake in appreciation of their services to the organization.

Coming Events

Pontiac Rebekah Lodge 430 will meet tonight at 8 o'clock at 82 Perkins St. with degree practice after lodge.

Oakland County District Nurses Assn. will meet Tuesday at 8 p.m. at St. Joseph Mercy Hospital Nurses Home for annual meeting and election of officers.

Emor L. Calkins Unit, WCTU, will meet at Central Methodist Church Tuesday at 12:30 p.m. for a sack luncheon.

Pontiac Unit of WCTU will meet at Friendship Hall, Central Methodist Church, Tuesday at 6 p.m. for a family night cooperative dinner. The Rev. and Mrs. Robert Shelton, missionaries on furlough, will speak.

Two Engagements Spark Birmingham Social News

Mary L. Chritton and Diana Creighton Make Plans to Become Brides

BIRMINGHAM — Mr. and Mrs. Ernest F. Chritton of Lake Angeles formerly of Birmingham, announce the engagement of their daughter, Mary Louise, to Lawrence J. Conner Jr., son of Mr. and Mrs. Lawrence J. Conner of Los Angeles, Calif.

Mary Lou has been living in Los Angeles but plans a visit with her parents early in June. A fall wedding is being planned.

• • •

Another recently announced engagement is that of Diana Creighton to Francis David Lepper.

Diana is the daughter of Mr. and Mrs. Samuel Taylor Creighton of New York, who formerly lived in Birmingham. She is a student at the Parsons School of Design and has attended Kingswood School Cranbrook and the University of Indiana, where she was a member of Kappa Alpha Theta sorority.

Her fiance is the son of Mr. and Mrs. David Russell Lepper of Wyncote, Pa. He is a senior at Lehigh University, Bethlehem, Pa., and is affiliated with Lambda Chi Alpha fraternity.

• • •

Mr. and Mrs. James S. McCall of Flint (Margaret Horne of Birmingham) announce the birth of a son, James S. McCall Jr., May 11.

• • •

Mr. and Mrs. Marshall Fredericks of Waddington Road left Sunday for a month's stay in Oslo, Norway, where Mr. Fredericks will complete some sculptures in his studio there.

• • •

Mr. and Mrs. Thomas C. Yarnall of Suffield road have invited guests for a cocktail party at Oakland Hills Country Club the evening of May 27.

Mr. and Mrs. Yarnall are expecting Mr. and Mrs. Alvin W. Allen of Cedar Rapids, Iowa, for a visit the following week.

• • •

Mr. and Mrs. Walter J. Teninga have returned from a weekend visit with friends in Hinsdale, Ill.

• • •

Susan Roach and Martha Wallbillich were honored at a tea and shower given recently by Gail Glover in her home on Cranbrook road.

The two girls are brides-elect. Sue will be married June 9 to Richard Simpson of Dayton, Ohio, and Martha's fiance is William Chalfonte of Hutchinson, Kan.

Seven other girls, all members of Pi Beta Phi sorority at the University of Michigan, were honored at the same time. They all plan to be married this summer.

• • •

Mrs. Leigh Lynch of Traverse City, who formerly lived in Birmingham, arrived Wednesday to visit Mrs. Vance Day for a week.

Mrs. William Cushing drove down with Mrs. Lynch from her Glen Lake home for a brief visit at the home of her son and daughter-in-law, Mr. and Mrs. Frederick Cushing.

Mrs. Lynch is on her way East where she will visit Mrs. Don R. Almy in Redding, Conn. Together they will attend their 50th class reunion at Vassar College.

Mrs. Lynch will go down to Providence, R. I., for a visit with Mr. and Mrs. Emmett Morrisey and her grandson, Bill Lynch, before returning home.

• • •

Mr. and Mrs. Robert D. DenUyl will be hosts at a cocktail party Saturday evening in their Wedgewood drive home.

RETURN HOME

Mr. and Mrs. D. Blair Burleigh have returned home after a winter at Fort Lauderdale, Fla.

• • •

Mrs. G. S. Goodell will open her home on Tooting lane Saturday for a joint meeting of Detroit and Oakland County Smith College Clubs.

The meeting will celebrate the 75th anniversary of Smith College Alumnae Association.

Mrs. John R. Judd, chairman of the scholarship committee, will announce this year's winner of the scholarship award in this area.

Get Regular Checkups for Cancer

By JOSEPHINE LOWMAN

Do not be frightened by fear of cancer unless you have to be frightened before you will take care of yourself. In short, I suggest having semi-yearly physical examinations by your physician with special attention to the breasts and uterus.

• • •

Cancer of the uterus occurs only a little less often than cancer of the breast and is so easily discovered. The majority of these cancers are at the opening of the uterus rather than in its body.

The main thing to watch for is unusual bleeding. If there is bleeding or spotting in between regular menstrual periods this should be reported to your physician immediately; also if your period is abnormally long or heavy. There are many other reasons for these occurrences, but since they could be symptoms of cancer you cannot afford to take a chance.

Many women who are going through the change of life have made the fatal mistake of thinking of unusual flow as a normal part of menopause. They are fooled because periods are irregular during this time, anyway.

• • •

Just have regular checkups by your doctor and tell him of any unusual condition. Do not wait for abnormal bleeding but have a pelvic examination every six months anyway.

USUAL METHOD

A vaginal smear is widely used to detect cancer of the cervix. In fact cancers are sometimes discovered by this method before they are large enough to be found by any other.

• • •

Remember, too, that any vaginal discharge should be investigated immediately. When cancer is present the discharge is usually red or tinged with pink, but any discharge should be reported to your doctor.

Cancer of the uterus is one of the most prevalent and one of the most curable of all cancers.

Do not fear cancer of the uterus or breast but use intelligent preventative care so that it could be successfully irradicated should you develop it. Do not hide your head in the sand in these matters.

The American Cancer Society has volunteered to send a copy of its free pamphlet on breast examination to readers of this column. If you wish a copy of it send your request to Josephine Lowman in care of The Pontiac Press.

• • •

Tomorrow: "'Head of the House' Doesn't Like Her Bulging Calves."

Josephine Lowman suggests having semi-yearly physical examinations.

Banquet Honors Mothers

The Rev. George Mahder, pastor of St. Paul Lutheran Church, spoke on "The Sacrament of Baptism" at the Mothers' Banquet held in the church Wednesday evening.

• • •

Mrs. H. E. Earhart gave a reading, "Mother on the Bus," and Theresa Mahder recited a poem, "Mother."

Mrs. Emil Hagen led the community singing, followed by several piano selections by William Mahder and Theresa Mahder.

Mrs. Paul McMichael served as toastmistress for the affair with Mrs. Courtland Colling as general chairman.

Members made plans to sew the altar vestments for the new church. Mrs. Ben S. Hawkins will serve as general chairman for the project.

An invitation was received to attend a luncheon to be given at St. Trinity Lutheran Church at 12:30 p.m. Tuesday by the Auxiliary of the Lutheran Children's Friend Society.

Ancient Egyptians shaved not only their beards, but their heads and they ridiculed long-haired and bearded Greeks.

Children's Aid Society Plans Event

Foster parents and their guests will be honored at a dinner at Hotel Waldron Wednesday by the Michigan Children's Aid Society of Oakland County.

• • •

Cochairmen of the event are Mrs. N. A. Dondero and Mrs. Syver Thingstad. Invitations have been handled by Mrs. William A. Kennedy.

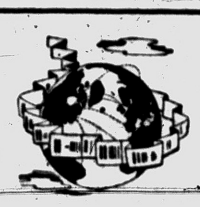

L. Harvey Lodge, Dr. Richard Galpin, Charles Hayner and Dr. L. Jerome Fink have arranged the program.

On the decorations committee are Mrs. Bert Norton, Mrs. Earl Braid, Mrs. Barney Habel, Mrs. Walter Reuther and Mrs. Ralph Mills.

• • •

The reception committee consists of Mr. and Mrs. W. E. C. Huthwaite, Oriel Endelman, executive secretary of the society; Mr. and Mrs. R. W. Steer, Mr. and Mrs. Milo J. Cross and Mr. and Mrs. Leonard Lewis.

U.S. industrial accidents cost an estimated 460 million dollars a year.

Sorority to Continue Project at State Hospital

Zonta Hears Camp Fire Executive

Members heard Mary Ellen Wyngarden discuss the Camp Fire program for girls at Pontiac State Hospital, when Zonta Club gathered Thursday at Hotel Waldron.

* * *

Miss Wyngarden, director of the Camp Fire Girls of Pontiac, told about the Child Psychiatry, program at the hospital, explaining its beginning, more than two years ago, and told how the program has been benefited by various clubs and organizations.

Ways in which the Camp Fire program aids in the therapeutic treatment were outlined, and Miss Wyngarden told of the field trips, cook-outs and cosmetic demonstrations in which the girls have been able to participate.

Rebecca Gould was guest soloist. She chose "Give Me Your Tired, Your Poor . . . ," "Come Out My Sweet," and "Annie Laurie" for her numbers. She was introduced by Mrs. Adrian C. Ish.

* * *

President Mrs. Fotis Takis announced the June 3 breakfast at which Sarah Van Hoosen Jones, a member of the club, will be speaker.

Guests of the day were Mrs. Artemas Holden of Milford and Mary Jolly.

The next meeting will be held at the Elks Temple with Mrs. Dorothy Brooks giving a floral demonstration.

Pontiac Press Photos

As the 350 delegates poured in the First Congregational Church Wednesday morning, the Rev. Malcolm K. Burton, (right), pastor, was snapped shaking hands with Dr. George V. Boleman of Royal Oak. The occasion was the annual state conference of Congregational Christian Churches held here Wednesday and Thursday. Dr. Boleman is chairman of the Department of Speech at Wayne University.

Springtime Parties Need Tasty Salad

Olives and Celery Add Crisp Texture to Smooth Gelatine

By JANET ODELL
Pontiac Press Home Editor

Feel like having a luncheon? Spring is a nice time for entertaining. Use Mrs. Donald Robertson's recipe for a Luncheon Salad, and you'll have half of your menu planned.

A diminutive person, Mrs. Robertson is happiest when she's surrounded by things pink and blue. She enjoys doing needlepoint, has several pieces of it on display in her new home. She also collects figurines.

Mrs. Robertson concentrates her club work in a child study group and in the December-February group of her church. She plays in several bridge clubs.

LUNCHEON SALAD
By Mrs. Donald Robertson

1 package lemon gelatine
½ cup chopped nut meats
2-3 cup grated cheese
½ cup crushed pineapple
1 cup boiling water
½ cup whipped cream
½ cup chopped olives
½ cup chopped celery

Pour boiling water over gelatine. Let stand until nearly firm, beat until creamy. Whip cream. Add rest of ingredients to gelatine, folding in whipped cream last. Let chill until firm. Serves 8.

Honored at Banquet

One hundred and sixty members attended a recent banquet honoring Mrs. Grace Pratz, supreme grand mistress of the LOLI of the United States. The banquet was held in the Malta Temple and guests attended from Ohio, Pennsylvania and Detroit.

Pontiac Press Photo

Pictured at the Divinity Dames luncheon in the First Congregational Church were (seated left to right) the Rev. Lillian Gregory, national secretary of Women's Fellowships, and Mrs. Malcolm K. Burton, wife of the local pastor. Standing were Mrs. John W. Claxton of Lansing (left) and Mrs. Harold V. Skidmore, wife of the state superintendent of Congregational Churches. The Divinity Dames is an association of the wives of ministers throughout the state. First Congregational Church was host to the annual state conference of Congregational Christian Churches Wednesday and Thursday.

Job's Daughters Has Initiation

At a recent initiation ceremony held by Bethel Five of the International Order of Job's Daughters, Susan and Ruth Ann Webster, Linda Olds, Janet Bolton and Jo Ann Morris were initiated.

Members participated in Friendship Night activities at Bethel 40 and Farmington Bethel 59 held recently.

The United States had 61 million cars and trucks registered at the end of 1955.

Mrs. Sweeney Is President

Election of Officers Held

Alpha Alpha chapter, Epsilon Sigma Alpha Sorority elected officers for the forthcoming year at their Thursday meeting held at the YMCA. Mrs. Benjamin Sweeney was selected to head the group.

* * *

Mrs. Sweeney's slate of officers includes Mrs. Elmer O. Johnson, vice president; Maxine Miller, recording secretary; Mrs. Marshall Rose, corresponding secretary and Ann Tierney, treasurer.

Mrs. Alex Morris, outgoing president, presided at the last meeting of the season.

Final plans have been made by the group for the annual formal dinner and jeweled pin ceremony June 14 at Devon Gables. Mrs. Sweeney announced that Mrs. Rudy Mazza, Mrs. Clem LaBarge, Mrs. Carl Rose and Mrs. Donald Moore are handling place cards and favors for the affair.

Maxine Miller, ways and means chairman, reported on the success of a recent money-making project. A discussion on the group's project for the coming year was conducted by Mrs. Ralph Wilson. The chapter will continue helping the Child Psychiatry department of Pontiac State Hospital.

Mrs. Reginald Rippberger is chairman of the annual summer dance June 9 at Sylvan Glen Country Club. Mrs. Edward Hummel, decorations chairman, announced a meeting at her home on Osage circle for May 24.

Mrs. Frank A. Jalosky, Jr. state president, announced the dates for the state convention as May 25-27 at Hotel Pantlind in Grand Rapids. State newspapers were distributed by Mrs. Fred Baumgartner, corresponding secretary.

* * *

Mrs. Donald Moore and Mrs. Ralph O. Allen will head the group's July committee for a midsummer social meeting. Mrs. Frank Oosterhof and Mrs. Edgar Plympton will head the August committee for a social meeting. Announcement was made by Betty Lou DeGroot, social chairman.

PTAs at Three Pontiac Schools Conduct Their Last Meetings of Year

Owen Has Installation of Officers

Linda Vista Inducts Leaders; Baldwin Enjoys Music

Three Pontiac elementary schools which have held their last PTA meetings of the year areOwen, Baldwin and Linda Vista.

Owen

PTA officers of Owen School were installed Wednesday evening. Mrs. Gordon Rice conducted the installation. Mrs. Eugene Chisholm, incoming president, was presented with her president's pin by Mrs. Cleatus Garner.

PTA committee members are Mrs. Robert Baldwin, program, Mrs. Ross Tenny, publicity; Mrs. Horace Sudbury and Mrs. Clyde White, homeroom mothers: Mrs. Edwin McPherson, Mrs. Wayne Newcomb and Mrs. Donald Richmond, hospitality.

Others are Mrs. Garner, Mrs. Roy Castor, Mrs. James Bennett and Mrs. Merrill Stephens, finance; Mrs Cecil Mills and Mrs. Ray Ingamels, membership and Mrs. John Giles and Mrs. Freeman Barber, PTA magazine.

Heading the health committee is Mrs. Elmer Vick, with Mrs. George Gibson as chairman of adult education; Mrs. John Maxwell, juvenile protection; Mrs. John Cox, safety; Mrs. William Vanderzee, legislation; Mrs. Garner, scholarship, and Mrs. Oliver Drumheller, civil defense. Mrs. Rice is parliamentarian.

The PTA voted to make a financial contribution to the scholarship fund, and announcement was made of a luncheon planned for June 14 at the school.

Mrs. Chisholm, program chairman, presented the band pupils of the school. The school choruses, directed by Mrs. Hazel Gessinger, presented several selections.

Mrs. Vanderzee's third grade room won the attendance award.

Refreshments were served by Mrs. Castor, Mrs. Donald Redmond, Mrs. Everett Smith and Mrs. Sudbury, with Mrs. Homer Cowger and Mrs. Joseph W. Fonts presiding at the tea table.

Baldwin

The Honor Choir, the orchestra and the Baldwin Band presented a musical program at the Baldwin PTA meeting Thursday afternoon in the school gymnasium.

The choir sang six numbers and a group of sixth graders presented "Down in the Valley" accompanied by Martha Gaches and Karen Schultz on autoharps. Mrs. Harold Northon directed the choir, accpanied by Helen Barnett.

A medley of folk tunes was played by the orchestra directed by Robert Peterson.

The Baldwin Band, directed by Raymond Young, played several number selections, and a flute trio composed of Elizabeth Morris, Donna Rofe and Jennifer Marion also played. Gary Peace, Billy Cunningham, Dick Ayres and John West were members of a brass quartet. Ray Oxender played a drum solo.

Mrs. Donald Williams reported on the recent State PTA Convention. Mrs. Cyril Davis was appointed auditor. Newly elected officers were installed by Mrs. Peterson, and the president's pin was presented to Mrs. Roland Curtis, new president.

Mrs. Curtis and Mrs. Williams were named delegates to the Higgins Lake Conference June 25-27.

The Kindergarten Tea will be held June 7, with Mrs. Roscoe Newman and Mrs. Lawrence Proper as cochairmen.

On June 12 at 2 p.m. the 6A Tea will be held, with Mrs. Curtis, Mrs. Gaches and Mrs. Herbert Slaght in charge.

Another activity planned is the Mothers-Teachers Luncheon June 14 at noon. Mrs. Williams and Mrs. Sidney Ruff are cochairman. Assisting will be Mrs. Robert Bunce, Mrs. Thomas Folsom and Mrs. Fred Kempe.

Mrs. Robert Webb was chairman of the social committee for the meeting.

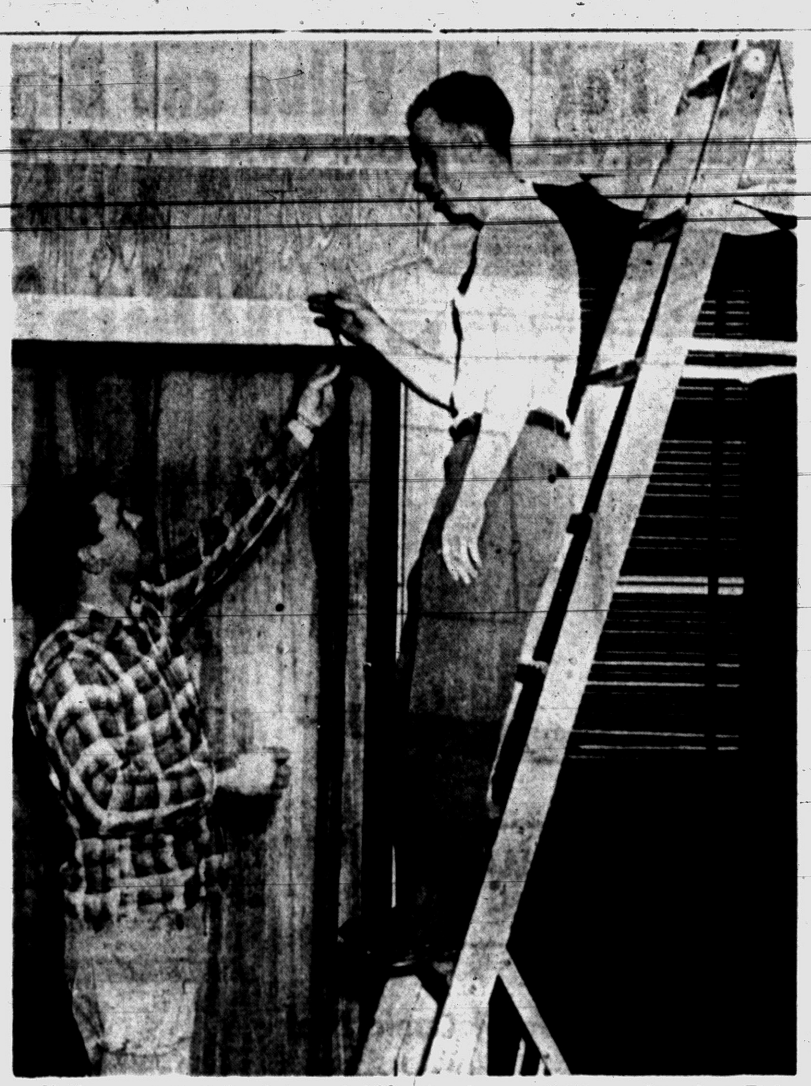

Linda Vista

Mrs. William Wright installed Linda Vista PTA officers at their Thursday meeting.

Installed were Mrs. Howard Kinman, president; Mrs. Anthony Van Linden, vice president; Mr. Van Linden, father vice president; Barbara DeWolfe, teacher vice president; Mrs. Arnold Thomas, secretary, and Mrs. Ray Hoffman, treasurer.

Mrs. Owen Armstrong, retiring president, was awarded a past president's pin and presented with a corsage in appreciation of her term as the school's first PTA leader.

The program, a social hour, was presided over by fathers of the PTA, with John Withrop as chairman. Refreshments were served by the fathers.

Uniforms doffed in favor of old clothes, Pontiac Patrolmen Leroy Hartman (left) and Thomas Larrison begin festooning the ballroom at Elks Temple for the annual Police Officers' Association dance at 9:30 p.m. Saturday. Tickets will be sold at the door to raise funds for charity programs and sports teams sponsored by the association.

Dinner Honors 3 Choirs

The fellowship of Grace Lutheran Church honored the members of the three choirs of the church and their families at a dinner Wednesday evening in the church.

• • •

Charles Turner served as master of ceremonies for the program. Dinner music was furnished by Carl Ellwell and his band, and Henry Elling led the group in community singing.

Participating in the program were Carol Ann Sluka, who gave an exhibition of baton twirling, and Mrs. Kenneth Goddell, who gave a pantomime, "A Fussin' and a Feudin'."

Kay Walser and Gwen Gallo presented a skit, "It Doesn't Pay," following which Laura Bowmaster gave a recitation, "My Favorite Sport."

"Noah's Ark" was the pantomime done by Barbara Terry, followed by a tap and ballet dances presented by Karen Buchmann and Shirley Hutchinson.

A recitation, "The Man in the Glass," was given by Judy Elwell. Concluding the program was a three-act show presented by the Pontiac Tumbling Club.

Mrs. James Forman directs the Children's Choir of the church and Henry Elling directs the Junior and Senior Choirs.

Entertains YTC

Joanne C. Deaver of Cottage street, president of the Ethel E. Little Group of the YTC, was hostess to club members recently. The group finished its study of the book, "Alcohol at the Wheel," and refreshments were served.

Girl Asks for Pointers on Traveling

She Inquires About Talking to Others, Wearing Hat

By EMILY POST

A reader writes me: "I am a young woman and am planning to go West very soon to visit some relatives. I am going alone and traveling by train. I will be on the train one day and one night.

"Never having made a long trip before, I would appreciate it very much if you will give me some pointers on behavior while traveling. For example (1) is it permissible to talk to strangers? Also, (2) is it proper to go into the dining car without a hat?"

Answer: (1) You may talk to another woman, of course, and also to a family. Whether you may talk to a man alone is a difficult question to answer because it depends entirely upon your astuteness in judging the type of person he is. (2) You wear one or not, as you choose. There is no rule.

"Dear Mrs. Post: My daughter is expecting a baby shortly. Her husband is in the service and she is with him in a distant city. A friend of hers would like to give a shower for her but, since my daughter cannot be present, I wondered if such a party would be proper.

"Is there such a thing as a proxy shower? If such a shower is possible, I thought it would be nice to have my daughter telephone (since she cannot be here in person) while the party is in progress and say something appreciative to the guests. Will you please give me your opinion of this."

Answer: It would be quite all right to give the shower, and I think it would be very pleasing to have her voice come over the telephone to greet her friends.

"Dear Mrs. Post: When going down a long receiving line at a wedding, is it necessary to shake the hand of each person?"

Answer: Not unless you know each very well and for that reason want to greet them all. Ordinarily, you greet the bride and bridegroom and merely bow to the others as you pass by.

Announce Betrothal

Mr. and Mrs. Adolph Eisenberg of Brooklyn, N. Y., are announcing the engagement of their daughter, Enid, to Daniel Allen. He is the son of the late Mr. and Mrs. Archie Allen of this city.

Eider-Down Quilts Washed by Hand

Wash your eider-down quilt by hand in lots of warm soap or detergent suds, repeating in a second tubful of fresh, clean suds. Rinse well, squeeze out extra water and hang the quilt in the shade.

Shake it often during drying. Last of all, beat it well on both sides with an old-fashioned carpet beater; this fluffs and distributes the down filling.

'Modified Modern'

Lamps this season are combining the simple lines of modern decor with the columns of classical designs for a 'modified modern' look suitable for either contemporary or traditional rooms.

Girl Victorious in Spelling Bee

Pennsylvanian, 13, Wins Over 62 Contestants for National Honors

WASHINGTON (UP)—A 13-year-old Pittsburgh girl, who turned to a concentrated study of spelling two years ago, won the 29th National Spelling Bee yesterday.

• • •

She is Melody Sachko, eighth-grader at Carrick Junior High. Runner-up was Sandra Owen, also 13, a seventh-grade student in Sugar Creek Township School in Justus, Ohio.

• • •

It was a second try for Melody, daughter of Mr. and Mrs. Charles Sachko. Two years ago the brunette girl finished sixth in the national event.

It was then, she said, that she took up a conscientious study aiming at another try for first place. The years of study paid off—with the championship title, $1,000, a gold cup and a weekend trip to New York. She outlasted 62 other contestants — a record number—through a maze of difficult and tricky words.

• • •

Melody won by spelling correctly "afflatus," after Sandra missed it, and by promptly adding one more correctly spelled word, "condominium," which means joint sovereignty.

MELODY SACHKO

Pakistani Ends Fast

DACCA, Pakistan (UP)—An East Pakistani political leader ended a 16-day fast yesterday with the arrival of a 9,850-ton shipment of American rice. Maulana Bhashani had been protesting the government's handling of a food shortage.

Architect Gets Award

LOS ANGELES (UP)—Clarence S. Stein, New York architect and community planner, has received the American Institute of Architects' gold medal, the organization's highest honor.

Florida Prison Riot Squelched

1 Inmate Killed, 11 Hurt in Fracas Over 'Beans' Complaint of Men

RAIFORD, Fla. (UP) — Prisoners who rioted at the Florida State Prison yesterday—with the result that one was killed and 11 wounded —were complaining about the food.

"They said they just didn't like those beans every day," Warden DeWitt Sinclair reported.

"Actually that wasn't the trouble," the warden added. "There were just a few hotheaded boys who wanted to start something and they had to find some excuse. I think they just talked the rest into it."

The riot was over within an hour. It started about 7:30 a.m. among 225 of the prison's 2,538 inmates.

They wrecked a canteen and armed themselves with soft drink bottles, and broke into the clubhouse on the baseball field and picked up several baseball bats.

When they entered the dining room building despite the continued warning of 12 to 15 armed guards, Sinclair, said, the guards opened fire.

Casmir J. Bonis, 31, who came to the prison only a month ago to serve a one-year term for desertion of his wife and infant son was killed. The shooting ended the riot.

Rhee Opponents Win 2nd Place

Irregularities Charged by Liberals, Democrats in National Election

By GENE KRAMER

SEOUL, South Korea (AP) — The chief opposition to President Syngman Rhee claimed South Korea's vice presidency today but voiced suspicion that the Rhee forces were trying to steal the election.

Rhee's Liberal party in turn accused the opposition Democrats of ballot irregularities and hinted it might ask for a nationwide recount of Tuesday's vote.

• • •

Chang Myun, Democratic party candidate for the No. 2 post, had a lead of 86,380 votes, with some 180,000 ballots still uncounted in the anti-Rhee stronghold of Taegu. The government suspended the counting in Teagu, and there was no indication when it would be resumed.

Unofficial returns put the nationwide vote without Taegu at 3,871,068 for Chang to 3,784,708 for Rhee's running mate, National Assembly Chairman Lee Ki Poong.

3RD TERM FOR RHEE

Rhee's election to a third four-year term was decided Wednesday, the old man taking 55 per cent of the presidential vote. But the presidency and vice presidency are decided in separate races, and do not have to be filled from the same ticket.

Although the vice president is largely a figurehead, the death of Rhee—now 81—would move the vice president into his place. Chang at one time was Rhee's ambassador to the United States and chief delegate to the United Nations, but the two men are not on friendly terms now.

• • •

Chang was in seclusion, his whereabouts a secret. His party said he would not attend the funeral tomorrow of his late running mate, presidential candidate P. H. Shinicky, Shinicky died May 5 while on a campaign tour.

Indonesian Chief Prefers 'U' Instead of 'OE'

WASHINGTON (AP) — The President of Indonesia prefers Sukarno as the spelling of his name, rather than the Soekarno generally used for many years.

• • •

During his visit here, the Indonesian Embassy specifically asked that all written mention of the President's name be in the form "Sukarno." The State Department agreed.

• • •

Ironically, some Indonesian government publications dealing with Sukarno's visit spell his name both ways.

• • •

The "Soekarno" spelling was a holdover from the days of Dutch domination of Indonesia. The "oe" sound in Dutch is pronounced like the U in "lute."

Now It's Potato Chip Bar, Fat-Free Potato Tidbit

WASHINGTON (INS) — Agriculture Department scientists have developed four new products to broaden the use of potatoes.

They are dried potatoes in flake form which make fluffy mashed potatoes, potato granules with greatly improved storage stability, a fat-free potato tidbit, and a potato chip bar.

Italian Bishop Dies

VATICAN CITY (AP)—Archbishop Giovanni Constantini, 75, brother of Celso Cardinal Constantini, died last night after a long illness. The archbishop was president of the Pontifical Central Committee for Sacred Art in Italy. He was titular archbishop of Colossae.

Max Beerbohm Sick

RAPALLO, Italy (AP)—Sir Max Beerbohm, 83-year-old British writer and caricaturist, was reported growing steadily weaker today. He has been confined for six weeks at the Villa Chiari Clinic with a heart ailment and gout.

Honey's healing magic is being used by a surgeon at England's Norfolk & Norwich Hospital. Some patients show hardly a trace of a scar after serious operations when the wound is dressed with honey.

Rochester Plans Festivities

Officials to Fete Visiting Mayor

Continue Carnival; Plan Big Brothers Chapter; Schedule Play

ROCHESTER — Along with the big Mayor's Exchange Program Monday, Rochester activities this week and next include a gay VFW carnival, a scheduled new play and the planning of a Big Brothers chapter for this village.

Mayor Adam Heinze of Manistique will be greeted with fanfare when he arrives at 9:30 a.m. Monday. Village President Clarence Burr, Manager Robert A. Slone and Councilman Frank Rewold leave for Manistique tomorrow for their part in the mayor's exchange program.

Mayor Heinze will be escorted by village officials and civic leaders on a tour of village and area points of interest during the day.

Kiwanis, Lions and Rotary have planned a banquet Monday night at St. John Lutheran Church, where the visiting dignitary will be feted.

The Jack Mason Post VFW 3908, who are holding a carnival on Woodward street, have been given an extension of time. The show will go on through Monday, with a matinee for children on Saturday at 1 p.m.

At a recent meeting of Oakland County Big Brothers held at St. Philip Episcopal Church, it was decided to have a unit in Rochester. The organization helps boys to make a satisfactory adjustment in their behavior patterns. Any men interested in doing a fine service with boys are asked to call the Rev. E. A. Lucas or contact Jere Gillette.

For the second time, the L. E. Smart Sale Barn on West Tienken Road will be used for a production of the Avon Players. "Blithe Spirit" is the spring play to be given on May 24, 25 and 26.

The first successful presentation given in the "big red barn" was "Miranda," staged for two nights with packed audiences in 1954. The players are now in their ninth year.

Set Kindergarten Open House at Waterford

WATERFORD VILLAGE — Waterford Village School Kindergarten Open House will be held at the School, Friday, May 25, from 9:30 a.m. to 12:00 and from 1:30 to 4:00 p.m.

This open house will provide an opportunity for parents of children who will start in kindergarten in September to enroll their child.

Birth certificates must be presented, establishing the fact the the child will be five years old on or before Dec. 1, 1956.

Area VFW Parley Set at Walled Lake

WALLED LAKE — Delegates of 35 VFW Posts in the Fifth District, Department of Michigan, will meet Sunday, at Walled Lake Post 3952 for the annual Spring Encampment.

National Junior Vice Commander in Chief Richard L. Roudebush, of Indianapolis, will be the speaker at the morning session at 10 o'clock. His report will explain in detail the recommendations of the Bradley commission and how they will affect veterans if adopted.

Election of officers will be the main order of business at the afternoon meeting.

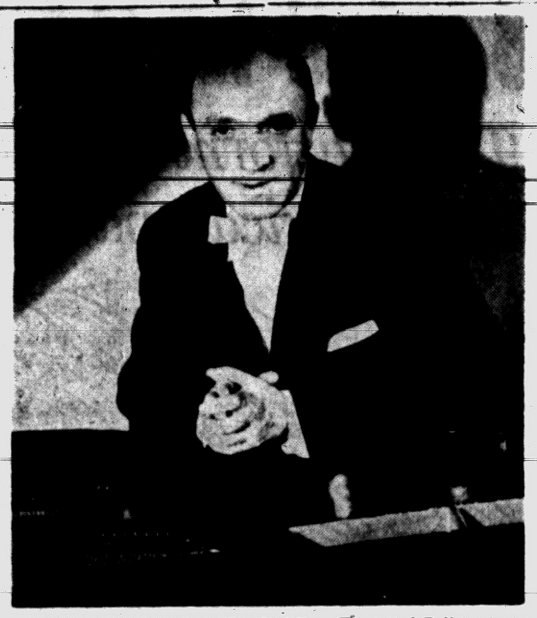

The Women's Auxiliary will start the all-day session with a membership breakfast at 9:30 a.m. Membership awards will be made at this time.

Schools of instruction for the new officers of the Auxiliary will be at 10:30 a.m.

Fifth District President Olamae Gottschalk, of Van Dyke, will preside at the 1:30 p.m. business meeting. Nomination and election of district officers will take place.

Burns to Death in Bed

WARREN (INS)—Fifty-five-year old Mrs. Rose Faroani, of Warren Township, burned to death yesterday while smoking in bed. A neighbor, Angelo Carboni, 56, was burned slightly trying to slap out the flames with his mands.

WILL PLAY AT ORCHARD LAKE — The noted Polish pianist-composer, Severin Turel, will appear with The Four Star Concert at 7:30 p. m. Friday, at Saint Mary's College, Orchard Lake. Well known in Poland before World War II, the artist returned to the stage after five years in a German prison camp. During his stay in the camp he practiced on a silent keyboard which was made by a carpenter from a piece of wood.

Couple Waylaid Husband Beat

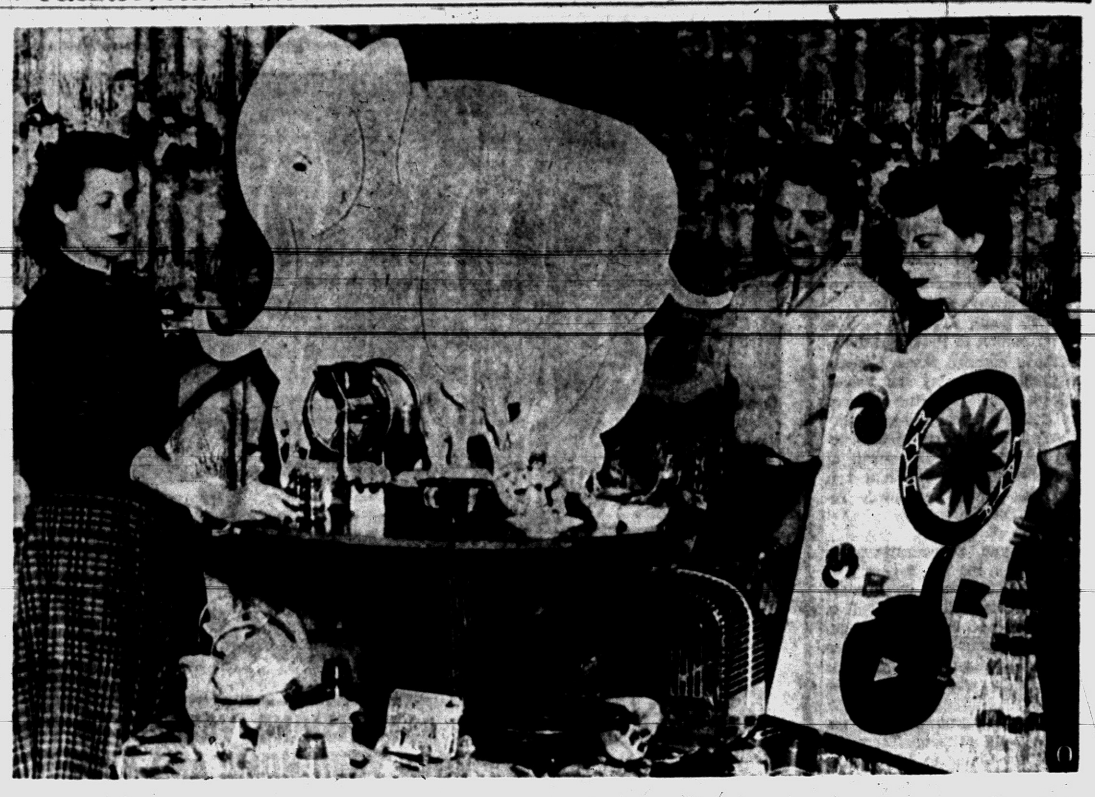

Thugs Spring on Them at Home, Pistol-Whip Man, Take Wallet

OAK PARK—Harvey Allen, 29, of 21950 Fern St., is in William Beaumont Hospital with bad facial lacerations and a possible skull fracture after being severely beaten by three men early this morning.

According to Oak Park Police, Allen and his wife, Arlene, 26, had returned from bowling and had just unlocked the side door of their home when the men sprang upon them from the back of the house.

They pushed the couple inside, where they severely pistol-whipped Allen and knocked Mrs. Allen down. Then they took Allen's wallet and left.

All three were armed with pistols and Allen was able to give a decription of them to police. According to hospital authorities, the victim's condition is poor.

Pontiac Press Photo

CARNIVAL TIME — Come rain or shine, the annual Four Towns Carnival, sponsored by PTA, will be held from 2 to 8 p. m. Saturday, at the school. A "kick-off" parade will take place at 1:30 p. m. About 25 booths are planned, not including outdoor activities, which will be under the direction of Stanley Sherman and his home room fathers. Above is white elephant booth. Pictured (left to right) are Mrs. George Burt, general chairman and Mrs. Harold Knisley and Mrs. Guy Poosch, project chairmen.

'Along the Way—U. S. A.' Concert to Be Tuesday

MILFORD — "Along The Way—U.S.A." is the title chosen for the annual spring concert to be presented Tuesday, at the Milford High School, beginning at 8 p.m.

Fifty-three choristers make up the High School Senior Choir, which is under the direction of Eleanor Beam. Pat Skarritt Aldrich will accompany the presentation.

A garden room on top of a resort hotel is the setting for the concert, and the theme is to tell of the groups' trip across the United States, in song manner.

The chorus is composed of the Senior Choir, All League Choir, boy and girl ensembles and soloists. Twnety-three of the group are graduating seniors.

The seven students to sing solos are Beverly Whitney, Mary Hoffrichter, Emily Shoty, Ted Hawley, Larry Williams, Diane Seeley and Benny Toncray.

Milford Board Lets Contract

Mechanical Work for $1,250,000 School to Flint Firm

MILFORD—Bids were opened at last night's Huron Valley School Board meeting for mechanical work on the new $1,250,000 high school which is now in the process of construction.

Four bids were submitted and Davanay Plumbing and Heating of Flint was awarded the contract. Their low bid was $366,767. The next low bid was submitted by J. A. Dart Co. of Mason with a $303,108 figure.

All plumbing and heating, including the ventilation system will be done by the Davanay firm and work will begin on Project A as soon as construction engineers are ready for the installations.

Church Sets Class Dinner

COMMERCE TOWNSHIP—Members of a Confirmation Class will be guests of honor at a dinner to be held at 6:30 p.m., Saturday, at the Commerce Methodist Church. The group will be confirmed on the following day, Pentecost Sunday. Invitations to the dinner have been extended to the members of previous Confirmation Classes and their parents.

5 Generations at Birthday Fete for Woman, 88

NEW HUDSON — Although she had no children of her own, five generations were present when Mrs. Emma Taylor of New Hudson celebrated her 88th birthday Wednesday.

At the birthday party held at the home of her grandniece, Mrs. Leslie Fordice of 5300 Highland Rd., Waterford Township, Mrs. Taylor counted two complete five-generation sets.

One combination included herself, her niece, grandniece, great-grandniece and great-great-grandniece. The other set included a grea-tgrand-nephew.

Five at Oxford Get Interlochen Scholarships

OXFORD — At the recent Oxford High School Band concert, scholarships were awarded to five students for All-State Band camp at the National Music Camp, Interlochen, July 9-22.

• • •

Gerold Dupon received the band's own scholarship for full tuition. The Oxford Rotary Club and Oxford Music Club awards of half-fees were given to David Teays, Ann Mathieson, Joanne Brady, and Barbara Mapley.

Lake Orion MOMS Plan Projects to Aid Others

LAKE ORION—MOMS Unit No. 38 will meet at 7:30 p. m. Monday at the home of Mrs. J. J. McKenzie of Clarkston Rd. The group is planning projects so they can send money to the vets hospitals, USO, and help some needy local family. Currently they are selling dish cloths.

New Program Orients Pupils

Huron Valley Students Guests for Preview at Highland

MILFORD — All of the 213 sixth graders in the Huron Valley School system were guests yesterday at the Highland School in a new-type orientation program.

The two groups from the Baker School in Milford and Brooks Elementary in White Lake arrived at 9 a.m. to expect as seventh of what to expxect as seventh graders next year.

According to Sanford Burton, principal at Highland, the children were instructed about rules and regulations of the building, course of study being offered, and just what kind of equipment is required for various special courses.

Lois Catlen, president of the Junior Future Teachers Club, gave a short talk about her group, as did Sue Bragg, president of the Junior Future Nurses Organization.

Gene Schuett, president of the Student Council, explained the importance of various group activities offered and the meeting was concluded with a tour of the building and garages.

Each child received a mimeographed floor plan of the school.

Board Certifies Four Nominees

Walled Lake Men Seek 2 School Board Posts in June 11 Election

WALLED LAKE—The Walled Lake Board of Education has certified nominating petitions of four candidates for the June 11 school election. Incumbents Joseph Long and Julius Nelson, both filed for re-election. The other candidates are Edward S. Paige and Norma A. Popek. Two will be elected for three year terms.

Contracts were approved for 11 new teachers at the recent board meeting. There are still 14 elementary and five junior high high school vacancies to be filled.

The school census is being taken. Those working to complete this task by May 31 are Mrs. Naomi Smith, Mrs. Barbara Enzor, Mrs. Barbara Goddard, Mrs. Priscilla Coe, Mrs. Elvina Moss, and Mrs. Alberta Freebury.

The cafeteria deficit for the months of March and April was reported as more than $1,900. The superintendent of schools was instructed to see that cafeterias were put on a paying business.

The board approved making application for an advance payment of $100,000 in state aid money in order to meet expenses.

However, the board denied permission to three parochial students to ride Walled Lake School buses. This is in accordance with the previously established policy, school authorities said.

Plan Baptism for Crescent Hill at Pontiac

WATERFORD TOWNSHIP—The Crescent Hills Baptist Church will hold baptismal services for new members at 7 p.m. Sunday at the Bethany Baptist Church in Pontiac.

Following this there will be an evangelistic service with the Rev. Ben A. Bohn preaching. Mrs. Ben A. Bohn will sing a solo.

Members of the church will meet at 6:15 p.m. at the parsonage and transportation will be provided for them.

School Issues Up for Metamora Vote

METAMORA — Electors in the Metamora School District will cast a "preference" straw vote Saturday to show which of two proposals they favor for solving local school problems.

Proposals at issue are whether Metamora could best deal with the problem of increasing enrollments by annexing to the Lapeer District, or by joining with Dryden and other districts to build a high school.

The preference election will be held from 3 to 8 p.m. in the Metamora School. All legally registered voters who have lived in the district for at least 30 days are entitled to cast their ballots.

Dinner, Installation Closing Music Season

OXFORD — The Oxford Music Club will conclude its season with a cooperative dinner and program scheduled for 6:30 p.m. Monday at the home of Mrs. V. E. Peterson.

Mrs. Clarence Borst has charge of the dinner and Mrs. H. B. Flumerfelt has planned the program.

New officers elected recently will assume their duties following this meeting.

They are Mrs. L. J. Kamm, president; Mrs. A. R. Harrison and Mrs. George Wood, vice presidents; Mrs. Gordon Mathie, recording secretary; Mrs. Mollie Letts, corresponding secretary; Mrs. Roger Oberg, treasurer; Mrs. Ray Howland, historian, and Mrs. John Hackett, reporter.

Name 4 Candidates in West Bloomfield

WEST BLOOMFIELD TOWNSHIP—Candidates for a three-year term on the West Bloomfield Township School Board in the coming June 11 election will be incumbent Mrs. Frances M. Leaf and Mrs. Mary Alice Couzens of 3590 Orchard Lake Rd.

A $960,000.00 bond issue proposal will also appear on the ballot. This is to cover the constructing of an addition to the high school, as well as an elementary school at the south end of the district, and either an addition to Scotch School or a new school to be built out in the west side. It will also include the purchase of sites and equipment.

Austin Chapter Slates Officer, Friendship Date

DAVISBURG — Austin Chapter No. 396, OES will hold its Friendship Night and entertain the Oakland County Officers on Tuesday at 8 p.m. at the Davisburg Masonic Temple.

First Communion for 11

ORTONVILLE — The St. Anne Mission of St. Joseph Church will have 11 children taking their Holy Communion this Sunday at 9 a.m., with the Rev. George Ging officiating.

The Voice of Madrid will soon be on the air from Spain's newest radio station.

Registration Set May 22-24

Walled Lake Districts Ask Parents to List Kindergartners

WALLED LAKE — Plans have been completed for kindergarten registration in the Walled Lake school district for all children who will be five years old on or before December 1, 1956. Registration will be at Wixom, Commerce, and Union Lake on May 22 and at Walled Lake elementary, Glengary and Twin Beach on May 24.

Prospective kindergarten pupils will be registered this spring within the existing boundary areas of the present elementary schools. Parents are asked to bring their children with birth certificates, to register at either the morning or afternoon session, the time dependent upon the session which kindergartners in their areas now attend. School buses will be available for transportation. Parents are encouraged to use the buses to help the children become acquainted with the idea of a school bus ride.

All schools except Glengary will have activities from 9 to 11 a.m. and from 1 to 3 p.m. on the designated day. Glengary hours will be from 8 to 10 a.m. and from 12:30 to 2:30 p.m.

The program, following registration, will include a welcome by the principal of the building, a talk by the kindergarten teacher, a welcome by the PTA president, a movie and a question and answer period.

Some Students Now Grandparents

40-Year Teacher Planning 'Retirement'

By VIRGINIA KAMM
Oxford Correspondent

OXFORD — Mrs. Marie Stoneburgh, a veteran of more than 40 years as a teacher in Michigan schools, the last 38 of them in the Oxford school system, has announced that she plans to retire next month from a regular teaching schedule.

The Oxford Education Assn., of which she is a charter member, will honor her with a tea from 2-5 p.m., Sunday, in the all-purpose room of the Daniel Axford School. All of her friends and former students, some of them now grandparents, are cordially invited.

Mrs. Stoneburgh, a five-foot bundle of energy and inspiration, began her teaching career in Ontonagon and then taught in North Branch for five years. She came to Oxford in 1918 and has taught in primary and secondary classes here, specializing for the last 14 years in seventh and eighth grade arithmetic.

In 1949 the Oxford Lions Club named her "Citizen of the Year" for her achievements. She has been an ardent supporter of the Girl Scouts, Oxford Baptist Church, and Oxford Music Club.

MRS. MARIE STONEBURGH

Her foster son, Leo Holmes and his wife, both former students of Mrs. Stoneburgh, now live in Lansing with their two small sons. With them and with her many community interests "retirement" will hardly be a fitting word—perhaps just "redirected activity" would be more appropriate.

Trash Pickups to Climax Drive

14 Trucks to Collect Rubbish Sunday in Final Keego Cleanup

KEEGO HARBOR — The "Clean Up, Paint Up Keego" campaign will reach its climax Sunday when some 15 trucks fan out over the city to pick up trash, waste paper, unwanted articles and everything but garbage.

The trucks, volunteered principally by private truck owners, will make the rounds of Keego streets from 9 a.m. to 12 noon Sunday. Pickups will be made, rain or shine.

Residents are asked to have their rubbish out at the curbs before 9 a.m. Sunday. Heavy metal should be placed in a separate pile at the curb, since the Keego Boys Club will make this pickup and sell the metal for scrap to help their club.

Cans and other small waste matter should be placed in containers, and large pieces of rubbish may be stacked at the curb.

A ribbon cutting ceremony will start the pickup drive. Trucks and cars will be distinguished by ribbons and colored streamers. All volunteer workers will be served with free coffee, sandwiches and donuts during the morning, according to Dr. Daniel Foxman, chairman of the drive.

A number of prizes, to be awarded to the houses judged tops in the clean up paint up drive, have been donated by local merchants.

These awards will be announced at a Chamber of Commerce public smorgasbord, scheduled for 7:30 p.m. Monday at Rotunda Inn. Guest of honor will be visiting Mayor pro tem Cecil Cupp of Hartford.

Local service clubs and organizations are working with the Chamber of Commerce to make the clean-up campaign a success.

Marlette Seeking New Postoffice Headquarters

MARLETTE—A new post office lease is being sought in Marlette by the Post Office Department. Bids for furnishing 1,800 square feet of space will be accepted up to and including July 16.

Occupancy of the new quarters by Aug. 1, 1957 is desired as Marlette has outgrown its present facilities, officials said.

WSCS to Install; Smorgasbord at Commerce

COMMERCE TOWNSHIP —The installation of WSCS officers of the Commerce Methodist Church will be held at 8 p.m., Thursday, May 24, in the church basement. A Flint district officer will officiate.

The business meeting will be preceded by a Smorgasbord of Sweets, arranged and sponsored by the Isabella Thoburn Circle.

At a recent meeting, th Barbara Heck Circle elected Mrs. Carolyn Embree, chairman; Mrs. Ada Dintaman, secretary - treasurer; Louise Paddock, sunshine chairman; and Mrs. Mildred Leighton, charge of devotions.

June Bible Schools Set at North Branch

NORTH BRANCH — Members of the local Methodist Church will conduct a Vacation Bible School at the church at 1:00 to 3:30 p.m. each afternoon from June 4 through June 8.

The Pilgrim Holiness Church parishioners will hold their Vacation Bible School from June 12 through June 15.

May Crowning Ceremony at St. Joseph Sunday

LAKE ORION — Sunday will be a special day at St. Joseph Church, Lake Orion. The religious "Ceremony of May Crowning," an outdoor processional in which all the children of St. Joseph School participate, culminating with the crowning of the statue of the Blessed Mother, will be held.

The ceremony starts at 7:45 p.m.

Plan Lions Pool Opening

MARLETTE — Plans are being made for the opening of the Lions swimming pool, the exact date to be announced later. Several improvements are in the planning stage by the Parks Committee and the pool manager, Alton Smiley.

Waterford Area Survey Begins

WATERFORD TOWNSHIP—Cooperation of business men in Waterford Township is asked by the Pontiac branch of the American Assn. of University Women, who are working on a survey of emergency housing facilities in the township, for use in planning for civil defense against air attack or natural disaster.

Mrs. J. Thomas Peterson, chairman of the branch's civil defense group, stated that 17 teams from the branch will be calling on all places of business within the next two weeks, seeking vital statistical data which will be tabulated to give a complete picture of the emergency housing in case of disaster in this area.

Information such as the following will be sought: Maximum sleeping capacity of building; type of heating system; source of water supply; number of outlets; kitchen facilities and suitablity of building for emergency housing.

The Oakland County Branch of Civil Defense, headed by Louis Jarrendt, is aiding the nearly 60 university women who are making this survey. His office will announce the final results of the survey shortly after June 1, after all information has been tabulated.

Two Churches at Marlette Set Bible School

MARLETTE—A union Vacation Bible School will be held through the combined efforts of the Methodist and First Presbyterian Churches, June 4-13 here.

The school will start at 9:15 and close at 11:30 a. m.

Songs, handicraft, Bible study and Christian fellowship are all to be a part of these ten days.

Less Maple Syrup in '56

LANSING (AP) — The Federal-State Crop Reporting Service said today Michigan produced 92,000 gallons of maple syrup in 1956, a drop of 10,000 gallons from 1955 production.

Troy Fetes Norm Barnard

TROY—Norman Barnard, whose long service to this community both as a township supervisor and later as a city manager, looked back last night with 160 of his friends at a dinner honoring him at Troy High School.

• • •

Two Suffolk lambs blatted a greeting to him as a high point of the program. The lambs looked down at Barnard and the assemblage from the state as Judge Clark Adams of Pontiac presented him their registration certificate.

Barnard has a herd of Suffolk registered lambs, and the city officials turned to that, his main free-time activity, to choose a gift.

City Clerk Lawson Lockhart secured the pair of lambs from an out-state herd on Wednesday, and laughingly heaved a sigh of relief as they went to their new owner last night. They had kept up a lonesome bleating on his property that prevented sleep for the Lockhart family.

The proclamation of yesterday as Norman Barnard Day by Mayor Frank Costello was presented to the resigning city manager, who has taken the post of clerk of the Oakland Board of Supervisors. Presentation was by Morris Wattles, of one of the oldest township families.

Brief speeches were given by Judge Adams and other city officials. John Truesdell, whose father High School, sang two numbers.

Holding the lambs on stage were the teenage sons of two city officials John Truesdell, whose father, Clifton, is acting as city manager until Barnard's replacement comes to work June 1, and Jim Lockhart, son of the city clerk.

Actor Faces Surgery

HOLLYWOOD (AP)—Actor Audie Murphy will undergo minor surgery today at Cedars of Lebanon Hospital, his studio announced. He will be absent from the Columbia Studios set for about 10 days.

New Bombay, India, athletic records for women were set when Miss Mary D'Souza sprinted 200 meters in 25.7 seconds and Renee Thornber threw the discus 32 feet 11½ inches.

Smaller Airports Predicted by CAA

ing a look into the future, sees a start toward smaller airports and toward atomic-powered airliners by 1965.

* * *

By that time, it predicted yesteday, the atomic power plants for commercial airliners will be "on the drawing boards ofscivil aircraft manufacturers."

* * *

And because the future will bring better planes, able to use shorter and narrower runways, "airports will stop growing in size about 1965," Caa said in a forward look to mark the occasion of its approaching 30th birthday.

Pension Benefit Bill Up Before the Senate

WASHINGTON (AP)—The Senate has received a bill to require full disclosure to the government on the handling of employe welfare and pension benefit plans.

* * *

In introducing the measure, Sen. Douglas (D-Ill) said annual contributions to these funds total

* * *

more than $6,800,000,000.

An investigation by his special subcommittee, Douglas said, disclosed "grave abuses and many opportunities for abuse" in the administration of some of these programs. A great majority, he added, were run honestly.

Tricks Fail to Move Rattlers From Porch

TAMPA, Fla. (AP)—A nest of rattlesnakes under H. W. Carpenter's house won't be dislodged.

* * *

Officers joined Carpenter in using numerous tricks known to hunters and snake trappers in trying to route a mama rattler and her brood from under the front steps.

* * *

They tried rifl efire, running a water hose into the nest, digging into the ground near the nest, and banging the steps with a piece of timber.

* * *

Nothing worked. The snakes are still under Carpenter's front steps.

Hollywood Headlines:

Bing's Girl, Kathy Grant, All Set for Another Film

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — Bing Crosby won't be seeing much of his best girl, Kathy Grant, in the next few weeks. She finishes "Guns of Fort Petticoat" with Audie Murphy at Columbia tomorrow and moves over to Universal-International to co-star with Tony Curtis and Martha Hyer in "Mister Cory."

It was Audie who sold Kathy to producer Ed Muhl, his boss at U. I. Murphy moved over to Columbia just long enough to make his first independent, the "Petticoat" opus. Kathy's test made a hit with Muhl who selected her over nine other candidates on a loan-out from Columbia.

She's a good actress and with or without all the publicity she's been getting as Bing's most serious romance, she's headed for a successful career on her own.

At the reunion of silent stars at Pickfair, Laura La Plante looked so young that producers who saw her have been coaxing her out of retirement.

She's all but signed to play Betty Hutton's mother in "Spring Reunion," in which Betty and Dana Andrews are co-starring for Kirk Douglas.

Laura, who is Mrs. Irving Asher, is now free to make a picture. When her daughter Jill and son Tony were little she devoted herself to them, but she tells me that Jill is teaching and Tony is in high school.

BOLIVIA PLEASED

The whole Bolivian government is back of Lester Cowan in the film 'Simon Bolivar," which he is making in Venezuela, Bolivia, Ecuador, Peru and Chile.

Cowan has bought the Bolivar biography by Enrique Campos, and the heads of all the countries where he'll make the Bolivar epic will be satisfied with nothing less than Ava Gardner for the femme lead.

The ambassador to Chile has sent her a personal letter, but unless MGM wants to release the picture I don't see South America getting Ava.

When Marilyn Monroe's picture, "Bus Stop," is completed the last of this month, her leading man Don Murray goes into Good Samaritan Hospital for chest surgery.

Don has a condition that has caused him trouble ever since he arrived in Hollywood because of a fluid that gathers in his lower chest cavity.

Don and his bride, Hope Lang, will have a religious ceremony before he faces the surgery.

LIVING APART

Although Judy Holliday has refused to define her marital status, even though it's obvious she and her husband David Oppenheimer, are living apart, she may have to talk one of these days.

David is being seen about New York with Ellen Adler, daughter of the well-known actress and drama coach Stella Adler.

Judy's pals know that she and Oppenheimer are separated. He has not been here, nor has she been in New York in months. It will be interesting to see what develops in the next few months.

Snapshots of Hollywood collected at random: Some of the big sugar in the Warner Brothers sale is the money contributed by Richard Baird and Charles Allen.

Milton Pickman is in England trying to sign Richard Todd for Distributing Corporation of America.

From the Garden Editor

We got to thinking this week about you poor flower lovers living in apartments with no garden facilities whatsoever.

* * *

Decided it's time to recommend porch or window boxes . . . easy and inexpensive to make . . . and so nice to enjoy for flower-hungry people who have to be satisfied with house plants.

What to plant? Two of the age old favorites that are low, colorfully gay, and annual, are petunias and geraniums. A combination of red and white or pink and white geraniums would be a bright sight to see outside your window as would some of the fancier new petunia strains.

Others you might want to try although we stress that you check directions and become acquainted with a flower's growing ways before you plant include ageratum, the flower with the silky ball-like blooms of fluff in shades of lavender, white and blue.

* * *

Pert bachelor buttons will be lively plants outside your window. More include easy-to-grow candytuft; coleus, dwarf marigolds and nasturtiums, pansies, verbena and vinca.

* * *

With a little care, your window or porch box should give you enjoyment into late summer and early fall and what a sight to behold when you glance outside. Apartment gardeners deem this type garden highly successful if a little care is taken.

* * *

Mrs. Henry Grillaert, 30 Lincoln Ave., called this week to tell us about her lovely magnolia tree. In full bloom, it was the delight of the neighborhood and passersby.

Vegetable Gardens Need Fertilization

Lyle Abel, county agricultural agent, tells how to fertilize vegetable gardens.

* * *

Apply a portion of the fertilizer, one to two pounds per 100 square feet before plowing or spading. Place two or three pounds (four to six cups) per 100 feet of row in shallow trenches two inches to the side and two inches below the seed.

For tomatoes place one-third pound (2-3 cup) in a circular trench around the plant, approximately five inches out from and five inches below the root cluster.

Such a method may also be used for other transplants but the rate of application should be relative to the square feet of space taken by each plant. It is assumed that each tomato plant would occupy 10 to 16 square feet.

Allow Growing Room by Thinning Seedlings

Thin out rows of seedlings in the vegetable garden ruthlessly to allow each plant plenty of growing space.

Carrots growing too thickly will be weak, spindly, unattractive things; beets will be deformed and even non-root crops will produce less.

AP Wirephoto

GOVERNOR SCRUBS — Washing the streets of Holland in honor of their 27th annual Tulip Time Festival is Gov. G. Mennen Williams complete in Dutch attire . . . including wooden shoes. Thousands of persons lined the streets to see the Governor take part in this activity. Millions of tulips are in bloom for the festival which lasts through Saturday.

FARM News GARDEN

System 200 Years Old

Perhaps the most famous botanist of all time was Karl von Linne, who, about 200 years ago, worked out a system for naming plants that is still used, says the American Association of Nurserymen.

It May Pay You to Rebuild Lawn

Avoid Same Mistakes by Checking Puddle or Pool Location

If you have been struggling in vain with a poor lawn, you might just as well do something drastic, such as spade it up and rebuild it.

If you do, however, be careful not to make the same mistakes again. If there are puddles or pools on your lawn for a long time after rain, you may need to lay drain tile or get a good layer of gravel under the topsoil.

If your problem is due to a hard-baked soil and the grass is thin and anemic, spading up or plowing followed by soil preparation and reseeding is probably the best procedure.

If limited areas, such as paths or low spots or areas under trees, get too packed, they can be loosened and cultivated, or opened up by aerating to a depth of six or eight inches.

You can do this with an ordinary spading fork, driven deep and worked back and forth to enlarge the openings.

Brush sharp sand or compost into the holes to attain better movement of air and moisture through the soil.

Many poor lawns are due to poor soil conditions and can be improved by a better feeding program. Use four pounds of plant food for each 100 square feet of lawn. If the grass is too thin, try plant food along with new seed.

If your lawn is bumpy, level it down, raking top dressing into the hollows or peel back the sod, filling in the hollow with good soil and replacing the sod.

A mossy lawn is usually due to poor drainage not to acidity in the soil as is widely believed. A mossy lawn may need a change in grading for improved drainage or raking and liberal fertilization.

Cultivate for Reason

There are two main reasons for soil cultivation by the home gardener: to conserve moisture in the soil needed by plant roots, and to keep down weeds which compete with cultivated plants both for soil moisture and nutrients, says the American Association of Nurserymen.

for a GREEN LAWN from Spring to Fall

fortified with F·T·E® (Printed Trace Elements)

USDA Plants a Warning on Pitfalls That Bloom for Green-Thumb Novices

PLANTING TIME IN THE OLD BACKYARD — A bush in the bag may turn out to be sticks stuck in the mud.

By KENNETH GILMORE
NEA Staff Correspondent

WASHINGTON (NEA) — Are you in this year's new crop of green thumb enthusiasts?

If so, beware the pitfalls that await aspiring back-to-nature suburbanites or window box city slickers. It's no fun when nothing the wrong thing or a small jungle comes up.

To assist amateurs through their spring and summer struggles, here's some fundamental advice from the Agriculture Department.

First off, don't get taken in by a shyster who sells you a bush he promises will bloom when it's in the ground. It may turn out to be sticks stuck in a burlap bag full of sand.

* * *

"The best policy for amateurs is to deal with well established firms or talk with gardening neighbors," says Dr. Victor Boswell, one of the Agriculture Department's top authorities on gardening.

"The American Nurserymen's Association is trying to clean out those people who take unfair advantage of novice gardeners, but there's always some guy who's trying to figure out a new angle."

* * *

Dr. Boswell believes people don't pull as many boo-boos as in years before, but plenty of new gardeners still make mistakes.

For instance, there's the hustler who heads for the hardware shop and buys every fancy gadget he can carry home.

"Actually the good gardener needs few and simple tools," says Boswell.

Then you have the grow-it-all-over-the-place guy who never has the heart to cut away excess shrubbery. Pretty soon his house is submerged in greenery.

"You've just got to screw up your courage and take out certain things," advises Boswell.

Next come the softies who pet their gardens to death.

"They're like some of these fellas who continually work on a car and it's always out of whack," says Boswell. "Well, you can tramp around your garden so much that you'll wind up doing it harm.

"For example, some people water their gardens all the time. This can be harmful. A good soaking at longer intervals is better than lots of light sprinkling."

* * *

Finally, "there's the fertilizer fiend. Expecting miracles, he lays on quantities of the stuff. The result is ruined vegetables or flowers.

"Don't guess at the amount of fertilizer you use. Be sure to distribute it according to directions," explains Boswell.

Here are other Boswell pointers:

Don't hoe too deeply. You're likely to disturb roots.

Don't run your rows up and down a slope. Keep them horizontal, otherwise they will help wash away the soil.

* * *

Don't sow seed too thickly. If you do, thin out your vegetables or flowers when they come up. "Join a garden club," is Boswell's parting piece of advice.

Pruning Cuts Must Be Flush With Tree Trunk

A surgeon's skill is necessary to a successful operation, whether the patient is human or arboreal.

Yet trees needing limb amputations frequently are exposed to the ministerings of well intentioned but uninformed amateur tree docs.

Cutting off dead limbs is fine, but they should be completely removed. Too often home tree workers figure that leaving a stub of varying length makes little difference. Professional pruning cuts are always flush with the trunk so that no sign of a stub remains.

As sap descends through the bark it nourishes all living cells. But wherever the downward flow is blocked the sapless area quickly dies.

If a stub is left after pruning, it is like an island in a stream. The sap will flow around its base but the stub itself will be left high and dry. First its bark will fall off, then the stub will decay and the decay will spread like cancer until the tree is seriously weakened.

Good Mulch Saves Lot

A good mulch around plants conserves moisture and nutrients, says the American Association of Nurserymen. Not only is it nature's method, but it saves a lot of work as frequent cultivation is no longer necessary.

Farm and Garden News

OUTDOOR LIVING AT ITS BEST — Formerly just a rectangular backyard with static lines, the garden now seems twice as large. The moving lines of the curve play against the angular side on the right. With the plants neatly confined, this terrace has become a place where the owners, their children and their guests gather constantly.

3,000 Tulips Bloom at Cranbrook House

Three thousand tulips are on display these days in the gardens and park of Cranbrook House in Bloomfield Hills.

These soldiers of spring are occupying a large sunken garden area with their bright blossoms which are set against a background of vine-covered walls.

This area is a part of 40 acres of formal and casual plantings which surround Cranbrook House. Gardens visitors may see not only tulips, but also flowering shrubs, imported statuary and a full acre of late blooming daffodils.

The gardens are open every Saturday and Sunday from 2 to 6 p.m. A small admission is charged to benefit the scholarship fund of Kingswood School Cranbrook.

Haiti exported 66,312 stems of bananas in 1955, well below previous years.

Time for Tomato Fever to Strike All Male Gardeners

AP Newsfeature

Tomato fever hits the average American suburuban male gardener about once a year.

The disease is highly communicable, and while never fatal can lead to complications.

One day the suburbanite is a normal commuter returning to his Mortgage Manor, and the next he's ready for soothing words to reduce the temperature of his ardor for tomatoes.

Probably the most popular of the home grown vegetables in the small garden, the tomato vine, when planted and tended properly, is a prolific bearer of the fruit.

While six well-cared-for plants will supply the average family with all of the tomatoes which possibly can be used on the table during the growing season, too often the tomato enthusiasm generates enough power to develop plantings of 12, 24 and even 36 plants.

• • •

Granted, if you have the space, and plan to chain the Little Woman to the hot stove during the hot summer months canning tomatoes and making catchup and relish large-scale plantings will pay off. Of course, the economy must include the amortization of canning equipment, jars et al, and proper storage space.

However, for the average home garden, here's a sample planting guide:

Prepare the soil area well by spading or forking to a depth of 8 to 10 inches. Work in some humus

or well-rotted manue to give good texture to the soil.

Buy a half-dozen quality plants from a florist, nursery or greenhouse. Buy the type which will do best in your area. Spend a few cents extra to get quality. Good plants will cost up to 75 to 80 cents a dozen.

Do not set the plants out until all danger of frost has passed and the ground has warmed up. Cold, soggy soil will delay growth and lead toward disease and failure. A good rule of thumb in northern areas is to await Decoration Day (May 30) for planting.

Trowel a hole big enough to receive the tomato plant roots, watering well. Use firm stakes about six feet in length, and set the stakes in the ground before you set the plants.

• • •

Place the plants about two feet apart in rows, and rows should be four feet apart. Plants should be tied to stakes with cloth or protected plant ties readily available in garden shops. Do not use cord.

Firm the soil around the plant, setting the plant in the soil a little deeper than it had grown in the nursery seed flat. Keep the soil moist. Try to do your transplanting on a cloudy day or in the evening to give the plants a chance to catch hold before they are hit by the hot sun.

Tomatoes should be planted in a sunny area, and never in the shade.

From the time of planting, the plants should be dusted with rotenone or an all-purpose dust, to combat disease. Trim the suckers from the plants—the suckers are growths between the plant stems and the trunk.

Pick the fruits as they ripen, and the plants will bear for the entire growing season — from about mid-July until frost, depending on the variety used.

Quizzing the Gardener

Q—What is the best way to keep evergreens to a desired height? We have three which I cannot identify in front of a picture window, and would like to keep them as they are.

A—While all young evergreens will tolerate top pruning for three to five years to keep them low, many which by nature want to become tree-like, will resent frequent shearing and give up in disgust. For planting in front of a low picture window use spreading evergreens such as andorra juniper, dwarf Japanese yew, evergreen bittersweet, leucothoe, English ivy, convex-leaf Japanese holly and canby pachistima.

• • •

Q—Why is agricultural lime so regularly recommended by the experts for the shrub and flower border?

A—A good liming supplies the soil with calcium which is necessary for the growth of healthy plant roots. When lime is thoroughly incorporated in the soil, the roots can extend wider and deeper into the soil.

• • •

Q—Will you suggest a few easily grown annuals to plant in a corner of the garden where sunlight is not too plentiful?

A—These annuals are tolerant of some shade: ageratum, nicotiana, balsam, celosia, impatients, cleome, torenia, vinca rosea and mignonette.

• • •

Q—Please send me complete literature on the pruning, spraying and general care of peaches.

A—This column doesn't distribute such literature. Consult your local county agricultural agent, who has excellent bulletins on the care of fruits. They are free.

• • •

Q—Water draining off our concrete patio stands in the lawn instead of seeping down into the clay soil. What can be done to correct this?

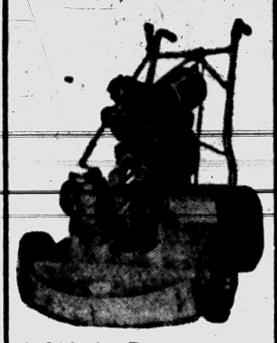

A—Install a drain line to the low spot, connecting it with a **downspout or storm sewer. Use 3- or 4-inch farm tile, and backfill trench to within an inch of the surface with slag or gravel.**

Q—The problem is a septic tank near which we want to plant a shade tree. Question is: What tree has roots which will grow down rather than to the side, and thus clog the tile in the filter bed?

A—Tree root growth is determined by the soil; if sandy, the growth is apt to be deep; if clay, then root growth is shallow and spreading.

115 Maple Trees Grow

There are about 115 species of maples growing in the U. S., says the American Association of Nurserymen.

With Down to Earth Performance

Spinaway

HEAVY DUTY MODELS

THESE SELF-PROPELLED Mowers, Models 26 and 31, is Spinaway's answer for all-purpose general duty use. Spinaway Model 26 takes a full 26-inch cut—Model 31 takes a full 31-inch cut. Both these mowers are unusually easy to handle. At normal speeds these models have a mowing capacity from 6 to 8 acres a day. They are powered by Wisconsin engines of 7 and 8 horsepower respectively.

Leaf mulcher attachment available on all models. Reverse gear optional.

From the Press Box

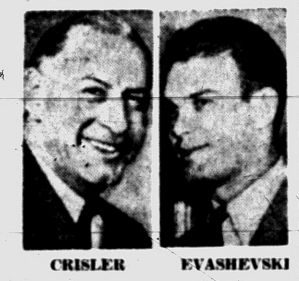

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

A faculty representative of the Big Ten last week brought up the proposal of having conference members play a round-robin football schedule.

His plan called for every school to play a 10-game schedule each season.

Nine of these games would be in the league against each of the other members, leaving one opening for a non-conference team.

One coach on record favoring the plan is Forest Evashevski at Iowa, but one of the opponents of the proposal is Fritz Crisler.

CRISLER EVASHEVSKI

★ ★ ★

Evy presents two strong points in his pro argument. The Big Ten title would be a championship of the entire league and not a half-crown, he contends, and in scheduling each school would be provided with a fair share of home games.

The former Michigan star uses his Alma Mater as an example. Evashevski can't see why Michigan should play six or seven games of a nine game schedule at home every year.

"In 1957 there are eight games scheduled for Ann Arbor," he protests.

★ ★ ★ ★

The stronger point of playing all of the Big Ten teams is the title-bearing argument of the round-robin proponents.

Last year's race is used as an example. Ohio State won the Big Ten title with a 6-0 record without having played Michigan State, Minnesota and Purdue.

The question then arises, could the Buckeyes have been able to beat these three teams under a full league schedule?

MSU MIGHT HAVE BEATEN OSU

MSU might have been able to gain at least a tie for the conference crown if it had played and defeated OSU. Of course this is just presumption, but as the Big Ten race goes every year it is doubtful any team could get through a nine-game league schedule without a loss.

"Only way the round-robin schedule would pass adequately in the conference would be if Big Ten schools tighten up and become rigid among themselves," said Crisler.

The opposition forces of the round-robin feel that the Big Ten would lose prestige by not scheduling games with inter-sectional rivals, and only one game would not be suitable.

★ ★ ★ ★

"If you play a schedule among yourselves how can you be compared with other teams," said Crisler. "Playing teams from each coast and the South gives room for sectional comparison, and gives the fan different brands of football," he added.

The round-robin idea has been brought up several times in the Big Ten, it will be interesting to see what band wagon the respective members get onto.

They will meet next week in Minnesota, and the round-robin is expected to be brought up.

DITTOS FROM THE PRESS BOX

One of the ever-growing concerns in our schools today is the physical fitness program on the elementary level.

Some of the interest probably stems from the showing of American athletes in the Olympics, but more realistic views are concerned with the health of the children.

It was shocking for many to read the recent survey of an international committee who learned in research that the United States was last among the top ten countries in the world in physical fitness.

Many readers have asked where some literature can be obtained dealing with physical education. A comprehensive little booklet printed from the report of the National Conference on Physical Education for Children of Elementary School Age is available from the Athletic Institute, 209 S. State Street, Chicago.

MAPLE MILER — Carrying Birmingham's hope in the distance event of the state track meet at Ann Arbor Saturday, is senior Doug Wuggazer.

Prep Trackmen Head for State Finals

By BILL CORNWELL

Five Oakland County regional champions in three classes, headed by the sparkling Pontiac Chiefs, will invade Ann Arbor and East Lansing Saturday in quest of MHSAA state track and field championships.

• • •

Although Pontiac's powerhouse is virtually conceded its 2nd consecutive crown in Class A competition at the University of Michigan, other strong 'A' squads will attempt to refute the claim that the Chiefs are invincible.

Pontiac's No. 1 opponent from this area is Birmingham, which has won 19 straight dual meets. The Maples rolled up 59½ points last Saturday at Fitzgerald to score an easy regional victory.

Coach Kermit Ambrose will take 14 of his Maple thinclads into state competition. Leading the way will be ace miler Doug Wuggazer, pole vaulters Ron McCrumb and Bill McFarlen, and shot putter Chuck Gibson.

• • •

Other Maple stars seeking to pick up points are speedy Tony Evangelista in the 100 and 220-yard dashes, Mike Nordstrom in the 440, Lynn Benn and Howard Didier in the 880, Joe Kidwell in both hurdles, and high jumper Bob Stephenson.

The medley relay team of Don Tate, John Appleford, Frank Michelson and Steve Pew will also seek state honors. The Maples qualified for all events except the broad jump and 880 relay.

Milford, Wayne-Oakland League champion and winner of the Class B regional at Howell, will make its bid for state honors at Michigan State University.

Coach Russ Gabier will take a dozen boys to East Lansing, led by sprinter Lee Averill in the 100 and 220 dashes. Jerry VanRossen and Bill Kelley are slated for duty in the pole vault, Jim Green in the shot, Jim Davidson and Bill Goan in the high hurdles, Delno Munson in the 440, and Bob Kauppi in the low hurdles.

The Redskins also qualified their medley and 880 relay teams. The medley team is comprised of David Lodge, Gerald Hackett, Henry Franklin, and John Highlen. Averill, Munson, Kauppi, and Lodge from the 880 unit.

Utica qualified nine boys in 11 events for Class B action on the MSU track. The Chieftains mowed down regional opposition at Algonac and sparked by versatile Ernie Malzahn, have enjoyed their finest season in recent years.

Malzahn will compete in both hurdles and the high and broad jumps. Lou Haase is ready for action in the shot and high hurdles and Berne Janowsky will go in the 100 and 220 runs. Brian Castle will run the 440, Dick Berg the 880, and Steve Stonebreaker the 220 dash.

The medley relay team of Art Barrett, Ray Vandeweghe, Don Neumann, and Stonebreaker, and the 880 relay squad of Vandeweghe, Castle, Janowsky, and Stonebreaker also qualified for state competition.

Orchard Lake St. Mary, regional Class C champion at the University of Detroit, will take 10 boys in 11 events to Ann Arbor. Co-captains Gerry Leszczynski in the 100 and 220 and Stan Majewski in both hurdles and the broad jump are the aces of the St. Mary aggregation.

High hurdler Pete Madelans, quarter-miler Bob Stec, half-miler Jerry Ostrowski, high jumper Andy Zambrzycki, and shot putter Joe Waluk also made the grade for Rev. John Gabalski's Eaglets.

Leszczynski, Majewski, Madelans and John Daniels will run the 880 relay while Stec, Zambrzycki, Don Donakowski and Frank Kokoczka will race for honors in the medley relay.

Waterford qualified seven boys in four events in Class A at Ann Arbor, but one of them will not make the journey. Gary Meeker, star pole vaulter, is taking the senior class trip instead.

Half-miler Gale Wigner, high hurdler Bill Cole, and the 880 relay team of Stan Jones, Leroy Vogl, Ed Clark and Lindy Salathiel will carry the Skipper hopes.

A highly inexperienced St. Michael team finished a surprising 4th in the 'C' regional at U. of D. and managed to qualify four boys for the state meet.

Dan Dropps in the high jump and broad jump, Chuck Brown in the 440, and the 880 relay squad of Dropps, Brown, Mike Clever and Bill Hall are eligible to run at Ann Arbor.

HAYES JONES

HUDSON RAY

ALEX BARGE

BILL DOUGLAS

Chiefs Eye 2nd State Title

By H. GUY MOATS
Pontiac Press Special Writer

Sixteen good, and confident, young athletes Saturday make their bid for a second Michigan High School track and field championship. Coach Wally Schloerke's brilliant band of PHS stars seeks to defend its status as the state's finest schoolboy track team.

Four individual champions are back in the lists.

The No. 1 "king" is Chief's fabulous Hayes Jones, generally rated here as the most outstanding track athlete ever to pull on a pair of spiked shoes for the West Huron street school.

It has become a regular thing for Hayes to set new standards in his specialties, the two hurdles and the broad jump. He has bettered the 120-yard event time several times this year, with his best a 14.3 second effort. He holds the state meet mark of 14.5. He is also defending champion in the broad jump, won last year at 22 feet 5 inches. He bettered this at the Valley meet two weeks ago, with a prodigious 23 feet 3 inch leap.

Bill Douglas is the defending half mile champion. Bill turned the 880 last spring at East Lansing in 2:00.6, and is capable of getting under the two minute mark. This should be his day. Bill also qualified for the broad jump.

Hudson (Goose) Ray and little Alex Barge are defending their high jump honors. They tied at 6-3½ last year.

• • •

Besides Jones, Douglas, Barge and Ray the other Chief qualifiers for Saturday are:

Half miler Rod Treais; high and low hurdler and high jumper Jimmy (Sonny) Taylor; milers Perry Williams and Gene Cretal; 440 runners Jimmy (Sugarcane) Shorter and Charley Robinson; 220, Charley Spann; shotput Mike Hardiman; pole vault, Ken Beattie; broad jump, Marv Cagle; 880 relay, Archie Brooks, and medley relay Larry Beamer. Spann, Robinson and Brooks also run in that order on the medley; Jones, Brooks, Shorter and Spann in the half mile relay.

Saturday's meet will be the final prep competition for Jones, and all but four of the state meet qualifiers. And it's a certainty that Hayes, particularly, will go all out to make this a fitting windup. Under proper conditions and with expected strong competition he could hang up three new records.

GETTING THE CLUBS READY — With the regional title tucked away, these Waterford High School golfers still have their sights set on two forthcoming events, the Pontiac Press invitational May 28th and the High School State Meet, June 2nd. The State Meet will be held at the Black River Country Club in Port Huron. Left to right are: Cleland Charboneau, Bill Cumberworth, Jack Reynolds, Dale Wheeler and John Wettlaufer.

Pontiac Press Photo

Tiger Youth Movement Gets Loaded with Age

DETROIT (AP) — The Detroit Tigers are going the wrong way in their heralded "youth movement."

Despite the presence of such young talent as Al Kaline, Harvey Kuenn, Bill Tuttle, Billy Hoeft and Frank Lary, the Bengals have taken on some age since they went to Florida for spring training.

The addition of a few veteran performers and the shipping out of youngsters who once figured prominently in the Tigers' 1956 plans have given the club an average age of about 28 years per man.

On the current 25-man squad, 10 pitchers average 28½ years; seven infielders average nearly 30; five outfielders 26, and three catchers 25.

• • •

The Tigers have four pitchers in the 30-plus group — Ned Garver, 30; Walter Masterson, 35; Steve Gromek, 36, and Virgil Trucks, 37.

Three infielders — Earl Torgeson, Ray Boone and Jack Phillips — are past 30. Two others, Jim Brideweser and Buddy Hicks, are 29.

The club has cut loose, in one way or another, more than 20 players since spring training got under way. The average in this group is only 25.

• • •

As for last night's game with Baltimore it was postponed because of rain and cold weather. Hoeft, the Tigers' leading pitcher with a 2-1 record, celebrated his 24th birthday yesterday. He'll try for a belated gift today against the Orioles when he opposes Don Ferrarese.

Hoeft apparently has his work cut out for him. Ferrarese struck out 13 Cleveland Indians in his first Major League start a couple of weeks ago — but lost the game — then came back last week to shut out the New York Yankees, 1-0. He allowed only two Yankee hits, both of them in the 9th.

Detroit and Baltimore end up their series with a single game Saturday. In that one, Duke Maas, 25-year-old righthander from Utica, Mich., will make his third start of the season against Bill Wight, a former Tiger hurler.

Four Places to Be Filled

State Qualifying Trial Takes Place on May 21 at Indianwood CC

Four places for the National Professional Golfers Association U. S. tournament, on July 20-24 will be at stake when the state's best pro shotmakers convene at Indianwood Country Club May 21.

• • •

Monday's event will offer qualifying rounds for the Michigan Section of the National PGA. Players will go 36 holes of medal play and the competition is expected to be very sharp.

Only three, all former nationa pro champions, are exempt from next week's test. The former brilliant star Walter Hagen, Franklin Hill's Wally Burkemo, (who got his pro golfing start on Oakland County courses) and Chick Harbert, the Meadowbrook ace are exempt. Burkemo is the current state PGA champion. He won his title last year at Midland.

With the course soft and the going unusually hard, Indianwood's layout will be a tough one to crack under 147, says Warren Orlick, Michigan PGA prexy. Warren will be among those seeking to qualify for the "big one".

• • •

Orlick also announced today that pros shooting the rounds at Indianwood, will be permitted to turn in cards for National Golf Day, June 9. "Other years most pros were too busy handling National Golf Day activities to get a chance to play on the regular scheduled day," Warren said.

Lou Powers, state PGA secretary will direct the Monday event.

Hogan Enters Two Tourneys

DALLAS (AP)—Ben Hogan has entered both of Dallas' big golf tournaments because he wants to use them as a means of sharpening his game for another try at a fifth National Open championship.

Hogan, in filing his entry yesterday, said he also was interested in the prize money—$6,000 for first place in the $30,000 Dallas Centennial Open starting May 24 and $14,000 first money in the $70,000 Texas International set for May 31.

Dallas was assured of having many of the big names in the game for its tournaments. They are headed by Hogan, Jack Burk, the Master's champion, and Sam Snead, who will play only in the $70,000 tournament.

A total of 118 golfers have entered the tournament, most of those being on the exempt list. Each tournament will have a field of 160. Some 100 will qualify automatically. The other 60 places will be determined in qualifying rounds.

Barons Linksters Win

In a makeup match yesterday, Bloomfield Hills golf team defeated Detroit Country Day 207-212 at the Palmer Park Golf Course in Detroit.

Medalist honors went to Bud Badger who shot a 40 for Bloomfield Hills. The Barons are now 5-2 for the season.

Detroit Race Has 15 Tugs

DETROIT (INS) — The International Tug Boat annual race tomorrow will pit 15 tugs in five classes against one another in the Detroit River in a match between horsepower and seamanship.

The first race, with eight tugs, will start at 11 a.m. (EST) from the corps of engineer slip in Ft. Wayne. Ten minutes later the remaining tugs will churn the water as they begin the three and a half mile course.

The race is sponsored by the Detroit Propeller Club. It will end at the foot of Shelby along the west side of the Veterans' Memorial Building.

Michigan Trotter Wins Muddy Race

DETROIT (AP) — Blazing Bill, owned by Robert Klute of Three Oaks, Mich., won the featured Class BB trot at the Detroit Race Course last night.

The Michigan horse took command at the half-mile and whipped the odds-on-favorite, Air Speed, which faded to third finally behind Hennessey Hanover. Blazing Bill, driven by Jack Ackerman, was a half length in front going under the wire on the muddy track.

Blazing Bill has been in the money 9 times in 12 starts this year. He has won three times, been 2nd four times and 3rd twice.

Only 3,921 fans turned out for the cold, rainy night's program.

The STANDINGS

Chicago at Brooklyn (2), 1 p.m.
St. Louis at New York (2), 1 p.m.

"500" Field Starts Bid in Trials

INDIANAPOLIS (AP)—Who'll start first in the 40th 500-mile auto race May 30 will be determined by 10-mile time trials tomorrow at the Indianapolis Motor Speedway.

• • •

Missing from the field, fastest ever in practice runs, are Jerry Hoyt, who won the pole position last year; Jack McGrath, who set a qualifying record of 142.58 m.p.h. and Bill Vukovich, Indianapolis winner in 1954 and 1953.

• • •

All three have died in racing accidents in the last year, Vukovich while leading the 500 in 1955, Vukovich's 1954 record of 131.68 m.p.h. for the actual race still stands.

It's a hazardous game but the field is dominated by men who have survived years of racing. Paul Russo of Inglewood, Calif., who ran an unofficial practice lap at 146.6 Wednesday in a new Novi, is a 42-year-old veteran of 10 Indianapolis races.

• • •

Sam Hanks of Burbank, Calif., who has been practicing over 144 m.p.h. also has started 10 Indianapolis classics. Tony Bettenhausen of Tinley Park, Ill., practicing in the same bracket, is a nine-time 500 starter.

• • •

Bob Sweikert of Indianapolis, the 1955 winner, is back for his fifth start with a new four-cylinder Kuzma car called the D-A lubricant Special.

• • •

Entries also include Troy Ruttman of Pasadena, Calif., the 1952 winner, who has Sweikert's '55 car, and Johnnie Parsons of Van Nuys, Calif., the 1950 winner, driving another new Kuzma, the Agajanian Special.

• • •

Most of the 33 cars at the track are Kurtis-Krafts powered by four cylinder Offenhauser engines. Exceptions are the two Novis, with V-8 Winfield engines, and a Kurtis-Kraft with a six-cylinder Ferrari engine, to be driven by Nino Farina of Italy, the 1950 world champion.

• • •

Farina's car may not be ready for the time trials tomorrow and Sunday. Additional qualifications will be held again next weekend. Cars qualified each day join the lineup in the order of their speed. After 33 qualify, additional cars can make the lineup by exceeding the speed of the slowest car in the field and "bumping" it from the list.

• • •

Hoyt's car was not the fastest qualified last year but held the pole position, the inside of the three-car front row, because it was the fastest on the first day of the trials.

Shannon Buys Golf Course

Veteran, well liked golf professional Tommy Shannon of Orchard Lake Country Club today announced that he's become a country club "magnate." Tommy has purchased the nine-hole Higgins Lake Golf course, located between Higgins Lake and Roscommon, in upstate Michigan.

The layout is already under the Shannon direction, with Mrs. Laura Bicks as manager and Tom Burkemo, greenskeeper Tom is an older brother of Franklin Hills' pro Wally Burkemo. It was formerly operated by Percy and Ruth Lehman of Roscommon.

"I have no intention of leaving Orchard Lake," Tommy said this morning. "We think the property will be a fine thing for our family and my 15-year-old son is already figuring on having a fine summer up there."

Tommy said the layout is a "wonderful little resort course."

Best-Ball Tournament

After a lapse of some time, the well-like two-man beat-ball golf tournament has been revived at Orchard Lake Country Club. Qualifying rounds will be played starting Saturday, running through May 27.

Following the preliminary tests matches will be played one week apart until the windup.

Top Prep Cindermen to Compete in Kazoo Meet

KALAMAZOO (AP) — Michigan's top high school cindermen will compete here Memorial Day evening in the first annual Champion of Champions track meet.

The event sponsored by the Junior Chamber of Commerce will bring together the leading eight high school performers in each track event, regardless of class. The entry list will be completed after the state track meeting Saturday.

A feature of the Memorial Day classic will be the Michigan Collegiate miracle mile. College milers who have already accepted include Henry Kennedy, Michigan State; Selwyn Jones, Michigan State; Gerald Zitney, Michigan State Normal; and Bill Pyle and John McKenzie, both of Western Michigan.

Ron Wellington and Bob Dowlett of the University of Michigan have also been invited.

• • •

The AAU has sanctioned the miracle mile. The meet has been approved by the Michigan High School Athletic Assn.

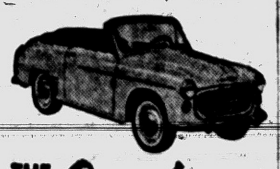

Medals will be awarded by WKZO-TV in Kalamazoo. Proceeds go to the U.S. Olympic fund.

YOGI DOES A WRIGGLE — New York Yankee catcher Yogi Berra (8) tries to scoot away from the outstretched glove of Chicago White Sox secondbaseman Nellie Fox, but was tagged out in the game at Comiskey Park yesterday. Yogi was trapped between first and second on a throw from White Sox catcher Sherm Lollar. New York won, 10-3.

India Surprises With Net Split in Davis Match

TOKYO (AP)—India surprised today by gaining a split with Japan in the opening two singles matches of their Davis Cup tennis match for the Eastern Zone championship.

India's Ramanathan Krishnan defeated Japan's ace Atsushi Miyagi 6-3, 6-0, 6-3 in the first match.

• • •

Kosei Kamo came back strong for Japan to whip Naresh Kumar 6-2, 4-6, 2-6, 6-4, 6-0.

The doubles in the best-of-5 competition will be played tomorrow and the remaining two singles matches on Sunday.

Shoemaker in Lead for Riding Winners

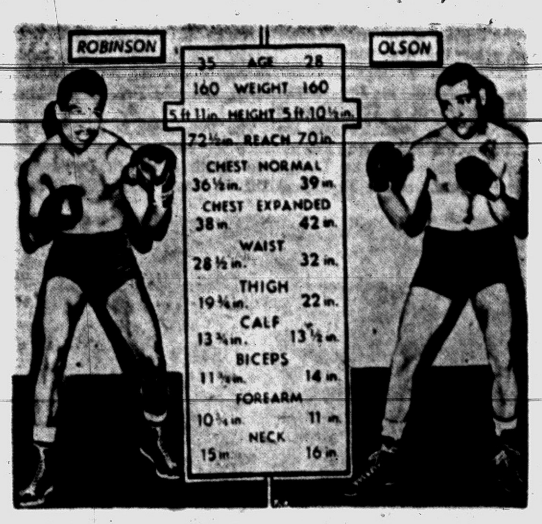

INGLEWOOD, Calif. (AP) — Willie Shoemaker is leading in the contest for the Hollywood Park riding championship with 13 winners in the first five days of the present 55-day racing season.

• • •

His nearest competitors are Johnny Longden and Milo, with five wins each.

Shoemaker booted home four winners yesterday: King's Mistake, Solid Miss, Trace Read and Flaggs Boy.

Robinson Aims for Quick KO

AP Wirephoto

FIGHT TALE OF TAPE — Here's how middleweight champion Sugar Ray Robinson of New York and ex-champ Carl (Bobo) Olson of San Francisco measure up for their 15-round title bout in Los Angeles tonight. It will be their 4th meeting, the last being in December when Robinson knocked out Olson in two rounds.

Middleweight Fight Is 4th Against Olson

Outdoor Battle to Get National TV Audience From Los Angeles

LOS ANGELES (AP) — Middleweight champion Sugar Ray Robinson, the dancing man who proved fighters can come back, goes after another quick knockout over Carl (Bobo) Olson tonight as he defends his reclaimed title against the ex-champ.

• • •

Although Robinson has been installed as favorite, most experts feel his best chance lies in a kayo during the early rounds.

The outdoor battle scheduled for 15 rounds or less starts will be held in Wrigley Field.

NBC will televise nationally at 10 p.m., EDT, with southern California blacked out.

Gate receipts were expected to be in the neighborhood of $175,000 with an additional $75,000 for radio and TV rights. Each fighter collects 30 per cent. Wet or dry, the bout is scheduled to go on, with a canopy over the ring if necessary.

• • •

Robinson's knockout punch turned out the lights for Bobo in the second round last Dec. 9 at Chicago as the Harlem dandy took back the crown he'd given up with a retirement announcement 31 months before. That was when he embarked on a professional dancing tour.

Robinson, 35, and Olson, 27, have met three times. Bobo lost twice by knockouts and once by a decision. This time there's a feeling that the longer the fight continues the greater the chance of the younger, body-socking Olson.

• • •

Sugar Ray maintained, however, "I have never been in better condition for a fight in my life. I have trained to go 15 rounds if I have to, but I will try to trick Olson into an opening so I can score an early knockout."

• • •

Olson says with some confidence that despite the three losses to the champ he feels he can whip him this time.

Robinson has fought 149 pro fights dating back to 1940 and has lost only four. Olson, whose professional career started in 1945, has gone to the wars 73 times, winning 65 and losing 8. He has stopped 30.

Fight Statistics

LOS ANGELES (AP)—Facts and figures of the Robinson-Olson fight:

Principals: Champion Ray Robinson, New York, vs. Carl (Bobo) Olson, San Francisco.

Date and site: Friday, May 18, Wrigley Field, Los Angeles.

Distance: 15 rounds.

Title at stake: World middleweight championship (160 pounds or under).

Television: NBC (Los Angeles Area, 250 miles north, 150 miles south, blacked out), 7 p.m. (PDT).

Fighters' purses: Each 30 per cent of net; Robinson guaranteed $75,000 or privilege of 30 per cent.

Television receipts: Estimated $75,000; each fighter gets 30 per cent.

Estimated attendance and gate receipts: $200,000.

Gate potential: $200,000.

Seating capacity: 20,000.

Fight time: 7 p.m. (PDT).

Promotion: Hollywood American Legion Post in conjunction with the International Boxing Club.

State Loop Tilt Slated for Today

Opening game for the Michigan Class A Baseball League takes place tonight, weather permitting. Game will pit Pontiac's improved GMC club against the strong Royal Oak club. It is scheduled for Memorial Field and starting time is 8 o'clock, Pontiac manager Paul Parks announced this morning.

• • •

Herman Bishop, veteran city leaguer, will start for General Motors, which has also signed three new players and released two.

Steve Kebler of Waterford, just back from service and a brief tour in the minors (a pitcher), Gene Cox and city leaguer, Judd Book Cox and city leaguer, Judd Booker, have signed. Johnny Antico and Ken Conroy were dropped. Cox and Booker are outfielders.

3-Team Races in Each League

By THE ASSOCIATED PRESS

It begins to look more and more as if the two major league pennant races are a pair of three-team affairs.

• • •

In the National, it's Milwaukee, St. Louis and Brooklyn. In the American, it's New York, Cleveland and Boston—although the Red Sox may hold only half a share of the third contender's entry along with the Chicago White Sox.

• • •

The Braves, with Warren Spahn looking like his old self and Hank Aaron finally belting the ball, retained their slim edge over the Cards by thumping the New York Giants 7-3 last night while St. Louis, loaded with four of the NL's top 10 sluggers, put down the suddenly ambitious Philadelphia Phillies 5-4. Brooklyn wasn't scheduled.

In the only other NL game, Chicago's Cubs finally won on the road, knocking Pittsburgh 4-1.

The New York Yankees upped their AL lead, snapping the White Sox's six-game winning streak 10-3 while left-hander Whitey Ford won his sixth straight without defeat. Boston closed to within half a game of the third-place White Sox by battering Kansas City 6-1 in the only other game played.

Spahn won his third straight against one defeat with great control. He did a near-perfect job of scattering eight New York hits and didn't walk a man. Two singles in the third cut his scoreless string at 21 2-3 innings and Don Mueller followed Willie Mays' double with a home run in the ninth to score New Yorks' runs.

The Cards, 27 percentage points behind the Braves, remained the won-lost leaders as Ken Boyer, upping his average to .418, swatted a home run, double and two singles and drove home three runs. Harvey Haddix, the ex-Cardinal, was the victim while Ellis Kinder won his first in relief of Wilmer (Vinegar Bend) Mizell with the help of Jackie Collum.

• • •

Hoble Landrith, the former Cincy catcher, drove in three runs for the Cubs, two with a bases-loaded single off reliefer Luis Arroyo in a three-run sixth. Ron Kline was the loser while Russ Meyer won his first with relief help.

Ford, working his sixth straight complete game, walked only one and didn't allow a run for the Yankees, who got the job done with six runs in the fourth. Starter Jack Harshaman was the loser as the Sox staff, with three straight complete games, fed five pitchers to the Yanks. New York, shaking its slump at the plate, had 12 hits, including Yogi Berra's 11th home run.

Chiefs Ride Pontiacs

Go to State Meet in Style

Pontiac's state high school track champions Saturday will make the trip to Ann Arbor for defense of their Class A crown, in a fleet of gleaming new Pontiac Motor four-door sedans.

The cars are provided through the courtesy of the big motorcar company, with director of public relations Robert W. Emerick handling the arrangements. Drivers will be PHS coaches Wally Schloerke, Dean Wilson and Ray Lowry, Manager John W. Hirlinger of the Chamber of Commerce, and one other.

PHS athletic director Tom Dodson made the original contacts regarding the transportation which he described as a "very nice gesture, in support of the school's fine track team."

Fleet plans to leave from Pontiac High School at 8:15 a.m. and proceed to Ann Arbor as a caravan.

Athletic Board OK's Wrestling

New Sport Takes Its Place at PHS, Starts Next Fall

Boys in Pontiac High School who like bodily contact sports will have a new type competition next fall.

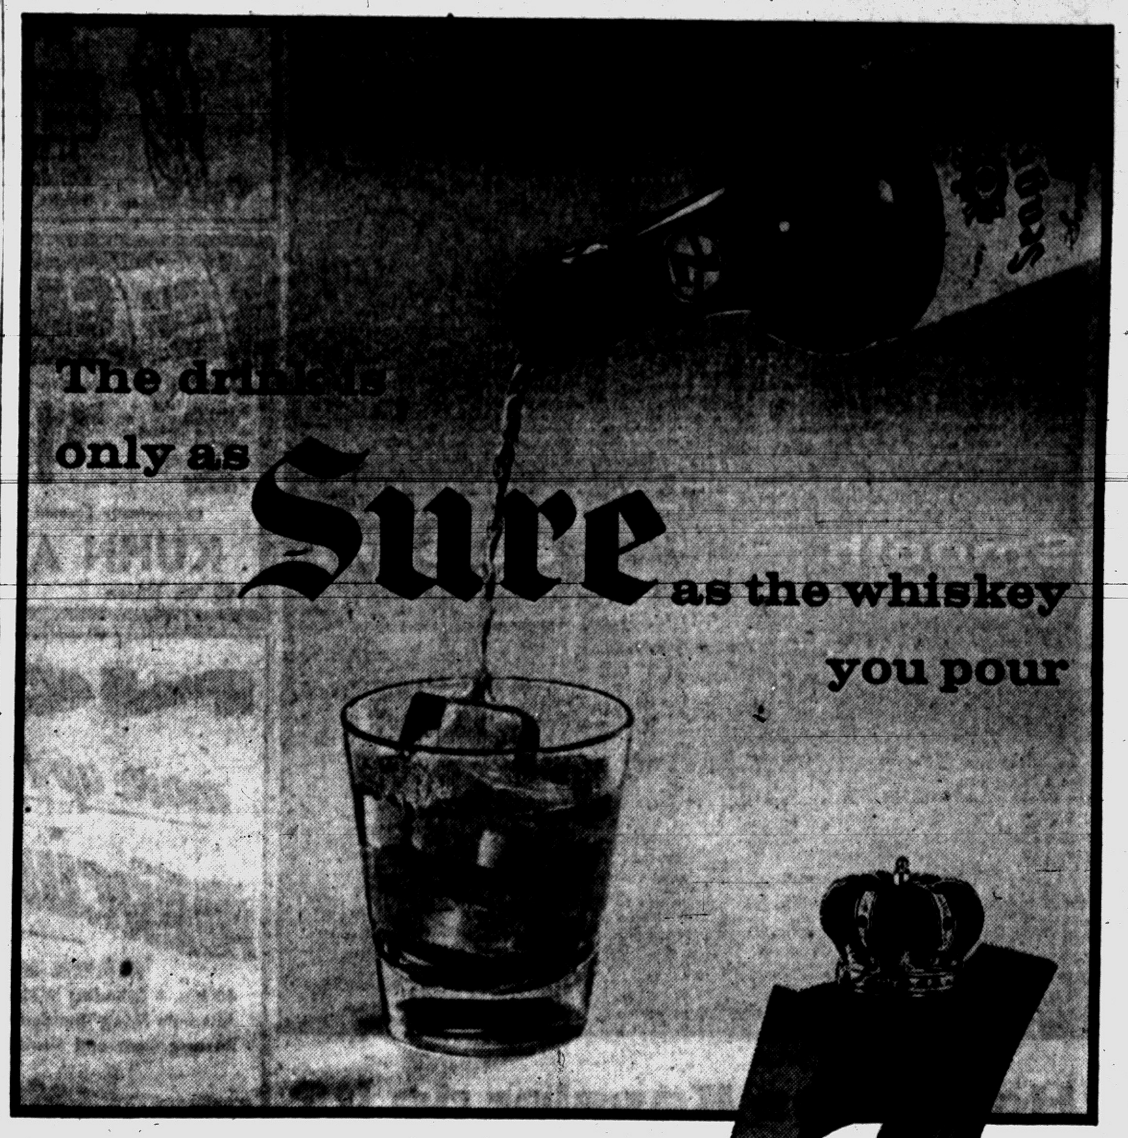

Athletic director Tom Dodson today announced the athletic council had approved institution of wrestling as a regular varsity sport. Competition will begin with the 1956 fall term. Scheduling efforts will be started next week, Dodson said.

Coach for the new mat activities will be William F. Willson, graduate of the University of Illinois, and a prep and college wrestler. Willson is a member of a wrestling family. He and a younger brother were both Illinois champions. Willson also coached matmen at Wheaton Ill. college for some time prior to coming here.

Inhabitants of New Mexico have used adobe as the prime building material since early in the eighth century.

Needles Competitor Is Fabius

BALTIMORE (AP)—How fast Needles will have to come in about the last quarter of a mile in order to catch the leaders seems to be the main question hovering over tomorrow's $100,000 Preakness.

It is being taken for granted that the Kentucky Derby winner will be at the tail-end of the eight probable 3-year-old starters through the early stages of the mile and three-sixteenths race.

The Pimlico barn strategists, and that includes the handlers of Needles, figure that Calumet Farm's Fabius, D. G. Armstein's Eiffel Blue, W. E. Britt's No Regrets and Winding Way Farm's Golf Ace will be leading the way.

• • •

The debate is over how fast they will be going when they hit the stretch and how far Needles will be behind.

"If that Fabius gets out in front by 4 lengths and still is going in the stretch, he's going to be hard to catch," admitted jockey Dave Erb of Needes.

Needles made up close to 5 lengths on Fabius in the last half mile of the Derby two weeks ago. But the last turn is tighter and the stretch considerably shorter at Pimlico than Churchill Downs. In the bargain, they have a sixteenth of a mile less to go.

Also, jockey Willie Hartack on Fabius had to move into the lead after three-quarters of a mile which was sooner than he had planned because the pace was so slow. It left him with no reserve for the final sprint.

Needles' winning time of 2:03 3-5 was the slowest in the last seven derbies. Jockey Erb said Needles never was so tired after a race.

If one of the others will set a fast pace, Hartack might settle Fabius down among the first flight but off the leader in order to save something to tackle Needles in a late rush.

On past performances, the second flight along with Needles is expected to include Dino Lozzi's Count Chic, Helen W. Kellogg's Come On Red, and H. C. Frue-hauf's Ratherani.

Come On Red was 10th at half mile in the Derby and sped to third at the finish while Count Chic by Needles this year. He won the first three, the Flamingo, Florida Derby and the Kentucky Derby. The net profit of the Preakness is $20,000. Hasty Road ran 28 times straight crack at a $100,000 race for Needles, for whom Bonnie Heath and Jack Dudley paid $83,250 to Needles and would boost his earnings to $545,305. This would make him the 15th highest money earner of all time, replacing Hasty Road, the 1954 Preakness winner.

• • •

The three others expected to be entered this morning are getting into the middle of the triple crown classics for the first time.

• • •

The Preakness is the fourth pulled up from 12th to fourth. No Regrets, after running with the leaders, fell back to seventh.

• • •

The Preakness is only the 15th with eight starters will be $83,250

AP Wirephoto

NEEDLES GETS READY — Jockey Dave Erb gives Kentucky Derby winner Needles a workout at Pimlico in preparation for the $100,000 Preakness in Baltimore Saturday. Needles is favored but the shorter track is figured against him. The Preakness will be carried on CBS television at 4:45 p. m.

State Reports Good Fishing

Michigan Trout Waters Producing Catches of Rainbows

LANSING (AP) — The state conservation department said today Michigan trout waters are producing fair to good catches of rainbows and brown trout.

Fishermen reported especially good luck in Clear and Avalon Lakes in Montmorency County; Hart and Pickerel Lakes in Otsego County; Silver Lake, Cheboygan County; Bear Creek, Manistee and Brush Streams in Benzie County.

Some trout were being taken in the West and Middle branches of the Cedar River in Clare County and the North Branch of the Cedar River in Gladwin County.

Limited catches were reported in the restricted portion of the Au Sable River in Crawford County.

Anglers were catching a few brown trout from Little Long Lake in Clare County. Catches were improving also on the Boardman River in the south end of Leelanau County.

The department said perch fishing is fair off Beaver Island, in Lake Charlevoix and Alpena. Anglers reported poor luck with perch at Frankfort and Suttons Bay.

Hubbard Lake is producing good pike catches, the department said, a few pike were taken from the backwaters of Houghton Lake.

Walleye catches were reported fair to good on Burt Lake, good on Lakes Cadillac and Mitchell.

Invitational Shoot

A registered invitational trap shoot will be held Sunday at the Birmingham Gun Club. Regular program of 16-yard events plus optionals has been arranged. One feature is the 50-pair doubles. Cash awards are provided for all events.

Ex-Illini End Named Toledo Head Coach

TOLEDO, Ohio (AP) — Jack Morton, former University of Illinois end and professional football player, has been named Toledo University football coach for the 1956 season. He will replace ailing Forest W. England, but the latter will remain athletic director and expects to return to coaching in 1957.

Morton formerly was a line coach at De Pauw University. He played professionally for the Buffalo Bills, Chicago Bears and Low Angeles.

Begin Sunday

City Class A Nines Set

It's time for Pontiac's Class A City Baseball League to begin a new season, and Mayor William W. Donaldson and Charles Irish are going to help start it off on the right foot.

The Mayor and Irish, president of the Pontiac Baseball Federation, will form the first battery Sunday afternoon at Wisner Field to officially open the 1956 campaign.

Mayor Donaldson will pitch the first ball and Irish will be behind the plate to set the stage for an afternoon doubleheader, which gets under way 15 minutes later.

• • •

Defending champion General Motors and the Anderson Jets will collide in the opener of the twin bill at 1:30, with the UAW-CIO Local 594 and Elks No. 723 clashing in the nightcap.

Two new members of the city loop will meet Monday at 5:30 p.m. when Oliver Buick tangles with Fowler's Fine Foods. Another newcomer to the league, Griff's Grill, does not see action until Sunday, May 27.

This year's seven-team circuit is one larger than last season. The City Baseball League is sponsored by the Pontiac Parks and Recreation Department.

• • •

First week's schedule:

Sunday, May 20—GMC vs. Anderson Jets, 1:30 p.m.; CIO 594 vs. Elks 723, 5:40 p.m.

Monday, May 21—Oliver Buick vs. Fowler's Fine Foods, 5:30 p.m.

Tuesday, May 22—GMC vs. CIO 594, 5:30 p.m.

Wednesday, May 23—Anderson Jets vs. Elks 723, 5:30 p.m.

Thursday, May 24—Elks 723 vs. GMC, 5:30 p.m.

Sunday, May 27—CIO 594 vs. Fowler's Fine Foods, 1:30 p.m.; Oliver Buick vs. Griff's Grill, 3:30 p.m.

SPORT ... 14 — CANOE RACE SUNDAY H

Canoe Race Sunday

Third annual Tawas River canoe race has been set for Sunday. This interesting, 6-mile paddle test starts at Tawas Lake, finishes at the river mouth on Tawas Bay.

• • •

Entries can be filed at Tawas Chamber of Commerce. The race has, in the past, attracted a number of Oakland County fans. Trophy and cash go to the 2-man team winners.

Pontiac Golfer Sinks Tee Shot on Morey's 7th

A nine-iron shot that flew straight to the pin on No. 7 green at Morey's Golf Course Wednesday gave Fredric A. Richmond, 2599 Tackles road, Pontiac, an ace. He had 36 for the round, played with Ken Halstead, Detroit and Michael Morey.

The shot struck two feet in front of the cup, rolled in. It was the 1st hole-in-one on this green in three years, course officials reported. The hole is a par three, 135-yard shot.

THURSDAY'S FIGHTS

BATON ROUGE, La.—Crewe Peace, 180, Baton Rouge, stopped Gordon Poulot, 187, Miami, 2.

LOS ANGELES—Dave Johnson, 145½, San Francisco, and Mickey Northrup, 145½, Los Angeles, drew, 10.

PHILADELPHIA — Artie Towne, 166½, New York, outpointed Charley Chase, 171, Montreal, 8.

"Lightning Clean"
Lightning clean . . . that's the *only* way the brewery can be when National Bohemian flavor is at stake. This rule of cleanliness was set down in the old, old journal for brewing to the National Bohemian formula.
Cleanliness, quality. Slow, patient brewing—all these are part of the National Brewing tradition. Now, this ART of brewing is advanced by today's SCIENCE. The result: An even greater uniformity. A clean, wholesome beer that's *always* light and mellow.
Enjoy the satisfying flavor of this fine beer today . . . *at local prices!*
"Glänzend rein"

NATIONAL BOHEMIAN
Light, mellow. Naturally brewed . . . for satisfying flavor.

RECORD WRECKER — This 756-pound blue marlin, proudly displayed in San Juan by Allen Sherman, is expected to officially break two world records. The 14-foot monster was caught by the 28-year-old Brooklyn fisherman on an 80-pound test line after a two-hour battle three miles off Puerto Rico.

Stars Blast Par in KC's Tourney

Wininger Leads by 1 Stroke as 33 Batter Even Figures

KANSAS CITY (AP) — Oklahoma City's Bo Wininger shot five straight birdies for an eight-under-par 64 but that was only good enough to give him a one-stroke lead going into today's second round of the $22,500 Kansas City Open.

• • •

Thirty-one touring pros and one amateur broke the 72 par on Milburn Country Club's 6,545-yard layout in the first day's firing.

Wininger came within two strokes of tying the course record Porky Oliver set when he won the tournament in 1950.

The former Oklahoma Aggie golf star, who tied for fourth here in 1953 and was low amateur in 1949, had a magic touch with his putter yesterday.

• • •

He sank 18-footers on the 15th and 18th in his dizzling finish and came within inches of an eagle on the 17th. He had nine birdies, a bogey and seven pars in the round.

Bob Rosburg of San Francisco, shooting in the same threesome with Wininger, caught the fever and came in with a 65, only one stroke back. Rosburg eagled the par-five eighth hole with a 4-foot putt.

Tied for third at 67 were two Texans, Don January of Abilene and Billy Maxwell of Odessa.

ABC Leaders Intact as Event Nears End

ROCHESTER, N.Y. (AP) — Only three more days remain for hopefuls in the American Bowling Congress tournament to bowl over the leaders.

No one has surged to the top since April 20, but the division leaders may find this last weekend the most anxious of all.

Weekend keglers will have to do better than those who took to the alleys yesterday.

Samuel Kramer of Cleveland, Ohio, posted the high score in the singles with 641 on games of 203, 204, and 234, but it was nowhere near the 744 rolled by George Wade of Steubenville, Ohio, April 20.

Class B Meet Reset

ST. CLAIR (AP) — The state High School class B golf tournament has been postponed from Saturday to May 26 because the site, the St. Clair River Country Club, is waterlogged. Twelve teams have entered.

Lane Sees Improved Club

St. Louis Fans Howling Over Trades

ST. LOUIS (AP)—Frank Lane, whose major reshuffling of the St. Louis Cardinals has the club's fans somewhat shell-shocked and many fighting mad, sums up his motive this way:

"I'd rather have a nasty bunch of so-and-sos in first place than a good sentimental seventh-place club."

Newspaper swithboards here were swamped yesterday with callers—most of them unhappy at the news Bill Virdon, the National League's rookie of the year in 1955, had been traded.

But the latest of the Cardinal general manager's rapid-fire deals—sending Virdon to Pittsburgh for outfield Bobby Del Greco and pitcher Dick Littlefield—apparently didn't equal the big trade of a week ago in producing howls of anguish from the fans.

In that one, Lane sent pitchers Harvey Haddix, Stu Miller, and Ben Flowers to Philadelphia for pitchers Murry Dickson and Herman Wehmeier.

Describing the present attitude of Cardinal followers after a week in which seven Cardinals were swapped for seven other players, one sports writer wrote:

"I'd say they're stunned. They're waiting for an explanation They're waiting for an explanation from Lane. It's not so much the players that have been traded. The fans don't like what we're getting in return."

Before Lane arrived on the scene last year to take over direction of the seventh-place Cardinals, there was much talk of a Cardinal youth movement and a gradual rebuilding job.

• • •

Now Lane obviously is shooting for the pennant this year, with the club off to a fast start under its new manager, Fred Hutchinson.

"I feel the team is a better all-around club now than when we started the season," Lane said yesterday.

A rundown on Lane's manipulations this past week:

FRIDAY—Haddix, Miller and Flowers for Dickson and Wehmeier. Utility infileder Grady Hatton purchased from Boston Red Sox.

MONDAY—Infielder Solly Hemus to Philadelphia for infielder Bobby Morgan.

WEDNESDAY—Shortstop Alex Grammas and outfielder Joe Frazier to Cincinnati for utility man Chuck Harmon.

THURSDAY—Virdon to Pittsburgh for Del Greco and Littlefield.

That left the Cardinals with only eight of the players who started the disastrous 1955 season under manager Eddie Stanky.

Trade Surprises Virdon

PITTSBURGH (AP) — Outfielder Bill Virdon, taking his trade from the St. Louis Cardinals to the Pittsburgh Pirates in philosophical fashion, hopes to wear a Pirate uniform for the first time tonight against the Chicago Cubs.

The 24-year-old Virdon was scheduled to play last night but he showed up with a skin rash as a result of an injury suffered in a slide a few days ago. The Pirates team physician advised him to rest 24 hours.

Virdon — obtained in exchange for outfielder Bobby DelGreco and southpaw pitcher Dick Littlefield—said news of his trade "came as a shock but, after thinking it over, that's baseball and you go where you're sent."

Nashua Points at Money Title

Needs Only $8,146 to Pass Figure Set by Citation's Earnings

CAMDEN, N.J. (AP) — If Nashua were a human athlete he'd probably be a little superstitious about Saturday's Camden Handicap at Garden State Park in which the equine millionaire hopes to become the all-time leading money winner.

• • •

The 4-year-old might then be thumbing through the records where he'd find out it took Citation, the current world money-winning champion, four races and four months to earn $49,285 necessary to dethrone Stymie in the dollars and cents league. Citation ran second three straight times before his big day.

• • •

This will be Nashua's second chance to pass Citation's $1,085,760 earnings record. He could have done it with a victory at Gulfstream last St. Patrick's Day, but alas, "Mr. Millionaire" wound up down the track, a badly beaten fifth. He earned only $2,500 that day.

• • •

Since then, the Nasrullah colt has won the Grey Lag Handicap in New York worth $7,100 to the winner. He thus enters Saturday's $30,000-added Camden Handicap needing only $8,146 to take over the earnings lead. He also may earn the right to retire to stud since the syndicate which purchased him for $1,251,000 from the estate of the late William Woodward has indicated the great horse would end his racing days after passing Citation's record.

Nashua is top weighted at 123 pounds. The other probable starters and their weights are C. V. Whitney's Fisherman (122), Castle Rock Farm's Mr. First (113), Mr. and Mrs. R. C. Markus' Mielleux (110) and C. L. Dupuy's Galdar (114).

New High School Loop Completes Grid Card

HASTINGS (AP)—West Michigan's newest high school Athletic League, the West Central B Conference, has completed a 1-year rotating football schedule for 1957 and a 1957-58 basketball schedule.

The 8-member conference consists of five schools — Belding, Greenville, Hastings, Ionia and St. Johns — formerly in the West Central Circuit, and three—Charlotte, Eaton Rapids and Grand Ledge, which left the Capital Conference.

Fleet Peet Is First Nominee to Be Entered

BALTIMORE (AP) — Ratheram and Fleet Peet, owned by H. C. Fruehauf, were the first 3-year-olds to be entered at Pimlico this morning for tomorrow's $100,000 Preakness.

Only yesterday trainer Frency Lamoureux had indicated Fleet Peet would not go in the mile and three-sixteenths race. However, Fruehauf insisted both of his colts be named and Ed Ferris, agent for the stable, put up $500 for each.

Calumet Farms' Fabius was the next nominee. He was entered by Charles Lang, agent for the jockey, Willie Hartack.

Tiger Farm Player Goes to Columbus

COLUMBUS, Ohio (AP)—Outfielder Ben Downs, an outstanding performer in spring training with the Detroit Tigers, has been acquired by the Columbus Jets of the International League from the Detroit American Assn. farm club at Charleston, W. Va.

The Jets swapped the Charleston Senators outfielder Bill Stewart for Downs yesterday, and may later receive an infielder on option from Charleston as a part of the deal.

Downs, a lefthanded hitter, was batting only .201 for the Senators. Stewart, a righthanded swinger, was batting .360 for the Jets.

Parnell Is Benched for Month by Injury

BOSTON (AP) — Red Sox veteran lefthander Mel Parnell will be out of action for at least a month.

Mel got the word yesterday from Dr. Ralph McCarthy after arriving here from Detroit for treatment of a severely sprained left ankle he acquired sliding into second base at Detroit Wednesday.

Parnell was immediately put on the disabled list for the required 30-day minimum to bring the Red Sox roster to within the legal limits.

Dr. McCarthy said hardluck Mel would probably be able to walk without artificial aid in about 10 days. He's using crutches now.

Communists, Chiang Continue Gun Battle

TAIPEI, Formosa (AP) — The Nationalist Defense Ministry said its garrison on tiny Kaoteng Island, in the Matsu chain, exchanged artillery fire yesterday with Red Chinese guns on the mainland.

* * *

The ministry said the Communists fired 160 rounds at Kaoteng, the most vulnerable of the Matsu islands and closer to the mainland than any other in the group. There was no indication of the volume of Nationalist counterfire, but it usually matches that from the Reds.

* * *

The announcement said the Communists fired 24 shells in a 20-minute period and 136 more in a 37-minute action.

Supervisors' Proceedings

JANUARY SESSION
JANUARY 30, 1956

Meeting called to order by Chairman Floyd Andrews.

Clerk read appointment of the following supervisors:

Royal Oak City: H. Lloyd Clawson, Harry W. Horton, Wm. C. Hudson, Howard K. Kelley, Fred W. Smith, Alger Zapf.

Huntington Woods City: Fred L. Yockey, Harriett Phillips.

Troy Township: Lyle J. Walker

Northville City: Sydney Frid

Royal Oak Township: Elwood Dickens

Troy City: Norman R. Barnard, Scott C. Belyea

Madison Heights City: Darrel Davis, Charles R. Edwards Jr., Lloyd R. Ferguson, Donald Smith.

Clerk read appointment of George Burt as state member of the Social Welfare Board. (Placed on file.)

Clerk read card of thanks from the family of Oliver P. Gibbs. (Placed on file.)

Clerk read resignation of George Williams as Clerk of the Committees.

Moved by Thatcher supported by Kephart the resignation be accepted.

A sufficient majority having voted therefor, the motion carried.

Clerk read communication from the Michigan State Association of Social Welfare Boards relative to their annual convention.

Moved by Gardner supported by Hudson the letter be referred to the Secretary of the Michigan State Association of Supervisors.

A sufficient majority having voted for the motion, the motion carried.

Letter read from the Michigan State Tax Commission relative to assessments. (Placed on file).

Letters read from Waterford Township, West Bloomfield Township, Farmington Township, Southfield Township, Farmington City and Keego Harbor City requesting that this Board establish a district for the proposed Farmington Interceptor Sewer. (Referred to Drain Committee.)

Letter read from Cornelia Groefsema, Christine Harris and Margaret O. Schaefer requesting that their property be left out of the proposed Farmington Interceptor Sewer District. (Referred to Drain Committee.)

Clerk read announcement of the Fourth Health Conference for Public Officials with a request to send a delegation of members of this Board to the Conference.

Moved by Ransom supported by Boyer the usual delegation be sent.

A sufficient majority having voted for the motion, the motion carried.

Clerk read letter of thanks from the USAF Commander for adopting the resolution relative to the Ground Observer Corps. (Placed on file.)

Letter from the State Inspector of Jails read requesting consideration of two additional turnkeys on the jail staff. (Referred to the Miscellaneous Committee.)

Misc. 3058

By Mr. Ewart

IN RE: SOUTHFIELD CHARTER COMMISSION ELECTION

Mr. Chairman, Ladies and Gentlemen:

WHEREAS a petition signed by more than three hundred electors of the City of Southfield, has been filed with the County Clerk asking for an election of a new Charter Commission for the said City, and

WHEREAS this matter was referred to your Boundaries Committee and your Committee finds that the said petition conforms to the Statute in such case made and provided,

NOW THEREFORE BE IT RESOLVED that this Board hereby fixes the 16th day of April, 1956 for the date of the Special Election for a Charter Commission for the City of Southfield.

BE IT FURTHER RESOLVED that the County Clerk give notice of the date and purpose of the election as provided by law.

Mr. Chairman, on behalf of the Boundaries Committee, I move the adoption of the foregoing resolution.

BOUNDARIES COMMITTEE
WM. A. EWART, Chairman
HOWARD C. DECKER

Moved by Ewart supported by Decker the resolution be adopted.

A sufficient majority having voted therefor, the resolution was declared adopted.

Misc. 3056

By Mr. Ewart

IN RE: TROY TOWNSHIP-ROYAL OAK CITY PETITION

Mr. Chairman, Ladies and Gentlemen:

WHEREAS a petition was filed in the County Clerk's Office on April 12, 1955 asking that a certain parcel of land be detached from the Township of Troy and annexed to the City of Royal Oak, and

WHEREAS the said lands were included in that area that has now been incorporated as the City of Troy,

NOW THEREFORE BE IT RESOLVED that no action be taken and the petition be denied.

Mr. Chairman, on behalf of the Boundaries Committee, I move the adoption of the foregoing resolution.

BOUNDARIES COMMITTEE
WM. A. EWART, Chairman
HOWARD C. DECKER

Moved by Ewart supported by Miller the resolution be adopted.

A sufficient majority having voted therefor, the resolution was declared adopted.

Mr. Ewart gave a report on the proposed incorporation of the City of Rochester.

Misc. 3057

By Mr. Horton

IN RE: LEASE TO CRIPPLED CHILDREN'S SOCIETY

To the Honorable Board of Supervisors

Ladies and Gentlemen:

WHEREAS the curative effort on behalf of crippled children pays many dividends not only in the direct benefit to the children but, as later reflected in their ability to be self-supporting, and

WHEREAS the Oakland County Society for Crippled Children, a Michigan Charitable Association, has requested permission to construct, operate and maintain a facility for crippled children on land owned by the County of Oakland on what is commonly called the "Service Center," and

WHEREAS your Ways and Means Committee and Buildings and Grounds Committee believes that it is to the best interests of the County to encourage the effort of the Oakland County Society for Crippled Children and has suitable land available for such a humanitarian project, and

WHEREAS a site approximately 300' x 300' will be sufficient, the exact description to be determined by survey before the contemplated lease is executed,

NOW THEREFORE BE IT RESOLVED that the Chairman and Clerk of this Board be authorized to execute the lease upon completion of the survey, the form of which lease follows:

"LEASE

FOR AND IN CONSIDERATION OF THE SUM OF ONE DOLLAR ($1.00) to it in hand paid, the County of Oakland, a Michigan Constitutional Corporation hereby leases to the Oakland County Society for Crippled Children, a Michigan Charitable Association, for a period of 30 years the following described lands subject to the following conditions:

1. Such lands and any and all improvements thereon shall be used for the benefit of Crippled Children of all races, colors and creeds;

2. No buildings or improvements shall be constructed or made without first submitting plans of the same to the Buildings and Grounds Committee, the Board of Auditors and the Oakland County Board of Supervisors, and having the approval of the Board of Supervisors endorsed thereon.

3. In the event Lessee fails at any time for a period of two years to utilize the premises for the purposes herein indicated, Lessee shall forfeit all rights in the premises, the lease shall automatically terminate and the Lessor be entitled to immediate peaceful possession;

4. This lease shall not be transferrable or assignable to any individual, group of individuals, association, corporation, partnership or society of any kind whatsoever but shall always be enjoyed by the original Lessee or forfeited by the original Lessee;

5. This lease shall be void if Lessee violates reasonable rules and regulations which may from time to time be adopted by the Board of Auditors, Board of Supervisors, providing a written copy of said rules and regulations shall have previously been served on Lessee;

6 Lessee shall at all times carry such insurance and in such amounts as will, in the opinion of the Board of Auditors, be adequate to indemnify the County of Oakland, its Departments, Officers and Employees against liability of every name or nature arising by or through the acts or omissions of Lessee, its Officers, Agents or Employees. (Copies of said policies of insurance to be filed with the Board of Auditors);

7. Any and all structures erected on the leasehold shall automatically revert to and become the sole property of Lessor upon termination of this lease.

Dated at Pontiac, Michigan, this ——— day of ———, A.D. 195—

Witnesseth: COUNTY OF OAKLAND, a Michigan Constitutional Corporation

By ———
Chairman and

———
Clerk of the Board of Supervisors

OAKLAND COUNTY SOCIETY OF CRIPPLED CHILDREN, a Michigan Charitable Association

By ———
LLOYD C. MCGEE"

BE IT FURTHER RESOLVED that the site above referred to be 300 feet by 300 feet, northerly from the Contagious Hospital and to be located with exactness by survey before the execution of the above lease, with the understanding that an additional 300 feet to the west of this site be reserved for the Society until such reservation is rescinded by the Board of Supervisors.

Mr. Chairman, on behalf of the Buildings and Grounds Committee, I move the adoption of the foregoing resolution.

BUILDINGS AND GROUNDS COMMITTEE
HARRY W. HORTON, Chairman
DAVID E. ANDERSON
NORMAN R. BARNARD
HAROLD K. SCHONE
WILLIS M. BREWER
LUTHER HEACOCK
CASS B. WATERS

Moved by Horton supported by Levinson the resolution be adopted.

A sufficient majority having voted for the motion, the resolution was declared adopted.

Misc. 3060

By Mr. Horton

IN RE: SCHEDULED MEETINGS OF BOARD

Mr. Chairman, Ladies and Gentlemen:

WHEREAS Your Buildings and Grounds Committee has experienced considerable difficulty in the proper planning and presentation of matters assigned it under the By-Laws of the Board, especially those matters pertaining to building construction and the sale of public property, and

WHEREAS it is the consensus of the Committee that regularly scheduled meetings of the Board of Supervisors arranged around the statutory and other fixed required meetings of the Board, would greatly facilitate the work of this Committee as well as the various departments of the County, which would greatly benefit by such scheduled meetings, without any substantial increase in the cost of such meetings to the County,

NOW THEREFORE BE IT RESOLVED that this matter be referred to the Ways and Means and By-Laws Committees for their consideration and recommendation as to the desirability of setting up such scheduled meetings under the By-Laws and report back to the Board at or prior to the annual meeting of the Board in April.

Mr. Chairman, I move the adoption of this resolution.

BUILDINGS AND GROUNDS COMMITTEE
HARRY W. HORTON, Chairman
DAVID E. ANDERSON
NORMAN R. BARNARD
HAROLD K. SCHONE
WILLIS M. BREWER
LUTHER HEACOCK
CASS B. WATERS

Moved by Horton supported by Thatcher the resolution be adopted.

A sufficient majority having voted therefor, the resolution was declared adopted.

Misc. 3061

By Mr. Thatcher

IN RE: HARRINGTON INTERCEPTOR SEWER DISTRICT

The following resolution was offered by Hiland M. Thatcher and seconded by John G. Semann:

BE IT RESOLVED that the Board of Supervisors of the County of Oakland State of Michigan, by a majority vote of its members elect, does hereby authorize and direct that there be established under the provisions of Act No 342 of the Public Acts of 1939, as amended a system of sewer and sewage disposal improvements and services for the purpose of disposing of sewage from the following cities and townships, or parts thereof, to-wit:

1. Township of Southfield: All that portion of Sections 31 and 32 of Southfield Township lying SW'ly of the following described line:

Commencing at a point on the south line of Sec. 32 said point being 800 ft. west of the SE corner of said Section 32; thence NW'ly along the center line of River Rouge to a point on 9 Mile Road 550 ft E of the NW corner of Sec. 31, thence along the N line of Sec. 31 to the NW corner thereof.

2. City of Farmington: The entire city.

3. Township of Farmington: All of the township lying east of Drake Road;

4. Township of West Bloomfield: All of the township lying within Sections 1, 2, 11 thru 14, 23 thru 28 and 33 thru 36 and the E ½ of the NE ¼ of Sec. 3.

5. City of Keego Harbor: The entire city.

6. Township of Waterford: All of the township lying generally east of the following described line:

Commencing at the N ¼ corner of Sec. 7; thence south to the center of Sec. 3; thence west along the E and W ¼ lines of Sections 3 and 4 to the center line of Dixie Hwy., thence SE'ly along the center line of Dixie Hwy. to the N line of Lot No 4, Supervisors Plat No 4; thence SW'ly along the N line of Lot No. 4 of Supervisors Plat No. 4 to the E ¼ line of Sec. 4; thence east to the E ¼ line of Sec. 4; thence south along the E ¼ line of Secs. 4 and 9 to the center line of the Grand Trunk Railroad; thence SE'ly along the center line of the Grand Trunk Railroad to the W ¼ line of Sec. 10; thence south along the W ¼ line of Sections 10 and 15 to the E and W ¼ line of Sec. 15; thence west to the W line of Sec. 15; thence south approx. 1100 ft along the W line of Sec. 15 to the center line of the Clinton River; thence SW'ly along the center line of the Clinton River across Sec. 16 to the S line of Sec. 16; thence west to the W line of Sec. 16; thence south along the W line of Sec. 21 to the E and W ¼ line of Sec. 21; thence east to the center line of the Clinton River; thence SW'ly along the center line of the Clinton River to the W line of Sec. 28, thence south to the E and W ¼ line of Sec. 28; thence east to the W ¼ line of Sec. 28; thence south to the S line of Sec. 28; thence east to the N and S ¼ line of Sec. 28, thence south 1700 ft; thence east to E ¼ line of Sec. 33, thence south to S ¼ line of Sec. 33; thence east on S ¼ line of Sections 33 and 34 to the E ¼ line of Sec. 34; thence south along the E ¼ line of Section 34, to the S line of Sec. 34, except Section 1, the E ½, the NW ¼ of the NE ¼, and the NE ¼ of the NW ¼ of Section 2 and the north 1320 ft of the NE ¼ of Section 12;

all of which territory lies within said County of Oakland, and is to be known as the "Farmington Interceptor Sewer District."

BE IT FURTHER RESOLVED that the County Drain Commissioner is hereby designated as the agency of the county in matters pertaining to such system of sewer and sewage disposal improvements and services.

BE IT FURTHER RESOLVED that the County Drain Commissioner as such county agency shall have such powers and duties in respect to the aforementioned system as are conferred upon him by law and especially by the provisions of Act 342 of the Public Acts of 1939, as amended; provided, that he shall have no authority to create any liability of any kind upon the County of Oakland unless authorized by this Board of Supervisors.

ADOPTED: Yeas: D. Anderson, L. Anderson, Andrews, Barnard, Belding, Belyea, Blanchard, Bonner, Boyer, Brendel, Brewer, Brigham, Campbell, Cardon, Carey, Castle, Clack, Clark, Clawson, Crenshaw, Cummings, Davis, Decker, Dickens, Duncan, Eckman, Edwards, Ewart, Frid, Gardner, Goodspeed, Haack, Hamlin, Heacock, Hill, Holmes, Holway, Hudson, Hughes, Keiley, Kephart, Levinson, Lewis, MacDonald, McKinnon, Menzies, Miller, Moberly, Moskowitz, Oldenburg, Phillips, Ransom, Reid, Rhinevault, Roberts, Schock, Schone, Semann, D. Nays: None. (0).

Misc. 3062

IN RE: CONTRACTS BETWEEN THE CITY OF DETROIT AND COUNTY OF OAKLAND

Mr. Hiland M. Thatcher presented the following contracts:

THIS AGREEMENT, made this ——— day of ———, 1956, by and between the City of Detroit, a municipal corporation, (hereinafter referred to as the "City") by its Board of Water Commissioners, and the County of Oakland, a public corporation (hereinafter referred to as the "County") by its County Drain Commissioner:

WITNESSETH:

WHEREAS the parties hereto did on the 23rd day of November, 1943, enter into an agreement for the treatment and final disposal by the City of such sanitary sewage from the Southeastern Oakland County Sewage Disposal District, as shall be delivered into the City's Connors Creek Sewer at the backwater gates south of Jefferson Avenue, and

WHEREAS the County has entered into an agreement of even date herewith with the City of Detroit for the use of the latter's sewers from a point at the intersection of Southfield Road and Hessell Avenue to the Northwest Intercepting Sewer of the Detroit Sewage Disposal System, at Michigan Avenue, for the transportation of sanitary sewage from the following described territory, to-wit:

Part of Section 36, T1N, R10E, Southfield Township, Oakland County, Michigan commencing at the southwest section corner post which is at the intersection of Southfield and Eight Mile Road; th N 88°32'20" E along the centerline of Eight Mile Road and the S line of Section 36, 2605.52 ft to the POB; th N 1°09'00" W 102.00 ft to a pt on the N'ly right of way line of Eight Mile Road which is the pt of beginning; th along the northerly right of way line of Eight Mile Road N 88°44'00" E 359.51 ft to a pt; th N 1°09'00" W 500.00 ft to a pt; th N 88°44'00" E 938.66 ft to a pt on the W'ly right of way line of Northwestern Highway; th along the W'ly right of way line of Northwestern Highway N 34°05'30" W 757.14 ft. to the P.C. of curve to the left; th continuing along the W'ly right of way line of Northwestern Highway and the curve to the left (Radius of 5423.44 ft., interior angle of 5°04'15", the long chord of which bears N 36°37'36" W 391.14 ft) 391.65 ft to a pt; th S 1°15'40" E 230.37 to a pt; th S 89°01'40" W 3261.68 ft to a pt on the W'ly section line and the centerline of Southfield Road; th along said section line S 0°59'20" E 1250.73 ft to the intersection of the W'ly section line and the northerly right of way line of Eight Mile Road extended; th along the N'ly right of way line of Eight Mile Road N 88°32'20" E 2605.52 ft to the pt of beginning, containing 96.46 acres more or less.

and

WHEREAS the said territory above described is now within the confines of the Southeastern Oakland County Sewage Disposal District but because of the topography it is not feasible to convey any sewage therefrom to the east and finally into the said Connors Creek Sewer; and that it is contemplated that the said territory, together with other territory may be transferred from the Southeastern Oakland County Sewage Disposal District to the Evergreen Interceptor District.

THEREFORE, it is agreed by and between the parties hereto as follows:

1. That the City will treat and dispose of sewage from the aforesaid described territory, which is delivered to the Northwest Intercepting Sewer of the Detroit Sewage Disposal System, at Michigan Avenue, on the same terms and conditions as are prescribed in said agreement of November 23, 1942, in respect to sewage delivered to the City in the Connors Creek Sewer at said backwater gates except as hereinafter provided.

2. It is understood that if a system of sewer and sewage disposal improvements and services shall be hereafter established, under the provisions of Act 342 of Public Acts of 1939, as amended, for the proposed Evergreen Interceptor District, which shall include the above described lands, then this agreement shall be merged into any agreement which may be entered into between the parties hereto for the treatment and disposal of sewage from said larger district.

3. No sewage flow water, such as is required in paragraph 4 of said agreement of November 23, 1942, shall be required for the measuring of sewage covered by this agreement, for a period of 50 years from the date hereof, after which time the City may require the County to install such a meter in the township's Southfield Road sewer, provided this agreement is not merged into an agreement for a larger district as referred to in paragraph 2 above.

IN WITNESS WHEREOF the parties hereto have caused this agreement to be executed by their respective duly authorized officers as of the day and year first above written.

CITY OF DETROIT
BY ITS BOARD OF WATER COMMISSIONERS
By ———
President
By ———
Secretary
COUNTY OF OAKLAND
By ———
County Drain Commissioner

It was moved by Hiland M Thatcher and seconded by John G Semann that the foregoing contract be approved and that the County Drain Commissioner be authorized to execute the same for and on behalf of the County.

ADOPTED: Yeas: D. Anderson, L. Anderson, Andrews, Barnard, Belding, Belyea, Best, Blanchard, Bonner, Boyer, Brendel, Brewer, Brigham, Campbell, Cardon, Carey, Castle, Clack, Clark, Clawson, Crenshaw, Cummings, Davis, Decker, Dickens, Duncan, Eckman, Edwards, Elias, Ewart, Frid, Gardner, Goodspeed, Haack, Hamlin, Heacock, Hill, Holmes, Holway, Hudson, Hughes, Keiley, Kephart, Levinson, Lewis, MacDonald, McKinnon, Menzies, Miller, Moberly, Moskowitz, Oldenburg, Phillips, Ransom, Reid, Rhinevault, Roberts, Schock, Schone, Semann, D. AGREEMENT FOR USE OF CERTAIN DETROIT SEWERS

Misc. 3063

AGREEMENT made this ——— day of ———, 1956 between the CITY OF DETROIT, a MUNICIPAL CORPORATION in the State of Michigan, by and through its Commissioner of Public Works (hereinafter called the City), and the COUNTY OF OAKLAND a political subdivision of the STATE OF MICHIGAN by and through its County Drain Commissioner (hereinafter called the County),

WITNESSETH

(RECITAL A) WHEREAS the City as a governmental function, has heretofore constructed and maintains a sewer system, part of which consists of sewers extending from the intersection of Southfield Road and Hessell Avenue to the Northwest Intercepting Sewer of the Detroit Sewage Disposal System at Michigan Avenue, which sewers have surplus capacity for sanitary sewage flow, and

(RECITAL B) WHEREAS the County is authorized to contract for sewage disposal services, with limited liability, pursuant to Act 342 of P.A. 1939, as amended, and has adopted appropriate resolutions to accompanish such purpose, and

(RECITAL C) WHEREAS the County is desirous of using said surplus sanitary sewage capacity of City sewers for the purpose of disposing of sanitary sewage only (but not storm water) from the following described territory, to-wit:

Part of Section 36, T1N, R10E, Southfield Township, Oakland County, Michigan, commencing at the southwest section corner post which is at the intersection of Southfield and Eight Mile Road; th N 88°32'20" E along the centerline of Eight Mile Road and the S line of Section 36, 2605.52 ft to the POB; th N 1°09'00" W 102.00 ft to a pt on the N'ly right of way line of Eight Mile Road which is the pt of beginning; th along the northerly right of way line of Eight Mile Road N 88°44'00" E 359.51 ft to a pt; th N 1°09'00" W 500.00 ft to a pt; th N 88°44'00" E 938.66 ft to a pt on the W'ly right of way line of Northwestern Highway; th along the W'ly right of way line of Northwestern Highway N 34°05'30" W 757.14 ft. the P.C. of curve to the left; th continuing along the W'ly right of way line of Northwestern Highway and the curve to the left (Radius of 5423.44 ft., interior angle of 5°04'15", the long chord of which bears N 36°37'36" W 391.14 ft) 391.65 ft to a pt; th S 1°15'40" E 230.37 to a pt; th S 89°01'40" W 3261.68 ft to a pt on the W'ly section line and the centerline of Southfield Road; th along said section line S 0°59'20" E 1250.73 ft to the intersection of the W'ly section line and the northerly right of way line of Eight Mile Road extended; th along the N'ly right of way line of Eight Mile Road N 88°32'20" E 2605.52 ft to the pt of beginning, containing 96.46 acres more or less.

which comprises approximately 96.46 acres as shown on Exhibit "A", hereto attached and made a part hereof.

(RECITAL D) WHEREAS the County proposes to build at its sole expense, a sanitary sewer with an inside diameter of twenty-one (21) inches, and with a maximum flow capacity of 7½ cubic feet per second, in Southfield Road in the City of Detroit, extending from the northerly city limits at Eight Mile Road to a point in Southfield Road just north of Hessell Avenue, for the purpose of conveying sanitary sewage into the City's sewage system, and

(RECITAL E) WHEREAS the County proposes to make use of this 21 inch sewer for the conveyance of sanitary sewage originating within the territory described in Recital C above, to the southern terminus of said sewer and thence through a 15 inch sewer by-pass to the city's sewer system in Hessell Avenue at Southfield, which sewage flow is estimated at not to exceed 2 cubic feet per second.

NOW THEREFORE, IT IS AGREED BETWEEN THE PARTIES HERETO, for and in consideration of the mutual covenants and agreements herein contained to be kept and performed, and the benefits to accrue as a result hereof as follows:

THE COUNTY AGREES

1. To pay the City the sum of twenty thousand six hundred thirty-five and 64/100th dollars ($20,635.64) for an outlet for 2 cubic feet per second or less of its sanitary sewage, through those portions of the City's sewers described in Exhibit "B", attached hereto and made a part hereof, and further agrees that this payment will be made in full before starting any construction work in the City. It is agreed that this charge is correctly calculated in said Exhibit "B" Item 1 and Item 2, and that the said amount represents the proportionate cost of Detroit sewers to be utilized by the County to carry its sanitary sewage from its point of entrance at Hessell Avenue and Southfield Road, through the city sewers to Michigan Avenue just east of Southfield Road, at which point it enters the Northwest Intercepting Sewer of the Detroit Sewage Disposal System.

2. That should its quantity of sewage exceed 2 cubic feet per second, or any other than previously acquired capacity as herein provided, at any time for a period of one hour or more within any monthly period, then it will pay to the City for such additional use of the City's sewers during such month; an additional sum equal to thirty-eight and 70/100ths dollars ($38.70) per cubic foot per second for the maximum excess over and above two (2) cubic feet per second, or any other than previously acquired capacity. See Exhibit "B", Item 3, attached hereto.

3. That should the County acquire additional capacity, or be required to acquire additional capacity, as hereinafter provided, it will pay for such additional capacity over and above the previously acquired capacity at the rate of Thirty-four hundred seventeen and 82/100ths dollars ($10,317.82) for each additional cubic foot per second capacity acquired. See Exhibit "B", Item 1. Whenever the average monthly flow in any three monthly periods during a calendar year shall exceed the number of cubic feet per second capacity previously acquired by 1 cubic foot per second, then it will acquire such additional capacity as the City may deem necessary provided that the City shall not require the County to acquire at any one time in excess of 1 cubic foot per second additional capacity above that previously acquired unless additional territory is to be served. The County, at its option, may acquire additional capacity in said sewers, not exceeding a total of seven and one-half (7½) cubic feet per second which shall be paid for prior to any change in construction, equipment or method of operation which may provide such additional capacity. Such additional capacity may be purchased for territory in addition to that described in Recital C above, but in such event a description and map thereof, shall be filed with the Detroit City Engineer and his consent secured to the addition of such territory.

4. To pay an additional sum of one hundred three and 20/100ths dollars ($103.20) per annum in advance to the City for 2 cubic feet per second or less, as its proportionate share of the maintenance of the Detroit sewers used by the County, as shown in Exhibit "B", Item 4. Should the County's use of the City sewers exceed 2 cubic feet per second, under the provisions of paragraph (3) then the County will pay additional maintenance charges at a rate of fifty-one and 60/100ths dollars ($51.60) per cubic foot per second per year, as shown in Exhibit "B", Item 3. Said maintenance charges are computed at one-half of one per cent of the proportionate cost of the sewers used by the County and are to start from the date of discharge of such sewage into the Detroit sewers.

5. To furnish to the City complete plans and specifications for the sewer in Southfield Road, to be constructed by the County for the purpose of conveying sanitary flow to the Detroit sewer system, which plans and specifications, approved by the State of Michigan Department of Health, shall be filed in said City Engineer's Office.

6. That the flow from its sewer to the City's Sewer at Southfield and Hessell Avenue shall be automatically regulated and controlled in a manner approved by the City so as to limit the flow to the amount permitted under paragraph (1), (2) and (3) of this agreement, and further to entirely eliminate any flow at such times as the City's Southfield sewer at Hessell Avenue is flowing approximately full. For this purpose the County shall install and maintain at its own expense an automatic hydraulically controlled sewage regulator, provided that the sanitary or dry weather flow will be limited to the amount hereinbefore specified and also will be entirely shut off during heavy rainfall when the Southfield sewer is filled to its maximum capacity, or such lesser capacity as the City deems safe. This regulating equipment shall be maintained to the satisfaction of the City and be accessible to the authorized agents of the City at all times. Details of the construction of the regulating chamber and its equipment shall meet with approval of the City Engineer.

7. To deposit with the City before starting within the City any work on the County's sewer to be constructed in Southfield Road referred to in paragraph 5, the sum of five hundred dollars ($500.00) which is the City Engineer's estimate of the cost of inspection of that part of said interceptor within the City. Any portion of this amount unexpended for inspection upon completion of the work shall be refunded to the County or any deficiency in this amount will be paid forthwith by the County to the City.

8 To start construction of the sewer in Southfield Road, at such time as authorized by the City, and to complete same within ——— calendar days thereafter, unless time of completion is extended by the City.

That all present and future construction by it within the city limits of Detroit will be in accordance with complete contract documents, plans and specifications, as approved by the City, through its City Engineer, and that all construction shall be under the supervision of said Engineer and at the expense of the County, and that the City Engineer will be given at least forty-eight (48) hours written notice before the beginning of construction of any work within the City of Detroit.

10. That all work performed by it within the City of Detroit will be in accordance with the standard rules and regulations pertaining to work in public streets, at last adopted by the Common Council of the City of Detroit, which rules and regulations are made a part of this agreement.

11. That it will furnish to the City public liability, property damage and compensation insurance, in amounts and forms satisfactory to the City, to save the City free and harmless from all losses or damages and injuries which may arise out of any work which it performs or causes to be performed within the City of Detroit, provided that where such work is performed for the County by a Contractor, such insurance from the County shall not be required, if the insurance furnished by the Contractor is such as to save the City free and harmless from all such losses, damages and injuries.

12. That it will at all times be liable for all damages and injuries which may arise out of any work which it has performed or caused to be performed within the city and will indemnify the City for all costs or expense arising out of the privileges herein granted.

13. To replace at its own expense and to the satisfaction of the City Engineer, all pavements, sidewalks, shade trees, electric light poles and other public or private property, improvements or utilities disturbed or damaged arising out of any construction by it in the City of Detroit.

14 That the City has the right, in case of emergency, to perform any work within the City of Detroit, which the City deems necessary because of inability with reasonable diligence to notify the County, such work shall be done at the sole expense of the County.

15. That it will assume full responsibility for the adequacy and proper functioning of its sewer within the limits of the City of Detroit, and that it will save the City harmless from any liability for any damages arising from or out of its use of said sewer.

16. To pay to the City, additional sums of money for sewage treatment as agreed between the County and City of Detroit, through the Board of Water Commissioners of the City.

THE CITY AGREES

17. To permit its sewer to be used as an outlet for the sanitary sewage of the County in accordance with the terms of this agreement.

18. To examine the contract documents, plans and specifications submitted by the County insofar as the City's interests are concerned, and to approve same for such construction as lies within the City limits. Such approval shall in no way relieve the County of any of its responsibilities or liabilities under the provisions of this agreement.

19. That this agreement constitutes a permit to the County to construct and maintain the sewer within the city limits of Detroit in Southfield Road from the northerly city limits to the city sewer in Hessell Ave. as approved under the provisions of this agreement.

20 To inspect the performance of any work within the city limits for the purpose of determining that such work is in accordance with the approved contract documents, including plans and specifications. Such inspection shall in no way relieve the County or its agents from their mutual obligations, nor relieve the County from its responsibilities and liabilities under this agreement.

BOTH PARTIES MUTUALLY AGREE IN ADDITION AS FOLLOWS:

21. The term "sanitary sewage" as used in this contract, shall be deemed to mean all liquids and wastes flowing through the sewers and/or drains in the district described in Recital C (and such other territory as may be added pursuant to the terms of this agreement) exclusive of such rainfall as will bring the flow into the Detroit sewers above the limited provisions of this contract, as from time to time existing.

22. That this agreement shall be in full force and effect for a period of fifty (50) years from and after the date of the execution hereof.

23. That if the County shall at any time provide its own sewage treatment facilities and by reason thereof shall cease to use the City sewer system, it may surrender its rights to such use by terminating this agreement after giving ninety (90) days' advance notice in writing to the City. In the event of such action by the County, the City shall accordingly accept such notice of termination. In such case, the use by the County of the connecting sewer at Southfield Road within the City and the regulating chamber with its equipment, shall be discontinued and the same shut off and bulkheaded by the City, and said sewer and regulating chamber shall then become the sole property of the City of Detroit. The County shall then be entitled to a return of a portion of the amounts previously paid under paragraphs (1) and (3) of this agreement for capacities acquired by the County, which returnable portion shall be that part of the total remaining after deducting an amount to be retained by the City, representing a fair rental value for use of City sewers, which is agreed to be 4% per annum. After such time as this rental value is equivalent to the total amounts paid by the County for acquired capacities, no portion shall then be returnable.

24. Should the County violate any of its material obligations under this contract and should such violation continue for a period of ninety (90) days after notice by the City to the County, served upon its County Drain Commissioner, then the City may suspend this agreement during the continuance of such violation and to affect the same may install a bulkhead in the connection to the Detroit Sewer System; provided, that if such violation is of a nature that the same cannot be remedied within said period of ninety (90) days, then a reasonable extension shall be given to the County.

25. That this agreement for use of certain Detroit sewers shall not be effective until such time as the County has arranged with the Board of Water Commissioners of the City for sewage treatment services.

26. The County and all units of government which contribute sewage to the Detroit sewers under this agreement, shall comply with the Detroit standards and regulations controlling the discharge of industrial or commercial type wastes into the Detroit Sewer System.

27. It is understood that the territory to be served by this agreement is to be a part of the "Evergreen Interceptor District", and that when an agreement is entered into between the County and City for disposal of sanitary sewage from that district, then this agreement shall be merged into that agreement and credit given for payments made hereunder pursuant to paragraphs 1 and 3 above.

28. This agreement is made in pursuance of proper resolutions adopted by the governing body of each party, certified copies of which resolutions are hereto attached, marked Exhibits "C" and "D" and made a part hereof. For the faithful performance of all and singular of the stipulations, terms and conditions of this agreement, said parties bind themselves, their successors and assigns.

IN WITNESS WHEREOF the parties have this ——— day of ———, A.D. 1956, caused this agreement to be executed in quadruplicate and signed by the respective parties hereto, pursuant to the aforesaid resolutions of their governing bodies.

IN THE PRESENCE OF:

THE CITY OF DETROIT
By ———
Commissioner of Public Works

IN THE PRESENCE OF
THE COUNTY OF OAKLAND
By ———
County Drain Commissioner

It was moved by Hiland M Thatcher and seconded by John G. Semann that the foregoing contract be approved and that the County Drain Commissioner be authorized to execute the same for and on behalf of the County.

ADOPTED—Yeas: D. Anderson, L. Anderson, Andrews, Barnard, Belding, Belyea, Best, Blanchard, Bonner, Boyer, Brendel, Brewer, Brigham, Campbell, Cardon, Carey, Castle, Clack, Clark, Clawson, Crenshaw, Cummings, Davis, Decker, Dickens, Duncan, Eckman, Edwards, Elias, Ewart, Frid, Gardner, Goodspeed, Haack, Hamlin, Heacock, Hill, Holmes, Holway, Hudson, Hughes, Keiley, Kephart, Levinson, Lewis, MacDonald, McKinnon, Menzies, Miller, Moberly, Moskowitz, Oldenburg, Phillips, Ransom, Reid, Rhinevault, Roberts, Schock, Schone, Semann, D. IN RE: FLOWER COMMITTEE REPORT

To The Honorable Board of Supervisors

Your Flower Committee wishes to make the following report:

Balance in Flower Fund on April 12, 1955 $68.01

Amount spent for flowers ——— 76.72

Total ——— $11.71

Deficit ———

In sympathy of Wm. Roeser, Mrs. Frank D. Brigham, O. P. Gibbs, Flowers for the ill—L. L. Anderson, Floyd Andrews, Roy F. Goodspeed, Clayton G. Lilly, O. P. Gibbs

FLOWER COMMITTEE
GENEVIEVE C. SCHOCK, Chairman
MARGARET E. HILL

Moved by Schock supported by Moberly the report be adopted.

A sufficient majority having voted therefor, the report was adopted.

Moved by Semann supported by L. Anderson the Board adjourn until 1:30 p.m.

A sufficient majority having voted therefor, the motion carried.

AFTERNOON SESSION

Meeting called to order by Chairman Floyd Andrews.

ROLL CALLED: L. Anderson, Andrews, Barnard, Belyea, Best, Blanchard, Bonner, Brendel, Brewer, Brigham, Campbell, Cardon, Carey, Castle, Clack, Clark, Clawson, Crenshaw, Cummings, Davis, Decker, Dickens, Duncan, Eckman, Edwards, Ewart, Gardner, Goodspeed, Haack, Hamlin, Heacock, Hill, Holmes, Holway, Horton, Hudson, Kephart, Levinson, Lewis, McKinnon, Miller, Moberly, Moskowitz, Oldenburg, Phillips, Ransom, Rhinevault, Roberts, Schock, Schone, Semann, D. Smith, F. Smith, W. Smith, Staman, Swem, Taylor, Thatcher, Voll, Walker, Waters, Webber, Weinburger, Zapf. (64)

Absent: Belding, Bonner, Boyer, Frid, Hughes, Menzies, Reid, Yockey. (8)

Moved by Schock supported by Castle the report be adopted.

AYES: L. Anderson, Andrews, Barnard, Belyea, Best, Blanchard, Brendel, Brewer, Brigham, Campbell, Cardon, Carey, Castle, Clack, Clark, Clawson, Crenshaw, Cummings, Davis, Decker, Dickens, Duncan, Eckman, Edwards, Ewart, Gardner, Goodspeed, Haack, Hamlin, Heacock, Hill, Holmes, Holway, Horton, Hudson, Kephart, Levinson, Lewis, McKinnon, Miller, Moberly, Moskowitz, Oldenburg, Phillips, Ransom, Rhinevault, Roberts, Schock, Schone, Semann, D. Smith, F. Smith, W. Smith, Staman, Swem, Taylor, Thatcher, Voll, Walker, Waters, Webber, Weinburger, Zapf. (64)

NAYS: None. (0)

A sufficient majority having voted therefore, the report was declared adopted.

Misc. 3064

By Mr. Moberly

IN RE: PRISON CAMP PROGRAM

Mr. Chairman, Ladies and Gentlemen:

At a meeting of this Board held on November 10, 1955, Mr. S. J. Gilman, Assistant Director in charge of the Camp Program for the State Department of Corrections, addressed the Board and requested permission to establish a prison camp in the Township of Brandon.

The matter was referred to your Miscellaneous Committee. This Committee held a meeting on November 29, 1955 at which time Mr. Gilman, Judge Clarence Sessions, a member of the State Corrections Commission, and Mr. Erickson of the State Conservation Department, outlined the prison camp program and explained the advantages of such a project and stated the reasons for asking permission to establish such a camp in Brandon Township.

The committee meeting was also attended by Township Supervisor and approximately twenty-two residents of the township whose homes or properties were located near the proposed camp site.

All the township residents were given an opportunity to express their opinions which, we might state, were 100% against the establishment of the camp. In addition, a petition was presented to the committee bearing the signatures of 467 residents, all opposing the establishment of the camp.

While your committee was favorably impressed with the merits of the camp program, which was ably presented by the state officials, and is sympathetic with the aims and purposes of the program, it feels that the welfare and interests of the township residents should be given careful consideration and your committee wishes to offer the following resolution:

WHEREAS many residents of the Township of Brandon, particularly those residing or owning property near or adjacent to the proposed site of a Department of

Supervisors' Proceedings

(Continued from page 38)

years and his estimated social security primary insurance amount.

Deferred Retirement

Section 26. Should any member with 8 or more years of credited service leave the service of the County prior to the date he becomes eligible to retire with a retirement allowance provided for in section 25, for any reason except his death or to become a retirant, his contributions to the retirement system shall cease, and he may remain a member during the period of his absence from County service for the exclusive purpose only of receiving a retirement allowance provided for in section 25. The said retirement allowance shall begin as of the date his application for same is filed with the Commission, but not prior to the date he would have become eligible to retire with a retirement allowance provided for in section 25 had he not left County service: Provided, that the said member's application shall not be filed with the Commission prior to 90 days preceding the said date he would have become eligible to retire with a retirement allowance provided for in section 25 had he not left County service. In the event he withdraws all or part of his accumulated contributions from the employes savings fund he shall thereupon cease to be a member and he shall forfeit all his rights and, in lieu thereof, shall receive a deferred retirement allowance provided for in this section. Upon his retirement or death he shall cease to be a member. In no case shall such a member receive service credit under this section for a period of his absence from County service, except as otherwise provided in the retirement system resolution.

Retirement Allowance Options

Section 27. (a). Prior to the effective date of his retirement, but not thereafter, a member may elect to receive his retirement allowance as a regular retirement allowance payable throughout his life; or, he may elect to receive the actuarial equivalent, at that time, of his regular retirement allowance in a reduced retirement allowance payable throughout his life, and nominate a beneficiary, in accordance with the provisions of option A or B as hereinafter set forth, subject to paragraph (b) of this section. If a member does not have an option election in force at the effective date of his retirement his retirement allowance shall be paid as a regular retirement allowance.

Option A. Joint and Survivor Allowance. Upon the death of a retirant his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the Commission prior to the effective date of his retirement; or

Option B. Modified Joint and Survivor Allowance. Upon the death of a retirant, one-half of his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the Commission prior to the effective date of his retirement.

(b). If any benefits become payable under section 34 on account of the death of a retirant who was receiving a retirement allowance under either option A or B above, no retirement allowance shall be paid under the said option A or B to his designated beneficiary. If the said retirant dies before he has received in retirement allowance payments an aggregate amount equal to, but not exceeding, his accumulated contributions standing to his credit in the employes savings fund at the time of his retirement, the difference between his said accumulated contributions and the said aggregate amount of retirement allowance payments received by him shall be paid from the retirement reserve fund to his said designated beneficiary. If living, otherwise to his legal representative.

(c). In the event a retirant receiving a regular retirement allowance, or a retirant and his beneficiary under an option A or B retirement allowance, dies before he or they have received in retirement allowance payments an aggregate amount equal to the retirant's accumulated contributions standing to his credit in the employes savings fund at the time of his retirement, the difference between his said accumulated contributions and the said aggregate amount of retirement allowance payments received shall be paid from the retirement reserve fund to such person or persons as the said retirant shall have nominated by written designation duly executed and filed with the Commission. If there be no such designated person or persons surviving the said retirant, such difference, if any, shall be paid to his legal representative. No benefits shall be paid under this paragraph on account of the death of a retirant if any benefits are paid under section 34 on account of his death.

Ordinary Death

Section 28. Any member with 10 or more years of credited service who continues in the employ of the County after his attainment of the age 60 years, may, at any time prior to the effective date of his retirement, elect option A provided for in section 27, in the same manner as if he were then retiring from service, and nominate a beneficiary whom the Commission finds to be dependent upon the said member for at least 50 per cent of his support due to lack of financial means. Prior to the effective date of his retirement, a member may revoke his said election of option A and nomination of beneficiary and again elect the said option A and nominate a beneficiary as provided in this section. Upon the death of a member who has an option A election in force, his beneficiary if living, shall immediately receive the same retirement allowance to which the said beneficiary would have been entitled if the said member had retired the day preceding the date of his death. If a member has an option A election in force at the time of his retirement, his said election of option A and nomination of beneficiary shall thereafter continue in force. Provided, that within 60 days prior to the effective date of his retirement he shall have the right to elect to receive his retirement allowance under any option provided for in section 27. No benefits shall be paid under this section on account of the death of a member if any benefits are paid under section 34 on account of his death.

Section 29. Any member with 10 or more years of credited service who continues in the employ of the County after his attainment of age 60 years and does not have an option A election in force as provided in section 28, (1) dies while in County service, and (2) leaves a widow or, in the case of a female member, leaves a widower whom the Commission finds to be totally and permanently disabled and to have been dependent upon the said female member for at least 50 per cent of his support at the said widow or widower, as the case may be, shall immediately receive the same retirement allowance to which the said beneficiary would have been entitled if the said member had (1) retired the day preceding the date of his death (2) elected option A provided for in section 27, and (3) nominated his said widow or widower, as the case may be, as a beneficiary. No benefits shall be paid under this section on account of the death of a member if any benefits are paid under section 34 on account of his death.

Disability Retirement—Credited Service 10 or more Years

Section 30. Upon application of a member, or his department head, a member who (1) is in the service of the County (2) has 10 or more years of credited service and (3) has become or becomes totally and permanently incapacitated for duty in the service of the County, may be retired by the Commission: Provided, that after a medical examination of the said member made by or under the direction of the Medical Director the Medical Director certifies to the Commission (1) that the said member is mentally or physically totally incapacitated for duty in the service of the County, (2) that such incapacity will probably be permanent and (3) that said member should be retired.

Disability Retirement—Credited Service Less than 10 Years

Section 31. Any member with less than 10 years of credited service shall have his credited service increased to 10 years for the exclusive purpose only of qualifying for disability retirement as provided in section 30. Provided, that if the Commission finds he is totally and permanently incapacitated for duty as the natural and proximate result of a personal injury or disease arising out of and in the course of his actual performance of duty in the service of the County and (2) he is in receipt of workmen's compensation on account of his said physical or mental incapacity.

Disability Retirement Allowance

Section 32. Upon his retirement on account of disability as provided in this resolution, a member shall receive a disability retirement allowance computed according to section 25, paragraphs (a), (b) and (c), notwithstanding that he may not have attained age 60 years. His said disability retirement allowance payable to his attainment of age 60 years, if he retired prior to age 60 years, (1) shall be subject to section 36 and (2) shall not be less than 15 per cent of his final average compensation. During the statutory period for payment of his workmen's compensation, if any, but not beyond his attainment of age 60 years, the County pension portion of his disability retirement allowance shall not exceed the difference between $2,400 or one-half of his final average compensation, whichever is lesser, and his workmen's compensation, if any, converted to an annual basis. Upon his retirement he shall have the right to elect an option provided in section 27.

Disability Retirement Allowance Increased

Section 33. Upon termination of the statutory period for payment of his workmen's compensation if any arising on account of his County employment or at his attainment of age 65 years, whichever occurs first, a disability retirant shall be given service credit for the said statutory period, but in no case shall such additional service credit include any period beyond his attainment of age 65 years. His disability retirement allowance provided for in section 32 shall be increased to include such additional service credit: Provided, that in no case shall his said increased disability retirement allowance payable from the employes savings fund and the pension reserve fund together with his said workmen's compensation if any, converted to an annual basis, exceed the greater of (1) 60 per cent of his final average compensation or (2) the sum of $2,400 and his said workmen's compensation if any converted to an annual basis.

Duty Death

Section 34. In the event (1) a member dies as the result of a personal injury or disease arising out of and in the course of his employment by the County, or (2) a disability retirant dies prior to attaining age 60 years and within a period of 3 years following his disability retirement as the result of the same injury or disease for which he retired, and in either case his death, injury or disease resulting in death, be found by the Commission to have occurred as the natural and proximate result of causes arising out of and in the course of his actual performance of duty in the service of the County, the applicable benefits provided in paragraphs (a), (b), (c) and (d) of this section shall be paid, subject to the condition that workmen's compensation is paid on account of the death of the said member or retirant; the said member's accumulated contributions standing to his credit in the employes savings fund at the time of his death shall be paid in accordance with section 37.

(b). Upon termination of the statutory period for payment of workmen's compensation to the widow of the said deceased member or retirant, the said widow, if not remarried, shall receive a county pension equal to the widow's weekly workmen's compensation converted to an annual basis; said county pension to terminate upon his attainment of age 18 years, or death or marriage prior thereto. Should the widow's county pension be terminated as provided in paragraph (b) of this section, and should an unmarried child or children under age 18 years survive the said widow, each such child's county pension shall be increased by an equal share of said widow's county pension.

(c). Upon termination of the statutory period for payment of workmen's compensation to the parent or parents of said deceased member or retirant, the said parent or parents shall each receive a county pension equal to the parent's workmen's compensation converted to an annual basis; said parent's county pension to terminate upon his remarriage or death.

(e). As used in this section, the term "widow" means the person to whom the said deceased member or retirant was married at the termination of his last employment with the County.

Subrogation Provision

Section 35. In the event an individual becomes entitled to a county pension as the result of an accident or injury caused by the act of a third party, the County shall be subrogated to the rights of the said individual against such third party to the extent of benefits the County pays or becomes liable to pay.

Re-Examination of Disability Retirants

Section 36. (a). At least once each year during the first 5 years following the retirement of a member with a disability retirement allowance, and at least once in every 3 year period thereafter, the Commission may, and upon the retirant's application if required, said retirant, who has not attained age 60 years, to undergo a medical examination to be made by or under the direction of the Medical Director. If the said retirant refuses to submit to such medical examination in any such period, his disability retirement allowance may be suspended by the Commission until his withdrawal of such refusal, and should such refusal continue for one year all his rights in and to a disability retirement allowance may be revoked by the Commission. If upon such medical examination of a retirant, the Medical Director reports to the Commission that said retirant is physically able and capable of resuming employment with the County and his report is concurred in by the Commission, the said retirant shall be restored to active service with the County and his disability retirement allowance shall be discontinued. In restoring the said retirant to active service, as herein provided, reasonable latitude shall be allowed the County in placing him in a position commensurate to his type of work and rate of compensation at the time of his retirement.

(b) A disability retirant who has been or shall be restored to active service in the employ of the County prior to his attainment of age 70 years, as provided in paragraph (a) of this section, shall again become a member of the retirement system and he shall contribute to the retirement system at the rate applicable to his membership classification. His credited service at the time of his retirement shall be restored to full force and effect. He shall be given service credit for the period he was receiving a disability retirement allowance provided for in this resolution if within said period he was in receipt of workmen's compensation on account of total and permanent disability arising out of and in the course of his County employment; otherwise he shall not be given service credit for the period he was in receipt of a retirement allowance. In no case shall such service credit include any period beyond his attainment of age 70 years.

Refund of Member's Contributions

Section 37. (a). Except as otherwise provided in this resolution, should any member cease to be employed by the County (1) before attaining age 60 years, for any reason except to become a retirant or his death or (2) after attaining age 60 years and not being entitled to a retirement allowance payable from funds of the retirement system, he shall be paid all or part of his accumulated contributions standing to his credit in the employes savings fund, as he shall demand in writing on forms furnished by the Commission.

(b). Should any member die before his retirement becomes effective his accumulated contributions standing to his credit in the employes savings fund at the time of his death shall, except as otherwise provided in this resolution, be paid to such person or persons as he shall have nominated by written designation duly executed and filed with the Commission. If there be no such designated person or persons surviving the said member, his said accumulated contributions shall be paid to his legal representative.

(c). If any member dies without heirs and without a designated beneficiary surviving him, his accumulated contributions standing to his credit in the said fund at the time of his death may be used to pay his burial expenses, not to exceed a reasonable sum to be determined by the Commission: Provided, that he leave no other estate sufficient for such purpose.

Refunds of accumulated contributions, as provided in this section, may be made in equal installments according to such rules and regulations as the Commission may from time to time adopt.

Employes Savings Fund

Section 38. (a). The employes savings fund is hereby created. It shall be the fund in which shall be accumulated, at regular interest the contributions deducted from the compensations of members to provide for their employes pension reserve, from which shall be paid refunds of accumulated contributions, as provided in this resolution.

(b). To the social security date a member's contributions to the retirement system shall be 5 per cent of the compensations paid him by the County. From and after the social security date a member's contributions to the retirement system shall be the sum of 3 per cent of the first $4200 of his annual compensation and 5 per cent of the portion of his annual compensation in excess of $4200. The officer or officers responsible for making up the payroll shall cause the contributions provided for herein to be deducted from the compensations of each member on each and every payroll for each and every payroll period so long as he continues in County service.

The contributions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any member shall be changed thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein, and payment of his compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by him during the period covered by such payment, except as to benefits provided by the retirement system. The officer or officers responsible for making up the payroll shall certify to the Board of Auditors on each and every payroll the amount of contributions to be deducted from the compensation of each member on account of said payroll, and the amount so deducted and when deducted shall be paid to the employes savings fund and shall be credited to the individual account of the member from whose compensation said deduction was made.

(d). In addition to the contributions deducted from the compensations of a member as hereinbefore provided, a member shall deposit in the employes savings fund by a single contribution or by an increased rate of contribution as approved by the Commission all amounts he may have withdrawn therefrom and not repaid to the said fund together with regular interest computed from the date of withdrawal to the date of repayment. In no case shall any member be given credit for service rendered prior to the date he withdrew his accumulated contributions until he repays to the employes savings fund all amounts due the said fund by him.

(e). Upon retirement of any member his accumulated contributions shall be transferred from the employes savings fund to the retirement reserve fund. At the expiration of a period of 3 years from the date an employe ceases to be a member any balance standing to his credit in the employes savings fund, unclaimed by the said member or his legal representative, shall be transferred to the county pension reserve fund.

Retirement Reserve Fund

Section 39. The retirement reserve fund is hereby created. It shall be the fund from which shall be paid all employe pensions and county pensions, payable as provided in this resolution. Should any retirant who retired on account of disability be restored to active service in the employ of the County, his employe pension reserve at the date of his return, shall be transferred from the retirement reserve fund to the employes savings fund and shall be credited to his individual account therein, and his county pension reserve shall be transferred to the county pension reserve fund.

County Pension Reserve Fund

Section 40. The county pension reserve fund is hereby created. It shall be the fund in which shall be accumulated the reserves for the payment of all county pensions payable from funds provided by the County. Upon the basis of such mortality and other experience tables and regular interest, as the Commission shall from time to time adopt, the actuary shall annually compute the county pension reserves for the county pensions (1) covering paid retirants and beneficiaries, and (2) covering service rendered and to be rendered by members. The said county pension reserves shall be financed by annual appropriations, to be made according to paragraphs (a), (b) and (c) of this section.

(a). The appropriation for members' current service shall be a per cent of their annual compensations which will produce an amount which if paid annually by the County during their future service will be sufficient to provide the reserves, at the time of their retirements, for the portions of the county pensions to be paid them based upon their future service; and

(b). The appropriation for members' accrued service shall be a per cent of their annual compensations which will produce an amount which if paid annually by the County over a period of years, to be determined by the Commission will amortize; at regular interest, the unfunded county pension reserves for the accrued service portions of the county pensions to which they may be entitled; and

(c). The appropriation for pensions being paid retirants and beneficiaries shall be a per cent of the annual compensations of members which will produce an amount which if paid annually by the County over a period of years, to be determined by the Commission, will amortize, at regular interest, the unfunded county pension reserves for county pensions being paid retirants and beneficiaries.

(d). Within 30 days from and after the date this resolution takes effect the county pension reserves for county pensions being paid retirants and beneficiaries shall be transferred from the county pension reserve fund to the retirement reserve fund and thereafter all county pensions shall be paid from the retirement reserve fund. Upon the retirement of a member, or at the time a county pension becomes payable to a beneficiary on account of the death of a member, the reserve for such pension shall be transferred from the county pension reserve fund to the retirement reserve fund. The Commission may from time to time transfer from the county pension reserve fund to the retirement reserve fund such additional amounts as it determines to be necessary for the proper maintenance of the retirement reserve fund.

Assignments Prohibited

Section 41. The right of a person to an employe pension, a county pension, a retirement allowance, to the return of accumulated contributions, the employe pension, the county pension, or the retirement allowance itself, any optional benefit, any other right accrued or accruing to any member, retirant, or beneficiary under the provisions of this resolution, and the moneys belonging to the retirement system shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency law, or any other process of law whatsoever, and shall be unassignable except as is specifically provided in this resolution: Provided, that the County shall have the right of setoff for any claim arising from embezzlement by or fraud of a member.

Errors

Section 42. Should any change in the records result in any member, retirant, or beneficiary receiving from the retirement system more or less than he would have been entitled to receive had the records been correct, the Commission shall correct such error, and as far as practicable shall adjust the payment in such manner that the actuarial equivalent of the benefit to which the said member, retirant, or beneficiary was correctly entitled shall be paid.

Retroactive Social Security Taxes

Section 43. (a). Members' employes social security taxes retroactive from the social security date to January 1, 1955, to the extent required, shall be paid from their respective individual accounts in the employes savings fund unless such payment is otherwise provided for.

(b). The employer's social security taxes retroactive from the social security date to January 1, 1955, to the extent required, shall be paid from the retirement system's county pension reserve fund.

Effective Date of 1955 Amendments

Section 52. The 1955 amendments to the Oakland County Employes Retirement System shall become effective as of the social security date, as defined in section 2(s).

Mr. Chairman, on behalf of the Retirement Committee, I move the adoption of the foregoing resolution.

RETIREMENT COMMITTEE
FLOYD ANDREWS, Chairman

OAKLAND COUNTY BOARD OF SUPERVISORS
FRED W. SMITH, Chairman

WAYS AND MEANS COMMITTEE

Moved by Cummings supported by Hudson the resolution be adopted.

A sufficient majority of the members-elect having voted for the resolution, the resolution was declared adopted.

IN RE: SALARY OF CORPORATION COUNSEL

To the Honorable Board of Supervisors

WHEREAS at a previous meeting of the Board of Supervisors for the County of Oakland, the Salary Committee requested and was granted authority to employ counsel to examine and report on the status of Harry J. Merritt's contract of employment as Civil Counsel for the Oakland County Board of Supervisors and

WHEREAS pursuant to that authority David C. Pence and Gilbert Davis were employed as counsel, and

WHEREAS said David C. Pence and Gilbert Davis have filed a written report with the committee wherein they have set forth their opinion that the contract entered into by the Board of Supervisors and Mr. Merritt, is not as of this date, a binding agreement, and

WHEREAS said counsel are also of the opinion Mr. Merritt was not under the contract above referred to, entitled to the increments he heretofore received by him, even though it was the intent of all concerned that he receive the same, and

WHEREAS it is a debatable question whether Mr. Merritt was a public official or county employe, and as such employe, entitled to increment pay, and

WHEREAS Mr. Merritt disagrees with the opinion rendered by said counsel as to his receiving increment pay, and

WHEREAS we believe that litigation would serve no good purpose in determining the differences of opinion upon the several questions involved, and

WHEREAS the matter has been fully discussed with Mr. Merritt by the Special Committee and he has concurred in the following resolution.

NOW THEREFORE BE IT RESOLVED that we make the following recommendations

1 That Harry J. Merritt's salary as Civil Counsel for the Board of Supervisors for the year 1956 remain as fixed in the October report, namely $10,010.00;

2 That he draw no salary increment pay during 1956;

3 That in consideration of such non-payment of increment pay during 1956, Oakland County shall waive all claim against Mr. Merritt for past increment pay received by him.

4 That the Salary Committee in fixing the salary for the Civil Counsel after 1956 consider the reasons herein given for establishing Mr. Merritt's salary for the year 1956 at the above figure.

5 That subsequent to 1956 the salary of the Civil Counsel be set exclusive of increment pay, unless the salary increment plan shall be clarified to include said Civil Counsel.

Ladies and Gentlemen, as Mr. Merritt has concurred in the aforegoing recommendation, on behalf of the Committee, I move the adoption of this report as the action of the Oakland County Board of Supervisors in disposing of the entire matter and controversy over Mr. Merritt's past increment pay and contract.

EARL RHINEVAULT

Moved by Brewer supported by Barnard the resolution be adopted.

A sufficient majority having voted therefor, the resolution was adopted.

Report

By Mr. Kephart

IN RE: REPORT OF T. B. COMMITTEE AND HEALTH COMMITTEE.

Mr. Chairman, Ladies and Gentlemen:

This report is given as a result of a joint meeting of the Tuberculosis Sanatorium and Health Committees held January 6, 1956 called per miscellaneous Resolution No. 3072, dated September 19, 1955.

The meeting was attended by members of the T. B. Sanatorium Committee, Health Committee, Health Director, T. B. Sanatorium Medical Director and the Sanatorium Board of Trustees.

A general discussion was had concerning the subject matter in the resolution. Dr. Monroe was requested to present his opinion as to the present and potential T. B. case load in Oakland County. He reported that a case finding program will start around March 1, 1956 with a goal of obtaining 150,000 x-rays, to be taken in the areas reflecting the highest T. B. incidence rate in the past. Dr. Monroe further reported that this was the first time that a case finding program was conducted in a concentrated manner, and would probably produce more cases than we normally would get from regular programs. This program is being aided financially by private industry.

Dr. Cheng, Medical Director of the Sanatorium, reported that the capacity of the Sanatorium main building was 175 patients and at this time, he has 170 patients. He further stated that for best results and efficient operation, the hospital should not be filled beyond 85% capacity.

The Board of Trustees feel concern over the publicity which has heretofore been given toward the disposal of the Sanatorium. They feel that this publicity has been to some extent detrimental to the patients and therefore recommend that no further consideration is given for other uses of the Sanatorium, that the matter be studied completely and thoroughly, and assurance given the patients that adequate facilities will be provided before disposition is made of the Sanatorium.

It applies to the joint committee and the Board of Trustees that no further consideration should be given for other use of the Sanatorium buildings until the results of the above mentioned intensified case finding program are known and all other factual data be compiled relative to this entire problem.

It is considered that the combined T. B. Committee and Health Committee is too large a body to efficiently conduct such a study, therefore, it is recommended that the Chairman of the Board of Supervisors appoint a special committee of not more than five members to make the aforementioned study.

T. B. SANATORIUM COMMITTEE
ELMER KEPHART, Chairman

HEALTH COMMITTEE
ELMER HAACK, Chairman

Moved by Kephart supported by Haack the Chairman appoint a committee of five to make the study.

A sufficient majority of the members-elect having voted for the motion, the motion carried

Misc. 3068

By Mr. Cummings

IN RE: TRANSFER OF FUNDS-INTER-COUNTY HIGHWAY AUTHORITY

Mr. Chairman, Ladies and Gentlemen:

WHEREAS this Board has previously allocated certain funds to the Water Survey Fund, which moneys were previously in the fund known as "Unappropriated Surplus," and

WHEREAS it is necessary to complete our commitments to the Inter-County Committee to allocate $2000.00 for the support of the proposed Inter-County Highway Authority and $3000.00 for the establishment of an executive office on condition that the remaining five counties furnish their allotted shares;

NOW THEREFORE, Mr. Chairman, I move that the Board of Auditors be authorized to transfer from "Unappropriated Surplus" to the "Inter-County Committee" fund, which will bring the Drain Revolving Fund to a total of $125,000.00;

BE IT FURTHER RESOLVED that by the passage of this resolution, the Board approve the addition of these employes to the Drain Commissioner's Department as provided in the schedule attached.

Mr. Chairman, on behalf of the Salaries and the Ways and Means Committees and with the concurrence of the Drain Committee, I move the adoption of the foregoing resolution.

IN RE: FACILITIES FUND FOR SERVICE CENTER

To the Honorable Board of Supervisors

Ladies and Gentlemen:

WHEREAS it is the consensus of the Ways and Means and Buildings and Grounds Committees that the creation of a Utilities Fund for the construction, operation and amortization of such facilities to the buildings at the Service Center would allow for better planning of the development of the Service Center, and

WHEREAS the Board of Auditors has recommended the establishment of a Utilities Revolving Fund for water, sewer, gas and electrical services and the enlargement of the present Heating Plant Fund for steam lines with a system of rates to be charged the users of such services for the operation and amortization of such utilities, which plan has the approval of both of these committees, and

WHEREAS the needs of the Oakland County Health Department and the Dog Shelter, if approved, for said utilities render imperative the immediate provision of funds from which to pay for the same.

NOW THEREFORE BE IT RESOLVED

1 That a Public Utilities Revolving Fund under the Oakland County Board of Auditors for the construction, operation and amortization of water, sewer, gas and electrical service facilities to the various buildings on the Service Center be hereby established;

2 That the present Heating Plant Fund be enlarged to cover the costs of construction, operation and amortization of heating lines as well as the Heating Plant itself;

3 That the Board of Auditors establish from time to time rates to the users of the aforementioned sufficient to cover the costs of operation;

4 That the sum of $20,000.00 be transferred from the Building Fund to the Utilities Revolving Fund for the costs of construction of sewers, water, gas and electricity to the Oakland County Health Center.

5 That the Oakland County Board of Auditors be authorized to execute the necessary contracts for the construction of the above utilities with the following low bidders: plumbing $15,700.00, electric $2,938.00, architect $1,118.28.

Mr. Chairman, on behalf of the Ways and Means and Buildings and Grounds Committees, whose signatures appear below, I move the adoption of the above resolution.

IN RE: ADDITIONAL EMPLOYES-DRAIN OFFICE

Mr. Chairman, Ladies and Gentlemen:

WHEREAS the Drain Committee has requested that additional employes be provided for the office of the Drain Commissioner and certain changes in classifications to handle the large drainage projects now under way and soon to be launched, and

WHEREAS the Salaries Committee has approved the need for such employes and set up the classifications therefor and supplied the Ways and Means Committee with details thereof and requested the approval of the Ways and Means for the funds to provide for such employes

NOW THEREFORE BE IT RESOLVED that the sum of $850.10 41 be taken from the Revolving Fund which will leave a balance in said Revolving Fund of $48,445.49 and that the sum of $13,554.51 be transferred from unappropriated surplus to the Drain Revolving Fund which will make a total of $60,000.00 in the Drain Revolving Fund.

BE IT FURTHER RESOLVED that in order to cover the recommendations as to the increased personnel and salaries as per schedule attached, that the sum of $65,000.00 be transferred from the Contingent Fund to the Drain Revolving Fund to a total of $125,000.00;

BE IT FURTHER RESOLVED that by the passage of this resolution, the Board approve the addition of these employes to the Drain Commissioner's Department as provided in the schedule attached.

Mr. Chairman, on behalf of the Salaries and the Ways and Means Committees and with the concurrence of the Drain Committee, I move the adoption of the foregoing resolution.

IN RE: CIVIL DEFENSE EMERGENCY WELFARE SERVICES PROGRAM

Mr. Chairman, Ladies and Gentlemen:

At a joint meeting of the Welfare and Civil Defense Committees of this Board, held on Monday, December 12, 1955, concerning a request by the Michigan Office of Civil Defense to submit to the Oakland County Board of Supervisors a "State Proposed" resolution relative to participation in the Southeastern Michigan Regional Organization for Civil Defense Welfare Services, it was resolved, by unanimous consent of the joint membership, to hold this state request in abeyance and in its place, submit the following resolution:

WHEREAS pursuant to the Michigan Civil Defense Act, being Act No. 154 of the Public Acts of Michigan for 1953, the County Civil Defense Director, together with the Vice Chairman of the County Social Welfare Board, have joined the Southeastern Michigan Regional Organization for Civil Defense Welfare Services to cooperate, for mutual protection, with the Counties of Livingston, Macomb, Monroe, St. Clair, Washtenaw and Wayne, and the cities of Detroit and Windsor and

WHEREAS in order to carry out the objectives of this Regional Civil Defense Emergency Welfare Services plan, an extension of the normal duties of various County officials at all levels of government becomes necessary and

WHEREAS the County Civil Defense Director and the Vice Chairman of the County Social Welfare Board have, or are going to take, certain actions which necessitate the approval of the Board of Supervisors.

NOW THEREFORE BE IT RESOLVED that the Oakland County Board of Supervisors hereby approve, ratify and accept the dispositions of the County Civil Defense Director and the Vice Chairman of the County Social Welfare Board in accordance with the Michigan Civil Defense plan and the directive of the Regional Civil Defense Emergency Welfare Services Organization, and

BE IT FURTHER RESOLVED that the Oakland County Department of Social Welfare is hereby authorized and directed to assign a member of its staff to serve as coordinator with the said Southeastern Michigan Regional Civil Defense Welfare Services Organization for the purpose of representing this County in the necessary work of surveying, planning and preparing a Regional Civil Defense Emergency Welfare Services program.

Mr. Chairman, on behalf of the Civil Defense and Welfare Committees, whose signatures appear below, I move the adoption of this resolution.

CIVIL DEFENSE COMMITTEE
CHARLES F. CARDON, Chairman

FRANK J. VOLL
ALBERT J. WEINBURGER
FRANK F. WEBBER

WELFARE COMMITTE

Supervisors' Proceedings

(Continued from page 39)

wide basis rather than on individual road sections.

Cost

Estimated cost for the twenty year period was $130 million for the county primary system. Oakland's average annual cost to construct and maintain the local road system was estimated by the Automotive Safety Foundation to be $9,043,000.

The county primary costs were broken into three programs, 10 year, 15 year and 20 year. The average annual cost for 10 year program is $10,830,000 and for the second 15 year period is $2,300,000. The 15 year program cost was estimated to be $47,864,500 annually. For a 20 year program the cost would be $6,464,000 average annual cost.

As previously stated the present allocations would leave Oakland County short in meeting its projected needs by $73,815,000 over a 15 year period. Under the revised formulas this deficiency of funds would be increased to $80,055,000. The average annual deficiency would be $4.90 million under the present laws. The revised basis would increase the annual deficiency to $6.3 million or an additional revenue loss of $436,000 per year.

Oakland County—A Special Situation

Mr. Richard Zettel pointed out two special situations which can scarcely be solved by any set of formulas. One of the special cases is Oakland County road needs. The fiscal study states, "Oakland County road needs, especially those on the primary system, are considerably higher than for other counties with similar population and traffic characteristics because of rapidly accumulating deficiencies in recent years. Any formula that applies fairly well to all other counties is bound to leave Oakland County with a large surplus of needs over apportionments."

Two logical solutions may be suggested: (1) A special allocation from the state apportionment for meeting the special case might be made before a general formula is used, or (2) The expressway mileage might be added to the State Trunkline System.

OAKLAND COUNTY PLANNING COMMISSION

Moved by Goodspeed supported by Schone that the resolution passed by the Planning Commission be received and referred to the Road and Legislative Committees and that they be directed to take such steps as necessary to properly bring the matter to the attention of our Legislators.

A sufficient majority of the members-elect having voted therefor, the motion carried.

Moved by Brewer supported by Levinson that when the Board adjourns, it stand adjourned subject to the call of the Chair.

A sufficient majority of the members-elect having voted for the motion, the motion carried.

Moved by Chaveon supported by Cummings the Board adjourn.

A sufficient majority of the members-elect having voted for the motion, the motion carried.

LYNN D. ALLEN FLOYD ANDREWS
Clerk Chairman

APRIL 10, 1956

Meeting called to order by Chairman Floyd Andrews.

Invocation given by Reverend W. Glen Harris, First Presbyterian Church, Birmingham.

Letters presented opposing the establishment of the Detroit Airport Authority. (Referred to Miscellaneous Committee and Wm. Hudson.)

Communications presented from the Village of Allen Park relative to the Michigan Turnpike Authority. (Referred to Road Committee.)

Mr. George Higgins, Chairman of the Michigan Turnpike Authority, addressed the Board.

RIGHT-OF-WAY, STANLEY AVENUE, PONTIAC CITY

Mr. Chairman Ladies and Gentlemen:

WHEREAS the City of Pontiac is desirous of procuring the following described property, to-wit:

"A parcel of land in the Northeast ¼ of Northeast ¼, Section 18, Town 3 North, Range 10 East, described as follows: Beginning at the intersection of the East section line with the Southerly line of the Grand Trunk Belt Line right-of-way; thence Southerly along the East section line 329.6 feet; thence Westerly 43 feet; thence Northerly parallel to East Section line to Southerly line of the Grand Trunk Belt Line right-of-way, thence Easterly along the South Railroad right-of-way";

for right-of-way for the so-called "Stanley Avenue," and

WHEREAS the County is the owner of said property, and

WHEREAS two of the so-called Welfare houses are immediately adjacent to the westerly line of said property, and

WHEREAS the Buildings and Grounds Committee is of the opinion that the County should, for the consideration of $1.00, quit-claim to the City of Pontiac the right-of-way they seek as above described.

NOW THEREFORE, consistent with our policy of cooperating with the City of Pontiac whenever possible, be it resolved that the Chairman and Clerk of this Board be authorized to execute a quit-claim deed to the above described property to the City of Pontiac on the following conditions:

1. That if the two Welfare houses mentioned in the preamble to this resolution do encroach on the property described herein, the City of Pontiac have the alternative of purchasing said houses and moving or demolishing the same at a figure acceptable to the Buildings and Grounds Committee, or moving said buildings on other immediate adjacent county property and placing the same upon a foundation acceptable and agreeable to the Buildings and Grounds Committee, the complete expense to be borne by the City of Pontiac.

2. That the City of Pontiac, in the event the buildings are to be razed or moved, give the Department of Social Welfare of Oakland County thirty days advance notice in writing so that arrangements may be made to take care of an occupants of said buildings.

BE IT FURTHER RESOLVED, that upon the City Commission of the City of Pontiac ratifying the conditions herein outlined, the Quit-Claim Deed be forthwith delivered to the City of Pontiac.

Mr. Chairman, on behalf of the Buildings and Grounds Committee, I move the adoption of the foregoing resolution.

Misc. 3069

By Mr. Thatcher

Mr. Hiland M. Thatcher presented the following contracts:

AGREEMENT FOR USE OF CERTAIN DETROIT SEWERS

AGREEMENT made this —— day of ——, 1956, between the CITY OF DETROIT, a MUNICIPAL CORPORATION in the State of Michigan, by and through its Commissioner of Public Works (hereinafter called the City) and the COUNTY OF OAKLAND, a political subdivision of the STATE OF MICHIGAN, by and through its County Drain Commissioner (hereinafter called the County).

WITNESSETH:

(RECITAL A) WHEREAS the City as a governmental function, has heretofore constructed and maintains a sewer system, part of which consists of sewers extending from the intersection of Southfield Road and Hessell Avenue to the Northwest Intercepting Sewer of the Detroit Sewage Disposal System, at Michigan Avenue, which sewers have surplus capacity for sanitary sewage flow, and

(RECITAL B) WHEREAS the County is authorized to contract for sewage disposal services, with limited liability, pursuant to Act 342 of P.A. of 1939, as amended, and has adopted appropriate resolutions to accomplish such purpose, and

(RECITAL C) WHEREAS the County is desirous of using said surplus sanitary sewage capacity of City sewers for the purpose of disposing of sanitary sewage only (but not storm water) from the following described territory, to-wit:

Part of Section 36, T1N, R10E, Southfield Township, Oakland County, Michigan, commencing at the southwest section corner post which is at the intersection of Southfield and Eight Mile Road; th N 88°32'20" E along the centerline of Eight Mile Road and the S line of Section 36, 2665.52 ft to the ¼ post; the W'ly right-of-way line of Northwestern Highway; th along the W'ly right-of-way line of Northwestern Highway N 34°05'30" W 787.14 ft; to the P.C. of curve to the left; th continuing along the W'ly right-of-way line of Northwestern Highway and the curve to the left (Radius of 4421.44 ft, interior angle of 5°04'15", the long chord which bears N 36°37'36" W 391.14 ft) 391.65 ft to a pt; th S 1°18'40" E 230.37 to a pt; th S 89°01'40" W 3261.68 ft to a pt on the W'ly section line and the centerline of Southfield Road; th along said section line S 0°59'20" E 1290.72 ft to the intersection of the W'ly section line and the northerly right-of-way line of Eight Mile Road extended; th along the N'ly right-of-way line of Eight Mile Road N 88°32'20" E 2665.52 ft to the pt of beginning,

which comprises approximately 86.46 acres, as shown on Exhibit "A", hereto attached and made a part hereof;

(RECITAL D) WHEREAS the County proposes to build at its sole expense, a sanitary sewer with an inside diameter of twenty-one (21) inches, with a maximum flow capacity of 7½ cubic feet per second, in Southfield Road in the City of Detroit, extending from the northerly city limits at Eight Mile Road to a point in Southfield Road at Hessell Avenue, for the purpose of conveying sanitary sewage, but no storm water, into the City's sewerage system; and

(RECITAL E) WHEREAS the County proposes to make use of this 21 inch sewer for the conveyance of sanitary sewage originating within the territory described in Recital C above, to the southern terminus of said sewer and thence through a regulating chamber to the City's sewer system in Hessell Avenue at Southfield, which sewage flow in the County's sewer is estimated at not to exceed 2 cubic feet per second.

NOW THEREFORE, IT IS AGREED BETWEEN THE PARTIES HERETO, for and in consideration of the mutual covenants and agreements herein contained to be kept and performed, and the benefits to secure as a result hereof, as follows:

THE COUNTY AGREES:

1. To pay the City the sum of twenty thousand six hundred thirty-five and 64/100ths dollars ($20,635.64) for an outlet for 2 cubic feet per second or less of its sanitary sewage, through those portions of the City's sewers described in Exhibit "B", attached herpto and made a part hereof, and further agrees that this payment will be made in full before starting any construction work in the City. It is agreed that this charge is correctly calculated in said Exhibit "B", Item 1 and Item 2, and that the said amount represents the proportionate cost of Detroit sewers to be utilized by the County to carry its sanitary sewage from its point of entrance at Hessell Avenue and Southfield Road, through the City sewers to Michigan Avenue, which point just east of Southfield Road, at which point it enters the Northwest Intercepting Sewer of the Detroit Sewage Disposal System.

2. That should the County acquire additional capacity, as hereinafter provided, it will pay for such additional capacity over and above the previously acquired capacity at the rate of ten thousand three hundred seventeen and 82/00ths dollars ($10,317.82) for each additional cubic foot per second capacity acquired. See Exhibit "B", Item 3.

The County, with the City's consent, may acquire additional capacity in said sewers, not exceeding a total of seven and one-half (7½) cubic feet per second, which shall be paid for prior to any change in construction, equipment or method of operation which may provide any additional capacity. Any additional capacity may be purchased for territory in addition to that described in Recital C above, but in such event a description and map thereof, shall be filed with the Detroit City Engineer and his consent secured to the addition of such territory.

3. To pay an additional sum of one hundred three and 20/100ths dollars ($103.20) per annum in advance to the City for 2 cubic feet per second or less, as its proportionate share of the maintenance of the Detroit Sewers used by the County, as shown in Exhibit "B", Item 4. Should the County's use of the City sewers exceed 2 cubic feet per second, under the provisions of Paragraph (2), then the County will pay additional maintenance charges at a rate of fifty-one and 60/100ths dollars ($51.60) per cubic foot per second per year, as shown in Exhibit "B", Item 3. Said maintenance charges are computed at one-half of one per cent of the proportionate cost of the sewers used by the County, and are to start from the date of discharge of such sewage into the Detroit sewers.

4. To furnish the City complete plans and specifications for the sewer in Southfield Road, to be constructed by the County for the purpose of conveying sanitary flow to the Detroit sewer system, which plans and specifications are approved by the Michigan State Department of Health, shall be filed in said City Engineer's Office. Southfield Road is under jurisdiction of Wayne County Road Commission and a permit to construct said sewer in Southfield Road between Eight Mile Road and Hessell Avenue shall be obtained from that agency and all construction requirements of that agency shall be adhered to. Should any future changes in physical characteristics of Southfield Road take place which require changes in this sewer location, such changes shall be made entirely at the expense of the County.

5. That the flow from its sewer to the City's sewer at Southfield and Hessell Avenue shall be automatically regulated and controlled in a manner approved by the City, so as to limit the flow to the amount permitted under Paragraphs (1) and (2) of this agreement, and further, to entirely eliminate the flow at such times as the City's Southfield sewer at Hessell Avenue is flowing approximately full. For this purpose County shall install and maintain at its sole expense a dual automatic float controlled sewage regulator, so adjusted that the sanitary or dry weather flow will be limited to the amount hereinbefore specified and also will be entirely shut off during heavy rainfall when the Southfield sewer is filled to its maximum capacity, or such lesser capacity as the City deems safe. This regulating equipment shall be maintained to the satisfaction of the City and be accessible to the authorized agents of the City at all times. Any adjustments or changes in the regulating within the City any work on the County's sewer to be constructed in Southfield Road referred to in Paragraph 4 the sum of Five Hundred Dollars ($500.00), which is the City Engineer's estimate of the cost of inspection of that part of the said sewer within the City. Any portion of this amount unexpended for inspection upon completion of the work shall be refunded to the County, or any deficiency in this amount will be paid forthwith by the County to the City.

6. To start construction of the sewer in Southfield Road, at such time as authorized by the City and as permitted by the Wayne County Road Commission, and to complete same within 90 calendar days thereafter, unless time of completion is extended by the City.

7. That all present and future construction by the County within the City limits of Detroit will be in accordance with complete contract documents, plans and specifications, as approved by the City, through its City Engineer, and that all construction shall be under the supervision of said Engineer and at the expense of the County, and that the City Engineer will be given at least forty-eight (48) hours' written notice before the beginning of construction of any work within the City of Detroit.

8. That all work performed by it within the City of Detroit will be in accordance with the standard rules and regulations pertaining to work in public streets, as last adopted by the Common Council of the City of Detroit, which rules and regulations are made a part of this agreement.

9. That all work performed by it within the City of Detroit will be in accordance with the standard rules and regulations pertaining to work in public streets, as last adopted by the Common Council of the City of Detroit, which rules and regulations are made a part of this agreement.

10. That the County will furnish to the City, public liability, property damage and compensation insurance, in amounts and forms satisfactory to the City, to save the City free and harmless from all losses or damages and liabilities that may arise out of any work which it performs or causes to be performed within the City of Detroit, provided that where such work is performed for the County by a Contractor, such insurance from the Contractor will not be required, if the insurance furnished by the Contractor is such as to save the City free and harmless from all such losses, damages and injuries.

11. That the County will at all times be liable for all damages and injuries which may arise out of any work which it has performed or caused to be performed within the City and will indemnify the City for any costs or expenses arising out of the privilege herein granted.

12. To replace at its own expense and to the satisfaction of the City Engineer, all pavements, sidewalks, shade trees, electric light poles and other public or private property, improvements or utilities, disturbed or damaged arising out of any construction by it in the City of Detroit.

13. That the City has the right, in case of emergency, to perform any work within the City of Detroit, which the City deems necessary because of actions of the County, such work shall be done at the sole expense of the County.

14. That the County will assume full responsibility for the adequacy and proper functioning of its sewer within the limits of the City of Detroit, and that it will save the City harmless from any liability for loss or damage arising from or out of its use of said sewer.

15. To pay the City additional sums of money for sewage treatment as agreed between the County and City of Detroit, through the Board of Water Commissioners of the City.

THE CITY AGREES:

16. To permit its sewer to be used as an outlet for the sanitary sewage of the County in accordance with the terms of this agreement.

17. To examine the contract documents, plans and specifications submitted by the County, insofar as the City's interests are involved, and to approve same for such construction as lies within the City limits. Such approval shall in no way relieve the County of any of its responsibilities or liabilities under the provisions of this agreement.

18. That this agreement constitutes a permit to the County insofar as the City is concerned, to construct and maintain the sewer within the City limits of Detroit in Southfield Road from the northerly City limits to the City sewer in Hessell Avenue as approved under the provisions of this agreement. Any permits required by the Wayne County Road Commission shall be obtained from that agency at the County's expense.

19. To inspect the performance of any work within the City limits for the purpose of determining that such work is in accordance with the approved contract documents, including plans and specifications. Such inspection shall in no way relieve the County or its agents from their mutual obligations, nor relieve the County from its responsibilities and liabilities under this agreement.

BOTH PARTIES MUTUALLY AGREE IN ADDITION AS FOLLOWS:

20. The term "sanitary sewage" as used in this contract, shall be deemed to mean all liquids and wastes flowing through the sewers and-or mains in the district described in Recital C (and such other territory as may be added pursuant to the terms of this agreement) exclusive of such rainfall as will bring the flow into the Detroit sewers above the limiting provisions of this contract, as from time to time existing.

21. That this agreement shall be in full force and effect for a period of fifty (50) years from the date hereof; provided however that it is understood that the territory to be served by this agreement is to be a part of the "Evergreen Interceptor District" and that when an agreement is entered into between the County and the City for disposal of sanitary sewage from that district, then this agreement shall be merged into the Evergreen agreement and credit given for payments made hereunder, pursuant to Paragraphs 1 and 2 above, as computed by the City Engineer. When the Evergreen Interceptor is constructed, then the City shall have the option to require that the district described in Recital C be emptied in said interceptor.

22. That if the County shall at any time provide its own sewage treatment facilities and by reason thereof shall cease to use the City's system, it may surrender its rights to such use by terminating this agreement after giving ninety (90) days' advance notice in writing to the City. In the event of such action by the County, the City shall accordingly accept such notice of termination. In such case, the use by the County of its connecting sewer in Southfield Road within the City and the regulating chamber with its equipment shall be discontinued and the same shut off and bulkheaded by the City, and said sewer and regulating chamber shall then become the sole property of the City of Detroit. The County at its option may remove the regulating equipment. The County shall then be entitled to a return of a portion of the amounts previously paid under Paragraphs (1) and (2) of this agreement for capacities acquired by the County, which returnable portion shall be that part of the total remaining after deducting an amount to be retained by the City, representing a fair rental value for use of City sewers, which is agreed to be 6 per cent per annum. After such time as this rental value is equivalent to the total amounts paid by the County for acquired capacities, no portion shall then be returnable.

23. Should the County violate any of its material obligations under this contract and should such violation continue for a period of ninety (90) days after notice by the City to the County, served upon its County Drain Commissioner, then the City may suspend this agreement during the continuance of such violation and to that end the same may be bulkhead in connection to the Detroit Sewer System: Provided, that if such violation is of a nature that the same cannot be remedied within said period of ninety (90) days, then a reasonable extension shall be given, if applied for.

24. That this agreement for use of certain Detroit sewers shall not be effective until such time as the County has arranged with the Board of Water Commissioners of the City for sewage treatment services.

25. The County and all units of government which contribute sewage to the Detroit sewers under this agreement, shall comply with the Detroit standards and regulations controlling the discharge of industrial or commercial type wastes into the Detroit Sewer System.

26. This agreement is made in pursuance of proper resolutions adopted by the governing body of each party, certified copies of which resolutions are hereto attached, marked Exhibits "C" and "D" and made a part hereof. For the faithful performance of all and singular of the stipulations, terms and conditions of this agreement, said parties bind themselves, their successors and assigns.

IN WITNESS WHEREOF the parties have this —— day of ——, 1956, caused this agreement to be executed in quadruplicate and signed by the respective parties hereto, pursuant to the aforesaid resolutions of their governing bodies.

IN THE PRESENCE OF:

EXHIBIT "B"
EXHIBIT "B"
CALCULATION OF CHARGES
ITEM 1

Capital charge for one cubic foot per second — $10,317.82.

Sewage entering the Detroit Sewer System at Southfield Road and Hessell Ave. flows through 12 sections of the Southfield Road sewer, thence through the Ford Road sewer to Asbury Park and south through the Ford property to the Rouge River.

The amount of the charge for flowage rights through these sewers is calculated on the capacity basis using a capacity unit of one cubic foot per second (C.F.S.). The following statement shows the total cost and capacity, and the unit cost per C.F.S. for each section of sewer used. The separate cost per C.F.S. for each section of sewer is obtained by dividing its cost by its capacity. The total cost per C.F.S. for all sections of sewers used is the sum obtained by adding the separate costs as indicated.

STATEMENT

Section	Location	Total Cost	Total Capacity in C.F.S.	Cost per C.F.S.
Southfield Sec. 13	Hessell to Pembroke	$ 40,183.79	223	$ 173.15
Southfield Sec. 12	Pembroke to 7 Mile	85,038.75	480	177.16
Southfield Sec. 11	7 Mile to Curtis	115,953.00	824	140.72
Southfield Sec. 10	Curtis to McNichols	150,200.00	1160	129.48
Southfield Sec. 9	McNichols to Puritan	102,576.25	584	175.64
Southfield Sec. 8	Puritan to Fenkell	107,913.00	638	169.27
Southfield Sec. 7	Fenkell to Lyndon	159,094.20	836	190.30
Southfield Sec. 6	Lyndon to Schoolcraft	186,018.20	948	196.22
Southfield Sec. 5	Schoolcraft to Plymouth	329,920.00	404	816.63
Southfield Sec. 4	Plymouth to Joy	361,721.00	404	895.35
Southfield Sec. 3	Joy Road to Warren	293,020.00	340	861.82
Southfield Sec. 2)	Warren to Paul	433,753.00	330	1,314.40
Southfield Sec. 2)	Paul, to Ford			
Ford Road	Southfield to Asbury Pk.	786,000.00	330	2,381.82
Ford Road	Junction Sec. at Asbury Pk.	186,509.40	2348	11.12
Ford Property	Ford Rd. to Regulator	2,954,300.00	2348	1,258.22
Ford Property	Regulator to Rouge	1,301,220.00	2348	511.80
	Totals	$7,493,417.59		$ 9,379.84
	Engineering, Inspection & Admin. @ 10%			937.98
	Total Cost per C.F.S.			$10,317.82

EXHIBIT "B"
ITEM 2

Capital Charge for 2 cubic feet per second — $20,635.64

EXHIBIT "B"
ITEM 3

Annual Maintenance Charge for one cubic foot per second — $51.60

Maintenance charge is calculated on a percentage basis, using a unit of one-half of one per cent of capital cost per year. Capital charge for one cubic foot per second — $10,317.82 (See Item 1)

$10,317.82 x 0.005 equals $51.60 per C.F.S. per year.

ITEM 4

Annual maintenance charge for 2 cubic feet per second — $103.20.

Charge for one cubic foot per second — $51.60 (See Item 3)

Charge for 2 cubic feet per second — 2 x $51.60 equals $103.20.

EXHIBIT "B"
ITEM 5

Monthly charge for variable sewage flows above capacities previously acquired — $38.70 C.F.S.

This charge is calculated on a rental basis and includes maintenance charges. The rental charge is based on an interest rate of 4 per cent and the maintenance charge on a rate of one-half of one per cent of capital cost, making a total rental charge of 4-½ per cent per annum.

Capital charge for one C.F.S. — $10,317.82.

$10,317.82 x 0.045 equals $464.30 per C.F.S. per year.

$464.30 divided by 12 equals $38.70

Misc. 3083

THIS SUPPLEMENTAL AGREEMENT, made this —— day of ——, 1956, by and between the City of Detroit, a municipal corporation, (hereinafter referred to as the "City") by its Board of Water Commissioners, and the County of Oakland, a public corporation, (hereinafter referred to as the "County") by its County Drain Commissioner.

WITNESSETH

WHEREAS the parties hereto did on the 23rd day of November, 1942, enter into an agreement for the treatment and final disposal by the City, of such sanitary sewage from the Southeastern Oakland County Sewage Disposal District, as shall be delivered into the City's Connors Creek Sewer at the Inger gates south of Jefferson Avenue, and

WHEREAS the County has entered into an agreement of even date herewith with the City of Detroit for the use of the latter's sewers from a point at the intersection of Southfield Road and Hessell Avenue to the Northwest Intercepting Sewer of the Detroit Sewage Disposal System, at Michigan Avenue, for the transportation of sanitary sewage from the following described territory, to-wit:

Part of Section 36, T1N, R10E, Southfield Township, Oakland County, Michigan, commencing at the southwest section corner post which is at the intersection of Southfield and Eight Mile Road; th N 88°32'20" E along the centerline of Eight Mile Road and the S line of Section 36, 2665.52 ft to the ¼ post; the W'ly right-of-way line of Northwestern Highway; th along the W'ly right-of-way line of Northwestern Highway N 34°05'30" W 787.14 ft; to the P.C. of curve to the left; th continuing along the W'ly right-of-way line of Northwestern Highway and the curve to the left (Radius of 4421.44 ft, interior angle of 5°04'15", the long chord which bears N 36°37'36" W 391.14 ft) 391.65 ft to a pt; th S 1°18'40" E 230.37 to a pt; th S 89°01'40" W 3261.68 ft to a pt on the W'ly section line and the centerline of Southfield Road; th along said section line S 0°59'20" E 1290.72 ft to the intersection of the W'ly section line and the northerly right of way line of Eight Mile Road extended; th along the N'ly right of way line of Eight Mile Road N 88°32'20" E 2665.52 ft to the pt of beginning, containing 86.46 acres more or less.

A map of said territory is hereto attached, marked "Exhibit A" and made a part hereof, and

WHEREAS the said territory above described is now within the confines of the Southeastern Oakland County Sewage Disposal District but because of the topography it is not feasible to convey any sewage therefrom to the east and finally into the said Connors Creek Sewer; and

WHEREAS it is contemplated that the said territory, together with other territory may be transferred from the Southeastern Oakland County Sewage Disposal District to the Evergreen Interceptor District.

THEREFORE, it is agreed by and between the parties hereto as follows:

1. That the City will treat and dispose of sewage from the aforesaid described territory, which is delivered to the Northwest Intercepting Sewer of the Detroit Sewage Disposal System, at Michigan Avenue, on the same terms and conditions as are prescribed in said agreement of November 23, 1942, in respect to sewage delivered to the City in the Connors Creek Sewer at said backwater gates except as hereinafter provided.

2. Whereas said agreement of November 23, 1943 provides that the charge for sewage disposal services shall be on the basis of the quantity of water consumed in accordance with master meter readings, and whereas there will be no master meters by which the water consumption in the aforesaid described territory can be measured, therefore it is agreed that the sewage flow from said area for consumption therein shall be as shown by the individual property meters and the rate to be applied to the total of such consumption within any billing period, shall be the suburban individual meter sewage disposal rate, other than the master meter sewage disposal rate, for suburban municipalities.

3. It is understood that this contract is for the disposal of sanitary sewage only (and not storm water) and that the same is to be collected and transported to the Detroit sewer at Southfield and Hessell Ave. and the sewer system limited to sanitary sewage; and further that the contract of even date between the County and the City of Detroit through its Department of Public Works provides in paragraph 8 thereof for a dual automatic flood controller sewage regulator so adjusted that said sanitary or dry weather flow will be limited to 2 cu. ft. per second. Because of the foregoing, it is agreed that no sewage flow meter will be required for measuring the sewage flow under this agreement, as was required in paragraph 4 of said agreement of November 23, 1942.

4. It is understood that if a system of sewer and sewage disposal improvements and services shall be hereafter established under the provisions of Act 342 of Public Acts of 1939, as amended, for the proposed Evergreen Interceptor District, which shall include the above described lands, then this agreement shall be merged into any agreement which may be entered into between the parties hereto for the treatment and disposal of sewage from said larger district.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed by their respective duly authorized officers as of the day and year first above written.

CITY OF DETROIT
BY ITS BOARD OF WATER COMMISSIONERS
By ——
President
By ——
Secretary
COUNTY OF OAKLAND
By ——
County Drain Commissioner

Mr. Thatcher stated that these contracts are redrafts of similar contracts approved by this Board of Supervisors on January 30, 1956.

Moved by Thatcher and seconded by Semann that the aforesaid contracts be approved; that the County Drain Commissioner be authorized to execute the same for and on behalf of the county; and that the resolution of January 30, 1956 approving similar contracts be rescinded.

ADOPTED Yeas — L. IN RE: LEVEL OF LAKEVILLE LAKE

Mr. Chairman, Ladies and Gentlemen:

WHEREAS the majority of citizens fronting on or having access to Lakeville Lake in Addison Township in Oakland County, have requested this Board to take steps under the provisions of Act 194 of the Public Acts of 1939 as amended, to establish the level of said lake pursuant to the provisions of said Act, and

WHEREAS the Drain Committee has considered the matter and believes it is for the best interest and health and welfare of the County to have said level established pursuant to the provisions of this Act;

NOW THEREFORE BE IT RESOLVED that this Board deems and determines it to be expedient to establish the level provided in the Act and hereby directs the Prosecuting Attorney through the office of the Corporation Counsel to institute by proper petition in Circuit Court for the said County, a proceeding for such determination.

Mr. Chairman, on behalf of the Drain Committee, I move the adoption of the foregoing resolution.

DRAIN COMMITTEE
HILAND M. THATCHER, Chairman
CLAYTON G. LILEY
LUTHER HEACOCK
W. RAY RANSOM
LOUIS F. OLDENBURG
JOHN C. SEMANN

Moved by Thatcher supported by Semann the resolution be adopted.

A sufficient majority having voted therefor, the resolution was adopted.

IN RE: SCHEDULE OF DATES FOR TAX PROCEDURES

To the Honorable, the Board of Supervisors

Ladies and Gentlemen:

At the request of our Chairman, Floyd Andrews, your Local Tax Committee gave consideration to the revision of our "Schedule of Dates for Tax Procedures" in order that the tax warrants might be approved and placed in the hands of the Supervisors at an earlier date to allow a longer time for the preparation of the Winter Tax Roll.

A revision of the "Schedule of Dates For Tax Procedures" was prepared and mailed to all Supervisors with the request for any comments that they might have on the schedule. No comments were received, either favorable or unfavorable, and therefore on behalf of your Local Tax Committee, I would like to offer the following resolution:

BE IT RESOLVED that Item No. 18 of the attached Tax Date Schedule be amended to read as follows:

"July 1 - Last date that the Assessment Rolls made under the provisions of a Municipal Charter may be subject to inspection by the State Tax Commission. MTL 143 as amended Act 223 P. A. 1955."

BE IT RESOLVED FURTHER that Item No. 19 be amended by changing the date from the third Monday in August to the last Monday in August.

RESOLVED FURTHER that the Board of Supervisors does hereby approve and adopt the attached "Schedule Of Dates For Tax Procedures" as amended.

RESOLVED FURTHER that the "Schedule of Dates For Tax Procedures" as amended be referred to the By-Laws Committee for their consideration and recommendation of such changes in the By-Laws as are necessary to make them conform with the "Schedule of Dates For Tax Procedures" as herewith adopted

COMMITTEE ON LOCAL TAXES
ROY F. GOODSPEED, Chairman
ALEX J. McKINNON
FRANK VOLL
PETER P. QUINLAN
WINSON S. MOBERLY

SCHEDULE OF DATES FOR TAX PROCEDURES AS AMENDED

1 January 1 - Tax Day - All Real and Personal Property shall be assessed as of this date, GTL 2 - MSA 7.2 - GTL 13 - MSA 7.13

1 First Monday in March - Assessment Rolls must be completed. GTL 24 - MSA 7.24

3 Tuesday Following the First Monday in March - First meeting of the Board of Review in all Townships and most Cities. GTL 29 - MSA 7.29

Tuesday Following the First Monday in April - Assessment Rolls must be completed. The Supervisor or Assessing Officer shall return all forms to the County Clerk with certification by the Board of Review, properly filled out and signed. MTL 30-A - MSA 7.30

8 Tuesday Following Second Monday in April - Annual meeting of the Board of Supervisors. The Board shall proceed to equalize assessments. Section 8 Act 44 of P. A. 1911. MSA 7.609

6 Third Monday in April - Tax Allocation Board holds first meeting to organize. Sec. 5 Act 62 P. A. 1933 - MSA 7.68. Local units (schools, townships and county) shall file a copy of budget with County Tax Allocation Board. Sec. 10 Act 62 P. A. 1933 - MSA 7.70

1 First Monday in May - County Equalization shall be completed. Chairman authorized to call meeting to receive and act on Report of Equalization Committee. Sec. 5 Act 62 P. A. 1911 - MSA 7.605, Sec. 34 - MSA 7.34 County Clerk to forward statement of equalized values to Auditor General on or before this date. Sec. 5 Act 44 P. A. 1911 MSA 7.605

6 Second Monday in May - School Board of districts within city limits shall report to City Council taxes to be spread within School District. Sec. 641 School Code of 1955 - MSA 15.3643

9 Second Monday in May - State Board of Equalization meets to equalize assessments on taxable property within the State. Sec. 3 Act 44 P. A. 1911, Am Act 18 P. A. 1955 - MSA 7.603

10 Third Monday in May - County Allocation Board to make preliminary order approving maximum tax rates for local units. Sec. 15 Act 62 P. A. 1933 - AM Act 17 P. A. 1955 - MSA 7.75

11 Fourth Monday in May - State Board of Equalization hearing on final determination of State Equalization of values in Senate Chamber Sec. 4 Act 44 P. A. 1911, AM Act 18 P. A. 1955 - MSA 7.604

12 Fourth Monday in May - City Clerk shall report school taxes to be spread to City Assessor. Sec. 643 School Code of 1955 - MSA 15.3643

13 First Monday in June - Last day for Allocation Board to issue final order approving allocation of tax rates to local units. Sec. 15 Act 62 P. A. 1933 AM Act 17 P. A. 1955 - MSA 275

14 Wednesday After the First Monday in June - Last day for local unit to certify its tax levies for apportionment. Sec. 18 Act 62 P. A. 1933 AM Act 17 P. A. 1955 - MSA 7.78

15 July First - Last date that the Assessment Rolls made under the provisions of a Municipal Charter may be subject to inspection by the State Tax Commission. MTL 143 AM Act 223 P. A. 1955.

16 First Monday in August - School officers to file report of amount to be raised in taxation within the School District with the Township or City Clerks.

17 First Monday in August - Drain Commissioners to file a report of the amount to be spread at-large with the township or City Clerks. (By resolution of the Board of Supervisors).

18 Second Monday in August - Township Clerks to file statement of Local Tax rates for school, township and drain purposes with the Supervisor. (MTL Sec. 36, MSA 7.84 provides for this to be done on or before the 1st of October).

19 Last Monday in August - The Supervisor and City Clerks are to file a statement of all taxes requiring authorization of the Board of Supervisors with the County Clerk. (MTL 36 MSA 7.54 requires this to be done before the second Monday in October.)

20 Second Monday in September - The Chairman is authorized to call a meeting of the Board for the purpose of receiving the report on the budget from the Auditors and the Ways and Means Committee.

21 Second Monday in September - Drain Commissioner is to file certification of drain rolls and amounts to be spread at large on the county, townships and cities with the Board of Supervisors. (to be fixed by resolution of the Board of Supervisors)

22 Third Monday in September - First meeting of the October Session of the Board of Supervisors. Board of Supervisors to approve the budget and pass the incident appropriation resolution. (MTL 37 MSA 7.55 provides that this shall be done during the October Session of the Board).

23 First Monday in October - The Chairman of the Board is directed to call a meeting of the Board for the purpose of having a hearing on an order directing the spreading of all local taxes and the passage of a resolution directing the township, school, highway, drain and all other taxes to be spread on the rolls of the proper Township Boards and Cities. The Clerk of the Board of Supervisors shall immediately after the passage of the resolution apportioning and directing the spread of the taxes, make out two certificates showing the amount apportioned to each township or city for state or county purposes and the amounts of township and school taxes to be raised in each taxing district, one copy of which he shall deliver to the County Treasurer and the other copy to the Supervisor or Assessor of the proper city or township. MTL 38 -

Most Grains Turn Higher

CHICAGO (AP) — Most grains turned higher on the Board of Trade today under the leadership of old crop soybeans. Dealings picked up considerable speed after yesterday's slow market.

Old crop beans jumped about five cents at one time. Buying was associated with strength in soybean oil and soybean meal. Among other cereals, new crop corn futures sored the largest upturn as the Senate approached a vote on the new farm bill.

* * *

Wheat near the end of the first hour was ⅛ lower to ¼ higher, May $2.28½; corn, ¾ to 1¼ higher, May $1.50¾; oats unchanged ¾ higher, May 1.25¼; soybeans 1¼ to 4 cents higher, May $3.27; lard 1 to 15 cents a hundred pounds higher, May $13.10.

CHICAGO BUTTER AND EGGS

CHICAGO, May 17 (AP)—Chicago mercantile exchange: Butter steary; receipts 1,577,000; wholesale buying prices unchanged; 93 score AA 59; 92 A 59; 90 B 58.5; 89 C 55.25; cars 90 B 57; 89 C 56.

Eggs irregular; receipts 26,800; wholesale buying prices unchanged to 1 higher and 1½ lower; U.S. large whites 70 per cent and over A's 39; 60-69.9 per cent A 37.5; mixed 37.5; mediums 37; U.S. Standards 37.5; dirties 36; checks 36; current receipts 37.25.

DETROIT EGGS

DETROIT, May 18 (AP)—Eggs, f.o.b. Detroit, cases included, federal-state grades:

Whites—Grade A jumbo 47-49 weighted average 47½; large 43½-45½ wtd. avg. 44; medium 40½-42 wtd. avg. 41. Grade B large 42.

Browns—Grade A jumbo 45; large 41½-45½ wtd. avg. 42½; medium 41-42½, wtd avg. 42 Grade B large 41-43½ wtd avg 43. Grade C large 37.

Checks 35½.

Total weekly receipts of government graded eggs May 12-18 9,027 cases.

Commercially graded:

Whites—Grade A large 40½-44; medium 36½.

Browns—Grade A large 39½-41½; medium 36½-39.

Comment: Market barely steady to weak. Wholesale and distributed trade sluggish and although some dealers curbed receipts offerings are liberal to excessive. Increased storage movement absorbing some surplus stock.

CHICAGO POTATOES

CHICAGO, May 18 (AP)—Potatoes: Arrivals old stock 5, on track 15; total U.S. shipments 793; supplies very light, demand good, market steady. Carlot track sales old stock; Idaho Russets $6.65-6.70 (latter price for iced). New stock arrivals 36, on track 85; supplies moderate, demand moderate, market slightly weaker. Carlot track sales new stock: Alabama round reds $5.50-6.00; California Long Whites $6.15-6.35; Arizona Round Reds $6.00.

Poultry

DETROIT POULTRY

DETROIT, May 18 (AP)—Prices paid per pound f.o.b. Detroit for No. 1 quality live poultry up to 10 a m

Heavy type hens 28-30; light type 20 heavy type broilers or fryers 3-4 lb. Barred Rocks 26; caponettes 5-6 lb 31

Comment: Market quiet. Receipts very light and weekend trade is predominantly of a fill-in nature. Offerings of hens and fryers more than ample for the light demand and carryovers likely.

CHICAGO POULTRY

CHICAGO, May 18 (AP)—Live poultry about steady; receipts in coops 349 (yesterday 132 coops, 31,000 lbs) f.o.b. paying prices unchanged; light hens 18.5-19.5; broilers or fryers 24-24.5 old roosters 15-16; caponettes not quoted

MARKETS

Turnip topped, No. 1, 2.00-2.50 bu.

Greens: Sorrel, No. 1, 2.00 bu.

Livestock

DETROIT LIVESTOCK

DETROIT, May 17 (AP)—The early Detroit livestock market:

Hogs salable 125. Not enough barrows and gilts early to make a market, generally asking slightly higher.

Cattle salable 250. Market generally steady on all classes today. Compared last Thursday: Good clearance; trading fairly active; slaughter steers and heifers steady to strong; cows spotty, utility and canner steady to weak, instances 25-50c lower; canners and cutters steady; bulls steady; stockers and feeders slow, steady; around four loads high choice 1063-1172 lb fed steers 22.00; most choice steers 20.00-21.50; bulk good steers 18.00-19.50; mixed commercial and good steers 17.00-18.00; limited supply choice fed heifers 19.00-20.00; most good heifers 17.00-18.50; utility and commercial steers and heifers 13.00-17.00, mostly 14.00-16.50; bulk utility cows 11.50-13.00; canners and cutters mostly 10.00-12.00; most utility and commercial bulls 13.50-15.50; good and choice 500-750 lb stock calves and yearlings 18.00-20.00.

Calves salable 25. Today's market steady on limited supply. Compared last Thursday: Vealers uneven, steady to 2.00 lower, most decline on high choice and prime; bulk good and choice vealers 19.00-25.00; few high choice and prime individuals 26.00-28.00; utility and commercial 15.00-19.00; cull and utility 12.00-15.00, some under 70 lb culls down to 10.00.

Sheep salable 25. Today's market nominally unchanged. Compared last Thursday: Supplies mostly old crop shorn lambs highly mixed for weight and grade; slaughter lambs fully 1.00 lower; sheep unevenly steady to 1.00 lower. Cull and utility fat sheep off most; limited supplies mostly good and choice shorn lambs No 1 pelts 24.00-26.00; around 200 head mostly choice at 26.00; many highly mixed lots, mostly utility and good grade 19.00-23.00; few culls down to 10.00; most cull to good shorn slaughter sheep 2.00-6.00; few choice lightweight individuals up to 8.00 or above.

CHICAGO LIVESTOCK

CHICAGO, May 18 (AP)—Salable hogs 5,500; market closed active mostly 25 higher on butchers and sows; instances up more on butchers; around 80 head mostly 1s 200-210 lb 18.00; a new high since July, 1955; several lots mixed 1 and 2 190-220 lb 17.50-17.85 mixed lots 2 and 3 190-280 17.00-17.50; heavier weights scarce, a few lots 290-320 lb 16.25-17.00; sows 340-550 lb 13.00-15.25, with 400-525 lb 14.00-14.25; early clearance; shippers took 1,500.

Salable cattle 500; calves 200; steers and heifers scarce, nominally steady; other slaughter classes fairly active, fully steady; stockers and feeders nominally steady; a few loads and small lots good and choice steers 18.00-20.50; a few sales commercial to low good grades 15.00-17.75; a few small lots good to low choice heifers 17.00-19.00; commercial grades 14.50-16.75; utility and commercial cows 11.75-14.50; canners and cutters 10.25-12.50; utility and commercial bulls 13.50-15.50; choice and prime vealers 24.00-26.00; commercial and good grades 16.00-23.00; with culls down from 15.00.

Salable sheep 200; small receipts mostly shorn old crop lambs; only a few spring lambs and shorn slaughter ewes available; market nominally steady all classes; good and choice shorn lambs 90-113 lb with No 1 and 2 pelts 22.00-23.50 choice spring lambs 25-26 lb 26.00-26.50 cull to choice shorn slaughter ewes 4.00-5.50

State Police Add 105

LANSING (AP) — The active strength of the Michigan State Police force rose to 998 today with assignment of 105 new troopers.

Market Scores Quiet Advance

NEW YORK (AP)—A quiet advance took the stock market up moderately today.

In the early afternoon, prices were spread over a tight range that seldom exceeded a point.

The pace brought volume to an estimated 2,000,000 shares. That compares with 1,970,000 shares traded in yesterday's higher market, slowest day in three months.

Tobacco shares were sharply higher on a few sales with American Tobacco up between 3 and 4 points, Liggett & Myers up around 2 points, and Reynolds Tobacco up between 3 and 4 points.

Interest in the tobacco group started when Liggett & Myers raised the wholesalep rice on king-size Chesterfields.

Higher with the tobaccos were the steels, motors, farm implements, chemicals, railroads and building materials. There was a mixture of gains and losses in the oils, airfrafts and nonferrous metals.

Higher stocks included Baltimore & Ohio Railroads, Cities Service, Johns-Manville, American Telephone, International Telephone, American Cyanamid, Aluminum Ltd., Republic Steel, Chrysler, Studebaker-Packard and United Aircraft.

At noon the Associated Press average of 60 stocks was up 30 cents at $185.80. On the day yesterday it was ahead $1.10. The recovery followed a series of sharp reactions.

JAMES CLARKSON

Pontiac Man Heads Area Business Unit

James Clarkson, of 189 Navajo Dr., was elected president of the Detroit Chapter of the Society of Savings & Loan Controllers during a meeting of members in Bloomfield Township last night.

Clarkson is executive vice president of the Pontiac Federal Savings & Loan Assn.

Formerly vice president of the society, the new president is also a member of the national organization's methods, systems, and procedure committee. The Detroit chapter serves all of Michigan.

Other officers elected at the meeting were George Strachan of Detroit, vice president; William T. Fisher of Dearborn, treasurer; and Marian Craft of Detroit, secretary. Each was elected for a year.

Earnings

NEW YORK (INS)—Carrier Corp. reports net income for the quarter ended April 30 of $2,237,000, equal to $1.25 a common share. This compared with $2,304,000, also equal to $1.25 a common share, in the same period last year. Completed sales totaled $48,978,000 as against $47,194,000 in the 1955 period. Unfilled orders on April 30 amounted to $80,562,000 as against $58,977,000 the year previous.

Cub Scout Pack Honors Twelve for Achievement

Trophies for high achievement were presented to 12 boys at the final meeting this year of Cub Scout pack 6, held last night at Webster School.

One of them, Robert Rutzen, was named outstanding cub of the year. Others receiving trophies from Dr. Ross Porritt were:

Roger Benter, Dale Quinn, Ronald Surowitz, Fred Fink, Gregory Mackley, Terry Galan, Kurt Lightfoot, William Huntoon and Robert Tricker.

Den 1 received a trophy as the outstanding den of the year. Mrs. D. B. Eames is the Den Mother.

Other awards were presented by Cubmaster A. C. Benter Jr. to Terry Luenberger, Gene Grassi, James Oakley, Clint Beebe, William Taylor, Arnold Diem, Michael Antrobus, Ronald Ricketts, Robert Isgrigg, Dale Ackerman, Robert Irwin and John Isgrigg.

Among those promoted to new ranks were Michael Jenkins, Jeff Jerome, James Nelson, Harrison Aterburn, Paul Michalson, Robert Richerts, Robert Yakel, Terry Cotcher, Hugh Grove, Tom Jackson, Allen Ryden, Ross Luther and Paul Thomson.

Committee Chairman Mark Lightfoot announced plans for a field day June 10 and trip to Briggs Stadium in Detroit June 27 as the final event of the year.

News in Brief

Charged with unlawfully driving away an automobile May 11, Corrie C. Bloodworth, 28, of 346 Central St., yesterday was bound over to Oakland County Circuit Court for arraignment May 21. Police reported that Bloodworth was arrested after the allegedly stolen auto ran out of gas and a police officer stopped to give assistance.

A Birmingham man was released on $2,500 bond to await examination on an uttering and publishing charge Thursday. Ellsworth J. Chapman, 45, of 28286 Lockdale St. will be given the exam May 22. He demanded the exam when arraigned by Justice Allen C. Ingle, Farmington Township.

Leo E. Hickey, 32, of Lansing, paid a $70 fine and 15 in costs after pleading guilty to driving while under the influence of liquor yesterday. He was arraigned by Milford Justice James Van-Leuven.

Pleading guilty to reckless driving, Robert G. Henry, 36, of Cleveland, was fined $100 in Justice Court Thursday. He was arraigned before Justice Alva J. Richardson of Bloomfield Hills Township.

Dividends

A quarterly dividend of five cents a share has been declared by Sherman Products Inc. of Royal Oak, according to President William A. Romain who states that it is payable June 15 to stockholders of record June 1. The dividend represents an increase of 25 per cent, Romain said.

DETROIT (AP)—Houdaille Industries, Inc., today declared a regular quarterly dividend of 56¼ cents on its $2.25 cumulative preferred shares. A quarterly dividend on common stock of 25 cents per share also was announced. Both dividends are payable July 3 to shareholders of record June 15.

Heroine Hauls In Lads, Pooch

Saves 2 From Icy Waters

GUILFORD, Conn. (AP)—A young mother, a former lifeguard, jumped up from the dinner table last night and into the ice cold water of West Lake to save two boys — one who resisted rescue until sure his dog would be saved too.

* * *

Mrs. Francis Gilloran, 26, saw one of the boys fall out of a rowboat while trying to retrieve a lost oar.

SECOND FALLS IN

The other boy fell when he tried to pull his friend back into the boat. Freckles, a black and white mongrel, barked from the rowboat.

* * *

"My husband doesn't swim," Mrs. Gilloran said, "so I ran out and jumped into the water."

* * *

Her husband cast off in a leaky rowboat, and headed toward Johnny Long, 11, and Allen Eggert, 10, with Mrs. Gilloran swimming alongside.

'DON'T WANNA'

"When we tried to pull one of the boys into our boat he cried out, 'I don't wanna go unless you get my dog,'" Mrs. Gilloran said.

* * *

In the meantime guests of the Gillorans had started out in another boat.

"It was a good thing, too," said the mother of two baby boys. "I was getting tired out there and our boat was leaking like crazy."

Refrigeration Group Will Meet Monday

The Pontiac-Oakland County Refrigeration Assn. will meet at 8 p. m. Monday at the Young Supply Co., 424 Orchard Lake Ave., president Lester Patton has announced.

An educational program is planned.

County Deaths

John Clark

DEFORD — Service for John Clark, 77, of Deford, will be held at 2 p.m. Saturday at Deford Methodist Church, with burial in Novesta Cemetery. He died Thursday.

He leaves his wife, Laura; three sons, Eldon of Pontiac, Russell of Imlay City, Donald of Mayville; seven daughters, Mrs. Nellie Martin of Caro, Mrs. Leila Huffman of Columbiaville, Mrs. Gladys Agar of Harrison, Mrs. Marie Tedford and Mrs. Josephine Rondo, both of Pontiac, Mrs. Della Wright of Houghton Lake and Mrs. Donnaline Green of Drayton Plains; 48 grandchildren, 29 great-grandchildren.

Morton F. Johnson

MILFORD — Service for Morton F. Johnson, 66, of 304 Union St., will be at 2:30 p.m. Sunday from Richardson-Bird Funeral Home here, with burial in Oak Grove Cemetery. Mr. Johnson, a lifetime resident of Oakland County, on his way to work yesterday, died suddenly of a heart attack.

Dale A. Hath

MILFORD—Service for Dale A. Hath, 36, of 1104 Christopher, Flint, will be held at 2 p.m. Saturday from Richardson - Bird Funeral Home, with burial in Oakland Hills Memorial Gardens, Novi. Mr. Hath, a former resident of New Hudson, was killed in an airplane accident Wednesday.

Victor Ray Robichaud

KEEGO HARBOR — Service for Victor Ray Robichaud, 2-month-old son of Mr. and Mrs. Elisee Robichaud of 2068 Willow Beach, will be held at 2 p.m. Monday at Pursley Funeral Home, Pontiac, with burial in Oak Hill Cemetery. The baby died suddenly Thursday.

In a plebiscite, Swedish motorists voted to keep to the left-hand side of the road.

Business Notes

DETROIT (AP) — Hugh C. Daly has been named excutive vice president of the Michigan Consolidated Gas Co. by the board of directors.

Daly, who joined the company in 1950, formerly headed the Washington Bureau of the Detroit Times and was city hall reporter for the newspaper.

Earnings

NEW YORK (INS)—Gimbel Brothers, Inc. announced net income for the quarter ended April 30 of $848,000, equal to 37 cents a common share. This compared with $530,000, or 20 cents a common share, in the same period last year. Sales increased to $76,989,000 from $69,538,000 in the comparable period of 1955. Net income for the 12 months ended April 30 amounted to $7,026,000, equal to $3.32 a common share, as against $5,263,000, or $2.41 a common share, the year previous.

Britain's deepest well, about 7,500 feet, is being bored near Bridlington in a search for natural gas.

MERCHANDISING SALESMAN

Exquisite Form Brassiere Inc., a foremost company in its field has an opening in Detroit territory for a man with a successful record of selling nationally advertised consumer products. Soft Goods experience desirable, but not essential. Brassiere experience not important. Protected established territory. Repeating accounts. Only men 25 to 35 with a checkable record with accomplishment with a heavy national advertiser having late model car. Good character references will be considered. No sidelines permitted. Weekly salary plus commission plus expenses. Send complete resume of background including earnings with home address and telephone number to Mike Kolendo, 238 Indianwood Blvd., Park Forest, Illinois.

Death Notices

CLAIBORNE, MAY 16, 1956, WILbert, 385 Ditmar St., age 29, beloved husband of Gerine Claiborne; beloved son of Mrs. Hattie Graeen; dear brother of Mrs. Dorothy Bell, Mrs. Margurett Newman and Willie Claiborne. Mr. Claiborne will be sent to Baton Rouge, La., for service and burial and may be seen at the Frank Carruthers Funeral Home until 11 o'clock tonight. Funeral arrangements by the Frank Carruthers Funeral Home.

HATH, MAY 16, 1956, DALE A., 1104 Christopher, Flint, age 36; beloved son of Mr. and Mrs. Anderson J. Hath; dear brother of Mrs. Norma Eggleston. Funeral service will be held Saturday, May 19, at 2 p.m. from the Richardson-Bird Funeral Home with Delores Lovejoy second reader officiating. Interment in Oakland Hills Memorial Gardens, Novi. Mr. Hath will lie in state at the Richardson-Bird Funeral Home, Milford.

HOULT, MAY 16, 1956, WILLIAM H., Bradenton, Fla., (formerly of Duck Lake, Milford), age 66, beloved husband of Florence M. Hoult; dear father of Edward C. Hoult; dear brother of Ernest V. and Leopold Hoult, Mrs. Doris Green and Mrs. Gladys Williamson. Funeral service under the auspices of 40 et 8 will be Monday, May 21, 2:30 p.m. from the Donelson-Johns Funeral Home with interment in Forest Lawn Cemetery. Sunday, May 20, at 8 p.m. there will be a 40 et 8 service at the Donelson-Johns Funeral Home. Mr. Hoult may be seen after 1:30 p.m. Saturday.

JOHNSON, MAY 17, 1956, MORTON F., 304 Union St., Milford, age 66, beloved husband of Eleanor Johnson; dear brother of Mrs. Joe Vos. Funeral service will be held Sunday, May 20, at 2:30 p.m. from Richardson-Bird Funeral Home with Rev. Robert Hall officiating. Interment in Oak Grove Cemetery. Mr. Johnson will lie in state at the Richardson-Bird Funeral Home, Milford.

LIVERNOIS, MAY 16, 1956, BEATrice Irene Kleyn, 6475 Willow Rd West Bloomfield Twp, age 48, beloved wife of Edward J. Livernois; beloved daughter of Mr. and Mrs. Charles W. Sanborn; dear mother of Kenneth A. Kleyn. Funeral service will be held Sat. May 19, at 2 p.m. from the Pursley Funeral Home with Rev. Robert A. Harrison officiating. Cremation at White Chapel Memorial Park. Mrs. Livernois will be at the Pursley Funeral Home.

ROBICHAUD, MAY 17, 1956, VICtor Ray, 2068 Willow Beach, Keego Harbor, Mich., beloved infant son of Mr. and Mrs. Elisee Robichaud; dear brother of Charles, Gordon and Kathy Robichaud. Funeral service will be held Monday, May 21, at 2 p.m. from the Pursley Funeral Home with Rev. Harvey J. McCann officiating. Interment in Oak Hill Cemetery. Mr. Robichaud will lie in state at the Pursley Funeral Home.

SHAW, MAY 17, 1956, WILLIAM P., Tawas City, Mich., age 80, beloved husband of Sophia Shaw; dear brother of Bert Shaw. Funeral service will be held Friday, May 18, at 2 p.m. from the Jacques Funeral Home, Tawas City, Tawas, with Rev. Ralph Edward officiating. Interment in Tawas City Cemetery. Mr. Shaw will lie in state at the Jacques Funeral Home, Tawas City, Mich.

Card of Thanks 1

WE WISH TO EXTEND OUR sincere thanks to our friends, relatives and neighbors for their many kind expressions of sympathy shown us during our recent bereavement in the loss of our beloved mother, Laconey Jones. Special thanks to Rev. James Taubee and the Coats Funeral Home Alfred Jones, brothers and sisters.

The Pontiac Press FOR WANT ADS DIAL FE 2-8181 From 8 a.m. to 5 p.m.

All errors should be reported immediately. The Press assumes no responsibility for errors other than to cancel the charge for that portion of the first insertion of the advertisement which has been rendered valueless through the error. When cancellations are made be sure to get your "kill number." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger than regular agate type is 12 o'clock noon the day previous to publication.

Transient Want Ads may be cancelled up to 9:30 a.m. the day of publication after the first insertion.

DIE LEADERS DIE MAKERS

ONLY

DO YOU HAVE A LONG DRIVE INTO DETROIT EACH DAY? WOULD YOU LIKE TO WORK CLOSE TO HOME? HAVE MORE TIME FOR HUNTING AND FISHING, ETC.?

We have permanent positions for qualified leaders and die makers. Consider these points:

1. Stable, well established, but growing company.
2. Well diversified work not dependent on the auto industry.
3. Extremely good advancement opportunities.
4. Employe Benefit program.
5. Good Pay.
6. AND MOST IMPORTANT we are large enough to have a steady program but small enough to CARE about the INDIVIDUAL and his job.

Please write Box No. 8 at the Pontiac Press, giving your name, address, phone number and past work experience. Your present employer will NOT be contacted. Note: If you have friends who are QUALIFIED leaders and die-makers, please suggest they contact us . . . Thank you.

Layoff Pay Plan OK'd in Illinois

Workers Can Receive Both Unemployment and Supplemental Benefits

SPRINGFIELD, Ill. (AP)—Illinois workers can receive both unemployment compensation and payment from supplemental benefit plans, Atty. Gen. Latham Castle held yesterday.

• • •

Castle's opinion, biding unless upset by court order, came in reply to a request from Roy F. Cummings, state labor director.

The supplemental benefit plans involved are those of General Motors Corp. and the Ford Motor Co. with the United Auto Workers Union. Chrysler Corp. and other auto-makers are involved, but their employment is centered primarily in Michigan.

UAW contracts with Ford, GM and the others provide that the supplemental benefit plan is to go into effect June 1, if approved in states in which two-thirds of the companies' hourly rated employes work.

• • •

The UAW says no state has rejected the supplemental plan, "at the attorney general level," and that administrative rulings have approved the plan in states in which more than two-thirds of Ford's and GM's employes work.

The plan has been approved in Michigan, Illinois, New York, Massachusetts, Connecticut, New Jersey, California, and Delaware.

Hour and Half Tour Planned

'Promise of America' Theme of Production From 3 to 4:30

Television viewers throughout the nation will have an opportunity Sunday to see the fabulous General Motors Technical Center—plus exciting applications of the research conducted there.

Dave Garroway will be guide in the hour and a half telecast, scheduled for 3 to 4:30 p.m. (Pontiac time) over the National Broadcasting Company network (WWJ-TV, channel 4). Cameras will pick up highlights of the Technical Center and will range across other scenes from Florida to California.

Titled "Promise for America," the program will originate from the Technical Center near Detroit, formally dedicated Wednesday.

It will be by far the biggest television project ever undertaken in Detroit, and probably the largest ever outside New York. Among other things, it will require 27,000 miles of telephone line and 48 cameras.

The telecast will alternate between various phases of activity at the Center—home of GM's staff organizations in research, engineering, styling and process development—and scenes elsewhere in the country pointing up applications of these activities.

For example, viewers will watch a race at Elgin Air Force Base, Florida, between two teams of Air Force crewmen vying to see which can make a complete engine change in a jet plane—removing one Allison engine and replacing it with another—in the shorter time.

Other features will include smog studies in Los Angeles, offshore oil drilling off the Louisiana coast, Soap Box Derby trials at Indianapolis, and an engineering class at the California Institute of Technology.

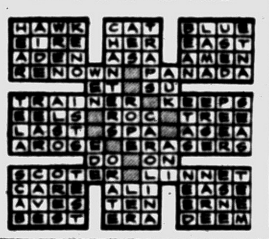

In Detroit itself, the program will visit Harper Hospital for a demonstration of the mechanical heart, developed with the aid of General Motors research.

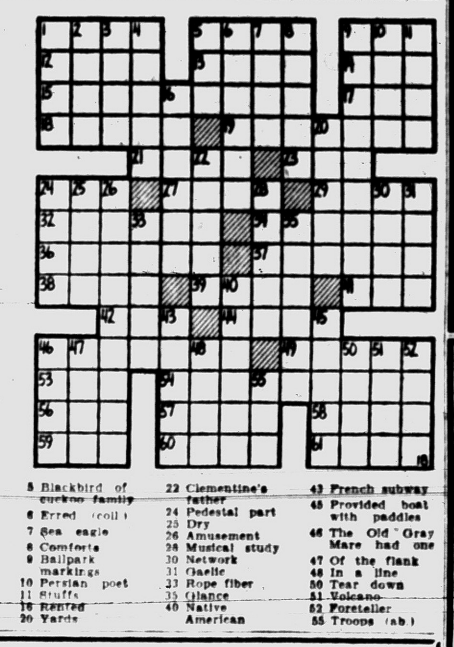

At the Technical Center, viewers will see the gas turbine car Firebird II, other experimental "dream cars," the XP-500, experimental GM car powered by a free piston engine, and many other outstanding results of GM research and technology—plus the equipment used in producing those results.

A Lot of Autos

WASHINGTON—There are more than 61,000,000 registered motor vehicles in the United States and some 72,000,000 licensed drivers. They're piling up mileage at the rate of more than 560 billion miles a year, an average of about 9,200 miles per vehicle and 7,800 miles per driver.

Judge Goes to Bedside to Find Assault Counts

JERSEY CITY, N.J. (AP)—A magistrate went to the bedside of a paralyzed Japanese war bride yesterday to arraign her husband on a charge of atrocious assault and battery after her third-floor leap from their apartment.

• • •

Mrs. Sachiko Gaston, 25, claimed she jumped from the window to avoid more of her husband's blows at their home on Jan. 25. Mrs. Gaston has been paralyzed from the waist down.

• • •

Her husband Ronald, also 25, was held on $2,500 bail by Magistrate Harold Krieger. Mrs. Gaston blamed their difficulties on drinking.

Just Anxious to Gain Respect

Sal Mineo Thinks There Are No Bad Kids

By PHYLLIS BATTELLE

NEW YORK (INS)—Sal Mineo, swarthy and tousle-topped and a veteran actor of 17, knows the answer to the riddle of juvenile delinquency.

"There are no bad kids, just insecure ones. A kid is ambitious to gain respect and attention.

"If he's lucky, he gets respect for being smart or talented or good looking. If nobody'll give him respect any other way, he's gotta get it by being tough." That simple.

Sal was one of the "lucky" ones—if you follow his theory.

He was brought up in the Bronx, the son of a casket-maker. He had a younger sister, Srina, who was (and is) extremely graceful.

They took dancing lessons together with the vague thought of becoming a professional team, and then one day Broadway producer Cheryl Crawford came into the studio. She was looking for an Italian boy to run across the stage in "The Rose Tattoo."

• • •

Right from the first time he ran across the stage, leading a goat, this junior edition of Marlon Brando knew he was going to be an actor. "Nobody told me I didn't have any talent," he says, "or I might have been unhappy."

"Him," said Miss Crawford. And Sal Mineo was on his way to gaining respect the hard way.

That was six years ago, when he was 11, and his next successful job was as understudy in the role of the crown prince in "The King and I." He finally got to take over the part one night and it was a real thrill.

A dramatic coach he knew came backstage and Sal bubbled at her, "Well, how was I?"

"Terrible," she said.

He has been growing smaller-headed and larger-talented ever since.

• • •

Sal has appeared in 16 TV shows, three Broadway plays and six movies, winning an Academy Award nomination for his role in "Rebel Without a Cause."

His latest movie, "Crime in the Streets," has its premiere next week. He now makes about $2,000 for each TV show and $1,000 a week for movies, which puts his income above his dad's.

"I make more money," he blushes, "but Dad works steady. That casket business will never die out."

In spite of his swift rise to star billing, Sal still lives at home with his mother, dad, two brothers and sister, and goes to school and dates like the other kids.

Only the dating part is tougher, because he's an idol among the younger female set and they tend to become serious and write him letters.

"Somebody ought to tell girls," he says firmly, "that when they get serious, they stop bein' fun. They always want to be told these sweet little nothings, and I don't know—I just can't see it."

After all, Sal points out, he isn't of marriage age yet. He still shaves only every other day.

"What these girls don't seem to realize is that even with the make-up genius in Hollywood, they haven't been able to make a lover out of me yet."

Loot Cave Popular

STANTON, Mo. (INS) — Most popular formation at 100,000,000-year-old Meramac Caverns is Loot Rock. That's the place Jesse James and his gang used to divide their loot during the 1870's. The gang used the five-story cave as a hideout.

Communities Responsible for Seaway Port Facilities

EAST LANSING (AP)—Preparation of Michigan port facilities for the St. Lawrence Seaway is rightfully the job of local communities and not the state, a leading Republican legislator believes.

• • •

"Interest in port development should spring from the people in the ports themselves," said Sen. Edward Hutchinson (R-Fennville).

"If the people in their own communities aren't enthusiastic, why blame the people of Michigan?" he asked. "Interest in these projects should not be imposed on local people by authorities in Lansing."

Hutchinson made the remarks in answer to Democratic criticism that Republicans refused to appropriate $50,000 to finance a survey of port development needs.

The exchange was made during the Michigan bi-partisan legislature conference at Michigan State University yesterday.

Sen. John Swainson (D-Detroit) said Republicans had turned down for the second time Gov. Williams' request for the appropriation and allotted only $500 for the purpose.

Meanwhile, he said, Illinois, Ohio, New York and Canada have gone ahead with port development in anticipation of the completion of the seaway.

Most of the forum was devoted to an argument over whether the 1956 session of the Legislature deserved a "done nothing" label.

"I wouldn't call it a 'do nothing' Legislature but it certainly hasn't done the job it should have done," said Rep. Ed Carey (D-Detroit), minority floor leader.

"If you're standing still and suddenly decided to take a few little steps forward, you can't call that progress," Carey said.
