# TB Sanatorium Offered to State

## $2,000,000 Price Put on Building by Supervisors

**Board Takes Action During Informal Talks Held This Morning**

As result of a speedily-called informal meeting this morning, the Oakland County Board of Supervisors offered to sell the county tuberculosis sanatorium to the state for $2,000,000.

The proposal does not constitute official approval of a sale, because the board cannot legally take such action at an informal meeting.

A telepohne call was immediately put through to Lansing informing the Legislature of the move.

The Legislature, meeting in special session today to consider providing more instrutional space for mentally retarded children, had asked an expression from the board on whether the sanatorium, at 7350 Cooley Lake Rd. is up for sale.

**If the sale is realized, the supervisors see the money as providing new quarters to house TB patients plus helping finance a new county courthouse and office building.**

The House last week gave preliminary approval to appropriating $2,618,563 for purchase of the sanatorium. But the Senate balked at the plan and the program deadlocked. The two chambers were attempting to iron out differences today.

Supervisors' Building and Ground Committee Chairman Harry W. Horton, of Royal Oak, said today "Our TB patient case load has been dropping very rapidly, and

## Deadlock Looms in Legislature on Fund Outlay

**Senate Calls Special Session in an Effort to Reach Agreement**

LANSING, Nov. 7.— (AP) — The same deadlock over bed space for mentally retarded children which stalled last week's special legislative session loomed again today at the start of a second special session called to break the deadlock.

The Senate prepared for quick action on virtually the same bill to which it clung last week, providing $1,134,000 for 800 beds at the Ft. Custer station hospital and refusing to buy the Oakland sanatorium and the Farmington's children's home.

However, there was a possibility the senate would add dollars for expansion of programs to place mentally retarded children in family homes and private hospitals and also speeding the construction of 440 more beds at the Coldwater and Mt. Pleasant home and Training schools.

**Gov. Williams came back to the second special session with the request for more than five million dollars to buy and lease mental health facilities and a new program of $165,000 to plan additional permanent hospital space.**

He addressed the opening meeting of the special session which he called at midnight Friday when last week's first session failed to agree on a program to take 1,221 mentally retarded children off state hospital waiting lists.

The governor formally threw his weight behind the program of the "Young Turks" and Democrats in the House which calls for purchase and remodeling of the Oakland County Tuberculosis Sanatorium for $2,230,000 and the purchase and remodeling of the Farmington Children's Hospital for one million dollars. It includes leasing the Fort Custer Station Hospital for 600 children.

**In addition, Williams asked planning money for a recreational building at the Caro State Hospital, for two buildings for trainable children at the Mount Pleasant State Home and training school, for an occupation-recreational therapy building and a building for trainables at Newberry State Hospital for a new 2,500-bed hospital.**

The Legislature has already provided site selection money for the latter institution.

The Senate maintains the Fort Custer Hospital, with 800 beds available, is enough. Senate leaders said purchase of the two local hospitals would endanger plans to build a large permanent state hospital in eastern Michigan.

Backers of the House plan were led by Rep. George W. Sallade (R-Ann Arbor).

**QUEEN AT UNVEILING OF MEMORIAL** — Queen Elizabeth II, accompanied by J. Boyd Carpenter, minister of transport and civil aviation, officiates at the unveiling of a memorial on Tower Hill in London, England, commemorating more than 24,000 men of the British Merchant Navy and fishing fleets who lost their lives in World War II. The memorial is an extension of the existing stone building previously erected in memory of lost merchant sailors and fishermen of the 1914-18 war. The Archbishop of Canterbury presided at the services.

## Price Per Unit May Be $60-70, Split at 15 to 1

**Sale Expected to Yield From 4-500 Million, Financial Analysts Say**

NEW YORK (AP)—Stock of the Ford Motor Co., which revolutionized America with its mass production methods, is to be sold to the public after the first of the year.

The price and precise timing have not yet been set, but nearly seven million new common shares with voting rights will be offered.

Financial analysts say it is expected to bring between 400 and 500 million dollars, indicating a price of $60 to $70 a share.

**Announcement that Ford, richest private business enterprise in the world, would desert the ranks of family-owned firms was made last night. It came from the Ford Foundation, multi-million-dollar philanthropic trust set up by Henry Ford, who died in 1947.**

The new stock will be offered by the Ford Foundation—not by the company.

Henry Ford II, grandson of the founder and president of the Ford Co., has agreed with other Ford heirs to transfer 60 per cent of their exclusive voting control of the company to the new common stock, it was reported by H. Rowan Gaither Jr., Foundation president.

The other 40 per cent of voting rights will remain with the Ford family

**With the public sale of the stock, the company will have to disclose for the first time its assets and earnings, one of its most carefully guarded secrets for 53½ years.**

Only last Wednesday, Ernest R. Breech, Ford board chairman, declared the company's 1955 earnings, before taxes, would surpass the firm's total earnings for the 21 years before World War II. Neither figure was revealed, however.

Three new classes of Ford stock will be issued and, after stock splits, the company will have a total of 53,461,470 shares of stock.

There are now outstanding 3,322,395 shares of no voting class A stock. These will be split 15 for 1.

There are now 172,645 shares of voting Class B stock, all held by members of the Ford family or their interests These will be split 21 for 1.

**The Ford Foundation, set up in 1936, holds 88 per cent of the nonvoting A stock or 3,689,908 shares. The Ford family also owns 180,347 shares of A stock. The balance is held by 108 key employes of the company.**

When the reorganization is complete, the only no voting A common will be held by the Ford

## Ike to Decide Departure Date From Hospital Today

**DENVER (AP)—President Eisenhower will leave the hospital Friday and fly back to Washington, but his doctors said today it may be late January or early February before he is in a position to decide whether to seek re-election.**

DENVER (AP)—This is a big day for President Eisenhower. He decides today on the basis of doctors' advice whether to leave the hospital Friday and fly back to Washington.

Dr. Paul Dudley White, the eminent Boston heart specialist, arranged to give the President a full report on his condition, outline a further convalescence program for the immediate future, then let him pick the date for return to the capital.

In advance of the White session with Eisenhower, White House Press Secretary James C. Hagerty said the "best guess" still is that the President will check out of Fitzsimons Army Hospital Friday, the day tentatively fixed by physicians there.

That will be seven weeks after his Sept. 24 heart attack and nearly three months after he arrived in Denver Aug. 14 for a work and play vacation.

The present plan is for Eisenhower to stay at the White House in Washington next weekend, then travel on to his farm at Gettysburg, Pa., probably a week from today.

## Mercury Dip, Snow Predicted for Area

Mostly cloudy with scattered snow flurries is the prediction for the Pontiac area for tomorrow, according to the U. S. Weather Bureau.

Tomorrow's high will range from 40 to 44 degrees. The low tonight will be between 26 and 30.

Temperatures plunged in Michigan today with the entire Upper Peninsula and the northern portion of the Southern Peninsula getting snow.

The lowest temperature preceding 8 a. m. was 31 degrees. The mercury registered 35 at 2 p.m.

## Till Kidnap Case on Jury Docket

**All-White 20-Man Panel Will Decide if Brothers Must Face Trial**

GREENWOOD, Miss. (AP) — A grand jury began work this morning with a Till kidnaping case high on its list of business.

No Negroes were picked on the 20-man Leflore County Grand Jury. Dist. Atty. Stanny Sanders said yesterday the grand jury panel might contain Negroes.

"We've had them before," Sanders said.

**The 20 men will decide whether half-brothers Roy Bryant and John W. Milam, will stand trial on charges of kidnaping Emmett Louis Till, 14-year-old Chicago Negro boy who disappeared while vacationing in Mississippi.**

An all-white criminal court jury in neighboring Tallahatchie County found Bryant and Milam innocent of murdering Till. Both are free in $10,000 bail in the kidnap charge.

The jury decided there was "reasonable doubt" about identification of the battered, bullet-pierced body pulled from the Tallahatchie River Aug. 31. Mrs. Mamie Bradley, Till's mother, said the body was her son. Several defense witnesses however, including an undertaker and a sheriff, testified the body had been in the water too long to be Till's.

## Silent Israeli Guns Await Arab Raids Along Border

TEL AVIV (INS)—Guns were at readiness today along the "critical" Israeli-Egyptian frontier with the Israelis set to hand out punishing retaliation for any Arab raids.

This policy of preparedness was in keeping with Premier David Ben-Gurion's declared policy that Israel wants no war but will not "commit suicide" by standing still.

Several developments yesterday added to the tension in the simmering Middle East.

The Israeli Army said a band of Egyptians tried to break into the Beit Kama settlement near the Gaza Strip but were repulsed.

**An army spokesman said guerrillas whose tracks were tracked back to Jordan tried to blow up three houses at Sdeh Hamed near the Jordanian border.**

In Cairo, thousands of Egyptians, following a funeral procession for those who died in the fighting with Israel, shouted "Death to Israel."

Jordan complained to the U. N. Armistice Commission, a report from Radio Cairo said, that Isareli troops had fired mortar shells into Jordan and had crossed the border before being driven back.

## Bank Robbers Release Cashier

**Police Report Kidnap Employe and Wife Free From Young Couple**

HEBRON, Ind. (AP)—A police radio reported Robert McGinley, 60, cashier of the Citizens Bank, was released near Frankfort, Ill., by a young couple who kidnaped him in robbing the bank of about $3,000 today.

The radio call said McGinley was let out of his own car, which the robbers used in their getaway, just north of Frankfort. The car went on north on U. S. 45, the report said.

**McGinley and his wife were held captive overnight by the man and the woman who robbed the bank.**

Police said the couple, described as in their 20s and armed with pistols, forced their way into McGinley's home Sunday evening. They took McGinley in his own car to the bank at opening time today and emptied the cash drawers.

The robbers used McGinley's car for their getaway and police had conflicting reports that they had fled south and west. Roadblocks were set up throughout the area.

Police said the robbers held McGinley and his wife, Ruth, captive all night and freed Mrs. McGinley after robbing the bank. Mrs. McGinley was not hurt.

## Celebrate Education Week Locally

Special displays, student assemblies and open house programs are being featured in schools today as Pontiac joins the nation in observing American Education Week.

The week will take as its theme "Schools — Your Investment in America," and its aim will be to promote wider understanding of the need, purpose and accomplishments of our educational system.

**PTA programs are scheduled throughout the city and out-county areas. Five city schools —Malkim, McCarroll, Linda Vista, Webster and Central — will hold open house during the entire week.**

Highlight of the seven-day observance will come at 7:30 p.m. Tuesday, when the Pontiac White House Conference on Education is held at Pontiac High School. The conference, sponsored by the Pontiac PTA Council, is expected to attract close to 1,000 educators, parents and civic leaders.

Invitations have been issued to 50 community organizations to send delegates, who will report back to their various organizations. In addition, a blanket invitation has been issued to all parents, educators, industrial and civic leaders to attend.

**There is no charge and the meeting is open to all. The conference, first of its kind in the city, will seek to analyze what is being done to educate youth in this area, and then look objectively to what might be done to raise the present standards to a higher level.**

There will be a short general session in the Pontiac High auditorium, after which the assembly will go to separate classrooms for discussion on a number of topics. Following that, the meeting will reconvene again in the auditorium for a short evaluation of the different discussion topics. The meeting is expected to break up at about 9:15 p.m.

Tropics for group discussion will be: Meeting the needs of mentally and physically handicapped children; youth programs and problems; citizens' participation; staffing classrooms with sufficient well-qualified teachers; securing necessary finances; adult education; and shortage of classrooms and facilities.

General theme of the conference is "When Citizens Understand, Children Always Win."

## Weekend Traffic Takes 2 Lives

**Crash Kills Detroiter; Resident of Clarkston Struck by Auto**

Two men died in Oakland County traffic yesterday, one in New Hudson and one on the Dixie Highway near Clarkston.

Chester P. Kuhn, 35, of Detroit and William B. Caskey, 57, of Clarkston were fatally injured.

**Kuhn, who police say ran through a red light on US16 in New Hudson, died on the way to University Hospital in Ann Arbor. He hit a car driven by Richard Fletcher, 21, of New Hudson, bounced off and hitting another driven by James M. O'Sullivan, 56, of Milford.**

Police said he suffered a concussion, severe lacerations and internal injuries.

Caskey, a pedestrian, was crossing the Dixie Highway when a car driven by Donald G. Janes, 32, of Flint, struck him down.

Janes told Sheriff's deputies he didn't see Caskey until the moment of impact. Deputies said there was no indication of improper driving.

Caskey was pronounced dead on arrival at Pontiac General Hospital.

# Police Pressing Hunt for New York Tot, 2

EAST MEADOW, N. Y. (INS) — Nassau County police were continuing today their search for a two-year-old boy who has been lost since last Monday.

Stephen Damman, who will be three in December, was last seen outside a food market where he was left watching his 7-months-old sister while his mother picked up groceries.

Detectives have made some 2,500 door-to-door calls on East Meadow residents in the hope of turning up some evidence as to the whereabouts of the blond, blue-eyed boy, who is believed to have been kidnaped.

The special squad of 30 detectives, the largest ever assigned to such a case in Nassau County, was working around the clock. Tomorrow, fingerprints and footprints of the child will be sent to New York city police and the FBI in Washington.

# State Police Team Seeks Trooper Post Applicants

A state-wide drive to add 200 new troopers to the ranks of the Michigan State Police began in Pontiac today when a special recruiting team announced plans to interview potential applicants at the local post, 2905 Dixie Highway.

The group will provide information and answer questions through November 30, from 8 a.m. to 12 midnight each day.

**The trooper increase was approved at a recent special session of the Legislature following okay of a salary boost by the State Civil Service Commission. Troopers, under the new measure, earn a maximum of $192 every two weeks.**

Candidates must be between 21 and 29 years of age, not less than five feet, nine inches in height, and have high school educations. Both married and single men will be accepted, according to a State Police spokesman.

Deadline for applications is November 30. Successful applicants will be trained upon appointment and later assigned to permanent duty.

The new troopers will aid in current state efforts to increase vigilance against traffic accidents.

# Tito Joins West Over Satellites

## Yugoslav Leader Backs Demand for East Europe Nations' Independence

BRIONI, Yugoslavia (AP) — Marshal Tito put his weight today behind the West's demand that Soviet-found satellite states of Eastern Europe be given their independence and freedom of action.

* * *

As a leading statesman in the Balkans, he apparently has been asked also to use his influence for peace between Israel and the Arab states during a trip he is planning to Egypt.

These were the highlights of a seven-hour talk yesterday between the President of Communist Yugoslavia and U. S. Secretary of State Dulles in the dramatic setting of Tito's Adriatic Island retreat.

Tito took Dulles for a ride in his white speedboat to the nearby island of Vanga, which he uses for swimming and clambakes. There they had a heavy lunch, with Tito's young wife Jovanka, presiding at the bar.

Then Tito played host in his palatial home for the first time to the large group of accompanying newspaper correspondents who strolled about a black marble reception room admiring the white and gold piano, oil paintings of nude cherubs and ladies, and a collection of ship models.

Sitting beside Tito, who later said he was in agreement, Dulles told reporters:

* * *

"We were of common accord in recognizing the importance of independence for these (East European states) noninterference from the outside in their internal affairs, and the right to develop their own social and economic order in ways of their choice."

These words would apply to Hungary, Bulgaria, Albania, Romania, Czechoslovakia and Poland. They indicated that Tito's views had not been changed by the visit of Soviet Premier Bulganin and Communist party leader Khrushchev last spring.

Dulles said he and Tito also were agreed "the German question must be settled gradually, step by step."

# Ford Offers Common Stock to Public Sale

(Continued From Page One)

Foundation. As soon as any of this is offered for sale to the public, however, it is to be converted into voting common stock.

All the A stock held by the Ford family will be converted into shares of the new B stock. This would bring the total of B shares, all held by the family, to 6,480,750. Whenever any of these B shares are sold outside the family, they will be converted into new common stock with voting rights

* * *

As long as there are 2,700,000 or more of these B shares, they will carry 40 per cent of the voting rights. Should the number fall below 2,700,00, the voting percentage will be reduced to 30 per cent. If they should fall below 1½ million shares, the new B stock would become equal to the common stock in voting power—one vote per share

Thus the reorganization plan apparently provides for the possibility of an eventual sale of almost all the voting stock to the public.

When distribution is completed, Ford Motor Co. will join more than 1,100 other firms whose securities are listed for trading on the New York. Stock Exchange. Keith Funston, exchange president, hailed the Ford decision last night as "landmark in the history of public ownership" of American business.

One reason for the decision to let the public share in the company ownership and control is that no one pushes sale of new products with more zest than an enthusiastic shareowner. Ford management may have had that in mind when it agreed to reversal of the private ownership credo of founder Henry Ford.

In 1903 Ford had trouble rounding up a dozen backers who put up $28,000 in cash to start the company. In 1919 after some stockholders objected to his expansion plans, Henry Ford and his son, Edsel, bought the others out and the firm had since been a tight, family-held operation.

But new stockholders today can't expect the fabulous returns of those early investors. One Detroit school teacher, who paid $100 for a single share in 1903, received $95,000 in dividends over the next 16 years, plus $250,000 when she finally sold out her share.

# Numbers Racket Raid Snares 31

## Simultaneous Five-Town Trooper Attack Called 'Biggest' on Record

MARSHALL (AP) — State Police said 31 persons—a dozen women and 19 men—will be arraigned here today following a three county raid on a million-dollar-a-year numbers syndicate Saturday.

Sgt. Carl E. Robinson, who heads the state police racket squad, said 20 of those held will be charged with conspiracy to violate state gaming law. The others, he said, will be charged either with frequenting a gambling establishment or possession of gambling paraphernalia.

Seventy state troopers raided houses in Kalamazoo, Battle Creek, Albion, Allen Park and Lincoln Park, which was said to be headquarters.

The simultaneous raids ended three months of investigation, during which movie films were taken of bets and payoff operations.

Police said nearly $6,000 in cash, thousands of betting slips, seven cars, records and gambling equipment were confiscated in the raids.

All those arrested were taken to the Calhoun County jail at Marshall. Robinson described the raid as "the biggest the racket squad has ever conducted." He said nearly 70 officers were involved.

# Sanatorium Offered for Mental Health

(Continued From Page One)

as patient fees drop cost of maintaining the buildings goes up. In another 1½ years we'll have a white elephant on our hands."

Another county facility, probably the Contagious Hospital, could be expanded to handle TB patients, he stated. The sale would not force any of the sanatorium's staff out of a job, "in fact it would make more jobs available," he added.

**A recent insurance appraisal puts value of the facility at $2,242,000, said Horton.**

George H. Williams, sanatorium manager, said the county has $1,143,000 invested in the buildings and grounds. An average 179 county patients were in the sanatorium in 1950, he stated, and only 105 this morning.

There is a downward trend in need for TB facilities all over the nation, Williams said. "Some 3,052 beds have been closed down this year in the United States."

In his opinion, Williams explained, new quarters could be provided in about six months. He recommended that $500,000 of the sale money be used to provide possibly 75 more beds at the Contagious Hospital to care for TB cases.

**"This would be a very economical operation compared to the present one where upkeep on unused space will cost the county some $200,000 per year.**

Williams said in his opinion the TB Board of Trustees would not block the sale if they were sure TB patients would be adequately cared for.

He opposes leasing any part of the facility to the state, as proposed by Sen. William S. Broomfield (R-Royal Oak) because the county would end up paying part of the state's share, Williams asserted.

Special Building Committee Chairman Harold K. Schone, of Oak Park, urged that the bulk of the sale money be used to partially finance the proposed new courthouse. This would reduce size of a bond issue to complete the financing and save the county a large sum in interest charges, Schone explained.

**Several board members asked why Broomfield opposes the sale. "I'm not opposed to the sale," Broomfield said today in Lansing, "but I don't want this thing stampeded to a hasty conclusion.**

"We shouldn't pass a large appropriation like this after only three or four days thought. The state should first get a fair appraisal. All the people of Michigan must be considered in this."

At the Supervisors meeting today, Probate Judge Arthur E. Moore said there are about 200 mentally retarded children in Oakland County reequiring institutional care who can't get it for lack of space.

"A place in this area is needed. We've either got to help the state assume its rightful load or find ourselves doing the whole thing ourselves."

Supervisor Fred Elias, of Hazel Park, attempted to get a $1,750,000 figure set as the county's price, but his motion lost. "If this thing is going to be a white elephant, we should set a figure they can't refuse," he declared.

If the state decides on the purchase, a special act will also be passed authorizing the Supervisors to sell, said County Corporation Counsel Harry J. Merritt. "This would clear up any questions as to the board's power to make the deal," he explained.

## The Day in Birmingham

# *Commission Considers Adopting Two Ordinances*

BIRMINGHAM — City Commission consideration will be given to possible adoption of two new ordinances tonight, one dealing with civil defense, the other a new professional office district zoning classification.

Lawmakers are expected to devote much of the meeting to hearings on rezoning most of the undeveloped Porritt property off Adams road from income bungalow to single family residence. A separate hearing will be held to rezone Lot 30, on the same property, from business A to single family residence.

**A crossover at Hamilton and U.S.10, including methods of financing, will be discussed in still another hearing. Reports will be received on the city's sewage problems, interior building changes and lighting at the Eton Park ice skating rink and drainage problems at the rear of lots on the north side of Derby road.**

Mrs. J. Rowland Quinn, Birmingham, Bloomfield, Franklin director of the 1955 Detroit United Foundation campaign, has asked all residents who may not have been home when a solicitor called for donations, to contribute directly to the Briggs Building headquarters, or contact her for a personal solicitation.

**The campaign to raise $200,485 ends Thursday, with contributions lagging, she said.**

* * *

Meeting at the Community House at 10 a.m. tomorrow, the Ruth Shain Class in International Affairs will hear Mrs. Shain's final reports on this year's Herald Tribune forum on "Constructive Action in Tension Areas." The class is open to anyone interested.

Emphasis will be on North Africa and the Middle East.

A special report on Israel and Egypt will be given by Mrs. J. A. Van den Berg of Graefield road.

**John Angus Carnie**

Service for John Angus Carnie, 52, of 737 N. Eton Rd., will be at 1 p.m. Tuesday at Bell Chapel of the William R. Hamilton Co., with burial in Acacia Park Cemetery. A mechanical engineer for the Truck Division of Chrysler Corp., Mr. Carnie died Saturday.

He leaves his widow, Marian M.; three sisters, Mrs. Leonard Duckett of Ecorse, Mrs. John Robertson of Detroit, Mrs. Andrew Hodge of Weston, Ont., and two brothers, Robert of Kensington, Md. and Alexander of Hamilton, Ont.

# Lost Youth Found After Night in Woods

HOUGHTON LAKE (AP) — Lost over night in a heavily wooded area, 15-year-old John J. Seiter of Route 4, Clare, was found today.

The boy's father, Albert Seiter, and a brother came across the youth about two miles from their hunting cabin in Roscommon County.

The boy had spent the night in the brush and although the temperature was 26 degrees he appeared to be in good condition, State Police said. Snow was starting to fall when he was found.

Young Seiter had been hunting with his father in a private hunting preserve. They became separated when the boy took off into the woods to hunt partridges.

## Actress to Drop Bop Case Against Susan Hayward

HOLLYWOOD (AP) — Actress Jil Jarmyn's attorney said she would like to drop her request for a battery complaint against red-haired Susan Hayward stemming from a clothes brush bopping incident in the bedroom of actor Don (Red Ryder) Barry.

* * *

Lawyer Saul Ross said his 23-year-old blonde client telephoned him yesterday to say, "after all, her children might get dragged into this."

She apparently referred to Miss Hayward's twin sons, objects of custody litigation between the 34-year-old actress and her ex-husband, actor Jess Barker.

The hassle started last Thursday when, Miss Jarymn told police, she went to Barry's home to have coffee with him. She said Miss Hayward, clad in polka dot pajamas, was there and started swinging at her with a clothes brush.

* * *

Miss Hayward told officers she had dropped by Barry's for coffee. She said Miss Jarmyn walked into the house and "made an insulting remark and it infuriated me." A wrestling match ensued, she said, later describing the incident as "a tempest in a very small teapot."

# Cleo's Sure to Become Felons' Favorite Friend

By EMILY BELSER

HOLLYWOOD (INS)—If blonde and curvy Cleo Moore isn't already a frantic favorite among inmates of the nation's prisons, she soon will be.

* * *

Cleo (who visited Pontiac Thursday) thinks certain "law-abiding lawbreakers" should be allowed femine companionship—in jail!

**"It's done in Mexico and other foreign countries," Cleo pointed out. "There's no reason why it couldn't be worked out in the United States too."**

Cleo's boy-meets-girl idea struck her while she was making a film with John Agar ("Hold Back Tomorrow") which concerns a convict under death sentence. (Agar was also a Pontiac visitor.)

His last request is for a female visitor.

"It set me to thinking how such a thing could really work," Cleo allowed.

* * *

"After all," she went on enthusiastically, "statistics show that less than 3 per cent of the crimes in this country are really serious ones.

**GUEST COTTAGES**

"Honor farms for model prisoners convicted of minor offenses could easily have facilities—such as guest cottages—where a prisoner could spend some time in the intimacy of his family."

* * *

The pin-up girl said she discovered that the No. 1 felony in the United States is Larceny, followed by auto theft. Therefore only a relatively small group, she reasons, can be called hard-bitten criminals.

**"Gee," Cleo added, "one of our greatest writers, O. Henry, began his career in prison."**

(O. Henry was jailed on suspicion of embezzlement at the time — a crime that never was proven against him.)

Punishment, Cleo believes, has to be tempered with rehabilitation.

"Helping a man keep in touch with his family life is important," she said.

* * *

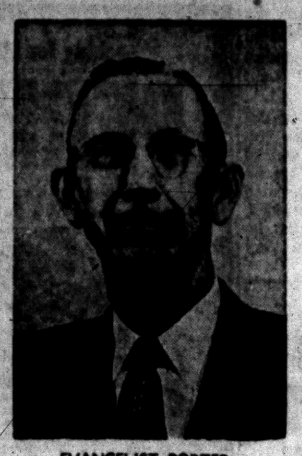

"Not that I'm criticizing what our country has done in the line of prison reforms," she added hastily. "But if they're thinking of adding more to this program they shouldn't overlook the boy-meets-girl problem."

In Mexico, wives of prisoners are allowed to visit them overnight and women prisoners to take their children to jail with them.

In Ecuador a pregnant woman cannot be notified of prison sentence until 75 days after the birth of her child and in Argentina "respectable" women who have gone afoul of the law often are allowed to serve out their sentencees in their own homes!

**"My feet were killing me! Then I tried Ben-Gay!"**

Mr. Wesley Craig of Chicago, Ill., praises Ben-Gay for relieving the pain of sore, aching feet. "I'm the manager of a restaurant," says Mr. Craig, "and it's sure a 'standing' job! As a result, I'd been having a lot of trouble with my feet and my leg muscles. Finally, I tried Ben-Gay. I rubbed my legs, feet and ankles with it and what relief! Believe it or not, the next day I played 18 holes of golf without an ache or a pain! Ben-Gay's my stand-by from now on!"

Mr. Craig is right. Ben-Gay is amazingly effective in relieving the throbbing and burning of tired, sore feet. Ben-Gay acts fast . . . really fast to bring soothing relief. Its world-famous formula contains up to two and a half times more of two famous pain-relieving agents than any of five other widely offered rub-ins. It works *two* ways: First it stimulates the blood supply to the painful area. Then its pain-deadening action goes to work to bring welcome relief. Your feet feel better...you feel better *all over*. Try it! Rub in Ben-Gay...rub pain away!

**GETTING UP NIGHTS**

In such cases New Improved Cystex usually gives quick, wonderful, soothing relief through its germ combating action in acid urine and its analgesic pain relieving value. Over a million CYSTEX tablets used prove safety and success. Get CYSTEX today under money-back guarantee. See how much better you feel tomorrow.

Press Previews Range in Detroit

# Electrons Cook Meal in a Wink

DETROIT (INS)—An electronic range that bakes a cake in six minutes, a roast in 30 and heats baby foods in 45 seconds, was introduced in Detriot recently.

The box-like range, was made by an Ohio stove company to retail for $1,200, was previewed for newsmen.

**The cooking is done with high-frequency microwaves that generate heat in the food itself — the oven and utensils remain cool, with obvious advantages in safety.**

Cooking dishes can be removed from the oven without potholders.

The range can be installed as a built-in unit or stacked on another cabinet.

Engineers licked the problem of browning meats and casseroles by installing a super-speed coil element in the top of the oven. At the bottom is a card file of over 400 detailed recipes for easy reference.

Some examples of the range's speed:

Bacon broils in two minutes. Potatoes bake in five minutes. Corn cooks in two minutes, without water, on a paper towel. Coffee is heated directly in the cup — and the cup handle remains cool.

**Company officials said in field trials, homemakers also reported that microwave cooking cuts down on dishwashing, since food does not stick to the surface of cooking utensils. Most foods are cooked directly on the serving dishes.**

The range operates on 220-volt electric current, on the same outlet and cable as an electric range. Its backers claim an advantage in economy, however, since it takes only a fraction of the customary time to prepare a dish. A Thanksgiving turkey, for example, can be whipped up in an hour.

SUMMER COOKING

Mrs. Pauline Treisch the company's home economics director, said families can do more mealtime entertaining in hot weather, since kitchens — and cooks — remain cool.

In the matter of safety, one mother who tested the range found:

**"Our 10-year-old daughter could use the electronic range without danger of being burned."**

The only controls are high and low speed setting and individual timers for both the microwave unit and the browner.

The oven's timer, calibrated in seconds instead of minutes, automatically shuts off the range.

Then, too the electronic unit will not operate unless the range door is latched. Thus it is impossible for the user to come in contact with the microwaves.

## Blossom Parade May 6

BENTON HARBOR (AP) — The directors of Blossomtime, Inc., have announced May 5 as the date of the 1956 annual Southwestern Michigan Blossom Parade. The date is based on horticultural experts' predictions of when the area's fruit trees will blossom next spring.

## City Loses Fine Citizen in Death of Sam A. Cohen

One of Pontiac's long time leaders was lost Friday through the death of Sam A. Cohen. While Mr. Cohen had not been enjoying rugged health, he seemed reasonably hale and hearty and had just finished luncheon at the City Club. He arose to join another group when the Grim Reaper struck suddenly and with finality.

★ ★ ★

Mr. Cohen was a personable individual who had an extremely wide circle of friends and acquaintances. He was always easy to meet and easy to know.

**He spent a generous share of his time in affairs destined to help and assist others and he was a liberal giver in a wide variety of religious and community activities. Mr. Cohen served on many Pontiac and Oakland County boards and was busy throughout his lifetime in serving society as a whole as well as his own personal interests.**

★ ★ ★

It is men like Sam Cohen who have made Pontiac grow, keep abreast and forge ahead of life's general upward swing. The loss of leaders like this is keenly felt in the social, religious, and economic life of the community.

## Crime Rate Down in City Police Report Reveals

There is room for general public satisfaction in Police Chief Straley's report showing an 18 per cent decrease in Pontiac crime during the first half of 1955.

In the same period there was a four per cent increase in the number of cases cleared by arrests. Both of these statistics are especially noteworthy because they came on the heels of a 12 per cent increase in Pontiac crime in 1954.

★ ★ ★

Another interesting feature of the report is that there were sharp decreases in all crime categories except grand larceny, auto thefts and rape. The fact that auto thefts increased during the period from 73 to 75 should remind motorists never to leave keys in the ignition and always to lock their cars.

★ ★ ★

While Chief Straley doesn't comment on the reasons for the decreased crime rate, it is a fairly sound assumption that the major factor is the current record prosperity. Additional support for such a theory is to be found in a report showing that Pontiac will be a labor shortage area at least until after the first of the year.

**It is reassuring to know that the kind of work done by our Police Department has resulted in an increased percentage of cases cleared by arrests.**

## Byrd Appointed to Head U.S. Antarctic Program

Appointment of Retired Rear Admiral Richard E. Byrd to develop and head our Government's permanent Antarctic program is an event of more than ordinary importance.

It indicates high level official recognition of a revived international interest in the vast almost unknown area at the bottom of the world. In a September address, Byrd, veteran of several Polar expeditions, told his audience this area "is becoming more and more important where world strategy is concerned."

★ ★ ★

Almost simultaneously with Byrd's appointment, the aims of the Antarctic expedition getting under way were set forth in a copyrighted article in *U.S. News & World Report*. In it Rear Admiral George J. Dufek, heading the task force under Byrd's direction, answers many questions about Antarctica.

Among other things he pointed out that the Antarctic Continent is 6,000,000 square miles in area. Sixty per cent of it, the interior, is virtually unknown. The expedition is part of our preparation for the third geo-physical year in 1957-58.

★ ★ ★

**This is a period in which some 40 co-operating nations will study scientific problems of various kinds. One subject to be given special attention in Antarctica is that of weather forecasting. Another is how and why the sun's rays cause radio blackouts in certain areas.**

For these purposes Antarctic bases are to be established by Britian, France, Australia, Russia and two by the United States. Ours will be at Little America and the South Pole itself.

★ ★ ★

Unlike many other nations, the United States never has filed any formal claim to Antarctic territory nor does it recognize any. Perhaps the permanent program is advance indication that such claims may be filed in the future.

tell me that his weeks in the hospital, an experience that gave him time for contemplation, in which he never before was placed, have made him restless. He now has definitely concluded that he never would be content in a life of retirement. He never has loafed. He is sure that a quiet existence on his farm or otherwise would only hasten a condition of general poor health. He likewise feels that he has an obligation to his country to finish the job the voters asked him to start. He points out that

### David Lawrence Says:

## Which Is More Important Consideration—Individual Liberty or National Security?

WASHINGTON — Is the security of the United States during wartime of greater importance than the so-called right of the individual to employment on a ship carrying troops or war munitions when the government has its own reasons for believing such an individual's presence might be dangerous to the safety of the ship?

* * *

The Ninth U. S. Circuit Court of Appeals says, in effect, that the individual is more important.

**Must the doubt as to the risk taken in hiring such a man be resolved in favor of the individual unless the government through a long tortuous process of hearings can prove that the information it has gathered is as conclusive as a court requires in a criminal case?**

The same decision in the Ninth Circuit, in effect, says "Yes."

These two vital questions as decided by Judges Pope and McAllister over the dissent of Judge Healy would, if upheld by the Supreme Court of the United States make the right of the individual superior to that of the government and superior to the rights of the many individuals aboard the ship whose lives would be endangered.

**CAN HAMSTRING FBI**

It could frustrate and hamstring the operations of the Federal Bureau of Investigation in weeding out subversives who infiltrate our shipping in wartime. A substantial part of the seamen's union setup has for many years been controlled by Communists.

Judges Pope and McAllister went out of their way to question the credibility of the FBI's claim that its operations would be hampered if it had to reveal its sources of information.

**It is a sad commentary on the alleged objectivity of the two judges in this case that they are so willing to say a seaman suspected of subversive connections is entitled to the benefit of the doubt and a hearing as to all the information against him in the government's files but the FBI's considered statement that it must protect sources of information is not accepted in good faith by the judges involved.**

They set themselves up, apparently as having superior knowledge of the problems and techniques involved in detecting subversives than has the FBI which caught Klaus Fuchs, the Rosenbergs and a long list of Communist spies and agents in recent years.

**THE CASE CONSIDERED**

The case under consideration arose in 1950 during the Korean War when Congress passed a law stating:

**"Whenever the President finds that the security of the United States is in danger by reason of actual or threatened war, or invasion, or insurrection or subversive activity, or of disturbances or threatened disturbances of the international relations of the United States the President is authorized to institute such measures and issue such rules and regulations . . . to safeguard against destruction, loss, or injury from sabotage or other subversive acts, accidents or other causes of similar nature, vessels, harbors, ports, and waterfront facilities in the United States . . ."**

The President thereupon issued an Executive Order delegating to the U. S. Coast Guard the task of policing the waterfront where vessels of war as well as commerce were being used during the Korean conflict to carry supplies to the war zone.

**Now the Ninth Circuit says the action taken under this law by the Coast Guard commandant was unconstitutional because the commandant didn't make available to the suspects all the sources of information possessed by the Coast Guard and the names of the informants. It didn't matter whether the FBI had checked up and corroborated the information from different sources—unknown to one another — the whole file had to be opened up to the suspects.**

This means, of course, that many persons hereafter will not give the FBI information if they are to be taken away from their daily work to become involved in protracted litigation. It could mean that only after an act of sabotage had occurred and the damage had been done to the ship could a trial with the proper evidence be held to eliminate the seaman from his job.

**JUDGES SWALLOW 'LINE'**

The two judges appear to have swallowed hook, line and sinker the "Left Wing" philosophy today on security risks and the propaganda line of "The Fund for the Republic" which is using millions of dollars to propagandize the country in behalf of the same peculiar concept of so-called "constitutional rights."

## Democrats Will Claim Republicans Play 'Footsies' With Big Business

By MERRYLE S. RUKEYSER
INS Economic Commentator

In democratic self-government, it is normal for the political "outs" to maneuver to get in, and for the "ins" to try to stay in.

Accordingly, in the campaign of 1956, now in its preliminary stages, it is reasonable to expect that no holds will be barred.

* * *

But from the standpoint of business and investment, it is important that practitioners in those economic areas be forwarned lest they become confused by propaganda.

**In a subtle type of "guilt by association," the political opposition is flirting with the idea of making it appear President Eisenhower and his team have been playing footsie with business.**

Sometimes a preview of the ideas in the minds of candidates comes from literature and officials of pressure groups. In a recent TV discussion with this writer, James B. Carey, secretary-treasurer of the CIO, charged that under the Eisenhower Administration the Federal government is controlled by big business.

In rebuttal, I pointed out that, Congress has a majority in both houses of the opposition party and that control of the Supreme Court still remains with New Deal and Fair Deal appointees.

**TIP-OFF TO FUTURE**

That Carey's charge was a tip-off of things to come was verified in the recent Duluth, Minn., speech by Adlai E. Stevenson, front runner for the Democratic presidential nomination. Stevenson declared:

**"The outlook for democratic balance is in danger when any one group gets control of the government. And that is exactly what has happened to us. The group has control of our political apparatus . . . Whatever the individual goodwill and virtue of the business leaders, such a concentration of power is dangerous."**

The political opposition may be bringing forth "obsolete" ideological merchandise, which, while suited to the depression of the nineteen thirties, may be inopportune during the boom of the middle nineteen fifties. I think they are violating the maxim laid down by the late William Jennings Bryan, who held that the public was not interested in monetary and other economic "reforms" in time of prosperity, but only during depressions.

**IS HE 'MR. PROSPERITY'**

If there is merit in Bryan's observation and if good times are to extend for another year, it may be that the critics of the Eisenhower Administration are handing the President's team an issue on a silver platter. For it is advantageous to be known as "Mr. Prosperity."

**Since business is America's major activity and since business is the tool by which upwards of 42 million American families achieve better living, critics of the President may be doing themselves a disservice in making it appear that the President and his group are the favorites of the business world.**

For business includes not only the big corporations, which are owned directly and indirectly by millions of persons of small and moderate means, but it also represents the livelihood of upwards of 64 million gainfully occupied Americans.

Between the Civil War and the beginning of the New Deal on March 4, 1933, prosperity and depression were rather evenly divided among the two political parties.

* * *

But during the New Deal and the Fair Deal, a new factor was injected. It became part of the credo to imply that business was a dirty word, and through centralization at Washington an effort was made to modify the free enterprise system into a mixed economy.

The historic significance of Eisenhower lies in the fact that a popular military hero was devoted to the traditional American free-choice type of economic society.

## Compares Pravda Attack on Nixon to Democrats

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

As of September 6, I noticed articles about attack on Vice President Nixon.

**Pravda was attacking Nixon for a speech he made to the Veterans of Foreign Wars in Boston. "One of the American reactionaries trying to revive the cold war," it said. It continued, "Nixon's speech was permeated with a spirit of intolerance and attacks against the U. S. S. R., the People's Republic of China, and the people's democracies."**

Democrat national chairman Butler seemed to be in full accord with Pravda. He said, "It is a startling problem of Nixon succeeding Eisenhower when few Americans have any confidence in Nixon." Continuing, he said "He insisted that the Democrat issue of big business vs. the little man was better than the Republican's Peace and Prosperity."

## Objects to Columnist's Calling Princess 'Kid'

Perhaps it isn't very good for the moral principles of our American young people for any columnist to refer to England's Princess Margaret as a "kid," regardless of who said it.

**After all, perhaps we have as much respect for religion and royalty as any nation, but not for divorce. Divorce probably is a chief factor in juvenile delinquency.**

I married someone whose parents were divorced and know what it is like to be threatened with that early in marriage, especially when one has small children.

The pretty princess is undoubtedly looking for a good man to father her sons or daughters.

## Natural Childbirth Fails to Convince Many Medics

By WILLIAM BRADY, M. D.

Characteristic of the reactionary attitude of too many members of the medical profession was the prophecy made by the late Dr. Joseph De Lee in the 7th edition of his famous textbook on obstetrics, published in 1938:

"It will require several thousand" (sic) "generations before we can train women back to the state which Grantly Dick Read speaks of as Natural Childbirth."

Was Dr. De Lee kidding? Hitler's prophecy was for only a thousand years.

**Today thousands of women who were born before 1938 have been trained, not "back to a state" but, as Dr. Read says, "to a means of liberating them from the burden of medieval misunderstanding, and thereby enabling them to make use of the great gifts of Nature which early civilization has buried beneath the pompous cloak of ignorance."**

Dr. De Lee was one of the great obstetricians of his era — early twentieth century—but evidently he took the same reactionary view of radically new developments that the leading obstetricians of the early 19th century took of Oliver Wendell Holmes' efforts to teach the big shots of the day that childbed fever, puerperal septicemia, "bloodpoisoning" following childbirth is an infection of the patient by unclean hands, unclean instruments, unclean beds, etc.

**CRITICS ENRAGED**

The foremost obstetricians directed against Holmes all the ridicule, satire and invective they could utter or print, but as the world knows now, Holmes was right and the old "authorities" were grievously wrong about it.

* * *

Now I'm sure hundreds of women who have borne a baby the Read way will testify that Dr. De Lee was wrong when he uttered that stupid prophecy.

**Mind you, I hold Dr. De Lee in the highest esteem, notwithstanding his ridiculous prophecy. I hold the name of Dr. Osler in the highest esteem, notwithstanding the man's quaint notions about washerwomen and rheumatism.**

I mention Dr. De Lee's amazing blunder here not to detract from the splendor or fame that belongs to him, but just as a warning to you poor souls who are exposed to all sorts of big and small obstetricians or general practitioners who will continue to lay back their long ears and tell you that natural childbirth is not for civilized, refined, intelligent women.

**ADVOCATES SCARCE**

**The truth is that it takes more than ordinary intelligence and character for young prospective parents to find a doctor who delivers babies the natural way, preferably at home but if necessary in an institution.**

* * *

**Too often prospective parents who set out to find such a doctor give up when the first prominent practitioner they ask tells them the routine lies: (1) Natural childbirth is wonderful in theory but hell in practice; (2) It's too dangerous; and (3) He knows of no reputable physician who will attend.**

No, I can't tell you which doctor in your vicinity practices natural childbirth. I learned long ago that conducting a medical directory service for North America costs more than I can afford.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Mich.

### Case Records of a Psychologist

## Many Adults Still Believe in Witchcraft; Check Yourself With Superstition Test

*Olive wonders how many modern folks believe in witches. Well, don't laugh and say "No" until you have taken the "Superstition Test" outlined below. Many adult Americans aren't far removed from the witch-burners of Salem, so throw off such juvenile fears and teach your children to be positive thinkers.*

By DR. GEORGE W. CRANE

Case P-379: Olive Z., aged 32, is an attractive school teacher.

"Dr. Crane, do you think civilization is really advancing?" she asked in a discouraged voice.

* * *

"Recently I read that two men were killed in Mexico because their fellow townsmen accused them of witchcraft.

"They were charged with casting spells over their neighbors and making them ill.

"I thought this went out of style with the Salem witch burning. Why is it such a difficult task to free ourselves from fears and superstitions?"

**FEAR VS. LOVE**

**Love is actually stronger than fear. And education is far superior to ignorance.**

**But fear and ignorance get a long head start in our childhood. Stories of goblins and ghosts make goose pimples rise on our skin when we are youngsters.**

* * *

We are so little, in contrast to the giant adults who surround us in childhood, that we seldom feel very brave.

Cowardice is inborn. Courage must be acquired. Even adults often get throwbacks to their childhood outlook and may quake in fear.

**Strong, brave men may also have dreams at night wherein they are back again in their boyhood surroundings, so they feel frightened.**

After waking, they become reassured. But often we adults must actually "sell" ourselves on being brave by talking ourselves into it.

"Act your age," we may thus be compelled to say to ourselves. "You are a grown man (or

woman), so behave like one. Stop shivering with fear. That's kid stuff."

If you have ever seen the play "The Emperor Jones," you may recall how a powerful man was reduced to abject terror in one night.

**SUPERSTITION TEST**

If you wish to measure your real adulthood, take this "Superstition Test."

Do you continue a chain letter after you receive one? Do you believe flying saucers have landed on this earth?

**Do you go back to touch a certain post or picket in a fence which you have missed as you walked along trying to strike each one you pass?**

Are you afraid to sit at a table where there will be exactly 13 diners?

Or do you try to favor the number seven or get a room numbered 711?

* * *

Do you knock on wood? Or carry a four-leaf clover? Or a rabbit's foot?

Many professional ball players are unusually superstitious. They may carry a pair of their baby's shoes all season just because when they made their first base hit or homerun, they had such shoes in their pocket.

Do you consult fortune tellers? Do you read the "Horoscope" in the newspaper?

Do you dread Friday the 13th of the month? Are you disturbed over the threat of bad luck from a broken mirror or from walking under a ladder?

If you answer "Yes" even to just one of the above, then you are still emotionally juvenile and to that degree are a cousin to the mobsters who killed those two men in Mexico for alleged witchcraft.

If you are a parent, by all means act like an adult and never instill such superstition in your children. God dislikes superstition, too.

Always write to Dr. George W. Crane, in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

## Rubber Consumption Now Totals 20 Lbs. Per Person

NEW YORK (INS)—Nw rubber consumption in the United States currently is at the rate of nearly 20 pounds per person a year, while the rest of the world uses only about one pound per person a year.

According to W. C. Gulick, president of Internation B.F. Goodrich Company,

• • •

Without America's man-made rubber production facilities and know-how—shared with associated companies in other countries—the world would be short about 1,000,000 long tons of rubber this year.

## Didactic Newlywed Gets Quickly Booted by Wife

INDIANAPOLIS (AP) — Mr. and Mrs. Claude Brooks were en route home in a taxicab after their wedding when Brooks started explaining the duties of a good wife.

They included early rising to get breakfast, Brooks said, and an argument followed. When they arrived home, Mrs. Brooks stayed in the cab and rode out of his life, Brooks told the court.

The judge granted an annulment.

Most of the nation's forest fires are caused by careless smokers and many more by embers left in camp fires. Only about 10 per cent are caused by lightning and other natural causes.

## Egg Consumption Up

WASHINGTON — The average American now eats 15 per cent more eggs, 7 per cent more dairy products, 19 per cent more meat, and 12 per cent more poultry than he did in the late 1920's. Per capita consumption of potatoes dropped 32 per cent during the period, however, along with declines of one third in consumption of flour and cereal products and 11 per cent in sugar.

---

The water system of the Mississippi River with its tributaries exceeds 12,000 miles, thus comprising some 40 per cent of the total mileage of improved inland and intracoastal waterways of the United States.

## Subs Have Tail Worry

NEW LONDON, Conn.—The latest high-speed submarines are encountering the same stability and control problems that are bothering airplane makers. Cross-coupling between roll and yaw in sharp turns has necessitated tail-surface modifications.

# Twelve States Vote Tomorrow

## Nation Watches Layoff Pay Referendum Result in Ohio Balloting

WASHINGTON (AP)— Voters in 12 states ballot tomorrow in off-year state or local elections. The results promise little in the way of national significance since most campaigns have been local and no congressional seats are being filled.

The featured contests are for governor of Kentucky and mayor of Philadelphia. Most political observers forecast Democratic victories. Both posts now are held by Democrats.

State legislatures will be elected in Kentucky, New Jersey and Virginia. Mississipi is the only other state electing a governor but the winner of the Democratic primary, Atty. Gen. J. P. Coleman, is unopposed.

**LAYOFF PAY VOTE**

Referendums of national interest are on the ballots in two states. Ohioans will vote on a proposal that would meet the main condition of auto industry agreements for a supplemental layoff pay plan. And Kentucky will decide whether to lower the minimum voting age from 21 to 18.

In the contest for governor of Kentucky, A. B. Chandler is attempting a political comeback. The Republican opponent of the former governor, senator and baseball commissioner is Edwin R. Denney, former U. S. district attorney.

* * *

The choice for mayor of Philadelphia is between veteran Democratic campaigner Richardson Dilworth and Republican W. Thacher Longstreth, 35-year-old advertising executive. Democrats won the post in 1951, ending 67 years of Republican rule.

The referendum proposal in Ohio would permit payment of state unemployment compensation to jobless workers receiving layoff pay from their employers.

Since some states do not permit such dual payments, the auto industry agreements won't be effective until such payments have approval in states in which two-thirds of a company's employes work. If Ohio voters add their approval to that already given in some states, this condition will have been met.

## Chicagoan 'Midwife' Delivers 103rd Baby

CHICAGO (AP)—For a policeman, officer Leo Sherlock does all right as a midwife.

Nicknamed "Midwife Sherlock" by his station house companions, Sherlock helped deliver his 103rd baby over the weekend.

He had only to step across the street from the station house to help deliver a seven-pound girl to Mrs. Helen Farmer, 28. Mother and daughter are reported doing fine.

Sherlock has compiled his record over a 20-year span.

**FIRED BY GODFREY** — Mrs. Ingebord Sorenson, housekeeper for Arthur Godfrey, was fired by the radio and TV star after police questioned her about the marital life of her former employers, Mr. and Mrs. William C. Woodward. Mrs. Sorenson said she resigned a cook-housekeeper at the Woodward's Oyster Bay (N. Y.) home just three weeks before Woodward was shot and killed by his wife, Ann. She had worked for Godfrey just one week.

## Vermont Mill Destroyed as Engine Stands Idle

CHESTER, Vt. (AP) — The main mill of the Vermont Mineral Products, Inc., was destroyed by fire last night while the town's brand new fire engine sat on a railroad flat-car in nearby Gassetts.

Fire chief Albert Damore said the new engine was not ready for delivery while fire swept the mill with a loss estimated unofficially at $50,000.

## Lake Michigan Dropping

# JUNIOR EDITORS

Thanks to Tommy Clarke, 7546 Westlawn, Los Angeles 45, Calif.

Weather—1

**FISHERMAN HEED THE WARNINGS**

Everyone is interested in the weather. One reason is that sudden storms or temperature changes can cause great damage. So nearly everyone pays attention to weather bureau reports.

The United States Weather Bureau has stations all over the nation gathering information for these reports. Through them it sends warnings of frost, cold waves, rain, heavy winds, floods and snow. You can see the reports daily in your newspaper.

Farmers want to know when to plant, plow and reap. Sailors must know the paths of storms so they can reach their ports safely. Merchants are interested in trade prospects affected by the weather. Fishermen who make their living at sea rarely make a move without checking the weather.

Here is a young fisherman with a gaff in one hand. The gaff is a hook which helps bring the fish into the boat. In his other hand the boy carries a net full of fish.

Start your weather collection by coloring this picture and pasting it on light cardboard.

You can attach the boy's left arm behind his shoulder with a brass fastener or bent pin. Fold forward on the dotted lines and the young fisherman will stand up.

JUNIOR EDITORS pays $10 for any reader's idea that is used. Write your suggestion to "Junior Editors" in care of this newspaper; it cannot be acknowledged or returned.

## National Air Lines Buys Passenger Jets

NEW YORK (AP) — National Air Lines has announced an order for six Douglas DC8 jet planes that will be used between New York and Miami and will cut an hour off that flight.

* * *

Delivery of the first of these aircraft, which will carry 130 passengers, is expected in May of 1959. The other five are expected by the summer of 1960.

* * *

National said its six planes will cost $36,000,000 plus $1,400,000 for spare parts. This is the first step in a $95,00,000 fleet expansion program, it added.

The planes, it said, will cruise 556 m.p.h. at altitudes from 30,000 to 40,000 feet and will make the Miami-New York run in 2 hours 20 minutes.

## Housework Easy Without Nagging Backache

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills... get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

# Soviet's 'Waiting' Strategy Put to Acid Test

By JOHN H. MARTIN
INS Foreign Director

The old Soviet thesis that the Western Allies will fall apart — if the Kremlin waits and maneuvers enough — now is being put to the test.

* * *

The Middle Eastern theater is a dangerous one and a place where many conflicting territorial, political and religious problems emerge, as they did in pre-biblical times.

Secretary of State John Foster Dulles negotiates with the Russians in the Big Four Foreign Ministers' meeting in Geneva on chronic European problems. Old ones with a new glint arise in the Holy Land.

**SPLIT RANKS AMONG ALLIES**

The Western Allies themselves are divided and confused on just what should be done. Old rivalries, new blocs, and cross-purposes abound.

**For instance, Spain is friendly with the military regime in Cairo and hostile toward the French handling of nationalist aspirations in Morocco. Spain is a new ally of the United States, but is held outside of the North Atlantic Treaty Organization, of which the United States is the bulwark.**

France is a main ally of the United States. Its colonial policy in Morocco may shake down to controllable proportions. The turns of French policy are vital to the United States because of American military bases in French North Africa.

**The United States carefully tries to keep out of these quarrels, but is deeply involved no matter which way it turns.**

Israel wants U. S. guarantees of its frontiers and arms aid.

**Egypt, getting arms now from the communist bloc to the alarm of Israel and the Western Allies, deliberately is playing off the Western Allies against the Soviet Union in its policy. It wants to see which way the American dollar jumps.**

The United States does not want to provoke the excitable Egyptians or other Arabs unnecessarily because: Egypt controls to a great extent the Suez Canal Waterway; other Arab governments sit atop the immense oil riches in the Middle East.

Britain goes along with some elements of American policy. The London government also would like to see peace restored to the Middle East, but it has diversionary policies of its own.

**Britain is an old hand in the Arab world. It supports the Arab Legion army in Jordan, another neighbor of tightly-squeezed Israel. It tries to keep a hand in the affairs of other Arab lands, but is in bitter quarrels with Egypt and Saudi Arabia.**

Iraq is a partner with Moslem Pakistan, Turkey, Iran and Britain in the Baghdad Pact, yet is hostile to Israel. Saudi-Arabia hates the British but collaborates in mutual richness with American oil brains. Saudi-Arabia also has joined the Syrian-Egyptian military alliance.

* * *

Into this stew the Soviet Union is tossing its own condiments. Washington still is trying to form a policy under almost impossible conditions.

## Business Increasing, Says County Official

One of the indications of business trends in Oakland County can be found in the facts-and-figures report of the Register of Deeds office.

The upgrade tendency continued to be reflected in the October report, just released by county Register of Deeds Orrin McQuaid. Comparison figures show the department processed 13,913 papers last month, an increase of 292 over the October 1954 period, and collected $21,883.95, or $781.80 more than last October.

There were 23 new plats recorded in the county.

In comparison with the same period last year, 423 more deeds, or a total of 3,728, were filed. Mortgages totaled 1,796, a dorp of 29; and chattel mortgages increased 53 for a total of 4,835. There were six bills of sale as against five last October.

The balance of the overall total was made up of 1,299 photostats and miscellaneous papers.

### Headquarters Is Symbol

WASHINGTON (INS) — AFL President George Meany said the teamsters union's swanky new five million dollar headquarters building which he helped to dedicate is a symbol of "the forward look that inspires our whole trade union movement today."

## *Y Toastmasters Schedule Guest Night Program*

A drive to acquaint potential members with its objectives will be launched tomorrow night by the Pontiac Y Toastmasters Club 643 during a special "guest night" program in the Y.M.C.A. building.

The 6:15 p.m. program will be conducted by Sidney Siegel, toastmaster of the evening. Speakers will include George Crabtree, John Greisen, Floyd Levley and Charles Gersten. General critic will be Arthur Canon.

The club's fundamental purpose, according to President Otto Milldebrandt, is to aid members to "master the art of public speaking and to train them for leadership through instruction in standard club procedure."

## Warren's Eloping 'Honeybear' Back From Las Vegas

BEVERLY HILLS, Calif. (AP) — Nina Warren Brien, youngest daughter of Chief Justice Earl Warren, and her doctor husband began housekeeping duties today after a five-day honeymoon in Las Vegas, Nev.

The former Miss Warren, known affectionately as "Honeybear," 22, and Dr. Stuart Brien, 33, a Beverly Hills obstetrician, were wed last Tuesday.

Alighting from a plane last night, the radiant Mrs. Brien told newsmen that her mother will visit them in two weeks. But she said her father "can't get away until later."

* * *

The couple eloped after going together for three months. She was born in Oakland, Calif. Dr. Brien is a native of Pittsburgh.

## Family Quarrel Ends in Murder-Suicide

ATLANTA (AP) — Police said a 44-year-old odd jobs man shot and killed his wife yesterday, then took his own life, ending a family quarrel.

* * *

Dead are Robert Lee Kincaid and his 41-year-old wife Madge, both of this Montmorency County Community.

Sheriff Charles Brown said witnesses reported the couple quarreled continually Saturday and that Kincaid shot his wife with a deer rifle.

The police report said Kincaid then shot himself in the left side of the chest, staggered to a neighbor's home to tell them to notify police, and made his way back to his home where he fired another shot, killing himself.

## Political Tempest Seen Returning to Greek Parties

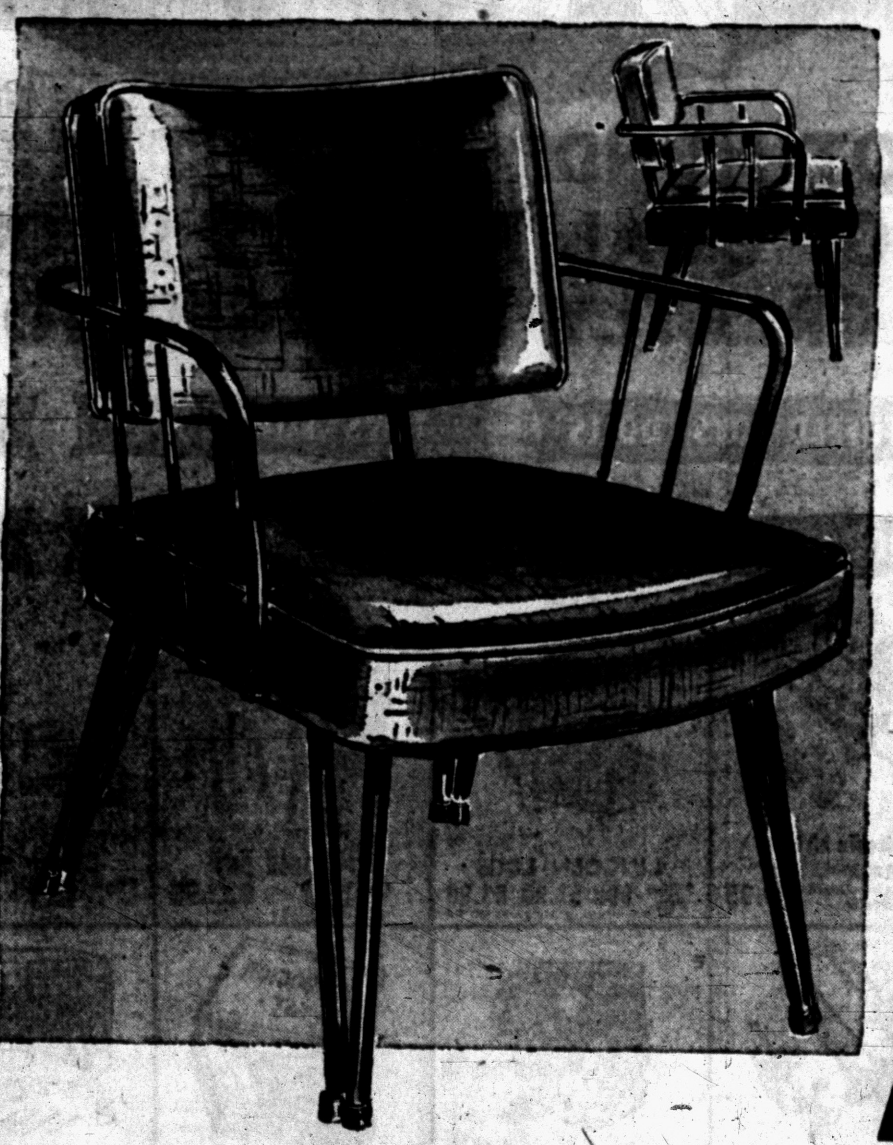

ATHENS (AP)—The political instability that plagued Greece for generations seems to be on the way back.

For nearly two years Marshal Alexander Papagos maintained stability in this NATO country. His death last month virtually disintegrated his Greek Rally party, which had 205 of the 300 seats in Parliament. Constantine Karamanlis, the new prime minister, is the recognized leader of the Rally remnants. His government exists have been pledged for spring. Karamanlis has promised his government will make no major policy decisions without consent of the opposition.

Ten major political groupins, plus a dozen individuals, are negotiating for lineups in the elections. Perennial names in the Greek political picture, submerged by the Papagos landslide in 1952, are coming back.

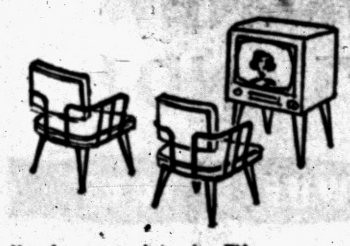

In five years after their liberation the Greeks saw more than 20 governments come and go—all coalitions.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

## ASNE Decries Growth of New Classifications Within Government

Advance for 7 a.m. EST today
By WILLIAM F. ARBOGAST

WASHINGTON (AP)—A spokesman for the American Society of Newspaper Editors expressed concern today over what he called the mushrooming of "new categories of withheld information" in government agencies.

* * *

The ASNE's views were given to a House government operations subcommittee in a prepared statement by J. R. Wiggins, executive editor of the Washington Post and Times Herald and chairman of the ASNE Freedom Of Information Committee.

**EDITORS DISTURBED**

Wiggins said the nation's editors are "disturbed by the withholding of information in many areas of government, local, state and federal, legislative, executive and judicial." He added:

"We think it due to the size of government; to the emigration of governmental power from publicly operated legislative and judicial agencies to secretly operated administrative agencies; to the declining faith in the wisdom of the people which is an aspect of this generation's counter revolution against free institutions; to the requirements of national military security which have increased steadily since World War I."

Because they acknowledge the need for secrecy where national military security is clearly involved, Wiggins said, newsmen generally have accepted the necessity for classification of security data as "top secret," "secret," and "confidential" as provided for in an 1953 executive order signed by President Eisenhower.

But, he said, the secrecy thus permitted "has proven to be infectious and contagious" and matters which officials themselves admit to be nonclassifiable for security reasons "have been withheld."

## To Give Rescue Truck

LELAND (AP) — Karl Detzer, president of this resort village, says an Indianapolis auto dealer has noticed the community Fire Department he will donate a vehicle to serve as a rescue squad truck. The dealer, a Leland summer resident, says he will notify officials when the vehicle is available for delivery.

**POST OFFICE GARAGE DEDICATED** — Col. C. S. Raymond (left), Post Office regional motor vehicle director from Chicago, places the keys to Pontiac's new Post Office Garage in the hand of Floyd A. Gilson who will have charge of the modern building and its staff. Raymond gave the dedicatory address at ceremonies Saturday afternoon. Standing before the microphone is Congressman George A. Dondero and, at the far right, Pontiac's acting postmaster Leslie H. Dean Sr. The garage includes offices, repair shop and 10,000 square feet of paved, fenced parking area for the city's fleet of mail trucks.

# New Post Office Garage Dedication Held Saturday

Post Office and city officials, legislators, civic leaders and a number of private citizens turned out Saturday afternoon to attend the dedication of Pontiac's new Post Office Garage, located at 138 W. Pike St.

Dedicatory address was made by Col. C. S. Raymond of Chicago, regional motor vehicle director for the Post Office Department. He presented the keys and the United States Flag to Floyd W. Gilson, superintendent of the new garage, and congratulated acting postmaster Leslie H. Dean Sr. on his able operation of the Pontiac postal department.

**"The fact that Pontiac is the second fastest growing community in the United States is being given full recognition," Raymond said.**

"This building is brick and mortar evidence of the present administration's efforts to provide this fast-growing, prosperous area with a facility in keeping with the modern progressive spirit which is so evident here."

In addition to Col. Raymond, postmaster Dean introduced Mayor William W. Donaldson and Congressman George A. Dondero, (R-18th District), who also spoke. The Rev. Theodore Allebach, pastor of Oakland Avenue United Presbyterian Church, gave the invocation.

Rep. Dondero pointed out that the new garage "really scored a touchdown for Pontiac."

"It is the only one of its kind in the area," Dondero said, "and it does two things. One, it 'admits' the fast growth of this community. Two, it acknowledges the federal government's awareness that Pontiac is the second fastest growing city in the United States.

"I know it will help by bringing better, more efficient, faster mail service in this, the finest county seat in the United States."

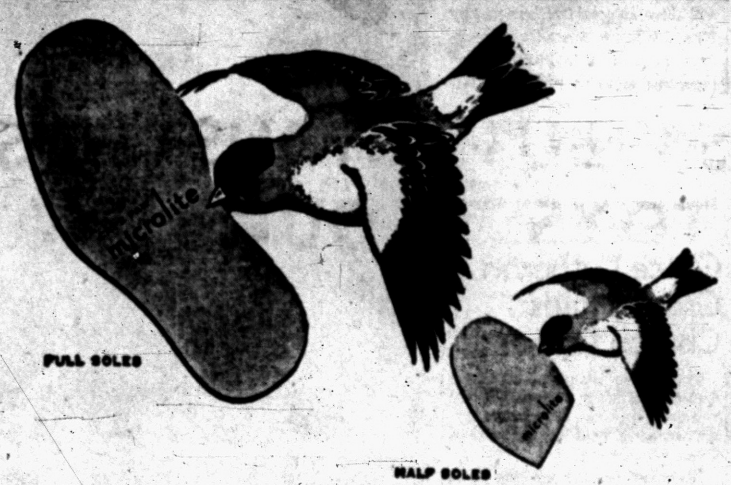

Serving coffee and doughnuts after the formal proceedings were members of the Republican Women's Club, with Mrs. Grace Shulz, president, and Mrs. Clarence Senger acting as hostesses.

On display at the garage were several of the new Post Office mail trucks, painted in the current white, red and blue colors, and featuring the right hand drive designed to streamline the placing of mail in rural mailboxes. Such trucks will replace Pontiac's fleet of 30 mail vehicles as needed, it was revealed.

The new garage includes offices, a repair shop and 10,000 feet of paved, fenced parking area. It will house all Pontiac mail trucks and service others from outlying county areas; It has a five-man staff.

The Pontiac Post Office serves parts of seven townships, with a total population of 135,000. It processes 250,000 pieces of mail on an average day, with each piece being handled eight times. During peak seasons, such as Christmas, the mail increases to as much as 1,000,000 letters and packages per day, according to postmaster Dean.

## Educational Assembly Is Slated

### Will Acquaint Citizenry With Needs of School

Pontiac Council of PTA will hold the White House Conference on Education Tuesday evening at Pontiac High School.

Donald Dolan, director of Family Service at the University of Michigan, acted as consultant to the planning committee.

**The general purpose of this educational conference is to acquaint every citizen with the requirements necessary to meet the needs of the school enrollment and to focus attention on the problems of the schools of Pontiac.**

Seven general discussion topics have been selected, and each group will have local discussion leaders and consultants to furnish information and answer the questions brought out by the discussion group.

PTA presidents and recording secretaries will act as hostesses and recorders.

This "grass roots" activity will afford an opportunity for every local PTA unit and civic group to become involved in these conferences, and to have a voice in the discussion and recommendations that may grow to national proportions.

**Well informed citizens and organizations aware of school programs and problems can promote the theme of this Pontiac White House Conference on Education—"When Citizens Understand—Children Always Win."**

Group 1 will discuss "Meeting the Needs of Mentally and Physically Handicapped." Group leaders will be Lawrence Logsdon, Mrs. William Perrin, Visiting Teacher, Mrs. Erwin Gottschalk, Hearing Consultant, and Mrs. Philip Kinsella, Orthopedic Teacher; Consultants will be William Wright, Director of Special Education and Principal of Linda Vista School, Paul Sullivan, School Psychologist, Eleanor Traut, Physical Therapist, and Mrs. Gerald Flessland, Deaf and Hard of Hearing Teacher.

Group 2 "The Needs of Youth—Programs and Problems" will have Group leaders Dr. Milton H. Bank, Pastor of Central Methodist Church, Helen Lapisch, Teacher at Eastern Junior High School, Mary Ellen Wyngarten, Executive Director of Campfire Girls, and William Treanor, of the Junior Chamber of Commerce; and consultants will be Dr. Russell W. Curtis, Coordinator of Secondary Education, James W. Hunt, Director of Juvenile Services, Paul Allison, director of child accounting and attendance department, and Theodore Wiersema, principal of Jefferson Junior High School.

**Group 3—"Citizen Participation and Public Relations" will have group leaders Ralph Norvell, President of the Chamber of Commerce, and Rabbi S. E. Saperstein of Temple Beth Jacob, with consultants Dr. Dana Whitmer, Superintendent of Pon-**

# Don't Be Afraid to Charge Friends

By ANNE HEYWOOD

The biggest complaint of the woman who starts a home service or a home product is usually, "But I simply cannot charge my friends."

And yet, giving people something for nothing does nobody any good. It keeps them from valuing or enjoying it to the maximum and it makes you feel resentful and put-upon.

**What is the answer? Well, one of my readers in Ohio has solved it pretty well and has some interesting ideas on the subject.**

I will call her Mrs. J.

"I used to be a beauty operator," Mrs. J. writes, "and a good one, if I say so myself.

"I worked in the city, in a deluxe salon, where I did hair styling, facials and makeup. I took my work seriously and studied hard, with the result that I can now tell almost any woman how to make the most of her own particular kind of looks.

**TAUGHT DAUGHTERS**

"When I was married and started our family, I gave up my work. But then, when our two daughters reached 12 and 14, I quite naturally began styling their hair and teaching them the right kind of makeup for their age and looks.

"They are always well groomed and attractive and, first thing I knew, their friends, and the mothers of their friends, were commenting on it, and asking my help.

"Now, of course, I love to do it, so I began helping many of the girls in our community—for free, of course. But the trouble is, you're never really finished.

"Beauty care and grooming is a permanent thing, which goes on week after week. Hair has to be cut and styled regularly.

"And it takes hours and hours to teach a girl how to apply makeup correctly, how to care for hands and nails and what exercises will improve and maintain the proper posture.

* * *

"I found myself working like a dog—for nothing. And more than that, the girls, much though they appreciated it, did take it for granted, and often missed their 'appointments.'

"Finally, I decided to put a stop to it.

**DEPRIVED OF SERVICE**

"I told everybody—the girls and their mothers—that I simply could not spend this much time, etc., etc. Once they were deprived of my services, they really began to appreciate what they had had.

"Finally, they approached me and insisted that I continue for a fee.

"I made this arrangement:

"I 'book' six girls every Tuesday afternoon and six every Thursday, at 50 cents each. One week I'll do hair, one week I'll teach skin care, or hand and nail care, or posture, or clothes. I make six dollars a week.

"It begins to look as if I'll have to take on another weekly session, my 'service' has grown so popular.

"The extra money is nice to have, the work is fun and now, because they're paying for it, the girls really value what I do!"

MRS. PAUL HAGLE

MRS. ROY WILTON

*Mrs. Paul Hagle and Mrs. Roy Wilton were honored by Pontiac Chapter of OES Saturday evening at Waterford Township High School. Mrs. Hagle is the worthy grand matron of the grand chapter of Michigan and Mrs. Wilton is the grand Martha.*

## *Two Honored at Reception Held Saturday Evening*

The Pontiac chapter 228 of OES honored Mrs. Paul Hagle, worthy grand matron of Grand chapter of Michigan, with a reception and dinner dance Saturday evening at Waterford Township High School.

Among Mrs. Hagle's achievements are terms served as worthy matron of her chapter, president of Oakland County Association, eight years as grand guardian and grand secretary of the state and senior custodian of supreme council of Job's Daughters. She was appointed as grand Electa in 1951-52, elected associate grand conductress in 1953 and associate grand matron 1954.

She also organized Bethel No. Five Jobs Daughters of Pontiac.

**Also honored Saturday evening was Mrs. Roy Wilton who was appointed to serve as grand Martha. She is a former worthy matron of Pontiac chapter 228.**

Mrs. Iva Campbell served as mistress of ceremonies. The Rev. Fred Tiffany gave the invocation. The Rev. T. C. Sleete of the Littlefield Baptist Church of Detroit gave the address.

Mrs. Hagle, worthy grand matron, and W. Tom Cromley, worthy grand patron, led the grand march.

Greetings were given from guests of the chapter. Ervin Mills, worshipful master of Pontiac Lodge 21, Elizabeth Rockefellow, honored queen of Bethel Number Five, Keith Middledorf, senior counselor of Pontiac DeMolay and Richard Krugler, state master counselor of Michigan.

Serving on the reception committee were Mrs. Frank Green, Mrs. Ronald West and Mrs. William Sherwood.

**Mrs. Earl Ross was general chairman and Mrs. Peter D. Larson, co-chairman of the affair. Invitations were handled by Mrs. Claud Coons, Mrs. Blanche Woodman and Mrs. Ernestine Thompson. Mrs. Arthur MacAdams made program arrangements. Serving on the decorations committee were Mr. and Mrs. Samuel Smith, Mrs. Arthur Augustine and Mrs. Kenneth Anthony.**

Mrs. Walter Drake and Mrs. Vern Griffin handled gifts, Mrs. Harry Boorn and E. Grace Clark, guest book and Harry Boorn and past patrons, tables.

Housing was arranged by Mrs. Wayne Reaver and Mrs. Clyde Fellows. Mrs. Davy Gilpin handled publicity, Mrs. Marie Gix, Mrs. Ernest Pearson, and Mrs. Kemp Webb, refreshments; and Mrs. Charles Jones and Pontiac 228 officers, hospitality.

**IF newest satin coats—**

*Tall figure carries cape collar, very full, very short coat. Short figure needs less collar, straighter, longer length coat.*

The satin coat reflects the greater degree of formality in clothes and every woman will want one of these dressy coats. Balenciaga's cape collar coat "as wide as it is long" needs tall figures, but smaller woman modify.

A good way to guard against shrinkage of cotton knits if they're dried in the electric or gas dryer is to dry them in the same load as Turkish towels. They keep knits from becoming too dry.

## Not Prudish to Display Good Taste

### Woman Who Lives Alone Keeps Dates Out of Apartment

By EMILY POST

"I am a young businesswoman in the early 30's. I live alone in a three-room apartment. I have dates with men friends quite often.

"When I return home from a date, the young man sees me to my apartment door and usually expects to be asked in. Will you please tell me how I can tell a man that he cannot come in without seeming prudish?"

**Answer: It certainly is not prudish to show the young man that you have been well brought up.**

"Dear Mrs. Post: The other evening while I was on my way to visit a friend who lives in the suburbs, I got a flat tire. As I was not near a garage (and I do not know how to change a tire myself) I pulled over to the side of the road and flagged a passing car.

"A man stopped and changed my tire for me. I thanked him of course for doing this, but I would like to know if I should have given him a tip."

Answer: You certainly should have offered him what it would have cost you in a garage.

**"Dear Mrs. Post: Is it, or is it not proper, for a teenager to greet an older person first when meeting on the street? I have taught my children always to greet an older person first, but it seems in this community to which we have just moved, young people wait for the older person to speak first. Which is correct?"**

Answer: For the reason that the sight of the young is so much more alert than of the old, it is obviously best that the young not only make the first move, but also announce themselves when doing so.

## Old Sparkle Jewelry for Evening Fading

In evening jewelry the movement is away from "Sparkle," which stands alone, and towards the subtle blend of tone-on-tone bibs and bracelets, the perfect complement for that starlight look.

In five different gem colors combined with smooth, satiny pearls, "Brocade" is especially created for the new delicate laces and sophisticated satins.

## 'Old World' Atmosphere Puts Zip in Apartment

A touch of "old world" atmosphere can put zip into a dreary apartment or the basement recreation room and leave change from a 10-dollar bill. Set the pace with posters.

After all, you don't need to go to France to collect a handsome travel poster of one of La Belle's famous landmarks. Nor need you have a ringside seat at the bull fight to acquire a Spanish advertisement of the event. And it's not necessary to stroll the English countryside to pin up a brilliantly colored view of same.

Foreign tourist offices, travel companies and agencies can be persuaded to part with a poster or two. If you'll take a few minutes at the public library to look through ads in the backs of literary magazines you can locate mail-order houses that sell posters by the bundle.

**A few years ago when I was a career girl (turned homemaker) it was considered atmospheric as all get out to stick a candle in an Italian wine bottle and plant it on a red-checked tablecloth. Mine never quite achieved the interesting, multicolored candle drippings I thought so provincial and gay. And I spent a lot of time scraping tallow off the cloth.**

Today's version, the cognac brandy-bottle lamp complete with a shade racily decorated with foreign labels is to my mind, just as good looking and considerably more practical.

I hasten to add that you don't need to drink up the contents to get the empty bottle. Empty cognac bottles about 20 inches high with a five-inch diameter base can be purchased for about $2.50. One young New Yorker took such a bottle, added a lamp adapter (cost $1.50) and a burnished-gold lamp shade (on sale at 49 cents) to make the lamp.

**To decorate the shade, she wrote to individual liqueur importers who obligingly sent labels of their better brands. These she glued onto the shade with rubber cement. Result is a handsome lamp that looks as if it's worth more than its actual cost.**

She plays up the lamp on a table below a poster acquired from the French tourist office of a scene from the cognac-producing area. A similar idea could be played on another theme. Luggage stickers from steamship companies or airlines could decorate the shade and take their cue from a vivid ship or air travel poster.

Posters to dress up the walls can be mounted temporarily with masking tape. If you want to make more of a production out of the job, mount the posters on heavy cardboard and give them a protective coat of shellac or plastic spray, then hang them framed or unframed.

Hooks mounted on adhesive-backed paper which you buy at the hardware store will support the weight without damaging the wall. (This is a point to remember if you have a landlord opposed to nails in his walls.)

## Construct Your Own School Bookshelves

Bookcases, a necessary item for the college girl, can be made at home — and can be made to look very attractive.

Orange crates painted different colors are good for holding books, but a new idea is built around bricks. Get some regular red or white building bricks and place boards over several layers of them to create two or three shelves. You can paint shelves any color.

# Roll Dough Into Sheets for Cookies

## Mrs. Boice Fills, Cuts Date Strips Before Baking

By JANET ODELL

Pontiac Press Home Editor

Filled date cookies are not new, but the method of making them, as given by Mrs. Gordon Boice, is. It is a quicker method than rolling and cutting, then filling.

With a job outside her home, Mrs. Boice doesn't find time for many social or club activities. She has two sons, one in the Navy and one in grade school. She's a member of the Mother Club of the Boys Club. A favorite sport is bowling.

**DATE COOKIES**

**By Mrs. Gordon Boice**

2 cups chopped dates
½ cup cold water
2½ cups rolled oats
2½ cups sifted cake flour
1 cup brown sugar
1 cup butter or shortening
½ teaspoon baking soda
1 cup sugar
2 tablespoons hot water
¼ teaspoon salt

Combine dates, sugar and cold water. Simmer until dates are soft and sirup is thick. Cream butter or shortening and brown sugar. Sift flour, measure and resift with soda and salt. Add rolled oats. Combine with creamed sugar and shortening. Add hot water. Mix thoroughly.

Divide dough into 2 portions. Turn onto lightly floured board. Roll each portion into an oblong 1-8-inch thick. Spread date filling on one sheet. Cover with second sheet. Cut in oblongs 1x3 inches. Place on lightly floured baking sheet. Bake in hot oven (425 degrees) about 15 minutes. Makes 30 servings.

## Old Fashioned Supper Can Be Taste Treat

Try a menu of ham scrapple, lima beans, cottage cheese, bread with celery butter and baked apples for an old-fashioned country supper.

To make ham scrapple, add chopped cooked ham to hot cornmeal mush and pour into a pan to mold; then chill, slice thin and pan-fry over the direct flame of the top burner until the slices are a golden brown.

Serve the cottage cheese as a relish; whip the cheese until smooth and add chopped chives tomatoes and green peppers.

## Sunset Club to Plan Thanksgiving Party

Members of the Sunset Club are planning a Thanksgiving Day party Nov. 17 at Wilson school. The group will contribute food for a Thanksgiving basket to be given to a needy family.

# Betty Furness – The Leader of 'Best Salesmen'

This is the eighth of ten articles by a noted INS reporter on the private and professional lives of America's most glamorous and successful models.

By JAMES L. KILGALLEN

Television is the modeling profession's new "million dollar baby."

* * *

Models with special talent are discovering a potential "gold mine" in TV, which is reaching out and hiring glamorous young women to advertise products ranging from cigarettes to motor cars.

Ex-model Betty Furness has led the way. TV has "made" her.

**The new present-day crop of models are following in Betty's footsteps, notably a young woman known as "Roxanne."**

"Roxanne" is a blonde beauty, 25 years old, formerly Dolores Rosedale of Minneapolis, and now Mrs. Thomas Roddy, wife of a manufacturer of collapsible motor scooters. "Roxanne" has been modeling in New York for the past five years but — like other youngsters—she long since recognized and took advantage of the possibilities of television.

Modeling is a dollar-studded profession for girls who know how to "sell." TV is even more alluring than modeling, financially — and perhaps otherwise. One appearance on TV can make a model known from coast to coast.

**FOREMOST SALESMAN**

Blonde and stylish Betty Furness, a one-time Powers model, is today generally conceded to be the foremost feminine "salesman" on TV—the leader of them all. She appears every Monday evening on the Westinghouse award-winning series, "Studio One," and is a fine example of a career woman who has made good in a big way. She has played roles on stage, screen, radio and television.

**Betty is without a peer in selling kitchen gadgets and other home appliances on TV. She owes a lot to her early training as a model. Years ago the refined, well-educated Betty impressed John Powers, the famous agency man, when she was one of his models. She had looks, clear and precise diction, and a well-modulated contralto voice.**

Powers arranged a screen test for Betty. This was in 1932 when talking pictures were begging for intelligent, good-looking people who could talk—as well as act.

She went to Hollywood and made 35 pictures. Her next venture was the legitimate stage. She appeared on Broadway and on tour with national companies of two stage hits, "My Sister Eileen" and "Dough-girls."

These experiences equipped Betty for her spectacular advent on TV.

**STARTED PARADE**

When Betty started talking about electrical products on television — back in June, 1949—sponsors were just beginning to realize that a woman salesman had a certain commercial manner that was far more convincing than the male announcer who seemed out-of-place in the kitchen.

**As Betty began talking to the TV cameras on "Studio One" about kitchen gadgets, sales of such electrical appliances jumped. Betty became a TV personality.**

Then came the Westinghouse-sponsored Chicago political conventions, the football telecasts, the Betty Furness daytime show—and Betty's new career skyrocketed her once again to fame and fortune to the tune of a reported $75,000 a year.

Betty came by her talents naturally. Her father was the late George C. Furness, one of the early pioneers of radio—a director, producer and announcer.

**THE REAL SPRINGBOARD**

"Modeling was undoubtedly the springboard that led to my career as a motion picture actress, and what followed afterwards," Miss Furness told International News Service.

"I think modeling is a wonderful start for any kind of a career, as it teaches physical poise and grace, which is important in any line of work.

**If a girl appears to have poise when she enters a room, she immediately puts everyone else at ease. This can be a big help, even if the poise is at first only on the surface.**

"I believe a modeling course can be valuable whether a girl plans a career or not, for this very same reason."

Betty, now at the peak of her career, lives in a beautiful apartment on New York's East Side with her daughter Barbara, aged 15. Betty was divorced in 1943 from Johnny Green, the composer, whom she had married in 1938.

**HERE'S ROXANNE**

Now, let's get to "Roxanne," the comparative newcomer who is making great strides on TV. "Roxanne" is finding television so remunerative that she does not do as much modeling as she did a few years back.

**"Roxanne," a striking-looking blonde with toothpaste smile and a dimple, started modeling when she arrived in New York from Minneapolis in 1950. She found no trouble getting her first job as a model. Within a year or so, she was on TV, too.**

For the past four years she has been seen by millions of viewers on the TV "Beat the Clock" program, introducing contestants, doing commercials and giving away prizes.

She also did commercials on the Perry Como (Chesterfield cigarettes) show for a cople of years. Sylvania Electric (advertising TV sets and parts) sent her around the country attending sales meetings and making personal appearances.

* * *

Her first three years as a model were with the Conover Agency, the next three years with Huntington Hartford. She had a fling at the movies, playing the dream girl in "The Seven Year Itch"—a take-off on the "From Here to Eternity" beach scene.

**OUT OF ACTION**

"Roxanne" is temporarily out of action on TV because she is expecting a baby. She spends much of her spare time at the neighborhood playhouse school of the theater in Manhattan studying drama under the direction of Sandy Meisner, the well-known coach.

**She says it's easier to make big money on TV than modeling. Sometimes her TV commercials are filmed and if they run thirteen weeks on television she is paid additionally for the subsequent showings. She does not sing on commercials but some day she hopes to, after she becomes more proficient in her singing lessons.**

Other top New York models have their eyes on TV. They realize the value of personal publicity and know what television can do for them. TV is a "show window" deluxe.

A Neilson TV survey early this year showed that an 18-year-old Conover model — actress on the Dinah Shore network—was seen in 6,164,000 homes as she delivered the commercial portion of the program.

**QUALIFICATIONS**

Models proficient in ice-skating, fencing, water skiing, horseback riding, tennis, swimming and bowling are highly suitable for delivering certain commercials. And girls who are musically inclined and can play the piano, violin, harp or other instrument are able to put their talents to profitable use.

**Girls acceptable in TV must have the right physical assets—facial animation, poise and self-confidence, good diction, voice quality and tone and a smoothness of delivery and expression.**

Often an automobile sponsor will accentuate the low, long-slung lines of a motor car by using a tall model-actress; a smaller girl will be used to illustrate the roominess of the automobile.

* * *

The sexy, siren-type is ruled out because they do not register "believability." Personality and charm count heavily. Excellent teeth, expressive eyes and a thin, straight nose are distinct assets. The hair shade is optional but TV seems to have a preference for models whose hair colorings are strawberry blonde or titian red.

# YWCA Slates Annual World Fellowship Vesper Service

For the first time, the Pontiac YWCA this year will hold a World Fellowship vesper service at the same time, and duplicating as closely as possible, the National YWCA's annual observance of World Fellowship week at the vesper service in the National Cathedral in Washington, D. C. The local, like the National service, is scheduled for Sunday, Nov. 13, at 4 p.m.

The Pontiac service of which Mrs. Robert Anderson is chairman, will be held in the First Presbyterian Church.

Guest speaker will be Helen Kirchner of Wiesbaden, Germany, who arrived in the United States in September to do graduate work in social welfare administration at the University of Michigan.

Miss Kirchner, who was director of the Refugee and Escapee division of the World Council of Churches, will take for her topic the theme of the sermon being delivered in the Washington service by Dr. Eugene Carson Blake, President of the National Council of Churches, "They Saw and Believed."

The vesper service will be open to the public, with an informal coffee hour following at the YWCA on Franklin Blvd., so that everyone will have a chance to meet Miss Kirchner, who is what would be called, in this country, a medical social worker.

A feature of the local service will be a processional of Y-Teens, representing the 60 countries of the world in which the YWCA operates. In Washington, Y-Teens from all 48 states, Alaska, Honolulu and the District of Columbia, as well as many foreign delegates to the service, will take part in the gift-bringing ceremony and processional.

Money raised in the United States for World Fellowship is used to send American staff members to service abroad, bring foreign staff here for training, assist war-torn and otherwise devastated YWCAs in carry on their work, and in setting up new Ys in countries asking for them.

New president of the World's YWCA, Isabel Catto of London, will be a special guest at the Washington service. Following the service, the British Ambassador to the United States, Sir Roger Makins, and Lady Makins will give a reception at the British Embassy to representatives of the YWCA. The Washington YWCA will give a dessert party preceding the service for the hundreds upon hundreds of visitors from all parts of the country and elsewhere throughout the world who will journey to Washington especially for the service, which is one of the traditional highlights of the YWCA year.

## New Eyebrow Trick

If you have trouble making eyebrow make-up look natural, here's a new trick. Brush brows the wrong way. While they're turned inside out, pencil them with short, hair-like strokes, first with one pencil, then the other. That done, brush brows the right way and complete the pencilling. They won't look like pencil marks at all!

## Bloomfield Hills Garden, Farm Society Meets

The Bloomfield Hills Branch of the Woman's National Farm and Garden Association met today at the Bloomfield Hills home of Mrs. Edward S. Wellock.

Mrs. J. Hawley Otis, president, presided at the business meeting. Taking part in the club's discussion were Mrs. Leslie H. Green, Mrs. Donald D. James, Mrs. Frederick G. Weed, Mrs. Dean Draper, Mrs. William E. Beresford and Mrs. Henry C. Johnson.

Following the business meeting, Mrs. Edgar B. Flint, program chairman, introduced Lawrence Davis, the club's scholarship student. Mr. Davis attends the University of Michigan and works with the conservation program at the University. He spoke on "The Activities of a Student of Forestry."

Mrs. William C. Ferguson was in charge of the social hour and Mrs. DeForest W. Candler, Mrs. S. V. Norton, Mrs. Edward P. Turner and Mrs. L. R. Twyman poured.

New plastic tableware items are ideal for small fry.

Tumblers, cups and partitioned plates with interesting decorations can be just as attractive as real china and your little one will never know the difference. Wash them carefully after each use.

## Church Puts on Fashion Show

A fashion show will be presented Nov. 10 at St. Trinity Lutheran Church. The show is sponsored jointly by the St. Trinity Lutheran Ladies Guild and the school Parent-Teacher Council.

Both adult and children's clothes will be modeled, with fashions from J. C. Penney Store. Mrs. Helen Schlie will be the representative.

Co-chairmen for the event are Mrs. William Dick and Mrs. Ralph Claus have announced that refreshments will be served and prizes will be distributed. Tickets may be obtained from members of either organization or at the door.

# $14,000 Damage Done by Blaze

## Fire Destroys Hallman Lumber Company in Farmington

FARMINGTON TOWNSHIP — A two-alarm fire caused $14,000 damage yesterday at the Hallman Lumber Co., at 31171 Ten Mile Rd.

The blaze was discovered at 7 a.m. Sunday and Farmington Township firemen, under the direction of Raymond Geary and Leo Hendryx, fought a losing three-hour battle in an effort to bring the blaze under control.

**Farmington Fire Chief Geary said the fire started in a small office building of undetermined origin. The building was destroyed and the fire spread to adjoining stored lumber. He said an investigation would be made.**

E. J. Hallman, owner of the company, said he would begin to rebuild immediately, despite the fact that the loss was not entirely covered by insurance.

## Uncle Sam Sells Surplus Butter to Candy Firms

WASHINGTON (INS) — About three and one-half million pounds of government-owned surplus butter has been sold to chocolate and candy manufacturers to be used as an extender for cocoa butter.

The Agriculture Department says these sales have been made since the program was begun Dec. 24, 1953. Sales are made at about 25 cents per pound, although competitive bids determine the exact price.

**A department spokesman explains that the plan is designed to help the government rid its warehouses of surplus butter taken over under the price support program.**

Since 1953, the government has —through various programs—gotten rid of 737 million pounds of butter, most of it going into domestic and foreign charitable outlets.

## County Deaths

**Elvay (Veda) Spencer**

IMLAY CITY — Service for Elvay (Veda) Spencer, 90, of Lum, who died Saturday, will be held at 2:30 p.m. Tuesday at the Lum Free Methodist Church, with burial in Lum Cemetery. The body will be at the Muir Brothers Funeral Home, Imlay City, until 1:30 p.m. Tuesday.

He is survived by a step-daughter, Mrs. Florence Bradley, Pontiac; a step-son Edward Churchill, of Pontiac; a nephew Guy Huntley of Lapeer and Loren Huntley of Lum, another nephew.

**Ray Spears**

LAPEER — Service for Ray Spears, 65, 737 Madison St., will be held at 2 p.m. Tuesday from the Baird Funeral Home, with burial following in Mt. Hope Cemetery. Mr. Spears died suddenly Sunday morning.

He is survived by his widow, Margaret and a number of cousins.

**Harriet A. Munsil**

ORTONVILLE—Graveside service was held at 11 a.m. today in Oak Hill Cemetery for Harriet Ann Munsil, who died at birth Saturday in Pontiac General Hospital. She was the daughter of Leo S. and Mary A. Kimmins Munsil of 1753 Hayes St. Arrangements were completed by the Voorhees Siple Funeral Home, Pontiac.

Surviving are her parents; her grandparents, Mr. and Mrs. Richard H. Kimmins, Ortonville and Mrs. Elsie Munsil of Rivera, Calif.; one sister, Dana A. and five brothers, Richard G., James L., Robert L., Allyn K. and Dennis M., all at home.

# 'Parent-Teenager' Talk Slated at Holly Area High

HOLLY — Holly Area High School PTA will meet in the high school band room at 8 p.m. Tuesday. The Rev. Lewis Sutton, pastor of the Calvary Methodist Church, will speak on "Parent-Teenager Relationship".

Nominations and election of mother vice president will be held and members will vote on a new meeting date.

**A skating party is being given to the home room which has the most parents present. However, a home room must have 30 per cent parent attendance to qualify for competition.**

Mothers of the seniors will furnish refreshments for the social hour following the program.

**Almont**

Almont PTA met at the High School Thursday. Eugene Nikkari and Courtney Carr, principal and guidance instructor, respectively, spoke on "Helping the Student Select His Own Vocation in the Educational Field."

**North Branch**

**A penal discussion of the influence on children of comic books and TV was the feature of the recent PTA program held at the school auditorium. Participating in the discussion were Mrs. Roy Torr, Mrs. Christopher Margrif, Mrs. Ferris Fox and Albert Stickle, the latter two the elementary and senior high school principals.**

A buffet lunch was served by the committee.

Mrs. Spencer Wilson is in charge of the preparation of the "money packages" for the holiday tree at the December meeting. These funds will purchase CARE allotments of books to be sent to children overseas.

JACK W. BARNES

The appointment of Jack W. Barnes to the post of assistant manager by the board of directors of the Michigan Milk Producers Assn. was announced on Nov. 1 by H. F. Simmons, secretary-manager. Barnes is a Michigan farm boy, born and raised in Branch County, near Coldwater, where he was active as a 4-H Club member for nine years.

## Autos Kill 4 Deer in Brighton Area

BRIGHTON (AP) — Four deer were killed in tangling with automobiles Saturday night and early Sunday in the Brighton area of Southeastern Michigan state police reported.

Arnold Gaffka, 22, of South Lyon, said a deer jumped in front of his car on U. S. 23 near Brighton. Some one walked off with the carcass while he was calling police. He estimated damage to his car at $300.

**Edward Stalker, 58, of Bay City, said he collided with a deer on U. S. 23 in the same area. The carcass was turned over to state officials.**

Police said two other deer were killed on M59 near U. S. 23. The drivers did not stop to make a report.

## Ask Farmers Cut Spring Produce 2 Per Cent in '56

WASHINGTON (INS)—The Agriculture Department has asked farmers to grow two per cent fewer fresh spring vegetables in 1956 than in 1955.

**In addition, the government hopes early commercial spring potato output will be cut by 13 per cent from last year. Recommendations for spring melon acreage are the same as in 1955.**

The recommendations are included in the Department's Spring Planting guide.

## Slates Chicken Dinner

SEYMOUR LAKE—The Seymour Lake WSCS will sponsor a fried chicken dinner in the church house on Sashabaw Road Wednesday evening, Nov. 9.

# Three Hundred Witness Candlelight Ceremony

WHITE LAKE TOWNSHIP — Jeanne Elaine Vredevoogd, daughter of Mr. and Mrs. Clarence Vredevoogd, 8482 Beers Rd., Swartz Creek became the bride Saturday of Gerald E. Hartz, 5070 McLean St., Swartz Creek, son of Mrs. Steve Alexader, 9360 Gale Rd., Pontiac. Approximately 300 guests witnessed the candlelight ceremony.

* * *

The bride chose a bouffant taffeta dress with a jacket buttoned to a small Peter Pan collar. A fingertip veil was held in place by a crown of iridescent pearls. Her bouquet was a fan shape, composed of pink and white rose buds.

**Mrs. Douglas Violette was her sister's matron of honor and Mary Kay Smith and Maxine Corrin were bridesmaids. Linda Lee Violette was flower girl and Billy Vredevoogd lighted the candelabra.**

Ivan Tibbits was best man for the bridegroom and seating the guests were Ronald Ringlien and James Vredevoogd.

* * *

A reception was held following the ceremony at the IOOF Hall in Swartz Creek.

After a honeymoon to New York City, Mr. and Mrs. Hartz will reside at 416 Avon St. in Flint.

# Dems Split on Strategy

NO ROOM FOR A TOOT — Whether he can inhale enough to toot a toot is the problem facing M.Sgt. Edward Grace as he sits in a German-made Isetta with its owner, Col. George S. Howard. ## Factions Vying on Attack Plans of '56 Elections

### Health and Philosophy of President Present Assault Points

By JACK BELL

WASHINGTON (AP) — Democratic leaders are reported in disagreement over whether to strike directly at President Eisenhower in next year's campaign even if he runs again.

* * *

One group of Democrats was represented as believing that public sympathy for the President because of his heart attack is such that a direct attack would be politically unwise.

* * *

But another faction was said to feel that the Democrats will have little chance of electing a president next year if they do not identify Eisenhower directly with the GOP record they are assailing—particularly if Eisenhower should seek a second term.

**BE KIND TO IKE**

Even this group, however, apparently would make the President only a secondary target if he chose not to run again.

* * *

The be-kind-to-Eisenhower theory seems likely to be followed by Sen. Lyndon B. Johnson of Texas, the Senate Democratic leader, and other congressional leaders who have been paving the way for action on what they call a "moderate" Democratic legislative program.

* * *

Johnson never gave much encouragement to chairman Paul M. Butler and other Democratic National Committee officials who had embarked—before the presidential heart attack—on a campaign of striking directly at Eisenhower.

* * *

Since the President's illness Butler has not repeated these attacks and some other Democrats have gone out of their way to display political courtesy to the President.

**KEFAUVER COMMENTS**

Sen. Kefauver (D-Tenn), a potential candidate for the 1956 Democratic presidential nomination, recently criticized those among the Republican party ranks who he said seemed to want Eisenhower to retire before his present term expires.

* * *

In a speech at Dayton, Ohio, last night, Kefauver said Eisenhower's "great crusade has bogged down in a sorry mess of deals and favoritism." The Tennessean called for dismissal of administration appointees whose ethical standards he questioned.

* * *

But Kefauver noted that Eisenhower is ill and said the President probably hadn't read about the latest of these cases. He demanded to know what the Eisenhower "team" was going to do about it, without calling on Eisenhower himself to act.

* * *

Republicans are generally confident that if Eisenhower isn't himself a candidate, he will give active campaign support to the nominee. Virtually all GOP leaders agree that their nominee will have to run on the Eisenhower record.

**IKE PHILOSOPHY**

Republican National Chairman Leonard W. Hall hit this theme in prepared remarks for a Western GOP conference at Portland, Ore., yesterday. He said:

* * *

"The philosophy of the President is the philosophy of the party; his record is the platform we will stand on next year. In that respect nothing has changed since the sudden illness of the President."

When he spoke, however, Hall left out this reference to the Eisenhower record and discussed other matters at greater length.

* * *

Hall talked of strengthening the GOP for what he said would be a 1956 victory. He told of moves to add young people to the party, attract non-Republicans who like Eisenhower's program and to get more active volunteer workers.

* * *

Secretary of the Interior McKay told the group of a need to "carry the fight to every precinct and county worker in the West next year."

* * *

McKay said spending of previous Democratic administrations had posed a threat to the nation's free economy, but that the Eisenhower administration is succeeding in cutting down federal outlays.

WELL-ROUNDED LIBRARY — Here is the latest in library equipment, complete with fur wrap. Guaranteed to sizzle the jackets off most books is Marilyn Monroe, who opens her mouth in ecstasy over some newly acquired rare volume to put on the shelves behind her. What shelves? Look again.

## Marilyn Eyes New York, Millions Eye Right Back

(Editor's Note: This is the third in a series of articles on Marilyn Monroe, who maintains she wants "out" of the typecasting which relegates her to hip-swinging roles in motion pictures.)

For nine months now, Marilyn Monroe has studied New York—and New York has studied Marilyn Monroe.

The city's students of American folklore (not to mention the scholars of physical culture) who have joined in recent research on the visitor have fairly unanimously gained this impression:

**The reigning Hollywood goddess of love very often seems like a waif in Aphrodite's clothing.**

Surely the least expected appraisal of a personage representing the ideal in feminine desirability, the gloriously unattainable in physical appeal, is this:

"Marilyn Monroe is a sweet, sensitive, genuinely modest girl, refreshingly naive and simple. Glamor? Glamor is sure, intriguing, mysterious. Marilyn is plainly lonely and lost."

But in varying combinations, and always spoken with affection, it is the most frequently expressed judgment.

**CHILDLIKE QUALITY**

An ingenuousness that is at once natural and yet not without awareness of its effectiveness almost always suggests that she is in dire need of protection.

A New Yorker, whose experience with movie queens is limited, found himself on a weekend house party acquaintance "wanting to go out and find a white horse and a suit of armor to rescue the maiden in distress."

"I don't discount her physical attractions," he related. "They are powerfully appealing. Apart from these, in an informal social group she frequently seems like a child that's wandered into a home where nobody speaks its language. It's the childlike, almost plaintive quality, that leaves the deepest impression."

The quality might seem less than genuine if it failed to evoke a complementary response in women. But, instead of talons, she unsheathes the maternal among housewives who entertain no hopes of competing with her physical attributes.

"She seems so uncertain of herself," one recalls, "so eager to please and so helpless that you want to take her in your arms and mother her."

The contrast between the screen legend and the reality is thrown into sharpest focus on the occasions that Marilyn appears at the little parties of New York sophisticates into which her new residence has led her.

**UNNOTICED AT PARTY**

In a situation where she is neither required to shine or perform and is accepted as another guest rather than the leading cinematic phenomenon, she is at once most at home and most alone.

When she walked into a party given by attorney-producer Jay Jullen not long ago, some of the guests failed to recognize her at first.

"Without makeup," reports one member of the party, "she has a sort of scrubbed-pink look. She was wearing a very tight black skirt and beige cashmere sweater and altogether she look very young—like a corn-fed midwest high school cheerleader. The platinum hair finally tipped me off."

She wandered about the room, listening but generally refraining from joining in on little group conversations, and finally settled by the bookcase whose contents she proceeded to examine studiously.

She confided to another guest that she was searching for a book on Goya.

"She had seen the Goya etchings at the Metropolitan Museum and she said she loved Goya. Also she loved El Greco.

"I don't mean to be unkind. Her conversational resources are pretty limited, but she's obviously extraordinarily uncertain of herself and shy with casual acquaintances.

"She has a wonderfully disarming way of staring big-eyed up at you when you're talking to her. Her attention doesn't wander. It's very nice."

**HAS NATIVE SHREWDNESS**

For all her uncertainty, Marilyn is a woman with a good deal of native shrewdness. With keen instinct, she has acquired a circle of friends that includes Lee Strasberg, her acting teacher; poet-playwright Norman Rosten; actor Eli Wallach—and, significantly, their wives.

Most of her new-found intimates have several qualities in common. Their creative work is public, but their ways of life are determinedly private and unpretentious.

They accept Miss Monroe with all her limitations, without making any demands on her, and they are, uniformly, more eager to shield her than to exploit the friendship.

Indeed, shielding her has occasionally been necessary to forestall panic and possible mayhem. Her visits to the suburban homes of her friends can sometimes be a strain on the community honored, the host, or both.

She has divided her out-of-town weekends among the Westport, Conn., home of her good friend and business partner, Milton L. Greene, and his wife; Strasberg's summer cottage on Fire Island; and at Rosten's summer place near Port Jefferson, L. I.

**POLICE GUARD HER ON BEACH**

Celebrities at Fire Island's Ocean Beach are almost as common as clam shells and usually treated as casually. Yet in keeping with the unique flavor of the interest in this celebrity, the crowds around Marilyn Monroe on the beach grew so dense and bothersome one weekend that a police guard reportedly was provided by the local authorities.

A beach appearance at Port Jefferson a few weeks later resulted in a near mob scene.

When she stays in town for the weekend, she regularly descends from the Waldorf Towers, packs two bicycles into her car and with her secretary, drives to Brooklyn.

They pedal down Ocean Parkway to Coney Island where, despite conspicuously Hollywoodian dark glasses, they stand unnoticed at Nathan's, washing down frankfurters with root beer.

Except for the few manifestations of frenzy among her fans, Marilyn tells her friends, her life in and around New York has given her a freedom and happiness which she has seldom experienced.

Marilyn appears to consider her new New York friends largely responsible for her new bliss.

A product of foster-home upbringing, she is a model houseguest. She plays with the children in her friends' homes, helps with the dishes, makes her own bed and doesn't litter the place with her belongings. Too, she showers her hosts with admiration.

She is aware that they are persons with high literacy rates, an achievement that attracts her as an elaborate window display would excite the interest and envy of a child from a welfare-roll family.

In a phase of U. S. history in which the cerebral is distrusted and the intellectual is dismissed as an "egghead," Marilyn Monroe perversely entertains a respect for education that amounts to a reverence.

The desperate eagerness to fill the cultural gaps in a sporadic and incomplete education extends as far back in her career as anyone can remember.

Insofar as her reading habits are fiercely regular and on a high level, a friend notes, those cultural yearnings are real and have been unfairly derided.

**STUDIES WITH A PURPOSE**

He agrees, however, that it is almost impossible to ascertain how far the painful progress through the classics has penetrated.

"You're never quite sure how much she's learned," he said. "She learns slowly, but once she's absorbed something, she holds on to it.

"And she's so purposeful about the whole business that, even when you suspect it might always be out of her reach, you keep thinking she might arrive at some kind of state of artistically advanced grace.

"But I suppose," he sighed, "that as long as she lets loose with quotes characterizing 'The Brothers Karamazov' as 'a great sex story,' the intellectuals will snicker and her friends will wince."

## Should Cancer Patient Be Told?

### Doctor Thinks It's Wiser to Inform One 'Stable' Member of Family

CHICAGO (INS)—Should a patient be told he has cancer?

* * *

Dr. Warren H. Cole, new president of the American College of Surgeons, says it depends on the patient.

* * *

Speaking at his inaugural address in Chicago, Dr. Cole, head of the surgery department of the University of Illinois Medical School, said:

**"Some people are so apprehensive that this knowledge would make the rest of their lives miserable. Under such circumstances, I believe it is better to be completely frank only with some responsible member of the family."**

* * *

But in other cases of "a fairly stable individual," Dr. Cole advocated being completely frank with the patient.

* * *

He said this is particularly true if the patient is the head of a family or business because such people usually have "enough strength of character to adjust to this knowledge and live the rest of their lives without jeopardizing their happiness or emotional stability."

## Carnegie Passes the Test: Crowds Attend His Funeral

BELTON, Mo. (INS) — The personality expert who used to shock students by asking them: "How many people would come to your funeral?" — has passed his own test.

* * *

There was a large crowd of mourners as Dale Carnegie was laid to rest in the little Belton Cemetery beside his parents.

**An overnight celebrity in the 1930s because of his book, "How to Win Friends and Influence People," the ex-Missouri farm boy died last week in New York at 67.**

Representatives of the Carnegie movement from all parts of the nation attended the simple service in the Belton Methodist Church. The Rev. Arnold Prater, pastor, told Mrs. Carnegie, other relatives and the many friends:

* * *

"Dale Carnegie recognized early that no man can deal with life successfully without God. His philosophy caught the public's imagination because it had God as a central theme. Dale realized there was something of the image of God in every man and that only with God's help could men reach fulfillment."

Friends noted the famous author and lecturer was kind to the last. He bought a mausoleum in 1950—but had it built underground, since there are no others in the cemetery. Bodies of his parents were moved to the mausoleum shortly after it was completed.

## Old Envoy Protocol Eased for Ailing Ike

WASHINGTON (AP)—The State Department is chopping a short cut through a protocol problem that has held up formal acceptance of a group of new ambassadors to the United States.

* * *

Under time-honored procedure, new ambassadors must present their credentials to the President in a personal call. But new envoys from Colombia, Iceland, Lebanon, Laos, Luxembourg, Pakistan and the Philippines have been unable to do this because of President Eisenhowers illness.

* * *

So the State Department has worked out a stop gap plan: The ambassadors can file their papers with the secretary of state who then forwards them to the temporary White House in Denver for Eisenhower's approval.

* * *

With Secretary of State Dulles at the Geneva Big Four meeting, Undersecretary Herbert Hoover Jr. already has sent the credentials of five ambassadors-designate to Denver.

## Grains Reach Peak

WASHINGTON—The Agriculture Department reports that United States grain stocks reached an all-time high of 83,400,000 tons July 1, exceeding by 11,000,000 tons the previous record, set the year before.

## Hoover Warns Reds Need World Peace

NEW YORK (INS) — Former President Herbert Hoover has expressed the belief that "perhaps" Russia would like an interval of peace—in view of troublesome conditions prevailing within the Soviet Union.

Hoover, during a TV interview, commented on Russia's current attitude and made references to the free enterprise situation. He pointed out that Germany has gone back to free enterprise; that Belgium likewise has retreated from Socialism with resultant prosperity and that the last election in Britain guaranteed the retreat from Socialism into free enterprise in that country.

**In the United States, however, Hoover asserted, "we haven't made as much (free enterprise) progress as we should."**

Hoover was asked if he thought the new Russian attitude on easing world tension may have some effect on the Chinese Reds.

* * *

"Well," replied Hoover, "I think they may have to restrain them if they want to get to their own objectives.

* * *

"We may be witnessing a phenomenon similar to that which we saw at the time that Stalin came into power.

**VIOLATED ALL PACTS**

"He wanted them to build up his industry, and his armies, and he became the most peaceful thing there was running around the earth at that time. He joined the Kellogg Pact, he made peace treaties with some 30 of his neighbors; nothing could be more promising for lasting peace.

**"Well, in 1939, he violated every one of these agreements, so that we . . . I don't wonder that perhaps this new regime, wanting time to consolidate, being troubled by a failure in agriculture, and hunger amongst their people, would like an interval of peace.**

"I have no confidence, with the objectives of those people, that it would be a lasting peace, with good will towards men.

* * *

"But it might be endurable. We might be able to reduce the armament of the world somewhat . . . and that is what we must pray for."

## Peter Returns to Attache Job

### Townsend Back on Duty at Embassy Assignment in Brussels

BRUSSELS (INS)—Group Capt. Peter Townsend returned to his "exile" post in Brussels which he left three weeks ago in an unsuccessful effort to win the hand of Princess Margaret.

* * *

Townsend was pale and looked serious when he arrived this morning at the British embassy in Brussels to take up again his duties as air attache.

**Two years ago the World war II air hero was sent into "exile" in Brussels when his romance with the 25-year-old princess began to draw public attention.**

* * *

He arrived at the embassy with Ambassador Sir George Labouchere in the ambassador's auto.

**STAFF WAITING**

Sir George went up the steps of the embassy first. Townsend then leaped up the stairs without looking to right or left. He nodded to the uniformed doorman.

**The windows of the embassy were crowded with members of the staff awaiting the return of the 40-year-old divorced commoner.**

A crowd of at least 50 reporters and photographers waited for Townsend but were prevented by police from entering the embassy courtyard.

* * *

In London, the Daily Mirror reported that Townsend told friends yesterday:

* * *

"I want to be forgotten. All I desire is to be looked on as an ordinary serving officer of the RAF. It is not much to ask."

## Sabotage Hinted in Colorado Plane Crash, Explosion

LONGMONT, Colo. (AP) — "Possibility of sabotage" is being checked and investigators have found "some things that appear unusual," a federal official said last night of a United Air Lines crash that killed 44 persons.

* * *

"There's nothing outstanding," said James N. Peyton, chief of the Civil Aeronautics Board's investigation division in declining to specify what appeared unusual. "But they do appear out of the ordinary."

## Chicken Dinner Man Zehnder Dies at 73

SAGINAW (AP)—William Zehnder Sr., 73, founder of Frankenmuth's widely known Zehnder Hotel, died Saturday in a Saginaw hospital of a prolonged illness.

Zehnder turned the hotel, famed for its chicken dinners, over to his five sons and two daughters several years ago. They acquired a widely known competitor, Fischer's Restaurant, in 1950.

From 1914 to 1928 Zehnder was deputy register of the Saginaw County Probate Court. Frankenmuth is 14 miles southeast of Saginaw.

## MSU Wants $2 Million Loan for Campus Housing

WASHINGTON (AP) — The Housing and Home Finance Agency's Com said yesterday Michigan State University has applied for a two million dollar housing loan.

The administration said 36 other colleges and universities across the country also asked for loans last month. It is administration policy to announce the applications before they are considered so that private lenders may have opportunity to contact the colleges.

## Molotov Refuses Geneva Barber's Shaving Proposal

By EDDY GILMORE

GENEVA (AP)—Emil Rusterholtz modestly admits he probably has got closer to the minds of three of the Big Four foreign ministers than any man alive.

* * *

"But," he said, "I still don't know what's in their minds."

A Geneva barber, Rusterholtz has cut the hair of V. M. Molotov, John Foster Dulles and Harold Macmillan.

Like many barbers, Rusterholtz has political ideas and likes to discuss them with his customers.

"I tried some conversation on Mr. Molotov," he said, "but all I could get out of him, through an interpreter, were expressions about the beauties of Geneva—scenic not girls."

Rusterholtz is uncertain why three of the foreign ministers singled him out to cut their hair. He believes one of Geneva's top security men, also a customer, may have been responsible.

* * *

Admitting he was on delicate ground, Rusterholtz said he had been unable to sell a shave to any of the ministers.

"It may have something to do with a straight razor," he said. "When I suggested a shave, all declined, but Mr. Molotov was more emphatic than the rest. He didn't need an interpreter to answer 'nyet.'

* * *

"All tipped, but let's put it this way— Mr. Dulles is extremely generous."

## Scorpion Serum Works

JERUSALEM — Serum derived from a yellow scorpion was used for the first time on a human being recently when an 18-month-old boy was stung at his home in Jerusalem. The child's life was said to be in serious danger, but the serum injection was successful.

# Woodward Left 10 Million Estate

## Shooting Investigation Finds Nothing Contrary in Wife's Story

NEW YORK (AP)—Socialite sportsman William Woodward Jr., 35, shot to death eight days ago by his wife who says she mistook him for a prowler, left an estate estimated between 5 and 10 million dollars.

* * *

The value of the estate was reported today by newspapers which also said the principal beneficiaries of Woodward's will are his wife, Ann, and two sons, William III, 11, and James, 7. The will is to be probated this week.

Woodward's estate includes his famed Belair stud farm at Bowie, Md., and this year's outstanding race horse Nashua.

Police investigators have reported finding nothing contrary to Mrs. Woodward's claim that the shotgun death in the couple's Oyster Bay, N. Y., home was an accident.

Nassau County Detective Chief Stuyvesant Pinnell said yesterday a study of Woodward's will shed no new light on the case. He refused to discuss details of the document, but stated:

* * *

"I know enough about Woodward's finances now to know that there were no financial difficulties between him and his wife."

"She had already been made independently wealthy enough so that she could take care of herself for the rest of her life."

He said he found no significance in the provisions of the will so far as the shooting investigation is concerned.

* * *

Mrs. Woodward, 39, an ex-model, has been under treatment for grief and shock at Doctors Hospital in New York City since the day of the shooting.

# 'Tender' Conscience Forces Confession

LOS ANGELES (AP)—Because his conscience troubled him 28 years, he said, an unemployed truck driver walked into a sheriff's office and said he killed a playmate.

* * *

Oda Earl Joslin, now 43, told deputies that in 1927 when he was only 14, he shot "on impulse" 13-year-old Howard Truman. At that time the fatal shooting in the nearby Firestone district was listed as accidental.

* * *

But Saturday Joslin told Sgt. John Stafford he shot Truman intentionally. He was promptly booked on suspicion of murder.

## Robber Sips Coffee

CHARLOTTE (AP) — A lone gunman entered Winnie's Truck Stop, a U. S. 27 diner near here, casually sipped a cup of coffee, pulled a gun and held up the cashier and three patrons, fleeing with $50 Saturday night.

## Square Dance Aids Crippled

# Grade School Is Reeling

OKLAHOMA CITY (AP) — Grade school youngsters are finding 30-minute daily square dance sessions not only a real treat but a treatment.

It's part of a program started recently by Mrs. Lucy York, physical therapist at the W. J. Bryan School of Physically Handicapped Children.

Mrs. York says the do-si-doing and sashaying have produced amazing results for the brace-burdened youngsters ranging in age from 5 to 11.

The teacher believes it is the first time square dancing has been worked into a physical therapy program for crippled children.

* * *

"The children know the other schools do square dnacing and now they feel they are keeping up with th[illegible]" Mrs. York explained.

[illegible] said one polio victim who h[illegible]een dependent on crutches tosses them to one side and whirls with the best of them.

A girl, also crippled by polio, had a speech impediment attributed to an emotional problem. After one week of dancing, the speech difficulty was "practically eliminated."

"She relaxed and she felt she was accepted as one of the square dance group," Mrs. York added.

"We had lots of spills in the beginning but the parents and children knew this would happen. Now they are gaining strength and there are few falls."

* * *

Mrs. York says square dance routines do more to strengthen muscles and improve coordination than traditional exercises.

* * *

Mrs. York said when the children went through other routine exercises such as riding a bicycle and walking between parallel bars she heard the usual complaint "I'm tired, I don't want to do that today."

"Now it's a dancing party," the teacher said happily.

Bob Considine Says:

# Phony Red Smiles Are Hangover From Czar

NEW YORK (INS)—The passing show . . .

Last week the Big Four foreign ministers knocked off for 24 hours to commemorate All Saints Day, a day given over to the honor and further glorification of the likes of Peter, Paul, John, Matthew, Mark, Luke, Jude, James, Mary, Elizabeth, Joan and all the others who lived honorably and helped bring a new faith and code of ethics to the world.

The Russians countered with a holiday of their own, the 38th anniversary of the November 7 Communist overthrow of the Russian government—an event that has brought untold death, destruction and deprivation to hundreds of millions.

It seems fitting to remind ourselves on this rim of the phony sunshine of their smiles that the Reds did not put aside the wicked Czar when they took over. Nicholas II, Alexandra Feodorovna, Rasputin and the others were pushed out the previous March 15 of 1917, after the Czar got tough with his Duma, or Congress.

The Duma set up a provisional government headed by Prince Lvov and including Miliyukov and Kerensky.

**Everybody seemed happy for a time but a malignant force was growing within the country. It sold the Russian People on something they wanted: peace. The mob's descendants are still selling the same ersatz merchandise today at Geneva. The provisional government, certainly not strong, struggled to keep the Russian armies on the front against Germany. The Reds yelled to get the boys home by Christmas.**

The Kerensky group freed all political and military prisoners of the Czar, declared the press free, came out for the right of free assembly, banned social, religious and racial discrimination, and restored local self government.

It was this administration, not that of the Czar, which the Communists whipped and replaced before it could really get its program started. It is this historic treachery and miscarriage of justice which we and the British and French at Geneva toasted in vodka and song.

**At the time of his recent death, Dale Carnegie's "How to Win Friends and Influence People" had reached a sale of more than 4,000,000 in 70 editions printed in 30 languages. If the book had been sold at the rate of one copy per day the sale would have had to start 8,000 years before the birth of Christ to achieve its present total.**

Carnegie's courses in human relations and effective speaking are now being taught in 28 countries. His widow will continue to operate them.

My mother and a million others of her generation recognized the effectiveness of moldy bread as a poultice for cuts, infections and the like. She and they didn't know it but they were discovering penicillin. The chief medicine she wielded in her long-forgotten war against Spanish influenza was hot lemonade. We drank it until it ran out of our ears.

**Now the Grover Laboratories people, who make most of the cold tablets, infer that the discovered citrus bioflavonoid, the new drugless wonder drug concealed in the meaty sections of citrus fruits.**

Grove is adding the stuff to its cold pills and they say it's the greatest thing since the invention of bottled beer. But not a word of gratitude to my mother, who also got left out in the cold when the Nobel Prize people gave Sir Alexander Fleming credit for penicillin.

The kid needs a better publicity man.

# Congregational Meeting Called

## Anti - Merger Groups Gather in Detroit to Form New Association

Representatives from Congregational Christian churches throughout the United States will meet at Hotel Fort Shelby, Detroit, Nov. 9 and 10 to set up a new national organization.

The call to the meeting stresses the fact that "the present General Council of Congregational Christian Churches has now taken the position that it is not a representative body of the churches of our faith and order." "It seems proper," the call continues, "that the churches of our order should form a permanent national body for the preservation of our great heritage as genuinely free churches."

**This meeting grew out of the dispute over a proposed merger of Congregational Christian Churches with the Evangelical and Reformed Church. Although denying that it is a representative body, the General Council of Congregational Christian churches has devised plans by which it intends to unite with the General Synod of the Evangelical and Reformed Church to form the United Church of Christ.**

Announced date for the merger is June 25, 1957. Officers of the General Council and of the Evangelical and Reformed Church have already claimed that the 5,536 Congregational Christian churches will be united on the date set for the General Council to take action.

A lawsuit was entered against the proposed union by the Cadman Memorial Church of Brooklyn, N. Y., in November 1949. During that trial the General Council's officers and attorneys admitted that they had no power to unite the churches and "that said General Council has not now and never has had any power or authority to enter into any commitment binding upon plaintiff Church or any other of the said Congregational Christian Churches or in any manner affecting the status of said Churches as independent and autonomous Churches of the Congregational Christian faith."

**During the trial officers of the General Council denied that any Congregation or Christian church had any rights of membership in the General Council or any rights in it or its funds.**

In printed statements the officials of the denomination have insisted that the merger proposal is "undebatable." They refuse to let articles against the proposed merger appear in the denominational magazine and refuse to furnish speakers for debates on the merger.

The Detroit meeting is planned only for taking the initial steps of setting up a new organization. Creation of this new National Association of Congregational Christian Churches is designed to give opportunity for the churches to assemble and freely discuss matters concerning the proposed merger.

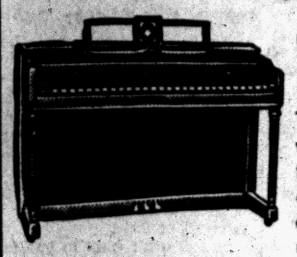

**The call for the meeting was sent out by the League to Uphold Congregational Principles, with offices in Hartford, Conn., and by the Committee for the Continuation of the Congregational Christian Churches, whose office is in Chicago. Both groups oppose the merger.**

Rev. Malcolm K. Burton, pastor of the First Congregation Church of Pontiac, is director of the Continuation Committee.

Hal Boyle Says:

# Luigi Is Always Looking Up in His Business

NEW YORK (AP)—Today's success story:

In the humming world of Rockefeller Center, one of America's busiest cities within a city, Louis Falsetti is a more familiar figure than John D. Rockefeller Jr., or his five sons.

"Louie"—or "Luigi" as many of his clients call him—came to the United States 50 years ago as a boy of 15. Since then he has shined an average of 50 pairs of shoes a day, or about 650,000 shines.

His most memorable customer was President Harry Truman, who took his shine standing up during a morning walk, paid 25 cents and said, "thank you."

"He was a very good man—I always admired him," recalled Louie, who doesn't go into politics but puts an equal glow on Democrats and Republicans alike.

Louie, who says "with me business is always looking up," has raised two children.

**THESE ARE WAGES?**

At the age of 18 Louie's father took him back to Italy.

"They paid me 15 cents a day to carry rocks for a building," Louie said, "and I told them if I could only see America again I would never see Italy again."

After four months Louie did come back to the United States, became a citizen and never has returned ot Italy.

"I still don't want to go back," he said, "I have nobody there any more—only my three nephews and my sister-in-law.

"When I saw the Statue of Liberty when I came back I said this was God's country, and I still say all the time God bless America. I don't say this because it is the thing to say, but because this is the best country to live in."

About his sons Louie is proud. One is a salesman, one works for a steel company.

"I don't mind shining shoes," he said, "but I don't want my sons to have to.

"It is the thrill of my life to work. I like to mingle with people. You may not learn an awful lot shining shoes, but you do hear a lot."

Louie usually hums an Italian operatic aria as he moves from office to office, carrying his shine kit and knee pad.

"When Caruso was alive I knew more songs," he said. "I used to see more opera then. Now I am married, the expense is more high and I have to watch out for the dollar. It is 15 or 16 years now since I have been to the opera, but I still remember the melodies. I carry them in my head always."

Louie, who is 5 feet 5, and combs his gray hair sideways across the top to split the bald spot, underwent a serious throat operation last March. He was off work three full weeks, the longest absence of his life, and hundreds of his clients missed him.

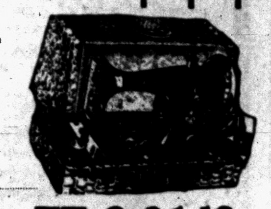

"They sent flowers, wine and books to the hospitatl," said Louie. "But they didn't miss me. They missed my shines. Without me where could they go and get a good shine? I always bring a good shine to them."

Louie fells better now. He's worked back to his 50 shines a day schedule.

"Life is very good," he said. "But you stand on your knees all day and night you are tired."

Maybe Louie also becomes wearied because of the number of his clients who depend on his constant, gallant good cheer to refurbish their spirit as he brightens their shoes.

Above all, Louie, who never went to war, is a soldier. He has gone to the same old battlefront daily, year after year, and at 65 still flies his flag in his smile and never cries for help.

# Beyond the Realm of Argument!
This is the season when conversations turn easily and often to motor cars.
And, in almost any gathering, you're likely to find a wide difference of opinion about the relative merits of the year's automotive offerings.
Until the talk turns to Cadillac!
Here is one car concerning which most motorists have a meeting of minds. And never before has Cadillac left so *little* room for argument as in 1956!
Certainly no one could *behold* the new Cadillac without recognizing it as the "car of cars". Its beautiful, graceful, flowing lines . . . its regal bearing on the highway . . . and its long, low silhouette are simply too significant to misunderstand.
Surely no one could *ride* in a new Cadillac and not agree that it is the Standard of the World. Its new fabrics and leathers are rich and luxurious almost beyond belief . . . and its interior appointments have been crafted with a jeweler's skill.
And we doubt if anyone could *drive* a new Cadillac and not understand that it is the finest-performing motor car of all time. Its great new engine is a revelation in power and performance . . . its new Hydra-Matic Drive is incredibly smooth and responsive . . . and the car rides and handles and moves with almost unbelievable ease.
Truly, the evidence on the side of Cadillac has never been more abundant—or more apparent—than it is today.
Why not come in soon—and see for yourself?
We'll be delighted to introduce you to Cadillac's great new styling . . . and to arrange a demonstration at the wheel . . . and to acquaint you with Cadillac's two new models, the Sedan de Ville and the Eldorado Seville.
You'll agree, we're certain, that Cadillac for 1956 is beyond the realm of argument!

IMPORTANT Medical Facts For Every Man Who Has Passed His 40th Birthday

## Men, Too, Go Thru "Change of Life"

DOCTORS CALL IT "MALE CLIMACTERIC"

**New Safe Discovery Compounded For Counteracting Effect on Body and Blood Changes Due To Usual Deficiencies That Often Occur During Middle Age.**

Don't Surrender to Old Age Until You've Made This Test

Doctors, employers and scientists all agree that after the first 40 years, the human body undergoes important normal changes. This change occurs in MEN as well as WOMEN! Men, if you are over 40, in good health . . . but feel nervous, physically weak in legs, back and arms, can't sleep, find it difficult to make decisions . . . are quick-tempered, always tired and suffer from that terrible "what's the use" feeling . . . chances are you are going through "change of life," or as doctors call it, MALE CLIMACTERIC. And at this time it's more important than ever that your system isn't deficient in the very vitamins and minerals nature created to counteract and offset the distressing symptoms of these "after 40" body and blood changes. Amazing new power-packed capsules called AFTER 40 CAPSULES, have been created especially for men and women over forty . . . each hospital recognized ingredient carefully chosen and carefully compounded for its benefit on every man and woman . . . Yes, one potent AFTER 40 CAPSULE daily feeds your system a special and profitable combination of Vitamins and Minerals to supply your blood, body organs, glands and nerves, including blood-building red Vitamin B-12, the vitamin Germ of Wheat E, stimulating B-1, Iron, Calcium, Phosphorous, Iodine and other potent Vitamins and Minerals. Don't be deprived of life's pleasures by these nutritional deficiencies while science has given you a second chance to recharge body and blood this new easy way.

**Amazing How "Health in a Capsule" Discovery You've Long Heard Was Coming. Every Ingredient Works Immediately To Help Strengthen Body and Blood.**

Just recently a well-known scientist perfected AFTER 40 CAPSULES. He combined a group of THE RECOGNIZED VITAMINS AND MINERALS most often needed by men after 40. Common sense, and your doctor . . . will tell you vital organs often require the supplement of different vitamins and minerals in different amounts at maturity than they do during younger years. Amazing AFTER 40 CAPSULES were created specifically to provide a rich source of these essentials, needed by mature men and women. ORDER TODAY!

WHAT IS CLIMACTERIC?
Medical dictionaries tell us "climacteric" is the time of life when the body undergoes a radical change. The first change, which buys between men and girls become women, is usually between the ages of 12-17.— another change again occurs usually between 40 and 50.

WHO DOES IT AFFECT?
Both men and women. In women it is called "menopause" or "change of life" . . . in men it is called "male climacteric."

WHAT ARE THE COMMON SYMPTOMS?
Because the body and blood are undergoing important changes during this period, the entire system may become upset, and symptoms are varied. Men are likely suddenly to overwork, be easily irritable, feel weak in arms, legs and back and often are very "crabby." Often there are "hot flashes" accompanied by that "what's the use" feeling. And very often a special supplementary source of certain vitamins and minerals is needed such as you find in this important discovery called AFTER 40 CAPSULES.

WHAT CAN BE DONE?
Medical science has discovered many medicines that can help you over the difficult "change of life" period. Today, try the new capsule called "AFTER 40" that supplies the body with an unusual concentration of vitamins and minerals often needed during this period. Full month's supply only $3.00 . . . be absolutely delighted with results or absorbed, unquestioned refund.

# Soviet Marks 38th Milestone

## Zhukov Hails Progress on Communist Regime in Industry, Farming

MOSCOW (AP)—The Soviet Union today celebrated the 38th anniversary of the Bolshevik Revolution with a massive parade which played down Soviet military might.

No new guns, armor or aircraft were displayed in a brisk 20-minute arms demonstration, the briefest observers ever witnessed on this holiday.

While the ceremony steered clear of emphasis on military potential, there was no lack of pomp on this biggest holiday in the Soviet Union.

Standing atop the Lenin-Stalin mausoleum, party and government leaders watched stolidly as the marchers filed past in sunny but cold weather. Heading the party of top leaders were Premier Nikolai Bulganin and Communist party chief Nikita S. Khrushchev.

Defense Minister Marshal Georgi K. Zhukov, who took the salutes, made a mild opening address.

Some spectators thought the Soviets were bending over backward to support their contention they are peace-loving, unaggressive and friendly and thus help their own position at the Big Four foreign ministers' conference in Geneva.

Zhukov hailed the technical progress of Soviet agriculture and industry under communism. He listed such developments as the normalization of Soviet-Yugoslav relations as an example of Soviet striving for lessening of international tension. He made no mention of the United States or a capitalist threat.

"In its foreign policy, the Soviet government is guided by Lenin's principle of peaceful coexistence and continues to struggle for the cause of peace," Zhukov said.

### Fail to Save Woman

IONIA (AP) — Firemen pounded down an apartment door Sunday, but were too late to save the life of a 94-year-old woman who suffered a cerebral hemorrhage. Neighbors, alarmed when they did not see Mrs. Elizabeth Redpath around her apartment, called police and firemen. The elderly woman was rushed to the hospital, where she was pronounced dead on arrival.

### Rubber Workers Ratify St. Clair Firm's Contract

PORT HURON (AP) — CIO United Rubber Workers, voting for the second time, ratified a new three-year contract with the St. Clair Rubber Co. of nearby Marysville yesterday.

The workers rejected the offer in a vote last week. The auto accessories and parts firm said the contract gave the 300 members of Local 47 a 15-cent hourly package. Included is a four-cent hourly wage increase, a new pension and insurance plan and other fringe benefits.

Negotiations were conducted for more than six weeks before reaching agreement.

### Deer Causes Crash

IONIA (AP) — A buck deer running full tilt down the middle of M21 near Ionia Saturday night caused an auto accident in which two persons were injured. Ernest F. Farmer, 56, and his wife, Ilah, 53, suffered head and facial injuries when their car grazed the deer, knocked down several guard rails and plunged down an embankment.

# Rock Hudson Approaches 'Think-of-Marriage'-Year

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — On November 17, Rock Hudson will be 30 years old, and that's the age Rock set for thinking about marriage — "I won't even think of it until I'm thirty," were his exact quotes.

* * *

Rock and Phyllis Gates sat at our table at the Gary Cooper party and from the way they looked at one another, my guess is that Phyllis is the girl.

**Romance in the offing or not, there's still work to be attended to and his studio, Universal-International, has a big one lined up for its fairhaired boy.**

Robert Wilder's best seller of several years ago, "Written on the Wind," is being switched from the story of a tobacco dynasty to that of an oil fortune, to star Rock. He's very happy that Douglas Sirk is the director because one of his best movies was "Magnificent Obsession," also handled by Sirk. Lauren Bacall is his co-star.

Elizabeth Taylor and Mike Wilding face a long separation but not to be sensational about it, its for the three months Mike will be busy making "Zarak Khan" with Vic Mature.

**"Elizabeth can't go to Bermuda and London with me," Mike said today, "because of the children plus being needed here to start 'Raintree County' for MGM soon after the first of the year."**

There's also the important matter of Liz's health. She had many setbacks making "Giant" and she needs to get as much rest as possible before starting "Raintree County," one of the most costly pictures ever filmed by MGM with a budget of $7,000,000.

The last time I talked with Rouben Mamoulian was in Rome where he had a great success with "Oklahoma!" He took "Oklahoma!" to Paris, Naples, Milan and Venice. In Venice it played in the beautiful Feniche Theater.

**Rouben and Azadia, who are home now, will not stay very long because Rouben will go East to direct Terence Ratigan's "Sleeping Prince."**

He told me that he saw Laurence Olivier and Vivien Leigh in "Macbeth" at Stratford on Avon, and even then she was sick. Poor Vivien is now in a sanatorium in Switzerland.

Later, the Mamoulians go to Spain where he will bring "Carmen" to the screen.

Cantinflas is a joy to everyone who meets him. He's an excellent cook and regularly concocts fancy dinners for his friends in his bungalow at the Beverly Hills Hotel.

**He doesn't like staying put very long, so he sent for his plane, along with a couple of pilots, to be brought up from Acapulco so he can get away weekends to various places not too far away and still be back Monday mornings for work on "Around the World in 80 Days."**

I remember the first time Cantinflas came to my house for an interview. My Spanish is pretty bad and his English was even worse. But he has learned to speak English much better.

The amount Vic Mature finally paid Dorothy in his divorce settlement is said to be about a quarter of a million, instead of the million asked.

## Armenians to Honor 2 U.S. Congressmen

More than 30 Pontiac Armenians will be among freedom-seeking Armenians attending a testimonial dinner for two U.S. congressmen in Detroit Saturday. The banquet, to be held at 8 p.m. in the Fort Shelby Hotel, is sponsored by the Detroit branch of the American Committee for the Independence of Armenia (ACIA).

U.S. representatives to be honored are Alvin M. Bentley (R-Owosso) and Thaddeus M. Machrowicz (D-Detroit). Both are membersof the House Select Committee on Communist Aggression, which issued Special Report No. 5, "Communist Takeover and Occupation of Armenia."

Principal speaker will be Beglar Navassardian, executive secretary of the New York ACIA. Toastmaster will be Peter Karapetian, Wayne County assistant prosecutor.

## Grocery Store Reports Burglar's Loot; 1 Potato

BOISE, Idaho (AP) — There was a weekend burlary attempt at a local grocery. Total loss: one potato.

Police said someone forced open a sliding door, cut open a sack of potatoes just inside and tossed a spud across the alley. But they didn't try to enter the store.

# Illinois Stuns U. of M.; Spartans Scent Roses

ANN ARBOR (AP) — Who killed cock-sure Michigan?

Some say it was the flashy running of a brand new star. Others say it was Michigan's inability to hold a reputation its six straight victories had earned it. The Wolverines, they said, lived on luck.

But Illinois coach Ray Elliot knows that he did it with pencil, paper and the confidence that Michigan would play by the book. He knew the Wolverines had not existed on luck alone.

**The Illini, thrice beaten, came up Saturday to hand Michigan its 1st defeat of the season, 25-6, probably one of the greatest upsets the 41-game series between the two schools. And old master Eliot must be more proud of this one than any other, because he devised a defense that gambled Michigan would pass, not run, and it paid off.**

Michigan completed only 3 of 21 passes 17 yards.

Look what happened. Four of the six times Michigan got the ball in the 1st half, they ran well.

Driving though the Illinois line they moved to the Illinois 41, 44, and twice to the Ilini 48.

All four times the Wolverine drive stalled, when Michigan, playing by the book, turned to its aerial game. The 1st time they passed Illinois intercepted and moved promptly for a touchdown.

Three times later in the half when Michigan cracked the 50 yard line they passed twice incomplete before punting to the Illini.

**Knowing that Michigan was proud of its ends Ron Kramer and Tom Maentz ("the finest ends I've ever seen," Eliot said) he concentrated his defense on them. Kramer and Maentz had four and five men around them everytime they went out for a pass. "It was the most superb pass defense I've ever seen," said Michigan coach Bennie Oosterbaan.**

Illinois used four men to rush Michigan and dropped everyone else back as linebackers. In the 3rd quarter it proved itself better than ever before. Illinois had just scored to lead Michigan 12-6. They kicked off to the Wolverines who promptly marched from their own 37 to the Illini 16 with the aid of only one pass from quarterback Jim Maddock to Kramer. At this point Michigan's Maddock and right half Tony Branoff passed four times against the heavily laden Illini secondary and four times they were incomplete, giving Illinois the ball on downs.

Then Eliot really turned loose his substitute halfback Bob Mitchell of Hot Springs, Ark., and Mitchell cracked the desperate Wolverines wide open. The more frantic Michigan became the better Mitchell was.

**In the fourth quarter Mitchell outran the entire Michigan team for 64 yards and the 3rd Illini touchdown. It was easy for Illinois to score a 4th one after a pass intereception that left them on the Michigan 19.**

The 1st Illinois touchdown in the 1st period was authentic Illini power with 1st string left half Harry Jefferson carrying most of 61 yards so that quarterback Em Lindbeck could pass 25 yards to end Bob DesEnfants for the touchdown.

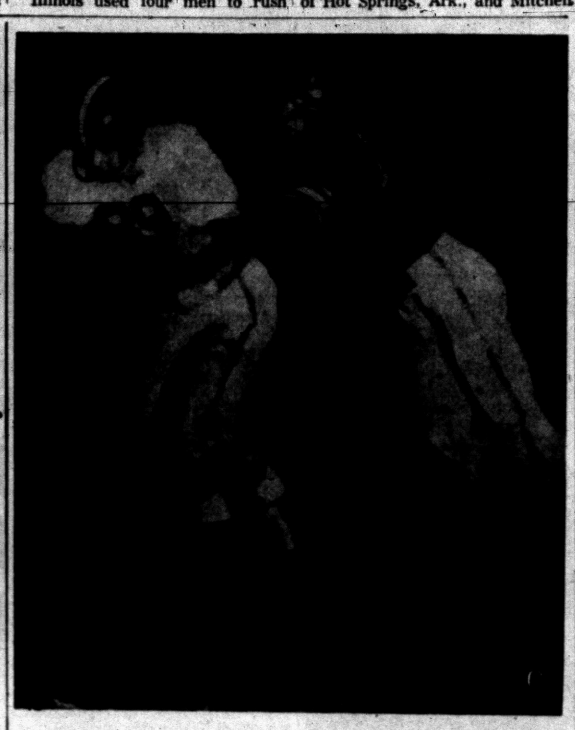

Illinois got its 2nd score after Mitchell had sprinted 54 yards to the Michigan 16. Then Lindbeck passed to right half Abe Woodson, who scored.

## Racer's Death Heralds Close of Sponsorship

### Bobby Ball Memorial Fatal to McGrath As AAA Changes Policy

PHOENIX, Ariz. (AP)—Two great auto racing careers have come to an end, one in death and one in disillusionment.

The first was Jack McGrath's. The 35-year-od Los Angeles driver, who held the 1-lap speed records at the Indianapolis Speedway, was killed yesterday when his car went into a spectacular flip and fell on top of him in the 86th lap of the 100-mile Bobby Ball Memorial championship race.

The second career closed yesterday when the American Automobile Assn. ended its sponsorship of championship racing after 46 years. The AAA had announced earlier it would quit, saying racing has been placing increasing emphasis on speed, power and driver endurance and that these objectives are not in line with the AAA's safety program.

## Wings Tag 4-1 Loss on Leafs to Show Life

### Attempt to Vacate NHL Cellar; Record Now Dismal 3-6-5

DETROIT (AP) — Things seem to get better for the Detroit Red Wings when the Toronto Maple Leafs come to town.

They got better last night. The heretofore hapless Wings streaked their way to an easy 4-1 victory. And things got better the last time Toronto came to town. That time — three weeks ago — Detroit won 6-0.

But, oh, what happens in between.

**Detroit's last victory was the last time Toronto was in town, and that was nine games ago. The defending National Hockey League champions still are sitting heavily on the floor of the standings column with a dismal 3 victories, 6 losses and 5 ties.**

Detroit almost looked like the Wings of old last night as Bill Dineen shot his 4th goal of the season on a kill of Alex DelVechio's passout in the 1st period. Dutch Reibel got his 2nd tally of the season a few minutes later while Toronto was short handed on a long screen shot.

Late in the 1st period the Leafs made it 2-1 when Rudy Migay pounded in his own rebound.

In the 2nd period Detroit's Gordie Howe slipped in from the side for Red Kelly's set-up to tally his 6th goal and defenseman Warren Godfrey followed up with his 2nd on a driving screened 30-footer.

Detroit finished with a 45-20 shooting edge, their most lopsided margin this year.

## Lady Luck Gave State Help for Smashing Win

### All MSU Touchdowns Followed Mistakes by Purdue Players

EAST LANSING (AP) — Seniors who traveled West two years ago are telling eager listeners on the Michigan State football squad all about the glories of playing in the Rose Bowl.

The Big Ten bowl bid question is wide open again after luck deserted Michigan at Illinois and the fickle lady worked overtime helping Michigan State against Purdue.

**All of the touchdowns in the 27-0 Spartan win Saturday came because some Boilermaker made a boo-boo. The alert MSU ballhawks grabbed seven Purdue fumbles and frustrated passer Lenny Dawson by picking off three of his throws.**

The runaway wiped out a 27-13 humiliation at the MSU homecoming game last year and the 6-0 reversal that marred an otherwise perfect season two years ago.

More important, Michigan State is once again in contention as a Rose Bowl candidate—and who would have dared to predict that before the Spartan season started?

Conference leader Ohio State can't make a repeat trip to Pasadena and Michigan and State are tied for 2nd with one loss each. If—the big if—Michigan loses or ties with either indian aor Ohio State and if the Spartans beat Minnesta, the MSU seniors should make their return visit.

Except for the fatal butterfinger business with the ball, Purdue was almost as tough as advertised. The big Boilermake line was rough and Dawson hit his receivers with a fist-full of passes.

Earl Morrall, Michigan State's All-America quarterback candidate, did a brilliant job of directing the MSU opportunists despite a sprained hand and was the 1st to prove to Purdue that to err may be human, but also costly.

Here's how the scoring went:

Bill Murakowski, giant Purdue fullback, tried to lateral to a teammate who wasn't there as he was hit driving down to the Michigan State 10. Morrall took the handoff instead and sped 90 yards in the opposite direction for the touchdown.

**Arch Matsos, sophomore guard from Detroit, set up the 2nd tally by pulling down a Dawson pass on the Purdue 33. Michigan State took five plays to drive in with Clarence Peaks carrying the final 10 yards.**

Buck Nystrom, recovered a Purdue bobble on the MSU 43. Halfback Walt Kowalczyk barrelled the last 20 yards.

Center Johnny Matsko kicked off and ran down to join the tacklers. Just as he reached the scene of action, Purdue's Ed Neves was hit on the 20 and Matsko grabbed the ball in mid-air to field his own kick for the final score.

## First Title

## Eaglets Crush St. Fred, 44-0, for SCL Crown

Undefeated Orchard Lake St. Mary won the Suburban Catholic League football championship Sunday afternoon at Orchard Lake.

* * *

Rev. John Rakoczy's powerful Eaglets smashed St. Frederick into submission, 44-0, to post their 7th straight victory and the 1st SCL title in St. Mary history.

**Held to a surprising 13-0 lead at halftime, the Eaglets poured five TD's across the goal in the 2nd half to climax the 1955 season with a league crown won in amazingly easy fashion.**

* * *

Big Gerry Leszczynski scored both 1st-half touchdowns. The bruising fullback romped eight yards around end in the 1st quarter and his 3rd of the game with a 20 yards around the same flank for another.

* * *

Leszczynski accounted for St. Mary's 1st score in the 3rd quarter and his 3rd of the gme with a 15-yard gallop through tackle. Halfback Len Mallat circled end on a three-yard jaunt for the next TD of the period and Ted Kopacki heaved a 39-yard aerial to end John Nelson for touchdown No. 5.

**Eaglets added two more tallies in the last quarter. Second-string quarter-back Larry Charkowski raced 14 yards to score one of them and guard Stan Smolinski wound up the point-making by scooping up Larry Morrow's fumble and running 32 yards into pay-dirt. Paul Franckowiak placekicked two extra points.**

It was St. Fred's 6th defeat of the season along with two ties and extended the Rams' winless string to 24 games.

## Hopalong Still Holds Top Spot

### MSU's Planutis No. 2 as Buckeye Ace Runs Away With Race

CHICAGO (AP) — Howard (Hopalong) Cassady, Ohio State's All-America halfback, is turning the Big Ten scoring race into a runaway.

**The Buckeye ace added two more touchdowns against Indiana Saturday to run his total points to 66 for the season, 26, more than runnerup Jerry Planutis of Michigan State.**

Cassady has 11 touchdowns to his credit while Planutis has 4 touchdowns and 16 extra points.

* * *

Charlie Thomas of Wisconsin is 3rd with 36 points followed by Michigan's Ron Kramer with 34.

The 13-0 victory scored over Vanderbilt this year was Mississippi's 1st shutout against the Commodores in a football series that dates back through 33 games since 1894.

## Breaks Move Texas Aggies Closer to Title

### Eleven of 20 TD's Come From Opponents' Errors This Season

COLLEGE STATION, Tex. (AP)—If a football falls to the ground or flies through the air, there's almost a 50 per cent chance that it'll wind up clutched in the arms of a Texas Aggie.

If you'd like the secret of Texas A&M's success this upsetting season, just check the fumble recoveries, pass interceptions and blocked kicks. The anonymous kids of Aggieland—and both assertions are true: There are no outstanding stars and the average age is 19.5 years—have scored 20 touchdowns in winning 6 games, losing 1 and tying 1 and 11 TD's came on the so-called breaks.

* * *

Southern Methodist can give you first-hand information. The Aggies beat SMU 13-2 Saturday night to roll on atop the Southwest Conference race and become heavy favorites to win the championship. They recovered five Southern Methodist fumbles, intercepted two passes and blocked one kick.

Go down the list—against Louisiana State they used a fumble and a pass interception for touchdowns; against University of Houston they converted two fumbles and a blocked kick into touchdowns and won 21-3; against Nebraska they used one fumble and two pass interceptions for touchdowns; against Baylor they got their first score after recovering a fumble.

* * *

This surprising season has found the Aggies, whose drill each day includes that of "pursuit"—hitting and then racing to cut off the ball—recovering 23 of 35 enemy fumbles, intercepting 14 of 47 passes and blocking 5 punts.

* * *

In only three games have they failed to cash in on opposition errors for touchdowns. They got a break on the opening kickoff against UCLA and recovered a fumble but couldn't move against the powerful Bruins, so that was their only loss. They needed no breaks to beat Texas Christian and they couldn't exploit two blocked punts against Arkansas. They drove out a touchdown and gained a 7-7 tie.

# U. S., Mexico in Title Battle

NEW YORK (AP)—The National Horse Show's international jumping competition has developed into a race between the United States and Mexico—two countries that were, to put it mildly, hard up.

With two of the final three international jumps on today's program, the Americans and Mexicans were all tied with four triumphs each.

The form chart says this shouldn't be.

Before the show, it was agreed generally that the Americans didn't have the horses and the Mexicans lacked riders.

* * *

U.S. Capt. Billy Steinkraus left his own ace, Knight Owl, home in Westport, Conn., for a rest; and Nautical, the top performer on the Yank team, pulled up lame at Harrisburg less than two weeks ago.

* * *

Gen. Humberto Mariles and his Mexicans were in an even worse predicament. They were involved in an automobile crash just before the Harrisburg show and two of his riders were injured badly enough that he had to send them back to Mexico and put in a hurry call for his sister-in-law, Eva Valdez, to fill in.

* * *

Steinkraus, who some day may develop into one of the world's top riders, pulled the United States into a tie with the Mexicans last night in Madison Square Garden when he rode Saxon Woods to victory after a jump-off with two members of the Irish team.

* * *

Mariles, who is competing against his physician's orders, won the other international test on Chihuahua II. The Americans were shut out in this one.

The amazing Riviera Wonder is the open jumper champion to the chagrin of everyone but his owner, Bernie Mann of Port Washington, N.Y. Wonder didn't know a fence from an oat bucket until three months ago, and here is the champion of the national.

* * *

Wonder didn't compete in last night's test because Diamant, the only other horse with a chance to catch him, was eliminated in the qualifying round. Wonder qualified, but Mann decided to give him a rest. North Star, owned by Mrs Morton W. Smith, won the class.

* * *

The hunter title, however, still is up in the air. Chappaque, owned by Mr. and Mrs. Henry D. Paxon of Holicong, Pa., and Mrs. Smith's Jazz Session, are deadlocked for the lead, each with 14 points.

# Lions Edge Colts for First Victory in 7 NFL Contests

DETROIT (AP) — For five fleeting minutes it seemed like old times at Briggs Stadium Saturday night.

In those minutes—the final five—the Detroit Lions looked like the champions they used to be by coming from behind for a 24-14 victory over the Baltimore Colts.

**It was the 1st victory in seven tries for Coach Buddy Parker's crew, which already had clinched the title of "football flop of the year."**

But no matter what had gone before, the Lions were a sharp football team in those five minutes—alert, decisive and even slightly brilliant.

After 55 minutes of mediocre play, the Lions suddenly came to life on a pass interception by Jack Christiansen, a fine defensive halfback who had missed most of the early games due to knee injury.

Christiansen picked off a toss by Gary Kerkorian on the Baltimore 45 and weaved his way back to the 25. Detroit scored in five plays, with Doak Walker going across from the six. That put the Lions into a 17-14 lead.

Three minutes later, Walker scored again, this time from the two after setting up the touchdown with a 15-yard run.

Earlier, Detroit had squandered a 10-0 lead and seemed headed for an ignominious 7th straight defeat.

**Baltimore had taken a 14-10 lead on the fine play of Kerkorian, who came off the bench to relieve George Shaw when the Oregon rookie couldn't get the Colts started in two series of downs.**

Kerkorian scored once and passed for another touchdown. The Lions had scored on Doak Walker's 40-yard field goal and Bobby Layne's 48-yard touchdown pass to Dave Middleton.

**EDDIE VINCENT, Iowa**—Threw for one touchdown, scored two others in 26-0 victory over Minnesota.

**FRANK RIEPL, Pennsylvania**—Returned opening kickoff 108 yards for touchdown in 46-14 loss to Notre Dame.

**BOB MITCHELL, Illinois**—Went 64 yards for one touchdown, tacked up 173 yards on 10 carries to help grush Michigan 25-6.

**EARL MORRALL, Michigan State**—Ran 90 yards for touchdown, completed 4 of 10 passes for 77 yards in 27-0 win over Purdue.

**CHARLIE HORTON, Vanderbilt**—Scored three touchdowns in 34-0 upset of Kentucky. One was on a 62-yard run.

**TOMMY TREODOSE, Richmond**—Passed for one touchdown, ran 95 yards for another, set up third in 19-0 win over Davidson.

**JOHN BRODIE, Stanford**—His passing was responsible for three of four touchdowns in 20-20 upset victory over Southern California.

**LENNY MOORE, Penn State**—Ran up 145 yards in 22 carries and played outstanding defensive game in 21-20 win over Syracuse.

**ED SUTTON, North Carolina**—His runs of 71 and 55 yards for touchdowns helped down South Carolina 22-14.

**TOMMY McDONALD, Oklahoma**—Guided Sooners to two touchdowns in 40 seconds, scored another later in 20-0 victory over Missouri.

### Lansing, Rouge Cross Country Squads Take MHSAA Honors

State high school cross-country titles eluded Pontiac and Walled Lake high squads Saturday in the MHSSA meet at Washtenaw Country Club, near Ypsilanti.

Chiefs finished just behind Lansing Eastern (121 points) with 145, Walled Lake had 123, behind River Rouge (96), for the Class B event.

Kalamazoo (148), Jackson (148) and Battle Creek (157) followed two spots. Birmingham was 6th with 195.

PHS' Perry Williams and Bill Douglas were 3rd and 4th back of Bob Lake (Kazoo) and a Grand Rapids runner. Lake's time was 10:27. Other PHS finishers were Rod Treais (30th), Gene Cretal (31st), Don Evans (77th) and Pete Cox (101st) and Alex Barge (109's).

Joe Bailey was Walled Lake's 1st man to finish, in 9th spot. Bill Hosley was 19th, Gerald Avery 25th, Charles Wilson 29th and Jim Wilson 41st.

### Another Bottle Victim

CHARLOTTESVILLE, Va. (AP) — Lewis Farmer, a V.M.I. football player, suffered a nasty gash on his head during the game with the University of Virginia — and he wasn't even in the lineup. Farmer, on the bench, was hit by a liquor bottle tossed from the stands.

## Mizzou Coach Rates Top 3 — Sooners, Terps, Wolves — and He Should Know

COLUMBIA, Mo. (AP) — "Oklahoma, Maryland and Michigan, in just about that order. Or maybe let's say all three are fine football teams."

That's what Coach Don Faurot had to say when asked how he felt about the nation's three top-ranked teams as of last week.

* * *

And Faurot should have a pretty fair idea of the comparative merit of the Big Three since his Missouri Tigers have had the unpleasant distinction of playing each of them this season.

Maryland was ranked No. 1, Oklahoma No. 2 and Michigan No. 3 in last week's Associated Press poll.

"Get it straight now, I've got great respect for all three teams and their coaches and I'm not saying one is definitely a lot better than the other," the ever-cautious Faurot commented.

Faurot gives Maryland the edge in the line and thinks Oklahoma has more team speed, more first-class reserves and a bit better backs.

* * *

"Michigan's backs and ends stack up with the best in the country," Don said, "but against us at least, Oklahoma and Maryland both had stronger lines."

Maryland beat Missouri 13-12. Michigan took the Tigers 40-7 and Oklahoma last Saturday won 20-0.

* * *

"We were in poor physical condition when we played Michigan," Faurot said. "We didn't have Hunter (quarterback Jimmy Hunter) except for a few minutes in the Michigan game. He made a lot of difference in the Maryland and Oklahoma games."

* * *

Asked what he thought would happen in event Oklahoma and Maryland meet in the Orange Bowl, Faurot commented:

* * *

"Maryland is real strong in the line because of its great tackles, but Oklahoma's two first teams plus overall speed and deceptiveness could make the difference. Because of its depth Oklahoma would have a good advantage on a hot day."

## Shamrocks Take 4th Spot on Victory Over Benedicts

St. Michael's Shamrocks wrapped up a 4th-place finish in the Suburban Catholic League by trimming St. Benedict, 26-13, Sunday afternoon at Ives Field in Highland Park.

Bob Mineweaser's Mikes ended their loop season with a 4-3 record and now hold an overall mark of 5-3. St. Benedict suffered its 4th loss and finished its season with an even 4-4 figure.

**Quarterback Bob Mineweaser accounted for St. Mike's 1st two touchdowns. In the 1st quarter he gathered in a pass thrown by Dan Dropps for a 10-yard scoring play.**

After Larry Gacki's 1-yard plunge and Chuck Wolfbauer's dropkick gave the Bens a 7-6 lead in the 2nd period, Dropps hit Mineweaser again for a touchdown which covered 22 yards. Dropps' pass to end Duane Priebe added the extra point, giving the Mikes a 13-7 halftime advantage.

Shamrocks marched 81 yards in 18 plays to score their 3rd TD in the 3rd quarter with fullback Ron Elmy bucking over from the two. Elmy iced the game in the 4th period by picking up a St. Benedict fumble and racing 56 yards to score. Mike Clever booted the point.

Bens posted their last touchdown in the 4th quarter on a 3-yard jaunt around end by Wolfbauer.

In remaining SCL action Sunday, St. Clement of Center Line sewed up 2nd place with a 7-0 victory over Ferndale St. James and Hazel Park St. Rita blanked Royal Oak St. Mary, 12-0, resigning the Irish to a cellar-sharing role with St. Frederick.

## New Year's Day Bowl Picture Still Incomplete With Six Major Berths Open; Big 10 Muddled

By THE ASSOCIATED PRESS

The bowl selectors, who should'a stood in bed for all they learned last Saturday, take another look at the somewhat curdled cream of the hopefuls this Saturday as college football takes a crack at determining conference champions.

* * *

At least six major bowl berths are open, with the Cotton, Sugar and Gator Bowl committees still unsure who they'll wind up with. And after Illinois bounced Michigan from the unbeaten-untied ranks 25-6 last Saturday, the Rose Bowl can't print tickets yet, either.

Time was when it looked like Michigan vs. UCLA at Pasadena. The UCLANs still are going strong after shelling College of Pacific 34-0 in a non-league game Saturday, but now Michigan State, beaten only by Michigan, has poked into the Big 10 picture. It looks like the Big 10 choice hinges on the Nov. 19 showdown between Ohio State and Michigan.

* * *

Ohio State, the current leader, is ineligible to return to the Rose Bowl even if it repeats as Big 10 champ. With Michigan playing weak sister Indiana this weekend, Michigan State has to smack Minnesota and hope for an Ohio State victory next week since the Spartans play one less game than Michigan.

Maryland, teamed with Oklahoma and West Virginia as the last of the major unbeaten-and-untied teams, can settle a bowl and title "question" Saturday by beating Clemson. Actually, there's little question the Terps, who made Louisiana State their 13th straight victim last weekend 13-0, can take the Clemsons, the Atlantic Coast Conference title, and the Orange Bowl berth in one easy sweep.

* * *

Oklahoma fills the other half of the Orange Bowl bill, after being awarded the Big 7 Conference crown before the season even opened. Nebraska is the lone "threat" to the Sooners and the Huskers may be shucked by Colorado this week while Oklahoma makes Iowa State its 27th straight victim. Nebraska beat Iowa State 10-7 while Oklahoma was blanking Missouri 20-0 last Saturday.

* * *

West Virginia comes in for another look by the bowl selectors Saturday against Pitt. The Mountaineers won their third straight Southern Conference crown last weekend, but may have left the selectors skeptical in their mere 13-7 decision over George Washington.

The bowl committees also make a second study of the Southeastern and Southwest Conferences this weekend.

* * *

Georgia Tech and Tennessee gave the selectors little help by playing a 7-7 tie. Auburn and Mississippi State didn't prove much either, although Auburn won 27-26. Only Kentucky provided an obvious decision — the Wildcats were whipped by Vanderbilt 34-0.

Mississippi, which walloped Memphis State 39-6, still looks to repeat as SEC champ, but almost everybody gets to stay in on the act until the Rebels play Mississippi State Nov. 26.

# Harbert's Ryder Cup Team Wins Title for U. S.

PALM SPRINGS, Calif. (AP)—It would appear that the best way for Great Britain to gain possession of the Ryder Cup golf trophy must be on some sort of Lend-Lease deal.

The United States today has the gold cup for another two years, winning it for the eighth time in the biennial battle yesterday, 8 matches to 4.

* * *

This 8-4 score was the best the British have ever done on American soil and at least one sparkling upset was included in their victories—the victory of England's John Jacobs over the American star, Cary Middlecoff, 1-up on the 36th hole.

* * *

But the cold fact remains that the U.S. team, performing before several thousand fans under a hot sun and bright blue skies at the Thunderbird Country Club, packed too much talent.

* * *

And the cup, which hasn't seen the British Isles since 1933, remains in the custody of the Professional Golfers Assn. of America.

The eight singles matches yesterday went like this:

United States—Sam Snead over Capt. Dai Rees, 3 and 1.

Capt. Chick Harbert over Sydney Scott, 3 and 2.

Tommy Bolt over Christy O'Connor, 4 and 2.

Doug Ford over Harry Wettman, 3 and 2.

Jack Burke Jr., over Harry Bradshaw, 3 and 2.

British:

Jacobs over Middlecoff, 1-up.

Eric Brown over Jerry Barber, 3 and 2.

Arthur Lees over Marty Furgol, 3 and 1.

Saturday the United States won three out of four doubles matches.

* * *

Snead's win was over perhaps the most consistently dangerous of the visitors, little Rees, a gallant fighter who refused to fold even when Slammin' Sam had him 5 down after 18 holes.

* * *

Jacobs, at 30 an excellent competitor under pressure, was 2 down to Middlecoff after the morning round. At the 27th he had squared the match, and by the 33rd hole he was 2-up.

* * *

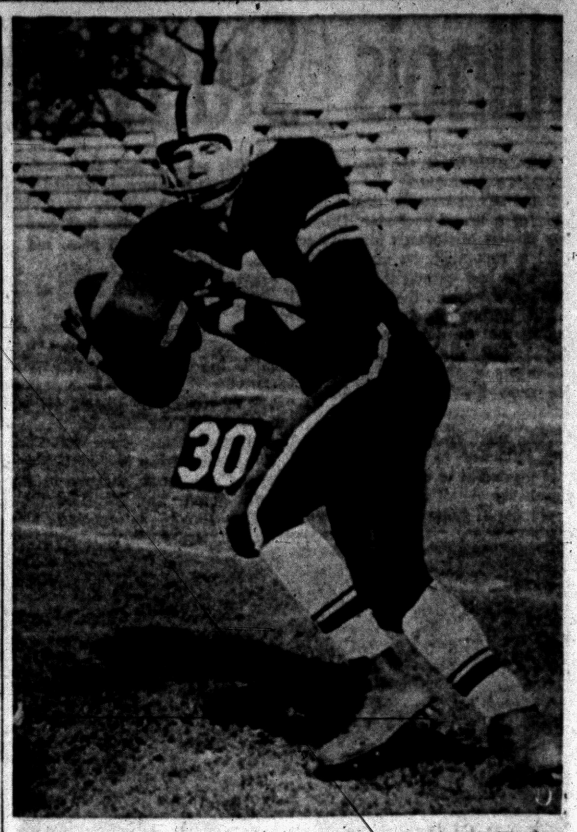

Middlecoff won the 35th hole and was still challenging until the final putt when they halved the 36th hole.

These were the gallery attractions—Snead and Rees, Middlecoff and Jacobs.

Burke and Ford had tough opponents, too, however. Bradshaw fired a 65, six under par, at Burke, and all it got him was an "even" after the morning round. Ford, the current PGA champ, held a slim 1-up lead over long-hitting Wettman after 18 and he didn't subdue the Englishman until the 34th hole. But come 1957, in England, maybe things will be different.

* * *

"I believe we will give you a real go at things next time," said the British captain.

### Mitchell Sinks 'M'

## Unknown Who Turned Tide for Illinois Played Because of Jefferson's Injury

CHAMPAIGN, Ill. (AP)—Bob Mitchell, an unknown sophomore halfback who turned the tide in Illinois' 25-6 upset over Michigan Saturday, probably wouldn't have played if it hadn't been for an injury.

Mitchell, 20-year-old Negro speedster from Hot Springs, Ark., was called upon when Harry Jefferson, one of the Big 10's leading rushers, suffered a rib injury.

* * *

Mitchell carried only 10 times but gained 173 yards and scored on a 64-yard run that sealed previously undefeated Michigan's fate. The Wolverines had won six in a row before bumping into Illinois and Mitchell.

* * *

Illinois Coach Ray Eliot said today "He might never have gotten in the game if it hadn't been for Jefferson's injury."

Jefferson, Illinois' top back this season, was doing quite well himself when he was injured in the times and picked up 60 yards to lead the Illini attack.

However, it was Mitchell who "provided the running spark for our victory," Eliot admitted after the game.

An injury helped Mitchell gain the headlines but ironically enough, if it hadn't been for the fact that J. C. Caroline was declared scholastically ineligible, Mitchell might not even have made the varsity.

* * *

Caroline was the No. 1 left half in spring training, Jefferson was No. 2 and Eliot was not at all worried about the spot.

Caroline dropped out of school, Jefferson took over but Mitchell remained in the background as Illinois had little chance this season to test reserves. The Illini had split in six games this season prior to upsetting Michigan.

TOURNEY REWARD — Pontiac's ace senior golfer was one of the winners in the 4th annual North & South Seniors golf championship, played at Pinehurst Country Club, Pinehurst, N. C. Robert J. Over 300 seniors from 30 states and Canada played in the championships.

## NHL's Surprising Rangers Tie Canadiens for Lead

New York's Rangers are rapidly showing National Hockey League fans their fast start was no flash in the pan.

* * *

The surprising New Yorkers, who have started fast in other years and then quietly folded, hung up their seventh victory of the young campaign last night with a 4-2 victory over the Chicago Black Hawks to tie the league-leading Montreal Canadiens in victories. The Canadiens had to settle for a 3-3 tie with the Boston Bruins last night.

In three games, played in four nights on the road, the Rangers have turned in two victories and a tie to strengthen their hold on second place.

The New York victory left the Rangers three points back of Montreal and three in front of Chicago, Toronto and Boston, which are tied for third. The Toronto Maple Leafs bowed to Detroit 4-2 as the Red Wings came up with their first victory in their last nine games.

* * *

The hustling Rangers' line of Dean Prentice, Andy Bathgate and Larry Popein paced the New Yorkers to their third triumph of the year over the Hawks. Each member picked up a goal. Coach Phil Watson was especially pleased with Popein's play since the young wingman suffered a slight concussion in Toronto Saturday night and there was some doubt whether he would be able to play.

## Cranbrook Wins I-S Prep Title

### Swats Paces Cranes to 26-0 Victory and 1st Crown Since 1939

Cranbrook School annexed its 1st Inter-State Prep League football championship since 1939 Saturday afternoon at Cranbrook, trouncing Shady Side Academy of Pittsburgh, 26-0.

**Paced by Bob Swats, who scored three times, the Cranes wound up their league season with a record of three wins, no losses, and a tie. Their overall record is 5-1-1, with one game left against Van Dyke Fitzgerald.**

Swats scored three touchdowns on runs of 51 and 12 yards and a 57-yard pass from quarterback Pete Hubert. Herb Stanton chalked up the Cranes' 4th touchdown with a 15-yard gallop. Bob Machus twice converted from placement.

* * *

Cranbrook's soccer team bowed to visiting Shady Side, 1-0, on a 2nd-period goal by Alan Tapper. Defeat gave the Cranes a 2-2 league mark.

## Hasseyampa Earns Place at Pimlico

BALTIMORE (AP) — Walmac Farm's Hasseyampa, 4-year-old who finished second in last year's Pimlico Special, has been added to the field for the Nov. 26 renewal of the same race.

* * *

Hasseyampa earned another bid to the Special by winning the Hawthorne Gold Cup against a good field of handicap runners.

Other acceptances to run in the Special have been received for Maine Chance Farm's Jet Action, Everglades Farm's Nance's Lad, Mrs. E. D. Jacobs' Paper Tiger and Christiana Stable's Thinking Cap.

Five or six additional starters may be added to the field.

## Oldest U.S. Senator Endorses Stevenson

WASHINGTON (INS)—The oldest U. S. Senator, 88-year-old Theodore Francis Green (D-RI), says he favors Adlai E. Stevenson for the 1956 Democratic presidential nomination.

## Bears Now Eye NFL Title for Retiring Halas

### Drop 1st Three Games but Paste 52-31 Loss on Packers Sunday

CHICAGO (AP) — The Chicago Bears, all but counted out of the National Football League race four weeks ago, now have hopes of handing owner-coach George Halas the championship as a retirement gift.

* * *

After dropping their first three games, the Bears have stormed back with four straight victories including a crushing 52-31 triumph over Green Bay yesterday.

The Bears (4-3) can move into a first-place tie in the Western Conference by beating Los Angeles (5-2) Sunday at Wrigley Field. The Bears beat the Rams, 31-20, earlier this season.

* * *

"This team jelled all of a sudden," said Halas who claimed after the first three losses that his club still had a chance for the title.

"This is a tough league and a lot can happen," Halas said at that time. "We shouldn't have lost to either Baltimore or San Francisco. And the team that wins it will get beat three or four times."

* * *

The Bears were just short of magnificent against Green Bay. They rolled to a 45-3 lead before Green Bay was able to score a touchdown. Although the Packers scored four touchdowns in the last quarter, it was still no contest.

Most of Green Bay's scoring came when the Bears had their defensive team paying on offense.

* * *

Halas, who announced following the 1954 season that he would retire this year, would give no hint of his successor. He was more interested in talking about the Green Bay game.

"It's really amazing that we didn't have to punt once," said Halas. "Even when we beat Washington 73-0 for the championship in 1940, we punted three times."

## Veronica Lake Returns Home for 'Extended Rest'

DETROIT (AP)—Actress Veronica Lake, whose Detroit appearance in a stae play ended two weeks ago with her collapse, has returned to New Yorkfor an "extended rest," officials at Henry Ford Hospital said.

Miss Lake collapsed in her hotel after a performance in the leading role of the play "The Little Hut."

Her husband, J. A. McCarthy, said his wife would not return to the cast of the play.

## Bowling Clinic

By BILLY SIXTY

LESSON IN CONTROL—It cannot be too strongly stressed that control, not speed, is the secret of good bowling. There is another kind of control that should be practiced and mastered. That is control of yourself and your temper.

Stars often bowl under extreme pressure and sometimes under trying circumstances. But top-notchers like Bill Lillard, Don Carfer, Joe Wilman, Steve Nagy, Bud Bomar and Buzz Fazio know from experience they can't afford to indulge in displays of temper, or even of temperament.

They don't squawk about alleys, pins, or runways. To them a frame bowled is a frame completed. The thing to do is profit from the last ball delivered and concentrate on the next one.

Learn to understand that when your ball does not carry the pins on what looks like a pocket hit, it probably was due to improper footwork, or too much or too little speed. If the No. 7 or No. 10 spare was missed, the angle probably was wrong.

## Family Is Suing Gina for 'Repugnant' Role

ROME (INS) — Shapely Gina Lollobrigida has been hit with another lawsuit.

The dark-haired Italian actress, who has been involved in numerous legal matters, has been sued by the family of the late Lina Cavalieri.

Gina portrayed the late dancer in the film "The Most Beautiful Woman in the World."

Lina's family said the actress' performance was "insulting, vulgar, repugnant and impudent" and sued Gina for "moral and material damages."

# Chicagoan's Dominate State Net Test

TOURNEY RESULTS

Junior girls under 18—Carol Ryan of Waterford.
Boys Under 18—Robert French of Aldershot, Ont.
Senior men over 40—Howard Thomas of Dayton, O.
Men's singles—Marion Prager of Chicago.
Women's Singles—Mildred Shaihan of Chicago.
Junior men's singles (under 18)—Steve Isaacson of Chicago.
Novice class—Duane Clark of Toledo.
Consolation—Al Hibner of Detroit.
Women's doubles—Jenny Kapostins and Joan Jessop of Toronto.
Men's doubles—Tim Boggan and Steve Isaacson of Chicago.
Mixed doubles—Mildred Shaihan and Marion Prager.

Carol Ryan, 17, of Waterford, reigns today as the state's Junior Girl's (under 18) table tennis champion as the two-day Michigan Open Table Tennis Tournament was concluded yesterday at the Pontiac Boys Club.

Carol, a Central Michigan College coed, defeated Diana Wisman of Toronto, 18-21, 21-16, 16-21, 21-18, 20-28 to gain the only title for an area player entered in the tourney. Carol also holds the Michigan Closed Junior Girl's Championship.

Chicago entries dominated the matches which attracted more than a 100 participants. Four titles went to players from the Windy City.

Marvin Prager of Chicago pulled an upset win over Russian-born Max Marenko of Toronto to walk away with the men's singles trophy.

Brilliant defensive play, using a conventional rubber backed paddle, enabled Prager to down Marenko who was ranked No. 1 in Canada and a strong advocate of the "sponge backed" bat.

Women's singles honors were grabbed by Mildred Shaihan of Chicago when she defeated Jenny Kapostins of Toronto.

Chicagoan Steve Isaacson captured the junior men's singles and joined with Tim Boggan of Dayton, O. to win the men's doubles.

DROPPED IT!—Cranbrook's Herb Stanton breaks up a pass attempt in Saturday's Crane-Shady Side title football game at Cranbrook. The pass was intended for Dave Daum (ball just slipped away from Daum as picture was snapped). Cranes shut out the eastern club, 26-0, to win the school's 1st Inter-State Prep League title since 1939.

# Santee Appeal May Be Heard a Month Hence

## Missouri Valley Body However, Sets No Date for Session

KANSAS CITY (AP)—The Missouri Valley AAU's Board of Managers probably will hear Wes Santee's appeal on his suspension some time this month.

America's fastest miler was suspended last Sunday by the Missouri Valley AAU Registration Committee. He was found guilty of accepting excessive expense allowances for three meets in California last May. A few days later Santee filed his appeal.

* * *

Yesterday the Missouri Valley's Executive Committee considered the runner's case in a lengthy closed session. The session was a formality for clearing the way for the appeal.

No date was announced but it was understood the hearing would come prior to the AAU's national convention in Louisville, Ky., Dec. 1-4.

* * *

Santee, now a Marine lieutenant stationed at Quantico, Va., has run the mile in 4:00.5. If his appeal is turned down it would keep him out of the Olympics as well as other AAU events.

The National Board of Governors can be appealed to if the Missouri Valley board upholds the suspensions.

Bill Rigney, new manager of the New York Giants, is a Dixieland jazz fan.

# Missouri's Faurot Given Confidence Vote by Prexy

CAPE GIRARDEAU, Mo., Nov. 7 (AP)—Don Faurot, University of Missouri football coach who's been under fire during one of his rare losing seasons, has been given a personal vote of confidence by the president of the university's Board of Curators.

* * *

Last week there were reports of petitions, not signed by their originators, being circulated in the state for the ouster of Faurot, head man since 1935. Then petitions backing him were circulated.

* * *

James Finch, the board president and a Cape Girardeau attorney, said yesterday he was "fully confident" the board is "all for the present Missouri athetic program and will not change it."

* * *

Finch, asked if this could be called a vote of confidence for the 53-year-old Faurot, replied:

"As far as I'm concerned it can."

Vinch said the impression he's received "is that this affair has turned out more in Don's favor than against him.

Faurot, also the athletic director at Missouri, has received a lot of mail, but it was almost all favorable.

* * *

The creator of the split-T formation is headed for one of his worst seasons in the won-lost columns. His team has won only once in eight games, losing its last game to Oklahoma Saturday, 20-0.

# Ft. Wayne Loser in Two Games

By THE ASSOCIATED PRESS

The opening weekend activity in the National Basketball Assn. took its toll with the result that Fort Wayne, the Western Division champions last year, already has two defeats. Three teams remain unbeaten.

* * *

Fort Wayne dropped a 114-113 overtime game to Syracuse Saturday night and also lost another one-point game to the Minneapolis Lakers last night 96-95.

In Saturday night action Minneapolis dropped its opening game to St. Louis, 101-89 as Frank Selvy and Bob Pettit dropped in 21 points apiece for the Hawks.

In other games the New York Knickerbockers nipped Rochester 100-98 in overtime despite a 32-point scoring spree by rookie Maurice Stokes of the Royals. The Boston Celtics defeated the Philadelphia Warriors 98-87 as Bob Cousy collected 31 points for the Celtics.

On Sunday, Rochester evened their won-loss record by defeating Syracuse 83-80.

* * *

The Minneapolis - Fort Wayne game was settled in the final seconds as Clyde Lovellette, who tallied 31 points, dropped in a hook shot for the clincher. Five Pistons hit in double figures with Larry Foust collecting 25 points.

## Cliff Won 15 Letters

Cliff Battles, new member of football's Hall of Fame, won 15 letters in sports at West Virginia Wesleyan. In addition to football Battles played baseball, basketball, tennis and was on the track team.

When Wally Post of the Redlegs batted in 103 runs in 1955 he became the 1st Cincinnati right fielder ever to knock in more than 100 runs in one season.

# Nathan Denies Lack of Plans for Olympics

DALLAS (AP)—Maurice A. Nathan, chairman of Melbourne, Australia's 1956 Olympic Games committee, said yesterday rumors that Melbourne won't be able to host the games properly "are all poppycock."

"We'll have the best Olympic Games of all times," Nathan said in an interview. "The main Melbourne cricket grounds will seat 110,000 people and everything will be ready by July. Everyone is jolly enthusiastic about the games."

Nathan said he came here from New York to visit friends and squelch rumors that Melbourne's preparation for the games is lagging.

# Heroic Mother Gives Life to Save Babies

FORT LAUDERDALE, Fla. (AP) — A mother drowned but saved her children by holding their heads were trapped in a car that overturned in a canal yesterday.

* * *

The dead woman was Mrs. Hazel Wolin, 33. She and the children, Irene, 6, and Roy, 3, remained in the upside-down car some 15 minutes while her husband, Martin, got out through a window and frantically tried to rescue them.

* * *

The bottom of the car remained above the water, leaving a narrow breathing space inside. Rescuers tipped the car on its side. Efforts to revive Mrs. Wolin were not successful. Wolin and the children suffered minor injuries.

# Stocks Maintain Recovery Path

NEW YORK (AP) — Stocks paced ahead today in an active market in its third day of strong recovery.

Most gains were small, but some leaders were up 1 to 2 points, and a couple of high priced issues were up 3 to 4 points.

**Chrysler, whose directors made no mention of a split when they met Friday after the close, opened today on a block of 5,000 shares followed by a block of 2,000 shares off 2½ at 93¾.**

Standard Oil (NJ), whose proposed three-for-one split triggered the rise started Thursday, opened today on 3,500 shares unchanged at 144½. It is selling ex-dividend. On Thursday and Friday, the stock advanced 13%.

# Margaret Will Find Love Hard to Forget

By PHYLLIS BATTELLE

LONDON (INS)—When an American girl, aged 25, falls in love and must give up her man because of insurmountable obstacles, she has a good chance for recovery.

* * *

She can leave town. She can change jobs. She can laze around her boudoir eating miniature chocolates until she feels like facing her friends.

**Her immediate world will soon forget all about the unfortunate romance, because that's the way casual Americans operate; and unless she is one of those phenomena — a woman who loves only once—she can forget too.**

But it is frightening to ponder the future fate of one Princess Margaret.

Now that her romance with Group Capt. Peter Townsend has been blown up till it's bigger and brighter and louder than Cinerama, she can never leave London for long without causing talk. The press will remind her she's "getting away from herself."

* * *

She can certainly not change her gilt-edged career, for she has pledged herself to royal duty.

**ALWAYS SUSPICION**

She can never meet other men without creating an international stir. And even should she decide to marry a man of distinguished lineage whose name would be approved by Parliament and her family and the Church of England, the wedding day would be marred by suspicion.

* * *

This romantic old world (and the sentimental new world too) would speculate whether she really loved the man. It will always be assumed, I believe, that Townsend was her first and, therefore, true devotion.

**In years to come, Margaret's every sidelong glance will probably be interpreted as having meaning. It is even conceivable charming company rather than that men who contemplate taking her out for formal dates will almost prefer to forego the face the gossip which might come of seeing her too often.**

The delicate little princess will have her troubles compounded, if she loves Peter Townsend as deeply as it is presumed she does, by the constant awareness of his words and actions—at least for many months to come.

* * *

For there can be no doubt that he will be followed and observed almost as closely as she. If he suffers, or if he sees another woman, or if he makes even the smallest move to demonstrate that he is still in love with her—Princess Margaret will not be able to escape it. It will be recorded in her morning newspaper.

It is the nature of humans to dramatize the wonder and importance of the prizes and privileges which they cannot have. And of all the prizes and privileges which exist, none is greater than a person to love, and the right to keep him (or her) beside you.

Even though Margaret has been trained to be strong of will and proud of bearing, there's a woman's high-strung emotion and imagination functioning beneath the surface.

**It's to be expected, therefore, that she will suffer not only from her own, normal dramatization of the affair—but from the merciless memories of the whole world.**

This is the hard, virtually impossible way, to forget an unhappy romance.

## Lethargy Grips Grain Market

CHICAGO (AP)—Grains barely held steady in quiet dealings on the Board of Trade today.

At the outset wheat advanced small fractions. Buying apparently was based in part on the knowledge Yugoslavia will start making purchases of cash wheat tomorrow, but the bread grain quickly slipped back into the lethargy of the rest of the market.

Wheat near the end of the first hour was ⅛ lower to ¼ higher, December $2.05; corn ⅛ lower to ¼ higher, December $1.29½; oats unchanged to ⅛ higher, December 65¼; rye ½ lower to ¼ higher, December $1.12½; soybeans unchanged to 1 cent lower, November $2.36½, and lard 10 to 15 cents a hundred pounds higher, November $11.90.

## Pontiac Motor Promotes Five

### Vet of 33 Years With GM, C. O. Johnson, to Head 4 Plants Here

Buel E. Starr, general manufacturing manager at Pontiac Motor Division today announced five promotions in the manufacturing staff.

C. O. Johnson, a veteran of 33 years with General Motors, will be general superintendent of manufacturing operations in the Pontiac Heat Treat, Axle, Foundry and Engine Plants.

JOHNSON

A native of Columbus, Ohio, Johnson entered the automobile industry in 1919. He joined Chevrolet in 1923 as an assistant foreman. In 1936 when he was a general foreman for Chevrolet, he transferred to Pontiac Motor as night superintendent. Prior to his recent appointment, he was assistant to the General Manufacturing Manager.

M. L. Leighton will be general superintendent of manufacturing operations in the plating, sheet metal and car assembly plants.

LEIGHTON

A native of Pontiac, he joined Pontiac Motor in 1927 as a messenger boy during his high school days. His extensive manufacturing experience has included positions as foreman, general foreman, assistant plant superintendent and plant superintendent. In 1950 he became superintendent of the Pontiac assembly plant and in 1953 he was promoted to general superintendent on the afternoon shift.

H. A. C. Anderson's new appointment makes him general superintendent of the afternoon shift. He joined Pontiac Motor in 1949 as a member of the sales department and held positions in the Cleveland, Pontiac and Pittsburgh zones before transferring to the manufacturing department.

ANDERSON

As superintendent of the new Pontiac V-8 engine plant prior to his present appointment, he helped develop the most modern engine plant in the automobile industry.

Anderson, a native of Newport, R. I., graduated from Rhode Island State College with a degree in engineering. He worked as a sales manager before joining Pontiac.

Succeeding Anderson as superintendent of the V-8 engine plant is G. R. Scharf. Prior to his promotion, he was assistant superintendent of the V-8 plant in charge of the afternoon shift. He joined Pontiac Motor in 1926 and has held supervisory position in the sheet metal plant and headed plants producing defense products immediately following World War II.

SCHARF

K. L. Wyers will succeed Scharf as assistant superintendent of the V-8 plant's afternoon shift. Wyers has been with Pontiac Motor since 1927.

A critical shortage of nurses exists in the medical field, and experts estimate that by 1960 we will have 50,000 nurses too few to meet our needs.

# Winston Churchill Gets a Dollar a Printed Word

By EARL WILSON

**OIL AROUND THE TOWN:**

**WISH I'D SAID THAT: "You can tell how healthy a man is," says Jan Murray, "by what he takes two at a time—stairs or pills."**

★ ★ ★ ★

NEW YORK—Ernest Hemingway tells me he hasn't been lucky yet trying to catch "the big one" in Cuban waters for the picture "The Old Man and the Sea." So I asked, "What's the biggest you've caught so far?" . . . "Nothin' real big . . . only about 500 pounds," he apologized.

---

Linda Darnell and Ann Miller, two gals from Texas, off on a British West Indian Airways trip to the Caribbean, learned of an interesting island custom. You buy a gallon of rum for $2, take the empty jug back—and they give you 75c on the jug.

---

**Irving Berlin was telling his favorite tale at Luchow's. When Slapsie Maxie Rosenbloom was fighting, he got clobbered one night — and suddenly left the ring and started for his dressing room. The referee, bewildered, yelled, "Aren't you going to fight any more?" And Slapsie called back, "Yes . . . but not this evening."**

---

Jayne Mansfield — the doll from Texas in "Will Success Spoil Rock Hunter?"—told Cell Chapman that she was supposed to wear a negligee in the show, but that Producer Jules Stein thought it was much too revealing for the stage.

"Oh, let me have it," exclaimed Miss Chapman, "and I'll wear it as an evening gown!"

★ ★ ★ ★

WINNIE

**One of the best interviews I ever didn't get was with Winston Churchill in his office in the House of Commons —in the middle of it he told me every word was "off the record." I pleaded, but even by dorpping Bernard Baruch's name, I couldn't get his consent. This disturbed me greatly until Marquis Childs, who knows Churchill intimately, explained it to me. "Why should he let you print it, when for writing the same thing he gets $1 a word?"**

---

A favorite columnist of mine is "Rube Rustic," of the weekly Walton, N. Y., Reporter, who, as he puts it, covers all the better barnyards. He recently philosophized. "A wildcat is friendly, You scratch his back and he'll scratch yours."

**THE MIDNIGHT EARL . . .**

Don Ameche, a laryngitis victim, hopes for his doctor's OK to return to "Silk Stockings" soon . . . Jackie Gleason asked Dorothy Shay for the diet she used to slice off 18 pounds . . . Clark Gable rejected a "Person to Person" bid.

---

JULIE

**Marlene Dietrich has an $8,000 offer for a one-nighter on the French Riviera . . . Garbo hasn't lunched at Cerutti's since a customer asked her for an autograph . . . The producers of a forthcoming musical are trying to whip up a publicity romance between the star and his leading lady . . . Julie Bennett's been busy this week, on both NBC's Matinee Theater and the Lux Video Theater.**

Jayne Meadows is reading the "Stone for Danny Fisher" script; Hal Wallis'll film it here . . . Liberace'll be in England this Christmas, with George jn Canada and his mother vacationing in Mexico.

★ ★ ★ ★

NBC-TV is signing young comics and writers for a "building program" . . . Singer Don Cornell will toss a breach of contract suit against a restaurant chain.

★ ★ ★ ★

**EARL'S PEARLS—Roger Price has a four-word warning for people who thing they can drink and drive: "If you hie —hike."**

**TODAY'S BEST LAUGH:** Martha Scott's figured out what happens to kids who won't pay attention when they're called. They grow up to be waiters.

"New York in July," says M. R. Beasley, "has the kind of weather when everything that's supposed to stick together comes apart and everything that's supposed to come apart sticks together." . . . That's earl, brother.

## College Official Pleads Innocent to Morals Count

NEW YORK (AP)—Clark George Kuebler, 47, a University of California official, has pleaded innocent to morals and assault charges brought by a city vice squad detective.

Kuebler, who is provost of the university's school of English literature at Santa Barbara, Calif., was arraigned in felony court yesterday. The case was adjourned until Thursday and Kuebler was paroled in the custody of his attorney, Harry Sokel.

Kuebler, who was president of Ripon College at Ripon, Wis., for 12 years before going to Santa Barbara eight months ago, declared his arrest was all "a gross mistake." Police said he had no previous record of arrest.

Kuebler, a bachelor, said he came here Saturday to interview prospective teachers.

Kuebler was arrested early yesterday by Det. Eugene Kelly who said Kuebler made an immoral proposition to him after inviting him to a room in the Biltmore Hotel.

## Court Favors Benny in Income Tax Case

HOLLYWOOD (AP)—The U. S. Tax Court in Washington has ruled in favor of comedian Jack Benny in a seven-year-old tax case involving about a million dollars.

The case involved a question of whether Benny should pay personal income taxes or capital gains tax on the 1948 sale of Amusement Enterprises, Inc.

The government contended the comedian should pay personal income taxes at a rate of about 75 per cent. Benny said his share of the deal comprised a long term capital gain, taxable at 25 per cent only.

## Widow Will Testify in Mob-Style Killing

PHOENIX, Ariz. (AP)—An inquest into the mystery bomb-slaying of retired racketeer Willie Bioff was scheduled for today with his widow as a witness.

Mrs. Bioff, who has refused to give anything but the most brief statements to newsmen since her husband died in a tremendous explosion as he stepped on the starter of his truck Friday, will be called to confirm his identification.

Most of Bioff's fingers were blown off or mutilated in the blast. Fingerprint charts were scheduled to arrive today.

Officers eliminated one angle in the gangster-style killing when they found Bioff's seven-carat diamond ring on his lawn. He wore it on his right hand, which was blown off in the explosion.

---

Now on the drawing boards of aircraft designers are jet - propelled airliners that will bring New York and Los Angeles within four hours of each other.

### In Memoriam 2

IN LOVING MEMORY OF OUR father, Joseph Schmer, who passed away Oct. 26, 1954. Sadly missed by his family, Mr. and Mrs. Earl Sheffield and children, and Mr. and Mrs. Donald R. Allen and children.
You're not forgotten, father, dear,
Nor ever shall you be;
As long as life and memory last
We shall remember thee.

IN LOVING MEMORY OF DENA Giegler who passed away 4 years ago, Nov. 6, 1949.
We have only your memory, dear mother
To remember our whole life through.
But the sweetness will linger forever,
As we treasure the image of you.

## Increases Fame Via Television

### Will Return to Theater After 2 More Years of 'My Favorite Husband'

By CHARLES DENTON

HOLLYWOOD (INS)—Barry Nelson is a planner.

Not for the cropped-top young co-star of television's "My Favorite Husband" show are the long-shot chances of fate that sometimes bounce actors up to—and down from—the heights of show business.

**He maps his career with the care of a West Point cadet plotting his first military maneuver. And his objective is endurance, rather than a brief flash of immense popularity.**

The meticulous Nelson actually began building his strategy right at the beginning.

He turned to acting as a high school student and pursued it, unswervingly with the persistence of a TV detective and the caution of a coed in a football scrimmage.

**STUDIED DRAMA**

At the University of California he majored in dramatic literature and acted in the school's theatrical endeavors. When he needed a part-time job to help finance his education, he dug up a radio acting job in San Francisco.

* * *

His portrayal of "Macbeth" in a college play won him his first movie contract, and when the war came along, he joined the Air Force and landed a leading role in the stage and screen versions of "Winged Victory."

**In short, virtually his every professional move has been designed to promote a long, fruitful career in show business. Consider, for example, his decision to enter television.**

"I'd just done three plays in New York," he explained in the living room of the small but tasteful apartment he and his attractive wife share in the Hollywood Hills.

* * *

"I felt that, as much as I liked New York, there was a necessity to get into a mass medium. The trouble is that if you stick to the stage—and I really think most actors would prefer to — you reach the point where you're not known outside New York.

**LOSE GOOD ROLES**

"Then you lose even the good stage parts. Plays are more expensive to produce now, and to recoup their investments, producer must cater to out-of-town audiences. That means they need actors who are known outside New York."

* * *

Nelson began his "Hunter" TV series while still playing in the play "The Moon Is Blue" and then abandoned New York altogether—although he still maintains a Greenwich Village apartment there—to come to Hollywood for the "My Favorite Husband" series.

**His decision to tackle a series, rather than try for roles in the big, one-shot TV dramatic productions, is another example of his feeling for strategy.**

"Unless you're in a series," he said, "television doesn't really do so much for an actor except give him a chance to show what he can do.

* * *

"You don't really have a network behind you publicity-wise except in a series, because in a one-shot show, the producers are more interested in publicizing the show than the actors."

The immediate target of Nelson's strategy is to build himself up to a position where he can return to the stage and capture the top roles in the top shows. He isn't thirsting for another TV series after "My Favorite Husband" runs out in two more years.

## National Amvets Chief Starts Tour of Michigan

DETROIT (INS) — Rudolph Pesata, national commander of the Amvets, arrived in Detroit today for a two-day tour of Michigan posts in the veterans' organization.

Pesata will attend a membership rally in Grand Rapids tonight and will be in Mount Clemens tomorrow night to install new officers of the Amvets Post 29 in that city.

## Peanut Swallowing Baby Dies in Detroit

DETROIT (INS) — Twenty-two-month-old Ronald Gumieny died in an irong lung yesterday after physicians removed a peanut from his left lung.

Ronald stuffed a handful of peanuts into his mouth two months ago. He developed a cough and had trouble breathing.

His parents, Mr. and Mrs. Clarence J. Gumieny, thought he had a cold until X-rays showed the trouble was a peanut stuck in his lung.

ago. He developed a cough and had trouble breathing.

His parents, Mr. and Mrs. Clarence J. Gumieny, thought he had a cold until X-rays showed the trouble was a peanut stuck in his lung.

Surgeons removed the peanut a week ago and Ronald had been in an iron lung since. Once during the operation the infant's heart stopped. He was kept alive by physicians massaging the heart.

## Pope Urges Statesmen to Halt 'New Bloodshed'

VATICAN CITY (INS) — Pope Pius XII has called on world statesmen to make every effort to prevent "new bloodshed, new mourning, new useless slaughter."

The Pontiff spoke yesterday to veterans of the Italian Grenadier Corps. In his appeal for peace, he said:

"Let our call reach once again especially those . . . who for inhuman calculation might ever think of attacking other people, waiting only for them to be defenseless."

## Dies After Accident

DETROIT (INS) — Yee Yuen Hong, 78, of Detroit, died Sunday of injuries suffered when struck by a car Thursday. Police said the drive of the car, Okey B. Stanaker, 35, and a companion, Marvin Bourne, 28, both of Detroit, were held for investigation of leaving the scene of a personal injury accident.

# Heat of Sun May Operate Furnaces, TV Receivers

PHOENIX, Ariz. (INS)—The dynamic General Dynamics Corp., pioneers in atomic power development, is now investigating the possibilities of fusion and solar power.

General Dynamics chairman and president, John J. Hopkins, outlined some of his corporation's plans in an interview at the World Symposium on Applied Solar Energy in Phoenix.

Hopkins noted that General Dynamics was presently in the "atom fission business" with its work on marines and atomic powered aircraft. He added:

**"But there are other interesting possibilities in the field of solar energy which we are interested in. One phase would be the use of silicon batteries for utilizing sun radiation in our radio and television production company.**

"It will take time to develop this whole field of photo-electricity, of course," he said.

Hopkins also pointed to experimental work with solar furnaces being carried out in San Diego, Calif.

**CAUTIOUS ON FUSION**

Hopkins was cautious when he discussed General Dynamics work on the problems of harnessing the fusion process of thermonuclear bombs for peaceful, industrial purposes.

He emphasized there was "much basic research" needed about the fusion process and that the subject was still a highly-classified one. But he was able to make these points:

**—Dr. Edward Teller, University of California scientist considered the "father" of the hydrogen and thermonuclear bombs, is now working half-time for General Dynamics on some of these problems.**

—One of the biggest hurdles is finding some means of controlling the tremendous heat given off in the fusion process.

Earlier, in a speech at the solar energy banquet, Hopkins proposed a "World Energy Community" of all nations to develop atomic fission, fusion and solar power.

* * *

He suggested the organization get under way with a World Energy Congress following the International Geophysical Year in 1958. Purpose of the world energy community would be to combine mankind's new power sources in order to meet the world's economic needs.
