

FBI Raids Cosa Nostra Gathering

DICARLO

LaDUCA

BUFFALO, N. Y. (AP) — City, state and federal authorities walked into a restaurant on the city's West Side last night and arrested 36 men, including a dozen identified in government hearings as members of the Cosa Nostra crime syndicate.

Investigators called the gathering a "little Apalachin."

All were accused of consorting with known criminals and were freed on the order of city court judges, pending arraignment today.

About 250 men were dining on roast beef and chicken in a first-floor banquet hall when 15 Buffalo detectives, 6 FBI agents and 2 members of the state Bureau of Criminal Investigation entered through an unlocked door.

Fifty others at the gathering, including those best known to police, were in a downstairs dining hall and slipped into a nearby liquor storeroom, locking the door behind them, police said.

They were not discovered until early today.

Investigators said some of the more prominent figures included:

Roy Carls, 58, of Buffalo, who has been associated with various business ventures in the Buffalo area, police said.

Fredrico G. Randaccio, 59, of Buffalo, reputed "underboss" to Stefano Magaddino, of nearby Lewiston. Magaddino,

who has been identified at Senate crime hearings as a Cosa Nostra chieftain in western New York and the Ohio Valley, was not there.

REPRESENTATIVE

James V. LaDuca, 55, of Lewiston, Magaddino's son-in-law and, police said, his representative at the gathering.

Joseph DiCarlo, 66, of Buffalo, who police said recently returned here from the Youngstown, Ohio, area.

Ionia Parolee Held in Detroit Slaying

RALPH B. CRAWFORD

DETROIT (AP) — A 41-year-old convicted sex offender was charged with first degree murder last night in the strangling of one of two little boys who had disappeared for a day and a half from their homes.

Ralph B. Crawford, a truck driver who was paroled from Ionia State Hospital last December as a criminal sexual psychopath, stood mute when arraigned on the charge of murdering 8-year-old Edward A. Lane.

Recorder's Criminal Court Judge Robert J. Colombo entered a plea of innocent for Crawford and confined him to jail.

Bodies of the little Lane boy and his 7-year-old companion, Thomas McClendon, were found yesterday beneath a basement stairwell in a near-West Side apartment building across the street from

their homes. Thomas was the son of Thomas and Henrietta Wells. Edward was the son of Charles and Alberta Lane.

Police said Crawford was paroled last December from Ionia State Hospital where he had been confined 22 months as a criminal sexual psychopath. He was paroled into custody of his sister who lived in the apartment building.

REPORTED STRANGLING

The boys had been strangled "by hands, rope, towel or otherwise," said Dr. John F. Burton, Wayne County medical examiner. At least one of youths had been sexually mistreated.

Dr. A. A. Birzgalis, medical superintendent of the hospital, said the hospital staff recommended that Crawford be released and the State Health Department approved the recommendation.

AREA MOTORISTS CHECKED — The Michigan State Police's district vehicle inspection team arrived in the Pontiac area for the first time yesterday, checking 45 cars in a lane

set up on M59 near Airport Road in Waterford Township. The squad was scheduled to continue its inspection today at I-75 and Opdyke.

Most Vehicles Fail Waterford Safety Check

More than 70 per cent of the vehicles checked by the Michigan State Police's district inspection squad yesterday at M59 near Airport Road in Waterford Township failed to meet specifications.

Despite intermittent rain and a shorter workday, the troopers inspected 45 vehicles, putting them through their comprehensive 32-point check. Of these, 33 failed the test. Eighteen motorists were ticketed and 15 others received warnings.

Drivers whose cars pass the test are awarded safety stickers. Those issued warnings make the necessary corrections and go through the lane again.

Yesterday's inspection was the first appearance of the four-man squad in the Pontiac area. Their task is to check vehicles in a 5 1/2-county area of south-eastern Michigan.

Each check takes about seven to 10 minutes. Four or five cars are waved into the check lane at one time.

FREQUENT VIOLATION

Headlight beam aim is one of the most frequent violations, according to State Police. Also several motorists do not have a certified form from a company showing their vehicle is insured.

The "check lane" law went into effect March 10. Last month in the southeastern Michigan district, 1,451 vehicles were checked, according to State Police.

'New Trial Evidence' Halts Hoffa Hearing

CHATTANOOGA, Tenn. (AP) — A hearing on James R. Hoffa's fourth bid for a new jury tampering trial ended abruptly this morning after defense lawyers said they could not proceed because of newly discovered evidence.

U. S. Dist. Court Judge Frank W. Wilson took the new trial motion under advisement after offering the defense an opportunity to present evidence and receiving no response.

Manned Apollo Flight Early in '68

WASHINGTON (AP) — Space chief James E. Webb announced today the first manned flight of the Apollo spacecraft will take place early next year.

He told the Senate Space Committee that North American Aviation, Inc., will continue as chief contractor under a new contract.

Webb named the three-man crew for the initial flight. They include Navy Capt. Walter M. Schirra and Walter Cunningham and Maj. Donn F. Eisele of the Air Force. Cunningham is a civilian.

These were the back-up crew for the three astronauts who died in a fire on a launching pad at Cape Kennedy in January.

Webb said that a fireproofed new Apollo spacecraft had been designed, will be delivered to Cape Kennedy late this year and be launched three months later.

The hearing, which marked Hoffa's first appearance here since he was convicted in March 1964, lasted 45 minutes.

Hoffa's fourth new trial motion charged that the government resorted to wiretapping and eavesdropping during the trial three years ago. It was accompanied by more than 20 affidavits from persons who said they took part in the wiretapping or knew it was under way.

After the defense declined to present evidence this morning, Wilson said, "There is some question whether the affidavits have any 'legal significance.'" He said the court will have to do its homework, before making a decision.

SAT IMPASSIVELY

Hoffa sat impassively at the defense table throughout the hearing, looking intently at government and defense lawyers as they argued their motions. He did not consult with his lawyers.

Waterford Agrees to Sign Land-Fill Pact With City

The Waterford Township Board last night voted to enter into an agreement with Pontiac, which would enable township residents to use the city's sanitary land-fill site on West Kennet.

The City Commission previously passed a resolution to initiate a contract with the township.

Supervisor Elmer R. Johnson is hopeful township residents will be able to start using the dump sometime this week.

Johnson signed the agreement today.

Related Story, Page B-7

The contract still requires the signature of city officials.

All dumping expenses would be paid by the township, the board agreed. Johnson estimated it would cost the township about \$3,000 to \$4,000 a year.

Last year, by comparison, the township budgeted \$3,000 for bulldozing and fill costs at the now defunct Cooley Lake Road dump.

Rates at the Kennet facility are 50 cents a car, \$1.50 for trailers and pickup trucks and \$1 a cubic yard for large loads. But the township will pick up the tab.

To use the dump, residents must obtain a ticket at the Township Hall for each load.

Supervisors' Unit Urges 3-Member Airport Group

By JOE MULLEN

Operation of the two county-owned airports by a three-member local authority was recommended yesterday by the aviation committee of the Oakland County Board of Supervisors.

The proposal to create an airport authority will be presented to the board of supervisors May 25.

In recommending the local airport authority, the aviation committee bypassed the alternatives of designating the County Road Commission to run the airports, entering into a regional authority with other counties or making the temporary board of auditors' airport jurisdiction permanent.

Aviation committee members have been studying the airport authority issue since the county acquired the former Pontiac Municipal Airport Jan. 1.

The road commission met with the

aviation committee March 24 and presented a detailed report on the commission's ability, willingness and know-how to operate the airports.

WILL MEET TODAY

Contacted today, Frazer W. Staman, chairman of the road commission, said road commissioners would meet today to discuss the aviation committee recommendation.

He pointed out the road commission still is interested in operating the airports but that any move to contest the aviation committee recommendation would have to come from the roads committee of the board of supervisors.

If the supervisors accept the recommendation to create the authority, they are expected also to name its members May 25.

The former Pontiac Municipal Airport now is named Oakland-Pontiac Airport and the county-owned airport in Orion Township is called Oakland-Orion Airport. It formerly was Allen Airport.

Eclipse Viewing in Area Clouded

There was little chance that Pontiac area residents were able to view the eclipse of the sun this morning because of overcast skies.

But, according to Dr. Helen Prince, associate director of McMath-Hulbert Observatory, Lake Angelus, there were moments when the sun could be seen and pictures of the eclipse were taken from the observatory.

Skies will continue overcast tonight with no major temperature change, the low 34 to 40.

Partly cloudy and a little warmer is tomorrow's forecast, and warmer with chance of showers is the outlook for Thursday.

Today's north to northwesterly winds at 12 to 20 miles per hour will become light and variable tonight.

The low in downtown Pontiac prior to 8 a.m. was 38. The 1 p.m. reading was 49.

Viet Death Count Listed by States

WASHINGTON (AP)—Under a newly computerized operation the Pentagon provided for the first time today a numerical breakdown of Vietnam casualties by states. California has lost the most men.

New York, Pennsylvania, Texas and Ohio follow in that order.

All of the other 45 states, plus the District of Columbia, have given up sons.

Men also are listed from Guam, West Germany, Mexico, the Philippines, Puerto Rico, Virgin Islands, Canada and Peru.

A computer was fed key information on 7,823 servicemen who died by enemy hands between Jan. 1, 1961, and last March 1.

Of these, 683 listed their home of record as California. New York had 529, Pennsylvania 463 and Texas 442.

311 FROM MICHIGAN

Nine other states suffered 200 or more Vietnam combat fatalities: Illinois, 378; Michigan, 311; Florida, 287; New Jersey and North Carolina, 228 each; Indiana, 217; Tennessee, 211; Massachusetts, 204, and Georgia, 200.

50,000th Firebird Produced

Special to The Press

LORDSTOWN, Ohio — Only 2 1/2 months after its public introduction, the 50,000th Pontiac Firebird — a shiny red hardtop coupe — rolled off the assembly line today.

John Z. DeLoe, a General Motors vice president and Pontiac general manager, as well as other divisional executives were on hand as the milestone unit was produced in the sprawling new GM plant in Lordstown.

Shortly after driving the car off the line, DeLoe, praised the Lordstown employees for their "skill, know-how and loyalty."

DeLoe told newsmen the Firebird

had already proven itself as a serious contender in the sports car sales derby.

"By selling nearly 13,000 Firebirds last month we took over third place in domestic sports car sales," DeLoe said. "We're quite proud of this achievement."

'SALES HOLDING UP'

He added that Firebird sales are holding up exceptionally well, especially on the West Coast where 28 per cent of all Pontiacs sold are Firebirds.

"By the end of the year we anticipate selling 100,000 Firebirds," DeLoe predicted. "The car has really caught on."

MAKING OVER PACS MIG Base Inoperable' After 5th Raid

SAIGON (AP) — Five U.S. air attacks in two weeks have put the Ho Lac MIG air base 20 miles west of Hanoi out of action, the U.S. Command announced today.

A spokesman said there was no evidence of MIG activity on the field when nine flights of U.S. Air Force F105 Thunderchiefs from Thailand plastered the field Monday for the fifth time since April 24.

U.S. planes flew 121 missions over North Vietnam Monday, and one Thunderchief was shot down, the spokesman said. The pilot was listed as missing in action. There was no indication whether the plane was lost during the raid on the Ho Lac field.

The Thunderchief was the 535th U.S. combat plane reported lost to hostile action over North Vietnam.

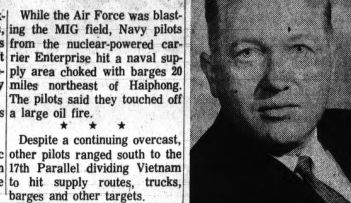

While the air war in the North increased in fury, U.S. B52 bombers blasted Communist surface runway were pocking marked by 1,000-pound bombs, the center of the runway was blasted and the antiaircraft sites and sandbagged MIG runways heavily raked by shattering cluster bombs.

There are four big MIG bases in the Hanoi-Haiphong area.

In addition to the Ho Lac base, the base at Kep has been hit twice, but the other two have not been attacked.

While the Air Force was blasting the MIG field, Navy pilots from the nuclear-powered carrier Enterprise hit a naval supply area choked with barges 20 miles northeast of Haiphong. The pilots said they touched off a large oil fire.

Despite a continuing overcast, other pilots ranging south to the 17th Parallel dividing Vietnam to hit supply routes, trucks, barges and other targets.

Pontiac Press Photo
CLASS LEADER — Pontiac Chief of Police William K. Hanger has been elected president of his class at the Federal Bureau of Investigation Police Academy near Washington, D.C., according to Capt. Harry Nye, acting city police chief. Hanger will deliver the main address at graduation exercises early next month.

Birmingham Area News

Elevator Intercom OK'd for New Parking Garage

BIRMINGHAM — The installation of an intercom system in the elevators of the city's new parking garage was approved last night by the city commission.

The communications unit will allow persons trapped in either of the two elevators in the structure to call for aid.

Two other alarm systems have proved inadequate, according to City Engineer William T. Killen.

The original elevator installation included an alarm bell which sounded when a button was pushed in the elevator, but could not be heard outside the structure, he said.

To correct this, the city installed horns on the outside of the building in February, said Killen, but even then there were times when the garage attendant was unable to hear them.

Counties' Road Units Bill OK'd

LANSING (AP) — A bill to change county road commissions to "boards of county road and transportation commissioners" and give the boards authority to accept funds and develop long-range highway plans was passed by a slim margin in the Michigan House yesterday.

The measure was described by opponents as a power grab by county commissions.

It also would authorize them to coordinate their plans with planning commissions dealing with other forms of transportation.

Opponents said it was a scheme by the Wayne County Road Commission to share in the power expected to be granted to a southeastern Michigan metropolitan transit authority.

CONTRACT AWARDED

A contract for the work was awarded to Mike Harabedian, Inc. of Troy, the lowest of five bidders on the project.

All the bids exceeded the engineering department's estimate, but since progress will be relatively slow because of the location, the department said that Harabedian's bid was reasonable and acceptable.

Red-Carpet Welcome for Red Firebird

(Continued From Page One)

He said 81 per cent of the Firebirds sold were eight-cylinder models. The overhead cam six-cylinder models made up the other 19 per cent. Convertibles, he added, accounted for one of every six Firebirds sold.

The median age of the Firebird buyer, DeLorean noted, was a young 32. By comparison, the median age of all Pontiac buyers is 39.3 years.

'YOUTHFUL' CAR

He labeled the Firebird a "youthful" car, one that "looks and acts like a car of tomorrow."

And speaking of youth, DeLorean asserted that half of the population in this country today is under 24.

"From 1950 to 1960, a period of 30 years, there was absolutely no growth in the 20- to 24-year-old age group, a very carcassous group," DeLorean said.

"In striking contrast to this lack of past growth, in the 10 years 1960 to 1970 this age group will increase by almost 60 per cent — from 10.8 million to over 17 million."

And these are not just projections, he pointed out, since all of these people have already been born and it's just a matter of calculating their age at some future date.

Debate Indefinite

The chamber, which defeated its income tax bill last Thursday and revived it Friday, agreed yesterday to delay it until tomorrow. But it was not definite another debate on the explosive issue would start then.

The cosmetics measure, sponsored by Rep. Phil Pittenger, R-Lansing, to increase fees and educational requirements for state-licensed cosmetologists was passed by the House.

They would be required to complete nine, instead of eight, years of school and 1,500, instead of 1,200, hours of training in cosmetology.

The House reconsidered the Friday vote by which it passed a school reorganization bill, then returned the measure to committee — where it is likely to remain for this year.

The bill would have required reorganizing the state into between 30 and 35 intermediate school districts of no more than 100,000 school-age children each.

Rail Cars Derailed

CHARLEVOIX (AP) — Four cars of a Chesapeake & Ohio freight train derailed Monday when ties broke and a rail split, officials said. No one was hurt. No damage estimate was available. The derailment came just west of Charlevoix.

Damage to the building was set at \$5,000 — the rest to contents, including television sets and stereos.

SMOKE DAMAGE

Metz said adjoining businesses probably suffered smoke damage.

Store Fire Laid to Arson

Pontiac fire authorities have attributed a \$20,000 blaze at a toy television dealership early today to the work of an arsonist.

Two engines and an aerial truck under the direction of Capt. Jack McKenna responded to an alarm at Rip's TV, 522 S. Saginaw, about 4:45 a.m. and were at the scene more than two hours.

Fire Marshal Charles Metz said the fire seemed to be the work of a burglar who apparently set the blaze with matches and paper in three different locations in the building.

"It's still impossible to determine whether some missing merchandise was stolen or consumed in the fire," Metz said.

Damage to the building was set at \$5,000 — the rest to contents, including television sets and stereos.

SMOKE DAMAGE

Metz said adjoining businesses probably suffered smoke damage.

New Board Chief, President at MJ&A

The board of directors of MacManus, John and Adams, Inc., international advertising agency, today elected Ernest A. Jones chairman of the board and chief executive officer.

Jones of 900 Cranbrook, Woodfield Hills, has been president of the agency headquartered in Bloomfield Hills for the past 12 years.

Charles F. Adams, former executive vice president was named president and chief operating officer to succeed Jones.

BRITTON D. E. JONES

The board also announced the appointment of three executive vice presidents. The new appointees formerly senior vice presidents, are Robert E. Britton in the Jones in the New York division, and James A. Walker in the Twin Cities (Minneapolis - St. Paul) division.

Jones, 51, is the third man in the 33-year history of the WALKER agency to become chairman of the board.

COMPANY'S GROWTH

He described the structural amplification as "a logical and necessary consequence of our considerable growth and diversification during the past decade."

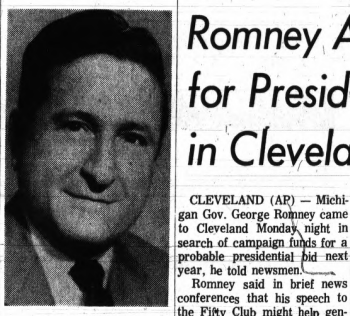

"We are currently operating at a rate of \$100 million — have 97 accounts and 800 employees. We have broadened our executive structure to meet the increasing demands of our own and our clients' business."

Jones said he intends to concentrate his efforts on policy, client relations and business development. Adams, he said, would be responsible for day-to-day operations.

Adams, of 6139 Dakota Circle, Bloomfield Township, has been

Grant to Ionia

WASHINGTON (AP) — The Interior Department said Monday it would grant \$154,889 to Ionia to help finance construction of a 944-acre recreation area to be flooded for a lake.

CARL SPAD

Romney Adds NY Republican

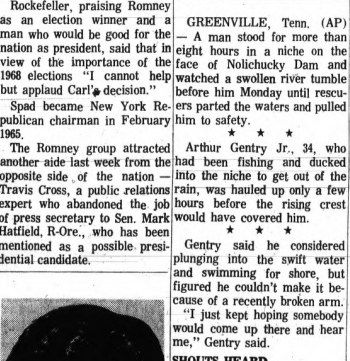

DETROIT (AP) — Gov. George Romney's growing political organization, gearing for a run on the 1968 Republican presidential nomination, pulled New York's state GOP chairman into its ranks Monday.

Carl Spad, 50, departed the \$30,000-a-year New York post and joined Romney "with the understanding and approval" of New York Gov. Nelson Rockefeller.

Rockefeller, praising Romney as an election winner and a man who would be good for the nation as president, said that in view of the importance of the 1968 elections "I cannot help but applaud Carl's decision."

Spad became New York Republican chairman in February 1965.

The Romney group attracted another aide last week from the opposite side of the nation — Travis Cross, a public relations expert who abandoned the job of press secretary to Sen. Mark Hatfield, R-Ore., who has been mentioned as a possible presidential candidate.

ERNEST A. JONES

SINGER DIES — Laverne Andrews, 51, eldest of the singing Andrews Sisters, succumbed to cancer after an eight-month illness. Her sisters, Maxene and Patti, learned of the death while fulfilling a nightclub engagement at Lake Tahoe. Laverne died at her Los Angeles home.

The companion, Willard Davis of Hampton, Tenn., ducked under nearby trees and turned in the alarm when he returned to see the dam overflowing in front of Gentry.

Rescuers said the Nolichucky River, rising because of heavy rains in the surrounding mountains, would have covered Gentry in six hours.

4-Vehicle Crash in Waterford

Four men were hospitalized early today following a four-vehicle crash on Dixie Highway near Hatfield in Waterford Township.

A car caught fire in the collision, but the blaze was extinguished by township firemen. Also involved in the accident were two pickup trucks and another car, township police said.

The victims were pushed to three different hospitals.

Listed in fair condition at Pontiac General Hospital are Robert E. Sutton, 21, of Midland, and George D. Cupp, 41, of Mount Pleasant. Sutton was the driver of the inflamed car.

Robert L. Kellogg, 34, of 6320 Elmwood, Waterford Township, is listed in satisfactory condition in Pontiac General Hospital. He was the driver of the other car.

PASSENGER

No condition was available immediately on Keith W. Durnen, 23, of 5286 Tubbs, Waterford Township, a passenger in a truck driven by Floyd E. Beauchamp, 38, of 2659 Marlington, Waterford Township. Durnen underwent surgery this morning in Pontiac Osteopathic Hospital.

Beauchamp was treated at St. Joseph Mercy Hospital and released.

Treated at Pontiac Hospital and released were truck driver Walter A. Tinsler III, 25, of 6351 Snowapple, Independence Township, and his passenger, Walter A. Tinsler II, 61 of 1828 Hayes, Brandon Township.

Man Saved as Rescuers Part Waters

GREENVILLE, Tenn. (AP) — A man stood for more than eight hours in a niche on the face of Nolichucky Dam and watched a swollen river tumble before him Monday until rescuers parted the waters and pulled him to safety.

Arthur Gentry Jr., 34, who had been fishing and ducked into the niche to get out of the rain, was hauled up only a few hours before the rising crest would have covered him.

Gentry said he considered plunging into the swift water and swimming for shore, but figured he couldn't make it because of a recently broken arm.

"I just kept hoping somebody would come up there and hear me," Gentry said.

SHOUTS HEARD

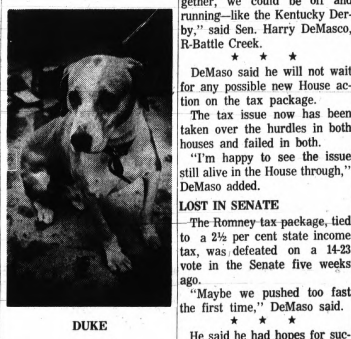

His shouts could be heard by rescuers atop the Tennessee Valley Authority dam as they built a wall of sandbags 100 feet long to divert the overflow from his perch in an old sluice hole.

With the waters parted, Gentry walked onto a ledge, and Red Spack, a member of the Erwin, Tenn., rescue squad, was lowered on a rope to haul Gentry out.

Gentry had taken refuge in the nook when a sudden rain-shower caught him and a fishing companion.

The companion, Willard Davis of Hampton, Tenn., ducked under nearby trees and turned in the alarm when he returned to see the dam overflowing in front of Gentry.

Rescuers said the Nolichucky River, rising because of heavy rains in the surrounding mountains, would have covered Gentry in six hours.

DUKE

Owner of Dog Mulls Its Fate

The owner of a dog that severely bit a 3-year-old Orion Township boy on the face said today he was undecided if he would claim the animal following its 10-day quarantine in the Oakland Animal Shelter.

"We're not sure what we're going to do now," said Charles Zella, 800 Hinford, Orion Township.

"Duke isn't vicious, but with all the children around here it might be best not to take a chance," said Zella.

The 10-year-old hound was put in quarantine yesterday following an attack on John Nibel Saturday afternoon.

The youngster is "getting along fine," and was to have surface stitches removed from his face today, according to his father, William Nibel of 900 Clarkston.

PLAYING BALL

The boy was bitten while playing ball in a vacant lot next door to the home of his grandparents, Mr. and Mrs. Edward Ford of 839 Hinford, Orion Township.

Mrs. Ford, who was in the back yard of her home, rushed her grandson to his parents, who then took him to a doctor in Rochester and then to Beaumont Hospital in Royal Oak for plastic surgery.

The dog had received its vaccination for rabies less than a year ago, but did not have a 1967 license, according to authorities at the Animal Shelter.

Jaycees Pick New Leader in Waterford

Charles C. Wood was elected president of the Waterford Township Jaycees last night for 1967-68.

Currently the group's external vice president, Wood, 30, of 4193 Baybrook, Waterford Township, will take office as president July 1.

A graduate of Ferris State College, Wood is employed as a salesman for Eli Lilly and Co.

He will succeed Michael J. Patterson.

Six other officers also were elected to one-year terms at last night's annual election meeting at the Community Activities, Inc. building.

OTHER OFFICERS

They were Cecil Stricklin, internal vice president; James Rochester, external vice president; David Zuehlke, ways and means vice president; Norman Wood, secretary; John Gray, treasurer; and James McIntosh, corresponding secretary.

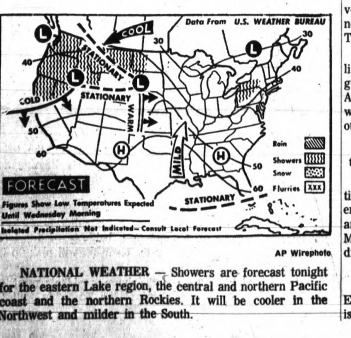

Also elected to the 14-man board of directors were Richard Womack, Jeffrey Cornish, Charles Steinhilber and Darwin Johnson.

Grant to WSU

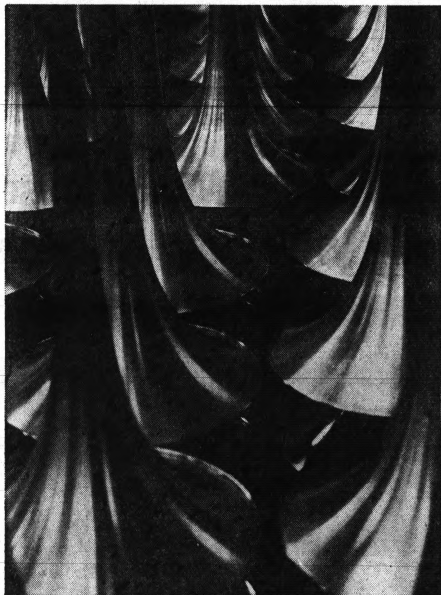

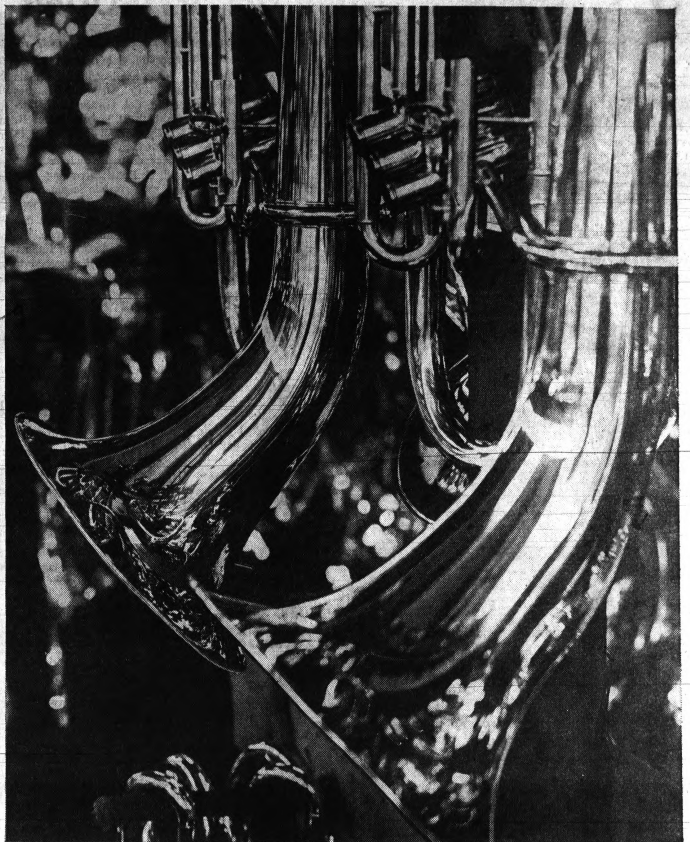

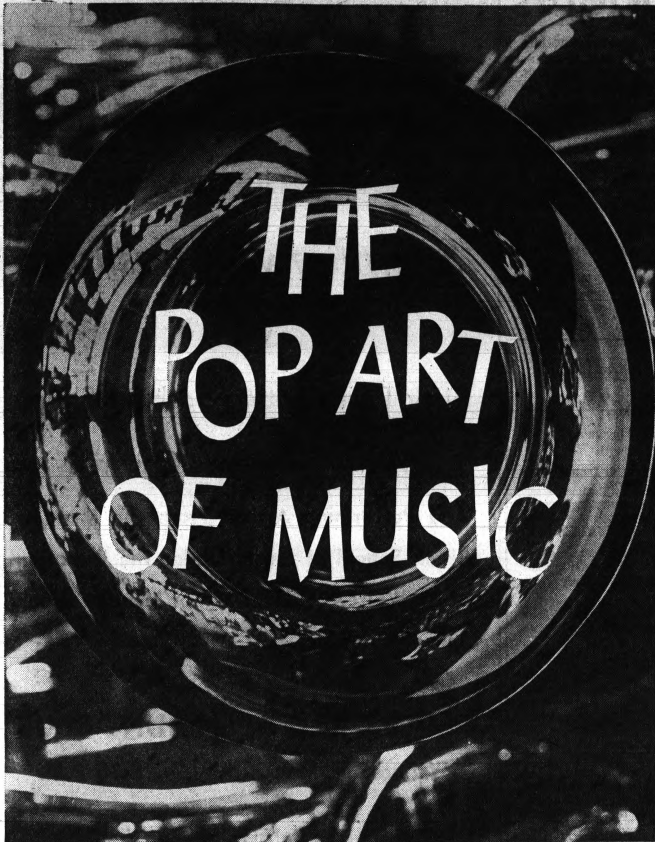

WASHINGTON (AP) — Wayne State University has been awarded \$7,049,945 grant from the U.S. Public Health Service to build a nine-story basic science building for the school of medicine, Sen. Philip Hart, D-Mich., said Monday.

MAKE OVER PAGES

French horn bells in a festive mood.

What does an imaginative photographer do with time on his hands in a factory that makes band instruments?

He could lie down and wait until the feeling of frustration passes—or load his camera with film and have some fun. That's what this photo page is all about—the fun of capturing the gleaming symmetry of band instrument parts.

Simulating the tones and values of music these instrument parts will someday impart, the camera caught the tones and values of the orderly row upon row of French horns, the stillness of saxophone sections, the blare of bugles and the majesty of music still in the making.

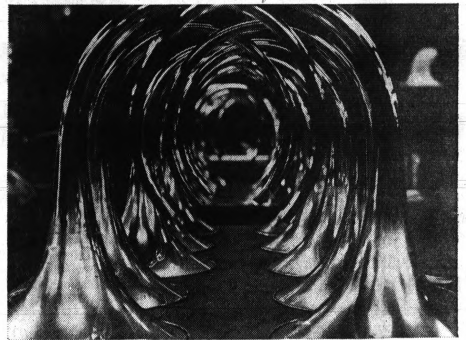

Did the cameraman have fun? Judge for yourself. While you are at it, take the simple test below and see how well you do naming the instruments turned out for thousands of amateur and professional musicians from the busy Conn Band Instrument plant in Elkhart, Ind.

ANSWERS TO PHOTO QUIZ BELOW

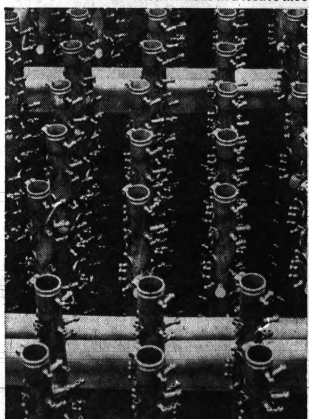

- | | | |
|--------------------------|------------------------|--------------------|
| 1. Tuba | 10. Baritone Saxophone | 19. Trombone |
| 2. Alto Saxophone | 11. Cornet | 12. Trumpet |
| 3. Tenor Saxophone | 13. Bassoon | 14. Herald Trumpet |
| 4. Fiberglass Sousaphone | 15. Bass Clarinet | 16. Alto Clarinet |
| 5. Oboe | 17. Bass Saxophone | 18. Baritone Horn |
| 6. Clarinet | | |

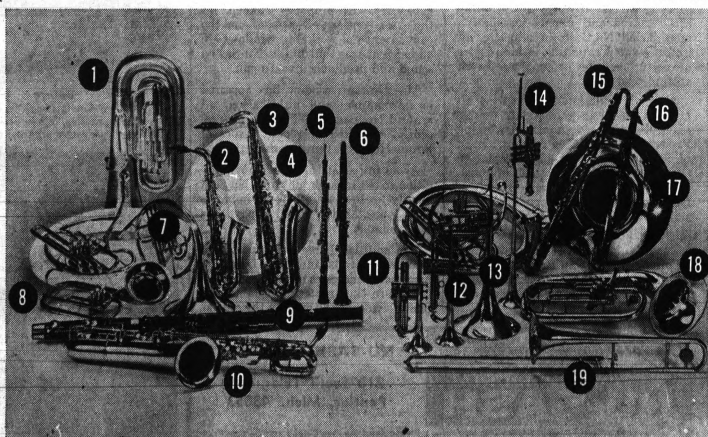

Would you believe this tangle of spatulas and stems of French horns will someday be making music?

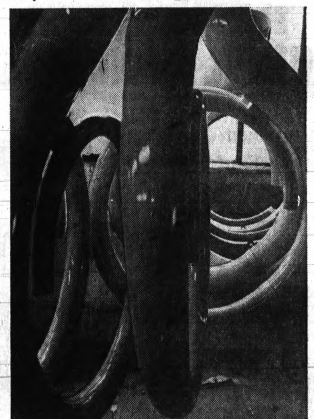

A musical archway of French horn bells and stems.

These grotesque pipes will soon be graceful saxophones.

How many of these band instruments can you name? (See listing shown above for identification.)

Sousa would never have recognized these fiberglass sousaphone bodies.

Singer-actress Ann-Margret, who broke into tears during her wedding Monday in Las Vegas to television actor Roger Smith, beams as she helps her new husband cut their wedding cake. The 26-year-old actress, who was born in Stockholm, met Smith in 1965 while she was on a movie location in San Francisco. She starred in "Bye-Bye, Birdie," and he starred in the TV series "77 Sunset Strip."

Sorority Group Hosts Seniors

The Rochester City Panhellenic will sponsor their cove party Wednesday for all Rochester college bound senior high school girls.

Mrs. Richard G. Brooks of Blue Beech Court, Avon Township, will be hostess for the annual event.

The evening will be an exchange of information about college rushing and sorority life on various campuses.

Mrs. Norman Daniel and Mrs. Samuel Warwick will be co-chairmen.

Saturday Rite Weds Pair From Area

Corina Mary Garcia became the bride of Peter T. Wells in a 10-00 a.m. ceremony Saturday in St. Vincent de Paul Church.

The new Mrs. Wells chose a gown of white summer satin with scooped neckline. Her bouffant veil of net was gathered in a petal arrangement, and draped over the shoulders of her Chantilly lace and organy cord train.

She carried a nosegay of white carnations.

Barbara Compeau was matron of honor with attendants Linda Irwin and Ruth Gonzales. Junior bridesmaids were Anita Garcia, Janet Wells and Carmen Limon.

Jerry Asher served as best man. Ushers were Eddie Welch, Dale Cheat, David La-sono, Domingo Gonzales and Danny Chapa.

Parents of the couple are Mr. and Mrs. Jose Garcia of E. Columbia Street and the Robert V. Wells of Strathdon Way.

A reception in the Italian-American Club followed the ceremony.

The couple will reside on Monroe Street.

Vinyl Plastic Knitted Fabric

Vinyl plastic makes its next appearance as a knitted fabric for clothing and upholstery. Such yardage is already being used experimentally for items ranging from women's suits to golf bag covers.

Because knitted vinyl has breathability not found in previous vinyl "fabrics," manufacturers foresee wide use for this one which is eminently washable with soap or detergent suds.

IT JUST DIDN'T EXIST

Four chances out of 15, the prescription you bring in today calls for a drug that didn't exist a mere five years ago. No matter what you were willing to pay then, you couldn't have bought that drug — and its power to restore health. Yet today, it's right on our shelves ready for your doctor to prescribe — at less than the cost of a good dinner. That's why we say

TODAY'S PRESCRIPTION IS THE BIGGEST BARGAIN IN HISTORY.

Utica High Slates Play

By SUSAN OWEN

Rehearsals are coming to an end for the presentation of Utica High School's vaudeville show, "I Saw You at the Mill," Friday and Saturday.

The play, written by Sebastian Melmouth, was cast in early April. The leads are: Diane Fisher, Lackadaisy; Leslie Drenth, Mrs. Farquhar; Randall Posorek, Retchy Wagers; and Leonard Scensy, Halliburton. All are seniors.

The play is being directed by Colleen McNeight, senior, and Gregory Zygiel, junior.

Between the acts, vaudeville performers will display such talents as acrobatics, singing, dancing and stand-up comedy routines. The director of these acts is Cheryl Sellers, senior.

The Student Council has chosen a dress code committee. The new code will be more concerned with how students wear their clothes than with what they wear.

TIGHT FITTING

Leather jackets, miniskirts and extremely tight-fitting clothes will be outlawed in the classroom.

Initiation into the National Honor Society was held last Monday, May 1, in the UHS auditorium.

Each of the new members are required to write a song about themselves and present it to the Society. The new members must also participate in a formal ceremony.

NHS is for students having at least a 3.0 scholastic average and possessing qualities of service and leadership, not only in school but in their community.

Leonard F. Scensy was awarded a National Merit Scholarship by Eaton Yale & Towne Inc. He hopes to major in political science at Oakland University.

Rochester Band Wins \$200 Prize

BY KARIN HEADLEE

"We have no particular speciality, but we aim to please," said Larry McLean, vocalist of the "Whereabouts."

They did just that at Rochester High School's recent Combo Clash where they received a visor, prize of \$200.

The band also includes Marti Blair, Roger Denton, Earl Gaudet, and Dale Miller.

The boys play the organ, drums, guitar and a number of other instruments.

John E. Timmon was awarded a National Merit Scholarship by Jones & Laughlin Steel Corporation. He plans to attend the University of Michigan.

His choice of study has not yet been determined.

P. A. Arcure, Nancy Johnson and Marilyn Nix will represent Rochester High School in the 1967 session of the American Radio Auxiliary's Girls' State.

Primary purpose of this organization is to promote leadership and teach participants to become better citizens.

Allen Chamberlin, Jim Felton, Henry Kern, Dave Marr, Bill Maurer, Larry McLean, and Mike Phillips were selected to attend Boys' State from RHS.

Falcon editors for the 1967-68 yearbook were chosen recently. Chris Sawyer will be editor with Carla Smith and Margaret Fredal as assistants.

Other staff editors are Marilyn Nix, business manager; Claudia Parcells, photography editor; Kathy Bryan, assistant photography editor; Steve Cypher and Lee Short, photographers; Sandy Cieslik, literary editor; Judy Hilgendorf, assistant literary editor; Nancy Johnson, sports editor and Penny Hames, activities editor.

Operation-Thank You will be held tomorrow at 7 p.m. at the Elks Lodge.

The banquet will be given in honor of John Kinzie Jr. who lost an eye when he was allegedly assaulted by persons in a car who picked him up at a hitch-hiker.

Two youths who helped detectives in the case will also be honored.

Kettering High Sets Senior Trip

By JUDY FRANCIS

Waterford Kettering High School seniors will depart for "the big city," New York, tomorrow morning.

Seniors will take in Fifth Avenue, Central Park, Grant's Tomb and a tour of the Cathedral of St. John the Divine Wednesday afternoon. In the evening, they will see a movie premiere and stage show at Radio City Music Hall.

Thursday will find the students at Rockefeller Center, the evening to be spent at a Broadway stage play.

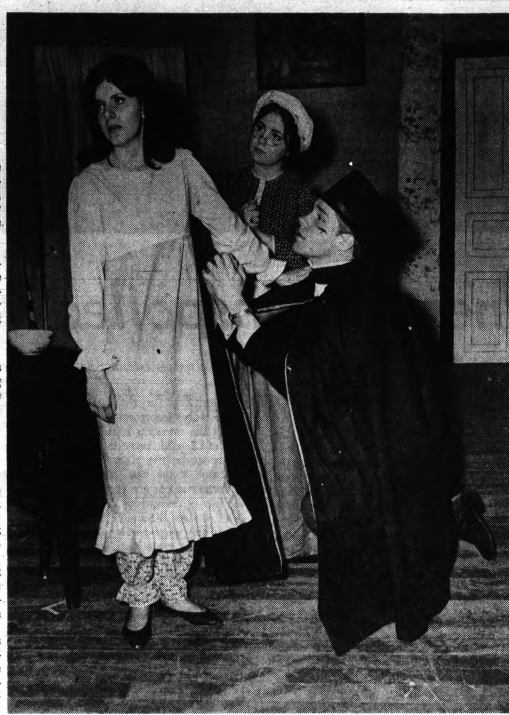

The United Nations Building and a tour of NBC studios, where seniors will watch a rehearsal and live production, are Friday afternoon's highlights. Topping off the day will be a look at New York by night from the top of the Empire State Building.

Dave Cox, valedictorian, and Patty Atkins, salutatorian, have been announced as the top ranking students at Kettering.

Dave has maintained a 4.0 average with his majors mathematics, English and science.

Patty kept up a close 3.93 average in her majors of French, science, math and English.

The remaining eight "top ten" students fall in this order: Dawn Mercer and Kent Aeschliman with Edward Rafalko and Peggy Wallis in a tie for fifth in the class. Mary Wherritt, David Molianen, Sue Group and Peter Teeuwissen complete the list.

LACKS A DAISY — Randall Posorek as Retchy Wagers (right) begs for the love of Diane Fisher, Lackadaisy, as Leslie Drenth, Mrs. Farquhar, watches — from behind.

They're rehearsing for Utica High School's vaudeville show, "I Saw You at the Mill," to be presented Friday and Saturday nights.

SCHOOL NEWS ROUNDUP

Sacred Heart

By MARY ELLEN QUINN

Last week, Sacred Heart students celebrated the feast of the superior, Reverend Mother P. Donovan.

Wednesday morning, several girls made a special presentation of modern poetry, essays and songs on the theme of awareness.

The program was planned and directed by Christine Balousek, Jane Johnston, Mary Helen Lorens, Olga Manikoff, Margo Morris and Anni Slavsky.

Clarkston

By KATHY MATLOCK

On April 30, new officers for the 1967-68 school year were chosen by the Clarkston student body.

New officers are Bob Nicolson, president; Mark Cowen, vice president; Leslie Bell, secretary; and Sue Vascassino, treasurer.

Today, the Student Government sponsored an all-school assembly, entitled "Kobelle." It was a magician act.

Cranbrook

By MIKE KINSLEY

In the past, the system for selecting prefects, ten top Cranbrook seniors who help to establish school policy, has always

been somewhat ambiguous. Now, in what may look to some like a power play, but to others signifies a new era of cooperation, the Inter-House Council has proposed a system for stabilizing prefer elections and, hopefully, ending up with better quality prefects.

As of this date, the prefects have not come up with any suggestions for improving the Inter-House Council, but in these new days of brotherhood between the two powers, they may be forthcoming.

MERIT SCHOLARSHIPS

Chosen National Merit Scholars were Roger H. Cummings and Charles Landau.

Roger plans to attend Amherst College where he will major in economics. Charles has applied to the Massachusetts Institute of Technology. Mathematics is his field of study.

Marian

By PATRICIA POLMEAR

School leaders presented the Marian High School Constitution to the student body and faculty yesterday.

A committee began work last year and submitted the first draft to the Commission early this fall. Since then, the Marian Commission has revised and finally ratified both the Constitution and its bylaws.

Patricia Glynn, Commission president, then introduced the guest speaker, Sister M. Aquin, Marian's former principal of six years who was responsible for the idea, thought and organization behind Marian's structure.

A record 1,170 copies of the 1967 yearbook are expected to be delivered about May 20.

Mary Jane Ivory and Anne O'Brien are this year's editor and coeditor.

Newly elected officers of the National Honor Society are Carolyn Carino, president; Mary Ellen Satullo, vice president; Christine Carron, secretary; and Susan Convery, treasurer.

Girls' Athletic Association awards banquet will be held this year in place of the May 23 meeting. The first of its kind, it will consist of speakers and presentation of awards earned throughout the year in all GAA activities.

Saturday is set for the semi-annual bicycle trip. The destination is as yet undetermined, but last year's trip to Hammond Lake sounded inviting.

Brother Rice

National Merit Scholar from Brother Rice is James E. Burdett.

Jim plans to attend the University of Michigan where he will be a prelaw and economics major.

Play Is Slated at Kingswood

By CATHY SHINNICK

The flats are nailed-down, the wallpaper and marble effect has been achieved, costumes are rented, the throne is in place.

Kingswood and Cranbrook's Junior Erg play, "Anastasia," is ready for presentation.

When the curtain goes up Friday and Saturday nights at 8:30 in Kingswood's auditorium, a cluttered room in Germany in the 1920s will become the setting for three conspirators and a starved girl who hope to make Princess Anastasia Nicholasovna, daughter of the last Tsar of Russia.

The task is to convince Empress Maria Feodorovna that her granddaughter has returned from Ekaterinburg where the doomed Romanovs fell at the feet of a Bolshevik firing squad, and is heir to the imperial wealth placed in banks by her father, Tsar Nicholas II.

Who is the deluded one? That is the question posed by playwright Marcelle Maurette.

DELUDED ONE

Is it Prince Bouvine, who insists that his protegee is merely a most convincing actress, or is it Anastasia?

The play is a challenge for Mary Ellen Hill, Kingswood drama coach, and for the actors and actresses taking part in the production.

The set design is the work of Bill Katzman; Walter Share is stage manager; Penny Mitchell, assisting Mary Ellen Hill with the directing.

Appearing in the Spring Easterian are Cathy Shinnick, Anastasia; Lesley Penny, the Empress; Scott Heath, Prince Bouvine; Richard Bosely, Chernev; Bruce Bartlett, Petrov; Eric Anderson, Prince Paul; John Rikilla, Dr. Serensky; Robert Lochow, Sergei; Candy Angel, Varya; Dede Knox, Livvenbaum; Wendy Feuer, charwoman.

Boy's, Girl's State

Seaholm Candidates Named

By HOLLY ALFIS

Birmingham Seaholm's final candidates for Boys' and Girls' State have been chosen by various Birmingham civic clubs. The first choices from each preliminary list are always sponsored by Student Congress.

Alice Sterling and Don Douglas will represent Congress this summer from June 14-21.

The Kiwanis Club of Birmingham is backing two Seaholm students this year. They chose Nancy Hutcherson and Dick Trickey.

Nancy is a cheerleader and participates in GAA as well as Teen Center activities. Dick is a member of Varsity Club, having lettered in football and track.

The Birmingham Business Woman's Club selected Sue Dickenson who is a member of GAA and worked on the Field Day committee.

Torrence Oil Co. chose Roger Hollis. Roger has been a Field Day chairman in addition to National Honor Society, Madrigals, track and Boy Scouts.

Lions Club picked Todd Menig and Joseph Collins. Todd, an Eagle Scout, has worked with Cicerone Club and the tennis and swimming teams. Joe has been in Ski Club and football. He Twelve is sponsoring John Melcher.

Birmingham Junior Cham-

ber of Commerce decided upon Jim Weirich and Jim Boyce. The first Jim has been treasurer of Student Council, is a top math student, rating in the top percentages of the state and is a varsity debater. The latter Jim is an honor student, member of BUNA, and on the track team, as well as Junior Achievement.

Exchange Club has chosen the last two candidates: Mike Hermon and John Swanson. Mike is the president of the Junior Class and a member of the var-

sity football and wrestling teams. Phil has participated in track, football and wrestling, as well as Student Congress and BUNA.

Chosen National Merit Scholars from Seaholm were Phoebe A. Hunter, Carol A. McKendry, Jeffrey R. Shy, Mary H. Steere and Susan J. Smith.

Susan and Carol plan to attend the University of Michigan, Phoebe and Mary, Michigan State University; and Jeffrey, College of William and Mary.

64 PCH Seniors Make National Honor Society

By CHRIS BLAKENEY

Sixty-four Pontiac Central seniors have been selected as members of the National Honor Society.

Members are chosen on the basis of scholarship (top 15 percent of your class), achievement, service and attendance.

A list of the names of the students who qualify scholastically is circulated to teachers, who judge a student's qualifications on the basis of behavior and attitude.

If a student survives this test, his application (which describes activities and service) is discussed by an executive board composed of the department heads.

These students have been accepted: Jeannie Armbruster, Barbara Autry, Elaine Bacow, Edward Barker, Alvin Bessent, Christine Blakeney, Bonnie Brown, Marsha Brown, Lynne Chandler, Delores Cucci, Val Grant, Sharon Hagg, John Khami, Anne Killeen, Mike Martin, Doug Morawski, Tom Moher, Terry Simmons, Mike Stevens, Marty Stover, Bob Williamson and Greg Succop. Lynn Chamberlin is the adviser.

North Farmington High School Theater Club members will attend the last performance at Meadow Brook Theatre tonight at 8. The featured play is the "Three Sisters."

The student body regrets the loss of its principal, Harold H. Humble. He has accepted an administrative position with a school in India.

John M. Purdy was awarded a National Merit Scholarship by the Federal-Mogul Corporation.

Joy Herzog, Prentice Hill, Robert Gordon and Pamela Hirling were included.

More are Peter Miller, Joyce Montgomery, Sandra Norton, Judith Nosanchuk, Margaret O'Neill, Jacquelyn Page, Thomas Pinho, Richard Pinkham, Gaynell Rice, Donald Robnett, Brian Rosenthal and Ronald Seay.

Gary Seiser, Molly Sellman,

Veta Smith, Raymond Stahl, Brian Strohm, Susan Todd, Michael VanGuilder, Mario Vasquez, Deborah Waider, Rathie Walker, Kris Wetterhahn, Bonita Williams, Donna Williams, Nancy Wirth, Wendy Wolf, Heidi Wurst and Johanna Yansen conclude the list.

TALENT SHOW

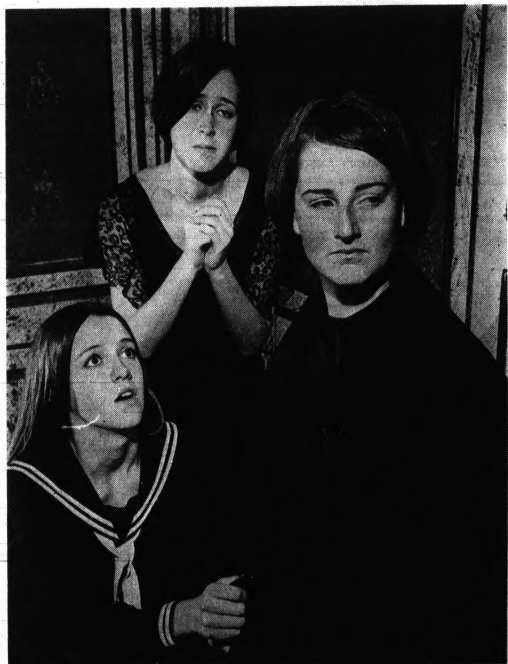

Pontiac Central presented its annual talent show last Friday. All those students who sold at least six dollars of magazine subscriptions were excused for their second hour classes to attend the show.

The acts included "The Soul Masters" (Charles Anthony, Lloyd Cobb, William Johnson, Mark Boothe, Rodney Boothe, William Spann, Aubrey Tipton, and Aaron Nickerson); "The Groupie" (Carmen Hobson, Sue Hollis, Bob Prevette, and Mike Orendas); Patti Dellap-dancer; "Elaine and the Chevelles" (Elaine Smith, Barb Johnson and Debbie Leonard).

Liz Collias-modern dance; "The Sophisticated Ladies" (Wanda Penney, Joyce Dawkins and Andrea Mason); "The associated Somehow" (Larry Hurst, Ted Mole, Ron Young and Dean Williams); Ron Wright-impressionist and Willie Black-vocalist. Lewis McNeir accompanied one of the groups.

PCH Mathletes have added another trophy to the schools expanding trophy case by winning the spring math competition against Waterford Kettering. The score was 168 to 126.5.

The A Capella Choir, under the direction of A. Michael Dempsey, is continuing its tour of Pontiac elementary schools this week. Included in the tour are Wisner, Central, Webster, Bethune, Baldwin and Whitfield schools.

DESPERATE — Cathy Shinnick as Anastasia (left) and Dede Knox as Livvenbaum plead vainly with Lesley Penny, the empress, to recognize the young girl as the Princess Nicholasovna, heir to the fortunes of the fallen

Romanov dynasty after the Russian revolution. It is a scene from Kingswood-Cranbrook's production of Anastasia, to be presented Friday and Saturday nights at 8:30.

Pontiac Press Photo by Edward R. Nale

HIGH PERCH — Hamming it up after their victory in Rochester High School's combo clash are the "Whereabouts." Dem-

onstrating their unusual instruments are Dale Miller (from left), Marti Blair, Earl Gaudet, Roger Deaton and Larry McLean (front).
