98 Flee Burning Cable Ship in Ocean

All Are Saved by Freighter 500 Miles at Sea

Gutted Vessel Was Finishing First Direct Europe-U. S. Phone Link

LONDON (AP)—A crew of 98, including 10 Americans, was rescued 500 miles out in the Atlantic today when fire swept a British cable-laying ship.

The ship, the Ocean Layer, was completing the first telephone cable linking the United States directly with the European continent.

Hours after the rescue by the Hamburg-bound German freighter Flavia, the Ocean Layer still was burning.

The 10 Americans picked up were employes of the American Telephone & Telegraph Co., supervising the cable laying. Among them was Ogden D. Gensemer, 50-year-old mayor of Summit, N.J., in charge of the operation for AT&T.

The 4,534-ton Ocean Layer was stringing cable along the ocean-bed toward France when a fierce blaze broke out in her engine room.

Within 15 minutes after an SOS asking for help, Capt. A. Macpherson Ross reported he had been forced to order the crew to take to lifeboats.

In the scramble, two men were left aboard the flame-swept hulk. But they were spotted by lookouts aboard the 5,326-ton Flavia in time and were taken off by small boats.

The sea was calm and there was no word that anybody had been injured.

Capt. Ross did not report the cause of the fire.

The cable being laid is part of a

Sets Off 2 Other Fires

GOES UP IN SMOKE — A large 40 by 100-foot barn, containing hundreds of bales of hay and straw and bushels of grain, on the George A. Bass farm, located at 5225 Baldwin Rd., six miles northwest of Oxford, was reduced to rubble in a spectacular fire Saturday afternoon. Sparks from this fire set a smaller barn nearby ablaze and were carried down the road one-half mile to another barn which burnde to the ground and to a house which was only slightly damaged. Eight area fire departments fought the four blazes for about eight hours.

3 Nearby Fires Destroy Farm Buildings, Animals

Three barns were destroyed and a farmhouse damaged in an eight-alarm fire Saturday afternoon on Baldwin road in Lapeer County, about six miles northwest of Oxford.

The fires occurred shortly after three of the departments had fought another blaze about four miles away. Another barn and outbuildings containing two registered stallions, a calf, chickens and rabbits were destroyed in the earlier blaze.

The estimated total loss in all three fires was about $60,000, firemen said.

High winds were blamed for spreading the blaze which enveloped the two barns on the George A. Bass farm, 5225 Baldwin Rd., to a house and barn across and down the road about a half-mile.

Firemen from Ortonville, Orion, Oxford, Independence, Addison, Clarkston, Hadley and Metamora divided their efforts between the two fires.

The Rev. and Mrs. Rodger Ketterman of 5309 Baldwin Rd. were just arriving to check their house which they were to turn over, to new owners today when they saw the Bass barns ablaze.

★ ★ ★

It wasn't until a passerby told them did they learn that their house down the road was also on fire and their large barn already almost leveled by roaring flames.

The Rev. Ketterman is pastor of the Oakwood Community Church.

The porch roof of the Ketterman house was slightly damaged, and the 50x100-foot barn, valued at about $15,000 was left a pile of smoldering rubble.

FULL OF GRAIN

The large 40 by 100-foot barn on the Bass farm, located behind farm manager Frank Crenshaw's house, was filled with 1,000 to 1,500 bushels of grain and 3,000 bales of hay and straw.

The smaller 20 by 30-foot barn, located nearby, was filled with straw.

Both buildings and their contents, which were completely destroyed, were valued at approximately $30,000, firemen said.

Ronald Howes, a Bass farm employe, said the large barn fire apparently started where the utility wires entered the building.

The Oxford, Hadley and Brandon departments fought the earlier fire at the Wasson Lee farm on the corner of Hadley and Saw Mill Lake road at the Oakland-Lapeer County line.

Youth Admits Killing Father

Used Shotgun Outside House Then Dragged Body With Tractor

MOUNT CLEMENS (AP)—A 15-year-old boy was held today after admitting to police that he shot his farmer father to death, hitched his body to a tractor and dragged it across a field.

★ ★ ★

The body of Carlos Smith, 58, was found in a clump of weeds near his home about 10 miles north of here last night.

His son, Gary, one of eight children, told police he shot his father in the chest with a shotgun after lying in wait for him outside the house. He said he then tied one of his father's legs to a tarctor and dragged his body a quarter-mile to hide it.

The youth told police he had planned to kill his father two months ago because he was too strict.

★ ★ ★

The shooting took place while the boy's mother Lela, 48, and the seven other children were away at a church picnic. Mrs. Smith reported her husband missing several hours before Gary led police to his body.

★ ★ ★

She said Gary had told her he didn't know where his father was.

Mrs. Smith said the boy and his father had quarreled frequently about the youth's absences from school and the fact that he often stayed away from home for long periods of time.

The boy also led police to some woods about 200 yards from the house where he showed them a shotgun he said he used in the slaying. There was a butcher knife lying beside it.

The youth is being held at the Macomb County Jail.

Father Kills 3 Children, Wounds Self

GLADWIN (UPI) — A 26-year-old father of three children was in good condition today with a self-inflicted bullet wound after fatally shooting his three youngsters.

★ ★ ★

Gladwin County sheriff's officers said Acel L. Edick killed his children, Gary, 5; Gloria, 2, and Gayle, 14 months, with single blasts from a single-barreled shotgun before shooting himself in the head with a .22 rifle.

Deputies said the shooting took place last night after an argument between Edick and his wife, Wedha Jane, 25, in which he allegedly threatened her with the rifle.

Mrs. Edick left the couple's farm home after the argument and went to the home of her parents, Mr. and Mrs. Harvey Thurlow, a few miles away.

The Thurlows and Mrs. Edick returned to the Edick house, four miles west of here on M61, to find the three children dead and Edick slumped over a table. Gary was found in an upstairs bedroom, Gayle in another bedroom and Gloria in a bed in the living room on the main floor.

★ ★ ★

Mrs. Edick became hysterical and was placed under sedation. Sheriff's officers were unable to question her about the argument.

Edick, a distant relative by adoption of Gladwin County Sheriff Victory Edick, remained conscious throughout the night. Sheriff Edick said the man shot himself between the eyes and the bullet penetrated the top of his skull.

Hong Kong Rainstorms Kill 37 in Two Days

HONG KONG (UPI)—The death toll from one of the heaviest rainstorms in Hong Kong history was placed today at 37.

Authorities said 23 were killed Sunday and 14 on Saturday when torrential rains created landslides and caused houses to collapse.

The rains continued heavy today, bringing the total since Friday to to more than 20 inches.

Big 3 to Study High Altitude Blast Detection

West Will Give Geneva Parley Second Chance to Warrant Summit

From Our News Wires

GENEVA — The United States, Britain and the Soviet Union agreed today to a three-power scientific study of the problem of detecting high altitude nuclear explosions.

A communique issued after a 50-minute meeting of the nuclear test suspension conference said American, British and Soviet scientists will meet in Geneva June 22 to go into this problem and report back to the conference by June 29.

High altitude blasts represent one of the major unresolved problems in establishing an effective control system to police a ban on atomic and hydrogen weapon explosions. The other major problem has to do with underground blasts.

The high altitude study was proposed a week ago by Ambassador James J. Wadsworth, head of the American delegation.

In the foreign ministers meeting the Western powers yielded today to British pressure and decided to give the foreign ministers conference a second chance at making enough progress to warrant a summit meeting.

The British Cabinet instructed Foreign Secretary Selwyn Lloyd to make one final effort to save the tottering big four conference—but not to back down on Western rejection of the latest Russian ultimatum on Berlin.

★ ★ ★

At the same time the Western foreign ministers postponed their secret meeting with Soviet Foreign Minister Andrei Gromyko from 3:30 p.m. to 5:30 p.m. today to give them time to consult on the latest developments.

ENTER 6TH WEEK

The East-West conference entered its sixth week today with Western delegates convinced that only a major concession by the Russians on Berlin could prevent collapse of the talks.

There had been increasing talk of an indefinite recess until word came from London that Prime Minister Harold Macmillan and the cabinet instructed Lloyd to press for further negotiations.

None of the Western powers had

Room for 85 on Press Trip to New York

Fly High on Theater Tour

You'll tour Manhattan — the Bronx and Staten Island, too — on the annual Pontiac Press Theater Tour.

Plnas for the yearly magic carpet visit to the mecca of the show business world have just been announced.

The first 85 persons who apply for the Press-sponsored tour will see five smash Broadway hits for which tickets seem to be nonexistent.

These are "Destry Rides Again," "The Marriage-Go-Round," "Flower Drum Song," "Pleasure of His Company," and "Redhead."

★ ★ ★

The fortunate 85 will be whisked to New York aboard luxurious American Airlines first-class flights Sept. 14 for a fabulous five days of play-going, sightseeing and shopping.

The theater party ends with the group's return on Sept. 19.

The cost of the trip is only $189. This includes transportation, hotel accommodations, theater tickets and many other extra features to be announced later. Reservation coupons are available on page 2 of today's Press.

"Flower Drum Song" is the latest smash hit of Rodgers and Hammerstein — the famous team which has given America "South Pacific," "The King and I," "Me and Juliet," "Oklahoma" and "Carousel."

★ ★ ★

The new musical's locale is set in San Francisco's Chinatown. It stars Miyoshi Umoki, Oscar-winning Japanese actress; songstress Pat Suzuki, and Juanita Hall, the Bloody Mary of "South Pacific" on stage and screen.

Another fabulous musical comedy on the trip is "Redhead," featuring Gwen Verdon.

Critics have been hard put to find adjectives that reflect their enthusiasm for this star who burst like a rocket on Broadway a few years ago when she danced in Cole Porter's "Can-Can."

One of the must successful talent combinations in the annals of the theater is appearing in "The Marriage-Go-Round."

Claudette Colbert and Charles Boyer are starred in the big comedy attraction which has played to capacity audiences ever since it opened in September.

★ ★ ★

Miss Colbert and Boyer, whose numerous film assignments have ranked among the most popular in motion-picture history, are making their first joint stage appearance in the Leslie Stevens comedy, a light-hearted spoof of the institution known as matrimony.

Also on the agenda is "Destry Rides Again," a musical featuring Andy Griffith, Dolores Gray and Scott Brady.

Greeted by the critics with a 21-gun salute, the musical has a western flavor. Andy Griffith, famous for his role in "No Time

Gunaca Pleads No Contest on Kohler Strike Charge

SHEBOYGAN, Wis. (AP) — A former United Auto Workers international representative entered a plea of no contest today a few minutes before the scheduled start of his long-delayed trial on assault charges stemming from early days of the 5-year-old Kohler Co. strike.

John Gunaca of Detroit, fought extradition from Michigan until last December. He is charged with felonious assault in connection with the beating of two non-striking Kohler workers in 1954, shortly after the UAW struck the big plumbingware manufacturer at nearby Kohler.

★ ★ ★

Receiving the plea this morning, Circuit Judge Clarence E. Rinehard discharged the jury and ordered taking of testimony to complete the record. Defense and prosecution stipulated that the record of Gunaca's lengthy preliminary hearing last December be accepted in evidence.

John Gunaca had pleaded innocent to charges of felonious assault. Gunaca fought extradition from Michigan for several years, claiming that because of bitterness over the long labor dispute he couldn't get a fair trial in Sheboygan.

His fight ended last December when Gov. Williams finally signed the extradition warrant which Wisconsin authorities had sought for more than four years.

Gunaca waived any further legal maneuvers at a hearing in Oakland County Circuit Court and was surrendeed for trial.

Little Warmer Is Area Outlook Next Few Days

Partyly cloudy and a little warmer is the Pontiac area weather outlook for tonight and tomorrow. The low tonight will be 57. Tomorrow's high will be near 82 degrees.

In its five-day forecast, the U.S. Weather Bureau reports temperatures will average about four degrees above the normal 79 high and normal 59 low. Showers are likely toward the latter part of the week.

In downtown Pontiac the lowest temperature recorded preceding 8 a.m. was 50. At 1 p.m. the mercury registered 72.

Pontiac Girl, 2, Killed by Car

Cheryl Gale Is City's 1st Fatality This Year; Area Man Also Dies

Two-year-old Cheryl Gale became the city first traffic fatality of the year early today.

The child died at St. Joseph Mercy Hospital of a fractured skull suffered in an accident Friday night.

Cheryl was injured at 7:30 Friday evening when she darted into the path of a car driven by Robert R. Briddick, 38, of Mt. Clemens.

Briddick told Pontiac police he was driving east on Osmun street when the child darted into the street from between two parked cars.

He said he was driving at about 20 m.p.h. and was unable to stop in time.

Cheryl was playing near her home at 416 Osmun St. She was the daughter of Mr. and Mrs. Franklin Gale.

The child's body was taken to the Donelson-Johns Funeral Home.

Her death was the first traffic fatality in Pontiac since Dec. 29.

Madison Heights Police are holding Leon Bennett, 68, of 28250 Stephenson Hwy., Madison Heights, for investigation of manslaughter in the death early yesterday morning of Robert Baker, 38, of 26 High St., Clawson.

The accident happened in front of the Madison Club Bar on Stephenson Highway south of 14-Mile Road.

Madison Heights Police say Baker had left the bar and could not start his car which was parked in front of the bar. He was standing in the road trying to flag down a motorist, police believe.

Bennett told police he was driving south on Stephenson and claims he did not see Baker until it was too late to stop.

He said he swerved over to the left into the ditch but could not avoid running into Baker.

Police said Bennett had been drinking.

A passing motorist called police.

Bennett was to make a statement this morning to the Oakland County Prosecutor's Office.

40-million dollar project underwritten by AT&T, and by the government-owned telephone services of France and West Germany.

Scheduled to go into service next fall, the new cable also is intended for service between the United States and Switzerland, Belgium, The Netherlands, Spain and Italy.

The North American terminal is at Clarenville, Nfld., which also is the starting point of another trans-Atlantic telephone cable to the British Isles which was opened in 1956. The European terminal of the new cable is at Penmach, France.

★ ★ ★

The new cable comprises two lines, one for Europe-to-America calls, and another for American-to-Europe service. The Europe-to-America section was completed early this spring.

Another cable-laying ship, the Monarch, owned by the British post office, recently completed two of the ofur 800-mile legs of east bound section.

The Ocean Layer was within 33 miles of completing the third 800-mile section when the fire broke out.

SEEK ANOTHER SHIP

An AT&T spokesman in New York said efforts were being made to obtain a ship to replace the ocean layer, the world's second-largest cable-laying ship.

The Ocean Layer is a former German cargo ship taken as a prize by the British at the end of World War II. It was converted into a cable ship at a cost of about $2,800,000.

Radio messages from the Ocean Layer and the Flavia told the story.

★ ★ ★

First came a report that a small fire had broken out in the engine room of the Ocean Layer. Then came a second message that the blaze was getting out of control.

Finally the British ship flashed a distress call that the ship was being abandoned and appealed to all vessels in the area for help. At least three ships, including the U.S. Navy transport Upshur, altered course toward the scene. The Flavia arrived first.

Later the Upshur radioed that the Flavia had the situation in hand and that the transport had resumed course for Bremerhaven, Germany.

Rain and Cold Swept Nation Over Weekend

By The Associated Press

Light to heavy rains dampened parts of the South and New England today and extended from the western Great Lakes region into the West and Northwest.

★ ★ ★

Miami recorded .81 of an inch of moisture during a six-hour period Sunday night and early today.

★ ★ ★

The forecast was for more rain today with widely scattered showers or thunderstorms occurring over a large area from the Pacific Northwest and Southern California eastward to the Great Lakes. Showers also were expected along the Gulf, over the southern half of Florida and over most of New England.

★ ★ ★

A high pressure area south of the Great Lakes boosted temperatures 8 to 12 degrees throughout the upper Mississippi Valley today. Temperatures over most of New England dipped 10 to 15 degrees overnight.

Says He's Senate Whipping Boy

Quizzed Prosecutor Quits

GARY, Ind. (AP)—Metro Holovachka quit under fire as deputy prosecutor of Lake County Indiana Sunday after issuing a bitter blast at the special Senate committee which sought to link him to organized crime in the county.

★ ★ ★

"I can no longer tolerate the abuse which has been heaped on me and my community," declared the 30-year-old prosecutor.

Denouncing rackets probers insinuations he received hundreds of thousands of dollars in protection money from crime syndicate bosses. Holovachka maintained he had not taken "one thin dime" from gamblers or hoodlums.

Immediately after Holovachka's announcement, his boss, Prosecutor Floyd Vance accepted the resignation and then fired all three investigators in his office. "I want to start with a clean slate," he said.

The discharged ex-deputies are Walter Conroy, James Dent and Michael Kampo. Conroy, who was chief investigator, and Kampo appeared before the Senate committee last week.

Holovachka, a veteran Democrat who served six years as prosecutor, made his announcement on a Chicago television program which was taped Friday. Irate Gary citizens had been demanding his ouster for days and the resignation was made on the eve of a mass meeting called to boom their efforts.

"I have been a whipping boy and victim of the most vicious character assassination ever made in this country," Holovachka said of the investigation by the committee headed by Sen. John McClellan (D-Ark).

He blamed his downfall on the committee, the Gary Post-Tribune and the Women's Citizens Committee of Gary and added he was the victim of a "vicious and malicious" smear and perjury by witnesses who testified in the Senate probe.

Of the committee's counsel, Robert Kennedy, he said: "About two months ago I was informed that I was to be a victim of a character assassination by Robert Kennedy and believe me he did the job well."

The resignation followed a series of committee hearings in which Holovachka and his top investigator, Walter Conroy, were pictured as recipients of money for putting independent coin machine operators out of business by confiscating their machines and allowing reputed racketeers to substitute their machines instead.

Holovachka was asked how he managed to accumulate $327,000 from 1952 to 1958—the years he served as prosecutor—on a $12,000 salary.

At first he told the committee that information was none of its business. Later he said held in trust $325,000 for clients in private law practice. The money was not his personally, he said.

He made General denials when McClellan asked him if the money came from reputed hoodlums Steven Sohacki and George Welbourn, who Kennedy said, made a monopoly of gambling in Gary and Hammond with Holovachka's aid.

Holovachka declared Sunday: "I know of no syndicate in my community now or in my time in office since 1950." He denied any association with the pinball machine racket the committee said flourished amid other forms on vic in Lake County.

Rape Punishment Uncertain

TALLAHASSEE, Fla. (AP) — Four white youths await possibly 30 days of uncertainty about their punishment for the mass rape of a Negro coed.

The youths, whose lives were spared by an all-white jury, will remain at Raiford State Prison until their sentencing, which is expected to take place in about 30 days.

If motions for new trials are disallowed, Judge W. May Walker is expected to order presentence investigations of the four. The judge has given no hint of the penalties he will impose.

★ ★ ★

They could range from probation to as high as life imprisonment. Florida prisoners become eligible for consideration for parole after serving six months, but lifers convicted of rape usually spend at least 10 years in prison.

The foreman of the jury which convicted the youths said Sunday night the jurors decided against the death penalty because there was no evidence of brutality.

★ ★ ★

A. H. King, a Tallahassee plantation owner, described how the verdict was reached as an atmosphere of calm returned to Florida's capital city after weeks of tension.

Four Negroes are awaiting execution in the state prison for raping white women.

King said that "on the basis of the testimony before us there was evidence of threats with a gun and knife but no brutality was involved."

★ ★ ★

The foreman said the case was decided on "the law and the evidence" without any consideration of race.

"We would have returned the same verdicts if the defendants had been four Negroes," King said.

One Negro pastor said refusal of the all-white male jury to send the four to the electric chair would give Negroes charged with rape a double standard talking point at their trials.

★ ★ ★

Dr. A. Joseph Reddick, pastor of the Bethel Ame church and a former state president of the National Assn. for Advancement of Colored People, said it was his opinion the decision against a death penalty resulted from "ingrained prejudice by a white jury."

Reddick said the verdict represented some slight gain for Negroes, but not enough.

The four defendants appeared stunned by the verdict. They were whisked off to Raiford State Prison after the ury reported at 12:35 a.m. Sunday.

★ ★ ★

There was not a murmur in the packed segrated courtroom as the verdicts were announced. Spectators filed out quietly and dispersed. Sheriff Bill Joyce reported no disturbance over the weekend.

"I am so thankful we came through this without one bit of trouble," Joyce said of the six weeks of racial strain since the May 2 rape.

★ ★ ★

Tallahassee Negro ministers made references to the trial in their services. The Rev. David Brooks said prayers were offered for the coed and the four youths. "We asked that God would lead them (the youths) to repent," he said.

All was quiet on the all-Negro Florida A&M University campus where the victim was a freshman. Passive demonstrations were staged by students there last month.

★ ★ ★

David Ervin Beagles, 18, a stocky sandy-haired high school senior, was the only defendant to register any emotion. Tears welled up in his eyes as he was led from the courtroom.

The others convicted are: Willion (Ted) Collinsworth, 23, an illiterate telephone linesman and father of two children; Patrick (Gene) Scarborough, 20, an Air Force man who is married but separated from his wife; and Ollie Stoutamire, a skinny pale faced 16-year-old who was described by a state witness as being mentally retarded.

★ ★ ★

The jury returned with its verdict after 2 hours and 45 minutes deliberation. The court clerk read the verdicts one at a time. Each was identical, a finding of guilty of rape with a recommendation of mercy.

★ ★ ★

Collingsworth's wife cried out "O, Jesus" and began crying hysterically. Relatives of the other defendants wept.

★ ★ ★

The victim, a slender thin-faced girl of 19, testified that the four youths, threatening her with a shotgun and a switch-blade knife, abducted her from a car where she was parked with her date and another Negro couple after a university dance. She said she was raped seven times in two or three hours.

Defense lawyers based their case upon a claim of consent. They presented testimony that at no time did the victim scream, struggle or try to dissuade the white youths.

Traffic Crashes Take 10 Lives

4 Fatalities in Detroit Bolster Weekend Toll in Michigan

By The Associated Press

Ten persons were killed in Michigan weekend traffic accidents.

They included a young man and a teenaged girl killed in a two-car crash in Detroit.

★ ★ ★

The Associated Press tabulation of weekend fatalities began at 6 p.m. Friday. It ended midnight Sunday.

Marilyn J. Ollikainen, 18, Wayne, was killed Sunday night when the car in which she was riding ran off a road and struck a tree about six miles northwest of Monroe.

Robert N. Bayne, 23, Detroit, and Carol Truman, 16, Roseville, were killed Saturday in a two-car collision in Detroit.

★ ★ ★

James Hensley, 21 month, Detroit, was killed Sunday when the car in which he was riding with his father James, 21, and another auto collided in Detroit.

Robert Baker, 38, Clawson, was killed Sunday when struck by a car in Madison Heights.

Mrs. Alberta Helms, 34, Detroit, was killed Sunday when the car she was driving and another auto collided in Detroit.

★ ★ ★

Earl E. Vansickle, 34, Tekonsha, was killed Sunday when his car and another auto collided north of Coldwater.

Dolores Burgess, 29, Grand Rapids, was injured fatally Sunday when a car in which she was riding was involved in a collision at a Grand Rapids intersection.

George F. Brown, 66, Frankenmuth Township, was killed Saturday when struck by a car while walking on M47 near his home.

★ ★ ★

Mrs. Lee More, 35, Greenville, was killed Friday night in a two-car smashup on M66, six miles north of Ionia.

wanted to break off the foreign ministers conference. But they weer talking of a four to five-week recess which would absolve them of any blame for ending the talks.

Although Britain was pressing the West to go slow in hopes Gromyko would change his position, the Soviets still were under warning that the West was ready to terminate the conference on 24 hours notice. A recess had been expected by midweek.

DOES NOT DESPAIR

Macmillan indicated reluctance to let the foreign ministers conference laspe when he said in a London speech Saturday, "I do not altogether despair of progress."

★ ★ ★

In Washington, acting Secretary of State C. Douglas Dillon said last night the west is "ready and willing" to keep the conference going providing there is some chance of progress.

West Germany favored a four-week recess immediately; France was believed anxious to end the talks as soon as possible.

Three Area Barns Destroyed by Fire

(Continued From Page One)

into the hay was blamed for this blaze, firemen said.

Crews from several of the area departments stayed around at the Baldwin road fire scene until about midnight Saturday. The fire broke out about 4 p.m.

Metamora and Hadley firefighters returned Sunday to water down the still-smoldering bales of straw and hay. A bulldozer was also used to level off the charred ruins yesterday.

The Day in Birmingham

Commission to Consider More Parking Facilities

BIRMINGHAM — Parking on North Woodward Avenue in the vicinity of the Reid Building is expected to come in for a share of attention during the City Commission meeting tonight.

The Commission will be asked to pinpoint a spot for additional parking facilities in the Ravine Road to Oak street area. Possibilities are the expansion of existing space at the rear of the Reid Building or development of Island View drive and adjacent land.

Whether the cost is to be shouldered by the city or by benefitted property owners also will be considered.

Also on the Commission agenda is a hearing on a rate increase for taxicab waiting time. The requested increase would boost the per hour rate from $2 to $3.

The Commissioners will also consider a Dept. of Public Works recommendation for purchase of sewer cleaning machines, and sale of the used set.

★ ★ ★

The new sewer cleaning apparatus would be purchased at a cost of $3,789. The City of Madison Heights has bid for the used set.

Joseph Ingweiller, 7, of 1012 Arthur St., Troy, received a possible concussion Saturday when he rode his bicycle into the path of a car on Maple road, one-quarter mile west of Rochester road.

The driver of the car, Gaylon M. Stone, of 23769 Hoover St., Hazel Park, told Troy police he attempted to swerve but was unable to avoid hitting the boy.

Joseph was taken to William Beaumont Hospital, Royal Oak, where he was reported in satisfactory condition this morning.

Baccalaureate exercises at Birmingham High School last night started 492 seniors on a busy week of graduation activity.

The seniors heard an address by the Rev. Allen Wittrup of the First Methodist Church.

Birmingham High commencement exercises are set for 10 a.m. Thursday at the high school.

The Birmingham Community House Newcomers Club will host Pearce Floral Co. of Pontiac at their final luncheon meeting before September on Thursday at the Community house.

Pearce florists will arrange about a dozen bouquets which they will give to contest winners in thea udience.

Election of a new vice-president, secretary and treasurer will also take place Thursday. Mrs. Scott Dickston, of 1333 S. Cranbrook Rd., the present vice-president, will take over the gavel as president.

Birmingham police thought they had heard everything—until last night.

At 1:41 a.m. an excited woman called from Hilltop lane to report that someone was mowing her lawn.

Officers went to investigate but found the lawn unmowed and no one at work on the landscape.

The officers are still puzzled.

MRS. BYRON R. WINBORN SR.

BIRMINGHAM — Service for Mrs. Byron R. (Louise K.) Winborn Sr., 73, of 648 Dewey St., will be held at 3:30 p.m. tomorrow at the Algoe-Gundry Funeral Home, Flint. Burial will be in Glenwood Cemetery there.

Mrs. Winborn died Friday night in Little Traverse Hospital, Petoskey, where she had been taken after suffering a heart attack at her summer home in Charlevoix.

She had attended Lewis Institute in Chicago and was a graduate of Rye Seminary in Rye, N. Y. She was a member of the First Presbyterian Church, Birmingham.

Mrs. Winborn and her husband, the former president of Auto Electric Shop, Inc., Pontiac, celebrated their fiftieth wedding anniversary June 9, in Charlevoix.

Surviving besides her husband are three sons, Byron Jr. and Morris K., both of Dallas, Texas, and James H. of Romeo; a sister, Miss Alice W. Knight of Flint; a brother, Alfred H. Knight Sr., of Birmingham and six grandchildren.

It'll Be Horsy Wedding

EASINGFOLD, England (UPI)—Miss Flo Spink said her horse, Dusty Miller, is not only invited to her wedding, he's going to have a front row place. Dusty Miller and his mistress have won hundreds of jumping prizes together, "and I want to make sure he is in the wedding pictures," Miss Spink said.

Gives Lectures Through Films

CHICAGO (UPI)—Noted British historian Arnold J. Toynbee lectured in absentia this spring on 10 college campuses in the United States. His lectures were on film.

The five Illinois and five Virginia colleges using the series of 15 two-hour lectures are making a pilot study of techniques by which American students can be exposed to the great men, great ideas and great issues of contemporary society.

Albert N. Williams, executive director of the Associated Colleges of Illinois, said other lecture, demonstration and dramatic series are in the planning stage.

The Toynbee lectures were actually delivered at Washington and Lee University in the spring of 1958. Encyclopedia Britannica Films, Inc., filmed the lectures with the help of a grant from the Fund for the advancement of Education, which is also helping to finance the current pilot study.

Participating in it are Blackburn College, Carlinville, Ill.; Illinois and McMurray colleges, Jacksonvile, Ill.; Illinois Wesleyan, Bloomington, Ill.; Millikin University, Decatur, Ill.; Randolph-Macon, Virginia State and Virginia Union University, Richmond, Va.; Lynchburg College and Randolph-Macon Women's College, Lynchburg, Va.

Power Mower Users—Careful of Your Eyes

NEW YORK (UPI) — Warning that modern high-speed power lawn mowers can be dangerous, the National Society of the Prevention of Blindness offers these suggestions for home gardeners using them:

Wear safety glasses: remove stones, sticks, wire or other loose debris before mowing; see that children, other onlookers and pets remain at a safe distance; do not remove any object from the mower until the power is turned off and the blade has stopped.

Hong Kong's population is estimated at 2,500,000.

There are 475 rooms in the U. S. treasury building which covers an area of two city blocks in Washington.

Canada authorities claim the Dominion has a greater volume of fresh water than any other country.

Chevy Today Builds Its Millionth Vehicle

DETROIT (AP) — Chevrolet will build its one millionth vehicle of the 1959 calendar year today.

★ ★ ★

Last year it took until Aug. 1 to build as many.

Chevrolet said the current pace is nine days behind the record year of 1955. The million vehicles include 806,000 cars and 194,000 trucks.

The industry as a whole is expected to build its three millionth car of the year today.

The first school in America built and wholly supported by public taxation was built at Dedham, Mass., in 1644.

Texas had more rabid animals reported to its health department last year than any other state of the nation. Minnesota was second.

Tipping Tips Might Make Traveling Abroad Easier

NEW YORK (UPI) — If you're traveling this year, whether at home or abroad, it's wise to brief yourself on tipping customs to save both irritation and embarrassment.

★ ★ ★

Any good travel agent can help you, but it's a good idea to buy any one of the many inexpensive pocket guides to tipping and currency exchange rates that are on the market.

These little books have specific details on tipping in whatever part of the world you may be going, by whatever mode of transportation.

They'll tell you the minimum tip for the cabin steward in all classes on a transatlantic voyage ($10 per person, first class; $5 cabin class; $3 tourist), what to give cabdrivers in Tokyo (5 per cent of the fare on long trips, nothing for short hauls) or hatcheck girls in Mexico City hotels (one or two pesos).

10 to 15 PER CENT

For hotel, restaurant, night club, taxicab, barber shop and beauty parlor service, the customary tip anywhere in the world is 10 to 15 per cent, depending on the class of the place, the size of the bill and how well you were treated.

For the doorman, the hat check girl, washroom attendants, somewhere between 10 and 25 station porters and bellboys, cents is the standard tip in most countries: a shilling in Britain, 100 francs in France, 200 prutot in Israel, five pesos in Argentina.

There are exceptions, and one of the most notable is the almost complete absence of tipping on aircraft.

★ ★ ★

At sea, the traveler runs a tipping gauntlet: cabin steward, dining steward and, frequently, head dining steward and assistant head dining steward, wine steward, deck steward, boots and the various stewardesses—for the cabin, the children's playroom and the rest.

On trains throughout the world, sleeping car attendants, porters and waiters are the only personnel to be contended with.

In many countries, hotels, restaurants and nightclubs add a 12 to 15 per cent service charge, meaning you tip whether you like it or not.

SHOULD PAY TWICE

But in Paris, for instance, where this is done, the guest in the larger hotels is expected to pay up again, anyway.

In Portugal, you tip telephone operators at public booths 1 or 1½ escudos, about 35 to 50 cents. In Rome, hotels add an 88 per cent service charge, in Palermo, 20 per cent.

And you still tip the bellboys 50 or 100 lire a suitcase. In Western Germany, drinkers in a bar are expected to add 15 per cent for service.

★ ★ ★

In Yugoslavia, where there is no obvious requirement to tip (the State forbids it) and nobody blatantly looks for one, it is none the less expected, on a basis of about 10 per cent.

Some guide books tell travelers they need not tip cabdrivers in Egypt. Try it, if you have strong nerves and are on the deaf side. Peace costs five piastres—about 15 cents.

Japan has some delightful exceptions, and in fact, tipping is not a general custom in this country.

Hat check girls, washroom attendants, barbers, beauty shop attendants, shoeshine boys and ushers are not tipped, and in restaurants, hotels and nightclubs, which add a service charge, no further baksheesh is expected.

In Latin America, there ARE no exceptions. You just tip everybody.

Mountain Climber Dies of Head Injuries

YOSEMITE NATIONAL PARK, Calif. (AP)—Brain injuries killed mountain climber Don Goodrich, fatally injured Saturday while climbing 12,600-foot Mt. Conness with four companions.

An autopsy showed Goodrich, 27, University of California graduate student, had a fractured skull and brain lacerations. He died while being carried down 11 miles of twisting mountain trail.

Goodrich's companions told park rangers they thought he was injured when a slab of rock was dislodged just above him. The falling rock toppled him from his perch. He dropped 35 feet and dangled unconscious at the end of his rope until the other climbers lowered him 125 feet to a slope below.

Army Hospital Tests Paper Sheets, Gowns

SAN ANTONIO (AP)—Patients in hospitals may sleep in paper gowns on paper sheets and be treated by doctors and nurses wearing paper uniforms, if tests at Brooke Army Medical Center prove successful.

Maj. Gen. William E. Shambora, medical center commander, said the Army Quartermaster Corps is conducting the tests on the theory that paper items would be useful when laundry facilities were scarce and during emergency shortages of conventional cloth equipment and clothing.

There is enough bituminous coal in the United States to cover an area the size of the state of Ohio to a uniform depth of 45 feet.

Does It Barefoot, Too

State Girl Water Ski Queen

By JOE ST. AMANT

LOS ANGELES (UPI) — A pretty, perky 20-year-old Florida girl has gone the distance around the world on water skis!

Well, she has not really circled tthe globe but she has put in the mileage — something like 25,000 miles in the past two years on Lake Eloise at Cypress Gardens, Fla., as the star of a water sports show.

Nancie Rideout, a hazel-eyed brunette who was born in Jackson, Mich., has been making the grand tour with sports shows to demonstrate her skill — or at least to explain water-skiing — from New York to Chicago to San Francisco, thence to Los Angeles and Chattanooga, Tenn.

In Los Angeles, she picked Paradise Cove on the ocean north of tthe movie colony of Malibu to perform a few acrobatics including what she calls "barefoot" skiing — skiing on her feet without benefit of skis.

★ ★ ★

Nancie—and she says she spells her name that way "just to be different" — is the current national water ski champion and she holds the world record for a jump by a woman — 89 feet. The jump is accomplished by use of a ramp which calls for some skill to keep on one's feet before launching into the atmosphere.

Keeping her feet is no problem for Nancie. She's an acrobat. She does double flips in the air just for the fun of it.

At the end of her nationwide tour — sponsored by an outboard motor manufacturer — she goes into training for the world championships to be held in Milan, Italy, this September.

A hearty eater, Nancie weighs 125 and stands five feet four and a half. She concentrates on high protein foods during training and avoids such items as mashed potatoes and other starches but otherwise eats normally. Her favorite dish is a steak that has just been waved by the kitchen range on the way to the table so it won't be overdone.

Nancie's vital statistics are 35-24-35, but she says, "When I hear about a beauty contest, I run and hide."

She tentatively plans to attend the University of Georgia after the world tournament, specializing in physical education and also dabbling in television and radio arts.

Nancie's devotion to the sport is so great she has even taught her pet dog, a Spitz, to water-ski.

★ ★ ★

He can't do the tricks she does, however. One of Nancie's specialties is skiing backward with one ski while her other foot is wrapped in the tow-line.

Normal speed for water-skiing is 28 miles an hour but Nancie must be towed at 35 miles an hour to develop the buoyancy for her "barefoot" skiing.

And she has gone even faster than that. In 1953 at Lake Fairview, Fla., she hooked up to a hydroplane and was clocked at 65 m.p.h.

"I've never gone that fast since and I don't care to," Nancie says.

In her spare time, Nancie tests outboard motors. She's supposed to be the only female in the world to perform this chore.

★ ★ ★

Strangely enough, she got into water-skiing by accident. Her father, Hirschel Rideout, a grocery manager in Orlando, Fla., bought an outboard motor boat some years ago. The seller threw in a pair of water skis. Nancie became a devotee of the sport and she doesn't appear to be losing any enthusiasm.

There's no question she keeps active. This gal wears out 24 bathing suits a year.

120 Doctors Airborne to Prove Group's Point

GREAT FALLS, Mont. (AP) — Forty small planes carrying about 120 physicians and their families left here today for Alaska in a mass flight demonstrating the mobility of the flying doctors.

They are members of the Flying Physicians Assn. They will join a smaller group Tuesday at Edmonton, Alta. About 50 planes will leave Wednesday for Anchorage, Alaska.

St. Frederick's Grad Wins Scholarship

Michael P. Metty, a graduating senior at St. Fredrick's High School, has been named a Kettering Scholar, entitling him to an $800 stipend for the freshman year at Wilmington College in Ohio.

Valedictorian and president of the student council, Metty, of 1947 Lakeland Ave., Sylvan Lake, is also the first in the school's history to receive the National Merit Scholarship Certificate. In addition, he has won a Voice of Democracy Certificate of Merit after entering a scriptwriting competition.

Tear Gas Breaks Up Riot in Hawaii Prison

HONOLULU (AP) — Tear gas quelled an uprising Sunday in Oahu Prison where a half dozen inmates held a guard hostage 40 minutes.

★ ★ ★

The guard, Canuto Tacderan, was hospitalized from a beating about the face, said Deputy Warden Willard V. Bolling.

Baby-Sits in Russia

WORCESTER, Mass. (AP) — Louise B. Jennison, 19, who will be a junior at Vassar College next fall, will spend the summer in the Soviet Union as a baby sitter for Mr. and Mrs. John Jacobs of Alexandria, Va., parents of four children. Jacobs is on the staff of the U.S. Informationa Agency. Miss Jennison was one of 190 college students who applied for the job.

First essay written by Harriet Beecher Stowe, author of "Uncle Tom's Cabin," was done when she was a 12-year-old girl in Litchfield, Conn. The title was "Can the Immortality of the Soul be Proved by the Light of Reason?"

Disappears Off California Shore

Shark Devours Skin Diver

LA JOLLA, Calif. (AP) — A shark killed a skin diver while several persons watched from the beach 50 yards away Sunday.

No trace was found of husky Robert Pamperin, 33, a San Diego aircraft engineer.

"I was swimming about 15 feet from Bob," said his companion, Tom Lehrer, 30. "I heard him calling, 'Help me, help me.'

"I swam over to him. He was thrashing in the water and I could tell he was fighting something underneath."

Lehrer said he ducked under the water and through his face plate saw a shark. "It was so big I thought at first it was a killer whale," he said. "It had a white belly and I could see its jaws and jagged teeth. It was a whopper—about 12 feet. It was between me and Bob and I could see him kicking his legs at it but it kept biting at him."

★ ★ ★

Lehrer said he popped to the surface.

"But it was too late to do anything. Bob just went out of sight and I couldn't find him. So I swam to shore."

William Abitz, 18, standing on a rocky promontory, heard Pamperin's screams and saw him thrashing in 30-foot deep water.

★ ★ ★

"He was trying to get out of the water," Abitz said. "He looked like he was trying to run."

Pamperin's wife Carolyn sat on a porch at a nearby house, hysterical and sobbing, while lifeguards in a boat and a Coast Guard helicopter scanned the water for 40 minutes.

They found nothing of Pamperin, an ex-lifeguard. But the 'copter crew reported seeing a large sharp cruising beneath the sunlit water.

★ ★ ★

Lifeguards believed Pamperin was hit by a white shark—the same species blamed for fatally injuring Albert Kogler, 18, near San Francisco last month.

The white shark is a jagged-tooth brute which grows to 15 feet.

Pamperin was the third known victim of sharks in recent years. A white shark was believed the killer of a youth in Monterey Bay in 1952. Three white sharks have been caught in the San Diego area this year.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

CHICAGO (AP) — The international summer home furnishings market open today. Among innovations is a revolutionary new bed that raises the sleeper to a sitting position when the clock timer turns on the radio.

Harriman Tours U.S.S.R.

LONDON (AP) — W. Averell Harriman, former governor of New York, arrived Sunday at the Ural city of Sverdlovsk on his tour of the Soviet Union.

Among newlyweds two generations ago, there was a 50-50 chance that either the husband or the wife would die at least two years before their youngest child was married. Today's newlyweds can expect that they'll both live about 13 years after their last child is wed.

Mrs. Robert Critchfield, left, will be hostess at her home on North Lake Angelus road Wednesday for the Lake Angelus Branch of Women's National Farm and Garden Assn.'s lawn-dessert bridge party. Assisting Mrs. Critchfield and friends at the affair will be Mrs. Arthur Dodge, center, and Mrs. Jack Rothberg.

1934 Grads Meet Here

Planning for the party is half the fun when you can do it outside on a summer day. Here, left to right, Mrs. Peter Dunn, Mrs. Donald Shults and Mrs. Newton Skillman Jr., go over final details for the affair.

Mark 25th Year With Dinner

Pontiac Central Alumni Affair at Northern

There were 254 present when the 1934 June graduating class of Pontiac Central High School celebrated the 25th anniversary of their graduation Saturday evening. A social hour preceded the dinner which was held at Pontiac Northern High School. There were 127 members of the class present plus husbands and wives. Mrs. F. W. Estill traveled from Freeport, Tex., and others came from Florida, Kentucky, Ohio, Wisconsin and New York too attend the reunion.

Robert Goebel, 1934 class president, served as toastmaster. Frank DuFrain, former superintendent of schools, recalled some of the events of 1934 and remarked that a teacher remembers successes but students usually remember failures.

★ ★ ★

J. C. Covert, superintendent of schools in Royal Oak, and former assistant principal of Pontiac Central High School also spoke.

The invocation was given by George Mellen. Each member of the class received a year book telling of the experiences and whereabouts of the class members.

Mr. Goebel and William J. Newman were cochairmen of the event. Arrangements and the program were planned by David Livingston. Serving on the financial committee were Edmund S. Rogers, J. E. Smith, Raymond L. Cole and Gladys Cheal.

★ ★ ★

Mrs. Lacey Schiefler headed the tracing committee, Mrs. James Glennie arranged decorations and Mrs. Raymond L. Cole was publicity chairman. Gilbert Thran was in charge of the year book and David Jackson in charge of photography.

Mrs. George Mellen was elected permanent class secretary.

Have Check-Up

Exercise for Periodic Pain

By JOSEPHINE LOWMAN

The menstrual periods are a natural physiological experience and are taken pretty casually by most women. However, one in every three women has some pain, and a few women are truly miserable. The great majority go about their work and living with little discomfort.

Some women find that former discomfort disappears after having a child. Painful menstruation may be due to a misplaced uterus or inflammation in the tubes or ovaries. Extreme nervousness or just generally poor condition seem to play some part. Too little exercise may cause congestion in the pelvis. Constipation can also cause this.

Often exercise relieves the congestion which causes pain. Walking may be indicated. The following exercise has been used with great benefit by many women. Lie on the floor on your back. Bend both knees and place your feet flat on the floor. Push your abdomen up toward the ceiling.

Pull the abdominal muscles down toward your back as far as you can. Do not lift the hips from the floor. This exercise is done entirely by the abdominal muscles. It should be done slowly.

If you have discomfort or pain at the time of your periods, you should have a check-up by your physician. Often conditions which cause this can be remedied. Then build up your general health.

Hot foot baths are sometimes helpful as are hot pads and water bottles on the abdomen or back. Some women find that the habit of taking a mild laxative for a week preceding the menses is an aid. Others find that the exercise I have described today, if done daily just before and during the first part of the periods, overcomes much of their difficulty.

Sometimes the simple expedient of leading a healthier life is all that is necessary to relieve menstrual pain. Don't expect troubles at this time but if you do have it, do not take it for granted as one of the penalties of being a woman. Do something about it!

If you would like to have my leaflet "Menopause" send a stamped, self-addressed envelope with your request for leaflet No. 32 to Josephine Lowman in care of this paper.

Wood experts pass on a word of cleaning advice to housewives. Furniture will last longer and look better if you wash it occasionally with soap and water. Dry thoroughly and then use your protective polish.

MRS. A. NORBERT G. CAPISTRANT

Married Saturday evening at First Presbyterian Church were Cheryl Dee Bruestle and A. Norbert Gene Capistrant. Their parents are Mr. and Mrs. Emil F. Bruestle and Mr. and Mrs. Abel Capistrant.

Capistrant-Bruestle Vows Exchanged Here

First Presbyterian Church was the scene of the Saturday evening wedding of Cheryl Dee Bruestle and A. Norbert Gene Capistrant. Dr. William H. Marbach officiated at the ceremony before 250 guests.

The bride is the daughter of Mr. and Mrs. Emil F. Bruestle of Dover road and the bridegroom is the son of Mr. and Mrs. Abel Capistrant of Brooks street.

A gown of silk organza with lace appliqued at the Sabrina neckline was worn by the bride. The full skirt was accented with lace applique and pearls and formed a chapel train.

Her silk illusion veil was held by a crown of pearls and sequins and she carried a chapel bouquet of white butterfly roses, feathered carnations and stephanotis.

★ ★ ★

Nicki Folsom was maid of honor and bridesmaids were Janet Hudson, Joan Trzcinski of River Rouge and Linda Schellenbery. Darleen Capistrant, the bridegroom's sister, was junior bridesmaid.

Their taffeta ballerina length dresses featured scoop necklines and short sleeves. Bows and streamers accented the waistlines. The girls were dressed in yellow, blue, pink and aqua respectively with nylon leaf headpieces to match their dresses. They carried baskets of snapdragons and daisies.

★ ★ ★

The flower girl, Denise Bycroft of Chelsea wore a short yellow white and nylon dress with a crown of daisies.

Richard Selvala was best man. Seating the guests were Darryl Bruestle, the bride's brother; James Capistrant, the bridegroom's brother; James Evans, Lloyd Harper and Wayne Magnan.

★ ★ ★

Following a reception in the church parlors, the bride changed to a blue cotton sheath dress with white accessories and the couple left for a honeymoon to the Smoky Mountains. They will live in Pontiac.

The bride is a senior at Eastern Michigan University College and the bridegroom is a graduate of University of Michigan School of Engineering. He was affiliated with Evans Scholars.

Pontiac Couple Married at All Saints Church

Annis E. J. Breadon and John Edward Iverson exchanged vows Saturday afternoon at All Saints Church. The Rev. C. George Widdifield officiated at the ceremony before 150 guests.

Parents of the couple are Mr. and Mrs. George W. Breadon of Third street and Mr. and Mrs. Bert Iverson of East New York street.

The bride's Italian silk gown featured a scalloped neckline and short sleeves embroidered with sequins and seed pearls. The back panel of Chantilly lace formed a chapel train.

A cap of lace trimmed with sequins and pearls held her fingertip veil and she carried a cascade bouquet of carnations centered with a white orchid.

Joan Nonamaker was maid of honor and Francis Koop and Georgina Breadon, the bride's sister, were bridesmaids. They were dressed in white organdy dresses with embroidered hemlines and necklines and matching headpieces with veils. They carried colonial bouquets of yellow carnations.

Best man was John Stephens. Ushers were Frank Nonamaker and Walter McCullough.

A reception for 200 guests was held at IAC hall. Before leaving for the Pocono Mountains, the bride changed to a powder blue cotton sheath dress and the white orchid from her bridal bouquet.

They will live on Hudson street.

Mrs. Breadon selected a dress of powder blue lace over taffeta with a blue hat and white accessories for her daughter's wedding. Mrs. Iverson wore a biege lace dress with white accessories. Both had corsages of white rosebuds.

Nixon Addresses Graduating Class at Alma Mater

WHITTIER, Calif. (AP)—Graduates of Whittier College got some advice from a distinguished alumnus—Vice President Richard M. Nixon.

★ ★ ★

"Wherever you see prejudice or hatred, strike it down," he said.

"Wherever you encounter ignorance or provincialism, speak up for intelligent community and world responsibility."

Nixon was graduated from Whittier in 1934.

"Wherever you go and whatever you do, let your example help to make men see a little clearer the glory of justice, the beauty of friendliness," he told the 320-member graduating class Saturday.

"May you ever have as your goal not simply the aim of making a good living, but the higher objective of making this nation and this world a better place to live in."

Let Grass Grow Higher in Shaded Lawn Areas

RICHMOND, Ind. (UPI) — Allow the grass in shaded areas of your lawn to grow slightly longer than in the sun-bathed patches.

Experts of Moto-Mower, Inc., here point out that products absorbed by the grass roots are converted into growth-promoting nutrients by the sun's rays. Since this process is slower in the shade, the grass should be longer there.

Guatemala President Assails United Fruit

GUATEMALA (AP)— President Miguel Ydigoras has ordered land expropriation proceedings against the United Fruit Co., charging it with trying to evict farmers occupying land it recently acquired.

★ ★ ★

The land involved is at Izabal, in northern Guatemala.

★ ★ ★

The government also announced it is drawing up an agrarian law to distribute government - owned and non-cultivated private holdings to peasants. The privately owned land will be purchased.

★ ★ ★

The president announced the start of legal action against United Fruit after visiting its northern tracts. He said some farmers threatened with eviction have lived on the land as long as 30 years.

Charge Youth in Holdup, Kidnaping of Girl, 17

ELLSWORTH, Maine (AP) — A 20-year-old youth faces arraignment today on charges that he held up a church gathering and kidnaped a girl who had spurned his love.

★ ★ ★

Police said Ronald Grant Jr., brandishing a .22 caliber pistol, terrorized a Young Peoples meeting Sunday night at the Brooklyn Baptist Church, about 20 miles south of here.

They said he ordered a minister's wife to turn over her purse and then forced Nora Staples, 17, to leave with him in the Rev. Charles Fore's car.

A short time later, with state police in pursuit, the car smashed into a police roadblock at Orrington, 33 miles away.

To Each Car Its Own

NEW YORK (UPI)—Washington Square Village, a plush new housing development, sorts the cars in its garage and parks them by make. Cadillacs have their section, Fords' Chevrolets, Plymouths theirs, and so on. Not snobbery, the management says—makes it easier for the car jockeys to find them.

Nicaragua Regime Seeks Proof of Rebels' Backing

By JACK RUTLEDGE

MANAGUA, Nicaragua (AP) — President Luis Somoza's regime today sought proof for the Organization of American States that the young socialites who tried to topple his regime got substantial help from other Latin American governments.

Somoza's aides stepped up their efforts after the government staged a triumphal parade through the capital Sunday in a show of confidence that the small-scale, two-week-old revolt was over.

★ ★ ★

Officials announced, however, that further invasion attempts by Nicaraguan exiles might be made in the near future. This belief gave urgency to the charges and evidence being collected for the OAS investigating team expected here Tuesday.

The almost bloodless coup appeared to have sputtered out with the surrender of 16 rebel holdouts who were ambushed by National Guardsmen Saturday night when they sought to buy food in a village.

The exhausted, hungry men, most of them members of prominent Nicaraguan families, were led by Pedro Joaquin Chamorro, scion of a prominent publishing family and former editor of the newspaper La Prensa. Forty-six others had given up earlier in the week.

Somoza's brother, Gen. Anastasio Somoza, commander of the country's armed forces, charged that Cuba and Venezuela probably would help 75 other Nicaraguans now training in Honduras for an invasion attempt.

Chamorro and his bedraggled group of holdouts were brought into Managua before dawn Sunday and hauled before Gen. Somoza.

Refusing to address them directly, he ordered them to about face, then delivered a 15-minute tongue-lashing.

He said later the surrender had marked the "end of a would-be attempt by these nonsensical kids to emulate Fidel Castro."

The government says the original invasion force of about 100 men has dwindled to fewer than two dozen stragglers, wandering about the Nicaraguan jungle in isolated groups. About 17 rebels were killed or wounded.

Somoza has said those captured will be tried for treason. The maximum penalty is nine years' imprisonment.

Pithole City, Pa., was laid out four months after oil was discovered Jan. 7, 1865, on Pithole Creek. By September, the city had more than 50 hotels, two banks, two churches, two telegraph offices, a newspaper, an opera house and more than 15,000 residents. But production soon fell off and by January, 1886, Pithole City was a ghost town.

15,000-Mile Trek to Start Thursday

Queen to Set Killing Pace on Tour

LONDON (NEA)—"Are they trying to kill off the Queen?" a well-traveled American asked after scanning the itinerary for Queen Elizabeth's coming seven-week tour of Canada.

Her majesty is young (33) and healthy, and "kill" is a strong word to use in this context.

But the planned 15,000-mile, barn-storming tour beginning June 18 is enough to wear out even the youngest and strongest of monarchs, in the opinion of many here.

Starting in Newfoundland, Queen Elizabeth and Prince Philip will traverse Canada, visiting each of the provinces, stopping at 78 different places.

★ ★ ★

This means greeting 78 mayors, shaking hands with at least 780 town councillors, not including their ladies and various supernumeraries. It means formal luncheons, banquets and balls.

It means shifting from plane to ship to motorcar to train to reach spots in the lonely Yukon and Northern Territory never before visited by royalty.

FACTORY TO FARM

It means being whisked from factory to farm, from town hall to hospital.

It means passing through extremes of climate from sun-baked prairies to the very edge of the Arctic tundra.

It means falling into bed exhausted each night.

And yet the Queen must always appear fresh and rested the following morning. She and Prince Philip must convey to their hosts that they are interested in the projects that are shown to them, that they are enjoying every minute.

"My, what a lovely complexion she has—just like an English rose," and "Gee, isn't he handsome?" — these will be the comments of the crowd.

★ ★ ★

The onlookers will have no inkling of the ordeal their sovereign is enduring.

The Queen's tour planners have even managed to squeeze in on July 6 a one-day stop-over in Chicago, the city whose mayor in the 1920's, "Big Bill" Thompson, threatened to punch the nose of her grandfather, George V.

Highlight of the tour will be the opening of the St. Lawrence Seaway on June 26, a ceremony to be performed jointly by the Queen and President Eisenhower.

WILL REST

When the Canadian tour is completed, the Queen will have three months to rest before embarking on the next royal junket, this time to Ghana, newest of the Commonwealth countries.

Alarmed by the demands made upon Her Majesty by the Commonwealth, some of her well-wishers here are asking, how long can the Queen keep up this pace? More pointedly, the question, "Is this trip necessary?" is being asked.

Royal tours of the whirlwind variety date from after World War I. Before that time, they were leisurely affairs, undertaken more as pleasure jaunts than as deliberate public relations policy.

Forty years ago it was possible to set out on an empire hop almost casually with little or no preparation. Today's royal tour requires at least a year's planning.

First, tentative schedules are drawn in consultation with the host country for the Queen's approval. The Queen makes many suggestions. An experienced traveler, she knows exactly where the snags are likely to occur.

Then there is the Queen's wardrobe to be planned. Clothes must be designed not only with day and night temperatures in mind, but with an eye to the decorations to be worn with them.

The Queen remembers to take and wear the jewelry which has a special association with the country she is visiting. This may be a wedding present or a Coronation gift.

These and a thousand other items go into the making of a royal tour in 1959.

ALWAYS ATTRACTIVE, GRACIOUS AND INTERESTED — This is the picture Elizabeth and Philip will have to present at 78 stops during their seven-week tour of Canada.

GM Donates Tools to Mohole Project

BIRMINGHAM, Ala. (UPI) — General Motors Corp. has revealed it will donate one million dollars worth of equipment to "Operation Mohole," a scientific project to explore in the opposite direction from outer space.

★ ★ ★

General Manager N. C. Dezendorf of GM's Electro-Motive Division at La Grange, Ill., said GM will hand over diesel-electric power equipment needed to drill a three-mile hole into the earth three miles under the ocean.

★ ★ ★

Dezendorf offered the equipment to Mohole's director, Dr. Gordon Lill, at the final session of a conference on the "undiscovered earth" sponsored by the Southern Research Institute. Some 200 industry and business leaders, scientists and educators attended the conference.

★ ★ ★

Dr. Lill, head of the Office of Naval Research's Geophysics Branch, said the five to 10 million dollar project is already underway. Four ships are searching for a drilling site 200 miles off San Juan, Puerto Rico.

★ ★ ★

Lill said the hole would probably be started in 1961 and take a year to drill. Dezendorf said GM would lease the equipment to Mohole for $1 for an indefinite period.

★ ★ ★

Lill said the hole would be drilled through the earth's crust into the Moho, a layer which separates the earth's crust from the mysterious mantle composed of semi-molten rock surrounding the molten core.

Expect Ike to Speak at Harvard Dedication

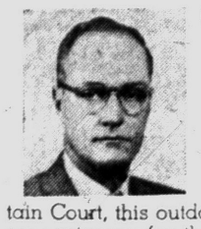
PONTIAC AREA telephone lines

by RAY STORM, *District Manager*



If you are planning to visit the Northland Shopping Center between June 24 and July 3 you will want to see the colorful, new Michigan Bell exhibit, '59 PHONE FASHION FAIR. Located in Fountain Court, this outdoor display of the latest in telephone conveniences for the modern home or office will give you the opportunity to see and try many new types of telephone equipment, including suggestions on how to make your summer outdoor living more enjoyable with an outdoor extension phone. Courteous Michigan Bell Representatives will be on duty during regular shopping center hours to answer any questions. Be sure and visit the exhibit while at Northland.

NECKTIES AND TOBACCO ARE PROBABLY the most popular things that will be given to Dad on Father's Day. But if he's far away and can't be with you on Sunday, you can be sure that a Long Distance phone call would be at the top of a list of things he'd like to have. The usual low Sunday rates are in effect to help you enjoy a leisurely telephone visit. It's a fine way to please Dad, and it'll make you feel pretty good, too!

BESIDES BEING FATHER'S DAY, June 21st is also the first day of Summer—time to begin thinking about vacations. But thinking alone won't make a vacation good. Only planning and preparation will do that. That's where the Yellow Pages comes in so handy. It'll tell you where to buy the diving goggles, camera film, sports clothes, sun glasses, luggage and guide books you'll need. More than that, the Yellow Pages lists hotels, motels, restaurants, theatres and other amusements, so it's the quickest way of getting to know your way around a new town. Start with the Yellow Pages and end up with a truly great vacation.

Russia Plans New Sputniks

Mikoyan Hints Several Firings in Offing, Says Scientists at Work

MOSCOW (UPI) — Deputy Premier Anastas I. Mikoyan has been hinting that Russia may soon launch one or more new Sputniks.

Mikoyan was asked about new Soviet Sputnik plans when he appeared at a British Embassy reception.

"Our scientists have plans. They will not leave skies empty," he said. After a pause, he added, "and why launch only one? Why not three?"

Premier Nikita S. Khrushchev's deputy also answered questions about Vice President Richard M. Nixon's scheduled visit and the Geneva foreign ministers' conference.

Mikoyan indicated Russia will spread the red carpet for Nixon when he arrives to open the American exhibition in Moscow next month.

The smiling deputy premier said Nixon can choose his tourist spots but "he won't be shown any military installations."

Mikoyan recalled U.S. officials allowed him free travel when he toured America earlier this year.

"The Soviet Union will do the same for Nixon," he said.

DOWN TO THE SEA — In a way of life that has changed as little as their traditional costumes down through the years, the women and children of the Dutch fishing village of Spakenburg wave farewell to their men. In their small sailboats, the men are off for the start of the fishing season in the Zuider Zee, leaving their families behind to wait and pray for the safe return of the fleet.

Businessman, 2 Children, Officer Die in Gun Battle

AUGUSTA, Ga. (AP)—A Florida businessman, his two children and a policeman were dead today as the result of a gun battle. Officers said the businessman, James Hofer, 34, killed the children.

Detective Edgar F. Beazley said officers were called to the home of the parents of Hofer's estranged wife after Hofer crashed through the living room window with a .38 caliber revolver in his hand.

★ ★ ★

The first officers at the scene were Sgt. Sumter Lewis and veteran patrolman Joe Reynolds, 48.

They were told that Hofer was upstairs with his wife, Dorothy Bailey Hofer, and their children, Vicky Ann Hofer, 4, and Katherine Hofer, 2.

★ ★ ★

Beazley said the officers could hear Hofer and his wife talking in an unlighted bedroom. There was no sound from the children. Reynolds apparently opened the door, shined his flashlight at Hofer, and saw that he had a gun.

★ ★ ★

The officer shot Hofer, who fell to the floor. Reynolds walked over to him, and was within an arm's length from the fallen man when Hofer shot the officer. Lewis began to exchange shots with Hofer, but could only shoot at Hofer's gun flashes. Meanwhile, Mrs. Hofer fled.

Lewis ran out of ammunition and went downstairs to call an ambulance.

★ ★ ★

Police heard the children talking with their father, who was firing constantly while Lewis was downstairs. When he and the other officers got upstairs, the children and Hofer were dead. One of the girls was found at Hofer's feet.

When the shooting had started Mrs. Hofer's parents, Mr. and Mrs. W. L. Bailey, fled the white frame two-story home.

★ ★ ★

Beazley said Hofer rented a car in Atlanta Sunday and drove 174 miles to Augusta, where he had been arrested previously on charges of disturbing the peace in disputes with his wife.

★ ★ ★

In April Hofer had been charged with kidnapping his wife in Florida while she was on the way to Pensacola, where he lived, for a divorce hearing there.

Vet Pension Bill Passage Seen in House Today

WASHINGTON (AP) — The House takes up for passage today a bill overhauling the veterans' pension system. It faces little opposition.

The bill provides for a sliding schedule of pension payments based on financial need, now a secondary consideration.

★ ★ ★

It applies only to veterans with nonservice disabilities and to their widows.

An estimated 70 per cent of the 805,000 disabled veterans and 450,000 widows now on the rolls would receive pension increases. Veterans with service-connected disabilities would not be affected.

★ ★ ★

A "no-cut" provision would prevent reduction of any payments now being made, but the sliding scale rates would apply in the future.

Union Leader Charges Ike Siding With Business

PHILADELPHIA (AP) — The head of the AFL-CIO Industrial Union Department said today President Eisenhower is siding with business in an effort to curb union wage negotiating power.

The charge, already denied by Eisenhower, was made by Albert Whitehouse, in remarks prepared for the third annual industrial relations conference sponsored by the 67-union IUD. Whitehouse is Cincinnati area director of the United Steelworkers Union.

★ ★ ★

Eisenhower told a news conference June 3 it is completely untrue that he had intervened in favor of the steel companies in their continuing wage dispute with organized labor. He was replying to charges made by President John L. Lewis of the United Mine Workers Union.

Eisenhower said then he has a much greater interest in the working man than in the relatively small number of managers and big capitalists.

★ ★ ★

But, cautioning again against inflationary wage and price increases, he added that working men must be careful not to do things that will hurt themselves.

Whitehouse told the union gathering that business is using a generally antilabor atmosphere created by the Senate rackets hearings to undermine the entire process of collective bargaining and limit unions from getting a share of new prosperity for the workers.

"The administration shares part of the blame," Whitehouse said.

★ ★ ★

"When the President of the United States makes it appear that a union-negotiated wage increase is some kind of social crime and that a wage-dollar is more inflationary than a profit-dollar, an interest-dollar, or one made by pushing up housing costs through land speculation, it is no wonder that the reactionary elements in business respond with cheers."

Other scheduled speakers are David J. McDonald, head of the Steelworkers Union; and Walter Reuther, president of the United Auto Workers Union.

Hot Putter Wins for Casper

By BRUNO L. KEARNS
Sports Editor Pontiac Press

MAMARONECK, N.Y. — People in golf say that the shots which mean the most are usually those around the greens, conceding that those who can chip and putt the best are often the ones with the lowest scores in tournament play.

★ ★ ★

Billy Casper is the chipper and putter. He is considered one of the best in professional golf and he used these great assets to win the 1959 USGA championship yesterday at Winged Foot Golf Club with a total of 282.

As host pro Claude Harmon put it, "there isn't a putt from anywhere on the green which Casper couldn't drop or put next to that cup, because he's got the golden touch."

That golden touch in the second and third rounds of the tourney gave Casper a three stroke lead, with a 2-under par 208 going in yesterday's final round.

Friday he took 30 putts and Saturday only 27 with 9 one-putt greens even though he hit six traps.

★ ★ ★

Casper admitted that "the wind often gives me many problems, and that is when I have trouble staying on the fairways."

Sunday Casper and the rest of the 58 player field in the finals faced gale-like winds ranging from 30 to 40 miles an hour. But fortunately for Casper his wind problems also hampered his closest competitors Ben Hogan, Bob Rosburg, Sam Snead, Arnold Palmer and Mike Souchak.

Hogan sliced his way out of competition with a 287 total with six bogies yesterday as he failed to get a birdie along the way.

★ ★ ★

Things became tense as Casper neared the end of his Sunday round. He bogied the 17th hole and this put him and Rosburg into a tie as the pudgy pro from Palo Alto, California, dropped in birdies on the 11th and 12th holes.

Prosperity for Rosburg was short-lived, however, when he got to the tricky 13th hole. He took a double bogey and this moved him one stroke behind.

Meanwhile, Souchak made a strong bid in the final holes by parring 16 and 17 to go one stroke behind he held off on 18 hoping for a birdie to tie Casper.

His drive was beautiful, but his second shot hit the middle of the green and rolled over two feet into the apron.

He was faced with dropping a 50 footer, and using a seven iron. He fell 10 feet short, which nullified his chance for the birdie and a possible tie.

Rosburg also needed a birdie on 18 but failed to get it and Casper became the 1959 Open champ.

Casper, the 28-year-old pro who will be in our area in two weeks to defend the Buick Open title at Warwick Hills, salvaged victory with his magic putter.

He played badly on the fairways, missing seven greens on the front side, but as usual his putter was hot and he one-putted seven of the first 9 holes.

On the 4th tee, a bee stung his well-upholstered stomach, but it apparently did not bother him because he dropped an 18-foot putt for a birdie on the 5th.

Casper had not won a tournament this year and his best previous finish in an Open was a tie for 13th at Tulsa last year.

The victory earned him $12,000 instead of the original $10,000 which was announced at the start of the tourney. The USGA decided yesterday to add to each position of the purse.

Wally Burkemo of Franklin Hills, who withdraw after Saturday's round with a 75-75-75—225, won $240.

Meadowbrook pro Chick Harbert had a final round 74 for a 296 total to take home $300. Other Michigan entries, including Pontiac's Gene Bone, were eliminated in the 54-hole cut.

Rosburg pocketed $6,600 for runnerup at Haromn and Souchak each won $3,600 for sharing 3rd place.

Pirates' Elroy Face Wins 15th Straight

Relief Ace Boosts Buc Flag Hopes

By United Press International

Deal the Pirates in for a possible pennant jackpot as long as they keep coming up with that same ace in the hole.

His name is Elroy Face. His record is 10-0 and he now has won 15 straight games in relief dating back to May 1958.

Face, a fireless 150-pounder, stands only five feet eight inches but he has been standing the hitters on their heads so effectively that the Pirates now are only 3½ games removed from the National League lead and are hopeful of landing in their first World Series since 1927.

Face throws a fork ball and it's turning out to be a meat and potatoes pitch for the Pirates, who swept a doubleheader from the Dodgers Sunday 6-3 and 5-2, with a big assist from their pint sized relief ace.

★ ★ ★

Making his fourth appearance in five days and sixth in eight games, Face entered the opener in the eighth inning with the score tied 3-3. He struck out one batter in the eighth, then fanned the side in the ninth to earn a standing ovation from 30,082 fans at Forbes Field.

The Pirates won the games by rallying for three runs in the bottom of the eighth, scoring the tie-breaking run on Gil Hodges' error. Dick Stuart drove in three runs in the nightcap with his 17th and 12th homers to help Vern Law to his sixth triumph.

The Chicago Cubs blanked first-place Milwaukee 6-0, but the Braves actually increased their lead to 1½ games over the second-place Giants, who dropped a twin bill to the Phillies 7-5 and 6-3. The Cardinals won their opener from the Reds 5-4, but Cincinnati took the nightcap 3-2.

★ ★ ★

Dick Drott of the Cubs, fresh off the disabled list, held the Braves to seven hits in winning his first game of the year.

In the American League, the White Sox retained their half-game lead by sweeping a pair from the Orioles 9-6 and 3-2 in 10 innings; the Indians beat the Senators twice, 9-5 and 12-6; and the Red Sox emerged from the cellar with a 6-1 triumph over the Athletics. A scheduled second game between Boston and Kansas City was postponed because of rain.

Early Wynn of the White Sox helped himself to four hits in beating the Orioles in the first game for his ninth victory while Al Smith's 10th inning single sank Baltimore in the nightcap. Nellie Fox drove in four runs in the first game to help Wynn to victory. Dick Donovan was the winner in the nightcap and Billy O'Dell the loser.

Minnie Minoso drove in a total of nine runs in Cleveland's sweep of Washington. Minoso hit a homer in each game, including a grand slam in the ninth inning of the nightcap.

★ ★ ★

Despite yielding homers to Faye Throneberry, Roy Sievers and Jim Lemon, Jim (Mudcat) Grant went the distance for the Indians in the opener and was credited with his eighth straight victory over the Senators over a period of two seasons. Lemon hit two more homers in the nightcap for Washington while Harmon Killebrew and Bob Allison each hit one. Woodie Held and Rocky Colavito homered for the Tribe in addition to Minoso. Killebrew leads the AL in homers with 21, one more than Colavito.

Charley Has 5 Homers in Twin Bills With NY

His 3-Run Poke Sunday Triggers 3-2 and 8-2 Sweep for Tigers

BALTIMORE (UPI) — Jimmie Dykes says Charley Maxwell's home run punch is making him the best "Sunday manager" in baseball.

Maxwell has blasted a total of five home runs off New York pitchers to lead the Detroit Tigers to a pair of Sunday doubleheader sweeps from the Yankees, including 3-2 and 8-2 wins yesterday at Yankee Stadium.

The twin triumphs boosted Detroit into sole possession of third place in the American League standings, still two games behind the Chicago White Sox who won twice from Baltimore.

Detroit opens a four-game series against the Orioles here tonight with Ray Narleski pitching against unbeaten Hoyt Wilhelm, the National League castoff who has turned in nine victories for Baltimore this season.

Maxwell was solely responsible for Detroit's opening game victory at New York yesterday. Whitey Ford was coasting along with a four-hitter and a 2-0 lead with two out in the eighth. But Eddie Yost and Harvey Kuenn singled and Maxwell reached the right field seats for his 14th homer of the year.

It provided Frank Lary with his 10th victory over New York against only five losses during his Tiger career, and his third straight victory over the world champions this season.

Lary was lifted for a pinch-hitter in the eighth, but southpaw Pete Burnside and Dave Sisler protected the one-run margin supplied by Maxwell.

Eight of Maxwell's 14 homers this year have been hit on Sundays. He hit four in a May 3 doubleheader sweep over the Yankees in Detroit, and single homers against Kansas City May 10, against Cleveland May 24 and against Washington June 7.

Lary gave up only five hits in winning his seventh game against three losses. New York scored once in the second on Yogi Berra's single, a passed ball and Gil McDougald's single. Bill Skowron hit a wrong-field homer for the other Yankee run in the sixth.

Paul Foytack became the first Detroit pitcher other than Lary and Don Mossi to beat New York as he went the distance in the nightcap. Detroit has eight wins over the Yankees against three losses. Mossi earned four of the triumphs.

Maxwell had to share hitting honors with Kuenn and Al Kaline in the nightcap as they continued their nip-and-tuck battle for league batting honors.

Detroit staked Foytack to a four-run lead in the first inning on singles by Yost and Kuenn, a one-run double by Maxwell, a two-run double by Kaline and a run-scoring single by Rocky Bridges.

Kuenn wound up with four hits in the game, including his first homer of the year in the eighth inning with the bases bare, while Kaline had three hits and three runs batted in.

At the end of the day's action, Kaline was batting .357 and Kuenn .355. Both had two hits in the opener.

Foytack, who won his fifth game against six losses, lost his shutout in the sixth when Skowron hit another wrong-field homer after a single by Mickey Mantle.

Detroit has now won 29 games and lost only 12 under Dykes since he replaced Bill Norman as manager after the game of May 2.

With the current 16-game Eastern swing half completed, Detroit stands 6-2 after winning three of four games at both Boston and New York. The Tigers will play four games here and four more at Washington before returning to Briggs Stadium.

Race Pilot Dies in 3-Boat Spill

DAYTONA BEACH, Fla. (AP)— Dr. Bernie E. Taylor, Orlando physician and speedboat racer, died in a three-boat spill that cut short the first regatta on Daytona Beach Speedway's newly-built Lake Lloyd.

Taylor, 55, suffered a fatal neck fracture when catapulted out of his Class C hydro runabout as he led rivals into a second-heat turn.

The eye surgeon's spinning craft involved two close pursuing hydroplanes. Arlen Crouch of Quincy, Ill., suffered cuts and bruises. Walt Peterson of Jacksonville escaped injury.

Rhubarb in Saturday Round

Pros Rap Middlecoff for Buried Ball Rule

By BRUNO KEARNS

MAMARONECK, N.Y. — Dr. Cary Middlecoff, the slowest and most deliberate player in professional golf, was not only slow and deliberate but the most silent player on the fairway in the 4th and final round of the USGA Open yesterday.

The other member of the Sunday twosome, Jack Fleck, former pro at Rochester Country Club, kept a pace well ahead of Middlecoff without even exchanging glances with the famous golfing dentist from Memphis.

Fleck and Middlecoff have never been known to be chummy toward each other and after a rhubarb which resulted in Saturday's third round, "Dr. Cavity" as fellow pros call him, found himself on one side of the argument and the rest of the pros on the other.

The rhubarb started when Middlecoff's drive on the par-5 12th hole went into a trap. He then took out a 5-iron and drove the ball hard into the lip of the trap between the sand and the grass portion of the overhanging flange.

Part of the ball could be seen from the top and part was visible under the trap lip.

Middlecoff claimed it was an imbedded ball on top of the trap but Claude Harmon, his playing partner, claimed it was within the confines of the hazard and should be played as a trap shot.

Middlecoff then asked for a ruling and the USGA Rules Committee conceded it to be an imbedded ball and allowed him to lift it and drop it on the grass top of the trap without a penalty.

★ ★ ★

Then shooting three his next 4-wood shot got to the green. He two putted and took a par-5.

"It was the most flagrant giveaway in golf. They gave him two shots" said Harmon.

Other pros sided against Middlecoff on the squabble. Chick Harbert of Meadowbrook said "he shouldn't have even asked for a ruling. It was obviously still in the trap and should have played it out."

★ ★ ★

Fleck, Ed Furgol, Tommy Armour, Ken Venturi and several other pros were in the locker room when discussion continued on the ruling.

Fleck scoffed at Middlecoff for making the request for a ruling. "He should have played it from the trap. Boros imbedded his in the sand, and he never asked for a ruling," Fleck commented.

"That's where the USGA is wrong, Middlecoff would never get such a ruling from the PGA," Furgol added.

Old pro Armour commented "if that's golf then it isn't the same game I played."

Middlecoff, angry at the dissenting attitude toward this request for a ruling, slammed his locker door and left the clubhouse. He took a 73 for a 217 total after 54 holes.

Before they teed off Sunday Fleck and Middlecoff had a few words alone in the corner of the clubhouse. The feeling was pretty obvious. Each sat down at a different table to eat lunch and there was nary a word said from the opening tee through 18 holes.

Middlecoff came in with a 77 for a 294 total. Fleck finished with a round of 77 also for a total of 294.

Bosox, Orioles Swap Lefties

BALTIMORE (AP) — Manager Paul Richards of the Baltimore Orioles exchanged one of his 1958 pitching reclamation exhibits, Jack Harshman, for a new prospect today, Billy Hoeft of the Boston Red Sox.

It was an even trade of southpaw pitchers. Hoeft was obtained May 3 by Boston from Detroit.

Harshman came to Baltimore from Chicago after the 1957 season with a question mark on his future because of a lame back. But he won a dozen last season for the Orioles.

This season, the 31-year-old Harshman hasn't been able to get off the ground. He hasn't been able to win a game or even finish one of eight starts while taking six losses.

Hoeft had a 10-9 record last year. This season, the 28-year-old is 1-4. Three seasons ago, he was a 20-game winner.

'Fat' Hurls 2-Hitter, Fans 14 in Victory

Four runs in the 1st inning were plenty for pitcher Harlan (Fat) Keith of Sno-Bol and Rogers Electric won a wild game in nine innings to highlight last night's City League softball action.

Sno-Bol tallied four times in the 1st stanza off Al Santelle and Keith mowed down the CIO batters on two hits and 14 strikeouts for a 4-1 victory over the Union team in the lno oncetseta ..... team in the lone contest at Beaudette.

Two walks, a passed ball and an outfield error accounted for an unaerned run in the bottom of the 9th and gave Rogers a 10-9 triumph over the Pontiac Retailers at Northside. The Retailers outhit the winners, 12 to 7.

A 12-hit attack, including a home run by Jack Avery, enabled the Moose to rout the Autos of Europe, 14-6, in the other game at Northside.

Wheat Registers Surprise Rise

CHICAGO (AP) — A good commission house demand boosted all wheat contracts a cent a bushel or more shortly after the opening of thte Board of Trade today. Other grains and soybeans were mostly steady to strong. Rye moved up with wheat and in about the same price ranges. The runup of both grains was speeded along by active short covering.

★ ★ ★

Some brokers expressed surprise at the sudden strength in wheat, particularly since the harvest of the winter crop is moving toward its peak and expected to cause increasing pressure on most markets.

After about an hour wheat was 1 to 1⅜ cents higher, July $1.85½; corn ⅜ lower to ⅜ higher, July $1.26; oats ¼ to ⅝ higher, July new type contract 66¼; rye 1 to 1½ cents higher, July $1.23¾. Soybeans ⅜ lower to 1 cent higher, July $2.24½.

Steel Union Charges 'Deliberate Abuses'

NEW YORK (UPI)—The United Steelworkers of America charged the steel industry today with "deliberate and wilful abuses of honorable collective bargaining."

★ ★ ★

The accusation was made in a newspaper advertisement which appeared this morning as Union President David J. McDonald was scheduled to bring the union's full negotiating committees for meetings which are scheduled for tomorrow but may never be held.

"Our union wants no strike," the advertisement said. "But as a proud union we cannot bow before insults or accept ultimatums. We will not sacrifice the rights of our workers in the face of industrial blackmail."

Five weeks of meeting between four-man union and industry teams have produced no reported progress toward contracts to replace those which expire at midnight June 30.

The union has traditionally stopped work in the absence of a contract.

Lumber Has Two Uses, Comes in Grades

According to the Southern Pine Association, lumber is divided into two broad use categories: "structural" and "finish."

★ ★ ★

Structural grades are numbered and finish grades lettered. Generally speaking, no lower than a No. 2 structural grade should be used for any major member, such as a rafter or joist, and in the case of finish, the better grades more than pay for themselves. They provide elegant appearance and require no maintenance, other than an occasional refinishing job.

Their Crime So Low Jail Crew Too Small

EDINBURG, Tex. (UPI) — The lack of crime is proving an expense to Hidalgo County, Tex.

The county jail crew recently became so depleted three fulltime laborers had to be hired to supplement it. The crew, usually composed of 12 to 15 men, had dropped to six.

Perfect Scores Made on 3 Entrance Exams

DENVER (AP)—William C. Waterhouse, 17-year-old senior at East High School, made perfect 800 scores in three tests — English, chemistry and mathematics — at college entrance examinations.

Waterhouse hopes to enter Harvard University in the fall to prepare for a career in science.

Coppers Weak in Slow Trade

NEW YORK (AP) — Coppers were weak in an irregular stock market early today. Trading was slow.

Changes of most key stocks were fractional. Anaconda dropped about 2 and Magma was off around 3.

Phelps Dodge and Kennecott wewre down about a point.

As wage negotiations continued in the Copper industry, spot prices for the red metal in London and future prices in domestic markets continued under pressure.

Thiokol spurted about 2 points. Goodyear was ahead close to 3.

Minor changes prevailed among t theleading steels, motors, utilities, rails and chemicals.

Brokers saw the market still in a cautious, consolidating mood. The leading oils were virtually unchanged.

Rail Brotherhood Asks Wage Hike

CLEVELAND, Ohio (AP)—The 90,000-member Brtherhood of Locomotive Firemen and Enginemen today asked the nation's railroads for a 14 per cent wage increase.

H. E. Gilbert, international president, said the brotherhood's general committees served the wage notices on individual railroads. The union also seeks a revised escalator clause and improvement in daily earnings guarantees for all road service engineers and firemen.

Gilbert said the productivity of rail workers, coupled with technological improvements in the industry, entitle the workers to a fair share of what he termed "mounting and significant profit figures in the industry."

The BLFE wants daily earnings to be $26 minimum for engineers in road service, and $23 for firemen in road service.

News in Brief

Mrs. John B. Walker of 5471 Greenleaf Dr. fought a fire in her home Saturday with a home type fire extinguisher. She had the small blaze out before the Holly Township Fire Dept. arrived. The fire was caused by an overheated oil circulator, firemen said. Damage was slight.

Burglars broke into the Home Service Beer & Wine store, 43 Orchard Lake Ave., over the week end and stole $6 cash and an undetermined amount of cigarettes, it was reported to Pontiac Police.

MSU Campus Quiet After 3 Nights of Riot

EAST LANSING (AP)—Exam time tension, blamed for incidents of egg throwing and student dunkings on three previous nights, failed to erupt into any full-scale disturbances at Michigan State University last night.

State and campus police reported everything quiet in area where the night before officers were pelted with eggs and stones by jeering students.

Four students were to appear in Justice Court today to face charges of disorderly conduct in connection with the Saturday night uprising.

Some 200 students shouted at police from residence hall windows and two bales of excelsior were set afire. No injuries or serious damage was reported.

University officials said the students apparently were relieving examination time tension. It took about two hours to quiet the demonstration.

★ ★ ★

Arrested in the disturbance were Chris J. Papadopoulous, 18, of Lorraine, Ohio, Philip M. Novell, 21, of Berkley, Ronald Behmer, 19, of Detroit and Michael G. Yore, 18, of Benton Harbor.

A shouting swarm of students surged across the campus early Saturday, manhandling several police officers before they were dispersed. Police said some 500 students were involved.

Firecrackers, paper and stones were hurled at the officers amid shouts of "gestapo" and "blue-coated nursemaids." One rock smashed the window of a State Police car. One officer was knocked to the ground by a flying tackle and another had his tie ripped off.

★ ★ ★

University officials said they will observe action taken by law authorities before making a decision in the cases.

The first reported outbreak was Thursday night when about 200 students from Shaw Hall, a residence hall for men, started to cross a bridge separating the men's housing area from that of girl students. They were dispersed by a contingent of police at the Red Cedar River and returned to their dormitories quietly.

AMICABLE AMIGO — Lucky Lucero of Taos, N. M., is a taxi driver, but his service includes more than what the usual cab driver offers. And if you're short of cash, chances are you can ride free.

For Free or for Hire

Lucky All-Purpose Cabbie

TAOS, N.M. (AP)—For 50 cents a mile, Lucky Lucero will pick up your mail, drop off your laundry, do your grocery shopping, or drive you to a movie. If business is slow, he may stay with you to see the picture.

★ ★ ★

And if you're low on cash, chances are you can get the same services for free. On slow days, Lucero might stop and say to someone walking: "Hop in, today —all rides on the house."

To Taos residents and others who vacation here, Lucero is that taxi driver who has the face of a Mexican bandit and the heart of a parish priest.

"You meet all kinds of people in this business," he says. Some of them:

★ ★ ★

The man who "pulled a gun on me and ordered me to drive to an isolated spot. He held the gun at the back of my head all the way. When we got there he jumped out and told me to wait. Then he spent the next hour running around in the dark shooting rabbits.

★ ★ ★

Then there was the perpetual free-loader who, wobbly from too many drinks, plopped into the back seat of the taxi and demanded to be taken home. Lucero jumped into the front seat, raced the motor for a couple minutes, turned off the key and let the passenger out.

"That's the last time I'll ride with you," the drunk said indignantly. "You drive too damn fast."

For three years every Wednesday night at eight sharp, Lucero has stopped at the home of an elderly lady, stepped into the house and given her a hand with her zipper so she could attend her bridge club.

How did he become an all-purpose taxi driver?

"Just lucky, I guess. In Italy I got hit in the head with a land mine. That's the only way anyone could end up in this crazy business."

Long Today Faces Hearing on Sanity

GALVESTON, Tex. (AP)—Louisiana Gov. Earl K. Long, who claims members of his family railroaded him into a Texas mental clinic, goes to court today in an effort to win his freedom.

"I'm no more crazy than you are," Long shouted from his second-floor window in John Sealy Hospital here Sunday night.

The 63-year-old governor, who has been confined here two weeks, seeks his freedom on a writ of habeas corpus. A sanity hearing is scheduled Tuesday.

★ ★ ★

"They led me in here in handcuffs," Long yelled to James McLean, Louisiana Capitol correspondent for The Associated Press. McLean and Margaret Dixon, managing editor of the Baton Rouge Morning Advocate. With them were Emile Comar of the New Orleans States and Bill Lynch of the Shreveport Times.

"They wanted to kill the loan shark bill," yelled Long. "They wanted to pass the sales tax. They wanted to kill my election bill."

★ ★ ★

The governor referred to the recent fiscal session of the Louisiana legislature. The loan-shark bill proposed a relatively minor change in the interest rate on small loans. The election bill was designed to change the state Democratic primary from Dec. 5 to 19. The sales tax Long mentioned was not an issue. The other two bills died.

Long said he would call a special session of the Legislature to revive the bills.

★ ★ ★

None of these measures stirred public interest. It was legislative opposition to Long's proposal to liberalize voting qualifications, which would have permitted more Negroes to vote, that sparked Long's tirade before a joint session of both houses of the Legislature.

Psychiatrists at John Sealy Hospital never have publicly classified Long's mental illness. The governor has indicated he was persecuted in that he was drugged at the mansion in Baton Rouge, strapped to a stretcher, hustled to an ambulance, and flown to Texas.

Long said Sunday in a taped interview "There never has been a man brutalized and handled — governor or no governor — like I've been handled."

64 New GMC Trucks Bought by Eastern Firm

NEW YORK — Purchase of 64 GMC highway tractors of an advanced new engineering design by Associated Transport, Inc., was announced today by Philip J. Monaghan, vice president of General Motors and general chairman of the GMC Truck and Coach Division.

The 64 GMC's, lightweight tilt-cab Diesel-powered units known as model DLR-8000, represent almost $1,000,000 in new equipment for Associated, which serves customers in 14 states in the East.

The purchase is the largest one made to date of the GMC's model which only recently has been available to commercial carriers. Resulting from a forward development program, the tractor has such new features as independent front wheel suspension, stabilized air ride, fabricated frame, aluminum cab and other lightweight components that permit an operator to carry up to 4,000 pounds more payload than with comparable models.

Associated's president Burge M. Seymour said the big purchase was made to keep up with the demands of shippers wanting freight moved in ever-growing volume through Associated's 87 terminals and call stations.

★ ★ ★

"The higher level of economic activity this year, and Associated's tonnage increase of more than 27 per cent to date over 1958 has led to acquisition of new equipment to most efficiently serve our customers," Seymour said.

"In this new GMC highway tractor unit we have found a happy combination of specifications and new lightweight features that will give us the lightest unit of its kind on the highway today."

The first 14 of the DLR-8000s already are in operational use on routes between New York City southward to Charlotte, N. C. The operating efficiency of these units was such that the purchase of an additional 50 followed. They will be delivered and placed in operation within the next few months.

Rising Arena Is 'Convertible'

Pittsburgh Structure to Have Sliding Roof That Will Beat Weather

PITTSBURGH (UPI)—A unique public auditorium, suitable for light summer opera under the stars or winter basketball under a roof, is rising on the edge of Pittsburgh's Golden Triangle.

It is a 20-million-dollar civic arena which will feature a stainless steel retractable roof that can be opened or closed in just two and a half minutes.

★ ★ ★

The auditorium is being built on what used to be 95 acres of slum property.

Granted the power of eminent domain by the Pennsylvania state legislature, the Public Auditorium Authority bought up the land and cleared it, thereby changing the face of the city's so-called Lower Hill District.

It's only little more than a year since the authority's five-man board let out eight prime construction contracts totaling $15,512,000 for building he arena.

(Professional fees and land costs will boost the figure above the 20-million-dollar mark.)

ALREADY BOOKED

But by last fall, 15 trade shows and conventions had already been tentatively booked for the structure—although construction is not expected to be completed until 1961.

In addition, the Civic Light Opera Assn., which has been duelling with the weather many years by staging its summer shows in Pitt Stadium, is a sure tenant.

And Edward Fraher, director of the Auditorium Authority, hopes to have franchises in the National Hockey League and the National Basketball Association in time for the 1962-63 season.

★ ★ ★

Seating capacity of the arena will vary with use. Listed capacities are: light opera, 7,113; circus, rodeo or horse show 9,280; boxing, wrestling or convention, 13,640; basketball 11,853, and hockey or ice show, 10,500.

The retractable roof will be 415 feet in diameter and weighs 1,350 tons—the largest sliding dome in the world. When open, six movable sections will be stacked over two stationary sections.

The authority decided to make the roof of stainless steel, although it will cost $242,000 more than the $647,863 quoted for a dome of ordinary mill aluminum.

$100,000 SURROUNDINGS

Surrounding the building will be $100,000 worth of landscaping and parking lots to accommodate 1,700 automobiles. The parking potential of the arena will be 4,300 cars.

The auditorium got its start with a one-million-dollar grant from a charitable trust set up by the late Edgar J. Kaufmann, Pittsburgh department store tycoon.

The city and Allegheny County chipped in with another three million dollars and are to come up with five million more.

★ ★ ★

A fund drive in 1956 raised $1,786,350, largely through donations by large corporations.

When existing funds are exhausted this year, the authority will borrow $14,450,000 from a group of banks headed by the Mellon National Bank and Trust Co.

The banks will be repaid through the issuance of bonds backed by the city and county.
